

1  
00:00:10,550 --> 00:00:27,250

[Music]

2  
00:00:32,570 --> 00:00:30,260

hello and welcome to the show

3  
00:00:35,030 --> 00:00:32,580

this is podcast UFO and I'm Martin will

4  
00:00:37,250 --> 00:00:35,040

assure humble host and boy am I excited

5  
00:00:41,540 --> 00:00:37,260

about this show we are simulcasting on

6  
00:00:45,400 --> 00:00:41,550

YouTube and we're hoping that that works

7  
00:00:49,070 --> 00:00:45,410

out well we never know and I want to say

8  
00:00:52,720 --> 00:00:49,080

hello to everyone on kgr radio this is

9  
00:00:55,070 --> 00:00:52,730

our debut show and it's a good one and

10  
00:00:57,050 --> 00:00:55,080

we'll be back every Tuesday night at

11  
00:00:59,390 --> 00:00:57,060

6:00 to 8:00 p.m. Eastern Standard Time

12  
00:01:00,950 --> 00:00:59,400

with some great guests that is a new

13  
00:01:03,560 --> 00:01:00,960

Showtime I know it's a little bit early

14

00:01:05,390 --> 00:01:03,570

for the people on the west coast but if

15

00:01:07,940 --> 00:01:05,400

you get a chance to listen at work we

16

00:01:10,850 --> 00:01:07,950

are safe to work I think we've only had

17

00:01:12,230 --> 00:01:10,860

a couple of guests you know put a couple

18

00:01:14,660 --> 00:01:12,240

of cuss words out there every now and

19

00:01:17,420 --> 00:01:14,670

then but we are generally safe for work

20

00:01:21,800 --> 00:01:17,430

the new audience again I want to welcome

21

00:01:24,740 --> 00:01:21,810

you and also check out podcast UFO comm

22

00:01:28,609 --> 00:01:24,750

we have occasional blogs we do also

23

00:01:31,700 --> 00:01:28,619

accept guest blogs there and we also

24

00:01:34,580 --> 00:01:31,710

have a UFO sightings page an anonymous

25

00:01:37,850 --> 00:01:34,590

posting page you can remain anonymous if

26

00:01:41,120 --> 00:01:37,860

you choose to and so we that's also

27

00:01:42,770 --> 00:01:41,130

where our podcasts are housed and I want

28

00:01:45,199 --> 00:01:42,780

to thank everyone that supports our show

29

00:01:47,540 --> 00:01:45,209

anyone can support our show for two

30

00:01:49,370 --> 00:01:47,550

dollars or more a month and for that you

31

00:01:51,680 --> 00:01:49,380

get the full archives of our to our

32

00:01:55,639 --> 00:01:51,690

podcast over at podcast UFO you can play

33

00:01:57,949 --> 00:01:55,649

on any media player so tonight Alejandro

34

00:02:00,820 --> 00:01:57,959

is coming up with you well UFO updates

35

00:02:05,270 --> 00:02:00,830

in just a minute and we have a list

36

00:02:06,949 --> 00:02:05,280

guest that's a plural tonight first of

37

00:02:08,719 --> 00:02:06,959

all we have Dave Marlowe he's going to

38

00:02:11,750 --> 00:02:08,729

be talking about triangle UFOs the

39

00:02:15,230 --> 00:02:11,760

Battle of LA in our - we have my good

40

00:02:17,630 --> 00:02:15,240

friend UFO longtime UFO researcher and

41

00:02:20,990 --> 00:02:17,640

journalist and now a film producer

42

00:02:22,220 --> 00:02:21,000

writer Lee Spiegel also this is real

43

00:02:25,250 --> 00:02:22,230

exciting we have the number who I

44

00:02:29,390 --> 00:02:25,260

consider the number one UFO filmmaker

45

00:02:31,610 --> 00:02:29,400

James Fox all coming up so I want to

46

00:02:34,410 --> 00:02:31,620

dedicate this show to a wonderful man

47

00:02:36,809 --> 00:02:34,420

and that's Alan bean I don't know

48

00:02:37,890 --> 00:02:36,819

anyone out there have noticed but he

49

00:02:41,520 --> 00:02:37,900

passed away

50

00:02:43,500 --> 00:02:41,530

may 26 got to know Allen a little bit

51  
00:02:45,210 --> 00:02:43,510  
because I did an interview with him and

52  
00:02:48,270 --> 00:02:45,220  
we kind of stayed in touch over the

53  
00:02:52,350 --> 00:02:48,280  
years I actually interviewed him with my

54  
00:02:55,710 --> 00:02:52,360  
colleague Phyllis back on my antique

55  
00:02:57,540 --> 00:02:55,720  
auction forum podcast I did we talked

56  
00:02:59,970 --> 00:02:57,550  
about his wonderful artwork he was very

57  
00:03:01,800 --> 00:02:59,980  
talented he did moon paintings even

58  
00:03:04,080 --> 00:03:01,810  
sometimes with moon dust on them he was

59  
00:03:06,660 --> 00:03:04,090  
really funny and a real nice guy and we

60  
00:03:10,590 --> 00:03:06,670  
stayed in touch and so I'm gonna be

61  
00:03:12,600 --> 00:03:10,600  
playing a clip with him in just a minute

62  
00:03:15,630 --> 00:03:12,610  
I want to bring Alejandro in first I

63  
00:03:17,190 --> 00:03:15,640

wonder there's only a few astronauts

64

00:03:19,140 --> 00:03:17,200

left that actually walked on the moon

65

00:03:21,210 --> 00:03:19,150

now I think there's like something like

66

00:03:24,030 --> 00:03:21,220

5 out of 12 or something like that

67

00:03:26,910 --> 00:03:24,040

so but I know you're enamored with with

68

00:03:29,220 --> 00:03:26,920

astronauts the same way I am and it was

69

00:03:32,280 --> 00:03:29,230

really awesome pleasure to talk to Helen

70

00:03:35,130 --> 00:03:32,290

so yeah luckily I got to interview one

71

00:03:36,690 --> 00:03:35,140

the last one not the only you know moon

72

00:03:38,300 --> 00:03:36,700

Walker I really got to interview

73

00:03:42,630 --> 00:03:38,310

unfortunately I never got to interview

74

00:03:46,190 --> 00:03:42,640

Edgar Mitchell but I did exchange a

75

00:03:49,710 --> 00:03:46,200

couple emails with him before but was a

76  
00:03:51,750 --> 00:03:49,720  
Harrison I can't remember his first name

77  
00:03:53,430 --> 00:03:51,760  
Harrison Schmitt Harrison Schmitt yeah

78  
00:03:55,670 --> 00:03:53,440  
he's one of what's all about Schmidt

79  
00:03:58,380 --> 00:03:55,680  
he's one of the guys really into

80  
00:04:01,080 --> 00:03:58,390  
paranormal topics also he did this whole

81  
00:04:03,090 --> 00:04:01,090  
cattle mutilation investigation a long

82  
00:04:07,050 --> 00:04:03,100  
time in the past and and actually people

83  
00:04:09,390 --> 00:04:07,060  
go look at my bennewitz stuff where you

84  
00:04:11,220 --> 00:04:09,400  
read some of the stuff about you know

85  
00:04:13,440 --> 00:04:11,230  
Richard Doty and some of this other

86  
00:04:15,360 --> 00:04:13,450  
stuff he was right in the middle of all

87  
00:04:19,020 --> 00:04:15,370  
of that so there's some good books about

88  
00:04:22,640 --> 00:04:19,030

what he did so very interesting fella

89

00:04:26,520 --> 00:04:22,650

hey Schmidt I'd like to play a clip of

90

00:04:27,870 --> 00:04:26,530

Alan bean the from the interview I did

91

00:04:30,090 --> 00:04:27,880

with him I talked to him about moon

92

00:04:31,800 --> 00:04:30,100

rocks so that's about 2 minutes long

93

00:04:32,610 --> 00:04:31,810

it's a little echoey but I'm gonna play

94

00:04:34,260 --> 00:04:32,620

that now ok

95

00:04:39,830 --> 00:04:34,270

Rick I'm excited to hear it all right

96

00:05:04,730 --> 00:04:41,120

call me up and they said this guy's

97

00:05:06,620 --> 00:05:04,740

selling this big rock and I said we

98

00:05:08,570 --> 00:05:06,630

didn't have any rocks we brought back

99

00:05:15,710 --> 00:05:08,580

they all belong to NASA and the

100

00:05:17,330 --> 00:05:15,720

government the way frequently I'll meet

101  
00:05:20,900 --> 00:05:17,340  
somebody at a speech or something

102  
00:05:24,379 --> 00:05:20,910  
they'll say my uncle has got a big moon

103  
00:05:24,860 --> 00:05:24,389  
rock I said I'll say this did he work to

104  
00:05:26,510 --> 00:05:24,870  
get it

105  
00:05:29,090 --> 00:05:26,520  
I don't know he got it from one of the

106  
00:05:33,230 --> 00:05:29,100  
astronauts he knew him because the UC is

107  
00:05:35,120 --> 00:05:33,240  
a restaurant I said really they may be

108  
00:05:40,640 --> 00:05:35,130  
show me a baseball-sized you know in

109  
00:05:42,710 --> 00:05:40,650  
their hands in a safety deposit box I'm

110  
00:05:44,870 --> 00:05:42,720  
sure that guy believes he has the moon

111  
00:05:46,879 --> 00:05:44,880  
rock but I can tell you he does not have

112  
00:05:50,870 --> 00:05:46,889  
these little problems yeah they know

113  
00:05:52,279 --> 00:05:50,880

where every fraction of an ounce

114

00:06:01,360 --> 00:05:52,289

I'm sure I don't think you'll see them

115

00:06:03,170 --> 00:06:01,370

on eBay either yeah the FBI guy who

116

00:06:05,570 --> 00:06:03,180

talked with me about it

117

00:06:07,550 --> 00:06:05,580

I said he made a fundamental mistake he

118

00:06:10,659 --> 00:06:07,560

should have claimed that one of the guys

119

00:06:12,740 --> 00:06:10,669

is dead already three others are dead

120

00:06:16,089 --> 00:06:12,750

that you brought into it

121

00:06:19,760 --> 00:06:16,099

I don't Shepherd David joint Shepherd

122

00:06:25,129 --> 00:06:19,770

sure there's no telling what they'll

123

00:06:28,129 --> 00:06:25,139

claim I didn't bring anything like that

124

00:06:31,370 --> 00:06:28,139

anybody all right well well you have it

125

00:06:33,740 --> 00:06:31,380

here on on tape now so yeah hope will

126

00:06:37,370 --> 00:06:33,750

protect you walk with her yet won't

127

00:06:40,279 --> 00:06:37,380

deter people oh yeah good good yeah yeah

128

00:06:43,879 --> 00:06:40,289

so that's it and what a great guy he was

129

00:06:47,270 --> 00:06:43,889

you know Alan actually was on the Skylab

130

00:06:49,760 --> 00:06:47,280

back in September 20th 1973 when they

131

00:06:51,980 --> 00:06:49,770

had that UFO encounter I don't know if

132

00:06:53,260 --> 00:06:51,990

he ever saw that the Skylab UFO was a

133

00:06:55,060 --> 00:06:53,270

great big red blob

134

00:06:58,840 --> 00:06:55,070

I think they had it for about ten

135

00:07:01,600 --> 00:06:58,850

minutes so I contacted him I said hey

136

00:07:03,010 --> 00:07:01,610

Ellen I'm doing a show on UFOs I don't

137

00:07:05,230 --> 00:07:03,020

know what you think about that but would

138

00:07:07,210 --> 00:07:05,240

you be kind enough to come on the show

139

00:07:09,670 --> 00:07:07,220

and talk about that UFO encounter and he

140

00:07:13,090 --> 00:07:09,680

goes well I'm very busy he very politely

141

00:07:16,240 --> 00:07:13,100

declined he that's too bad because I

142

00:07:19,450 --> 00:07:16,250

yeah yeah it was this big organic huge

143

00:07:22,510 --> 00:07:19,460

red blob in the sky and a break it was

144

00:07:25,170 --> 00:07:22,520

very bright - after looking - that I'm

145

00:07:27,340 --> 00:07:25,180

not familiar with that one I personally

146

00:07:32,620 --> 00:07:27,350

although this hasn't always been the

147

00:07:35,170 --> 00:07:32,630

choice case but people like Mark

148

00:07:36,550 --> 00:07:35,180

Dantonio have shown me otherwise have

149

00:07:38,650 --> 00:07:36,560

been able to prove with all of my

150

00:07:40,960 --> 00:07:38,660

favorite NASA cases that no those aren't

151

00:07:43,120 --> 00:07:40,970

UFOs those are something else so I would

152

00:07:45,310 --> 00:07:43,130

love to see that because personally I

153

00:07:48,070 --> 00:07:45,320

don't I have I don't feel at this point

154

00:07:50,530 --> 00:07:48,080

I can point to any picture or video from

155

00:07:53,410 --> 00:07:50,540

NASA and say that's definitely a UFO so

156

00:07:55,270 --> 00:07:53,420

I would love to see that one cuz I can't

157

00:07:57,490 --> 00:07:55,280

recall that and that's a year I was born

158

00:07:59,530 --> 00:07:57,500

so I'd have been shipped bringing me to

159

00:08:02,140 --> 00:07:59,540

earth that could have been it Wow

160

00:08:03,730 --> 00:08:02,150

yeah you have your ship background for

161

00:08:06,120 --> 00:08:03,740

those people on YouTube you look pretty

162

00:08:09,730 --> 00:08:06,130

awesome love this way that's a great

163

00:08:11,110 --> 00:08:09,740

great clip I'm glad I was able to hear

164

00:08:14,260 --> 00:08:11,120

it because you had talked about it and

165

00:08:16,480 --> 00:08:14,270

like like you said I I'm a huge fan of

166

00:08:19,240 --> 00:08:16,490

NASA I love NASA I love talking to

167

00:08:23,290 --> 00:08:19,250

astronauts astronauts have this ethic

168

00:08:26,500 --> 00:08:23,300

about them this you know a civic kind of

169

00:08:28,650 --> 00:08:26,510

responsibility around what they do and I

170

00:08:31,240 --> 00:08:28,660

know wisdom when you speak with them and

171

00:08:33,070 --> 00:08:31,250

it's unfortunate that every time I post

172

00:08:35,890 --> 00:08:33,080

a story about an assassin or not people

173

00:08:37,780 --> 00:08:35,900

have to talk crap about NASA but I

174

00:08:40,060 --> 00:08:37,790

completely disagree with every single

175

00:08:42,670 --> 00:08:40,070

one of you who are talking it's tough

176

00:08:44,860 --> 00:08:42,680

because I'm a huge fan and I've I've

177

00:08:46,330 --> 00:08:44,870

said this before I found that group of

178

00:08:48,580 --> 00:08:46,340

people to be some of the most honest

179

00:08:50,680 --> 00:08:48,590

people that I've ever met and I've been

180

00:08:53,350 --> 00:08:50,690

fortunate enough to visit facilities and

181

00:08:55,720 --> 00:08:53,360

talk with many different staff people

182

00:08:57,970 --> 00:08:55,730

who work at different NASA facilities

183

00:08:59,590 --> 00:08:57,980

and they're amazing everyone is

184

00:09:02,140 --> 00:08:59,600

mind-blowing and I recommend to people

185

00:09:04,360 --> 00:09:02,150

you know before you subscribe to any

186

00:09:06,250 --> 00:09:04,370

particular conspiracy theory go meet

187

00:09:07,090 --> 00:09:06,260

these people because often they like to

188

00:09:09,040 --> 00:09:07,100

meet people

189

00:09:10,749 --> 00:09:09,050

you can meet these people you can go to

190

00:09:13,150 --> 00:09:10,759

these facilities and ask people about

191

00:09:15,100 --> 00:09:13,160

these things and and they'd love to

192

00:09:17,290 --> 00:09:15,110

share their work so I remember I also

193

00:09:19,060 --> 00:09:17,300

asked him I said I don't know about you

194

00:09:21,610 --> 00:09:19,070

but if I was standing on the moon the

195

00:09:25,030 --> 00:09:21,620

only thing that would who would just

196

00:09:27,460 --> 00:09:25,040

take over everything I do is am I gonna

197

00:09:30,220 --> 00:09:27,470

get off the moon you know you know I'd

198

00:09:33,999 --> 00:09:30,230

worry about that the entire time like am

199

00:09:36,220 --> 00:09:34,009

I gonna get hatefully and he said no he

200

00:09:38,559 --> 00:09:36,230

says he couldn't do that he just had to

201  
00:09:40,090 --> 00:09:38,569  
focus on the task in front of him and I

202  
00:09:40,780 --> 00:09:40,100  
think yeah that's what they do that's

203  
00:09:43,120 --> 00:09:40,790  
what they do

204  
00:09:45,220 --> 00:09:43,130  
yeah that's what they often say they've

205  
00:09:47,379 --> 00:09:45,230  
got to focus on the task in front of

206  
00:09:49,480 --> 00:09:47,389  
them which is wise and often they'll

207  
00:09:52,180 --> 00:09:49,490  
even talk about you know even being able

208  
00:09:53,889 --> 00:09:52,190  
to enjoy the scenery they don't get much

209  
00:09:55,509 --> 00:09:53,899  
time for that because they focus on the

210  
00:09:57,249 --> 00:09:55,519  
task and they even talk about which

211  
00:09:59,319 --> 00:09:57,259  
makes sense especially when you're doing

212  
00:10:03,160 --> 00:09:59,329  
a spacewalk or something that you can

213  
00:10:05,139 --> 00:10:03,170

get overwhelmed by the view oh yeah so

214

00:10:07,269 --> 00:10:05,149

you have to focus in order to get what

215

00:10:08,530 --> 00:10:07,279

you're doing done because of course most

216

00:10:09,790 --> 00:10:08,540

of the tasks that they're performing or

217

00:10:11,350 --> 00:10:09,800

many of them especially if they're

218

00:10:13,559 --> 00:10:11,360

outside of the ship our kind of

219

00:10:16,660 --> 00:10:13,569

life-and-death situations they're very

220

00:10:18,670 --> 00:10:16,670

important for the proper functioning of

221

00:10:20,559 --> 00:10:18,680

whatever craft or whatever they're doing

222

00:10:23,110 --> 00:10:20,569

so they have to pay attention to make

223

00:10:26,079 --> 00:10:23,120

sure that the safety is first

224

00:10:28,600 --> 00:10:26,089

but yeah I would have the same concern

225

00:10:31,509 --> 00:10:28,610

as you though I mean I even get freaked

226

00:10:33,579 --> 00:10:31,519

out flying once in a while when I think

227

00:10:35,710 --> 00:10:33,589

about being up in the air and this giant

228

00:10:38,949 --> 00:10:35,720

piece of metal yeah it freaks me out and

229

00:10:40,650 --> 00:10:38,959

I have to you know turn on Doctor Who or

230

00:10:43,059 --> 00:10:40,660

something like that to distract myself

231

00:10:44,889 --> 00:10:43,069

talk to but yeah I would be freaked out

232

00:10:47,079 --> 00:10:44,899

the whole time I remember my neighbor

233

00:10:49,900 --> 00:10:47,089

are used to say when I was a kid and I

234

00:10:51,819 --> 00:10:49,910

was going up in a jet for the first time

235

00:10:55,090 --> 00:10:51,829

he said well they haven't left one of

236

00:10:59,410 --> 00:10:55,100

them up there yet yeah it did not help

237

00:11:01,600 --> 00:10:59,420

yeah yeah yet all planes come down one

238

00:11:03,129 --> 00:11:01,610

way or the other anyway do we have

239

00:11:05,230 --> 00:11:03,139

anything we have probably they only have

240

00:11:07,990 --> 00:11:05,240

like four minutes left for the news do

241

00:11:10,749 --> 00:11:08,000

we have anything in the UFO updates this

242

00:11:12,730 --> 00:11:10,759

week yeah I mean I don't know did we

243

00:11:13,710 --> 00:11:12,740

talk about the Nimitz thing last time I

244

00:11:17,160 --> 00:11:13,720

don't

245

00:11:19,990 --> 00:11:17,170

not really really recent george knapp

246

00:11:21,970 --> 00:11:20,000

yeah yeah a lot of great stuff from

247

00:11:24,040 --> 00:11:21,980

George Knapp and I mean I think

248

00:11:27,189 --> 00:11:24,050

mainstream media is just starting to

249

00:11:30,490 --> 00:11:27,199

unpack all of this stuff but you know we

250

00:11:31,960 --> 00:11:30,500

had this testimony from David flavor who

251

00:11:35,019 --> 00:11:31,970

was one of the pilots of the jet fighter

252

00:11:37,090 --> 00:11:35,029

during this 2004 nimitz event outside of

253

00:11:38,769 --> 00:11:37,100

san diego that was part of the New York

254

00:11:41,230 --> 00:11:38,779

Times article when they revealed

255

00:11:43,629 --> 00:11:41,240

you know this Pentagon UFO study we also

256

00:11:47,079 --> 00:11:43,639

had Elizondo who we used to lead that

257

00:11:48,819 --> 00:11:47,089

program talk about this however we

258

00:11:51,220 --> 00:11:48,829

haven't gotten any official documents

259

00:11:52,900 --> 00:11:51,230

well it appears that we have gotten an

260

00:11:55,030 --> 00:11:52,910

official document and I'm actually gonna

261

00:11:57,639 --> 00:11:55,040

have a story coming out on den of geek

262

00:11:59,829 --> 00:11:57,649

this week because George Knapp released

263

00:12:02,019 --> 00:11:59,839

this document saying it was prepared for

264

00:12:03,579 --> 00:12:02,029

and by the military and some people have

265

00:12:05,139 --> 00:12:03,589

doubted that because it doesn't fit a

266

00:12:08,230 --> 00:12:05,149

format that they're used to from the

267

00:12:10,470 --> 00:12:08,240

military however I did talk with Leslie

268

00:12:13,449 --> 00:12:10,480

Kane I talked with several people even

269

00:12:15,910 --> 00:12:13,459

Elizondo who Elizondo said he's not sure

270

00:12:18,749 --> 00:12:15,920

this is the same report he saw but he

271

00:12:21,160 --> 00:12:18,759

did see a military report

272

00:12:23,290 --> 00:12:21,170

Leslie Kane said we did to your report

273

00:12:25,059 --> 00:12:23,300

we vetted this report we know this is

274

00:12:26,290 --> 00:12:25,069

real she said she's not sure where it

275

00:12:28,870 --> 00:12:26,300

comes from but it probably comes from

276

00:12:31,329 --> 00:12:28,880

bass which is the Bigelow group so it

277

00:12:34,600 --> 00:12:31,339

comes from a third party and Eric Davis

278

00:12:37,360 --> 00:12:34,610

who worked for bass the Bigelow group

279

00:12:39,389 --> 00:12:37,370

that did this work he confirmed that I

280

00:12:42,340 --> 00:12:39,399

know the people who wrote it it wasn't a

281

00:12:44,410 --> 00:12:42,350

military format because as contractors

282

00:12:47,319 --> 00:12:44,420

we can write them in any format we want

283

00:12:49,300 --> 00:12:47,329

and they rarely dictate to us the format

284

00:12:51,850 --> 00:12:49,310

and then we submit it in our own format

285

00:12:54,220 --> 00:12:51,860

that's why you see it the way it is

286

00:12:57,040 --> 00:12:54,230

however Jeremy Korbelt who's a filmmaker

287

00:12:59,799 --> 00:12:57,050

working on hunt for the skinwalker and

288

00:13:01,299 --> 00:12:59,809

Bob Lazar both cases that are Georgian

289

00:13:03,189 --> 00:13:01,309

app cases that he's very close with

290

00:13:05,499 --> 00:13:03,199

George Knapp he's also been one of the

291

00:13:08,230 --> 00:13:05,509

people in contact with David flavor the

292

00:13:11,439 --> 00:13:08,240

pilot and flavor told him this is the

293

00:13:14,829 --> 00:13:11,449

most accurate account of what happened

294

00:13:17,499 --> 00:13:14,839

that I've seen so I mean the document is

295

00:13:20,379 --> 00:13:17,509

pretty much verified that's significant

296

00:13:22,780 --> 00:13:20,389

because this really talks about the

297

00:13:24,490 --> 00:13:22,790

whole event or at least the most

298

00:13:26,410 --> 00:13:24,500

important event where they kind of

299

00:13:26,980 --> 00:13:26,420

chased this UFO and it's quite

300

00:13:29,050 --> 00:13:26,990

extraordinary

301  
00:13:31,690 --> 00:13:29,060  
Neri essentially you know they were

302  
00:13:32,380 --> 00:13:31,700  
vectored into this UFO flavor and his

303  
00:13:35,740 --> 00:13:32,390  
wingman

304  
00:13:38,199 --> 00:13:35,750  
during these training exercises by the

305  
00:13:40,090 --> 00:13:38,209  
USS Princeton who had detected it when

306  
00:13:42,460 --> 00:13:40,100  
they got there they saw a disturbance in

307  
00:13:44,470 --> 00:13:42,470  
the water that's the first thing they

308  
00:13:46,389 --> 00:13:44,480  
saw then they saw the object they were

309  
00:13:48,310 --> 00:13:46,399  
at about 20,000 feet they came in

310  
00:13:49,930 --> 00:13:48,320  
lowered to get a closer look that's

311  
00:13:51,850 --> 00:13:49,940  
where they both saw this object which

312  
00:13:54,220 --> 00:13:51,860  
they described looking like a tic-tac I

313  
00:13:55,780 --> 00:13:54,230

mean it was one of them described it

314

00:13:58,389 --> 00:13:55,790

looking like it was candy coated or a

315

00:14:00,550 --> 00:13:58,399

whiteboard that was completely white

316

00:14:04,329 --> 00:14:00,560

elliptical type of object but rounded

317

00:14:06,670 --> 00:14:04,339

edges flavor said he went in closer but

318

00:14:09,010 --> 00:14:06,680

as he went in it seemed to recognize him

319

00:14:11,590 --> 00:14:09,020

and it pointed towards him and then took

320

00:14:14,170 --> 00:14:11,600

off at supersonic speeds he called back

321

00:14:16,329 --> 00:14:14,180

to USS Princeton - hey you got this

322

00:14:17,530 --> 00:14:16,339

thing on radar they said no but then

323

00:14:20,710 --> 00:14:17,540

they came back you're not gonna believe

324

00:14:22,389 --> 00:14:20,720

this it's actually 24 at 24,000 feet now

325

00:14:24,970 --> 00:14:22,399

and it's in the area you were training

326

00:14:27,639 --> 00:14:24,980

in earlier in the day then they lost

327

00:14:29,769 --> 00:14:27,649

contact with it so it moved very quickly

328

00:14:31,540 --> 00:14:29,779

and then the speculation in this report

329

00:14:33,910 --> 00:14:31,550

is really surprising they speculate that

330

00:14:36,190 --> 00:14:33,920

perhaps part of this time it was

331

00:14:38,980 --> 00:14:36,200

invisible to the naked eye and using

332

00:14:41,740 --> 00:14:38,990

some sort of stealth possibly that there

333

00:14:43,300 --> 00:14:41,750

was an object under the water that was

334

00:14:46,600 --> 00:14:43,310

making that disturbance in the water

335

00:14:49,060 --> 00:14:46,610

that it was docking with it was a Los

336

00:14:50,949 --> 00:14:49,070

Angeles class nuclear submarine there

337

00:14:53,290 --> 00:14:50,959

that that did say they didn't detect

338

00:14:55,720 --> 00:14:53,300

anything on sonar so they don't believe

339

00:14:57,250 --> 00:14:55,730

there was anything underwater but the

340

00:14:58,870 --> 00:14:57,260

speculation and the document is that

341

00:15:01,300 --> 00:14:58,880

maybe it had some sort of underwater

342

00:15:03,340 --> 00:15:01,310

stealth type of technology so very

343

00:15:06,010 --> 00:15:03,350

shocking it also talked about later in

344

00:15:07,630 --> 00:15:06,020

the day the object a unknown was

345

00:15:10,540 --> 00:15:07,640

detected again during training exercises

346

00:15:12,400 --> 00:15:10,550

an f-18 flew out there couldn't see it

347

00:15:14,800 --> 00:15:12,410

with his eyes couldn't detect it on

348

00:15:17,500 --> 00:15:14,810

radar but did pick it up with his FLIR

349

00:15:19,269 --> 00:15:17,510

his infrared camera for a short period

350

00:15:21,250 --> 00:15:19,279

of time it seemed to be hovering before

351

00:15:25,960 --> 00:15:21,260

it flew off and it's a piece of that

352

00:15:27,550 --> 00:15:25,970

video that we've seen on you know the

353

00:15:29,920 --> 00:15:27,560

the New York Times article and that

354

00:15:31,810 --> 00:15:29,930

we've seen all over the place it's that

355

00:15:33,340 --> 00:15:31,820

piece of video now that pilot doesn't

356

00:15:35,260 --> 00:15:33,350

know if that's the same thing flavor saw

357

00:15:37,420 --> 00:15:35,270

earlier in the day we don't know much

358

00:15:39,100 --> 00:15:37,430

about it and that does kind of highlight

359

00:15:40,770 --> 00:15:39,110

what like you and I talked about this

360

00:15:43,230 --> 00:15:40,780

video is only kind of a side

361

00:15:46,050 --> 00:15:43,240

piece of evidence it's not the big piece

362

00:15:48,230 --> 00:15:46,060

of evidence proving anything

363

00:15:50,460 --> 00:15:48,240

significantly really the best evidence

364

00:15:53,070 --> 00:15:50,470

it's stuff we haven't seen some of it

365

00:15:56,940 --> 00:15:53,080

the radar data but it's also the very

366

00:16:00,540 --> 00:15:56,950

credible testimony from these expert

367

00:16:02,550 --> 00:16:00,550

witnesses excellent well I think we're

368

00:16:04,290 --> 00:16:02,560

gonna have to cut it short but we'll go

369

00:16:06,120 --> 00:16:04,300

rack up you know I took up a lot of the

370

00:16:08,400 --> 00:16:06,130

time with the Alan bean thing and I

371

00:16:10,890 --> 00:16:08,410

appreciate you letting that great staff

372

00:16:12,960 --> 00:16:10,900

so all right alejandro so we'll be back

373

00:16:15,060 --> 00:16:12,970

we'll be back next Tuesday at the same

374

00:16:18,030 --> 00:16:15,070

time and thanks for adjusting your

375

00:16:19,800 --> 00:16:18,040

schedule as well yeah no problem you've

376

00:16:21,240 --> 00:16:19,810

got a great lineup so I hope you have a

377

00:16:24,030 --> 00:16:21,250

great show I know you were pretty

378

00:16:26,810 --> 00:16:24,040

excited all right okay thanks a lot

379

00:16:32,400 --> 00:16:26,820

and I'll talk to you next week okay bye

380

00:16:34,200 --> 00:16:32,410

all right so our next guest Dave Marla

381

00:16:37,440 --> 00:16:34,210

he's he's been on once before

382

00:16:39,930 --> 00:16:37,450

he's a hard-to-get guy and he was kind

383

00:16:43,380 --> 00:16:39,940

enough to say that he would be on my

384

00:16:45,810 --> 00:16:43,390

debut show here at kgr egg welcome to

385

00:16:48,600 --> 00:16:45,820

the show Dave thanks so much for joining

386

00:16:51,180 --> 00:16:48,610

us it's great to speak with you again

387

00:16:54,600 --> 00:16:51,190

yeah yeah I know it's been I think it's

388

00:16:56,640 --> 00:16:54,610

been a few years and unfortunately yes

389

00:16:58,470 --> 00:16:56,650

you're having fun in the UFO field

390

00:17:00,810 --> 00:16:58,480

yeah and for those of you on YouTube you

391

00:17:03,510 --> 00:17:00,820

can see this great background dave has

392

00:17:07,770 --> 00:17:03,520

UFO crash site and old movie posters I

393

00:17:10,230 --> 00:17:07,780

love it and so Dave for the person

394

00:17:12,630 --> 00:17:10,240

that's not familiar with you or who you

395

00:17:14,010 --> 00:17:12,640

are if you have some type of quick

396

00:17:17,310 --> 00:17:14,020

little nutshell you can give your

397

00:17:19,530 --> 00:17:17,320

background that would be great sure well

398

00:17:21,660 --> 00:17:19,540

I was first introduced to the concept of

399

00:17:24,690 --> 00:17:21,670

UFOs when I was five years old back in

400

00:17:26,880 --> 00:17:24,700

1973 there was a flapper wave of UFO

401  
00:17:28,830 --> 00:17:26,890  
sightings in Piedmont Missouri and

402  
00:17:30,990 --> 00:17:28,840  
that's where my father was born and

403  
00:17:34,350 --> 00:17:31,000  
raised we lived in st. Louis but I

404  
00:17:36,360 --> 00:17:34,360  
remember at five years old my father and

405  
00:17:38,010 --> 00:17:36,370  
my brothers and my sister piling in the

406  
00:17:40,080 --> 00:17:38,020  
car with thermoses of coffee and

407  
00:17:42,390 --> 00:17:40,090  
binoculars to go down to Piedmont a

408  
00:17:44,340 --> 00:17:42,400  
quote-unquote look for UFOs as many

409  
00:17:46,080 --> 00:17:44,350  
people were doing as it had garnered a

410  
00:17:49,950 --> 00:17:46,090  
lot of local media attention in the st.

411  
00:17:51,660 --> 00:17:49,960  
Louis area and so I never got a chance

412  
00:17:53,580 --> 00:17:51,670  
to go with them because I was only 5

413  
00:17:54,419 --> 00:17:53,590

years old I was tasked with staying home

414

00:17:56,100 --> 00:17:54,429  
with mom

415

00:17:57,899 --> 00:17:56,110  
who had as much in the area of

416

00:18:02,700 --> 00:17:57,909  
disinterest in the subject as my father

417

00:18:03,570 --> 00:18:02,710  
had interest and so but I remember being

418

00:18:05,580 --> 00:18:03,580  
a very young impressionable

419

00:18:07,259 --> 00:18:05,590  
five-year-old of hearing the stories

420

00:18:09,119 --> 00:18:07,269  
they would come back and talk to people

421

00:18:11,430 --> 00:18:09,129  
many of whom my father knew and grew up

422

00:18:14,190 --> 00:18:11,440  
with in the Greater Piedmont area of

423

00:18:15,629 --> 00:18:14,200  
lights and objects in fact his aunt and

424

00:18:18,419 --> 00:18:15,639  
uncle had witnessed things themselves

425

00:18:21,119 --> 00:18:18,429  
that were highly anomalous and of course

426

00:18:23,820 --> 00:18:21,129

in the ensuing years dr. Harley Rutledge

427

00:18:26,399 --> 00:18:23,830

from Southeast Missouri State University

428

00:18:29,580 --> 00:18:26,409

launched really the first civilian

429

00:18:31,499 --> 00:18:29,590

scientific field study of UFOs and

430

00:18:33,539 --> 00:18:31,509

entered into the subject as a skeptic

431

00:18:36,029 --> 00:18:33,549

that came away I hate to say the term

432

00:18:37,529 --> 00:18:36,039

UFO believer but as a scientist he

433

00:18:40,560 --> 00:18:37,539

conceded that there was something highly

434

00:18:42,749 --> 00:18:40,570

anomalous but that was in 1973 fast

435

00:18:45,180 --> 00:18:42,759

forward about four years my sister and

436

00:18:48,060 --> 00:18:45,190

husband had a close encounter with UFO

437

00:18:49,200 --> 00:18:48,070

outside Kansas City Missouri that I in

438

00:18:50,070 --> 00:18:49,210

fact I was just talking to her this

439

00:18:53,639 --> 00:18:50,080

morning about it

440

00:18:57,060 --> 00:18:53,649

again and something that terrified both

441

00:18:58,830 --> 00:18:57,070

of them and so suddenly UFOs had rather

442

00:19:00,570 --> 00:18:58,840

close to home when my own sister who

443

00:19:04,289 --> 00:19:00,580

didn't drink didn't do drugs even though

444

00:19:07,440 --> 00:19:04,299

it was the 70s she was sober witness as

445

00:19:10,799 --> 00:19:07,450

you could ask for and then years later

446

00:19:12,690 --> 00:19:10,809

in 1990 still having that interest in

447

00:19:15,810 --> 00:19:12,700

UFOs I heard about MUFON the mutual UFO

448

00:19:17,940 --> 00:19:15,820

network and for over ten years I was a

449

00:19:20,220 --> 00:19:17,950

field investigator Illinois State

450

00:19:22,499 --> 00:19:20,230

Director and conducted lots of

451  
00:19:23,909 --> 00:19:22,509  
investigations and then over time as you

452  
00:19:25,529 --> 00:19:23,919  
can see in the background just a small

453  
00:19:28,710 --> 00:19:25,539  
portion I started collecting a lot of

454  
00:19:30,419 --> 00:19:28,720  
historical UFO data and historical

455  
00:19:32,220 --> 00:19:30,429  
materials and with that started

456  
00:19:34,560 --> 00:19:32,230  
investigating a number of areas that I

457  
00:19:36,090 --> 00:19:34,570  
found particularly interesting and in

458  
00:19:38,609 --> 00:19:36,100  
the past we've talked about my research

459  
00:19:41,369 --> 00:19:38,619  
on triangular UFOs and that was a very

460  
00:19:43,169 --> 00:19:41,379  
specific subset that I decided to focus

461  
00:19:45,810 --> 00:19:43,179  
on as I felt it needed to have greater

462  
00:19:47,669 --> 00:19:45,820  
attention brought to it and in the

463  
00:19:49,409 --> 00:19:47,679

ensuing years since we've spoken last

464

00:19:52,230 --> 00:19:49,419

I've been branching out into some other

465

00:19:55,139 --> 00:19:52,240

historical cases that one I had an

466

00:19:57,149 --> 00:19:55,149

interest in but to to be quite honest

467

00:19:58,950 --> 00:19:57,159

didn't feel like the cases had been

468

00:20:02,519 --> 00:19:58,960

investigated to the depth that I would

469

00:20:04,049 --> 00:20:02,529

like to investigate them and so over the

470

00:20:05,820 --> 00:20:04,059

last three or four years now I've been

471

00:20:07,499 --> 00:20:05,830

really been engaged in

472

00:20:09,330 --> 00:20:07,509

a high-level investigation of some of

473

00:20:11,159 --> 00:20:09,340

these historical cases which hopefully

474

00:20:14,789 --> 00:20:11,169

in the next hour we'll get a chance to

475

00:20:17,460 --> 00:20:14,799

talk about yes so why don't we do this

476

00:20:20,249 --> 00:20:17,470

Dave why don't we first talk about your

477

00:20:23,070 --> 00:20:20,259

research in the Triangle UFOs I I

478

00:20:24,600 --> 00:20:23,080

remember you were saying that they were

479

00:20:28,019 --> 00:20:24,610

up

480

00:20:30,210 --> 00:20:28,029

besides lights in the sky they were kind

481

00:20:32,369 --> 00:20:30,220

of dominating the UFO reports so I don't

482

00:20:34,169 --> 00:20:32,379

know is that still the case today it

483

00:20:36,419 --> 00:20:34,179

seems to be I haven't ran the latest

484

00:20:37,979 --> 00:20:36,429

statistics and one of the statistics I

485

00:20:39,779 --> 00:20:37,989

look at are from the national UFO

486

00:20:41,369 --> 00:20:39,789

Reporting Center and as I always like to

487

00:20:44,099 --> 00:20:41,379

clarify and I think most of your

488

00:20:45,989 --> 00:20:44,109

audience knows those are raw reports and

489

00:20:47,849 --> 00:20:45,999

even Peter Davenport if he were here on

490

00:20:51,359 --> 00:20:47,859

this call would be discussing the fact

491

00:20:53,039 --> 00:20:51,369

that you know many of these reports have

492

00:20:54,810 --> 00:20:53,049

not been investigated so their raw

493

00:20:59,009 --> 00:20:54,820

reports we can't speak to the veracity

494

00:21:00,779 --> 00:20:59,019

but I use that as kind of a testing

495

00:21:02,489 --> 00:21:00,789

ground as far as what are people

496

00:21:05,159 --> 00:21:02,499

reporting regardless of the validity

497

00:21:07,440 --> 00:21:05,169

what are people reporting and the vast

498

00:21:09,989 --> 00:21:07,450

majority over the last several years 15

499

00:21:13,529 --> 00:21:09,999

20 years now have been these triangular

500

00:21:16,169 --> 00:21:13,539

UFOs and I concede that many of these

501  
00:21:18,409 --> 00:21:16,179  
may be top-secret military aircraft I'll

502  
00:21:20,729 --> 00:21:18,419  
be the first to concede that however

503  
00:21:23,070 --> 00:21:20,739  
when people were making statements on

504  
00:21:24,659 --> 00:21:23,080  
the internet that I can't be kind about

505  
00:21:26,549 --> 00:21:24,669  
it were simply ill informed or hadn't

506  
00:21:28,049 --> 00:21:26,559  
taken the time to look at the data I'm

507  
00:21:29,549 --> 00:21:28,059  
reading these postings saying well

508  
00:21:31,409 --> 00:21:29,559  
that's all military that's just the

509  
00:21:33,239 --> 00:21:31,419  
latest evolution in stealth technology

510  
00:21:35,369 --> 00:21:33,249  
I'm literally sitting here in my

511  
00:21:39,210 --> 00:21:35,379  
research room looking at news clippings

512  
00:21:42,239 --> 00:21:39,220  
from 1957 1960 not only from the United

513  
00:21:45,749 --> 00:21:42,249

States but from the UK from Germany

514

00:21:48,810 --> 00:21:45,759

Denmark in fact one famous way that I

515

00:21:51,450 --> 00:21:48,820

collected information on was from 1957 a

516

00:21:54,450 --> 00:21:51,460

wave of UFO sightings in Denmark from

517

00:21:57,389 --> 00:21:54,460

1957 starting in November 57 into the

518

00:21:59,129 --> 00:21:57,399

spring of 58 and the Danish Defense

519

00:22:01,590 --> 00:21:59,139

Intelligence Service were investigating

520

00:22:03,779 --> 00:22:01,600

these and I even found a Reuters news

521

00:22:05,190 --> 00:22:03,789

clipping that corroborated earlier

522

00:22:07,229 --> 00:22:05,200

statements that I have seen in other

523

00:22:11,269 --> 00:22:07,239

sources of information where they were

524

00:22:13,499 --> 00:22:11,279

describing large dark silent triangular

525

00:22:15,779 --> 00:22:13,509

the term they use back then were

526  
00:22:17,190 --> 00:22:15,789  
spaceships triangular spaceships that's

527  
00:22:18,779 --> 00:22:17,200  
right that was that that was the

528  
00:22:19,710 --> 00:22:18,789  
headline that dominated the news

529  
00:22:23,220 --> 00:22:19,720  
headlines at the time

530  
00:22:25,080 --> 00:22:23,230  
Denmark and but they describe similar

531  
00:22:27,869 --> 00:22:25,090  
flight characteristics similar lighting

532  
00:22:30,210 --> 00:22:27,879  
characteristics in the case of Denmark

533  
00:22:32,249 --> 00:22:30,220  
over the village of broker a woman even

534  
00:22:35,399 --> 00:22:32,259  
described these horseshoe shaped objects

535  
00:22:37,560 --> 00:22:35,409  
flying out of the triangular UFO which

536  
00:22:39,629 --> 00:22:37,570  
fast forward over the the ensuing

537  
00:22:41,639 --> 00:22:39,639  
several decades after that many

538  
00:22:44,850 --> 00:22:41,649

witnesses described even in the Belgian

539

00:22:47,909 --> 00:22:44,860

wave describe objects either entering or

540

00:22:51,899 --> 00:22:47,919

exiting these triangular UFOs so we have

541

00:22:54,720 --> 00:22:51,909

just a voluminous amount of reports of

542

00:22:58,169 --> 00:22:54,730

these triangular UFOs that have striking

543

00:23:01,889 --> 00:22:58,179

similarities that not only transcend the

544

00:23:03,389 --> 00:23:01,899

decades that transcend any one nation so

545

00:23:04,919 --> 00:23:03,399

when you look at that body of

546

00:23:07,080 --> 00:23:04,929

information and what I try to do is

547

00:23:09,480 --> 00:23:07,090

collate all of that information into a

548

00:23:11,869 --> 00:23:09,490

book and really make the argument that

549

00:23:13,799 --> 00:23:11,879

whereas some of the more modern-day

550

00:23:16,200 --> 00:23:13,809

triangular objects that are being cited

551

00:23:18,509 --> 00:23:16,210

may be military the historical record

552

00:23:20,879 --> 00:23:18,519

begs to differ as far as using that as a

553

00:23:22,740 --> 00:23:20,889

blanket explanation for all triangular

554

00:23:24,450 --> 00:23:22,750

UFOs and I think we need to be very

555

00:23:26,850 --> 00:23:24,460

careful whether it's UFOs or any other

556

00:23:29,789 --> 00:23:26,860

field of study when we start using terms

557

00:23:32,700 --> 00:23:29,799

like none or all these all in terms of

558

00:23:34,350 --> 00:23:32,710

terms are very difficult and I think as

559

00:23:35,999 --> 00:23:34,360

most of the audience members what will

560

00:23:38,909 --> 00:23:36,009

attest as well as your self hardening

561

00:23:40,350 --> 00:23:38,919

the world is shades of grey there is no

562

00:23:42,210 --> 00:23:40,360

black and white if like we're that

563

00:23:43,860 --> 00:23:42,220

simple women be looking fantastic

564

00:23:46,310 --> 00:23:43,870

yeah and whether whether we're talking

565

00:23:48,389 --> 00:23:46,320

try and give her UFOs or UFOs in general

566

00:23:50,070 --> 00:23:48,399

you know some of these might be

567

00:23:52,019 --> 00:23:50,080

top-secret military aircraft especially

568

00:23:53,669 --> 00:23:52,029

today we don't know what the

569

00:23:55,740 --> 00:23:53,679

state-of-the-art technology is and

570

00:23:57,840 --> 00:23:55,750

that's one of the reasons why I like

571

00:23:59,999 --> 00:23:57,850

investigating these historical cases the

572

00:24:02,539 --> 00:24:00,009

well-documented multiple witness cases

573

00:24:06,509 --> 00:24:02,549

which we'll talk about later we're

574

00:24:08,639 --> 00:24:06,519

looking back to 1950 I think with a fair

575

00:24:11,430 --> 00:24:08,649

degree of certainty we know what

576  
00:24:15,119 --> 00:24:11,440  
military technology what was at at that

577  
00:24:16,529 --> 00:24:15,129  
period yeah in 2018 we don't know we all

578  
00:24:18,269 --> 00:24:16,539  
know I guess you're involved unless

579  
00:24:20,369 --> 00:24:18,279  
we're involved in these life projects or

580  
00:24:22,350 --> 00:24:20,379  
compartmentalised projects we have no

581  
00:24:23,999 --> 00:24:22,360  
idea and I don't even want to begin to

582  
00:24:26,820 --> 00:24:24,009  
speculate in that area because I would

583  
00:24:28,529 --> 00:24:26,830  
just show my ignorance no looking back

584  
00:24:31,440 --> 00:24:28,539  
at these historical cases through the

585  
00:24:32,190 --> 00:24:31,450  
lens of history I think we can ascertain

586  
00:24:33,360 --> 00:24:32,200  
that we did

587  
00:24:35,669 --> 00:24:33,370  
have aircraft that could perform

588  
00:24:38,399 --> 00:24:35,679

right-angle turns at 10,000 miles an

589

00:24:41,100 --> 00:24:38,409

hour for hover for extended periods of

590

00:24:42,600 --> 00:24:41,110

time and so that's one of the reasons I

591

00:24:45,090 --> 00:24:42,610

like looking at these historical cases

592

00:24:46,980 --> 00:24:45,100

the other one is quite simply in the

593

00:24:50,070 --> 00:24:46,990

last 20-30 years we've had new

594

00:24:51,960 --> 00:24:50,080

documentation Declassified from these

595

00:24:55,610 --> 00:24:51,970

early cases from the 50s and from the

596

00:24:57,389 --> 00:24:55,620

60s even the Battle of LA back in 1942

597

00:24:59,250 --> 00:24:57,399

some of those documents were

598

00:25:01,230 --> 00:24:59,260

Declassified until the late 70s early

599

00:25:03,419 --> 00:25:01,240

80s you know it was researchers like

600

00:25:05,009 --> 00:25:03,429

Barry Greenwood who really did the

601  
00:25:08,310 --> 00:25:05,019  
lion's share of work in trying to

602  
00:25:09,930 --> 00:25:08,320  
ascertain and request FOIA you know

603  
00:25:12,480 --> 00:25:09,940  
Freedom of Information Act requests to

604  
00:25:14,370 --> 00:25:12,490  
obtain those documents so even after all

605  
00:25:16,350 --> 00:25:14,380  
these decades new information can be

606  
00:25:18,419 --> 00:25:16,360  
gleaned from those documents Dave we're

607  
00:25:20,220 --> 00:25:18,429  
right at our break so we got to take a

608  
00:25:23,250 --> 00:25:20,230  
quick break however we're going to be

609  
00:25:25,169 --> 00:25:23,260  
live still on YouTube so we're coming up

610  
00:25:27,870 --> 00:25:25,179  
on the break if you're listening now you

611  
00:25:30,240 --> 00:25:27,880  
are listening to podcast UFO on kgr

612  
00:25:32,250 --> 00:25:30,250  
radio and my guest of course is Dave

613  
00:25:40,370 --> 00:25:32,260

Marlar we'll be right back after this

614

00:25:49,909 --> 00:25:44,510

okay if all has gone well race is

615

00:25:53,060 --> 00:25:49,919

running a break and I'm helping to turn

616

00:25:55,250 --> 00:25:53,070

my mic on with it race so you're running

617

00:25:57,289 --> 00:25:55,260

a break right now right yeah we're clear

618

00:26:00,940 --> 00:25:57,299

and we've got four minutes in this break

619

00:26:04,070 --> 00:26:00,950

your minutes okay all right hey hey Dave

620

00:26:06,140 --> 00:26:04,080

so I I do want to you know some of the

621

00:26:12,350 --> 00:26:06,150

things I want to talk about because I as

622

00:26:14,350 --> 00:26:12,360

we get going here is the fact that you

623

00:26:16,820 --> 00:26:14,360

know a number of people tell me a lot of

624

00:26:19,669 --> 00:26:16,830

all the time that they think that these

625

00:26:23,360 --> 00:26:19,679

things are military so I want to talk

626

00:26:26,870 --> 00:26:23,370

about that and my thoughts on that in

627

00:26:28,779 --> 00:26:26,880

general but just looking now while we

628

00:26:31,430 --> 00:26:28,789

have this break see if there's anything

629

00:26:34,520 --> 00:26:31,440

because I don't want to say that during

630

00:26:39,830 --> 00:26:34,530

this break but we will be taking

631

00:26:43,010 --> 00:26:39,840

questions later on in the chat room for

632

00:26:45,620 --> 00:26:43,020

those who are listening on YouTube also

633

00:26:47,930 --> 00:26:45,630

if we get a chance in the last hour I

634

00:26:49,850 --> 00:26:47,940

don't think we're gonna have time but we

635

00:26:53,029 --> 00:26:49,860

may have time for a phone call or two

636

00:26:54,860 --> 00:26:53,039

but it's going to be kind of jam-packed

637

00:26:58,940 --> 00:26:54,870

with all of us it'll be really

638

00:27:03,049 --> 00:26:58,950

interesting with Lee and I and James Ono

639

00:27:07,340 --> 00:27:03,059

at the same time absolutely yeah

640

00:27:11,120 --> 00:27:07,350

so I guess one of the things that let's

641

00:27:14,180 --> 00:27:11,130

see one of the things I want to talk

642

00:27:17,690 --> 00:27:14,190

about the Battle of LA you know I mean

643

00:27:21,710 --> 00:27:17,700

people talk about you know the modern

644

00:27:25,520 --> 00:27:21,720

UFO movement started you know in 1947

645

00:27:27,980 --> 00:27:25,530

but this was 1942 right and so I'm

646

00:27:29,630 --> 00:27:27,990

really curious on your research and that

647

00:27:31,899 --> 00:27:29,640

we'll get into that a little bit later

648

00:27:35,690 --> 00:27:31,909

on but you know I want to know were they

649

00:27:37,549 --> 00:27:35,700

actually thinking it was what were they

650

00:27:39,740 --> 00:27:37,559

thinking it was you know whether they

651

00:27:42,110 --> 00:27:39,750

think it was Japan was sending over

652

00:27:44,299 --> 00:27:42,120

these weird balloons and stuff that was

653

00:27:45,980 --> 00:27:44,309

the prevalent theory yeah but we can

654

00:27:47,299 --> 00:27:45,990

certainly talk about that and we'd like

655

00:27:48,919 --> 00:27:47,309

to talk about some of the serious

656

00:27:50,750 --> 00:27:48,929

material it's been thrown out there by

657

00:27:52,820 --> 00:27:50,760

them I like to say less than reputable

658

00:27:54,019 --> 00:27:52,830

researchers that are tossing around

659

00:27:55,909 --> 00:27:54,029

these purported

660

00:27:57,619 --> 00:27:55,919

many documents that have absolutely no

661

00:27:59,810 --> 00:27:57,629

official provenance whatsoever they've

662

00:28:02,259 --> 00:27:59,820

really muddied the water as far as you

663

00:28:05,959 --> 00:28:02,269

know trying to create a a genuine

664

00:28:08,930 --> 00:28:05,969

fact-based investigation of this this

665

00:28:12,229 --> 00:28:08,940

incident and unfortunately get a lot of

666

00:28:14,330 --> 00:28:12,239

that that pollution if you will into the

667

00:28:16,099 --> 00:28:14,340

investigation because people many people

668

00:28:17,810 --> 00:28:16,109

don't know what's legitimate and what's

669

00:28:19,519 --> 00:28:17,820

not legit and then you know not only in

670

00:28:21,469 --> 00:28:19,529

this case that with the UFO subject in

671

00:28:23,599 --> 00:28:21,479

general and I really hate to see when

672

00:28:25,279 --> 00:28:23,609

they bring that that baggage in and it

673

00:28:27,829 --> 00:28:25,289

makes it very difficult for well-meaning

674

00:28:30,259 --> 00:28:27,839

individuals to try to separate the wheat

675

00:28:34,070 --> 00:28:30,269

from the chaff and so that's kind of

676

00:28:36,409 --> 00:28:34,080

like that it it'll turn a lot of people

677

00:28:40,039 --> 00:28:36,419

off you know someone that salutely just

678

00:28:42,079 --> 00:28:40,049

getting excited about the UFO topic you

679

00:28:44,450 --> 00:28:42,089

know and it's really funny how it

680

00:28:46,310 --> 00:28:44,460

parallels to what I do in the fine arts

681

00:28:48,049 --> 00:28:46,320

and antiques when it comes to people

682

00:28:49,279 --> 00:28:48,059

collecting you know people are

683

00:28:51,560 --> 00:28:49,289

collecting and all of a sudden they

684

00:28:52,849 --> 00:28:51,570

collect something and it's a fake then

685

00:28:55,310 --> 00:28:52,859

they're gone they're no longer

686

00:28:57,070 --> 00:28:55,320

collecting they turn away and that's the

687

00:29:01,339 --> 00:28:57,080

same way when people get burned with

688

00:29:06,979 --> 00:29:01,349

with buying into YouTube is you know a

689

00:29:08,779 --> 00:29:06,989

real playground for that well it's a

690

00:29:13,099 --> 00:29:08,789

tool but just like any tool it could be

691

00:29:15,649 --> 00:29:13,109

used or misused right right and yeah

692

00:29:17,539 --> 00:29:15,659

it's it's it's sad because as I talked

693

00:29:20,149 --> 00:29:17,549

about the lecturing in Florida this

694

00:29:22,099 --> 00:29:20,159

Saturday for the the Florida Chapter and

695

00:29:23,839 --> 00:29:22,109

we're gonna be talking about the Battle

696

00:29:26,359 --> 00:29:23,849

of LA we're gonna discuss for about an

697

00:29:27,589 --> 00:29:26,369

hour and a half that case and like I

698

00:29:30,499 --> 00:29:27,599

said I'm gonna try to separate the wheat

699

00:29:32,659 --> 00:29:30,509

from the chaff and present facts facts

700

00:29:34,219 --> 00:29:32,669

that they can go back and verify not

701  
00:29:36,680 --> 00:29:34,229  
many researchers in this field group

702  
00:29:38,690 --> 00:29:36,690  
cite their references I'll have to

703  
00:29:40,609 --> 00:29:38,700  
actually be bringing original newspapers

704  
00:29:41,680 --> 00:29:40,619  
from my collection here from I have

705  
00:29:44,269 --> 00:29:41,690  
about a dozen

706  
00:29:46,879 --> 00:29:44,279  
original front-page newspapers from

707  
00:29:49,399 --> 00:29:46,889  
February 25 26 the originals

708  
00:29:51,019 --> 00:29:49,409  
as well as an original photo with the

709  
00:29:53,479 --> 00:29:51,029  
original news teletype which I've

710  
00:29:55,459 --> 00:29:53,489  
collected well and an original print off

711  
00:29:56,930 --> 00:29:55,469  
the original negative and there's a

712  
00:29:58,070 --> 00:29:56,940  
whole discussion with the photo that

713  
00:30:00,139 --> 00:29:58,080

hopefully we can get into because

714

00:30:02,919 --> 00:30:00,149

there's a lot of MIS misunderstanding on

715

00:30:05,740 --> 00:30:02,929

this case yeah because I know the photos

716

00:30:07,629 --> 00:30:05,750

has been a real big issue that

717

00:30:10,779 --> 00:30:07,639

I'm really excited it because I didn't

718

00:30:12,310 --> 00:30:10,789

know you had that well Murray we're

719

00:30:13,869 --> 00:30:12,320

ready to go back guys I mean interrupt

720

00:30:15,730 --> 00:30:13,879

you here but no no I've got music

721

00:30:18,129 --> 00:30:15,740

rolling now so we're all set to go if

722

00:30:21,070 --> 00:30:18,139

you guys are ready I can make it happen

723

00:30:25,990 --> 00:30:21,080

yep so tell me how many minutes do I

724

00:30:31,419 --> 00:30:26,000

have for the next break mmm

725

00:30:34,480 --> 00:30:31,429

approximately 25 25 okay we want to shut

726

00:30:36,399 --> 00:30:34,490

down at 56 at four minutes teal four

727

00:30:37,840 --> 00:30:36,409

minutes still 56 okay very good I'm

728

00:30:40,419 --> 00:30:37,850

ready to go whenever you want to call me

729

00:30:44,470 --> 00:30:40,429

back in all right mom are you ready yep

730

00:30:51,580 --> 00:30:44,480

yes sir our gang here we go in five four

731

00:30:55,690 --> 00:30:51,590

three two welcome back to podcast UFO on

732

00:30:58,060 --> 00:30:55,700

kgr radio that's Katie our radio calm my

733

00:30:59,440 --> 00:30:58,070

guest is the great day of Marla I'm real

734

00:31:01,690 --> 00:30:59,450

excited about this we were talking a

735

00:31:02,950 --> 00:31:01,700

little bit off break so we're gonna have

736

00:31:06,220 --> 00:31:02,960

we're not going to spend too much time

737

00:31:10,480 --> 00:31:06,230

on the triangle UFOs I want to go into

738

00:31:14,860 --> 00:31:10,490

the other research you're doing but

739

00:31:17,049 --> 00:31:14,870

before before we take turn here I do

740

00:31:18,249 --> 00:31:17,059

want to talk about a number of people

741

00:31:21,009 --> 00:31:18,259

that have been on this show that have

742

00:31:23,289 --> 00:31:21,019

said to me you know this is all they're

743

00:31:26,909 --> 00:31:23,299

all military and there's so many reasons

744

00:31:30,850 --> 00:31:26,919

to discount that one of the reasons I

745

00:31:32,350 --> 00:31:30,860

think is a big reason that is never

746

00:31:33,759 --> 00:31:32,360

talked about or I don't know if you ever

747

00:31:35,379 --> 00:31:33,769

talk about it but some people are

748

00:31:37,680 --> 00:31:35,389

reporting these things to be like a mile

749

00:31:39,820 --> 00:31:37,690

wide I mean there would be like no

750

00:31:42,639 --> 00:31:39,830

instance where our government that I

751  
00:31:44,409 --> 00:31:42,649  
could ever picture would ever make

752  
00:31:45,389 --> 00:31:44,419  
something a mile wide that wouldn't

753  
00:31:49,149 --> 00:31:45,399  
serve any purpose

754  
00:31:50,980 --> 00:31:49,159  
no and that's one of many valid

755  
00:31:53,279 --> 00:31:50,990  
criticisms with regard to statements

756  
00:31:55,570 --> 00:31:53,289  
like that where are these things based

757  
00:31:57,369 --> 00:31:55,580  
Colonel John Alexander who wrote the

758  
00:31:58,960 --> 00:31:57,379  
foreword to my book on triangle she was

759  
00:32:02,169 --> 00:31:58,970  
very impressed with my research we were

760  
00:32:03,700 --> 00:32:02,179  
at a UFO conference back in 2012 and he

761  
00:32:05,259 --> 00:32:03,710  
approached me people ask me well why did

762  
00:32:06,369 --> 00:32:05,269  
why did you get John Alexander to write

763  
00:32:08,680 --> 00:32:06,379

the foreword to your book because some

764

00:32:10,560 --> 00:32:08,690

people don't agree with John's opinions

765

00:32:12,999 --> 00:32:10,570

with regard to the subject I said well

766

00:32:14,470 --> 00:32:13,009

truth be told he approached me he was

767

00:32:16,450 --> 00:32:14,480

really impressed with my research he

768

00:32:17,769 --> 00:32:16,460

said that's one of the best lectures

769

00:32:19,210 --> 00:32:17,779

I've ever heard at one of these UFO

770

00:32:21,610 --> 00:32:19,220

conferences in quite a while

771

00:32:23,200 --> 00:32:21,620

and again because I cite my references

772

00:32:25,600 --> 00:32:23,210

if you question what I'm saying here's

773

00:32:27,190 --> 00:32:25,610

where I got the information I wish more

774

00:32:30,539 --> 00:32:27,200

researchers in this field would do that

775

00:32:32,770 --> 00:32:30,549

but John stated to me matter-of-factly

776

00:32:35,470 --> 00:32:32,780

in any conversations that we've had over

777

00:32:38,159 --> 00:32:35,480

the years the military whether it's

778

00:32:41,950 --> 00:32:38,169

United States or a foreign government

779

00:32:44,919 --> 00:32:41,960

military designs aircraft and weapons

780

00:32:47,399 --> 00:32:44,929

with a specific mission or purpose in

781

00:32:48,850 --> 00:32:47,409

mind what is the purpose of having

782

00:32:51,909 --> 00:32:48,860

mile-long

783

00:32:54,669 --> 00:32:51,919

triangular UFOs cavorting about in our

784

00:32:56,440 --> 00:32:54,679

skies and in many cases hovering over

785

00:32:58,299 --> 00:32:56,450

cornfields in the middle of nowhere

786

00:33:01,480 --> 00:32:58,309

the famous January another famous

787

00:33:03,250 --> 00:33:01,490

January 5th 2000 incident is an example

788

00:33:05,770 --> 00:33:03,260

in Illinois I was the lead investigator

789

00:33:07,480 --> 00:33:05,780

for MUFON at the time yeah that's what

790

00:33:09,460 --> 00:33:07,490

personally kind of really piqued my

791

00:33:11,020 --> 00:33:09,470

interest on the subject and as I'm

792

00:33:12,580 --> 00:33:11,030

sitting in these various police stations

793

00:33:14,950 --> 00:33:12,590

interviewing these police officers for

794

00:33:17,590 --> 00:33:14,960

that pace I was struck with the

795

00:33:20,350 --> 00:33:17,600

similarity in their sketches in their

796

00:33:22,539 --> 00:33:20,360

narratives in their descriptions of how

797

00:33:25,210 --> 00:33:22,549

it mirrored what the Jean darns in

798

00:33:27,760 --> 00:33:25,220

Belgium 10 years prior were describing

799

00:33:29,649 --> 00:33:27,770

and many of these officers weren't even

800

00:33:32,260 --> 00:33:29,659

familiar with that most of them I don't

801  
00:33:34,090 --> 00:33:32,270  
think were and I could almost stitch

802  
00:33:35,980 --> 00:33:34,100  
together the narratives between the

803  
00:33:37,180 --> 00:33:35,990  
Belgian witnesses and the southern

804  
00:33:38,890 --> 00:33:37,190  
Illinois witnesses and they're

805  
00:33:41,649 --> 00:33:38,900  
essentially describing the same thing

806  
00:33:43,810 --> 00:33:41,659  
and you know especially in that case

807  
00:33:45,279 --> 00:33:43,820  
Martin to your question people say well

808  
00:33:46,990 --> 00:33:45,289  
it was sighted near Scott Airport space

809  
00:33:48,600 --> 00:33:47,000  
therefore it was military it's like well

810  
00:33:51,220 --> 00:33:48,610  
first that's kind of a gross assumption

811  
00:33:52,840 --> 00:33:51,230  
we have many UFOs reported near many

812  
00:33:54,930 --> 00:33:52,850  
military bases but that doesn't mean

813  
00:33:57,250 --> 00:33:54,940

that that's their point of origin and

814

00:33:58,510 --> 00:33:57,260

correlation is not always causation just

815

00:34:00,010 --> 00:33:58,520

because the military base is there

816

00:34:03,430 --> 00:34:00,020

doesn't mean they're responsible for

817

00:34:05,649 --> 00:34:03,440

this object but to your point most air

818

00:34:07,120 --> 00:34:05,659

bases couldn't sustain the landing of

819

00:34:10,060 --> 00:34:07,130

one of these objects where are these

820

00:34:11,770 --> 00:34:10,070

things being based out of and to my

821

00:34:14,050 --> 00:34:11,780

knowledge and I think I've one of the

822

00:34:18,129 --> 00:34:14,060

largest databases on triangular UFO

823

00:34:19,960 --> 00:34:18,139

reports worldwide we have no reports of

824

00:34:22,240 --> 00:34:19,970

these things taking off or landing from

825

00:34:23,829 --> 00:34:22,250

the military base there certainly flying

826

00:34:25,210 --> 00:34:23,839

around in the sky but where is their

827

00:34:27,070 --> 00:34:25,220

point of origin where are they being

828

00:34:29,550 --> 00:34:27,080

based and to your point

829

00:34:31,990 --> 00:34:29,560

let's just talk basic military logistics

830

00:34:32,590 --> 00:34:32,000

how many people do you have to have to

831

00:34:34,870 --> 00:34:32,600

maintain

832

00:34:38,110 --> 00:34:34,880

f18 like we were just Alejandra was

833

00:34:41,200 --> 00:34:38,120

talking about the sightings by Naval

834

00:34:43,960 --> 00:34:41,210

pilots you have an entire crew that

835

00:34:46,180 --> 00:34:43,970

maintenance is that type of aircraft if

836

00:34:48,820 --> 00:34:46,190

you have an aircraft a mile long do you

837

00:34:50,620 --> 00:34:48,830

have any idea the scale the logistics

838

00:34:53,650 --> 00:34:50,630

the personnel involved in trying to

839

00:34:55,480 --> 00:34:53,660

maintain an aircraft that size let alone

840

00:34:57,010 --> 00:34:55,490

the logistics of where are you going to

841

00:35:00,640 --> 00:34:57,020

house it where it's not visible from

842

00:35:02,860 --> 00:35:00,650

satellites or from people nearby so I

843

00:35:05,080 --> 00:35:02,870

really have a hard time buying that and

844

00:35:08,140 --> 00:35:05,090

again we can talk about the modern

845

00:35:10,570 --> 00:35:08,150

reports but we simply can't ignore the

846

00:35:12,130 --> 00:35:10,580

historical body of information that

847

00:35:14,680 --> 00:35:12,140

exists where these triangles have been

848

00:35:16,570 --> 00:35:14,690

around for a very very long time yeah

849

00:35:18,190 --> 00:35:16,580

that's right like this go ahead and we

850

00:35:20,170 --> 00:35:18,200

just simply can't ignore that you can't

851

00:35:22,840 --> 00:35:20,180

arbitrarily look at the new cases and

852

00:35:24,160 --> 00:35:22,850

say well that's military and when I put

853

00:35:26,320 --> 00:35:24,170

forth the argument what about these

854

00:35:27,820 --> 00:35:26,330

cases in the fifties sixties people

855

00:35:29,710 --> 00:35:27,830

don't have a response for that they're

856

00:35:31,960 --> 00:35:29,720

like well they could have seen anything

857

00:35:34,060 --> 00:35:31,970

well why don't you say that about the

858

00:35:34,870 --> 00:35:34,070

modern day reports yeah hey that's a

859

00:35:39,550 --> 00:35:34,880

good point

860

00:35:41,710 --> 00:35:39,560

so a couple of things first of all you

861

00:35:43,090 --> 00:35:41,720

mentioned the earlier reports and that's

862

00:35:46,150 --> 00:35:43,100

something I was going to touch on too

863

00:35:48,850 --> 00:35:46,160

but there's it seems to be two type of

864

00:35:49,450 --> 00:35:48,860

things that people report on them one is

865

00:35:53,620 --> 00:35:49,460

either

866

00:35:56,020 --> 00:35:53,630

there's silent no no noise at all the

867

00:35:57,370 --> 00:35:56,030

other is a humming uh sometimes a slight

868

00:35:58,930 --> 00:35:57,380

humming those are the two different

869

00:36:02,020 --> 00:35:58,940

things but I want to tell you about a

870

00:36:04,420 --> 00:36:02,030

report that someone wrote me it was a

871

00:36:06,670 --> 00:36:04,430

listener to this show I don't know if

872

00:36:10,690 --> 00:36:06,680

she listens anymore she was a young girl

873

00:36:12,640 --> 00:36:10,700

in Australia she was in the that's where

874

00:36:15,280 --> 00:36:12,650

she's from Australia she was in the

875

00:36:16,870 --> 00:36:15,290

garden with her grandmother and all of a

876

00:36:20,290 --> 00:36:16,880

sudden there was like this shadow and

877

00:36:22,780 --> 00:36:20,300

she looked above and it was a triangle

878

00:36:24,790 --> 00:36:22,790

going over them silently but it seemed

879

00:36:26,950 --> 00:36:24,800

to force them on the ground like a

880

00:36:28,780 --> 00:36:26,960

pressure she said she felt a pressure

881

00:36:31,240 --> 00:36:28,790

and kind of like laid down on the ground

882

00:36:33,400 --> 00:36:31,250

and horror have you ever heard anyone

883

00:36:36,460 --> 00:36:33,410

talk about the pressure feeling pressure

884

00:36:38,350 --> 00:36:36,470

when one was overhead no that's that's

885

00:36:40,120 --> 00:36:38,360

an interesting case though because as I

886

00:36:41,560 --> 00:36:40,130

often say in my lectures it's not just

887

00:36:43,210 --> 00:36:41,570

the ones that fit the patterns it's the

888

00:36:45,940 --> 00:36:43,220

ones that don't fit the patterns that

889

00:36:50,680 --> 00:36:45,950

are particularly interesting we

890

00:36:52,720 --> 00:36:50,690

do have physiological responses to some

891

00:36:56,170 --> 00:36:52,730

of these triangular UFOs static

892

00:36:58,270 --> 00:36:56,180

electricity the hair standing on end you

893

00:37:00,060 --> 00:36:58,280

know maybe a slight heat signature where

894

00:37:03,370 --> 00:37:00,070

they feel maybe a slight temperature

895

00:37:06,280 --> 00:37:03,380

differential from you know before during

896

00:37:10,120 --> 00:37:06,290

and then after the object passes over or

897

00:37:12,010 --> 00:37:10,130

nearby we do have that and but that's a

898

00:37:13,480 --> 00:37:12,020

that's a very interesting one I was not

899

00:37:15,430 --> 00:37:13,490

familiar with that do you recall the

900

00:37:18,730 --> 00:37:15,440

time period that that was felt well I

901  
00:37:21,490 --> 00:37:18,740  
think she's in her early 30s since she

902  
00:37:23,620 --> 00:37:21,500  
said she was like nine years old so okay

903  
00:37:26,800 --> 00:37:23,630  
you know going back to 20 plus years 20

904  
00:37:29,260 --> 00:37:26,810  
years or so Wow yeah so I don't I I

905  
00:37:32,260 --> 00:37:29,270  
would be very happy to connect you two

906  
00:37:33,970 --> 00:37:32,270  
together can do that yeah that'd be

907  
00:37:35,859 --> 00:37:33,980  
interesting I receive a lot of

908  
00:37:37,810 --> 00:37:35,869  
correspondences you can appreciate yeah

909  
00:37:39,400 --> 00:37:37,820  
I have to admit I was rather naive when

910  
00:37:40,960 --> 00:37:39,410  
I wrote this book because my attitude

911  
00:37:42,760 --> 00:37:40,970  
was I want to get the information out

912  
00:37:45,160 --> 00:37:42,770  
there I want other people to see the

913  
00:37:48,400 --> 00:37:45,170

historical cases and the patterns that I

914

00:37:51,329 --> 00:37:48,410

found I was completely naive to the

915

00:37:53,200 --> 00:37:51,339

influx of letters and emails and

916

00:37:55,120 --> 00:37:53,210

information that I was receiving from

917

00:37:58,240 --> 00:37:55,130

others after the book was released so

918

00:38:00,670 --> 00:37:58,250

I'm sure and a number of people very

919

00:38:02,109 --> 00:38:00,680

sincerely told me both by phone I had

920

00:38:05,410 --> 00:38:02,119

phone conversations with many of these

921

00:38:07,059 --> 00:38:05,420

witnesses and in emails email

922

00:38:09,400 --> 00:38:07,069

correspondence they said you know what

923

00:38:10,990 --> 00:38:09,410

for years my friends my family ridiculed

924

00:38:13,900 --> 00:38:11,000

me because I told him what I saw and

925

00:38:16,599 --> 00:38:13,910

then I got your book and you gave me

926

00:38:17,920 --> 00:38:16,609

validation I knew I wasn't crazy but to

927

00:38:21,460 --> 00:38:17,930

read of other people that had these

928

00:38:23,200 --> 00:38:21,470

sightings you provided context and thank

929

00:38:26,050 --> 00:38:23,210

you for that and it really gave a lot of

930

00:38:27,910 --> 00:38:26,060

people peace of mind and again I was

931

00:38:29,680 --> 00:38:27,920

completely naive that would have any

932

00:38:31,930 --> 00:38:29,690

type of emotional or psychological

933

00:38:33,849 --> 00:38:31,940

impact on people like that and that was

934

00:38:35,440 --> 00:38:33,859

very gratifying for the work that went

935

00:38:38,770 --> 00:38:35,450

into I'm sure I'm sure

936

00:38:41,470 --> 00:38:38,780

and before we move on are you writing a

937

00:38:43,210 --> 00:38:41,480

second book on triangle UFOs or are you

938

00:38:45,520 --> 00:38:43,220

gonna just move on to other things

939

00:38:47,319 --> 00:38:45,530

no this is the running joke with my

940

00:38:49,839 --> 00:38:47,329

research assistants my friends that are

941

00:38:51,579 --> 00:38:49,849

helping me with my UFO library here we

942

00:38:54,550 --> 00:38:51,589

have a pretty extensive clinic and one

943

00:38:56,530 --> 00:38:54,560

of the private libraries and the running

944

00:38:58,300 --> 00:38:56,540

joke was one of my my volunteers Bob

945

00:38:59,079 --> 00:38:58,310

that's every time he looks at me and I

946

00:39:00,400 --> 00:38:59,089

say well I got it

947

00:39:03,880 --> 00:39:00,410

you this I gotta do that his running

948

00:39:05,709 --> 00:39:03,890

joke is how's the new book coming I want

949

00:39:07,599 --> 00:39:05,719

to write a book on the Farmington

950

00:39:10,269 --> 00:39:07,609

incident that will hopefully have some

951  
00:39:12,339 --> 00:39:10,279  
time to discuss here I have a lot of

952  
00:39:13,569 --> 00:39:12,349  
information that people haven't seen a

953  
00:39:15,759 --> 00:39:13,579  
lot of information that I've been able

954  
00:39:18,160 --> 00:39:15,769  
to call out of some of the archives and

955  
00:39:19,839 --> 00:39:18,170  
from microfilm and I've been able to

956  
00:39:21,489 --> 00:39:19,849  
weed some of that together I had the

957  
00:39:22,959 --> 00:39:21,499  
information unfortunately I haven't had

958  
00:39:23,950 --> 00:39:22,969  
the time to sit down and actually start

959  
00:39:26,229 --> 00:39:23,960  
writing

960  
00:39:28,180 --> 00:39:26,239  
besides my career which I obviously

961  
00:39:30,430 --> 00:39:28,190  
don't do this full time I have a working

962  
00:39:32,200 --> 00:39:30,440  
job that helps pay the bills and fund

963  
00:39:34,059 --> 00:39:32,210

the research besides my job

964

00:39:36,309 --> 00:39:34,069

I've actually been acquiring two or

965

00:39:38,950 --> 00:39:36,319

three large UFO historical collections

966

00:39:39,190 --> 00:39:38,960

well just two weeks ago over Memorial

967

00:39:42,370 --> 00:39:39,200

Day

968

00:39:46,479 --> 00:39:42,380

I met with researcher and friend Antonio

969

00:39:48,549 --> 00:39:46,489

cuneus in Tempe Arizona and Antonio was

970

00:39:51,519 --> 00:39:48,559

looking to liquidate some of his

971

00:39:54,489 --> 00:39:51,529

research materials so well I along with

972

00:39:56,799 --> 00:39:54,499

my fiance he flew to Phoenix and we

973

00:39:59,529 --> 00:39:56,809

drove back a u-haul full of 13 large

974

00:40:01,839 --> 00:39:59,539

boxes of international Case Files and

975

00:40:03,880 --> 00:40:01,849

UFO information which are sitting here

976

00:40:05,410 --> 00:40:03,890

off camera right now which I have to

977

00:40:09,579 --> 00:40:05,420

spend the ensuing weeks sorting through

978

00:40:11,259 --> 00:40:09,589

and sifting through so yeah well yeah

979

00:40:12,219 --> 00:40:11,269

and you have to seize the moment I want

980

00:40:14,829 --> 00:40:12,229

to write my book but when these

981

00:40:16,450 --> 00:40:14,839

opportunities present themselves one of

982

00:40:18,219 --> 00:40:16,460

my big things is preserving UFO

983

00:40:20,979 --> 00:40:18,229

information and to that point I think

984

00:40:22,900 --> 00:40:20,989

we've discussed this in the past I've

985

00:40:25,539 --> 00:40:22,910

secured a working arrangement with the

986

00:40:26,709 --> 00:40:25,549

University of New Mexico here and in

987

00:40:28,839 --> 00:40:26,719

fact I'll have some of the personnel

988

00:40:30,880 --> 00:40:28,849

coming here into my research room and

989

00:40:32,799 --> 00:40:30,890

looking at the library but we've entered

990

00:40:34,870 --> 00:40:32,809

into a legal deed of yet and actually I

991

00:40:38,709 --> 00:40:34,880

think we this this transpired since we

992

00:40:40,029 --> 00:40:38,719

last spoke and when I pass all this

993

00:40:41,829 --> 00:40:40,039

material will be acquired by the

994

00:40:43,479 --> 00:40:41,839

University of New Mexico library for

995

00:40:46,450 --> 00:40:43,489

preservation in their Southwest Special

996

00:40:48,549 --> 00:40:46,460

Collections Archives and people will be

997

00:40:51,130 --> 00:40:48,559

able generations from now to go there

998

00:40:52,900 --> 00:40:51,140

and go through that material so I'm very

999

00:40:54,519 --> 00:40:52,910

gratified that all of this material is

1000

00:40:56,969 --> 00:40:54,529

going to be preserved and that the

1001  
00:40:59,739 --> 00:40:56,979  
university an academic setting finds

1002  
00:41:02,410 --> 00:40:59,749  
historical and other value in this

1003  
00:41:04,029 --> 00:41:02,420  
information well Dave how we possible

1004  
00:41:06,190 --> 00:41:04,039  
possibly going to fit all this

1005  
00:41:08,769 --> 00:41:06,200  
information you have in such a short

1006  
00:41:10,510 --> 00:41:08,779  
time we we have like 15 minutes before

1007  
00:41:13,090 --> 00:41:10,520  
the next break ends and we

1008  
00:41:15,460 --> 00:41:13,100  
the full hour after that but the Battle

1009  
00:41:16,840 --> 00:41:15,470  
of LA I want to talk about that so let's

1010  
00:41:18,940 --> 00:41:16,850  
jump into that I'm not sure if we're

1011  
00:41:22,840 --> 00:41:18,950  
gonna have time to talk about you know

1012  
00:41:26,410 --> 00:41:22,850  
New Mexico or our Marta there but let's

1013  
00:41:28,720 --> 00:41:26,420

talk about that now you during the break

1014

00:41:32,290 --> 00:41:28,730

you said something about the original

1015

00:41:33,850 --> 00:41:32,300

clip and well first of all quickly for

1016

00:41:36,070 --> 00:41:33,860

the person that's not familiar with it

1017

00:41:38,170 --> 00:41:36,080

most people are but that listen to the

1018

00:41:41,860 --> 00:41:38,180

show I would imagine but quickly can you

1019

00:41:45,210 --> 00:41:41,870

go over what happened in 1942 sure the

1020

00:41:48,580 --> 00:41:45,220

early morning of February 25th 1942 the

1021

00:41:50,650 --> 00:41:48,590

California coast an unidentified radar

1022

00:41:52,750 --> 00:41:50,660

target was picked up by three radar

1023

00:41:55,540 --> 00:41:52,760

installations Army installations an

1024

00:41:58,000 --> 00:41:55,550

inbound target was tracked for 120 miles

1025

00:41:59,500 --> 00:41:58,010

moving from the Northwest from the

1026

00:42:01,660 --> 00:41:59,510

direction of Santa Maria Burnie

1027

00:42:03,220 --> 00:42:01,670

California audience members there was

1028

00:42:06,850 --> 00:42:03,230

coming in from the direction of Santa

1029

00:42:09,640 --> 00:42:06,860

Maria towards the greater LA area and

1030

00:42:12,610 --> 00:42:09,650

this basically initiated an all-out

1031

00:42:14,710 --> 00:42:12,620

blackout and alert because we have to

1032

00:42:16,870 --> 00:42:14,720

provide historical context this is just

1033

00:42:19,780 --> 00:42:16,880

two months after the bombing of Pearl

1034

00:42:21,550 --> 00:42:19,790

Harbor so the the great fear at the time

1035

00:42:24,790 --> 00:42:21,560

was that the Japanese were eventually

1036

00:42:27,010 --> 00:42:24,800

going to move tax Hawaii and do a full

1037

00:42:28,840 --> 00:42:27,020

mainland assault so we had radar

1038

00:42:31,480 --> 00:42:28,850

installations we had gun emplacements

1039

00:42:33,700 --> 00:42:31,490

ready for any type of Japanese military

1040

00:42:35,860 --> 00:42:33,710

incursion that might take place so that

1041

00:42:39,940 --> 00:42:35,870

was the the prevailing fear at the times

1042

00:42:41,800 --> 00:42:39,950

and amongst all of this war tensions we

1043

00:42:43,360 --> 00:42:41,810

had this unidentified target which I'm

1044

00:42:44,770 --> 00:42:43,370

not saying is extraterrestrial let me be

1045

00:42:46,300 --> 00:42:44,780

very clear on that I think Martin you

1046

00:42:48,400 --> 00:42:46,310

and I have talked many times that when

1047

00:42:51,430 --> 00:42:48,410

we talk about UFOs we mean unidentified

1048

00:42:53,830 --> 00:42:51,440

flying objects so just for the sake of

1049

00:42:56,950 --> 00:42:53,840

clarification this unidentified radar

1050

00:42:59,760 --> 00:42:56,960

target was moving inbound then the

1051  
00:43:02,500 --> 00:42:59,770  
anti-aircraft batteries began firing on

1052  
00:43:04,300 --> 00:43:02,510  
multiple targets now that being said

1053  
00:43:06,640 --> 00:43:04,310  
there was a lot of hysteria at the time

1054  
00:43:08,560 --> 00:43:06,650  
so we're not quite sure what all the gun

1055  
00:43:10,000 --> 00:43:08,570  
emplacements were firing on and we're

1056  
00:43:12,310 --> 00:43:10,010  
not sure what all the civilian and

1057  
00:43:15,790 --> 00:43:12,320  
military witnesses were observing but

1058  
00:43:19,030 --> 00:43:15,800  
based on my analysis we have at least

1059  
00:43:21,910 --> 00:43:19,040  
one solitary target again responsible

1060  
00:43:23,680 --> 00:43:21,920  
for the radar target potentially that

1061  
00:43:24,220 --> 00:43:23,690  
then moved over the Baldwin Hills area

1062  
00:43:27,550 --> 00:43:24,230  
Cal

1063  
00:43:29,020 --> 00:43:27,560

or Nia was photographed by a news

1064

00:43:30,220 --> 00:43:29,030

photographer and there's a whole story

1065

00:43:31,650 --> 00:43:30,230

which we don't unfortunately have time

1066

00:43:34,359 --> 00:43:31,660

to get into on that which I've uncovered

1067

00:43:35,950 --> 00:43:34,369

but we have the famous photo that many

1068

00:43:38,710 --> 00:43:35,960

of your audience members may have seen

1069

00:43:41,140 --> 00:43:38,720

on the internet and then the object

1070

00:43:43,960 --> 00:43:41,150

moved down towards Long Beach and

1071

00:43:46,740 --> 00:43:43,970

disappeared 20 minutes after the firing

1072

00:43:48,970 --> 00:43:46,750

died down the object came back

1073

00:43:50,200 --> 00:43:48,980

essentially based on all of the

1074

00:43:51,730 --> 00:43:50,210

correlating information through

1075

00:43:53,980 --> 00:43:51,740

government documents and newspaper

1076  
00:43:56,230 --> 00:43:53,990  
accounts the object reverse direction

1077  
00:43:58,770 --> 00:43:56,240  
from the direction it originally come

1078  
00:44:02,500 --> 00:43:58,780  
and then eventually disappeared off of

1079  
00:44:04,630 --> 00:44:02,510  
Santa Monica and so we have radar

1080  
00:44:06,609 --> 00:44:04,640  
confirmation we have visual sightings we

1081  
00:44:09,099 --> 00:44:06,619  
have a military engagement of this

1082  
00:44:11,140 --> 00:44:09,109  
object and we have photographic evidence

1083  
00:44:12,849 --> 00:44:11,150  
now the photograph that many people see

1084  
00:44:15,310 --> 00:44:12,859  
on the internet I'm here to tell you has

1085  
00:44:16,960 --> 00:44:15,320  
been doctored now skeptics will

1086  
00:44:19,440 --> 00:44:16,970  
immediately discount it saying well

1087  
00:44:22,450 --> 00:44:19,450  
there you go it's not valid information

1088  
00:44:24,550 --> 00:44:22,460

for the point of clarification I have a

1089

00:44:26,530 --> 00:44:24,560

high-resolution scan of the original

1090

00:44:29,109 --> 00:44:26,540

negative that was secured by Ben Hansen

1091

00:44:31,780 --> 00:44:29,119

friend and researcher out in California

1092

00:44:33,280 --> 00:44:31,790

yeah and for a documentary series he and

1093

00:44:34,839 --> 00:44:33,290

I were both working on ironically enough

1094

00:44:36,730 --> 00:44:34,849

he was working on an episode for the

1095

00:44:39,819 --> 00:44:36,740

Battle of LA I was working on an episode

1096

00:44:41,559 --> 00:44:39,829

on triangular UFOs he secured a

1097

00:44:43,569 --> 00:44:41,569

high-resolution scan of the original

1098

00:44:45,490 --> 00:44:43,579

negative and I've been able to look at

1099

00:44:48,220 --> 00:44:45,500

that and do some basic contrast

1100

00:44:50,380 --> 00:44:48,230

enhancement and I'm here to tell you

1101

00:44:52,569 --> 00:44:50,390

that there is an object in the

1102

00:44:54,490 --> 00:44:52,579

convergence of these searchlights it is

1103

00:44:57,040 --> 00:44:54,500

not the object that many people have

1104

00:44:59,319 --> 00:44:57,050

extrapolated or have gleaned from the

1105

00:45:01,120 --> 00:44:59,329

photo that's on the Internet most people

1106

00:45:04,510 --> 00:45:01,130

you know they describe a circular object

1107

00:45:06,700 --> 00:45:04,520

with a little cupola or dome on top in

1108

00:45:08,290 --> 00:45:06,710

the original negative if you zoom in and

1109

00:45:10,420 --> 00:45:08,300

you do basic contrast enhancement

1110

00:45:13,270 --> 00:45:10,430

nothing fancy with Photoshop just basic

1111

00:45:15,130 --> 00:45:13,280

contrast enhancement you dim the photo

1112

00:45:17,260 --> 00:45:15,140

down to where all the searchlights

1113

00:45:21,809 --> 00:45:17,270

disappear and what you're left with is

1114

00:45:24,910 --> 00:45:21,819

this elongated oval shaped object and

1115

00:45:28,240 --> 00:45:24,920

around that are all of these very

1116

00:45:30,609 --> 00:45:28,250

intense bursts of light which are the

1117

00:45:33,400 --> 00:45:30,619

anti-aircraft guns are bursts around the

1118

00:45:36,010 --> 00:45:33,410

object some have even speculated on the

1119

00:45:37,790 --> 00:45:36,020

object and what people see as a little

1120

00:45:41,570 --> 00:45:37,800

cupola or dome on the top is

1121

00:45:43,670 --> 00:45:41,580

and it's very clear are a series of any

1122

00:45:45,890 --> 00:45:43,680

aircraft bursts captured at the moment

1123

00:45:48,080 --> 00:45:45,900

the photographer took that photo and

1124

00:45:49,880 --> 00:45:48,090

it's unmistakable I mean I wish I could

1125

00:45:54,110 --> 00:45:49,890

share it with the audience but it's not

1126

00:45:55,760 --> 00:45:54,120

the only photo known it well thank you

1127

00:45:57,560 --> 00:45:55,770

thank you for clarifying that because

1128

00:46:00,860 --> 00:45:57,570

that always comes up in my lectures it's

1129

00:46:02,660 --> 00:46:00,870

the only known photo of that object but

1130

00:46:04,130 --> 00:46:02,670

as many people have asked Dave do you

1131

00:46:06,410 --> 00:46:04,140

really think the photographer just took

1132

00:46:08,690 --> 00:46:06,420

one photo and my answer is no in the

1133

00:46:12,770 --> 00:46:08,700

ensuing chaos now think of you as as a

1134

00:46:14,720 --> 00:46:12,780

Press reporter in 1942 you're seeing

1135

00:46:16,520 --> 00:46:14,730

this object the searchlights are

1136

00:46:19,400 --> 00:46:16,530

converged on it and they're throwing a

1137

00:46:21,830 --> 00:46:19,410

barrage of anti-aircraft shells 37

1138

00:46:24,020 --> 00:46:21,840

millimeter rounds 50 caliber rounds as

1139

00:46:26,900 --> 00:46:24,030

well as three inch shells at this object

1140

00:46:30,140 --> 00:46:26,910

over 1,400 rounds were extended towards

1141

00:46:32,150 --> 00:46:30,150

the same in your mind you're thinking I

1142

00:46:33,860 --> 00:46:32,160

have the story of the century the

1143

00:46:36,500 --> 00:46:33,870

Japanese are attacking and I'm here to

1144

00:46:38,330 --> 00:46:36,510

capture photos I find it very hard to

1145

00:46:40,580 --> 00:46:38,340

believe I think it stretches for jhula T

1146

00:46:42,920 --> 00:46:40,590

that a photographer traipse out on a

1147

00:46:44,480 --> 00:46:42,930

hillside got a great vantage point took

1148

00:46:47,030 --> 00:46:44,490

one photo turned around and got in his

1149

00:46:49,760 --> 00:46:47,040

car and went home right somewhere at

1150

00:46:51,290 --> 00:46:49,770

some time maybe not today but somewhere

1151  
00:46:53,720 --> 00:46:51,300  
at some time there must have been other

1152  
00:46:56,480 --> 00:46:53,730  
photos a sequence of photos taken of

1153  
00:46:58,400 --> 00:46:56,490  
this incident unfortunately as of right

1154  
00:47:01,130 --> 00:46:58,410  
now to our knowledge we only have the

1155  
00:47:04,310 --> 00:47:01,140  
one famous photo now do you have you

1156  
00:47:06,550 --> 00:47:04,320  
done research I'm sure you have and to

1157  
00:47:09,680 --> 00:47:06,560  
who the photographer was and his family

1158  
00:47:12,230 --> 00:47:09,690  
yes survived family and all that yes

1159  
00:47:14,960 --> 00:47:12,240  
it's nothing conclusive but if I was a

1160  
00:47:16,790 --> 00:47:14,970  
betting man which I'm not so what I'm

1161  
00:47:19,040 --> 00:47:16,800  
about to say he has a lot of stock to it

1162  
00:47:21,620 --> 00:47:19,050  
if I was a betting man I would say I'm

1163  
00:47:24,950 --> 00:47:21,630

about 95 percent certain I know who the

1164

00:47:27,380 --> 00:47:24,960

photographer was and just to back up for

1165

00:47:29,270 --> 00:47:27,390

a moment the original photo I have which

1166

00:47:30,530 --> 00:47:29,280

is a doctored one it's like the one you

1167

00:47:33,260 --> 00:47:30,540

see on the internet although it's much

1168

00:47:36,020 --> 00:47:33,270

cleaner he is an original 8 by 10

1169

00:47:36,470 --> 00:47:36,030

Associated Press Photo stamped on the

1170

00:47:40,490 --> 00:47:36,480

back

1171

00:47:43,640 --> 00:47:40,500

February 25th 1942 and is unique enough

1172

00:47:46,010 --> 00:47:43,650

to have the original news teletype glued

1173

00:47:48,950 --> 00:47:46,020

to the back yep and it describes a

1174

00:47:50,900 --> 00:47:48,960

mysterious object that was sighted in

1175

00:47:54,799 --> 00:47:50,910

in the convergence of searchlights and

1176  
00:47:57,049 --> 00:47:54,809  
was shot at the photo came from a seller

1177  
00:47:58,940 --> 00:47:57,059  
on eBay I'd love to say there was a

1178  
00:48:00,349 --> 00:47:58,950  
wonderful back story channel where I

1179  
00:48:03,049 --> 00:48:00,359  
worked with a government agent that

1180  
00:48:05,839 --> 00:48:03,059  
leaked this information unfortunately I

1181  
00:48:08,210 --> 00:48:05,849  
got it off of ebay now that being said I

1182  
00:48:10,819 --> 00:48:08,220  
have many other historical photos from

1183  
00:48:12,470 --> 00:48:10,829  
that time period so I know the earmarks

1184  
00:48:15,559 --> 00:48:12,480  
to look for to show that it is a genuine

1185  
00:48:18,770 --> 00:48:15,569  
photo but I reached out to the seller

1186  
00:48:21,559 --> 00:48:18,780  
and became good friends with him and he

1187  
00:48:24,140 --> 00:48:21,569  
sold me a provided a series of other

1188  
00:48:26,950 --> 00:48:24,150

photos from this collection long story

1189

00:48:29,569 --> 00:48:26,960

short I know we're tight on time the

1190

00:48:32,180 --> 00:48:29,579

collection belonged to an Associated

1191

00:48:36,470 --> 00:48:32,190

Press photographer by the name of IRA

1192

00:48:40,640 --> 00:48:36,480

gold nur and IRA gold nur lived in the

1193

00:48:43,280 --> 00:48:40,650

greater LA area in February 1942 we even

1194

00:48:45,920 --> 00:48:43,290

have on the internet photos posted by

1195

00:48:49,040 --> 00:48:45,930

The Associated Press of being Crosby and

1196

00:48:51,200 --> 00:48:49,050

his family were Japanese citizens being

1197

00:48:53,660 --> 00:48:51,210

rounded up for interrogation by LA

1198

00:48:57,200 --> 00:48:53,670

Police and the attribution on those

1199

00:48:59,270 --> 00:48:57,210

photos on the Internet are IRA W Goldner

1200

00:49:01,970 --> 00:48:59,280

so we know he was an Associated Press

1201

00:49:05,690 --> 00:49:01,980

Photo photographer he was in LA in

1202

00:49:08,210 --> 00:49:05,700

February 1942 and we have numerous other

1203

00:49:10,250 --> 00:49:08,220

photos from his collection and it was in

1204

00:49:12,460 --> 00:49:10,260

this collection that this photo and the

1205

00:49:14,000 --> 00:49:12,470

new Sela type more Garner's bomb

1206

00:49:17,599 --> 00:49:14,010

interesting Wow

1207

00:49:21,289 --> 00:49:17,609

so I'm sure you've heard all of the

1208

00:49:22,670 --> 00:49:21,299

skeptical views of what this may be and

1209

00:49:26,599 --> 00:49:22,680

I'm sure you've approached it very

1210

00:49:30,520 --> 00:49:26,609

carefully whether it was a balloon but

1211

00:49:32,799 --> 00:49:30,530

you're saying it changed and it changed

1212

00:49:35,839 --> 00:49:32,809

where it was going and then came back

1213

00:49:38,720 --> 00:49:35,849

which I feel would be very strange for a

1214

00:49:41,660 --> 00:49:38,730

balloon to do what are what are other

1215

00:49:44,599 --> 00:49:41,670

people proposing what this could have

1216

00:49:46,480 --> 00:49:44,609

been well the most likely explanations

1217

00:49:49,520 --> 00:49:46,490

that I've heard postulated by the the

1218

00:49:51,410 --> 00:49:49,530

skeptics it was all attributed to Judy

1219

00:49:53,900 --> 00:49:51,420

Warner's there was nothing there it was

1220

00:49:56,030 --> 00:49:53,910

just mass hallucination wonderful where

1221

00:49:57,260 --> 00:49:56,040

people were looking for Japanese planes

1222

00:50:00,260 --> 00:49:57,270

so they looked up in the sky and they

1223

00:50:02,220 --> 00:50:00,270

saw them that's one explanation well

1224

00:50:05,040 --> 00:50:02,230

firstly Island played a role of

1225

00:50:07,880 --> 00:50:05,050

what into oh it did and as I mentioned

1226

00:50:10,260 --> 00:50:07,890

earlier there was this area there were

1227

00:50:12,270 --> 00:50:10,270

misidentifications that took place but

1228

00:50:14,550 --> 00:50:12,280

the one thing I like to say is if we

1229

00:50:16,050 --> 00:50:14,560

want to go with that theory and I tried

1230

00:50:18,780 --> 00:50:16,060

to knock out every possible explanation

1231

00:50:20,520 --> 00:50:18,790

I don't look for UFO as the primary

1232

00:50:22,800 --> 00:50:20,530

explanation when I go into these cases

1233

00:50:26,250 --> 00:50:22,810

if anything it's the last explanation I

1234

00:50:28,980 --> 00:50:26,260

look for the the fact of the matter is

1235

00:50:31,440 --> 00:50:28,990

we have a radar target now radar was

1236

00:50:33,570 --> 00:50:31,450

screwed in 1942 - I concede that but we

1237

00:50:35,580 --> 00:50:33,580

had three separate radars correlated on

1238

00:50:38,220 --> 00:50:35,590

a target moving a hundred and twenty

1239

00:50:41,010 --> 00:50:38,230

miles inbound off the Pacific moving

1240

00:50:41,490 --> 00:50:41,020

towards the greater LA area to my

1241

00:50:43,320 --> 00:50:41,500

knowledge

1242

00:50:44,970 --> 00:50:43,330

hallucinations and war nerves can't be

1243

00:50:47,849 --> 00:50:44,980

tracked on radar

1244

00:50:49,849 --> 00:50:47,859

in addition hallucinations and war

1245

00:50:52,560 --> 00:50:49,859

nerves can't be photographed so

1246

00:50:54,570 --> 00:50:52,570

something was obviously tracked on radar

1247

00:50:56,700 --> 00:50:54,580

something was photographed what that

1248

00:50:59,070 --> 00:50:56,710

something is I don't know it's a genuine

1249

00:51:00,480 --> 00:50:59,080

unidentified flying object but most of

1250

00:51:02,430 --> 00:51:00,490

the skeptics will attribute it to a

1251

00:51:04,740 --> 00:51:02,440

barrage balloon that broke loose from

1252

00:51:06,630 --> 00:51:04,750

its tether and floated around and that's

1253

00:51:08,910 --> 00:51:06,640

what people saw and I would concede that

1254

00:51:12,480 --> 00:51:08,920

the general shape of the the untouched

1255

00:51:15,240 --> 00:51:12,490

photo is a roughly elliptical shaped

1256

00:51:17,750 --> 00:51:15,250

object which does some port with a an

1257

00:51:21,510 --> 00:51:17,760

anti-aircraft barrage balloon however

1258

00:51:24,240 --> 00:51:21,520

the Navy and the army were at odds with

1259

00:51:25,710 --> 00:51:24,250

an official explanation the simplest

1260

00:51:28,109 --> 00:51:25,720

thing for them to come up with would be

1261

00:51:30,090 --> 00:51:28,119

to say it was a barrage balloon it broke

1262

00:51:31,740 --> 00:51:30,100

loose was captured in our searchlights

1263

00:51:33,750 --> 00:51:31,750

and we shot it down the problem with

1264

00:51:35,760 --> 00:51:33,760

that is they never recovered a barrage

1265

00:51:37,470 --> 00:51:35,770

balloon there was never a report in any

1266

00:51:40,470 --> 00:51:37,480

of the military reports which I obtained

1267

00:51:42,120 --> 00:51:40,480

through Barry Greenwoods research there

1268

00:51:43,950 --> 00:51:42,130

was never a missing barrage balloon

1269

00:51:44,940 --> 00:51:43,960

there was never the remnants of a

1270

00:51:46,740 --> 00:51:44,950

balloon which these things are very

1271

00:51:49,530 --> 00:51:46,750

large you know they're an excess of 75

1272

00:51:51,150 --> 00:51:49,540

feet long you can't miss a barrage

1273

00:51:53,040 --> 00:51:51,160

balloon a cycle not light not like a

1274

00:51:55,830 --> 00:51:53,050

little weather balloon and to your point

1275

00:51:58,740 --> 00:51:55,840

Martin which is a valid point a barrage

1276

00:52:02,220 --> 00:51:58,750

balloon isn't going to move inland from

1277

00:52:04,560 --> 00:52:02,230

120 miles off the Pacific then maneuver

1278

00:52:06,240 --> 00:52:04,570

around the greater LA area disappear for

1279

00:52:08,790 --> 00:52:06,250

20 minutes and then circle back in

1280

00:52:10,830 --> 00:52:08,800

reverse course yeah have some strange

1281

00:52:13,170 --> 00:52:10,840

wind patterns for that to happen that's

1282

00:52:15,859 --> 00:52:13,180

one hell of a balloon let me tell you

1283

00:52:17,420 --> 00:52:15,869

yeah we only have like three minute

1284

00:52:22,160 --> 00:52:17,430

so there's no way we can get into your

1285

00:52:25,339 --> 00:52:22,170

New Mexico save that for another time no

1286

00:52:28,220 --> 00:52:25,349

no the one thing also on this I know

1287

00:52:29,809 --> 00:52:28,230

there were several people that yeah we

1288

00:52:31,880 --> 00:52:29,819

got three minutes several people that

1289

00:52:33,980 --> 00:52:31,890

actually died do you know I mean some of

1290

00:52:35,900 --> 00:52:33,990

them from the shell casings I believe

1291

00:52:39,109 --> 00:52:35,910

and one of a heart attack or something

1292

00:52:40,970 --> 00:52:39,119

like that actually surprisingly none

1293

00:52:42,499 --> 00:52:40,980

from shell casings there were injuries

1294

00:52:44,269 --> 00:52:42,509

but no deaths attributed to shell

1295

00:52:45,980 --> 00:52:44,279

casings because to your point

1296

00:52:48,440 --> 00:52:45,990

what goes up comes down and there was a

1297

00:52:49,819 --> 00:52:48,450

lot of shrapnel that did a lot of

1298

00:52:51,589 --> 00:52:49,829

property damage

1299

00:52:54,079 --> 00:52:51,599

there's many photos in the original

1300

00:52:56,029 --> 00:52:54,089

newspapers I have a property damage the

1301  
00:52:57,589 --> 00:52:56,039  
deaths were actually attributed and I do

1302  
00:52:58,940 --> 00:52:57,599  
bring that up in my in my lecture

1303  
00:53:01,039 --> 00:52:58,950  
because a lot of people like to laugh at

1304  
00:53:03,079 --> 00:53:01,049  
this case the skeptics especially but I

1305  
00:53:04,460 --> 00:53:03,089  
do dedicate a slide to the fact in the

1306  
00:53:06,410 --> 00:53:04,470  
memory of those people that did lose

1307  
00:53:08,299 --> 00:53:06,420  
their lives during this incident but

1308  
00:53:10,460 --> 00:53:08,309  
they were unfortunately attributed to

1309  
00:53:12,710 --> 00:53:10,470  
vehicular accidents people trying to

1310  
00:53:14,269 --> 00:53:12,720  
drive during the blackout and they

1311  
00:53:16,220 --> 00:53:14,279  
either ran into another vehicle or they

1312  
00:53:18,680 --> 00:53:16,230  
ran into an obstacle and then

1313  
00:53:20,569 --> 00:53:18,690

unfortunately but yet no surprise some

1314

00:53:23,210 --> 00:53:20,579

were attributed to heart attacks people

1315

00:53:25,999 --> 00:53:23,220

were so panicked by this the wailing of

1316

00:53:27,920 --> 00:53:26,009

anti-aircraft you know sirens and then

1317

00:53:30,349 --> 00:53:27,930

of course the concussion an explosion of

1318

00:53:32,539 --> 00:53:30,359

all these anti-aircraft shells threw a

1319

00:53:34,729 --> 00:53:32,549

lot of people into cardiac arrest and

1320

00:53:37,910 --> 00:53:34,739

who unfortunately later died Wow

1321

00:53:42,289 --> 00:53:37,920

so now this is weird so 1942 this

1322

00:53:43,749 --> 00:53:42,299

happens and so what happens between 1942

1323

00:53:46,579 --> 00:53:43,759

and 1947

1324

00:53:50,269 --> 00:53:46,589

mm-hmm do we know how many UFO

1325

00:53:52,370 --> 00:53:50,279

encounters there yes there are a number

1326  
00:53:53,539 --> 00:53:52,380  
and specifically I would cite and I just

1327  
00:53:56,299 --> 00:53:53,549  
gave a lecture in Roswell New Mexico

1328  
00:54:00,680 --> 00:53:56,309  
last year on this talking about cases

1329  
00:54:02,359 --> 00:54:00,690  
prior to the famous Roswell incident the

1330  
00:54:03,950 --> 00:54:02,369  
Foo Fighters sightings over in the

1331  
00:54:07,279 --> 00:54:03,960  
'european at the cinema theater of world

1332  
00:54:09,979 --> 00:54:07,289  
war ii we had numerous well documented

1333  
00:54:11,749 --> 00:54:09,989  
cases of UFOs and anomalous lights that

1334  
00:54:14,390 --> 00:54:11,759  
were seen so this may have been a

1335  
00:54:16,880 --> 00:54:14,400  
precursor to those series of events and

1336  
00:54:18,589 --> 00:54:16,890  
sightings we just simply don't know but

1337  
00:54:21,079 --> 00:54:18,599  
until Kenneth Arnold had his sighting

1338  
00:54:23,839 --> 00:54:21,089

there wasn't really too much in the news

1339

00:54:26,509 --> 00:54:23,849

I know the the Foo Fighters you know and

1340

00:54:27,720 --> 00:54:26,519

I know also in Sweden there were the

1341

00:54:30,120 --> 00:54:27,730

ghost ships or

1342

00:54:32,010 --> 00:54:30,130

rockets yes yes I have some original

1343

00:54:34,800 --> 00:54:32,020

newspapers from that time period as well

1344

00:54:36,599 --> 00:54:34,810

and a very interesting but and that's

1345

00:54:39,180 --> 00:54:36,609

why I like the Battle of LA case because

1346

00:54:40,620 --> 00:54:39,190

in contradiction of the skeptics let's

1347

00:54:43,500 --> 00:54:40,630

say people look up because they want to

1348

00:54:45,690 --> 00:54:43,510

see UFOs do UFOs and flying saucers

1349

00:54:47,640 --> 00:54:45,700

weren't even in our lexicon and I'm 42

1350

00:54:48,750 --> 00:54:47,650

yeah so you can take that explanation

1351

00:54:50,700 --> 00:54:48,760

right off the table

1352

00:54:53,820 --> 00:54:50,710

yeah that's that's what I like about

1353

00:54:56,010 --> 00:54:53,830

some of the cases that are like for

1354

00:54:59,040 --> 00:54:56,020

instance the aerial school incident they

1355

00:55:00,330 --> 00:54:59,050

didn't yet know of the word UFO or hear

1356

00:55:01,890 --> 00:55:00,340

anything about it they had no way to

1357

00:55:06,240 --> 00:55:01,900

know anything about it yet they had an

1358

00:55:07,770 --> 00:55:06,250

amazing encounter that are gonna be

1359

00:55:10,470 --> 00:55:07,780

coming up we'll probably have some in

1360

00:55:13,830 --> 00:55:10,480

Saigon that's right that's right so I

1361

00:55:18,210 --> 00:55:13,840

think we're ready to go into our break

1362

00:55:21,210 --> 00:55:18,220

so we're I want to say we're going to be

1363

00:55:24,450 --> 00:55:21,220

coming back with James Fox and Lee

1364

00:55:26,609 --> 00:55:24,460

Spiegel and our guests now Dave Marlar

1365

00:55:29,910 --> 00:55:26,619

be saying on so you're listening to

1366

00:55:35,180 --> 00:55:29,920

podcast UFO on kgr radio and we'll be

1367

00:55:41,930 --> 00:55:39,230

good job good job here with four minutes

1368

00:55:43,700 --> 00:55:41,940

in this break it never amazes me how

1369

00:55:47,030 --> 00:55:43,710

fast time flies when we talk about our

1370

00:55:48,530 --> 00:55:47,040

favorite subject it's really like that

1371

00:55:49,340 --> 00:55:48,540

there's so much more to talk about I'm

1372

00:55:53,420 --> 00:55:49,350

gonna get Lee

1373

00:55:57,530 --> 00:55:53,430

so Rachel get James on your end I will

1374

00:55:59,720 --> 00:55:57,540

okay I'm gonna get Lee right now and

1375

00:56:02,900 --> 00:55:59,730

this this is live people are listening

1376  
00:56:04,760 --> 00:56:02,910  
to this on youtube so they're getting a

1377  
00:56:08,090 --> 00:56:04,770  
little behind the scenes type of things

1378  
00:56:09,110 --> 00:56:08,100  
going on well I apologize that we didn't

1379  
00:56:10,730 --> 00:56:09,120  
have more time to get into some

1380  
00:56:13,130 --> 00:56:10,740  
specifics that like you said mark maybe

1381  
00:56:14,450 --> 00:56:13,140  
a future show I would always the left

1382  
00:56:16,280 --> 00:56:14,460  
you know I've been trying to get you on

1383  
00:56:17,870 --> 00:56:16,290  
and you you just say you're such a busy

1384  
00:56:21,140 --> 00:56:17,880  
guy hello hello

1385  
00:56:23,540 --> 00:56:21,150  
well that's Lee spiegel's voice wait a

1386  
00:56:29,030 --> 00:56:23,550  
minute I can't like you can't hear

1387  
00:56:34,280 --> 00:56:29,040  
awesome ll all right we hear you Lee l

1388  
00:56:38,330 --> 00:56:34,290

mean wait hold on one second well you're

1389

00:56:41,150 --> 00:56:38,340

you're alive so I'm live yeah oh you

1390

00:56:46,130 --> 00:56:41,160

can't hear us now please Spiegel I can't

1391

00:56:48,950 --> 00:56:46,140

hello mr. Hobbes no per game oh

1392

00:56:50,060 --> 00:56:48,960

that's not good I just can't leave a

1393

00:56:52,790 --> 00:56:50,070

couple of minutes ago

1394

00:56:58,430 --> 00:56:52,800

all right you better text him he's

1395

00:57:02,890 --> 00:56:58,440

supposed to be oh nine number up that

1396

00:57:09,110 --> 00:57:07,790

MJ me you on hello hey James how are ya

1397

00:57:14,140 --> 00:57:09,120

it's Martin Willis so you're on with a

1398

00:57:18,580 --> 00:57:14,150

whole bunch of us good how are you doing

1399

00:57:21,590 --> 00:57:18,590

good in the Edit room as we speak just

1400

00:57:24,320 --> 00:57:21,600

working continuously on on today

1401

00:57:27,080 --> 00:57:24,330

particularly rural Zimbabwe case in 1994

1402

00:57:32,870 --> 00:57:27,090

case oh wow we were just talking about

1403

00:57:34,880 --> 00:57:32,880

that anyway so James thanks so much for

1404

00:57:37,430 --> 00:57:34,890

being willing to do this because I know

1405

00:57:40,040 --> 00:57:37,440

you are Lee's been telling me how

1406

00:57:43,280 --> 00:57:40,050

absolute Jam do you are trying to get

1407

00:57:45,020 --> 00:57:43,290

this done and I'm really excited thank

1408

00:57:47,210 --> 00:57:45,030

you yeah you could do this we are in

1409

00:57:48,589 --> 00:57:47,220

YouTube live and are still on kgr a

1410

00:57:51,420 --> 00:57:48,599

break

1411

00:57:52,920 --> 00:57:51,430

okay great well yeah I don't I don't I

1412

00:57:55,230 --> 00:57:52,930

don't think I was trying to reflect back

1413

00:57:58,170 --> 00:57:55,240

at a time when I was this busy and I am

1414

00:58:00,120 --> 00:57:58,180

having a hard time remembering like out

1415

00:58:03,690 --> 00:58:00,130

of the blue film or anything like that

1416

00:58:05,940 --> 00:58:03,700

had had you ever been this chanter you

1417

00:58:11,790 --> 00:58:05,950

are you you're in the editing phase now

1418

00:58:15,390 --> 00:58:11,800

right yeah yeah we're 98% done shooting

1419

00:58:17,880 --> 00:58:15,400

and we're we've got three editors

1420

00:58:21,420 --> 00:58:17,890

working pretty much around the clock oh

1421

00:58:26,820 --> 00:58:21,430

my god Wow it's gentleman two minutes to

1422

00:58:28,859 --> 00:58:26,830

go many well okay so what James is

1423

00:58:30,930 --> 00:58:28,869

actually trying to say here is he

1424

00:58:33,750 --> 00:58:30,940

doesn't really need me to come out to

1425

00:58:37,530 --> 00:58:33,760

California the shattered and help them

1426  
00:59:01,099 --> 00:58:37,540  
complete this thing you're just gonna be

1427  
00:59:08,070 --> 00:59:06,329  
okay for me for me I'm told that while

1428  
00:59:10,710 --> 00:59:08,080  
we're doing any editing up there if I

1429  
00:59:13,200 --> 00:59:10,720  
need to have a bathroom break it's 80

1430  
00:59:15,540 --> 00:59:13,210  
steps to the nearest bathroom yeah I

1431  
00:59:17,670 --> 00:59:15,550  
remember being I remember what it's like

1432  
00:59:21,410 --> 00:59:17,680  
I change I think I told you this before

1433  
00:59:26,250 --> 00:59:21,420  
I lived in Tiburon for nine years and

1434  
00:59:28,230 --> 00:59:26,260  
moved back here I think I don't know

1435  
00:59:30,710 --> 00:59:28,240  
it's been seven years now but I was in

1436  
00:59:33,870 --> 00:59:30,720  
Tiburon so I used to go up your way

1437  
00:59:35,640 --> 00:59:33,880  
Bolinás and like a whole area Stinson

1438  
00:59:39,960 --> 00:59:35,650

Beach and point raised and all that

1439

00:59:41,490 --> 00:59:39,970

really beautiful area and it is

1440

00:59:44,579 --> 00:59:41,500

wonderful and the weather is just

1441

00:59:48,599 --> 00:59:44,589

amazing but I do remember those windy

1442

00:59:53,510 --> 00:59:48,609

roads going past muir woods and all up

1443

00:59:57,359 --> 00:59:53,520

over the mountain and Mount Tam that

1444

01:00:01,410 --> 00:59:57,369

believeth and wet were impure yeah

1445

01:00:02,309 --> 01:00:01,420

that's what it's called can't take those

1446

01:00:05,729 --> 01:00:02,319

turns so

1447

01:00:10,170 --> 01:00:05,739

you know what you get to bleed if you've

1448

01:00:12,420 --> 01:00:10,180

earned it it's if you're a passenger in

1449

01:00:16,910 --> 01:00:12,430

a car that's going up the mountain at

1450

01:00:21,329 --> 01:00:20,209

all right guys 20 seconds stand by

1451

01:00:23,699 --> 01:00:21,339

Martin

1452

01:00:28,939 --> 01:00:23,709

okay sure all right here we go stand by

1453

01:00:36,539 --> 01:00:33,749

that's right that's my line I know he

1454

01:00:43,140 --> 01:00:36,549

says it every other moment I literally

1455

01:00:49,979 --> 01:00:45,269

here we go Martin you ready yeah I'm

1456

01:00:55,589 --> 01:00:49,989

ready Lee yes Marler yes sir

1457

01:01:01,489 --> 01:00:55,599

and senior Fox everybody else here we go

1458

01:01:05,069 --> 01:01:01,499

guys in five four three two

1459

01:01:09,059 --> 01:01:05,079

welcome back to podcast UFO on kgr radio

1460

01:01:11,819 --> 01:01:09,069

kgr radio calm my guests our David

1461

01:01:17,660 --> 01:01:11,829

Marlar leaves spiegel and James Fox we

1462

01:01:23,699 --> 01:01:22,410

I was gonna do the second half I was

1463

01:01:24,239 --> 01:01:23,709

delighted to hear that he's on with us

1464

01:01:28,140 --> 01:01:24,249

now

1465

01:01:33,029 --> 01:01:28,150

oh yeah yeah he's stuck he's stuck with

1466

01:01:36,180 --> 01:01:33,039

us so so we have a lot to get to it and

1467

01:01:38,640 --> 01:01:36,190

we have one hour here and I've been

1468

01:01:39,959 --> 01:01:38,650

talking quite a bit with Lee over the

1469

01:01:45,509 --> 01:01:39,969

last year we've had a lot of great

1470

01:01:46,769 --> 01:01:45,519

conversations and so James can you what

1471

01:02:08,279 --> 01:01:46,779

can you tell us about what you're

1472

01:02:11,120 --> 01:02:08,289

working on well about six years ago when

1473

01:02:13,890 --> 01:02:11,130

I received a phone call from Tracy Torme

1474

01:02:15,990 --> 01:02:13,900

and I don't know how much you want me to

1475

01:02:18,240 --> 01:02:16,000

get into it but he

1476

01:02:19,890 --> 01:02:18,250

planted the seed of producing the

1477

01:02:22,500 --> 01:02:19,900

seminal dr. Peter length documentary

1478

01:02:24,480 --> 01:02:22,510

film on the subject of UFOs that would

1479

01:02:25,890 --> 01:02:24,490

sort of set the record straight once and

1480

01:02:28,020 --> 01:02:25,900

for all you know sort of high production

1481

01:02:31,020 --> 01:02:28,030

values some of the best cases that sort

1482

01:02:34,760 --> 01:02:31,030

of thing and I tried with my last two

1483

01:02:39,720 --> 01:02:34,770

productions to do that and I felt that

1484

01:02:41,160 --> 01:02:39,730

while I did fairly well that that there

1485

01:02:42,410 --> 01:02:41,170

was lots of room for improvement and

1486

01:02:45,900 --> 01:02:42,420

then I could have done a lot better I

1487

01:02:48,630 --> 01:02:45,910

remember when I finished I know what I

1488

01:02:50,550 --> 01:02:48,640

saw it was incredibly challenging just

1489

01:02:52,470 --> 01:02:50,560

even what the film was done to get it

1490

01:02:54,090 --> 01:02:52,480

sold and get it delivered was was

1491

01:02:59,100 --> 01:02:54,100

incredibly challenging and required

1492

01:03:01,920 --> 01:02:59,110

raising more funds and very difficult

1493

01:03:04,350 --> 01:03:01,930

guidelines to adhere to with the with

1494

01:03:05,100 --> 01:03:04,360

Amy in case when I finished it I

1495

01:03:09,180 --> 01:03:05,110

remember I was I was a little

1496

01:03:11,190 --> 01:03:09,190

disappointed and you know it was

1497

01:03:12,180 --> 01:03:11,200

broadcast on his channel and might get

1498

01:03:14,490 --> 01:03:12,190

my dad's would have pulled me inside

1499

01:03:15,720 --> 01:03:14,500

he's like what's going on I said I don't

1500

01:03:29,310 --> 01:03:15,730

know that I really feel like it could

1501

01:03:31,830 --> 01:03:29,320

have done a lot better but every time I

1502

01:03:35,840 --> 01:03:31,840

finished a UFO film I always say it's

1503

01:03:42,360 --> 01:03:40,710

any more he called me up about six years

1504

01:03:44,670 --> 01:03:42,370

ago and he said that I saw your movie

1505

01:03:47,040 --> 01:03:44,680

and I'd given up UFOs and it's been so

1506

01:03:49,560 --> 01:03:47,050

long but I got inspired and then I read

1507

01:03:51,960 --> 01:03:49,570

Leslie game's book and how would you

1508

01:03:53,580 --> 01:03:51,970

like to team up and produce the you know

1509

01:03:56,370 --> 01:03:53,590

and I thought my gosh this is kind of

1510

01:04:00,890 --> 01:03:56,380

what my dream has been and so we decided

1511

01:04:03,660 --> 01:04:00,900

to you know to to launch this film and

1512

01:04:06,270 --> 01:04:03,670

we've gone through a lot of a lot of

1513

01:04:09,570 --> 01:04:06,280

partners and funders and backers and

1514

01:04:11,250 --> 01:04:09,580

names but here we are six years later

1515

01:04:12,930 --> 01:04:11,260

and we're about three four months away

1516

01:04:15,900 --> 01:04:12,940

from having a really good solid ruffcut

1517

01:04:17,820 --> 01:04:15,910

to start shopping so I can't wait Leigh

1518

01:04:22,380 --> 01:04:17,830

has filled me in little things that I

1519

01:04:25,320 --> 01:04:22,390

have to keep secret and and I'm sure the

1520

01:04:27,150 --> 01:04:25,330

listeners love to hear that but I just

1521

01:04:29,220 --> 01:04:27,160

can't wait for this to come out and I

1522

01:04:31,200 --> 01:04:29,230

have said many times

1523

01:04:34,650 --> 01:04:31,210

you know that you have made my favorite

1524

01:04:35,070 --> 01:04:34,660

UFO movies of all times you know out of

1525

01:04:37,490 --> 01:04:35,080

the blue

1526

01:04:40,109 --> 01:04:37,500

and I know what I saw both are just

1527

01:04:41,940 --> 01:04:40,119

top-notch so I'm really really looking

1528

01:04:43,770 --> 01:04:41,950

forward to this and from what I

1529

01:04:45,780 --> 01:04:43,780

understand you have some great funding

1530

01:04:48,170 --> 01:04:45,790

and you're doing things perfect and

1531

01:04:50,520 --> 01:04:48,180

right so it's going to be real exciting

1532

01:04:52,050 --> 01:04:50,530

you know it's funny I was just having

1533

01:04:55,260 --> 01:04:52,060

this conversation last night with a

1534

01:04:56,670 --> 01:04:55,270

gentleman who was working with John Mack

1535

01:05:00,390 --> 01:04:56,680

back in the 90s and they were going to

1536

01:05:03,090 --> 01:05:00,400

do something for The Learning Channel

1537

01:05:05,520 --> 01:05:03,100

and it was going to cover among other

1538

01:05:08,970 --> 01:05:05,530

things the roux is in Bob Boyd case and

1539

01:05:10,380 --> 01:05:08,980

he had been given because he was working

1540

01:05:12,870 --> 01:05:10,390

with John Mac he'd been given all the

1541

01:05:15,180 --> 01:05:12,880

original tapes of material John Mac had

1542

01:05:20,010 --> 01:05:15,190

had and of course the project kind of

1543

01:05:22,650 --> 01:05:20,020

fell apart and and then you know John

1544

01:05:24,660 --> 01:05:22,660

Mac looked the wrong way and was was run

1545

01:05:26,820 --> 01:05:24,670

down in England right so the whole

1546

01:05:29,580 --> 01:05:26,830

project was sad but I bumped into this

1547

01:05:32,310 --> 01:05:29,590

guy I literally bumped into him on the

1548

01:05:34,470 --> 01:05:32,320

street in Colorado and we started

1549

01:05:36,270 --> 01:05:34,480

talking and long story short he's now

1550

01:05:37,680 --> 01:05:36,280

we've been helping out with the Ruhr

1551

01:05:38,820 --> 01:05:37,690

case because it's been something that he

1552

01:05:40,560 --> 01:05:38,830

started 20 years ago and he's really

1553

01:05:43,230 --> 01:05:40,570

excited to get involved but he pulled me

1554

01:05:45,210 --> 01:05:43,240

aside last night and he said gosh I'm so

1555

01:05:47,400 --> 01:05:45,220

impressed with the production values it

1556

01:05:49,349 --> 01:05:47,410

looks like 60 minutes or like you know I

1557

01:05:52,770 --> 01:05:49,359

said well that's no accident because

1558

01:05:54,660 --> 01:05:52,780

when I know what I saw was finished we

1559

01:05:55,320 --> 01:05:54,670

were shopping it and Lionsgate was going

1560

01:05:57,359 --> 01:05:55,330

to pick it up

1561

01:05:58,200 --> 01:05:57,369

because I wouldn't been happier

1562

01:05:59,670 --> 01:05:58,210

obviously the money would have been

1563

01:06:01,410 --> 01:05:59,680

great but the level of global

1564

01:06:04,530 --> 01:06:01,420

distribution would have been phenomenal

1565

01:06:06,630 --> 01:06:04,540

for the cause and at the last minute

1566

01:06:08,940 --> 01:06:06,640

they pulled out they said the production

1567

01:06:11,550 --> 01:06:08,950

values were subpar which is the kind of

1568

01:06:13,950 --> 01:06:11,560

work and so I said to myself that very

1569

01:06:16,349 --> 01:06:13,960

moment back 2008 I'll never make that

1570

01:06:17,790 --> 01:06:16,359

mistake again so one of the things

1571

01:06:21,540 --> 01:06:17,800

that's really gonna stand out in the

1572

01:06:24,990 --> 01:06:21,550

film for a lot of people out there is we

1573

01:06:26,099 --> 01:06:25,000

hired top-notch cameramen and audio

1574

01:06:27,690 --> 01:06:26,109

pendant lighting but I mean there are

1575

01:06:29,400 --> 01:06:27,700

some occasions where we were kind of in

1576  
01:06:31,500 --> 01:06:29,410  
the trenches in foreign countries where

1577  
01:06:33,300 --> 01:06:31,510  
things didn't go perfectly well but for

1578  
01:06:36,810 --> 01:06:33,310  
the most part it's just it's stunningly

1579  
01:06:40,560 --> 01:06:36,820  
it's really beautiful look at Molly look

1580  
01:06:42,480 --> 01:06:40,570  
like you know front line 60-minute it's

1581  
01:06:44,089 --> 01:06:42,490  
great and I'm really happy that we could

1582  
01:06:47,370 --> 01:06:44,099  
we

1583  
01:06:47,880 --> 01:06:47,380  
the subject has been lacking then you

1584  
01:06:50,400 --> 01:06:47,890  
know what I mean

1585  
01:06:52,620 --> 01:06:50,410  
yeah right I'm gonna bring lien four in

1586  
01:06:56,400 --> 01:06:52,630  
just a minute but one thing before I do

1587  
01:06:57,599 --> 01:06:56,410  
I want to ask you I know that it started

1588  
01:06:59,069 --> 01:06:57,609

out a lot of people been talking about

1589

01:07:02,490 --> 01:06:59,079

the name of the film and they started

1590

01:07:04,349 --> 01:07:02,500

saying is this 701 it's not 701 anymore

1591

01:07:06,780 --> 01:07:04,359

I know you have kind of like oh you're

1592

01:07:10,790 --> 01:07:06,790

working with a title to the movie is

1593

01:07:13,760 --> 01:07:10,800

that something you can talk about and

1594

01:07:16,380 --> 01:07:13,770

before before you before you answer that

1595

01:07:20,549 --> 01:07:16,390

is it still going to have the theme of

1596

01:07:24,240 --> 01:07:20,559

of the 701 cases or is it just change

1597

01:07:26,579 --> 01:07:24,250

tack completely well you know the only

1598

01:07:28,920 --> 01:07:26,589

thing that it was never intended

1599

01:07:33,059 --> 01:07:28,930

initially the reason why we chose the

1600

01:07:37,740 --> 01:07:33,069

number 701 was because the amount of

1601  
01:07:38,970 --> 01:07:37,750  
cases gets 5118 was it if I'm wrong they

1602  
01:07:41,549 --> 01:07:38,980  
were investigated by the United States

1603  
01:07:44,190 --> 01:07:41,559  
Air Force from 47 to 69 and out of which

1604  
01:07:46,770 --> 01:07:44,200  
have another one remained unexplained it

1605  
01:07:49,049 --> 01:07:46,780  
might have been more anyway but in any

1606  
01:07:52,160 --> 01:07:49,059  
case it was that stubborn small

1607  
01:07:55,109 --> 01:07:52,170  
percentage of cases that seem to defy a

1608  
01:07:57,390 --> 01:07:55,119  
terrestrial or prosaic explanation and

1609  
01:08:00,539 --> 01:07:57,400  
that's why we thought that would be

1610  
01:08:02,549 --> 01:08:00,549  
fitting for the film is that what it

1611  
01:08:05,280 --> 01:08:02,559  
represents not necessarily some of the

1612  
01:08:10,339 --> 01:08:05,290  
cases would be from the files from

1613  
01:08:13,319 --> 01:08:10,349

Project Blue Book and the like but but

1614

01:08:15,240 --> 01:08:13,329

we're we're looking for a different

1615

01:08:16,979 --> 01:08:15,250

title so we have a working title of UFOs

1616

01:08:19,140 --> 01:08:16,989

what we now know again it's just a

1617

01:08:21,930 --> 01:08:19,150

working title right okay

1618

01:08:26,760 --> 01:08:21,940

so Lee what is ship in your role in

1619

01:08:31,700 --> 01:08:26,770

helping with this film I am executive

1620

01:08:43,829 --> 01:08:31,710

producer director scriptwriter music

1621

01:08:50,880 --> 01:08:43,839

creator well sure you forgot that when

1622

01:08:52,590 --> 01:08:50,890

when James go okay yes okay yeah

1623

01:08:56,910 --> 01:08:52,600

that's gonna be too crowded for my

1624

01:09:00,030 --> 01:08:56,920

business card I can't do that when we

1625

01:09:03,840 --> 01:09:00,040

James first asked me to even come on

1626  
01:09:06,150 --> 01:09:03,850  
board with the team I couldn't because I

1627  
01:09:07,289 --> 01:09:06,160  
was still working and writing for the

1628  
01:09:10,530 --> 01:09:07,299  
Huffington Post

1629  
01:09:13,320 --> 01:09:10,540  
sure and would have been a conflict of

1630  
01:09:16,590 --> 01:09:13,330  
interest for me to continue writing for

1631  
01:09:21,720 --> 01:09:16,600  
them and also to be writing with James

1632  
01:09:24,780 --> 01:09:21,730  
and almost exactly a year ago I became

1633  
01:09:28,950 --> 01:09:24,790  
one of about 2,100 people who who fell

1634  
01:09:31,200 --> 01:09:28,960  
victim to a gigantic layoff at a big

1635  
01:09:34,709 --> 01:09:31,210  
company that involved

1636  
01:09:36,419 --> 01:09:34,719  
AOL Yahoo Verizon and HuffPost to many

1637  
01:09:41,729 --> 01:09:36,429  
people doing the same kind of jobs and

1638  
01:09:44,760 --> 01:09:41,739

so they lie to me and that same day I

1639

01:09:47,130 --> 01:09:44,770

called James and I said are you still

1640

01:09:49,680 --> 01:09:47,140

interested in having me work on the

1641

01:09:51,059 --> 01:09:49,690

script and he said why did something

1642

01:09:54,910 --> 01:09:51,069

happen I said yeah I just got laid off

1643

01:10:10,760 --> 01:09:54,920

and he and he wouldn't stop laughing

1644

01:10:16,770 --> 01:10:14,370

yeah yeah and it was it was great and I

1645

01:10:23,030 --> 01:10:16,780

said yeah I'm ready to jump on board now

1646

01:10:26,280 --> 01:10:23,040

and I am so impressed with mr. Fox's

1647

01:10:30,120 --> 01:10:26,290

passion not only for the subject matter

1648

01:10:33,390 --> 01:10:30,130

but I mean this man is working six seven

1649

01:10:36,500 --> 01:10:33,400

days a week sitting at an editing studio

1650

01:10:40,669 --> 01:10:36,510

and he's going through I'm gonna say

1651

01:10:44,760 --> 01:10:40,679

conservatively thousands of feet or

1652

01:10:48,180 --> 01:10:44,770

inches or yards of videotape he has shot

1653

01:10:52,380 --> 01:10:48,190

around the world not to mention the

1654

01:10:56,540 --> 01:10:52,390

amazing footage he shot with his two

1655

01:10:59,580 --> 01:10:56,550

count'em two outstanding drones that

1656

01:11:01,620 --> 01:10:59,590

he's been using I mean and without

1657

01:11:06,000 --> 01:11:01,630

giving anything away I will tell you

1658

01:11:08,070 --> 01:11:06,010

this the opening sequence of this film

1659

01:11:10,140 --> 01:11:08,080

is going to take everybody's breath away

1660

01:11:13,020 --> 01:11:10,150

and that's a that's all

1661

01:11:14,850 --> 01:11:13,030

yeah it's it's so good and I know what

1662

01:11:21,330 --> 01:11:14,860

it is to it I have to keep the secret I

1663

01:11:24,919 --> 01:11:21,340

don't like that so hey go ahead join her

1664

01:11:29,550 --> 01:11:24,929

Jane would say that there are several

1665

01:11:31,169 --> 01:11:29,560

pinch me moment for me and I know for

1666

01:11:32,340 --> 01:11:31,179

Lee as well and thank God Lee was

1667

01:11:34,380 --> 01:11:32,350

sitting right next to me during those

1668

01:11:37,320 --> 01:11:34,390

times actually at least a couple of them

1669

01:11:38,669 --> 01:11:37,330

yeah you're sitting there filming and

1670

01:11:39,899 --> 01:11:38,679

you're conducting this interview and

1671

01:11:45,270 --> 01:11:39,909

you're thinking how the hell did I get

1672

01:11:47,550 --> 01:11:45,280

here yes why am I so lucky you know and

1673

01:11:49,200 --> 01:11:47,560

I remember a couple of times and I quite

1674

01:11:51,479 --> 01:11:49,210

seriously mean this I would literally

1675

01:11:53,100 --> 01:11:51,489

pinch my leg to see if I'm dreaming or

1676

01:11:56,040 --> 01:11:53,110

not and there are definitely a couple of

1677

01:11:57,950 --> 01:11:56,050

moments like that in the film oh oh yeah

1678

01:12:00,510 --> 01:11:57,960

I mean we have people who we've already

1679

01:12:02,790 --> 01:12:00,520

interviewed there in the can that are

1680

01:12:06,590 --> 01:12:02,800

amazing from from from politics to

1681

01:12:09,450 --> 01:12:06,600

military to science to law enforcement

1682

01:12:12,810 --> 01:12:09,460

just just an incredible array of people

1683

01:12:15,899 --> 01:12:12,820

who just wanted to come forward and and

1684

01:12:17,970 --> 01:12:15,909

get something off their chest as so many

1685

01:12:20,189 --> 01:12:17,980

people have not felt that they could for

1686

01:12:23,459 --> 01:12:20,199

so many years and we're we're in a

1687

01:12:25,200 --> 01:12:23,469

really good position to present this

1688

01:12:28,229 --> 01:12:25,210

film and it's gonna be a little

1689

01:12:31,290 --> 01:12:28,239

different from other documentaries we're

1690

01:12:32,729 --> 01:12:31,300

not out there making claim that the

1691

01:12:35,399 --> 01:12:32,739

United States government or the

1692

01:12:37,439 --> 01:12:35,409

governments of the world are just lying

1693

01:12:39,810 --> 01:12:37,449

to us you know for their own purposes

1694

01:12:42,479 --> 01:12:39,820

and it's a gigantic conspiracy theory no

1695

01:12:45,000 --> 01:12:42,489

no we leave that to other folks who want

1696

01:12:46,919 --> 01:12:45,010

to put that in documentaries we're going

1697

01:12:49,439 --> 01:12:46,929

in a different direction one that I

1698

01:12:51,390 --> 01:12:49,449

think people will resonate with when

1699

01:12:53,570 --> 01:12:51,400

they see this wow we have the drone

1700

01:12:56,330 --> 01:12:53,580

picture when you were up on Mount Tam

1701

01:12:58,380 --> 01:12:56,340

showing now and no tube so you know

1702

01:13:00,899 --> 01:12:58,390

speaking of getting things off their

1703

01:13:02,640 --> 01:13:00,909

chest I'm gonna let Dave Marlar ask you

1704

01:13:04,410 --> 01:13:02,650

a question Dave do you have a question

1705

01:13:20,479 --> 01:13:04,420

you'd like to ask them about this film

1706

01:13:26,439 --> 01:13:23,439

the only things the only part of

1707

01:13:28,569 --> 01:13:26,449

it's section in the movie is yes we had

1708

01:13:31,660 --> 01:13:28,579

to blur his face out so that we could be

1709

01:13:44,339 --> 01:13:31,670

clear with all the filing cabinets

1710

01:13:50,439 --> 01:13:48,339

yeah but for the sake of you in the

1711

01:13:52,359 --> 01:13:50,449

audience just had a wonderful time

1712

01:13:55,060 --> 01:13:52,369

having James come out and spend a

1713

01:13:56,709 --> 01:13:55,070

weekend here and I was just happy and

1714

01:13:58,390 --> 01:13:56,719

gratified then we had a lot of

1715

01:14:00,509 --> 01:13:58,400

historical material here that he was

1716

01:14:02,830 --> 01:14:00,519

able to utilize for the for the

1717

01:14:04,479 --> 01:14:02,840

production and Lee had the chance to

1718

01:14:06,219 --> 01:14:04,489

review much of that as well and Lee and

1719

01:14:10,569 --> 01:14:06,229

I have talked about that as well yeah

1720

01:14:13,959 --> 01:14:10,579

but I'm really glad that you know James

1721

01:14:15,339 --> 01:14:13,969

and Lee have woven this fabric and I

1722

01:14:17,799 --> 01:14:15,349

think that's a good way to describe it

1723

01:14:20,739 --> 01:14:17,809

where they weave in these narratives

1724

01:14:27,160 --> 01:14:20,749

these cases this information and and I

1725

01:14:29,500 --> 01:14:27,170

you know literally bringing parts of

1726

01:14:30,899 --> 01:14:29,510

your archive to life if it's so

1727

01:14:33,580 --> 01:14:30,909

incredible

1728

01:14:35,949 --> 01:14:33,590

David marvelous archive is just I mean

1729

01:14:37,330 --> 01:14:35,959

it belongs in a museum but and

1730

01:14:39,699 --> 01:14:37,340

eventually it might end up in the museum

1731

01:14:42,100 --> 01:14:39,709

but I was so impressed at all the

1732

01:14:44,739 --> 01:14:42,110

original like newspaper headlines and

1733

01:14:46,509 --> 01:14:44,749

all the audio files that you have like

1734

01:14:47,500 --> 01:14:46,519

it's a treasure trove like all the

1735

01:14:59,500 --> 01:14:47,510

people that have been working on this

1736

01:15:05,319 --> 01:14:59,510

film with you going on top of that is

1737

01:15:07,089 --> 01:15:05,329

that we have offered to pay for that's

1738

01:15:09,790 --> 01:15:07,099

been going on for about six months to

1739

01:15:21,009 --> 01:15:09,800

digitize and transfer all of Koufos

1740

01:15:26,919 --> 01:15:21,019

material never-before-seen footage of

1741

01:15:29,140 --> 01:15:26,929

Hynek and just a number of incredible

1742

01:15:32,859 --> 01:15:29,150

interviews from the 40s and 50s and 60s

1743

01:15:34,209 --> 01:15:32,869

as well as I don't know we we could well

1744

01:15:37,129 --> 01:15:34,219

I don't know do we want to talk about

1745

01:15:40,390 --> 01:15:37,139

the United Nations stuff well I

1746

01:15:45,109 --> 01:15:40,400

like you know it's so close to my heart

1747

01:15:48,680 --> 01:15:45,119

because I I produced this what's been

1748

01:15:52,340 --> 01:15:48,690

called a milestone UFO presentation at

1749

01:15:56,570 --> 01:15:52,350

the United Nations in 1978 and for all

1750

01:15:58,760 --> 01:15:56,580

of these years I have been kind of

1751

01:16:02,419 --> 01:15:58,770

searching in the little nooks and

1752

01:16:04,430 --> 01:16:02,429

crannies and corners to find footage as

1753

01:16:07,550 --> 01:16:04,440

much footage as I could on the

1754

01:16:09,890 --> 01:16:07,560

presentation because we weren't I wasn't

1755

01:16:13,390 --> 01:16:09,900

given the footage as I was promised by

1756

01:16:16,399 --> 01:16:13,400

the country of Grenada back then and so

1757

01:16:18,950 --> 01:16:16,409

we've been looking and looking and and

1758

01:16:21,260 --> 01:16:18,960

all that I'm going to say is if I was

1759

01:16:26,770 --> 01:16:21,270

wearing a hat right now I would tip it

1760

01:16:29,359 --> 01:16:26,780

to a young lady named Kelly Fox Kelly is

1761

01:16:32,510 --> 01:16:29,369

James's sister she's been doing amazing

1762

01:16:35,300 --> 01:16:32,520

work going through archives and archive

1763

01:16:38,120 --> 01:16:35,310

organizations to find us things for this

1764

01:16:40,490 --> 01:16:38,130

documentary and a few months ago James

1765

01:16:43,790 --> 01:16:40,500

called me one day and said what have you

1766

01:16:45,140 --> 01:16:43,800

been looking for for like 40 years that

1767

01:16:46,970 --> 01:16:45,150

you've been frustrated and haven't been

1768

01:16:49,280 --> 01:16:46,980

able to find and to be able to share

1769

01:16:50,959 --> 01:16:49,290

with the world and I said I think I said

1770

01:16:54,530 --> 01:16:50,969

something like well I've already got a

1771

01:16:59,510 --> 01:16:54,540

beautiful woman so I was a good answer

1772

01:16:59,810 --> 01:16:59,520

yeah and I said okay don't don't tease

1773

01:17:04,250 --> 01:16:59,820

me

1774

01:17:09,439 --> 01:17:04,260

he said Kelly found all of United

1775

01:17:11,090 --> 01:17:09,449

Nations footage oh my goodness Wow I bet

1776

01:17:12,410 --> 01:17:11,100

you looked a little different too I saw

1777

01:17:19,030 --> 01:17:12,420

the pictures Oh

1778

01:17:22,640 --> 01:17:19,040

oh my gosh I did I did like a somersault

1779

01:17:26,200 --> 01:17:22,650

because it took so much out of me to

1780

01:17:30,169 --> 01:17:26,210

actually see these people Alan Hynek

1781

01:17:32,140 --> 01:17:30,179

Jacques valeted army captain Larry coin

1782

01:17:35,570 --> 01:17:32,150

telling the United Nations about his

1783

01:17:39,169 --> 01:17:35,580

harrowing helicopter yeah experience in

1784

01:17:42,560 --> 01:17:39,179

1973 and I haven't seen any of this

1785

01:17:45,890 --> 01:17:42,570

footage in the last 40 years and now we

1786

01:17:46,520 --> 01:17:45,900

have a possibility of getting it that is

1787

01:17:48,290 --> 01:17:46,530

amazing

1788

01:17:50,390 --> 01:17:48,300

James like James I think you're getting

1789

01:17:55,850 --> 01:17:50,400

a little crosswind there did you

1790

01:17:58,700 --> 01:17:55,860

something you were saying Dave yeah yeah

1791

01:18:02,780 --> 01:17:58,710

that is better James let me ask you this

1792

01:18:06,740 --> 01:18:02,790

question what has since the you know the

1793

01:18:10,580 --> 01:18:06,750

pentagon story came out on December 16th

1794

01:18:12,860 --> 01:18:10,590

and I think things have changed quite a

1795

01:18:17,209 --> 01:18:12,870

bit since that time have you had to

1796

01:18:19,490 --> 01:18:17,219

adjust anything or change anything since

1797

01:18:22,340 --> 01:18:19,500

that has happened or have you taken any

1798

01:18:25,189 --> 01:18:22,350

new tax on what you're doing because of

1799

01:18:30,410 --> 01:18:25,199

that that article and people taking this

1800

01:18:34,370 --> 01:18:30,420

more seriously these days take a new tax

1801

01:18:40,729 --> 01:18:34,380

you mean like tic tacs we're talking

1802

01:18:42,430 --> 01:18:40,739

about the Nimitz earlier because I

1803

01:18:45,979 --> 01:18:42,440

remember when I put together a proposal

1804

01:18:47,810 --> 01:18:45,989

a financial toll for the third love the

1805

01:18:50,810 --> 01:18:47,820

third investors week we got it we got on

1806

01:18:53,090 --> 01:18:50,820

board and how do you account for

1807

01:18:57,830 --> 01:18:53,100

something you know without knowing that

1808

01:19:00,080 --> 01:18:57,840

and so I just said you know something's

1809

01:19:01,820 --> 01:19:00,090

gonna happen you know how you know

1810

01:19:03,620 --> 01:19:01,830

something's gonna happen hey well it

1811

01:19:05,810 --> 01:19:03,630

always does and when it does we'll

1812

01:19:07,370 --> 01:19:05,820

document it and I put a little extra

1813

01:19:08,870 --> 01:19:07,380

budget there for that and then lo and

1814

01:19:11,720 --> 01:19:08,880

behold to cover the New York Times happy

1815

01:19:13,220 --> 01:19:11,730

so yeah I predicted something would

1816

01:19:16,370 --> 01:19:13,230

happen but I didn't predict something

1817

01:19:20,180 --> 01:19:16,380

that good what happens here I mean right

1818

01:19:22,189 --> 01:19:20,190

right so with that happening you have

1819

01:19:26,260 --> 01:19:22,199

actually changed some things in the film

1820

01:19:30,250 --> 01:19:29,890

are you there yeah we yeah I'm right

1821

01:19:33,370 --> 01:19:30,260

here

1822

01:19:33,940 --> 01:19:33,380

yeah we yes we're covering that a bit

1823

01:19:35,320 --> 01:19:33,950

yeah

1824

01:19:39,670 --> 01:19:35,330

covering that event oh well that's

1825

01:19:41,830 --> 01:19:39,680

exciting yeah it's not gonna be you know

1826

01:19:44,470 --> 01:19:41,840

it'll probably be just a few minutes

1827

01:19:46,750 --> 01:19:44,480

towards the end but I think it'll open

1828

01:19:49,950 --> 01:19:46,760

up a window of government transparency

1829

01:19:52,870 --> 01:19:49,960

unlike unlike we've ever seen in America

1830

01:19:54,280 --> 01:19:52,880

yeah yeah yeah and and I you know you

1831

01:19:58,720 --> 01:19:54,290

might it might be that you might be

1832

01:20:02,050 --> 01:19:58,730

sensing that perhaps James and I are

1833

01:20:04,990 --> 01:20:02,060

just resisting a little bit telling you

1834

01:20:08,290 --> 01:20:05,000

much more yes you are and and normally

1835

01:20:10,630 --> 01:20:08,300

historically I'm the guy who stands up

1836

01:20:13,390 --> 01:20:10,640

on a soapbox and says I hate it when

1837

01:20:15,130 --> 01:20:13,400

people tease the public for claiming

1838

01:20:18,730 --> 01:20:15,140

that they've got this and that and no

1839

01:20:21,840 --> 01:20:18,740

it's my turn now yeah yeah and so I get

1840

01:20:24,990 --> 01:20:21,850

that but this is not the kind of tease

1841

01:20:28,120 --> 01:20:25,000

where like the other people you know

1842

01:20:30,940 --> 01:20:28,130

where they never produce a payoff and

1843

01:20:31,840 --> 01:20:30,950

there's the difference we're gonna give

1844

01:20:35,170 --> 01:20:31,850

you a payoff

1845

01:20:38,590 --> 01:20:35,180

and so we we're just keeping it as close

1846

01:20:41,920 --> 01:20:38,600

at hand as possible so that we can feel

1847

01:20:44,260 --> 01:20:41,930

free to finish this thing and then put

1848

01:20:47,110 --> 01:20:44,270

it out there too so everybody can see it

1849

01:20:49,390 --> 01:20:47,120

and then I'll sleep for a year and James

1850

01:20:51,990 --> 01:20:49,400

will be able to take care and and raise

1851  
01:20:57,360 --> 01:20:52,000  
his young son for the next five years

1852  
01:21:01,720 --> 01:20:59,740  
yeah no it's it's like we're not we're

1853  
01:21:07,780 --> 01:21:01,730  
not trying to deliberately keep it a

1854  
01:21:10,630 --> 01:21:07,790  
secret no we're not I will say this for

1855  
01:21:14,410 --> 01:21:10,640  
all the people out there who almost

1856  
01:21:16,660 --> 01:21:14,420  
daily say well disclosure it's right

1857  
01:21:19,720 --> 01:21:16,670  
around the corner I can taste it it's

1858  
01:21:23,860 --> 01:21:19,730  
happening the truth is going to no no no

1859  
01:21:26,680 --> 01:21:23,870  
folks take a deep breath everybody first

1860  
01:21:29,230 --> 01:21:26,690  
of all we I don't believe any of us here

1861  
01:21:32,770 --> 01:21:29,240  
on this show right now will actually be

1862  
01:21:35,620 --> 01:21:32,780  
alive long enough to hear or know the

1863  
01:21:38,770 --> 01:21:35,630

ultimate truth about UFOs and as far as

1864

01:21:39,730 --> 01:21:38,780

disclosure hey folks if you do the

1865

01:21:41,320 --> 01:21:39,740

legwork

1866

01:21:44,260 --> 01:21:41,330

you've got to go up there and do some

1867

01:21:47,950 --> 01:21:44,270

research you will find disclosure has

1868

01:21:49,720 --> 01:21:47,960

been happening for a very long time you

1869

01:21:52,720 --> 01:21:49,730

just got to look for it and you'll find

1870

01:21:56,590 --> 01:21:52,730

it right right James up going back to

1871

01:21:59,260 --> 01:21:56,600

the topic of the Pentagon you know the

1872

01:22:01,000 --> 01:21:59,270

the New York Times story do you believe

1873

01:22:11,790 --> 01:22:01,010

that you'll be able to sell the film

1874

01:22:14,740 --> 01:22:11,800

easier because of that having sold all

1875

01:22:18,600 --> 01:22:14,750

three previous films within six weeks of

1876

01:22:21,310 --> 01:22:18,610

completion and looking at this film now

1877

01:22:22,720 --> 01:22:21,320

there's just no comparison with this

1878

01:22:25,240 --> 01:22:22,730

film and the other films that I've done

1879

01:22:26,980 --> 01:22:25,250

I've got a few people in the in the

1880

01:22:29,230 --> 01:22:26,990

industry that are just champion of the

1881

01:22:32,410 --> 01:22:29,240

bit to put this thing into the right

1882

01:22:34,930 --> 01:22:32,420

hands so I think that it's gonna make

1883

01:22:37,630 --> 01:22:34,940

the other cases that we're featuring in

1884

01:22:42,790 --> 01:22:37,640

this film that much more credible to

1885

01:22:44,140 --> 01:22:42,800

have you know this program come out and

1886

01:22:48,460 --> 01:22:44,150

the people that were behind the program

1887

01:22:50,260 --> 01:22:48,470

coming out validating the existence of

1888

01:22:52,660 --> 01:22:50,270

UFOs I think that's gonna be a

1889

01:22:54,490 --> 01:22:52,670

tremendous boon for the film no question

1890

01:22:57,850 --> 01:22:54,500

about it and certainly in the marketing

1891

01:23:00,400 --> 01:22:57,860

people are keen to know more at this

1892

01:23:03,070 --> 01:23:00,410

point so I'm very excited about that and

1893

01:23:05,080 --> 01:23:03,080

and I and like I said the handful of

1894

01:23:07,630 --> 01:23:05,090

people that I've had just had a couple

1895

01:23:09,910 --> 01:23:07,640

of friends that oh god this guy's doing

1896

01:23:11,950 --> 01:23:09,920

yeah I come over so I can all invited

1897

01:23:14,590 --> 01:23:11,960

people in roaming I'm telling you right

1898

01:23:16,000 --> 01:23:14,600

now these people saw it before and they

1899

01:23:28,420 --> 01:23:16,010

just walked out of here in a trance like

1900

01:23:30,160 --> 01:23:28,430

oh my god believe ya now would you

1901

01:23:33,160 --> 01:23:30,170

consider the format basically a

1902

01:23:36,550 --> 01:23:33,170

documentary or would you is it kind of

1903

01:23:38,120 --> 01:23:36,560

like a mixture of of how you'd classify

1904

01:23:42,240 --> 01:23:38,130

it

1905

01:23:46,440 --> 01:23:42,250

well if any of you out there have seen I

1906

01:23:48,960 --> 01:23:46,450

know what I saw it's similar and in the

1907

01:23:51,960 --> 01:23:48,970

fact that it's got pretty solid cases

1908

01:23:55,220 --> 01:23:51,970

you know vetted cases from around the

1909

01:23:57,840 --> 01:23:55,230

world this is even more international

1910

01:24:00,420 --> 01:23:57,850

but it's a lot better shot a lot better

1911

01:24:04,850 --> 01:24:00,430

researched and and we're gonna do a much

1912

01:24:07,740 --> 01:24:04,860

better job with a narrative that will

1913

01:24:10,830 --> 01:24:07,750

fit these stories together in a

1914

01:24:12,300 --> 01:24:10,840

compelling and exciting way but but that

1915

01:24:14,490 --> 01:24:12,310

everything will serve everything will

1916

01:24:16,680 --> 01:24:14,500

have a purpose it won't just be banging

1917

01:24:19,530 --> 01:24:16,690

the view over the head case after case

1918

01:24:22,560 --> 01:24:19,540

after case do you don't mean right right

1919

01:24:23,880 --> 01:24:22,570

oh yes your question but do I feel like

1920

01:24:24,750 --> 01:24:23,890

that will help sell the film yeah

1921

01:24:26,220 --> 01:24:24,760

absolutely I do

1922

01:24:29,100 --> 01:24:26,230

but I feel like it would have it would

1923

01:24:32,550 --> 01:24:29,110

have it it will sell with or without

1924

01:24:41,370 --> 01:24:32,560

that I mean it's about the closest I've

1925

01:24:43,920 --> 01:24:41,380

seen to disclosure this it's it's gonna

1926

01:24:45,650 --> 01:24:43,930

be it's it's I can't see how it's not

1927

01:24:49,110 --> 01:24:45,660

gonna stir the pot but split that way

1928

01:24:53,850 --> 01:24:49,120

excellent well I had I had Selma acidic

1929

01:24:55,410 --> 01:24:53,860

from the aerial school incident on my

1930

01:24:59,040 --> 01:24:55,420

show and I'm telling you I had

1931

01:25:01,710 --> 01:24:59,050

goosebumps talking to her that's just to

1932

01:25:05,970 --> 01:25:01,720

me I'm glad that case is gonna be part

1933

01:25:10,140 --> 01:25:05,980

of it because that that just is such an

1934

01:25:13,050 --> 01:25:10,150

incredible case and the in what they saw

1935

01:25:14,340 --> 01:25:13,060

and everything that's just amazing so

1936

01:25:20,190 --> 01:25:14,350

I'm really I was really glad to hear

1937

01:25:23,130 --> 01:25:20,200

that was gonna be part of the film okay

1938

01:25:26,070 --> 01:25:23,140

oh I just wanted to add James that I

1939

01:25:27,840 --> 01:25:26,080

want to let Martin know that James and

1940

01:25:30,540 --> 01:25:27,850

Lee have shared some of the clips with

1941

01:25:33,270 --> 01:25:30,550

me both shot with myself but with others

1942

01:25:34,830 --> 01:25:33,280

and in discussing the material and Lee

1943

01:25:38,760 --> 01:25:34,840

and I have had many discussions on this

1944

01:25:41,790 --> 01:25:38,770

I just want to commend James and Lee for

1945

01:25:43,290 --> 01:25:41,800

their vetting process Martin you and I

1946

01:25:45,840 --> 01:25:43,300

have talked many times about this field

1947

01:25:48,600 --> 01:25:45,850

there is everything from credible to

1948

01:25:49,990 --> 01:25:48,610

crazy and all things in between and I

1949

01:25:52,990 --> 01:25:50,000

want to come in Lee

1950

01:25:55,240 --> 01:25:53,000

and James for their vetting process many

1951

01:25:57,070 --> 01:25:55,250

times you see productions or you hear a

1952

01:25:59,260 --> 01:25:57,080

lecture or you see this or that

1953

01:26:01,480 --> 01:25:59,270

presented in the UFO field and you say

1954

01:26:03,550 --> 01:26:01,490

you know what that's really good except

1955

01:26:05,770 --> 01:26:03,560

for the fact they included that person

1956

01:26:08,260 --> 01:26:05,780

or they include a fact case yeah and

1957

01:26:10,000 --> 01:26:08,270

just from what limited information

1958

01:26:11,800 --> 01:26:10,010

they've shared with me what I've seen

1959

01:26:13,480 --> 01:26:11,810

thus far and you know I have zero

1960

01:26:15,430 --> 01:26:13,490

tolerance for craziness in this field

1961

01:26:18,460 --> 01:26:15,440

there is no weak link

1962

01:26:21,400 --> 01:26:18,470

they have no weak link and they make a

1963

01:26:23,830 --> 01:26:21,410

compelling argument that I would tasks

1964

01:26:25,900 --> 01:26:23,840

any of the most ardent skeptics to watch

1965

01:26:27,430 --> 01:26:25,910

this documentary and come away and still

1966

01:26:30,160 --> 01:26:27,440

feel the same way that they did before

1967

01:26:32,230 --> 01:26:30,170

they came in to see it so I just want to

1968

01:26:35,950 --> 01:26:32,240

commend Lee and James for their work in

1969

01:26:38,440 --> 01:26:35,960

that regard this field is striving for

1970

01:26:40,570 --> 01:26:38,450

credibility and both James's previous

1971

01:26:43,570 --> 01:26:40,580

productions as well as this one hits the

1972

01:26:47,500 --> 01:26:43,580

mark and it hits the mark big-time right

1973

01:26:51,010 --> 01:26:47,510

well yeah thank you David and you know

1974

01:26:52,840 --> 01:26:51,020

what right back at ya well you're

1975

01:26:57,610 --> 01:26:52,850

handing out compliments I want to say

1976

01:27:02,080 --> 01:26:57,620

that David Marla is is like a walking

1977

01:27:04,030 --> 01:27:02,090

encyclopedia of UFOs it's not that he

1978

01:27:06,520 --> 01:27:04,040

it's not just that he has hundreds of

1979

01:27:08,680 --> 01:27:06,530

filing cabinets with folders in them

1980

01:27:10,690 --> 01:27:08,690

with papers and correspondence and

1981

01:27:12,850 --> 01:27:10,700

pictures you go up to this guy or you

1982

01:27:14,920 --> 01:27:12,860

call him if I can call if I call David

1983

01:27:18,840 --> 01:27:14,930

any day that we can say David listen

1984

01:27:22,030 --> 01:27:18,850

what do you know about 1973 pan-american

1985

01:27:24,340 --> 01:27:22,040

747 he'll suddenly stop me and he'll

1986

01:27:26,170 --> 01:27:24,350

just tell me the entire case the names

1987

01:27:36,490 --> 01:27:26,180

of the pilots the names of every

1988

01:27:39,820 --> 01:27:36,500

passenger on he is so he's so thorough

1989

01:27:41,500 --> 01:27:39,830

he's he is a walking encyclopedia I feel

1990

01:27:44,380 --> 01:27:41,510

like every time David either you've

1991

01:27:46,690 --> 01:27:44,390

received a new file or information as

1992

01:27:49,030 --> 01:27:46,700

you're thumbing through it I can hear

1993

01:27:51,820 --> 01:27:49,040

the clicking of like a camera in your

1994

01:27:54,220 --> 01:27:51,830

head click click click and it's going

1995

01:27:56,710 --> 01:27:54,230

into another filing cabinet of your mind

1996

01:28:00,040 --> 01:27:56,720

that's well that's how good he is well

1997

01:28:01,390 --> 01:28:00,050

thank you but I think James was witness

1998

01:28:02,950 --> 01:28:01,400

to that when he was here filming because

1999

01:28:03,880 --> 01:28:02,960

he was asking about this case in that

2000

01:28:05,890 --> 01:28:03,890

case and I'm literally

2001

01:28:09,100 --> 01:28:05,900

running around pulling files out of

2002

01:28:10,390 --> 01:28:09,110

various file cabinet drawers and as I

2003

01:28:12,040 --> 01:28:10,400

like to say it's great to have all this

2004

01:28:13,840 --> 01:28:12,050

information but it's not organized and

2005

01:28:16,210 --> 01:28:13,850

if you can't readily retrieve it there's

2006

01:28:18,430 --> 01:28:16,220

no point having it so thank you well it

2007

01:28:20,080 --> 01:28:18,440

was it was so funny because I've been

2008

01:28:23,610 --> 01:28:20,090

working with this other guy it was a

2009

01:28:26,200 --> 01:28:23,620

really good editor his name is Ben and

2010

01:28:28,980 --> 01:28:26,210

Ben will you know I'll put him on a

2011

01:28:45,460 --> 01:28:28,990

certain task and couple weeks ago this

2012

01:28:47,800 --> 01:28:45,470

guy gave it a very complex period that I

2013

01:28:51,460 --> 01:28:47,810

think leads nicely up to the socorro

2014

01:28:55,600 --> 01:28:51,470

into 64 but the budget things that build

2015

01:28:57,600 --> 01:28:55,610

to that so by the time you get to Sakura

2016

01:29:00,340 --> 01:28:57,610

New Mexico in 64 with with London zamora

2017

01:29:02,320 --> 01:29:00,350

that case just becomes that much more

2018

01:29:06,520 --> 01:29:02,330

palatable for I think mainstream because

2019

01:29:11,560 --> 01:29:06,530

we built our our case with these prior

2020

01:29:13,330 --> 01:29:11,570

it which I knew very little about and

2021

01:29:15,910 --> 01:29:13,340

I'm really glad that James recognized

2022

01:29:17,890 --> 01:29:15,920

that because I've lectured before on the

2023

01:29:20,550 --> 01:29:17,900

fact that there are these precedents for

2024

01:29:23,290 --> 01:29:20,560

socorro namely Levelland Texas

2025

01:29:25,060 --> 01:29:23,300

Alamogordo these other cases describing

2026

01:29:27,880 --> 01:29:25,070

essentially the same scenario that

2027

01:29:30,850 --> 01:29:27,890

played out and many of these involve law

2028

01:29:33,100 --> 01:29:30,860

enforcement and military in fact James I

2029

01:29:35,440 --> 01:29:33,110

believe will be including an actual

2030

01:29:37,090 --> 01:29:35,450

radio broadcast involving the public

2031

01:29:39,460 --> 01:29:37,100

information officer from White Sands

2032

01:29:41,710 --> 01:29:39,470

proving ground where he states that

2033

01:29:45,580 --> 01:29:41,720

military personnel witnessed the landing

2034

01:29:46,990 --> 01:29:45,590

of this UFO and the tape off of this UFO

2035

01:29:49,990 --> 01:29:47,000

I mean this is the actual public

2036

01:29:52,360 --> 01:29:50,000

information officer and two statements

2037

01:29:55,750 --> 01:29:52,370

made earlier he's able to marry those

2038

01:29:59,770 --> 01:29:55,760

radio vintage radio newscasts with the

2039

01:30:01,510 --> 01:29:59,780

newspaper papers yeah James sent me a

2040

01:30:03,430 --> 01:30:01,520

clip and I told James the response I

2041

01:30:06,250 --> 01:30:03,440

texted back I said you make this

2042

01:30:08,110 --> 01:30:06,260

material dance it just it just was

2043

01:30:10,150 --> 01:30:08,120

together so seamlessly and I know Lee

2044

01:30:12,850 --> 01:30:10,160

has been looking at some of those clips

2045

01:30:14,800 --> 01:30:12,860

as well and you know it's a testament to

2046

01:30:16,320 --> 01:30:14,810

James and his creativity that he's able

2047

01:30:18,300 --> 01:30:16,330

to marry

2048

01:30:20,640 --> 01:30:18,310

all of this material and make some sense

2049

01:30:26,510 --> 01:30:20,650

out of it because there's just so much

2050

01:30:29,160 --> 01:30:26,520

to sort through James are there some

2051

01:30:31,560 --> 01:30:29,170

that you're that might some of these

2052

01:30:34,410 --> 01:30:31,570

incidences and some of these takes that

2053

01:30:36,660 --> 01:30:34,420

may be cut out in the editing that

2054

01:30:38,190 --> 01:30:36,670

you're like on the fence about or do you

2055

01:30:43,350 --> 01:30:38,200

think you've captured everything that's

2056

01:30:45,000 --> 01:30:43,360

going to be in stay in the film I think

2057

01:30:54,930 --> 01:30:45,010

it's gonna be have to be a seven hour

2058

01:30:56,910 --> 01:30:54,940

Odyssey yeah yeah now we already have

2059

01:30:59,970 --> 01:30:56,920

enough for more than a two hour

2060

01:31:01,650 --> 01:30:59,980

presentation at this point I said to me

2061

01:31:04,230 --> 01:31:01,660

I said this film has got to do really

2062

01:31:06,740 --> 01:31:04,240

well Lee because you and I have got we

2063

01:31:11,040 --> 01:31:06,750

ought to make a film on just Socorro

2064

01:31:15,930 --> 01:31:11,050

just Australia just South America just

2065

01:31:18,870 --> 01:31:15,940

China just Rua I mean each one of these

2066

01:31:21,480 --> 01:31:18,880

cases has so much depth and complexity

2067

01:31:23,700 --> 01:31:21,490

and you know it's like where do you you

2068

01:31:25,890 --> 01:31:23,710

know yet to be very selective but I but

2069

01:31:28,170 --> 01:31:25,900

I did say you know Sicily we should we

2070

01:31:30,390 --> 01:31:28,180

should seriously consider doing like an

2071

01:31:32,820 --> 01:31:30,400

eight eight part series on the full hour

2072

01:31:36,390 --> 01:31:32,830

on each one of these cases oh no the

2073

01:31:39,540 --> 01:31:36,400

materials there yeah it's it's it's

2074

01:31:42,540 --> 01:31:39,550

amazing and and you know James is one of

2075

01:31:46,530 --> 01:31:42,550

the few people in America who was

2076

01:31:51,690 --> 01:31:46,540

invited recently to go to China and and

2077

01:31:55,890 --> 01:31:51,700

to to film amazing interviews and get to

2078

01:31:58,940 --> 01:31:55,900

get footage of UFO activity in China and

2079

01:32:03,150 --> 01:31:58,950

and our technical adviser on the film

2080

01:32:06,330 --> 01:32:03,160

who is jacques of LA was very anxious

2081

01:32:07,890 --> 01:32:06,340

for James to go to China because Jacques

2082

01:32:09,990 --> 01:32:07,900

would say to us we don't really know

2083

01:32:13,230 --> 01:32:10,000

anything of what's going on coming out

2084

01:32:15,360 --> 01:32:13,240

of China and James went out there with

2085

01:32:16,590 --> 01:32:15,370

his sister Kelly and and it's cameraman

2086

01:32:18,450 --> 01:32:16,600

David they were out there for a little

2087

01:32:22,290 --> 01:32:18,460

over two weeks and came back with

2088

01:32:24,120 --> 01:32:22,300

amazing stuff and and and stuff that no

2089

01:32:25,770 --> 01:32:24,130

one has seen before

2090

01:32:28,649 --> 01:32:25,780

and you know just getting through the

2091

01:32:31,379 --> 01:32:28,659

translation process is also a challenge

2092

01:32:32,820 --> 01:32:31,389

Wow yeah no ending is always hard but

2093

01:32:37,830 --> 01:32:32,830

then you gotta edit in Chinese like

2094

01:32:41,280 --> 01:32:37,840

really Wow amazing you know but no it's

2095

01:32:43,169 --> 01:32:41,290

go ahead I was just gonna say it's just

2096

01:32:45,180 --> 01:32:43,179

you know we got to China I knew very

2097

01:32:46,919 --> 01:32:45,190

little to nothing I mean I saw a few

2098

01:32:48,750 --> 01:32:46,929

things on the Internet in last 5 10

2099

01:32:50,340 --> 01:32:48,760

years but for the most part I knew

2100

01:32:52,550 --> 01:32:50,350

nothing about UFOs in China there was

2101

01:32:55,860 --> 01:32:52,560

then I found out there was this amazing

2102

01:33:00,930 --> 01:32:55,870

landing case just like Rua the world as

2103

01:33:04,020 --> 01:33:00,940

many witnesses moon Jaguar 1994 same

2104

01:33:07,680 --> 01:33:04,030

year in Africa 1995 landing case in

2105

01:33:10,709 --> 01:33:07,690

China everyone in the the Chinese you

2106

01:33:12,840 --> 01:33:10,719

UFO the organization the UFO

2107

01:33:15,180 --> 01:33:12,850

organization that we connected with was

2108

01:33:16,979 --> 01:33:15,190

officially recognized and registered

2109

01:33:19,290 --> 01:33:16,989

with the Chinese government which is

2110

01:33:23,129 --> 01:33:19,300

sort of a tacit way of them saying you

2111

01:33:26,370 --> 01:33:23,139

know we we support this research they

2112

01:33:29,580 --> 01:33:26,380

had a monument that must have cost over

2113

01:33:31,919 --> 01:33:29,590

10 million dollars stunningly beautiful

2114

01:33:32,790 --> 01:33:31,929

monument of a flying saucer overlooking

2115

01:33:35,399 --> 01:33:32,800

this whole city

2116

01:33:37,290 --> 01:33:35,409

yeah not just a rinky-dink little this

2117

01:33:40,470 --> 01:33:37,300

is a substantial thing you can climb up

2118

01:33:43,350 --> 01:33:40,480

into and spiral staircases and I mean

2119

01:33:44,939 --> 01:33:43,360

it's stunningly beautiful like you know

2120

01:33:47,280 --> 01:33:44,949

who would have thought you know what I

2121

01:33:49,200 --> 01:33:47,290

mean Wow witnesses all over anyway so

2122

01:33:51,899 --> 01:33:49,210

that was really nice we conducted an

2123

01:33:54,180 --> 01:33:51,909

interview on the Great Wall of China how

2124

01:33:56,760 --> 01:33:54,190

cool is that isn't that amazing

2125

01:33:58,470 --> 01:33:56,770

yeah it's beautiful and all beautifully

2126  
01:34:00,450 --> 01:33:58,480  
shot it's gonna be so exciting I flew my

2127  
01:34:02,610 --> 01:34:00,460  
drone in China we actually went around

2128  
01:34:03,990 --> 01:34:02,620  
with a Chinese general because you can't

2129  
01:34:08,490 --> 01:34:04,000  
fly a drone and China man you have to

2130  
01:34:10,560 --> 01:34:08,500  
get a permit you go to jail with no joke

2131  
01:34:10,830 --> 01:34:10,570  
that people said me no no no no you are

2132  
01:34:12,870 --> 01:34:10,840  
not

2133  
01:34:15,030 --> 01:34:12,880  
don't even think about it like

2134  
01:34:17,490 --> 01:34:15,040  
especially in Beijing but but we had a

2135  
01:34:19,020 --> 01:34:17,500  
general with us and he literally was

2136  
01:34:23,310 --> 01:34:19,030  
like you've got my thought you go ahead

2137  
01:34:25,229 --> 01:34:23,320  
and fly that they go like ok I got all

2138  
01:34:27,479 --> 01:34:25,239

this great footage in China with my

2139

01:34:29,910 --> 01:34:27,489

drone so that's all gonna be included in

2140

01:34:32,640 --> 01:34:29,920

the film as well so wow it's very

2141

01:34:34,530 --> 01:34:32,650

international you guys you know South

2142

01:34:37,280 --> 01:34:34,540

America and Australia and China and

2143

01:34:41,010 --> 01:34:37,290

Africa and

2144

01:34:43,800 --> 01:34:41,020

yeah speaking of Australia James that's

2145

01:34:46,980 --> 01:34:43,810

a I find that a country with only 26

2146

01:34:50,250 --> 01:34:46,990

million people that they are the third

2147

01:34:53,130 --> 01:34:50,260

most you know the largest audience that

2148

01:34:56,310 --> 01:34:53,140

I have for this show is there a lot

2149

01:34:59,700 --> 01:34:56,320

going on there that you're aware of in

2150

01:35:05,070 --> 01:34:59,710

Australia well Jaya what's fascinating

2151  
01:35:08,010 --> 01:35:05,080  
was that there was a landing case that

2152  
01:35:10,860 --> 01:35:08,020  
happened in 1966 in fact it was in April

2153  
01:35:13,200 --> 01:35:10,870  
I think April 4th 1966 April 4th of

2154  
01:35:14,640 --> 01:35:13,210  
April zip but it was right after we had

2155  
01:35:17,790 --> 01:35:14,650  
the congressional hearings in the United

2156  
01:35:20,460 --> 01:35:17,800  
States right symposium I mean literally

2157  
01:35:23,280 --> 01:35:20,470  
like I'm trying to do the math but it's

2158  
01:35:25,860 --> 01:35:23,290  
like 15 or 16 hours after that event

2159  
01:35:28,500 --> 01:35:25,870  
happened national at the in Washington

2160  
01:35:32,160 --> 01:35:28,510  
DC there's a landing in West Hall which

2161  
01:35:34,710 --> 01:35:32,170  
is just outside of Melbourne a suburb of

2162  
01:35:37,260 --> 01:35:34,720  
Melbourne out west all primary school

2163  
01:35:42,330 --> 01:35:37,270

which is I think ages up to 13 14 years

2164

01:35:44,670 --> 01:35:42,340

old and there were roughly 250 250

2165

01:35:47,250 --> 01:35:44,680

schoolchildren in broad daylight that

2166

01:35:49,890 --> 01:35:47,260

watched a flying saucer and maybe more

2167

01:35:51,540 --> 01:35:49,900

than one flying saucer whizzed around in

2168

01:35:56,130 --> 01:35:51,550

the sky above the school then go down

2169

01:36:01,020 --> 01:35:56,140

find some trees and land right and it's

2170

01:36:04,140 --> 01:36:01,030

like in a case I said what a case that

2171

01:36:05,580 --> 01:36:04,150

is yes what an amazing case you know we

2172

01:36:07,380 --> 01:36:05,590

went and met up with a lot of a lot of

2173

01:36:08,760 --> 01:36:07,390

the witnesses we met with the with some

2174

01:36:11,250 --> 01:36:08,770

of the witnesses the jump the school

2175

01:36:14,190 --> 01:36:11,260

fence during you know recess time and

2176  
01:36:15,600 --> 01:36:14,200  
ran over to where this thing was landed

2177  
01:36:17,310 --> 01:36:15,610  
and saw it sitting on the ground and

2178  
01:36:21,540 --> 01:36:17,320  
came within 10 feet of it or 8 feet of

2179  
01:36:24,750 --> 01:36:21,550  
it I mean it's just remarkable stuff you

2180  
01:36:26,580 --> 01:36:24,760  
know quite similar in many respects is

2181  
01:36:30,750 --> 01:36:26,590  
the case that happened in Roos and Bob

2182  
01:36:32,550 --> 01:36:30,760  
way in 94 but we only had one account of

2183  
01:36:36,210 --> 01:36:32,560  
potentially something that was seen but

2184  
01:36:38,070 --> 01:36:36,220  
that we came in kind of late see III for

2185  
01:36:39,810 --> 01:36:38,080  
the most part as far as we know it's not

2186  
01:36:42,750 --> 01:36:39,820  
it was just a close encounter of the

2187  
01:36:44,940 --> 01:36:42,760  
second kind but it did land now there

2188  
01:36:47,610 --> 01:36:44,950

was a there was a rumor that a teacher

2189

01:36:50,790 --> 01:36:47,620

had taken some pictures and the camera

2190

01:36:52,920 --> 01:36:50,800

was confiscated is that

2191

01:36:57,620 --> 01:36:52,930

that's did you find out - children both

2192

01:36:59,820 --> 01:36:57,630

oh yeah they even mentioned her name I

2193

01:37:02,280 --> 01:36:59,830

didn't include it in the in the cut

2194

01:37:04,170 --> 01:37:02,290

because you know it's just a rumor but

2195

01:37:06,180 --> 01:37:04,180

the student said yeah missus bah blah

2196

01:37:07,650 --> 01:37:06,190

blah grab the camera and ran out and

2197

01:37:09,390 --> 01:37:07,660

snapped off some pictures but the

2198

01:37:13,100 --> 01:37:09,400

military arrived at the school moments

2199

01:37:18,300 --> 01:37:13,110

after and cordoned off the landing area

2200

01:37:20,760 --> 01:37:18,310

told the media to go to stop filming so

2201

01:37:22,410 --> 01:37:20,770

they told the principal to tell the

2202

01:37:24,090 --> 01:37:22,420

students not to talk about it as if it

2203

01:37:27,150 --> 01:37:24,100

never happened they're all threatened

2204

01:37:29,550 --> 01:37:27,160

the teacher who was a witness I hadn't

2205

01:37:31,020 --> 01:37:29,560

spoke in 50 years and we we managed to

2206

01:37:34,290 --> 01:37:31,030

get a meet have a meeting with him and

2207

01:37:36,120 --> 01:37:34,300

then he went on the record and told us

2208

01:37:40,080 --> 01:37:36,130

why he didn't talk to the last 50 years

2209

01:37:42,660 --> 01:37:40,090

this is incredible incredible stuff just

2210

01:37:44,880 --> 01:37:42,670

one piece of the puzzle you know yeah

2211

01:37:47,970 --> 01:37:44,890

yeah it's one of the one of the great

2212

01:37:51,390 --> 01:37:47,980

ones so I did speak to Shane down there

2213

01:37:56,550 --> 01:37:51,400

about that case just can't recall his

2214

01:37:59,430 --> 01:37:56,560

last name but Ryan that's him yes nice

2215

01:38:01,500 --> 01:37:59,440

guy yeah yeah oh my god those guys were

2216

01:38:05,580 --> 01:38:01,510

so helpful I could never have done any

2217

01:38:09,540 --> 01:38:05,590

of it without them yeah and why am i

2218

01:38:11,820 --> 01:38:09,550

James Rigney Shane Ryan and then a lot

2219

01:38:14,940 --> 01:38:11,830

of a lot of the witnesses yeah it was it

2220

01:38:17,340 --> 01:38:14,950

was a wonderful wonderful trip getting

2221

01:38:25,140 --> 01:38:17,350

back tonight and I and I and I I ate a

2222

01:38:26,370 --> 01:38:25,150

Vegemite sandwich - sorry but I just

2223

01:38:28,980 --> 01:38:26,380

thought that was part of a segment I

2224

01:38:34,250 --> 01:38:28,990

didn't know that really existed yeah no

2225

01:38:37,710 --> 01:38:34,260

I did you might yeah how about that

2226

01:38:40,650 --> 01:38:37,720

getting back to China because I know

2227

01:38:43,290 --> 01:38:40,660

myself I know so little about what is

2228

01:38:45,330 --> 01:38:43,300

going on I was in touch with a professor

2229

01:38:47,220 --> 01:38:45,340

over there that was trying to fill me

2230

01:38:50,130 --> 01:38:47,230

into some interesting on some

2231

01:38:52,770 --> 01:38:50,140

interesting cases but but you never hear

2232

01:38:55,200 --> 01:38:52,780

about anything in general it sounds like

2233

01:38:58,410 --> 01:38:55,210

they're they take the UFO topic on a

2234

01:39:00,420 --> 01:38:58,420

serious note and I'm kind of surprised

2235

01:39:02,640 --> 01:39:00,430

at that do you think that's nationally

2236

01:39:03,750 --> 01:39:02,650

or do you think that's just regionally

2237

01:39:07,279 --> 01:39:03,760

you said you were in Beijing

2238

01:39:13,109 --> 01:39:07,289

do you think it's for the most part

2239

01:39:15,720 --> 01:39:13,119

regional or what no well you know it's

2240

01:39:19,100 --> 01:39:15,730

it's difficult communicating when I when

2241

01:39:22,109 --> 01:39:19,110

I was there there were lots of you know

2242

01:39:25,049 --> 01:39:22,119

one of the social media platforms were

2243

01:39:27,600 --> 01:39:25,059

not available in China so that could be

2244

01:39:30,509 --> 01:39:27,610

one reason and things are changing now

2245

01:39:32,430 --> 01:39:30,519

but but you know I couldn't check emails

2246

01:39:35,149 --> 01:39:32,440

and no Google no Google searches no

2247

01:39:37,470 --> 01:39:35,159

Facebook no you know none of those

2248

01:39:39,930 --> 01:39:37,480

normal social media platforms that we

2249

01:39:44,640 --> 01:39:39,940

utilize everywhere else and so that

2250

01:39:47,339 --> 01:39:44,650

certainly could be one thing but I mean

2251

01:39:48,810 --> 01:39:47,349

we flew all across China lots of

2252

01:39:52,890 --> 01:39:48,820

different areas of China we took trains

2253

01:39:56,490 --> 01:39:52,900

and planes and and I was amazed at how

2254

01:39:58,589 --> 01:39:56,500

prolific the UFO organization was and

2255

01:40:00,390 --> 01:39:58,599

how widespread it was and meeting all

2256

01:40:02,250 --> 01:40:00,400

the meeting witnesses in different parts

2257

01:40:04,470 --> 01:40:02,260

of the country and their willingness to

2258

01:40:07,770 --> 01:40:04,480

help talk openly about it and it didn't

2259

01:40:10,919 --> 01:40:07,780

seem to be any at all any effort from

2260

01:40:12,240 --> 01:40:10,929

the government to any of that down in

2261

01:40:16,859 --> 01:40:12,250

fact when I was telling you earlier that

2262

01:40:19,109 --> 01:40:16,869

the organization that that that I would

2263

01:40:21,450 --> 01:40:19,119

say sponsor doesn't open their doors for

2264

01:40:23,640 --> 01:40:21,460

us was officially recognized by the

2265

01:40:25,169 --> 01:40:23,650

Chinese government and so that because

2266

01:40:26,970 --> 01:40:25,179

when I asked the question like well does

2267

01:40:30,540 --> 01:40:26,980

the government deny and they said they

2268

01:40:34,200 --> 01:40:30,550

said the government doesn't doesn't deny

2269

01:40:37,470 --> 01:40:34,210

but doesn't really confirm either but

2270

01:40:40,439 --> 01:40:37,480

the fact that they put a legitimate

2271

01:40:42,720 --> 01:40:40,449

stamp on our of recognition on our

2272

01:40:45,750 --> 01:40:42,730

organization that sort of attached it

2273

01:40:49,709 --> 01:40:45,760

yes you know we we support this this

2274

01:40:52,080 --> 01:40:49,719

nature this research and I also want to

2275

01:40:54,990 --> 01:40:52,090

say that maybe some of you or all of you

2276

01:40:56,549 --> 01:40:55,000

remember just a few years ago I wrote

2277

01:41:01,609 --> 01:40:56,559

some stories for the Huffington Post

2278

01:41:04,500 --> 01:41:01,619

about there were sightings in China of

2279

01:41:06,959 --> 01:41:04,510

strange objects that caused a couple of

2280

01:41:10,199 --> 01:41:06,969

airports to shut down

2281

01:41:12,689 --> 01:41:10,209

and you remember that I remember when

2282

01:41:15,239 --> 01:41:12,699

you wrote that yes and and and it wasn't

2283

01:41:16,859 --> 01:41:15,249

just one airport they there were some

2284

01:41:19,229 --> 01:41:16,869

regional airports where something was

2285

01:41:21,719 --> 01:41:19,239

seen over like the end of one runway and

2286

01:41:24,359 --> 01:41:21,729

they actually stopped air traffic for a

2287

01:41:28,529 --> 01:41:24,369

while until there was no object there

2288

01:41:30,479 --> 01:41:28,539

and the stories came out could have been

2289

01:41:32,699 --> 01:41:30,489

like you know the re-entry of her of a

2290

01:41:34,439 --> 01:41:32,709

rocket into the atmosphere and and this

2291

01:41:37,439 --> 01:41:34,449

stuff was all over the news and so we

2292

01:41:40,709 --> 01:41:37,449

had we had plenty of footage to show in

2293

01:41:42,989 --> 01:41:40,719

in in articles and on the the six

2294

01:41:43,469 --> 01:41:42,999

o'clock news but for a short period of

2295

01:41:47,489 --> 01:41:43,479

time

2296

01:41:50,250 --> 01:41:47,499

China UFOs were in the news and nobody

2297

01:41:54,029 --> 01:41:50,260

seemed to be laughing about it is what I

2298

01:41:56,069 --> 01:41:54,039

noticed at the time I think I think we

2299

01:42:00,479 --> 01:41:56,079

are in an era that there's going to be

2300

01:42:01,589 --> 01:42:00,489

less laughing at it yeah at least I hope

2301

01:42:10,830 --> 01:42:01,599

so

2302

01:42:14,189 --> 01:42:10,840

to you know what happened with the New

2303

01:42:16,589 --> 01:42:14,199

York Times article coming out and and of

2304

01:42:19,680 --> 01:42:16,599

course that that roots from you know Tom

2305

01:42:21,120 --> 01:42:19,690

DeLonge a lot of people you know don't

2306

01:42:23,549 --> 01:42:21,130

want to hear that or don't want to talk

2307

01:42:25,919 --> 01:42:23,559

about it but he he actually did some

2308

01:42:27,660 --> 01:42:25,929

groundwork that made that happen you

2309

01:42:31,979 --> 01:42:27,670

know we have to we have to acknowledge

2310

01:42:34,709 --> 01:42:31,989

that Lee I know you had a you and I were

2311

01:42:36,449 --> 01:42:34,719

talking about that a while ago like not

2312

01:42:38,430 --> 01:42:36,459

much seems to be happening I don't know

2313

01:42:41,459 --> 01:42:38,440

if you want to talk about any that or

2314

01:42:43,739 --> 01:42:41,469

well I mean I'm not on the inside of

2315

01:42:48,660 --> 01:42:43,749

that whole group the to the Stars

2316

01:42:52,020 --> 01:42:48,670

Academy I like many other interested

2317

01:42:54,449 --> 01:42:52,030

citizens I've been waiting for this

2318

01:42:57,180 --> 01:42:54,459

group to come out with with something

2319

01:42:59,370 --> 01:42:57,190

some kind of a payoff more information

2320

01:43:02,100 --> 01:42:59,380

give us some guidelines what else have

2321

01:43:04,529 --> 01:43:02,110

you discovered is the Pentagon really

2322

01:43:07,259 --> 01:43:04,539

going to release more more footage of

2323

01:43:09,419 --> 01:43:07,269

things but it seems to be almost like

2324

01:43:10,199 --> 01:43:09,429

we're at they we're in the calm before

2325

01:43:13,739 --> 01:43:10,209

the storm

2326

01:43:17,669 --> 01:43:13,749

I'm waiting as I've spent so many years

2327

01:43:19,570 --> 01:43:17,679

waiting for follow-up information and

2328

01:43:22,240 --> 01:43:19,580

and in

2329

01:43:24,970 --> 01:43:22,250

pass historically it's turned out that

2330

01:43:27,340 --> 01:43:24,980

there hasn't been follow-up information

2331

01:43:29,470 --> 01:43:27,350

I hope that's not the case with DeLong's

2332

01:43:32,110 --> 01:43:29,480

group it's a very interesting group of

2333

01:43:35,890 --> 01:43:32,120

people of a former military and an

2334

01:43:38,350 --> 01:43:35,900

intelligence organization people and I

2335

01:43:41,050 --> 01:43:38,360

would really like to see something I

2336

01:43:43,230 --> 01:43:41,060

don't feel like I don't feel like James

2337

01:43:47,410 --> 01:43:43,240

and I are in any kind of competition

2338

01:43:49,210 --> 01:43:47,420

with with people like that I want all of

2339

01:43:52,150 --> 01:43:49,220

this information whatever the

2340

01:43:54,990 --> 01:43:52,160

information is going to be to come out

2341

01:43:59,320 --> 01:43:55,000

or at least as much of the information

2342

01:44:02,380 --> 01:43:59,330

that we can handle and that's another

2343

01:44:06,010 --> 01:44:02,390

factor in this whole disclosure how much

2344

01:44:10,830 --> 01:44:06,020

of the truth the so-called truth can the

2345

01:44:13,570 --> 01:44:10,840

citizens of this planet really handled

2346

01:44:16,090 --> 01:44:13,580

real quick yeah we back some of these

2347

01:44:17,710 --> 01:44:16,100

statements yeah there's there's been a

2348

01:44:20,650 --> 01:44:17,720

lot of dialogue on the internet with

2349

01:44:24,370 --> 01:44:20,660

regard to the Pentagon I talked about

2350

01:44:26,380 --> 01:44:24,380

this but one of the things I think it's

2351  
01:44:29,650 --> 01:44:26,390  
lost in the discussion people get mired

2352  
01:44:31,270 --> 01:44:29,660  
in the details like well the f-18 you

2353  
01:44:33,430 --> 01:44:31,280  
know it was at this location but the

2354  
01:44:36,730 --> 01:44:33,440  
audio doesn't correlate with that yeah

2355  
01:44:38,980 --> 01:44:36,740  
people get hurt down yes yeah we get

2356  
01:44:40,360 --> 01:44:38,990  
bogged down in the details I'm kind of a

2357  
01:44:41,830 --> 01:44:40,370  
big picture kind of guy that's how I

2358  
01:44:43,450 --> 01:44:41,840  
always kind of talk about myself with

2359  
01:44:45,280 --> 01:44:43,460  
regard to the UFO subject I'm looking

2360  
01:44:48,070 --> 01:44:45,290  
for patterns in the data I also like

2361  
01:44:50,290 --> 01:44:48,080  
asking certain hardening questions let's

2362  
01:44:52,060 --> 01:44:50,300  
just put all the details off to the side

2363  
01:44:54,610 --> 01:44:52,070

for a moment the one question I don't

2364

01:45:00,010 --> 01:44:54,620

often hear asked by UFO researchers is

2365

01:45:01,900 --> 01:45:00,020

why now we have decades-long denial of

2366

01:45:03,130 --> 01:45:01,910

this subject there's nothing to this

2367

01:45:06,160 --> 01:45:03,140

subject it's not a threat to national

2368

01:45:07,960 --> 01:45:06,170

security the Air Force the project

2369

01:45:09,400 --> 01:45:07,970

Bluebook had their party line right

2370

01:45:11,590 --> 01:45:09,410

there's nothing to this we're

2371

01:45:14,020 --> 01:45:11,600

investigating it we found nothing that

2372

01:45:16,320 --> 01:45:14,030

indicates technological advancement or

2373

01:45:19,420 --> 01:45:16,330

technology beyond our state-of-the-art

2374

01:45:21,490 --> 01:45:19,430

and not just the United States all world

2375

01:45:23,620 --> 01:45:21,500

governments all world military have

2376

01:45:25,330 --> 01:45:23,630  
consistently denied that there's

2377

01:45:26,710 --> 01:45:25,340  
anything to this yet they continue to

2378

01:45:28,330 --> 01:45:26,720  
investigate it which is an interesting

2379

01:45:30,730 --> 01:45:28,340  
contradiction that's right that's for

2380

01:45:33,020 --> 01:45:30,740  
another discussion but my question is

2381

01:45:36,049 --> 01:45:33,030  
with military within

2382

01:45:39,740 --> 01:45:36,059  
elegance with politics you always have

2383

01:45:41,689 --> 01:45:39,750  
to question the timing no spam for you

2384

01:45:44,359 --> 01:45:41,699  
don't stand oh we've been asked that

2385

01:45:46,819 --> 01:45:44,369  
question yeah well and that doesn't

2386

01:45:48,740 --> 01:45:46,829  
surprise me because of course since he's

2387

01:45:51,529 --> 01:45:48,750  
asking insightful questions I love Stan

2388

01:45:53,209 --> 01:45:51,539

but you know I don't think we asked it

2389

01:45:56,240 --> 01:45:53,219

enough though we get mired in the

2390

01:45:58,790 --> 01:45:56,250

details why are they releasing this now

2391

01:46:00,919 --> 01:45:58,800

that is the fun event and you can say

2392

01:46:02,510 --> 01:46:00,929

Tom DeLonge was instrumental in that but

2393

01:46:04,370 --> 01:46:02,520

just because he wanted it doesn't mean

2394

01:46:05,959 --> 01:46:04,380

they had to release it I'm gonna break

2395

01:46:07,819 --> 01:46:05,969

it they could have sat on this material

2396

01:46:10,010 --> 01:46:07,829

for decades and we wouldn't have known

2397

01:46:12,859 --> 01:46:10,020

about it so I think we have to ask the

2398

01:46:15,410 --> 01:46:12,869

fundamental question to what end - what

2399

01:46:16,700 --> 01:46:15,420

agenda does it serve them because let's

2400

01:46:18,560 --> 01:46:16,710

be honest any military or government

2401

01:46:20,629 --> 01:46:18,570

they only do things to serve their best

2402

01:46:22,910 --> 01:46:20,639

interests typically why are they

2403

01:46:24,319 --> 01:46:22,920

releasing this information now and I

2404

01:46:26,000 --> 01:46:24,329

don't have the answer but I think we

2405

01:46:28,370 --> 01:46:26,010

need to start asking that question more

2406

01:46:31,160 --> 01:46:28,380

within these UFO discussions and forums

2407

01:46:36,109 --> 01:46:31,170

I think that's an excellent question do

2408

01:46:38,390 --> 01:46:36,119

any of you have a point on that I was

2409

01:46:42,109 --> 01:46:38,400

gonna say that one possible reason for

2410

01:46:45,169 --> 01:46:42,119

why now is is maybe this is a good point

2411

01:46:47,629 --> 01:46:45,179

in terms of history where the government

2412

01:46:50,600 --> 01:46:47,639

just our government is kind of testing

2413

01:46:52,250 --> 01:46:50,610

the waters with his citizens let's let's

2414

01:46:54,049 --> 01:46:52,260

kind of release a little bit of

2415

01:46:56,600 --> 01:46:54,059

information and see how the public

2416

01:46:59,899 --> 01:46:56,610

reacts let's see how the media reacts

2417

01:47:01,760 --> 01:46:59,909

will the media continue to drop any UFO

2418

01:47:02,870 --> 01:47:01,770

stories all the way at the bottom of the

2419

01:47:04,970 --> 01:47:02,880

11 o'clock news

2420

01:47:07,850 --> 01:47:04,980

you know F after the weather and sports

2421

01:47:10,760 --> 01:47:07,860

well that that whole September the whole

2422

01:47:14,029 --> 01:47:10,770

December Pentagon story was raised a lot

2423

01:47:16,609 --> 01:47:14,039

higher up than the sports and and the

2424

01:47:19,910 --> 01:47:16,619

weather and that was an interesting test

2425

01:47:22,879 --> 01:47:19,920

I thought that that a lot of meteor was

2426  
01:47:27,160 --> 01:47:22,889  
was paying attention James Fox was one

2427  
01:47:29,990 --> 01:47:27,170  
of several really interesting media

2428  
01:47:33,859 --> 01:47:30,000  
personalities who went on places like

2429  
01:47:38,660 --> 01:47:33,869  
CNBC CNN James did a great interview on

2430  
01:47:40,729 --> 01:47:38,670  
C on CNN and I I think James was out on

2431  
01:47:42,140 --> 01:47:40,739  
that interview where when they asked you

2432  
01:47:43,549 --> 01:47:42,150  
where you thought some of these things

2433  
01:47:44,540 --> 01:47:43,559  
were coming from them and I know you

2434  
01:47:46,069 --> 01:47:44,550  
don't like to actually say

2435  
01:47:47,030 --> 01:47:46,079  
extraterrestrials but at one point

2436  
01:47:48,770 --> 01:47:47,040  
during the interview

2437  
01:47:51,110 --> 01:47:48,780  
you said well sometimes your your only

2438  
01:47:53,630 --> 01:47:51,120

kind of left with this possibility yeah

2439

01:48:04,250 --> 01:47:53,640

yeah right he's pointing up for those of

2440

01:48:06,290 --> 01:48:04,260

you because I remember sitting in a room

2441

01:48:09,670 --> 01:48:06,300

with a government official pretty

2442

01:48:12,080 --> 01:48:09,680

high-level government official you know

2443

01:48:13,190 --> 01:48:12,090

the government should just come out and

2444

01:48:15,560 --> 01:48:13,200

they should just do this and they should

2445

01:48:16,250 --> 01:48:15,570

do that wait a minute I said you are the

2446

01:48:20,210 --> 01:48:16,260

government

2447

01:48:24,560 --> 01:48:20,220

talking about who are you talking about

2448

01:48:27,200 --> 01:48:24,570

is it well you know residents are kind

2449

01:48:28,760 --> 01:48:27,210

of kept as a loop and I guess what I'm

2450

01:48:30,740 --> 01:48:28,770

referring to is the intelligence

2451

01:48:32,210 --> 01:48:30,750

agencies so the apparently one of the

2452

01:48:34,490 --> 01:48:32,220

things I'm gonna call ways sort of

2453

01:48:37,040 --> 01:48:34,500

suspected this but the intelligence

2454

01:48:39,440 --> 01:48:37,050

agencies can decide on what's release

2455

01:48:40,610 --> 01:48:39,450

and what's not release so even if the

2456

01:48:41,870 --> 01:48:40,620

president tries to get something

2457

01:48:43,370 --> 01:48:41,880

released doesn't necessarily mean that

2458

01:48:47,870 --> 01:48:43,380

he's gonna have access to because they

2459

01:48:50,090 --> 01:48:47,880

just hide it from them so when we were

2460

01:48:52,880 --> 01:48:50,100

talking about this recent revelation on

2461

01:48:54,770 --> 01:48:52,890

the Pentagon UFO program which one

2462

01:48:57,430 --> 01:48:54,780

honestly my personal belief is it's one

2463

01:48:59,780 --> 01:48:57,440

of many it just happened to get revealed

2464

01:49:01,940 --> 01:48:59,790

and everyone's always said these

2465

01:49:03,290 --> 01:49:01,950

agencies are very compartmentalized and

2466

01:49:06,350 --> 01:49:03,300

they compete we want to know that sort

2467

01:49:10,190 --> 01:49:06,360

of thing but if you have anomalous

2468

01:49:13,400 --> 01:49:10,200

objects whizzing around in the air space

2469

01:49:17,930 --> 01:49:13,410

right and you scramble jets to intercept

2470

01:49:20,900 --> 01:49:17,940

and you're unable to do so that would be

2471

01:49:23,330 --> 01:49:20,910

an issue of national security right yeah

2472

01:49:27,860 --> 01:49:23,340

so one of these guys said to me yeah so

2473

01:49:29,900 --> 01:49:27,870

I there must be a secrecy clause

2474

01:49:31,520 --> 01:49:29,910

somewhere in these agencies that if it

2475

01:49:36,220 --> 01:49:31,530

affects national security it won't see

2476

01:49:44,810 --> 01:49:41,030

and so I remember talking about some of

2477

01:49:46,910 --> 01:49:44,820

these video clips from the f-18 so I

2478

01:49:48,500 --> 01:49:46,920

guess the cockpit cameras they were

2479

01:49:53,660 --> 01:49:48,510

having when they were chasing these UFOs

2480

01:49:55,760 --> 01:49:53,670

and I thought gosh you know these pilots

2481

01:49:58,660 --> 01:49:55,770

are talking about these objects

2482

01:50:01,430 --> 01:49:58,670

performing maneuvers that just you know

2483

01:50:04,460 --> 01:50:01,440

making a joke out of their f-18 where

2484

01:50:07,310 --> 01:50:04,470

are those maneuvers it's like well those

2485

01:50:09,260 --> 01:50:07,320

were extracted from system released

2486

01:50:11,360 --> 01:50:09,270

because they exhibit flight

2487

01:50:13,700 --> 01:50:11,370

characteristics that are beyond there

2488

01:50:14,960 --> 01:50:13,710

are an issue of national security isn't

2489

01:50:16,550 --> 01:50:14,970

that kind of funny it's like you know

2490

01:50:18,500 --> 01:50:16,560

basically demonstrating that their

2491

01:50:23,780 --> 01:50:18,510

object that fly rings around our fastest

2492

01:50:27,560 --> 01:50:23,790

planes right so you know they seem to be

2493

01:50:29,750 --> 01:50:27,570

I don't know and I don't know what

2494

01:50:31,940 --> 01:50:29,760

agency would have authorized the release

2495

01:50:34,700 --> 01:50:31,950

of that information that ended up on the

2496

01:50:39,190 --> 01:50:34,710

front page of the New York Times the CIA

2497

01:50:42,710 --> 01:50:39,200

was at the DIA with a PA that day like

2498

01:50:44,330 --> 01:50:42,720

wow yeah listen we only have a few

2499

01:50:46,250 --> 01:50:44,340

minutes left and I'm gonna ask if you

2500

01:50:49,310 --> 01:50:46,260

gentlemen don't mind hanging on

2501  
01:50:53,030 --> 01:50:49,320  
afterwards after I close the show just

2502  
01:50:56,450 --> 01:50:53,040  
for a minute because there's some

2503  
01:50:58,730 --> 01:50:56,460  
questions that are have come in that I'd

2504  
01:51:00,590 --> 01:50:58,740  
like to answer with people if that's

2505  
01:51:03,320 --> 01:51:00,600  
okay just like a few minutes after if

2506  
01:51:06,080 --> 01:51:03,330  
that's all right so I'm good with that

2507  
01:51:08,540 --> 01:51:06,090  
I'm good yeah we have a we have like

2508  
01:51:12,260 --> 01:51:08,550  
less than five minutes left someone in

2509  
01:51:15,500 --> 01:51:12,270  
the chat room just asks if if there was

2510  
01:51:20,150 --> 01:51:15,510  
any credible evidence to the gate c-17

2511  
01:51:22,550 --> 01:51:20,160  
the Chicago O'Hare incident back in 2006

2512  
01:51:25,190 --> 01:51:22,560  
that's what I'm recalling so I don't

2513  
01:51:29,000 --> 01:51:25,200

know if anyone wants to take that in

2514

01:51:31,280 --> 01:51:29,010

particular I I don't know all of the

2515

01:51:36,200 --> 01:51:31,290

exact details of that case but I have

2516

01:51:38,570 --> 01:51:36,210

never read or heard any hard-nosed

2517

01:51:42,680 --> 01:51:38,580

skeptics or debunkers come up with a

2518

01:51:45,380 --> 01:51:42,690

real logical workable explanation of

2519

01:51:47,840 --> 01:51:45,390

what a lot of people saw that day over

2520

01:51:48,979 --> 01:51:47,850

O'Hare Airport with this saucer shaped

2521

01:51:52,129 --> 01:51:48,989

thing it was

2522

01:51:54,620 --> 01:51:52,139

it was like underneath a very cloudy sky

2523

01:51:56,810 --> 01:51:54,630

and then it varied in front of a lot of

2524

01:51:59,540 --> 01:51:56,820

people it just went straight up and it

2525

01:52:02,149 --> 01:51:59,550

punched a hole through the clouds and

2526

01:52:05,450 --> 01:52:02,159

and when the object was gone the hole

2527

01:52:11,049 --> 01:52:05,460

was still there I mean do we have

2528

01:52:16,549 --> 01:52:11,059

anything that can do that you guys I was

2529

01:52:18,770 --> 01:52:16,559

it was 2008 January and I was in Arizona

2530

01:52:21,020 --> 01:52:18,780

I was in I was in I was in Arizona

2531

01:52:22,819 --> 01:52:21,030

Phoenix and I was doing some follow-up

2532

01:52:24,560 --> 01:52:22,829

interviews or what I thought at the time

2533

01:52:26,299 --> 01:52:24,570

was gonna be a rerelease about the blue

2534

01:52:29,930 --> 01:52:26,309

turned out to morph into I know what I

2535

01:52:31,759 --> 01:52:29,940

saw and I get a phone call from CNN and

2536

01:52:35,750 --> 01:52:31,769

they're like and in fact we had tickets

2537

01:52:38,149 --> 01:52:35,760

to go to O'Hare Airport and and see what

2538

01:52:40,220 --> 01:52:38,159

we could we could turn up from that

2539

01:52:42,410 --> 01:52:40,230

incident cuz it just happened in 2006 I

2540

01:52:44,209 --> 01:52:42,420

was like the only only two years and I

2541

01:52:47,359 --> 01:52:44,219

was in touch with a couple of United

2542

01:52:50,470 --> 01:52:47,369

Airlines personnel and I was actually

2543

01:52:52,970 --> 01:52:50,480

talking with them over the phone and and

2544

01:52:54,919 --> 01:52:52,980

they confirmed for me they all thought

2545

01:52:57,290 --> 01:52:54,929

is they hovered there for quite some

2546

01:52:58,489 --> 01:52:57,300

time someone some pilot took a

2547

01:53:00,589 --> 01:52:58,499

photograph of it I don't know what

2548

01:53:03,739 --> 01:53:00,599

happened to that photograph but these

2549

01:53:06,169 --> 01:53:03,749

guys would not come he said to me

2550

01:53:08,149 --> 01:53:06,179

literally the guy said if you if you can

2551

01:53:11,060 --> 01:53:08,159

guarantee me that I'm not gonna lose my

2552

01:53:12,950 --> 01:53:11,070

job or they cover my my paycheck if I do

2553

01:53:14,629 --> 01:53:12,960

lose my job the only way I'm gonna come

2554

01:53:17,060 --> 01:53:14,639

forward because that you know the

2555

01:53:18,799 --> 01:53:17,070

airline said unequivocally you talk

2556

01:53:20,720 --> 01:53:18,809

about this probably you're fired

2557

01:53:23,770 --> 01:53:20,730

all right well let's though let's

2558

01:53:27,560 --> 01:53:23,780

address that real quickly so how long

2559

01:53:30,200 --> 01:53:27,570

does someone stay in the in the airline

2560

01:53:32,350 --> 01:53:30,210

you know field they could they could

2561

01:53:34,879 --> 01:53:32,360

drop out why can't they talk about it

2562

01:53:38,750 --> 01:53:34,889

you know if they're a waiter now or if

2563

01:53:40,220 --> 01:53:38,760

they're you know cutting hair I'm sure

2564

01:53:42,350 --> 01:53:40,230

they could I'm sure they could it's just

2565

01:53:45,020 --> 01:53:42,360

a matter of following up you know with

2566

01:53:46,430 --> 01:53:45,030

these people look I I tracked down I'll

2567

01:53:48,950 --> 01:53:46,440

never forget this actually learned a

2568

01:53:54,410 --> 01:53:48,960

little Japanese I tracked down can do

2569

01:53:56,689 --> 01:53:54,420

two Rocchi suppose that 1986 within with

2570

01:54:02,469 --> 01:53:56,699

the FAA stopped with John Callahan

2571

01:54:04,270 --> 01:54:02,479

Franco Callahan said yes JL exactly take

2572

01:54:05,859 --> 01:54:04,280

and I'll only tell you National Press

2573

01:54:07,689 --> 01:54:05,869

Club event if you can get the pilot to

2574

01:54:11,290 --> 01:54:07,699

come to testify as well well that was

2575

01:54:12,969 --> 01:54:11,300

like 1986 this was 2008 I'm sorry 2007 I

2576

01:54:15,640 --> 01:54:12,979

thought we'll gosh that was long enough

2577

01:54:17,949 --> 01:54:15,650

time well he'll kind of come forward so

2578

01:54:19,509 --> 01:54:17,959

I I hire a private investigator I get

2579

01:54:20,620 --> 01:54:19,519

his phone number long story short get

2580

01:54:23,290 --> 01:54:20,630

his phone number I learn a little

2581

01:54:25,540 --> 01:54:23,300

Japanese so I can introduce myself I get

2582

01:54:27,100 --> 01:54:25,550

his wife on the phone and I introduce

2583

01:54:37,359 --> 01:54:27,110

myself in Japanese I they're all written

2584

01:54:42,310 --> 01:54:37,369

down and she said well at least you

2585

01:54:45,910 --> 01:54:42,320

learn some Japanese yeah Wow interesting

2586

01:54:50,439 --> 01:54:45,920

I think we're really close to the end of

2587

01:54:53,129 --> 01:54:50,449

the show just to let you know it's time

2588

01:54:57,009 --> 01:54:53,139

to wrap so if you'd hang on everyone

2589

01:54:59,739 --> 01:54:57,019

just hang in but I want to say goodbye

2590

01:55:02,199 --> 01:54:59,749

to our KCRA audience if you would thanks

2591

01:55:06,489 --> 01:55:02,209

so much for being on the show thank you

2592

01:55:08,680 --> 01:55:06,499

thank you thank you all right so I'm

2593

01:55:12,189 --> 01:55:08,690

just gonna close out real quickly here

2594

01:55:16,270 --> 01:55:12,199

all right so that's it for for the show

2595

01:55:19,180 --> 01:55:16,280

and for kgr a want to thank you all for

2596

01:55:21,640 --> 01:55:19,190

listening over there so I just wanted to

2597

01:55:24,250 --> 01:55:21,650

know real click it real quickly if

2598

01:55:26,049 --> 01:55:24,260

anyone if you guys are up for taking a

2599

01:55:28,089 --> 01:55:26,059

call I mean we're still live on YouTube

2600

01:55:29,799 --> 01:55:28,099

if you'd like to take a call let me know

2601  
01:55:33,430 --> 01:55:29,809  
is that something you'd be willing to do

2602  
01:55:34,810 --> 01:55:33,440  
I'm oh sure yeah why not okay so anyone

2603  
01:55:37,779 --> 01:55:34,820  
can call in right now if you have a

2604  
01:55:40,270 --> 01:55:37,789  
question for any of our guests you can

2605  
01:55:41,910 --> 01:55:40,280  
call in but I feel like I could talk

2606  
01:55:44,589 --> 01:55:41,920  
like another three hours and I know you

2607  
01:55:50,919 --> 01:55:44,599  
especially James you are really pressed

2608  
01:55:52,750 --> 01:55:50,929  
to move on but is there anything else

2609  
01:55:55,959 --> 01:55:52,760  
you can tell us

2610  
01:55:58,149 --> 01:55:55,969  
James any other particular story that's

2611  
01:56:00,370 --> 01:55:58,159  
included in this movie that just you

2612  
01:56:02,379 --> 01:56:00,380  
just learn more new information that you

2613  
01:56:04,239 --> 01:56:02,389

never knew about and was kind of blown

2614

01:56:05,859 --> 01:56:04,249

away by it is there anything that comes

2615

01:56:08,589 --> 01:56:05,869

to mind James are you still there I

2616

01:56:10,510 --> 01:56:08,599

think oh did we I think we lost James oh

2617

01:56:11,859 --> 01:56:10,520

no

2618

01:56:16,080 --> 01:56:11,869

[Music]

2619

01:56:20,169 --> 01:56:16,090

solli I'll toss that over to you oh wow

2620

01:56:26,580 --> 01:56:20,179

there there have been yes to answer your

2621

01:56:31,029 --> 01:56:26,590

question yes there have been a number of

2622

01:56:35,700 --> 01:56:31,039

instances where in the course of doing

2623

01:56:38,229 --> 01:56:35,710

an interview with someone very prominent

2624

01:56:40,149 --> 01:56:38,239

where the James and I would approach the

2625

01:56:43,839 --> 01:56:40,159

interview with specific questions that

2626

01:56:45,939 --> 01:56:43,849

we we came prepared to ask and because

2627

01:56:48,069 --> 01:56:45,949

we we kind of knew that there were

2628

01:56:50,859 --> 01:56:48,079

certain areas because in doing a

2629

01:56:52,450 --> 01:56:50,869

pre-interview it's always a good idea to

2630

01:56:54,459 --> 01:56:52,460

talk to someone ahead of time and say

2631

01:56:56,770 --> 01:56:54,469

are there specific things that you would

2632

01:57:00,069 --> 01:56:56,780

rather not talk about so that there are

2633

01:57:01,989 --> 01:57:00,079

no there are no surprises so that the

2634

01:57:05,049 --> 01:57:01,999

person doesn't feel put off and get

2635

01:57:07,000 --> 01:57:05,059

nervous and and so I I don't like to

2636

01:57:09,000 --> 01:57:07,010

give away the questions that I'm going

2637

01:57:11,620 --> 01:57:09,010

to ask but I at least want the person to

2638

01:57:13,839 --> 01:57:11,630

always feel comfortable throughout the

2639

01:57:20,520 --> 01:57:13,849

interview yeah and there were a couple

2640

01:57:25,660 --> 01:57:20,530

of interviews where neither James or I

2641

01:57:27,040 --> 01:57:25,670

had to ask a question that could have

2642

01:57:28,989 --> 01:57:27,050

been considered very controversial

2643

01:57:32,109 --> 01:57:28,999

because the subject of the interview

2644

01:57:34,419 --> 01:57:32,119

brought it up themselves as a neck right

2645

01:57:40,660 --> 01:57:34,429

well it was like what what what did you

2646

01:57:42,399 --> 01:57:40,670

just say what what and and and in fact

2647

01:57:45,729 --> 01:57:42,409

one of the people and I won't I won't

2648

01:57:49,239 --> 01:57:45,739

say who it is yet but this person we

2649

01:57:51,640 --> 01:57:49,249

were interviewing and and he at first I

2650

01:57:54,819 --> 01:57:51,650

didn't when we first approached him he

2651  
01:57:56,200 --> 01:57:54,829  
didn't want anything to do with being

2652  
01:58:00,399 --> 01:57:56,210  
interviewed on camera

2653  
01:58:05,470 --> 01:58:00,409  
at all until he finally after a very

2654  
01:58:08,439 --> 01:58:05,480  
delicate prodding agreed to to talk

2655  
01:58:11,350 --> 01:58:08,449  
about certain things and James and I

2656  
01:58:13,569 --> 01:58:11,360  
were were blown away where we sat with

2657  
01:58:16,989 --> 01:58:13,579  
this individual for just under three

2658  
01:58:19,509 --> 01:58:16,999  
hours for the interview well and at one

2659  
01:58:22,750 --> 01:58:19,519  
point during the interview he held up a

2660  
01:58:25,229 --> 01:58:22,760  
piece of paper that was in his lap and

2661  
01:58:29,020 --> 01:58:25,239  
he said I'm going to show you something

2662  
01:58:31,120 --> 01:58:29,030  
that I wasn't going to do or plan on

2663  
01:58:33,879 --> 01:58:31,130

doing but I feel like I should say

2664

01:58:37,919 --> 01:58:33,889

something this is what could be called a

2665

01:58:42,370 --> 01:58:37,929

smoking gun and it was it was a

2666

01:58:46,320 --> 01:58:42,380

previously classified document that

2667

01:58:48,490 --> 01:58:46,330

pretty much was written by high-ranking

2668

01:58:51,729 --> 01:58:48,500

officials and and they were trying to

2669

01:58:53,800 --> 01:58:51,739

spell out the current belief of UFOs and

2670

01:58:56,110 --> 01:58:53,810

there been many documents like that when

2671

01:58:58,629 --> 01:58:56,120

I say there's been disclosure I have

2672

01:59:01,930 --> 01:58:58,639

found some of these documents dr. J

2673

01:59:05,020 --> 01:59:01,940

Allen Hynek gave me such a document that

2674

01:59:07,840 --> 01:59:05,030

we then included in our packet of

2675

01:59:10,780 --> 01:59:07,850

documents that we gave out to all the

2676

01:59:15,070 --> 01:59:10,790

nations of the world in 1978 and to the

2677

01:59:17,919 --> 01:59:15,080

media because he said I mean I said to

2678

01:59:20,080 --> 01:59:17,929

him I was I was at his office one day in

2679

01:59:24,189 --> 01:59:20,090

the middle of 1978 while we were still

2680

01:59:27,040 --> 01:59:24,199

working on gathering materials for the

2681

01:59:28,810 --> 01:59:27,050

presentation in November and I said as

2682

01:59:31,800 --> 01:59:28,820

an Alan you know we've got some nice

2683

01:59:35,260 --> 01:59:31,810

documents here that go back to 1947 but

2684

01:59:37,629 --> 01:59:35,270

do you head to him I was very honest we

2685

01:59:38,860 --> 01:59:37,639

were friends I said look you with the

2686

01:59:41,169 --> 01:59:38,870

airforce you were their official

2687

01:59:44,590 --> 01:59:41,179

scientific consultant for a couple 20

2688

01:59:49,030 --> 01:59:44,600

years I have to believe that you had

2689

01:59:50,410 --> 01:59:49,040

access to some filing cabinets yeah the

2690

01:59:54,040 --> 01:59:50,420

kind of filing cabinets that look like

2691

01:59:58,870 --> 01:59:54,050

David Mahler's filing cabinets oh by the

2692

02:00:00,760 --> 01:59:58,880

way David Lee told me to tell you that

2693

02:00:02,770 --> 02:00:00,770

you know nothing about antiques you

2694

02:00:04,660 --> 02:00:02,780

didn't even know at the I mean nothing

2695

02:00:06,550 --> 02:00:04,670

about UFO so it's funny I've said that

2696

02:00:07,720 --> 02:00:06,560

nothing about UFOs as a matter of fact

2697

02:00:11,200 --> 02:00:07,730

you didn't even know what the acronym

2698

02:00:12,459 --> 02:00:11,210

stood for and if you wanna and if you

2699

02:00:13,350 --> 02:00:12,469

want to keep it you want to keep it

2700

02:00:16,750 --> 02:00:13,360

straight

2701  
02:00:31,780 --> 02:00:16,760  
Martin I told David that you know

2702  
02:00:33,550 --> 02:00:31,790  
nothing about antiques that's funny I

2703  
02:00:37,510 --> 02:00:33,560  
can't believe I slipped that up like

2704  
02:00:38,399 --> 02:00:37,520  
that - that's okay okay someone wanted

2705  
02:00:42,250 --> 02:00:38,409  
to know

2706  
02:00:43,779 --> 02:00:42,260  
what and we're gonna take just a couple

2707  
02:00:46,299 --> 02:00:43,789  
more minutes here so if anyone that

2708  
02:00:48,129 --> 02:00:46,309  
wants to call in they are welcome to

2709  
02:00:52,720 --> 02:00:48,139  
call in the numbers up on the screen on

2710  
02:00:55,270 --> 02:00:52,730  
YouTube but Bambi wanted to know what

2711  
02:00:58,479 --> 02:00:55,280  
effect has Hollywood had on the

2712  
02:01:00,310 --> 02:00:58,489  
disclosure project in other words since

2713  
02:01:02,290 --> 02:01:00,320

the articles come out I guess that's

2714

02:01:04,600 --> 02:01:02,300

what she means on the New York Times I

2715

02:01:05,229 --> 02:01:04,610

haven't seen anything really change that

2716

02:01:08,680 --> 02:01:05,239

much

2717

02:01:12,520 --> 02:01:08,690

or maybe she's wording it has that made

2718

02:01:15,729 --> 02:01:12,530

any I think maybe she's asking has

2719

02:01:17,410 --> 02:01:15,739

Hollywood helped as far as people

2720

02:01:19,450 --> 02:01:17,420

looking into the subject more I think

2721

02:01:25,359 --> 02:01:19,460

that's maybe what she's talking about I

2722

02:01:26,529 --> 02:01:25,369

don't know if like Steven Spielberg's

2723

02:01:30,790 --> 02:01:26,539

work and things like that

2724

02:01:33,459 --> 02:01:30,800

the Third Kind I think I think even

2725

02:01:35,890 --> 02:01:33,469

before Close Encounters you take a you

2726

02:01:39,270 --> 02:01:35,900

take a picture like the original The Day

2727

02:01:44,709 --> 02:01:39,280

the Earth Stood Still which was a

2728

02:01:47,740 --> 02:01:44,719

totally Cold War era picture of a real

2729

02:01:49,089 --> 02:01:47,750

flying saucer being tracked by radar all

2730

02:01:51,160 --> 02:01:49,099

around the world and it ends up in

2731

02:01:52,450 --> 02:01:51,170

Washington and landing right there on

2732

02:01:57,010 --> 02:01:52,460

the lawn in front of the Washington

2733

02:02:00,549 --> 02:01:57,020

Monument and and this humanoid walks out

2734

02:02:03,520 --> 02:02:00,559

with his robot companion and he only

2735

02:02:06,069 --> 02:02:03,530

wants to talk to you know the heads of

2736

02:02:09,549 --> 02:02:06,079

every country and he goes to the whole

2737

02:02:12,069 --> 02:02:09,559

movie up against the the political

2738

02:02:15,129 --> 02:02:12,079

resistance of anybody wanting to talk to

2739

02:02:18,669 --> 02:02:15,139

him and and so on and so nobody can

2740

02:02:21,520 --> 02:02:18,679

arrange the meeting that he wants and he

2741

02:02:25,709 --> 02:02:21,530

ends up going to the home of this famous

2742

02:02:28,330 --> 02:02:25,719

top scientists of the day and he says

2743

02:02:30,220 --> 02:02:28,340

nobody in at the at the heads of your

2744

02:02:34,600 --> 02:02:30,230

governments wants to hear what I have to

2745

02:02:36,370 --> 02:02:34,610

say do I have to do anything dramatic to

2746

02:02:40,120 --> 02:02:36,380

this planet to get you to listen to me

2747

02:02:42,010 --> 02:02:40,130

and and and he said well the scientist

2748

02:02:44,799 --> 02:02:42,020

said well what what do you mean by by

2749

02:02:46,779 --> 02:02:44,809

dramatic he said like my robot back

2750

02:02:48,939 --> 02:02:46,789

there standing next to the saucer he has

2751

02:02:50,740 --> 02:02:48,949

the power to turn this world of yours

2752

02:02:53,700 --> 02:02:50,750

into a burned-out cinder

2753

02:02:57,700 --> 02:02:53,710

and and the scientist says such power

2754

02:03:02,440 --> 02:02:57,710

exists and Klaatu says trust me such

2755

02:03:04,090 --> 02:03:02,450

power exists and and so the scientist

2756

02:03:05,890 --> 02:03:04,100

said well I I could arrange a meeting

2757

02:03:08,530 --> 02:03:05,900

where all the top scientists of the

2758

02:03:11,140 --> 02:03:08,540

world to come together if that if that

2759

02:03:14,200 --> 02:03:11,150

would be possible we wouldn't want you

2760

02:03:15,400 --> 02:03:14,210

to hurt any people you you know and he

2761

02:03:17,380 --> 02:03:15,410

said can you guarantee that

2762

02:03:20,230 --> 02:03:17,390

Klaatu says well it's a it's an

2763

02:03:24,820 --> 02:03:20,240

interesting problem would Friday at

2764

02:03:26,920 --> 02:03:24,830

12:30 be good for you someone that we

2765

02:03:30,940 --> 02:03:26,930

have someone that just called in I think

2766

02:03:32,560 --> 02:03:30,950

they can you hear me call her yeah I

2767

02:03:34,060 --> 02:03:32,570

know you tried to call her try to answer

2768

02:03:35,770 --> 02:03:34,070

your call several times I'm not sure

2769

02:03:38,470 --> 02:03:35,780

what happened but what's your first name

2770

02:03:39,840 --> 02:03:38,480

week I see what's your first name and

2771

02:03:43,930 --> 02:03:39,850

where are you calling from

2772

02:03:47,910 --> 02:03:43,940

Kim British Columbia welcome to the show

2773

02:03:50,170 --> 02:03:47,920

you have a question okay Dave burly

2774

02:03:55,450 --> 02:03:50,180

pardon me do you have a question for our

2775

02:03:58,810 --> 02:03:55,460

guests well I have something to add if I

2776

02:04:01,780 --> 02:03:58,820

may Monica told me to phone in here oh

2777

02:04:04,630 --> 02:04:01,790

just on the YouTube live chat what I

2778

02:04:06,070 --> 02:04:04,640

have to say is that I'm a real science

2779

02:04:08,110 --> 02:04:06,080

guy I have a degree in engineering I've

2780

02:04:10,420 --> 02:04:08,120

been studying science all my life I've

2781

02:04:13,330 --> 02:04:10,430

done science for a living okay and I

2782

02:04:14,950 --> 02:04:13,340

give talks to interpret science to the

2783

02:04:16,240 --> 02:04:14,960

public all the sort of thing and what I

2784

02:04:21,190 --> 02:04:16,250

have to say about science is that we

2785

02:04:25,330 --> 02:04:21,200

don't know very much at all we humans we

2786

02:04:28,360 --> 02:04:25,340

really don't know very much and I've had

2787

02:04:31,810 --> 02:04:28,370

paranormal experiences myself I had one

2788

02:04:34,270 --> 02:04:31,820

sighting of UFOs I've had a number of

2789

02:04:37,450 --> 02:04:34,280

other paranormal experiences that are

2790

02:04:43,330 --> 02:04:37,460

beyond science oh far outside of what I

2791

02:04:46,330 --> 02:04:43,340

know science to be okay yeah yeah that's

2792

02:04:49,330 --> 02:04:46,340

all just in just the science point of

2793

02:04:52,750 --> 02:04:49,340

view is that we really don't know much

2794

02:04:56,470 --> 02:04:52,760

our sciences is is very small very very

2795

02:04:59,550 --> 02:04:56,480

small well and when you when you look

2796

02:05:02,280 --> 02:04:59,560

back historically at you know who

2797

02:05:03,850 --> 02:05:02,290

discovered gravity who discovered

2798

02:05:06,040 --> 02:05:03,860

lightning who

2799

02:05:09,660 --> 02:05:06,050

discovered you know all the all the

2800

02:05:14,850 --> 02:05:09,670

great discoveries of science of flight

2801  
02:05:17,740 --> 02:05:14,860  
happened during times of history when

2802  
02:05:19,870 --> 02:05:17,750  
there's no way that these people would

2803  
02:05:23,560 --> 02:05:19,880  
have would have would have survived

2804  
02:05:25,240 --> 02:05:23,570  
being stoned by by the population

2805  
02:05:27,730 --> 02:05:25,250  
because they were they were talking

2806  
02:05:28,780 --> 02:05:27,740  
heresy you can't talk through things to

2807  
02:05:31,960 --> 02:05:28,790  
us about things like that

2808  
02:05:35,460 --> 02:05:31,970  
know that you we cannot have machines

2809  
02:05:38,980 --> 02:05:35,470  
that fly in the air and yet historically

2810  
02:05:41,710 --> 02:05:38,990  
humans have been recording many

2811  
02:05:44,410 --> 02:05:41,720  
instances of things flying in the air

2812  
02:05:48,640 --> 02:05:44,420  
that are machines so you can't have it

2813  
02:05:50,530 --> 02:05:48,650

both ways yeah yeah I agree

2814

02:05:53,860 --> 02:05:50,540

yeah there's no reason why we couldn't

2815

02:05:56,560 --> 02:05:53,870

team gravity someday our top physicists

2816

02:05:59,470 --> 02:05:56,570

now are trying to figure out what is

2817

02:06:01,630 --> 02:05:59,480

gravity they don't know another top my

2818

02:06:04,450 --> 02:06:01,640

favorite theory co physicists right now

2819

02:06:08,740 --> 02:06:04,460

is working on what is time we don't know

2820

02:06:11,440 --> 02:06:08,750

what time is yes it just seems to be a

2821

02:06:14,310 --> 02:06:11,450

forward ratchet as far as we know it

2822

02:06:16,690 --> 02:06:14,320

ratchets forward and never goes back

2823

02:06:18,340 --> 02:06:16,700

yeah you know I can you break your leg

2824

02:06:23,830 --> 02:06:18,350

you wish you could take that last second

2825

02:06:27,820 --> 02:06:23,840

back you know what one of my interviews

2826

02:06:31,690 --> 02:06:27,830

that I did in the 1970s and into the 80s

2827

02:06:34,720 --> 02:06:31,700

with former astronaut Gordon Cooper and

2828

02:06:38,950 --> 02:06:34,730

I did an interview of the month for Omni

2829

02:06:42,160 --> 02:06:38,960

magazine back then and we were

2830

02:06:46,540 --> 02:06:42,170

discussing his interest in UFOs his

2831

02:06:49,720 --> 02:06:46,550

experience with UFOs and and I said is

2832

02:06:51,910 --> 02:06:49,730

there anything going on in science that

2833

02:06:54,310 --> 02:06:51,920

you and I haven't talked about that you

2834

02:06:59,230 --> 02:06:54,320

think would be of interest to me or to

2835

02:07:02,740 --> 02:06:59,240

my readers and he said well I I have

2836

02:07:05,920 --> 02:07:02,750

some scientific friends who are right

2837

02:07:09,550 --> 02:07:05,930

now again this was 1980 who are right

2838

02:07:12,940 --> 02:07:09,560

now working on a possible working model

2839

02:07:16,360 --> 02:07:12,950

of a time machine and I went oh you just

2840

02:07:19,030 --> 02:07:16,370

got my attention Gordon what

2841

02:07:21,970 --> 02:07:19,040

a time machine and what what exactly

2842

02:07:24,520 --> 02:07:21,980

we're talking George pal HG Wells sit

2843

02:07:26,470 --> 02:07:24,530

sit in a chair and go into the future I

2844

02:07:28,660 --> 02:07:26,480

mean what are you talking about

2845

02:07:31,420 --> 02:07:28,670

he said well yeah they think that

2846

02:07:34,030 --> 02:07:31,430

theoretically because we don't know that

2847

02:07:37,780 --> 02:07:34,040

much about time and how it works time

2848

02:07:39,340 --> 02:07:37,790

and space and so they believe that there

2849

02:07:42,160 --> 02:07:39,350

is a thing called and I never forgot

2850

02:07:45,490 --> 02:07:42,170

this called orthogonal rotation

2851  
02:07:48,580 --> 02:07:45,500  
something about how if if a thing can

2852  
02:07:52,570 --> 02:07:48,590  
somehow rotate in a certain way at a

2853  
02:07:56,140 --> 02:07:52,580  
certain velocity that it can slip the

2854  
02:07:58,960 --> 02:07:56,150  
bounds and go one way or the other so I

2855  
02:08:02,020 --> 02:07:58,970  
I said to him do they have a working

2856  
02:08:04,000 --> 02:08:02,030  
model yet your scientific friends he

2857  
02:08:07,050 --> 02:08:04,010  
said no but they're they feel like

2858  
02:08:09,550 --> 02:08:07,060  
they're getting closer and I said okay

2859  
02:08:11,260 --> 02:08:09,560  
what do they think that they can build

2860  
02:08:14,170 --> 02:08:11,270  
something that can go in either

2861  
02:08:17,470 --> 02:08:14,180  
direction or both directions and he said

2862  
02:08:19,720 --> 02:08:17,480  
no they don't really have that figured

2863  
02:08:21,730 --> 02:08:19,730

out yet they don't think they say that

2864

02:08:24,280 --> 02:08:21,740

if if somebody would be able to travel

2865

02:08:27,790 --> 02:08:24,290

through time they may only be able to go

2866

02:08:30,220 --> 02:08:27,800

to the past or to the future so I I said

2867

02:08:32,770 --> 02:08:30,230

to him Gordon and he was a family man

2868

02:08:37,210 --> 02:08:32,780

said Gordon who would be stupid enough

2869

02:08:39,520 --> 02:08:37,220

to sit in such a vehicle and take what

2870

02:08:45,010 --> 02:08:39,530

could possibly be a one-way trip and he

2871

02:08:48,130 --> 02:08:45,020

said you're looking at him okay that got

2872

02:08:48,880 --> 02:08:48,140

my attention like wow and I said no now

2873

02:08:51,820 --> 02:08:48,890

wait a minute

2874

02:08:55,480 --> 02:08:51,830

Gordo I mean are you kidding you would

2875

02:08:57,880 --> 02:08:55,490

give up everything just to - for the the

2876

02:09:01,390 --> 02:08:57,890

challenge of it he said you don't forget

2877

02:09:04,090 --> 02:09:01,400

I'm one of the original group of the

2878

02:09:07,950 --> 02:09:04,100

right stuff where we would do anything

2879

02:09:11,230 --> 02:09:07,960

and many of us many of our friends died

2880

02:09:14,800 --> 02:09:11,240

during flights of testing new aircraft

2881

02:09:17,740 --> 02:09:14,810

and earth systems and so and even today

2882

02:09:20,680 --> 02:09:17,750

modern modern jet fighter pilots today

2883

02:09:21,580 --> 02:09:20,690

will do almost anything to get to that

2884

02:09:24,100 --> 02:09:21,590

next level

2885

02:09:26,320 --> 02:09:24,110

you see yeah any one of us probably

2886

02:09:27,610 --> 02:09:26,330

would have taken the risk and at that

2887

02:09:29,950 --> 02:09:27,620

and that just blew me away

2888

02:09:33,520 --> 02:09:29,960

so now that was 1980 how many

2889

02:09:36,640 --> 02:09:33,530

years ago was at 18 19 2010 that was 34

2890

02:09:38,110 --> 02:09:36,650

years ago if these scientists had have

2891

02:09:41,050 --> 02:09:38,120

still worked on it over the last 30

2892

02:09:43,720 --> 02:09:41,060

years who knows what they can do now

2893

02:09:46,930 --> 02:09:43,730

which is all probably part of black

2894

02:09:49,900 --> 02:09:46,940

budgets and and the public will never

2895

02:09:50,229 --> 02:09:49,910

know about it but boy that just grabbed

2896

02:09:52,690 --> 02:09:50,239

me

2897

02:09:55,979 --> 02:09:52,700

ah Tula field when he said yeah working

2898

02:10:00,880 --> 02:09:55,989

time machine why not well you know it's

2899

02:10:04,720 --> 02:10:00,890

go ahead oh there's a top theoretical

2900

02:10:09,070 --> 02:10:04,730

physicist named Lee Smolin that le e

2901  
02:10:11,140 --> 02:10:09,080  
capital S M o Li and you can search him

2902  
02:10:14,170 --> 02:10:11,150  
he said he's the top guy working on time

2903  
02:10:17,020 --> 02:10:14,180  
right now and he says he says I'm

2904  
02:10:19,030 --> 02:10:17,030  
working on a new theory of time and he's

2905  
02:10:24,070 --> 02:10:19,040  
really amazing guy I like him a lot

2906  
02:10:26,170 --> 02:10:24,080  
Wow Lee Smolin I'll check him out thank

2907  
02:10:28,510 --> 02:10:26,180  
you well hey thanks for the call I think

2908  
02:10:31,720 --> 02:10:28,520  
we probably we had someone saying they

2909  
02:10:35,350 --> 02:10:31,730  
were going to call from Europe but dude

2910  
02:10:37,510 --> 02:10:35,360  
I do appreciate the call and we are just

2911  
02:10:40,060 --> 02:10:37,520  
about ready to wrap up unless that call

2912  
02:10:42,760 --> 02:10:40,070  
comes in within a minute gentlemen it's

2913  
02:10:45,330 --> 02:10:42,770

been so much fun I've really had such a

2914

02:10:48,340 --> 02:10:45,340

great night with you guys thank you

2915

02:10:54,880 --> 02:10:48,350

Arden when did when does the second hour

2916

02:10:56,680 --> 02:10:54,890

start now for us I guess Martin I should

2917

02:10:59,650 --> 02:10:56,690

have said this when we were on KCRA but

2918

02:11:02,350 --> 02:10:59,660

congratulations good good job tonight

2919

02:11:05,620 --> 02:11:02,360

I'm on the premiere show well thank you

2920

02:11:07,390 --> 02:11:05,630

oh geez I'm glad luckily I have a Evan

2921

02:11:09,250 --> 02:11:07,400

behind the scenes doing all the work on

2922

02:11:11,950 --> 02:11:09,260

the youtubes so everything seemed to

2923

02:11:14,200 --> 02:11:11,960

work fine but uh I really do I really

2924

02:11:15,940 --> 02:11:14,210

had a great time and I wish I could go

2925

02:11:20,170 --> 02:11:15,950

another four hours but thanks so much

2926

02:11:27,400 --> 02:11:20,180

both of you Oh does that mean we can

2927

02:11:29,680 --> 02:11:27,410

actually hang up now yeah take care all

2928

02:11:31,930 --> 02:11:29,690

right all right good night everyone

2929

02:11:35,380 --> 02:11:31,940

all right all right everyone so you

2930

02:11:37,209 --> 02:11:35,390

heard me do the outro earlier but that's

2931

02:11:39,490 --> 02:11:37,219

that's it for the show tonight I want to

2932

02:11:42,190 --> 02:11:39,500

thank you all so much for hanging in and

2933

02:11:43,550 --> 02:11:42,200

listening I thought it was a great one

2934

02:11:46,370 --> 02:11:43,560

I'm really excited

2935

02:11:48,230 --> 02:11:46,380

about tonight's show and I might even

2936

02:11:50,540 --> 02:11:48,240

might be one that I actually listen to

2937

02:11:53,810 --> 02:11:50,550

again because it was that good I think

2938

02:11:57,650 --> 02:11:53,820

anyway next week we'll be back with dr.

2939

02:11:59,840 --> 02:11:57,660

Bob gross I talked to him out in howdy

2940

02:12:01,160 --> 02:11:59,850

in Phoenix this last February real

2941

02:12:03,560 --> 02:12:01,170

interesting guys should be a great show

2942

02:12:07,280 --> 02:12:03,570

and we'll be back remember our new time

2943

02:12:09,830 --> 02:12:07,290

if you want to watch live is 6 to 8 p.m.

2944

02:12:10,760 --> 02:12:09,840

every Tuesday and that's Eastern

2945

02:12:12,770 --> 02:12:10,770

Standard Time

2946

02:12:14,200 --> 02:12:12,780

thanks so much and I want to thank the

2947

02:12:17,240 --> 02:12:14,210

people who helped out with the show

2948

02:12:20,480 --> 02:12:17,250

Alejandro of course I want to thank our

2949

02:12:21,170 --> 02:12:20,490

guests Dave Marlar Ali Spiegel and James

2950

02:12:23,720 --> 02:12:21,180

Fox

2951

02:12:26,240 --> 02:12:23,730

I want to thank Evan for the working in

2952

02:12:28,250 --> 02:12:26,250

the background we have Peggy overdoing

2953

02:12:31,130 --> 02:12:28,260

our Facebook page remember to like us on

2954

02:12:33,950 --> 02:12:31,140

Facebook for all the latest UFO news

2955

02:12:36,260 --> 02:12:33,960

it's always posted up there if someone's

2956

02:12:39,680 --> 02:12:36,270

interested in doing a guest blog just

2957

02:12:41,900 --> 02:12:39,690

email me at Martin at podcast UFO calm

2958

02:12:50,560 --> 02:12:41,910

and thanks so much and remember to keep
