

A man with a serious expression is shown in the foreground, looking slightly to the left. The background is a night scene of a marina with lights reflecting on the water and an airplane flying in the dark sky.

CHARLIE FOLTZ

**THE
ALLAGASH
ABDUCTIONS**

1
00:00:36,890 --> 00:00:13,000

[Music]

2
00:00:40,160 --> 00:00:36,900

hello and welcome to the show on Martin

3
00:00:41,570 --> 00:00:40,170

will assure host at podcast UFO I want

4
00:00:44,330 --> 00:00:41,580

to thank you for joining the show that's

5
00:00:46,970 --> 00:00:44,340

needing evening I'm really excited about

6
00:00:50,630 --> 00:00:46,980

our guests I've met charlie faults about

7
00:00:53,570 --> 00:00:50,640

four or five years ago and when he was

8
00:00:56,000 --> 00:00:53,580

up in Maine at a conference great guy I

9
00:00:57,889 --> 00:00:56,010

met him along with Jim Jim Weiner both

10
00:01:01,880 --> 00:00:57,899

from the allagash abduction we're going

11
00:01:05,060 --> 00:01:01,890

to be talking all about that and I want

12
00:01:06,950 --> 00:01:05,070

to thank everyone that supports the show

13
00:01:09,139 --> 00:01:06,960

oh I should say Alejandro Rojas is

14

00:01:13,790 --> 00:01:09,149

coming up before that with the UFO

15

00:01:15,920 --> 00:01:13,800

updates and I as far as the where the

16

00:01:17,540 --> 00:01:15,930

allagash you know someone wrote me where

17

00:01:20,210 --> 00:01:17,550

is the Allagash I mean you can look on

18

00:01:22,100 --> 00:01:20,220

the map or google it but well I live on

19

00:01:24,560 --> 00:01:22,110

to what's called Midcoast Maine which

20

00:01:26,270 --> 00:01:24,570

takes a while to get to from the New

21

00:01:29,120 --> 00:01:26,280

Hampshire border I don't know a few

22

00:01:31,370 --> 00:01:29,130

hours it's not exactly in the middle of

23

00:01:34,999 --> 00:01:31,380

nowhere but I looked on the map today

24

00:01:37,279 --> 00:01:35,009

and and I did you know a search and it's

25

00:01:40,730 --> 00:01:37,289

it's a five and a half hour drive from

26

00:01:42,199 --> 00:01:40,740

where I live and I think it is exactly

27

00:01:44,779 --> 00:01:42,209

in the middle of nowhere

28

00:01:47,210 --> 00:01:44,789

it's way the heck up in Maine near the

29

00:01:50,419 --> 00:01:47,220

Canada border in the center center of

30

00:01:54,350 --> 00:01:50,429

Maine and it's quite a place there's

31

00:01:56,719 --> 00:01:54,360

really there was someone living in that

32

00:01:59,660 --> 00:01:56,729

area for something like 20 years without

33

00:02:02,719 --> 00:01:59,670

any human contact and that was within

34

00:02:05,120 --> 00:02:02,729

the last say I don't know I think he

35

00:02:08,089 --> 00:02:05,130

came out of the woods like five or six

36

00:02:11,510 --> 00:02:08,099

years ago yeah that's really not a lot

37

00:02:14,140 --> 00:02:11,520

going on in that area and let's see I

38

00:02:17,900 --> 00:02:14,150

want to do just a couple of shout outs

39

00:02:20,180 --> 00:02:17,910

supporter Nicholas Lazarus he wanted me

40

00:02:21,920 --> 00:02:20,190

to say hi and anyone that supports the

41

00:02:24,440 --> 00:02:21,930

show you can send me an e-mail I'll give

42

00:02:28,220 --> 00:02:24,450

you a shout out also Kelly Kelly who was

43

00:02:29,930 --> 00:02:28,230

sick in bed but said that she's still

44

00:02:33,140 --> 00:02:29,940

going to listen to the show so I hope

45

00:02:34,910 --> 00:02:33,150

you feel better and just in the last 24

46

00:02:36,920 --> 00:02:34,920

hours I had a couple of power outages

47

00:02:37,880 --> 00:02:36,930

and hopefully that won't happen and the

48

00:02:40,580 --> 00:02:37,890

reason is

49

00:02:44,360 --> 00:02:40,590

I've got some heavy snow up here in

50

00:02:46,310 --> 00:02:44,370

Maine and so all day long the snows been

51
00:02:49,460 --> 00:02:46,320
sliding off the roof and making a loud

52
00:02:51,890 --> 00:02:49,470
crash it sounds like it's the end of the

53
00:02:54,110 --> 00:02:51,900
world so if you happen to hear that it's

54
00:02:58,610 --> 00:02:54,120
not the end of the world so we're okay

55
00:03:03,110 --> 00:02:58,620
and I guess I am ready to bring in the

56
00:03:05,630 --> 00:03:03,120
one and only Alejandro Rojas hello my

57
00:03:07,910 --> 00:03:05,640
friend how are you doing I'm doing great

58
00:03:12,230 --> 00:03:07,920
have you been you I trust you have no

59
00:03:14,540 --> 00:03:12,240
snow in Arizona right now snow yay in

60
00:03:15,710 --> 00:03:14,550
fact at open minds one of the people

61
00:03:17,630 --> 00:03:15,720
that we work with some of you may

62
00:03:20,210 --> 00:03:17,640
remember her Heather if you went to the

63
00:03:22,520 --> 00:03:20,220

UFO Congress she has a company called no

64

00:03:24,920 --> 00:03:22,530

snow out here where she does she rent

65

00:03:26,750 --> 00:03:24,930

out paddleboards but yep it's a big

66

00:03:28,940 --> 00:03:26,760

saying out here for those of us very

67

00:03:30,979 --> 00:03:28,950

happy not to be dealing with snow ever

68

00:03:34,040 --> 00:03:30,989

in our lives yeah yeah you don't have to

69

00:03:36,470 --> 00:03:34,050

shovel rain right yes I've had enough of

70

00:03:39,020 --> 00:03:36,480

that in my life right right so what's

71

00:03:41,090 --> 00:03:39,030

going on in the UFO world all right so I

72

00:03:42,380 --> 00:03:41,100

do want to say because I was just

73

00:03:43,550 --> 00:03:42,390

looking at what the first story I'm

74

00:03:48,020 --> 00:03:43,560

going to talk about which I'm very proud

75

00:03:49,550 --> 00:03:48,030

of but I'm also very proud of open minds

76
00:03:52,130 --> 00:03:49,560
on our YouTube we have a video that's

77
00:03:54,440 --> 00:03:52,140
extremely popular it keeps getting you

78
00:03:56,870 --> 00:03:54,450
know so many hits and that is our short

79
00:03:59,360 --> 00:03:56,880
little documentary on the allagash and

80
00:04:01,670 --> 00:03:59,370
it was you know I wanted Michael Klein

81
00:04:04,039 --> 00:04:01,680
helped put together some of my

82
00:04:05,180 --> 00:04:04,049
interviews but also of course some of

83
00:04:06,979 --> 00:04:05,190
these interviews were at the

84
00:04:10,039 --> 00:04:06,989
International UFO Congress so everybody

85
00:04:11,210 --> 00:04:10,049
who helped out with that but so we all

86
00:04:13,490 --> 00:04:11,220
worked really hard to put that together

87
00:04:15,440 --> 00:04:13,500
and we're really really proud of that

88
00:04:17,449 --> 00:04:15,450

piece and I'm so happy that so many out

89

00:04:19,610 --> 00:04:17,459

there are enjoying it but I wanted to

90

00:04:23,060 --> 00:04:19,620

mention that before your show today yeah

91

00:04:24,980 --> 00:04:23,070

there's like 400,000 something views on

92

00:04:27,530 --> 00:04:24,990

that right yeah and more all the time I

93

00:04:31,010 --> 00:04:27,540

mean it's I think our most popular video

94

00:04:33,770 --> 00:04:31,020

has been for like the last year john

95

00:04:36,350 --> 00:04:33,780

alexander video and a Travis Walton

96

00:04:38,630 --> 00:04:36,360

willing get a lot of use to but yeah

97

00:04:40,969 --> 00:04:38,640

it's so popular and I'm happy that so

98

00:04:43,550 --> 00:04:40,979

many are getting educated and getting to

99

00:04:46,159 --> 00:04:43,560

know these guys through that piece so

100

00:04:48,170 --> 00:04:46,169

right I was so proud and so happy that

101
00:04:50,630 --> 00:04:48,180
we were able to put that together so

102
00:04:51,710 --> 00:04:50,640
people could get to know everybody that

103
00:04:53,540 --> 00:04:51,720
was involved with it

104
00:04:56,300 --> 00:04:53,550
because just kind of like Travis you

105
00:04:58,430 --> 00:04:56,310
know getting to know these guys is part

106
00:05:02,120 --> 00:04:58,440
of understanding you know the

107
00:05:03,980 --> 00:05:02,130
credibility of these cases right so I

108
00:05:06,050 --> 00:05:03,990
think a lot of like your listeners will

109
00:05:08,690 --> 00:05:06,060
find that out during the show but I'm

110
00:05:10,820 --> 00:05:08,700
also very proud of my latest in of geek

111
00:05:13,220 --> 00:05:10,830
article which is called Project Blue

112
00:05:15,050 --> 00:05:13,230
Book Easter egg and reference guide of

113
00:05:18,650 --> 00:05:15,060

course all these stories you can find on

114

00:05:21,350 --> 00:05:18,660

the front page of open mind TV but this

115

00:05:23,780 --> 00:05:21,360

story what I did is my editors at den of

116

00:05:25,580 --> 00:05:23,790

geek and then I filled some gaps on some

117

00:05:28,550 --> 00:05:25,590

things that I hadn't written reviews on

118

00:05:30,850 --> 00:05:28,560

but we made this big guide for all of

119

00:05:33,770 --> 00:05:30,860

the legit cases that were covered in the

120

00:05:36,050 --> 00:05:33,780

Project Blue Book season 1 and some of

121

00:05:38,900 --> 00:05:36,060

the Easter eggs cuz they referenced real

122

00:05:41,450 --> 00:05:38,910

cases that only UFO geeks like us would

123

00:05:43,010 --> 00:05:41,460

have gotten so I also wrote about those

124

00:05:46,190 --> 00:05:43,020

and then I have links to the real

125

00:05:48,370 --> 00:05:46,200

project blue file blue book files so

126

00:05:51,620 --> 00:05:48,380

it's just a bunch of really great

127

00:05:54,680 --> 00:05:51,630

credible stuff that was covered during

128

00:05:55,670 --> 00:05:54,690

the show that others might not be aware

129

00:05:57,980 --> 00:05:55,680

of

130

00:06:00,770 --> 00:05:57,990

no no having a camera are you having an

131

00:06:03,170 --> 00:06:00,780

earthquake there yeah earthquake Wow

132

00:06:05,810 --> 00:06:03,180

actually just gotta tighten them screw

133

00:06:08,810 --> 00:06:05,820

there but yeah so I'd love for everybody

134

00:06:11,510 --> 00:06:08,820

to check that out now that the show is

135

00:06:15,860 --> 00:06:11,520

over what do what is your overall thumbs

136

00:06:16,340 --> 00:06:15,870

up thumbs down thumbs sideways what was

137

00:06:19,520 --> 00:06:16,350

the question

138

00:06:21,860 --> 00:06:19,530

for Project Blue Book the TV show oh I I

139

00:06:25,940 --> 00:06:21,870

really enjoyed it I realized that it's

140

00:06:28,820 --> 00:06:25,950

it's a fiction you know and and you know

141

00:06:30,710 --> 00:06:28,830

it's loosely based on the real incidents

142

00:06:32,750 --> 00:06:30,720

but overall I think it's a very

143

00:06:36,680 --> 00:06:32,760

captivating show with great characters

144

00:06:38,750 --> 00:06:36,690

that's yeah I agree I'm with you there

145

00:06:40,310 --> 00:06:38,760

I'm totally with you there and I know

146

00:06:42,800 --> 00:06:40,320

some people will be like no I ain't at

147

00:06:44,540 --> 00:06:42,810

the show but I'm with you there other

148

00:06:46,670 --> 00:06:44,550

really there's a lot of interesting news

149

00:06:49,520 --> 00:06:46,680

actually that came out this week another

150

00:06:52,010 --> 00:06:49,530

interesting story was an interview by

151
00:06:54,950 --> 00:06:52,020
the Metro with Nick Pope now this is a

152
00:06:56,960 --> 00:06:54,960
UK tabloid and they can get kind of zany

153
00:06:59,180 --> 00:06:56,970
but Nick was saying some really

154
00:07:02,659 --> 00:06:59,190
interesting things he's saying that he

155
00:07:04,700 --> 00:07:02,669
was told by witnesses that some people

156
00:07:05,510 --> 00:07:04,710
related to he didn't want to say

157
00:07:07,159 --> 00:07:05,520
specifically

158
00:07:10,040 --> 00:07:07,169
for sure Rendlesham although he alludes

159
00:07:14,270 --> 00:07:10,050
to it say that they had DNA and blood

160
00:07:15,890 --> 00:07:14,280
taken that samples taken by a group who

161
00:07:18,740 --> 00:07:15,900
said they were doing some scientific or

162
00:07:20,719 --> 00:07:18,750
academic research on people who have had

163
00:07:22,100 --> 00:07:20,729

experiences and of course in the

164

00:07:25,450 --> 00:07:22,110

Rendlesham forest they had an incredible

165

00:07:27,980 --> 00:07:25,460

UFO experience there some military guys

166

00:07:32,029 --> 00:07:27,990

such as John Burroughs and Jim Penniston

167

00:07:35,149 --> 00:07:32,039

and he's saying that he believes that

168

00:07:37,279 --> 00:07:35,159

actually these were part of a tip or

169

00:07:39,110 --> 00:07:37,289

they were part of this government

170

00:07:41,300 --> 00:07:39,120

program but they were not told that when

171

00:07:43,010 --> 00:07:41,310

the samples were taken he's not saying

172

00:07:45,710 --> 00:07:43,020

oh these guys are all bad and it's at

173

00:07:48,499 --> 00:07:45,720

this major conspiracy theory he's going

174

00:07:51,080 --> 00:07:48,509

beyond that and saying we did this in

175

00:07:53,570 --> 00:07:51,090

the Ministry of Defense for the UK that

176

00:07:55,460 --> 00:07:53,580

he was personally involved with doing

177

00:07:58,040 --> 00:07:55,470

the same Thor that sort of things saying

178

00:08:00,159 --> 00:07:58,050

that not necessarily lying just saying

179

00:08:02,870 --> 00:08:00,169

this is gonna be as part of a scientific

180

00:08:04,640 --> 00:08:02,880

research but just not sharing that well

181

00:08:06,170 --> 00:08:04,650

this is scientific research for the

182

00:08:07,730 --> 00:08:06,180

Department of Defense or Ministry of

183

00:08:10,159 --> 00:08:07,740

Defence they because they call it out

184

00:08:12,740 --> 00:08:10,169

there so really interesting he even

185

00:08:14,270 --> 00:08:12,750

alluded to actually I think he sent this

186

00:08:16,580 --> 00:08:14,280

to me personally but I'm gonna write

187

00:08:19,879 --> 00:08:16,590

about it and he wrote about it in honest

188

00:08:22,850 --> 00:08:19,889

tweet that this was even partially due

189

00:08:25,309 --> 00:08:22,860

to some psychic testing some essentially

190

00:08:27,529 --> 00:08:25,319

remote viewing sort of programs that

191

00:08:29,990 --> 00:08:27,539

they were looking into the UK so that is

192

00:08:34,579 --> 00:08:30,000

a really interesting story that's out

193

00:08:36,079 --> 00:08:34,589

there I think yeah yeah good one now

194

00:08:37,790 --> 00:08:36,089

he's not saying he knows for sure he's

195

00:08:38,990 --> 00:08:37,800

just saying we did this in the UK so I

196

00:08:41,329 --> 00:08:39,000

wouldn't be surprised if they did that

197

00:08:44,930 --> 00:08:41,339

over here and some witnesses he's talked

198

00:08:46,639 --> 00:08:44,940

to seem to be implying that but speaking

199

00:08:48,800 --> 00:08:46,649

of the remote viewing program there's a

200

00:08:51,949 --> 00:08:48,810

great documentary out there called third

201
00:08:53,810 --> 00:08:51,959
eye spies and it goes over kind of how

202
00:08:55,639 --> 00:08:53,820
good off who's working with to the stars

203
00:08:57,560 --> 00:08:55,649
and worked with Bigelow and a tip and

204
00:08:59,660 --> 00:08:57,570
everybody how he was involved with

205
00:09:02,269 --> 00:08:59,670
getting remote viewing started here in

206
00:09:03,949 --> 00:09:02,279
the US and this was all started for the

207
00:09:06,319 --> 00:09:03,959
most part because the government had

208
00:09:08,720 --> 00:09:06,329
heard the military had heard that the

209
00:09:11,210 --> 00:09:08,730
Russians were doing remote viewing and

210
00:09:14,120 --> 00:09:11,220
there's a story out in Newsweek this

211
00:09:16,790 --> 00:09:14,130
week it's called Russia's paranormal so

212
00:09:19,400 --> 00:09:16,800
soldiers and military dolphin to the

213
00:09:22,069 --> 00:09:19,410

telepathy revealed by defense

214

00:09:24,769 --> 00:09:22,079

industry magazine so a Russian defence

215

00:09:27,410 --> 00:09:24,779

ministry magazine wrote an article about

216

00:09:30,439 --> 00:09:27,420

how they had researched things like

217

00:09:32,210 --> 00:09:30,449

telepathy and remote viewing in these

218

00:09:34,579 --> 00:09:32,220

sort of things so that's an article

219

00:09:36,050 --> 00:09:34,589

that's out in Newsweek now it doesn't

220

00:09:38,420 --> 00:09:36,060

seem like the Russians have the same

221

00:09:41,150 --> 00:09:38,430

major giggle factor that we have over

222

00:09:43,340 --> 00:09:41,160

here but I kind of feel like the giggle

223

00:09:45,710 --> 00:09:43,350

factor is lessening as time goes on and

224

00:09:48,619 --> 00:09:45,720

we hear more about these programs but

225

00:09:50,660 --> 00:09:48,629

really the pro the public I still think

226

00:09:53,689 --> 00:09:50,670

still doesn't know how seriously you

227

00:09:54,920 --> 00:09:53,699

know UFOs and remote viewing was taken

228

00:09:57,619 --> 00:09:54,930

by the government but they're learning

229

00:09:59,749 --> 00:09:57,629

more over time so those were some really

230

00:10:01,490 --> 00:09:59,759

good ones and then one final one I want

231

00:10:03,379 --> 00:10:01,500

to touch on it's another one from a UK

232

00:10:05,929 --> 00:10:03,389

tabloid probably because they'd be the

233

00:10:08,509 --> 00:10:05,939

only one to pick it up but a production

234

00:10:09,769 --> 00:10:08,519

person Robert Kirby at so some of you

235

00:10:11,509 --> 00:10:09,779

might not know his name but you've

236

00:10:14,240 --> 00:10:11,519

definitely seen his programs because

237

00:10:16,429 --> 00:10:14,250

he's one of the main most prolific UFO

238

00:10:17,840 --> 00:10:16,439

program producers television producers

239

00:10:19,220 --> 00:10:17,850

out there if we start looking at the

240

00:10:21,350 --> 00:10:19,230

credits you'll see his name all over the

241

00:10:22,699 --> 00:10:21,360

place someone like myself or maybe even

242

00:10:26,660 --> 00:10:22,709

Martin you might have talked to him

243

00:10:29,660 --> 00:10:26,670

before but he is actually suing Ron

244

00:10:31,850 --> 00:10:29,670

Pandolfi who is someone who worked on

245

00:10:34,189 --> 00:10:31,860

what has been referred to as the CIA's

246

00:10:36,139 --> 00:10:34,199

weird desk essentially had worked with

247

00:10:38,629 --> 00:10:36,149

the CIA on some of their weird and salt

248

00:10:41,480 --> 00:10:38,639

files but he's saying he had worked on a

249

00:10:43,970 --> 00:10:41,490

program with them on anti-gravity and

250

00:10:47,689 --> 00:10:43,980

he's suing because he said they kind of

251

00:10:49,970 --> 00:10:47,699

just screwed him over on the fun's

252

00:10:53,059 --> 00:10:49,980

related to that program but he's suing

253

00:10:55,429 --> 00:10:53,069

them also so he can reveal that the CIA

254

00:10:59,780 --> 00:10:55,439

has been involved with disinformation

255

00:11:01,639 --> 00:10:59,790

programs in the in the UFO field so he

256

00:11:03,829 --> 00:11:01,649

says he's going to be able to reveal

257

00:11:05,749 --> 00:11:03,839

some of this he's not really giving us

258

00:11:07,490 --> 00:11:05,759

much in the way of details but yeah

259

00:11:10,309 --> 00:11:07,500

that's another really good one that is

260

00:11:14,509 --> 00:11:10,319

something well and he's just throwing

261

00:11:17,389 --> 00:11:14,519

the UFOs in there yeah I guess he's kind

262

00:11:19,840 --> 00:11:17,399

of alluding to that he discovered this

263

00:11:22,429 --> 00:11:19,850

sort of stuff when he was working

264

00:11:23,689 --> 00:11:22,439

Pandolfi with Pandolfi but I wonder if

265

00:11:26,030 --> 00:11:23,699

this is gonna be one of these moments

266

00:11:27,410 --> 00:11:26,040

this happened with William Moore who is

267

00:11:29,420 --> 00:11:27,420

one of the first guys to write about

268

00:11:31,100 --> 00:11:29,430

Roswell who came out and said he

269

00:11:33,170 --> 00:11:31,110

actually was part of a disinformation

270

00:11:35,630 --> 00:11:33,180

program for like a decade

271

00:11:37,160 --> 00:11:35,640

without UFO researchers knowing so I

272

00:11:38,660 --> 00:11:37,170

wonder if Robert kiveat it's gonna say

273

00:11:40,490 --> 00:11:38,670

you know I was actually part of this

274

00:11:42,950 --> 00:11:40,500

program kiveat one of the most well

275

00:11:45,140 --> 00:11:42,960

known things he's known for is releasing

276

00:11:48,650 --> 00:11:45,150

that hoax

277

00:11:50,810 --> 00:11:48,660

Roswell autopsy video oh he was an

278

00:11:53,630 --> 00:11:50,820

integral part of that he released the

279

00:11:56,300 --> 00:11:53,640

video of the autopsy and then he also

280

00:11:56,810 --> 00:11:56,310

did a documentary revealing how it was a

281

00:12:00,830 --> 00:11:56,820

hoax

282

00:12:01,520 --> 00:12:00,840

huh in both ends there yeah isn't that

283

00:12:03,890 --> 00:12:01,530

something

284

00:12:05,630 --> 00:12:03,900

yeah does it fill up mantle that did a

285

00:12:07,940 --> 00:12:05,640

lot of work on that yeah

286

00:12:09,650 --> 00:12:07,950

Phillip manacle has done a great job on

287

00:12:12,380 --> 00:12:09,660

debunking that whole thing and working

288

00:12:15,200 --> 00:12:12,390

with the guys who actually made the

289

00:12:16,970 --> 00:12:15,210

props and conducted the whole thing and

290

00:12:17,900 --> 00:12:16,980

they kind of got screwed over actually

291

00:12:20,720 --> 00:12:17,910

because there was this television

292

00:12:22,220 --> 00:12:20,730

producer guy who prompted them to do it

293

00:12:24,320 --> 00:12:22,230

and was paying them and then there was

294

00:12:26,540 --> 00:12:24,330

this whole fight you know as it became

295

00:12:28,520 --> 00:12:26,550

it just became once kiveat

296

00:12:30,440 --> 00:12:28,530

made the documentary it became more

297

00:12:33,080 --> 00:12:30,450

popular than I think any of them would

298

00:12:35,600 --> 00:12:33,090

have known it's just extremely famous

299

00:12:37,550 --> 00:12:35,610

even to this day I think there may be

300

00:12:39,350 --> 00:12:37,560

listeners or as people hear me calling

301
00:12:42,080 --> 00:12:39,360
it a hoax that will say no it was no

302
00:12:44,600 --> 00:12:42,090
hoax man but Phillip Mantle's done a

303
00:12:46,250 --> 00:12:44,610
great job demonstrating that yes it was

304
00:12:48,680 --> 00:12:46,260
a hoax and we know who did it and why

305
00:12:49,040 --> 00:12:48,690
and all the details behind it at this

306
00:12:50,840 --> 00:12:49,050
point

307
00:12:54,830 --> 00:12:50,850
yeah there was a little bit of cash made

308
00:12:57,320 --> 00:12:54,840
there so yes yeah all right thanks so

309
00:12:59,840 --> 00:12:57,330
much yep my pleasure thank you all right

310
00:13:00,350 --> 00:12:59,850
sure we'll see you next week see ya all

311
00:13:04,760 --> 00:13:00,360
right bye-bye

312
00:13:06,860 --> 00:13:04,770
all right so our guest is Charlie volts

313
00:13:10,040 --> 00:13:06,870

and like I said earlier I met him a

314

00:13:14,600 --> 00:13:10,050

number of years ago and also hung out

315

00:13:18,080 --> 00:13:14,610

with him out in Phoenix Arizona and it's

316

00:13:23,300 --> 00:13:18,090

really my pleasure to invite him on this

317

00:13:24,680 --> 00:13:23,310

show Charlie welcome to the show hi good

318

00:13:27,470 --> 00:13:24,690

evening how you doing tonight

319

00:13:29,030 --> 00:13:27,480

I'm doing great always a pleasure

320

00:13:31,490 --> 00:13:29,040

talking to you we've had a number of

321

00:13:34,670 --> 00:13:31,500

conversations over the years and always

322

00:13:37,610 --> 00:13:34,680

always a real pleasure and Charlie I

323

00:13:39,830 --> 00:13:37,620

have a lot of new listeners to the show

324

00:13:42,920 --> 00:13:39,840

well there's a lot of people that are

325

00:13:44,930 --> 00:13:42,930

who are into UFOs certainly know the

326

00:13:46,130 --> 00:13:44,940

story but there's also a lot of people

327

00:13:48,590 --> 00:13:46,140

out there that never

328

00:13:51,410 --> 00:13:48,600

ever heard of it this is one particular

329

00:13:55,280 --> 00:13:51,420

show that I have to tell you that I

330

00:13:57,890 --> 00:13:55,290

actually remember hearing about years

331

00:14:01,790 --> 00:13:57,900

ago when I wasn't even in the UFO topic

332

00:14:04,880 --> 00:14:01,800

I was working somewhere and someone told

333

00:14:07,070 --> 00:14:04,890

me about the allagash up in Maine which

334

00:14:09,650 --> 00:14:07,080

I had already heard of I've never been

335

00:14:11,420 --> 00:14:09,660

there but they told me about there was

336

00:14:12,680 --> 00:14:11,430

an abduction there and I remember

337

00:14:14,690 --> 00:14:12,690

hearing about it I said what is that I

338

00:14:17,780 --> 00:14:14,700

had no idea what what they were talking

339

00:14:19,790 --> 00:14:17,790

about but it's one of the very few I

340

00:14:22,130 --> 00:14:19,800

never heard about Travis Walton I never

341

00:14:25,070 --> 00:14:22,140

heard a number of things I did hear of

342

00:14:26,630 --> 00:14:25,080

Betty and Barney Hill but just very few

343

00:14:28,340 --> 00:14:26,640

things when I was not really paying

344

00:14:30,470 --> 00:14:28,350

attention to the topic but the allagash

345

00:14:31,430 --> 00:14:30,480

I did hear oh so if you wouldn't mind

346

00:14:33,680 --> 00:14:31,440

charlie

347

00:14:36,470 --> 00:14:33,690

can you just tell the new listening

348

00:14:37,820 --> 00:14:36,480

audience what happened a lot happened we

349

00:14:40,520 --> 00:14:37,830

do have to take a break about ten

350

00:14:46,660 --> 00:14:40,530

minutes from now but I'll cut in if I

351
00:14:55,850 --> 00:14:46,670
have to then go ahead and far away well

352
00:15:00,410 --> 00:14:55,860
in 1976 I went on a wilderness excursion

353
00:15:05,720 --> 00:15:00,420
trip with some college friends and

354
00:15:09,470 --> 00:15:05,730
neighbors my neighbors and were Jack and

355
00:15:13,220 --> 00:15:09,480
Jim Wiener and we had all offended the

356
00:15:17,750 --> 00:15:13,230
same college together and we had planned

357
00:15:21,380 --> 00:15:17,760
on taking a canoe trip and northern

358
00:15:27,130 --> 00:15:21,390
Maine and climbing Mount Katahdin in the

359
00:15:28,970 --> 00:15:27,140
process one of the people who I met

360
00:15:32,540 --> 00:15:28,980
actually

361
00:15:37,540 --> 00:15:32,550
when I loaded my gear in the car to

362
00:15:48,230 --> 00:15:37,550
drive to Maine was Chuck Rock he had

363
00:15:52,160 --> 00:15:48,240

known Jack from the college and we spent

364

00:15:57,950 --> 00:15:52,170

as you mentioned earlier quite a number

365

00:15:59,840 --> 00:15:57,960

of hours driving with all of our gear in

366

00:16:05,420 --> 00:15:59,850

a shed

367

00:16:08,600 --> 00:16:05,430

Vega which is is a small automobile yeah

368

00:16:10,400 --> 00:16:08,610

it was good we were all skinny guys back

369

00:16:18,590 --> 00:16:10,410

then because we wouldn't be able to do

370

00:16:24,350 --> 00:16:18,600

it today and we arrived in Baxter State

371

00:16:28,759 --> 00:16:24,360

Park which is the beginning or the end

372

00:16:32,530 --> 00:16:28,769

of the Appalachian Trail depending upon

373

00:16:36,079 --> 00:16:32,540

which direction you started

374

00:16:42,410 --> 00:16:36,089

Malky tagging is the highest mountain in

375

00:16:48,280 --> 00:16:42,420

maine at 13 feet short of one vertical

376

00:16:52,100 --> 00:16:48,290

mile there's a Karen of rocks that

377

00:17:03,530 --> 00:16:52,110

actually make it up one foot over one

378

00:17:07,130 --> 00:17:03,540

mile so we spent a couple of days in

379

00:17:12,740 --> 00:17:07,140

Baxter State Park climbing the mountain

380

00:17:19,159 --> 00:17:12,750

then purchasing all the perishable get

381

00:17:23,949 --> 00:17:19,169

food that we could buy to last us you

382

00:17:28,580 --> 00:17:23,959

know several days into our trip and

383

00:17:35,950 --> 00:17:28,590

drove all probably about 40 minutes

384

00:17:43,399 --> 00:17:35,960

north of Baxter State Park to a small

385

00:17:47,330 --> 00:17:43,409

bush pilots business and loaded half of

386

00:17:53,680 --> 00:17:47,340

our gear and one canoe strapped to the

387

00:17:58,909 --> 00:17:53,690

pontoon at his plane and Jack and I

388

00:18:04,220 --> 00:17:58,919

that's Jack Wiener and I took off for

389

00:18:08,870 --> 00:18:04,230

Tilos landing which is the beginning of

390

00:18:13,580 --> 00:18:08,880

the Allagash water system and it's also

391

00:18:26,080 --> 00:18:19,640

park property the allagash was or is one

392

00:18:31,100 --> 00:18:26,090

of two rivers which flow north into

393

00:18:35,080 --> 00:18:31,110

Canada or to the was at the st. Francis

394

00:18:46,750 --> 00:18:35,090

which st. John st. John excuse me which

395

00:18:58,430 --> 00:18:54,019

flying into Tilos landing every group

396

00:19:02,269 --> 00:18:58,440

has to register with the wardens so they

397

00:19:04,850 --> 00:19:02,279

can check on your itinerary your

398

00:19:09,399 --> 00:19:04,860

provisions make sure that you're

399

00:19:17,830 --> 00:19:09,409

prepared to go on a trip like that

400

00:19:24,649 --> 00:19:17,840

so after Chuck and Jim arrived the on

401
00:19:28,399 --> 00:19:24,659
second trip for the pilot we made camp

402
00:19:34,010 --> 00:19:28,409
for the night and then the following day

403
00:19:38,840 --> 00:19:34,020
began our canoe trip Chuck rack and I

404
00:19:47,360 --> 00:19:38,850
had both had some canoe experience Chuck

405
00:19:55,779 --> 00:19:47,370
had gone on the allagash once earlier

406
00:19:59,350 --> 00:19:55,789
and so we more or less were intrigued by

407
00:20:10,330 --> 00:19:59,360
going on the trip with somebody that had

408
00:20:18,669 --> 00:20:10,340
done it before well it took the twins a

409
00:20:22,899 --> 00:20:18,679
couple of days to get into canoeing and

410
00:20:26,940 --> 00:20:22,909
understanding what they were doing and

411
00:20:42,930 --> 00:20:34,520
all began working as a group team

412
00:20:47,040 --> 00:20:42,940
quickly went up Lake Champlain and tried

413
00:20:55,710 --> 00:20:47,050

to go up to allagash lake which is a

414

00:21:00,090 --> 00:20:55,720

primitive lake however the water level

415

00:21:04,740 --> 00:21:00,100

was really high in it the current swept

416

00:21:10,580 --> 00:21:04,750

and the only way to go up there is if

417

00:21:16,020 --> 00:21:10,590

your expert at poling because paddling

418

00:21:20,600 --> 00:21:16,030

is just an impossible feat we were all

419

00:21:25,200 --> 00:21:20,610

in our 20s and in good physical shape

420

00:21:29,690 --> 00:21:25,210

paddling as hard as we could we were

421

00:21:33,540 --> 00:21:29,700

looking at the same view for you know

422

00:21:34,410 --> 00:21:33,550

minutes on end because we weren't going

423

00:21:38,220 --> 00:21:34,420

anywhere

424

00:21:41,330 --> 00:21:38,230

so we hopped out of the canoes tied

425

00:21:44,880 --> 00:21:41,340

ropes to them and started walking

426
00:21:50,700 --> 00:21:44,890
upstream and pulling the canoes behind

427
00:21:53,880 --> 00:21:50,710
us and eventually we just gave in to the

428
00:21:58,590 --> 00:21:53,890
fact that we weren't going to make it up

429
00:22:05,940 --> 00:21:58,600
to the allagash lake and it took us less

430
00:22:10,230 --> 00:22:05,950
than 20 minutes going downstream to

431
00:22:15,900 --> 00:22:10,240
cover what it had taken us about nine

432
00:22:22,770 --> 00:22:15,910
hours of of trudging up against the

433
00:22:29,420 --> 00:22:22,780
current and so at any rate the following

434
00:22:36,560 --> 00:22:29,430
day we ended up making a portage over

435
00:22:41,359 --> 00:22:36,570
onto Eagle Lake which is where our

436
00:22:53,039 --> 00:22:48,989
however two nights earlier on the lake

437
00:23:04,340 --> 00:22:53,049
champlain or champagne there at a

438
00:23:12,119 --> 00:23:04,350

campsite called mud pond we had seen a

439

00:23:15,749 --> 00:23:12,129

strange light in the night sky and it to

440

00:23:19,139 --> 00:23:15,759

me because we had been paddling into

441

00:23:22,710 --> 00:23:19,149

this strong headwind while trying to

442

00:23:27,049 --> 00:23:22,720

paddle up to the northern end of the

443

00:23:40,680 --> 00:23:32,519

we had camped on the the sheltered side

444

00:23:43,859 --> 00:23:40,690

of the camping area and I thought this

445

00:23:48,629 --> 00:23:43,869

light was kind of strange it was moving

446

00:23:53,659 --> 00:23:48,639

at about the pace and speed that you

447

00:24:04,019 --> 00:23:58,049

the odd thing about it was it was moving

448

00:24:07,369 --> 00:24:04,029

into the wind it was on the opposite

449

00:24:12,810 --> 00:24:07,379

side of the lake from where we were and

450

00:24:20,129 --> 00:24:12,820

we saw it for a few moments and then it

451
00:24:26,220 --> 00:24:20,139
disappeared that evening however it you

452
00:24:33,389 --> 00:24:26,230
know made no significant impression on

453
00:24:41,009 --> 00:24:33,399
us as we had been on the lookout for two

454
00:24:45,599 --> 00:24:41,019
young boys who had been members of the

455
00:24:52,310 --> 00:24:45,609
other party camping in this campsite

456
00:24:54,240 --> 00:24:52,320
area that we two were camping at and

457
00:24:58,020 --> 00:24:54,250
shortly after sea

458
00:25:01,470 --> 00:24:58,030
this light we spotted where these two

459
00:25:04,470 --> 00:25:01,480
young guys were and so that was the end

460
00:25:07,680 --> 00:25:04,480
of the excitement for that evening and

461
00:25:11,690 --> 00:25:07,690
we all turned in following day was when

462
00:25:15,780 --> 00:25:11,700
we tried to get up to allagash lake and

463
00:25:17,700 --> 00:25:15,790

Charlie after that sorry to cut in here

464

00:25:19,770 --> 00:25:17,710

but we we're a little bit late for break

465

00:25:22,320 --> 00:25:19,780

here so I'm just gonna leave it that oh

466

00:25:24,900 --> 00:25:22,330

I'm sorry yeah no problem I'm just gonna

467

00:25:28,140 --> 00:25:24,910

leave it that will when we come back

468

00:25:30,480 --> 00:25:28,150

we'll be talking about you found the

469

00:25:33,810 --> 00:25:30,490

missing boys and that was it for the

470

00:25:36,420 --> 00:25:33,820

night and then so everyone hang in there

471

00:25:42,000 --> 00:25:36,430

we'll be right back right after these

472

00:25:44,550 --> 00:25:42,010

messages and don't go away alright

473

00:25:46,770 --> 00:25:44,560

welcome back my guest this evening is

474

00:25:49,530 --> 00:25:46,780

Charlie faults and we're talking about

475

00:25:52,520 --> 00:25:49,540

the allagash incident in Maine back I

476
00:25:58,200 --> 00:25:52,530
think it was August 20th if I recall

477
00:26:00,300 --> 00:25:58,210
1976 26 26 76 yeah I was not that far up

478
00:26:02,220 --> 00:26:00,310
that's good so right before break we

479
00:26:06,960 --> 00:26:02,230
were talking about the two missing boys

480
00:26:08,670 --> 00:26:06,970
and you kind of just you hung it up for

481
00:26:10,350 --> 00:26:08,680
the night and then you were about ready

482
00:26:14,850 --> 00:26:10,360
to start to talk about what happened the

483
00:26:19,890 --> 00:26:14,860
next day well right the following day

484
00:26:22,200 --> 00:26:19,900
after we got our canoes loaded up we

485
00:26:30,920 --> 00:26:22,210
tried going up to this primitive lake

486
00:26:42,440 --> 00:26:36,600
more of a chore than it was in our time

487
00:26:45,120 --> 00:26:42,450
schedule that we were trying to keep so

488
00:26:52,980 --> 00:26:45,130

after having tried all day to get up

489

00:26:58,800 --> 00:26:52,990

there without success we then moved on

490

00:27:06,810 --> 00:26:58,810

to the next location which was Eagle

491

00:27:07,800 --> 00:27:06,820

Lake so you have to portage all roughly

492

00:27:11,340 --> 00:27:07,810

a half

493

00:27:15,060 --> 00:27:11,350

mile between the two lakes you have to

494

00:27:18,060 --> 00:27:15,070

carry your canoes and all your gear and

495

00:27:24,500 --> 00:27:18,070

everything well since there were four of

496

00:27:29,280 --> 00:27:24,510

us with two canoes we lashed poles

497

00:27:31,590 --> 00:27:29,290

between the two canoes and then two guys

498

00:27:34,500 --> 00:27:31,600

in the front two guys in the back we

499

00:27:36,810 --> 00:27:34,510

just lifted the canoes and took them

500

00:27:39,090 --> 00:27:36,820

from one point to the other and came

501
00:27:43,710 --> 00:27:39,100
back and repeated the process for the

502
00:27:48,620 --> 00:27:43,720
other canoe then got out on to Eagle

503
00:27:54,050 --> 00:27:48,630
Lake where we had wanted to stay at a

504
00:27:58,190 --> 00:27:54,060
site on Pillsbury Island called The Rose

505
00:28:01,880 --> 00:27:58,200
campsite where Henry David Thoreau had

506
00:28:11,750 --> 00:28:01,890
stayed when he had canoed through that

507
00:28:15,150 --> 00:28:11,760
area there was a canoeist Oh perhaps a

508
00:28:20,750 --> 00:28:15,160
third of a mile or so ahead of us on the

509
00:28:24,540 --> 00:28:20,760
lake and we were trying to beat him to

510
00:28:27,600 --> 00:28:24,550
that campsite but with the lead he had

511
00:28:31,380 --> 00:28:27,610
he got there before us and we didn't

512
00:28:34,470 --> 00:28:31,390
want to share any more campsite so we

513
00:28:41,820 --> 00:28:34,480

had a backup site at a place called

514

00:28:49,560 --> 00:28:41,830

Smith brook campsite and that was on the

515

00:28:54,690 --> 00:28:49,570

evening that we had our encounter we set

516

00:28:58,920 --> 00:28:54,700

our camp up and put together a fire then

517

00:29:03,210 --> 00:28:58,930

got our fishing gear together just as it

518

00:29:07,470 --> 00:29:03,220

was getting dark we lit the fire which

519

00:29:12,690 --> 00:29:07,480

we estimated would burn for pretty close

520

00:29:17,340 --> 00:29:12,700

to three hours and started paddling

521

00:29:21,650 --> 00:29:17,350

across the lake toward the area where

522

00:29:25,760 --> 00:29:21,660

the stream flows into

523

00:29:29,160 --> 00:29:25,770

Smith Brook stream flows into Eagle Lake

524

00:29:32,910 --> 00:29:29,170

there were a lot of dead standing trees

525

00:29:35,340 --> 00:29:32,920

and fallen trees in that area so we

526
00:29:39,680 --> 00:29:35,350
figured it would be good structure for

527
00:29:48,330 --> 00:29:39,690
fish and we wanted to add some fish

528
00:29:57,120 --> 00:29:48,340
fresh fish to our diet well we had taken

529
00:30:03,540 --> 00:29:57,130
us all probably a good 25 minutes or so

530
00:30:07,200 --> 00:30:03,550
to paddle you know some 400 yards from

531
00:30:10,740 --> 00:30:07,210
the campsite through all of these dead

532
00:30:12,450 --> 00:30:10,750
falls and you couldn't go in a straight

533
00:30:19,130 --> 00:30:12,460
line because there were too many

534
00:30:23,100 --> 00:30:19,140
obstructions and once we got settled in

535
00:30:26,910 --> 00:30:23,110
it was fully dark and the only point of

536
00:30:32,870 --> 00:30:26,920
reference for us for our campsite was

537
00:30:37,550 --> 00:30:32,880
the fire in the fire pit at the campsite

538
00:30:41,210 --> 00:30:37,560

and we'd only been there fishing for

539

00:30:44,370 --> 00:30:41,220

maybe about 10 minutes when we heard

540

00:30:48,210 --> 00:30:44,380

Chuck rack this other fellow it was on

541

00:30:57,390 --> 00:30:48,220

the trip with us and there was a like a

542

00:31:04,590 --> 00:30:57,400

tone of great concern in his voice you

543

00:31:07,440 --> 00:31:04,600

know saying what the expert 'visit and

544

00:31:10,080 --> 00:31:07,450

the first thing I saw was us ball a

545

00:31:13,890 --> 00:31:10,090

light that I thought well said it's a

546

00:31:17,660 --> 00:31:13,900

moon you idiot but no sooner had that

547

00:31:20,460 --> 00:31:17,670

thought entered and processed then I

548

00:31:26,190 --> 00:31:20,470

dismissed it as not being the moon at

549

00:31:30,260 --> 00:31:26,200

all because it was moving above the

550

00:31:32,880 --> 00:31:30,270

treetops perhaps about 15 or 20 feet and

551

00:31:36,789 --> 00:31:32,890

it was moving straight down the

552

00:31:51,299 --> 00:31:44,410

when it was all maybe less than 300 feet

553

00:31:57,160 --> 00:31:51,309

from us out of curiosity I picked up a

554

00:32:00,669 --> 00:31:57,170

camp lantern the type that has a handle

555

00:32:04,720 --> 00:32:00,679

with the push button I put my hand over

556

00:32:08,770 --> 00:32:04,730

the lamp turned the light on and then in

557

00:32:12,190 --> 00:32:08,780

semaphore fashion flashed three flashes

558

00:32:15,549 --> 00:32:12,200

short three long flashes and then three

559

00:32:24,299 --> 00:32:15,559

short flashes SOS just to see what this

560

00:32:30,220 --> 00:32:24,309

thing would do and it's basically an SOS

561

00:32:34,419 --> 00:32:30,230

and when I did that this thing stopped

562

00:32:39,850 --> 00:32:34,429

it was no longer continuing down the

563

00:32:44,320 --> 00:32:39,860

shoreline but had completely stopped I

564

00:32:51,330 --> 00:32:44,330

stayed there for I don't know would

565

00:32:57,310 --> 00:32:51,340

maybe ten seconds or so and then this

566

00:33:04,900 --> 00:32:57,320

beam of light appeared from somewhere on

567

00:33:08,370 --> 00:33:04,910

the bottom and hit the foliage and the

568

00:33:12,820 --> 00:33:08,380

reeds and things right at the shoreline

569

00:33:16,200 --> 00:33:12,830

and started coming across the water in

570

00:33:19,180 --> 00:33:16,210

our direction sort of like a spotlight

571

00:33:27,150 --> 00:33:19,190

the characteristics of this light were

572

00:33:30,520 --> 00:33:27,160

very unusual in as much as they had the

573

00:33:36,460 --> 00:33:30,530

characteristics and qualities of a glass

574

00:33:45,549 --> 00:33:36,470

tube except that it was sort of like a

575

00:33:50,289 --> 00:33:45,559

neon blue in color the size of the light

576
00:33:58,029 --> 00:33:50,299
was large enough that it could

577
00:34:02,379 --> 00:33:58,039
take in a large SUV easily and as this

578
00:34:05,529 --> 00:34:02,389
thing was coming in our direction we

579
00:34:11,409 --> 00:34:05,539
then quickly realized that this sphere

580
00:34:15,879 --> 00:34:11,419
of light which was probably about the

581
00:34:18,520 --> 00:34:15,889
size of a two-and-a-half story house was

582
00:34:22,960 --> 00:34:18,530
coming in our direction also

583
00:34:26,409 --> 00:34:22,970
I dropped the flashlight and grabbed a

584
00:34:28,599 --> 00:34:26,419
canoe paddle and started canoeing as

585
00:34:31,059 --> 00:34:28,609
quickly as I could

586
00:34:35,379 --> 00:34:31,069
paddling out of both sides of the front

587
00:34:41,980 --> 00:34:35,389
of the canoe in a straight line toward

588
00:34:45,279 --> 00:34:41,990

the campfire my friends behind me the

589

00:34:47,649 --> 00:34:45,289

twins were using their hands and they

590

00:34:52,629 --> 00:34:47,659

were paddling out of each side of the

591

00:34:55,599 --> 00:34:52,639

canoe and urging me to paddle as quickly

592

00:35:01,839 --> 00:34:58,769

we didn't know what this thing was but

593

00:35:07,500 --> 00:35:01,849

we weren't as curious about it anymore

594

00:35:16,289 --> 00:35:07,510

as we had been a few minutes earlier and

595

00:35:21,640 --> 00:35:16,299

then what seemed like a moment later we

596

00:35:26,349 --> 00:35:21,650

were standing that is Chuck Rach was

597

00:35:33,279 --> 00:35:26,359

setting in the canoe but Jack Jim and

598

00:35:37,740 --> 00:35:33,289

myself were standing on the shore and I

599

00:35:45,730 --> 00:35:37,750

had this flashlight in my hand again and

600

00:35:48,160 --> 00:35:45,740

this sphere was now it seemed like it

601
00:35:52,420 --> 00:35:48,170
was close enough you could throw a stone

602
00:35:55,480 --> 00:35:52,430
or a baseball at it and hit it and it

603
00:36:00,400 --> 00:35:55,490
was about 40 feet above the surface of

604
00:36:02,890 --> 00:36:00,410
the water the night that this happened

605
00:36:09,790 --> 00:36:02,900
there was no moon in the sky

606
00:36:16,270 --> 00:36:09,800
but sky was so brilliant with the Milky

607
00:36:19,120 --> 00:36:16,280
Way that the Milky Way you know why it's

608
00:36:26,980 --> 00:36:19,130
called that if you ever see it in the

609
00:36:32,430 --> 00:36:26,990
night sky a clear night sky is just vast

610
00:36:37,770 --> 00:36:32,440
and it had been reflecting in the

611
00:36:41,860 --> 00:36:37,780
surface of the water it was a calm still

612
00:36:49,240 --> 00:36:41,870
night the only thing you could hear were

613
00:36:54,960 --> 00:36:49,250

insects and occasional loon this sphere

614

00:37:06,060 --> 00:37:02,170

made no noise it created no disturbance

615

00:37:11,290 --> 00:37:06,070

on the surface of the water nor had it

616

00:37:16,750 --> 00:37:11,300

created any disturbance at the tops of

617

00:37:20,080 --> 00:37:16,760

the trees that it illuminated as it

618

00:37:23,950 --> 00:37:20,090

moved down the shoreline the tops of the

619

00:37:32,350 --> 00:37:23,960

trees lit up from the ambient light that

620

00:37:35,380 --> 00:37:32,360

this sphere projected I took the

621

00:37:38,260 --> 00:37:35,390

flashlight and flashed at it again as I

622

00:37:41,650 --> 00:37:38,270

had while we were in the canoe because

623

00:37:45,370 --> 00:37:41,660

now we're a little braver because we're

624

00:37:50,560 --> 00:37:45,380

on dry land and don't have the fear of

625

00:37:52,690 --> 00:37:50,570

drowning in the back of our minds and

626
00:38:01,000 --> 00:37:52,700
you can always run through the woods

627
00:38:03,750 --> 00:38:01,010
right so the sphere began moving but

628
00:38:08,230 --> 00:38:03,760
this time it was moving away from us

629
00:38:12,430 --> 00:38:08,240
toward the opposite shoreline where we

630
00:38:15,890 --> 00:38:12,440
had it first encountered it when it got

631
00:38:18,410 --> 00:38:15,900
to the opposite side of the lake it

632
00:38:25,849 --> 00:38:18,420
ended up and away at a 45-degree angle

633
00:38:30,890 --> 00:38:25,859
from us and for some reason I felt that

634
00:38:33,589 --> 00:38:30,900
it was about to go fast so I took the

635
00:38:37,279 --> 00:38:33,599
flashlight and looked at the sweep hand

636
00:38:42,260 --> 00:38:37,289
of my watch and then looked back at this

637
00:38:46,480 --> 00:38:42,270
sphere to see it literally accelerate so

638
00:38:52,599 --> 00:38:46,490

quickly that in less than eight seconds

639

00:38:56,779 --> 00:38:52,609

it had disappeared into the night sky I

640

00:39:03,019 --> 00:38:56,789

noted the time on my watch was after

641

00:39:06,490 --> 00:39:03,029

10:00 and evening and that this thing

642

00:39:12,799 --> 00:39:06,500

had made no noise whatsoever

643

00:39:17,480 --> 00:39:12,809

well but that time Chuck had joined Jack

644

00:39:20,750 --> 00:39:17,490

and Gemini on the shore and we all

645

00:39:25,870 --> 00:39:20,760

turned and walked back up to the

646

00:39:31,430 --> 00:39:25,880

campsite each campsite is an open area

647

00:39:36,950 --> 00:39:31,440

clearing in the in the main forest it

648

00:39:42,859 --> 00:39:36,960

has a large fire pit specifically set up

649

00:39:48,799 --> 00:39:42,869

by the Park Service as well as picnic

650

00:39:55,970 --> 00:39:48,809

tables and poles for drying wet clothing

651
00:39:58,480 --> 00:39:55,980
and it also has the features of a toilet

652
00:40:03,490 --> 00:39:58,490
at each campsite

653
00:40:09,109 --> 00:40:03,500
well we walked up and just all dropped

654
00:40:11,599 --> 00:40:09,119
down at the picnic tables and I was

655
00:40:15,920 --> 00:40:11,609
about to set down when I looked over at

656
00:40:19,609 --> 00:40:15,930
the fire and noticed that it had burned

657
00:40:25,339 --> 00:40:19,619
out there were nothing but coals and

658
00:40:27,589 --> 00:40:25,349
little wisps of flame remaining of it so

659
00:40:29,900 --> 00:40:27,599
I started with a stick and asked

660
00:40:33,010 --> 00:40:29,910
everybody if I should

661
00:40:36,109 --> 00:40:33,020
throw some more wood on the fire and

662
00:40:37,700 --> 00:40:36,119
everybody's response was forget the fire

663
00:40:41,240 --> 00:40:37,710

I'm turning in

664

00:40:45,950 --> 00:40:41,250

and with that each one of us then did

665

00:40:49,640 --> 00:40:45,960

turn in for the evening we didn't sit

666

00:40:55,490 --> 00:40:49,650

around and talk about you know what this

667

00:40:58,160 --> 00:40:55,500

thing was or anything more about it

668

00:41:01,819 --> 00:40:58,170

hope we didn't talk about having just

669

00:41:07,069 --> 00:41:01,829

escaped from it you know in fear of her

670

00:41:11,630 --> 00:41:07,079

lives in retrospect that was all kind of

671

00:41:14,510 --> 00:41:11,640

odd because all we could talk about in

672

00:41:18,490 --> 00:41:14,520

the morning was this thing that had

673

00:41:25,640 --> 00:41:21,799

we broke camp that morning that was the

674

00:41:32,359 --> 00:41:25,650

only topic of discussion and as we

675

00:41:36,890 --> 00:41:32,369

paddled up Eagle Lake toward our next

676
00:41:41,240 --> 00:41:36,900
campsite we saw a ranger and we called

677
00:41:46,279 --> 00:41:41,250
the Ranger over and we told them that we

678
00:41:49,309 --> 00:41:46,289
had seen a UFO this huge spear this ball

679
00:41:53,390 --> 00:41:49,319
of light as big as a house and that had

680
00:41:56,930 --> 00:41:53,400
had chased us and that we had got away

681
00:42:00,289 --> 00:41:56,940
from it well he gave us an incredibly

682
00:42:04,370 --> 00:42:00,299
hard look and sort of cocked his head

683
00:42:10,329 --> 00:42:04,380
and looked up at us and said in a heavy

684
00:42:14,450 --> 00:42:10,339
Maine accent that well what you boy saw

685
00:42:17,000 --> 00:42:14,460
them hollywood-style searchlights and

686
00:42:20,150 --> 00:42:17,010
they opened up a brand new hardware

687
00:42:22,130 --> 00:42:20,160
store Millinocket in and had him out

688
00:42:28,849 --> 00:42:22,140

front and that's probably what you boys

689

00:42:32,829 --> 00:42:28,859

saw do that was like Millinocket thank

690

00:42:36,710 --> 00:42:32,839

you me an accent well no one knock it

691

00:42:40,700 --> 00:42:36,720

Millinocket was about 90 miles south of

692

00:42:43,370 --> 00:42:40,710

where we were and Mount Katahdin which

693

00:42:46,670 --> 00:42:43,380

we had climbed

694

00:42:51,349 --> 00:42:46,680

days earlier is like I say one mile high

695

00:42:56,089 --> 00:42:51,359

and in a direct line of sight from our

696

00:42:58,880 --> 00:42:56,099

campsite since there were no clouds it

697

00:43:03,170 --> 00:42:58,890

could bounce or mirrors that could

698

00:43:07,759 --> 00:43:03,180

bounce light around we didn't push it

699

00:43:13,279 --> 00:43:07,769

further with that Ranger and as we

700

00:43:19,930 --> 00:43:13,289

progressed on our trip we kept informing

701
00:43:25,390 --> 00:43:19,940
Rangers and the more Rangers we saw the

702
00:43:28,220 --> 00:43:25,400
strangers the Rangers treated us hmm

703
00:43:30,559 --> 00:43:28,230
because they were pretty much looking

704
00:43:40,579 --> 00:43:30,569
out for us by the time we got to the end

705
00:43:47,779 --> 00:43:40,589
of the trip so that being said after 17

706
00:43:55,640 --> 00:43:47,789
days canoeing the lakes shooting the

707
00:44:04,870 --> 00:43:55,650
rapids bypassing waterfalls we finished

708
00:44:10,789 --> 00:44:04,880
our canoe trip in Fort Kent which is the

709
00:44:18,140 --> 00:44:10,799
beginning and/or end of US Route 1 which

710
00:44:22,460 --> 00:44:18,150
was the first intercostal State or

711
00:44:27,859 --> 00:44:22,470
interstate road I believe in the US

712
00:44:38,509 --> 00:44:27,869
which it ran from Fort Kent all the way

713
00:44:41,630 --> 00:44:38,519

down to Key West in Florida but we ended

714

00:44:47,059 --> 00:44:41,640

up driving back to Boston and within a

715

00:44:50,950 --> 00:44:47,069

year we had shared our you know UFO

716

00:44:54,440 --> 00:44:50,960

encounters story about camping in the

717

00:44:59,570 --> 00:44:54,450

forests of Maine and being chased by a

718

00:45:08,490 --> 00:45:06,300

you know got a lot of laughs from some

719

00:45:14,340 --> 00:45:08,500

of our girlfriends and some of our other

720

00:45:18,660 --> 00:45:14,350

friends and you know after a year we

721

00:45:22,890 --> 00:45:18,670

moved on with you know life I was

722

00:45:24,600 --> 00:45:22,900

finishing college you know each of us

723

00:45:34,890 --> 00:45:24,610

were going off in different directions

724

00:45:39,690 --> 00:45:34,900

and about a dozen years later Jim Weiner

725

00:45:44,010 --> 00:45:39,700

was being treated for an epileptic

726

00:45:49,380 --> 00:45:44,020

disorder which resulted from an accident

727

00:45:53,880 --> 00:45:49,390

he sustained again in Maine about two

728

00:45:57,810 --> 00:45:53,890

years after our canoe trip on the

729

00:46:01,950 --> 00:45:57,820

allagash he was helping a friend who

730

00:46:05,460 --> 00:46:01,960

lives up in Perry Maine but at that time

731

00:46:11,150 --> 00:46:05,470

he was looking to buy a piece of

732

00:46:15,840 --> 00:46:11,160

property in Calais these are areas in

733

00:46:18,930 --> 00:46:15,850

far northern Maine and for those of you

734

00:46:26,430 --> 00:46:18,940

that are not familiar familiar with

735

00:46:34,020 --> 00:46:26,440

Maine it's a very large state and is

736

00:46:39,560 --> 00:46:34,030

still covered from the ocean to the

737

00:46:45,860 --> 00:46:39,570

Canadian border in forests all over and

738

00:46:55,920 --> 00:46:45,870

it's also an area where a lot of farmers

739

00:47:00,800 --> 00:46:55,930

grow crops and so moving before I

740

00:47:07,560 --> 00:47:00,810

digress moving on forward with our lives

741

00:47:09,330 --> 00:47:07,570

Jim was being treated for epileptic

742

00:47:13,200 --> 00:47:09,340

seizures

743

00:47:17,190 --> 00:47:13,210

and at that time he had moved back into

744

00:47:23,490 --> 00:47:17,200

Boston where I was still living after I

745

00:47:27,260 --> 00:47:23,500

had graduated from college I worked as a

746

00:47:32,330 --> 00:47:27,270

medical artist and a clinical medical

747

00:47:35,880 --> 00:47:32,340

photographer in a teaching hospital and

748

00:47:38,990 --> 00:47:35,890

worked with you know Harvard Medical

749

00:47:49,850 --> 00:47:39,000

School Tufts and bu schools of medicine

750

00:47:56,090 --> 00:47:49,860

and Jim had gone on to become a ceramics

751
00:48:01,100 --> 00:47:56,100
instructor and teacher he had taught in

752
00:48:06,240 --> 00:48:01,110
New Hampshire for a number of years and

753
00:48:09,180 --> 00:48:06,250
was at the time teaching at the Museum

754
00:48:17,430 --> 00:48:09,190
of Fine Arts in Boston where he taught

755
00:48:24,560 --> 00:48:17,440
ceramics as well and Jack his identical

756
00:48:31,020 --> 00:48:24,570
twin had married and lived in rural

757
00:48:35,150 --> 00:48:31,030
southern Vermont and at the time Jim was

758
00:48:42,630 --> 00:48:35,160
being treated for epilepsy both he and

759
00:48:46,170 --> 00:48:42,640
Jack were having nightmares and the

760
00:48:54,390 --> 00:48:46,180
nightmares for them were quite

761
00:49:00,780 --> 00:48:54,400
terrifying in so much as they in were

762
00:49:07,470 --> 00:49:00,790
encountering creatures that they had no

763
00:49:11,940 --> 00:49:07,480

description or you know way of

764

00:49:15,300 --> 00:49:11,950

expressing you know they're alarmed by

765

00:49:17,730 --> 00:49:15,310

these dreams but they were not talking

766

00:49:22,540 --> 00:49:17,740

they were not communicating with one

767

00:49:26,170 --> 00:49:22,550

another about their dreams

768

00:49:28,780 --> 00:49:26,180

Jack who was married was sharing these

769

00:49:31,090 --> 00:49:28,790

nightmares with his wife because he

770

00:49:34,420 --> 00:49:31,100

would wake up in the middle of the night

771

00:49:38,590 --> 00:49:34,430

scaring her half to death

772

00:49:40,990 --> 00:49:38,600

Jim however as I said had moved back to

773

00:49:46,600 --> 00:49:41,000

Boston from teaching in New Hampshire

774

00:49:51,070 --> 00:49:46,610

and I was living in a large house in the

775

00:49:55,540 --> 00:49:51,080

town of Brookline and he moved in as one

776

00:49:58,200 --> 00:49:55,550

of my housemates and in the middle of

777

00:50:02,170 --> 00:49:58,210

the summer when it was the hottest he

778

00:50:04,090 --> 00:50:02,180

began bolting his windows closed we

779

00:50:10,530 --> 00:50:04,100

didn't have air conditioning or anything

780

00:50:15,670 --> 00:50:10,540

and this four-bedroom apartment was on

781

00:50:19,380 --> 00:50:15,680

the top floor of his huge stucco house

782

00:50:24,730 --> 00:50:19,390

that had been built in the early 1920s

783

00:50:29,830 --> 00:50:24,740

it had a terracotta tile roof one of

784

00:50:33,460 --> 00:50:29,840

those like Spanish style curved red tile

785

00:50:36,160 --> 00:50:33,470

roofs and when they got hot in the

786

00:50:42,930 --> 00:50:36,170

summertime they radiate heat all night

787

00:50:50,050 --> 00:50:42,940

long yeah and yeah and Jim was also

788

00:50:54,130 --> 00:50:50,060

aside from bolting his windows closed he

789

00:50:59,110 --> 00:50:54,140

was putting padlocks on the inside of

790

00:51:03,990 --> 00:50:59,120

his bedroom door I don't know if I ever

791

00:51:10,570 --> 00:51:04,000

heard that oh and oh yeah and he was not

792

00:51:15,460 --> 00:51:10,580

sharing with the rest of his housemates

793

00:51:17,200 --> 00:51:15,470

his bizarre behavior well we did find it

794

00:51:19,960 --> 00:51:17,210

amusing in the morning while we were

795

00:51:23,500 --> 00:51:19,970

having a cup of coffee with he forgot to

796

00:51:27,330 --> 00:51:23,510

unbolt the door and walk straight into

797

00:51:30,990 --> 00:51:27,340

it on his way to the bathroom so but

798

00:51:36,340 --> 00:51:31,000

aside from the levity we had with that

799

00:51:39,220 --> 00:51:36,350

you know we were you know clueless

800

00:51:40,600 --> 00:51:39,230

as to why he was joining us I'm sorry

801
00:51:44,350 --> 00:51:40,610
but I'm gonna have to jump in for a

802
00:51:46,810 --> 00:51:44,360
break here it's our last break so we're

803
00:51:48,040 --> 00:51:46,820
okay all right so we're gonna talk about

804
00:51:49,150 --> 00:51:48,050
we're not going to talk about them

805
00:51:51,340 --> 00:51:49,160
running into the door but we're gonna

806
00:51:51,940 --> 00:51:51,350
talk about em locking the door when we

807
00:51:55,030 --> 00:51:51,950
come back

808
00:51:57,790 --> 00:51:55,040
my guest is Charlie faults and this is

809
00:51:59,590 --> 00:51:57,800
Martin Willis with podcast UFO and hang

810
00:52:03,880 --> 00:51:59,600
in there we'll be right back right after

811
00:52:07,140 --> 00:52:03,890
these commercials commercial breaks all

812
00:52:10,480 --> 00:52:07,150
right we are back and I'm with my guest

813
00:52:12,760 --> 00:52:10,490

Charles Charlie faults and we are

814

00:52:16,390 --> 00:52:12,770

talking about the allagash incident or

815

00:52:17,980 --> 00:52:16,400

allagash abduction incident and it's a

816

00:52:21,250 --> 00:52:17,990

fascinating one we're getting into the

817

00:52:23,170 --> 00:52:21,260

real real good stuff now you were

818

00:52:24,910 --> 00:52:23,180

talking about him banging his head on

819

00:52:31,390 --> 00:52:24,920

the locked door and that's where we left

820

00:52:36,610 --> 00:52:31,400

off so oh right well you know but what

821

00:52:41,260 --> 00:52:36,620

he was you know the reasoning behind his

822

00:52:44,170 --> 00:52:41,270

behavior was in parallel with his

823

00:52:48,340 --> 00:52:44,180

brother his identical twin brother

824

00:52:52,750 --> 00:52:48,350

living in Vermont they were both having

825

00:52:58,900 --> 00:52:52,760

nightmare experiences of a UFO abduction

826

00:53:05,080 --> 00:52:58,910

and both dreams that nightmares that

827

00:53:09,040 --> 00:53:05,090

they were having in cluded this other

828

00:53:11,860 --> 00:53:09,050

guy named Chuck and myself and the only

829

00:53:17,440 --> 00:53:11,870

time the four of us had ever done

830

00:53:26,770 --> 00:53:17,450

anything at all together before then or

831

00:53:29,320 --> 00:53:26,780

since then was that trip Jim who as I

832

00:53:34,780 --> 00:53:29,330

said was being treated for epileptic

833

00:53:38,020 --> 00:53:34,790

disorders was going through an

834

00:53:42,060 --> 00:53:38,030

examination called

835

00:53:46,440 --> 00:53:42,070

sleep deprivation where they keep you

836

00:53:50,880 --> 00:53:46,450

awake for an extended period of time and

837

00:53:56,410 --> 00:53:50,890

you have a bunch of electro

838

00:53:59,830 --> 00:53:56,420

literally glued to your scalp you know

839

00:54:06,300 --> 00:53:59,840

maybe upward to a hundred tiny little

840

00:54:07,710 --> 00:54:06,310

wires you look like some science fiction

841

00:54:11,770 --> 00:54:07,720

[Music]

842

00:54:16,150 --> 00:54:11,780

mad scientist's escapee or victim or

843

00:54:22,650 --> 00:54:16,160

something but when a person has a

844

00:54:28,440 --> 00:54:22,660

seizure then these sensors pick up the

845

00:54:34,750 --> 00:54:28,450

electric storm as its referred to of

846

00:54:38,920 --> 00:54:34,760

activity as these pulses of energy speed

847

00:54:45,599 --> 00:54:38,930

across the surface of your brain from

848

00:54:52,599 --> 00:54:45,609

one hemisphere to the other Jim was

849

00:54:54,760 --> 00:54:52,609

asked about his nightmares and he said

850

00:54:58,300 --> 00:54:54,770

he didn't really want to describe them

851

00:55:02,800 --> 00:54:58,310

he didn't want to talk about them so

852

00:55:05,560 --> 00:55:02,810

they asked him to you know set in the

853

00:55:08,500 --> 00:55:05,570

waiting area and asked him if he wanted

854

00:55:13,980 --> 00:55:08,510

any reading material he said yeah that'd

855

00:55:19,420 --> 00:55:13,990

be a great idea and they came in with

856

00:55:24,970 --> 00:55:19,430

some books and among them was writ least

857

00:55:30,670 --> 00:55:24,980

reapers communion and when Jim saw the

858

00:55:35,020 --> 00:55:30,680

cover of that he you know he just you

859

00:55:37,240 --> 00:55:35,030

know kind of lost it and they came in

860

00:55:40,359 --> 00:55:37,250

and they told him you know to calm down

861

00:55:42,250 --> 00:55:40,369

and he was wanting to know why they were

862

00:55:43,960 --> 00:55:42,260

doing this and everything and they were

863

00:55:47,980 --> 00:55:43,970

wanting to know what he was talking

864

00:55:49,510 --> 00:55:47,990

about and he again said well I don't

865

00:55:51,130 --> 00:55:49,520

really want to talk about it and that

866

00:55:53,710 --> 00:55:51,140

was when they said well look if you

867

00:55:58,089 --> 00:55:53,720

don't talk about it we're gonna have to

868

00:56:00,730 --> 00:55:58,099

cut you from this study and and you know

869

00:56:02,870 --> 00:56:00,740

then you're gonna be stuck with your

870

00:56:08,300 --> 00:56:02,880

condition

871

00:56:14,690 --> 00:56:08,310

so he finally agreed to relax and he

872

00:56:21,760 --> 00:56:14,700

shared his nightmares and as it turned

873

00:56:29,590 --> 00:56:21,770

out his clinician had been having dinner

874

00:56:34,990 --> 00:56:29,600

the night before with a Harvard medical

875

00:56:40,190 --> 00:56:35,000

professor by the name of John Mack and

876

00:56:46,040 --> 00:56:40,200

for many people that are familiar with

877

00:56:50,230 --> 00:56:46,050

John Mack and his contribution to the

878

00:56:55,340 --> 00:56:50,240

exploration as to the explanation and

879

00:56:58,100 --> 00:56:55,350

investigation of UFO phenomenon and UFO

880

00:57:04,450 --> 00:56:58,110

abduction phenomenon

881

00:57:12,220 --> 00:57:04,460

John is is really well known he's like

882

00:57:16,810 --> 00:57:12,230

easy to find and look up in any

883

00:57:31,940 --> 00:57:26,000

however Jim was encouraged to contact

884

00:57:35,960 --> 00:57:31,950

John Mack and he was also as just a

885

00:57:43,090 --> 00:57:35,970

coincidence directed toward a fella by

886

00:57:49,000 --> 00:57:43,100

the name of Ray Fowler and Ray Fowler

887

00:57:53,600 --> 00:57:49,010

was an investigator he was ahead of

888

00:57:58,670 --> 00:57:53,610

MUFON in Massachusetts at the time that

889

00:58:02,360 --> 00:57:58,680

we contacted him her actually Jim met

890

00:58:09,080 --> 00:58:02,370

him at a conference and a lecture he was

891

00:58:14,570 --> 00:58:09,090

giving and approached him after this

892

00:58:21,460 --> 00:58:14,580

lecture and shared

893

00:58:30,800 --> 00:58:21,470

his experience on the Allagash Rey

894

00:58:35,630 --> 00:58:30,810

handed Jim for UFO contact reports

895

00:58:43,690 --> 00:58:35,640

sheets to have each one of us fill out

896

00:58:48,200 --> 00:58:43,700

and mail back to ray and each one of us

897

00:58:55,610 --> 00:58:48,210

independently filled out our report

898

00:59:00,530 --> 00:58:55,620

sheets and several of us included little

899

00:59:04,610 --> 00:59:00,540

sketches of our experience and put down

900

00:59:14,450 --> 00:59:04,620

the names of the strangers that we had

901
00:59:18,080 --> 00:59:14,460
reported seeing this UFO - well when ray

902
00:59:26,510 --> 00:59:18,090
got all the material he looked into it

903
00:59:31,340 --> 00:59:26,520
and once he looked into it he began an

904
00:59:36,530 --> 00:59:31,350
extensive investigation which lasted in

905
00:59:42,370 --> 00:59:36,540
excess of four years you I I heard

906
00:59:47,210 --> 00:59:42,380
talking on the news were talking about

907
00:59:47,810 --> 00:59:47,220
the television program UFO project

908
00:59:52,760 --> 00:59:47,820
Bluebook

909
00:59:57,500 --> 00:59:52,770
and at the end of each one of those

910
01:00:02,080 --> 00:59:57,510
programs they would you know talk about

911
01:00:07,460 --> 01:00:02,090
an actual case that Hynek had

912
01:00:13,190 --> 01:00:07,470
investigated and Ray Fowler worked with

913
01:00:19,520 --> 01:00:13,200

Allen Hynek investigating some of these

914

01:00:25,150 --> 01:00:19,530

UFO reports which is one of the things

915

01:00:30,780 --> 01:00:25,160

that led ray into investigating and

916

01:00:39,120 --> 01:00:34,800

at first I was convinced the only thing

917

01:00:43,710 --> 01:00:39,130

that has ever happened was we had seen a

918

01:00:48,150 --> 01:00:43,720

UFO I had shined a flashlight at it it

919

01:00:52,080 --> 01:00:48,160

had responded we had paddled away

920

01:00:56,570 --> 01:00:52,090

I had shined a flashlight at it a second

921

01:00:59,370 --> 01:00:56,580

time and it flew away into the night sky

922

01:01:02,160 --> 01:00:59,380

for some reason I knew it was going to

923

01:01:06,660 --> 01:01:02,170

go fast I looked at my watch looked at

924

01:01:09,450 --> 01:01:06,670

it it flew fast and that was kind of a

925

01:01:11,000 --> 01:01:09,460

weird thing but you know that's all

926

01:01:16,020 --> 01:01:11,010

happened

927

01:01:21,830 --> 01:01:16,030

well then came in the play of the

928

01:01:26,970 --> 01:01:21,840

campfire burning down a three hour fire

929

01:01:30,690 --> 01:01:26,980

which we had only been away from for

930

01:01:33,599 --> 01:01:30,700

less than 30 minutes before I started

931

01:01:38,730 --> 01:01:33,609

paddling back toward it and I was

932

01:01:44,300 --> 01:01:38,740

looking at a fire with flames that I

933

01:01:48,450 --> 01:01:44,310

could see four hundred yards away and

934

01:01:52,260 --> 01:01:48,460

yet by the time we crossed that four

935

01:02:00,450 --> 01:01:52,270

hundred yards that fire had completely

936

01:02:03,000 --> 01:02:00,460

burnt ashes we didn't think anything of

937

01:02:05,250 --> 01:02:03,010

it that night because we were exhausted

938

01:02:10,920 --> 01:02:05,260

or so we thought we were just totally

939

01:02:15,720 --> 01:02:10,930

exhausted from having paddled so hard we

940

01:02:18,359 --> 01:02:15,730

didn't think what the hell happened to

941

01:02:22,740 --> 01:02:18,369

the fire you know I noticed that it was

942

01:02:27,120 --> 01:02:22,750

nearly burned out but I mean hey you

943

01:02:31,950 --> 01:02:27,130

ever see a fire be a perpetual fire not

944

01:02:38,070 --> 01:02:31,960

using wood unless you perpetually feed

945

01:02:41,760 --> 01:02:38,080

it it will burn out so a lot of these

946

01:02:51,730 --> 01:02:46,800

you know picked up on and began

947

01:02:54,960 --> 01:02:51,740

investigating he had contacted the air

948

01:02:59,550 --> 01:02:54,970

force base and northern Maine and

949

01:03:07,350 --> 01:02:59,560

apparently they had some type of

950

01:03:12,670 --> 01:03:07,360

sighting in the night sky that evening

951
01:03:17,710 --> 01:03:12,680
ray checked the Bureau of weather where

952
01:03:20,830 --> 01:03:17,720
they record what the weather is in North

953
01:03:27,070 --> 01:03:20,840
America for every area in part of North

954
01:03:36,400 --> 01:03:27,080
America every day of every week month

955
01:03:43,890 --> 01:03:36,410
and year for you know perpetuity he you

956
01:03:52,000 --> 01:03:47,790
contacted the Rangers that we had named

957
01:03:56,430 --> 01:03:52,010
one of the Rangers his name was ever a

958
01:04:03,910 --> 01:03:56,440
crown and

959
01:04:09,940 --> 01:04:03,920
Ray contacted him telling mr. kramm that

960
01:04:12,790 --> 01:04:09,950
he was writing a story about our book

961
01:04:20,830 --> 01:04:12,800
about Maine and was collecting stories

962
01:04:25,240 --> 01:04:20,840
of you know the unusual and things of

963
01:04:30,160 --> 01:04:25,250

interest that some of the Rangers

964

01:04:33,970 --> 01:04:30,170

encountered from the campers and the

965

01:04:39,880 --> 01:04:33,980

public that they encountered and the

966

01:04:41,530 --> 01:04:39,890

first story that Everett kram says the

967

01:04:49,060 --> 01:04:41,540

first thing comes out of his mouth

968

01:04:52,510 --> 01:04:49,070

is his story about two identical twins

969

01:04:54,460 --> 01:04:52,520

and two other guys claiming they saw a

970

01:04:58,359 --> 01:04:54,470

UFO

971

01:05:01,660 --> 01:04:58,369

and apparently Everett tram thought we

972

01:05:07,450 --> 01:05:01,670

were all crazy and Whittle left it at

973

01:05:10,480 --> 01:05:07,460

that but a couple of years after we had

974

01:05:12,190 --> 01:05:10,490

gone through that area he had seen

975

01:05:17,140 --> 01:05:12,200

something strange

976

01:05:25,200 --> 01:05:17,150

along those lines himself and quit being

977

01:05:31,930 --> 01:05:25,210

a ranger on the allagash and was a tour

978

01:05:37,210 --> 01:05:31,940

rafter on the Penobscot River during the

979

01:05:46,030 --> 01:05:37,220

rapids on some of the rivers up in

980

01:05:47,440 --> 01:05:46,040

northern Maine and as Ray amassed all

981

01:05:51,690 --> 01:05:47,450

this information

982

01:05:55,810 --> 01:05:51,700

he brought each one of us in

983

01:06:02,010 --> 01:05:55,820

individually to be hypnotically

984

01:06:07,329 --> 01:06:02,020

regressed after each person was

985

01:06:12,010 --> 01:06:07,339

regressed in my case where I had only

986

01:06:15,160 --> 01:06:12,020

fun I had just witnessed a fear of light

987

01:06:17,760 --> 01:06:15,170

that I shined a flashlight at that had

988

01:06:21,550 --> 01:06:17,770

chased us across the lake and then

989

01:06:25,650 --> 01:06:21,560

disappeared was the whole extent of my

990

01:06:29,020 --> 01:06:25,660

experience and then after I went through

991

01:06:32,890 --> 01:06:29,030

you know about three hours of hypnotic

992

01:06:41,260 --> 01:06:32,900

regression which I thought were no more

993

01:06:45,430 --> 01:06:41,270

than 20 minutes I I was stunned at the

994

01:06:48,010 --> 01:06:45,440

revelation that I realized there was an

995

01:06:51,150 --> 01:06:48,020

explanation as to why the fire burned

996

01:06:56,260 --> 01:06:51,160

out there was an explanation as to why

997

01:07:00,640 --> 01:06:56,270

we were standing on the shore and not

998

01:07:05,700 --> 01:07:00,650

setting in the canoe and there was an

999

01:07:08,140 --> 01:07:05,710

explanation as to why I knew this fear

1000

01:07:18,880 --> 01:07:08,150

was going to accelerate

1001
01:07:23,470 --> 01:07:18,890
a high rate of speed we I myself was was

1002
01:07:27,190 --> 01:07:23,480
in disbelief that I had had an abduction

1003
01:07:35,549 --> 01:07:27,200
experience what I remembered under

1004
01:07:40,960 --> 01:07:35,559
regression was opening my eyes up and

1005
01:07:41,880 --> 01:07:40,970
looking at my toes and thinking that's

1006
01:07:48,279 --> 01:07:41,890
odd

1007
01:07:53,049 --> 01:07:48,289
where are my socks and then noticing

1008
01:07:58,799 --> 01:07:53,059
that I didn't have pants or any other

1009
01:08:02,049 --> 01:07:58,809
clothing on I then started pondering

1010
01:08:05,559 --> 01:08:02,059
what happened to my clothing and then

1011
01:08:09,339 --> 01:08:05,569
the rapid thinker that I was I all of a

1012
01:08:18,010 --> 01:08:09,349
sudden realized I wasn't in the canoe

1013
01:08:21,820 --> 01:08:18,020

anymore and I was trying to get up off

1014

01:08:29,620 --> 01:08:21,830

of my back as I found myself lying flat

1015

01:08:33,220 --> 01:08:29,630

I could see Jack Jim and Chuck who were

1016

01:08:40,240 --> 01:08:33,230

all nude and they were seated on like a

1017

01:08:42,459 --> 01:08:40,250

bench that jutted out from this wall and

1018

01:08:44,880 --> 01:08:42,469

they looked like they were sitting there

1019

01:08:48,430 --> 01:08:44,890

waiting for a bus or something and

1020

01:08:53,620 --> 01:08:48,440

although I was not able to audibly

1021

01:08:57,999 --> 01:08:53,630

scream in my mind though that's all I

1022

01:09:00,939 --> 01:08:58,009

was doing I was yelling get up you you

1023

01:09:05,410 --> 01:09:00,949

get up help me get me out of here you

1024

01:09:07,749 --> 01:09:05,420

know I just couldn't move and I was

1025

01:09:12,630 --> 01:09:07,759

getting more agitated and then all of a

1026

01:09:20,379 --> 01:09:12,640

sudden from the top of my head from

1027

01:09:21,970 --> 01:09:20,389

coming into my vision this face bends

1028

01:09:29,620 --> 01:09:21,980

down and stare

1029

01:09:39,519 --> 01:09:29,630

and it's got gigantic eyes and they're

1030

01:09:45,430 --> 01:09:39,529

black as night and this voice says relax

1031

01:09:49,180 --> 01:09:45,440

you will not be harmed comply and you

1032

01:09:51,820 --> 01:09:49,190

will be okay try just one second was

1033

01:09:57,190 --> 01:09:51,830

that something you heard or was that

1034

01:10:04,020 --> 01:09:57,200

like in your mind that was I guess I

1035

01:10:09,220 --> 01:10:04,030

both I heard but since I wasn't able to

1036

01:10:15,700 --> 01:10:09,230

audibly speak to myself all this

1037

01:10:20,729 --> 01:10:15,710

communication was like telepathic when

1038

01:10:25,510 --> 01:10:20,739

this thing looked into my eyes initially

1039

01:10:28,660 --> 01:10:25,520

I I pulled my head back as quickly as I

1040

01:10:30,640 --> 01:10:28,670

could which was probably only an inch

1041

01:10:34,840 --> 01:10:30,650

and a half above the table to the

1042

01:10:40,270 --> 01:10:34,850

contact surface if you've ever been in

1043

01:10:43,600 --> 01:10:40,280

an elevator that well a better example

1044

01:10:46,030 --> 01:10:43,610

would be on a roller coaster and the

1045

01:10:49,060 --> 01:10:46,040

roller coaster goes from a steep hill

1046

01:10:52,630 --> 01:10:49,070

and do a steep dive going down into a

1047

01:10:57,430 --> 01:10:52,640

dip and you feel your stomach sort of

1048

01:11:00,520 --> 01:10:57,440

like come up into your chest when this

1049

01:11:07,960 --> 01:11:00,530

thing made eye contact with me it was

1050

01:11:11,080 --> 01:11:07,970

like my my Inner Sphere self the your

1051
01:11:17,070 --> 01:11:11,090
own private thoughts between your ears

1052
01:11:22,990 --> 01:11:17,080
world was all the sudden pulled right up

1053
01:11:31,870 --> 01:11:23,000
to being in contact and communication

1054
01:11:36,870 --> 01:11:31,880
and like with this thing and so when I

1055
01:11:46,470 --> 01:11:36,880
was instructed or told

1056
01:11:52,810 --> 01:11:46,480
not to fight but to go with the flow I

1057
01:12:03,490 --> 01:11:52,820
you know I felt at ease you know and I

1058
01:12:13,350 --> 01:12:03,500
did comply so after experiencing that

1059
01:12:19,839 --> 01:12:13,360
and an invasive and intrusive physical

1060
01:12:23,530 --> 01:12:19,849
examination as well I I felt about as

1061
01:12:29,020 --> 01:12:23,540
helpless as an infant you know I was

1062
01:12:33,129 --> 01:12:29,030
totally incapable and unable to to do

1063
01:12:36,879 --> 01:12:33,139

anything to protect myself and at that

1064

01:12:40,270 --> 01:12:36,889

time in my life as I said I was in my

1065

01:12:43,810 --> 01:12:40,280

20s and I was in good shape I was a

1066

01:12:46,510 --> 01:12:43,820

practicing martial artist and I

1067

01:12:49,720 --> 01:12:46,520

practiced two hours every day except for

1068

01:12:56,020 --> 01:12:49,730

the weekends and I would work out about

1069

01:13:01,330 --> 01:12:56,030

16 hours in the weekends and was you

1070

01:13:06,700 --> 01:13:01,340

know I I practiced against multiple

1071

01:13:09,990 --> 01:13:06,710

assailants at the same time and I would

1072

01:13:15,609 --> 01:13:10,000

you know eventually became an assistant

1073

01:13:21,520 --> 01:13:15,619

instructor in a martial arts school and

1074

01:13:24,160 --> 01:13:21,530

I enjoyed it I was good at but I I had

1075

01:13:34,689 --> 01:13:24,170

about as much ability to protect myself

1076

01:13:40,209 --> 01:13:34,699

as two-day-old baby well after all this

1077

01:13:49,110 --> 01:13:40,219

enlightenment and these new picture

1078

01:13:53,860 --> 01:13:49,120

files I sat in in amazement and

1079

01:13:59,169 --> 01:13:53,870

was asked by the hypnotherapist and Rey

1080

01:14:02,590 --> 01:13:59,179

or how long I had thought I had been

1081

01:14:07,000 --> 01:14:02,600

under hypnosis and now what I thought

1082

01:14:09,390 --> 01:14:07,010

and you know I informed them that that I

1083

01:14:16,180 --> 01:14:09,400

had a lot to think about

1084

01:14:22,560 --> 01:14:16,190

and I was then asked to go home make a

1085

01:14:28,990 --> 01:14:22,570

bunch of drawings and to not under any

1086

01:14:34,090 --> 01:14:29,000

circumstances discuss what my hypnotic

1087

01:14:39,820 --> 01:14:34,100

regression experience was with anybody

1088

01:14:46,419 --> 01:14:39,830

with either twin or you know strangers

1089

01:14:52,840 --> 01:14:46,429

for that matter and so I did not and the

1090

01:14:55,959 --> 01:14:52,850

twins had agreed in the same fashion to

1091

01:15:00,220 --> 01:14:55,969

Ray that they would not discuss anything

1092

01:15:00,970 --> 01:15:00,230

and they did illustrations as did Chuck

1093

01:15:06,400 --> 01:15:00,980

Rach

1094

01:15:14,020 --> 01:15:06,410

and after the last person had been

1095

01:15:17,439 --> 01:15:14,030

regressed Ray Fowler brought all four of

1096

01:15:21,640 --> 01:15:17,449

us together for the first time as a

1097

01:15:24,100 --> 01:15:21,650

collective group and had all of our

1098

01:15:27,910 --> 01:15:24,110

artwork the artwork I had done the

1099

01:15:32,050 --> 01:15:27,920

artwork that Jack and Jim had done the

1100

01:15:39,459 --> 01:15:32,060

artwork that Chuck had done and all of

1101

01:15:45,300 --> 01:15:39,469

it had you know told this story about

1102

01:15:51,939 --> 01:15:45,310

our experience onboard this this UFO

1103

01:15:57,250 --> 01:15:51,949

that we had indeed that evening been

1104

01:16:02,080 --> 01:15:57,260

abducted by and you know it was 12 years

1105

01:16:03,490 --> 01:16:02,090

before we were even aware that there had

1106

01:16:11,560 --> 01:16:03,500

been a knock

1107

01:16:14,170 --> 01:16:11,570

and it took quite a while for us before

1108

01:16:17,410 --> 01:16:14,180

the book was ever published it took

1109

01:16:23,230 --> 01:16:17,420

quite a while for each and every one of

1110

01:16:28,060 --> 01:16:23,240

us to to deal with with just the thought

1111

01:16:33,940 --> 01:16:28,070

that something like this was possible

1112

01:16:39,070 --> 01:16:33,950

that not only was it possible but that

1113

01:16:46,770 --> 01:16:39,080

it actually had happened it was you know

1114

01:16:50,010 --> 01:16:46,780

it shakes the very core of your world I

1115

01:16:55,120 --> 01:16:50,020

have a friend of mine who is an

1116

01:16:58,290 --> 01:16:55,130

astrophysicist at Harvard University who

1117

01:17:03,580 --> 01:16:58,300

told me that in the Milky Way galaxy

1118

01:17:11,830 --> 01:17:03,590

that's the neighborhood we live in which

1119

01:17:15,820 --> 01:17:11,840

is over five billion years in age that

1120

01:17:20,530 --> 01:17:15,830

there are more stars just in our single

1121

01:17:25,510 --> 01:17:20,540

galaxy then there are grains of sand on

1122

01:17:32,520 --> 01:17:25,520

our entire planet Earth now I don't know

1123

01:17:37,300 --> 01:17:32,530

about you but I just cannot conceive of

1124

01:17:40,870 --> 01:17:37,310

a number that big when you stop and

1125

01:17:46,650 --> 01:17:40,880

think of just the Sahara Desert alone

1126

01:17:49,420 --> 01:17:46,660

that's just one desert yeah every every

1127

01:17:56,700 --> 01:17:49,430

every continent with the exception of

1128

01:18:00,700 --> 01:17:56,710

Antarctica has a sandy desert in it and

1129

01:18:03,480 --> 01:18:00,710

you know I mean just how many spa how

1130

01:18:09,400 --> 01:18:03,490

many grains of sand would be in a

1131

01:18:12,040 --> 01:18:09,410

five-gallon bucket I know I mean more

1132

01:18:14,350 --> 01:18:12,050

than I would want to be assigned to

1133

01:18:14,680 --> 01:18:14,360

count in my lifetime that's for damn

1134

01:18:18,089 --> 01:18:14,690

sure

1135

01:18:27,759 --> 01:18:18,099

yeah I don't think I'd live that

1136

01:18:33,129 --> 01:18:27,769

but you know with recent events over the

1137

01:18:40,479 --> 01:18:33,139

last couple of years more credibility

1138

01:18:46,229 --> 01:18:40,489

has been given me by people who were

1139

01:18:51,459 --> 01:18:46,239

skeptical fence setters since the

1140

01:18:56,100 --> 01:18:51,469

release of the UFO footage that was

1141

01:19:03,219 --> 01:18:56,110

captured on US Air Force and Navy

1142

01:19:08,909 --> 01:19:03,229

fighter planes and that footage which

1143

01:19:16,020 --> 01:19:08,919

was only released a year ago this past

1144

01:19:21,699 --> 01:19:16,030

December in January in 2017 early 2018

1145

01:19:25,089 --> 01:19:21,709

for only a period of about four days was

1146

01:19:26,549 --> 01:19:25,099

this story ever reported and then once

1147

01:19:29,529 --> 01:19:26,559

it was off the air

1148

01:19:39,429 --> 01:19:29,539

you never heard anything more about it

1149

01:19:41,739 --> 01:19:39,439

mm-hmm but that footage was forced to be

1150

01:19:47,009 --> 01:19:41,749

released through the Freedom of

1151
01:19:52,449 --> 01:19:47,019
Information Act by Stanton Freeman and

1152
01:19:56,409 --> 01:19:52,459
Leslie King Leslie Kean is a reporter

1153
01:20:01,169 --> 01:19:56,419
for the New York Times and both she and

1154
01:20:05,790 --> 01:20:01,179
Stanton Freeman are longtime

1155
01:20:09,759 --> 01:20:05,800
investigators into the UFO phenomenon

1156
01:20:11,949 --> 01:20:09,769
and I've had the great privilege of

1157
01:20:17,069 --> 01:20:11,959
meeting and knowing them for many years

1158
01:20:21,969 --> 01:20:17,079
as as well as other people who've had

1159
01:20:28,870 --> 01:20:21,979
similar experiences such as I met Betty

1160
01:20:30,640 --> 01:20:28,880
Hill and shared our experience with her

1161
01:20:42,400 --> 01:20:30,650
and

1162
01:20:46,960 --> 01:20:42,410
she said that's the reason I believe you

1163
01:20:49,810 --> 01:20:46,970

and I've had similar experiences where

1164

01:20:52,390 --> 01:20:49,820

I've met people who've told me of

1165

01:21:00,060 --> 01:20:52,400

experiences that they've had one eye I

1166

01:21:09,300 --> 01:21:00,070

shared with you a few days ago right and

1167

01:21:26,500 --> 01:21:19,800

are very wishful and you know perhaps

1168

01:21:29,080 --> 01:21:26,510

imaginative as well well but when you've

1169

01:21:35,940 --> 01:21:29,090

had an experience and you encounter

1170

01:21:44,110 --> 01:21:35,950

other people you can you know tell the

1171

01:21:49,660 --> 01:21:44,120

the truth from the BS right right

1172

01:21:52,090 --> 01:21:49,670

well that's basically it for the new

1173

01:21:54,130 --> 01:21:52,100

listener for the for the most part

1174

01:21:55,660 --> 01:21:54,140

there's a lot of things that happen

1175

01:21:58,810 --> 01:21:55,670

after and we can touch on that a little

1176

01:22:00,340 --> 01:21:58,820

bit later but you know we and we also

1177

01:22:04,480 --> 01:22:00,350

have a bunch of questions that came in

1178

01:22:08,730 --> 01:22:04,490

as well and a little bit here we can we

1179

01:22:11,440 --> 01:22:08,740

can take some calls but can you describe

1180

01:22:12,910 --> 01:22:11,450

well first of all the drawings pretty

1181

01:22:17,290 --> 01:22:12,920

much lined up with each other

1182

01:22:22,600 --> 01:22:17,300

for the most part right oh yeah I mean

1183

01:22:26,800 --> 01:22:22,610

when we sat down with Ray and we were

1184

01:22:33,660 --> 01:22:26,810

looking at these drawings it was it was

1185

01:22:37,090 --> 01:22:33,670

like really shocking to us because I

1186

01:22:41,910 --> 01:22:37,100

hadn't seen the drawings of the other

1187

01:22:44,410 --> 01:22:41,920

three guys until I sat down that day

1188

01:22:49,450 --> 01:22:44,420

also we had never

1189

01:22:53,919 --> 01:22:49,460

prior to that set down meeting discussed

1190

01:22:58,600 --> 01:22:53,929

it openly and once we started relaying

1191

01:23:01,800 --> 01:22:58,610

or experienced when your throat got

1192

01:23:05,340 --> 01:23:01,810

parched or when you ran out of breath

1193

01:23:08,939 --> 01:23:05,350

the person seated next to you just

1194

01:23:11,830 --> 01:23:08,949

continued with the events of that

1195

01:23:17,620 --> 01:23:11,840

experience do you know if that that when

1196

01:23:20,970 --> 01:23:17,630

we're done oh yeah I believe it was yeah

1197

01:23:26,979 --> 01:23:20,980

yeah so what I mean you could contact

1198

01:23:30,130 --> 01:23:26,989

ray flower yeah he lives in Kennebunk I

1199

01:23:37,390 --> 01:23:30,140

don't mean I'm sorry ray lives in

1200

01:23:39,430 --> 01:23:37,400

Kennebunk Maine no yes yes yeah so one

1201

01:23:41,740 --> 01:23:39,440

of the weirder question is amazing guy

1202

01:23:44,260 --> 01:23:41,750

yeah I know he really helped helped you

1203

01:23:46,000 --> 01:23:44,270

all out a lot you know one of the

1204

01:23:49,150 --> 01:23:46,010

questions people want to know can you

1205

01:23:51,729 --> 01:23:49,160

describe what the beings looked like I

1206

01:23:55,709 --> 01:23:51,739

know you said they had big black eye but

1207

01:24:07,270 --> 01:23:55,719

more than that called the beings yeah

1208

01:24:12,910 --> 01:24:07,280

well they had a larger cranium than or a

1209

01:24:20,229 --> 01:24:12,920

larger skull then we have in comparison

1210

01:24:25,600 --> 01:24:20,239

to their body size physically the beings

1211

01:24:26,830 --> 01:24:25,610

I remember and were shorter and stature

1212

01:24:32,260 --> 01:24:26,840

to me

1213

01:24:38,800 --> 01:24:32,270

I'm 510 and I would imagine these things

1214

01:24:45,060 --> 01:24:38,810

came up on average at at the most you

1215

01:24:51,939 --> 01:24:45,070

know five feet tall and slightly shorter

1216

01:24:56,200 --> 01:24:51,949

they were very very thin in body frame

1217

01:24:58,030 --> 01:24:56,210

almost mmm but not quite like a stick

1218

01:25:02,860 --> 01:24:58,040

figure type

1219

01:25:10,570 --> 01:25:02,870

of an individual the one thing that kind

1220

01:25:16,660 --> 01:25:10,580

of amazed me was their hands and as I

1221

01:25:21,630 --> 01:25:16,670

said I was in college at that time but I

1222

01:25:25,660 --> 01:25:21,640

went on to become a medical artist and

1223

01:25:30,670 --> 01:25:25,670

it was because of that experience of

1224

01:25:37,390 --> 01:25:30,680

that met medical exam that we underwent

1225

01:25:43,990 --> 01:25:37,400

and the observation of these beings

1226
01:25:46,870 --> 01:25:44,000
because when Ray had us regressed and we

1227
01:25:49,360 --> 01:25:46,880
did our drawings for Ray I was already

1228
01:25:55,810 --> 01:25:49,370
working as a medical artist at that time

1229
01:25:58,210 --> 01:25:55,820
and the hands on these beings did not

1230
01:26:02,440 --> 01:25:58,220
have an opposable thumb like we have

1231
01:26:06,460 --> 01:26:02,450
they only had four digits however they

1232
01:26:13,120 --> 01:26:06,470
had in the heel or the palm of their

1233
01:26:17,860 --> 01:26:13,130
hand an articulating joint where two

1234
01:26:21,880 --> 01:26:17,870
fingers two pairs of fingers would

1235
01:26:29,170 --> 01:26:21,890
oppose one another so in essence they

1236
01:26:33,070 --> 01:26:29,180
had four opposable digits the best way I

1237
01:26:37,210 --> 01:26:33,080
could explain it to you would be to take

1238
01:26:40,420 --> 01:26:37,220

your middle finger and your index finger

1239

01:26:45,360 --> 01:26:40,430

on each hand and put your hands together

1240

01:26:50,080 --> 01:26:45,370

and where your thumbs are now touching

1241

01:26:53,890 --> 01:26:50,090

rotate that is like a joint so now your

1242

01:26:58,720 --> 01:26:53,900

middle fingers and your index fingers

1243

01:27:01,300 --> 01:26:58,730

are able to touch tips and you would be

1244

01:27:05,440 --> 01:27:01,310

able to lift something up now with four

1245

01:27:10,480 --> 01:27:05,450

digits as opposed to you know a thumb

1246

01:27:11,870 --> 01:27:10,490

and a finger a coefficient and all of

1247

01:27:19,330 --> 01:27:11,880

their technology

1248

01:27:26,630 --> 01:27:23,750

appendages like that Jack had drawn

1249

01:27:36,280 --> 01:27:26,640

these incredible renderings Jim and

1250

01:27:43,010 --> 01:27:36,290

myself and and Chuck had some also

1251

01:27:47,180 --> 01:27:43,020

disturbing drawings he seemed to

1252

01:27:52,210 --> 01:27:47,190

remember them opening my chest he as he

1253

01:27:58,220 --> 01:27:52,220

depicted like the hood of a car I I

1254

01:28:01,970 --> 01:27:58,230

remember a panel coming down from

1255

01:28:06,230 --> 01:28:01,980

somewhere in the ceiling above me above

1256

01:28:11,300 --> 01:28:06,240

this table I was lying on and hovering

1257

01:28:18,740 --> 01:28:11,310

over my chest and it bathed my entire

1258

01:28:24,260 --> 01:28:18,750

upper torso in a blue light exactly the

1259

01:28:32,420 --> 01:28:24,270

same value and properties that this tube

1260

01:28:38,860 --> 01:28:32,430

of light that chased us chased after our

1261

01:28:42,320 --> 01:28:38,870

canoe when we were in the water this I

1262

01:28:46,460 --> 01:28:42,330

discussed with some of the doctors that

1263

01:28:49,820 --> 01:28:46,470

I worked with as I mentioned I was a

1264

01:28:56,150 --> 01:28:49,830

medical artist at a teaching hospital in

1265

01:29:00,550 --> 01:28:56,160

the city of Boston and I talked with one

1266

01:29:05,240 --> 01:29:00,560

of the doctors who had in come up with

1267

01:29:11,480 --> 01:29:05,250

the cardio defibrillator or paddles that

1268

01:29:16,270 --> 01:29:11,490

you see used and he knew about the

1269

01:29:25,760 --> 01:29:16,280

electric current in the heart and had

1270

01:29:30,320 --> 01:29:25,770

improvised with stripping a lamp cord

1271

01:29:34,130 --> 01:29:30,330

and plugging it in and then touching the

1272

01:29:40,570 --> 01:29:34,140

bare wires to opposite sides of a

1273

01:29:45,410 --> 01:29:40,580

person's chest and so I talked with this

1274

01:29:47,990 --> 01:29:45,420

doctor this teacher about my UFO

1275

01:29:53,420 --> 01:29:48,000

experience he was one of the few that

1276

01:29:58,450 --> 01:29:53,430

did not scoff at me like you have to

1277

01:30:10,190 --> 01:29:58,460

remember this is back and happened in

1278

01:30:12,760 --> 01:30:10,200

1976 and in the early 1990s is when the

1279

01:30:18,230 --> 01:30:12,770

book had already been published

1280

01:30:26,030 --> 01:30:18,240

time-life books had done a story about

1281

01:30:30,340 --> 01:30:26,040

us in their book series and we started

1282

01:30:36,050 --> 01:30:30,350

doing television interview programs and

1283

01:30:41,990 --> 01:30:36,060

among the first was Joan Rivers in New

1284

01:30:45,500 --> 01:30:42,000

York City unknown to me because the only

1285

01:30:49,370 --> 01:30:45,510

people that I worked with as far as

1286

01:30:56,270 --> 01:30:49,380

colleagues that I had ever shared my UFO

1287

01:30:59,650 --> 01:30:56,280

story with was my boss who knew me from

1288

01:31:06,370 --> 01:30:59,660

when I was in college and was aware of

1289

01:31:12,680 --> 01:31:06,380

me retelling her about the UFO back in

1290

01:31:15,080 --> 01:31:12,690

1976 and a fellow worker and they knew I

1291

01:31:17,900 --> 01:31:15,090

was going into New York City to do this

1292

01:31:20,740 --> 01:31:17,910

television program and they didn't tell

1293

01:31:24,920 --> 01:31:20,750

anybody they were gonna watch it on a

1294

01:31:29,840 --> 01:31:24,930

television at work well unknown to me

1295

01:31:32,630 --> 01:31:29,850

was that it was a live broadcast and in

1296

01:31:37,530 --> 01:31:32,640

the lobby at the hospital that I worked

1297

01:31:43,510 --> 01:31:37,540

at guess what they had on TV that day

1298

01:31:46,270 --> 01:31:43,520

so once and I mean I I was known by

1299

01:31:49,030 --> 01:31:46,280

everybody because as a medical

1300

01:31:53,110 --> 01:31:49,040

photographer and a clinical for the

1301
01:32:04,180 --> 01:31:53,120
medical photographer I was also asked to

1302
01:32:08,830 --> 01:32:04,190
photograph certain engineering disasters

1303
01:32:11,050 --> 01:32:08,840
that involved people getting injured I

1304
01:32:18,930 --> 01:32:11,060
would have to then go photograph things

1305
01:32:23,100 --> 01:32:18,940
I would have times helped the VA police

1306
01:32:26,950 --> 01:32:23,110
department with photographic issues

1307
01:32:30,460 --> 01:32:26,960
everywhere anything from doing video

1308
01:32:33,360 --> 01:32:30,470
setups for them to recommending

1309
01:32:39,670 --> 01:32:33,370
equipment for their department to buy

1310
01:32:44,020 --> 01:32:39,680
and so there was no one that did not

1311
01:32:45,070 --> 01:32:44,030
know me and before Joan Rivers was off

1312
01:32:47,530 --> 01:32:45,080
the air

1313
01:32:50,860 --> 01:32:47,540

there was probably nobody in that

1314

01:32:55,390 --> 01:32:50,870

hospital that had not watched that

1315

01:33:01,950 --> 01:32:55,400

nurses were turning on the TV in the

1316

01:33:13,650 --> 01:33:05,470

everybody knew when I came back I did

1317

01:33:19,060 --> 01:33:13,660

have several fellow veteran employees

1318

01:33:22,450 --> 01:33:19,070

who approached me and shared experiences

1319

01:33:26,350 --> 01:33:22,460

that they had while in the military my

1320

01:33:31,900 --> 01:33:26,360

first experience was while I was in the

1321

01:33:36,520 --> 01:33:31,910

military when I was in the United States

1322

01:33:40,830 --> 01:33:36,530

Navy I was a nuclear technician which is

1323

01:33:45,460 --> 01:33:40,840

one of the reasons I like sciences and

1324

01:33:50,630 --> 01:33:45,470

medical sciences as a nuclear technician

1325

01:33:53,960 --> 01:33:50,640

I had to study radiation effects

1326

01:33:58,190 --> 01:33:53,970

on the survivors of Hiroshima and

1327

01:34:02,480 --> 01:33:58,200

Nagasaki every year medical reports are

1328

01:34:05,450 --> 01:34:02,490

compiled upon the survivors as well as

1329

01:34:08,660 --> 01:34:05,460

their descendants and so I had to

1330

01:34:19,580 --> 01:34:08,670

familiarize myself with these annual

1331

01:34:24,400 --> 01:34:19,590

reports and so may 1970 I was stationed

1332

01:34:32,230 --> 01:34:24,410

over in Europe on a nuclear submarine

1333

01:34:37,460 --> 01:34:34,940

collecting the coolant or the

1334

01:34:46,840 --> 01:34:37,470

radioactive effluent from the nuclear

1335

01:34:56,270 --> 01:34:53,440

disposal and many times that meant

1336

01:35:00,400 --> 01:34:56,280

mixing it with concrete and then

1337

01:35:08,930 --> 01:35:00,410

shipping it back to the United States

1338

01:35:15,170 --> 01:35:08,940

however during a exercise at sea off the

1339

01:35:18,410 --> 01:35:15,180

coast of Spain in May of 1970 at the end

1340

01:35:24,310 --> 01:35:18,420

of the workday and right at dusk

1341

01:35:31,040 --> 01:35:24,320

I was gathered with about 25 other

1342

01:35:34,700 --> 01:35:31,050

sailors and a commissioned officer and a

1343

01:35:37,910 --> 01:35:34,710

high-ranking enlisted men called a chief

1344

01:35:40,220 --> 01:35:37,920

petty officer who in the Army and the

1345

01:35:42,640 --> 01:35:40,230

Marines and the Air Force would be a

1346

01:35:46,190 --> 01:35:42,650

high-ranking sergeant

1347

01:35:47,930 --> 01:35:46,200

well the smoking lamp as they would say

1348

01:35:50,090 --> 01:35:47,940

would be lit and that was when it was

1349

01:35:53,180 --> 01:35:50,100

more socially acceptable to smoke

1350

01:35:59,150 --> 01:35:53,190

cigarettes and many of us were all out

1351

01:36:03,640 --> 01:35:59,160

smoking and we noticed coming from

1352

01:36:07,669 --> 01:36:03,650

astern or from behind the ship these two

1353

01:36:12,890 --> 01:36:07,679

Speirs or points of light if you were to

1354

01:36:15,319 --> 01:36:12,900

take your arm and point off of one of

1355

01:36:19,339 --> 01:36:15,329

your shoulders in a straight line and

1356

01:36:22,729 --> 01:36:19,349

then swing your arm as fast as you can

1357

01:36:26,810 --> 01:36:22,739

possibly swing it and stop it

1358

01:36:31,250 --> 01:36:26,820

dead center in front of your chest these

1359

01:36:35,600 --> 01:36:31,260

two spheres of light two points of light

1360

01:36:39,549 --> 01:36:35,610

came streaking by had such a velocity

1361

01:36:46,939 --> 01:36:39,559

and speed and then came to a dead stop a

1362

01:36:51,350 --> 01:36:46,949

breast from the ship on the starboard

1363

01:36:53,870 --> 01:36:51,360

side and just out of coincidence it was

1364

01:36:59,060 --> 01:36:53,880

the right hand side as we sat in the

1365

01:37:01,939 --> 01:36:59,070

canoe that the UFO that we saw in Maine

1366

01:37:03,250 --> 01:37:01,949

was on I never thought of that that's

1367

01:37:07,520 --> 01:37:03,260

very nice

1368

01:37:12,290 --> 01:37:07,530

forty almost forty four years for Maine

1369

01:37:15,140 --> 01:37:12,300

and over 50 for the Navy Wow Wow

1370

01:37:17,629 --> 01:37:15,150

so can I throw a couple of questions at

1371

01:37:20,589 --> 01:37:17,639

you and and actually we have just

1372

01:37:23,540 --> 01:37:20,599

absolutely I'm sure someone wanted to

1373

01:37:26,750 --> 01:37:23,550

ask this and this is not to try to scare

1374

01:37:28,459 --> 01:37:26,760

you scare anyone but do you think if

1375

01:37:31,459 --> 01:37:28,469

people are isolated in the wilderness

1376

01:37:33,729 --> 01:37:31,469

and wilderness locations that they are

1377

01:37:38,899 --> 01:37:33,739

especially vulnerable to these type of

1378

01:37:42,109 --> 01:37:38,909

abductions oh no absolutely not

1379

01:37:45,290 --> 01:37:42,119

in fact point in case

1380

01:37:49,120 --> 01:37:45,300

Jim Weiner one of the identical twins in

1381

01:38:02,259 --> 01:37:57,169

1995 in the summer of 1995 Jim Weiner

1382

01:38:08,180 --> 01:38:02,269

had moved back into Boston with his wife

1383

01:38:12,489 --> 01:38:08,190

he had been married since after his

1384

01:38:15,620 --> 01:38:12,499

brother got married he met this gal and

1385

01:38:17,330 --> 01:38:15,630

when they got married they moved into

1386

01:38:20,839 --> 01:38:17,340

the first floor

1387

01:38:23,030 --> 01:38:20,849

apartment directly beneath me when I

1388

01:38:27,950 --> 01:38:23,040

lived in the town of Brookline and

1389

01:38:30,620 --> 01:38:27,960

that's you know if you didn't know the

1390

01:38:33,830 --> 01:38:30,630

town lines if you were in Boston you

1391

01:38:37,100 --> 01:38:33,840

would not know if you had crossed in to

1392

01:38:45,200 --> 01:38:37,110

Brookline from Boston it is that densely

1393

01:38:49,550 --> 01:38:45,210

populated the house next door to the one

1394

01:38:57,950 --> 01:38:49,560

I lived in was only divided by the width

1395

01:39:03,950 --> 01:38:57,960

of the driveway plus three feet so

1396

01:39:09,760 --> 01:39:03,960

what's that less than twelve feet or so

1397

01:39:17,390 --> 01:39:09,770

between structures well in the summer of

1398

01:39:21,950 --> 01:39:17,400

1995 I got up one morning and I was

1399

01:39:24,080 --> 01:39:21,960

setting out in the front porch having a

1400

01:39:28,970 --> 01:39:24,090

cigarette drinking a cup of coffee and

1401

01:39:32,689 --> 01:39:28,980

reading the paper when my downstairs

1402

01:39:35,660 --> 01:39:32,699

neighbor the identical twin Jim came

1403

01:39:38,419 --> 01:39:35,670

walking up the driveway and I saw him

1404

01:39:39,200 --> 01:39:38,429

and I said hey Jim I said you'll never

1405

01:39:44,419 --> 01:39:39,210

guess

1406

01:39:49,550 --> 01:39:44,429

I had an allagash flax flashback dream

1407

01:39:52,160 --> 01:39:49,560

last night and he said you what and I

1408

01:39:53,209 --> 01:39:52,170

said yeah I had a weird allagash dream

1409

01:39:56,089 --> 01:39:53,219

last night

1410

01:40:02,209 --> 01:39:56,099

but it was different than anything that

1411

01:40:05,439 --> 01:40:02,219

I remembered earlier he said did did you

1412

01:40:09,530 --> 01:40:05,449

happen to notice the ivy on the house

1413

01:40:14,320 --> 01:40:09,540

next door across from your bedroom and I

1414

01:40:17,120 --> 01:40:14,330

said no why he said come with me so I

1415

01:40:20,479 --> 01:40:17,130

picked up my cup of coffee and I walked

1416

01:40:23,390 --> 01:40:20,489

down the driveway directly across from

1417

01:40:29,540 --> 01:40:23,400

my bedroom window on the second floor

1418

01:40:32,770 --> 01:40:29,550

and directly above the bedroom that Jim

1419

01:40:41,350 --> 01:40:32,780

and his wife shared

1420

01:40:46,390 --> 01:40:41,360

was this giant cookie cutter round hole

1421

01:40:50,080 --> 01:40:46,400

in the IV now this is on a stucco house

1422

01:40:53,979 --> 01:40:50,090

a stucco structure if people don't know

1423

01:40:57,459 --> 01:40:53,989

what stucco is that's basically concrete

1424

01:41:01,930 --> 01:40:57,469

that's sprayed or slopped on to a

1425

01:41:05,709 --> 01:41:01,940

building to give it a rough stone like

1426

01:41:11,680 --> 01:41:05,719

structure and appearance and great

1427

01:41:14,979 --> 01:41:11,690

weather sealant and once ivy grows on to

1428

01:41:16,930 --> 01:41:14,989

it it's difficult to pull off and get

1429

01:41:22,270 --> 01:41:16,940

off cleanly mm-hmm

1430

01:41:27,010 --> 01:41:22,280

but there was a nice perfectly round ten

1431

01:41:29,890 --> 01:41:27,020

foot in diameter section of clean stucco

1432

01:41:35,080 --> 01:41:29,900

that when I had gone to bed that night

1433

01:41:40,570 --> 01:41:35,090

had been covered with ivy Jim took

1434

01:41:44,890 --> 01:41:40,580

photographs of it and I've used them in

1435

01:41:53,040 --> 01:41:44,900

a couple of presentations I've given

1436

01:41:57,850 --> 01:41:53,050

over the last few years but Jim also had

1437

01:42:05,170 --> 01:41:57,860

what he thought was a UFO dream that

1438

01:42:08,500 --> 01:42:05,180

night as well but Hopkins for any of

1439

01:42:14,410 --> 01:42:08,510

those that are familiar with him in the

1440

01:42:23,370 --> 01:42:14,420

UFO community but Hopkins was quite

1441

01:42:31,380 --> 01:42:23,380

famous he also worked with John Mac

1442

01:42:37,350 --> 01:42:31,390

during UFO investigations but regressed

1443

01:42:40,600 --> 01:42:37,360

Jim and myself about that incident in

1444

01:42:45,590 --> 01:42:40,610

1995 where the IV was removed from the

1445

01:42:50,180 --> 01:42:45,600

house and we had add

1446

01:42:53,750 --> 01:42:50,190

another UFO abduction experience right

1447

01:42:59,660 --> 01:42:53,760

in the middle of the city in the middle

1448

01:43:03,050 --> 01:42:59,670

of the summer in Jim thought that there

1449

01:43:06,380 --> 01:43:03,060

was a police car just outside of his

1450

01:43:10,700 --> 01:43:06,390

window because there was a blue flashing

1451

01:43:14,720 --> 01:43:10,710

light the same flashing and the same

1452

01:43:19,040 --> 01:43:14,730

blue value as the panel that had been

1453

01:43:20,840 --> 01:43:19,050

above my chest and the this blue beam of

1454

01:43:26,240 --> 01:43:20,850

light that had chased us across the

1455

01:43:29,150 --> 01:43:26,250

lakes that's amazing and I know just

1456

01:43:31,270 --> 01:43:29,160

from other talks that some other

1457

01:43:35,630 --> 01:43:31,280

experiences have happened that are just

1458

01:43:37,790 --> 01:43:35,640

pretty weird and unexplainable just just

1459

01:43:39,100 --> 01:43:37,800

one thing we only have I can't believe

1460

01:43:43,580 --> 01:43:39,110

it we only have three minutes left

1461

01:43:45,380 --> 01:43:43,590

pardon me but just one thing that sorry

1462

01:43:48,890 --> 01:43:45,390

one thing that has come up a number of

1463

01:43:52,790 --> 01:43:48,900

times people say why does Chuck Rach say

1464

01:43:55,400 --> 01:43:52,800

that you know why is he so against that

1465

01:44:00,530 --> 01:43:55,410

this thing ever even happened he's one

1466

01:44:06,230 --> 01:44:00,540

of the one of the four well in my my own

1467

01:44:10,370 --> 01:44:06,240

personal opinion chuck was kind of a an

1468

01:44:18,110 --> 01:44:10,380

over-the-top personality when I met him

1469

01:44:23,300 --> 01:44:18,120

and I I believe that he you know may

1470

01:44:32,390 --> 01:44:23,310

have you know just kind of snapped and

1471

01:44:38,570 --> 01:44:32,400

had some type of PTSD breakdown and he

1472

01:44:44,540 --> 01:44:38,580

you know he likes hard alcohol quite a

1473

01:44:47,810 --> 01:44:44,550

lot too so along the lines of of chart

1474

01:44:49,550 --> 01:44:47,820

did you see it was did he participate in

1475

01:44:53,600 --> 01:44:49,560

the drawing scene and he had the same

1476

01:44:57,830 --> 01:44:53,610

drawings as well oh absolutely

1477

01:44:59,840 --> 01:44:57,840

in fact out of the four of us Chuck has

1478

01:45:06,880 --> 01:44:59,850

had

1479

01:45:12,380 --> 01:45:06,890

at least two huge art shows in Manhattan

1480

01:45:16,280 --> 01:45:12,390

regarding his UFO experience and has

1481

01:45:18,670 --> 01:45:16,290

made a lot of money selling his artwork

1482

01:45:23,570 --> 01:45:18,680

and as soon as he does that and then

1483

01:45:29,420 --> 01:45:23,580

then he flips out and says no that this

1484

01:45:36,750 --> 01:45:29,430

never happened and so I you know I I

1485

01:45:38,260 --> 01:45:36,760

just don't associate with him anymore I

1486

01:45:43,880 --> 01:45:38,270

[Music]

1487

01:45:49,760 --> 01:45:43,890

think he has some very serious problems

1488

01:45:55,550 --> 01:45:49,770

and you know like as I say could be like

1489

01:46:01,520 --> 01:45:55,560

pts PTSD related I think from you know

1490

01:46:05,330 --> 01:46:01,530

his I think I'm his not wanting go ahead

1491

01:46:07,280 --> 01:46:05,340

I'm sorry no no I I'm sorry about that

1492

01:46:09,950 --> 01:46:07,290

I'll just bring up something that you

1493

01:46:12,050 --> 01:46:09,960

and I talked off air for a few minutes I

1494

01:46:14,360 --> 01:46:12,060

don't I don't argue with people on

1495

01:46:16,640 --> 01:46:14,370

Facebook very much but I got in quite a

1496

01:46:19,070 --> 01:46:16,650

discussion with someone and then I said

1497

01:46:23,510 --> 01:46:19,080

who is this guy and I clicked on his

1498

01:46:24,800 --> 01:46:23,520

profile his jaw crack and it was kind of

1499

01:46:27,280 --> 01:46:24,810

a insane

1500

01:46:31,060 --> 01:46:27,290

well it was not a very good our

1501

01:46:35,480 --> 01:46:31,070

discussion I should say on his end but

1502

01:46:37,850 --> 01:46:35,490

anyway and yeah time has just gone away

1503

01:46:39,890 --> 01:46:37,860

here I can't believe it already and it

1504

01:46:41,990 --> 01:46:39,900

seemed like I had we had a quite a few

1505

01:46:44,870 --> 01:46:42,000

questions and and sorry we didn't get to

1506

01:46:47,630 --> 01:46:44,880

take any calls but it seems like we

1507

01:46:49,970 --> 01:46:47,640

could go on for another a few hours

1508

01:46:52,700 --> 01:46:49,980

because I know that a number of things

1509

01:46:56,230 --> 01:46:52,710

have happened afterwards and so perhaps

1510

01:47:02,510 --> 01:46:56,240

we can pick this up sometime and have a

1511

01:47:05,930 --> 01:47:02,520

session too well that that we could

1512

01:47:08,920 --> 01:47:05,940

probably do yeah all right well Charlie

1513

01:47:11,150 --> 01:47:08,930

I want to thank you so much it's really

1514

01:47:11,510 --> 01:47:11,160

again it's always a pleasure talking to

1515

01:47:13,729 --> 01:47:11,520

you

1516

01:47:17,299 --> 01:47:13,739

and I think it's a

1517

01:47:20,439 --> 01:47:17,309

credible story and I have no doubt at

1518

01:47:24,890 --> 01:47:20,449

all that what happened happened and

1519

01:47:27,799 --> 01:47:24,900

thank you so much well you're welcome

1520

01:47:30,229 --> 01:47:27,809

and I'm sorry if I didn't get a chance

1521

01:47:38,029 --> 01:47:30,239

to answer anyone's questions it was

1522

01:47:44,140 --> 01:47:38,039

listening but if you want if you can

1523

01:47:49,040 --> 01:47:44,150

find the unsolved mysteries broadcast

1524

01:47:53,899 --> 01:47:49,050

about our experience that's fairly

1525

01:47:58,720 --> 01:47:53,909

accurate or Ray Fowler's book the alley

1526

01:48:06,250 --> 01:47:58,730

ash abductions which is a very detailed

1527

01:48:12,379 --> 01:48:06,260

book and if you read it you know it will

1528

01:48:12,799 --> 01:48:12,389

enlighten you yeah tremendously all

1529

01:48:16,060 --> 01:48:12,809

right

1530

01:48:18,589 --> 01:48:16,070

ok charlie take care thank you very much

1531

01:48:22,129 --> 01:48:18,599

thank you have a good evening all right

1532

01:48:24,410 --> 01:48:22,139

you too alright everyone so that is it

1533

01:48:26,509 --> 01:48:24,420

for our show thank you so much for

1534

01:48:30,439 --> 01:48:26,519

listening next week we'll be back with

1535

01:48:37,050 --> 01:48:30,449

John Greenwald and remember to keep your
