

NOMMAR

SLEVIK

1
00:00:09,669 --> 00:00:06,680
a shame so anyway we are going to be at

2
00:00:12,709 --> 00:00:09,679
the MUFON suppose iam on the 26th

3
00:00:16,189 --> 00:00:12,719
through the 28th or the evening of the

4
00:00:20,359 --> 00:00:16,199
28th if someone wants to find out

5
00:00:22,310 --> 00:00:20,369
exactly when that show will be on

6
00:00:27,620 --> 00:00:22,320
YouTube live as I said it won't be on K

7
00:00:29,779 --> 00:00:27,630
GRA and it won't it won't be on the

8
00:00:32,780 --> 00:00:29,789
regular podcast but it will be an audio

9
00:00:34,250 --> 00:00:32,790
podcast for supporters so if someone

10
00:00:35,990 --> 00:00:34,260
wants to find out when that's going to

11
00:00:39,799 --> 00:00:36,000
be live what you're going to have to do

12
00:00:42,590 --> 00:00:39,809
is go to podcast UFO calm and over on

13
00:00:45,740 --> 00:00:42,600

the right hand side there is a

14

00:00:47,840 --> 00:00:45,750

newsletter you can sign up for now your

15

00:00:51,709 --> 00:00:47,850

email is safe with me it only goes into

16

00:00:53,750 --> 00:00:51,719

the MailChimp account and that's

17

00:00:55,459 --> 00:00:53,760

encrypted so no one's going to get to

18

00:00:57,860 --> 00:00:55,469

your email I will not share your email

19

00:01:00,680 --> 00:00:57,870

all that happens with that email is that

20

00:01:04,160 --> 00:01:00,690

you will get a newsletter for upcoming

21

00:01:06,679 --> 00:01:04,170

guests of the show and that and that

22

00:01:08,510 --> 00:01:06,689

means every week and if there's have any

23

00:01:10,880 --> 00:01:08,520

other important announcement I will make

24

00:01:13,789 --> 00:01:10,890

it on that I do not abuse the email I

25

00:01:15,950 --> 00:01:13,799

send it out normally one time a week and

26
00:01:19,520 --> 00:01:15,960
that's to people that want to know what

27
00:01:22,219 --> 00:01:19,530
the upcoming show is so again our guest

28
00:01:24,890 --> 00:01:22,229
tonight is nomar's Levesque

29
00:01:28,370 --> 00:01:24,900
unfortunately Alejandro did not make it

30
00:01:32,960 --> 00:01:28,380
so he will be back next week hopefully

31
00:01:34,850 --> 00:01:32,970
and I think it's time I think that's

32
00:01:37,399 --> 00:01:34,860
about all I have I think it's time to

33
00:01:37,910 --> 00:01:37,409
bring in our guest Nomar welcome to the

34
00:01:41,539 --> 00:01:37,920
show

35
00:01:43,730 --> 00:01:41,549
yo what's going on Martin oh yeah so you

36
00:01:45,319 --> 00:01:43,740
have been I don't know the people on

37
00:01:47,330 --> 00:01:45,329
YouTube I don't know you want to see

38
00:01:50,749 --> 00:01:47,340

this but I'm wearing my mane holy

39

00:01:53,149 --> 00:01:50,759

mackerel shirt I saved it for the

40

00:01:55,100 --> 00:01:53,159

special occasion for a main show I

41

00:01:57,350 --> 00:01:55,110

couldn't find anything with moose or

42

00:02:00,230 --> 00:01:57,360

lobster you know that's what mostly

43

00:02:02,899 --> 00:02:00,240

people think of us up in Maine I'm sure

44

00:02:08,059 --> 00:02:02,909

I got to read your last book I just got

45

00:02:09,619 --> 00:02:08,069

this book in the mail today and so here

46

00:02:10,830 --> 00:02:09,629

it is uh just showing it for the people

47

00:02:16,620 --> 00:02:10,840

on YouTube

48

00:02:17,339 --> 00:02:16,630

and there it is okay so anyway I can't

49

00:02:20,990 --> 00:02:17,349

wait to read it

50

00:02:24,150 --> 00:02:21,000

and I know that there's one story that

51
00:02:27,089 --> 00:02:24,160
is about the town that I grew up in in

52
00:02:29,430 --> 00:02:27,099
Elliot Maine now I'm just going to throw

53
00:02:30,270 --> 00:02:29,440
some questions at you about the book

54
00:02:32,100 --> 00:02:30,280
itself

55
00:02:36,330 --> 00:02:32,110
did you actually interview that person

56
00:02:38,130 --> 00:02:36,340
in Elliot mean I did not did not I could

57
00:02:40,979 --> 00:02:38,140
not I could not get messages returned

58
00:02:42,479 --> 00:02:40,989
back to me okay but you did write it can

59
00:02:46,740 --> 00:02:42,489
you talk about that story in particular

60
00:02:49,320 --> 00:02:46,750
what happened yeah well there's there's

61
00:02:53,610 --> 00:02:49,330
a actually four or five different

62
00:02:56,460 --> 00:02:53,620
stories in the Elliot chapter itself so

63
00:02:58,979 --> 00:02:56,470

which one in particular of the Elliot

64

00:03:00,990 --> 00:02:58,989

stories are you referring to oh I

65

00:03:03,330 --> 00:03:01,000

thought there was only one I'm sorry

66

00:03:05,520 --> 00:03:03,340

so just no heading to go go into any one

67

00:03:07,949 --> 00:03:05,530

which one of them because this is what I

68

00:03:11,130 --> 00:03:07,959

remembered I know that the one story I

69

00:03:14,550 --> 00:03:11,140

had looked through briefly back a year

70

00:03:16,319 --> 00:03:14,560

ago yes yes yes yeah that happens that

71

00:03:19,680 --> 00:03:16,329

happens right after me a few years after

72

00:03:21,180 --> 00:03:19,690

I left town and I probably the funny

73

00:03:27,240 --> 00:03:21,190

thing is about growing up in a small

74

00:03:29,550 --> 00:03:27,250

town is back in the 70s when I was there

75

00:03:31,289 --> 00:03:29,560

it's like everyone knew everyone else so

76

00:03:33,750 --> 00:03:31,299

it'd be really surprised if I didn't

77

00:03:36,240 --> 00:03:33,760

know you know who that was involved in

78

00:03:39,270 --> 00:03:36,250

these cases but we did have a UFO flap

79

00:03:43,860 --> 00:03:39,280

there was a lot of talk about UFO

80

00:03:45,990 --> 00:03:43,870

sightings back then there was yeah and I

81

00:03:48,090 --> 00:03:46,000

know that there was a there was one hoax

82

00:03:49,830 --> 00:03:48,100

in particular that I know of

83

00:03:51,660 --> 00:03:49,840

it's actually people on dirt bikes was

84

00:03:55,289 --> 00:03:51,670

some type of flashing lights got

85

00:03:57,479 --> 00:03:55,299

everyone all riled up but yeah if you

86

00:03:59,670 --> 00:03:57,489

can talk any about that one in

87

00:04:01,800 --> 00:03:59,680

particular go ahead if you would yeah

88

00:04:03,990 --> 00:04:01,810

yeah I'll actually mention a couple of

89

00:04:06,690 --> 00:04:04,000

things but first I just want to say

90

00:04:08,520 --> 00:04:06,700

anytime I correspond with you Martin

91

00:04:11,099 --> 00:04:08,530

either email or Facebook Messenger or

92

00:04:14,910 --> 00:04:11,109

something in my head I'm always saying

93

00:04:17,460 --> 00:04:14,920

ma and hua and like the you know for

94

00:04:18,690 --> 00:04:17,470

Martin Lawrence sitcom yeah I just

95

00:04:22,409 --> 00:04:18,700

thought you should know that yeah yeah

96

00:04:23,460 --> 00:04:22,419

anyway so there was a flap a really big

97

00:04:28,580 --> 00:04:23,470

flap ease

98

00:04:32,790 --> 00:04:28,590

six and Loren Coleman was in

99

00:04:34,850 --> 00:04:32,800

communication with Betty Hill about all

100

00:04:38,280 --> 00:04:34,860

of this stuff and Jerome Clark as well

101
00:04:41,970 --> 00:04:38,290
about the the flap of 66 that was going

102
00:04:43,350 --> 00:04:41,980
on and apparently it would be multiple

103
00:04:43,770 --> 00:04:43,360
nights you could almost set your clock

104
00:04:47,790 --> 00:04:43,780
by it

105
00:04:50,220 --> 00:04:47,800
they would follow the river and it got

106
00:04:52,530 --> 00:04:50,230
so congested at some point that police

107
00:04:54,300 --> 00:04:52,540
were called in to help manage traffic

108
00:04:57,150 --> 00:04:54,310
because so many people were going to

109
00:04:58,500 --> 00:04:57,160
watch the UFOs food carts were set up

110
00:05:00,870 --> 00:04:58,510
because there were so many people

111
00:05:04,230 --> 00:05:00,880
wanting to watch the UFO so that's

112
00:05:05,730 --> 00:05:04,240
pretty crazy but fast forward about ten

113
00:05:07,620 --> 00:05:05,740

years I can't remember if it was 76

114

00:05:10,140 --> 00:05:07,630

somebody ate something like that there

115

00:05:13,020 --> 00:05:10,150

was a gentleman and he was a teenager at

116

00:05:15,060 --> 00:05:13,030

the time and they were him and his

117

00:05:18,150 --> 00:05:15,070

family were on the verge of moving to

118

00:05:20,250 --> 00:05:18,160

Alaska he was literally spending the

119

00:05:22,500 --> 00:05:20,260

last night in his empty room in a

120

00:05:24,750 --> 00:05:22,510

sleeping bag and all he had was a radio

121

00:05:27,780 --> 00:05:24,760

and a pillow and a sleeping bag and that

122

00:05:29,700 --> 00:05:27,790

was it so he's laying down and he's got

123

00:05:32,130 --> 00:05:29,710

the radio on local station it's just

124

00:05:35,730 --> 00:05:32,140

playing music and he sees something

125

00:05:39,690 --> 00:05:35,740

outside the window and to him from his

126

00:05:41,790 --> 00:05:39,700

perspective it was about the height of

127

00:05:45,390 --> 00:05:41,800

his second-story window but it was a

128

00:05:49,110 --> 00:05:45,400

ways away from him and to him it looked

129

00:05:52,590 --> 00:05:49,120

like a black coffin was crazy that's a

130

00:05:54,330 --> 00:05:52,600

crazy description you know so he gets up

131

00:05:55,950 --> 00:05:54,340

and he kneels up at the window and he's

132

00:05:59,460 --> 00:05:55,960

looking it over and he's studying at all

133

00:06:01,680 --> 00:05:59,470

and then it just disappears on him it

134

00:06:03,870 --> 00:06:01,690

takes off so he's like whoa what the

135

00:06:05,310 --> 00:06:03,880

hell was that you know so he's thinking

136

00:06:06,360 --> 00:06:05,320

about it and then he's like well I guess

137

00:06:09,390 --> 00:06:06,370

I'll lie back down

138

00:06:11,280 --> 00:06:09,400

and lays back down just gets comfortable

139

00:06:13,710 --> 00:06:11,290

boom sees it at his window again and

140

00:06:15,360 --> 00:06:13,720

it's even closer he thinks it's in his

141

00:06:18,270 --> 00:06:15,370

backyard and it's hovering right above

142

00:06:21,030 --> 00:06:18,280

rate about second storey window level

143

00:06:22,710 --> 00:06:21,040

for him and so he again runs right to

144

00:06:24,600 --> 00:06:22,720

the window kneels down and he's looking

145

00:06:27,510 --> 00:06:24,610

at it he's studying everything and he

146

00:06:29,940 --> 00:06:27,520

can see these little almost instruments

147

00:06:32,159 --> 00:06:29,950

kind of poking out of it and he can see

148

00:06:36,149 --> 00:06:32,169

that it's not really coffin shaped it's

149

00:06:40,320 --> 00:06:36,159

more like a comb with a dull end of it

150

00:06:42,029 --> 00:06:40,330

if you will and so he watched that for

151
00:06:44,159 --> 00:06:42,039
not too long was about five minutes or

152
00:06:45,989 --> 00:06:44,169
so and it finally takes off and he was

153
00:06:47,189 --> 00:06:45,999
just left with you know all this

154
00:06:50,899 --> 00:06:47,199
wonderment like what the hell was that

155
00:06:53,489 --> 00:06:50,909
and so he lays back down and the radio

156
00:06:54,989 --> 00:06:53,499
that was playing the music the DJ comes

157
00:06:57,600 --> 00:06:54,999
on and says that he's starting to get

158
00:06:59,969 --> 00:06:57,610
calls about a UFO being seen in Elliott

159
00:07:02,070 --> 00:06:59,979
and so he starts taking some calls from

160
00:07:05,489 --> 00:07:02,080
listeners and this this gentleman called

161
00:07:12,050 --> 00:07:05,499
in and told his story as well and when

162
00:07:14,579 --> 00:07:12,060
he grew up he got into aeronautics and

163
00:07:16,079 --> 00:07:14,589

really really understood at that point

164

00:07:19,499 --> 00:07:16,089

after he went through his schooling that

165

00:07:21,980 --> 00:07:19,509

what he saw back as a teenager in his

166

00:07:25,290 --> 00:07:21,990

opinion was not of this world

167

00:07:27,480 --> 00:07:25,300

Wow yeah do you remember what year that

168

00:07:30,809 --> 00:07:27,490

was exactly I can actually look it up

169

00:07:31,829 --> 00:07:30,819

for you I'm pretty sure it was 76 or 78

170

00:07:34,050 --> 00:07:31,839

but let me check yeah that's what I

171

00:07:37,980 --> 00:07:34,060

remember was something like that 78 I

172

00:07:40,860 --> 00:07:37,990

believe from what I recall but um so

173

00:07:43,800 --> 00:07:40,870

let's uh first of all I know this is

174

00:07:47,100 --> 00:07:43,810

your second time on the show but can you

175

00:07:50,070 --> 00:07:47,110

give if you would listener I know that

176
00:07:53,399 --> 00:07:50,080
you lived in Portland Maine you lived in

177
00:07:56,100 --> 00:07:53,409
Boston but can you give the listener

178
00:07:58,230 --> 00:07:56,110
your background basically I know I

179
00:07:59,999 --> 00:07:58,240
should have asked for that first but you

180
00:08:02,579 --> 00:08:00,009
know what to get you interested also in

181
00:08:04,679 --> 00:08:02,589
the topic and it's not just UFOs you

182
00:08:07,529 --> 00:08:04,689
have you have a lot of different

183
00:08:11,820 --> 00:08:07,539
encounters that you to actually bring

184
00:08:14,939 --> 00:08:11,830
out in this book so I do yeah yeah so a

185
00:08:18,570 --> 00:08:14,949
little bit about me I've been a musician

186
00:08:21,119 --> 00:08:18,580
for the last 25 years a man I'm on a

187
00:08:23,070 --> 00:08:21,129
record label out of Portland Maine it's

188
00:08:24,570 --> 00:08:23,080

called mill Pittman records so shout out

189

00:08:27,869 --> 00:08:24,580

to ma che and Bruce outski and all those

190

00:08:33,809 --> 00:08:27,879

guys Mike clouds and I've been making

191

00:08:36,000 --> 00:08:33,819

music for a long long time and running

192

00:08:39,569 --> 00:08:36,010

parallel with that was also this

193

00:08:42,780 --> 00:08:39,579

fascination with the paranormal and a

194

00:08:45,810 --> 00:08:42,790

lot of my friends tell me that I make

195

00:08:48,030 --> 00:08:45,820

Exopolitics type music you know cuz it's

196

00:08:53,670 --> 00:08:48,040

it's really intertwined into my songs

197

00:08:55,620 --> 00:08:53,680

but the reason I got into the paranormal

198

00:08:57,750 --> 00:08:55,630

and I've been into it longer than than

199

00:09:00,210 --> 00:08:57,760

making music is an encounter I had at

200

00:09:01,290 --> 00:09:00,220

like four or five years old I saw

201
00:09:02,940 --> 00:09:01,300
something that didn't make a whole lot

202
00:09:05,090 --> 00:09:02,950
of sense it looked like a lightning bolt

203
00:09:07,980 --> 00:09:05,100
that was stuck in the clouds and

204
00:09:09,870 --> 00:09:07,990
electricity was coming off of it it was

205
00:09:12,420 --> 00:09:09,880
very weird and there were loud booms and

206
00:09:14,790 --> 00:09:12,430
during my research for the last book in

207
00:09:18,090 --> 00:09:14,800
this book I've come across many cases

208
00:09:20,430 --> 00:09:18,100
where people have seen UFOs and heard

209
00:09:22,320 --> 00:09:20,440
booms associated with it

210
00:09:24,210 --> 00:09:22,330
not necessarily that they looked at the

211
00:09:26,010 --> 00:09:24,220
light and then instantly heard a boom

212
00:09:28,350 --> 00:09:26,020
but there were booming sounds and a

213
00:09:29,880 --> 00:09:28,360

light was observed you know doesn't mean

214

00:09:31,410 --> 00:09:29,890

it's extraterrestrial no but it's

215

00:09:34,280 --> 00:09:31,420

interesting to say the least and I think

216

00:09:40,050 --> 00:09:34,290

Garner's more some more research anyway

217

00:09:42,600 --> 00:09:40,060

so a couple of months after having that

218

00:09:44,070 --> 00:09:42,610

sighting of whatever it was in my young

219

00:09:46,170 --> 00:09:44,080

mind I just thought it was a lightning

220

00:09:47,760 --> 00:09:46,180

bolt stuck in the clouds but I knew that

221

00:09:52,580 --> 00:09:47,770

wasn't right I knew that didn't make

222

00:09:55,740 --> 00:09:52,590

sense and it kind of scared me and a

223

00:09:58,500 --> 00:09:55,750

couple of months later my mom and dad

224

00:10:00,420 --> 00:09:58,510

will Greene my sister up out of bed so

225

00:10:03,510 --> 00:10:00,430

we could go observe the Northern Lights

226

00:10:06,450 --> 00:10:03,520

and it was quite the show that you mean

227

00:10:08,130 --> 00:10:06,460

it was it was crazy and it was after

228

00:10:12,780 --> 00:10:08,140

that sighting of the Northern Lights

229

00:10:15,240 --> 00:10:12,790

that I knew like this world is friggin

230

00:10:18,120 --> 00:10:15,250

weird you know and and I was I was

231

00:10:21,720 --> 00:10:18,130

actually kind of scared there were some

232

00:10:24,210 --> 00:10:21,730

other paranormal happenings that were

233

00:10:26,370 --> 00:10:24,220

going I think my mom and dad's house in

234

00:10:28,050 --> 00:10:26,380

Fort Kent Maine where I grew up until

235

00:10:30,420 --> 00:10:28,060

about fourth grade I'm pretty sure it

236

00:10:34,170 --> 00:10:30,430

was haunted and whatever was there would

237

00:10:36,990 --> 00:10:34,180

bother me quite often North is you can

238

00:10:38,430 --> 00:10:37,000

get in Maine isn't it it is literally

239

00:10:39,750 --> 00:10:38,440
throw a rock and hit Canada like

240

00:10:42,600 --> 00:10:39,760
literally that's how close it was

241

00:10:45,420 --> 00:10:42,610
so no more I'm sorry to interrupt

242

00:10:47,790 --> 00:10:45,430
quickly yeah but could you please take

243

00:10:49,350 --> 00:10:47,800
the cable to your mic and just put it

244

00:10:51,870 --> 00:10:49,360
out over your back or something I

245

00:10:54,570 --> 00:10:51,880
believe your cable is making noise as

246

00:10:55,769 --> 00:10:54,580
you're talking about here there's some

247

00:10:59,340 --> 00:10:55,779
cable noise or something

248

00:11:04,590 --> 00:10:59,350
here try that okay see if that's any

249

00:11:08,369 --> 00:11:04,600
better so after kind of being frightened

250

00:11:11,699 --> 00:11:08,379
up until I was like 9 10 11 years old I

251
00:11:14,939 --> 00:11:11,709
started looking for books on the

252
00:11:16,619 --> 00:11:14,949
paranormal and UFOs in the library and I

253
00:11:19,139 --> 00:11:16,629
started reading everything I could on it

254
00:11:21,869 --> 00:11:19,149
but you know at 10 11 12 years old I

255
00:11:24,949 --> 00:11:21,879
didn't understand everything but you

256
00:11:28,679 --> 00:11:24,959
know I was relating to the stories and

257
00:11:31,889 --> 00:11:28,689
and my fear kind of turned into

258
00:11:34,710 --> 00:11:31,899
fascination and as I got into my later

259
00:11:36,689 --> 00:11:34,720
teens and early 20s it was all

260
00:11:39,960 --> 00:11:36,699
fascination I wasn't scared anymore

261
00:11:42,090 --> 00:11:39,970
and I figured if I was scared before

262
00:11:44,220 --> 00:11:42,100
maybe people are scared now and maybe I

263
00:11:48,360 --> 00:11:44,230

can maybe I can help people not be so

264

00:11:51,210 --> 00:11:48,370

scared and that's kind of started this

265

00:11:53,670 --> 00:11:51,220

this road on talking to witnesses and

266

00:11:55,439 --> 00:11:53,680

collecting stories and it all that good

267

00:11:57,929 --> 00:11:55,449

stuff so that's that's kind of like the

268

00:11:59,189 --> 00:11:57,939

early beginnings of it all I see okay

269

00:12:01,290 --> 00:11:59,199

hey no more I'm gonna ask you one more

270

00:12:07,980 --> 00:12:01,300

question do you happen to have a fan

271

00:12:12,240 --> 00:12:07,990

running I do I I would love to but I

272

00:12:14,699 --> 00:12:12,250

think I might die well will be for the

273

00:12:16,590 --> 00:12:14,709

good of the show it's actually what's

274

00:12:18,509 --> 00:12:16,600

going on we have like a we have a fan

275

00:12:21,480 --> 00:12:18,519

noise and air coming in through your mic

276

00:12:23,759 --> 00:12:21,490

and sorry about that to the listener but

277

00:12:26,340 --> 00:12:23,769

if you can move the fan away a little

278

00:12:27,749 --> 00:12:26,350

bit I will take well we'll just pick

279

00:12:32,460 --> 00:12:27,759

that up during the break and see what we

280

00:12:36,389 --> 00:12:32,470

can do all right so I got to tell you I

281

00:12:39,119 --> 00:12:36,399

had I was snowmobiling when I was oh I

282

00:12:41,639 --> 00:12:39,129

don't know probably 14 or something like

283

00:12:44,189 --> 00:12:41,649

that and I saw the Northern Lights and I

284

00:12:47,490 --> 00:12:44,199

I understand it scared the heck out of

285

00:12:49,290 --> 00:12:47,500

me I didn't know what it was it was just

286

00:12:54,480 --> 00:12:49,300

coming down from the sky and it was like

287

00:12:57,600 --> 00:12:54,490

I was petrified and I had no idea what

288

00:12:58,710 --> 00:12:57,610

it was until you know many years later I

289

00:13:01,410 --> 00:12:58,720

figured it out must have been the

290

00:13:04,079 --> 00:13:01,420

Northern Lights but uh so I get that

291

00:13:07,590 --> 00:13:04,089

yeah yeah it was strange and it and it

292

00:13:09,030 --> 00:13:07,600

seemed it seemed whoa you know I don't

293

00:13:09,780 --> 00:13:09,040

know when I think of the Northern Lights

294

00:13:11,400 --> 00:13:09,790

I just think

295

00:13:13,860 --> 00:13:11,410

there is just way up in the atmosphere

296

00:13:16,920 --> 00:13:13,870

you know but the optical illusion or

297

00:13:19,770 --> 00:13:16,930

whatever is happening in my experience

298

00:13:23,490 --> 00:13:19,780

anyways made it appear quite low and I

299

00:13:27,060 --> 00:13:23,500

was just terrified yeah yeah

300

00:13:30,690 --> 00:13:27,070

so yeah having something I think having

301

00:13:33,180 --> 00:13:30,700

something happened as a kid really it

302

00:13:37,470 --> 00:13:33,190

does kind of set in motion you know at

303

00:13:40,500 --> 00:13:37,480

least a curiosity and which I really do

304

00:13:43,260 --> 00:13:40,510

appreciate and you know anyone that has

305

00:13:45,120 --> 00:13:43,270

that curiosity it's kind of like it's

306

00:13:48,990 --> 00:13:45,130

kind of like gives life a little more

307

00:13:51,720 --> 00:13:49,000

meaning you know to to have curiosity

308

00:13:54,600 --> 00:13:51,730

and things that are like the everyday

309

00:13:56,250 --> 00:13:54,610

person may not think of you know yeah

310

00:14:00,210 --> 00:13:56,260

it's like you've gained this you gained

311

00:14:01,800 --> 00:14:00,220

this like immediate knowledge that it

312

00:14:02,970 --> 00:14:01,810

seems like a lot of people don't have or

313

00:14:05,430 --> 00:14:02,980

like you were saying don't think about

314

00:14:07,500 --> 00:14:05,440

you know and it almost seems like you

315

00:14:10,260 --> 00:14:07,510

have this little this little secret

316

00:14:12,810 --> 00:14:10,270

I know makes you more aware it's

317

00:14:16,620 --> 00:14:12,820

interesting I also think that someday if

318

00:14:20,520 --> 00:14:16,630

if we don't blow ourselves up that we're

319

00:14:22,890 --> 00:14:20,530

gonna be talking about someday we're

320

00:14:25,860 --> 00:14:22,900

gonna know that if there's alien life

321

00:14:27,360 --> 00:14:25,870

out there I don't want to say or not but

322

00:14:29,250 --> 00:14:27,370

someday we're gonna know if there's

323

00:14:32,700 --> 00:14:29,260

alien life out there and it'll probably

324

00:14:33,900 --> 00:14:32,710

be a casual conversation of a saying do

325

00:14:36,000 --> 00:14:33,910

you remember them when we thought we

326

00:14:37,740 --> 00:14:36,010

were the only ones how silly that was

327

00:14:40,770 --> 00:14:37,750

you know I think that someday that will

328

00:14:43,050 --> 00:14:40,780

happen yeah no I I agree and it's kind

329

00:14:44,580 --> 00:14:43,060

of interesting I know Flat Earth theory

330

00:14:48,750 --> 00:14:44,590

is kind of making a comeback right now

331

00:14:52,470 --> 00:14:48,760

but for normal people that understand

332

00:14:54,600 --> 00:14:52,480

the earth is round you know what a

333

00:14:56,190 --> 00:14:54,610

century ago we all thought that the

334

00:14:57,900 --> 00:14:56,200

earth was flat like legitimately that

335

00:15:00,030 --> 00:14:57,910

was just like common knowledge well yeah

336

00:15:01,950 --> 00:15:00,040

man that we were the center yeah yeah

337

00:15:03,630 --> 00:15:01,960

and that we were the center of the

338

00:15:06,180 --> 00:15:03,640

universe you know so like what are we

339

00:15:10,160 --> 00:15:06,190

gonna know 10 20 30 100 years from now

340

00:15:14,510 --> 00:15:12,560

there's no way to not be open-minded in

341

00:15:18,350 --> 00:15:14,520

my opinion you can be you can be

342

00:15:21,470 --> 00:15:18,360

skeptical you can ask questions but

343

00:15:23,570 --> 00:15:21,480

open-minded you gotta be yeah and just

344

00:15:24,890 --> 00:15:23,580

real briefly we're gonna be going into

345

00:15:27,740 --> 00:15:24,900

the break here in a little bit but real

346

00:15:29,720 --> 00:15:27,750

briefly can you go into the different

347

00:15:32,060 --> 00:15:29,730

topics that you cover in this book I

348

00:15:35,750 --> 00:15:32,070

know I believe well these are actually a

349

00:15:36,110 --> 00:15:35,760

mock man and sighting or something up in

350

00:15:41,300 --> 00:15:36,120

Maine

351

00:15:43,310 --> 00:15:41,310

this odd creature that was seeing twenty

352

00:15:45,380 --> 00:15:43,320

five-foot wingspan it was about four

353

00:15:48,200 --> 00:15:45,390

feet tall very odd

354

00:15:50,270 --> 00:15:48,210

there's also a dog man sorry how tall

355

00:15:53,480 --> 00:15:50,280

did you say about four four and a half

356

00:15:55,940 --> 00:15:53,490

feet Oh twenty five-foot ones man oh my

357

00:15:59,780 --> 00:15:55,950

goodness oh yeah that's huge that's I

358

00:16:02,120 --> 00:15:59,790

mean that's like a little Cessnock but

359

00:16:05,230 --> 00:16:02,130

there's also a dog man encounter that I

360

00:16:08,930 --> 00:16:05,240

talk about a men and black crop circles

361

00:16:10,970 --> 00:16:08,940

abductions obviously so lots and lots of

362

00:16:13,040 --> 00:16:10,980

crazy stuff Wow

363

00:16:16,160 --> 00:16:13,050

now who's that who's the guy in Portland

364

00:16:18,830 --> 00:16:16,170

I just met him Louella Llewellyn Who am

365

00:16:22,430 --> 00:16:18,840

I thinking of he has the Crypt

366

00:16:24,200 --> 00:16:22,440

cryptology of Museum oh yeah Loren

367

00:16:27,170 --> 00:16:24,210

Coleman that's what I'm thinking of so

368

00:16:29,720 --> 00:16:27,180

you know I met him when a Chris O'Brien

369

00:16:31,880 --> 00:16:29,730

was here oh that's right I saw your

370

00:16:35,750 --> 00:16:31,890

picture there yeah yeah so we were at

371

00:16:37,430 --> 00:16:35,760

the Museum and I met Lauren and he says

372

00:16:40,010 --> 00:16:37,440

that you know there's been sightings

373

00:16:42,980 --> 00:16:40,020

Bigfoot sightings in Maine and is that

374

00:16:44,600 --> 00:16:42,990

it yeah that's nothing nothing that I

375

00:16:47,030 --> 00:16:44,610

had ever heard of but we have such

376

00:16:49,400 --> 00:16:47,040

wildernesses just an amazing wilderness

377

00:16:52,190 --> 00:16:49,410

of course the allagash incident happened

378

00:16:54,800 --> 00:16:52,200

there I think that's a very credible

379

00:16:56,060 --> 00:16:54,810

case myself I would leave you and I

380

00:16:59,780 --> 00:16:56,070

talked about the last time you were on

381

00:17:03,710 --> 00:16:59,790

the show we did so we are coming up on

382

00:17:06,860 --> 00:17:03,720

the break so I just want to say that

383

00:17:09,670 --> 00:17:06,870

thank you everyone for listening to us

384

00:17:13,040 --> 00:17:09,680

we are on with know Morris Levesque and

385

00:17:15,590 --> 00:17:13,050

you're listening to podcast UFO on kgr a

386

00:17:22,519 --> 00:17:15,600

radio and we'll be right back right

387

00:17:26,490 --> 00:17:24,750

okay gentlemen we're in the clear four

388

00:17:28,980 --> 00:17:26,500

minutes in this break brother four

389

00:17:33,060 --> 00:17:28,990

minutes got it okay all right I'm going

390

00:17:35,490 --> 00:17:33,070

to try Nomura briefly talk to you about

391

00:17:36,899 --> 00:17:35,500

this and the way things have been going

392

00:17:40,440 --> 00:17:36,909

I'm not sure if it's gonna work but I

393

00:17:42,510 --> 00:17:40,450

figured I would try to give this woman a

394

00:17:45,950 --> 00:17:42,520

call if not I'll try to remember her

395

00:17:49,590 --> 00:17:45,960

story if she doesn't actually answer

396

00:17:52,710 --> 00:17:49,600

name is Jackie oh let's give her a call

397

00:17:55,320 --> 00:17:52,720

she's a fun lady down in Massachusetts

398

00:17:58,019 --> 00:17:55,330

I'm gonna check on that fan quick oh yes

399

00:18:04,310 --> 00:17:58,029

if you could see if you could move it I

400

00:18:18,539 --> 00:18:06,510

think it's affecting the microphone

401
00:18:20,460 --> 00:18:18,549
somehow it all have AC okay so we still

402
00:18:29,460 --> 00:18:20,470
live on YouTube yeah we are still alive

403
00:18:30,870 --> 00:18:29,470
I've been to this hold up YouTube now

404
00:18:33,260 --> 00:18:30,880
the person I'm calling her name is

405
00:18:36,350 --> 00:18:33,270
Jackie she's a real character and

406
00:18:39,930 --> 00:18:36,360
hopefully she will pick up the phone I

407
00:18:42,840 --> 00:18:39,940
talked to her earlier today but when I

408
00:18:45,690 --> 00:18:42,850
tried her again she didn't now I'm

409
00:18:50,159 --> 00:18:45,700
hoping that this doesn't put you on hold

410
00:18:51,990 --> 00:18:50,169
but it's possible it does let's give it

411
00:18:55,380 --> 00:18:52,000
a try and see I don't know how else I

412
00:18:59,190 --> 00:18:55,390
can add a call by dialing also should I

413
00:19:01,910 --> 00:18:59,200

be seeing your life picture or no I have

414

00:19:17,710 --> 00:19:04,430

so if you go on hold I'll figure out

415

00:19:23,120 --> 00:19:21,530

major cept I think he goes on hold so I

416

00:20:07,130 --> 00:19:23,130

may just have to call back she's

417

00:20:11,950 --> 00:20:07,140

actually there well this is something

418

00:20:18,050 --> 00:20:14,390

okay let's see if I can go back over

419

00:20:21,170 --> 00:20:18,060

here all right no more can you actually

420

00:20:31,450 --> 00:20:21,180

hear me yep okay so you're back that's

421

00:20:35,270 --> 00:20:31,460

good okay all right so anyway I'll tell

422

00:20:38,570 --> 00:20:35,280

her story actually I don't think we have

423

00:20:42,200 --> 00:20:38,580

enough time maybe I will tell it I will

424

00:20:44,720 --> 00:20:42,210

tell it now race do you mind telling me

425

00:20:50,030 --> 00:20:44,730

how much time we have left I don't mind

426

00:20:51,920 --> 00:20:50,040

it at all let me look about 30 seconds

427

00:20:54,200 --> 00:20:51,930

until interim I'm back to the show okay

428

00:20:56,000 --> 00:20:54,210

we don't have time BB's more time do you

429

00:20:56,840 --> 00:20:56,010

need oh no nope that's fine we'll be

430

00:20:58,750 --> 00:20:56,850

fine okay

431

00:21:05,330 --> 00:20:58,760

I'll just I'll bring it up during uh

432

00:21:08,330 --> 00:21:05,340

during when we start back in all right

433

00:21:10,600 --> 00:21:08,340

so YouTube listeners thanks for hanging

434

00:21:13,489 --> 00:21:10,610

in we started a little bit late and

435

00:21:15,320 --> 00:21:13,499

thank you for again waiting for us I

436

00:21:17,570 --> 00:21:15,330

haven't even looked at the chat room

437

00:21:19,820 --> 00:21:17,580

we'll be taking calls after the top of

438

00:21:23,749 --> 00:21:19,830

the hour there are actually people in

439

00:21:26,180 --> 00:21:23,759

chat we may have questions brother man

440

00:21:28,489 --> 00:21:26,190

we're running right on time actually

441

00:21:30,519 --> 00:21:28,499

we're about 15 seconds early it's

442

00:21:33,649 --> 00:21:30,529

amazing okay

443

00:21:36,619 --> 00:21:33,659

when you're ready okay are you all set

444

00:21:37,070 --> 00:21:36,629

yes all set here okay y'all are all set

445

00:21:41,210 --> 00:21:37,080

then

446

00:21:47,720 --> 00:21:41,220

alright here we go gang in five four

447

00:21:50,859 --> 00:21:47,730

three two welcome back to podcast UFO on

448

00:21:55,940 --> 00:21:50,869

kgr a radio that's catchy are a

449

00:21:58,629 --> 00:21:55,950

radio.com my guest is Nomar Slovak we

450

00:22:00,889 --> 00:21:58,639

went to break we tried to wrestle up a

451

00:22:03,139 --> 00:22:00,899

woman I wanted to be on the show I

452

00:22:05,450 --> 00:22:03,149

talked to her earlier today she's all

453

00:22:07,609 --> 00:22:05,460

excited to be on I told her exactly when

454

00:22:09,889 --> 00:22:07,619

I was be I'd be calling she got cold

455

00:22:13,759 --> 00:22:09,899

feet obviously so I'm gonna tell her

456

00:22:14,690 --> 00:22:13,769

story so what happened and I love when

457

00:22:17,690 --> 00:22:14,700

things like this happen

458

00:22:20,239 --> 00:22:17,700

but I was checking into a hotel she was

459

00:22:23,539 --> 00:22:20,249

working at the hotel and so I gave her

460

00:22:25,369 --> 00:22:23,549

my license and she said Sebago main I

461

00:22:27,529 --> 00:22:25,379

said yeah she goes I know all about

462

00:22:31,399 --> 00:22:27,539

Sebago main she goes I was on Sebago

463

00:22:33,499 --> 00:22:31,409

Lake and so I was filling out paperwork

464

00:22:36,619 --> 00:22:33,509

not paying too much attention and I said

465

00:22:38,629 --> 00:22:36,629

yeah yeah it's nice and blah blah so all

466

00:22:43,489 --> 00:22:38,639

of a sudden I heard the word UFO I go

467

00:22:47,029 --> 00:22:43,499

what did you just say and she said I saw

468

00:22:49,430 --> 00:22:47,039

a UFO because I know it's weird and you

469

00:22:52,100 --> 00:22:49,440

think I'm weird I said no no no tell me

470

00:22:53,629 --> 00:22:52,110

about it so basically when she was I

471

00:22:57,980 --> 00:22:53,639

think she said when she was in her teens

472

00:23:00,950 --> 00:22:57,990

she was on an island camping in Sebago

473

00:23:03,379 --> 00:23:00,960

and it was I believe it was in the

474

00:23:06,320 --> 00:23:03,389

morning and she looked up and she saw

475

00:23:08,029 --> 00:23:06,330

this craft and she woke up I may get

476
00:23:10,730 --> 00:23:08,039
some of this wrong but this is the kind

477
00:23:13,159 --> 00:23:10,740
of the story she told me that she told

478
00:23:14,720 --> 00:23:13,169
me about a couple months ago I believe

479
00:23:17,659 --> 00:23:14,730
it was so I may not be totally accurate

480
00:23:19,120 --> 00:23:17,669
just let you know but they saw a craft

481
00:23:20,680 --> 00:23:19,130
and the amazing thing that

482
00:23:22,510 --> 00:23:20,690
really struck me it's because I've heard

483
00:23:25,420 --> 00:23:22,520
this a couple of times she said it

484
00:23:28,330 --> 00:23:25,430
bursts into several lights and then it

485
00:23:30,580 --> 00:23:28,340
made a formation I said pretty sure she

486
00:23:33,970 --> 00:23:30,590
said a triangular formation and then she

487
00:23:36,280 --> 00:23:33,980
said it shot off and her herself

488
00:23:41,080 --> 00:23:36,290

and several other peoples was witnessing

489

00:23:43,690 --> 00:23:41,090

this and so anyway that was I love those

490

00:23:45,910 --> 00:23:43,700

type of stories when I hear like someone

491

00:23:48,880 --> 00:23:45,920

that's you know just casually talking

492

00:23:50,650 --> 00:23:48,890

about it or someone that I didn't they

493

00:23:52,930 --> 00:23:50,660

didn't know that I had any interest in

494

00:23:56,710 --> 00:23:52,940

UFOs those are really fun stories to

495

00:24:00,040 --> 00:23:56,720

hear so that was that was the main story

496

00:24:01,930 --> 00:24:00,050

I was hoping to bring yeah and Martin

497

00:24:04,540 --> 00:24:01,940

just so you know I have a buddy whose

498

00:24:08,920 --> 00:24:04,550

family is from the Sebago Lake area and

499

00:24:11,560 --> 00:24:08,930

and I don't know how does Sebago Lake go

500

00:24:13,900 --> 00:24:11,570

as far as where you are oh yeah I'm just

501
00:24:17,230 --> 00:24:13,910
a few miles away okay

502
00:24:20,470 --> 00:24:17,240
well his family is from the Sebago Lake

503
00:24:22,870 --> 00:24:20,480
area and they have had encounters the

504
00:24:25,360 --> 00:24:22,880
whole time he lived there and it was

505
00:24:30,010 --> 00:24:25,370
starting back in the late no I'm sorry

506
00:24:31,870 --> 00:24:30,020
early 80s where he kind of saw this et

507
00:24:34,960 --> 00:24:31,880
type creature peeked through a window

508
00:24:36,640 --> 00:24:34,970
I'll stand Romanick I'm not a big fan of

509
00:24:39,640 --> 00:24:36,650
Stand Romanek so I'm sorry I brought his

510
00:24:42,070 --> 00:24:39,650
name up but if you just wanted a visual

511
00:24:43,150 --> 00:24:42,080
that's but you know when he described it

512
00:24:44,440 --> 00:24:43,160
that's what it looked like but again he

513
00:24:45,760 --> 00:24:44,450

was a kid at the time he was probably

514

00:24:48,670 --> 00:24:45,770

six seven eight years old

515

00:24:50,410 --> 00:24:48,680

and also they saw lots of lights in the

516

00:24:53,170 --> 00:24:50,420

sky when they were on the canoe in

517

00:24:56,050 --> 00:24:53,180

Sebago Lake at night and he also had a

518

00:24:58,870 --> 00:24:56,060

cryptid encounter while he was in Sebago

519

00:25:02,470 --> 00:24:58,880

and there was this it looked like it was

520

00:25:04,930 --> 00:25:02,480

a stone or brick home that had you know

521

00:25:06,640 --> 00:25:04,940

kind of weathered over time and so there

522

00:25:10,800 --> 00:25:06,650

was just like a partial wall still left

523

00:25:15,160 --> 00:25:10,810

up and whatever this thing was was

524

00:25:18,640 --> 00:25:15,170

perched on the top of this wall and when

525

00:25:20,290 --> 00:25:18,650

they saw my buddy and his buddies come

526

00:25:22,720 --> 00:25:20,300

coming down riding their bikes as they

527

00:25:24,670 --> 00:25:22,730

were kids it like leaped off and you

528

00:25:26,080 --> 00:25:24,680

know ran the other way but some some

529

00:25:27,220 --> 00:25:26,090

pretty crazy stuff happening Sebago

530

00:25:29,440 --> 00:25:27,230

anything Wow

531

00:25:31,150 --> 00:25:29,450

now I was talking to someone that said

532

00:25:31,690 --> 00:25:31,160

there was a major so I believe I talked

533

00:25:34,120 --> 00:25:31,700

to you

534

00:25:37,240 --> 00:25:34,130

or essentially mail asking you if you

535

00:25:41,140 --> 00:25:37,250

knew about this and that was on Long

536

00:25:43,600 --> 00:25:41,150

Lake which is actually connected to two

537

00:25:45,520 --> 00:25:43,610

Sebago through a series of lock there's

538

00:25:50,320 --> 00:25:45,530

a lock system that's been there since

539

00:25:52,390 --> 00:25:50,330

the 1830s a lot different depths like

540

00:25:55,350 --> 00:25:52,400

three and a half feet different and

541

00:25:58,420 --> 00:25:55,360

depths and I went up there with my boat

542

00:26:01,180 --> 00:25:58,430

I don't know maybe a month or a few

543

00:26:02,380 --> 00:26:01,190

weeks ago but so long lake is a

544

00:26:05,560 --> 00:26:02,390

beautiful lake

545

00:26:09,850 --> 00:26:05,570

it's a Naples Maine and someone told me

546

00:26:11,470 --> 00:26:09,860

they had a huge triangle UFO sighting

547

00:26:14,050 --> 00:26:11,480

over that that was gliding right over

548

00:26:16,360 --> 00:26:14,060

the lake and I believe you said you had

549

00:26:18,460 --> 00:26:16,370

not heard about that that's right

550

00:26:20,950 --> 00:26:18,470

yeah so I don't know if that was one

551
00:26:24,460 --> 00:26:20,960
that was even reported and speaking of

552
00:26:27,120 --> 00:26:24,470
really is that is that one way you find

553
00:26:31,210 --> 00:26:27,130
out encounters and mangez through MUFON

554
00:26:34,660 --> 00:26:31,220
that is one way I've been writing and

555
00:26:37,270 --> 00:26:34,670
researching extraterrestrials and UFO

556
00:26:39,580 --> 00:26:37,280
encounters for quite a while now that I

557
00:26:42,190 --> 00:26:39,590
get sent leads either from the actual

558
00:26:44,020 --> 00:26:42,200
witness or somebody who knows a witness

559
00:26:45,910 --> 00:26:44,030
who says hey you should probably talk to

560
00:26:47,590 --> 00:26:45,920
this guy and so I let them know that

561
00:26:49,690 --> 00:26:47,600
they can you know send them my info

562
00:26:51,370 --> 00:26:49,700
things like that so that's how a lot of

563
00:26:53,080 --> 00:26:51,380

it is happening these days it's you know

564

00:26:56,740 --> 00:26:53,090

word of mouth and I get personal emails

565

00:26:58,390 --> 00:26:56,750

or I get facebook messages from actual

566

00:26:59,620 --> 00:26:58,400

witnesses or people that know witnesses

567

00:27:01,720 --> 00:26:59,630

and then that just kind of starts the

568

00:27:04,200 --> 00:27:01,730

ball rolling from there now it's really

569

00:27:07,540 --> 00:27:04,210

interesting how Facebook is playing into

570

00:27:11,080 --> 00:27:07,550

the UFO field as so many other fields

571

00:27:14,170 --> 00:27:11,090

but it's it really it really is a place

572

00:27:18,840 --> 00:27:14,180

where people connect yeah and it's a

573

00:27:21,580 --> 00:27:18,850

good way to be at arm's length you know

574

00:27:23,470 --> 00:27:21,590

with this topic especially in Maine

575

00:27:25,180 --> 00:27:23,480

there's you know a lot of people here

576

00:27:27,850 --> 00:27:25,190

are very reserved they don't want to

577

00:27:30,460 --> 00:27:27,860

appear crazy just like you said about

578

00:27:31,840 --> 00:27:30,470

that woman who saw the things in Sebago

579

00:27:34,420 --> 00:27:31,850

you know she's like I know you think I'm

580

00:27:36,040 --> 00:27:34,430

crazy that's how people still think a

581

00:27:37,960 --> 00:27:36,050

lot of the times and I I don't think

582

00:27:40,630 --> 00:27:37,970

there's any need to feel that way but

583

00:27:42,850 --> 00:27:40,640

people feel that way night and I think

584

00:27:43,980 --> 00:27:42,860

via Facebook you know there's a nice

585

00:27:48,900 --> 00:27:43,990

arms

586

00:27:49,919 --> 00:27:48,910

comfortable telling their story but it's

587

00:27:52,970 --> 00:27:49,929

not like they did it in our room front

588

00:27:55,200 --> 00:27:52,980

of people you know so when you actually

589

00:27:57,169 --> 00:27:55,210

you know I want to talk about this

590

00:28:01,740 --> 00:27:57,179

because the people of Maine are kind of

591

00:28:03,270 --> 00:28:01,750

unique in a way hard workers especially

592

00:28:08,880 --> 00:28:03,280

you know like the fishermen the lobster

593

00:28:12,510 --> 00:28:08,890

men they're just like real earnest

594

00:28:14,820 --> 00:28:12,520

people and really really difficult to

595

00:28:17,850 --> 00:28:14,830

break the ice with sometimes hard to get

596

00:28:21,390 --> 00:28:17,860

to know once you befriend one you know

597

00:28:25,169 --> 00:28:21,400

usually you become a lifelong friend how

598

00:28:28,230 --> 00:28:25,179

do you feel I feel like if you're

599

00:28:29,930 --> 00:28:28,240

speaking to someone not that people are

600

00:28:33,000 --> 00:28:29,940

totally different from where they're at

601
00:28:37,020 --> 00:28:33,010
where they live you know all people are

602
00:28:39,960 --> 00:28:37,030
similar but I think that because of

603
00:28:42,120 --> 00:28:39,970
their attributes that a story can

604
00:28:44,580 --> 00:28:42,130
actually have more credibility in a

605
00:28:48,270 --> 00:28:44,590
certain way and what's your thoughts on

606
00:28:50,610 --> 00:28:48,280
that I definitely agree I think it's

607
00:28:53,910 --> 00:28:50,620
very important for me as a researcher

608
00:28:55,860 --> 00:28:53,920
and investigator to meet as many of

609
00:28:59,370 --> 00:28:55,870
these witnesses in person as much as

610
00:29:02,370 --> 00:28:59,380
possible hope seen has become rampant in

611
00:29:05,460 --> 00:29:02,380
every genre if you will of the

612
00:29:07,799 --> 00:29:05,470
paranormal that it really helps me to

613
00:29:11,070 --> 00:29:07,809

engage the situation if I can meet the

614

00:29:12,630 --> 00:29:11,080

person in person for some of the stories

615

00:29:14,580 --> 00:29:12,640

in my book I could not meet the people

616

00:29:16,350 --> 00:29:14,590

they might have started out reaching out

617

00:29:18,930 --> 00:29:16,360

to me and then got cold feet kind of

618

00:29:23,040 --> 00:29:18,940

like what happened on today's call and

619

00:29:24,780 --> 00:29:23,050

then sometimes all they want to share is

620

00:29:26,130 --> 00:29:24,790

via messenger and that's it so I don't

621

00:29:28,020 --> 00:29:26,140

get to talk to them in person but I get

622

00:29:29,669 --> 00:29:28,030

their story and I try to ask as many

623

00:29:31,650 --> 00:29:29,679

questions as possible I probably come

624

00:29:32,910 --> 00:29:31,660

across as annoying but when I can meet

625

00:29:36,450 --> 00:29:32,920

somebody when I can look in their eye

626

00:29:39,419 --> 00:29:36,460

when I can see their their body language

627

00:29:41,520 --> 00:29:39,429

it really helps me to determine what

628

00:29:43,620 --> 00:29:41,530

their this person is telling the truth

629

00:29:45,750 --> 00:29:43,630

or not I'm not a cop I'm not a you know

630

00:29:49,350 --> 00:29:45,760

a human lie detector so I'm just as

631

00:29:51,299 --> 00:29:49,360

fallible in detecting those but at least

632

00:29:53,250 --> 00:29:51,309

I think there's more of a chance if I

633

00:29:54,750 --> 00:29:53,260

meet somebody in person especially if

634

00:29:57,570 --> 00:29:54,760

I'm talking to a cop or somebody from

635

00:30:00,030 --> 00:29:57,580

the military it's so compelling it's so

636

00:30:03,240 --> 00:30:00,040

Capelli do you have any stories that you

637

00:30:07,320 --> 00:30:03,250

can share that do involve either a cop

638

00:30:09,750 --> 00:30:07,330

or military yeah this time yeah there's

639

00:30:11,820 --> 00:30:09,760

uh one of each actually there's more

640

00:30:16,410 --> 00:30:11,830

military in this book I think there's

641

00:30:17,880 --> 00:30:16,420

only one or two yeah yeah something up

642

00:30:21,480 --> 00:30:17,890

Laureen something at Dow Air Force Base

643

00:30:24,990 --> 00:30:21,490

something in Presque Isle Maine but the

644

00:30:26,820 --> 00:30:25,000

the one in Dao Dao Air Force Base used

645

00:30:28,380 --> 00:30:26,830

to be an Air Force Base in Bangor Maine

646

00:30:30,270 --> 00:30:28,390

it has since turned into the Bangor

647

00:30:32,640 --> 00:30:30,280

International Airport and there is a

648

00:30:34,470 --> 00:30:32,650

recruiting center on-site in a National

649

00:30:38,220 --> 00:30:34,480

Guard that's still on site but otherwise

650

00:30:39,930 --> 00:30:38,230

the military closed it back in 66 68

651
00:30:43,410 --> 00:30:39,940
something like that and sold it back to

652
00:30:46,350 --> 00:30:43,420
the city anyway during the time that it

653
00:30:49,410 --> 00:30:46,360
was operational there was an air

654
00:30:51,510 --> 00:30:49,420
policeman who was responsible for doing

655
00:30:55,800 --> 00:30:51,520
rounds at night walking around the base

656
00:30:59,130 --> 00:30:55,810
and one particular night he's kind of

657
00:31:01,350 --> 00:30:59,140
sitting in a ditch but it's not you know

658
00:31:03,870 --> 00:31:01,360
like this murky mucky type a ditch it's

659
00:31:07,050 --> 00:31:03,880
just you know an indented area that his

660
00:31:09,360 --> 00:31:07,060
dog could lie in confident ibly and he

661
00:31:11,160 --> 00:31:09,370
was just kind of taking a rest so he was

662
00:31:14,430 --> 00:31:11,170
part of a k-9 unit and again had the dog

663
00:31:17,370 --> 00:31:14,440

and all of a sudden the dog broke and it

664

00:31:18,980 --> 00:31:17,380

took off and started barking so he kind

665

00:31:21,720 --> 00:31:18,990

of stood up and was like very surprised

666

00:31:24,030 --> 00:31:21,730

so he ran after the dog and yelling at

667

00:31:27,000 --> 00:31:24,040

it the whole time and the dog stopped at

668

00:31:28,710 --> 00:31:27,010

the bottom of this hill and was looking

669

00:31:31,020 --> 00:31:28,720

up and barking in the direction at the

670

00:31:32,640 --> 00:31:31,030

top of the hill so the air policeman

671

00:31:33,690 --> 00:31:32,650

walks up to the dog and it's kind of

672

00:31:35,400 --> 00:31:33,700

yelling at it and being like calm down

673

00:31:37,560 --> 00:31:35,410

boy did it uh and not really paying

674

00:31:40,230 --> 00:31:37,570

attention to what it was looking at so

675

00:31:43,580 --> 00:31:40,240

finally he looks up the hill and he

676

00:31:47,580 --> 00:31:43,590

claims to have seen a 7 8 foot tall

677

00:31:49,770 --> 00:31:47,590

hairy humanoid bipedal creature standing

678

00:31:53,330 --> 00:31:49,780

at the top of the hill well he called it

679

00:31:56,520 --> 00:31:53,340

in MPs came out he wrote a report but

680

00:31:59,160 --> 00:31:56,530

they could never find what it was and

681

00:32:03,060 --> 00:31:59,170

that was just one of many encounters at

682

00:32:04,680 --> 00:32:03,070

Dow in my opinion the Dow encounters

683

00:32:06,299 --> 00:32:04,690

kind of come off as like a mini

684

00:32:07,889 --> 00:32:06,309

skinwalker ranch

685

00:32:09,959 --> 00:32:07,899

so if your listeners are familiar with

686

00:32:11,249 --> 00:32:09,969

skinwalker ranch yeah that then you'll

687

00:32:13,969 --> 00:32:11,259

know what I mean if not you should look

688

00:32:15,930 --> 00:32:13,979

up skinwalker ranch it's good stuff oh

689

00:32:20,159 --> 00:32:15,940

yeah yeah

690

00:32:23,249 --> 00:32:20,169

so other actually UFO sightings you know

691

00:32:27,899 --> 00:32:23,259

a lot of them in that area as well there

692

00:32:31,859 --> 00:32:27,909

is yes haze happen did they try to find

693

00:32:33,839 --> 00:32:31,869

any tracks or anything of this he said

694

00:32:35,909 --> 00:32:33,849

they did a search of the area no tracks

695

00:32:39,209 --> 00:32:35,919

found it was almost like it wasn't even

696

00:32:41,909 --> 00:32:39,219

there almost maybe which was implied but

697

00:32:43,950 --> 00:32:41,919

not specifically said maybe it was

698

00:32:47,129 --> 00:32:43,960

interdimensional huh

699

00:32:51,089 --> 00:32:47,139

well it kind of got answers as good as

700

00:32:53,070 --> 00:32:51,099

any other if you ask me yeah so what

701
00:32:57,359 --> 00:32:53,080
what is the one that involves the police

702
00:32:59,519 --> 00:32:57,369
officer he was in the Sugarloaf area it

703
00:33:01,649 --> 00:32:59,529
was about two three o'clock in the

704
00:33:05,639 --> 00:33:01,659
morning and he was just doing his rounds

705
00:33:10,109 --> 00:33:05,649
as well state trooper and as he was

706
00:33:13,979 --> 00:33:10,119
driving along on the road he was shocked

707
00:33:16,709 --> 00:33:13,989
to see this really large light on the

708
00:33:20,310 --> 00:33:16,719
road in front of him so he screeches to

709
00:33:22,499 --> 00:33:20,320
a stop he's looking at this thing he's

710
00:33:23,999 --> 00:33:22,509
really just kind of blinded by the light

711
00:33:25,739 --> 00:33:24,009
so he's not really seeing a craft at

712
00:33:26,849 --> 00:33:25,749
this point or anything but he's seen

713
00:33:28,680 --> 00:33:26,859

this light and it's right on the road

714

00:33:30,440 --> 00:33:28,690

and he can clearly tell sorry I just hit

715

00:33:34,200 --> 00:33:30,450

the mic he could clearly tell that it's

716

00:33:36,089 --> 00:33:34,210

not a vehicle so he gets out the things

717

00:33:39,690 --> 00:33:36,099

probably half of football lengths away

718

00:33:43,320 --> 00:33:39,700

from him and it ascends a little bit and

719

00:33:45,749 --> 00:33:43,330

then goes over his car and now it's

720

00:33:47,430 --> 00:33:45,759

about 50 feet hovering above its car and

721

00:33:50,339 --> 00:33:47,440

at this point or from this vantage point

722

00:33:52,739 --> 00:33:50,349

you can see like this oval shaped craft

723

00:33:54,869 --> 00:33:52,749

and there's lights going around it and

724

00:33:56,489 --> 00:33:54,879

he's just looking at this thing in awe

725

00:33:58,680 --> 00:33:56,499

you know and he can't get to his radio

726

00:34:00,570 --> 00:33:58,690

at the time but the thing takes off and

727

00:34:05,070 --> 00:34:00,580

he gets in the car and files a report

728

00:34:07,409 --> 00:34:05,080

and it's just left as unknown kind of

729

00:34:10,139 --> 00:34:07,419

reminds me of the the Exeter encounter

730

00:34:13,470 --> 00:34:10,149

in New Hampshire right right I know that

731

00:34:15,990 --> 00:34:13,480

must be they must think twice before

732

00:34:16,859 --> 00:34:16,000

they actually read a report like that I

733

00:34:19,770 --> 00:34:16,869

wouldn't think so

734

00:34:22,230 --> 00:34:19,780

yeah you know I mean just the ridicule

735

00:34:26,460 --> 00:34:22,240

factor especially a police department

736

00:34:28,440 --> 00:34:26,470

you know yeah which a yet you I'm sorry

737

00:34:30,510 --> 00:34:28,450

you get a man with confidence or you

738

00:34:33,149 --> 00:34:30,520

know a police officer with confidence

739

00:34:34,649 --> 00:34:33,159

like no I I know what I saw or that air

740

00:34:36,120 --> 00:34:34,659

policeman I know what I saw

741

00:34:38,790 --> 00:34:36,130

he wrote that report about the

742

00:34:41,250 --> 00:34:38,800

eight-foot tall hairy bipedal humanoid

743

00:34:44,270 --> 00:34:41,260

beam this officer wrote about you know

744

00:34:46,890 --> 00:34:44,280

it was an unknown aircraft you know and

745

00:34:48,630 --> 00:34:46,900

I'd like it when they're confident in

746

00:34:52,169 --> 00:34:48,640

what they see they're like I know I know

747

00:34:56,100 --> 00:34:52,179

I saw this yeah I'm sure there's a lot

748

00:35:00,240 --> 00:34:56,110

of other you know at least least police

749

00:35:02,220 --> 00:35:00,250

encounters and I'm sure military - now

750

00:35:04,650 --> 00:35:02,230

are there other military cases you can

751

00:35:07,760 --> 00:35:04,660

talk about yeah there's some other

752

00:35:10,500 --> 00:35:07,770

military cases in the book there's

753

00:35:13,980 --> 00:35:10,510

another one from Laurine Air Force Base

754

00:35:15,630 --> 00:35:13,990

that took place in 64 in my previous

755

00:35:19,290 --> 00:35:15,640

book I wrote about an encounter from

756

00:35:22,050 --> 00:35:19,300

1975 but this this other encounter took

757

00:35:24,840 --> 00:35:22,060

place 11 years beforehand and again it

758

00:35:28,440 --> 00:35:24,850

was an air policeman doing a patrol and

759

00:35:31,580 --> 00:35:28,450

he was by the the bomber area which were

760

00:35:35,520 --> 00:35:31,590

armed it is told with nuclear weapons

761

00:35:39,450 --> 00:35:35,530

and while in this was December and while

762

00:35:41,430 --> 00:35:39,460

he was walking in that bomber section by

763

00:35:43,140 --> 00:35:41,440

the snowbanks behind the bombers he

764

00:35:45,510 --> 00:35:43,150

could see some shadows kind of lurking

765

00:35:47,130 --> 00:35:45,520

about and so he knew that that was

766

00:35:49,530 --> 00:35:47,140

people and so he called for them to come

767

00:35:51,930 --> 00:35:49,540

out nothing would happen everything went

768

00:35:54,150 --> 00:35:51,940

silent and he's calling from them to

769

00:35:57,060 --> 00:35:54,160

come out and then all of a sudden they

770

00:35:59,460 --> 00:35:57,070

these beans these two beans appear in

771

00:36:07,100 --> 00:35:59,470

front of them you know like 20 feet away

772

00:36:15,770 --> 00:36:12,060

well looks like Skype froze see what

773

00:36:21,120 --> 00:36:18,420

check it into it Morgan

774

00:36:30,950 --> 00:36:21,130

alright I'm gonna see what I can do here

775

00:36:34,380 --> 00:36:30,960

it's uh hang on everyone listening live

776

00:36:37,550 --> 00:36:34,390

apologize for this we'll try to call him

777

00:36:37,560 --> 00:36:58,770

and what's

778

00:37:03,570 --> 00:37:01,640

I appreciate your patience everyone

779

00:37:08,580 --> 00:37:03,580

we'll be right back

780

00:37:15,870 --> 00:37:08,590

hopefully I'm not showing his address is

781

00:37:24,710 --> 00:37:15,880

not coming up right that's a it's not

782

00:37:24,720 --> 00:37:32,740

okay here we go this one was right okay

783

00:37:38,900 --> 00:37:36,339

you're back in the air me yeah you froze

784

00:37:40,730 --> 00:37:38,910

yeah sorry for that we always who in

785

00:37:42,530 --> 00:37:40,740

Maine

786

00:37:46,130 --> 00:37:42,540

it looks like a lost internet connection

787

00:37:48,200 --> 00:37:46,140

so we can blame spectrum for that I'm

788

00:37:50,480 --> 00:37:48,210

not sure where where we were in the what

789

00:37:54,250 --> 00:37:50,490

you last heard was it the they

790

00:37:57,559 --> 00:37:54,260

disappeared after he shot at them I

791

00:38:02,960 --> 00:37:57,569

don't know I was too busy trying to get

792

00:38:05,420 --> 00:38:02,970

you back alright so he sees these

793

00:38:06,620 --> 00:38:05,430

figures he and he's telling them you

794

00:38:07,940 --> 00:38:06,630

know he's trying to apprehend them

795

00:38:09,470 --> 00:38:07,950

they're not paying attention to him

796

00:38:10,400 --> 00:38:09,480

they're not abiding him at all so he

797

00:38:14,780 --> 00:38:10,410

shoots at him

798

00:38:19,220 --> 00:38:14,790

disappear seconds later the base comes

799

00:38:22,040 --> 00:38:19,230

alive and other air policemen come to

800

00:38:25,280 --> 00:38:22,050

him and surround him and they he's a put

801
00:38:28,609 --> 00:38:25,290
immediately under arrest and somebody

802
00:38:31,430 --> 00:38:28,619
that is over him told him that he was an

803
00:38:34,250 --> 00:38:31,440
idiot for firing near nuclear weapons

804
00:38:38,329 --> 00:38:34,260
and that he was promptly relieved of

805
00:38:40,130 --> 00:38:38,339
duty and almost charged with treason for

806
00:38:42,500 --> 00:38:40,140
the way he acted he tried to explain

807
00:38:46,030 --> 00:38:42,510
what happened they didn't care anything

808
00:38:50,390 --> 00:38:46,040
about that and he's relieved of duty so

809
00:38:53,450 --> 00:38:50,400
was he actually I mean you can't set off

810
00:38:55,160 --> 00:38:53,460
a nuclear weapon by shooting it I mean

811
00:38:58,270 --> 00:38:55,170
they're it's they're so complicated

812
00:39:01,010 --> 00:38:58,280
yes so that's kind of a bizarre

813
00:39:04,040 --> 00:39:01,020

reasoning for terminating them but I

814

00:39:06,920 --> 00:39:04,050

guess firing a weapon a course anywhere

815

00:39:09,740 --> 00:39:06,930

on base is probably a major thing and

816

00:39:12,050 --> 00:39:09,750

needs you know in depth you know they

817

00:39:13,670 --> 00:39:12,060

have to review why this this happened I

818

00:39:16,640 --> 00:39:13,680

think that's kind of strange thing for

819

00:39:18,680 --> 00:39:16,650

them to relieve them yeah that's that's

820

00:39:20,930 --> 00:39:18,690

his story and he's sticking to it yeah

821

00:39:24,380 --> 00:39:20,940

and you know he can also understand

822

00:39:27,230 --> 00:39:24,390

unfortunately how crazy it does sound so

823

00:39:30,829 --> 00:39:27,240

you know that just maybe what the people

824

00:39:33,380 --> 00:39:30,839

going off but you know like you said he

825

00:39:34,910 --> 00:39:33,390

stuck through that story and and even

826

00:39:37,430 --> 00:39:34,920

though there were consequences he's just

827

00:39:39,200 --> 00:39:37,440

stayed with it yeah and

828

00:39:42,109 --> 00:39:39,210

one thing I want to point out in my in

829

00:39:43,940 --> 00:39:42,119

my new book which is released by

830

00:39:45,020 --> 00:39:43,950

Llewellyn worldwide publishing just so

831

00:39:48,050 --> 00:39:45,030

you know want to make sure I get their

832

00:39:51,170 --> 00:39:48,060

name out there that when I write these

833

00:39:53,359 --> 00:39:51,180

stories I leave it up to the reader to

834

00:39:55,640 --> 00:39:53,369

decide what they believe I'm not trying

835

00:39:59,809 --> 00:39:55,650

to you know bias the stories in any way

836

00:40:02,059 --> 00:39:59,819

there's there's only two stories that I

837

00:40:04,460 --> 00:40:02,069

share my opinion on but that is it I

838

00:40:05,900 --> 00:40:04,470

welcome I welcome yours but I do share

839

00:40:08,329 --> 00:40:05,910

my opinion on two different stories and

840

00:40:10,849 --> 00:40:08,339

one is the allagash abductions and one

841

00:40:13,010 --> 00:40:10,859

of them is the Herbert Hopkins case from

842

00:40:16,010 --> 00:40:13,020

Old Orchard Beach okay let's wait let's

843

00:40:18,650 --> 00:40:16,020

go into one of those Herbert Hopkins

844

00:40:22,160 --> 00:40:18,660

case I wrote about in my previous book

845

00:40:24,490 --> 00:40:22,170

and I had since since the publishing of

846

00:40:28,940 --> 00:40:24,500

that first book I had befriended a

847

00:40:33,910 --> 00:40:28,950

family friend I'm a part of a member of

848

00:40:42,559 --> 00:40:39,920

they they introduced me to somebody who

849

00:40:43,490 --> 00:40:42,569

had passed away and his name was Howard

850

00:40:47,630 --> 00:40:43,500

Hopkins

851
00:40:50,950 --> 00:40:47,640
Howard was Herbert's nephew and Howard

852
00:40:56,480 --> 00:40:50,960
spent a lot of time with Herbert and

853
00:40:58,010 --> 00:40:56,490
before Howard died he had a blog he was

854
00:41:00,890 --> 00:40:58,020
a main writer he wrote a lot of westerns

855
00:41:03,170 --> 00:41:00,900
a lot of sci-fi stuff so he was you know

856
00:41:07,089 --> 00:41:03,180
popular in his own right but he had this

857
00:41:10,220 --> 00:41:07,099
blog where he wrote about Herbert's

858
00:41:12,319 --> 00:41:10,230
experiences with the men in black so if

859
00:41:15,950 --> 00:41:12,329
we kind of rewind back to Herbert's

860
00:41:18,589 --> 00:41:15,960
story in the 1970s

861
00:41:20,359 --> 00:41:18,599
Herbert claimed that a men and black and

862
00:41:25,040 --> 00:41:20,369
visit him at his home in Old Orchard

863
00:41:27,380 --> 00:41:25,050

Beach and told him to stop studying UFOs

864

00:41:29,480 --> 00:41:27,390

and especially the David Stephens case

865

00:41:31,400 --> 00:41:29,490

that he was actually in the middle of

866

00:41:33,470 --> 00:41:31,410

researching and providing hypnotic

867

00:41:37,190 --> 00:41:33,480

regression therapy for mr. Stevens and

868

00:41:39,710 --> 00:41:37,200

and going through all that and the men

869

00:41:42,380 --> 00:41:39,720

in black according to Herbert did like a

870

00:41:44,569 --> 00:41:42,390

paranormal parlor trick if you will and

871

00:41:46,880 --> 00:41:44,579

told Herbert that he had a coin in his

872

00:41:49,910 --> 00:41:46,890

pocket and to hold the coin in his hand

873

00:41:51,230 --> 00:41:49,920

and to watch the coin so Herbert watch

874

00:41:53,359 --> 00:41:51,240

the coin it

875

00:41:55,880 --> 00:41:53,369

blurry and then disappeared and the men

876

00:41:57,500 --> 00:41:55,890

and black guy said that'll happen to

877

00:42:01,910 --> 00:41:57,510

your heart if you don't stop studying

878

00:42:03,980 --> 00:42:01,920

this so this scared him it has claimed

879

00:42:05,810 --> 00:42:03,990

that he burned all his tapes stopped

880

00:42:08,270 --> 00:42:05,820

helping in the David Stevens case and

881

00:42:09,830 --> 00:42:08,280

then a few days later his children were

882

00:42:11,690 --> 00:42:09,840

actually visited by the men in black as

883

00:42:13,820 --> 00:42:11,700

well they had a weird encounter that was

884

00:42:18,800 --> 00:42:13,830

actually a bit sexual in nature which is

885

00:42:21,770 --> 00:42:18,810

kind of interesting and odd and Howard

886

00:42:24,200 --> 00:42:21,780

Herbert's nephew in this blog talks

887

00:42:26,660 --> 00:42:24,210

about what he really thinks happened he

888

00:42:28,490 --> 00:42:26,670

doesn't believe Herbert Hopkins at all

889

00:42:30,710 --> 00:42:28,500

he doesn't believe his uncle he loved

890

00:42:33,080 --> 00:42:30,720

his uncle he adored his uncle but he

891

00:42:35,540 --> 00:42:33,090

also said that the family had a lot of

892

00:42:39,500 --> 00:42:35,550

tragedy tragedy in it with alcohol abuse

893

00:42:42,080 --> 00:42:39,510

with drug abuse and that his uncle

894

00:42:44,720 --> 00:42:42,090

Herbert made up the story of the men in

895

00:42:47,300 --> 00:42:44,730

black so he could kind of have his 15

896

00:42:48,859 --> 00:42:47,310

minutes of fame and that went viral for

897

00:42:50,930 --> 00:42:48,869

the time you know it was even included

898

00:42:52,750 --> 00:42:50,940

in the time-life mega the time-life

899

00:42:56,180 --> 00:42:52,760

books you know the time like mysteries

900

00:42:58,190 --> 00:42:56,190

so when it went viral for its time and

901
00:43:00,440 --> 00:42:58,200
Herbert really Howard really wanted to

902
00:43:02,120 --> 00:43:00,450
set the record straight so he claimed

903
00:43:04,870 --> 00:43:02,130
you know that Herbert made it all up and

904
00:43:07,849 --> 00:43:04,880
that the encounter that the children had

905
00:43:11,390 --> 00:43:07,859
wasn't really an encounter at all it was

906
00:43:13,910 --> 00:43:11,400
they were swingers and this unknown

907
00:43:18,530 --> 00:43:13,920
couple came over with an agreeance to

908
00:43:21,980 --> 00:43:18,540
swing together and and that's really all

909
00:43:25,599 --> 00:43:21,990
it was and then it ends very oddly

910
00:43:30,710 --> 00:43:25,609
so Herbert's son moves away to Florida

911
00:43:34,700 --> 00:43:30,720
with his wife Maureen and Maureen ends

912
00:43:38,930 --> 00:43:34,710
up killing Herbert son we don't know if

913
00:43:41,030 --> 00:43:38,940

it's a drug-fueled stupor or what

914

00:43:44,530 --> 00:43:41,040

happened but he ended up getting shot in

915

00:43:47,840 --> 00:43:44,540

cold blood and this was boy this was

916

00:43:51,170 --> 00:43:47,850

2005 maybe something like that anyway so

917

00:43:52,849 --> 00:43:51,180

it had this really tragic ending and I

918

00:43:55,070 --> 00:43:52,859

know it can be confusing between the

919

00:43:57,050 --> 00:43:55,080

Howard and and Herbert but I do lay it

920

00:43:58,790 --> 00:43:57,060

out pretty succinctly in the book so

921

00:44:02,490 --> 00:43:58,800

check it out and in my personal opinion

922

00:44:05,290 --> 00:44:02,500

I believe Howard not Herbert

923

00:44:07,510 --> 00:44:05,300

okay now I forget which one is Howard

924

00:44:09,130 --> 00:44:07,520

and which was Herbert Herbert was the

925

00:44:11,620 --> 00:44:09,140

uncle who met the men in black yeah

926
00:44:14,230 --> 00:44:11,630
weird is the nephew and you believe you

927
00:44:17,170 --> 00:44:14,240
believe Howard yes believe Howard on

928
00:44:20,110 --> 00:44:17,180
that one so what just what was the David

929
00:44:23,530 --> 00:44:20,120
Stephens case the David Stephens case

930
00:44:26,320 --> 00:44:23,540
was a supposed abduction that happened

931
00:44:29,290 --> 00:44:26,330
right around that same time frame 1975

932
00:44:32,100 --> 00:44:29,300
and this was in Norway Maine and David

933
00:44:35,740 --> 00:44:32,110
and a friend believe his name was Glen

934
00:44:37,390 --> 00:44:35,750
heard this loud boom outside I saw they

935
00:44:39,580 --> 00:44:37,400
went to investigate and they saw this

936
00:44:42,640 --> 00:44:39,590
UFO and so they wanted to chase it they

937
00:44:44,440 --> 00:44:42,650
get in their car and David Stephens

938
00:44:46,900 --> 00:44:44,450

claims that the car kind of took control

939

00:44:50,440 --> 00:44:46,910

of its own and went down to this Lake

940

00:44:52,780 --> 00:44:50,450

and while it was parked at the lake this

941

00:44:55,680 --> 00:44:52,790

fog or mist kind of started rolling up

942

00:44:59,100 --> 00:44:55,690

over the water and golf their car and

943

00:45:03,940 --> 00:44:59,110

they were taken aboard this craft

944

00:45:06,070 --> 00:45:03,950

through hypnotic regression that Herbert

945

00:45:12,090 --> 00:45:06,080

Hopkins was doing that was introduced by

946

00:45:14,230 --> 00:45:12,100

UFO investigator Shirley wicked David

947

00:45:16,630 --> 00:45:14,240

described what the beans look like they

948

00:45:19,270 --> 00:45:16,640

took you know hair blood nails

949

00:45:22,570 --> 00:45:19,280

fingernail samples things like that so

950

00:45:25,450 --> 00:45:22,580

kind of your classic abduction case on

951
00:45:27,970 --> 00:45:25,460
what he experienced and Brent Raines was

952
00:45:29,320 --> 00:45:27,980
down there and he interviewed them dr.

953
00:45:31,030 --> 00:45:29,330
Schwarz he was down there and actually

954
00:45:36,190 --> 00:45:31,040
interviewed them he wrote about the case

955
00:45:39,010 --> 00:45:36,200
in his book UFO dynamics and another

956
00:45:41,640 --> 00:45:39,020
author Robert Cahill he actually pointed

957
00:45:45,790 --> 00:45:41,650
out that a week before David Stephens

958
00:45:49,450 --> 00:45:45,800
abduction the UFO incident premiered on

959
00:45:51,490 --> 00:45:49,460
television which was the movie version

960
00:45:53,380 --> 00:45:51,500
of the Betty and Barney Hill story and

961
00:45:55,720 --> 00:45:53,390
so it's just a week prior so in Robert

962
00:45:58,900 --> 00:45:55,730
Cahill's opinion the story was probably

963
00:46:01,690 --> 00:45:58,910

made up and dr. Schwarz and and Raines

964

00:46:03,670 --> 00:46:01,700

and Fickett and Hopkins they believed

965

00:46:05,050 --> 00:46:03,680

David Stephens story and I think

966

00:46:07,360 --> 00:46:05,060

Stephens story is actually very

967

00:46:07,930 --> 00:46:07,370

compelling I'm not of the opinion with

968

00:46:09,040 --> 00:46:07,940

Cahill

969

00:46:11,140 --> 00:46:09,050

I don't really write about that in the

970

00:46:12,520 --> 00:46:11,150

book my opinion there but but that's

971

00:46:15,330 --> 00:46:12,530

pretty much the Stephens case in a

972

00:46:17,520 --> 00:46:15,340

nutshell and

973

00:46:21,120 --> 00:46:17,530

had they ever come up to any type of

974

00:46:23,520 --> 00:46:21,130

conclusion they or is it just also like

975

00:46:25,980 --> 00:46:23,530

an unknown encounter type of thing yeah

976
00:46:29,220 --> 00:46:25,990
it always ends as an unknown but there

977
00:46:30,540 --> 00:46:29,230
were some very odd other experiences

978
00:46:32,550 --> 00:46:30,550
that happened kind of leader in

979
00:46:35,190 --> 00:46:32,560
paranormal experiences that happened

980
00:46:37,320 --> 00:46:35,200
after the abduction they said that they

981
00:46:39,030 --> 00:46:37,330
went back to the to the lake the area

982
00:46:40,980 --> 00:46:39,040
that they were abducted in and there was

983
00:46:43,170 --> 00:46:40,990
a weird ash that was falling kind of

984
00:46:46,140 --> 00:46:43,180
like snow but it wasn't snow it wasn't

985
00:46:50,090 --> 00:46:46,150
that time of year and in David Stevens

986
00:46:53,610 --> 00:46:50,100
house he said that these black squares

987
00:46:57,510 --> 00:46:53,620
would be coming in and out of the walls

988
00:47:00,360 --> 00:46:57,520

and ceilings which is very very odd and

989

00:47:03,930 --> 00:47:00,370

then he also said that the he heard from

990

00:47:07,470 --> 00:47:03,940

the TV the term UFO like he just heard

991

00:47:09,540 --> 00:47:07,480

UFO and the TV was turned off and it

992

00:47:10,980 --> 00:47:09,550

also some some odd things like that yeah

993

00:47:12,570 --> 00:47:10,990

I know yeah bizarre

994

00:47:15,150 --> 00:47:12,580

okay so we're coming up on the break

995

00:47:18,270 --> 00:47:15,160

right now oh you're listening to podcast

996

00:47:20,310 --> 00:47:18,280

UFO on kgr a radio my guest is Nomar

997

00:47:26,000 --> 00:47:20,320

Slovak and we'll be right back right

998

00:47:30,960 --> 00:47:29,250

right on time Martin good job we've got

999

00:47:32,730 --> 00:47:30,970

three and a half minutes in this break

1000

00:47:33,750 --> 00:47:32,740

okay three and a half minutes thank you

1001
00:47:38,850 --> 00:47:33,760
all right

1002
00:47:42,720 --> 00:47:38,860
Nomar so while we're on this break why

1003
00:47:45,540 --> 00:47:42,730
don't we talk about one of the stories

1004
00:47:47,730 --> 00:47:45,550
in your your last your last book UFOs

1005
00:47:50,070 --> 00:47:47,740
over main for the people that didn't get

1006
00:47:51,630 --> 00:47:50,080
a chance to actually hear that show is

1007
00:47:56,220 --> 00:47:51,640
there something you can quickly bring up

1008
00:47:59,040 --> 00:47:56,230
that you can recall yeah there's a great

1009
00:48:01,380 --> 00:47:59,050
case called shots fired well I called it

1010
00:48:04,350 --> 00:48:01,390
that's three and a half minutes just to

1011
00:48:06,030 --> 00:48:04,360
let you know yep and it was a case of

1012
00:48:08,370 --> 00:48:06,040
John King it actually took place in

1013
00:48:09,930 --> 00:48:08,380

Bangor Maine it took place on Mount Hope

1014

00:48:11,700 --> 00:48:09,940

Avenue which is actually just around the

1015

00:48:13,260 --> 00:48:11,710

corner from where I used to live which

1016

00:48:14,520 --> 00:48:13,270

is kind of interesting I didn't know it

1017

00:48:16,130 --> 00:48:14,530

at the time but you know I've since

1018

00:48:20,280 --> 00:48:16,140

found out and have gone to the area

1019

00:48:23,400 --> 00:48:20,290

anyway John King thought he saw an

1020

00:48:25,740 --> 00:48:23,410

overturned car in a marshy area so he

1021

00:48:27,090 --> 00:48:25,750

pulled over and started walking into the

1022

00:48:28,590 --> 00:48:27,100

marshy area but he was trying to avoid

1023

00:48:29,160 --> 00:48:28,600

the water so he's kind of hopping around

1024

00:48:31,230 --> 00:48:29,170

wrong

1025

00:48:33,240 --> 00:48:31,240

and this more solid ground and as he

1026

00:48:35,430 --> 00:48:33,250

gets closer he sees that it's not an

1027

00:48:37,980 --> 00:48:35,440

overturned car whatsoever that in fact

1028

00:48:42,180 --> 00:48:37,990

it's like this oval shaped craft of some

1029

00:48:45,299 --> 00:48:42,190

sort and once John observes that it

1030

00:48:47,009 --> 00:48:45,309

seems like the craft decided to interact

1031

00:48:49,319 --> 00:48:47,019

with him and it started rocking back and

1032

00:48:51,900 --> 00:48:49,329

forth and then started going right up

1033

00:48:54,660 --> 00:48:51,910

great towards him so he panics runs back

1034

00:48:58,349 --> 00:48:54,670

to the car and inside his car he had a

1035

00:49:00,630 --> 00:48:58,359

22 pistol so in the melee of trying to

1036

00:49:02,160 --> 00:49:00,640

get the pistol the gun went off and he

1037

00:49:04,710 --> 00:49:02,170

thought for sure that might scare

1038

00:49:07,289 --> 00:49:04,720

whatever this thing is off it didn't so

1039

00:49:09,089 --> 00:49:07,299

it was still coming at him and so he

1040

00:49:13,170 --> 00:49:09,099

kind of steadied himself and took aim

1041

00:49:15,180 --> 00:49:13,180

and hit the UFO he heard it ping off and

1042

00:49:17,490 --> 00:49:15,190

rate when that happened it instantly

1043

00:49:19,859 --> 00:49:17,500

ascended he called the cops the cops

1044

00:49:22,559 --> 00:49:19,869

came down and checked it out and they

1045

00:49:24,599 --> 00:49:22,569

saw some scorched vegetation in the

1046

00:49:26,400 --> 00:49:24,609

marshy area but other than that they

1047

00:49:29,940 --> 00:49:26,410

didn't have really any other leads to go

1048

00:49:32,220 --> 00:49:29,950

on so it was ultimately dropped from a

1049

00:49:38,460 --> 00:49:32,230

police investigation but he did report

1050

00:49:39,749 --> 00:49:38,470

it Wow and so while we still we still

1051

00:49:43,470 --> 00:49:39,759

have about a minute I don't know if

1052

00:49:45,630 --> 00:49:43,480

there's any other quick well 30 days

1053

00:49:48,329 --> 00:49:45,640

later exactly 30 days later a very

1054

00:49:50,069 --> 00:49:48,339

similar UFO was seen in Bingham Maine by

1055

00:49:55,710 --> 00:49:50,079

a little girl named Kanto birthing in

1056

00:49:57,839 --> 00:49:55,720

this cool and this oval craft landed

1057

00:49:59,249 --> 00:49:57,849

softly in a field and she was there

1058

00:50:00,690 --> 00:49:59,259

playing with some cousins the cousins

1059

00:50:03,089 --> 00:50:00,700

had left to go grab some more toys so

1060

00:50:04,529 --> 00:50:03,099

she was by herself and she said that she

1061

00:50:07,259 --> 00:50:04,539

could see through the craft and that

1062

00:50:09,450 --> 00:50:07,269

there was a man or an alien she didn't

1063

00:50:12,539 --> 00:50:09,460

quite know how to describe it but was

1064

00:50:15,450 --> 00:50:12,549

wearing a helmet and it smiled at her

1065

00:50:17,519 --> 00:50:15,460

so this freaked her out and she ran back

1066

00:50:19,410 --> 00:50:17,529

home told her mom the paper followed up

1067

00:50:21,450 --> 00:50:19,420

and did a report the police went and

1068

00:50:23,490 --> 00:50:21,460

checked the area and also saw some

1069

00:50:25,380 --> 00:50:23,500

scorched vegetation so I'm wondering if

1070

00:50:28,650 --> 00:50:25,390

it was the same the same craft you know

1071

00:50:29,970 --> 00:50:28,660

how about that scorched vegetation you

1072

00:50:32,099 --> 00:50:29,980

know that the only thing I could think

1073

00:50:34,740 --> 00:50:32,109

of hearing that I know that's happened

1074

00:50:36,390 --> 00:50:34,750

there was a case where the ground was

1075

00:50:38,460 --> 00:50:36,400

that's probably been a number of them

1076

00:50:41,759 --> 00:50:38,470

the ground was scorched but also the

1077

00:50:42,380 --> 00:50:41,769

Socorro case there was the the trees out

1078

00:50:44,299 --> 00:50:42,390

there

1079

00:50:46,819 --> 00:50:44,309

that were earned the bushes the brush

1080

00:50:49,579 --> 00:50:46,829

yeah so yeah that's always interesting I

1081

00:50:51,559 --> 00:50:49,589

that's as close as you can get to you

1082

00:50:53,180 --> 00:50:51,569

know any type of trace evidence yeah

1083

00:50:54,950 --> 00:50:53,190

that's like some legit have it ready to

1084

00:50:55,490 --> 00:50:54,960

go back Martin alright just give it a

1085

00:50:58,009 --> 00:50:55,500

countdown

1086

00:50:58,900 --> 00:50:58,019

all right give me about 15 seconds here

1087

00:51:02,269 --> 00:50:58,910

all right

1088

00:51:05,450 --> 00:51:02,279

so we'll we'll talk up Nomar we'll go

1089

00:51:07,519 --> 00:51:05,460

into some stories some other stories

1090

00:51:09,410 --> 00:51:07,529

what you think is the most fascinating I

1091

00:51:13,390 --> 00:51:09,420

will talk about that if that's okay

1092

00:51:18,549 --> 00:51:13,400

the mas Mantuan is pretty crazy alright

1093

00:51:23,870 --> 00:51:18,559

alright here we go in five four three

1094

00:51:29,000 --> 00:51:23,880

two welcome back to podcast UFO on kgr a

1095

00:51:31,039 --> 00:51:29,010

radio kgr radio kgr a radio calm I guess

1096

00:51:33,410 --> 00:51:31,049

there's no Morris Levesque we were

1097

00:51:36,019 --> 00:51:33,420

talking about his new book otherworldly

1098

00:51:38,359 --> 00:51:36,029

encounters evidence of UFO sightings and

1099

00:51:44,269 --> 00:51:38,369

abductions and this is in the Northeast

1100

00:51:45,529 --> 00:51:44,279

so this has been really interesting to

1101
00:51:45,890 --> 00:51:45,539
me of course you know because I live

1102
00:51:48,980 --> 00:51:45,900
here

1103
00:51:50,660 --> 00:51:48,990
but and also you know the Bridgewater

1104
00:51:53,359 --> 00:51:50,670
triangle I don't know if you looked into

1105
00:51:57,200 --> 00:51:53,369
that at all but I've watched I've

1106
00:52:01,069 --> 00:51:57,210
watched the documentary yeah yeah so

1107
00:52:02,269 --> 00:52:01,079
what in writing this book I have to ask

1108
00:52:05,180 --> 00:52:02,279
you what was your favorite or most

1109
00:52:08,990 --> 00:52:05,190
interesting story that you can you can

1110
00:52:12,079 --> 00:52:09,000
tell us are a number there's a number of

1111
00:52:14,150 --> 00:52:12,089
them but I'm a big fan like of course I

1112
00:52:15,559 --> 00:52:14,160
love UFOs and extraterrestrial it's kind

1113
00:52:18,319 --> 00:52:15,569

of my bread-and-butter what I love the

1114

00:52:20,329 --> 00:52:18,329

most in my opinion it's kind of like the

1115

00:52:22,599 --> 00:52:20,339

the last frontier of the paranormal like

1116

00:52:25,220 --> 00:52:22,609

it's still so much is unknown about it

1117

00:52:29,299 --> 00:52:25,230

but regardless of that or with that said

1118

00:52:30,769 --> 00:52:29,309

there are some other types of paranormal

1119

00:52:33,049 --> 00:52:30,779

that I'm very much interested in and

1120

00:52:36,769 --> 00:52:33,059

some of them are the black-eyed children

1121

00:52:40,069 --> 00:52:36,779

those terrify me Dogman encounters those

1122

00:52:41,480 --> 00:52:40,079

are really quite weird and I've actually

1123

00:52:44,660 --> 00:52:41,490

got a pretty good dog man story that

1124

00:52:48,140 --> 00:52:44,670

we'll get into later but I absolutely

1125

00:52:50,559 --> 00:52:48,150

love the Mothman story okay and of

1126
00:52:52,400 --> 00:52:50,569
course we're talking about 25 feet wide

1127
00:52:55,580 --> 00:52:52,410
yeah

1128
00:52:57,560 --> 00:52:55,590
so the the original Mothman story took

1129
00:52:59,300 --> 00:52:57,570
place back in 1966 in Point Pleasant

1130
00:53:01,850 --> 00:52:59,310
West Virginia there was a book written

1131
00:53:02,930 --> 00:53:01,860
about it since then there's been a ton

1132
00:53:04,280 --> 00:53:02,940
of books written about it there was a

1133
00:53:06,230 --> 00:53:04,290
movie and some really great

1134
00:53:07,820 --> 00:53:06,240
documentaries small-town monsters made a

1135
00:53:09,290 --> 00:53:07,830
great one called the Mothman of Point

1136
00:53:14,000 --> 00:53:09,300
Pleasant should check that out if you

1137
00:53:18,410 --> 00:53:14,010
can small town monsters calm but there

1138
00:53:21,290 --> 00:53:18,420

was what this witness described as a

1139

00:53:25,090 --> 00:53:21,300

Mothman encounter of his own in Camden

1140

00:53:28,640 --> 00:53:25,100

Maine in October of 2001 which is almost

1141

00:53:30,290 --> 00:53:28,650

35 years to the month from the original

1142

00:53:32,840 --> 00:53:30,300

Mothman encounters back in Point

1143

00:53:35,690 --> 00:53:32,850

Pleasant so just a little synchronicity

1144

00:53:39,470 --> 00:53:35,700

info there but this gentleman at the

1145

00:53:41,570 --> 00:53:39,480

time was 17 and he was walking home on

1146

00:53:42,650 --> 00:53:41,580

Washington Street if you've ever been to

1147

00:53:45,320 --> 00:53:42,660

Camden Maine yeah

1148

00:53:46,970 --> 00:53:45,330

Washington Street is right smack dab in

1149

00:53:48,860 --> 00:53:46,980

the middle of Camden it's actually right

1150

00:53:50,990 --> 00:53:48,870

next to the police station and the

1151
00:53:54,830 --> 00:53:51,000
Camden the big Camden hotel I forget the

1152
00:53:57,080 --> 00:53:54,840
name of it now and he lived just about

1153
00:53:59,570 --> 00:53:57,090
less than a mile up Washington Street

1154
00:54:01,370 --> 00:53:59,580
walking away from town so he's walking

1155
00:54:04,100 --> 00:54:01,380
home it's early evening so we're talking

1156
00:54:06,950 --> 00:54:04,110
6-7 p.m. it's in the summer so it's not

1157
00:54:09,920 --> 00:54:06,960
even that dark out yet and he starts

1158
00:54:11,690 --> 00:54:09,930
hearing like this this chirping type a

1159
00:54:14,540 --> 00:54:11,700
sound he could only describe it as

1160
00:54:16,790 --> 00:54:14,550
really like a loud mouse if you will so

1161
00:54:19,040 --> 00:54:16,800
he's looking down trying not to step on

1162
00:54:21,680 --> 00:54:19,050
what is probably a large mouth you know

1163
00:54:25,850 --> 00:54:21,690

and as he's looking down he sees this

1164

00:54:27,080 --> 00:54:25,860

large shadow go past him well the only

1165

00:54:29,840 --> 00:54:27,090

way that shadow could have been there

1166

00:54:33,500 --> 00:54:29,850

was if it was above him so he looks up

1167

00:54:37,400 --> 00:54:33,510

and he sees the a very very odd-looking

1168

00:54:39,320 --> 00:54:37,410

creature he described it as the body

1169

00:54:42,260 --> 00:54:39,330

length was about four four and a half

1170

00:54:48,080 --> 00:54:42,270

feet and it was kind of grayish in color

1171

00:54:49,610 --> 00:54:48,090

and its head was made of tubes there was

1172

00:54:52,610 --> 00:54:49,620

like a tube sticking out and then tubes

1173

00:54:54,770 --> 00:54:52,620

on the side maybe think of the pass

1174

00:54:57,800 --> 00:54:54,780

Kaluga incident or however pronounced

1175

00:55:01,520 --> 00:54:57,810

that I know what the cones coming out so

1176

00:55:04,160 --> 00:55:01,530

kinda like that but he saw that it had

1177

00:55:06,500 --> 00:55:04,170

enormous wings so he's frozen to the

1178

00:55:11,390 --> 00:55:06,510

spot watching this thing fly

1179

00:55:14,360 --> 00:55:11,400

and it flies up over his house where he

1180

00:55:16,250 --> 00:55:14,370

lived at the time so in in doing that

1181

00:55:19,130 --> 00:55:16,260

flight pattern he was able to measure

1182

00:55:20,690 --> 00:55:19,140

the length of the wind and it said it

1183

00:55:22,760 --> 00:55:20,700

went from one end of the eaves to the

1184

00:55:23,990 --> 00:55:22,770

other end of the ease of the apartment

1185

00:55:26,600 --> 00:55:24,000

that he was living in at the time of the

1186

00:55:28,610 --> 00:55:26,610

spokes and so they measured that a few

1187

00:55:30,260 --> 00:55:28,620

days later and found out it was 25 feet

1188

00:55:33,170 --> 00:55:30,270

long so he couldn't believe he saw

1189

00:55:36,230 --> 00:55:33,180

something with a 25 foot wingspan and it

1190

00:55:39,110 --> 00:55:36,240

flew up over the apartment and swooped

1191

00:55:41,210 --> 00:55:39,120

down to a marshy area behind the

1192

00:55:44,810 --> 00:55:41,220

apartment somewhere he didn't really

1193

00:55:47,450 --> 00:55:44,820

know where so he told friends and family

1194

00:55:49,760 --> 00:55:47,460

and people about this and he really

1195

00:55:51,740 --> 00:55:49,770

wasn't scoffed at but they're like you

1196

00:55:53,630 --> 00:55:51,750

know it was probably a a large bird

1197

00:55:55,610 --> 00:55:53,640

maybe a turkey vulture maybe a Sandy

1198

00:55:57,560 --> 00:55:55,620

Hill crane you know something like that

1199

00:56:02,660 --> 00:55:57,570

he knew it was nothing like that and

1200

00:56:03,740 --> 00:56:02,670

then the dreams started which is kind of

1201

00:56:05,360 --> 00:56:03,750

interesting because there's like some

1202

00:56:06,980 --> 00:56:05,370

concurrent themes here with the Mothman

1203

00:56:08,870 --> 00:56:06,990

a point pleasant and what's happening to

1204

00:56:11,960 --> 00:56:08,880

this guy where he starts having these

1205

00:56:13,880 --> 00:56:11,970

UFO encounters and he sinks their dreams

1206

00:56:15,740 --> 00:56:13,890

but when he really stops and thinks

1207

00:56:18,200 --> 00:56:15,750

about it he's thinking that they're

1208

00:56:20,600 --> 00:56:18,210

actually memories like he just kind of

1209

00:56:22,190 --> 00:56:20,610

knows it you know like when you think

1210

00:56:24,680 --> 00:56:22,200

about a memory it's just something you

1211

00:56:26,240 --> 00:56:24,690

know you know it's hard to explain but

1212

00:56:28,250 --> 00:56:26,250

if a dream you're like we're calling a

1213

00:56:30,110 --> 00:56:28,260

dream and trying to explain it the best

1214

00:56:32,810 --> 00:56:30,120

way you can but this really felt like a

1215

00:56:34,490 --> 00:56:32,820

memory in the stream which he had time

1216

00:56:36,890 --> 00:56:34,500

and time and time again after the

1217

00:56:38,690 --> 00:56:36,900

incident he's standing that that exact

1218

00:56:41,740 --> 00:56:38,700

same spot where the thing flew over him

1219

00:56:45,350 --> 00:56:41,750

and he looks up and he sees this large

1220

00:56:49,310 --> 00:56:45,360

craft silently and without lights

1221

00:56:53,030 --> 00:56:49,320

hovering above him when he notices it it

1222

00:56:55,160 --> 00:56:53,040

kind of roars to life very loud very big

1223

00:56:57,670 --> 00:56:55,170

and then takes off and he kept having

1224

00:57:04,280 --> 00:56:57,680

this dream a reoccurring dream

1225

00:57:05,900 --> 00:57:04,290

so fast-forward a couple of years now he

1226

00:57:07,180 --> 00:57:05,910

kind of wrote it I he like he knew he

1227

00:57:09,200 --> 00:57:07,190

saw something that was weird

1228

00:57:10,460 --> 00:57:09,210

friends and family didn't really believe

1229

00:57:12,230 --> 00:57:10,470

him or thought he misidentified

1230

00:57:13,940 --> 00:57:12,240

something but a couple years later he's

1231

00:57:15,980 --> 00:57:13,950

in college now and came home for the

1232

00:57:18,620 --> 00:57:15,990

summer to visit or to work you know and

1233

00:57:20,069 --> 00:57:18,630

on one of his off days he's riding

1234

00:57:24,479 --> 00:57:20,079

around with a buddy

1235

00:57:28,589 --> 00:57:24,489

and as they're riding around this thing

1236

00:57:32,189 --> 00:57:28,599

splats against their window freaks them

1237

00:57:34,009 --> 00:57:32,199

right out and the witness is looking

1238

00:57:37,799 --> 00:57:34,019

right at it and it's this weird

1239

00:57:40,319 --> 00:57:37,809

transparent grayish flesh and it's got a

1240

00:57:43,169 --> 00:57:40,329

really large wingspan maybe four feet

1241

00:57:47,039 --> 00:57:43,179

maybe six feet something like that and

1242

00:57:50,969 --> 00:57:47,049

in his mind he's thinking is it is it a

1243

00:57:54,749 --> 00:57:50,979

offspring of the thing he saw two years

1244

00:57:57,179 --> 00:57:54,759

earlier so they roll to a stop and they

1245

00:58:01,499 --> 00:57:57,189

both assume this thing is dead just as

1246

00:58:04,429 --> 00:58:01,509

the car stops it flutters takes off and

1247

00:58:07,669 --> 00:58:04,439

flies towards the marshy area again

1248

00:58:10,130 --> 00:58:07,679

where he witnessed it the the first time

1249

00:58:12,779 --> 00:58:10,140

with the cowlings

1250

00:58:14,729 --> 00:58:12,789

like no that one was the daytime that

1251

00:58:17,759 --> 00:58:14,739

was a daytime so he actually was during

1252

00:58:20,400 --> 00:58:17,769

the day he must have been able to get a

1253

00:58:23,609 --> 00:58:20,410

much better look at it oh yeah yeah and

1254

00:58:26,189 --> 00:58:23,619

however the way it was splatted against

1255

00:58:28,199 --> 00:58:26,199

the window he described it as like messy

1256

00:58:30,239 --> 00:58:28,209

paper mache like that's all he could

1257

00:58:32,999 --> 00:58:30,249

make out and like these weird

1258

00:58:35,099 --> 00:58:33,009

translucent type bat wings he actually

1259

00:58:36,120 --> 00:58:35,109

drew it and there is a copy of it do you

1260

00:58:37,049 --> 00:58:36,130

have the book in front of you mark I do

1261

00:58:41,549 --> 00:58:37,059

yes mm-hmm

1262

00:58:44,459 --> 00:58:41,559

page 101 okay so and he what he thinks

1263

00:58:48,929 --> 00:58:44,469

it looks like now you just you just

1264

00:58:50,999 --> 00:58:48,939

mentioned the pascagoula yeah so I just

1265

00:58:54,359 --> 00:58:51,009

wanted to oh yes here it is here I'm

1266

00:58:56,900 --> 00:58:54,369

gonna put it up let's see put up so

1267

00:58:59,519 --> 00:58:56,910

anyone can see that on on YouTube itself

1268

00:59:04,410 --> 00:58:59,529

and I'll do it on my end too just in

1269

00:59:10,169 --> 00:59:04,420

case I'm not good at aiming this so um

1270

00:59:12,900 --> 00:59:10,179

there it is so Calvin Parker was one of

1271

00:59:16,259 --> 00:59:12,910

the two that was himself in Charles

1272

00:59:19,349 --> 00:59:16,269

Hickson at that Pascagoula case very

1273

00:59:21,269 --> 00:59:19,359

interesting case back in 1973 Calibur

1274

00:59:24,029 --> 00:59:21,279

leaves a gentleman he's been on this

1275

00:59:27,959 --> 00:59:24,039

show before I heard he was starting a

1276

00:59:30,630 --> 00:59:27,969

book it's done and out yeah I got him

1277

00:59:33,569 --> 00:59:30,640

connected with a Philip mantel over in

1278

00:59:33,780 --> 00:59:33,579

English and so that books coming out so

1279

00:59:36,000 --> 00:59:33,790

I just

1280

00:59:38,550 --> 00:59:36,010

wanted to announce that Calvin Parker

1281

00:59:41,160 --> 00:59:38,560

will be on the show again to talk about

1282

00:59:42,480 --> 00:59:41,170

the book and he was such a great guest

1283

00:59:45,450 --> 00:59:42,490

I'm really looking forward to having

1284

00:59:48,960 --> 00:59:45,460

back he's gonna be on an August 7th

1285

00:59:50,280 --> 00:59:48,970

so he'll show again great guy I just

1286

00:59:53,640 --> 00:59:50,290

want to make sure that date is right

1287

00:59:56,400 --> 00:59:53,650

yeah that is August 7th is a Tuesday so

1288

00:59:58,590 --> 00:59:56,410

he'll be on the show then so that's

1289

01:00:03,410 --> 00:59:58,600

that's interesting I really like the

1290

01:00:05,640 --> 01:00:03,420

oddball stories things that you know I

1291

01:00:07,620 --> 01:00:05,650

can't remember who I had as a guest in

1292

01:00:10,700 --> 01:00:07,630

the show but that was something they

1293

01:00:14,040 --> 01:00:10,710

mentioned the otter they are like

1294

01:00:18,350 --> 01:00:14,050

someone said something about the teddy

1295

01:00:20,940 --> 01:00:18,360

bear on the porch with a plaid material

1296

01:00:22,440 --> 01:00:20,950

that sounds awful odd during UFO

1297

01:00:24,600 --> 01:00:22,450

encounter but I want to know more about

1298

01:00:26,640 --> 01:00:24,610

that you know the really odd weird

1299

01:00:29,130 --> 01:00:26,650

strange things that don't make any sense

1300

01:00:32,850 --> 01:00:29,140

sometimes they're just really

1301

01:00:34,950 --> 01:00:32,860

interesting there's I have some stories

1302

01:00:38,010 --> 01:00:34,960

about this woman who experienced missing

1303

01:00:42,570 --> 01:00:38,020

time and the first time was I thought

1304

01:00:44,940 --> 01:00:42,580

yeah and the first time was with her

1305

01:00:46,560 --> 01:00:44,950

whole family during a UFO sighting and

1306

01:00:48,120 --> 01:00:46,570

then the second time she doesn't even

1307

01:00:50,220 --> 01:00:48,130

remember seeing anything odd it was

1308

01:00:54,060 --> 01:00:50,230

during the day and and she had missed

1309

01:00:58,020 --> 01:00:54,070

like three hours very crazy three hours

1310

01:01:00,600 --> 01:00:58,030

boy yeah yeah those missing time cases

1311

01:01:02,910 --> 01:01:00,610

are really interesting to me too so we

1312

01:01:05,370 --> 01:01:02,920

are taking calls just to let the

1313

01:01:08,520 --> 01:01:05,380

listener know you can call in the number

1314

01:01:12,380 --> 01:01:08,530

on YouTube will be up on your screen

1315

01:01:15,570 --> 01:01:12,390

also and I hesitate to say that call

1316

01:01:17,700 --> 01:01:15,580

over the air and the reason is is I get

1317

01:01:20,520 --> 01:01:17,710

tons of calls like when this show is

1318

01:01:22,230 --> 01:01:20,530

playing on different shows including

1319

01:01:24,240 --> 01:01:22,240

it's always on the Dark Matter digital

1320

01:01:26,580 --> 01:01:24,250

network the full shows and just

1321

01:01:29,760 --> 01:01:26,590

ridiculous to know that time has changed

1322

01:01:33,390 --> 01:01:29,770

it's now I believe at 7 p.m. Eastern

1323

01:01:37,920 --> 01:01:33,400

Standard Time instead of 9 or 10 where

1324

01:01:39,360 --> 01:01:37,930

it used to be anyway so that number is

1325

01:01:44,160 --> 01:01:39,370

up on the screen it's also in the chat

1326

01:01:45,990 --> 01:01:44,170

over at kgr a chat over there and I'm

1327

01:01:47,050 --> 01:01:46,000

sure we have some I'm going to try to

1328

01:01:49,270 --> 01:01:47,060

pay attention to some of

1329

01:01:51,430 --> 01:01:49,280

the questions that we have but anyone

1330

01:01:52,840 --> 01:01:51,440

can call in again that numbers up on the

1331

01:01:56,200 --> 01:01:52,850

screen if you'd like to call in and ask

1332

01:01:59,170 --> 01:01:56,210

our guest a question also if you happen

1333

01:02:01,900 --> 01:01:59,180

to be listening from Maine or the

1334

01:02:04,360 --> 01:02:01,910

Northeast and you have a story that

1335

01:02:06,730 --> 01:02:04,370

you'd like to call in and talk about it

1336

01:02:08,680 --> 01:02:06,740

doesn't have to be UFO we'd prefer that

1337

01:02:10,810 --> 01:02:08,690

but if it's another kind of strange

1338

01:02:14,230 --> 01:02:10,820

happening you're also welcome to call in

1339

01:02:16,330 --> 01:02:14,240

and tell us about it I found that when

1340

01:02:19,030 --> 01:02:16,340

you and I have talked in between your

1341

01:02:22,960 --> 01:02:19,040

books you've always been interested in

1342

01:02:27,700 --> 01:02:22,970

the stories that that I have that I tell

1343

01:02:30,580 --> 01:02:27,710

you but as far as I'm sure you know this

1344

01:02:34,660 --> 01:02:30,590

is a hesitancy for people to report in

1345

01:02:37,240 --> 01:02:34,670

general you know and so before we go

1346

01:02:40,270 --> 01:02:37,250

into this other other stories some other

1347

01:02:43,630 --> 01:02:40,280

stories how do you generally break the

1348

01:02:45,160 --> 01:02:43,640

ice with say a lobstermen or someone

1349

01:02:48,550 --> 01:02:45,170

like that oh we have someone calling in

1350

01:02:52,360 --> 01:02:48,560

hold that thought okay we're gonna think

1351
01:02:54,400 --> 01:02:52,370
lobstermen all right so caller welcome

1352
01:02:58,810 --> 01:02:54,410
to the show and your first name and

1353
01:03:00,370 --> 01:02:58,820
where you're calling from please hey

1354
01:03:03,130 --> 01:03:00,380
Martin this is Ron I'm from South

1355
01:03:04,300 --> 01:03:03,140
Carolina hey Ryan how are you hey how

1356
01:03:06,400 --> 01:03:04,310
you doing good good

1357
01:03:09,940 --> 01:03:06,410
thanks for calling owner you got it you

1358
01:03:11,860 --> 01:03:09,950
got a question for our guest yes I do

1359
01:03:12,460 --> 01:03:11,870
hope I didn't call it a bad time no not

1360
01:03:15,070 --> 01:03:12,470
at all

1361
01:03:19,300 --> 01:03:15,080
well what's going on right hey what's

1362
01:03:22,330 --> 01:03:19,310
going on hey I had a question for your

1363
01:03:25,360 --> 01:03:22,340

guest yes he's uh he's documented so

1364

01:03:29,710 --> 01:03:25,370

many of these encounters I wonder if he

1365

01:03:32,770 --> 01:03:29,720

had a had a theory about how these how

1366

01:03:35,590 --> 01:03:32,780

the aliens can handle our environment

1367

01:03:37,120 --> 01:03:35,600

and how we can handle theirs in terms of

1368

01:03:40,630 --> 01:03:37,130

physical environment because to me

1369

01:03:44,160 --> 01:03:40,640

that's always been one of the really

1370

01:03:46,390 --> 01:03:44,170

difficult things to me to get past

1371

01:03:49,590 --> 01:03:46,400

because you think about it I mean for

1372

01:03:51,910 --> 01:03:49,600

example and the Apollo moon landings you

1373

01:03:54,400 --> 01:03:51,920

you know astronauts were having to wear

1374

01:03:56,710 --> 01:03:54,410

suits because you know obviously the

1375

01:03:58,510 --> 01:03:56,720

atmospheric pressure is different there

1376

01:04:00,340 --> 01:03:58,520

the environments different the

1377

01:04:01,190 --> 01:04:00,350

temperature is different and it's just

1378

01:04:03,440 --> 01:04:01,200

always amazing

1379

01:04:05,960 --> 01:04:03,450

how so many of these stories the aliens

1380

01:04:07,610 --> 01:04:05,970

are are taking our environment and we're

1381

01:04:09,440 --> 01:04:07,620

taking we're able to go aboard their

1382

01:04:12,320 --> 01:04:09,450

ships and take theirs I just wondered if

1383

01:04:14,750 --> 01:04:12,330

he had a theory there well alright I do

1384

01:04:16,730 --> 01:04:14,760

have a couple of thoughts on it and one

1385

01:04:20,900 --> 01:04:16,740

of them is a bit more mundane than the

1386

01:04:23,600 --> 01:04:20,910

other but and in my opinion I really

1387

01:04:24,860 --> 01:04:23,610

think and this is like you gotta be

1388

01:04:27,260 --> 01:04:24,870

open-minded cuz you were saying you have

1389

01:04:30,920 --> 01:04:27,270

a hard time getting past it to be so

1390

01:04:32,060 --> 01:04:30,930

open-minded is to think that if this is

1391

01:04:34,850 --> 01:04:32,070

real hey do you believe in

1392

01:04:36,980 --> 01:04:34,860

extraterrestrials to begin with and B if

1393

01:04:39,530 --> 01:04:36,990

you do believe in extraterrestrials then

1394

01:04:42,640 --> 01:04:39,540

how much more technologically advanced

1395

01:04:45,050 --> 01:04:42,650

could they be from us and in my opinion

1396

01:04:46,850 --> 01:04:45,060

are they wearing suits the way we

1397

01:04:50,450 --> 01:04:46,860

perceive them right now are we

1398

01:04:52,280 --> 01:04:50,460

perceiving them as how they are or are

1399

01:04:54,050 --> 01:04:52,290

we perceiving them the way they want us

1400

01:04:55,370 --> 01:04:54,060

to see them the point being is that they

1401

01:04:58,430 --> 01:04:55,380

could be wearing suits they could be

1402

01:05:00,260 --> 01:04:58,440

wearing breathers they could have a

1403

01:05:02,810 --> 01:05:00,270

technology where there's just this

1404

01:05:06,170 --> 01:05:02,820

invisible force field of some sort is

1405

01:05:08,390 --> 01:05:06,180

around them but really that's it be open

1406

01:05:10,340 --> 01:05:08,400

minded and they're probably more

1407

01:05:12,320 --> 01:05:10,350

technologically advanced than us but in

1408

01:05:14,540 --> 01:05:12,330

regards to like a solid theory

1409

01:05:16,670 --> 01:05:14,550

absolutely not I just have no idea

1410

01:05:19,040 --> 01:05:16,680

what's going on and the more I talk to

1411

01:05:21,770 --> 01:05:19,050

people and get these stories the more

1412

01:05:23,870 --> 01:05:21,780

confused I am it doesn't lead to more

1413

01:05:25,790 --> 01:05:23,880

answers it leads to more questions I

1414

01:05:28,010 --> 01:05:25,800

just try min I'd like to chime in on

1415

01:05:31,040 --> 01:05:28,020

that a little bit yeah I always think

1416

01:05:33,920 --> 01:05:31,050

have been about when the Spaniards you

1417

01:05:36,290 --> 01:05:33,930

know landed in and you know the Mexican

1418

01:05:40,520 --> 01:05:36,300

Peninsula and then their European

1419

01:05:43,190 --> 01:05:40,530

diseases wiped out entire indigenous

1420

01:05:45,650 --> 01:05:43,200

people and especially in the in the

1421

01:05:50,500 --> 01:05:45,660

missions when they were trapped them and

1422

01:05:53,150 --> 01:05:50,510

these missions and try to you know

1423

01:05:55,610 --> 01:05:53,160

change their ways that even change their

1424

01:05:57,380 --> 01:05:55,620

to Christian names and all that so they

1425

01:06:00,410 --> 01:05:57,390

just wiped them out so I always think of

1426

01:06:02,630 --> 01:06:00,420

that you know like if you were to go on

1427

01:06:05,630 --> 01:06:02,640

another planet where you could actually

1428

01:06:07,400 --> 01:06:05,640

breathe the air you're just so

1429

01:06:09,380 --> 01:06:07,410

vulnerable to any type of unknown

1430

01:06:12,320 --> 01:06:09,390

disease that could be lurking there and

1431

01:06:14,090 --> 01:06:12,330

that's how I feel also if they can

1432

01:06:14,540 --> 01:06:14,100

actually breathe our air here wouldn't

1433

01:06:17,030 --> 01:06:14,550

that be a

1434

01:06:19,460 --> 01:06:17,040

major concern or do they actually get

1435

01:06:23,080 --> 01:06:19,470

you know shots before they come here

1436

01:06:25,520 --> 01:06:23,090

I honestly think they're they're

1437

01:06:31,760 --> 01:06:25,530

technically advanced enough to immune

1438

01:06:34,880 --> 01:06:31,770

yin unionize themselves yeah you know

1439

01:06:36,950 --> 01:06:34,890

it's probably that you know but there's

1440

01:06:38,780 --> 01:06:36,960

a few little hoops you got to jump

1441

01:06:40,640 --> 01:06:38,790

through first to get there and that's a

1442

01:06:41,870 --> 01:06:40,650

or UFO's real be if so are the

1443

01:06:43,550 --> 01:06:41,880

extraterrestrial they are

1444

01:06:45,530 --> 01:06:43,560

extraterrestrial how are they physically

1445

01:06:47,510 --> 01:06:45,540

like getting here if they're physically

1446

01:06:49,550 --> 01:06:47,520

getting here then you start asking

1447

01:06:51,260 --> 01:06:49,560

questions about the environment and what

1448

01:06:53,270 --> 01:06:51,270

Ryan was asking you know so there's a

1449

01:06:55,970 --> 01:06:53,280

few hoops to get there if you follow me

1450

01:06:57,920 --> 01:06:55,980

and if you're already starting at that

1451

01:06:59,540 --> 01:06:57,930

place where you believe and all that

1452

01:07:01,880 --> 01:06:59,550

good stuff and they are coming here

1453

01:07:04,340 --> 01:07:01,890

physically then there's probably some

1454

01:07:05,990 --> 01:07:04,350

sort of technological advancement that

1455

01:07:08,570 --> 01:07:06,000

they have that we don't that allows them

1456

01:07:11,570 --> 01:07:08,580

to be in our environment right Ryan you

1457

01:07:14,060 --> 01:07:11,580

got anything else well yeah I mean just

1458

01:07:17,510 --> 01:07:14,070

to follow up I mean I you know I believe

1459

01:07:20,030 --> 01:07:17,520

that there's likely intelligent life

1460

01:07:21,650 --> 01:07:20,040

elsewhere I mean you know to me the idea

1461

01:07:24,380 --> 01:07:21,660

I mean in this galaxy alone there are

1462

01:07:26,030 --> 01:07:24,390

billions of stars I mean the idea that

1463

01:07:28,130 --> 01:07:26,040

were the only ones I mean it to me

1464

01:07:30,560 --> 01:07:28,140

that's just preposterous now whether or

1465

01:07:32,570 --> 01:07:30,570

not now whether or not that's come here

1466

01:07:34,910 --> 01:07:32,580

I mean you know I don't know about that

1467

01:07:36,620 --> 01:07:34,920

and that's some of these stories that's

1468

01:07:39,170 --> 01:07:36,630

one of the things always bothered me but

1469

01:07:41,930 --> 01:07:39,180

you know if you think in terms of maybe

1470

01:07:44,030 --> 01:07:41,940

they're wearing some sort of some kind

1471

01:07:45,470 --> 01:07:44,040

of electric or magnetic field that is

1472

01:07:48,980 --> 01:07:45,480

that gives them a self-contained

1473

01:07:51,560 --> 01:07:48,990

atmosphere and that's their suit I mean

1474

01:07:54,170 --> 01:07:51,570

yeah okay that makes sense to me but

1475

01:07:56,630 --> 01:07:54,180

then then you still run into the problem

1476

01:08:00,950 --> 01:07:56,640

I mean for example they're stories of

1477

01:08:02,180 --> 01:08:00,960

them grabbing abductees in and leading

1478

01:08:03,590 --> 01:08:02,190

them somewhere and all that kind of

1479

01:08:05,360 --> 01:08:03,600

stuff and you know none of these people

1480

01:08:08,920 --> 01:08:05,370

to my knowledge have ever reported that

1481

01:08:12,470 --> 01:08:08,930

you know feeling some sort of shock or

1482

01:08:15,890 --> 01:08:12,480

something when I make them one thing I'd

1483

01:08:19,520 --> 01:08:15,900

like to inject here Ryan is a the number

1484

01:08:23,420 --> 01:08:19,530

of times I have spoken with Travis Walt

1485

01:08:27,260 --> 01:08:23,430

he has told me that when he woke up on

1486

01:08:28,660 --> 01:08:27,270

that table in the craft that he had a

1487

01:08:31,689 --> 01:08:28,670

very very hard

1488

01:08:33,130 --> 01:08:31,699

I'm breathing the air in that's the only

1489

01:08:35,200 --> 01:08:33,140

time I've heard anyone ever talk about

1490

01:08:37,360 --> 01:08:35,210

anything like that but he said he had to

1491

01:08:41,579 --> 01:08:37,370

really force the air in and out of him

1492

01:08:44,050 --> 01:08:41,589

to breathe which which is really curious

1493

01:08:46,390 --> 01:08:44,060

just another that but that's really the

1494

01:08:48,280 --> 01:08:46,400

only one that I've ever heard of any any

1495

01:08:51,789 --> 01:08:48,290

type of incident no there was something

1496

01:08:54,820 --> 01:08:51,799

different right but it also I mean gets

1497

01:08:56,169 --> 01:08:54,830

into gravity I mean I don't know if

1498

01:08:58,930 --> 01:08:56,179

Travis they were described you know

1499

01:09:00,640 --> 01:08:58,940

feeling any any different in terms of

1500

01:09:02,650 --> 01:09:00,650

gravity being aboard their ship versus

1501

01:09:05,169 --> 01:09:02,660

ours and I'm gonna ask them that in a

1502

01:09:06,880 --> 01:09:05,179

couple of weeks when I see them yeah cuz

1503

01:09:08,229 --> 01:09:06,890

that yeah that's another thing that kind

1504

01:09:09,999 --> 01:09:08,239

of throws me for a loop because a lot of

1505

01:09:12,669 --> 01:09:10,009

times these descriptions of these aliens

1506

01:09:15,099 --> 01:09:12,679

I mean you know they're kind of smaller

1507

01:09:18,039 --> 01:09:15,109

more fragile than we are appear to be

1508

01:09:19,570 --> 01:09:18,049

and you know you'd think that you think

1509

01:09:21,789 --> 01:09:19,580

that the planet they come from probably

1510

01:09:24,189 --> 01:09:21,799

has less mass than our own so you know

1511

01:09:25,689 --> 01:09:24,199

you'd think they would be used to less

1512

01:09:27,160 --> 01:09:25,699

gravity and here they are coming to a

1513

01:09:28,990 --> 01:09:27,170

planet with a lot more grass not like

1514

01:09:31,209 --> 01:09:29,000

when we went to the moon and there yeah

1515

01:09:33,550 --> 01:09:31,219

it has 15% of the gravity of Earth and

1516

01:09:33,939 --> 01:09:33,560

this situation reversed you know what I

1517

01:09:35,800 --> 01:09:33,949

mean

1518

01:09:37,720 --> 01:09:35,810

yeah it's almost like are they going to

1519

01:09:39,999 --> 01:09:37,730

implode but again do they have this

1520

01:09:43,090 --> 01:09:40,009

force field around them right or what's

1521

01:09:45,220 --> 01:09:43,100

happening and I have I can't cite a

1522

01:09:47,769 --> 01:09:45,230

specific case but I seem to remember

1523

01:09:50,860 --> 01:09:47,779

that people kind of feel that the air is

1524

01:09:53,410 --> 01:09:50,870

like electrically charged within the

1525

01:09:55,840 --> 01:09:53,420

sighting of a UFO but that's all I can

1526

01:09:58,180 --> 01:09:55,850

really seem to remember right now yeah

1527

01:10:00,850 --> 01:09:58,190

so some people have have mentioned it is

1528

01:10:03,750 --> 01:10:00,860

that it Ryan you all set yeah that's it

1529

01:10:11,709 --> 01:10:07,919

all right so again the lines open if

1530

01:10:13,930 --> 01:10:11,719

Lauren kgr a radio over in the chat

1531

01:10:16,840 --> 01:10:13,940

there it was posted in the phone number

1532

01:10:18,760 --> 01:10:16,850

was posted over there it's also up on

1533

01:10:20,979 --> 01:10:18,770

YouTube anyone that wants to call in is

1534

01:10:24,040 --> 01:10:20,989

welcome to call in now we were talking

1535

01:10:26,180 --> 01:10:24,050

about lobstermen and that's just a I can

1536

01:10:28,760 --> 01:10:26,190

Salem Lumberjacks are you know

1537

01:10:31,640 --> 01:10:28,770

I got to know some lumber people way up

1538

01:10:32,720 --> 01:10:31,650

in Maine in the Grand Lake Stream area I

1539

01:10:35,150 --> 01:10:32,730

don't know if you even know where that

1540

01:10:39,189 --> 01:10:35,160

is but it's a beautiful part Grand Lake

1541

01:10:43,820 --> 01:10:39,199

mean way up there and it's a hard life

1542

01:10:45,979 --> 01:10:43,830

they're really very sort of macho I

1543

01:10:49,490 --> 01:10:45,989

guess you'd call them or if you wanted

1544

01:10:51,770 --> 01:10:49,500

to generalize again everyone you know I

1545

01:10:54,170 --> 01:10:51,780

don't want to just say all you know

1546

01:10:55,790 --> 01:10:54,180

Mainers are this way or that way but how

1547

01:11:00,170 --> 01:10:55,800

do you break the ice when you're trying

1548

01:11:01,610 --> 01:11:00,180

to talk to someone you know how you get

1549

01:11:03,110 --> 01:11:01,620

their confidence I mean that must be

1550

01:11:06,229 --> 01:11:03,120

really difficult you know any neighbors

1551

01:11:09,590 --> 01:11:06,239

I would say early on it might have been

1552

01:11:11,620 --> 01:11:09,600

but I'm just very used to talking to

1553

01:11:16,459 --> 01:11:11,630

people now and for me it's about

1554

01:11:19,250 --> 01:11:16,469

kindness and talking to them with an

1555

01:11:24,620 --> 01:11:19,260

open-minded skepticism which is pretty

1556

01:11:26,510 --> 01:11:24,630

much you know sans sans judgment because

1557

01:11:28,189 --> 01:11:26,520

the last thing especially a manor but

1558

01:11:31,250 --> 01:11:28,199

the last thing anybody wants to feel is

1559

01:11:33,979 --> 01:11:31,260

is judged especially in a negative

1560

01:11:35,780 --> 01:11:33,989

manner and so I'm very assuring of the

1561

01:11:37,670 --> 01:11:35,790

fact that I all I want is to hear the

1562

01:11:40,610 --> 01:11:37,680

story I'm gonna ask you a few questions

1563

01:11:43,370 --> 01:11:40,620

and if you want and if it's okay with

1564

01:11:45,860 --> 01:11:43,380

you then I will share the the story on a

1565

01:11:48,140 --> 01:11:45,870

bigger level only if that's okay with

1566

01:11:50,600 --> 01:11:48,150

you and I've never gone back on that

1567

01:11:53,990 --> 01:11:50,610

word I've never once published a story

1568

01:11:55,310 --> 01:11:54,000

that somebody told me not to that would

1569

01:11:56,630 --> 01:11:55,320

just go against everything that I

1570

01:12:00,220 --> 01:11:56,640

believe in and everything that I told

1571

01:12:02,479 --> 01:12:00,230

them you know I've been talking with

1572

01:12:04,970 --> 01:12:02,489

quite a bit with the lease beagle he's

1573

01:12:06,170 --> 01:12:04,980

out actually just came back from

1574

01:12:08,390 --> 01:12:06,180

California's Bennett who was out there

1575

01:12:09,740 --> 01:12:08,400

for like six weeks coming back for week

1576
01:12:12,459 --> 01:12:09,750
and going back out again they're trying

1577
01:12:14,840 --> 01:12:12,469
to get James Fox

1578
01:12:17,689 --> 01:12:14,850
their movie dice you know completely

1579
01:12:20,770 --> 01:12:17,699
love working around the clock out there

1580
01:12:24,080 --> 01:12:20,780
and he has told me that they've had

1581
01:12:26,030 --> 01:12:24,090
major interviews we've had a couple of

1582
01:12:28,370 --> 01:12:26,040
major interviews lined up where they

1583
01:12:30,680 --> 01:12:28,380
actually flew even I believe one of them

1584
01:12:33,080 --> 01:12:30,690
even out of the country to get to and

1585
01:12:35,090 --> 01:12:33,090
the person had cleared feet

1586
01:12:36,650 --> 01:12:35,100
right in the middle of the interview can

1587
01:12:38,880 --> 01:12:36,660
you imagine I'm going to be always

1588
01:12:40,560 --> 01:12:38,890

happen to meet many times really there

1589

01:12:42,960 --> 01:12:40,570

there are some great stories that I even

1590

01:12:45,180 --> 01:12:42,970

wrote up and once again came time to

1591

01:12:48,270 --> 01:12:45,190

send them the release letter because any

1592

01:12:51,570 --> 01:12:48,280

time a story's about to be published and

1593

01:12:54,240 --> 01:12:51,580

I use names I have to send them a

1594

01:12:57,690 --> 01:12:54,250

release to say that it's okay oh yeah it

1595

01:12:59,520 --> 01:12:57,700

yeah and that's one cold feet starts

1596

01:13:01,590 --> 01:12:59,530

that's when it starts to get real so

1597

01:13:03,720 --> 01:13:01,600

then I counter with how about I use a

1598

01:13:05,340 --> 01:13:03,730

pseudonym sometimes that has worked

1599

01:13:06,810 --> 01:13:05,350

you'll see it in the book when a

1600

01:13:08,250 --> 01:13:06,820

person's name is listed and then in

1601

01:13:11,310 --> 01:13:08,260

parentheses right next to it it'll say

1602

01:13:13,500 --> 01:13:11,320

pseudonym that's mostly because they

1603

01:13:16,230 --> 01:13:13,510

don't want their name known that is the

1604

01:13:17,730 --> 01:13:16,240

case in the the mothman case I you know

1605

01:13:19,680 --> 01:13:17,740

I spoke to the gentleman but it's that's

1606

01:13:21,240 --> 01:13:19,690

not his real name in the book but

1607

01:13:23,130 --> 01:13:21,250

anyways it's you know it's about it's

1608

01:13:25,470 --> 01:13:23,140

about being kind and if they don't want

1609

01:13:28,470 --> 01:13:25,480

to use it you got to respect it a lot of

1610

01:13:29,820 --> 01:13:28,480

people will say that you know nothing

1611

01:13:32,190 --> 01:13:29,830

really means anything unless someone

1612

01:13:34,230 --> 01:13:32,200

gives a real name but I understand that

1613

01:13:39,930 --> 01:13:34,240

I've actually offered there was a pilot

1614

01:13:42,870 --> 01:13:39,940

i sat next to on a flight west that

1615

01:13:45,690 --> 01:13:42,880

actually told me about he was in the Air

1616

01:13:50,130 --> 01:13:45,700

Force flying up f-18 I think it was and

1617

01:13:52,530 --> 01:13:50,140

had a green orb UFO encounter and I said

1618

01:13:55,020 --> 01:13:52,540

to him hey but he was a he was an

1619

01:13:57,090 --> 01:13:55,030

airline pilot still for United and I

1620

01:13:59,430 --> 01:13:57,100

said do you mind coming on my show he

1621

01:14:01,650 --> 01:13:59,440

wouldn't even come on anonymously you

1622

01:14:03,680 --> 01:14:01,660

know so some people even get cold feet

1623

01:14:06,960 --> 01:14:03,690

right

1624

01:14:10,580 --> 01:14:06,970

yeah yeah there was a gentleman that I

1625

01:14:15,000 --> 01:14:10,590

spoke to who currently works for a major

1626
01:14:18,240 --> 01:14:15,010
New York newspaper that has a couple of

1627
01:14:20,040 --> 01:14:18,250
pretty incredible encounters and towards

1628
01:14:21,420 --> 01:14:20,050
the end of it wasn't able to use the

1629
01:14:22,800 --> 01:14:21,430
name or where he works

1630
01:14:25,200 --> 01:14:22,810
because that would have been pretty

1631
01:14:26,790 --> 01:14:25,210
incredible in my opinion especially the

1632
01:14:28,620 --> 01:14:26,800
type of work that he was doing I thought

1633
01:14:31,320 --> 01:14:28,630
it would lend a lot of credibility to

1634
01:14:33,720 --> 01:14:31,330
the story so I ended up having to refer

1635
01:14:36,390 --> 01:14:33,730
to the story somewhat vaguely towards

1636
01:14:39,330 --> 01:14:36,400
the end of my book all right so we're

1637
01:14:41,340 --> 01:14:39,340
pardon me go ahead no go ahead no I

1638
01:14:44,550 --> 01:14:41,350

wanted to get into some other stories if

1639

01:14:47,840 --> 01:14:44,560

we could and instead of me just picking

1640

01:14:51,510 --> 01:14:47,850

one out besides this one I would like to

1641

01:14:52,940 --> 01:14:51,520

ask you the invasion in Scarborough that

1642

01:14:55,590 --> 01:14:52,950

one just sounds

1643

01:14:58,200 --> 01:14:55,600

sounds interesting scarborough is just

1644

01:15:02,220 --> 01:14:58,210

below Portland Maine right right along

1645

01:15:04,050 --> 01:15:02,230

the coast so let's hear that one and

1646

01:15:07,530 --> 01:15:04,060

then I wanted you to talk about a couple

1647

01:15:10,350 --> 01:15:07,540

of other UFO incidents yeah yeah

1648

01:15:12,510 --> 01:15:10,360

absolutely the scarborough quote-unquote

1649

01:15:15,450 --> 01:15:12,520

invasion some of the titles

1650

01:15:17,520 --> 01:15:15,460

maybe seem a little fantastic but if you

1651

01:15:19,260 --> 01:15:17,530

look through the the the contents the

1652

01:15:21,180 --> 01:15:19,270

table of contents of the book what I'm

1653

01:15:23,280 --> 01:15:21,190

going through is like a 50s and 60s

1654

01:15:25,350 --> 01:15:23,290

sci-fi feel for the name of the chapters

1655

01:15:27,810 --> 01:15:25,360

so there's like starship trooper and you

1656

01:15:30,510 --> 01:15:27,820

know things like that yeah so just a

1657

01:15:32,940 --> 01:15:30,520

enough why I on that but invasion in

1658

01:15:36,060 --> 01:15:32,950

Scarborough kind of seems a bit fitting

1659

01:15:38,910 --> 01:15:36,070

this was somebody going to the drive-in

1660

01:15:42,870 --> 01:15:38,920

movies in Scarborough and that driving

1661

01:15:44,460 --> 01:15:42,880

is still there and as the cars are

1662

01:15:48,450 --> 01:15:44,470

shuffling or moving their way slowly

1663

01:15:51,000 --> 01:15:48,460

into the drive-in this one individual in

1664

01:15:53,850 --> 01:15:51,010

particular saw this really bright light

1665

01:15:55,170 --> 01:15:53,860

from a little ways away probably 200

1666

01:15:57,930 --> 01:15:55,180

yards you know like two maybe three

1667

01:16:00,630 --> 01:15:57,940

football fields away and it was just

1668

01:16:02,580 --> 01:16:00,640

very oddly placed it was kind of like on

1669

01:16:03,930 --> 01:16:02,590

the side of the road but up towards the

1670

01:16:06,630 --> 01:16:03,940

tree line a little bit it didn't seem

1671

01:16:08,070 --> 01:16:06,640

right to him and he almost thought it

1672

01:16:10,890 --> 01:16:08,080

was like the National Guard maybe doing

1673

01:16:12,810 --> 01:16:10,900

some training or something so he kind of

1674

01:16:14,730 --> 01:16:12,820

kept spying this as he's trying to make

1675

01:16:17,550 --> 01:16:14,740

his way into the drive-in so they can

1676
01:16:20,220 --> 01:16:17,560
watch the movie and it's getting closer

1677
01:16:24,110 --> 01:16:20,230
and it's getting closer now other people

1678
01:16:28,770 --> 01:16:24,120
are starting to see it and this light

1679
01:16:31,800 --> 01:16:28,780
then kind of dims and a large craft is

1680
01:16:34,590 --> 01:16:31,810
observed and this craft is traveling

1681
01:16:40,040 --> 01:16:34,600
just below the treetops and it actually

1682
01:16:43,950 --> 01:16:40,050
makes its way over the drive-in theater

1683
01:16:46,260 --> 01:16:43,960
screen so it's like half peeking over

1684
01:16:48,270 --> 01:16:46,270
the drive-in theater screen and there's

1685
01:16:49,890 --> 01:16:48,280
80 a hundred people there and this

1686
01:16:51,840 --> 01:16:49,900
witness said that some people were

1687
01:16:54,800 --> 01:16:51,850
dropping their things and screaming and

1688
01:16:57,060 --> 01:16:54,810

running and he never really kind of knew

1689

01:16:59,370 --> 01:16:57,070

what to make of it or what happened with

1690

01:17:02,160 --> 01:16:59,380

it but he certainly reported it to MUFON

1691

01:17:05,010 --> 01:17:02,170

and MUFON investigated it and ultimately

1692

01:17:06,060 --> 01:17:05,020

came back as unknown they they didn't

1693

01:17:10,080 --> 01:17:06,070

have any

1694

01:17:12,810 --> 01:17:10,090

anything to attribute it to well now you

1695

01:17:15,450 --> 01:17:12,820

had actually you had a belief was it a

1696

01:17:18,510 --> 01:17:15,460

chapter or something that was written by

1697

01:17:21,689 --> 01:17:18,520

someone from MUFON right yeah yeah the

1698

01:17:24,120 --> 01:17:21,699

I've I've been working with Valerie

1699

01:17:27,810 --> 01:17:24,130

Schultz she's the main state director of

1700

01:17:29,640 --> 01:17:27,820

MUFON and New Hampshire actually and her

1701

01:17:31,890 --> 01:17:29,650

and I have been working together pretty

1702

01:17:34,890 --> 01:17:31,900

closely she's shared six seven eight

1703

01:17:37,080 --> 01:17:34,900

stories in this book and she actually we

1704

01:17:39,780 --> 01:17:37,090

co-wrote a couple of them together and

1705

01:17:43,439 --> 01:17:39,790

the invasion in Scarborough is one of

1706

01:17:45,990 --> 01:17:43,449

those and she's a wealth of knowledge I

1707

01:17:50,120 --> 01:17:46,000

do have some apprehension working with

1708

01:17:54,089 --> 01:17:50,130

MUFON especially since the John venture

1709

01:17:55,950 --> 01:17:54,099

fiasco in my opinion and he was actually

1710

01:17:57,600 --> 01:17:55,960

the main state director he was the the

1711

01:17:59,520 --> 01:17:57,610

state director of nine different states

1712

01:18:00,780 --> 01:17:59,530

including Philly and Maine I'm not sure

1713

01:18:05,370 --> 01:18:00,790

if he was New Hampshire as well

1714

01:18:07,709 --> 01:18:05,380

but so what yeah once the once the the

1715

01:18:10,740 --> 01:18:07,719

racism thing came out he was immediately

1716

01:18:13,470 --> 01:18:10,750

removed from you know his State Director

1717

01:18:15,300 --> 01:18:13,480

titles in all nine states and Valerie

1718

01:18:16,800 --> 01:18:15,310

who was the assistant state director at

1719

01:18:20,819 --> 01:18:16,810

the time was promoted to state director

1720

01:18:22,859 --> 01:18:20,829

now I feel like I know I said I feel

1721

01:18:24,899 --> 01:18:22,869

apprehensive working with MUFON but the

1722

01:18:27,930 --> 01:18:24,909

fielding investigators the assistant

1723

01:18:30,600 --> 01:18:27,940

director the director it is all non paid

1724

01:18:33,540 --> 01:18:30,610

volunteer work and these people are

1725

01:18:35,370 --> 01:18:33,550

hardworking honest people really trying

1726

01:18:36,870 --> 01:18:35,380

to do just exactly what you know you and

1727

01:18:38,550 --> 01:18:36,880

I and other investigators you're trying

1728

01:18:40,589 --> 01:18:38,560

to do trying to figure out what's going

1729

01:18:43,649 --> 01:18:40,599

on trying to get stories and share them

1730

01:18:46,439 --> 01:18:43,659

you know so I have a hard time judging

1731

01:18:49,979 --> 01:18:46,449

the actions of a few to to the entire

1732

01:18:52,050 --> 01:18:49,989

corporation if you will you know so I

1733

01:18:53,399 --> 01:18:52,060

have a great relationship with with with

1734

01:18:55,260 --> 01:18:53,409

Val and we're gonna continue to work

1735

01:18:57,899 --> 01:18:55,270

together we actually have a meeting this

1736

01:19:00,450 --> 01:18:57,909

Saturday up in Millinocket Millinocket

1737

01:19:03,540 --> 01:19:00,460

Wow yep I can't get there from here

1738

01:19:11,240 --> 01:19:03,550

that's one of the yeah it's a Burton

1739

01:19:19,460 --> 01:19:17,129

yeah okay so a couple of them I wanted

1740

01:19:21,620 --> 01:19:19,470

you you said there was another

1741

01:19:25,400 --> 01:19:21,630

encounter I that you had your own

1742

01:19:27,140 --> 01:19:25,410

opinion on and what was that yeah I was

1743

01:19:31,640 --> 01:19:27,150

actually the allegation okay yeah let's

1744

01:19:33,020 --> 01:19:31,650

hear that well there's a newspaper up in

1745

01:19:35,150 --> 01:19:33,030

Presque Isle I think it's called like

1746

01:19:36,740 --> 01:19:35,160

the fiddlehead press or something it

1747

01:19:37,940 --> 01:19:36,750

really just is the major newspaper in

1748

01:19:39,470 --> 01:19:37,950

Presque Isle I think it was called the

1749

01:19:41,720 --> 01:19:39,480

Presque Isle Times or the Presque Isle

1750

01:19:44,240 --> 01:19:41,730

Herald or something at one time but it's

1751

01:19:45,730 --> 01:19:44,250

changed to like the fiddlehead something

1752

01:19:52,610 --> 01:19:45,740

or other I forget it's in the book

1753

01:19:56,660 --> 01:19:52,620

anyway this article came out where one

1754

01:20:00,020 --> 01:19:56,670

of the four members of the Allagash

1755

01:20:03,050 --> 01:20:00,030

abduction has since recanted his claims

1756

01:20:04,790 --> 01:20:03,060

oh I know about that yeah yeah yeah

1757

01:20:10,210 --> 01:20:04,800

there's been a lot of friction about

1758

01:20:12,350 --> 01:20:10,220

that and yeah directly from but going or

1759

01:20:17,870 --> 01:20:12,360

well there you know there's been some

1760

01:20:20,330 --> 01:20:17,880

infighting and is it Chuck Chuck is

1761

01:20:24,320 --> 01:20:20,340

Chuck his baby on this show way back

1762

01:20:27,860 --> 01:20:24,330

when Chuck and yeah yeah Jim Jack and

1763

01:20:30,590 --> 01:20:27,870

Charlie still believe that they were

1764

01:20:33,350 --> 01:20:30,600

abducted but Chuck no longer does Chuck

1765

01:20:35,750 --> 01:20:33,360

Rack is his name right right it was

1766

01:20:37,430 --> 01:20:35,760

Charlie that I had on okay so you must

1767

01:20:39,680 --> 01:20:37,440

said Jim and Charlie yeah I had Jim and

1768

01:20:41,810 --> 01:20:39,690

Charlie on yes and the name of that

1769

01:20:45,140 --> 01:20:41,820

newspaper is the federal fiddlehead

1770

01:20:47,690 --> 01:20:45,150

focus and it was it's out of Madawaska

1771

01:20:50,630 --> 01:20:47,700

Maine yeah sort of listener that doesn't

1772

01:20:53,270 --> 01:20:50,640

know fiddlehead is a fern and they cut

1773

01:20:55,070 --> 01:20:53,280

him in in the spring and cook them up

1774

01:20:57,890 --> 01:20:55,080

and put butter and vinegar and pepper

1775

01:21:03,530 --> 01:20:57,900

mhm mhm mhm they good they are tasty

1776

01:21:05,990 --> 01:21:03,540

think I'm or wild asparagus kinda yeah

1777

01:21:08,900 --> 01:21:06,000

but this article came out in 2016 where

1778

01:21:10,940 --> 01:21:08,910

Chuck Rack one of the four has distanced

1779

01:21:13,940 --> 01:21:10,950

himself and says that it never happened

1780

01:21:16,100 --> 01:21:13,950

he even has discrepancies in how big the

1781

01:21:18,410 --> 01:21:16,110

wood was that they put on their fire

1782

01:21:20,780 --> 01:21:18,420

because the fire that they built is kind

1783

01:21:22,690 --> 01:21:20,790

of the crux of their missing time you

1784

01:21:27,170 --> 01:21:22,700

know where they built this huge fire

1785

01:21:30,440 --> 01:21:27,180

where they used wood that was as big as

1786

01:21:32,450 --> 01:21:30,450

10 12 15 inches around and that they

1787

01:21:33,260 --> 01:21:32,460

kind of made it bonfire style so they

1788

01:21:35,840 --> 01:21:33,270

can make their

1789

01:21:38,960 --> 01:21:35,850

back to shore after doing some night

1790

01:21:42,320 --> 01:21:38,970

fishing well truck rack now states that

1791

01:21:44,840 --> 01:21:42,330

they use smaller less than a diameter of

1792

01:21:46,940 --> 01:21:44,850

someone's forearm type of wood which is

1793

01:21:49,160 --> 01:21:46,950

why it burned out a lot more quickly and

1794

01:21:50,930 --> 01:21:49,170

it didn't last as long as they say and

1795

01:21:52,610 --> 01:21:50,940

that missing time didn't happen well

1796

01:21:53,990 --> 01:21:52,620

anyways the other three gentlemen said

1797

01:21:57,650 --> 01:21:54,000

it did happen that they were abducted

1798

01:22:01,460 --> 01:21:57,660

and the reason I give my opinion in this

1799

01:22:04,250 --> 01:22:01,470

in this particular story is because this

1800

01:22:07,490 --> 01:22:04,260

was the first UFO story that I ever

1801
01:22:10,730 --> 01:22:07,500
heard of taking place in me and I saw it

1802
01:22:13,310 --> 01:22:10,740
on my favorite television show as a

1803
01:22:17,810 --> 01:22:13,320
child which was unsolved mysteries you

1804
01:22:19,460 --> 01:22:17,820
get Robert Stack and a UFO story and I'm

1805
01:22:19,910 --> 01:22:19,470
enthralled your enthrall I don't care

1806
01:22:21,740 --> 01:22:19,920
who you are

1807
01:22:24,500 --> 01:22:21,750
urine trough you know when you get when

1808
01:22:25,880 --> 01:22:24,510
you add Robert Stack and UFOs anyway so

1809
01:22:27,590 --> 01:22:25,890
that's where I first heard the allagash

1810
01:22:30,380 --> 01:22:27,600
abduction story and so I was fascinated

1811
01:22:33,560 --> 01:22:30,390
by it years later I ended up getting

1812
01:22:35,540 --> 01:22:33,570
Raymond Fowler's book on the Allagash

1813
01:22:38,180 --> 01:22:35,550

abductions and this is a thorough

1814

01:22:40,070 --> 01:22:38,190

thorough telling of the story with

1815

01:22:42,080 --> 01:22:40,080

investigations and hypnotic regression

1816

01:22:45,470 --> 01:22:42,090

and and all this really really great

1817

01:22:51,110 --> 01:22:45,480

stuff and so I've been a believer of

1818

01:22:54,110 --> 01:22:51,120

this story and Jim Jack and Charlie have

1819

01:22:57,410 --> 01:22:54,120

described that Chuck's actions have been

1820

01:22:59,360 --> 01:22:57,420

almost violent at some points and he's

1821

01:23:02,360 --> 01:22:59,370

not welcome yeah and he's not welcomed

1822

01:23:04,430 --> 01:23:02,370

at some UFO conferences anymore and once

1823

01:23:06,860 --> 01:23:04,440

you get violence and name-calling and

1824

01:23:09,200 --> 01:23:06,870

all that stuff played into the mix this

1825

01:23:12,380 --> 01:23:09,210

is just me personal opinion no marce

1826

01:23:15,590 --> 01:23:12,390

Lubbock as an individual you're gonna be

1827

01:23:17,180 --> 01:23:15,600

violent I got no time for you so I'm

1828

01:23:18,650 --> 01:23:17,190

just of the opinion that the other three

1829

01:23:21,590 --> 01:23:18,660

are telling the truth

1830

01:23:25,810 --> 01:23:21,600

and that's that's what I'm sticking to

1831

01:23:29,360 --> 01:23:25,820

that's sort of I was trying to find my

1832

01:23:32,180 --> 01:23:29,370

correspondence with Charlie on that

1833

01:23:36,140 --> 01:23:32,190

because um he did he did clear some

1834

01:23:38,210 --> 01:23:36,150

things up on that and it's an incredible

1835

01:23:43,900 --> 01:23:38,220

story it really is this oh here he is

1836

01:23:53,710 --> 01:23:45,640

okay

1837

01:23:56,770 --> 01:23:53,720

I'll try to stay away from any sensitive

1838

01:23:59,230 --> 01:23:56,780

part of it but this was actually from

1839

01:24:01,990 --> 01:23:59,240

Charlie he says well Chuck has always

1840

01:24:04,390 --> 01:24:02,000

had a mercenary motive in his actions

1841

01:24:09,330 --> 01:24:04,400

and behavior which is a major major

1842

01:24:11,560 --> 01:24:09,340

reason we distance ourselves from him

1843

01:24:13,840 --> 01:24:11,570

what I'm gonna do is I'm gonna contact

1844

01:24:15,400 --> 01:24:13,850

Chuck and just see if it's okay and if

1845

01:24:18,850 --> 01:24:15,410

it's not okay I'll just pull this from

1846

01:24:21,060 --> 01:24:18,860

the from the audio if you keep it though

1847

01:24:25,060 --> 01:24:21,070

I just want to comment mercenary motive

1848

01:24:28,870 --> 01:24:25,070

yeah like that's that's he says he has

1849

01:24:30,940 --> 01:24:28,880

some issues and violent traits which has

1850

01:24:34,540 --> 01:24:30,950

banned him from many UFO conferences and

1851

01:24:37,230 --> 01:24:34,550

life and venues I think he did share

1852

01:24:39,790 --> 01:24:37,240

that would be the the fiddlehead focus but

1853

01:24:42,850 --> 01:24:39,800

yeah I know yours I know your source is

1854

01:24:45,400 --> 01:24:42,860

the email so I understand that yeah and

1855

01:24:46,960 --> 01:24:45,410

they were approached to by Henry Winkler

1856

01:24:49,930 --> 01:24:46,970

of all people to make a movie based on

1857

01:24:54,490 --> 01:24:49,940

the allagash experience but declined due

1858

01:24:56,140 --> 01:24:54,500

to the differences because of Chuck how

1859

01:25:00,550 --> 01:24:56,150

recent was that do you know no I don't

1860

01:25:03,880 --> 01:25:00,560

know and but anyway so that's the

1861

01:25:07,210 --> 01:25:03,890

problem with that and I think it is

1862

01:25:10,240 --> 01:25:07,220

interesting but to me that the whole

1863

01:25:12,850 --> 01:25:10,250

story I mean I would love to have jack

1864

01:25:15,820 --> 01:25:12,860

on I haven't spoke spoken with Jack but

1865

01:25:17,710 --> 01:25:15,830

I heard an interview on open minds with

1866

01:25:19,690 --> 01:25:17,720

oh that's a great interview great and it

1867

01:25:23,080 --> 01:25:19,700

is an amazing interview especially near

1868

01:25:24,940 --> 01:25:23,090

the end when he he says some things that

1869

01:25:26,560 --> 01:25:24,950

are just profound I think anyone can

1870

01:25:28,330 --> 01:25:26,570

find that interview if you look on open

1871

01:25:33,580 --> 01:25:28,340

minds and just cousin

1872

01:25:35,590 --> 01:25:33,590

Jack's name it's really really something

1873

01:25:37,690 --> 01:25:35,600

one of my favorite interviews that I

1874

01:25:42,790 --> 01:25:37,700

heard on open mindset alejandro did

1875

01:25:44,500 --> 01:25:42,800

actually so yeah the allagash to me you

1876

01:25:47,890 --> 01:25:44,510

know they had the sighting the day

1877

01:25:50,830 --> 01:25:47,900

before you know with with witnesses and

1878

01:25:53,110 --> 01:25:50,840

you know just the whole thing and then

1879

01:25:55,900 --> 01:25:53,120

they spoke with a ranger but just the

1880

01:25:57,790 --> 01:25:55,910

lapse of their memory for all those

1881

01:25:59,859 --> 01:25:57,800

years until master

1882

01:26:01,060 --> 01:25:59,869

happening like a lot of people you know

1883

01:26:02,620 --> 01:26:01,070

it's kind of like Roswell like that

1884

01:26:04,629 --> 01:26:02,630

really didn't hit its stride until like

1885

01:26:06,160 --> 01:26:04,639

30 years later you know and and it's

1886

01:26:08,979 --> 01:26:06,170

kind of similar with the allagash case

1887

01:26:11,140 --> 01:26:08,989

like it wasn't really spoken about until

1888

01:26:13,030 --> 01:26:11,150

years later when one of the gentlemen I

1889

01:26:15,640 --> 01:26:13,040

forget who it was now started having

1890

01:26:17,709 --> 01:26:15,650

those weird dreams you know Jim always

1891

01:26:19,720 --> 01:26:17,719

who was on a construction site and fell

1892

01:26:22,959 --> 01:26:19,730

down into a hole and injured his back

1893

01:26:26,140 --> 01:26:22,969

severely and he was in the hospital for

1894

01:26:29,229 --> 01:26:26,150

I think months and he started having

1895

01:26:31,030 --> 01:26:29,239

those dreams and yeah then to find out

1896

01:26:32,830 --> 01:26:31,040

they all had those dreams this is

1897

01:26:34,600 --> 01:26:32,840

basically an recounting this for the

1898

01:26:38,770 --> 01:26:34,610

people haven't actually heard the story

1899

01:26:40,780 --> 01:26:38,780

itself and then he saw Whitley

1900

01:26:44,799 --> 01:26:40,790

streamer's book did you ever hear that

1901

01:26:46,180 --> 01:26:44,809

part I did yeah on there was a little

1902

01:26:48,459 --> 01:26:46,190

cart going around with books in the

1903

01:26:50,379 --> 01:26:48,469

hospital and he saw the cover of Whitley

1904

01:26:53,169 --> 01:26:50,389

strivers book and he just went into like

1905

01:26:54,879 --> 01:26:53,179

this panic and he said that it was all

1906

01:26:57,399 --> 01:26:54,889

ringing a bell to him you know the whole

1907

01:27:00,160 --> 01:26:57,409

thing and it all came back to him which

1908

01:27:03,069 --> 01:27:00,170

it all came back to everyone else and as

1909

01:27:07,229 --> 01:27:03,079

well as the artwork I don't know their

1910

01:27:11,770 --> 01:27:07,239

artwork all changed and Jack actually

1911

01:27:13,990 --> 01:27:11,780

began to work his math all of a sudden

1912

01:27:18,069 --> 01:27:14,000

excelled and he started working with

1913

01:27:20,169 --> 01:27:18,079

space programs of some type it's all

1914

01:27:23,709 --> 01:27:20,179

really a fascinating story had no

1915

01:27:28,479 --> 01:27:23,719

interest in it before and became very

1916

01:27:31,470 --> 01:27:28,489

accomplished and very very interesting

1917

01:27:34,479 --> 01:27:31,480

case and I wish there would be a film

1918

01:27:36,220 --> 01:27:34,489

made on a real photo documentary because

1919

01:27:37,540 --> 01:27:36,230

I don't really believe there's one out

1920

01:27:41,229 --> 01:27:37,550

there not that I'm aware of that's

1921

01:27:43,810 --> 01:27:41,239

really good no definitely an interesting

1922

01:27:46,120 --> 01:27:43,820

case so one of the things you mentioned

1923

01:27:47,830 --> 01:27:46,130

earlier also you said you got to talk

1924

01:27:50,080 --> 01:27:47,840

about the dog man case so let's hear

1925

01:27:51,370 --> 01:27:50,090

about that there's actually a dog man

1926

01:27:53,160 --> 01:27:51,380

encounter in the book and it was

1927

01:27:55,240 --> 01:27:53,170

actually covered on the sci-fi channel

1928

01:27:57,220 --> 01:27:55,250

and it's called I think it's called the

1929

01:27:58,439 --> 01:27:57,230

Wolf Pack let me look that up quick

1930

01:28:04,710 --> 01:27:58,449

because you can watch it for free on

1931

01:28:09,330 --> 01:28:04,720

YouTube or let me one sec here yeah

1932

01:28:13,830 --> 01:28:09,340

but when when did this happen that was I

1933

01:28:16,080 --> 01:28:13,840

think it was 2006 but I wanted to tell

1934

01:28:17,730 --> 01:28:16,090

another encounter so since we can read

1935

01:28:19,890 --> 01:28:17,740

that story in my book and actually watch

1936

01:28:21,420 --> 01:28:19,900

their story on the sci-fi channel there

1937

01:28:23,730 --> 01:28:21,430

were some liberties taken but it's still

1938

01:28:25,890 --> 01:28:23,740

fascinating it's on the paranormal

1939

01:28:28,920 --> 01:28:25,900

witness TV show and I believe it's

1940

01:28:30,660 --> 01:28:28,930

called wolf Packers that's but I spoke

1941

01:28:33,270 --> 01:28:30,670

to a gentleman probably three weeks ago

1942

01:28:36,960 --> 01:28:33,280

who spoke of a dog men encounter up in

1943

01:28:39,450 --> 01:28:36,970

Eustis near Farmington and this happened

1944

01:28:42,750 --> 01:28:39,460

in the summer of 94 95 he's not really

1945

01:28:45,480 --> 01:28:42,760

sure but he went camping with his wife

1946

01:28:47,700 --> 01:28:45,490

and young son his son at the time was

1947

01:28:49,740 --> 01:28:47,710

four or five years old and he was

1948

01:28:53,970 --> 01:28:49,750

playing outside in front of the camper

1949

01:28:56,430 --> 01:28:53,980

and mom and dad were inside and dad

1950

01:28:57,930 --> 01:28:56,440

started looking you know like watching

1951

01:29:01,800 --> 01:28:57,940

the Sun to make sure he was okay

1952

01:29:06,350 --> 01:29:01,810

and he saw rate at the tree line but out

1953

01:29:10,020 --> 01:29:06,360

from the woods some weird creature

1954

01:29:12,360 --> 01:29:10,030

silently watching his son and so he

1955

01:29:14,370 --> 01:29:12,370

became very frightened and thought that

1956

01:29:17,610 --> 01:29:14,380

this creature was going to attack his

1957

01:29:20,190 --> 01:29:17,620

son so he opens the door and he says

1958

01:29:23,160 --> 01:29:20,200

he's about a telephone poles length away

1959

01:29:26,880 --> 01:29:23,170

from this creature and that it had a big

1960

01:29:29,340 --> 01:29:26,890

wolf's head and it had grayish brownish

1961

01:29:31,440 --> 01:29:29,350

type fur which is very common in these

1962

01:29:34,770 --> 01:29:31,450

types of encounters and it was crouched

1963

01:29:38,250 --> 01:29:34,780

down in the crouched down position

1964

01:29:41,660 --> 01:29:38,260

the legs the hind legs or the legs in

1965

01:29:43,980 --> 01:29:41,670

general kind of looked like a kangaroo

1966

01:29:46,500 --> 01:29:43,990

because it was crouched down and had

1967

01:29:48,210 --> 01:29:46,510

like a big underside if you will but he

1968

01:29:49,170 --> 01:29:48,220

didn't see any type of kangaroo tail or

1969

01:29:51,210 --> 01:29:49,180

anything but that's just what it

1970

01:29:54,180 --> 01:29:51,220

reminded him of as it was crouched down

1971

01:29:56,190 --> 01:29:54,190

and that if this thing stood he

1972

01:29:58,410 --> 01:29:56,200

estimated it would probably be about 7

1973

01:30:02,370 --> 01:29:58,420

feet long or something or 7 feet tall

1974

01:30:05,160 --> 01:30:02,380

because of how crouched the legs were so

1975

01:30:07,170 --> 01:30:05,170

he went got his kid brought him back in

1976

01:30:09,540 --> 01:30:07,180

the camper looks outside the window and

1977

01:30:13,050 --> 01:30:09,550

this creature is gone a couple weeks

1978

01:30:16,400 --> 01:30:13,060

later he and some friends and family who

1979

01:30:18,830 --> 01:30:16,410

told the story to a lot of people said

1980

01:30:20,810 --> 01:30:18,840

somebody who was up in that area camping

1981

01:30:24,020 --> 01:30:20,820

shot something that was really odd

1982

01:30:27,580 --> 01:30:24,030

looking and the main inland and

1983

01:30:31,190 --> 01:30:27,590

Fisheries came in and took the creature

1984

01:30:35,030 --> 01:30:31,200

Wow so again this was in 94 95 so I

1985

01:30:37,670 --> 01:30:35,040

emailed them and explained the encounter

1986

01:30:39,860 --> 01:30:37,680

the best I could and gave them the time

1987

01:30:41,540 --> 01:30:39,870

frame and just wanted to ask the

1988

01:30:44,180 --> 01:30:41,550

findings of whatever creature they got

1989

01:30:46,070 --> 01:30:44,190

you know was it just some sort of you

1990

01:30:48,440 --> 01:30:46,080

know mundane wool fur wool foot mange or

1991

01:30:50,630 --> 01:30:48,450

you know was it a kangaroo or you know

1992

01:30:52,430 --> 01:30:50,640

something like that but I've yet to hear

1993

01:30:53,600 --> 01:30:52,440

back from them so the next time you know

1994

01:30:54,980 --> 01:30:53,610

I'm in Augusta that's where their

1995

01:30:56,540 --> 01:30:54,990

headquarters is I'm going to stop in and

1996

01:31:00,380 --> 01:30:56,550

see if I can talk to somebody they call

1997

01:31:02,510 --> 01:31:00,390

those Maine gurus yeah bang gurus Wow

1998

01:31:05,510 --> 01:31:02,520

that is strange

1999

01:31:10,580 --> 01:31:05,520

and I actually have a when I was growing

2000

01:31:12,950 --> 01:31:10,590

up in Elliot Maine I had my next-door

2001

01:31:16,910 --> 01:31:12,960

neighbor was somewhere up in Maine and

2002

01:31:19,970 --> 01:31:16,920

shot that weirdest-looking it was it was

2003

01:31:22,400 --> 01:31:19,980

some type of probably just messed up

2004

01:31:24,110 --> 01:31:22,410

genetically deer but it was healthy

2005

01:31:27,050 --> 01:31:24,120

running in the woods and there's a

2006

01:31:30,050 --> 01:31:27,060

strangest looking things and thing I had

2007

01:31:31,910 --> 01:31:30,060

ever seen it was a buck and they called

2008

01:31:33,830 --> 01:31:31,920

bucks like eight-point buck of the

2009

01:31:37,490 --> 01:31:33,840

little points on the antlers this had

2010

01:31:40,000 --> 01:31:37,500

over 40 over 40 points I mean what most

2011

01:31:41,450 --> 01:31:40,010

bizarre looking thing you ever saw

2012

01:31:44,930 --> 01:31:41,460

that's crazy

2013

01:31:47,150 --> 01:31:44,940

and it had a little short hind section

2014

01:31:51,200 --> 01:31:47,160

little tiny hind section and the real

2015

01:31:53,390 --> 01:31:51,210

broad you know real broad shoulders up

2016

01:31:55,370 --> 01:31:53,400

you know like did it did it sit in an

2017

01:31:57,470 --> 01:31:55,380

angry I know it was like a real beer it

2018

01:31:59,650 --> 01:31:57,480

was the strangest looking things so yeah

2019

01:32:04,640 --> 01:31:59,660

they mean they were probably weird

2020

01:32:08,350 --> 01:32:04,650

animal beer and maybe such vast you know

2021

01:32:12,320 --> 01:32:08,360

mean itself is such a there's so much

2022

01:32:14,780 --> 01:32:12,330

undeveloped land and woods up there as a

2023

01:32:18,470 --> 01:32:14,790

matter of fact there was a there was a

2024

01:32:20,360 --> 01:32:18,480

man that moved up from Massachusetts up

2025

01:32:22,670 --> 01:32:20,370

toward the allagash somewhere and

2026

01:32:25,610 --> 01:32:22,680

decided to disappear for something like

2027

01:32:27,440 --> 01:32:25,620

over 20 years did you hear about that a

2028

01:32:28,500 --> 01:32:27,450

Massachusetts wrong moved up there oh

2029

01:32:30,000 --> 01:32:28,510

yeah the the

2030

01:32:32,040 --> 01:32:30,010

Herman of Maine there's a book written

2031

01:32:35,750 --> 01:32:32,050

about him and that's right and there was

2032

01:32:38,610 --> 01:32:35,760

only I believe he only encountered one

2033

01:32:42,390 --> 01:32:38,620

person the entire time one person the

2034

01:32:45,920 --> 01:32:42,400

entire time but he was getting by by

2035

01:32:50,100 --> 01:32:45,930

stealing supplies at nearby camps oh I

2036

01:32:52,590 --> 01:32:50,110

didn't hear yes oh the the game wardens

2037

01:32:54,720 --> 01:32:52,600

kind of got wise to this so they started

2038

01:32:56,670 --> 01:32:54,730

setting up some some cameras at this

2039

01:32:58,770 --> 01:32:56,680

camp for I think it was a camp for girls

2040

01:33:00,030 --> 01:32:58,780

but don't quote me on that but they set

2041

01:33:01,200 --> 01:33:00,040

up some cameras to see if they could

2042

01:33:02,340 --> 01:33:01,210

catch whoever it was and sure enough

2043

01:33:04,350 --> 01:33:02,350

they caught him

2044

01:33:05,760 --> 01:33:04,360

somebody rushed over there pretended the

2045

01:33:07,800 --> 01:33:05,770

guy and then the whole story came out

2046

01:33:10,110 --> 01:33:07,810

pretty crazy fascinating book you should

2047

01:33:12,540 --> 01:33:10,120

check it out yeah I can't imagine I mean

2048

01:33:14,430 --> 01:33:12,550

with the winters are so harsh I can't

2049

01:33:16,680 --> 01:33:14,440

imagine what someone would do out in the

2050

01:33:18,600 --> 01:33:16,690

wild and supposedly the one thing I did

2051

01:33:21,570 --> 01:33:18,610

hear was that he didn't use camp fire

2052

01:33:22,020 --> 01:33:21,580

that's right never once and it's just

2053

01:33:24,570 --> 01:33:22,030

crazy

2054

01:33:26,790 --> 01:33:24,580

he said he would he would get warm just

2055

01:33:29,520 --> 01:33:26,800

by pacing around and layering up the

2056

01:33:32,100 --> 01:33:29,530

best he could and and you know making

2057

01:33:34,170 --> 01:33:32,110

forts if you will just to try to stop

2058

01:33:36,330 --> 01:33:34,180

the wind and you mean twos as they say

2059

01:33:38,340 --> 01:33:36,340

all right so our phone line is still

2060

01:33:40,590 --> 01:33:38,350

open that name nodes that numbers up in

2061

01:33:44,190 --> 01:33:40,600

the screen I'll ask Evan to type it over

2062

01:33:45,570 --> 01:33:44,200

on kgr a chat room over there so anyone

2063

01:33:48,090 --> 01:33:45,580

wants to call in you're welcome to call

2064

01:33:50,640 --> 01:33:48,100

in any homies listen any should call in

2065

01:33:52,200 --> 01:33:50,650

yeah anyone from Maine or even if you're

2066

01:33:54,390 --> 01:33:52,210

from the Northeast we'd like to call in

2067

01:33:56,100 --> 01:33:54,400

if you had an incident we did have a

2068

01:33:58,110 --> 01:33:56,110

couple calls from New Hampshire I

2069

01:33:59,970 --> 01:33:58,120

believe a while back so if you're

2070

01:34:02,250 --> 01:33:59,980

listening tonight love to hear from you

2071

01:34:03,600 --> 01:34:02,260

yeah give a call hey Martin do you mind

2072

01:34:06,690 --> 01:34:03,610

if I talk about a couple other things

2073

01:34:08,010 --> 01:34:06,700

all right ahead sure so I have a podcast

2074

01:34:11,040 --> 01:34:08,020

of my own

2075

01:34:14,250 --> 01:34:11,050

really yeah it's called I want to

2076

01:34:16,230 --> 01:34:14,260

believe the podcast and you can find it

2077

01:34:18,510 --> 01:34:16,240

on iTunes you can find it actually

2078

01:34:22,230 --> 01:34:18,520

anywhere podcasts are found except for

2079

01:34:25,230 --> 01:34:22,240

Spotify and Spotify are a bunch of jerks

2080

01:34:28,080 --> 01:34:25,240

so but yeah you can find it on iTunes

2081

01:34:29,790 --> 01:34:28,090

pod beating all that good stuff so I

2082

01:34:31,350 --> 01:34:29,800

want to believe you can search for it by

2083

01:34:33,630 --> 01:34:31,360

name or you can search for it by my name

2084

01:34:37,110 --> 01:34:33,640

Nomar Slovak and it's me and a buddy

2085

01:34:39,090 --> 01:34:37,120

that talk about specific cases really we

2086

01:34:41,160 --> 01:34:39,100

talk about the Dyatlov pass we talk

2087

01:34:42,479 --> 01:34:41,170

about the Dover demon and we talk about

2088

01:34:45,120 --> 01:34:42,489

a bunch of different things you

2089

01:34:47,280 --> 01:34:45,130

I had Valerie Schultz on I've also

2090

01:34:50,190 --> 01:34:47,290

interviewed I'm a big horror movie fan

2091

01:34:52,290 --> 01:34:50,200

so I also interviewed Damien maffei he

2092

01:34:55,200 --> 01:34:52,300

played the man in the mask in The

2093

01:34:58,470 --> 01:34:55,210

Strangers pray at night and who actually

2094

01:35:00,390 --> 01:34:58,480

lives in Portland Maine and I email you

2095

01:35:02,760 --> 01:35:00,400

know I'm a musician so I've emailed some

2096

01:35:05,040 --> 01:35:02,770

musician buddies expose and brickowski

2097

01:35:09,030 --> 01:35:05,050

and Hobbes Sputnik or Hobbes stay busy

2098

01:35:12,030 --> 01:35:09,040

so it's quite an eclectic catch of

2099

01:35:13,560 --> 01:35:12,040

things and we do it a little bit

2100

01:35:16,140 --> 01:35:13,570

different I'm not really sure how you

2101
01:35:17,670 --> 01:35:16,150
guys really handle like the live thing I

2102
01:35:21,360 --> 01:35:17,680
don't need that pressure in my life

2103
01:35:23,190 --> 01:35:21,370
so we pre record everything and we

2104
01:35:25,110 --> 01:35:23,200
actually pre record all the shows and

2105
01:35:28,650 --> 01:35:25,120
then we release it as seasons kind of

2106
01:35:32,840 --> 01:35:28,660
like Netflix top and then it's peppered

2107
01:35:35,850 --> 01:35:32,850
with some contemporary bonus episodes

2108
01:35:38,820 --> 01:35:35,860
okay you can just go out and throw the

2109
01:35:40,410 --> 01:35:38,830
website oh jeez it's just you want to

2110
01:35:43,590 --> 01:35:40,420
like go to iTunes and just search for I

2111
01:35:45,959 --> 01:35:43,600
want to believe okay yeah the website

2112
01:35:49,200 --> 01:35:45,969
this is definitely DIY at its finest

2113
01:35:53,580 --> 01:35:49,210

being an author if you're not Stephen

2114

01:35:55,470 --> 01:35:53,590

King money's tight so we do we can there

2115

01:35:58,350 --> 01:35:55,480

is a patreon page if you want to support

2116

01:36:00,959 --> 01:35:58,360

us so there's that also I'm working on a

2117

01:36:03,320 --> 01:36:00,969

documentary with Bill Brock Bill Brock

2118

01:36:06,959 --> 01:36:03,330

was the host of a Discovery Channel show

2119

01:36:08,970 --> 01:36:06,969

called monsters underground and he's in

2120

01:36:10,709 --> 01:36:08,980

the process of doing a series of three

2121

01:36:12,660 --> 01:36:10,719

documentaries for this year in the

2122

01:36:15,330 --> 01:36:12,670

beginning of next year and the first one

2123

01:36:17,729 --> 01:36:15,340

is called abducted New England so I

2124

01:36:20,250 --> 01:36:17,739

brought a couple of witnesses to the

2125

01:36:22,530 --> 01:36:20,260

case and then another one of our friends

2126
01:36:25,620 --> 01:36:22,540
brought another witness and we had

2127
01:36:27,209 --> 01:36:25,630
interviews and right now it's currently

2128
01:36:30,690 --> 01:36:27,219
being edited and we're hope that it's

2129
01:36:32,760 --> 01:36:30,700
gonna be out by the end of the summer

2130
01:36:38,280 --> 01:36:32,770
and it should be exclusively available

2131
01:36:41,010 --> 01:36:38,290
on vidi vidi space is a channel that was

2132
01:36:43,830 --> 01:36:41,020
started by Nick Groff Nick Groff used to

2133
01:36:45,240 --> 01:36:43,840
be on Ghost Adventures and is now on

2134
01:36:47,310 --> 01:36:45,250
paranormal lockdown it has a couple

2135
01:36:48,810 --> 01:36:47,320
other shows that he does and so he's

2136
01:36:51,209 --> 01:36:48,820
launched this channel and they have the

2137
01:36:53,930 --> 01:36:51,219
exclusive rights for a little bit we are

2138
01:36:56,100 --> 01:36:53,940

going to be putting it on DVD as well

2139

01:36:58,109 --> 01:36:56,110

I'm also working

2140

01:36:59,820 --> 01:36:58,119

a documentary of my own so the

2141

01:37:01,620 --> 01:36:59,830

documentary with bill Brock and I I'm

2142

01:37:04,140 --> 01:37:01,630

the writer producer and he's the

2143

01:37:07,250 --> 01:37:04,150

director on this new documentary I'm the

2144

01:37:11,280 --> 01:37:07,260

director and writer so it's a fantastic

2145

01:37:13,080 --> 01:37:11,290

crazy story of this couple from Southern

2146

01:37:16,740 --> 01:37:13,090

Maine that have had extraterrestrial

2147

01:37:18,660 --> 01:37:16,750

encounters since childhood and they they

2148

01:37:21,209 --> 01:37:18,670

finally want their story told and to get

2149

01:37:24,060 --> 01:37:21,219

out there so preliminary shooting is

2150

01:37:26,040 --> 01:37:24,070

gonna begin in August and I hope to have

2151
01:37:28,590 --> 01:37:26,050
everything filmed by the end of fall and

2152
01:37:30,180 --> 01:37:28,600
then I'm going to edit everything during

2153
01:37:32,399 --> 01:37:30,190
the winter and hopefully come spring

2154
01:37:35,820 --> 01:37:32,409
I'll have something to release to

2155
01:37:37,350 --> 01:37:35,830
everybody interesting well great okay

2156
01:37:39,479 --> 01:37:37,360
well good luck with all that hope that

2157
01:37:41,340 --> 01:37:39,489
goes well he's obviously just brought up

2158
01:37:44,399 --> 01:37:41,350
Stephen King so Stephen King lives in

2159
01:37:48,090 --> 01:37:44,409
your town Bangor Maine that's right my

2160
01:37:51,990 --> 01:37:48,100
house anyone drives by his mansion he's

2161
01:37:54,600 --> 01:37:52,000
got bat bats on the posts I had a friend

2162
01:37:57,060 --> 01:37:54,610
that lived in Bangor and he told me that

2163
01:37:58,500 --> 01:37:57,070

one one morning he drove by and the bats

2164

01:38:00,359 --> 01:37:58,510

were missing someone came along and

2165

01:38:04,979 --> 01:38:00,369

sawed them all off Wow

2166

01:38:06,450 --> 01:38:04,989

and he said bye-bye night time he drove

2167

01:38:09,090 --> 01:38:06,460

by again on the way home and the bats

2168

01:38:12,419 --> 01:38:09,100

were up again so he has some spare bats

2169

01:38:14,700 --> 01:38:12,429

waiting ready - well done anything so so

2170

01:38:15,689 --> 01:38:14,710

Stephen King wrote an interesting book I

2171

01:38:18,359 --> 01:38:15,699

remember reading it called the

2172

01:38:22,080 --> 01:38:18,369

Tommyknockers and that's actually about

2173

01:38:24,570 --> 01:38:22,090

a alien spacecraft that's below ancient

2174

01:38:27,359 --> 01:38:24,580

an ancient alien spacecraft that's below

2175

01:38:28,770 --> 01:38:27,369

the ground in this little Maine town and

2176

01:38:30,840 --> 01:38:28,780

all these weird things start happening

2177

01:38:33,240 --> 01:38:30,850

all these people start acting weird it

2178

01:38:36,020 --> 01:38:33,250

starts to activate I believe that's what

2179

01:38:41,689 --> 01:38:36,030

it was said that many many years ago

2180

01:38:43,859 --> 01:38:41,699

back in the 80s I think I read that so

2181

01:38:45,000 --> 01:38:43,869

Stephen King would be someone really

2182

01:38:48,600 --> 01:38:45,010

interesting to have on your show

2183

01:38:50,850 --> 01:38:48,610

wouldn't he he really would and there

2184

01:38:53,459 --> 01:38:50,860

has been a bit of an effort to try to

2185

01:38:55,050 --> 01:38:53,469

talk to him the the book that sorry the

2186

01:38:58,020 --> 01:38:55,060

story that I told you about shots fired

2187

01:39:00,660 --> 01:38:58,030

where the guy fired at the UFO the

2188

01:39:02,070 --> 01:39:00,670

gentleman's name is John King and I've

2189

01:39:04,770 --> 01:39:02,080

been trying to see if I can get a

2190

01:39:06,180 --> 01:39:04,780

comment or something from Stephen - to

2191

01:39:08,220 --> 01:39:06,190

see if there's any sort of relation if

2192

01:39:09,109 --> 01:39:08,230

he's ever familiar with that story you

2193

01:39:16,129 --> 01:39:09,119

know

2194

01:39:18,200 --> 01:39:16,139

with someone so let's talk about another

2195

01:39:20,629 --> 01:39:18,210

story you mentioned them one about

2196

01:39:22,819 --> 01:39:20,639

missing time but just there's so many in

2197

01:39:26,870 --> 01:39:22,829

here that are just interesting how about

2198

01:39:31,549 --> 01:39:26,880

the the tale of two brothers and the

2199

01:39:34,069 --> 01:39:31,559

tr-3b yeah there's a lot of there's a

2200

01:39:36,379 --> 01:39:34,079

lot of controversy about the tr-3b yeah

2201

01:39:38,569 --> 01:39:36,389

you know whether it is or not and I

2202

01:39:41,419 --> 01:39:38,579

think for the most part it's kind of

2203

01:39:43,069 --> 01:39:41,429

been it's kind of been debunked that

2204

01:39:44,540 --> 01:39:43,079

exists but these people are claiming

2205

01:39:47,120 --> 01:39:44,550

they were claiming they saw something

2206

01:39:50,330 --> 01:39:47,130

like that yeah they're claiming they saw

2207

01:39:52,370 --> 01:39:50,340

a triangle aircraft of some sort and

2208

01:39:55,279 --> 01:39:52,380

this happened in the late 70s they were

2209

01:39:57,859 --> 01:39:55,289

out eel fishing at night and I actually

2210

01:40:00,379 --> 01:39:57,869

brought the tr-3b name into the chapter

2211

01:40:03,469 --> 01:40:00,389

but they simply they simply talked about

2212

01:40:05,870 --> 01:40:03,479

seeing a large triangle with you know

2213

01:40:07,759 --> 01:40:05,880

these white and red lights and and

2214

01:40:10,459 --> 01:40:07,769

things like that so I was merely trying

2215

01:40:13,219 --> 01:40:10,469

to compare it to what a lot of UFO

2216

01:40:16,629 --> 01:40:13,229

conspiracy theorists yeah something that

2217

01:40:19,160 --> 01:40:16,639

that that I don't think myself to be or

2218

01:40:21,469 --> 01:40:19,170

have kind of come out and said that

2219

01:40:23,839 --> 01:40:21,479

anytime there's a triangle UFO scene

2220

01:40:26,000 --> 01:40:23,849

it's one of these tr3 B's the Belgian

2221

01:40:28,580 --> 01:40:26,010

wave that happened in the you know mid

2222

01:40:31,250 --> 01:40:28,590

late 90s was all attributed to the tr-3b

2223

01:40:34,189 --> 01:40:31,260

blah blah blah blah and so I just

2224

01:40:36,140 --> 01:40:34,199

made the comparison that the tr-3b has

2225

01:40:39,709 --> 01:40:36,150

been brought up in relation to this

2226

01:40:42,379 --> 01:40:39,719

story of what these guys saw and it

2227

01:40:44,149 --> 01:40:42,389

really gained momentum with the Richard

2228

01:40:47,290 --> 01:40:44,159

Kramer case which I don't know if you're

2229

01:40:50,660 --> 01:40:47,300

familiar with but he claims to be a

2230

01:40:52,850 --> 01:40:50,670

somebody who was part of a galactic

2231

01:40:54,319 --> 01:40:52,860

space force which kind of sounds funny

2232

01:40:56,509 --> 01:40:54,329

now that Trump said that he wants to

2233

01:40:58,759 --> 01:40:56,519

make a space force but that he was part

2234

01:41:02,000 --> 01:40:58,769

of this galactic galactic space force

2235

01:41:05,810 --> 01:41:02,010

that trained on Mars and the way they

2236

01:41:07,580 --> 01:41:05,820

got there from Earth was the tr-3b so

2237

01:41:10,219 --> 01:41:07,590

it's gained a lot of woman from that and

2238

01:41:12,529 --> 01:41:10,229

it's just not something that I buy into

2239

01:41:14,989 --> 01:41:12,539

I you know what I guess I do put my

2240

01:41:17,600 --> 01:41:14,999

opinion in that one too just

2241

01:41:19,819 --> 01:41:17,610

specifically about the tr-3b but not the

2242

01:41:21,300 --> 01:41:19,829

guys story but the guy stories is as

2243

01:41:24,120 --> 01:41:21,310

simple as that

2244

01:41:27,030 --> 01:41:24,130

their ear eel fishing they hear this

2245

01:41:29,970 --> 01:41:27,040

whooshing sound above them they look up

2246

01:41:34,170 --> 01:41:29,980

and they see this giant very low very

2247

01:41:35,910 --> 01:41:34,180

slow flying black triangle and of course

2248

01:41:38,850 --> 01:41:35,920

the mesmerised by it and then it just

2249

01:41:41,970 --> 01:41:38,860

you know takes off in an instant now are

2250

01:41:43,830 --> 01:41:41,980

there a lot of triangle UFO sightings in

2251

01:41:49,830 --> 01:41:43,840

the Northeast that you are aware of

2252

01:41:53,000 --> 01:41:49,840

there are yes and yes make your book yes

2253

01:41:56,640 --> 01:41:53,010

one did there's a chapter that's about

2254

01:41:58,950 --> 01:41:56,650

viral videos from Maine where I called

2255

01:42:00,900 --> 01:41:58,960

them from mostly YouTube but there's a

2256

01:42:05,010 --> 01:42:00,910

few other websites as well but there's

2257

01:42:07,950 --> 01:42:05,020

one story out of Westbrook Maine that's

2258

01:42:09,570 --> 01:42:07,960

not too far from me that's only about 25

2259

01:42:13,980 --> 01:42:09,580

minutes from where I live in Sebago oh

2260

01:42:15,120 --> 01:42:13,990

boy oh boy hold on there is a Westbrook

2261

01:42:19,230 --> 01:42:15,130

sighting but the one I'm thinking about

2262

01:42:21,870 --> 01:42:19,240

is Rockland I'm so sorry okay beautiful

2263

01:42:24,180 --> 01:42:21,880

area up along the coast yeah yeah and

2264

01:42:25,830 --> 01:42:24,190

it's probably what a half hour maybe 40

2265

01:42:29,430 --> 01:42:25,840

minutes from Camden where the Mothman is

2266

01:42:31,760 --> 01:42:29,440

right thing happened but this was some

2267

01:42:36,330 --> 01:42:31,770

lights that were caught on video in 2015

2268

01:42:39,120 --> 01:42:36,340

and it is three lights that are lined up

2269

01:42:41,880 --> 01:42:39,130

as as a triangle and you can see them

2270

01:42:44,580 --> 01:42:41,890

very clear as day floating in unison

2271

01:42:46,470 --> 01:42:44,590

across the sky and this again this video

2272

01:42:48,900 --> 01:42:46,480

went viral this guy has been bothered

2273

01:42:50,430 --> 01:42:48,910

and bothered and bothered and I actually

2274

01:42:54,030 --> 01:42:50,440

reached out to him his name's Tyler

2275

01:42:55,770 --> 01:42:54,040

Pendleton and we did talk via facebook

2276

01:42:58,110 --> 01:42:55,780

Messenger he didn't want to meet in

2277

01:43:01,680 --> 01:42:58,120

person nor did he want to give me any

2278

01:43:03,630 --> 01:43:01,690

current quotes from our conversation

2279

01:43:05,640 --> 01:43:03,640

together so the best thing I could do is

2280

01:43:09,090 --> 01:43:05,650

just write about the story that already

2281

01:43:11,280 --> 01:43:09,100

existed but I did talk to the gentleman

2282

01:43:13,500 --> 01:43:11,290

and he's convinced that what he saw was

2283

01:43:16,590 --> 01:43:13,510

otherworldly in nature what's

2284

01:43:18,690 --> 01:43:16,600

interesting is that there's a the

2285

01:43:20,970 --> 01:43:18,700

director of the Astronomy Center at the

2286

01:43:24,090 --> 01:43:20,980

University of Maine in Orono his name's

2287

01:43:26,040 --> 01:43:24,100

Scott Mitchell and he said there could

2288

01:43:28,730 --> 01:43:26,050

be he viewed the video and he said there

2289

01:43:31,440 --> 01:43:28,740

could be a any number of explanations

2290

01:43:34,050 --> 01:43:31,450

just the weather here on earth can get

2291

01:43:35,109 --> 01:43:34,060

kind of crazy if you look at this this

2292

01:43:37,299 --> 01:43:35,119

is not any sort of

2293

01:43:39,369 --> 01:43:37,309

weather phenomenon so in my opinion it's

2294

01:43:41,560 --> 01:43:39,379

ludicrous that even offers that as an

2295

01:43:44,350 --> 01:43:41,570

explanation but if you want to find this

2296

01:43:49,029 --> 01:43:44,360

story you can do a search for UFO

2297

01:43:52,600 --> 01:43:49,039

triangle , coastal Maine on YouTube

2298

01:43:54,100 --> 01:43:52,610

UFO triangle , coastal Maine you can

2299

01:43:56,319 --> 01:43:54,110

search for that specifically in YouTube

2300

01:43:59,649 --> 01:43:56,329

and find the video now I remember a

2301
01:44:02,589 --> 01:43:59,659
while back I was curious about Maine

2302
01:44:05,009 --> 01:44:02,599
UFOs on YouTube so I I was living in

2303
01:44:07,179 --> 01:44:05,019
Cape Elizabeth and it was actually

2304
01:44:10,839 --> 01:44:07,189
somewhat my neighbor actually saw a

2305
01:44:14,459 --> 01:44:10,849
triangle UFO during my show I've talked

2306
01:44:17,859 --> 01:44:14,469
about this a number of times and anyway

2307
01:44:21,699 --> 01:44:17,869
so I was curious and I looked on YouTube

2308
01:44:24,819 --> 01:44:21,709
and I found Cape Elizabeth Fort Williams

2309
01:44:28,600 --> 01:44:24,829
Park which is a place I still go a lot

2310
01:44:31,929 --> 01:44:28,610
walk around there alone very it's very

2311
01:44:33,959 --> 01:44:31,939
it's very very obvious from the video

2312
01:44:37,000 --> 01:44:33,969
when you're watching it that it's a kite

2313
01:44:38,739 --> 01:44:37,010

and I forget how many views it has and

2314

01:44:41,229 --> 01:44:38,749

people are flying kites there all the

2315

01:44:43,839 --> 01:44:41,239

time yes it's definitely a kite it's

2316

01:44:46,359 --> 01:44:43,849

because it's like they say something

2317

01:44:49,719 --> 01:44:46,369

like it's hovering it's hovering yes of

2318

01:44:51,540 --> 01:44:49,729

course a kite hovers I also want to

2319

01:44:55,419 --> 01:44:51,550

point out that in the book I also

2320

01:44:58,929 --> 01:44:55,429

chronicle my own investigations to some

2321

01:45:01,089 --> 01:44:58,939

of these encounters so you'll you'll see

2322

01:45:02,859 --> 01:45:01,099

in some of the chapters that I'm talking

2323

01:45:04,629 --> 01:45:02,869

about meeting the witness talking to

2324

01:45:06,969 --> 01:45:04,639

them and then I actually go on site and

2325

01:45:10,560 --> 01:45:06,979

conduct my own investigation and they're

2326

01:45:13,810 --> 01:45:10,570

kind of riddled with like hilarity and

2327

01:45:15,429 --> 01:45:13,820

strangeness and and it's just kind of

2328

01:45:17,859 --> 01:45:15,439

fun you know we're in this age of

2329

01:45:19,389 --> 01:45:17,869

documenting everything so I did that in

2330

01:45:22,239 --> 01:45:19,399

the written form so you get a complete

2331

01:45:24,009 --> 01:45:22,249

behind the scenes and and me talking

2332

01:45:26,199 --> 01:45:24,019

about like driving there and what

2333

01:45:27,699 --> 01:45:26,209

podcasts I'm downloading to listen to

2334

01:45:30,969 --> 01:45:27,709

and stuff like that I'm just I'm trying

2335

01:45:33,129 --> 01:45:30,979

to paint a picture you know and in my

2336

01:45:36,580 --> 01:45:33,139

opinion I really think what comes across

2337

01:45:39,819 --> 01:45:36,590

is the genuineness in which I'm trying

2338

01:45:41,409 --> 01:45:39,829

to convey these stories if that makes

2339

01:45:43,179 --> 01:45:41,419

sense you know so I just wanted to point

2340

01:45:45,369 --> 01:45:43,189

that out like there's there's a lot

2341

01:45:47,560 --> 01:45:45,379

involved and I work very hard you know

2342

01:45:48,480 --> 01:45:47,570

yeah well I think it's I think it's

2343

01:45:51,600 --> 01:45:48,490

always a good

2344

01:45:53,910 --> 01:45:51,610

- you know put in the surroundings story

2345

01:45:56,300 --> 01:45:53,920

it just adds a little bit to it you know

2346

01:46:00,960 --> 01:45:56,310

there's yeah much more than just a plain

2347

01:46:04,020 --> 01:46:00,970

interview and yeah and this yeah

2348

01:46:07,430 --> 01:46:04,030

and this publisher was much more open to

2349

01:46:10,290 --> 01:46:07,440

that as opposed to my last publisher

2350

01:46:12,210 --> 01:46:10,300

that one was kind of like you know

2351

01:46:14,550 --> 01:46:12,220

here's a starter guide to UFOs in Maine

2352

01:46:16,200 --> 01:46:14,560

and I really wanted to sink my teeth in

2353

01:46:18,330 --> 01:46:16,210

and tell a different type of story in

2354

01:46:21,660 --> 01:46:18,340

this book and you'll see that it's it's

2355

01:46:23,610 --> 01:46:21,670

much more detailed excellent well and it

2356

01:46:25,140 --> 01:46:23,620

was urgent I can't believe it we're at

2357

01:46:27,090 --> 01:46:25,150

the end of the show

2358

01:46:30,350 --> 01:46:27,100

Wow as far as I know that went pretty

2359

01:46:33,390 --> 01:46:30,360

fast so yeah thank you so much and

2360

01:46:36,380 --> 01:46:33,400

anyone can get this book check it out

2361

01:46:39,120 --> 01:46:36,390

it's otherworldly encounters and

2362

01:46:42,000 --> 01:46:39,130

evidence of UFO sightings and abductions

2363

01:46:45,600 --> 01:46:42,010

and that's over on Amazon and other

2364

01:46:47,070 --> 01:46:45,610

places you can find books that's right

2365

01:46:49,470 --> 01:46:47,080

it's it's available wherever books are

2366

01:46:50,940 --> 01:46:49,480

so check out my podcast I want to

2367

01:46:53,580 --> 01:46:50,950

believe and abducted in New England

2368

01:46:55,020 --> 01:46:53,590

documentary coming soon excellent good

2369

01:46:57,630 --> 01:46:55,030

luck with that hope that goes thanks

2370

01:46:59,490 --> 01:46:57,640

alright alright thanks a lot and you

2371

01:47:02,850 --> 01:46:59,500

take care bye bye

2372

01:47:07,380 --> 01:47:02,860

alright everyone so our show next week

2373

01:47:09,600 --> 01:47:07,390

we have Kevin Randall on and he's got

2374

01:47:11,070 --> 01:47:09,610

some things to talk about it's been a

2375

01:47:12,210 --> 01:47:11,080

while he had his own radio show for a

2376

01:47:15,300 --> 01:47:12,220

while but it's been a while since he's

2377

01:47:17,430 --> 01:47:15,310

been you know on the airwaves so it'll

2378

01:47:20,700 --> 01:47:17,440

be interesting actually this is the I

2379

01:47:22,350 --> 01:47:20,710

think the first post December 16th when

2380

01:47:25,800 --> 01:47:22,360

the New York Times article came out

2381

01:47:26,850 --> 01:47:25,810

first one that I believe he wants to

2382

01:47:28,680 --> 01:47:26,860

talk about that a little bit

2383

01:47:29,880 --> 01:47:28,690

so Kevin Randle next week I want to

2384

01:47:33,660 --> 01:47:29,890

thank everyone that helps out with the

2385

01:47:36,710 --> 01:47:33,670

show evan of course that is helping with

2386

01:47:40,590 --> 01:47:36,720

the YouTube a race over at kgr a radio

2387

01:47:43,130 --> 01:47:40,600

our guests of course Nomar Slovak don't

2388

01:47:46,140 --> 01:47:43,140

forget to check out his book online and

2389

01:47:49,470 --> 01:47:46,150

so that's it thank you so much everyone
