out in Phoenix last February and he's a

6
00:00:16,129 --> 00:00:13,170
great guy

7
00:00:18,400 --> 00:00:16,139
before our guests this evening we have a

8
00:00:23,090 --> 00:00:18,410

updates and we are live now for those of

10
00:00:29,720 --> 00:00:26,189
you on YouTube you know that we changed

enjoy the show we're bringing you

15

00:00:43,670 --> 00:00:41,700

different guests every week last week

16

00:00:46,250 --> 00:00:43,680

was a humdinger with three different

17

00:00:49,700 --> 00:00:46,260

guests we generally have one guest but

18

00:00:52,729 --> 00:00:49,710

we may add some as we go along you know

19

00:00:55,189 --> 00:00:52,739

it just depends on the circumstance also

20

00:00:57,740 --> 00:00:55,199

almost had an additional person tonight

21

00:00:59,930 --> 00:00:57,750

but it didn't work out just to join in

22

00:01:02,510 --> 00:00:59,940

for a few minutes but anyway that may

23

00:01:04,910 --> 00:01:02,520

happen I want to thank everyone that

24

00:01:07,460 --> 00:01:04,920

supports the show anyone can do that and

25

00:01:12,490 --> 00:01:07,470

you can find that information over on

26

00:01:15,050 --> 00:01:12,500

podcast UFO comm so we are live on

27

00:01:18,380 --> 00:01:15,060

Tuesday evening sets 6:00 to 8:00

28

00:01:20,719 --> 00:01:18,390

Eastern Standard Time on kgr a radio as

29

00:01:22,700 --> 00:01:20,729

I mentioned and also on youtube you can

30

00:01:25,940 --> 00:01:22,710

also watch that right on the website

31

00:01:29,810 --> 00:01:25,950

podcast UFO calm over there we have some

32

00:01:32,510 --> 00:01:29,820

blogs we also have a UFO sightings page

33

00:01:34,160 --> 00:01:32,520

people can post sightings anonymous we

34

00:01:36,410 --> 00:01:34,170

have quite a few of them over there very

35

00:01:37,219 --> 00:01:36,420

interesting ones so check that out when

36

00:01:39,740 --> 00:01:37,229

you get a chance

37

00:01:42,620 --> 00:01:39,750

and so that's enough babbling for me

38

00:01:44,870 --> 00:01:42,630

right now Alejandro how you doing I'm

39

00:01:47,630 --> 00:01:44,880

doing pretty well doing a lot better

40

00:01:50,840 --> 00:01:47,640

today in fact yeah I just remembered I

41

00:01:53,420 --> 00:01:50,850

owe that the Cate GRE station an apology

42

00:01:54,800 --> 00:01:53,430

because I was sick yesterday so I woke

43

00:01:59,569 --> 00:01:54,810

up like in the middle of the night

44

00:02:04,429 --> 00:01:59,579

thinking no but I

45

00:02:07,280 --> 00:02:04,439

yeah and doing well bit really busy but

46

00:02:08,839 --> 00:02:07,290

and and we'll be at alien Con anybody

47

00:02:11,300 --> 00:02:08,849

who's going to be there and Pasadena

48

00:02:12,710 --> 00:02:11,310

this weekend we're going to be just

49

00:02:13,700 --> 00:02:12,720

promoting the conference and selling

50

00:02:16,570 --> 00:02:13,710

some t-shirts

51
00:02:19,040 --> 00:02:16,580
- so oh great that's gonna be fun

52
00:02:21,260 --> 00:02:19,050
Pasadena is always a great place I'd go

53
00:02:23,420 --> 00:02:21,270
to a great of the Rose Bowl flea market

54
00:02:25,250 --> 00:02:23,430
there when I'm out there it's a palace

55
00:02:26,870 --> 00:02:25,260
really yeah I haven't been there and

56
00:02:28,400 --> 00:02:26,880
I've heard it's gorgeous so I'm really

57
00:02:30,470 --> 00:02:28,410
looking forward to it we're staying at a

58
00:02:34,640 --> 00:02:30,480
really cool Airbnb

59
00:02:38,300 --> 00:02:34,650
oh wow great awesome so what's going on

60
00:02:41,330 --> 00:02:38,310
for UFO news UFO news there's not a

61
00:02:43,310 --> 00:02:41,340
whole lot I mean that there's still that

62
00:02:45,770 --> 00:02:43,320
news that we've been talking about the

63
00:02:49,400 --> 00:02:45,780

last couple of weeks about the nimitz

64

00:02:51,350 --> 00:02:49,410

UFO encounter yeah also that information

65

00:02:54,170 --> 00:02:51,360

about you know george knapp shared about

66

00:02:55,340 --> 00:02:54,180

the government organization that did all

67

00:02:57,140 --> 00:02:55,350

of that and kind of how they were

68

00:03:00,770 --> 00:02:57,150

looking at the skinwalker and everything

69

00:03:03,410 --> 00:03:00,780

so there's a lot of that going on still

70

00:03:05,720 --> 00:03:03,420

and otherwise not a whole lot of new

71

00:03:08,780 --> 00:03:05,730

stuff couple new things that have been

72

00:03:12,110 --> 00:03:08,790

posted out there one Cheryl Kosta did a

73

00:03:16,300 --> 00:03:12,120

story for the Syracuse New Times talking

74

00:03:17,990 --> 00:03:16,310

about how sightings are are

75

00:03:20,320 --> 00:03:18,000

deteriorating there's less and less

76
00:03:22,640 --> 00:03:20,330
sightings at least that MUFON is getting

77
00:03:24,230 --> 00:03:22,650
it's always difficult with those numbers

78
00:03:27,350 --> 00:03:24,240
because those numbers are very high

79
00:03:31,160 --> 00:03:27,360
level doesn't those are cases before

80
00:03:32,990 --> 00:03:31,170
they're investigated and in my you know

81
00:03:34,910 --> 00:03:33,000
examination of these where I watch these

82
00:03:36,850 --> 00:03:34,920
numbers on a monthly basis as well and

83
00:03:42,670 --> 00:03:36,860
I'd love to hear your opinion on it

84
00:03:45,350 --> 00:03:42,680
often it's due to awareness so the more

85
00:03:48,080 --> 00:03:45,360
UFO television shows there are out there

86
00:03:51,350 --> 00:03:48,090
especially ones featuring groups like

87
00:03:53,630 --> 00:03:51,360
MUFON then the more UFO sightings that

88
00:03:57,400 --> 00:03:53,640

happen and really we haven't had a lot

89
00:03:59,930 --> 00:03:57,410
of UFO programs going on now I know and

90
00:04:03,050 --> 00:03:59,940
Bob may know this there are a lot of

91
00:04:07,040 --> 00:04:03,060
production companies out there looking

92
00:04:08,720 --> 00:04:07,050
to do something right and I know History

93
00:04:10,550 --> 00:04:08,730
Channel's working on a couple of things

94
00:04:12,470 --> 00:04:10,560
but nobody's pulled the trigger on

95
00:04:14,780 --> 00:04:12,480
anything so we'll see what happens I

96
00:04:17,330 --> 00:04:14,790
think the hard part is is everything's

97
00:04:19,160 --> 00:04:17,340
been done when it comes to UFOs so it's

98
00:04:22,190 --> 00:04:19,170
hard to look at to figure out a new

99
00:04:25,130 --> 00:04:22,200
angle but yeah what do you think of the

100
00:04:27,170 --> 00:04:25,140
numbers yeah you know I just I haven't

101
00:04:30,650 --> 00:04:27,180
really been paying a lot of times I I do

102
00:04:33,320 --> 00:04:30,660
look at them but I haven't noticed just

103
00:04:35,450 --> 00:04:33,330
lately eggs so I guess I guess I haven't

104
00:04:39,409 --> 00:04:35,460
really paid that much attention to the

105
00:04:42,110 --> 00:04:39,419
actual numbers but they are down and the

106
00:04:45,890 --> 00:04:42,120
like blanket like a blanket number is

107
00:04:49,249 --> 00:04:45,900
down yeah kind of the overall number of

108
00:04:51,860 --> 00:04:49,259
sighting reports is down but it's really

109
00:04:53,870 --> 00:04:51,870
difficult so to qualify does that mean

110
00:04:56,870 --> 00:04:53,880
you know I think people then think oh

111
00:04:59,960 --> 00:04:56,880
the phenomena has it has subsided but

112
00:05:01,939 --> 00:04:59,970
that's really hard to say and you know

113
00:05:03,560 --> 00:05:01,949

Bob your guests can speak to this we

114

00:05:06,200 --> 00:05:03,570

both belong to this group called the

115

00:05:10,010 --> 00:05:06,210

Scientific Coalition for ecology yeah

116

00:05:11,990 --> 00:05:10,020

and it's hard to you know it takes a lot

117

00:05:15,290 --> 00:05:12,000

of work to qualify something as an

118

00:05:19,010 --> 00:05:15,300

unknown and until you do that you have a

119

00:05:21,499 --> 00:05:19,020

strong number of unknowns you're not

120

00:05:22,310 --> 00:05:21,509

really gonna be able to gauge the

121

00:05:25,159 --> 00:05:22,320

phenomena

122

00:05:28,640 --> 00:05:25,169

you know the mystery itself where the

123

00:05:30,640 --> 00:05:28,650

unknowns are strange otherwise you're

124

00:05:33,980 --> 00:05:30,650

just kind of dealing with how the public

125

00:05:35,570 --> 00:05:33,990

deals with the situation and with these

126

00:05:37,700 --> 00:05:35,580

numbers you often see that where there's

127

00:05:39,529 --> 00:05:37,710

more people there's more reports which

128

00:05:43,520 --> 00:05:39,539

makes sense where there's more sunshine

129

00:05:45,260 --> 00:05:43,530

and better weather you see more reports

130

00:05:48,800 --> 00:05:45,270

because people are outside and can see

131

00:05:51,110 --> 00:05:48,810

the sky more so I mean so the way

132

00:05:53,180 --> 00:05:51,120

populations move have a lot to do with

133

00:05:56,089 --> 00:05:53,190

how things are reported but don't

134

00:05:59,719 --> 00:05:56,099

necessarily reflect on the phenomena

135

00:06:02,120 --> 00:05:59,729

itself I think but some one way if

136

00:06:06,379 --> 00:06:02,130

there's sort of like a it's sort of in a

137

00:06:09,379 --> 00:06:06,389

way pop culture influenced right very

138

00:06:12,230 --> 00:06:09,389

much so it really is I mean when hangar

139

00:06:14,930 --> 00:06:12,240

1 was out you know that MUFON television

140

00:06:17,270 --> 00:06:14,940

show they had a huge increase in

141

00:06:19,339 --> 00:06:17,280

sighting reports now let me ask you

142

00:06:21,950 --> 00:06:19,349

something do you know if apart me do you

143

00:06:23,990 --> 00:06:21,960

know if I Peter Davenport was getting a

144

00:06:27,499 --> 00:06:24,000

lot of sighting reports as well or was

145

00:06:28,760 --> 00:06:27,509

it just MUFON he has those trends his

146

00:06:32,360 --> 00:06:28,770

trends are a little different

147

00:06:34,219 --> 00:06:32,370

but because he's not always featured you

148

00:06:35,600 --> 00:06:34,229

know they're featured on shows sometimes

149

00:06:37,909 --> 00:06:35,610

they're featured on the same shows

150

00:06:39,769 --> 00:06:37,919

sometimes that are not but yeah you

151
00:06:41,119 --> 00:06:39,779
can't see that trend and if you ask him

152
00:06:43,489 --> 00:06:41,129
he'll that he'll be he'll

153
00:06:45,260 --> 00:06:43,499
tell you that as well he gets different

154
00:06:47,419 --> 00:06:45,270
media attention but he does get media

155
00:06:49,969 --> 00:06:47,429
attention so whenever he gets a story

156
00:06:53,149 --> 00:06:49,979
let's say in a large media outlet then

157
00:06:55,519 --> 00:06:53,159
he'll have an increase himself so it's

158
00:06:57,889 --> 00:06:55,529
heavily influenced by the the media

159
00:06:59,689 --> 00:06:57,899
attention that deeds which makes sense

160
00:07:01,579 --> 00:06:59,699
you know the marketing that the

161
00:07:03,469 --> 00:07:01,589
awareness that people get that they

162
00:07:07,399 --> 00:07:03,479
exist and you know when someone watches

163
00:07:09,829 --> 00:07:07,409

a TV show and you know someone like new

164

00:07:11,689 --> 00:07:09,839

fork or move on is mentioned then they

165

00:07:14,570 --> 00:07:11,699

think you know what I had a sighting a

166

00:07:17,779 --> 00:07:14,580

couple years ago or five years ago or

167

00:07:20,209 --> 00:07:17,789

ten years ago or or it even happens you

168

00:07:23,209 --> 00:07:20,219

know what I was there in that Roswell

169

00:07:25,999 --> 00:07:23,219

thing so I'm gonna report I mean that's

170

00:07:27,980 --> 00:07:26,009

how Kurt Russell yeah if you remember

171

00:07:29,449 --> 00:07:27,990

last year reported and said yeah he was

172

00:07:34,639 --> 00:07:29,459

a part of the Phoenix Isis from a

173

00:07:36,529 --> 00:07:34,649

television show so that that often

174

00:07:38,899 --> 00:07:36,539

produces yeah a lot of reports now you

175

00:07:41,329 --> 00:07:38,909

mentioned earlier there's some more on

176

00:07:44,839 --> 00:07:41,339

the Nimitz and I did see there's a lot

177

00:07:47,119 --> 00:07:44,849

going on I know there was some news

178

00:07:50,689 --> 00:07:47,129

let's see Fox News ran something with

179

00:07:52,189 --> 00:07:50,699

Nick Pope and I forget the yeah yeah so

180

00:07:54,379 --> 00:07:52,199

a lot is happening of course that

181

00:07:57,769 --> 00:07:54,389

started with the i-team and George Knapp

182

00:08:00,439 --> 00:07:57,779

that you know getting Harry Reid to help

183

00:08:02,029 --> 00:08:00,449

out to find the documents and I know

184

00:08:04,249 --> 00:08:02,039

you've done a lot of work on that on the

185

00:08:06,769 --> 00:08:04,259

what's the name of the web site the geek

186

00:08:08,899 --> 00:08:06,779

what is it I have den of geek I thought

187

00:08:10,819 --> 00:08:08,909

the story coming out this week at there

188

00:08:14,059 --> 00:08:10,829

that it's taking a long time for them to

189

00:08:16,989 --> 00:08:14,069

get it out just because uh you know I I

190

00:08:20,199 --> 00:08:16,999

think second billing to the sci-fi

191

00:08:23,719 --> 00:08:20,209

industries entertainment industries uh

192

00:08:25,069 --> 00:08:23,729

new so I have a story on the Nimitz

193

00:08:28,790 --> 00:08:25,079

coming out and then I have another

194

00:08:31,639 --> 00:08:28,800

longer story on the program and its

195

00:08:35,089 --> 00:08:31,649

relation to it's gonna walk a ranch and

196

00:08:37,249 --> 00:08:35,099

and Bob Bigelow in that history um why

197

00:08:40,879 --> 00:08:37,259

don't you be coming out to probably in

198

00:08:44,720 --> 00:08:40,889

their magazine but one interesting part

199

00:08:46,879 --> 00:08:44,730

to this is that the SSE the Society for

200

00:08:48,999 --> 00:08:46,889

scientific exploration they've gotten

201
00:08:51,559 --> 00:08:49,009
some news especially by George Knapp

202
00:08:54,620 --> 00:08:51,569
recently because last weekend they had

203
00:08:55,130 --> 00:08:54,630
their big conference and part of their

204
00:08:57,110 --> 00:08:55,140
conference

205
00:08:59,600 --> 00:08:57,120
was John Alexander who lives in Las

206
00:09:02,090 --> 00:08:59,610
Vegas and was kind of the local host of

207
00:09:05,510 --> 00:09:02,100
the event and then how put up and held

208
00:09:08,570 --> 00:09:05,520
up is a physicist who was involved with

209
00:09:11,390 --> 00:09:08,580
the big low organization the bass and

210
00:09:14,140 --> 00:09:11,400
this ain't hip and a swap sees these

211
00:09:17,690 --> 00:09:14,150
different names at the the Pentagon

212
00:09:20,210 --> 00:09:17,700
project had so that was featured heavily

213
00:09:22,610 --> 00:09:20,220

at the the conference or John Alexander

214

00:09:25,730 --> 00:09:22,620

kind of took the higher level view and

215

00:09:27,940 --> 00:09:25,740

then how put of having you know very

216

00:09:32,090 --> 00:09:27,950

intimate knowledge of the more recent

217

00:09:34,220 --> 00:09:32,100

investigations discussed that and the

218

00:09:35,270 --> 00:09:34,230

Pentagon and that sort of stuff I wish I

219

00:09:37,610 --> 00:09:35,280

could have been there because I'm sure

220

00:09:40,250 --> 00:09:37,620

he shared information that he hasn't

221

00:09:42,710 --> 00:09:40,260

shared before and I should note that

222

00:09:45,860 --> 00:09:42,720

John Alexander who was retired Army

223

00:09:48,800 --> 00:09:45,870

Intelligence he's worked in that defense

224

00:09:50,690 --> 00:09:48,810

industry he did work with big low and

225

00:09:53,390 --> 00:09:50,700

skinwalker and he was instrumental in

226

00:09:56,990 --> 00:09:53,400

helping organize the whole thing early

227

00:09:59,120 --> 00:09:57,000

on years ago in the 90s right Wow

228

00:10:01,000 --> 00:09:59,130

I did I did have a little back-and-forth

229

00:10:03,800 --> 00:10:01,010

with George Knapp tried to get him to

230

00:10:06,920 --> 00:10:03,810

just drop in for a few minutes but he

231

00:10:09,140 --> 00:10:06,930

said get back to me in the fall he's

232

00:10:11,390 --> 00:10:09,150

that happy well so busy all the time

233

00:10:14,510 --> 00:10:11,400

he is busy all the time I mean there's

234

00:10:16,700 --> 00:10:14,520

sweeps I spoke to him I speak to him

235

00:10:18,680 --> 00:10:16,710

periodically and yeah and his messages

236

00:10:21,500 --> 00:10:18,690

will be really short during sweeps and

237

00:10:24,760 --> 00:10:21,510

stuff but from what I understand he's

238

00:10:29,240 --> 00:10:24,770

good he is going to want to help to

239

00:10:31,670 --> 00:10:29,250

promote the skinwalker documentary that

240

00:10:35,330 --> 00:10:31,680

Jeremy Korbelt has just finished and will

241

00:10:37,690 --> 00:10:35,340

be out on iTunes soon and so and and a

242

00:10:40,400 --> 00:10:37,700

lot of it has to do with him because he

243

00:10:42,830 --> 00:10:40,410

wanted to make a documentary of all of

244

00:10:45,350 --> 00:10:42,840

this early on but he couldn't he was

245

00:10:47,480 --> 00:10:45,360

asked not to but he had videotape yet it

246

00:10:49,010 --> 00:10:47,490

had gotten a lot of footage so this

247

00:10:52,040 --> 00:10:49,020

footage is now going to be part of

248

00:10:54,350 --> 00:10:52,050

corbels documentary and and George Knapp

249

00:10:56,150 --> 00:10:54,360

is a big part of that so he's very

250

00:10:57,740 --> 00:10:56,160

excited that this footage is finally

251
00:11:00,770 --> 00:10:57,750
going to get out and so he's going to be

252
00:11:03,230 --> 00:11:00,780
promoting it yeah come the fall now I

253
00:11:05,510 --> 00:11:03,240
know I know that you had Jeremy on

254
00:11:07,160 --> 00:11:05,520
recently we had him on I don't know

255
00:11:08,750 --> 00:11:07,170
several months ago but do you know

256
00:11:10,820 --> 00:11:08,760
exactly when that's

257
00:11:14,180 --> 00:11:10,830
to be released in is that only on iTunes

258
00:11:18,050 --> 00:11:14,190
or other other venues I don't know

259
00:11:22,430 --> 00:11:18,060
exactly when all I've heard is summer

260
00:11:25,310 --> 00:11:22,440
and I believe that means very soon in

261
00:11:28,100 --> 00:11:25,320
the next month or two it will be on

262
00:11:30,620 --> 00:11:28,110
iTunes but from what I understand they

263
00:11:34,070 --> 00:11:30,630

haven't confirmed other distribution

264

00:11:36,740 --> 00:11:34,080

outlets but they've gotten a lot of

265

00:11:38,270 --> 00:11:36,750

interest and essentially they're in a

266

00:11:41,150 --> 00:11:38,280

position where they get to pick and

267

00:11:44,030 --> 00:11:41,160

choose so there will be some other very

268

00:11:48,080 --> 00:11:44,040

large distribution outlets that they'll

269

00:11:51,770 --> 00:11:48,090

be that they'll be coming through I see

270

00:11:55,250 --> 00:11:51,780

okay anything else going on I think

271

00:11:57,770 --> 00:11:55,260

that's about it well I do appreciate as

272

00:12:00,040 --> 00:11:57,780

always Alejandro thanks so much and

273

00:12:02,870 --> 00:12:00,050

we'll be back with you next week right

274

00:12:03,440 --> 00:12:02,880

my pleasure my friend yeah we'll talk to

275

00:12:06,820 --> 00:12:03,450

you next week

276

00:12:10,730 --> 00:12:06,830

all right okay everyone so our guest

277

00:12:12,110 --> 00:12:10,740

tonight is dr. Bob Wenzel gross he's a

278

00:12:19,310 --> 00:12:12,120

semi-retired

279

00:12:22,310 --> 00:12:19,320

much so I don't know if I qualify for

280

00:12:25,880 --> 00:12:22,320

that he's also a researcher a writer

281

00:12:29,450 --> 00:12:25,890

presenter and educator with he has two

282

00:12:33,620 --> 00:12:29,460

non-fiction books out connecting the

283

00:12:36,110 --> 00:12:33,630

phenomena is one and I know he has also

284

00:12:38,060 --> 00:12:36,120

some white paper reports out there as

285

00:12:41,480 --> 00:12:38,070

well we're gonna be talking about all

286

00:12:44,360 --> 00:12:41,490

that and welcome to the show Bob dr. Bob

287

00:12:46,430 --> 00:12:44,370

I should say Thank You Martin it's great

288

00:12:50,180 --> 00:12:46,440

to see you again great to be here yeah

289

00:12:53,300 --> 00:12:50,190

yeah yeah we met in in February and that

290

00:12:57,830 --> 00:12:53,310

was a lot of fun wasn't it yes it was a

291

00:13:00,740 --> 00:12:57,840

terrific group terrific conference yeah

292

00:13:02,840 --> 00:13:00,750

absolutely absolutely so we're gonna can

293

00:13:04,910 --> 00:13:02,850

you kind of up for the person hearing

294

00:13:07,640 --> 00:13:04,920

you for the first time can you give them

295

00:13:09,590 --> 00:13:07,650

your your your basic background and you

296

00:13:16,070 --> 00:13:09,600

know actually what made you interested

297

00:13:19,340 --> 00:13:16,080

in this topic overall well the my

298

00:13:22,280 --> 00:13:19,350

professional involvement in the whole

299

00:13:23,900 --> 00:13:22,290

UFO phenomenon okay I can go back for

300

00:13:33,050 --> 00:13:23,910

but I'll just start there because I'm

301

00:13:35,810 --> 00:13:33,060

pretty old and much time but if I'll go

302

00:13:39,670 --> 00:13:35,820

back to 1984 how does that sound

303

00:13:42,379 --> 00:13:39,680

yes and good round number s yeah yes

304

00:13:45,800 --> 00:13:42,389

that's not when I was born though but

305

00:13:49,999 --> 00:13:45,810

died in 1984 that's when I received my

306

00:13:55,189 --> 00:13:50,009

doctorate from Penn State and my major

307

00:13:59,389 --> 00:13:55,199

was in music education hmm and my minor

308

00:14:00,980 --> 00:13:59,399

was in general studies and because my

309

00:14:04,579 --> 00:14:00,990

doctoral dissertation involved

310

00:14:09,050 --> 00:14:04,589

electronic music I was actually doing a

311

00:14:12,650 --> 00:14:09,060

lot of full-blown scientific experiments

312

00:14:16,129 --> 00:14:12,660

back then working on turning analog

313

00:14:18,319 --> 00:14:16,139

sound into digital sound which there

314

00:14:22,460 --> 00:14:18,329

really wasn't much as far as digital

315

00:14:25,970 --> 00:14:22,470

sound went back in 1984 and since I had

316

00:14:31,090 --> 00:14:25,980

a doctorate in music education I thought

317

00:14:32,900 --> 00:14:31,100

I'd put that into good use so in 1985 I

318

00:14:36,710 --> 00:14:32,910

decided I was going to write a

319

00:14:38,930 --> 00:14:36,720

children's musical and I wanted the

320

00:14:43,100 --> 00:14:38,940

musical to be about something that was

321

00:14:46,840 --> 00:14:43,110

popular and back in 85 things like

322

00:14:49,400 --> 00:14:46,850

battles in honor of a space and

323

00:14:51,980 --> 00:14:49,410

extraterrestrials and star wars and the

324

00:14:55,670 --> 00:14:51,990

movies et and Star Trek and Star Wars

325

00:15:00,439 --> 00:14:55,680

were popular so I decided I was going to

326

00:15:02,120 --> 00:15:00,449

write a musical about UFOs and I thought

327

00:15:07,160 --> 00:15:02,130

that would really be popular for young

328

00:15:10,759 --> 00:15:07,170

kids so I I I looked around Pennsylvania

329

00:15:12,879 --> 00:15:10,769

area and I located a group from

330

00:15:15,170 --> 00:15:12,889

Pennsylvania it was a clearinghouse

331

00:15:18,379 --> 00:15:15,180

known as the Pennsylvania Association

332

00:15:21,110 --> 00:15:18,389

for the study of the unexplained and I

333

00:15:24,590 --> 00:15:21,120

joined that organization yeah I think

334

00:15:28,970 --> 00:15:24,600

was in April of 1985 to learn as much as

335

00:15:31,370 --> 00:15:28,980

I could about you UFOs for my children's

336

00:15:33,590 --> 00:15:31,380

musical that I was writing hmm and

337

00:15:36,079 --> 00:15:33,600

that's what kind of really kicked off my

338

00:15:38,179 --> 00:15:36,089

formal studies in

339

00:15:43,160 --> 00:15:38,189

you know studying about the whole UFO

340

00:15:47,809 --> 00:15:43,170

phenomena Wow and so did you really

341

00:15:50,299 --> 00:15:47,819

enjoy the organization and I'm trying to

342

00:15:53,780 --> 00:15:50,309

think is that the one I'm trying to

343

00:15:55,249 --> 00:15:53,790

think of who the main person that's on

344

00:15:58,489 --> 00:15:55,259

the studies been on the show so many

345

00:16:05,110 --> 00:15:58,499

times I yeah that's him yeah is he part

346

00:16:10,040 --> 00:16:05,120

of that he is isn't he back in 1984-85

347

00:16:12,379 --> 00:16:10,050

yes and so that was the group I worked

348

00:16:15,049 --> 00:16:12,389

with and started that's why I started

349

00:16:18,350 --> 00:16:15,059

learning and became a field investigator

350

00:16:27,470 --> 00:16:18,360

and I was with that group for a few

351

00:16:31,509 --> 00:16:27,480

years and in 1987 they had a national it

352

00:16:35,389 --> 00:16:31,519

was a national UFO information week that

353

00:16:38,780 --> 00:16:35,399

pass as well as MUFON from siguen Texas

354

00:16:40,850 --> 00:16:38,790

they sponsored it and they held this

355

00:16:44,360 --> 00:16:40,860

event that the Greensburg law which is

356

00:16:47,869 --> 00:16:44,370

in Westmoreland County Pennsylvania so I

357

00:16:50,210 --> 00:16:47,879

attended that event and to make a long

358

00:16:52,069 --> 00:16:50,220

story short it was very well attended I

359

00:16:53,660 --> 00:16:52,079

say over the thousand you know maybe a

360

00:16:57,309 --> 00:16:53,670

couple of thousand people attended this

361

00:17:00,350 --> 00:16:57,319

mall and I actually when I was there and

362

00:17:02,509 --> 00:17:00,360

the event was at the I think it was like

363

00:17:04,370 --> 00:17:02,519

the west end of the mall and I was

364

00:17:06,980 --> 00:17:04,380

walking around around the north end of

365

00:17:09,860 --> 00:17:06,990

the mall listening in on people's

366

00:17:11,539 --> 00:17:09,870

conversations and there was this group

367

00:17:13,130 --> 00:17:11,549

that was gathering at the north end of

368

00:17:17,449 --> 00:17:13,140

the mall far away from where the

369

00:17:20,360 --> 00:17:17,459

displays were and I kind of worked my

370

00:17:21,590 --> 00:17:20,370

way in to hear what was going on and and

371

00:17:25,880 --> 00:17:21,600

what it was where there were two

372

00:17:30,260 --> 00:17:25,890

witnesses describing what happened at

373

00:17:32,840 --> 00:17:30,270

the Kecksburg case back in 1965 and I

374

00:17:36,590 --> 00:17:32,850

was the first time that I think

375

00:17:40,789 --> 00:17:36,600

witnesses came forward this was in 87 so

376

00:17:44,060 --> 00:17:40,799

about 20 22 years later with testimony

377

00:17:48,049 --> 00:17:44,070

about the Kecksburg case so I was like

378

00:17:49,150 --> 00:17:48,059

thrilled to hear all that and back in 85

379

00:17:52,060 --> 00:17:49,160

I did happen

380

00:17:56,080 --> 00:17:52,070

the Kecksburg case unfolding on KDKA

381

00:17:58,120 --> 00:17:56,090

radio that's why I became kind of

382

00:18:02,230 --> 00:17:58,130

obsessed with the whole Kecksburg case

383

00:18:05,080 --> 00:18:02,240

so really really got my heart pumping to

384

00:18:06,970 --> 00:18:05,090

hear witnesses give testimony about what

385

00:18:11,320 --> 00:18:06,980

happened that night on December 9th back

386

00:18:15,120 --> 00:18:11,330

in 1965 the Kecksburg so I was kind of

387

00:18:16,950 --> 00:18:15,130

hooked in though the whole UFO

388

00:18:20,620 --> 00:18:16,960

phenomenon field

389

00:18:22,800 --> 00:18:20,630

Wow now I know Stan Gordon that it's

390

00:18:26,470 --> 00:18:22,810

kind of like his baby in a way you know

391

00:18:29,860 --> 00:18:26,480

Kecksburg you know he I actually had him

392

00:18:32,770 --> 00:18:29,870

on debating John venturi along with

393

00:18:34,570 --> 00:18:32,780

someone else when it came to one of the

394

00:18:36,820 --> 00:18:34,580

satellites but you have a different

395

00:18:40,480 --> 00:18:36,830

you're you came up with a different

396

00:18:46,990 --> 00:18:40,490

satellite that you think this could have

397

00:18:49,030 --> 00:18:47,000

been right am I getting that right you

398

00:18:52,990 --> 00:18:49,040

know I see the Skype screen is frozen

399

00:18:54,400 --> 00:18:53,000

and looks like our guest is frozen so

400

00:18:56,410 --> 00:18:54,410

hang on everyone

401
00:19:04,750 --> 00:18:56,420
I'm not sure I might have to bring him

402
00:19:10,270 --> 00:19:04,760
back just hang in there if you would all

403
00:19:18,920 --> 00:19:10,280
right and let's see I'll add him to the

404
00:19:24,590 --> 00:19:20,900
so we did a test ahead of time

405
00:19:30,110 --> 00:19:24,600
everything was good so we will just have

406
00:19:34,400 --> 00:19:30,120
to continue on so live listeners thank

407
00:19:43,550 --> 00:19:34,410
you for hanging in here and he is not

408
00:19:47,090 --> 00:19:43,560
picking up and Skype so not as of yet he

409
00:19:51,650 --> 00:19:47,100
may he may call back so at this point so

410
00:19:55,190 --> 00:19:51,660
the Kecksburg case 1965 there were

411
00:19:57,680 --> 00:19:55,200
several witnesses it's really you know

412
00:20:00,320 --> 00:19:57,690
quite amazing this thing shot across the

413
00:20:04,850 --> 00:20:00,330

sky and then it did some type of angle

414

00:20:08,300 --> 00:20:04,860

turn and it was a very bright and very

415

00:20:11,360 --> 00:20:08,310

low and people were saying that appeared

416

00:20:16,040 --> 00:20:11,370

to be moving along rather slowly with

417

00:20:17,780 --> 00:20:16,050

like a stream of a fire behind it so it

418

00:20:20,630 --> 00:20:17,790

landed in the woods and I remember I

419

00:20:24,650 --> 00:20:20,640

think Stan Gordon who were mentioning

420

00:20:30,050 --> 00:20:24,660

earlier was actually listening to the

421

00:20:34,400 --> 00:20:30,060

radio live I'm hearing strange noises

422

00:20:39,730 --> 00:20:34,410

there's dr. Bob uh can you hear me on

423

00:20:45,170 --> 00:20:42,950

you sound is sounding very much like

424

00:20:47,540 --> 00:20:45,180

Alvin and the Chipmunks so we're gonna

425

00:20:49,190 --> 00:20:47,550

hang up on you and try again I'm gonna

426
00:20:53,270 --> 00:20:49,200
get you to start singing some Christmas

427
00:20:58,100 --> 00:20:53,280
songs here alright so we'll try him he

428
00:21:00,290 --> 00:20:58,110
did come across visually but that was

429
00:21:03,880 --> 00:21:00,300
I'm gonna keep that recording and I like

430
00:21:07,960 --> 00:21:03,890
that that's it's a very alien sounding

431
00:21:11,390 --> 00:21:07,970
so this thing crashes in a wooded area

432
00:21:13,250 --> 00:21:11,400
and there were some what eyewitnesses

433
00:21:17,810 --> 00:21:13,260
she's coming back again let's see how

434
00:21:20,030 --> 00:21:17,820
he's like dr. Bob can you hear me I can

435
00:21:20,540 --> 00:21:20,040
hear you do you know what happened on

436
00:21:23,930 --> 00:21:20,550
your end

437
00:21:25,340 --> 00:21:23,940
no everything just went black yeah it's

438
00:21:28,540 --> 00:21:25,350

definitely the government they always do

439

00:21:30,430 --> 00:21:28,550

that we had happen in the future

440

00:21:32,020 --> 00:21:30,440

all right well whatever if you didn't do

441

00:21:37,390 --> 00:21:32,030

anything I can't tell you not to do it

442

00:21:41,140 --> 00:21:37,400

again so Wow all right so you're not up

443

00:21:41,860 --> 00:21:41,150

visually yet so when things like this

444

00:21:43,840 --> 00:21:41,870

happen

445

00:21:45,250 --> 00:21:43,850

you know I can't I seems to me that I

446

00:21:48,700 --> 00:21:45,260

asked you a question of course you

447

00:21:50,620 --> 00:21:48,710

didn't hear it so we were talking about

448

00:21:55,630 --> 00:21:50,630

you were getting interested in Kecksburg

449

00:21:58,270 --> 00:21:55,640

and also I started telling the listening

450

00:22:00,490 --> 00:21:58,280

audience basically what happened there I

451

00:22:02,380 --> 00:22:00,500

didn't really get into anything much

452

00:22:06,520 --> 00:22:02,390

further than the thing doing the zigzag

453

00:22:08,710 --> 00:22:06,530

in the sky and crashing in the woods but

454

00:22:09,400 --> 00:22:08,720

do you want to just go over what you

455

00:22:13,360 --> 00:22:09,410

know about that

456

00:22:16,330 --> 00:22:13,370

that story in particular the Kecksburg

457

00:22:19,690 --> 00:22:16,340

incident started now I can see myself by

458

00:22:21,100 --> 00:22:19,700

the way in the corner of the video which

459

00:22:21,940 --> 00:22:21,110

I couldn't before so I don't know what

460

00:22:25,120 --> 00:22:21,950

that means

461

00:22:30,580 --> 00:22:25,130

but uh yeah you're not a visual right

462

00:22:33,640 --> 00:22:30,590

now which is fine so this was in 1965

463

00:22:34,360 --> 00:22:33,650

and in Kecksburg Pennsylvania what

464

00:22:38,640 --> 00:22:34,370
happened

465

00:22:42,250 --> 00:22:38,650
it was around 447 p.m. on December 9th

466

00:22:44,350 --> 00:22:42,260
1965 and there were hundreds of

467

00:22:48,010 --> 00:22:44,360
witnesses in several different states

468

00:22:51,130 --> 00:22:48,020
and cluding Canada that basically saw

469

00:22:54,460 --> 00:22:51,140
this fireball coming in in a

470

00:22:58,750 --> 00:22:54,470
southeasterly direction and when the

471

00:23:02,350 --> 00:22:58,760
fireball got to about Ohio it slowed and

472

00:23:04,480 --> 00:23:02,360
it made a turn left started heading

473

00:23:08,370 --> 00:23:04,490
towards Pennsylvania and when this

474

00:23:12,340 --> 00:23:08,380
fireball got between I think it was

475

00:23:15,100 --> 00:23:12,350
later over Pennsylvania and another a

476
00:23:17,350 --> 00:23:15,110
little community it made all right and

477
00:23:20,860 --> 00:23:17,360
started heading south and then when I

478
00:23:22,950 --> 00:23:20,870
got south amid a u-turn and headed up it

479
00:23:25,660 --> 00:23:22,960
landed in Kecksburg and I made a

480
00:23:30,190 --> 00:23:25,670
semi-soft landing in the woods in

481
00:23:34,270 --> 00:23:30,200
Kecksburg and right before it landed it

482
00:23:38,710 --> 00:23:34,280
kind of morphed from a fireball into a

483
00:23:41,500 --> 00:23:38,720
four pointed fiery star and at that

484
00:23:42,340 --> 00:23:41,510
point when it was reported on the KDKA

485
00:23:45,100 --> 00:23:42,350
radio

486
00:23:47,139 --> 00:23:45,110
kfk in television a lot of people

487
00:23:51,399 --> 00:23:47,149
started hearing about it and they

488
00:23:53,710 --> 00:23:51,409

started traveling out to Kecksburg now

489

00:23:55,509 --> 00:23:53,720

my parents wouldn't let me go out I was

490

00:23:57,820 --> 00:23:55,519

only 17 years old at the time I'm not a

491

00:24:01,389 --> 00:23:57,830

very good driver and they would not

492

00:24:05,019 --> 00:24:01,399

travel 53 miles in their relatively new

493

00:24:06,340 --> 00:24:05,029

car out to Kecksburg but and I thought

494

00:24:10,240 --> 00:24:06,350

the whole thing ended right that in

495

00:24:13,629 --> 00:24:10,250

there but so later on that evening there

496

00:24:15,720 --> 00:24:13,639

were quite a few people got there some

497

00:24:19,299 --> 00:24:15,730

of the witnesses like that I heard in

498

00:24:21,669 --> 00:24:19,309

1987 get testimony there were groups of

499

00:24:26,320 --> 00:24:21,679

people that got into the woods before

500

00:24:30,759 --> 00:24:26,330

the police and the army arrived and they

501
00:24:36,310 --> 00:24:30,769
saw this object lying in this in the

502
00:24:40,899 --> 00:24:36,320
woods in kind of a shallow River batter

503
00:24:44,980 --> 00:24:40,909
creek bed and it was an object that was

504
00:24:48,580 --> 00:24:44,990
a large acorn shaped object that was

505
00:24:50,259 --> 00:24:48,590
shiny golden color and it had a

506
00:24:52,990 --> 00:24:50,269
protuberance on the front that some

507
00:24:57,249 --> 00:24:53,000
people reported look like a burnt orange

508
00:25:00,519 --> 00:24:57,259
colored trashcan and also the object was

509
00:25:03,759 --> 00:25:00,529
giving off really bright flashes what

510
00:25:05,590 --> 00:25:03,769
was there on the earth about garage say

511
00:25:08,139 --> 00:25:05,600
hey we're gonna have to we're gonna have

512
00:25:10,240 --> 00:25:08,149
to end it right there we'll come back to

513
00:25:12,850 --> 00:25:10,250

it here we have a break we're coming so

514

00:25:14,470 --> 00:25:12,860

we'll get right back on that and you're

515

00:25:17,799 --> 00:25:14,480

just basically talking about what people

516

00:25:19,930 --> 00:25:17,809

said they're witnessing so hang in there

517

00:25:23,110 --> 00:25:19,940

we are coming up on a break now so

518

00:25:27,310 --> 00:25:23,120

you're listening to podcast UFO on kgr a

519

00:25:29,259 --> 00:25:27,320

radio my guest is dr. Robert or dr. Bob

520

00:25:30,610 --> 00:25:29,269

as he likes to be called gross and we'll

521

00:25:35,909 --> 00:25:30,620

be right back after this commercial

522

00:25:40,600 --> 00:25:38,230

alright gang we've got three minute half

523

00:25:43,269 --> 00:25:40,610

minutes in this bright alright very good

524

00:25:46,690 --> 00:25:43,279

thank you so just to let the YouTube

525

00:25:48,759 --> 00:25:46,700

listener know so the way things have to

526

00:25:51,129 --> 00:25:48,769

go the only way I can keep this show

527

00:25:53,500 --> 00:25:51,139

basically going on YouTube and kgr a

528

00:25:55,110 --> 00:25:53,510

radio at the same time is first of all

529

00:25:57,810 --> 00:25:55,120

have no intro or out

530

00:26:01,200 --> 00:25:57,820

music unfortunately that may change of

531

00:26:03,030 --> 00:26:01,210

that will change kgr a is getting a new

532

00:26:07,320 --> 00:26:03,040

board and so that'll be coming up for

533

00:26:10,350 --> 00:26:07,330

music as far as the breaks go so I had

534

00:26:12,750 --> 00:26:10,360

two choices I can end the I can end the

535

00:26:14,730 --> 00:26:12,760

stream and basically put everyone on

536

00:26:17,430 --> 00:26:14,740

hold or you can hear the chitchat behind

537

00:26:20,220 --> 00:26:17,440

the scenes so I figured most people

538

00:26:21,660 --> 00:26:20,230

would enjoy that a little bit more than

539

00:26:23,970 --> 00:26:21,670

for me just putting the whole show on

540

00:26:25,799 --> 00:26:23,980

pause so that's what we're gonna do so

541

00:26:27,630 --> 00:26:25,809

if you're listening to YouTube whether

542

00:26:29,160 --> 00:26:27,640

you're watching it later or you're

543

00:26:32,340 --> 00:26:29,170

watching it live you're just going to

544

00:26:33,570 --> 00:26:32,350

hear behind the scenes chitchat during

545

00:26:35,520 --> 00:26:33,580

the breaks

546

00:26:38,790 --> 00:26:35,530

you won't hear the commercials actually

547

00:26:41,880 --> 00:26:38,800

so anyway Bob we'll get back to that

548

00:26:44,820 --> 00:26:41,890

we'll get back to that where you were

549

00:26:47,340 --> 00:26:44,830

talking about very interesting that so

550

00:26:52,640 --> 00:26:47,350

many turns and twists in this particular

551
00:26:55,980 --> 00:26:52,650
case it's really fascinating yes and

552
00:26:58,080 --> 00:26:55,990
especially when people are talking about

553
00:26:59,640 --> 00:26:58,090
you know possibly the thing being

554
00:27:01,919 --> 00:26:59,650
transported to wright-patterson but

555
00:27:05,210 --> 00:27:01,929
we'll get into all that are you still

556
00:27:10,500 --> 00:27:05,220
and living in the Pennsylvania area now

557
00:27:12,000 --> 00:27:10,510
no I left the Pennsylvania area in 1992

558
00:27:16,400 --> 00:27:12,010
when I first started working with the

559
00:27:19,020 --> 00:27:16,410
government but I was a teacher I taught

560
00:27:22,260 --> 00:27:19,030
in the schools and the public schools

561
00:27:24,230 --> 00:27:22,270
and in the Penn State University as well

562
00:27:30,900 --> 00:27:24,240
as Indiana University of Pennsylvania

563
00:27:35,490 --> 00:27:30,910

for 17 know 23 years and then I was an

564

00:27:39,510 --> 00:27:35,500

administrator for 17 years Wow so doing

565

00:27:42,810 --> 00:27:39,520

the math you are an old guy yes sir I'm

566

00:27:46,580 --> 00:27:42,820

just teasing so oh so what state do you

567

00:27:48,750 --> 00:27:46,590

live in these days right now I

568

00:27:53,970 --> 00:27:48,760

ah uh-huh

569

00:27:57,270 --> 00:27:53,980

and what's the UFO of sightings like in

570

00:28:00,530 --> 00:27:57,280

that states not really high is it no I

571

00:28:02,520 --> 00:28:00,540

mean I can't think of a single occasion

572

00:28:04,230 --> 00:28:02,530

it's pretty low there's some in

573

00:28:07,500 --> 00:28:04,240

Indianapolis but other than that there's

574

00:28:08,549 --> 00:28:07,510

not a lot yeah I can't really think of

575

00:28:10,860 --> 00:28:08,559

any

576

00:28:15,269 --> 00:28:10,870

killer case you know it's quite a few in

577

00:28:19,830 --> 00:28:15,279

Illinois and Ohio I know of some that

578

00:28:21,570 --> 00:28:19,840

were there but you know Iowa Indiana I

579

00:28:25,889 --> 00:28:21,580

just can't think of too many things

580

00:28:29,700 --> 00:28:25,899

going on in that out in that area you

581

00:28:32,700 --> 00:28:29,710

know it's not that there's not that many

582

00:28:34,830 --> 00:28:32,710

people that really get into that type of

583

00:28:36,810 --> 00:28:34,840

thing here as compared to other places

584

00:28:39,899 --> 00:28:36,820

like Texas and so forth

585

00:28:44,700 --> 00:28:39,909

Wow so Monica in the chat room says cool

586

00:28:49,440 --> 00:28:44,710

another Hoosier yes I am now you are now

587

00:28:52,430 --> 00:28:49,450

so transplanted Hoosier yeah so in the

588

00:28:54,869 --> 00:28:52,440

chat just if anyone has any questions

589

00:28:58,139 --> 00:28:54,879

I'm gonna be able to take them later on

590

00:29:02,669 --> 00:28:58,149

also it seems to me as we were starting

591

00:29:05,009 --> 00:29:02,679

the show we had some issues with Skype

592

00:29:06,330 --> 00:29:05,019

I'm not sure exactly what's going on

593

00:29:08,940 --> 00:29:06,340

with that so we may not be able to take

594

00:29:11,909 --> 00:29:08,950

any calls this evening we are going to

595

00:29:12,480 --> 00:29:11,919

be having another call number through PO

596

00:29:16,200 --> 00:29:12,490

GRA

597

00:29:17,580 --> 00:29:16,210

let's go okay Brent go ahead countdown I

598

00:29:19,440 --> 00:29:17,590

don't want to bang in on you there no

599

00:29:21,869 --> 00:29:19,450

problem at all no problem all right here

600

00:29:27,570 --> 00:29:21,879

we go let's get back on the air in five

601
00:29:31,739 --> 00:29:27,580
four three two hey welcome back to

602
00:29:35,940 --> 00:29:31,749
podcast UFO on kgr a radio that's a cage

603
00:29:39,060 --> 00:29:35,950
er a radio calm my guest is dr. Bob

604
00:29:41,639 --> 00:29:39,070
Gross very excited to talk to him

605
00:29:45,470 --> 00:29:41,649
tonight we were talking before the break

606
00:29:51,600 --> 00:29:45,480
about Kecksburg and of the crash and

607
00:29:53,070 --> 00:29:51,610
what people were seeing now Bob so there

608
00:29:54,779 --> 00:29:53,080
were people that actually ventured into

609
00:30:01,080 --> 00:29:54,789
deep into the woods where this thing

610
00:30:03,060 --> 00:30:01,090
crash right yes and the witnesses you

611
00:30:05,369 --> 00:30:03,070
spoke to or you heard speak at the mall

612
00:30:08,879 --> 00:30:05,379
that evening were any of them people

613
00:30:11,159 --> 00:30:08,889

that actually went into the woods yes

614

00:30:13,139 --> 00:30:11,169

according to what these two witnesses

615

00:30:16,139 --> 00:30:13,149

and they were both gentlemen according

616

00:30:18,869 --> 00:30:16,149

to what I overheard that day at the mall

617

00:30:21,410 --> 00:30:18,879

both of them actually wandered into the

618

00:30:24,440 --> 00:30:21,420

woods right after the

619

00:30:28,910 --> 00:30:24,450

object landed but it appeared like they

620

00:30:31,280 --> 00:30:28,920

were on opposite sides of the object one

621

00:30:34,460 --> 00:30:31,290

in the one male individual was by

622

00:30:35,930 --> 00:30:34,470

himself and the other individual was

623

00:30:40,930 --> 00:30:35,940

with a group of friends and they

624

00:30:43,990 --> 00:30:40,940

allegedly had flash cameras with them

625

00:30:48,980 --> 00:30:44,000

I'd never heard that part so did they

626

00:30:52,310 --> 00:30:48,990

did were pictures taken now at that

627

00:30:55,640 --> 00:30:52,320

event in 1987 yes the witness claimed

628

00:31:02,570 --> 00:30:55,650

that they were taking pictures of the

629

00:31:05,030 --> 00:31:02,580

object that fell and that witness

630

00:31:08,450 --> 00:31:05,040

claimed that the bright flashes that the

631

00:31:12,320 --> 00:31:08,460

first witness saw were possibly coming

632

00:31:15,100 --> 00:31:12,330

from the flashbulbs on the cameras that

633

00:31:18,410 --> 00:31:15,110

he and his friends were using that night

634

00:31:22,010 --> 00:31:18,420

but as you know like later on when I was

635

00:31:25,490 --> 00:31:22,020

doing my research there indicates that

636

00:31:28,460 --> 00:31:25,500

there was a strobe light on the device

637

00:31:31,160 --> 00:31:28,470

on the film bucket that was actually in

638

00:31:33,080 --> 00:31:31,170

the woods that night so that also would

639

00:31:36,140 --> 00:31:33,090

have been causing those bright arcing

640

00:31:38,540 --> 00:31:36,150

lights to appear what the one witness

641

00:31:41,030 --> 00:31:38,550

did claimed that he and his friends had

642

00:31:43,250 --> 00:31:41,040

snuck into the woods before the police

643

00:31:45,020 --> 00:31:43,260

in the military got there and they did

644

00:31:48,800 --> 00:31:45,030

have cameras with them and they took

645

00:31:51,770 --> 00:31:48,810

pictures of them and this was probably

646

00:31:53,570 --> 00:31:51,780

again 87 might have been this might have

647

00:31:56,660 --> 00:31:53,580

been the very first witnesses to ever

648

00:32:01,330 --> 00:31:56,670

testify about seeing something at

649

00:32:05,060 --> 00:32:01,340

Kecksburg that night when these people

650

00:32:09,260 --> 00:32:05,070

were in there there was the military

651
00:32:11,630 --> 00:32:09,270
came right yes they now the military got

652
00:32:13,640 --> 00:32:11,640
there it's a there's a discrepancy as

653
00:32:16,970 --> 00:32:13,650
how quickly they got there they got

654
00:32:21,280 --> 00:32:16,980
there pretty quickly after the object

655
00:32:24,710 --> 00:32:21,290
that a semi-soft landing in the woods

656
00:32:30,470 --> 00:32:24,720
and allegedly they hauled it away the

657
00:32:32,150 --> 00:32:30,480
military hardware so what is the if this

658
00:32:33,680 --> 00:32:32,160
thing it can't be explained as this

659
00:32:34,770 --> 00:32:33,690
satellite you know we're gonna get more

660
00:32:39,280 --> 00:32:34,780
into that

661
00:32:43,000 --> 00:32:39,290
why all the secrecy can you explain why

662
00:32:47,620 --> 00:32:43,010
that was the way yes handled the way it

663
00:32:50,950 --> 00:32:47,630

was I can from my research and in a

664

00:32:54,790 --> 00:32:50,960

couple of different ways the one thing

665

00:32:57,550 --> 00:32:54,800

is that the there was a satellite

666

00:33:02,020 --> 00:32:57,560

program known as the corona satellite

667

00:33:04,660 --> 00:33:02,030

program that existed that time at that

668

00:33:06,790 --> 00:33:04,670

time it was top secret so no one knew

669

00:33:13,930 --> 00:33:06,800

anything about it and that program

670

00:33:16,990 --> 00:33:13,940

existed from about 1959 to 1972 and that

671

00:33:19,900 --> 00:33:17,000

program was a spy satellite program

672

00:33:22,390 --> 00:33:19,910

where the satellites were launched

673

00:33:25,500 --> 00:33:22,400

mostly from Vandenberg Air Force Base in

674

00:33:28,750 --> 00:33:25,510

California and then they took

675

00:33:31,870 --> 00:33:28,760

photographs of places in Russia and

676

00:33:34,990 --> 00:33:31,880

China and so forth that the United

677

00:33:39,760 --> 00:33:35,000

States was interested in and that was a

678

00:33:41,860 --> 00:33:39,770

top-secret program and that's one reason

679

00:33:45,330 --> 00:33:41,870

that they wouldn't they wouldn't tell

680

00:33:51,130 --> 00:33:45,340

anyone because these top-secret programs

681

00:33:55,540 --> 00:33:51,140

didn't become declassified until 1996 I

682

00:33:58,000 --> 00:33:55,550

think it was not the same go ahead you

683

00:34:02,140 --> 00:33:58,010

have a question no no no go ahead at the

684

00:34:05,190 --> 00:34:02,150

same time I found out that they were the

685

00:34:08,560 --> 00:34:05,200

Air Force and the CIA were coal

686

00:34:11,110 --> 00:34:08,570

producers of the corona program at the

687

00:34:14,350 --> 00:34:11,120

same time I found out that Corona some

688

00:34:18,270 --> 00:34:14,360

corona satellites were being used to

689

00:34:22,390 --> 00:34:18,280

test the radioactivity in the atmosphere

690

00:34:24,850 --> 00:34:22,400

because Russia and United States and

691

00:34:27,280 --> 00:34:24,860

China were exploding essentially atomic

692

00:34:30,730 --> 00:34:27,290

bombs in the atmosphere hmm and they

693

00:34:35,710 --> 00:34:30,740

were trying to keep track of how heavy

694

00:34:38,200 --> 00:34:35,720

the radioactivity was getting now that's

695

00:34:41,770 --> 00:34:38,210

yeah two reasons they could have been

696

00:34:44,260 --> 00:34:41,780

using that okay now I think I heard you

697

00:34:46,869 --> 00:34:44,270

say just a few minutes ago the film

698

00:34:49,869 --> 00:34:46,879

bucket I know that they used to

699

00:34:52,329 --> 00:34:49,879

you know take the images via satellite

700

00:34:56,169 --> 00:34:52,339

and drop the film this is not what

701
00:35:00,249 --> 00:34:56,179
you're thinking this particular case was

702
00:35:03,460 --> 00:35:00,259
was just a film bucket is it or is it it

703
00:35:05,890 --> 00:35:03,470
was a film bucket that it was also the

704
00:35:10,690 --> 00:35:05,900
film bucket is inside of a recovery

705
00:35:13,359 --> 00:35:10,700
vehicle recovery vehicle is almost looks

706
00:35:17,220 --> 00:35:13,369
like a a nose cone it's also a type of a

707
00:35:22,259 --> 00:35:17,230
capsule and the recovery vehicles have

708
00:35:25,029 --> 00:35:22,269
not only retrorockets but they also have

709
00:35:31,890 --> 00:35:25,039
stabilization jets and they can be

710
00:35:36,279 --> 00:35:31,900
steered and okay so that explains the

711
00:35:43,990 --> 00:35:36,289
case of it taking as a zig and zag zag

712
00:35:46,440 --> 00:35:44,000
in the sky exactly and so how how did it

713
00:35:49,269 --> 00:35:46,450

come down though and in such a you know

714

00:35:51,009 --> 00:35:49,279

you know an area rural area but still

715

00:35:57,309 --> 00:35:51,019

somewhere where could have caused a

716

00:35:59,980 --> 00:35:57,319

damage did something fail I don't know

717

00:36:04,410 --> 00:35:59,990

that something failed there they did

718

00:36:08,859 --> 00:36:04,420

have a double parachute system and

719

00:36:10,900 --> 00:36:08,869

witnesses that heard the recovery

720

00:36:15,099 --> 00:36:10,910

vehicle passing over headed about 200

721

00:36:17,499 --> 00:36:15,109

feet could hear it hissing so it was

722

00:36:22,299 --> 00:36:17,509

using its stabilization that was using

723

00:36:24,789 --> 00:36:22,309

bottled gas to powered as well witnesses

724

00:36:26,259 --> 00:36:24,799

could hear it hissing ah so that could

725

00:36:29,349 --> 00:36:26,269

have slowed it up and it also had a

726

00:36:32,289 --> 00:36:29,359

double parachute system which it would

727

00:36:37,410 --> 00:36:32,299

have deployed and that double parachute

728

00:36:41,710 --> 00:36:37,420

system had four like they were like

729

00:36:44,799 --> 00:36:41,720

explosives that were tied to these

730

00:36:48,339 --> 00:36:44,809

devices that would have ejected the

731

00:36:50,859 --> 00:36:48,349

parachute out of the recovery vehicle so

732

00:36:54,130 --> 00:36:50,869

you had those two things going for it

733

00:36:56,109 --> 00:36:54,140

that could have slowed it down and also

734

00:36:58,870 --> 00:36:56,119

the trees that were the tree some of the

735

00:37:00,730 --> 00:36:58,880

trees were damaged but it it could have

736

00:37:02,380 --> 00:37:00,740

gotten to that speed

737

00:37:05,500 --> 00:37:02,390

where it could have landed well too much

738

00:37:07,840 --> 00:37:05,510

damage so someone just posted in the in

739

00:37:10,270 --> 00:37:07,850

the message board which i think is a

740

00:37:12,400 --> 00:37:10,280

good question so obviously if the

741

00:37:14,770 --> 00:37:12,410

military showed up there they were

742

00:37:18,880 --> 00:37:14,780

tracking they were tracking what was

743

00:37:21,910 --> 00:37:18,890

going on obviously is that so yes sir

744

00:37:26,109 --> 00:37:21,920

they had a the the the the film bucket

745

00:37:28,030 --> 00:37:26,119

also had a type of tracking device on it

746

00:37:31,260 --> 00:37:28,040

it had an antenna and a tracking device

747

00:37:33,760 --> 00:37:31,270

that was part of the film bucket itself

748

00:37:37,030 --> 00:37:33,770

so that's how they could have tracked it

749

00:37:39,490 --> 00:37:37,040

the whole time well this is you know so

750

00:37:41,910 --> 00:37:39,500

it was definitely a UFO for the people

751
00:37:46,420 --> 00:37:41,920
that watched it because who is

752
00:37:49,690 --> 00:37:46,430
unidentified to them yeah and what about

753
00:37:53,530 --> 00:37:49,700
now are there some people that are just

754
00:37:56,590 --> 00:37:53,540
hanging on tightly to this thing being

755
00:38:01,090 --> 00:37:56,600
you know either extraterrestrial or you

756
00:38:03,310 --> 00:38:01,100
know just a plain UFO unknown or are

757
00:38:07,420 --> 00:38:03,320
people more or less coming around to the

758
00:38:11,050 --> 00:38:07,430
idea that this was some type of

759
00:38:15,310 --> 00:38:11,060
satellite funny you should say that

760
00:38:20,310 --> 00:38:15,320
because after I did my presentation in

761
00:38:22,359 --> 00:38:20,320
at the International UFO Congress I

762
00:38:24,700 --> 00:38:22,369
thought there was going to be quite a

763
00:38:26,349 --> 00:38:24,710

few people bothered by the fact that I

764

00:38:29,890 --> 00:38:26,359

act you know and I had all the evidence

765

00:38:35,380 --> 00:38:29,900

because I I have over 400 slides and so

766

00:38:38,530 --> 00:38:35,390

forth of the research that I did and not

767

00:38:40,930 --> 00:38:38,540

one person complained in fact several

768

00:38:45,609 --> 00:38:40,940

people thanked me came up afterwards

769

00:38:49,030 --> 00:38:45,619

affected me for solving that riddle so

770

00:38:51,970 --> 00:38:49,040

Nick great and even I had attorneys and

771

00:38:54,280 --> 00:38:51,980

law professors coming up that day or the

772

00:38:58,599 --> 00:38:54,290

day after represented and everyone said

773

00:39:02,260 --> 00:38:58,609

you know thank you for solving that that

774

00:39:05,109 --> 00:39:02,270

mystery and you know up until a few

775

00:39:08,710 --> 00:39:05,119

years ago I was always tossed between it

776

00:39:12,280 --> 00:39:08,720

was some type of deep-space probe or

777

00:39:14,530 --> 00:39:12,290

possibly a UFO from another planet of

778

00:39:17,020 --> 00:39:14,540

some sort but actually

779

00:39:19,180 --> 00:39:17,030

I just my chance for some other research

780

00:39:22,510 --> 00:39:19,190

I was doing for another presentation in

781

00:39:26,290 --> 00:39:22,520

Texas I started running across the

782

00:39:28,990 --> 00:39:26,300

information that was Declassified and it

783

00:39:33,360 --> 00:39:29,000

fit like a tee it just kept coming at me

784

00:39:36,330 --> 00:39:33,370

I have like thousands of pages of

785

00:39:39,910 --> 00:39:36,340

documentation that shows that that's

786

00:39:41,320 --> 00:39:39,920

probably what it was all right so

787

00:39:44,740 --> 00:39:41,330

there's there's some people that have

788

00:39:47,130 --> 00:39:44,750

written books on you know the Kecksburg

789

00:39:50,980 --> 00:39:47,140

as a UFO

790

00:39:53,650 --> 00:39:50,990

do you know if they're actually still

791

00:39:57,640 --> 00:39:53,660

hanging on to the idea or do you think

792

00:40:00,430 --> 00:39:57,650

that you know I know how people get they

793

00:40:01,780 --> 00:40:00,440

get vested in like a story and they they

794

00:40:06,250 --> 00:40:01,790

don't want to give up that idea have you

795

00:40:09,430 --> 00:40:06,260

had any backlash from anyone none in

796

00:40:12,610 --> 00:40:09,440

fact right before there was there was a

797

00:40:16,870 --> 00:40:12,620

a an article that I put together that

798

00:40:19,360 --> 00:40:16,880

was published in the UFO Chronicle then

799

00:40:23,410 --> 00:40:19,370

explained you know what I found in my

800

00:40:25,810 --> 00:40:23,420

research and I let everybody know that I

801
00:40:30,610 --> 00:40:25,820
was going to have this article published

802
00:40:34,060 --> 00:40:30,620
did they give him a heads up and Justin

803
00:40:39,970 --> 00:40:34,070
Otto professional courtesy and not one

804
00:40:42,370 --> 00:40:39,980
person complained I even contacted the

805
00:40:46,330 --> 00:40:42,380
town of Kecksburg the fire department

806
00:40:48,280 --> 00:40:46,340
there that has a number posted and I let

807
00:40:50,260 --> 00:40:48,290
them know that hey you know I mean

808
00:40:52,240 --> 00:40:50,270
before this goes out I want to let you

809
00:40:55,090 --> 00:40:52,250
know and here's a you know here's what

810
00:40:58,750 --> 00:40:55,100
I'm going to be saying in my report and

811
00:41:00,820 --> 00:40:58,760
no way even got back to me now they have

812
00:41:05,440 --> 00:41:00,830
a monument there they someone spent some

813
00:41:10,030 --> 00:41:05,450

money on a monument yes yeah so Wow

814

00:41:12,190 --> 00:41:10,040

and I think it's great that when a case

815

00:41:15,100 --> 00:41:12,200

even though you know this is going back

816

00:41:20,980 --> 00:41:15,110

some some years have you heard from any

817

00:41:27,250 --> 00:41:20,990

of the witnesses the Kecksburg events

818

00:41:28,099 --> 00:41:27,260

yeah not that I can recall no I have not

819

00:41:32,239 --> 00:41:28,109

heard back

820

00:41:34,370 --> 00:41:32,249

I would think that those people if

821

00:41:37,130 --> 00:41:34,380

anyone at all would really like to know

822

00:41:40,579 --> 00:41:37,140

about you know the decoding of what

823

00:41:44,059 --> 00:41:40,589

actually happened and you know just to

824

00:41:48,140 --> 00:41:44,069

kind of put it behind them well there

825

00:41:52,779 --> 00:41:48,150

there is one witness and I don't want to

826

00:41:58,309 --> 00:41:52,789

mention his name that I spoke with

827

00:42:04,400 --> 00:41:58,319

because I also let him know about what

828

00:42:06,949 --> 00:42:04,410

my report and he agreed with me oh well

829

00:42:10,729 --> 00:42:06,959

that's good that's good

830

00:42:13,549 --> 00:42:10,739

now what about you have their stories of

831

00:42:16,789 --> 00:42:13,559

course and there's one of the stories

832

00:42:19,489 --> 00:42:16,799

that you hear about Kecksburg as this

833

00:42:20,390 --> 00:42:19,499

thing going to right field I think it

834

00:42:22,999 --> 00:42:20,400

was called I don't know if was

835

00:42:26,089 --> 00:42:23,009

wright-patterson and then yes yes okay

836

00:42:30,249 --> 00:42:26,099

so it goes there supposedly someone

837

00:42:33,049 --> 00:42:30,259

talks about a hanger being guarded and

838

00:42:36,859 --> 00:42:33,059

walking in and seeing an alien arm

839

00:42:39,229 --> 00:42:36,869

hanging off of a table now this is all

840

00:42:42,170 --> 00:42:39,239

from memory from talking to other people

841

00:42:44,689 --> 00:42:42,180

I may have some things wrong about this

842

00:42:49,390 --> 00:42:44,699

case and so forgive me if that's so but

843

00:42:56,959 --> 00:42:49,400

have you looked at any part of that yes

844

00:43:00,249 --> 00:42:56,969

and the let's call it the the film

845

00:43:05,630 --> 00:43:00,259

bucket the it was actually it was a

846

00:43:09,620 --> 00:43:05,640

gold-plated acorn shape device mm-hmm

847

00:43:13,339 --> 00:43:09,630

that was transported to wright-patterson

848

00:43:16,130 --> 00:43:13,349

Air Force Base so I did some research

849

00:43:19,609 --> 00:43:16,140

and that's us this is what really turned

850

00:43:21,469 --> 00:43:19,619

the case for me it's I I think I

851

00:43:24,559 --> 00:43:21,479

mentioned the earlier I did my doctoral

852

00:43:29,989 --> 00:43:24,569

work at Penn State yes and Penn State

853

00:43:34,279 --> 00:43:29,999

has a nuclear reactor there but most

854

00:43:36,499 --> 00:43:34,289

universities don't have one yeah and I

855

00:43:38,779 --> 00:43:36,509

had when I was doing my doctoral work I

856

00:43:41,960 --> 00:43:38,789

I had to put three terms on that main

857

00:43:45,410 --> 00:43:41,970

campus so I you know

858

00:43:47,109 --> 00:43:45,420

come on yet nuclear reactor quite a bit

859

00:43:54,349 --> 00:43:47,119

that's why I have such a glowing

860

00:43:59,680 --> 00:43:54,359

personality but uh the whole idea was

861

00:44:04,280 --> 00:43:59,690

that the Penn State was the leader in

862

00:44:09,730 --> 00:44:04,290

nuclear waste control at that time and a

863

00:44:11,900 --> 00:44:09,740

dr. Eric Walker was heading that up and

864

00:44:15,349 --> 00:44:11,910

during the time of the Kecksburg

865

00:44:20,000 --> 00:44:15,359

incident dr. Walker was also president

866

00:44:23,510 --> 00:44:20,010

of Penn State and he was actually cited

867

00:44:29,030 --> 00:44:23,520

at the Kecksburg landing site that night

868

00:44:34,130 --> 00:44:29,040

in December of 1965 and he was

869

00:44:37,609 --> 00:44:34,140

supervising the removal of anything that

870

00:44:39,800 --> 00:44:37,619

would have been contained in that film

871

00:44:41,120 --> 00:44:39,810

bucket and there were also witnesses

872

00:44:44,450 --> 00:44:41,130

that claimed that they saw people on

873

00:44:46,760 --> 00:44:44,460

what they called moon suits which to a

874

00:44:50,120 --> 00:44:46,770

radiation protection suits walking

875

00:44:52,070 --> 00:44:50,130

around in the woods of Kecksburg that

876

00:44:55,400 --> 00:44:52,080

that evening and they were also carrying

877

00:44:57,410 --> 00:44:55,410

large boxes and I'm doing my research I

878

00:45:00,859 --> 00:44:57,420

found out that those large boxes were

879

00:45:03,560 --> 00:45:00,869

used to put radioactive materials in

880

00:45:06,140 --> 00:45:03,570

just in case they were doing radioactive

881

00:45:12,440 --> 00:45:06,150

or nuclear or nuclear emulsion

882

00:45:16,820 --> 00:45:12,450

experiments on those in in those film

883

00:45:21,349 --> 00:45:16,830

buckets which they were so they actually

884

00:45:22,790 --> 00:45:21,359

then transported that that recovery

885

00:45:25,420 --> 00:45:22,800

vehicle in the film bucket to

886

00:45:29,390 --> 00:45:25,430

wright-patterson Air Force Base and

887

00:45:35,960 --> 00:45:29,400

somebody did see it there in a hangar

888

00:45:37,070 --> 00:45:35,970

and it was the device was sitting in

889

00:45:40,670 --> 00:45:37,080

such a way that there was like a

890

00:45:43,760 --> 00:45:40,680

parachute device you know it was head it

891

00:45:48,440 --> 00:45:43,770

was underneath a parachute device so I

892

00:45:50,780 --> 00:45:48,450

found photographs of another film bucket

893

00:45:54,770 --> 00:45:50,790

on display and a science conference and

894

00:45:55,730 --> 00:45:54,780

it was on display under a parachute the

895

00:45:59,359 --> 00:45:55,740

parachute was a

896

00:46:01,460 --> 00:45:59,369

and the film bucket was beneath oh so

897

00:46:02,900 --> 00:46:01,470

you're thinking when that person peered

898

00:46:03,589 --> 00:46:02,910

into the hangar they were seeing

899

00:46:05,690 --> 00:46:03,599

basically

900

00:46:10,359 --> 00:46:05,700

the film bucket with the parachute over

901
00:46:15,559 --> 00:46:10,369
it yes but no arm dangling I guess that

902
00:46:17,299 --> 00:46:15,569
no the arm the only thing that the alarm

903
00:46:21,079 --> 00:46:17,309
could have been okay I I went through

904
00:46:23,109 --> 00:46:21,089
this there's a possibility because there

905
00:46:27,290 --> 00:46:23,119
could have been a variety of different

906
00:46:30,049 --> 00:46:27,300
nuclear experiments onboard that film

907
00:46:33,339 --> 00:46:30,059
bucket because the NASA and the

908
00:46:36,470 --> 00:46:33,349
government did not describe that

909
00:46:41,599 --> 00:46:36,480
experiment like other experiments I

910
00:46:43,520 --> 00:46:41,609
looked at every single the launch of a

911
00:46:47,150 --> 00:46:43,530
corona satellite that I could get a hold

912
00:46:49,040 --> 00:46:47,160
of and most of them had the nuclear

913
00:46:52,849 --> 00:46:49,050

experiments that were inside they had

914

00:46:54,859 --> 00:46:52,859

them described this is the only flight

915

00:46:58,370 --> 00:46:54,869

that I found the only mission I found

916

00:47:01,370 --> 00:46:58,380

that did not have the nuclear experiment

917

00:47:03,530 --> 00:47:01,380

described so I went through a whole

918

00:47:06,230 --> 00:47:03,540

scenario of I find out the kind of

919

00:47:08,750 --> 00:47:06,240

nuclear experiments that could have been

920

00:47:10,569 --> 00:47:08,760

onboard that satellite and one of them

921

00:47:13,160 --> 00:47:10,579

was they were doing experiments with

922

00:47:15,799 --> 00:47:13,170

monkeys Oh No

923

00:47:17,510 --> 00:47:15,809

yeah they weren't liking to drive him or

924

00:47:22,730 --> 00:47:17,520

anything like that but they were putting

925

00:47:25,220 --> 00:47:22,740

monkeys in these types of buckets along

926
00:47:29,539 --> 00:47:25,230
with some type of radioactive material

927
00:47:33,170 --> 00:47:29,549
to see how radiation in the cosmic

928
00:47:35,329 --> 00:47:33,180
radiation would affect a monkey and I

929
00:47:38,210 --> 00:47:35,339
found pictures of these monkeys while

930
00:47:41,569 --> 00:47:38,220
they were still at home and they were

931
00:47:43,250 --> 00:47:41,579
wearing a type of suit that looked like

932
00:47:45,859 --> 00:47:43,260
it was made on a chainmail

933
00:47:50,299 --> 00:47:45,869
but I guess protect the monkey encased

934
00:47:51,559 --> 00:47:50,309
the capsule caught on fire and so the

935
00:47:53,210 --> 00:47:51,569
only thing I could think of is they

936
00:47:54,559 --> 00:47:53,220
maybe they trained the monkey not you

937
00:47:56,539 --> 00:47:54,569
know there could have been a monkey in

938
00:48:00,700 --> 00:47:56,549

one of those experiments that they

939

00:48:04,220 --> 00:48:00,710

trained to open up the capsule somehow

940

00:48:05,329 --> 00:48:04,230

but I you know I don't know that for

941

00:48:09,410 --> 00:48:05,339

sure but that's the only way I could

942

00:48:13,370 --> 00:48:09,420

think of that kind of an arm sticking up

943

00:48:16,760 --> 00:48:13,380

so that's a possibility and how many of

944

00:48:20,680 --> 00:48:16,770

these corona satellites in particular

945

00:48:26,450 --> 00:48:20,690

did you find out that were launched oh

946

00:48:28,220 --> 00:48:26,460

they were like I don't have my numbers

947

00:48:30,680 --> 00:48:28,230

in him it was like a hundred and forty

948

00:48:32,210 --> 00:48:30,690

two hun I think they were close to there

949

00:48:36,170 --> 00:48:32,220

was somewhere around 200 that were

950

00:48:41,900 --> 00:48:36,180

launched from 59 to 72 and there were

951
00:48:43,220 --> 00:48:41,910
quite a few that didn't return oh I was

952
00:48:45,880 --> 00:48:43,230
going to ask you that the second

953
00:48:49,610 --> 00:48:45,890
question is were there any other

954
00:48:52,910 --> 00:48:49,620
incidents that you know you're aware of

955
00:48:54,770 --> 00:48:52,920
that were similar to Kecksburg as did

956
00:48:56,050 --> 00:48:54,780
things go into the ocean I mean you know

957
00:48:58,940 --> 00:48:56,060
70% water

958
00:49:03,010 --> 00:48:58,950
well someone into the ocean but there

959
00:49:08,600 --> 00:49:03,020
was one that went into Venezuela oh and

960
00:49:11,720 --> 00:49:08,610
the farmers found it and returned it it

961
00:49:14,540 --> 00:49:11,730
wasn't recovered it was returned and I

962
00:49:17,810 --> 00:49:14,550
have photographs of that oh my god so

963
00:49:19,670 --> 00:49:17,820

today were they you know checked out for

964

00:49:23,660 --> 00:49:19,680

radiation poisoning or anything do you

965

00:49:27,020 --> 00:49:23,670

know probably not by the time they found

966

00:49:28,790 --> 00:49:27,030

it I was reading some reports that one

967

00:49:34,850 --> 00:49:28,800

of the farmers that found it they took

968

00:49:38,680 --> 00:49:34,860

the the the silk parachute cords and

969

00:49:44,060 --> 00:49:38,690

they made suspenders out of it

970

00:49:45,230 --> 00:49:44,070

Wow so I haven't heard what happened to

971

00:49:47,570 --> 00:49:45,240

him yeah

972

00:49:50,270 --> 00:49:47,580

but there were there it was a it was

973

00:49:53,630 --> 00:49:50,280

totally it was funny because like after

974

00:49:56,300 --> 00:49:53,640

that event they started putting signs on

975

00:49:58,730 --> 00:49:56,310

the film buckets in eight different

976
00:50:00,830 --> 00:49:58,740
languages saying that there would be a

977
00:50:04,870 --> 00:50:00,840
reward if you returned this to the

978
00:50:07,790 --> 00:50:04,880
United States ah now that's people did

979
00:50:10,730 --> 00:50:07,800
report that they saw but I thought it

980
00:50:13,300 --> 00:50:10,740
was like hieroglyphics or something well

981
00:50:17,120 --> 00:50:13,310
they reported there was reporting of

982
00:50:20,150 --> 00:50:17,130
seeing symbols around the face of that

983
00:50:22,550 --> 00:50:20,160
acorn Oh simple imagine that mm-hmm

984
00:50:25,900 --> 00:50:22,560
now I get again some further research

985
00:50:28,610 --> 00:50:25,910
and the people reported that there were

986
00:50:31,550 --> 00:50:28,620
circles and stars were dots in the

987
00:50:33,980 --> 00:50:31,560
center and straight lines and broken

988
00:50:38,660 --> 00:50:33,990

lines that were making up those symbols

989

00:50:41,960 --> 00:50:38,670

well the Philips Laboratory was in

990

00:50:46,540 --> 00:50:41,970

charge of the nuclear experiment that

991

00:50:49,580 --> 00:50:46,550

was onboard that recovery vehicle and

992

00:50:51,110 --> 00:50:49,590

their symbols were they used what's

993

00:50:53,660 --> 00:50:51,120

called you know you're familiar with the

994

00:50:57,650 --> 00:50:53,670

Zia symbol from being in the you know

995

00:50:59,960 --> 00:50:57,660

the Southwest and also that so that

996

00:51:02,870 --> 00:50:59,970

could have been there they're simple and

997

00:51:04,850 --> 00:51:02,880

they're their company the Philips

998

00:51:07,550 --> 00:51:04,860

Laboratory symbol used the Zia symbol

999

00:51:09,260 --> 00:51:07,560

and stars for circles in the center so

1000

00:51:13,520 --> 00:51:09,270

they could have been those symbols that

1001
00:51:16,070 --> 00:51:13,530
were etched onto the base of the the

1002
00:51:21,380 --> 00:51:16,080
film pocket because I did find reports

1003
00:51:23,810 --> 00:51:21,390
of the satellite preparers writing on

1004
00:51:25,700 --> 00:51:23,820
the film buckets labeling them to let

1005
00:51:28,850 --> 00:51:25,710
anybody who recovered the film bucket

1006
00:51:32,660 --> 00:51:28,860
know what was inside of that film bucket

1007
00:51:37,400 --> 00:51:32,670
I see unusual to have some kind of

1008
00:51:39,440 --> 00:51:37,410
symbols on the buckets okay so someone

1009
00:51:41,510 --> 00:51:39,450
mentioned there's a couple of things

1010
00:51:43,880 --> 00:51:41,520
coming up in the chat we're going to

1011
00:51:46,660 --> 00:51:43,890
break in about four minutes so I do want

1012
00:51:49,790 --> 00:51:46,670
to just ask someone did mention that

1013
00:51:52,340 --> 00:51:49,800

their reports of the eyewitnesses saying

1014

00:51:55,460 --> 00:51:52,350

that there were no seams they saw no

1015

00:51:56,990 --> 00:51:55,470

seams no rivets or anything like that do

1016

00:51:59,510 --> 00:51:57,000

you think it's just the angle they were

1017

00:52:01,810 --> 00:51:59,520

looking at or where did you think when

1018

00:52:06,590 --> 00:52:01,820

you came across that part of it

1019

00:52:08,990 --> 00:52:06,600

themselves plastic and gold it was

1020

00:52:12,500 --> 00:52:09,000

actually gold-plated it was smooth there

1021

00:52:15,910 --> 00:52:12,510

were no rivets nothing like that on it

1022

00:52:20,660 --> 00:52:15,920

so it was a perfectly shiny smooth gold

1023

00:52:22,760 --> 00:52:20,670

acorn shaped object okay so we have a we

1024

00:52:24,950 --> 00:52:22,770

have Bobby a regular listener in our

1025

00:52:28,670 --> 00:52:24,960

chat room and he's making a pretty good

1026

00:52:31,010 --> 00:52:28,680

point and I think so anyway and that is

1027

00:52:33,290 --> 00:52:31,020

uh he says he's not buying the theory

1028

00:52:36,030 --> 00:52:33,300

and and I'm not saying that I'm not

1029

00:52:37,620 --> 00:52:36,040

buying it but this part I do agree with

1030

00:52:41,100 --> 00:52:37,630

the government would have come out long

1031

00:52:43,590 --> 00:52:41,110

ago and said sorry this was ours had

1032

00:52:46,350 --> 00:52:43,600

nothing you know nothing to do with a

1033

00:52:48,600 --> 00:52:46,360

UFO how come the government you know

1034

00:52:50,640 --> 00:52:48,610

it's been what fifty three years now so

1035

00:52:52,320 --> 00:52:50,650

why did the government come out and say

1036

00:52:57,450 --> 00:52:52,330

hey look this was ours

1037

00:52:58,530 --> 00:52:57,460

it's declassified now all that stuff the

1038

00:53:01,380 --> 00:52:58,540

NRO

1039

00:53:03,300 --> 00:53:01,390

National Reconnaissance Office they're

1040

00:53:07,590 --> 00:53:03,310

kind of in charge of that and I checked

1041

00:53:10,020 --> 00:53:07,600

with them back in 2007 and they said

1042

00:53:13,050 --> 00:53:10,030

they some a lot of their projects are

1043

00:53:16,770 --> 00:53:13,060

still classified really oh yes

1044

00:53:19,140 --> 00:53:16,780

if and I have the evidence that shows

1045

00:53:21,600 --> 00:53:19,150

that also here's another thing to think

1046

00:53:23,130 --> 00:53:21,610

about let's say that one of the

1047

00:53:25,050 --> 00:53:23,140

experiments they were doing nuclear

1048

00:53:30,080 --> 00:53:25,060

experiments at that time they were

1049

00:53:33,900 --> 00:53:30,090

putting small atomic bombs inside those

1050

00:53:38,420 --> 00:53:33,910

film buckets not big ones but small it

1051
00:53:41,700 --> 00:53:38,430
okay Wow and those if they were using

1052
00:53:45,000 --> 00:53:41,710
atomic bombs for that experiment which

1053
00:53:49,740 --> 00:53:45,010
was not described they still cannot

1054
00:53:51,810 --> 00:53:49,750
release that information that is that

1055
00:53:56,010 --> 00:53:51,820
was crazy that they would do something

1056
00:54:01,260 --> 00:53:56,020
like that right what's what's not about

1057
00:54:04,020 --> 00:54:01,270
Kecksburg is the Chinese exploded a an

1058
00:54:09,750 --> 00:54:04,030
atomic bomb larger than the one that was

1059
00:54:15,900 --> 00:54:09,760
used in Japan on May 14th of 1965 they

1060
00:54:19,320 --> 00:54:15,910
dropped it and dropped it where in Japan

1061
00:54:22,910 --> 00:54:19,330
but it was still air dropped and it

1062
00:54:25,290 --> 00:54:22,920
would have caused in fact it did cause

1063
00:54:28,590 --> 00:54:25,300

pulverized plutonium to go into the

1064

00:54:31,200 --> 00:54:28,600

atmosphere Wow

1065

00:54:32,640 --> 00:54:31,210

so that's my thinking is that they could

1066

00:54:34,830 --> 00:54:32,650

have been trying to measure how much

1067

00:54:37,620 --> 00:54:34,840

damage that bomb did just a few months

1068

00:54:41,340 --> 00:54:37,630

before the Kecksburg incident happen I

1069

00:54:45,180 --> 00:54:41,350

see Wow and those things still a secret

1070

00:54:49,380 --> 00:54:45,190

Wow okay so we're coming up on the break

1071

00:54:51,120 --> 00:54:49,390

here in a minute and we I

1072

00:54:53,880 --> 00:54:51,130

do want to talk about Kecksburg a little

1073

00:54:56,160 --> 00:54:53,890

bit longer but also I know that you were

1074

00:54:58,830 --> 00:54:56,170

saying that there's some type of

1075

00:55:01,170 --> 00:54:58,840

relationship between Kecksburg and

1076

00:55:03,990 --> 00:55:01,180

Roswell so we'll get into that and the

1077

00:55:06,030 --> 00:55:04,000

second hour so all right so we're coming

1078

00:55:10,440 --> 00:55:06,040

up on the break and you're listening to

1079

00:55:12,750 --> 00:55:10,450

podcast UFO on kgr a radio and my guest

1080

00:55:22,460 --> 00:55:12,760

is dr. Bob Gross and we'll be right back

1081

00:55:26,760 --> 00:55:25,080

alright gang we're in the clear and

1082

00:55:28,680 --> 00:55:26,770

there's three minutes in this break as

1083

00:55:30,360 --> 00:55:28,690

well guys three minutes very good and

1084

00:55:34,080 --> 00:55:30,370

just go ahead and interrupt when we hit

1085

00:55:35,610 --> 00:55:34,090

the end of that I will and do you want

1086

00:55:37,380 --> 00:55:35,620

to go commercial-free in the back half

1087

00:55:39,840 --> 00:55:37,390

yeah if that's if that's okay

1088

00:55:42,150 --> 00:55:39,850

that's okay with me all right sounds

1089

00:55:43,530 --> 00:55:42,160

good okay I'll be back in about two

1090

00:55:47,040 --> 00:55:43,540

minutes all right sounds good

1091

00:55:50,340 --> 00:55:47,050

so yeah I I'm interested to hear what

1092

00:55:53,100 --> 00:55:50,350

you have to say about Roswell you know I

1093

00:55:55,350 --> 00:55:53,110

always have my my blanket argument about

1094

00:55:56,850 --> 00:55:55,360

Roswell when they say there's nothing to

1095

00:55:58,890 --> 00:55:56,860

see here so we'll be talking about that

1096

00:56:02,790 --> 00:55:58,900

so if you're just joining us now on

1097

00:56:05,040 --> 00:56:02,800

YouTube I know Bobby is just now what

1098

00:56:07,710 --> 00:56:05,050

you're going to hear until some things

1099

00:56:10,140 --> 00:56:07,720

possibly change on kgr a radio on their

1100

00:56:12,090 --> 00:56:10,150

end for now

1101
00:56:13,680 --> 00:56:12,100
we're going to be having the breaks the

1102
00:56:17,340 --> 00:56:13,690
only way we can do the YouTube

1103
00:56:22,260 --> 00:56:17,350
livestream at the same time as kgr a

1104
00:56:24,630 --> 00:56:22,270
radio is to have the brakes kind of live

1105
00:56:27,150 --> 00:56:24,640
brakes really and no intro music and no

1106
00:56:30,000 --> 00:56:27,160
outro music so we have a music free show

1107
00:56:33,930 --> 00:56:30,010
now on YouTube and with the brakes

1108
00:56:37,470 --> 00:56:33,940
behind the scenes so so Bob you having a

1109
00:56:41,340 --> 00:56:37,480
good time so far yes sir yeah I having a

1110
00:56:46,680 --> 00:56:41,350
great time so Mike ever come back up on

1111
00:56:48,180 --> 00:56:46,690
the screen let's work on that now so for

1112
00:56:51,840 --> 00:56:48,190
some reason is on the corner of my

1113
00:56:53,700 --> 00:56:51,850

screen I can see myself this is what I'm

1114

00:56:55,590 --> 00:56:53,710

going to ask you to do and pardon me for

1115

00:56:58,470 --> 00:56:55,600

people listening live so if you can

1116

00:57:00,870 --> 00:56:58,480

figure out by moving your mouse over

1117

00:57:02,860 --> 00:57:00,880

your Skype screen you'll see a camera

1118

00:57:04,660 --> 00:57:02,870

and if you click the cam

1119

00:57:07,030 --> 00:57:04,670

off and click it back on let's see if we

1120

00:57:08,590 --> 00:57:07,040

can get that back up you want me to do

1121

00:57:11,830 --> 00:57:08,600

that yes you have to do it on your end

1122

00:57:14,560 --> 00:57:11,840

yes so don't don't hang up on don't hang

1123

00:57:17,590 --> 00:57:14,570

up on me I don't know how to work Skype

1124

00:57:19,060 --> 00:57:17,600

so I'm just looks like a camera yeah

1125

00:57:20,710 --> 00:57:19,070

you've got to just take your mouse over

1126
00:57:23,320 --> 00:57:20,720
your entire Skype screen you should be

1127
00:57:26,440 --> 00:57:23,330
able to see your camera or go into Skype

1128
00:57:28,000 --> 00:57:26,450
preferences and I bet someone listening

1129
00:57:29,620 --> 00:57:28,010
live right now can tell you exactly how

1130
00:57:31,960 --> 00:57:29,630
to do it I have a Mac on this end so I

1131
00:57:37,180 --> 00:57:31,970
don't know how to how to work I see I

1132
00:57:38,560 --> 00:57:37,190
see the camera image circle okay so

1133
00:57:41,380 --> 00:57:38,570
you're gonna want to click on the camera

1134
00:57:45,310 --> 00:57:41,390
and then Jay and then click it again

1135
00:57:49,030 --> 00:57:45,320
after now it's gonna line through it

1136
00:57:52,690 --> 00:57:49,040
okay now click it back again there you

1137
00:57:55,450 --> 00:57:52,700
are you're back I see you now in the

1138
00:57:59,080 --> 00:57:55,460

corner - all right

1139

00:58:03,490 --> 00:57:59,090

and it worked all right so so yeah we'll

1140

00:58:05,110 --> 00:58:03,500

have you back on video now Evan yeah

1141

00:58:10,000 --> 00:58:05,120

Evan so you can take over that part of

1142

00:58:11,500 --> 00:58:10,010

it if you would so anyway I think we

1143

00:58:15,130 --> 00:58:11,510

only have like a minute and a half or

1144

00:58:17,320 --> 00:58:15,140

something like that and so I see I see

1145

00:58:19,660 --> 00:58:17,330

the background in your in your room

1146

00:58:20,830 --> 00:58:19,670

there looks like you do you really

1147

00:58:24,310 --> 00:58:20,840

travel that much

1148

00:58:26,290 --> 00:58:24,320

look at those suitcases actually have

1149

00:58:28,450 --> 00:58:26,300

projects in them those are all separate

1150

00:58:31,090 --> 00:58:28,460

projects that I'm working on oh my

1151

00:58:35,260 --> 00:58:31,100

goodness Wow all right 20 seconds guys

1152

00:58:37,840 --> 00:58:35,270

all right that sounds good all right so

1153

00:58:41,830 --> 00:58:37,850

we're going to be talking about Roswell

1154

00:58:45,010 --> 00:58:41,840

and we'll kind of wrap up wrap up

1155

00:58:47,680 --> 00:58:45,020

Kecksburg just tell me when you get down

1156

00:58:56,720 --> 00:58:47,690

to the five well you always do anyway so

1157

00:59:04,560 --> 00:59:00,750

there's a long 20 seconds hang in live

1158

00:59:13,740 --> 00:59:04,570

listeners all right here we go stand by

1159

00:59:19,850 --> 00:59:13,750

yep bobrucz rollin here all right here

1160

00:59:23,760 --> 00:59:19,860

we go in five four three two

1161

00:59:28,380 --> 00:59:23,770

welcome back to podcast UFO on kgr a

1162

00:59:30,930 --> 00:59:28,390

radio that's kgr a radio calm my guest

1163

00:59:33,090 --> 00:59:30,940

is dr. Bob gross and we were talking

1164

00:59:37,830 --> 00:59:33,100
about Kecksburg we're just getting ready

1165

00:59:41,550 --> 00:59:37,840
to just about wrap that up so I think

1166

00:59:43,320 --> 00:59:41,560
it's interesting and you fairly you're

1167

00:59:48,390 --> 00:59:43,330
fairly convinced that you figured out

1168

00:59:51,600 --> 00:59:48,400
that this is what fits now let me ask

1169

00:59:54,030 --> 00:59:51,610
you about this I think it was I know it

1170

00:59:55,950 --> 00:59:54,040
was John venturi together with someone

1171

00:59:59,670 --> 00:59:55,960
else and I'm sorry they were both on the

1172

01:00:01,860 --> 00:59:59,680
show they had a different satellite a GE

1173

01:00:04,290 --> 01:00:01,870
satellite right I mean that they were

1174

01:00:08,160 --> 01:00:04,300
thinking was someone - what's that

1175

01:00:15,120 --> 01:00:08,170
mark - GE right and this had nothing to

1176

01:00:17,550 --> 01:00:15,130

do with that in your opinion I had some

1177

01:00:20,850 --> 01:00:17,560

lengthy discussions with one of those

1178

01:00:25,410 --> 01:00:20,860

two gentlemen and at the end of what I

1179

01:00:28,260 --> 01:00:25,420

we were comparing notes and they agreed

1180

01:00:31,890 --> 01:00:28,270

that my solution fit better

1181

01:00:36,800 --> 01:00:31,900

oh isn't that that's so nice to hear and

1182

01:00:38,130 --> 01:00:36,810

I have it in writing you're a smart man

1183

01:00:42,390 --> 01:00:38,140

Wow

1184

01:00:46,280 --> 01:00:42,400

so yeah you know they were actually on

1185

01:00:49,800 --> 01:00:46,290

my show and they debated Stan Gordon no

1186

01:00:51,630 --> 01:00:49,810

no you listen to the show so yeah and

1187

01:00:54,060 --> 01:00:51,640

what do you think what does Stan Gordon

1188

01:00:55,620 --> 01:00:54,070

thinking these days what's his what's

1189

01:01:02,030 --> 01:00:55,630

his stand on it now as far as you know

1190

01:01:06,150 --> 01:01:02,040

can you answer that I have no idea I I

1191

01:01:08,730 --> 01:01:06,160

had talked to Stan a couple of years ago

1192

01:01:10,320 --> 01:01:08,740

and emailed him

1193

01:01:14,520 --> 01:01:10,330

when I was living in Texas because I was

1194

01:01:20,090 --> 01:01:14,530

thinking about starting a collaborative

1195

01:01:21,810 --> 01:01:20,100

where of people who were basically

1196

01:01:24,980 --> 01:01:21,820

individuals who use something the

1197

01:01:28,020 --> 01:01:24,990

scientific method to solve phenomena and

1198

01:01:31,140 --> 01:01:28,030

I started collaborating with him when I

1199

01:01:34,350 --> 01:01:31,150

was living in Texas and back then we

1200

01:01:38,550 --> 01:01:34,360

were he was asking me if I had any new

1201
01:01:40,800 --> 01:01:38,560
ideas about the Kecksburg incident and I

1202
01:01:44,370 --> 01:01:40,810
mentioned to him I think I mentioned to

1203
01:01:47,190 --> 01:01:44,380
him about the you know the dr. Eric

1204
01:01:50,940 --> 01:01:47,200
Walker being there but I hadn't pursued

1205
01:01:55,109 --> 01:01:50,950
that yet so I know he was still looking

1206
01:01:58,320 --> 01:01:55,119
at the Kecksburg case and this would

1207
01:02:04,830 --> 01:01:58,330
have been around 2013 I have some email

1208
01:02:08,660 --> 01:02:04,840
communications with them and but I and I

1209
01:02:12,840 --> 01:02:08,670
like I when I was ready to release that

1210
01:02:16,410 --> 01:02:12,850
article I did contact the fire there's a

1211
01:02:19,800 --> 01:02:16,420
was a number on Stan Gordon's website

1212
01:02:21,480 --> 01:02:19,810
and it's said to call that number if you

1213
01:02:23,310 --> 01:02:21,490

had any other information and I called

1214

01:02:27,840 --> 01:02:23,320

them and said hey get ready I'm getting

1215

01:02:31,130 --> 01:02:27,850

to release this and they said they get

1216

01:02:33,960 --> 01:02:31,140

packed I mean they never did so I would

1217

01:02:37,410 --> 01:02:33,970

stand stands a very thorough and

1218

01:02:39,240 --> 01:02:37,420

reasonable guy so as far you know every

1219

01:02:41,359 --> 01:02:39,250

time I've talked to him which he's been

1220

01:02:46,380 --> 01:02:41,369

on the show I think four or five times a

1221

01:02:50,220 --> 01:02:46,390

very reasonable intelligent I think that

1222

01:02:52,170 --> 01:02:50,230

he would be happy you know next time I

1223

01:02:53,970 --> 01:02:52,180

talk to him I'll ask him but I think

1224

01:02:55,830 --> 01:02:53,980

that he'd be happy that it solved I

1225

01:02:57,510 --> 01:02:55,840

don't think that he would be one of

1226

01:03:01,530 --> 01:02:57,520

these people that tries to hang on to

1227

01:03:03,240 --> 01:03:01,540

you know older thoughts and he never he

1228

01:03:06,720 --> 01:03:03,250

always had that it could have been a

1229

01:03:10,620 --> 01:03:06,730

man-made object in his possible

1230

01:03:11,670 --> 01:03:10,630

solutions as far as I've known him I'll

1231

01:03:14,220 --> 01:03:11,680

be honest with you I was a little

1232

01:03:17,490 --> 01:03:14,230

disappointed in his approach to John

1233

01:03:19,950 --> 01:03:17,500

venturi that show that you had because

1234

01:03:22,170 --> 01:03:19,960

there's some things that I know Stan

1235

01:03:26,010 --> 01:03:22,180

doesn't know that should have

1236

01:03:28,490 --> 01:03:26,020

not been you know included in the mix

1237

01:03:32,160 --> 01:03:28,500

but I don't want to talk about those but

1238

01:03:35,070 --> 01:03:32,170

there there are some things that I felt

1239

01:03:36,870 --> 01:03:35,080

bad for John Gentry a bit because there

1240

01:03:41,160 --> 01:03:36,880

there's some some other things that I've

1241

01:03:43,800 --> 01:03:41,170

found out that dopey per in to what they

1242

01:03:45,900 --> 01:03:43,810

were talking about I see well we're

1243

01:03:50,460 --> 01:03:45,910

going to be talking about a course

1244

01:03:53,820 --> 01:03:50,470

Kecksburg as it as as we go along here

1245

01:03:57,150 --> 01:03:53,830

when it comes to the Roswell case but

1246

01:03:58,980 --> 01:03:57,160

let's let's jump into that I don't think

1247

01:04:01,140 --> 01:03:58,990

that there's any reason at all we have

1248

01:04:03,030 --> 01:04:01,150

to explain what happened or what

1249

01:04:06,300 --> 01:04:03,040

supposedly happened at Roswell I think

1250

01:04:10,460 --> 01:04:06,310

you know as far as the United States

1251

01:04:14,940 --> 01:04:10,470

goes there's no other case so well known

1252

01:04:19,950 --> 01:04:14,950

so I guess we'll this happened you know

1253

01:04:21,270 --> 01:04:19,960

around in July early July 1947 just a

1254

01:04:24,210 --> 01:04:21,280

few weeks after the Kenneth Arnold

1255

01:04:26,460 --> 01:04:24,220

sighting there was kind of UFO mania

1256

01:04:29,460 --> 01:04:26,470

going on people were seeing saucers

1257

01:04:32,370 --> 01:04:29,470

everywhere and I do believe people were

1258

01:04:35,130 --> 01:04:32,380

seeing something and you know there's

1259

01:04:39,660 --> 01:04:35,140

people that have theories about the

1260

01:04:41,580 --> 01:04:39,670

modern so-called modern UFO I don't want

1261

01:04:44,670 --> 01:04:41,590

to say flap or movement or whatever but

1262

01:04:47,610 --> 01:04:44,680

you know modern UFO starting in 1947

1263

01:04:50,850 --> 01:04:47,620

I know I've spoken to Stan Friedman he

1264

01:04:53,160 --> 01:04:50,860

thinks it's very possible that if it is

1265

01:04:58,970 --> 01:04:53,170

extraterrestrial and he does think that

1266

01:05:02,670 --> 01:04:58,980

some UFOs he always says some UFOs that

1267

01:05:04,320 --> 01:05:02,680

they saw you know our nuclear explosions

1268

01:05:07,290 --> 01:05:04,330

and you know they came to see you know

1269

01:05:11,120 --> 01:05:07,300

the the kids found the matches so they

1270

01:05:14,340 --> 01:05:11,130

came you know to explore us so that's

1271

01:05:17,040 --> 01:05:14,350

one of the reasons Stan says he thinks

1272

01:05:18,600 --> 01:05:17,050

you know the activity started in 1947

1273

01:05:21,720 --> 01:05:18,610

and by the way for those people that

1274

01:05:24,900 --> 01:05:21,730

don't know Stan Friedman is going to

1275

01:05:28,380 --> 01:05:24,910

he's up 81 I think he's going to be

1276

01:05:31,380 --> 01:05:28,390

retiring very soon and I'm attempting to

1277

01:05:35,790 --> 01:05:31,390

get him on as a retirement show on this

1278

01:05:36,010 --> 01:05:35,800

on podcast UFO upcoming however I spoke

1279

01:05:40,650 --> 01:05:36,020

to

1280

01:05:44,080 --> 01:05:40,660

retire he doesn't have you know

1281

01:05:49,930 --> 01:05:44,090

retirement date you know so to speak out

1282

01:05:55,080 --> 01:05:49,940

there as of yet but so 1947 something

1283

01:05:58,870 --> 01:05:55,090

happened and let's hear your side of it

1284

01:06:00,720 --> 01:05:58,880

you know I wasn't born in 1948 so I had

1285

01:06:04,780 --> 01:06:00,730

nothing to do it

1286

01:06:06,300 --> 01:06:04,790

okay you're not clear just barely yeah

1287

01:06:09,400 --> 01:06:06,310

somewhat yeah

1288

01:06:11,380 --> 01:06:09,410

but yeah I'm it's kind of it's this

1289

01:06:15,820 --> 01:06:11,390

whole thing is very interesting to me

1290

01:06:19,180 --> 01:06:15,830

you know this I love doing research and

1291

01:06:21,910 --> 01:06:19,190

I've been it's it's on how I ran into

1292

01:06:24,130 --> 01:06:21,920

the whole I give the Roswell case

1293

01:06:27,010 --> 01:06:24,140

because I never do about Roswell I knew

1294

01:06:29,859 --> 01:06:27,020

about Kecksburg because it I saw it or

1295

01:06:32,830 --> 01:06:29,869

heard it unfold on the car radio when I

1296

01:06:35,109 --> 01:06:32,840

was a kid and how I found out about the

1297

01:06:36,970 --> 01:06:35,119

Roswell case in the first place I was

1298

01:06:40,660 --> 01:06:36,980

doing research from my doctoral degree

1299

01:06:43,060 --> 01:06:40,670

at Penn State at the T library the main

1300

01:06:45,099 --> 01:06:43,070

library they have these huge stacks of

1301

01:06:47,530 --> 01:06:45,109

books this was before the internet or

1302

01:06:50,980 --> 01:06:47,540

anything and I was looking for some

1303

01:06:53,200 --> 01:06:50,990

research about music and there was these

1304

01:06:55,560 --> 01:06:53,210

these were such huge stacks of books

1305

01:06:59,260 --> 01:06:55,570

that actually rumor was that someone was

1306

01:07:01,210 --> 01:06:59,270

murdered in there you know I've got

1307

01:07:05,080 --> 01:07:01,220

excuses I wasn't little I'm you know I

1308

01:07:07,180 --> 01:07:05,090

and they had it was these huge stacks of

1309

01:07:09,030 --> 01:07:07,190

books in the middle of nowhere and I was

1310

01:07:13,300 --> 01:07:09,040

doing research and I turned around

1311

01:07:14,560 --> 01:07:13,310

behind me and there was that roswell

1312

01:07:20,170 --> 01:07:14,570

book i think the one that was published

1313

01:07:23,980 --> 01:07:20,180

around 78 or and so William Moore and

1314

01:07:25,780 --> 01:07:23,990

yes Stan Freeman mm-hmm and so I saw

1315

01:07:28,660 --> 01:07:25,790

that it's it was like someone put a

1316

01:07:31,210 --> 01:07:28,670

squat laying on it so I picked it up and

1317

01:07:32,740 --> 01:07:31,220

I forgot all about what I was doing and

1318

01:07:34,810 --> 01:07:32,750

I took that one over to one of the

1319

01:07:37,420 --> 01:07:34,820

little tables at the library read the

1320

01:07:40,840 --> 01:07:37,430

whole book and didn't do what I was

1321

01:07:45,099 --> 01:07:40,850

supposed to do okay so I was like 1982

1322

01:07:47,109 --> 01:07:45,109

but what so I've been researching that

1323

01:07:49,520 --> 01:07:47,119

and when what when I started doing the

1324

01:07:52,880 --> 01:07:49,530

Kecksburg case I start

1325

01:07:57,020 --> 01:07:52,890

noticing that a pattern was starting to

1326

01:07:58,760 --> 01:07:57,030

show up in the Kecksburg case so I wrote

1327

01:08:00,950 --> 01:07:58,770

down these these points you mind if I

1328

01:08:04,040 --> 01:08:00,960

read them to you yeah sure go ahead yeah

1329

01:08:05,770 --> 01:08:04,050

okay so this smell this is what I found

1330

01:08:07,670 --> 01:08:05,780

that the Kecksburg case these are

1331

01:08:10,070 --> 01:08:07,680

commonalities and

1332

01:08:12,020 --> 01:08:10,080

elements from a pattern that I found in

1333

01:08:13,520 --> 01:08:12,030

the Kecksburg case and I wasn't really

1334

01:08:17,289 --> 01:08:13,530

looking for a pattern but it showed up

1335

01:08:20,110 --> 01:08:17,299

but the first point was debris including

1336

01:08:23,870 --> 01:08:20,120

unfamiliar space age metallic materials

1337

01:08:25,450 --> 01:08:23,880

was observed was observed and recovered

1338

01:08:28,430 --> 01:08:25,460

near the crash site

1339

01:08:31,309 --> 01:08:28,440

another characteristic the US government

1340

01:08:33,349 --> 01:08:31,319

was involved third characteristic of the

1341

01:08:37,070 --> 01:08:33,359

pattern I found at least two

1342

01:08:40,180 --> 01:08:37,080

contemporary covert projects that

1343

01:08:43,789 --> 01:08:40,190

collected secret data were entangled

1344

01:08:47,270 --> 01:08:43,799

fourth at least one of those covert

1345

01:08:51,470 --> 01:08:47,280

projects had a lengthy multiple year

1346

01:08:54,829 --> 01:08:51,480

research and development cycle next the

1347

01:08:59,450 --> 01:08:54,839

government UFL adjusts skeptics and

1348

01:09:02,559 --> 01:08:59,460

others contributed to disseminating a

1349

01:09:07,300 --> 01:09:02,569

rare combination of unreliable and

1350

01:09:10,309 --> 01:09:07,310

conflicting information and I think six

1351

01:09:13,960 --> 01:09:10,319

extra-terrestrial hypothesis were

1352

01:09:18,820 --> 01:09:13,970

proffered and the seventh point

1353

01:09:22,940 --> 01:09:18,830

make that seven a failure of imagination

1354

01:09:25,789 --> 01:09:22,950

seemed to permeate the initial and

1355

01:09:29,450 --> 01:09:25,799

subsequent investigations now that's

1356

01:09:33,170 --> 01:09:29,460

only part of the pattern I found I found

1357

01:09:35,420 --> 01:09:33,180

other components to this pattern and I'm

1358

01:09:37,900 --> 01:09:35,430

not releasing the data until the book

1359

01:09:41,510 --> 01:09:37,910

comes out but I found those seven

1360

01:09:46,370 --> 01:09:41,520

components in the Kecksburg case when I

1361

01:09:48,380 --> 01:09:46,380

started looking at the Roswell case then

1362

01:09:53,530 --> 01:09:48,390

and so it was literally one of my

1363

01:09:57,710 --> 01:09:53,540

favorites those same seven points plus

1364

01:10:03,580 --> 01:09:57,720

showed up Plus and that's so we'll talk

1365

01:10:11,060 --> 01:10:06,830

here's here's the the blanket argument

1366

01:10:13,940 --> 01:10:11,070

that I always have about Roswell when it

1367

01:10:18,590 --> 01:10:13,950

comes to the fact of you know people

1368

01:10:21,920 --> 01:10:18,600

arguing that Roswell was say something

1369

01:10:23,480 --> 01:10:21,930

military you know the Mogul that's one

1370

01:10:26,900 --> 01:10:23,490

of the explanations of the weather

1371

01:10:30,400 --> 01:10:26,910

balloon Iran and all that so my my

1372

01:10:34,100 --> 01:10:30,410

blanket argument is that why on earth

1373

01:10:39,280 --> 01:10:34,110

will pull over the the headline to the

1374

01:10:44,540 --> 01:10:39,290

newspaper so why on earth would the our

1375

01:10:47,420 --> 01:10:44,550

AAF even admit that they captured a

1376

01:10:49,400 --> 01:10:47,430

flying saucer on the ranch I mean and

1377

01:10:51,650 --> 01:10:49,410

what I'm gonna say why would they admit

1378

01:10:54,020 --> 01:10:51,660

it rather than say nothing at all

1379

01:11:01,160 --> 01:10:54,030

because they clearly didn't have to say

1380

01:11:02,780 --> 01:11:01,170

anything at all they okay this is not me

1381

01:11:05,450 --> 01:11:02,790

I've got to give a little bit more

1382

01:11:08,090 --> 01:11:05,460

background about what I found so I can

1383

01:11:10,250 --> 01:11:08,100

explain that okay there is a logic of me

1384

01:11:15,940 --> 01:11:10,260

there's a logical explanation to that

1385

01:11:22,550 --> 01:11:15,950

and the the Roswell Army Airfield okay

1386

01:11:27,100 --> 01:11:22,560

that's that was located in Roswell one

1387

01:11:30,310 --> 01:11:27,110

thing that helps put the whole Roswell

1388

01:11:34,460 --> 01:11:30,320

let's call it incident in perspective is

1389

01:11:36,890 --> 01:11:34,470

New Mexico and I don't know how familiar

1390

01:11:40,790 --> 01:11:36,900

you are with New Mexico

1391

01:11:44,320 --> 01:11:40,800

oh I'm familiar I lived my first

1392

01:11:48,980 --> 01:11:44,330

exposure to New Mexico was in 2001 right

1393

01:11:52,030 --> 01:11:48,990

after the 9/11 incident mm-hmm that kind

1394

01:11:54,850 --> 01:11:52,040

of shook me up quite a bit so I joined

1395

01:11:59,080 --> 01:11:54,860

since I never was in the Armed Forces

1396

01:12:01,640 --> 01:11:59,090

officially I joined AmeriCorps I

1397

01:12:05,420 --> 01:12:01,650

basically put what I was doing as a

1398

01:12:07,310 --> 01:12:05,430

professional administrator on hold and I

1399

01:12:10,550 --> 01:12:07,320

joined AmeriCorps which is like the

1400

01:12:14,540 --> 01:12:10,560

domestic Peace Corps and that's where it

1401
01:12:16,430 --> 01:12:14,550
took me to Las Cruces New Mexico which

1402
01:12:19,850 --> 01:12:16,440
is in the southern part of New

1403
01:12:23,330 --> 01:12:19,860
to work with AmeriCorps and I was in New

1404
01:12:26,060 --> 01:12:23,340
Mexico from about 2001 to around 2010

1405
01:12:27,859 --> 01:12:26,070
and I got to travel all over that state

1406
01:12:29,989 --> 01:12:27,869
working for the government and other

1407
01:12:33,589 --> 01:12:29,999
projects and I talked with a lot of

1408
01:12:36,739 --> 01:12:33,599
people and met a lot of very interesting

1409
01:12:41,810 --> 01:12:36,749
people and new mexico itself has a

1410
01:12:45,200 --> 01:12:41,820
pretty unique cowboy culture and you've

1411
01:12:51,680 --> 01:12:45,210
got to figure that into the mix that's

1412
01:12:59,680 --> 01:12:51,690
an important part and so the the whole

1413
01:13:03,589 --> 01:12:59,690

idea that in 1947 they were working on

1414

01:13:08,649 --> 01:13:03,599

project mogul okay and actually project

1415

01:13:14,979 --> 01:13:08,659

mogul was started at night around 1946

1416

01:13:18,799 --> 01:13:14,989

that mogul was used to test to see if

1417

01:13:21,890 --> 01:13:18,809

the Russians or whomever were exploding

1418

01:13:25,100 --> 01:13:21,900

atomic bombs in the atmosphere is it was

1419

01:13:26,989 --> 01:13:25,110

like kind of tracing you know in the

1420

01:13:29,359 --> 01:13:26,999

ocean allegedly there's like an acoustic

1421

01:13:31,040 --> 01:13:29,369

channel that travels and there was one

1422

01:13:33,669 --> 01:13:31,050

scientist that I believe his name was

1423

01:13:35,899 --> 01:13:33,679

Ewing he came up with a concept and done

1424

01:13:38,089 --> 01:13:35,909

trust me on that name I'm just done with

1425

01:13:40,009 --> 01:13:38,099

my notes in front of me but he came up

1426

01:13:41,209 --> 01:13:40,019

with the same idea that that kind of

1427

01:13:43,549 --> 01:13:41,219

thing could have been happening in the

1428

01:13:48,589 --> 01:13:43,559

air so they were using this project

1429

01:13:50,359 --> 01:13:48,599

mobile back then to see if there were

1430

01:13:53,479 --> 01:13:50,369

other explosions going on atomic

1431

01:13:57,169 --> 01:13:53,489

explosions in the atmosphere now I'm

1432

01:14:01,069 --> 01:13:57,179

saying about what I think crashed at

1433

01:14:03,890 --> 01:14:01,079

Roswell was not project mogul and it was

1434

01:14:07,790 --> 01:14:03,900

not a weather balloon that it was

1435

01:14:11,470 --> 01:14:07,800

another secret project that they were

1436

01:14:17,830 --> 01:14:11,480

working on on that had to do with

1437

01:14:21,350 --> 01:14:17,840

passive communications satellites and

1438

01:14:25,779 --> 01:14:21,360

that's what fits the description of what

1439

01:14:29,750 --> 01:14:25,789

was found on the ranch near Roswell

1440

01:14:33,790 --> 01:14:29,760

they didn't there's I can't find anyone

1441

01:14:39,399 --> 01:14:33,800

they actually saw a flying saucer

1442

01:14:42,799 --> 01:14:39,409

land and there was no fly in Roswell

1443

01:14:48,290 --> 01:14:42,809

there was no flying saucer found but

1444

01:14:50,060 --> 01:14:48,300

there were parts of a metal substance it

1445

01:14:53,799 --> 01:14:50,070

was kind of it was unique it was like a

1446

01:14:58,970 --> 01:14:53,809

memory metal break that was found there

1447

01:15:01,430 --> 01:14:58,980

this was a 1947 now other things that

1448

01:15:03,080 --> 01:15:01,440

don't come up too often that I can

1449

01:15:05,810 --> 01:15:03,090

remember at all in your garage belt

1450

01:15:08,930 --> 01:15:05,820

discussions is that there was another

1451

01:15:12,770 --> 01:15:08,940

person by a minimum of dr. Robert H

1452

01:15:16,069 --> 01:15:12,780

Goddard who lived in New Mexico he lived

1453

01:15:21,560 --> 01:15:16,079

he had a ranch in Roswell and he was a

1454

01:15:27,500 --> 01:15:21,570

rocket scientist and to make a long

1455

01:15:29,029 --> 01:15:27,510

story short these the since 1945 United

1456

01:15:31,810 --> 01:15:29,039

States government was interested in

1457

01:15:34,220 --> 01:15:31,820

these passive communications satellites

1458

01:15:36,859 --> 01:15:34,230

and with those passive communications

1459

01:15:42,370 --> 01:15:36,869

satellites were referred to as Satta

1460

01:15:47,750 --> 01:15:42,380

loons they were polyethylene

1461

01:15:55,069 --> 01:15:47,760

high-altitude balloons that were covered

1462

01:15:57,470 --> 01:15:55,079

with metal and that's what the project

1463

01:15:58,450 --> 01:15:57,480

echo if you have a project that code

1464

01:16:01,600 --> 01:15:58,460

those satellites

1465

01:16:05,229 --> 01:16:01,610

that's what project echo was and

1466

01:16:08,870 --> 01:16:05,239

according to my research they were

1467

01:16:13,180 --> 01:16:08,880

experimenting on those project echo type

1468

01:16:16,759 --> 01:16:13,190

prototypes back then

1469

01:16:19,819 --> 01:16:16,769

so I'm sorry okay well a couple things

1470

01:16:22,689 --> 01:16:19,829

first of all they're about I think it

1471

01:16:25,939 --> 01:16:22,699

was something like 60 miles further

1472

01:16:29,379 --> 01:16:25,949

there was a there's reports of you know

1473

01:16:35,029 --> 01:16:29,389

people possibly seeing some type of

1474

01:16:37,189 --> 01:16:35,039

Volkswagens sized object separate you

1475

01:16:39,799 --> 01:16:37,199

know from all this and you know some

1476

01:16:42,620 --> 01:16:39,809

people reported bodies and you know

1477

01:16:45,860 --> 01:16:42,630

possibly one still alive

1478

01:16:50,480 --> 01:16:45,870

and the thing we'll talk about as we go

1479

01:16:54,560 --> 01:16:50,490

along here but the government of course

1480

01:16:56,810 --> 01:16:54,570

you lied I'm sure you know about this at

1481

01:16:59,210 --> 01:16:56,820

least I've I think four or five times

1482

01:17:02,510 --> 01:16:59,220

and different occasions and so that's

1483

01:17:04,670 --> 01:17:02,520

you know I want to kind of unravel why

1484

01:17:09,440 --> 01:17:04,680

do you think they lied even back in the

1485

01:17:10,910 --> 01:17:09,450

1990s but before we get into that part

1486

01:17:15,230 --> 01:17:10,920

of it though let's keep going I want to

1487

01:17:17,660 --> 01:17:15,240

hear more about the materials of this

1488

01:17:19,550 --> 01:17:17,670

particular I guess you wouldn't call it

1489

01:17:24,830 --> 01:17:19,560

a satellite or it's high-altitude

1490

01:17:28,910 --> 01:17:24,840

balloons and it's go ahead it was

1491

01:17:32,900 --> 01:17:28,920

technically back then there was a

1492

01:17:38,240 --> 01:17:32,910

science fiction writer in 1945 because

1493

01:17:43,610 --> 01:17:38,250

name was Clark and he came up with a

1494

01:17:48,670 --> 01:17:43,620

concept of these they were considered to

1495

01:17:51,140 --> 01:17:48,680

be passive communications satellites

1496

01:17:53,650 --> 01:17:51,150

what they would do is basically there

1497

01:17:58,370 --> 01:17:53,660

were these huge satellites eventually

1498

01:18:01,670 --> 01:17:58,380

that they would bounce microwave signals

1499

01:18:04,430 --> 01:18:01,680

off of or whatever and again I found

1500

01:18:07,100 --> 01:18:04,440

government reports that reported that in

1501

01:18:10,400 --> 01:18:07,110

1945 this was written about it and they

1502

01:18:13,970 --> 01:18:10,410

already had the idea proposed but even

1503

01:18:17,510 --> 01:18:13,980

in 1942 there were people that were

1504

01:18:19,460 --> 01:18:17,520

talking about taking signals and and

1505

01:18:22,010 --> 01:18:19,470

bouncing them off of them I think it was

1506

01:18:23,840 --> 01:18:22,020

Venus and back as communication

1507

01:18:28,250 --> 01:18:23,850

satellites because it was much cheaper

1508

01:18:29,840 --> 01:18:28,260

to do that than to run a what's what's

1509

01:18:34,460 --> 01:18:29,850

it called a sub Atlantic cable or

1510

01:18:37,040 --> 01:18:34,470

whatever Klaus and so I again I found

1511

01:18:39,560 --> 01:18:37,050

all of these my thousands of pages of

1512

01:18:42,020 --> 01:18:39,570

reports this I'm basing this all on my

1513

01:18:46,430 --> 01:18:42,030

reports I'm not making any of this up

1514

01:18:50,420 --> 01:18:46,440

and it's all documented so in 1945 that

1515

01:18:52,250 --> 01:18:50,430

whole idea was in the mix and the United

1516

01:18:56,090 --> 01:18:52,260

States government made that a top

1517

01:18:57,650 --> 01:18:56,100

priority because one thing

1518

01:19:00,940 --> 01:18:57,660

there weren't any the United States

1519

01:19:04,790 --> 01:19:00,950

hadn't launched any satellites yet in

1520

01:19:07,550 --> 01:19:04,800

1945 right and there were there were

1521

01:19:09,590 --> 01:19:07,560

studies that came out it might have been

1522

01:19:11,870 --> 01:19:09,600

from the RAND Corporation but I'm not

1523

01:19:15,320 --> 01:19:11,880

sure that said if the United States

1524

01:19:17,150 --> 01:19:15,330

would launch a satellite of some sort

1525

01:19:22,790 --> 01:19:17,160

that would be a real feather in our cap

1526

01:19:25,790 --> 01:19:22,800

and also it would be for the whole idea

1527

01:19:28,310 --> 01:19:25,800

of world peace the AIA the ability of

1528

01:19:31,630 --> 01:19:28,320

the world communicating with each other

1529

01:19:36,350 --> 01:19:31,640

could be completed with these with I

1530

01:19:39,200 --> 01:19:36,360

leave three passive communication

1531

01:19:41,750 --> 01:19:39,210

satellites and what these satellites

1532

01:19:46,960 --> 01:19:41,760

were they were just basically big

1533

01:19:50,690 --> 01:19:46,970

balloons that were coated with metal and

1534

01:19:55,750 --> 01:19:50,700

that's that's what that's all really the

1535

01:19:58,490 --> 01:19:55,760

project echo was you know in the 50s so

1536

01:20:01,220 --> 01:19:58,500

and there were proposals and there were

1537

01:20:05,150 --> 01:20:01,230

committees and panels that had to

1538

01:20:09,050 --> 01:20:05,160

approve these let's call them sad loons

1539

01:20:12,260 --> 01:20:09,060

and how they were designed so they were

1540

01:20:16,940 --> 01:20:12,270

they were already in the works at that

1541

01:20:20,630 --> 01:20:16,950

time and and a my opinion going back to

1542

01:20:22,820 --> 01:20:20,640

project mogul which they didn't explain

1543

01:20:25,700 --> 01:20:22,830

until I think was nineteen ninety five

1544

01:20:28,940 --> 01:20:25,710

or ninety six that that didn't come

1545

01:20:30,730 --> 01:20:28,950

forward as a possible solution to what

1546

01:20:35,000 --> 01:20:30,740

landed at Roswell crashed in Roswell

1547

01:20:37,760 --> 01:20:35,010

until 1996 so it was all that time they

1548

01:20:39,380 --> 01:20:37,770

let people think what a what you know

1549

01:20:41,300 --> 01:20:39,390

but they just try to come up with what

1550

01:20:44,480 --> 01:20:41,310

it was it didn't tell anyone that I

1551

01:20:47,840 --> 01:20:44,490

could figure out so the the whole idea

1552

01:20:51,200 --> 01:20:47,850

was that they were already experimenting

1553

01:20:55,190 --> 01:20:51,210

with a type of what what we would call

1554

01:20:57,590 --> 01:20:55,200

today miler mmm-hmm that and then miler

1555

01:21:00,380 --> 01:20:57,600

really didn't wasn't perfected totally

1556

01:21:02,380 --> 01:21:00,390

until the 60s but before that in the 50s

1557

01:21:05,360 --> 01:21:02,390

they had something called bo pet and

1558

01:21:07,790 --> 01:21:05,370

before that in the fit before the 50s in

1559

01:21:10,360 --> 01:21:07,800

the 40s did something called pet was

1560

01:21:13,460 --> 01:21:10,370

which was a type of polyethylene

1561

01:21:16,280 --> 01:21:13,470

material I can't pronounce the second

1562

01:21:18,860 --> 01:21:16,290

part of it so it's this is called pet

1563

01:21:22,520 --> 01:21:18,870

balloons and they were they were in

1564

01:21:27,260 --> 01:21:22,530

place and since 1941 the product patent

1565

01:21:29,270 --> 01:21:27,270

now to make again a long story short you

1566

01:21:31,670 --> 01:21:29,280

know when the regular weather balloons

1567

01:21:33,650 --> 01:21:31,680

they try to claim it was first they try

1568

01:21:34,540 --> 01:21:33,660

to claim that the Roswell was first a

1569

01:21:37,880 --> 01:21:34,550

weather balloon

1570

01:21:39,560 --> 01:21:37,890

well first getting back to the point I

1571

01:21:42,470 --> 01:21:39,570

made first they said it was a flying

1572

01:21:44,150 --> 01:21:42,480

saucer and and that's all I want to know

1573

01:21:50,180 --> 01:21:44,160

why they would say that I know what your

1574

01:21:53,810 --> 01:21:50,190

thoughts are getting there okay I'll do

1575

01:21:56,780 --> 01:21:53,820

that now so you won't be in suspense no

1576

01:21:58,460 --> 01:21:56,790

that's okay no no here's why I was

1577

01:21:59,060 --> 01:21:58,470

getting there but I was taking along

1578

01:22:07,880 --> 01:21:59,070

around

1579

01:22:14,330 --> 01:22:07,890

okay I'm alone well what yeah yeah it's

1580

01:22:17,180 --> 01:22:14,340

the yeah but what okay so these passive

1581

01:22:19,670 --> 01:22:17,190

communication satellites they needed to

1582

01:22:21,710 --> 01:22:19,680

be made out of a material like miler the

1583

01:22:26,060 --> 01:22:21,720

disagrees were precursors to miler and

1584

01:22:33,230 --> 01:22:26,070

those technically balloons were made out

1585

01:22:38,480 --> 01:22:33,240

of a flat flexible non expansive

1586

01:22:40,970 --> 01:22:38,490

material called pet back then that was

1587

01:22:45,470 --> 01:22:40,980

they they learned how to coat with

1588

01:22:48,200 --> 01:22:45,480

aluminum okay and they couldn't make

1589

01:22:53,570 --> 01:22:48,210

them into a sphere first they made them

1590

01:22:56,030 --> 01:22:53,580

by taking two pieces of round material

1591

01:22:59,000 --> 01:22:56,040

and then somehow welding those two

1592

01:23:02,480 --> 01:22:59,010

pieces together so when you blow that up

1593

01:23:06,230 --> 01:23:02,490

with air or whatever it doesn't have a

1594

01:23:08,270 --> 01:23:06,240

sphere it looks like a disc if you see

1595

01:23:09,560 --> 01:23:08,280

you know if you look at today's even

1596

01:23:11,600 --> 01:23:09,570

minor balloons

1597

01:23:14,270 --> 01:23:11,610

they don't look perfectly round like a

1598

01:23:15,770 --> 01:23:14,280

rubber ball if you take a look at them

1599

01:23:22,379 --> 01:23:15,780

this crap they look a little bit like a

1600

01:23:25,760 --> 01:23:23,580

got some kind of symbol that's that

1601

01:23:29,570 --> 01:23:25,770

right and tried me so I don't but

1602

01:23:36,030 --> 01:23:29,580

they're agreeing here but those early

1603

01:23:41,760 --> 01:23:36,040

balloons up until nineteen Oh 50 some

1604

01:23:45,959 --> 01:23:41,770

okay were disc-shaped so even and then

1605

01:23:48,780 --> 01:23:45,969

the article that the science fiction

1606

01:23:50,870 --> 01:23:48,790

writer Clark wrote back in 1945 and

1607

01:23:55,220 --> 01:23:50,880

that's published and that's out there

1608

01:24:00,030 --> 01:23:55,230

his article is titled extra-terrestrial

1609

01:24:02,970 --> 01:24:00,040

relays so they were actually referring

1610

01:24:08,970 --> 01:24:02,980

to and what those relays were were these

1611

01:24:13,200 --> 01:24:08,980

big disk shaped saddle domes and he

1612

01:24:15,540 --> 01:24:13,210

wrote them up so technically if you once

1613

01:24:17,459 --> 01:24:15,550

you got one of those let's call it him

1614

01:24:19,580 --> 01:24:17,469

for lack of better words now a minor

1615

01:24:25,580 --> 01:24:19,590

balloon and it was coated with aluminum

1616

01:24:29,970 --> 01:24:25,590

and it was flying it technically was an

1617

01:24:32,490 --> 01:24:29,980

extra-terrestrial flying disc and that's

1618

01:24:37,109 --> 01:24:32,500

what they were described as back in the

1619

01:24:40,470 --> 01:24:37,119

1940s so it's someone could have they

1620

01:24:42,660 --> 01:24:40,480

looked a bit lying but there it would

1621

01:24:45,120 --> 01:24:42,670

have been an extra-terrestrial meaning

1622

01:24:48,240 --> 01:24:45,130

it was they were designed to be off of

1623

01:24:50,340 --> 01:24:48,250

the earth and and the whole I think

1624

01:24:53,640 --> 01:24:50,350

Clark's original concept was to have

1625

01:24:56,760 --> 01:24:53,650

three of those and that would serve for

1626
01:25:03,570 --> 01:24:56,770
communication systems for the entire

1627
01:25:07,979 --> 01:25:03,580
world so the these balloons these satins

1628
01:25:11,629 --> 01:25:07,989
would have been extraterrestrial flying

1629
01:25:14,700 --> 01:25:11,639
disks that were aluminum-coated

1630
01:25:18,629 --> 01:25:14,710
polyethylene to some extent now when

1631
01:25:21,750 --> 01:25:18,639
they're supposedly ropes to to a balloon

1632
01:25:23,879 --> 01:25:21,760
or was this all it was the actually was

1633
01:25:26,520 --> 01:25:23,889
the helium or whatever gas they were

1634
01:25:29,669 --> 01:25:26,530
using at the time was that actually in

1635
01:25:31,800 --> 01:25:29,679
that disc shaped object I'm talking

1636
01:25:36,830 --> 01:25:31,810
about whatever it would have been

1637
01:25:40,530 --> 01:25:39,270
extraterrestrial flying discs their word

1638
01:25:44,910 --> 01:25:40,540

they would have been something to cause

1639

01:25:46,590 --> 01:25:44,920

it to go up okay in our atmosphere they

1640

01:25:49,980 --> 01:25:46,600

wouldn't have needed that same stuff

1641

01:25:52,440 --> 01:25:49,990

when it was in a high altitude so they

1642

01:25:55,770 --> 01:25:52,450

were testing some of those polyethylene

1643

01:25:59,010 --> 01:25:55,780

balloons plated blue metal plated

1644

01:26:01,260 --> 01:25:59,020

metallized balloons they were testing

1645

01:26:03,090 --> 01:26:01,270

them to see how high they could go and

1646

01:26:04,680 --> 01:26:03,100

what would happen with air pressure

1647

01:26:06,930 --> 01:26:04,690

inside and so forth because this was a

1648

01:26:10,530 --> 01:26:06,940

whole new ballgame for the people

1649

01:26:14,310 --> 01:26:10,540

working with those and they had a person

1650

01:26:19,020 --> 01:26:14,320

that they brought in to work on making

1651
01:26:22,920 --> 01:26:19,030
those balloons now you obviously found

1652
01:26:25,470 --> 01:26:22,930
all this information assuming online

1653
01:26:26,790 --> 01:26:25,480
it's just through government or how did

1654
01:26:32,880 --> 01:26:26,800
you where did you find all this

1655
01:26:38,400 --> 01:26:32,890
information I can't tell you that your

1656
01:26:40,680 --> 01:26:38,410
screens going to go black again these

1657
01:26:44,570 --> 01:26:40,690
were government reports that I found

1658
01:26:49,170 --> 01:26:44,580
that were I think they were Declassified

1659
01:26:51,270 --> 01:26:49,180
plus I lived in Roswell you know not

1660
01:26:54,630 --> 01:26:51,280
know I didn't live in Roswell but I was

1661
01:26:59,310 --> 01:26:54,640
on an anti-gang task force that met in

1662
01:27:02,460 --> 01:26:59,320
Roswell so when I am never I had been to

1663
01:27:05,760 --> 01:27:02,470

Roswell quite a few times and I talked

1664

01:27:08,850 --> 01:27:05,770

to people in Roswell who were connected

1665

01:27:12,450 --> 01:27:08,860

to you know Holt New Mexico is connected

1666

01:27:15,150 --> 01:27:12,460

to the whole space program I mean it's

1667

01:27:18,290 --> 01:27:15,160

it's a big that the New Mexico that a

1668

01:27:20,850 --> 01:27:18,300

lot of things were done there and I

1669

01:27:23,790 --> 01:27:20,860

actually spoke with people that

1670

01:27:27,420 --> 01:27:23,800

confirmed what I was talking about was

1671

01:27:31,350 --> 01:27:27,430

true and on top of that they would have

1672

01:27:34,380 --> 01:27:31,360

needed now Robert Goddard who lived on a

1673

01:27:36,900 --> 01:27:34,390

ranch in Roswell that I hardly ever hear

1674

01:27:43,820 --> 01:27:36,910

anyone talk about now even though he

1675

01:27:47,880 --> 01:27:43,830

died in 1945 he was working on rockets

1676

01:27:50,159 --> 01:27:47,890

and he was working with a team of

1677

01:27:55,569 --> 01:27:50,169

individuals on Rock

1678

01:27:59,229 --> 01:27:55,579

way the passive communications satellite

1679

01:28:02,229 --> 01:27:59,239

system was designed they would have had

1680

01:28:09,810 --> 01:28:02,239

to launch those in the high altitude

1681

01:28:13,739 --> 01:28:09,820

space in those Rockets and around 1959

1682

01:28:17,739 --> 01:28:13,749

they were experimenting with that and

1683

01:28:22,589 --> 01:28:17,749

one of this statins exploded because it

1684

01:28:25,209 --> 01:28:22,599

didn't unfold properly

1685

01:28:27,369 --> 01:28:25,219

she had gotta fold escaping a

1686

01:28:32,969 --> 01:28:27,379

hundred-foot balloon into like the size

1687

01:28:36,520 --> 01:28:32,979

of a oatmeal can and when it exploded

1688

01:28:40,119 --> 01:28:36,530

the same kind of material was

1689

01:28:44,409 --> 01:28:40,129

disseminated along the east coast that

1690

01:28:48,069 --> 01:28:44,419

they found on that ranch in Roscoe all

1691

01:28:53,409 --> 01:28:48,079

right well you know I'm I'm listening

1692

01:28:56,679 --> 01:28:53,419

I'm not you know I'm being open-minded

1693

01:28:59,229 --> 01:28:56,689

about this and you know it really would

1694

01:29:02,889 --> 01:28:59,239

be interesting after all these years if

1695

01:29:06,279 --> 01:29:02,899

you actually had an idea what's going on

1696

01:29:08,439 --> 01:29:06,289

you know there's a lot of witnesses that

1697

01:29:12,419 --> 01:29:08,449

have you know firsthand witnesses

1698

01:29:20,349 --> 01:29:12,429

there's not too many left right now but

1699

01:29:22,989 --> 01:29:20,359

so this Jesse Marcel was stating someone

1700

01:29:24,459 --> 01:29:22,999

put this in chat he was stating there

1701

01:29:25,060 --> 01:29:24,469

was no way that you know he could hit it

1702

01:29:27,790 --> 01:29:25,070

with a hammer

1703

01:29:30,729 --> 01:29:27,800

he couldn't dent it but it would fold

1704

01:29:32,770 --> 01:29:30,739

and then fold back are you saying that

1705

01:29:34,750 --> 01:29:32,780

these are the properties of this I

1706

01:29:36,119 --> 01:29:34,760

forget what you called it like pet or

1707

01:29:39,969 --> 01:29:36,129

whatever it was

1708

01:29:41,079 --> 01:29:39,979

three-mile are the prototype that they

1709

01:29:42,790 --> 01:29:41,089

would have been working on wouldn't be

1710

01:29:45,699 --> 01:29:42,800

able to do that in fact I have

1711

01:29:47,799 --> 01:29:45,709

testimonies of other witnesses there's

1712

01:29:50,079 --> 01:29:47,809

only a handful of witnesses that

1713

01:29:52,629 --> 01:29:50,089

actually handled those materials that

1714

01:29:56,169 --> 01:29:52,639

day and technically when you go back to

1715

01:29:59,559 --> 01:29:56,179

the whole Roswell incident that's all

1716

01:30:03,520 --> 01:29:59,569

they had were the peoples stating that

1717

01:30:06,490 --> 01:30:03,530

that that on metal must have come from

1718

01:30:08,740 --> 01:30:06,500

flying saucer but at least one of the

1719

01:30:12,000 --> 01:30:08,750

witnesses that handled that material

1720

01:30:15,040 --> 01:30:12,010

that day said that it was not

1721

01:30:17,980 --> 01:30:15,050

extraterrestrial in nature that it was

1722

01:30:20,350 --> 01:30:17,990

you know something from Earth and that

1723

01:30:22,150 --> 01:30:20,360

they were you know what there's evidence

1724

01:30:25,720 --> 01:30:22,160

that they were experimenting with those

1725

01:30:29,490 --> 01:30:25,730

kind of materials back then no one just

1726

01:30:32,280 --> 01:30:29,500

knew it I I even have photographs of

1727

01:30:37,120 --> 01:30:32,290

disks that are aluminum-coated

1728

01:30:39,280 --> 01:30:37,130

inflatable discs from you know back when

1729

01:30:41,350 --> 01:30:39,290

they were doing the prototypes and

1730

01:30:43,360 --> 01:30:41,360

working on them and there were different

1731

01:30:46,540 --> 01:30:43,370

sizes you know before they got to the

1732

01:30:48,730 --> 01:30:46,550

real big ones but they they really

1733

01:30:51,430 --> 01:30:48,740

didn't get into a spherical shape

1734

01:30:53,920 --> 01:30:51,440

totally until like the 1950s so they

1735

01:30:57,180 --> 01:30:53,930

were there were discs for a while and

1736

01:30:59,560 --> 01:30:57,190

they kept on getting the the metal

1737

01:31:01,420 --> 01:30:59,570

definitely getting more and more rigid

1738

01:31:05,040 --> 01:31:01,430

so they they had to have been

1739

01:31:08,500 --> 01:31:05,050

experimenting with that kind of a metal

1740

01:31:12,070 --> 01:31:08,510

that was a memory shape and they had had

1741

01:31:13,750 --> 01:31:12,080

to do that you know at the time the

1742

01:31:15,520 --> 01:31:13,760

Roswell incident happened they that

1743

01:31:20,710 --> 01:31:15,530

would have had been experimenting with

1744

01:31:24,330 --> 01:31:20,720

that for that project of gone on well I

1745

01:31:28,030 --> 01:31:24,340

understand you know the the secrecy but

1746

01:31:31,210 --> 01:31:28,040

they supposedly like comb to the field

1747

01:31:34,600 --> 01:31:31,220

to get every single scrap of material up

1748

01:31:37,900 --> 01:31:34,610

and they went out of their way according

1749

01:31:39,880 --> 01:31:37,910

to some witnesses to confiscate anything

1750

01:31:44,200 --> 01:31:39,890

that you know people were squirreling

1751

01:31:47,530 --> 01:31:44,210

away right and that just it's kind of

1752

01:31:50,620 --> 01:31:47,540

curious why material I know it's

1753

01:31:52,060 --> 01:31:50,630

experimental but nothing that it doesn't

1754

01:31:56,830 --> 01:31:52,070

seem like it would be of top-secret

1755

01:31:58,540 --> 01:31:56,840

nature why they would be so involved and

1756

01:32:01,600 --> 01:31:58,550

making sure they got every last tiny

1757

01:32:07,810 --> 01:32:01,610

little scrap up of that do you think

1758

01:32:11,260 --> 01:32:07,820

that it was that important yes because

1759

01:32:13,360 --> 01:32:11,270

again to the research I've done the fact

1760

01:32:17,200 --> 01:32:13,370

of having those kind of communications

1761

01:32:18,640 --> 01:32:17,210

satellites would have been a world

1762

01:32:23,020 --> 01:32:18,650

you already and would put the United

1763

01:32:28,229 --> 01:32:23,030

States in front of any other country as

1764

01:32:31,650 --> 01:32:28,239

far as the space race would go plus one

1765

01:32:38,740 --> 01:32:31,660

account put that at least one account

1766

01:32:40,780 --> 01:32:38,750

stated that Marcel and Remy when that

1767

01:32:43,440 --> 01:32:40,790

when those material those materials were

1768

01:32:46,840 --> 01:32:43,450

allegedly recovered from Roswell by

1769

01:32:51,490 --> 01:32:46,850

Marcel and and some people and then they

1770

01:32:57,060 --> 01:32:51,500

were flown to a Fort Worth Texas where

1771

01:33:03,250 --> 01:32:57,070

it was examined by Ramey and another

1772

01:33:05,229 --> 01:33:03,260

officer and the officers knew that they

1773

01:33:10,300 --> 01:33:05,239

that what they were looking at were not

1774

01:33:11,950 --> 01:33:10,310

from a weather balloon and they knew we

1775

01:33:13,390 --> 01:33:11,960

would really you know they did they

1776

01:33:17,170 --> 01:33:13,400

didn't want to say that it was from

1777

01:33:20,350 --> 01:33:17,180

Project mogul what I've got seen

1778

01:33:23,650 --> 01:33:20,360

witnesses testimonies that what they saw

1779

01:33:25,330 --> 01:33:23,660

was you know they it was not a weather

1780

01:33:27,580 --> 01:33:25,340

balloon that they actually staged that

1781

01:33:29,350 --> 01:33:27,590

one photograph that was out there and

1782

01:33:34,360 --> 01:33:29,360

there's some pretty reliable sources

1783

01:33:37,120 --> 01:33:34,370

that claimed that and they really didn't

1784

01:33:38,680 --> 01:33:37,130

you know that was in 47 and they really

1785

01:33:44,200 --> 01:33:38,690

didn't even come forward and say it was

1786

01:33:47,709 --> 01:33:44,210

project mogul until 95 or 96 and there

1787

01:33:52,750 --> 01:33:47,719

were some witnesses that came forward

1788

01:33:57,520 --> 01:33:52,760

from a unit was a school in New Mexico

1789

01:34:01,390 --> 01:33:57,530

that were launched that that project

1790

01:34:05,470 --> 01:34:01,400

mogul ballooned that day from New Mexico

1791

01:34:09,130 --> 01:34:05,480

and my way of thinking what they were

1792

01:34:10,720 --> 01:34:09,140

possibly doing was they were since these

1793

01:34:13,540 --> 01:34:10,730

project mogul were wrecked balloon

1794

01:34:19,150 --> 01:34:13,550

trains with large balloons in them they

1795

01:34:22,780 --> 01:34:19,160

were probably testing the miler coated

1796

01:34:24,940 --> 01:34:22,790

balloons by putting them in as part of

1797

01:34:27,220 --> 01:34:24,950

those balloon trains since they were

1798

01:34:30,640 --> 01:34:27,230

already high-altitude balloon trains

1799

01:34:31,240 --> 01:34:30,650

they could have been testing those miler

1800

01:34:34,540 --> 01:34:31,250

coated

1801
01:34:37,180 --> 01:34:34,550
with with devices on them to see about

1802
01:34:40,120 --> 01:34:37,190
the pressure and so forth that's one of

1803
01:34:44,650 --> 01:34:40,130
they could sneak those in without people

1804
01:34:46,689 --> 01:34:44,660
seeing flying discs flying around so

1805
01:34:50,800 --> 01:34:46,699
still getting back to the headline just

1806
01:34:53,890 --> 01:34:50,810
one more time you think that the they

1807
01:34:57,400 --> 01:34:53,900
made an honest mistake thinking that at

1808
01:34:59,140 --> 01:34:57,410
first they had a flying disc you know

1809
01:35:00,880 --> 01:34:59,150
because they called it in one you know

1810
01:35:03,220 --> 01:35:00,890
one press release they call it a flying

1811
01:35:06,850 --> 01:35:03,230
saucer another one they call it a flying

1812
01:35:08,260 --> 01:35:06,860
disc but they were alluding to the fact

1813
01:35:10,840 --> 01:35:08,270

that they had something extraterrestrial

1814

01:35:12,700 --> 01:35:10,850

when they first came out of course you

1815

01:35:17,020 --> 01:35:12,710

know they recanted the following day and

1816

01:35:18,130 --> 01:35:17,030

Fort Worth like you said but but so so

1817

01:35:22,360 --> 01:35:18,140

what are your thoughts on that in

1818

01:35:28,300 --> 01:35:22,370

general yes if they if it was one of

1819

01:35:32,080 --> 01:35:28,310

those prototype sad ones it would have

1820

01:35:34,840 --> 01:35:32,090

been a metal coated flying disc if they

1821

01:35:38,770 --> 01:35:34,850

slotted me if anyone saw in here the

1822

01:35:43,120 --> 01:35:38,780

research that I saw no one saw it in the

1823

01:35:47,260 --> 01:35:43,130

air they only saw the pieces on the

1824

01:35:49,890 --> 01:35:47,270

ground but if someone saw a saw one of

1825

01:35:53,320 --> 01:35:49,900

those balloons either as part of a

1826

01:35:55,689 --> 01:35:53,330

project mogul train or you know in

1827

01:35:59,550 --> 01:35:55,699

addition to that mogul train it would

1828

01:36:02,380 --> 01:35:59,560

have technically looked like an

1829

01:36:07,510 --> 01:36:02,390

extraterrestrial flying disc that was

1830

01:36:09,880 --> 01:36:07,520

made out of a polyester coated with

1831

01:36:13,930 --> 01:36:09,890

metal and the descriptions that I've

1832

01:36:16,689 --> 01:36:13,940

read in a couple of cases of that metal

1833

01:36:18,729 --> 01:36:16,699

the people people that actually handled

1834

01:36:24,250 --> 01:36:18,739

it described it as like an aluminum

1835

01:36:29,380 --> 01:36:24,260

coated pliable but flexible yet not you

1836

01:36:32,770 --> 01:36:29,390

know stretchable material so are you

1837

01:36:34,180 --> 01:36:32,780

saying basically that one hand doesn't

1838

01:36:38,560 --> 01:36:34,190

know what the other is doing in other

1839

01:36:40,720 --> 01:36:38,570

words the Army Air Force at Roswell had

1840

01:36:44,410 --> 01:36:40,730

no idea what these that these crafts

1841

01:36:44,740 --> 01:36:44,420

were up in the air and being tested is

1842

01:36:48,340 --> 01:36:44,750

that

1843

01:36:50,380 --> 01:36:48,350

I'm sorry yes but here's here's what

1844

01:36:53,890 --> 01:36:50,390

that one of those other points that I

1845

01:36:56,710 --> 01:36:53,900

made here's what I'm finding out that

1846

01:36:59,410 --> 01:36:56,720

what's happening back then and even now

1847

01:37:04,240 --> 01:36:59,420

you know they talk about disclosure and

1848

01:37:07,870 --> 01:37:04,250

cover-up it wasn't just the government

1849

01:37:13,930 --> 01:37:07,880

that was covering it up you know but

1850

01:37:16,480 --> 01:37:13,940

there were there's there were UFO

1851
01:37:18,880 --> 01:37:16,490
adjusts that were making statements that

1852
01:37:19,570 --> 01:37:18,890
they thought were true that weren't so

1853
01:37:22,300 --> 01:37:19,580
what what

1854
01:37:24,160 --> 01:37:22,310
there were also scientists and the

1855
01:37:26,200 --> 01:37:24,170
government we're making statements that

1856
01:37:28,000 --> 01:37:26,210
they thought were true the worth there

1857
01:37:31,600 --> 01:37:28,010
were some people making true statements

1858
01:37:34,990 --> 01:37:31,610
and what was was this like this perfect

1859
01:37:37,120 --> 01:37:35,000
storm of conflicting information that

1860
01:37:39,460 --> 01:37:37,130
creates a situation where you have all

1861
01:37:42,700 --> 01:37:39,470
this conflicting information some of its

1862
01:37:44,290 --> 01:37:42,710
reliable some of its not reliable and

1863
01:37:46,750 --> 01:37:44,300

when you get that kind of a perfect

1864

01:37:49,990 --> 01:37:46,760

storm with all kinds of information and

1865

01:37:52,420 --> 01:37:50,000

I've documented that from well they're

1866

01:37:56,680 --> 01:37:52,430

all those different sources you can't

1867

01:38:01,960 --> 01:37:56,690

solve a problem especially a problem as

1868

01:38:03,820 --> 01:38:01,970

big as UFO phenomena so what was

1869

01:38:05,860 --> 01:38:03,830

happening is that there was so much

1870

01:38:08,500 --> 01:38:05,870

information out of there out of coming

1871

01:38:11,170 --> 01:38:08,510

out some of the disinformation some of

1872

01:38:15,700 --> 01:38:11,180

the misinformation some of that accurate

1873

01:38:18,190 --> 01:38:15,710

information that it was causing it to be

1874

01:38:24,280 --> 01:38:18,200

covered up without having to try to

1875

01:38:30,760 --> 01:38:24,290

cover it up very convoluted so and yeah

1876

01:38:36,970 --> 01:38:30,770

I found evidence evidence of that so if

1877

01:38:40,750 --> 01:38:36,980

the if the government actually didn't

1878

01:38:43,840 --> 01:38:40,760

come clean in 1996 I think you mentioned

1879

01:38:45,640 --> 01:38:43,850

earlier I know there was a senator that

1880

01:38:47,230 --> 01:38:45,650

you know brought there was a hearing

1881

01:38:49,780 --> 01:38:47,240

with the Air Force

1882

01:38:52,150 --> 01:38:49,790

why wouldn't they finally just come

1883

01:38:56,230 --> 01:38:52,160

clean you know with with the whole

1884

01:38:57,890 --> 01:38:56,240

situation and just just say what they

1885

01:39:02,470 --> 01:38:57,900

were doing I mean after all this

1886

01:39:06,340 --> 01:39:02,480

it shouldn't matter well there again

1887

01:39:08,689 --> 01:39:06,350

depending on what they were really doing

1888

01:39:11,080 --> 01:39:08,699

with that now let's let's I'm not yet

1889

01:39:13,550 --> 01:39:11,090

I'm just throwing this out as an example

1890

01:39:16,220 --> 01:39:13,560

let's say what what I think would happen

1891

01:39:19,640 --> 01:39:16,230

was that there were one of those metal

1892

01:39:21,410 --> 01:39:19,650

coated settlements was either part of

1893

01:39:25,520 --> 01:39:21,420

one of those balloon trains or it was on

1894

01:39:28,399 --> 01:39:25,530

its own being tested now if lightning

1895

01:39:30,350 --> 01:39:28,409

would he hit that I mean there are some

1896

01:39:32,750 --> 01:39:30,360

indicators that there was a storm that

1897

01:39:35,780 --> 01:39:32,760

night and that's what supposedly caused

1898

01:39:38,750 --> 01:39:35,790

this crash the saucer to crash and

1899

01:39:40,310 --> 01:39:38,760

that's technically what happened yeah if

1900

01:39:43,430 --> 01:39:40,320

let's say someone was trying to bring

1901

01:39:49,490 --> 01:39:43,440

that saddled him down or was connected

1902

01:39:53,630 --> 01:39:49,500

somehow I've seen videos of lightning or

1903

01:39:58,610 --> 01:39:53,640

electricity hitting a miler balloon and

1904

01:40:00,919 --> 01:39:58,620

it just blows up hmm it would tear the

1905

01:40:03,649 --> 01:40:00,929

clothing and the skin and the hair

1906

01:40:04,580 --> 01:40:03,659

everything possibly off of anyone that

1907

01:40:08,959 --> 01:40:04,590

was near it

1908

01:40:12,470 --> 01:40:08,969

Wow so if yeah I'm not saying that that

1909

01:40:16,010 --> 01:40:12,480

happened if that happened that could

1910

01:40:18,229 --> 01:40:16,020

possibly still be covered up I mean

1911

01:40:20,149 --> 01:40:18,239

there there could be reasons like I said

1912

01:40:22,370 --> 01:40:20,159

when I was doing research with the

1913

01:40:24,200 --> 01:40:22,380

Kecksburg against men I found out that

1914

01:40:31,060 --> 01:40:24,210

there even though things were supposed

1915

01:40:36,950 --> 01:40:33,500

so there was some kind of disaster

1916

01:40:38,930 --> 01:40:36,960

connected to it for me and I and again I

1917

01:40:42,050 --> 01:40:38,940

don't know and I'm not convinced that

1918

01:40:43,340 --> 01:40:42,060

there was now where people were killed

1919

01:40:46,580 --> 01:40:43,350

but if that if that happened or

1920

01:40:49,459 --> 01:40:46,590

something like that happened they

1921

01:40:55,160 --> 01:40:49,469

wouldn't let me go no now I know myself

1922

01:41:00,620 --> 01:40:55,170

and having to deal with secret top

1923

01:41:03,790 --> 01:41:00,630

secret material in some cases I can't

1924

01:41:08,510 --> 01:41:03,800

tell about that for the rest of my life

1925

01:41:11,540 --> 01:41:08,520

hmm and I I had talked with an attorney

1926

01:41:16,990 --> 01:41:14,030

for example vibrate a book that had top

1927

01:41:19,730 --> 01:41:17,000

secret material in it the government

1928

01:41:23,600 --> 01:41:19,740

could go and remove the book off the

1929

01:41:26,060 --> 01:41:23,610

shelves you do realize that if you

1930

01:41:27,890 --> 01:41:26,070

actually have solved this that you're

1931

01:41:30,110 --> 01:41:27,900

going to have if you're gonna have a

1932

01:41:32,930 --> 01:41:30,120

heck of a lot of pushback because it's

1933

01:41:36,110 --> 01:41:32,940

like the number one American UFO

1934

01:41:41,030 --> 01:41:36,120

possibly the number one UFO case of all

1935

01:41:42,530 --> 01:41:41,040

time right you're going to get a lot of

1936

01:41:48,470 --> 01:41:42,540

things back out some of it's coming

1937

01:41:56,180 --> 01:41:48,480

through the chat room yeah change my

1938

01:41:58,580 --> 01:41:56,190

name yeah I was it's already what I did

1939

01:42:00,350 --> 01:41:58,590

you know there wasn't there wasn't how

1940

01:42:03,700 --> 01:42:00,360

long I won't mention we're women there

1941

01:42:07,940 --> 01:42:03,710

was an article about this my article

1942

01:42:10,160 --> 01:42:07,950

published about just a the Roswell case

1943

01:42:17,480 --> 01:42:10,170

not the Kecksburg and Roswell comparison

1944

01:42:19,790 --> 01:42:17,490

and nobody pushed back well it will

1945

01:42:22,130 --> 01:42:19,800

happen of course you know they have

1946

01:42:24,370 --> 01:42:22,140

diners they have the roswell museum you

1947

01:42:26,810 --> 01:42:24,380

know you're going to be very unpopular

1948

01:42:30,800 --> 01:42:26,820

you'll just have to live with it

1949

01:42:32,780 --> 01:42:30,810

so and it's interesting you know a

1950

01:42:34,880 --> 01:42:32,790

number of people in the chatroom they're

1951

01:42:37,040 --> 01:42:34,890

not there they're saying well where's

1952

01:42:40,820 --> 01:42:37,050

the evidence I think that's kind of what

1953

01:42:43,190 --> 01:42:40,830

we've wanted to get you know from the

1954

01:42:45,520 --> 01:42:43,200

flying saucer so to speak is we don't

1955

01:42:49,550 --> 01:42:45,530

have we have no evidence of that either

1956

01:42:53,870 --> 01:42:49,560

now what do you say that you have is

1957

01:42:57,430 --> 01:42:53,880

closest to evidence testimonies of

1958

01:43:02,630 --> 01:42:57,440

people that candle the material and

1959

01:43:05,960 --> 01:43:02,640

possible material I don't have what

1960

01:43:09,380 --> 01:43:05,970

about the the little eye beams Jesse

1961

01:43:13,330 --> 01:43:09,390

Marcel jr. talked about these little eye

1962

01:43:17,660 --> 01:43:13,340

beams that had sort of purple and

1963

01:43:19,070 --> 01:43:17,670

hieroglyphics on them what about that is

1964

01:43:25,250 --> 01:43:19,080

that part of something you looked into

1965

01:43:29,720 --> 01:43:25,260

it all that yes one of the scientists

1966

01:43:32,270 --> 01:43:29,730

now these these are project mogul

1967

01:43:35,390 --> 01:43:32,280

balloons they were watched from

1968

01:43:37,879 --> 01:43:35,400

Alamogordo New Mexico some of them which

1969

01:43:43,399 --> 01:43:37,889

is right not that far away from Roswell

1970

01:43:46,180 --> 01:43:43,409

and they be the team that launched that

1971

01:43:49,339 --> 01:43:46,190

and I happen to know because there were

1972

01:43:53,029 --> 01:43:49,349

let's say scientists still living in New

1973

01:43:55,700 --> 01:43:53,039

Mexico that were a part of that launch

1974

01:44:00,279 --> 01:43:55,710

team they claimed that though those

1975

01:44:03,919 --> 01:44:00,289

types of materials were part of the

1976

01:44:06,169 --> 01:44:03,929

project mogul now what what I'm saying

1977

01:44:08,330 --> 01:44:06,179

is that I think that that you know that

1978

01:44:11,839 --> 01:44:08,340

they were the sky they were testing

1979

01:44:14,379 --> 01:44:11,849

those statins as part of the project

1980

01:44:19,520 --> 01:44:14,389

mogul because they would have both been

1981

01:44:22,850 --> 01:44:19,530

high-altitude balloons so you think they

1982

01:44:24,319 --> 01:44:22,860

were they were incorporated into the

1983

01:44:26,930 --> 01:44:24,329

those of the moguls

1984

01:44:31,129 --> 01:44:26,940

and somehow but why would have

1985

01:44:33,859 --> 01:44:31,139

hieroglyphics on it anyway I mean did

1986

01:44:36,200 --> 01:44:33,869

you well I don't know that there were

1987

01:44:40,899 --> 01:44:36,210

any hieroglyphics on the balloon there

1988

01:44:45,200 --> 01:44:40,909

were hieroglyphics on the little I beams

1989

01:44:47,770 --> 01:44:45,210

right those i-beams oh and again I don't

1990

01:44:50,569 --> 01:44:47,780

want to get into my sources but they the

1991

01:44:56,770 --> 01:44:50,579

the companies of those i-beams were

1992

01:45:00,979 --> 01:44:56,780

classroom had those designs on them so

1993

01:45:04,459 --> 01:45:00,989

hmm okay interesting so getting back to

1994

01:45:07,459 --> 01:45:04,469

the 1996 and again I don't have the

1995

01:45:12,709 --> 01:45:07,469

exact year when that happened when the

1996

01:45:16,250 --> 01:45:12,719

95 or 96 yeah yeah so the part the

1997

01:45:20,560 --> 01:45:16,260

subject of the bodies came up and at the

1998

01:45:23,120 --> 01:45:20,570

time the the government the Air Force

1999

01:45:25,759 --> 01:45:23,130

claimed that it was crash test dummies

2000

01:45:28,040 --> 01:45:25,769

which of course didn't come out until 5

2001

01:45:32,149 --> 01:45:28,050

years after the Roswell incident but

2002

01:45:34,490 --> 01:45:32,159

they you know instead of looking or

2003

01:45:36,379 --> 01:45:34,500

saying something logical they said that

2004

01:45:38,180 --> 01:45:36,389

they were crash test dummies again

2005

01:45:41,209 --> 01:45:38,190

adding more

2006

01:45:46,250 --> 01:45:41,219

more lies to the whatever type of

2007

01:45:48,169 --> 01:45:46,260

cover-up it was what about that part of

2008

01:45:51,169 --> 01:45:48,179

it when people are talking about bodies

2009

01:45:55,280 --> 01:45:51,179

and that other like I mentioned earlier

2010

01:45:57,589 --> 01:45:55,290

the Volkswagen sighs you know vehicle

2011

01:46:00,890 --> 01:45:57,599

that was found and I forget exactly how

2012

01:46:04,129 --> 01:46:00,900

many miles away 40 miles away or 60

2013

01:46:07,760 --> 01:46:04,139

often like that and there's there's a

2014

01:46:11,569 --> 01:46:07,770

couple of things I've never found any

2015

01:46:15,649 --> 01:46:11,579

evidence that satisfied me that there

2016

01:46:22,160 --> 01:46:15,659

were actual bodies discovered to the

2017

01:46:26,410 --> 01:46:22,170

original Roswell crash now so I'm I'm

2018

01:46:29,359 --> 01:46:26,420

really not convinced that those bodies

2019

01:46:34,100 --> 01:46:29,369

were linked to what was found on that

2020

01:46:38,000 --> 01:46:34,110

ranch but I did talk and again I lived

2021

01:46:42,709 --> 01:46:38,010

in New Mexico and I worked and I talked

2022

01:46:49,399 --> 01:46:42,719

to people there were a lot of space junk

2023

01:46:51,169 --> 01:46:49,409

things flying around New Mexico and that

2024

01:46:52,790 --> 01:46:51,179

could have been anything there was I

2025

01:46:54,620 --> 01:46:52,800

mean there were people doesn't that

2026

01:46:57,169 --> 01:46:54,630

called cowboy culture that's what you

2027

01:46:58,790 --> 01:46:57,179

have to take into consideration people

2028

01:47:04,310 --> 01:46:58,800

were shooting off rocket it's all the

2029

01:47:06,589 --> 01:47:04,320

time and just for you know fun and you

2030

01:47:09,080 --> 01:47:06,599

know I worked in Truth or Consequences

2031

01:47:12,200 --> 01:47:09,090

for a while there were they had that you

2032

01:47:15,760 --> 01:47:12,210

know that that Space Station or whatever

2033

01:47:17,959 --> 01:47:15,770

was built down there and a lot of the

2034

01:47:20,569 --> 01:47:17,969

experimental things that they'd launched

2035

01:47:22,520 --> 01:47:20,579

from there didn't make it and I mean I

2036

01:47:25,580 --> 01:47:22,530

had friends that would shoot stuff up in

2037

01:47:27,530 --> 01:47:25,590

the air just for fun you know and 4th of

2038

01:47:32,209 --> 01:47:27,540

July or whatever so there were quite a

2039

01:47:36,879 --> 01:47:32,219

bit of rocket pieces almost scattered

2040

01:47:42,770 --> 01:47:36,889

throughout New Mexico Wow

2041

01:47:45,649 --> 01:47:42,780

yeah yeah so the only part I guess

2042

01:47:49,250 --> 01:47:45,659

though I mean I I think this is really

2043

01:47:51,370 --> 01:47:49,260

fascinating and the only part I find it

2044

01:47:55,450 --> 01:47:51,380

a little tough

2045

01:47:57,040 --> 01:47:55,460

to understand is why after all this time

2046

01:48:00,270 --> 01:47:57,050

why didn't the government just plain

2047

01:48:03,280 --> 01:48:00,280

admit that this was an experimental

2048

01:48:05,320 --> 01:48:03,290

situation I mean it's it's kind of silly

2049

01:48:10,149 --> 01:48:05,330

now I mean there's the Roswell festival

2050

01:48:12,610 --> 01:48:10,159

there's so many people you know involved

2051
01:48:15,970 --> 01:48:12,620
and you know the celebration and the

2052
01:48:18,129 --> 01:48:15,980
mystery and books and all that and so

2053
01:48:21,550 --> 01:48:18,139
why wouldn't the government just plain

2054
01:48:23,740 --> 01:48:21,560
come out and say hey look this was an

2055
01:48:27,220 --> 01:48:23,750
odd-shaped you know aluminum-coated

2056
01:48:29,169 --> 01:48:27,230
mylar type experimental thing that

2057
01:48:31,390 --> 01:48:29,179
happened and that's end to end of story

2058
01:48:33,689 --> 01:48:31,400
that's it why would they just admit it

2059
01:48:37,169 --> 01:48:33,699
and get it over with and stop all this

2060
01:48:39,729 --> 01:48:37,179
well it's a it's a multi-faceted

2061
01:48:42,370 --> 01:48:39,739
situation now just like you were saying

2062
01:48:46,270 --> 01:48:42,380
so I'm not thinking in mind well if they

2063
01:48:48,820 --> 01:48:46,280

really come forward and and show all

2064

01:48:52,090 --> 01:48:48,830

this there goes the whole Roswell

2065

01:48:59,260 --> 01:48:52,100

ceremony you know on that whole whole la

2066

01:49:00,729 --> 01:48:59,270

event and this yes like I'm saying you

2067

01:49:02,229 --> 01:49:00,739

just cover up the time again it's pretty

2068

01:49:07,870 --> 01:49:02,239

good than just a government okay

2069

01:49:09,610 --> 01:49:07,880

that's keeping stuff quiet they don't

2070

01:49:13,720 --> 01:49:09,620

want it to go away they want to keep

2071

01:49:16,899 --> 01:49:13,730

using it they want the UF o component to

2072

01:49:19,870 --> 01:49:16,909

be part of a cover-up mix so that will

2073

01:49:22,300 --> 01:49:19,880

take forever for anyone that really

2074

01:49:27,240 --> 01:49:22,310

figure out what's going on with the

2075

01:49:31,660 --> 01:49:27,250

whole UFO phenomenon it it has to be a

2076

01:49:37,419 --> 01:49:31,670

big confused mix for the whole cover-up

2077

01:49:39,189 --> 01:49:37,429

to work well there certainly I don't

2078

01:49:42,490 --> 01:49:39,199

agree with one part of that statement

2079

01:49:45,250 --> 01:49:42,500

and you're saying the whole UFO you know

2080

01:49:48,160 --> 01:49:45,260

cover-up or the whole UFO because there

2081

01:49:51,129 --> 01:49:48,170

are definitely things that are seen that

2082

01:49:54,970 --> 01:49:51,139

are unexplainable you know constantly

2083

01:49:56,860 --> 01:49:54,980

and ever since so you're not thinking

2084

01:49:58,629 --> 01:49:56,870

that everything that's happening is

2085

01:50:04,930 --> 01:49:58,639

something to do with the government are

2086

01:50:07,959 --> 01:50:04,940

all no sense of being

2087

01:50:11,140 --> 01:50:07,969

from another planet no I'm saying that

2088

01:50:14,050 --> 01:50:11,150

there are there are things that I think

2089

01:50:17,220 --> 01:50:14,060

what's happening is that there are

2090

01:50:19,899 --> 01:50:17,230

things out there that are from private

2091

01:50:22,209 --> 01:50:19,909

industry that are putting them up there

2092

01:50:25,450 --> 01:50:22,219

you know like SpaceX or whoever whatever

2093

01:50:27,640 --> 01:50:25,460

and that's part of the mix too in fact

2094

01:50:30,160 --> 01:50:27,650

one thing I found fascinating in

2095

01:50:33,250 --> 01:50:30,170

researching the Roswell event is that

2096

01:50:36,040 --> 01:50:33,260

there were private companies at that

2097

01:50:39,870 --> 01:50:36,050

time that had more money than the

2098

01:50:42,750 --> 01:50:39,880

government did and they were funding the

2099

01:50:45,189 --> 01:50:42,760

you know the passive communication

2100

01:50:48,459 --> 01:50:45,199

satellites programs whereby the

2101

01:50:50,560 --> 01:50:48,469

government couldn't fund it so there

2102

01:50:52,840 --> 01:50:50,570

were definitely at least one point and I

2103

01:50:55,780 --> 01:50:52,850

don't know that whole corporate cronyism

2104

01:50:58,899 --> 01:50:55,790

mix but there are definitely private

2105

01:51:01,600 --> 01:50:58,909

people out there that are you know

2106

01:51:03,610 --> 01:51:01,610

funding things and I know when I worked

2107

01:51:08,110 --> 01:51:03,620

for the government and part of my job

2108

01:51:09,760 --> 01:51:08,120

was to look at technological innovations

2109

01:51:14,250 --> 01:51:09,770

that were going on and I am sign

2110

01:51:18,370 --> 01:51:14,260

non-disclosure programs or agreements

2111

01:51:20,890 --> 01:51:18,380

anything I saw in a private lab was

2112

01:51:23,680 --> 01:51:20,900

anywhere from 15 to 50 years ahead of

2113

01:51:25,060 --> 01:51:23,690

what was out there on the market but

2114

01:51:29,520 --> 01:51:25,070

they weren't most of them weren't

2115

01:51:32,500 --> 01:51:29,530

government projects okay so basically

2116

01:51:34,930 --> 01:51:32,510

are you let me just I just want some

2117

01:51:38,800 --> 01:51:34,940

clarity hearing your thoughts if I could

2118

01:51:42,189 --> 01:51:38,810

are you thinking that there is that

2119

01:51:44,290 --> 01:51:42,199

every UFO that scene is explained away

2120

01:51:48,720 --> 01:51:44,300

or could be explained away as a

2121

01:51:52,360 --> 01:51:48,730

government or private contractor

2122

01:51:54,820 --> 01:51:52,370

experimental type of craft or something

2123

01:51:57,070 --> 01:51:54,830

that people are seeing or do you think

2124

01:52:00,550 --> 01:51:57,080

there's a possibility of just we don't

2125

01:52:06,100 --> 01:52:00,560

know what do you don't know that's why

2126

01:52:09,160 --> 01:52:06,110

I'm coming from cars for examples you've

2127

01:52:12,850 --> 01:52:09,170

got other dimensions to look into and

2128

01:52:15,570 --> 01:52:12,860

since I think it was 2001 I believe it

2129

01:52:18,730 --> 01:52:15,580

was NASA I found a cold spot in the

2130

01:52:21,480 --> 01:52:18,740

microwave background that they feel

2131

01:52:30,580 --> 01:52:21,490

was kind of like a gateway to a

2132

01:52:32,740 --> 01:52:30,590

multiverse approach also if I feel right

2133

01:52:34,900 --> 01:52:32,750

now that you know there is

2134

01:52:38,410 --> 01:52:34,910

extraterrestrial life out there right I

2135

01:52:43,240 --> 01:52:38,420

believe that you know especially working

2136

01:52:46,120 --> 01:52:43,250

with projects SETI or whatever and my

2137

01:52:51,010 --> 01:52:46,130

prediction is within 10 years give or

2138

01:52:55,270 --> 01:52:51,020

take three years we will have some kind

2139

01:52:57,450 --> 01:52:55,280

of physical communication but it's

2140

01:53:01,960 --> 01:52:57,460

highly likely that we're looking at

2141

01:53:05,980 --> 01:53:01,970

Holograms in some cases Wow instead of

2142

01:53:07,690 --> 01:53:05,990

physical ships interesting well it

2143

01:53:09,550 --> 01:53:07,700

sounds like you're having a little bit

2144

01:53:13,480 --> 01:53:09,560

of trouble there again it's it's

2145

01:53:15,670 --> 01:53:13,490

probably the you know it's probably the

2146

01:53:17,530 --> 01:53:15,680

government after you your screen hasn't

2147

01:53:20,550 --> 01:53:17,540

gone black but we have just a couple

2148

01:53:35,610 --> 01:53:20,560

minutes left you have a website right

2149

01:53:44,710 --> 01:53:40,350

w-w-w-w-w-w-wait gross all one word.com

2150

01:53:48,430 --> 01:53:44,720

okay and in and like I said we just have
