

1
00:00:05,720 --> 00:00:03,320
all right I'm at the MUFON symposium I'm

2
00:00:07,730 --> 00:00:05,730
with Tony ng Ola and Ben moss how you

3
00:00:10,339 --> 00:00:07,740
guys doing I'm good okay

4
00:00:11,540 --> 00:00:10,349
can you fill us in for the person that

5
00:00:13,970 --> 00:00:11,550
hasn't heard you before

6
00:00:16,129 --> 00:00:13,980
give us your background for those who do

7
00:00:19,580 --> 00:00:16,139
not know I'm Tony and I'm the assistant

8
00:00:21,740 --> 00:00:19,590
State Director for MUFON Virginia I've

9
00:00:26,230 --> 00:00:21,750
been involved with MUFON for since the

10
00:00:31,490 --> 00:00:26,240
90s so feeling the age coming up yeah

11
00:00:33,889 --> 00:00:31,500
and Tony I mean not Ben I'm Ben Moss I'm

12
00:00:36,590 --> 00:00:33,899
chief field investigator MUFON Virginia

13
00:00:39,680 --> 00:00:36,600

Ben and move on for over 20 years now

14

00:00:41,840 --> 00:00:39,690

and and got interested after watching a

15

00:00:43,400 --> 00:00:41,850

Walter Cronkite special with my dad as a

16

00:00:45,920 --> 00:00:43,410

kid and been hooked ever since

17

00:00:47,090 --> 00:00:45,930

was that the Walter Cronkite when he

18

00:00:49,369 --> 00:00:47,100

interviewed I'm trying to think who it

19

00:00:52,279 --> 00:00:49,379

was he interviewed it was a long

20

00:00:54,170 --> 00:00:52,289

interview now that was Dan Rather that

21

00:00:56,750 --> 00:00:54,180

did the download pijo interview yeah I

22

00:00:58,400 --> 00:00:56,760

know yeah this was a Dan they kind of

23

00:01:00,020 --> 00:00:58,410

debunk some things but they film some

24

00:01:01,160 --> 00:01:00,030

interesting things it was it was I

25

00:01:02,569 --> 00:01:01,170

didn't know it could be better because I

26

00:01:04,820 --> 00:01:02,579

was a kid but there was kind of a

27

00:01:06,500 --> 00:01:04,830

debunking show but it had the opposite

28

00:01:08,300 --> 00:01:06,510

effect on me I got really interested in

29

00:01:10,850 --> 00:01:08,310

it that's great electing hear stories

30

00:01:13,370 --> 00:01:10,860

like that yeah the bunkers lose in that

31

00:01:15,800 --> 00:01:13,380

one that's right have either one of you

32

00:01:20,240 --> 00:01:15,810

guys had your own personal sighting UFO

33

00:01:23,090 --> 00:01:20,250

sighting well I've seen a couple of

34

00:01:25,070 --> 00:01:23,100

things I saw in college maybe a

35

00:01:26,800 --> 00:01:25,080

prototype for cruise missile I saw a

36

00:01:29,899 --> 00:01:26,810

missile coming falling out of the sky

37

00:01:31,819 --> 00:01:29,909

with all kinds of flaps on it making

38

00:01:33,859 --> 00:01:31,829

those sound is whistling and then it

39

00:01:36,649 --> 00:01:33,869

fired up and gained altitude like it was

40

00:01:41,060 --> 00:01:36,659

coming down into the mountains I saw two

41

00:01:42,889 --> 00:01:41,070

shooting stars and but in Key West

42

00:01:45,499 --> 00:01:42,899

Florida but they made right angle turns

43

00:01:47,170 --> 00:01:45,509

at you know way up in the atmosphere so

44

00:01:50,420 --> 00:01:47,180

that was interesting and then I saw in

45

00:01:52,880 --> 00:01:50,430

Lynchburg I saw two purple plasma balls

46

00:01:54,590 --> 00:01:52,890

during a thunderstorm which could or

47

00:01:56,480 --> 00:01:54,600

could not it may not have been ball

48

00:01:58,310 --> 00:01:56,490

lightning but very very strange

49

00:01:59,830 --> 00:01:58,320

whooshing sound followed these purple

50

00:02:02,060 --> 00:01:59,840

tracks in the sky one after the other

51
00:02:04,249 --> 00:02:02,070
witness by another person so that was

52
00:02:06,530 --> 00:02:04,259
the most unusual thing so how about you

53
00:02:08,600 --> 00:02:06,540
Tony for me I think the most unusual

54
00:02:11,150 --> 00:02:08,610
thing that I saw in photographed was

55
00:02:11,700 --> 00:02:11,160
when Ben and I were investigating Sakura

56
00:02:18,270 --> 00:02:11,710
the first

57
00:02:20,820 --> 00:02:18,280
down there and that was in 2016 I think

58
00:02:24,030 --> 00:02:20,830
right yeah and so a Ben was driving and

59
00:02:25,770 --> 00:02:24,040
I was at the camera and I had the button

60
00:02:28,200 --> 00:02:25,780
on the window ready to drop if I saw

61
00:02:30,090 --> 00:02:28,210
anything we're just talking and we

62
00:02:31,740 --> 00:02:30,100
thought we'll just get a feeling for

63
00:02:33,630 --> 00:02:31,750

this you know a friend of ours told us

64

00:02:36,570 --> 00:02:33,640

that if you feel it's the right time of

65

00:02:40,140 --> 00:02:36,580

the day you just stay calm and you just

66

00:02:41,520 --> 00:02:40,150

be open-minded you might get a tinkle or

67

00:02:43,230 --> 00:02:41,530

something you know a little twinkle or

68

00:02:43,470 --> 00:02:43,240

something thinking that doesn't sound

69

00:02:50,400 --> 00:02:43,480

right

70

00:02:51,870 --> 00:02:50,410

I mean yeah so anyways we were we were

71

00:02:53,700 --> 00:02:51,880

having a conversation Mitch senator said

72

00:02:55,230 --> 00:02:53,710

I don't know what it is drop the window

73

00:02:57,420 --> 00:02:55,240

pull the camera out started shooting

74

00:02:58,950 --> 00:02:57,430

right by the mountains I go I don't know

75

00:03:00,270 --> 00:02:58,960

what it was willed to check later and

76
00:03:01,860 --> 00:03:00,280
see if it was something that happened

77
00:03:03,300 --> 00:03:01,870
maybe a couple times and then the most

78
00:03:05,220 --> 00:03:03,310
important time was when Ben says

79
00:03:06,570 --> 00:03:05,230
something like I don't know why but

80
00:03:08,940 --> 00:03:06,580
something that took to the rock upper

81
00:03:10,890 --> 00:03:08,950
right you know I see yeah yeah yeah roll

82
00:03:12,450 --> 00:03:10,900
window down started shooting saw some

83
00:03:15,300 --> 00:03:12,460
light flashes wasn't quite sure what it

84
00:03:17,580 --> 00:03:15,310
was later on that that series of

85
00:03:19,860 --> 00:03:17,590
photographs looked like plasma balls

86
00:03:21,840 --> 00:03:19,870
moving through the clouds and we

87
00:03:24,090 --> 00:03:21,850
measured the distance between the shots

88
00:03:26,640 --> 00:03:24,100

and you know how fast we were moving

89

00:03:27,950 --> 00:03:26,650

relative to it and it was making some

90

00:03:30,750 --> 00:03:27,960

you know pretty pretty interesting

91

00:03:32,690 --> 00:03:30,760

maneuvers and changes in the amount of

92

00:03:35,190 --> 00:03:32,700

time that I was snapping each photograph

93

00:03:37,230 --> 00:03:35,200

the first set of photographs reveals

94

00:03:39,750 --> 00:03:37,240

something that looks like a cigar shaped

95

00:03:40,950 --> 00:03:39,760

disc shaped something at an angle but

96

00:03:43,710 --> 00:03:40,960

we're still not really sure what that is

97

00:03:45,390 --> 00:03:43,720

it seems to you have something energy

98

00:03:47,700 --> 00:03:45,400

kind of surrounding it but it was

99

00:03:48,870 --> 00:03:47,710

interesting then there's there's a lot

100

00:03:50,610 --> 00:03:48,880

of things that we've seen that I just

101
00:03:52,590 --> 00:03:50,620
don't even make note of because unless I

102
00:03:55,440 --> 00:03:52,600
have enough evidence I don't feel like

103
00:03:57,150 --> 00:03:55,450
talking about it yeah I understand I

104
00:03:59,760 --> 00:03:57,160
have talked about my sighting that I had

105
00:04:02,090 --> 00:03:59,770
my single sighting then I saw something

106
00:04:03,890 --> 00:04:02,100
else and I said you know

107
00:04:06,950 --> 00:04:03,900
talk about this because I just don't I

108
00:04:09,350 --> 00:04:06,960
just didn't think I thought I was

109
00:04:12,230 --> 00:04:09,360
looking at this the International Space

110
00:04:15,740 --> 00:04:12,240
Station there and then I said and then

111
00:04:18,229 --> 00:04:15,750
it turned and so you know like you said

112
00:04:19,460 --> 00:04:18,239
it didn't right-angle turn but I just I

113
00:04:21,740 --> 00:04:19,470

just don't know you know it could have

114

00:04:23,600 --> 00:04:21,750

been Abner spheric or something I really

115

00:04:25,070 --> 00:04:23,610

don't know right it was something he was

116

00:04:28,880 --> 00:04:25,080

bigger than a satellite whatever it was

117

00:04:31,220 --> 00:04:28,890

but so there are a lot of icy white you

118

00:04:32,840 --> 00:04:31,230

know it's called a UFO because there's a

119

00:04:33,950 --> 00:04:32,850

lot of things that are just gonna know

120

00:04:38,840 --> 00:04:33,960

they are you don't know what they are

121

00:04:40,610 --> 00:04:38,850

doesn't mean that it's alien so that's

122

00:04:43,670 --> 00:04:40,620

the one thing that I think those who are

123

00:04:48,290 --> 00:04:43,680

not familiar with ufology is that they

124

00:04:50,780 --> 00:04:48,300

tend to hear UFO as a coined term to

125

00:04:51,350 --> 00:04:50,790

reference extraterrestrials and we're

126
00:04:53,300 --> 00:04:51,360
trying

127
00:04:55,100 --> 00:04:53,310
everybody loves UFOs so much you're

128
00:04:56,450 --> 00:04:55,110
trying to like reverse the taint you

129
00:04:57,980 --> 00:04:56,460
know I'm kind of take it back and not

130
00:05:00,080 --> 00:04:57,990
let it go and change it all over again

131
00:05:01,580 --> 00:05:00,090
you know you've heard people mention all

132
00:05:03,530 --> 00:05:01,590
kinds of different acronyms to refer to

133
00:05:05,270 --> 00:05:03,540
the same thing all these things

134
00:05:07,130 --> 00:05:05,280
everybody loves us but let's just bring

135
00:05:09,770 --> 00:05:07,140
it back you know let's hold on to this

136
00:05:13,040 --> 00:05:09,780
one there you go there you go what do

137
00:05:16,550 --> 00:05:13,050
you think but I liked UFA because we ran

138
00:05:19,430 --> 00:05:16,560

into a UFA in Socorro unidentified

139

00:05:20,660 --> 00:05:19,440

flying animal I was standing there I'll

140

00:05:22,010 --> 00:05:20,670

never forget this I told him I was

141

00:05:23,990 --> 00:05:22,020

staying in there and I was panning

142

00:05:27,230 --> 00:05:24,000

around right at ground zero with a craft

143

00:05:30,770 --> 00:05:27,240

landing 64 and this bird or something

144

00:05:32,900 --> 00:05:30,780

this warbling sound and it was going

145

00:05:34,640 --> 00:05:32,910

parallel the ground it went was one of

146

00:05:36,350 --> 00:05:34,650

these where it just wasn't by me really

147

00:05:38,330 --> 00:05:36,360

quick and I could see like a head and a

148

00:05:39,890 --> 00:05:38,340

tail but it was some kind of creature

149

00:05:40,370 --> 00:05:39,900

and I've never seen anything move that

150

00:05:42,140 --> 00:05:40,380

fast

151
00:05:45,650 --> 00:05:42,150
past me before so it's gonna have a new

152
00:05:47,360 --> 00:05:45,660
show everyone well that thing would have

153
00:05:49,880 --> 00:05:47,370
been hit me would have impaled itself

154
00:05:53,630 --> 00:05:49,890
and me pretty badly as a hummingbird

155
00:05:56,780 --> 00:05:53,640
with a big beak yeah so let's talk a

156
00:05:58,930 --> 00:05:56,790
little bit about we were chatting

157
00:06:01,780 --> 00:05:58,940
briefly ahead of time

158
00:06:04,840 --> 00:06:01,790
and and I'm getting the impression that

159
00:06:08,080 --> 00:06:04,850
you don't think this article that came

160
00:06:11,980 --> 00:06:08,090
out December 16 you know that made a lot

161
00:06:16,000 --> 00:06:11,990
of you totally went viral and then all

162
00:06:18,610 --> 00:06:16,010
the news shows about it after that and

163
00:06:21,160 --> 00:06:18,620

then this whole thing you don't seem

164

00:06:22,390 --> 00:06:21,170

like you're are you not really impressed

165

00:06:25,210 --> 00:06:22,400

what's going on

166

00:06:28,000 --> 00:06:25,220

well the Pentagon release every time

167

00:06:29,830 --> 00:06:28,010

this happens they say how it's never

168

00:06:31,540 --> 00:06:29,840

happened before and it's kind of like

169

00:06:33,820 --> 00:06:31,550

when people say they needed to do the

170

00:06:35,440 --> 00:06:33,830

scientific study UFOs and it's been done

171

00:06:38,110 --> 00:06:35,450

for 40 years

172

00:06:39,790 --> 00:06:38,120

Truman back in the day when they asked

173

00:06:41,080 --> 00:06:39,800

him before a joint chief of staff's

174

00:06:43,210 --> 00:06:41,090

meeting what are you going to talk about

175

00:06:44,290 --> 00:06:43,220

it you know talk about UFOs he go that's

176

00:06:46,660 --> 00:06:44,300

the first thing we're gonna talk about

177

00:06:49,600 --> 00:06:46,670

we talk about it every time then in the

178

00:06:51,970 --> 00:06:49,610

60s and 70s you had Donald Kehoe coming

179

00:06:53,770 --> 00:06:51,980

out talking about a UFO working group

180

00:06:56,080 --> 00:06:53,780

then you had Howard blooms book out

181

00:06:58,450 --> 00:06:56,090

there he found a UFO working group in

182

00:07:00,220 --> 00:06:58,460

the 70s and 80s and so this has always

183

00:07:03,010 --> 00:07:00,230

been going on it's just the latest one

184

00:07:04,750 --> 00:07:03,020

you know then the Air Force or the

185

00:07:06,490 --> 00:07:04,760

military has definitely been lying all

186

00:07:08,440 --> 00:07:06,500

this time about having groups but it

187

00:07:09,940 --> 00:07:08,450

seems like there's more evidence the

188

00:07:11,440 --> 00:07:09,950

groups have always been there we just

189

00:07:12,940 --> 00:07:11,450

get lucky and find out about them and

190

00:07:15,880 --> 00:07:12,950

this was probably a mistake let's

191

00:07:19,390 --> 00:07:15,890

release but it's not new it's been going

192

00:07:21,310 --> 00:07:19,400

on for a long time and you know it's a

193

00:07:23,830 --> 00:07:21,320

lot of misdirection involved in that but

194

00:07:26,380 --> 00:07:23,840

I think that all the evidence is there

195

00:07:29,140 --> 00:07:26,390

that there's always been an ongoing UFO

196

00:07:30,430 --> 00:07:29,150

program they consider it very important

197

00:07:32,590 --> 00:07:30,440

information because it would be if

198

00:07:33,970 --> 00:07:32,600

you're if you have objects coming into

199

00:07:36,130 --> 00:07:33,980

our airspace that we can't do anything

200

00:07:39,070 --> 00:07:36,140

about that's National Defense important

201
00:07:42,190 --> 00:07:39,080
so now did you get sort of last night

202
00:07:44,170 --> 00:07:42,200
when Lewis Elizondo talk the one thing I

203
00:07:47,430 --> 00:07:44,180
heard someone say that was a takeaway

204
00:07:51,850 --> 00:07:47,440
from that is that it wasn't actually him

205
00:07:54,660 --> 00:07:51,860
releasing these these videos it's like

206
00:07:56,920 --> 00:07:54,670
yeah above him he said it was cleared

207
00:07:58,330 --> 00:07:56,930
but you know when I when I saw that

208
00:08:00,910 --> 00:07:58,340
whole release and there's this D

209
00:08:02,290 --> 00:08:00,920
back-channel release and then he said it

210
00:08:04,810 --> 00:08:02,300
was clear last night there's a lot of

211
00:08:06,670 --> 00:08:04,820
bad information about this it first of

212
00:08:09,100 --> 00:08:06,680
all was released in a terrible way you

213
00:08:11,170 --> 00:08:09,110

know they showed the video that didn't

214

00:08:11,910 --> 00:08:11,180

match up to the audio you had audio from

215

00:08:14,040 --> 00:08:11,920

one

216

00:08:15,660 --> 00:08:14,050

encounter matched to a different video

217

00:08:17,490 --> 00:08:15,670

so when it first came out they were

218

00:08:18,930 --> 00:08:17,500

talking about something else than what

219

00:08:23,010 --> 00:08:18,940

you were seeing so that was confusing

220

00:08:26,220 --> 00:08:23,020

but I just don't think that this kind of

221

00:08:28,080 --> 00:08:26,230

data would get leaked I think it was

222

00:08:30,180 --> 00:08:28,090

authorized I think it maybe was released

223

00:08:31,740 --> 00:08:30,190

and not the way they intended but I he

224

00:08:33,960 --> 00:08:31,750

said it was authorized last night so I

225

00:08:36,150 --> 00:08:33,970

didn't take that away from it I'll let

226

00:08:38,280 --> 00:08:36,160

you can you can take this question Tony

227

00:08:41,220 --> 00:08:38,290

yeah one of the questions I was going to

228

00:08:43,620 --> 00:08:41,230

ask Louis tonight on a one-on-one

229

00:08:46,260 --> 00:08:43,630

situation he had to leave for an

230

00:08:47,160 --> 00:08:46,270

emergency or situation so unfortunately

231

00:08:49,980 --> 00:08:47,170

he's not here anymore

232

00:08:51,810 --> 00:08:49,990

I did get a chance to talk to him but

233

00:08:54,390 --> 00:08:51,820

not about this and the question I was

234

00:08:55,970 --> 00:08:54,400

gonna ask him tonight is if this was

235

00:08:58,230 --> 00:08:55,980

released why now

236

00:09:00,810 --> 00:08:58,240

right that's I've been asking the same

237

00:09:03,000 --> 00:09:00,820

question myself and you know I believe

238

00:09:04,350 --> 00:09:03,010

it was a Richard Bex worth that asked

239

00:09:05,550 --> 00:09:04,360

the first question he said hey look the

240

00:09:07,680 --> 00:09:05,560

information released we've known about

241

00:09:09,180 --> 00:09:07,690

it for years you know why should we

242

00:09:10,830 --> 00:09:09,190

believe anything you know more that they

243

00:09:12,450 --> 00:09:10,840

that you're releasing why now it doesn't

244

00:09:14,730 --> 00:09:12,460

make any sense and now even I've been

245

00:09:16,110 --> 00:09:14,740

thinking the same thing like none of

246

00:09:17,910 --> 00:09:16,120

this information is news to us we've

247

00:09:20,280 --> 00:09:17,920

seen Muhtar footage like Nellis for

248

00:09:21,690 --> 00:09:20,290

example you know we've seen lots and

249

00:09:24,690 --> 00:09:21,700

lots of footage that's much more

250

00:09:26,750 --> 00:09:24,700

compelling than what was released and

251
00:09:29,490 --> 00:09:26,760
that again like Ben said it was approved

252
00:09:32,010 --> 00:09:29,500
the government's not going to screw up

253
00:09:34,860 --> 00:09:32,020
that much you know I'm out to the point

254
00:09:36,590 --> 00:09:34,870
where oh look big news release smoking

255
00:09:38,520 --> 00:09:36,600
gun that's not going to happen that

256
00:09:41,100 --> 00:09:38,530
would that would mean that our

257
00:09:43,110 --> 00:09:41,110
government is really not the government

258
00:09:45,390 --> 00:09:43,120
we think it is and capable of protecting

259
00:09:46,950 --> 00:09:45,400
us and holding on to the secrets you

260
00:09:49,170 --> 00:09:46,960
know it just doesn't make any sense to

261
00:09:51,090 --> 00:09:49,180
me at all and what I think might what I

262
00:09:53,010 --> 00:09:51,100
think is gonna happen like with Tom

263
00:09:55,290 --> 00:09:53,020

DeLonge sorry not to be too long on the

264

00:09:57,450 --> 00:09:55,300

answer but I believe that it's going to

265

00:09:59,070 --> 00:09:57,460

come around and you're gonna find out

266

00:10:00,960 --> 00:09:59,080

that a lot of this news release whether

267

00:10:02,430 --> 00:10:00,970

Tom DeLonge turns out to be a fraud and

268

00:10:05,670 --> 00:10:02,440

a phony and just driving us down the

269

00:10:07,590 --> 00:10:05,680

wrong path or the Louisa lizand all of a

270

00:10:08,760 --> 00:10:07,600

sudden has now been discredited for

271

00:10:11,220 --> 00:10:08,770

whatever reason what's going to happen

272

00:10:13,080 --> 00:10:11,230

is that the largest UFO organizations

273

00:10:14,160 --> 00:10:13,090

going to look silly you know and I feel

274

00:10:18,000 --> 00:10:14,170

like we're putting a little bit too much

275

00:10:22,770 --> 00:10:20,120

you want to follow up with any of that

276

00:10:26,160 --> 00:10:22,780

yeah you know this could all be another

277

00:10:27,780 --> 00:10:26,170

show dog and pony show you know it's put

278

00:10:29,310 --> 00:10:27,790

a little bit out there pull it back see

279

00:10:32,220 --> 00:10:29,320

what happens see what direction it takes

280

00:10:34,800 --> 00:10:32,230

people in maybe pull you off the main

281

00:10:37,590 --> 00:10:34,810

path down the road that's distracting I

282

00:10:40,230 --> 00:10:37,600

just don't think that first of all the

283

00:10:42,540 --> 00:10:40,240

footage it was it was released was this

284

00:10:44,850 --> 00:10:42,550

infrared footage that really doesn't

285

00:10:47,340 --> 00:10:44,860

give you a lot of data as opposed to you

286

00:10:50,490 --> 00:10:47,350

know if we'd had a press release so

287

00:10:53,240 --> 00:10:50,500

widespread about daytime anomalous

288

00:10:55,440 --> 00:10:53,250

footage with plasma and you know

289

00:10:56,730 --> 00:10:55,450

distortion the atmosphere around it I'd

290

00:10:58,230 --> 00:10:56,740

be much more impressed with that and

291

00:11:00,470 --> 00:10:58,240

I've seen that kind of footage as

292

00:11:02,640 --> 00:11:00,480

opposed to an infrared not much data

293

00:11:03,660 --> 00:11:02,650

some clouds and background but you don't

294

00:11:05,790 --> 00:11:03,670

really get a sense of the environment

295

00:11:07,140 --> 00:11:05,800

and how fast anything's moving you just

296

00:11:09,390 --> 00:11:07,150

you know have this gun camera footage

297

00:11:11,840 --> 00:11:09,400

what looks like it's from 30 years ago

298

00:11:14,640 --> 00:11:11,850

I'm sure they I'm sure they have better

299

00:11:16,380 --> 00:11:14,650

better cameras than that but filming and

300

00:11:18,060 --> 00:11:16,390

infrared doesn't give you anything but

301
00:11:20,280 --> 00:11:18,070
hot and cold you know it doesn't give

302
00:11:21,990 --> 00:11:20,290
you a lot of data so the fact that that

303
00:11:24,150 --> 00:11:22,000
was released it looks weird and all but

304
00:11:26,310 --> 00:11:24,160
it's not really that anomalous there's

305
00:11:27,270 --> 00:11:26,320
nothing anomalous in those footage you

306
00:11:28,740 --> 00:11:27,280
know that thing that turns sideways

307
00:11:30,780 --> 00:11:28,750
could be on the ground for all I know

308
00:11:32,940 --> 00:11:30,790
not saying it is I'm just saying that

309
00:11:34,140 --> 00:11:32,950
that that's not great footage it's just

310
00:11:36,030 --> 00:11:34,150
because of the bells and whistles

311
00:11:38,280 --> 00:11:36,040
surrounding it the way it was releasing

312
00:11:40,290 --> 00:11:38,290
from the Pentagon so it must be you know

313
00:11:42,710 --> 00:11:40,300

that's just a dog and pony show with it

314

00:11:46,050 --> 00:11:42,720

do you do you think that they have I

315

00:11:49,020 --> 00:11:46,060

mean I think they have really good

316

00:11:50,400 --> 00:11:49,030

footage that they're not they've had it

317

00:11:51,840 --> 00:11:50,410

for a long time they had gun camera

318

00:11:54,390 --> 00:11:51,850

footage from World War two they've had

319

00:11:55,830 --> 00:11:54,400

it in Vietnam and and you know all the

320

00:11:58,350 --> 00:11:55,840

wars have footage that they haven't show

321

00:11:58,860 --> 00:11:58,360

this the s the the International Space

322

00:12:00,630 --> 00:11:58,870

Station

323

00:12:04,080 --> 00:12:00,640

picks up things all right well I mean

324

00:12:07,260 --> 00:12:04,090

let me just pose this thing if if it's a

325

00:12:10,410 --> 00:12:07,270

case where they're doing some type of

326

00:12:12,510 --> 00:12:10,420

disclosure in their own way and I hate

327

00:12:14,220 --> 00:12:12,520

to even use that term but if they're

328

00:12:17,000 --> 00:12:14,230

doing some type of disclosure

329

00:12:19,020 --> 00:12:17,010

why wouldn't they give us the best stuff

330

00:12:20,220 --> 00:12:19,030

why would they hold back and give

331

00:12:28,500 --> 00:12:20,230

something like you mentioned that's a

332

00:12:30,630 --> 00:12:28,510

little because I think they want to dip

333

00:12:32,010 --> 00:12:30,640

their toe in they want to see by

334

00:12:34,500 --> 00:12:32,020

releasing a little bit how does the

335

00:12:36,480 --> 00:12:34,510

public respond do it do religions fall

336

00:12:38,190 --> 00:12:36,490

apart ooh people start you know cats and

337

00:12:40,110 --> 00:12:38,200

dogs start sleeping with each other who

338

00:12:41,520 --> 00:12:40,120

knows right if none of that comes to

339

00:12:42,870 --> 00:12:41,530

fruition they're like okay let's try it

340

00:12:44,700 --> 00:12:42,880

on a little piece and see what happens

341

00:12:47,280 --> 00:12:44,710

to eventually with the part the footage

342

00:12:49,470 --> 00:12:47,290

I want to see is the White Sands alleged

343

00:12:51,810 --> 00:12:49,480

landing where the figures get out there

344

00:12:54,000 --> 00:12:51,820

videotape we warden Cooper told us it

345

00:12:55,560 --> 00:12:54,010

was videotaped I want to see that yeah

346

00:12:57,780 --> 00:12:55,570

and I want to see the original footage

347

00:13:06,600 --> 00:12:57,790

of the the beam that strikes the nuclear

348

00:13:09,570 --> 00:13:06,610

warhead you know since he was taken

349

00:13:11,940 --> 00:13:09,580

actually yeah there's just like just

350

00:13:13,260 --> 00:13:11,950

like with Braden Berg and the things he

351
00:13:14,670 --> 00:13:13,270
was talking about there's much better

352
00:13:15,840 --> 00:13:14,680
footage they're holding on to the good

353
00:13:19,380 --> 00:13:15,850
stuff

354
00:13:20,850 --> 00:13:19,390
is film by citizens not the military

355
00:13:22,920 --> 00:13:20,860
we've never gotten great footage from

356
00:13:25,110 --> 00:13:22,930
the military but sometimes citizens like

357
00:13:27,060 --> 00:13:25,120
ray Stanford our buddy and people like

358
00:13:28,950 --> 00:13:27,070
that get really good footage of

359
00:13:30,750 --> 00:13:28,960
something the mistake a lot of people

360
00:13:32,760 --> 00:13:30,760
may because if she could developed or

361
00:13:34,890 --> 00:13:32,770
you tell somebody or you take it to any

362
00:13:37,410 --> 00:13:34,900
type of military installation it's gonna

363
00:13:40,290 --> 00:13:37,420

disappear I remember there was a movie

364

00:13:43,110 --> 00:13:40,300

on the other night about UFOs was called

365

00:13:45,420 --> 00:13:43,120

UFO and they were talking about the Utah

366

00:13:48,870 --> 00:13:45,430

and the Montana footage and at that time

367

00:13:51,480 --> 00:13:48,880

in the movie which is v late 50s and

368

00:13:54,060 --> 00:13:51,490

this footage was from the early 50s or

369

00:13:55,980 --> 00:13:54,070

60s and they would just show a second of

370

00:13:57,810 --> 00:13:55,990

it because it still classified so it

371

00:14:00,150 --> 00:13:57,820

took a long time for us to see the full

372

00:14:01,890 --> 00:14:00,160

like 40 seconds of that footage it's

373

00:14:03,600 --> 00:14:01,900

pretty compelling but it was funny that

374

00:14:05,220 --> 00:14:03,610

even yeah you know when they made this

375

00:14:06,480 --> 00:14:05,230

movie you got a second of it they go

376

00:14:08,490 --> 00:14:06,490

that's it that's the whole film was in

377

00:14:10,580 --> 00:14:08,500

the second law like it can't be true and

378

00:14:14,070 --> 00:14:10,590

it's not true but it just shows you that

379

00:14:16,170 --> 00:14:14,080

it's like if every great thinker said

380

00:14:17,690 --> 00:14:16,180

those that control the media control

381

00:14:20,510 --> 00:14:17,700

what your reality

382

00:14:26,180 --> 00:14:20,520

yeah they control what you're gonna see

383

00:14:28,790 --> 00:14:26,190

in here you know I've I've been told by

384

00:14:30,890 --> 00:14:28,800

someone that actually I'll just save

385

00:14:33,170 --> 00:14:30,900

Ralph Blumenthal that was one thing he

386

00:14:35,630 --> 00:14:33,180

was a co-author of the article that came

387

00:14:37,790 --> 00:14:35,640

home December 16 he says there's more

388

00:14:41,120 --> 00:14:37,800

there's more coming but and just be

389

00:14:44,210 --> 00:14:41,130

patient now I don't know how he knows or

390

00:14:46,430 --> 00:14:44,220

who's telling him what but it sounds

391

00:14:50,290 --> 00:14:46,440

interesting but maybe you're right Tony

392

00:14:52,880 --> 00:14:50,300

maybe they are dipping their toe in

393

00:14:54,530 --> 00:14:52,890

right I mean in how about that one woman

394

00:14:56,000 --> 00:14:54,540

who said will be discover life on Mars

395

00:14:58,100 --> 00:14:56,010

within the next 10 years and now we're

396

00:14:59,630 --> 00:14:58,110

getting a release of you know the the

397

00:15:01,700 --> 00:14:59,640

water and the lake and underneath it's

398

00:15:03,200 --> 00:15:01,710

like they knew they already knew they

399

00:15:04,430 --> 00:15:03,210

know for the next 20 years what they're

400

00:15:05,570 --> 00:15:04,440

gonna release they're already it's

401

00:15:07,430 --> 00:15:05,580

already been planned out like a

402

00:15:09,620 --> 00:15:07,440

storyboard you know and then they

403

00:15:12,500 --> 00:15:09,630

probably have some some logic like if

404

00:15:15,200 --> 00:15:12,510

then you know if the public responds

405

00:15:17,180 --> 00:15:15,210

this way then we go this way I think you

406

00:15:22,790 --> 00:15:17,190

know I think it's very possibly gonna

407

00:15:24,650 --> 00:15:22,800

find fossil right I mean according to

408

00:15:35,780 --> 00:15:24,660

Hogan there's baby shoes and baby

409

00:15:37,220 --> 00:15:35,790

bottles and that this whole I think

410

00:15:38,750 --> 00:15:37,230

they're about to say something that's

411

00:15:41,180 --> 00:15:38,760

the same tale we've been getting for

412

00:15:43,510 --> 00:15:41,190

years and years and years 50 60 years so

413

00:15:46,070 --> 00:15:43,520

I don't buy that for one second I think

414

00:15:48,020 --> 00:15:46,080

disclosure will not happen voluntarily

415

00:15:51,740 --> 00:15:48,030

that's it'll be released on vine

416

00:15:55,220 --> 00:15:51,750

Fonterra and if a major country like

417

00:15:57,110 --> 00:15:55,230

China or Russia or Japan says look we

418

00:15:59,450 --> 00:15:57,120

know about this we're gonna release it

419

00:16:01,670 --> 00:15:59,460

and then show you real evidence then

420

00:16:03,230 --> 00:16:01,680

that might force other hands but it's

421

00:16:03,980 --> 00:16:03,240

gonna happen through citizens I don't

422

00:16:06,320 --> 00:16:03,990

think it's gonna happen through the

423

00:16:10,730 --> 00:16:06,330

government yeah I've heard that argument

424

00:16:13,760 --> 00:16:10,740

and I agree that it's very possible that

425

00:16:15,200 --> 00:16:13,770

like you know it seems like the Phoenix

426

00:16:17,300 --> 00:16:15,210

lights would have been enough doesn't it

427

00:16:20,150 --> 00:16:17,310

almost like something like that where

428

00:16:22,250 --> 00:16:20,160

there was such a mass sighting but still

429

00:16:23,960 --> 00:16:22,260

those were still lights in the sky you

430

00:16:25,690 --> 00:16:23,970

know structure craft landing on the

431

00:16:29,500 --> 00:16:25,700

ground as a whole

432

00:16:31,960 --> 00:16:29,510

mention yeah in China well yeah I mean

433

00:16:33,610 --> 00:16:31,970

James Fox was mentioning that's gonna be

434

00:16:35,830 --> 00:16:33,620

in his movie that there was 300 people

435

00:16:37,660 --> 00:16:35,840

that witnessed the landed UFO with beans

436

00:16:39,550 --> 00:16:37,670

and China kind of like the aerial event

437

00:16:41,470 --> 00:16:39,560

and so that's the kind of event that

438

00:16:43,840 --> 00:16:41,480

will shake up especially but it happens

439

00:16:45,310 --> 00:16:43,850

now because in the 80s when that

440

00:16:46,420 --> 00:16:45,320

happened or the seventies people didn't

441

00:16:47,980 --> 00:16:46,430

have cameras now everybody's got a

442

00:16:50,290 --> 00:16:47,990

camera so somebody could catch one of

443

00:16:51,760 --> 00:16:50,300

these things and eventually somebody's

444

00:16:53,890 --> 00:16:51,770

gonna have footage that just looks too

445

00:16:55,930 --> 00:16:53,900

good to be true and it's gonna be true

446

00:17:03,790 --> 00:16:55,940

that's not gonna be CGI or anything like

447

00:17:06,190 --> 00:17:03,800

that that's you know that's our goal and

448

00:17:08,590 --> 00:17:06,200

we want to capture it why not as

449

00:17:09,910 --> 00:17:08,600

investigators capture ourselves so we

450

00:17:11,230 --> 00:17:09,920

don't have to spend the first part of

451

00:17:13,450 --> 00:17:11,240

our investigation figuring out

452

00:17:16,300 --> 00:17:13,460

somebody's trying to hoax us we'd get

453

00:17:17,680 --> 00:17:16,310

the data ourselves we skip that step

454

00:17:19,120 --> 00:17:17,690

because we're not gonna hoax it

455

00:17:20,800 --> 00:17:19,130

ourselves and that would be the way to

456

00:17:22,330 --> 00:17:20,810

you know if we could find something

457

00:17:24,610 --> 00:17:22,340

that's nominalist like people have done

458

00:17:25,690 --> 00:17:24,620

in the past and bring that to the public

459

00:17:27,190 --> 00:17:25,700

where we don't have to figure out if

460

00:17:29,290 --> 00:17:27,200

somebody's trying to fool us with CGI

461

00:17:30,520 --> 00:17:29,300

that saves a lot of the investigative

462

00:17:32,110 --> 00:17:30,530

work because the first thing you have to

463

00:17:35,410 --> 00:17:32,120

do is figure out somebody's making

464

00:17:37,600 --> 00:17:35,420

things up great are you to you to

465

00:17:40,420 --> 00:17:37,610

actually do investigations right is

466

00:17:42,490 --> 00:17:40,430

there anything exciting or interesting

467

00:17:47,110 --> 00:17:42,500

you can talk about I do work together

468

00:17:49,360 --> 00:17:47,120

when those sometimes we don't if it's a

469

00:17:51,640 --> 00:17:49,370

fits a compelling case we'll grab two

470

00:17:53,140 --> 00:17:51,650

three four guys and we'll get out there

471

00:17:55,120 --> 00:17:53,150

we can cover more ground while one

472

00:17:56,890 --> 00:17:55,130

person interviews the witness if someone

473

00:17:58,320 --> 00:17:56,900

else can be collecting soil samples or

474

00:18:00,250 --> 00:17:58,330

what-have-you flying a drone

475

00:18:02,230 --> 00:18:00,260

photographing whatever gets done much

476

00:18:05,530 --> 00:18:02,240

quicker and for sure and you have

477

00:18:08,160 --> 00:18:05,540

anything you can any case in the past

478

00:18:11,590 --> 00:18:08,170

those really interesting

479

00:18:15,340 --> 00:18:11,600

nothing really excited and exciting has

480

00:18:16,900 --> 00:18:15,350

happened lately not compared to Socorro

481

00:18:19,030 --> 00:18:16,910

for example which is what we compare

482

00:18:21,280 --> 00:18:19,040

everything to now because that being not

483

00:18:22,510 --> 00:18:21,290

to go off on that tangent but you know

484

00:18:25,330 --> 00:18:22,520

you talk about having all the elements

485

00:18:27,550 --> 00:18:25,340

you know multiple witnesses tangible

486

00:18:29,950 --> 00:18:27,560

evidence you know things that have been

487

00:18:32,020 --> 00:18:29,960

tested in the lab and it's a case it

488

00:18:34,810 --> 00:18:32,030

keeps giving us more information every

489

00:18:36,530 --> 00:18:34,820

year as people come for is more things

490

00:18:39,290 --> 00:18:36,540

are analyzed and thing

491

00:18:43,190 --> 00:18:39,300

it's just amazing that's that that's the

492

00:18:45,260 --> 00:18:43,200

case I would want every day if it was to

493

00:18:47,390 --> 00:18:45,270

have worked on that quite a bit with Ray

494

00:18:50,660 --> 00:18:47,400

and then you've done work on your own

495

00:18:52,940 --> 00:18:50,670

yes sir been anything that you've been

496

00:18:54,830 --> 00:18:52,950

able to bring to Ray that you know hey

497

00:18:56,750 --> 00:18:54,840

ray this is something we didn't know

498

00:18:58,940 --> 00:18:56,760

about or anything I think we tried that

499

00:19:01,370 --> 00:18:58,950

and we it was shot down

500

00:19:03,290 --> 00:19:01,380

it was the burning in flames yeah it was

501
00:19:06,020 --> 00:19:03,300
it's not that nothing we were trying to

502
00:19:07,490 --> 00:19:06,030
find you know but we're just we were

503
00:19:09,260 --> 00:19:07,500
just you know here's what it is when we

504
00:19:10,340 --> 00:19:09,270
when we went out there and you know ray

505
00:19:11,720 --> 00:19:10,350
will tell you that there's nothing more

506
00:19:13,730 --> 00:19:11,730
than investigated I've already done all

507
00:19:16,520 --> 00:19:13,740
the work he has he done done a wonderful

508
00:19:18,350 --> 00:19:16,530
job but the one thing that we felt we

509
00:19:19,580 --> 00:19:18,360
could do is talk to those people that

510
00:19:21,140 --> 00:19:19,590
maybe he didn't get a chance to talk to

511
00:19:23,120 --> 00:19:21,150
you like Paul hard and you know he's

512
00:19:24,260 --> 00:19:23,130
been Lonnie's best friend and a lot of

513
00:19:28,220 --> 00:19:24,270

people that were really close to Lonnie

514

00:19:30,770 --> 00:19:28,230

who loved him and you know felt that he

515

00:19:32,450 --> 00:19:30,780

was telling the truth for more than one

516

00:19:35,300 --> 00:19:32,460

or two or three reasons he was a really

517

00:19:36,860 --> 00:19:35,310

really good guy and they had stories to

518

00:19:38,690 --> 00:19:36,870

tell and I thought you know whether it's

519

00:19:41,750 --> 00:19:38,700

true or not let's document what they

520

00:19:43,070 --> 00:19:41,760

have to say and you know we just thought

521

00:19:45,530 --> 00:19:43,080

we'd share that with Ray he didn't like

522

00:19:49,240 --> 00:19:45,540

it yeah I mean I had a long conversation

523

00:19:51,440 --> 00:19:49,250

with Ray about the fact that because how

524

00:19:53,720 --> 00:19:51,450

completely Lonnie was affected and

525

00:19:55,340 --> 00:19:53,730

changed his life you know there seemed

526
00:19:58,820 --> 00:19:55,350
to be something missing from the story

527
00:20:01,160 --> 00:19:58,830
that shocked him so badly and even gray

528
00:20:02,630 --> 00:20:01,170
when I was talking I say ray he I got

529
00:20:04,700 --> 00:20:02,640
the feeling he got a lot closer to the

530
00:20:08,000 --> 00:20:04,710
creatures and couldn't identify them as

531
00:20:11,050 --> 00:20:08,010
non-human and when I talked to Ray about

532
00:20:13,580 --> 00:20:11,060
it so yeah yeah you know but now since

533
00:20:15,830 --> 00:20:13,590
James foxes maybe uncovered something

534
00:20:18,440 --> 00:20:15,840
that verifies that there was maybe a

535
00:20:20,390 --> 00:20:18,450
closer encounter ray doesn't want to

536
00:20:22,760 --> 00:20:20,400
hear that and so it can be a

537
00:20:24,260 --> 00:20:22,770
confabulated story or just a different

538
00:20:26,870 --> 00:20:24,270

memory from time because we're talking

539

00:20:29,360 --> 00:20:26,880

about 64 but we heard that through three

540

00:20:31,520 --> 00:20:29,370

different sources that he is what is

541

00:20:33,230 --> 00:20:31,530

Ray's hesitation in that in particular

542

00:20:36,110 --> 00:20:33,240

he thinks his confabulation he thinks

543

00:20:37,790 --> 00:20:36,120

over time you're inventing these extra

544

00:20:39,800 --> 00:20:37,800

parts of the event and that could be

545

00:20:42,920 --> 00:20:39,810

true Murray well B it could be true but

546

00:20:45,080 --> 00:20:42,930

the thing was that I always always felt

547

00:20:47,210 --> 00:20:45,090

like because Paul Harden said Lonnie

548

00:20:49,289 --> 00:20:47,220

knew when to start and stop the story

549

00:20:51,899 --> 00:20:49,299

and when it came to the beans he

550

00:20:53,909 --> 00:20:51,909

he would it was a pretty detailed story

551
00:20:55,680 --> 00:20:53,919
but by the time it got to the public and

552
00:20:57,239 --> 00:20:55,690
the army to talk to him it was these

553
00:21:00,930 --> 00:20:57,249
white things and coveralls very

554
00:21:02,190 --> 00:21:00,940
nondescript no details I think it became

555
00:21:03,659 --> 00:21:02,200
that because there were a lot more

556
00:21:05,009 --> 00:21:03,669
details or the things that bothered him

557
00:21:07,019 --> 00:21:05,019
so bad that he spent three hours with

558
00:21:08,340 --> 00:21:07,029
his preacher that night and that he

559
00:21:09,779 --> 00:21:08,350
thought he'd seen the devil and that he

560
00:21:11,970 --> 00:21:09,789
was never the same that his life was

561
00:21:14,129 --> 00:21:11,980
never the same after that so for that to

562
00:21:15,629 --> 00:21:14,139
have happened I think he got to the

563
00:21:17,159 --> 00:21:15,639

point where he thought he was helping

564

00:21:19,440 --> 00:21:17,169

some students in a crash car or

565

00:21:21,960 --> 00:21:19,450

something and then saw they were about

566

00:21:24,210 --> 00:21:21,970

four feet tall and maybe had suits on

567

00:21:26,070 --> 00:21:24,220

and then realized that he was dealing

568

00:21:27,599 --> 00:21:26,080

with something that you know it'd be

569

00:21:29,039 --> 00:21:27,609

like if he never believed in ghosts and

570

00:21:31,289 --> 00:21:29,049

you got your house was haunted that

571

00:21:34,649 --> 00:21:31,299

would yeah I mean can you just picture

572

00:21:37,229 --> 00:21:34,659

this can you picture UFO never being on

573

00:21:39,180 --> 00:21:37,239

your mind and then coming across

574

00:21:40,799 --> 00:21:39,190

something like that your brain is gonna

575

00:21:43,019 --> 00:21:40,809

try to put together what it's seeing

576

00:21:45,029 --> 00:21:43,029

right it's gonna like try to fit it in a

577

00:21:47,070 --> 00:21:45,039

box right and then it's not gonna fit

578

00:21:50,129 --> 00:21:47,080

and then you know it's just like

579

00:21:53,009 --> 00:21:50,139

speaking with Selma citic this afternoon

580

00:21:58,049 --> 00:21:53,019

about the aerial school owner she had no

581

00:22:00,509 --> 00:21:58,059

idea what our UFO was right you know so

582

00:22:02,099 --> 00:22:00,519

she had no idea what this object was and

583

00:22:03,960 --> 00:22:02,109

with these this being that didn't look

584

00:22:05,970 --> 00:22:03,970

like a real person you know what it was

585

00:22:07,769 --> 00:22:05,980

and they're the best witnesses that no

586

00:22:09,269 --> 00:22:07,779

preconceived notion whatsoever don't

587

00:22:12,239 --> 00:22:09,279

even know anything about the subject and

588

00:22:14,489 --> 00:22:12,249

most people didn't in 64 but you know it

589

00:22:17,249 --> 00:22:14,499

I think it's a very similar analogy that

590

00:22:18,899 --> 00:22:17,259

you saw something that's so shocked you

591

00:22:20,549 --> 00:22:18,909

and made you realize that hey the

592

00:22:22,499 --> 00:22:20,559

world's not like I believe that like I

593

00:22:23,849 --> 00:22:22,509

grew up to believe it to be yeah and

594

00:22:25,440 --> 00:22:23,859

that's hard to accept that you know your

595

00:22:26,940 --> 00:22:25,450

ality becomes a whole different reality

596

00:22:29,580 --> 00:22:26,950

and that's what we're all seeking you

597

00:22:32,099 --> 00:22:29,590

know are we alone and if we most of us

598

00:22:34,379 --> 00:22:32,109

no we're not I didn't know but I think

599

00:22:35,580 --> 00:22:34,389

if it became a reality that's what the

600

00:22:37,200 --> 00:22:35,590

government's still worried about it's

601
00:22:39,119 --> 00:22:37,210
the Brookings Institute report where

602
00:22:40,480 --> 00:22:39,129
they said look you find things on the

603
00:22:42,580 --> 00:22:40,490
other side of the Moon or on

604
00:22:44,830 --> 00:22:42,590
moons of Saturn or whatever you can't

605
00:22:47,440 --> 00:22:44,840
tell people because orson welles

606
00:22:49,000 --> 00:22:47,450
broadcast flipped everybody out in 38

607
00:22:50,320 --> 00:22:49,010
when they had the War of the Worlds on

608
00:22:52,150 --> 00:22:50,330
the radio people were not shot their

609
00:22:53,590 --> 00:22:52,160
neighbors and and they all they

610
00:22:55,419 --> 00:22:53,600
reference that and the Brooklyn report

611
00:22:57,580 --> 00:22:55,429
as a reason why you can't talk about it

612
00:22:59,350 --> 00:22:57,590
and we're beyond that now Star Trek and

613
00:23:00,549 --> 00:22:59,360

everything got us past that you know I

614

00:23:03,340 --> 00:23:00,559

always think about this the other day

615

00:23:05,350 --> 00:23:03,350

may be totally wrong but I'm thinking

616

00:23:07,210 --> 00:23:05,360

that if all of a sudden we knew a

617

00:23:10,090 --> 00:23:07,220

hundred percent for sure that other

618

00:23:11,910 --> 00:23:10,100

intelligent life lived elsewhere I don't

619

00:23:14,260 --> 00:23:11,920

think it's gonna change our world then I

620

00:23:16,270 --> 00:23:14,270

mean I think people go back to doing

621

00:23:18,160 --> 00:23:16,280

what they're doing after you know

622

00:23:20,700 --> 00:23:18,170

there's the shock of it all all right

623

00:23:22,690 --> 00:23:20,710

you know it may be totally wrong in that

624

00:23:29,710 --> 00:23:22,700

well unless they say and they're

625

00:23:31,780 --> 00:23:29,720

abducting people and the whole new nail

626
00:23:35,770 --> 00:23:31,790
in your window shut and which wouldn't

627
00:23:37,840 --> 00:23:35,780
help if you know we go through all the

628
00:23:39,760 --> 00:23:37,850
recent article only saw it that where

629
00:23:41,350 --> 00:23:39,770
they talked about the known galaxy

630
00:23:43,690 --> 00:23:41,360
having like however many billions of

631
00:23:46,390 --> 00:23:43,700
earth-like planets and how outside of

632
00:23:47,860 --> 00:23:46,400
the galaxy some like 56 Tilian

633
00:23:49,840 --> 00:23:47,870
earth-like planets

634
00:23:52,660 --> 00:23:49,850
you know probability of life these

635
00:23:55,020 --> 00:23:52,670
numbers are so astronomically high even

636
00:23:57,850 --> 00:23:55,030
if you had just 1% of that to be true

637
00:23:59,980 --> 00:23:57,860
you know the thing of it is it's always

638
00:24:02,530 --> 00:23:59,990

you know to think really deep how does

639

00:24:04,510 --> 00:24:02,540

the very first spark of life happen you

640

00:24:06,549 --> 00:24:04,520

know I mean that's what's gonna happen

641

00:24:09,610 --> 00:24:06,559

on all these planets

642

00:24:11,260 --> 00:24:09,620

unless there's you know they're seated I

643

00:24:14,290 --> 00:24:11,270

guess it depends how slow or fast you

644

00:24:16,570 --> 00:24:14,300

want intelligent life to life was on

645

00:24:18,400 --> 00:24:16,580

Mars and it's on earth to plants in the

646

00:24:21,070 --> 00:24:18,410

solar system and mathematically boom

647

00:24:22,690 --> 00:24:21,080

it's everywhere and incredibly tenacious

648

00:24:25,390 --> 00:24:22,700

soakin vive on all these different

649

00:24:27,250 --> 00:24:25,400

environments so I'm you know just to

650

00:24:29,200 --> 00:24:27,260

it's still kind of a testament to our

651
00:24:31,299 --> 00:24:29,210
species that were so stupid to believe

652
00:24:33,370 --> 00:24:31,309
that you know we're the pinnacle of life

653
00:24:36,910 --> 00:24:33,380
in the universe we're probably the

654
00:24:37,550 --> 00:24:36,920
bottom here comes a question that I

655
00:24:41,150 --> 00:24:37,560
asked

656
00:24:43,520 --> 00:24:41,160
when it comes to that if life is so

657
00:24:46,820 --> 00:24:43,530
abundant and intelligent life is so

658
00:24:48,560 --> 00:24:46,830
abundant then why are we so special that

659
00:24:51,710 --> 00:24:48,570
we're being visited if we are being

660
00:24:53,720 --> 00:24:51,720
visited by intelligent life I think that

661
00:24:56,590 --> 00:24:53,730
it was the testing of the atom bomb that

662
00:24:59,810 --> 00:24:56,600
woke things up you know which is why

663
00:25:01,610 --> 00:24:59,820

yeah I really it's almost just and they

664

00:25:04,550 --> 00:25:01,620

knew that you know whoever whoever's out

665

00:25:05,990 --> 00:25:04,560

there it's likely an atomic doorbell so

666

00:25:07,430 --> 00:25:06,000

to speak you say the kids found the

667

00:25:09,260 --> 00:25:07,440

match the kids found the match is

668

00:25:10,460 --> 00:25:09,270

exactly right so and you know I'm sure

669

00:25:12,350 --> 00:25:10,470

that they're I mean there is

670

00:25:14,420 --> 00:25:12,360

historically we know there have been

671

00:25:15,980 --> 00:25:14,430

sightings throughout history cave

672

00:25:17,390 --> 00:25:15,990

paintings things like this but the

673

00:25:19,310 --> 00:25:17,400

amount of attention we suddenly got

674

00:25:21,800 --> 00:25:19,320

after we ring that doorbell the atomic

675

00:25:23,390 --> 00:25:21,810

doorbell now it's just they just said

676

00:25:25,430 --> 00:25:23,400

you know what let's go ahead and wake up

677

00:25:28,340 --> 00:25:25,440

the underground lairs we have around the

678

00:25:29,690 --> 00:25:28,350

Earth or the ocean the open of the ocean

679

00:25:31,310 --> 00:25:29,700

resort you know and we'll just send a

680

00:25:35,360 --> 00:25:31,320

few people now that was keeping on these

681

00:25:36,650 --> 00:25:35,370

these kids right and so we went out of

682

00:25:38,840 --> 00:25:36,660

that yeah it was kind of like Bren

683

00:25:41,330 --> 00:25:38,850

there's a Brandenburg's announced that

684

00:25:43,640 --> 00:25:41,340

I'm gonna get that write it anyway

685

00:25:45,440 --> 00:25:43,650

the scientist said you know they observe

686

00:25:47,690 --> 00:25:45,450

us with benign

687

00:25:50,570 --> 00:25:47,700

you know in light or entertainment

688

00:25:52,970 --> 00:25:50,580

benign entertainment so I think that say

689

00:25:55,160 --> 00:25:52,980

you have say you know about a hundred

690

00:25:56,960 --> 00:25:55,170

million inhabited worlds here at

691

00:25:58,850 --> 00:25:56,970

advanced civilization we could be have

692

00:26:00,320 --> 00:25:58,860

this classification it's like and it's

693

00:26:01,760 --> 00:26:00,330

interesting to stop and take a look at

694

00:26:03,350 --> 00:26:01,770

these idiots but you want to move on to

695

00:26:06,200 --> 00:26:03,360

that this planet over here or something

696

00:26:11,960 --> 00:26:06,210

like that and the other part of it I

697

00:26:13,640 --> 00:26:11,970

think is that we're kind of on the out

698

00:26:15,620 --> 00:26:13,650

and outside arm of the Milky Way galaxy

699

00:26:16,910 --> 00:26:15,630

so if you're about to leave the galaxy

700

00:26:18,470 --> 00:26:16,920

and you know there's an inhabited worlds

701
00:26:20,900 --> 00:26:18,480
here you'll come through this part

702
00:26:23,450 --> 00:26:20,910
you'll charge up maybe using the Sun and

703
00:26:26,540 --> 00:26:23,460
then you're jumping to the next galaxy

704
00:26:28,760 --> 00:26:26,550
if you have that capability so you know

705
00:26:30,200 --> 00:26:28,770
as large as the universe is if they're

706
00:26:31,640 --> 00:26:30,210
actually coming here and know about us

707
00:26:33,920 --> 00:26:31,650
and that tells you it's a whole lot of

708
00:26:36,680 --> 00:26:33,930
life out there searching because we're

709
00:26:38,560 --> 00:26:36,690
one speck and you know this huge amount

710
00:26:41,960 --> 00:26:38,570
of space but if there's intelligent life

711
00:26:43,370 --> 00:26:41,970
finding us then man they it's got to be

712
00:26:44,450 --> 00:26:43,380
all over because it wouldn't just be in

713
00:26:45,890 --> 00:26:44,460

this little section of the Milky Way

714

00:26:48,860 --> 00:26:45,900

it's a good point then because if our

715

00:26:49,960 --> 00:26:48,870

Sun is a refilling station then earth is

716

00:26:53,920 --> 00:26:49,970

the drive-in movie

717

00:26:56,290 --> 00:26:53,930

a commercial one of my favorite I don't

718

00:26:58,240 --> 00:26:56,300

know if you're a South Park fan but if

719

00:27:00,610 --> 00:26:58,250

you're if you have you seen canceled

720

00:27:02,830 --> 00:27:00,620

season eight on season eight canceled

721

00:27:05,230 --> 00:27:02,840

because earth is a number one reality TV

722

00:27:06,610 --> 00:27:05,240

show in the galaxy it's freaking

723

00:27:08,080 --> 00:27:06,620

hilarious I crack up every time I watch

724

00:27:12,040 --> 00:27:08,090

if you haven't seen it watch it you'll

725

00:27:15,070 --> 00:27:12,050

love it yeah hilarious do you think that

726

00:27:22,510 --> 00:27:15,080

if you had to guess do you think that

727

00:27:25,450 --> 00:27:22,520

beings intelligent beings are right yeah

728

00:27:28,030 --> 00:27:25,460

that's a good question I think exactly

729

00:27:30,970 --> 00:27:28,040

that's I think what you see around you

730

00:27:32,650 --> 00:27:30,980

and as many strange forms as we have in

731

00:27:34,510 --> 00:27:32,660

the number of races on this planet

732

00:27:36,940 --> 00:27:34,520

everyone's got two eyes two arms two

733

00:27:39,100 --> 00:27:36,950

legs you know even dogs are as symmetric

734

00:27:40,990 --> 00:27:39,110

you know and very few things I can

735

00:27:43,150 --> 00:27:41,000

imagine that that are growing in a

736

00:27:45,490 --> 00:27:43,160

natural organic state are not going to

737

00:27:48,100 --> 00:27:45,500

be symmetrical you know so I think that

738

00:27:52,360 --> 00:27:48,110

aliens are the same a lot of things come

739

00:27:58,200 --> 00:27:52,370

into play for us like to say let's see

740

00:28:14,830 --> 00:27:58,210

life right that's right you know

741

00:28:17,800 --> 00:28:14,840

carbon-based life-forms if there's it's

742

00:28:19,540 --> 00:28:17,810

like you know if you believe the bible

743

00:28:21,550 --> 00:28:19,550

in god's image that could be a reference

744

00:28:24,370 --> 00:28:21,560

to in the image of somebody that's like

745

00:28:26,110 --> 00:28:24,380

us so if there are civilizations that

746

00:28:28,720 --> 00:28:26,120

are have two arms two legs and a head

747

00:28:30,790 --> 00:28:28,730

then maybe we're all genetically linked

748

00:28:32,350 --> 00:28:30,800

maybe they have a seating you know they

749

00:28:34,210 --> 00:28:32,360

always referenced a great Star Trek

750

00:28:35,920 --> 00:28:34,220

episode with a great secret was that was

751

00:28:37,240 --> 00:28:35,930

trying to be found and everybody's

752

00:28:38,770 --> 00:28:37,250

looking for and the Klingons are trying

753

00:28:41,230 --> 00:28:38,780

to get there first and they just get

754

00:28:43,660 --> 00:28:41,240

there after Captain Picard but the great

755

00:28:46,030 --> 00:28:43,670

secret was the civilization goes well we

756

00:28:48,040 --> 00:28:46,040

we grew up we started traveling stars

757

00:28:50,410 --> 00:28:48,050

and there was nobody there at all

758

00:28:52,060 --> 00:28:50,420

so we seeded all the planets so whoever

759

00:28:54,040 --> 00:28:52,070

you are watching this you're all related

760

00:28:55,600 --> 00:28:54,050

and the Klingons were upset to find out

761

00:28:57,430 --> 00:28:55,610

they're related to humans but that kind

762

00:28:59,290 --> 00:28:57,440

of makes sense from a genetic viewpoint

763

00:29:01,210 --> 00:28:59,300

that that's why y'all are kind of

764

00:29:01,990 --> 00:29:01,220

similar because it started with the same

765

00:29:04,990 --> 00:29:02,000

Organa

766

00:29:07,810 --> 00:29:05,000

compound well I also think we we have no

767

00:29:10,330 --> 00:29:07,820

concept of time that's that's the thing

768

00:29:12,070 --> 00:29:10,340

that makes things happen and change and

769

00:29:14,650 --> 00:29:12,080

think about you can't even picture what

770

00:29:16,330 --> 00:29:14,660

a million years or a billion years know

771

00:29:18,730 --> 00:29:16,340

when the planets four billion years old

772

00:29:21,280 --> 00:29:18,740

you know and we just happen to be here

773

00:29:22,900 --> 00:29:21,290

now I think time is a human construct I

774

00:29:27,430 --> 00:29:22,910

don't think it actually exists I think

775

00:29:29,200 --> 00:29:27,440

that what we call time is actually you

776

00:29:30,870 --> 00:29:29,210

only live in this moment right now but

777

00:29:33,430 --> 00:29:30,880

then the moments gone that's a memory

778

00:29:36,520 --> 00:29:33,440

the next one of it is the future that's

779

00:29:38,440 --> 00:29:36,530

hope in a dream there's only now that's

780

00:29:40,270 --> 00:29:38,450

it there's no before or after there's

781

00:29:42,160 --> 00:29:40,280

only the moment in and we're always in

782

00:29:43,600 --> 00:29:42,170

that moment you call that time but

783

00:29:45,040 --> 00:29:43,610

that's the way we try to organize our

784

00:29:46,570 --> 00:29:45,050

world use clocks and calendars things

785

00:29:48,040 --> 00:29:46,580

like that I don't think there is such a

786

00:29:50,920 --> 00:29:48,050

thing as time I think it's a human

787

00:29:53,050 --> 00:29:50,930

construct just just to get a grip on the

788

00:29:55,600 --> 00:29:53,060

reality of our world I know way off the

789

00:29:57,700 --> 00:29:55,610

UFO topic but I like I like talking

790

00:30:00,190 --> 00:29:57,710

about time because when I was in high

791

00:30:03,010 --> 00:30:00,200

school I remember a science teacher said

792

00:30:06,550 --> 00:30:03,020

to us are at your project for the night

793

00:30:08,440 --> 00:30:06,560

is describe what time is that was our

794

00:30:09,400 --> 00:30:08,450

project and it really you know I was

795

00:30:12,220 --> 00:30:09,410

only in high school and I remember

796

00:30:14,710 --> 00:30:12,230

thinking wow that is really hard it's

797

00:30:19,590 --> 00:30:14,720

one of my favorite favorite movies Back

798

00:30:21,300 --> 00:30:19,600

to the Future some reason some reason

799

00:30:28,040 --> 00:30:21,310

all right guys

800

00:30:36,930 --> 00:30:33,870

we run a few TV shows hanging on NASA's

801
00:30:38,670 --> 00:30:36,940
unexplained files we were on UFO

802
00:30:40,980 --> 00:30:38,680
conspiracy theory the hunt for the truth

803
00:30:42,750 --> 00:30:40,990
which was amalgamated the footage that

804
00:30:44,130 --> 00:30:42,760
we all did and then you might see us

805
00:30:47,900 --> 00:30:44,140
walking down a hallway and ancient

806
00:30:50,460 --> 00:30:47,910
aliens because they you stock footage so

807
00:30:53,130 --> 00:30:50,470
we're working on things we're speaking

808
00:30:57,120 --> 00:30:53,140
in Pittsburgh I'm in October had MUFON

809
00:30:59,430 --> 00:30:57,130
there and we're working on a book to

810
00:31:00,780 --> 00:30:59,440
finish up the Socorro everything we

811
00:31:02,250 --> 00:31:00,790
found about Socorro and some related

812
00:31:05,280 --> 00:31:02,260
things to that and how does rate

813
00:31:07,650 --> 00:31:05,290

Stanford feel about that Ray's gonna be

814

00:31:09,210 --> 00:31:07,660

part of it for sure I mean he always

815

00:31:13,920 --> 00:31:09,220

says he's gonna write a follow-up to his

816

00:31:16,140 --> 00:31:13,930

book but if we wait on that so all right

817

00:31:19,170 --> 00:31:16,150

now but you know we're it'll be an honor

818

00:31:21,960 --> 00:31:19,180

you know just to do something to try to

819

00:31:24,000 --> 00:31:21,970

be as good as or half as good as Socorro

820

00:31:26,340 --> 00:31:24,010

sauce on a Pentagon pantry so you know

821

00:31:27,720 --> 00:31:26,350

that's that's the goal is just to put a

822

00:31:29,100 --> 00:31:27,730

stamp on the story and that's why a lot

823

00:31:31,290 --> 00:31:29,110

of people have come to us and said we're

824

00:31:33,720 --> 00:31:31,300

so glad that you're keep talking about

825

00:31:36,270 --> 00:31:33,730

this because the keeps becoming this

826

00:31:38,940 --> 00:31:36,280

maybe hoax type thing which it wasn't

827

00:31:40,350 --> 00:31:38,950

and since we keep talking about it is

828

00:31:43,020 --> 00:31:40,360

one of the top ten cases the United

829

00:31:44,790 --> 00:31:43,030

States ever most evidence and so we try

830

00:31:46,550 --> 00:31:44,800

to get the story straight put it back on

831

00:31:48,810 --> 00:31:46,560

the record this is not a hoax there's

832

00:31:50,820 --> 00:31:48,820

evidence and a real event happen and

833

00:31:52,740 --> 00:31:50,830

show how important was how baffle the

834

00:31:56,790 --> 00:31:52,750

government was I think it's a great idea

835

00:31:58,860 --> 00:31:56,800

because yes that did happen in 1964 the

836

00:32:01,620 --> 00:31:58,870

book was written you know quite a while

837

00:32:03,060 --> 00:32:01,630

ago and it doesn't serve any pressure 70

838

00:32:06,420 --> 00:32:03,070

something yeah yeah it needs a refresher
