

**KEVIN DAY**

**USS NIMITZ UFO INCIDENT**

1  
00:00:34,790 --> 00:00:13,460

[Music]

2  
00:00:39,960 --> 00:00:37,740

hello and welcome to the show I am

3  
00:00:41,580 --> 00:00:39,970

Martin Willis your host and we have a

4  
00:00:43,380 --> 00:00:41,590

great one for you this evening we have a

5  
00:00:46,910 --> 00:00:43,390

Kevin day we're gonna be talking in

6  
00:00:50,040 --> 00:00:46,920

depth about the USS Nimitz case back in

7  
00:00:52,320 --> 00:00:50,050

2004 we'll get into his background a

8  
00:00:54,030 --> 00:00:52,330

little bit later and I do want to thank

9  
00:00:56,460 --> 00:00:54,040

everyone that helps support the show

10  
00:00:59,130 --> 00:00:56,470

anyone can do that that's on podcast UFO

11  
00:01:01,350 --> 00:00:59,140

comm I also want to thank the people

12  
00:01:03,509 --> 00:01:01,360

that helped out with the show and also

13  
00:01:06,570 --> 00:01:03,519

speaking of that helping out every week

14

00:01:09,840 --> 00:01:06,580

now we have a new blog over at podcast

15

00:01:11,850 --> 00:01:09,850

UFO calm charles lear as writing blogs

16

00:01:14,580 --> 00:01:11,860

for us he has sort of a skeptical

17

00:01:16,469 --> 00:01:14,590

attitude in his blogs up getting a

18

00:01:19,080 --> 00:01:16,479

little bit of feedback a lot of positive

19

00:01:20,969 --> 00:01:19,090

feedback too so check out those stories

20

00:01:24,240 --> 00:01:20,979

on the website i think we have four of

21

00:01:27,749 --> 00:01:24,250

them so far in the last four weeks and i

22

00:01:30,810 --> 00:01:27,759

think that is going to be about it i'm

23

00:01:32,940 --> 00:01:30,820

back at my own home studio and it feels

24

00:01:34,980 --> 00:01:32,950

great with all the equipment here

25

00:01:36,780 --> 00:01:34,990

hopefully there won't be any failures we

26

00:01:39,540 --> 00:01:36,790

had a little bit of technical difficulty

27

00:01:42,720 --> 00:01:39,550

trying to get our guests rolling of this

28

00:01:43,950 --> 00:01:42,730

evening but he says it seems to be

29

00:01:46,080 --> 00:01:43,960

happening to him almost like he's

30

00:01:49,740 --> 00:01:46,090

targeted but i don't want to start any

31

00:01:51,720 --> 00:01:49,750

any rumors or anything but it'll be

32

00:01:53,850 --> 00:01:51,730

interesting to see if we can make it all

33

00:01:55,500 --> 00:01:53,860

the way through this show hopefully his

34

00:01:56,160 --> 00:01:55,510

phone is good and charged and we're

35

00:02:00,450 --> 00:01:56,170

ready to go

36

00:02:04,080 --> 00:02:00,460

alejandro welcome to the show hello

37

00:02:07,950 --> 00:02:04,090

hello thank you so much it's great to be

38

00:02:09,509 --> 00:02:07,960

here yeah now you were i saw your

39

00:02:11,759 --> 00:02:09,519

Facebook postings this weekend looks

40

00:02:15,000 --> 00:02:11,769

like you were having a blast that's oh

41

00:02:16,559 --> 00:02:15,010

yeah a lot of doing what uh-huh yeah in

42

00:02:18,949 --> 00:02:16,569

fact the news that I'll be talk about

43

00:02:21,509 --> 00:02:18,959

talking about is related to it because

44

00:02:23,580 --> 00:02:21,519

one of the big pieces of news is that

45

00:02:27,289 --> 00:02:23,590

you know the History Channel it's going

46

00:02:30,869 --> 00:02:27,299

to be doing a show essentially it's

47

00:02:33,269 --> 00:02:30,879

related to to the Stars Academy but also

48

00:02:35,129 --> 00:02:33,279

a tip the program of course that Lou

49

00:02:37,920 --> 00:02:35,139

Elizondo ran and I'll talk more about

50

00:02:40,110 --> 00:02:37,930

what Lou shared this weekend because he

51  
00:02:43,850 --> 00:02:40,120  
is there at this event that you alluded

52  
00:02:45,780 --> 00:02:43,860  
to the anomalous aerospace phenomena

53  
00:02:48,199 --> 00:02:45,790  
conference which was hosted by the

54  
00:02:50,100 --> 00:02:48,209  
scientific Coalition for ufology

55  
00:02:51,690 --> 00:02:50,110  
something I've been with since the

56  
00:02:54,509 --> 00:02:51,700  
beginning and of course you've had

57  
00:02:56,520 --> 00:02:54,519  
Robert Powell I think you've had Morgan

58  
00:02:59,940 --> 00:02:56,530  
Beal and ritsch Hoffman some of the

59  
00:03:03,000 --> 00:02:59,950  
other people in particular you've had

60  
00:03:04,920 --> 00:03:03,010  
Robert lately on a Nimitz case so one of

61  
00:03:07,860 --> 00:03:04,930  
the things and one of the highlights of

62  
00:03:10,789 --> 00:03:07,870  
the programming was Robert Powell at

63  
00:03:13,860 --> 00:03:10,799

PETA really going over their findings

64

00:03:15,780 --> 00:03:13,870

and their investigation of the Nimitz

65

00:03:19,110 --> 00:03:15,790

case so that was really interesting

66

00:03:21,690 --> 00:03:19,120

especially in the calculations of the

67

00:03:23,640 --> 00:03:21,700

speed the case is extraordinary of

68

00:03:26,280 --> 00:03:23,650

course we've spent a lot of time talking

69

00:03:28,949 --> 00:03:26,290

about it and your guests you're going to

70

00:03:31,349 --> 00:03:28,959

be talking about it with him but the

71

00:03:34,640 --> 00:03:31,359

speeds that they estimated this thing

72

00:03:39,270 --> 00:03:34,650

traveling at and the power consumption

73

00:03:43,140 --> 00:03:39,280

were the power that exhibited by the

74

00:03:46,949 --> 00:03:43,150

craft with their estimations are huge so

75

00:03:51,360 --> 00:03:46,959

thousands of miles an hour they estimate

76  
00:03:54,770 --> 00:03:51,370  
the thing you know likely had if it were

77  
00:03:57,180 --> 00:03:54,780  
a a solid object moving at these

78  
00:04:00,360 --> 00:03:57,190  
accelerations that were observed the

79  
00:04:03,720 --> 00:04:00,370  
g-forces were huge at least somewhere in

80  
00:04:07,649 --> 00:04:03,730  
the order of you know hundreds of

81  
00:04:10,649 --> 00:04:07,659  
g-forces and then hundreds of G's and

82  
00:04:13,680 --> 00:04:10,659  
just for it so people know like geez

83  
00:04:16,800 --> 00:04:13,690  
typically an air freud or pilot will

84  
00:04:18,839 --> 00:04:16,810  
experience up to nine G's an aircraft

85  
00:04:21,719 --> 00:04:18,849  
can only take a little more than that

86  
00:04:25,770 --> 00:04:21,729  
before it starts falling apart now at

87  
00:04:27,990 --> 00:04:25,780  
times for quick time to a can't they

88  
00:04:30,020 --> 00:04:28,000

can't experience maybe 16 G's but this

89

00:04:33,899 --> 00:04:30,030

is for a small period of time and

90

00:04:35,850 --> 00:04:33,909

experiencing that much g-forces over an

91

00:04:38,610 --> 00:04:35,860

extended period of time could kill you

92

00:04:41,610 --> 00:04:38,620

though most any humans ever experiences

93

00:04:44,790 --> 00:04:41,620

in the range of 40 G's a doctor a

94

00:04:47,909 --> 00:04:44,800

scientist was using himself as a guinea

95

00:04:52,290 --> 00:04:47,919

pig and it was for a split second and he

96

00:04:53,939 --> 00:04:52,300

broke bones yeah and I had major issues

97

00:04:56,969 --> 00:04:53,949

the g-forces that would have been

98

00:04:59,640 --> 00:04:56,979

necessary for for what was observed in

99

00:05:02,399 --> 00:04:59,650

the namib incident are at in the order

100

00:05:05,309 --> 00:05:02,409

of hundreds of G's if not thousands so

101  
00:05:09,209 --> 00:05:05,319  
certainly something that not only humans

102  
00:05:11,670 --> 00:05:09,219  
couldn't resist but also any mechanical

103  
00:05:14,159 --> 00:05:11,680  
devices aircraft we have also wouldn't

104  
00:05:16,290 --> 00:05:14,169  
be able to to take those g-forces so

105  
00:05:18,420 --> 00:05:16,300  
really cool stuff that they did there

106  
00:05:20,490 --> 00:05:18,430  
yeah so I just want to mention this

107  
00:05:22,980 --> 00:05:20,500  
while we're on this topic and that is

108  
00:05:26,159 --> 00:05:22,990  
there were also speeds at high altitude

109  
00:05:28,050 --> 00:05:26,169  
of very slow speeds of I think a hundred

110  
00:05:30,510 --> 00:05:28,060  
miles an hour or a hundred knots or

111  
00:05:34,320 --> 00:05:30,520  
below which oh it was observed

112  
00:05:37,619 --> 00:05:34,330  
sustainable sitting at a standstill yeah

113  
00:05:39,959 --> 00:05:37,629

that's even more spectacular huh oh yeah

114

00:05:43,830 --> 00:05:39,969

yeah just not that you know sitting

115

00:05:45,929 --> 00:05:43,840

still completely so yeah a really cool

116

00:05:47,339 --> 00:05:45,939

analysis that report I know will be

117

00:05:50,100 --> 00:05:47,349

coming out in the next couple of weeks

118

00:05:52,170 --> 00:05:50,110

for everybody to see and hopefully it

119

00:05:54,990 --> 00:05:52,180

won't be too long till we're able to

120

00:05:56,820 --> 00:05:55,000

also get something together now where

121

00:05:58,860 --> 00:05:56,830

that PowerPoint in kind of the summary

122

00:06:02,760 --> 00:05:58,870

of the analysis we'll be able to put up

123

00:06:06,180 --> 00:06:02,770

on an SCU webpage or a YouTube page as

124

00:06:07,980 --> 00:06:06,190

well so yeah that was really exciting

125

00:06:10,860 --> 00:06:07,990

another piece of news out there you'll

126

00:06:14,189 --> 00:06:10,870

see an article on The Daily Express it's

127

00:06:17,490 --> 00:06:14,199

titled UFO sightings NASA expert urges

128

00:06:19,649 --> 00:06:17,500

to take alien claims seriously there

129

00:06:22,469 --> 00:06:19,659

must be life and this is an article that

130

00:06:25,640 --> 00:06:22,479

came out before the conference but it

131

00:06:28,469 --> 00:06:25,650

was an interview with one of the other

132

00:06:32,179 --> 00:06:28,479

presenters and that was dr. Kevin Knuth

133

00:06:35,640 --> 00:06:32,189

he's an associate professor and Albani

134

00:06:37,649 --> 00:06:35,650

at suny actually and he teaches space

135

00:06:40,379 --> 00:06:37,659

and and he's worked for NASA for a

136

00:06:44,670 --> 00:06:40,389

period of time his talk was extremely

137

00:06:47,999 --> 00:06:44,680

interesting in that he was going over uh

138

00:06:50,909 --> 00:06:48,009

you know when you're dealing with speeds

139

00:06:55,200 --> 00:06:50,919

that are close to the speed of light or

140

00:06:57,779 --> 00:06:55,210

even a fraction up to over 0.25 now the

141

00:07:00,089 --> 00:06:57,789

speed of light then there are now time

142

00:07:01,559 --> 00:07:00,099

anomalies so the people traveling at

143

00:07:03,499 --> 00:07:01,569

that speed are experiencing time

144

00:07:05,310 --> 00:07:03,509

different than the people who aren't

145

00:07:08,950 --> 00:07:05,320

traveling at those be

146

00:07:11,980 --> 00:07:08,960

that's important for perspective so for

147

00:07:14,590 --> 00:07:11,990

example he talks about how you know a

148

00:07:16,779 --> 00:07:14,600

lot of the questions we have could be

149

00:07:19,060 --> 00:07:16,789

related to just major perceptions

150

00:07:22,810 --> 00:07:19,070

differences in the perception of time so

151

00:07:24,430 --> 00:07:22,820

for instance if we saw a craft and

152

00:07:26,140 --> 00:07:24,440

people have talked about how to craft

153

00:07:27,820 --> 00:07:26,150

that we're seeing 50 years ago are very

154

00:07:31,390 --> 00:07:27,830

similar today you know aren't they

155

00:07:33,040 --> 00:07:31,400

advancing well his point is that you

156

00:07:36,909 --> 00:07:33,050

know depending on on where they're

157

00:07:39,070 --> 00:07:36,919

traveling and how we could be seeing you

158

00:07:41,110 --> 00:07:39,080

know a craft 50 years later but the

159

00:07:43,270 --> 00:07:41,120

perception of the person traveling in

160

00:07:47,529 --> 00:07:43,280

that craft is that it only may be a day

161

00:07:51,100 --> 00:07:47,539

or less has passed so he talks about you

162

00:07:54,010 --> 00:07:51,110

know that could be the same craft and

163

00:07:56,589 --> 00:07:54,020

also if that's the case let's say every

164

00:07:58,360 --> 00:07:56,599

time they come back here 50 years has

165

00:08:00,430 --> 00:07:58,370

passed to us whereas it's been only a

166

00:08:02,260 --> 00:08:00,440

smaller amount in time to them they

167

00:08:04,600 --> 00:08:02,270

wouldn't want to interact because you

168

00:08:06,790 --> 00:08:04,610

know it would be useless with that major

169

00:08:08,770 --> 00:08:06,800

difference in time you couldn't have a

170

00:08:12,040 --> 00:08:08,780

conversation and our culture is going to

171

00:08:13,750 --> 00:08:12,050

be very different so a lot of really

172

00:08:15,640 --> 00:08:13,760

interesting things in fact today's talk

173

00:08:17,560 --> 00:08:15,650

was a lot more fun and intricate than

174

00:08:21,629 --> 00:08:17,570

that but hopefully we'll see that soon

175

00:08:24,219 --> 00:08:21,639

as well but what was really exciting

176

00:08:26,580 --> 00:08:24,229

last week we had this announcement of

177

00:08:29,350 --> 00:08:26,590

the History Channel show called

178

00:08:32,409 --> 00:08:29,360

unidentified that will be about real

179

00:08:36,610 --> 00:08:32,419

investigations related to to the Stars

180

00:08:39,310 --> 00:08:36,620

and what Lou Elizondo told us while he

181

00:08:42,730 --> 00:08:39,320

was there speaking is that you know a

182

00:08:44,590 --> 00:08:42,740

lot of these cases he refers to he often

183

00:08:46,060 --> 00:08:44,600

tells us there's more than just an image

184

00:08:49,060 --> 00:08:46,070

case even though we've only heard from

185

00:08:50,949 --> 00:08:49,070

witnesses or even reports related to

186

00:08:52,540 --> 00:08:50,959

nimitz that there are other cases that

187

00:08:55,600 --> 00:08:52,550

he can't share details or information

188

00:08:57,880 --> 00:08:55,610

about well this History Channel show is

189

00:08:59,740 --> 00:08:57,890

going to be sharing that information so

190

00:09:01,449 --> 00:08:59,750

more of these cases some of which he

191

00:09:03,579 --> 00:09:01,459

says are even more extraordinary than

192

00:09:04,900 --> 00:09:03,589

nimitz which is hard to wrap your head

193

00:09:06,910 --> 00:09:04,910

around because it was such an

194

00:09:08,650 --> 00:09:06,920

extraordinary case but there are other

195

00:09:10,420 --> 00:09:08,660

witnesses so of course we've heard from

196

00:09:14,290 --> 00:09:10,430

great witnesses Kevin who you're having

197

00:09:16,420 --> 00:09:14,300

on on David flavor some others but we're

198

00:09:19,030 --> 00:09:16,430

gonna also hear from witnesses related

199

00:09:21,250 --> 00:09:19,040

to more military cases that were covered

200

00:09:23,760 --> 00:09:21,260

like I said some of which Elizondo says

201  
00:09:26,170 --> 00:09:23,770  
are better than the Nimitz case right

202  
00:09:29,290 --> 00:09:26,180  
you know the one off of Florida for

203  
00:09:31,600 --> 00:09:29,300  
instance you know was a pretty big case

204  
00:09:34,480 --> 00:09:31,610  
it'd be great to hear from them but you

205  
00:09:37,330 --> 00:09:34,490  
know I'm just wondering what the you

206  
00:09:39,790 --> 00:09:37,340  
know the the film footage is out there

207  
00:09:42,880 --> 00:09:39,800  
that you know has not been seen that's

208  
00:09:46,600 --> 00:09:42,890  
that's I mean it's it must be really

209  
00:09:48,220 --> 00:09:46,610  
amazing what Lou actually knows you know

210  
00:09:49,750 --> 00:09:48,230  
that can't he can't come out with I

211  
00:09:53,740 --> 00:09:49,760  
loved I'd love to know what's in his

212  
00:09:56,380 --> 00:09:53,750  
brain yeah I know and you know he's

213  
00:09:58,780 --> 00:09:56,390

excited to share and he made this

214

00:10:02,410 --> 00:09:58,790

emphasis you know it's something that he

215

00:10:05,740 --> 00:10:02,420

said all along is that you know he's a

216

00:10:07,450 --> 00:10:05,750

patriot yeah well he does agree more

217

00:10:09,790 --> 00:10:07,460

information about this should come out

218

00:10:12,130 --> 00:10:09,800

and you know really if it wasn't for him

219

00:10:13,900 --> 00:10:12,140

coming out and telling us about a tip we

220

00:10:16,720 --> 00:10:13,910

make we probably still would not know

221

00:10:19,180 --> 00:10:16,730

about it so he even left and came out

222

00:10:20,860 --> 00:10:19,190

and talked about it however one of the

223

00:10:22,570 --> 00:10:20,870

questions I asked actually it did he

224

00:10:25,330 --> 00:10:22,580

consider himself a whistleblower he says

225

00:10:27,070 --> 00:10:25,340

no because although although he's kind

226

00:10:28,870 --> 00:10:27,080

of straddling a gray line he says a

227

00:10:30,610 --> 00:10:28,880

whistleblower someone who sees something

228

00:10:32,110 --> 00:10:30,620

going on that shouldn't be going on and

229

00:10:34,150 --> 00:10:32,120

comes out and talks about it even if

230

00:10:36,270 --> 00:10:34,160

it's classified and he's not doing that

231

00:10:39,490 --> 00:10:36,280

he's not sharing classified information

232

00:10:41,410 --> 00:10:39,500

however he felt this information that

233

00:10:43,810 --> 00:10:41,420

was you know being collected by his

234

00:10:45,760 --> 00:10:43,820

group should be coming out and getting

235

00:10:47,740 --> 00:10:45,770

to his superiors but it wasn't and

236

00:10:50,710 --> 00:10:47,750

that's why he resigned and now is

237

00:10:55,630 --> 00:10:50,720

sharing what he can of this information

238

00:10:57,310 --> 00:10:55,640

to the you know even though it you know

239

00:10:58,960 --> 00:10:57,320

many people that are still on the inside

240

00:11:02,350 --> 00:10:58,970

did not want him to share this

241

00:11:04,240 --> 00:11:02,360

information and and you know we now have

242

00:11:06,040 --> 00:11:04,250

heard that at the beginning when he

243

00:11:08,170 --> 00:11:06,050

shared this information or more people

244

00:11:10,270 --> 00:11:08,180

that were upset now people have become a

245

00:11:12,910 --> 00:11:10,280

little upset but the progress that

246

00:11:14,560 --> 00:11:12,920

they've made is huge and of course the

247

00:11:16,230 --> 00:11:14,570

television show shooting of that we

248

00:11:18,490 --> 00:11:16,240

haven't been able to see a lot of that

249

00:11:21,460 --> 00:11:18,500

and a lot of the progress they have made

250

00:11:23,080 --> 00:11:21,470

for instance with working with with the

251  
00:11:24,940 --> 00:11:23,090  
government and politicians we haven't

252  
00:11:26,260 --> 00:11:24,950  
been able to see a lot of that I know

253  
00:11:28,720 --> 00:11:26,270  
kevin has shared some of that

254  
00:11:31,600 --> 00:11:28,730  
information and you all will be able to

255  
00:11:32,800 --> 00:11:31,610  
talk about that but there's been a lot

256  
00:11:35,050 --> 00:11:32,810  
more attention and

257  
00:11:37,690 --> 00:11:35,060  
credible attention to this topic which

258  
00:11:41,140 --> 00:11:37,700  
is really exciting and in fact you know

259  
00:11:44,010 --> 00:11:41,150  
this the seu event was held near the

260  
00:11:46,780 --> 00:11:44,020  
Redstone Arsenal near the Rocket Center

261  
00:11:48,910 --> 00:11:46,790  
this is the area in Alabama Huntsville

262  
00:11:52,960 --> 00:11:48,920  
out of Alabama where there's Project

263  
00:11:56,940 --> 00:11:52,970

Paperclip a German scientist came after

264

00:12:01,030 --> 00:11:56,950

World War two began you know the u.s.

265

00:12:03,880 --> 00:12:01,040

missile and rocketry programs are really

266

00:12:06,970 --> 00:12:03,890

you know gave him a kickstart and NASA

267

00:12:08,950 --> 00:12:06,980

was began here so this is kind of where

268

00:12:11,790 --> 00:12:08,960

this all began and there were a lot of

269

00:12:13,990 --> 00:12:11,800

scientists in the area that we are

270

00:12:16,060 --> 00:12:14,000

interested in the topic but they want to

271

00:12:19,570 --> 00:12:16,070

hear more credible information so having

272

00:12:22,420 --> 00:12:19,580

these PhDs and LU Elizondo there in the

273

00:12:24,700 --> 00:12:22,430

area brought out some of the scientists

274

00:12:26,980 --> 00:12:24,710

that are interested who still want to

275

00:12:31,990 --> 00:12:26,990

kind of not necessarily share their

276

00:12:33,370 --> 00:12:32,000

interests for fear of ridicule and Kevin

277

00:12:35,710 --> 00:12:33,380

can talk about some of the ridicule I

278

00:12:37,980 --> 00:12:35,720

know they faced when they had their

279

00:12:43,630 --> 00:12:37,990

sighting even by you know fellow

280

00:12:45,820 --> 00:12:43,640

military men but it's kind of it just

281

00:12:48,160 --> 00:12:45,830

brought this level of credibility and it

282

00:12:50,500 --> 00:12:48,170

provided for this incredible environment

283

00:12:52,300 --> 00:12:50,510

that we had this weekend where it was

284

00:12:55,660 --> 00:12:52,310

all very serious it was very

285

00:12:59,440 --> 00:12:55,670

science-based it was academic a plethora

286

00:13:01,990 --> 00:12:59,450

of PhDs there to discuss at a very high

287

00:13:04,300 --> 00:13:02,000

level the different possibilities of

288

00:13:08,950 --> 00:13:04,310

what could be going on here and evident

289

00:13:11,110 --> 00:13:08,960

that you know we we have related to this

290

00:13:13,840 --> 00:13:11,120

phenomena so yeah it was an

291

00:13:16,329 --> 00:13:13,850

extraordinary weekend well great well

292

00:13:19,480 --> 00:13:16,339

alejandro well i'm glad you're back and

293

00:13:20,800 --> 00:13:19,490

thanks so much for coming on and giving

294

00:13:23,829 --> 00:13:20,810

us up-to-date

295

00:13:25,630 --> 00:13:23,839

and we'll be talking to you next week my

296

00:13:29,230 --> 00:13:25,640

pleasure talk to you next week all right

297

00:13:30,880 --> 00:13:29,240

have a good one thank you alright so our

298

00:13:33,760 --> 00:13:30,890

guest well first of all I want to say a

299

00:13:36,790 --> 00:13:33,770

little shout out to Lisa she's brand-new

300

00:13:38,410 --> 00:13:36,800

to the show and there's many many people

301

00:13:40,210 --> 00:13:38,420

I should be giving a shout out to all

302

00:13:42,520 --> 00:13:40,220

the people that helped out with the show

303

00:13:44,290 --> 00:13:42,530

and if you'd like me to give you a shout

304

00:13:46,660 --> 00:13:44,300

out and you helped out with the show

305

00:13:51,850 --> 00:13:46,670

please do

306

00:13:52,690 --> 00:13:51,860

UFO comm I'd be glad to so anyway our

307

00:13:55,570 --> 00:13:52,700

guest

308

00:13:59,350 --> 00:13:55,580

Kevin day he is a retired United States

309

00:14:01,420 --> 00:13:59,360

Navy senior chief petty officer a former

310

00:14:03,640 --> 00:14:01,430

Operations Specialist and Top Gun air

311

00:14:06,250 --> 00:14:03,650

intercept controller with more than 20

312

00:14:09,270 --> 00:14:06,260

years experience in Strike Group air

313

00:14:12,130 --> 00:14:09,280

defense including wartime operations an

314

00:14:14,890 --> 00:14:12,140

expert operator of the highly advanced

315

00:14:16,440 --> 00:14:14,900

spy-1 radar system which is top-notch

316

00:14:20,140 --> 00:14:16,450

they don't get any better than that

317

00:14:23,650 --> 00:14:20,150

with years of service on board the aegis

318

00:14:25,210 --> 00:14:23,660

equipped ships including the USS then

319

00:14:28,960 --> 00:14:25,220

scenes of probably getting that wrong

320

00:14:31,180 --> 00:14:28,970

USS chosen and the Princeton where this

321

00:14:31,810 --> 00:14:31,190

story begins and we're gonna be talking

322

00:14:35,350 --> 00:14:31,820

to him now

323

00:14:37,480 --> 00:14:35,360

welcome to the show Kevin well thanks

324

00:14:39,460 --> 00:14:37,490

for having me very glad to be here yeah

325

00:14:41,320 --> 00:14:39,470

I'm sorry uh sorry we couldn't get you

326

00:14:44,800 --> 00:14:41,330

on skype boy we sure tried hard though

327

00:14:46,480 --> 00:14:44,810

didn't we we did we gave we gave it a

328

00:14:48,580 --> 00:14:46,490

run I'm not sure what's going on with my

329

00:14:50,350 --> 00:14:48,590

Skype connection or my internet in

330

00:14:52,120 --> 00:14:50,360

general for that matter right I think

331

00:14:53,940 --> 00:14:52,130

that was the acting kind of strange I

332

00:14:57,460 --> 00:14:53,950

think we gave that a full hour try

333

00:14:59,410 --> 00:14:57,470

that's enough okay here you on the phone

334

00:15:00,850 --> 00:14:59,420

I'm sorry you're not on video but you're

335

00:15:04,030 --> 00:15:00,860

on the phone and that's a real pleasure

336

00:15:05,710 --> 00:15:04,040

to have you on it's a real pleasure to

337

00:15:07,540 --> 00:15:05,720

be here thank you I thank you and I

338

00:15:08,980 --> 00:15:07,550

first connected I was looking at email

339

00:15:12,160 --> 00:15:08,990

and stuff I think you and I first

340

00:15:14,440 --> 00:15:12,170

connected all the way back last June

341

00:15:16,600 --> 00:15:14,450

you perhaps listened to a show I did

342

00:15:19,540 --> 00:15:16,610

with Robert Powell I'm not really sure

343

00:15:20,890 --> 00:15:19,550

how that all came together can you we I

344

00:15:25,870 --> 00:15:20,900

do want to go over the incident in

345

00:15:28,120 --> 00:15:25,880

general but I want to also go over when

346

00:15:31,360 --> 00:15:28,130

you decided to actually come out and

347

00:15:33,340 --> 00:15:31,370

talk about this well this this whole

348

00:15:36,430 --> 00:15:33,350

years been quite a whirlwind for me I

349

00:15:38,260 --> 00:15:36,440

was actually waiting tables down in our

350

00:15:39,700 --> 00:15:38,270

local golf course for free because I've

351  
00:15:42,730 --> 00:15:39,710  
been trying to help save it from

352  
00:15:45,430 --> 00:15:42,740  
bankruptcy and which we have by the way

353  
00:15:48,690 --> 00:15:45,440  
which is a great news story and I saw

354  
00:15:50,650 --> 00:15:48,700  
the CNN story break on on CNN about

355  
00:15:54,670 --> 00:15:50,660  
commander flavor coming out about the

356  
00:15:56,320 --> 00:15:54,680  
UFO incident and I basically dropped

357  
00:15:59,530 --> 00:15:56,330  
everything I was doing at that moment I

358  
00:15:59,950 --> 00:15:59,540  
was in shock and I was awed that this

359  
00:16:02,050 --> 00:15:59,960  
was half

360  
00:16:05,440 --> 00:16:02,060  
and I knew instantly right then I had to

361  
00:16:09,070 --> 00:16:05,450  
back up I had to back up my former my

362  
00:16:11,440 --> 00:16:09,080  
former colleague and mate because

363  
00:16:12,790 --> 00:16:11,450

you know this this incident really did

364

00:16:15,640 --> 00:16:12,800

happen and it's kind of a strange

365

00:16:17,350 --> 00:16:15,650

situation cuz when it happens to you you

366

00:16:18,910 --> 00:16:17,360

the people that you think are gonna

367

00:16:20,200 --> 00:16:18,920

believe you don't necessarily really

368

00:16:23,440 --> 00:16:20,210

believe you hmm

369

00:16:25,060 --> 00:16:23,450

and so you kind of tend to maybe not

370

00:16:26,410 --> 00:16:25,070

talk about it and that's kind of what

371

00:16:27,670 --> 00:16:26,420

happened to me for years and years and

372

00:16:29,800 --> 00:16:27,680

years Wow

373

00:16:32,350 --> 00:16:29,810

yeah that that's that was a that was

374

00:16:35,020 --> 00:16:32,360

back then yeah it was back what is it

375

00:16:37,090 --> 00:16:35,030

just over a year ago now and so I

376

00:16:39,010 --> 00:16:37,100

started I started reaching out you know

377

00:16:42,310 --> 00:16:39,020

I started I contacted Robert Powell and

378

00:16:44,560 --> 00:16:42,320

he contacting right away and I joined a

379

00:16:46,420 --> 00:16:44,570

group on Facebook that's a private

380

00:16:49,630 --> 00:16:46,430

closed group called a tip signature

381

00:16:51,220 --> 00:16:49,640

Pentagon program and one thing led to

382

00:16:52,780 --> 00:16:51,230

another started reaching out to some of

383

00:16:56,830 --> 00:16:52,790

my former shipmates and the whole thing

384

00:16:59,260 --> 00:16:56,840

just kind of snowballed and I'm kind of

385

00:17:01,990 --> 00:16:59,270

kind of a arrived at you know brings us

386

00:17:03,520 --> 00:17:02,000

up to date on that well yes and I should

387

00:17:05,800 --> 00:17:03,530

say because of some people got my

388

00:17:09,060 --> 00:17:05,810

newsletter out there that we were gonna

389

00:17:11,260 --> 00:17:09,070

have three guests you Jason Turner and

390

00:17:14,290 --> 00:17:11,270

David Beaty but that just didn't work

391

00:17:18,190 --> 00:17:14,300

out David is at a conference that

392

00:17:19,840 --> 00:17:18,200

couldn't make it and Jason just was it

393

00:17:22,930 --> 00:17:19,850

just couldn't couldn't be on the show I

394

00:17:25,210 --> 00:17:22,940

guess so it's it's too bad but I'm

395

00:17:27,670 --> 00:17:25,220

really glad that you hung in there and

396

00:17:30,640 --> 00:17:27,680

here you are so I do appreciate that

397

00:17:32,980 --> 00:17:30,650

yeah I just I just think it's important

398

00:17:35,020 --> 00:17:32,990

I want to do more and more shows like

399

00:17:37,540 --> 00:17:35,030

this because I got to tell you Mike

400

00:17:40,450 --> 00:17:37,550

Martin my personal goal out of this I

401  
00:17:42,220 --> 00:17:40,460  
want the truth to come out and what I

402  
00:17:43,510 --> 00:17:42,230  
really want to do is I want to I want to

403  
00:17:45,160 --> 00:17:43,520  
get a group of us together that were

404  
00:17:47,320 --> 00:17:45,170  
there the witness is saying and I want

405  
00:17:51,340 --> 00:17:47,330  
to I want to go tell Congress about it I

406  
00:17:52,810 --> 00:17:51,350  
want to talk about it and I want them to

407  
00:17:55,930 --> 00:17:52,820  
know that it really did happen they were

408  
00:17:58,600 --> 00:17:55,940  
they were they were real objects they

409  
00:18:00,880 --> 00:17:58,610  
appeared to be aware and they appeared

410  
00:18:03,130 --> 00:18:00,890  
to be pressing in and the flight

411  
00:18:06,190 --> 00:18:03,140  
characteristics can only really be

412  
00:18:09,100 --> 00:18:06,200  
described as non-newtonian but we what

413  
00:18:10,750 --> 00:18:09,110

we saw was completely fascinating you

414

00:18:12,370 --> 00:18:10,760

know and I don't know what they were but

415

00:18:13,900 --> 00:18:12,380

I can tell you that I know what they

416

00:18:17,560 --> 00:18:13,910

weren't yeah

417

00:18:19,510 --> 00:18:17,570

yeah and uh and I I'm I'm glad you say

418

00:18:22,180 --> 00:18:19,520

it that way you know and and you and

419

00:18:24,430 --> 00:18:22,190

I've talked briefly and I like your your

420

00:18:27,040 --> 00:18:24,440

skeptical attitude I think it's very

421

00:18:29,670 --> 00:18:27,050

important and you basically told me you

422

00:18:31,930 --> 00:18:29,680

have no use for people that are pseudo

423

00:18:33,940 --> 00:18:31,940

skeptics as well you know the people

424

00:18:35,890 --> 00:18:33,950

that just plain shake their finger and

425

00:18:38,500 --> 00:18:35,900

it said no way this can happen you know

426

00:18:42,670 --> 00:18:38,510

and and by you know claiming this or

427

00:18:45,580 --> 00:18:42,680

that so we will talk about what the

428

00:18:47,710 --> 00:18:45,590

skeptics have said and address that a

429

00:18:50,620 --> 00:18:47,720

little bit later on but there are a new

430

00:18:52,810 --> 00:18:50,630

a lot of new listeners and I'd like for

431

00:18:56,590 --> 00:18:52,820

you to kind of lay down the scene of

432

00:18:58,330 --> 00:18:56,600

what happened you know just a in a

433

00:19:00,400 --> 00:18:58,340

nutshell more or less for the like I

434

00:19:03,160 --> 00:19:00,410

said for the new listener and what

435

00:19:06,460 --> 00:19:03,170

happened and that will go into what you

436

00:19:09,850 --> 00:19:06,470

were your involvement in it it was a

437

00:19:12,670 --> 00:19:09,860

2004 occurred off the coast of San Diego

438

00:19:14,140 --> 00:19:12,680

we're then that Stratford was out out to

439

00:19:18,220 --> 00:19:14,150

sea we were doing a tailored ship

440

00:19:19,720 --> 00:19:18,230

training availability and unfortunately

441

00:19:21,400 --> 00:19:19,730

not all the ships could be out there we

442

00:19:23,680 --> 00:19:21,410

we you know the war was still going on

443

00:19:25,150 --> 00:19:23,690

so we had received orders to accelerate

444

00:19:27,250 --> 00:19:25,160

and go overseas so we were trying to get

445

00:19:28,960 --> 00:19:27,260

a lot of training done really quickly at

446

00:19:32,500 --> 00:19:28,970

anyway we were out to sea with the

447

00:19:36,490 --> 00:19:32,510

Nimitz we were going to do an ax and on

448

00:19:39,670 --> 00:19:36,500

board the Nimitz we had tagged 11 on VAW

449

00:19:42,670 --> 00:19:39,680

117 and CAG 11 with was a commander of

450

00:19:45,100 --> 00:19:42,680

all the fighter squadrons and I'd been

451  
00:19:47,890 --> 00:19:45,110  
seeing these anomalous contacts on my

452  
00:19:49,810 --> 00:19:47,900  
scope for a few days we were going to do

453  
00:19:52,600 --> 00:19:49,820  
the 8x on the 14th and around about the

454  
00:19:54,280 --> 00:19:52,610  
10th the team in CIC and Princeton

455  
00:19:56,800 --> 00:19:54,290  
started notice noticing these contacts

456  
00:19:58,750 --> 00:19:56,810  
and we're again we were up the coast San

457  
00:20:00,550 --> 00:19:58,760  
Diego kind of Southwest about a hundred

458  
00:20:03,580 --> 00:20:00,560  
miles or so I forget exactly how far it

459  
00:20:05,440 --> 00:20:03,590  
was that day and we were contacted we

460  
00:20:07,420 --> 00:20:05,450  
were these objects whatever they were

461  
00:20:08,920 --> 00:20:07,430  
were coming into our radar envelope

462  
00:20:11,470 --> 00:20:08,930  
right in the Channel Islands right there

463  
00:20:13,360 --> 00:20:11,480

by Catalina and they were apparent on

464

00:20:16,930 --> 00:20:13,370

the scope anywhere from like between

465

00:20:19,270 --> 00:20:16,940

five and ten at a time and I thing

466

00:20:23,170 --> 00:20:19,280

about is they were at 28,000 feet going

467

00:20:25,630 --> 00:20:23,180

100 knots track itself which was which

468

00:20:27,220 --> 00:20:25,640

was really weird yeah I would just fall

469

00:20:29,049 --> 00:20:27,230

out of the sky at that normally

470

00:20:31,810 --> 00:20:29,059

right I mean there's no way I could

471

00:20:33,039 --> 00:20:31,820

maintain this plummet weight plummet

472

00:20:36,039 --> 00:20:33,049

straight out of this guy especially when

473

00:20:37,360 --> 00:20:36,049

the UH you know the prevailing winds are

474

00:20:39,039 --> 00:20:37,370

going from west to east so they're

475

00:20:43,120 --> 00:20:39,049

they're going counter to the prevailing

476

00:20:44,770 --> 00:20:43,130

winds um we didn't really no one really

477

00:20:47,650 --> 00:20:44,780

felt they were right because they they

478

00:20:49,299 --> 00:20:47,660

were just there and you know the strike

479

00:20:52,570 --> 00:20:49,309

group was quite a quite a few miles away

480

00:20:54,400 --> 00:20:52,580

from them they we we just didn't get the

481

00:20:56,260 --> 00:20:54,410

impression there were any type of threat

482

00:20:59,080 --> 00:20:56,270

although we were using all of our

483

00:21:02,860 --> 00:20:59,090

electronic systems on board the ships we

484

00:21:05,320 --> 00:21:02,870

really had no idea for him so the day a

485

00:21:08,620 --> 00:21:05,330

day that comes up and up to this point

486

00:21:10,690 --> 00:21:08,630

I'd probably seen a little 80 and 90 of

487

00:21:12,580 --> 00:21:10,700

these things up to that moment and

488

00:21:14,110 --> 00:21:12,590

Captain Smith comes down to combat

489

00:21:15,549 --> 00:21:14,120

misses sir you know even we've been

490

00:21:17,320 --> 00:21:15,559

tracking these things for well and I'm

491

00:21:21,490 --> 00:21:17,330

not really concerned they're hostile or

492

00:21:22,690 --> 00:21:21,500

or eleven in any way that I am concerned

493

00:21:24,250 --> 00:21:22,700

about safety of flight because we're

494

00:21:26,980 --> 00:21:24,260

getting ready to launch a bunch aircraft

495

00:21:28,299 --> 00:21:26,990

right in this altitude space and if we

496

00:21:29,950 --> 00:21:28,309

run into one of these things someone's

497

00:21:31,090 --> 00:21:29,960

going to ask you to you know later why

498

00:21:32,830 --> 00:21:31,100

didn't we do something about it

499

00:21:35,320 --> 00:21:32,840

she said you know what so you're chief

500

00:21:36,669 --> 00:21:35,330

is right go ahead take the flight this

501  
00:21:39,460 --> 00:21:36,679  
airborne right now they were up doing a

502  
00:21:41,590 --> 00:21:39,470  
functional flight check and go see what

503  
00:21:43,060 --> 00:21:41,600  
it is go intercept it and in the back of

504  
00:21:45,100 --> 00:21:43,070  
my mind I'm saying yeah I'm gonna

505  
00:21:48,909 --> 00:21:45,110  
intercept but get the intercept an

506  
00:21:50,409 --> 00:21:48,919  
anomalous object which was kind of my

507  
00:21:52,419 --> 00:21:50,419  
goal cuz in the back of my mind I'm

508  
00:21:54,520 --> 00:21:52,429  
thinking okay this is this is so strange

509  
00:21:57,070 --> 00:21:54,530  
that this is definitely something that

510  
00:21:58,840 --> 00:21:57,080  
I've never seen before so anyway we take

511  
00:22:00,190 --> 00:21:58,850  
control of the fast ago flight which

512  
00:22:03,159 --> 00:22:00,200  
just happens to add and commander

513  
00:22:05,620 --> 00:22:03,169

favours flight and we start back to him

514

00:22:08,110 --> 00:22:05,630

in that direction and we just took the

515

00:22:10,030 --> 00:22:08,120

closest object and he we vectored him up

516

00:22:12,970 --> 00:22:10,040

towards there and as soon as he gets to

517

00:22:15,490 --> 00:22:12,980

the merged plot position he starts

518

00:22:17,830 --> 00:22:15,500

screaming on the radio we we had the the

519

00:22:19,600 --> 00:22:17,840

comms overhead in the overhead and cin

520

00:22:21,730 --> 00:22:19,610

combin information senator CSC on the

521

00:22:23,850 --> 00:22:21,740

ship and you start screaming oh my god

522

00:22:26,580 --> 00:22:23,860

oh my god I'm engaged I'm engaged in

523

00:22:29,620 --> 00:22:26,590

from that moment all hell broke loose

524

00:22:32,950 --> 00:22:29,630

this object on this he had intercepted

525

00:22:34,960 --> 00:22:32,960

dropped from 28,000 feet down to the

526

00:22:36,520 --> 00:22:34,970

surface of the ocean and what I found

527

00:22:40,440 --> 00:22:36,530

out the next day was point seven eight

528

00:22:44,009 --> 00:22:40,450

seconds Wow dude when that spin on that

529

00:22:45,989 --> 00:22:44,019

a prawn you know what that was that was

530

00:22:47,489 --> 00:22:45,999

covered at SCU and I hesitate to even

531

00:22:49,769 --> 00:22:47,499

say anything that's I've heard all kinds

532

00:22:52,440 --> 00:22:49,779

of numbers and I just don't yeah and I

533

00:22:53,940 --> 00:22:52,450

want to put out any erroneous numbers

534

00:22:56,609 --> 00:22:53,950

out there yeah no problem but it's

535

00:22:58,259 --> 00:22:56,619

extremely fast yeah in you know we and

536

00:23:00,269 --> 00:22:58,269

we should have heard multiple sonic

537

00:23:02,310 --> 00:23:00,279

booms right there was no sonic booms at

538

00:23:04,379 --> 00:23:02,320

all Olson was a twenty eight thousand

539

00:23:06,450 --> 00:23:04,389

feet less than a second later it was

540

00:23:08,340 --> 00:23:06,460

down at the surface of the water you

541

00:23:10,590 --> 00:23:08,350

know I gotta tell you let's just

542

00:23:14,879 --> 00:23:10,600

interject a little bit I have never once

543

00:23:18,060 --> 00:23:14,889

heard of anyone one time talking about a

544

00:23:19,799 --> 00:23:18,070

sonic boom in a UFO and they have been

545

00:23:22,739 --> 00:23:19,809

there's many many cases where they've

546

00:23:24,720 --> 00:23:22,749

been tracked at very high speeds you

547

00:23:26,639 --> 00:23:24,730

know it up into the twenty thousand

548

00:23:28,470 --> 00:23:26,649

miles an hour you know type of thing but

549

00:23:32,489 --> 00:23:28,480

no one has ever once mentioned a sonic

550

00:23:34,529 --> 00:23:32,499

boom which is really bizarre isn't it it

551  
00:23:35,999 --> 00:23:34,539  
is very bizarre and it's one of the

552  
00:23:37,560 --> 00:23:36,009  
reasons why I believe they were

553  
00:23:41,099 --> 00:23:37,570  
non-newtonian there's other other

554  
00:23:42,659 --> 00:23:41,109  
reasons as well so he leaves his he

555  
00:23:44,580 --> 00:23:42,669  
leaves his wingman the second aircraft

556  
00:23:46,560 --> 00:23:44,590  
that's with him up kind of higher

557  
00:23:48,359 --> 00:23:46,570  
altitude he goes he wants to go down and

558  
00:23:50,430 --> 00:23:48,369  
take a look so he goes down and Trax was

559  
00:23:52,169 --> 00:23:50,440  
saying down to the surface and sees a

560  
00:23:54,330 --> 00:23:52,179  
disturbance in the water that you know

561  
00:23:55,859 --> 00:23:54,340  
everyone's been talking about and right

562  
00:23:58,739 --> 00:23:55,869  
above this disturbance II he sees a

563  
00:24:01,349 --> 00:23:58,749

little tiny object and he described it

564

00:24:04,039 --> 00:24:01,359

when we came back into port week later

565

00:24:06,269 --> 00:24:04,049

or so it looked like a tiny tic-tac

566

00:24:07,799 --> 00:24:06,279

about forty seven feet long about the

567

00:24:11,729 --> 00:24:07,809

length of the Super Hornet

568

00:24:14,430 --> 00:24:11,739

that's an 18 super hundred and this

569

00:24:16,080 --> 00:24:14,440

thing came popping pop right back out of

570

00:24:17,369 --> 00:24:16,090

the ocean and what I don't think was

571

00:24:21,210 --> 00:24:17,379

actually in the oceans right above the

572

00:24:23,159 --> 00:24:21,220

surface back up to 28,000 feet started

573

00:24:25,259 --> 00:24:23,169

going 100 knots again track itself as if

574

00:24:25,769 --> 00:24:25,269

nothing at all interesting it just

575

00:24:29,310 --> 00:24:25,779

happened

576

00:24:31,169 --> 00:24:29,320

interesting right and then and then you

577

00:24:32,700 --> 00:24:31,179

know in the the thing is all these we

578

00:24:34,470 --> 00:24:32,710

got all these other aircraft launching

579

00:24:35,729 --> 00:24:34,480

out the decadent of the Nimitz and

580

00:24:37,139 --> 00:24:35,739

they're all up doing their functional

581

00:24:38,820 --> 00:24:37,149

flight check so everybody's listening to

582

00:24:41,159 --> 00:24:38,830

the radios everybody's up in the data

583

00:24:42,869 --> 00:24:41,169

links and every everybody that

584

00:24:44,909 --> 00:24:42,879

situational awareness know about what's

585

00:24:46,560 --> 00:24:44,919

going on out here so I got a bunch of

586

00:24:49,249 --> 00:24:46,570

aircraft taking off now and they're all

587

00:24:52,680 --> 00:24:49,259

doing their own intercepts autonomously

588

00:24:54,330 --> 00:24:52,690

with no air controller you know next

589

00:24:57,119 --> 00:24:54,340

thing I know I got all these um

590

00:24:58,649 --> 00:24:57,129

you a tu I called him UFOs and I didn't

591

00:25:00,719 --> 00:24:58,659

even know where the UI p was at the time

592

00:25:02,549 --> 00:25:00,729

but these things are all falling out of

593

00:25:04,019 --> 00:25:02,559

this guy from 28,000 feet down to the

594

00:25:05,399 --> 00:25:04,029

surface of the ocean in less than a

595

00:25:08,700 --> 00:25:05,409

second it was raining it was actually

596

00:25:11,459 --> 00:25:08,710

raining UFOs for a brief moment on the

597

00:25:13,379 --> 00:25:11,469

radar amazing totally totally

598

00:25:17,279 --> 00:25:13,389

unbelievable I mean he should have seen

599

00:25:20,519 --> 00:25:17,289

the the in felt the shocked silence it

600

00:25:22,469 --> 00:25:20,529

was in combat because you know a team

601  
00:25:24,749 --> 00:25:22,479  
like Earth the government spends

602  
00:25:26,789 --> 00:25:24,759  
millions of dollars training us to train

603  
00:25:30,060 --> 00:25:26,799  
you know training us to ID everything

604  
00:25:32,609 --> 00:25:30,070  
that flies right and none of us had any

605  
00:25:35,009 --> 00:25:32,619  
idea what these objects were we to this

606  
00:25:37,799 --> 00:25:35,019  
day we still don't know yeah amazing

607  
00:25:40,379 --> 00:25:37,809  
well we are right at the break so we're

608  
00:25:42,149 --> 00:25:40,389  
gonna head into a break here and so hang

609  
00:25:45,379 --> 00:25:42,159  
every hang in there everyone we'll be

610  
00:25:50,609 --> 00:25:45,389  
right back right after these messages

611  
00:25:54,239 --> 00:25:50,619  
when you all set I'm all set I'm here we

612  
00:25:55,709 --> 00:25:54,249  
go Martin in five back to the show I'm

613  
00:25:59,339 --> 00:25:55,719

Martin Willis your host and we have

614

00:26:03,739 --> 00:25:59,349

Kevin day he is talking about the USS

615

00:26:06,719 --> 00:26:03,749

Nimitz case which happened back in 2004

616

00:26:09,599 --> 00:26:06,729

great guests great topic as far as I'm

617

00:26:12,209 --> 00:26:09,609

concerned and Kevin thanks so much so

618

00:26:14,999 --> 00:26:12,219

can you continue talking about um you

619

00:26:16,680 --> 00:26:15,009

were talking about David flavor and and

620

00:26:20,579 --> 00:26:16,690

his intercept or

621

00:26:22,799 --> 00:26:20,589

what was it you actually mentioned he

622

00:26:25,229 --> 00:26:22,809

was a his name of this flight was fast

623

00:26:28,379 --> 00:26:25,239

Eagle flight it was a Super Hornet FMA

624

00:26:29,609 --> 00:26:28,389

18 mm yeah I believe was a brand new

625

00:26:32,489 --> 00:26:29,619

airplane that he was flying that day

626

00:26:34,339 --> 00:26:32,499

what I heard that you know at any rate

627

00:26:36,450 --> 00:26:34,349

just to kind of pick up the story he

628

00:26:38,099 --> 00:26:36,460

consummated the intercept and the thing

629

00:26:40,649 --> 00:26:38,109

avoided and went back up into the sky so

630

00:26:42,329 --> 00:26:40,659

he goes back up in the sky and then the

631

00:26:45,239 --> 00:26:42,339

next thing that we know this object that

632

00:26:47,430 --> 00:26:45,249

he had tried to intercept all of a

633

00:26:50,519 --> 00:26:47,440

sudden it went from point A to point B

634

00:26:52,889 --> 00:26:50,529

in about 40 miles in the again in less

635

00:26:54,539 --> 00:26:52,899

than a second it what it did is um we

636

00:26:58,159 --> 00:26:54,549

have what's known as combat air patrol

637

00:27:00,539 --> 00:26:58,169

stations or basically just arbitrary

638

00:27:02,579 --> 00:27:00,549

altitudes and positions in the sky

639

00:27:04,169 --> 00:27:02,589

around the strike group where the the

640

00:27:05,999 --> 00:27:04,179

fighters kind of hang out it's their

641

00:27:07,980 --> 00:27:06,009

hangout spot until they get orders or

642

00:27:09,900 --> 00:27:07,990

vectors to do something

643

00:27:11,970 --> 00:27:09,910

that's a socialized point that everyone

644

00:27:15,270 --> 00:27:11,980

in the strike group knows about and we

645

00:27:17,550 --> 00:27:15,280

give them names the this object for

646

00:27:19,740 --> 00:27:17,560

whatever reason went to that point in

647

00:27:23,430 --> 00:27:19,750

the sky and just sat there it went to

648

00:27:24,690 --> 00:27:23,440

his cap station that's it went to the

649

00:27:26,850 --> 00:27:24,700

spot where he was going to it went to

650

00:27:29,160 --> 00:27:26,860

the spot where he was intending to go it

651  
00:27:31,530 --> 00:27:29,170  
was kind of prescient I guess huh can

652  
00:27:33,600 --> 00:27:31,540  
you think I will never forget that there

653  
00:27:35,730 --> 00:27:33,610  
the air controllers like I was the air

654  
00:27:37,110 --> 00:27:35,740  
control supervisor had that the junior

655  
00:27:38,280 --> 00:27:37,120  
guide there was actually talking to him

656  
00:27:40,140 --> 00:27:38,290  
and I was listening I was helping with

657  
00:27:41,670 --> 00:27:40,150  
the external comms and I was trying to

658  
00:27:43,890 --> 00:27:41,680  
help him assess the radar and all that

659  
00:27:45,480 --> 00:27:43,900  
stuff and I'll never forget he was like

660  
00:27:48,530 --> 00:27:45,490  
sir you're not gonna believe this but

661  
00:27:51,060 --> 00:27:48,540  
the bogey is back at your cap station

662  
00:27:53,610 --> 00:27:51,070  
can you explain this examine on the

663  
00:27:55,260 --> 00:27:53,620

radio after that can you explain the

664

00:27:58,740 --> 00:27:55,270

significance of this I mean how would

665

00:28:00,270 --> 00:27:58,750

the thing even know how would any

666

00:28:05,000 --> 00:28:00,280

intelligence even know where that

667

00:28:07,740 --> 00:28:05,010

location is well I mean presumably

668

00:28:09,810 --> 00:28:07,750

anyone in see the you know in receipt of

669

00:28:12,110 --> 00:28:09,820

our message traffic would know where

670

00:28:17,220 --> 00:28:12,120

this where this place was in the sky

671

00:28:19,080 --> 00:28:17,230

secret message traffic but this object

672

00:28:21,300 --> 00:28:19,090

wasn't a part of our strategy this

673

00:28:23,190 --> 00:28:21,310

object is farther now wasn't a part of

674

00:28:25,440 --> 00:28:23,200

the exercise and that's a that's a

675

00:28:27,150 --> 00:28:25,450

really darn good question how in fact

676

00:28:29,940 --> 00:28:27,160

did the object know where that point

677

00:28:32,190 --> 00:28:29,950

this guy was that is really something

678

00:28:34,050 --> 00:28:32,200

isn't it well and I don't have an answer

679

00:28:37,740 --> 00:28:34,060

that's part of it part of the puzzle

680

00:28:39,450 --> 00:28:37,750

here and I'm I've always had the frame

681

00:28:41,160 --> 00:28:39,460

of mind and I'm gonna really refrain

682

00:28:43,380 --> 00:28:41,170

from speculating about what those things

683

00:28:45,900 --> 00:28:43,390

were because I really don't think that's

684

00:28:48,390 --> 00:28:45,910

my rule there's lots more qualified

685

00:28:50,730 --> 00:28:48,400

people that need to do that I'm just

686

00:28:53,280 --> 00:28:50,740

here to tell folks that this thing

687

00:28:56,310 --> 00:28:53,290

really did happen these objects really

688

00:28:57,960 --> 00:28:56,320

were they were really real and there

689

00:28:59,910 --> 00:28:57,970

just wasn't one there was over 100 of

690

00:29:03,120 --> 00:28:59,920

them right you know right around 100 of

691

00:29:04,890 --> 00:29:03,130

them and I tracked him for a little over

692

00:29:06,810 --> 00:29:04,900

a week on the radar not only me but

693

00:29:09,780 --> 00:29:06,820

other other ships two other aircraft

694

00:29:10,610 --> 00:29:09,790

now did you lots of lots of lots of

695

00:29:13,380 --> 00:29:10,620

witnesses

696

00:29:15,060 --> 00:29:13,390

so did were you in constant contact with

697

00:29:16,890 --> 00:29:15,070

the other ships to see if they were

698

00:29:21,590 --> 00:29:16,900

actually seeing this as well at the same

699

00:29:24,080 --> 00:29:21,600

time I remember now this

700

00:29:25,700 --> 00:29:24,090

is actually kind of kind of odd you know

701

00:29:29,210 --> 00:29:25,710

it's been 14 years ago and people's

702

00:29:32,060 --> 00:29:29,220

memories do odd things yeah I could give

703

00:29:35,120 --> 00:29:32,070

you the plenty of examples of that now I

704

00:29:36,529 --> 00:29:35,130

wrote I wrote a I retired in 2008 and

705

00:29:39,110 --> 00:29:36,539

this story kind of bugged me this was

706

00:29:41,900 --> 00:29:39,120

four years later I retired and so I

707

00:29:45,049 --> 00:29:41,910

wrote a I wrote a short story called the

708

00:29:46,370 --> 00:29:45,059

seer and I wrote it with a couple of

709

00:29:48,049 --> 00:29:46,380

short stories and I put it in a book

710

00:29:50,990 --> 00:29:48,059

that I hand published and I published it

711

00:29:52,490 --> 00:29:51,000

in the Library of Congress and I was

712

00:29:53,810 --> 00:29:52,500

thinking at the time well no one's gonna

713

00:29:56,060 --> 00:29:53,820

believe me so I'm just gonna write this

714

00:29:57,890 --> 00:29:56,070

story I'll put it in plain sight in case

715

00:30:00,500 --> 00:29:57,900

this story ever does come to light it

716

00:30:05,870 --> 00:30:00,510

can kind of be some evidence well

717

00:30:10,090 --> 00:30:05,880

strangely enough that's happened now the

718

00:30:12,230 --> 00:30:10,100

serendipity with this thing and the the

719

00:30:13,149 --> 00:30:12,240

there's just there's a lot of tentacles

720

00:30:15,320 --> 00:30:13,159

to this story

721

00:30:18,159 --> 00:30:15,330

now I'm sorry what was your question I

722

00:30:22,039 --> 00:30:18,169

kind of lost my train of thought there

723

00:30:23,210 --> 00:30:22,049

me too I am taking from all types of

724

00:30:26,630 --> 00:30:23,220

things on this side here trying to

725

00:30:28,130 --> 00:30:26,640

arrange on the next question I know and

726

00:30:30,169 --> 00:30:28,140

I was trying to I was trying to complete

727

00:30:32,240 --> 00:30:30,179

my my story that the intercept that

728

00:30:34,100 --> 00:30:32,250

happened and I guess that pretty much

729

00:30:38,270 --> 00:30:34,110

summarizes it you had some questions

730

00:30:40,720 --> 00:30:38,280

about it so you know that day there was

731

00:30:43,610 --> 00:30:40,730

probably I'm guessing there was probably

732

00:30:46,250 --> 00:30:43,620

interestingly enough the at FLIR video

733

00:30:47,779 --> 00:30:46,260

that's out there that was released when

734

00:30:49,789 --> 00:30:47,789

the New York Times story broke right

735

00:30:51,529 --> 00:30:49,799

they released a couple of videos with it

736

00:30:53,810 --> 00:30:51,539

that that video that was actually taking

737

00:30:55,520 --> 00:30:53,820

called that FLIR that was actually not

738

00:30:58,340 --> 00:30:55,530

commander flavors flight that was one of

739

00:31:00,919 --> 00:30:58,350

the other aircraft that went up and did

740

00:31:04,039 --> 00:31:00,929

another intercept yeah but the the one

741

00:31:06,230 --> 00:31:04,049

I'm putting up on the screen now is the

742

00:31:09,289 --> 00:31:06,240

one that separate the tic-tac one that's

743

00:31:12,130 --> 00:31:09,299

up on the YouTube screen right now for

744

00:31:14,440 --> 00:31:12,140

people over there watching that

745

00:31:17,980 --> 00:31:14,450

so I made sure that I got the right one

746

00:31:22,270 --> 00:31:17,990

up and it's fuzzy at first and then it

747

00:31:24,940 --> 00:31:22,280

shows very clear tic-tac shape which is

748

00:31:27,310 --> 00:31:24,950

is fascinating in what I had asked you I

749

00:31:29,440 --> 00:31:27,320

believe what I asked you was if you were

750

00:31:31,750 --> 00:31:29,450

in contact with other ships at the same

751

00:31:33,250 --> 00:31:31,760

time about you know what they were

752

00:31:34,560 --> 00:31:33,260

seeing on radar I think that was the

753

00:31:37,810 --> 00:31:34,570

question I asked you

754

00:31:39,940 --> 00:31:37,820

yeah good point um anyway in my story I

755

00:31:41,980 --> 00:31:39,950

had written at the time that the name of

756

00:31:43,900 --> 00:31:41,990

the exercise in you know I purposely

757

00:31:46,360 --> 00:31:43,910

diction wise my story because there was

758

00:31:47,920 --> 00:31:46,370

only four years later and I was thinking

759

00:31:49,210 --> 00:31:47,930

you know I better protect the people

760

00:31:50,560 --> 00:31:49,220

still in uniform maybe they don't want

761

00:31:52,930 --> 00:31:50,570

to talk about this and maybe they can't

762

00:31:55,860 --> 00:31:52,940

talk about it so I kind of fictionalized

763

00:31:58,090 --> 00:31:55,870

the actual story a little bit so and I

764

00:32:00,550 --> 00:31:58,100

changed some of the names and some of

765

00:32:01,870 --> 00:32:00,560

the dates and stuff and one of the

766

00:32:03,460 --> 00:32:01,880

things that I think I had done at the

767

00:32:06,100 --> 00:32:03,470

time and now my memory is not real clear

768

00:32:07,870 --> 00:32:06,110

on this is I thought our entire strike

769

00:32:09,790 --> 00:32:07,880

group was out to sea that day with us

770

00:32:13,120 --> 00:32:09,800

and it turns out they actually weren't

771

00:32:15,640 --> 00:32:13,130

the Chafee and Higgins JP was under way

772

00:32:18,790 --> 00:32:15,650

just coming out of Hawaii and Hagan was

773

00:32:20,710 --> 00:32:18,800

actually in port now the reason why I

774

00:32:22,240 --> 00:32:20,720

believe they may have been there with us

775

00:32:25,060 --> 00:32:22,250

because there's a system called battle

776

00:32:26,710 --> 00:32:25,070

force tactical trainer v-sit and it was

777

00:32:30,070 --> 00:32:26,720

possible they could have been up in be

778

00:32:32,200 --> 00:32:30,080

fit basically participating

779

00:32:34,570 --> 00:32:32,210

getting ready to participate in a test

780

00:32:35,620 --> 00:32:34,580

remotely which they could have done they

781

00:32:38,560 --> 00:32:35,630

could have received

782

00:32:41,080 --> 00:32:38,570

synthetic training videos and they would

783

00:32:42,610 --> 00:32:41,090

have had all the comms and their weapons

784

00:32:47,410 --> 00:32:42,620

systems could have been stimulated as

785

00:32:48,820 --> 00:32:47,420

well so that is perhaps why I had the

786

00:32:51,100 --> 00:32:48,830

memory the other ships being out there

787

00:32:53,560 --> 00:32:51,110

but yes I did I emailed my friend over

788

00:32:55,510 --> 00:32:53,570

on the Nimitz that email back saying

789

00:32:58,380 --> 00:32:55,520

yeah we see we see the objects don't

790

00:33:03,580 --> 00:33:01,810

they were up in the assistant called CEC

791

00:33:06,520 --> 00:33:03,590

which is a cooperative engagement

792

00:33:08,710 --> 00:33:06,530

capability which basically uses all the

793

00:33:12,990 --> 00:33:08,720

radar inputs into one presentation and

794

00:33:19,930 --> 00:33:16,270

we're an extensive Diagnostics on the on

795

00:33:22,630 --> 00:33:19,940

the spy-1 radar system in the combat

796

00:33:24,160 --> 00:33:22,640

weapon system on board Princeton just to

797

00:33:25,660 --> 00:33:24,170

make sure that hey this is this thing it

798

00:33:28,180 --> 00:33:25,670

is this some sort of

799

00:33:30,580 --> 00:33:28,190

function what are we seeing her and we

800

00:33:33,280 --> 00:33:30,590

were unable to tech any any type of

801  
00:33:34,660 --> 00:33:33,290  
mental function we all of us came away

802  
00:33:36,850 --> 00:33:34,670  
believe in the whatever they were they

803  
00:33:40,990 --> 00:33:36,860  
were real obvious we're actually there

804  
00:33:44,170 --> 00:33:41,000  
and they were real well now when when

805  
00:33:46,750 --> 00:33:44,180  
the what's the the plane that flies

806  
00:33:50,110 --> 00:33:46,760  
above there with the big radar dish on a

807  
00:33:52,480 --> 00:33:50,120  
24 foot dish the Skyhawk that that's the

808  
00:33:55,630 --> 00:33:52,490  
eat that that's the e-2 Hawkeye Hawkeye

809  
00:33:58,210 --> 00:33:55,640  
right and yeah yeah so I wanted to

810  
00:34:00,970 --> 00:33:58,220  
mention also David Beaty was going to be

811  
00:34:03,310 --> 00:34:00,980  
on the show tonight and he sent me a

812  
00:34:04,860 --> 00:34:03,320  
clip that's going to be this is kind of

813  
00:34:06,850 --> 00:34:04,870

an announcement a new announcement

814

00:34:11,500 --> 00:34:06,860

there's gonna be a clip that's going to

815

00:34:13,450 --> 00:34:11,510

be put up on on YouTube to accompany the

816

00:34:16,659 --> 00:34:13,460

clip that's up there now that has over a

817

00:34:19,510 --> 00:34:16,669

million views and it's as documentary on

818

00:34:21,669 --> 00:34:19,520

this case people have come forward

819

00:34:23,860 --> 00:34:21,679

including you know Jason Turner who

820

00:34:27,370 --> 00:34:23,870

didn't make the show tonight and

821

00:34:31,090 --> 00:34:27,380

yourself and as well as two other people

822

00:34:34,000 --> 00:34:31,100

one is remaining anonymous but one of

823

00:34:36,880 --> 00:34:34,010

them was up in that plane and actually

824

00:34:40,210 --> 00:34:36,890

is saying that they actually did see the

825

00:34:41,409 --> 00:34:40,220

objects visually see the objects so stay

826

00:34:45,070 --> 00:34:41,419

tuned for that that will be up on

827

00:34:47,290 --> 00:34:45,080

YouTube in a couple of weeks so yeah

828

00:34:49,090 --> 00:34:47,300

they they BT by the way was instrumental

829

00:34:51,040 --> 00:34:49,100

and getting other witnesses to come

830

00:34:54,010 --> 00:34:51,050

forward in his the short video that he

831

00:34:55,419 --> 00:34:54,020

did on YouTube is called for those who

832

00:34:58,420 --> 00:34:55,429

are listening that haven't seen it it's

833

00:34:59,980 --> 00:34:58,430

called the nimitz encounters and if you

834

00:35:01,810 --> 00:34:59,990

if you run a youtube and you do the

835

00:35:03,190 --> 00:35:01,820

searched at least two of them will pop

836

00:35:05,410 --> 00:35:03,200

up with that name but it's the one with

837

00:35:08,140 --> 00:35:05,420

the like you said a 1.4 million views or

838

00:35:10,750 --> 00:35:08,150

whatever it is now right yeah it's about

839

00:35:12,640 --> 00:35:10,760

16 17 minutes long and I think his plan

840

00:35:14,950 --> 00:35:12,650

is as more and more witnesses come

841

00:35:17,080 --> 00:35:14,960

forward just to continually update the

842

00:35:18,010 --> 00:35:17,090

video and include their testimony in it

843

00:35:20,140 --> 00:35:18,020

yeah

844

00:35:21,370 --> 00:35:20,150

now how and I believe that's going to

845

00:35:24,430 --> 00:35:21,380

happen I believe more and more people

846

00:35:26,590 --> 00:35:24,440

are going to come out I do too but let

847

00:35:29,860 --> 00:35:26,600

me ask you this did you have any

848

00:35:32,280 --> 00:35:29,870

trepidation about coming out with this I

849

00:35:36,160 --> 00:35:32,290

know some people had to sign NDA's

850

00:35:38,920 --> 00:35:36,170

non-disclosures but did you have were

851  
00:35:40,680 --> 00:35:38,930  
you told you know to keep quiet about

852  
00:35:43,810 --> 00:35:40,690  
this

853  
00:35:47,200 --> 00:35:43,820  
never I was never told to keep quiet

854  
00:35:49,150 --> 00:35:47,210  
about it in fact that um the video that

855  
00:35:51,100 --> 00:35:49,160  
came out that I called the at Slayer

856  
00:35:53,500 --> 00:35:51,110  
video there's several of them that is

857  
00:35:55,120 --> 00:35:53,510  
basically the one with probably the I

858  
00:35:57,730 --> 00:35:55,130  
guess the most famous former they were

859  
00:36:00,340 --> 00:35:57,740  
the object screeches off to the the left

860  
00:36:03,160 --> 00:36:00,350  
part of the screen in just a nanosecond

861  
00:36:04,930 --> 00:36:03,170  
it's just the gimbal that goes visited

862  
00:36:06,550 --> 00:36:04,940  
that video actually the rather my email

863  
00:36:10,480 --> 00:36:06,560

like the very morning after this

864

00:36:13,330 --> 00:36:10,490

encounter happened so I I had seen that

865

00:36:15,430 --> 00:36:13,340

video that day that this this new story

866

00:36:17,350 --> 00:36:15,440

broke on CNN of course they showed that

867

00:36:22,440 --> 00:36:17,360

video and I you know I had seen that

868

00:36:25,060 --> 00:36:22,450

same video fourteen years ago well and

869

00:36:27,370 --> 00:36:25,070

as soon as I saw this thing happening I

870

00:36:29,320 --> 00:36:27,380

knew instantly in my own mind that I had

871

00:36:32,080 --> 00:36:29,330

to speak out I had I had to stand up and

872

00:36:33,790 --> 00:36:32,090

say yes commander for Avery isn't crazy

873

00:36:36,520 --> 00:36:33,800

this really happened I was his air

874

00:36:39,580 --> 00:36:36,530

controller it was my team in Princeton

875

00:36:41,740 --> 00:36:39,590

that discovered the new ApS and I'm

876

00:36:43,780 --> 00:36:41,750

gonna back him up now my only

877

00:36:46,840 --> 00:36:43,790

trepidation about coming forward was

878

00:36:47,920 --> 00:36:46,850

just what was going to happen to you

879

00:36:51,880 --> 00:36:47,930

know what was gonna happen to me

880

00:36:53,410 --> 00:36:51,890

personally with my life cuz i all of a

881

00:36:55,570 --> 00:36:53,420

sudden i was going to become a public

882

00:36:57,670 --> 00:36:55,580

person all of a sudden no and the the

883

00:36:59,440 --> 00:36:57,680

reason why i decided to do it i got some

884

00:37:01,990 --> 00:36:59,450

good counseling from my cousin jack cook

885

00:37:03,610 --> 00:37:02,000

he was like you know kevin this really

886

00:37:06,400 --> 00:37:03,620

happened and i think that you need to

887

00:37:09,850 --> 00:37:06,410

say something and let the chips fall

888

00:37:12,070 --> 00:37:09,860

where they may end man up that's what

889

00:37:13,960 --> 00:37:12,080

that's what i decided to do yeah well

890

00:37:16,060 --> 00:37:13,970

you know if something really happened i

891

00:37:17,890 --> 00:37:16,070

hope I pray to God I make I made the

892

00:37:19,390 --> 00:37:17,900

right decision every day well I think

893

00:37:21,640 --> 00:37:19,400

you did because you know if something

894

00:37:23,230 --> 00:37:21,650

really happened then really what do you

895

00:37:26,050 --> 00:37:23,240

have to lose if you just plain telling

896

00:37:31,120 --> 00:37:26,060

the truth you know I mean you can't be

897

00:37:33,340 --> 00:37:31,130

judged or the truth really I don't know

898

00:37:34,750 --> 00:37:33,350

well you know some people will judge

899

00:37:37,570 --> 00:37:34,760

anyway but you know as I was talking

900

00:37:39,160 --> 00:37:37,580

about earlier the pseudo skeptics you

901  
00:37:41,650 --> 00:37:39,170  
know the people that just say no this is

902  
00:37:44,800 --> 00:37:41,660  
hogwash and I know let's talk a little

903  
00:37:47,410 --> 00:37:44,810  
bit about that for instance I know that

904  
00:37:50,290 --> 00:37:47,420  
they there's a lot of people that bring

905  
00:37:51,760 --> 00:37:50,300  
up the I think it was the gimbal what

906  
00:37:53,950 --> 00:37:51,770  
they call the gimbal UFO

907  
00:37:57,520 --> 00:37:53,960  
film the one that came out

908  
00:38:01,750 --> 00:37:57,530  
you know when the the Pentagon story

909  
00:38:04,590 --> 00:38:01,760  
came out in December back in 2017 that

910  
00:38:08,860 --> 00:38:04,600  
famous film with millions of V whose

911  
00:38:12,460 --> 00:38:08,870  
that was that started out on a German a

912  
00:38:14,200 --> 00:38:12,470  
website that did did you know anything

913  
00:38:17,290 --> 00:38:14,210

about this hear anything about that the

914

00:38:20,440 --> 00:38:17,300

first time I went up on you Titan I knew

915

00:38:21,880 --> 00:38:20,450

nothing at all about the 20 2015 gimble

916

00:38:24,520 --> 00:38:21,890

incident that happened out on the East

917

00:38:29,080 --> 00:38:24,530

Coast right now for that group right

918

00:38:30,670 --> 00:38:29,090

yeah yeah completely different story but

919

00:38:33,310 --> 00:38:30,680

people are tying together tying yeah

920

00:38:35,200 --> 00:38:33,320

yeah they weren't talking to the morals

921

00:38:37,750 --> 00:38:35,210

you know pardon me we're talking over

922

00:38:39,940 --> 00:38:37,760

each other they people are tying that to

923

00:38:44,740 --> 00:38:39,950

the Nimitz case I'm sure you're aware of

924

00:38:46,750 --> 00:38:44,750

that absolutely yes yeah and I did run

925

00:38:49,870 --> 00:38:46,760

the film on YouTube here just a minute

926  
00:38:52,840 --> 00:38:49,880  
ago of the actual footage but there were

927  
00:38:54,150 --> 00:38:52,850  
people like Jason who was going to be on

928  
00:38:57,970 --> 00:38:54,160  
the show tonight that actually saw the

929  
00:38:59,320 --> 00:38:57,980  
very high definition film that is not

930  
00:39:00,640 --> 00:38:59,330  
available

931  
00:39:05,650 --> 00:39:00,650  
do you know other people that actually

932  
00:39:08,110 --> 00:39:05,660  
saw that film as well only through the

933  
00:39:11,320 --> 00:39:08,120  
grapevine only through rumors um the

934  
00:39:14,500 --> 00:39:11,330  
actual video that I saw the next day I

935  
00:39:16,960 --> 00:39:14,510  
think it was probably an mp3 or no I'm

936  
00:39:20,140 --> 00:39:16,970  
excuse me an MPEG so it wasn't it wasn't

937  
00:39:22,180 --> 00:39:20,150  
real it wasn't real um it looked pretty

938  
00:39:24,120 --> 00:39:22,190

pretty similar to what I saw that day on

939

00:39:26,440 --> 00:39:24,130

CNN when the news when the news broke

940

00:39:29,530 --> 00:39:26,450

yeah unfortunately I never got to see

941

00:39:30,970 --> 00:39:29,540

that the other video apparently there

942

00:39:33,640 --> 00:39:30,980

was a much longer one much higher

943

00:39:36,400 --> 00:39:33,650

definition yeah that wherever that is

944

00:39:38,680 --> 00:39:36,410

now I have no idea yeah but it exists

945

00:39:40,510 --> 00:39:38,690

that's the thing there's probably I

946

00:39:42,670 --> 00:39:40,520

believe it it exists there's probably a

947

00:39:46,000 --> 00:39:42,680

lot of great film out there that exists

948

00:39:48,340 --> 00:39:46,010

so that while this is going on you're

949

00:39:50,200 --> 00:39:48,350

you're observing all this are you just

950

00:39:51,940 --> 00:39:50,210

like everyone around you and yourself

951  
00:39:54,550 --> 00:39:51,950  
just shaking your head what the heck is

952  
00:39:57,460 --> 00:39:54,560  
going on here I mean did it feel like it

953  
00:40:02,200 --> 00:39:57,470  
was an invasion of some type or what was

954  
00:40:04,990 --> 00:40:02,210  
that like mm I'd have to say not at all

955  
00:40:07,220 --> 00:40:05,000  
I never once had the feeling or the

956  
00:40:09,890 --> 00:40:07,230  
impression in that these

957  
00:40:13,250 --> 00:40:09,900  
were hostile or in in any way interested

958  
00:40:14,750 --> 00:40:13,260  
in this I don't actually and the reason

959  
00:40:17,000 --> 00:40:14,760  
why I say that is because we intercepted

960  
00:40:18,950 --> 00:40:17,010  
and when we were done they went straight

961  
00:40:21,830 --> 00:40:18,960  
back up into the sky and going south as

962  
00:40:24,020 --> 00:40:21,840  
if nothing that happened yes I tracked

963  
00:40:25,700 --> 00:40:24,030

in I continued to track him they fell

964

00:40:28,790 --> 00:40:25,710

off my radar coverage off the coast of

965

00:40:30,170 --> 00:40:28,800

Baja California above a little island

966

00:40:33,200 --> 00:40:30,180

down there I think it's called Isla de

967

00:40:35,330 --> 00:40:33,210

military or something like that you can

968

00:40:36,710 --> 00:40:35,340

you can find it easily on the map now

969

00:40:39,320 --> 00:40:36,720

I'm not sure I don't know if they landed

970

00:40:41,120 --> 00:40:39,330

there or they just um they went out of

971

00:40:43,160 --> 00:40:41,130

my radar horizon at that point but they

972

00:40:46,190 --> 00:40:43,170

they continued south of 28,000 feet

973

00:40:46,730 --> 00:40:46,200

going 100 knots as if nothing at all had

974

00:40:49,880 --> 00:40:46,740

happened

975

00:40:54,320 --> 00:40:49,890

Wow now is it classified the height that

976  
00:40:55,730 --> 00:40:54,330  
the radar will reach - yes there's

977  
00:40:57,290 --> 00:40:55,740  
different modes of the radar I was

978  
00:41:00,740 --> 00:40:57,300  
operating in a mode where I couldn't see

979  
00:41:02,780 --> 00:41:00,750  
as high as it can go mm-hmm but I I have

980  
00:41:06,400 --> 00:41:02,790  
heard there's some some of the watch

981  
00:41:09,470 --> 00:41:06,410  
standers actually have said publicly now

982  
00:41:13,010 --> 00:41:09,480  
that they saw him come from space down

983  
00:41:15,500 --> 00:41:13,020  
to about 80,000 feet and then dropped

984  
00:41:17,840 --> 00:41:15,510  
down to 20 in the 20 thousands but the

985  
00:41:20,330 --> 00:41:17,850  
only time built the only altitudes I saw

986  
00:41:23,359 --> 00:41:20,340  
the objects myself what my own eyes was

987  
00:41:25,220 --> 00:41:23,369  
at 28,000 and below well I never saw him

988  
00:41:26,870 --> 00:41:25,230

that high yeah but you know I was in a

989

00:41:29,990 --> 00:41:26,880

different I was in a different

990

00:41:32,540 --> 00:41:30,000

completely different sub mode on my

991

00:41:34,130 --> 00:41:32,550

system so it doesn't surprise me now I

992

00:41:35,900 --> 00:41:34,140

know you're you're not one to speculate

993

00:41:39,980 --> 00:41:35,910

but I'm still gonna ask you this

994

00:41:41,930 --> 00:41:39,990

question why do you suppose there was an

995

00:41:44,720 --> 00:41:41,940

object in the water does that has that

996

00:41:48,109 --> 00:41:44,730

have you been thinking about that why

997

00:41:50,870 --> 00:41:48,119

that was there I think it could have

998

00:41:52,550 --> 00:41:50,880

been biologics I mean because commander

999

00:41:56,030 --> 00:41:52,560

forever saw the tic-tac just above the

1000

00:41:58,160 --> 00:41:56,040

surface and presumably these things have

1001  
00:42:01,430 --> 00:41:58,170  
some sort of propulsion technology

1002  
00:42:03,320 --> 00:42:01,440  
behind him hmm maybe they attract fish

1003  
00:42:05,300 --> 00:42:03,330  
maybe the fish were coming up to take a

1004  
00:42:09,260 --> 00:42:05,310  
look and just creating a disturbance in

1005  
00:42:12,020 --> 00:42:09,270  
the water I there's other of course

1006  
00:42:14,030 --> 00:42:12,030  
there's other theories out there that I

1007  
00:42:16,370 --> 00:42:14,040  
you know I can't describe myself to him

1008  
00:42:20,930 --> 00:42:16,380  
because I just don't know there was he

1009  
00:42:22,849 --> 00:42:20,940  
had asked me I would say biologics okay

1010  
00:42:26,029 --> 00:42:22,859  
there was a at some point where someone

1011  
00:42:29,630 --> 00:42:26,039  
mentioned that they thought that the the

1012  
00:42:31,430 --> 00:42:29,640  
shape and the water look almost like you

1013  
00:42:34,640 --> 00:42:31,440

know it was vertical but then it had

1014

00:42:37,519 --> 00:42:34,650

like a crossbar almost like you know

1015

00:42:39,380 --> 00:42:37,529

like wings and then I hadn't heard

1016

00:42:42,200 --> 00:42:39,390

anything more about that did you

1017

00:42:44,120 --> 00:42:42,210

actually hear of what the object look

1018

00:42:46,460 --> 00:42:44,130

like or the disturbance looked like yeah

1019

00:42:48,319 --> 00:42:46,470

um when I talked to commander forever

1020

00:42:50,390 --> 00:42:48,329

when we returned back to San Diego

1021

00:42:51,680 --> 00:42:50,400

we of course I pulled him off his side

1022

00:42:55,219 --> 00:42:51,690

when we talked a little bit about this

1023

00:42:57,469 --> 00:42:55,229

he described the tic tacs as they look

1024

00:43:02,539 --> 00:42:57,479

just like tic tacs about 47 feet long no

1025

00:43:04,880 --> 00:43:02,549

doors no windows no no propulsion just

1026

00:43:06,979 --> 00:43:04,890

like a giant Tic Tac and I said well

1027

00:43:08,299 --> 00:43:06,989

what about the disturbance in the water

1028

00:43:10,460 --> 00:43:08,309

he said well it looked to me like an

1029

00:43:13,219 --> 00:43:10,470

airplane had gone down it was just right

1030

00:43:15,349 --> 00:43:13,229

below the surface so that's probably

1031

00:43:19,900 --> 00:43:15,359

where that description originated I

1032

00:43:24,380 --> 00:43:19,910

would have to think right right Wow well

1033

00:43:27,170 --> 00:43:24,390

okay so as this is there's no and it go

1034

00:43:28,940 --> 00:43:27,180

ahead it you know to kind of answer your

1035

00:43:31,729 --> 00:43:28,950

question we were indeed standing around

1036

00:43:33,519 --> 00:43:31,739

in combat looking at each other with big

1037

00:43:37,400 --> 00:43:33,529

huge question marks in place of pupils

1038

00:43:40,130 --> 00:43:37,410

okay and I remember asking Captain Smith

1039

00:43:42,829 --> 00:43:40,140

I said well sir what what what do you

1040

00:43:46,700 --> 00:43:42,839

think these things are and his response

1041

00:43:48,739 --> 00:43:46,710

were was ice crystals really I mean that

1042

00:43:51,739 --> 00:43:48,749

just goes to say it was a very very

1043

00:43:54,799 --> 00:43:51,749

experienced skipper lots of years at sea

1044

00:43:57,289 --> 00:43:54,809

lots of your behind radars and I mean

1045

00:43:59,089 --> 00:43:57,299

that's I think we're all racking our

1046

00:44:02,089 --> 00:43:59,099

brains to try to understand what we were

1047

00:44:04,160 --> 00:44:02,099

looking at yeah and and I don't know

1048

00:44:06,859 --> 00:44:04,170

maybe his explanation was good as anyone

1049

00:44:08,509 --> 00:44:06,869

elses at the moment yeah when when a

1050

00:44:11,569 --> 00:44:08,519

skipper says something like that then

1051  
00:44:15,380 --> 00:44:11,579  
you just say oh okay I mean you don't

1052  
00:44:21,049 --> 00:44:15,390  
argue with him right but I actually kind

1053  
00:44:22,339 --> 00:44:21,059  
of laughed out loud and I madami but say

1054  
00:44:24,410 --> 00:44:22,349  
you know he didn't he kind of chuckled

1055  
00:44:27,140 --> 00:44:24,420  
to you so I actually don't really know

1056  
00:44:28,759 --> 00:44:27,150  
senior chief um kind of let me slide on

1057  
00:44:31,459 --> 00:44:28,769  
that one huh normally I'd normally

1058  
00:44:34,720 --> 00:44:31,469  
didn't have that laughing that captains

1059  
00:44:38,260 --> 00:44:34,730  
yes kid but I'm looking at him you

1060  
00:44:39,730 --> 00:44:38,270  
yeah but I in other words I didn't think

1061  
00:44:42,339 --> 00:44:39,740  
it was ice crystal that thought that was

1062  
00:44:44,200 --> 00:44:42,349  
um if I could say that they I thought it

1063  
00:44:45,030 --> 00:44:44,210

was a ludicrous explanation at the time

1064

00:44:47,470 --> 00:44:45,040

but that's okay

1065

00:44:50,079 --> 00:44:47,480

you know we didn't or knew what they

1066

00:44:53,160 --> 00:44:50,089

were right right you know it just it

1067

00:44:55,960 --> 00:44:53,170

seems to me this is just my own thoughts

1068

00:44:59,440 --> 00:44:55,970

but it would seem to me that if there

1069

00:45:02,589 --> 00:44:59,450

was an encounter like this the military

1070

00:45:04,060 --> 00:45:02,599

should be curious you know because you

1071

00:45:05,950 --> 00:45:04,070

know for instance the Air Force supposed

1072

00:45:08,560 --> 00:45:05,960

to kind of protect the skies and you

1073

00:45:12,870 --> 00:45:08,570

know I know this is the Navy Navy

1074

00:45:15,460 --> 00:45:12,880

operation but also you know Navy is

1075

00:45:16,780 --> 00:45:15,470

there to protect as well it would just

1076

00:45:22,060 --> 00:45:16,790

think that there would be more curiosity

1077

00:45:24,430 --> 00:45:22,070

and and almost like other arms of the

1078

00:45:26,620 --> 00:45:24,440

service could get involved and you know

1079

00:45:28,660 --> 00:45:26,630

at least trying to figure out what these

1080

00:45:30,760 --> 00:45:28,670

things are and and trying to do some

1081

00:45:33,150 --> 00:45:30,770

more tracking but it just seems like

1082

00:45:35,980 --> 00:45:33,160

there was no real engagement except for

1083

00:45:37,480 --> 00:45:35,990

you know commander favors flight going

1084

00:45:39,700 --> 00:45:37,490

up and checking it out really there was

1085

00:45:44,500 --> 00:45:39,710

no other engagement of any type was

1086

00:45:46,000 --> 00:45:44,510

there at the time I didn't know that

1087

00:45:48,880 --> 00:45:46,010

there was but as it turns out there

1088

00:45:51,309 --> 00:45:48,890

actually was engagement apparently what

1089

00:45:53,020 --> 00:45:51,319

happened and I again this is second-hand

1090

00:45:54,609 --> 00:45:53,030

information to me had not my personal

1091

00:45:57,790 --> 00:45:54,619

experience but just talking to some of

1092

00:45:59,950 --> 00:45:57,800

the other witnesses apparently the a

1093

00:46:03,160 --> 00:45:59,960

couple Air Force officers arrived on

1094

00:46:05,920 --> 00:46:03,170

board the minutes and actually took

1095

00:46:08,230 --> 00:46:05,930

custody of all the all the the pilot

1096

00:46:11,530 --> 00:46:08,240

that data that was there and

1097

00:46:13,210 --> 00:46:11,540

interestingly on board the person I came

1098

00:46:14,920 --> 00:46:13,220

up the next day I was in the right I was

1099

00:46:16,030 --> 00:46:14,930

gonna write an after-action report about

1100

00:46:17,740 --> 00:46:16,040

this whole thing you know I was gonna

1101

00:46:20,260 --> 00:46:17,750

listen but decided to listen to the

1102

00:46:21,970 --> 00:46:20,270

comms which is recorded the optical disc

1103

00:46:23,770 --> 00:46:21,980

and multiple tracks in case something

1104

00:46:26,530 --> 00:46:23,780

happens we can we can go back to listen

1105

00:46:28,390 --> 00:46:26,540

to the convent figure it out the

1106

00:46:32,109 --> 00:46:28,400

comments were all gone someone had taken

1107

00:46:35,020 --> 00:46:32,119

the comms well I didn't and I didn't

1108

00:46:37,329 --> 00:46:35,030

know about it um a lot of the witnesses

1109

00:46:39,520 --> 00:46:37,339

are claiming they they had to sign NDA's

1110

00:46:41,380 --> 00:46:39,530

non-disclosure agreements told not to

1111

00:46:43,050 --> 00:46:41,390

talk about it and that's probably reason

1112

00:46:45,220 --> 00:46:43,060

why they're not talking about it

1113

00:46:48,370 --> 00:46:45,230

something you take pretty seriously if

1114

00:46:50,380 --> 00:46:48,380

you told that I never was um

1115

00:46:51,850 --> 00:46:50,390

a transfer I transferred the ship came

1116

00:46:55,180 --> 00:46:51,860

back in the port I transferred a couple

1117

00:46:56,620 --> 00:46:55,190

weeks later and I went to my last my

1118

00:46:57,520 --> 00:46:56,630

last assignment the Navy before I

1119

00:47:00,340 --> 00:46:57,530

retired no it

1120

00:47:01,630 --> 00:47:00,350

at no point no one ever um talked to me

1121

00:47:05,610 --> 00:47:01,640

about it no one ever questioned me about

1122

00:47:10,330 --> 00:47:05,620

it and I never had to sign anything um

1123

00:47:12,820 --> 00:47:10,340

and I was that's why I feel free to do

1124

00:47:14,440 --> 00:47:12,830

it today um if they would if I would

1125

00:47:16,510 --> 00:47:14,450

have had to sign an NDA or told not to

1126

00:47:18,490 --> 00:47:16,520

talk about it you probably would have

1127

00:47:21,610 --> 00:47:18,500

never heard my name right I take it that

1128

00:47:24,460 --> 00:47:21,620

seriously sure yeah yeah I agree so I

1129

00:47:27,820 --> 00:47:24,470

think it's kind of odd don't you think

1130

00:47:30,970 --> 00:47:27,830

that that you were it's time for us to

1131

00:47:33,390 --> 00:47:30,980

go to break but we'll pick this up after

1132

00:47:38,080 --> 00:47:33,400

the break but I want to talk to you why

1133

00:47:41,140 --> 00:47:38,090

why it's possible that they didn't even

1134

00:47:43,540 --> 00:47:41,150

ask you that so for now we're going to

1135

00:47:48,780 --> 00:47:43,550

go to break so hang in everyone we'll be

1136

00:47:53,860 --> 00:47:51,970

hello and welcome back to the show I'm

1137

00:47:56,860 --> 00:47:53,870

Martin Willis your host and we have

1138

00:48:00,640 --> 00:47:56,870

Kevin day with us this evening

1139

00:48:03,480 --> 00:48:00,650

very interesting story so at the

1140

00:48:06,520 --> 00:48:03,490

beginning just before we went into break

1141

00:48:09,970 --> 00:48:06,530

Kevin I was kind of getting at the

1142

00:48:11,530 --> 00:48:09,980

subject like why do you suppose that

1143

00:48:13,600 --> 00:48:11,540

they didn't have you signed a

1144

00:48:15,760 --> 00:48:13,610

non-disclosure and they're okay with you

1145

00:48:18,610 --> 00:48:15,770

obviously okay with you talking about it

1146

00:48:21,370 --> 00:48:18,620

or did they just think that you didn't

1147

00:48:23,040 --> 00:48:21,380

have enough data to I mean what's the

1148

00:48:26,200 --> 00:48:23,050

deal what do you think the deal is you

1149

00:48:29,860 --> 00:48:26,210

know this is quite the question within

1150

00:48:32,980 --> 00:48:29,870

our small research community my personal

1151

00:48:34,780 --> 00:48:32,990

theory on it is I kind of look at it

1152

00:48:36,700 --> 00:48:34,790

like this we had the distract group out

1153

00:48:38,230 --> 00:48:36,710

there there's literally thousands of

1154

00:48:41,080 --> 00:48:38,240

potential witnesses that saw this thing

1155

00:48:43,150 --> 00:48:41,090

and I think that if they would have nd8

1156

00:48:45,480 --> 00:48:43,160

every one of us maybe would have created

1157

00:48:48,460 --> 00:48:45,490

a larger problem than they anticipated

1158

00:48:49,840 --> 00:48:48,470

originally so what I think they had to

1159

00:48:52,120 --> 00:48:49,850

make some hard choices so what I think

1160

00:48:54,130 --> 00:48:52,130

they decided to do is to only nd aid

1161

00:48:57,280 --> 00:48:54,140

technicians people that actually had the

1162

00:48:58,750 --> 00:48:57,290

technical data the actual recorded date

1163

00:49:01,510 --> 00:48:58,760

on the radar systems and the

1164

00:49:02,910 --> 00:49:01,520

communications and kind of left the

1165

00:49:05,380 --> 00:49:02,920

operators

1166

00:49:07,090 --> 00:49:05,390

hmm they had to draw a line somewhere

1167

00:49:10,560 --> 00:49:07,100

and I guess that's where these decided

1168

00:49:12,820 --> 00:49:10,570

to do it but uh and I'm speculating I

1169

00:49:14,859 --> 00:49:12,830

honestly do not know why I was never

1170

00:49:17,980 --> 00:49:14,869

told to talk about it why didn't have to

1171

00:49:21,430 --> 00:49:17,990

sign an NDA right Wow

1172

00:49:24,970 --> 00:49:21,440

so you mentioned earlier that there was

1173

00:49:26,410 --> 00:49:24,980

an optical disk that you went to check

1174

00:49:30,400 --> 00:49:26,420

on that basically shows the

1175

00:49:33,310 --> 00:49:30,410

communications and and it there was

1176

00:49:34,660 --> 00:49:33,320

nothing on it or and you said it was it

1177

00:49:37,060 --> 00:49:34,670

was hard to believe that happened can

1178

00:49:40,090 --> 00:49:37,070

you explain exactly what not entitled

1179

00:49:41,380 --> 00:49:40,100

yeah I wouldn't say there is nothing on

1180

00:49:43,600 --> 00:49:41,390

another system that we're talking about

1181

00:49:45,150 --> 00:49:43,610

who it was at the time I'm not sure what

1182

00:49:47,380 --> 00:49:45,160

they use nowadays there's probably a

1183

00:49:49,359 --> 00:49:47,390

another technology that's come and

1184

00:49:52,800 --> 00:49:49,369

replaced it but the system was called

1185

00:49:56,020 --> 00:49:52,810

the Rd 390 according to device 390 and

1186

00:49:58,720 --> 00:49:56,030

basically it recorded onto optical disk

1187

00:49:59,950 --> 00:49:58,730

and redundant tracks and I won't even

1188

00:50:02,830 --> 00:49:59,960

say how many tracks here that still

1189

00:50:05,350 --> 00:50:02,840

might be classified and the purpose

1190

00:50:06,820 --> 00:50:05,360

behind doing it is so it can't be messed

1191

00:50:10,270 --> 00:50:06,830

with it can't be erased it can't be

1192

00:50:12,099 --> 00:50:10,280

altered you get some stuck in that you

1193

00:50:14,050 --> 00:50:12,109

know in the that media whatever the

1194

00:50:16,540 --> 00:50:14,060

optical disk is made out of and it's not

1195

00:50:18,340 --> 00:50:16,550

supposed to be erasable and what that

1196

00:50:20,680 --> 00:50:18,350

thing does is the external

1197

00:50:22,690 --> 00:50:20,690

communications all of our radios every

1198

00:50:24,640 --> 00:50:22,700

time you Yukiya might to talk to another

1199

00:50:25,300 --> 00:50:24,650

ship or another aircraft or whatever the

1200

00:50:28,270 --> 00:50:25,310

case may be

1201

00:50:30,970 --> 00:50:28,280

it will leave a recording on that

1202

00:50:33,250 --> 00:50:30,980

obstacle obstacle digital's give the

1203

00:50:36,280 --> 00:50:33,260

date type stamp and then a record

1204

00:50:37,450 --> 00:50:36,290

whatever said so the next one I come up

1205

00:50:40,720 --> 00:50:37,460

to combat I was going to write a message

1206

00:50:43,030 --> 00:50:40,730

a detailed report about what what had

1207

00:50:44,770 --> 00:50:43,040

just happened so I got that I got the

1208

00:50:46,120 --> 00:50:44,780

lead technician with for that piece of

1209

00:50:47,950 --> 00:50:46,130

equipment we sat down we were gonna

1210

00:50:52,120 --> 00:50:47,960

listen playback all the comms and listen

1211

00:50:54,010 --> 00:50:52,130

to it well strangely enough all the time

1212

00:50:57,010 --> 00:50:54,020

hacks are on the disk but all the all

1213

00:51:00,520 --> 00:50:57,020

the voice recordings were all gone only

1214

00:51:01,599 --> 00:51:00,530

the time hacks were left and to this day

1215

00:51:02,500 --> 00:51:01,609

I don't really have a good explanation

1216

00:51:06,070 --> 00:51:02,510

for it

1217

00:51:08,470 --> 00:51:06,080

could someone fizzle Minh had someone

1218

00:51:10,260 --> 00:51:08,480

had swapped the disk out during the

1219

00:51:11,790 --> 00:51:10,270

night or whatever I didn't know about it

1220

00:51:15,670 --> 00:51:11,800

Wow

1221

00:51:16,390 --> 00:51:15,680

so they were taking obviously it appears

1222

00:51:20,470 --> 00:51:16,400

that this thing

1223

00:51:24,430 --> 00:51:20,480

being taken pretty seriously if and and

1224

00:51:26,610 --> 00:51:24,440

the film also was was taken as far as as

1225

00:51:28,900 --> 00:51:26,620

far as other witnesses are saying

1226  
00:51:30,880 --> 00:51:28,910  
according to all the other witnesses yes

1227  
00:51:32,620 --> 00:51:30,890  
there was a-there force officers came on

1228  
00:51:35,020 --> 00:51:32,630  
board the Nimitz and apparently the

1229  
00:51:36,370 --> 00:51:35,030  
Princeton do I have to imagine I'm

1230  
00:51:39,910 --> 00:51:36,380  
although I wasn't aware of it at the

1231  
00:51:43,570 --> 00:51:39,920  
time and took it took all the data that

1232  
00:51:47,140 --> 00:51:43,580  
they could I wonder why and where it

1233  
00:51:48,970 --> 00:51:47,150  
went yeah and it's kind of troubling to

1234  
00:51:53,680 --> 00:51:48,980  
me because I mean we're out there doing

1235  
00:51:55,980 --> 00:51:53,690  
a navy exercise and in order for another

1236  
00:51:58,900 --> 00:51:55,990  
agency or another group of people to be

1237  
00:52:00,760 --> 00:51:58,910  
onboard the ship that quick to get all

1238  
00:52:02,980 --> 00:52:00,770

this stuff that kind of suggests that

1239

00:52:08,070 --> 00:52:02,990

they had to know it was going on doesn't

1240

00:52:10,180 --> 00:52:08,080

it which greatly troubles me because I

1241

00:52:11,860 --> 00:52:10,190

think we're just lucky nothing that

1242

00:52:14,470 --> 00:52:11,870

happened I mean you're not supposed to

1243

00:52:16,060 --> 00:52:14,480

run an exercise and everyone's briefed

1244

00:52:17,380 --> 00:52:16,070

about it and on top of that there's

1245

00:52:19,630 --> 00:52:17,390

another exercise that no one knows about

1246

00:52:21,670 --> 00:52:19,640

in the same piece of sky because bad

1247

00:52:26,530 --> 00:52:21,680

things can happen there could have been

1248

00:52:28,570 --> 00:52:26,540

an air-to-air incident right because we

1249

00:52:31,630 --> 00:52:28,580

weren't aware we we did know they were

1250

00:52:33,580 --> 00:52:31,640

supposed to be there so if that you know

1251

00:52:36,700 --> 00:52:33,590

I'm that's one that's one issue about

1252

00:52:38,020 --> 00:52:36,710

this it kind of troubles me and again I

1253

00:52:39,940 --> 00:52:38,030

don't want to speculate I want these

1254

00:52:43,390 --> 00:52:39,950

things were but in the case they could

1255

00:52:44,800 --> 00:52:43,400

have been and another experiment I'm not

1256

00:52:47,200 --> 00:52:44,810

a happy camper about it I have to tell

1257

00:52:49,720 --> 00:52:47,210

you because I think they were they were

1258

00:52:51,520 --> 00:52:49,730

playing with fire if that's the case you

1259

00:52:53,650 --> 00:52:51,530

know I haven't I haven't announced I

1260

00:52:56,590 --> 00:52:53,660

haven't announced that we're taking

1261

00:52:58,570 --> 00:52:56,600

calls yet but someone's trying to call

1262

00:53:02,470 --> 00:52:58,580

would you like to would you like to

1263

00:53:03,940 --> 00:53:02,480

answer a call you bet let's roll into it

1264

00:53:06,400 --> 00:53:03,950

okay

1265

00:53:09,550 --> 00:53:06,410

come caller you're on the line I think I

1266

00:53:12,850 --> 00:53:09,560

may have just hung up on caller yeah

1267

00:53:14,580 --> 00:53:12,860

you're there you have a claim Martin hi

1268

00:53:18,750 --> 00:53:14,590

what's your name were you calling for H

1269

00:53:21,340 --> 00:53:18,760

this is Dave Alton hey Dave how are you

1270

00:53:25,480 --> 00:53:21,350

I'm good buddy how you doing doing great

1271

00:53:27,970 --> 00:53:25,490

doing great yeah I'm excited about this

1272

00:53:29,950 --> 00:53:27,980

show I'll actually I'll be meeting Kevin

1273

00:53:32,380 --> 00:53:29,960

at the mega con

1274

00:53:33,730 --> 00:53:32,390

oh oh yeah we should load eight we'll

1275

00:53:36,940 --> 00:53:33,740

talk about that then how you doing Kevin

1276

00:53:39,790 --> 00:53:36,950

and a weaker skirt yeah yeah I'll be uh

1277

00:53:44,800 --> 00:53:39,800

I'll be there with David O'Leary from

1278

00:53:48,660 --> 00:53:44,810

Project Blue Book outstanding yeah yeah

1279

00:53:52,050 --> 00:53:48,670

so I look forward to meeting you yeah so

1280

00:53:55,650 --> 00:53:52,060

your name go ahead go ahead I'm sorry

1281

00:53:58,630 --> 00:53:55,660

yeah well I I mean I'm not really in the

1282

00:54:00,640 --> 00:53:58,640

you apology field I'm a celebrity talent

1283

00:54:03,700 --> 00:54:00,650

agent but I have a I have a lot of

1284

00:54:05,230 --> 00:54:03,710

friends that are you know in this field

1285

00:54:07,570 --> 00:54:05,240

you might be on my facebook or something

1286

00:54:10,420 --> 00:54:07,580

now maybe that's it yeah I've heard your

1287

00:54:14,290 --> 00:54:10,430

name for sure I have a cool

1288

00:54:16,030 --> 00:54:14,300

hey yeah so a question that some people

1289

00:54:18,839 --> 00:54:16,040

and I'm kind of curious about this as

1290

00:54:22,270 --> 00:54:18,849

well is if there was any type of

1291

00:54:24,670 --> 00:54:22,280

activity kind of like the hitch-hiker

1292

00:54:26,740 --> 00:54:24,680

phenomenon that happened at the ranch

1293

00:54:29,410 --> 00:54:26,750

like if there was any After Effects of

1294

00:54:35,050 --> 00:54:29,420

things you know maybe affecting people

1295

00:54:37,089 --> 00:54:35,060

after the event yeah that indeed has

1296

00:54:39,670 --> 00:54:37,099

that happened to me over the last 10

1297

00:54:42,550 --> 00:54:39,680

years there's there was a paper written

1298

00:54:44,380 --> 00:54:42,560

about this by Jacques Vallee and Eric

1299

00:54:48,040 --> 00:54:44,390

Davis dr. Jacques Vallee and dr. Eric

1300

00:54:50,920 --> 00:54:48,050

Davis was called the incommensurability

1301  
00:54:52,930 --> 00:54:50,930  
of high strangeness in what they could

1302  
00:54:54,880 --> 00:54:52,940  
find it on the internet and you know it

1303  
00:54:57,010 --> 00:54:54,890  
basically basically is outlined a

1304  
00:54:59,650 --> 00:54:57,020  
framework for doing field research on

1305  
00:55:01,420 --> 00:54:59,660  
these sightings and one of the

1306  
00:55:03,160 --> 00:55:01,430  
categories they came up with was

1307  
00:55:07,180 --> 00:55:03,170  
something called human human effects

1308  
00:55:08,500 --> 00:55:07,190  
from close encounter experiences no I

1309  
00:55:10,390 --> 00:55:08,510  
didn't know it for the last ten years

1310  
00:55:13,210 --> 00:55:10,400  
I've only discovered this within the

1311  
00:55:14,560 --> 00:55:13,220  
last year and a half or so it's often

1312  
00:55:19,000 --> 00:55:14,570  
the case when people have Close

1313  
00:55:21,220 --> 00:55:19,010

Encounters there is a hitchhiker type

1314

00:55:25,930 --> 00:55:21,230

thing that happens to invade it changes

1315

00:55:30,690 --> 00:55:25,940

it changes you interaction yeah changes

1316

00:55:33,839 --> 00:55:30,700

you and so I heard knowing talk about it

1317

00:55:36,640 --> 00:55:33,849

yeah it's true I can personally testify

1318

00:55:38,290 --> 00:55:36,650

about it and the thing that's troubling

1319

00:55:41,470 --> 00:55:38,300

about it unless you know it's going to

1320

00:55:43,030 --> 00:55:41,480

happen to you it can it can really mess

1321

00:55:43,690 --> 00:55:43,040

with you you because you know your

1322

00:55:45,609 --> 00:55:43,700

personality

1323

00:55:48,940 --> 00:55:45,619

sangeun you also do have abilities that

1324

00:55:54,700 --> 00:55:48,950

you didn't have before and you have

1325

00:55:58,870 --> 00:55:54,710

never have you ever been checked for the

1326  
00:56:00,430 --> 00:55:58,880  
for the DNA marker not yet because I

1327  
00:56:01,150 --> 00:56:00,440  
hope yeah but I mean you know what I'm

1328  
00:56:05,470 --> 00:56:01,160  
talking about

1329  
00:56:07,030 --> 00:56:05,480  
I do indeed I do yes wow that's crazy

1330  
00:56:10,240 --> 00:56:07,040  
that I want I want to know you know I

1331  
00:56:13,470 --> 00:56:10,250  
want to know what happened to me has has

1332  
00:56:15,790 --> 00:56:13,480  
kicked green ever reached out to you

1333  
00:56:16,630 --> 00:56:15,800  
know can you talk about I mean if you

1334  
00:56:24,040 --> 00:56:16,640  
don't you know if we can't talk about

1335  
00:56:25,300 --> 00:56:24,050  
stuff you know it's I get it um what go

1336  
00:56:27,940 --> 00:56:25,310  
ahead and ask me some questions I guess

1337  
00:56:31,150 --> 00:56:27,950  
I well no I you know just just about you

1338  
00:56:33,040 --> 00:56:31,160

know if doctor to green or Gary Nolan or

1339

00:56:35,109 --> 00:56:33,050

anybody like that you know has reached

1340

00:56:36,849 --> 00:56:35,119

out to you about you know testing

1341

00:56:39,819 --> 00:56:36,859

testing you for that gene because I know

1342

00:56:41,940 --> 00:56:39,829

that after contact like that that

1343

00:56:44,500 --> 00:56:41,950

certain people end up having that marker

1344

00:56:46,660 --> 00:56:44,510

where start you know the strangest is

1345

00:56:50,380 --> 00:56:46,670

more you kind of become the antenna

1346

00:56:52,000 --> 00:56:50,390

after that yeah they haven't done it but

1347

00:56:54,460 --> 00:56:52,010

if they did I would definitely entertain

1348

00:56:56,950 --> 00:56:54,470

the idea of doing it because you know I

1349

00:56:59,410 --> 00:56:56,960

would like to know but would like

1350

00:57:01,150 --> 00:56:59,420

Hollywood well I'm sure I know maybe if

1351  
00:57:03,660 --> 00:57:01,160  
you if you could reach out to those guys

1352  
00:57:05,859 --> 00:57:03,670  
or somebody like you know John Burroughs

1353  
00:57:07,000 --> 00:57:05,869  
they would definitely be able to point

1354  
00:57:10,900 --> 00:57:07,010  
you in the direction of the people to

1355  
00:57:12,640 --> 00:57:10,910  
talk to that's a good idea I think it's

1356  
00:57:15,640 --> 00:57:12,650  
time to do there you go really do there

1357  
00:57:17,319 --> 00:57:15,650  
you go yep alright I don't want to take

1358  
00:57:20,140 --> 00:57:17,329  
up too much of your show Martin but a

1359  
00:57:22,960 --> 00:57:20,150  
good to say hello again and Kevin I will

1360  
00:57:24,520 --> 00:57:22,970  
see you in a few weeks so so Chris all

1361  
00:57:27,579 --> 00:57:24,530  
thing it not Chris what's your first

1362  
00:57:31,599 --> 00:57:27,589  
name Dave Aldgate evolving okay Dave

1363  
00:57:36,520 --> 00:57:31,609

Altman I'm unforgettable okay we'll be

1364

00:57:40,030 --> 00:57:36,530

seeing you later Dave

1365

00:57:42,130 --> 00:57:40,040

bye-bye that's interesting

1366

00:57:44,559 --> 00:57:42,140

now Kevin I know you and I spoke briefly

1367

00:57:46,089 --> 00:57:44,569

ahead of the show and you said that you

1368

00:57:49,170 --> 00:57:46,099

didn't want to talk about unless someone

1369

00:57:51,309 --> 00:57:49,180

brought it up well someone brought it up

1370

00:57:53,680 --> 00:57:51,319

yeah and basically I could summarize

1371

00:57:56,770 --> 00:57:53,690

what's happened to me it's um okay just

1372

00:57:57,580 --> 00:57:56,780

to kind of basically what I think about

1373

00:58:00,370 --> 00:57:57,590

a lot as a

1374

00:58:01,810 --> 00:58:00,380

I tend to see that happen now some

1375

00:58:03,550 --> 00:58:01,820

people have called it manna being able

1376

00:58:06,090 --> 00:58:03,560

to manifest stuff I don't I think that's

1377

00:58:11,590 --> 00:58:06,100

too grandiose what's really happening

1378

00:58:13,120 --> 00:58:11,600

but what I think about a lot really does

1379

00:58:14,860 --> 00:58:13,130

tend to happen like to the stars

1380

00:58:18,820 --> 00:58:14,870

Academy's been over to my house you know

1381

00:58:20,020 --> 00:58:18,830

Tom DeLonge yeah Louie Elizondo and when

1382

00:58:21,700 --> 00:58:20,030

I first mentioned that I was going to

1383

00:58:23,350 --> 00:58:21,710

make him appear at my house everyone

1384

00:58:25,300 --> 00:58:23,360

laughed at me you know in my face right

1385

00:58:28,810 --> 00:58:25,310

I'm not openly but they thought well

1386

00:58:32,380 --> 00:58:28,820

okay and a couple months later there

1387

00:58:33,880 --> 00:58:32,390

they were they were here with the

1388

00:58:35,140 --> 00:58:33,890

History Channel they were you know I'm

1389

00:58:35,830 --> 00:58:35,150

gonna be on the History Channel coming

1390

00:58:39,490 --> 00:58:35,840

up in May

1391

00:58:41,500 --> 00:58:39,500

oh yeah and and discovery was just

1392

00:58:43,570 --> 00:58:41,510

Discovery Channel the production crew

1393

00:58:45,280 --> 00:58:43,580

for discoveries at my house about three

1394

00:58:48,090 --> 00:58:45,290

weeks ago now and they got a new show

1395

00:58:52,080 --> 00:58:48,100

coming out called I believe this cold

1396

00:58:54,790 --> 00:58:52,090

unidentified that's your channel well

1397

00:58:57,190 --> 00:58:54,800

the History Channel's okay I got them

1398

00:58:59,110 --> 00:58:57,200

yeah there's contact and then identified

1399

00:59:03,730 --> 00:58:59,120

I got them I got them flip-flopped there

1400

00:59:07,000 --> 00:59:03,740

yeah yeah good well well that's that's

1401

00:59:11,050 --> 00:59:07,010

interesting and so it's it's almost like

1402

00:59:12,370 --> 00:59:11,060

you you have a premonition of things

1403

00:59:15,280 --> 00:59:12,380

that are going to happen is that what

1404

00:59:16,960 --> 00:59:15,290

you seem to yeah yeah

1405

00:59:19,600 --> 00:59:16,970

one of the things that I really sticks

1406

00:59:21,700 --> 00:59:19,610

out my mind is um and I really got beat

1407

00:59:23,590 --> 00:59:21,710

up for this and I'm I have to say right

1408

00:59:25,420 --> 00:59:23,600

off the top I'm really a political I

1409

00:59:26,440 --> 00:59:25,430

don't really get in and a lot of people

1410

00:59:29,080 --> 00:59:26,450

get real tighter than the whole

1411

00:59:31,300 --> 00:59:29,090

political thing I just don't I kind of

1412

00:59:33,460 --> 00:59:31,310

follow it but I don't really have a dog

1413

00:59:35,860 --> 00:59:33,470

in that side I guess but anyway when a

1414

00:59:38,530 --> 00:59:35,870

president Trump announced for president

1415

00:59:39,610 --> 00:59:38,540

I knew I knew that day as soon as I

1416

00:59:41,050 --> 00:59:39,620

heard it I knew he was gonna become

1417

00:59:42,820 --> 00:59:41,060

president there was no doubt in my mind

1418

00:59:45,700 --> 00:59:42,830

and I even put it on Facebook the next

1419

00:59:47,140 --> 00:59:45,710

morning and everyone laughed at me no

1420

00:59:47,860 --> 00:59:47,150

one I guess at the time thought it was

1421

00:59:50,170 --> 00:59:47,870

even possible

1422

00:59:53,860 --> 00:59:50,180

yeah but I just kind of knew it was

1423

00:59:56,740 --> 00:59:53,870

gonna happen well yeah there's a few

1424

01:00:00,070 --> 00:59:56,750

people that that claim they knew that

1425

01:00:02,080 --> 01:00:00,080

was going to happen too and yeah we

1426

01:00:07,410 --> 01:00:02,090

don't we don't talk politics on on here

1427

01:00:09,520 --> 01:00:07,420

it's not about my interest area at all

1428

01:00:11,230 --> 01:00:09,530

okay I think that's because I was in the

1429

01:00:15,430 --> 01:00:11,240

military I served under several pros

1430

01:00:18,250 --> 01:00:15,440

and you know and that was my job so yeah

1431

01:00:22,660 --> 01:00:18,260

I think I kind of I still have that

1432

01:00:25,450 --> 01:00:22,670

lesson to go by we if you'd like we can

1433

01:00:26,500 --> 01:00:25,460

actually take more calls I put that

1434

01:00:28,960 --> 01:00:26,510

number up on the screen

1435

01:00:30,850 --> 01:00:28,970

okay yeah so yep I'd love to that

1436

01:00:33,970 --> 01:00:30,860

numbers up on the screen on YouTube and

1437

01:00:36,940 --> 01:00:33,980

if you're listening over at kgr a radio

1438

01:00:39,220 --> 01:00:36,950

that number is and it's only during the

1439

01:00:41,350 --> 01:00:39,230

show only I get calls constantly that

1440

01:00:44,680 --> 01:00:41,360

this is just a show number that's six oh

1441

01:00:46,600 --> 01:00:44,690

three nine six seven four OH three oh

1442

01:00:49,840 --> 01:00:46,610

and the lines open if someone wants to

1443

01:00:51,910 --> 01:00:49,850

call can only take one call at a time so

1444

01:00:54,430 --> 01:00:51,920

if you're calling and I don't pick it up

1445

01:00:58,480 --> 01:00:54,440

just try again later

1446

01:00:58,930 --> 01:00:58,490

we have someone trying right now hello

1447

01:01:01,510 --> 01:00:58,940

caller

1448

01:01:04,840 --> 01:01:01,520

welcome to the show you're your name and

1449

01:01:07,750 --> 01:01:04,850

where you calling from Jim from British

1450

01:01:09,760 --> 01:01:07,760

Columbia Oh Jim we've had you on the

1451

01:01:13,540 --> 01:01:09,770

show before you're a real thinker if I

1452

01:01:18,099 --> 01:01:13,550

remember right oh well I do my best

1453

01:01:25,060 --> 01:01:18,109

I have questions sure yeah far away

1454

01:01:28,330 --> 01:01:25,070

hello Jim oh hi yes so go ahead fire

1455

01:01:29,980 --> 01:01:28,340

away your questions okay I'm here

1456

01:01:32,470 --> 01:01:29,990

I can't hear them on the telephone oh

1457

01:01:34,980 --> 01:01:32,480

you can't hand here Martha's on can I

1458

01:01:37,390 --> 01:01:34,990

hear it what is this this is Martin oh

1459

01:01:42,630 --> 01:01:37,400

hi Martin yeah this is Jim from British

1460

01:01:46,330 --> 01:01:42,640

Columbia and I have a question about

1461

01:01:52,840 --> 01:01:46,340

genetic markers for antenna or something

1462

01:01:55,900 --> 01:01:52,850

like that were you discussing that a

1463

01:01:58,630 --> 01:01:55,910

genetic marker but I don't really know

1464

01:02:00,640 --> 01:01:58,640

what's involved in that Kevin do you

1465

01:02:03,460 --> 01:02:00,650

knew it no what Dave Altman was talking

1466

01:02:05,830 --> 01:02:03,470

about when he called in um probably not

1467

01:02:08,859 --> 01:02:05,840

as detailed as he would probably go into

1468

01:02:12,040 --> 01:02:08,869

that from what I understand is um close

1469

01:02:14,950 --> 01:02:12,050

encounter with uit leaves

1470

01:02:18,940 --> 01:02:14,960

changes in your DNA that's traceable and

1471

01:02:22,450 --> 01:02:18,950

identifiable oh that's probably the

1472

01:02:24,609 --> 01:02:22,460

limit of my knowledge about it and you

1473

01:02:24,910 --> 01:02:24,619

know just so you know I was Jim just so

1474

01:02:27,670 --> 01:02:24,920

you know

1475

01:02:29,470 --> 01:02:27,680

was never a UFO UAT got my whole life so

1476

01:02:31,810 --> 01:02:29,480

a lot of this this whole thing is new to

1477

01:02:33,400 --> 01:02:31,820

me too and I'm spending a lot of time

1478

01:02:37,480 --> 01:02:33,410

learning about it and trying to catch up

1479

01:02:40,960 --> 01:02:37,490

so okay well I've had paranormal which

1480

01:02:44,110 --> 01:02:40,970

nothing extra light and I've I've only

1481

01:02:46,720 --> 01:02:44,120

had one UFO sighting but I know you know

1482

01:02:48,430 --> 01:02:46,730

it was a real object in the sky and

1483

01:02:51,370 --> 01:02:48,440

there's no doubt about that

1484

01:02:53,290 --> 01:02:51,380

but I know you know I know a lot of

1485

01:02:56,830 --> 01:02:53,300

people and I encourage people to talk

1486

01:02:58,840 --> 01:02:56,840

about paranormal and UFOs and recently

1487

01:03:02,760 --> 01:02:58,850

I've been asking strangers have you ever

1488

01:03:06,730 --> 01:03:02,770

seen a UFO and I'm getting about 12% yes

1489

01:03:08,980 --> 01:03:06,740

but I know that I know there's more than

1490

01:03:12,400 --> 01:03:08,990

that because just from my friends and so

1491

01:03:13,390 --> 01:03:12,410

on I've known people for four ten years

1492

01:03:15,790 --> 01:03:13,400

or something and then all of a sudden

1493

01:03:18,190 --> 01:03:15,800

they'll say they saw UFO right or

1494

01:03:21,850 --> 01:03:18,200

they've had some other paranormal

1495

01:03:25,360 --> 01:03:21,860

experience and there's it's in my family

1496

01:03:29,020 --> 01:03:25,370

as well and I I think it's I think a

1497

01:03:32,340 --> 01:03:29,030

person is born with an ability which I

1498

01:03:36,360 --> 01:03:32,350

called I call it intuition but it is

1499

01:03:41,350 --> 01:03:36,370

similar to all kinds of non-local

1500

01:03:44,710 --> 01:03:41,360

consciousness right so if a person has

1501

01:03:47,980 --> 01:03:44,720

an ability to for the consciousness to

1502

01:03:50,470 --> 01:03:47,990

go outside of their mind then they can

1503

01:03:52,510 --> 01:03:50,480

be aware of many things outside the mind

1504

01:03:55,180 --> 01:03:52,520

means outside of time as well and I've

1505

01:03:57,820 --> 01:03:55,190

had that experience where I jumped ahead

1506

01:03:59,800 --> 01:03:57,830

in time or I jumped back in time I've

1507

01:04:03,220 --> 01:03:59,810

only had that like maybe three times in

1508

01:04:06,790 --> 01:04:03,230

my life but that's what non-local

1509

01:04:09,070 --> 01:04:06,800

consciousness is about and it would it

1510

01:04:10,600 --> 01:04:09,080

would apply in your case when you think

1511

01:04:11,860 --> 01:04:10,610

somebody's coming over to your place or

1512

01:04:13,990 --> 01:04:11,870

something like that it could be that

1513

01:04:16,450 --> 01:04:14,000

you're seeing forward in time

1514

01:04:20,890 --> 01:04:16,460

now the indigenous people of the world

1515

01:04:23,890 --> 01:04:20,900

who I study have this ability and they

1516

01:04:26,320 --> 01:04:23,900

used the ability to survive back in you

1517

01:04:29,860 --> 01:04:26,330

know ten thousand fifty thousand years

1518

01:04:31,060 --> 01:04:29,870

ago they used these abilities they had

1519

01:04:32,920 --> 01:04:31,070

this knowledge and they could

1520

01:04:36,400 --> 01:04:32,930

communicate over long distances and

1521

01:04:38,140 --> 01:04:36,410

sometimes they could know before a

1522

01:04:41,230 --> 01:04:38,150

disaster was going to happen

1523

01:04:44,380 --> 01:04:41,240

they would move and save their own lives

1524

01:04:47,710 --> 01:04:44,390

right and and actually that has happened

1525

01:04:49,870 --> 01:04:47,720

to me as well if it happens to a person

1526

01:04:51,940 --> 01:04:49,880

it's very clear it's not just an inkling

1527

01:04:54,359 --> 01:04:51,950

or a hunch or something like that yes

1528

01:04:58,029 --> 01:04:54,369

it's like I heard a voice in my left ear

1529

01:04:59,859 --> 01:04:58,039

shouting at me and I hammered the brakes

1530

01:05:02,319 --> 01:04:59,869

on my motorcycle and I didn't die

1531

01:05:07,029 --> 01:05:02,329

because that voice yelled in my left ear

1532

01:05:09,849 --> 01:05:07,039

right and that one time that was one one

1533

01:05:12,880 --> 01:05:09,859

incident I would be dead for sure if I

1534

01:05:15,279 --> 01:05:12,890

had not has fascinated and it was my own

1535

01:05:18,279 --> 01:05:15,289

voice oddly enough to me and I swore at

1536

01:05:22,450 --> 01:05:18,289

me just as I would have you know as if I

1537

01:05:26,349 --> 01:05:22,460

had seen ahead in time and I knew the

1538

01:05:33,160 --> 01:05:26,359

danger right and in another case of time

1539

01:05:36,489 --> 01:05:33,170

I was tracking an animal and suddenly I

1540

01:05:38,950 --> 01:05:36,499

saw the animal I was tracking and it was

1541

01:05:40,809 --> 01:05:38,960

right in front of me it appeared to be

1542

01:05:44,049 --> 01:05:40,819

right in front me and what had happened

1543

01:05:46,359 --> 01:05:44,059

is I jumped back in time about 20

1544

01:05:47,739 --> 01:05:46,369

minutes and I was watching the animal

1545

01:05:50,799 --> 01:05:47,749

that I had been following through the

1546

01:05:52,989 --> 01:05:50,809

forest and and I think that's a case of

1547

01:05:55,930 --> 01:05:52,999

non-local consciousness after this

1548

01:05:59,380 --> 01:05:55,940

happened to me I found that the Bushmen

1549

01:06:02,140 --> 01:05:59,390

of the Kalahari do this at will when

1550

01:06:04,180 --> 01:06:02,150

they're tracking animals now and for the

1551

01:06:06,220 --> 01:06:04,190

Bushmen you have to understand if they

1552

01:06:08,739 --> 01:06:06,230

don't get food they die right but if

1553

01:06:11,859 --> 01:06:08,749

they can get a big animal like you know

1554

01:06:16,089 --> 01:06:11,869

a big ungulate or something then our

1555

01:06:17,739 --> 01:06:16,099

whole tribe eats for four days you know

1556

01:06:20,019 --> 01:06:17,749

so it's really really important so they

1557

01:06:22,210 --> 01:06:20,029

developed this ability to see the

1558

01:06:26,279 --> 01:06:22,220

animals they're tracking you know and

1559

01:06:30,640 --> 01:06:26,289

they say so they say we see the animals

1560

01:06:32,319 --> 01:06:30,650

so it's it's all as I see I'm trying to

1561

01:06:35,890 --> 01:06:32,329

understand it and put it all together

1562

01:06:38,620 --> 01:06:35,900

but it seems to me that this non-local

1563

01:06:42,130 --> 01:06:38,630

consciousness is very real because I've

1564

01:06:44,890 --> 01:06:42,140

done it probably have ten really good

1565

01:06:46,509 --> 01:06:44,900

examples in my life of doing that and

1566

01:06:50,609 --> 01:06:46,519

then other people talk about it too

1567

01:06:52,709 --> 01:06:50,619

right and that's how I'm investigating

1568

01:06:55,259 --> 01:06:52,719

do you have any opium I'd like go ahead

1569

01:06:57,120 --> 01:06:55,269

go ahead Jim go ahead Martin I'm gonna

1570

01:06:59,069 --> 01:06:57,130

tell Jim I'd like to yeah

1571

01:07:02,459 --> 01:06:59,079

go ahead here we are walking over each

1572

01:07:04,739 --> 01:07:02,469

other go ahead Jim I'd just like to let

1573

01:07:06,930 --> 01:07:04,749

you know I'd like to talk to you more if

1574

01:07:10,019 --> 01:07:06,940

you could copy you could connect with me

1575

01:07:12,029 --> 01:07:10,029

either Facebook or email there are some

1576

01:07:15,809 --> 01:07:12,039

people I'd like you to other people I'd

1577

01:07:17,759 --> 01:07:15,819

like to connect you with sure email if I

1578

01:07:20,670 --> 01:07:17,769

find it here in the description or

1579

01:07:22,829 --> 01:07:20,680

something yeah just email just email my

1580

01:07:27,140 --> 01:07:22,839

email is available at Martin at podcast

1581

01:07:32,249 --> 01:07:29,700

all right Jim I just wondered if you had

1582

01:07:33,870 --> 01:07:32,259

any weapons or did you have any other

1583

01:07:37,680 --> 01:07:33,880

questions or it just you wanted to make

1584

01:07:39,959 --> 01:07:37,690

basically make make a statement I've

1585

01:07:44,640 --> 01:07:39,969

also been thinking about the disclosure

1586

01:07:46,190 --> 01:07:44,650

debate and when we with if you follow

1587

01:07:48,420 --> 01:07:46,200

the ufology and you follow the the

1588

01:07:50,430 --> 01:07:48,430

disclosure debate you only hear that one

1589

01:07:52,709 --> 01:07:50,440

side and I thought somebody should

1590

01:07:56,249 --> 01:07:52,719

debate the other side of disclosure I

1591

01:07:58,410 --> 01:07:56,259

thought you know my argument is my

1592

01:08:01,799 --> 01:07:58,420

debate my debating point against

1593

01:08:04,859 --> 01:08:01,809

disclosure is that we humans are really

1594

01:08:08,509 --> 01:08:04,869

messed up you know I mean we are in

1595

01:08:10,469 --> 01:08:08,519

danger of committing our own our own

1596

01:08:13,440 --> 01:08:10,479

genocide of ourselves

1597

01:08:15,709 --> 01:08:13,450

we're extinct ting ourselves in at least

1598

01:08:18,450 --> 01:08:15,719

three different ways or hate I mean it's

1599

01:08:21,079 --> 01:08:18,460

we're we're not doing well on this

1600

01:08:23,760 --> 01:08:21,089

planet at this time and also another

1601  
01:08:28,620 --> 01:08:23,770  
debating point against the human species

1602  
01:08:31,649 --> 01:08:28,630  
is that we have been evolving since

1603  
01:08:35,430 --> 01:08:31,659  
cro-magnon and this can be seen in the

1604  
01:08:39,660 --> 01:08:35,440  
the bones and so on of the cro-magnon we

1605  
01:08:41,669 --> 01:08:39,670  
were actually devolving since then and

1606  
01:08:45,839 --> 01:08:41,679  
I'm into you know biology and all that

1607  
01:08:47,849 --> 01:08:45,849  
stuff well interesting yeah my Jim I

1608  
01:08:50,579 --> 01:08:47,859  
have to kind of agree with you on some

1609  
01:08:53,729 --> 01:08:50,589  
of this disclosure stuff because part of

1610  
01:08:56,999 --> 01:08:53,739  
the Jacques Vallee or Davis post-effects

1611  
01:08:59,849 --> 01:08:57,009  
with us a phenomenon is it it changes

1612  
01:09:03,990 --> 01:08:59,859  
people people have the ability to heal

1613  
01:09:06,180 --> 01:09:04,000

people become more prescient

1614

01:09:09,810 --> 01:09:06,190

they suddenly gain talents they didn't

1615

01:09:12,630 --> 01:09:09,820

have before they start to have really

1616

01:09:14,040 --> 01:09:12,640

strange eschatological type dreams I

1617

01:09:16,230 --> 01:09:14,050

could go on and on with some of these

1618

01:09:19,350 --> 01:09:16,240

noted effects now I'm sitting there

1619

01:09:22,320 --> 01:09:19,360

thinking to myself you know what happens

1620

01:09:27,030 --> 01:09:22,330

when seven billion people all start to

1621

01:09:28,650 --> 01:09:27,040

change at once from some from when you

1622

01:09:30,210 --> 01:09:28,660

know assuming that close encounter

1623

01:09:32,010 --> 01:09:30,220

becomes commonplace and the whole world

1624

01:09:33,960 --> 01:09:32,020

starting to witness it now and

1625

01:09:37,650 --> 01:09:33,970

everybody's starting to change as a

1626

01:09:42,680 --> 01:09:37,660

result what happens then is it safe I

1627

01:09:45,300 --> 01:09:42,690

don't I don't have a good answer

1628

01:09:47,070 --> 01:09:45,310

all right well something to think about

1629

01:09:48,840 --> 01:09:47,080

thanks for talking thanks for listening

1630

01:09:52,290 --> 01:09:48,850

thank you every college in contact with

1631

01:09:54,720 --> 01:09:52,300

me Jim yep contact me okay will do all

1632

01:09:56,790 --> 01:09:54,730

right all right all right so that line

1633

01:09:59,370 --> 01:09:56,800

is open again the numbers up on the

1634

01:10:01,380 --> 01:09:59,380

screen and it's and also if you're

1635

01:10:03,330 --> 01:10:01,390

calling in please mute your your

1636

01:10:05,880 --> 01:10:03,340

listening device or your computer just

1637

01:10:08,580 --> 01:10:05,890

so it doesn't feedback through that

1638

01:10:13,230 --> 01:10:08,590

number six oh three nine six seven four

1639

01:10:14,550 --> 01:10:13,240

OH three oh so let's let's talk well we

1640

01:10:18,990 --> 01:10:14,560

got another call coming in and we also

1641

01:10:20,010 --> 01:10:19,000

take it now caller caller you are on the

1642

01:10:24,150 --> 01:10:20,020

line your first name where you're

1643

01:10:26,570 --> 01:10:24,160

calling from hi this is a Timmy from the

1644

01:10:30,530 --> 01:10:26,580

chat actually calling from Toledo Ohio

1645

01:10:33,840 --> 01:10:30,540

my last name looks like f e FF right on

1646

01:10:36,150 --> 01:10:33,850

yeah huge fans and following the show

1647

01:10:40,520 --> 01:10:36,160

for quite a while now I got a question

1648

01:10:45,060 --> 01:10:40,530

for happening yeah go ahead

1649

01:10:47,100 --> 01:10:45,070

okay yeah as far as the on the ship it

1650

01:10:49,350 --> 01:10:47,110

was there any banter back and forth at

1651  
01:10:51,630 --> 01:10:49,360  
all like when you guys are speculating

1652  
01:10:53,520 --> 01:10:51,640  
at all I know you said earlier that you

1653  
01:10:56,220 --> 01:10:53,530  
didn't like to speculate but was there

1654  
01:10:58,650 --> 01:10:56,230  
any talk of maybe the crafts were

1655  
01:11:02,310 --> 01:10:58,660  
instead of having any kind of driver or

1656  
01:11:07,670 --> 01:11:02,320  
anything like that was could be just an

1657  
01:11:10,860 --> 01:11:07,680  
AI system itself not that I recall I

1658  
01:11:12,960 --> 01:11:10,870  
don't think we were even we were having

1659  
01:11:15,600 --> 01:11:12,970  
a very hard time absorbing that it was

1660  
01:11:17,820 --> 01:11:15,610  
even happening right I don't I don't

1661  
01:11:21,150 --> 01:11:17,830  
remember any discussion at all about

1662  
01:11:23,670 --> 01:11:21,160  
UFOs at the time now I was thinking that

1663  
01:11:28,140 --> 01:11:23,680

myself but it wasn't something that was

1664

01:11:30,420 --> 01:11:28,150

being discussed right because I I always

1665

01:11:32,120 --> 01:11:30,430

hear about the question of like as fast

1666

01:11:34,380 --> 01:11:32,130

and as quick as they move around

1667

01:11:37,410 --> 01:11:34,390

anything biological would basically be

1668

01:11:41,060 --> 01:11:37,420

mush inside so it would make sense that

1669

01:11:43,710 --> 01:11:41,070

you know it would be either artificially

1670

01:11:48,270 --> 01:11:43,720

intelligently driven or the crash

1671

01:11:51,900 --> 01:11:48,280

telling me doc dr. Jack Sarfati has his

1672

01:11:54,870 --> 01:11:51,910

theory on it is that was actually a a

1673

01:11:57,960 --> 01:11:54,880

post quantum artificial intelligence

1674

01:12:00,360 --> 01:11:57,970

computer surrounded by a whole the

1675

01:12:03,420 --> 01:12:00,370

middle material that actually slows down

1676

01:12:07,380 --> 01:12:03,430

light inside the material itself and it

1677

01:12:11,280 --> 01:12:07,390

has ability to change the local the

1678

01:12:13,830 --> 01:12:11,290

local time-space construct given it the

1679

01:12:15,750 --> 01:12:13,840

abilities that it has interesting and a

1680

01:12:17,520 --> 01:12:15,760

left on the whole thing according to him

1681

01:12:20,060 --> 01:12:17,530

can be run on just a small battery

1682

01:12:22,410 --> 01:12:20,070

doesn't take a lot of power to do this

1683

01:12:26,780 --> 01:12:22,420

so there there are there are people out

1684

01:12:28,560 --> 01:12:26,790

there believe in in speculating I guess

1685

01:12:30,150 --> 01:12:28,570

apparently with some physics and

1686

01:12:32,700 --> 01:12:30,160

mathematics behind it that you could be

1687

01:12:34,710 --> 01:12:32,710

right that there was no biologics and

1688

01:12:36,930 --> 01:12:34,720

these things that with all artificial

1689

01:12:38,760 --> 01:12:36,940

intelligence well you know along those

1690

01:12:41,670 --> 01:12:38,770

same lines I just have to add that you

1691

01:12:46,440 --> 01:12:41,680

know we talked about it not breaking the

1692

01:12:51,030 --> 01:12:46,450

sound barrier no sonic boom in goodbye

1693

01:12:52,890 --> 01:12:51,040

multiple right and also you know that

1694

01:12:56,040 --> 01:12:52,900

doesn't make any sense along with also

1695

01:12:59,190 --> 01:12:56,050

the g-forces and even the g-forces with

1696

01:13:02,450 --> 01:12:59,200

an AI artificial intelligence it would

1697

01:13:04,470 --> 01:13:02,460

seem like it would scramble a lot of

1698

01:13:06,210 --> 01:13:04,480

with the type of movements that would

1699

01:13:08,640 --> 01:13:06,220

scramble a lot of what we could build

1700

01:13:13,500 --> 01:13:08,650

today couldn't take that G right

1701

01:13:16,230 --> 01:13:13,510

circuitry yeah right is that you know I

1702

01:13:19,650 --> 01:13:16,240

will just just a little more to add to

1703

01:13:23,450 --> 01:13:19,660

that just real quick let you go the the

1704

01:13:25,680 --> 01:13:23,460

oh my god

1705

01:13:30,940 --> 01:13:25,690

once I'm putting on the spot I kind of

1706

01:13:37,890 --> 01:13:33,670

the crafts themselves now you said that

1707

01:13:41,140 --> 01:13:37,900

during the nimitz incident there was

1708

01:13:43,990 --> 01:13:41,150

like multiple crafts but what we heard

1709

01:13:47,140 --> 01:13:44,000

about was the actual craft that a Dave

1710

01:13:48,880 --> 01:13:47,150

flavor that that's his name yeah Dave

1711

01:13:53,470 --> 01:13:48,890

raver yeah that's correct

1712

01:13:56,620 --> 01:13:53,480

yeah what he encountered what were the

1713

01:14:00,280 --> 01:13:56,630

Black Aces at the time here right now

1714

01:14:03,490 --> 01:14:00,290

was that the tic-tac craft was that

1715

01:14:06,280 --> 01:14:03,500

basically what you're saying earlier was

1716

01:14:08,680 --> 01:14:06,290

that part of that that a grouping of

1717

01:14:11,800 --> 01:14:08,690

crafts or was that separate and

1718

01:14:14,230 --> 01:14:11,810

absolutely yeah at the time I did I

1719

01:14:15,700 --> 01:14:14,240

breathe Captain Smith and he gave me the

1720

01:14:17,110 --> 01:14:15,710

go-ahead to intercept and at that time I

1721

01:14:19,630 --> 01:14:17,120

think there was probably six of those

1722

01:14:21,280 --> 01:14:19,640

objects airborne I just I picked the

1723

01:14:24,130 --> 01:14:21,290

closest one to him and we vectored him

1724

01:14:26,170 --> 01:14:24,140

over there so he intercepted one but out

1725

01:14:30,520 --> 01:14:26,180

of six that were out there at the time I

1726

01:14:32,800 --> 01:14:30,530

believe I made it all right yeah the

1727

01:14:34,810 --> 01:14:32,810

whole thing's fascinating thank you very

1728

01:14:36,600 --> 01:14:34,820

much Martin all right thanks a lot

1729

01:14:38,530 --> 01:14:36,610

we have another caller on the line you

1730

01:14:40,840 --> 01:14:38,540

thanks a lot thank you get it delayed

1731

01:14:42,880 --> 01:14:40,850

right thank you

1732

01:14:46,330 --> 01:14:42,890

we have another call your first name and

1733

01:14:51,880 --> 01:14:48,370

hi John welcome to the show you have a

1734

01:14:53,680 --> 01:14:51,890

question for our guest yeah yeah

1735

01:14:55,600 --> 01:14:53,690

I just want a quick question for Kevin

1736

01:14:57,940 --> 01:14:55,610

Kevin thanks so much for coming forward

1737

01:15:01,300 --> 01:14:57,950

that was that was on welcome John you've

1738

01:15:03,790 --> 01:15:01,310

done I really respect what you did being

1739

01:15:05,770 --> 01:15:03,800

that I'm sure it was hard to do but you

1740

01:15:07,930 --> 01:15:05,780

did the right thing in my opinion quick

1741

01:15:11,020 --> 01:15:07,940

question for you my understanding is

1742

01:15:12,880 --> 01:15:11,030

when David for ever landed his jet that

1743

01:15:15,210 --> 01:15:12,890

the next team that went up is the one

1744

01:15:20,020 --> 01:15:15,220

that actually took the video that we saw

1745

01:15:22,450 --> 01:15:20,030

that's Graham yeah and so did that they

1746

01:15:23,710 --> 01:15:22,460

head up to the cap point does that in

1747

01:15:26,080 --> 01:15:23,720

other words because that's the last

1748

01:15:28,360 --> 01:15:26,090

known location when David forever had to

1749

01:15:30,520 --> 01:15:28,370

go back to the ship I guess for fuel is

1750

01:15:32,890 --> 01:15:30,530

that were they found and and and

1751

01:15:34,810 --> 01:15:32,900

recorded that video or did they just get

1752

01:15:39,190 --> 01:15:34,820

other instructions from you guys on

1753

01:15:42,220 --> 01:15:39,200

where the where the object was they took

1754

01:15:44,919 --> 01:15:42,230

off on a on an autonomous intercept all

1755

01:15:47,649 --> 01:15:44,929

on their own the you know we have the

1756

01:15:48,910 --> 01:15:47,659

data links and we share all the radar so

1757

01:15:52,540 --> 01:15:48,920

that he was basically looking at the

1758

01:15:54,790 --> 01:15:52,550

same same type of symbology that I'm

1759

01:15:56,290 --> 01:15:54,800

looking at on the ship so he just

1760

01:15:58,870 --> 01:15:56,300

dropped he just drove to what you saw

1761

01:16:01,720 --> 01:15:58,880

one and made his own intercept at that

1762

01:16:04,180 --> 01:16:01,730

point awesome okay I just wondered about

1763

01:16:05,770 --> 01:16:04,190

that I appreciate your info on that once

1764

01:16:07,360 --> 01:16:05,780

again thanks a lot have a good time at

1765

01:16:09,760 --> 01:16:07,370

that conference Kevin appreciate your

1766

01:16:11,260 --> 01:16:09,770

coming Thank You Jones again yeah thanks

1767

01:16:14,470 --> 01:16:11,270

for departing in the question appreciate

1768

01:16:16,450 --> 01:16:14,480

thanks Martin thank you thank you John

1769

01:16:19,990 --> 01:16:16,460

alright so the lines open that numbers

1770

01:16:22,630 --> 01:16:20,000

up on the screen and just one thing that

1771

01:16:23,950 --> 01:16:22,640

was felt a little bit confused about and

1772

01:16:26,350 --> 01:16:23,960

maybe can clear this up real quickly

1773

01:16:31,149 --> 01:16:26,360

there was at one point where there was a

1774

01:16:36,520 --> 01:16:31,159

merge on radar where the object and the

1775

01:16:39,729 --> 01:16:36,530

say Dave for a verse jet just appeared

1776

01:16:42,490 --> 01:16:39,739

to merge in one location and he couldn't

1777

01:16:45,100 --> 01:16:42,500

see anything is it just because of the

1778

01:16:49,180 --> 01:16:45,110

altitude he was at that he didn't see

1779

01:16:52,479 --> 01:16:49,190

the object I believe it was a function

1780

01:16:54,580 --> 01:16:52,489

of the altitude because basically I've

1781

01:16:58,090 --> 01:16:54,590

merged emerged when I when I say merged

1782

01:16:59,320 --> 01:16:58,100

plot on the radio is basically the

1783

01:17:00,729 --> 01:16:59,330

object that we're trying to intercept

1784

01:17:04,120 --> 01:17:00,739

and the interceptor is in the same

1785

01:17:05,740 --> 01:17:04,130

vertical piece of sky mhm and so from

1786

01:17:08,229 --> 01:17:05,750

the radar perspective it looks like one

1787

01:17:10,209 --> 01:17:08,239

one blob of radar now they kind of

1788

01:17:12,040 --> 01:17:10,219

merged together and I think when that

1789

01:17:14,140 --> 01:17:12,050  
happened he was probably still up around

1790

01:17:17,320 --> 01:17:14,150  
14,000 feet and the object was down at

1791

01:17:19,540 --> 01:17:17,330  
50 by then and it was only 47 feet so he

1792

01:17:22,390 --> 01:17:19,550  
probably didn't actually see it til he

1793

01:17:23,680 --> 01:17:22,400  
went a little bit lower I see Kelly

1794

01:17:26,020 --> 01:17:23,690  
you know chased it down to the surface

1795

01:17:28,090 --> 01:17:26,030  
of the ocean now you said there were

1796

01:17:30,640 --> 01:17:28,100  
many objects that actually went from

1797

01:17:33,610 --> 01:17:30,650  
this 28,000 feet all the way down to

1798

01:17:38,830 --> 01:17:33,620  
right above the ocean is that correct

1799

01:17:40,090 --> 01:17:38,840  
did they did yeah like that the second

1800

01:17:43,780 --> 01:17:40,100  
flight that took off that actually took

1801  
01:17:44,740 --> 01:17:43,790  
the now-famous video other aircraft were

1802  
01:17:46,570 --> 01:17:44,750  
launching off to carry everything

1803  
01:17:48,459 --> 01:17:46,580  
everyone's doing these intercepts and

1804  
01:17:50,010 --> 01:17:48,469  
all this all of a sudden these objects

1805  
01:17:52,149 --> 01:17:50,020  
just started dropping now this guy's

1806  
01:17:55,090 --> 01:17:52,159  
tu-tu-tu-tu-tu is like it was like it

1807  
01:17:58,300 --> 01:17:55,100  
was raining UFOs for a second or you

1808  
01:17:59,440 --> 01:17:58,310  
know for a couple of minutes and in the

1809  
01:18:01,960 --> 01:17:59,450  
you know the radios just going berserk

1810  
01:18:03,970 --> 01:18:01,970  
by this point everyone's talking and

1811  
01:18:07,240 --> 01:18:03,980  
yelling can't believe what's happening

1812  
01:18:09,400 --> 01:18:07,250  
and I but as soon as they broke off

1813  
01:18:11,440 --> 01:18:09,410

Brokaw pursued these objects all came

1814

01:18:13,870 --> 01:18:11,450

back off the surface of the ocean back

1815

01:18:17,110 --> 01:18:13,880

up to 28,000 feet and just kept going

1816

01:18:18,880 --> 01:18:17,120

south at 100 knots you didn't want to be

1817

01:18:21,490 --> 01:18:18,890

bug isn't that something

1818

01:18:26,190 --> 01:18:21,500

now when you actually you actually have

1819

01:18:30,820 --> 01:18:26,200

the images up on radar are you saying

1820

01:18:32,710 --> 01:18:30,830

it's roughly at 28,000 feet or what what

1821

01:18:35,290 --> 01:18:32,720

I'm getting at here what I'm wondering

1822

01:18:38,590 --> 01:18:35,300

is if there was a pattern where they

1823

01:18:41,020 --> 01:18:38,600

would actually go down to a certain

1824

01:18:43,390 --> 01:18:41,030

level and go back to a certain level if

1825

01:18:46,960 --> 01:18:43,400

it was like if they were at going right

1826

01:18:49,810 --> 01:18:46,970  
to 28,000 400 feet or something each

1827

01:18:54,550 --> 01:18:49,820  
time or is there is there a variable

1828

01:18:59,110 --> 01:18:54,560  
there I best of my memory they were all

1829

01:19:00,700 --> 01:18:59,120  
at 20,000 feet 100 dots well I don't I

1830

01:19:03,820 --> 01:19:00,710  
don't remember the exact altitude it

1831

01:19:07,210 --> 01:19:03,830  
could have been 20 8422 or whatever but

1832

01:19:09,610 --> 01:19:07,220  
it was 28,000 feet or so yeah right

1833

01:19:11,230 --> 01:19:09,620  
right in that piece of airspace but

1834

01:19:14,890 --> 01:19:11,240  
there was more or less a pattern going

1835

01:19:16,960 --> 01:19:14,900  
on it seemed oh yeah yeah yeah over that

1836

01:19:19,930 --> 01:19:16,970  
from the about the 10th to the 16th in

1837

01:19:23,890 --> 01:19:19,940  
November they appeared on the radar in

1838

01:19:25,770 --> 01:19:23,900

groups of between 5 and 10 and my rough

1839

01:19:28,660 --> 01:19:25,780

count is about a hundred all together

1840

01:19:31,480 --> 01:19:28,670

over the course of several days if I

1841

01:19:33,880 --> 01:19:31,490

added them all up and all of them

1842

01:19:35,650 --> 01:19:33,890

appeared off the coast of Catalina

1843

01:19:38,350 --> 01:19:35,660

Island right there in the Channel

1844

01:19:39,490 --> 01:19:38,360

Islands and they all were about 28,000

1845

01:19:42,580 --> 01:19:39,500

feet and they are all going about

1846

01:19:44,740 --> 01:19:42,590

hundred knots track himself so there was

1847

01:19:47,220 --> 01:19:44,750

definitely a pattern in fact to look at

1848

01:19:50,350 --> 01:19:47,230

them on a radar scope if you can imagine

1849

01:19:53,110 --> 01:19:50,360

snow falling on a calm day or snowflakes

1850

01:19:55,270 --> 01:19:53,120

all kind of they stay relative to each

1851

01:19:56,710 --> 01:19:55,280

other they don't kind of move up they

1852

01:19:58,150 --> 01:19:56,720

don't get closer or farther apart they

1853

01:19:59,680 --> 01:19:58,160

just kind of fall out of the sky towards

1854

01:20:01,410 --> 01:19:59,690

the ground that's kind of what these

1855

01:20:04,150 --> 01:20:01,420

objects look like on radar

1856

01:20:04,450 --> 01:20:04,160

hmm as you can imagine that they're just

1857

01:20:06,040 --> 01:20:04,460

um

1858

01:20:07,780 --> 01:20:06,050

they say tech would just it from each

1859

01:20:09,670 --> 01:20:07,790

other and just kind of track from north

1860

01:20:11,770 --> 01:20:09,680

to south on the radar on the display you

1861

01:20:12,390 --> 01:20:11,780

know from the top of this play down to

1862

01:20:16,479 --> 01:20:12,400

the bottom

1863

01:20:18,010 --> 01:20:16,489

hmm well now you probably may or may not

1864

01:20:20,800 --> 01:20:18,020

be aware of this but there's been a lot

1865

01:20:23,880 --> 01:20:20,810

of activity around Catalina Island have

1866

01:20:27,160 --> 01:20:23,890

you have you ever heard about that I

1867

01:20:28,840 --> 01:20:27,170

wasn't aware of that really in total

1868

01:20:30,220 --> 01:20:28,850

about a year ago and since then I've

1869

01:20:32,710 --> 01:20:30,230

done my own research and I have

1870

01:20:34,960 --> 01:20:32,720

discovered a lot about it and in fact

1871

01:20:36,970 --> 01:20:34,970

there is um I guess it's a common place

1872

01:20:38,590 --> 01:20:36,980

for underwater some other surface

1873

01:20:41,800 --> 01:20:38,600

objects USO sightings

1874

01:20:43,330 --> 01:20:41,810

that's right yeah and there's lots of

1875

01:20:45,850 --> 01:20:43,340

other UFO sightings in that area

1876

01:20:47,410 --> 01:20:45,860

yeah there's analyzed notice it's all

1877

01:20:49,660 --> 01:20:47,420

new kind of all moved to me actually

1878

01:20:51,790 --> 01:20:49,670

sure yeah it was the first time I'd ever

1879

01:20:54,610 --> 01:20:51,800

seen anything like that you know I was

1880

01:20:57,220 --> 01:20:54,620

on three ages shifts um two of them were

1881

01:20:59,590 --> 01:20:57,230

out of San Diego site I had a many many

1882

01:21:01,450 --> 01:20:59,600

many many many many hours I can't even I

1883

01:21:02,860 --> 01:21:01,460

don't want to remember how many hours

1884

01:21:05,620 --> 01:21:02,870

I'd spent on the out there in the

1885

01:21:06,760 --> 01:21:05,630

Southern California operating areas you

1886

01:21:09,550 --> 01:21:06,770

know because you get beat up pretty good

1887

01:21:12,190 --> 01:21:09,560

you're always under way I had never seen

1888

01:21:15,160 --> 01:21:12,200

anything like that in that area previous

1889

01:21:17,920 --> 01:21:15,170

to this yeah yeah one other thing you

1890

01:21:21,940 --> 01:21:17,930

know comes to mind did on the Princeton

1891

01:21:23,710 --> 01:21:21,950

did you have you probably had sonar

1892

01:21:27,100 --> 01:21:23,720

going on as well didn't you for

1893

01:21:29,800 --> 01:21:27,110

underwater or not absolutely yeah we had

1894

01:21:31,660 --> 01:21:29,810

sonar was up yeah I don't think we were

1895

01:21:35,110 --> 01:21:31,670

actively pinging at the time that we

1896

01:21:37,410 --> 01:21:35,120

were definitely listening as as far as I

1897

01:21:42,400 --> 01:21:37,420

know there was no detections made yeah

1898

01:21:44,820 --> 01:21:42,410

yeah now we also had the USS Louisville

1899

01:21:46,810 --> 01:21:44,830

out there from what I understand and

1900

01:21:48,640 --> 01:21:46,820

I've heard through the grapevine that

1901

01:21:53,260 --> 01:21:48,650

they didn't detect anything either

1902

01:21:54,820 --> 01:21:53,270

they've admitted to mm-hmm so let's

1903

01:21:57,400 --> 01:21:54,830

let's talk a little bit about the

1904

01:21:59,170 --> 01:21:57,410

aftermath because I know that there was

1905

01:22:02,260 --> 01:21:59,180

a little bit of ridicule

1906

01:22:04,540 --> 01:22:02,270

David flavor had mentioned it that you

1907

01:22:06,010 --> 01:22:04,550

know just a little teasing and I guess

1908

01:22:09,100 --> 01:22:06,020

there was a little pamphlet that came

1909

01:22:10,479 --> 01:22:09,110

out the ship's pamphlet on the Nimitz

1910

01:22:12,430 --> 01:22:10,489

itself that came out that had like

1911

01:22:16,030 --> 01:22:12,440

aliens on it the next day or something a

1912

01:22:18,880 --> 01:22:16,040

little newsletter would sir yes sir any

1913

01:22:24,190 --> 01:22:18,890

of that happening as far as what was

1914

01:22:25,660 --> 01:22:24,200

going on in your room no no wait I'm

1915

01:22:26,590 --> 01:22:25,670

Boyd the person there nothing like that

1916

01:22:28,330 --> 01:22:26,600

happened we

1917

01:22:30,850 --> 01:22:28,340

we were all direct witnesses we all

1918

01:22:34,870 --> 01:22:30,860

everyone in combat in from a combat

1919

01:22:37,870 --> 01:22:34,880

Information Center at the time si se we

1920

01:22:39,610 --> 01:22:37,880

were all direct witnesses and we we know

1921

01:22:40,990 --> 01:22:39,620

what we saw I mean we these were real

1922

01:22:44,410 --> 01:22:41,000

objects they were really there and it

1923

01:22:47,920 --> 01:22:44,420

really really happened yeah and how many

1924

01:22:50,170 --> 01:22:47,930

backup I know that the you're talking

1925

01:22:52,300 --> 01:22:50,180

about the hawk I didn't it didn't show

1926

01:22:55,330 --> 01:22:52,310

up on their radar or did briefly or

1927

01:22:56,920 --> 01:22:55,340

something but how many others from what

1928

01:22:58,510 --> 01:22:56,930

I understand it did it did it did show

1929

01:23:00,340 --> 01:22:58,520

up briefly but they were having trouble

1930

01:23:02,740 --> 01:23:00,350

tracking it the whole time motives which

1931

01:23:03,970 --> 01:23:02,750

is when it all first started I was just

1932

01:23:05,860 --> 01:23:03,980

going to let them consummate the

1933

01:23:07,930 --> 01:23:05,870

intercept because they were already

1934

01:23:10,690 --> 01:23:07,940

talking to the fast Eagle flight I

1935

01:23:11,830 --> 01:23:10,700

already had him up under control that

1936

01:23:13,420 --> 01:23:11,840

they weren't they weren't seeing the

1937

01:23:15,100 --> 01:23:13,430

object on the radar at the time so I

1938

01:23:16,960 --> 01:23:15,110

that's when we took control on the

1939

01:23:19,210 --> 01:23:16,970

Princeton and the vector to commander

1940

01:23:20,890 --> 01:23:19,220

flavor over there now is that it from

1941

01:23:23,350 --> 01:23:20,900

when I understand the hawk I'd had

1942

01:23:26,290 --> 01:23:23,360

intermittent contact on it and they also

1943

01:23:29,230 --> 01:23:26,300

had visual they saw it up there's a

1944

01:23:30,520 --> 01:23:29,240

little window on the side of the eetu we

1945

01:23:32,320 --> 01:23:30,530

was on the port side but I could be

1946

01:23:34,240 --> 01:23:32,330

wrong could be on the starboard side and

1947

01:23:36,400 --> 01:23:34,250

it's normally covered up for radiation

1948

01:23:37,540 --> 01:23:36,410

but they they have a special screen you

1949

01:23:39,070 --> 01:23:37,550

can put over you can look outside I

1950

01:23:40,540 --> 01:23:39,080

guess they did that and they they saw

1951

01:23:43,090 --> 01:23:40,550

one of these things come right down the

1952

01:23:46,720 --> 01:23:43,100

fuselage never what the whole aircrew

1953

01:23:48,820 --> 01:23:46,730

side Wow and were they all everyone

1954

01:23:50,680 --> 01:23:48,830

describing the same exact type of object

1955

01:23:53,770 --> 01:23:50,690

the tic-tac white colored thing with a

1956

01:23:55,810 --> 01:23:53,780

little antennas on the bottom I I

1957

01:23:59,700 --> 01:23:55,820

haven't heard any other description

1958

01:24:02,620 --> 01:23:59,710

other than that actually yeah yeah and

1959

01:24:05,140 --> 01:24:02,630

you know one could speculate where did

1960

01:24:08,470 --> 01:24:05,150

where were all these things did all

1961

01:24:10,450 --> 01:24:08,480

these things go on I'm almost scared to

1962

01:24:12,460 --> 01:24:10,460

say the word but some type of mothership

1963

01:24:14,380 --> 01:24:12,470

or something you know it just makes you

1964

01:24:17,650 --> 01:24:14,390

wonder it were why there would be so

1965

01:24:19,930 --> 01:24:17,660

many of them and where they would be but

1966

01:24:21,550 --> 01:24:19,940

you're the information you gave a minute

1967

01:24:27,130 --> 01:24:21,560

ago of someone's theory I thought was

1968

01:24:29,650 --> 01:24:27,140

very interesting you know who knows this

1969

01:24:33,360 --> 01:24:29,660

is all speculation really it's just a

1970

01:24:35,320 --> 01:24:33,370

fascinating fascinating situation

1971

01:24:37,120 --> 01:24:35,330

well it's good it's good that we

1972

01:24:38,830 --> 01:24:37,130

recognize it it's speculation and we're

1973

01:24:40,360 --> 01:24:38,840

saying that out front because either I

1974

01:24:43,750 --> 01:24:40,370

don't want my I don't want

1975

01:24:46,750 --> 01:24:43,760

my story my message discredited because

1976

01:24:48,550 --> 01:24:46,760

I'm speculating mmm which happens I mean

1977

01:24:50,710 --> 01:24:48,560

as soon as I say that I think these were

1978

01:24:52,060 --> 01:24:50,720

UFOs and no one's gonna listen to the

1979

01:24:53,860 --> 01:24:52,070

nuts and bolts part of this they're

1980

01:24:56,650 --> 01:24:53,870

gonna discredit that it even happened

1981

01:24:58,780 --> 01:24:56,660

perhaps yeah so I just like to stay away

1982

01:25:01,690 --> 01:24:58,790

from that whole there's other people a

1983

01:25:03,610 --> 01:25:01,700

lot more qualified than me that can do

1984

01:25:06,640 --> 01:25:03,620

that and I think it is being done

1985

01:25:09,610 --> 01:25:06,650

actually well you know the the the word

1986

01:25:11,710 --> 01:25:09,620

you know just like this show podcast UFO

1987

01:25:14,230 --> 01:25:11,720

the word UFO just means unidentified

1988

01:25:17,200 --> 01:25:14,240

flying object however I know the

1989

01:25:17,860 --> 01:25:17,210

connotation of that you know people a

1990

01:25:20,110 --> 01:25:17,870

lot of baggage

1991

01:25:22,180 --> 01:25:20,120

yeah a lot of people think we're off the

1992

01:25:26,410 --> 01:25:22,190

yeah if I could go back in time I named

1993

01:25:29,410 --> 01:25:26,420

the show something else but anyway

1994

01:25:35,560 --> 01:25:29,420

that's a it works the way it is but you

1995

01:25:37,750 --> 01:25:35,570

know it's it is an unidentified flying

1996

01:25:39,250 --> 01:25:37,760

object but people just assume that

1997

01:25:41,020 --> 01:25:39,260

you're talking about flying saucers and

1998

01:25:44,260 --> 01:25:41,030

you know a little green men and all the

1999

01:25:47,590 --> 01:25:44,270

aliens yeah we have another caller

2000

01:25:50,980 --> 01:25:47,600

coming in caller you're on the line your

2001

01:25:53,620 --> 01:25:50,990

first name where you calling from I'm

2002

01:25:56,230 --> 01:25:53,630

ray Stanford ray College Park Maryland

2003

01:26:00,370 --> 01:25:56,240

oh right Stanford's on the line this is

2004

01:26:03,760 --> 01:26:00,380

a tree well I'm the same guy I enjoy

2005

01:26:04,920 --> 01:26:03,770

well an excuse below already here hi

2006

01:26:07,770 --> 01:26:04,930

there

2007

01:26:10,900 --> 01:26:07,780

you got a you got a question from Kevin

2008

01:26:13,770 --> 01:26:10,910

well I I actually I wanted to in first

2009

01:26:17,440 --> 01:26:13,780

place I wanted to commend him for his

2010

01:26:20,230 --> 01:26:17,450

what his real objectivity and fairness

2011

01:26:22,390 --> 01:26:20,240

and presenting what he has personally

2012

01:26:25,930 --> 01:26:22,400

experienced it it's it's rare to see

2013

01:26:28,870 --> 01:26:25,940

such good honest objectivity and and and

2014

01:26:31,510 --> 01:26:28,880

caution I'm really impressed with that

2015

01:26:33,490 --> 01:26:31,520

and all those there may be those out

2016

01:26:36,190 --> 01:26:33,500

there who feel that his discussion of

2017

01:26:38,170 --> 01:26:36,200

the bizarre way that these experiences

2018

01:26:41,650 --> 01:26:38,180

can affect people that may feel that

2019

01:26:44,620 --> 01:26:41,660

that's where my field I want to ask if

2020

01:26:46,960 --> 01:26:44,630

he might like to hear me tell in a

2021

01:26:48,130 --> 01:26:46,970

condensed way briefly a strange

2022

01:26:50,560 --> 01:26:48,140

encounter there's some young lady

2023

01:26:53,350 --> 01:26:50,570

college students down in at a university

2024

01:26:54,550 --> 01:26:53,360

down in Texas had with some bizarre

2025

01:26:56,140 --> 01:26:54,560

aftereffects

2026  
01:26:58,840 --> 01:26:56,150  
would you like to Gavin would you like

2027  
01:27:00,490 --> 01:26:58,850  
to hear a brief account of I would

2028  
01:27:02,440 --> 01:27:00,500  
absolutely love to hear it because this

2029  
01:27:03,370 --> 01:27:02,450  
is this is part of this story that truly

2030  
01:27:07,030 --> 01:27:03,380  
fascinates me

2031  
01:27:08,950 --> 01:27:07,040  
well good here's what happened up for

2032  
01:27:11,710 --> 01:27:08,960  
years I've involved with an organization

2033  
01:27:14,230 --> 01:27:11,720  
using instruments electronic and optical

2034  
01:27:16,300 --> 01:27:14,240  
to track these things and as a result I

2035  
01:27:18,610 --> 01:27:16,310  
got a call from a college student and

2036  
01:27:21,700 --> 01:27:18,620  
she asked if she was living in San

2037  
01:27:23,830 --> 01:27:21,710  
Marcos with the school was and she asked

2038  
01:27:26,290 --> 01:27:23,840

if she could come down and talk to me

2039

01:27:28,090 --> 01:27:26,300

about something really kind of spooky

2040

01:27:30,550 --> 01:27:28,100

that had happened to herself and to

2041

01:27:34,060 --> 01:27:30,560

other college girls and I said sure what

2042

01:27:36,520 --> 01:27:34,070

she came and she said that this happened

2043

01:27:39,010 --> 01:27:36,530

on the evening before the next day when

2044

01:27:40,660 --> 01:27:39,020

they were exams that they had to take

2045

01:27:43,300 --> 01:27:40,670

and they decide to go out and have a

2046

01:27:45,610 --> 01:27:43,310

hamburger and drive around procrastinate

2047

01:27:48,070 --> 01:27:45,620

studying which I suppose is natural and

2048

01:27:50,080 --> 01:27:48,080

they did but they got into something

2049

01:27:52,060 --> 01:27:50,090

they didn't intend to get into she had

2050

01:27:53,940 --> 01:27:52,070

never really been interested in these

2051

01:27:56,440 --> 01:27:53,950

objects and this kind of thing and

2052

01:27:58,510 --> 01:27:56,450

they're they're driving out there and an

2053

01:28:00,340 --> 01:27:58,520

object that she thought was probably

2054

01:28:02,200 --> 01:28:00,350

about 20 feet across I think it had a

2055

01:28:05,770 --> 01:28:02,210

lot of red light display on it

2056

01:28:07,330 --> 01:28:05,780

approached them and I'm going to cut out

2057

01:28:10,720 --> 01:28:07,340

part of the store because make it short

2058

01:28:12,820 --> 01:28:10,730

for you they were floated off the

2059

01:28:15,160 --> 01:28:12,830

highway this got very scary they

2060

01:28:17,020 --> 01:28:15,170

couldn't control the car and she said

2061

01:28:18,490 --> 01:28:17,030

that it was weird because during this

2062

01:28:21,190 --> 01:28:18,500

time where they felt like they're off

2063

01:28:23,350 --> 01:28:21,200

the highway that it the car felt like it

2064

01:28:24,700 --> 01:28:23,360

was vibrating maybe about ten Hertz or

2065

01:28:28,120 --> 01:28:24,710

something like that but anyway burger

2066

01:28:29,980 --> 01:28:28,130

kind of vibration and they were just

2067

01:28:33,130 --> 01:28:29,990

scared they didn't know what to do well

2068

01:28:34,840 --> 01:28:33,140

it turns out eventually they were set

2069

01:28:38,980 --> 01:28:34,850

back down fortunately on the highway and

2070

01:28:41,920 --> 01:28:38,990

they they were just shaken up and they

2071

01:28:44,110 --> 01:28:41,930

the next thing they realized is that it

2072

01:28:45,480 --> 01:28:44,120

was really a lot later than the time

2073

01:28:48,160 --> 01:28:45,490

they had planned to spend

2074

01:28:52,300 --> 01:28:48,170

procrastinating in fact more than two

2075

01:28:54,130 --> 01:28:52,310

hours had passed and they they've got to

2076

01:28:56,080 --> 01:28:54,140

go back into the norm so they this was

2077

01:28:59,200 --> 01:28:56,090

in days when they had women's dorm and

2078

01:29:01,540 --> 01:28:59,210

and it was locked up I think it was 11

2079

01:29:04,150 --> 01:29:01,550

p.m. and so they would have to ring for

2080

01:29:06,340 --> 01:29:04,160

the the dorm mother to come in and let

2081

01:29:08,300 --> 01:29:06,350

them in well here's what happened on the

2082

01:29:10,190 --> 01:29:08,310

way back and they they were way out

2083

01:29:12,080 --> 01:29:10,200

from from San Marcos and they took more

2084

01:29:13,700 --> 01:29:12,090

to get back they noticed something

2085

01:29:15,710 --> 01:29:13,710

they'd never experienced in their lives

2086

01:29:18,950 --> 01:29:15,720

and this will ring a bell with you

2087

01:29:21,320 --> 01:29:18,960

they've suddenly began to realize that

2088

01:29:23,540 --> 01:29:21,330

they could talk to each other with

2089

01:29:26,240 --> 01:29:23,550

thoughts without voicing it aloud and

2090

01:29:28,100 --> 01:29:26,250

this really it thrilled them but it

2091

01:29:30,620 --> 01:29:28,110

really kind of spooked them out it was

2092

01:29:33,560 --> 01:29:30,630

just too strange for them and then as

2093

01:29:35,150 --> 01:29:33,570

they drove along they begin to notice

2094

01:29:36,740 --> 01:29:35,160

something else and this sounds men

2095

01:29:40,640 --> 01:29:36,750

believe me I can assure this is true

2096

01:29:42,590 --> 01:29:40,650

story these girls got pretty shaken up

2097

01:29:44,990 --> 01:29:42,600

because they realized that there was a

2098

01:29:48,080 --> 01:29:45,000

soft glow coming out of the people of

2099

01:29:50,150 --> 01:29:48,090

their eyes now there is research with

2100

01:29:51,890 --> 01:29:50,160

some my set of read about with microwave

2101  
01:29:53,240 --> 01:29:51,900  
it colors the mesh to glow so one might

2102  
01:29:55,370 --> 01:29:53,250  
say maybe they were subjected to

2103  
01:29:57,070 --> 01:29:55,380  
microwave somehow but anyway without

2104  
01:30:00,110 --> 01:29:57,080  
trying to explain it without evidence

2105  
01:30:01,820 --> 01:30:00,120  
they were quite concerned about ringing

2106  
01:30:03,440 --> 01:30:01,830  
for the darn mother their eyes were

2107  
01:30:08,210 --> 01:30:03,450  
glowing like the children in the movie

2108  
01:30:10,760 --> 01:30:08,220  
the village and and it must have a line

2109  
01:30:14,180 --> 01:30:10,770  
there yeah yeah yeah okay

2110  
01:30:17,060 --> 01:30:14,190  
and jump okay and anyway here's what

2111  
01:30:18,800 --> 01:30:17,070  
happened rang and she was freaked out I

2112  
01:30:21,350 --> 01:30:18,810  
mean these girls eyes were going they

2113  
01:30:23,330 --> 01:30:21,360

went up their room and they continued

2114

01:30:25,820 --> 01:30:23,340

they couldn't sleep for several hours to

2115

01:30:28,370 --> 01:30:25,830

just talking to each other this

2116

01:30:31,430 --> 01:30:28,380

telepathic communication so that that

2117

01:30:33,890 --> 01:30:31,440

was that was that well two years later I

2118

01:30:37,130 --> 01:30:33,900

got a call from a man from Louisiana

2119

01:30:39,890 --> 01:30:37,140

named Lewis green and he said ray I'm in

2120

01:30:41,450 --> 01:30:39,900

town in Austin here with my boss and I

2121

01:30:43,970 --> 01:30:41,460

told him about that experience those

2122

01:30:46,700 --> 01:30:43,980

girls had down procrastinating studying

2123

01:30:48,800 --> 01:30:46,710

for their tests and could you could we

2124

01:30:51,140 --> 01:30:48,810

meet you for dinner call that young lady

2125

01:30:53,570 --> 01:30:51,150

and ask her to come over and tell us

2126  
01:30:54,160 --> 01:30:53,580  
about what happened I said there's a

2127  
01:30:57,200 --> 01:30:54,170  
problem

2128  
01:30:58,790 --> 01:30:57,210  
Louis the truth of matter is that she

2129  
01:31:00,320 --> 01:30:58,800  
got married a few months after this I

2130  
01:31:03,920 --> 01:31:00,330  
don't know her married name this was

2131  
01:31:05,450 --> 01:31:03,930  
before everybody had cell phones and and

2132  
01:31:08,450 --> 01:31:05,460  
and so I I just don't know how to

2133  
01:31:10,910 --> 01:31:08,460  
contact her I said well look you know

2134  
01:31:12,470 --> 01:31:10,920  
just saves your hotel I'll come over I

2135  
01:31:16,190 --> 01:31:12,480  
have dinner and I'll tell it as best I

2136  
01:31:18,020 --> 01:31:16,200  
can tell it from from memory now so we

2137  
01:31:20,540 --> 01:31:18,030  
went to the hotel and we're talking I'm

2138  
01:31:21,649 --> 01:31:20,550

trying to tell this story and the the

2139

01:31:23,330 --> 01:31:21,659

person that sees

2140

01:31:25,370 --> 01:31:23,340

people brought a couple over that I

2141

01:31:27,859 --> 01:31:25,380

didn't recognize to sit kind of next to

2142

01:31:31,459 --> 01:31:27,869

us right right like that closes table

2143

01:31:34,879 --> 01:31:31,469

two hours and we continued talking and

2144

01:31:36,589 --> 01:31:34,889

after maybe eight minutes or so the lady

2145

01:31:39,830 --> 01:31:36,599

got up and walked over to me and said

2146

01:31:41,600 --> 01:31:39,840

pardon me or you raised Stanford and I

2147

01:31:45,439 --> 01:31:41,610

said yes I am do I know you your face

2148

01:31:48,350 --> 01:31:45,449

looks vaguely familiar she said yes I am

2149

01:31:50,629 --> 01:31:48,360

and she was the girl that had called me

2150

01:31:53,209 --> 01:31:50,639

and come to Austin and told me the story

2151

01:31:55,520 --> 01:31:53,219

and let me tell you that I almost

2152

01:31:59,120 --> 01:31:55,530

dropped out of my chair in an absolute

2153

01:32:01,429 --> 01:31:59,130

shock and Lou Green and his boss I mean

2154

01:32:02,870 --> 01:32:01,439

their mouths dropped how did they get

2155

01:32:04,939 --> 01:32:02,880

there you understand this maybe from

2156

01:32:07,429 --> 01:32:04,949

things you've experienced I said it

2157

01:32:09,919 --> 01:32:07,439

bothers me to this day it makes you feel

2158

01:32:12,439 --> 01:32:09,929

that in some way there are some other

2159

01:32:14,659 --> 01:32:12,449

saying Force intelligence or something

2160

01:32:16,549 --> 01:32:14,669

that is manipulating things around that

2161

01:32:18,739 --> 01:32:16,559

that are beyond your own personal

2162

01:32:20,679 --> 01:32:18,749

conscious capability and I wanted to

2163

01:32:23,600 --> 01:32:20,689

share that it's a real experience and

2164

01:32:24,830 --> 01:32:23,610

it's just one tiny example of the things

2165

01:32:27,199 --> 01:32:24,840

in my involvement this over the years

2166

01:32:29,149 --> 01:32:27,209

that that I've encountered and that

2167

01:32:32,209 --> 01:32:29,159

other people have told me about so I

2168

01:32:36,589 --> 01:32:32,219

wanted to share it that's great yeah and

2169

01:32:39,020 --> 01:32:36,599

that you serendipity is one of the

2170

01:32:41,270 --> 01:32:39,030

things that happens the post encounter

2171

01:32:42,350 --> 01:32:41,280

with a lot of people this things that

2172

01:32:44,270 --> 01:32:42,360

are yes indeed it's like you just

2173

01:32:46,399 --> 01:32:44,280

described I mean there's no explanation

2174

01:32:49,459 --> 01:32:46,409

for that other than the fact that it

2175

01:32:51,169 --> 01:32:49,469

happened yes right and I mean you can

2176  
01:32:53,390 --> 01:32:51,179  
you've probably had this happening our

2177  
01:32:55,609 --> 01:32:53,400  
feeling at the table that night I mean

2178  
01:32:57,020 --> 01:32:55,619  
we were all I'm sure that my job must

2179  
01:32:59,149 --> 01:32:57,030  
have dropped drugged

2180  
01:33:01,669 --> 01:32:59,159  
further down it's ever happened in my

2181  
01:33:03,259 --> 01:33:01,679  
life because it was just too much I mean

2182  
01:33:05,029 --> 01:33:03,269  
after all a couple's been married two

2183  
01:33:06,949 --> 01:33:05,039  
years what couples in May or two years

2184  
01:33:09,890 --> 01:33:06,959  
choose to go to a relatively mediocre

2185  
01:33:10,429 --> 01:33:09,900  
restaurant in a in a in a hotel they

2186  
01:33:12,919 --> 01:33:10,439  
have dinner

2187  
01:33:16,069 --> 01:33:12,929  
you just don't how did they end up there

2188  
01:33:18,439 --> 01:33:16,079

I wish I knew yes so anyways thank you

2189

01:33:20,270 --> 01:33:18,449

for incredible thing and thanks for all

2190

01:33:20,899 --> 01:33:20,280

the storage is what that's it's real

2191

01:33:22,520 --> 01:33:20,909

fascinating

2192

01:33:25,299 --> 01:33:22,530

okay I'll hang oh you're very welcome

2193

01:33:28,699 --> 01:33:25,309

all right ray you take care thank you

2194

01:33:32,689 --> 01:33:28,709

that was an amazing story yeah yeah

2195

01:33:35,300 --> 01:33:32,699

isn't that something Wow Wow yeah so I'm

2196

01:33:38,000 --> 01:33:35,310

wondering have you

2197

01:33:39,950 --> 01:33:38,010

have you actually brought any of this up

2198

01:33:42,410 --> 01:33:39,960

to any of the other witnesses that

2199

01:33:43,460 --> 01:33:42,420

you've talked with that asking them I

2200

01:33:46,700 --> 01:33:43,470

mean it would be kind of a hard question

2201

01:33:51,410 --> 01:33:46,710

to ask to begin with but the but the

2202

01:33:55,550 --> 01:33:51,420

post-effects right I I have talked a lot

2203

01:33:57,460 --> 01:33:55,560

about it myself um and I've heard rumors

2204

01:33:59,240 --> 01:33:57,470

that other other witnesses have

2205

01:34:00,980 --> 01:33:59,250

experienced similar things but I just

2206

01:34:03,260 --> 01:34:00,990

don't have any first-hand accounts of

2207

01:34:05,090 --> 01:34:03,270

yeah like you just mentioned this is

2208

01:34:07,400 --> 01:34:05,100

probably a very difficult thing for

2209

01:34:08,510 --> 01:34:07,410

anyone to talk about yeah because as

2210

01:34:11,240 --> 01:34:08,520

soon as you do people think you're crazy

2211

01:34:14,450 --> 01:34:11,250

you know because it's in admittedly it

2212

01:34:18,110 --> 01:34:14,460

sounds crazy I totally get it I totally

2213

01:34:22,010 --> 01:34:18,120

understand yeah yeah you know I decided

2214

01:34:24,350 --> 01:34:22,020

a long time ago Martin did I just I

2215

01:34:27,170 --> 01:34:24,360

sense I still a sense of obligation in a

2216

01:34:31,010 --> 01:34:27,180

sense of duty here that is hard to put

2217

01:34:34,490 --> 01:34:31,020

in words yeah yeah and I I will throw

2218

01:34:35,690 --> 01:34:34,500

myself under the bus to make sure that

2219

01:34:37,900 --> 01:34:35,700

it's known that this thing really

2220

01:34:39,830 --> 01:34:37,910

happened and they were real objects and

2221

01:34:43,070 --> 01:34:39,840

someone in our government had better

2222

01:34:44,840 --> 01:34:43,080

wake up and just so you know and we're

2223

01:34:47,810 --> 01:34:44,850

getting short on time my personal goal

2224

01:34:50,500 --> 01:34:47,820

here is for a group of us witnesses from

2225

01:34:52,940 --> 01:34:50,510

the nimitz incident they gimbal incident

2226  
01:34:55,580 --> 01:34:52,950  
on the East Coast and other incidents I

2227  
01:34:57,290 --> 01:34:55,590  
might not even be aware of yet and I I

2228  
01:34:58,970 --> 01:34:57,300  
want to get a group of us together and I

2229  
01:35:00,350 --> 01:34:58,980  
would like to go to Congress I'd like to

2230  
01:35:03,050 --> 01:35:00,360  
sit down with them and I'd like to tell

2231  
01:35:04,910 --> 01:35:03,060  
them firsthand what happened in at the

2232  
01:35:06,230 --> 01:35:04,920  
same time if we could subpoena some of

2233  
01:35:08,870 --> 01:35:06,240  
the radar data and some of the

2234  
01:35:11,390 --> 01:35:08,880  
communications data some of the CC data

2235  
01:35:14,780 --> 01:35:11,400  
that was captured that day and presented

2236  
01:35:18,080 --> 01:35:14,790  
all to Congress then my job will have

2237  
01:35:19,850 --> 01:35:18,090  
been done mm-hmm well I look I'd love to

2238  
01:35:22,430 --> 01:35:19,860

see that happen too and you know we've

2239

01:35:26,150 --> 01:35:22,440

had me - we've had a number of people

2240

01:35:29,530 --> 01:35:26,160

this show is now way what is it 7 some

2241

01:35:31,880 --> 01:35:29,540

odd years maybe going on eight years

2242

01:35:33,610 --> 01:35:31,890

we've had a number of people that have

2243

01:35:36,230 --> 01:35:33,620

had military encounters it's not

2244

01:35:37,790 --> 01:35:36,240

something that's unusual you know it's

2245

01:35:40,310 --> 01:35:37,800

something that a lot of people talk

2246

01:35:43,610 --> 01:35:40,320

about and you know I've talked many

2247

01:35:45,470 --> 01:35:43,620

times on this show that before years ago

2248

01:35:47,270 --> 01:35:45,480

before I was even I ever had a sighting

2249

01:35:48,300 --> 01:35:47,280

or was ever into the topic you know my

2250

01:35:50,570 --> 01:35:48,310

insurance broker

2251

01:35:53,460 --> 01:35:50,580

told me that he was part of a special

2252

01:35:57,030 --> 01:35:53,470

task force during Vietnam that studied

2253

01:35:59,700 --> 01:35:57,040

UFOs and the Air Force which is another

2254

01:36:01,020 --> 01:35:59,710

bizarre thing I've never I think I

2255

01:36:02,340 --> 01:36:01,030

remembered his name but I've never been

2256

01:36:04,050 --> 01:36:02,350

able to find him again to talk to him

2257

01:36:06,120 --> 01:36:04,060

about it since I've you know I've been

2258

01:36:07,890 --> 01:36:06,130

talking about this and it's kind of

2259

01:36:11,250 --> 01:36:07,900

probably unique about the Nimitz

2260

01:36:13,770 --> 01:36:11,260

incident is just because of the the type

2261

01:36:15,300 --> 01:36:13,780

and quality of evidence it's is actually

2262

01:36:17,670 --> 01:36:15,310

available right we've got all these

2263

01:36:19,230 --> 01:36:17,680

witnesses and that data is out there

2264

01:36:21,210 --> 01:36:19,240

somewhere I mean I'm pretty sure it

2265

01:36:23,760 --> 01:36:21,220

didn't get destroyed some it's someone

2266

01:36:25,920 --> 01:36:23,770

has possession of it somewhere there's

2267

01:36:28,950 --> 01:36:25,930

me and I think it needs to get in get

2268

01:36:31,650 --> 01:36:28,960

into it needs to be presented in the the

2269

01:36:33,960 --> 01:36:31,660

government needs to say yeah this is

2270

01:36:35,310 --> 01:36:33,970

real and we don't know what it is or if

2271

01:36:35,640 --> 01:36:35,320

they do know what it is it's time to

2272

01:36:39,480 --> 01:36:35,650

tell us

2273

01:36:42,840 --> 01:36:39,490

mm-hmm yeah there's there's I'm sure

2274

01:36:45,150 --> 01:36:42,850

there's somewhere somewhere somehow

2275

01:36:48,720 --> 01:36:45,160

there is a lot of of this type of

2276

01:36:50,850 --> 01:36:48,730

evidence who knows where it is but you

2277

01:36:55,190 --> 01:36:50,860

know there's a there's cases many cases

2278

01:36:59,640 --> 01:36:55,200

where footage has been confiscated from

2279

01:37:01,740 --> 01:36:59,650

out near in California missile launch

2280

01:37:04,890 --> 01:37:01,750

that had an object you know shoot a

2281

01:37:09,900 --> 01:37:04,900

radar to disarm it it was an onion Oh

2282

01:37:13,440 --> 01:37:09,910

unarmed weapon anyway to begin with it

2283

01:37:17,580 --> 01:37:13,450

was a missile test from that data that

2284

01:37:21,780 --> 01:37:17,590

was taken from an astronaut's Gordon

2285

01:37:25,320 --> 01:37:21,790

Cooper's film was taken when his crew

2286

01:37:29,490 --> 01:37:25,330

saw an object land in the desert there's

2287

01:37:35,280 --> 01:37:29,500

just countless those J al of 16 25 I

2288

01:37:38,790 --> 01:37:35,290

think it is the that encounter was that

2289

01:37:41,160 --> 01:37:38,800

was taken all the data from that was you

2290

01:37:43,800 --> 01:37:41,170

know taken so somewhere there sits I do

2291

01:37:46,710 --> 01:37:43,810

believe there sits maybe not in the same

2292

01:37:48,930 --> 01:37:46,720

location but and maybe not by the same

2293

01:37:52,320 --> 01:37:48,940

group of whoever's handling these things

2294

01:37:55,310 --> 01:37:52,330

but that really hard that really good

2295

01:37:58,680 --> 01:37:55,320

hard evidence does exist somewhere and

2296

01:38:01,810 --> 01:37:58,690

it would be fascinating if it all came

2297

01:38:03,520 --> 01:38:01,820

out yeah it is

2298

01:38:04,930 --> 01:38:03,530

okay if I put in a short plug for the

2299

01:38:08,350 --> 01:38:04,940

conference coming up oh yeah we read

2300

01:38:10,930 --> 01:38:08,360

ahead sure yeah Lhasa in Nevada next

2301

01:38:15,210 --> 01:38:10,940

week again I think the date started 24th

2302

01:38:19,150 --> 01:38:15,220

through the 31st of March UFO Megacon

2303

01:38:21,850 --> 01:38:19,160

comm UFO Megaton calm and if you go

2304

01:38:23,230 --> 01:38:21,860

there you'll see a list of speakers some

2305

01:38:24,970 --> 01:38:23,240

very familiar names are going to be

2306

01:38:27,220 --> 01:38:24,980

there I'm I'm gonna be there myself I'll

2307

01:38:29,290 --> 01:38:27,230

be given a one-hour talk on Saturday and

2308

01:38:33,070 --> 01:38:29,300

then on the Wednesday there's actually a

2309

01:38:36,690 --> 01:38:33,080

military whistleblowers panel and the

2310

01:38:42,670 --> 01:38:36,700

organizers melinda Leslie and Lorene

2311

01:38:44,500 --> 01:38:42,680

Fenton and their whole group they've put

2312

01:38:47,440 --> 01:38:44,510

together some packages so we keep trying

2313

01:38:49,660 --> 01:38:47,450

to keep it as affordable for for as many

2314

01:38:50,680 --> 01:38:49,670

people as possible to show up there it's

2315

01:38:53,170 --> 01:38:50,690

gonna be a lot of fun there's gonna be

2316

01:38:54,370 --> 01:38:53,180

some there's me a guy there scanning for

2317

01:38:56,200 --> 01:38:54,380

implants and there's gonna be some

2318

01:38:59,860 --> 01:38:56,210

doctors would be there so that

2319

01:39:02,310 --> 01:38:59,870

psychiatrists there and some very

2320

01:39:05,620 --> 01:39:02,320

familiar very familiar names in the UFO

2321

01:39:07,810 --> 01:39:05,630

community will be there right I should

2322

01:39:09,730 --> 01:39:07,820

be a lot of fun well excellent I'm glad

2323

01:39:13,900 --> 01:39:09,740

I'm glad they yeah they called on you to

2324

01:39:15,700 --> 01:39:13,910

do that that's great and I am too yeah

2325

01:39:18,550 --> 01:39:15,710

and Jason who didn't make the show

2326

01:39:20,920 --> 01:39:18,560

tonight will be there so we'll Dave big

2327

01:39:24,850 --> 01:39:20,930

it'll be there yep Dave beta will be

2328

01:39:26,530 --> 01:39:24,860

there yeah and yeah I think I saw George

2329

01:39:31,780 --> 01:39:26,540

Knapp was going to be there and George

2330

01:39:34,450 --> 01:39:31,790

Noory and a number of people yep

2331

01:39:36,210 --> 01:39:34,460

and let's see Lou Elizondo is not going

2332

01:39:39,010 --> 01:39:36,220

to be there though right

2333

01:39:41,580 --> 01:39:39,020

mmm not not to my knowledge you know he

2334

01:39:44,950 --> 01:39:41,590

was just last week he was in Huntsville

2335

01:39:46,270 --> 01:39:44,960

at the SCU convention I think I don't

2336

01:39:47,440 --> 01:39:46,280

even know if he's in the United States

2337

01:39:49,930 --> 01:39:47,450

right now but he couldn't make it

2338

01:39:51,940 --> 01:39:49,940

unfortunately yeah yeah it would be good

2339

01:39:52,330 --> 01:39:51,950

to see him again yeah some stuff to tell

2340

01:39:55,330 --> 01:39:52,340

him

2341

01:39:57,400 --> 01:39:55,340

yeah that's great well it's been

2342

01:39:59,560 --> 01:39:57,410

fabulous I really appreciate it I'm

2343

01:40:02,170 --> 01:39:59,570

really glad that you came on the show we

2344

01:40:07,000 --> 01:40:02,180

got things worked out enough to get you

2345

01:40:09,160 --> 01:40:07,010

here so unfortunate was on skype but I'm

2346

01:40:11,740 --> 01:40:09,170

really glad that you were able to call

2347

01:40:14,140 --> 01:40:11,750

in and you were able to do the show

2348

01:40:15,400 --> 01:40:14,150

thanks so much and can someone send you

2349

01:40:17,410 --> 01:40:15,410

a message or

2350

01:40:19,720 --> 01:40:17,420

is there a way to do that or should I

2351

01:40:23,320 --> 01:40:19,730

just ask them to email me at martinet

2352

01:40:25,270 --> 01:40:23,330

podcast UFO doc I have I have no problem

2353

01:40:26,710 --> 01:40:25,280

giving my email address actually have

2354

01:40:30,370 --> 01:40:26,720

done it before and there's no problem

2355

01:40:33,730 --> 01:40:30,380

sure Kevin em Kevin and Emmas and market

2356

01:40:35,080 --> 01:40:33,740

Kevin MD at yahoo.com I'll go ahead and

2357

01:40:38,830 --> 01:40:35,090

laugh at Yahoo I've had that email

2358

01:40:41,230 --> 01:40:38,840

account for since 98 I think so I have I

2359

01:40:44,020 --> 01:40:41,240

still have a yahoo i nee a well account

2360

01:40:45,970 --> 01:40:44,030

thanks so much Kevin you take care your

2361

01:40:47,710 --> 01:40:45,980

I will thank you thank you and my it was

2362

01:40:50,230 --> 01:40:47,720

my honor all right thanks a lot

2363

01:40:53,080 --> 01:40:50,240

hi guys bye bye alright that's it for

2364

01:40:56,920 --> 01:40:53,090

the show thank you so much everyone we

2365

01:40:59,080 --> 01:40:56,930

are going to be back next week and we

2366

01:41:06,090 --> 01:40:59,090

are going to be talking about the Aztec

2367

01:41:10,780 --> 01:41:06,100

UFO crash with with Scott and Suzanne

2368

01:41:13,600 --> 01:41:10,790

the name is just a rant Ramsey Ramsey

2369

01:41:17,200 --> 01:41:13,610

yes thank you anyway we'll be back next

2370

01:41:20,470 --> 01:41:17,210

week and thanks everyone thanks for your

2371

01:41:26,630 --> 01:41:20,480

support and remember to keep your eyes

2372

01:41:26,640 --> 01:41:34,029

[Music]
