

**ROBERT POWELL**

1  
00:00:02,929 --> 00:00:01,490  
is that triangle you know there's

2  
00:00:04,730 --> 00:00:02,939  
explanation for everything that occurred

3  
00:00:07,039 --> 00:00:04,740  
in the Rendlesham forest incident that

4  
00:00:09,919 --> 00:00:07,049  
doesn't involve aliens at all it was

5  
00:00:14,600 --> 00:00:09,929  
completely silent it comes right over

6  
00:00:16,310 --> 00:00:14,610  
our head it's also really standing in

7  
00:00:17,810 --> 00:00:16,320  
the Clery he turned over to my father

8  
00:00:23,810 --> 00:00:17,820  
and held his hand and he looked in his

9  
00:00:27,259 --> 00:00:23,820  
eyes and said we're not alone welcome to

10  
00:00:29,240 --> 00:00:27,269  
podcast UFO for our live show during the

11  
00:00:31,730 --> 00:00:29,250  
show feel free to participate live in

12  
00:00:33,910 --> 00:00:31,740  
our chat room and don't forget to like

13  
00:00:37,310 --> 00:00:33,920

us on our very active Facebook page

14

00:00:39,770 --> 00:00:37,320

hello and welcome to the show Martin

15

00:00:41,389 --> 00:00:39,780

Willis your host and we have a great

16

00:00:42,709 --> 00:00:41,399

show for you this evening one of my

17

00:00:45,470 --> 00:00:42,719

favorite guests we have Robert Powell

18

00:00:48,440 --> 00:00:45,480

coming up in just a bit before that we

19

00:00:51,529 --> 00:00:48,450

have Alejandro al Rojas he'll be joining

20

00:00:54,260 --> 00:00:51,539

us for UFO updates in just a minute and

21

00:00:57,080 --> 00:00:54,270

I want to thank everyone that helps

22

00:00:58,430 --> 00:00:57,090

support the show and why don't the

23

00:01:00,049 --> 00:00:58,440

listeners check out we have a lot of

24

00:01:03,410 --> 00:01:00,059

kind of interesting things on our

25

00:01:07,640 --> 00:01:03,420

website now podcast UFO calm go check it

26

00:01:10,010 --> 00:01:07,650

out over there and we are still looking

27

00:01:14,450 --> 00:01:10,020

for a blogger I know we've had a few

28

00:01:16,550 --> 00:01:14,460

people contact us and so that option is

29

00:01:18,350 --> 00:01:16,560

open for someone that would like to

30

00:01:19,730 --> 00:01:18,360

write some blogs we did have someone in

31

00:01:21,499 --> 00:01:19,740

Tasmania write a couple of interesting

32

00:01:26,440 --> 00:01:21,509

blogs I'm waiting to hear back from him

33

00:01:29,660 --> 00:01:26,450

and let's see we are talking the Nimitz

34

00:01:32,359 --> 00:01:29,670

today I really I guess I'm kind of stuck

35

00:01:34,450 --> 00:01:32,369

on that case I really like talking about

36

00:01:36,920 --> 00:01:34,460

that it's just one of those fascinating

37

00:01:41,450 --> 00:01:36,930

ones with a lot of really great research

38

00:01:44,929 --> 00:01:41,460

and robert has done that and on the 19th

39

00:01:48,139 --> 00:01:44,939

of march i believe it is we have kevin

40

00:01:50,899 --> 00:01:48,149

day who is the radar operator in the

41

00:01:53,420 --> 00:01:50,909

Nimitz during the sightings he's going

42

00:01:55,340 --> 00:01:53,430

to be on the show then so I think that

43

00:01:57,649 --> 00:01:55,350

will just about do it for the Nimitz for

44

00:02:00,380 --> 00:01:57,659

us for awhile and last week if you

45

00:02:02,690 --> 00:02:00,390

missed the show check it out it's a it's

46

00:02:07,010 --> 00:02:02,700

pretty interesting the fighter pilot was

47

00:02:08,330 --> 00:02:07,020

actually on the Nimitz during the during

48

00:02:09,200 --> 00:02:08,340

the incident I didn't even know that

49

00:02:11,480 --> 00:02:09,210

when I had him on the

50

00:02:13,010 --> 00:02:11,490

oh I had him on to talk about other

51  
00:02:17,090 --> 00:02:13,020  
things so that was pretty exciting for

52  
00:02:19,820 --> 00:02:17,100  
me anyway so that's it for now and we

53  
00:02:20,680 --> 00:02:19,830  
are joined by Alejandro Rojas welcome to

54  
00:02:23,690 --> 00:02:20,690  
the show

55  
00:02:27,350 --> 00:02:23,700  
hello thank you so much for having me my

56  
00:02:29,360 --> 00:02:27,360  
friend as always it's a pleasure yeah

57  
00:02:32,630 --> 00:02:29,370  
and you should have a great show

58  
00:02:34,250 --> 00:02:32,640  
you've got Robert and which is great

59  
00:02:36,410 --> 00:02:34,260  
because he's got this report coming out

60  
00:02:37,790 --> 00:02:36,420  
and I'm so excited to see it

61  
00:02:39,380 --> 00:02:37,800  
and in fact I asked him to share

62  
00:02:41,690 --> 00:02:39,390  
information with me and he said wait for

63  
00:02:45,470 --> 00:02:41,700

the report so you're getting a preview

64

00:02:47,930 --> 00:02:45,480

you're lucky yeah glad and I think that

65

00:02:50,510 --> 00:02:47,940

the mint report yeah what was that he's

66

00:02:53,420 --> 00:02:50,520

kind of by the book you know oh yeah

67

00:02:55,070 --> 00:02:53,430

things which is great yeah mm-hmm yeah

68

00:02:57,800 --> 00:02:55,080

he's part of that government documents

69

00:03:00,020 --> 00:02:57,810

book that was so important but Nimitz is

70

00:03:02,030 --> 00:03:00,030

really important too because I think

71

00:03:05,230 --> 00:03:02,040

probably one of the most important cases

72

00:03:09,230 --> 00:03:05,240

in a long long time and the main reason

73

00:03:11,540 --> 00:03:09,240

being that it's tied to this government

74

00:03:14,420 --> 00:03:11,550

program and then we have more witnesses

75

00:03:16,790 --> 00:03:14,430

than ever you know with this case coming

76

00:03:19,070 --> 00:03:16,800

forward in fact you know even with if

77

00:03:20,750 --> 00:03:19,080

you think of a big case like Rendlesham

78

00:03:23,690 --> 00:03:20,760

forest which was a military case you

79

00:03:26,600 --> 00:03:23,700

know in the UK the United States first

80

00:03:28,670 --> 00:03:26,610

was leasing this base from the UK we you

81

00:03:30,500 --> 00:03:28,680

have quite a few military witnesses from

82

00:03:33,980 --> 00:03:30,510

that but it didn't have the attention

83

00:03:35,540 --> 00:03:33,990

nor was it a you know an official kind

84

00:03:38,120 --> 00:03:35,550

of government investigation like

85

00:03:40,100 --> 00:03:38,130

Nimitz's so there's just a number of

86

00:03:42,680 --> 00:03:40,110

reason it's so so important and it's

87

00:03:44,660 --> 00:03:42,690

really exciting that it's getting all

88

00:03:46,070 --> 00:03:44,670

the attention and and so I think it's

89

00:03:48,800 --> 00:03:46,080

important that we talk about it a lot

90

00:03:51,380 --> 00:03:48,810

you make a really good point wondering

91

00:03:54,950 --> 00:03:51,390

if part of the reason Rendlesham force

92

00:03:56,810 --> 00:03:54,960

was not taking taken that seriously at

93

00:03:59,420 --> 00:03:56,820

the time is because it was on it was not

94

00:04:00,950 --> 00:03:59,430

on our land it was uh it was in England

95

00:04:02,990 --> 00:04:00,960

I'm wondering if that's part of it

96

00:04:05,750 --> 00:04:03,000

and I wonder what would changed today if

97

00:04:07,010 --> 00:04:05,760

that happened that's a good question and

98

00:04:09,080 --> 00:04:07,020

you're right that's what's interesting

99

00:04:12,440 --> 00:04:09,090

about the Charles halt memo and

100

00:04:14,660 --> 00:04:12,450

essentially the strategy behind the memo

101  
00:04:16,820 --> 00:04:14,670  
so Charles halt was the deputy base

102  
00:04:19,580 --> 00:04:16,830  
commander he was one of the witnesses in

103  
00:04:23,090 --> 00:04:19,590  
Rendlesham forest and it was pretty much

104  
00:04:26,540 --> 00:04:23,100  
his memo to the Ministry of

105  
00:04:28,790 --> 00:04:26,550  
fence that in the UK that broke this

106  
00:04:30,830 --> 00:04:28,800  
whole thing and made it very big and in

107  
00:04:33,350 --> 00:04:30,840  
his memo it was essentially he and his

108  
00:04:35,090 --> 00:04:33,360  
boss their strategy was well you know

109  
00:04:38,960 --> 00:04:35,100  
this incident didn't really necessarily

110  
00:04:42,290 --> 00:04:38,970  
occur on the base it occurred on English

111  
00:04:45,470 --> 00:04:42,300  
land so we're gonna kind of pass the

112  
00:04:47,360 --> 00:04:45,480  
buck and write this memo telling them

113  
00:04:50,750 --> 00:04:47,370

this occurred so really it's their job

114

00:04:52,940 --> 00:04:50,760

to investigate and then the UK decided

115

00:04:55,700 --> 00:04:52,950

not to investigate there were debates

116

00:04:58,340 --> 00:04:55,710

including in the House of Lords one of

117

00:05:02,660 --> 00:04:58,350

the branches of the government around

118

00:05:04,880 --> 00:05:02,670

why aren't they investigating it but it

119

00:05:07,700 --> 00:05:04,890

never was officially investigated by the

120

00:05:09,230 --> 00:05:07,710

government so you're right I guess if if

121

00:05:11,290 --> 00:05:09,240

the American government would have taken

122

00:05:14,630 --> 00:05:11,300

onus if they would have written that

123

00:05:15,560 --> 00:05:14,640

memo internally what would have happened

124

00:05:17,870 --> 00:05:15,570

maybe there would have been an

125

00:05:20,360 --> 00:05:17,880

investigation who knows I'm it's

126

00:05:23,030 --> 00:05:20,370

difficult to say although Charles halt

127

00:05:25,520 --> 00:05:23,040

believes there was some sort of

128

00:05:29,240 --> 00:05:25,530

clandestine investigation that went on

129

00:05:30,830 --> 00:05:29,250

that he was not even privy to and I

130

00:05:33,350 --> 00:05:30,840

asked him what you think you know he

131

00:05:37,120 --> 00:05:33,360

believes his guys were debriefed if if

132

00:05:39,830 --> 00:05:37,130

that could happen if some organisation

133

00:05:41,870 --> 00:05:39,840

with a was a lot of secrecy could come

134

00:05:43,340 --> 00:05:41,880

on base and debrief his own people

135

00:05:45,710 --> 00:05:43,350

without him knowing and he said sure

136

00:05:48,350 --> 00:05:45,720

that could happen I just didn't have a

137

00:05:50,360 --> 00:05:48,360

need-to-know of as to the business that

138

00:05:54,260 --> 00:05:50,370

these people were needed to do on the

139

00:05:56,900 --> 00:05:54,270

base and so that's possible right right

140

00:05:58,270 --> 00:05:56,910

it is pretty amazing how when you said

141

00:06:01,040 --> 00:05:58,280

the need-to-know thing how

142

00:06:04,520 --> 00:06:01,050

compartmentalized everything seems to be

143

00:06:06,440 --> 00:06:04,530

in so many different ways mm-hmm when it

144

00:06:10,280 --> 00:06:06,450

comes to writing military and the

145

00:06:14,300 --> 00:06:10,290

government mm-hmm so getting into news

146

00:06:17,450 --> 00:06:14,310

that gets into a little bit of the news

147

00:06:21,020 --> 00:06:17,460

there's that there's a somewhat of a tie

148

00:06:24,800 --> 00:06:21,030

in that you know a tip when this

149

00:06:28,100 --> 00:06:24,810

organization was that Lou Elizondo you

150

00:06:29,780 --> 00:06:28,110

know ran it there's been some questions

151  
00:06:31,070 --> 00:06:29,790  
about it because we really haven't had

152  
00:06:33,320 --> 00:06:31,080  
much in the way of official

153  
00:06:36,050 --> 00:06:33,330  
documentation related to all of this

154  
00:06:37,820 --> 00:06:36,060  
we've got leaks for instance many of

155  
00:06:42,330 --> 00:06:37,830  
them from George

156  
00:06:44,850 --> 00:06:42,340  
at klas in fact the only report we have

157  
00:06:49,080 --> 00:06:44,860  
the alleged report we have from the

158  
00:06:52,170 --> 00:06:49,090  
military on the Nimitz case is from a

159  
00:06:54,480 --> 00:06:52,180  
leak from George Knapp now there have

160  
00:06:57,000 --> 00:06:54,490  
been other people to corroborate these

161  
00:07:00,180 --> 00:06:57,010  
leaks to confirm that they're accurate

162  
00:07:02,820 --> 00:07:00,190  
but one of George snaps leaks was a list

163  
00:07:05,159 --> 00:07:02,830

of different sort of products they call

164

00:07:08,690 --> 00:07:05,169

them different projects or or papers

165

00:07:12,440 --> 00:07:08,700

that his organization was working on and

166

00:07:15,240 --> 00:07:12,450

luckily fortunately we have finally had

167

00:07:17,040 --> 00:07:15,250

essentially the first FOIA and you'll

168

00:07:19,920 --> 00:07:17,050

definitely have to ask Robert about this

169

00:07:22,740 --> 00:07:19,930

because I know he's been going like

170

00:07:24,540 --> 00:07:22,750

crazy around a tip and Nimitz and all of

171

00:07:27,930 --> 00:07:24,550

this and there's been little to no

172

00:07:31,440 --> 00:07:27,940

success really no success until recently

173

00:07:34,050 --> 00:07:31,450

and that is because of these documents

174

00:07:36,659 --> 00:07:34,060

that a couple of groups were able to

175

00:07:38,909 --> 00:07:36,669

FOIA and get information out of well

176

00:07:40,950 --> 00:07:38,919

really only one that we know has FOIA at

177

00:07:43,469 --> 00:07:40,960

it and gotten information that's the

178

00:07:45,659 --> 00:07:43,479

Federation of American scientists so

179

00:07:48,620 --> 00:07:45,669

they did a FOIA on a tip and they got

180

00:07:51,900 --> 00:07:48,630

some some documentation it turned out

181

00:07:54,480 --> 00:07:51,910

Nick Pope had called the PR department

182

00:07:56,340 --> 00:07:54,490

essentially and said hey guys you know

183

00:07:59,130 --> 00:07:56,350

I've got a FOIA but give me some

184

00:08:00,659 --> 00:07:59,140

information and they finally did and it

185

00:08:02,279 --> 00:08:00,669

turned out to be the same document that

186

00:08:04,260 --> 00:08:02,289

the Federation of American scientists

187

00:08:07,740 --> 00:08:04,270

what had released and that happened

188

00:08:10,260 --> 00:08:07,750

sometimes where a FOIA is responded to

189

00:08:13,020 --> 00:08:10,270

which makes then that material public

190

00:08:14,640 --> 00:08:13,030

and so then when you call the dear PR

191

00:08:17,310 --> 00:08:14,650

department especially as journalists

192

00:08:19,440 --> 00:08:17,320

they'll often give you that material

193

00:08:21,450 --> 00:08:19,450

without having to have put through a

194

00:08:23,460 --> 00:08:21,460

FOIA and other researchers they'll do

195

00:08:26,279 --> 00:08:23,470

that for also I'm sure that's happened

196

00:08:28,830 --> 00:08:26,289

to Robert so they got this document and

197

00:08:32,940 --> 00:08:28,840

this document actually mentions the name

198

00:08:35,969 --> 00:08:32,950

a tape it mentions advanced aerospace

199

00:08:38,219 --> 00:08:35,979

threat and identification program which

200

00:08:40,709 --> 00:08:38,229

is interesting because his term it's

201  
00:08:42,690 --> 00:08:40,719  
been debated what the term is but Lou

202  
00:08:44,850 --> 00:08:42,700  
Elizondo has told us it's advanced

203  
00:08:46,860 --> 00:08:44,860  
aerospace threat even though so many

204  
00:08:49,170 --> 00:08:46,870  
people doubt him for some reason that

205  
00:08:50,400 --> 00:08:49,180  
but you know a tip did UFO work or

206  
00:08:52,830 --> 00:08:50,410  
anything at all

207  
00:08:54,210 --> 00:08:52,840  
but there's a couple important clues and

208  
00:08:56,880 --> 00:08:54,220  
we've kind of talked about these

209  
00:08:58,380 --> 00:08:56,890  
documents but examining them there's

210  
00:09:01,860 --> 00:08:58,390  
some information in it that's pretty

211  
00:09:03,750 --> 00:09:01,870  
important essentially they're looking

212  
00:09:05,280 --> 00:09:03,760  
for advanced aerospace threaten and

213  
00:09:07,050 --> 00:09:05,290

identification meaning the

214

00:09:09,990 --> 00:09:07,060

identification part is they're

215

00:09:11,790 --> 00:09:10,000

identifying foreign objects objects that

216

00:09:15,300 --> 00:09:11,800

don't belong to the United States

217

00:09:18,390 --> 00:09:15,310

however what's interesting then is okay

218

00:09:21,000 --> 00:09:18,400

who are who are these foreigners that

219

00:09:23,520 --> 00:09:21,010

have this technology that is beyond our

220

00:09:27,030 --> 00:09:23,530

own then that they're examining well if

221

00:09:29,520 --> 00:09:27,040

you look at this inventory that to try

222

00:09:31,890 --> 00:09:29,530

to get a clue as to you know are they

223

00:09:34,620 --> 00:09:31,900

looking into Russian technology are they

224

00:09:36,750 --> 00:09:34,630

looking into Chinese technology well

225

00:09:40,410 --> 00:09:36,760

they all of these documents are all

226

00:09:42,060 --> 00:09:40,420

about space travel for the most part at

227

00:09:46,110 --> 00:09:42,070

least when it comes to the technology

228

00:09:49,410 --> 00:09:46,120

parts space propulsion there's stuff

229

00:09:51,840 --> 00:09:49,420

about cloaking but there's traversing

230

00:09:55,020 --> 00:09:51,850

wormholes and stargates

231

00:09:58,770 --> 00:09:55,030

so you see here very quickly that you

232

00:09:59,910 --> 00:09:58,780

know it bolsters lose claims that what

233

00:10:03,530 --> 00:09:59,920

we have here is that they were looking

234

00:10:06,570 --> 00:10:03,540

at unknowns they were looking at another

235

00:10:08,220 --> 00:10:06,580

possibility he of course is hesitant

236

00:10:09,060 --> 00:10:08,230

like many to say they're looking into

237

00:10:12,030 --> 00:10:09,070

you whether or not it's

238

00:10:14,400 --> 00:10:12,040

extraterrestrials but at least they had

239

00:10:16,560 --> 00:10:14,410

as he shared been convinced that it's

240

00:10:18,300 --> 00:10:16,570

not the Chinese or the Russians or any

241

00:10:21,170 --> 00:10:18,310

other government out there that we know

242

00:10:23,460 --> 00:10:21,180

of so it backs up of course

243

00:10:26,430 --> 00:10:23,470

unfortunately we don't have listed on

244

00:10:29,280 --> 00:10:26,440

this list like the Nimitz document yeah

245

00:10:32,430 --> 00:10:29,290

and you know we have this Nimitz report

246

00:10:34,890 --> 00:10:32,440

but what's exciting at least from what

247

00:10:37,170 --> 00:10:34,900

Louis said is that the Nimitz report is

248

00:10:38,670 --> 00:10:37,180

one of very many that there are other

249

00:10:41,760 --> 00:10:38,680

cases out there

250

00:10:43,470 --> 00:10:41,770

I think Robert definitely knows as a

251  
00:10:45,390 --> 00:10:43,480  
clue as to some of the other cases that

252  
00:10:47,610 --> 00:10:45,400  
they've looked at given what we know

253  
00:10:52,650 --> 00:10:47,620  
about some of the videos that have been

254  
00:10:54,660 --> 00:10:52,660  
released but supposedly and according to

255  
00:10:56,040 --> 00:10:54,670  
Liu there were even better cases than

256  
00:10:58,740 --> 00:10:56,050  
the Nimitz and the Nimitz is an

257  
00:11:01,620 --> 00:10:58,750  
extraordinary case so there's still a

258  
00:11:04,040 --> 00:11:01,630  
lot of information to that is

259  
00:11:06,769 --> 00:11:04,050  
forthcoming and even when it comes to

260  
00:11:08,920 --> 00:11:06,779  
the Nimitz we don't know the extent of

261  
00:11:12,530 --> 00:11:08,930  
the investigation we have this kind of

262  
00:11:16,280 --> 00:11:12,540  
almost high-level executive summary that

263  
00:11:18,470 --> 00:11:16,290

doesn't even necessarily look to be put

264

00:11:20,870 --> 00:11:18,480

together by a scientist but more of a

265

00:11:22,819 --> 00:11:20,880

researcher or an investigator who talked

266

00:11:24,949 --> 00:11:22,829

to all of the witnesses there's some

267

00:11:27,170 --> 00:11:24,959

kind of real frenchie kind of strange

268

00:11:30,440 --> 00:11:27,180

speculation and the leaked document but

269

00:11:32,540 --> 00:11:30,450

Lou has confirmed it's accurate and as

270

00:11:35,630 --> 00:11:32,550

time goes on another reason this is

271

00:11:37,940 --> 00:11:35,640

helpful is that when lose the things

272

00:11:39,889 --> 00:11:37,950

that he's told us have been confirmed

273

00:11:42,199 --> 00:11:39,899

and corroborated by third parties like

274

00:11:44,269 --> 00:11:42,209

Harry Reid or David flavour or any of

275

00:11:47,030 --> 00:11:44,279

the other nimitz witnesses that we've

276

00:11:49,340 --> 00:11:47,040

talked to then it just it means that

277

00:11:51,740 --> 00:11:49,350

most likely you know what Louis been

278

00:11:53,420 --> 00:11:51,750

telling us is accurate so when he's

279

00:11:56,960 --> 00:11:53,430

telling us there's more documents to

280

00:11:58,430 --> 00:11:56,970

come or that more exists hopefully over

281

00:12:01,340 --> 00:11:58,440

time you know some of these FOIA

282

00:12:03,380 --> 00:12:01,350

requests that we've put in will be

283

00:12:06,100 --> 00:12:03,390

fruitful and we'll be able to get some

284

00:12:09,860 --> 00:12:06,110

more of these exciting reports right

285

00:12:12,470 --> 00:12:09,870

absolutely Wow I hope so and it's you

286

00:12:15,079 --> 00:12:12,480

know that is fascinating I mean that

287

00:12:17,840 --> 00:12:15,089

there are so many military I mean the

288

00:12:20,389 --> 00:12:17,850

military involved in these sightings is

289

00:12:22,610 --> 00:12:20,399

fascinating to me mm-hmm

290

00:12:26,090 --> 00:12:22,620

I think that's a really important case a

291

00:12:28,670 --> 00:12:26,100

point you know the UK government up

292

00:12:30,560 --> 00:12:28,680

until 2008 had their own UFO research

293

00:12:34,430 --> 00:12:30,570

program that was the program that Nick

294

00:12:37,639 --> 00:12:34,440

Pope was a part of however they closed

295

00:12:40,430 --> 00:12:37,649

their door at 2008 and in 2008 they

296

00:12:41,960 --> 00:12:40,440

didn't want any more documents but Nick

297

00:12:44,240 --> 00:12:41,970

Pope for instance although he doesn't

298

00:12:47,060 --> 00:12:44,250

can't point to this being you know

299

00:12:48,949 --> 00:12:47,070

certainly the case felt that more of

300

00:12:51,410 --> 00:12:48,959

what they were saying is they don't want

301

00:12:54,019 --> 00:12:51,420

public input anymore that they've got

302

00:12:56,090 --> 00:12:54,029

enough information on their own and it's

303

00:12:57,920 --> 00:12:56,100

kind of similar to what a tip was doing

304

00:12:59,689 --> 00:12:57,930

because a tip was looking at military

305

00:13:02,240 --> 00:12:59,699

cases and I don't think that's

306

00:13:04,340 --> 00:13:02,250

necessarily a bad thing because when it

307

00:13:06,199 --> 00:13:04,350

comes to a military case you're going to

308

00:13:08,780 --> 00:13:06,209

have more records you're going to have

309

00:13:12,439 --> 00:13:08,790

more credible witnesses you're going to

310

00:13:15,079 --> 00:13:12,449

have even more a sophisticated equipment

311

00:13:17,960 --> 00:13:15,089

that is monitoring or gathering data

312

00:13:20,090 --> 00:13:17,970

including video data on these cases

313

00:13:22,910 --> 00:13:20,100

so these are going to be the strongest

314

00:13:24,650 --> 00:13:22,920

of the cases out there and even if you

315

00:13:27,410 --> 00:13:24,660

look at Project Blue Book or a number of

316

00:13:29,150 --> 00:13:27,420

other cases that Robert has looked into

317

00:13:30,769 --> 00:13:29,160

and his colleagues in his government

318

00:13:32,960 --> 00:13:30,779

documents book that they put together

319

00:13:36,559 --> 00:13:32,970

you know these are really really strong

320

00:13:38,720 --> 00:13:36,569

cases do they point to an answer that we

321

00:13:41,600 --> 00:13:38,730

definitely know what's going on they

322

00:13:43,819 --> 00:13:41,610

don't but what they do point to is what

323

00:13:45,350 --> 00:13:43,829

Lou has shared and others is that

324

00:13:48,290 --> 00:13:45,360

there's a minton that there's a mystery

325

00:13:51,230 --> 00:13:48,300

there's an observed technology that we

326

00:13:53,150 --> 00:13:51,240

don't know what it is but so far we have

327

00:13:55,699 --> 00:13:53,160

not seen anything you know indicating

328

00:13:58,850 --> 00:13:55,709

like at least officially that they've

329

00:14:01,369 --> 00:13:58,860

captured a crashed UFO or bodies or

330

00:14:03,350 --> 00:14:01,379

anything like that but we do at least

331

00:14:05,660 --> 00:14:03,360

have that it's very substantiate that

332

00:14:07,819 --> 00:14:05,670

they've had these experiences with these

333

00:14:09,470 --> 00:14:07,829

unknown technologies that that can

334

00:14:13,309 --> 00:14:09,480

outmaneuver our most sophisticated

335

00:14:15,740 --> 00:14:13,319

aircraft yeah and do such mysterious

336

00:14:17,840 --> 00:14:15,750

maneuvers at that mm-hmm

337

00:14:19,819 --> 00:14:17,850

you know especially when we're gonna be

338

00:14:23,869 --> 00:14:19,829

talking about that today at the yes

339

00:14:25,610 --> 00:14:23,879

those are crazy so I guess when it comes

340

00:14:27,439 --> 00:14:25,620

to news you know there's a lot of news

341

00:14:29,629 --> 00:14:27,449

about these documents about the crazy

342

00:14:31,160 --> 00:14:29,639

stuff these guys were looking into they

343

00:14:33,309 --> 00:14:31,170

don't get into some of the nuances like

344

00:14:37,220 --> 00:14:33,319

we're talking about where it confirms

345

00:14:38,869 --> 00:14:37,230

the UFO side of things however what's

346

00:14:42,199 --> 00:14:38,879

interesting about the mainstream media

347

00:14:45,139 --> 00:14:42,209

is they have had no doubt really as to

348

00:14:47,150 --> 00:14:45,149

what Lewin and Elizondo has said about

349

00:14:49,009 --> 00:14:47,160

his program or that Harry Reid has said

350

00:14:50,210 --> 00:14:49,019

about the program they really haven't

351  
00:14:52,429 --> 00:14:50,220  
doubted Lou when he says they

352  
00:14:56,449 --> 00:14:52,439  
investigated UFO in the mainstream media

353  
00:14:58,910 --> 00:14:56,459  
so I think that's really important and

354  
00:15:00,530 --> 00:14:58,920  
so when it comes to the mainstream media

355  
00:15:02,660 --> 00:15:00,540  
these stories I think are really

356  
00:15:04,280 --> 00:15:02,670  
interesting and it's great that you know

357  
00:15:07,129 --> 00:15:04,290  
there's so much more getting out there

358  
00:15:09,139 --> 00:15:07,139  
and people know that not only was the

359  
00:15:11,389 --> 00:15:09,149  
government or the military taking UFOs

360  
00:15:13,790 --> 00:15:11,399  
more seriously and the possibility that

361  
00:15:16,160 --> 00:15:13,800  
there unidentified but also these other

362  
00:15:18,079 --> 00:15:16,170  
technologies that would indicate what

363  
00:15:21,230 --> 00:15:18,089

how they might be getting here from

364

00:15:22,249 --> 00:15:21,240

there but also how we might one day get

365

00:15:24,860 --> 00:15:22,259

there from here

366

00:15:26,449 --> 00:15:24,870

yeah so all of that's important but

367

00:15:28,790 --> 00:15:26,459

that's created a lot of stories and then

368

00:15:30,439 --> 00:15:28,800

of course Blue Book is creating a lot of

369

00:15:31,840 --> 00:15:30,449

stories still the Project Blue Book

370

00:15:33,629 --> 00:15:31,850

television show in

371

00:15:36,759 --> 00:15:33,639

fact there is a Washington Post story

372

00:15:38,910 --> 00:15:36,769

that just posted today so we're seeing a

373

00:15:40,870 --> 00:15:38,920

lot of mainstream coverage from UFOs

374

00:15:43,689 --> 00:15:40,880

mostly from Project Blue Book to

375

00:15:46,600 --> 00:15:43,699

television show but a tip continues to

376

00:15:49,540 --> 00:15:46,610

get into the headlines as well yeah

377

00:15:51,610 --> 00:15:49,550

great well alejandro thank you so much

378

00:15:53,740 --> 00:15:51,620

it's fun as always to have you on the

379

00:15:55,660 --> 00:15:53,750

show I appreciate it yeah my pleasure

380

00:15:57,639 --> 00:15:55,670

have a great show all right I'll talk to

381

00:16:01,090 --> 00:15:57,649

you next week back to you later all

382

00:16:02,860 --> 00:16:01,100

right okay everyone so our guest tonight

383

00:16:06,759 --> 00:16:02,870

oh by the way we were just speaking

384

00:16:09,009 --> 00:16:06,769

about the documents and you can read

385

00:16:12,629 --> 00:16:09,019

those actually on my website I have a

386

00:16:16,210 --> 00:16:12,639

PDF reader so go to podcast UFO comm and

387

00:16:19,749 --> 00:16:16,220

it's titled it's a second second article

388

00:16:21,850 --> 00:16:19,759

down foyer reveals the dia funded

389

00:16:24,189 --> 00:16:21,860

research into UFO technology and you can

390

00:16:26,470 --> 00:16:24,199

scan through that it's only five pages

391

00:16:27,879 --> 00:16:26,480

that you can scan through that document

392

00:16:31,360 --> 00:16:27,889

and check it out it's really interesting

393

00:16:33,759 --> 00:16:31,370

so our guest Robert Powell he is a

394

00:16:36,449 --> 00:16:33,769

charter member a board member that is of

395

00:16:38,170 --> 00:16:36,459

the scientific coalition of u4 ufology

396

00:16:41,139 --> 00:16:38,180

SCU

397

00:16:43,569 --> 00:16:41,149

he's been the director of research at

398

00:16:46,019 --> 00:16:43,579

MUFON from two thousand seven to two

399

00:16:50,679 --> 00:16:46,029

thousand seventeen and created muffinz

400

00:16:52,990 --> 00:16:50,689

Science Review Board in 2012 and it goes

401  
00:16:55,150 --> 00:16:53,000  
on and on and on he's got quite a and

402  
00:16:57,939 --> 00:16:55,160  
he's also part of the UFO data project

403  
00:16:58,540 --> 00:16:57,949  
as well and we have a lot of talk a lot

404  
00:17:01,600 --> 00:16:58,550  
to talk about

405  
00:17:05,260 --> 00:17:01,610  
welcome to the show Robert well I'm

406  
00:17:07,569 --> 00:17:05,270  
Martin it's nice to be back yes I think

407  
00:17:10,059 --> 00:17:07,579  
you know you were on the show the week

408  
00:17:12,510 --> 00:17:10,069  
before the New York Times article came

409  
00:17:15,610 --> 00:17:12,520  
out and all heck broke loose as they say

410  
00:17:18,610 --> 00:17:15,620  
you're right we talked about the event

411  
00:17:21,250 --> 00:17:18,620  
right before the New York Times released

412  
00:17:23,490 --> 00:17:21,260  
the case it's kind of coincidental I've

413  
00:17:27,490 --> 00:17:23,500

been working on it since the middle of

414

00:17:28,230 --> 00:17:27,500

2016 and then you and I talked the week

415

00:17:31,930 --> 00:17:28,240

right before

416

00:17:34,899 --> 00:17:31,940

what was it December 17th or 19th those

417

00:17:38,560 --> 00:17:34,909

16,000 out so yeah it was the week

418

00:17:40,240 --> 00:17:38,570

before prior to that so we have a lot of

419

00:17:44,649 --> 00:17:40,250

new listeners to the show a lot of new

420

00:17:45,870 --> 00:17:44,659

listeners in UFO field in general so for

421

00:17:47,310 --> 00:17:45,880

the person I want to

422

00:17:50,220 --> 00:17:47,320

I doubt by talking about the Nimitz case

423

00:17:53,610 --> 00:17:50,230

and we will go into other topics of

424

00:17:56,400 --> 00:17:53,620

course but if for the new listener in a

425

00:17:59,700 --> 00:17:56,410

nutshell if you can talk about the

426

00:18:01,410 --> 00:17:59,710

Nimitz case just and you know get get

427

00:18:04,260 --> 00:18:01,420

them up to speed with and then we can

428

00:18:07,560 --> 00:18:04,270

continue to talk about more details on

429

00:18:09,150 --> 00:18:07,570

that sure I could do that and if you

430

00:18:11,880 --> 00:18:09,160

would like for your new listeners I

431

00:18:14,430 --> 00:18:11,890

could give them a quick overview of my

432

00:18:16,560 --> 00:18:14,440

background just so they know know you

433

00:18:21,000 --> 00:18:16,570

didn't pick me off pick me up off the

434

00:18:24,890 --> 00:18:21,010

street corner somewhere okay actually I

435

00:18:27,680 --> 00:18:24,900

became involved with the UFO topic in

436

00:18:31,410 --> 00:18:27,690

2007 so I've been investigating it for

437

00:18:34,740 --> 00:18:31,420

almost exactly 12 years now you know I

438

00:18:38,960 --> 00:18:34,750

probably average 20 hours a week my

439

00:18:42,300 --> 00:18:38,970

degree was in chemistry and I became am

440

00:18:44,340 --> 00:18:42,310

interested in this topic back in junior

441

00:18:47,550 --> 00:18:44,350

high when I read one of J Allen Hynek

442

00:18:50,490 --> 00:18:47,560

books but you know I put that on the

443

00:18:53,760 --> 00:18:50,500

shelf because you know had to get a job

444

00:18:55,560 --> 00:18:53,770

raise a family make a living and I was

445

00:18:58,650 --> 00:18:55,570

fortunate in that I worked in the

446

00:19:00,420 --> 00:18:58,660

semiconductor field making micro

447

00:19:03,720 --> 00:19:00,430

processors I was an engineering manager

448

00:19:07,020 --> 00:19:03,730

there and I was able to retire early and

449

00:19:10,320 --> 00:19:07,030

so once I retired early I said okay what

450

00:19:12,450 --> 00:19:10,330

do I really want to do and one thing I

451  
00:19:15,240 --> 00:19:12,460  
always enjoyed was the challenge of the

452  
00:19:17,670 --> 00:19:15,250  
UFO phenomenon and so I got involved

453  
00:19:21,960 --> 00:19:17,680  
then I became the director of research

454  
00:19:25,050 --> 00:19:21,970  
at MUFON I was there for 10 years left

455  
00:19:27,450 --> 00:19:25,060  
there about one and a half years ago

456  
00:19:32,220 --> 00:19:27,460  
then we founded the scientific coalition

457  
00:19:35,670 --> 00:19:32,230  
brief ology and it's kind of been

458  
00:19:37,260 --> 00:19:35,680  
history since then and you know I look

459  
00:19:39,660 --> 00:19:37,270  
for cases that have a lot of good

460  
00:19:42,530 --> 00:19:39,670  
information and data and the Nimitz case

461  
00:19:45,420 --> 00:19:42,540  
was one of them so to give your

462  
00:19:47,550 --> 00:19:45,430  
listeners of feel for you know how did I

463  
00:19:50,360 --> 00:19:47,560

get involved in this tournament okay yes

464

00:19:54,210 --> 00:19:50,370

well it started back in the middle of

465

00:19:58,140 --> 00:19:54,220

2016 so I had heard about the case then

466

00:19:59,549 --> 00:19:58,150

and I found the web site that a lot of

467

00:20:03,230 --> 00:19:59,559

your listeners might be

468

00:20:08,070 --> 00:20:03,240

we're of now which was a navy blog site

469

00:20:10,080 --> 00:20:08,080

and when I found that site it was just

470

00:20:12,629 --> 00:20:10,090

full of Navy lingo and it was talking

471

00:20:15,659 --> 00:20:12,639

about this UFO case and the first thing

472

00:20:17,549 --> 00:20:15,669

I do on any UFO case is I try to filter

473

00:20:20,730 --> 00:20:17,559

through okay is this even worth my time

474

00:20:22,470 --> 00:20:20,740

and I could tell right from the

475

00:20:25,799 --> 00:20:22,480

beginning okay this is this is

476

00:20:29,820 --> 00:20:25,809

interesting so I started investigating

477

00:20:32,279 --> 00:20:29,830

the case at that point in time that blog

478

00:20:37,830 --> 00:20:32,289

site had a lot of good information in it

479

00:20:41,279 --> 00:20:37,840

and then I went and began sending out

480

00:20:46,259 --> 00:20:41,289

for use and I was on your show actually

481

00:20:48,600 --> 00:20:46,269

in December right when one of the guys

482

00:20:51,779 --> 00:20:48,610

who listened to your show by the name of

483

00:20:54,330 --> 00:20:51,789

Kevin day contacted me and he happened

484

00:20:58,830 --> 00:20:54,340

to be the senior chief who was over

485

00:21:02,789 --> 00:20:58,840

radar on the USS Princeton and so just

486

00:21:04,919 --> 00:21:02,799

within a day or two of your show he had

487

00:21:07,769 --> 00:21:04,929

posted something on your site so I

488

00:21:10,230 --> 00:21:07,779

called Kevin and then he told me

489

00:21:14,869 --> 00:21:10,240

basically his story of what happened so

490

00:21:18,960 --> 00:21:14,879

I got I interviewed him in January of

491

00:21:22,109 --> 00:21:18,970

2018 and as far as I know I was the

492

00:21:25,320 --> 00:21:22,119

first person that interviewed Kevin and

493

00:21:26,669 --> 00:21:25,330

it's always good to try to get all the

494

00:21:29,580 --> 00:21:26,679

information you can in that first

495

00:21:30,629 --> 00:21:29,590

interview because you know something

496

00:21:33,480 --> 00:21:30,639

times

497

00:21:35,820 --> 00:21:33,490

in our minds right it's easy for things

498

00:21:37,859 --> 00:21:35,830

to change so you want to get that

499

00:21:44,509 --> 00:21:37,869

information while it's still fresh and

500

00:21:48,119 --> 00:21:44,519

virgin so basically this case involved a

501  
00:21:49,289 --> 00:21:48,129  
US carrier strike group known as carrier

502  
00:21:53,700 --> 00:21:49,299  
Strike Group 11

503  
00:21:56,940 --> 00:21:53,710  
it was southwest of San Diego I Kevin

504  
00:22:00,930 --> 00:21:56,950  
day was the senior chief overall the

505  
00:22:03,779 --> 00:22:00,940  
radar guys and so he he's he's doing his

506  
00:22:08,580 --> 00:22:03,789  
usual work they're doing exercises and

507  
00:22:10,980 --> 00:22:08,590  
he's detecting these objects on radar to

508  
00:22:13,680 --> 00:22:10,990  
their north and northeast up near

509  
00:22:16,769 --> 00:22:13,690  
Catalina Island moving at 80,000

510  
00:22:18,090 --> 00:22:16,779  
feet at about a hundred miles an hour so

511  
00:22:20,070 --> 00:22:18,100  
the first thing they do is they

512  
00:22:23,610 --> 00:22:20,080  
double-check the radar they make sure

513  
00:22:25,919 --> 00:22:23,620

it's not you know problems with the

514

00:22:28,409 --> 00:22:25,929

radar and they as far as they can tell

515

00:22:31,289 --> 00:22:28,419

the objects are real but they pretty

516

00:22:33,570 --> 00:22:31,299

much ignore it because it's over 80,000

517

00:22:36,779 --> 00:22:33,580

feet and it's not really bothering them

518

00:22:39,990 --> 00:22:36,789

right well on the day when they're about

519

00:22:43,470 --> 00:22:40,000

to have an exercise a number of these

520

00:22:46,830 --> 00:22:43,480

objects dropped from 80,000 feet down to

521

00:22:50,369 --> 00:22:46,840

about 20,000 feet and some down to sea

522

00:22:53,610 --> 00:22:50,379

level and the time it took was 0.78

523

00:22:55,379 --> 00:22:53,620

seconds which is the number that Kevin

524

00:22:57,029 --> 00:22:55,389

had written down and remembered till

525

00:22:59,129 --> 00:22:57,039

this day Wow

526

00:23:01,320 --> 00:22:59,139

so to me that was really interesting

527

00:23:04,379 --> 00:23:01,330

right I've already read this blog about

528

00:23:07,169 --> 00:23:04,389

it now Kevin's told me basically the

529

00:23:12,149 --> 00:23:07,179

same thing and he has not seen this blog

530

00:23:14,759 --> 00:23:12,159

at that point in time so that so you

531

00:23:18,360 --> 00:23:14,769

know I'm I'm like wow this is this is

532

00:23:22,379 --> 00:23:18,370

pretty interesting so the next thing I

533

00:23:25,440 --> 00:23:22,389

do is I manage to get a hold of a guy

534

00:23:28,230 --> 00:23:25,450

who was what they call a fire control

535

00:23:31,590 --> 00:23:28,240

operator which doesn't you'd think that

536

00:23:33,600 --> 00:23:31,600

means he controls fires on the ship but

537

00:23:36,629 --> 00:23:33,610

that's not really what they do they are

538

00:23:38,639 --> 00:23:36,639

basically part of the attack group you

539

00:23:40,769 --> 00:23:38,649

know should they be at war so these guys

540

00:23:44,039 --> 00:23:40,779

have access to the radar information too

541

00:23:47,249 --> 00:23:44,049

and he basically tells me the same thing

542

00:23:49,860 --> 00:23:47,259

Kevin did he didn't say 0.78 seconds

543

00:23:53,399 --> 00:23:49,870

when I asked him how long did it take he

544

00:23:55,320 --> 00:23:53,409

said how long did it take you to put

545

00:23:57,990 --> 00:23:55,330

that thought together you just asked me

546

00:24:01,259 --> 00:23:58,000

he said that's how long it took it to

547

00:24:06,080 --> 00:24:01,269

move down yeah to 20,000 feet I said

548

00:24:09,119 --> 00:24:06,090

okay that sounds like about a second so

549

00:24:11,730 --> 00:24:09,129

that's what kind of got me started on it

550

00:24:14,869 --> 00:24:11,740

and we started putting everything

551  
00:24:18,450 --> 00:24:14,879  
together you know we went and talked to

552  
00:24:21,539 --> 00:24:18,460  
lieutenant commander sleight who was the

553  
00:24:23,430 --> 00:24:21,549  
other senior pilot in addition to david

554  
00:24:27,390 --> 00:24:23,440  
flavor who was the commander of the

555  
00:24:30,030 --> 00:24:27,400  
squadron and these two guys

556  
00:24:33,090 --> 00:24:30,040  
and I know I apologize to your listeners

557  
00:24:35,280 --> 00:24:33,100  
the way I'm jumping around here but I

558  
00:24:37,470 --> 00:24:35,290  
guess I've gotten excited about this

559  
00:24:41,100 --> 00:24:37,480  
whole thing so to back up a little bit

560  
00:24:43,740 --> 00:24:41,110  
right radars picked these objects up

561  
00:24:47,760 --> 00:24:43,750  
they verified it a few days later the

562  
00:24:52,430 --> 00:24:47,770  
objects are dropping down into airspace

563  
00:24:58,680 --> 00:24:56,100

basically at that point senior chief de

564

00:25:02,010 --> 00:24:58,690

goes to the captain of the ship of the

565

00:25:03,840 --> 00:25:02,020

ship James red Smith and he says okay

566

00:25:06,390 --> 00:25:03,850

here's what's happening I think we

567

00:25:10,440 --> 00:25:06,400

should engage these objects because

568

00:25:13,080 --> 00:25:10,450

they're a safety hazard so the captain

569

00:25:16,020 --> 00:25:13,090

of the Princeton agrees he contacts the

570

00:25:18,750 --> 00:25:16,030

Nimitz and they send two aircraft two

571

00:25:21,960 --> 00:25:18,760

f-18 Super Hornets from the USS Nimitz

572

00:25:26,010 --> 00:25:21,970

and one of the pilots from that aircraft

573

00:25:30,290 --> 00:25:26,020

is the commander David flavor and within

574

00:25:33,660 --> 00:25:30,300

the other airplane sitting as the wso is

575

00:25:37,020 --> 00:25:33,670

Lieutenant Commander Jim slate so you

576

00:25:40,920 --> 00:25:37,030

got two senior guys right that are there

577

00:25:43,050 --> 00:25:40,930

going out to check this now they were

578

00:25:44,640 --> 00:25:43,060

actually already in the air when they

579

00:25:46,350 --> 00:25:44,650

received their orders so it's not like

580

00:25:47,850 --> 00:25:46,360

they just left the Nimitz so they're

581

00:25:50,100 --> 00:25:47,860

already in the air but they received

582

00:25:52,290 --> 00:25:50,110

this order saying hey we're going to

583

00:25:54,180 --> 00:25:52,300

divert you from your current exercise

584

00:25:57,120 --> 00:25:54,190

and send you to a real-life situation

585

00:25:59,640 --> 00:25:57,130

and so they head out towards this object

586

00:26:01,080 --> 00:25:59,650

okay keep it up great we're gonna take a

587

00:26:04,110 --> 00:26:01,090

break right there so they're heading out

588

00:26:05,910 --> 00:26:04,120

toward the object and that's where we'll

589

00:26:11,370 --> 00:26:05,920

pick it up after the break we have to

590

00:26:13,260 --> 00:26:11,380

take a break now so we're on with Robert

591

00:26:17,640 --> 00:26:13,270

Powell and we're talking about the USS

592

00:26:20,910 --> 00:26:17,650

nip USS Nimitz and we will be right back

593

00:26:23,670 --> 00:26:20,920

right after this break clear

594

00:26:25,620 --> 00:26:23,680

three minutes gentlemen thank you all

595

00:26:27,810 --> 00:26:25,630

right so we have three minutes and we'll

596

00:26:30,180 --> 00:26:27,820

talk about other things in this Robert

597

00:26:33,650 --> 00:26:30,190

and we'll pick that up right when we go

598

00:26:36,930 --> 00:26:33,660

back so I wanted to see if there's any

599

00:26:39,030 --> 00:26:36,940

any questions and the there isn't at

600

00:26:40,419 --> 00:26:39,040

this point so one of the things I've

601  
00:26:43,690 --> 00:26:40,429  
mentioned when one

602  
00:26:48,009 --> 00:26:43,700  
and I were talking is there's a number

603  
00:26:49,210 --> 00:26:48,019  
of military sightings you know in it

604  
00:26:51,190 --> 00:26:49,220  
goes all the way back you can talk about

605  
00:26:55,749 --> 00:26:51,200  
the Foo Fighters back in you know World

606  
00:26:57,639 --> 00:26:55,759  
War two and all that but why do you

607  
00:27:00,159 --> 00:26:57,649  
suppose there's so many military

608  
00:27:03,789 --> 00:27:00,169  
sightings I mean am I wrong to say that

609  
00:27:08,789 --> 00:27:03,799  
there's a meaning of them now you're not

610  
00:27:11,619 --> 00:27:08,799  
wrong you know it's really hard to

611  
00:27:13,659 --> 00:27:11,629  
answer that question I mean because on

612  
00:27:16,139 --> 00:27:13,669  
the one hand I'm sure there's there's

613  
00:27:18,580 --> 00:27:16,149

even more civilian sightings right yeah

614

00:27:21,639 --> 00:27:18,590

but the problem with civilian sightings

615

00:27:23,980 --> 00:27:21,649

it's more likely you can get a false

616

00:27:26,830 --> 00:27:23,990

report which you don't get with the

617

00:27:29,470 --> 00:27:26,840

military right and the other thing is or

618

00:27:32,109 --> 00:27:29,480

at least in the past all your military

619

00:27:34,720 --> 00:27:32,119

sightings got recorded and of course

620

00:27:38,080 --> 00:27:34,730

today that doesn't happen at least not

621

00:27:40,930 --> 00:27:38,090

in the public vein until someone comes

622

00:27:43,389 --> 00:27:40,940

forth like happened in this case mm-hmm

623

00:27:47,100 --> 00:27:43,399

and also Alejandro mentioned that there

624

00:27:50,169 --> 00:27:47,110

was some probably more exciting you know

625

00:27:54,340 --> 00:27:50,179

encounters than the Nimitz now I know

626

00:27:56,950 --> 00:27:54,350

that the gimbaled UFO image that we saw

627

00:27:59,259 --> 00:27:56,960

you know actually was out on the New

628

00:28:01,840 --> 00:27:59,269

York Times website and everybody's seen

629

00:28:03,310 --> 00:28:01,850

it I'm sure by now that one in

630

00:28:05,859 --> 00:28:03,320

particular that was off of Florida and

631

00:28:08,590 --> 00:28:05,869

that was also a military gun camera

632

00:28:10,600 --> 00:28:08,600

footage right right that that's correct

633

00:28:13,930 --> 00:28:10,610

that was with another Carrier Strike

634

00:28:17,619 --> 00:28:13,940

Group in this case the main carrier was

635

00:28:19,029 --> 00:28:17,629

the USS Roosevelt mm-hmm and there was

636

00:28:20,619 --> 00:28:19,039

some similar it sounds like there was

637

00:28:23,590 --> 00:28:20,629

some similarities because there was

638

00:28:25,210 --> 00:28:23,600

other objects just like you know in the

639

00:28:27,310 --> 00:28:25,220

Nimitz well they didn't see a lot of

640

00:28:33,039 --> 00:28:27,320

other objects but I mean they did on

641

00:28:36,310 --> 00:28:33,049

radar right right they and actually I

642

00:28:39,460 --> 00:28:36,320

had a guy in the in the service in the

643

00:28:43,499 --> 00:28:39,470

Navy contact me about that video right

644

00:28:47,560 --> 00:28:43,509

after it was released and told me about

645

00:28:48,340 --> 00:28:47,570

the four other videos that existed oh is

646

00:28:50,109 --> 00:28:48,350

that right Wow

647

00:28:52,960 --> 00:28:50,119

yeah I wonder how many will actually get

648

00:28:54,070 --> 00:28:52,970

to see well we got to see one more which

649

00:28:59,350 --> 00:28:54,080

was the fact what they

650

00:29:00,940 --> 00:28:59,360

they're fast fast Walker or whatever it

651  
00:29:06,640 --> 00:29:00,950  
was yeah or whatever it was called fast

652  
00:29:08,410 --> 00:29:06,650  
something they named it I see and what

653  
00:29:10,060 --> 00:29:08,420  
were the particulars about that that

654  
00:29:14,560 --> 00:29:10,070  
sighting in Florida do you know any more

655  
00:29:16,380 --> 00:29:14,570  
details about that I mean the main thing

656  
00:29:19,120 --> 00:29:16,390  
I know is that there were four other

657  
00:29:21,520 --> 00:29:19,130  
videos one being the fast video and

658  
00:29:22,870 --> 00:29:21,530  
there were three beyond that but those

659  
00:29:24,310 --> 00:29:22,880  
have not been released

660  
00:29:26,440 --> 00:29:24,320  
all right gentlemen or not they ever

661  
00:29:28,780 --> 00:29:26,450  
will be released who knows gentlemen

662  
00:29:29,650 --> 00:29:28,790  
were back in about ten seconds okay very

663  
00:29:36,130 --> 00:29:29,660

good thank you

664

00:29:37,930 --> 00:29:36,140

stand by yep in three two one go all

665

00:29:38,440 --> 00:29:37,940

right welcome back my guest is Robert

666

00:29:41,050 --> 00:29:38,450

Powell

667

00:29:43,480 --> 00:29:41,060

and we are talking Nimitz right now and

668

00:29:45,790 --> 00:29:43,490

just before we went into break Robert

669

00:29:48,940 --> 00:29:45,800

you said that they started heading out

670

00:29:52,660 --> 00:29:48,950

toward what what have they had no idea

671

00:29:54,610 --> 00:29:52,670

what these targets so to speak were so

672

00:29:57,490 --> 00:29:54,620

you can bring you know go from there if

673

00:30:01,890 --> 00:29:57,500

you would right so it at this point in

674

00:30:04,870 --> 00:30:01,900

time you had two f-18 Super Hornet Jets

675

00:30:07,990 --> 00:30:04,880

with two senior commanders in each jet

676

00:30:10,210 --> 00:30:08,000

and they're heading to the southwest of

677

00:30:13,780 --> 00:30:10,220

the USS nimitz about 50 to 80 miles

678

00:30:16,780 --> 00:30:13,790

southwest and they know their targets at

679

00:30:19,420 --> 00:30:16,790

20,000 feet they don't know what you

680

00:30:22,480 --> 00:30:19,430

know what the target looks like so they

681

00:30:25,060 --> 00:30:22,490

get to the point because they're in

682

00:30:29,260 --> 00:30:25,070

communication with the princeton which

683

00:30:33,100 --> 00:30:29,270

is the the main radar system for that

684

00:30:35,560 --> 00:30:33,110

strike group and then as they approach

685

00:30:38,110 --> 00:30:35,570

the target the princeton tells them you

686

00:30:41,230 --> 00:30:38,120

have merged plot which means that on the

687

00:30:43,780 --> 00:30:41,240

Princeton's radar the f-18s in the

688

00:30:46,750 --> 00:30:43,790

unknown or both at the same location

689

00:30:49,510 --> 00:30:46,760

which means they're within a thousand

690

00:30:51,070 --> 00:30:49,520

feet or so of each other so the f-18s

691

00:30:52,540 --> 00:30:51,080

just start looking around okay we're it

692

00:30:54,970 --> 00:30:52,550

worse this target we don't see it on a

693

00:30:56,500 --> 00:30:54,980

radar but you know the princeton tells

694

00:30:59,230 --> 00:30:56,510

us there's a target so as they're

695

00:31:03,070 --> 00:30:59,240

looking around they see this object in

696

00:31:06,730 --> 00:31:03,080

the water which the water was described

697

00:31:07,940 --> 00:31:06,740

that day is almost crystal water very

698

00:31:11,240 --> 00:31:07,950

still

699

00:31:13,120 --> 00:31:11,250

no movement no waves and but yet in this

700

00:31:16,370 --> 00:31:13,130

one area it looks like there's something

701  
00:31:18,980 --> 00:31:16,380  
it's almost what the commander thought

702  
00:31:21,860 --> 00:31:18,990  
was perhaps a commercial airliner he

703  
00:31:25,330 --> 00:31:21,870  
crashed and it was under the water and

704  
00:31:28,520 --> 00:31:25,340  
this was the water breaking over the jet

705  
00:31:30,740 --> 00:31:28,530  
apartment he also didn't hit it's not

706  
00:31:32,090 --> 00:31:30,750  
it's not what I've seen but I think I

707  
00:31:34,190 --> 00:31:32,100  
read somewhere that it almost looked

708  
00:31:36,920 --> 00:31:34,200  
like it had wings too like going off to

709  
00:31:39,650 --> 00:31:36,930  
the side like a cross or something yeah

710  
00:31:43,130 --> 00:31:39,660  
I understand what you're saying it's not

711  
00:31:44,810 --> 00:31:43,140  
clear to me you know exactly if he could

712  
00:31:47,150 --> 00:31:44,820  
truly make out the shape of what was

713  
00:31:50,330 --> 00:31:47,160

under the water or not but I have heard

714

00:31:52,550 --> 00:31:50,340

that yeah so but they do know there's

715

00:31:54,290 --> 00:31:52,560

water under the object it's causing

716

00:31:57,560 --> 00:31:54,300

breaking of the water is the water

717

00:31:59,150 --> 00:31:57,570

slowly moves over it so that you know

718

00:32:01,280 --> 00:31:59,160

they're looking to see okay what's

719

00:32:04,190 --> 00:32:01,290

happened is a boat sonic is a plane

720

00:32:06,050 --> 00:32:04,200

crash because they're looking they

721

00:32:08,600 --> 00:32:06,060

suddenly see this other object just

722

00:32:13,390 --> 00:32:08,610

zipping around right over the water and

723

00:32:16,940 --> 00:32:13,400

it's moving in a totally random manner

724

00:32:18,950 --> 00:32:16,950

as Captain frayberg I mean commander the

725

00:32:20,690 --> 00:32:18,960

freighter described it it's almost like

726

00:32:22,760 --> 00:32:20,700

a ping-pong ball the way it moves around

727

00:32:27,350 --> 00:32:22,770

I mean it suddenly changes directions

728

00:32:29,510 --> 00:32:27,360

and so he decides that he's going to

729

00:32:32,090 --> 00:32:29,520

head down and get a closer look because

730

00:32:33,620 --> 00:32:32,100

remember they're at 20,000 feet because

731

00:32:36,830 --> 00:32:33,630

that's where the target was originally

732

00:32:40,480 --> 00:32:36,840

found and he sees this object near the

733

00:32:42,980 --> 00:32:40,490

water's surface so he drops down

734

00:32:45,980 --> 00:32:42,990

commander slate and the other pilots

735

00:32:48,290 --> 00:32:45,990

stay at the 20,000 feet and this kind of

736

00:32:51,770 --> 00:32:48,300

typical military operation the way they

737

00:32:54,740 --> 00:32:51,780

operate in a combat type situation so he

738

00:32:57,290 --> 00:32:54,750

drops down and as he's moving down

739

00:32:59,450 --> 00:32:57,300

towards the object

740

00:33:02,510 --> 00:32:59,460

commander freighter notes that this

741

00:33:05,960 --> 00:33:02,520

tic-tac shape which is the way the

742

00:33:09,170 --> 00:33:05,970

object looked suddenly it turns one of

743

00:33:11,060 --> 00:33:09,180

its points towards him and to him it

744

00:33:13,820 --> 00:33:11,070

looked like it recognized that he was

745

00:33:15,860 --> 00:33:13,830

moving towards it and the object at that

746

00:33:17,660 --> 00:33:15,870

point begins to move towards him and

747

00:33:20,900 --> 00:33:17,670

it's almost like they're doing a

748

00:33:21,600 --> 00:33:20,910

parallel pirouette dances he's moving

749

00:33:23,730 --> 00:33:21,610

down

750

00:33:27,180 --> 00:33:23,740

towards it it's on the other side of a

751

00:33:30,120 --> 00:33:27,190

circle moving up towards him and this

752

00:33:33,660 --> 00:33:30,130

continues and they're always staying on

753

00:33:35,460 --> 00:33:33,670

the opposite sides of the circle and at

754

00:33:38,250 --> 00:33:35,470

this point he's probably around 1012

755

00:33:40,799 --> 00:33:38,260

thousand feet and he decides to cut

756

00:33:45,289 --> 00:33:40,809

across the circle to get to the object

757

00:33:48,600 --> 00:33:45,299

well at that point in time as he's

758

00:33:52,620 --> 00:33:48,610

dropping down rapidly towards the object

759

00:33:56,880 --> 00:33:52,630

the object suddenly just makes a slight

760

00:34:00,060 --> 00:33:56,890

move and then it basically takes off and

761

00:34:02,880 --> 00:34:00,070

is and here's the key thing is a

762

00:34:06,419 --> 00:34:02,890

commander frayberg described is the

763

00:34:09,000 --> 00:34:06,429

object disappears and basically one to

764

00:34:10,500 --> 00:34:09,010

two seconds and he described it as you

765

00:34:14,399 --> 00:34:10,510

know if you're at an airshow and you're

766

00:34:17,099 --> 00:34:14,409

sitting there and jets go by you it

767

00:34:19,830 --> 00:34:17,109

takes 10 11 seconds before they

768

00:34:21,690 --> 00:34:19,840

disappear on the horizon but he said

769

00:34:25,560 --> 00:34:21,700

this is not what happened here this

770

00:34:28,109 --> 00:34:25,570

object was gone in 1 to 2 seconds well

771

00:34:30,330 --> 00:34:28,119

meanwhile right you've got commander

772

00:34:32,070 --> 00:34:30,340

sleight Lieutenant Commander Slade

773

00:34:34,919 --> 00:34:32,080

who's up above from a totally different

774

00:34:37,320 --> 00:34:34,929

altitude different perspective he

775

00:34:40,649 --> 00:34:37,330

describes the same thing he describes it

776

00:34:43,349 --> 00:34:40,659

as like a bullet shot out of a gun so

777

00:34:46,490 --> 00:34:43,359

you've got two experienced guys two

778

00:34:51,000 --> 00:34:46,500

different angles two different altitudes

779

00:34:52,680 --> 00:34:51,010

seeing the same thing happen so you

780

00:34:56,520 --> 00:34:52,690

either have to decide you don't believe

781

00:34:58,500 --> 00:34:56,530

these two experienced Navy pilots or you

782

00:35:01,050 --> 00:34:58,510

decide you do believe them and if you

783

00:35:04,830 --> 00:35:01,060

believe them you've just had an object

784

00:35:07,890 --> 00:35:04,840

disappear in an extremely rapid rate

785

00:35:09,660 --> 00:35:07,900

which you could calculate how fast you'd

786

00:35:11,400 --> 00:35:09,670

have to move in order to disappear from

787

00:35:16,160 --> 00:35:11,410

sight and that's one of the things we're

788

00:35:21,180 --> 00:35:16,170

doing our report so that's kind of the

789

00:35:24,270 --> 00:35:21,190

story in a nutshell so to me it kind of

790

00:35:25,800 --> 00:35:24,280

boils down to this did it happen that's

791

00:35:28,830 --> 00:35:25,810

the first thing you have to ask yourself

792

00:35:30,840 --> 00:35:28,840

did this really happen mmm and in my

793

00:35:33,270 --> 00:35:30,850

mind there's no doubt that it happened I

794

00:35:35,070 --> 00:35:33,280

mean you got a senior chief over radar

795

00:35:38,280 --> 00:35:35,080

who says it happened

796

00:35:40,740 --> 00:35:38,290

you've got the fire controller who saw

797

00:35:43,320 --> 00:35:40,750

the radar and says it happened you've

798

00:35:46,590 --> 00:35:43,330

got an experience commander of a

799

00:35:48,540 --> 00:35:46,600

squadron who graduated from Annapolis

800

00:35:50,730 --> 00:35:48,550

and the lieutenant commander who

801  
00:35:53,850 --> 00:35:50,740  
graduated from Annapolis both with

802  
00:35:57,060 --> 00:35:53,860  
several thousand flight hours who see

803  
00:36:00,360 --> 00:35:57,070  
this from two different angles and saw

804  
00:36:05,180 --> 00:36:00,370  
it happen and then to kind of top it up

805  
00:36:09,830 --> 00:36:05,190  
off later about two hours later another

806  
00:36:14,640 --> 00:36:09,840  
jet leaves the Nimitz and commanders

807  
00:36:17,220 --> 00:36:14,650  
flavor asks that pilot that if they can

808  
00:36:22,590 --> 00:36:17,230  
to take video because that plane unlike

809  
00:36:25,560 --> 00:36:22,600  
his has a Fleur pod on it and they pick

810  
00:36:28,170 --> 00:36:25,570  
up an object which David flavor and Jim

811  
00:36:30,690 --> 00:36:28,180  
slate says it's the same type of object

812  
00:36:33,540 --> 00:36:30,700  
they encountered and that shows up on

813  
00:36:36,120 --> 00:36:33,550

their video so when you take all those

814

00:36:37,680 --> 00:36:36,130

together right you can kind of you know

815

00:36:39,480 --> 00:36:37,690

people like to say well maybe this

816

00:36:41,580 --> 00:36:39,490

didn't happen on the radar maybe this

817

00:36:43,530 --> 00:36:41,590

didn't happen with commander flavor

818

00:36:45,390 --> 00:36:43,540

maybe this didn't happen with Lieutenant

819

00:36:49,110 --> 00:36:45,400

Commander Slater this didn't happen with

820

00:36:52,650 --> 00:36:49,120

the video but you can't say all these

821

00:36:55,020 --> 00:36:52,660

maybes and combine them all together to

822

00:36:56,670 --> 00:36:55,030

try to explain away an incident that

823

00:37:01,830 --> 00:36:56,680

happened so in my mind there's no doubt

824

00:37:04,050 --> 00:37:01,840

its curd and the issue is that the

825

00:37:07,740 --> 00:37:04,060

United States Navy has that information

826

00:37:10,710 --> 00:37:07,750

that radar data the raw data was not

827

00:37:12,630 --> 00:37:10,720

thrown away so there's a lot of

828

00:37:15,500 --> 00:37:12,640

scientific information it could be

829

00:37:19,620 --> 00:37:15,510

obtained from that radar data you know

830

00:37:21,860 --> 00:37:19,630

exactly how did that object move in

831

00:37:25,490 --> 00:37:21,870

point seven eight seconds was it a

832

00:37:30,050 --> 00:37:25,500

linear movement or was it a you know

833

00:37:33,570 --> 00:37:30,060

kind of a sudden step type movement and

834

00:37:35,420 --> 00:37:33,580

when the the planes engaged the object

835

00:37:39,120 --> 00:37:35,430

what was the radar picking up and

836

00:37:42,690 --> 00:37:39,130

meanwhile there was also a what they

837

00:37:46,860 --> 00:37:42,700

call a Hawkeye aircraft it's it's

838

00:37:48,000 --> 00:37:46,870

similar to a basically a plane with

839

00:37:49,830 --> 00:37:48,010

radar or

840

00:37:53,430 --> 00:37:49,840

in the scholar foot dish from the top

841

00:37:56,609 --> 00:37:53,440

yeah yeah 24 foot dish or so and it has

842

00:37:59,820 --> 00:37:56,619

a lot of electromagnetic information

843

00:38:02,430 --> 00:37:59,830

that it captured so a lot of effort a

844

00:38:04,859 --> 00:38:02,440

lot of knowledge could be obtained from

845

00:38:07,200 --> 00:38:04,869

this type of information if it could be

846

00:38:11,430 --> 00:38:07,210

released to the scientific community to

847

00:38:13,530 --> 00:38:11,440

be analyzed mm-hmm we have a number of

848

00:38:15,560 --> 00:38:13,540

questions of one inch at just came in

849

00:38:18,270 --> 00:38:15,570

and you're talking about the camera

850

00:38:20,160 --> 00:38:18,280

running out there and you know getting

851

00:38:26,090 --> 00:38:20,170

some footage and so Lorraine in the

852

00:38:28,740 --> 00:38:26,100

chatroom wanted to know how do know of

853

00:38:31,410 --> 00:38:28,750

purposeful upgrades to cameras to

854

00:38:33,000 --> 00:38:31,420

capture better footage and if anyone is

855

00:38:35,010 --> 00:38:33,010

working on it I think she means in the

856

00:38:36,390 --> 00:38:35,020

military do you know anything about that

857

00:38:38,880 --> 00:38:36,400

I mean they're pretty sensitive now

858

00:38:41,700 --> 00:38:38,890

right right they're very sensitive now

859

00:38:44,460 --> 00:38:41,710

and they were sensitive then everyone

860

00:38:48,990 --> 00:38:44,470

that I talked to and I interviewed

861

00:38:55,590 --> 00:38:49,000

Lieutenant Commander slate and it Kevin

862

00:38:58,800 --> 00:38:55,600

day I interviewed let's see also Jason

863

00:39:03,090 --> 00:38:58,810

Turner and Gary Burris and all of those

864

00:39:06,270 --> 00:39:03,100

guys saw the video on board the USS

865

00:39:08,430 --> 00:39:06,280

Princeton and in the case of slate it

866

00:39:11,040 --> 00:39:08,440

was on board the USS Nimitz and every

867

00:39:14,010 --> 00:39:11,050

one of them said that the video was a

868

00:39:17,640 --> 00:39:14,020

much higher quality that they saw then

869

00:39:19,770 --> 00:39:17,650

what has been released so I could you

870

00:39:23,040 --> 00:39:19,780

know I'm sure the videos better quality

871

00:39:25,410 --> 00:39:23,050

is to you know what happened why it is

872

00:39:27,270 --> 00:39:25,420

not of the same quality as it was that

873

00:39:29,099 --> 00:39:27,280

they originally saw you know I don't

874

00:39:31,560 --> 00:39:29,109

can't answer that it might have been

875

00:39:34,080 --> 00:39:31,570

like infrared or something or some other

876

00:39:36,870 --> 00:39:34,090

type of spectrum they were recording in

877

00:39:38,760 --> 00:39:36,880

on the one that's available and well

878

00:39:41,849 --> 00:39:38,770

then they were both my understanding is

879

00:39:44,849 --> 00:39:41,859

they were both in infrared but that the

880

00:39:47,340 --> 00:39:44,859

infrared video is much more clear than

881

00:39:49,050 --> 00:39:47,350

one that was really East too bad they

882

00:39:52,530 --> 00:39:49,060

don't release that one that's the one we

883

00:39:54,660 --> 00:39:52,540

want to see right well I think it's the

884

00:39:57,390 --> 00:39:54,670

same video I just think the video has

885

00:39:59,340 --> 00:39:57,400

been degraded the other thing that all

886

00:40:01,920 --> 00:39:59,350

of the witnesses indicated was the video

887

00:40:05,400 --> 00:40:01,930

was much longer than the video

888

00:40:07,470 --> 00:40:05,410

was released and commander slate gave a

889

00:40:10,260 --> 00:40:07,480

very good reason for why that would be

890

00:40:13,230 --> 00:40:10,270

because he said if you're going into a

891

00:40:16,980 --> 00:40:13,240

situation whether it's combat or

892

00:40:18,870 --> 00:40:16,990

whatever you don't wait until you get

893

00:40:21,510 --> 00:40:18,880

into the situation to turn on your

894

00:40:25,140 --> 00:40:21,520

recorder you do that as soon as you

895

00:40:28,650 --> 00:40:25,150

leave the ship and so the video would

896

00:40:31,260 --> 00:40:28,660

have begun but prior to what we're we

897

00:40:34,950 --> 00:40:31,270

are seen I would have begun as soon as

898

00:40:38,849 --> 00:40:34,960

you know it starts showing up so the

899

00:40:41,040 --> 00:40:38,859

videos was clearly cut at some point for

900

00:40:44,040 --> 00:40:41,050

whatever reason I don't know they're

901  
00:40:47,240 --> 00:40:44,050  
that question came up to Lou Elizondo

902  
00:40:51,000 --> 00:40:47,250  
and he had he said that they will only

903  
00:40:53,910 --> 00:40:51,010  
declassify segments at a time for some

904  
00:40:56,460 --> 00:40:53,920  
reason and I have no idea why you know

905  
00:40:58,079 --> 00:40:56,470  
maybe it's something technological that

906  
00:41:00,690 --> 00:40:58,089  
they don't understand and don't want to

907  
00:41:05,460 --> 00:41:00,700  
release it you know who knows what that

908  
00:41:07,710 --> 00:41:05,470  
reason would be for you mentioned of a

909  
00:41:12,359 --> 00:41:07,720  
commander slate also I know there was a

910  
00:41:15,539 --> 00:41:12,369  
a female I think she was the wingman and

911  
00:41:19,160 --> 00:41:15,549  
she was her first carrier deployment and

912  
00:41:21,990 --> 00:41:19,170  
she was actually the pilot in slights

913  
00:41:24,359 --> 00:41:22,000

okay so he was the what's called the

914

00:41:28,620 --> 00:41:24,369

Weezer or whatever the what right yeah

915

00:41:31,680 --> 00:41:28,630

weapons system officer yeah um so she's

916

00:41:34,049 --> 00:41:31,690

not talking I do you know anything about

917

00:41:35,309 --> 00:41:34,059

her and why is she just was she

918

00:41:35,809 --> 00:41:35,319

terrified do you know anything about

919

00:41:39,510 --> 00:41:35,819

that

920

00:41:42,930 --> 00:41:39,520

well I know I know the identification of

921

00:41:45,870 --> 00:41:42,940

all of both other pilots but neither one

922

00:41:50,160 --> 00:41:45,880

of them wants to talk so I honor the

923

00:41:52,859 --> 00:41:50,170

privacy and I've not you know I don't

924

00:41:56,130 --> 00:41:52,869

intend the SCU does not intend to

925

00:41:57,930 --> 00:41:56,140

violate their privacy so I would just be

926  
00:42:00,329 --> 00:41:57,940  
speculating as to why she doesn't want

927  
00:42:02,339 --> 00:42:00,339  
to talk I just know if she doesn't and

928  
00:42:07,079 --> 00:42:02,349  
we're honoring that yeah

929  
00:42:09,750 --> 00:42:07,089  
now how early on did I obviously they

930  
00:42:10,980 --> 00:42:09,760  
weren't told to not talk about the

931  
00:42:14,010 --> 00:42:10,990  
incident which i think is kind of

932  
00:42:15,690 --> 00:42:14,020  
interesting but and I understand there

933  
00:42:19,470 --> 00:42:15,700  
was some footage on YouTube pretty

934  
00:42:20,670 --> 00:42:19,480  
early on I don't know for sure if it was

935  
00:42:24,450 --> 00:42:20,680  
nimitz or what but it was something

936  
00:42:26,460 --> 00:42:24,460  
similar to that but when do you know

937  
00:42:29,550 --> 00:42:26,470  
that people started talking about it I

938  
00:42:33,660 --> 00:42:29,560

mean 2004 is quite a you know what 13

939

00:42:35,460 --> 00:42:33,670

years ago 14 years ago almost 15 did

940

00:42:38,310 --> 00:42:35,470

people start talking about it right away

941

00:42:41,130 --> 00:42:38,320

do you have any idea about that you know

942

00:42:45,980 --> 00:42:41,140

I would have to go look at our report

943

00:42:50,329 --> 00:42:45,990

to give you the exact date Martin but I

944

00:42:56,970 --> 00:42:50,339

believe it was first talked about in

945

00:43:01,430 --> 00:42:56,980

2007 there were discussions on above top

946

00:43:05,339 --> 00:43:01,440

secret that site there were also

947

00:43:07,380 --> 00:43:05,349

discussions we found on Facebook back

948

00:43:10,290 --> 00:43:07,390

then the mostess got the latter

949

00:43:14,160 --> 00:43:10,300

the former above top secrets kind of a

950

00:43:17,940 --> 00:43:14,170

UFO type site right the latter on

951  
00:43:20,460 --> 00:43:17,950  
Facebook was was on a navy Facebook site

952  
00:43:23,130 --> 00:43:20,470  
so that that was just basically Navy

953  
00:43:24,809 --> 00:43:23,140  
guys saying hey do you remember this do

954  
00:43:25,849 --> 00:43:24,819  
you remember what happened that kind of

955  
00:43:29,339 --> 00:43:25,859  
thing hmm

956  
00:43:32,700 --> 00:43:29,349  
so let's talk about your report is your

957  
00:43:36,599 --> 00:43:32,710  
is your report just a factual thing that

958  
00:43:40,800 --> 00:43:36,609  
can be anyone can research or what is

959  
00:43:44,579 --> 00:43:40,810  
how does that work well the report is

960  
00:43:45,569 --> 00:43:44,589  
over 250 pages well a lot of those are

961  
00:43:48,780 --> 00:43:45,579  
appendices

962  
00:43:52,230 --> 00:43:48,790  
the bulk of the port the main bodies 20

963  
00:43:54,690 --> 00:43:52,240

pages and the appendices basically

964

00:43:57,960 --> 00:43:54,700

support the 20 pages that are written

965

00:44:00,599 --> 00:43:57,970

that's a lot yeah yeah and so we wrote

966

00:44:03,059 --> 00:44:00,609

it basically as much as we could in the

967

00:44:06,329 --> 00:44:03,069

way you write a scientific paper and

968

00:44:08,790 --> 00:44:06,339

we've had a peer review within the

969

00:44:11,730 --> 00:44:08,800

scientific Coalition for ufology because

970

00:44:15,690 --> 00:44:11,740

within our organization we have multiple

971

00:44:21,410 --> 00:44:15,700

PhDs in physics oceanography in other

972

00:44:24,720 --> 00:44:21,420

areas and you know they're familiar with

973

00:44:27,420 --> 00:44:24,730

sending papers out to various journals

974

00:44:29,339 --> 00:44:27,430

so we've written it in that manner

975

00:44:33,420 --> 00:44:29,349

so it'll be done more seriously

976  
00:44:35,460 --> 00:44:33,430  
basically right right yeah we don't you

977  
00:44:37,460 --> 00:44:35,470  
know we don't jump to any conclusions we

978  
00:44:39,630 --> 00:44:37,470  
just kind of state the facts and do

979  
00:44:42,960 --> 00:44:39,640  
calculations based on the information we

980  
00:44:45,690 --> 00:44:42,970  
have available to us so that's how the

981  
00:44:49,920 --> 00:44:45,700  
the paper is written as far as

982  
00:44:53,940 --> 00:44:49,930  
information I mean 99.9% of everything

983  
00:44:58,260 --> 00:44:53,950  
that we have there we had available to

984  
00:45:01,019 --> 00:44:58,270  
us back in March of 2018 but we take but

985  
00:45:04,079 --> 00:45:01,029  
we've spent this last nine to ten months

986  
00:45:06,809 --> 00:45:04,089  
basically writing developing the paper

987  
00:45:10,289 --> 00:45:06,819  
and having a peer review within our

988  
00:45:12,390 --> 00:45:10,299

organization so it's not like we will be

989

00:45:16,380 --> 00:45:12,400

releasing some information no one is

990

00:45:21,260 --> 00:45:16,390

hurt before it's it's we're just putting

991

00:45:25,500 --> 00:45:21,270

it together in a just a concise package

992

00:45:26,549 --> 00:45:25,510

more or less I see now is there it as

993

00:45:28,890 --> 00:45:26,559

far as you know is there any

994

00:45:31,440 --> 00:45:28,900

misconceptions about the whole event out

995

00:45:33,329 --> 00:45:31,450

there that's like rumors traveling

996

00:45:37,500 --> 00:45:33,339

around or is it has it been pretty close

997

00:45:38,849 --> 00:45:37,510

to factual well it that's a difficult

998

00:45:42,750 --> 00:45:38,859

question because I don't know what all

999

00:45:45,120 --> 00:45:42,760

rumors you know I avoid somewhat the

1000

00:45:47,010 --> 00:45:45,130

social media sites because you know

1001  
00:45:49,410 --> 00:45:47,020  
they're black holes that you can just

1002  
00:45:54,059 --> 00:45:49,420  
get sucked down into yeah and there's

1003  
00:45:59,010 --> 00:45:54,069  
very little value in that I'm not aware

1004  
00:46:00,779 --> 00:45:59,020  
of off the top of my head of any rumors

1005  
00:46:03,059 --> 00:46:00,789  
that are necessarily not true I mean if

1006  
00:46:06,930 --> 00:46:03,069  
you mentioned some like to tell you if

1007  
00:46:09,480 --> 00:46:06,940  
they're true or not but well I did hear

1008  
00:46:11,640 --> 00:46:09,490  
you know I personally did hear people

1009  
00:46:14,760 --> 00:46:11,650  
were saying the object was above the

1010  
00:46:17,010 --> 00:46:14,770  
water or not in the water and you know

1011  
00:46:19,380 --> 00:46:17,020  
so that's pretty much put to bed as far

1012  
00:46:21,660 --> 00:46:19,390  
as uh as far as what you talked about

1013  
00:46:22,890 --> 00:46:21,670

and you know more of its out there that

1014

00:46:26,730 --> 00:46:22,900

it was something that was under the

1015

00:46:29,010 --> 00:46:26,740

water and unseen right I mean basically

1016

00:46:30,180 --> 00:46:29,020

we deal with the object that's above the

1017

00:46:33,680 --> 00:46:30,190

water mmm

1018

00:46:36,960 --> 00:46:33,690

because what you know what is first seen

1019

00:46:39,010 --> 00:46:36,970

also by another pilot named curve which

1020

00:46:42,310 --> 00:46:39,020

I didn't mention earlier but what

1021

00:46:44,440 --> 00:46:42,320

scene you know immediately below the

1022

00:46:47,650 --> 00:46:44,450

water we don't have a lot of information

1023

00:46:51,190 --> 00:46:47,660

on other than you know a total of three

1024

00:46:52,690 --> 00:46:51,200

jets that witnessed it but other than

1025

00:46:55,480 --> 00:46:52,700

that we don't that's the only

1026  
00:46:57,250 --> 00:46:55,490  
information we have so we did not spend

1027  
00:46:59,830 --> 00:46:57,260  
any time on that we spent the time on

1028  
00:47:02,410 --> 00:46:59,840  
the object its we have the information

1029  
00:47:05,260 --> 00:47:02,420  
on it and before we went live I

1030  
00:47:07,630 --> 00:47:05,270  
mentioned to you that I heard that's and

1031  
00:47:11,200 --> 00:47:07,640  
I don't know if this is wrong or correct

1032  
00:47:13,750 --> 00:47:11,210  
that it was some people are saying that

1033  
00:47:17,920 --> 00:47:13,760  
it was like a cross like shape in the

1034  
00:47:19,060 --> 00:47:17,930  
water but but you don't really know

1035  
00:47:22,210 --> 00:47:19,070  
anything about that one way or the other

1036  
00:47:24,340 --> 00:47:22,220  
right right Ill don't know for sure what

1037  
00:47:30,610 --> 00:47:24,350  
the the shape wads and I'm not sure

1038  
00:47:33,240 --> 00:47:30,620

anyone truly does yeah okay so we have a

1039

00:47:36,610 --> 00:47:33,250

couple of questions that came in and

1040

00:47:39,160 --> 00:47:36,620

from Carrie and this one here is what is

1041

00:47:41,050 --> 00:47:39,170

your opinion and how the tic-tac object

1042

00:47:45,450 --> 00:47:41,060

seemed to be one step ahead of commander

1043

00:47:48,370 --> 00:47:45,460

flavor by rear pair reappearing at the

1044

00:47:50,650 --> 00:47:48,380

combat Air Patrol rendezvous location

1045

00:47:52,720 --> 00:47:50,660

before he arrived there that was pretty

1046

00:47:55,570 --> 00:47:52,730

amazing yeah that's an interesting

1047

00:47:59,080 --> 00:47:55,580

question and I should explain a little

1048

00:48:02,170 --> 00:47:59,090

bit about what the combat area or the

1049

00:48:03,850 --> 00:48:02,180

cap point what that refers to

1050

00:48:07,180 --> 00:48:03,860

basically when you have a carrier Strike

1051  
00:48:14,790 --> 00:48:07,190  
Group right they which consists I guess

1052  
00:48:17,800 --> 00:48:14,800  
is a minimum of a aircraft carrier a the

1053  
00:48:21,040 --> 00:48:17,810  
ship similar to the USS Princeton which

1054  
00:48:23,950 --> 00:48:21,050  
is a missile cruiser and at least two

1055  
00:48:26,470 --> 00:48:23,960  
destroyers and a nuclear attack

1056  
00:48:32,620 --> 00:48:26,480  
submarine which in this case was the USS

1057  
00:48:36,750 --> 00:48:32,630  
Lewis Louisville so but so basically you

1058  
00:48:39,580 --> 00:48:36,760  
you have that strike group and they're

1059  
00:48:41,260 --> 00:48:39,590  
you know moving through that and I'm I'm

1060  
00:48:44,470 --> 00:48:41,270  
gonna have to apologize Martin I've

1061  
00:48:48,280 --> 00:48:44,480  
gotten carried away now so a question

1062  
00:48:50,080 --> 00:48:48,290  
okay on the cap point so your your f-18

1063  
00:48:52,079 --> 00:48:50,090

Super Hornets part of their job is to

1064

00:48:55,799 --> 00:48:52,089

protect that striker

1065

00:49:00,410 --> 00:48:55,809

so they have four cat points around the

1066

00:49:02,849 --> 00:49:00,420

Carrier Strike Group and those are

1067

00:49:06,859 --> 00:49:02,859

arbitrarily well they're not arbitrary

1068

00:49:09,689 --> 00:49:06,869

but they're identified by altitude

1069

00:49:12,209 --> 00:49:09,699

longitude and latitude so you've got

1070

00:49:14,099 --> 00:49:12,219

these four points and so you have a

1071

00:49:17,089 --> 00:49:14,109

squadron around each of those points or

1072

00:49:20,609 --> 00:49:17,099

a number of jets to protect the group

1073

00:49:22,859 --> 00:49:20,619

the location of those cat points is

1074

00:49:25,529 --> 00:49:22,869

unknown to anyone except those with the

1075

00:49:28,769 --> 00:49:25,539

need to know such as the pilots and key

1076

00:49:32,429 --> 00:49:28,779

personnel on the ships well what

1077

00:49:35,939 --> 00:49:32,439

happened in this case is that after the

1078

00:49:37,380 --> 00:49:35,949

incident of the engagement was commander

1079

00:49:41,579 --> 00:49:37,390

freighter in this object and the object

1080

00:49:45,469 --> 00:49:41,589

disappears rapidly he's headed back to

1081

00:49:48,660 --> 00:49:45,479

the Nimitz when the USS Princeton calls

1082

00:49:51,359 --> 00:49:48,670

radio Sam and says you're not going to

1083

00:49:55,140 --> 00:49:51,369

believe this but that object is back at

1084

00:49:58,620 --> 00:49:55,150

your cat Point right so what's unique in

1085

00:50:01,319 --> 00:49:58,630

that question is the implication of how

1086

00:50:07,499 --> 00:50:01,329

did the object know where his cat point

1087

00:50:12,779 --> 00:50:07,509

was right so either it had to know maybe

1088

00:50:15,059 --> 00:50:12,789

somehow by observing his his movement

1089

00:50:19,169 --> 00:50:15,069

which I don't think is likely or -

1090

00:50:22,529 --> 00:50:19,179

somehow it intercepted communications or

1091

00:50:24,539 --> 00:50:22,539

three you know I mean you can get into

1092

00:50:26,759 --> 00:50:24,549

more speculative things like well it

1093

00:50:31,559 --> 00:50:26,769

read somebody you know read something

1094

00:50:34,469 --> 00:50:31,569

honest yeah but so if you assume that

1095

00:50:36,839 --> 00:50:34,479

that is true right that this object went

1096

00:50:38,880 --> 00:50:36,849

back to a cat point and and that has

1097

00:50:41,609 --> 00:50:38,890

been stated by commander flavor who

1098

00:50:45,269 --> 00:50:41,619

received that statement over the radio

1099

00:50:48,479 --> 00:50:45,279

and it's you know been confirmed by

1100

00:50:54,179 --> 00:50:48,489

senior chief de right who was on the USS

1101  
00:50:58,679 --> 00:50:54,189  
Princeton you have to realize that a cat

1102  
00:51:02,689 --> 00:50:58,689  
point is a very small point in terms of

1103  
00:51:05,249 --> 00:51:02,699  
you've got this huge amount of

1104  
00:51:05,740 --> 00:51:05,259  
operational area that the strike force

1105  
00:51:07,990 --> 00:51:05,750  
is worth

1106  
00:51:11,520 --> 00:51:08,000  
in right so for the for this unknown

1107  
00:51:18,460 --> 00:51:11,530  
object to know where the cap point is

1108  
00:51:21,610 --> 00:51:18,470  
says that it is it's it's like it is

1109  
00:51:26,380 --> 00:51:21,620  
telling them I am aware of what you're

1110  
00:51:28,630 --> 00:51:26,390  
doing I'm aware of your procedures right

1111  
00:51:31,210 --> 00:51:28,640  
it's almost like it's almost a method of

1112  
00:51:34,870 --> 00:51:31,220  
communication it's like here I'm going

1113  
00:51:38,080 --> 00:51:34,880

to communicate to you that I know right

1114

00:51:40,810 --> 00:51:38,090

I'm not just an arbitrary point moving

1115

00:51:44,040 --> 00:51:40,820

through your sky there is a certain

1116

00:51:47,800 --> 00:51:44,050

level of intelligence to what I'm doing

1117

00:51:49,600 --> 00:51:47,810

right so that that's I'm not saying

1118

00:51:53,170 --> 00:51:49,610

that's absolutely what happened right

1119

00:51:56,770 --> 00:51:53,180

because we don't know but I'm just

1120

00:51:58,720 --> 00:51:56,780

saying that's that question is a good

1121

00:52:00,850 --> 00:51:58,730

question because it it makes you

1122

00:52:02,470 --> 00:52:00,860

consider that possibility and at this

1123

00:52:04,720 --> 00:52:02,480

point in time all you can say that's a

1124

00:52:06,400 --> 00:52:04,730

possibility yeah yeah that is pretty

1125

00:52:10,000 --> 00:52:06,410

bizarre the one thing that I'm a little

1126

00:52:14,890 --> 00:52:10,010

bit confused about is during the

1127

00:52:17,620 --> 00:52:14,900

exercises they were flying they they

1128

00:52:20,920 --> 00:52:17,630

talk about that they're armed with

1129

00:52:22,270 --> 00:52:20,930

something and and they're surprised at

1130

00:52:25,870 --> 00:52:22,280

their arm do you know anything about

1131

00:52:26,770 --> 00:52:25,880

that no they're not armed they're not

1132

00:52:32,890 --> 00:52:26,780

armed

1133

00:52:35,890 --> 00:52:32,900

they're us territorial waters and as

1134

00:52:38,860 --> 00:52:35,900

commander fragrant that would be very

1135

00:52:41,740 --> 00:52:38,870

unusual for them to be armed while

1136

00:52:43,000 --> 00:52:41,750

they're doing practices yeah then I

1137

00:52:47,230 --> 00:52:43,010

guess that's one of the things that I

1138

00:52:49,930 --> 00:52:47,240

that I heard that is not not true right

1139

00:52:52,480 --> 00:52:49,940

that's not true as a matter of fact

1140

00:52:54,700 --> 00:52:52,490

Lieutenant Commander Jim slate indicated

1141

00:52:56,950 --> 00:52:54,710

they were not armed and commander Frey

1142

00:52:58,900 --> 00:52:56,960

were made a point of saying the only

1143

00:53:01,000 --> 00:52:58,910

armament he had he would have to a

1144

00:53:02,890 --> 00:53:01,010

hammer off of this plane because it was

1145

00:53:05,440 --> 00:53:02,900

a training missile that was attached to

1146

00:53:09,100 --> 00:53:05,450

his plane and did not fire training

1147

00:53:13,030 --> 00:53:09,110

missile okay yeah I saw that then

1148

00:53:19,880 --> 00:53:13,040

there's also a time in and some of the

1149

00:53:27,240 --> 00:53:22,770

she's concerned because is there moving

1150

00:53:31,020 --> 00:53:27,250

into this area right and they don't know

1151  
00:53:33,390 --> 00:53:31,030  
what they're coming against you know

1152  
00:53:35,580 --> 00:53:33,400  
they're assuming the possibility that

1153  
00:53:37,650 --> 00:53:35,590  
perhaps it's a aircraft you know kinda

1154  
00:53:39,420 --> 00:53:37,660  
like 9/11 right something like that they

1155  
00:53:42,000 --> 00:53:39,430  
have no idea you know thoughts are

1156  
00:53:43,620 --> 00:53:42,010  
running through their head that they

1157  
00:53:46,410 --> 00:53:43,630  
might have to use their jet is a

1158  
00:53:51,510 --> 00:53:46,420  
battering ram right because they don't

1159  
00:53:54,900 --> 00:53:51,520  
have weapons I see I see we just got a

1160  
00:54:00,390 --> 00:53:54,910  
couple minutes left until we go into

1161  
00:54:03,240 --> 00:54:00,400  
break and there there seems to be a lot

1162  
00:54:06,420 --> 00:54:03,250  
of activity in the they were out toward

1163  
00:54:08,730 --> 00:54:06,430

Catalina Island not far from it and it

1164

00:54:11,310 --> 00:54:08,740

just seems I mean now there's even a UFO

1165

00:54:15,540 --> 00:54:11,320

tour you can take there and there's but

1166

00:54:17,970 --> 00:54:15,550

there's been so much activity in in that

1167

00:54:20,010 --> 00:54:17,980

area that's pretty strange I mean going

1168

00:54:25,080 --> 00:54:20,020

back out I know there was a great film

1169

00:54:28,230 --> 00:54:25,090

back in the 1960s I think it was do you

1170

00:54:30,990 --> 00:54:28,240

know if there's you know is this a

1171

00:54:34,140 --> 00:54:31,000

constant area of it like a what they

1172

00:54:35,940 --> 00:54:34,150

call hotspot are you aware of that yes

1173

00:54:38,730 --> 00:54:35,950

I've got a little bit I haven't seen the

1174

00:54:42,210 --> 00:54:38,740

film be referred to but we have a

1175

00:54:44,070 --> 00:54:42,220

different project and in the SCU and

1176

00:54:47,430 --> 00:54:44,080

that project is we're looking at well

1177

00:54:50,790 --> 00:54:47,440

you call us OS mm-hmm so these rate

1178

00:54:52,950 --> 00:54:50,800

reports of underwater submerged objects

1179

00:54:54,600 --> 00:54:52,960

yeah and so what we've done we've you

1180

00:54:57,450 --> 00:54:54,610

know we've gone across history from when

1181

00:55:01,500 --> 00:54:57,460

all this began in 1947 to modern times

1182

00:55:07,380 --> 00:55:01,510

in plotting only us owes right we throw

1183

00:55:09,480 --> 00:55:07,390

out you fos right and that we and we're

1184

00:55:12,780 --> 00:55:09,490

going to do a statistical analysis so

1185

00:55:17,190 --> 00:55:12,790

this is very preliminary so I can't say

1186

00:55:20,940 --> 00:55:17,200

this is statistically correct other than

1187

00:55:23,850 --> 00:55:20,950

I look at numbers all the time and I can

1188

00:55:28,730 --> 00:55:23,860

kind of tell and I would say that there

1189

00:55:31,960 --> 00:55:28,740

are two areas in the world where the

1190

00:55:33,750 --> 00:55:31,970

reports of us owes are very high

1191

00:55:38,410 --> 00:55:33,760

it's Catalina Island in Puerto Rico

1192

00:55:41,080 --> 00:55:38,420

those two areas have much many more

1193

00:55:44,620 --> 00:55:41,090

reports than their population justifies

1194

00:55:46,530 --> 00:55:44,630

right mm-hmm because normally reports

1195

00:55:49,060 --> 00:55:46,540

are based on population because people

1196

00:55:51,520 --> 00:55:49,070

make incorrect reports so the more

1197

00:55:54,520 --> 00:55:51,530

people you have an area the more UFO

1198

00:55:56,980 --> 00:55:54,530

reports the more USO reports but

1199

00:55:58,980 --> 00:55:56,990

Catalina Island Puerto Rico have much

1200

00:56:01,150 --> 00:55:58,990

more than their population justifies

1201

00:56:03,670 --> 00:56:01,160

interesting and it's really unusual

1202

00:56:05,170 --> 00:56:03,680

underwater mmm there's that underwater

1203

00:56:08,920 --> 00:56:05,180

forest out there and all that that's

1204

00:56:11,470 --> 00:56:08,930

really okay okay I don't know what the

1205

00:56:13,560 --> 00:56:11,480

reason behind it yeah yeah all right

1206

00:56:17,170 --> 00:56:13,570

we're ready to go into break right now

1207

00:56:18,970 --> 00:56:17,180

my guest tonight is a Robert Powell and

1208

00:56:21,150 --> 00:56:18,980

we'll be right back right after this

1209

00:56:23,680 --> 00:56:21,160

break hang in there

1210

00:56:26,440 --> 00:56:23,690

clear three minutes gentlemen three

1211

00:56:28,750 --> 00:56:26,450

mutter we'll be right back okay

1212

00:56:33,700 --> 00:56:28,760

all right everyone so we are still live

1213

00:56:35,620 --> 00:56:33,710

and we are going to take a look see if

1214

00:56:40,660 --> 00:56:35,630

we have any questions here we're gonna

1215

00:56:43,900 --> 00:56:40,670

be talking taking calls after we come

1216

00:56:45,490 --> 00:56:43,910

back I think this this case I know we've

1217

00:56:47,410 --> 00:56:45,500

talked about for a couple weeks now

1218

00:56:50,050 --> 00:56:47,420

Huggins you know considering last

1219

00:56:50,859 --> 00:56:50,060

weekend but I do think it's a it's a

1220

00:56:52,570 --> 00:56:50,869

really good one

1221

00:57:00,430 --> 00:56:52,580

later on in the show we'll be talking

1222

00:57:02,380 --> 00:57:00,440

about other UFO not incidents but we're

1223

00:57:04,930 --> 00:57:02,390

going to be talking about I think we're

1224

00:57:06,730 --> 00:57:04,940

gonna get into the triangle UFOs also

1225

00:57:09,940 --> 00:57:06,740

because that is another thing that

1226

00:57:15,010 --> 00:57:09,950

Robert Powell has looked into you back I

1227

00:57:20,230 --> 00:57:15,020

am back so yeah we have two minutes left

1228

00:57:23,410 --> 00:57:20,240

to this break-in I guess I in this break

1229

00:57:26,400 --> 00:57:23,420

can you tell I think you said you were

1230

00:57:31,810 --> 00:57:26,410

really young and you read a J Alan Hynek

1231

00:57:33,730 --> 00:57:31,820

book is that is that really what did you

1232

00:57:35,770 --> 00:57:33,740

kind of have some type of fascination in

1233

00:57:37,750 --> 00:57:35,780

the whole thing before or was that you

1234

00:57:41,349 --> 00:57:37,760

had no clue about it how does that no

1235

00:57:42,940 --> 00:57:41,359

clue yeah until I read that book and it

1236

00:57:44,380 --> 00:57:42,950

was just logical right I mean I just

1237

00:57:45,200 --> 00:57:44,390

read to what he said and I said well

1238

00:57:49,880 --> 00:57:45,210

there's got to be

1239

00:57:51,200 --> 00:57:49,890

something to this mm-hmm now in your and

1240

00:57:53,960 --> 00:57:51,210

your travels have you ever had any

1241

00:58:00,230 --> 00:57:53,970

ridicule for looking into the subject

1242

00:58:02,240 --> 00:58:00,240

oh I mean there's always you know it's

1243

00:58:04,070 --> 00:58:02,250

kind of like behind the scenes you know

1244

00:58:06,290 --> 00:58:04,080

if you tell just like all of us have

1245

00:58:08,540 --> 00:58:06,300

right if you tell somebody that you look

1246

00:58:09,980 --> 00:58:08,550

into this subject you know you can just

1247

00:58:14,030 --> 00:58:09,990

kind of tell that the wheels are turning

1248

00:58:16,040 --> 00:58:14,040

and they're like hmm not everyone no I

1249

00:58:18,710 --> 00:58:16,050

think you know some people find it very

1250

00:58:20,270 --> 00:58:18,720

interesting and you know oh yeah yeah

1251  
00:58:23,300 --> 00:58:20,280  
especially if there's someone who had a

1252  
00:58:26,510 --> 00:58:23,310  
sighting oh yeah those people yeah they

1253  
00:58:29,660 --> 00:58:26,520  
really enjoyed it and I give library

1254  
00:58:31,010 --> 00:58:29,670  
talks all the time and after my talk

1255  
00:58:34,580 --> 00:58:31,020  
there's always one or two people that

1256  
00:58:36,530 --> 00:58:34,590  
comes up for everyone's left to tell me

1257  
00:58:39,140 --> 00:58:36,540  
the case yeah yeah do wait till everyone

1258  
00:58:42,280 --> 00:58:39,150  
leaves they feel comfortable yeah I was

1259  
00:58:44,150 --> 00:58:42,290  
uh I was at an auction last weekend and

1260  
00:58:46,130 --> 00:58:44,160  
someone that works at this auction

1261  
00:58:48,770 --> 00:58:46,140  
gallery they know she actually had a

1262  
00:58:50,210 --> 00:58:48,780  
sighting herself and she was so excited

1263  
00:58:52,340 --> 00:58:50,220

to talk to me she goes oh my daughter

1264

00:58:54,830 --> 00:58:52,350

had a UFO sighting oh my god she was

1265

00:58:56,660 --> 00:58:54,840

telling me she pulled over and she said

1266

00:58:59,300 --> 00:58:56,670

she got out of the car and the thing

1267

00:59:00,800 --> 00:58:59,310

went right over she was no sound and she

1268

00:59:02,360 --> 00:59:00,810

said she tried to take pictures and they

1269

00:59:04,460 --> 00:59:02,370

came out horrible you know if there was

1270

00:59:07,520 --> 00:59:04,470

some lights and you know who knows what

1271

00:59:09,920 --> 00:59:07,530

it was but yeah it's it is interesting

1272

00:59:12,650 --> 00:59:09,930

that there are so many sightings I think

1273

00:59:15,500 --> 00:59:12,660

we're going to go back and like about 10

1274

00:59:18,320 --> 00:59:15,510

minutes 10 seconds right bill about 30

1275

00:59:21,230 --> 00:59:18,330

seconds oh is that all right okay yeah a

1276

00:59:22,790 --> 00:59:21,240

lot of these people it's it's something

1277

00:59:24,830 --> 00:59:22,800

that allows them to get it off their

1278

00:59:25,490 --> 00:59:24,840

chest yes they really have been able to

1279

00:59:27,470 --> 00:59:25,500

tell anyone

1280

00:59:30,590 --> 00:59:27,480

yeah a lot of people have said that a

1281

00:59:31,880 --> 00:59:30,600

lot of people that do talks they say the

1282

00:59:34,400 --> 00:59:31,890

same thing people just want to be heard

1283

00:59:36,200 --> 00:59:34,410

a lot of times in yeah yeah and you've

1284

00:59:38,240 --> 00:59:36,210

got to get the info bin because a lot of

1285

00:59:40,070 --> 00:59:38,250

times they they won't come back and kill

1286

00:59:42,050 --> 00:59:40,080

you again yeah all right talk about it

1287

00:59:43,660 --> 00:59:42,060

again okay Adam I'm back in about five

1288

00:59:47,180 --> 00:59:43,670

seconds all right we're ready here and

1289

00:59:49,730 --> 00:59:47,190

three two one go

1290

00:59:51,410 --> 00:59:49,740

all right my guest tonight is Robert

1291

00:59:53,240 --> 00:59:51,420

Powell this is Martin Willis with

1292

00:59:56,510 --> 00:59:53,250

podcast UFO remember to go check out

1293

00:59:57,780 --> 00:59:56,520

podcast UFO calm a lot of good stuff

1294

01:00:02,820 --> 00:59:57,790

over there

1295

01:00:04,410 --> 01:00:02,830

and so moving on we are going to take

1296

01:00:07,470 --> 01:00:04,420

calls if anyone would like to call in

1297

01:00:09,660 --> 01:00:07,480

we'll put that number up and if anyone

1298

01:00:10,980 --> 01:00:09,670

would like to talk about the nimitz case

1299

01:00:12,860 --> 01:00:10,990

because we're going to move on and talk

1300

01:00:17,580 --> 01:00:12,870

about other things in this second hour

1301

01:00:20,220 --> 01:00:17,590

here and the object itself this is a

1302

01:00:23,580 --> 01:00:20,230

it's pretty bizarre it was shaped like a

1303

01:00:27,450 --> 01:00:23,590

tic-tac evidently was white like you

1304

01:00:29,970 --> 01:00:27,460

know the mint tic-tac and but there's

1305

01:00:32,130 --> 01:00:29,980

also there was little tiny what almost

1306

01:00:35,660 --> 01:00:32,140

look like antennas underneath it is that

1307

01:00:40,560 --> 01:00:35,670

did you hear about that as well yes

1308

01:00:44,370 --> 01:00:40,570

commander flavor described too small and

1309

01:00:48,870 --> 01:00:44,380

tin or leg like objects that were

1310

01:00:50,700 --> 01:00:48,880

beneath the the tic-tac mm-hmm that is

1311

01:00:53,070 --> 01:00:50,710

interesting and when we went to break we

1312

01:00:55,650 --> 01:00:53,080

were talking about Catalina and you were

1313

01:00:58,410 --> 01:00:55,660

talking about us OS and doing that

1314

01:01:00,810 --> 01:00:58,420

research and someone is speaking of us

1315

01:01:03,210 --> 01:01:00,820

oh the object under the water someone

1316

01:01:05,040 --> 01:01:03,220

put in chat they wondered if the nimitz

1317

01:01:10,080 --> 01:01:05,050

had any or no this was from carey

1318

01:01:12,420 --> 01:01:10,090

wondered if there was any sonar evidence

1319

01:01:14,460 --> 01:01:12,430

about that object but it was so far away

1320

01:01:16,950 --> 01:01:14,470

from the nimitz right wasn't that like

1321

01:01:20,910 --> 01:01:16,960

sixty miles out or something right it

1322

01:01:24,750 --> 01:01:20,920

was and I'm not a sonar expert yeah but

1323

01:01:27,630 --> 01:01:24,760

my understanding is that you know SONA

1324

01:01:29,820 --> 01:01:27,640

sonars is limited by the condition of

1325

01:01:31,380 --> 01:01:29,830

the water the depth of the water a lot

1326

01:01:35,850 --> 01:01:31,390

of you know the amount of noise going

1327

01:01:38,550 --> 01:01:35,860

through the water at the time and at

1328

01:01:40,410 --> 01:01:38,560

least based on my understanding the

1329

01:01:43,110 --> 01:01:40,420

distance from the nimitz would have

1330

01:01:45,930 --> 01:01:43,120

probably been too far for them to picked

1331

01:01:50,010 --> 01:01:45,940

up by anything on sonar in the case of

1332

01:01:52,860 --> 01:01:50,020

the USS Princeton which also has sonar

1333

01:01:54,840 --> 01:01:52,870

I've got conflicting reports we have one

1334

01:01:57,210 --> 01:01:54,850

guy on the ship who said the was

1335

01:02:00,030 --> 01:01:57,220

something detected on sonar another

1336

01:02:03,150 --> 01:02:00,040

person who said there was not so that

1337

01:02:06,420 --> 01:02:03,160

that's kind of conflicting and then USS

1338

01:02:08,550 --> 01:02:06,430

Louisville the nuclear submarine an area

1339

01:02:11,579 --> 01:02:08,560

supposedly did not pick up anything on

1340

01:02:14,579 --> 01:02:11,589

sonar so that doesn't mean

1341

01:02:17,269 --> 01:02:14,589

nothing in the water yeah just means you

1342

01:02:19,739 --> 01:02:17,279

know nothing was detected on some are

1343

01:02:22,890 --> 01:02:19,749

speaking of detecting the e-2 Hawkeye

1344

01:02:25,589 --> 01:02:22,900

that was up in the air they're flying

1345

01:02:29,910 --> 01:02:25,599

around very sensitive radar I mean I

1346

01:02:32,579 --> 01:02:29,920

would think it's kind of strange that it

1347

01:02:36,089 --> 01:02:32,589

didn't pick up any you know it had no

1348

01:02:39,059 --> 01:02:36,099

radar returns on the objects only in the

1349

01:02:40,950 --> 01:02:39,069

Princeton any reason for that in

1350

01:02:42,870 --> 01:02:40,960

particular you know well that yeah let

1351

01:02:46,259 --> 01:02:42,880

me explain that's not totally correct

1352

01:02:48,539 --> 01:02:46,269

but well for starters the USS Princeton

1353

01:02:50,549 --> 01:02:48,549

has the most powerful radar this what's

1354

01:02:53,819 --> 01:02:50,559

called the spy 1b radar it's the most

1355

01:02:56,579 --> 01:02:53,829

advanced radar around I mean that radar

1356

01:03:00,779 --> 01:02:56,589

system was used in the think it was in

1357

01:03:03,839 --> 01:03:00,789

the 1990s I'm not sure the exact date to

1358

01:03:06,749 --> 01:03:03,849

actually shoot down a satellite in a

1359

01:03:10,559 --> 01:03:06,759

tells that the Navy Iran yeah so they've

1360

01:03:13,920 --> 01:03:10,569

got in the state of the art the

1361

01:03:16,289 --> 01:03:13,930

Princeton detected the objects and the

1362

01:03:19,650 --> 01:03:16,299

normally the e-2 Hawkeye would have been

1363

01:03:24,329 --> 01:03:19,660

in control of the f-18s but they did not

1364

01:03:27,150 --> 01:03:24,339

detect the object but the Princeton gave

1365

01:03:30,239 --> 01:03:27,160

them information on the exact location

1366

01:03:33,359 --> 01:03:30,249

and I'm not sure exactly what they did

1367

01:03:35,309 --> 01:03:33,369

to narrow the radar beam to that

1368

01:03:38,309 --> 01:03:35,319

location but once they did that they

1369

01:03:40,410 --> 01:03:38,319

were able to detect the object but they

1370

01:03:43,589 --> 01:03:40,420

did not have as strong a signal

1371

01:03:47,299 --> 01:03:43,599

it's what the Princeton has and then the

1372

01:03:51,870 --> 01:03:47,309

other thing too to just to know is that

1373

01:03:57,329 --> 01:03:51,880

the aegis system allows all the ships of

1374

01:03:59,039 --> 01:03:57,339

the strike group to be aware what the

1375

01:04:01,049 --> 01:03:59,049

radar from all the systems are seen

1376

01:04:03,299 --> 01:04:01,059

because all the radar from all these

1377

01:04:05,999 --> 01:04:03,309

systems is coordinated so you have the

1378

01:04:12,029 --> 01:04:06,009

Hawkeye link right the aircraft carrier

1379

01:04:13,589 --> 01:04:12,039

you have the cruiser and and I'm sure

1380

01:04:16,680 --> 01:04:13,599

it's classified I don't know how the

1381

01:04:20,039 --> 01:04:16,690

algorithm works that takes the data from

1382

01:04:23,789 --> 01:04:20,049

all these different sources and you know

1383

01:04:25,200 --> 01:04:23,799

displays it and but it ain't right

1384

01:04:29,160 --> 01:04:25,210

that's that's kind of the story

1385

01:04:32,820 --> 01:04:29,170

the Hawkeye now I understand that after

1386

01:04:35,010 --> 01:04:32,830

the incident it appeared like at one

1387

01:04:36,630 --> 01:04:35,020

point I don't even know when it was but

1388

01:04:38,730 --> 01:04:36,640

and this may be just one another one of

1389

01:04:40,920 --> 01:04:38,740

those things out there that may not be

1390

01:04:44,460 --> 01:04:40,930

true but they saw like dozens and dozens

1391

01:04:48,930 --> 01:04:44,470

of these objects at one time is that

1392

01:04:50,970 --> 01:04:48,940

true on the radar and kind of on radar

1393

01:04:53,340 --> 01:04:50,980

yeah let me explain it yeah okay so

1394

01:04:56,070 --> 01:04:53,350

senior chief de ll was the one who first

1395

01:04:58,920 --> 01:04:56,080

was monitoring them and he had indicated

1396

01:05:01,710 --> 01:04:58,930

when I interviewed him that over the

1397

01:05:05,190 --> 01:05:01,720

course of three or four days he had seen

1398

01:05:08,330 --> 01:05:05,200

a total of about 50 objects but that

1399

01:05:12,090 --> 01:05:08,340

doesn't mean it's 50 different objects

1400

01:05:15,570 --> 01:05:12,100

the most he ever saw at one time he said

1401

01:05:18,870 --> 01:05:15,580

was 11 objects at one time on radar

1402

01:05:22,560 --> 01:05:18,880

he would see as few as three or four as

1403

01:05:27,420 --> 01:05:22,570

many as 11 so the only thing you can say

1404

01:05:32,280 --> 01:05:27,430

for certain is that radar detected at

1405

01:05:34,410 --> 01:05:32,290

least 11 objects right yeah but that

1406

01:05:37,080 --> 01:05:34,420

number 50 comes because he's added up

1407

01:05:38,940 --> 01:05:37,090

all the objects he saw over three or

1408

01:05:41,670 --> 01:05:38,950

four days I got it I got it

1409

01:05:45,600 --> 01:05:41,680

we have a call we have a caller on the

1410

01:05:47,340 --> 01:05:45,610

line do we hi this is Steve hi Steve we

1411

01:05:48,660 --> 01:05:47,350

have another call coming in too I'll

1412

01:05:52,080 --> 01:05:48,670

have to hold on that Steve where you

1413

01:05:53,670 --> 01:05:52,090

calling from Oregon hi welcome to the

1414

01:05:57,270 --> 01:05:53,680

show you have a question for our guest

1415

01:05:59,580 --> 01:05:57,280

oh yeah sure I just first think it's a

1416

01:06:03,510 --> 01:05:59,590

really interesting show I do have a

1417

01:06:07,110 --> 01:06:03,520

question on how do you know you're not

1418

01:06:09,360 --> 01:06:07,120

looking at the outside Shroud of a

1419

01:06:10,200 --> 01:06:09,370

really advanced drone something

1420

01:06:20,250 --> 01:06:10,210

skunkworks

1421

01:06:21,960 --> 01:06:20,260

came up with right the main reason I

1422

01:06:27,140 --> 01:06:21,970

guess that we don't believe we were

1423

01:06:30,810 --> 01:06:27,150

looking at a drone was because the

1424

01:06:34,290 --> 01:06:30,820

acceleration that we calculated for the

1425

01:06:37,100 --> 01:06:34,300

object and we did it we did acceleration

1426

01:06:39,059 --> 01:06:37,110

based on what the radar saw we did

1427

01:06:41,819 --> 01:06:39,069

acceleration based on

1428

01:06:45,749 --> 01:06:41,829

how quickly disappeared to the two

1429

01:06:49,410 --> 01:06:45,759

different commanders eyes that were in

1430

01:06:53,819 --> 01:06:49,420

the aircrafts and we did it based on the

1431

01:06:58,589 --> 01:06:53,829

video that was taken the accelerations

1432

01:07:01,680 --> 01:06:58,599

were well beyond what any drone could

1433

01:07:04,410 --> 01:07:01,690

withstand so that's that's why we

1434

01:07:06,150 --> 01:07:04,420

believe that well I just I just wonder

1435

01:07:09,420 --> 01:07:06,160

about something that skunkworks had

1436

01:07:13,349 --> 01:07:09,430

created that is so far advanced like you

1437

01:07:15,809 --> 01:07:13,359

know nuclear power with where it has a

1438

01:07:20,269 --> 01:07:15,819

really small footprint and it's just a

1439

01:07:24,150 --> 01:07:20,279

lot of electricity and engines and I

1440

01:07:30,449 --> 01:07:24,160

just if you've watched first person

1441

01:07:32,609 --> 01:07:30,459

video racing hello hang on you call back

1442

01:07:35,759 --> 01:07:32,619

in a bit sorry about that up apologize

1443

01:07:39,089 --> 01:07:35,769

to everybody all right keep going sorry

1444

01:07:42,029 --> 01:07:39,099

sorry Steve go ahead okay so if if you

1445

01:07:44,459 --> 01:07:42,039

just picture the stuff that skunk works

1446

01:07:48,719 --> 01:07:44,469

I mean they came up with the sr-71 how

1447

01:07:50,640 --> 01:07:48,729

many 50 years ago 60 years ago and look

1448

01:07:53,249 --> 01:07:50,650

how that moved I'm just I'm just trying

1449

01:07:56,130 --> 01:07:53,259

to make a point yeah we are drone

1450

01:07:59,699 --> 01:07:56,140

technology can't do that but skunk works

1451

01:08:02,489 --> 01:07:59,709

I mean at the same folks that you know

1452

01:08:06,150 --> 01:08:02,499

land cars on Mars are we sure that

1453

01:08:07,709 --> 01:08:06,160

that's not well the I and I understand

1454

01:08:11,160 --> 01:08:07,719

what you're saying in like in the case

1455

01:08:14,130 --> 01:08:11,170

of yes our 71 that was advanced no one

1456

01:08:18,510 --> 01:08:14,140

knew about it at the time but the level

1457

01:08:21,329 --> 01:08:18,520

of advancement was not a order or

1458

01:08:24,359 --> 01:08:21,339

multiple orders of magnitude beyond our

1459

01:08:26,729 --> 01:08:24,369

current capabilities if you understand

1460

01:08:30,180 --> 01:08:26,739

what I'm saying it's it's not like okay

1461

01:08:34,800 --> 01:08:30,190

here here's something that's physics you

1462

01:08:36,510 --> 01:08:34,810

know at 2.0 it's basically basically an

1463

01:08:40,499 --> 01:08:36,520

extension of what we already had

1464

01:08:43,649 --> 01:08:40,509

capabilities with in this case in

1465

01:08:47,640 --> 01:08:43,659

addition to the extreme acceleration the

1466

01:08:49,890 --> 01:08:47,650

speeds were so high that any object for

1467

01:08:52,930 --> 01:08:49,900

example we have hyper aircraft that can

1468

01:08:57,040 --> 01:08:52,940

fly it at Mach 7 Mach 10

1469

01:08:59,590 --> 01:08:57,050

right this was well beyond that and it

1470

01:09:02,230 --> 01:08:59,600

was at such speeds that speeds

1471

01:09:03,670 --> 01:09:02,240

comparable to what a meteorite moves to

1472

01:09:06,580 --> 01:09:03,680

the atmosphere so these things should

1473

01:09:08,890 --> 01:09:06,590

have been a ball of fire they should

1474

01:09:11,350 --> 01:09:08,900

have just incinerated in the atmosphere

1475

01:09:15,700 --> 01:09:11,360

there should have been in a sonic boom

1476

01:09:18,550 --> 01:09:15,710

and an explosion of air that should have

1477

01:09:22,440 --> 01:09:18,560

just wiped everything out around it is

1478

01:09:26,110 --> 01:09:22,450

it move through it that kind of a speed

1479

01:09:28,630 --> 01:09:26,120

and that's not what we saw it's almost

1480

01:09:31,360 --> 01:09:28,640

like there was no interaction with the

1481

01:09:35,500 --> 01:09:31,370

atmosphere there was no heating there

1482

01:09:38,290 --> 01:09:35,510

was no sonic boom that's why I mean my

1483

01:09:42,340 --> 01:09:38,300

main point is I would just I just think

1484

01:09:45,370 --> 01:09:42,350

if we could just turn that data that the

1485

01:09:48,850 --> 01:09:45,380

Navy has collected over to the

1486

01:09:52,390 --> 01:09:48,860

scientific community it would it would

1487

01:09:55,060 --> 01:09:52,400

be it would be very interesting to see

1488

01:09:57,040 --> 01:09:55,070

what we could come up with I I

1489

01:10:00,670 --> 01:09:57,050

understand your point I just don't

1490

01:10:02,730 --> 01:10:00,680

believe I think it's too far ahead for

1491

01:10:04,840 --> 01:10:02,740

it to be anything we were working on

1492

01:10:07,300 --> 01:10:04,850

okay all right well thank you very

1493

01:10:09,880 --> 01:10:07,310

interesting show I appreciate you guys

1494

01:10:12,940 --> 01:10:09,890

thanks for the call we have we have

1495

01:10:17,860 --> 01:10:12,950

someone to be time to reach us to end up

1496

01:10:19,690 --> 01:10:17,870

please turn your volume off caller mute

1497

01:10:21,060 --> 01:10:19,700

your computer color I'm gonna hang up on

1498

01:10:27,730 --> 01:10:21,070

you

1499

01:10:30,280 --> 01:10:27,740

my name is Everett Cunningham I'm

1500

01:10:31,420 --> 01:10:30,290

calling from Fort Lauderdale hi there

1501

01:10:35,760 --> 01:10:31,430

how are you how you doing you got a

1502

01:10:42,700 --> 01:10:35,770

question for our guest tonight yeah

1503

01:10:44,440 --> 01:10:42,710

we'll go ahead okay my question is do

1504

01:10:48,580 --> 01:10:44,450

you know anything about the Jedi in the

1505

01:10:52,060 --> 01:10:48,590

force well the force is higher the first

1506

01:10:54,880 --> 01:10:52,070

level is higher that demons demons the

1507

01:10:57,670 --> 01:10:54,890

spirit world is fooling around with us

1508

01:11:00,460 --> 01:10:57,680

that's the best way to describe what the

1509

01:11:06,890 --> 01:11:00,470

way is when inhibits it's the spirit

1510

01:11:10,460 --> 01:11:06,900

world fooling around okay all right

1511

01:11:14,590 --> 01:11:10,470

well hey thank you for the call okay

1512

01:11:19,640 --> 01:11:17,180

yeah there's a you know a lot of people

1513

01:11:22,630 --> 01:11:19,650

going to have when something is so

1514

01:11:25,430 --> 01:11:22,640

unusual is this it's not unusual to have

1515

01:11:26,590 --> 01:11:25,440

you know different opinions you know

1516

01:11:29,870 --> 01:11:26,600

it's hard to explain

1517

01:11:33,890 --> 01:11:29,880

now one thing that I'll mention to your

1518

01:11:36,080 --> 01:11:33,900

audience a Martin is the SCU is going to

1519

01:11:38,990 --> 01:11:36,090

have a conference in the middle of March

1520

01:11:42,230 --> 01:11:39,000

and one of the things we'll do is we

1521

01:11:46,040 --> 01:11:42,240

will be talking about this case in

1522

01:11:48,950 --> 01:11:46,050

detail as well as several other cases

1523

01:11:54,080 --> 01:11:48,960

and we will have a university professor

1524

01:11:57,200 --> 01:11:54,090

a couple of guys from the Defense

1525

01:11:59,210 --> 01:11:57,210

Department who will talk wow we're in

1526

01:12:02,660 --> 01:11:59,220

it's gonna be ok this will be in

1527

01:12:05,810 --> 01:12:02,670

Huntsville Alabama that's where the red

1528

01:12:10,940 --> 01:12:05,820

rocket center is there's also a NASA

1529

01:12:14,180 --> 01:12:10,950

Space Center there it's it's a neat area

1530

01:12:20,090 --> 01:12:14,190

and if anyone was interested they could

1531

01:12:21,980 --> 01:12:20,100

go to explore SCU org and they could ask

1532

01:12:25,870 --> 01:12:21,990

for information on the conference it's

1533

01:12:29,060 --> 01:12:25,880

March 15th to 17th huntsville alabama

1534

01:12:31,450 --> 01:12:29,070

what the conference is really geared

1535

01:12:35,660 --> 01:12:31,460

towards people with science backgrounds

1536

01:12:37,970 --> 01:12:35,670

as well as or military backgrounds so

1537

01:12:40,370 --> 01:12:37,980

it's not really meant for the public

1538

01:12:41,930 --> 01:12:40,380

you know just it's not a general UFO

1539

01:12:44,200 --> 01:12:41,940

type conference yeah

1540

01:12:46,070 --> 01:12:44,210

but any of your late listeners who have

1541

01:12:48,710 --> 01:12:46,080

science backgrounds or key military

1542

01:12:54,710 --> 01:12:48,720

backgrounds that are interested if they

1543

01:12:57,440 --> 01:12:54,720

want to contact us explore SCU org well

1544

01:12:59,930 --> 01:12:57,450

you know we'll be glad to have them at

1545

01:13:01,490 --> 01:12:59,940

the conference that's great we have

1546

01:13:04,510 --> 01:13:01,500

another caller caller your first name

1547

01:13:07,640 --> 01:13:04,520

and where are you calling from

1548

01:13:08,420 --> 01:13:07,650

yeah my name is Chuck I'm in southern

1549

01:13:12,260 --> 01:13:08,430

Arizona

1550

01:13:17,630 --> 01:13:12,270

hi Chuck thanks for the call and you

1551

01:13:20,629 --> 01:13:17,640

have a question for our guest yes with

1552

01:13:22,879 --> 01:13:20,639

all of the data the radar data and

1553

01:13:27,070 --> 01:13:22,889

any other data the Navy may have

1554

01:13:32,500 --> 01:13:27,080

collected in regards to the Nimitz case

1555

01:13:38,149 --> 01:13:35,240

some of that information I know he said

1556

01:13:41,060 --> 01:13:38,159

it would be nice to get it into the

1557

01:13:44,050 --> 01:13:41,070

scientific community to you know try to

1558

01:13:47,270 --> 01:13:44,060

figure it out does he have any

1559

01:13:52,669 --> 01:13:47,280

information that the Navy may have

1560

01:13:54,399 --> 01:13:52,679

farmed this out to private think tanks

1561

01:13:57,979 --> 01:13:54,409

or whatever kind of similar to what

1562

01:14:00,439 --> 01:13:57,989

co-op Corso said because then once it

1563

01:14:04,580 --> 01:14:00,449

gets into the private sector section

1564

01:14:12,439 --> 01:14:04,590

it's not it's no longer purview to the

1565

01:14:15,439 --> 01:14:12,449

FOIA request hmm right okay so the yeah

1566

01:14:19,990 --> 01:14:15,449

so to that question it's very well

1567

01:14:23,240 --> 01:14:20,000

possible that the Navy has farmed it out

1568

01:14:31,820 --> 01:14:23,250

to a private organization there's no way

1569

01:14:36,709 --> 01:14:31,830

we have to know that the I just believe

1570

01:14:41,120 --> 01:14:36,719

that the the information is so critical

1571

01:14:42,740 --> 01:14:41,130

so unique that I think if if they made

1572

01:14:46,390 --> 01:14:42,750

it available to the entire scientific

1573

01:14:49,520 --> 01:14:46,400

community there might be someone who

1574

01:14:52,040 --> 01:14:49,530

might have a theory of it or have an

1575

01:14:53,930 --> 01:14:52,050

angle of looking at it that wasn't

1576

01:14:55,669 --> 01:14:53,940

available to that one private

1577

01:14:58,780 --> 01:14:55,679

organization or that maybe someone

1578

01:15:01,399 --> 01:14:58,790

didn't think of so I always believe that

1579

01:15:05,060 --> 01:15:01,409

the more the better in terms of

1580

01:15:07,790 --> 01:15:05,070

analyzing it now in terms of that data

1581

01:15:10,580 --> 01:15:07,800

I'm pretty sure the data exists I mean

1582

01:15:14,720 --> 01:15:10,590

one you could you could surmise that if

1583

01:15:17,830 --> 01:15:14,730

f-18s are sent to engage an object that

1584

01:15:22,459 --> 01:15:17,840

the information is not going to be

1585

01:15:25,669 --> 01:15:22,469

thrown away or deleted but additional to

1586

01:15:29,359 --> 01:15:25,679

that we've got you know three different

1587

01:15:33,729 --> 01:15:29,369

incidents of information that indicate

1588

01:15:37,660 --> 01:15:33,739

the data was taken one is when

1589

01:15:42,790 --> 01:15:37,670

commander flavor made a copy of the

1590

01:15:46,750 --> 01:15:42,800

videotape put it in a locker and then

1591

01:15:49,180 --> 01:15:46,760

came back and the tape was gone hmm

1592

01:15:50,470 --> 01:15:49,190

then we also have a the case with a

1593

01:15:54,820 --> 01:15:50,480

senior chief

1594

01:15:57,450 --> 01:15:54,830

the next morning went to review the all

1595

01:15:59,740 --> 01:15:57,460

the audio logs which is all your audio

1596

01:16:02,830 --> 01:15:59,750

communications within ship and between

1597

01:16:06,070 --> 01:16:02,840

ships that's all we recorded and that

1598

01:16:09,940 --> 01:16:06,080

was that was deleted that was gone which

1599

01:16:14,140 --> 01:16:09,950

is very unusual and lastly the fire

1600

01:16:17,110 --> 01:16:14,150

control operator who is in control of

1601

01:16:20,320 --> 01:16:17,120

all that data says within 24 hours of

1602

01:16:24,670 --> 01:16:20,330

the event a helicopter lands on the USS

1603

01:16:29,380 --> 01:16:24,680

Princeton and basically two gentlemen

1604

01:16:31,510 --> 01:16:29,390

not in uniform asked him to provide all

1605

01:16:36,729 --> 01:16:31,520

his data to them and to delete the data

1606

01:16:38,979 --> 01:16:36,739

that he has really yeah so those those

1607

01:16:41,860 --> 01:16:38,989

three incidents now yeah here's what's

1608

01:16:45,700 --> 01:16:41,870

really interesting and this was found by

1609

01:16:51,900 --> 01:16:45,710

a germinal named Robert Glenn he did

1610

01:16:55,090 --> 01:16:51,910

some research and this was on another

1611

01:16:57,370 --> 01:16:55,100

missile cruiser named the USS business

1612

01:16:59,100 --> 01:16:57,380

and I don't know if any of your

1613

01:17:02,260 --> 01:16:59,110

listeners know but back in the late

1614

01:17:03,370 --> 01:17:02,270

1980s one of our missile cruisers were

1615

01:17:06,330 --> 01:17:03,380

shot down

1616

01:17:13,360 --> 01:17:06,340

an Iranian commercial airliner

1617

01:17:18,790 --> 01:17:13,370

accidentally in the late 80s in that

1618

01:17:21,370 --> 01:17:18,800

incident within 24 hours a Navy

1619

01:17:23,830 --> 01:17:21,380

helicopter or someone's helicopter lands

1620

01:17:24,610 --> 01:17:23,840

and removes all the data from the USS

1621

01:17:27,310 --> 01:17:24,620

vicinity

1622

01:17:29,260 --> 01:17:27,320

and of course that data was later you

1623

01:17:32,020 --> 01:17:29,270

know analyzed by Congress because there

1624

01:17:33,700 --> 01:17:32,030

was a huge investigation but it does

1625

01:17:37,420 --> 01:17:33,710

establish that when something very

1626

01:17:41,919 --> 01:17:37,430

unusual happens they can come and

1627

01:17:45,959 --> 01:17:41,929

confiscate you know the information

1628

01:17:49,120 --> 01:17:45,969

all right truck any other question it's

1629

01:17:52,990 --> 01:17:49,130

well just not so much a question but a

1630

01:17:56,050 --> 01:17:53,000

comment that I thought this nimitz case

1631

01:18:00,669 --> 01:17:56,060

and which seems like we've got most of

1632

01:18:03,840 --> 01:18:00,679

the information on that and you know the

1633

01:18:07,450 --> 01:18:03,850

fact that they were seeing it on radar

1634

01:18:10,810 --> 01:18:07,460

several days I remember commander or

1635

01:18:16,290 --> 01:18:10,820

chief day saying that they were watching

1636

01:18:18,669 --> 01:18:16,300

these objects for several days and

1637

01:18:21,250 --> 01:18:18,679

commander favor and the other Navy

1638

01:18:23,169 --> 01:18:21,260

pilots were vectored over there because

1639

01:18:23,950 --> 01:18:23,179

they wanted me to get basically some

1640

01:18:25,570 --> 01:18:23,960

eyeballs

1641

01:18:27,790 --> 01:18:25,580

you know they had it on radar but they

1642

01:18:30,459 --> 01:18:27,800

wanted to get some eyeballs on it to see

1643

01:18:33,370 --> 01:18:30,469

it and their descriptions of the flight

1644

01:18:38,680 --> 01:18:33,380

behavior and no commander freighter said

1645

01:18:40,620 --> 01:18:38,690

you know has said that he saw no typical

1646

01:18:43,419 --> 01:18:40,630

propulsion

1647

01:18:47,070 --> 01:18:43,429

propellers jet engines rockets nothing

1648

01:18:53,439 --> 01:18:47,080

and but yet this thing was moving around

1649

01:18:57,340 --> 01:18:53,449

and that kind of technology is I think

1650

01:18:59,500 --> 01:18:57,350

it's light-years beyond anything that we

1651  
01:19:06,729 --> 01:18:59,510  
have or even like the skunk works and

1652  
01:19:09,570 --> 01:19:06,739  
like your guest mentioned the speeds and

1653  
01:19:14,500 --> 01:19:09,580  
everything else just pretty much apply

1654  
01:19:16,510 --> 01:19:14,510  
aeronautical physics and at least that

1655  
01:19:22,140 --> 01:19:16,520  
were worlds and I just don't think we've

1656  
01:19:24,939 --> 01:19:22,150  
got that kind of technology so it's be

1657  
01:19:26,860 --> 01:19:24,949  
interesting that you know it might

1658  
01:19:29,380 --> 01:19:26,870  
eventually come out what these things

1659  
01:19:32,680 --> 01:19:29,390  
are but extremely fascinating and my

1660  
01:19:35,740 --> 01:19:32,690  
opinion is there I think commander favor

1661  
01:19:40,090 --> 01:19:35,750  
even said that he believed that it was

1662  
01:19:42,939 --> 01:19:40,100  
something not of this earth and is still

1663  
01:19:45,130 --> 01:19:42,949

kind of comical comment about it you're

1664

01:19:47,709 --> 01:19:45,140

like the fly one sometime boy and I

1665

01:19:51,700 --> 01:19:47,719

appreciate your your time all right hey

1666

01:19:53,590 --> 01:19:51,710

thanks for the call you bet

1667

01:19:54,780 --> 01:19:53,600

all right we have another caller on the

1668

01:19:56,400 --> 01:19:54,790

line

1669

01:20:01,020 --> 01:19:56,410

color were your first name and where you

1670

01:20:03,450 --> 01:20:01,030

calling from my name is Richard I'm

1671

01:20:04,920 --> 01:20:03,460

calling from San Diego Oh San Diego

1672

01:20:06,240 --> 01:20:04,930

Richard welcome to the show you have a

1673

01:20:07,740 --> 01:20:06,250

question for our guest we have another

1674

01:20:09,780 --> 01:20:07,750

call coming in a lot of calls coming in

1675

01:20:11,370 --> 01:20:09,790

we can only take one call at a time to

1676

01:20:14,730 --> 01:20:11,380

let you know out there all right go

1677

01:20:18,480 --> 01:20:14,740

ahead I was just I was just curious what

1678

01:20:21,270 --> 01:20:18,490

the opinion of you guys is as to why the

1679

01:20:24,420 --> 01:20:21,280

fighter weapons school it taught in the

1680

01:20:26,750 --> 01:20:24,430

Air Force when a red flag don't take any

1681

01:20:30,150 --> 01:20:26,760

interest in this from the standpoint of

1682

01:20:32,370 --> 01:20:30,160

if they were created to make sure that

1683

01:20:36,270 --> 01:20:32,380

our fighter pilots aren't outmaneuvered

1684

01:20:38,490 --> 01:20:36,280

in the sky why is it that from the time

1685

01:20:43,380 --> 01:20:38,500

that flavor trapped after that incident

1686

01:20:45,570 --> 01:20:43,390

not one senior officer above his rank

1687

01:20:53,130 --> 01:20:45,580

ever come forward and asked him to talk

1688

01:20:57,150 --> 01:20:53,140

about to them interesting yeah that that

1689

01:21:01,050 --> 01:20:57,160

that's a good question and personally I

1690

01:21:04,260 --> 01:21:01,060

think it goes back to a term that guy by

1691

01:21:06,840 --> 01:21:04,270

the name of Billy Cox coined that I like

1692

01:21:09,630 --> 01:21:06,850

it's called the great taboo and that's

1693

01:21:12,480 --> 01:21:09,640

that just our society within our society

1694

01:21:16,710 --> 01:21:12,490

when this phenomenon began in the late

1695

01:21:21,240 --> 01:21:16,720

1940s it was considered seriously but

1696

01:21:25,380 --> 01:21:21,250

then once it reached a point where media

1697

01:21:28,350 --> 01:21:25,390

turned it into kind of a UH a joke right

1698

01:21:30,530 --> 01:21:28,360

little green men and little aliens

1699

01:21:33,900 --> 01:21:30,540

running around

1700

01:21:36,600 --> 01:21:33,910

it's almost ignored I mean I've I've had

1701

01:21:40,850 --> 01:21:36,610

a navy guy talked to me about cases

1702

01:21:44,160 --> 01:21:40,860

where they had they went to all quarters

1703

01:21:46,950 --> 01:21:44,170

on an incident with a flying disc and

1704

01:21:50,130 --> 01:21:46,960

then he asked the captain should I log

1705

01:21:53,580 --> 01:21:50,140

this and the captain's responses no I

1706

01:21:55,290 --> 01:21:53,590

want to make Admiral someday and I'm not

1707

01:21:57,360 --> 01:21:55,300

trying to say the military would say

1708

01:22:00,030 --> 01:21:57,370

you're not supposed to talk about it

1709

01:22:02,850 --> 01:22:00,040

it's not that at all it's just like

1710

01:22:07,590 --> 01:22:02,860

in civilian life if you go talk to your

1711

01:22:07,890 --> 01:22:07,600

friend in public not over coffee but you

1712

01:22:10,530 --> 01:22:07,900

stay

1713

01:22:14,610 --> 01:22:10,540

and you start to talk about UFOs you're

1714

01:22:17,880 --> 01:22:14,620

going to there's this taboo of oh this

1715

01:22:21,750 --> 01:22:17,890

is a crazy subject to talk about and I

1716

01:22:23,700 --> 01:22:21,760

think that same mindset exists in all

1717

01:22:26,580 --> 01:22:23,710

people whether they're in the military

1718

01:22:28,860 --> 01:22:26,590

or civilian life and so just like you

1719

01:22:31,170 --> 01:22:28,870

may have a senior officer and you may

1720

01:22:33,360 --> 01:22:31,180

have a another officer that thinks okay

1721

01:22:35,970 --> 01:22:33,370

we should check into this but as soon as

1722

01:22:38,610 --> 01:22:35,980

he bounces it off the first guy it's

1723

01:22:40,680 --> 01:22:38,620

like why are you talking about this

1724

01:22:41,280 --> 01:22:40,690

let's just forget it and get on with our

1725

01:22:45,690 --> 01:22:41,290

work

1726

01:22:47,820 --> 01:22:45,700

I mean commander framer kind of points

1727

01:22:50,940 --> 01:22:47,830

that out when he says after this have

1728

01:22:52,680 --> 01:22:50,950

been occurred he kind of put it to the

1729

01:22:55,020 --> 01:22:52,690

back of his mind for a long time because

1730

01:22:57,030 --> 01:22:55,030

they were getting ready to be deployed

1731

01:23:00,270 --> 01:22:57,040

to the Middle East and he had other

1732

01:23:03,510 --> 01:23:00,280

issues you know to worry about this was

1733

01:23:07,080 --> 01:23:03,520

not something he could control so off

1734

01:23:10,440 --> 01:23:07,090

against so I guess my point kind of is

1735

01:23:13,350 --> 01:23:10,450

the fact that if the military and their

1736

01:23:15,030 --> 01:23:13,360

elite pilots whose responsibility it is

1737

01:23:17,550 --> 01:23:15,040

to make sure our pilots aren't being

1738

01:23:19,710 --> 01:23:17,560

outmaneuvered aren't going to be

1739

01:23:21,960 --> 01:23:19,720

concerned to these vehicles to have air

1740

01:23:25,940 --> 01:23:21,970

supremacy over our planet without even

1741

01:23:30,090 --> 01:23:25,950

trying why doesn't the ufology community

1742

01:23:32,100 --> 01:23:30,100

try and escalate issue publicly because

1743

01:23:34,590 --> 01:23:32,110

I mean look how ridiculous we're going

1744

01:23:35,940 --> 01:23:34,600

to look someday if vehicles have air

1745

01:23:37,440 --> 01:23:35,950

supremacy over our planet and our

1746

01:23:39,840 --> 01:23:37,450

military wouldn't do anything about it

1747

01:23:43,200 --> 01:23:39,850

and the people just sit there and ignore

1748

01:23:46,940 --> 01:23:43,210

or - I mean extraterrestrials won't even

1749

01:23:49,410 --> 01:23:46,950

have to try we will literally hand it -

1750

01:23:52,080 --> 01:23:49,420

yeah that's I mean that's that's an

1751

01:23:54,540 --> 01:23:52,090

interesting topic that I could talk

1752

01:23:59,100 --> 01:23:54,550

about for almost an hour

1753

01:24:01,130 --> 01:23:59,110

I I think the technology is the other

1754

01:24:06,330 --> 01:24:01,140

caller mentioned is so far ahead of us

1755

01:24:08,550 --> 01:24:06,340

that there's really nothing that that we

1756

01:24:14,220 --> 01:24:08,560

could do to try to maintain air

1757

01:24:17,640 --> 01:24:14,230

superiority if if this you know if if

1758

01:24:20,430 --> 01:24:17,650

another intelligent species came to our

1759

01:24:21,419 --> 01:24:20,440

planet you know whether this is the

1760

01:24:24,959 --> 01:24:21,429

incident or it's

1761

01:24:27,359 --> 01:24:24,969

other incident any intelligence capable

1762

01:24:30,959 --> 01:24:27,369

of getting here is going to be orders of

1763

01:24:33,000 --> 01:24:30,969

magnitude more advanced than us and the

1764

01:24:37,729 --> 01:24:33,010

only thing we can do is just hope that

1765

01:24:42,359 --> 01:24:37,739

they are you know friendly and not

1766

01:24:44,850 --> 01:24:42,369

unfriendly I really don't think there's

1767

01:24:48,689 --> 01:24:44,860

anything we could do even if that was

1768

01:24:50,129 --> 01:24:48,699

you know even if we wanted to yeah

1769

01:24:52,589 --> 01:24:50,139

thanks for the call

1770

01:24:54,959 --> 01:24:52,599

a lot of good questions I did it yeah

1771

01:24:57,149 --> 01:24:54,969

great so we have a lot of people trying

1772

01:24:59,549 --> 01:24:57,159

to call in and which is good but I just

1773

01:25:00,779 --> 01:24:59,559

I just want to tell the caller people

1774

01:25:02,370 --> 01:25:00,789

that are interested in calling in a

1775

01:25:06,500 --> 01:25:02,380

couple things first of all make sure

1776

01:25:08,699 --> 01:25:06,510

that your the show is muted if you are

1777

01:25:10,859 --> 01:25:08,709

watching on your computer or whatever

1778

01:25:12,209 --> 01:25:10,869

and you're using your phone just make

1779

01:25:14,850 --> 01:25:12,219

sure you away from the sound so it

1780

01:25:18,419 --> 01:25:14,860

doesn't feedback I can only take one

1781

01:25:20,100 --> 01:25:18,429

call at a time so you can keep trying to

1782

01:25:21,750 --> 01:25:20,110

call in if you'd like and I'll add you

1783

01:25:22,770 --> 01:25:21,760

to the call when I can we have a new

1784

01:25:24,390 --> 01:25:22,780

caller on now

1785

01:25:28,589 --> 01:25:24,400

what's your first name and where you're

1786

01:25:31,020 --> 01:25:28,599

calling from my name is Andy and I'm a

1787

01:25:32,489 --> 01:25:31,030

southern Missouri hi Andy thank you for

1788

01:25:33,919 --> 01:25:32,499

calling you have a question for our

1789

01:25:39,120 --> 01:25:33,929

guests

1790

01:25:41,120 --> 01:25:39,130

yes at the point that kind of the scout

1791

01:25:44,549 --> 01:25:41,130

I'm coming of the scout I don't know

1792

01:25:45,149 --> 01:25:44,559

what it was but it's a clinic when it

1793

01:25:47,790 --> 01:25:45,159

left

1794

01:25:50,359 --> 01:25:47,800

Fraser's uh point of view kind of when

1795

01:25:52,529 --> 01:25:50,369

he says it it took off straight across

1796

01:25:55,589 --> 01:25:52,539

obviously they were you know they seen

1797

01:25:59,429 --> 01:25:55,599

the spot in the water do you guys think

1798

01:26:01,350 --> 01:25:59,439

that was a UFO in the water and if so do

1799

01:26:04,709 --> 01:26:01,360

you think that we're going to get more

1800

01:26:06,479 --> 01:26:04,719

information on that because I can't see

1801  
01:26:09,600 --> 01:26:06,489  
them just leaving that spot in the water

1802  
01:26:13,140 --> 01:26:09,610  
if they had no hopes of chasing that

1803  
01:26:15,390 --> 01:26:13,150  
Scout thing you know what I mean yeah I

1804  
01:26:18,899 --> 01:26:15,400  
understand I understand your question

1805  
01:26:21,839 --> 01:26:18,909  
Andy we have so little information on

1806  
01:26:24,569 --> 01:26:21,849  
what the object was in the water that

1807  
01:26:28,739 --> 01:26:24,579  
there's you know there's not much I

1808  
01:26:32,189 --> 01:26:28,749  
could do even speculating on that so you

1809  
01:26:34,950 --> 01:26:32,199  
think we might get information or videos

1810  
01:26:37,470 --> 01:26:34,960  
of that later

1811  
01:26:39,870 --> 01:26:37,480  
I mean I get that kind of harder right I

1812  
01:26:41,940 --> 01:26:39,880  
mean I I don't think so I don't even

1813  
01:26:44,610 --> 01:26:41,950

know that the Navy has any additional

1814

01:26:47,130 --> 01:26:44,620

information on the object and the water

1815

01:26:50,330 --> 01:26:47,140

beyond what the pilot saw didn't that

1816

01:26:56,150 --> 01:26:50,340

disappear after he went circled around -

1817

01:26:59,880 --> 01:26:56,160

yes after after the tic-tac took off

1818

01:27:01,740 --> 01:26:59,890

both pilots they went back to where the

1819

01:27:04,580 --> 01:27:01,750

object was in water to see if it was

1820

01:27:07,740 --> 01:27:04,590

still there and the water was you know

1821

01:27:11,100 --> 01:27:07,750

fine again so the object whatever was in

1822

01:27:14,010 --> 01:27:11,110

the block in the water was gone so yeah

1823

01:27:17,580 --> 01:27:14,020

there's nothing else they could do then

1824

01:27:19,950 --> 01:27:17,590

so they headed back to the Nimitz oh I

1825

01:27:23,520 --> 01:27:19,960

did not know that thank you anything

1826  
01:27:26,490 --> 01:27:23,530  
else handy yeah all right okay thank you

1827  
01:27:28,380 --> 01:27:26,500  
thank you all right so as I said before

1828  
01:27:30,150 --> 01:27:28,390  
the line was ringing off the hook

1829  
01:27:31,950 --> 01:27:30,160  
um I know there's a lot of people trying

1830  
01:27:34,740 --> 01:27:31,960  
to get in if anything it's open now for

1831  
01:27:38,880 --> 01:27:34,750  
anyone would like to would like to try I

1832  
01:27:42,210 --> 01:27:38,890  
don't know if you are you want to head

1833  
01:27:43,800 --> 01:27:42,220  
on to other topics it seems like we

1834  
01:27:46,590 --> 01:27:43,810  
could talk about this certainly for the

1835  
01:27:48,780 --> 01:27:46,600  
whole entire show just because it's so

1836  
01:27:52,320 --> 01:27:48,790  
interesting one thing that I was

1837  
01:27:56,520 --> 01:27:52,330  
thinking of though is that it it almost

1838  
01:27:58,890 --> 01:27:56,530

stands to reason with such an incredible

1839

01:28:01,770 --> 01:27:58,900

sighting with such credible witnesses

1840

01:28:04,440 --> 01:28:01,780

that they would have taken more interest

1841

01:28:06,030 --> 01:28:04,450

in you know keep trying to rendezvous

1842

01:28:09,150 --> 01:28:06,040

with when they would see these things

1843

01:28:10,590 --> 01:28:09,160

showing up on on radar and try to get

1844

01:28:13,380 --> 01:28:10,600

more information on what's the heck they

1845

01:28:16,140 --> 01:28:13,390

were good you know that's the same thing

1846

01:28:19,020 --> 01:28:16,150

I would think Martin and of course I

1847

01:28:21,690 --> 01:28:19,030

don't know truly because I'm not pretty

1848

01:28:24,570 --> 01:28:21,700

- what all the Navy or the military has

1849

01:28:27,570 --> 01:28:24,580

done or has not done but the only thing

1850

01:28:29,660 --> 01:28:27,580

I can say is that we do know right there

1851  
01:28:32,550 --> 01:28:29,670  
was a similar incident that happened in

1852  
01:28:35,330 --> 01:28:32,560  
2015 it looks like you've got another

1853  
01:28:42,030 --> 01:28:35,340  
call or you can call and stop in you

1854  
01:28:42,780 --> 01:28:42,040  
know okay so yes caller your first name

1855  
01:28:47,040 --> 01:28:42,790  
where you coming from

1856  
01:28:48,919 --> 01:28:47,050  
oh my name is Quinton and I'm calling

1857  
01:28:51,799 --> 01:28:48,929  
from Hampton Virginia

1858  
01:28:54,229 --> 01:28:51,809  
hi Quentin we also fight other color I

1859  
01:28:55,609 --> 01:28:54,239  
just joined as well I will be back

1860  
01:28:59,959 --> 01:28:55,619  
Quentin what's your question for our

1861  
01:29:02,359 --> 01:28:59,969  
guest tonight Oh short time I just

1862  
01:29:05,029 --> 01:29:02,369  
thought looking at this podcast probably

1863  
01:29:07,580 --> 01:29:05,039

the last now I'm not sure what I was

1864

01:29:10,129 --> 01:29:07,590

seeing ha mr. Powell but I think I just

1865

01:29:11,600 --> 01:29:10,139

wanted to get it and take on three quick

1866

01:29:13,760 --> 01:29:11,610

questions because they don't think on

1867

01:29:18,680 --> 01:29:13,770

the answer oh uh what do you think of

1868

01:29:22,220 --> 01:29:18,690

Bob Lazar oh you know he can name three

1869

01:29:24,680 --> 01:29:22,230

interesting cases that he he you know

1870

01:29:28,370 --> 01:29:24,690

investigated Horner or he know about and

1871

01:29:30,140 --> 01:29:28,380

see how they have all you know what he

1872

01:29:33,770 --> 01:29:30,150

thinks of the UH three of his best cases

1873

01:29:35,540 --> 01:29:33,780

and you know our tribals won't render

1874

01:29:37,399 --> 01:29:35,550

some force and better than Bonnie here

1875

01:29:39,799 --> 01:29:37,409

if you could just touch O'Neill that's

1876

01:29:42,410 --> 01:29:39,809

quite a bit to cover and we have someone

1877

01:29:45,770 --> 01:29:42,420

else I went to why don't you take one of

1878

01:29:49,729 --> 01:29:45,780

those you want to throw what do you

1879

01:29:52,010 --> 01:29:49,739

think of what he think of all bob lazar

1880

01:29:53,870 --> 01:29:52,020

and if he can touch going to bed and

1881

01:29:55,430 --> 01:29:53,880

Bonnie you face all that all right

1882

01:29:57,049 --> 01:29:55,440

sounds good thanks for the call and just

1883

01:30:04,970 --> 01:29:57,059

you can just listen right off the air if

1884

01:30:08,299 --> 01:30:04,980

you would okay okay only I'll answer

1885

01:30:11,000 --> 01:30:08,309

those quickly Martin bob lazar he has

1886

01:30:16,069 --> 01:30:11,010

never said anything that piqued my

1887

01:30:19,010 --> 01:30:16,079

interest is my comment there in in terms

1888

01:30:22,010 --> 01:30:19,020

of three interesting cases I would say

1889

01:30:26,959 --> 01:30:22,020

I'll get forward the Stephenville case

1890

01:30:31,450 --> 01:30:26,969

of the year 2008 are we okay 2013 the

1891

01:30:38,959 --> 01:30:31,460

current Nimitz case and then the in 1957

1892

01:30:41,359 --> 01:30:38,969

the are b-47 case as as far as Betty and

1893

01:30:47,020 --> 01:30:41,369

Barney Hill I mean that was the first

1894

01:30:49,850 --> 01:30:47,030

famous case that involved abductions and

1895

01:30:52,640 --> 01:30:49,860

my backgrounds got a hard science I'm

1896

01:30:56,779 --> 01:30:52,650

not a psychologist or a sociologist so I

1897

01:31:00,319 --> 01:30:56,789

I just I may have my own personal

1898

01:31:01,569 --> 01:31:00,329

theories on that topic but I've got

1899

01:31:05,799 --> 01:31:01,579

plenty to do on

1900

01:31:09,339 --> 01:31:05,809

the other parts of the UFO phenomenon so

1901

01:31:14,739 --> 01:31:09,349

I avoid the abduction subject okay I

1902

01:31:16,270 --> 01:31:14,749

know you did it you know all later or so

1903

01:31:17,709 --> 01:31:16,280

I said earlier when the phenomena

1904

01:31:19,419 --> 01:31:17,719

started and you just look back at the

1905

01:31:21,549 --> 01:31:19,429

history of that and you know you and

1906

01:31:23,290 --> 01:31:21,559

because that's more or less what I'm you

1907

01:31:26,409 --> 01:31:23,300

know there are some of the cases like

1908

01:31:27,759 --> 01:31:26,419

that that I'm really interested in but

1909

01:31:31,089 --> 01:31:27,769

look I appreciate I appreciate you

1910

01:31:33,699 --> 01:31:31,099

answered my call yes you're welcome love

1911

01:31:34,119 --> 01:31:33,709

it thank you oh thank you have a nice

1912

01:31:39,989 --> 01:31:34,129

evening

1913

01:31:42,459 --> 01:31:39,999

all right I tried to catch a call from

1914

01:31:45,879 --> 01:31:42,469

from someone very interesting I'd like

1915

01:31:49,449 --> 01:31:45,889

for them to call back and maybe I will

1916

01:31:51,699 --> 01:31:49,459

try to call them I don't know if I can

1917

01:31:53,319 --> 01:31:51,709

do that easily here well you're trying

1918

01:31:55,179 --> 01:31:53,329

that Martin I could answer the question

1919

01:31:58,689 --> 01:31:55,189

you'd brought up right before Quentin

1920

01:32:01,329 --> 01:31:58,699

came on and and that was you know why

1921

01:32:03,699 --> 01:32:01,339

wouldn't the military get very

1922

01:32:06,040 --> 01:32:03,709

interested in all of this and I was

1923

01:32:07,719 --> 01:32:06,050

saying there was a a similar case that

1924

01:32:12,569 --> 01:32:07,729

happened in the Year 2015

1925

01:32:18,599 --> 01:32:12,579

right it's called the gimbal case yes

1926

01:32:22,929 --> 01:32:18,609

and and basically same thing happened

1927

01:32:29,169 --> 01:32:26,709

same same thing happened and as far as I

1928

01:32:31,810 --> 01:32:29,179

can tell we were no more prepared for

1929

01:32:34,329 --> 01:32:31,820

that incident as we were the first

1930

01:32:37,149 --> 01:32:34,339

incident Wow

1931

01:32:40,689 --> 01:32:37,159

so there's no no lessons learned so to

1932

01:32:44,319 --> 01:32:40,699

speak not that I'm aware of that doesn't

1933

01:32:46,270 --> 01:32:44,329

mean that you know maybe I mean I would

1934

01:32:48,909 --> 01:32:46,280

hope that there have been some lessons

1935

01:32:52,929 --> 01:32:48,919

learned but I you know if they are

1936

01:32:58,479 --> 01:32:52,939

they're not visible you know to anyone

1937

01:33:01,779 --> 01:32:58,489

in the public that it just seems that it

1938

01:33:03,939 --> 01:33:01,789

seems up I would say irresponsible this

1939

01:33:07,329 --> 01:33:03,949

is the best way I could put that you

1940

01:33:08,679 --> 01:33:07,339

know it just doesn't seem you know when

1941

01:33:09,939 --> 01:33:08,689

something like that happens you just

1942

01:33:14,439 --> 01:33:09,949

think that that it would be such a

1943

01:33:15,640 --> 01:33:14,449

lesson learned you know well I mean it

1944

01:33:18,430 --> 01:33:15,650

really goes back to

1945

01:33:20,740 --> 01:33:18,440

to 1970 when the Air Force decided to

1946

01:33:23,440 --> 01:33:20,750

get out of the investigation of UFOs at

1947

01:33:26,560 --> 01:33:23,450

least publicly and their basic argument

1948

01:33:29,380 --> 01:33:26,570

was we have no evidence these pose a

1949

01:33:33,880 --> 01:33:29,390

risk to national security number one and

1950

01:33:35,560 --> 01:33:33,890

number two you know there was no

1951

01:33:37,810 --> 01:33:35,570

evidence that they could you know what

1952

01:33:40,650 --> 01:33:37,820

no hard evidence evidence if they could

1953

01:33:44,140 --> 01:33:40,660

establish the phenomenon was real right

1954

01:33:48,430 --> 01:33:44,150

mmm okay and so that so they dropped out

1955

01:33:50,620 --> 01:33:48,440

of the least the public investigation of

1956

01:33:53,440 --> 01:33:50,630

the UFOs although we know they continued

1957

01:33:57,100 --> 01:33:53,450

investigating yeah yeah that's right

1958

01:33:59,770 --> 01:33:57,110

it makes me wonder to what's you know

1959

01:34:02,320 --> 01:33:59,780

are they investigating now you know it's

1960

01:34:05,110 --> 01:34:02,330

pretty interesting you know my view is

1961

01:34:07,060 --> 01:34:05,120

pretty much they've got so many of their

1962

01:34:09,280 --> 01:34:07,070

own problems right problems with Russia

1963

01:34:11,170 --> 01:34:09,290

problems with China problems with

1964

01:34:13,770 --> 01:34:11,180

getting you know their next defense

1965

01:34:16,320 --> 01:34:13,780

budget in all these kind of things that

1966

01:34:20,740 --> 01:34:16,330

they don't they don't want a problem

1967

01:34:23,020 --> 01:34:20,750

that they can't solve all right so why

1968

01:34:24,930 --> 01:34:23,030

deal with this especially if they don't

1969

01:34:29,350 --> 01:34:24,940

believe it's a national security

1970

01:34:31,660 --> 01:34:29,360

incident issue but my view is if you've

1971

01:34:34,870 --> 01:34:31,670

got two of these cases that have

1972

01:34:36,850 --> 01:34:34,880

happened right one in 2004 one and 2015

1973

01:34:40,350 --> 01:34:36,860

Anders I would bet there have been

1974

01:34:43,960 --> 01:34:40,360

others that we're not aware of exactly

1975

01:34:48,970 --> 01:34:43,970

you have to wonder I mean what if that's

1976

01:34:51,670 --> 01:34:48,980

just a a man as that of probing your

1977

01:34:54,520 --> 01:34:51,680

capabilities and that's always a

1978

01:34:58,150 --> 01:34:54,530

possibility mm-hmm that you have to you

1979

01:34:59,770 --> 01:34:58,160

know take into account right right okay

1980

01:35:02,410 --> 01:34:59,780

I'm just trying to add this call nothing

1981

01:35:08,430 --> 01:35:02,420

seems to be happening all right well

1982

01:35:13,180 --> 01:35:11,320

we mentioned earlier in the very first

1983

01:35:15,210 --> 01:35:13,190

part of the show that you are you've

1984

01:35:20,950 --> 01:35:15,220

looked a little bit into the topic of

1985

01:35:23,020 --> 01:35:20,960

triangle UFOs is is that right and what

1986

01:35:25,300 --> 01:35:23,030

are your thoughts on on a lot of people

1987

01:35:27,940 --> 01:35:25,310

say they're military you know secret

1988

01:35:29,050 --> 01:35:27,950

military right here the most I think so

1989

01:35:32,860 --> 01:35:29,060

I've kind

1990

01:35:34,480 --> 01:35:32,870

started a little if I don't look you can

1991

01:35:39,150 --> 01:35:34,490

say you have a blog when it's on

1992

01:35:41,980 --> 01:35:39,160

Facebook but the seu has a facebook site

1993

01:35:46,860 --> 01:35:41,990

that's open to the public anyone can go

1994

01:35:50,170 --> 01:35:46,870

to it basically if they google the seu

1995

01:35:53,250 --> 01:35:50,180

our scientific Coalition for youth ology

1996

01:35:57,040 --> 01:35:53,260

mm-hmm they can find the Facebook site

1997

01:36:01,390 --> 01:35:57,050

so the recent triangles are interesting

1998

01:36:03,610 --> 01:36:01,400

to me is the UFO phenomenon began in the

1999

01:36:06,910 --> 01:36:03,620

late 40s right right and it was always

2000

01:36:09,670 --> 01:36:06,920

the flying saucer or the disc right and

2001

01:36:12,160 --> 01:36:09,680

then and no one really talked about

2002

01:36:15,340 --> 01:36:12,170

triangles much there were a few reports

2003

01:36:18,160 --> 01:36:15,350

of triangles that happened in the 1950s

2004

01:36:18,970 --> 01:36:18,170

not many just a few and a few earlier

2005

01:36:20,830 --> 01:36:18,980

actually too

2006

01:36:25,330 --> 01:36:20,840

yeah yeah and there may have been you

2007

01:36:27,700 --> 01:36:25,340

know a few even earlier but Robert tooth

2008

01:36:31,030 --> 01:36:27,710

I'm sorry to body but the call I was

2009

01:36:32,920 --> 01:36:31,040

hoping to get as in now and no Gandharan

2010

01:36:34,770 --> 01:36:32,930

if we can pick up triangles right where

2011

01:36:39,250 --> 01:36:34,780

you left off sure we're talking about

2012

01:36:43,180 --> 01:36:39,260

1950s and prior and then so welcome to

2013

01:36:46,870 --> 01:36:43,190

the show caller oh hello hello

2014

01:36:49,330 --> 01:36:46,880

we got race Stanford on the line yes how

2015

01:36:51,910 --> 01:36:49,340

you doing ray good to talk to you pretty

2016

01:36:53,380 --> 01:36:51,920

good hey Robert I really enjoying your

2017

01:36:54,400 --> 01:36:53,390

interview tonight and all the

2018

01:36:56,350 --> 01:36:54,410

information you're sharing with us

2019

01:36:58,720 --> 01:36:56,360

appreciate your spirit and objectivity

2020

01:37:01,420 --> 01:36:58,730

about this I just wanted to share with

2021

01:37:02,680 --> 01:37:01,430

you briefly here something that happened

2022

01:37:05,260 --> 01:37:02,690

that I think will have some meaning

2023

01:37:08,260 --> 01:37:05,270

relationship to the carrier cases you've

2024

01:37:10,810 --> 01:37:08,270

been talking about back in nineteen in

2025

01:37:13,090 --> 01:37:10,820

the late sixties in 1967-68

2026

01:37:16,720 --> 01:37:13,100

I was living in Corpus Christi Texas and

2027

01:37:19,120 --> 01:37:16,730

I encountered a newsman the name of

2028

01:37:22,660 --> 01:37:19,130

Charlie Schleifer he was with I believe

2029

01:37:25,660 --> 01:37:22,670

radio station ke-eyes in Corpus Christi

2030

01:37:28,150 --> 01:37:25,670

and there had been an invitation from

2031

01:37:31,270 --> 01:37:28,160

the US Navy for people in the media that

2032

01:37:34,990 --> 01:37:31,280

might like to tour the carrier out in

2033

01:37:36,730 --> 01:37:35,000

the Gulf of Mexico the Lexington to meet

2034

01:37:38,980 --> 01:37:36,740

at na s Corpus Christi and they would be

2035

01:37:42,760 --> 01:37:38,990

taken flown out there and could tour the

2036

01:37:45,360 --> 01:37:42,770

the the ship so Charlie

2037

01:37:47,890 --> 01:37:45,370

showed up earlier than anybody else and

2038

01:37:50,080 --> 01:37:47,900

they said we'll go ahead and fly you out

2039

01:37:53,260 --> 01:37:50,090

there so he was flown out to the carrier

2040

01:37:59,260 --> 01:37:56,770

the captain came out on the deck and

2041

01:38:01,510 --> 01:37:59,270

they were talking and nobody else was

2042

01:38:05,020 --> 01:38:01,520

around the media were not around it was

2043

01:38:08,230 --> 01:38:05,030

just Charlie and and then the captain

2044

01:38:09,880 --> 01:38:08,240

and Charlie said look yeah yes I'm with

2045

01:38:12,100 --> 01:38:09,890

the media but I'd like to ask you

2046

01:38:14,650 --> 01:38:12,110

something just privately it's not going

2047

01:38:17,020 --> 01:38:14,660

on the air but my radio station this is

2048

01:38:19,270 --> 01:38:17,030

purely out of my personal interest he

2049

01:38:21,790 --> 01:38:19,280

said sir you you're in contact with all

2050

01:38:22,180 --> 01:38:21,800

these aircraft that fly onto and off of

2051  
01:38:24,730 --> 01:38:22,190  
here

2052  
01:38:26,440 --> 01:38:24,740  
and I said I'm wondering about something

2053  
01:38:30,100 --> 01:38:26,450  
else that sometimes report in the air

2054  
01:38:33,010 --> 01:38:30,110  
that is UFOs he said I just can you tell

2055  
01:38:34,450 --> 01:38:33,020  
me confidentially what do you think

2056  
01:38:36,550 --> 01:38:34,460  
these things might be do you know

2057  
01:38:39,190 --> 01:38:36,560  
anything you can tell me about them do

2058  
01:38:41,650 --> 01:38:39,200  
you have an opinion and he said well let

2059  
01:38:45,580 --> 01:38:41,660  
me tell you this and and surely in

2060  
01:38:48,340 --> 01:38:45,590  
confidence said last week I was down

2061  
01:38:51,370 --> 01:38:48,350  
under the deck and I began to be

2062  
01:38:52,810 --> 01:38:51,380  
notified rather frantically that they

2063  
01:38:54,930 --> 01:38:52,820

were quite excited about something that

2064

01:38:58,960 --> 01:38:54,940

had been seen from out on the deck and

2065

01:39:01,150 --> 01:38:58,970

he said what I was told was that they

2066

01:39:03,580 --> 01:39:01,160

had seen six strange objects at

2067

01:39:05,950 --> 01:39:03,590

incredible speed come across the sky and

2068

01:39:10,390 --> 01:39:05,960

then dive almost straight down into the

2069

01:39:12,460 --> 01:39:10,400

Gulf of Mexico water and he said so of

2070

01:39:14,710 --> 01:39:12,470

course I got out on the deck as quickly

2071

01:39:16,360 --> 01:39:14,720

as I could and we're standing out there

2072

01:39:17,530 --> 01:39:16,370

talking about and everybody's chattering

2073

01:39:20,590 --> 01:39:17,540

about what they saw

2074

01:39:23,650 --> 01:39:20,600

and he said lo and behold out of the

2075

01:39:26,350 --> 01:39:23,660

water well I was standing there six

2076

01:39:29,310 --> 01:39:26,360

objects came out of the water at high

2077

01:39:32,860 --> 01:39:29,320

speed and shot into the sky at

2078

01:39:36,430 --> 01:39:32,870

unbelievable speed and he said so mr.

2079

01:39:38,380 --> 01:39:36,440

sniper I'm not going to tell you what I

2080

01:39:41,440 --> 01:39:38,390

think about these things I'll let you

2081

01:39:42,220 --> 01:39:41,450

make up your own mind in the context of

2082

01:39:44,110 --> 01:39:42,230

what I told you

2083

01:39:48,370 --> 01:39:44,120

so anyway I thought you might enjoy that

2084

01:39:50,050 --> 01:39:48,380

one Robert thanks thanks ray it's always

2085

01:39:52,390 --> 01:39:50,060

it's always a pleasure talking to you

2086

01:39:54,340 --> 01:39:52,400

and hearing some of the experience

2087

01:39:55,910 --> 01:39:54,350

you've had over the several decades

2088

01:39:58,040 --> 01:39:55,920

you've researched this topic

2089

01:40:03,080 --> 01:39:58,050

that's a two-button my pleasure yeah

2090

01:40:09,910 --> 01:40:03,090

uh-huh I said that I'm you got both you

2091

01:40:12,860 --> 01:40:09,920

get both the craft and the that's us oh

2092

01:40:13,880 --> 01:40:12,870

yes it is not a want to take you more

2093

01:40:15,350 --> 01:40:13,890

time because I know there are other

2094

01:40:18,020 --> 01:40:15,360

people who want to come and I just

2095

01:40:19,190 --> 01:40:18,030

wanted to relay that to you and I thanks

2096

01:40:21,290 --> 01:40:19,200

for that the pleasure and the

2097

01:40:23,540 --> 01:40:21,300

opportunity to do so have a good night

2098

01:40:27,890 --> 01:40:23,550

this is the calm ring talk to you talk

2099

01:40:31,460 --> 01:40:27,900

to you soon always like ray calling in

2100

01:40:33,380 --> 01:40:31,470

it's great so we were talking you were

2101  
01:40:35,590 --> 01:40:33,390  
talking about the triangles saying that

2102  
01:40:37,460 --> 01:40:35,600  
you know starting back in the 1950s and

2103  
01:40:39,620 --> 01:40:37,470  
you know a lot of people were talking

2104  
01:40:40,850 --> 01:40:39,630  
first the discs and I've always wondered

2105  
01:40:42,920 --> 01:40:40,860  
you know it's almost like they come out

2106  
01:40:46,070 --> 01:40:42,930  
with a new model the triangle right

2107  
01:40:49,240 --> 01:40:46,080  
exactly yeah well but the thing is okay

2108  
01:40:52,430 --> 01:40:49,250  
let's say you make the assumption that

2109  
01:40:54,740 --> 01:40:52,440  
the phenomenon is totally in people's

2110  
01:40:58,010 --> 01:40:54,750  
imagination right that it's that it's

2111  
01:41:00,080 --> 01:40:58,020  
not real okay so if that's the case and

2112  
01:41:04,700 --> 01:41:00,090  
you know you have all these reports of

2113  
01:41:08,330 --> 01:41:04,710

flying discs in flying saucers

2114

01:41:11,600 --> 01:41:08,340

what causes suddenly people to see

2115

01:41:15,200 --> 01:41:11,610

triangles right I mean if it's totally

2116

01:41:17,900 --> 01:41:15,210

your imagination you should be saying a

2117

01:41:20,600 --> 01:41:17,910

disc just like the last guy said so

2118

01:41:23,360 --> 01:41:20,610

something must have to cause triangles

2119

01:41:25,700 --> 01:41:23,370

to show up right and like you mentioned

2120

01:41:28,070 --> 01:41:25,710

Martin I mean there's some way back in

2121

01:41:33,140 --> 01:41:28,080

history where it was a triangular object

2122

01:41:35,480 --> 01:41:33,150

but if you just look at you know looking

2123

01:41:37,520 --> 01:41:35,490

for a significant percentage of reports

2124

01:41:39,680 --> 01:41:37,530

that are triangles you know like one

2125

01:41:41,480 --> 01:41:39,690

percent of your reports or more that

2126

01:41:45,980 --> 01:41:41,490

doesn't happen until you get into the

2127

01:41:48,980 --> 01:41:45,990

1970s so one of the arguments course is

2128

01:41:51,530 --> 01:41:48,990

that oh well that must be you know the

2129

01:41:55,520 --> 01:41:51,540

b-2 bomber under development right or

2130

01:41:58,610 --> 01:41:55,530

the the what what's the other one the

2131

01:42:02,900 --> 01:41:58,620

f-117 which was a fighter triangular

2132

01:42:05,440 --> 01:42:02,910

combat aircraft but so what we've done

2133

01:42:09,240 --> 01:42:05,450

is like I've looked at the just the raw

2134

01:42:11,640 --> 01:42:09,250

data right the reports that come in

2135

01:42:14,820 --> 01:42:11,650

the information that we have on those

2136

01:42:18,480 --> 01:42:14,830

aircraft so in the case for example the

2137

01:42:20,670 --> 01:42:18,490

the b-2 bomber it was developed in first

2138

01:42:22,440 --> 01:42:20,680

flown at Whiteman Air Force bases where

2139

01:42:25,770 --> 01:42:22,450

it first was which is in Missouri in

2140

01:42:27,750 --> 01:42:25,780

their military operating area there is a

2141

01:42:30,900 --> 01:42:27,760

large one but it's in the Missouri

2142

01:42:34,650 --> 01:42:30,910

Kansas Arkansas area so if they're going

2143

01:42:37,080 --> 01:42:34,660

to fly the b2 before you know people

2144

01:42:39,840 --> 01:42:37,090

officially quote know about it that's

2145

01:42:42,840 --> 01:42:39,850

where they're gonna fly it they're not

2146

01:42:47,670 --> 01:42:42,850

going to fly it in civilian areas same

2147

01:42:50,070 --> 01:42:47,680

thing for the f-117 so what I looked at

2148

01:42:52,890 --> 01:42:50,080

is during the 70s you know the late

2149

01:42:55,740 --> 01:42:52,900

seventies early eighties because these

2150

01:42:58,830 --> 01:42:55,750

products these aircraft were released in

2151  
01:43:03,930 --> 01:42:58,840  
the early eighties and developed in the

2152  
01:43:07,950 --> 01:43:03,940  
late mid to late 70s well do we have

2153  
01:43:09,990 --> 01:43:07,960  
more UFO reports in the military

2154  
01:43:11,550 --> 01:43:10,000  
operating area of the b2 that's what you

2155  
01:43:14,010 --> 01:43:11,560  
would expect right that's where you

2156  
01:43:16,290 --> 01:43:14,020  
would expect that's where the bulk of

2157  
01:43:17,150 --> 01:43:16,300  
your reports come from well when you

2158  
01:43:21,060 --> 01:43:17,160  
look at it

2159  
01:43:24,570 --> 01:43:21,070  
that's not the case at all I looked at

2160  
01:43:27,000 --> 01:43:24,580  
the numbers and there's more reports in

2161  
01:43:30,240 --> 01:43:27,010  
the Connecticut New Hampshire Maine

2162  
01:43:34,380 --> 01:43:30,250  
Vermont area which has like half the

2163  
01:43:36,390 --> 01:43:34,390

population and probably a quarter the

2164

01:43:38,970 --> 01:43:36,400

geographic area there's many more

2165

01:43:42,240 --> 01:43:38,980

reports during the 70's in that area

2166

01:43:46,410 --> 01:43:42,250

than there are in the area of Missouri

2167

01:43:51,470 --> 01:43:46,420

Kansas Arkansas so that that that argues

2168

01:43:55,410 --> 01:43:51,480

against you know the triangle reports

2169

01:43:58,080 --> 01:43:55,420

commencing with the development of a

2170

01:44:01,250 --> 01:43:58,090

military aircraft and then of course

2171

01:44:04,650 --> 01:44:01,260

when you look at some of the

2172

01:44:08,070 --> 01:44:04,660

characteristics they don't match up such

2173

01:44:11,070 --> 01:44:08,080

as a large triangular object that can

2174

01:44:15,480 --> 01:44:11,080

basically just sit still right I mean

2175

01:44:20,430 --> 01:44:15,490

short of a blimp which is just a balloon

2176

01:44:22,669 --> 01:44:20,440

we don't we can't make a large aircraft

2177

01:44:26,930 --> 01:44:22,679

of any type just sit still

2178

01:44:31,640 --> 01:44:26,940

unless you have something like you know

2179

01:44:34,310 --> 01:44:31,650

the f-35 or f-22 where you use a ton

2180

01:44:36,800 --> 01:44:34,320

of fuel right to keep it in a vertical

2181

01:44:41,870 --> 01:44:36,810

position for it and it makes a huge

2182

01:44:44,229 --> 01:44:41,880

amount of noise we can't just let we

2183

01:44:49,760 --> 01:44:44,239

can't have a huge aircraft just slowly

2184

01:44:53,899 --> 01:44:49,770

you know drift by I it's just not in our

2185

01:44:56,379 --> 01:44:53,909

capabilities so that that's what I look

2186

01:44:59,149 --> 01:44:56,389

at that it makes them think okay there's

2187

01:45:01,129 --> 01:44:59,159

there's more than just people imagining

2188

01:45:03,470 --> 01:45:01,139

things right when you have this kind of

2189

01:45:06,350 --> 01:45:03,480

shift and you know why we have this

2190

01:45:09,859 --> 01:45:06,360

shift I don't know I mean the disc did

2191

01:45:14,030 --> 01:45:09,869

not go away but the triangle definitely

2192

01:45:16,280 --> 01:45:14,040

came into play and then if you really

2193

01:45:19,959 --> 01:45:16,290

want to throw one on top of that you've

2194

01:45:22,970 --> 01:45:19,969

got the barbell I mean who would report

2195

01:45:28,520 --> 01:45:22,980

that you got an object flying in the sky

2196

01:45:31,399 --> 01:45:28,530

that looks like a barbell yep I have

2197

01:45:35,359 --> 01:45:31,409

there I know I've categorized 40 reports

2198

01:45:37,820 --> 01:45:35,369

of barbells I know of one and I think

2199

01:45:39,439 --> 01:45:37,830

was Canada right is there well yeah

2200

01:45:41,479 --> 01:45:39,449

that's the one that got me interested in

2201

01:45:44,419 --> 01:45:41,489

our belts right that's such a bizarre

2202

01:45:45,859 --> 01:45:44,429

thing that that's a very you know when

2203

01:45:49,280 --> 01:45:45,869

the guy asked what are some really good

2204

01:45:54,229 --> 01:45:49,290

cases that's one right there then that

2205

01:45:55,910 --> 01:45:54,239

was reported by a guy who has an R&D

2206

01:45:58,430 --> 01:45:55,920

centre and has contracts with the

2207

01:46:02,450 --> 01:45:58,440

Department of Defense and this case was

2208

01:46:03,320 --> 01:46:02,460

so interesting you know when I first

2209

01:46:07,280 --> 01:46:03,330

heard about it

2210

01:46:10,970 --> 01:46:07,290

bill leach who was a MUFON field

2211

01:46:13,790 --> 01:46:10,980

investigator in Indiana had first heard

2212

01:46:17,540 --> 01:46:13,800

about it and you know talked to the guy

2213

01:46:19,609 --> 01:46:17,550

so I said well I'm gonna I'm gonna go

2214

01:46:23,060 --> 01:46:19,619

meet the guy because I just want to know

2215

01:46:24,800 --> 01:46:23,070

is this real I mean does he really does

2216

01:46:27,410 --> 01:46:24,810

he really have contracts the Department

2217

01:46:33,709 --> 01:46:27,420

of Defense is he really who he says he

2218

01:46:35,359 --> 01:46:33,719

is and I met the guy and he it was all

2219

01:46:36,439 --> 01:46:35,369

just like he said he was he had no

2220

01:46:39,890 --> 01:46:36,449

motivation

2221

01:46:42,320 --> 01:46:39,900

for making this story up hmm

2222

01:46:43,820 --> 01:46:42,330

he didn't need money in course Gino

2223

01:46:48,010 --> 01:46:43,830

Martin you don't get money making these

2224

01:46:50,930 --> 01:46:48,020

stories up anyway yeah it is ridicule I

2225

01:46:53,510 --> 01:46:50,940

gotta tell you I've had about four or

2226

01:46:56,630 --> 01:46:53,520

five emails where people have written me

2227

01:46:59,479 --> 01:46:56,640

saying read me written me an email

2228

01:47:02,180 --> 01:46:59,489

saying that they will sell me their UFO

2229

01:47:03,200 --> 01:47:02,190

story that's the thing oh yeah yeah yeah

2230

01:47:05,540 --> 01:47:03,210

yeah there's a lot of people I think

2231

01:47:09,890 --> 01:47:05,550

there's money in UFOs and yeah I know

2232

01:47:11,450 --> 01:47:09,900

it's pretty funny yeah we have a friend

2233

01:47:15,290 --> 01:47:11,460

of the show Lee Spiegel was listening he

2234

01:47:17,150 --> 01:47:15,300

was just just texting about his his

2235

01:47:19,340 --> 01:47:17,160

triangle UFO did you ever hear that one

2236

01:47:21,560 --> 01:47:19,350

it's a really good one in South Carolina

2237

01:47:23,780 --> 01:47:21,570

that was the 1970s go ahead and tell me

2238

01:47:25,990 --> 01:47:23,790

I think I may have heard it but yeah I

2239

01:47:31,340 --> 01:47:26,000

have to remind me yeah that was back in

2240

01:47:33,950 --> 01:47:31,350

1975 I'm pretty sure yeah 1975 was in

2241

01:47:36,350 --> 01:47:33,960

North Carolina and basically he was

2242

01:47:38,720 --> 01:47:36,360

standing with some police officers and

2243

01:47:40,970 --> 01:47:38,730

the thing just floated right over them

2244

01:47:43,360 --> 01:47:40,980

and it showed you know shine down the

2245

01:47:49,580 --> 01:47:43,370

light right right down by their feet and

2246

01:47:51,110 --> 01:47:49,590

and then later a officer saw it and at a

2247

01:47:53,150 --> 01:47:51,120

different location and took out his

2248

01:47:55,070 --> 01:47:53,160

flashlight he didn't flash that it I

2249

01:47:58,550 --> 01:47:55,080

can't and it was something else

2250

01:48:00,470 --> 01:47:58,560

anyway he's like oh but it was a good

2251  
01:48:02,810 --> 01:48:00,480  
just to comment on that type of case to

2252  
01:48:04,970 --> 01:48:02,820  
me that I mean that indicates the

2253  
01:48:08,650 --> 01:48:04,980  
objects pretty close to you when it can

2254  
01:48:10,880 --> 01:48:08,660  
shine a light on the ground right yeah

2255  
01:48:14,510 --> 01:48:10,890  
that's one of those that's the type of

2256  
01:48:16,040 --> 01:48:14,520  
case that and I haven't you know gotten

2257  
01:48:17,900 --> 01:48:16,050  
all the details from Lee but I'm sure

2258  
01:48:20,540 --> 01:48:17,910  
this is one of those cases where it's so

2259  
01:48:21,860 --> 01:48:20,550  
close and there's so much information on

2260  
01:48:25,790 --> 01:48:21,870  
it you have only one of two

2261  
01:48:27,950 --> 01:48:25,800  
possibilities either Lee saw what he he

2262  
01:48:32,600 --> 01:48:27,960  
says he saw or he made up the story

2263  
01:48:34,040 --> 01:48:32,610

there's no other possibilities and those

2264

01:48:36,530 --> 01:48:34,050

are my favorite type of cases were

2265

01:48:38,510 --> 01:48:36,540

you're so close you know even he

2266

01:48:41,000 --> 01:48:38,520

believed the witness sir you don't yeah

2267

01:48:46,910 --> 01:48:41,010

you know as someone I believe someone

2268

01:48:48,830 --> 01:48:46,920

was trying to say that was a kite I may

2269

01:48:49,939 --> 01:48:48,840

have that wrong but I mean I you know a

2270

01:48:52,580 --> 01:48:49,949

lot of times

2271

01:48:56,360 --> 01:48:52,590

we'll try to come up with you know again

2272

01:48:59,300 --> 01:48:56,370

like you know people don't understand

2273

01:49:02,900 --> 01:48:59,310

and they they pull for straws I'm trying

2274

01:49:05,570 --> 01:49:02,910

to figure something out and and anyway

2275

01:49:08,570 --> 01:49:05,580

it's a there were all interesting and

2276

01:49:10,490 --> 01:49:08,580

they're all they're just there's there's

2277

01:49:15,200 --> 01:49:10,500

no answer yet we have about five minutes

2278

01:49:16,520 --> 01:49:15,210

left what is some of the other shapes I

2279

01:49:20,300 --> 01:49:16,530

mean the barbell is really fascinating

2280

01:49:23,060 --> 01:49:20,310

the cigar the scarf shaped UFO you don't

2281

01:49:26,510 --> 01:49:23,070

hear about them often but they you know

2282

01:49:30,200 --> 01:49:26,520

they're there were a lot of them yes

2283

01:49:32,600 --> 01:49:30,210

there's a cigar shape there's the what I

2284

01:49:36,050 --> 01:49:32,610

call the cone shape looks like an

2285

01:49:38,990 --> 01:49:36,060

ice-cream cone hmm a diamond shape you

2286

01:49:44,330 --> 01:49:39,000

yeah there's a diamond shape there's

2287

01:49:48,410 --> 01:49:44,340

even a few hexagon type shapes reports

2288

01:49:50,270 --> 01:49:48,420

you know that they come through but you

2289

01:49:53,810 --> 01:49:50,280

know the the dominant in and of course

2290

01:49:55,610 --> 01:49:53,820

just a spherical or egg-shaped right but

2291

01:50:00,850 --> 01:49:55,620

I would say the dominant shape is still

2292

01:50:03,950 --> 01:50:00,860

the disc and it's probably I would say

2293

01:50:07,070 --> 01:50:03,960

second is probably the spherical shape

2294

01:50:09,850 --> 01:50:07,080

although you know it's more likely to

2295

01:50:12,650 --> 01:50:09,860

the spherical shape can be a

2296

01:50:15,200 --> 01:50:12,660

misconception right you know you could

2297

01:50:19,880 --> 01:50:15,210

have a balloon in the sky or what have

2298

01:50:21,830 --> 01:50:19,890

you and then the triangle shape and then

2299

01:50:24,080 --> 01:50:21,840

after that it's kind of miscellaneous

2300

01:50:26,600 --> 01:50:24,090

shapes and of course you've got that

2301

01:50:30,229 --> 01:50:26,610

standard lights in the sky yeah you

2302

01:50:32,360 --> 01:50:30,239

don't know the shape it's just and

2303

01:50:35,450 --> 01:50:32,370

that's the one you hear people discount

2304

01:50:37,340 --> 01:50:35,460

the most lights in the sky and you know

2305

01:50:40,790 --> 01:50:37,350

I mean just because they could be so

2306

01:50:43,970 --> 01:50:40,800

many different things but when they are

2307

01:50:45,919 --> 01:50:43,980

doing unusual maneuvers or whatever it

2308

01:50:47,720 --> 01:50:45,929

is it's that they're pretty hard to

2309

01:50:49,970 --> 01:50:47,730

explain but there's no telling what they

2310

01:50:52,880 --> 01:50:49,980

are you know how there's a there was a

2311

01:50:54,620 --> 01:50:52,890

increase in also in orange orbs over the

2312

01:50:58,130 --> 01:50:54,630

last number of years I've heard about

2313

01:50:59,479 --> 01:50:58,140

that too and and who knows what they are

2314

01:51:02,060 --> 01:50:59,489

could be something natural I mean

2315

01:51:03,620 --> 01:51:02,070

there's a yeah and you know I'm sure

2316

01:51:04,820 --> 01:51:03,630

though there will be people

2317

01:51:07,310 --> 01:51:04,830

disagree with me but in the case of the

2318

01:51:10,100 --> 01:51:07,320

orange orbs those always peak around the

2319

01:51:12,160 --> 01:51:10,110

fourth of July and Chinese lanterns you

2320

01:51:15,830 --> 01:51:12,170

know yeah no I think those are usually

2321

01:51:17,750 --> 01:51:15,840

Chinese lanterns in it for anyone who

2322

01:51:19,760 --> 01:51:17,760

hasn't seen a Chinese lantern at night

2323

01:51:21,709 --> 01:51:19,770

yeah it's pretty amazing yeah yeah I

2324

01:51:23,320 --> 01:51:21,719

mean yeah if you don't know what you're

2325

01:51:26,540 --> 01:51:23,330

looking at

2326  
01:51:29,240 --> 01:51:26,550  
yeah we'll Mike you take a breath yeah

2327  
01:51:31,040 --> 01:51:29,250  
there's a video on on YouTube where

2328  
01:51:32,870 --> 01:51:31,050  
there's a family and there's one that

2329  
01:51:34,160 --> 01:51:32,880  
goes up oh my god it's a UFO no they

2330  
01:51:35,810 --> 01:51:34,170  
were like almost crying and everything

2331  
01:51:37,879 --> 01:51:35,820  
you know it's pretty funny to watch

2332  
01:51:40,340 --> 01:51:37,889  
because you can tell clearly in that

2333  
01:51:41,990 --> 01:51:40,350  
particular one that it was a a Chinese

2334  
01:51:43,669 --> 01:51:42,000  
leaner than the first time I saw one it

2335  
01:51:46,160 --> 01:51:43,679  
was like wow what am i seeing and then

2336  
01:51:50,419 --> 01:51:46,170  
you know and that was basically around

2337  
01:51:53,570 --> 01:51:50,429  
fourth of July yeah and yeah so we have

2338  
01:51:56,870 --> 01:51:53,580

a lot to contend with and also you know

2339

01:51:58,459 --> 01:51:56,880

we have drones now to deal with and who

2340

01:52:01,399 --> 01:51:58,469

knows what we're gonna have for with our

2341

01:52:04,669 --> 01:52:01,409

last guest was talking about you know

2342

01:52:05,689 --> 01:52:04,679

military secret military projects going

2343

01:52:08,330 --> 01:52:05,699

on you never know what you're going to

2344

01:52:09,890 --> 01:52:08,340

see in the sky so we have a lot of

2345

01:52:15,649 --> 01:52:09,900

things that we have to weed out a lot

2346

01:52:19,070 --> 01:52:15,659

more as we go along and the the the SC

2347

01:52:21,020 --> 01:52:19,080

you can you we only have we have like

2348

01:52:24,280 --> 01:52:21,030

two and a half minutes left here can you

2349

01:52:27,020 --> 01:52:24,290

explain basically how that came to be

2350

01:52:31,970 --> 01:52:27,030

yeah the scientific Coalition for youth

2351

01:52:36,830 --> 01:52:31,980

ology is a group it's we have 45 to 50

2352

01:52:40,660 --> 01:52:36,840

members it came to be basically when I

2353

01:52:44,899 --> 01:52:40,670

left MUFON Richard Hoffman Morgan Beale

2354

01:52:47,390 --> 01:52:44,909

and a couple of other guys we wanted an

2355

01:52:50,720 --> 01:52:47,400

organization that was more science based

2356

01:52:52,490 --> 01:52:50,730

and so that that is the the full

2357

01:52:57,140 --> 01:52:52,500

objective I mean currently we've got

2358

01:53:00,879 --> 01:52:57,150

think 11 different phd's almost all our

2359

01:53:04,340 --> 01:53:00,889

members have bachelor degrees or above

2360

01:53:06,500 --> 01:53:04,350

muster in the sciences so we have people

2361

01:53:09,350 --> 01:53:06,510

in everything from oceanography to

2362

01:53:12,200 --> 01:53:09,360

geology to astronomy to chemistry

2363

01:53:14,930 --> 01:53:12,210

mathematics and physics all of these

2364

01:53:16,790 --> 01:53:14,940

guys are interested in topic we have one

2365

01:53:19,970 --> 01:53:16,800

of our members is

2366

01:53:23,750 --> 01:53:19,980

NASA we have another member who's in the

2367

01:53:26,270 --> 01:53:23,760

European Space Agency so that's all from

2368

01:53:29,359 --> 01:53:26,280

NASA that's interesting yeah so the the

2369

01:53:33,620 --> 01:53:29,369

topic of UFOs is interesting as a matter

2370

01:53:36,350 --> 01:53:33,630

of fact in our our conference were about

2371

01:53:38,839 --> 01:53:36,360

to have we have a guy from NASA it was

2372

01:53:41,000 --> 01:53:38,849

going to give one of the talks but then

2373

01:53:44,060 --> 01:53:41,010

the media the guy who had written a

2374

01:53:46,189 --> 01:53:44,070

paper and the media distorted what he

2375

01:53:47,990 --> 01:53:46,199

said you know they throw in aliens and

2376

01:53:52,040 --> 01:53:48,000

little green men and little gray men and

2377

01:53:55,010 --> 01:53:52,050

everything and NASA reacted to that by

2378

01:53:56,899 --> 01:53:55,020

telling him that he could not go talk to

2379

01:53:58,939 --> 01:53:56,909

the conference because they were worried

2380

01:54:01,370 --> 01:53:58,949

right even though we're not allowing

2381

01:54:04,250 --> 01:54:01,380

media at the conference they were

2382

01:54:09,439 --> 01:54:04,260

worried that you know it would get all

2383

01:54:13,760 --> 01:54:09,449

distorted so yeah it really affects this

2384

01:54:17,149 --> 01:54:13,770

whole thing about you know trying to

2385

01:54:19,339 --> 01:54:17,159

dramatize this whole subject really

2386

01:54:22,910 --> 01:54:19,349

affects the investigation of the topic

2387

01:54:24,560 --> 01:54:22,920

sure does and with that we we had a

2388

01:54:26,140 --> 01:54:24,570

wonderful show I want to thank you so

2389

01:54:28,990 --> 01:54:26,150

much Robert it was a real pleasure

2390

01:54:31,970 --> 01:54:29,000

thanks Martin I enjoyed it as always yes

2391

01:54:34,310 --> 01:54:31,980

alright and we'll stay in touch and see

2392

01:54:36,229 --> 01:54:34,320

where things lead thanks all right all

2393

01:54:38,689 --> 01:54:36,239

right thanks all right thank you take

2394

01:54:42,260 --> 01:54:38,699

care alright everyone so that's it for

2395

01:54:44,510 --> 01:54:42,270

the show thank you so much and we'll be

2396

01:54:48,649 --> 01:54:44,520

back next week with our friend in

2397

01:54:50,930 --> 01:54:48,659

Chicago San moranto and he's always he's

2398

01:54:52,220 --> 01:54:50,940

always fun to have on and I want to

2399

01:54:54,799 --> 01:54:52,230

thank everyone that helps out with the

2400

01:54:57,890 --> 01:54:54,809

show behind the scenes and you the

2401  
01:55:00,799 --> 01:54:57,900  
listener thanks so much and we'll be

2402  
01:55:03,020 --> 01:55:00,809  
back again every Tuesday at 6 to 8 p.m.

2403  
01:55:04,580 --> 01:55:03,030  
Eastern Standard Time and thanks for

2404  
01:55:07,970 --> 01:55:04,590  
listening and remember everyone to keep

2405  
01:55:08,720 --> 01:55:07,980  
your eyes to the sky and it hits me oh

2406  
01:55:12,010 --> 01:55:08,730  
my gosh

2407  
01:55:14,419 --> 01:55:12,020  
we're excellent show gentlemen thank you

2408  
01:55:15,610 --> 01:55:14,429  
have a great night Martin and Robert

2409  
01:55:18,220 --> 01:55:15,620  
aliens

2410  
01:55:21,370 --> 01:55:18,230  
they do and finally did I ain't coming

2411  
01:55:23,590 --> 01:55:21,380  
right over our head it's so a classic

2412  
01:55:25,450 --> 01:55:23,600  
flying-saucer really standing in the

2413  
01:55:26,920 --> 01:55:25,460

Clery he turned over to my father and

2414

01:55:28,050 --> 01:55:26,930

held his hand and he looked in his eyes
