here we go in five four three two all

15

00:00:49,880 --> 00:00:47,820

right everyone welcome back this is

16

00:00:52,850 --> 00:00:49,890

Martin Willis with podcast UFO my guest

17

00:00:54,080 --> 00:00:52,860

is James T Abbott we're talking about

18

00:00:58,580 --> 00:00:54,090

the outsiders

19

00:01:00,349 --> 00:00:58,590

guide to UFOs and a lot more and so I

20

00:01:03,740 --> 00:01:00,359

asked you to hold that thought did you

21

00:01:06,320 --> 00:01:03,750

hold the thought yeah sure about Ray

22

00:01:08,210 --> 00:01:06,330

poutier and the sighting over the

23

00:01:11,840 --> 00:01:08,220

Channel Islands yeah that one has always

24

00:01:13,880 --> 00:01:11,850

fascinated me I remember that there were

25

00:01:16,969 --> 00:01:13,890

two it was a small plane probably a twin

26
00:01:19,789 --> 00:01:16,979
twin engine plane going over the channel

27
00:01:21,950 --> 00:01:19,799
and I think there were two people on the

28
00:01:23,679 --> 00:01:21,960
seated in the back were or there were

29
00:01:26,090 --> 00:01:23,689
more than two people do you remember

30
00:01:29,390 --> 00:01:26,100
yeah there were more than two people it

31
00:01:31,490 --> 00:01:29,400
carries about 12 passengers the Islander

32
00:01:33,830 --> 00:01:31,500
Islander as they were called in those

33
00:01:35,539 --> 00:01:33,840
days a weird weird looking aircraft and

34
00:01:37,670 --> 00:01:35,549
very old fashioned in the sense that the

35
00:01:39,560 --> 00:01:37,680
pilot was completely open to the

36
00:01:42,080 --> 00:01:39,570
passengers the cockpit was their

37
00:01:45,740 --> 00:01:42,090
passengers sat just behind them like at

38
00:01:47,120 --> 00:01:45,750

a very old-fashioned aircraft and they

39

00:01:51,530 --> 00:01:47,130

don't build him anymore but they still

40

00:01:53,960 --> 00:01:51,540

use some of them and yeah he spotted

41

00:01:57,050 --> 00:01:53,970

this yellow thing over the Channel

42

00:01:59,870 --> 00:01:57,060

Islands and so did his passengers so did

43

00:02:03,050 --> 00:01:59,880

people on the ground and so at the end

44

00:02:05,380 --> 00:02:03,060

of the sighting did another plane a jet

45

00:02:07,760 --> 00:02:05,390

stream coming in to Jersey which was

46

00:02:10,639 --> 00:02:07,770

another Channel Island he was coming in

47

00:02:12,259 --> 00:02:10,649

from a slightly different direction

48

00:02:14,180 --> 00:02:12,269

I mean they were saying that these

49

00:02:17,059 --> 00:02:14,190

things were there were two of them and

50

00:02:20,300 --> 00:02:17,069

they were probably around half a mile to

51

00:02:23,059 --> 00:02:20,310

a mile in diameter or lengths or

52

00:02:25,039 --> 00:02:23,069

whatever you care to call it and they

53

00:02:27,860 --> 00:02:25,049

just sat there for the entire duration

54

00:02:32,720 --> 00:02:27,870

of the sighting rabo has since given

55

00:02:35,300 --> 00:02:32,730

lots of talks about that but he is still

56

00:02:37,930 --> 00:02:35,310

baffled by the whole thing and so is the

57

00:02:40,520 --> 00:02:37,940

British CAA the Civil Aviation Authority

58

00:02:43,580 --> 00:02:40,530

yeah I love I love those type of

59

00:02:46,309 --> 00:02:43,590

sightings so there's Jay Al I can't

60

00:02:50,530 --> 00:02:46,319

remember the number the but pilot

61

00:02:53,630 --> 00:02:50,540

sightings to me are really pretty solid

62

00:02:55,490 --> 00:02:53,640

you know because they know what the you

63

00:02:58,550 --> 00:02:55,500

know they know what aircraft are for the

64

00:03:03,020 --> 00:02:58,560

most part they're good good observers I

65

00:03:04,940 --> 00:03:03,030

believe her yep I think in it

66

00:03:06,860 --> 00:03:04,950

credibility is an issue that I find very

67

00:03:09,860 --> 00:03:06,870

interesting because the the whole thing

68

00:03:12,979 --> 00:03:09,870

about UFOs is about the credibility of

69

00:03:14,930 --> 00:03:12,989

the people who see them because we have

70

00:03:17,629 --> 00:03:14,940

nothing else we have no other evidence

71

00:03:21,080 --> 00:03:17,639

but the evidence of people's eyes and

72

00:03:24,849 --> 00:03:21,090

even where we have video a lot of the

73

00:03:27,289 --> 00:03:24,859

time the video is some his jerky and

74

00:03:29,089 --> 00:03:27,299

fairly poorly shot because people are

75

00:03:33,050 --> 00:03:29,099

having to do it in the rush of course

76

00:03:35,659 --> 00:03:33,060

and the the the net effect is that we

77

00:03:39,979 --> 00:03:35,669

only have these people's word for what

78

00:03:43,190 --> 00:03:39,989

they see most and the fact is that when

79

00:03:47,720 --> 00:03:43,200

you talk about anything to a person who

80

00:03:50,720 --> 00:03:47,730

is temperamentally unwilling to to think

81

00:03:53,059 --> 00:03:50,730

about the subject they always say to you

82

00:03:55,460 --> 00:03:53,069

yeah but people can make mistakes and

83

00:03:57,860 --> 00:03:55,470

yeah that's absolutely true of course

84

00:04:00,770 --> 00:03:57,870

people can make mistakes everybody makes

85

00:04:03,050 --> 00:04:00,780

mistakes and even pilots make mistakes

86

00:04:05,780 --> 00:04:03,060

police officers make mistakes but the

87

00:04:10,819 --> 00:04:05,790

point is you cannot then write off every

88

00:04:12,890 --> 00:04:10,829

single UFO sighting as worthless simply

89

00:04:15,129 --> 00:04:12,900

because you've proven or partially

90

00:04:18,159 --> 00:04:15,139

proven anyway that people make mistakes

91

00:04:20,750 --> 00:04:18,169

if that was the case then not a single

92

00:04:22,550 --> 00:04:20,760

criminal case would ever be solved

93

00:04:23,960 --> 00:04:22,560

because the police wouldn't be able to

94

00:04:26,750 --> 00:04:23,970

rely on witness evidence

95

00:04:29,510 --> 00:04:26,760

the fact is that we do if two or three

96

00:04:31,970 --> 00:04:29,520

people say that they saw something

97

00:04:34,250 --> 00:04:31,980

happen we we take that seriously in the

98

00:04:36,380 --> 00:04:34,260

police look into it but if they then go

99

00:04:38,870 --> 00:04:36,390

on or somebody else comes into the room

100

00:04:42,170 --> 00:04:38,880

and says well actually I'm an off-duty

101
00:04:45,410 --> 00:04:42,180
police officer from you know America and

102
00:04:46,940 --> 00:04:45,420
I saw that happen as well you start to

103
00:04:48,800 --> 00:04:46,950
think well yeah then that's pretty

104
00:04:51,380 --> 00:04:48,810
credible because this guy is a trained

105
00:04:54,260 --> 00:04:51,390
observer he knows what he's talking

106
00:04:56,630 --> 00:04:54,270
about and he's used to to dealing with

107
00:04:58,850 --> 00:04:56,640
incidents where observations are very

108
00:05:01,640 --> 00:04:58,860
important and that's the same with

109
00:05:04,160 --> 00:05:01,650
pilots and okay yet they can make

110
00:05:06,470 --> 00:05:04,170
mistakes but every single pilot and

111
00:05:10,790 --> 00:05:06,480
every single sighting I don't believe

112
00:05:13,940 --> 00:05:10,800
that well I agree and it only takes you

113
00:05:17,900 --> 00:05:13,950

know I've heard this said many times all

114

00:05:21,290 --> 00:05:17,910

we really need is one get some yeah and

115

00:05:22,850 --> 00:05:21,300

there's just so many you know I mean I

116

00:05:25,730 --> 00:05:22,860

don't even know exactly what the count

117

00:05:27,800 --> 00:05:25,740

is but you know over time all the

118

00:05:30,170 --> 00:05:27,810

sightings but you know when you tell you

119

00:05:33,380 --> 00:05:30,180

there's so many hundreds or even

120

00:05:37,070 --> 00:05:33,390

thousands you know per per month

121

00:05:39,800 --> 00:05:37,080

worldwide it's just yep just you just

122

00:05:42,890 --> 00:05:39,810

take one or two percent I mean that's

123

00:05:45,140 --> 00:05:42,900

all you really need and I do understand

124

00:05:49,010 --> 00:05:45,150

that there's there's a lot of mistaken

125

00:05:51,140 --> 00:05:49,020

you know identities of what appeared to

126
00:05:53,270 --> 00:05:51,150
be a UFO and then it's it ends up being

127
00:05:55,010 --> 00:05:53,280
something else that definitely happens

128
00:05:57,290 --> 00:05:55,020
and it happens to the majority a

129
00:06:00,740 --> 00:05:57,300
majority of them there was recently a

130
00:06:03,620 --> 00:06:00,750
film on YouTube that kind of went viral

131
00:06:07,370 --> 00:06:03,630
and as soon as I saw it I was kind of I

132
00:06:09,590 --> 00:06:07,380
don't know I guess discussed it is the

133
00:06:12,409 --> 00:06:09,600
best word to use and that is uh you know

134
00:06:15,170 --> 00:06:12,419
there was a guy in like a park looking

135
00:06:19,400 --> 00:06:15,180
across the river and purposely shaking

136
00:06:21,140 --> 00:06:19,410
his iPhone and basically it was a blimp

137
00:06:23,330 --> 00:06:21,150
there was a blimp you could you could

138
00:06:25,760 --> 00:06:23,340

definitely see it was a blimp but he was

139

00:06:27,469 --> 00:06:25,770

shaking his his phone enough to make it

140

00:06:30,920 --> 00:06:27,479

look like you know you couldn't really

141

00:06:32,630 --> 00:06:30,930

focus on it but and then he was saying

142

00:06:34,700 --> 00:06:32,640

did you see that he was acting like you

143

00:06:38,060 --> 00:06:34,710

know it surprised so there are people

144

00:06:40,720 --> 00:06:38,070

out there that that do like

145

00:06:45,680 --> 00:06:40,730

you know unfortunately there's there's a

146

00:06:47,480 --> 00:06:45,690

hoaxes too in the mix but yeah but you

147

00:06:51,860 --> 00:06:47,490

you explored I've looked at a lot of the

148

00:06:54,050 --> 00:06:51,870

cases you explore in your book and art

149

00:06:56,990 --> 00:06:54,060

and I I didn't go through it entirely

150

00:06:58,790 --> 00:06:57,000

but are there any that you do you

151

00:07:02,960 --> 00:06:58,800

explore the Hulk's part of the whole

152

00:07:05,510 --> 00:07:02,970

situation well not so much the hoax part

153

00:07:09,830 --> 00:07:05,520

at the moment no but because I think

154

00:07:11,420 --> 00:07:09,840

that's confusing for people we all know

155

00:07:13,280 --> 00:07:11,430

that there are hoaxes and we all know

156

00:07:16,430 --> 00:07:13,290

that there are some of them are fairly

157

00:07:18,230 --> 00:07:16,440

good hoaxes there are things that you

158

00:07:20,870 --> 00:07:18,240

would you look at and you think wow

159

00:07:23,660 --> 00:07:20,880

that's that's pretty convincing but the

160

00:07:25,760 --> 00:07:23,670

point is there are there are also and

161

00:07:29,150 --> 00:07:25,770

this is just another sad thing in some

162

00:07:34,250 --> 00:07:29,160

ways I think the people who study you

163

00:07:36,470 --> 00:07:34,260

foes tend to or at least some of the

164

00:07:38,630 --> 00:07:36,480

people who do it can be quite hysterical

165

00:07:41,330 --> 00:07:38,640

in their in their actions towards

166

00:07:45,950 --> 00:07:41,340

whatever other people tell them so you

167

00:07:48,560 --> 00:07:45,960

get this phenomenon where a website will

168

00:07:51,830 --> 00:07:48,570

pick up a story and then repeat it

169

00:07:54,350 --> 00:07:51,840

without questioning it and then it gets

170

00:07:56,600 --> 00:07:54,360

repeated again by another website and it

171

00:07:58,520 --> 00:07:56,610

gets on a blog and then a podcast and

172

00:08:00,560 --> 00:07:58,530

then everybody starts to say what this

173

00:08:03,470 --> 00:08:00,570

thing must be real this is absolutely

174

00:08:05,060 --> 00:08:03,480

got to have happened and one of the

175

00:08:08,750 --> 00:08:05,070

things that I deal with in the book is

176

00:08:10,360 --> 00:08:08,760

the Windsor Castle sighting which you

177

00:08:13,700 --> 00:08:10,370

know occurred back in the 18th century

178

00:08:18,070 --> 00:08:13,710

it's it's a you know you can look on

179

00:08:20,570 --> 00:08:18,080

almost any website across the across the

180

00:08:22,520 --> 00:08:20,580

internet and you'll find the Windsor

181

00:08:26,980 --> 00:08:22,530

Castle sighting it's a really

182

00:08:30,890 --> 00:08:26,990

interesting one because it didn't happen

183

00:08:34,279 --> 00:08:30,900

you know this was 1783 and everybody

184

00:08:37,820 --> 00:08:34,289

says wow you know these scientists in

185

00:08:40,610 --> 00:08:37,830

England saw a UFO streaked across the

186

00:08:43,700 --> 00:08:40,620

sky and and go off in different

187

00:08:46,430 --> 00:08:43,710

directions and there is a there's a

188

00:08:49,340 --> 00:08:46,440

almost all the web sites that report

189

00:08:51,920 --> 00:08:49,350

this carry that carry the same

190

00:08:56,540 --> 00:08:51,930

next and they say that this text comes

191

00:08:59,780 --> 00:08:56,550

from a document which was written by one

192

00:09:03,530 --> 00:08:59,790

of the the witnesses but it's slightly

193

00:09:06,020 --> 00:09:03,540

different to the real text now luckily

194

00:09:09,050 --> 00:09:06,030

when I first saw this I thought wow that

195

00:09:11,740 --> 00:09:09,060

really is quite something because it

196

00:09:14,420 --> 00:09:11,750

said that the object flew across the sky

197

00:09:17,240 --> 00:09:14,430

stopped then shot off in another

198

00:09:20,540 --> 00:09:17,250

direction and then turned around in

199

00:09:22,820 --> 00:09:20,550

itself and and finally disappeared now

200

00:09:24,680 --> 00:09:22,830

that sounds like a UFO and you've got to

201
00:09:29,210 --> 00:09:24,690
think wow you know that's pretty good

202
00:09:31,880 --> 00:09:29,220
for 1793 but when you've luckily for us

203
00:09:34,760 --> 00:09:31,890
the the record of the incident is

204
00:09:38,690 --> 00:09:34,770
actually in in the Royal Society's

205
00:09:40,220 --> 00:09:38,700
archives so and and they're online so

206
00:09:42,380 --> 00:09:40,230
you go online and you look at the

207
00:09:45,560 --> 00:09:42,390
original document and of course it's got

208
00:09:47,270 --> 00:09:45,570
nothing to do with the UFO what people

209
00:09:49,880 --> 00:09:47,280
are doing is that they're interpreting

210
00:09:53,780 --> 00:09:49,890
18th century language and the way people

211
00:09:56,600 --> 00:09:53,790
used to talk in the 18th century and

212
00:09:59,180 --> 00:09:56,610
they are saying yeah that means that

213
00:10:01,430 --> 00:09:59,190

this thing was was was really strange I

214

00:10:04,550 --> 00:10:01,440

mean one part for instance it says

215

00:10:07,970 --> 00:10:04,560

something about the cloud arranging

216

00:10:10,190 --> 00:10:07,980

itself across the sky and the UFO people

217

00:10:13,130 --> 00:10:10,200

have interpreted that as meaning that

218

00:10:17,030 --> 00:10:13,140

the cloud moved which of course it

219

00:10:20,780 --> 00:10:17,040

didn't so I thought well ok this now

220

00:10:23,570 --> 00:10:20,790

looks like it wasn't a UFO but on the

221

00:10:26,120 --> 00:10:23,580

other hand you need corroboration and

222

00:10:28,820 --> 00:10:26,130

luckily that incident was reported to

223

00:10:31,180 --> 00:10:28,830

put on by three no less than three other

224

00:10:34,610 --> 00:10:31,190

people all in different places in

225

00:10:37,370 --> 00:10:34,620

England one of whom was the Dean of York

226

00:10:39,860 --> 00:10:37,380

Minster the Cathedral in York one was

227

00:10:42,770 --> 00:10:39,870

another scientist in London and another

228

00:10:46,460 --> 00:10:42,780

was a scientist who was just outside

229

00:10:48,740 --> 00:10:46,470

London now all of them gave their

230

00:10:52,370 --> 00:10:48,750

testimony to the Royal Society who gave

231

00:10:54,140 --> 00:10:52,380

reports and so on and this is almost no

232

00:10:56,900 --> 00:10:54,150

doubt in my mind that that thing was

233

00:11:00,260 --> 00:10:56,910

simply a bolide because a meteor type

234

00:11:01,730 --> 00:11:00,270

object which exploded eventually over

235

00:11:04,760 --> 00:11:01,740

somewhere over northern France

236

00:11:06,740 --> 00:11:04,770

we believe but that's indicative of the

237

00:11:09,830 --> 00:11:06,750

sorts of things that can happen and

238

00:11:11,960 --> 00:11:09,840

you'll still find them to this day on

239

00:11:16,540 --> 00:11:11,970

the web accounts of the Windsor Castle

240

00:11:19,040 --> 00:11:16,550

UFO and you know you've got to be a

241

00:11:22,070 --> 00:11:19,050

little bit more aggressive about the way

242

00:11:23,870 --> 00:11:22,080

you corroborate these stories yes

243

00:11:25,310 --> 00:11:23,880

there's a there's another one similar to

244

00:11:29,420 --> 00:11:25,320

that I don't know if you've ever heard

245

00:11:32,030 --> 00:11:29,430

of the Alexander the Great UFO but that

246

00:11:35,960 --> 00:11:32,040

was that was traced back to a novel and

247

00:11:39,890 --> 00:11:35,970

I think 1952 and that no further back

248

00:11:42,980 --> 00:11:39,900

than that so yep you're right and it is

249

00:11:46,820 --> 00:11:42,990

really something how fiction B can

250

00:11:48,440 --> 00:11:46,830

become reality if it's or they think it

251
00:11:51,680 --> 00:11:48,450
you know people will take it as reality

252
00:11:55,840 --> 00:11:51,690
and a lot of times of Alejandro and I

253
00:11:58,490 --> 00:11:55,850
have brought up you can you can blame

254
00:12:02,300 --> 00:11:58,500
some of the British tabloids for a

255
00:12:03,980 --> 00:12:02,310
really for doing a lot of that it's up

256
00:12:06,440 --> 00:12:03,990
it's what they call the clickbait as

257
00:12:08,390 --> 00:12:06,450
they call it and you know there's a lot

258
00:12:10,550 --> 00:12:08,400
of UFO stories that are rather

259
00:12:14,390 --> 00:12:10,560
exaggerated on some of the British

260
00:12:20,720 --> 00:12:14,400
tabloids yep that's true there's lots of

261
00:12:22,850 --> 00:12:20,730
them yeah so can you explain because I

262
00:12:24,740 --> 00:12:22,860
didn't get a chance to I I bought your

263
00:12:28,100 --> 00:12:24,750

book on Kindle and like I mentioned

264

00:12:29,360 --> 00:12:28,110

before we were on the show I'm just in

265

00:12:31,610 --> 00:12:29,370

the middle of a lot of things I didn't

266

00:12:33,230 --> 00:12:31,620

really get much of a chance to skim

267

00:12:36,320 --> 00:12:33,240

through it or read it at all

268

00:12:38,660 --> 00:12:36,330

can you explain when you talk about the

269

00:12:42,410 --> 00:12:38,670

stories do you just go into the stories

270

00:12:44,510 --> 00:12:42,420

that happened in or do you put like your

271

00:12:47,450 --> 00:12:44,520

your ideas of what you think happened

272

00:12:49,190 --> 00:12:47,460

how does that work in your book well

273

00:12:51,530 --> 00:12:49,200

it's exactly what you say I took what I

274

00:12:53,900 --> 00:12:51,540

tried to do is give people the facts as

275

00:12:57,890 --> 00:12:53,910

far as I understand them and have been

276

00:13:01,010 --> 00:12:57,900

able to research them and then I present

277

00:13:04,270 --> 00:13:01,020

whatever skeptical approaches might have

278

00:13:08,180 --> 00:13:04,280

been made to that particular citing and

279

00:13:09,920 --> 00:13:08,190

finally I talked about my own feelings

280

00:13:13,100 --> 00:13:09,930

and analysis

281

00:13:16,660 --> 00:13:13,110

I mean my whole life is as a researcher

282

00:13:21,019 --> 00:13:16,670

is about looking at documentation and

283

00:13:23,240 --> 00:13:21,029

facts and extracting some sort of

284

00:13:25,639 --> 00:13:23,250

intelligence from them that's what I've

285

00:13:28,070 --> 00:13:25,649

tried to do in the book I mean the the

286

00:13:30,440 --> 00:13:28,080

Exeter New Hampshire sighting is a good

287

00:13:33,440 --> 00:13:30,450

case in point I think you know you will

288

00:13:37,370 --> 00:13:33,450

be very aware of that one yeah the the

289

00:13:39,110 --> 00:13:37,380

fact is that you know people have tried

290

00:13:43,540 --> 00:13:39,120

to explain it in the number of different

291

00:13:47,440 --> 00:13:43,550

ways and I guess the most recent is the

292

00:13:51,440 --> 00:13:47,450

cycle explanation which is that it was

293

00:13:56,120 --> 00:13:51,450

refueling tankers off the coast of New

294

00:13:58,820 --> 00:13:56,130

Hampshire now you know again it sounds

295

00:14:00,680 --> 00:13:58,830

plausible you read the explanation or

296

00:14:03,370 --> 00:14:00,690

the supposed explanation and you think

297

00:14:06,320 --> 00:14:03,380

well you know that's that's at least

298

00:14:09,110 --> 00:14:06,330

basically plausible but the point is

299

00:14:11,840 --> 00:14:09,120

that refueling tankers fly at such an

300

00:14:16,070 --> 00:14:11,850

altitude even in those days even the old

301
00:14:19,460 --> 00:14:16,080
piston engine ones that the lights from

302
00:14:21,140 --> 00:14:19,470
them were highly unlikely I mean would

303
00:14:24,440 --> 00:14:21,150
have been impossible to put it bluntly

304
00:14:26,630 --> 00:14:24,450
that they would illuminate a farm for

305
00:14:29,360 --> 00:14:26,640
example right which is what normal

306
00:14:30,800 --> 00:14:29,370
muscarello said that it had illuminated

307
00:14:34,010 --> 00:14:30,810
you know they've got the poor that was

308
00:14:35,810 --> 00:14:34,020
scared out of his life yes you know

309
00:14:38,540 --> 00:14:35,820
threw himself in a ditch at one point

310
00:14:40,670 --> 00:14:38,550
now the lights from a refueling tanker

311
00:14:44,060 --> 00:14:40,680
aren't going to do that psych ops said

312
00:14:46,220 --> 00:14:44,070
that the refueling tankers buzzed a lady

313
00:14:48,949 --> 00:14:46,230

who had complained earlier in the day

314

00:14:51,890 --> 00:14:48,959

about being annoyed by something that

315

00:14:54,769 --> 00:14:51,900

flew over her car and stopped over her

316

00:14:56,870 --> 00:14:54,779

car yeah now the skeptics have said that

317

00:14:59,329 --> 00:14:56,880

that was refueling tankers as well and

318

00:15:02,870 --> 00:14:59,339

the answer is you know that's rubbish if

319

00:15:06,019 --> 00:15:02,880

we no pilot in his right mind flying a

320

00:15:09,230 --> 00:15:06,029

tanker full of aviation fuel is going to

321

00:15:11,900 --> 00:15:09,240

buzz a car at a low enough altitude to

322

00:15:15,650 --> 00:15:11,910

be able to scare the the car driver and

323

00:15:17,870 --> 00:15:15,660

anyway even you know the most naive of

324

00:15:20,780 --> 00:15:17,880

car drivers would recognize an aircraft

325

00:15:23,370 --> 00:15:20,790

flying over them so it's those sorts of

326

00:15:25,580 --> 00:15:23,380

things right right

327

00:15:28,140 --> 00:15:25,590

yeah that isn't that is we just have the

328

00:15:30,330 --> 00:15:28,150

celebration a couple of years a couple

329

00:15:33,330 --> 00:15:30,340

weeks ago actually in Exeter they do a

330

00:15:35,850 --> 00:15:33,340

little festival every year on that I was

331

00:15:38,790 --> 00:15:35,860

miss I missed that this year but yeah

332

00:15:41,190 --> 00:15:38,800

it's a it's one of those great cases and

333

00:15:43,140 --> 00:15:41,200

it actually happened very close a friend

334

00:15:47,010 --> 00:15:43,150

it's actually Kensington which of course

335

00:15:48,330 --> 00:15:47,020

another English name town but up right

336

00:15:50,850 --> 00:15:48,340

next to Exeter that's actually whether

337

00:15:52,500 --> 00:15:50,860

it happened but yeah that's that's a

338

00:15:55,620 --> 00:15:52,510

great case it's one of the really good

339

00:15:59,070 --> 00:15:55,630

cases and and of course you brought up

340

00:16:01,160 --> 00:15:59,080

Roswell Roswell is is pretty

341

00:16:03,900 --> 00:16:01,170

controversial you know a lot of people

342

00:16:06,750 --> 00:16:03,910

still think there was really nothing to

343

00:16:09,720 --> 00:16:06,760

that I'm kind of on the fence about it I

344

00:16:11,610 --> 00:16:09,730

don't really I don't really know I had I

345

00:16:13,410 --> 00:16:11,620

have an argument about it that I always

346

00:16:16,410 --> 00:16:13,420

bring up when someone's totally

347

00:16:19,230 --> 00:16:16,420

skeptical about Roswell and that is well

348

00:16:21,780 --> 00:16:19,240

my listeners have heard it enough but

349

00:16:23,120 --> 00:16:21,790

what were your what were your thoughts

350

00:16:30,330 --> 00:16:23,130

on Roswell

351
00:16:32,630 --> 00:16:30,340
Wow how long have you got we got another

352
00:16:37,560 --> 00:16:32,640
about eight minutes or so and this

353
00:16:40,860 --> 00:16:37,570
before this break brosef Roswell is is

354
00:16:44,670 --> 00:16:40,870
one of those incidents where there is so

355
00:16:47,640 --> 00:16:44,680
much now on the record about it so many

356
00:16:49,770 --> 00:16:47,650
fascinating people have been have

357
00:16:51,630 --> 00:16:49,780
claimed that something happened that

358
00:16:54,240 --> 00:16:51,640
they saw things that they found things

359
00:16:58,230 --> 00:16:54,250
that they I mean you know Walter Haut

360
00:17:02,550 --> 00:16:58,240
were saying I saw bodies I saw objects

361
00:17:05,490 --> 00:17:02,560
which look like in a spacecraft and and

362
00:17:08,610 --> 00:17:05,500
the guy must I absolutely believe he

363
00:17:11,220 --> 00:17:08,620

must have believed that he did see those

364

00:17:14,040 --> 00:17:11,230

things because he signed a legal

365

00:17:15,960 --> 00:17:14,050

affidavit to say so now you know when

366

00:17:18,960 --> 00:17:15,970

there are people like that involved

367

00:17:21,660 --> 00:17:18,970

people of obvious genuineness over the

368

00:17:25,429 --> 00:17:21,670

years you you have to wonder what what

369

00:17:27,510 --> 00:17:25,439

went on but for me the key to Roswell

370

00:17:29,220 --> 00:17:27,520

and I know there are all sorts of

371

00:17:31,680 --> 00:17:29,230

theories you know that right down to

372

00:17:33,600 --> 00:17:31,690

what grosse and his set of a satellite

373

00:17:35,840 --> 00:17:33,610

oh yeah so I you clear up on current

374

00:17:38,030 --> 00:17:35,850

events that's good yeah

375

00:17:39,740 --> 00:17:38,040

yeah I mean there are all sorts of

376

00:17:42,530 --> 00:17:39,750

theories about it but for me there's a

377

00:17:45,500 --> 00:17:42,540

crucial issue here and that is why did

378

00:17:47,540 --> 00:17:45,510

they release press release well that's

379

00:17:49,040 --> 00:17:47,550

my argument the one I've said that my

380

00:17:51,650 --> 00:17:49,050

listeners are gonna get tired of hearing

381

00:17:53,630 --> 00:17:51,660

me say oh right that's exactly my

382

00:17:55,340 --> 00:17:53,640

argument I say it to every skeptic I

383

00:17:57,830 --> 00:17:55,350

said why on earth did they put that out

384

00:18:00,890 --> 00:17:57,840

in the first place and so you and I

385

00:18:05,420 --> 00:18:00,900

agree on that I like that absolutely I

386

00:18:09,830 --> 00:18:05,430

mean you just doesn't make sense if

387

00:18:15,220 --> 00:18:09,840

there was a major event there for the

388

00:18:18,680 --> 00:18:15,230

base commander to to issue that sort of

389

00:18:22,040 --> 00:18:18,690

absolutely inflammatory press release

390

00:18:27,380 --> 00:18:22,050

which mentions a disc about 30,000 times

391

00:18:29,270 --> 00:18:27,390

and when when you look at it you have to

392

00:18:32,140 --> 00:18:29,280

think well you know something must have

393

00:18:35,480 --> 00:18:32,150

happened something was was there but

394

00:18:38,480 --> 00:18:35,490

this guy went on to become a general in

395

00:18:42,170 --> 00:18:38,490

fact a very senior General in the US Air

396

00:18:44,120 --> 00:18:42,180

Force and I know I don't know whether

397

00:18:47,870 --> 00:18:44,130

the US Air Force is anything like the

398

00:18:50,720 --> 00:18:47,880

RAF but when you foul up in the RAF you

399

00:18:53,120 --> 00:18:50,730

don't get promoted you do not actually

400

00:18:55,730 --> 00:18:53,130

you know ever see a promotion from that

401
00:18:58,280 --> 00:18:55,740
point on issue you've got to be pretty

402
00:19:00,050 --> 00:18:58,290
good but he got promoted and he got

403
00:19:03,110 --> 00:19:00,060
promoted right the way up to there

404
00:19:05,810 --> 00:19:03,120
almost at the very top now that that can

405
00:19:09,370 --> 00:19:05,820
says something to me that the guy was

406
00:19:11,390 --> 00:19:09,380
approved by higher authority and by

407
00:19:13,610 --> 00:19:11,400
implication that means that they

408
00:19:17,930 --> 00:19:13,620
approved of him releasing that press

409
00:19:20,480 --> 00:19:17,940
release so I'm left wondering and like

410
00:19:22,010 --> 00:19:20,490
you say I'm I'm on the fence about the

411
00:19:24,230 --> 00:19:22,020
whole thing as well but there is

412
00:19:30,080 --> 00:19:24,240
something in me that wonders whether

413
00:19:32,660 --> 00:19:30,090

there was an an alien aspect to this at

414

00:19:35,270 --> 00:19:32,670

all or whether this was something else I

415

00:19:39,650 --> 00:19:35,280

mean you you will know of dick Redferns

416

00:19:43,160 --> 00:19:39,660

theories right there are there are there

417

00:19:46,630 --> 00:19:43,170

are aspects to the case which a press

418

00:19:48,610 --> 00:19:46,640

release like that would would cover up

419

00:19:50,950 --> 00:19:48,620

very effectively

420

00:19:53,740 --> 00:19:50,960

you know it plays to the hysteria at

421

00:19:55,510 --> 00:19:53,750

play place to the local beliefs it plays

422

00:19:58,080 --> 00:19:55,520

to the fact that people had seen things

423

00:20:04,000 --> 00:19:58,090

in the sky recently and they knew that

424

00:20:07,180 --> 00:20:04,010

and it effectively distracts for just a

425

00:20:11,320 --> 00:20:07,190

day from what might be a different story

426

00:20:12,730 --> 00:20:11,330

I don't know but it's fascinating I mean

427

00:20:15,850 --> 00:20:12,740

they retook there are so many people you

428

00:20:18,970 --> 00:20:15,860

know Philip Corso on one side and I

429

00:20:21,430 --> 00:20:18,980

cannot everybody has it has their own

430

00:20:25,960 --> 00:20:21,440

beliefs about Roswell is a fascinating

431

00:20:27,310 --> 00:20:25,970

modern fairy story and then you know the

432

00:20:29,080 --> 00:20:27,320

people that have done a lot of the

433

00:20:36,970 --> 00:20:29,090

research you know starting out of course

434

00:20:40,330 --> 00:20:36,980

with Stanton Friedman but Tom Kerry Don

435

00:20:43,570 --> 00:20:40,340

Schmidt Kevin really well all these

436

00:20:45,220 --> 00:20:43,580

people have done have spoken to you know

437

00:20:47,230 --> 00:20:45,230

they were there early enough with a lot

438

00:20:49,270 --> 00:20:47,240

of the firsthand witnesses

439

00:20:52,180 --> 00:20:49,280

we're so alive now they're you know in

440

00:20:54,490 --> 00:20:52,190

their 90's or a lot of it there's just a

441

00:20:58,060 --> 00:20:54,500

few left actually but they actually

442

00:21:00,370 --> 00:20:58,070

spoke and and you know a lot of the

443

00:21:04,390 --> 00:21:00,380

stories were very similar there's got to

444

00:21:07,990 --> 00:21:04,400

be something to that I'm still there's

445

00:21:12,220 --> 00:21:08,000

still some a lot of confusion for me as

446

00:21:13,450 --> 00:21:12,230

far as as far as Roswell goes and you

447

00:21:15,430 --> 00:21:13,460

know some people have the theory that

448

00:21:18,250 --> 00:21:15,440

there were there was a crash where two

449

00:21:21,820 --> 00:21:18,260

crafts actually crashed I think even

450

00:21:23,710 --> 00:21:21,830

Stan Freeman says he believes that might

451
00:21:26,230 --> 00:21:23,720
be what happened in the crash like 60

452
00:21:31,710 --> 00:21:26,240
miles apart or whatever it was so that

453
00:21:34,799 --> 00:21:31,720
there is confusion for for me anyway of

454
00:21:37,360 --> 00:21:34,809
the debris field and then the other

455
00:21:40,330 --> 00:21:37,370
Volkswagen sized piece or whatever they

456
00:21:43,330 --> 00:21:40,340
found supposedly with bodies you know I

457
00:21:46,090 --> 00:21:43,340
mean that it's really bizarre

458
00:21:49,480 --> 00:21:46,100
you know what did you get into any of

459
00:21:53,380 --> 00:21:49,490
that part of it yeah I mean I was

460
00:21:57,580 --> 00:21:53,390
reading about Jesse Marcel the other day

461
00:22:00,570 --> 00:21:57,590
there and he's almost one of one of my

462
00:22:02,140 --> 00:22:00,580
sort of rules of thumb when you read

463
00:22:05,470 --> 00:22:02,150

witness state

464

00:22:08,650 --> 00:22:05,480

is especially formal and official

465

00:22:13,090 --> 00:22:08,660

witnesses is the degree to which they

466

00:22:19,000 --> 00:22:13,100

are angry with the way they are treated

467

00:22:22,480 --> 00:22:19,010

and Jesse Marcel and another guy Charles

468

00:22:24,160 --> 00:22:22,490

half of course are the two that I always

469

00:22:26,530 --> 00:22:24,170

mentioned when people say well what do

470

00:22:30,670 --> 00:22:26,540

you mean about that they are official

471

00:22:34,510 --> 00:22:30,680

witnesses who say what they saw and what

472

00:22:38,110 --> 00:22:34,520

happened and then are visibly and

473

00:22:43,000 --> 00:22:38,120

obviously frustrated by official

474

00:22:46,360 --> 00:22:43,010

disbelief and and the sort of ridicule

475

00:22:49,420 --> 00:22:46,370

that comes from their colleagues because

476
00:22:52,090 --> 00:22:49,430
of that official disbelief Jesse Marcel

477
00:22:55,360 --> 00:22:52,100
I think suffered more than most from

478
00:22:59,800 --> 00:22:55,370
that and yet in theory he was just

479
00:23:05,980 --> 00:22:59,810
telling it as it was right and you

480
00:23:07,540 --> 00:23:05,990
wonder if if if Stan the whole thing

481
00:23:09,390 --> 00:23:07,550
came back out again

482
00:23:11,650 --> 00:23:09,400
you know because Stan Freedman was at a

483
00:23:14,860 --> 00:23:11,660
radio station where someone didn't show

484
00:23:16,090 --> 00:23:14,870
up and then the guy casually mentioned I

485
00:23:18,250 --> 00:23:16,100
may be getting this a little bit wrong

486
00:23:21,730 --> 00:23:18,260
guy casually mentions that hey you

487
00:23:23,080 --> 00:23:21,740
should talk to the this guy over and I

488
00:23:24,630 --> 00:23:23,090

don't know if it was Oklahoma or

489

00:23:27,460 --> 00:23:24,640

wherever I can remember where they lived

490

00:23:30,220 --> 00:23:27,470

just to Marcel he said he talks about a

491

00:23:33,270 --> 00:23:30,230

crash you know UFO and that's you know

492

00:23:36,250 --> 00:23:33,280

kind of how Roswell came back out after

493

00:23:39,310 --> 00:23:36,260

30-some odd years of being buried and

494

00:23:40,270 --> 00:23:39,320

you wonder if that particular situation

495

00:23:43,210 --> 00:23:40,280

didn't happen

496

00:23:45,220 --> 00:23:43,220

would there be no Roswell you know with

497

00:23:47,440 --> 00:23:45,230

or do you think they would eventually

498

00:23:48,910 --> 00:23:47,450

have come out I think it would

499

00:23:51,160 --> 00:23:48,920

eventually have come out of because

500

00:23:53,890 --> 00:23:51,170

there were so many people who had

501
00:23:55,210 --> 00:23:53,900
stories to tell and eventually someone

502
00:23:57,010 --> 00:23:55,220
would have had would have would have

503
00:23:59,680 --> 00:23:57,020
heard of them but Stanton Friedman of

504
00:24:02,890 --> 00:23:59,690
course being the great researcher and

505
00:24:05,410 --> 00:24:02,900
detective that he is actually you know

506
00:24:08,980 --> 00:24:05,420
stumbled body and knew that he'd found

507
00:24:10,870 --> 00:24:08,990
something really important so you know

508
00:24:14,080 --> 00:24:10,880
when you when you go to see him I think

509
00:24:15,490 --> 00:24:14,090
please thank him for all of us for every

510
00:24:18,550 --> 00:24:15,500
hour of working Stan

511
00:24:21,130 --> 00:24:18,560
for the past 4050 years yeah amazing

512
00:24:25,440 --> 00:24:21,140
yeah I'm pretty excited to do that show

513
00:24:28,000 --> 00:24:25,450

with them so someone was just saying

514

00:24:30,370 --> 00:24:28,010

there weren't three kept crash sites it

515

00:24:33,520 --> 00:24:30,380

was just - one was the so-called pod and

516

00:24:34,450 --> 00:24:33,530

then the debris field right yep that's

517

00:24:36,580 --> 00:24:34,460

one I've ever heard

518

00:24:38,200 --> 00:24:36,590

yeah I just saw that in chat was one

519

00:24:40,570 --> 00:24:38,210

yeah there are rumors that there is a

520

00:24:44,050 --> 00:24:40,580

third site but but I've never I've never

521

00:24:45,360 --> 00:24:44,060

seen them substantiated in any way but

522

00:24:49,770 --> 00:24:45,370

interestingly again you see that

523

00:24:52,780 --> 00:24:49,780

congressman Schiff when he ran the this

524

00:24:54,430 --> 00:24:52,790

official investigation on it or managed

525

00:24:57,310 --> 00:24:54,440

to get it going

526

00:24:59,380 --> 00:24:57,320

the it was revealed the papers were

527

00:25:03,160 --> 00:24:59,390

destroyed without proper authority now

528

00:25:05,740 --> 00:25:03,170

again mysteries begin to build out why

529

00:25:08,650 --> 00:25:05,750

why were all the papers about Roswell

530

00:25:11,170 --> 00:25:08,660

about the phone calls about the exchange

531

00:25:14,860 --> 00:25:11,180

of information and letters and memos why

532

00:25:16,570 --> 00:25:14,870

was that all destroyed yeah yeah it

533

00:25:21,100 --> 00:25:16,580

doesn't make I'm sure you've probably

534

00:25:24,250 --> 00:25:21,110

heard of the the case where there was a

535

00:25:26,110 --> 00:25:24,260

ex CIA guy I can't remember his name but

536

00:25:28,900 --> 00:25:26,120

anyway it's time for us to go to break

537

00:25:33,250 --> 00:25:28,910

so we'll do that now this is Martin

538

00:25:35,770 --> 00:25:33,260

Willis kgr a radio and my guest tonight

539

00:25:40,710 --> 00:25:35,780

is James T Abbott hang in there we'll be

540

00:25:44,980 --> 00:25:43,030

then we're clear three and a half

541

00:25:48,490 --> 00:25:44,990

minutes in this break Jim all right

542

00:25:51,520 --> 00:25:48,500

sounds good okay race just just real

543

00:25:53,140 --> 00:25:51,530

quickly race if you could send me the

544

00:25:56,140 --> 00:25:53,150

raw file right after the show that'd be

545

00:25:58,390 --> 00:25:56,150

great I'll take care of and I know it's

546

00:26:00,310 --> 00:25:58,400

longer because you record music ahead of

547

00:26:03,460 --> 00:26:00,320

time but if you could do that I'll work

548

00:26:07,780 --> 00:26:03,470

on that right away you got it all right

549

00:26:10,480 --> 00:26:07,790

appreciate it all right so so we were

550

00:26:11,680 --> 00:26:10,490

talking the last break I I think we're

551
00:26:15,640 --> 00:26:11,690
talking about the weather

552
00:26:19,020 --> 00:26:15,650
there and and UFO sightings there's a

553
00:26:22,360 --> 00:26:19,030
the warminster isn't that also England

554
00:26:26,050 --> 00:26:22,370
yep you have that signed in Dorset down

555
00:26:28,960 --> 00:26:26,060
south yep yeah and have you followed

556
00:26:29,410 --> 00:26:28,970
that do you follow like UFO sightings in

557
00:26:33,220 --> 00:26:29,420
your country

558
00:26:36,820 --> 00:26:33,230
besides their channel channel is yeah

559
00:26:38,980 --> 00:26:36,830
yeah we're I'm fairly well linked into

560
00:26:41,050 --> 00:26:38,990
most of what is happening here because I

561
00:26:43,510 --> 00:26:41,060
have people who tell me when things

562
00:26:49,870 --> 00:26:43,520
happen in their particular areas but

563
00:26:55,320 --> 00:26:49,880

it's we get probably about 300 200 to

564

00:26:59,710 --> 00:26:55,330

300 sightings here of which maybe 10 15

565

00:27:03,700 --> 00:26:59,720

are inexplicable by the local roofer

566

00:27:06,310 --> 00:27:03,710

organizations and so on and the some of

567

00:27:08,530 --> 00:27:06,320

them are really strange I mean this this

568

00:27:11,440 --> 00:27:08,540

ties in of course with crop circles and

569

00:27:13,690 --> 00:27:11,450

the feeling that that's the one area in

570

00:27:19,900 --> 00:27:13,700

Britain warminster where there is a a

571

00:27:20,470 --> 00:27:19,910

feeling that ancient rites and ancient

572

00:27:24,220 --> 00:27:20,480

power

573

00:27:27,940 --> 00:27:24,230

he's manifesting itself in various ways

574

00:27:32,230 --> 00:27:27,950

and even in one of my friends who is a

575

00:27:34,900 --> 00:27:32,240

king UFO investigator believes that down

576

00:27:39,220 --> 00:27:34,910

there most of the instance are actually

577

00:27:42,640 --> 00:27:39,230

about power in some way he was a great

578

00:27:48,210 --> 00:27:42,650

believer in lines into

579

00:27:50,410 --> 00:27:48,220

interconnectedness really strange and

580

00:27:55,090 --> 00:27:50,420

I'm trying to think some of the

581

00:27:56,890 --> 00:27:55,100

monolithic sites there's our Stonehenge

582

00:27:59,380 --> 00:27:56,900

yeah out there saying you know some

583

00:28:02,590 --> 00:27:59,390

weird there's weird goings goings on in

584

00:28:04,300 --> 00:28:02,600

those places and I'd like to talk in the

585

00:28:06,190 --> 00:28:04,310

second hour when we get into that I'd

586

00:28:07,960 --> 00:28:06,200

like to talk about Rendlesham forest

587

00:28:11,620 --> 00:28:07,970

have you done a lot of research on that

588

00:28:13,510 --> 00:28:11,630

particular case yeah I have yes that's

589

00:28:14,620 --> 00:28:13,520

always after you mentioned Charles

590

00:28:17,770 --> 00:28:14,630

hailed I thought that would be a good

591

00:28:21,090 --> 00:28:17,780

topic to to go into we have race what do

592

00:28:25,420 --> 00:28:21,100

we have about 30 seconds left

593

00:28:30,010 --> 00:28:25,430

hey what's that in a minute one minute

594

00:28:32,680 --> 00:28:30,020

okay so how about in the area that

595

00:28:36,280 --> 00:28:32,690

you're in North Yorkshire is that what

596

00:28:39,280 --> 00:28:36,290

you said yep any sightings in your area

597

00:28:42,150 --> 00:28:39,290

at all yeah there's been some there's

598

00:28:45,570 --> 00:28:42,160

been some quite fascinating ones

599

00:28:48,060 --> 00:28:45,580

a couple of police officers sightings

600

00:28:52,290 --> 00:28:48,070

one he was by himself in a in a

601
00:28:55,890 --> 00:28:52,300
high-speed chase car saw an object that

602
00:28:57,990 --> 00:28:55,900
object over over the hills in front of

603
00:29:01,740 --> 00:28:58,000
him and he was coming actually towards

604
00:29:04,440 --> 00:29:01,750
where I live on a road called the a 59

605
00:29:06,860 --> 00:29:04,450
which runs right the way across the pen

606
00:29:11,340 --> 00:29:06,870
inés so it's pretty high it's about

607
00:29:14,070 --> 00:29:11,350
1,500 2,000 feet in places and he was

608
00:29:16,530 --> 00:29:14,080
quite high at that point and he could

609
00:29:18,540 --> 00:29:16,540
see ahead of him pretty well right the

610
00:29:21,780 --> 00:29:18,550
way across to the Vale of York about 30

611
00:29:25,560 --> 00:29:21,790
miles away I think yes I'm sorry the end

612
00:29:28,470 --> 00:29:25,570
of the break right straight sweet words

613
00:29:30,500 --> 00:29:28,480

running now and then bumper okay sorry

614

00:29:33,090 --> 00:29:30,510

about sorry for the interruption James

615

00:29:36,360 --> 00:29:33,100

no no problem they said I understand

616

00:29:39,240 --> 00:29:36,370

what's a sweeper and a bumper I know

617

00:29:41,010 --> 00:29:39,250

bumpers music what is a sweeper sweeper

618

00:29:44,040 --> 00:29:41,020

is like a station I'd be you're

619

00:29:47,160 --> 00:29:44,050

listening to kg okay all right good

620

00:29:50,510 --> 00:29:47,170

music is the music that we lead into the

621

00:29:52,290 --> 00:29:50,520

show with all right I'm ready on this

622

00:29:57,720 --> 00:29:52,300

gentleman here we go

623

00:30:05,720 --> 00:29:57,730

in five four three oh this is uh

624

00:30:08,010 --> 00:30:05,730

commercial-free yes five four three two

625

00:30:10,320 --> 00:30:08,020

hello everyone welcome back this is

626

00:30:15,170 --> 00:30:10,330

Martin Willis with podcast UFO my guest

627

00:30:19,380 --> 00:30:15,180

is James T Abbott and we were discussing

628

00:30:21,030 --> 00:30:19,390

Roswell before the break and uh I

629

00:30:21,810 --> 00:30:21,040

believe that we were still on Roswell

630

00:30:29,040 --> 00:30:21,820

weren't we

631

00:30:33,510 --> 00:30:29,050

before the Bailiwick yes and also you

632

00:30:36,210 --> 00:30:33,520

know I mean the the air force light

633

00:30:39,540 --> 00:30:36,220

basically you know I mean there or they

634

00:30:43,050 --> 00:30:39,550

had misinformation themselves that they

635

00:30:44,820 --> 00:30:43,060

gave out you know and instead of another

636

00:30:47,700 --> 00:30:44,830

thing that they another turn that they

637

00:30:50,940 --> 00:30:47,710

could have taken was instead of denying

638

00:30:53,160 --> 00:30:50,950

that there were a body scene he said to

639

00:30:55,600 --> 00:30:53,170

all those were crash test dummies you

640

00:30:57,190 --> 00:30:55,610

know that type of thing so it's it's

641

00:31:03,610 --> 00:30:57,200

just been abuzz that it is a bizarre

642

00:31:06,850 --> 00:31:03,620

case yeah how do you think how do you

643

00:31:08,830 --> 00:31:06,860

think Roswell will be viewed like years

644

00:31:11,860 --> 00:31:08,840

from now do you think it'll just seem

645

00:31:15,280 --> 00:31:11,870

like a fairy tale after a while you know

646

00:31:17,350 --> 00:31:15,290

I mean it's pretty bizarre the festival

647

00:31:20,380 --> 00:31:17,360

they have every year it gets it gets a

648

00:31:22,299 --> 00:31:20,390

little fringy a little wacky yeah I

649

00:31:25,990 --> 00:31:22,309

think I think that's the problem with a

650

00:31:28,720 --> 00:31:26,000

lot of UFO sightings and and events and

651

00:31:31,960 --> 00:31:28,730

Roswell is is one of the biggest so

652

00:31:39,669 --> 00:31:31,970

consequently it will develop the biggest

653

00:31:42,669 --> 00:31:39,679

pipe and the you asked what it would be

654

00:31:46,180 --> 00:31:42,679

like in a few years time in you know how

655

00:31:49,930 --> 00:31:46,190

that story develops I think the only

656

00:31:54,730 --> 00:31:49,940

thing that will save any of these older

657

00:31:56,830 --> 00:31:54,740

UFO stories will be real evidence coming

658

00:31:59,950 --> 00:31:56,840

through that something actually is there

659

00:32:04,810 --> 00:31:59,960

and that's why I think everyone was so

660

00:32:06,370 --> 00:32:04,820

impressed with Lewis elizondo's videos I

661

00:32:09,039 --> 00:32:06,380

mean they won't work his videos of

662

00:32:11,500 --> 00:32:09,049

course they're DoD visit videos but the

663

00:32:13,600 --> 00:32:11,510

the fact that those were released and

664

00:32:17,140 --> 00:32:13,610

there are not just one of them but three

665

00:32:20,980 --> 00:32:17,150

of them all showing fairly strange

666

00:32:31,120 --> 00:32:20,990

objects being filmed by advanced u.s.

667

00:32:32,980 --> 00:32:31,130

fighter aircraft yes and I agree the

668

00:32:36,700 --> 00:32:32,990

difference will be for something like

669

00:32:40,030 --> 00:32:36,710

Roswell will be weather eventually if it

670

00:32:42,430 --> 00:32:40,040

comes out that you know that we are

671

00:32:43,780 --> 00:32:42,440

being visited or if if they you know one

672

00:32:45,730 --> 00:32:43,790

of the things to the questions out there

673

00:32:48,310 --> 00:32:45,740

is does the government even know

674

00:32:51,039 --> 00:32:48,320

themselves what's happening you know are

675

00:32:53,830 --> 00:32:51,049

they just as as blind as we all are and

676
00:32:57,490 --> 00:32:53,840
looking for the answers we really don't

677
00:32:59,350 --> 00:32:57,500
know that yes you're good yeah

678
00:33:01,180 --> 00:32:59,360
we have wait we have our suspicions but

679
00:33:06,070 --> 00:33:01,190
we don't know and I think governments

680
00:33:07,790 --> 00:33:06,080
generally they don't like to admit that

681
00:33:10,620 --> 00:33:07,800
they don't know anything

682
00:33:12,420 --> 00:33:10,630
what is happening with governments I

683
00:33:14,220 --> 00:33:12,430
feel is that they have a bit of the

684
00:33:17,250 --> 00:33:14,230
story and they certainly probably have

685
00:33:19,290 --> 00:33:17,260
more of the story that we do but at the

686
00:33:22,350 --> 00:33:19,300
same time they also don't have a lot of

687
00:33:24,420 --> 00:33:22,360
it so where your Department of Defense

688
00:33:26,700 --> 00:33:24,430

was concerned I believe that they looked

689

00:33:28,770 --> 00:33:26,710

into those videos in great depth and

690

00:33:31,380 --> 00:33:28,780

they studied them and studied them and

691

00:33:35,280 --> 00:33:31,390

studied them and Louis Elizondo said

692

00:33:38,280 --> 00:33:35,290

quite brightly that they have decided

693

00:33:41,790 --> 00:33:38,290

things deduced things about the objects

694

00:33:44,510 --> 00:33:41,800

which really make that you really blow

695

00:33:47,340 --> 00:33:44,520

your mind about you know

696

00:33:51,960 --> 00:33:47,350

interdimensional travel about things

697

00:33:53,430 --> 00:33:51,970

that are linked in quantum terms and and

698

00:33:55,320 --> 00:33:53,440

all sorts of other things about

699

00:33:57,150 --> 00:33:55,330

wormholes and so on so they obviously

700

00:33:58,950 --> 00:33:57,160

have lots and lots of theories and

701
00:34:00,930 --> 00:33:58,960
probably based on much better evidence

702
00:34:03,390 --> 00:34:00,940
and much more evidence than we've got

703
00:34:06,170 --> 00:34:03,400
but at the end of the day releasing the

704
00:34:11,399 --> 00:34:06,180
videos can only mean one of two things

705
00:34:13,350 --> 00:34:11,409
either the the videos are useless and

706
00:34:15,240 --> 00:34:13,360
the Department of Defense has decided

707
00:34:18,119 --> 00:34:15,250
that they were just a figment of the

708
00:34:22,409 --> 00:34:18,129
pilots imaginations which doesn't

709
00:34:23,669 --> 00:34:22,419
actually say much for the US Navy so I

710
00:34:27,060 --> 00:34:23,679
doubt that that's the explanation

711
00:34:28,830 --> 00:34:27,070
because these guys are good but the the

712
00:34:31,190 --> 00:34:28,840
other possible explanation of course is

713
00:34:34,470 --> 00:34:31,200

that the DoD have studied them can't

714

00:34:36,149 --> 00:34:34,480

come up with a reason that an answer and

715

00:34:39,060 --> 00:34:36,159

have just released them into the public

716

00:34:41,399 --> 00:34:39,070

domain and said to Louis Elizondo

717

00:34:43,379 --> 00:34:41,409

effectively okay you reckon the people

718

00:34:45,570 --> 00:34:43,389

out there know a bit about this subject

719

00:34:48,629 --> 00:34:45,580

let's give them something to work on and

720

00:34:50,129 --> 00:34:48,639

see what they come up with I think there

721

00:34:51,899 --> 00:34:50,139

is a there's some truth to what you're

722

00:34:54,840 --> 00:34:51,909

saying I think that's very much a

723

00:34:58,860 --> 00:34:54,850

possibility and you know the UFO

724

00:35:01,050 --> 00:34:58,870

community does does do good work when it

725

00:35:04,290 --> 00:35:01,060

comes to really investigating I don't

726
00:35:07,050 --> 00:35:04,300
know if you followed when a few years

727
00:35:09,840 --> 00:35:07,060
ago when the alien slides the Roswell

728
00:35:11,520 --> 00:35:09,850
slide suppose its lights came on and

729
00:35:14,250 --> 00:35:11,530
everyone went to town on that and

730
00:35:16,770 --> 00:35:14,260
deciphered you know the plaque and you

731
00:35:18,840 --> 00:35:16,780
know saw that it was a mummy and and you

732
00:35:21,420 --> 00:35:18,850
know figured that out didn't take long

733
00:35:23,549 --> 00:35:21,430
at all and so how

734
00:35:25,380 --> 00:35:23,559
along those same lines there's a

735
00:35:28,799 --> 00:35:25,390
gentleman in San Francisco working on

736
00:35:30,180 --> 00:35:28,809
the image of the paper held and can't

737
00:35:32,309 --> 00:35:30,190
remember the name of the person's hand

738
00:35:36,569 --> 00:35:32,319

and Roswell that was holding the memo in

739

00:35:40,589 --> 00:35:36,579

his hand been working on that trying to

740

00:35:43,859 --> 00:35:40,599

get you know as technology growth trying

741

00:35:46,380 --> 00:35:43,869

to crack the writing on that memo yeah

742

00:35:48,569 --> 00:35:46,390

we see the rainy or bland shot wasn't it

743

00:35:52,770 --> 00:35:48,579

yeah the Ramey memo yeah that's it yes

744

00:35:54,870 --> 00:35:52,780

yeah so you know in time perhaps that

745

00:35:58,559 --> 00:35:54,880

will get cracked right now it looks like

746

00:36:00,059 --> 00:35:58,569

it says something about a crash and

747

00:36:04,079 --> 00:36:00,069

bodies or something like that on that

748

00:36:08,630 --> 00:36:04,089

it's and yeah you know who knows we're

749

00:36:11,849 --> 00:36:08,640

technology or bring that so I do think

750

00:36:13,530 --> 00:36:11,859

you know we may or may not know anything

751

00:36:15,780 --> 00:36:13,540

about Roswell but here's here's

752

00:36:19,430 --> 00:36:15,790

something I'll post you so let's just

753

00:36:22,940 --> 00:36:19,440

say things keep moving forward as far as

754

00:36:26,250 --> 00:36:22,950

the government releasing more videos and

755

00:36:28,859 --> 00:36:26,260

actually feeling free to discuss the UFO

756

00:36:31,319 --> 00:36:28,869

topic publicly or let it be discussed

757

00:36:35,160 --> 00:36:31,329

publicly do you think they'll ever be a

758

00:36:38,339 --> 00:36:35,170

point where they would talk about other

759

00:36:40,289 --> 00:36:38,349

like major sightings and say we actually

760

00:36:41,760 --> 00:36:40,299

did have information on Roswell oh we

761

00:36:44,180 --> 00:36:41,770

did have information on Rendlesham

762

00:36:48,680 --> 00:36:44,190

forest do you think that will ever be

763

00:36:52,530 --> 00:36:48,690

will come out the more of the UFO topic

764

00:36:55,520 --> 00:36:52,540

gets discussed and released yeah I think

765

00:36:58,650 --> 00:36:55,530

I think what's going to happen is that

766

00:37:02,970 --> 00:36:58,660

what no it's not what's going to happen

767

00:37:06,539 --> 00:37:02,980

it's what could happen if the UFO

768

00:37:09,630 --> 00:37:06,549

community is careful and doesn't upset

769

00:37:13,650 --> 00:37:09,640

the appletart too much governments don't

770

00:37:15,630 --> 00:37:13,660

like to be made fun of and I think it's

771

00:37:19,370 --> 00:37:15,640

up to the UFO community to say to

772

00:37:22,140 --> 00:37:19,380

government we we want to know more and

773

00:37:24,780 --> 00:37:22,150

we are prepared to help we want to help

774

00:37:26,609 --> 00:37:24,790

in this we're not trying to make people

775

00:37:29,460 --> 00:37:26,619

panic we're not trying to make things

776

00:37:31,140 --> 00:37:29,470

worse for you and if you do really

777

00:37:33,569 --> 00:37:31,150

simple then we'll have a look at it

778

00:37:35,069 --> 00:37:33,579

seriously and scientifically and we've

779

00:37:37,859 --> 00:37:35,079

got a lot of good minds

780

00:37:41,729 --> 00:37:37,869

or who can do things that some of your

781

00:37:44,160 --> 00:37:41,739

analysts can't do so let us see that the

782

00:37:47,239 --> 00:37:44,170

the evidence let us talk about it and

783

00:37:52,410 --> 00:37:47,249

and see what we can get this will come

784

00:37:53,819 --> 00:37:52,420

very very gradually and governments it

785

00:37:55,759 --> 00:37:53,829

depends of course what happens in the

786

00:37:58,559 --> 00:37:55,769

world of world politics generally and

787

00:38:01,559 --> 00:37:58,569

who's President of the United States at

788

00:38:04,529 --> 00:38:01,569

the time but at the same time what will

789

00:38:06,900 --> 00:38:04,539

happen I think is that we've got to the

790

00:38:09,299 --> 00:38:06,910

point and it's only taken a seventy

791

00:38:11,729 --> 00:38:09,309

years where the Department of Defense

792

00:38:13,620 --> 00:38:11,739

can actually release photographs that

793

00:38:17,400 --> 00:38:13,630

are immediately taken up by the press

794

00:38:19,620 --> 00:38:17,410

and labelled UFOs now that wouldn't have

795

00:38:21,870 --> 00:38:19,630

happened twenty thirty years ago and

796

00:38:24,299 --> 00:38:21,880

it's it's a good sign that it's

797

00:38:27,509 --> 00:38:24,309

happening now but it will take a long

798

00:38:30,120 --> 00:38:27,519

time for the next stage to come and what

799

00:38:34,049 --> 00:38:30,130

the to the stars Academy does and what

800

00:38:36,449 --> 00:38:34,059

Louis Elizondo and his colleagues do

801
00:38:40,349 --> 00:38:36,459
will make a lot of difference to them to

802
00:38:42,630 --> 00:38:40,359
the speed of that process yes yeah I I

803
00:38:44,969 --> 00:38:42,640
agree definitely definitely

804
00:38:48,329 --> 00:38:44,979
so let's we're talking up in the break

805
00:38:50,359 --> 00:38:48,339
that I think it's a really good topic I

806
00:38:53,519 --> 00:38:50,369
think Rendlesham forest is one of the

807
00:38:57,779 --> 00:38:53,529
it's definitely one of my favorite UFO

808
00:38:59,640 --> 00:38:57,789
sightings and with the witnesses and and

809
00:39:03,559 --> 00:38:59,650
it's a very it's been very convoluted

810
00:39:06,739 --> 00:39:03,569
with all the different controversial

811
00:39:10,109 --> 00:39:06,749
things happening happening through the

812
00:39:13,769 --> 00:39:10,119
years the different stories Jim

813
00:39:17,160 --> 00:39:13,779

Penniston about his download supposedly

814

00:39:20,249 --> 00:39:17,170

and and then Larry Warren there's

815

00:39:22,949 --> 00:39:20,259

there's been a lot of issues but the

816

00:39:27,089 --> 00:39:22,959

solid core of Rendlesham force

817

00:39:31,739 --> 00:39:27,099

Charles halt John Burroughs there's some

818

00:39:33,599 --> 00:39:31,749

really really great witnesses so tell me

819

00:39:37,079 --> 00:39:33,609

if you would about the research you've

820

00:39:40,609 --> 00:39:37,089

done on that particular sighting or

821

00:39:42,449 --> 00:39:40,619

should say sightings yes I things yeah

822

00:39:43,109 --> 00:39:42,459

Rendlesham is just one of the most

823

00:39:46,620 --> 00:39:43,119

fascinating

824

00:39:48,790 --> 00:39:46,630

I mean after Roswell it's the one that

825

00:39:52,030 --> 00:39:48,800

most people remember

826

00:39:56,470 --> 00:39:52,040

and it in England as well it has a

827

00:40:00,240 --> 00:39:56,480

status equal to Roswell the the way that

828

00:40:04,180 --> 00:40:00,250

it unfolded of course was that January

829

00:40:06,820 --> 00:40:04,190

night Earth well it was for Boxing Day

830

00:40:09,160 --> 00:40:06,830

morning in fact December night in East

831

00:40:15,040 --> 00:40:09,170

Anglia or a cold East Anglian Christmas

832

00:40:16,570 --> 00:40:15,050

the the idea was that three guys were

833

00:40:20,670 --> 00:40:16,580

sent out on patrol

834

00:40:23,140 --> 00:40:20,680

having seen lights in the nearby forest

835

00:40:26,310 --> 00:40:23,150

the fact that they came back and said

836

00:40:29,140 --> 00:40:26,320

that they had seen an object there is

837

00:40:31,510 --> 00:40:29,150

you know something that most officers I

838

00:40:33,790 --> 00:40:31,520

guess at the time would have laughed at

839

00:40:36,520 --> 00:40:33,800

and said come on that's you know it's

840

00:40:39,010 --> 00:40:36,530

it's Christmas not April Fool's and the

841

00:40:41,800 --> 00:40:39,020

the way that it developed from that

842

00:40:43,930 --> 00:40:41,810

point on well if you'd have written it

843

00:40:45,550 --> 00:40:43,940

as a fictional story I think most

844

00:40:48,730 --> 00:40:45,560

publishers would have thrown it out as

845

00:40:51,850 --> 00:40:48,740

unbelievable because you know it ends up

846

00:40:54,790 --> 00:40:51,860

with Colonel halt halt being sent out

847

00:40:59,680 --> 00:40:54,800

into the cold one that one night a few

848

00:41:02,110 --> 00:40:59,690

nights after that and and trying to in

849

00:41:05,320 --> 00:41:02,120

his own words debunk the whole thing to

850

00:41:07,660 --> 00:41:05,330

destroy this silly set of rumors that

851
00:41:10,540 --> 00:41:07,670
have been going round about UFOs in the

852
00:41:13,030 --> 00:41:10,550
area but what actually happened was that

853
00:41:15,610 --> 00:41:13,040
Holt himself ended up the center of the

854
00:41:18,690 --> 00:41:15,620
story the guy who had made a tape

855
00:41:21,340 --> 00:41:18,700
recording of what he saw that night and

856
00:41:26,050 --> 00:41:21,350
that tape recording is now as you know

857
00:41:29,950 --> 00:41:26,060
on the web that whole episode is just

858
00:41:32,290 --> 00:41:29,960
stunningly interesting then writes to

859
00:41:35,200 --> 00:41:32,300
the British government because of course

860
00:41:38,020 --> 00:41:35,210
the military bases were on British soil

861
00:41:43,180 --> 00:41:38,030
and tells them what happened

862
00:41:46,030 --> 00:41:43,190
now his colonel Colonel Conrad probably

863
00:41:49,570 --> 00:41:46,040

well I doubt that Holt sent that memo

864

00:41:51,700 --> 00:41:49,580

without his say-so and he allowed that

865

00:41:55,480 --> 00:41:51,710

to go on and then he stayed silent for

866

00:41:58,570 --> 00:41:55,490

30 years before talking to dr. David

867

00:42:02,380 --> 00:41:58,580

Clarke and saying to Clarke that Holt

868

00:42:04,420 --> 00:42:02,390

should be ashamed of himself for

869

00:42:10,299 --> 00:42:04,430

alleging that two governments covered up

870

00:42:14,680 --> 00:42:10,309

what happened at Rendlesham oh yeah it's

871

00:42:19,210 --> 00:42:14,690

I mean David Clarke interviewed Conrad

872

00:42:21,880 --> 00:42:19,220

and got there his side of the story but

873

00:42:23,950 --> 00:42:21,890

only after 30 years - Conrad actually

874

00:42:24,549 --> 00:42:23,960

say that Holt should be ashamed of

875

00:42:27,490 --> 00:42:24,559

himself

876

00:42:30,759 --> 00:42:27,500

now Colt is one of those guys who made

877

00:42:33,220 --> 00:42:30,769

noise and of course for an officer

878

00:42:36,519 --> 00:42:33,230

that's not something that goes down well

879

00:42:38,650 --> 00:42:36,529

in your record he insisted that he'd

880

00:42:41,170 --> 00:42:38,660

seen what he'd seen he insisted on

881

00:42:44,650 --> 00:42:41,180

saying that he had recorded what he'd

882

00:42:47,400 --> 00:42:44,660

seen and by implication although not

883

00:42:50,289 --> 00:42:47,410

directly at the time he supported the

884

00:42:54,039 --> 00:42:50,299

testimony of his three of the three guys

885

00:42:56,319 --> 00:42:54,049

Kevin Zack burrows and Penniston it's

886

00:42:59,799 --> 00:42:56,329

really a fascinating story it's one of

887

00:43:02,470 --> 00:42:59,809

those ones that I for one am more

888

00:43:06,339 --> 00:43:02,480

convinced by their many ways I am by

889

00:43:09,789 --> 00:43:06,349

Rendell's by Roswell yeah yeah there's a

890

00:43:12,670 --> 00:43:09,799

lot of very convincing aspects to it and

891

00:43:15,069 --> 00:43:12,680

you know the recording is actually you

892

00:43:17,079 --> 00:43:15,079

can go on YouTube and you can listen to

893

00:43:20,470 --> 00:43:17,089

it there's different lengths of the

894

00:43:21,460 --> 00:43:20,480

recordings but it is very eerie and you

895

00:43:24,970 --> 00:43:21,470

know I've had some one-on-one

896

00:43:26,910 --> 00:43:24,980

conversations with Charles halt you know

897

00:43:31,599 --> 00:43:26,920

sat down with him at a conference and

898

00:43:35,339 --> 00:43:31,609

really I really think he has total

899

00:43:38,289 --> 00:43:35,349

integrity and you know I mean he

900

00:43:42,220 --> 00:43:38,299

personally you know which never happened

901
00:43:46,210 --> 00:43:42,230
he didn't very well lived without any of

902
00:43:47,829 --> 00:43:46,220
that happening and he has a way and he's

903
00:43:50,710 --> 00:43:47,839
told me.they has a way of like putting

904
00:43:52,690 --> 00:43:50,720
it on a shelf like not making it rule

905
00:43:54,130 --> 00:43:52,700
his life or be part of his life and

906
00:43:55,599 --> 00:43:54,140
every once in a while he'll take it out

907
00:43:57,220 --> 00:43:55,609
and look at it you know that's the type

908
00:44:00,970 --> 00:43:57,230
of way that's the way he looks at a

909
00:44:02,349 --> 00:44:00,980
Rendlesham forest for him but he really

910
00:44:05,170 --> 00:44:02,359
didn't want the recording to get out

911
00:44:08,769 --> 00:44:05,180
there I think someone made some money if

912
00:44:13,029 --> 00:44:08,779
I on that recording they sold it or so I

913
00:44:15,160 --> 00:44:13,039

understand yes I understand yes I mean

914

00:44:15,390 --> 00:44:15,170

that that for me as I said before is one

915

00:44:17,819 --> 00:44:15,400

of the

916

00:44:20,730 --> 00:44:17,829

things that makes me believe him his his

917

00:44:24,720 --> 00:44:20,740

attitude is as you say full of integrity

918

00:44:29,059 --> 00:44:24,730

and honesty but also there is a degree

919

00:44:34,789 --> 00:44:29,069

of frustration and anger we are behind

920

00:44:39,480 --> 00:44:34,799

yeah I had a controversy on this show

921

00:44:41,430 --> 00:44:39,490

that ended up not going well all right

922

00:44:43,650 --> 00:44:41,440

and it had to do with Charles halt

923

00:44:45,180 --> 00:44:43,660

because I had a one-on-one conversation

924

00:44:47,420 --> 00:44:45,190

with him and then I was joined by

925

00:44:49,920 --> 00:44:47,430

someone else at a conference and

926

00:44:54,539 --> 00:44:49,930

basically I could swear that he said

927

00:44:57,480 --> 00:44:54,549

that that he was he I was shocked when

928

00:44:59,099 --> 00:44:57,490

he said it but he said that he was

929

00:45:01,670 --> 00:44:59,109

actually drugged as well

930

00:45:06,440 --> 00:45:01,680

so I brought that up on this show and I

931

00:45:10,880 --> 00:45:06,450

got a boy it did not go well I had

932

00:45:13,740 --> 00:45:10,890

Robert Hastings after me and libel

933

00:45:15,599 --> 00:45:13,750

threats and all that so I talked to

934

00:45:16,890 --> 00:45:15,609

Charles halt I said Charles I was

935

00:45:20,190 --> 00:45:16,900

standing right next to you when you said

936

00:45:23,309 --> 00:45:20,200

it and we finally he finally kept to the

937

00:45:27,839 --> 00:45:23,319

point where he said I believe that you

938

00:45:29,730 --> 00:45:27,849

think you heard me say it and so we

939

00:45:31,799 --> 00:45:29,740

ended up like actually we actually talk

940

00:45:34,140 --> 00:45:31,809

now and then and you know we talked

941

00:45:36,269 --> 00:45:34,150

about houses and everything he built out

942

00:45:39,390 --> 00:45:36,279

really interesting house so we talk

943

00:45:42,059 --> 00:45:39,400

about things now and then he's a great

944

00:45:44,789 --> 00:45:42,069

guy I'm glad that he got over that and

945

00:45:48,240 --> 00:45:44,799

let me still continue to believe believe

946

00:45:50,700 --> 00:45:48,250

that I heard him say that but that whole

947

00:45:53,880 --> 00:45:50,710

thing about the drugging afterwards it

948

00:45:56,279 --> 00:45:53,890

is really bizarre don't you think yes I

949

00:46:00,019 --> 00:45:56,289

do and it's one of those it's one of the

950

00:46:03,359 --> 00:46:00,029

aspects of the story that that again has

951
00:46:05,789 --> 00:46:03,369
has connections with Roswell doesn't it

952
00:46:09,120 --> 00:46:05,799
not in terms of drugging but in terms of

953
00:46:13,740 --> 00:46:09,130
the intimidation of witnesses right now

954
00:46:16,769 --> 00:46:13,750
the allegations of intimidation you know

955
00:46:19,200 --> 00:46:16,779
they say that lots of people who had

956
00:46:21,420 --> 00:46:19,210
seen things that night were rounded out

957
00:46:23,609 --> 00:46:21,430
put through fairly stiff interrogations

958
00:46:25,410 --> 00:46:23,619
by intelligence officers and then

959
00:46:25,690 --> 00:46:25,420
released on the on the basis that they

960
00:46:29,200 --> 00:46:25,700
say

961
00:46:32,260 --> 00:46:29,210
nothing to anyone that sort of thing

962
00:46:35,650 --> 00:46:32,270
makes me believe all the more that there

963
00:46:37,450 --> 00:46:35,660

must be something to it yeah and the

964

00:46:41,650 --> 00:46:37,460

same same happened at Roswell of course

965

00:46:43,540 --> 00:46:41,660

or is alleged to it but also one of the

966

00:46:46,000 --> 00:46:43,550

things again since we're on the topic of

967

00:46:49,120 --> 00:46:46,010

an additional force it's one of those

968

00:46:51,670 --> 00:46:49,130

type of things that is so bizarre it's

969

00:46:53,620 --> 00:46:51,680

almost like too bizarre like you

970

00:46:55,870 --> 00:46:53,630

couldn't even make it up I mean the

971

00:46:57,550 --> 00:46:55,880

thing bouncing along through the woods

972

00:47:01,300 --> 00:46:57,560

looking like a large eyeball and

973

00:47:03,760 --> 00:47:01,310

dripping like magma type tripping molten

974

00:47:07,600 --> 00:47:03,770

dripping off of it and then exploding

975

00:47:11,130 --> 00:47:07,610

into five lights I mean all that is like

976
00:47:14,530 --> 00:47:11,140
so bizarre and that whole entire night

977
00:47:17,350 --> 00:47:14,540
that he witnessed Charles halt in

978
00:47:19,780 --> 00:47:17,360
particular witness with the craft coming

979
00:47:21,940 --> 00:47:19,790
overhead and the light beam of light

980
00:47:23,410 --> 00:47:21,950
came down and everyone said the same

981
00:47:25,060 --> 00:47:23,420
thing about the light it didn't look

982
00:47:28,150 --> 00:47:25,070
like a normal light it looked like

983
00:47:31,750 --> 00:47:28,160
almost like a tube or something which is

984
00:47:36,100 --> 00:47:31,760
yeah yeah I had a guy I had a guy found

985
00:47:39,220 --> 00:47:36,110
me from who I know sort of tangentially

986
00:47:42,460 --> 00:47:39,230
I know him phoned me from Seattle about

987
00:47:44,440 --> 00:47:42,470
two months ago and he said you know I've

988
00:47:47,860 --> 00:47:44,450

seen something and I said what did you

989

00:47:49,810 --> 00:47:47,870

see and I took it down he was he was out

990

00:47:53,740 --> 00:47:49,820

in the forest with his son camping and

991

00:47:55,540 --> 00:47:53,750

they they were they were just packing up

992

00:47:58,240 --> 00:47:55,550

for the night before going to bed and

993

00:48:00,340 --> 00:47:58,250

they he looked up in the sky some was in

994

00:48:03,040 --> 00:48:00,350

the tent he looked up in the sky and saw

995

00:48:05,260 --> 00:48:03,050

an object and a beam of light came down

996

00:48:07,630 --> 00:48:05,270

from him so I said well what was this

997

00:48:09,850 --> 00:48:07,640

beam like and he said well it was beamed

998

00:48:12,760 --> 00:48:09,860

into the forest onto a small lake that's

999

00:48:15,550 --> 00:48:12,770

about a mile away and I said what was it

1000

00:48:17,200 --> 00:48:15,560

like he said well I can't I really don't

1001
00:48:20,320 --> 00:48:17,210
like say and I said well go on tell me

1002
00:48:25,080 --> 00:48:20,330
he said it was a light he said but it

1003
00:48:31,720 --> 00:48:29,170
yep-yep-yep means so familiar that sort

1004
00:48:35,710 --> 00:48:31,730
of story and this the story about lights

1005
00:48:37,900 --> 00:48:35,720
on objects being pure or a different

1006
00:48:38,940 --> 00:48:37,910
sort of color to the others that weren't

1007
00:48:41,609 --> 00:48:38,950
used to

1008
00:48:44,220 --> 00:48:41,619
give credibility for me too quite a lot

1009
00:48:45,750 --> 00:48:44,230
of sightings right right

1010
00:48:48,480 --> 00:48:45,760
you know people talked about that also

1011
00:48:50,910 --> 00:48:48,490
with the Phoenix lights there was a very

1012
00:48:54,210 --> 00:48:50,920
strange sort of light and I also believe

1013
00:48:57,480 --> 00:48:54,220

about the Belgium triangle UFO sighting

1014

00:49:01,050 --> 00:48:57,490

now I saw that is your book as well yeah

1015

00:49:03,030 --> 00:49:01,060

you explored that yes I did and I've got

1016

00:49:06,210 --> 00:49:03,040

friends who live in Belgium and they

1017

00:49:08,609 --> 00:49:06,220

they sent me a lot of stuff from copies

1018

00:49:11,480 --> 00:49:08,619

of local paper articles and so on that

1019

00:49:14,040 --> 00:49:11,490

have been made at the time and it's

1020

00:49:17,190 --> 00:49:14,050

again you see this it's the same thing

1021

00:49:20,310 --> 00:49:17,200

you know that the officer concerned is a

1022

00:49:24,540 --> 00:49:20,320

very Charles Hotline figure very serious

1023

00:49:28,829 --> 00:49:24,550

very you know concentrated focused and

1024

00:49:31,500 --> 00:49:28,839

so on but and and very annoyed at what

1025

00:49:33,630 --> 00:49:31,510

he sees as authority trying to cover up

1026
00:49:37,170 --> 00:49:33,640
something that actually happened and

1027
00:49:41,130 --> 00:49:37,180
needs to be investigated further right

1028
00:49:42,300 --> 00:49:41,140
right yeah so I am inviting people if

1029
00:49:44,730 --> 00:49:42,310
they'd like to call in and ask a

1030
00:49:47,609 --> 00:49:44,740
question that number just went up on

1031
00:49:50,309 --> 00:49:47,619
YouTube if you're listening to kgr a

1032
00:49:53,520 --> 00:49:50,319
radio I'm gonna give that number out

1033
00:49:56,250 --> 00:49:53,530
once and that's six oh three nine six

1034
00:49:57,990 --> 00:49:56,260
seven four oh three oh but keep in mind

1035
00:50:00,359 --> 00:49:58,000
if you're not listening to the show live

1036
00:50:02,970 --> 00:50:00,369
that number goes nowhere unless the show

1037
00:50:06,780 --> 00:50:02,980
is live so please only use that during

1038
00:50:08,400 --> 00:50:06,790

the show time and so anyone can call in

1039

00:50:13,710 --> 00:50:08,410

if you'd like to ask our guest a

1040

00:50:16,260 --> 00:50:13,720

question and so so Rendlesham forest

1041

00:50:18,329 --> 00:50:16,270

there's still things going on people

1042

00:50:22,609 --> 00:50:18,339

still talking about there's bizarre

1043

00:50:24,540 --> 00:50:22,619

things going on we were talking before

1044

00:50:28,050 --> 00:50:24,550

Alejandro and I were talking about the

1045

00:50:29,880 --> 00:50:28,060

skinwalker ranch and how in that whole

1046

00:50:32,040 --> 00:50:29,890

general area there's such bizarre things

1047

00:50:34,770 --> 00:50:32,050

going on in and and the Rendlesham

1048

00:50:38,010 --> 00:50:34,780

forest area in that particular area

1049

00:50:41,579 --> 00:50:38,020

itself people I guess have been talking

1050

00:50:44,099 --> 00:50:41,589

about things going on there for for

1051
00:50:47,400 --> 00:50:44,109
centuries not just not just then and

1052
00:50:50,270 --> 00:50:47,410
still carrying on do you ever follow any

1053
00:50:52,300 --> 00:50:50,280
of what's going on there still

1054
00:50:55,950 --> 00:50:52,310
occasionally I do yes I

1055
00:51:01,180 --> 00:50:55,960
get back to Rendlesham as a sort of

1056
00:51:02,470 --> 00:51:01,190
about once twice a year the the lovely

1057
00:51:04,510 --> 00:51:02,480
thing about Rendlesham because it's

1058
00:51:08,200 --> 00:51:04,520
closer to me I can get down there and

1059
00:51:10,750 --> 00:51:08,210
and walk around and see the place and I

1060
00:51:13,690 --> 00:51:10,760
mean all the bases are closed and so on

1061
00:51:17,170 --> 00:51:13,700
now but the the coastline there is

1062
00:51:20,470 --> 00:51:17,180
ancient of course it's ancient not for a

1063
00:51:23,620 --> 00:51:20,480

coastline the there are churches there

1064

00:51:25,750 --> 00:51:23,630

are Roman ruins and there are locals who

1065

00:51:28,300 --> 00:51:25,760

will tell you that whole areas are

1066

00:51:31,810 --> 00:51:28,310

haunted and so on so you you laugh

1067

00:51:35,830 --> 00:51:31,820

politely and say well yeah okay but the

1068

00:51:38,860 --> 00:51:35,840

the stories do in fact go back hundreds

1069

00:51:41,230 --> 00:51:38,870

of years about certain areas and let

1070

00:51:43,960 --> 00:51:41,240

skinwalker is more spectacular

1071

00:51:47,440 --> 00:51:43,970

I think Rendlesham as a sort of English

1072

00:51:49,990 --> 00:51:47,450

quaintness to it its mysteries

1073

00:51:51,700 --> 00:51:50,000

yeah we have a caller on the line caller

1074

00:51:54,790 --> 00:51:51,710

what's your first name and where you

1075

00:51:55,390 --> 00:51:54,800

calling from uh it's for fire I'm from

1076

00:51:57,970 --> 00:51:55,400

South Carolina

1077

00:51:59,890 --> 00:51:57,980

hey Ryan hey you safe you got a

1078

00:52:02,560 --> 00:51:59,900

hurricane coming that way yeah it's

1079

00:52:05,260 --> 00:52:02,570

coming but it's supposedly only gonna

1080

00:52:10,900 --> 00:52:05,270

we're on it suppose we all goes just

1081

00:52:12,790 --> 00:52:10,910

tons of rain well stay safe so you're

1082

00:52:14,770 --> 00:52:12,800

not evacuated that's good you're not an

1083

00:52:18,520 --> 00:52:14,780

evacuation area now you have a question

1084

00:52:20,110 --> 00:52:18,530

for our guest tonight well just a quick

1085

00:52:23,140 --> 00:52:20,120

statement than a question I mean you

1086

00:52:26,140 --> 00:52:23,150

asked you asked about you know Roswell

1087

00:52:28,300 --> 00:52:26,150

where why didn't why didn't Army Air

1088

00:52:30,370 --> 00:52:28,310

Force released that statement from what

1089

00:52:32,650 --> 00:52:30,380

I understand

1090

00:52:35,440 --> 00:52:32,660

Marcel got back to the base and

1091

00:52:37,630 --> 00:52:35,450

apparently convinced Colonel Blanchard

1092

00:52:39,040 --> 00:52:37,640

what he thought happened what he had

1093

00:52:42,340 --> 00:52:39,050

recovered was something extraordinary

1094

00:52:43,720 --> 00:52:42,350

not I kind of disagree on that point but

1095

00:52:46,390 --> 00:52:43,730

that's that's kind of where it came from

1096

00:52:49,120 --> 00:52:46,400

in case you were you were wondering so

1097

00:52:51,970 --> 00:52:49,130

anyway anyway to follow it was my

1098

00:52:55,090 --> 00:52:51,980

question go to Roswell you know I've

1099

00:52:58,690 --> 00:52:55,100

made this point on Kevin Randall's blog

1100

00:53:01,210 --> 00:52:58,700

and one of you can can I jump on this if

1101
00:53:03,550 --> 00:53:01,220
you won't yeah you know the thing about

1102
00:53:05,349 --> 00:53:03,560
Roswell I've always you know it looked

1103
00:53:07,239 --> 00:53:05,359
good to me when I was younger

1104
00:53:11,170 --> 00:53:07,249
first came out the thing I've always had

1105
00:53:15,519 --> 00:53:11,180
a hard time accepting about it as I've

1106
00:53:18,279 --> 00:53:15,529
gotten older is the lack of leaks that

1107
00:53:22,779 --> 00:53:18,289
come up with it and especially how it

1108
00:53:26,410 --> 00:53:22,789
fails to show up in the Intel archives

1109
00:53:30,910 --> 00:53:26,420
of other countries for example years

1110
00:53:35,079 --> 00:53:30,920
back if you'll recall gentleman by the

1111
00:53:36,910 --> 00:53:35,089
name of Metroid c'n came over and he

1112
00:53:39,160 --> 00:53:36,920
brought you know the KGB archives with

1113
00:53:41,529 --> 00:53:39,170

them nothing about Roswell nothing about

1114

00:53:45,190 --> 00:53:41,539

any reverse engineering project

1115

00:53:48,039 --> 00:53:45,200

same thing with defectors kim Philby

1116

00:53:51,069 --> 00:53:48,049

goes over there defects the Soviet Union

1117

00:53:52,900 --> 00:53:51,079

during during the Cold War doesn't say a

1118

00:53:54,430 --> 00:53:52,910

word about oh well in case you didn't

1119

00:53:55,599 --> 00:53:54,440

know the Americans that have had this

1120

00:53:56,739 --> 00:53:55,609

and they're working on a big reverse

1121

00:53:59,410 --> 00:53:56,749

engineering project

1122

00:54:01,140 --> 00:53:59,420

Uranus thinkoh comes over here the

1123

00:54:04,630 --> 00:54:01,150

United States during the Cold War

1124

00:54:07,870 --> 00:54:04,640

nothing I'm just wondering does anyone

1125

00:54:09,400 --> 00:54:07,880

really think that's possible hang on

1126

00:54:10,989 --> 00:54:09,410

just one second I just want to say we

1127

00:54:12,519 --> 00:54:10,999

have another caller on the line just be

1128

00:54:16,690 --> 00:54:12,529

patient we'll get to you

1129

00:54:19,390 --> 00:54:16,700

go ahead if you would James yeah Ryan hi

1130

00:54:22,299 --> 00:54:19,400

thank you for calling the the way that I

1131

00:54:26,049 --> 00:54:22,309

see this is is that you're onto quite an

1132

00:54:27,970 --> 00:54:26,059

important point I I have are me friends

1133

00:54:31,180 --> 00:54:27,980

in this country as well one of whom

1134

00:54:36,729 --> 00:54:31,190

works in military intelligence and he

1135

00:54:39,190 --> 00:54:36,739

also told me on the Qt that Roswell was

1136

00:54:42,970 --> 00:54:39,200

nothing that was all he was prepared to

1137

00:54:45,309 --> 00:54:42,980

say but the the way that there is such a

1138

00:54:48,190 --> 00:54:45,319

lack of information coming through these

1139

00:54:51,970 --> 00:54:48,200

leaks coming through Snowden for

1140

00:54:53,769 --> 00:54:51,980

instance and the WikiLeaks there is

1141

00:54:56,970 --> 00:54:53,779

nothing on Roswell this in fact there's

1142

00:54:59,920 --> 00:54:56,980

nothing on you folks to be fair so that

1143

00:55:01,839 --> 00:54:59,930

plus the fact that nobody seems to have

1144

00:55:06,039 --> 00:55:01,849

ever used any of this high technology

1145

00:55:09,339 --> 00:55:06,049

means either that we don't know how to

1146

00:55:12,599 --> 00:55:09,349

exploit what we found or that nothing

1147

00:55:14,859 --> 00:55:12,609

was found so you take your pick

1148

00:55:16,349 --> 00:55:14,869

yeah that's that's not that's another

1149

00:55:18,250 --> 00:55:16,359

thing that's always bothered me because

1150

00:55:20,230 --> 00:55:18,260

you know

1151
00:55:22,270 --> 00:55:20,240
outside of Bob Lazar and I don't want to

1152
00:55:24,609 --> 00:55:22,280
have that argument I'm suffering it's a

1153
00:55:26,920 --> 00:55:24,619
fraud be honest with you but I mean

1154
00:55:29,620 --> 00:55:26,930
outside Bob Lazar I mean you would think

1155
00:55:31,840 --> 00:55:29,630
by this point hundreds of thousands I

1156
00:55:33,370 --> 00:55:31,850
mean it's not I mean over 70 years I

1157
00:55:35,440 --> 00:55:33,380
mean some of these R&D projects they

1158
00:55:37,750 --> 00:55:35,450
have a very high turnover rate in terms

1159
00:55:39,820 --> 00:55:37,760
of people who work on it you would think

1160
00:55:41,800 --> 00:55:39,830
that DNA by this point hundreds of

1161
00:55:43,330 --> 00:55:41,810
thousands if not millions have worked on

1162
00:55:45,400 --> 00:55:43,340
this by now and there hasn't been one

1163
00:55:47,349 --> 00:55:45,410

guy who's come out say you know they

1164

00:55:48,880 --> 00:55:47,359

gave me this stuff and we couldn't even

1165

00:55:51,190 --> 00:55:48,890

I mean the elements aren't even on the

1166

00:55:53,470 --> 00:55:51,200

charts and you know that kind of stuff

1167

00:55:55,780 --> 00:55:53,480

isotope it ratio is wrong for earth I

1168

00:55:58,599 --> 00:55:55,790

mean yeah there hasn't been that guy yet

1169

00:56:01,390 --> 00:55:58,609

you know what I mean I do I know I know

1170

00:56:04,300 --> 00:56:01,400

I agree with you all the way interesting

1171

00:56:07,630 --> 00:56:04,310

well hey Ryan thanks a lot okay thanks a

1172

00:56:09,310 --> 00:56:07,640

lot all right and stay safe okay okay

1173

00:56:10,960 --> 00:56:09,320

all right we have a we have another

1174

00:56:13,080 --> 00:56:10,970

caller on the line your first name where

1175

00:56:15,910 --> 00:56:13,090

are you calling from

1176

00:56:16,690 --> 00:56:15,920

Kenny I'm calling from Florida Cape

1177

00:56:21,220 --> 00:56:16,700

Coral Florida

1178

00:56:24,970 --> 00:56:21,230

hi Kenny welcome to the show thanks you

1179

00:56:26,760 --> 00:56:24,980

have a question for our guest or I did I

1180

00:56:32,700 --> 00:56:26,770

it was a very enlightening conversation

1181

00:56:37,660 --> 00:56:32,710

you had this is a little off-topic okay

1182

00:56:42,820 --> 00:56:37,670

okay well I had witnessed over the gulf

1183

00:56:47,099 --> 00:56:42,830

ocean a couple weeks ago actually I want

1184

00:56:51,880 --> 00:56:47,109

to call a UFO unidentified flying object

1185

00:56:54,640 --> 00:56:51,890

spacecraft was what I'm thinking this

1186

00:56:57,070 --> 00:56:54,650

this vehicle had moved horizontal

1187

00:56:59,380 --> 00:56:57,080

vertical and in such a manner that I

1188

00:57:01,359 --> 00:56:59,390

have never seen that I I don't think

1189

00:57:07,480 --> 00:57:01,369

would be possible any aircraft that we

1190

00:57:10,180 --> 00:57:07,490

have today this thing was making a loud

1191

00:57:11,050 --> 00:57:10,190

like a brass section I mean it was a

1192

00:57:18,760 --> 00:57:11,060

horn

1193

00:57:20,859 --> 00:57:18,770

probably whatever it was being powered

1194

00:57:25,660 --> 00:57:20,869

by that was probably what it was and it

1195

00:57:30,370 --> 00:57:25,670

left a triton neon triangle in the sky

1196

00:57:31,780 --> 00:57:30,380

was throwing greens and orange plasma I

1197

00:57:32,260 --> 00:57:31,790

don't know what you want to call it it

1198

00:57:35,380 --> 00:57:32,270

was

1199

00:57:38,320 --> 00:57:35,390

something out of this world were you

1200

00:57:39,970 --> 00:57:38,330

witness yes go on

1201

00:57:41,950 --> 00:57:39,980

I was just saying we witnessing this

1202

00:57:46,990 --> 00:57:41,960

alone or did you have other people with

1203

00:57:49,510 --> 00:57:47,000

you you have other people with me you

1204

00:57:53,470 --> 00:57:49,520

didn't I'm sorry you did or you did not

1205

00:57:56,950 --> 00:57:53,480

I did sir and have you reported this to

1206

00:57:59,920 --> 00:57:56,960

any like MUFON or or any other I have I

1207

00:58:04,110 --> 00:57:59,930

have I did up today I did recently today

1208

00:58:06,820 --> 00:58:04,120

I called the national UFO whatever in

1209

00:58:08,800 --> 00:58:06,830

Washington yeah Peter doesn't like

1210

00:58:13,030 --> 00:58:08,810

you're saying yeah and I gave him a

1211

00:58:14,440 --> 00:58:13,040

report and I was talking to other US

1212

00:58:16,540 --> 00:58:14,450

biologists and they're telling me

1213

00:58:17,800 --> 00:58:16,550

they're basically just gonna file that

1214

00:58:20,950 --> 00:58:17,810

they're telling me they're gonna tell

1215

00:58:22,450 --> 00:58:20,960

the world and from that post it and he's

1216

00:58:24,850 --> 00:58:22,460

telling me they're just gonna file it I

1217

00:58:27,460 --> 00:58:24,860

even called a non-emergency number over

1218

00:58:29,710 --> 00:58:27,470

at the police department here and kind

1219

00:58:32,890 --> 00:58:29,720

of just talked to a private investigator

1220

00:58:35,560 --> 00:58:32,900

about it was kind of laughing about the

1221

00:58:39,040 --> 00:58:35,570

whole situation so I don't know how to

1222

00:58:39,460 --> 00:58:39,050

take this where to take those yeah where

1223

00:58:42,580 --> 00:58:39,470

I'm at

1224

00:58:44,290 --> 00:58:42,590

okay I'm sorry we have a caller that

1225

00:58:47,350 --> 00:58:44,300

just called in and there's some

1226
00:58:53,050 --> 00:58:47,360
background noise so I'm probably gonna

1227
00:58:54,250 --> 00:58:53,060
have to hang that up okay it's quieted

1228
00:58:58,210 --> 00:58:54,260
down a bit all right

1229
00:59:00,340 --> 00:58:58,220
so James do you have anything to add to

1230
00:59:03,130 --> 00:59:00,350
this sighting I mean he sounds like he's

1231
00:59:04,600 --> 00:59:03,140
doing the right thing reporting it yeah

1232
00:59:06,670 --> 00:59:04,610
I think I think Kenny you're doing

1233
00:59:11,020 --> 00:59:06,680
exactly the right thing in reporting it

1234
00:59:15,640 --> 00:59:11,030
but there are so many of these incidents

1235
00:59:17,590 --> 00:59:15,650
that it's almost impossible for the UFO

1236
00:59:19,780 --> 00:59:17,600
organizations to investigate every

1237
00:59:21,490 --> 00:59:19,790
single one and this one sounds

1238
00:59:24,700 --> 00:59:21,500

fascinating and in green and orange

1239

00:59:27,280 --> 00:59:24,710

lights a triangle in the sky but the

1240

00:59:30,370 --> 00:59:27,290

most interesting aspect of it is the

1241

00:59:33,210 --> 00:59:30,380

noise because yes very unusual I'll say

1242

00:59:37,810 --> 00:59:33,220

yeah I've never heard that one good okay

1243

00:59:39,790 --> 00:59:37,820

all right well thanks for the call all

1244

00:59:41,080 --> 00:59:39,800

right so we have a caller another caller

1245

00:59:42,160 --> 00:59:41,090

in the line can you say your first name

1246

00:59:43,390 --> 00:59:42,170

where you're calling from you have some

1247

00:59:45,759 --> 00:59:43,400

background noise going on

1248

00:59:48,970 --> 00:59:45,769

yeah I'm sorry I'm not work my name's

1249

00:59:53,289 --> 00:59:48,980

Joey what are you working in a machine

1250

00:59:56,230 --> 00:59:53,299

shop or something city a thin wood plant

1251

00:59:58,359 --> 00:59:56,240

I built for oh wow okay it sounds like

1252

01:00:00,279 --> 00:59:58,369

you're building Ford's all right so you

1253

01:00:03,970 --> 01:00:00,289

have a brush you have a question for our

1254

01:00:10,749 --> 01:00:03,980

guest tonight yes I do I'm actually an

1255

01:00:13,809 --> 01:00:10,759

aviation by trade I know how big mylar

1256

01:00:15,130 --> 01:00:13,819

is and you know during Roswell they were

1257

01:00:17,259 --> 01:00:15,140

trying to say that it was bailar

1258

01:00:18,849 --> 01:00:17,269

balloons no matter how big a mylar

1259

01:00:22,509 --> 01:00:18,859

balloon is you can actually fold that

1260

01:00:26,589 --> 01:00:22,519

down very small my question is why would

1261

01:00:29,079 --> 01:00:26,599

they need a flatbed for that no it's

1262

01:00:31,059 --> 01:00:29,089

really well yeah yeah Joey that's

1263

01:00:32,920 --> 01:00:31,069

everybody's question about it I think

1264

01:00:35,499 --> 01:00:32,930

why would you need a flatbed for

1265

01:00:37,359 --> 01:00:35,509

anything like a balloon and why would

1266

01:00:40,029 --> 01:00:37,369

you talk about it crashing I mean

1267

01:00:42,489 --> 01:00:40,039

balloons collapse in pieces and they

1268

01:00:45,370 --> 01:00:42,499

fall to the earth in little pieces after

1269

01:00:47,559 --> 01:00:45,380

they've exploded this this needed a big

1270

01:00:50,739 --> 01:00:47,569

truck to bring bring it in and Jesse

1271

01:00:52,690 --> 01:00:50,749

Marcel actually was so impressed that he

1272

01:00:55,420 --> 01:00:52,700

took pieces back to show his wife and

1273

01:01:10,359 --> 01:00:55,430

children before he took them to the base

1274

01:01:12,670 --> 01:01:10,369

commander the guys name is he made I

1275

01:01:24,759 --> 01:01:12,680

know what I call documentary oh yeah

1276

01:01:29,410 --> 01:01:24,769

James and you guys had a guy's Hall in

1277

01:01:32,170 --> 01:01:29,420

and said that Oren hopes recording that

1278

01:01:34,239 --> 01:01:32,180

he did his voice recording but he never

1279

01:01:35,589 --> 01:01:34,249

said anything about lights coming at him

1280

01:01:49,210 --> 01:01:35,599

or anything like that and he clearly

1281

01:01:52,269 --> 01:01:49,220

does I don't remember that call yeah

1282

01:01:55,239 --> 01:01:52,279

interest I did I did have another

1283

01:01:56,829 --> 01:01:55,249

question though about I know you thought

1284

01:01:57,130 --> 01:01:56,839

he touched a little bit about didn't

1285

01:01:59,640 --> 01:01:57,140

walk

1286

01:02:06,430 --> 01:01:59,650

yeah I've been listening to a lot of

1287

01:02:08,290 --> 01:02:06,440

Navajo talk on this particular subject I

1288

01:02:10,630 --> 01:02:08,300

just kind of want to know what both you

1289

01:02:14,340 --> 01:02:10,640

guys think about it and what do you

1290

01:02:17,020 --> 01:02:14,350

think is actually going on out there

1291

01:02:19,480 --> 01:02:17,030

that's a thanks for the question I don't

1292

01:02:21,910 --> 01:02:19,490

know I don't know exactly probably good

1293

01:02:25,690 --> 01:02:21,920

if you would why don't we you can listen

1294

01:02:26,080 --> 01:02:25,700

to that off air if you I mean off all

1295

01:02:27,700 --> 01:02:26,090

right

1296

01:02:31,440 --> 01:02:27,710

just a little background noise there but

1297

01:02:33,700 --> 01:02:31,450

thank you for the call all right so

1298

01:02:37,390 --> 01:02:33,710

skinwalker ranch what do you think is

1299

01:02:42,040 --> 01:02:37,400

going up in there I don't think anyone

1300

01:02:45,430 --> 01:02:42,050

really knows no they don't there are

1301

01:02:47,710 --> 01:02:45,440

there's this there's a huge fascinating

1302

01:02:49,330 --> 01:02:47,720

body of information about what goes on

1303

01:02:51,070 --> 01:02:49,340

in these sorts of regions we were

1304

01:02:54,370 --> 01:02:51,080

talking about Rendlesham in the Norfolk

1305

01:02:56,320 --> 01:02:54,380

area and the amount of paranormal

1306

01:02:59,560 --> 01:02:56,330

activity there appears to be going on

1307

01:03:02,020 --> 01:02:59,570

the same thing the skinwalker ranch and

1308

01:03:03,400 --> 01:03:02,030

I mean twenty two million dollars is a

1309

01:03:06,520 --> 01:03:03,410

lot of money to spend on an

1310

01:03:08,920 --> 01:03:06,530

investigation and not report anything at

1311

01:03:11,110 --> 01:03:08,930

the end of it so I don't know where of

1312

01:03:13,060 --> 01:03:11,120

time there were a hundred according to

1313

01:03:16,360 --> 01:03:13,070

Jeremy Korb last week I had him on

1314

01:03:19,090 --> 01:03:16,370

last week and there were supposedly a

1315

01:03:23,190 --> 01:03:19,100

hundred believe he said 144 incidences

1316

01:03:25,630 --> 01:03:23,200

that were reported on yep I mean that's

1317

01:03:28,000 --> 01:03:25,640

that's incredible isn't it it is

1318

01:03:29,860 --> 01:03:28,010

incredible but not for the span you know

1319

01:03:32,730 --> 01:03:29,870

of the years that they were there I mean

1320

01:03:35,650 --> 01:03:32,740

there was a lot of idle time but and and

1321

01:03:37,870 --> 01:03:35,660

and things are happening there again but

1322

01:03:40,000 --> 01:03:37,880

there are a lot of periods of time where

1323

01:03:43,300 --> 01:03:40,010

nothing happens at all which is kind of

1324

01:03:46,540 --> 01:03:43,310

frustrating it's frustrating the whole

1325

01:03:50,200 --> 01:03:46,550

UFO phenomena is frustrating as well you

1326

01:03:53,230 --> 01:03:50,210

know you're talking about two two

1327

01:03:56,770 --> 01:03:53,240

objects a see for every 10 million

1328

01:03:59,350 --> 01:03:56,780

people for every year as far as we can

1329

01:04:02,020 --> 01:03:59,360

calculate and the and but that still

1330

01:04:05,490 --> 01:04:02,030

builds up we're talking globally of

1331

01:04:07,710 --> 01:04:05,500

something like a hundred million

1332

01:04:10,380 --> 01:04:07,720

sightings since

1333

01:04:10,950 --> 01:04:10,390

the turn of this century well that's

1334

01:04:17,460 --> 01:04:10,960

something

1335

01:04:19,620 --> 01:04:17,470

going to be pretty inexplicable they

1336

01:04:25,140 --> 01:04:19,630

come into the sort of two to five

1337

01:04:29,310 --> 01:04:25,150

percent areas now what I'm I'm also a

1338

01:04:31,950 --> 01:04:29,320

big science fan and I look at I'm I read

1339

01:04:35,099 --> 01:04:31,960

scientific America and I read nature the

1340

01:04:36,630 --> 01:04:35,109

British Journal science and so on and

1341

01:04:38,310 --> 01:04:36,640

one of the things that appears to be

1342

01:04:39,630 --> 01:04:38,320

happening in science at the moment is

1343

01:04:43,830 --> 01:04:39,640

that things are getting weirder and

1344

01:04:45,720 --> 01:04:43,840

weirder you you talk about you know it's

1345

01:04:47,400 --> 01:04:45,730

okay talking about standard science

1346

01:04:49,859 --> 01:04:47,410

where things are predictable

1347

01:04:52,770 --> 01:04:49,869

that's Newtonian but once you get into

1348

01:04:55,050 --> 01:04:52,780

Einstein lan and quantum science then

1349

01:05:00,300 --> 01:04:55,060

nothing is predictable and nothing is

1350

01:05:06,540 --> 01:05:00,310

real the your the very nature of your

1351

01:05:09,420 --> 01:05:06,550

body is actually just pure energy and if

1352

01:05:12,720 --> 01:05:09,430

that's true and well it is true but but

1353

01:05:15,810 --> 01:05:12,730

if that has any relevance to what is

1354

01:05:17,609 --> 01:05:15,820

happening in quantum physics where

1355

01:05:19,740 --> 01:05:17,619

particles can exist in more than one

1356

01:05:22,410 --> 01:05:19,750

place at the same time where they can

1357

01:05:25,349 --> 01:05:22,420

travel they can communicate faster than

1358

01:05:28,710 --> 01:05:25,359

the speed of light and and that sort of

1359

01:05:31,260 --> 01:05:28,720

thing we're very much in the infancy of

1360

01:05:34,109 --> 01:05:31,270

our investigations into it but if that's

1361

01:05:37,079 --> 01:05:34,119

true then I wouldn't put anything out of

1362

01:05:39,960 --> 01:05:37,089

the window as far as strange events at

1363

01:05:42,420 --> 01:05:39,970

Rendlesham or the skinwalker ranch are

1364

01:05:45,180 --> 01:05:42,430

concerned right no I agree with you

1365

01:05:47,880 --> 01:05:45,190

science has or at least people are

1366

01:05:49,920 --> 01:05:47,890

exploring so many different things you

1367

01:05:53,609 --> 01:05:49,930

know quantum entanglement that's really

1368

01:05:56,990 --> 01:05:53,619

bizarre situation I can't remember

1369

01:06:00,300 --> 01:05:57,000

exactly what it's called when they were

1370

01:06:03,900 --> 01:06:00,310

they were shooting particles through

1371

01:06:05,760 --> 01:06:03,910

gold and and it seemed to an observer

1372

01:06:08,280 --> 01:06:05,770

seem to make a difference

1373

01:06:10,710 --> 01:06:08,290

observers to make a difference yeah yeah

1374

01:06:12,270 --> 01:06:10,720

I mean that that is just you know it

1375

01:06:16,760 --> 01:06:12,280

doesn't make any sense and then there's

1376

01:06:21,140 --> 01:06:16,770

string theory there's the multiverse

1377

01:06:23,210 --> 01:06:21,150

theory you know well all that it's it's

1378

01:06:25,609 --> 01:06:23,220

a lot of these are just theories but

1379

01:06:27,920 --> 01:06:25,619

maybe there is something to it maybe

1380

01:06:32,089 --> 01:06:27,930

maybe there is some type of relationship

1381

01:06:34,730 --> 01:06:32,099

to to everything that's right you see if

1382

01:06:37,640 --> 01:06:34,740

there is a if if and it is a big if of

1383

01:06:39,200 --> 01:06:37,650

course if the multiverse theories are

1384

01:06:41,960 --> 01:06:39,210

correct and there's a certain amount of

1385

01:06:46,220 --> 01:06:41,970

evidence so far which which shows that

1386

01:06:49,250 --> 01:06:46,230

it could be and mathematically we know

1387

01:06:52,700 --> 01:06:49,260

that it's possible if that's the case

1388

01:06:55,210 --> 01:06:52,710

then why is would it necessarily be

1389

01:06:59,150 --> 01:06:55,220

impossible for things to slip between

1390

01:07:02,870 --> 01:06:59,160

the two dimensions or two different

1391

01:07:06,500 --> 01:07:02,880

universes in certain places maybe there

1392

01:07:10,400 --> 01:07:06,510

are weaknesses wormholes inconsistencies

1393

01:07:12,440 --> 01:07:10,410

in space-time that allow objects or

1394

01:07:16,099 --> 01:07:12,450

bodies to come through and then go back

1395

01:07:20,539 --> 01:07:16,109

again so we see them as ghosts or aliens

1396

01:07:23,450 --> 01:07:20,549

or even spaceships yeah yeah yeah it's

1397

01:07:25,220 --> 01:07:23,460

all fascinating and I've mentioned a

1398

01:07:29,000 --> 01:07:25,230

number of times you know if we are being

1399

01:07:31,730 --> 01:07:29,010

visited then then basically why why are

1400

01:07:33,680 --> 01:07:31,740

we being observed if there's so much

1401
01:07:35,660 --> 01:07:33,690
life out there and there I would guess

1402
01:07:37,760 --> 01:07:35,670
you know I think a lot of people are

1403
01:07:40,730 --> 01:07:37,770
guessing again it's a guess but that

1404
01:07:42,079 --> 01:07:40,740
there's most likely a lot a lot of

1405
01:07:44,690 --> 01:07:42,089
intelligent life out there

1406
01:07:48,049 --> 01:07:44,700
these statistically speaking it seems

1407
01:07:50,660 --> 01:07:48,059
like that would be so yeah yeah you can

1408
01:07:53,569 --> 01:07:50,670
do back at the envelope work and and and

1409
01:07:55,670 --> 01:07:53,579
you can make assumptions like well for

1410
01:07:59,750 --> 01:07:55,680
example one if you said that one in

1411
01:08:02,690 --> 01:07:59,760
every million planets has developed some

1412
01:08:05,299 --> 01:08:02,700
sort of microbial life and one in every

1413
01:08:08,359 --> 01:08:05,309

million of those develops something in

1414

01:08:11,210 --> 01:08:08,369

the order of rabbits and cats and dogs

1415

01:08:14,029 --> 01:08:11,220

and so on and one in every million of

1416

01:08:16,910 --> 01:08:14,039

those develop sentient life like you

1417

01:08:20,180 --> 01:08:16,920

beings and then one in a million of

1418

01:08:22,880 --> 01:08:20,190

those develops advanced sentient life

1419

01:08:26,419 --> 01:08:22,890

you are still talking about something

1420

01:08:30,079 --> 01:08:26,429

like a trillion planets out there that

1421

01:08:34,599 --> 01:08:30,089

could support advanced life mate how

1422

01:08:36,640 --> 01:08:34,609

that's yeah unbelievable yeah

1423

01:08:39,180 --> 01:08:36,650

you know everything we know is on this

1424

01:08:43,870 --> 01:08:39,190

planet you know like that famous

1425

01:08:46,870 --> 01:08:43,880

statement that Carl Sagan says you know

1426

01:08:49,360 --> 01:08:46,880

every tear ever cried every I forget

1427

01:08:51,849 --> 01:08:49,370

exactly how it goes but every poet every

1428

01:08:54,790 --> 01:08:51,859

murderer every all on that little blue

1429

01:08:58,000 --> 01:08:54,800

marble so it's like everything is here

1430

01:09:00,490 --> 01:08:58,010

and you just wonder how many parallels

1431

01:09:03,250 --> 01:09:00,500

there are two other intelligent life

1432

01:09:05,620 --> 01:09:03,260

like what's the equivalent of first kiss

1433

01:09:07,090 --> 01:09:05,630

or a first car or whatever you know it's

1434

01:09:12,300 --> 01:09:07,100

it's really fascinating if you really

1435

01:09:15,190 --> 01:09:12,310

think about it like it's happened yeah

1436

01:09:17,770 --> 01:09:15,200

all of this stuff so the line is open if

1437

01:09:21,070 --> 01:09:17,780

it wants to call in that numbers post it

1438

01:09:24,370 --> 01:09:21,080

up on YouTube and if you're in kgr a

1439

01:09:28,990 --> 01:09:24,380

radio that number again live only six oh

1440

01:09:32,380 --> 01:09:29,000

three nine six seven four OH three oh so

1441

01:09:34,800 --> 01:09:32,390

what other story in your book did you

1442

01:09:37,870 --> 01:09:34,810

find was you mentioned bras well and

1443

01:09:40,870 --> 01:09:37,880

Rendlesham is the two right up at the

1444

01:09:45,610 --> 01:09:40,880

top one other ones up did you really get

1445

01:09:47,680 --> 01:09:45,620

into and explore oh there were quite a

1446

01:09:50,260 --> 01:09:47,690

lot but I suppose the one that

1447

01:09:51,970 --> 01:09:50,270

fascinated me and sort of pulled the

1448

01:09:56,260 --> 01:09:51,980

heartstrings a bit was the Lonnie Zamora

1449

01:09:59,950 --> 01:09:56,270

okay it's back in 64 Sakura yeah yeah

1450

01:10:03,760 --> 01:09:59,960

Sakura I think the circumstances of that

1451

01:10:07,480 --> 01:10:03,770

case are again extremely credible and

1452

01:10:09,250 --> 01:10:07,490

believable he have policemen who all his

1453

01:10:11,710 --> 01:10:09,260

colleagues say it's one of the most

1454

01:10:15,880 --> 01:10:11,720

straightforward and all these guys they

1455

01:10:18,880 --> 01:10:15,890

ever knew who you know just got called

1456

01:10:21,100 --> 01:10:18,890

out from the from his chase to

1457

01:10:24,460 --> 01:10:21,110

investigate what he thought was an

1458

01:10:27,100 --> 01:10:24,470

explosion and sees two people or two

1459

01:10:30,880 --> 01:10:27,110

apparent people and an object in the

1460

01:10:33,340 --> 01:10:30,890

desert now that of course you know that

1461

01:10:35,530 --> 01:10:33,350

moment that fraction of a second in time

1462

01:10:37,330 --> 01:10:35,540

that he saw those people before they

1463

01:10:39,970 --> 01:10:37,340

disappeared as he was walking down to

1464

01:10:42,250 --> 01:10:39,980

get closer to them changed his life

1465

01:10:44,500 --> 01:10:42,260

forever right and that's one of the

1466

01:10:47,100 --> 01:10:44,510

things I think that is most interesting

1467

01:10:50,580 --> 01:10:47,110

about the

1468

01:10:53,459 --> 01:10:50,590

the big UFO cases the ones that stick in

1469

01:10:55,260 --> 01:10:53,469

the memory yeah yeah that's I've talked

1470

01:10:57,840 --> 01:10:55,270

to half head race race Stanford on many

1471

01:10:59,729 --> 01:10:57,850

times I know him pretty well and he was

1472

01:11:01,680 --> 01:10:59,739

there right afterwards and really

1473

01:11:04,080 --> 01:11:01,690

thought a lot of Lonnie and so did

1474

01:11:06,570 --> 01:11:04,090

everyone else dr. J Allen Hynek everyone

1475

01:11:08,310 --> 01:11:06,580

so we have what we can get back to that

1476

01:11:10,680 --> 01:11:08,320

case in just a second here we have

1477

01:11:11,850 --> 01:11:10,690

someone that called in a caller what's

1478

01:11:17,879 --> 01:11:11,860

your first name and where you're calling

1479

01:11:19,439 --> 01:11:17,889

from hey Bobby are you safe yeah man I'm

1480

01:11:21,209 --> 01:11:19,449

in Central North Carolina so I'm good

1481

01:11:22,800 --> 01:11:21,219

but there's a chance we might get 10 or

1482

01:11:25,080 --> 01:11:22,810

more inches of rain so I'm more worried

1483

01:11:27,660 --> 01:11:25,090

about that Wow hidden that I'm not near

1484

01:11:31,050 --> 01:11:27,670

the coast that happens

1485

01:11:32,669 --> 01:11:31,060

yeah yeah I got governments less cities

1486

01:11:37,290 --> 01:11:32,679

and food flashlights all that so we're

1487

01:11:38,609 --> 01:11:37,300

good when we're at the conference what

1488

01:11:41,790 --> 01:11:38,619

five six years ago we're talking to

1489

01:11:43,320 --> 01:11:41,800

Timothy good he had mentioned that he'd

1490

01:11:45,780 --> 01:11:43,330

actually seen when the triangle craft

1491

01:11:48,240 --> 01:11:45,790

that's similar than what was seen at

1492

01:11:52,500 --> 01:11:48,250

Rendlesham at that time that time period

1493

01:11:54,030 --> 01:11:52,510

that he tried to speak to Kevin Randle

1494

01:11:55,770 --> 01:11:54,040

or whoever else was writing the book of

1495

01:11:57,020 --> 01:11:55,780

not in time they said they just kind of

1496

01:12:00,330 --> 01:11:57,030

blew him off they weren't interested

1497

01:12:01,709 --> 01:12:00,340

that's it we were out to dinner with him

1498

01:12:06,570 --> 01:12:01,719

right is that when he talked about that

1499

01:12:07,560 --> 01:12:06,580

yeah yeah I remember that yeah right

1500

01:12:10,080 --> 01:12:07,570

right

1501

01:12:14,370 --> 01:12:10,090

huh that's interesting I forgotten all

1502

01:12:21,419 --> 01:12:14,380

about that so I just when I got out

1503

01:12:31,590 --> 01:12:21,429

earlier at work you're in a machine shop

1504

01:12:36,000 --> 01:12:31,600

aren't you yeah so yeah there there were

1505

01:12:39,240 --> 01:12:36,010

I wondered about that I I never was a

1506

01:12:41,609 --> 01:12:39,250

Kevin Randle he contacted you said no it

1507

01:12:45,030 --> 01:12:41,619

was no it was it was Timothy good had

1508

01:12:47,129 --> 01:12:45,040

had the visual sighting right yes he

1509

01:12:48,479 --> 01:12:47,139

tried to he tried to concentrate yeah I

1510

01:12:51,030 --> 01:12:48,489

think it was Kevin Rabbit

1511

01:12:52,530 --> 01:12:51,040

yeah but I don't recall yeah so that was

1512

01:12:57,000 --> 01:12:52,540

pretty interesting and then talking

1513

01:12:59,189 --> 01:12:57,010

about the socorro case oh god I came to

1514

01:13:01,050 --> 01:12:59,199

this in race race answer they actually

1515

01:13:03,210 --> 01:13:01,060

have some extra pictures that he took em

1516

01:13:04,550 --> 01:13:03,220

range and actually had similar craft in

1517

01:13:07,620 --> 01:13:04,560

those pictures you didn't mention that

1518

01:13:09,990 --> 01:13:07,630

yes that is something that I actually

1519

01:13:12,360 --> 01:13:10,000

saw with my own eyes and I a lot of

1520

01:13:14,550 --> 01:13:12,370

people get frustrated pardon me a lot of

1521

01:13:17,040 --> 01:13:14,560

people get frustrated because rate does

1522

01:13:20,400 --> 01:13:17,050

not want to share those pictures but I

1523

01:13:23,790 --> 01:13:20,410

actually saw that with my own eyes

1524

01:13:25,470 --> 01:13:23,800

and that was the most fascinating thing

1525

01:13:28,620 --> 01:13:25,480

I've ever seen actually when it comes to

1526

01:13:31,290 --> 01:13:28,630

UFOs because it looked like it looked

1527

01:13:33,840 --> 01:13:31,300

less like the craft that was described

1528

01:13:37,620 --> 01:13:33,850

by Lonnie some more it looked like an

1529

01:13:39,720 --> 01:13:37,630

egg shot egg shaped and with uh with

1530

01:13:42,120 --> 01:13:39,730

some type of landing gear sticking down

1531

01:13:44,670 --> 01:13:42,130

and it was very very clear in the

1532

01:13:47,400 --> 01:13:44,680

picture and the only way he saw it is

1533

01:13:48,960 --> 01:13:47,410

when he blew up when he magnified the

1534

01:13:51,390 --> 01:13:48,970

photo you couldn't see it in the regular

1535

01:13:54,450 --> 01:13:51,400

sized photo and once he blew it up he

1536

01:13:57,180 --> 01:13:54,460

saw something and so he put it under an

1537

01:13:58,920 --> 01:13:57,190

enlarger I guess and blew up the photo

1538

01:14:01,680 --> 01:13:58,930

and actually you can see it as clear as

1539

01:14:03,710 --> 01:14:01,690

clear as day it's really amazing okay

1540

01:14:06,180 --> 01:14:03,720

look let me get back to my machine

1541

01:14:07,230 --> 01:14:06,190

really interesting guess in a great show

1542

01:14:10,980 --> 01:14:07,240

I can't wait to listen the whole thing

1543

01:14:14,460 --> 01:14:10,990

all right Bobby thanks a lot thank you

1544

01:14:17,250 --> 01:14:14,470

yeah so the how that particular photo

1545

01:14:19,560 --> 01:14:17,260

was taken by Ray Stanford was he was

1546

01:14:21,990 --> 01:14:19,570

back he went back to the site the

1547

01:14:24,390 --> 01:14:22,000

Socorro site a several days I want to

1548

01:14:26,850 --> 01:14:24,400

say I don't know if Ray's list sometimes

1549

01:14:30,930 --> 01:14:26,860

he listens to the show he can call in

1550

01:14:33,480 --> 01:14:30,940

and correct me if I'm wrong but he went

1551

01:14:36,060 --> 01:14:33,490

I think he said 124 days later or

1552

01:14:37,590 --> 01:14:36,070

something like that it was just time had

1553

01:14:40,290 --> 01:14:37,600

gone by and he went back to get

1554

01:14:43,320 --> 01:14:40,300

perspective of the dynamite shack with

1555

01:14:44,910 --> 01:14:43,330

the background and had his rent stand

1556

01:14:48,870 --> 01:14:44,920

over by the dynamite Shack and he took

1557

01:14:50,520 --> 01:14:48,880

this picture and never you know put it

1558

01:14:51,750 --> 01:14:50,530

away never thought much about it and he

1559

01:14:54,510 --> 01:14:51,760

was going through different things and

1560

01:14:57,240 --> 01:14:54,520

and he went through and saw that picture

1561

01:14:58,410 --> 01:14:57,250

and then he saw a little dot in the

1562

01:15:01,530 --> 01:14:58,420

background and that's what made him

1563

01:15:03,330 --> 01:15:01,540

decide to enlarge it and it's pretty

1564

01:15:06,480 --> 01:15:03,340

amazing why would that be there exactly

1565

01:15:09,990 --> 01:15:06,490

then when he came back randomly you know

1566

01:15:12,030 --> 01:15:10,000

several days later as an episode it is

1567

01:15:13,280 --> 01:15:12,040

bizarre I think these things these

1568

01:15:16,670 --> 01:15:13,290

things just tend

1569

01:15:18,620 --> 01:15:16,680

to happen and it's one of those things

1570

01:15:20,210 --> 01:15:18,630

that I always think actually that there

1571

01:15:24,260 --> 01:15:20,220

are because I have very poor eyesight

1572

01:15:25,850 --> 01:15:24,270

I've got incredibly badly and the the

1573

01:15:29,570 --> 01:15:25,860

problem for me is that even though I

1574

01:15:31,550 --> 01:15:29,580

would might want to see a UFO I'm highly

1575

01:15:34,130 --> 01:15:31,560

unlikely to ever have the visual acuity

1576

01:15:38,120 --> 01:15:34,140

to be able to see one and I think that

1577

01:15:40,100 --> 01:15:38,130

what happens is that people you know

1578

01:15:42,740 --> 01:15:40,110

what it's like you can you can lead your

1579

01:15:44,540 --> 01:15:42,750

life without ever looking up you can

1580

01:15:48,320 --> 01:15:44,550

leave your life without even noticing

1581

01:15:51,500 --> 01:15:48,330

aircraft in the sky and there are

1582

01:15:54,200 --> 01:15:51,510

thousands of things that we we do we

1583

01:15:57,560 --> 01:15:54,210

don't notice things so I think a lot of

1584

01:16:00,770 --> 01:15:57,570

the time things may be in view they may

1585

01:16:02,360 --> 01:16:00,780

be in shot but unless you're thinking in

1586

01:16:05,750 --> 01:16:02,370

that sort of way unless you're ray

1587

01:16:08,510 --> 01:16:05,760

Sampat unless you're you know a youth

1588

01:16:11,000 --> 01:16:08,520

UFO investigator you don't necessarily

1589

01:16:13,310 --> 01:16:11,010

think to blow it up or wonder what that

1590

01:16:16,010 --> 01:16:13,320

speck is because most of us just assume

1591

01:16:19,550 --> 01:16:16,020

it's dust on the lens or something right

1592

01:16:21,170 --> 01:16:19,560

yeah exactly and you know you make it

1593

01:16:23,660 --> 01:16:21,180

you'd make a very good point you know a

1594

01:16:26,990 --> 01:16:23,670

lot of people are glued to their

1595

01:16:31,130 --> 01:16:27,000

smartphones today and not looking up you

1596

01:16:32,930 --> 01:16:31,140

know I mean and I I think that is you

1597

01:16:34,670 --> 01:16:32,940

know there's possibly things going on

1598

01:16:37,160 --> 01:16:34,680

that people don't even see you know it

1599

01:16:39,740 --> 01:16:37,170

very well could happen yeah I mean

1600

01:16:43,670 --> 01:16:39,750

you've kinda mcroberts back in what was

1601

01:16:45,770 --> 01:16:43,680

it 1981 the girl who who saw who took a

1602

01:16:47,810 --> 01:16:45,780

photograph of a mountain when she was

1603

01:16:50,210 --> 01:16:47,820

with her family on holiday and when she

1604

01:16:52,040 --> 01:16:50,220

blew it up there was an object very very

1605

01:16:54,230 --> 01:16:52,050

clearly in view but they didn't see it

1606

01:16:55,940 --> 01:16:54,240

at the time it was only when they got

1607

01:16:57,650 --> 01:16:55,950

the photographs back and had him

1608

01:17:00,080 --> 01:16:57,660

developed that they they were able to

1609

01:17:03,530 --> 01:17:00,090

see that it was a it was a saucer-shaped

1610

01:17:06,920 --> 01:17:03,540

object yeah a lot of times that will

1611

01:17:09,380 --> 01:17:06,930

happen and sometimes even birds will

1612

01:17:12,050 --> 01:17:09,390

look like you know they'll be a certain

1613

01:17:13,790 --> 01:17:12,060

angle and they'll even they'll even look

1614

01:17:16,790 --> 01:17:13,800

like something and someone catches that

1615

01:17:21,620 --> 01:17:16,800

so sometimes an insect you know I don't

1616

01:17:23,660 --> 01:17:21,630

know about that particular one but there

1617

01:17:25,670 --> 01:17:23,670

are a lot of people do take photographs

1618

01:17:26,620 --> 01:17:25,680

and see something after which is really

1619

01:17:30,230 --> 01:17:26,630

something

1620

01:17:32,330 --> 01:17:30,240

yes yeah so we have a line open if

1621

01:17:36,050 --> 01:17:32,340

anyone wants to call it and that number

1622

01:17:37,460 --> 01:17:36,060

is up on the screen we have about looks

1623

01:17:41,630 --> 01:17:37,470

like we got about seven or eight minutes

1624

01:17:44,240 --> 01:17:41,640

left to the show and so that particular

1625

01:17:49,100 --> 01:17:44,250

case you were talking about Socorro of

1626

01:17:51,860 --> 01:17:49,110

course and it really is you know the

1627

01:17:54,530 --> 01:17:51,870

observer Lani some more I think is what

1628

01:17:57,260 --> 01:17:54,540

gives that that case and how it should

1629

01:17:59,470 --> 01:17:57,270

come up so much and it was the last

1630

01:18:03,800 --> 01:17:59,480

thing in the world he wanted in his life

1631

01:18:06,050 --> 01:18:03,810

basically yes I feel I said to somebody

1632

01:18:09,080 --> 01:18:06,060

else on a show on a show a few months

1633

01:18:12,380 --> 01:18:09,090

ago that of all the people that I've

1634

01:18:14,870 --> 01:18:12,390

come across figuratively speaking anyway

1635

01:18:17,240 --> 01:18:14,880

in my research Nori's amor is the one I

1636

01:18:22,520 --> 01:18:17,250

feel most sorry for yeah because I feel

1637

01:18:27,380 --> 01:18:22,530

that he suffered more than most and this

1638

01:18:33,080 --> 01:18:27,390

sort of ridicule and disbelief and

1639

01:18:35,120 --> 01:18:33,090

pillory it's necessary if people think

1640

01:18:37,640 --> 01:18:35,130

they've seen something and they tell you

1641

01:18:39,770 --> 01:18:37,650

honestly and openly what they've seen we

1642

01:18:43,190 --> 01:18:39,780

should take them at their word and okay

1643

01:18:46,670 --> 01:18:43,200

it may need investigating but it's it's

1644

01:18:48,940 --> 01:18:46,680

a valid sighting by a human being who

1645

01:18:51,050 --> 01:18:48,950

thinks they've they've had a sighting

1646

01:18:55,430 --> 01:18:51,060

when we first started the show you

1647

01:18:56,720 --> 01:18:55,440

mentioned kind of the the start of this

1648

01:18:58,880 --> 01:18:56,730

book we're thinking about writing the

1649

01:19:00,530 --> 01:18:58,890

book yours at a dinner party or dinner

1650

01:19:03,470 --> 01:19:00,540

table with some guests and you brought

1651

01:19:07,550 --> 01:19:03,480

up the conversation about UFOs have any

1652

01:19:10,820 --> 01:19:07,560

of those friends have any of them read

1653

01:19:14,000 --> 01:19:10,830

your book well as far as I know all of

1654

01:19:17,270 --> 01:19:14,010

them have I get I can't regulate

1655

01:19:20,000 --> 01:19:17,280

contacts from them asking about specific

1656

01:19:21,410 --> 01:19:20,010

things that I've said or saying that I

1657

01:19:24,890 --> 01:19:21,420

shouldn't have done that or I should

1658

01:19:26,330 --> 01:19:24,900

have done this or whatever and asking

1659

01:19:30,290 --> 01:19:26,340

you know what what you two is gonna be

1660

01:19:32,600 --> 01:19:30,300

like and all that but it's um this is

1661

01:19:34,940 --> 01:19:32,610

another thing that is strange about it

1662

01:19:36,110 --> 01:19:34,950

as long as people have open minds and

1663

01:19:39,070 --> 01:19:36,120

that's all I ask

1664

01:19:41,950 --> 01:19:39,080

is that people just have an open mind

1665

01:19:44,200 --> 01:19:41,960

about what is out there and that means

1666

01:19:45,730 --> 01:19:44,210

not just UFOs but all the other things

1667

01:19:49,960 --> 01:19:45,740

that are associated with it and the

1668

01:19:52,260 --> 01:19:49,970

paranormal it's it's good to start with

1669

01:19:55,540 --> 01:19:52,270

the local mind and think about it

1670

01:19:58,720 --> 01:19:55,550

without fear because it is the fear of

1671

01:20:00,580 --> 01:19:58,730

of being ridiculed that stops most

1672

01:20:04,240 --> 01:20:00,590

people from even admitting that they've

1673

01:20:07,570 --> 01:20:04,250

seen something have you have you had any

1674

01:20:11,980 --> 01:20:07,580

ridicule since by any of them or their

1675

01:20:15,340 --> 01:20:11,990

there basically no I'm amazed I'm amazed

1676

01:20:18,190 --> 01:20:15,350

to say if I haven't I've had one or two

1677

01:20:21,340 --> 01:20:18,200

Snickers and smirks when I first openly

1678

01:20:25,720 --> 01:20:21,350

to subject but I was talking to a group

1679

01:20:28,750 --> 01:20:25,730

of people at a local hall about three

1680

01:20:33,430 --> 01:20:28,760

weeks ago and in the audience there were

1681

01:20:37,750 --> 01:20:33,440

probably 200 people one of them one of

1682

01:20:40,720 --> 01:20:37,760

them didn't it was vociferous lapentti

1683

01:20:44,050 --> 01:20:40,730

the whole idea of things and the reason

1684

01:20:50,590 --> 01:20:44,060

I found out afterwards was that he was

1685

01:20:53,710 --> 01:20:50,600

very very religious and I could not get

1686

01:20:56,860 --> 01:20:53,720

him to admit that that the subjects

1687

01:20:57,310 --> 01:20:56,870

could coexist quite happily oh we have a

1688

01:21:02,530 --> 01:20:57,320

caller

1689

01:21:04,990 --> 01:21:02,540

that is really something up I think they

1690

01:21:09,040 --> 01:21:05,000

can I think the Catholic Church for one

1691

01:21:12,400 --> 01:21:09,050

is actually showing that it they can be

1692

01:21:15,030 --> 01:21:12,410

accepted as a possibility so call her

1693

01:21:18,460 --> 01:21:15,040

your first name where you calling from

1694

01:21:21,160 --> 01:21:18,470

is Ronald from Minnesota i Ronald

1695

01:21:25,810 --> 01:21:21,170

welcome to the show you have a question

1696

01:21:28,990 --> 01:21:25,820

for our guest yes I was wondering if you

1697

01:21:31,960 --> 01:21:29,000

are more confused or are you more clear

1698

01:21:34,690 --> 01:21:31,970

minded about what you have seen or what

1699

01:21:36,520 --> 01:21:34,700

you are witnessing with UFOs since

1700

01:21:40,210 --> 01:21:36,530

you've done your research and have

1701

01:21:42,370 --> 01:21:40,220

written a book well that's a good

1702

01:21:45,400 --> 01:21:42,380

question rolled I think yes I'm more

1703

01:21:49,840 --> 01:21:45,410

clear minded about it now when I started

1704

01:21:52,030 --> 01:21:49,850

I was open-minded but very skeptical and

1705

01:21:55,330 --> 01:21:52,040

when I finished

1706

01:21:58,390 --> 01:21:55,340

I was open-minded and a hell of a lot

1707

01:22:00,400 --> 01:21:58,400

less skeptical about the subject there

1708

01:22:02,530 --> 01:22:00,410

is something here there's there is

1709

01:22:04,570 --> 01:22:02,540

something we've you know the book I've

1710

01:22:07,990 --> 01:22:04,580

in the book I've tried to build what I

1711

01:22:10,480 --> 01:22:08,000

would call an a priori case for further

1712

01:22:13,330 --> 01:22:10,490

investigation now all I'm saying is that

1713

01:22:17,140 --> 01:22:13,340

there are there is enough evidence on

1714

01:22:19,300 --> 01:22:17,150

the plate now for human beings to say

1715

01:22:23,290 --> 01:22:19,310

right we need to investigate this

1716

01:22:26,230 --> 01:22:23,300

seriously and we we do tend to be very

1717

01:22:30,970 --> 01:22:26,240

blind as a species about anything that

1718

01:22:33,280 --> 01:22:30,980

we fear or or wonder about and this is

1719

01:22:36,390 --> 01:22:33,290

what has happened to the UFO phenomenon

1720

01:22:38,920 --> 01:22:36,400

over the past 50 years I believe

1721

01:22:41,560 --> 01:22:38,930

interesting yeah I think knowledge is

1722

01:22:43,030 --> 01:22:41,570

more important than being afraid of

1723

01:22:45,280 --> 01:22:43,040

something we need to know more about

1724

01:22:48,370 --> 01:22:45,290

what we are seeing what we are

1725

01:22:50,830 --> 01:22:48,380

witnessing and whatever it is you know

1726

01:22:53,590 --> 01:22:50,840

we need to make sure into the UFO it's

1727

01:22:56,800 --> 01:22:53,600

an airplane you know whatever it is let

1728

01:22:58,900 --> 01:22:56,810

me be more clear and of course be more

1729

01:23:01,570 --> 01:22:58,910

understanding about what we are looking

1730

01:23:11,770 --> 01:23:01,580

at then the fear will go away I think

1731

01:23:14,200 --> 01:23:11,780

well thank you thank you Ron all right

1732

01:23:16,200 --> 01:23:14,210

so that's it for calls we won't be able

1733

01:23:19,320 --> 01:23:16,210

to take any more calls because we are

1734

01:23:20,890 --> 01:23:19,330

closed in just a couple minutes here

1735

01:23:24,640 --> 01:23:20,900

anyway

1736

01:23:26,680 --> 01:23:24,650

so where if you can I know you have a

1737

01:23:28,240 --> 01:23:26,690

website we have just two minutes left so

1738

01:23:30,520 --> 01:23:28,250

we have a website can you go ahead and

1739

01:23:37,390 --> 01:23:30,530

give that out if you would yeah sure

1740

01:23:41,950 --> 01:23:37,400

it's w w James T Abbot or one word a BB

1741

01:23:43,540 --> 01:23:41,960

o TT James T Abbot dot-com is this your

1742

01:23:44,620 --> 01:23:43,550

first book that you've ever written or

1743

01:23:47,500 --> 01:23:44,630

have you written other books on

1744

01:23:50,410 --> 01:23:47,510

different topics no I've written lots of

1745

01:23:53,020 --> 01:23:50,420

books but but never on this subject most

1746

01:23:55,990 --> 01:23:53,030

of my books are research books on

1747

01:23:59,080 --> 01:23:56,000

politics or business or various other

1748

01:24:01,090 --> 01:23:59,090

subjects but but never never on UFOs

1749

01:24:04,570 --> 01:24:01,100

which is why my friends are generally

1750

01:24:11,620 --> 01:24:08,590

well I'm glad you wrote it I think it's

1751

01:24:13,570 --> 01:24:11,630

up it it's it's a good book

1752

01:24:17,410 --> 01:24:13,580

you know actually just skimming through

1753

01:24:19,900 --> 01:24:17,420

it we'll get into it and I'll be very

1754

01:24:23,620 --> 01:24:19,910

glad to read it and I'm glad that you

1755

01:24:24,910 --> 01:24:23,630

took this on and it's always good to one

1756

01:24:26,980 --> 01:24:24,920

of the things I like about having people

1757

01:24:30,130 --> 01:24:26,990

like you on the show is to get a

1758

01:24:32,140 --> 01:24:30,140

different perspective of what what

1759

01:24:34,480 --> 01:24:32,150

people think they are seeing out there I

1760

01:24:35,950 --> 01:24:34,490

mean and I'm glad you and I agree on

1761

01:24:39,430 --> 01:24:35,960

Roswell because that's something I've

1762

01:24:40,840 --> 01:24:39,440

succeeded many times thanks Mazz it and

1763

01:24:42,940 --> 01:24:40,850

thanks very much for having me on the

1764

01:24:43,810 --> 01:24:42,950

show and introduce you me to so many

1765

01:24:46,960 --> 01:24:43,820

nice people

1766

01:24:49,750 --> 01:24:46,970

sure excellent all right so you take

1767

01:24:53,670 --> 01:24:49,760

care and I'll talk to you later

1768

01:24:57,160 --> 01:24:53,680

great thank you all right yeah bye bye

1769
