

ALEJANDRO
ROJAS

1
00:00:04,190 --> 00:00:03,439
and it hits me oh my gosh this is that

2
00:00:05,300 --> 00:00:04,200
triangle

3
00:00:06,410 --> 00:00:05,310
you know there's explanation for

4
00:00:07,760 --> 00:00:06,420
everything that occurred in the

5
00:00:10,190 --> 00:00:07,770
Rendlesham forest incident

6
00:00:13,249 --> 00:00:10,200
it doesn't involve aliens at all it was

7
00:00:16,609 --> 00:00:13,259
completely silent it comes right over

8
00:00:18,410 --> 00:00:16,619
our head it's so classic flying-saucer

9
00:00:20,269 --> 00:00:18,420
really standing in the clearing he

10
00:00:21,859 --> 00:00:20,279
turned over to my father held his hand

11
00:00:28,580 --> 00:00:21,869
and he looked in his eyes and said we're

12
00:00:31,310 --> 00:00:28,590
not alone welcome to podcast UFO for our

00:01:09,859 --> 00:01:07,610

41

00:01:46,899 --> 00:01:44,490

and we do appreciate every listener but

42

00:01:50,149 --> 00:01:46,909

the support really helps us carry on and

43

00:01:54,340 --> 00:01:50,159

I think that's enough for me and I shall

44

00:01:57,200 --> 00:01:54,350

welcome our guest Jordin welcome to the

45

00:02:00,620 --> 00:01:57,210

guest of honor big shoes to fill but I'm

46

00:02:03,859 --> 00:02:00,630

happy to be here yeah yeah hey first of

47

00:02:04,429 --> 00:02:03,869

all thank you for filling in kind of

48

00:02:07,850 --> 00:02:04,439

short notice

49

00:02:11,330 --> 00:02:07,860

yes no problem also like I said I want

50

00:02:13,580 --> 00:02:11,340

to say about your show your podcast I

51
00:02:13,970 --> 00:02:13,590
started listening to it recently I

52
00:02:15,520 --> 00:02:13,980
listened

53
00:02:19,039 --> 00:02:15,530
to it a little bit here and there but

54
00:02:20,210 --> 00:02:19,049
the quality of that show is just I don't

55
00:02:22,610 --> 00:02:20,220
know how much time you spend in the

56
00:02:24,500 --> 00:02:22,620
editing room but uh it was a beautiful

57
00:02:27,199 --> 00:02:24,510
show thank you doing a really nice job

58
00:02:29,149 --> 00:02:27,209
it's very interesting it's not just UFOs

59
00:02:33,860 --> 00:02:29,159
that's other other really fascinating

60
00:02:36,800 --> 00:02:33,870
topics as well so anyway welcome and do

61
00:02:39,289 --> 00:02:36,810
you want to you sent me an email I think

62
00:02:40,759 --> 00:02:39,299
or let's see I think maybe I saw it on

63
00:02:43,670 --> 00:02:40,769

Facebook you're gonna be on a radio show

64

00:02:47,059 --> 00:02:43,680

as well well what it is is my podcast

65

00:02:50,300 --> 00:02:47,069

got picked up by a company called chorus

66

00:02:53,000 --> 00:02:50,310

which is a major Canadian television and

67

00:02:55,640 --> 00:02:53,010

radio conglomerate I guess they own a

68

00:02:58,759 --> 00:02:55,650

lot of major TVA stations and radio

69

00:03:00,979 --> 00:02:58,769

stations they picked up my podcast to

70

00:03:03,349 --> 00:03:00,989

air its syndicated nationally now so

71

00:03:05,059 --> 00:03:03,359

it's aired on radio across Canada on

72

00:03:07,880 --> 00:03:05,069

Sunday nights and Saturday nights in

73

00:03:10,940 --> 00:03:07,890

most major cities and it's kind of a I

74

00:03:12,680 --> 00:03:10,950

don't know if many of if it's anything

75

00:03:14,030 --> 00:03:12,690

any similar arrangement has happened

76

00:03:16,460 --> 00:03:14,040

with many other podcasts but they're

77

00:03:19,580 --> 00:03:16,470

doing also they're using my podcast kind

78

00:03:21,319 --> 00:03:19,590

of in collaboration with some of the TV

79

00:03:24,020 --> 00:03:21,329

shows that they air so for example

80

00:03:26,390 --> 00:03:24,030

chorus who's taken over my podcasts they

81

00:03:27,620 --> 00:03:26,400

on the History Channel which is a big

82

00:03:29,750 --> 00:03:27,630

Canadian station I don't know if these

83

00:03:31,909 --> 00:03:29,760

have it in the States but they have like

84

00:03:34,460 --> 00:03:31,919

they're doing the Project Blue Book as

85

00:03:36,440 --> 00:03:34,470

yeah that TV show and they do yeah they

86

00:03:38,900 --> 00:03:36,450

do curse of Oak Island which is a major

87

00:03:42,620 --> 00:03:38,910

show here yeah so they're kind of

88

00:03:44,509 --> 00:03:42,630

looking at ways to work on things

89

00:03:46,909 --> 00:03:44,519

basically with my show end of shows

90

00:03:48,559 --> 00:03:46,919

called promoting through the podcast and

91

00:03:49,699 --> 00:03:48,569

television so it's it's gonna be cool I

92

00:03:51,559 --> 00:03:49,709

don't I don't really know what's gonna

93

00:03:53,750 --> 00:03:51,569

happen with it yet but it's been going

94

00:03:55,520 --> 00:03:53,760

on for about a month or two and I don't

95

00:03:58,069 --> 00:03:55,530

know it's gonna be interesting great

96

00:04:02,300 --> 00:03:58,079

great so did you get any news together

97

00:04:04,129 --> 00:04:02,310

for us I have a few things and I tried

98

00:04:08,119 --> 00:04:04,139

to kind of stick with Canadian news but

99

00:04:10,069 --> 00:04:08,129

as I yeah not a lot happens in UF ology

100

00:04:13,819 --> 00:04:10,079

and Canada it seems the the biggest

101

00:04:15,199 --> 00:04:13,829

thing recently was an article I found

102

00:04:18,400 --> 00:04:15,209

this interesting because although the

103

00:04:21,289 --> 00:04:18,410

the UFO event wasn't that spectacular

104

00:04:24,230 --> 00:04:21,299

the news article was mainly about the

105

00:04:25,580 --> 00:04:24,240

witnesses trouble reporting it and

106

00:04:27,680 --> 00:04:25,590

getting someone to take them seriously

107

00:04:29,360 --> 00:04:27,690

it happened in a small town called

108

00:04:31,100 --> 00:04:29,370

surgeon it's in Prince Edward Island

109

00:04:33,260 --> 00:04:31,110

which is one of the smallest provinces

110

00:04:35,120 --> 00:04:33,270

in Canada I'll just read you a brief

111

00:04:37,430 --> 00:04:35,130

excerpt from the the news article

112

00:04:38,120 --> 00:04:37,440

basically it says the witness his name

113

00:04:40,640 --> 00:04:38,130

is Bruce

114

00:04:42,410 --> 00:04:40,650

he knows the skies in his area he's seen

115

00:04:44,780 --> 00:04:42,420

a lot of satellites in the sky near his

116

00:04:46,910 --> 00:04:44,790

home but this particular object was not

117

00:04:48,320 --> 00:04:46,920

like any he'd seen before initially his

118

00:04:50,270 --> 00:04:48,330

thought was that it was a plane that he

119

00:04:52,520 --> 00:04:50,280

was looking at in the night sky as the

120

00:04:54,860 --> 00:04:52,530

object had flashing lights but when it

121

00:04:56,720 --> 00:04:54,870

stopped dead in the sky and then shot in

122

00:04:58,850 --> 00:04:56,730

a 90-degree angle towards his home and

123

00:05:01,070 --> 00:04:58,860

stopped again he knew it was something

124

00:05:03,050 --> 00:05:01,080

special he watched it in the sky kind of

125

00:05:04,670 --> 00:05:03,060

moving around sporadically like that for

126

00:05:07,250 --> 00:05:04,680

I think it was about four or five

127

00:05:09,650 --> 00:05:07,260

minutes until ultimately it shot off

128

00:05:11,540 --> 00:05:09,660

basically into the end of the night sky

129

00:05:14,030 --> 00:05:11,550

in the direction of Nova Scotia where I

130

00:05:16,340 --> 00:05:14,040

am coincidentally so he thought it was

131

00:05:17,960 --> 00:05:16,350

strange and something special the next

132

00:05:19,700 --> 00:05:17,970

day he had asked a few people basically

133

00:05:21,650 --> 00:05:19,710

at the coffee shop did you see the weird

134

00:05:24,530 --> 00:05:21,660

thing in the sky last night and sure

135

00:05:26,330 --> 00:05:24,540

enough a few people in his town did he

136

00:05:28,190 --> 00:05:26,340

then knowing it was something unique and

137

00:05:30,410 --> 00:05:28,200

special and that he wasn't the only one

138

00:05:32,150 --> 00:05:30,420

who saw it he decided to report it and

139

00:05:34,630 --> 00:05:32,160

that's kind of where the news article

140

00:05:36,860 --> 00:05:34,640

really got interesting he talked about

141

00:05:39,350 --> 00:05:36,870

contacting initially the Royal Canadian

142

00:05:42,650 --> 00:05:39,360

Air Force they didn't take him seriously

143

00:05:45,740 --> 00:05:42,660

next called Air Canada which is a major

144

00:05:48,860 --> 00:05:45,750

airline they hung up on him he called a

145

00:05:51,320 --> 00:05:48,870

NAV CANADA also hung up on him called

146

00:05:53,659 --> 00:05:51,330

the RCMP and they they told him it

147

00:05:55,909 --> 00:05:53,669

wasn't something that they deal with so

148

00:05:58,909 --> 00:05:55,919

basically he was left with no I guess

149

00:06:01,460 --> 00:05:58,919

mainstream avenue to report it in the

150

00:06:03,770 --> 00:06:01,470

article he then went on to describe

151
00:06:04,909 --> 00:06:03,780
getting hooked up with Kris Rutkowski

152
00:06:07,880 --> 00:06:04,919
who's probably been on both of your

153
00:06:10,430 --> 00:06:07,890
shows before he runs ufology research

154
00:06:14,000 --> 00:06:10,440
which is a major Canadian civilian UFO

155
00:06:15,920 --> 00:06:14,010
investigation organization ended up this

156
00:06:18,140 --> 00:06:15,930
witness found a safe place with with

157
00:06:19,460 --> 00:06:18,150
Chris and his crew and they took his

158
00:06:21,650 --> 00:06:19,470
information and I believe they're

159
00:06:23,240 --> 00:06:21,660
investigating but really what I found

160
00:06:25,880 --> 00:06:23,250
interesting about that article was it

161
00:06:27,530 --> 00:06:25,890
just shows how much trouble like so many

162
00:06:29,530 --> 00:06:27,540
of us see these things but if you want

163
00:06:32,120 --> 00:06:29,540

to report it to someone other than

164

00:06:33,800 --> 00:06:32,130

basically a fringe group like MUFON or

165

00:06:36,080 --> 00:06:33,810

whatnot you really don't have very many

166

00:06:37,850 --> 00:06:36,090

avenues you know some people wouldn't

167

00:06:40,100 --> 00:06:37,860

call them a fringe group but I

168

00:06:40,910 --> 00:06:40,110

understand what you mean you know fringe

169

00:06:44,060 --> 00:06:40,920

in the

170

00:06:45,950 --> 00:06:44,070

world I would I would you know I would

171

00:06:48,770 --> 00:06:45,960

say yeah definitely as far as that goes

172

00:06:53,030 --> 00:06:48,780

but yeah I mean I when I had my sighting

173

00:06:54,710 --> 00:06:53,040

in 2006 I had no idea how to report I

174

00:06:56,780 --> 00:06:54,720

never even looked online that never even

175

00:06:58,820 --> 00:06:56,790

occurred to me and I made a phone calls

176
00:07:00,370 --> 00:06:58,830
so I understand that but people hanging

177
00:07:03,020 --> 00:07:00,380
up on him that's pretty discouraging

178
00:07:04,640 --> 00:07:03,030
yeah and I don't mean fringe

179
00:07:06,650 --> 00:07:04,650
disrespectfully but I'm just thinking

180
00:07:09,470 --> 00:07:06,660
saying like if you talk about like let's

181
00:07:11,660 --> 00:07:09,480
say if you see my father who is a steel

182
00:07:14,180 --> 00:07:11,670
worker from small-town Nova Scotia and

183
00:07:15,620 --> 00:07:14,190
he sees it could be an alien spaceship

184
00:07:18,050 --> 00:07:15,630
that lands and they get out and attack

185
00:07:19,790 --> 00:07:18,060
him he's never gonna know what MUFON is

186
00:07:22,040 --> 00:07:19,800
or how to contact them he'll probably

187
00:07:24,920 --> 00:07:22,050
call the police and Air Canada yeah I

188
00:07:27,380 --> 00:07:24,930

know any police right yeah they probably

189

00:07:29,150 --> 00:07:27,390

hang up on my dad so I guess we're in

190

00:07:30,980 --> 00:07:29,160

the know so we're fortunate to know

191

00:07:34,190 --> 00:07:30,990

about these different groups and have an

192

00:07:36,650 --> 00:07:34,200

avenue to go but we're far from the

193

00:07:38,660 --> 00:07:36,660

average person in terms of the you know

194

00:07:39,860 --> 00:07:38,670

the UFO phenomenon the average person

195

00:07:41,900 --> 00:07:39,870

who sees something is not gonna have a

196

00:07:43,820 --> 00:07:41,910

clue where to go and I thought this

197

00:07:47,000 --> 00:07:43,830

article what I liked about it was a kind

198

00:07:49,520 --> 00:07:47,010

of in a mainstream news source which is

199

00:07:51,440 --> 00:07:49,530

this the provinces largest paper it kind

200

00:07:52,940 --> 00:07:51,450

of tells the story of what happens with

201
00:07:56,360 --> 00:07:52,950
a you know an average person when they

202
00:07:59,900 --> 00:07:56,370
see something yeah yeah and well it's

203
00:08:02,180 --> 00:07:59,910
amazing because most people would get

204
00:08:04,340 --> 00:08:02,190
hung up on once you know like I did

205
00:08:07,100 --> 00:08:04,350
basically and that was as far as I went

206
00:08:09,020 --> 00:08:07,110
you know I got I actually hung up on the

207
00:08:12,680 --> 00:08:09,030
dispatcher because they put me on hold

208
00:08:15,530 --> 00:08:12,690
for 20 20 minutes ooh but you know I

209
00:08:17,150 --> 00:08:15,540
mean I I just was discouraged and it's

210
00:08:19,490 --> 00:08:17,160
amazing this guy just kept going and

211
00:08:22,370 --> 00:08:19,500
trying different avenues yeah and it

212
00:08:25,010 --> 00:08:22,380
eventually found somewhere so yeah good

213
00:08:27,080 --> 00:08:25,020

for him but that was one that's probably

214

00:08:29,180 --> 00:08:27,090

the most recent piece of Canadian news

215

00:08:30,950 --> 00:08:29,190

but I think the big the big piece of new

216

00:08:33,800 --> 00:08:30,960

is actually I think is coming out of the

217

00:08:36,410 --> 00:08:33,810

US I don't want to pronounce it it's but

218

00:08:38,960 --> 00:08:36,420

I'm gonna try it's the ow muah-muah

219

00:08:41,540 --> 00:08:38,970

oh you know whoa yeah you're talking

220

00:08:44,570 --> 00:08:41,550

about the asteroid that Thea V that's a

221

00:08:46,520 --> 00:08:44,580

Hawaiian name uh-huh okay yeah well

222

00:08:49,190 --> 00:08:46,530

alejandro i think could nail that a lot

223

00:08:51,050 --> 00:08:49,200

better than i could I call it the Opie

224

00:08:53,360 --> 00:08:51,060

reott asteroid yeah

225

00:08:54,530 --> 00:08:53,370

and I've just to even today when I woke

226

00:08:56,810 --> 00:08:54,540

up this morning I had our

227

00:08:58,400 --> 00:08:56,820

had two or three people had messaged me

228

00:09:00,290 --> 00:08:58,410

on Twitter and stuff sending me the

229

00:09:02,240 --> 00:09:00,300

article of both yeah the Harvard

230

00:09:04,220 --> 00:09:02,250

researchers who are who basically have a

231

00:09:07,030 --> 00:09:04,230

paper being published I think in about a

232

00:09:09,259 --> 00:09:07,040

week's time where they're basically and

233

00:09:11,629 --> 00:09:09,269

pleading a case that this could possibly

234

00:09:13,610 --> 00:09:11,639

be intelligently controlled this

235

00:09:16,240 --> 00:09:13,620

particular asteroid and I think they're

236

00:09:19,280 --> 00:09:16,250

basing that on they were watching or

237

00:09:21,769 --> 00:09:19,290

measuring its its speed and velocity and

238

00:09:24,439 --> 00:09:21,779

distance as it passed by the Sun and it

239

00:09:27,559 --> 00:09:24,449

appeared to either change course or gain

240

00:09:30,139 --> 00:09:27,569

speed and I but I guess the Harvard

241

00:09:32,120 --> 00:09:30,149

students paper is just gonna plead the

242

00:09:34,970 --> 00:09:32,130

case that it could potentially be of

243

00:09:37,879 --> 00:09:34,980

intelligent design yes the shape of it

244

00:09:41,509 --> 00:09:37,889

forty meters by I think it's something

245

00:09:44,329 --> 00:09:41,519

like 40 meters by 400 meters and you

246

00:09:47,329 --> 00:09:44,339

know sort of like a stick in a way and I

247

00:09:50,780 --> 00:09:47,339

think they said it might be red which is

248

00:09:52,490 --> 00:09:50,790

interesting as well but also yes is

249

00:09:55,189 --> 00:09:52,500

traveling at sixty thousand miles an

250

00:09:57,740 --> 00:09:55,199

hour and not the not the typical forty

251
00:09:59,840 --> 00:09:57,750
that you know that these objects usually

252
00:10:01,519 --> 00:09:59,850
travel and I'm getting off a little bit

253
00:10:03,650 --> 00:10:01,529
on speed but it's something like that

254
00:10:06,430 --> 00:10:03,660
yeah it's it's definitely interesting

255
00:10:09,319 --> 00:10:06,440
and it's cool to see some you know some

256
00:10:11,540 --> 00:10:09,329
university students who are doing some

257
00:10:14,090 --> 00:10:11,550
real work basically having an open

258
00:10:15,519 --> 00:10:14,100
enough mine to to consider it I ought to

259
00:10:19,129 --> 00:10:15,529
I'll be interested to read their paper

260
00:10:21,710 --> 00:10:19,139
yeah that's right I think I in a way I

261
00:10:23,870 --> 00:10:21,720
think you know the changing events of

262
00:10:25,850 --> 00:10:23,880
December 16th last year with the New

263
00:10:27,620 --> 00:10:25,860

York Times article has kind of opened

264

00:10:30,590 --> 00:10:27,630

the door for letting people be a little

265

00:10:33,290 --> 00:10:30,600

more comfortable in making this type of

266

00:10:35,780 --> 00:10:33,300

speculation and it is just a theory it's

267

00:10:37,519 --> 00:10:35,790

just another theory yeah but it's it's

268

00:10:39,319 --> 00:10:37,529

still even if it's just a theory and it

269

00:10:41,300 --> 00:10:39,329

proved and even if it proves to be false

270

00:10:43,550 --> 00:10:41,310

it's still interesting to go down that

271

00:10:45,980 --> 00:10:43,560

road yeah especially in an academic

272

00:10:49,250 --> 00:10:45,990

paper with you know scientific the

273

00:10:51,410 --> 00:10:49,260

scientific techniques you know I think I

274

00:10:53,509 --> 00:10:51,420

find it cool but it's I heard it

275

00:10:55,220 --> 00:10:53,519

described a cigar-shaped which I like I

276

00:10:58,550 --> 00:10:55,230

always enjoy people talking with a cigar

277

00:11:01,370 --> 00:10:58,560

shaped UFO yeah and and it has portholes

278

00:11:03,920 --> 00:11:01,380

no I didn't hear yeah I'm starting the

279

00:11:06,319 --> 00:11:03,930

rumor but anyway hey Jordan thank you so

280

00:11:07,970 --> 00:11:06,329

much and why don't you give out your

281

00:11:10,850 --> 00:11:07,980

your website how people can find

282

00:11:13,400 --> 00:11:10,860

yeah my shows nighttime podcasts you can

283

00:11:15,980 --> 00:11:13,410

just find me on nighttime podcast calm

284

00:11:18,290 --> 00:11:15,990

and I investigate Canadian mysteries

285

00:11:20,480 --> 00:11:18,300

true crime and strange stories and I've

286

00:11:22,730 --> 00:11:20,490

had Martin and Alejandro on a episode I

287

00:11:25,070 --> 00:11:22,740

did about a UFO sighting in clarin Ville

288

00:11:27,410 --> 00:11:25,080

Newfoundland yeah I was happy to have

289

00:11:28,790 --> 00:11:27,420

his both yeah great thanks for having me

290

00:11:30,290 --> 00:11:28,800

Martin I'm looking forward to listening

291

00:11:32,540 --> 00:11:30,300

to un la entre talk

292

00:11:33,710 --> 00:11:32,550

alright hey thanks a lot my pleasure

293

00:11:36,290 --> 00:11:33,720

anytime have a great night

294

00:11:38,740 --> 00:11:36,300

alright you too alright alright everyone

295

00:11:42,320 --> 00:11:38,750

so our guest needs no introduction

296

00:11:45,590 --> 00:11:42,330

mostly because he's on almost every

297

00:11:48,410 --> 00:11:45,600

single show app but anyway he is a radio

298

00:11:50,870 --> 00:11:48,420

host of coast for open minds radio he's

299

00:11:52,910 --> 00:11:50,880

an editor for an writer for open minds

300

00:11:54,170 --> 00:11:52,920

that magazine as well as den of geek

301

00:11:56,180 --> 00:11:54,180

we'll talk a little bit about that

302

00:11:58,070 --> 00:11:56,190

because that's he's getting a lot of

303

00:12:01,250 --> 00:11:58,080

traction over there

304

00:12:04,270 --> 00:12:01,260

he was a spokes person for the muse for

305

00:12:07,460 --> 00:12:04,280

MUFON and a director of public education

306

00:12:10,460 --> 00:12:07,470

on and on and on he's doing a great show

307

00:12:12,140 --> 00:12:10,470

two on Thursday nights a live show we'll

308

00:12:14,290 --> 00:12:12,150

talk a little bit about that but I'm

309

00:12:19,100 --> 00:12:14,300

gonna be asking him hopefully some

310

00:12:21,590 --> 00:12:19,110

interesting questions and and he's

311

00:12:23,780 --> 00:12:21,600

tonight he's got this professional suite

312

00:12:26,950 --> 00:12:23,790

he's working on I just have to do a

313

00:12:30,680 --> 00:12:26,960

little bit of adjusting on that and

314

00:12:32,660 --> 00:12:30,690

Alejandro welcome to the show yeah I'm

315

00:12:35,750 --> 00:12:32,670

just finishing something up so if you

316

00:12:39,590 --> 00:12:35,760

can give me like a 515 in oblem yeah no

317

00:12:41,480 --> 00:12:39,600

problem just kidding yeah that aside for

318

00:12:42,620 --> 00:12:41,490

now yeah thanks for thanks for being on

319

00:12:44,420 --> 00:12:42,630

the show

320

00:12:46,550 --> 00:12:44,430

my pleasure thanks for having me and

321

00:12:49,010 --> 00:12:46,560

this is a you know I had someone slated

322

00:12:51,860 --> 00:12:49,020

for tonight I had Ray Stamford slated a

323

00:12:54,400 --> 00:12:51,870

few weeks ago oh my god he goes it's

324

00:12:57,380 --> 00:12:54,410

election night midterm election night so

325

00:12:58,910 --> 00:12:57,390

yeah so I asked you and your graceful

326

00:13:00,740 --> 00:12:58,920

enough but I course I gave you over

327

00:13:03,830 --> 00:13:00,750

weeks notice but you were great you know

328

00:13:06,020 --> 00:13:03,840

to be honest and and I don't know I'm

329

00:13:07,850 --> 00:13:06,030

not even getting talked about sides but

330

00:13:09,890 --> 00:13:07,860

I'm sure it'll still upset people cuz

331

00:13:12,620 --> 00:13:09,900

whenever you say the word anything about

332

00:13:15,890 --> 00:13:12,630

politics but yeah I I I'm kind of like

333

00:13:18,380 --> 00:13:15,900

my dad my dad is a big Denver Broncos

334

00:13:20,990 --> 00:13:18,390

fan but he has a hard time watching the

335

00:13:23,210 --> 00:13:21,000

games because he gets so worked up

336

00:13:25,730 --> 00:13:23,220

and that's kind of how I feel about the

337

00:13:28,009 --> 00:13:25,740

election yeah I don't want to watch I'm

338

00:13:30,530 --> 00:13:28,019

the chick in here and there cuz I don't

339

00:13:35,030 --> 00:13:30,540

want to get too worked up I Karen of

340

00:13:38,119 --> 00:13:35,040

course my my lady friend is is getting

341

00:13:40,490 --> 00:13:38,129

all worked up yeah yeah well yeah I

342

00:13:42,710 --> 00:13:40,500

totally understand that I think I told

343

00:13:45,710 --> 00:13:42,720

you I lived in Colorado lived in Boulder

344

00:13:47,720 --> 00:13:45,720

area long lawn area and I remember I had

345

00:13:50,059 --> 00:13:47,730

a friend that was so into the Broncos he

346

00:13:52,699 --> 00:13:50,069

bought an orange pickup truck he had

347

00:13:53,869 --> 00:13:52,709

everything orange he was just crazy they

348

00:13:56,150 --> 00:13:53,879

made sure he had a golden retriever

349

00:13:59,240 --> 00:13:56,160

because it was orange but I don't know

350

00:14:02,720 --> 00:13:59,250

Wow yeah I'm gonna tell a quick little

351

00:14:04,689 --> 00:14:02,730

election joke okay yeah like do you

352

00:14:07,490 --> 00:14:04,699

think I've ever told a joke on my show

353

00:14:09,860 --> 00:14:07,500

so really go I don't I can't remember

354

00:14:11,900 --> 00:14:09,870

doing that so anyway this guy was out

355

00:14:14,420 --> 00:14:11,910

canvassing a politician who was out

356

00:14:16,639 --> 00:14:14,430

canvassing knocking door-to-door trying

357

00:14:19,309 --> 00:14:16,649

to get some votes the other day and he

358

00:14:22,639 --> 00:14:19,319

knocks on this door and this kid answers

359

00:14:23,990 --> 00:14:22,649

well the kid you know the guy opens the

360

00:14:26,240 --> 00:14:24,000

door and the kid answers and he's like

361

00:14:28,990 --> 00:14:26,250

shocked and steps back because the kids

362

00:14:32,030 --> 00:14:29,000

wearing his sister's bra in his head

363

00:14:34,759 --> 00:14:32,040

lipstick smeared all over his face he's

364

00:14:37,009 --> 00:14:34,769

uh he's drinking a martini he's about 8

365

00:14:39,769 --> 00:14:37,019

years old drinking a martini and smoking

366

00:14:43,249 --> 00:14:39,779

a cigar and the guys oh my god oh my god

367

00:14:50,619 --> 00:14:43,259

he goes up hey are your parents home and

368

00:15:00,530 --> 00:14:56,360

you don't get it are your parents home

369

00:15:04,340 --> 00:15:00,540

what the heck do you think so I'm nurse

370

00:15:05,689 --> 00:15:04,350

they're not home they're of course oh I

371

00:15:07,879 --> 00:15:05,699

thought it was a funny joke

372

00:15:11,660 --> 00:15:07,889

I can't believe do I have any kids

373

00:15:13,970 --> 00:15:11,670

laughter I laughter anywhere I think

374

00:15:15,170 --> 00:15:13,980

what's hilarious about that joke is that

375

00:15:17,990 --> 00:15:15,180

you find it funny

376

00:15:19,249 --> 00:15:18,000

that to me makes it very funny oh good

377

00:15:24,949 --> 00:15:19,259

good I'm glad to hear that

378

00:15:27,619 --> 00:15:24,959

well hey Bill our engineer kgr a radio

379

00:15:30,049 --> 00:15:27,629

at least he laughed he said yeah no but

380

00:15:32,689 --> 00:15:30,059

I think he's laughing ass laughing not

381

00:15:34,970 --> 00:15:32,699

at with us yeah of all time wait can I

382

00:15:38,300 --> 00:15:34,980

think about what Jordan Ted

383

00:15:41,330 --> 00:15:38,310

okay sure yeah I I agree with Jordan

384

00:15:43,550 --> 00:15:41,340

first that I think that it's important

385

00:15:46,880 --> 00:15:43,560

that you know move on I think is fringe

386

00:15:48,770 --> 00:15:46,890

and this topic is fringe and I just

387

00:15:52,190 --> 00:15:48,780

always feel that it's important we

388

00:15:55,940 --> 00:15:52,200

remember that because otherwise we make

389

00:16:00,740 --> 00:15:55,950

missteps and then we also forget to kind

390

00:16:04,490 --> 00:16:00,750

of thoroughly kind of explain the

391

00:16:06,500 --> 00:16:04,500

phenomena or what we find like literally

392

00:16:08,450 --> 00:16:06,510

and it may be frustrating for some we

393

00:16:11,060 --> 00:16:08,460

have to justify our interest in this

394

00:16:14,120 --> 00:16:11,070

phenomena all the time because it is

395

00:16:17,300 --> 00:16:14,130

fringe but the advantage of doing that

396

00:16:19,910 --> 00:16:17,310

is that you're educating the people that

397

00:16:23,480 --> 00:16:19,920

you're talking to who do see it as

398

00:16:24,920 --> 00:16:23,490

fringe and I I think that's it's just

399

00:16:26,990 --> 00:16:24,930

important for me to always remember that

400

00:16:29,870 --> 00:16:27,000

so I don't you know because you know we

401
00:16:31,790 --> 00:16:29,880
we get to be you off a weirdo so when we

402
00:16:33,710 --> 00:16:31,800
forget that and we're talking about all

403
00:16:35,540 --> 00:16:33,720
this UFO stuff like it's normal and

404
00:16:40,100 --> 00:16:35,550
people are like oh you know and we got

405
00:16:41,660 --> 00:16:40,110
to remember well I make sure and uh we

406
00:16:45,200 --> 00:16:41,670
got to educate and that's what it's all

407
00:16:47,480 --> 00:16:45,210
about really is when people kind of roll

408
00:16:49,340 --> 00:16:47,490
their eyes or like oh my gosh the UFO

409
00:16:52,130 --> 00:16:49,350
stuff I think it's just education for

410
00:16:54,020 --> 00:16:52,140
instance my girlfriend's father he was a

411
00:16:57,230 --> 00:16:54,030
colonel retired a colonel in the Air

412
00:17:02,650 --> 00:16:57,240
Force and oh my gosh of course he was

413
00:17:05,900 --> 00:17:02,660

not excited about you know what I do and

414

00:17:08,630 --> 00:17:05,910

but over time it's changed because he's

415

00:17:11,930 --> 00:17:08,640

learned a lot more and at least now he

416

00:17:15,110 --> 00:17:11,940

he recognizes that there is a credible

417

00:17:17,300 --> 00:17:15,120

aspect and there are there's a community

418

00:17:19,880 --> 00:17:17,310

of people interested in the more

419

00:17:23,689 --> 00:17:19,890

substantial information um the other

420

00:17:26,930 --> 00:17:23,699

thing is I I looked it up because it is

421

00:17:30,800 --> 00:17:26,940

a great story but it's Oh mwah mwah is

422

00:17:31,970 --> 00:17:30,810

how you say thanks thanks hey someone in

423

00:17:35,240 --> 00:17:31,980

the chat rooms still waiting for my

424

00:17:38,030 --> 00:17:35,250

punch line oh I know so was I

425

00:17:42,830 --> 00:17:38,040

I cannot sit at that bird I love that

426

00:17:45,410 --> 00:17:42,840

joke but anyway that's okay so listen

427

00:17:47,300 --> 00:17:45,420

one thing I don't think you well first

428

00:17:48,340 --> 00:17:47,310

of all before I go on to that I want to

429

00:17:50,669 --> 00:17:48,350

say I

430

00:17:55,900 --> 00:17:50,679

agree with you and the one thing I don't

431

00:17:58,000 --> 00:17:55,910

I agree with you sort of okay but what

432

00:18:01,830 --> 00:17:58,010

is a little bit that I would say they're

433

00:18:04,930 --> 00:18:01,840

not fringe is that when someone wants to

434

00:18:07,029 --> 00:18:04,940

basically report something unidentified

435

00:18:09,820 --> 00:18:07,039

that part of it you know it doesn't say

436

00:18:11,409 --> 00:18:09,830

that it's from you know another planet

437

00:18:12,909 --> 00:18:11,419

or something like that so I think there

438

00:18:15,419 --> 00:18:12,919

needs to be something out there where

439

00:18:19,360 --> 00:18:15,429

people can report something unidentified

440

00:18:21,070 --> 00:18:19,370

although in that aspect yeah yeah and

441

00:18:24,310 --> 00:18:21,080

you know what that would go a long way

442

00:18:25,810 --> 00:18:24,320

to making it not fringe and you know I

443

00:18:29,860 --> 00:18:25,820

think that we've been saying this for a

444

00:18:32,380 --> 00:18:29,870

long time is that it's irresponsible of

445

00:18:34,960 --> 00:18:32,390

our government not to have an outlet

446

00:18:37,240 --> 00:18:34,970

like that I mean it's ridiculous Mike I

447

00:18:38,890 --> 00:18:37,250

talked about one of the first cases that

448

00:18:42,159 --> 00:18:38,900

I investigated when I was a field

449

00:18:44,919 --> 00:18:42,169

investigator was near my home and it was

450

00:18:48,370 --> 00:18:44,929

this guy just recently back from Iraq

451
00:18:52,720 --> 00:18:48,380
and he was a security he was a young guy

452
00:18:54,279 --> 00:18:52,730
and working security at a bank kind of a

453
00:18:57,010 --> 00:18:54,289
campus because they had several

454
00:18:59,919 --> 00:18:57,020
buildings so he was walking in between

455
00:19:03,490 --> 00:18:59,929
buildings and he saw this object in the

456
00:19:05,529 --> 00:19:03,500
air above one of the mountains I can't

457
00:19:07,630 --> 00:19:05,539
remember it's like a big I can't believe

458
00:19:11,140 --> 00:19:07,640
I forgot this in Denver it's like the

459
00:19:13,450 --> 00:19:11,150
big mountain with all the the antennas

460
00:19:16,750 --> 00:19:13,460
on it and someone a big landmark there

461
00:19:20,740 --> 00:19:16,760
in the city west of town Lookout

462
00:19:22,210 --> 00:19:20,750
Mountain I think it's called so and he

463
00:19:24,690 --> 00:19:22,220

thought it was really strange and he

464

00:19:27,490 --> 00:19:24,700

watched it and he was like very

465

00:19:28,960 --> 00:19:27,500

hypersensitive to recognizing things

466

00:19:31,029 --> 00:19:28,970

that are odd and reporting them because

467

00:19:35,230 --> 00:19:31,039

he was just in a in a battle situation

468

00:19:37,210 --> 00:19:35,240

you know a war zone and he did his

469

00:19:39,789 --> 00:19:37,220

rounds came back outside and it was

470

00:19:42,070 --> 00:19:39,799

still there and he noticed how close it

471

00:19:44,560 --> 00:19:42,080

was to commercial airlines that they

472

00:19:47,710 --> 00:19:44,570

were on the same flight path there so he

473

00:19:50,529 --> 00:19:47,720

called a lot of different places he

474

00:19:53,260 --> 00:19:50,539

called the FAA he called the airport he

475

00:19:55,810 --> 00:19:53,270

called the news and it was finally maybe

476

00:19:57,159 --> 00:19:55,820

the news I think it was that told him

477

00:19:59,799 --> 00:19:57,169

hey you should try this group called

478

00:20:01,930 --> 00:19:59,809

MUFON which is surprising that you know

479

00:20:03,580 --> 00:20:01,940

anybody would even think of

480

00:20:05,890 --> 00:20:03,590

so then he called MUFON and made his

481

00:20:08,080 --> 00:20:05,900

report we were the only ones to take it

482

00:20:11,380 --> 00:20:08,090

seriously but that's a great example

483

00:20:13,690 --> 00:20:11,390

this is someone who's trained to look

484

00:20:17,730 --> 00:20:13,700

for something that could pose a threat

485

00:20:20,500 --> 00:20:17,740

in our airspace and he he sees something

486

00:20:22,900 --> 00:20:20,510

you know near commercial airlines and

487

00:20:25,360 --> 00:20:22,910

immediately raises a red flag and he

488

00:20:27,940 --> 00:20:25,370

thinks I have to report this and no one

489

00:20:31,240 --> 00:20:27,950

wanted to listen and that is just

490

00:20:33,550 --> 00:20:31,250

ridiculous I called the FAA on that case

491

00:20:38,860 --> 00:20:33,560

and they said oh we don't do that

492

00:20:40,630 --> 00:20:38,870

call Bigelow or not or new Fork and of

493

00:20:42,580 --> 00:20:40,640

course I'm like well I'm not recording

494

00:20:44,560 --> 00:20:42,590

this I'm trying to find out if you had

495

00:20:45,970 --> 00:20:44,570

any other reports and yeah they did

496

00:20:48,250 --> 00:20:45,980

check their records so they didn't see

497

00:20:50,680 --> 00:20:48,260

anything but it's it's just ridiculous

498

00:20:55,870 --> 00:20:50,690

that they wouldn't be concerned about

499

00:20:59,590 --> 00:20:55,880

you know some object parent aircraft in

500

00:21:01,660 --> 00:20:59,600

in their airspace that's um you know

501
00:21:04,090 --> 00:21:01,670
that's precisely what I said too though

502
00:21:07,870 --> 00:21:04,100
when I called the police department in

503
00:21:11,260 --> 00:21:07,880
in Carmel or was at Monterey one of

504
00:21:13,420 --> 00:21:11,270
those places was I asked has anybody

505
00:21:16,150 --> 00:21:13,430
else reported this you know has anybody

506
00:21:18,670 --> 00:21:16,160
else seen this because that's you know I

507
00:21:20,740 --> 00:21:18,680
was kind of curious if any right and

508
00:21:24,040 --> 00:21:20,750
also I think I told you about I had an

509
00:21:26,260 --> 00:21:24,050
amazing fireball sighting just

510
00:21:28,000 --> 00:21:26,270
unbelievable from the hot tub yep I

511
00:21:31,390 --> 00:21:28,010
think good memory of both of them or not

512
00:21:33,610 --> 00:21:31,400
actually but anyway I called you know

513
00:21:36,820 --> 00:21:33,620

Pease Air Force Base back then which is

514

00:21:39,670 --> 00:21:36,830

over you know near the Betty and Barney

515

00:21:43,750 --> 00:21:39,680

Hill or you know all that in that area

516

00:21:45,370 --> 00:21:43,760

anyway they they said you know they they

517

00:21:46,480 --> 00:21:45,380

don't take any type of reports like that

518

00:21:49,360 --> 00:21:46,490

I didn't know who to call

519

00:21:51,250 --> 00:21:49,370

I just didn't know yeah yeah and I think

520

00:21:53,080 --> 00:21:51,260

that's the issue and I think that you

521

00:21:56,080 --> 00:21:53,090

know there's a lot made in fact there

522

00:21:57,970 --> 00:21:56,090

was even a recent article that and I

523

00:21:59,950 --> 00:21:57,980

can't remember who wrote it and it was

524

00:22:02,590 --> 00:21:59,960

about a tip again you know this

525

00:22:03,670 --> 00:22:02,600

government UFO program and they were

526

00:22:05,860 --> 00:22:03,680

like why was the government

527

00:22:08,140 --> 00:22:05,870

investigating UFOs even though sightings

528

00:22:09,460 --> 00:22:08,150

are going down and actually it was a

529

00:22:10,840 --> 00:22:09,470

great article because it was talking

530

00:22:13,990 --> 00:22:10,850

about well there's other reasons that

531

00:22:15,460 --> 00:22:14,000

they would look into it and and so it

532

00:22:19,000 --> 00:22:15,470

was very positive and this was

533

00:22:20,710 --> 00:22:19,010

mainstream publication but uh in my

534

00:22:23,169 --> 00:22:20,720

opinion having looked at these numbers

535

00:22:26,260 --> 00:22:23,179

over the years it's not necessarily a

536

00:22:29,230 --> 00:22:26,270

factor of of sightings going down it's a

537

00:22:31,690 --> 00:22:29,240

factor of MUFON and the other

538

00:22:35,049 --> 00:22:31,700

organization that receives sightings

539

00:22:37,570 --> 00:22:35,059

quite a bit new Fork not people not

540

00:22:43,149 --> 00:22:37,580

knowing they're there there was a spike

541

00:22:44,799 --> 00:22:43,159

in about the 2015-16 period because of

542

00:22:48,430 --> 00:22:44,809

the television hangar one which was

543

00:22:50,680 --> 00:22:48,440

about MUFON and and I noticed this in

544

00:22:54,070 --> 00:22:50,690

there I know because it's about well

545

00:22:56,799 --> 00:22:54,080

edit there was also a spike in in

546

00:22:58,930 --> 00:22:56,809

membership for MUFON but that has

547

00:23:01,779 --> 00:22:58,940

decreased as well along with the

548

00:23:03,549 --> 00:23:01,789

sighting reports as hangar 1 has been

549

00:23:05,830 --> 00:23:03,559

off the air and people forget that they

550

00:23:10,120 --> 00:23:05,840

even exist so it's more a case of

551
00:23:16,510 --> 00:23:10,130
awareness than necessarily you know the

552
00:23:20,230 --> 00:23:16,520
amount of potential UFOs decreasing at

553
00:23:23,680 --> 00:23:20,240
least we cannot definitively say there

554
00:23:27,460 --> 00:23:23,690
is a decrease in potential UFOs in my

555
00:23:29,830 --> 00:23:27,470
opinion has since that since the article

556
00:23:31,710 --> 00:23:29,840
we're talking you know during the the

557
00:23:35,080 --> 00:23:31,720
news segment there about the Pentagon

558
00:23:38,529 --> 00:23:35,090
New York Times article do you have any

559
00:23:40,270 --> 00:23:38,539
idea if anything has gone up since then

560
00:23:42,460 --> 00:23:40,280
as far as reporting so I wouldn't has

561
00:23:45,659 --> 00:23:42,470
that made any type of difference you

562
00:23:49,510 --> 00:23:45,669
know what that is a really good question

563
00:23:51,250 --> 00:23:49,520

but looking at the numbers and I think

564

00:23:52,960 --> 00:23:51,260

Cheryl Casa would be a great person to

565

00:23:54,279 --> 00:23:52,970

ask you rights for the Syracuse New

566

00:23:57,430 --> 00:23:54,289

Times and it's written a book about

567

00:23:59,890 --> 00:23:57,440

signing reports but I you know as the

568

00:24:02,890 --> 00:23:59,900

end of the year comes to a close I'll be

569

00:24:05,500 --> 00:24:02,900

doing another article where out what

570

00:24:08,529 --> 00:24:05,510

I'll do is I grab at least the high end

571

00:24:10,510 --> 00:24:08,539

stats to take a look at the monthly

572

00:24:11,500 --> 00:24:10,520

numbers and where they are and that sort

573

00:24:15,880 --> 00:24:11,510

of thing

574

00:24:17,860 --> 00:24:15,890

at least at casually looking at the

575

00:24:21,390 --> 00:24:17,870

numbers I don't see a big change

576

00:24:24,730 --> 00:24:21,400

also from reading Cheryl's articles

577

00:24:26,470 --> 00:24:24,740

every week and she I haven't seen it her

578

00:24:28,899 --> 00:24:26,480

mention or change or seen it when she

579

00:24:29,440 --> 00:24:28,909

shows graphs and numbers so I don't

580

00:24:31,509 --> 00:24:29,450

think

581

00:24:34,899 --> 00:24:31,519

there has been a change and that would

582

00:24:37,720 --> 00:24:34,909

make sense in that the article did not

583

00:24:39,730 --> 00:24:37,730

mention MUFON or new Fork so it didn't

584

00:24:42,039 --> 00:24:39,740

say hey people if you want to report

585

00:24:44,049 --> 00:24:42,049

here's where to report what would be

586

00:24:45,940 --> 00:24:44,059

interesting though is whether or not de

587

00:24:47,980 --> 00:24:45,950

New York Times got an increase in

588

00:24:51,009 --> 00:24:47,990

sighting reports I would imagine they

589

00:24:54,159 --> 00:24:51,019

would have and/or if the Pentagon or you

590

00:24:56,590 --> 00:24:54,169

know the DoD if or Air Force received

591

00:24:57,970 --> 00:24:56,600

more reports if they did they would

592

00:25:01,200 --> 00:24:57,980

probably just turn people away

593

00:25:04,360 --> 00:25:01,210

unfortunately but we do have an example

594

00:25:08,860 --> 00:25:04,370

the Chicago Tribune when they wrote

595

00:25:12,039 --> 00:25:08,870

about the O'Hare Airport situation in

596

00:25:15,460 --> 00:25:12,049

2008 where you know a disc-shaped object

597

00:25:19,629 --> 00:25:15,470

was seen over one of the concourse --is

598

00:25:23,680 --> 00:25:19,639

there at at Chicago O'Hare Airport and

599

00:25:27,100 --> 00:25:23,690

it was seen by United personnel pilots

600

00:25:28,750 --> 00:25:27,110

and and other people and the witnesses

601
00:25:30,909 --> 00:25:28,760
reported this thing shot straight up

602
00:25:32,590 --> 00:25:30,919
through the sky and poked a hole in the

603
00:25:35,289 --> 00:25:32,600
clouds even that stayed for a little

604
00:25:38,379 --> 00:25:35,299
while before the the hole closed well

605
00:25:41,350 --> 00:25:38,389
the Chicago Tribune wrote about this and

606
00:25:44,889 --> 00:25:41,360
the author of that article was all over

607
00:25:48,250 --> 00:25:44,899
the place and there's even this local

608
00:25:51,820 --> 00:25:48,260
Chicago news report that he did where

609
00:25:53,470 --> 00:25:51,830
the video somehow got released before

610
00:25:54,730 --> 00:25:53,480
they went on the air and during while

611
00:25:57,009 --> 00:25:54,740
they're on the air but they're kind of

612
00:25:59,110 --> 00:25:57,019
crossed chat before they go on the air

613
00:26:00,789 --> 00:25:59,120

and they're talking about just how big

614

00:26:03,940 --> 00:26:00,799

the story was it was the biggest story

615

00:26:05,560 --> 00:26:03,950

that he had that the paper I'd ever had

616

00:26:08,320 --> 00:26:05,570

and they were getting flooded with

617

00:26:10,330 --> 00:26:08,330

reports he said that there are a lot of

618

00:26:12,490 --> 00:26:10,340

dubious reports from people saying

619

00:26:13,899 --> 00:26:12,500

they're talking to aliens and I think

620

00:26:16,330 --> 00:26:13,909

the termi said as those went into my

621

00:26:19,899 --> 00:26:16,340

circular file but a lot of them were

622

00:26:21,370 --> 00:26:19,909

really credible and you know some of

623

00:26:23,980 --> 00:26:21,380

those other reports could have been

624

00:26:26,379 --> 00:26:23,990

credible as well if he but I could see

625

00:26:28,659 --> 00:26:26,389

because it's Fringe you know he doesn't

626

00:26:32,680 --> 00:26:28,669

want to look at that but they were

627

00:26:34,389 --> 00:26:32,690

inundated with UFO reports supposedly so

628

00:26:36,490 --> 00:26:34,399

it's a good point that that could be

629

00:26:38,200 --> 00:26:36,500

that could have happened yeah I'm going

630

00:26:41,889 --> 00:26:38,210

to continue this conversation we're at

631

00:26:42,710 --> 00:26:41,899

the break right now we're so I will get

632

00:26:44,270 --> 00:26:42,720

back to that as

633

00:26:47,690 --> 00:26:44,280

soon as we come back because I have a

634

00:26:51,560 --> 00:26:47,700

question in regards to that so this is

635

00:26:55,130 --> 00:26:51,570

Martin Willis we are live on kgr a radio

636

00:26:57,380 --> 00:26:55,140

and my guest is Alejandro Rojas and

637

00:26:58,450 --> 00:26:57,390

we're gonna be taking a break stay with

638

00:27:00,649 --> 00:26:58,460

us

639

00:27:02,630 --> 00:27:00,659

clear three minutes gentlemen three

640

00:27:05,240 --> 00:27:02,640

minutes okay thank you

641

00:27:07,880 --> 00:27:05,250

all right this parts still on YouTube so

642

00:27:11,029 --> 00:27:07,890

we talked about other stuff yeah so yes

643

00:27:14,350 --> 00:27:11,039

didn't we say like bad words and stuff I

644

00:27:17,330 --> 00:27:14,360

haven't I haven't figured that out I

645

00:27:19,610 --> 00:27:17,340

know I don't really I have I'm not

646

00:27:21,140 --> 00:27:19,620

really much of a Kuster anyway well I

647

00:27:23,409 --> 00:27:21,150

was gonna ask you to tell a joke because

648

00:27:28,279 --> 00:27:23,419

I'm gonna put you in the huts oh yeah oh

649

00:27:30,440 --> 00:27:28,289

my gosh tell a joke I'm so terrible okay

650

00:27:32,600 --> 00:27:30,450

I've got a joke that's kind of long well

651
00:27:34,970 --> 00:27:32,610
we got three minutes man so okay I think

652
00:27:37,610 --> 00:27:34,980
I could get it this is a the only joke I

653
00:27:39,110 --> 00:27:37,620
ever remember captain Bravo I don't know

654
00:27:41,450 --> 00:27:39,120
if you've heard this one so there's this

655
00:27:43,340 --> 00:27:41,460
captain Bravo and you know this is

656
00:27:46,610 --> 00:27:43,350
during pirate times way back I don't

657
00:27:48,500 --> 00:27:46,620
know 1400 1500 and he's the captain of

658
00:27:50,120 --> 00:27:48,510
this ship we'll say an English ship or

659
00:27:52,930 --> 00:27:50,130
something you know and they're sailing

660
00:27:56,000 --> 00:27:52,940
yeah that art type of thing and they see

661
00:27:58,159 --> 00:27:56,010
pirate so down from the crow's nest you

662
00:28:00,380 --> 00:27:58,169
hear captain Bravo captain Bravo there's

663
00:28:02,960 --> 00:28:00,390

a pirate ship on the horizon captain

664

00:28:04,850 --> 00:28:02,970

Bravo says bring me my red shirt so they

665

00:28:06,049 --> 00:28:04,860

bring him a red shirt they take on these

666

00:28:08,230 --> 00:28:06,059

pirates and they take him and

667

00:28:11,270 --> 00:28:08,240

everybody's like yeah yay captain Bravo

668

00:28:13,399 --> 00:28:11,280

well a few days pass and down from the

669

00:28:16,029 --> 00:28:13,409

crow's nest comes captain Bravo captain

670

00:28:18,980 --> 00:28:16,039

Bravo three pirate ships on the horizon

671

00:28:22,100 --> 00:28:18,990

captain Bravo says first mate grab me my

672

00:28:23,990 --> 00:28:22,110

red shirt and they take on the Pirates

673

00:28:25,940 --> 00:28:24,000

and they actually win and everybody's

674

00:28:28,490 --> 00:28:25,950

like oh yeah a captain probably you're

675

00:28:30,080 --> 00:28:28,500

amazing and they tell him why do you

676

00:28:32,000 --> 00:28:30,090

call for a red shirt every time before

677

00:28:34,490 --> 00:28:32,010

we go into battle and he says well you

678

00:28:36,110 --> 00:28:34,500

know when I get hurt and I'm bleeding

679

00:28:38,360 --> 00:28:36,120

you don't notice because of the red

680

00:28:40,220 --> 00:28:38,370

shirt and you think I'm invincible and

681

00:28:42,799 --> 00:28:40,230

that makes you fight even harder and

682

00:28:46,399 --> 00:28:42,809

they're like whoa captain Bravo so smart

683

00:28:49,070 --> 00:28:46,409

so they're like eh captain Bravo so a

684

00:28:51,740 --> 00:28:49,080

few days pass and down from the crow's

685

00:28:54,010 --> 00:28:51,750

nest they yell captain Bravo captain

686

00:28:56,060 --> 00:28:54,020

Bravo five pirate ships on the horizon

687

00:29:02,210 --> 00:28:56,070

so captain Bravo you

688

00:29:03,740 --> 00:29:02,220

first mate grab me my brown pants I'm

689

00:29:07,460 --> 00:29:03,750

trying not to laugh I was trying not to

690

00:29:09,920 --> 00:29:07,470

laugh yeah you couldn't do it yeah

691

00:29:12,590 --> 00:29:09,930

yep bill even we even got laugh from the

692

00:29:14,810 --> 00:29:12,600

peanut gallery yeah yeah

693

00:29:16,930 --> 00:29:14,820

so yeah it's my deal my delivery it must

694

00:29:19,580 --> 00:29:16,940

be my delivery in jokes that's that's

695

00:29:22,190 --> 00:29:19,590

yeah I don't know how that one could be

696

00:29:25,010 --> 00:29:22,200

delivered I could see that one being in

697

00:29:26,780 --> 00:29:25,020

a cartoon yeah well kind of hearing

698

00:29:27,470 --> 00:29:26,790

things in your head you know yeah that

699

00:29:30,020 --> 00:29:27,480

type of thing

700

00:29:32,840 --> 00:29:30,030

it was a brake chair yeah the next break

701

00:29:35,840 --> 00:29:32,850

I'm going to we're going to be fielding

702

00:29:39,050 --> 00:29:35,850

questions from the chat room so anyone

703

00:29:41,030 --> 00:29:39,060

that's in YouTube right now I don't have

704

00:29:43,340 --> 00:29:41,040

a chance to go over to kgr a radio but

705

00:29:44,930 --> 00:29:43,350

anyone that's in YouTube can put a

706

00:29:46,700 --> 00:29:44,940

question in the chat room during our

707

00:29:48,530 --> 00:29:46,710

next break and then of course we take

708

00:29:49,070 --> 00:29:48,540

we're gonna take calls after that as

709

00:29:51,860 --> 00:29:49,080

well

710

00:29:54,020 --> 00:29:51,870

bill we're up about 20 minutes about 20

711

00:29:54,890 --> 00:29:54,030

seconds 20 seconds I'm in yeah seconds

712

00:29:56,720 --> 00:29:54,900

minutes Wow

713

00:30:00,680 --> 00:29:56,730

okay that would have been a lot of jokes

714

00:30:07,130 --> 00:30:00,690

that would have been yeah okay so that's

715

00:30:12,850 --> 00:30:07,140

good it's down by about 15 yep to make

716

00:30:20,509 --> 00:30:17,899

coming back in 3 2 1 go

717

00:30:23,440 --> 00:30:20,519

all right welcome back this is Martin

718

00:30:26,899 --> 00:30:23,450

Willis my guest is Alejandro Rojas and

719

00:30:28,899 --> 00:30:26,909

this is a podcast UFO so Alejandro

720

00:30:32,169 --> 00:30:28,909

before the break we were talking about

721

00:30:36,320 --> 00:30:32,179

O'Hare and the reporter getting all the

722

00:30:39,610 --> 00:30:36,330

reports I did have a conversation via

723

00:30:41,869 --> 00:30:39,620

email with one other with the reporter

724

00:30:43,190 --> 00:30:41,879

involved at the New York Times I can't

725

00:30:46,730 --> 00:30:43,200

remember her name she was one of the

726

00:30:51,499 --> 00:30:46,740

three that wrote that nicely not Leslie

727

00:30:55,190 --> 00:30:51,509

not o not Leslie okay nope the New York

728

00:30:57,470 --> 00:30:55,200

Times in-house reporters right I believe

729

00:30:59,409 --> 00:30:57,480

she remember her name but doesn't wiggle

730

00:31:02,539 --> 00:30:59,419

it she does some reporting on the

731

00:31:04,100 --> 00:31:02,549

Pentagon work I believe that's that's

732

00:31:04,580 --> 00:31:04,110

what her her gig is at The New York

733

00:31:06,529 --> 00:31:04,590

Times

734

00:31:10,879 --> 00:31:06,539

I think it's Barbara something but

735

00:31:12,440 --> 00:31:10,889

anyway is Helene Cooper boy did I ever

736

00:31:14,720 --> 00:31:12,450

get that wrong doesn't sound like

737

00:31:17,090 --> 00:31:14,730

Barbara anyway I did have I have an

738

00:31:19,940 --> 00:31:17,100

email exchange with her and I think I'm

739

00:31:22,310 --> 00:31:19,950

going to revisit and send her an email

740

00:31:25,330 --> 00:31:22,320

and ask her what has happened as far as

741

00:31:26,450 --> 00:31:25,340

reports I bet people are regulation

742

00:31:28,430 --> 00:31:26,460

mm-hmm

743

00:31:31,009 --> 00:31:28,440

and you know what would be interesting

744

00:31:33,109 --> 00:31:31,019

too well an interview with her would be

745

00:31:36,320 --> 00:31:33,119

really interesting she would hum I did

746

00:31:38,389 --> 00:31:36,330

try because the other question was you

747

00:31:41,210 --> 00:31:38,399

know I would love to know is what she

748

00:31:45,529 --> 00:31:41,220

thought of the phenomena prior to the

749

00:31:48,499 --> 00:31:45,539

article and what she thinks now and also

750

00:31:50,659 --> 00:31:48,509

you know what she feels about the

751
00:31:52,070 --> 00:31:50,669
information so for instance what's

752
00:31:56,149 --> 00:31:52,080
interesting about the New York Times

753
00:31:59,419 --> 00:31:56,159
article is that you have the videos and

754
00:32:02,659 --> 00:31:59,429
you have references to documents that

755
00:32:04,549 --> 00:32:02,669
two stars has also referenced and Louise

756
00:32:08,570 --> 00:32:04,559
Elizondo who used to work for the

757
00:32:11,600 --> 00:32:08,580
program also has referenced however so

758
00:32:13,609 --> 00:32:11,610
everybody assumed that to the stars gave

759
00:32:16,549 --> 00:32:13,619
the New York Times these all of this

760
00:32:19,609 --> 00:32:16,559
material but that's not true according

761
00:32:22,430 --> 00:32:19,619
to Leslie Kane they actually had their

762
00:32:24,499 --> 00:32:22,440
own anonymous source from within the

763
00:32:26,540 --> 00:32:24,509

Department of Defense that they received

764

00:32:28,700 --> 00:32:26,550

a lot of that material from

765

00:32:32,630 --> 00:32:28,710

so there was a lot of material that they

766

00:32:34,850 --> 00:32:32,640

vetted so they saw a lot of stuff in

767

00:32:36,380 --> 00:32:34,860

fact they saw a lot more stuff for

768

00:32:38,450 --> 00:32:36,390

instance the New York Times did not

769

00:32:42,560 --> 00:32:38,460

release those documents they still have

770

00:32:46,070 --> 00:32:42,570

them yes so she saw more stuff than they

771

00:32:47,360 --> 00:32:46,080

even were able to to release that says

772

00:32:51,110 --> 00:32:47,370

she saw a lot of very credible

773

00:32:53,690 --> 00:32:51,120

information that's true and there there

774

00:32:55,370 --> 00:32:53,700

was I did contact her and asked her if I

775

00:32:57,380 --> 00:32:55,380

could possibly interview her and she

776

00:33:01,130 --> 00:32:57,390

said you know she referred me to Leslie

777

00:33:02,720 --> 00:33:01,140

and you know and as I already said no

778

00:33:05,230 --> 00:33:02,730

I've talked to Leslie a number of times

779

00:33:08,810 --> 00:33:05,240

and would love to talk to you but anyway

780

00:33:11,240 --> 00:33:08,820

she was interviewed they have of the New

781

00:33:14,210 --> 00:33:11,250

York Times daily podcast and they did a

782

00:33:17,510 --> 00:33:14,220

whole segment on on that on the UFO

783

00:33:20,510 --> 00:33:17,520

story which was really really good it's

784

00:33:22,670 --> 00:33:20,520

a great podcast anyway but that that was

785

00:33:25,310 --> 00:33:22,680

just on that and mostly with her and

786

00:33:28,460 --> 00:33:25,320

Louella you know Lou Allison Doe was in

787

00:33:30,500 --> 00:33:28,470

it and it's up on my website actually

788

00:33:32,930 --> 00:33:30,510

it's on podcast UFO calm for anyone

789

00:33:37,940 --> 00:33:32,940

wants to check that out it's it's up

790

00:33:40,640 --> 00:33:37,950

there as a podcast anyone can listen to

791

00:33:43,310 --> 00:33:40,650

it for free on there so if the file is

792

00:33:46,550 --> 00:33:43,320

still good that is so Alejandra one of

793

00:33:50,240 --> 00:33:46,560

the things I don't think a lot of people

794

00:33:53,000 --> 00:33:50,250

have heard basically the backstory of

795

00:33:54,710 --> 00:33:53,010

you and that's what I wanted to you know

796

00:33:56,870 --> 00:33:54,720

you and I always talk about UFOs and

797

00:34:00,800 --> 00:33:56,880

space and interesting things like that

798

00:34:04,160 --> 00:34:00,810

but but as far as as far as you you know

799

00:34:07,610 --> 00:34:04,170

what started you you mentioned your your

800

00:34:10,130 --> 00:34:07,620

your girlfriend's father so you had to

801
00:34:12,080 --> 00:34:10,140
take some turns your interest into

802
00:34:16,730 --> 00:34:12,090
journalism and all that what made you

803
00:34:19,310 --> 00:34:16,740
decide to take the path that you did and

804
00:34:23,780 --> 00:34:19,320
how early on did you have an interest in

805
00:34:29,630 --> 00:34:23,790
this type of topic I guess I've always

806
00:34:33,290 --> 00:34:29,640
had an interest I like to say that you

807
00:34:37,100 --> 00:34:33,300
know living in Colorado which I consider

808
00:34:38,360 --> 00:34:37,110
the Southwest if you visit Colorado I

809
00:34:40,110 --> 00:34:38,370
don't know that they always consider

810
00:34:42,210 --> 00:34:40,120
themselves not like Arizona

811
00:34:44,460 --> 00:34:42,220
New Mexico where you know they really

812
00:34:46,470 --> 00:34:44,470
embrace that being part of the Southwest

813
00:34:49,920 --> 00:34:46,480

but they are in parts of Colorado where

814

00:34:53,820 --> 00:34:49,930

Mexico in fact when I was in college I

815

00:34:56,190 --> 00:34:53,830

was president of the the Hispanic

816

00:34:58,170 --> 00:34:56,200

Association out there and a lot of our

817

00:34:59,460 --> 00:34:58,180

sayings for those of us from the area

818

00:35:01,800 --> 00:34:59,470

was we didn't cross the border the

819

00:35:04,710 --> 00:35:01,810

border crossed us because our families

820

00:35:06,810 --> 00:35:04,720

go back very many generations to where

821

00:35:08,250 --> 00:35:06,820

this area where families are from New

822

00:35:12,210 --> 00:35:08,260

Mexico in those areas you know we're

823

00:35:15,330 --> 00:35:12,220

Mexico so in that area it you know I

824

00:35:17,640 --> 00:35:15,340

think it's really unique especially and

825

00:35:20,970 --> 00:35:17,650

when I was growing up in Denver like all

826
00:35:23,670 --> 00:35:20,980
of the Mexican Americans were had roots

827
00:35:26,940 --> 00:35:23,680
in the valley San Luis Valley and New

828
00:35:30,090 --> 00:35:26,950
Mexico area and what's unique about it

829
00:35:35,240 --> 00:35:30,100
is it's a melding of Native American and

830
00:35:38,730 --> 00:35:35,250
kind of and you know Mexican American

831
00:35:40,800 --> 00:35:38,740
and so there's a lot of legends in the

832
00:35:43,320 --> 00:35:40,810
area I always heard about the legends in

833
00:35:46,260 --> 00:35:43,330
San Luis Valley my grandma had an

834
00:35:49,080 --> 00:35:46,270
interesting story about that and of

835
00:35:50,790 --> 00:35:49,090
course Chris O'Brien is a researcher who

836
00:35:53,430 --> 00:35:50,800
wrote the mysterious Valley about the

837
00:35:55,350 --> 00:35:53,440
San Luis Valley and so hearing these

838
00:35:57,210 --> 00:35:55,360

stories and kind of both of those

839

00:36:00,420 --> 00:35:57,220

cultures all of those cultures being

840

00:36:04,020 --> 00:36:00,430

open to the paranormal I was always

841

00:36:06,510 --> 00:36:04,030

interested and so I kept an eye on it

842

00:36:08,970 --> 00:36:06,520

when I got into high school I got into

843

00:36:12,240 --> 00:36:08,980

math and science was the was what

844

00:36:15,960 --> 00:36:12,250

interested me the most Oh

845

00:36:20,520 --> 00:36:15,970

Martin's leaving I really bored him with

846

00:36:24,000 --> 00:36:20,530

this story I guess but I'm off camera so

847

00:36:29,040 --> 00:36:24,010

I'm like yeah okay now it looks great

848

00:36:32,060 --> 00:36:29,050

but so I got into math and science and I

849

00:36:34,860 --> 00:36:32,070

guess that's when I was kind of more of

850

00:36:38,700 --> 00:36:34,870

you know that's what I've really adopted

851
00:36:41,490 --> 00:36:38,710
the philosophies behind science and and

852
00:36:43,950 --> 00:36:41,500
I guess the pragmatism in a way and I

853
00:36:49,050 --> 00:36:43,960
thought you know I need to in a way be

854
00:36:51,690 --> 00:36:49,060
honor my ancestry in in giving the

855
00:36:53,400 --> 00:36:51,700
benefit of the doubt but then also

856
00:36:56,520 --> 00:36:53,410
needed to

857
00:37:01,590 --> 00:36:56,530
put it under its its paces put it it

858
00:37:04,410 --> 00:37:01,600
into the in trying to you know be

859
00:37:08,460 --> 00:37:04,420
pragmatic about whether or not these

860
00:37:10,110 --> 00:37:08,470
phenomena exists and I've kind of gone

861
00:37:13,500 --> 00:37:10,120
back and forth but you know what I've

862
00:37:15,840 --> 00:37:13,510
always felt is that even if you do take

863
00:37:20,430 --> 00:37:15,850

a scientific look at all of this stuff

864

00:37:22,820 --> 00:37:20,440

what you cannot do is disprove a lot of

865

00:37:26,610 --> 00:37:22,830

this anecdotal information and in

866

00:37:30,260 --> 00:37:26,620

science anecdotal information is what

867

00:37:35,730 --> 00:37:30,270

kind of is the impetus to science we

868

00:37:39,060 --> 00:37:35,740

observe a phenomena we theorize what

869

00:37:41,850 --> 00:37:39,070

might the phenomena might be we test

870

00:37:44,400 --> 00:37:41,860

those theories and we come to

871

00:37:47,010 --> 00:37:44,410

conclusions or understandings about you

872

00:37:49,320 --> 00:37:47,020

know the natural world and there are a

873

00:37:52,020 --> 00:37:49,330

lot of issues that I believe are still

874

00:37:54,510 --> 00:37:52,030

outstanding and I think that's what's

875

00:37:57,360 --> 00:37:54,520

fascinating and especially when I was

876

00:37:58,950 --> 00:37:57,370

you know in journalism because I did

877

00:38:04,740 --> 00:37:58,960

change from wanting to be a rocket

878

00:38:06,420 --> 00:38:04,750

scientists to wanting to be a journalist

879

00:38:10,050 --> 00:38:06,430

and so I was doing all kinds of

880

00:38:13,560 --> 00:38:10,060

journalist stuff in school and this is

881

00:38:16,290 --> 00:38:13,570

now college and I saw there was a lot of

882

00:38:19,140 --> 00:38:16,300

stories out there that were being shared

883

00:38:23,850 --> 00:38:19,150

and this was the 90s and the 90s was

884

00:38:25,770 --> 00:38:23,860

kind of a bad time for UFOs it was all

885

00:38:28,080 --> 00:38:25,780

the television shows ended with a

886

00:38:30,390 --> 00:38:28,090

debunking where they totally debunked

887

00:38:33,870 --> 00:38:30,400

you know everything they had just told

888

00:38:36,930 --> 00:38:33,880

you and then it was shows I think really

889

00:38:39,210 --> 00:38:36,940

UFO FILES which john greenwald helped

890

00:38:42,120 --> 00:38:39,220

produce some of the the seasons there

891

00:38:43,440 --> 00:38:42,130

that stopped doing that and just showing

892

00:38:46,980 --> 00:38:43,450

the information and letting people

893

00:38:48,420 --> 00:38:46,990

decide on their own but those who I

894

00:38:51,390 --> 00:38:48,430

thought there all of the television

895

00:38:53,220 --> 00:38:51,400

shows a lot that's out there didn't

896

00:38:56,760 --> 00:38:53,230

include some of the more interesting

897

00:38:59,370 --> 00:38:56,770

stories that there are and there's so

898

00:39:02,640 --> 00:38:59,380

many so I just kind of had this

899

00:39:03,900 --> 00:39:02,650

compulsion to share these stories and to

900

00:39:05,880 --> 00:39:03,910

learn more

901
00:39:06,720 --> 00:39:05,890
in fact when I really when the bug

902
00:39:08,730 --> 00:39:06,730
really bit

903
00:39:10,980 --> 00:39:08,740
which was probably just after college

904
00:39:15,180 --> 00:39:10,990
when I was a corporate trainer by that

905
00:39:17,160 --> 00:39:15,190
time I just like you know for a period

906
00:39:19,109 --> 00:39:17,170
of time was like a hermit I go home and

907
00:39:22,920 --> 00:39:19,119
read books read books read books read

908
00:39:24,630 --> 00:39:22,930
books about this topic and and and then

909
00:39:28,140 --> 00:39:24,640
eventually joined MUFON as an

910
00:39:30,599 --> 00:39:28,150
investigator and then kind of came back

911
00:39:32,460 --> 00:39:30,609
to - what is natural to me which is

912
00:39:36,810 --> 00:39:32,470
sharing stories and writing about this

913
00:39:45,109 --> 00:39:36,820

stuff so so yeah so and in fact even

914

00:39:55,710 --> 00:39:48,660

don't know what happened let's see

915

00:39:57,300 --> 00:39:55,720

so everyone Alejandro has frozen and I'm

916

00:39:58,849 --> 00:39:57,310

not sure it looks like a Skype thing

917

00:40:02,130 --> 00:39:58,859

I've never had this happen before

918

00:40:07,700 --> 00:40:02,140

let me go into another screen right here

919

00:40:11,190 --> 00:40:07,710

and I will I guess

920

00:40:17,070 --> 00:40:11,200

the screen is just plain frozen so I'm

921

00:40:20,760 --> 00:40:17,080

going to I'm going to hang up and whoops

922

00:40:30,090 --> 00:40:20,770

hope I didn't hang up on everyone Billy

923

00:40:33,330 --> 00:40:30,100

is still there all again with Alejandro

924

00:40:35,820 --> 00:40:33,340

Rojas all right bill

925

00:40:37,200 --> 00:40:35,830

yes I'm just letting all my listeners

926
00:40:38,430 --> 00:40:37,210
know that you're having technical issues

927
00:40:41,240 --> 00:40:38,440
yes thank you

928
00:40:44,220 --> 00:40:41,250
and I don't know what's going on here

929
00:40:46,830 --> 00:40:44,230
and it's a little little early to go to

930
00:40:53,400 --> 00:40:46,840
break so I'm just waiting trying to get

931
00:40:54,599 --> 00:40:53,410
him back on so yeah it's a strangest

932
00:40:59,970 --> 00:40:54,609
thing I've never seen anything like it

933
00:41:01,859 --> 00:40:59,980
is all of a sudden it just froze okay so

934
00:41:03,870 --> 00:41:01,869
I guess up what I'll do is I'll continue

935
00:41:12,480 --> 00:41:03,880
it's it's trying to call them but

936
00:41:14,640 --> 00:41:12,490
nothing's happening so I will let's say

937
00:41:17,430 --> 00:41:14,650
I will take some questions in the chat

938
00:41:21,179 --> 00:41:17,440

room until we get Alejandro back on if

939

00:41:29,699 --> 00:41:25,289

please post it in the chat room or give

940

00:41:33,380 --> 00:41:29,709

a call the phone line is open

941

00:41:37,410 --> 00:41:33,390

and people can call the number is 603

942

00:41:39,569 --> 00:41:37,420

967 403 oh we're taking calls if someone

943

00:41:43,019 --> 00:41:39,579

liked to call in I'm gonna text

944

00:41:49,319 --> 00:41:43,029

meanwhile Alejandro and see if I can

945

00:41:56,009 --> 00:41:49,329

raise him that way and I'm going to ask

946

00:42:00,390 --> 00:41:56,019

him to Skype me and I apologize to the

947

00:42:04,949 --> 00:42:00,400

live listener I don't dare to try to I

948

00:42:07,529 --> 00:42:04,959

guess I will try to hang up on him bill

949

00:42:10,140 --> 00:42:07,539

are you there bill I am here all right

950

00:42:12,029 --> 00:42:10,150

bill maybe it's gonna be a show with you

951
00:42:14,819 --> 00:42:12,039
and I Hey

952
00:42:18,029 --> 00:42:14,829
Oh for nothing alejandro does a lot of

953
00:42:21,079 --> 00:42:18,039
great work with UFO Congress and some of

954
00:42:23,729 --> 00:42:21,089
the various he's back I think he's back

955
00:42:27,120 --> 00:42:23,739
Alejandro hello hello do you have any

956
00:42:29,640 --> 00:42:27,130
idea what happened Alejandro no uh you

957
00:42:31,829 --> 00:42:29,650
froze I I heard you and you're like uh

958
00:42:34,650 --> 00:42:31,839
oh Alejandro froze and I could hear you

959
00:42:36,919 --> 00:42:34,660
and so I and then you froze soon after

960
00:42:40,739 --> 00:42:36,929
that and then it said there was a a

961
00:42:43,319 --> 00:42:40,749
network problem so well you're back and

962
00:42:44,849 --> 00:42:43,329
I don't know because I'm so frazzled I

963
00:42:46,859 --> 00:42:44,859

don't even remember what we were talking

964

00:42:49,019 --> 00:42:46,869

about so we were talking about kind of

965

00:42:51,719 --> 00:42:49,029

my background in interests in this stuff

966

00:42:55,559 --> 00:42:51,729

so I'm not sure if I got through that at

967

00:42:57,089 --> 00:42:55,569

all before the freezing yeah I'm not

968

00:43:01,259 --> 00:42:57,099

quite sure I think you were talking

969

00:43:04,319 --> 00:43:01,269

about you know journalism and then you

970

00:43:09,089 --> 00:43:04,329

know things on the insert and bits and

971

00:43:11,279 --> 00:43:09,099

pieces yes so I guess I just yeah I just

972

00:43:14,400 --> 00:43:11,289

you know came back to wanting to share

973

00:43:16,459 --> 00:43:14,410

that credible information and with MUFON

974

00:43:21,479 --> 00:43:16,469

I eventually became their spokesperson

975

00:43:25,579 --> 00:43:21,489

in PR and director of Education this was

976
00:43:28,759 --> 00:43:25,589
by the time actually about the time that

977
00:43:32,699 --> 00:43:28,769
we I was a director when Bigelow

978
00:43:33,480 --> 00:43:32,709
approached move on to come up with that

979
00:43:39,420 --> 00:43:33,490
partnership

980
00:43:44,490 --> 00:43:39,430
and which was a an extraordinary

981
00:43:47,339 --> 00:43:44,500
opportunity for MUFON and and and for

982
00:43:49,310 --> 00:43:47,349
this field but unfortunately it didn't

983
00:43:52,820 --> 00:43:49,320
end up working out but little did I know

984
00:43:56,150 --> 00:43:52,830
where the money was coming from right

985
00:43:59,599 --> 00:43:56,160
actually coming from the government

986
00:44:02,730 --> 00:43:59,609
coming from the app the government as

987
00:44:03,870 --> 00:44:02,740
that was part of and and we know this

988
00:44:05,880 --> 00:44:03,880

this is confirmed

989

00:44:07,980 --> 00:44:05,890

well I've discussed it one on one with

990

00:44:10,170 --> 00:44:07,990

George Knapp who's confirmed it but I

991

00:44:13,200 --> 00:44:10,180

believe one of his articles has also

992

00:44:15,990 --> 00:44:13,210

confirmed that which makes sense I mean

993

00:44:17,339 --> 00:44:16,000

we it was a safe assumption to make

994

00:44:20,640 --> 00:44:17,349

because that was the same time they were

995

00:44:22,109 --> 00:44:20,650

receiving funding but we did you know at

996

00:44:26,310 --> 00:44:22,119

least George or somebody had confirmed

997

00:44:29,520 --> 00:44:26,320

that yeah that was that program was part

998

00:44:32,130 --> 00:44:29,530

of the a tip funding or a sauce at work

999

00:44:35,240 --> 00:44:32,140

you know Pentagon funding now I had

1000

00:44:37,589 --> 00:44:35,250

heard you know sort of controversial

1001
00:44:40,910 --> 00:44:37,599
things about that particular situation

1002
00:44:44,270 --> 00:44:40,920
as far as Bigelow being able to

1003
00:44:49,620 --> 00:44:44,280
basically review the files so basically

1004
00:44:51,930 --> 00:44:49,630
what what was the details of that so the

1005
00:44:56,550 --> 00:44:51,940
details and I love to straighten this

1006
00:44:58,800 --> 00:44:56,560
out and that because it's unfortunate I

1007
00:45:00,420 --> 00:44:58,810
used to term recently oh yeah I was

1008
00:45:03,780 --> 00:45:00,430
bragging about using this term on my

1009
00:45:07,470 --> 00:45:03,790
show with you I think and that was that

1010
00:45:09,690 --> 00:45:07,480
in in the UFO field we tend to be really

1011
00:45:12,120 --> 00:45:09,700
bad at eating our own and the bigger the

1012
00:45:14,910 --> 00:45:12,130
fish the more we feast and certainly

1013
00:45:18,540 --> 00:45:14,920

Bigelow is a big fish and people just

1014

00:45:21,870 --> 00:45:18,550

attack Bigelow which is unfortunate

1015

00:45:24,480 --> 00:45:21,880

because my experience has been that him

1016

00:45:26,700 --> 00:45:24,490

and his organization and it's been

1017

00:45:28,620 --> 00:45:26,710

George's adapts experience a

1018

00:45:32,070 --> 00:45:28,630

investigative journalist there in Las

1019

00:45:33,810 --> 00:45:32,080

Vegas who has been close to - Bigelow

1020

00:45:35,880 --> 00:45:33,820

wrote the book hunt for the skinwalker

1021

00:45:38,609 --> 00:45:35,890

about their probably their most famous

1022

00:45:40,260 --> 00:45:38,619

you know investigation that we also

1023

00:45:44,280 --> 00:45:40,270

found out was funded by the government

1024

00:45:47,310 --> 00:45:44,290

for the most part that really this is a

1025

00:45:51,090 --> 00:45:47,320

genuine effort to investigate

1026

00:45:55,410 --> 00:45:51,100

the phenomena the terms of the agreement

1027

00:45:58,230 --> 00:45:55,420

were essentially can you still hear me

1028

00:46:00,360 --> 00:45:58,240

oh yeah okay because I got a text from

1029

00:46:03,630 --> 00:46:00,370

you but I figured that was probably that

1030

00:46:06,900 --> 00:46:03,640

was a while ago a while ago yeah but the

1031

00:46:09,060 --> 00:46:06,910

terms were essentially that Bigelow that

1032

00:46:11,220 --> 00:46:09,070

a star team would be made that Bigelow

1033

00:46:15,750 --> 00:46:11,230

would fund and this was a rapid-response

1034

00:46:17,970 --> 00:46:15,760

team so but it was with MUFON so Bigelow

1035

00:46:19,410 --> 00:46:17,980

would fund move on to create this so

1036

00:46:21,420 --> 00:46:19,420

that there would be transparency and

1037

00:46:25,080 --> 00:46:21,430

MUFON would have control over everything

1038

00:46:27,750 --> 00:46:25,090

which they did this team then was to

1039

00:46:30,090 --> 00:46:27,760

very quickly respond when something

1040

00:46:32,220 --> 00:46:30,100

would occur which is exactly the sort of

1041

00:46:35,750 --> 00:46:32,230

thing MUFON would like to do but didn't

1042

00:46:39,590 --> 00:46:35,760

have the funds or the resources to do so

1043

00:46:43,200 --> 00:46:39,600

Bigelow would then I get information

1044

00:46:45,780 --> 00:46:43,210

from these cases and all the others but

1045

00:46:47,490 --> 00:46:45,790

no sooner than anyone else for instance

1046

00:46:50,660 --> 00:46:47,500

all of that information was posted

1047

00:46:54,870 --> 00:46:50,670

online I received that information

1048

00:46:56,310 --> 00:46:54,880

myself so it that's that's how this

1049

00:47:00,240 --> 00:46:56,320

worked and then Bigelow funded

1050

00:47:02,630 --> 00:47:00,250

investigation and funded being able to

1051

00:47:06,840 --> 00:47:02,640

analyze the materials and and

1052

00:47:09,990 --> 00:47:06,850

information that was retrieved so during

1053

00:47:12,600 --> 00:47:10,000

this time there were times where MUFON

1054

00:47:15,690 --> 00:47:12,610

personnel just could not respond quickly

1055

00:47:17,280 --> 00:47:15,700

enough and protocol was that MUFON was

1056

00:47:19,980 --> 00:47:17,290

to get there first they were the lead

1057

00:47:23,130 --> 00:47:19,990

investigators but MUFON is full of

1058

00:47:25,070 --> 00:47:23,140

volunteers most everybody has jobs and

1059

00:47:27,300 --> 00:47:25,080

they can't just drop everything kids

1060

00:47:29,340 --> 00:47:27,310

responsibilities they can't drop any

1061

00:47:32,090 --> 00:47:29,350

everything and I think I remember

1062

00:47:34,110 --> 00:47:32,100

quickly correctly there was a case where

1063

00:47:36,090 --> 00:47:34,120

MUFON just couldn't get there for like

1064

00:47:38,190 --> 00:47:36,100

two weeks and big lows people are like

1065

00:47:40,560 --> 00:47:38,200

we can't wait that long you know we need

1066

00:47:42,150 --> 00:47:40,570

to get out there now and somewhere along

1067

00:47:44,400 --> 00:47:42,160

the line that was approved where Bigelow

1068

00:47:46,140 --> 00:47:44,410

could go I it said that their

1069

00:47:48,750 --> 00:47:46,150

organization could send people out there

1070

00:47:52,430 --> 00:47:48,760

and to begin the investigation and that

1071

00:47:55,020 --> 00:47:52,440

has caused some of the confusion however

1072

00:47:57,330 --> 00:47:55,030

you know I was in touch with a guy who

1073

00:47:59,280 --> 00:47:57,340

ran that program Richard Lang and in

1074

00:48:00,849 --> 00:47:59,290

fact I have interviews on my podcast

1075

00:48:04,269 --> 00:48:00,859

with him about

1076

00:48:06,729 --> 00:48:04,279

all of this and Mike you know goal was

1077

00:48:09,009 --> 00:48:06,739

transparency nobody was going to the

1078

00:48:11,769 --> 00:48:09,019

source to let Richard share you know his

1079

00:48:13,539 --> 00:48:11,779

experience with it and people said oh

1080

00:48:14,799 --> 00:48:13,549

you know Bigelow bought all this

1081

00:48:17,829 --> 00:48:14,809

material and hid it

1082

00:48:21,519 --> 00:48:17,839

no everyone had access to that in fact

1083

00:48:23,499 --> 00:48:21,529

you can find all of those Bigelow cases

1084

00:48:26,410 --> 00:48:23,509

the best of the best and what they

1085

00:48:29,529 --> 00:48:26,420

discovered in open minds magazine and

1086

00:48:32,529 --> 00:48:29,539

even on our website we wrote about all

1087

00:48:35,799 --> 00:48:32,539

of these cases in detail and there were

1088

00:48:38,019 --> 00:48:35,809

some really good cases there were I know

1089

00:48:40,900 --> 00:48:38,029

a case on the Navajo Nation where this

1090

00:48:45,489 --> 00:48:40,910

you know young woman was followed by

1091

00:48:47,349 --> 00:48:45,499

this orb and I there was some sort of

1092

00:48:49,720 --> 00:48:47,359

effects I can't remember the detail to

1093

00:48:51,569 --> 00:48:49,730

that vehicle but there was another case

1094

00:48:54,099 --> 00:48:51,579

and I believe this was in the East Coast

1095

00:48:57,130 --> 00:48:54,109

similar sort of thing a person seeing a

1096

00:48:59,069 --> 00:48:57,140

UFO and their car stopping and they got

1097

00:49:01,479 --> 00:48:59,079

there and they were able to measure an

1098

00:49:03,819 --> 00:49:01,489

electromagnetic effect on the vehicle

1099

00:49:07,059 --> 00:49:03,829

the owner of the vehicle was so freaked

1100

00:49:09,940 --> 00:49:07,069

out about this he sold the car so there

1101

00:49:14,440 --> 00:49:09,950

were a lot of great cases that were a

1102

00:49:16,089 --> 00:49:14,450

result of these investigations and and

1103

00:49:20,109 --> 00:49:16,099

all of that material was shared with

1104

00:49:22,120 --> 00:49:20,119

everyone so you know people claiming

1105

00:49:26,109 --> 00:49:22,130

that oh you know Bigelow hoarded and hid

1106

00:49:29,499 --> 00:49:26,119

information that was not the case at all

1107

00:49:31,509 --> 00:49:29,509

and I was able to confirm with everyone

1108

00:49:33,819 --> 00:49:31,519

that that you know I had the material in

1109

00:49:35,799 --> 00:49:33,829

fact when we printed that at open minds

1110

00:49:37,779 --> 00:49:35,809

those stories people complain well why

1111

00:49:41,339 --> 00:49:37,789

does Alejandro get that why did they get

1112

00:49:44,430 --> 00:49:41,349

a predict by then I wasn't officially a

1113

00:49:47,380 --> 00:49:44,440

you know part of the leadership of MUFON

1114

00:49:48,849 --> 00:49:47,390

but like they said well anybody could

1115

00:49:50,950 --> 00:49:48,859

have gotten this information and in fact

1116

00:49:53,049 --> 00:49:50,960

you know they shared that with other

1117

00:49:54,579 --> 00:49:53,059

people as well so when they complain

1118

00:49:56,380 --> 00:49:54,589

they were like well you do you want it

1119

00:49:58,599 --> 00:49:56,390

now look good and so they you know gave

1120

00:50:00,509 --> 00:49:58,609

them the stories too so all of these

1121

00:50:06,120 --> 00:50:00,519

reports I think we're even all online

1122

00:50:10,269 --> 00:50:06,130

but all you know accessible for anyone

1123

00:50:11,950 --> 00:50:10,279

and so you know I know people dispute

1124

00:50:14,350 --> 00:50:11,960

that and there's all these legends and

1125

00:50:16,630 --> 00:50:14,360

mythologies but that's my firsthand

1126
00:50:18,820 --> 00:50:16,640
experience had having witnessed though

1127
00:50:22,930 --> 00:50:18,830
the whole thing

1128
00:50:27,460 --> 00:50:22,940
there also were conflicts within MUFON

1129
00:50:31,450 --> 00:50:27,470
management regarding you know the

1130
00:50:35,050 --> 00:50:31,460
program and unfortunately you know that

1131
00:50:37,000 --> 00:50:35,060
really kind of led to the fall of the

1132
00:50:41,790 --> 00:50:37,010
where the program just didn't work out

1133
00:50:45,610 --> 00:50:41,800
and it's partially you know I think that

1134
00:50:49,500 --> 00:50:45,620
Bigelow was trying to take advantage of

1135
00:50:51,670 --> 00:50:49,510
and bolster an already existing network

1136
00:50:52,990 --> 00:50:51,680
and what they could have done is not

1137
00:50:55,360 --> 00:50:53,000
done that just gone with their own

1138
00:50:57,640 --> 00:50:55,370

people but MUFON already has boots on

1139

00:50:59,410 --> 00:50:57,650

the ground all over the country so

1140

00:51:03,390 --> 00:50:59,420

ideally it would make sense that that

1141

00:51:05,620 --> 00:51:03,400

would work but MUFON is just a volunteer

1142

00:51:08,260 --> 00:51:05,630

organization and I think that's kind of

1143

00:51:10,780 --> 00:51:08,270

what made it most difficult is that you

1144

00:51:12,850 --> 00:51:10,790

know it wasn't people who could drop

1145

00:51:15,880 --> 00:51:12,860

everything and go running and do these

1146

00:51:17,980 --> 00:51:15,890

things and there were people there were

1147

00:51:20,800 --> 00:51:17,990

territorial disputes people can get

1148

00:51:24,940 --> 00:51:20,810

pretty territorial over what happens in

1149

00:51:28,900 --> 00:51:24,950

their states and so yeah so there were

1150

00:51:30,670 --> 00:51:28,910

people just were hesitant and so it did

1151
00:51:36,510 --> 00:51:30,680
all break down eventually and then

1152
00:51:39,040 --> 00:51:36,520
rumors got started and and you know

1153
00:51:42,550 --> 00:51:39,050
people were sharing inaccurate

1154
00:51:46,330 --> 00:51:42,560
information that you know knew better I

1155
00:51:49,480 --> 00:51:46,340
will put it that way but it was

1156
00:51:51,340 --> 00:51:49,490
unfortunate that apart we've got about

1157
00:51:52,690 --> 00:51:51,350
four minutes to break how did it

1158
00:51:54,820 --> 00:51:52,700
actually and I have another question

1159
00:52:01,300 --> 00:51:54,830
about that but how did it actually fall

1160
00:52:03,190 --> 00:52:01,310
apart and in crash and and actually well

1161
00:52:06,460 --> 00:52:03,200
it was these disputes internal disputes

1162
00:52:09,910 --> 00:52:06,470
with MUFON and then and it was often

1163
00:52:13,900 --> 00:52:09,920

over records because you know Bigelow

1164

00:52:18,970 --> 00:52:13,910

had an expectation over how the

1165

00:52:20,640 --> 00:52:18,980

financial records were kept and and you

1166

00:52:23,010 --> 00:52:20,650

know there were kind of just

1167

00:52:27,750 --> 00:52:23,020

difficulties in that way because again

1168

00:52:30,420 --> 00:52:27,760

really I think in that aspect

1169

00:52:31,710 --> 00:52:30,430

would a organization like MUFON probably

1170

00:52:33,690 --> 00:52:31,720

and this is probably what should have

1171

00:52:35,910 --> 00:52:33,700

happened is they should have hired maybe

1172

00:52:37,500 --> 00:52:35,920

an accountant to oversee all of that

1173

00:52:39,660 --> 00:52:37,510

that probably would have been wise to

1174

00:52:40,470 --> 00:52:39,670

make sure that was all transparent and

1175

00:52:42,930 --> 00:52:40,480

on the up-and-up

1176
00:52:45,060 --> 00:52:42,940
but it was all resource issues MUFON

1177
00:52:47,099 --> 00:52:45,070
just didn't have the resources just like

1178
00:52:48,570 --> 00:52:47,109
always and people always you know that

1179
00:52:50,280 --> 00:52:48,580
was a big thing that I used to have to

1180
00:52:52,290 --> 00:52:50,290
talk about when I was doing PR for move

1181
00:52:54,900 --> 00:52:52,300
on why does it move on to this and why

1182
00:52:56,430 --> 00:52:54,910
doesn't it move on do that I would try

1183
00:52:58,200 --> 00:52:56,440
to say you know first of all we don't

1184
00:53:00,750 --> 00:52:58,210
have the resources we're stretched in

1185
00:53:02,580 --> 00:53:00,760
four already for what we do and mostly

1186
00:53:06,240 --> 00:53:02,590
you know people are volunteering their

1187
00:53:08,099 --> 00:53:06,250
time the board for instance all of those

1188
00:53:11,550 --> 00:53:08,109

individuals have kicked in their own

1189

00:53:13,650 --> 00:53:11,560

funds periodically to keep MUFON going I

1190

00:53:15,570 --> 00:53:13,660

can only imagine how some of those long

1191

00:53:18,090 --> 00:53:15,580

timers like Bob woods how much money

1192

00:53:22,170 --> 00:53:18,100

they put into it so it's it's you know a

1193

00:53:24,240 --> 00:53:22,180

volunteer thing and so when you're

1194

00:53:26,820 --> 00:53:24,250

you've got this conflict between you

1195

00:53:28,680 --> 00:53:26,830

know a more corporate type of structure

1196

00:53:33,109 --> 00:53:28,690

and then this volunteer organization I

1197

00:53:36,240 --> 00:53:33,119

think there's probably some sort of

1198

00:53:39,180 --> 00:53:36,250

structure that needed to be put in place

1199

00:53:42,990 --> 00:53:39,190

that was more formal and probably more

1200

00:53:44,790 --> 00:53:43,000

robust that kind of oversaw things well

1201
00:53:48,480 --> 00:53:44,800
we got about just a couple minutes to

1202
00:53:51,120 --> 00:53:48,490
break but so if if Bob Bigelow was

1203
00:53:53,820 --> 00:53:51,130
actually at that time funded or back

1204
00:53:57,150 --> 00:53:53,830
funded from the Pentagon or whatever

1205
00:53:59,940 --> 00:53:57,160
whatever program it was how far back

1206
00:54:02,400 --> 00:53:59,950
were they standing in other words up

1207
00:54:05,160 --> 00:54:02,410
were they getting all the information or

1208
00:54:07,140 --> 00:54:05,170
did they require it as far as you know

1209
00:54:10,320 --> 00:54:07,150
required to get the information or of

1210
00:54:13,230 --> 00:54:10,330
any you know important cases or do they

1211
00:54:14,910 --> 00:54:13,240
yeah essentially one other question does

1212
00:54:16,650 --> 00:54:14,920
anyone from the government actually get

1213
00:54:18,240 --> 00:54:16,660

involved directly boots on the ground

1214

00:54:20,310 --> 00:54:18,250

with any of the cases that you're aware

1215

00:54:23,070 --> 00:54:20,320

of oh no nobody

1216

00:54:25,140 --> 00:54:23,080

I don't think because that was a well

1217

00:54:27,240 --> 00:54:25,150

hidden secret that there was any

1218

00:54:28,859 --> 00:54:27,250

government involvement at all so there

1219

00:54:31,620 --> 00:54:28,869

was definitely no boots on the ground in

1220

00:54:34,200 --> 00:54:31,630

fact a lot of people who were involved

1221

00:54:36,300 --> 00:54:34,210

with Bigelow at the time overseeing this

1222

00:54:39,960 --> 00:54:36,310

on the Bigelow site were not even aware

1223

00:54:41,520 --> 00:54:39,970

of government involvement until this

1224

00:54:45,840 --> 00:54:41,530

last December

1225

00:54:48,060 --> 00:54:45,850

Wow yeah isn't that crazy yeah and do

1226

00:54:51,810 --> 00:54:48,070

you know we have just one minute here to

1227

00:54:54,390 --> 00:54:51,820

go but do you know if the the government

1228

00:54:57,900 --> 00:54:54,400

actually took any interest in certain

1229

00:55:00,240 --> 00:54:57,910

cases and you know almost like Bluebook

1230

00:55:04,740 --> 00:55:00,250

in a way you know mm-hmm it seems like

1231

00:55:08,190 --> 00:55:04,750

they're they still had like just you

1232

00:55:10,070 --> 00:55:08,200

know deniability set up but still they

1233

00:55:13,380 --> 00:55:10,080

had they had a curiosity it sounds like

1234

00:55:16,350 --> 00:55:13,390

yeah and we don't know any of that

1235

00:55:18,930 --> 00:55:16,360

so unfortunately even Elizondo can't

1236

00:55:21,300 --> 00:55:18,940

share that information the only thing

1237

00:55:23,250 --> 00:55:21,310

the only case that they've shared that

1238

00:55:25,740 --> 00:55:23,260

they had an interest in it's the Nimitz

1239

00:55:27,870 --> 00:55:25,750

one they've released of course a couple

1240

00:55:30,060 --> 00:55:27,880

of other videos and at least one of

1241

00:55:31,980 --> 00:55:30,070

those we know a little bit or at least

1242

00:55:34,230 --> 00:55:31,990

think we know a little bit about its

1243

00:55:37,860 --> 00:55:34,240

origins and I can't remember the details

1244

00:55:40,980 --> 00:55:37,870

right now but very little information

1245

00:55:43,620 --> 00:55:40,990

about what the government took an

1246

00:55:46,320 --> 00:55:43,630

interest in has been released well

1247

00:55:48,570 --> 00:55:46,330

interesting all right so we are ready to

1248

00:55:52,080 --> 00:55:48,580

go to break of this is Martin Willis my

1249

00:55:54,510 --> 00:55:52,090

guest is Alejandro Rojas we are in kgr a

1250

00:55:58,730 --> 00:55:54,520

radio and YouTube and we'll be right

1251

00:56:00,810 --> 00:55:58,740

back right after these messages clear

1252

00:56:03,180 --> 00:56:00,820

alright how much time we have this time

1253

00:56:05,430 --> 00:56:03,190

three minutes alright three minutes

1254

00:56:09,120 --> 00:56:05,440

Alejandro so I have I have some

1255

00:56:11,550 --> 00:56:09,130

questions or I have a question actually

1256

00:56:14,070 --> 00:56:11,560

Kerry wrote this question here has a

1257

00:56:16,200 --> 00:56:14,080

journalist do you think that mainstream

1258

00:56:19,140 --> 00:56:16,210

media and corporations like NASA are

1259

00:56:22,470 --> 00:56:19,150

controlled by a higher authority on what

1260

00:56:27,330 --> 00:56:22,480

output is out to the gets out to the

1261

00:56:30,930 --> 00:56:27,340

public not at all I used to think that

1262

00:56:33,900 --> 00:56:30,940

perhaps there was some at some level but

1263

00:56:37,830 --> 00:56:33,910

this has been a real interest of mine so

1264

00:56:40,830 --> 00:56:37,840

when I interviewed journalists and and

1265

00:56:42,660 --> 00:56:40,840

people in the media or have been

1266

00:56:44,550 --> 00:56:42,670

involved and I have been especially

1267

00:56:46,070 --> 00:56:44,560

lately involved with a lot of NASA

1268

00:56:48,780 --> 00:56:46,080

stories I've been to a lot of facilities

1269

00:56:51,210 --> 00:56:48,790

I've interviewed several astronauts in

1270

00:56:52,830 --> 00:56:51,220

fact I just released a an article with

1271

00:56:55,400 --> 00:56:52,840

an interview with an astronaut just this

1272

00:56:59,799 --> 00:56:55,410

last week and I haven't found

1273

00:57:02,750 --> 00:56:59,809

any of that what I found is actually

1274

00:57:05,270 --> 00:57:02,760

makes me more frustrated about the

1275

00:57:07,430 --> 00:57:05,280

conspiracies because what I find when it

1276
00:57:11,930 --> 00:57:07,440
comes to journalists and especially with

1277
00:57:15,250 --> 00:57:11,940
NASA is that you have very people who

1278
00:57:18,980 --> 00:57:15,260
for the most part have very altruistic

1279
00:57:20,809 --> 00:57:18,990
intentions about what they do most

1280
00:57:23,059 --> 00:57:20,819
journalists because it's not easy and it

1281
00:57:25,190 --> 00:57:23,069
doesn't always pay a lot of money most

1282
00:57:29,809 --> 00:57:25,200
journalists are passionate about getting

1283
00:57:32,480 --> 00:57:29,819
information out and most do their best

1284
00:57:34,220 --> 00:57:32,490
to get that information out in an

1285
00:57:36,980 --> 00:57:34,230
unbiased manner and they certainly

1286
00:57:39,650 --> 00:57:36,990
because your job and your access to

1287
00:57:42,380 --> 00:57:39,660
information it's dependent upon it

1288
00:57:45,650 --> 00:57:42,390

getting it out accurately because it's

1289

00:57:49,039 --> 00:57:45,660

it's hard for someone to get punished

1290

00:57:51,319 --> 00:57:49,049

for for putting out accurate information

1291

00:57:53,029 --> 00:57:51,329

it's the opposite that can really get

1292

00:57:55,359 --> 00:57:53,039

you in trouble because all of your

1293

00:58:01,490 --> 00:57:55,369

competitors are keeping an eye on you

1294

00:58:07,670 --> 00:58:01,500

with NASA these people have their major

1295

00:58:10,490 --> 00:58:07,680

concern is the public dollar and safety

1296

00:58:13,519 --> 00:58:10,500

and taking care of those astronauts and

1297

00:58:16,160 --> 00:58:13,529

getting them there and back again in a

1298

00:58:20,630 --> 00:58:16,170

safe manner and when it comes to

1299

00:58:23,630 --> 00:58:20,640

unmanned missions to make sure that that

1300

00:58:25,849 --> 00:58:23,640

public dollar is not misspent that that

1301
00:58:29,900 --> 00:58:25,859
you know 10 million dollar instrument

1302
00:58:32,539 --> 00:58:29,910
they're sending into space is is they

1303
00:58:35,269 --> 00:58:32,549
people get their money's worth and I

1304
00:58:36,680 --> 00:58:35,279
think anybody who would visit a facility

1305
00:58:39,410 --> 00:58:36,690
and talk with these individuals would

1306
00:58:41,630 --> 00:58:39,420
feel that way and you can't really get

1307
00:58:43,370 --> 00:58:41,640
as much a sense of that unless you go

1308
00:58:45,650 --> 00:58:43,380
visit these places and talk with these

1309
00:58:48,440 --> 00:58:45,660
people and a lot of NASA facilities you

1310
00:58:54,529 --> 00:58:48,450
can go and visit these people and talk

1311
00:58:57,740 --> 00:58:54,539
with them I am a huge fan of NASA

1312
00:58:59,150 --> 00:58:57,750
personnel and of journalists and every

1313
00:59:01,760 --> 00:58:59,160

journalist I've talked to for instance

1314

00:59:04,309 --> 00:59:01,770

Lee Spiegel Lee Spiegel worked for the

1315

00:59:06,890 --> 00:59:04,319

huffington post he wrote whatever UFO

1316

00:59:08,440 --> 00:59:06,900

story he wanted sometimes they would

1317

00:59:10,660 --> 00:59:08,450

argue over headline

1318

00:59:12,790 --> 00:59:10,670

and I got to write I got to write in UFO

1319

00:59:17,440 --> 00:59:12,800

story oh sorry sorry we gotta help out

1320

00:59:20,050 --> 00:59:17,450

sorry are we gonna like three two one go

1321

00:59:22,240 --> 00:59:20,060

alright welcome back everyone this is

1322

00:59:26,290 --> 00:59:22,250

Martin Willis with podcast UFO my guest

1323

00:59:27,760 --> 00:59:26,300

is Alejandro Rojas and he was just in

1324

00:59:29,710 --> 00:59:27,770

the middle of something during break and

1325

00:59:31,770 --> 00:59:29,720

well I don't know if you want to

1326

00:59:34,660 --> 00:59:31,780

continue that or kind of ease the

1327

00:59:35,860 --> 00:59:34,670

listening audience into that or if you

1328

00:59:38,350 --> 00:59:35,870

want to move on to something else

1329

00:59:39,910 --> 00:59:38,360

what's best for you Alejandro I don't

1330

00:59:41,770 --> 00:59:39,920

know it's up to you I guess just show

1331

00:59:43,570 --> 00:59:41,780

what do you think is interesting well

1332

00:59:45,940 --> 00:59:43,580

it's all interesting I think you were

1333

00:59:48,640 --> 00:59:45,950

kind of capping kind of capping that

1334

00:59:52,600 --> 00:59:48,650

yeah I guess I was just talking about in

1335

00:59:55,330 --> 00:59:52,610

this case especially what I was

1336

00:59:58,780 --> 00:59:55,340

finishing off was a journalism do I feel

1337

01:00:01,540 --> 00:59:58,790

that journalism is manipulated by that

1338

01:00:03,510 --> 01:00:01,550

you know the powers that be and from my

1339

01:00:05,830 --> 01:00:03,520

experience and from my experience

1340

01:00:07,630 --> 01:00:05,840

interviewing other people in journalism

1341

01:00:09,760 --> 01:00:07,640

in the media that has not been the case

1342

01:00:12,580 --> 01:00:09,770

I've interviewed movie makers I've

1343

01:00:16,290 --> 01:00:12,590

interviewed investigative journalists

1344

01:00:19,570 --> 01:00:16,300

not only george knapp but there's like

1345

01:00:22,300 --> 01:00:19,580

lease be go Leslie Kane but there's

1346

01:00:25,120 --> 01:00:22,310

others in the mainstream and for the

1347

01:00:26,620 --> 01:00:25,130

most part there is a lot of freedom that

1348

01:00:29,170 --> 01:00:26,630

you know especially in today's world

1349

01:00:31,840 --> 01:00:29,180

where a lot of journalism is freelance

1350

01:00:35,500 --> 01:00:31,850

you go find your story and you write

1351

01:00:38,470 --> 01:00:35,510

your story and my experience with with

1352

01:00:41,980 --> 01:00:38,480

having to impose for example even with

1353

01:00:45,580 --> 01:00:41,990

Lee we were never denied to writing a

1354

01:00:48,460 --> 01:00:45,590

story about UFOs or aliens

1355

01:00:50,770 --> 01:00:48,470

especially as long as we you know were

1356

01:00:53,740 --> 01:00:50,780

credible and we had a reputation to

1357

01:00:56,140 --> 01:00:53,750

uphold and a reputation that the

1358

01:00:59,020 --> 01:00:56,150

information was solid because it would

1359

01:01:02,170 --> 01:00:59,030

be checked I even wrote about Colonel

1360

01:01:05,080 --> 01:01:02,180

halt who was the highest ranking officer

1361

01:01:07,900 --> 01:01:05,090

at Rendlesham forest in 1980 when they

1362

01:01:10,960 --> 01:01:07,910

all saw a UFO and Colonel halt had told

1363

01:01:16,600 --> 01:01:10,970

me he believed that his men might have

1364

01:01:18,670 --> 01:01:16,610

been drugged by you know other agents in

1365

01:01:20,710 --> 01:01:18,680

the Air Force that he was not aware of

1366

01:01:22,330 --> 01:01:20,720

that they could have come on base

1367

01:01:25,330 --> 01:01:22,340

debrief some of his

1368

01:01:27,940 --> 01:01:25,340

guys even used like sodium pentathol and

1369

01:01:30,460 --> 01:01:27,950

then laughed and he would not have been

1370

01:01:33,940 --> 01:01:30,470

aware it made aware and he believed that

1371

01:01:36,520 --> 01:01:33,950

did occur so that's some pretty hot

1372

01:01:38,200 --> 01:01:36,530

stuff in fact what's funny about that is

1373

01:01:41,290 --> 01:01:38,210

we tried to write a press release on

1374

01:01:43,930 --> 01:01:41,300

this about a kernel Hulk coming to a UFO

1375

01:01:46,450 --> 01:01:43,940

Congress to talk about this and the

1376

01:01:47,830 --> 01:01:46,460

press release company wouldn't release

1377

01:01:50,770 --> 01:01:47,840

the press release because they thought

1378

01:01:53,230 --> 01:01:50,780

whoa this is too much they didn't listen

1379

01:01:56,580 --> 01:01:53,240

to my sources because I had him on

1380

01:01:59,980 --> 01:01:56,590

record you know on tape saying this but

1381

01:02:00,940 --> 01:01:59,990

no media outlet had denied that

1382

01:02:04,960 --> 01:02:00,950

information

1383

01:02:06,460 --> 01:02:04,970

so at surprisingly you know it has not

1384

01:02:09,160 --> 01:02:06,470

been my experience and I would ask

1385

01:02:11,050 --> 01:02:09,170

anybody to go talk to a journalist

1386

01:02:13,540 --> 01:02:11,060

especially at these conferences where

1387

01:02:17,290 --> 01:02:13,550

you have like Bryce Zabel who worked on

1388

01:02:18,880 --> 01:02:17,300

the TV show dark skies he created it and

1389

01:02:21,820 --> 01:02:18,890

some of these others those are the type

1390

01:02:23,860 --> 01:02:21,830

of shows that we would assume would have

1391

01:02:25,660 --> 01:02:23,870

some sort of manipulation now he does

1392

01:02:28,830 --> 01:02:25,670

have a couple interesting stories where

1393

01:02:31,210 --> 01:02:28,840

you know maybe somebody tried to kind of

1394

01:02:33,790 --> 01:02:31,220

frighten him and he doesn't know where

1395

01:02:35,590 --> 01:02:33,800

these people came from so there are some

1396

01:02:37,960 --> 01:02:35,600

interesting stories out there like that

1397

01:02:40,180 --> 01:02:37,970

but nothing from like an editor or

1398

01:02:41,950 --> 01:02:40,190

manager or a producer saying hey you

1399

01:02:43,020 --> 01:02:41,960

can't do that don't talk about that

1400

01:02:45,700 --> 01:02:43,030

nothing like that

1401

01:02:47,860 --> 01:02:45,710

interesting we have someone in the

1402

01:02:50,680 --> 01:02:47,870

chatroom just asked a question wondering

1403

01:02:52,270 --> 01:02:50,690

have you yourself the guy's name is

1404

01:02:56,310 --> 01:02:52,280

plower I think it is have you yourself

1405

01:03:05,280 --> 01:02:56,320

had any type of paranormal experience

1406

01:03:10,510 --> 01:03:09,130

but that's about all I feel like I'm

1407

01:03:12,820 --> 01:03:10,520

forgetting something I think for

1408

01:03:15,760 --> 01:03:12,830

instance I used I I thought you told me

1409

01:03:18,520 --> 01:03:15,770

about I may be confusing you with

1410

01:03:21,730 --> 01:03:18,530

someone else but a shadow person or

1411

01:03:23,020 --> 01:03:21,740

something something strange a hotel I am

1412

01:03:24,820 --> 01:03:23,030

cañada that wasn't me

1413

01:03:26,800 --> 01:03:24,830

yeah but because I've done a lot of

1414

01:03:28,840 --> 01:03:26,810

ghost hunting and I used you know at

1415

01:03:30,490 --> 01:03:28,850

first you go and you're kind of freaked

1416

01:03:31,690 --> 01:03:30,500

out and you're like oh my gosh it's just

1417

01:03:34,030 --> 01:03:31,700

gonna be so fun we're gonna get

1418

01:03:35,630 --> 01:03:34,040

something cool but the more and more you

1419

01:03:38,030 --> 01:03:35,640

died I did it

1420

01:03:39,710 --> 01:03:38,040

it was like I wanted an experience and I

1421

01:03:41,570 --> 01:03:39,720

was no longer frightened and my cousin

1422

01:03:44,180 --> 01:03:41,580

used to tease me because we would go to

1423

01:03:46,580 --> 01:03:44,190

a haunted place and I would want to know

1424

01:03:48,200 --> 01:03:46,590

or where's the most activity and I would

1425

01:03:50,630 --> 01:03:48,210

go shooting off towards there where

1426

01:03:52,460 --> 01:03:50,640

everybody like ooh and there but that's

1427

01:03:55,940 --> 01:03:52,470

exactly where I wanted to because I

1428

01:03:57,890 --> 01:03:55,950

wanted to have an experience but I

1429

01:04:00,050 --> 01:03:57,900

didn't that doesn't to me mean nothing

1430

01:04:02,090 --> 01:04:00,060

it doesn't exist it just means for

1431

01:04:04,340 --> 01:04:02,100

whatever reason I didn't for instance

1432

01:04:06,830 --> 01:04:04,350

you know people talk about skinwalker

1433

01:04:09,500 --> 01:04:06,840

ranch and George Knapp had talked about

1434

01:04:11,780 --> 01:04:09,510

how they put him in the scariest

1435

01:04:14,240 --> 01:04:11,790

location and did all this stuff that

1436

01:04:16,280 --> 01:04:14,250

usually brings in phenomena because they

1437

01:04:19,520 --> 01:04:16,290

were hoping to capture something and

1438

01:04:23,420 --> 01:04:19,530

nothing happened and the way George or

1439

01:04:25,490 --> 01:04:23,430

John Alexander retired Army Colonel who

1440

01:04:27,500 --> 01:04:25,500

was involved in that investigation puts

1441

01:04:29,960 --> 01:04:27,510

it his hat you know over a period of

1442

01:04:33,680 --> 01:04:29,970

time let's say three years even if you

1443

01:04:35,240 --> 01:04:33,690

have you know dozens of experiences two

1444

01:04:35,840 --> 01:04:35,250

dozen different experiences that have

1445

01:04:38,990 --> 01:04:35,850

happened

1446

01:04:41,780 --> 01:04:39,000

that's only 24 days over a span of maybe

1447

01:04:43,670 --> 01:04:41,790

six hundred days so right the odds of

1448

01:04:46,340 --> 01:04:43,680

you any day coming and having an

1449

01:04:48,590 --> 01:04:46,350

experience are is pretty pretty small

1450

01:04:50,630 --> 01:04:48,600

it's just basically the same thing as

1451

01:04:53,390 --> 01:04:50,640

UFO sightings I mean yeah they're so

1452

01:04:54,890 --> 01:04:53,400

elusive yeah and how do you have

1453

01:04:57,860 --> 01:04:54,900

sightings people asked how do I have

1454

01:05:00,950 --> 01:04:57,870

sightings my answer is always go outside

1455

01:05:03,530 --> 01:05:00,960

and spend time sky watching and that's

1456

01:05:05,780 --> 01:05:03,540

why I think eventually I was a UFO

1457

01:05:08,360 --> 01:05:05,790

investigator with MUFON for five or six

1458

01:05:13,100 --> 01:05:08,370

years before I had my first what I felt

1459

01:05:17,000 --> 01:05:13,110

was a UFO sighting and I have spent a

1460

01:05:18,620 --> 01:05:17,010

lot of time watching the night sky in

1461

01:05:21,470 --> 01:05:18,630

fact Bill was just talking about how

1462

01:05:24,650 --> 01:05:21,480

Mark Dantonio was in town to MUFON photo

1463

01:05:26,750 --> 01:05:24,660

and video expert and we were doing a lot

1464

01:05:28,310 --> 01:05:26,760

of Astro photography out there taking

1465

01:05:30,380 --> 01:05:28,320

pictures of the skies while we're out

1466

01:05:33,770 --> 01:05:30,390

there doing sky watches so it's a lot of

1467

01:05:36,020 --> 01:05:33,780

time out there watching the sky you see

1468

01:05:39,050 --> 01:05:36,030

satellites you see rockets you learning

1469

01:05:41,270 --> 01:05:39,060

so much and once in a great great great

1470

01:05:44,570 --> 01:05:41,280

while maybe you'll see something really

1471

01:05:46,450 --> 01:05:44,580

odd that just defies explanation now

1472

01:05:49,520 --> 01:05:46,460

didn't you write an article about

1473

01:05:51,710 --> 01:05:49,530

astronomers in UFOs

1474

01:05:53,450 --> 01:05:51,720

I do have an article about that and

1475

01:05:56,180 --> 01:05:53,460

that's going to be one of my talks at

1476
01:05:57,740 --> 01:05:56,190
the alien Con which is just this weekend

1477
01:06:01,280 --> 01:05:57,750
we had it out there in a couple days

1478
01:06:04,250 --> 01:06:01,290
right and I love this article because or

1479
01:06:07,940 --> 01:06:04,260
this this lecture be it it really

1480
01:06:09,860 --> 01:06:07,950
justifies it shows I chefs estas

1481
01:06:12,020 --> 01:06:09,870
tackiness and I even kind of use his own

1482
01:06:14,300 --> 01:06:12,030
words against him I watch as I love and

1483
01:06:16,040 --> 01:06:14,310
I love Seth and that's why I like using

1484
01:06:18,710 --> 01:06:16,050
a minute he has a lot of great things to

1485
01:06:20,900 --> 01:06:18,720
say but he's terrible when it comes to

1486
01:06:24,410 --> 01:06:20,910
UFOs you've talked to him before you've

1487
01:06:26,210 --> 01:06:24,420
had him on the show and he doesn't

1488
01:06:29,660 --> 01:06:26,220

really do with due diligence into

1489

01:06:33,350 --> 01:06:29,670

looking into it and and he just doesn't

1490

01:06:35,750 --> 01:06:33,360

put any credence in UFO sightings and

1491

01:06:37,760 --> 01:06:35,760

when I met him I told him you know I

1492

01:06:39,410 --> 01:06:37,770

asked him about credible sightings and

1493

01:06:42,590 --> 01:06:39,420

stuff and he wouldn't really talk about

1494

01:06:43,730 --> 01:06:42,600

individual cases he just said if UFOs if

1495

01:06:47,090 --> 01:06:43,740

there's something out there astronomers

1496

01:06:49,760 --> 01:06:47,100

would be into it and I was like there

1497

01:06:51,640 --> 01:06:49,770

are astronomers out there and that was

1498

01:06:54,680 --> 01:06:51,650

about the end of our common from

1499

01:06:56,150 --> 01:06:54,690

conversation but I was like I'm gonna

1500

01:06:57,800 --> 01:06:56,160

make sure I'm prepared to answer that

1501

01:06:59,750 --> 01:06:57,810

question and if that comes up again and

1502

01:07:04,100 --> 01:06:59,760

if I get a talk to them so I did a

1503

01:07:05,740 --> 01:07:04,110

lecture not only have they are has it

1504

01:07:08,330 --> 01:07:05,750

been shown and there's been studies that

1505

01:07:10,280 --> 01:07:08,340

astronomers are just as fascinated they

1506

01:07:13,790 --> 01:07:10,290

have just as many sightings as anyone

1507

01:07:16,400 --> 01:07:13,800

else but also they're the ones who

1508

01:07:20,360 --> 01:07:16,410

started all of this the grandfather of

1509

01:07:22,420 --> 01:07:20,370

modern ufology is dr. J Allen Hynek an

1510

01:07:23,990 --> 01:07:22,430

astronomer who worked for the Air Force

1511

01:07:26,780 --> 01:07:24,000

investigating he thought they were

1512

01:07:29,530 --> 01:07:26,790

ridiculous but then he became to see wow

1513

01:07:33,260 --> 01:07:29,540

there's a lot of credible sightings in

1514

01:07:35,570 --> 01:07:33,270

1952 rappelled he wrote a book about

1515

01:07:40,340 --> 01:07:35,580

this Colonel rappel who was in charge of

1516

01:07:43,310 --> 01:07:40,350

Project Blue Book he he was tasked at

1517

01:07:45,920 --> 01:07:43,320

the end of project grudge at prior to

1518

01:07:47,960 --> 01:07:45,930

Project Blue Book the UFO study to go

1519

01:07:50,150 --> 01:07:47,970

see what's going on with this UFO stuff

1520

01:07:52,370 --> 01:07:50,160

and they were kind of trying to get out

1521

01:07:54,710 --> 01:07:52,380

of the UFO business but a bunch of

1522

01:07:57,230 --> 01:07:54,720

things happen including Washington 1952

1523

01:07:59,990 --> 01:07:57,240

siding but also this life magazine

1524

01:08:02,720 --> 01:08:00,000

article and in this article a couple of

1525

01:08:03,259 --> 01:08:02,730

the most famous astronomers at the time

1526

01:08:05,059 --> 01:08:03,269

taught the

1527

01:08:07,429 --> 01:08:05,069

about their UFO sightings and how they

1528

01:08:09,979 --> 01:08:07,439

believe that we are being visited and

1529

01:08:12,880 --> 01:08:09,989

that essentially was responsible for

1530

01:08:15,979 --> 01:08:12,890

project Bluebook starting up and that

1531

01:08:18,200 --> 01:08:15,989

this had created so much public interest

1532

01:08:20,569 --> 01:08:18,210

we have peter Sturrock who's written a

1533

01:08:23,660 --> 01:08:20,579

book and he interviewed a bunch of

1534

01:08:26,809 --> 01:08:23,670

astronomers so we have a whole history

1535

01:08:30,079 --> 01:08:26,819

here and more recently we have stories

1536

01:08:33,649 --> 01:08:30,089

like Jordan talked about project or that

1537

01:08:35,899 --> 01:08:33,659

this o mu a mu a-- object that it's the

1538

01:08:38,410 --> 01:08:35,909

first interstellar object to come into

1539

01:08:40,700 --> 01:08:38,420

our solar system and then leave and

1540

01:08:43,430 --> 01:08:40,710

there's a lot of mysterious things about

1541

01:08:45,410 --> 01:08:43,440

it moves very strangely they think this

1542

01:08:49,579 --> 01:08:45,420

is probably because of radiation from

1543

01:08:51,709 --> 01:08:49,589

the sun but in this recent Harvard study

1544

01:08:54,559 --> 01:08:51,719

that people are writing a lot about in

1545

01:08:56,509 --> 01:08:54,569

the last couple days and that is

1546

01:09:00,769 --> 01:08:56,519

actually getting published in a science

1547

01:09:03,649 --> 01:09:00,779

journal on the 16th they say that if

1548

01:09:05,839 --> 01:09:03,659

that's true the material that this thing

1549

01:09:07,490 --> 01:09:05,849

is made of is something that we do not

1550

01:09:08,089 --> 01:09:07,500

understand because it doesn't move the

1551

01:09:10,339 --> 01:09:08,099

way it should

1552

01:09:12,529 --> 01:09:10,349

so this MIT whatever it's made out of is

1553

01:09:15,349 --> 01:09:12,539

really weird and then he goes on to

1554

01:09:18,349 --> 01:09:15,359

speculate that perhaps it was sent here

1555

01:09:21,140 --> 01:09:18,359

by aliens perhaps it's a solar sail

1556

01:09:23,120 --> 01:09:21,150

being pushed by you know the heat of the

1557

01:09:25,249 --> 01:09:23,130

Sun to come in and kind of check out all

1558

01:09:27,470 --> 01:09:25,259

these different solar systems and so

1559

01:09:29,629 --> 01:09:27,480

what's interesting about that and we

1560

01:09:32,959 --> 01:09:29,639

have other instances of this more

1561

01:09:35,689 --> 01:09:32,969

recently is the astronomers themselves

1562

01:09:37,759 --> 01:09:35,699

are going to the alien answer you know

1563

01:09:39,859 --> 01:09:37,769

they're their pool in the giorgio toots

1564

01:09:43,059 --> 01:09:39,869

of glows and they're saying this might

1565

01:09:46,549 --> 01:09:43,069

be aliens and you know what it might be

1566

01:09:48,349 --> 01:09:46,559

one a sad part with o mu a mu is it's

1567

01:09:50,899 --> 01:09:48,359

now gone too far away there's no way

1568

01:09:52,749 --> 01:09:50,909

even if we wanted to go out there and

1569

01:09:55,009 --> 01:09:52,759

check it out to see what it's made of

1570

01:09:56,990 --> 01:09:55,019

there's no way we'll be able to catch it

1571

01:09:59,600 --> 01:09:57,000

we just don't have a craft that can get

1572

01:10:02,629 --> 01:09:59,610

to it and get back so we may never find

1573

01:10:03,859 --> 01:10:02,639

out what's up with that but did they

1574

01:10:05,600 --> 01:10:03,869

have any you know how a lot of times

1575

01:10:07,669 --> 01:10:05,610

they can project when something is going

1576

01:10:11,870 --> 01:10:07,679

to cycle through if this is actually

1577

01:10:13,810 --> 01:10:11,880

going you know out of the solar system

1578

01:10:16,880 --> 01:10:13,820

there's probably no way at all they can

1579

01:10:20,750 --> 01:10:16,890

understand any type of cycle with

1580

01:10:23,690 --> 01:10:20,760

exactly they it came in they were able

1581

01:10:25,700 --> 01:10:23,700

through you know scientific or

1582

01:10:28,520 --> 01:10:25,710

mathematical equations kind of figure

1583

01:10:31,130 --> 01:10:28,530

out the general area and three solar

1584

01:10:33,710 --> 01:10:31,140

systems that might have come from which

1585

01:10:36,650 --> 01:10:33,720

are very very far away and then the Sun

1586

01:10:39,230 --> 01:10:36,660

did pull it around and then it flew back

1587

01:10:43,070 --> 01:10:39,240

out in another direction but now it's

1588

01:10:45,430 --> 01:10:43,080

headed straight away from us there's no

1589

01:10:48,200 --> 01:10:45,440

indication that it'll ever be back and

1590

01:10:52,880 --> 01:10:48,210

even if it was it would we're gonna be

1591

01:10:56,300 --> 01:10:52,890

long gone at least you and I so maybe

1592

01:10:58,790 --> 01:10:56,310

the whole planet so yeah so it's just

1593

01:11:02,060 --> 01:10:58,800

come and gone and that is really

1594

01:11:04,190 --> 01:11:02,070

fascinating we have the lines open if

1595

01:11:05,870 --> 01:11:04,200

anyone wants to call in a lot of times

1596

01:11:08,240 --> 01:11:05,880

people have told me they would love to

1597

01:11:10,010 --> 01:11:08,250

ask alejandro question now's your chance

1598

01:11:16,040 --> 01:11:10,020

that number is up on the screen on

1599

01:11:17,660 --> 01:11:16,050

YouTube is 603 967 400 300 that phone

1600

01:11:20,870 --> 01:11:17,670

number is only live during the shows

1601

01:11:25,210 --> 01:11:20,880

only so people call have you ever had

1602

01:11:31,850 --> 01:11:29,300

pepsi-cola whatever this and doing that

1603

01:11:34,510 --> 01:11:31,860

I think so another question that came in

1604

01:11:37,130 --> 01:11:34,520

now in a hypothetical scenario were a

1605

01:11:42,920 --> 01:11:37,140

respected scientist had an abduction

1606

01:11:45,980 --> 01:11:42,930

experience that Travis what as science

1607

01:11:48,830 --> 01:11:45,990

had the abduction experience of Travis

1608

01:11:51,620 --> 01:11:48,840

Walton and dirt how much of an influence

1609

01:11:54,140 --> 01:11:51,630

would you think this would have within

1610

01:11:56,300 --> 01:11:54,150

the scientific community on a serious

1611

01:11:59,000 --> 01:11:56,310

study of the subject in other words if a

1612

01:12:02,240 --> 01:11:59,010

scientist himself had a Travis Walton

1613

01:12:04,400 --> 01:12:02,250

type of an experience that really has to

1614

01:12:07,000 --> 01:12:04,410

do with the personality of the person

1615

01:12:13,130 --> 01:12:07,010

basically I think that's a great

1616

01:12:17,440 --> 01:12:13,140

question and it could even speak to who

1617

01:12:20,150 --> 01:12:17,450

is having experiences and Travis Walton

1618

01:12:24,080 --> 01:12:20,160

printed into someone he lives out in

1619

01:12:26,840 --> 01:12:24,090

Arizona you know he's become friends but

1620

01:12:29,720 --> 01:12:26,850

you know I always take a skeptical look

1621

01:12:30,620 --> 01:12:29,730

at everything but I've talked with and

1622

01:12:33,640 --> 01:12:30,630

and

1623

01:12:36,229 --> 01:12:33,650

interviewed I think pretty much more of

1624

01:12:37,850 --> 01:12:36,239

the witnesses and any journalist has

1625

01:12:40,250 --> 01:12:37,860

because we've talked to the first police

1626

01:12:43,819 --> 01:12:40,260

officer I've talked to and it's also

1627

01:12:46,129 --> 01:12:43,829

partially you know Karen she worked on

1628

01:12:48,050 --> 01:12:46,139

Travis's last conference and she found

1629

01:12:49,870 --> 01:12:48,060

witnesses that hadn't spoken before and

1630

01:12:53,330 --> 01:12:49,880

they came out to the conference they

1631

01:13:02,089 --> 01:12:53,340

then came to the conference are the

1632

01:13:09,500 --> 01:13:02,099

offal Congress his everyone a full of

1633

01:13:11,899 --> 01:13:09,510

joke it's freezing up her land yeah it

1634

01:13:15,050 --> 01:13:11,909

froze again we have a caller on the line

1635

01:13:18,709 --> 01:13:15,060

can you hear me call her here come here

1636

01:13:20,180 --> 01:13:18,719

okay sorry alejandro froze up I don't

1637

01:13:22,790 --> 01:13:20,190

know what is going on this the second

1638

01:13:26,089 --> 01:13:22,800

time this has happened so we can talk

1639

01:13:28,790 --> 01:13:26,099

for a minute until he comes back

1640

01:13:33,050 --> 01:13:28,800

so you hit did you have a question

1641

01:13:34,760 --> 01:13:33,060

specifically for him or in general it's

1642

01:13:35,870 --> 01:13:34,770

a it's a question I'm just all-around

1643

01:13:37,669 --> 01:13:35,880

for both of you

1644

01:13:40,580 --> 01:13:37,679

all right well I'll take it until we get

1645

01:13:42,379 --> 01:13:40,590

him back on all right I'm Matt from

1646

01:13:45,370 --> 01:13:42,389

South Carolina but I meant to ask you

1647

01:13:48,020 --> 01:13:45,380

I'm sorry that welcome to the show and

1648

01:13:52,850 --> 01:13:48,030

and thank you thanks for thanks for the

1649

01:13:55,040 --> 01:13:52,860

call go ahead what what if you were an

1650

01:13:58,220 --> 01:13:55,050

Alejandro's take on Corey Goode and

1651
01:14:02,510 --> 01:13:58,230
David Wilcock and they're some of those

1652
01:14:04,819 --> 01:14:02,520
accusations and Corey good I think he

1653
01:14:07,370 --> 01:14:04,829
copyrighted the the term secret space

1654
01:14:09,740 --> 01:14:07,380
program or something like that right

1655
01:14:11,629 --> 01:14:09,750
yeah you know I hear a lot of

1656
01:14:15,109 --> 01:14:11,639
controversy I just don't know enough

1657
01:14:17,439 --> 01:14:15,119
about it I'm not I'm not following you

1658
01:14:20,930 --> 01:14:17,449
know basically his circle in particular

1659
01:14:22,129 --> 01:14:20,940
so I I don't really you know Alejandra

1660
01:14:25,459 --> 01:14:22,139
would probably have some more feedback

1661
01:14:28,280 --> 01:14:25,469
on that you know the secret space

1662
01:14:29,629 --> 01:14:28,290
program I'm not really sure kind of on

1663
01:14:34,520 --> 01:14:29,639

the fence about that one in particular

1664

01:14:35,990 --> 01:14:34,530

myself but what are your thoughts on it

1665

01:14:39,410 --> 01:14:36,000

seems like it's something you're looking

1666

01:14:40,930 --> 01:14:39,420

into I just think it's all a little

1667

01:14:43,900 --> 01:14:40,940

Fugazi

1668

01:14:46,600 --> 01:14:43,910

like Corey goodness not I think all

1669

01:14:48,190 --> 01:14:46,610

the blue avians Fabian's or something a

1670

01:14:50,500 --> 01:14:48,200

being people are with avian people

1671

01:14:52,600 --> 01:14:50,510

something like that it's just it's just

1672

01:14:55,180 --> 01:14:52,610

all a little too Fugazi for me I think

1673

01:14:57,280 --> 01:14:55,190

it's you know more instead of being down

1674

01:14:59,440 --> 01:14:57,290

for the truth and you know kind of

1675

01:15:01,740 --> 01:14:59,450

expose the truth there you know down for

1676

01:15:04,570 --> 01:15:01,750

more look like a cult following you know

1677

01:15:08,560 --> 01:15:04,580

uh it you know it does work it

1678

01:15:11,950 --> 01:15:08,570

definitely does work for some people the

1679

01:15:15,430 --> 01:15:11,960

end they do have an amazing following

1680

01:15:17,800 --> 01:15:15,440

and somehow it made there may be some

1681

01:15:22,750 --> 01:15:17,810

financial benefits to it I don't know

1682

01:15:25,360 --> 01:15:22,760

how that works but I'm sorry I didn't

1683

01:15:27,730 --> 01:15:25,370

mean to I know they're on another you

1684

01:15:29,710 --> 01:15:27,740

know and pretty tight with the the fade

1685

01:15:32,170 --> 01:15:29,720

to black Jamie Kurtz crowd and you know

1686

01:15:34,690 --> 01:15:32,180

all that type of stuff it's funny I saw

1687

01:15:36,430 --> 01:15:34,700

a posting about that I guess he's been

1688

01:15:40,750 --> 01:15:36,440

on there seven times or something like

1689

01:15:43,060 --> 01:15:40,760

that so yeah yeah so that there is

1690

01:15:45,640 --> 01:15:43,070

something to that you know I mean you

1691

01:15:48,460 --> 01:15:45,650

know it's it's maybe for that particular

1692

01:15:51,190 --> 01:15:48,470

reason there's a lot of listeners you

1693

01:15:52,870 --> 01:15:51,200

know for instance I know if you know

1694

01:15:57,040 --> 01:15:52,880

Stephen gray or certain people like that

1695

01:15:59,140 --> 01:15:57,050

or on some type of show on YouTube it

1696

01:16:03,160 --> 01:15:59,150

gets a lot of views there's a lot of

1697

01:16:06,370 --> 01:16:03,170

action so mmm-hmm I'm sure yeah in my

1698

01:16:10,750 --> 01:16:06,380

opinion I'm so I go ahead no no go ahead

1699

01:16:12,400 --> 01:16:10,760

I'm in a my in my opinion the best the

1700

01:16:18,400 --> 01:16:12,410

best researcher out there right now is

1701

01:16:21,880 --> 01:16:18,410

Richard Dolan he's top notch yeah yeah I

1702

01:16:24,460 --> 01:16:21,890

had Richard on a while ago out it seems

1703

01:16:25,930 --> 01:16:24,470

to know someone just broke me and said I

1704

01:16:29,980 --> 01:16:25,940

haven't been actually been following him

1705

01:16:34,090 --> 01:16:29,990

but that he has branched out into other

1706

01:16:35,800 --> 01:16:34,100

things is that are you aware of that um

1707

01:16:38,380 --> 01:16:35,810

I watched his live stream you know

1708

01:16:40,660 --> 01:16:38,390

whenever whenever I get the the the

1709

01:16:42,490 --> 01:16:40,670

message for it I'm not I'm not too

1710

01:16:44,440 --> 01:16:42,500

familiar what else he's branch the

1711

01:16:48,340 --> 01:16:44,450

audience is um everything I was is

1712

01:16:52,450 --> 01:16:48,350

filled you know UFO UFO related I see

1713

01:16:54,160 --> 01:16:52,460

now I know you know I I consider him you

1714

01:16:57,400 --> 01:16:54,170

know he's very intelligent he's really a

1715

01:17:02,050 --> 01:16:57,410

good speaker I've met him a few times

1716

01:17:04,060 --> 01:17:02,060

and he was on my show one time and it

1717

01:17:07,230 --> 01:17:04,070

does you know there a lot of he does

1718

01:17:10,180 --> 01:17:07,240

have a very strong following he also is

1719

01:17:13,360 --> 01:17:10,190

interested in you know producing books

1720

01:17:16,360 --> 01:17:13,370

to write he has a he is a publishing

1721

01:17:19,240 --> 01:17:16,370

company of some kind yes sir yes

1722

01:17:23,890 --> 01:17:19,250

interesting yeah I'm big fan of Richard

1723

01:17:24,760 --> 01:17:23,900

Dolan um Peter I have in DES he's pretty

1724

01:17:29,380 --> 01:17:24,770

good

1725

01:17:32,470 --> 01:17:29,390

the the careers the I'm not too big a

1726

01:17:33,970 --> 01:17:32,480

fan of Greer the John leaders you have

1727

01:17:36,550 --> 01:17:33,980

to take what he says with a grain of

1728

01:17:38,590 --> 01:17:36,560

salt I think I think half of what he

1729

01:17:42,940 --> 01:17:38,600

says is truthful or the other half is

1730

01:17:44,530 --> 01:17:42,950

just filler you know but yeah there's

1731

01:17:46,960 --> 01:17:44,540

there's definitely some characters in

1732

01:17:51,400 --> 01:17:46,970

the in the UFO in the US policy

1733

01:17:53,620 --> 01:17:51,410

department yeah you know it is there's

1734

01:17:57,130 --> 01:17:53,630

just you know realistically there's just

1735

01:17:59,140 --> 01:17:57,140

a very small portion of the public that

1736

01:18:02,680 --> 01:17:59,150

has an interest in this this is just a

1737

01:18:04,060 --> 01:18:02,690

little tiny tiny fragment of of the

1738

01:18:08,500 --> 01:18:04,070

public that has an interest in this

1739

01:18:11,080 --> 01:18:08,510

which I think I do get that but if you

1740

01:18:13,330 --> 01:18:11,090

know if the discovery is that there is

1741

01:18:17,440 --> 01:18:13,340

other intelligent life out there I think

1742

01:18:19,810 --> 01:18:17,450

I think there would be well I personally

1743

01:18:23,470 --> 01:18:19,820

think it's would be the most amazing

1744

01:18:25,180 --> 01:18:23,480

thing of our lifetime but yeah I just

1745

01:18:26,860 --> 01:18:25,190

think a lot more people would get

1746

01:18:30,010 --> 01:18:26,870

involved in it I think they actually

1747

01:18:32,770 --> 01:18:30,020

thought there was something to it yeah I

1748

01:18:34,420 --> 01:18:32,780

would just love before his before his

1749

01:18:36,670 --> 01:18:34,430

time ends I would love for Buzz Aldrin

1750

01:18:38,380 --> 01:18:36,680

to come clean and let us know what what

1751

01:18:40,360 --> 01:18:38,390

the hell really went on on the moon I

1752

01:18:42,910 --> 01:18:40,370

would love that that would be I mean

1753

01:18:46,660 --> 01:18:42,920

he'll II would have anything I think

1754

01:18:48,040 --> 01:18:46,670

buzzes buzzes I know I don't know for

1755

01:18:50,770 --> 01:18:48,050

sure and I don't want to starting rumors

1756

01:18:54,010 --> 01:18:50,780

but I understand his health is not so

1757

01:18:55,840 --> 01:18:54,020

good and I I don't know really much more

1758

01:18:57,790 --> 01:18:55,850

about it but I just had heard a few

1759

01:18:59,020 --> 01:18:57,800

people have told me that but I don't

1760

01:19:00,640 --> 01:18:59,030

have any first-hand

1761

01:19:04,000 --> 01:19:00,650

you know comment so that hopefully he's

1762

01:19:07,660 --> 01:19:04,010

doing okay yeah I would love for him to

1763

01:19:09,970 --> 01:19:07,670

come clean or George Bush Senior I would

1764

01:19:11,050 --> 01:19:09,980

like I mean his days you know are you

1765

01:19:15,490 --> 01:19:11,060

know

1766

01:19:17,560 --> 01:19:15,500

left probably and him being head of the

1767

01:19:19,780 --> 01:19:17,570

you know the CIA and a former president

1768

01:19:21,520 --> 01:19:19,790

he you've got to know what's going on

1769

01:19:23,020 --> 01:19:21,530

I would I would love for one of those

1770

01:19:25,480 --> 01:19:23,030

two to come clean let us know what's

1771

01:19:28,600 --> 01:19:25,490

really happened hang on just a minute

1772

01:19:29,830 --> 01:19:28,610

hang on Matt just one second here caller

1773

01:19:35,530 --> 01:19:29,840

is that would that happen to be

1774

01:19:38,770 --> 01:19:35,540

alejandro come on we have it no it's not

1775

01:19:40,710 --> 01:19:38,780

alejandro okay no well you drop again oh

1776

01:19:43,720 --> 01:19:40,720

yeah I've been trying to get it back on

1777

01:19:45,880 --> 01:19:43,730

so uh Matt I'll say goodbye to you and

1778

01:19:47,320 --> 01:19:45,890

I'll take this call and hopefully I'm

1779

01:19:49,300 --> 01:19:47,330

going to try to get to all 100 actually

1780

01:19:51,190 --> 01:19:49,310

call the number here and get them on the

1781

01:19:53,950 --> 01:19:51,200

phone at least but Matt thanks so much

1782

01:19:55,090 --> 01:19:53,960

for their long I don't love this job

1783

01:19:57,670 --> 01:19:55,100

barber all right take care

1784

01:20:01,240 --> 01:19:57,680

so new caller what's your name and where

1785

01:20:03,580 --> 01:20:01,250

you calling from my name is Jay and I'm

1786

01:20:06,160 --> 01:20:03,590

calling from Oklahoma hi Jay welcome to

1787

01:20:10,330 --> 01:20:06,170

the show and I'd like to tell everyone I

1788

01:20:14,110 --> 01:20:10,340

am no longer a believer yeah ken UFOs I

1789

01:20:18,070 --> 01:20:14,120

am now no i-i've been transformed into a

1790

01:20:20,320 --> 01:20:18,080

knower oh wow I've had an experience

1791

01:20:22,120 --> 01:20:20,330

actually laughter I was hoping Alejandro

1792

01:20:23,980 --> 01:20:22,130

would be on the line because it was I

1793

01:20:25,420 --> 01:20:23,990

was in his neck of the woods I was

1794

01:20:28,420 --> 01:20:25,430

living out in Scottsdale and North

1795

01:20:31,120 --> 01:20:28,430

Scottsdale Arizona which is fairly we

1796

01:20:32,760 --> 01:20:31,130

have some pretty good night skies and I

1797

01:20:34,810 --> 01:20:32,770

kind of wanted to get a little bit

1798

01:20:36,940 --> 01:20:34,820

different a little bit different angle

1799

01:20:37,930 --> 01:20:36,950

before I tell you my entire story it was

1800

01:20:39,490 --> 01:20:37,940

kind of interesting we were eating

1801
01:20:43,150 --> 01:20:39,500
dinner outside cuz you know Arizona is

1802
01:20:45,100 --> 01:20:43,160
nice and it was in August of 2017 and I

1803
01:20:46,600 --> 01:20:45,110
was sitting there with my girlfriend and

1804
01:20:48,700 --> 01:20:46,610
I said I really want to see something

1805
01:20:51,580 --> 01:20:48,710
definitive because you know we were we'd

1806
01:20:55,300 --> 01:20:51,590
see satellites and we would see lights

1807
01:20:57,520 --> 01:20:55,310
open up and little dot so we threw them

1808
01:20:58,960 --> 01:20:57,530
and I said I wanted to see something

1809
01:21:00,610 --> 01:20:58,970
defended it so I put that energy out

1810
01:21:03,310 --> 01:21:00,620
there I wanted these up and defend this

1811
01:21:06,370 --> 01:21:03,320
for a change and I'm I'm a former

1812
01:21:10,470 --> 01:21:06,380
military aviator and so is my girlfriend

1813
01:21:12,550 --> 01:21:10,480

and so we have what 20 years of

1814

01:21:14,140 --> 01:21:12,560

observation in the sky okay so we're not

1815

01:21:16,120 --> 01:21:14,150

just some somebody that walked outside

1816

01:21:19,510 --> 01:21:16,130

and looked up we know what we we know

1817

01:21:24,040 --> 01:21:19,520

what lies around at least from the earth

1818

01:21:24,910 --> 01:21:24,050

so about two hours later it's dark and

1819

01:21:26,890 --> 01:21:24,920

we're kind of

1820

01:21:27,970 --> 01:21:26,900

lazy and didn't want to lose lose our

1821

01:21:29,350 --> 01:21:27,980

night vision and we're pointing around

1822

01:21:31,959 --> 01:21:29,360

the night sky and I said okay we will

1823

01:21:33,340 --> 01:21:31,969

call this area two stars so we could

1824

01:21:35,860 --> 01:21:33,350

call out satellites to each other and

1825

01:21:38,620 --> 01:21:35,870

event and we looked right over at

1826

01:21:40,240 --> 01:21:38,630

Antares and I said and we're both

1827

01:21:41,950 --> 01:21:40,250

looking at the same spot and I said

1828

01:21:46,120 --> 01:21:41,960

we'll call that and then we see this

1829

01:21:48,010 --> 01:21:46,130

humongous disc and it was kind of tear

1830

01:21:50,410 --> 01:21:48,020

dropped at the end at the backside of it

1831

01:21:51,040 --> 01:21:50,420

and it basically still there yeah yeah

1832

01:21:54,640 --> 01:21:51,050

I'm listening

1833

01:21:57,640 --> 01:21:54,650

sorry story okay yeah sorry yep and we

1834

01:22:00,430 --> 01:21:57,650

see this enormous light and we could

1835

01:22:03,220 --> 01:22:00,440

actually see detail on it and then it it

1836

01:22:04,840 --> 01:22:03,230

basically it went about the length of my

1837

01:22:06,490 --> 01:22:04,850

finger holding it up into the sky so it

1838

01:22:10,600 --> 01:22:06,500

must have been really high in orbit and

1839

01:22:12,729 --> 01:22:10,610

it basically either went to war or it

1840

01:22:14,950 --> 01:22:12,739

looked more like it went to war from I

1841

01:22:16,900 --> 01:22:14,960

hate to use the analogy to Star Trek but

1842

01:22:19,510 --> 01:22:16,910

basically we saw the shimmering and it

1843

01:22:21,310 --> 01:22:19,520

disappeared and a solid line so in other

1844

01:22:23,080 --> 01:22:21,320

words it's almost like a line opened up

1845

01:22:24,910 --> 01:22:23,090

and the whole craft went when it went

1846

01:22:26,979 --> 01:22:24,920

through that line with absolutely

1847

01:22:29,410 --> 01:22:26,989

amazing and I said did you see that just

1848

01:22:31,390 --> 01:22:29,420

that I saw it so I had I had you know

1849

01:22:33,390 --> 01:22:31,400

when we're both educated not that that

1850

01:22:37,060 --> 01:22:33,400

really matters that were both sane

1851
01:22:39,900 --> 01:22:37,070
adults and it was absolutely amazing how

1852
01:22:42,520 --> 01:22:39,910
far would you think it was from you I

1853
01:22:46,180 --> 01:22:42,530
would say it was in orbit it had to been

1854
01:22:49,140 --> 01:22:46,190
absolutely enormous so this was that the

1855
01:22:53,410 --> 01:22:49,150
impression I got and any other witnesses

1856
01:22:54,130 --> 01:22:53,420
yes one other and did you actually file

1857
01:22:59,770 --> 01:22:54,140
a report

1858
01:23:01,540 --> 01:22:59,780
I actually filed it with Alejandro oh I

1859
01:23:05,169 --> 01:23:01,550
didn't receive a follow-up or anything

1860
01:23:07,660 --> 01:23:05,179
and I don't remember one I I actually

1861
01:23:11,229 --> 01:23:07,670
went right inside wrote up the whole

1862
01:23:14,669 --> 01:23:11,239
thing so I would have it and that was it

1863
01:23:17,800 --> 01:23:14,679

actually happened on August 16th of 2017

1864

01:23:19,990 --> 01:23:17,810

Wow well that's really interesting and

1865

01:23:22,090 --> 01:23:20,000

so you do you think it actually

1866

01:23:26,560 --> 01:23:22,100

change shape or do you think it just

1867

01:23:28,750 --> 01:23:26,570

actually took off I I think I think it

1868

01:23:30,220 --> 01:23:28,760

took off or went to it I got the

1869

01:23:34,180 --> 01:23:30,230

impression that it went through a portal

1870

01:23:36,010 --> 01:23:34,190

it's sped up and it was enormous and I'd

1871

01:23:38,050 --> 01:23:36,020

have to find get one of my math guys to

1872

01:23:38,770 --> 01:23:38,060

do it because it was about the size I

1873

01:23:42,520 --> 01:23:38,780

would say

1874

01:23:46,150 --> 01:23:42,530

85% of a full moon the size of it and it

1875

01:23:48,970 --> 01:23:46,160

looked way up in the sky but it was huge

1876

01:23:51,910 --> 01:23:48,980

from our vantage point and out here was

1877

01:23:53,620 --> 01:23:51,920

big it was just that at nighttime what

1878

01:23:57,370 --> 01:23:53,630

time what time of the day was it it was

1879

01:24:01,540 --> 01:23:57,380

about about 9:00 p.m. 9:00 p.m. okay

1880

01:24:03,160 --> 01:24:01,550

wow that's really fascinating and it was

1881

01:24:06,700 --> 01:24:03,170

a great experience

1882

01:24:09,910 --> 01:24:06,710

yeah how about noise was there any noise

1883

01:24:12,070 --> 01:24:09,920

factor that you're aware of none none

1884

01:24:14,590 --> 01:24:12,080

and it could have been too far away also

1885

01:24:17,530 --> 01:24:14,600

you know I mean that's another you know

1886

01:24:19,600 --> 01:24:17,540

alternative but well I got the

1887

01:24:21,130 --> 01:24:19,610

impression that it was very far away I

1888

01:24:23,140 --> 01:24:21,140

mean I got the impression that it was

1889

01:24:25,780 --> 01:24:23,150

dead within a war but that's kind of my

1890

01:24:28,750 --> 01:24:25,790

impression that I got right there so I

1891

01:24:32,020 --> 01:24:28,760

kind of got this impression and it was

1892

01:24:33,820 --> 01:24:32,030

enormous it's almost like it's almost we

1893

01:24:35,140 --> 01:24:33,830

kind of disgusted after we were like it

1894

01:24:38,020 --> 01:24:35,150

almost felt like we were being teased

1895

01:24:41,140 --> 01:24:38,030

you know like oh hey here look it up now

1896

01:24:42,730 --> 01:24:41,150

you're a believer oh I got my definitive

1897

01:24:45,520 --> 01:24:42,740

answer Wow

1898

01:24:46,540 --> 01:24:45,530

and it was absolutely amazing yeah and

1899

01:24:48,490 --> 01:24:46,550

this is actually the first time I've

1900

01:24:51,580 --> 01:24:48,500

shared it outside of that experience so

1901

01:24:54,250 --> 01:24:51,590

and writing it Alejandro oh wow

1902

01:24:57,310 --> 01:24:54,260

hopefully he's looking oh well I don't

1903

01:24:58,140 --> 01:24:57,320

know look I'm not hello hello oh there

1904

01:25:02,680 --> 01:24:58,150

he is

1905

01:25:04,050 --> 01:25:02,690

how do I go back Wow yeah sorry about

1906

01:25:08,590 --> 01:25:04,060

that

1907

01:25:11,560 --> 01:25:08,600

I've never yeah my internet just had

1908

01:25:13,420 --> 01:25:11,570

gone down and I had to restart the

1909

01:25:16,000 --> 01:25:13,430

router and I actually haven't

1910

01:25:18,970 --> 01:25:16,010

experienced that here before but it

1911

01:25:20,350 --> 01:25:18,980

happens we actually have a caller on the

1912

01:25:23,320 --> 01:25:20,360

line he was telling me a story he

1913

01:25:25,690 --> 01:25:23,330

actually sent you do you want a home and

1914

01:25:28,030 --> 01:25:25,700

don't not repeat the story completely

1915

01:25:29,100 --> 01:25:28,040

but do you want to say hi to alejandro

1916

01:25:31,780 --> 01:25:29,110

now that he's back

1917

01:25:34,030 --> 01:25:31,790

hello alejandro my name is Jay I'm

1918

01:25:36,100 --> 01:25:34,040

actually from Oklahoma but I was living

1919

01:25:38,920 --> 01:25:36,110

out in Arizona and Scottsdale last year

1920

01:25:40,510 --> 01:25:38,930

and I sent my report in to you I didn't

1921

01:25:42,280 --> 01:25:40,520

receive I don't think I receive anything

1922

01:25:44,410 --> 01:25:42,290

from you and doesn't mean you didn't get

1923

01:25:47,620 --> 01:25:44,420

it cuz I'm sure you get quite a few all

1924

01:25:50,170 --> 01:25:47,630

the time however it was right up North

1925

01:25:52,750 --> 01:25:50,180

Scottsdale right there at Cave Creek by

1926

01:25:54,850 --> 01:25:52,760

the boulders which I'm sure you could

1927

01:25:56,709 --> 01:25:54,860

around and find that location but I saw

1928

01:25:58,990 --> 01:25:56,719

something that's the night I became they

1929

01:26:00,250 --> 01:25:59,000

believe I became at nowhere instead of a

1930

01:26:02,140 --> 01:26:00,260

believer in UFOs

1931

01:26:04,600 --> 01:26:02,150

I saw something absolutely amazing up

1932

01:26:07,569 --> 01:26:04,610

there and it was a very high in the sky

1933

01:26:11,560 --> 01:26:07,579

and really changed my whole outlook on

1934

01:26:13,000 --> 01:26:11,570

it on and because it was it was so high

1935

01:26:15,370 --> 01:26:13,010

up in the sky it went about the length

1936

01:26:17,500 --> 01:26:15,380

of my finger so if you do the math and

1937

01:26:19,839 --> 01:26:17,510

it say it was 75% the size of a full

1938

01:26:23,950 --> 01:26:19,849

moon it would have to be absolutely

1939

01:26:25,839 --> 01:26:23,960

enormous and the detail on the craft we

1940

01:26:28,120 --> 01:26:25,849

could see it was basically grounded in

1941

01:26:30,430 --> 01:26:28,130

the front and the back side the back end

1942

01:26:33,220 --> 01:26:30,440

it was it was basically it was round and

1943

01:26:37,149 --> 01:26:33,230

looked round and flat but the backside

1944

01:26:39,910 --> 01:26:37,159

of it was almost like Batman wings it

1945

01:26:42,310 --> 01:26:39,920

kind of came down to a point and went up

1946

01:26:45,459 --> 01:26:42,320

into the craft and he came down into a

1947

01:26:48,850 --> 01:26:45,469

point in the middle and then came down

1948

01:26:52,779 --> 01:26:48,860

into what's what's the best that it's

1949

01:26:54,339 --> 01:26:52,789

hard to really describe that shape and I

1950

01:26:57,430 --> 01:26:54,349

could send you a photo or something or

1951

01:26:59,620 --> 01:26:57,440

send you a drawing of it however once it

1952

01:27:01,299 --> 01:26:59,630

disappeared in the solid line I mean it

1953

01:27:03,910 --> 01:27:01,309

basically it's almost like it blew

1954

01:27:05,379 --> 01:27:03,920

behind a door and so you would see it

1955

01:27:07,450 --> 01:27:05,389

you would see the whole craft disappear

1956

01:27:09,930 --> 01:27:07,460

in that line and it was shimmering on

1957

01:27:12,160 --> 01:27:09,940

the side and shimmering in front of it

1958

01:27:15,160 --> 01:27:12,170

and we saw it I would say it lasted

1959

01:27:16,600 --> 01:27:15,170

about a second half but both of us were

1960

01:27:20,500 --> 01:27:16,610

looking in that same spot because we

1961

01:27:23,319 --> 01:27:20,510

were we were actually mapping the night

1962

01:27:25,419 --> 01:27:23,329

sky to watch satellite and we were just

1963

01:27:27,939 --> 01:27:25,429

putting random names for the different

1964

01:27:30,609 --> 01:27:27,949

consolation at the ground

1965

01:27:33,189 --> 01:27:30,619

so yeah I apologize if I didn't respond

1966

01:27:37,089 --> 01:27:33,199

or anything I only am able to respond to

1967

01:27:39,399 --> 01:27:37,099

a fraction of my emails unfortunately I

1968

01:27:42,209 --> 01:27:39,409

would need I think to hire someone

1969

01:27:44,529 --> 01:27:42,219

full-time to go through all of them but

1970

01:27:46,240 --> 01:27:44,539

what I what's interesting about your

1971

01:27:48,009 --> 01:27:46,250

story and what I mean I've got

1972

01:27:50,819 --> 01:27:48,019

skin-walker on the mind so much

1973

01:27:53,500 --> 01:27:50,829

especially with Jeremy corbels movie and

1974

01:27:55,629 --> 01:27:53,510

the way you describe it you know like

1975

01:27:59,049 --> 01:27:55,639

going behind the door behind a line is

1976

01:28:00,700 --> 01:27:59,059

sort of similar to something they

1977

01:28:04,390 --> 01:28:00,710

described there where they felt they

1978

01:28:05,969 --> 01:28:04,400

were seeing like a a hole in this guy to

1979

01:28:09,359 --> 01:28:05,979

another dimension

1980

01:28:13,169 --> 01:28:09,369

and what's interesting I'm finding these

1981

01:28:15,949 --> 01:28:13,179

days is that scientists surprisingly

1982

01:28:18,449 --> 01:28:15,959

because it they can't be kind of odd but

1983

01:28:20,430 --> 01:28:18,459

because there's all this talk in science

1984

01:28:23,629 --> 01:28:20,440

around multiple dimensions and other

1985

01:28:29,009 --> 01:28:23,639

dimensions scientists seemed more

1986

01:28:33,239 --> 01:28:29,019

readily able to accept the idea that

1987

01:28:36,930 --> 01:28:33,249

we're seeing somehow holes between our

1988

01:28:39,719 --> 01:28:36,940

dimensions and others and they they feel

1989

01:28:41,330 --> 01:28:39,729

it seems like many of them like that

1990

01:28:45,750 --> 01:28:41,340

idea better than the extra-terrestrial

1991

01:28:47,520 --> 01:28:45,760

answer and sightings like yours you know

1992

01:28:51,449 --> 01:28:47,530

are kind of the reason that they believe

1993

01:28:54,209 --> 01:28:51,459

that interesting well I think you missed

1994

01:28:57,540 --> 01:28:54,219

the part that I told that had already

1995

01:28:59,310 --> 01:28:57,550

spoken that I I set out we've been we've

1996

01:29:00,719 --> 01:28:59,320

seen some things in the night sky and

1997

01:29:02,029 --> 01:29:00,729

some orbs in the house that kind of

1998

01:29:04,949 --> 01:29:02,039

thing and oh wow

1999

01:29:06,899 --> 01:29:04,959

and we this was probably about our

2000

01:29:08,489 --> 01:29:06,909

fourth occurrence but I I kind of missed

2001

01:29:10,620 --> 01:29:08,499

them this some of the other ones I would

2002

01:29:12,209 --> 01:29:10,630

see just to look over a little bit too

2003

01:29:13,469 --> 01:29:12,219

late but I actually set out why I was

2004

01:29:15,839 --> 01:29:13,479

still bright we were eating dinner

2005

01:29:18,089 --> 01:29:15,849

outside in the backyard you know like

2006

01:29:19,469 --> 01:29:18,099

people do in Arizona and I said to my

2007

01:29:20,939 --> 01:29:19,479

girlfriend I said I want to see

2008

01:29:22,560 --> 01:29:20,949

something definitive I put it out there

2009

01:29:24,359 --> 01:29:22,570

I put my intention I want to see

2010

01:29:27,330 --> 01:29:24,369

something definitive and then a couple

2011

01:29:29,609 --> 01:29:27,340

hours later my wish was granted and so I

2012

01:29:31,890 --> 01:29:29,619

don't know this might be more of a Linda

2013

01:29:34,259 --> 01:29:31,900

Moulton Howe thing but it's it's putting

2014

01:29:38,069 --> 01:29:34,269

that intention out there and it's not

2015

01:29:41,129 --> 01:29:38,079

like this overwhelming desire to have

2016

01:29:44,910 --> 01:29:41,139

that experience but I had been into

2017

01:29:46,890 --> 01:29:44,920

ufology throughout the years off and on

2018

01:29:50,399 --> 01:29:46,900

and I would say I'm fairly well versed

2019

01:29:53,069 --> 01:29:50,409

in in it and I'm former military aviator

2020

01:29:54,899 --> 01:29:53,079

so with my girlfriend and so we know

2021

01:29:57,600 --> 01:29:54,909

what we know what aircraft look like

2022

01:29:59,399 --> 01:29:57,610

that are known to the public so we're

2023

01:30:01,859 --> 01:29:59,409

not just some but somebody going oh my

2024

01:30:05,310 --> 01:30:01,869

god I told them you know it's a it's

2025

01:30:09,239 --> 01:30:05,320

it's for Mars or something that's

2026

01:30:14,219 --> 01:30:09,249

important now I have one of my sightings

2027

01:30:16,589 --> 01:30:14,229

we did do a like a she said II type of

2028

01:30:18,870 --> 01:30:16,599

protocol where we're in tensioning

2029

01:30:19,950 --> 01:30:18,880

sending intention to however the

2030

01:30:21,540 --> 01:30:19,960

majority of Scott

2031

01:30:24,000 --> 01:30:21,550

watches have gone - with other UFO

2032

01:30:26,400 --> 01:30:24,010

people people have sent intentions out

2033

01:30:31,200 --> 01:30:26,410

and the majority there isn't something

2034

01:30:33,720 --> 01:30:31,210

however one interesting sighting I did

2035

01:30:35,280 --> 01:30:33,730

have was with a friend she came in to

2036

01:30:37,470 --> 01:30:35,290

move on and she became a really good

2037

01:30:40,260 --> 01:30:37,480

friend of mine but she said I see these

2038

01:30:42,000 --> 01:30:40,270

white orbs all the time and and I was

2039

01:30:43,860 --> 01:30:42,010

like you know we were all like yeah sure

2040

01:30:47,340 --> 01:30:43,870

but I took her seriously cuz she seemed

2041

01:30:49,890 --> 01:30:47,350

really intelligent and we kind of hit it

2042

01:30:51,900 --> 01:30:49,900

off she was really funny and so she's

2043

01:30:55,560 --> 01:30:51,910

like we'll come on over and we'll hang

2044

01:30:57,810 --> 01:30:55,570

out and we'll see I'll show you if you

2045

01:30:59,370 --> 01:30:57,820

know we could sky watch mm-hmm but she

2046

01:31:00,990 --> 01:30:59,380

didn't sky watch like the rest of us you

2047

01:31:03,300 --> 01:31:01,000

know you sky watch you go outside and

2048

01:31:05,490 --> 01:31:03,310

you watch this guy know she wanted to

2049

01:31:07,050 --> 01:31:05,500

talk and we hung out and she were just

2050

01:31:09,690 --> 01:31:07,060

talked about UFOs and stuff and she's

2051
01:31:10,140 --> 01:31:09,700
like we should go outside and I'm like

2052
01:31:11,640 --> 01:31:10,150
really

2053
01:31:14,760 --> 01:31:11,650
and she's like yeah I kind of get a

2054
01:31:17,280 --> 01:31:14,770
feeling and I'm like all right so we go

2055
01:31:20,220 --> 01:31:17,290
outside and it's we sit down onto these

2056
01:31:22,440 --> 01:31:20,230
loungers that she has it's probably ten

2057
01:31:24,270 --> 01:31:22,450
minutes before she's like look there's

2058
01:31:26,670 --> 01:31:24,280
one over there and there was you know

2059
01:31:29,910 --> 01:31:26,680
one of these it was like a little white

2060
01:31:31,830 --> 01:31:29,920
light during the day and it faded out it

2061
01:31:35,040 --> 01:31:31,840
reappeared somewhere else it kind of

2062
01:31:38,750 --> 01:31:35,050
moved and then faded out again which was

2063
01:31:42,900 --> 01:31:38,760

similar to what he had videotaped and

2064

01:31:45,209 --> 01:31:42,910

she just seemed to be one of those

2065

01:31:48,630 --> 01:31:45,219

people that and she felt she had other

2066

01:31:50,220 --> 01:31:48,640

experiences and at the time I was really

2067

01:31:52,770 --> 01:31:50,230

skeptical with people who felt they had

2068

01:31:54,180 --> 01:31:52,780

alien experiences but especially being

2069

01:31:57,180 --> 01:31:54,190

part of move on I had more and more

2070

01:31:58,500 --> 01:31:57,190

people come up and say you know and

2071

01:32:00,930 --> 01:31:58,510

they're very timid

2072

01:32:02,940 --> 01:32:00,940

and luckily they felt comfortable enough

2073

01:32:05,490 --> 01:32:02,950

to share that with me their experience

2074

01:32:07,920 --> 01:32:05,500

and then I became friends with dr. Leo

2075

01:32:09,209 --> 01:32:07,930

sprinkle and sometimes I'd take people

2076

01:32:11,160 --> 01:32:09,219

out there he was the only one I really

2077

01:32:13,100 --> 01:32:11,170

trusted because he was an actual you

2078

01:32:16,560 --> 01:32:13,110

know PhD and he worked at a university

2079

01:32:21,510 --> 01:32:16,570

as part for part of a he had it up part

2080

01:32:23,280 --> 01:32:21,520

of the psychology department and I don't

2081

01:32:25,140 --> 01:32:23,290

know even to this day I don't know what

2082

01:32:28,709 --> 01:32:25,150

to make of that stuff but it really

2083

01:32:30,240 --> 01:32:28,719

opened my mind to who knows there's a

2084

01:32:31,800 --> 01:32:30,250

lot of people that report and a lot of

2085

01:32:33,479 --> 01:32:31,810

people say this that's absolutely

2086

01:32:35,850 --> 01:32:33,489

ridiculous that Allah

2087

01:32:38,220 --> 01:32:35,860

of people report seeing something off in

2088

01:32:42,120 --> 01:32:38,230

the far distance and as soon as they see

2089

01:32:44,189 --> 01:32:42,130

it it moves towards them and you know

2090

01:32:45,750 --> 01:32:44,199

people especially scientific minded even

2091

01:32:48,000 --> 01:32:45,760

in this field are like that's ridiculous

2092

01:32:51,779 --> 01:32:48,010

there's no way they could have had an

2093

01:32:53,879 --> 01:32:51,789

effect but why not I mean I you know I I

2094

01:32:56,609 --> 01:32:53,889

love the arthur c clarke saying you know

2095

01:32:58,950 --> 01:32:56,619

any sufficiently advanced technology is

2096

01:33:02,310 --> 01:32:58,960

going to look like magic that to those

2097

01:33:03,810 --> 01:33:02,320

in who don't understand it and so just

2098

01:33:08,189 --> 01:33:03,820

because we don't understand it doesn't

2099

01:33:11,640 --> 01:33:08,199

mean it's not possible that somehow you

2100

01:33:13,560 --> 01:33:11,650

know by sending our intentions or

2101

01:33:15,120 --> 01:33:13,570

attention in a certain direction doesn't

2102

01:33:18,390 --> 01:33:15,130

have an effect on something that we're

2103

01:33:21,060 --> 01:33:18,400

observing so yeah i don't know it's it's

2104

01:33:23,370 --> 01:33:21,070

really interesting thanks for calling in

2105

01:33:27,209 --> 01:33:23,380

i apologize i wasn't able to get back to

2106

01:33:28,560 --> 01:33:27,219

you but it's fascinating exciting hey i

2107

01:33:30,359 --> 01:33:28,570

love the show and i love i love

2108

01:33:31,589 --> 01:33:30,369

following both of your activities

2109

01:33:34,680 --> 01:33:31,599

alright thank you

2110

01:33:36,750 --> 01:33:34,690

yeah well thanks again for the call all

2111

01:33:39,180 --> 01:33:36,760

right sure bye all right bye

2112

01:33:41,609 --> 01:33:39,190

so we do have the line open that's up on

2113

01:33:45,720 --> 01:33:41,619

the screen on youtube anyone can call

2114

01:33:48,209 --> 01:33:45,730

603 9 6 7 403 Oh someone else had called

2115

01:33:51,479 --> 01:33:48,219

in earlier we chatted for a bit Matt

2116

01:33:54,600 --> 01:33:51,489

from I think was North Carolina I

2117

01:33:56,520 --> 01:33:54,610

believe anyway he wanted to know what

2118

01:33:59,759 --> 01:33:56,530

your thoughts were on Corey good but we

2119

01:34:00,899 --> 01:33:59,769

really don't have to go there unless you

2120

01:34:02,790 --> 01:34:00,909

wanted to talk about that

2121

01:34:06,149 --> 01:34:02,800

otherwise I'm I do have another question

2122

01:34:08,549 --> 01:34:06,159

that came in I'll just very quickly say

2123

01:34:11,810 --> 01:34:08,559

I still find it dubious I don't see any

2124

01:34:14,700 --> 01:34:11,820

I personally don't find I see anything

2125

01:34:18,720 --> 01:34:14,710

really substantial that proves that

2126
01:34:21,600 --> 01:34:18,730
story to me and there are at least one

2127
01:34:24,209 --> 01:34:21,610
red flag in that the the marketing

2128
01:34:27,959 --> 01:34:24,219
aspect of his website and everything I

2129
01:34:29,759 --> 01:34:27,969
just personally it doesn't seem like if

2130
01:34:32,250 --> 01:34:29,769
we really had a whistleblower what they

2131
01:34:34,379 --> 01:34:32,260
have this you know polished kind of

2132
01:34:38,089 --> 01:34:34,389
website up with all this information and

2133
01:34:42,719 --> 01:34:38,099
have this whole marketing engine rolling

2134
01:34:44,219 --> 01:34:42,729
that to me doesn't sound but I don't

2135
01:34:46,710 --> 01:34:44,229
know well that's a really good point

2136
01:34:47,790 --> 01:34:46,720
that makes

2137
01:34:51,090 --> 01:34:47,800
I never thought of that but you

2138
01:34:53,250 --> 01:34:51,100

absolutely that that kind of goes

2139

01:34:56,160 --> 01:34:53,260

totally against the grain of anyone that

2140

01:35:00,240 --> 01:34:56,170

would be supposedly you know secretly

2141

01:35:02,610 --> 01:35:00,250

coming out for sure all right the

2142

01:35:05,010 --> 01:35:02,620

question that came in from Carrie again

2143

01:35:07,110 --> 01:35:05,020

is do you think the public's reaction

2144

01:35:09,840 --> 01:35:07,120

would be blase to a major announcement

2145

01:35:12,510 --> 01:35:09,850

regarding extraterrestrial life as we

2146

01:35:16,560 --> 01:35:12,520

seem to have such a short attention span

2147

01:35:20,100 --> 01:35:16,570

these days I love that probably and I

2148

01:35:25,830 --> 01:35:20,110

think that you know Lou Elizondo feels

2149

01:35:28,590 --> 01:35:25,840

that he was the harbinger of disclosure

2150

01:35:30,780 --> 01:35:28,600

he believes that disclosure happened

2151

01:35:35,460 --> 01:35:30,790

when that New York Times story came out

2152

01:35:37,200 --> 01:35:35,470

and which is mostly based on largely

2153

01:35:39,090 --> 01:35:37,210

based on what he said but like I said

2154

01:35:42,920 --> 01:35:39,100

there were other sources so other people

2155

01:35:45,450 --> 01:35:42,930

had come out too he feels that was

2156

01:35:50,190 --> 01:35:45,460

disclosure of what the government has

2157

01:35:52,380 --> 01:35:50,200

done and knows about UFOs and I don't

2158

01:35:55,440 --> 01:35:52,390

know if that's true he even admits that

2159

01:35:57,840 --> 01:35:55,450

it's possible that there were things

2160

01:35:59,640 --> 01:35:57,850

going on he was not aware of but he

2161

01:36:02,040 --> 01:35:59,650

doesn't think so just because of all the

2162

01:36:04,020 --> 01:36:02,050

pushback he got which kind of fits along

2163

01:36:06,300 --> 01:36:04,030

lines of John Alexander the colonel from

2164

01:36:07,980 --> 01:36:06,310

the Army who says he really looked for

2165

01:36:11,580 --> 01:36:07,990

where's the secret project and didn't

2166

01:36:14,370 --> 01:36:11,590

find any he looked before elizondo's

2167

01:36:17,880 --> 01:36:14,380

program but at the same time you know

2168

01:36:19,680 --> 01:36:17,890

Alexander interfaced with Bigelow and

2169

01:36:22,170 --> 01:36:19,690

helped Bigelow establish a lot of his

2170

01:36:24,060 --> 01:36:22,180

investigations and Alexander didn't know

2171

01:36:26,400 --> 01:36:24,070

about this Pentagon program until

2172

01:36:29,490 --> 01:36:26,410

December of and and he shared that with

2173

01:36:32,310 --> 01:36:29,500

me on my podcast so he was an insider

2174

01:36:33,660 --> 01:36:32,320

and he didn't know so that's an example

2175

01:36:37,290 --> 01:36:33,670

there could be something they didn't

2176

01:36:39,750 --> 01:36:37,300

know but the fact remains that that

2177

01:36:41,670 --> 01:36:39,760

that's it's a pretty major disclosure

2178

01:36:44,040 --> 01:36:41,680

that the government had the secret

2179

01:36:47,190 --> 01:36:44,050

program where they spend ten two million

2180

01:36:49,140 --> 01:36:47,200

dollars investigating UFOs and to the

2181

01:36:51,300 --> 01:36:49,150

paranormal and that part hasn't even

2182

01:36:54,270 --> 01:36:51,310

really sunk in with people and people

2183

01:36:56,610 --> 01:36:54,280

are like oh interesting I mean even the

2184

01:36:58,470 --> 01:36:56,620

people I share all the details with you

2185

01:37:00,660 --> 01:36:58,480

know in the general public are like hmm

2186

01:37:02,610 --> 01:37:00,670

that makes sense you know

2187

01:37:05,430 --> 01:37:02,620

and so they do seem to be pretty blasé

2188

01:37:08,100 --> 01:37:05,440

about that aspect and a lot of these

2189

01:37:10,410 --> 01:37:08,110

people are assuming that means the

2190

01:37:12,210 --> 01:37:10,420

government was investigating aliens now

2191

01:37:13,670 --> 01:37:12,220

Alessandra says no these we don't know

2192

01:37:16,410 --> 01:37:13,680

what they were or where they came from

2193

01:37:19,020 --> 01:37:16,420

but even those who assume it means

2194

01:37:21,630 --> 01:37:19,030

aliens are like ah yeah I figured that

2195

01:37:23,670 --> 01:37:21,640

was the case so it I think you're right

2196

01:37:25,800 --> 01:37:23,680

I think people would be pretty blasé

2197

01:37:27,360 --> 01:37:25,810

there's an anime like this and it's

2198

01:37:29,610 --> 01:37:27,370

really funny because there's this one

2199

01:37:30,930 --> 01:37:29,620

kid and he's the only one that shot you

2200

01:37:32,400 --> 01:37:30,940

know that we just found out there's

2201

01:37:34,650 --> 01:37:32,410

aliens coming to the planet and

2202

01:37:39,060 --> 01:37:34,660

everybody else is like and they just go

2203

01:37:41,490 --> 01:37:39,070

on with their life so yeah maybe I think

2204

01:37:43,110 --> 01:37:41,500

that they it may be less impactful than

2205

01:37:45,810 --> 01:37:43,120

we think we're actually gonna have a

2206

01:37:48,180 --> 01:37:45,820

panel regarding this with myself Jason

2207

01:37:51,060 --> 01:37:48,190

McClellan Richard Dolan and Steven

2208

01:37:53,250 --> 01:37:51,070

Bassett at alien convex weekend oh great

2209

01:37:55,560 --> 01:37:53,260

well I don't know did you happen to

2210

01:37:58,080 --> 01:37:55,570

watch the recent it's a recent movie

2211

01:38:01,170 --> 01:37:58,090

called UFO that's the only title of it

2212

01:38:03,440 --> 01:38:01,180

no I didn't see that movie I think I had

2213

01:38:07,400 --> 01:38:03,450

Gillian Anderson and it's right yeah

2214

01:38:10,500 --> 01:38:07,410

anyway I watched that and you know it's

2215

01:38:12,210 --> 01:38:10,510

if you if you follow the UFO field you'd

2216

01:38:14,100 --> 01:38:12,220

be thinking all the way through that

2217

01:38:15,780 --> 01:38:14,110

like oh this is ridiculous this is

2218

01:38:18,030 --> 01:38:15,790

ridiculous because they're making such a

2219

01:38:20,300 --> 01:38:18,040

big deal and and chasing this guy down

2220

01:38:22,530 --> 01:38:20,310

just for you know some information

2221

01:38:24,900 --> 01:38:22,540

mathematical information on the UFO and

2222

01:38:26,280 --> 01:38:24,910

all that and so you know I don't want to

2223

01:38:28,440 --> 01:38:26,290

give the movie way for anyone that

2224

01:38:30,330 --> 01:38:28,450

hasn't watched it but basically the only

2225

01:38:33,270 --> 01:38:30,340

way the whole thing ties it in and makes

2226

01:38:35,790 --> 01:38:33,280

sense is the very end but until that

2227

01:38:37,950 --> 01:38:35,800

time someone in the field like you or me

2228

01:38:39,480 --> 01:38:37,960

would be just thinking oh my god that's

2229

01:38:41,280 --> 01:38:39,490

way overboard way overboard and then

2230

01:38:45,960 --> 01:38:41,290

very end it makes it makes total sense

2231

01:38:48,210 --> 01:38:45,970

but times up yeah it was pretty good

2232

01:38:51,600 --> 01:38:48,220

it was pretty semi thumbs up but you

2233

01:38:53,850 --> 01:38:51,610

know the the interesting part about it

2234

01:38:56,370 --> 01:38:53,860

is you know this kid is like totally

2235

01:38:57,810 --> 01:38:56,380

fascinated and totally into it like this

2236

01:38:59,430 --> 01:38:57,820

is really you know the most amazing

2237

01:39:03,420 --> 01:38:59,440

thing but everyone around him it's like

2238

01:39:07,230 --> 01:39:03,430

you know like okay enough enough but I

2239

01:39:09,840 --> 01:39:07,240

do think you know the Pentagon thing was

2240

01:39:14,129 --> 01:39:09,850

you're right it's not saying aliens per

2241

01:39:16,109 --> 01:39:14,139

se but if it actually came out that

2242

01:39:17,520 --> 01:39:16,119

we had a hundred percent evidence that

2243

01:39:20,700 --> 01:39:17,530

there's intelligent life out there I

2244

01:39:22,830 --> 01:39:20,710

think it I think it's a big deal but how

2245

01:39:24,689 --> 01:39:22,840

many other people may not you know the

2246

01:39:26,399 --> 01:39:24,699

average person out there that doesn't

2247

01:39:28,740 --> 01:39:26,409

really care that much about you know

2248

01:39:31,649 --> 01:39:28,750

space in general or anything else you

2249

01:39:32,390 --> 01:39:31,659

know may just think that so what won't

2250

01:39:35,850 --> 01:39:32,400

change anything

2251

01:39:37,649 --> 01:39:35,860

well I may be a nerd I flipped about the

2252

01:39:39,570 --> 01:39:37,659

New York Times story I mean I thought

2253

01:39:41,820 --> 01:39:39,580

that was a big deal and even to the

2254

01:39:43,140 --> 01:39:41,830

stars when Tom announced that and

2255

01:39:46,530 --> 01:39:43,150

everything all the people he was talking

2256

01:39:48,479 --> 01:39:46,540

to I thought that was a big deal to me

2257

01:39:52,169 --> 01:39:48,489

that was one of the most exciting things

2258

01:39:57,180 --> 01:39:52,179

ever to happen but even people in this

2259

01:40:00,120 --> 01:39:57,190

field they're like oh well it is

2260

01:40:02,580 --> 01:40:00,130

something and there is so much news of I

2261

01:40:04,979 --> 01:40:02,590

mean there's so much information coming

2262

01:40:06,540 --> 01:40:04,989

at us all the time and then I learn more

2263

01:40:08,609 --> 01:40:06,550

and more and then you know everyone has

2264

01:40:11,490 --> 01:40:08,619

a smartphone and there's all types of

2265

01:40:13,950 --> 01:40:11,500

you know info coming at you and that

2266

01:40:17,070 --> 01:40:13,960

just makes everyone's attention span in

2267

01:40:18,959 --> 01:40:17,080

general short and you know the news if

2268

01:40:20,820 --> 01:40:18,969

you're watching the news over the last

2269

01:40:22,979 --> 01:40:20,830

few years you know it's like so much

2270

01:40:27,000 --> 01:40:22,989

coming in all at once and then a major

2271

01:40:28,560 --> 01:40:27,010

story is like nothing I can see you know

2272

01:40:30,270 --> 01:40:28,570

a story with like a millennial start

2273

01:40:32,790 --> 01:40:30,280

them on their phone they're there

2274

01:40:36,240 --> 01:40:32,800

waiting for the subway they get in the

2275

01:40:38,010 --> 01:40:36,250

subway they sit down they look up and

2276

01:40:41,939 --> 01:40:38,020

it's an alien sitting next to him and

2277

01:40:47,640 --> 01:40:41,949

they're like hmm figures you know maybe

2278

01:40:50,459 --> 01:40:47,650

yeah yeah can do a selfie okay another

2279

01:40:53,220 --> 01:40:50,469

question came in who do you consider an

2280

01:40:59,030 --> 01:40:53,230

unsung hero in the field of ufology

2281

01:41:02,040 --> 01:40:59,040

today you know some of my biggest heroes

2282

01:41:04,709 --> 01:41:02,050

I guess I would say and I would put it

2283

01:41:06,899 --> 01:41:04,719

that way uh Nick Pope I think is one I

2284

01:41:12,270 --> 01:41:06,909

think that you know was with these

2285

01:41:14,129 --> 01:41:12,280

people like Nick Pope he didn't imagine

2286

01:41:16,890 --> 01:41:14,139

you're working for the government the

2287

01:41:19,560 --> 01:41:16,900

the Ministry of Defense or in our case

2288

01:41:21,720 --> 01:41:19,570

that the Defense Department kind of like

2289

01:41:24,810 --> 01:41:21,730

Lou Elizondo Lou Elizondo is a new Nick

2290

01:41:26,430 --> 01:41:24,820

Pope who is also a hero of mine and you

2291

01:41:27,959 --> 01:41:26,440

know all of a sudden you get put on this

2292

01:41:31,020 --> 01:41:27,969

UFO project and you're like

2293

01:41:32,700 --> 01:41:31,030

this is stupid and you know do you go

2294

01:41:35,310 --> 01:41:32,710

through your paces even if you're like

2295

01:41:37,560 --> 01:41:35,320

wow there's some real stuff here would

2296

01:41:40,170 --> 01:41:37,570

you be willing would you want to like

2297

01:41:41,880 --> 01:41:40,180

share that information and damage your

2298

01:41:45,660 --> 01:41:41,890

friendships or potentially with your

2299

01:41:47,760 --> 01:41:45,670

friends and your colleagues you know I

2300

01:41:49,530 --> 01:41:47,770

think that's really brave of these guys

2301

01:41:53,490 --> 01:41:49,540

to come out and to share this and to

2302

01:41:55,410 --> 01:41:53,500

really push this topic forward so I'm

2303

01:41:59,010 --> 01:41:55,420

really into them some of the other

2304

01:42:01,920 --> 01:41:59,020

people of course you know Heineken and

2305

01:42:05,100 --> 01:42:01,930

Jacques valet is his partner Jacques

2306

01:42:08,580 --> 01:42:05,110

valet for instance is a scientist he's a

2307

01:42:11,939 --> 01:42:08,590

venture capitalist he works in the

2308

01:42:13,860 --> 01:42:11,949

highest circle the highest echelon much

2309

01:42:17,189 --> 01:42:13,870

like a lot of the people with to the

2310

01:42:19,170 --> 01:42:17,199

stars you know Chris Mellon who's part

2311

01:42:21,030 --> 01:42:19,180

of the melon family yeah

2312

01:42:25,550 --> 01:42:21,040

and also what you had him on the show

2313

01:42:31,560 --> 01:42:25,560

and you're one of the few people and he

2314

01:42:33,000 --> 01:42:31,570

you know worked at the you know for the

2315

01:42:35,910 --> 01:42:33,010

White House and all of these things

2316

01:42:38,700 --> 01:42:35,920

comments - yeah yeah a Department of

2317

01:42:40,590 --> 01:42:38,710

Defense all of these people who put

2318

01:42:42,920 --> 01:42:40,600

their reputations on the line and I

2319

01:42:46,350 --> 01:42:42,930

think it's difficult for some of us to

2320

01:42:48,990 --> 01:42:46,360

kind of quantify or understand what a

2321

01:42:50,910 --> 01:42:49,000

big deal that is because the higher you

2322

01:42:54,110 --> 01:42:50,920

get especially in sciences and things

2323

01:42:57,810 --> 01:42:54,120

like that the more you know your

2324

01:42:59,670 --> 01:42:57,820

reputation is really important that you

2325

01:43:01,650 --> 01:42:59,680

have to guard it in order to get funding

2326

01:43:03,780 --> 01:43:01,660

or in order to get you know your

2327

01:43:06,000 --> 01:43:03,790

projects push through and and these

2328

01:43:08,070 --> 01:43:06,010

things to happen and so it's really

2329

01:43:11,130 --> 01:43:08,080

brave of these people Bigelow it's

2330

01:43:15,300 --> 01:43:11,140

really brave of them the people who have

2331

01:43:19,910 --> 01:43:15,310

a lot are putting more on the line and I

2332

01:43:23,400 --> 01:43:19,920

I really admire them and then I'm also a

2333

01:43:25,950 --> 01:43:23,410

humongous fan of george knapp of course

2334

01:43:28,290 --> 01:43:25,960

being a journalist he's won tons of

2335

01:43:32,189 --> 01:43:28,300

awards I love the way he tells stories

2336

01:43:35,939 --> 01:43:32,199

he tells stories in a unique but concise

2337

01:43:39,360 --> 01:43:35,949

and entertaining an educational

2338

01:43:41,550 --> 01:43:39,370

informative way and he's a big hero of

2339

01:43:44,190 --> 01:43:41,560

mine I think he's great

2340

01:43:47,790 --> 01:43:44,200

so yeah those are those are some of my

2341

01:43:51,030 --> 01:43:47,800

heroes Leslie Kane is a huge hero of

2342

01:43:53,730 --> 01:43:51,040

mine I mean she's typically her stories

2343

01:43:58,530 --> 01:43:53,740

get so much attention because she is

2344

01:44:00,210 --> 01:43:58,540

very very very careful yeah more so than

2345

01:44:02,390 --> 01:44:00,220

a lot of these guys who have more on the

2346

01:44:06,480 --> 01:44:02,400

line about the credibility factor

2347

01:44:09,480 --> 01:44:06,490

because she and it shows it pays off her

2348

01:44:13,100 --> 01:44:09,490

book is a New York Times best seller the

2349

01:44:15,420 --> 01:44:13,110

story she writes get tons of attention

2350

01:44:17,820 --> 01:44:15,430

including the New York Times story that

2351

01:44:20,190 --> 01:44:17,830

she was one of the authors of so she's

2352

01:44:22,400 --> 01:44:20,200

definitely another big fan of mine and I

2353

01:44:24,960 --> 01:44:22,410

do appreciate a lot of the other fringe

2354

01:44:27,960 --> 01:44:24,970

people who are considered fringe and

2355

01:44:30,300 --> 01:44:27,970

even in the UFO field someone mentioned

2356

01:44:32,340 --> 01:44:30,310

Linda Moulton Howe which certainly as I

2357

01:44:34,500 --> 01:44:32,350

would consider on the fringe end and I

2358

01:44:36,690 --> 01:44:34,510

don't mean that in a bad way at all

2359

01:44:39,630 --> 01:44:36,700

but for instance I was just you know

2360

01:44:42,330 --> 01:44:39,640

there's information about this material

2361

01:44:45,600 --> 01:44:42,340

that to the stars is analyzing and the

2362

01:44:48,510 --> 01:44:45,610

best history on that material I think is

2363

01:44:50,760 --> 01:44:48,520

at Linda house site so she's done you

2364

01:44:55,470 --> 01:44:50,770

know a tremendous amount of work out

2365

01:44:57,120 --> 01:44:55,480

there so even if I don't I don't know

2366

01:44:58,920 --> 01:44:57,130

totally agree with anybody not George

2367

01:45:00,960 --> 01:44:58,930

Knapp not anybody and they don't agree

2368

01:45:04,050 --> 01:45:00,970

totally with me nobody two people

2369

01:45:06,360 --> 01:45:04,060

totally agree on everything but we need

2370

01:45:10,170 --> 01:45:06,370

to respect each other and respect all of

2371

01:45:12,240 --> 01:45:10,180

our contributions and and I try to and I

2372

01:45:14,760 --> 01:45:12,250

really truly do respect the

2373

01:45:17,670 --> 01:45:14,770

contributions of a lot of people out

2374

01:45:19,920 --> 01:45:17,680

there in this field who are genuinely

2375

01:45:23,670 --> 01:45:19,930

looking for information to share with

2376

01:45:27,140 --> 01:45:23,680

the public so where do you think you

2377

01:45:30,330 --> 01:45:27,150

follow gee is is heading at this point

2378

01:45:32,970 --> 01:45:30,340

ufology I think is in a really kind of

2379

01:45:35,970 --> 01:45:32,980

strange crossroads right now personally

2380

01:45:39,840 --> 01:45:35,980

I feel I feel there's this tug there's

2381

01:45:43,110 --> 01:45:39,850

this tug too we have an unusual and

2382

01:45:47,730 --> 01:45:43,120

unprecedented opportunity right now to

2383

01:45:52,680 --> 01:45:47,740

really engage and interact with and

2384

01:45:54,930 --> 01:45:52,690

effectively kind of infiltrate the the

2385

01:45:58,620 --> 01:45:54,940

mainstream in science

2386

01:46:02,100 --> 01:45:58,630

in media at very many levels in

2387

01:46:05,820 --> 01:46:02,110

government and this is all happening at

2388

01:46:09,200 --> 01:46:05,830

the same time there are there

2389

01:46:11,910 --> 01:46:09,210

speculation and and strongly held

2390

01:46:14,610 --> 01:46:11,920

worldviews that are kind of taking

2391

01:46:17,010 --> 01:46:14,620

people in another direction and that

2392

01:46:18,780 --> 01:46:17,020

even includes religion George Knapp and

2393

01:46:21,090 --> 01:46:18,790

Louise Elizondo have written about how

2394

01:46:22,800 --> 01:46:21,100

religious factions inside of the

2395

01:46:25,020 --> 01:46:22,810

government were really responsible

2396

01:46:28,410 --> 01:46:25,030

because they thought UFOs and paranormal

2397

01:46:30,030 --> 01:46:28,420

we demonic for getting a lot of that

2398

01:46:32,520 --> 01:46:30,040

funding taken away in fact Louise

2399

01:46:34,590 --> 01:46:32,530

Elizondo said his predecessor his career

2400

01:46:35,939 --> 01:46:34,600

was ruined by these people even though

2401

01:46:38,370 --> 01:46:35,949

some of these people were his really

2402

01:46:41,610 --> 01:46:38,380

close friends so I think that's kind of

2403

01:46:45,450 --> 01:46:41,620

the crossroads were at and I'm certainly

2404

01:46:47,970 --> 01:46:45,460

hitching my wagon on on this mainstream

2405

01:46:49,680 --> 01:46:47,980

side because you know mainstream science

2406

01:46:52,020 --> 01:46:49,690

and journalism is where I'm at and I'd

2407

01:46:54,420 --> 01:46:52,030

love it and I think it's it's it's

2408

01:47:00,060 --> 01:46:54,430

really fun for me to be able to

2409

01:47:02,340 --> 01:47:00,070

interview a an astronaut like Scott

2410

01:47:04,740 --> 01:47:02,350

Kelly and you know probably the most

2411

01:47:06,720 --> 01:47:04,750

famous astronaut at this moment and and

2412

01:47:08,220 --> 01:47:06,730

to be able to bring up UFOs with them

2413

01:47:09,900 --> 01:47:08,230

and I could say well the Pentagon have

2414

01:47:11,880 --> 01:47:09,910

this UFO program what do you think of

2415

01:47:14,280 --> 01:47:11,890

that you know it's it's a unique

2416

01:47:17,580 --> 01:47:14,290

opportunity where I can you know bring

2417

01:47:20,630 --> 01:47:17,590

these interests and not feel as you know

2418

01:47:23,850 --> 01:47:20,640

scared or worried about doing that and

2419

01:47:25,620 --> 01:47:23,860

it this conversation is reaching other

2420

01:47:28,200 --> 01:47:25,630

levels I think some people kind of like

2421

01:47:30,930 --> 01:47:28,210

you know being in Mission having our own

2422

01:47:32,760 --> 01:47:30,940

thing but I'm I'm really loving and I

2423

01:47:36,930 --> 01:47:32,770

know George Knapp has really expressed

2424

01:47:39,959 --> 01:47:36,940

this that he is basking in this newfound

2425

01:47:43,500 --> 01:47:39,969

interest among the general public into

2426

01:47:46,380 --> 01:47:43,510

this topic and a credible I being put to

2427

01:47:49,320 --> 01:47:46,390

all of this and I agree with that it's a

2428

01:47:52,110 --> 01:47:49,330

it's an incredible time not just for

2429

01:47:54,560 --> 01:47:52,120

UFOs but for space in general we may be

2430

01:47:58,170 --> 01:47:54,570

going to Mars within the next ten years

2431

01:48:01,500 --> 01:47:58,180

we may have space tourism happening as

2432

01:48:03,930 --> 01:48:01,510

soon as next year and these are all some

2433

01:48:07,020 --> 01:48:03,940

of this stuff I write about and I think

2434

01:48:08,729 --> 01:48:07,030

this is a really exciting time and and

2435

01:48:11,040 --> 01:48:08,739

yeah and so it's

2436

01:48:14,069 --> 01:48:11,050

really fun to share all of this so now

2437

01:48:17,339 --> 01:48:14,079

you're on your blogger on den of geeks

2438

01:48:21,569 --> 01:48:17,349

which is one of the one of the top I

2439

01:48:23,609 --> 01:48:21,579

forget how many writer longer that yeah

2440

01:48:29,129 --> 01:48:23,619

writer I'm sorry you're a journalist

2441

01:48:32,040 --> 01:48:29,139

yeah so how how has that how are they

2442

01:48:36,029 --> 01:48:32,050

receiving your articles you know some of

2443

01:48:37,290 --> 01:48:36,039

them are space and stop doing that some

2444

01:48:39,209 --> 01:48:37,300

of their were space related and stuff

2445

01:48:41,790 --> 01:48:39,219

like that but how are they handling the

2446

01:48:46,020 --> 01:48:41,800

UFO articles over there do they get some

2447

01:48:49,739 --> 01:48:46,030

good reads they do my first UFO article

2448

01:48:52,589 --> 01:48:49,749

got huge reads I think might Scott

2449

01:48:56,250 --> 01:48:52,599

telling one asking about UFOs and aliens

2450

01:48:58,620 --> 01:48:56,260

was was a really big one for them

2451
01:48:59,549 --> 01:48:58,630
which is great because I know that even

2452
01:49:01,970 --> 01:48:59,559
though they write about sci-fi

2453
01:49:04,979 --> 01:49:01,980
entertainment that's their main deal

2454
01:49:06,959 --> 01:49:04,989
that they were a little hesitant to kind

2455
01:49:11,220 --> 01:49:06,969
of dip their toes in the in the UFO

2456
01:49:13,649 --> 01:49:11,230
water but and I think that some of it

2457
01:49:18,540 --> 01:49:13,659
was influenced at least by those of the

2458
01:49:20,850 --> 01:49:18,550
more worried about it was well the the

2459
01:49:22,770 --> 01:49:20,860
to the star stuff and also this new

2460
01:49:25,379 --> 01:49:22,780
History Channel show coming up Project

2461
01:49:26,669 --> 01:49:25,389
Blue Book so that's helped in fact I'm

2462
01:49:29,390 --> 01:49:26,679
going to be able to watch the first

2463
01:49:31,739 --> 01:49:29,400

couple episodes of this next week

2464

01:49:34,649 --> 01:49:31,749

there's a special History Channel

2465

01:49:38,819 --> 01:49:34,659

pre-screening in fact if you live in

2466

01:49:40,620 --> 01:49:38,829

Arizona email Phoenix MUFON or myself

2467

01:49:43,680 --> 01:49:40,630

try to get a hold of us and we can

2468

01:49:45,629 --> 01:49:43,690

probably get you into a screening all

2469

01:49:47,160 --> 01:49:45,639

right and because there's that they're

2470

01:49:49,470 --> 01:49:47,170

trying to they're telling us and bike

2471

01:49:53,939 --> 01:49:49,480

whoever we want well I just got a jello

2472

01:49:55,350 --> 01:49:53,949

from Sam moranto our friend and saying

2473

01:49:57,450 --> 01:49:55,360

are you gonna come out I go out to

2474

01:49:59,220 --> 01:49:57,460

Chicago a bit here and there and he said

2475

01:50:01,319 --> 01:49:59,230

have you happen to be here on the 14th

2476

01:50:03,720 --> 01:50:01,329

and so they're doing a screening out

2477

01:50:06,750 --> 01:50:03,730

there as well so that's really exciting

2478

01:50:08,989 --> 01:50:06,760

that's helped but there are also some

2479

01:50:11,939 --> 01:50:08,999

people at denim peak that are very very

2480

01:50:16,890 --> 01:50:11,949

enthusiastic about this topic so they're

2481

01:50:19,950 --> 01:50:16,900

loving it too so it's it's been it's

2482

01:50:21,899 --> 01:50:19,960

been really great they liked it but of

2483

01:50:22,720 --> 01:50:21,909

course what's funny and I get more

2484

01:50:24,850 --> 01:50:22,730

scrutiny

2485

01:50:26,740 --> 01:50:24,860

then a geek than I do did at Huffington

2486

01:50:28,360 --> 01:50:26,750

Post not to say that they're saying oh

2487

01:50:30,820 --> 01:50:28,370

you can't print this but they're saying

2488

01:50:32,680 --> 01:50:30,830

you know they want to make sure that

2489

01:50:34,990 --> 01:50:32,690

it's very credible essentially they

2490

01:50:37,510 --> 01:50:35,000

don't want their reputation Smerch they

2491

01:50:39,640 --> 01:50:37,520

don't want to look like a tabloid so I

2492

01:50:41,770 --> 01:50:39,650

have to even be more careful so I don't

2493

01:50:43,450 --> 01:50:41,780

write as many UFO stories because of

2494

01:50:45,310 --> 01:50:43,460

that at but that allows me the

2495

01:50:49,150 --> 01:50:45,320

opportunity to write a lot more space

2496

01:50:52,120 --> 01:50:49,160

stories and I love space stories right

2497

01:50:56,620 --> 01:50:52,130

right I've always have had a fascination

2498

01:50:58,479 --> 01:50:56,630

myself do you think do you think in in

2499

01:51:00,760 --> 01:50:58,489

recent years you know people talk about

2500

01:51:03,340 --> 01:51:00,770

there hasn't been any really big like

2501
01:51:06,100 --> 01:51:03,350
UFO story but when it comes to like the

2502
01:51:09,400 --> 01:51:06,110
Nimitz do the Nimitz UFO do you think

2503
01:51:10,630 --> 01:51:09,410
that is you know I think I think it's

2504
01:51:13,150 --> 01:51:10,640
incredible story but what are your

2505
01:51:14,860 --> 01:51:13,160
thoughts on that as far as it's more or

2506
01:51:19,030 --> 01:51:14,870
less a newer UFO story I know it was

2507
01:51:20,920 --> 01:51:19,040
2004 but it's 2004 but we only we had

2508
01:51:25,840 --> 01:51:20,930
little bits and pieces of information

2509
01:51:28,630 --> 01:51:25,850
that were dripped out for many years and

2510
01:51:30,640 --> 01:51:28,640
now we've gotten a whole mother lode of

2511
01:51:32,229 --> 01:51:30,650
interest well I shouldn't say the mother

2512
01:51:33,520 --> 01:51:32,239
lode it feels like the mother lode

2513
01:51:35,350 --> 01:51:33,530

because it's a lot more than we've had

2514

01:51:39,280 --> 01:51:35,360

before and a lot more than we've had for

2515

01:51:41,530 --> 01:51:39,290

a lot of UFO cases although we know and

2516

01:51:44,410 --> 01:51:41,540

Lewis even said this at Lassonde that

2517

01:51:46,360 --> 01:51:44,420

there's a lot more information that is

2518

01:51:50,440 --> 01:51:46,370

still locked up and give her files about

2519

01:51:52,660 --> 01:51:50,450

this case and other similar cases you

2520

01:51:55,990 --> 01:51:52,670

know he alludes to that there are a lot

2521

01:51:57,940 --> 01:51:56,000

of cases like the Nimitz but they're

2522

01:52:02,200 --> 01:51:57,950

just not releasing that information and

2523

01:52:03,850 --> 01:52:02,210

he's not at liberty to share so I love

2524

01:52:09,250 --> 01:52:03,860

the name I think the Nimitz case is

2525

01:52:13,330 --> 01:52:09,260

extraordinary we have radar we have and

2526

01:52:17,590 --> 01:52:13,340

then we have witnesses observations we

2527

01:52:20,550 --> 01:52:17,600

have a tiny bit of video and the video

2528

01:52:23,650 --> 01:52:20,560

yeah and tiny bit of video but the

2529

01:52:25,479 --> 01:52:23,660

witness testimony when it comes to like

2530

01:52:27,520 --> 01:52:25,489

a court of law there's a big difference

2531

01:52:30,250 --> 01:52:27,530

between a regular witness and an expert

2532

01:52:32,860 --> 01:52:30,260

witness and in this case we really have

2533

01:52:34,840 --> 01:52:32,870

expert witnesses even in science that's

2534

01:52:36,669 --> 01:52:34,850

important the person who asked earlier

2535

01:52:38,890 --> 01:52:36,679

you know would it be a big deal of

2536

01:52:41,470 --> 01:52:38,900

scientists was abducted it would be a

2537

01:52:43,899 --> 01:52:41,480

much huger deal it would be if Carl

2538

01:52:47,320 --> 01:52:43,909

Sagan was abducted he was so extremely

2539

01:52:50,500 --> 01:52:47,330

well respected that if he shared his

2540

01:52:52,930 --> 01:52:50,510

experience it certainly would convince a

2541

01:52:55,990 --> 01:52:52,940

lot of people a lot of the really

2542

01:52:59,649 --> 01:52:56,000

hardened skeptics no but that I think

2543

01:53:02,320 --> 01:52:59,659

would be the minority so when we have

2544

01:53:05,290 --> 01:53:02,330

david flavor the commander of this wing

2545

01:53:08,410 --> 01:53:05,300

coming on to CNN fox news all of them

2546

01:53:11,229 --> 01:53:08,420

and talking about his experiences yeah i

2547

01:53:13,419 --> 01:53:11,239

think that that is a very big deal

2548

01:53:15,669 --> 01:53:13,429

really phoenix likes is very well known

2549

01:53:18,010 --> 01:53:15,679

out here in Arizona and across the world

2550

01:53:21,100 --> 01:53:18,020

but and in Roswell of course is

2551
01:53:24,340 --> 01:53:21,110
well-known but we have better data and

2552
01:53:26,800 --> 01:53:24,350
information on the Nimitz case than any

2553
01:53:28,810 --> 01:53:26,810
of the most famous cases really except

2554
01:53:31,000 --> 01:53:28,820
for maybe Rendlesham because we have so

2555
01:53:33,970 --> 01:53:31,010
many military witnesses in that case as

2556
01:53:37,270 --> 01:53:33,980
well but and you know some radar data

2557
01:53:38,979 --> 01:53:37,280
and everything too so yeah I think Nimitz

2558
01:53:41,410 --> 01:53:38,989
is is an extraordinary and very

2559
01:53:43,120 --> 01:53:41,420
important case we only have a couple

2560
01:53:47,500 --> 01:53:43,130
minutes left just over been and a half

2561
01:53:50,110 --> 01:53:47,510
or so but I wanted to I mean well what

2562
01:53:52,090 --> 01:53:50,120
you just said they probably have cases

2563
01:53:54,280 --> 01:53:52,100

more more cases like the Nimitz wouldn't

2564

01:53:55,870 --> 01:53:54,290

that be so interesting to have the

2565

01:53:57,910 --> 01:53:55,880

inside story wouldn't that be so

2566

01:54:01,030 --> 01:53:57,920

interesting to know what these people

2567

01:54:03,160 --> 01:54:01,040

know yeah and I think when I get the

2568

01:54:05,169 --> 01:54:03,170

sense you know when when especially with

2569

01:54:07,660 --> 01:54:05,179

your we're talking face to face with

2570

01:54:10,450 --> 01:54:07,670

Louise and he's kind of relaxed that he

2571

01:54:11,979 --> 01:54:10,460

wants to share so badly but he's just

2572

01:54:14,770 --> 01:54:11,989

got to take a breath once in a while and

2573

01:54:17,500 --> 01:54:14,780

he's like oh man he says brother brother

2574

01:54:19,930 --> 01:54:17,510

if you knew oh brother cuz he likes that

2575

01:54:24,459 --> 01:54:19,940

term you know brother military guys use

2576

01:54:27,850 --> 01:54:24,469

that a lot so yeah Band of Brothers so

2577

01:54:29,830 --> 01:54:27,860

yeah I would I would love to know even

2578

01:54:33,669 --> 01:54:29,840

Nick Pope has some stuff that he can't

2579

01:54:36,070 --> 01:54:33,679

share due to his oath of secrecy to the

2580

01:54:38,770 --> 01:54:36,080

UK government one question I asked is

2581

01:54:41,110 --> 01:54:38,780

have you ever breached the Royals on any

2582

01:54:43,000 --> 01:54:41,120

of this and he said I'm not at liberty

2583

01:54:46,479 --> 01:54:43,010

to talk about that this is that

2584

01:54:49,750 --> 01:54:46,489

something yeah yeah that's like saying

2585

01:54:50,479 --> 01:54:49,760

yes exactly I said well you kind of

2586

01:54:52,609 --> 01:54:50,489

answered my

2587

01:54:55,399 --> 01:54:52,619

and he said well take it as you do you

2588

01:54:57,830 --> 01:54:55,409

wish yeah yeah alejandra so we got just

2589

01:54:59,209 --> 01:54:57,840

like a minute here can you you quickly

2590

01:54:59,899 --> 01:54:59,219

talk about what you do on Thursday

2591

01:55:04,310 --> 01:54:59,909

nights

2592

01:55:07,009 --> 01:55:04,320

oh yeah Thursday I do UFOs seriously

2593

01:55:08,270 --> 01:55:07,019

live so I talk about essentially the

2594

01:55:09,890 --> 01:55:08,280

week I talk about what I've written

2595

01:55:11,779 --> 01:55:09,900

about including some of the space stuff

2596

01:55:14,359 --> 01:55:11,789

and everything and then I also go over

2597

01:55:17,720 --> 01:55:14,369

the news the UFO news of the week and so

2598

01:55:19,160 --> 01:55:17,730

we go story by story and you know some

2599

01:55:21,350 --> 01:55:19,170

people will know at open minds I used to

2600

01:55:23,359 --> 01:55:21,360

do daily UFO headlines don't have time

2601
01:55:25,069 --> 01:55:23,369
for that so I do the weekly but what's

2602
01:55:27,620 --> 01:55:25,079
fascinating and people don't realize is

2603
01:55:30,770 --> 01:55:27,630
there's a lot of UFO news every single

2604
01:55:33,379 --> 01:55:30,780
week I always have a lot in fact I have

2605
01:55:36,290 --> 01:55:33,389
a hard time keeping the show down to an

2606
01:55:38,810 --> 01:55:36,300
hour it's even caught up to you know two

2607
01:55:40,790 --> 01:55:38,820
hours at times but it's a lot of fun and

2608
01:55:43,489 --> 01:55:40,800
then I also answer questions in the chat

2609
01:55:44,870 --> 01:55:43,499
like you do here yeah yeah I've joined

2610
01:55:46,489 --> 01:55:44,880
in a couple times over there it's a lot

2611
01:55:49,549 --> 01:55:46,499
of fun Alejandro thanks so much we're

2612
01:55:51,979 --> 01:55:49,559
out of time in my pleasure always a lot

2613
01:55:53,359 --> 01:55:51,989

of fun talking to you thanks man you too

2614

01:55:55,640 --> 01:55:53,369

all right and we'll talk to you next

2615

01:55:57,979 --> 01:55:55,650

week of the regular news and half hour

2616

01:56:00,319 --> 01:55:57,989

right weekend yeah I'll be back to the

2617

01:56:03,560 --> 01:56:00,329

news dude all right have a great time

2618

01:56:05,450 --> 01:56:03,570

this weekend thanks man all right okay

2619

01:56:07,609 --> 01:56:05,460

everyone so that's it for the show

2620

01:56:10,939 --> 01:56:07,619

thanks so much for listening we'll be

2621

01:56:13,700 --> 01:56:10,949

back next week with ray Stanford should

2622

01:56:15,379 --> 01:56:13,710

be an interesting show and again thanks

2623

01:56:17,629 --> 01:56:15,389

so much for listening I really
