

KEVIN RANDLE

1
00:00:01,480 --> 00:00:14,499

[Music]

2
00:00:19,820 --> 00:00:17,689

hello and welcome to the show I'm Martin

3
00:00:24,439 --> 00:00:19,830

Willis your host and I want to apologize

4
00:00:26,839 --> 00:00:24,449

for last week I am on the road and last

5
00:00:30,200 --> 00:00:26,849

week at the last minute the guest had to

6
00:00:33,319 --> 00:00:30,210

cancel for a family situation so I do

7
00:00:35,620 --> 00:00:33,329

apologize to everyone out there for not

8
00:00:40,790 --> 00:00:35,630

you know having a show last week and

9
00:00:42,920 --> 00:00:40,800

this week we have Kevin Randle always

10
00:00:44,779 --> 00:00:42,930

loved having him on the show to get the

11
00:00:47,600 --> 00:00:44,789

square scoop of what's happening around

12
00:00:49,190 --> 00:00:47,610

out there and has happened and all that

13
00:00:52,010 --> 00:00:49,200

it's always really great to talk to him

14

00:00:56,119 --> 00:00:52,020

and before that I have Alejandro Rojas

15

00:00:57,740 --> 00:00:56,129

coming up with UFO updates and I do want

16

00:01:00,020 --> 00:00:57,750

to thank everyone that supports the show

17

00:01:02,389 --> 00:01:00,030

we couldn't do it without you and I'm

18

00:01:04,729 --> 00:01:02,399

here solo with a little tiny computer

19

00:01:08,149 --> 00:01:04,739

down in Florida and I hope that I'm not

20

00:01:11,060 --> 00:01:08,159

gonna mess too many things up I'll do my

21

00:01:14,030 --> 00:01:11,070

best that I can and Alejandro welcome to

22

00:01:15,440 --> 00:01:14,040

the show hello hello thanks for having

23

00:01:18,620 --> 00:01:15,450

me is that what you're Orange

24

00:01:20,270 --> 00:01:18,630

I am Orange no way yeah uh-huh yeah was

25

00:01:23,210 --> 00:01:20,280

that on purpose or is that just another

26
00:01:25,730 --> 00:01:23,220
no it's the Sunshine State I'm Luke you

27
00:01:27,890 --> 00:01:25,740
know Orange oh okay okay great

28
00:01:31,219 --> 00:01:27,900
no actually oranges it's just the camera

29
00:01:33,920 --> 00:01:31,229
yeah mmm interesting interesting yeah

30
00:01:35,149 --> 00:01:33,930
well so yes I'm doing well and I hope

31
00:01:37,160 --> 00:01:35,159
you're having a great time I hear that

32
00:01:38,870 --> 00:01:37,170
the weather is finally you have the

33
00:01:43,100 --> 00:01:38,880
advantage over me you've got the Sun in

34
00:01:44,810 --> 00:01:43,110
the heat whereas I'm freezing in 60

35
00:01:45,170 --> 00:01:44,820
degree temperature Oh six of you poor

36
00:01:47,960 --> 00:01:45,180
thing

37
00:01:49,429 --> 00:01:47,970
well it was 90 today to me that's it's a

38
00:01:51,859 --> 00:01:49,439

little too warm that's you know it's

39

00:01:55,520 --> 00:01:51,869

gonna be seven degrees where I live up

40

00:01:58,789 --> 00:01:55,530

in Maine tomorrow so yeah I feel so

41

00:02:02,539 --> 00:01:58,799

lucky to escape that so what's going on

42

00:02:04,670 --> 00:02:02,549

in the UFO world well there's uh always

43

00:02:06,620 --> 00:02:04,680

a lot going on so there's a couple

44

00:02:09,940 --> 00:02:06,630

interesting stories here that I wanted

45

00:02:12,530 --> 00:02:09,950

to mention one of them on Nick Pope

46

00:02:13,760 --> 00:02:12,540

posted although he's living here in the

47

00:02:15,980 --> 00:02:13,770

US it's kind of his

48

00:02:18,200 --> 00:02:15,990

the woods out there in the UK and I'm

49

00:02:20,120 --> 00:02:18,210

going to and I didn't learn even though

50

00:02:23,240 --> 00:02:20,130

you and I had talked about this earlier

51
00:02:25,250 --> 00:02:23,250
I didn't go educate myself on how to say

52
00:02:28,400 --> 00:02:25,260
the names of these cities like I should

53
00:02:30,770 --> 00:02:28,410
have but the headline is and this is

54
00:02:33,980 --> 00:02:30,780
from a paper called the Glau a shire

55
00:02:36,680 --> 00:02:33,990
live and actually this is a paper that I

56
00:02:39,320 --> 00:02:36,690
refer to often because you know the UK

57
00:02:41,300 --> 00:02:39,330
just like the u.s. in these local papers

58
00:02:43,100 --> 00:02:41,310
they write about UFO stories and

59
00:02:45,260 --> 00:02:43,110
happenings in their areas quite a bit

60
00:02:48,290 --> 00:02:45,270
and these guys write about different

61
00:02:51,620 --> 00:02:48,300
sightings once in a while as well this

62
00:02:54,920 --> 00:02:51,630
one is a sighting over the m5 which is a

63
00:02:57,470 --> 00:02:54,930

highway that was headed towards the town

64

00:03:00,950 --> 00:02:57,480

of Bristol and it was seen and reported

65

00:03:03,680 --> 00:03:00,960

by pilots so very interesting case it

66

00:03:06,310 --> 00:03:03,690

essentially was three orange orbs but

67

00:03:08,750 --> 00:03:06,320

what's cool about this is air Midwest

68

00:03:11,660 --> 00:03:08,760

actually tweeted about it

69

00:03:13,220 --> 00:03:11,670

they wrote there has been a lot of

70

00:03:16,250 --> 00:03:13,230

interest in the fact that our pilots

71

00:03:18,320 --> 00:03:16,260

observed UFOs last night during night

72

00:03:20,690 --> 00:03:18,330

flying exercises so here's a brief

73

00:03:22,640 --> 00:03:20,700

summary of the situation they posted

74

00:03:25,400 --> 00:03:22,650

this on February 15th the sighting was

75

00:03:27,710 --> 00:03:25,410

on February 14 but essentially they said

76

00:03:30,920 --> 00:03:27,720

last night at about 10:00 p.m.

77

00:03:33,050 --> 00:03:30,930

south of Glaus Shire there were airborne

78

00:03:34,730 --> 00:03:33,060

unidentified light so they talked about

79

00:03:37,400 --> 00:03:34,740

those a little bit just that they were

80

00:03:39,110 --> 00:03:37,410

moving very fast they sent planes on an

81

00:03:42,380 --> 00:03:39,120

intercept course but they couldn't catch

82

00:03:43,670 --> 00:03:42,390

whatever it was now these weren't jet

83

00:03:48,140 --> 00:03:43,680

fighters I think these were just regular

84

00:03:50,750 --> 00:03:48,150

commercial aircraft but they there's

85

00:03:54,380 --> 00:03:50,760

also in this article a glacier Cheryl

86

00:03:56,570 --> 00:03:54,390

live a an account from one of the pilots

87

00:03:59,380 --> 00:03:56,580

who just said he saw two large square

88

00:04:02,420 --> 00:03:59,390

orange lights one on top of the other

89

00:04:03,890 --> 00:04:02,430

they looked very strange to him he did

90

00:04:06,080 --> 00:04:03,900

not believe they were balloons because

91

00:04:08,990 --> 00:04:06,090

of how fast that they moved so this is a

92

00:04:10,610 --> 00:04:09,000

a new kind of ongoing case in the media

93

00:04:12,170 --> 00:04:10,620

in the UK that's that's pretty

94

00:04:13,670 --> 00:04:12,180

interesting well we actually have

95

00:04:15,860 --> 00:04:13,680

someone in the chat room that's actually

96

00:04:17,870 --> 00:04:15,870

from Gloucestershire and that's why I

97

00:04:19,550 --> 00:04:17,880

just said it the way it's supposed to be

98

00:04:22,070 --> 00:04:19,560

pronounced Gloucestershire according to

99

00:04:24,530 --> 00:04:22,080

him he did it phonic lee in the chat

100

00:04:27,590 --> 00:04:24,540

room isn't that nice that's very nice

101
00:04:29,810 --> 00:04:27,600
thank you Gloucestershire yeah and

102
00:04:31,550 --> 00:04:29,820
the gloucestershire clashes sure clashes

103
00:04:33,110 --> 00:04:31,560
sure I gotta get that cuz I reference it

104
00:04:36,140 --> 00:04:33,120
sound quite a bit because they have so

105
00:04:39,140 --> 00:04:36,150
many of other sightings and so that is

106
00:04:40,460 --> 00:04:39,150
it yeah great story yeah just because we

107
00:04:41,870 --> 00:04:40,470
pronounce it correctly doesn't

108
00:04:43,640 --> 00:04:41,880
necessarily that mean though that people

109
00:04:45,650 --> 00:04:43,650
are gonna be able to find it when they

110
00:04:47,810 --> 00:04:45,660
look out there but you can find it in my

111
00:04:53,030 --> 00:04:47,820
social media where I guess I could spell

112
00:04:57,020 --> 00:04:53,040
it real quickly it's GL o u c EST er is

113
00:04:58,400 --> 00:04:57,030

the name of the city jokes are e yeah if

114

00:05:00,920 --> 00:04:58,410

you get the whole name but if you put

115

00:05:03,320 --> 00:05:00,930

closer sure you fo you'll find this

116

00:05:05,600 --> 00:05:03,330

story out there if you're a post going

117

00:05:09,500 --> 00:05:05,610

to my social media so that's the first

118

00:05:10,280 --> 00:05:09,510

story of the day second one this is kind

119

00:05:15,200 --> 00:05:10,290

of interesting

120

00:05:18,190 --> 00:05:15,210

mensa writing about to the stars and lou

121

00:05:20,390 --> 00:05:18,200

Elizondo and the whole a tip situation

122

00:05:23,450 --> 00:05:20,400

so it's very interesting Mendte of

123

00:05:24,980 --> 00:05:23,460

course is the intelligence you know

124

00:05:30,080 --> 00:05:24,990

organization it's a club for people

125

00:05:31,930 --> 00:05:30,090

whose IQs are over I think 124 or 142 I

126
00:05:34,040 --> 00:05:31,940
can't remember exactly which one it is

127
00:05:36,740 --> 00:05:34,050
they're they're tagged lagging it is

128
00:05:39,800 --> 00:05:36,750
where brilliants belong they're not shy

129
00:05:43,790 --> 00:05:39,810
about being proud of their higher IQs

130
00:05:45,500 --> 00:05:43,800
but they wrote about this case in a very

131
00:05:47,270 --> 00:05:45,510
straightforward way they kind of just

132
00:05:49,490 --> 00:05:47,280
talked about how you know there's been

133
00:05:52,360 --> 00:05:49,500
mysteries and science before and now

134
00:05:57,350 --> 00:05:52,370
there are scientists and credible people

135
00:05:59,240 --> 00:05:57,360
tackling this issue now that this was

136
00:06:02,030 --> 00:05:59,250
kind of all brought together by Tom

137
00:06:03,350 --> 00:06:02,040
DeLonge and that they have this atom

138
00:06:05,690 --> 00:06:03,360

project where they're looking at

139

00:06:08,240 --> 00:06:05,700

materials that they have obtained that

140

00:06:10,010 --> 00:06:08,250

they believe may be anomalous but in

141

00:06:12,500 --> 00:06:10,020

particular they do get a quote from

142

00:06:14,630 --> 00:06:12,510

someone we haven't heard from that often

143

00:06:18,170 --> 00:06:14,640

that's part of the to the stars group

144

00:06:20,870 --> 00:06:18,180

and that's Steve justice he is formerly

145

00:06:23,360 --> 00:06:20,880

of Lockheed skunkworks and skunk works

146

00:06:25,670 --> 00:06:23,370

is a team that created you know the f-22

147

00:06:28,580 --> 00:06:25,680

Raptor the f-35 Lightning the stealth

148

00:06:32,450 --> 00:06:28,590

plane to you to the sr-71 much of this

149

00:06:34,550 --> 00:06:32,460

developed at area 51 they're the guys

150

00:06:36,920 --> 00:06:34,560

who built and we're in charge of area 51

151

00:06:39,680 --> 00:06:36,930

a lot of that craft was inspired by the

152

00:06:41,480 --> 00:06:39,690

CIA or projects that were CIA sponsored

153

00:06:44,059 --> 00:06:41,490

but that

154

00:06:47,390 --> 00:06:44,069

so of course fled over to Air Force and

155

00:06:49,010 --> 00:06:47,400

and other organizations but it so it's

156

00:06:52,159 --> 00:06:49,020

incredible that we have this guy with

157

00:06:53,990 --> 00:06:52,169

skunkworks who is working on UFO

158

00:06:55,939 --> 00:06:54,000

projects one of his quotes that I liked

159

00:06:57,650 --> 00:06:55,949

he said to the Stars is a group of

160

00:06:59,839 --> 00:06:57,660

people who came together to answer the

161

00:07:04,070 --> 00:06:59,849

questions that most of society is afraid

162

00:07:06,350 --> 00:07:04,080

to ask there's this overwhelming body of

163

00:07:08,360 --> 00:07:06,360

evidence that indicates something

164

00:07:10,210 --> 00:07:08,370

strange is going on

165

00:07:14,120 --> 00:07:10,220

so essentially making the argument that

166

00:07:16,430 --> 00:07:14,130

UFOs are worthwhile study so really

167

00:07:19,490 --> 00:07:16,440

interesting and then one more thing gets

168

00:07:21,770 --> 00:07:19,500

kind of along the lines is about a tip

169

00:07:24,290 --> 00:07:21,780

and LU Elizondo is that that

170

00:07:26,480 --> 00:07:24,300

organization in this Mensa article they

171

00:07:29,450 --> 00:07:26,490

they mentioned that a tip no longer

172

00:07:32,540 --> 00:07:29,460

exists that it went from 2007 to 2012

173

00:07:35,809 --> 00:07:32,550

however according to Lou that is not the

174

00:07:37,490 --> 00:07:35,819

case the organization still does exist

175

00:07:39,620 --> 00:07:37,500

in fact he said that in the New York

176
00:07:41,749 --> 00:07:39,630
Times but for whatever reason the Mensa

177
00:07:44,300 --> 00:07:41,759
article didn't allude to that

178
00:07:47,659 --> 00:07:44,310
the DoD did say that funding was pulled

179
00:07:49,459 --> 00:07:47,669
in 2012 however there's a gentleman

180
00:07:51,350 --> 00:07:49,469
Tammy Silva who's got a website called

181
00:07:53,600 --> 00:07:51,360
silver record and it's pretty good he's

182
00:07:55,249 --> 00:07:53,610
been following all of this stuff and he

183
00:07:58,189 --> 00:07:55,259
wrote an article recently called

184
00:07:59,659 --> 00:07:58,199
a tip did not end and essentially he

185
00:08:02,120 --> 00:07:59,669
goes over all of the quotes and

186
00:08:05,689 --> 00:08:02,130
information around how a tip still

187
00:08:07,399 --> 00:08:05,699
exists and Lou told me and this is a

188
00:08:09,439 --> 00:08:07,409

really I think a pretty interesting he

189

00:08:11,809 --> 00:08:09,449

told me not only does it continue

190

00:08:14,149 --> 00:08:11,819

but that who the people who are running

191

00:08:16,820 --> 00:08:14,159

out are very high level he talked about

192

00:08:19,159 --> 00:08:16,830

kind of some of the ranks but yeah very

193

00:08:21,649 --> 00:08:19,169

very high level individuals that are

194

00:08:23,659 --> 00:08:21,659

still involved with a tip and you know

195

00:08:26,390 --> 00:08:23,669

it's been debated but the key players

196

00:08:28,399 --> 00:08:26,400

and the people who not only worked on

197

00:08:30,830 --> 00:08:28,409

the program but also started it have

198

00:08:33,350 --> 00:08:30,840

claimed you know UFOs were a big part of

199

00:08:36,290 --> 00:08:33,360

this program looking into UFO phenomena

200

00:08:39,920 --> 00:08:36,300

including and their example was the USS

201
00:08:42,740 --> 00:08:39,930
Nimitz situation so yeah so already saw

202
00:08:45,769 --> 00:08:42,750
it I think she's going on that that is

203
00:08:48,079 --> 00:08:45,779
that is something it's it's just you

204
00:08:51,290 --> 00:08:48,089
know I I wonder what I would be so nice

205
00:08:53,329 --> 00:08:51,300
to know what Lou knows you know yes it

206
00:08:54,330 --> 00:08:53,339
way as far as lasers running it and all

207
00:08:57,690 --> 00:08:54,340
that in

208
00:09:00,870 --> 00:08:57,700
you know what more information you know

209
00:09:02,760 --> 00:09:00,880
it would be great if we had all the

210
00:09:05,190 --> 00:09:02,770
scoop and it seems like we may be

211
00:09:07,860 --> 00:09:05,200
getting it slow you know spoon-fed a

212
00:09:10,920 --> 00:09:07,870
little bit here and there possibly and

213
00:09:12,329 --> 00:09:10,930

you have you told me earlier today that

214

00:09:15,990 --> 00:09:12,339

you know Lou was gonna be on your show

215

00:09:18,390 --> 00:09:16,000

and had to call it off for a couple

216

00:09:19,710 --> 00:09:18,400

weeks and he's involved in something but

217

00:09:21,780 --> 00:09:19,720

you're actually going to be interviewing

218

00:09:25,079 --> 00:09:21,790

him thoroughly in the next few weeks

219

00:09:27,360 --> 00:09:25,089

right yeah so he can't do any media

220

00:09:30,329 --> 00:09:27,370

interviews for a few weeks however

221

00:09:32,910 --> 00:09:30,339

luckily before that I am already

222

00:09:35,519 --> 00:09:32,920

planning to meet him one on one a

223

00:09:37,410 --> 00:09:35,529

meeting we had already pre-planned so he

224

00:09:39,780 --> 00:09:37,420

said that he'll give me a little bit of

225

00:09:43,079 --> 00:09:39,790

information a little bit more that and

226

00:09:46,380 --> 00:09:43,089

some that can be shared when we do meet

227

00:09:47,910 --> 00:09:46,390

and then once he's cleared to do

228

00:09:50,000 --> 00:09:47,920

interviews he'll be able to share a lot

229

00:09:52,320 --> 00:09:50,010

more about like the current project

230

00:09:54,810 --> 00:09:52,330

someone had mentioned before Tom DeLonge

231

00:09:56,970 --> 00:09:54,820

tweeted that they had some sort of you

232

00:09:58,650 --> 00:09:56,980

know findings with the atom project that

233

00:10:01,620 --> 00:09:58,660

they'll be able to share in the future

234

00:10:04,590 --> 00:10:01,630

so we'll be able to get a lot more

235

00:10:07,610 --> 00:10:04,600

information out in a few weeks so and

236

00:10:10,170 --> 00:10:07,620

this project that that has you know

237

00:10:13,290 --> 00:10:10,180

essentially delayed him being able to do

238

00:10:15,630 --> 00:10:13,300

my interview has also delayed the

239

00:10:18,450 --> 00:10:15,640

release of information for quite some

240

00:10:20,640 --> 00:10:18,460

time so they're very excited to be able

241

00:10:22,350 --> 00:10:20,650

to share a lot more about what they've

242

00:10:24,150 --> 00:10:22,360

been up to in the last few months now

243

00:10:25,740 --> 00:10:24,160

some people complain I would say sorry

244

00:10:27,570 --> 00:10:25,750

they made still bunch of promises but we

245

00:10:29,970 --> 00:10:27,580

haven't heard much but you got to

246

00:10:31,890 --> 00:10:29,980

remember it takes a long time to

247

00:10:33,480 --> 00:10:31,900

investigate this stuff especially if

248

00:10:35,130 --> 00:10:33,490

you're dealing with materials where you

249

00:10:37,920 --> 00:10:35,140

have to get things analyzed and then

250

00:10:40,740 --> 00:10:37,930

that the analysis the data to be

251
00:10:42,329 --> 00:10:40,750
analyzed by another third party so it

252
00:10:44,190 --> 00:10:42,339
takes a lot of time to do this in fact

253
00:10:46,410 --> 00:10:44,200
the seu which we talked about earlier

254
00:10:49,199 --> 00:10:46,420
and Kevin Randall's part of that the

255
00:10:51,360 --> 00:10:49,209
scientific Coalition for ufology those

256
00:10:53,519 --> 00:10:51,370
guys came out with their Agvadilla

257
00:10:55,230 --> 00:10:53,529
report it took them two years to

258
00:10:58,050 --> 00:10:55,240
research that and come out with that

259
00:11:00,210 --> 00:10:58,060
report so well you know I would argue

260
00:11:02,310 --> 00:11:00,220
that it hasn't been that you know we've

261
00:11:04,620 --> 00:11:02,320
gotten quite a bit in this year or so

262
00:11:06,510 --> 00:11:04,630
but it sounds like there's a lot more

263
00:11:07,710 --> 00:11:06,520

information to cut them yeah yeah

264

00:11:09,360 --> 00:11:07,720

exciting

265

00:11:11,730 --> 00:11:09,370

this could be the year of course I've

266

00:11:13,560 --> 00:11:11,740

been saying that for you know 70 years

267

00:11:15,990 --> 00:11:13,570

but anyway you know what you would be

268

00:11:18,060 --> 00:11:16,000

right the last couple years 2017 we

269

00:11:19,470 --> 00:11:18,070

found out about the Pentagon project or

270

00:11:21,870 --> 00:11:19,480

at least you know and to the start

271

00:11:27,390 --> 00:11:21,880

started last year we found out tons more

272

00:11:29,760 --> 00:11:27,400

about it so each year 2017 2018 and have

273

00:11:32,550 --> 00:11:29,770

been banner years for this this field

274

00:11:35,280 --> 00:11:32,560

and it seems like 2019 will follow up

275

00:11:37,560 --> 00:11:35,290

with that it sure could happen Hey

276

00:11:40,740 --> 00:11:37,570

mm-hmm thank you very much Halle hundra

277

00:11:45,200 --> 00:11:40,750

all right thank you and I'll see you in

278

00:11:47,610 --> 00:11:45,210

Roswell Kevin okay sounds good

279

00:11:50,700 --> 00:11:47,620

all right I'm getting ready to bring him

280

00:11:52,620 --> 00:11:50,710

in all right everyone so hang in there

281

00:11:55,130 --> 00:11:52,630

just one second something's not working

282

00:11:58,650 --> 00:11:55,140

here mm-hmm

283

00:12:00,780 --> 00:11:58,660

okay OBS troublesome anyway Alejandro

284

00:12:02,370 --> 00:12:00,790

thank you and we'll talk to you next

285

00:12:05,400 --> 00:12:02,380

week doc you later

286

00:12:08,010 --> 00:12:05,410

all right all right so my guest

287

00:12:13,050 --> 00:12:08,020

I'll been on the show many many times

288

00:12:15,690 --> 00:12:13,060

Kevin rent Randle he is a very prominent

289

00:12:17,970 --> 00:12:15,700

figure in for those of you who are new

290

00:12:20,400 --> 00:12:17,980

listeners in the UFO community he's

291

00:12:22,380 --> 00:12:20,410

written over 80 books I can't remember

292

00:12:26,010 --> 00:12:22,390

how many books he's written we'll talk a

293

00:12:28,230 --> 00:12:26,020

little bit about that he was one of the

294

00:12:30,660 --> 00:12:28,240

first people than they're investigating

295

00:12:32,940 --> 00:12:30,670

the Roswell incident he's been writing

296

00:12:36,930 --> 00:12:32,950

lately he's got the go-to blog as far as

297

00:12:38,400 --> 00:12:36,940

I'm concerned when it comes to UFOs and

298

00:12:40,770 --> 00:12:38,410

getting the straight scoop there's many

299

00:12:42,390 --> 00:12:40,780

times that I actually go to his blog to

300

00:12:44,370 --> 00:12:42,400

understand something that I'm a little

301
00:12:45,960 --> 00:12:44,380
confused about which is quite often and

302
00:12:49,650 --> 00:12:45,970
it's always a pleasure to have him on

303
00:12:51,330 --> 00:12:49,660
the show welcome Kevin I I hate to

304
00:12:53,220 --> 00:12:51,340
correct you at the very beginning of

305
00:12:54,450 --> 00:12:53,230
your show well I think you did that last

306
00:12:58,200 --> 00:12:54,460
time so I'm used to it

307
00:13:00,450 --> 00:12:58,210
oh okay but I don't know why we're still

308
00:13:03,990 --> 00:13:00,460
hung up on this 80 books thing no I said

309
00:13:06,570 --> 00:13:04,000
I said at least yes well that 80 books

310
00:13:08,580 --> 00:13:06,580
was like two decades ago it's like 125

311
00:13:09,660 --> 00:13:08,590
now so all right well you gotta get

312
00:13:11,610 --> 00:13:09,670
someone in there they change your

313
00:13:13,800 --> 00:13:11,620

Wikipedia page I think that's what it's

314

00:13:15,980 --> 00:13:13,810

all about maybe oh well the information

315

00:13:20,970 --> 00:13:15,990

is yeah

316

00:13:23,430 --> 00:13:20,980

Wow so do you ever take any time off yes

317

00:13:25,620 --> 00:13:23,440

yeah and most the time I'm now I'm out

318

00:13:28,350 --> 00:13:25,630

snow blowing the driveway because uh

319

00:13:30,389 --> 00:13:28,360

yeah we're in the cold weather you're at

320

00:13:32,639 --> 00:13:30,399

90 degrees we'll be lucky we'll beat

321

00:13:34,829 --> 00:13:32,649

about 1 2 below zero tonight

322

00:13:37,139 --> 00:13:34,839

ah Wow Yanks well that's only

323

00:13:37,889 --> 00:13:37,149

temporarily I'm I have to go back to the

324

00:13:42,000 --> 00:13:37,899

snow soon

325

00:13:44,939 --> 00:13:42,010

but anyway so Kevin let's see I think

326

00:13:46,620 --> 00:13:44,949

it's Ben I think you were on last July

327

00:13:49,620 --> 00:13:46,630

or something like that I can't remember

328

00:13:52,170 --> 00:13:49,630

exactly when and so there's always

329

00:13:54,990 --> 00:13:52,180

something happening and I see that

330

00:13:59,400 --> 00:13:55,000

lately you've been writing your opinion

331

00:14:01,290 --> 00:13:59,410

on of the new Project Blue Book History

332

00:14:03,689 --> 00:14:01,300

Channel's at Project Blue Book and

333

00:14:07,350 --> 00:14:03,699

interviewing you know certain people

334

00:14:12,210 --> 00:14:07,360

involved in that including Paul Hynek

335

00:14:15,060 --> 00:14:12,220

and also someone involved with the not

336

00:14:17,879 --> 00:14:15,070

the History Channel but that was also

337

00:14:20,069 --> 00:14:17,889

involved in creating the show right well

338

00:14:22,259 --> 00:14:20,079

the guy is the senior vice president for

339

00:14:25,019 --> 00:14:22,269

arts and entertainment Network which

340

00:14:26,490 --> 00:14:25,029

owns History Channel's I see right he's

341

00:14:28,439 --> 00:14:26,500

the senior vice president for scripted

342

00:14:31,110 --> 00:14:28,449

show so he was kind of one of the big

343

00:14:36,269 --> 00:14:31,120

wheels and getting the program to the

344

00:14:38,819 --> 00:14:36,279

air I guess hmm so what do you you know

345

00:14:40,769 --> 00:14:38,829

I I personally really like the show I

346

00:14:42,290 --> 00:14:40,779

know that it's up you know there's a lot

347

00:14:46,920 --> 00:14:42,300

of people grumbling in the UFO community

348

00:14:50,790 --> 00:14:46,930

because of the facts aren't exactly you

349

00:14:52,170 --> 00:14:50,800

you know it's a it's a show based on you

350

00:14:53,819 --> 00:14:52,180

know it says based on the truth but

351

00:14:56,519 --> 00:14:53,829

sometimes it's a little bit loose and

352

00:14:59,129 --> 00:14:56,529

people are you know people that are

353

00:15:00,660 --> 00:14:59,139

hardcore UFO people that want the

354

00:15:02,639 --> 00:15:00,670

straight scoop or a little bit upset

355

00:15:07,439 --> 00:15:02,649

about that but what is your philosophy

356

00:15:10,129 --> 00:15:07,449

in general about how it's going I tuned

357

00:15:13,710 --> 00:15:10,139

in I think the first week to hate it and

358

00:15:16,590 --> 00:15:13,720

got sucked into it and realize that if

359

00:15:18,540 --> 00:15:16,600

you can separate the drama from the fact

360

00:15:21,300 --> 00:15:18,550

and it's when you say it's based on real

361

00:15:23,939 --> 00:15:21,310

events it's really loosely based on real

362

00:15:25,710 --> 00:15:23,949

events but if you can separate the the

363

00:15:28,769 --> 00:15:25,720

two things that this is a drama they're

364

00:15:31,259 --> 00:15:28,779

not making a documentary and just get

365

00:15:33,150 --> 00:15:31,269

into it then I I find it quite enjoyable

366

00:15:35,069 --> 00:15:33,160

and one of the questions that came up

367

00:15:36,929 --> 00:15:35,079

first was I wondered how

368

00:15:38,879 --> 00:15:36,939

jail and Hynek would have felt by the

369

00:15:41,249 --> 00:15:38,889

way he's patrol betrayed in the program

370

00:15:43,410 --> 00:15:41,259

and my thought says well there's Hynek

371

00:15:45,990 --> 00:15:43,420

kids what do they think and i got in

372

00:15:47,309 --> 00:15:46,000

touch with paul Hynek to ask him he said

373

00:15:49,530 --> 00:15:47,319

well my dad would have liked the show

374

00:15:51,179 --> 00:15:49,540

he'd have probably got himself a big

375

00:15:52,920 --> 00:15:51,189

bowl of popcorn and put his feet up and

376

00:15:54,900 --> 00:15:52,930

watch the show and had a great time with

377

00:15:57,480 --> 00:15:54,910

it so I'm thinking if the Hynek family

378

00:16:00,300 --> 00:15:57,490

is on board with the program

379

00:16:01,800 --> 00:16:00,310

I can't dislike it because of the way

380

00:16:03,389 --> 00:16:01,810

Hynek is portrayed in the program

381

00:16:06,689 --> 00:16:03,399

because the fight the family doesn't

382

00:16:08,040 --> 00:16:06,699

mind and yeah I mean I can I could pick

383

00:16:10,920 --> 00:16:08,050

it apart a night and I've done a little

384

00:16:13,050 --> 00:16:10,930

bit of that the military stuff is really

385

00:16:14,550 --> 00:16:13,060

horrendously portrayed they don't know

386

00:16:16,590 --> 00:16:14,560

how to salute they don't understand

387

00:16:20,009 --> 00:16:16,600

military protocol they don't understand

388

00:16:21,990 --> 00:16:20,019

how things developed in the military all

389

00:16:24,449 --> 00:16:22,000

of that stuff which you could fix

390

00:16:27,679 --> 00:16:24,459

without spending any money at all yeah

391

00:16:32,699 --> 00:16:27,689

this side Alton you know I I fact I told

392

00:16:33,960 --> 00:16:32,709

Arturo in interior Arturo and Terry and

393

00:16:35,519 --> 00:16:33,970

he's the senior vice president for

394

00:16:39,689 --> 00:16:35,529

Scripps the program I told him when I

395

00:16:42,090 --> 00:16:39,699

had him on my show that the general in

396

00:16:44,939 --> 00:16:42,100

it was wearing a Air Force Commendation

397

00:16:47,790 --> 00:16:44,949

Medal I said that didn't come into being

398

00:16:49,379 --> 00:16:47,800

until 1958 so he shouldn't be wearing

399

00:16:51,059 --> 00:16:49,389

that metal and I'm thinking I'm probably

400

00:16:52,530 --> 00:16:51,069

like one of three people that would have

401

00:16:56,429 --> 00:16:52,540

caught that uh-huh

402

00:16:58,079 --> 00:16:56,439

well you know I mean I'm kind of it's

403

00:16:59,819 --> 00:16:58,089

kind of difficult for people to watch

404

00:17:01,439 --> 00:16:59,829

you know any vintage show with me

405

00:17:03,600 --> 00:17:01,449

because I'm a you know I'm an appraiser

406

00:17:05,250 --> 00:17:03,610

and I'm always looking for you know

407

00:17:08,399 --> 00:17:05,260

mistakes and movies I do this all the

408

00:17:10,319 --> 00:17:08,409

time it's just a bad habit and the sets

409

00:17:13,380 --> 00:17:10,329

are pretty good I mean they're they're

410

00:17:16,319 --> 00:17:13,390

kept there they're doing pretty well you

411

00:17:20,069 --> 00:17:16,329

know as far as dating the vintage for

412

00:17:22,980 --> 00:17:20,079

everything else but you know I'm

413

00:17:26,460 --> 00:17:22,990

surprised that they don't have an exact

414

00:17:27,960 --> 00:17:26,470

you know as far as consulting goes when

415

00:17:29,370 --> 00:17:27,970

you're telling me all these different

416

00:17:33,419 --> 00:17:29,380

things in the military they must have

417

00:17:34,500 --> 00:17:33,429

some type of advisor but as it's you

418

00:17:36,870 --> 00:17:34,510

know they're missing some things that

419

00:17:38,700 --> 00:17:36,880

sounds like but it's really not them

420

00:17:41,310 --> 00:17:38,710

it's everybody in Hollywood doesn't

421

00:17:43,409 --> 00:17:41,320

understand military protocol they don't

422

00:17:45,570 --> 00:17:43,419

understand when you salute they don't

423

00:17:46,919 --> 00:17:45,580

the general for example military

424

00:17:48,060 --> 00:17:46,929

protocol says you don't refer to a

425

00:17:50,490 --> 00:17:48,070

general as sir you

426

00:17:51,960 --> 00:17:50,500

in general most people the Miller carry

427

00:17:53,490 --> 00:17:51,970

when they addressing in general they

428

00:17:56,040 --> 00:17:53,500

will say sir I always went out of my way

429

00:17:57,630 --> 00:17:56,050

to say general to them and see if

430

00:18:01,560 --> 00:17:57,640

anybody would get mad at me about that

431

00:18:03,420 --> 00:18:01,570

but I mean if you haven't been in the

432

00:18:04,440 --> 00:18:03,430

military spend time in the military some

433

00:18:06,420 --> 00:18:04,450

of these things are very hard to

434

00:18:08,430 --> 00:18:06,430

understand they the protocol for

435

00:18:09,840 --> 00:18:08,440

saluting for example you don't salute on

436

00:18:11,310 --> 00:18:09,850

the flight line why because there's a

437

00:18:12,870 --> 00:18:11,320

lot of dangerous stuff going on the

438

00:18:14,490 --> 00:18:12,880

flight line and you don't wear your

439

00:18:15,930 --> 00:18:14,500

cover on the flight line meaning your

440

00:18:17,280 --> 00:18:15,940

hat you don't wear it on the flight line

441

00:18:19,230 --> 00:18:17,290

because they blow off and get sucked

442

00:18:21,030 --> 00:18:19,240

into the engines and blow them up yeah

443

00:18:23,070 --> 00:18:21,040

so there's all these little things like

444

00:18:25,920 --> 00:18:23,080

that but but on the other side when you

445

00:18:27,690 --> 00:18:25,930

look at it from a perspective of having

446

00:18:29,370 --> 00:18:27,700

served in military some people do that

447

00:18:31,290 --> 00:18:29,380

sort of thing they don't understand

448

00:18:32,220 --> 00:18:31,300

they're new to the the military or they

449

00:18:34,280 --> 00:18:32,230

forget about it

450

00:18:36,390 --> 00:18:34,290

or they're not used to being around the

451
00:18:39,780 --> 00:18:36,400
aircraft and that sort of thing you know

452
00:18:44,310 --> 00:18:39,790
there were things we did as a pilot we

453
00:18:46,710 --> 00:18:44,320
did that well the best example is I was

454
00:18:48,990 --> 00:18:46,720
a Warrant Officer which is a rank

455
00:18:51,750 --> 00:18:49,000
between the top ranking sergeants and

456
00:18:53,100 --> 00:18:51,760
lowest officers and one day my co-pilot

457
00:18:54,600 --> 00:18:53,110
was the first lieutenant while on the

458
00:18:55,110 --> 00:18:54,610
ground he outranked me but in the

459
00:18:57,450 --> 00:18:55,120
aircraft

460
00:18:59,370 --> 00:18:57,460
I ought ranked him we were flying a

461
00:19:01,830 --> 00:18:59,380
colonel round to check on various flour

462
00:19:03,690 --> 00:19:01,840
supplier support bases and the colonel

463
00:19:05,820 --> 00:19:03,700

refused to talk to me he would talk to

464

00:19:07,320 --> 00:19:05,830

the first lieutenant and the lieutenant

465

00:19:10,350 --> 00:19:07,330

would point to me says he's the aircraft

466

00:19:12,660 --> 00:19:10,360

commander you've got to tell him and so

467

00:19:14,580 --> 00:19:12,670

I mean that's kind of something that is

468

00:19:17,610 --> 00:19:14,590

a little bit bizarre too to aviation

469

00:19:19,110 --> 00:19:17,620

where you would have the junior officer

470

00:19:22,020 --> 00:19:19,120

actually being the aircraft commander

471

00:19:24,780 --> 00:19:22,030

and the senior this more senior officer

472

00:19:27,000 --> 00:19:24,790

being the co-pilot and at one point we

473

00:19:29,790 --> 00:19:27,010

landed outside of fire support base and

474

00:19:31,200 --> 00:19:29,800

I wasn't going to stay out there with

475

00:19:33,480 --> 00:19:31,210

the aircraft because we were outside the

476

00:19:35,430 --> 00:19:33,490

wire and I wasn't a safe place to be so

477

00:19:37,740 --> 00:19:35,440

we walked inside we had the guy who's

478

00:19:39,270 --> 00:19:37,750

sergeant major with us and he saw the

479

00:19:40,350 --> 00:19:39,280

colonel walking to the aircraft he said

480

00:19:41,790 --> 00:19:40,360

we got to hurry you know the Colonel's

481

00:19:45,680 --> 00:19:41,800

going to the aircraft I said he's not

482

00:19:49,080 --> 00:19:45,690

going anyplace without us so you know

483

00:19:51,150 --> 00:19:49,090

but that sort of thing you know I look

484

00:19:54,420 --> 00:19:51,160

for that but I understand that Hollywood

485

00:19:56,190 --> 00:19:54,430

just doesn't get it so I suggested to

486

00:19:57,420 --> 00:19:56,200

him they find a military consultant and

487

00:19:59,100 --> 00:19:57,430

it wouldn't really have to be somebody

488

00:20:00,870 --> 00:19:59,110

that was there all the time they could

489

00:20:01,450 --> 00:20:00,880

do it via Skype call the guy and says

490

00:20:04,210 --> 00:20:01,460

you

491

00:20:07,149 --> 00:20:04,220

form set up properly and that sort of

492

00:20:09,220 --> 00:20:07,159

thing yeah yeah yeah um I wouldn't be

493

00:20:11,620 --> 00:20:09,230

surprised and for the people that don't

494

00:20:15,639 --> 00:20:11,630

know this um if they just they just got

495

00:20:18,279 --> 00:20:15,649

an OK for a season two so yes be going

496

00:20:19,480 --> 00:20:18,289

another season so those out there that

497

00:20:20,159 --> 00:20:19,490

hate you're gonna have to hate it a

498

00:20:23,680 --> 00:20:20,169

little more

499

00:20:25,360 --> 00:20:23,690

well the other thing pointed out is they

500

00:20:27,100 --> 00:20:25,370

didn't know how long the show was going

501
00:20:30,490 --> 00:20:27,110
to last meaning they were gonna go for

502
00:20:32,409 --> 00:20:30,500
10 episodes but if they expanded beyond

503
00:20:34,210 --> 00:20:32,419
that then there were things they could

504
00:20:36,430 --> 00:20:34,220
do but they didn't know that so when

505
00:20:38,409 --> 00:20:36,440
they began they have a character named

506
00:20:41,049 --> 00:20:38,419
Quinn and who he's sort of an ED rupal

507
00:20:42,760 --> 00:20:41,059
type guy and the way it was explained to

508
00:20:44,560 --> 00:20:42,770
me said but we don't we didn't know

509
00:20:46,149 --> 00:20:44,570
where we're gonna go on and if we had

510
00:20:47,440 --> 00:20:46,159
ruled in there at the beginning and then

511
00:20:49,180 --> 00:20:47,450
of course he was only over there for a

512
00:20:51,039 --> 00:20:49,190
short time then we move into like Snyder

513
00:20:54,570 --> 00:20:51,049

and I forget the other guy's name who

514

00:20:56,980 --> 00:20:54,580

were rabidly anti a UFO and or

515

00:20:59,590 --> 00:20:56,990

lackadaisical in the job so they didn't

516

00:21:01,389 --> 00:20:59,600

care so they created this Quinn guy that

517

00:21:04,090 --> 00:21:01,399

tried to take the role of the Air Force

518

00:21:05,830 --> 00:21:04,100

officer running the wood and well

519

00:21:09,340 --> 00:21:05,840

because they're all over the timeframe

520

00:21:11,350 --> 00:21:09,350

as well run the the air force end of it

521

00:21:12,940 --> 00:21:11,360

and then of course Hynek started at the

522

00:21:15,490 --> 00:21:12,950

very beginning and goes up into the

523

00:21:17,409 --> 00:21:15,500

1960s with his consulting work with it

524

00:21:19,870 --> 00:21:17,419

with Project Blue Book but like I said

525

00:21:21,850 --> 00:21:19,880

you know I the other thing I remember is

526

00:21:23,260 --> 00:21:21,860

growing up as a kid my my mother

527

00:21:25,360 --> 00:21:23,270

told me that George Custer had been

528

00:21:27,639 --> 00:21:25,370

promoted to Brigadier General by mistake

529

00:21:29,529 --> 00:21:27,649

and if you go back and you read the

530

00:21:32,200 --> 00:21:29,539

Civil War history you understand no he

531

00:21:36,159 --> 00:21:32,210

wasn't promoted by mistake that the

532

00:21:39,159 --> 00:21:36,169

Academy graduates as the Federal Army

533

00:21:41,380 --> 00:21:39,169

expanded with all these volunteer and

534

00:21:43,539 --> 00:21:41,390

militia regiments that were brought in

535

00:21:46,419 --> 00:21:43,549

from the state states regiments they

536

00:21:49,840 --> 00:21:46,429

were putting active duty officers in

537

00:21:52,539 --> 00:21:49,850

charge and so I think Custer had been a

538

00:21:54,100 --> 00:21:52,549

captain and they from the appointed him

539

00:21:56,590 --> 00:21:54,110

in charge of the Michigan Brigade which

540

00:21:58,299 --> 00:21:56,600

called for a brigadier general so he was

541

00:21:59,860 --> 00:21:58,309

promoted to Brigadier General because he

542

00:22:02,500 --> 00:21:59,870

was now the commander of the Michigan

543

00:22:04,000 --> 00:22:02,510

Brigade the idea that he was promoted by

544

00:22:07,810 --> 00:22:04,010

mistake comes from the movie they died

545

00:22:10,240 --> 00:22:07,820

with their boots on and there was a idea

546

00:22:11,769 --> 00:22:10,250

was the Michigan well he had custard

547

00:22:13,269 --> 00:22:11,779

taking a horse in the in the show taking

548

00:22:15,159 --> 00:22:13,279

a horse and they they were starting a

549

00:22:15,580 --> 00:22:15,169

letter to him you know due to captain

550

00:22:16,779 --> 00:22:15,590

Custer

551

00:22:18,820 --> 00:22:16,789

you know you took the horse bring it

552

00:22:22,840 --> 00:22:18,830

back and they didn't get that far hey so

553

00:22:25,000 --> 00:22:22,850

we need a a brigadier for the Michigan

554

00:22:26,289 --> 00:22:25,010

Brigade so it's the guy just picked up a

555

00:22:28,090 --> 00:22:26,299

piece of paper and started riding on it

556

00:22:30,010 --> 00:22:28,100

and the adjutant signed it and was -

557

00:22:32,980 --> 00:22:30,020

Custer so he he became a brigadier

558

00:22:34,029 --> 00:22:32,990

general by mistake but that's really not

559

00:22:36,970 --> 00:22:34,039

the way it happened in real

560

00:22:38,700 --> 00:22:36,980

honest-to-goodness history yeah so yeah

561

00:22:40,990 --> 00:22:38,710

I mean but the point is you look at the

562

00:22:43,330 --> 00:22:41,000

stories that you see on television you

563

00:22:46,740 --> 00:22:43,340

see or the movies and they're based on

564

00:22:49,810 --> 00:22:46,750

real events they compress it they they

565

00:22:51,940 --> 00:22:49,820

combine characters they switch events

566

00:22:53,889 --> 00:22:51,950

around so it's a much more dramatic

567

00:22:56,350 --> 00:22:53,899

thing and if you look at the project

568

00:22:59,830 --> 00:22:56,360

Bluebook show you you notice they go

569

00:23:02,950 --> 00:22:59,840

from like 1948 with the Gorman sighting

570

00:23:04,539 --> 00:23:02,960

to 1951 which was the Lubbock lights I

571

00:23:07,690 --> 00:23:04,549

think they did oh the flatwood monster

572

00:23:09,250 --> 00:23:07,700

1952 then they're back into 1948 so

573

00:23:12,100 --> 00:23:09,260

their timeline if you're following the

574

00:23:14,139 --> 00:23:12,110

timeline it doesn't work but there's all

575

00:23:16,990 --> 00:23:14,149

events that had to do with Project Blue

576

00:23:19,090 --> 00:23:17,000

Book or the you of official Air Force

577

00:23:22,180 --> 00:23:19,100

investigations you look at all of that

578

00:23:24,310 --> 00:23:22,190

sort of thing and they you're looking at

579

00:23:25,960 --> 00:23:24,320

a drama as opposed to a documentary and

580

00:23:29,529 --> 00:23:25,970

you have to keep that in mind and I

581

00:23:30,850 --> 00:23:29,539

think the people who are really annoyed

582

00:23:32,980 --> 00:23:30,860

about the program are looking we're

583

00:23:35,590 --> 00:23:32,990

looking for a documentary as opposed to

584

00:23:37,470 --> 00:23:35,600

yeah a drama yes yeah that's what that's

585

00:23:42,190 --> 00:23:37,480

what I'm getting out of it as well and

586

00:23:43,750 --> 00:23:42,200

we're going to run to break here and so

587

00:23:47,649 --> 00:23:43,760

this is Martin Willis my guest tonight

588

00:23:54,279 --> 00:23:47,659

is Kevin Randle and we will be right

589

00:23:56,799 --> 00:23:54,289

back all right we are back and my guest

590

00:24:03,190 --> 00:23:56,809

is Kevin Rendell and we are talking

591

00:24:05,649 --> 00:24:03,200

Project Blue Book so Kevin about the you

592

00:24:10,049 --> 00:24:05,659

know people getting bits and pieces of a

593

00:24:13,539 --> 00:24:10,059

real story and I noticed on your website

594

00:24:16,419 --> 00:24:13,549

you go into the details of certain

595

00:24:19,990 --> 00:24:16,429

stories do you think that this is a this

596

00:24:22,750 --> 00:24:20,000

is a in a way also a good thing that

597

00:24:27,070 --> 00:24:22,760

because my personality is if I watch

598

00:24:29,120 --> 00:24:27,080

something on TV or a movie or you know

599

00:24:30,740 --> 00:24:29,130

wherever I watch it

600

00:24:32,570 --> 00:24:30,750

like to do research if I'm really

601
00:24:34,910 --> 00:24:32,580
interested in the topic and interested

602
00:24:37,220 --> 00:24:34,920
in what actually happened of anytime I

603
00:24:38,840 --> 00:24:37,230
see something that's based on you know

604
00:24:41,750 --> 00:24:38,850
fact I want to know the facts so I do

605
00:24:43,670 --> 00:24:41,760
all my research and I love doing that I

606
00:24:45,800 --> 00:24:43,680
don't know if anyone else is like me but

607
00:24:47,180 --> 00:24:45,810
do you think overall that people are

608
00:24:48,770 --> 00:24:47,190
going to be out there you know looking

609
00:24:54,880 --> 00:24:48,780
into the what really happened in these

610
00:24:58,310 --> 00:24:54,890
cases I put up on the blog on my blog

611
00:25:03,680 --> 00:24:58,320
w-w-w-whoa Rendell blog spot.com I snuck

612
00:25:05,090 --> 00:25:03,690
it in there I I you know the story you

613
00:25:06,610 --> 00:25:05,100

can figure out what case they're really

614

00:25:10,760 --> 00:25:06,620

talking about even though they don't

615

00:25:13,340 --> 00:25:10,770

like the Gorman dog fight that was they

616

00:25:15,620 --> 00:25:13,350

called it the fuller fuller was the name

617

00:25:18,500 --> 00:25:15,630

of the pilot and so I put up on my blog

618

00:25:20,560 --> 00:25:18,510

the real facts as it developed out of

619

00:25:22,700 --> 00:25:20,570

that specific case and some of the

620

00:25:25,310 --> 00:25:22,710

explanations have gone longer but I know

621

00:25:28,790 --> 00:25:25,320

that people have come to the blog to

622

00:25:33,170 --> 00:25:28,800

look at that and yet the story as it

623

00:25:35,120 --> 00:25:33,180

truly transpired and I think that's one

624

00:25:36,650 --> 00:25:35,130

of the things I thought was was a good

625

00:25:38,690 --> 00:25:36,660

thing for it it gets people interested

626
00:25:41,120 --> 00:25:38,700
in UFOs and I'm the same way if I see

627
00:25:44,090 --> 00:25:41,130
something on television or I read

628
00:25:45,860 --> 00:25:44,100
something like that I go to various

629
00:25:47,840 --> 00:25:45,870
sources to see if I can figure out what

630
00:25:50,120 --> 00:25:47,850
the real story is and where we are on on

631
00:25:52,220 --> 00:25:50,130
on that so I think we're bringing people

632
00:25:53,540 --> 00:25:52,230
into the UFO field who may not have been

633
00:25:55,010 --> 00:25:53,550
interested in saying well this is based

634
00:25:57,350 --> 00:25:55,020
on real facts what are the real facts

635
00:25:59,750 --> 00:25:57,360
and if they look at at the end of the

636
00:26:01,460 --> 00:25:59,760
program it they take like 30 seconds to

637
00:26:03,560 --> 00:26:01,470
give you some of the real facts but if

638
00:26:05,930 --> 00:26:03,570

you don't catch that and it and it's

639

00:26:07,700 --> 00:26:05,940

very very minimal what you get so if you

640

00:26:09,500 --> 00:26:07,710

type in Lubbock lights for example I

641

00:26:11,620 --> 00:26:09,510

think you come to my blog or you go to a

642

00:26:14,450 --> 00:26:11,630

lot of other sites that can give you a

643

00:26:16,430 --> 00:26:14,460

more expanded explanation of what the

644

00:26:18,560 --> 00:26:16,440

Lubbock lights case was really all about

645

00:26:23,420 --> 00:26:18,570

so I think it's a good thing and that

646

00:26:25,310 --> 00:26:23,430

we're they are able to interest people

647

00:26:26,690 --> 00:26:25,320

in you follows you who may not have

648

00:26:28,730 --> 00:26:26,700

taken an interest in it before the

649

00:26:30,110 --> 00:26:28,740

program aired on air and we should make

650

00:26:31,700 --> 00:26:30,120

it we should make a point here that when

651
00:26:33,950 --> 00:26:31,710
we say project Bluebook we're talking

652
00:26:35,960 --> 00:26:33,960
about the television series as opposed

653
00:26:37,580 --> 00:26:35,970
to the actual air force investigation

654
00:26:39,800 --> 00:26:37,590
which was also called cleverly called

655
00:26:42,480 --> 00:26:39,810
Project Blue Book so you know there

656
00:26:46,880 --> 00:26:42,490
there is a distinction there right

657
00:26:52,470 --> 00:26:46,890
right and when when project Bluebook

658
00:26:54,660 --> 00:26:52,480
ended and and you know uh as far as we

659
00:26:59,640 --> 00:26:54,670
know you know there's bits and pieces of

660
00:27:00,870 --> 00:26:59,650
the files out there does anyone happen

661
00:27:04,140 --> 00:27:00,880
to know or do you happen to know if

662
00:27:06,600 --> 00:27:04,150
there's if they destroyed a lot of their

663
00:27:09,360 --> 00:27:06,610

files or perhaps or archived somewhere

664

00:27:13,140 --> 00:27:09,370

do you know any of that that situation I

665

00:27:18,020 --> 00:27:13,150

know everything that's why you're in the

666

00:27:20,400 --> 00:27:18,030

show yeah absolutely what happened is

667

00:27:22,740 --> 00:27:20,410

that as they were cleaning out the

668

00:27:24,690 --> 00:27:22,750

offices in 1969 I interviewed a guy

669

00:27:26,370 --> 00:27:24,700

named Carmen Morano who was technically

670

00:27:28,650 --> 00:27:26,380

the last officer in charge a blue book

671

00:27:31,440 --> 00:27:28,660

and it kind of devolved to him he was a

672

00:27:32,760 --> 00:27:31,450

first lieutenant and his job was to get

673

00:27:35,040 --> 00:27:32,770

rid of the stuff and he thought a lot of

674

00:27:38,490 --> 00:27:35,050

it should be saved so he saved it

675

00:27:40,260 --> 00:27:38,500

himself other and they did put it

676
00:27:43,080 --> 00:27:40,270
together into an archive it went to

677
00:27:44,400 --> 00:27:43,090
Maxwell Air Force Base which was the Air

678
00:27:47,430 --> 00:27:44,410
Force and Archives was there at one

679
00:27:49,320 --> 00:27:47,440
point and probably still there and then

680
00:27:52,799 --> 00:27:49,330
it went to the National Archives what we

681
00:27:54,720 --> 00:27:52,809
what happened was they had all of this

682
00:27:56,700 --> 00:27:54,730
material Jack Webb was going to do a

683
00:27:59,220 --> 00:27:56,710
program called Project UFO which is

684
00:28:05,130 --> 00:27:59,230
essentially Project Blue Book and he

685
00:28:07,830 --> 00:28:05,140
paid to have the the files microfilm

686
00:28:10,470 --> 00:28:07,840
so Air Force officers went through them

687
00:28:12,360 --> 00:28:10,480
and took out the names of everybody it

688
00:28:14,340 --> 00:28:12,370

redacted an awful lot of this stuff I

689

00:28:16,110 --> 00:28:14,350

had been to the Project Blue Book files

690

00:28:17,100 --> 00:28:16,120

at Maxwell Air Force Base right after

691

00:28:20,130 --> 00:28:17,110

they're released and that hadn't

692

00:28:22,169 --> 00:28:20,140

happened yet files weren't redacted one

693

00:28:23,549 --> 00:28:22,179

of the things that Bob Cornett I'd gone

694

00:28:26,000 --> 00:28:23,559

down there with a friend of mine Bob

695

00:28:28,919 --> 00:28:26,010

Cornett and I did was we wrote down all

696

00:28:30,990 --> 00:28:28,929

the cases all the unidentifieds

697

00:28:33,450 --> 00:28:31,000

with the names we could put the names

698

00:28:35,520 --> 00:28:33,460

back into the kit unidentified cases if

699

00:28:36,810 --> 00:28:35,530

you look at the case files on some of

700

00:28:38,310 --> 00:28:36,820

them some of the cases they'll be

701
00:28:39,900 --> 00:28:38,320
newspaper clippings at the end those

702
00:28:42,330 --> 00:28:39,910
were redacted so you could put the names

703
00:28:44,370 --> 00:28:42,340
back there and the best one I saw was

704
00:28:46,500 --> 00:28:44,380
they had done an interview with Kenneth

705
00:28:47,730 --> 00:28:46,510
Arnold about his sighting it was a

706
00:28:49,169 --> 00:28:47,740
telephone interview and they had the

707
00:28:51,450 --> 00:28:49,179
initials of the office here in Kenneth

708
00:28:53,640 --> 00:28:51,460
Arnold ka they'd gone through and they

709
00:28:55,919 --> 00:28:53,650
had crossed out all the KS throughout

710
00:28:58,409 --> 00:28:55,929
the entire transcript and

711
00:29:01,440 --> 00:28:58,419
the front page in letters that had to be

712
00:29:05,039 --> 00:29:01,450
a half inch high grease pencil pencil it

713
00:29:07,109 --> 00:29:05,049

said Arnold case so you knew what it was

714

00:29:08,369 --> 00:29:07,119

all about right the point simply is to

715

00:29:10,350 --> 00:29:08,379

answer your question yeah the stuff was

716

00:29:12,029 --> 00:29:10,360

say Carmen Miranda saved a lot of stuff

717

00:29:16,320 --> 00:29:12,039

that was not classified that had been

718

00:29:17,700 --> 00:29:16,330

used by various individuals and desk

719

00:29:19,470 --> 00:29:17,710

drawers as opposed to the official

720

00:29:20,970 --> 00:29:19,480

filing cabinets the stuff has all been

721

00:29:22,409 --> 00:29:20,980

micro films you can find it on the

722

00:29:24,749 --> 00:29:22,419

Internet I've got a complete set of the

723

00:29:27,090 --> 00:29:24,759

micro films and I've got pretty much the

724

00:29:29,820 --> 00:29:27,100

whole thing on digital copy as well so I

725

00:29:32,580 --> 00:29:29,830

can search stuff pretty easily full

726

00:29:36,450 --> 00:29:32,590

three has the stuff they're full three

727

00:29:38,999 --> 00:29:36,460

is a history site you can join for free

728

00:29:41,489 --> 00:29:39,009

and access the Project Blue Book files

729

00:29:44,279 --> 00:29:41,499

because they're they're public records

730

00:29:46,369 --> 00:29:44,289

so you can access there so you can see a

731

00:29:52,080 --> 00:29:46,379

lot of the stuff so the stuff is there

732

00:29:56,430 --> 00:29:52,090

Morano away the interesting story a guy

733

00:29:59,519 --> 00:29:56,440

named Rob Mercer oh you go to would go

734

00:30:02,279 --> 00:29:59,529

to Craigslist to look to see if anybody

735

00:30:04,830 --> 00:30:02,289

put any UFO stuff up and he found

736

00:30:06,539 --> 00:30:04,840

somebody he was selling a box of Project

737

00:30:08,190 --> 00:30:06,549

Blue Book material and he spent the

738

00:30:12,239 --> 00:30:08,200

hundred dollars to see what it was and

739

00:30:14,759 --> 00:30:12,249

it was most of the files duplicate files

740

00:30:20,700 --> 00:30:14,769

of the Lonnie Zamora sighting from

741

00:30:23,220 --> 00:30:20,710

Socorro of 1964 and he talked to the guy

742

00:30:25,320 --> 00:30:23,230

who who'd found the box he said the I

743

00:30:27,810 --> 00:30:25,330

had said well I was at a garage sale I

744

00:30:29,669 --> 00:30:27,820

was buying this would they I paid him

745

00:30:33,450 --> 00:30:29,679

that they told me to clean it out and I

746

00:30:35,399 --> 00:30:33,460

came to this box of UFO stuff they

747

00:30:37,019 --> 00:30:35,409

didn't know who bought or anything else

748

00:30:39,029 --> 00:30:37,029

so I'd put it up on ebay Mercer bought

749

00:30:41,100 --> 00:30:39,039

it Mercer through a wonderful piece of

750

00:30:43,379 --> 00:30:41,110

detective work was able to trace the box

751
00:30:46,080 --> 00:30:43,389
back to the house learned who to own the

752
00:30:48,450 --> 00:30:46,090
house which was Carmen Morano the last

753
00:30:50,820 --> 00:30:48,460
guy to be in charge of Project Blue Book

754
00:30:52,379 --> 00:30:50,830
traced him to his home and talked to him

755
00:30:54,989 --> 00:30:52,389
and found out there was additional stuff

756
00:30:56,850 --> 00:30:54,999
that Morano had saved hadn't looked at

757
00:30:58,409 --> 00:30:56,860
it in decades he said you can have it if

758
00:31:01,019 --> 00:30:58,419
you want so Mercer I got all of this

759
00:31:04,109 --> 00:31:01,029
stuff but the interesting thing is so

760
00:31:07,019 --> 00:31:04,119
you can compare the I guess you can say

761
00:31:08,820 --> 00:31:07,029
sort of the unofficial documents from

762
00:31:09,660 --> 00:31:08,830
Blue Book with the official files and

763
00:31:10,980 --> 00:31:09,670

see where they're again

764

00:31:12,990 --> 00:31:10,990

somewhere there are changes and things

765

00:31:14,700 --> 00:31:13,000

like that but the the that's a

766

00:31:17,250 --> 00:31:14,710

long-winded to say yeah the project

767

00:31:18,750 --> 00:31:17,260

Bluebook stuff exists and I think most

768

00:31:20,340 --> 00:31:18,760

of it exists I don't think they got a

769

00:31:22,470 --> 00:31:20,350

lot rid of a lot of it they got a rid of

770

00:31:25,530 --> 00:31:22,480

some of the stuff in the beginning we

771

00:31:29,750 --> 00:31:25,540

know based on correspondence we know

772

00:31:34,980 --> 00:31:29,760

based on testimony for example that in

773

00:31:36,420 --> 00:31:34,990

1947 1946 1947 the US government the US

774

00:31:40,050 --> 00:31:36,430

military was interested in the ghost

775

00:31:42,360 --> 00:31:40,060

rockets in over over Scandinavia and

776

00:31:44,070 --> 00:31:42,370

they gathered a lot of that material it

777

00:31:46,290 --> 00:31:44,080

does not appear in the project Bluebook

778

00:31:48,360 --> 00:31:46,300

files although there are references to

779

00:31:49,920 --> 00:31:48,370

it in the Bluebook files so at some

780

00:31:53,790 --> 00:31:49,930

point they took out and destroyed all

781

00:31:56,490 --> 00:31:53,800

that material about the ghost rockets

782

00:31:58,740 --> 00:31:56,500

and this was done probably early on in

783

00:32:02,400 --> 00:31:58,750

the investigation there are other things

784

00:32:05,670 --> 00:32:02,410

there are cases referenced in the final

785

00:32:07,500 --> 00:32:05,680

reports of sign and grudge but the cases

786

00:32:08,670 --> 00:32:07,510

aren't in the project Bluebook files and

787

00:32:10,110 --> 00:32:08,680

there's nothing about them in the blue

788

00:32:12,120 --> 00:32:10,120

book files yet they're referenced in

789

00:32:14,100 --> 00:32:12,130

these the grudge reports so you know

790

00:32:15,480 --> 00:32:14,110

there were documents created about that

791

00:32:17,580 --> 00:32:15,490

and the documents have since disappeared

792

00:32:20,070 --> 00:32:17,590

and if you go through the index of

793

00:32:21,870 --> 00:32:20,080

project Bluebook there's any especially

794

00:32:23,850 --> 00:32:21,880

in the beginning there's a lot of files

795

00:32:26,310 --> 00:32:23,860

that say case missing case missing case

796

00:32:28,320 --> 00:32:26,320

missing so at some point they had

797

00:32:31,440 --> 00:32:28,330

cleaned the files out to get to purge

798

00:32:32,940 --> 00:32:31,450

them and that material is gone gone

799

00:32:34,620 --> 00:32:32,950

forever although we you know there's

800

00:32:35,880 --> 00:32:34,630

hints to where the case was and the date

801
00:32:39,840 --> 00:32:35,890
of the case so we can kind of go back

802
00:32:43,470 --> 00:32:39,850
and put some of that stuff together now

803
00:32:46,380 --> 00:32:43,480
for the I think it would be kind of fun

804
00:32:48,870 --> 00:32:46,390
to do this this one thing for the

805
00:32:52,250 --> 00:32:48,880
listener out there that actually watched

806
00:32:55,950 --> 00:32:52,260
the show on say the flatwoods monster

807
00:32:57,780 --> 00:32:55,960
and and talk about the the differences I

808
00:33:00,030 --> 00:32:57,790
know that you wrote a blog about this so

809
00:33:02,370 --> 00:33:00,040
if you wouldn't mind touch on some of

810
00:33:05,900 --> 00:33:02,380
the differences between what the show

811
00:33:08,130 --> 00:33:05,910
portrayed and what actually happened

812
00:33:10,740 --> 00:33:08,140
well the one thing that bothered me most

813
00:33:13,950 --> 00:33:10,750

about that was that you seem to have the

814

00:33:15,900 --> 00:33:13,960

townspeople up in arms like the farmers

815

00:33:17,970 --> 00:33:15,910

or the townspeople in a Frankenstein

816

00:33:20,280 --> 00:33:17,980

movie you know they got their torches

817

00:33:22,440 --> 00:33:20,290

and pitchforks they're storming the

818

00:33:23,460 --> 00:33:22,450

castle because dr. Frankenstein has

819

00:33:25,529 --> 00:33:23,470

created this month

820

00:33:27,629 --> 00:33:25,539

and you get this sort of idea in the

821

00:33:28,860 --> 00:33:27,639

flatwoods case that the the people are

822

00:33:31,019 --> 00:33:28,870

there were there shotguns and they're

823

00:33:32,789 --> 00:33:31,029

really annoyed about the story of the

824

00:33:37,830 --> 00:33:32,799

monster well that never really happened

825

00:33:39,240 --> 00:33:37,840

the townspeople did come to Kathleen

826

00:33:41,909 --> 00:33:39,250

Mae's house she was one of the people

827

00:33:43,080 --> 00:33:41,919

involved in seeing the thing and to talk

828

00:33:45,149 --> 00:33:43,090

to her and then they went out and

829

00:33:47,039 --> 00:33:45,159

searched for the monster from that point

830

00:33:49,110 --> 00:33:47,049

but there was no kind of conflict

831

00:33:50,789 --> 00:33:49,120

between the townspeople and the people

832

00:33:52,980 --> 00:33:50,799

who had seen the UFO that was the one

833

00:33:55,470 --> 00:33:52,990

thing that really bothered me about it

834

00:33:57,110 --> 00:33:55,480

the explanation they come up with the

835

00:34:00,180 --> 00:33:57,120

and the air force shows well it's an owl

836

00:34:02,310 --> 00:34:00,190

with the big eyes on a tree that had

837

00:34:03,810 --> 00:34:02,320

been kind of burned by something and

838

00:34:05,580 --> 00:34:03,820

that was kind of the air force

839

00:34:07,409 --> 00:34:05,590

explanation and the way they showed it

840

00:34:09,690 --> 00:34:07,419

in the program kind of made sense

841

00:34:12,210 --> 00:34:09,700

because it really did sort of look like

842

00:34:14,639 --> 00:34:12,220

a monster but it really was an owl in a

843

00:34:18,149 --> 00:34:14,649

tree I'm not sure that that's a

844

00:34:20,069 --> 00:34:18,159

legitimate explanation but then but they

845

00:34:21,599 --> 00:34:20,079

they take they take a lot of liberties

846

00:34:23,790 --> 00:34:21,609

with the case you know they change the

847

00:34:25,889 --> 00:34:23,800

name of the people obviously I think at

848

00:34:27,659 --> 00:34:25,899

the end of that case somebody committed

849

00:34:30,210 --> 00:34:27,669

suicide because they wouldn't listen to

850

00:34:32,099 --> 00:34:30,220

her she jumped out of the hospital

851
00:34:34,200 --> 00:34:32,109
mm-hmm and that sort of thing that those

852
00:34:37,369 --> 00:34:34,210
things didn't happen but we're also

853
00:34:39,930 --> 00:34:37,379
they're also creating a drama here and

854
00:34:42,990 --> 00:34:39,940
you know I was I thought that was a

855
00:34:46,980 --> 00:34:43,000
little bit over the top but it was part

856
00:34:48,300 --> 00:34:46,990
of the drama so I you know the case was

857
00:34:50,190 --> 00:34:48,310
you really didn't have the conflict

858
00:34:51,809 --> 00:34:50,200
between the townspeople there was a

859
00:34:53,760 --> 00:34:51,819
certain amount of ridicule directed at

860
00:34:55,950 --> 00:34:53,770
the people that saw the UFO or though or

861
00:34:58,680 --> 00:34:55,960
what at the monster that sort of thing

862
00:35:00,920 --> 00:34:58,690
but you get that in any UFO case now

863
00:35:03,900 --> 00:35:00,930

there's a great deal of ridicule

864

00:35:06,000 --> 00:35:03,910

directed at people who report that sort

865

00:35:09,569 --> 00:35:06,010

of thing you know and you look at the

866

00:35:11,250 --> 00:35:09,579

mainstream media and their idea is and

867

00:35:14,640 --> 00:35:11,260

it's changing now I I see them being

868

00:35:15,960 --> 00:35:14,650

much more consistent with their

869

00:35:18,180 --> 00:35:15,970

reporting much more accurate with the

870

00:35:20,309 --> 00:35:18,190

reporting it but for the longest time it

871

00:35:22,980 --> 00:35:20,319

was the idea that I'm too sophisticated

872

00:35:25,079 --> 00:35:22,990

to believe in flying saucers but I'll

873

00:35:27,809 --> 00:35:25,089

let you ramble on and then I'll make fun

874

00:35:30,589 --> 00:35:27,819

of you and when we're done here and you

875

00:35:32,760 --> 00:35:30,599

would see that in the local media doing

876

00:35:34,290 --> 00:35:32,770

UFO stories and that sort of thing and

877

00:35:36,990 --> 00:35:34,300

the one that really cracked me up was

878

00:35:38,820 --> 00:35:37,000

these two guys in New Jersey

879

00:35:40,620 --> 00:35:38,830

tried to create a UFO sighting by

880

00:35:43,230 --> 00:35:40,630

attaching flares to a balloon because

881

00:35:45,690 --> 00:35:43,240

you wanted to believe wanted to believe to

882

00:35:47,250 --> 00:35:45,700

prove that UFO investigators and

883

00:35:48,480 --> 00:35:47,260

researchers were credulous and the

884

00:35:50,910 --> 00:35:48,490

witnesses didn't know what they talked

885

00:35:52,620 --> 00:35:50,920

about and when you watch the stories as

886

00:35:54,650 --> 00:35:52,630

they unfolded on the TV you'd see the

887

00:35:56,970 --> 00:35:54,660

witnesses actually being very credible

888

00:35:58,950 --> 00:35:56,980

explaining exactly what they see he saw

889

00:36:00,780 --> 00:35:58,960

a reporter at one point saying well the

890

00:36:02,460 --> 00:36:00,790

UFO seems to be its lights seemed to be

891

00:36:03,480 --> 00:36:02,470

flashing and the and the woman they

892

00:36:04,740 --> 00:36:03,490

weren't ever you said no no it was

893

00:36:07,170 --> 00:36:04,750

passing behind a tree and it was

894

00:36:08,550 --> 00:36:07,180

wintertime and at nighttime so you

895

00:36:10,080 --> 00:36:08,560

didn't really see the tree but you saw

896

00:36:11,700 --> 00:36:10,090

the lights blinking and she was able to

897

00:36:12,930 --> 00:36:11,710

explain what that was I thought well

898

00:36:14,190 --> 00:36:12,940

that's very good she's explaining

899

00:36:15,900 --> 00:36:14,200

exactly what was going on

900

00:36:18,180 --> 00:36:15,910

and these two guys were attempting to

901
00:36:21,090 --> 00:36:18,190
him to create this but the one that got

902
00:36:22,710 --> 00:36:21,100
to me was the reporter going to a little

903
00:36:24,660 --> 00:36:22,720
girl eating a lollipop and says what do

904
00:36:26,430 --> 00:36:24,670
you think about the aliens I thinking

905
00:36:27,930 --> 00:36:26,440
nobody said a word about aliens nobody

906
00:36:29,460 --> 00:36:27,940
said a word about anything and you then

907
00:36:31,950 --> 00:36:29,470
the person you go interview with some

908
00:36:34,050 --> 00:36:31,960
seven-year-old girl with a lollipop you

909
00:36:35,580 --> 00:36:34,060
can't it can't interview a UFO research

910
00:36:36,930 --> 00:36:35,590
you can't interview the witnesses but we

911
00:36:39,560 --> 00:36:36,940
can find a little girl with a lollipop

912
00:36:43,490 --> 00:36:39,570
but the idea of aliens in her hand but

913
00:36:45,930 --> 00:36:43,500

but I I see I see we getting much more

914

00:36:50,190 --> 00:36:45,940

legitimate reporting now the New York

915

00:36:54,870 --> 00:36:50,200

Times was very kind to the announcement

916

00:36:56,280 --> 00:36:54,880

about Blink 182's UFO investigation I

917

00:36:58,920 --> 00:36:56,290

mean they treated it with as a

918

00:37:02,340 --> 00:36:58,930

legitimate story and I see more of that

919

00:37:04,200 --> 00:37:02,350

going on in today's world yeah yeah I

920

00:37:06,900 --> 00:37:04,210

think a lot has changed in just you know

921

00:37:10,080 --> 00:37:06,910

since you know the pentagon article came

922

00:37:13,230 --> 00:37:10,090

out it just seems so much more

923

00:37:17,430 --> 00:37:13,240

I don't know easy to talk about you know

924

00:37:20,420 --> 00:37:17,440

I spent the last weekend with a on an

925

00:37:22,500 --> 00:37:20,430

island with the some of the friends

926
00:37:25,110 --> 00:37:22,510
next-door neighbor of some friends I was

927
00:37:28,530 --> 00:37:25,120
visiting and he was a he was a

928
00:37:30,000 --> 00:37:28,540
commercial pilot with a 55,000 hours a

929
00:37:32,400 --> 00:37:30,010
lot of international flights and all

930
00:37:34,380 --> 00:37:32,410
that and you know I got up the courage

931
00:37:37,110 --> 00:37:34,390
to ask him if he had ever seen anything

932
00:37:39,150 --> 00:37:37,120
unusual and you know he basically went

933
00:37:41,700 --> 00:37:39,160
into a couple of near crash stories and

934
00:37:44,340 --> 00:37:41,710
stuff like that but uh I still have a

935
00:37:47,040 --> 00:37:44,350
you know under a certain mixture of

936
00:37:49,110 --> 00:37:47,050
companies of you know kind of a hard

937
00:37:50,640 --> 00:37:49,120
time you know bringing up hey do you

938
00:37:51,870 --> 00:37:50,650

know what do you think about UFO

939

00:37:54,390 --> 00:37:51,880

sometimes I feel comfortable with

940

00:37:56,250 --> 00:37:54,400

someone and can say it and but it's it's

941

00:38:00,960 --> 00:37:56,260

still a little bit of that you know that

942

00:38:03,180 --> 00:38:00,970

pressure not to go there well when we

943

00:38:06,480 --> 00:38:03,190

deployed to Iraq I mean almost everybody

944

00:38:09,090 --> 00:38:06,490

knew that was the UFO guy yeah but but

945

00:38:10,380 --> 00:38:09,100

the questions were legitimate and there

946

00:38:12,570 --> 00:38:10,390

were interest in what I had to say it

947

00:38:14,310 --> 00:38:12,580

wasn't anybody really making fun of what

948

00:38:15,870 --> 00:38:14,320

I was doing and it might have been one

949

00:38:17,430 --> 00:38:15,880

of two reasons one is because they were

950

00:38:19,230 --> 00:38:17,440

highly interested in what I had to say

951
00:38:22,770 --> 00:38:19,240
or I was one of the senior officers in

952
00:38:25,050 --> 00:38:22,780
the battalion uh-huh so they they they

953
00:38:27,000 --> 00:38:25,060
were a little bit intimidated by but

954
00:38:30,360 --> 00:38:27,010
what are the interesting thing is while

955
00:38:33,000 --> 00:38:30,370
in Iraq we had satellite feeds you know

956
00:38:35,490 --> 00:38:33,010
satellite television and they they we

957
00:38:37,170 --> 00:38:35,500
got the History Channel and a couple of

958
00:38:38,820 --> 00:38:37,180
guys a couple the NCOs came up to me one

959
00:38:41,910 --> 00:38:38,830
day one know if I'd had if I had a

960
00:38:43,500 --> 00:38:41,920
brother and I said why and so what we

961
00:38:45,240 --> 00:38:43,510
would watch in this program on history

962
00:38:46,770 --> 00:38:45,250
the other day there was a guy who with

963
00:38:49,140 --> 00:38:46,780

the same last name it looks an awful lot

964

00:38:52,980 --> 00:38:49,150

like you and I said yeah I would be

965

00:38:56,640 --> 00:38:52,990

about 10 years ago so they had seen that

966

00:38:58,620 --> 00:38:56,650

but you know inside the inside that that

967

00:39:00,210 --> 00:38:58,630

community if somebody had a question

968

00:39:01,590 --> 00:39:00,220

about it they would ask me and I would I

969

00:39:04,140 --> 00:39:01,600

would answer the question as best I

970

00:39:08,250 --> 00:39:04,150

could about what UFOs were nobody seemed

971

00:39:10,530 --> 00:39:08,260

to be really taken aback by by my

972

00:39:12,810 --> 00:39:10,540

interest in that topic we had another

973

00:39:15,360 --> 00:39:12,820

guy who is very interested in NASCAR so

974

00:39:17,970 --> 00:39:15,370

he became the nascar guy and so I was

975

00:39:19,830 --> 00:39:17,980

just people had an expertise that they

976

00:39:21,150 --> 00:39:19,840

brought to their military service and

977

00:39:23,490 --> 00:39:21,160

people who are interested in it would

978

00:39:25,170 --> 00:39:23,500

approach them to ask questions now that

979

00:39:26,370 --> 00:39:25,180

I didn't ask you this if you if you were

980

00:39:30,150 --> 00:39:26,380

private do you think you would have been

981

00:39:32,070 --> 00:39:30,160

treated differently given no I don't

982

00:39:33,960 --> 00:39:32,080

think so mmm-hmm I think it was I think

983

00:39:38,100 --> 00:39:33,970

was just an interest in what was going

984

00:39:40,080 --> 00:39:38,110

on and I'll think in the military we

985

00:39:42,120 --> 00:39:40,090

respect those who have the knowledge

986

00:39:45,330 --> 00:39:42,130

regardless of the rank that they hold

987

00:39:48,330 --> 00:39:45,340

and I noticed that when we came back to

988

00:39:51,270 --> 00:39:48,340

the United States there was a specialist

989

00:39:55,980 --> 00:39:51,280

who had worked in the joint operation

990

00:39:58,950 --> 00:39:55,990

center for many many years and if there

991

00:40:01,080 --> 00:39:58,960

was a question about protocols they

992

00:40:02,610 --> 00:40:01,090

would ask him the question he was you

993

00:40:04,819 --> 00:40:02,620

know any for very low ranking enlisted

994

00:40:07,230 --> 00:40:04,829

man and you'd have made

995

00:40:09,000 --> 00:40:07,240

asking him questions about the specific

996

00:40:11,910 --> 00:40:09,010

protocols because he was the subject

997

00:40:13,380 --> 00:40:11,920

matter expert and now that's the I was

998

00:40:15,030 --> 00:40:13,390

the kind of the big catchphrase in the

999

00:40:16,950 --> 00:40:15,040

military for a while there was subject

1000

00:40:19,770 --> 00:40:16,960

matter matter expert who's your subject

1001

00:40:23,220 --> 00:40:19,780

matter expert and you go to that person

1002

00:40:26,339 --> 00:40:23,230

and ask the questions because he or she

1003

00:40:28,890 --> 00:40:26,349

should have those answers and the rank

1004

00:40:30,870 --> 00:40:28,900

didn't really factor into that much

1005

00:40:33,510 --> 00:40:30,880

because this was the person who had them

1006

00:40:35,940 --> 00:40:33,520

had the answers sometimes the subject

1007

00:40:38,160 --> 00:40:35,950

matter expert happened to be a major or

1008

00:40:39,599 --> 00:40:38,170

a captain or a colonel

1009

00:40:42,390 --> 00:40:39,609

and sometimes it happened to be a

1010

00:40:43,910 --> 00:40:42,400

sergeant or a specialist or a private I

1011

00:40:45,780 --> 00:40:43,920

don't remember any privates but to me a

1012

00:40:50,309 --> 00:40:45,790

specialist was the one that popped into

1013

00:40:52,589 --> 00:40:50,319

my mind because I I had seen officers

1014

00:40:55,620 --> 00:40:52,599

asking him specific protocol questions

1015

00:40:58,500 --> 00:40:55,630

and how to move forward in a specific

1016

00:40:59,819 --> 00:40:58,510

task to get it done right so and he

1017

00:41:02,069 --> 00:40:59,829

would explain you know here's what we

1018

00:41:04,980 --> 00:41:02,079

need to do mm-hmm

1019

00:41:06,930 --> 00:41:04,990

I've been having I had a couple shows

1020

00:41:10,380 --> 00:41:06,940

kind of focused on the the Nimitz case

1021

00:41:13,880 --> 00:41:10,390

and I also have Kevin day who was the

1022

00:41:17,010 --> 00:41:13,890

radar operator coming up in a few weeks

1023

00:41:19,079 --> 00:41:17,020

and hopefully another witness he said he

1024

00:41:21,030 --> 00:41:19,089

would try to get me another witness to

1025

00:41:25,740 --> 00:41:21,040

what was going on there but you know the

1026

00:41:27,240 --> 00:41:25,750

military military encounters to me are

1027

00:41:32,339 --> 00:41:27,250

fascinating and you being a military

1028

00:41:35,790 --> 00:41:32,349

person you know do you think that there

1029

00:41:37,319 --> 00:41:35,800

is a lot more happening that you know I

1030

00:41:39,990 --> 00:41:37,329

mean it seems to me now that I've had

1031

00:41:41,640 --> 00:41:40,000

five or six military people on my show

1032

00:41:45,140 --> 00:41:41,650

that I've talked about you know some

1033

00:41:48,240 --> 00:41:45,150

type of encounter and I don't know if

1034

00:41:50,569 --> 00:41:48,250

you know because people are a lot of

1035

00:41:54,720 --> 00:41:50,579

people are out in the elements is that

1036

00:41:56,520 --> 00:41:54,730

one of the reasons why they see you know

1037

00:41:58,410 --> 00:41:56,530

possibly see UFOs or do you think

1038

00:42:01,050 --> 00:41:58,420

there's a connection any type of

1039

00:42:03,839 --> 00:42:01,060

connection with a military and UFO

1040

00:42:05,339 --> 00:42:03,849

encounters one thing you have to

1041

00:42:07,200 --> 00:42:05,349

remember if you're outside you're

1042

00:42:09,720 --> 00:42:07,210

probably more likely to see one than if

1043

00:42:14,809 --> 00:42:09,730

you're inside looking or looking down at

1044

00:42:18,210 --> 00:42:14,819

your cell phone right yeah but yeah but

1045

00:42:18,579 --> 00:42:18,220

when I well I talked to a few people

1046

00:42:21,849 --> 00:42:18,589

that were

1047

00:42:24,729 --> 00:42:21,859

evolved in in sightings and some of them

1048

00:42:27,339 --> 00:42:24,739

were kind of funny I talking to a

1049

00:42:29,469 --> 00:42:27,349

colonel about the Kinross disappearance

1050

00:42:31,150 --> 00:42:29,479

and the first thing he said to me as

1051

00:42:33,910 --> 00:42:31,160

well let me tell you a story and he said

1052

00:42:36,729 --> 00:42:33,920

we were flying up toward Canton and we

1053

00:42:38,709 --> 00:42:36,739

saw this glow on the horizon we thought

1054

00:42:40,299 --> 00:42:38,719

it was the moon coming up and as we got

1055

00:42:41,620 --> 00:42:40,309

closer we realized it's not the moon

1056

00:42:42,849 --> 00:42:41,630

because the moon was in a different part

1057

00:42:44,920 --> 00:42:42,859

of the sky and there was this orange

1058

00:42:46,029 --> 00:42:44,930

glow that really bothered us till we got

1059

00:42:50,410 --> 00:42:46,039

close to enough discovered it was a

1060

00:42:52,209 --> 00:42:50,420

horse fire and so you know they got to

1061

00:42:55,089 --> 00:42:52,219

the point where you know they're talking

1062

00:42:56,979 --> 00:42:55,099

UFO but they've got an explanation right

1063

00:43:00,249 --> 00:42:56,989

the other the other story told me is not

1064

00:43:04,029 --> 00:43:00,259

Kinross and that's the the f-89 that

1065

00:43:07,150 --> 00:43:04,039

disappeared off radar the the object the

1066

00:43:08,319 --> 00:43:07,160

UFO blip and the f-89 blip merged and

1067

00:43:10,209 --> 00:43:08,329

everybody thought well they flew over it

1068

00:43:12,910 --> 00:43:10,219

or under it's that sort of thing but the

1069

00:43:15,640 --> 00:43:12,920

blips never separated in the single blip

1070

00:43:17,920 --> 00:43:15,650

left so what happened to the f-89 that

1071

00:43:19,479 --> 00:43:17,930

was in 1953 and we still don't know Wow

1072

00:43:22,420 --> 00:43:19,489

the odds are I probably went into the

1073

00:43:23,950 --> 00:43:22,430

Lake Superior but we don't know that and

1074

00:43:25,479 --> 00:43:23,960

what he was telling me was that there

1075

00:43:27,609 --> 00:43:25,489

were two school thoughts at Kinross at

1076

00:43:29,109 --> 00:43:27,619

the time because he had been there and

1077

00:43:30,759 --> 00:43:29,119

one of them was that it was a UFO and it

1078

00:43:33,059 --> 00:43:30,769

took him the other school which was

1079

00:43:35,859 --> 00:43:33,069

probably the more prominent school of

1080

00:43:37,959 --> 00:43:35,869

thought was that the the airplane had

1081

00:43:41,609 --> 00:43:37,969

crashed had gone into the lake but he

1082

00:43:45,190 --> 00:43:41,619

was saying that he was up in a fighter

1083

00:43:48,519 --> 00:43:45,200

doing their thing and were approached by

1084

00:43:50,410 --> 00:43:48,529

a UFO I was pacing them and he said to

1085

00:43:51,940 --> 00:43:50,420

the wingman his wingman okay we're gonna

1086

00:43:54,039 --> 00:43:51,950

count to three and we're gonna turn into

1087

00:43:57,249 --> 00:43:54,049

it to see what happens and I thought

1088

00:43:59,349 --> 00:43:57,259

well this is really a dumb plan but

1089

00:44:01,120 --> 00:43:59,359

that's what their their plan was and he

1090

00:44:03,430 --> 00:44:01,130

counted three they turned toward the UFO

1091

00:44:06,209 --> 00:44:03,440

and it just sped off and so you've got

1092

00:44:08,709 --> 00:44:06,219

these guys who are Kinross at the time

1093

00:44:11,529 --> 00:44:08,719

after the disappearance of the f-89

1094

00:44:13,900 --> 00:44:11,539

talking about another legitimate UFO

1095

00:44:16,209 --> 00:44:13,910

sighting and what they did they don't

1096

00:44:18,519 --> 00:44:16,219

know what they saw or what happened but

1097

00:44:21,249 --> 00:44:18,529

that that was what he told me so I've

1098

00:44:23,170 --> 00:44:21,259

talked to military pilots military

1099

00:44:25,479 --> 00:44:23,180

personnel who have told me their UFO

1100

00:44:27,489 --> 00:44:25,489

stories my own experience no I didn't

1101

00:44:29,079 --> 00:44:27,499

see anything yeah I did have a top

1102

00:44:31,930 --> 00:44:29,089

secret clearance as an intelligence

1103

00:44:32,350 --> 00:44:31,940

officer in the Air Force and then in the

1104

00:44:34,120 --> 00:44:32,360

guard

1105

00:44:36,940 --> 00:44:34,130

we went to Iraq so I was seeing

1106

00:44:39,250 --> 00:44:36,950

top-secret I could see top-secret stuff

1107

00:44:42,130 --> 00:44:39,260

most of stuff we saw was classified

1108

00:44:44,830 --> 00:44:42,140

secret and that's the other thing you

1109

00:44:46,720 --> 00:44:44,840

awful field talks about top secrets and

1110

00:44:50,110 --> 00:44:46,730

all this stuff and they don't understand

1111

00:44:52,710 --> 00:44:50,120

that the the difference between secret

1112

00:44:55,030 --> 00:44:52,720

and top secret is just astronomical

1113

00:44:57,790 --> 00:44:55,040

secret stuff can be stored in a state

1114

00:45:00,060 --> 00:44:57,800

safe or locking file cabinet not not a

1115

00:45:03,010 --> 00:45:00,070

tin file cabinet but one like that

1116

00:45:05,050 --> 00:45:03,020

top-secret requires a vault you've got

1117

00:45:08,320 --> 00:45:05,060

to sign it out you've got to make

1118

00:45:09,910 --> 00:45:08,330

notations where it's gone and where and

1119

00:45:12,300 --> 00:45:09,920

when it comes back I mean it's very very

1120

00:45:15,520 --> 00:45:12,310

strict on the dealing with top secrets

1121

00:45:17,380 --> 00:45:15,530

in my military experience I never saw

1122

00:45:20,500 --> 00:45:17,390

top secret document that dealt with UFOs

1123

00:45:22,720 --> 00:45:20,510

never I saw secret documents that did

1124

00:45:24,430 --> 00:45:22,730

and the sightings were pretty mundane

1125

00:45:26,200 --> 00:45:24,440

the kind of sightings that we get all

1126

00:45:28,300 --> 00:45:26,210

the time the time the kind of sightings

1127

00:45:30,180 --> 00:45:28,310

that we see pilots seeing the things

1128

00:45:33,520 --> 00:45:30,190

people on the ground seeing of things I

1129

00:45:36,900 --> 00:45:33,530

talked to people who told me their UFO

1130

00:45:40,450 --> 00:45:36,910

stories but it was not in any kind of

1131

00:45:41,890 --> 00:45:40,460

official capacity so you know it's just

1132

00:45:43,210 --> 00:45:41,900

well that's an interesting story and

1133

00:45:47,110 --> 00:45:43,220

I'll just file it away in case it comes

1134

00:45:49,480 --> 00:45:47,120

up later on so you know it it it I think

1135

00:45:52,870 --> 00:45:49,490

it just depends on what your mission is

1136

00:45:55,300 --> 00:45:52,880

where you are what you're doing that you

1137

00:45:57,010 --> 00:45:55,310

happen to see these things and I think

1138

00:45:59,680 --> 00:45:57,020

if you look at the statistics that

1139

00:46:01,420 --> 00:45:59,690

you'll find out that most UFO sightings

1140

00:46:03,400 --> 00:46:01,430

take place between like 6:00 p.m. and

1141

00:46:05,800 --> 00:46:03,410

night and 10 o'clock at night

1142

00:46:09,610 --> 00:46:05,810

well why would that be well there's more

1143

00:46:11,050 --> 00:46:09,620

people outside mmm you know yeah and and

1144

00:46:11,980 --> 00:46:11,060

when when do you get most of the

1145

00:46:14,220 --> 00:46:11,990

sightings will you get them in the

1146

00:46:16,330 --> 00:46:14,230

summertime why more people are outside

1147

00:46:18,190 --> 00:46:16,340

yeah you know in today's environment

1148

00:46:21,040 --> 00:46:18,200

there may be outside but they're still

1149

00:46:23,050 --> 00:46:21,050

staring at the damn phone yes all right

1150

00:46:24,970 --> 00:46:23,060

so that's like anything but but I I

1151

00:46:26,940 --> 00:46:24,980

think if you look at the statistics you

1152

00:46:30,340 --> 00:46:26,950

know and you break them down that way

1153

00:46:31,990 --> 00:46:30,350

you know it makes sense about when are

1154

00:46:33,220 --> 00:46:32,000

you most likely to see something and

1155

00:46:35,440 --> 00:46:33,230

what are you doing when you see it when

1156

00:46:37,150 --> 00:46:35,450

you're outside doing something the one

1157

00:46:39,400 --> 00:46:37,160

thing that I think I remembered in it

1158

00:46:41,830 --> 00:46:39,410

this was like decades ago that somebody

1159

00:46:44,440 --> 00:46:41,840

had analyzed at the date you're most

1160

00:46:45,610 --> 00:46:44,450

likely to see a UFO was I think April

1161

00:46:49,420 --> 00:46:45,620

24th

1162

00:46:52,120 --> 00:46:49,430

and the and the I think the day of the

1163

00:46:54,190 --> 00:46:52,130

week was Wednesday well if I remember

1164

00:46:56,170 --> 00:46:54,200

cry don't remember exactly but it you

1165

00:46:57,550 --> 00:46:56,180

but it just struck me you know and then

1166

00:47:00,100 --> 00:46:57,560

you started about breaking it on time

1167

00:47:03,520 --> 00:47:00,110

well it's after 6:00 p.m. at night and

1168

00:47:05,200 --> 00:47:03,530

prior to midnight say you see it because

1169

00:47:06,610 --> 00:47:05,210

the people are outside looking up so

1170

00:47:08,920 --> 00:47:06,620

when you ask the question I think that

1171

00:47:10,270 --> 00:47:08,930

the reason you get the military part of

1172

00:47:12,070 --> 00:47:10,280

the reason you get the military pilots

1173

00:47:16,030 --> 00:47:12,080

involved of course is the Air Defense

1174

00:47:18,880 --> 00:47:16,040

Command and the requirement to check on

1175

00:47:20,800 --> 00:47:18,890

aircraft penetrating the air defenses

1176

00:47:21,580 --> 00:47:20,810

owns around the coastal areas of the

1177

00:47:23,440 --> 00:47:21,590

United States

1178

00:47:24,730 --> 00:47:23,450

so something penetrates that and is not

1179

00:47:27,460 --> 00:47:24,740

a commercial flight and it's not a

1180

00:47:30,040 --> 00:47:27,470

flight that has been logged on through

1181

00:47:32,170 --> 00:47:30,050

the various ways you do those sorts of

1182

00:47:33,790 --> 00:47:32,180

things like the FAA then the Air Force

1183

00:47:35,920 --> 00:47:33,800

scrambles to take a look at it to see

1184

00:47:37,840 --> 00:47:35,930

what it is oftentimes most times it

1185

00:47:42,490 --> 00:47:37,850

turns out to be a commercial aircraft

1186

00:47:44,470 --> 00:47:42,500

it's off its course or somebody you know

1187

00:47:48,370 --> 00:47:44,480

didn't file the proper flight plan when

1188

00:47:49,690 --> 00:47:48,380

I was in flight school and we I didn't

1189

00:47:53,320 --> 00:47:49,700

know this because I was like 18 years

1190

00:47:54,730 --> 00:47:53,330

old but we were flying the darn th 55

1191

00:47:57,970 --> 00:47:54,740

which has a service ceiling in like

1192

00:48:00,310 --> 00:47:57,980

twelve thousand feet and but you could

1193

00:48:02,670 --> 00:48:00,320

get it higher if you if you worked at it

1194

00:48:05,830 --> 00:48:02,680

and you the ways you could defeat that

1195

00:48:08,200 --> 00:48:05,840

and I think I got up to 15,000 feet once

1196

00:48:09,940 --> 00:48:08,210

and then came down from it and I

1197

00:48:13,210 --> 00:48:09,950

realized that a little later that the

1198

00:48:15,370 --> 00:48:13,220

FAA requires a flight plan for everybody

1199

00:48:18,820 --> 00:48:15,380

over 14,000 feet so I was in violation

1200

00:48:20,620 --> 00:48:18,830

of FAA regulations unknowingly but I

1201

00:48:23,110 --> 00:48:20,630

don't know if I came up on writer and

1202

00:48:25,660 --> 00:48:23,120

then disappeared or or what exactly

1203

00:48:27,370 --> 00:48:25,670

happened but I think if they if it the

1204

00:48:28,900 --> 00:48:27,380

radar operator it was going on and knew

1205

00:48:30,490 --> 00:48:28,910

what was going on in the area so I don't

1206

00:48:32,830 --> 00:48:30,500

know what those damn helicopter students

1207

00:48:34,870 --> 00:48:32,840

trying to see what he can do that sort

1208

00:48:36,370 --> 00:48:34,880

of thing so I mean you know you look at

1209

00:48:38,080 --> 00:48:36,380

that sort of things so you'd expect the

1210

00:48:40,990 --> 00:48:38,090

military pilots to maybe see something

1211

00:48:42,730 --> 00:48:41,000

more often these pilots who fly late at

1212

00:48:43,930 --> 00:48:42,740

night may see something more often

1213

00:48:45,250 --> 00:48:43,940

because it's much easier to see the

1214

00:48:49,360 --> 00:48:45,260

things at night then it would be during

1215

00:48:52,590 --> 00:48:49,370

the daylight hours you know so I think I

1216

00:48:56,170 --> 00:48:52,600

don't think there's really any

1217

00:48:57,850 --> 00:48:56,180

conspiracy going on about that was where

1218

00:48:58,840 --> 00:48:57,860

they're looking for at the military more

1219

00:49:02,080 --> 00:48:58,850

so than the

1220

00:49:04,810 --> 00:49:02,090

world yeah by the way April 24th

1221

00:49:08,410 --> 00:49:04,820

this year is on a Wednesday so everyone

1222

00:49:10,000 --> 00:49:08,420

ought to be outside after after 6 p.m.

1223

00:49:13,480 --> 00:49:10,010

after 6 p.m. right

1224

00:49:15,640 --> 00:49:13,490

and speaking of helicopters and you know

1225

00:49:19,030 --> 00:49:15,650

the the one case I think is really

1226

00:49:22,840 --> 00:49:19,040

intriguing is the Larry coin case

1227

00:49:26,650 --> 00:49:22,850

incident back in 73 or whenever it was a

1228

00:49:30,430 --> 00:49:26,660

helicopter and what do you think of that

1229

00:49:33,610 --> 00:49:30,440

case that's first of all I had to laugh

1230

00:49:35,680 --> 00:49:33,620

at Philip Glass because he wrote in his

1231

00:49:38,350 --> 00:49:35,690

book when he was degrading the case

1232

00:49:41,670 --> 00:49:38,360

downgrading the case denigrating the

1233

00:49:45,490 --> 00:49:41,680

case he was he was concerned because

1234

00:49:50,800 --> 00:49:45,500

coin took over the controls from was it

1235

00:49:53,560 --> 00:49:50,810

Jesse who was flying it and he but he

1236

00:49:55,930 --> 00:49:53,570

didn't he said well as the the the craft

1237

00:49:58,140 --> 00:49:55,940

was the aircraft the helicopter was

1238

00:50:02,980 --> 00:49:58,150

going down plunging down and he couldn't

1239

00:50:06,580 --> 00:50:02,990

he couldn't do anything about it

1240

00:50:08,470 --> 00:50:06,590

and then the suddenly they popped up to

1241

00:50:09,940 --> 00:50:08,480

3,500 feet in classes well maybe Jesse

1242

00:50:11,200 --> 00:50:09,950

took over the collective's and pulled up

1243

00:50:13,150 --> 00:50:11,210

on it so that's because he could see

1244

00:50:15,220 --> 00:50:13,160

what was going on I said no not the way

1245

00:50:17,260 --> 00:50:15,230

it works I knew they had the same they

1246

00:50:20,110 --> 00:50:17,270

had the same training I did and the one

1247

00:50:21,820 --> 00:50:20,120

thing you always did if I was a pilot in

1248

00:50:23,650 --> 00:50:21,830

command and I wanted a co-pilot to fly I

1249

00:50:26,230 --> 00:50:23,660

would have my hands on the control I'd

1250

00:50:27,910 --> 00:50:26,240

say you've got it he would put his hands

1251
00:50:30,580 --> 00:50:27,920
on the control and said I've got it I

1252
00:50:32,770 --> 00:50:30,590
would release them mm-hmm or if I wanted

1253
00:50:35,140 --> 00:50:32,780
to take control I would say I've got it

1254
00:50:37,960 --> 00:50:35,150
put my hands on the control he would

1255
00:50:40,540 --> 00:50:37,970
release it and so Jesse who was in the

1256
00:50:42,010 --> 00:50:40,550
other seat wouldn't have been pulling up

1257
00:50:44,230 --> 00:50:42,020
on the collective without informing

1258
00:50:45,610 --> 00:50:44,240
Cohen what he was doing hmm it just

1259
00:50:46,750 --> 00:50:45,620
wouldn't work that way he would have

1260
00:50:48,460 --> 00:50:46,760
said yeah he would have he would have

1261
00:50:49,960 --> 00:50:48,470
either mentioned it to him or he would

1262
00:50:52,930 --> 00:50:49,970
have taken the controls cuz he sees the

1263
00:50:55,450 --> 00:50:52,940

aircraft is about to crash he says I got

1264

00:50:57,790 --> 00:50:55,460

it and and I was an experienced with

1265

00:51:00,490 --> 00:50:57,800

Mike co-pilots as an aircraft commander

1266

00:51:03,580 --> 00:51:00,500

in Vietnam was the copilot took the

1267

00:51:04,690 --> 00:51:03,590

aircraft away and made a dive because he

1268

00:51:06,190 --> 00:51:04,700

thought we were gonna about to hit

1269

00:51:08,710 --> 00:51:06,200

another airplane Wow

1270

00:51:12,059 --> 00:51:08,720

and he just said I got it I said you got

1271

00:51:13,380 --> 00:51:12,069

it let go of and he he dove and then

1272

00:51:14,339 --> 00:51:13,390

I said what are you doing and he said I

1273

00:51:15,809 --> 00:51:14,349

thought we were gonna hit that air place

1274

00:51:18,209 --> 00:51:15,819

and now I have it in sight it's like you

1275

00:51:18,689 --> 00:51:18,219

know half a mile away don't worry about

1276

00:51:22,319 --> 00:51:18,699

it

1277

00:51:24,150 --> 00:51:22,329

aircraft was in danger and he took

1278

00:51:26,459 --> 00:51:24,160

controls I mean we were trained on how

1279

00:51:28,949 --> 00:51:26,469

to do that yeah so when class said that

1280

00:51:30,989 --> 00:51:28,959

Jesse had pulled up on the collective I

1281

00:51:33,779 --> 00:51:30,999

keep reaching down for the collective

1282

00:51:36,479 --> 00:51:33,789

because it was with your left hand the

1283

00:51:40,289 --> 00:51:36,489

collective pitch which controls up and

1284

00:51:41,459 --> 00:51:40,299

down it just wouldn't have happened that

1285

00:51:43,289 --> 00:51:41,469

way and both of them were military

1286

00:51:44,819 --> 00:51:43,299

pilots both of them had been trained the

1287

00:51:46,620 --> 00:51:44,829

same way I was through the same flight

1288

00:51:48,870 --> 00:51:46,630

schools I knew exactly what was going on

1289

00:51:51,059 --> 00:51:48,880

but I think it's a very good case you've

1290

00:51:55,920 --> 00:51:51,069

got four military people I talked to one

1291

00:51:58,380 --> 00:51:55,930

of the guys I in fact I had him on my

1292

00:52:00,269 --> 00:51:58,390

radio show to talk no I invited Tommy

1293

00:52:02,519 --> 00:52:00,279

didn't want to do it but I talked to him

1294

00:52:05,069 --> 00:52:02,529

about that and what he'd seen and how

1295

00:52:08,009 --> 00:52:05,079

the things things went in the aircraft

1296

00:52:09,359 --> 00:52:08,019

so I got a better idea I did I did a I

1297

00:52:12,479 --> 00:52:09,369

think I did a thing on my blog about

1298

00:52:15,029 --> 00:52:12,489

that and what he had seen and how that

1299

00:52:17,910 --> 00:52:15,039

happened class in his analysis ignored

1300

00:52:21,180 --> 00:52:17,920

one of the one of the crewmen who had

1301

00:52:23,339 --> 00:52:21,190

seen the object out the left side of the

1302

00:52:24,900 --> 00:52:23,349

aircraft as it passed by the left side

1303

00:52:26,579 --> 00:52:24,910

and then it came up on the right side of

1304

00:52:29,489 --> 00:52:26,589

the aircraft so it circled around the

1305

00:52:30,599 --> 00:52:29,499

aircraft so class was completely wrong

1306

00:52:31,650 --> 00:52:30,609

on that but I think it's a very good

1307

00:52:33,870 --> 00:52:31,660

case I don't think there's a good

1308

00:52:36,509 --> 00:52:33,880

explanation for it right there was a

1309

00:52:40,349 --> 00:52:36,519

fellow there was a fellow who said that

1310

00:52:41,699 --> 00:52:40,359

it was every sealing aircraft that was

1311

00:52:45,839 --> 00:52:41,709

supposed to be rare refueling a

1312

00:52:47,729 --> 00:52:45,849

helicopter in the area and the air

1313

00:52:49,680 --> 00:52:47,739

refueling aircraft got too close to the

1314

00:52:51,029 --> 00:52:49,690

helicopter well you have no air

1315

00:52:54,120 --> 00:52:51,039

refueling capability on a Huey

1316

00:52:56,430 --> 00:52:54,130

helicopter for one thing and in the

1317

00:52:58,859 --> 00:52:56,440

United States Air Refueling operations

1318

00:53:00,870 --> 00:52:58,869

take place in certain areas and this

1319

00:53:02,819 --> 00:53:00,880

wasn't one of the areas where it would

1320

00:53:05,039 --> 00:53:02,829

take place so the explanation kind of

1321

00:53:06,599 --> 00:53:05,049

failed on those points but I mean it was

1322

00:53:08,670 --> 00:53:06,609

a legitimate attempt to explain the

1323

00:53:10,499 --> 00:53:08,680

sighting he thought he had a good a good

1324

00:53:12,749 --> 00:53:10,509

explanation and he pointed out there and

1325

00:53:15,180 --> 00:53:12,759

we take we took a look at it nice when I

1326

00:53:16,979 --> 00:53:15,190

say we I mean me and talk to some of the

1327

00:53:18,420 --> 00:53:16,989

people about it we decided well it's an

1328

00:53:20,400 --> 00:53:18,430

interesting theory but I don't think it

1329

00:53:25,200 --> 00:53:20,410

works based on the facts so I think it's

1330

00:53:28,770 --> 00:53:25,210

a very good case based on the

1331

00:53:29,400 --> 00:53:28,780

testimonies by the crew member who were

1332

00:53:33,180 --> 00:53:29,410

on board

1333

00:53:34,770 --> 00:53:33,190

I know Jessie's explanations were a

1334

00:53:36,780 --> 00:53:34,780

little bit different than the rest of

1335

00:53:39,060 --> 00:53:36,790

the crew he didn't quite agree with some

1336

00:53:40,200 --> 00:53:39,070

of the things they said but you go back

1337

00:53:42,030 --> 00:53:40,210

and you take a look at the original

1338

00:53:45,960 --> 00:53:42,040

statements and you find his statement is

1339

00:53:50,490 --> 00:53:45,970

more in line with their statements as a

1340

00:53:52,860 --> 00:53:50,500

statement later on sort of diverged from

1341

00:53:54,750 --> 00:53:52,870

what they had to say Kevin we got to go

1342

00:53:57,450 --> 00:53:54,760

to break and when we come back for the

1343

00:53:59,850 --> 00:53:57,460

new listener I'm will let's go over like

1344

00:54:01,590 --> 00:53:59,860

a nutshell of what actually transpired

1345

00:54:03,890 --> 00:54:01,600

during that sighting

1346

00:54:06,930 --> 00:54:03,900

all right everyone my guest tonight is

1347

00:54:12,630 --> 00:54:06,940

Kevin Randall and we'll be right back

1348

00:54:13,220 --> 00:54:12,640

right after these messages all right

1349

00:54:17,100 --> 00:54:13,230

we're back

1350

00:54:19,680 --> 00:54:17,110

my guest is Kevin Randall and before the

1351

00:54:22,800 --> 00:54:19,690

break we were talking about the Larry

1352

00:54:25,050 --> 00:54:22,810

coin case 1975 I can't remember exactly

1353

00:54:26,880 --> 00:54:25,060

what that is but I was thinking you know

1354

00:54:28,500 --> 00:54:26,890

for the new listeners to the show and

1355

00:54:32,450 --> 00:54:28,510

people are just getting interested in

1356

00:54:35,310 --> 00:54:32,460

UFOs do you know the basic story on on

1357

00:54:40,100 --> 00:54:35,320

what happened I could say it but I think

1358

00:54:43,650 --> 00:54:40,110

I might miss some misses some things or

1359

00:54:45,600 --> 00:54:43,660

say it wrong actually for a lot of it

1360

00:54:49,640 --> 00:54:45,610

well as I've said before I know

1361

00:54:53,120 --> 00:54:49,650

everything okay that's true yeah yes I

1362

00:54:58,350 --> 00:54:53,130

believe it was 1975 was October of 1973

1363

00:55:02,190 --> 00:54:58,360

and it was a uh-1 helicopter I've got

1364

00:55:04,440 --> 00:55:02,200

like I've got like 1500 hours from 1400

1365

00:55:06,660 --> 00:55:04,450

hours and the uh-1 helicopter 1,100

1366

00:55:08,700 --> 00:55:06,670

combat time so I'm familiar with the

1367

00:55:14,340 --> 00:55:08,710

aircraft of how it works they were on a

1368

00:55:16,740 --> 00:55:14,350

they had been to Dayton Ohio I figure

1369

00:55:18,330 --> 00:55:16,750

we're in denial yes but they were they

1370

00:55:19,800 --> 00:55:18,340

had gone for a flight physical and they

1371

00:55:24,780 --> 00:55:19,810

were flying back to their their home

1372

00:55:26,570 --> 00:55:24,790

station around Madison Ohio and as they

1373

00:55:28,800 --> 00:55:26,580

were traveling along flying along

1374

00:55:31,260 --> 00:55:28,810

minding their own business one of the

1375

00:55:34,440 --> 00:55:31,270

one of the crew men saw a light coming

1376

00:55:36,750 --> 00:55:34,450

at him and it approached on the left

1377

00:55:38,860 --> 00:55:36,760

side it went down the side of the

1378

00:55:40,510 --> 00:55:38,870

aircraft and disappeared

1379

00:55:42,520 --> 00:55:40,520

in a few moments later the other Eric

1380

00:55:44,410 --> 00:55:42,530

other crewmen said that it was coming up

1381

00:55:49,120 --> 00:55:44,420

on the right side heading toward them

1382

00:55:50,980 --> 00:55:49,130

and that the at that point I think

1383

00:55:53,350 --> 00:55:50,990

Jessie was flying the aircraft coin was

1384

00:55:55,180 --> 00:55:53,360

sitting there letting him do that as the

1385

00:55:57,360 --> 00:55:55,190

air as the thing came close he said I've

1386

00:56:00,370 --> 00:55:57,370

got it he took over control the aircraft

1387

00:56:04,960 --> 00:56:00,380

the the object sort of stopped over the

1388

00:56:07,630 --> 00:56:04,970

over the helicopter and big green object

1389

00:56:08,830 --> 00:56:07,640

that they could see and watched it for a

1390

00:56:11,500 --> 00:56:08,840

minute

1391

00:56:13,180 --> 00:56:11,510

they the aircraft seemed to be

1392

00:56:14,680 --> 00:56:13,190

descending at that point their aircraft

1393

00:56:18,400 --> 00:56:14,690

the helicopter seemed to be sitting

1394

00:56:22,570 --> 00:56:18,410

descending because going didn't want to

1395

00:56:24,910 --> 00:56:22,580

collide with this object then there was

1396

00:56:26,800 --> 00:56:24,920

some kind there was there's some kind of

1397

00:56:28,930 --> 00:56:26,810

radio interference as well they had been

1398

00:56:31,750 --> 00:56:28,940

talking to the Mansfield Airport and

1399

00:56:33,610 --> 00:56:31,760

they lost radio communication with it so

1400

00:56:35,890 --> 00:56:33,620

they because they were asking if there's

1401
00:56:38,500 --> 00:56:35,900
other traffic in the area I mean the

1402
00:56:42,580 --> 00:56:38,510
other other aircraft in the area the

1403
00:56:46,180 --> 00:56:42,590
object I then shot off and as it did

1404
00:56:48,630 --> 00:56:46,190
coin notice they were in a climb and he

1405
00:56:51,040 --> 00:56:48,640
couldn't arrest the climb and I know

1406
00:56:53,260 --> 00:56:51,050
what you do in a situation like that you

1407
00:56:54,670 --> 00:56:53,270
put the collective full down and if that

1408
00:56:56,890 --> 00:56:54,680
doesn't work you roll off the throttle

1409
00:56:57,490 --> 00:56:56,900
do what was called the flight idle

1410
00:56:59,380 --> 00:56:57,500
detent

1411
00:57:00,790 --> 00:56:59,390
and if that doesn't work the last the

1412
00:57:02,680 --> 00:57:00,800
last thing you do is kick the pedals out

1413
00:57:06,730 --> 00:57:02,690

of trim the aircraft outer trim so it

1414

00:57:07,660 --> 00:57:06,740

would fall faster if it wasn't working I

1415

00:57:09,340 --> 00:57:07,670

don't know if you went through all those

1416

00:57:12,400 --> 00:57:09,350

procedures or not I had a situation

1417

00:57:15,340 --> 00:57:12,410

where flying in a formation I was in the

1418

00:57:16,990 --> 00:57:15,350

slot position and there were aircraft on

1419

00:57:18,970 --> 00:57:17,000

each side of me and behind me and we

1420

00:57:21,130 --> 00:57:18,980

were descending into an LZ in the air my

1421

00:57:23,170 --> 00:57:21,140

aircraft was floating and that's what I

1422

00:57:24,370 --> 00:57:23,180

had to do I rolled off the throttle I

1423

00:57:26,170 --> 00:57:24,380

had the collective hold on a roll off

1424

00:57:30,340 --> 00:57:26,180

the throttle like the pedals out of trim

1425

00:57:32,140 --> 00:57:30,350

and as that happened you know I was able

1426

00:57:33,970 --> 00:57:32,150

to stay in my position the flight

1427

00:57:36,580 --> 00:57:33,980

couldn't break either way which is what

1428

00:57:37,960 --> 00:57:36,590

I would have done and we got close to

1429

00:57:40,510 --> 00:57:37,970

the ground the fled flares out and

1430

00:57:43,690 --> 00:57:40,520

everything everything was okay so they

1431

00:57:45,910 --> 00:57:43,700

you know I speculate that they did that

1432

00:57:47,740 --> 00:57:45,920

coin had done the same thing trying to

1433

00:57:50,320 --> 00:57:47,750

keep the aircraft to stop you said he

1434

00:57:51,910 --> 00:57:50,330

felt a thump they were 3,500 feet he

1435

00:57:52,450 --> 00:57:51,920

felt a thumpin he was able to regain the

1436

00:57:54,490 --> 00:57:52,460

air the

1437

00:57:56,650 --> 00:57:54,500

control the aircraft flew on to their

1438

00:57:58,780 --> 00:57:56,660

home station landed and made the report

1439

00:58:00,880 --> 00:57:58,790

about what it was said the compass was

1440

00:58:02,980 --> 00:58:00,890

spinning wildly I think Jesse said

1441

00:58:04,810 --> 00:58:02,990

they've been replaced it they replaced

1442

00:58:08,230 --> 00:58:04,820

it was a magnetic compass as opposed to

1443

00:58:10,359 --> 00:58:08,240

ATF and I think Jesse said you know

1444

00:58:13,210 --> 00:58:10,369

we've replaced the compass but coin said

1445

00:58:14,770 --> 00:58:13,220

we did that and I thought what happened

1446

00:58:16,510 --> 00:58:14,780

said it didn't work properly still I

1447

00:58:19,180 --> 00:58:16,520

think coin said it's after they replaced

1448

00:58:21,010 --> 00:58:19,190

it worked okay Jesse was saying it

1449

00:58:22,359 --> 00:58:21,020

didn't work properly the second time

1450

00:58:24,190 --> 00:58:22,369

they replaced it because there was some

1451

00:58:27,010 --> 00:58:24,200

kind of interference in the aircraft I

1452

00:58:28,150 --> 00:58:27,020

know when you put a magnetic compass in

1453

00:58:29,710 --> 00:58:28,160

an aircraft you have to do what they

1454

00:58:32,560 --> 00:58:29,720

call swinging the compass which means

1455

00:58:34,000 --> 00:58:32,570

you're lying on the air on airfields

1456

00:58:35,890 --> 00:58:34,010

there's what's called a compass road

1457

00:58:37,720 --> 00:58:35,900

your sight set and set your aircraft

1458

00:58:39,660 --> 00:58:37,730

down there and you use that to a line

1459

00:58:42,970 --> 00:58:39,670

magnetic north so that you know exactly

1460

00:58:46,780 --> 00:58:42,980

you you can you know where the compass

1461

00:58:49,420 --> 00:58:46,790

is so it's magnetic north and they the

1462

00:58:50,980 --> 00:58:49,430

compass was spinning I think Jenny's I'd

1463

00:58:53,650 --> 00:58:50,990

Minh learned that after they had

1464

00:58:56,500 --> 00:58:53,660

replaced a compass it worked okay so you

1465

00:58:58,329 --> 00:58:56,510

know another effect of being close to

1466

00:59:00,910 --> 00:58:58,339

the UFO there were some people on the

1467

00:59:02,320 --> 00:59:00,920

ground that saw the green light and saw

1468

00:59:04,210 --> 00:59:02,330

the helicopter and that sort of things

1469

00:59:06,849 --> 00:59:04,220

so they're witnesses on the ground as

1470

00:59:08,560 --> 00:59:06,859

well so it wasn't just the aircrew but

1471

00:59:09,940 --> 00:59:08,570

all the aircrew but other witnesses saw

1472

00:59:13,359 --> 00:59:09,950

the thing as well there was no radar

1473

00:59:15,880 --> 00:59:13,369

returned but in today's world with

1474

00:59:17,950 --> 00:59:15,890

stealth aircraft who cares you know that

1475

00:59:23,250 --> 00:59:17,960

yeah stealth aircraft kind of renders

1476
00:59:25,570 --> 00:59:23,260
that the no radar return argument moot

1477
00:59:26,740 --> 00:59:25,580
yeah that's kind of the basics of it

1478
00:59:28,510 --> 00:59:26,750
yeah yeah yeah

1479
00:59:32,470 --> 00:59:28,520
yeah you covered that really well and

1480
00:59:35,620 --> 00:59:32,480
yeah that's a real real good one I think

1481
00:59:39,490 --> 00:59:35,630
and and very scary you know you talked

1482
00:59:41,890 --> 00:59:39,500
about that military I forget what what

1483
00:59:44,829 --> 00:59:41,900
aircraft was where they merged or it

1484
00:59:47,190 --> 00:59:44,839
looked like they merged on radar and of

1485
00:59:50,050 --> 00:59:47,200
you know probably went into the lake

1486
00:59:51,849 --> 00:59:50,060
that that's what reminded me of this

1487
00:59:55,240 --> 00:59:51,859
because you know it was almost like they

1488
00:59:57,190 --> 00:59:55,250

were going to be you know abducted the

1489

00:59:59,680 --> 00:59:57,200

whole unit you know in a way it was

1490

01:00:01,810 --> 00:59:59,690

similar well there's there's there's any

1491

01:00:04,690 --> 01:00:01,820

number of aircraft who have disappeared

1492

01:00:05,720 --> 01:00:04,700

chasing UFOs and there's other other

1493

01:00:08,930 --> 01:00:05,730

encounters

1494

01:00:11,660 --> 01:00:08,940

UFOs that caused some kind of problems

1495

01:00:13,460 --> 01:00:11,670

with the era interestingly I've noticed

1496

01:00:15,410 --> 01:00:13,470

you know we have the the stories of cars

1497

01:00:17,090 --> 01:00:15,420

being stalled by close approach to UFO

1498

01:00:20,080 --> 01:00:17,100

engines are stalled the lights fade out

1499

01:00:22,820 --> 01:00:20,090

and the radios fade away we've had close

1500

01:00:25,130 --> 01:00:22,830

approaches of UFOs to aircraft where it

1501

01:00:27,380 --> 01:00:25,140

is affected the electronic systems the

1502

01:00:30,290 --> 01:00:27,390

avionics of the aircraft and yet it

1503

01:00:32,750 --> 01:00:30,300

doesn't stall the engines hmm and yeah

1504

01:00:34,070 --> 01:00:32,760

yeah you think you think back to the day

1505

01:00:35,990 --> 01:00:34,080

the Earth Stood Still where Michael

1506

01:00:38,300 --> 01:00:36,000

Rennie is going to have to figure out

1507

01:00:40,490 --> 01:00:38,310

some kind of demonstration of power in

1508

01:00:42,140 --> 01:00:40,500

Sam Jaffe said well little demonstration

1509

01:00:44,660 --> 01:00:42,150

or what anybody get hurt and see shut

1510

01:00:46,130 --> 01:00:44,670

off all the electricity but but they

1511

01:00:47,750 --> 01:00:46,140

said even even the exceptions were

1512

01:00:50,120 --> 01:00:47,760

interesting you know airplanes in flight

1513

01:00:51,500 --> 01:00:50,130

hospitals things like that you know

1514

01:00:54,020 --> 01:00:51,510

didn't lose their electrical power it

1515

01:00:56,450 --> 01:00:54,030

was just everybody else I know yeah it's

1516

01:01:00,560 --> 01:00:56,460

one of the things I think about is we

1517

01:01:02,300 --> 01:01:00,570

don't have a case where an aircraft

1518

01:01:06,650 --> 01:01:02,310

accident was caused by the

1519

01:01:08,060 --> 01:01:06,660

electromagnetic effect and I I couch it

1520

01:01:09,620 --> 01:01:08,070

in those terms specifically because

1521

01:01:11,600 --> 01:01:09,630

there's there's the Australian case

1522

01:01:15,140 --> 01:01:11,610

where the pilot disappear and of course

1523

01:01:16,940 --> 01:01:15,150

f-89 that that disappeared as well but

1524

01:01:18,860 --> 01:01:16,950

you've got close approaches of UFOs that

1525

01:01:21,680 --> 01:01:18,870

do affect the avionics and things like

1526

01:01:22,910 --> 01:01:21,690

that but don't shut down the engines so

1527

01:01:25,580 --> 01:01:22,920

that's the kind of an interesting thing

1528

01:01:27,170 --> 01:01:25,590

the other night immune other here's

1529

01:01:28,820 --> 01:01:27,180

another point as well the

1530

01:01:30,560 --> 01:01:28,830

electromagnetic effects that shut down

1531

01:01:33,520 --> 01:01:30,570

the engines the Condon committee and

1532

01:01:37,760 --> 01:01:33,530

others have said well we know of no

1533

01:01:41,060 --> 01:01:37,770

mechanism to suppress an engine working

1534

01:01:42,470 --> 01:01:41,070

you know that way and then when the UFO

1535

01:01:44,720 --> 01:01:42,480

leaves the engine begins to work

1536

01:01:48,680 --> 01:01:44,730

properly again but I went back and I

1537

01:01:52,340 --> 01:01:48,690

studied several hundred of these cases

1538

01:01:54,830 --> 01:01:52,350

of engines being stalled and what I what

1539

01:01:56,600 --> 01:01:54,840

I saw was a lot of times I said well the

1540

01:01:58,820 --> 01:01:56,610

engine worked properly after the UFO

1541

01:02:01,460 --> 01:01:58,830

left but it didn't say it started

1542

01:02:03,920 --> 01:02:01,470

spontaneously and you look closely you

1543

01:02:06,530 --> 01:02:03,930

find more cases as well once the UFO is

1544

01:02:08,600 --> 01:02:06,540

gone I was able to start the car yeah so

1545

01:02:11,090 --> 01:02:08,610

they've started the engine so it's not

1546

01:02:13,970 --> 01:02:11,100

like the engine comes back spontaneously

1547

01:02:16,190 --> 01:02:13,980

but the driver had to take some action

1548

01:02:18,110 --> 01:02:16,200

to get the end to get the engine started

1549

01:02:19,640 --> 01:02:18,120

there are cases where they say it

1550

01:02:21,800 --> 01:02:19,650

started spontaneously

1551
01:02:23,480 --> 01:02:21,810
but the majority of the cases seemed to

1552
01:02:25,790 --> 01:02:23,490
be that the driver took some kind of

1553
01:02:27,370 --> 01:02:25,800
action to start the engine even though

1554
01:02:30,260 --> 01:02:27,380
the radio came back the lights

1555
01:02:32,960 --> 01:02:30,270
brightened up again the driver had to do

1556
01:02:35,090 --> 01:02:32,970
something to to start to start the

1557
01:02:36,470 --> 01:02:35,100
engine of the vehicle so yes you know

1558
01:02:38,180 --> 01:02:36,480
kind of one of the things that I've

1559
01:02:41,120 --> 01:02:38,190
noticed is you study some of these cases

1560
01:02:43,880 --> 01:02:41,130
in depth yeah you know I never thought

1561
01:02:49,520 --> 01:02:43,890
of those cases always really interest me

1562
01:02:51,320 --> 01:02:49,530
too and actually the fact that the the

1563
01:02:53,780 --> 01:02:51,330

engine in the airplane I never thought

1564

01:02:57,350 --> 01:02:53,790

of that that why does everything else

1565

01:02:59,120 --> 01:02:57,360

get affected but not that and you know I

1566

01:03:02,630 --> 01:02:59,130

had mentioned on the show a couple of

1567

01:03:05,840 --> 01:03:02,640

times over in Russia this it's basically

1568

01:03:08,180 --> 01:03:05,850

my girlfriend's father you know had an

1569

01:03:10,040 --> 01:03:08,190

encounter where everyone in this

1570

01:03:11,720 --> 01:03:10,050

mountain passed their engine stalled and

1571

01:03:12,800 --> 01:03:11,730

they went over to the side of the road

1572

01:03:14,690 --> 01:03:12,810

and got out and watched this

1573

01:03:17,240 --> 01:03:14,700

cigar-shaped thing you know with

1574

01:03:19,610 --> 01:03:17,250

portholes flowed over all the engines

1575

01:03:21,110 --> 01:03:19,620

were stalled in every car and after the

1576

01:03:23,300 --> 01:03:21,120

thing went over everyone was able to

1577

01:03:27,190 --> 01:03:23,310

start up their car and go on you know so

1578

01:03:30,740 --> 01:03:27,200

it's those cases are just fascinating

1579

01:03:33,320 --> 01:03:30,750

what Len Springfield talked about his

1580

01:03:36,350 --> 01:03:33,330

encounter with it it said it started the

1581

01:03:38,930 --> 01:03:36,360

engines of the c-47 to operate roughly

1582

01:03:41,870 --> 01:03:38,940

and the copilot said you know prepare to

1583

01:03:44,030 --> 01:03:41,880

a ditch and then of course the three

1584

01:03:45,200 --> 01:03:44,040

objects left and the engines moved out

1585

01:03:47,600 --> 01:03:45,210

and they were able to continue their

1586

01:03:49,550 --> 01:03:47,610

trip to Japan it was right after the end

1587

01:03:51,260 --> 01:03:49,560

of world war two by the way so uh and

1588

01:03:54,580 --> 01:03:51,270

they were leaving from Iwo Jima to go to

1589

01:03:57,350 --> 01:03:54,590

Japan right after the end of the war and

1590

01:04:00,850 --> 01:03:57,360

but there but the aircraft didn't crash

1591

01:04:04,250 --> 01:04:00,860

and the things moved away so that the

1592

01:04:05,830 --> 01:04:04,260

engines moved out so you know I look at

1593

01:04:09,860 --> 01:04:05,840

all of that sort of thing as a way of

1594

01:04:12,800 --> 01:04:09,870

you know is there is there um patterns

1595

01:04:14,060 --> 01:04:12,810

new sightings and things like that one

1596

01:04:15,560 --> 01:04:14,070

of the things I've noticed in something

1597

01:04:18,440 --> 01:04:15,570

I was putting together there was a

1598

01:04:22,340 --> 01:04:18,450

sighting in Cherry Creek New York in

1599

01:04:23,900 --> 01:04:22,350

1965 and they found after the UFO was

1600

01:04:26,420 --> 01:04:23,910

gone they found some oily like stub

1601
01:04:28,460 --> 01:04:26,430
substance on the in the field and they

1602
01:04:30,779 --> 01:04:28,470
found some sort of like skid marks in

1603
01:04:32,609 --> 01:04:30,789
the past years

1604
01:04:35,069 --> 01:04:32,619
and I thought you know there's a number

1605
01:04:37,229 --> 01:04:35,079
of cases where the physical evidence

1606
01:04:40,169 --> 01:04:37,239
like that has been found but nobody's

1607
01:04:41,309 --> 01:04:40,179
ever length them before you know I got

1608
01:04:43,769 --> 01:04:41,319
me the thing I knew we need a big

1609
01:04:46,499 --> 01:04:43,779
database I mean a big spreadsheet where

1610
01:04:48,209 --> 01:04:46,509
you can quickly look at that sort of

1611
01:04:50,459 --> 01:04:48,219
thing but we mentioned the flatwoods

1612
01:04:53,999 --> 01:04:50,469
case earlier because of the project

1613
01:04:55,679 --> 01:04:54,009

Bluebook in the real case they did find

1614

01:04:58,859 --> 01:04:55,689

some skid marks on the ground and some

1615

01:05:01,079 --> 01:04:58,869

oily or they substance hmm left behind

1616

01:05:03,059 --> 01:05:01,089

so we've got this case from 1952 and now

1617

01:05:04,769 --> 01:05:03,069

we have a case from 1965 of the same

1618

01:05:07,169 --> 01:05:04,779

sort of thing as gone there was another

1619

01:05:09,390 --> 01:05:07,179

case called the tin can man from

1620

01:05:10,829 --> 01:05:09,400

Minnesota I think also 1965 where they

1621

01:05:12,809 --> 01:05:10,839

found an oily substance and there's

1622

01:05:14,219 --> 01:05:12,819

another case where they found the skid

1623

01:05:15,749 --> 01:05:14,229

marks and the oily substances and I

1624

01:05:17,249 --> 01:05:15,759

can't find the case because I didn't

1625

01:05:20,130 --> 01:05:17,259

write it down at the time because of I

1626

01:05:21,449 --> 01:05:20,140

just noted it but I can't find it out to

1627

01:05:23,640 --> 01:05:21,459

go back through the files to see if I

1628

01:05:25,199 --> 01:05:23,650

can find the specific case but and then

1629

01:05:29,219 --> 01:05:25,209

I started looking for cases like that

1630

01:05:31,259 --> 01:05:29,229

where you've got a skid marks and you

1631

01:05:34,679 --> 01:05:31,269

know like two feet long more 2-foot

1632

01:05:37,589 --> 01:05:34,689

3-foot long marks may be side by side

1633

01:05:40,079 --> 01:05:37,599

parallel or one after another that sort

1634

01:05:42,269 --> 01:05:40,089

of thing in in the fields where the UFOs

1635

01:05:44,039 --> 01:05:42,279

were seen and you know I don't know if

1636

01:05:47,789 --> 01:05:44,049

anybody's ever put that kind of thing

1637

01:05:50,390 --> 01:05:47,799

together was it Ted Ted Phillips had

1638

01:05:52,739 --> 01:05:50,400

done an analysis of landing traces

1639

01:05:54,659 --> 01:05:52,749

mm-hmm where he put it together I think

1640

01:05:57,390 --> 01:05:54,669

he had four four thousand five thousand

1641

01:05:59,669 --> 01:05:57,400

cases where he said if you tell me the

1642

01:06:01,979 --> 01:05:59,679

landing gear I'll tell you the shape of

1643

01:06:03,929 --> 01:06:01,989

the object hmm so you know that was kind

1644

01:06:05,039 --> 01:06:03,939

of an interesting thing for him to say

1645

01:06:06,539 --> 01:06:05,049

or if you tell me the shape of the

1646

01:06:10,349 --> 01:06:06,549

object I'll tell you the kind of landing

1647

01:06:13,979 --> 01:06:10,359

gear at had and so he was able to deduce

1648

01:06:15,569 --> 01:06:13,989

a pattern between the shape of the

1649

01:06:16,829 --> 01:06:15,579

object and the landing gear patterns

1650

01:06:19,799 --> 01:06:16,839

that you would see if there was finding

1651

01:06:22,439 --> 01:06:19,809

your patterns left behind and he had

1652

01:06:24,899 --> 01:06:22,449

about four thousand cases the one of the

1653

01:06:26,459 --> 01:06:24,909

problems that we would run into with

1654

01:06:29,759 --> 01:06:26,469

some of those landing trace cases is

1655

01:06:31,949 --> 01:06:29,769

oftentimes the craft isn't seen on the

1656

01:06:34,079 --> 01:06:31,959

ground the craft is seen in proximity

1657

01:06:35,459 --> 01:06:34,089

and so there's an assumption that

1658

01:06:37,049 --> 01:06:35,469

there's a correlation between the

1659

01:06:40,319 --> 01:06:37,059

markings on the ground and the craft

1660

01:06:43,380 --> 01:06:40,329

seen in the sky and that may not be a

1661

01:06:46,700 --> 01:06:43,390

valid scientific conclusion to draw

1662

01:06:51,270 --> 01:06:46,710

but by the same token you know as I said

1663

01:06:52,890 --> 01:06:51,280

Philips was able to deduce the landing

1664

01:06:54,450 --> 01:06:52,900

gear based on the shape of the craft and

1665

01:06:56,730 --> 01:06:54,460

vice versa sighs it's kind of an

1666

01:06:59,130 --> 01:06:56,740

interesting thing that I think we need

1667

01:07:02,640 --> 01:06:59,140

more of in ufology if we're going to

1668

01:07:04,620 --> 01:07:02,650

move us to a more scientific realm is to

1669

01:07:08,690 --> 01:07:04,630

look at some of these cases that may be

1670

01:07:12,120 --> 01:07:08,700

widely separated in time and distance

1671

01:07:15,660 --> 01:07:12,130

but have some of the same physical

1672

01:07:17,190 --> 01:07:15,670

evidence attributes that maybe would

1673

01:07:20,420 --> 01:07:17,200

help us understand things a little bit

1674

01:07:24,270 --> 01:07:20,430

better yeah I think things like that

1675

01:07:26,370 --> 01:07:24,280

should be noted I reminds me of I know

1676

01:07:28,890 --> 01:07:26,380

there was this pictures of a very

1677

01:07:30,720 --> 01:07:28,900

unusual craft that are something like 20

1678

01:07:33,450 --> 01:07:30,730

years apart I can't remember ones in

1679

01:07:35,190 --> 01:07:33,460

France and I just can't remember where

1680

01:07:37,290 --> 01:07:35,200

the other one was taken and it looks

1681

01:07:39,420 --> 01:07:37,300

like the exact same craft very

1682

01:07:41,670 --> 01:07:39,430

McMinnville McMinnville or maybe des

1683

01:07:42,510 --> 01:07:41,680

McMinnville yeah but the problem the

1684

01:07:43,950 --> 01:07:42,520

problem with that

1685

01:07:45,990 --> 01:07:43,960

I think the French crab fix French

1686

01:07:47,490 --> 01:07:46,000

picture was taken in 1954 so it's only

1687

01:07:49,470 --> 01:07:47,500

you know it's like four years apart oh

1688

01:07:50,700 --> 01:07:49,480

it's four years okay but there's but

1689

01:07:53,940 --> 01:07:50,710

there's no good source for the French

1690

01:07:56,310 --> 01:07:53,950

picture we know we know who took the

1691

01:07:58,110 --> 01:07:56,320

pictures in McMinnville mm-hmm you know

1692

01:08:00,810 --> 01:07:58,120

we know all that all that information

1693

01:08:03,480 --> 01:08:00,820

about it but with the the French picture

1694

01:08:05,370 --> 01:08:03,490

we don't have all of that information so

1695

01:08:07,500 --> 01:08:05,380

it becomes a little bit problematic but

1696

01:08:09,060 --> 01:08:07,510

that's exactly the sort of thing and

1697

01:08:11,790 --> 01:08:09,070

that's the other thing you know how come

1698

01:08:13,140 --> 01:08:11,800

we when we see pictures of UFOs of

1699

01:08:15,090 --> 01:08:13,150

course what we have to remember is about

1700

01:08:17,840 --> 01:08:15,100

99 percent of them were taken by teenage

1701
01:08:24,510 --> 01:08:17,850
boys and 99 percent of those are hoaxes

1702
01:08:29,010 --> 01:08:24,520
but we do not have pictures that where

1703
01:08:31,020 --> 01:08:29,020
the same object kind of reappears in in

1704
01:08:32,880 --> 01:08:31,030
obvious a regular pattern but not

1705
01:08:35,490 --> 01:08:32,890
necessarily regular but regularly but

1706
01:08:37,770 --> 01:08:35,500
but reappears in different places at

1707
01:08:40,530 --> 01:08:37,780
different times we don't really have any

1708
01:08:42,680 --> 01:08:40,540
good photographs like that I think the

1709
01:08:45,780 --> 01:08:42,690
problem the problem is this course back

1710
01:08:47,990 --> 01:08:45,790
when you up yo F o--'s first began

1711
01:08:50,580 --> 01:08:48,000
visiting us as we say in the modern era

1712
01:08:52,500 --> 01:08:50,590
not everybody had cameras nobody we

1713
01:08:55,890 --> 01:08:52,510

travelled with cameras and and and

1714

01:08:57,899 --> 01:08:55,900

people were afraid of burning up film

1715

01:08:59,910 --> 01:08:57,909

for something that might not come

1716

01:09:03,120 --> 01:08:59,920

so they didn't take pictures unlike the

1717

01:09:05,879 --> 01:09:03,130

ubiquitous cellphone with its 26

1718

01:09:07,200 --> 01:09:05,889

megapixel cameras bit embedded in it but

1719

01:09:08,879 --> 01:09:07,210

they don't see the UFOs because they're

1720

01:09:11,849 --> 01:09:08,889

busy looking at the phone as opposed ups

1721

01:09:13,340 --> 01:09:11,859

in the sky yeah that means that one

1722

01:09:15,149 --> 01:09:13,350

thing that I've always wanted is a

1723

01:09:16,740 --> 01:09:15,159

photographic case where you've got

1724

01:09:18,510 --> 01:09:16,750

independent witnesses at two or three

1725

01:09:20,999 --> 01:09:18,520

different locations shooting the same

1726

01:09:22,769 --> 01:09:21,009

object and if you have that you could

1727

01:09:24,570 --> 01:09:22,779

get good information about the size of

1728

01:09:26,640 --> 01:09:24,580

the object the height that it was and

1729

01:09:28,740 --> 01:09:26,650

the speed it was moving and you can you

1730

01:09:31,349 --> 01:09:28,750

can triangulate from that point but we

1731

01:09:33,209 --> 01:09:31,359

don't have a case like that we've had

1732

01:09:35,999 --> 01:09:33,219

we've got we've got cases where we have

1733

01:09:39,419 --> 01:09:36,009

people in multiple locations seeing a

1734

01:09:43,220 --> 01:09:39,429

similar thing Levelland Texas in 1957

1735

01:09:46,140 --> 01:09:43,230

stalling the car engines and you've got

1736

01:09:48,930 --> 01:09:46,150

witnesses I know witnesses witnesses at

1737

01:09:50,490 --> 01:09:48,940

least 13 separate locations reporting

1738

01:09:52,769 --> 01:09:50,500

the same thing independently to the

1739

01:09:57,240 --> 01:09:52,779

sheriff or the police department level

1740

01:09:59,100 --> 01:09:57,250

and Texas but but by 1957 everybody was

1741

01:10:01,050 --> 01:09:59,110

so busy arguing with the Air Force about

1742

01:10:02,939 --> 01:10:01,060

what was real and what was not that

1743

01:10:05,189 --> 01:10:02,949

nobody was bothering to investigate the

1744

01:10:08,520 --> 01:10:05,199

case in depth and we would have much

1745

01:10:10,020 --> 01:10:08,530

better information had we not had those

1746

01:10:11,970 --> 01:10:10,030

sort of arguments Kehoe said well there

1747

01:10:13,350 --> 01:10:11,980

were nine people who saw the object and

1748

01:10:15,419 --> 01:10:13,360

the air force is now there was only

1749

01:10:17,430 --> 01:10:15,429

three people and you go through the air

1750

01:10:19,320 --> 01:10:17,440

force file and the documentation

1751

01:10:21,000 --> 01:10:19,330

available you find people at 13 separate

1752

01:10:22,470 --> 01:10:21,010

locations it saw this thing and had it

1753

01:10:24,689 --> 01:10:22,480

interact with the environment and

1754

01:10:26,879 --> 01:10:24,699

there's now information that suggests

1755

01:10:28,439 --> 01:10:26,889

the sheriff who said well I saw the red

1756

01:10:30,390 --> 01:10:28,449

light in the distance I didn't get close

1757

01:10:32,070 --> 01:10:30,400

actually got close enough for it to

1758

01:10:33,720 --> 01:10:32,080

stall his car engine and that's based on

1759

01:10:35,490 --> 01:10:33,730

what he when his family said but he had

1760

01:10:37,860 --> 01:10:35,500

also told him when the Air Force asked

1761

01:10:40,290 --> 01:10:37,870

me not to talk about it and oftentimes

1762

01:10:42,510 --> 01:10:40,300

the Air Force would ask people well you

1763

01:10:44,160 --> 01:10:42,520

know don't talk about your sighting not

1764

01:10:48,709 --> 01:10:44,170

threatening them with anyway just ask

1765

01:10:51,000 --> 01:10:48,719

him not to talk and they wouldn't they

1766

01:10:54,899 --> 01:10:51,010

clammed up at that point

1767

01:10:57,120 --> 01:10:54,909

sheriff Wilcox from from Roswell said

1768

01:10:59,640 --> 01:10:57,130

that when people would reporters called

1769

01:11:01,020 --> 01:10:59,650

him after the event cease well I I'm

1770

01:11:03,090 --> 01:11:01,030

working with those boys out at the base

1771

01:11:04,379 --> 01:11:03,100

and I can't really talk about it didn't

1772

01:11:06,379 --> 01:11:04,389

say anything about being threatened or

1773

01:11:09,510 --> 01:11:06,389

any of that I just said I you know I

1774

01:11:11,340 --> 01:11:09,520

can't talk about it so you know we've

1775

01:11:11,700 --> 01:11:11,350

got those problems and ufology as well

1776

01:11:13,200 --> 01:11:11,710

which

1777

01:11:16,920 --> 01:11:13,210

kind of a divergence from where we were

1778

01:11:19,200 --> 01:11:16,930

going hey I've had a couple of questions

1779

01:11:21,270 --> 01:11:19,210

come in the chat rooms quite active

1780

01:11:23,190 --> 01:11:21,280

tonight and I haven't really looked for

1781

01:11:25,590 --> 01:11:23,200

any questions in there yet I did catch

1782

01:11:27,780 --> 01:11:25,600

one earlier that I wrote down but if

1783

01:11:30,510 --> 01:11:27,790

someone just emailed me earlier and

1784

01:11:34,530 --> 01:11:30,520

asked what you thought about the Aurora

1785

01:11:36,209 --> 01:11:34,540

Texas case which I thought was I don't

1786

01:11:39,930 --> 01:11:36,219

know if I want to use the word debunked

1787

01:11:42,840 --> 01:11:39,940

but that's Elaine's yeah it's a hoax

1788

01:11:46,110 --> 01:11:42,850

it's a hoax well it was explained right

1789

01:11:48,270 --> 01:11:46,120

it was a it was a hoax it was it just a

1790

01:11:50,400 --> 01:11:48,280

hoax nothing happened nothing happened

1791

01:11:51,600 --> 01:11:50,410

what but but here's the interesting part

1792

01:11:53,640 --> 01:11:51,610

that people don't realize

1793

01:11:55,920 --> 01:11:53,650

number one is the the the reporter who

1794

01:11:57,270 --> 01:11:55,930

initially reported it did it because he

1795

01:11:59,640 --> 01:11:57,280

wanted people to become interested in

1796

01:12:01,200 --> 01:11:59,650

Aurora Texas that was his hometown he

1797

01:12:03,630 --> 01:12:01,210

was trying to get people interested in

1798

01:12:06,060 --> 01:12:03,640

Texas because the railroad had gone had

1799

01:12:07,920 --> 01:12:06,070

bypassed Aurora but the other thing is

1800

01:12:10,260 --> 01:12:07,930

within ten years of this event which

1801

01:12:13,380 --> 01:12:10,270

took place in April I think April 17th

1802

01:12:15,180 --> 01:12:13,390

of 19 1897 within ten years of that

1803

01:12:16,350 --> 01:12:15,190

there were two books written about the

1804

01:12:19,740 --> 01:12:16,360

history of Wise County

1805

01:12:23,340 --> 01:12:19,750

Aurora's and wise County neither of

1806

01:12:25,680 --> 01:12:23,350

those books mentioned this event I'm

1807

01:12:30,690 --> 01:12:25,690

thinking if there was a crash of some

1808

01:12:35,400 --> 01:12:30,700

kind of bizarre ship an airship in

1809

01:12:37,050 --> 01:12:35,410

Aurora Texas in 1897 without the CIA and

1810

01:12:39,360 --> 01:12:37,060

the Air Force and everybody trying to

1811

01:12:42,270 --> 01:12:39,370

suppress the information it would have

1812

01:12:43,650 --> 01:12:42,280

been mentioned in those books Wow here's

1813

01:12:46,320 --> 01:12:43,660

here's something interesting that

1814

01:12:47,640 --> 01:12:46,330
happened in Aurora back in 1897 and it's

1815

01:12:49,290 --> 01:12:47,650
not mentioned there and that to me is

1816

01:12:51,959 --> 01:12:49,300
the real killer for the Aurora Texas

1817

01:12:57,270 --> 01:12:51,969
case not to mention other facts that

1818

01:13:00,090 --> 01:12:57,280
came out the signal the TJ Weems the

1819

01:13:01,380 --> 01:13:00,100
signal officer that they quote in a lot

1820

01:13:04,800 --> 01:13:01,390
of the stories he turned out to be the

1821

01:13:07,530 --> 01:13:04,810
local blacksmith and for some reason in

1822

01:13:09,180 --> 01:13:07,540
in 1897 they when you when you thought

1823

01:13:12,750 --> 01:13:09,190
signal officer you were thinking

1824

01:13:16,140 --> 01:13:12,760
intelligence a signal officer is he's

1825

01:13:18,270 --> 01:13:16,150
interested in communications as opposed

1826

01:13:20,700 --> 01:13:18,280

to gathering intelligence he was

1827

01:13:23,640 --> 01:13:20,710

gathering he was he was but there's

1828

01:13:25,470 --> 01:13:23,650

there's nothing has ever been found I

1829

01:13:27,750 --> 01:13:25,480

doubt my blog

1830

01:13:31,740 --> 01:13:27,760

pictures of the graveyard where the

1831

01:13:33,990 --> 01:13:31,750

weather the 97 Eric Sheffer hoaxes the

1832

01:13:37,350 --> 01:13:34,000

great great Alexander Hamilton kept

1833

01:13:39,990 --> 01:13:37,360

napping heard out to be a hoax hmm and

1834

01:13:42,030 --> 01:13:40,000

Jerry Clark interviewed the daughter of

1835

01:13:44,760 --> 01:13:42,040

Alexander Hamilton yeah not the guy

1836

01:13:46,920 --> 01:13:44,770

killed by rigging kidnapped and then

1837

01:13:49,590 --> 01:13:46,930

they found the the remains of it in a

1838

01:13:51,900 --> 01:13:49,600

field like it had been dropped from the

1839

01:13:55,290 --> 01:13:51,910

sky but she was really interesting in

1840

01:13:56,670 --> 01:13:55,300

the days of cattle mutilations but Jerry

1841

01:13:58,350 --> 01:13:56,680

Clark talked to the daughter and she

1842

01:13:59,850 --> 01:13:58,360

said no it didn't happen my father

1843

01:14:03,960 --> 01:13:59,860

belonged to a liar's club and they were

1844

01:14:08,130 --> 01:14:03,970

making stuff up but then then Eddie

1845

01:14:13,860 --> 01:14:08,140

board found a story in a newspaper from

1846

01:14:16,350 --> 01:14:13,870

1897 in isoquant Kansas I think it was

1847

01:14:18,120 --> 01:14:16,360

anyway he found a story in there where

1848

01:14:22,350 --> 01:14:18,130

Hamilton and Senators and I made the

1849

01:14:23,970 --> 01:14:22,360

whole thing up so that so you've got you

1850

01:14:25,440 --> 01:14:23,980

know the documentation the story was

1851

01:14:28,340 --> 01:14:25,450

made up so enough a lot of the stories

1852

01:14:30,300 --> 01:14:28,350

you go back in the airship stories

1853

01:14:34,260 --> 01:14:30,310

there's a lot of more the people are

1854

01:14:36,350 --> 01:14:34,270

talking about their buildings airships

1855

01:14:38,660 --> 01:14:36,360

so they go to Cuba to bomb the Spanish

1856

01:14:42,420 --> 01:14:38,670

because this is just prior to the

1857

01:14:44,400 --> 01:14:42,430

spanish-american war in 1898 yeah there

1858

01:14:46,200 --> 01:14:44,410

was a wonderful story that I read in the

1859

01:14:48,479 --> 01:14:46,210

Cedar Rapids Gazette and had a story an

1860

01:14:52,500 --> 01:14:48,489

article of the thing that had crashed in

1861

01:14:54,120 --> 01:14:52,510

Waterloo Iowa more landed mergency

1862

01:14:56,190 --> 01:14:54,130

landed there and the professor who had

1863

01:14:58,350 --> 01:14:56,200

built the thing was killed and they were

1864

01:14:59,820 --> 01:14:58,360

talking about it and there was an

1865

01:15:01,530 --> 01:14:59,830

illustration in the Cedar Rapids Gazette

1866

01:15:04,140 --> 01:15:01,540

that I and of course used a number of

1867

01:15:07,229 --> 01:15:04,150

times with permission of the Gazette and

1868

01:15:09,930 --> 01:15:07,239

I did a book called I think it's the

1869

01:15:12,090 --> 01:15:09,940

alien mysteries book and one of the

1870

01:15:14,880 --> 01:15:12,100

editors jobs was to find photographs for

1871

01:15:16,920 --> 01:15:14,890

the book the guy found a photograph of

1872

01:15:20,370 --> 01:15:16,930

this thing that had landed in Waterloo

1873

01:15:21,750 --> 01:15:20,380

Iowa he had a photograph of it and so it

1874

01:15:23,670 --> 01:15:21,760

appears in the book and I put it up on

1875

01:15:24,990 --> 01:15:23,680

my blog too so you can see the

1876

01:15:28,290 --> 01:15:25,000

illustration that was done by the

1877

01:15:30,510 --> 01:15:28,300

Gazette and the the actual photograph of

1878

01:15:32,610 --> 01:15:30,520

the thing but then one of the guys one

1879

01:15:34,110 --> 01:15:32,620

of the guys was recognized as a Waterloo

1880

01:15:35,640 --> 01:15:34,120

resident the whole thing collapsed at

1881

01:15:36,180 --> 01:15:35,650

that point because they realized it was

1882

01:15:38,220 --> 01:15:36,190

a hoax

1883

01:15:38,840 --> 01:15:38,230

get your garbage off our fairgrounds

1884

01:15:41,090 --> 01:15:38,850

type thing

1885

01:15:43,670 --> 01:15:41,100

but I went fascinated me was it was an

1886

01:15:44,930 --> 01:15:43,680

actual photograph and I never thought

1887

01:15:46,550 --> 01:15:44,940

you go to Waterloo and look at the

1888

01:15:48,230 --> 01:15:46,560

courier to see if there was a photograph

1889

01:15:49,610 --> 01:15:48,240

of the thing because they would but

1890

01:15:52,490 --> 01:15:49,620

there was there was a photograph of it

1891

01:15:56,390 --> 01:15:52,500

kind of blew me away yeah yeah

1892

01:15:58,550 --> 01:15:56,400

what are you know along those lines out

1893

01:16:01,580 --> 01:15:58,560

there you know cuz what happens is

1894

01:16:03,560 --> 01:16:01,590

sometimes once a story is out there it's

1895

01:16:04,550 --> 01:16:03,570

out there so long that people just take

1896

01:16:08,240 --> 01:16:04,560

it as fact

1897

01:16:09,950 --> 01:16:08,250

you know without without really looking

1898

01:16:11,960 --> 01:16:09,960

into it are there some other fairly

1899

01:16:15,980 --> 01:16:11,970

sizeable stories like that that you're

1900

01:16:19,220 --> 01:16:15,990

aware of that you know you know like for

1901
01:16:23,330 --> 01:16:19,230
instance I'm trying to remember there's

1902
01:16:25,970 --> 01:16:23,340
an early one that that was claimed I've

1903
01:16:27,470 --> 01:16:25,980
heard claim to be a hoax you know right

1904
01:16:31,370 --> 01:16:27,480
after the Kenneth Arnold sighting or

1905
01:16:33,470 --> 01:16:31,380
just before it Laurie Island yeah Mari

1906
01:16:35,750 --> 01:16:33,480
Ireland is that a hoax do you know yeah

1907
01:16:37,220 --> 01:16:35,760
absolutely yeah see there are there's a

1908
01:16:39,200 --> 01:16:37,230
couple like that that ended up being

1909
01:16:41,810 --> 01:16:39,210
hoaxes and that's another one that

1910
01:16:45,770 --> 01:16:41,820
almost you know is down in you know the

1911
01:16:48,530 --> 01:16:45,780
UFO lore as a solid case if you if you

1912
01:16:49,730 --> 01:16:48,540
go back and you the wonderful thing with

1913
01:16:52,250 --> 01:16:49,740

the Internet is you can check all of

1914

01:16:55,070 --> 01:16:52,260

this stuff out now and what you have to

1915

01:16:56,780 --> 01:16:55,080

do is look at multiple sources you can't

1916

01:16:59,180 --> 01:16:56,790

find a single source and read about

1917

01:17:01,580 --> 01:16:59,190

Maureen Island and determine well that's

1918

01:17:03,260 --> 01:17:01,590

the truth you have to look at multiple

1919

01:17:05,930 --> 01:17:03,270

sources and see what they have to say

1920

01:17:07,580 --> 01:17:05,940

and compare all that information and

1921

01:17:08,960 --> 01:17:07,590

documentation and then decide for

1922

01:17:10,970 --> 01:17:08,970

yourself whether it's a hoax or I

1923

01:17:12,890 --> 01:17:10,980

believe more Islanders are hoaxes it

1924

01:17:14,810 --> 01:17:12,900

turns out the harbor patrolmen which

1925

01:17:19,060 --> 01:17:14,820

gives them some sort of status we're not

1926

01:17:21,620 --> 01:17:19,070

harbor patrolmen they were in fact

1927

01:17:24,380 --> 01:17:21,630

scavengers skeleton salvage operators in

1928

01:17:25,940 --> 01:17:24,390

Puget Sound and they would take their

1929

01:17:27,770 --> 01:17:25,950

boat around and they would pull logs out

1930

01:17:29,210 --> 01:17:27,780

of Puget Sound or wreckage they could

1931

01:17:31,670 --> 01:17:29,220

find out a Puget Sound and take it in

1932

01:17:34,550 --> 01:17:31,680

and sell it this is the story of they

1933

01:17:36,440 --> 01:17:34,560

saw six you doughnut-shaped UFOs right

1934

01:17:38,330 --> 01:17:36,450

flying in formation and one of them was

1935

01:17:39,800 --> 01:17:38,340

spewing metal out because it seemed to

1936

01:17:42,440 --> 01:17:39,810

have been in some kind of trouble and

1937

01:17:44,840 --> 01:17:42,450

the metal fell on their boat and it

1938

01:17:47,240 --> 01:17:44,850

injured the guy son Harold dolls son I

1939

01:17:50,540 --> 01:17:47,250

think it was killed the dog killed the

1940

01:17:52,459 --> 01:17:50,550

dog and but people have found Harold

1941

01:17:54,410 --> 01:17:52,469

Dahl son he's not never happened

1942

01:17:56,300 --> 01:17:54,420

you know you go to the hospital and you

1943

01:17:58,430 --> 01:17:56,310

can't find any records of the kid being

1944

01:17:59,510 --> 01:17:58,440

treated you know all those sorts of

1945

01:18:01,810 --> 01:17:59,520

things you have to look at all of that

1946

01:18:04,310 --> 01:18:01,820

sort of things the sad thing about it is

1947

01:18:08,030 --> 01:18:04,320

Kenneth Arnold was asked to investigate

1948

01:18:10,220 --> 01:18:08,040

the case by Ray Palmer who was a editor

1949

01:18:12,170 --> 01:18:10,230

of a science fiction magazine amazing

1950

01:18:13,700 --> 01:18:12,180

stories I think it was and they had been

1951

01:18:15,920 --> 01:18:13,710

doing the shaver mystery which was this

1952

01:18:17,300 --> 01:18:15,930

idea that there were the flying saucers

1953

01:18:19,040 --> 01:18:17,310

came out of the Inner Earth and there

1954

01:18:20,450 --> 01:18:19,050

were good robots and there were bad

1955

01:18:22,700 --> 01:18:20,460

robots and they were fighting some kind

1956

01:18:25,280 --> 01:18:22,710

of war and all the bad stuff that

1957

01:18:28,150 --> 01:18:25,290

happened on earth the surface of the

1958

01:18:31,610 --> 01:18:28,160

earth was the result of these evil

1959

01:18:32,240 --> 01:18:31,620

robots and when the flying saucer thing

1960

01:18:34,580 --> 01:18:32,250

started

1961

01:18:37,250 --> 01:18:34,590

Palmer thought ah validation for my

1962

01:18:42,979 --> 01:18:37,260

stories about about this sort of thing

1963

01:18:44,780 --> 01:18:42,989

and so he wanted Kenneth Arnold to

1964

01:18:46,400 --> 01:18:44,790

investigate the Mauri Island story when

1965

01:18:48,260 --> 01:18:46,410

he learned about it Marnell went to

1966

01:18:53,000 --> 01:18:48,270

Tacoma Washington to interview the guys

1967

01:18:54,680 --> 01:18:53,010

he called to Air Force officers who had

1968

01:18:57,080 --> 01:18:54,690

been there to know about the air force's

1969

01:18:59,920 --> 01:18:57,090

office was actually - who had come up to

1970

01:19:03,110 --> 01:18:59,930

investigate his sighting Davidson and

1971

01:19:07,430 --> 01:19:03,120

and and and I can't remember the other

1972

01:19:09,140 --> 01:19:07,440

guy's name brown brown he called them to

1973

01:19:10,820 --> 01:19:09,150

help him with the investigation they got

1974

01:19:11,450 --> 01:19:10,830

up there interviewed all and Chrisman

1975

01:19:14,450 --> 01:19:11,460

who was the other

1976

01:19:16,070 --> 01:19:14,460

hardwick trohman and realized it was a

1977

01:19:17,900 --> 01:19:16,080

hoax right away and the medals they had

1978

01:19:20,030 --> 01:19:17,910

recovered were just kind of useless slag

1979

01:19:25,310 --> 01:19:20,040

they didn't want to take the samples

1980

01:19:27,979 --> 01:19:25,320

back to their Fort Fort ham of Hamilton

1981

01:19:30,500 --> 01:19:27,989

Air Force Base but they were pressed on

1982

01:19:32,240 --> 01:19:30,510

it they got in their b25 to fly back to

1983

01:19:33,860 --> 01:19:32,250

Hamilton and the plane crash so of

1984

01:19:35,840 --> 01:19:33,870

course then there's all speculation that

1985

01:19:38,120 --> 01:19:35,850

the aircraft was shot down to keep the

1986

01:19:40,370 --> 01:19:38,130

samples out of the hands of the military

1987

01:19:42,260 --> 01:19:40,380

and that sort of thing before they took

1988

01:19:44,420 --> 01:19:42,270

off to go back home they talked to the

1989

01:19:47,660 --> 01:19:44,430

operations officer at the base where

1990

01:19:49,310 --> 01:19:47,670

they landed the b25 and said 'no they

1991

01:19:50,510 --> 01:19:49,320

said it was a hoax they didn't say

1992

01:19:52,430 --> 01:19:50,520

anything to arnold because they didn't

1993

01:19:53,570 --> 01:19:52,440

want to embarrass him they liked arnold

1994

01:19:55,729 --> 01:19:53,580

they thought arnold had a you know I

1995

01:19:59,150 --> 01:19:55,739

don't know had a good sighting in Arnold

1996

01:20:01,130 --> 01:19:59,160

Arnold was just out of his depth and so

1997

01:20:03,229 --> 01:20:01,140

you know that Maury island turned out to

1998

01:20:05,720 --> 01:20:03,239

be a hoax when you began talking about

1999

01:20:06,440 --> 01:20:05,730

it the sighting that came to mind was

2000

01:20:08,420 --> 01:20:06,450

the child

2001

01:20:10,460 --> 01:20:08,430

we did siding from 1948 where the two

2002

01:20:12,770 --> 01:20:10,470

airline pilot saw cigar shaped crafts

2003

01:20:14,950 --> 01:20:12,780

you buy them with a lighted cockpit and

2004

01:20:18,740 --> 01:20:14,960

square windows along the side and the

2005

01:20:21,620 --> 01:20:18,750

first reaction I think of Hynek was that

2006

01:20:23,180 --> 01:20:21,630

he sounded like a bolide to him and then

2007

01:20:24,890 --> 01:20:23,190

how they didn't sue it they didn't had

2008

01:20:26,330 --> 01:20:24,900

didn't believe it a lot of the military

2009

01:20:28,130 --> 01:20:26,340

got into it and thought this was a

2010

01:20:29,690 --> 01:20:28,140

really solid siding and it was kind of

2011

01:20:31,910 --> 01:20:29,700

one of the precipitating events for the

2012

01:20:36,110 --> 01:20:31,920

great estimate of the situation that we

2013

01:20:38,630 --> 01:20:36,120

hear about in ufology in 1968

2014

01:20:41,510 --> 01:20:38,640

I think the Zahn for re-entered it was a

2015

01:20:43,970 --> 01:20:41,520

Soviet spacecraft it and it fell and it

2016

01:20:45,940 --> 01:20:43,980

broke up most people knew what it was

2017

01:20:47,930 --> 01:20:45,950

saw what it was but a lot of people

2018

01:20:49,820 --> 01:20:47,940

thought it was some kind of a

2019

01:20:52,430 --> 01:20:49,830

cigar-shaped craft with soot windows

2020

01:20:55,610 --> 01:20:52,440

along the side and what happens is this

2021

01:20:57,920 --> 01:20:55,620

the thing begins to break up apart and

2022

01:20:59,960 --> 01:20:57,930

it strings out you get this idea that's

2023

01:21:01,340 --> 01:20:59,970

a cigar shaped with windows along the

2024

01:21:03,650 --> 01:21:01,350

side and some of the drawings that were

2025

01:21:06,140 --> 01:21:03,660

made of the Zahn for reentry in which we

2026

01:21:08,990 --> 01:21:06,150

know it was resembled to a great extent

2027

01:21:12,380 --> 01:21:09,000

the drawings made by childs and witted I

2028

01:21:14,360 --> 01:21:12,390

think that case which was I guess one of

2029

01:21:17,450 --> 01:21:14,370

the founding foundations of the UFO

2030

01:21:20,420 --> 01:21:17,460

field is now explained as a bolide there

2031

01:21:22,040 --> 01:21:20,430

was a on YouTube something called meteor

2032

01:21:24,380 --> 01:21:22,050

compilation I think it's three minutes

2033

01:21:27,170 --> 01:21:24,390

and 19 seconds that I found and what it

2034

01:21:29,750 --> 01:21:27,180

was somebody put together meteor Falls

2035

01:21:30,860 --> 01:21:29,760

that had been recorded on video and you

2036

01:21:32,960 --> 01:21:30,870

look at some of those and you're

2037

01:21:34,790 --> 01:21:32,970

thinking you know as a thing breaks up

2038

01:21:37,880 --> 01:21:34,800

and if the lights begin to strike out

2039

01:21:40,280 --> 01:21:37,890

bring out if you just catch a glimpse of

2040

01:21:41,960 --> 01:21:40,290

it well in psychology something called

2041

01:21:45,080 --> 01:21:41,970

Gestalt where you put all these things

2042

01:21:46,760 --> 01:21:45,090

together in your mind you see an image

2043

01:21:48,830 --> 01:21:46,770

even though there's no image there you

2044

01:21:50,390 --> 01:21:48,840

can't try to you try to group the whole

2045

01:21:52,040 --> 01:21:50,400

thing together so if you just get a

2046

01:21:54,170 --> 01:21:52,050

quick look at it it's going to look like

2047

01:21:55,790 --> 01:21:54,180

a lighted cockpit with square windows

2048

01:21:57,560 --> 01:21:55,800

along the side and I think that's a

2049

01:22:00,560 --> 01:21:57,570

legitimate explanation for child's

2050

01:22:02,180 --> 01:22:00,570

witted which does not diminish the UFO

2051

01:22:04,100 --> 01:22:02,190

field at all it's just that here we have

2052

01:22:07,220 --> 01:22:04,110

an explanation for this case that was

2053

01:22:08,750 --> 01:22:07,230

basically unexplained for the longest

2054

01:22:10,610 --> 01:22:08,760

time at least in the world of the

2055

01:22:12,890 --> 01:22:10,620

ufology the Air Force wrote it off as a

2056

01:22:15,380 --> 01:22:12,900

bolide then changed it and then wrote it

2057

01:22:17,330 --> 01:22:15,390

off as a bolide again but I think the

2058

01:22:19,780 --> 01:22:17,340

point isn't that and it's that respect

2059

01:22:21,310 --> 01:22:19,790

the Air Force got that one right they

2060

01:22:25,840 --> 01:22:21,320

right on that one but that's a case it

2061

01:22:26,830 --> 01:22:25,850

was kind of a classic UFO case that we

2062

01:22:29,830 --> 01:22:26,840

now have I think a legitimate

2063

01:22:31,030 --> 01:22:29,840

explanation for so we can look at those

2064

01:22:32,830 --> 01:22:31,040

sort of things and that's the thing we

2065

01:22:34,480 --> 01:22:32,840

have to do is go back and look at these

2066

01:22:37,900 --> 01:22:34,490

things carefully when you get back to

2067

01:22:39,640 --> 01:22:37,910

1897 you have - well - so you have to

2068

01:22:41,500 --> 01:22:39,650

remember that the reporting there was a

2069

01:22:43,390 --> 01:22:41,510

little bit looser than it is today and

2070

01:22:45,370 --> 01:22:43,400

then I think you know fake news and I

2071

01:22:47,350 --> 01:22:45,380

mean we see example after example that

2072

01:22:50,140 --> 01:22:47,360

in today's world where the reporters

2073

01:22:54,220 --> 01:22:50,150

just run off on tangents without knowing

2074

01:22:55,960 --> 01:22:54,230

the full story and after after days we

2075

01:22:59,830 --> 01:22:55,970

begin to filter things out and realize

2076

01:23:02,200 --> 01:22:59,840

what's going on but in 1918 97

2077

01:23:04,840 --> 01:23:02,210

it was the Hearst Corporation was

2078

01:23:06,730 --> 01:23:04,850

pushing for a war with Spain and when

2079

01:23:08,230 --> 01:23:06,740

the main blew up in the harbor they

2080

01:23:09,700 --> 01:23:08,240

pushed the story that it was sabotage

2081

01:23:12,880 --> 01:23:09,710

and that kind of dragged us into that

2082

01:23:14,140 --> 01:23:12,890

war so you had a lot of that you had a

2083

01:23:17,050 --> 01:23:14,150

lot of the stuff with the reporters

2084

01:23:18,880 --> 01:23:17,060

we're making things up and the great the

2085

01:23:20,260 --> 01:23:18,890

great airship is a prime example of that

2086

01:23:21,400 --> 01:23:20,270

that the reporters would make up the

2087

01:23:23,320 --> 01:23:21,410

stories to have something in the

2088

01:23:25,570 --> 01:23:23,330

newspaper there were telegraphers in

2089

01:23:27,250 --> 01:23:25,580

Iowa who kept the story alive you know

2090

01:23:28,660 --> 01:23:27,260

one one troll egg here in a town would

2091

01:23:30,040 --> 01:23:28,670

say well it's over here and it's heading

2092

01:23:32,140 --> 01:23:30,050

toward the next town and pretty soon the

2093

01:23:33,910 --> 01:23:32,150

telegrapher there would come on is yep

2094

01:23:36,100 --> 01:23:33,920

it's over here now it's heading to a

2095

01:23:38,170 --> 01:23:36,110

different town and so they we kind of

2096

01:23:39,940 --> 01:23:38,180

track it around the state of Iowa but it

2097

01:23:41,800 --> 01:23:39,950

was all made up by the telegraphers just

2098

01:23:43,810 --> 01:23:41,810

having a little bit of fun and other

2099

01:23:46,870 --> 01:23:43,820

reporters out that was that was the was

2100

01:23:50,050 --> 01:23:46,880

that the late 19th century that was 1897

2101
01:23:51,940 --> 01:23:50,060
the 80 great airship of 1897 Jerry Clark

2102
01:23:54,190 --> 01:23:51,950
and I disagree on this I think it was

2103
01:23:56,260 --> 01:23:54,200
all bogus I don't think there was ever

2104
01:23:58,330 --> 01:23:56,270
an airship Jerry Clark thinks there was

2105
01:24:00,340 --> 01:23:58,340
a core of good sightings that came out

2106
01:24:02,710 --> 01:24:00,350
of California in 1896 that kind of

2107
01:24:04,600 --> 01:24:02,720
sparked this I think I think Jerry's

2108
01:24:05,950 --> 01:24:04,610
wrong on that but and Jerry thinks I'm

2109
01:24:07,780 --> 01:24:05,960
wrong so you know it's one of those

2110
01:24:10,270 --> 01:24:07,790
things well we disagree but we can

2111
01:24:11,890 --> 01:24:10,280
disagree as gentlemen and say well you

2112
01:24:13,930 --> 01:24:11,900
know we'll have to agree to disagree but

2113
01:24:16,510 --> 01:24:13,940

I think they know the 1897 airship is

2114

01:24:19,000 --> 01:24:16,520

basically the figment of a lot of

2115

01:24:20,800 --> 01:24:19,010

people's imagination and a lot of

2116

01:24:23,140 --> 01:24:20,810

hoaxing going on people just having a

2117

01:24:24,760 --> 01:24:23,150

good time with the stories right right

2118

01:24:26,980 --> 01:24:24,770

you know one thing I forgot to explain

2119

01:24:29,650 --> 01:24:26,990

at the beginning of the show someone

2120

01:24:32,230 --> 01:24:29,660

just asked in the chat room is why is my

2121

01:24:33,109 --> 01:24:32,240

show Monday night and why is it later

2122

01:24:35,180 --> 01:24:33,119

and

2123

01:24:39,740 --> 01:24:35,190

I never I never even mentioned that so

2124

01:24:42,439 --> 01:24:39,750

yeah it was you my fault my fault yeah

2125

01:24:44,570 --> 01:24:42,449

but that's okay I I looked at at this

2126

01:24:46,339 --> 01:24:44,580

you know I look at it this way it's

2127

01:24:48,169 --> 01:24:46,349

always great having you on and I don't

2128

01:24:50,990 --> 01:24:48,179

mind accommodating you in this certain

2129

01:24:51,680 --> 01:24:51,000

circumstance so yeah I appreciate that

2130

01:24:54,100 --> 01:24:51,690

yeah

2131

01:24:57,589 --> 01:24:54,110

but Tuesday nights the seven o'clock

2132

01:24:59,959 --> 01:24:57,599

hours just I can't do it at seven

2133

01:25:02,149 --> 01:24:59,969

o'clock on Tuesday nights yes so it was

2134

01:25:03,709 --> 01:25:02,159

my fault and I you know if we could have

2135

01:25:05,270 --> 01:25:03,719

done it an hour later or whatever that

2136

01:25:07,370 --> 01:25:05,280

would have been fine but you know

2137

01:25:09,200 --> 01:25:07,380

Tuesday night just didn't work for me so

2138

01:25:12,290 --> 01:25:09,210

yeah yeah and I appreciate the

2139

01:25:14,479 --> 01:25:12,300

accommodation yeah taking over doing

2140

01:25:15,800 --> 01:25:14,489

this for me helping me out well it seems

2141

01:25:17,810 --> 01:25:15,810

like we have a lot more people on

2142

01:25:19,459 --> 01:25:17,820

YouTube that maybe it's a good time spot

2143

01:25:23,330 --> 01:25:19,469

maybe you helped me discover something

2144

01:25:25,879 --> 01:25:23,340

I'm not sure someone wrote early on and

2145

01:25:27,979 --> 01:25:25,889

when we first started the show they

2146

01:25:31,040 --> 01:25:27,989

wanted you to and I think you've talked

2147

01:25:32,990 --> 01:25:31,050

about this on show maybe not the last

2148

01:25:35,479 --> 01:25:33,000

one of the time you were on before but

2149

01:25:38,510 --> 01:25:35,489

what your thoughts are about Roswell now

2150

01:25:40,280 --> 01:25:38,520

that's what the question is yeah give me

2151
01:25:42,680 --> 01:25:40,290
a chance to promote a book I did a book

2152
01:25:44,419 --> 01:25:42,690
called Roswell in the 21st century which

2153
01:25:46,490 --> 01:25:44,429
is available right now this minute on

2154
01:25:50,419 --> 01:25:46,500
Kindle you could be reading it in 30

2155
01:25:53,120 --> 01:25:50,429
seconds but what I did was I looked at

2156
01:25:55,609 --> 01:25:53,130
the Roswell case as a cold case gone

2157
01:25:56,990 --> 01:25:55,619
back to all the witnesses gone back to

2158
01:25:58,899 --> 01:25:57,000
the documentation gone back to

2159
01:26:01,640 --> 01:25:58,909
everything that I could find on Roswell

2160
01:26:05,390 --> 01:26:01,650
looking at it as dispassionately as I

2161
01:26:07,339 --> 01:26:05,400
possibly could and then put it all

2162
01:26:10,959 --> 01:26:07,349
together in the book and I think that

2163
01:26:13,399 --> 01:26:10,969

well in the early 1990s a lot of us

2164

01:26:15,200 --> 01:26:13,409

thought that rubella the Roswell was a

2165

01:26:15,740 --> 01:26:15,210

very robust case with a lot of good

2166

01:26:18,350 --> 01:26:15,750

stuff

2167

01:26:20,629 --> 01:26:18,360

since that time novel witnesses have

2168

01:26:23,060 --> 01:26:20,639

blown up while the witnesses proved out

2169

01:26:25,640 --> 01:26:23,070

to be proved to be less than candid with

2170

01:26:26,899 --> 01:26:25,650

their descriptions of what they saw we

2171

01:26:29,209 --> 01:26:26,909

haven't been able to find any

2172

01:26:31,160 --> 01:26:29,219

documentation I'm concerned that we

2173

01:26:33,919 --> 01:26:31,170

couldn't find a diary somebody kept a

2174

01:26:34,280 --> 01:26:33,929

private diary that explains some of this

2175

01:26:36,560 --> 01:26:34,290

stuff

2176
01:26:38,209 --> 01:26:36,570
although Denis Marcel and some of the

2177
01:26:40,729 --> 01:26:38,219
Marcel family said that their father

2178
01:26:43,010 --> 01:26:40,739
their grandfather Jesse Marcel senior

2179
01:26:45,530 --> 01:26:43,020
did keep a diary and it's in their hands

2180
01:26:46,310 --> 01:26:45,540
and they're doing various testing so

2181
01:26:47,960 --> 01:26:46,320
that when

2182
01:26:50,390 --> 01:26:47,970
skeptics say wow you guys just wrote

2183
01:26:51,620 --> 01:26:50,400
this last week they can say now here's

2184
01:26:54,500 --> 01:26:51,630
here's the evidence that showed that

2185
01:26:58,730 --> 01:26:54,510
this Diary was completed and little you

2186
01:27:02,150 --> 01:26:58,740
know 1947-1948 time frame we did find

2187
01:27:04,490 --> 01:27:02,160
one one diary kept by Ruth Barnett which

2188
01:27:06,500 --> 01:27:04,500

has to do with the plains of san agustin

2189

01:27:10,190 --> 01:27:06,510

crash that dealt with it was brought

2190

01:27:12,350 --> 01:27:10,200

into the Roswell case no mention of

2191

01:27:14,290 --> 01:27:12,360

anything on the plains of san agustin in

2192

01:27:16,670 --> 01:27:14,300

that diary which was very disturbing

2193

01:27:18,500 --> 01:27:16,680

suggesting that you know well we got the

2194

01:27:20,270 --> 01:27:18,510

time frame wrong or nothing happened for

2195

01:27:22,880 --> 01:27:20,280

some reason Barney Barnett was spinning

2196

01:27:24,470 --> 01:27:22,890

the tale but we never find anything like

2197

01:27:27,050 --> 01:27:24,480

that so I looked at all of this and put

2198

01:27:29,360 --> 01:27:27,060

it together as best I could in the book

2199

01:27:31,970 --> 01:27:29,370

Roswell the 21st century looked in depth

2200

01:27:35,390 --> 01:27:31,980

at the project mogul explanation which I

2201

01:27:38,930 --> 01:27:35,400

am absolutely astonished that we have a

2202

01:27:41,180 --> 01:27:38,940

document written by the man who was in

2203

01:27:41,570 --> 01:27:41,190

charge of project mogul our query doctor

2204

01:27:44,510 --> 01:27:41,580

Crary

2205

01:27:46,910 --> 01:27:44,520

who says on the flight that supposedly

2206

01:27:48,920 --> 01:27:46,920

landed on the Brazel ranch and explains

2207

01:27:52,370 --> 01:27:48,930

the whole thing wrote on the date June

2208

01:27:54,770 --> 01:27:52,380

4th no flight today excuse me

2209

01:27:57,770 --> 01:27:54,780

doesn't that pretty well rule out mogul

2210

01:28:00,830 --> 01:27:57,780

I think you know that sort of thing I

2211

01:28:02,750 --> 01:28:00,840

looked at the mj-12 documents at

2212

01:28:04,850 --> 01:28:02,760

in-depth looked at a lot of these sort

2213

01:28:07,640 --> 01:28:04,860

of things in-depth tried to put the

2214

01:28:11,090 --> 01:28:07,650

story together at best I could based on

2215

01:28:14,210 --> 01:28:11,100

as it is a cold case so my feeling is

2216

01:28:16,040 --> 01:28:14,220

it's not nearly as robust as it was some

2217

01:28:17,420 --> 01:28:16,050

of the witnesses aren't as good as we

2218

01:28:19,910 --> 01:28:17,430

thought they were some of the inference

2219

01:28:22,160 --> 01:28:19,920

evidences not panned out like we hoped

2220

01:28:24,110 --> 01:28:22,170

it would and when we get right down to

2221

01:28:28,910 --> 01:28:24,120

it we're left with no explanation for

2222

01:28:30,080 --> 01:28:28,920

what fell at Roswell and that's Illi can

2223

01:28:32,150 --> 01:28:30,090

lean toward the extra-terrestrial

2224

01:28:35,000 --> 01:28:32,160

because there I can find no terrestrial

2225

01:28:38,180 --> 01:28:35,010

explanation for it but by the same token

2226

01:28:40,610 --> 01:28:38,190

that may be a leap that I do not want to

2227

01:28:43,190 --> 01:28:40,620

take without some better evidence for it

2228

01:28:45,020 --> 01:28:43,200

so where we are right now is we've got

2229

01:28:46,820 --> 01:28:45,030

some very interesting stories about the

2230

01:28:48,680 --> 01:28:46,830

Roswell case and we got to look at all

2231

01:28:51,650 --> 01:28:48,690

of that stuff we have no explanation for

2232

01:28:53,000 --> 01:28:51,660

what fell at Roswell does is that

2233

01:28:54,710 --> 01:28:53,010

sufficient to take us to the

2234

01:28:56,420 --> 01:28:54,720

extra-terrestrial I think the person

2235

01:28:59,090 --> 01:28:56,430

reading the book or studying the case

2236

01:29:00,229 --> 01:28:59,100

has to make that determination for

2237

01:29:03,470 --> 01:29:00,239

himself or herself

2238

01:29:06,080 --> 01:29:03,480

uh-huh well on another thing beside to

2239

01:29:07,970 --> 01:29:06,090

Diaries people write letters you know

2240

01:29:10,399 --> 01:29:07,980

and I'm surprised the letter has never

2241

01:29:12,140 --> 01:29:10,409

surfaced that someone wrote you know

2242

01:29:14,239 --> 01:29:12,150

either from the base you know to a loved

2243

01:29:15,979 --> 01:29:14,249

one or whatever say hey mom you know you

2244

01:29:19,759 --> 01:29:15,989

can't believe what I saw or something

2245

01:29:21,649 --> 01:29:19,769

like that and I've still got all the

2246

01:29:25,640 --> 01:29:21,659

letters that I wrote home from Vietnam

2247

01:29:28,310 --> 01:29:25,650

in 68 and 69 which gives you an idea of

2248

01:29:31,850 --> 01:29:28,320

how old I am if my picture didn't give

2249

01:29:33,439 --> 01:29:31,860

it away but but I have I have though I

2250

01:29:35,180 --> 01:29:33,449

have those letters and I know my wife's

2251

01:29:37,790 --> 01:29:35,190

got though the letters that her father

2252

01:29:38,620 --> 01:29:37,800

wrote home to his to her mother from

2253

01:29:41,390 --> 01:29:38,630

World War two

2254

01:29:44,720 --> 01:29:41,400

so families keep those sorts of things

2255

01:29:48,290 --> 01:29:44,730

and the best we can look at is Inez

2256

01:29:51,649 --> 01:29:48,300

Wilcox who was the sheriff wife of the

2257

01:29:54,259 --> 01:29:51,659

sheriff George Wilcox in Roswell in 1947

2258

01:29:57,739 --> 01:29:54,269

and Wilcox was involved and she did a

2259

01:29:59,660 --> 01:29:57,749

story she thought for she wrote it for

2260

01:30:02,419 --> 01:29:59,670

the Reader's Digest I guess called three

2261

01:30:05,089 --> 01:30:02,429

four years in the county jail and the

2262

01:30:07,009 --> 01:30:05,099

gag was of course she was a matron for

2263

01:30:08,989 --> 01:30:07,019

the jail when her husband was the

2264

01:30:11,299 --> 01:30:08,999

sheriff so they weren't incarcerated

2265

01:30:16,549 --> 01:30:11,309

they were running to jail and in there

2266

01:30:18,879 --> 01:30:16,559

she put the story of the of the seeing

2267

01:30:22,790 --> 01:30:18,889

the little the crash and the little men

2268

01:30:25,430 --> 01:30:22,800

the problem with it is it's not dated we

2269

01:30:27,470 --> 01:30:25,440

don't know when she wrote it and it was

2270

01:30:29,299 --> 01:30:27,480

an Edition that she added to the story

2271

01:30:31,040 --> 01:30:29,309

after the original story had been

2272

01:30:33,770 --> 01:30:31,050

written it never got published but it

2273

01:30:34,959 --> 01:30:33,780

was I I think it was like page 8a or

2274

01:30:39,410 --> 01:30:34,969

something like this and there's this

2275

01:30:43,279 --> 01:30:39,420

paragraph about the the UFO the flying

2276

01:30:45,890 --> 01:30:43,289

saucer crash but it's not dated I found

2277

01:30:47,870 --> 01:30:45,900

out that she had passed away in 1989

2278

01:30:51,649 --> 01:30:47,880

while the Roselyn incident book came out

2279

01:30:52,790 --> 01:30:51,659

in 1980 so it wasn't like yeah so it

2280

01:30:55,160 --> 01:30:52,800

could she could have been contaminated

2281

01:30:57,680 --> 01:30:55,170

from that source or some of the

2282

01:31:00,140 --> 01:30:57,690

documentaries I think in search of did

2283

01:31:03,560 --> 01:31:00,150

something on Roswell in the early 1980s

2284

01:31:05,390 --> 01:31:03,570

so it's possible that she had seen that

2285

01:31:07,399 --> 01:31:05,400

but that you know we was not that

2286

01:31:09,439 --> 01:31:07,409

document it's interesting and but

2287

01:31:11,390 --> 01:31:09,449

without a date on it we're just kind of

2288

01:31:14,240 --> 01:31:11,400

well you know she could have written it

2289

01:31:17,570 --> 01:31:14,250
and long after the story became

2290

01:31:18,980 --> 01:31:17,580
in the public arena also when you were

2291

01:31:23,000 --> 01:31:18,990
talking about the Marcel's

2292

01:31:25,850 --> 01:31:23,010
suppose that diary it would be very hard

2293

01:31:29,030 --> 01:31:25,860
to prove that that diarrhea is from 1947

2294

01:31:31,070 --> 01:31:29,040
because there could be so many you know

2295

01:31:33,380 --> 01:31:31,080
there are us I just see so many

2296

01:31:35,750 --> 01:31:33,390
different ways people even fake things

2297

01:31:37,130 --> 01:31:35,760
as early as Abraham Lincoln autographs

2298

01:31:39,980 --> 01:31:37,140
and things like that there's there's

2299

01:31:43,610 --> 01:31:39,990
ways to to find Civil War paper there's

2300

01:31:45,470 --> 01:31:43,620
ways to find you know 1940s Diaries that

2301
01:31:47,870 --> 01:31:45,480
are empty and you know I mean it's gonna

2302
01:31:49,910 --> 01:31:47,880
be a real tough one to prove I think

2303
01:31:52,070 --> 01:31:49,920
well but it but but then you can look at

2304
01:31:55,250 --> 01:31:52,080
the ink yeah you can look for

2305
01:31:58,540 --> 01:31:55,260
anachronisms there are things that you

2306
01:32:01,220 --> 01:31:58,550
can be done to validate it validate the

2307
01:32:03,290 --> 01:32:01,230
the diary I don't think the Marcel

2308
01:32:05,390 --> 01:32:03,300
family would participate in any kind of

2309
01:32:08,030 --> 01:32:05,400
hobo I know that I'm just talk about the

2310
01:32:11,750 --> 01:32:08,040
skeptics but I think but I think the ink

2311
01:32:14,150 --> 01:32:11,760
can be the ink can be the formulation of

2312
01:32:16,130 --> 01:32:14,160
the ink yetee happened that's true and

2313
01:32:18,560 --> 01:32:16,140

it is ink if it's pencil then you know

2314

01:32:21,680 --> 01:32:18,570

that's that's a little tougher you know

2315

01:32:24,950 --> 01:32:21,690

and around you know but you can take a

2316

01:32:27,260 --> 01:32:24,960

look at the way the the graphite is on

2317

01:32:29,750 --> 01:32:27,270

the page and things like that to see if

2318

01:32:31,940 --> 01:32:29,760

it's aged properly so there are things

2319

01:32:35,360 --> 01:32:31,950

you can do either the big thing is

2320

01:32:39,020 --> 01:32:35,370

talking in that arena the de la pena

2321

01:32:40,820 --> 01:32:39,030

diary from the Alamo which is the one

2322

01:32:41,990 --> 01:32:40,830

that where the story the Davy Crockett

2323

01:32:45,380 --> 01:32:42,000

surrendered comes from

2324

01:32:46,790 --> 01:32:45,390

mm-hmm and the idea you know they looked

2325

01:32:48,170 --> 01:32:46,800

at the ink they looked at all of that

2326

01:32:50,660 --> 01:32:48,180

sort of thing and they were unable to

2327

01:32:52,640 --> 01:32:50,670

establish the provenance of the diary so

2328

01:32:54,950 --> 01:32:52,650

you can believe that today la pena diary

2329

01:32:57,200 --> 01:32:54,960

is an authentic document from the Texas

2330

01:32:59,660 --> 01:32:57,210

Revolution or it was a modern forgery

2331

01:33:01,760 --> 01:32:59,670

you know depending on what you want to

2332

01:33:03,950 --> 01:33:01,770

believe and so we understand that on the

2333

01:33:08,240 --> 01:33:03,960

other side of that coin we had the great

2334

01:33:10,700 --> 01:33:08,250

faked George W Bush documents that got

2335

01:33:12,620 --> 01:33:10,710

dan Rather in trouble and they were able

2336

01:33:15,290 --> 01:33:12,630

to establish that the documents were

2337

01:33:17,630 --> 01:33:15,300

modern oh that's right that's right

2338

01:33:20,450 --> 01:33:17,640

Wow and he just went down the tube on

2339

01:33:23,210 --> 01:33:20,460

they wanted to believe so badly yeah

2340

01:33:26,600 --> 01:33:23,220

that George W Bush had not fulfilled his

2341

01:33:28,640 --> 01:33:26,610

duty properly and the documentation they

2342

01:33:31,250 --> 01:33:28,650

had to prove did just

2343

01:33:33,320 --> 01:33:31,260

the documents they had were copies they

2344

01:33:34,700 --> 01:33:33,330

didn't have the real documents and at

2345

01:33:36,440 --> 01:33:34,710

that point you know you're dead in the

2346

01:33:39,290 --> 01:33:36,450

water and trying to validate this stuff

2347

01:33:42,380 --> 01:33:39,300

and after they got called on it then

2348

01:33:46,400 --> 01:33:42,390

they began to look at it specifically

2349

01:33:48,170 --> 01:33:46,410

Peter ty tell who by the way was was the

2350

01:33:50,150 --> 01:33:48,180

first person approached by Stan Freedman

2351

01:33:52,250 --> 01:33:50,160

to validate the mj-12 documents and

2352

01:33:55,640 --> 01:33:52,260

believes them to be a hoax was called by

2353

01:33:57,110 --> 01:33:55,650

CBS to validate these papers and by the

2354

01:33:58,460 --> 01:33:57,120

time he got back to him he was out of

2355

01:33:59,660 --> 01:33:58,470

town or something by the time he got

2356

01:34:03,050 --> 01:33:59,670

back to him they had found other

2357

01:34:04,940 --> 01:34:03,060

document for document examiner's to look

2358

01:34:06,470 --> 01:34:04,950

at it but Peter tie tell was originally

2359

01:34:08,300 --> 01:34:06,480

approached by CBS to validate those

2360

01:34:12,290 --> 01:34:08,310

documents so now we got Peter title

2361

01:34:16,990 --> 01:34:12,300

who's tied into mj-12 and the great

2362

01:34:20,480 --> 01:34:17,000

George W Bush document forgery Fiasco

2363

01:34:22,160 --> 01:34:20,490

Wow which by the way I should point out

2364

01:34:24,020 --> 01:34:22,170

does not mean that George W Bush

2365

01:34:26,090 --> 01:34:24,030

fulfilled his National Guard service

2366

01:34:28,340 --> 01:34:26,100

properly it means the documents they

2367

01:34:30,260 --> 01:34:28,350

were going to to prove it were forgeries

2368

01:34:32,960 --> 01:34:30,270

and they could they couldn't find other

2369

01:34:37,340 --> 01:34:32,970

documents to support the the allegations

2370

01:34:40,400 --> 01:34:37,350

mm-hmm yeah I think I'm going to I think

2371

01:34:42,860 --> 01:34:40,410

I'm going to attempt to take up a phone

2372

01:34:46,490 --> 01:34:42,870

call now as I mentioned earlier I'm on

2373

01:34:47,810 --> 01:34:46,500

this little tiny Mac computer and I'm

2374

01:34:50,390 --> 01:34:47,820

not really sure if I'm gonna be able to

2375

01:34:50,990 --> 01:34:50,400

but that phone number is going up on the

2376

01:34:52,940 --> 01:34:51,000

line right now

2377

01:34:55,400 --> 01:34:52,950

if someone wants to call in and ask a

2378

01:34:58,610 --> 01:34:55,410

question that number six oh three nine

2379

01:35:02,650 --> 01:34:58,620

six seven 403 oh I get calls all the

2380

01:35:05,690 --> 01:35:02,660

time off off you know off hours and

2381

01:35:07,820 --> 01:35:05,700

someone called the other day and asked

2382

01:35:08,960 --> 01:35:07,830

to speak to Stanton Friedman because I

2383

01:35:10,880 --> 01:35:08,970

did his show with them several months

2384

01:35:12,500 --> 01:35:10,890

ago so they watch it on YouTube and

2385

01:35:14,960 --> 01:35:12,510

watch the number come up so this is show

2386

01:35:18,020 --> 01:35:14,970

time only this phone numbers active show

2387

01:35:20,420 --> 01:35:18,030

time only and so if someone wants to try

2388

01:35:23,390 --> 01:35:20,430

to call in go ahead like Stan's phone

2389

01:35:24,830 --> 01:35:23,400

number I have it I'm sure you'd

2390

01:35:30,260 --> 01:35:24,840

appreciate me giving it out yeah that's

2391

01:35:32,030 --> 01:35:30,270

right let's give it over live yeah so so

2392

01:35:36,440 --> 01:35:32,040

I'm sure there's other questions up on

2393

01:35:39,710 --> 01:35:36,450

the chat and let's see I just want to

2394

01:35:41,930 --> 01:35:39,720

see if I can pull up anything right now

2395

01:35:45,050 --> 01:35:41,940

but the direction

2396

01:35:47,260 --> 01:35:45,060

that you think until we have you know if

2397

01:35:49,820 --> 01:35:47,270

there's someone callin or I find a

2398

01:35:52,970 --> 01:35:49,830

question up here what do you think that

2399

01:35:57,680 --> 01:35:52,980

you think the direction is going pretty

2400

01:35:59,660 --> 01:35:57,690

good as far as ufology goes or what's

2401

01:36:01,820 --> 01:35:59,670

your thoughts on it you know some people

2402

01:36:04,610 --> 01:36:01,830

you safe they should drain the swamp you

2403

01:36:08,240 --> 01:36:04,620

know on and on and on but what do you

2404

01:36:10,940 --> 01:36:08,250

think in general since you know for

2405

01:36:12,380 --> 01:36:10,950

instance since the up we have a call

2406

01:36:14,930 --> 01:36:12,390

coming in it looks like I'm not able to

2407

01:36:17,150 --> 01:36:14,940

join the call so we're gonna have to

2408

01:36:19,220 --> 01:36:17,160

take down the call number I'm sorry

2409

01:36:21,140 --> 01:36:19,230

I'm using a different computer and I

2410

01:36:24,860 --> 01:36:21,150

thought it would work no call tonight if

2411

01:36:26,360 --> 01:36:24,870

you have any questions please just put

2412

01:36:30,530 --> 01:36:26,370

that in the chat room and I'll try to

2413

01:36:31,790 --> 01:36:30,540

get to that and so I was basically was

2414

01:36:34,750 --> 01:36:31,800

asking Kevin what do you think the

2415

01:36:40,600 --> 01:36:34,760

direction of ufology is going in in

2416

01:36:44,960 --> 01:36:40,610

general oh I'd like to say I'm hopeful

2417

01:36:49,100 --> 01:36:44,970

but I see too much nonsense being

2418

01:36:51,770 --> 01:36:49,110

embraced there was a woman on a radio

2419

01:36:55,040 --> 01:36:51,780

program Oh a year ago or so that decided

2420

01:36:57,170 --> 01:36:55,050

that her research had proven that none

2421

01:36:59,720 --> 01:36:57,180

of us had been too into in Iraq we had

2422

01:37:02,960 --> 01:36:59,730

actually been to Mars oh I knew that and

2423

01:37:05,000 --> 01:37:02,970

yeah and and and fought on Mars and then

2424

01:37:08,120 --> 01:37:05,010

we were brainwashed when we came back to

2425

01:37:10,100 --> 01:37:08,130

be convinced we were in Iraq and and

2426
01:37:13,580 --> 01:37:10,110
people by that nonsense there's these

2427
01:37:15,320 --> 01:37:13,590
guys claiming to be time travelers you

2428
01:37:18,040 --> 01:37:15,330
know if you're a time traveler give me

2429
01:37:21,470 --> 01:37:18,050
the lottery numbers please thank you

2430
01:37:22,760 --> 01:37:21,480
tell me what stock to buy tomorrow you

2431
01:37:24,980 --> 01:37:22,770
know what's the price of gold gonna do

2432
01:37:28,220 --> 01:37:24,990
anything yeah that I could I could

2433
01:37:30,230 --> 01:37:28,230
become rich on and they embraced this

2434
01:37:33,590 --> 01:37:30,240
nonsense one guy claimed that he had

2435
01:37:36,620 --> 01:37:33,600
been abducted as a teenager fought on

2436
01:37:38,870 --> 01:37:36,630
Mars for twenty years and returned been

2437
01:37:40,520 --> 01:37:38,880
returned home like 15 minutes later

2438
01:37:43,070 --> 01:37:40,530

after he disappeared through some kind

2439

01:37:46,310 --> 01:37:43,080

of time manipulation and I'm thinking

2440

01:37:48,080 --> 01:37:46,320

people buy this crap and unfortunately

2441

01:37:49,730 --> 01:37:48,090

they do and it but it's been that way

2442

01:37:52,130 --> 01:37:49,740

since the beginning you had to contact

2443

01:37:54,650 --> 01:37:52,140

these with her nonsensical stuff George

2444

01:37:55,580 --> 01:37:54,660

Adamski was you know his pals on on

2445

01:37:57,890 --> 01:37:55,590

Venus

2446

01:37:59,570 --> 01:37:57,900

I'm thinking yeah what kind of metal do

2447

01:38:02,660 --> 01:37:59,580

they make their spaceships out of on

2448

01:38:04,850 --> 01:38:02,670

Venus right it doesn't get there yet

2449

01:38:06,740 --> 01:38:04,860

doesn't it get really really hot yeah

2450

01:38:10,340 --> 01:38:06,750

what kind of engine air conditioning

2451

01:38:11,690 --> 01:38:10,350

bill do they have you know and I see

2452

01:38:14,810 --> 01:38:11,700

that stuff and I think you know people

2453

01:38:16,340 --> 01:38:14,820

just don't apply any logic to what

2454

01:38:18,950 --> 01:38:16,350

they're being told some of the stories

2455

01:38:20,840 --> 01:38:18,960

are just so outrageous and people say

2456

01:38:22,070 --> 01:38:20,850

yeah that's true and then next thing you

2457

01:38:23,780 --> 01:38:22,080

know they're well they're spouting that

2458

01:38:25,820 --> 01:38:23,790

stuff off in it that's kind of worrisome

2459

01:38:26,930 --> 01:38:25,830

and and I know that there's been people

2460

01:38:28,220 --> 01:38:26,940

waiting for the old guard and you

2461

01:38:29,780 --> 01:38:28,230

followed you to die off so the young

2462

01:38:31,700 --> 01:38:29,790

whippersnappers can take over and get us

2463

01:38:33,380 --> 01:38:31,710

to the answers what I'm thinking if

2464

01:38:35,210 --> 01:38:33,390

they're don't have any better powers of

2465

01:38:37,520 --> 01:38:35,220

critical thinking than they've displayed

2466

01:38:40,370 --> 01:38:37,530

they're gonna take it off into a really

2467

01:38:43,540 --> 01:38:40,380

weird place well I think a lot of that

2468

01:38:46,190 --> 01:38:43,550

is the people that latch on to that are

2469

01:38:48,890 --> 01:38:46,200

looking for something to latch on to I

2470

01:38:50,870 --> 01:38:48,900

think there's a lot more logical you

2471

01:38:52,970 --> 01:38:50,880

know like the flat earthers or you know

2472

01:38:54,860 --> 01:38:52,980

any of that but I think there's a lot of

2473

01:38:56,990 --> 01:38:54,870

people out there that are more you know

2474

01:38:59,030 --> 01:38:57,000

well at least the people that listen to

2475

01:39:01,490 --> 01:38:59,040

the show I get I get a lot of email they

2476

01:39:04,040 --> 01:39:01,500

they liked the fact that I try to follow

2477

01:39:06,770 --> 01:39:04,050

logic as much as possible and and try to

2478

01:39:09,590 --> 01:39:06,780

keep you know away from the fringe as

2479

01:39:12,200 --> 01:39:09,600

much as possible so I think there is

2480

01:39:14,300 --> 01:39:12,210

there's just a second a other side but

2481

01:39:16,490 --> 01:39:14,310

on the other side of that coin you know

2482

01:39:19,160 --> 01:39:16,500

I come on your program for example and I

2483

01:39:21,020 --> 01:39:19,170

try to explain logically with evidence

2484

01:39:22,670 --> 01:39:21,030

what has happened in what's going on and

2485

01:39:23,930 --> 01:39:22,680

then I'm attacked and develop I'd well

2486

01:39:26,480 --> 01:39:23,940

you're nothing but a shell for the Air

2487

01:39:28,820 --> 01:39:26,490

Force you're some kind of special agent

2488

01:39:31,130 --> 01:39:28,830

for the Air Force with a mission to a

2489

01:39:33,050 --> 01:39:31,140

disinformation mission yeah I've

2490

01:39:37,280 --> 01:39:33,060

actually had someone write me about you

2491

01:39:37,970 --> 01:39:37,290

yes something similar yeah mm-hm well

2492

01:39:39,920 --> 01:39:37,980

there you go

2493

01:39:41,990 --> 01:39:39,930

and but the point is if you if you look

2494

01:39:43,670 --> 01:39:42,000

at the evidence a word go I go where the

2495

01:39:45,110 --> 01:39:43,680

evidence goes that's where you should

2496

01:39:47,120 --> 01:39:45,120

and if the of it and if the evidence

2497

01:39:48,680 --> 01:39:47,130

doesn't take me there I'm not going to

2498

01:39:51,530 --> 01:39:48,690

go there if I wanted to be the number

2499

01:39:55,760 --> 01:39:51,540

one UFO guy withstand moving out of the

2500

01:39:58,250 --> 01:39:55,770

way I would brace everything yep cattle

2501
01:39:59,960 --> 01:39:58,260
are being mutilated by UFOs yep crop

2502
01:40:03,050 --> 01:39:59,970
circles are real yep people are being

2503
01:40:05,780 --> 01:40:03,060
abducted wholesale you you buy into all

2504
01:40:08,240 --> 01:40:05,790
of you but yes I was truly on Mars now

2505
01:40:09,470 --> 01:40:08,250
that my might the ten years has been

2506
01:40:11,090 --> 01:40:09,480
since I got 15 years since

2507
01:40:13,520 --> 01:40:11,100
I got back my security clearance is

2508
01:40:15,500 --> 01:40:13,530
expired I can tell you about the big war

2509
01:40:18,760 --> 01:40:15,510
on Mars and it was brilliant because

2510
01:40:22,220 --> 01:40:18,770
what they did was if we were to call

2511
01:40:23,720 --> 01:40:22,230
email or or buy online something from

2512
01:40:26,510 --> 01:40:23,730
Walmart we would get it within a week

2513
01:40:29,150 --> 01:40:26,520

talk about the distribution system they

2514

01:40:31,610 --> 01:40:29,160

get stuff from Walmart to Mars in a week

2515

01:40:35,479 --> 01:40:31,620

for crying out loud we could call home

2516

01:40:37,570 --> 01:40:35,489

with no time delay you know rather than

2517

01:40:39,860 --> 01:40:37,580

you know eight or nine minutes between

2518

01:40:41,270 --> 01:40:39,870

wherever we happen the orbits happen to

2519

01:40:43,130 --> 01:40:41,280

match up wherever it was maybe as much

2520

01:40:45,110 --> 01:40:43,140

as 20 minutes we we could call home with

2521

01:40:49,729 --> 01:40:45,120

instantaneous you know all of that stuff

2522

01:40:52,640 --> 01:40:49,739

not a problem and and so you know I just

2523

01:40:54,770 --> 01:40:52,650

cannot embrace all of that stuff if I've

2524

01:40:56,570 --> 01:40:54,780

got an explanation for a case I've got

2525

01:40:59,060 --> 01:40:56,580

to give it you want a case that's great

2526

01:41:01,340 --> 01:40:59,070

look at level and there's no explanation

2527

01:41:04,100 --> 01:41:01,350

for that and you've got the UFO seen by

2528

01:41:06,200 --> 01:41:04,110

everybody that's a wonderful case that

2529

01:41:10,610 --> 01:41:06,210

suggests some kind of visitation what

2530

01:41:14,600 --> 01:41:10,620

went is that one November of 1957 you

2531

01:41:19,760 --> 01:41:14,610

know there's there's great cases out

2532

01:41:21,680 --> 01:41:19,770

there that are lost in the noise of the

2533

01:41:24,410 --> 01:41:21,690

crap cases that people want to promote

2534

01:41:27,590 --> 01:41:24,420

that just make no sense and don't fit

2535

01:41:29,960 --> 01:41:27,600

into the UFO a phenomenon properly well

2536

01:41:32,630 --> 01:41:29,970

let's you know enlighten us on that case

2537

01:41:39,260 --> 01:41:32,640

in particular if you would but love the

2538

01:41:41,510 --> 01:41:39,270

land yeah November 2nd 1957 Pedro secede

2539

01:41:43,640 --> 01:41:41,520

oh who was a Korean War veteran I

2540

01:41:45,760 --> 01:41:43,650

mentioned that because welcome the real

2541

01:41:49,070 --> 01:41:45,770

War veterans deserve some recognition

2542

01:41:50,780 --> 01:41:49,080

had his car his truck stalled object

2543

01:41:53,570 --> 01:41:50,790

landed near him that lights faded the

2544

01:41:55,040 --> 01:41:53,580

truck stalled he was panicked jumped out

2545

01:41:57,050 --> 01:41:55,050

of the truck rolled underneath the

2546

01:41:59,270 --> 01:41:57,060

passenger sat there staring at the UFO

2547

01:42:01,790 --> 01:41:59,280

it took off the cars his truck started

2548

01:42:05,120 --> 01:42:01,800

he went and it's not clear whether he

2549

01:42:08,479 --> 01:42:05,130

called the sheriff or he visited the

2550

01:42:10,490 --> 01:42:08,489

sheriff but people ignored him didn't

2551
01:42:13,040 --> 01:42:10,500
believe a story not long after that

2552
01:42:18,680 --> 01:42:13,050
other people begin having similar

2553
01:42:21,340 --> 01:42:18,690
circuit with UFO approaching them the

2554
01:42:25,570 --> 01:42:21,350
car dying the lights going out

2555
01:42:28,810 --> 01:42:25,580
there were two farmers in Petite Texas

2556
01:42:31,689 --> 01:42:28,820
who were running two-column combines

2557
01:42:35,410 --> 01:42:31,699
they both died at the same time with the

2558
01:42:38,220 --> 01:42:35,420
UFO produce closely so you've got people

2559
01:42:41,320 --> 01:42:38,230
at 13 separate locations talking about

2560
01:42:43,629 --> 01:42:41,330
these sorts of interactions with the

2561
01:42:45,939 --> 01:42:43,639
environment the sheriff goes out looking

2562
01:42:47,770 --> 01:42:45,949
for the original story was he saw a

2563
01:42:49,540 --> 01:42:47,780

streak of light in the distance but the

2564

01:42:51,790 --> 01:42:49,550

family says no he got a lot closer and

2565

01:42:54,399 --> 01:42:51,800

his car stalled out there was

2566

01:42:56,950 --> 01:42:54,409

information that there was a landing

2567

01:43:00,060 --> 01:42:56,960

trace case it was burned circle on a

2568

01:43:03,399 --> 01:43:00,070

ranch close to level and Texas that the

2569

01:43:06,399 --> 01:43:03,409

sheriff saw and went out to take a look

2570

01:43:10,359 --> 01:43:06,409

at that if we had investigated that case

2571

01:43:12,370 --> 01:43:10,369

in 1957 properly rather than the air for

2572

01:43:14,500 --> 01:43:12,380

the Air Force officer I shouldn't say

2573

01:43:16,060 --> 01:43:14,510

office an airforce NCO who investigated

2574

01:43:18,280 --> 01:43:16,070

some most of the day and level and

2575

01:43:20,649 --> 01:43:18,290

talking to a few of the people the Air

2576

01:43:22,450 --> 01:43:20,659

Force wrote it off as ball lightning a

2577

01:43:25,810 --> 01:43:22,460

phenomenon they couldn't even prove

2578

01:43:27,490 --> 01:43:25,820

existed in 1957 so they explained an

2579

01:43:29,770 --> 01:43:27,500

unknown phenomenon with another unknown

2580

01:43:32,470 --> 01:43:29,780

phenomenon and everybody say yeah ball

2581

01:43:35,439 --> 01:43:32,480

lightning works for me ball lightning is

2582

01:43:38,470 --> 01:43:35,449

very small and very short-lived and very

2583

01:43:41,109 --> 01:43:38,480

rare but but it's a case with all of the

2584

01:43:42,490 --> 01:43:41,119

UFOs interactive the all view the UFO

2585

01:43:44,020 --> 01:43:42,500

interacting with the environment you had

2586

01:43:46,090 --> 01:43:44,030

lots of witnesses independently

2587

01:43:47,979 --> 01:43:46,100

reporting to the police and the sheriff

2588

01:43:50,950 --> 01:43:47,989

you have law enforcement officers seeing

2589

01:43:52,300 --> 01:43:50,960

the thing this would be a case that

2590

01:43:54,609 --> 01:43:52,310

would have been great

2591

01:43:57,850 --> 01:43:54,619

two hours later I think it was something

2592

01:44:00,129 --> 01:43:57,860

is seen at White Sands Missile Range by

2593

01:44:03,010 --> 01:44:00,139

a couple of MPs there I talked to one of

2594

01:44:04,570 --> 01:44:03,020

the MPS guy named Glen toy told me told

2595

01:44:06,129 --> 01:44:04,580

me that the Air Force explanation of it

2596

01:44:09,370 --> 01:44:06,139

being the moon didn't work because they

2597

01:44:12,729 --> 01:44:09,380

saw land a hundred yards away and then

2598

01:44:15,189 --> 01:44:12,739

take off the next day two more MPs saw a

2599

01:44:17,859 --> 01:44:15,199

similar thing so you've got a series of

2600

01:44:19,830 --> 01:44:17,869

sightings that take place over about a

2601
01:44:22,330 --> 01:44:19,840
12 hour period around Levelland Texas

2602
01:44:24,160 --> 01:44:22,340
where the UFO is seen by lots of

2603
01:44:28,270 --> 01:44:24,170
different people it interacts with the

2604
01:44:30,250 --> 01:44:28,280
environment great case but then you look

2605
01:44:31,750 --> 01:44:30,260
at child's witted for example which we

2606
01:44:33,129 --> 01:44:31,760
talked about a little bit earlier I

2607
01:44:34,510 --> 01:44:33,139
think there's a little bit of an

2608
01:44:36,430 --> 01:44:34,520
explanation I'm not going

2609
01:44:39,010 --> 01:44:36,440
ignore what is it legitimate explanation

2610
01:44:41,170 --> 01:44:39,020
for this case based on the evidence

2611
01:44:44,470 --> 01:44:41,180
especially when we've got a similar case

2612
01:44:46,120 --> 01:44:44,480
from 1968 that is explainable by things

2613
01:44:47,830 --> 01:44:46,130

breaking up in the atmosphere is it

2614

01:44:49,420 --> 01:44:47,840

returned to earth so you know you've got

2615

01:44:52,240 --> 01:44:49,430

to take a look at all of that sort of

2616

01:44:54,430 --> 01:44:52,250

thing and but if I wanted to be the

2617

01:44:56,650 --> 01:44:54,440

number one UFO guy yeah broad Texas yeah

2618

01:44:57,250 --> 01:44:56,660

alien spacecraft crashed there yes I'm

2619

01:45:03,310 --> 01:44:57,260

on board

2620

01:45:05,200 --> 01:45:03,320

wright-patterson Air Force Base and now

2621

01:45:06,640 --> 01:45:05,210

that I'm out I can tell you I saw the

2622

01:45:08,650 --> 01:45:06,650

bodies at wright-patterson Air Force

2623

01:45:09,340 --> 01:45:08,660

Base I was right there in the hangar

2624

01:45:11,880 --> 01:45:09,350

with them

2625

01:45:14,830 --> 01:45:11,890

it looked down at him me and me and

2626

01:45:18,840 --> 01:45:14,840

course he'll call he with the Fort Riley

2627

01:45:21,550 --> 01:45:18,850

I'm sorry at Fort Riley but you know

2628

01:45:24,460 --> 01:45:21,560

you've got to go where the evidence

2629

01:45:26,710 --> 01:45:24,470

takes you and release your belief

2630

01:45:28,450 --> 01:45:26,720

structure and what you want to believe

2631

01:45:31,360 --> 01:45:28,460

and look at where are the evidence takes

2632

01:45:34,240 --> 01:45:31,370

you yeah the very well says very well

2633

01:45:36,970 --> 01:45:34,250

said in the chat room someone have

2634

01:45:38,680 --> 01:45:36,980

wanted you to talk about I don't think

2635

01:45:42,520 --> 01:45:38,690

you had any connection to this case but

2636

01:45:44,920 --> 01:45:42,530

the j al 1628 you know over alaska that

2637

01:45:48,700 --> 01:45:44,930

case which i think is a really fantastic

2638

01:45:51,010 --> 01:45:48,710

case but it's a great case yeah it's an

2639

01:45:53,740 --> 01:45:51,020

i actually i actually fired a couple of

2640

01:45:56,080 --> 01:45:53,750

radar operations on that to see if i

2641

01:45:59,290 --> 01:45:56,090

could determine a little bit more about

2642

01:46:01,630 --> 01:45:59,300

the radar and got some got got a quick

2643

01:46:04,050 --> 01:46:01,640

response from the air force on that what

2644

01:46:07,120 --> 01:46:04,060

i was trying to do is a lot of times the

2645

01:46:09,940 --> 01:46:07,130

radar facilities feed the radar

2646

01:46:12,280 --> 01:46:09,950

information to different entities like

2647

01:46:14,440 --> 01:46:12,290

the faa or the the Air Force the Air

2648

01:46:16,300 --> 01:46:14,450

Force puts its own discrimination on the

2649

01:46:19,030 --> 01:46:16,310

radar returns the FAA puts different

2650

01:46:20,800 --> 01:46:19,040

discrimination on it to read out when

2651
01:46:24,640 --> 01:46:20,810
the mundane like birds and that sort of

2652
01:46:26,290 --> 01:46:24,650
thing but you've got a great case you've

2653
01:46:28,240 --> 01:46:26,300
got pilots who've seen the thing for a

2654
01:46:30,550 --> 01:46:28,250
long time what is more important about

2655
01:46:34,270 --> 01:46:30,560
that is the reaction to the guy lost his

2656
01:46:35,410 --> 01:46:34,280
flying job after reporting the UFO but I

2657
01:46:37,480 --> 01:46:35,420
don't think there's a good explanation

2658
01:46:41,170 --> 01:46:37,490
for that case and I think it's I think

2659
01:46:45,010 --> 01:46:41,180
it's a wonderful case with a the only

2660
01:46:47,710 --> 01:46:45,020
the only bad thing is they didn't get a

2661
01:46:48,339 --> 01:46:47,720
good picture they had cameras they just

2662
01:46:51,279 --> 01:46:48,349
didn't take

2663
01:46:52,899 --> 01:46:51,289

I don't I don't know but in those sorts

2664

01:46:55,569 --> 01:46:52,909

of circumstances someday and if you're

2665

01:46:57,099 --> 01:46:55,579

the pilot sometimes it's really hard to

2666

01:46:58,569 --> 01:46:57,109

worry about taking pictures of something

2667

01:47:00,639 --> 01:46:58,579

if you're trying to fly the airplane at

2668

01:47:01,779 --> 01:47:00,649

the same time but they did they did the

2669

01:47:04,089 --> 01:47:01,789

sort of thing you would expect them to

2670

01:47:06,250 --> 01:47:04,099

do in an attempted identify what it was

2671

01:47:08,259 --> 01:47:06,260

and they were unable to do so so there

2672

01:47:10,359 --> 01:47:08,269

that's a very good case as well I wrote

2673

01:47:12,039 --> 01:47:10,369

about it one of I think the government

2674

01:47:13,959 --> 01:47:12,049

UFO FILES book I think I wrote about

2675

01:47:16,989 --> 01:47:13,969

that and there and at that point I was I

2676

01:47:19,270 --> 01:47:16,999

did some foil work into the Air Force

2677

01:47:22,389 --> 01:47:19,280

and and that sort of thing from what I

2678

01:47:26,469 --> 01:47:22,399

understand nightcap was able to help

2679

01:47:30,789 --> 01:47:26,479

that pilot get his get well Richard

2680

01:47:32,799 --> 01:47:30,799

Haines Richard Haines yeah it is get him

2681

01:47:34,539 --> 01:47:32,809

Bob it's Planum get its flying job back

2682

01:47:37,239 --> 01:47:34,549

here yeah he'd been he had been devoted

2683

01:47:39,219 --> 01:47:37,249

to a desk and they it did manage to get

2684

01:47:41,439 --> 01:47:39,229

back into a flying job but Dad that also

2685

01:47:43,659 --> 01:47:41,449

kind of underscores that well if you see

2686

01:47:45,309 --> 01:47:43,669

a UFO you may lose your flying job yeah

2687

01:47:47,559 --> 01:47:45,319

which would inhibit people from talking

2688

01:47:49,539 --> 01:47:47,569

well I didn't see any of that no it

2689

01:47:51,099 --> 01:47:49,549

wasn't in the Close Encounters where

2690

01:47:52,689 --> 01:47:51,109

they asked the airline pilot you want to

2691

01:47:56,079 --> 01:47:52,699

reporter you off I said no I don't think

2692

01:47:58,989 --> 01:47:56,089

so yeah I didn't see anything

2693

01:48:01,059 --> 01:47:58,999

yeah and you know I understand but I

2694

01:48:04,719 --> 01:48:01,069

think I think that's loosening up we've

2695

01:48:11,739 --> 01:48:04,729

seen evidence of that recently with the

2696

01:48:13,750 --> 01:48:11,749

Arizona FAA situation also Oregon and

2697

01:48:15,669 --> 01:48:13,760

the Irish well Irish that's Ireland a

2698

01:48:17,559 --> 01:48:15,679

whole different thing but still there's

2699

01:48:21,669 --> 01:48:17,569

been a couple of cases where the FAA has

2700

01:48:25,899 --> 01:48:21,679

been very responsive at least I had

2701

01:48:29,679 --> 01:48:25,909

Tyler Rogue away who writes for the war

2702

01:48:32,319 --> 01:48:29,689

zone and he was able to get information

2703

01:48:33,759 --> 01:48:32,329

right away even recordings so it seems

2704

01:48:36,189 --> 01:48:33,769

like they're loosening up a little bit

2705

01:48:38,529 --> 01:48:36,199

on the Jael case I talked to John

2706

01:48:42,339 --> 01:48:38,539

Callahan who was the a investigator on

2707

01:48:45,099 --> 01:48:42,349

that and I've got his you know after

2708

01:48:49,659 --> 01:48:45,109

he'd given his talk at the Citizen

2709

01:48:52,149 --> 01:48:49,669

hearing in Washington DC in 1919 in 2013

2710

01:48:55,329 --> 01:48:52,159

I actually got the transcript of his

2711

01:48:59,319 --> 01:48:55,339

remarks he gave them to me so what I did

2712

01:49:02,110 --> 01:48:59,329

my report on it for for the book I had

2713

01:49:05,350 --> 01:49:02,120

his remarks from from his

2714

01:49:07,780 --> 01:49:05,360

talk and that the the things that he

2715

01:49:11,560 --> 01:49:07,790

learned because they had the radar track

2716

01:49:14,320 --> 01:49:11,570

of the of the object and they could put

2717

01:49:16,420 --> 01:49:14,330

together everything in a timeline now

2718

01:49:18,220 --> 01:49:16,430

one thing he did say is that the CIA

2719

01:49:19,600 --> 01:49:18,230

guys showed up said yeah we weren't here

2720

01:49:22,540 --> 01:49:19,610

you know we didn't we didn't we didn't

2721

01:49:24,340 --> 01:49:22,550

hear this we're not here yeah but but

2722

01:49:26,470 --> 01:49:24,350

you know so that's a good case like I

2723

01:49:29,230 --> 01:49:26,480

talked to John Callahan for a while

2724

01:49:30,700 --> 01:49:29,240

about it man God got his the transcript

2725

01:49:32,320 --> 01:49:30,710

of his remarks so I have you know some

2726

01:49:33,520 --> 01:49:32,330

good information on that that came from

2727

01:49:35,080 --> 01:49:33,530

another one of the people who was

2728

01:49:37,960 --> 01:49:35,090

directly involved in the the

2729

01:49:39,850 --> 01:49:37,970

investigation right and just uh we only

2730

01:49:41,980 --> 01:49:39,860

have a three minutes left

2731

01:49:43,990 --> 01:49:41,990

just for again we have a lot of new

2732

01:49:45,700 --> 01:49:44,000

listeners and you know someone has

2733

01:49:48,430 --> 01:49:45,710

written in the chat room oh I'm gonna

2734

01:49:51,250 --> 01:49:48,440

look into that case or whatever so can

2735

01:49:54,610 --> 01:49:51,260

you do can you give the overall of this

2736

01:49:57,040 --> 01:49:54,620

case what happened what switch they

2737

01:50:00,640 --> 01:49:57,050

change yeah sixteen was just it was just

2738

01:50:02,740 --> 01:50:00,650

it was just the the pilot and the crew

2739

01:50:04,960 --> 01:50:02,750

of I think was a cargo plane as opposed

2740

01:50:07,600 --> 01:50:04,970

to a passionate language had seen it

2741

01:50:09,400 --> 01:50:07,610

seen the object kept track of it they

2742

01:50:12,850 --> 01:50:09,410

made a number of turns to see if they

2743

01:50:15,070 --> 01:50:12,860

could get any more information or how it

2744

01:50:16,720 --> 01:50:15,080

react to their turns and eventually it

2745

01:50:18,970 --> 01:50:16,730

disappeared in the distance and they

2746

01:50:20,770 --> 01:50:18,980

flew on and completed their mission but

2747

01:50:22,480 --> 01:50:20,780

there's the the radar information about

2748

01:50:23,020 --> 01:50:22,490

it I mean if you go you go to the

2749

01:50:26,170 --> 01:50:23,030

Internet

2750

01:50:28,180 --> 01:50:26,180

look up Jael 1628 and and you'll get a

2751

01:50:30,550 --> 01:50:28,190

lot of information I think it's in I

2752

01:50:34,630 --> 01:50:30,560

can't remember if it's in the government

2753

01:50:36,070 --> 01:50:34,640

UFO FILES book that I did you can you

2754

01:50:37,840 --> 01:50:36,080

can go there and take a look at that

2755

01:50:39,310 --> 01:50:37,850

which is available on Kindle you could

2756

01:50:42,700 --> 01:50:39,320

be looking at it in 20 minutes

2757

01:50:44,110 --> 01:50:42,710

or 20 seconds um I don't I don't believe

2758

01:50:45,820 --> 01:50:44,120

I did anything on my blog about it

2759

01:50:48,130 --> 01:50:45,830

though I don't think that that's on the

2760

01:50:50,890 --> 01:50:48,140

blog yeah it's oh yeah and yeah that

2761

01:50:52,570 --> 01:50:50,900

that was really an amazing thing it was

2762

01:50:53,920 --> 01:50:52,580

like looked like the shape of a walnut

2763

01:50:56,950 --> 01:50:53,930

or something like that

2764

01:50:58,690 --> 01:50:56,960

yeah oh yeah it was huge and uh perfect

2765

01:51:00,550 --> 01:50:58,700

and they had it on the weather radar

2766

01:51:02,620 --> 01:51:00,560

which is important against weather radar

2767

01:51:03,940 --> 01:51:02,630

is on the aircraft and then the radar on

2768

01:51:05,680 --> 01:51:03,950

the ground tracked of things so you've

2769

01:51:08,470 --> 01:51:05,690

got two separate eight radar returns of

2770

01:51:10,300 --> 01:51:08,480

it as well yeah you know two independent

2771

01:51:12,460 --> 01:51:10,310

radars showing this object so there was

2772

01:51:14,920 --> 01:51:12,470

something real there and they did that

2773

01:51:16,089 --> 01:51:14,930

big circle and the thing yes

2774

01:51:19,379 --> 01:51:16,099

fault along

2775

01:51:22,930 --> 01:51:19,389

which is yeah yeah something else and I

2776
01:51:25,450 --> 01:51:22,940
don't know it must have scared the heck

2777
01:51:27,160 --> 01:51:25,460
out of them I would think you know how

2778
01:51:29,080 --> 01:51:27,170
do you explain something like that it's

2779
01:51:31,240 --> 01:51:29,090
pretty it's such a mystery I don't I

2780
01:51:33,069 --> 01:51:31,250
don't understand why in today's world

2781
01:51:34,780 --> 01:51:33,079
people would be frightened by this but I

2782
01:51:36,459 --> 01:51:34,790
you know I read all kinds of cases where

2783
01:51:38,200 --> 01:51:36,469
the first reaction is fear and I'm

2784
01:51:40,060 --> 01:51:38,210
thinking you know I think flying I would

2785
01:51:42,939 --> 01:51:40,070
have I would have fear flying more than

2786
01:51:44,439 --> 01:51:42,949
anything else you know if I was up I was

2787
01:51:46,209 --> 01:51:44,449
a pilot flying a plane and I saw

2788
01:51:52,270 --> 01:51:46,219

something you just feel vulnerable up in

2789

01:51:54,399 --> 01:51:52,280

the sky you know I think yeah I'm not

2790

01:51:56,200 --> 01:51:54,409

sure I agree with that because being a

2791

01:52:01,899 --> 01:51:56,210

combat pilot we saw lots of stuff in the

2792

01:52:07,300 --> 01:52:01,909

sky well so glad the lights in the

2793

01:52:10,089 --> 01:52:07,310

sky yeah yep racers so if you would give

2794

01:52:13,720 --> 01:52:10,099

out your your blog your blog spot and

2795

01:52:16,750 --> 01:52:13,730

how people can get your books and all

2796

01:52:18,879 --> 01:52:16,760

that Amazon right Oh Amazon Kindle has a

2797

01:52:22,169 --> 01:52:18,889

book so you can get them immediately the

2798

01:52:25,750 --> 01:52:22,179

blog is WWF and Randle blog spot.com

2799

01:52:27,339 --> 01:52:25,760

there's a lot of stuff on there there's

2800

01:52:30,399 --> 01:52:27,349

there's information about the programs

2801
01:52:33,339 --> 01:52:30,409
and I have the program I hosted as well

2802
01:52:35,709 --> 01:52:33,349
and one of the ones that just recently

2803
01:52:37,750 --> 01:52:35,719
was treasure quest and about how much

2804
01:52:39,490 --> 01:52:37,760
reality is involved in that program they

2805
01:52:41,319 --> 01:52:39,500
got a lot of people looking into it and

2806
01:52:43,479 --> 01:52:41,329
I had one of the guys on the show from

2807
01:52:44,680 --> 01:52:43,489
the show on my program so you can go

2808
01:52:47,200 --> 01:52:44,690
listen to what he has to say about

2809
01:52:49,000 --> 01:52:47,210
treasure quest but that's at WWE Evan

2810
01:52:50,890 --> 01:52:49,010
Randall blogspot.com

2811
01:52:52,330 --> 01:52:50,900
the books are at Kendall just type my

2812
01:52:54,250 --> 01:52:52,340
name in there and you can find it and

2813
01:52:56,140 --> 01:52:54,260

there's usually some information about

2814

01:52:58,240 --> 01:52:56,150

it so you can just determine which book

2815

01:53:00,069 --> 01:52:58,250

you want the latest book was encounter

2816

01:53:02,290 --> 01:53:00,079

in the desert which is about the Lonnie

2817

01:53:04,030 --> 01:53:02,300

Zamora sighting in 1964 which is a good

2818

01:53:07,450 --> 01:53:04,040

sighting hey Lonnie

2819

01:53:09,189 --> 01:53:07,460

yeah what did I don't debunk yeah yeah

2820

01:53:12,280 --> 01:53:09,199

that's a great one all right Kevin hey

2821

01:53:14,050 --> 01:53:12,290

thanks so much pleasure as always thank

2822

01:53:17,410 --> 01:53:14,060

you very much appreciate all the time oh

2823

01:53:19,959 --> 01:53:17,420

you bet and we'll have you on again as a

2824

01:53:22,000 --> 01:53:19,969

regular guest I'm sure so you take care

2825

01:53:22,629 --> 01:53:22,010

all right you too thank you much all

2826

01:53:25,390 --> 01:53:22,639

right thank you

2827

01:53:28,839 --> 01:53:25,400

all right everyone so that's it for our

2828

01:53:29,750 --> 01:53:28,849

show and let's see next week we have

2829

01:53:32,419 --> 01:53:29,760

another

2830

01:53:35,419 --> 01:53:32,429

interesting show and that is we have a

2831

01:53:38,540 --> 01:53:35,429

ufologist from I think he's Beijing

2832

01:53:40,790 --> 01:53:38,550

China he's actually a Chinese ufologists

2833

01:53:44,330 --> 01:53:40,800

he speaks English a little bit of an

2834

01:53:45,620 --> 01:53:44,340

accent but I've he's very understandable

2835

01:53:49,069 --> 01:53:45,630

and I think he's gonna really love the

2836

01:53:50,660 --> 01:53:49,079

show next week his name is he likes to

2837

01:53:53,299 --> 01:53:50,670

be called Chuck so that's what we're

2838

01:53:54,890 --> 01:53:53,309

gonna call him truck Fei and he will be

2839

01:53:58,430 --> 01:53:54,900

on next week I want to thank everyone

2840

01:54:01,279 --> 01:53:58,440

that helps out with the show and behind

2841

01:54:02,509 --> 01:54:01,289

the scenes and you the listener and I

2842

01:54:05,029 --> 01:54:02,519

also want to thank the people that

2843

01:54:14,270 --> 01:54:05,039

support the show all right everyone so
