1  
00:00:04,400 --> 00:00:02,270  
hello and welcome to the show this is

2  
00:00:06,889 --> 00:00:04,410  
Martin Willis your host actually I might

3  
00:00:07,909 --> 00:00:06,899  
not be the host we really don't know

4  
00:00:10,370 --> 00:00:07,919  
what kind of show we're running tonight

5  
00:00:12,379 --> 00:00:10,380  
I will tell you it's entertaining and

6  
00:00:14,060 --> 00:00:12,389  
for those watching on youtube we're at a

7  
00:00:17,060 --> 00:00:14,070  
radio station in Exeter New Hampshire

8  
00:00:20,480 --> 00:00:17,070  
and we have all kinds of gadgets and

9  
00:00:23,900 --> 00:00:20,490  
they should be working and thanks for

10  
00:00:26,000 --> 00:00:23,910  
your help Matt and here we have it's

11  
00:00:28,339 --> 00:00:26,010  
gonna be a different show so we are

12  
00:00:31,429 --> 00:00:28,349  
gonna I think we'll broach the topic of

13  
00:00:34,940 --> 00:00:31,439

UFOs eventually but we have Mack Maloney

14

00:00:38,810 --> 00:00:34,950

and we have 1 1 and we have commander

15

00:00:40,250 --> 00:00:38,820

Cobra in the corner and myself and Matt

16

00:00:42,410 --> 00:00:40,260

is just hanging out helping us when

17

00:00:44,750 --> 00:00:42,420

things start to smoke and burn and

18

00:00:47,840 --> 00:00:44,760

things like that so welcome to show

19

00:00:50,920 --> 00:00:47,850

everyone hello man how's it going this

20

00:00:54,350 --> 00:00:50,930

is going to be fun it is so this is also

21

00:00:57,439 --> 00:00:54,360

it's gonna air as military x-files as

22

00:00:59,450 --> 00:00:57,449

well mm-hmm Mack Melones military house

23

00:01:01,990 --> 00:00:59,460

which is on about seven or eight

24

00:01:05,179 --> 00:01:02,000

networks across the country

25

00:01:07,850 --> 00:01:05,189

Casey yo I and Las Vegas is really the

26

00:01:10,250 --> 00:01:07,860

best place I think the girl and doc

27

00:01:11,600 --> 00:01:10,260

matter radio what's wrong huh I think

28

00:01:13,399 --> 00:01:11,610

we're some of the best place but you

29

00:01:14,090 --> 00:01:13,409

know the place that it's so dear most

30

00:01:15,649 --> 00:01:14,100

excitable

31

00:01:19,340 --> 00:01:15,659

well let's promote everybody here yeah

32

00:01:22,340 --> 00:01:19,350

well this is on kgr a radio right now

33

00:01:23,719 --> 00:01:22,350

and simulcast on YouTube and it's also

34

00:01:26,630 --> 00:01:23,729

played on the Dark Matter digital

35

00:01:28,190 --> 00:01:26,640

network and that's on Thursdays at 5:00

36

00:01:33,469 --> 00:01:28,200

to 8:00

37

00:01:35,450 --> 00:01:33,479

that's Pacific time and so we are we're

38

00:01:37,999 --> 00:01:35,460

gonna broach the topic a UFO so we're

39

00:01:39,499 --> 00:01:38,009

kind of like cross pollinating shows

40

00:01:44,389 --> 00:01:39,509

here and I just buy the port that was a

41

00:01:45,859 --> 00:01:44,399

nice way to put it yeah good yeah yes so

42

00:01:50,530 --> 00:01:45,869

I'm looking at three drones there's no

43

00:01:54,289 --> 00:01:52,910

all right I said it's gonna be

44

00:01:57,080 --> 00:01:54,299

entertaining I want to tell everyone I

45

00:02:00,050 --> 00:01:57,090

went to the MUFON symposium down in New

46

00:02:01,190 --> 00:02:00,060

Jersey cherry hill this weekend had a

47

00:02:03,800 --> 00:02:01,200

really good time I got stuck in traffic

48

00:02:07,119 --> 00:02:03,810

however for over ten hours going from

49

00:02:09,589 --> 00:02:07,129

Boston to New Jersey and I missed up

50

00:02:11,600 --> 00:02:09,599

Lois Elizondo

51  
00:02:13,370 --> 00:02:11,610  
but anyone can watch that on YouTube the

52  
00:02:15,440 --> 00:02:13,380  
symposium is on YouTube and you can

53  
00:02:17,210 --> 00:02:15,450  
Jim speak it starts at about an hour and

54  
00:02:20,030 --> 00:02:17,220  
eight minutes you can check that out

55  
00:02:21,800 --> 00:02:20,040  
very interesting I actually had a

56  
00:02:24,290 --> 00:02:21,810  
conversation with him for about a half

57  
00:02:25,580 --> 00:02:24,300  
an hour and the hallways a real nice guy

58  
00:02:26,810 --> 00:02:25,590  
we ended up having a lot of things in

59  
00:02:29,420 --> 00:02:26,820  
common as far as the antiques and

60  
00:02:31,130 --> 00:02:29,430  
collecting and all that so I might help

61  
00:02:32,150 --> 00:02:31,140  
him out with a little bit of appraisals

62  
00:02:34,160 --> 00:02:32,160  
but you know the whole time I talked to

63  
00:02:37,100 --> 00:02:34,170

him the word UFO never came up

64

00:02:41,240 --> 00:02:37,110

interesting point that is interesting so

65

00:02:44,600 --> 00:02:41,250

I was all excited though I paid extra

66

00:02:47,120 --> 00:02:44,610

ticket to do a one-on-one dinner with

67

00:02:48,110 --> 00:02:47,130

with him oh well and it was like a seven

68

00:02:49,940 --> 00:02:48,120

o'clock at night or something like that

69

00:02:51,440 --> 00:02:49,950

well I saw him on the phone during the

70

00:02:53,180 --> 00:02:51,450

day and he kept going back on the phone

71

00:02:55,520 --> 00:02:53,190

and walking out walking around in

72

00:02:56,630 --> 00:02:55,530

circles and talking seemed like

73

00:02:59,300 --> 00:02:56,640

something was wrong next thing you know

74

00:03:01,880 --> 00:02:59,310

he was gone so he left for an emergency

75

00:03:05,120 --> 00:03:01,890

okay so it didn't happen how long but

76

00:03:07,580 --> 00:03:05,130

still it was a great conference I got to

77

00:03:09,800 --> 00:03:07,590

speaking interview a few people and

78

00:03:14,270 --> 00:03:09,810

supporters of the show the the members

79

00:03:18,860 --> 00:03:14,280

broadcast podcast has that podcast up

80

00:03:19,930 --> 00:03:18,870

and I did get a great interview with the

81

00:03:22,490 --> 00:03:19,940

Ariel schools

82

00:03:24,260 --> 00:03:22,500

Selma siddik I had her once on the show

83

00:03:26,120 --> 00:03:24,270

and when I have a great show by the way

84

00:03:28,250 --> 00:03:26,130

thank you when I had the heard the first

85

00:03:29,570 --> 00:03:28,260

time she got contacted from all over the

86

00:03:33,260 --> 00:03:29,580

world media companies and everything

87

00:03:34,490 --> 00:03:33,270

else so this time I think was the best

88

00:03:36,230 --> 00:03:34,500

interview did you have another look

89

00:03:37,280 --> 00:03:36,240

overdue to listen to the latest one not

90

00:03:39,050 --> 00:03:37,290

the latest one but the one you have

91

00:03:40,550 --> 00:03:39,060

originally had her on the latest ones

92

00:03:42,080 --> 00:03:40,560

unbelievable because she actually talks

93

00:03:43,850 --> 00:03:42,090

about and thank you for sending me the

94

00:03:45,380 --> 00:03:43,860

link that you did because I listened to

95

00:03:48,740 --> 00:03:45,390

it when I was supposed to be you know

96

00:03:51,199 --> 00:03:48,750

doing work but that's okay relax a

97

00:03:52,880 --> 00:03:51,209

little bit so anyway it was great

98

00:03:54,500 --> 00:03:52,890

because she actually talked about one of

99

00:03:56,660 --> 00:03:54,510

the questions I think and for the

100

00:04:00,530 --> 00:03:56,670

supporters that listen to this she

101  
00:04:03,050 --> 00:04:00,540  
answers that that I asked her a question

102  
00:04:05,449 --> 00:04:03,060  
that someone posed to me she did not get

103  
00:04:07,070 --> 00:04:05,459  
any type of telepathic message or

104  
00:04:09,110 --> 00:04:07,080  
anything like the other kids did uh-huh

105  
00:04:10,520 --> 00:04:09,120  
and which were interesting messages like

106  
00:04:11,180 --> 00:04:10,530  
take care of the earth and stuff like

107  
00:04:13,880 --> 00:04:11,190  
that okay

108  
00:04:15,860 --> 00:04:13,890  
she had no message and someone I don't

109  
00:04:17,990 --> 00:04:15,870  
know nothing at all and someone said to

110  
00:04:19,699 --> 00:04:18,000  
me well why don't you ask her why she

111  
00:04:21,530 --> 00:04:19,709  
thinks she didn't get one okay

112  
00:04:23,690 --> 00:04:21,540  
I was great question she said well I'm

113  
00:04:26,240 --> 00:04:23,700

not a hundred percent sure she said I

114

00:04:27,260 --> 00:04:26,250  
had to break my I lock with this

115

00:04:28,730 --> 00:04:27,270  
creature

116

00:04:30,680 --> 00:04:28,740  
and she said it was one of the hardest

117

00:04:32,059 --> 00:04:30,690  
thing she's ever done because she was

118

00:04:34,279 --> 00:04:32,069  
worried about her sister and brother so

119

00:04:36,260 --> 00:04:34,289  
she broke her eye lock and she said I

120

00:04:37,879 --> 00:04:36,270  
don't know you know she was exhausted

121

00:04:39,680 --> 00:04:37,889  
afterwards - which i think is all

122

00:04:41,809 --> 00:04:39,690  
fascinating do you know anything about

123

00:04:44,540 --> 00:04:41,819  
that case any you don't love it that

124

00:04:46,969 --> 00:04:44,550  
much the mostly what was kind of put out

125

00:04:50,210 --> 00:04:46,979  
as the sensational news where you know

126  
00:04:51,559 --> 00:04:50,220  
that the and very outlandish claims that

127  
00:04:54,379 --> 00:04:51,569  
were added to it because when you do

128  
00:04:55,900 --> 00:04:54,389  
listen to their description they're kind

129  
00:05:00,320 --> 00:04:55,910  
of their debrief of what they put out

130  
00:05:02,240 --> 00:05:00,330  
it's much more tangible it's much more

131  
00:05:03,830 --> 00:05:02,250  
understandable what's going on but I

132  
00:05:05,809 --> 00:05:03,840  
think that happens with almost every UFO

133  
00:05:08,480 --> 00:05:05,819  
case that comes on there's a sensational

134  
00:05:11,480 --> 00:05:08,490  
side to it that everyone you know wants

135  
00:05:13,879 --> 00:05:11,490  
to talk about what did she I have never

136  
00:05:16,490 --> 00:05:13,889  
heard of her I have - okay she was one

137  
00:05:20,779 --> 00:05:16,500  
of the 62 schoolchildren at the area of

138  
00:05:23,149 --> 00:05:20,789

school in Rua South Africa mm-hmm

139

00:05:25,790 --> 00:05:23,159

Zimbabwe there was an encounter there

140

00:05:27,770 --> 00:05:25,800

where they saw like flashing lights and

141

00:05:29,120 --> 00:05:27,780

they went out on their playground and it

142

00:05:30,589 --> 00:05:29,130

was the only time there was no teachers

143

00:05:32,959 --> 00:05:30,599

out on the playground it just happened

144

00:05:36,200 --> 00:05:32,969

to be that way they were having a

145

00:05:37,520 --> 00:05:36,210

teachers meeting so either one being or

146

00:05:39,800 --> 00:05:37,530

multiple beings got out if there were

147

00:05:41,870 --> 00:05:39,810

multiple they looked exactly like and

148

00:05:43,909 --> 00:05:41,880

her description is fantastic really I

149

00:05:45,950 --> 00:05:43,919

mean they had a pigment of skin that

150

00:05:48,580 --> 00:05:45,960

she's never could explain or seen before

151  
00:05:52,430 --> 00:05:48,590  
mm-hmm very large head small in stature

152  
00:05:55,820 --> 00:05:52,440  
large very large black eyes hmm no

153  
00:05:57,800 --> 00:05:55,830  
noticeable nose and a mouth and so this

154  
00:06:00,469 --> 00:05:57,810  
thing was like she was four feet away

155  
00:06:03,499 --> 00:06:00,479  
from it four feet well and she was like

156  
00:06:04,790 --> 00:06:03,509  
I locked with it which is to me it gives

157  
00:06:06,860 --> 00:06:04,800  
it gave me the goosebumps

158  
00:06:11,180 --> 00:06:06,870  
mm-hmm so yeah it's it's quite the

159  
00:06:12,559 --> 00:06:11,190  
encounter and I think it's you know John

160  
00:06:15,260 --> 00:06:12,569  
Mac went in there right away and you

161  
00:06:17,719 --> 00:06:15,270  
know the kids and yep from javed yeah it

162  
00:06:20,149 --> 00:06:17,729  
was the guy who did a lot of that you

163  
00:06:22,070 --> 00:06:20,159

know hypnosis on you know people who

164

00:06:24,890 --> 00:06:22,080

thought that they were abducted right

165

00:06:26,059 --> 00:06:24,900

lost-time cases missing missing time

166

00:06:27,890 --> 00:06:26,069

then he got killed in a car accident

167

00:06:31,580 --> 00:06:27,900

right that's right he was in London and

168

00:06:33,469 --> 00:06:31,590

he was was not used to left drivers yep

169

00:06:34,850 --> 00:06:33,479

and so he looked the other way when he

170

00:06:37,810 --> 00:06:34,860

was crossing that part of the street oh

171

00:06:40,090 --> 00:06:37,820

wow truck a truck ran hit him huh

172

00:06:41,410 --> 00:06:40,100

that's why I was intoxicated but why

173

00:06:45,160 --> 00:06:41,420

this matters spray-painted on the

174

00:06:46,390 --> 00:06:45,170

sidewalk froze all non folks looked the

175

00:06:47,830 --> 00:06:46,400

other direction when you're right what's

176

00:06:50,260 --> 00:06:47,840

that register Wow

177

00:06:53,410 --> 00:06:50,270

yeah didn't work that time he didn't see

178

00:06:55,360 --> 00:06:53,420

it obviously that's too bad so uh for my

179

00:06:57,760 --> 00:06:55,370

show I know this is gonna be your show

180

00:06:58,660 --> 00:06:57,770

too but can we give a little background

181

00:07:00,370 --> 00:06:58,670

one-one

182

00:07:02,320 --> 00:07:00,380

and by the way for YouTube you can see

183

00:07:04,510 --> 00:07:02,330

we're all wearing sunglasses right and

184

00:07:05,200 --> 00:07:04,520

the only reason I am is because I felt

185

00:07:07,480 --> 00:07:05,210

left out

186

00:07:09,730 --> 00:07:07,490

so I went to the car got myself my

187

00:07:13,120 --> 00:07:09,740

contract contractually obligated to

188

00:07:15,730 --> 00:07:13,130

introduce one okay absolutely

189

00:07:20,160 --> 00:07:15,740

yeah okay if not you know yes people you

190

00:07:22,960 --> 00:07:20,170

guys talk though right yes I do mostly

191

00:07:24,550 --> 00:07:22,970

so especially when provoked yeah all

192

00:07:26,440 --> 00:07:24,560

right I should say hey we're gonna have

193

00:07:28,630 --> 00:07:26,450

quite a show for you tonight but first I

194

00:07:30,970 --> 00:07:28,640

have to introduce the members of the

195

00:07:33,760 --> 00:07:30,980

posse of the pousseys as they say in

196

00:07:35,260 --> 00:07:33,770

Paris right that's right okay girls get

197

00:07:38,440 --> 00:07:35,270

ready it's not Fanning yourself the very

198

00:07:40,690 --> 00:07:38,450

famous one is here what a special track

199

00:07:42,400 --> 00:07:40,700

that they get to see one one tonight you

200

00:07:43,450 --> 00:07:42,410

don't now you're stepping on his well

201

00:07:46,420 --> 00:07:43,460

I'm stepping on it tonight

202

00:07:49,270 --> 00:07:46,430

Wow he's always stepping on it or in it

203

00:07:51,130 --> 00:07:49,280

okay so one one you rail or everybody

204

00:07:53,440 --> 00:07:51,140

I'm one one you got all dressed up

205

00:07:55,090 --> 00:07:53,450

tonight familiar Maloney he's wearing

206

00:07:56,470 --> 00:07:55,100

pants and everything yeah right that's

207

00:07:58,530 --> 00:07:56,480

right it's a nice change

208

00:08:00,610 --> 00:07:58,540

yeah that's the beauty of an audio show

209

00:08:02,950 --> 00:08:00,620

yeah that's right

210

00:08:05,410 --> 00:08:02,960

okay oh she naked an audio but we're on

211

00:08:07,450 --> 00:08:05,420

YouTube live saying y'all wow this is a

212

00:08:07,750 --> 00:08:07,460

big treat for us yeah what a special

213

00:08:09,700 --> 00:08:07,760

night

214

00:08:10,870 --> 00:08:09,710

I got a haircut and everything did you

215

00:08:13,840 --> 00:08:10,880

really mean you're covering with your

216

00:08:15,490 --> 00:08:13,850

hat Hey yes that's because I did

217

00:08:18,100 --> 00:08:15,500

eyeshadow and it came out kind of blurry

218

00:08:19,530 --> 00:08:18,110

so I know that's just in my head you

219

00:08:21,670 --> 00:08:19,540

would wear a hat for eyeshadow but

220

00:08:24,340 --> 00:08:21,680

obviously a psychologist been answered

221

00:08:26,050 --> 00:08:24,350

also hey listen we have to make a big

222

00:08:27,610 --> 00:08:26,060

point of this that Koko is actually in

223

00:08:29,680 --> 00:08:27,620

the studio with us this is the first

224

00:08:30,940 --> 00:08:29,690

time I since before Christmas because I

225

00:08:32,620 --> 00:08:30,950

still have your Christmas present yeah

226

00:08:34,630 --> 00:08:32,630

see see but anyway the very famous

227

00:08:35,800 --> 00:08:34,640

command a quorum or one of us could even

228

00:08:37,209 --> 00:08:35,810

about that one at all

229

00:08:38,950 --> 00:08:37,219

and Martin thank you very much and he's

230

00:08:41,140 --> 00:08:38,960

wearing his uniform an owner and his

231

00:08:43,000 --> 00:08:41,150

pilot's yes but I would like to note

232

00:08:44,860 --> 00:08:43,010

that I am not wearing the intimidating

233

00:08:47,890 --> 00:08:44,870

helmet which upset some of Martin's

234

00:08:49,420 --> 00:08:47,900

viewers on YouTube so I will be taking

235

00:08:51,100 --> 00:08:49,430

plenty of email on the fact that I'm

236

00:08:53,860 --> 00:08:51,110

wearing the Ghost Rider

237

00:08:56,019 --> 00:08:53,870

have mall cap tonight which has a scary

238

00:08:57,970 --> 00:08:56,029

skeleton with cross swords behind it but

239

00:08:59,680 --> 00:08:57,980

it's not the scary helmet what you love

240

00:09:01,509 --> 00:08:59,690

the helmet when you were on his snow no

241

00:09:02,980 --> 00:09:01,519

way yes I was on his show why would you

242

00:09:04,600 --> 00:09:02,990

wear a helmet because it was the easier

243

00:09:06,040 --> 00:09:04,610

way to go with commander Cobra because

244

00:09:07,780 --> 00:09:06,050

he had me on the guest as commander

245

00:09:09,009 --> 00:09:07,790

Cobra and introduce my flying career I

246

00:09:12,310 --> 00:09:09,019

thought it was kind of fun so you want

247

00:09:13,810 --> 00:09:12,320

the helmet okay and you have the helmet

248

00:09:15,250 --> 00:09:13,820

out in the Cessna outside right that is

249

00:09:16,900 --> 00:09:15,260

correct yeah we don't want to talk about

250

00:09:20,949 --> 00:09:16,910

what the aircraft is outside oh I'm

251  
00:09:21,280 --> 00:09:20,959  
sorry yes kind of kind of yeah yeah all

252  
00:09:23,980 --> 00:09:21,290  
right

253  
00:09:26,019 --> 00:09:23,990  
so are you done introducing everybody

254  
00:09:28,199 --> 00:09:26,029  
yeah I think so yep so let everyone know

255  
00:09:30,190 --> 00:09:28,209  
that unfortunately I can't take calls

256  
00:09:31,810 --> 00:09:30,200  
just because of the way we had to run

257  
00:09:36,449 --> 00:09:31,820  
the Skype today we're having the usual

258  
00:09:37,750 --> 00:09:36,459  
breaks we do and that will be right at

259  
00:09:40,030 --> 00:09:37,760  
6:25

260  
00:09:41,350 --> 00:09:40,040  
Eastern Standard Time and at 6:55 uses

261  
00:09:43,509 --> 00:09:41,360  
Eastern Standard Time we're gonna

262  
00:09:44,710 --> 00:09:43,519  
continue talking and then later on can

263  
00:09:48,130 --> 00:09:44,720

you describe what's gonna happen later

264

00:09:48,910 --> 00:09:48,140

on Mac no not really what I mean we make

265

00:09:50,910 --> 00:09:48,920

it up as we go along

266

00:09:52,750 --> 00:09:50,920

yes we're gonna have our improvised

267

00:09:55,060 --> 00:09:52,760

we're going to have our buddy out in

268

00:09:57,340 --> 00:09:55,070

Battle Creek Michigan switchblade Steve

269

00:09:59,860 --> 00:09:57,350

they always bring he always brings a

270

00:10:02,230 --> 00:09:59,870

some good content to the show something

271

00:10:04,300 --> 00:10:02,240

we're late Steve he is our Mothman

272

00:10:07,180 --> 00:10:04,310

expert but yes he's a muffin expert you

273

00:10:10,030 --> 00:10:07,190

know we first dubbed him mas which was

274

00:10:12,550 --> 00:10:10,040

stilettos stiletto see in Steny and he

275

00:10:14,230 --> 00:10:12,560

put a bit of a stink up he didn't see it

276

00:10:16,840 --> 00:10:14,240

as the knife he saw it as the high heel

277

00:10:18,670 --> 00:10:16,850

shoe Michigan is right that was at least

278

00:10:21,240 --> 00:10:18,680

what two psychologists and one

279

00:10:23,860 --> 00:10:21,250

psychiatrist to get us all through that

280

00:10:26,019 --> 00:10:23,870

isis-linked sling blades no sling blade

281

00:10:27,610 --> 00:10:26,029

yeah now dude have to have some type of

282

00:10:29,259 --> 00:10:27,620

blade with you when you're Mothman

283

00:10:31,600 --> 00:10:29,269

hunting or something or and I know we

284

00:10:33,939 --> 00:10:31,610

just he just needed a yeah a nickname

285

00:10:35,259 --> 00:10:33,949

and when he said stiletto he didn't it

286

00:10:37,060 --> 00:10:35,269

for about three or four weeks he was

287

00:10:38,800 --> 00:10:37,070

kind of quiet on and then finally again

288

00:10:41,410 --> 00:10:38,810

approached his subjects he said and I

289

00:10:43,120 --> 00:10:41,420

know I am you know being labeled with a

290

00:10:45,670 --> 00:10:43,130

high-heeled shoe you know we said well

291

00:10:49,660 --> 00:10:45,680

I'm Boston that means a switch switch

292

00:10:51,880 --> 00:10:49,670

blade you know a weapon sanaka you don't

293

00:10:53,710 --> 00:10:51,890

have a stage name nickname are you that

294

00:10:57,189 --> 00:10:53,720

he's the Mac are you the one that is the

295

00:11:00,130 --> 00:10:57,199

giver of all nicknames we're just kind

296

00:11:02,110 --> 00:11:00,140

of inherited well in my case I was

297

00:11:04,060 --> 00:11:02,120

commander X back in the day when we

298

00:11:06,939 --> 00:11:04,070

stood when Mac was doing some shows

299

00:11:08,290 --> 00:11:06,949

the circadian trade arrows trademark

300

00:11:10,540 --> 00:11:08,300

infringement when we went to the other

301

00:11:13,930 --> 00:11:10,550

part of it so Mac had to very quickly

302

00:11:15,280 --> 00:11:13,940

come up with a name and that's where a

303

00:11:17,139 --> 00:11:15,290

commander cobra comes from which is a

304

00:11:19,749 --> 00:11:17,149

play on my callsign which we won't use

305

00:11:21,220 --> 00:11:19,759

on air but as you know what we've spoken

306

00:11:23,439 --> 00:11:21,230

about it's on the side of the assessment

307

00:11:28,809 --> 00:11:23,449

isn't it that's good okay again don't

308

00:11:31,540 --> 00:11:28,819

mention that we are contractually

309

00:11:33,430 --> 00:11:31,550

obligated to salute commander quorum at

310

00:11:35,170 --> 00:11:33,440

some point during the show another way

311

00:11:36,759 --> 00:11:35,180

is it usually a like two or three beers

312

00:11:38,860 --> 00:11:36,769

into the show that's when they like to

313

00:11:40,689 --> 00:11:38,870

stand straight before the man and

314

00:11:42,999 --> 00:11:40,699

chuckling those not be sure we do it now

315

00:11:44,680 --> 00:11:43,009

get it oh that's good okay ready ready

316

00:11:47,740 --> 00:11:44,690

all I really have to do everyone in the

317

00:11:58,660 --> 00:11:47,750

room is to do it get ready coughing okay

318

00:12:00,370 --> 00:11:58,670

wow wow wow the first time I've ever

319

00:12:01,600 --> 00:12:00,380

done yeah and well not the first time

320

00:12:03,939 --> 00:12:01,610

I've done it but the first time I've

321

00:12:06,460 --> 00:12:03,949

seen him return the salute you in

322

00:12:09,660 --> 00:12:06,470

another room cocoa usually right oh man

323

00:12:12,040 --> 00:12:09,670

I'm in another dimension usually yeah

324

00:12:14,259 --> 00:12:12,050

well you have to maintain the salute or

325

00:12:18,250 --> 00:12:14,269

so let's return a madam you wanted to

326

00:12:19,840 --> 00:12:18,260

come here don't feed the animals too far

327

00:12:22,600 --> 00:12:19,850

behind the bars that's the only really

328

00:12:25,090 --> 00:12:22,610

rules you need to know so so we are in

329

00:12:26,439 --> 00:12:25,100

let's let's bring this up since it's a

330

00:12:28,600 --> 00:12:26,449

treat for me to be here in the town of

331

00:12:31,449 --> 00:12:28,610

Exeter I don't even notice it gonna be

332

00:12:33,819 --> 00:12:31,459

shirt see got the t-shirts special for

333

00:12:35,470 --> 00:12:33,829

this I know it's no there's no UFO on it

334

00:12:37,480 --> 00:12:35,480

or anything let's talk a little bit

335

00:12:39,519 --> 00:12:37,490

about incident Exeter of any of you like

336

00:12:41,710 --> 00:12:39,529

had a show on that since you right here

337

00:12:45,100 --> 00:12:41,720

yeah we've had two or three shows we've

338

00:12:47,829 --> 00:12:45,110

had Kathy mazdan on Martin Martin Martin

339

00:12:50,139 --> 00:12:47,839

Madden okay very nice woman she is nice

340

00:12:52,600 --> 00:12:50,149

yeah we've talked to a guy who is the

341

00:12:55,000 --> 00:12:52,610

head of the New Hampshire UFO society

342

00:12:56,290 --> 00:12:55,010

that musician there who last time you

343

00:13:00,939 --> 00:12:56,300

know anyone that's not to run the

344

00:13:02,829 --> 00:13:00,949

segment was that yeah it was good time

345

00:13:06,939 --> 00:13:02,839

he said it's priceless don't let anyone

346

00:13:08,350 --> 00:13:06,949

else hear it musician and he was just

347

00:13:09,970 --> 00:13:08,360

taking offense at some of the things we

348

00:13:12,309 --> 00:13:09,980

were saying to him like we are tonight

349

00:13:15,009 --> 00:13:12,319

yeah we messed up his name a couple of

350

00:13:16,690 --> 00:13:15,019

tests of his name I'd like the record to

351

00:13:19,930 --> 00:13:16,700

show that I was not on the show

352

00:13:25,750 --> 00:13:19,940

I just dropped your credits removed no I

353

00:13:27,460 --> 00:13:25,760

there's no oh we're talking masks let's

354

00:13:29,110 --> 00:13:27,470

see I by accident I thought you said

355

00:13:31,990 --> 00:13:29,120

back we talked about this a by accident

356

00:13:33,820 --> 00:13:32,000

I call one one by his full name and I

357

00:13:35,440 --> 00:13:33,830

solely apologized that's all right I

358

00:13:37,690 --> 00:13:35,450

don't either kind of all kinds of emails

359

00:13:39,370 --> 00:13:37,700

from people I know sir actually my name

360

00:13:41,320 --> 00:13:39,380

is what do you do Ottomans yeah yeah the

361

00:13:43,090 --> 00:13:41,330

name is pretty common out there so yeah

362

00:13:44,710 --> 00:13:43,100

but many people did this this really

363

00:13:47,910 --> 00:13:44,720

bugs him I know because he's tell me the

364

00:13:53,680 --> 00:13:47,920

Sophia someone says we have double audio

365

00:13:55,720 --> 00:13:53,690

can someone in can someone in in chat

366

00:14:00,610 --> 00:13:55,730

right now tell me are you hearing the

367

00:14:03,040 --> 00:14:00,620

audio twice like an echo hmm

368

00:14:04,270 --> 00:14:03,050

it takes 30 seconds for this to go

369

00:14:07,570 --> 00:14:04,280

through how about race

370

00:14:11,380 --> 00:14:07,580

maybe race condolence race are you there

371

00:14:15,970 --> 00:14:11,390

right now he's stepped away from Abba

372

00:14:17,290 --> 00:14:15,980

chance right okay all right no we're all

373

00:14:20,170 --> 00:14:17,300

good to go I don't know someone up there

374

00:14:21,640 --> 00:14:20,180

said they heard double audio okay it

375

00:14:23,230 --> 00:14:21,650

could s just be talking over each other

376

00:14:25,240 --> 00:14:23,240

that's true we're not very well behaved

377

00:14:26,650 --> 00:14:25,250

yeah that's what it is talking over each

378

00:14:28,870 --> 00:14:26,660

other and as earlier I'm gonna have to

379

00:14:31,960 --> 00:14:28,880

get used to it just used to it used to

380

00:14:33,610 --> 00:14:31,970

it so yeah we've had we've had a couple

381

00:14:35,290 --> 00:14:33,620

shows on the Exeter incident you know

382

00:14:38,590 --> 00:14:35,300

cuz it happened I don't know maybe 10

383

00:14:41,140 --> 00:14:38,600

miles from here Coco yeah 10 miles and I

384

00:14:43,240 --> 00:14:41,150

remembering ten actually my dad was a my

385

00:14:46,150 --> 00:14:43,250

folks live in Massachusetts and my dad

386

00:14:47,950 --> 00:14:46,160

was a huge interest in UFOs I think

387

00:14:49,630 --> 00:14:47,960

that's what kind of led me to some of

388

00:14:51,880 --> 00:14:49,640

the interests that I've always had and

389

00:14:54,640 --> 00:14:51,890

we were up here I'd not too long ago I

390

00:14:57,130 --> 00:14:54,650

was looking at 35 mil of Kodak slides

391

00:14:59,560 --> 00:14:57,140

that my dad has of me walking around the

392

00:15:00,370 --> 00:14:59,570

park there where some of the Ground Zero

393

00:15:02,650 --> 00:15:00,380

was hmm

394

00:15:06,460 --> 00:15:02,660

okay in the short pants oh really yeah

395

00:15:08,440 --> 00:15:06,470

oh wow so there you go did we ever did

396

00:15:10,960 --> 00:15:08,450

we are we doing a little a dding here

397

00:15:14,130 --> 00:15:10,970

did we talk about who everyone is really

398

00:15:16,840 --> 00:15:14,140

yet I don't think well yeah we

399

00:15:20,110 --> 00:15:16,850

introduced him but you know he's he's

400

00:15:22,990 --> 00:15:20,120

the IT guy and he's the kind of inside

401  
00:15:24,940 --> 00:15:23,000  
guy you're the inside yeah so what was

402  
00:15:28,910 --> 00:15:24,950  
we should do Martin to help keep this on

403  
00:15:30,590 --> 00:15:28,920  
some kind of a schedule why okay

404  
00:15:34,460 --> 00:15:30,600  
well with that attitude I can correct

405  
00:15:36,440 --> 00:15:34,470  
that pretty quick but Mac is the genius

406  
00:15:38,930 --> 00:15:36,450  
behind this the writer of numerous books

407  
00:15:41,450 --> 00:15:38,940  
fiction and nonfiction these cloud these

408  
00:15:44,780 --> 00:15:41,460  
days one one will read one from cover to

409  
00:15:46,540 --> 00:15:44,790  
cover we're all hopeful for that review

410  
00:15:49,340 --> 00:15:46,550  
copy of this new book there is a new

411  
00:15:51,890 --> 00:15:49,350  
book that's been rated at the street one

412  
00:15:54,080 --> 00:15:51,900  
is is doing did the forward to it I

413  
00:15:55,970 --> 00:15:54,090

think it's a tremendous effort and it's

414

00:15:57,980 --> 00:15:55,980

it kind of reflects this radio show if I

415

00:16:00,230 --> 00:15:57,990

if I could be so bold as these go on to

416

00:16:01,550 --> 00:16:00,240

that yeah is that Mac has done a lot of

417

00:16:05,540 --> 00:16:01,560

work that people have seen that they

418

00:16:07,250 --> 00:16:05,550

don't realize travel channel of lots of

419

00:16:08,600 --> 00:16:07,260

little bin yets that you would have and

420

00:16:10,040 --> 00:16:08,610

though it that aren't commercials that

421

00:16:12,370 --> 00:16:10,050

would set up for another program or

422

00:16:15,440 --> 00:16:12,380

unique things he took all that research

423

00:16:17,510 --> 00:16:15,450

and combined that in and made a program

424

00:16:19,490 --> 00:16:17,520

out of it excuse me a book out of it

425

00:16:20,720 --> 00:16:19,500

based on all these parts and pieces and

426

00:16:23,330 --> 00:16:20,730

it I think it's going to be an actually

427

00:16:25,400 --> 00:16:23,340

kind of a better-than-average kind of

428

00:16:27,380 --> 00:16:25,410

cool reader because I've always enjoyed

429

00:16:29,480 --> 00:16:27,390

what he writes that's how we got to

430

00:16:33,550 --> 00:16:29,490

become friends c11 see that's how you

431

00:16:36,890 --> 00:16:33,560

kiss someone's ass I know I wrote to him

432

00:16:38,360 --> 00:16:36,900

23 years ago saying I if you're a pilot

433

00:16:40,130 --> 00:16:38,370

I don't think you're a military pilot

434

00:16:41,720 --> 00:16:40,140

you do some you do some absolutely

435

00:16:43,940 --> 00:16:41,730

fantastic reading but stuff that you do

436

00:16:45,920 --> 00:16:43,950

rise correctly crazy just try to be

437

00:16:47,930 --> 00:16:45,930

crazy I mean I got you a book to like

438

00:16:50,300 --> 00:16:47,940

the lost Lenin tracks and stuff like

439

00:16:52,160 --> 00:16:50,310

that did I know no one can find it yes

440

00:16:56,510 --> 00:16:52,170

hey Mac please don't say ass on my show

441

00:16:59,420 --> 00:16:56,520

actually yes I think you did okay no I'm

442

00:17:01,490 --> 00:16:59,430

excited about that book you are you do a

443

00:17:04,340 --> 00:17:01,500

great job your books are really really

444

00:17:06,110 --> 00:17:04,350

good is very excellent I mean that the

445

00:17:07,790 --> 00:17:06,120

first book you did on UFOs your frozen

446

00:17:09,440 --> 00:17:07,800

want I know you said you'd never ever do

447

00:17:12,530 --> 00:17:09,450

again right correct on sale everywhere

448

00:17:14,060 --> 00:17:12,540

yep yeah yeah yeah they're kind of tough

449

00:17:15,680 --> 00:17:14,070

to do usually I write novels you know

450

00:17:17,329 --> 00:17:15,690

where you can just make it all up yeah

451  
00:17:19,220 --> 00:17:17,339  
but you know what a nonfiction book man

452  
00:17:23,990 --> 00:17:19,230  
you have to get tons of research and all

453  
00:17:25,400 --> 00:17:24,000  
that jazz and yeah but this is just a

454  
00:17:26,780 --> 00:17:25,410  
collection of all the stuff that you

455  
00:17:28,880 --> 00:17:26,790  
don't let gathered over the years all

456  
00:17:31,160 --> 00:17:28,890  
like little weird stories ghost stories

457  
00:17:33,770 --> 00:17:31,170  
haunted airplanes hunted ship there's a

458  
00:17:35,540 --> 00:17:33,780  
kind of an angle to the military kind of

459  
00:17:37,010 --> 00:17:35,550  
strange things we had battlefields and

460  
00:17:39,470 --> 00:17:37,020  
that kind of stuff you know now who's

461  
00:17:41,010 --> 00:17:39,480  
gonna haunt an airplane there's a lot of

462  
00:17:44,160 --> 00:17:41,020  
heart that it meant in England

463  
00:17:46,500 --> 00:17:44,170

especially in England it's amazing the

464

00:17:49,740 --> 00:17:46,510

crew members that have died on the

465

00:17:52,350 --> 00:17:49,750

aircraft seems to have a spirit kind of

466

00:17:54,419 --> 00:17:52,360

presence our friend Ross Sharpe of the

467

00:17:56,640 --> 00:17:54,429

sharper edge or the the cutting edge

468

00:17:59,520 --> 00:17:56,650

with Ross sharp it's he's had some

469

00:18:00,600 --> 00:17:59,530

experiences and it's the funny part

470

00:18:02,250 --> 00:18:00,610

about when you talk with beau we've

471

00:18:04,080 --> 00:18:02,260

talked about the Bret's who we'd like to

472

00:18:05,820 --> 00:18:04,090

salute the Royal Air Force celebrating

473

00:18:09,240 --> 00:18:05,830

their 100th anniversary this year and

474

00:18:12,660 --> 00:18:09,250

they had a huge royal tattoo this year

475

00:18:14,760 --> 00:18:12,670

for the air event they don't have any

476

00:18:16,530 --> 00:18:14,770

problem just accommodating and talking

477

00:18:18,870 --> 00:18:16,540

about them oh yeah yeah this is a

478

00:18:20,400 --> 00:18:18,880

haunted airfield there's another one you

479

00:18:22,740 --> 00:18:20,410

ask who would hunt an airplane there was

480

00:18:24,480 --> 00:18:22,750

a well of course the famous when the

481

00:18:26,700 --> 00:18:24,490

states has to be the flood has already

482

00:18:29,340 --> 00:18:26,710

crashed into Florida and then parts of

483

00:18:31,410 --> 00:18:29,350

that airplane was redistributed out to

484

00:18:34,430 --> 00:18:31,420

the fleet if you can buy of Elton

485

00:18:37,230 --> 00:18:34,440

Elevens that probably took parts yeah

486

00:18:39,540 --> 00:18:37,240

yeah people started seeing the crew on

487

00:18:43,230 --> 00:18:39,550

those and the flight engineer they

488

00:18:45,000 --> 00:18:43,240

believe he was so duty-bound in fact

489

00:18:46,680 --> 00:18:45,010

it's a pretty famous movie Ernest

490

00:18:48,840 --> 00:18:46,690

Borgnine played the part of the flight

491

00:18:50,640 --> 00:18:48,850

engineers actually it was act and he did

492

00:18:54,030 --> 00:18:50,650

a great job with that particular role as

493

00:18:57,000 --> 00:18:54,040

he did most of them first guest to fly

494

00:19:02,600 --> 00:18:57,010

with the Blue Angels was really a mall

495

00:19:06,450 --> 00:19:02,610

footnote they think that because his his

496

00:19:09,150 --> 00:19:06,460

imprint every every airplane that had a

497

00:19:10,950 --> 00:19:09,160

part of that came from that crash he was

498

00:19:12,720 --> 00:19:10,960

seen on that and then they've removed

499

00:19:16,410 --> 00:19:12,730

all those parts mostly and it stops

500

00:19:19,350 --> 00:19:16,420

actually two pilots in Boston went to

501  
00:19:21,450 --> 00:19:19,360  
basically a seance to help him go to the

502  
00:19:22,710 --> 00:19:21,460  
light that's all that story's a very

503  
00:19:24,150 --> 00:19:22,720  
creepy stirring there's a lot of

504  
00:19:26,820 --> 00:19:24,160  
evidence like people who were on these

505  
00:19:28,260 --> 00:19:26,830  
other flights worked with these people

506  
00:19:30,180 --> 00:19:28,270  
at some point you know and they saw me

507  
00:19:33,000 --> 00:19:30,190  
up Eastern Airlines right I believe was

508  
00:19:34,290 --> 00:19:33,010  
easy and and they saw them again they

509  
00:19:35,610 --> 00:19:34,300  
would see them at the end of the plane

510  
00:19:37,799 --> 00:19:35,620  
and by the time they get down there was

511  
00:19:39,660 --> 00:19:37,809  
the quote that he made Korean one of his

512  
00:19:42,060 --> 00:19:39,670  
parents's was they'll never be another

513  
00:19:44,880 --> 00:19:42,070

crash of one of these airplanes again

514

00:19:46,530 --> 00:19:44,890

and there was not to mention Eastern

515

00:19:48,840 --> 00:19:46,540

Airlines actually taking the plants from

516

00:19:51,150 --> 00:19:48,850

a crashed airplane it's not uncommon

517

00:19:53,280 --> 00:19:51,160

that's not it's not unbelievable it's

518

00:19:54,880 --> 00:19:53,290

not uncommon it happens all the time it

519

00:19:56,530 --> 00:19:54,890

happens with cars when they go to a

520

00:19:58,570 --> 00:19:56,540

the chart there are parts that are not

521

00:20:00,160 --> 00:19:58,580

critical Airstream structures that can't

522

00:20:02,620 --> 00:20:00,170

use that stuff but there's things like

523

00:20:04,660 --> 00:20:02,630

internal 20 does that save them it saves

524

00:20:09,010 --> 00:20:04,670

a ton of money it's kind of like a new

525

00:20:10,690 --> 00:20:09,020

factor though I mean if someone wants to

526

00:20:12,010 --> 00:20:10,700

know never look inside the kitchen of a

527

00:20:19,150 --> 00:20:12,020

restaurant you like gentlemen if this is

528

00:20:21,190 --> 00:20:19,160

bothered tambourine thing there that's

529

00:20:22,660 --> 00:20:21,200

someone's asking if we broke into this

530

00:20:24,340 --> 00:20:22,670

studio and this guy's some type of

531

00:20:25,630 --> 00:20:24,350

broadcaster well I was gonna say you

532

00:20:27,070 --> 00:20:25,640

didn't know quite what you were maybe

533

00:20:30,130 --> 00:20:27,080

you're a hostage here and you don't I

534

00:20:32,350 --> 00:20:30,140

really don't come in some type of just

535

00:20:36,010 --> 00:20:32,360

continue to talk Martin as we talked

536

00:20:38,040 --> 00:20:36,020

before we came on the air that allows

537

00:20:43,450 --> 00:20:38,050

will go back quick yeah that's true

538

00:20:45,130 --> 00:20:43,460

let's see so exeter UFO that there's a

539

00:20:46,720 --> 00:20:45,140

there's a conference here every year now

540

00:20:48,430 --> 00:20:46,730

there's a festival here estimates came

541

00:20:50,290 --> 00:20:48,440

up in September I'm gonna call that guy

542

00:20:52,630 --> 00:20:50,300

I have to yes we're gonna make contact

543

00:20:55,510 --> 00:20:52,640

with him yes yeah well let's go one bolt

544

00:20:57,820 --> 00:20:55,520

step if any from the Exeter UFO festival

545

00:21:00,910 --> 00:20:57,830

is watching this show or hears it at a

546

00:21:03,250 --> 00:21:00,920

later date and time we would be glad to

547

00:21:06,130 --> 00:21:03,260

hear from you as in the past commander

548

00:21:09,160 --> 00:21:06,140

Cobra has had extreme difficulty sell to

549

00:21:10,720 --> 00:21:09,170

anyone at this show to give command a

550

00:21:12,250 --> 00:21:10,730

covert a you have time now maybe because

551  
00:21:13,600 --> 00:21:12,260  
they saw me in the helmet that's good be

552  
00:21:15,610 --> 00:21:13,610  
part of the reason tonight I'm wearing a

553  
00:21:17,440 --> 00:21:15,620  
ball cap like everyone else so that we

554  
00:21:20,350 --> 00:21:17,450  
may have crossed that bridge well we'd

555  
00:21:22,300 --> 00:21:20,360  
love to talk with Exeter I know the

556  
00:21:23,890 --> 00:21:22,310  
Kiwanis Club runs it but it's tough to

557  
00:21:25,060 --> 00:21:23,900  
get a hold of them - okay all right well

558  
00:21:27,930 --> 00:21:25,070  
you know we're gonna get in touch with

559  
00:21:30,520 --> 00:21:27,940  
him okay don't me only inane of them yet

560  
00:21:32,710 --> 00:21:30,530  
wait for us to do the show so you're

561  
00:21:34,720 --> 00:21:32,720  
surprised no well we're gonna wave round

562  
00:21:36,820 --> 00:21:34,730  
the bridge a communication is soon to be

563  
00:21:38,260 --> 00:21:36,830

complete the m1 went well

564

00:21:39,820 --> 00:21:38,270

all right we have about a minute we're

565

00:21:42,280 --> 00:21:39,830

gonna be going into breaking about just

566

00:21:45,340 --> 00:21:42,290

one minute or so and as always people

567

00:21:47,530 --> 00:21:45,350

that listen to my show we're gonna

568

00:21:49,210 --> 00:21:47,540

chitchat well I think we've done really

569

00:21:51,340 --> 00:21:49,220

nothing else but chitchat and we read

570

00:21:53,170 --> 00:21:51,350

them chitchat yes for sure we're not on

571

00:21:55,210 --> 00:21:53,180

any deep topic or anything so it's high

572

00:21:56,440 --> 00:21:55,220

velocity chitchat yeah so during the

573

00:22:00,820 --> 00:21:56,450

break on YouTube you'll be able to

574

00:22:05,800 --> 00:22:00,830

listen to more of this right yes okay

575

00:22:07,060 --> 00:22:05,810

all right so we absolutely have no

576  
00:22:08,680 --> 00:22:07,070  
we're just here to have a conversation

577  
00:22:12,700 --> 00:22:08,690  
really we really don't have anything

578  
00:22:14,740 --> 00:22:12,710  
planned or anything no except for once

579  
00:22:16,060 --> 00:22:14,750  
again we have at the end of the show

580  
00:22:18,370 --> 00:22:16,070  
we're gonna have what you said 10

581  
00:22:19,300 --> 00:22:18,380  
questions for one one question does that

582  
00:22:21,250 --> 00:22:19,310  
work exactly

583  
00:22:23,410 --> 00:22:21,260  
well we run a bunch of networks and one

584  
00:22:25,030 --> 00:22:23,420  
of them you know we send in the show at

585  
00:22:28,060 --> 00:22:25,040  
a certain length and in one of them it

586  
00:22:30,070 --> 00:22:28,070  
has to be 7 7 minutes shorter than

587  
00:22:32,110 --> 00:22:30,080  
everyone else so that means we have to

588  
00:22:34,300 --> 00:22:32,120

do a segment that everyone else hears

589

00:22:37,750 --> 00:22:34,310

but this particular channel you know so

590

00:22:39,760 --> 00:22:37,760

we we had to do a 7 know a seven minute

591

00:22:41,830 --> 00:22:39,770

segment every week so we came up with

592

00:22:44,500 --> 00:22:41,840

this 10 questions for one one now it's a

593

00:22:46,810 --> 00:22:44,510

been a ratings bonanza for us right

594

00:22:49,450 --> 00:22:46,820

people of writing to me people sending

595

00:22:51,730 --> 00:22:49,460

in questions do I ask him and so on

596

00:22:53,170 --> 00:22:51,740

he's you saying he used to ask me for

597

00:22:54,520 --> 00:22:53,180

the questions in advance but you know

598

00:22:56,740 --> 00:22:54,530

that doesn't make any sense yeah yeah

599

00:22:59,170 --> 00:22:56,750

otherwise right so that's we do and then

600

00:23:01,720 --> 00:22:59,180

we have our national correspondent Emily

601  
00:23:04,450 --> 00:23:01,730  
minima a call-in and she asks the

602  
00:23:06,850 --> 00:23:04,460  
questions and you know a little music -

603  
00:23:12,960 --> 00:23:06,860  
written by the thing and then it's a

604  
00:23:15,790 --> 00:23:12,970  
program nothing but ten questions yeah

605  
00:23:18,160 --> 00:23:15,800  
missing kids things don't work out in

606  
00:23:20,320 --> 00:23:18,170  
college there is a career and the

607  
00:23:22,030 --> 00:23:20,330  
broadcasting world so the show is like

608  
00:23:24,430 --> 00:23:22,040  
about nothing right isn't that like

609  
00:23:25,630 --> 00:23:24,440  
Seinfeld or something I'm not sure if we

610  
00:23:27,370 --> 00:23:25,640  
mentioned him about how much we have to

611  
00:23:28,720 --> 00:23:27,380  
pay so we gotta be very cautious we

612  
00:23:30,370 --> 00:23:28,730  
start throwing around sometimes it gets

613  
00:23:31,260 --> 00:23:30,380

personal so we have to be very careful

614

00:23:33,790 --> 00:23:31,270

okay

615

00:23:35,110 --> 00:23:33,800

that's where that gets funny so yeah

616

00:23:37,330 --> 00:23:35,120

that's how we do that's where you can

617

00:23:38,110 --> 00:23:37,340

see us through the magic of radio yeah

618

00:23:39,700 --> 00:23:38,120

it gets personal

619

00:23:45,280 --> 00:23:39,710

there you go are you in my shot there

620

00:23:46,810 --> 00:23:45,290

mom I got a feeling that gun hey now I'm

621

00:23:51,220 --> 00:23:46,820

gonna ask this question because I I

622

00:23:52,390 --> 00:23:51,230

don't have like you know so now we now

623

00:23:54,700 --> 00:23:52,400

we actually do have two minutes left

624

00:23:56,410 --> 00:23:54,710

okay so I'm gonna just go around here

625

00:23:58,900 --> 00:23:56,420

and just say Mac have you ever had a UFO

626

00:24:02,380 --> 00:23:58,910

sighting no I've had are you real close

627

00:24:04,860 --> 00:24:02,390

ones but no I haven't yeah everything

628

00:24:08,920 --> 00:24:04,870

I've seen I found out was a military

629

00:24:11,550 --> 00:24:08,930

related event so no I mean no one more

630

00:24:14,980 --> 00:24:11,560

open and I've been in some of the most

631

00:24:17,020 --> 00:24:14,990

desolate places perfect opportunity no

632

00:24:18,230 --> 00:24:17,030

luck no dice are you about to say

633

00:24:20,330 --> 00:24:18,240

something back no

634

00:24:22,070 --> 00:24:20,340

gonna say that I think and I've been at

635

00:24:26,510 --> 00:24:22,080

this belief for a long long time is that

636

00:24:27,799 --> 00:24:26,520

I think UFO as I put this they only show

637

00:24:30,350 --> 00:24:27,809

themselves to certain people I think

638

00:24:31,820 --> 00:24:30,360

only certain people have UFO sightings

639

00:24:34,190 --> 00:24:31,830

and I think there's just something about

640

00:24:36,500 --> 00:24:34,200

those people that puts them in the right

641

00:24:37,820 --> 00:24:36,510

place the right time because we talked

642

00:24:39,410 --> 00:24:37,830

about it I've always had and I've read

643

00:24:40,790 --> 00:24:39,420

about you or for since I was a kid in my

644

00:24:42,890 --> 00:24:40,800

the back my man I've always thought I'm

645

00:24:44,360 --> 00:24:42,900

never gonna see one it's almost like you

646

00:24:47,030 --> 00:24:44,370

know a little bit too much about them

647

00:24:48,890 --> 00:24:47,040

you know I don't think I'll ever see one

648

00:24:50,299 --> 00:24:48,900

I've had a couple most you know ones

649

00:24:52,340 --> 00:24:50,309

they said wow this has to be it and

650

00:24:55,520 --> 00:24:52,350

turned out not to be soon well you know

651

00:24:58,790 --> 00:24:55,530

I talked to one particular person he's

652

00:24:59,720 --> 00:24:58,800

an old longtime researcher talked about

653

00:25:01,730 --> 00:24:59,730

him quite a bit on the show actually

654

00:25:04,400 --> 00:25:01,740

he's been on my show race Stanford he

655

00:25:06,230 --> 00:25:04,410

did you know he is now race Stanford has

656

00:25:10,250 --> 00:25:06,240

had more sightings than anyone I've ever

657

00:25:12,410 --> 00:25:10,260

known ever believe he actually has like

658

00:25:14,290 --> 00:25:12,420

a feeling like a feeling he's gonna have

659

00:25:16,760 --> 00:25:14,300

one and he always has his camera or

660

00:25:18,590 --> 00:25:16,770

video camera with him always has for

661

00:25:21,650 --> 00:25:18,600

who's he live the sixties he's down in

662

00:25:24,740 --> 00:25:21,660

Maryland okay yeah if you say Las Vegas

663

00:25:26,870 --> 00:25:24,750

I wouldn't been surprised all right

664

00:25:29,810 --> 00:25:26,880

looks like we're all ready for the we're

665

00:25:32,630 --> 00:25:29,820

ready for the break here and so this is

666

00:25:34,669 --> 00:25:32,640

Martin Willis and I am with one one I'm

667

00:25:38,630 --> 00:25:34,679

with Mack Maloney and commander Cobra

668

00:25:44,240 --> 00:25:38,640

and we are in kgr a radio and stay with

669

00:25:46,340 --> 00:25:44,250

us we'll be back right after this all

670

00:25:49,640 --> 00:25:46,350

right gentlemen we're in the clear and

671

00:25:53,560 --> 00:25:49,650

we've got four minutes in minutes four

672

00:25:57,830 --> 00:25:53,570

minutes right now we can really talk Oh

673

00:26:00,020 --> 00:25:57,840

max gone all right Mac did not take his

674

00:26:02,540 --> 00:26:00,030

remote mic with him so we do not know

675

00:26:04,460 --> 00:26:02,550

what Mac is up to yeah yeah that

676  
00:26:06,140 --> 00:26:04,470  
wouldn't be a good thing if he was going

677  
00:26:12,770 --> 00:26:06,150  
in the John to bring his remote oh you

678  
00:26:15,500 --> 00:26:12,780  
know no big deal live on still on

679  
00:26:18,110 --> 00:26:15,510  
YouTube so and that that we're reacting

680  
00:26:22,970 --> 00:26:18,120  
to not a Spectre but Matt the engineer

681  
00:26:24,560 --> 00:26:22,980  
who yeah yeah Matson now oh yeah Matt's

682  
00:26:27,320 --> 00:26:24,570  
on the YouTube right wave to the YouTube

683  
00:26:28,909 --> 00:26:27,330  
camera just a just a question for people

684  
00:26:30,890 --> 00:26:28,919  
on YouTube while we're here at the break

685  
00:26:32,210 --> 00:26:30,900  
do you have any questions for our guests

686  
00:26:33,529 --> 00:26:32,220  
go ahead and

687  
00:26:35,840 --> 00:26:33,539  
just put it right in the chat room and I

688  
00:26:39,230 --> 00:26:35,850

will pose those questions of course it's

689

00:26:41,450 --> 00:26:39,240

a 30-minute wait 36 30 second yeah yeah

690

00:26:45,169 --> 00:26:41,460

and I can't see anything anyway I can't

691

00:26:46,159 --> 00:26:45,179

read any do you want readers no that's

692

00:26:49,970 --> 00:26:46,169

all right

693

00:26:51,730 --> 00:26:49,980

I'd rather yeah like I can sort of read

694

00:26:54,409 --> 00:26:51,740

it okay

695

00:26:57,919 --> 00:26:54,419

any news you're allowed to take him off

696

00:27:01,180 --> 00:26:57,929

to read your screen somewhat - no is any

697

00:27:04,580 --> 00:27:01,190

news on Eddie page and his supposed

698

00:27:07,279 --> 00:27:04,590

metal retrieval pieces I think is that

699

00:27:08,750 --> 00:27:07,289

that's the guy from Roswell I think so

700

00:27:13,190 --> 00:27:08,760

but I don't recognize the name right off

701  
00:27:17,330 --> 00:27:13,200  
the bat all right let me just from what

702  
00:27:20,720 --> 00:27:17,340  
I understand he went to I think he went

703  
00:27:27,020 --> 00:27:20,730  
to the like the land management because

704  
00:27:30,950 --> 00:27:27,030  
he he went let's see Opie's Air Force

705  
00:27:33,250 --> 00:27:30,960  
Base stories anyone haven't I spend a

706  
00:27:38,299 --> 00:27:33,260  
lot of time there when I was a cadet

707  
00:27:41,180 --> 00:27:38,309  
went to school an ROTC in Boston and it

708  
00:27:43,610 --> 00:27:41,190  
was quite the place when it had the FB

709  
00:27:44,870 --> 00:27:43,620  
111 s as part of the nuclear deterrent I

710  
00:27:46,789 --> 00:27:44,880  
have a little bit of a story at Pease

711  
00:27:48,980 --> 00:27:46,799  
Air Force Base I worked for a company

712  
00:27:50,510 --> 00:27:48,990  
called cable Tron oh yeah

713  
00:27:52,610 --> 00:27:50,520

based in Rochester New Hampshire not

714

00:27:57,440 --> 00:27:52,620

about 20 minutes away from peace

715

00:28:00,529 --> 00:27:57,450

Rochester I test that yeah and what are

716

00:28:04,549 --> 00:28:00,539

their training centers was in what was

717

00:28:08,419 --> 00:28:04,559

originally the hospital and one of the

718

00:28:13,070 --> 00:28:08,429

wings of the training center was above

719

00:28:16,100 --> 00:28:13,080

the the morgue so one of the classrooms

720

00:28:18,830 --> 00:28:16,110

was like dead smack in the middle of but

721

00:28:21,710 --> 00:28:18,840

would be the morgue underneath so ground

722

00:28:24,590 --> 00:28:21,720

level is his classroom more Gosset below

723

00:28:25,820 --> 00:28:24,600

ground from what I was told I never went

724

00:28:29,960 --> 00:28:25,830

in there okay

725

00:28:31,490 --> 00:28:29,970

and of course I didn't experience it but

726

00:28:35,419 --> 00:28:31,500

people who went to classes their

727

00:28:37,130 --> 00:28:35,429

previous to us and people who old-timers

728

00:28:40,580 --> 00:28:37,140

that taught this that they would hear

729

00:28:43,279 --> 00:28:40,590

all kinds of strange voices from the

730

00:28:45,260 --> 00:28:43,289

basement this the place was cleared out

731

00:28:46,070 --> 00:28:45,270

it's not like there are pieces of bodies

732

00:28:51,139 --> 00:28:46,080

in there and it

733

00:28:52,909 --> 00:28:51,149

but yeah it cleared out empty spruced up

734

00:28:56,240 --> 00:28:52,919

for a training center and they heard all

735

00:28:57,350 --> 00:28:56,250

kinds of voices from the morgue so it's

736

00:28:59,210 --> 00:28:57,360

kind of like a little bit of a ghost

737

00:29:01,279 --> 00:28:59,220

story from the capable truant training

738

00:29:05,269 --> 00:29:01,289

center that's a that's about all I have

739

00:29:06,950 --> 00:29:05,279

about peace but it's pretty creepy Wow

740

00:29:10,820 --> 00:29:06,960

I'm always looking forward to a creep

741

00:29:12,409 --> 00:29:10,830

show someplace but it hasn't happened to

742

00:29:14,419 --> 00:29:12,419

me so someone must have just started

743

00:29:16,519 --> 00:29:14,429

listening they said why the sunglasses

744

00:29:18,320 --> 00:29:16,529

and all that stuff and this guy who is

745

00:29:20,899 --> 00:29:18,330

this guy one one who are you someone

746

00:29:24,740 --> 00:29:20,909

wants to know who you are I'm just a guy

747

00:29:27,049 --> 00:29:24,750

who's the very interested in UFO and

748

00:29:29,299 --> 00:29:27,059

paranormal stuff but Mack and I've been

749

00:29:33,129 --> 00:29:29,309

longtime buddies I've been his IT guy

750

00:29:35,029 --> 00:29:33,139

for like 15 years as oh oh alright and

751

00:29:36,529 --> 00:29:35,039

thirty dreck

752

00:29:39,560 --> 00:29:36,539

he dragged me in kicking and screaming

753

00:29:42,590 --> 00:29:39,570

to be did you copy that one one is my

754

00:29:44,600 --> 00:29:42,600

computer yeah we have about 20 25

755

00:29:46,960 --> 00:29:44,610

seconds to coming back on the air work

756

00:29:48,919 --> 00:29:46,970

this is the YouTube okay that's

757

00:29:50,690 --> 00:29:48,929

transmitted to you yeah I take an

758

00:29:52,430 --> 00:29:50,700

important call that's why I'm ya know we

759

00:29:54,500 --> 00:29:52,440

we and we touch they talked about your

760

00:30:02,629 --> 00:29:54,510

important calls or your the Mac you know

761

00:30:04,340 --> 00:30:02,639

Mac get ready to act normal okay oh I

762

00:30:08,480 --> 00:30:04,350

hear someone laughing in the background

763

00:30:10,269 --> 00:30:08,490

nice it's just enough all right they

764

00:30:16,990 --> 00:30:10,279

must be down to about 10 seconds race

765

00:30:20,029 --> 00:30:17,000

here we go Martin in five four three two

766

00:30:23,180 --> 00:30:20,039

all right everyone we're back my name is

767

00:30:25,639 --> 00:30:23,190

Martin Willis podcast UFO and we have 1

768

00:30:29,210 --> 00:30:25,649

1 we have Mack Maloney and Commander

769

00:30:29,990 --> 00:30:29,220

Cobra and we are back feels like we

770

00:30:32,840 --> 00:30:30,000

never left

771

00:30:35,930 --> 00:30:32,850

really yeah I don't think we were any I

772

00:30:37,549 --> 00:30:35,940

asked like over to write down any topic

773

00:30:41,180 --> 00:30:37,559

we were on but we really weren't on any

774

00:30:43,009 --> 00:30:41,190

well not a lot of notes here but you

775

00:30:45,529 --> 00:30:43,019

were speaking something about that had

776  
00:30:46,190 --> 00:30:45,539  
come into the chat room concerning metal

777  
00:30:49,730 --> 00:30:46,200  
recovered

778  
00:30:52,220 --> 00:30:49,740  
oh yes possibly in the Roswell area yeah

779  
00:30:54,289 --> 00:30:52,230  
I heard I don't know anything about what

780  
00:30:57,799 --> 00:30:54,299  
what the issue was in that particular if

781  
00:30:59,389 --> 00:30:57,809  
this is the same case is it was like a

782  
00:31:01,519 --> 00:30:59,399  
Land Management thing he

783  
00:31:03,469 --> 00:31:01,529  
wasn't supposed to retrieve metals from

784  
00:31:05,209 --> 00:31:03,479  
that property and he did so he had to

785  
00:31:06,469 --> 00:31:05,219  
see the board and basically what I heard

786  
00:31:07,669 --> 00:31:06,479  
about afterwards with that it was

787  
00:31:10,279 --> 00:31:07,679  
everything was cool they were alright

788  
00:31:12,409 --> 00:31:10,289

with it because it has if it's something

789

00:31:14,930 --> 00:31:12,419

that's in like considered in antiquity

790

00:31:16,789 --> 00:31:14,940

then it can't be removed all right that

791

00:31:19,519 --> 00:31:16,799

sounds so I mean how can you tell a rock

792

00:31:21,499 --> 00:31:19,529

is like I mean metal or gonna tell the

793

00:31:24,680 --> 00:31:21,509

age of a lot of that stuff well yeah we

794

00:31:26,869 --> 00:31:24,690

have a show dedicated to Roswell mica

795

00:31:30,289 --> 00:31:26,879

but we show them on the recommendation

796

00:31:32,239 --> 00:31:30,299

of Oh me yeah right I got the Bob gross

797

00:31:33,680 --> 00:31:32,249

yeah how did that smell went down went

798

00:31:34,999 --> 00:31:33,690

pretty good you have a second time went

799

00:31:39,440 --> 00:31:35,009

perfect yeah no but he was an

800

00:31:41,749 --> 00:31:39,450

interesting guy really in my mind laid

801  
00:31:42,979 --> 00:31:41,759  
to rest you know as you know I don't

802  
00:31:44,329 --> 00:31:42,989  
really believe I don't believe anything

803  
00:31:46,159 --> 00:31:44,339  
that happened in Roswell I think it's

804  
00:31:48,259 --> 00:31:46,169  
just you know well the miscommunication

805  
00:31:50,029 --> 00:31:48,269  
or something and he came up with the

806  
00:31:52,070 --> 00:31:50,039  
just the idea he took it from the

807  
00:31:53,659 --> 00:31:52,080  
balloon angle okay those balloons were

808  
00:31:55,759 --> 00:31:53,669  
flying around there all the time the

809  
00:31:58,339 --> 00:31:55,769  
secret project that they had going on

810  
00:31:59,209 --> 00:31:58,349  
and one of them crashed well I mean it

811  
00:32:01,339 --> 00:31:59,219  
sounds good

812  
00:32:03,979 --> 00:32:01,349  
and his story sounded really interesting

813  
00:32:07,430 --> 00:32:03,989

and and you know I had an open mind

814

00:32:12,859 --> 00:32:07,440

about it but Kevin Randall and him did

815

00:32:15,200 --> 00:32:12,869

not have an open mind a little bit like

816

00:32:18,169 --> 00:32:15,210

a little cat fight cat fight yeah it's

817

00:32:19,099 --> 00:32:18,179

it's pretty yeah it's just it's there's

818

00:32:21,229 --> 00:32:19,109

threats going on

819

00:32:24,379 --> 00:32:21,239

oh really yeah that's great radio yeah

820

00:32:26,389 --> 00:32:24,389

that's my congratulation no it didn't

821

00:32:29,329 --> 00:32:26,399

happen live it just happened you know

822

00:32:32,329 --> 00:32:29,339

Kevin wrote a blog kind of contradicting

823

00:32:34,369 --> 00:32:32,339

a lot of what Bob Gross was saying about

824

00:32:36,440 --> 00:32:34,379

that uh-huh so I still think it's an

825

00:32:37,909 --> 00:32:36,450

open mystery and probably will never be

826

00:32:42,440 --> 00:32:37,919

resolved I really didn't answer one

827

00:32:45,229 --> 00:32:42,450

question I know Wow

828

00:32:49,489 --> 00:32:45,239

it wasn't what ripped pieces of rope

829

00:32:52,729 --> 00:32:49,499

among the debris of it and why would a

830

00:32:58,820 --> 00:32:52,739

UFO have rope I gotta throw some of the

831

00:33:01,869 --> 00:32:58,830

lines sometimes material no I I don't

832

00:33:06,589 --> 00:33:01,879

know did who is it that said was it

833

00:33:08,839 --> 00:33:06,599

Basel that said there was string who was

834

00:33:10,219 --> 00:33:08,849

saying there was was it him I've ever at

835

00:33:11,850 --> 00:33:10,229

a couple places that there was like

836

00:33:13,830 --> 00:33:11,860

string or some kind of rope and

837

00:33:16,380 --> 00:33:13,840

you know and and that the balsa wood

838

00:33:17,669 --> 00:33:16,390

came from a florist in Houston or

839

00:33:19,680 --> 00:33:17,679

something like that that they used to

840

00:33:21,299 --> 00:33:19,690

sell their balsa wood that they would

841

00:33:23,250 --> 00:33:21,309

use in a florist shop for some reason

842

00:33:25,020 --> 00:33:23,260

they'd sell it they'd resell it and

843

00:33:26,730 --> 00:33:25,030

these people were making the kite that

844

00:33:28,980 --> 00:33:26,740

you know led the balloon and so on and

845

00:33:30,690 --> 00:33:28,990

so forth but you know it's a cultural

846

00:33:32,820 --> 00:33:30,700

phenomenon you know and I'd love to get

847

00:33:34,950 --> 00:33:32,830

down there and at one point I was gonna

848

00:33:36,990 --> 00:33:34,960

I actually volunteered for like an

849

00:33:38,100 --> 00:33:37,000

acting logical thing I remember you know

850

00:33:40,530 --> 00:33:38,110

and I wouldn't went down there and done

851  
00:33:42,780 --> 00:33:40,540  
that but then I just looked more into it

852  
00:33:44,970 --> 00:33:42,790  
and I don't think anything really

853  
00:33:47,700 --> 00:33:44,980  
happened there sorry to be the bucket of

854  
00:33:54,450 --> 00:33:47,710  
cold one of them no no is it everyone's

855  
00:33:56,280 --> 00:33:54,460  
you know welcome to my opinion but no

856  
00:33:58,260 --> 00:33:56,290  
you know one of the there's a couple of

857  
00:34:00,690 --> 00:33:58,270  
things that are a really mystery and one

858  
00:34:02,850 --> 00:34:00,700  
of them is the field of debris being as

859  
00:34:06,030 --> 00:34:02,860  
large as it was as the largest they

860  
00:34:07,790 --> 00:34:06,040  
claimed it it was you know the metal is

861  
00:34:09,919 --> 00:34:07,800  
kind of curious I know he sorted an

862  
00:34:12,000 --> 00:34:09,929  
answer for that mm-hmm you know

863  
00:34:12,840 --> 00:34:12,010

precursor to Kevlar I think it was

864

00:34:15,720 --> 00:34:12,850

something like that

865

00:34:17,070 --> 00:34:15,730

right my life mylar yeah and maybe it

866

00:34:20,609 --> 00:34:17,080

was you know maybe that's what it was

867

00:34:22,740 --> 00:34:20,619

about but you know it had these really

868

00:34:24,720 --> 00:34:22,750

unusual properties that I don't think

869

00:34:27,020 --> 00:34:24,730

mylar maybe does has those properties

870

00:34:29,970 --> 00:34:27,030

but then you know the thing that I find

871

00:34:32,760 --> 00:34:29,980

the most curious about the whole

872

00:34:35,159 --> 00:34:32,770

situation is and I've said this on my

873

00:34:36,720 --> 00:34:35,169

show a few times is that the Air Force

874

00:34:39,090 --> 00:34:36,730

in the first place why would they say

875

00:34:40,859 --> 00:34:39,100

crashed flying saucer I think just as

876

00:34:42,149 --> 00:34:40,869

Cobras said many times and I agree with

877

00:34:43,950 --> 00:34:42,159

them I think that they were looking for

878

00:34:45,690 --> 00:34:43,960

some kind of cover story and that those

879

00:34:47,760 --> 00:34:45,700

two weeks you know covers for what

880

00:34:49,409 --> 00:34:47,770

between for this secret project of

881

00:34:51,720 --> 00:34:49,419

sending these balloons over the Sun who

882

00:34:54,810 --> 00:34:51,730

would have known about it Mac Brazel

883

00:34:56,760 --> 00:34:54,820

Basile no no I mean like you you say

884

00:34:58,740 --> 00:34:56,770

well we can't say what it really is a

885

00:35:00,390 --> 00:34:58,750

secret balloon so if the two weeks

886

00:35:03,390 --> 00:35:00,400

between the Ahnold sighting and Roswell

887

00:35:06,210 --> 00:35:03,400

it was like just crazy across you be

888

00:35:08,700 --> 00:35:06,220

fair to set that setting as we there's a

889

00:35:11,099 --> 00:35:08,710

couple things and I still remain very

890

00:35:12,780 --> 00:35:11,109

open on both sides of it but my tendency

891

00:35:14,849 --> 00:35:12,790

is to be an agreement with Mac that this

892

00:35:17,730 --> 00:35:14,859

is not the one to be hanging our hat on

893

00:35:19,710 --> 00:35:17,740

and and taking nothing away from the

894

00:35:21,930 --> 00:35:19,720

fine people of Roswell I've been there a

895

00:35:23,790 --> 00:35:21,940

number of times I like seeing aliens cut

896

00:35:25,260 --> 00:35:23,800

into the done into the mosaics of the

897

00:35:27,480 --> 00:35:25,270

elevators and all

898

00:35:29,160 --> 00:35:27,490

tells in the museum and and the festival

899

00:35:30,600 --> 00:35:29,170

it's a lot of fun and it's it's a great

900

00:35:33,840 --> 00:35:30,610

stuff I've flown right over the area

901  
00:35:35,700 --> 00:35:33,850  
where when I was on exchange to the Navy

902  
00:35:37,350 --> 00:35:35,710  
took our trainer jets and we flew right

903  
00:35:42,690 --> 00:35:37,360  
over the area to look at it as we came

904  
00:35:44,430 --> 00:35:42,700  
back to our base but at that time we

905  
00:35:46,830 --> 00:35:44,440  
were the only we wanted to be the only

906  
00:35:49,650 --> 00:35:46,840  
superpower that had atomic weapons and

907  
00:35:52,590 --> 00:35:49,660  
we were completely out of them and the

908  
00:35:55,650 --> 00:35:52,600  
Russians then detonated their their

909  
00:35:57,270 --> 00:35:55,660  
first tests and shortly a few years

910  
00:35:59,490 --> 00:35:57,280  
later the Chinese came up we didn't have

911  
00:36:01,020 --> 00:35:59,500  
satellites then we were pressing really

912  
00:36:03,270 --> 00:36:01,030  
hard to have airplanes to do the over

913  
00:36:05,310 --> 00:36:03,280

flights and to get the collection data

914

00:36:07,950 --> 00:36:05,320

to do that we were using these balloons

915

00:36:09,480 --> 00:36:07,960

and that was a very sensitive program

916

00:36:11,640 --> 00:36:09,490

and it wasn't sensitive because we were

917

00:36:13,230 --> 00:36:11,650

using balloons although I think in a way

918

00:36:15,030 --> 00:36:13,240

it was that they didn't want to ever

919

00:36:16,260 --> 00:36:15,040

think that we weren't flying supersonic

920

00:36:18,000 --> 00:36:16,270

airplanes you could do all the stuff

921

00:36:20,640 --> 00:36:18,010

that and we could protect the the mess

922

00:36:22,620 --> 00:36:20,650

and this I think goes right hand in hand

923

00:36:23,850 --> 00:36:22,630

with everything goes on with UFOs how

924

00:36:26,280 --> 00:36:23,860

many times have we've talked about the

925

00:36:28,590 --> 00:36:26,290

rand study that says well the rand study

926  
00:36:30,510 --> 00:36:28,600  
says if we ever release information that

927  
00:36:32,310 --> 00:36:30,520  
UFOs are real the stock market will

928  
00:36:34,410 --> 00:36:32,320  
crash the world economy go into a great

929  
00:36:36,900 --> 00:36:34,420  
different religions will fall apart

930  
00:36:39,570 --> 00:36:36,910  
because of these LW panic cats and dogs

931  
00:36:42,720 --> 00:36:39,580  
living in Scent right now the whole

932  
00:36:44,070 --> 00:36:42,730  
enchilada right there I believe that

933  
00:36:46,470 --> 00:36:44,080  
they saw that I also believe there's

934  
00:36:48,570 --> 00:36:46,480  
opportunistic people who look at this

935  
00:36:52,500 --> 00:36:48,580  
and say this is a situation that we can

936  
00:36:56,040 --> 00:36:52,510  
cover and do the whole thing and cover

937  
00:36:57,600 --> 00:36:56,050  
up completely the reality of UFOs the

938  
00:36:59,820 --> 00:36:57,610

reality of what we're doing and go back

939

00:37:01,380 --> 00:36:59,830

and forth it was a good time to start it

940

00:37:02,790 --> 00:37:01,390

you know an amuse you opposed to cover

941

00:37:05,250 --> 00:37:02,800

military programs right and we use

942

00:37:07,410 --> 00:37:05,260

military programs to cover UFOs what Mac

943

00:37:09,600 --> 00:37:07,420

your favorite the lines I've used well

944

00:37:12,180 --> 00:37:09,610

I'm gonna go back to I'm gonna go back

945

00:37:15,630 --> 00:37:12,190

to posing question I just did and that

946

00:37:17,160 --> 00:37:15,640

is why even talk about it it's out in

947

00:37:18,930 --> 00:37:17,170

the middle of nowhere there's not like

948

00:37:22,350 --> 00:37:18,940

people that are gonna find it except for

949

00:37:24,540 --> 00:37:22,360

you know absol members might draw

950

00:37:26,280 --> 00:37:24,550

attention to it why draw attention to me

951  
00:37:28,200 --> 00:37:26,290  
why do they why did they just release

952  
00:37:30,720 --> 00:37:28,210  
the UFO FILES in December that they

953  
00:37:33,840 --> 00:37:30,730  
released claiming that the program is

954  
00:37:36,120 --> 00:37:33,850  
not there because every opportunity that

955  
00:37:37,890 --> 00:37:36,130  
the government gets and when I say

956  
00:37:39,180 --> 00:37:37,900  
government it's that select group of

957  
00:37:40,829 --> 00:37:39,190  
people that see themselves

958  
00:37:43,140 --> 00:37:40,839  
how is the elitists that are that are

959  
00:37:46,109 --> 00:37:43,150  
running the rest of us on there well see

960  
00:37:48,000 --> 00:37:46,119  
this is an opportunity to get a dipstick

961  
00:37:49,079 --> 00:37:48,010  
measurement where the where the world is

962  
00:37:50,910 --> 00:37:49,089  
that dipstick

963  
00:37:53,730 --> 00:37:50,920

so you think it was it if it was a

964

00:37:55,800 --> 00:37:53,740

dipstick then I'm not calling you that

965

00:37:58,260 --> 00:37:55,810

but I'm saying if it was a dipstick

966

00:38:00,030 --> 00:37:58,270

measurement then why would they retract

967

00:38:01,620 --> 00:38:00,040

it the next day well first you have to

968

00:38:03,720 --> 00:38:01,630

think of this way they knew the balloon

969

00:38:05,130 --> 00:38:03,730

crashed those people knew the balloon

970

00:38:06,990 --> 00:38:05,140

crashed they didn't know someone was

971

00:38:09,839 --> 00:38:07,000

gonna pick it up and claim you know and

972

00:38:12,630 --> 00:38:09,849

and kind of embellish maybe what exactly

973

00:38:14,880 --> 00:38:12,640

he picked up so they needed a cover

974

00:38:16,410 --> 00:38:14,890

story and then the UFO thing was going

975

00:38:18,359 --> 00:38:16,420

crazy for those two weeks people were

976  
00:38:19,589 --> 00:38:18,369  
seeing UFOs everywhere they said all

977  
00:38:22,800 --> 00:38:19,599  
right why don't we just say we picked up

978  
00:38:24,510 --> 00:38:22,810  
a UFO and we divert it from what the

979  
00:38:25,620 --> 00:38:24,520  
real secret program was I think it was a

980  
00:38:27,210 --> 00:38:25,630  
jet that's simple

981  
00:38:29,430 --> 00:38:27,220  
I really don't well it's kind of

982  
00:38:31,620 --> 00:38:29,440  
convoluted I think oh and I believe that

983  
00:38:33,960 --> 00:38:31,630  
that is part of the of the program is to

984  
00:38:36,359 --> 00:38:33,970  
have that convolution alright can we

985  
00:38:38,640 --> 00:38:36,369  
just like disagree agree to disagree

986  
00:38:40,079 --> 00:38:38,650  
type of thing but I'll say one thing you

987  
00:38:42,510 --> 00:38:40,089  
know and it's funny you be wrong all you

988  
00:38:44,849 --> 00:38:42,520

want Martin that's fine I'm cool with

989

00:38:46,230 --> 00:38:44,859

this you know just it's funny the things

990

00:38:47,550 --> 00:38:46,240

that we do you know interviewing people

991

00:38:51,510 --> 00:38:47,560

and we're both been doing it you know

992

00:38:54,210 --> 00:38:51,520

for a while and when we were gonna um we

993

00:38:55,079 --> 00:38:54,220

had Jesse myself jr. on ok now this is

994

00:38:57,180 --> 00:38:55,089

the son

995

00:38:59,849 --> 00:38:57,190

right who when he was the kid you know

996

00:39:01,829 --> 00:38:59,859

saw the metal you know ya know so on and

997

00:39:03,930 --> 00:39:01,839

so forth in the hieroglyphics back of my

998

00:39:05,490 --> 00:39:03,940

early days my angry days you know I was

999

00:39:07,770 --> 00:39:05,500

ready to really go toe-to-toe with him

1000

00:39:10,260 --> 00:39:07,780

and it turned that he was like the

1001  
00:39:12,329 --> 00:39:10,270  
nicest guy yeah yeah he was something

1002  
00:39:13,829 --> 00:39:12,339  
he's passed away right I say this you

1003  
00:39:16,319 --> 00:39:13,839  
know any chance I get he was just a

1004  
00:39:18,270 --> 00:39:16,329  
really nice guy and he went back he got

1005  
00:39:21,210 --> 00:39:18,280  
called back to Iraq when he was 74 he

1006  
00:39:22,620 --> 00:39:21,220  
wasn't dentists 74 he goes back to a war

1007  
00:39:24,660 --> 00:39:22,630  
zone not many people do that

1008  
00:39:26,970 --> 00:39:24,670  
I know great guy so it changed the whole

1009  
00:39:29,809 --> 00:39:26,980  
flavor of the show he's funny in his

1010  
00:39:32,849 --> 00:39:29,819  
memory he did absolutely tremendous work

1011  
00:39:34,530 --> 00:39:32,859  
he not only just a dental work but he

1012  
00:39:37,670 --> 00:39:34,540  
was able to do a lot of reconstructive

1013  
00:39:40,319 --> 00:39:37,680

work folks so grievous injuries and it's

1014

00:39:41,609 --> 00:39:40,329

he's kind of a footnote to what went on

1015

00:39:43,770 --> 00:39:41,619

but there's a lot of folks that are

1016

00:39:47,030 --> 00:39:43,780

walking around with workable mandible

1017

00:39:50,609 --> 00:39:47,040

jaws have you know good facial

1018

00:39:51,670 --> 00:39:50,619

characteristics because a guy 74 years

1019

00:39:55,180 --> 00:39:51,680

old you know

1020

00:39:56,799 --> 00:39:55,190

packs up and humps 'as is dental kid and

1021

00:39:59,799 --> 00:39:56,809

his medical kit and it goes in there and

1022

00:40:02,770 --> 00:39:59,809

I mean all he does his work emergency

1023

00:40:04,030 --> 00:40:02,780

recovery and unfortunately there was

1024

00:40:06,130 --> 00:40:04,040

plenty of opportunity for his

1025

00:40:08,140 --> 00:40:06,140

outstanding skills to go and he was a

1026  
00:40:10,120 --> 00:40:08,150  
very sweet guy I mean is no other way to

1027  
00:40:13,030 --> 00:40:10,130  
put it but I know what's interesting he

1028  
00:40:14,319 --> 00:40:13,040  
had moved up to Idaho I think in the

1029  
00:40:15,790 --> 00:40:14,329  
last few years his life because he

1030  
00:40:17,559 --> 00:40:15,800  
couldn't take it in Roswell anymore I

1031  
00:40:20,170 --> 00:40:17,569  
think that's kind of telling to him and

1032  
00:40:21,940 --> 00:40:20,180  
he told us that oh wow I'm so but nice

1033  
00:40:23,230 --> 00:40:21,950  
guy and a real good veteran real hero

1034  
00:40:23,589 --> 00:40:23,240  
you don't hear very much about what he

1035  
00:40:24,910 --> 00:40:23,599  
did

1036  
00:40:26,980 --> 00:40:24,920  
no not that part of his life no you

1037  
00:40:28,630 --> 00:40:26,990  
don't well I do agree about one thing

1038  
00:40:31,210 --> 00:40:28,640

about Roswell that it's it has become

1039

00:40:32,710 --> 00:40:31,220

more or less a circus yeah I can't blame

1040

00:40:34,569 --> 00:40:32,720

them though I mean it's a lot of fun

1041

00:40:36,579 --> 00:40:34,579

it's like snob wasn't Star Trek you know

1042

00:40:37,960 --> 00:40:36,589

it's like a pop cultural thing and I'd

1043

00:40:39,549 --> 00:40:37,970

love to be down there man I think it'd

1044

00:40:41,980 --> 00:40:39,559

be great so it's just a Chamber of

1045

00:40:43,930 --> 00:40:41,990

Commerce episode there right yeah

1046

00:40:45,490 --> 00:40:43,940

there's a lot of organizations there

1047

00:40:47,620 --> 00:40:45,500

does I think a lot of people realize

1048

00:40:50,650 --> 00:40:47,630

that there was money to be made on that

1049

00:40:52,780 --> 00:40:50,660

I mean we we all not a marketing going

1050

00:40:54,849 --> 00:40:52,790

on yeah we market our all market our

1051  
00:40:57,370 --> 00:40:54,859  
shows I mean I I'm not against any of

1052  
00:40:59,470 --> 00:40:57,380  
that what I do get a little bit puffed

1053  
00:41:01,420 --> 00:40:59,480  
up with and Roswell tends to have some

1054  
00:41:03,339 --> 00:41:01,430  
sensitivity on it is if you just you

1055  
00:41:06,130 --> 00:41:03,349  
know you want to debate some point of it

1056  
00:41:08,859 --> 00:41:06,140  
no no you got to take this there's only

1057  
00:41:12,160 --> 00:41:08,869  
I always reserve that for church and and

1058  
00:41:17,020 --> 00:41:12,170  
not even Church okay no I think I think

1059  
00:41:20,980 --> 00:41:17,030  
any UFO case it's just like you know if

1060  
00:41:23,890 --> 00:41:20,990  
something gets proven then they you know

1061  
00:41:25,660 --> 00:41:23,900  
and it's it's a slam dunk then you

1062  
00:41:28,620 --> 00:41:25,670  
should just move on well you know and

1063  
00:41:33,420 --> 00:41:28,630

one more really quick question quick

1064

00:41:38,920 --> 00:41:37,450

yeah that's my street name we all got

1065

00:41:42,220 --> 00:41:38,930

street names about a year ago

1066

00:41:48,280 --> 00:41:42,230

so for YouTube he was yeah smooth you're

1067

00:41:51,760 --> 00:41:48,290

having a smoothy smooth I was I think

1068

00:41:54,520 --> 00:41:51,770

mine something something yeah mmm Def

1069

00:41:56,559 --> 00:41:54,530

Jam or something and he was Coco Co Co

1070

00:41:58,539 --> 00:41:56,569

command the Cobra so I forgot what we're

1071

00:42:00,970 --> 00:41:58,549

talking about meat on you he had one

1072

00:42:03,579 --> 00:42:00,980

more comment I was gonna say in in in

1073

00:42:05,180 --> 00:42:03,589

UFOs one time which agrees is he also

1074

00:42:06,950 --> 00:42:05,190

you know already

1075

00:42:09,349 --> 00:42:06,960

engine available everywhere available

1076  
00:42:11,540 --> 00:42:09,359  
thank you one one friend yeah there's a

1077  
00:42:13,730 --> 00:42:11,550  
story in there about this ICBM base that

1078  
00:42:17,510 --> 00:42:13,740  
they put in the West okay back in the

1079  
00:42:19,730 --> 00:42:17,520  
60s dug the hole for the ICBM pits and

1080  
00:42:22,520 --> 00:42:19,740  
all of a sudden UFO started showing them

1081  
00:42:24,559 --> 00:42:22,530  
extremely well documented case Wow

1082  
00:42:27,470 --> 00:42:24,569  
the Ariat nary a peep they build the

1083  
00:42:29,150 --> 00:42:27,480  
ICBM base they get it operational and

1084  
00:42:31,309 --> 00:42:29,160  
there's so many you're flying over this

1085  
00:42:33,140 --> 00:42:31,319  
place at night the night guys refused

1086  
00:42:37,640 --> 00:42:33,150  
duty they actually like went to jail and

1087  
00:42:40,819 --> 00:42:37,650  
stepping on duty yeah so anyway this one

1088  
00:42:42,079 --> 00:42:40,829

I felt like a long time and so much so

1089

00:42:44,059 --> 00:42:42,089

that you know they'd have people down

1090

00:42:46,040 --> 00:42:44,069

there you know requesting transfers and

1091

00:42:48,710 --> 00:42:46,050

so on and so forth the interesting thing

1092

00:42:51,470 --> 00:42:48,720

is that ICBM base is in Roswell or was

1093

00:42:53,030 --> 00:42:51,480

in Roswell to me that's a biggest story

1094

00:42:55,130 --> 00:42:53,040

what's going on there

1095

00:42:56,630 --> 00:42:55,140

you know there Neri up finding solve

1096

00:42:58,280 --> 00:42:56,640

that right that for your book and a few

1097

00:42:59,900 --> 00:42:58,290

other really that's amazing thank you

1098

00:43:02,380 --> 00:42:59,910

very much amazing thank you very much

1099

00:43:04,280 --> 00:43:02,390

cool so one thing I want to say about

1100

00:43:10,540 --> 00:43:04,290

sort of a lot of Leslie seriously

1101  
00:43:15,099 --> 00:43:10,550  
through music I cannot I can't see

1102  
00:43:18,109 --> 00:43:15,109  
motional know yeah the show does that

1103  
00:43:22,460 --> 00:43:18,119  
the takeaway I had from Lou

1104  
00:43:25,190 --> 00:43:22,470  
Allison doe this last weekend was that

1105  
00:43:26,329 --> 00:43:25,200  
he says that this time next year you

1106  
00:43:28,370 --> 00:43:26,339  
just wait and see where we're gonna be

1107  
00:43:30,740 --> 00:43:28,380  
at there's no some kind of disclosure

1108  
00:43:32,390 --> 00:43:30,750  
type situation that's been yeah he kinda

1109  
00:43:34,370 --> 00:43:32,400  
I really I know that's been a really

1110  
00:43:37,940 --> 00:43:34,380  
reasoning like I know I respect really

1111  
00:43:39,680 --> 00:43:37,950  
his tact and how he's doing what he's

1112  
00:43:42,140 --> 00:43:39,690  
done and he followed correct lines he

1113  
00:43:43,520 --> 00:43:42,150

didn't do leaking he's done everything

1114

00:43:46,309 --> 00:43:43,530

the way you're supposed to do it right

1115

00:43:47,720 --> 00:43:46,319

and and in defense of and I have been

1116

00:43:53,390 --> 00:43:47,730

very critical about the length of time

1117

00:43:54,710 --> 00:43:53,400

and I've been very I haven't been over I

1118

00:43:57,650 --> 00:43:54,720

have not been overwhelmed by anything

1119

00:43:59,030 --> 00:43:57,660

that's been released one of the you and

1120

00:44:00,349 --> 00:43:59,040

I talked about one of the clips that

1121

00:44:03,950 --> 00:44:00,359

came out and I had seen that someplace

1122

00:44:06,050 --> 00:44:03,960

else that was on there and I just don't

1123

00:44:07,190 --> 00:44:06,060

see any thing fantastic about except

1124

00:44:08,900 --> 00:44:07,200

there was a really good piece of work by

1125

00:44:12,160 --> 00:44:08,910

the crew members that were flying the

1126

00:44:15,079 --> 00:44:12,170

last one but he's done some incredible

1127

00:44:18,560 --> 00:44:15,089

foundational work to let the freedom of

1128

00:44:19,940 --> 00:44:18,570

ation act take effect on a lot of stuff

1129

00:44:22,520 --> 00:44:19,950

because of the precedence he set it up

1130

00:44:25,850 --> 00:44:22,530

but I'm always going to be questioning I

1131

00:44:27,250 --> 00:44:25,860

seems like a square round to me of he's

1132

00:44:30,020 --> 00:44:27,260

just a good man

1133

00:44:34,090 --> 00:44:30,030

but there are folks all around this that

1134

00:44:36,160 --> 00:44:34,100

are gonna obstacles to keep this

1135

00:44:40,150 --> 00:44:36,170

obfuscate up to say

1136

00:44:48,530 --> 00:44:42,830

yes I wanted to get paid extra nice one

1137

00:44:51,200 --> 00:44:48,540

of the one of the phrases he said to the

1138

00:44:54,200 --> 00:44:51,210

bantha and his talk was he said I'd

1139

00:44:55,850 --> 00:44:54,210

rather be right than right now he says

1140

00:44:58,160 --> 00:44:55,860

and it's hard for everyone to be patient

1141

00:44:58,840 --> 00:44:58,170

prices but you know trust me just hang

1142

00:45:01,910 --> 00:44:58,850

in there

1143

00:45:03,620 --> 00:45:01,920

so I believe him you know like he is

1144

00:45:06,080 --> 00:45:03,630

doing things the right way or trying to

1145

00:45:08,330 --> 00:45:06,090

do and then he has his lawyers he's got

1146

00:45:10,430 --> 00:45:08,340

you know they have the publicists there

1147

00:45:13,040 --> 00:45:10,440

at you know to the stars Academy and all

1148

00:45:14,630 --> 00:45:13,050

that and like I couldn't interview him I

1149

00:45:15,920 --> 00:45:14,640

mean I'm standing right there talking to

1150

00:45:17,780 --> 00:45:15,930

him for half an hour or whatever but I

1151  
00:45:21,470 --> 00:45:17,790  
couldn't interview him until they talked

1152  
00:45:23,870 --> 00:45:21,480  
to the lawyer and yeah Wow yeah just to

1153  
00:45:25,280 --> 00:45:23,880  
me mmm I will I'm gonna throw one very

1154  
00:45:26,570 --> 00:45:25,290  
quickly I'll throw this one piece in you

1155  
00:45:27,770 --> 00:45:26,580  
hear me talk about it people are

1156  
00:45:30,290 --> 00:45:27,780  
probably getting tired we bring it up

1157  
00:45:32,570 --> 00:45:30,300  
but the hottest piece the hottest piece

1158  
00:45:34,580 --> 00:45:32,580  
of Intel gathering that's going on right

1159  
00:45:36,440 --> 00:45:34,590  
now is crowdsourcing that is the number

1160  
00:45:38,030 --> 00:45:36,450  
one way that we are getting Intel and

1161  
00:45:40,940 --> 00:45:38,040  
everybody else is getting Intel around

1162  
00:45:42,230 --> 00:45:40,950  
the world it's attractive because you

1163  
00:45:43,400 --> 00:45:42,240

don't have to use people with security

1164

00:45:45,380 --> 00:45:43,410

clearances you just need people with

1165

00:45:47,090 --> 00:45:45,390

computers and you have them going they

1166

00:45:48,680 --> 00:45:47,100

run through social media they look

1167

00:45:51,350 --> 00:45:48,690

through search engines not what people

1168

00:45:53,450 --> 00:45:51,360

are are what people are looking at

1169

00:45:55,700 --> 00:45:53,460

that's all you care about you don't

1170

00:45:59,180 --> 00:45:55,710

really care about the individuals but so

1171

00:46:01,630 --> 00:45:59,190

for counterterrorism if let's say the

1172

00:46:04,340 --> 00:46:01,640

Pope is coming to visit they will start

1173

00:46:06,680 --> 00:46:04,350

weeks months ahead of time to see who's

1174

00:46:07,970 --> 00:46:06,690

looking up things about the city that

1175

00:46:10,400 --> 00:46:07,980

the Pope's going till they'll look to

1176  
00:46:11,660 --> 00:46:10,410  
see if there's a Holy See inquiries that

1177  
00:46:14,660 --> 00:46:11,670  
will start working with that then they

1178  
00:46:17,090 --> 00:46:14,670  
start to look at texting Twitter's all

1179  
00:46:18,560 --> 00:46:17,100  
those things and you just you t you have

1180  
00:46:20,420 --> 00:46:18,570  
teams and teams of people that are

1181  
00:46:23,090 --> 00:46:20,430  
looking for particular parts in pieces

1182  
00:46:24,950 --> 00:46:23,100  
there's no doubt in my mind if it was

1183  
00:46:26,960 --> 00:46:24,960  
intentional or if it was in part part of

1184  
00:46:28,340 --> 00:46:26,970  
the program I don't think mr. Sandro

1185  
00:46:30,770 --> 00:46:28,350  
gives me the impression that was part of

1186  
00:46:31,770 --> 00:46:30,780  
it but that was used as a means to

1187  
00:46:34,380 --> 00:46:31,780  
figure out

1188  
00:46:35,880 --> 00:46:34,390

how does this how did this go to the how

1189

00:46:36,810 --> 00:46:35,890

did it distribute in an intermediate

1190

00:46:38,730 --> 00:46:36,820

it's ready to go

1191

00:46:40,350 --> 00:46:38,740

we're tracking at the trucking transit

1192

00:46:42,090 --> 00:46:40,360

tracking the next and each part of its

1193

00:46:44,220 --> 00:46:42,100

like the the pebble in the end the in

1194

00:46:45,870 --> 00:46:44,230

the pond where the Rings go and when

1195

00:46:48,360 --> 00:46:45,880

they wrap around another obstacle where

1196

00:46:51,420 --> 00:46:48,370

do those rings go the I think that we're

1197

00:46:54,030 --> 00:46:51,430

still my guests this past week of my

1198

00:46:56,220 --> 00:46:54,040

show but we him and I got into a company

1199

00:46:57,870 --> 00:46:56,230

were in a complete agreement how much we

1200

00:46:59,490 --> 00:46:57,880

and you've heard me on this how I hate

1201

00:47:01,080 --> 00:46:59,500

the Patriot Act because of what it's

1202

00:47:03,450 --> 00:47:01,090

allowed to do where we went and how

1203

00:47:05,400 --> 00:47:03,460

absolutely that they'll never stuff that

1204

00:47:07,230 --> 00:47:05,410

genie back in the bottle and we're still

1205

00:47:08,880 --> 00:47:07,240

playing that games and this is part of

1206

00:47:10,620 --> 00:47:08,890

it that's why we don't have answers

1207

00:47:12,630 --> 00:47:10,630

that's why we we still have a lot of

1208

00:47:14,370 --> 00:47:12,640

conjecture and this crap going on and it

1209

00:47:18,180 --> 00:47:14,380

when we say government it just drives me

1210

00:47:20,970 --> 00:47:18,190

crazy it's us you know Pogo I've seen

1211

00:47:22,710 --> 00:47:20,980

the enemy and it's us well I'm in

1212

00:47:25,940 --> 00:47:22,720

paraphrased excuse me I think this is a

1213

00:47:28,890 --> 00:47:25,950

play right now you should plug your show

1214

00:47:31,680 --> 00:47:28,900

well I I have the rare distinction of

1215

00:47:34,260 --> 00:47:31,690

saying that I have in front of me

1216

00:47:36,270 --> 00:47:34,270

three men that have been guests on task

1217

00:47:38,520 --> 00:47:36,280

force Griffin each one of these men have

1218

00:47:42,810 --> 00:47:38,530

been a guest on my show one was a

1219

00:47:44,670 --> 00:47:42,820

one-man listen event one one whole hour

1220

00:47:46,650 --> 00:47:44,680

why didn't you tell me about one why did

1221

00:47:49,110 --> 00:47:46,660

a classically good job because Juan Juan

1222

00:47:52,590 --> 00:47:49,120

is one of the leaders in this medium

1223

00:47:54,840 --> 00:47:52,600

years before he had a computer program

1224

00:47:56,970 --> 00:47:54,850

before anybody else was doing computer

1225

00:47:59,610 --> 00:47:56,980

program he had a program like this

1226

00:48:01,800 --> 00:47:59,620

talking about computers on the radio

1227

00:48:07,650 --> 00:48:01,810

right that's right and I had Dan Brown

1228

00:48:10,140 --> 00:48:07,660

and Dan Brown nobody is a close personal

1229

00:48:11,970 --> 00:48:10,150

friend of Wan WAN right he was a lot ago

1230

00:48:14,520 --> 00:48:11,980

is the word we like to use you wrote The

1231

00:48:16,140 --> 00:48:14,530

Da Vinci Code one one was there his

1232

00:48:18,360 --> 00:48:16,150

press kit was like this piece of paper

1233

00:48:21,330 --> 00:48:18,370

and when one one with all those colors

1234

00:48:22,890 --> 00:48:21,340

that's right okay Wow you know his first

1235

00:48:25,860 --> 00:48:22,900

book was digital fortress and I was

1236

00:48:28,700 --> 00:48:25,870

previewing that book and Dan Brown on my

1237

00:48:31,080 --> 00:48:28,710

show it was about the internet that run

1238

00:48:32,970 --> 00:48:31,090

wk XL radio in Concord New Hampshire

1239

00:48:34,740 --> 00:48:32,980

back when did I feel it need released

1240

00:48:36,900 --> 00:48:34,750

that book is that station stole what

1241

00:48:38,280 --> 00:48:36,910

this sorry yet is it is it's changed

1242

00:48:41,220 --> 00:48:38,290

ownership a number of times

1243

00:48:42,870 --> 00:48:41,230

hey Mac I can't keep one of those forty

1244

00:48:45,160 --> 00:48:42,880

thousand dollars for the sound effects

1245

00:48:48,340 --> 00:48:45,170

general I'll fix you up for your next

1246

00:48:50,770 --> 00:48:48,350

I have fake checks yes we do it turns

1247

00:48:52,900 --> 00:48:50,780

out ya know there was a time then that

1248

00:48:54,400 --> 00:48:52,910

these two guys behind my back actually

1249

00:48:56,050 --> 00:48:54,410

went and bought your own socks right I

1250

00:48:57,700 --> 00:48:56,060

got one in my glove compartment yes I'll

1251

00:49:03,190 --> 00:48:57,710

let you have it you have one in your

1252

00:49:04,810 --> 00:49:03,200

chest and are you a secret aircraft and

1253

00:49:07,780 --> 00:49:04,820

so we had to write a little bit into the

1254

00:49:09,310 --> 00:49:07,790

contract right yes you took a hide but

1255

00:49:11,890 --> 00:49:09,320

the neighbor across the streets pretty

1256

00:49:12,550 --> 00:49:11,900

annoyed you know yeah he'll get over it

1257

00:49:16,840 --> 00:49:12,560

all right

1258

00:49:19,270 --> 00:49:16,850

well we'll say I'm off well so let's see

1259

00:49:23,710 --> 00:49:19,280

another thing about I think about this

1260

00:49:25,570 --> 00:49:23,720

whole you know situation is what you

1261

00:49:30,310 --> 00:49:25,580

mentioned earlier I think over you said

1262

00:49:31,870 --> 00:49:30,320

something about you know testing you

1263

00:49:33,550 --> 00:49:31,880

know what would happen to religions and

1264

00:49:37,150 --> 00:49:33,560

all that I got to tell you someone sent

1265

00:49:39,070 --> 00:49:37,160

me jobs the guy who listens to my show

1266

00:49:41,740 --> 00:49:39,080

sent sent a clip I watched it last night

1267

00:49:44,590 --> 00:49:41,750

and it was 1962 and it was actually in

1268

00:49:46,630 --> 00:49:44,600

England and this radio announcer was in

1269

00:49:48,490 --> 00:49:46,640

walking the streets and saying do you

1270

00:49:50,200 --> 00:49:48,500

believe in life on other planets

1271

00:49:52,090 --> 00:49:50,210

he said just like that you know I mean

1272

00:49:53,500 --> 00:49:52,100

of course they could be thinking people

1273

00:49:55,720 --> 00:49:53,510

were thinking probably just our solar

1274

00:49:58,830 --> 00:49:55,730

system at the time some people said yes

1275

00:50:01,780 --> 00:49:58,840

one guy said I do because I saw a UFO

1276

00:50:03,070 --> 00:50:01,790

and it was like a flying saucer and it

1277

00:50:05,470 --> 00:50:03,080

had things coming out of it you know and

1278

00:50:07,960 --> 00:50:05,480

all this but most people would say no I

1279

00:50:12,010 --> 00:50:07,970

don't believe there's any life and then

1280

00:50:14,770 --> 00:50:12,020

one guy said no because of the Bible and

1281

00:50:17,500 --> 00:50:14,780

so you know did this back in 60 and back

1282

00:50:20,410 --> 00:50:17,510

in 62 I think it's a whole different

1283

00:50:22,660 --> 00:50:20,420

time now or I think I think we're slowly

1284

00:50:26,440 --> 00:50:22,670

getting used to the idea anyway even if

1285

00:50:28,840 --> 00:50:26,450

even if in the late 1800s people believe

1286

00:50:31,240 --> 00:50:28,850

there was people living on Mars when I

1287

00:50:33,460 --> 00:50:31,250

looked at Mars Phobos they always

1288

00:50:35,110 --> 00:50:33,470

thought they're the Canali which it no

1289

00:50:37,150 --> 00:50:35,120

one could ever quite figured out the

1290

00:50:38,890 --> 00:50:37,160

canal part of it because maybe you're

1291

00:50:40,600 --> 00:50:38,900

saying cannoli it could be kind of

1292

00:50:45,490 --> 00:50:40,610

chance of it leave the planet take the

1293

00:50:47,650 --> 00:50:45,500

cannolis but because of the sand storms

1294

00:50:49,270 --> 00:50:47,660

you would see it they were convinced

1295

00:50:50,950 --> 00:50:49,280

that that was wheat fields they were

1296

00:50:53,980 --> 00:50:50,960

harvesting wheat up there and you know

1297

00:50:56,020 --> 00:50:53,990

it wasn't and then you know as science

1298

00:50:57,610 --> 00:50:56,030

comes along you know that gets all

1299

00:50:59,620 --> 00:50:57,620

poo-pooed

1300

00:51:01,510 --> 00:50:59,630

I always cracks me up when people say

1301  
00:51:03,790 --> 00:51:01,520  
that that the Bible is what tells me

1302  
00:51:05,650 --> 00:51:03,800  
that it can't be life and if that or did

1303  
00:51:06,940 --> 00:51:05,660  
there isn't ghosts are you kidding me

1304  
00:51:08,740 --> 00:51:06,950  
are you reading the same Bible I'm

1305  
00:51:11,580 --> 00:51:08,750  
reading if you go back into the Old

1306  
00:51:13,480 --> 00:51:11,590  
Testament there looks like there's

1307  
00:51:17,920 --> 00:51:13,490  
extraterrestrials running around yep you

1308  
00:51:20,860 --> 00:51:17,930  
have angels demons spirits you have all

1309  
00:51:25,210 --> 00:51:20,870  
kinds of interesting activity you talk

1310  
00:51:28,780 --> 00:51:25,220  
about mating and you know that then of

1311  
00:51:32,560 --> 00:51:28,790  
course did you get into some did you see

1312  
00:51:35,410 --> 00:51:32,570  
mating yes yeah they talk about folks

1313  
00:51:38,020 --> 00:51:35,420

that that appear angelic that have

1314

00:51:39,610 --> 00:51:38,030

relations with with women it's there but

1315

00:51:41,650 --> 00:51:39,620

what's the matter with you and now

1316

00:51:44,050 --> 00:51:41,660

you're talking you'd seem that the Bible

1317

00:51:46,450 --> 00:51:44,060

is like I read in x-rays or something

1318

00:51:50,140 --> 00:51:46,460

well yeah there's all this maybe the way

1319

00:51:52,510 --> 00:51:50,150

you read it yeah well don't play that

1320

00:51:55,840 --> 00:51:52,520

back it's an easier read that way

1321

00:51:58,570 --> 00:51:55,850

well we have one celebrity those who who

1322

00:52:00,550 --> 00:51:58,580

hopes and it's pretty assured that

1323

00:52:02,560 --> 00:52:00,560

there's UFOs and that's my buddy Keith

1324

00:52:05,020 --> 00:52:02,570

Richards that's right he was asked one

1325

00:52:08,380 --> 00:52:05,030

time on this is that videos on YouTube

1326  
00:52:13,960 --> 00:52:08,390  
and his Facebook page so Keith do you

1327  
00:52:19,020 --> 00:52:13,970  
believe in UFOs he says he says I think

1328  
00:52:21,310 --> 00:52:19,030  
it has to be exactly the way he says it

1329  
00:52:23,290 --> 00:52:21,320  
it's a little more I can't wait hear it

1330  
00:52:27,280 --> 00:52:23,300  
there I can't I can't wait him I can't

1331  
00:52:27,910 --> 00:52:27,290  
wait to see things we need coherent we

1332  
00:52:30,790 --> 00:52:27,920  
need the help

1333  
00:52:32,560 --> 00:52:30,800  
beam me up Scotty you know he just goes

1334  
00:52:36,700 --> 00:52:32,570  
on from its it's just fantastic

1335  
00:52:38,980 --> 00:52:36,710  
if a mystic guy who is grounded in the

1336  
00:52:41,170 --> 00:52:38,990  
here and now but he also knows his

1337  
00:52:43,780 --> 00:52:41,180  
history and he's and he's pretty sure

1338  
00:52:45,490 --> 00:52:43,790

that there are UFOs that's got to be

1339

00:52:47,800 --> 00:52:45,500

gonna be this is Keith you talk about

1340

00:52:50,200 --> 00:52:47,810

Keith Richards yes yes I don't know what

1341

00:52:52,780 --> 00:52:50,210

transfusion yeah and that's that's all a

1342

00:52:54,550 --> 00:52:52,790

myth read his book his book is great all

1343

00:52:57,310 --> 00:52:54,560

right yeah he's definitely a believer

1344

00:53:00,160 --> 00:52:57,320

all right all right so we have a we have

1345

00:53:02,320 --> 00:53:00,170

three minutes to break okay okay you

1346

00:53:04,090 --> 00:53:02,330

know this studio is actually haunted we

1347

00:53:07,450 --> 00:53:04,100

talk about it in almost every week yeah

1348

00:53:08,800 --> 00:53:07,460

and so and in it all started when we

1349

00:53:10,769 --> 00:53:08,810

first came here we were here the first

1350

00:53:12,359 --> 00:53:10,779

night everyone else had gone

1351

00:53:14,939 --> 00:53:12,369

it was in the fall it was Don account

1352

00:53:16,949 --> 00:53:14,949

and some guy walked by the door I didn't

1353

00:53:19,349 --> 00:53:16,959

see him I should have seen I thought I

1354

00:53:21,149 --> 00:53:19,359

recognized him I was wrong no one can

1355

00:53:21,689 --> 00:53:21,159

figure out you know how we get in where

1356

00:53:23,699 --> 00:53:21,699

he went

1357

00:53:25,919 --> 00:53:23,709

this cameras hands walk by this store

1358

00:53:28,739 --> 00:53:25,929

right here the next studio over so let

1359

00:53:32,630 --> 00:53:28,749

me set this up for just a tiny bit I'm

1360

00:53:35,309 --> 00:53:32,640

on remote with them that night yeah and

1361

00:53:36,839 --> 00:53:35,319

when the studio first opened up there

1362

00:53:38,759 --> 00:53:36,849

was a lot of moving from the other

1363

00:53:40,890 --> 00:53:38,769

radios to the views Don at Newport

1364

00:53:42,689 --> 00:53:40,900

there's Pete oh man you know there's all

1365

00:53:44,909 --> 00:53:42,699

kinds of activity going on so it wasn't

1366

00:53:46,469 --> 00:53:44,919

uncommon why we were taping and getting

1367

00:53:48,449 --> 00:53:46,479

the show together that people would be

1368

00:53:50,159 --> 00:53:48,459

you know be coming through you know

1369

00:53:53,339 --> 00:53:50,169

bringing stuff in getting ready and then

1370

00:53:55,199 --> 00:53:53,349

you know the on-air portion of WX DX

1371

00:53:56,549 --> 00:53:55,209

activity so they're talking about this

1372

00:53:58,289 --> 00:53:56,559

in the background and you know who the

1373

00:53:59,669 --> 00:53:58,299

hell was that that that went by in what

1374

00:54:01,620 --> 00:53:59,679

was that and all that kind of stuff and

1375

00:54:02,999 --> 00:54:01,630

I noted it but I didn't think anybody

1376

00:54:05,099 --> 00:54:03,009

could we had lots of people here well

1377

00:54:06,479 --> 00:54:05,109

then gentlemen take up what goes over

1378

00:54:08,099 --> 00:54:06,489

for the next few turns out there was a

1379

00:54:10,679 --> 00:54:08,109

guy here you know was an engineer who

1380

00:54:12,359 --> 00:54:10,689

worked here for like 70 years so did you

1381

00:54:14,459 --> 00:54:12,369

say 70 or something like that a very

1382

00:54:17,130 --> 00:54:14,469

long line and he's in the Bible Marty

1383

00:54:18,929 --> 00:54:17,140

live like he lived like two doors down

1384

00:54:20,249 --> 00:54:18,939

you know he lived in the neighborhood

1385

00:54:22,640 --> 00:54:20,259

and the neighborhood would walk to work

1386

00:54:25,019 --> 00:54:22,650

all these years you know and apparently

1387

00:54:28,259 --> 00:54:25,029

drop dead right here somewhere in the

1388

00:54:30,899 --> 00:54:28,269

station goes to it yeah Bob the ghost

1389

00:54:33,120 --> 00:54:30,909

yeah Bob the ghost no lights used to

1390

00:54:34,380 --> 00:54:33,130

flicker mites have flickered on the hair

1391

00:54:35,609 --> 00:54:34,390

you can hear something you okay it's

1392

00:54:37,559 --> 00:54:35,619

been some stuff where they've talked

1393

00:54:39,989 --> 00:54:37,569

about it and then Bob is reacted just

1394

00:54:42,059 --> 00:54:39,999

here my dad recently lets back today

1395

00:54:44,039 --> 00:54:42,069

purport they did sort of like a junior

1396

00:54:46,499 --> 00:54:44,049

exorcism in the last three four months

1397

00:54:50,069 --> 00:54:46,509

they pissed off Bob yeah really yeah I

1398

00:54:54,149 --> 00:54:50,079

don't think we're supposed to say Amen

1399

00:54:55,709 --> 00:54:54,159

folks I didn't mean it all right let's

1400

00:54:57,899 --> 00:54:55,719

do a little shout out to Bob if he's

1401  
00:55:00,179 --> 00:54:57,909  
here tonight Bob the ghost yeah Bob

1402  
00:55:02,309 --> 00:55:00,189  
thanks ooming that he's around Bob

1403  
00:55:04,439 --> 00:55:02,319  
thanks for your spiritual engineering

1404  
00:55:08,370 --> 00:55:04,449  
that is because I just saw someone walk

1405  
00:55:12,679 --> 00:55:08,380  
by the door one shadow sheri though

1406  
00:55:16,079 --> 00:55:12,689  
that's the mat the engineer that was Bob

1407  
00:55:19,019 --> 00:55:16,089  
Wow anyway so I told everyone this would

1408  
00:55:20,249 --> 00:55:19,029  
be entertaining I think it is so we're

1409  
00:55:21,599 --> 00:55:20,259  
gonna so good we still doesn't really

1410  
00:55:23,670 --> 00:55:21,609  
matter what you think Martin is really

1411  
00:55:25,990 --> 00:55:23,680  
knows what they think that's true

1412  
00:55:28,059 --> 00:55:26,000  
believe me they let me know all right

1413  
00:55:31,240 --> 00:55:28,069

everyone we're ready to go on a break

1414

00:55:34,660 --> 00:55:31,250

1415

00:55:36,520 --> 00:55:34,670

on kgr a radio in YouTube and we'll be

1416

00:55:38,020 --> 00:55:36,530

right back stay with us we're wait a

1417

00:55:41,500 --> 00:55:38,030

minute I forgot to say who we're here

1418

00:55:48,039 --> 00:55:41,510

with we have 1 1 na koni cobra and we'll

1419

00:55:50,319 --> 00:55:48,049

be right back alright gang we've got 4

1420

00:55:51,789 --> 00:55:50,329

minutes in this break as well and Martin

1421

00:55:54,309 --> 00:55:51,799

were going commercial free for the

1422

00:55:56,440 --> 00:55:54,319

second hour correct that's correct whoa

1423

00:55:59,319 --> 00:55:56,450

wowie commercial-free bought it can I

1424

00:56:01,900 --> 00:55:59,329

ask a question please please do okay why

1425

00:56:04,690 --> 00:56:01,910

is one one being introduced before me

1426

00:56:06,250 --> 00:56:04,700

and Cobra well should be you wanna want

1427

00:56:08,559 --> 00:56:06,260

it I didn't want to say that I didn't

1428

00:56:10,240 --> 00:56:08,569

want to be immodest I didn't bring it up

1429

00:56:16,660 --> 00:56:10,250

yeah why is he being introduced before

1430

00:56:18,700 --> 00:56:16,670

me he wanted to go clockwise and from

1431

00:56:19,270 --> 00:56:18,710

his perspective clockwise would start

1432

00:56:21,700 --> 00:56:19,280

with me

1433

00:56:24,069 --> 00:56:21,710

actually I'm 12 o'clock high for him

1434

00:56:25,030 --> 00:56:24,079

actually there are like two o'clock it

1435

00:56:30,460 --> 00:56:25,040

was worth 20 bucks

1436

00:56:32,170 --> 00:56:30,470

oh really yeah only 20 Wow okay you'll

1437

00:56:34,930 --> 00:56:32,180

see both plus have been trying to check

1438

00:56:37,180 --> 00:56:34,940

out the setup here in like 30 30 minutes

1439

00:56:40,480 --> 00:56:37,190

and I'm glad Matt you did it you did it

1440

00:56:43,180 --> 00:56:40,490

then you kown again yeah you put it

1441

00:56:45,849 --> 00:56:43,190

together that night did it okay this is

1442

00:56:49,000 --> 00:56:45,859

Matt's studio I said we want to go into

1443

00:56:53,680 --> 00:56:49,010

his drawers yeah Wow well we probably

1444

00:57:00,549 --> 00:56:53,690

didn't want to say that but I got that

1445

00:57:02,200 --> 00:57:00,559

gig hey Mack yes I just wanted to say I

1446

00:57:13,020 --> 00:57:02,210

was looking at you on video dude you

1447

00:57:16,180 --> 00:57:13,030

look good let's take a retake nice going

1448

00:57:18,039 --> 00:57:16,190

Radio fall Wow

1449

00:57:28,030 --> 00:57:18,049

so again we're sorry about that on

1450

00:57:31,410 --> 00:57:28,040

YouTube this is a u.s. bandit yeah that

1451

00:57:33,460 --> 00:57:31,420

just shows you I must look a mess

1452

00:57:35,230 --> 00:57:33,470

remember earlier what I told you when

1453

00:57:37,120 --> 00:57:35,240

these two were on what I mean when they

1454

00:57:39,249 --> 00:57:37,130

really got on

1455

00:57:41,589 --> 00:57:39,259

yeah they were gold this is just kind of

1456

00:57:43,720 --> 00:57:41,599

Madelyn Lewis this was this was just a

1457

00:57:45,730 --> 00:57:43,730

very small taste of what it was like

1458

00:57:48,339 --> 00:57:45,740

when look when he pulled the ripcord and

1459

00:57:50,259 --> 00:57:48,349

these two were going it was fantastic

1460

00:57:52,089 --> 00:57:50,269

I'm gonna tell you something you're not

1461

00:57:54,309 --> 00:57:52,099

gonna find two bigger Patriots on the

1462

00:57:55,990 --> 00:57:54,319

planet than Mac and me I agree with that

1463

00:57:57,099 --> 00:57:56,000

everything he says in that voice sounds

1464

00:57:59,620 --> 00:57:57,109

like you should believe them you know

1465

00:58:01,269 --> 00:57:59,630

what I totally give me 200 bucks and

1466

00:58:07,749 --> 00:58:01,279

I'll bet it on the Patriots down here

1467

00:58:10,650 --> 00:58:07,759

with my Vietnamese bookies yeah he does

1468

00:58:14,349 --> 00:58:10,660

have a very commanding voice he does

1469

00:58:18,609 --> 00:58:14,359

sound terrific yeah how many minutes we

1470

00:58:20,319 --> 00:58:18,619

have we have like we have a lot 30 40 40

1471

00:58:21,640 --> 00:58:20,329

seconds left or what seconds you got it

1472

00:58:23,529 --> 00:58:21,650

okay well you know I

1473

00:58:25,809 --> 00:58:23,539

I'll take advantage of the 40 seconds so

1474

00:58:30,990 --> 00:58:25,819

yeah 40 seconds to say because of Mac

1475

00:58:33,999 --> 00:58:31,000

and because of race we're all here no

1476

00:58:34,990 --> 00:58:34,009

really I remember the days when race

1477

00:58:36,339 --> 00:58:35,000

would call me up

1478

00:58:38,950 --> 00:58:36,349

are you free what are you doing I'm

1479

00:58:42,579 --> 00:58:38,960

washing dishes right now race Mac guest

1480

00:58:44,859 --> 00:58:42,589

just crapped out money to do this show

1481

00:58:46,960 --> 00:58:44,869

commander where's commander actor those

1482

00:58:51,370 --> 00:58:46,970

days yeah yeah all right I think we're

1483

00:58:58,000 --> 00:58:51,380

going back here we come all right gang

1484

00:59:01,030 --> 00:59:00,410

not everybody else it yeah we're ready

1485

00:59:08,180 --> 00:59:01,040

1497

00:59:37,670 --> 00:59:36,210

1498

00:59:44,180 --> 00:59:37,680

1499

00:59:47,300 --> 00:59:44,190

1500

00:59:50,210 --> 00:59:47,310

very good does that work do you get

1501  
00:59:51,980 --> 00:59:50,220  
night I think so I mean I don't know why

1502  
00:59:54,050 --> 00:59:51,990  
those people are there I don't know why

1503  
00:59:56,270 --> 00:59:54,060  
those nice people listen to me every

1504  
00:59:58,010 --> 00:59:56,280  
week but they they show up and they

1505  
00:59:59,540 --> 00:59:58,020  
write me nice emails and well they

1506  
01:00:01,760 --> 00:59:59,550  
should really I got to tell you

1507  
01:00:03,349 --> 01:00:01,770  
are they still asking for me Cobra I'm

1508  
01:00:05,690 --> 01:00:03,359  
sure they yeah they must be sure they

1509  
01:00:07,670 --> 01:00:05,700  
are one way absolutely I got to check my

1510  
01:00:09,410 --> 01:00:07,680  
booking agent to see if I have some time

1511  
01:00:11,450 --> 01:00:09,420  
available thank you so much for

1512  
01:00:12,980 --> 01:00:11,460  
considering great to me again with your

1513  
01:00:13,760 --> 01:00:12,990

appearance absolutely we love to have

1514

01:00:15,500 --> 01:00:13,770

you when was that

1515

01:00:17,390 --> 01:00:15,510

then why wasn't I told of this when did

1516

01:00:19,640 --> 01:00:17,400

you appear as she knew but I have talked

1517

01:00:25,190 --> 01:00:19,650

about it you hadn't you were recently or

1518

01:00:27,230 --> 01:00:25,200

a year and a half ago he was on your

1519

01:00:28,940 --> 01:00:27,240

show I'm sure we told you maybe we

1520

01:00:33,440 --> 01:00:28,950

between breaths of fresh you told me do

1521

01:00:34,849 --> 01:00:33,450

you think no don't you think that if you

1522

01:00:36,680 --> 01:00:34,859

told me I would have just marked the

1523

01:00:39,380 --> 01:00:36,690

date and not done anything

1524

01:00:41,930 --> 01:00:39,390

well but listen to what I would expect

1525

01:00:44,420 --> 01:00:41,940

so it's in the archives you can tell me

1526

01:00:46,430 --> 01:00:44,430

it's okay something came and we made a

1527

01:00:47,810 --> 01:00:46,440

big deal I know that one Wallace - the

1528

01:00:50,270 --> 01:00:47,820

night that you were on the show when you

1529

01:00:52,130 --> 01:00:50,280

came on right you re just hurt it hurts

1530

01:00:53,420 --> 01:00:52,140

in the back you know that cold I'm not

1531

01:00:58,040 --> 01:00:53,430

the one that's calling you in second on

1532

01:01:00,170 --> 01:00:58,050

the show I make sure every show that a

1533

01:01:00,920 --> 01:01:00,180

to brutaiiy I get it ok great ok

1534

01:01:03,440 --> 01:01:00,930

whatever

1535

01:01:05,660 --> 01:01:03,450

alright so hey we coming up on stiletto

1536

01:01:08,510 --> 01:01:05,670

Steve there no that would be obviously I

1537

01:01:09,020 --> 01:01:08,520

would be so wet oh he thought we were

1538

01:01:10,490 --> 01:01:09,030

insulting

1539

01:01:14,300 --> 01:01:10,500

do what at home yeah let's put them on

1540

01:01:16,040 --> 01:01:14,310

yes is he on well let's see no I told me

1541

01:01:18,170 --> 01:01:16,050

come back in and out of there who do I

1542

01:01:20,360 --> 01:01:18,180

hear like my hair is that the ghost is

1543

01:01:23,390 --> 01:01:20,370

that a bob is laughing yeah no I believe

1544

01:01:23,600 --> 01:01:23,400

it's a Salt Lake City spirit oh okay all

1545

01:01:25,220 --> 01:01:23,610

right

1546

01:01:27,560 --> 01:01:25,230

every now and then you can't control it

1547

01:01:31,160 --> 01:01:27,570

it just goes to that place that makes

1548

01:01:33,500 --> 01:01:31,170

him jolly you always spit up your water

1549

01:01:35,000 --> 01:01:33,510

Martin I'm glad they saw that on TV that

1550

01:01:37,460 --> 01:01:35,010

was very good control you pulled about

1551

01:01:39,110 --> 01:01:37,470

six G's and brought it right back that

1552

01:01:41,660 --> 01:01:39,120

was pretty damn good alright let's talk

1553

01:01:45,110 --> 01:01:41,670

about cheese yes well so one of the

1554

01:01:55,010 --> 01:01:45,120

g-spot g-string oh boy we're on this is

1555

01:01:58,070 --> 01:01:55,020

a kids show I'm sitting too much with

1556

01:01:59,780 --> 01:01:58,080

those goats that's great right I have a

1557

01:02:02,030 --> 01:01:59,790

new baby goat willow kind of looks a

1558

01:02:03,770 --> 01:02:02,040

little oh that was you see that yeah and

1559

01:02:04,940 --> 01:02:03,780

I'm the one that's going bad places and

1560

01:02:08,420 --> 01:02:04,950

then you throw something like that

1561

01:02:10,970 --> 01:02:08,430

thanks anyway

1562

01:02:13,370 --> 01:02:10,980

one of the things that Lou Elizondo did

1563

01:02:15,620 --> 01:02:13,380

talk about mmm was the characteristics

1564

01:02:18,800 --> 01:02:15,630

of what they're seeing out there and one

1565

01:02:22,550 --> 01:02:18,810

of them was you know can can a human

1566

01:02:24,770 --> 01:02:22,560

survive these the suppose a G what is it

1567

01:02:28,040 --> 01:02:24,780

called g-force g-force can they actually

1568

01:02:29,660 --> 01:02:28,050

survive the g-force with the right angle

1569

01:02:32,300 --> 01:02:29,670

turns at the you know certain speeds in

1570

01:02:34,580 --> 01:02:32,310

like that you know what do you think if

1571

01:02:37,250 --> 01:02:34,590

you just had to being a pilot yourself

1572

01:02:38,630 --> 01:02:37,260

what do you think that how could

1573

01:02:40,850 --> 01:02:38,640

something survive that if there was

1574

01:02:46,640 --> 01:02:40,860

actually a living being um have you ever

1575

01:02:48,500 --> 01:02:46,650

thought of that yet I think that the you

1576

01:02:51,110 --> 01:02:48,510

have an ability that if you can connect

1577

01:02:53,530 --> 01:02:51,120

tobe brain wise I'm sorry I have to

1578

01:02:56,390 --> 01:02:53,540

introduce that Steve has joined the oh

1579

01:02:58,730 --> 01:02:56,400

wait Steve has joined the yeah bruh yes

1580

01:03:00,290 --> 01:02:58,740

which of you there right I'm here okay

1581

01:03:02,690 --> 01:03:00,300

evening sir we were just talking about

1582

01:03:04,220 --> 01:03:02,700

g-force and I'd like your your take on

1583

01:03:06,560 --> 01:03:04,230

this switch at the end of it but I

1584

01:03:08,660 --> 01:03:06,570

believe that if you are able to keep the

1585

01:03:10,490 --> 01:03:08,670

brain intact where the brain is

1586

01:03:11,900 --> 01:03:10,500

functioning everything else can go to

1587

01:03:13,640 --> 01:03:11,910

hell everything else base go to hell

1588

01:03:16,700 --> 01:03:13,650

because if you can control like pain if

1589

01:03:18,710 --> 01:03:16,710

you can control sensory input and there

1590

01:03:21,320 --> 01:03:18,720

has been some work done on this and this

1591

01:03:22,670 --> 01:03:21,330

is where I think you will find that Pope

1592

01:03:24,950 --> 01:03:22,680

he's put on hold

1593

01:03:27,950 --> 01:03:24,960

he has no sound what we have no sound

1594

01:03:29,390 --> 01:03:27,960

going over K GRA we have no sound you

1595

01:03:31,880 --> 01:03:29,400

didn't join the call you didn't join the

1596

01:03:36,710 --> 01:03:31,890

call right a knock Steve off please

1597

01:03:40,010 --> 01:03:36,720

talk him off alright alright we're back

1598

01:03:43,070 --> 01:03:40,020

on k gr a radio sorry about that

1599

01:03:45,350 --> 01:03:43,080

so mm that's not good I know how to do

1600

01:03:46,400 --> 01:03:45,360

that oh yeah okay but I would have to

1601

01:03:48,380 --> 01:03:46,410

come over there and do that

1602

01:03:50,330 --> 01:03:48,390

and okay so why don't you go ahead and

1603

01:03:51,890 --> 01:03:50,340

just go ahead and talk alright so what

1604

01:03:54,080 --> 01:03:51,900

we were talking about is could you so

1605

01:03:56,270 --> 01:03:54,090

how do we justify the g-force and if

1606

01:03:57,860 --> 01:03:56,280

there's a way to manipulate the inputs

1607

01:03:59,330 --> 01:03:57,870

that are going into the brain isolate

1608

01:04:02,210 --> 01:03:59,340

out things that are happening to a body

1609

01:04:04,070 --> 01:04:02,220

I think that that's easy relatively and

1610

01:04:05,420 --> 01:04:04,080

I think that technology is at hand right

1611

01:04:07,070 --> 01:04:05,430

now honey you could actually make that

1612

01:04:08,990 --> 01:04:07,080

happen for me I say question okay so

1613

01:04:11,660 --> 01:04:09,000

what what there's an f-22 what's that

1614

01:04:14,390 --> 01:04:11,670

pull like seven eight G's that airplane

1615

01:04:16,910 --> 01:04:14,400

I believe is about a seven to eight

1616

01:04:19,670 --> 01:04:16,920

maybe our 9g airplane f-16 is nine GS

1617

01:04:22,580 --> 01:04:19,680

but what happens with those aircraft is

1618

01:04:25,490 --> 01:04:22,590

the computer reads what the given weight

1619

01:04:27,350 --> 01:04:25,500

is Ryan will let you go to the limit I

1620

01:04:29,810 --> 01:04:27,360

mean it calculates what the limit is so

1621

01:04:32,390 --> 01:04:29,820

like a fully loaded f-16 with all its

1622

01:04:36,170 --> 01:04:32,400

stores or an f-18 with all its doors on

1623

01:04:38,330 --> 01:04:36,180

there it won't let it exceed the G limit

1624

01:04:40,070 --> 01:04:38,340

for that condition at that moment right

1625

01:04:41,990 --> 01:04:40,080

okay all right but what these aircraft

1626  
01:04:44,330 --> 01:04:42,000  
will do is that when you command it and

1627  
01:04:45,740 --> 01:04:44,340  
demand it it will fly right to that

1628  
01:04:47,120 --> 01:04:45,750  
limit and stay there all day long on

1629  
01:04:50,060 --> 01:04:47,130  
that so let me ask you though when

1630  
01:04:51,380 --> 01:04:50,070  
Nippon these G's okay I mean basically

1631  
01:04:54,200 --> 01:04:51,390  
we should explain to people is when you

1632  
01:04:55,580 --> 01:04:54,210  
going so fast that you know it literally

1633  
01:04:57,260 --> 01:04:55,590  
pins you again well you don't actually

1634  
01:04:59,390 --> 01:04:57,270  
have to be going that fast it's just

1635  
01:05:01,040 --> 01:04:59,400  
that you have sufficient power that you

1636  
01:05:03,710 --> 01:05:01,050  
are pulling against the pull of gravity

1637  
01:05:05,660 --> 01:05:03,720  
okay that causes your weight to feel

1638  
01:05:07,460 --> 01:05:05,670

like so if you're in it if you're in any

1639

01:05:08,600 --> 01:05:07,470

airplane like the airplane you were

1640

01:05:10,520 --> 01:05:08,610

making fun of the little propeller

1641

01:05:12,440 --> 01:05:10,530

airplane you were making fun of if you

1642

01:05:13,880 --> 01:05:12,450

go to a sixty degree angle on a bank and

1643

01:05:16,310 --> 01:05:13,890

keep it at level flight you'll be at two

1644

01:05:19,940 --> 01:05:16,320

g's you'll be twice the weight okay you

1645

01:05:21,320 --> 01:05:19,950

reel yourself at okay so but what I've

1646

01:05:22,940 --> 01:05:21,330

always wondered is you know when these

1647

01:05:24,680 --> 01:05:22,950

planes are making these maneuvers and

1648

01:05:26,060 --> 01:05:24,690

causing these G's that doesn't have

1649

01:05:27,830 --> 01:05:26,070

anything to do this is a real nerd

1650

01:05:30,290 --> 01:05:27,840

question has nothing do it to like the

1651

01:05:32,000 --> 01:05:30,300

electric transmission hydraulics

1652

01:05:33,200 --> 01:05:32,010

anything like that that doesn't it

1653

01:05:34,850 --> 01:05:33,210

doesn't affect things like that

1654

01:05:36,200 --> 01:05:34,860

generally does not I mean there are

1655

01:05:37,970 --> 01:05:36,210

certain what one of the things

1656

01:05:39,740 --> 01:05:37,980

does happen is if you physically

1657

01:05:41,240 --> 01:05:39,750

increase the weight of the airplane so

1658

01:05:45,230 --> 01:05:41,250

you will physically slow the airplane

1659

01:05:46,490 --> 01:05:45,240

down so often in maneuvers like that in

1660

01:05:49,400 --> 01:05:46,500

an emergency

1661

01:05:51,140 --> 01:05:49,410

they'll pilots are taught to unload the

1662

01:05:53,089 --> 01:05:51,150

aircraft which means you will push it to

1663

01:05:54,890 --> 01:05:53,099

go to a negative or zero g kind of

1664

01:05:57,829 --> 01:05:54,900

condition it is so that when you add

1665

01:05:59,030 --> 01:05:57,839

full power the engines feel like they're

1666

01:06:01,490 --> 01:05:59,040

pushing something that doesn't weigh

1667

01:06:03,170 --> 01:06:01,500

anything or weigh 0 and you can maximum

1668

01:06:05,089 --> 01:06:03,180

acceleration and push then everything

1669

01:06:05,660 --> 01:06:05,099

will come back we're gravity will catch

1670

01:06:08,780 --> 01:06:05,670

up with it

1671

01:06:10,280 --> 01:06:08,790

right I know in the f-22 it's not in

1672

01:06:13,609 --> 01:06:10,290

other fighter planes they have a thing

1673

01:06:15,290 --> 01:06:13,619

called a Bob you know Bob goes b.o.b and

1674

01:06:17,660 --> 01:06:15,300

it's the blackout button right basically

1675

01:06:18,890 --> 01:06:17,670

what happens if the pilot feels because

1676

01:06:20,150 --> 01:06:18,900

you're doing this all the time in the

1677

01:06:21,950 --> 01:06:20,160

dogfight it's not just a one-time

1678

01:06:23,570 --> 01:06:21,960

occurrence if they feel like they're

1679

01:06:25,910 --> 01:06:23,580

gonna black out they push the button and

1680

01:06:27,950 --> 01:06:25,920

the airplane takes over right and go all

1681

01:06:29,300 --> 01:06:27,960

the way to landing finishing the dog

1682

01:06:31,730 --> 01:06:29,310

thing landing back home

1683

01:06:33,620 --> 01:06:31,740

that's if he goes unconscious right and

1684

01:06:35,000 --> 01:06:33,630

that's designed and is now there's a

1685

01:06:36,500 --> 01:06:35,010

couple other sensors that they've worked

1686

01:06:38,599 --> 01:06:36,510

with it actually fit as part of the

1687

01:06:40,609 --> 01:06:38,609

oxygen mask and it reads how the pilot

1688

01:06:42,079 --> 01:06:40,619

is holding themselves in position and

1689

01:06:45,200 --> 01:06:42,089

will take over from that if they don't

1690

01:06:47,570 --> 01:06:45,210

get to the button on that so in the in

1691

01:06:50,420 --> 01:06:47,580

peacetime that would work very well in

1692

01:06:52,370 --> 01:06:50,430

wartime in a combat situation right well

1693

01:06:55,520 --> 01:06:52,380

because once the it takes and out there

1694

01:06:58,280 --> 01:06:55,530

are the capabilities to add in and and I

1695

01:07:00,380 --> 01:06:58,290

have no this is conjecture on my part

1696

01:07:03,109 --> 01:07:00,390

now I have no I have no privileged

1697

01:07:04,609 --> 01:07:03,119

knowledge of this happening but I am

1698

01:07:06,500 --> 01:07:04,619

sure that these aircraft are fully

1699

01:07:08,839 --> 01:07:06,510

capable of fighting and functioning

1700

01:07:11,420 --> 01:07:08,849

quite a bit and you're probably a mess

1701

01:07:14,660 --> 01:07:11,430

if you're sitting inside as a passenger

1702

01:07:16,730 --> 01:07:14,670

at that point why it's going on so that

1703

01:07:18,560 --> 01:07:16,740

that's I'm sure that that capability is

1704

01:07:20,420 --> 01:07:18,570

there most aircraft I think are being

1705

01:07:23,240 --> 01:07:20,430

built as an optionally piloted

1706

01:07:25,460 --> 01:07:23,250

capability which allows I mean that's

1707

01:07:27,980 --> 01:07:25,470

definitely coming it's basically as here

1708

01:07:29,690 --> 01:07:27,990

Mandy you know one manned airplane it'll

1709

01:07:31,760 --> 01:07:29,700

be like five is a buddies with them the

1710

01:07:33,410 --> 01:07:31,770

little white airplane that I fly by your

1711

01:07:34,849 --> 01:07:33,420

place with can be controlled from the

1712

01:07:37,760 --> 01:07:34,859

ground here's the proper gear is there

1713

01:07:39,920 --> 01:07:37,770

that's pretty wild you know not to UM

1714

01:07:41,420 --> 01:07:39,930

you know expand that much on the topic

1715

01:07:44,060 --> 01:07:41,430

but just recently I saw on the news that

1716

01:07:47,190 --> 01:07:44,070

the missing flight you know from

1717

01:07:49,530 --> 01:07:47,200

Indonesia right mh370 whatever the heck

1718

01:07:52,200 --> 01:07:49,540

they've actually closed the book on that

1719

01:07:55,770 --> 01:07:52,210

correct and they said that they could

1720

01:07:57,270 --> 01:07:55,780

not discount a third party interfering

1721

01:07:58,829 --> 01:07:57,280

with the flight and when that happened

1722

01:08:00,660 --> 01:07:58,839

man we were talking about it you know

1723

01:08:02,970 --> 01:08:00,670

right away we were saying hey they hack

1724

01:08:05,160 --> 01:08:02,980

into computers they hack into cars they

1725

01:08:06,839 --> 01:08:05,170

hack into power stations what would

1726

01:08:09,150 --> 01:08:06,849

prevent someone from hacking into the

1727

01:08:10,950 --> 01:08:09,160

controls of that airplane taking them

1728

01:08:12,329 --> 01:08:10,960

over and flying them into the Indian

1729

01:08:13,970 --> 01:08:12,339

Ocean I mean it's really the only thing

1730

01:08:17,640 --> 01:08:13,980

that makes sense in a way

1731

01:08:18,749 --> 01:08:17,650

no yes Coco I I completely agree that

1732

01:08:21,180 --> 01:08:18,759

that's a possibility

1733

01:08:25,229 --> 01:08:21,190

I stole hold that that aircraft was shot

1734

01:08:27,059 --> 01:08:25,239

down shot down young by who say it say

1735

01:08:29,280 --> 01:08:27,069

enough tell us what you know I don't

1736

01:08:30,809 --> 01:08:29,290

know we'll take a guess I know who

1737

01:08:32,820 --> 01:08:30,819

you're gonna say I'm saying the Chinese

1738

01:08:35,990 --> 01:08:32,830

I'm not gonna has it any guess I'm going

1739

01:08:38,820 --> 01:08:36,000

to say that there's a lot of

1740

01:08:41,160 --> 01:08:38,830

circumstantial evidence that was put out

1741

01:08:43,740 --> 01:08:41,170

in many places that show that that

1742

01:08:45,360 --> 01:08:43,750

aircraft had a threat they had someone

1743

01:08:47,039 --> 01:08:45,370

didn't they have a bunch of like Chinese

1744

01:08:49,940 --> 01:08:47,049

scientists or something there's a lot of

1745

01:08:52,110 --> 01:08:49,950

crazy things that went on with that and

1746

01:08:53,880 --> 01:08:52,120

there's very strong indications to the

1747

01:08:57,150 --> 01:08:53,890

way I read it that it was had a good

1748

01:09:00,110 --> 01:08:57,160

chance of being a terrorist use of the

1749

01:09:03,180 --> 01:09:00,120

aircraft again okay and I think that

1750

01:09:04,890 --> 01:09:03,190

when it became or posed a threat and

1751

01:09:08,039 --> 01:09:04,900

there may have been some advanced

1752

01:09:09,660 --> 01:09:08,049

knowledge okay all right I mean so when

1753

01:09:11,519 --> 01:09:09,670

people talk about how great it's gonna

1754

01:09:13,829 --> 01:09:11,529

be with no pilots on the airplane and

1755

01:09:16,260 --> 01:09:13,839

flying around with taxes and all that

1756

01:09:18,420 --> 01:09:16,270

yet you won't see me doing it so a

1757

01:09:20,670 --> 01:09:18,430

mountain is back in his station now

1758

01:09:24,420 --> 01:09:20,680

what's going on there mom well um you're

1759

01:09:26,729 --> 01:09:24,430

so up yes definitely Bob no your Skype

1760

01:09:28,320 --> 01:09:26,739

is not set up to actually join a call so

1761

01:09:30,900 --> 01:09:28,330

is actually putting the radio station on

1762

01:09:32,010 --> 01:09:30,910

hold oh wow okay quite a while and then

1763

01:09:33,749 --> 01:09:32,020

what happened

1764

01:09:35,490 --> 01:09:33,759

we can't join can't talk the switching

1765

01:09:37,380 --> 01:09:35,500

we can't we can't have it he will it

1766

01:09:40,410 --> 01:09:37,390

will not show a joint call I cannot join

1767

01:09:41,700 --> 01:09:40,420

holy cow so we can at all we can have

1768

01:09:44,579 --> 01:09:41,710

them on speakerphone rid of the week

1769

01:09:46,260 --> 01:09:44,589

yeah I'm on speakerphone yeah it's not

1770

01:09:47,849 --> 01:09:46,270

so good well that means that we can't

1771

01:09:49,860 --> 01:09:47,859

have Emily join us then either a

1772

01:09:51,180 --> 01:09:49,870

speakerphone if you want that's all no

1773

01:09:54,540 --> 01:09:51,190

what it means is that you're gonna have

1774

01:09:56,729 --> 01:09:54,550

to read the ten questions to one no no I

1775

01:09:59,160 --> 01:09:56,739

my classes night oh and the thing is

1776

01:10:04,229 --> 01:09:59,170

we're we're the first one we used to is

1777

01:10:07,799 --> 01:10:04,239

not how should I put a timely oh not you

1778

01:10:09,689 --> 01:10:07,809

I mean I can't one one is the you know I

1779

01:10:11,280 --> 01:10:09,699

know I could see the one one reacts a

1780

01:10:14,459 --> 01:10:11,290

certain weight as Emily is not going to

1781

01:10:16,850 --> 01:10:14,469

be on Emily's not Martin is there can I

1782

01:10:19,470 --> 01:10:16,860

get to kind of a lowdown of how I should

1783

01:10:22,290 --> 01:10:19,480

sure yeah yeah yeah we should do

1784

01:10:24,089 --> 01:10:22,300

methodically read the questions honestly

1785

01:10:25,830 --> 01:10:24,099

will they'd roll them into his head

1786

01:10:27,390 --> 01:10:25,840

alright let's let's go let's let's get

1787

01:10:28,760 --> 01:10:27,400

this over but I'm gonna have to pass you

1788

01:10:32,700 --> 01:10:28,770

some documents okay

1789

01:10:35,220 --> 01:10:32,710

live one act like you're gonna me with a

1790

01:10:36,810 --> 01:10:35,230

glance I am excited yeah keep away from

1791

01:10:43,770 --> 01:10:36,820

Mac he doesn't want it he doesn't wanna

1792

01:10:45,629 --> 01:10:43,780

be seen he pleased he does I guess if

1793

01:10:50,370 --> 01:10:45,639

you can read my scrawl I'm a product of

1794

01:10:53,189 --> 01:10:50,380

the school systems can you read it at

1795

01:10:55,379 --> 01:10:53,199

all Martin number ten we would start

1796

01:10:57,060 --> 01:10:55,389

with ten or you start with ten yep we're

1797

01:10:58,290 --> 01:10:57,070

doing this now alright yeah well we're

1798

01:10:59,669 --> 01:10:58,300

gonna have to set it up you have it if

1799

01:11:05,189 --> 01:10:59,679

we're doing that we're doing it yes all

1800

01:11:07,370 --> 01:11:05,199

right all right all right so this is a

1801  
01:11:10,649 --> 01:11:07,380  
segment done on your show man right

1802  
01:11:12,240 --> 01:11:10,659  
it has to be seven minutes long and by

1803  
01:11:14,430 --> 01:11:12,250  
you know for technical reasons that they

1804  
01:11:15,959 --> 01:11:14,440  
like to one begin into now we have to do

1805  
01:11:17,609 --> 01:11:15,969  
the show because sometimes this segment

1806  
01:11:19,859 --> 01:11:17,619  
does not appear in all the shows that we

1807  
01:11:22,410 --> 01:11:19,869  
distribute to our many networks okay

1808  
01:11:24,810 --> 01:11:22,420  
okay now these questions come from your

1809  
01:11:26,280 --> 01:11:24,820  
listeners as some of them do and then

1810  
01:11:29,760 --> 01:11:26,290  
some of them don't

1811  
01:11:32,669 --> 01:11:29,770  
internet right yeah you know internet

1812  
01:11:34,770 --> 01:11:32,679  
searches I get the odd web stuff dark

1813  
01:11:36,810 --> 01:11:34,780

web we need that right okay one more yes

1814

01:11:38,640 --> 01:11:36,820

all right all right so anyway so what we

1815

01:11:40,140 --> 01:11:38,650

do is we say yeah one one you're ready

1816

01:11:42,569 --> 01:11:40,150

right so the ten questions you're right

1817

01:11:45,979 --> 01:11:42,579

right okay all right so we have to say

1818

01:11:50,609 --> 01:11:45,989

Jeff please cue the music right now and

1819

01:11:55,379 --> 01:11:50,619

montón the first question all right one

1820

01:11:56,160 --> 01:11:55,389

one have you ever been mistaken for a

1821

01:11:59,879 --> 01:11:56,170

movie star

1822

01:12:02,760 --> 01:11:59,889

yes I have I have been mistaken for the

1823

01:12:07,149 --> 01:12:02,770

great character on the Victoria

1824

01:12:10,060 --> 01:12:07,159

masterpiece theater program the

1825

01:12:12,640 --> 01:12:10,070

frança telly character Frank Frankie

1826

01:12:19,419 --> 01:12:12,650

telly is the pastry chef on that show

1827

01:12:22,810 --> 01:12:19,429

okay it was pastry-cook earlier help you

1828

01:12:25,029 --> 01:12:22,820

upgrade the chef next question he's a

1829

01:12:25,449 --> 01:12:25,039

master with tarts yeah I'm sure I bet

1830

01:12:26,770 --> 01:12:25,459

you are

1831

01:12:30,189 --> 01:12:26,780

alright so I have to keep this rolling

1832

01:12:33,939 --> 01:12:30,199

yes I can ramble on too much yeah I was

1833

01:12:37,739 --> 01:12:33,949

hoping that pirate Martin how did you

1834

01:12:40,149 --> 01:12:37,749

first learn about the birds and the bees

1835

01:12:41,830 --> 01:12:40,159

I'm sorry but I don't recall that I

1836

01:12:44,850 --> 01:12:41,840

think we were just experimenting out in

1837

01:12:47,589 --> 01:12:44,860

the street I'll see you know once

1838

01:12:49,390 --> 01:12:47,599

Cambridge Cambridge doing a lot of

1839

01:12:52,929 --> 01:12:49,400

experimentation on the weekends

1840

01:12:55,949 --> 01:12:52,939

Charlestown say how old you were a

1841

01:13:01,839 --> 01:12:55,959

couple of three now about five years old

1842

01:13:09,669 --> 01:13:01,849

started late yeah now you know see

1843

01:13:14,709 --> 01:13:09,679

around goats - what's your problem with

1844

01:13:16,419 --> 01:13:14,719

mr. regino mr. Rogers oh my god sorry

1845

01:13:18,040 --> 01:13:16,429

function sorry about your writing I

1846

01:13:20,890 --> 01:13:18,050

don't have a problem with mr. Rogers I'd

1847

01:13:22,719 --> 01:13:20,900

left mr. Rogers all right hi neighbor

1848

01:13:24,580 --> 01:13:22,729

and my next question please alright the

1849

01:13:25,989 --> 01:13:24,590

sweaters - cardigan sir

1850

01:13:34,120 --> 01:13:25,999

next what next question have you ever

1851  
01:13:35,979 --> 01:13:34,130  
eaten a worm don't go don't go there no

1852  
01:13:38,290 --> 01:13:35,989  
and I haven't done tequila shots either

1853  
01:13:45,359 --> 01:13:38,300  
so I thought they'd but for sure there

1854  
01:13:48,909 --> 01:13:45,369  
was a tequila story yeah okay Mac

1855  
01:13:52,149 --> 01:13:48,919  
Victoria's Secret on no Victoria Secret

1856  
01:13:54,009 --> 01:13:52,159  
off Frederick's of Hollywood Tori secret

1857  
01:13:56,049 --> 01:13:54,019  
or Frederick's of Hollywood I'm a big

1858  
01:13:57,159 --> 01:13:56,059  
Victoria's Secret guy from way back all

1859  
01:13:59,949 --> 01:13:57,169  
right classy

1860  
01:14:04,199 --> 01:13:59,959  
verdicts of Hollywood is - not classy

1861  
01:14:06,310 --> 01:14:04,209  
yeah you had a Fredrik stage though I've

1862  
01:14:14,279 --> 01:14:06,320  
next question we talked about

1863  
01:14:20,379 --> 01:14:14,289

undergarments and toys number five work

1864

01:14:20,950 --> 01:14:20,389

when were the when we're in the Navy did

1865

01:14:29,350 --> 01:14:20,960

you

1866

01:14:31,330 --> 01:14:29,360

with sleep on duty never yeah sure I

1867

01:14:32,979 --> 01:14:31,340

never fell asleep on duty I loved being

1868

01:14:34,150 --> 01:14:32,989

on duty especially midnight

1869

01:14:36,670 --> 01:14:34,160

who's the one that normally does this

1870

01:14:39,550 --> 01:14:36,680

can she read your yeah yeah no we yes

1871

01:14:43,420 --> 01:14:39,560

barely you type yes they do Wow

1872

01:14:47,920 --> 01:14:43,430

okay when is the last time you marched

1873

01:14:50,620 --> 01:14:47,930

in the Puerto Rican Day Parade we got

1874

01:14:53,410 --> 01:14:50,630

three minutes so take your time was that

1875

01:14:54,970 --> 01:14:53,420

one only if I was confused to being

1876

01:14:56,470 --> 01:14:54,980

Puerto Rican see here's the thing is a

1877

01:14:57,880 --> 01:14:56,480

lot of people and he gets bad that's

1878

01:15:01,330 --> 01:14:57,890

because what people think his name is

1879

01:15:02,950 --> 01:15:01,340

spelled wo and wo in and I have to keep

1880

01:15:07,660 --> 01:15:02,960

correcting my fans

1881

01:15:08,910 --> 01:15:07,670

it's one one j ue x Tim I'm Italian and

1882

01:15:11,200 --> 01:15:08,920

I'm Filipino

1883

01:15:13,570 --> 01:15:11,210

yeah thanks question please Martin okay

1884

01:15:16,870 --> 01:15:13,580

if the earth was in vain I have to read

1885

01:15:19,620 --> 01:15:16,880

like five minutes ahead here if the

1886

01:15:23,890 --> 01:15:19,630

earth was invaded by aliens

1887

01:15:25,870 --> 01:15:23,900

whose side would you be on I'd be on the

1888

01:15:27,340 --> 01:15:25,880

alien side let's see I know it can you

1889

01:15:29,890 --> 01:15:27,350

explain a little bit I'm right they

1890

01:15:32,500 --> 01:15:29,900

always use a helping hand and they needs

1891

01:15:35,500 --> 01:15:32,510

a one one I read a collaborator next

1892

01:15:36,940 --> 01:15:35,510

question criminality makeover I didn't

1893

01:15:38,380 --> 01:15:36,950

want to say clearly had one question

1894

01:15:39,760 --> 01:15:38,390

left how much time you're down at

1895

01:15:42,400 --> 01:15:39,770

question two more minutes left

1896

01:15:45,910 --> 01:15:42,410

oh we go we have two minutes I know I

1897

01:15:48,190 --> 01:15:45,920

mean I just come back to his

1898

01:15:50,740 --> 01:15:48,200

collaboration issues in a second you got

1899

01:15:53,770 --> 01:15:50,750

to get the next question going he may

1900

01:15:54,459 --> 01:15:53,780

not be here to read the question I know

1901

01:15:55,930 --> 01:15:54,469

it from memory

1902

01:15:57,760 --> 01:15:55,940

alright I'm gonna I'm gonna read it I'm

1903

01:16:01,750 --> 01:15:57,770

gonna read how it looks well that you're

1904

01:16:05,740 --> 01:16:01,760

on a life raft with Nancy Wilson of

1905

01:16:09,670 --> 01:16:05,750

heart okay alright of heart oh yeah tbh

1906

01:16:12,070 --> 01:16:09,680

whatever that is TV and Tom Brady Tom

1907

01:16:17,330 --> 01:16:12,080

Brady oh I'm supposed to know TVs Tom

1908

01:16:21,860 --> 01:16:19,880

again no matter what one with them has

1909

01:16:25,880 --> 01:16:21,870

to one of them has to go

1910

01:16:27,680 --> 01:16:25,890

who goes not you not you yeah what do

1911

01:16:29,510 --> 01:16:27,690

you mean not be wrong Brady on Nancy

1912

01:16:30,920 --> 01:16:29,520

Wilson who's gonna go over the side I'm

1913

01:16:33,410 --> 01:16:30,930

sorry I have to swim for it

1914

01:16:35,480 --> 01:16:33,420

who if it's shock infested waters I'm

1915

01:16:38,000 --> 01:16:35,490

going over the side no no no it can't be

1916

01:16:39,980 --> 01:16:38,010

you has to be for the bit to be one of

1917

01:16:44,030 --> 01:16:39,990

them I know I saw that picture of mr.

1918

01:16:45,380 --> 01:16:44,040

Brady with his wife's bathing suit he

1919

01:16:47,990 --> 01:16:45,390

could probably swim that can't be me

1920

01:16:52,070 --> 01:16:48,000

it's gonna be Tom Brady yeah you and the

1921

01:16:54,680 --> 01:16:52,080

NT yeah people don't realize he had a

1922

01:16:57,620 --> 01:16:54,690

chance to go on tour with hot years ago

1923

01:16:59,150 --> 01:16:57,630

okay Nancy Wilson who's the blonde I had

1924

01:17:01,850 --> 01:16:59,160

a little bit of an eye contact a little

1925

01:17:03,830 --> 01:17:01,860

kumbaya and then they asked him to

1926

01:17:05,690 --> 01:17:03,840

another 60 and he had to turn him down I

1927

01:17:09,680 --> 01:17:05,700

had to turn down six months on the road

1928

01:17:12,470 --> 01:17:09,690

with Nancy Wilson you show me that time

1929

01:17:15,110 --> 01:17:12,480

is running out - that's my cue to cue

1930

01:17:17,750 --> 01:17:15,120

you all right time is running out but

1931

01:17:24,800 --> 01:17:17,760

ten questions for one one tanks yes one

1932

01:17:28,520 --> 01:17:24,810

lime ten ridiculous questions for except

1933

01:17:31,400 --> 01:17:28,530

the first one making a youtube star man

1934

01:17:33,530 --> 01:17:31,410

oh man alright next thing will be is the

1935

01:17:34,040 --> 01:17:33,540

printing of his name on your book wasn't

1936

01:17:38,420 --> 01:17:34,050

big enough

1937

01:17:45,560 --> 01:17:38,430

all right yeah - isn't Bingham the font

1938

01:17:46,730 --> 01:17:45,570

styling yes yes check that triple that

1939

01:17:51,140 --> 01:17:46,740

is that what you really want

1940

01:17:51,560 --> 01:17:51,150

yeah one - one - one yeah yeah how about

1941

01:17:55,640 --> 01:17:51,570

that

1942

01:17:58,640 --> 01:17:55,650

my moniker yeah I'm gonna get a tattoo

1943

01:18:00,470 --> 01:17:58,650

of it pretty soon so Mac when is that

1944

01:18:02,420 --> 01:18:00,480

book actually coming out it's in

1945

01:18:04,460 --> 01:18:02,430

pre-order now as they say on the amazon

1946

01:18:07,640 --> 01:18:04,470

and barnesandnoble.com it's coming out

1947

01:18:10,070 --> 01:18:07,650

October 10th all right Mac Mountain

1948

01:18:11,510 --> 01:18:10,080

universe uh-huh and if you want one to

1949

01:18:14,080 --> 01:18:11,520

read it you can have two books on tape

1950

01:18:16,430 --> 01:18:14,090

so you say you won't even do that yeah

1951

01:18:18,260 --> 01:18:16,440

yeah he says he's kind of like the only

1952

01:18:20,390 --> 01:18:18,270

way we get one wanted to read this cover

1953

01:18:22,190 --> 01:18:20,400

to cover is if we use him to be the

1954

01:18:24,470 --> 01:18:22,200

books on tape there you go yeah yeah

1955

01:18:25,069 --> 01:18:24,480

then I guarantee that he'll read the

1956

01:18:27,069 --> 01:18:25,079

book

1957

01:18:29,299 --> 01:18:27,079

I'm gonna read it to my wife you would

1958

01:18:30,500 --> 01:18:29,309

yeah bigger to put her to sleep for

1959

01:18:33,310 --> 01:18:30,510

something I was sitting in front of my

1960

01:18:36,379 --> 01:18:33,320

laptop reading the the pre-release

1961

01:18:39,319 --> 01:18:36,389

editors copy it's pretty fascinating

1962

01:18:41,599 --> 01:18:39,329

good yeah is that a plan I didn't get

1963

01:18:43,040 --> 01:18:41,609

that copy yeah you didn't know no I

1964

01:18:45,889 --> 01:18:43,050

didn't because I'm not in the circle and

1965

01:18:48,709 --> 01:18:45,899

even oh okay Wow who said you're not in

1966

01:18:50,299 --> 01:18:48,719

the circle because I used to get advance

1967

01:18:53,029 --> 01:18:50,309

copies because I would get raised so I

1968

01:18:59,000 --> 01:18:53,039

could write good reviews so he was in

1969

01:19:01,609 --> 01:18:59,010

the inner circle and now yeah I'm a

1970

01:19:03,109 --> 01:19:01,619

circle unto myself can you kind of see

1971

01:19:05,209 --> 01:19:03,119

Madden when I go through you know not

1972

01:19:07,849 --> 01:19:05,219

not that it's not fun but this is what

1973

01:19:10,520 --> 01:19:07,859

happens if you ashamed to more trust in

1974

01:19:14,540 --> 01:19:10,530

other classes Wow

1975

01:19:17,179 --> 01:19:14,550

so let's let's let's talk about my show

1976

01:19:19,819 --> 01:19:17,189

touches on UFOs now and then it does oh

1977

01:19:21,859 --> 01:19:19,829

yeah yep so I'm gonna start with masters

1978

01:19:25,459 --> 01:19:21,869

- Mack Maloney yeah what is your

1979

01:19:27,379 --> 01:19:25,469

favorite case and why I got a bunch of

1980

01:19:30,079 --> 01:19:27,389

the the best one to me is called the

1981

01:19:32,449 --> 01:19:30,089

gander case okay and now the mid-50s I

1982

01:19:34,729 --> 01:19:32,459

think is 1956 this was I documented by

1983

01:19:36,829 --> 01:19:34,739

major Donald Kehoe who wrote a lot of

1984

01:19:39,500 --> 01:19:36,839

really good questions I have 50s you

1985

01:19:42,349 --> 01:19:39,510

know he's a Marine officer and he knew

1986

01:19:44,719 --> 01:19:42,359

people to go talk to and I wrote some

1987

01:19:47,419 --> 01:19:44,729

really good books anyway he documented

1988

01:19:49,819 --> 01:19:47,429

this there was a airplane flying from

1989

01:19:51,109 --> 01:19:49,829

England back to the United States there

1990

01:19:53,179 --> 01:19:51,119

was what people would call super

1991

01:19:55,099 --> 01:19:53,189

constellation back then but there was

1992

01:19:56,989 --> 01:19:55,109

the military version of it they were

1993

01:20:00,349 --> 01:19:56,999

actually transporting pilots and

1994

01:20:03,199 --> 01:20:00,359

aircrews back from Europe you know to go

1995

01:20:05,779 --> 01:20:03,209

home or to be on a holiday or whatever

1996

01:20:08,359 --> 01:20:05,789

on leave so the the plane just happen to

1997

01:20:10,399 --> 01:20:08,369

have like 40 pilots and engineers and

1998

01:20:11,959 --> 01:20:10,409

aircrew in it so they were they were

1999

01:20:13,459 --> 01:20:11,969

about an hour outside of ganda

2000

01:20:16,729 --> 01:20:13,469

Newfoundland where they were gonna well

2001  
01:20:17,839 --> 01:20:16,739  
land and refuel and they saw lights down

2002  
01:20:20,060 --> 01:20:17,849  
below them and they thought at first

2003  
01:20:21,609 --> 01:20:20,070  
that there was a city or you know and

2004  
01:20:24,049 --> 01:20:21,619  
that they were off course it turns out

2005  
01:20:25,159 --> 01:20:24,059  
they're from yeah from there around the

2006  
01:20:26,839 --> 01:20:25,169  
water and then they thought it was some

2007  
01:20:29,089 --> 01:20:26,849  
kind of gathering of ships or something

2008  
01:20:31,099 --> 01:20:29,099  
anyway one of them formed the circle

2009  
01:20:33,110 --> 01:20:31,109  
came up and rode right beside this plane

2010  
01:20:35,510 --> 01:20:33,120  
and it was almost a mile and

2011  
01:20:37,280 --> 01:20:35,520  
and it was you know maneuvering so on

2012  
01:20:38,930 --> 01:20:37,290  
and so forth and you have these 40

2013  
01:20:40,220 --> 01:20:38,940

aircrew we always say pilots are the

2014

01:20:43,730 --> 01:20:40,230

best you know

2015

01:20:45,440 --> 01:20:43,740

witnesses they saw it it disappeared but

2016

01:20:46,610 --> 01:20:45,450

it rode alongside them for almost a

2017

01:20:47,750 --> 01:20:46,620

minute which is a long time when

2018

01:20:48,650 --> 01:20:47,760

something like this is going on they

2019

01:20:51,590 --> 01:20:48,660

landed Buganda

2020

01:20:53,470 --> 01:20:51,600

they were rum you know right away put

2021

01:20:56,090 --> 01:20:53,480

into rooms by intelligence people

2022

01:20:58,820 --> 01:20:56,100

question went onto they were going to

2023

01:21:01,310 --> 01:20:58,830

pucks atomic rivers I how you say that

2024

01:21:04,340 --> 01:21:01,320

Thanks River Pax River which is looks

2025

01:21:06,380 --> 01:21:04,350

like a groundhog or something that's

2026

01:21:08,000 --> 01:21:06,390

Pennsylvania Pawtuxet protected okay

2027

01:21:11,270 --> 01:21:08,010

that's where the Navy does a lot of

2028

01:21:12,620 --> 01:21:11,280

that's what the test pilot stuff that's

2029

01:21:14,630 --> 01:21:12,630

what the plane you know that was the end

2030

01:21:15,980 --> 01:21:14,640

of his destination and in and I'm the

2031

01:21:17,870 --> 01:21:15,990

pilot you know was visited by some

2032

01:21:19,940 --> 01:21:17,880

scientists that he said you know the

2033

01:21:23,000 --> 01:21:19,950

government has sent me over he had a big

2034

01:21:24,530 --> 01:21:23,010

behind her and he says tell me what you

2035

01:21:26,180 --> 01:21:24,540

were for you saw and like about the

2036

01:21:28,880 --> 01:21:26,190

sixth time you know six pages says

2037

01:21:30,530 --> 01:21:28,890

that's exactly it the guy young gets up

2038

01:21:31,940 --> 01:21:30,540

puts his behind away and walked and that

2039

01:21:34,460 --> 01:21:31,950

was it didn't say anything more about it

2040

01:21:35,900 --> 01:21:34,470

right yeah and the pilot said why would

2041

01:21:38,000 --> 01:21:35,910

they have pictures of these things yeah

2042

01:21:39,560 --> 01:21:38,010

yeah I've heard that story not that

2043

01:21:41,900 --> 01:21:39,570

particular story but I have heard the

2044

01:21:46,070 --> 01:21:41,910

story about the book there was a guy

2045

01:21:47,570 --> 01:21:46,080

that I had on my show who just

2046

01:21:49,640 --> 01:21:47,580

happenstance I was talking to him about

2047

01:21:53,900 --> 01:21:49,650

an something else entirely

2048

01:21:55,370 --> 01:21:53,910

and and the UFO show came up hanging it

2049

01:21:58,160 --> 01:21:55,380

up putting him on my show which was

2050

01:22:00,650 --> 01:21:58,170

always risky you know someone out there

2051

01:22:01,970 --> 01:22:00,660

but he had a very interesting sighting

2052

01:22:05,180 --> 01:22:01,980

when he was nine years old the reason I

2053

01:22:07,820 --> 01:22:05,190

wanted him on and he he wrote a report

2054

01:22:09,470 --> 01:22:07,830

and sent it to the airport and and you

2055

01:22:11,600 --> 01:22:09,480

know who showed up at his house RuPaul

2056

01:22:13,370 --> 01:22:11,610

oh really yeah he didn't know who he was

2057

01:22:15,830 --> 01:22:13,380

until years later the person who ran

2058

01:22:18,740 --> 01:22:15,840

project Bluebook father yes careful so

2059

01:22:20,060 --> 01:22:18,750

he had an album of UFOs yeah and he went

2060

01:22:21,350 --> 01:22:20,070

through it he says can you tell me which

2061

01:22:22,880 --> 01:22:21,360

one it looked like and then he showed

2062

01:22:25,220 --> 01:22:22,890

him the film they actually brought in a

2063

01:22:26,930 --> 01:22:25,230

projector gautama film this is a little

2064

01:22:28,820 --> 01:22:26,940

kid nine years ago this just shows you

2065

01:22:30,740 --> 01:22:28,830

you know you hit the story a lot okay

2066

01:22:32,480 --> 01:22:30,750

they all can't be made-up they all can't

2067

01:22:33,950 --> 01:22:32,490

be hoaxes they all can't be people think

2068

01:22:35,270 --> 01:22:33,960

they can cash in on and you know it's

2069

01:22:37,430 --> 01:22:35,280

these things have happened to people

2070

01:22:39,140 --> 01:22:37,440

yeah and if only one of them happened

2071

01:22:41,660 --> 01:22:39,150

then they might all be true if you know

2072

01:22:45,320 --> 01:22:41,670

what I mean you know just the fact that

2073

01:22:45,860 --> 01:22:45,330

as we say it a lot on the show I say it

2074

01:22:48,050 --> 01:22:45,870

at least

2075

01:22:51,350 --> 01:22:48,060

anyway I think that the US military

2076

01:22:52,820 --> 01:22:51,360

knows a lot about UFOs but I don't think

2077

01:22:54,260 --> 01:22:52,830

they have any idea where they come from

2078

01:22:56,480 --> 01:22:54,270

mm-hmm I think they have a lot of

2079

01:22:58,520 --> 01:22:56,490

evidence that exists yeah I don't think

2080

01:23:00,110 --> 01:22:58,530

they have a clue okay and I'm gonna

2081

01:23:01,430 --> 01:23:00,120

throw this you and this is like pulling

2082

01:23:05,890 --> 01:23:01,440

the pin out of the hand grenade

2083

01:23:09,290 --> 01:23:05,900

okay don't you think that the current

2084

01:23:12,040 --> 01:23:09,300

resident of the White House don't you

2085

01:23:14,270 --> 01:23:12,050

think if there was something you know

2086

01:23:16,190 --> 01:23:14,280

secret or whatever that he could get his

2087

01:23:18,350 --> 01:23:16,200

access to it that he's been tweeting

2088

01:23:20,240 --> 01:23:18,360

about the frickin first day he between

2089

01:23:23,030 --> 01:23:20,250

you about it you know hear if there's

2090

01:23:25,460 --> 01:23:23,040

ever a president who's going to be the

2091

01:23:26,870 --> 01:23:25,470

person who releases disclosure because a

2092

01:23:28,730 --> 01:23:26,880

lot of them don't want to do it because

2093

01:23:30,590 --> 01:23:28,740

they they fear basically what their

2094

01:23:32,960 --> 01:23:30,600

political reputation you know will look

2095

01:23:35,030 --> 01:23:32,970

like afterwards obviously he doesn't

2096

01:23:37,670 --> 01:23:35,040

care and I think he would be the guy who

2097

01:23:40,550 --> 01:23:37,680

would actually release all the files if

2098

01:23:42,230 --> 01:23:40,560

the files you don't existed well I don't

2099

01:23:45,020 --> 01:23:42,240

think they exist well here's the thing

2100

01:23:46,280 --> 01:23:45,030

about that also is it's I don't want to

2101  
01:23:48,260 --> 01:23:46,290  
say it's need-to-know because when it

2102  
01:23:51,110 --> 01:23:48,270  
comes to the president he can according

2103  
01:23:53,420 --> 01:23:51,120  
to a DoD guy that I talked to that had

2104  
01:23:57,100 --> 01:23:53,430  
the I figured what you call the top

2105  
01:23:59,570 --> 01:23:57,110  
clearance Momo anyway he said that if

2106  
01:24:01,280 --> 01:23:59,580  
the president wants to know no matter

2107  
01:24:03,140 --> 01:24:01,290  
what it is they have to you have to tell

2108  
01:24:04,310 --> 01:24:03,150  
them you have to tell right okay don't I

2109  
01:24:07,220 --> 01:24:04,320  
don't you might match the question

2110  
01:24:10,190 --> 01:24:07,230  
Clinton wanted to know so I don't know

2111  
01:24:12,380 --> 01:24:10,200  
how far how far you go someone has

2112  
01:24:14,690 --> 01:24:12,390  
mentioned to that this could also be

2113  
01:24:16,550 --> 01:24:14,700

privatized so they wouldn't have to tell

2114

01:24:17,990 --> 01:24:16,560

well yeah we talked about definitely

2115

01:24:19,790 --> 01:24:18,000

compartment eyes this is the poster boy

2116

01:24:20,720 --> 01:24:19,800

for private eyes right here sitting here

2117

01:24:22,460 --> 01:24:20,730

in his uniform

2118

01:24:24,740 --> 01:24:22,470

why yeah you don't have any emblems

2119

01:24:27,710 --> 01:24:24,750

onion from there see see he doesn't want

2120

01:24:30,560 --> 01:24:27,720

to get next question police say it's out

2121

01:24:32,270 --> 01:24:30,570

in this the plane the secret man yeah

2122

01:24:34,520 --> 01:24:32,280

that's what he's gonna say Wednesday you

2123

01:24:35,990 --> 01:24:34,530

buying this round good night who's

2124

01:24:38,360 --> 01:24:36,000

buying this right yeah next question

2125

01:24:40,550 --> 01:24:38,370

all right so also just to let people

2126

01:24:42,260 --> 01:24:40,560

know I'm sorry we can't take calls we

2127

01:24:45,230 --> 01:24:42,270

just are not able to do that tonight but

2128

01:24:46,850 --> 01:24:45,240

I will try to keep an eye on the message

2129

01:24:50,000 --> 01:24:46,860

board if anyone has some questions for

2130

01:24:52,820 --> 01:24:50,010

us so on youtube if you want to if you

2131

01:24:55,940 --> 01:24:52,830

want to type in your questions there so

2132

01:24:59,059 --> 01:24:55,950

what do you think about my favorites or

2133

01:25:02,299 --> 01:24:59,069

the ones that I have a dead tie

2134

01:25:04,609 --> 01:25:02,309

it's going to be the Aztec UFO and the

2135

01:25:07,489 --> 01:25:04,619

Ramses Mac introduced me to the Rameses

2136

01:25:09,139 --> 01:25:07,499

he's had him in his books I've

2137

01:25:11,149 --> 01:25:09,149

interviewed them a number of times

2138

01:25:14,239 --> 01:25:11,159

super folks they've done probably one of

2139

01:25:17,299 --> 01:25:14,249

the most extensive projects research

2140

01:25:19,339 --> 01:25:17,309

that they continue to research it aside

2141

01:25:23,119 --> 01:25:19,349

from being just absolutely lovely people

2142

01:25:25,520 --> 01:25:23,129

and great to talk with to me there's

2143

01:25:27,409 --> 01:25:25,530

enough hard evidence there and the fact

2144

01:25:29,209 --> 01:25:27,419

that folks will always toss it back at

2145

01:25:30,559 --> 01:25:29,219

me well it's been disproven don't buy it

2146

01:25:33,559 --> 01:25:30,569

don't buy it for a minute all right I

2147

01:25:35,569 --> 01:25:33,569

want I wanted my dead Tychus are you

2148

01:25:39,589 --> 01:25:35,579

gonna roll in on me and I'm ready

2149

01:25:41,359 --> 01:25:39,599

that's fine as dr. McKie tie and the

2150

01:25:44,419 --> 01:25:41,369

flange lights yeah when another

2151

01:25:46,549 --> 01:25:44,429

fantastic person I just recently made

2152

01:25:50,689 --> 01:25:46,559

her acquaintance she's a very nice woman

2153

01:25:52,609 --> 01:25:50,699

and she did some really in-depth work as

2154

01:25:57,069 --> 01:25:52,619

someone who was a doctor who spent as

2155

01:25:59,929 --> 01:25:57,079

much time as she has researching it I

2156

01:26:03,500 --> 01:25:59,939

don't know what those two instances are

2157

01:26:05,479 --> 01:26:03,510

but I really feel that there is this is

2158

01:26:06,889 --> 01:26:05,489

what falls into the realm of this is not

2159

01:26:08,619 --> 01:26:06,899

easily explained it's not a military

2160

01:26:11,750 --> 01:26:08,629

project that there's there's definitely

2161

01:26:12,589 --> 01:26:11,760

Italians there yeah I I I do agree about

2162

01:26:15,020 --> 01:26:12,599

the Phoenix lights

2163

01:26:17,029 --> 01:26:15,030

um I can't I can't wait to hear one

2164

01:26:19,369 --> 01:26:17,039

one's all right we'll get to him just a

2165

01:26:22,129 --> 01:26:19,379

minute but um he was raising his hand

2166

01:26:24,859 --> 01:26:22,139

that's why I'm the Ramseys in that whole

2167

01:26:27,969 --> 01:26:24,869

situation I I have heard from a number

2168

01:26:31,549 --> 01:26:27,979

of people that they think there was some

2169

01:26:33,439 --> 01:26:31,559

issues with that case and and so what is

2170

01:26:35,869 --> 01:26:33,449

your what is your argument why do you

2171

01:26:39,319 --> 01:26:35,879

why do you think it's they've done such

2172

01:26:42,139 --> 01:26:39,329

extensive research documenting out all

2173

01:26:43,459 --> 01:26:42,149

the parts going to tell that's nutshell

2174

01:26:46,879 --> 01:26:43,469

of the case for the person that hasn't

2175

01:26:50,989 --> 01:26:46,889

heard of it a large saucer vehicle has a

2176

01:26:53,059 --> 01:26:50,999

crash landing civilians come up to it it

2177

01:26:55,819 --> 01:26:53,069

has a Roswell kind of feel you would

2178

01:26:58,969 --> 01:26:55,829

advise to put to it but there is a

2179

01:27:00,679 --> 01:26:58,979

military response that is not putting

2180

01:27:04,819 --> 01:27:00,689

out public statements of what it is or

2181

01:27:10,939 --> 01:27:04,829

what it isn't and there is a very

2182

01:27:11,939 --> 01:27:10,949

interesting immediate response to this

2183

01:27:15,649 --> 01:27:11,949

crash

2184

01:27:18,359 --> 01:27:15,659

there is a large body of evidence which

2185

01:27:21,089 --> 01:27:18,369

really harkens back to good

2186

01:27:23,819 --> 01:27:21,099

investigative principles where they have

2187

01:27:25,560 --> 01:27:23,829

gone and they've spoken to people more

2188

01:27:28,890 --> 01:27:25,570

people have come forward over the years

2189

01:27:31,680 --> 01:27:28,900

that have you know last stages their

2190

01:27:34,739 --> 01:27:31,690

lives there is things that they found

2191

01:27:36,569 --> 01:27:34,749

there that look like large equipment

2192

01:27:38,310 --> 01:27:36,579

that had to be brought in for recovery

2193

01:27:42,449 --> 01:27:38,320

there's no reason for it to be out there

2194

01:27:45,060 --> 01:27:42,459

so they make no bold claims being what

2195

01:27:47,279 --> 01:27:45,070

they're reporting of what they seem and

2196

01:27:50,009 --> 01:27:47,289

it started very instantly this is people

2197

01:27:52,709 --> 01:27:50,019

that had no interest writing this in

2198

01:27:56,069 --> 01:27:52,719

particular they just happened to be out

2199

01:27:57,509 --> 01:27:56,079

there he had time to kill he starts

2200

01:27:59,969 --> 01:27:57,519

talking oh yeah you should talk he was

2201  
01:28:01,199 --> 01:27:59,979  
on her radio well I'm saying is when he

2202  
01:28:05,600 --> 01:28:01,209  
was first where he was walking out there

2203  
01:28:08,939 --> 01:28:05,610  
for his business selling electronic and

2204  
01:28:11,100 --> 01:28:08,949  
cable and he was out there on a project

2205  
01:28:12,089 --> 01:28:11,110  
and that's you know he's got a Friday

2206  
01:28:13,410 --> 01:28:12,099  
night and he sitting with some people

2207  
01:28:14,729 --> 01:28:13,420  
and then some locals tell him about the

2208  
01:28:17,850 --> 01:28:14,739  
story and that's what starts it and then

2209  
01:28:19,799 --> 01:28:17,860  
he meets his future wife and they've

2210  
01:28:24,479 --> 01:28:19,809  
continued and they document same thing

2211  
01:28:29,009 --> 01:28:24,489  
with dr. kita she is someone who takes

2212  
01:28:31,169 --> 01:28:29,019  
her extensive medical background her and

2213  
01:28:36,270 --> 01:28:31,179

her husband both experienced it she has

2214

01:28:39,750 --> 01:28:36,280

a different take and she goes through

2215

01:28:42,449 --> 01:28:39,760

and documents it very carefully she

2216

01:28:44,040 --> 01:28:42,459

takes us a scientific approach where she

2217

01:28:45,689 --> 01:28:44,050

does not sure she says she's not sure

2218

01:28:47,609 --> 01:28:45,699

but she goes and gets the evidence

2219

01:28:50,609 --> 01:28:47,619

that's reason why I like those two cases

2220

01:28:52,979 --> 01:28:50,619

so much because there's nothing really

2221

01:28:54,839 --> 01:28:52,989

being sold here there's no there's no

2222

01:28:58,469 --> 01:28:54,849

hey you've got to believe me or you know

2223

01:29:00,989 --> 01:28:58,479

it it they were in different respects

2224

01:29:03,569 --> 01:29:00,999

life-changing events for these people

2225

01:29:05,310 --> 01:29:03,579

that are involved and in the case of dr.

2226

01:29:07,290 --> 01:29:05,320

kita it's interesting cuz her husband

2227

01:29:09,299 --> 01:29:07,300

didn't have the same reaction she did

2228

01:29:11,640 --> 01:29:09,309

but when he looked at what she put out

2229

01:29:13,109 --> 01:29:11,650

he's in total agreement he was there you

2230

01:29:16,109 --> 01:29:13,119

know from the beginning with it so those

2231

01:29:17,279 --> 01:29:16,119

are two that to me don't easily fall

2232

01:29:20,219 --> 01:29:17,289

into the category that can be

2233

01:29:22,620 --> 01:29:20,229

discredited and I'm when you we talk

2234

01:29:24,419 --> 01:29:22,630

about Roswell earlier tonight Roswell

2235

01:29:26,429 --> 01:29:24,429

you know is celebrated as

2236

01:29:28,379 --> 01:29:26,439

as a touch-tone event and I think it has

2237

01:29:29,910 --> 01:29:28,389

a lot less it's sort of like what you

2238

01:29:32,160 --> 01:29:29,920

talked about Mac with the the missile

2239

01:29:35,040 --> 01:29:32,170

silos missile silos a short distance away

2240

01:29:37,290 --> 01:29:35,050

it sounds like UFO Grand Central Station

2241

01:29:38,719 --> 01:29:37,300

there's all kinds of stuff people say

2242

01:29:41,339 --> 01:29:38,729

I'm not going to do this anymore wanna

2243

01:29:43,770 --> 01:29:41,349

nary a peep and I think that that goes

2244

01:29:46,020 --> 01:29:43,780

back to what I think that is it's a it's

2245

01:29:48,509 --> 01:29:46,030

a false flag it's to get your attention

2246

01:29:51,479 --> 01:29:48,519

driven onto it it's the it's the cover

2247

01:29:54,799 --> 01:29:51,489

and provide cover for other things that

2248

01:29:58,679 --> 01:29:54,809

are going on it's a man-made and

2249

01:30:00,959 --> 01:29:58,689

extraterrestrials to saying is it really

2250

01:30:02,819 --> 01:30:00,969

did happen out in the middle of nowhere

2251  
01:30:05,489 --> 01:30:02,829  
and if you grew up in now still business

2252  
01:30:07,439 --> 01:30:05,499  
concrete slab that you know witnesses a

2253  
01:30:09,929 --> 01:30:07,449  
lot of witnesses said the ami had to put

2254  
01:30:12,689 --> 01:30:09,939  
down to bring in a trailer and a crane

2255  
01:30:14,629 --> 01:30:12,699  
and the crane wreckage and drive it away

2256  
01:30:17,399 --> 01:30:14,639  
they great one quick question about that

2257  
01:30:20,489 --> 01:30:17,409  
wasn't that thing like 35 or 40 feet

2258  
01:30:22,859 --> 01:30:20,499  
wide what the yeah the cement thing no

2259  
01:30:24,419 --> 01:30:22,869  
no the craft that they they talk about I

2260  
01:30:26,100 --> 01:30:24,429  
mean I just wonder how they could

2261  
01:30:27,779 --> 01:30:26,110  
possibly transport something like that

2262  
01:30:29,819 --> 01:30:27,789  
unless they put it in pieces I think it

2263  
01:30:31,080 --> 01:30:29,829

was it was in pieces because people said

2264

01:30:32,489 --> 01:30:31,090

that they looked in the windows and that

2265

01:30:34,469 --> 01:30:32,499

they actually saw you know somebody

2266

01:30:36,600 --> 01:30:34,479

being or something yeah yeah you know

2267

01:30:38,609 --> 01:30:36,610

and remembers that the strange thing

2268

01:30:40,679 --> 01:30:38,619

about that story is that they have went

2269

01:30:45,750 --> 01:30:40,689

about the Ramseys is because it happened

2270

01:30:47,520 --> 01:30:45,760

in 1947 47 48 that when the military the

2271

01:30:48,989 --> 01:30:47,530

military response was so quick they sent

2272

01:30:50,219 --> 01:30:48,999

a helicopter and they said the people in

2273

01:30:51,929 --> 01:30:50,229

the ground were afraid because you

2274

01:30:54,060 --> 01:30:51,939

didn't really know how a copters back

2275

01:30:55,709 --> 01:30:54,070

then you know helicopters weren't used

2276

01:30:57,899 --> 01:30:55,719

in world war ii they were new in the

2277

01:30:58,799 --> 01:30:57,909

late 40s I saw this thing coming making

2278

01:31:00,629 --> 01:30:58,809

all the noise they thought it was

2279

01:31:02,339 --> 01:31:00,639

another alien craft a lot of them they

2280

01:31:04,189 --> 01:31:02,349

had never seen a helicopter but that's

2281

01:31:06,779 --> 01:31:04,199

how quick the military response was and

2282

01:31:08,339 --> 01:31:06,789

you know and kind of from there you just

2283

01:31:10,739 --> 01:31:08,349

kind of fell all the timeline it looks

2284

01:31:12,870 --> 01:31:10,749

like there was something going on there

2285

01:31:14,549 --> 01:31:12,880

you know once again more evidence in

2286

01:31:16,319 --> 01:31:14,559

more research you know good research

2287

01:31:18,089 --> 01:31:16,329

done and then Roswell sorry and I mean

2288

01:31:20,219 --> 01:31:18,099

and they're still they're still going

2289

01:31:21,929 --> 01:31:20,229

into air university at Maxwell Air Force

2290

01:31:24,390 --> 01:31:21,939

Base they get you know they're still

2291

01:31:25,949 --> 01:31:24,400

researching documents and I guess that's

2292

01:31:28,350 --> 01:31:25,959

the other appeal that I have for it

2293

01:31:30,660 --> 01:31:28,360

there are exemplary examples both these

2294

01:31:32,939 --> 01:31:30,670

sets are just exemplary examples of

2295

01:31:36,870 --> 01:31:32,949

people that have taken the right kind of

2296

01:31:38,250 --> 01:31:36,880

approach and and and not blown any smoke

2297

01:31:39,779 --> 01:31:38,260

up maxixe but he does too

2298

01:31:42,180 --> 01:31:39,789

same thing with his books on the on the

2299

01:31:45,180 --> 01:31:42,190

on his nonfiction stuff he doesn't print

2300

01:31:46,979 --> 01:31:45,190

it unless he has good reasonable sources

2301  
01:31:48,330 --> 01:31:46,989  
than to present it and that's what makes

2302  
01:31:50,669 --> 01:31:48,340  
a difference on it because the stuff

2303  
01:31:52,620 --> 01:31:50,679  
that he had there going back to World

2304  
01:31:54,029 --> 01:31:52,630  
War one and you know talking about what

2305  
01:31:56,250 --> 01:31:54,039  
happened in world one and in the

2306  
01:31:58,919 --> 01:31:56,260  
engagement why are UFOs around war time

2307  
01:32:01,500 --> 01:31:58,929  
I it's there there's a body of evidence

2308  
01:32:03,270 --> 01:32:01,510  
there that gets passed up come on I'm

2309  
01:32:03,899 --> 01:32:03,280  
getting scared now he's never been like

2310  
01:32:09,689 --> 01:32:03,909  
this before

2311  
01:32:11,450 --> 01:32:09,699  
what you know complementary what's

2312  
01:32:15,270 --> 01:32:11,460  
what's in a while he is like

2313  
01:32:17,549 --> 01:32:15,280

accidentally no I I want to just talk a

2314

01:32:21,000 --> 01:32:17,559

little bit quickly Phoenix lights I do

2315

01:32:23,160 --> 01:32:21,010

agree is right in the very top there's

2316

01:32:25,379 --> 01:32:23,170

been I remembered I was talking to Peter

2317

01:32:27,859 --> 01:32:25,389

Davenport when he first got was getting

2318

01:32:30,120 --> 01:32:27,869

the case called in to him wait he said

2319

01:32:31,319 --> 01:32:30,130

that people were explaining that it

2320

01:32:34,109 --> 01:32:31,329

seemed like this graph could have been

2321

01:32:36,810 --> 01:32:34,119

up to eight miles wide a lot of people

2322

01:32:40,770 --> 01:32:36,820

talk about that no they don't but the

2323

01:32:42,479 --> 01:32:40,780

one thing about I've a number of people

2324

01:32:44,729 --> 01:32:42,489

have talked about I don't know but a

2325

01:32:47,790 --> 01:32:44,739

number of people have said that Linds

2326

01:32:50,459 --> 01:32:47,800

lenka ties film is actually the flares

2327

01:32:52,259 --> 01:32:50,469

not that people didn't get I think

2328

01:32:54,299 --> 01:32:52,269

there's only one real film of it and

2329

01:32:55,919 --> 01:32:54,309

it's amazing you think no one had you

2330

01:32:58,259 --> 01:32:55,929

know camera phones back then right she

2331

01:33:00,270 --> 01:32:58,269

had a camcorder and not a lot of people

2332

01:33:01,439 --> 01:33:00,280

they were outside at night I mean no one

2333

01:33:04,410 --> 01:33:01,449

would have a camera or something with

2334

01:33:05,700 --> 01:33:04,420

him but she has if that if that is the

2335

01:33:08,009 --> 01:33:05,710

case and I don't know if that's the case

2336

01:33:10,049 --> 01:33:08,019

or not I do agree that she has done a

2337

01:33:12,660 --> 01:33:10,059

lot of really good research and she's

2338

01:33:15,000 --> 01:33:12,670

you know followed followed through with

2339

01:33:18,120 --> 01:33:15,010

a lot of things and you know I think you

2340

01:33:20,220 --> 01:33:18,130

know she's she has added to that case

2341

01:33:22,259 --> 01:33:20,230

and kept it alive you know what was the

2342

01:33:23,790 --> 01:33:22,269

point for me when I started to believe

2343

01:33:26,069 --> 01:33:23,800

it is when didn't the governor come out

2344

01:33:28,229 --> 01:33:26,079

with someone dressed like as alien yes

2345

01:33:30,839 --> 01:33:28,239

what was the remark I'm eatin you and I

2346

01:33:33,419 --> 01:33:30,849

had this talk when the when the the

2347

01:33:35,459 --> 01:33:33,429

release in December wouldn't it was one

2348

01:33:38,549 --> 01:33:35,469

of the local news ones and they did the

2349

01:33:40,500 --> 01:33:38,559

ha ha hee hee et you know ended with me

2350

01:33:43,259 --> 01:33:40,510

in the boat business on there and I

2351

01:33:45,000 --> 01:33:43,269

think that that is part of the the

2352

01:33:47,279 --> 01:33:45,010

response and anybody tells me that they

2353

01:33:50,520 --> 01:33:47,289

don't think that the media takes a lot

2354

01:33:52,050 --> 01:33:50,530

of direction from intelligence agencies

2355

01:33:54,180 --> 01:33:52,060

needs to look up operation

2356

01:33:56,580 --> 01:33:54,190

King bird really know what I want to you

2357

01:33:58,800 --> 01:33:56,590

operation Mockingbird yes if you pick

2358

01:34:02,210 --> 01:33:58,810

was that you definitely have to get him

2359

01:34:04,170 --> 01:34:02,220

a book I'm telling you he's got a read

2360

01:34:05,880 --> 01:34:04,180

you know that's the problem you have the

2361

01:34:08,370 --> 01:34:05,890

pretty faces you know

2362

01:34:09,930 --> 01:34:08,380

okay so here's up in chat and I'm not

2363

01:34:12,150 --> 01:34:09,940

saying on one side of this to the other

2364

01:34:13,860 --> 01:34:12,160

because I every time I talk politics

2365

01:34:15,810 --> 01:34:13,870

that I get in big trouble so I'm just

2366

01:34:17,760 --> 01:34:15,820

gonna just read what someone said in the

2367

01:34:20,520 --> 01:34:17,770

chatroom Carter was refused by Bush

2368

01:34:22,350 --> 01:34:20,530

Clinton was refused access do you really

2369

01:34:24,960 --> 01:34:22,360

think they would tell Trump then down

2370

01:34:26,910 --> 01:34:24,970

below that maybe they would Charles who

2371

01:34:28,620 --> 01:34:26,920

would really believe him now but cope

2372

01:34:30,210 --> 01:34:28,630

don't they have to if the president

2373

01:34:33,990 --> 01:34:30,220

asked for something anything they have

2374

01:34:36,510 --> 01:34:34,000

to tell me yeah but don't think answer

2375

01:34:38,550 --> 01:34:36,520

but don't think for a second that the

2376

01:34:41,040 --> 01:34:38,560

president because he asked for something

2377

01:34:42,570 --> 01:34:41,050

he's going to get what he wants it if

2378

01:34:44,550 --> 01:34:42,580

you think that and the times were living

2379

01:34:46,230 --> 01:34:44,560

in Mac I can't believe that you believe

2380

01:34:48,120 --> 01:34:46,240

that and I don't think any president has

2381

01:34:50,220 --> 01:34:48,130

gotten that access I just think that

2382

01:34:51,720 --> 01:34:50,230

someone who has that's the right Percy

2383

01:34:54,180 --> 01:34:51,730

he may not be able to ask the right

2384

01:34:56,670 --> 01:34:54,190

person no but we have national security

2385

01:34:59,010 --> 01:34:56,680

packaged and how it goes forward there

2386

01:35:02,490 --> 01:34:59,020

are people that believe they are above

2387

01:35:03,870 --> 01:35:02,500

the elected officials we all say that

2388

01:35:05,370 --> 01:35:03,880

the eyes here there was he's turning at

2389

01:35:10,710 --> 01:35:05,380

the flock of seagulls remember those

2390

01:35:13,680 --> 01:35:10,720

guys about your phone when you get done

2391

01:35:16,650 --> 01:35:13,690

with with you know throwing the crap and

2392

01:35:19,380 --> 01:35:16,660

get down to it there are too many folks

2393

01:35:22,140 --> 01:35:19,390

who think they are above what's going on

2394

01:35:24,780 --> 01:35:22,150

they believe that their positions are

2395

01:35:26,040 --> 01:35:24,790

superior to the people we have a like I

2396

01:35:28,110 --> 01:35:26,050

mean yeah she's something okay

2397

01:35:30,950 --> 01:35:28,120

well didn't somebody leave high levels

2398

01:35:36,570 --> 01:35:30,960

of the government and joined up with

2399

01:35:38,520 --> 01:35:36,580

MUFON right because of well no he sent

2400

01:35:40,350 --> 01:35:38,530

about Podesta I think I just want to ask

2401

01:35:42,780 --> 01:35:40,360

you a question I don't you think that

2402

01:35:44,460 --> 01:35:42,790

he's a curious guy yes okay don't you

2403

01:35:47,490 --> 01:35:44,470

think that he would ask the question yes

2404

01:35:49,860 --> 01:35:47,500

okay now I'm gonna ask you a question oh

2405

01:35:53,220 --> 01:35:49,870

you don't think that the timing at

2406

01:35:54,990 --> 01:35:53,230

December has anything to do I think I

2407

01:35:58,260 --> 01:35:55,000

think it just happens you think Harry

2408

01:35:59,730 --> 01:35:58,270

Reid holds on to this and is part of

2409

01:36:01,530 --> 01:35:59,740

this and it just comes out and just some

2410

01:36:02,580 --> 01:36:01,540

know there was a reason they did you're

2411

01:36:03,630 --> 01:36:02,590

absolutely right because there's a

2412

01:36:04,640 --> 01:36:03,640

reason they put that out there's no

2413

01:36:07,010 --> 01:36:04,650

doubt about it

2414

01:36:09,320 --> 01:36:07,020

so what one reason I see it more

2415

01:36:13,220 --> 01:36:09,330

nefarious than most people do because I

2416

01:36:15,590 --> 01:36:13,230

see our guardians are self-appointed

2417

01:36:17,930 --> 01:36:15,600

guardians thinking that they know better

2418

01:36:20,780 --> 01:36:17,940

than the rest of us and I call BS to all

2419

01:36:24,830 --> 01:36:20,790

of that okay separate cause tonight when

2420

01:36:32,720 --> 01:36:24,840

we go to the bathroom say now wait a

2421

01:36:41,090 --> 01:36:32,730

minute so they on the FDA I want to

2422

01:36:44,030 --> 01:36:42,500

yeah that would get the show you know

2423

01:36:47,600 --> 01:36:44,040

after the two hours but there you go on

2424

01:36:52,310 --> 01:36:47,610

one I've said many times before a to one

2425

01:36:54,110 --> 01:36:52,320

one all right one I love you to see us

2426

01:36:54,590 --> 01:36:54,120

don't take offense we have one you're in

2427

01:36:56,990 --> 01:36:54,600

the hot seat

2428

01:36:59,450 --> 01:36:57,000

okay spotlights on you one one my

2429

01:37:01,399 --> 01:36:59,460

favorite just where he wanted to be here

2430

01:37:04,550 --> 01:37:01,409

here we are an x-ray we haven't talked

2431

01:37:07,399 --> 01:37:04,560

about the Betty and Barney Hill hmm Wow

2432

01:37:08,240 --> 01:37:07,409

because but but that's what we had Cathy

2433

01:37:12,290 --> 01:37:08,250

mazdan

2434

01:37:15,110 --> 01:37:12,300

talking about I'm sorry and she appears

2435

01:37:16,760 --> 01:37:15,120

that welcome under festival yeah she's a

2436

01:37:19,280 --> 01:37:16,770

very nice woman we kind of won the show

2437

01:37:20,990 --> 01:37:19,290

but she's not she's just a very nice

2438

01:37:22,850 --> 01:37:21,000

woman yeah

2439

01:37:26,800 --> 01:37:22,860

we should have run again okay it's been

2440

01:37:29,149 --> 01:37:26,810

a while okay Betty and Barney Hill 1961

2441

01:37:31,490 --> 01:37:29,159

and here's a couple coming back from

2442

01:37:35,930 --> 01:37:31,500

what was it a vacation and not Niagara

2443

01:37:38,300 --> 01:37:35,940

Falls slowly I turn slowly I turn and

2444

01:37:41,720 --> 01:37:38,310

they're from up the road a piece of

2445

01:37:45,860 --> 01:37:41,730

Portsmouth so they did Lee bopping along

2446

01:37:48,140 --> 01:37:45,870

in the car through the knotch Franconia

2447

01:37:51,530 --> 01:37:48,150

Notch ela that are Google's Franconia

2448

01:37:53,330 --> 01:37:51,540

Notch and knots I don't have an accent

2449

01:37:55,550 --> 01:37:53,340

do i oh no not you none man

2450

01:37:59,120 --> 01:37:55,560

okay so they're coming back on the notch

2451

01:38:01,220 --> 01:37:59,130

and they seem to be followed by the

2452

01:38:04,310 --> 01:38:01,230

spacecraft well there's no well I first

2453

01:38:09,770 --> 01:38:04,320

like it being there being followed

2454

01:38:13,399 --> 01:38:09,780

and some time passes Nancy did you read

2455

01:38:16,759 --> 01:38:13,409

the book I did I did so I saw the movie

2456

01:38:21,700 --> 01:38:16,769

too he started the books on tape

2457

01:38:28,399 --> 01:38:21,710

okay good make a long story short

2458

01:38:31,129 --> 01:38:28,409

oh that is not nothing kind of so the

2459

01:38:34,089 --> 01:38:31,139

driver backed out for miles and miles

2460

01:38:44,509 --> 01:38:34,099

are being followed by this light and

2461

01:38:46,520 --> 01:38:44,519

eventually they disappear and you don't

2462

01:38:49,669 --> 01:38:46,530

know what's happening until they got

2463

01:38:51,470 --> 01:38:49,679

interviewed separately by various

2464

01:38:53,959 --> 01:38:51,480

psychologist saying you know and dr.

2465

01:38:56,000 --> 01:38:53,969

Simon uh-huh it was dr. Simon sent dr.

2466

01:38:58,330 --> 01:38:56,010

Simon or Symington Simon I forget his

2467

01:39:00,529 --> 01:38:58,340

name yeah Simon is from there

2468

01:39:03,799 --> 01:39:00,539

each one of them were being interviewed

2469

01:39:06,919 --> 01:39:03,809

separately and they had they were being

2470

01:39:11,419 --> 01:39:06,929

interviewed like under hypnosis if I'm

2471

01:39:16,839 --> 01:39:11,429

not mistaken and they corroborated each

2472

01:39:19,250 --> 01:39:16,849

other story pretty closely that they

2473

01:39:23,000 --> 01:39:19,260

were taking on the spacecraft

2474

01:39:26,629 --> 01:39:23,010

things happen to them saying it they're

2475

01:39:32,120 --> 01:39:26,639

approached okay from just just like just

2476

01:39:34,339 --> 01:39:32,130

like on The Simpsons they were probed it

2477

01:39:35,689 --> 01:39:34,349

always has credibility to show like this

2478

01:39:38,450 --> 01:39:35,699

I appreciate that

2479

01:39:40,580 --> 01:39:38,460

can I do the right now I'm not have to

2480

01:39:42,439 --> 01:39:40,590

pay the charge I don't know how they

2481

01:39:46,580 --> 01:39:42,449

were probed with they're there okay I

2482

01:39:48,649 --> 01:39:46,590

get the general gist nothing to see here

2483

01:39:56,120 --> 01:39:48,659

is it let me just is that why it's your

2484

01:39:58,189 --> 01:39:56,130

favorite case are you turn it dies right

2485

01:39:58,970 --> 01:39:58,199

it has to do the tenth question yet one

2486

01:40:01,310 --> 01:39:58,980

long okay

2487

01:40:03,589 --> 01:40:01,320

he's got to email us to ten questions

2488

01:40:05,000 --> 01:40:03,599

for one why next time all right first

2489

01:40:10,759 --> 01:40:05,010

question it has his we'd to get that

2490

01:40:13,370 --> 01:40:10,769

shirt I got this it's this okay yeah New

2491

01:40:15,410 --> 01:40:13,380

Hampshire at the drugstore oh really

2492

01:40:17,070 --> 01:40:15,420

yeah okay nice I do all my shopping at

2493

01:40:23,740 --> 01:40:17,080

the drugstore

2494

01:40:26,110 --> 01:40:23,750

okay no I actually stayed overnight and

2495

01:40:28,120 --> 01:40:26,120

I thought I put the shirt in my suitcase

2496

01:40:30,100 --> 01:40:28,130

but I'm put swimming trunks instead

2497

01:40:34,480 --> 01:40:30,110

really yeah let's make that mistake

2498

01:40:41,440 --> 01:40:34,490

often I think his call sides gonna be

2499

01:40:45,970 --> 01:40:41,450

senator anyway come on like drugstore

2500

01:40:49,110 --> 01:40:45,980

shirt the same place that sells the five

2501  
01:40:51,700 --> 01:40:49,120  
hot dogs for a buck hand points because

2502  
01:40:53,920 --> 01:40:51,710  
JJ is living proof that you can live

2503  
01:40:56,530 --> 01:40:53,930  
after doing it for about twenty years

2504  
01:40:59,620 --> 01:40:56,540  
oh really right that great he's only

2505  
01:41:02,560 --> 01:40:59,630  
twenty new store in Newburyport yes Wow

2506  
01:41:09,450 --> 01:41:02,570  
retail for dogs for a buck for dogs for

2507  
01:41:15,940 --> 01:41:14,800  
we left Benny and right yeah there's no

2508  
01:41:17,350 --> 01:41:15,950  
that was one of your favorite what's

2509  
01:41:21,460 --> 01:41:17,360  
your second trade you will fall just to

2510  
01:41:23,080 --> 01:41:21,470  
move have a second favorite I want no

2511  
01:41:26,380 --> 01:41:23,090  
more about Betty and Barney Hill do you

2512  
01:41:29,230 --> 01:41:26,390  
go because it always stops it probe once

2513  
01:41:31,180 --> 01:41:29,240

we get to the probe you fall upon you no

2514

01:41:32,620 --> 01:41:31,190

the question is did it happen or

2515

01:41:35,910 --> 01:41:32,630

didn't it happen I think everybody wants

2516

01:41:38,950 --> 01:41:35,920

to know if it really happened that

2517

01:41:41,320 --> 01:41:38,960

something happen when pictures we want I

2518

01:41:43,630 --> 01:41:41,330

mean some on because they do have this

2519

01:41:46,060 --> 01:41:43,640

that's a real story that the important I

2520

01:41:48,520 --> 01:41:46,070

would like the note here is that Barney

2521

01:41:50,800 --> 01:41:48,530

Hill didn't really want to talk much

2522

01:41:54,190 --> 01:41:50,810

about this because he really was a

2523

01:41:56,290 --> 01:41:54,200

strong civil rights pursuer he worked

2524

01:41:58,120 --> 01:41:56,300

really really hard at that and he felt

2525

01:41:59,560 --> 01:41:58,130

this was gonna overshadow and he really

2526

01:42:00,940 --> 01:41:59,570

didn't that's reason why he was very

2527

01:42:02,800 --> 01:42:00,950

lucky and they did they weren't the ones

2528

01:42:04,570 --> 01:42:02,810

who leaked the story that's right is

2529

01:42:06,370 --> 01:42:04,580

correct as well and he's you know being

2530

01:42:08,500 --> 01:42:06,380

an interracial couple that they took a

2531

01:42:11,200 --> 01:42:08,510

lot of hits on that yeah nearly as

2532

01:42:13,060 --> 01:42:11,210

progressive as or enlightened or

2533

01:42:15,520 --> 01:42:13,070

whatever word we want to use that you

2534

01:42:17,170 --> 01:42:15,530

know they paid a heavy price for when

2535

01:42:18,490 --> 01:42:17,180

the story came out coming forward trying

2536

01:42:22,120 --> 01:42:18,500

to figure out what had happened there

2537

01:42:26,560 --> 01:42:22,130

and I I think to their memory especially

2538

01:42:28,630 --> 01:42:26,570

in the case of mr. Hill you know he he

2539

01:42:29,979 --> 01:42:28,640

took it pretty squarely on the chin in a

2540

01:42:34,750 --> 01:42:29,989

lot of areas and he and he

2541

01:42:37,570 --> 01:42:34,760

big concerns and Betty for years I she

2542

01:42:39,610 --> 01:42:37,580

would show up she was treated I think at

2543

01:42:41,920 --> 01:42:39,620

least with a certain modicum of respect

2544

01:42:44,080 --> 01:42:41,930

but she always kind of to me didn't get

2545

01:42:45,670 --> 01:42:44,090

a fair shake because she when she was

2546

01:42:47,410 --> 01:42:45,680

still alive and here she would always

2547

01:42:49,510 --> 01:42:47,420

get asked like once a year you'd see her

2548

01:42:51,190 --> 01:42:49,520

on one of the local TV stations show up

2549

01:42:53,260 --> 01:42:51,200

and she was talking about what she

2550

01:42:54,910 --> 01:42:53,270

experienced and what had gone on and you

2551  
01:42:58,060 --> 01:42:54,920  
know much like we talked about there's

2552  
01:43:00,130 --> 01:42:58,070  
always the the UFO the alien mask the

2553  
01:43:03,280 --> 01:43:00,140  
you know the little green man vs that

2554  
01:43:06,340 --> 01:43:03,290  
goes along with that and you know it to

2555  
01:43:08,979 --> 01:43:06,350  
me maybe we're at the point we're close

2556  
01:43:10,720 --> 01:43:08,989  
to it that no I don't believe everybody

2557  
01:43:12,310 --> 01:43:10,730  
who claims that they have an experience

2558  
01:43:13,420 --> 01:43:12,320  
and there's a lot of folks that I've had

2559  
01:43:14,920 --> 01:43:13,430  
on the show a lot of folks that we've

2560  
01:43:17,830 --> 01:43:14,930  
talked collectively on the show that I'm

2561  
01:43:19,720 --> 01:43:17,840  
not convinced that they did it but um

2562  
01:43:21,430 --> 01:43:19,730  
you know do respect you know that

2563  
01:43:23,140 --> 01:43:21,440

person's on there unless they do

2564

01:43:25,540 --> 01:43:23,150

something that you know doesn't earn

2565

01:43:27,490 --> 01:43:25,550

them or doesn't guarantee me respect

2566

01:43:30,040 --> 01:43:27,500

hopefully that's finally changing but in

2567

01:43:32,590 --> 01:43:30,050

this case this couple was not treated

2568

01:43:35,320 --> 01:43:32,600

that way and it is a very sad or dark

2569

01:43:39,040 --> 01:43:35,330

side of there's a ton of psychological

2570

01:43:41,290 --> 01:43:39,050

damage imposed on those poor people and

2571

01:43:43,540 --> 01:43:41,300

yeah and then toward the end of Betty's

2572

01:43:45,400 --> 01:43:43,550

life she had the brain tumor yeah why

2573

01:43:48,610 --> 01:43:45,410

she wasn't herself and a lot of people

2574

01:43:52,600 --> 01:43:48,620

will use that absolutely she was in that

2575

01:43:54,610 --> 01:43:52,610

case because she she wasn't in that case

2576

01:43:58,420 --> 01:43:54,620

she people thought she might have been

2577

01:44:01,090 --> 01:43:58,430

right and people that I know that

2578

01:44:02,709 --> 01:44:01,100

actually knew her said she was a lovely

2579

01:44:04,270 --> 01:44:02,719

person yep

2580

01:44:06,100 --> 01:44:04,280

and they just seemed to be you know why

2581

01:44:07,840 --> 01:44:06,110

them you know what I mean why them I

2582

01:44:09,459 --> 01:44:07,850

mean they just seem to be just I know

2583

01:44:11,020 --> 01:44:09,469

they were an interracial couple but

2584

01:44:13,420 --> 01:44:11,030

other than that they just seemed to be

2585

01:44:15,459 --> 01:44:13,430

the most normal down-to-earth people and

2586

01:44:16,540 --> 01:44:15,469

just unlikely people to make this up

2587

01:44:18,490 --> 01:44:16,550

that's what I was saying earlier you

2588

01:44:20,890 --> 01:44:18,500

know I get a feeling that it's the it's

2589

01:44:22,750 --> 01:44:20,900

the people who I don't want to say I

2590

01:44:24,729 --> 01:44:22,760

know where but people who haven't like

2591

01:44:26,770 --> 01:44:24,739

you know looked into UFOs and you know

2592

01:44:28,750 --> 01:44:26,780

abductions and so it seems like those

2593

01:44:30,760 --> 01:44:28,760

are the people that it happens to is if

2594

01:44:33,270 --> 01:44:30,770

you're an expert on UFOs it doesn't seem

2595

01:44:35,979 --> 01:44:33,280

you liking abducted to me I don't know

2596

01:44:36,820 --> 01:44:35,989

cuz you never hear of it you know you

2597

01:44:38,770 --> 01:44:36,830

know it'd be different if you were a

2598

01:44:39,640 --> 01:44:38,780

scientist you're out but you never hear

2599

01:44:41,050 --> 01:44:39,650

that you know what I mean

2600

01:44:43,660 --> 01:44:41,060

you never hear of it but you do hear

2601

01:44:45,419 --> 01:44:43,670

like cops and military people and

2602

01:44:49,270 --> 01:44:45,429

you know stuff like that you know so

2603

01:44:54,250 --> 01:44:49,280

almost well we have a how many cops saw

2604

01:44:58,000 --> 01:44:54,260

the spacecraft in Exeter I mean it was

2605

01:44:59,800 --> 01:44:58,010

like yeah well the I'm sorry yeah we

2606

01:45:01,950 --> 01:44:59,810

should say police departments right

2607

01:45:04,419 --> 01:45:01,960

right yeah Pease Air Force Base which is

2608

01:45:06,160 --> 01:45:04,429

gigantic Air Force Base up in Portsmouth

2609

01:45:08,320 --> 01:45:06,170

er which is now kind of deactivated they

2610

01:45:10,030 --> 01:45:08,330

do still flyer so fuel is out of there

2611

01:45:11,950 --> 01:45:10,040

but they do bring commercial flights but

2612

01:45:13,540 --> 01:45:11,960

at the time it was enormous and it was a

2613

01:45:15,610 --> 01:45:13,550

sac base okay and they used to base

2614

01:45:19,360 --> 01:45:15,620

airplanes there with atomic weapons and

2615

01:45:21,070 --> 01:45:19,370

so on and so forth the squadron down at

2616

01:45:22,990 --> 01:45:21,080

Roswell which was at the time the young

2617

01:45:26,050 --> 01:45:23,000

squad didn't have atomic weapons they

2618

01:45:27,910 --> 01:45:26,060

moved up to PCF ios5 all night and as

2619

01:45:29,650 --> 01:45:27,920

soon as they did because your friend the

2620

01:45:31,390 --> 01:45:29,660

musician there who didn't want us to do

2621

01:45:33,100 --> 01:45:31,400

a segment he said during the same he

2622

01:45:34,540 --> 01:45:33,110

says right away you were four reports

2623

01:45:36,520 --> 01:45:34,550

went up okay fine there's lots of

2624

01:45:38,590 --> 01:45:36,530

airplanes flying around but then people

2625

01:45:40,030 --> 01:45:38,600

that in the accidents and they said this

2626  
01:45:41,560 --> 01:45:40,040  
is no way a plane because we live around

2627  
01:45:43,150 --> 01:45:41,570  
here we know what it's like when these

2628  
01:45:44,470 --> 01:45:43,160  
things are going over right yeah you

2629  
01:45:46,720 --> 01:45:44,480  
know they don't float they don't however

2630  
01:45:49,000 --> 01:45:46,730  
they don't know so two of them the both

2631  
01:45:52,150 --> 01:45:49,010  
of them are very intriguing cases and

2632  
01:45:54,610 --> 01:45:52,160  
they just haven't happened nearby that's

2633  
01:45:57,459 --> 01:45:54,620  
right Pisa I lived when I grew up I

2634  
01:45:59,020 --> 01:45:57,469  
lived in Elliot Maine and I lived on top

2635  
01:46:00,939 --> 01:45:59,030  
of what was called Winter Hill and I

2636  
01:46:03,669 --> 01:46:00,949  
could actually look right over the river

2637  
01:46:05,620 --> 01:46:03,679  
and see peas and I used to as a kid I

2638  
01:46:07,330 --> 01:46:05,630

used to sit there and watch you know

2639

01:46:09,370 --> 01:46:07,340

planes land and take off and stuff like

2640

01:46:11,050 --> 01:46:09,380

that I remember being in my house you

2641

01:46:12,580 --> 01:46:11,060

know listen the whole house is shaking I

2642

01:46:14,979 --> 01:46:12,590

remember the chandelier moving back and

2643

01:46:17,709 --> 01:46:14,989

forth and brash oh really yeah well yeah

2644

01:46:20,410 --> 01:46:17,719

well but there was a UFO flap in the

2645

01:46:22,570 --> 01:46:20,420

area and I remember my sisters and I

2646

01:46:24,370 --> 01:46:22,580

sitting out on the lawn looking for UFOs

2647

01:46:26,950 --> 01:46:24,380

I was a little kid right and then you

2648

01:46:28,959 --> 01:46:26,960

know it so I didn't I had that interest

2649

01:46:30,459 --> 01:46:28,969

as a kid and I kind of went away from it

2650

01:46:32,320 --> 01:46:30,469

until I actually had my own sighting

2651  
01:46:34,330 --> 01:46:32,330  
later on so you would expect that people

2652  
01:46:36,610 --> 01:46:34,340  
would see more strange stuff flying in

2653  
01:46:38,500 --> 01:46:36,620  
the sky okay you know being until they

2654  
01:46:40,540 --> 01:46:38,510  
were used to this you know squadron be

2655  
01:46:43,000 --> 01:46:40,550  
in there okay but 10 years down the line

2656  
01:46:44,860 --> 01:46:43,010  
like these people said you know this

2657  
01:46:46,030 --> 01:46:44,870  
happens every night we see the planes go

2658  
01:46:48,820 --> 01:46:46,040  
over every night we know what the lights

2659  
01:46:51,040 --> 01:46:48,830  
look like and so on and this wasn't them

2660  
01:46:53,520 --> 01:46:51,050  
you know so you know take it from there

2661  
01:46:57,520 --> 01:46:53,530  
Mack you maybe think of something the

2662  
01:46:59,140 --> 01:46:57,530  
and almost ironic thought

2663  
01:47:03,930 --> 01:46:59,150

it's just the opposite when you get out

2664

01:47:06,129 --> 01:47:03,940

anywhere near Tonopah and area 51

2665

01:47:07,479 --> 01:47:06,139

anything that goes by there everyone's

2666

01:47:09,459 --> 01:47:07,489

convinced it's some new breaking

2667

01:47:12,459 --> 01:47:09,469

military technology so if you did want

2668

01:47:14,469 --> 01:47:12,469

to mainline a UFO career perfect place

2669

01:47:17,049 --> 01:47:14,479

to fly it on yeah sure but they just was

2670

01:47:20,439 --> 01:47:17,059

a huge flop tyler rugger a good friend

2671

01:47:22,899 --> 01:47:20,449

of mine from the war zone they have

2672

01:47:25,660 --> 01:47:22,909

documented f-117 still flying you know

2673

01:47:29,259 --> 01:47:25,670

oh really yeah hiring our really good

2674

01:47:31,000 --> 01:47:29,269

buds he's been a true he is one of the

2675

01:47:32,259 --> 01:47:31,010

great investigative reporters he doesn't

2676

01:47:34,180 --> 01:47:32,269

have strong feeling in our accept but

2677

01:47:35,799 --> 01:47:34,190

when there's a story he'll he's he's

2678

01:47:37,450 --> 01:47:35,809

cracked a lot of it good knows everyone

2679

01:47:38,859 --> 01:47:37,460

you know everyone well I just got this

2680

01:47:40,120 --> 01:47:38,869

rug connected I got there very friendly

2681

01:47:41,709 --> 01:47:40,130

with him because he's just a really

2682

01:47:43,120 --> 01:47:41,719

great guy not like his writing style I

2683

01:47:46,479 --> 01:47:43,130

mean he's you're writing that got me

2684

01:47:48,100 --> 01:47:46,489

interested in science he you know he's

2685

01:47:51,279 --> 01:47:48,110

not Cobra for nothing why is he doing

2686

01:47:53,620 --> 01:47:51,289

this tonight I'm really the standard

2687

01:48:02,620 --> 01:47:53,630

warning his resume I bite you'll need

2688

01:48:04,979 --> 01:48:02,630

insulin suite medical how much time do

2689

01:48:08,589 --> 01:48:04,989

we have the yeah we have a we have about

2690

01:48:10,620 --> 01:48:08,599

10 just under 10 minutes someone Doug

2691

01:48:12,939 --> 01:48:10,630

was mentioning Travis Walton up on the

2692

01:48:14,319 --> 01:48:12,949

very nice man yep that we've all met

2693

01:48:16,810 --> 01:48:14,329

Rodney and he's been on the show with

2694

01:48:18,790 --> 01:48:16,820

Mac just some simple days ago a nice guy

2695

01:48:19,779 --> 01:48:18,800

was gonna go I've interviewed him a

2696

01:48:22,209 --> 01:48:19,789

number of times and one time I

2697

01:48:24,129 --> 01:48:22,219

interviewed him completely like all

2698

01:48:26,169 --> 01:48:24,139

right let's not talk about your incident

2699

01:48:28,330 --> 01:48:26,179

was two other things very interesting

2700

01:48:31,120 --> 01:48:28,340

yes he's an intelligent guy he was

2701

01:48:32,979 --> 01:48:31,130

sitting at a cafe in the north end on

2702

01:48:35,379 --> 01:48:32,989

the phone right you know someone I

2703

01:48:38,830 --> 01:48:35,389

forget exactly who was with him Oh Susan

2704

01:48:41,410 --> 01:48:38,840

Susan right yeah and from the Greater

2705

01:48:43,450 --> 01:48:41,420

New England UFO conference right and um

2706

01:48:45,009 --> 01:48:43,460

in Leominster mass we only have like

2707

01:48:46,419 --> 01:48:45,019

three minutes to talk to him so we asked

2708

01:48:48,850 --> 01:48:46,429

him the burning question which we've

2709

01:48:52,239 --> 01:48:48,860

talked about why we said is it easier

2710

01:48:55,270 --> 01:48:52,249

and I'm serious about it you guys can is

2711

01:48:57,700 --> 01:48:55,280

it easier if you let's say a celebrity

2712

01:49:03,040 --> 01:48:57,710

in the UFO community to pick up women

2713

01:49:04,390 --> 01:49:03,050

okay he's drink just set the scene he's

2714

01:49:07,110 --> 01:49:04,400

in the North End he's having a

2715

01:49:09,480 --> 01:49:07,120

cappuccino he's with a woman yes

2716

01:49:14,940 --> 01:49:09,490

and he comes right back he said yeah

2717

01:49:17,160 --> 01:49:14,950

yeah like great wait for a second okay

2718

01:49:19,200 --> 01:49:17,170

you go to these conferences and so on

2719

01:49:20,640 --> 01:49:19,210

right you automatically have something

2720

01:49:22,050 --> 01:49:20,650

in common you know and that's the thing

2721

01:49:24,840 --> 01:49:22,060

that people are always looking at what

2722

01:49:27,540 --> 01:49:24,850

am I gonna talk to her about okay sure

2723

01:49:29,910 --> 01:49:27,550

or UFO conference reptilians whatever

2724

01:49:32,220 --> 01:49:29,920

you see what she's into and take it from

2725

01:49:34,230 --> 01:49:32,230

there you know and he immediately agreed

2726

01:49:36,990 --> 01:49:34,240

I mean the coffee cup wasn't even out of

2727

01:49:39,720 --> 01:49:37,000

his mother says yeah sure we're gonna do

2728

01:49:43,740 --> 01:49:39,730

a whole show on it so so you didn't ask

2729

01:49:45,390 --> 01:49:43,750

him about you know they never came up

2730

01:49:48,200 --> 01:49:45,400

can you believe it Barton it never came

2731

01:49:50,460 --> 01:49:48,210

up you only have him for three minutes

2732

01:49:53,240 --> 01:49:50,470

every night he went out to the he is a

2733

01:49:56,250 --> 01:49:53,250

nice out to the Roach coach that was a

2734

01:49:57,540 --> 01:49:56,260

free food for us that's for celebrities

2735

01:50:00,270 --> 01:49:57,550

for celebrities and they gave us free

2736

01:50:05,430 --> 01:50:00,280

food at the yeah and the roads coach has

2737

01:50:06,780 --> 01:50:05,440

JJ's we would have got the fries Dale

2738

01:50:08,400 --> 01:50:06,790

yeah we didn't have to have a price

2739

01:50:09,270 --> 01:50:08,410

that's right they weren't even a buck oh

2740

01:50:11,550 --> 01:50:09,280

they're free

2741

01:50:13,530 --> 01:50:11,560

he said oh you guys on the way out you

2742

01:50:15,480 --> 01:50:13,540

you're talking to somebody and then you

2743

01:50:16,890 --> 01:50:15,490

just have a common bond because you're

2744

01:50:19,290 --> 01:50:16,900

there right so you have instant

2745

01:50:21,000 --> 01:50:19,300

credibility so it's it's easy like you

2746

01:50:22,440 --> 01:50:21,010

said Mac it's easy to meet somebody

2747

01:50:24,270 --> 01:50:22,450

there's your way of saying that you

2748

01:50:26,070 --> 01:50:24,280

won't you think about that conference so

2749

01:50:27,960 --> 01:50:26,080

you think about that offices Mac

2750

01:50:29,210 --> 01:50:27,970

wouldn't be Mac without that proverbial

2751

01:50:32,340 --> 01:50:29,220

question

2752

01:50:34,260 --> 01:50:32,350

that's correct about go pick up girls in

2753

01:50:36,240 --> 01:50:34,270

yeah yeah I just think it makes common

2754

01:50:38,820 --> 01:50:36,250

sense to me you know I mean I think that

2755

01:50:41,130 --> 01:50:38,830

you can sit down and go what about that

2756

01:50:43,200 --> 01:50:41,140

Aztec crash you know what about that

2757

01:50:45,090 --> 01:50:43,210

Kanda thing don't you think isn't that a

2758

01:50:48,030 --> 01:50:45,100

bit Coco I'm welcoming you as if oh

2759

01:50:50,250 --> 01:50:48,040

absolutely I just I I just keep thinking

2760

01:50:50,610 --> 01:50:50,260

that line from the inquiring minds want

2761

01:50:52,410 --> 01:50:50,620

to know

2762

01:50:54,780 --> 01:50:52,420

I mean that's all Mac is doing he's he's

2763

01:50:57,060 --> 01:50:54,790

asking the questions that people want to

2764

01:50:58,770 --> 01:50:57,070

know they see his support flagging yeah

2765

01:51:01,820 --> 01:50:58,780

you know it's been really good for most

2766

01:51:07,530 --> 01:51:01,830

of the chill yeah so Mac as a culture

2767

01:51:10,410 --> 01:51:07,540

Cobra Martin do we want to believe that

2768

01:51:13,770 --> 01:51:10,420

they exist or do we or if we knew would

2769

01:51:15,020 --> 01:51:13,780

be scared out of our wits alone II I

2770

01:51:18,439 --> 01:51:15,030

think that he'll ran thing is

2771

01:51:20,149 --> 01:51:18,449

there but I think the more than 50% of

2772

01:51:22,459 --> 01:51:20,159

people around the world I mean around

2773

01:51:24,200 --> 01:51:22,469

the world want to see something come

2774

01:51:25,700 --> 01:51:24,210

here and say there's life in other

2775

01:51:27,169 --> 01:51:25,710

worlds because we want to know that it's

2776

01:51:30,200 --> 01:51:27,179

real yeah because if it is it's the

2777

01:51:33,109 --> 01:51:30,210

greatest you know leap forward in human

2778

01:51:34,729 --> 01:51:33,119

history because why would it be thinking

2779

01:51:39,169 --> 01:51:34,739

that earth is the only planet that's

2780

01:51:40,669 --> 01:51:39,179

happened by anybody yeah yeah and nobody

2781

01:51:43,430 --> 01:51:40,679

that's even the why that's the most wild

2782

01:51:44,660 --> 01:51:43,440

explanation I have to ask what Bible are

2783

01:51:47,029 --> 01:51:44,670

they reading that they get the

2784

01:51:49,459 --> 01:51:47,039

indications that that is not right you

2785

01:51:51,830 --> 01:51:49,469

know I I guess I get I read the wrong

2786

01:51:53,689 --> 01:51:51,840

version of it that everyone is quote and

2787

01:51:54,729 --> 01:51:53,699

when they come up with this there's a

2788

01:51:57,589 --> 01:51:54,739

movie you know

2789

01:52:03,379 --> 01:51:57,599

well series one one gets done reading

2790

01:52:05,299 --> 01:52:03,389

he'll pass it to me well what do you

2791

01:52:09,169 --> 01:52:05,309

think about the Drake Equation let's

2792

01:52:11,120 --> 01:52:09,179

make an example of that okay perfect

2793

01:52:14,870 --> 01:52:11,130

I think a good scientific basis on a

2794

01:52:16,399 --> 01:52:14,880

theory that that makes it plain that the

2795

01:52:19,279 --> 01:52:16,409

possibilities and the probabilities are

2796

01:52:21,890 --> 01:52:19,289

extremely probable hi yeah there's a

2797

01:52:23,810 --> 01:52:21,900

little different equation today since we

2798

01:52:25,129 --> 01:52:23,820

know so much more but absolutely yeah we

2799

01:52:26,750 --> 01:52:25,139

should say it's an equation that some

2800

01:52:29,120 --> 01:52:26,760

guy came up with was his name Drake

2801  
01:52:32,359 --> 01:52:29,130  
right yeah well he can't prove how they

2802  
01:52:33,859 --> 01:52:32,369  
do that they put together an algorithm

2803  
01:52:35,629 --> 01:52:33,869  
who knows but he came up with a

2804  
01:52:37,520 --> 01:52:35,639  
percentage of there's just like so many

2805  
01:52:40,700 --> 01:52:37,530  
planets out there so many stars so many

2806  
01:52:43,729 --> 01:52:40,710  
galaxies okay there's a there's 200

2807  
01:52:44,959 --> 01:52:43,739  
billion galaxies all right so just think

2808  
01:52:46,970 --> 01:52:44,969  
of all the planets are floating around

2809  
01:52:49,040 --> 01:52:46,980  
these guys and he said I don't know what

2810  
01:52:50,810 --> 01:52:49,050  
it was I didn't come up with there be 60

2811  
01:52:53,629 --> 01:52:50,820  
billion people just in ayran

2812  
01:52:55,970 --> 01:52:53,639  
I'm Milky Way at 60 billion beings and

2813  
01:52:57,379 --> 01:52:55,980

that was a low estimate right as you say

2814

01:52:59,240 --> 01:52:57,389

the more we learn you know I'm higher

2815

01:53:01,520 --> 01:52:59,250

that goes up you know there's an old

2816

01:53:04,010 --> 01:53:01,530

quote from arthur c clarke i love this

2817

01:53:06,049 --> 01:53:04,020

one two possibilities exist either we

2818

01:53:09,350 --> 01:53:06,059

are alone in the universe or we're not

2819

01:53:11,830 --> 01:53:09,360

both are equally terrifying you know

2820

01:53:13,970 --> 01:53:11,840

what terrifies me is officee client okay

2821

01:53:17,120 --> 01:53:13,980

did you have you ever and there's

2822

01:53:19,329 --> 01:53:17,130

probably not an appropriate subject his

2823

01:53:23,159 --> 01:53:19,339

background what was going on yeah

2824

01:53:25,719 --> 01:53:23,169

you know no I've no idea we'll get

2825

01:53:28,239 --> 01:53:25,729

someone let's just say that no can we

2826

01:53:32,439 --> 01:53:28,249

say he's not someone to be praised no no

2827

01:53:35,649 --> 01:53:32,449

not at all I mean his his genius that

2828

01:53:37,629 --> 01:53:35,659

came out and his writing yes is pretty

2829

01:53:39,129 --> 01:53:37,639

heavily counterbalance by his personal

2830

01:53:41,079 --> 01:53:39,139

life is that okay is that nice we'll

2831

01:53:44,979 --> 01:53:41,089

move on to some other party I'm gonna

2832

01:53:46,059 --> 01:53:44,989

give us some fun okay all right we have

2833

01:53:48,189 --> 01:53:46,069

three minutes left

2834

01:53:50,290 --> 01:53:48,199

is there any burning Martin what's your

2835

01:53:51,939 --> 01:53:50,300

favorite oh my god I was wondering if

2836

01:53:53,379 --> 01:53:51,949

anyone was gonna ask well I mean we

2837

01:53:55,529 --> 01:53:53,389

should have been asking new questions it

2838

01:53:57,969 --> 01:53:55,539

would have been more interesting no no

2839

01:53:59,469 --> 01:53:57,979

take my god you know they're all just

2840

01:54:01,029 --> 01:53:59,479

you know they're my all my babies so

2841

01:54:06,549 --> 01:54:01,039

it's hard to choose from you know people

2842

01:54:09,040 --> 01:54:06,559

always say that no I think boy well I

2843

01:54:12,219 --> 01:54:09,050

think the Ariel school incident mm-hmm

2844

01:54:15,609 --> 01:54:12,229

is a tie with Rendlesham forest

2845

01:54:17,889 --> 01:54:15,619

yeah Brendon is is pretty amazing stuff

2846

01:54:19,119 --> 01:54:17,899

and the money Zamora one does another

2847

01:54:21,459 --> 01:54:19,129

one with [h\_\_h] that's right up there I

2848

01:54:22,750 --> 01:54:21,469

always say that's in the top five - I'm

2849

01:54:25,799 --> 01:54:22,760

is interesting because we were talking

2850

01:54:28,389 --> 01:54:25,809

about mr. leer that's what got him

2851

01:54:30,759 --> 01:54:28,399

converted he had a friend that was at

2852

01:54:33,099 --> 01:54:30,769

Bentwaters captain in the Air Force

2853

01:54:34,689 --> 01:54:33,109

and he says hey we were locked in our

2854

01:54:36,129 --> 01:54:34,699

buildings and he couldn't move they want

2855

01:54:37,899 --> 01:54:36,139

to complete locks up and something

2856

01:54:40,029 --> 01:54:37,909

happened we thought for you know that

2857

01:54:41,439 --> 01:54:40,039

maybe this is it we're going to war but

2858

01:54:45,189 --> 01:54:41,449

we weren't acting like it was you know

2859

01:54:46,989 --> 01:54:45,199

wartime and he doctored UFOs I'm landed

2860

01:54:49,239 --> 01:54:46,999

in the woods and the marsh there and it

2861

01:54:50,469 --> 01:54:49,249

was rich heated things going on in 1968

2862

01:54:52,479 --> 01:54:50,479

and right around Christmas a lot of

2863

01:54:54,219 --> 01:54:52,489

people were away and stuff and they went

2864

01:54:56,529 --> 01:54:54,229

out made saw it and then the next night

2865

01:54:58,359 --> 01:54:56,539

two nights later a major went out had a

2866

01:55:01,419 --> 01:54:58,369

tape recorder you can hear him saying

2867

01:55:02,919 --> 01:55:01,429

1980 but you can hear him saying wow I

2868

01:55:04,449 --> 01:55:02,929

can see this thing what is this thing

2869

01:55:07,059 --> 01:55:04,459

you know I mean it's literally a tape

2870

01:55:10,479 --> 01:55:07,069

recorder major holiday mammoth Charles

2871

01:55:12,369 --> 01:55:10,489

halt amazing amazing evidence yeah it's

2872

01:55:14,409 --> 01:55:12,379

amazing story and then you have someone

2873

01:55:16,659 --> 01:55:14,419

like Ross who talks about from a

2874

01:55:19,689 --> 01:55:16,669

completely practice our power retired

2875

01:55:21,729 --> 01:55:19,699

REM friend of all of us and our in our

2876

01:55:23,739 --> 01:55:21,739

various shows all the underground

2877

01:55:26,529 --> 01:55:23,749

facilities all the stuff and then

2878

01:55:29,439 --> 01:55:26,539

ancient history of that particular part

2879

01:55:31,030 --> 01:55:29,449

of the UK of Bremen goes back for

2880

01:55:33,280 --> 01:55:31,040

hundreds of years of

2881

01:55:36,130 --> 01:55:33,290

of strange activities in that forest yes

2882

01:55:37,810 --> 01:55:36,140

two wheelbases with anyone going correct

2883

01:55:39,190 --> 01:55:37,820

- yeah bases where the US had nuclear

2884

01:55:40,780 --> 01:55:39,200

weapons that they weren't supposed to

2885

01:55:42,220 --> 01:55:40,790

have this so it's funny how these things

2886

01:55:44,740 --> 01:55:42,230

happen around places like you know you

2887

01:55:47,290 --> 01:55:44,750

can't ask halt if they were there you

2888

01:55:50,410 --> 01:55:47,300

know you can really upsetting me and

2889

01:55:52,420 --> 01:55:50,420

they should see that but there's a there

2890

01:55:54,940 --> 01:55:52,430

was a way around the way they can word

2891

01:55:58,030 --> 01:55:54,950

that in other words there's some type of

2892

01:55:59,680 --> 01:55:58,040

wording they can say I forget were they

2893

01:56:02,110 --> 01:55:59,690

say some type of weapons were but they

2894

01:56:03,490 --> 01:56:02,120

they don't actually say nuclear weapon

2895

01:56:05,650 --> 01:56:03,500

yeah right you would know something

2896

01:56:09,760 --> 01:56:05,660

about I have no idea I have no idea what

2897

01:56:13,300 --> 01:56:09,770

I'm not either so all right well we are

2898

01:56:18,100 --> 01:56:13,310

at the end of the show okay well Martin

2899

01:56:19,750 --> 01:56:18,110

thanks for a very unique experience this

2900

01:56:23,170 --> 01:56:19,760

was a blast I really had a lot of fun

2901

01:56:25,420 --> 01:56:23,180

okay I don't know but anyway we'll be

2902

01:56:30,250 --> 01:56:25,430

back next week at podcast UFO we're

2903

01:56:33,550 --> 01:56:30,260

gonna have Calvin Clark Calvin Klein

2904

01:56:35,950 --> 01:56:33,560

Calvin Klein the Calvin Parker yeah in

2905

01:56:38,470 --> 01:56:35,960

Calvin Parker and the Pascagoula case oh

2906

01:56:42,130 --> 01:56:38,480

yeah those guys that had the lobster

2907

01:56:44,650 --> 01:56:42,140

hands yeah yeah cool yeah so Calvin was

2908

01:56:46,840 --> 01:56:44,660

on my show and it was a very very moving

2909

01:56:49,930 --> 01:56:46,850

show because he actually connected with

2910

01:56:52,000 --> 01:56:49,940

a family member through my show that he

2911

01:56:54,280 --> 01:56:52,010

was estranged from and they really yeah

2912

01:56:56,260 --> 01:56:54,290

she was talking everyday just happened

2913

01:56:58,540 --> 01:56:56,270

to happen this great experience so

2914

01:57:01,290 --> 01:56:58,550

anyway that's it for this fortunately on

2915

01:57:07,600 --> 01:57:01,300

Mac show we sometimes break up families

2916

01:57:09,190 --> 01:57:07,610

we mean that time it was a ball cuz he

2917

01:57:10,930 --> 01:57:09,200

put up with a lot there folks

2918

01:57:13,270 --> 01:57:10,940

excellent alright everyone thanks so

2919

01:57:16,570 --> 01:57:13,280

much and remember to come back next week

2920

01:57:19,540 --> 01:57:16,580

and remember also to keep your eyes to
