

TERRY LOVELACE

1
00:00:04,970 --> 00:00:02,419
I'm gonna do a retake hello everyone and

2
00:00:07,579 --> 00:00:04,980
welcome to the show this is Martin

3
00:00:09,650 --> 00:00:07,589
Willis I'm your host and we have a fun

4
00:00:12,980 --> 00:00:09,660
show for you this evening we have a

5
00:00:15,110 --> 00:00:12,990
Terry Lovelace now Terry has a very

6
00:00:19,580 --> 00:00:15,120
interesting story incident at Devil's

7
00:00:21,890 --> 00:00:19,590
Den and he was a long time lawyer and a

8
00:00:23,660 --> 00:00:21,900
former assistant attorney general and

9
00:00:26,060 --> 00:00:23,670
with quite a story

10
00:00:29,120 --> 00:00:26,070
he's going to be telling and before that

11
00:00:32,780 --> 00:00:29,130
we have Alejandro Rojas coming up with

12
00:00:34,549 --> 00:00:32,790
you FL updates and I want to thank

13
00:00:36,979 --> 00:00:34,559

everyone that helps out with this show

14

00:00:39,860 --> 00:00:36,989

without that help I couldn't do the show

15

00:00:41,540 --> 00:00:39,870

and anyone can help if they like and you

16

00:00:43,700 --> 00:00:41,550

can check out our website we do have

17

00:00:46,340 --> 00:00:43,710

some blogs on there it's also connected

18

00:00:47,720 --> 00:00:46,350

to our Facebook page there's active

19

00:00:50,630 --> 00:00:47,730

posts on there every day

20

00:00:52,459 --> 00:00:50,640

PEGI takes care of that about 23,000

21

00:00:54,170 --> 00:00:52,469

people are active I don't know if

22

00:00:57,410 --> 00:00:54,180

they're active but they have access to

23

00:00:59,689 --> 00:00:57,420

it that's a liked page so check that out

24

00:01:02,389 --> 00:00:59,699

again there's stories every day up there

25

00:01:04,700 --> 00:01:02,399

on Facebook we get occasional blogs we

26
00:01:07,010 --> 00:01:04,710
have a guest blogger at podcast UFO calm

27
00:01:10,039 --> 00:01:07,020
you can check that out as well alright

28
00:01:13,550 --> 00:01:10,049
Alejandro welcome to the show thank you

29
00:01:15,679 --> 00:01:13,560
sir and like I said on your show the

30
00:01:19,300 --> 00:01:15,689
other day it's my favorite time of year

31
00:01:29,210 --> 00:01:19,310
I love Thanksgiving it's the most

32
00:01:31,190 --> 00:01:29,220
wonderful time of the yes and surely

33
00:01:32,810 --> 00:01:31,200
Christmas not necessarily turkey day

34
00:01:35,840 --> 00:01:32,820
which I like to call it because that's

35
00:01:39,499 --> 00:01:35,850
when you meat eaters like to consume

36
00:01:42,020 --> 00:01:39,509
Turkey and everybody assumes a

37
00:01:43,730 --> 00:01:42,030
vegetarian are eating tofurkey but this

38
00:01:45,920 --> 00:01:43,740

is a vegetarian who doesn't like

39

00:01:49,340 --> 00:01:45,930

tofurkey so much I don't even like

40

00:01:50,899 --> 00:01:49,350

Bennett I know it sounds gross well you

41

00:01:53,450 --> 00:01:50,909

know yes it's such a fun time of year

42

00:01:55,819 --> 00:01:53,460

your song is appropriate in a way

43

00:01:56,330 --> 00:01:55,829

because I've been shoveling snow for two

44

00:01:59,719 --> 00:01:56,340

days

45

00:02:01,760 --> 00:01:59,729

Wow really a ton of snow it's very rare

46

00:02:04,609 --> 00:02:01,770

to have snow before Christmas hmm or

47

00:02:07,310 --> 00:02:04,619

it's occasional in Maine but yeah we're

48

00:02:10,279 --> 00:02:07,320

at were clobbered party yeah Wow here a

49

00:02:12,740 --> 00:02:10,289

few times it's been chilly here I've had

50

00:02:16,910 --> 00:02:12,750

to put on my

51
00:02:19,730 --> 00:02:16,920
we go hoodie yeah so and not the thick

52
00:02:21,800 --> 00:02:19,740
one yeah and we do have thick alien

53
00:02:23,570 --> 00:02:21,810
hoodies at the UFO congress.com I get

54
00:02:25,700 --> 00:02:23,580
the thin one we have thin ones at our

55
00:02:28,130 --> 00:02:25,710
t-shirt not quite ready for the thick

56
00:02:30,620 --> 00:02:28,140
one but yeah I've had to put on a hoodie

57
00:02:32,930 --> 00:02:30,630
I weep for you Bridget

58
00:02:34,520 --> 00:02:32,940
Wow terrible but it's nice this is

59
00:02:37,580 --> 00:02:34,530
perfect hot tub weather and I know

60
00:02:39,770 --> 00:02:37,590
you're a hot tub enthusiast yeah and of

61
00:02:41,090 --> 00:02:39,780
course that's when people have UFO

62
00:02:43,040 --> 00:02:41,100
sightings that's right they're hanging

63
00:02:45,920 --> 00:02:43,050

out in their hot tubs and you've had

64

00:02:49,280 --> 00:02:45,930

your own encounters at the in your hot

65

00:02:52,430 --> 00:02:49,290

tub you know also not just that but you

66

00:02:54,650 --> 00:02:52,440

know meteors you turn that beautiful

67

00:02:57,470 --> 00:02:54,660

when whenever there's meteor showers

68

00:02:59,630 --> 00:02:57,480

it's wonderful to sit in the hot tub and

69

00:03:02,150 --> 00:02:59,640

watch that satellites you see a bunch of

70

00:03:04,190 --> 00:03:02,160

them you know going up very slowly

71

00:03:06,500 --> 00:03:04,200

across the sky and right reflecting

72

00:03:08,990 --> 00:03:06,510

light from the Sun it's all good stuff I

73

00:03:11,180 --> 00:03:09,000

love well you know a lot of times people

74

00:03:14,150 --> 00:03:11,190

ask how do you see a UFO where do you go

75

00:03:16,280 --> 00:03:14,160

and I just tell people go outside and

76
00:03:17,870 --> 00:03:16,290
look up and of course you're not always

77
00:03:19,580 --> 00:03:17,880
gonna see something anomalous but you

78
00:03:22,430 --> 00:03:19,590
will see some wonderful things you'll

79
00:03:25,310 --> 00:03:22,440
see shooting stars you can see them any

80
00:03:27,500 --> 00:03:25,320
night satellites you can see any night

81
00:03:31,280 --> 00:03:27,510
and then once in a while you'll see some

82
00:03:33,440 --> 00:03:31,290
spectacular object so for instance the

83
00:03:35,000 --> 00:03:33,450
spinning like the Iridium flares those

84
00:03:37,070 --> 00:03:35,010
are really cool to see that's when all

85
00:03:38,870 --> 00:03:37,080
of a sudden you see this bright flash in

86
00:03:42,410 --> 00:03:38,880
the sky and then there'll be another one

87
00:03:43,850 --> 00:03:42,420
later or the large meteorites or space

88
00:03:46,759 --> 00:03:43,860

junk when they come into the atmosphere

89

00:03:49,490 --> 00:03:46,769

they break up and they'll flare I've

90

00:03:51,259 --> 00:03:49,500

seen them flare where they light up and

91

00:03:53,150 --> 00:03:51,269

they usually make the juice when this

92

00:03:56,090 --> 00:03:53,160

happens where it lights up the entire

93

00:03:57,710 --> 00:03:56,100

sky like it's daylight so yeah you just

94

00:04:00,110 --> 00:03:57,720

got to go outside and look and you can

95

00:04:04,520 --> 00:04:00,120

see spectacular things every night you

96

00:04:08,420 --> 00:04:04,530

know I was 22 years old the first time

97

00:04:10,670 --> 00:04:08,430

that the first time I saw a meteor that

98

00:04:13,819 --> 00:04:10,680

really I remember I lived in Colorado at

99

00:04:16,640 --> 00:04:13,829

the time and Longmont Colorado

100

00:04:19,250 --> 00:04:16,650

and I remember going out at night and

101
00:04:21,620 --> 00:04:19,260
just laying down in this lake playground

102
00:04:24,020 --> 00:04:21,630
or someplace where there was benches and

103
00:04:26,850 --> 00:04:24,030
stuff just to watch the stars and I I

104
00:04:29,040 --> 00:04:26,860
was determined to see one and fine

105
00:04:30,750 --> 00:04:29,050
I saw one and I was freezing it was cold

106
00:04:32,640 --> 00:04:30,760
and yeah okay then I went home and

107
00:04:33,240 --> 00:04:32,650
saying that's gonna have to see him all

108
00:04:37,110 --> 00:04:33,250
the time

109
00:04:38,760 --> 00:04:37,120
yeah there's been extraordinary ones as

110
00:04:41,460 --> 00:04:38,770
well some fireballs a lot of people are

111
00:04:43,590 --> 00:04:41,470
reporting there have been and in fact I

112
00:04:44,909 --> 00:04:43,600
got an article I believe it was

113
00:04:47,790 --> 00:04:44,919

somewhere in the UK where they caught

114

00:04:50,310 --> 00:04:47,800

some really cool pictures of some that

115

00:04:53,400 --> 00:04:50,320

people can go check out and of course

116

00:04:56,310 --> 00:04:53,410

we've got the Irish UFO encounter that

117

00:04:58,620 --> 00:04:56,320

happened a few weeks ago and that was in

118

00:05:00,990 --> 00:04:58,630

the news quite a bit in the last week

119

00:05:03,030 --> 00:05:01,000

and some people are speculating that

120

00:05:04,710 --> 00:05:03,040

might have been a meteorite or you know

121

00:05:07,860 --> 00:05:04,720

sometimes they can skip off the

122

00:05:11,129 --> 00:05:07,870

atmosphere but of course some of the

123

00:05:12,870 --> 00:05:11,139

pilots that you can listen to report

124

00:05:14,430 --> 00:05:12,880

something a little more strange than

125

00:05:16,980 --> 00:05:14,440

that so it could have been something

126

00:05:20,370 --> 00:05:16,990

more odd but that's under investigation

127

00:05:22,260 --> 00:05:20,380

there in Ireland and they say they're

128

00:05:24,480 --> 00:05:22,270

not going to share this investigation

129

00:05:26,010 --> 00:05:24,490

because it's confidential but because

130

00:05:28,469 --> 00:05:26,020

it's gotten so much press I have a

131

00:05:29,520 --> 00:05:28,479

feeling they're gonna share something so

132

00:05:31,770 --> 00:05:29,530

we'll see what happens

133

00:05:33,150 --> 00:05:31,780

yeah yeah well of course it'll be a

134

00:05:38,400 --> 00:05:33,160

government cover-up what else do they do

135

00:05:40,290 --> 00:05:38,410

right yeah so which just to speak for a

136

00:05:43,350 --> 00:05:40,300

second on this I'm gonna write a preview

137

00:05:46,140 --> 00:05:43,360

for den of geek but I got to go to the

138

00:05:47,700 --> 00:05:46,150

pre-screening and did you go to one of

139

00:05:50,520 --> 00:05:47,710

the pre screenings for Project Blue Book

140

00:05:52,379 --> 00:05:50,530

no no no I just heard about it yeah cuz

141

00:05:53,820 --> 00:05:52,389

our mutual friend out there in Chicago

142

00:05:56,550 --> 00:05:53,830

Sam moranto

143

00:05:57,600 --> 00:05:56,560

of MUFON out there they had one and they

144

00:06:00,020 --> 00:05:57,610

had the big one because that's

145

00:06:06,659 --> 00:06:00,030

essentially where the TV show is based

146

00:06:09,480 --> 00:06:06,669

because J Allen Hynek you know that's

147

00:06:10,800 --> 00:06:09,490

where he was but wright-patterson Air

148

00:06:14,850 --> 00:06:10,810

Force Base is where Blue Book was

149

00:06:17,190 --> 00:06:14,860

headquartered so in Dayton Ohio so in

150

00:06:19,409 --> 00:06:17,200

the area and so that's why the Chicago

151
00:06:24,300 --> 00:06:19,419
one was a big one and in fact Paul Hynek

152
00:06:26,310 --> 00:06:24,310
J Allen Hynek son was in attendance

153
00:06:29,700 --> 00:06:26,320
there and was part of a forum he also

154
00:06:32,159 --> 00:06:29,710
was at alien Con and that that was a lot

155
00:06:35,279 --> 00:06:32,169
of fun I was able to when I did my talk

156
00:06:37,649 --> 00:06:35,289
on Spielberg I talked a lot about J

157
00:06:39,240 --> 00:06:37,659
Allen Hynek and then this whole you know

158
00:06:40,200 --> 00:06:39,250
very professional-looking gentleman

159
00:06:43,680 --> 00:06:40,210
comes up and he says how

160
00:06:45,540 --> 00:06:43,690
oh I'm Paul Hynek so he was hynix son

161
00:06:48,779 --> 00:06:45,550
and said thank you so much for all the

162
00:06:50,909 --> 00:06:48,789
kind words for my about my father so he

163
00:06:52,559 --> 00:06:50,919

has been involved with promoting this

164

00:06:56,520 --> 00:06:52,569

project Bluebook show because the main

165

00:06:58,589 --> 00:06:56,530

character is J Allen Hynek and Aidan

166

00:06:59,249 --> 00:06:58,599

Gillen he played Littlefoot on Game of

167

00:07:01,800 --> 00:06:59,259

Thrones

168

00:07:06,480 --> 00:07:01,810

he's great I mean he's he's just a great

169

00:07:08,760 --> 00:07:06,490

actor and he's a fun character so the it

170

00:07:11,760 --> 00:07:08,770

was it was a lot of fun now so Spanish

171

00:07:15,150 --> 00:07:11,770

accent not in the show he's doing an

172

00:07:17,070 --> 00:07:15,160

he's doing an American accent although

173

00:07:20,279 --> 00:07:17,080

you're right I think he is an English

174

00:07:23,010 --> 00:07:20,289

actor but it was a really good show I

175

00:07:25,409 --> 00:07:23,020

mean it's fun and exciting to see

176

00:07:27,629 --> 00:07:25,419

Project Blue Book portrayed in a

177

00:07:29,909 --> 00:07:27,639

somewhat accurate way I mean there are

178

00:07:32,640 --> 00:07:29,919

bits and pieces that they mess with so

179

00:07:35,820 --> 00:07:32,650

for instance Blue Book started in 1952

180

00:07:38,760 --> 00:07:35,830

and in the show that's when Hynek joined

181

00:07:40,230 --> 00:07:38,770

to the air force looking for UFOs one of

182

00:07:43,469 --> 00:07:40,240

the other things he does is coin the

183

00:07:45,510 --> 00:07:43,479

phrase UFO those are not completely

184

00:07:48,510 --> 00:07:45,520

accurate portrayals so Hynek actually

185

00:07:51,060 --> 00:07:48,520

started with project sign the first Air

186

00:07:53,730 --> 00:07:51,070

Force UFO investigation that which

187

00:07:56,490 --> 00:07:53,740

started in 1947 and then was there for

188

00:08:00,209 --> 00:07:56,500

project grudge and then all Project Blue

189

00:08:02,310 --> 00:08:00,219

Book which ran from 52 to 69 so they

190

00:08:03,779 --> 00:08:02,320

kind of tweak that a little bit also the

191

00:08:06,330 --> 00:08:03,789

coin the term

192

00:08:09,300 --> 00:08:06,340

UFO was coined by the Air Force but it

193

00:08:12,390 --> 00:08:09,310

was coined by Colonel Roop who ran Blue

194

00:08:14,430 --> 00:08:12,400

Book and so that wasn't at the right

195

00:08:16,080 --> 00:08:14,440

time frame but it wasn't Hynek but he

196

00:08:18,600 --> 00:08:16,090

was one of the first to use it since he

197

00:08:20,640 --> 00:08:18,610

was part of the program so little things

198

00:08:22,200 --> 00:08:20,650

like that however they're real cases

199

00:08:24,689 --> 00:08:22,210

that they're looking into they're

200

00:08:28,490 --> 00:08:24,699

dramatized of course but the CG that

201
00:08:31,620 --> 00:08:28,500
they use the CGI is really good so it's

202
00:08:35,250 --> 00:08:31,630
spectacular looking and it kind of has

203
00:08:38,069 --> 00:08:35,260
more of a period drama feel than

204
00:08:39,779 --> 00:08:38,079
necessarily the x-files I think a lot of

205
00:08:42,779 --> 00:08:39,789
us were expecting you know this to be

206
00:08:45,000 --> 00:08:42,789
kind of an x-files rebut reboot but it

207
00:08:47,850 --> 00:08:45,010
almost feels like if you saw the series

208
00:08:50,790 --> 00:08:47,860
dark skies from our friend Bryce Zabel

209
00:08:52,920 --> 00:08:50,800
it kind of feels like a mix of x-files

210
00:08:54,120 --> 00:08:52,930
and dark skies together because they get

211
00:08:57,570 --> 00:08:54,130
into more

212
00:08:58,470 --> 00:08:57,580
conspiracy type of things but it was a

213
00:09:00,510 --> 00:08:58,480

lot of fun

214

00:09:02,250 --> 00:09:00,520

they kind of mixed it together to two

215

00:09:04,530 --> 00:09:02,260

first episodes and as to what we got to

216

00:09:07,530 --> 00:09:04,540

see in this pre-screening and the next

217

00:09:10,100 --> 00:09:07,540

episode that they were advertising is on

218

00:09:12,090 --> 00:09:10,110

the flatwoods monster case which is in a

219

00:09:14,040 --> 00:09:12,100

extraordinary case and it looks like

220

00:09:16,770 --> 00:09:14,050

it's gonna be a really exciting episode

221

00:09:17,280 --> 00:09:16,780

also Wow yeah that's the that's the

222

00:09:19,830 --> 00:09:17,290

weird

223

00:09:21,960 --> 00:09:19,840

some people think may possibly a robot

224

00:09:25,230 --> 00:09:21,970

in like twelve and twelve feet tall and

225

00:09:27,180 --> 00:09:25,240

all that very strange very strange and

226

00:09:30,390 --> 00:09:27,190

very strange encounter and what's

227

00:09:31,950 --> 00:09:30,400

interesting about these encounters you

228

00:09:33,570 --> 00:09:31,960

know I just interviewed Calvin Parker so

229

00:09:36,330 --> 00:09:33,580

a few he's been out he had this

230

00:09:38,430 --> 00:09:36,340

encounter in 1973 in Pascagoula

231

00:09:40,770 --> 00:09:38,440

Mississippi but what's interesting about

232

00:09:43,860 --> 00:09:40,780

these early encounters is that they're

233

00:09:45,900 --> 00:09:43,870

they don't fit a mold so much as we hear

234

00:09:48,390 --> 00:09:45,910

these days you know it's always the grey

235

00:09:49,860 --> 00:09:48,400

aliens with the big eyes they always

236

00:09:52,230 --> 00:09:49,870

thought they talked about in the past

237

00:09:55,140 --> 00:09:52,240

just much stranger creatures like this

238

00:09:57,240 --> 00:09:55,150

which robot type of thing and the

239

00:09:59,610 --> 00:09:57,250

flatwoods monster or the Pascagoula

240

00:10:02,430 --> 00:09:59,620

incident they they saw something much

241

00:10:05,520 --> 00:10:02,440

stranger at least say their account is

242

00:10:07,110 --> 00:10:05,530

that they saw something odd and in the

243

00:10:09,300 --> 00:10:07,120

70s there were a lot of people seeing

244

00:10:11,760 --> 00:10:09,310

odd creatures and things or at least

245

00:10:13,500 --> 00:10:11,770

reporting that with UFO sightings the

246

00:10:15,330 --> 00:10:13,510

70s is kind of known for that some

247

00:10:17,130 --> 00:10:15,340

people you wrote about that back then

248

00:10:20,550 --> 00:10:17,140

but the creatures were odd they were

249

00:10:23,670 --> 00:10:20,560

kind of they weren't all the same like

250

00:10:25,650 --> 00:10:23,680

you hear these days so these early cases

251
00:10:27,180 --> 00:10:25,660
are really interesting and I I'm so

252
00:10:29,550 --> 00:10:27,190
excited that the public is going to get

253
00:10:30,930 --> 00:10:29,560
introduced to some of these incidents do

254
00:10:34,590 --> 00:10:30,940
you know if they're they're going to

255
00:10:37,260 --> 00:10:34,600
sort of go in order or are they just

256
00:10:41,010 --> 00:10:37,270
gonna you know are they gonna show

257
00:10:44,040 --> 00:10:41,020
random cases I think it's fairly random

258
00:10:46,020 --> 00:10:44,050
what I see looking you know by looking

259
00:10:47,550 --> 00:10:46,030
at entertainment typically you know a

260
00:10:48,990 --> 00:10:47,560
show is going to have an arc so they

261
00:10:52,200 --> 00:10:49,000
gotta have a beginning a middle and an

262
00:10:54,480 --> 00:10:52,210
end I kind of like the x-files has these

263
00:10:57,600 --> 00:10:54,490

many arcs but then this giant arc of

264

00:11:00,420 --> 00:10:57,610

this this story idea in the background I

265

00:11:03,360 --> 00:11:00,430

think this is gonna be similar where you

266

00:11:05,430 --> 00:11:03,370

know Hynek is getting out there he he's

267

00:11:08,009 --> 00:11:05,440

not that into the topic he's actually

268

00:11:11,879 --> 00:11:08,019

the most open-minded person in the group

269

00:11:13,889 --> 00:11:11,889

on the TV show and he's gonna start to

270

00:11:17,129 --> 00:11:13,899

notice there's weird things going on and

271

00:11:19,350 --> 00:11:17,139

that he's being hidden informations

272

00:11:21,629 --> 00:11:19,360

being hidden from him and then he'll you

273

00:11:23,549 --> 00:11:21,639

know start to unravel the big secret so

274

00:11:26,939 --> 00:11:23,559

I think there's an arc like that so the

275

00:11:29,160 --> 00:11:26,949

cases they're choosing serve the role to

276

00:11:31,679 --> 00:11:29,170

kind of move that storyline along

277

00:11:33,960 --> 00:11:31,689

throughout the season so I think that's

278

00:11:36,479 --> 00:11:33,970

that's how and why they're choosing so

279

00:11:39,269 --> 00:11:36,489

the first one is a little bit more

280

00:11:41,009 --> 00:11:39,279

simple it's still extraordinary but what

281

00:11:42,689 --> 00:11:41,019

we hear a lot about in the military and

282

00:11:45,900 --> 00:11:42,699

what we heard in 2000 you know in this

283

00:11:49,139 --> 00:11:45,910

case in 2004 with the Nimitz dogfight

284

00:11:50,489 --> 00:11:49,149

essentially a jet or in this case a

285

00:11:54,929 --> 00:11:50,499

propeller you know

286

00:11:57,689 --> 00:11:54,939

fighter aircraft seeing a light and

287

00:12:00,539 --> 00:11:57,699

chasing it around which which we hear a

288

00:12:02,309 --> 00:12:00,549

lot of then they're gonna move into some

289

00:12:03,449 --> 00:12:02,319

sort of critter you know this weird flat

290

00:12:05,009 --> 00:12:03,459

wood so I think that they'll

291

00:12:08,789 --> 00:12:05,019

progressively get kind of odd and

292

00:12:10,559 --> 00:12:08,799

stranger as he unravels these secrets in

293

00:12:12,119 --> 00:12:10,569

the show Wow Wow

294

00:12:14,879 --> 00:12:12,129

I wonder if they're gonna do one on the

295

00:12:16,949 --> 00:12:14,889

Socorro case I don't know we have a

296

00:12:18,869 --> 00:12:16,959

little bit of insight into what they're

297

00:12:20,910 --> 00:12:18,879

gonna be covering in that the History

298

00:12:22,799 --> 00:12:20,920

Channel has been writing articles on

299

00:12:25,199 --> 00:12:22,809

some blue book cases right I believe

300

00:12:27,840 --> 00:12:25,209

yeah and they've been hiring journalists

301
00:12:29,400 --> 00:12:27,850
to actually do independent investigation

302
00:12:32,100 --> 00:12:29,410
independent of the show to write about

303
00:12:36,049 --> 00:12:32,110
these cases I've been featured in a

304
00:12:38,309 --> 00:12:36,059
couple that I've been contacted but I

305
00:12:40,559 --> 00:12:38,319
believe that the cases that they're

306
00:12:42,629 --> 00:12:40,569
writing about are probably cases that

307
00:12:45,449 --> 00:12:42,639
we're gonna see showing up on the show I

308
00:12:47,549 --> 00:12:45,459
see great well we only have a couple of

309
00:12:49,410 --> 00:12:47,559
minutes here left have something else

310
00:12:50,819 --> 00:12:49,420
you want to touch on is that it yeah the

311
00:12:52,679 --> 00:12:50,829
last thing I'd want to touch on is that

312
00:12:55,199 --> 00:12:52,689
my other latest story with den of geek

313
00:12:59,069 --> 00:12:55,209

and I've also got this an open mind CV

314

00:13:03,439 --> 00:12:59,079

which is Mickey Rourke is narrating the

315

00:13:07,499 --> 00:13:03,449

new Bob Lazar documentary that that

316

00:13:09,900 --> 00:13:07,509

Jeremy Korbel has created so the

317

00:13:11,819 --> 00:13:09,910

documentary comes out on December 3rd if

318

00:13:14,280 --> 00:13:11,829

you go to open mind TV can see how you

319

00:13:17,759 --> 00:13:14,290

can go to LA and be involved with a

320

00:13:21,540 --> 00:13:17,769

premiere there but it this is exciting

321

00:13:24,030 --> 00:13:21,550

in that ever since you know

322

00:13:26,280 --> 00:13:24,040

I talked to klas way back in the late

323

00:13:28,139 --> 00:13:26,290

80s early 90s he hasn't really been out

324

00:13:30,840 --> 00:13:28,149

in the public very often he came to the

325

00:13:32,340 --> 00:13:30,850

UFO Congress one year he's done one or

326

00:13:32,699 --> 00:13:32,350

two interviews with George Knapp of

327

00:13:37,110 --> 00:13:32,709

Kelly

328

00:13:39,329 --> 00:13:37,120

klas but Jeremy spent a lot of time with

329

00:13:41,370 --> 00:13:39,339

him and got a lot of footage so most of

330

00:13:44,340 --> 00:13:41,380

this documentary is going to be new

331

00:13:47,040 --> 00:13:44,350

footage of Lazar kind of seeing what

332

00:13:48,660 --> 00:13:47,050

she's about getting to know him and then

333

00:13:51,030 --> 00:13:48,670

hearing what he has to say about his

334

00:13:53,430 --> 00:13:51,040

experiences so I think then this

335

00:13:55,650 --> 00:13:53,440

documentary really we're gonna get more

336

00:13:58,680 --> 00:13:55,660

insight into who this guy is

337

00:14:00,900 --> 00:13:58,690

than we've ever gotten before so I think

338

00:14:03,810 --> 00:14:00,910

that's gonna be really interesting for

339

00:14:06,420 --> 00:14:03,820

the skeptics and the believers and then

340

00:14:08,730 --> 00:14:06,430

of course there's a lot of trauma added

341

00:14:13,050 --> 00:14:08,740

by Mickey Rourke's kind of gravelly

342

00:14:15,569 --> 00:14:13,060

voice area 51 and Bob Lazar you know

343

00:14:20,090 --> 00:14:15,579

he's kind of got a Batman kind of voice

344

00:14:23,460 --> 00:14:20,100

there yeah you should do vo work yeah

345

00:14:26,310 --> 00:14:23,470

yeah I'm wondering if perhaps they

346

00:14:27,960 --> 00:14:26,320

tackle any questions of the questionable

347

00:14:31,139 --> 00:14:27,970

stuff about Bob Lazar in this

348

00:14:33,720 --> 00:14:31,149

documentary I don't know I hope they do

349

00:14:35,490 --> 00:14:33,730

I think that that would be more fair if

350

00:14:37,889 --> 00:14:35,500

they asked some of the harder questions

351
00:14:39,960 --> 00:14:37,899
so for instance even George Knapp is a

352
00:14:42,630 --> 00:14:39,970
bit skeptical around his educational

353
00:14:45,350 --> 00:14:42,640
background which cannot be verified his

354
00:14:50,490 --> 00:14:45,360
claims around the nature of like element

355
00:14:53,160 --> 00:14:50,500
151 are not necessarily what we found

356
00:14:55,079 --> 00:14:53,170
scientifically and a lot of people

357
00:14:57,389 --> 00:14:55,089
credit with him discovering this

358
00:14:59,370 --> 00:14:57,399
material or knowing that it exists not

359
00:15:02,069 --> 00:14:59,380
necessarily true scientists have been

360
00:15:05,250 --> 00:15:02,079
speculating about materials these

361
00:15:07,980 --> 00:15:05,260
elements upper on the upper end of the

362
00:15:10,439 --> 00:15:07,990
the scale there for a long time you know

363
00:15:12,480 --> 00:15:10,449

kind of wondering about what their

364

00:15:13,949 --> 00:15:12,490

nature may be so they can create it

365

00:15:16,650 --> 00:15:13,959

because they think you know maybe some

366

00:15:19,579 --> 00:15:16,660

of these elements are ones we could

367

00:15:23,730 --> 00:15:19,589

create and help us to generate

368

00:15:26,759 --> 00:15:23,740

electricity and things like this so yeah

369

00:15:28,259 --> 00:15:26,769

some of the science is questioned but it

370

00:15:30,930 --> 00:15:28,269

looks like he's getting into some

371

00:15:35,460 --> 00:15:30,940

science so we'll see I think that it'll

372

00:15:37,620 --> 00:15:35,470

be revelatory on that end to some degree

373

00:15:41,160 --> 00:15:37,630

right alejandro you have yourself a fine

374

00:15:44,040 --> 00:15:41,170

Thanksgiving you to enjoy your favorite

375

00:15:46,140 --> 00:15:44,050

day of the year all right I'll talk to

376

00:15:47,430 --> 00:15:46,150

you next week have a good one all right

377

00:15:51,270 --> 00:15:47,440

talk to you later have a great interview

378

00:15:54,330 --> 00:15:51,280

hey thank you all right so our guest our

379

00:15:58,800 --> 00:15:54,340

guest is a retired longtime lawyer

380

00:16:01,470 --> 00:15:58,810

former Assistant Attorney General and he

381

00:16:04,590 --> 00:16:01,480

actually states of this we're gonna be

382

00:16:06,990 --> 00:16:04,600

talking about this so I'm going verbatim

383

00:16:09,360 --> 00:16:07,000

right here this is my true story

384

00:16:12,470 --> 00:16:09,370

Terry Lovelace 64 year old lawyer and

385

00:16:16,260 --> 00:16:12,480

former assistant attorney general in

386

00:16:19,350 --> 00:16:16,270

2012 a routine x-ray of my leg found an

387

00:16:21,570 --> 00:16:19,360

anomalous bit of metal the size of a

388

00:16:24,380 --> 00:16:21,580

fingernail with two tiny wires attached

389

00:16:26,550 --> 00:16:24,390

what followed were horrific nightmares

390

00:16:32,430 --> 00:16:26,560

spontaneous recall and intrusive

391

00:16:35,220 --> 00:16:32,440

thoughts surrounding a 1977 camping trip

392

00:16:38,100 --> 00:16:35,230

I took with a friend to Devil's Den

393

00:16:40,080 --> 00:16:38,110

State Park in northern Arkansas for fear

394

00:16:42,270 --> 00:16:40,090

of losing my job and standing in the

395

00:16:47,670 --> 00:16:42,280

legal community I've kept the secret for

396

00:16:50,190 --> 00:16:47,680

40 years but in 2012 the 2012 discovery

397

00:16:52,830 --> 00:16:50,200

of this object and one and a half inches

398

00:16:57,360 --> 00:16:52,840

deep in my thigh initial to flood of

399

00:16:58,940 --> 00:16:57,370

Ford and finally disclose kind of

400

00:17:01,080 --> 00:16:58,950

wording that wrong what happened back in

401
00:17:03,210 --> 00:17:01,090
1977 and that's what we're gonna really

402
00:17:05,910 --> 00:17:03,220
be talking about is what we're gonna

403
00:17:07,260 --> 00:17:05,920
talk mostly about the incident at

404
00:17:09,890 --> 00:17:07,270
Devil's Den I think you'll find it

405
00:17:12,390 --> 00:17:09,900
fascinating Terry welcome to the show

406
00:17:15,510 --> 00:17:12,400
Thank You Martin it's a pleasure to be

407
00:17:18,870 --> 00:17:15,520
here yes thank you and with right off

408
00:17:20,790 --> 00:17:18,880
the bat if you want to fill in the

409
00:17:23,100 --> 00:17:20,800
blanks of what I just talked about and

410
00:17:25,950 --> 00:17:23,110
about your background and I think it's

411
00:17:29,730 --> 00:17:25,960
extraordinary with someone with your

412
00:17:31,950 --> 00:17:29,740
background coming out with this you felt

413
00:17:34,290 --> 00:17:31,960

comfortable enough to talk about it in

414

00:17:36,660 --> 00:17:34,300

an open forum and write a book about I

415

00:17:38,850 --> 00:17:36,670

think that's extraordinary well I

416

00:17:42,330 --> 00:17:38,860

appreciate that and and there wasn't a

417

00:17:45,420 --> 00:17:42,340

lot of comfort in it I can say that but

418

00:17:47,520 --> 00:17:45,430

I think it was a bit cathartic in the to

419

00:17:49,430 --> 00:17:47,530

write the book to have to revisit these

420

00:17:52,859 --> 00:17:49,440

things

421

00:17:54,060 --> 00:17:52,869

you know what was helpful to the way but

422

00:17:55,590 --> 00:17:54,070

you know I think the message is

423

00:17:59,759 --> 00:17:55,600

important and I think I think people

424

00:18:04,409 --> 00:17:59,769

should know this that's why that's why I

425

00:18:07,289 --> 00:18:04,419

wrote the book and have before we get

426

00:18:12,029 --> 00:18:07,299

into you know the incident itself have

427

00:18:14,609 --> 00:18:12,039

you received any you know any calls from

428

00:18:17,399 --> 00:18:14,619

former colleagues or has anyone found

429

00:18:18,869 --> 00:18:17,409

this like on the internet and contacted

430

00:18:21,359 --> 00:18:18,879

you and say hey what's up with you you

431

00:18:23,909 --> 00:18:21,369

alright or you going crazy or all that

432

00:18:25,619 --> 00:18:23,919

have it has any of that happened you

433

00:18:28,820 --> 00:18:25,629

know it's kind of split down the middle

434

00:18:31,619 --> 00:18:28,830

and you know cuz I've had friends in

435

00:18:36,090 --> 00:18:31,629

American Samoa and Vermont and Michigan

436

00:18:38,129 --> 00:18:36,100

in Missouri and I've had about one-third

437

00:18:42,180 --> 00:18:38,139

of them call me and say have you lost

438

00:18:44,009 --> 00:18:42,190

your mind what is wrong with you

439

00:18:46,889 --> 00:18:44,019

but you know about two-thirds are very

440

00:18:49,109 --> 00:18:46,899

supportive because they believe me they

441

00:18:54,149 --> 00:18:49,119

know that I'm not the kind of person

442

00:18:57,269 --> 00:18:54,159

that would make this up so the reactions

443

00:18:57,989 --> 00:18:57,279

been mixed but I think that it's it's

444

00:19:01,220 --> 00:18:57,999

worth it

445

00:19:04,470 --> 00:19:01,230

I don't regret it they have it yeah and

446

00:19:06,690 --> 00:19:04,480

in between the time where you actually

447

00:19:09,090 --> 00:19:06,700

you know you held this quiet for 40

448

00:19:11,190 --> 00:19:09,100

years as you say where there are times

449

00:19:13,259 --> 00:19:11,200

where you talk quietly to someone about

450

00:19:17,220 --> 00:19:13,269

the situation or did you keep it totally

451
00:19:20,940 --> 00:19:17,230
to yourself you know my wife my wife and

452
00:19:24,419 --> 00:19:20,950
I've been married since 1975 and it was

453
00:19:27,359 --> 00:19:24,429
a secret shared between us yeah I

454
00:19:30,659 --> 00:19:27,369
honestly did not trust even a close

455
00:19:32,580 --> 00:19:30,669
friend because you know had this leaked

456
00:19:36,210 --> 00:19:32,590
out it would have been extremely

457
00:19:37,979 --> 00:19:36,220
damaging to my legal career and and I

458
00:19:39,539 --> 00:19:37,989
know how people are and I know how human

459
00:19:42,629 --> 00:19:39,549
nature is especially when you hear

460
00:19:45,960 --> 00:19:42,639
something so extraordinary like this you

461
00:19:47,460 --> 00:19:45,970
want to tell people so my wife and I

462
00:19:50,669 --> 00:19:47,470
kept it between us

463
00:19:53,700 --> 00:19:50,679

and and really I had I had no intention

464

00:19:57,749 --> 00:19:53,710

of ever going public with this until

465

00:20:01,440 --> 00:19:57,759

that 2012 incident kind of I feel like

466

00:20:07,590 --> 00:20:05,279

everything forward yeah all right so we

467

00:20:09,450 --> 00:20:07,600

have an about three or four minutes we

468

00:20:13,230 --> 00:20:09,460

have our first break coming up but why

469

00:20:15,930 --> 00:20:13,240

don't you begin with talking about your

470

00:20:18,570 --> 00:20:15,940

you went into the into the service and

471

00:20:19,980 --> 00:20:18,580

then you became friends with Toby and

472

00:20:22,740 --> 00:20:19,990

once you talk about that whole situation

473

00:20:25,830 --> 00:20:22,750

he brought up the idea going camping and

474

00:20:27,539 --> 00:20:25,840

and that whole thing sure told me and I

475

00:20:30,060 --> 00:20:27,549

work together we were both trained as

476

00:20:32,310 --> 00:20:30,070

medics and any MTS and we drove an

477

00:20:36,950 --> 00:20:32,320

ambulance together at Whiteman Air Force

478

00:20:39,870 --> 00:20:36,960

Base which is south east of Kansas City

479

00:20:43,019 --> 00:20:39,880

it was all pretty rural area back then

480

00:20:45,269 --> 00:20:43,029

of course now it's not anymore

481

00:20:48,710 --> 00:20:45,279

but Toby and I worked the night shift

482

00:20:52,980 --> 00:20:48,720

I wanted to attend evening classes and

483

00:20:56,460 --> 00:20:52,990

he was a big sky walk sky watching he

484

00:20:59,820 --> 00:20:56,470

loved to watch the stars so night shift

485

00:21:03,240 --> 00:20:59,830

was perfect for both of us and one that

486

00:21:04,379 --> 00:21:03,250

one day he he came to me in early 77 and

487

00:21:06,049 --> 00:21:04,389

said hey you know why don't we go

488

00:21:08,490 --> 00:21:06,059

camping

489

00:21:10,799 --> 00:21:08,500

no what are you talking about you know

490

00:21:12,570 --> 00:21:10,809

we're city kids Tobia neither one of us

491

00:21:15,840 --> 00:21:12,580

had ever been camping he was I'm from

492

00:21:17,220 --> 00:21:15,850

st. Louis he was from Flint and he he

493

00:21:20,460 --> 00:21:17,230

knew that I was a photographer that I

494

00:21:23,310 --> 00:21:20,470

did I enjoyed photography had a black

495

00:21:25,799 --> 00:21:23,320

room or darkroom in my in my home and I

496

00:21:27,299 --> 00:21:25,809

developed black and white film and he

497

00:21:29,820 --> 00:21:27,309

knew that I liked to photograph wildlife

498

00:21:33,240 --> 00:21:29,830

and there's not much you can do with a

499

00:21:35,639 --> 00:21:33,250

camera on a nuclear base so this said

500

00:21:37,289 --> 00:21:35,649

why don't we go down to this place you

501
00:21:38,909 --> 00:21:37,299
know it's a six hour drive it would be

502
00:21:41,820 --> 00:21:38,919
fun we can get away for a couple days

503
00:21:45,659 --> 00:21:41,830
and I kind of this was dismissive about

504
00:21:48,899 --> 00:21:45,669
the idea but I guess a it grew on me and

505
00:21:58,169 --> 00:21:48,909
as the week's went by it became almost

506
00:21:59,940 --> 00:21:58,179
an obsession to go and we did it was it

507
00:22:05,100 --> 00:21:59,950
was a journey of missteps from the

508
00:22:08,430 --> 00:22:05,110
beginning but we packed our bags early

509
00:22:14,039 --> 00:22:08,440
one one Saturday morning and we had it

510
00:22:14,740 --> 00:22:14,049
south and got to the park late in the

511
00:22:21,190 --> 00:22:14,750
afternoon

512
00:22:23,860 --> 00:22:21,200
and would for a hike yeah it's a it's an

513
00:22:25,300 --> 00:22:23,870

absolutely beautiful place and we were

514

00:22:28,690 --> 00:22:25,310

determined that we didn't want to stay

515

00:22:29,760 --> 00:22:28,700

in the campground because to photograph

516

00:22:32,140 --> 00:22:29,770

wildlife

517

00:22:35,890 --> 00:22:32,150

well Toby's analogy was you might as

518

00:22:37,510 --> 00:22:35,900

well camp in no parking lot somewhere

519

00:22:39,430 --> 00:22:37,520

because you know I got all these people

520

00:22:43,390 --> 00:22:39,440

around you if you look for a wildlife we

521

00:22:46,210 --> 00:22:43,400

need to go out into the wild so we did

522

00:22:50,200 --> 00:22:46,220

we drove as far back into the into the

523

00:22:54,070 --> 00:22:50,210

wilderness as we could go start it off

524

00:22:57,700 --> 00:22:54,080

with pavement then gravel then dirt then

525

00:23:00,940 --> 00:22:57,710

just two ruts in the road and looking

526
00:23:05,440 --> 00:23:00,950
for a piece of high ground and that we

527
00:23:08,380 --> 00:23:05,450
found it Toby found a spot we went kind

528
00:23:11,080 --> 00:23:08,390
of the grade went spiral upward and we

529
00:23:13,780 --> 00:23:11,090
came upon this metal that was just

530
00:23:16,390 --> 00:23:13,790
absolutely breathtaking scenery was

531
00:23:18,310 --> 00:23:16,400
phenomenal we had this metal that was

532
00:23:21,820 --> 00:23:18,320
old them in front of us and a tree line

533
00:23:23,470 --> 00:23:21,830
to her back and we both just kind of

534
00:23:25,450 --> 00:23:23,480
nodded to one another and sit off man

535
00:23:29,280 --> 00:23:25,460
this is this is the place now it was

536
00:23:32,890 --> 00:23:29,290
this actually public land this was

537
00:23:34,660 --> 00:23:32,900
private well it's it's public land but

538
00:23:37,270 --> 00:23:34,670

it was off-limits to hikers and campers

539

00:23:39,850 --> 00:23:37,280

so how did you how did you get to this

540

00:23:43,390 --> 00:23:39,860

point did you

541

00:23:47,230 --> 00:23:43,400

well it wasn't fenced off what we trust

542

00:23:49,000 --> 00:23:47,240

passed there was there were two posts on

543

00:23:51,370 --> 00:23:49,010

either coast on either side of the road

544

00:23:53,080 --> 00:23:51,380

and a chain across the road and the

545

00:23:55,960 --> 00:23:53,090

chain had a lock on it but it had just

546

00:23:57,730 --> 00:23:55,970

locked on a loop and was just draped

547

00:23:59,830 --> 00:23:57,740

over this other post

548

00:24:02,140 --> 00:23:59,840

so Toby just hopped out of the car and

549

00:24:05,530 --> 00:24:02,150

picked up the chain dropped it you know

550

00:24:07,300 --> 00:24:05,540

what Cinque and we drove in and that's

551

00:24:11,800 --> 00:24:07,310

that's how we got into the into this

552

00:24:14,350 --> 00:24:11,810

remote area Devil's Den well alright so

553

00:24:17,680 --> 00:24:14,360

we're coming up I guess we might as well

554

00:24:19,630 --> 00:24:17,690

go ahead and take the break now so we'll

555

00:24:22,960 --> 00:24:19,640

talk about when we come back we'll talk

556

00:24:26,980 --> 00:24:22,970

about you found that little place on up

557

00:24:29,170 --> 00:24:26,990

that oversees the meadow there and we'll

558

00:24:31,510 --> 00:24:29,180

go to break now so our

559

00:24:34,060 --> 00:24:31,520

so this is Martin Willis and I'm on with

560

00:24:35,920 --> 00:24:34,070

Terry Lovelace and we're talking about

561

00:24:41,730 --> 00:24:35,930

the incident at Devil's Den and we'll be

562

00:24:48,990 --> 00:24:45,730

all right gang we are in the clear and I

563

00:24:54,580 --> 00:24:49,000

think to make doubly sure your one two

564

00:24:56,380 --> 00:24:54,590

three four and a half minutes will give

565

00:24:58,510 --> 00:24:56,390

or take a few minutes okay I'm gonna

566

00:25:00,490 --> 00:24:58,520

give it a few seconds there Martin sure

567

00:25:03,640 --> 00:25:00,500

all right got it all right

568

00:25:05,080 --> 00:25:03,650

so Terry so we will go back to what

569

00:25:08,680 --> 00:25:05,090

we're talking about this is our break

570

00:25:10,450 --> 00:25:08,690

time so we will change the subject for

571

00:25:12,520 --> 00:25:10,460

the people in the letter of listening

572

00:25:17,050 --> 00:25:12,530

live on YouTube basically and also my

573

00:25:19,510 --> 00:25:17,060

podcast listeners and so actually I

574

00:25:21,490 --> 00:25:19,520

guess I'll just ask you so now you live

575

00:25:24,340 --> 00:25:21,500

in Texas did you move around in

576

00:25:27,730 --> 00:25:24,350

different different places in the

577

00:25:29,200 --> 00:25:27,740

country and did you actually were you in

578

00:25:30,910 --> 00:25:29,210

the service when you first went to Texas

579

00:25:32,530 --> 00:25:30,920

or what made you actually land there you

580

00:25:34,600 --> 00:25:32,540

said you were from Flint Michigan

581

00:25:36,370 --> 00:25:34,610

oh I'm no Missouri or I'm sorry where

582

00:25:37,630 --> 00:25:36,380

did you say you're from yeah I was from

583

00:25:38,050 --> 00:25:37,640

saying well I grew up in st. Louis

584

00:25:41,380 --> 00:25:38,060

Missouri

585

00:25:42,880 --> 00:25:41,390

totally rough Flint Michigan and I ended

586

00:25:47,200 --> 00:25:42,890

up I joined the military right out of

587

00:25:54,220 --> 00:25:47,210

high school and that's how I ended up in

588

00:25:56,430 --> 00:25:54,230

in in Texas and then 40 years later I

589

00:26:00,370 --> 00:25:56,440

retired from the state of Vermont in

590

00:26:04,000 --> 00:26:00,380

2008 2011 and my kids grandkids are all

591

00:26:05,770 --> 00:26:04,010

in Dallas so you know much rather be

592

00:26:08,320 --> 00:26:05,780

here with my family than then in Vermont

593

00:26:10,750 --> 00:26:08,330

I mean we love Vermont this is this is

594

00:26:13,750 --> 00:26:10,760

family is right now that's important now

595

00:26:17,830 --> 00:26:13,760

as far as uh your law degree and all

596

00:26:19,230 --> 00:26:17,840

that you did you did take some schooling

597

00:26:22,510 --> 00:26:19,240

in that while you were in the service

598

00:26:25,290 --> 00:26:22,520

and on the GI Bill is that how you you

599

00:26:28,480 --> 00:26:25,300

actually eventually got your law degree

600

00:26:31,570 --> 00:26:28,490

yeah that the GI Bill paid 100 percent

601
00:26:35,680 --> 00:26:31,580
of my undergraduate I got a bachelor's

602
00:26:37,930 --> 00:26:35,690
in psychology but the the law degree I

603
00:26:42,310 --> 00:26:37,940
was on was on me me and a student loan

604
00:26:45,940 --> 00:26:42,320
people so but it was a good investment

605
00:26:49,590 --> 00:26:45,950
oh yeah and and how did you you actually

606
00:26:51,700 --> 00:26:49,600
were you actually excel to become a

607
00:26:55,450 --> 00:26:51,710
Assistant Attorney General how did that

608
00:26:59,050 --> 00:26:55,460
all that work well you know I I don't

609
00:27:00,700 --> 00:26:59,060
know if I can say yeah so I I didn't

610
00:27:02,260 --> 00:27:00,710
private practice and was kind of getting

611
00:27:04,630 --> 00:27:02,270
tired of it to be honest with ya I

612
00:27:06,100 --> 00:27:04,640
wanted something different and I was

613
00:27:08,110 --> 00:27:06,110

talking to a friend one day and he said

614

00:27:09,580 --> 00:27:08,120

you already do something different why

615

00:27:13,360 --> 00:27:09,590

don't you move down to American Samoa

616

00:27:19,420 --> 00:27:13,370

and do a gig down there as an assistant

617

00:27:20,950 --> 00:27:19,430

AG and I said well wow how do I like I

618

00:27:24,400 --> 00:27:20,960

got your hook up right here you know

619

00:27:28,510 --> 00:27:24,410

send this guy resume I did I got a phone

620

00:27:29,920 --> 00:27:28,520

call and went talk to my family and at

621

00:27:31,360 --> 00:27:29,930

dinner that night I said you know hey

622

00:27:37,330 --> 00:27:31,370

how would you guys feel about moving to

623

00:27:40,450 --> 00:27:37,340

American Samoa I was like what no kids

624

00:27:42,820 --> 00:27:40,460

knew where it was I said no you know

625

00:27:44,800 --> 00:27:42,830

let's sell the house let's sell the cars

626

00:27:46,210 --> 00:27:44,810

let's pick a friend let's move down the

627

00:27:50,920 --> 00:27:46,220

South Pacific for a couple years

628

00:27:53,440 --> 00:27:50,930

Wow and everybody agreed we did but it

629

00:27:55,450 --> 00:27:53,450

was great Wow wonderful wow that's an

630

00:27:59,350 --> 00:27:55,460

amazing coincidence although they all

631

00:28:02,650 --> 00:27:59,360

fell together and let's say we got about

632

00:28:07,540 --> 00:28:02,660

just about a minute and a half here had

633

00:28:12,030 --> 00:28:07,550

you had any other sightings since this

634

00:28:14,260 --> 00:28:12,040

incident or like you know after this

635

00:28:17,170 --> 00:28:14,270

1977 incident had you had other

636

00:28:22,000 --> 00:28:17,180

sightings as well you know I had an

637

00:28:25,270 --> 00:28:22,010

incident 1987 1987 my wife had her one

638

00:28:28,090 --> 00:28:25,280

and only experience and that was in the

639

00:28:31,870 --> 00:28:28,100

middle of the night she reached over

640

00:28:34,840 --> 00:28:31,880

notice I wasn't in bed and at the end of

641

00:28:38,530 --> 00:28:34,850

the bed which there was a window in back

642

00:28:42,100 --> 00:28:38,540

of the bed and there was a four foot

643

00:28:46,470 --> 00:28:42,110

tall woman silhouetted against the the

644

00:28:48,400 --> 00:28:46,480

window and this woman spoke to my wife

645

00:28:52,630 --> 00:28:48,410

telepathically she said her lips never

646

00:28:55,780 --> 00:28:52,640

moved and said everything's okay go back

647

00:28:56,259 --> 00:28:55,790

to sleep and she did Wow

648

00:28:57,519 --> 00:28:56,269

what

649

00:29:00,729 --> 00:28:57,529

I'd like to talk about that a little

650

00:29:03,430 --> 00:29:00,739

more later on in the show but we're just

651
00:29:05,229 --> 00:29:03,440
about ready to come back here and just

652
00:29:12,190 --> 00:29:05,239
it looks like 15 seconds or so right

653
00:29:15,219 --> 00:29:12,200
race we are about 26 seconds out

654
00:29:16,509 --> 00:29:15,229
Oh 26 seconds okay but sorry I didn't

655
00:29:17,829 --> 00:29:16,519
have a mic brought it up they can hear

656
00:29:21,099 --> 00:29:17,839
me better now ma yeah that's fine

657
00:29:24,159 --> 00:29:21,109
sure yeah yeah that's uh that's

658
00:29:25,839 --> 00:29:24,169
interesting and I wanted to ask you I

659
00:29:28,259 --> 00:29:25,849
guess we have just a quick time how did

660
00:29:31,949 --> 00:29:28,269
she know it was a woman

661
00:29:34,539 --> 00:29:31,959
my wife said that she wore a hood and

662
00:29:39,430 --> 00:29:34,549
had it tied around her weight head I had

663
00:29:41,019 --> 00:29:39,440

like a thing tied around her waist but

664

00:29:43,719 --> 00:29:41,029

she said it was definitely a woman

665

00:29:46,149 --> 00:29:43,729

it was female the voice was female she

666

00:29:47,739 --> 00:29:46,159

heard the voice clearly in her head okay

667

00:29:51,159 --> 00:29:47,749

I think we're going back on right now

668

00:29:53,529 --> 00:29:51,169

race that's correct okay sorry to

669

00:29:55,869 --> 00:29:53,539

interrupt you there right are they all

670

00:29:58,989 --> 00:29:55,879

set mr. Lovelace you all set I certainly

671

00:30:05,289 --> 00:29:58,999

a.m. all right sir Martin here we go I

672

00:30:07,479 --> 00:30:05,299

mean thought or three - all right

673

00:30:10,719 --> 00:30:07,489

welcome back everyone this is Martin

674

00:30:13,359 --> 00:30:10,729

Willis we're on kgr a radio and youtube

675

00:30:17,889 --> 00:30:13,369

as well and my guest is Terry Lovelace

676
00:30:20,979 --> 00:30:17,899
and when we broke at the last break we

677
00:30:23,709 --> 00:30:20,989
were talking about basically him pulling

678
00:30:25,239 --> 00:30:23,719
up into this nice area where there was

679
00:30:27,219 --> 00:30:25,249
beautiful scenery in a meadow and

680
00:30:30,159 --> 00:30:27,229
getting ready to go camping and you

681
00:30:31,959 --> 00:30:30,169
decided to go for a hike why didn't you

682
00:30:35,349 --> 00:30:31,969
set up your campsite first before you

683
00:30:37,779 --> 00:30:35,359
went for a hike there was a disagreement

684
00:30:40,779 --> 00:30:37,789
about that Toby thought we should do

685
00:30:42,219 --> 00:30:40,789
that immediately and I'm like no no man

686
00:30:43,899 --> 00:30:42,229
I've been driving and you know my legs

687
00:30:48,190 --> 00:30:43,909
are tired I want to stretch my legs a

688
00:30:51,609 --> 00:30:48,200

little bit and we decided to go for a

689

00:30:54,849 --> 00:30:51,619

hike and found a beautiful place found a

690

00:30:58,269 --> 00:30:54,859

nice limestone outcropping with like a

691

00:31:00,789 --> 00:30:58,279

canopy of trees overhead and we'd walk

692

00:31:02,259 --> 00:31:00,799

maybe four miles and we are both in good

693

00:31:06,099 --> 00:31:02,269

shape not a bit not a big deal at all

694

00:31:09,060 --> 00:31:06,109

and we sat back kick back on this rock

695

00:31:11,490 --> 00:31:09,070

and I felt sleepy

696

00:31:14,250 --> 00:31:11,500

you know in hindsight I should not have

697

00:31:18,000 --> 00:31:14,260

been sleepy you know tired maybe but

698

00:31:21,000 --> 00:31:18,010

there's there's a difference and both of

699

00:31:23,640 --> 00:31:21,010

us fell asleep and the next thing I knew

700

00:31:28,080 --> 00:31:23,650

he was kicking me screaming with

701
00:31:32,250 --> 00:31:28,090
expletives get up get up and we raced

702
00:31:35,490 --> 00:31:32,260
back to the car and a campsite and got

703
00:31:37,410 --> 00:31:35,500
that just just Twilight had set in so

704
00:31:39,750 --> 00:31:37,420
we're fortunate we got back but we could

705
00:31:42,450 --> 00:31:39,760
have been stranded out there all night

706
00:31:47,190 --> 00:31:42,460
got back at Twilight and started to set

707
00:31:48,720 --> 00:31:47,200
up camp and that's that's we actually I

708
00:31:50,670 --> 00:31:48,730
hadn't pulled the car around kick on the

709
00:31:54,450 --> 00:31:50,680
high beams to have enough light for tobe

710
00:31:56,070 --> 00:31:54,460
to assemble the kit the tent yeah my job

711
00:31:59,880 --> 00:31:56,080
was to go out and gather some firewood

712
00:32:02,730 --> 00:31:59,890
for the fire you know I had a camp

713
00:32:04,470 --> 00:32:02,740

lantern and a nice hatchet that a

714

00:32:06,840 --> 00:32:04,480

neighbor had lent me for the trip along

715

00:32:11,580 --> 00:32:06,850

with a gallon of fuel left them all in

716

00:32:14,490 --> 00:32:11,590

my garage I had you know basically my

717

00:32:16,580 --> 00:32:14,500

hands to go out and tobey's frantically

718

00:32:20,190 --> 00:32:16,590

putting this tent together and I'm

719

00:32:24,270 --> 00:32:20,200

grabbing all this basically brush that I

720

00:32:27,750 --> 00:32:24,280

can find twigs and I'd I built too big

721

00:32:30,450 --> 00:32:27,760

too big pet stacks hopefully enough in

722

00:32:34,020 --> 00:32:30,460

two piles have a seven let's have a nice

723

00:32:36,750 --> 00:32:34,030

fire throughout the night and we got

724

00:32:40,560 --> 00:32:36,760

camp set up kick some cook some hot dogs

725

00:32:42,360 --> 00:32:40,570

made a fire click back on the on the we

726

00:32:44,250 --> 00:32:42,370

had air mattresses kick back on those

727

00:32:46,950 --> 00:32:44,260

and we're just talking and we're having

728

00:32:49,020 --> 00:32:46,960

a pleasant evening and I remember saying

729

00:32:50,880 --> 00:32:49,030

to Toby you know I said man this was

730

00:32:52,830 --> 00:32:50,890

this must be the Alaura camping this

731

00:32:57,210 --> 00:32:52,840

must be why people come to do this this

732

00:32:58,500 --> 00:32:57,220

is this is pleasant and we were kind of

733

00:33:00,420 --> 00:32:58,510

laughing and cutting it up and then

734

00:33:03,810 --> 00:33:00,430

there's a lull in our conversation and

735

00:33:06,630 --> 00:33:03,820

that's when I noted that all of the

736

00:33:08,880 --> 00:33:06,640

sounds that we'd heard earlier in the

737

00:33:12,540 --> 00:33:08,890

evening the crickets and the tree frogs

738

00:33:17,280 --> 00:33:12,550

and all that had gone they were quiet

739

00:33:20,010 --> 00:33:17,290

and even the breeze was gone you know it

740

00:33:21,320 --> 00:33:20,020

was just very still and I found it

741

00:33:23,440 --> 00:33:21,330

unnerving

742

00:33:26,300 --> 00:33:23,450

and I asked Toby I said hey Toby what

743

00:33:28,310 --> 00:33:26,310

you know is it awful quiet you were the

744

00:33:30,050 --> 00:33:28,320

tree frogs we're crickets and stuff man

745

00:33:33,380 --> 00:33:30,060

it was loud out here just a little while

746

00:33:34,400 --> 00:33:33,390

ago he's like yeah yeah yeah don't worry

747

00:33:36,470 --> 00:33:34,410

about it you know what we've been

748

00:33:38,660 --> 00:33:36,480

laughing they cuddle it up you know that

749

00:33:40,370 --> 00:33:38,670

we we just quiet they're dumb no they'll

750

00:33:45,020 --> 00:33:40,380

come back watch mark my words he'll be

751
00:33:47,660 --> 00:33:45,030
back in an hour and he was fine with it

752
00:33:52,850 --> 00:33:47,670
but like I said I found it unsettling

753
00:33:56,840 --> 00:33:52,860
and it was right after that that he was

754
00:34:01,730 --> 00:33:56,850
looking to his left and looking at

755
00:34:04,460 --> 00:34:01,740
something and he said hey man were those

756
00:34:07,610 --> 00:34:04,470
were those there before and I said

757
00:34:11,780 --> 00:34:07,620
they're what and that's when I looked

758
00:34:13,550 --> 00:34:11,790
and I saw right on the horizon

759
00:34:16,550 --> 00:34:13,560
well actually a little bit above the

760
00:34:18,620 --> 00:34:16,560
horizon they were too far above the

761
00:34:21,740 --> 00:34:18,630
horizon to have been like road lights or

762
00:34:23,930 --> 00:34:21,750
something were these three stars and

763
00:34:28,070 --> 00:34:23,940

they were in a tight little triangle

764

00:34:31,450 --> 00:34:28,080

formation and they were stationary and

765

00:34:33,980 --> 00:34:31,460

we were both familiar with aircraft and

766

00:34:36,200 --> 00:34:33,990

we knew that there was no aircraft that

767

00:34:40,730 --> 00:34:36,210

had a light configuration like that

768

00:34:42,440 --> 00:34:40,740

scientists things were stationary for

769

00:34:45,260 --> 00:34:42,450

about 15 minutes we're debating on what

770

00:34:48,320 --> 00:34:45,270

these things could be and then that's

771

00:34:50,870 --> 00:34:48,330

when they moved and at first they

772

00:34:55,130 --> 00:34:50,880

rotated like that they were on an axis

773

00:34:56,780 --> 00:34:55,140

they they turned almost 360 degrees you

774

00:34:59,930 --> 00:34:56,790

talk about the lights themselves

775

00:35:03,740 --> 00:34:59,940

I am the three lights turned they

776

00:35:07,370 --> 00:35:03,750

rotated in unison and they're almost a

777

00:35:10,460 --> 00:35:07,380

complete 360 and then stopped again and

778

00:35:14,500 --> 00:35:10,470

we were excited we were really whoa what

779

00:35:18,950 --> 00:35:14,510

is this we were you know just really

780

00:35:20,750 --> 00:35:18,960

amazed by what we're seeing and we're

781

00:35:23,930 --> 00:35:20,760

watching these things and talking about

782

00:35:27,200 --> 00:35:23,940

what it could be and then they started

783

00:35:30,110 --> 00:35:27,210

to move up into the sky and they started

784

00:35:33,860 --> 00:35:30,120

the slowest scent and that's when I

785

00:35:35,120 --> 00:35:33,870

noticed the spilling of calm the

786

00:35:40,430 --> 00:35:35,130

spilling of

787

00:35:44,570 --> 00:35:40,440

and it washed over me in like a wave it

788

00:35:47,900 --> 00:35:44,580

was close to feeling sedated I felt just

789

00:35:51,680 --> 00:35:47,910

very calm and where I felt a little

790

00:35:55,040 --> 00:35:51,690

unnerved just 30 minutes earlier and I

791

00:36:00,410 --> 00:35:55,050

found myself but this pleasant feeling

792

00:36:02,630 --> 00:36:00,420

of just watching this thing and it's

793

00:36:07,040 --> 00:36:02,640

hard too hard to imagine because it

794

00:36:09,830 --> 00:36:07,050

turns for so contradictory but we were

795

00:36:13,090 --> 00:36:09,840

almost disinterested if then if you can

796

00:36:18,500 --> 00:36:13,100

believe that I mean we thought more like

797

00:36:20,270 --> 00:36:18,510

observers our reaction was not

798

00:36:23,000 --> 00:36:20,280

appropriate to what we were seeing I

799

00:36:27,920 --> 00:36:23,010

mean we shut up then a little more

800

00:36:31,130 --> 00:36:27,930

wigged out and we weren't and there was

801
00:36:34,400 --> 00:36:31,140
barely a word spoken between us and I

802
00:36:37,670 --> 00:36:34,410
remember I recalled Toby said where

803
00:36:40,880 --> 00:36:37,680
they're really moving now as they were

804
00:36:43,940 --> 00:36:40,890
moving up into the sky and we could see

805
00:36:46,070 --> 00:36:43,950
that the area in between the three

806
00:36:48,230 --> 00:36:46,080
lights was much darker than the

807
00:36:51,350 --> 00:36:48,240
surrounding blue sky it was black

808
00:36:53,180 --> 00:36:51,360
between these three stars we called him

809
00:36:56,630 --> 00:36:53,190
first

810
00:36:58,250 --> 00:36:56,640
and we noticed that they were they were

811
00:37:00,620 --> 00:36:58,260
they remained equidistant and they

812
00:37:03,520 --> 00:37:00,630
expanded the thing was getting bigger

813
00:37:07,760 --> 00:37:03,530

because he was getting closer to us I

814

00:37:10,190 --> 00:37:07,770

was still traveling slow and we could

815

00:37:12,800 --> 00:37:10,200

see that as it would pass through a star

816

00:37:17,390 --> 00:37:12,810

field the stars would weak out and then

817

00:37:18,890 --> 00:37:17,400

weak back on as it passed so that let us

818

00:37:22,000 --> 00:37:18,900

know that we were looking at a solid

819

00:37:27,350 --> 00:37:22,010

object not three independent lights

820

00:37:32,690 --> 00:37:27,360

perfectly choreographed we watched it

821

00:37:35,450 --> 00:37:32,700

and it got bigger and bigger and there

822

00:37:38,990 --> 00:37:35,460

but they see the conversation was very

823

00:37:45,620 --> 00:37:39,000

little spoken between us weird Wow and

824

00:37:48,500 --> 00:37:45,630

and the feeling of calm was was just was

825

00:37:52,790 --> 00:37:48,510

just incredible and this thing got big

826

00:37:58,070 --> 00:37:52,800

and bigger and I think Toby said it's

827

00:38:01,640 --> 00:37:58,080

headed our way one of us said one and it

828

00:38:04,640 --> 00:38:01,650

was a in a span of 40 minutes it had

829

00:38:08,990 --> 00:38:04,650

traveled from the western horizon to

830

00:38:12,340 --> 00:38:09,000

directly over the top of us and it came

831

00:38:14,450 --> 00:38:12,350

to a stop and the size of this thing

832

00:38:18,910 --> 00:38:14,460

besides of it was just absolutely

833

00:38:21,620 --> 00:38:18,920

incredible it was hard to tell the size

834

00:38:25,280 --> 00:38:21,630

because it was nighttime and it was

835

00:38:29,660 --> 00:38:25,290

probably 2,500 3,000 feet over the top

836

00:38:32,600 --> 00:38:29,670

over our heads and just a bit off-center

837

00:38:34,850 --> 00:38:32,610

from us so we could see one side of the

838

00:38:41,210 --> 00:38:34,860

triangle not the other two we just saw

839

00:38:48,380 --> 00:38:41,220

the one side and as we're watching this

840

00:38:51,260 --> 00:38:48,390

thing there's an area underneath from

841

00:38:53,360 --> 00:38:51,270

underneath the triangle came a light and

842

00:38:56,740 --> 00:38:53,370

it was like someone flipped the switch

843

00:39:00,380 --> 00:38:56,750

and it was armed and this light was

844

00:39:03,800 --> 00:39:00,390

about the diameter of a softball maybe

845

00:39:07,460 --> 00:39:03,810

six inches in diameter and it was a

846

00:39:09,410 --> 00:39:07,470

visible white light it was like a like a

847

00:39:12,790 --> 00:39:09,420

searchlight cutting through dense fog

848

00:39:16,670 --> 00:39:12,800

kind of thing it was a visible light and

849

00:39:23,390 --> 00:39:16,680

that flipped on and landed dead center

850

00:39:25,610 --> 00:39:23,400

of our camp fire and I don't know if we

851
00:39:27,230 --> 00:39:25,620
even if we even remark about it at that

852
00:39:32,450 --> 00:39:27,240
point I don't know if we had any comment

853
00:39:34,550 --> 00:39:32,460
even to that and that was on for maybe

854
00:39:39,800 --> 00:39:34,560
two minutes and then it flipped out

855
00:39:45,850 --> 00:39:39,810
flipped out switched off and then a

856
00:39:49,010 --> 00:39:45,860
minute or two later this bluish purplish

857
00:39:53,150 --> 00:39:49,020
laser beam about the diameter of a

858
00:39:57,110 --> 00:39:53,160
pencil flipped on from again from the

859
00:39:59,750 --> 00:39:57,120
center of this thing and it landed in

860
00:40:02,000 --> 00:39:59,760
the camp side and it would it would flip

861
00:40:05,390 --> 00:40:02,010
on and

862
00:40:07,910 --> 00:40:05,400
for a second or less and then flip off

863
00:40:09,500 --> 00:40:07,920

and then a millisecond later it would

864

00:40:14,150 --> 00:40:09,510

flip on and be in a different direction

865

00:40:16,310 --> 00:40:14,160

or a different location so in an on/off

866

00:40:18,110 --> 00:40:16,320

pipe think this thing was dancing listen

867

00:40:22,040 --> 00:40:18,120

it looks like this light was dancing all

868

00:40:24,200 --> 00:40:22,050

around our campsite and I know that this

869

00:40:26,150 --> 00:40:24,210

beam of light you know struck me several

870

00:40:29,870 --> 00:40:26,160

times and I saw it

871

00:40:33,170 --> 00:40:29,880

strike Toby and but it hit our tent my

872

00:40:34,280 --> 00:40:33,180

car it danced around everything now was

873

00:40:37,330 --> 00:40:34,290

there it pardon me was there any

874

00:40:39,340 --> 00:40:37,340

sensation when it actually touched you

875

00:40:41,510 --> 00:40:39,350

not at all

876

00:40:45,140 --> 00:40:41,520

nothing you know the only thing that I

877

00:40:49,820 --> 00:40:45,150

recall is that that feeling of calm

878

00:40:53,030 --> 00:40:49,830

sedation and the purple light was with

879

00:40:57,280 --> 00:40:53,040

us for probably three or four minutes I

880

00:41:03,880 --> 00:40:59,720

it clipped off

881

00:41:07,460 --> 00:41:03,890

switched off and was gone and I remember

882

00:41:11,590 --> 00:41:07,470

that the crickets and tree frogs had not

883

00:41:13,940 --> 00:41:11,600

returned and Toby made a comment he said

884

00:41:17,420 --> 00:41:13,950

something to the effect of show's over

885

00:41:20,830 --> 00:41:17,430

or you know that's it I guess he show's

886

00:41:24,640 --> 00:41:20,840

over it's exactly what he said and

887

00:41:28,340 --> 00:41:24,650

without saying a word with this thing

888

00:41:31,130 --> 00:41:28,350

3,000 feet over our heads we picked up

889

00:41:36,110 --> 00:41:31,140

our air mattresses and crawled into our

890

00:41:39,710 --> 00:41:36,120

tent through a man and my fellow on top

891

00:41:41,870 --> 00:41:39,720

of mine fully dressed and I was just

892

00:41:44,900 --> 00:41:41,880

almost asleep as soon as my head hit

893

00:41:46,610 --> 00:41:44,910

them hit the plastic till oh well I

894

00:41:49,490 --> 00:41:46,620

didn't bother to take my boots off or

895

00:41:51,560 --> 00:41:49,500

shirt anything and the last thing that I

896

00:41:55,880 --> 00:41:51,570

remembered was I could hear Toby already

897

00:41:57,350 --> 00:41:55,890

snoring softly and and the silence I

898

00:42:02,660 --> 00:41:57,360

noticed again that it was absolutely

899

00:42:08,180 --> 00:42:02,670

dead still and then we were both out we

900

00:42:13,250 --> 00:42:08,190

were both out of it and then some period

901
00:42:15,410 --> 00:42:13,260
of time passed I woke up because on

902
00:42:19,549 --> 00:42:15,420
lights there were these lights they were

903
00:42:21,650 --> 00:42:19,559
green and white and extremely intense

904
00:42:24,289 --> 00:42:21,660
and they were flashing through the

905
00:42:26,930 --> 00:42:24,299
canvas of the tent and that's what

906
00:42:30,710 --> 00:42:26,940
actually woke me up that and there was a

907
00:42:33,770 --> 00:42:30,720
noise there was a I called it a droning

908
00:42:35,599 --> 00:42:33,780
there was a I know at least that wasn't

909
00:42:37,700 --> 00:42:35,609
so much loud as it was powerful

910
00:42:39,680 --> 00:42:37,710
if you've ever stood next to a diesel

911
00:42:42,950 --> 00:42:39,690
locomotive or a big piece of machinery

912
00:42:45,289 --> 00:42:42,960
you know alright like a big speaker at a

913
00:42:48,490 --> 00:42:45,299

concert you can feel it reverberate or

914

00:42:55,250 --> 00:42:48,500

in your chest it was that kind of a hum

915

00:42:58,789 --> 00:42:55,260

and I saw these lights and I didn't know

916

00:43:01,250 --> 00:42:58,799

yeah it didn't make any sense to me what

917

00:43:02,690 --> 00:43:01,260

they were and I thought well you know

918

00:43:04,910 --> 00:43:02,700

maybe these are the overhead lights

919

00:43:07,760 --> 00:43:04,920

flashing lights of some park rangers or

920

00:43:09,530 --> 00:43:07,770

something and the noise maybe maybe it's

921

00:43:10,819 --> 00:43:09,540

somebody running a generator or in a

922

00:43:13,549 --> 00:43:10,829

truck of course that didn't make any

923

00:43:15,890 --> 00:43:13,559

sense but I didn't have my wits about me

924

00:43:18,319 --> 00:43:15,900

weren't when I woke up when I woke up I

925

00:43:23,359 --> 00:43:18,329

was just I was groggy and I was just not

926

00:43:28,400 --> 00:43:23,369

that I was out of it and I sat up and I

927

00:43:34,130 --> 00:43:28,410

noticed that I hurt my every bone in my

928

00:43:36,920 --> 00:43:34,140

body hurt and I glanced to my lap that

929

00:43:38,030 --> 00:43:36,930

was dark between flashes of life but the

930

00:43:41,630 --> 00:43:38,040

flashes of light

931

00:43:44,960 --> 00:43:41,640

I could see Toby next to me to my left

932

00:43:47,270 --> 00:43:44,970

he was on his knees and he had a flap of

933

00:43:51,799 --> 00:43:47,280

the tent pulled back and he's looking

934

00:43:52,760 --> 00:43:51,809

out out of the tent and in one of the

935

00:43:55,549 --> 00:43:52,770

flashes of light

936

00:43:58,700 --> 00:43:55,559

I could see Toby was african-american

937

00:44:02,450 --> 00:43:58,710

and his the track of his tears were real

938

00:44:04,940 --> 00:44:02,460

visible in a flash of light and I

939

00:44:06,829 --> 00:44:04,950

thought oh my god what do you know

940

00:44:10,130 --> 00:44:06,839

Toby's crying what-what would move this

941

00:44:12,620 --> 00:44:10,140

man to tears I mean I knew him we both

942

00:44:15,880 --> 00:44:12,630

worked as first responders we both

943

00:44:18,200 --> 00:44:15,890

bendin some you know uncomfortable

944

00:44:20,900 --> 00:44:18,210

situations and yeah he always kept his

945

00:44:25,460 --> 00:44:20,910

head and I just could not imagine what

946

00:44:28,280 --> 00:44:25,470

would move this guy to tears and I'm

947

00:44:28,910 --> 00:44:28,290

still out of it and I said Toby what

948

00:44:31,820 --> 00:44:28,920

does it matter

949

00:44:33,860 --> 00:44:31,830

park rangers what's out there hey and

950

00:44:37,130 --> 00:44:33,870

quieted me and said be quiet they're

951
00:44:38,990 --> 00:44:37,140
still out there and that will actually

952
00:44:39,680 --> 00:44:39,000
just a few minutes before we had that

953
00:44:42,830 --> 00:44:39,690
conversation

954
00:44:47,090 --> 00:44:42,840
I could hear a rustling of leaves and

955
00:44:50,240 --> 00:44:47,100
grass around the campsite and at one

956
00:44:56,060 --> 00:44:50,250
time to a flash of light saw shadows so

957
00:44:57,890 --> 00:44:56,070
somebody was outside and I'm coming to

958
00:45:01,340 --> 00:44:57,900
my wits I'm getting my wits back about

959
00:45:04,610 --> 00:45:01,350
me and I I get to my knees and I noticed

960
00:45:05,960 --> 00:45:04,620
that my my boots were undone it's kind

961
00:45:08,360 --> 00:45:05,970
of confused me because they were they

962
00:45:14,320 --> 00:45:08,370
were laced up tight when I went to went

963
00:45:17,210 --> 00:45:14,330

to sleep and I got to my knees and I

964

00:45:20,420 --> 00:45:17,220

pulled back my flap of the tent and I

965

00:45:26,660 --> 00:45:20,430

looked out and I saw these little kids

966

00:45:29,150 --> 00:45:26,670

and there were maybe fifteen could have

967

00:45:32,780 --> 00:45:29,160

been as many as 18 and they were in

968

00:45:34,160 --> 00:45:32,790

pairs and threes and there were little

969

00:45:38,450 --> 00:45:34,170

groups where they were wandering around

970

00:45:41,330 --> 00:45:38,460

the the floor of this metal we set up

971

00:45:43,940 --> 00:45:41,340

camp along a tree line so this open

972

00:45:46,430 --> 00:45:43,950

metal was right in front of us and

973

00:45:48,920 --> 00:45:46,440

that's when I noticed that this thing

974

00:45:53,630 --> 00:45:48,930

that had been 3,000 feet over our heads

975

00:45:58,310 --> 00:45:53,640

earlier had descended and now it was

976

00:46:02,060 --> 00:45:58,320

just about 30 feet over the floor of the

977

00:46:05,960 --> 00:46:02,070

metal and from the center of this thing

978

00:46:09,770 --> 00:46:05,970

was another column a white white it was

979

00:46:11,680 --> 00:46:09,780

the same intensity as that column a

980

00:46:15,100 --> 00:46:11,690

white light that hit our camp fire again

981

00:46:19,120 --> 00:46:15,110

like a search like cutting to gets far

982

00:46:21,470 --> 00:46:19,130

so this visible column of white light

983

00:46:23,300 --> 00:46:21,480

from the center of this thing down to

984

00:46:26,390 --> 00:46:23,310

the floor of the valley of the pardon me

985

00:46:30,350 --> 00:46:26,400

about of the meadow and these little

986

00:46:33,200 --> 00:46:30,360

guys and we're watching him and I said

987

00:46:35,000 --> 00:46:33,210

told me what and again I don't fully

988

00:46:37,160 --> 00:46:35,010

have my wits about me and I mean totally

989

00:46:38,210 --> 00:46:37,170

why why are these kids I don't know who

990

00:46:40,850 --> 00:46:38,220

would have two kids out here in the

991

00:46:42,800 --> 00:46:40,860

middle of the night and that's when he

992

00:46:46,580 --> 00:46:42,810

looked at me and he said

993

00:46:49,700 --> 00:46:46,590

little kids and he said they took us

994

00:46:52,820 --> 00:46:49,710

Terry and they hurt us and that's went

995

00:46:54,400 --> 00:46:52,830

boom like flip the swish and I knew

996

00:46:59,510 --> 00:46:54,410

where I was and I knew what had happened

997

00:47:01,690 --> 00:46:59,520

and at that point I was where I had felt

998

00:47:07,720 --> 00:47:01,700

mildly sedated earlier in the evening I

999

00:47:11,900 --> 00:47:07,730

was absolutely terrified and these guys

1000

00:47:15,800 --> 00:47:11,910

in pairs and in threes would walk into

1001
00:47:19,070 --> 00:47:15,810
this light and then just dissolve and

1002
00:47:20,810 --> 00:47:19,080
they'd be gone in just a pardon me it's

1003
00:47:21,380 --> 00:47:20,820
just like a beam going down to the

1004
00:47:23,900 --> 00:47:21,390
ground

1005
00:47:27,530 --> 00:47:23,910
it is this that's the light they would

1006
00:47:30,080 --> 00:47:27,540
walk into yes maybe 25 feet in diameter

1007
00:47:31,850 --> 00:47:30,090
and this is where we could really get a

1008
00:47:34,670 --> 00:47:31,860
view because this thing it descended

1009
00:47:37,280 --> 00:47:34,680
from 3,000 feet well that's 33 feet over

1010
00:47:38,930 --> 00:47:37,290
our heads and that's when we could get

1011
00:47:43,340 --> 00:47:38,940
an idea of just how big this thing

1012
00:47:46,340 --> 00:47:43,350
really was and it was it was enormous I

1013
00:47:50,620 --> 00:47:46,350

mean it was it was like somebody

1014

00:47:55,280 --> 00:47:53,000

and just right would you mind describing

1015

00:47:56,630 --> 00:47:55,290

it a little bit sure

1016

00:48:00,500 --> 00:47:56,640

there's a light pardon me is it like

1017

00:48:03,560 --> 00:48:00,510

you're drawing yes I did a pencil sketch

1018

00:48:05,990 --> 00:48:03,570

of it in 1978 yeah just to let the

1019

00:48:08,630 --> 00:48:06,000

YouTube listeners it's up there now for

1020

00:48:10,310 --> 00:48:08,640

the youtube listener and we'll have a

1021

00:48:13,580 --> 00:48:10,320

pic with the pictures and the graphics

1022

00:48:15,770 --> 00:48:13,590

on on podcast UFO calm in the show notes

1023

00:48:19,580 --> 00:48:15,780

so anyway go ahead and describe it for

1024

00:48:21,650 --> 00:48:19,590

the listener if you would sure well it

1025

00:48:23,000 --> 00:48:21,660

was amazing and it did remind me of an

1026

00:48:26,750 --> 00:48:23,010

office ability and that there were

1027

00:48:29,360 --> 00:48:26,760

lights you know there were windows here

1028

00:48:33,740 --> 00:48:29,370

and there Square and rectangular windows

1029

00:48:38,500 --> 00:48:33,750

and all along the top of though the

1030

00:48:47,030 --> 00:48:42,560

there was like an open gallery that was

1031

00:48:49,520 --> 00:48:47,040

lit all the way around and we could see

1032

00:48:51,560 --> 00:48:49,530

shadows and movement behind some of

1033

00:48:54,140 --> 00:48:51,570

these windows and definitely from this

1034

00:48:56,410 --> 00:48:54,150

mic observation deck or whatever it was

1035

00:49:01,280 --> 00:48:56,420

on the very top

1036

00:49:04,820 --> 00:49:01,290

I noticed too that there was a light bar

1037

00:49:08,450 --> 00:49:04,830

on each of the legs of the triangle

1038

00:49:11,300 --> 00:49:08,460

there was a light bar that ran from the

1039

00:49:13,700 --> 00:49:11,310

very bottom to the very top and I think

1040

00:49:16,010 --> 00:49:13,710

I make note of that in the drawing was

1041

00:49:18,080 --> 00:49:16,020

kind of oval but it it was five story

1042

00:49:21,860 --> 00:49:18,090

tall story it ran the entire length of

1043

00:49:25,850 --> 00:49:21,870

the thing and the lights were running up

1044

00:49:29,750 --> 00:49:25,860

and down that column and I remember

1045

00:49:31,730 --> 00:49:29,760

thinking that that that's what must give

1046

00:49:38,300 --> 00:49:31,740

the illusion of a star twinkling when

1047

00:49:39,890 --> 00:49:38,310

the thing is in the sky and we I think

1048

00:49:45,020 --> 00:49:39,900

I've already mentioned that the droning

1049

00:49:46,790 --> 00:49:45,030

noise that we heard did you pardon me if

1050

00:49:49,280 --> 00:49:46,800

it if you don't mind me asking if you

1051
00:49:52,940 --> 00:49:49,290
you said you saw what appeared to be

1052
00:49:55,240 --> 00:49:52,950
movement did you would you assume those

1053
00:49:59,450 --> 00:49:55,250
were figures walking back and forth and

1054
00:50:01,520 --> 00:49:59,460
like through an observation we could

1055
00:50:04,790 --> 00:50:01,530
tell there were figures I mean if we

1056
00:50:08,420 --> 00:50:04,800
couldn't make them out distinctly huh we

1057
00:50:12,290 --> 00:50:08,430
could make out shadows of outlines of

1058
00:50:16,360 --> 00:50:12,300
something a lot human torso wise looking

1059
00:50:18,770 --> 00:50:16,370
thing walking back and forth or standing

1060
00:50:23,660 --> 00:50:18,780
you know and movement we could see

1061
00:50:26,410 --> 00:50:23,670
movement behind the glass to will see

1062
00:50:30,380 --> 00:50:26,420
this framing Wow

1063
00:50:33,020 --> 00:50:30,390

immediately after the last of these

1064

00:50:35,570 --> 00:50:33,030

little guys in the middle after the last

1065

00:50:38,440 --> 00:50:35,580

one had stepped into the light and

1066

00:50:45,200 --> 00:50:38,450

disintegrated the light flipped off and

1067

00:50:47,840 --> 00:50:45,210

the droning sound stopped and we were

1068

00:50:49,700 --> 00:50:47,850

the both of us we were both still

1069

00:50:55,730 --> 00:50:49,710

underneath we were too afraid to move

1070

00:50:55,730 --> 00:50:55,740

and we watched this thing

1071

00:51:02,300 --> 00:50:58,460

lift off just like a hot-air balloon

1072

00:51:06,410 --> 00:51:02,310

would just very slowly and the lights

1073

00:51:08,839 --> 00:51:06,420

switched from yellows and greens to just

1074

00:51:12,319 --> 00:51:08,849

straight white

1075

00:51:17,239 --> 00:51:12,329

and that white light ran the beam ran up

1076
00:51:21,289 --> 00:51:17,249
and down that light bar and it moves

1077
00:51:23,569 --> 00:51:21,299
slowly at first and it got to a point in

1078
00:51:28,039 --> 00:51:23,579
the sky high enough that we rolled over

1079
00:51:31,700 --> 00:51:28,049
on our backs to watch it and we watched

1080
00:51:35,690 --> 00:51:31,710
it until it was three points of light

1081
00:51:40,489 --> 00:51:35,700
and then until it was gone and it went

1082
00:51:44,870 --> 00:51:40,499
straight up in the air and was gone yet

1083
00:51:46,460 --> 00:51:44,880
I you know I noticed that the sounds of

1084
00:51:49,719 --> 00:51:46,470
the forest had not returned at that

1085
00:51:53,779 --> 00:51:49,729
point either and we were so afraid we

1086
00:51:56,839 --> 00:51:53,789
sat there for a good 30 minutes

1087
00:51:58,999 --> 00:51:56,849
I mean Toby was hyperventilating and I

1088
00:52:00,079 --> 00:51:59,009

remember Toby you know you got to slow

1089

00:52:02,749 --> 00:52:00,089

your breathing down and you're

1090

00:52:07,249 --> 00:52:02,759

hyperventilating and we're still afraid

1091

00:52:08,690 --> 00:52:07,259

to talk above a whisper and after thirty

1092

00:52:11,420 --> 00:52:08,700

minutes Toby's like you know we got to

1093

00:52:15,910 --> 00:52:11,430

get out of here man and it sounds crazy

1094

00:52:20,319 --> 00:52:15,920

but I didn't want to be outside I felt

1095

00:52:23,359 --> 00:52:20,329

inside that tent at least I was I was I

1096

00:52:29,719 --> 00:52:23,369

felt protected I didn't want to be out

1097

00:52:31,519 --> 00:52:29,729

in the open I feel vulnerable and Toby

1098

00:52:35,989 --> 00:52:31,529

took his flashlight I took my car keys

1099

00:52:39,559 --> 00:52:35,999

in my wallet and we made a dash for the

1100

00:52:41,599 --> 00:52:39,569

car got in the car took off and we left

1101
00:52:44,029 --> 00:52:41,609
absolutely everything there we left a

1102
00:52:46,999 --> 00:52:44,039
tent without just packed yeah everything

1103
00:52:53,450 --> 00:52:47,009
we had we didn't care I don't get that's

1104
00:52:55,759 --> 00:52:53,460
exactly what I would do that's got the

1105
00:52:58,400 --> 00:52:55,769
blacktop road and headed north towards

1106
00:53:01,509 --> 00:52:58,410
the airbase and that's when we know we

1107
00:53:04,969 --> 00:53:01,519
know there were a couple of odd things

1108
00:53:06,589 --> 00:53:04,979
number one was the thirst I had never in

1109
00:53:09,499 --> 00:53:06,599
my life been so thirsty

1110
00:53:17,450 --> 00:53:09,509
Wow and and later we'd find out we were

1111
00:53:19,579 --> 00:53:17,460
severely dehydrated and Toby I Toby got

1112
00:53:22,820 --> 00:53:19,589
the worst of it I mean they hurt me but

1113
00:53:24,410 --> 00:53:22,830

they he got twice he gotta go

1114

00:53:26,870 --> 00:53:24,420

nation or whatever they gave to me

1115

00:53:30,980 --> 00:53:26,880

because he was he was sick and he was

1116

00:53:33,140 --> 00:53:30,990

hurting and he had curled up into a ball

1117

00:53:36,170 --> 00:53:33,150

in the feudal position Kenneth's on this

1118

00:53:39,190 --> 00:53:36,180

bench seat of the soul and pala and he's

1119

00:53:41,240 --> 00:53:39,200

like man get me something to drink weena

1120

00:53:44,090 --> 00:53:41,250

like we know I'm looking

1121

00:53:47,360 --> 00:53:44,100

this is 1977 and there was very little

1122

00:53:51,040 --> 00:53:47,370

down there it's just Oh Sark's it was at

1123

00:53:54,440 --> 00:53:51,050

that time nothing I mean it was just

1124

00:53:58,190 --> 00:53:54,450

mostly farmland little towns here and

1125

00:54:01,220 --> 00:53:58,200

there but it was just too lane backed

1126

00:54:03,530 --> 00:54:01,230

blacktop road all right let's let's

1127

00:54:06,610 --> 00:54:03,540

let's cut it right there and I made note

1128

00:54:09,800 --> 00:54:06,620

of that we're gonna jump right back on

1129

00:54:13,220 --> 00:54:09,810

on the road here and and right now we

1130

00:54:14,930 --> 00:54:13,230

have to go for a break and so we'll get

1131

00:54:15,650 --> 00:54:14,940

right back to that now this is really

1132

00:54:18,110 --> 00:54:15,660

fascinating

1133

00:54:21,650 --> 00:54:18,120

all right everyone this is Martin Willis

1134

00:54:25,430 --> 00:54:21,660

I'm on with Terry Lovelace and this is

1135

00:54:26,480 --> 00:54:25,440

podcast UFO on kgr a radio we'll be

1136

00:54:34,040 --> 00:54:26,490

right back right after these messages

1137

00:54:40,910 --> 00:54:37,370

all right Martin we're good let's see we

1138

00:54:44,990 --> 00:54:40,920

did another count one two three four

1139

00:54:48,440 --> 00:54:45,000

minutes plus or minus 20 seconds brother

1140

00:54:50,930 --> 00:54:48,450

all right sounds good thank you all

1141

00:54:54,530 --> 00:54:50,940

right so at this time I'm going to take

1142

00:54:57,170 --> 00:54:54,540

a quick look in for the second hour here

1143

00:54:58,790 --> 00:54:57,180

we will take we'll take some calls and I

1144

00:55:02,210 --> 00:54:58,800

do know that there's one person that

1145

00:55:03,770 --> 00:55:02,220

really wants to call in here wanted to

1146

00:55:05,000 --> 00:55:03,780

see and I have I have a bunch of

1147

00:55:07,220 --> 00:55:05,010

questions for you as you're going along

1148

00:55:13,100 --> 00:55:07,230

tell them this story that I want to talk

1149

00:55:14,450 --> 00:55:13,110

about but but still right now just I'm

1150

00:55:15,740 --> 00:55:14,460

gonna I don't see any questions anyone

1151

00:55:17,359 --> 00:55:15,750

wants to post a question in the chat

1152

00:55:19,340 --> 00:55:17,369

room right now while we're on break feel

1153

00:55:23,240 --> 00:55:19,350

free to do so and I'll try to get to one

1154

00:55:24,440 --> 00:55:23,250

or two your questions but have you ever

1155

00:55:28,310 --> 00:55:24,450

heard of Dave Marlar

1156

00:55:30,530 --> 00:55:28,320

I have not okay Dave Marlar focuses on

1157

00:55:31,910 --> 00:55:30,540

triangle UFOs he'd be very interested in

1158

00:55:33,770 --> 00:55:31,920

talking to you I mean I know he would

1159

00:55:36,950 --> 00:55:33,780

and by the way for the listening

1160

00:55:40,640 --> 00:55:36,960

audience Dave is coming up he's gonna be

1161

00:55:43,130 --> 00:55:40,650

up on December 22nd I believe it is

1162

00:55:45,440 --> 00:55:43,140

what's exactly the it's actually the

1163

00:55:48,710 --> 00:55:45,450

weekend but I'm not gonna run the show

1164

00:55:51,020 --> 00:55:48,720

on Christmas Day so he's gonna be up on

1165

00:55:52,070 --> 00:55:51,030

December 22nd Dave Marla would love to

1166

00:55:54,980 --> 00:55:52,080

hear this story

1167

00:55:57,380 --> 00:55:54,990

he has written books on triangle UFOs

1168

00:55:58,790 --> 00:55:57,390

because the reason I say I know Dave

1169

00:56:02,660 --> 00:55:58,800

would really like to hear this because

1170

00:56:06,980 --> 00:56:02,670

there's not a ton of triangle UFOs prior

1171

00:56:09,230 --> 00:56:06,990

to you know the last decade or two

1172

00:56:11,210 --> 00:56:09,240

there's not a ton of them in the 70s

1173

00:56:13,130 --> 00:56:11,220

however I've heard of you know several

1174

00:56:16,300 --> 00:56:13,140

of them but there's not like a ton now

1175

00:56:19,760 --> 00:56:16,310

there seems to be a lot of triangle UFOs

1176

00:56:25,310 --> 00:56:19,770

that are reported so let me just see if

1177

00:56:28,750 --> 00:56:25,320

I have any and have you have you since

1178

00:56:31,910 --> 00:56:28,760

you came out with this book have you

1179

00:56:34,310 --> 00:56:31,920

contacted any because you can go way

1180

00:56:36,320 --> 00:56:34,320

back I know this is back in 77 but you

1181

00:56:39,050 --> 00:56:36,330

can go you can still report a UFO

1182

00:56:41,750 --> 00:56:39,060

sighting now that happened all the way

1183

00:56:46,030 --> 00:56:41,760

back then are you aware that you know I

1184

00:56:48,070 --> 00:56:46,040

did what I called MUFON

1185

00:56:51,160 --> 00:56:48,080

and there there's some very good people

1186

00:56:59,470 --> 00:56:51,170

that move on I know and I called the

1187

00:57:02,170 --> 00:56:59,480

Dallas MUFON folks back in 2014 and a

1188

00:57:08,590 --> 00:57:02,180

guy came out to talk to me and I showed

1189

00:57:12,880 --> 00:57:08,600

him the x-rays of my leg and he was kind

1190

00:57:14,590 --> 00:57:12,890

of all kind of dismissive of them and so

1191

00:57:18,370 --> 00:57:14,600

I don't not a radiologist I don't know

1192

00:57:20,460 --> 00:57:18,380

what these are and in fairness you don't

1193

00:57:25,030 --> 00:57:20,470

need a medical degree to see this thing

1194

00:57:27,520 --> 00:57:25,040

and he said uh you know this is in 1977

1195

00:57:30,700 --> 00:57:27,530

I don't know what you know what much we

1196

00:57:32,470 --> 00:57:30,710

could do for you now so he took a report

1197

00:57:38,500 --> 00:57:32,480

and that was that was pretty much it

1198

00:57:41,530 --> 00:57:38,510

about that yeah yeah I think you know

1199

00:57:44,020 --> 00:57:41,540

your story is extraordinary you know we

1200

00:57:46,570 --> 00:57:44,030

will get into the implant or whatever it

1201
00:57:49,870 --> 00:57:46,580
is in your leg you know later on and and

1202
00:57:51,850 --> 00:57:49,880
as we go here the story itself is

1203
00:57:54,940 --> 00:57:51,860
extraordinary and what happens after

1204
00:57:58,270 --> 00:57:54,950
that which will continue on in the end

1205
00:58:00,640 --> 00:57:58,280
the second part of this and again we

1206
00:58:08,350 --> 00:58:00,650
will take we will take some questions

1207
00:58:10,930 --> 00:58:08,360
and so has anyone else contacted you and

1208
00:58:12,670 --> 00:58:10,940
talked about a similar situation

1209
00:58:15,160 --> 00:58:12,680
happening to them since you came out

1210
00:58:17,830 --> 00:58:15,170
with this book you know what I did was

1211
00:58:22,210 --> 00:58:17,840
in the epilogue of my book I I put down

1212
00:58:25,720 --> 00:58:22,220
an email address Lovelace man Pope at

1213
00:58:27,430 --> 00:58:25,730

gmail.com and I said in the epilogue I

1214

00:58:29,380 --> 00:58:27,440

said look I'm not a therapist or a

1215

00:58:31,210 --> 00:58:29,390

doctor but you know if you've had an

1216

00:58:34,560 --> 00:58:31,220

experience like this and you'd like to

1217

00:58:37,390 --> 00:58:34,570

discuss it I'd be happy to talk to you I

1218

00:58:42,730 --> 00:58:37,400

said I promise I answer every every

1219

00:58:47,590 --> 00:58:42,740

email and I've got almost 400 since

1220

00:58:50,170 --> 00:58:47,600

March right Wow that is totally amazing

1221

00:58:52,000 --> 00:58:50,180

and I that's really great that you did

1222

00:58:54,310 --> 00:58:52,010

that I think race are we ready to go

1223

00:58:56,590 --> 00:58:54,320

back yes sir was your honor

1224

00:58:57,490 --> 00:58:56,600

okay how many seconds we got left mr.

1225

00:58:59,770 --> 00:58:57,500

love legs you ready

1226

00:59:02,260 --> 00:58:59,780

I certainly am Arden you also

1227

00:59:04,060 --> 00:59:02,270

we are all set here all right here we go

1228

00:59:07,600 --> 00:59:04,070

we're going commercial-free for the

1229

00:59:13,870 --> 00:59:07,610

final hour here yeah yeah five four

1230

00:59:16,510 --> 00:59:13,880

three two all right welcome back this is

1231

00:59:19,960 --> 00:59:16,520

Martin Willis podcast UFO my guest is

1232

00:59:21,910 --> 00:59:19,970

Terry Lovelace and when we left for the

1233

00:59:24,040 --> 00:59:21,920

last break we were talking about him

1234

00:59:26,080 --> 00:59:24,050

getting the heck out of there and saying

1235

00:59:27,850 --> 00:59:26,090

that he was kind of uh driving along in

1236

00:59:33,250 --> 00:59:27,860

a place where there wasn't much going on

1237

00:59:36,850 --> 00:59:33,260

uh Terry did you feel like calling who

1238

00:59:39,550 --> 00:59:36,860

you know who would you call did you feel

1239

00:59:40,960 --> 00:59:39,560

like reporting this somehow or just

1240

00:59:41,800 --> 00:59:40,970

getting the heck out of there was what

1241

00:59:46,300 --> 00:59:41,810

what came to mind

1242

00:59:49,630 --> 00:59:46,310

well what two things was to put as much

1243

00:59:54,460 --> 00:59:49,640

distance between us and Devil's Den as

1244

00:59:56,770 --> 00:59:54,470

we could and thirst the thirst was

1245

00:59:58,120 --> 00:59:56,780

absolutely incredible and getting

1246

01:00:01,690 --> 00:59:58,130

something to drink getting something

1247

01:00:03,460 --> 01:00:01,700

liquid in us was priority number one and

1248

01:00:07,240 --> 01:00:03,470

we drove for over an hour before he

1249

01:00:12,690 --> 01:00:07,250

found a little local place and it was

1250

01:00:15,100 --> 01:00:12,700

dawn at that time and we pulled in and

1251

01:00:17,470 --> 01:00:15,110

we went in and I I went to the bathroom

1252

01:00:19,330 --> 01:00:17,480

and I splashed some water in my face and

1253

01:00:22,540 --> 01:00:19,340

I noticed that as the Sun was coming up

1254

01:00:26,560 --> 01:00:22,550

I was just photo phobic I just the light

1255

01:00:29,080 --> 01:00:26,570

just was like sand in my eyes and I went

1256

01:00:31,230 --> 01:00:29,090

and I splashed water on my face and I

1257

01:00:33,520 --> 01:00:31,240

pulled up my shirt and I splashed water

1258

01:00:38,350 --> 01:00:33,530

and that's when I notice how red I was

1259

01:00:41,410 --> 01:00:38,360

my eyes were swollen my entire body was

1260

01:00:44,740 --> 01:00:41,420

like sunburned I didn't didn't blister

1261

01:00:47,440 --> 01:00:44,750

anywhere but the scalp on my head I

1262

01:00:49,480 --> 01:00:47,450

think had a hair at that time the scalp

1263

01:00:52,060 --> 01:00:49,490

on my head the soles of my feet under my

1264

01:00:56,050 --> 01:00:52,070

arms every every place the soles of your

1265

01:01:02,170 --> 01:00:56,060

feet yes every place every every stuck

1266

01:01:06,310 --> 01:01:02,180

in my body was sunburned Wow burned and

1267

01:01:08,350 --> 01:01:06,320

I I held my hands under this faucet and

1268

01:01:11,770 --> 01:01:08,360

I drank as much as I could hold and I

1269

01:01:12,990 --> 01:01:11,780

was still thirsty I opened the door and

1270

01:01:14,490 --> 01:01:13,000

here's Toby stay

1271

01:01:16,790 --> 01:01:14,500

then against his post like he's about

1272

01:01:24,000 --> 01:01:16,800

ready to fall over and his eyes are just

1273

01:01:26,850 --> 01:01:24,010

he's face face too swollen and he came

1274

01:01:29,130 --> 01:01:26,860

in and I went and I got a Sabourin soda

1275

01:01:33,510 --> 01:01:29,140

and he bought some a gallon of grape aid

1276

01:01:36,600 --> 01:01:33,520

and we headed back up toward the airbase

1277

01:01:38,700 --> 01:01:36,610

and I remember thinking a couple odd

1278

01:01:42,330 --> 01:01:38,710

things happen again and that was I

1279

01:01:45,060 --> 01:01:42,340

remember thinking if he falls asleep as

1280

01:01:49,680 --> 01:01:45,070

I finished my six cans of my orange soda

1281

01:01:51,930 --> 01:01:49,690

in like no time and he was asleep and he

1282

01:01:53,940 --> 01:01:51,940

had about a third of that left in his

1283

01:01:55,740 --> 01:01:53,950

container and I thought I can't drink

1284

01:01:58,980 --> 01:01:55,750

that I could take that from him and

1285

01:02:01,320 --> 01:01:58,990

he'll never know Wow and that's not I

1286

01:02:04,020 --> 01:02:01,330

don't think that way yeah That's not me

1287

01:02:06,930 --> 01:02:04,030

and I remember thinking well where did

1288

01:02:11,280 --> 01:02:06,940

it come from and this is the oddest

1289

01:02:15,150 --> 01:02:11,290

emotion but hearing the sky was my best

1290

01:02:16,260 --> 01:02:15,160

friend we work together our wives were

1291

01:02:18,960 --> 01:02:16,270

best of friends

1292

01:02:20,910 --> 01:02:18,970

we socialized together played cards

1293

01:02:23,640 --> 01:02:20,920

barbecue just we were the best of

1294

01:02:25,830 --> 01:02:23,650

friends and for some reason I didn't

1295

01:02:29,690 --> 01:02:25,840

want anything to do with the guy really

1296

01:02:32,370 --> 01:02:29,700

and I don't understand that emotion I

1297

01:02:37,380 --> 01:02:32,380

didn't understand it then I don't

1298

01:02:40,080 --> 01:02:37,390

understand it to this day but that

1299

01:02:41,910 --> 01:02:40,090

that's what happened we got back to the

1300

01:02:43,380 --> 01:02:41,920

airbase just a second there if you

1301

01:02:45,600 --> 01:02:43,390

wouldn't mind do you think that was a

1302

01:02:50,790 --> 01:02:45,610

mutual feeling did you feel the same way

1303

01:02:54,570 --> 01:02:50,800

from him Toby was different well we were

1304

01:02:58,190 --> 01:02:54,580

both different I mean that whatever we

1305

01:03:01,890 --> 01:02:58,200

what we went through was some changed us

1306

01:03:05,220 --> 01:03:01,900

I mean so much that I can tend to think

1307

01:03:08,820 --> 01:03:05,230

of my life in terms of three 1977 and

1308

01:03:10,560 --> 01:03:08,830

post 1977 it I mean it was an event in

1309

01:03:13,110 --> 01:03:10,570

my life like the birth of my children or

1310

01:03:20,220 --> 01:03:13,120

something it wasn't a major life event

1311

01:03:22,770 --> 01:03:20,230

yeah when we got back to the airbase we

1312

01:03:25,830 --> 01:03:22,780

were both hospitalized and they put us

1313

01:03:26,960 --> 01:03:25,840

in I remember thinking you know we get

1314

01:03:28,640 --> 01:03:26,970

private rooms

1315

01:03:30,200 --> 01:03:28,650

well at that time enlisted men didn't

1316

01:03:35,359 --> 01:03:30,210

get private room so you would have a

1317

01:03:40,130 --> 01:03:35,369

room on an open ward and I thought that

1318

01:03:42,800 --> 01:03:40,140

was I and they kept us separated and

1319

01:03:46,000 --> 01:03:42,810

what I found out later happened was the

1320

01:03:51,050 --> 01:03:46,010

park rangers had found our campsite and

1321

01:03:55,069 --> 01:03:51,060

inside Toby's backpack was his address

1322

01:03:57,349 --> 01:03:55,079

and that's how the park rangers got

1323

01:03:59,660 --> 01:03:57,359

ahold of us I got ahold of the base and

1324

01:04:03,520 --> 01:03:59,670

that's how the security police got

1325

01:04:08,569 --> 01:04:03,530

involved Wow slow

1326

01:04:14,000 --> 01:04:08,579

it was the second night to get into the

1327

01:04:16,670 --> 01:04:14,010

bit about the security police Mike the

1328

01:04:19,970 --> 01:04:16,680

hospital commander was there and he he

1329

01:04:21,859 --> 01:04:19,980

told me he said we're you know I think

1330

01:04:23,930 --> 01:04:21,869

he used the word higher-ups or some BOTS

1331

01:04:26,359 --> 01:04:23,940

not something like he said they want you

1332

01:04:28,579 --> 01:04:26,369

guys you guys are to stay apart where

1333

01:04:30,230 --> 01:04:28,589

you know you're gonna have no contact

1334

01:04:35,960 --> 01:04:30,240

with Toby he's they have no contact with

1335

01:04:38,089 --> 01:04:35,970

you and I didn't understand that and I

1336

01:04:40,760 --> 01:04:38,099

was hospitalized for three days and two

1337

01:04:44,300 --> 01:04:40,770

nights on the evening before I was going

1338

01:04:47,270 --> 01:04:44,310

to be discharged my evening nurse came

1339

01:04:49,970 --> 01:04:47,280

in I we both worked in the hospital I

1340

01:04:52,010 --> 01:04:49,980

knew everyone in the hospital and she

1341

01:04:54,349 --> 01:04:52,020

came in with an injection for some pain

1342

01:04:56,359 --> 01:04:54,359

medicine and they kept the lights off in

1343

01:05:00,680 --> 01:04:56,369

the room because I had my eyes hurt so

1344

01:05:06,319 --> 01:05:00,690

bad and behind her came two guys in

1345

01:05:09,290 --> 01:05:06,329

suits and these guys I mean they they

1346

01:05:10,910 --> 01:05:09,300

they were cops I mean look at him and

1347

01:05:14,569 --> 01:05:10,920

tell they weren't they were they carry

1348

01:05:16,309 --> 01:05:14,579

themselves with Authority and I just

1349

01:05:25,010 --> 01:05:16,319

knew they were police and I wearing

1350

01:05:29,120 --> 01:05:25,020

black many black blue suits but they the

1351

01:05:31,550 --> 01:05:29,130

older guy had that flattop haircut like

1352

01:05:33,620 --> 01:05:31,560

they used to wear you know in the 60s

1353

01:05:38,279 --> 01:05:33,630

and a real square jaw real real tough

1354

01:05:41,099 --> 01:05:38,289

guy kind of kind of look about them

1355

01:05:43,289 --> 01:05:41,109

and I remember he said to the nurse if

1356

01:05:45,479 --> 01:05:43,299

that's gonna sedate him it's gonna have

1357

01:05:49,140 --> 01:05:45,489

to wait we need to ask sergeant Lovelace

1358

01:05:50,599 --> 01:05:49,150

a few questions and he said and shut the

1359

01:05:54,569 --> 01:05:50,609

door on your way out

1360

01:05:58,919 --> 01:05:54,579

and she left in a huff and shut the door

1361

01:06:00,929 --> 01:05:58,929

why did he get my pain medicine and this

1362

01:06:03,809 --> 01:06:00,939

guy he clicked on the overhead lights

1363

01:06:08,640 --> 01:06:03,819

and I'm like sir could you could you

1364

01:06:10,890 --> 01:06:08,650

please turn those off and it started off

1365

01:06:13,229 --> 01:06:10,900

he said you know no gotta see what we're

1366

01:06:18,419 --> 01:06:13,239

doing her son can't work in a dark can

1367

01:06:20,130 --> 01:06:18,429

we and in unison they they were they

1368

01:06:22,079 --> 01:06:20,140

operator there was I asked to see their

1369

01:06:23,549 --> 01:06:22,089

IDs they showed me their IDs one was so

1370

01:06:27,929 --> 01:06:23,559

the older guy was a major the younger

1371

01:06:30,599 --> 01:06:27,939

guy was a captain and I refer to in the

1372

01:06:33,959 --> 01:06:30,609

book is agent Gregory was the major the

1373

01:06:37,769 --> 01:06:33,969

older guy and he swooped off everything

1374

01:06:39,659 --> 01:06:37,779

off the top of my tray table and kind of

1375

01:06:41,729 --> 01:06:39,669

rolled it over while he's doing that the

1376

01:06:45,299 --> 01:06:41,739

captain cranks up my bed so I'm in a

1377

01:06:48,089 --> 01:06:45,309

sitting position and pulls his table

1378

01:06:52,799 --> 01:06:48,099

underneath me and and starts asking me

1379

01:06:54,749 --> 01:06:52,809

questions and you know I years later I'd

1380

01:06:57,359 --> 01:06:54,759

come to recognize what they were doing

1381

01:06:59,459 --> 01:06:57,369

with what he was doing was kind of

1382

01:07:03,239 --> 01:06:59,469

standard interrogation kind of technique

1383

01:07:05,459 --> 01:07:03,249

he would he would ask me mixed yes-or-no

1384

01:07:10,829 --> 01:07:05,469

questions and then go ballistic if I got

1385

01:07:13,370 --> 01:07:10,839

it wrong like for instance he said now

1386

01:07:17,159 --> 01:07:13,380

did you guys stay in the park that night

1387

01:07:21,569 --> 01:07:17,169

and I thought he was referring you to

1388

01:07:23,969 --> 01:07:21,579

the campground and I said no sir and he

1389

01:07:28,559 --> 01:07:23,979

went ballistic and said well where did

1390

01:07:31,380 --> 01:07:28,569

you stay the hell expletives deleted and

1391

01:07:34,229 --> 01:07:31,390

like what no I we didn't stay in a

1392

01:07:36,530 --> 01:07:34,239

campground and he said I'll let that one

1393

01:07:38,689 --> 01:07:36,540

go because you just might be that stupid

1394

01:07:42,449 --> 01:07:38,699

[Laughter]

1395

01:07:46,589 --> 01:07:42,459

yeah the whole point of the exercise was

1396

01:07:47,909 --> 01:07:46,599

intimidation and sure I I'm scared to

1397

01:07:51,069 --> 01:07:47,919

death I'm thinking my guy that we burn

1398

01:07:55,539 --> 01:07:51,079

the forest down you know

1399

01:07:57,130 --> 01:07:55,549

happen and he said he called me son

1400

01:07:59,259 --> 01:07:57,140

he started almost every sentence that he

1401

01:08:01,150 --> 01:07:59,269

dressed with a son and he said son I

1402

01:08:05,259 --> 01:08:01,160

want to know what you and your buddy

1403

01:08:07,959 --> 01:08:05,269

were down there doing and well why did

1404

01:08:10,089 --> 01:08:07,969

you leave all your stuff down there did

1405

01:08:11,440 --> 01:08:10,099

you my only guess is you planned on

1406

01:08:13,420 --> 01:08:11,450

coming back right away

1407

01:08:14,920 --> 01:08:13,430

and he said what do you have a little

1408

01:08:17,289 --> 01:08:14,930

marijuana plant going down there a

1409

01:08:19,510 --> 01:08:17,299

little marijuana plant or something and

1410

01:08:21,370 --> 01:08:19,520

that scared me to death and I thought oh

1411

01:08:25,899 --> 01:08:21,380

my god you know because if somebody

1412

01:08:28,539 --> 01:08:25,909

weren't growing marijuana down there you

1413

01:08:36,099 --> 01:08:28,549

know we could try to hang it on us so

1414

01:08:38,260 --> 01:08:36,109

I'm I'm very much intimidated and he got

1415

01:08:39,910 --> 01:08:38,270

through some his briefcase he pulled out

1416

01:08:44,320 --> 01:08:39,920

some forms and made some forms in front

1417

01:08:45,879 --> 01:08:44,330

of me and he said I'm gonna read you

1418

01:08:50,339 --> 01:08:45,889

your rights and he read me my rights

1419

01:08:54,490 --> 01:08:50,349

she knows didn't make me feel any better

1420

01:08:57,339 --> 01:08:54,500

and he laid out these six forms and he

1421

01:09:00,430 --> 01:08:57,349

handed me a pen and I said sir what I

1422

01:09:02,680 --> 01:09:00,440

need and he said son these are waivers

1423

01:09:05,320 --> 01:09:02,690

and consents please give us right to

1424

01:09:09,459 --> 01:09:05,330

take a look in your car and to take a

1425

01:09:13,300 --> 01:09:09,469

look in your house son and I said sir

1426

01:09:14,829 --> 01:09:13,310

why and he said what would make sure

1427

01:09:16,120 --> 01:09:14,839

that you're not hiding anything you

1428

01:09:19,990 --> 01:09:16,130

don't have anything that you shouldn't

1429

01:09:21,609 --> 01:09:20,000

have do ya and you know I was 22 years

1430

01:09:23,910 --> 01:09:21,619

old I didn't have the benefit of a law

1431

01:09:26,289 --> 01:09:23,920

degree I mean as young I was dumb I

1432

01:09:28,629 --> 01:09:26,299

didn't know to ask for an attorney I

1433

01:09:29,979 --> 01:09:28,639

thought well if I don't cooperate this

1434

01:09:32,890 --> 01:09:29,989

guy's gonna think I'm trying to hide

1435

01:09:34,599 --> 01:09:32,900

something you know I didn't want to tell

1436

01:09:35,829 --> 01:09:34,609

him yeah I just saw a UFO the size of an

1437

01:09:38,349 --> 01:09:35,839

office building I didn't want to say

1438

01:09:45,839 --> 01:09:43,419

so what his what the point is they could

1439

01:09:48,510 --> 01:09:45,849

jump - the point was he wanted to know

1440

01:09:50,589 --> 01:09:48,520

he asked me after we looked at a lot of

1441

01:09:52,809 --> 01:09:50,599

interrogation he said I want to know

1442

01:09:56,350 --> 01:09:52,819

exactly how many photographs she took

1443

01:10:01,030 --> 01:09:56,360

once you entered the Clark and I said

1444

01:10:02,680 --> 01:10:01,040

sorry I didn't take any at all and he

1445

01:10:04,540 --> 01:10:02,690

got down in my face and said I don't

1446

01:10:08,140 --> 01:10:04,550

believe you

1447

01:10:09,939 --> 01:10:08,150

and I said sir I did I did not take sing

1448

01:10:12,879 --> 01:10:09,949

god I wish I did I wish I'd taken a

1449

01:10:18,399 --> 01:10:12,889

dozen photographs and held them and hid

1450

01:10:20,379 --> 01:10:18,409

the film what I didn't and the nurse

1451

01:10:21,760 --> 01:10:20,389

came back and said you know doctor

1452

01:10:24,129 --> 01:10:21,770

what's lovely is to have his pain meds

1453

01:10:25,689 --> 01:10:24,139

right now so I'll bring the doctor down

1454

01:10:27,370 --> 01:10:25,699

here if you'd like and the majors like

1455

01:10:30,370 --> 01:10:27,380

no no no I think we're about done here

1456

01:10:32,589 --> 01:10:30,380

and the captain leaves the room the

1457

01:10:34,720 --> 01:10:32,599

nurse leaves the room and this major

1458

01:10:40,030 --> 01:10:34,730

kind of shuts the door and he gets down

1459

01:10:44,709 --> 01:10:40,040

right next to my ear and he says son I

1460

01:10:46,990 --> 01:10:44,719

know and you know that you two

1461

01:10:49,959 --> 01:10:47,000

knuckleheads stumbled onto something out

1462

01:10:52,240 --> 01:10:49,969

there didn't you Wow and I think you

1463

01:10:57,700 --> 01:10:52,250

know what I mean I think you know what I

1464

01:11:01,180 --> 01:10:57,710

mean sergeant and I said sir I and I

1465

01:11:03,939 --> 01:11:01,190

didn't say yes we didn't say no and he

1466

01:11:08,049 --> 01:11:03,949

says I want to know how many pictures

1467

01:11:11,879 --> 01:11:08,059

you took of it and that's what I do did

1468

01:11:16,120 --> 01:11:11,889

he say did he say of it uh-huh

1469

01:11:20,500 --> 01:11:16,130

Wow and that's what he said for the

1470

01:11:22,089 --> 01:11:20,510

second time I don't believe you now can

1471

01:11:25,330 --> 01:11:22,099

we just just pause here for just a

1472

01:11:29,680 --> 01:11:25,340

second do you think that they possibly

1473

01:11:33,640 --> 01:11:29,690

had radar information on this craft and

1474

01:11:35,669 --> 01:11:33,650

your general location and time how do

1475

01:11:37,510 --> 01:11:35,679

you think they put the pieces together I

1476

01:11:39,040 --> 01:11:37,520

think that's right

1477

01:11:44,470 --> 01:11:39,050

I think it must have been probably a

1478

01:11:49,060 --> 01:11:44,480

radar return white minister and still is

1479

01:11:51,520 --> 01:11:49,070

a nuclear base and so and there are

1480

01:11:54,189 --> 01:11:51,530

there are some other Army and Air Force

1481

01:11:57,549 --> 01:11:54,199

bases all all in the area so I'm sure

1482

01:12:01,629 --> 01:11:57,559

that that there was probably a radar

1483

01:12:03,750 --> 01:12:01,639

return on this thing I'm guessing could

1484

01:12:06,010 --> 01:12:03,760

have been the Park Rangers reported it

1485

01:12:09,280 --> 01:12:06,020

you know I don't know what they call

1486

01:12:13,299 --> 01:12:09,290

ever known yeah the Rangers that very

1487

01:12:16,510 --> 01:12:13,309

well could have been hmm Wow and was

1488

01:12:18,280 --> 01:12:16,520

there any other did you see these two

1489

01:12:20,500 --> 01:12:18,290

fellows again was there any

1490

01:12:22,960 --> 01:12:20,510

other thing they asked you to do or not

1491

01:12:24,090 --> 01:12:22,970

do and by the way did you sign all the

1492

01:12:26,410 --> 01:12:24,100

forms

1493

01:12:29,050 --> 01:12:26,420

mind everything they sat in front of me

1494

01:12:30,700 --> 01:12:29,060

and and I couldn't read a word of it be

1495

01:12:34,120 --> 01:12:30,710

honest with me I was too scared and my

1496

01:12:35,920 --> 01:12:34,130

eyes were almost swollen shut and I had

1497

01:12:40,840 --> 01:12:35,930

signed a consent for them to search my

1498

01:12:43,470 --> 01:12:40,850

car and switch my home and and they did

1499

01:12:49,150 --> 01:12:43,480

and scared the hell out of my poor wife

1500

01:12:50,500 --> 01:12:49,160

yeah they took I had some photographs I

1501
01:12:53,410 --> 01:12:50,510
said there wasn't much you could

1502
01:12:54,850 --> 01:12:53,420
photograph on the base I had a new

1503
01:12:56,410 --> 01:12:54,860
telephoto lens and I took a lot of

1504
01:12:59,650 --> 01:12:56,420
photographs I was fascinated with the

1505
01:13:02,070 --> 01:12:59,660
full moon for some reason and I took a

1506
01:13:04,510 --> 01:13:02,080
bunch of pictures of the full moon and

1507
01:13:07,750 --> 01:13:04,520
developed them and they took all of

1508
01:13:11,770 --> 01:13:07,760
those I never got this back recent I

1509
01:13:14,740 --> 01:13:11,780
don't know they took my car I head on

1510
01:13:19,270 --> 01:13:14,750
Toby had drawn a map when we went into

1511
01:13:23,140 --> 01:13:19,280
this park he had the foresight to grab a

1512
01:13:25,540 --> 01:13:23,150
bank paper out of the glove box and a

1513
01:13:28,150 --> 01:13:25,550

little pencil and threw us a crude map

1514

01:13:31,660 --> 01:13:28,160

of where we went and how we got to where

1515

01:13:34,900 --> 01:13:31,670

we were and he relied on that and a

1516

01:13:37,080 --> 01:13:34,910

flashlight to get us out of that park at

1517

01:13:40,450 --> 01:13:37,090

night if we hadn't had that to rely on

1518

01:13:46,930 --> 01:13:40,460

we I don't know where we didn't end it

1519

01:13:51,190 --> 01:13:46,940

up but they wanted that map yeah their

1520

01:13:53,200 --> 01:13:51,200

agent Gregory laid out a a map of the of

1521

01:13:56,380 --> 01:13:53,210

the park and said now where did you stay

1522

01:13:59,290 --> 01:13:56,390

and I said from what I could make out I

1523

01:14:03,160 --> 01:13:59,300

said well the map ends here we went over

1524

01:14:06,130 --> 01:14:03,170

here and he asked me to draw a picture

1525

01:14:08,980 --> 01:14:06,140

of this meadow as if I were looking from

1526

01:14:11,050 --> 01:14:08,990

above and wanted me to put you know an X

1527

01:14:13,360 --> 01:14:11,060

where we set the tent draw a little box

1528

01:14:20,800 --> 01:14:13,370

for the car estimate the length and the

1529

01:14:23,830 --> 01:14:20,810

width just all these things and but

1530

01:14:25,840 --> 01:14:23,840

before he before he left after he said

1531

01:14:28,150 --> 01:14:25,850

you know I you two knuckleheads stumbled

1532

01:14:30,610 --> 01:14:28,160

onto this and I don't believe you I

1533

01:14:31,739 --> 01:14:30,620

think I smiled and turn the lights off

1534

01:14:35,850 --> 01:14:31,749

for me

1535

01:14:38,580 --> 01:14:35,860

and what huh strange guy yeah bizarre

1536

01:14:41,310 --> 01:14:38,590

well what did that when you were in the

1537

01:14:44,930 --> 01:14:41,320

hospital what was what did they say were

1538

01:14:48,089 --> 01:14:44,940

test results what was going on with you

1539

01:14:50,399 --> 01:14:48,099

there was a lot they took a lot of blood

1540

01:14:51,750 --> 01:14:50,409

from me and they told me that we were

1541

01:14:55,620 --> 01:14:51,760

severely dehydrated

1542

01:14:58,319 --> 01:14:55,630

I knew the doctors and I didn't knew the

1543

01:15:01,589 --> 01:14:58,329

nurses and there was an older doctor

1544

01:15:05,609 --> 01:15:01,599

there who a full-bird colonel who was

1545

01:15:09,049 --> 01:15:05,619

near retirement who came and talked to

1546

01:15:11,969 --> 01:15:09,059

me the last day of my hospitalization

1547

01:15:14,100 --> 01:15:11,979

and he came in and sat down on my bed

1548

01:15:16,020 --> 01:15:14,110

and he was kind of almost like a senile

1549

01:15:19,229 --> 01:15:16,030

bit of a I think there was a bit of

1550

01:15:21,149 --> 01:15:19,239

senility going on there and he sat on my

1551

01:15:22,950 --> 01:15:21,159

bed and he said well we got all the lab

1552

01:15:25,410 --> 01:15:22,960

tests back and everything's perfectly

1553

01:15:27,270 --> 01:15:25,420

explainable what happened was when you

1554

01:15:28,890 --> 01:15:27,280

two guys laid on that rock up there

1555

01:15:31,890 --> 01:15:28,900

there there must have been some natural

1556

01:15:33,660 --> 01:15:31,900

radiation in that rock but you know

1557

01:15:35,729 --> 01:15:33,670

nobody needs to know that you know but

1558

01:15:39,180 --> 01:15:35,739

you know that's you know nobody needs to

1559

01:15:41,129 --> 01:15:39,190

know that and you know I think that's

1560

01:15:44,459 --> 01:15:41,139

what what led to your burns and made you

1561

01:15:47,189 --> 01:15:44,469

guys so sick and he said well and and

1562

01:15:50,219 --> 01:15:47,199

that and you didn't use enough enough

1563

01:15:52,379 --> 01:15:50,229

sunscreen and I wanted to say look I you

1564

01:15:55,080 --> 01:15:52,389

know I never took my shirt off never

1565

01:15:57,930 --> 01:15:55,090

took my head off but you know I didn't

1566

01:16:00,149 --> 01:15:57,940

say anything and any system that struck

1567

01:16:02,489 --> 01:16:00,159

me as odd he said you know we've given

1568

01:16:06,359 --> 01:16:02,499

you some medicine and it's gonna make it

1569

01:16:08,040 --> 01:16:06,369

have some funny dreams and he says when

1570

01:16:11,459 --> 01:16:08,050

you have one of these dreams the best

1571

01:16:13,200 --> 01:16:11,469

thing to do is not talk about it just

1572

01:16:16,439 --> 01:16:13,210

get it off your mind and ignore it and

1573

01:16:18,330 --> 01:16:16,449

they'll go away and I thought about that

1574

01:16:19,259 --> 01:16:18,340

you know he's telling me not to talk

1575

01:16:25,169 --> 01:16:19,269

about my dreams

1576

01:16:28,709 --> 01:16:25,179

that's it seems I and that's about all

1577

01:16:30,479 --> 01:16:28,719

the diagnosis we got that and what I

1578

01:16:36,029 --> 01:16:30,489

referred to in the book is the bucket of

1579

01:16:37,529 --> 01:16:36,039

pills they discharged us both with these

1580

01:16:41,419 --> 01:16:37,539

capsules they were generic looking

1581

01:16:44,920 --> 01:16:41,429

capsules and I was to take three a day

1582

01:16:47,800 --> 01:16:44,930

pregnant three times a day I'd take

1583

01:16:51,910 --> 01:16:47,810

capsules morning afternoon and evening

1584

01:16:54,430 --> 01:16:51,920

and they sent a nurse to my house every

1585

01:16:57,040 --> 01:16:54,440

evening to do a pill count to make sure

1586

01:17:00,220 --> 01:16:57,050

that I had taken the medicine now and

1587

01:17:01,720 --> 01:17:00,230

this nurse that came I did not recognize

1588

01:17:05,020 --> 01:17:01,730

and I knew everybody in the hospital

1589

01:17:08,770 --> 01:17:05,030

squadron and she did not wear a nametag

1590

01:17:10,750 --> 01:17:08,780

and she was all business she never once

1591

01:17:13,120 --> 01:17:10,760

asked me how I felt if my blood pressure

1592

01:17:14,980 --> 01:17:13,130

she was there to count the pills to make

1593

01:17:18,370 --> 01:17:14,990

sure that I'd taken their daily

1594

01:17:19,930 --> 01:17:18,380

allotment and about the third or fourth

1595

01:17:24,150 --> 01:17:19,940

day end of this my wife knows you know

1596

01:17:26,740 --> 01:17:24,160

you're really loopy you are out of it

1597

01:17:30,040 --> 01:17:26,750

and I'm like you know I don't I don't

1598

01:17:34,300 --> 01:17:30,050

feel right and she says you know I think

1599

01:17:38,470 --> 01:17:34,310

it's those toes you're taking and I said

1600

01:17:40,510 --> 01:17:38,480

yeah maybe maybe and she was right and I

1601
01:17:42,130 --> 01:17:40,520
stopped taking him immediately and what

1602
01:17:44,350 --> 01:17:42,140
I do is I flush three of them down

1603
01:17:45,580 --> 01:17:44,360
tutorial at the times that I was

1604
01:17:47,020 --> 01:17:45,590
supposed to take them because I didn't

1605
01:17:50,680 --> 01:17:47,030
know what time she might show up to do a

1606
01:17:53,770 --> 01:17:50,690
pillow count oh yeah I never took took

1607
01:17:57,190 --> 01:17:53,780
more than the last 11 days I never took

1608
01:17:59,680 --> 01:17:57,200
and I wanted to this day I know Toby had

1609
01:18:03,490 --> 01:17:59,690
so many problems and I wonder if those

1610
01:18:06,340 --> 01:18:03,500
pills did something to his psyche or his

1611
01:18:08,920 --> 01:18:06,350
mind that caused him to have all these

1612
01:18:13,570 --> 01:18:08,930
problems in life did you talk to him

1613
01:18:16,630 --> 01:18:13,580

about taking the pills at any point we

1614

01:18:20,920 --> 01:18:16,640

were under this no contact order and I

1615

01:18:23,110 --> 01:18:20,930

had these really conflicted emotions on

1616

01:18:25,870 --> 01:18:23,120

one hand I wanted nothing to do with the

1617

01:18:27,730 --> 01:18:25,880

guy and on the other I felt like I

1618

01:18:31,300 --> 01:18:27,740

absolutely had to see him one more time

1619

01:18:33,850 --> 01:18:31,310

and I did and we were coming home from

1620

01:18:35,950 --> 01:18:33,860

the grocery store and we have both lived

1621

01:18:38,020 --> 01:18:35,960

in an NCO house a couple blocks apart

1622

01:18:40,030 --> 01:18:38,030

and I asked my wife I said would you

1623

01:18:41,950 --> 01:18:40,040

pull over I want to run in and she's

1624

01:18:44,230 --> 01:18:41,960

like no don't do bad you know don't

1625

01:18:45,700 --> 01:18:44,240

don't violate this order and I'm like

1626

01:18:47,890 --> 01:18:45,710

look it'll be all right I'll be in I'll

1627

01:18:51,340 --> 01:18:47,900

be back in 30 seconds I just got to tell

1628

01:18:53,920 --> 01:18:51,350

good tell Toby goodbye so I walked in

1629

01:18:55,480 --> 01:18:53,930

walked up to the house my wife waited in

1630

01:18:57,010 --> 01:18:55,490

the car I walked up to the house to the

1631

01:18:58,110 --> 01:18:57,020

door I've been through a hundred times

1632

01:19:01,650 --> 01:18:58,120

and I

1633

01:19:04,380 --> 01:19:01,660

like I always did and there was Toby's

1634

01:19:07,890 --> 01:19:04,390

wife and she glared at me and said

1635

01:19:09,150 --> 01:19:07,900

you're not supposed to be here and I'm

1636

01:19:12,990 --> 01:19:09,160

sure that she blamed me

1637

01:19:15,780 --> 01:19:13,000

they were reassigned and they were in

1638

01:19:19,680 --> 01:19:15,790

the process of packing they had orders

1639

01:19:22,590 --> 01:19:19,690

to Japan and I said well I heard I heard

1640

01:19:23,460 --> 01:19:22,600

you guys were and she walked away I was

1641

01:19:25,020 --> 01:19:23,470

trying to talk to her

1642

01:19:28,560 --> 01:19:25,030

Toby must have heard me because he came

1643

01:19:31,740 --> 01:19:28,570

around the corner and when he did I was

1644

01:19:38,300 --> 01:19:31,750

I was shocked because he was wearing a

1645

01:19:41,790 --> 01:19:38,310

dirty t-shirt and he was unshaven and

1646

01:19:45,300 --> 01:19:41,800

his eyes were bloodshot and he wreaked a

1647

01:19:47,940 --> 01:19:45,310

liqueur and I mean this is a guy that

1648

01:19:54,630 --> 01:19:47,950

you know we barbecued he might drink a

1649

01:19:56,550 --> 01:19:54,640

can maybe two cans of beer and he

1650

01:19:59,160 --> 01:19:56,560

smelled a liquor and it was real awkward

1651

01:20:02,160 --> 01:19:59,170

you know I saw a minute and I felt like

1652

01:20:06,240 --> 01:20:02,170

it'd be appropriate to hug him and and I

1653

01:20:09,060 --> 01:20:06,250

didn't and I held on my hand and we

1654

01:20:13,170 --> 01:20:09,070

shook hands and I said I heard you guys

1655

01:20:16,470 --> 01:20:13,180

are PCs and meaning permanent changes

1656

01:20:20,010 --> 01:20:16,480

station moving and I just wanted to wish

1657

01:20:21,840 --> 01:20:20,020

you well and he wasn't look he was

1658

01:20:25,020 --> 01:20:21,850

looking at his feet and he looked up at

1659

01:20:28,670 --> 01:20:25,030

me and he was a short guy and he looked

1660

01:20:33,300 --> 01:20:28,680

up at me with these bloodshot eyes and

1661

01:20:36,510 --> 01:20:33,310

said it happened didn't it all really

1662

01:20:39,080 --> 01:20:36,520

happening Wow and I said yeah Toby it

1663

01:20:41,820 --> 01:20:39,090

all happened you're not losing your mind

1664

01:20:44,730 --> 01:20:41,830

and I turned around and I left and

1665

01:20:47,100 --> 01:20:44,740

that's the last time I ever saw well so

1666

01:20:51,660 --> 01:20:47,110

you're thinking the the drugs may have

1667

01:20:53,150 --> 01:20:51,670

been to kind of kind of make it seem

1668

01:21:01,160 --> 01:20:53,160

like the whole thing was a fantasy

1669

01:21:05,000 --> 01:21:01,170

perhaps maybe maybe that or maybe I

1670

01:21:08,190 --> 01:21:05,010

think they were designed to mentally

1671

01:21:11,149 --> 01:21:08,200

cause us harm I really do I think they

1672

01:21:13,969 --> 01:21:11,159

were trying to poison us I mean that's a

1673

01:21:15,949 --> 01:21:13,979

her statement to make but you know I

1674

01:21:17,659 --> 01:21:15,959

took those pills for three days I wish

1675

01:21:22,549 --> 01:21:17,669

to this day I'd saved one of those

1676

01:21:25,159 --> 01:21:22,559

capsules yeah yeah did you find right

1677

01:21:27,080 --> 01:21:25,169

off the bat when you had a no-contact

1678

01:21:30,199 --> 01:21:27,090

order with Toby didn't you find that to

1679

01:21:34,009 --> 01:21:30,209

be a very strange and did you want to

1680

01:21:37,520 --> 01:21:34,019

question why I did find that very

1681

01:21:40,399 --> 01:21:37,530

strange but remember that you know I had

1682

01:21:43,489 --> 01:21:40,409

this other emotion going on too

1683

01:21:47,149 --> 01:21:43,499

that I haven't told my wife it's you

1684

01:21:49,449 --> 01:21:47,159

know it's fine with me and she couldn't

1685

01:21:53,750 --> 01:21:49,459

understand why suddenly I had this

1686

01:21:56,750 --> 01:21:53,760

wanted nothing to do with Toby and you

1687

01:21:58,909 --> 01:21:56,760

know it just told me like I said Toby

1688

01:22:06,739 --> 01:21:58,919

and his wife probably blame me for this

1689

01:22:08,569 --> 01:22:06,749

whole incident and with I didn't have

1690

01:22:10,009 --> 01:22:08,579

the desire to really have contact with

1691

01:22:12,649 --> 01:22:10,019

the guy so and there was nobody to

1692

01:22:17,299 --> 01:22:12,659

question who do i question you know I

1693

01:22:19,459 --> 01:22:17,309

mean I'm a lowly NCO you know there was

1694

01:22:22,159 --> 01:22:19,469

nobody to say hey what's the deal here

1695

01:22:25,580 --> 01:22:22,169

explain this to me no I wasn't in that

1696

01:22:27,319 --> 01:22:25,590

kind of position well interesting I'm

1697

01:22:30,219 --> 01:22:27,329

gonna put the call number up there I

1698

01:22:33,140 --> 01:22:30,229

know there's a lot more ground to cover

1699

01:22:34,489 --> 01:22:33,150

you know all the years that went by in

1700

01:22:37,209 --> 01:22:34,499

between I want to talk about that but I

1701

01:22:39,319 --> 01:22:37,219

also want to give the opportunity of

1702

01:22:42,830 --> 01:22:39,329

someone to call if they have a question

1703

01:22:44,719 --> 01:22:42,840

for you so anyone paying attention to

1704

01:22:47,120 --> 01:22:44,729

this may want to call in because there's

1705

01:22:49,069 --> 01:22:47,130

a real fascinating story and the numbers

1706

01:22:53,589 --> 01:22:49,079

up on the screen in YouTube if you're

1707

01:22:57,080 --> 01:22:53,599

over at kgr a radio that number 603 967

1708

01:22:59,029 --> 01:22:57,090

403 oh and that call is only that number

1709

01:23:01,429 --> 01:22:59,039

is only active during the live show so

1710

01:23:04,600 --> 01:23:01,439

you're welcome to call in and ask our

1711

01:23:10,459 --> 01:23:04,610

guest a question if you'd like to call

1712

01:23:12,379 --> 01:23:10,469

so I know there's so many things I feel

1713

01:23:14,419 --> 01:23:12,389

like asking you but I know that a number

1714

01:23:18,109 --> 01:23:14,429

of people have said similar things that

1715

01:23:20,359 --> 01:23:18,119

you have said I spoke to someone months

1716

01:23:23,389 --> 01:23:20,369

ago that was at an airbase where there

1717

01:23:24,500 --> 01:23:23,399

were nuclear weapons and a UFO came

1718

01:23:27,260 --> 01:23:24,510

right over them but

1719

01:23:29,270 --> 01:23:27,270

prior to the UFO coming over they said

1720

01:23:31,940 --> 01:23:29,280

he was this isn't Florida near the

1721

01:23:35,900 --> 01:23:31,950

Everglades very very loud jungle noise

1722

01:23:38,990 --> 01:23:35,910

there and everything went quiet dead

1723

01:23:41,510 --> 01:23:39,000

quiet and it was for several minutes

1724

01:23:41,960 --> 01:23:41,520

before this thing came over same exact

1725

01:23:46,700 --> 01:23:41,970

thing

1726

01:23:49,280 --> 01:23:46,710

that I think is fascinating is you went

1727

01:23:51,410 --> 01:23:49,290

to sleep right after this

1728

01:23:54,260 --> 01:23:51,420

you just had to fall asleep right away

1729

01:23:56,120 --> 01:23:54,270

the allagash incident same thing they

1730

01:23:58,040 --> 01:23:56,130

went through this whole horrific thing

1731

01:24:01,250 --> 01:23:58,050

and they couldn't get to sleep fast

1732

01:24:02,500 --> 01:24:01,260

enough they couldn't talk about it they

1733

01:24:04,730 --> 01:24:02,510

didn't talk about it amongst themselves

1734

01:24:07,910 --> 01:24:04,740

afterwards I want to ask you did you

1735

01:24:09,680 --> 01:24:07,920

talk to Toby what was the conversation

1736

01:24:12,410 --> 01:24:09,690

like when you were driving back I know

1737

01:24:14,720 --> 01:24:12,420

you were very dehydrated there was no

1738

01:24:16,310 --> 01:24:14,730

conversation I mean that the

1739

01:24:21,400 --> 01:24:16,320

conversation was limited to man you

1740

01:24:27,500 --> 01:24:24,020

Toby asked me two or three times or we

1741

01:24:29,030 --> 01:24:27,510

get close man are we close yeah cuz he

1742

01:24:31,670 --> 01:24:29,040

was as miserable as I was

1743

01:24:34,760 --> 01:24:31,680

wow that was hit I mean with there was

1744

01:24:37,280 --> 01:24:34,770

no conversation there was hardly a words

1745

01:24:39,890 --> 01:24:37,290

woken between us when I dropped him off

1746

01:24:43,490 --> 01:24:39,900

I said I pulled into his driveway and

1747

01:24:44,540 --> 01:24:43,500

said here you go man I don't know wow we

1748

01:24:47,300 --> 01:24:44,550

have a caller on the line we have

1749

01:24:49,100 --> 01:24:47,310

another one trying to call in - so the

1750

01:24:51,260 --> 01:24:49,110

second caller I'll tell you to hang in

1751

01:24:52,610 --> 01:24:51,270

and call back if you would a caller

1752

01:24:55,730 --> 01:24:52,620

where are you calling from your first

1753

01:24:59,630 --> 01:24:55,740

name please hey Martin this is Bobby in

1754

01:25:01,130 --> 01:24:59,640

North Carolina Bobby Bobby now and we

1755

01:25:02,930 --> 01:25:01,140

have another caller trying to Kennet in

1756

01:25:04,940 --> 01:25:02,940

here - all of a sudden everyone wants to

1757

01:25:06,890 --> 01:25:04,950

call it and so we'll take you one at a

1758

01:25:10,760 --> 01:25:06,900

time if you're listening just hang on

1759

01:25:13,070 --> 01:25:10,770

and call back Bobby you were the person

1760

01:25:15,110 --> 01:25:13,080

one of the people of about five or so

1761

01:25:17,600 --> 01:25:15,120

people that recommended our guest

1762

01:25:20,720 --> 01:25:17,610

tonight so you're welcome to ask him a

1763

01:25:23,420 --> 01:25:20,730

question go right ahead thank you yeah

1764

01:25:25,790 --> 01:25:23,430

Perry I found your book amazing I

1765

01:25:29,990 --> 01:25:25,800

enjoyed every bit of it and I truly

1766

01:25:33,140 --> 01:25:30,000

believe you one thing I want to add yeah

1767

01:25:36,860 --> 01:25:33,150

I'm sorry that you to delay thing is

1768

01:25:38,100 --> 01:25:36,870

weird but years ago I'm going to call it

1769

01:25:41,030 --> 01:25:38,110

a dream but I

1770

01:25:44,490 --> 01:25:41,040

a dream where I was waking up and

1771

01:25:47,340 --> 01:25:44,500

something akin to a monkey hit me in the

1772

01:25:50,609 --> 01:25:47,350

forehead and put me back out and I never

1773

01:25:53,280 --> 01:25:50,619

forgot that and when I was reading your

1774

01:25:56,370 --> 01:25:53,290

book you're the only person who's ever

1775

01:25:59,910 --> 01:25:56,380

said anything like that and so I found

1776

01:26:01,979 --> 01:25:59,920

that really amazing yeah did you have

1777

01:26:02,850 --> 01:26:01,989

just was that just a one on or did you

1778

01:26:05,280 --> 01:26:02,860

have

1779

01:26:07,260 --> 01:26:05,290

could I ask Bobby how old were you and

1780

01:26:11,010 --> 01:26:07,270

was that just a one on or did you have

1781

01:26:14,310 --> 01:26:11,020

other dreams involving monkeys no that

1782

01:26:16,350 --> 01:26:14,320

was one on and I'm 53 now I was a kid

1783

01:26:20,040 --> 01:26:16,360

back then I'm gonna say I was gonna I

1784

01:26:24,149 --> 01:26:20,050

was eight or less but my whole entire

1785

01:26:27,780 --> 01:26:24,159

family has had experiences I'm gonna

1786

01:26:30,359 --> 01:26:27,790

leave it at that I've actually seen UFOs

1787

01:26:32,040 --> 01:26:30,369

many times in my life I grew up

1788

01:26:34,560 --> 01:26:32,050

underneath the Miami International

1789

01:26:39,500 --> 01:26:34,570

Airport so I know what flies in the sky

1790

01:26:41,790 --> 01:26:39,510

is what does a fly in the skies yeah

1791

01:26:44,189 --> 01:26:41,800

just kid I said over the years since

1792

01:26:46,350 --> 01:26:44,199

that event had have you had nightmares

1793

01:26:47,280 --> 01:26:46,360

have you as it returned to you or has it

1794

01:26:48,570 --> 01:26:47,290

been one of those kind of things we're

1795

01:26:52,290 --> 01:26:48,580

just always in the forefront of your

1796

01:26:56,669 --> 01:26:52,300

mind and you just can't can't put it the

1797

01:27:01,890 --> 01:26:56,679

rest I'm gonna say I've been a UFO nut

1798

01:27:05,370 --> 01:27:01,900

for about half of my life yeah yeah I

1799

01:27:08,790 --> 01:27:05,380

can't put it to rest so but I loved your

1800

01:27:11,100 --> 01:27:08,800

book it's a great book I completely

1801
01:27:14,729 --> 01:27:11,110
believe you I'm sorry for your friend

1802
01:27:16,229 --> 01:27:14,739
Tobias you really should talk when you

1803
01:27:18,870 --> 01:27:16,239
have a few more minutes about the

1804
01:27:21,390 --> 01:27:18,880
incident over the when you were the

1805
01:27:23,129 --> 01:27:21,400
medic and the incident over the nuclear

1806
01:27:26,250 --> 01:27:23,139
site because you never even brought that

1807
01:27:28,350 --> 01:27:26,260
up tonight no so much to cover Bobby

1808
01:27:31,800 --> 01:27:28,360
it's it's it's it's hard to prioritize

1809
01:27:34,439 --> 01:27:31,810
but no hey Bobby we have another caller

1810
01:27:36,479 --> 01:27:34,449
coming in so okay all right hey thanks a

1811
01:27:39,149 --> 01:27:36,489
lot thank you bye

1812
01:27:41,310 --> 01:27:39,159
all right thank you so good night caller

1813
01:27:44,669 --> 01:27:41,320

welcome to the show you your first name

1814

01:27:45,810 --> 01:27:44,679

where you calling from my name is Ramona

1815

01:27:48,959 --> 01:27:45,820

Chloe from Hawaii

1816

01:27:51,720 --> 01:27:48,969

well welcomes I wish I was there thank

1817

01:27:55,229 --> 01:27:51,730

you thank you for a wonderful

1818

01:28:01,760 --> 01:27:55,239

and I really want to thank them cherry

1819

01:28:05,130 --> 01:28:01,770

for being on their podcast oh thanks

1820

01:28:07,170 --> 01:28:05,140

Mike my question to Terry is what

1821

01:28:09,780 --> 01:28:07,180

brought you out to come out with your

1822

01:28:13,950 --> 01:28:09,790

book that we you wanted to share

1823

01:28:17,370 --> 01:28:13,960

experience and to this day in 2018 do

1824

01:28:21,600 --> 01:28:17,380

you have any any health problems we get

1825

01:28:25,080 --> 01:28:21,610

incidents you've been in the past now

1826

01:28:28,620 --> 01:28:25,090

let me I had no intention of ever

1827

01:28:33,120 --> 01:28:28,630

writing a book or ever discussing this

1828

01:28:35,940 --> 01:28:33,130

with anyone other than my wife my wife

1829

01:28:40,140 --> 01:28:35,950

and I did not tell our kids about this

1830

01:28:42,990 --> 01:28:40,150

we have adult children hey pardon me

1831

01:28:45,090 --> 01:28:43,000

pardon me Terry hang on a caller would

1832

01:28:46,920 --> 01:28:45,100

you mind muting your your computer or

1833

01:28:52,620 --> 01:28:46,930

whatever device you're listening to the

1834

01:28:55,100 --> 01:28:52,630

show on please oh thank you okay go

1835

01:28:57,290 --> 01:28:55,110

ahead continue I'm sorry Terry go ahead

1836

01:28:59,640 --> 01:28:57,300

yes

1837

01:29:00,410 --> 01:28:59,650

and I lost my train of thought where was

1838

01:29:04,380 --> 01:29:00,420

I

1839

01:29:06,210 --> 01:29:04,390

Ramona before freshmen everything you

1840

01:29:08,580 --> 01:29:06,220

didn't want to come out and it was

1841

01:29:11,310 --> 01:29:08,590

between you and your way thank you all

1842

01:29:13,380 --> 01:29:11,320

my children knew was that you know hey

1843

01:29:18,180 --> 01:29:13,390

Dad had screaming nightmares once or

1844

01:29:21,000 --> 01:29:18,190

twice a year I what made me decide to

1845

01:29:25,080 --> 01:29:21,010

write this book and come out and be open

1846

01:29:27,720 --> 01:29:25,090

about it was in 2012 I had an x-ray of

1847

01:29:30,210 --> 01:29:27,730

my leg at the VA hospital I say I won't

1848

01:29:32,700 --> 01:29:30,220

thought I quote mine broke my knee and

1849

01:29:35,850 --> 01:29:32,710

when I did when they took the x-ray

1850

01:29:40,050 --> 01:29:35,860

there's and the x-rays are in the back

1851
01:29:41,820 --> 01:29:40,060
of the book there's an object above my

1852
01:29:45,390 --> 01:29:41,830
knee that looks like a computer chip

1853
01:29:48,750 --> 01:29:45,400
with two wires attached and there is an

1854
01:29:51,330 --> 01:29:48,760
object below my name which is kind of

1855
01:29:55,860 --> 01:29:51,340
like a tic-tac fluoro type arrangement

1856
01:29:59,160 --> 01:29:55,870
of what they said was the consistency of

1857
01:30:00,870 --> 01:29:59,170
bone you know a radiologist said you

1858
01:30:05,490 --> 01:30:00,880
know bone just doesn't spring in the

1859
01:30:08,670 --> 01:30:05,500
middle position it was an automation

1860
01:30:11,150 --> 01:30:08,680
all these things in my rope and that

1861
01:30:14,940 --> 01:30:11,160
they somehow must relate back to this

1862
01:30:18,600 --> 01:30:14,950
1977 incident and about 60 days after

1863
01:30:22,500 --> 01:30:18,610

this x-ray the nightmare started yeah

1864

01:30:28,110 --> 01:30:22,510

and it was a replay in 1977 and it it

1865

01:30:31,080 --> 01:30:28,120

was bad it was very and as far as my

1866

01:30:36,240 --> 01:30:31,090

health goes I had a pretty dramatic

1867

01:30:39,480 --> 01:30:36,250

weight loss with 2016 and that's

1868

01:30:43,800 --> 01:30:39,490

gradually improved my weight got down to

1869

01:30:48,660 --> 01:30:43,810

140 earlier this year and I'm back up to

1870

01:30:52,470 --> 01:30:48,670

160 but I normally did it was a carry

1871

01:30:57,240 --> 01:30:52,480

220 pounds so and then I have no

1872

01:30:58,680 --> 01:30:57,250

explanation for that weight loss well up

1873

01:31:00,840 --> 01:30:58,690

on the Thank You Terry

1874

01:31:03,900 --> 01:31:00,850

thank you thanks so much for the call we

1875

01:31:06,720 --> 01:31:03,910

have up calls quick you thanks thanks

1876
01:31:09,420 --> 01:31:06,730
very much thank you bye we have a number

1877
01:31:12,960 --> 01:31:09,430
of callers trying to come in so up now

1878
01:31:15,330 --> 01:31:12,970
in the youtube screen we do have the we

1879
01:31:18,600 --> 01:31:15,340
have the x-rays up there right now okay

1880
01:31:22,190 --> 01:31:18,610
so call her thanks for the call and your

1881
01:31:27,210 --> 01:31:24,750
I'll try this one I think I think it

1882
01:31:29,270 --> 01:31:27,220
went caller you're on the line your

1883
01:31:32,070 --> 01:31:29,280
first name and where you're calling from

1884
01:31:35,010 --> 01:31:32,080
hi my name is Christopher I'm calling

1885
01:31:36,570 --> 01:31:35,020
from Phoenix Arizona I missed the

1886
01:31:37,770 --> 01:31:36,580
beginning of the broadcast Martin so I'm

1887
01:31:41,070 --> 01:31:37,780
not sure if you guys already covered

1888
01:31:44,580 --> 01:31:41,080

this but I was curious if your guests

1889

01:31:48,630 --> 01:31:44,590

had this experience had any effect on

1890

01:31:51,930 --> 01:31:48,640

his sort of sense of maybe the afterlife

1891

01:31:53,640 --> 01:31:51,940

or a sense of God or or not or a sense

1892

01:31:56,550 --> 01:31:53,650

of morality right and wrong any of these

1893

01:32:00,090 --> 01:31:56,560

sort of deep questions that we live with

1894

01:32:04,650 --> 01:32:00,100

this experience had any sort of effect

1895

01:32:06,480 --> 01:32:04,660

on on your view of those things well you

1896

01:32:07,890 --> 01:32:06,490

know Christopher I think I've always

1897

01:32:11,760 --> 01:32:07,900

considered myself to be very ethical

1898

01:32:14,040 --> 01:32:11,770

person right that the truth is always

1899

01:32:15,990 --> 01:32:14,050

been very important to me and you know I

1900

01:32:18,600 --> 01:32:16,000

tried to make that evident in my law

1901

01:32:19,270 --> 01:32:18,610

practice and then when I was a civil

1902

01:32:23,230 --> 01:32:19,280

servant

1903

01:32:26,620 --> 01:32:23,240

and I think that I served well and and

1904

01:32:32,220 --> 01:32:26,630

and did that but it really had an effect

1905

01:32:34,630 --> 01:32:32,230

on me and in terms of the afterlife and

1906

01:32:37,330 --> 01:32:34,640

it made me sure of one thing that we're

1907

01:32:38,140 --> 01:32:37,340

not top dog that that we're not alone in

1908

01:32:42,460 --> 01:32:38,150

this universe

1909

01:32:45,670 --> 01:32:42,470

I know that for a fact

1910

01:32:47,650 --> 01:32:45,680

and it gets me want to know these other

1911

01:32:52,000 --> 01:32:47,660

things are they there they're obviously

1912

01:32:56,530 --> 01:32:52,010

more evolved than we are but I want to

1913

01:33:00,370 --> 01:32:56,540

ask them you know is there a God do you

1914

01:33:05,230 --> 01:33:00,380

believe in God do do do you as society

1915

01:33:09,070 --> 01:33:05,240

as a society worshipped God is there an

1916

01:33:11,950 --> 01:33:09,080

afterlife that you can point to all

1917

01:33:14,140 --> 01:33:11,960

these things just are big questions that

1918

01:33:16,960 --> 01:33:14,150

weigh on my mind like they've long I

1919

01:33:19,900 --> 01:33:16,970

think their questions existential

1920

01:33:23,020 --> 01:33:19,910

questions we all have but yeah this this

1921

01:33:27,400 --> 01:33:23,030

event I don't have a lifetime effect on

1922

01:33:29,350 --> 01:33:27,410

me I would imagine so I yeah oh go ahead

1923

01:33:32,010 --> 01:33:29,360

no I was just saying good question good

1924

01:33:34,510 --> 01:33:32,020

question Chris did you have a follow-up

1925

01:33:37,120 --> 01:33:34,520

well I just the last comment I guess is

1926

01:33:40,420 --> 01:33:37,130

in agreement with with what you're

1927

01:33:43,240 --> 01:33:40,430

saying that if there you know et there's

1928

01:33:45,700 --> 01:33:43,250

going to be some species better billions

1929

01:33:47,380 --> 01:33:45,710

of years older than us perhaps and they

1930

01:33:49,870 --> 01:33:47,390

might have a lot more knowledge about

1931

01:33:51,940 --> 01:33:49,880

the essence of life than biology and the

1932

01:33:53,230 --> 01:33:51,950

universe and death and life I would

1933

01:33:54,730 --> 01:33:53,240

imagine they could have learned things

1934

01:33:56,380 --> 01:33:54,740

that we haven't quite learned yet or

1935

01:33:58,390 --> 01:33:56,390

maybe they could synthesize things

1936

01:34:01,240 --> 01:33:58,400

verbally that we haven't been able to

1937

01:34:02,620 --> 01:34:01,250

really document as well or something

1938

01:34:04,480 --> 01:34:02,630

like that but thanks for taking my call

1939

01:34:08,710 --> 01:34:04,490

I appreciate it sure thank you next to

1940

01:34:11,140 --> 01:34:08,720

the call so I know a number of people

1941

01:34:12,910 --> 01:34:11,150

been trying to call in that lines open

1942

01:34:15,100 --> 01:34:12,920

now watch this gonna be like three or

1943

01:34:18,300 --> 01:34:15,110

four calls come up at once I guess and

1944

01:34:21,280 --> 01:34:18,310

we have one right now hang in there

1945

01:34:22,510 --> 01:34:21,290

caller you are live on the radio your

1946

01:34:31,810 --> 01:34:22,520

first name and where you're calling from

1947

01:34:33,069 --> 01:34:31,820

please I'm sorry what abner corner okay

1948

01:34:37,689 --> 01:34:33,079

hi how you doing

1949

01:34:41,619 --> 01:34:37,699

welcome go ahead patellae

1950

01:34:47,139 --> 01:34:41,629

um I'm being exploited myself I served

1951

01:34:49,239 --> 01:34:47,149

in submarines and so on and I understand

1952

01:34:53,529 --> 01:34:49,249

the military very strict my question is

1953

01:34:56,319 --> 01:34:53,539

since we have this no contact or with

1954

01:34:59,079 --> 01:34:56,329

the buyers back in a day having to try

1955

01:35:01,689 --> 01:34:59,089

to contact him in the recent years or

1956

01:35:05,649 --> 01:35:01,699

recent times I don't that are still

1957

01:35:08,139 --> 01:35:05,659

applies or not in my mind it didn't

1958

01:35:15,819 --> 01:35:08,149

apply no when I when I separated from

1959

01:35:19,839 --> 01:35:15,829

the military uh no I I waited too long

1960

01:35:21,489 --> 01:35:19,849

to look for Toby and by the time that I

1961

01:35:26,459 --> 01:35:21,499

got around to trying to find Toby

1962

01:35:29,679 --> 01:35:26,469

actually in 2014 yet he had passed away

1963

01:35:33,009 --> 01:35:29,689

he had a very unfortunate life I had

1964

01:35:34,689 --> 01:35:33,019

tried to contact them back in Ralph

1965

01:35:36,310 --> 01:35:34,699

several times back in the 80s and

1966

01:35:41,319 --> 01:35:36,320

actually got ahold of his dad up in

1967

01:35:47,469 --> 01:35:41,329

Flint and found out that he was divorced

1968

01:35:50,679 --> 01:35:47,479

at that time and homeless so that an

1969

01:35:52,419 --> 01:35:50,689

alien or a cat what's a cat okay just

1970

01:35:56,049 --> 01:35:52,429

trying to get trying to get her

1971

01:36:02,020 --> 01:35:56,059

contained here oh that's that's

1972

01:36:05,949 --> 01:36:02,030

unfortunate yeah well hey thank you

1973

01:36:08,199 --> 01:36:05,959

thanks for the call later all right

1974

01:36:10,569 --> 01:36:08,209

so the line is open someone else wants

1975

01:36:12,399 --> 01:36:10,579

to give a call I have up until that

1976

01:36:14,649 --> 01:36:12,409

question comes in have you ever thought

1977

01:36:17,319 --> 01:36:14,659

of or has anyone ever talked to you

1978

01:36:21,669 --> 01:36:17,329

about doing any hypnotherapy regression

1979

01:36:23,889 --> 01:36:21,679

on the incident they have there was a

1980

01:36:25,449 --> 01:36:23,899

lady you may be familiar with her her

1981

01:36:30,549 --> 01:36:25,459

name is Siobhan Smith oh yes

1982

01:36:33,189 --> 01:36:30,559

and I've talked to you on and I I'm

1983

01:36:36,040 --> 01:36:33,199

seriously gonna I'm been thinking about

1984

01:36:39,399 --> 01:36:36,050

that and I'm grappling with that and

1985

01:36:40,689 --> 01:36:39,409

there's part of me that's thinking I'm

1986

01:36:43,899 --> 01:36:40,699

that I'm gonna see things I don't want

1987

01:36:46,600 --> 01:36:43,909

to see right yeah but maybe maybe I need

1988

01:36:48,669 --> 01:36:46,610

that and

1989

01:36:51,520 --> 01:36:48,679

Mabon and I are in contact I'm going to

1990

01:36:53,080 --> 01:36:51,530

see her at Roswell and I'm going to

1991

01:36:57,820 --> 01:36:53,090

determine I'm going to make a decision

1992

01:36:59,680 --> 01:36:57,830

between now and July yeah yeah I've I've

1993

01:37:03,340 --> 01:36:59,690

asked a number of people that have had

1994

01:37:06,189 --> 01:37:03,350

similar situations to yours and you know

1995

01:37:07,479 --> 01:37:06,199

they mostly say the same thing you know

1996

01:37:09,310 --> 01:37:07,489

they're afraid of what they're gonna see

1997

01:37:13,000 --> 01:37:09,320

and I totally get that

1998

01:37:14,919 --> 01:37:13,010

and I don't know if I would do it if I

1999

01:37:17,229 --> 01:37:14,929

was in your shoes I don't think so

2000

01:37:18,939 --> 01:37:17,239

and I can so relate to you jumping in

2001

01:37:23,890 --> 01:37:18,949

the car and just taking off and leaving

2002

01:37:25,450 --> 01:37:23,900

everything that's that's exactly exactly

2003

01:37:30,850 --> 01:37:25,460

what I would do

2004

01:37:34,510 --> 01:37:30,860

so just along those lines do you think

2005

01:37:36,640 --> 01:37:34,520

that do you think would help you put it

2006

01:37:38,770 --> 01:37:36,650

to rest a little bit if you did find out

2007

01:37:43,359 --> 01:37:38,780

more do you think you're in a decent

2008

01:37:45,700 --> 01:37:43,369

place with it right now I kind of think

2009

01:37:47,320 --> 01:37:45,710

I'm in a decent place with it and I

2010

01:37:51,090 --> 01:37:47,330

think that part of that as a result of

2011

01:37:54,370 --> 01:37:51,100

writing the book you know I had never

2012

01:37:56,530 --> 01:37:54,380

spoken publicly about this and then 2017

2013

01:37:59,830 --> 01:37:56,540

I went to a UFO event down in Houston

2014

01:38:03,700 --> 01:37:59,840

and struck up a conversation with Travis

2015

01:38:05,859 --> 01:38:03,710

Walton and we ended up talking for over

2016

01:38:08,050 --> 01:38:05,869

an hour over an hour

2017

01:38:11,250 --> 01:38:08,060

actually he invited me to sit on a panel

2018

01:38:15,340 --> 01:38:11,260

discussion with him and and Derrel Sims

2019

01:38:18,790 --> 01:38:15,350

and I did and it felt good to answer

2020

01:38:20,350 --> 01:38:18,800

people's questions and that was shortly

2021

01:38:21,910 --> 01:38:20,360

before I was still on the fence about

2022

01:38:24,700 --> 01:38:21,920

whether I should publish this book or

2023

01:38:27,729 --> 01:38:24,710

not and what kind of help push that

2024

01:38:29,680 --> 01:38:27,739

decision over the closing I'm glad I did

2025

01:38:32,649 --> 01:38:29,690

it was the right thing to do all right

2026

01:38:34,930 --> 01:38:32,659

now when Bobby was calling us he

2027

01:38:38,830 --> 01:38:34,940

mentioned another event at a nuclear

2028

01:38:40,959 --> 01:38:38,840

base nuclear armed base you come won't

2029

01:38:42,640 --> 01:38:40,969

you tell tell us the story about that

2030

01:38:45,850 --> 01:38:42,650

because wasn't that a diamond was that a

2031

01:38:47,800 --> 01:38:45,860

diamond shaped craft it was you know and

2032

01:38:50,350 --> 01:38:47,810

also are you aware of another drawing

2033

01:38:54,700 --> 01:38:50,360

that is very similar to yours that was a

2034

01:38:58,300 --> 01:38:54,710

three years apart from yours we'll be in

2035

01:38:59,740 --> 01:38:58,310

touch yes it's a very very similar it

2036

01:39:03,490 --> 01:38:59,750

looks like the same drawing

2037

01:39:05,290 --> 01:39:03,500

so we'll talk about that and that was

2038

01:39:08,980 --> 01:39:05,300

sent to me by Bobby the person who

2039

01:39:10,750 --> 01:39:08,990

called actually he found it I would love

2040

01:39:12,130 --> 01:39:10,760

to see that yeah so why don't you go

2041

01:39:14,050 --> 01:39:12,140

ahead and talk about that incident if

2042

01:39:16,690 --> 01:39:14,060

you would please yeah that incident

2043

01:39:18,250 --> 01:39:16,700

happened and in the book I've got a

2044

01:39:20,080 --> 01:39:18,260

picture what doesn't look like much it's

2045

01:39:23,670 --> 01:39:20,090

called kilo five it was the launch

2046

01:39:26,770 --> 01:39:23,680

facility these launch facilities were

2047

01:39:31,000 --> 01:39:26,780

scattered all through Western world

2048

01:39:34,000 --> 01:39:31,010

western Missouri and it's where they had

2049

01:39:38,440 --> 01:39:34,010

the nuclear weapon the Minutemen two

2050

01:39:43,660 --> 01:39:38,450

ICBM 60-foot tall down in a and a silo

2051

01:39:45,580 --> 01:39:43,670

capped with a blue dome and we were

2052

01:39:47,560 --> 01:39:45,590

working as we always did we worked the

2053

01:39:50,620 --> 01:39:47,570

emergency room at night and we got a

2054

01:39:54,850 --> 01:39:50,630

call that there was a missile technician

2055

01:39:57,010 --> 01:39:54,860

who fell in and probably broke a leg so

2056

01:40:01,360 --> 01:39:57,020

we we have any ambulance and took our

2057

01:40:03,160 --> 01:40:01,370

did our usual routine and I noticed that

2058

01:40:05,140 --> 01:40:03,170

when the we got the call in it was kind

2059

01:40:10,300 --> 01:40:05,150

of slim on facts and I remember saying

2060

01:40:12,070 --> 01:40:10,310

you know it's a little bit odd and we we

2061

01:40:14,920 --> 01:40:12,080

flew like we always did

2062

01:40:17,320 --> 01:40:14,930

you know we we didn't fly airplanes but

2063

01:40:19,090 --> 01:40:17,330

you know but we got them tried the same

2064

01:40:21,340 --> 01:40:19,100

and once at 100 miles an hour four bites

2065

01:40:22,870 --> 01:40:21,350

policing and now you don't have that 22

2066

01:40:24,360 --> 01:40:22,880

that was big fun if you couldn't fly an

2067

01:40:28,990 --> 01:40:24,370

airplane that we could at least do that

2068

01:40:33,370 --> 01:40:29,000

and we were this thing was about kilo 5

2069

01:40:36,070 --> 01:40:33,380

was about 18 miles or less from the

2070

01:40:38,440 --> 01:40:36,080

airbase it was out in the boonies all of

2071

01:40:42,360 --> 01:40:38,450

them were middle of soybean fields and

2072

01:40:45,610 --> 01:40:42,370

the like and we're flying up there and

2073

01:40:49,090 --> 01:40:45,620

we get about a mile and a half away and

2074

01:40:52,470 --> 01:40:49,100

there is a roadblock with two cars and

2075

01:40:56,020 --> 01:40:52,480

it is bitterly cold I mean it is

2076

01:40:57,850 --> 01:40:56,030

probably zero with a windchill or god

2077

01:41:00,550 --> 01:40:57,860

knows what it was very very cold at

2078

01:41:01,780 --> 01:41:00,560

night and these two guys were both in

2079

01:41:03,250 --> 01:41:01,790

their cars I'm sure they were supposed

2080

01:41:06,930 --> 01:41:03,260

to be outside the cars but they were in

2081

01:41:09,160 --> 01:41:06,940

their cars and they they saw me well I

2082

01:41:10,750 --> 01:41:09,170

pulled the car back and I rolled my

2083

01:41:13,370 --> 01:41:10,760

window down he brought this down and I

2084

01:41:15,229 --> 01:41:13,380

said hey man what's going on a kilo five

2085

01:41:18,500 --> 01:41:15,239

it's like man I don't know you know

2086

01:41:20,570 --> 01:41:18,510

beats us but something and we could see

2087

01:41:23,270 --> 01:41:20,580

on the horizon because we weren't that

2088

01:41:28,280 --> 01:41:23,280

far away there was this weird orange

2089

01:41:31,729 --> 01:41:28,290

glow and what it was was there were

2090

01:41:34,250 --> 01:41:31,739

about a dozen security police cars there

2091

01:41:37,250 --> 01:41:34,260

and he all had your exhaust running and

2092

01:41:38,780 --> 01:41:37,260

he all had these overheads going so

2093

01:41:41,479 --> 01:41:38,790

there was this big cloud of exhaust

2094

01:41:46,010 --> 01:41:41,489

fumes illuminated by these lights and

2095

01:41:48,200 --> 01:41:46,020

was that eerie eerie looking thing so I

2096

01:41:50,919 --> 01:41:48,210

we pulled up on the scene and there was

2097

01:41:54,200 --> 01:41:50,929

a captain in the middle of the road and

2098

01:41:57,050 --> 01:41:54,210

I rolled up to him and blow my window

2099

01:42:00,830 --> 01:41:57,060

down and he said look your guy's walking

2100

01:42:02,840 --> 01:42:00,840

and talking but until I give the order

2101
01:42:04,250 --> 01:42:02,850
nobody goes in nobody comes out park

2102
01:42:09,500 --> 01:42:04,260
your ambulance over there and stay off

2103
01:42:13,340 --> 01:42:11,810
and then we'll put you guys out there

2104
01:42:14,959 --> 01:42:13,350
there bunch of security policemen out

2105
01:42:17,629 --> 01:42:14,969
there and they had rifles and then we're

2106
01:42:21,680 --> 01:42:17,639
running around and it was just kind of

2107
01:42:24,229 --> 01:42:21,690
chaotic and you know we've been ordered

2108
01:42:26,780 --> 01:42:24,239
to stay inside our ambulance and it was

2109
01:42:28,580 --> 01:42:26,790
so cold that the inside of the windows

2110
01:42:31,220 --> 01:42:28,590
had frosted over and we couldn't see

2111
01:42:33,950 --> 01:42:31,230
anything and we were facing the wrong

2112
01:42:35,629 --> 01:42:33,960
direction and Toby grabs his parka he

2113
01:42:37,939 --> 01:42:35,639

says man I'm gonna see what's going on

2114

01:42:40,760 --> 01:42:37,949

and I Kobe you know we're not supposed

2115

01:42:43,250 --> 01:42:40,770

to be out there and he's he jumped out

2116

01:42:45,320 --> 01:42:43,260

of the ambulance he's calling for maybe

2117

01:42:47,209 --> 01:42:45,330

two minutes and he comes back and he

2118

01:42:49,010 --> 01:42:47,219

Yanks my door open and he grabs me by

2119

01:42:51,530 --> 01:42:49,020

the shoulder and says man you have got

2120

01:42:53,660 --> 01:42:51,540

to see this and he's pulling me out of

2121

01:42:57,530 --> 01:42:53,670

the ambulance and I'm grabbing my Park

2122

01:42:58,729 --> 01:42:57,540

as I'm going and I'm stumbling and I'm

2123

01:43:00,260 --> 01:42:58,739

walking we walked right up to the

2124

01:43:02,750 --> 01:43:00,270

captain who stand in there and

2125

01:43:04,430 --> 01:43:02,760

everybody's looking up I'm like what and

2126

01:43:07,669 --> 01:43:04,440

I look up and that's when I see this

2127

01:43:13,090 --> 01:43:07,679

thing and it was about the size of a

2128

01:43:16,100 --> 01:43:13,100

full-size van and it was diamond-shaped

2129

01:43:20,840 --> 01:43:16,110

when I say diamond-shaped I mean there

2130

01:43:23,149 --> 01:43:20,850

were facets cut into it and it's funny

2131

01:43:25,459 --> 01:43:23,159

how your mind when I first saw it I

2132

01:43:27,169 --> 01:43:25,469

thought I'm I'm Nydia I'm looking

2133

01:43:29,600 --> 01:43:27,179

through wires or something it's

2134

01:43:31,489 --> 01:43:29,610

just doesn't look right to see this

2135

01:43:33,770 --> 01:43:31,499

thing levitating off the ground

2136

01:43:36,469 --> 01:43:33,780

and there's not a bit of noise there's

2137

01:43:40,189 --> 01:43:36,479

no exhaust there's no engines there's no

2138

01:43:41,899 --> 01:43:40,199

markings on it all the all the police

2139

01:43:45,040 --> 01:43:41,909

cars have their spotlights on it so it's

2140

01:43:50,239 --> 01:43:45,050

lit up it's a matte black in color

2141

01:43:54,069 --> 01:43:50,249

no numerals or anything on it and we're

2142

01:43:56,569 --> 01:43:54,079

standing there and this thing shoots off

2143

01:43:58,719 --> 01:43:56,579

shoots off towards the horizon and it's

2144

01:44:01,310 --> 01:43:58,729

gone literally in the blink of an eye

2145

01:44:03,439 --> 01:44:01,320

and a kid turns her out of me and he's

2146

01:44:05,989 --> 01:44:03,449

smiling like did you see what I just saw

2147

01:44:08,540 --> 01:44:05,999

that I'm smiling back at them and then

2148

01:44:10,489 --> 01:44:08,550

you know he can't everybody ever steps

2149

01:44:13,669 --> 01:44:10,499

back into a respective roles and he's

2150

01:44:16,429 --> 01:44:13,679

like you know getting your ambulance hug

2151
01:44:18,290 --> 01:44:16,439
at the gate had his guys open a gate for

2152
01:44:20,959 --> 01:44:18,300
us we went in and got my we got our

2153
01:44:24,350 --> 01:44:20,969
patient now you know what I considered

2154
01:44:27,379 --> 01:44:24,360
myself I had seen flying saucers twice

2155
01:44:31,969 --> 01:44:27,389
when I was a kid and I considered myself

2156
01:44:33,859 --> 01:44:31,979
to be a expert on extraterrestrial

2157
01:44:37,910 --> 01:44:33,869
things so I was certain whatever we saw

2158
01:44:39,410 --> 01:44:37,920
was either I say F or C CCP but the

2159
01:44:41,000 --> 01:44:39,420
thought of it being extraterrestrial

2160
01:44:43,939 --> 01:44:41,010
really it didn't cross my mind our

2161
01:44:45,500 --> 01:44:43,949
Toby's we were certain it was and we got

2162
01:44:47,689 --> 01:44:45,510
back to the base and the base commander

2163
01:44:49,910 --> 01:44:47,699

was there and he took a son in the

2164

01:44:52,399 --> 01:44:49,920

office in his office and he says all

2165

01:44:54,919 --> 01:44:52,409

right boys and he asked to see a report

2166

01:44:57,020 --> 01:44:54,929

and I gave him my report they did

2167

01:44:59,540 --> 01:44:57,030

something out he made a cop photocopy in

2168

01:45:04,069 --> 01:44:59,550

my report and then he took a black magic

2169

01:45:05,600 --> 01:45:04,079

marker and xed out redacted all the

2170

01:45:09,830 --> 01:45:05,610

times except for the time that I left

2171

01:45:13,729 --> 01:45:09,840

the hospital for whatever reason and

2172

01:45:17,029 --> 01:45:13,739

gave us redacted copies to file and slid

2173

01:45:18,410 --> 01:45:17,039

the originals in his desk and he says

2174

01:45:21,199 --> 01:45:18,420

all right tell me what you saw out there

2175

01:45:24,799 --> 01:45:21,209

and we told him everything we saw and he

2176

01:45:25,729 --> 01:45:24,809

asked us to draw it and and I drew as

2177

01:45:28,939 --> 01:45:25,739

best as I could

2178

01:45:31,969 --> 01:45:28,949

Toby Toby was a genius he really he was

2179

01:45:34,219 --> 01:45:31,979

a genius at math and he actually had the

2180

01:45:36,589 --> 01:45:34,229

forethought to count the facets on the

2181

01:45:39,500 --> 01:45:36,599

side of the thing so he could draw a

2182

01:45:40,399 --> 01:45:39,510

pretty good representation of him I had

2183

01:45:43,759 --> 01:45:40,409

a copy I

2184

01:45:48,469 --> 01:45:43,769

his copy okay and I wish I had not lost

2185

01:45:49,969 --> 01:45:48,479

it over the years but we showed our the

2186

01:45:52,399 --> 01:45:49,979

bit you know the hospital commander and

2187

01:45:54,409 --> 01:45:52,409

he looks at it he's asked us to tell

2188

01:45:58,189 --> 01:45:54,419

exactly what we saw again twice and we

2189

01:46:00,439 --> 01:45:58,199

did and he's like alright boys what you

2190

01:46:03,020 --> 01:46:00,449

saw out there that was a experimental

2191

01:46:05,750 --> 01:46:03,030

helicopter and because it's experimental

2192

01:46:08,270 --> 01:46:05,760

you know we shouldn't talk about it so

2193

01:46:09,589 --> 01:46:08,280

you know you get your bright guys we

2194

01:46:12,799 --> 01:46:09,599

don't you know just don't run your

2195

01:46:14,810 --> 01:46:12,809

mouths about it nobody needs to know and

2196

01:46:17,239 --> 01:46:14,820

we were like both we spoke in unison yes

2197

01:46:21,199 --> 01:46:17,249

sir we knew he didn't had a slightest

2198

01:46:22,939 --> 01:46:21,209

idea of what that was and we we laugh

2199

01:46:25,159 --> 01:46:22,949

but but Mike I see in the thought of

2200

01:46:28,000 --> 01:46:25,169

extraterrestrial what we really didn't

2201

01:46:30,799 --> 01:46:28,010

enter our minds now what year was this

2202

01:46:35,989 --> 01:46:30,809

1975 so this was two years and

2203

01:46:39,919 --> 01:46:35,999

ironically with Toby once again now this

2204

01:46:42,199 --> 01:46:39,929

is this is interesting because there's a

2205

01:46:46,250 --> 01:46:42,209

case called the cash Landrum case have

2206

01:46:49,279 --> 01:46:46,260

you heard about that okay you know what

2207

01:46:51,169 --> 01:46:49,289

it was in Texas was in test I am

2208

01:46:54,620 --> 01:46:51,179

familiar with that and the ladies had

2209

01:46:56,839 --> 01:46:54,630

burned ring it was a diamond shaped

2210

01:46:59,330 --> 01:46:56,849

craft and there's been there has been

2211

01:47:05,080 --> 01:46:59,340

speculation that this was a experimental

2212

01:47:09,229 --> 01:47:05,090

military perhaps a some type of you know

2213

01:47:13,390 --> 01:47:09,239

radiation you know expulsion type of

2214

01:47:16,189 --> 01:47:13,400

thing but I don't know in particular if

2215

01:47:19,330 --> 01:47:16,199

that's true or not you know whether it's

2216

01:47:21,350 --> 01:47:19,340

a nuclear propulsion type of

2217

01:47:23,779 --> 01:47:21,360

experimental craft they were working on

2218

01:47:26,659 --> 01:47:23,789

you know that's all speculation on that

2219

01:47:28,129 --> 01:47:26,669

whole thing but you said there was

2220

01:47:29,839 --> 01:47:28,139

absolutely no sound and this thing took

2221

01:47:33,919 --> 01:47:29,849

off fast I don't think they had that

2222

01:47:36,350 --> 01:47:33,929

technology not a stuff yeah you know I

2223

01:47:40,270 --> 01:47:36,360

mean you can argue the people that will

2224

01:47:42,409 --> 01:47:40,280

say that it was you know advanced space

2225

01:47:44,810 --> 01:47:42,419

technology that we were working on if

2226

01:47:48,649 --> 01:47:44,820

that was out in 1975 we would certainly

2227

01:47:52,339 --> 01:47:48,659

be using it by now you would think if

2228

01:47:53,729 --> 01:47:52,349

anything for for nothing else for the

2229

01:47:54,870 --> 01:47:53,739

military

2230

01:47:58,770 --> 01:47:54,880

you know something like that would be

2231

01:48:01,859 --> 01:47:58,780

very useful so yeah it's a real big

2232

01:48:03,750 --> 01:48:01,869

question mark for years I wondered if it

2233

01:48:06,660 --> 01:48:03,760

was Soviet I mean after the fall of the

2234

01:48:08,489 --> 01:48:06,670

Soviet Union and in retrospect no I

2235

01:48:10,229 --> 01:48:08,499

don't think so I don't think I think

2236

01:48:11,640 --> 01:48:10,239

their technology was a step in back of

2237

01:48:18,569 --> 01:48:11,650

ours yeah

2238

01:48:19,680 --> 01:48:18,579

would you let's revisit the the well I

2239

01:48:23,189 --> 01:48:19,690

don't know if you want to call it an

2240

01:48:27,540 --> 01:48:23,199

implant a possible implant but you said

2241

01:48:30,750 --> 01:48:27,550

you had this x-ray in 9 2012 and then

2242

01:48:32,580 --> 01:48:30,760

this is what actually prompted did it

2243

01:48:36,839 --> 01:48:32,590

prompt nightmares and things like that

2244

01:48:40,290 --> 01:48:36,849

is that what you were good ok let's talk

2245

01:48:41,850 --> 01:48:40,300

about that and also had you thought

2246

01:48:44,009 --> 01:48:41,860

about having it removed we'll talk about

2247

01:48:45,649 --> 01:48:44,019

that too if you would that's a good

2248

01:48:49,489 --> 01:48:45,659

question

2249

01:48:52,589 --> 01:48:49,499

the discovery of this thing in my leg

2250

01:48:56,279 --> 01:48:52,599

there was a radiologist I go to the VA

2251

01:48:58,709 --> 01:48:56,289

for all my care and a VA radiologist

2252

01:49:00,029 --> 01:48:58,719

because the the radio radiology techs

2253

01:49:01,589 --> 01:49:00,039

said you know you have a piece of metal

2254

01:49:03,799 --> 01:49:01,599

in your leg if a shrapnel wound or

2255

01:49:06,089 --> 01:49:03,809

something no I never left the state's

2256

01:49:10,290 --> 01:49:06,099

she said we got something on in your

2257

01:49:13,319 --> 01:49:10,300

knee and I asked to see the x-ray and

2258

01:49:16,859 --> 01:49:13,329

she showed it to me and you don't need a

2259

01:49:18,390 --> 01:49:16,869

medical degree to see it and it's in the

2260

01:49:20,790 --> 01:49:18,400

back of my book you can see it at the

2261

01:49:23,029 --> 01:49:20,800

top and to the right it looks like a

2262

01:49:26,640 --> 01:49:23,039

computer chip with two wires attached

2263

01:49:29,129 --> 01:49:26,650

and the radiologists come down and came

2264

01:49:31,950 --> 01:49:29,139

down and he has a cup of coffee in his

2265

01:49:34,020 --> 01:49:31,960

hand he's looking at my x-ray and he's

2266

01:49:35,640 --> 01:49:34,030

talking to the technician and he walks

2267

01:49:38,100 --> 01:49:35,650

over to me and he pokes me in the thigh

2268

01:49:41,279 --> 01:49:38,110

and says it'll be right there and my

2269

01:49:42,810 --> 01:49:41,289

water what will be right there and he

2270

01:49:45,209 --> 01:49:42,820

says you have a scar there from where

2271

01:49:46,169 --> 01:49:45,219

this thing entered your your leg it's a

2272

01:49:51,479 --> 01:49:46,179

portal of entry

2273

01:49:53,819 --> 01:49:51,489

anytime you incise the skin it's going

2274

01:49:56,609 --> 01:49:53,829

to leave a scar now I'm like doctor I

2275

01:49:58,350 --> 01:49:56,619

don't have a scar in sure you do it

2276

01:50:01,290 --> 01:49:58,360

probably happened to use a child you

2277

01:50:04,500 --> 01:50:01,300

don't remember and he insisted on

2278

01:50:07,140 --> 01:50:04,510

examining my leg and he did and he was

2279

01:50:10,140 --> 01:50:07,150

kind of dumbfounded

2280

01:50:12,810 --> 01:50:10,150

he had as intern come down with a

2281

01:50:15,899 --> 01:50:12,820

handheld backlight killed the light snow

2282

01:50:17,970 --> 01:50:15,909

in the x-ray room so he could look at my

2283

01:50:19,800 --> 01:50:17,980

leg under a black Lexus I guess scar

2284

01:50:25,280 --> 01:50:19,810

tissue will fluoresce under a black or a

2285

01:50:27,990 --> 01:50:25,290

black light and I have no scar and I

2286

01:50:29,729 --> 01:50:28,000

said doctor how he said there should be

2287

01:50:31,260 --> 01:50:29,739

a corresponding scar and I saw back here

2288

01:50:33,479 --> 01:50:31,270

how often is it that you see an x-ray

2289

01:50:37,080 --> 01:50:33,489

where there's a foreign body and not a

2290

01:50:38,490 --> 01:50:37,090

corresponding scar and he said never he

2291

01:50:39,479 --> 01:50:38,500

said I've never in my life seen this

2292

01:50:41,399 --> 01:50:39,489

before

2293

01:50:43,470 --> 01:50:41,409

he said I've seen scars that have

2294

01:50:46,709 --> 01:50:43,480

migrated where people have lost or

2295

01:50:50,550 --> 01:50:46,719

gained weight but with age the scar may

2296

01:50:53,310 --> 01:50:50,560

have migrated a an inch or two away but

2297

01:50:55,620 --> 01:50:53,320

to have no scar never seen it the flow

2298

01:50:58,890 --> 01:50:55,630

and then there's a second structure

2299

01:51:02,280 --> 01:50:58,900

below my knee the thing above my knee he

2300

01:51:05,580 --> 01:51:02,290

said is absolutely man-made the

2301
01:51:09,780 --> 01:51:05,590
structure below my knee it served it

2302
01:51:12,240 --> 01:51:09,790
it's in a florette pattern and he said

2303
01:51:15,240 --> 01:51:12,250
these things are the consistency of bone

2304
01:51:17,310 --> 01:51:15,250
tissue but he said I've never seen bone

2305
01:51:24,149 --> 01:51:17,320
tissue sprout in the middle of a muscle

2306
01:51:28,050 --> 01:51:24,159
before and he said I don't know I just

2307
01:51:30,090 --> 01:51:28,060
don't know so well we also let you know

2308
01:51:32,580 --> 01:51:30,100
we only have a couple minutes left so

2309
01:51:35,880 --> 01:51:32,590
yeah just about two minutes or so

2310
01:51:38,250 --> 01:51:35,890
so why or had you thought of having this

2311
01:51:40,649 --> 01:51:38,260
thing removed you bet first thing I

2312
01:51:42,180 --> 01:51:40,659
wanted to do I wanted it out of me the

2313
01:51:44,899 --> 01:51:42,190

problem that I had was too full

2314

01:51:52,970 --> 01:51:44,909

number one is I'd had two heart attacks

2315

01:51:56,640 --> 01:51:52,980

and my health was not the greatest and I

2316

01:52:00,090 --> 01:51:56,650

talked to probably six surgeons over two

2317

01:52:01,770 --> 01:52:00,100

and a half years I spent probably maybe

2318

01:52:03,570 --> 01:52:01,780

thirty five hundred to five thousand

2319

01:52:05,340 --> 01:52:03,580

dollars out of my pocket with consults

2320

01:52:06,510 --> 01:52:05,350

and because you got to go through a

2321

01:52:09,110 --> 01:52:06,520

doctor to see a doctor

2322

01:52:12,570 --> 01:52:09,120

yeah and every surgeon I talked to

2323

01:52:14,280 --> 01:52:12,580

wanted a cardiologist blessing before

2324

01:52:18,390 --> 01:52:14,290

they'd operate no cardiologist would

2325

01:52:20,129 --> 01:52:18,400

give me that sure yeah I see yeah I know

2326

01:52:20,850 --> 01:52:20,139

they're gnarly you know I've had surgery

2327

01:52:22,140 --> 01:52:20,860

and I understand

2328

01:52:24,390 --> 01:52:22,150

that's they really do check you out

2329

01:52:26,850 --> 01:52:24,400

first they don't want you to drop dead

2330

01:52:31,740 --> 01:52:26,860

on the table yes well and they

2331

01:52:35,760 --> 01:52:31,750

classified as a non therapeutic surgery

2332

01:52:38,910 --> 01:52:35,770

yeah was it wasn't so that's couldn't

2333

01:52:40,399 --> 01:52:38,920

get it done right right yeah we have two

2334

01:52:43,770 --> 01:52:40,409

minutes left so why don't you tell the

2335

01:52:45,540 --> 01:52:43,780

the listening audience you mentioned you

2336

01:52:48,270 --> 01:52:45,550

give out your email if you'd like to

2337

01:52:49,530 --> 01:52:48,280

dare to do that you may get contacts

2338

01:52:51,450 --> 01:52:49,540

from people that would like to talk to

2339

01:52:53,550 --> 01:52:51,460

you about your your incident and also

2340

01:52:55,320 --> 01:52:53,560

tell us where people can find your

2341

01:52:58,890 --> 01:52:55,330

anaemia book once again and where people

2342

01:53:03,330 --> 01:52:58,900

can find it yes the book is incident at

2343

01:53:07,850 --> 01:53:03,340

Devil's Den it's on Amazon and it's in

2344

01:53:13,620 --> 01:53:07,860

print in eBook and I made an audio book

2345

01:53:15,720 --> 01:53:13,630

and as I said it's on Amazon and what

2346

01:53:18,859 --> 01:53:15,730

was the other thing I just wondered and

2347

01:53:24,359 --> 01:53:18,869

people can contact you yes

2348

01:53:29,850 --> 01:53:24,369

the email is Lovelace dot land hope LAN

2349

01:53:32,040 --> 01:53:29,860

D P ope land poke at gmail.com if you've

2350

01:53:34,609 --> 01:53:32,050

had an experience I'm not not a doctor

2351

01:53:37,649 --> 01:53:34,619

I'm not a therapist but I'd be happy to

2352

01:53:40,979 --> 01:53:37,659

if you've had an experience email me I

2353

01:53:43,229 --> 01:53:40,989

answer every single one almost all 400

2354

01:53:45,450 --> 01:53:43,239

of them so far so if you've had

2355

01:53:48,540 --> 01:53:45,460

experience you're welcome to contact me

2356

01:53:50,160 --> 01:53:48,550

and where do you go next

2357

01:53:53,220 --> 01:53:50,170

where do you what do you think the

2358

01:53:55,290 --> 01:53:53,230

future is for this whole situation do

2359

01:53:57,060 --> 01:53:55,300

you think you'll talk about it more do

2360

01:54:00,390 --> 01:53:57,070

you think you're you're you said you're

2361

01:54:03,000 --> 01:54:00,400

sort of at peace with it you know I am

2362

01:54:06,000 --> 01:54:03,010

and I'll be real quick I had an unusual

2363

01:54:09,060 --> 01:54:06,010

visitor come to see me I had a physician

2364

01:54:11,550 --> 01:54:09,070

come to see me in October and I won't

2365

01:54:16,859 --> 01:54:11,560

reveal his name because he asked me not

2366

01:54:20,040 --> 01:54:16,869

to and he was kind enough to take the

2367

01:54:22,320 --> 01:54:20,050

x-rays from the VA and he was able to

2368

01:54:24,959 --> 01:54:22,330

triangulate from two different views of

2369

01:54:27,300 --> 01:54:24,969

my leg to determine that the thing that

2370

01:54:30,330 --> 01:54:27,310

looks like a computer chip was actually

2371

01:54:32,100 --> 01:54:30,340

deep inside my leg and it wasn't some

2372

01:54:34,260 --> 01:54:32,110

people say well it looks like something

2373

01:54:37,020 --> 01:54:34,270

that was laying on the table maybe or

2374

01:54:38,700 --> 01:54:37,030

sucking my clothing and he was able to

2375

01:54:40,650 --> 01:54:38,710

definitively prove that was an odd

2376

01:54:43,020 --> 01:54:40,660

visitor and I don't have time to go into

2377

01:54:44,820 --> 01:54:43,030

it but yeah we are out of time thank

2378

01:54:47,820 --> 01:54:44,830

thank you so much Terry it's been a real

2379

01:54:50,160 --> 01:54:47,830

pleasure thank you questions Ramon all

2380

01:54:52,800 --> 01:54:50,170

right okay all right everyone so that's

2381

01:54:54,600 --> 01:54:52,810

it for our show tonight next week we

2382

01:54:55,920 --> 01:54:54,610

have Todd Curtis I'm really excited

2383

01:55:00,330 --> 01:54:55,930

about that because he's going to be

2384

01:55:03,510 --> 01:55:00,340

talking about the jl 1628 UFO incident

2385

01:55:07,080 --> 01:55:03,520

over alaska and so much more he is into

2386

01:55:09,660 --> 01:55:07,090

aviation safety and that's his that's

2387

01:55:12,540 --> 01:55:09,670

his whole background and he has a

2388

01:55:13,170 --> 01:55:12,550

fascination with the UFO topic so that's

2389

01:55:15,570 --> 01:55:13,180

it

2390

01:55:18,570 --> 01:55:15,580

thanks so much for supporting the show
