

THE
RENDLESHAM
ENIGMA

JIM PENNISTON

GARY OBSORN

1
00:00:14,370 --> 00:00:35,209

[Music]

2
00:00:40,939 --> 00:00:38,090

hello and welcome to the show I'm Martin

3
00:00:44,110 --> 00:00:40,949

will usher host this is podcast UFO and

4
00:00:47,180 --> 00:00:44,120

we're live on kgr a radio and also live

5
00:00:50,090 --> 00:00:47,190

simulcast on youtube like every week and

6
00:00:53,569 --> 00:00:50,100

our guests this evening with two guests

7
00:00:57,259 --> 00:00:53,579

a gem Penniston he was involved in the

8
00:01:01,939 --> 00:00:57,269

1980 Rendlesham forest incident heavily

9
00:01:05,479 --> 00:01:01,949

involved as 850 confinement you and we

10
00:01:07,639 --> 00:01:05,489

also have Gary Osborn and he has been

11
00:01:12,230 --> 00:01:07,649

working with Jim and John Burroughs as

12
00:01:13,669 --> 00:01:12,240

far as the binary code goes that's

13
00:01:16,040 --> 00:01:13,679

interesting we'll be talking about that

14

00:01:18,950 --> 00:01:16,050

later tonight before that I have

15

00:01:21,590 --> 00:01:18,960

Alejandro Rojas coming up with UFO

16

00:01:23,270 --> 00:01:21,600

updates and I want to thank everyone

17

00:01:25,340 --> 00:01:23,280

that supports the show without our

18

00:01:27,859 --> 00:01:25,350

without your support we couldn't do that

19

00:01:29,899 --> 00:01:27,869

anybody can support the show and all you

20

00:01:32,690 --> 00:01:29,909

have to do is go to podcast UFO comm we

21

00:01:35,300 --> 00:01:32,700

do have a blog we have a blog every week

22

00:01:38,690 --> 00:01:35,310

now Charles Lear is writing for us and

23

00:01:41,809 --> 00:01:38,700

he has written a blog on Rendlesham the

24

00:01:44,600 --> 00:01:41,819

render some incident and he says the

25

00:01:46,969 --> 00:01:44,610

title of that particular one is the

26

00:01:50,449 --> 00:01:46,979

Rendlesham forest incident ain't easy

27

00:01:52,070 --> 00:01:50,459

and he talks about in the blog all the

28

00:01:54,469 --> 00:01:52,080

different twists and turns that seem to

29

00:01:56,240 --> 00:01:54,479

take place and the different accounts

30

00:02:00,050 --> 00:01:56,250

and things like that well written as

31

00:02:07,219 --> 00:02:00,060

usual and that's it for me alejandro

32

00:02:12,410 --> 00:02:07,229

welcome to the show Alejandro Alejandro

33

00:02:15,130 --> 00:02:12,420

are you muted am i muted that could very

34

00:02:20,140 --> 00:02:18,220

I am sorry to say folks I just found out

35

00:02:22,750 --> 00:02:20,150

that I that I've been muted this whole

36

00:02:24,730 --> 00:02:22,760

time and I will take care of that oh

37

00:02:27,640 --> 00:02:24,740

yeah I will take care of that you can

38

00:02:30,610 --> 00:02:27,650

hear me now right I'm happy to be here

39

00:02:33,340 --> 00:02:30,620

as well my friend yeah so here's the

40

00:02:35,380 --> 00:02:33,350

biggest news of the week in my opinion

41

00:02:38,380 --> 00:02:35,390

there's lots of good news but this is a

42

00:02:40,570 --> 00:02:38,390

big one because it's a UFO Congress so

43

00:02:42,699 --> 00:02:40,580

we have posted tickets so now you can go

44

00:02:46,900 --> 00:02:42,709

to UFO Congress calm you can buy tickets

45

00:02:49,210 --> 00:02:46,910

and this is a special for Martin show if

46

00:02:53,020 --> 00:02:49,220

you use the code SAVE at 50 all

47

00:02:55,570 --> 00:02:53,030

uppercase save save 50 you'll get \$50

48

00:02:57,940 --> 00:02:55,580

off packages so these are the packages

49

00:03:01,210 --> 00:02:57,950

for going to the whole thing so save 50

50

00:03:04,570 --> 00:03:01,220

\$50 off so UFO Congress calm that's big

51
00:03:09,370 --> 00:03:04,580
news I think hi it's UFO news yeah in a

52
00:03:11,680 --> 00:03:09,380
way way yes excited they're saying you

53
00:03:13,570 --> 00:03:11,690
know that the tickets are available I

54
00:03:15,910 --> 00:03:13,580
saw chase write something everybody's

55
00:03:18,010 --> 00:03:15,920
pretty happy about it that's great yeah

56
00:03:20,259 --> 00:03:18,020
it is big news I wasn't messing with you

57
00:03:22,810 --> 00:03:20,269
I wouldn't mess with you here's other

58
00:03:24,460 --> 00:03:22,820
big news I think this is interesting you

59
00:03:27,009 --> 00:03:24,470
and I talked about this the other day

60
00:03:28,600 --> 00:03:27,019
but I just think this is a really

61
00:03:30,220 --> 00:03:28,610
important statement and it's getting

62
00:03:33,370 --> 00:03:30,230
lost so the Senate Armed Services

63
00:03:36,400 --> 00:03:33,380

Committee held a hearing on the space

64

00:03:39,310 --> 00:03:36,410

force on April 11th and Richard

65

00:03:41,410 --> 00:03:39,320

Blumenthal made a comment the American

66

00:03:44,920 --> 00:03:41,420

people have no idea really no idea about

67

00:03:47,170 --> 00:03:44,930

the immensity of the threat in space he

68

00:03:49,120 --> 00:03:47,180

went on to say I think like I think we

69

00:03:51,610 --> 00:03:49,130

have a real obligation to explain to the

70

00:03:54,100 --> 00:03:51,620

American people why space is a domain

71

00:03:56,770 --> 00:03:54,110

that matters why the threats there are

72

00:03:59,410 --> 00:03:56,780

real and urgent and why they are growing

73

00:04:01,840 --> 00:03:59,420

in importance he says we're here having

74

00:04:03,550 --> 00:04:01,850

a discussion on the space force but the

75

00:04:06,460 --> 00:04:03,560

American people don't even understand

76

00:04:08,140 --> 00:04:06,470

that why it's so important what's going

77

00:04:10,030 --> 00:04:08,150

on because what the important parts of

78

00:04:11,890 --> 00:04:10,040

this are classified and we need to tell

79

00:04:13,660 --> 00:04:11,900

the public about it so there's a couple

80

00:04:15,069 --> 00:04:13,670

reasons these are this is interesting of

81

00:04:17,319 --> 00:04:15,079

course a lot of people are saying always

82

00:04:19,270 --> 00:04:17,329

got to be talking about aliens and to

83

00:04:22,180 --> 00:04:19,280

support this they do make the point that

84

00:04:25,870 --> 00:04:22,190

you know this Pentagon UFO project has

85

00:04:27,909 --> 00:04:25,880

had some briefings recently to Congress

86

00:04:29,050 --> 00:04:27,919

and including the Senate Armed Services

87

00:04:30,670 --> 00:04:29,060

Committee

88

00:04:33,159 --> 00:04:30,680

no doubt Blumenthal and others have

89

00:04:36,070 --> 00:04:33,169

heard some stuff about UFOs lately

90

00:04:38,260 --> 00:04:36,080

however he does talk about in terms of

91

00:04:40,840 --> 00:04:38,270

our adversaries that our adversaries

92

00:04:43,270 --> 00:04:40,850

have essentially technology up there

93

00:04:44,860 --> 00:04:43,280

we know they have it they know we know

94

00:04:46,540 --> 00:04:44,870

we have it but we haven't been able to

95

00:04:48,700 --> 00:04:46,550

tell the American public that they have

96

00:04:50,800 --> 00:04:48,710

this and so he's essentially talking

97

00:04:54,070 --> 00:04:50,810

about China and Russia where it does

98

00:04:55,600 --> 00:04:54,080

clue into UFOs I think is that you know

99

00:04:57,820 --> 00:04:55,610

it's another indication that there are

100

00:04:59,590 --> 00:04:57,830

advanced technologies in our skies not

101
00:05:01,810 --> 00:04:59,600
just our own but also China and Russia

102
00:05:03,550 --> 00:05:01,820
that are being used that could

103
00:05:05,740 --> 00:05:03,560
definitely be mistaken for something

104
00:05:07,810 --> 00:05:05,750
more mysterious so for instance one of

105
00:05:10,210 --> 00:05:07,820
my best UFO sightings was what looked

106
00:05:12,100 --> 00:05:10,220
like a satellite about 10-15 years ago

107
00:05:14,320 --> 00:05:12,110
but it turned around and went the other

108
00:05:16,450 --> 00:05:14,330
direction and satellites don't do that

109
00:05:18,700 --> 00:05:16,460
well not the satellites we'd know about

110
00:05:21,010 --> 00:05:18,710
there certainly could have been even

111
00:05:22,540 --> 00:05:21,020
back then satellites that were able to

112
00:05:25,300 --> 00:05:22,550
do it they were just Chinese or Russian

113
00:05:27,520 --> 00:05:25,310

or maybe even our secret satellites so

114

00:05:29,409 --> 00:05:27,530

that's the big takeaway here but still

115

00:05:30,670 --> 00:05:29,419

that the American public are not being

116

00:05:33,070 --> 00:05:30,680

told about something that is so

117

00:05:35,680 --> 00:05:33,080

important and if people go I have a link

118

00:05:39,159 --> 00:05:35,690

to this on the front page of open minds

119

00:05:40,659 --> 00:05:39,169

TV you can just see how how much he's

120

00:05:44,140 --> 00:05:40,669

stressing this how important and how

121

00:05:46,090 --> 00:05:44,150

major he seems to be saying these

122

00:05:47,950 --> 00:05:46,100

threats are so I think that's a that's

123

00:05:50,980 --> 00:05:47,960

definitely a hot topic out there in the

124

00:05:53,320 --> 00:05:50,990

UFO world but it's really interesting

125

00:05:55,930 --> 00:05:53,330

really interesting stuff I think what

126
00:05:57,279 --> 00:05:55,940
were yours that's yeah I I think I'm

127
00:05:59,670 --> 00:05:57,289
right there with you I think there's

128
00:06:02,710 --> 00:05:59,680
probably it's probably not so much about

129
00:06:05,800 --> 00:06:02,720
UFOs as it is the threat from other

130
00:06:09,940 --> 00:06:05,810
nations I mean if there are I know there

131
00:06:13,409 --> 00:06:09,950
was a space treaty signed back in 1967 I

132
00:06:16,900 --> 00:06:13,419
think it was the Outer Space Treaty but

133
00:06:18,310 --> 00:06:16,910
you know that doesn't that's that's a

134
00:06:21,580 --> 00:06:18,320
piece of paper things can still happen

135
00:06:23,590 --> 00:06:21,590
and you wonder you know there's 108

136
00:06:25,950 --> 00:06:23,600
countries that are involved in that but

137
00:06:29,140 --> 00:06:25,960
and I don't know how many countries have

138
00:06:33,580 --> 00:06:29,150

things orbiting the planet either you

139

00:06:35,620 --> 00:06:33,590

know I'll doubt it's very many people as

140

00:06:39,190 --> 00:06:35,630

far as countries go having satellites

141

00:06:42,700 --> 00:06:39,200

but who knows what is up there for I I

142

00:06:44,379 --> 00:06:42,710

don't think it's disclosed exactly what

143

00:06:46,240 --> 00:06:44,389

from one country to another what the

144

00:06:48,100 --> 00:06:46,250

satellites are up there is it do you

145

00:06:51,070 --> 00:06:48,110

know no I mean we don't know we know

146

00:06:52,750 --> 00:06:51,080

commercial satellites and you know the

147

00:06:55,540 --> 00:06:52,760

thing with things floating in space is

148

00:06:57,490 --> 00:06:55,550

that we can see them so astronomers up

149

00:06:59,350 --> 00:06:57,500

there and amateur astronomers are

150

00:07:01,629 --> 00:06:59,360

looking for things to spit in space and

151
00:07:03,159 --> 00:07:01,639
they track them so when you go to like

152
00:07:05,320 --> 00:07:03,169
heavens above which a lot of UFO

153
00:07:07,000 --> 00:07:05,330
researchers use because it shows it

154
00:07:09,700 --> 00:07:07,010
tracks all the stuff in space whether

155
00:07:11,590 --> 00:07:09,710
that be man-made or not and a lot of

156
00:07:13,600 --> 00:07:11,600
those things that are listed there we

157
00:07:15,400 --> 00:07:13,610
don't know what it is but we know it's

158
00:07:17,920 --> 00:07:15,410
there because astronomers are tracking

159
00:07:20,050 --> 00:07:17,930
them so we can see these things even if

160
00:07:22,000 --> 00:07:20,060
we don't know what they are and some of

161
00:07:23,529 --> 00:07:22,010
this stuff yeah we don't know and when

162
00:07:25,390 --> 00:07:23,539
you go into heavens above you can even

163
00:07:27,340 --> 00:07:25,400

read up on the object and you'll see

164

00:07:28,750 --> 00:07:27,350

people's best guesses but there

165

00:07:30,610 --> 00:07:28,760

certainly check out there that's being

166

00:07:31,990 --> 00:07:30,620

made we don't know about so for instance

167

00:07:33,879 --> 00:07:32,000

one of the things I would spotted up

168

00:07:35,830 --> 00:07:33,889

there in the past few years has been

169

00:07:38,920 --> 00:07:35,840

this miniature space shuttle that the

170

00:07:41,170 --> 00:07:38,930

Air Force controls and flies around up

171

00:07:42,879 --> 00:07:41,180

there but we don't know what's in that

172

00:07:44,740 --> 00:07:42,889

miniature space shuttle or what they're

173

00:07:46,810 --> 00:07:44,750

doing with it and it will literally be

174

00:07:49,270 --> 00:07:46,820

up there for like a year flying around

175

00:07:52,180 --> 00:07:49,280

so that's an example of a secret thing

176

00:07:54,339 --> 00:07:52,190

even the US has Tyler broke away wrote a

177

00:07:58,870 --> 00:07:54,349

story recently about an area in

178

00:08:00,010 --> 00:07:58,880

Vandenberg Air Force Base where the we

179

00:08:02,469 --> 00:08:00,020

don't know what's going there there's

180

00:08:04,960 --> 00:08:02,479

some secret stuff going on in this area

181

00:08:06,580 --> 00:08:04,970

he makes a point also that you know even

182

00:08:08,290 --> 00:08:06,590

when the US Air Force is doing secret

183

00:08:10,210 --> 00:08:08,300

stuff at least we typically know where

184

00:08:12,250 --> 00:08:10,220

they're doing it we even know you know a

185

00:08:14,409 --> 00:08:12,260

lot of what's going on at area 51 not

186

00:08:16,839 --> 00:08:14,419

everything but who's operating there and

187

00:08:18,279 --> 00:08:16,849

stuff like that but and these MIDI

188

00:08:19,960 --> 00:08:18,289

satellites we know where they're

189

00:08:22,779 --> 00:08:19,970

launched where they're operated out of

190

00:08:24,219 --> 00:08:22,789

and but we don't know what's going on in

191

00:08:25,450 --> 00:08:24,229

this area in Vandenberg and he

192

00:08:27,820 --> 00:08:25,460

speculates there could be a lot of

193

00:08:29,560 --> 00:08:27,830

different types of technology secret

194

00:08:31,330 --> 00:08:29,570

technologies that are coming out of

195

00:08:33,430 --> 00:08:31,340

there so that's another interesting

196

00:08:36,490 --> 00:08:33,440

aspect we don't know what is all going

197

00:08:38,890 --> 00:08:36,500

on in another update though I'm moving

198

00:08:41,800 --> 00:08:38,900

on there some more bob lazar news also

199

00:08:44,199 --> 00:08:41,810

so there's a police officer who is

200

00:08:45,880 --> 00:08:44,209

interested in this topic he's retired he

201
00:08:50,079 --> 00:08:45,890
decided to do some research and he

202
00:08:52,510 --> 00:08:50,089
queried the local police about this raid

203
00:08:54,730 --> 00:08:52,520
that happened so if you have seen Jeremy

204
00:08:56,560 --> 00:08:54,740
corbels film on Bob Lazar or if you

205
00:08:58,510 --> 00:08:56,570
follow Jeremy Korbels on

206
00:09:00,280 --> 00:08:58,520
social media he talks about how when he

207
00:09:02,500 --> 00:09:00,290
is filming this documentary on Bob Lazar

208
00:09:05,010 --> 00:09:02,510
the FBI and other law enforcement

209
00:09:06,880 --> 00:09:05,020
agencies came in and raided the house

210
00:09:09,430 --> 00:09:06,890
allegedly they were just looking for

211
00:09:10,930 --> 00:09:09,440
receipts and so they were wondering why

212
00:09:12,520 --> 00:09:10,940
did they bring in all of these people

213
00:09:15,070 --> 00:09:12,530

they could have just emailed about these

214

00:09:17,110 --> 00:09:15,080

receipts from a customer from a couple

215

00:09:19,030 --> 00:09:17,120

years ago well the police report that

216

00:09:21,490 --> 00:09:19,040

this former police officer got reveals a

217

00:09:23,740 --> 00:09:21,500

lot more it turns out that whoever

218

00:09:26,380 --> 00:09:23,750

bought this material thallium or at

219

00:09:31,480 --> 00:09:26,390

least I should say we don't know edite

220

00:09:33,610 --> 00:09:31,490

'Is what we know is that the the it's

221

00:09:35,260 --> 00:09:33,620

related to a murder case so the person

222

00:09:37,720 --> 00:09:35,270

who bought this material a couple years

223

00:09:40,870 --> 00:09:37,730

prior is suspected of murdering someone

224

00:09:43,540 --> 00:09:40,880

with something called thallium which in

225

00:09:45,850 --> 00:09:43,550

one form is a poison now Bob Lazar sells

226

00:09:49,930 --> 00:09:45,860

this stuff but in a form that is safe

227

00:09:52,270 --> 00:09:49,940

and legal to sell but in this document

228

00:09:54,340 --> 00:09:52,280

that the police provided it says they

229

00:09:56,590 --> 00:09:54,350

suspected Bob Lazar was selling this

230

00:09:58,450 --> 00:09:56,600

stuff so when they raided the reason

231

00:10:02,320 --> 00:09:58,460

they had the hazmat uniforms and

232

00:10:04,720 --> 00:10:02,330

everything was apparently because they

233

00:10:07,300 --> 00:10:04,730

were looking for this poison that they

234

00:10:09,790 --> 00:10:07,310

felt perhaps Bob Lazar sold this person

235

00:10:12,430 --> 00:10:09,800

so that's what it was about of course

236

00:10:15,820 --> 00:10:12,440

Jeremie and apparently Bob think that

237

00:10:17,620 --> 00:10:15,830

they were looking for element 115 but at

238

00:10:19,150 --> 00:10:17,630

least now this other story has come out

239

00:10:21,220 --> 00:10:19,160

that it was actually a poison they were

240

00:10:22,690 --> 00:10:21,230

looking for so it's either side some of

241

00:10:24,580 --> 00:10:22,700

the people reporting it even the police

242

00:10:29,800 --> 00:10:24,590

officer is saying look it doesn't look

243

00:10:32,380 --> 00:10:29,810

like bob was you know was arrested or is

244

00:10:34,300 --> 00:10:32,390

being accused of any crime at all so it

245

00:10:37,000 --> 00:10:34,310

doesn't look like he had anything to do

246

00:10:39,100 --> 00:10:37,010

with this murder that had happened but

247

00:10:41,680 --> 00:10:39,110

that's what this was related to and they

248

00:10:43,840 --> 00:10:41,690

also argue he and others argue that it

249

00:10:46,300 --> 00:10:43,850

still could be some coverup and an

250

00:10:48,430 --> 00:10:46,310

excuse to come look for the element 115

251

00:10:53,920 --> 00:10:48,440

yeah I don't know about that so who

252

00:10:56,470 --> 00:10:53,930

knows but yeah isn't valiums a drug it's

253

00:10:58,990 --> 00:10:56,480

it's called the same thing or well yeah

254

00:11:01,000 --> 00:10:59,000

it's called the same thing so a lot of

255

00:11:03,580 --> 00:11:01,010

minerals are like that because they can

256

00:11:05,800 --> 00:11:03,590

be in many different forms and used for

257

00:11:07,630 --> 00:11:05,810

many different things a zinc for

258

00:11:10,240 --> 00:11:07,640

instance it could be used as a metal it

259

00:11:12,090 --> 00:11:10,250

can be used as a supplement so seems

260

00:11:14,710 --> 00:11:12,100

sort of things there are many uses for

261

00:11:17,230 --> 00:11:14,720

Alma thallium and it's different forms

262

00:11:19,720 --> 00:11:17,240

and one of those is poison which

263

00:11:22,690 --> 00:11:19,730

apparently this person used to kill his

264

00:11:24,910 --> 00:11:22,700

wife a couple years ago so I've got the

265

00:11:26,560 --> 00:11:24,920

link to the blog that this former police

266

00:11:28,900 --> 00:11:26,570

officer wrote he's a great guy great

267

00:11:30,700 --> 00:11:28,910

writer and he's not saying this doesn't

268

00:11:32,110 --> 00:11:30,710

say anything either way it just gives us

269

00:11:33,670 --> 00:11:32,120

some more insight into what was

270

00:11:35,950 --> 00:11:33,680

happening there

271

00:11:37,510 --> 00:11:35,960

interesting Wow those are probably yeah

272

00:11:39,970 --> 00:11:37,520

the big new stories of the week

273

00:11:42,280 --> 00:11:39,980

excellent well thanks so much alejandro

274

00:11:44,140 --> 00:11:42,290

yep thank you alright and we'll be

275

00:11:45,430 --> 00:11:44,150

talking to you next week talk to you

276

00:11:49,150 --> 00:11:45,440

later all right have a good one

277

00:11:52,780 --> 00:11:49,160

you too all right our guests tonight we

278

00:11:54,820 --> 00:11:52,790

have well let me just say in 1980 our

279

00:11:57,280 --> 00:11:54,830

guest Jim Penniston was assigned to the

280

00:12:00,340 --> 00:11:57,290

largest Tactical Fighter Wing in the Air

281

00:12:02,350 --> 00:12:00,350

Force RAF Woodbridge in England he was a

282

00:12:05,050 --> 00:12:02,360

senior security officer in charge of

283

00:12:06,700 --> 00:12:05,060

base security and at that time he held

284

00:12:09,700 --> 00:12:06,710

the top-secret US and NATO security

285

00:12:11,530 --> 00:12:09,710

clearance and was responsible and the

286

00:12:14,590 --> 00:12:11,540

protection of war-making resources for

287

00:12:17,680 --> 00:12:14,600

that base and there what happened on the

288

00:12:19,840 --> 00:12:17,690

26th of December 1980 we're going to be

289

00:12:23,590 --> 00:12:19,850

talking about welcome to the show Bob

290

00:12:27,000 --> 00:12:23,600

and Jim how are you

291

00:12:29,020 --> 00:12:27,010

you have to unmute your mic there I just

292

00:12:30,579 --> 00:12:29,030

that's all right we're on trouble with

293

00:12:33,760 --> 00:12:30,589

mutes tonight

294

00:12:36,000 --> 00:12:33,770

I'm glad we're not mute and we can talk

295

00:12:38,920 --> 00:12:36,010

about it so welcome to the show Jim

296

00:12:41,320 --> 00:12:38,930

thank you thank you for having me yes

297

00:12:45,970 --> 00:12:41,330

and also Bob where are you Bob

298

00:12:49,150 --> 00:12:45,980

how are you and welcome to the show Bob

299

00:12:50,290 --> 00:12:49,160

I think you might be muted as well who's

300

00:12:54,490 --> 00:12:50,300

that

301

00:12:57,600 --> 00:12:54,500

I'm sorry Bob Gary Gary are you there

302

00:13:07,560 --> 00:13:03,850

did we lose Gary well let's move on now

303

00:13:10,180 --> 00:13:07,570

and now hopeful various how are you Gary

304

00:13:13,630 --> 00:13:10,190

Gary your your muted or something we're

305

00:13:15,510 --> 00:13:13,640

not hearing you this this is good live

306

00:13:17,860 --> 00:13:15,520

radio Gary we're not hearing you still I

307

00:13:22,329 --> 00:13:17,870

can see you you want to wave to

308

00:13:24,050 --> 00:13:22,339

everybody on YouTube so why don't you

309

00:13:27,440 --> 00:13:24,060

unplug and once you try to figure that

310

00:13:28,970 --> 00:13:27,450

we're not check on your mute on your on

311

00:13:30,290 --> 00:13:28,980

your computer we may be having some type

312

00:13:34,100 --> 00:13:30,300

of weird Skype thing because we've all

313

00:13:37,880 --> 00:13:34,110

had mute troubles tonight still not

314

00:13:40,400 --> 00:13:37,890

hearing you here at Gary he's muted

315

00:13:43,250 --> 00:13:40,410

Martin I can hover my my cursor over his

316

00:13:45,710 --> 00:13:43,260

picture and it shows he's muted okay

317

00:13:52,190 --> 00:13:45,720

but we're not we're not muting him on

318

00:13:55,250 --> 00:13:52,200

this side right Gary try to hover over

319

00:13:57,700 --> 00:13:55,260

your your Skype and see what you can

320

00:14:00,460 --> 00:13:57,710

find as far as up the mute try to unmute

321

00:14:03,830 --> 00:14:00,470

your skype is showing that you're muted

322

00:14:06,140 --> 00:14:03,840

and still not hearing you

323

00:14:11,690 --> 00:14:06,150

well you want to listen to the show

324

00:14:14,510 --> 00:14:11,700

tonight Gary let's let's move on for

325

00:14:15,680 --> 00:14:14,520

right now Jim thank you very much for

326

00:14:17,660 --> 00:14:15,690

being on the show it's taken quite a

327

00:14:20,780 --> 00:14:17,670

while you and I have talked back and

328

00:14:23,180 --> 00:14:20,790

forth on Facebook and I'm so glad you

329

00:14:25,510 --> 00:14:23,190

finally said yes and you have a book

330

00:14:28,910 --> 00:14:25,520

coming out we'll talk about that tonight

331

00:14:30,320 --> 00:14:28,920

but Jim for the I do have a lot of new

332

00:14:32,630 --> 00:14:30,330

listeners I have a lot of people that

333

00:14:36,670 --> 00:14:32,640

are also new to the UFO community and

334

00:14:40,270 --> 00:14:36,680

not familiar with it at all can you tell

335

00:14:43,520 --> 00:14:40,280

tell the listening audience out there

336

00:14:47,390 --> 00:14:43,530

what would happen back in the 26 of

337

00:14:49,940 --> 00:14:47,400

December 1980 and in a nutshell and what

338

00:14:54,380 --> 00:14:49,950

was your involvement in that okay I'll

339

00:14:56,060 --> 00:14:54,390

try to keep it down to three hours no

340

00:15:01,490 --> 00:14:56,070

it's actually it's a quite a bit

341

00:15:03,200 --> 00:15:01,500

happened the capsulated well I started

342

00:15:07,340 --> 00:15:03,210

shift we were working 12-hour shifts

343

00:15:11,150 --> 00:15:07,350

security was and it was a night just

344

00:15:13,040 --> 00:15:11,160

like any other night we had started

345

00:15:15,440 --> 00:15:13,050

doing the routine stuff you don't like

346

00:15:18,520 --> 00:15:15,450

lighting checks and things like that

347

00:15:20,570 --> 00:15:18,530

posting kind of different patrols and

348

00:15:22,910 --> 00:15:20,580

anyway we got all the way through that

349

00:15:25,340 --> 00:15:22,920

and I had mentioned to the Security

350

00:15:27,200 --> 00:15:25,350

Response Team Leader solder McCauley

351

00:15:29,420 --> 00:15:27,210

that you know I'd meet him at the chow

352

00:15:32,810 --> 00:15:29,430

hall we'd have breakfast together so it

353

00:15:34,970 --> 00:15:32,820

was around midnight and when I got there

354

00:15:37,070 --> 00:15:34,980

sorry McCauley says they're trying to

355

00:15:39,620 --> 00:15:37,080

get a hold of you from CSC

356

00:15:41,840 --> 00:15:39,630

central security control I said okay so

357

00:15:43,490 --> 00:15:41,850

we had direct line so I picked it up and

358

00:15:45,860 --> 00:15:43,500

I was starting coffee to senior

359

00:15:50,570 --> 00:15:45,870

controller and I said what's going on

360

00:15:52,820 --> 00:15:50,580

and he says you need to get to the east

361

00:15:55,010 --> 00:15:52,830

gate we have a we have a situation out

362

00:15:57,050 --> 00:15:55,020

there and I said okay what was it means

363

00:16:00,530 --> 00:15:57,060

debrief you when you when you get there

364

00:16:03,410 --> 00:16:00,540

which was odd and the second thing he

365

00:16:06,410 --> 00:16:03,420

says run co2 which is lights so that

366

00:16:13,400 --> 00:16:06,420

means it was ASAP so I headed on out

367

00:16:17,150 --> 00:16:13,410

there as fast as I could and arrived at

368

00:16:18,710 --> 00:16:17,160

Eastgate contact is the senior law

369

00:16:21,020 --> 00:16:18,720

enforcement guy who was hired in

370

00:16:24,140 --> 00:16:21,030

Stefan's and I said what's going on

371

00:16:26,900 --> 00:16:24,150

button he said he pointed over to the

372

00:16:31,130 --> 00:16:26,910

woods over a rental from forest area and

373

00:16:32,990 --> 00:16:31,140

I could see a you know I don't know

374

00:16:34,670 --> 00:16:33,000

white light over the forest and

375

00:16:38,390 --> 00:16:34,680

different color lights going on

376

00:16:40,810 --> 00:16:38,400

throughout the tree line and I says I

377

00:16:43,100 --> 00:16:40,820

wasn't sure what it was like

378

00:16:45,740 --> 00:16:43,110

he's dying you guys assumed it might

379

00:16:49,730 --> 00:16:45,750

have been a maybe a crash on an aircraft

380

00:16:53,150 --> 00:16:49,740

on me and so I got a I said well but

381

00:16:55,160 --> 00:16:53,160

they said be here crash and goes no so

382

00:16:57,500 --> 00:16:55,170

think crashed landed that's that's

383

00:16:59,180 --> 00:16:57,510

impossible you know because the first

384

00:17:01,430 --> 00:16:59,190

all the trees were too close together I

385

00:17:04,520 --> 00:17:01,440

mean like five six feet four or five

386

00:17:07,040 --> 00:17:04,530

feet they weren't very good and so I

387

00:17:10,550 --> 00:17:07,050

tried to talk him out of that I kept

388

00:17:13,850 --> 00:17:10,560

saying what did you hear it crash and he

389

00:17:14,660 --> 00:17:13,860

just he was said no it landed there it's

390

00:17:17,600 --> 00:17:14,670

okay okay

391

00:17:20,570 --> 00:17:17,610

so I went over to the direct line they

392

00:17:23,120 --> 00:17:20,580

had a law enforcement that the east gate

393

00:17:24,860 --> 00:17:23,130

I had law enforcement deaths patch me

394

00:17:29,810 --> 00:17:24,870

through to the control center who was in

395

00:17:31,970 --> 00:17:29,820

charge of the operation and I said I

396

00:17:33,590 --> 00:17:31,980

relate to what start and stuff and

397

00:17:35,570 --> 00:17:33,600

sudden I said yes it appears to be

398

00:17:40,310 --> 00:17:35,580

something out it was possibly burning

399

00:17:43,280 --> 00:17:40,320

and yeah but in the way this works

400

00:17:45,710 --> 00:17:43,290

Martin is when I what I call with all

401
00:17:49,400 --> 00:17:45,720
this took about a minute okay maybe a

402
00:17:50,870 --> 00:17:49,410
minute half when I call there's like

403
00:17:53,240 --> 00:17:50,880
five people in the line

404
00:17:55,130 --> 00:17:53,250
senior controller I had the compadre I

405
00:17:57,020 --> 00:17:55,140
had the shift commander I had the fight

406
00:18:00,380 --> 00:17:57,030
chief chief I mean it was everybody

407
00:18:02,720 --> 00:18:00,390
who's on there and when I was talking to

408
00:18:07,670 --> 00:18:02,730
one other people were doing other duties

409
00:18:10,460 --> 00:18:07,680
and I said I think it's possible the

410
00:18:12,140 --> 00:18:10,470
aircraft died and then started coffee

411
00:18:15,140 --> 00:18:12,150
came back across or might have been

412
00:18:16,370 --> 00:18:15,150
started Dillard I'm not sure and said

413
00:18:19,630 --> 00:18:16,380

yeah we had lost

414

00:18:24,320 --> 00:18:19,640

he contacted Eastern radar he contacted

415

00:18:26,690 --> 00:18:24,330

London radar and Bentwaters radar and he

416

00:18:29,270 --> 00:18:26,700

says yeah they lost contact with the

417

00:18:32,570 --> 00:18:29,280

bogie you know about 15 minutes ago over

418

00:18:34,130 --> 00:18:32,580

the base and we knew it wasn't a

419

00:18:37,820 --> 00:18:34,140

commercial aircraft because I got

420

00:18:41,030 --> 00:18:37,830

transponders so if we were figuring it

421

00:18:43,580 --> 00:18:41,040

as probably military and anyway that was

422

00:18:47,390 --> 00:18:43,590

the emergency situation that existed

423

00:18:53,600 --> 00:18:47,400

once that the control center confirmed

424

00:18:55,580 --> 00:18:53,610

they lost contact by a radar and the

425

00:18:59,180 --> 00:18:55,590

only way we could deploy off base is

426

00:19:00,740 --> 00:18:59,190

further emergency situations it was part

427

00:19:04,420 --> 00:19:00,750

of the software agreement Status of

428

00:19:07,670 --> 00:19:04,430

Forces Agreement of time and so

429

00:19:09,530 --> 00:19:07,680

immediately what we tried to do is we

430

00:19:11,180 --> 00:19:09,540

tried to go ahead and set up you know

431

00:19:14,920 --> 00:19:11,190

plotting and all this stuff we were

432

00:19:17,450 --> 00:19:14,930

doing all those kind of things and I

433

00:19:20,060 --> 00:19:17,460

picked two Airmen to go at me a security

434

00:19:21,800 --> 00:19:20,070

airman it was first night there poor guy

435

00:19:23,570 --> 00:19:21,810

his name was there when command slack

436

00:19:26,290 --> 00:19:23,580

and then I had to take a law-enforcement

437

00:19:29,030 --> 00:19:26,300

guy with me which I did not want to do

438

00:19:32,450 --> 00:19:29,040

because they were they weren't security

439

00:19:36,320 --> 00:19:32,460

security was in charge of the party a B

440

00:19:38,330 --> 00:19:36,330

and C resources they were trained in

441

00:19:41,600 --> 00:19:38,340

aircraft crashes all kinds of stuff but

442

00:19:46,460 --> 00:19:41,610

law enforcement really wasn't and about

443

00:19:49,630 --> 00:19:46,470

to take Airmen Burl's with me and took

444

00:19:53,450 --> 00:19:49,640

the crash kit broke it open and the Jeep

445

00:19:55,430 --> 00:19:53,460

broke out the camera my intentions was

446

00:19:59,900 --> 00:19:55,440

go out there and stuff enter control

447

00:20:03,080 --> 00:19:59,910

point and then for you know for first

448

00:20:04,340 --> 00:20:03,090

responders but you know fire department

449

00:20:10,039 --> 00:20:04,350

in mortuary

450

00:20:12,230 --> 00:20:10,049

anybody else and so we got I drove out

451
00:20:14,779 --> 00:20:12,240
there as far as I can drive

452
00:20:17,690 --> 00:20:14,789
and there's berms earthen berms out

453
00:20:19,820 --> 00:20:17,700
there and because the forest is

454
00:20:21,680 --> 00:20:19,830
routinely cut down there was a crop for

455
00:20:24,399 --> 00:20:21,690
the British that's what they did they

456
00:20:27,110 --> 00:20:24,409
would grow trees and then cut them down

457
00:20:29,029 --> 00:20:27,120
and so these berms are like four or five

458
00:20:31,399 --> 00:20:29,039
feet high so if I was going as far as I

459
00:20:34,840 --> 00:20:31,409
could with a jeep and I thought I was

460
00:20:38,149 --> 00:20:34,850
going to tip it over they're not exactly

461
00:20:41,029 --> 00:20:38,159
there Center heavy anyway and so I

462
00:20:42,590 --> 00:20:41,039
stopped and at that point in time is

463
00:20:44,090 --> 00:20:42,600

that's where I was going to stop the

464

00:20:47,930 --> 00:20:44,100

entry control point because we couldn't

465

00:20:51,950 --> 00:20:47,940

go any farther and that's where I was

466

00:20:53,690 --> 00:20:51,960

going to have Arab ANZAC be there but

467

00:20:56,600 --> 00:20:53,700

unfortunately the other problem I was

468

00:20:59,299 --> 00:20:56,610

having it was my radio difficulties so

469

00:21:03,529 --> 00:20:59,309

my transmissions were breaking up and

470

00:21:06,049 --> 00:21:03,539

things like that and so we were both all

471

00:21:12,289 --> 00:21:06,059

of you know cabanas I had a radio I had

472

00:21:14,360 --> 00:21:12,299

a radio law enforcement did not and but

473

00:21:16,460 --> 00:21:14,370

we're still in contact with Eastgate in

474

00:21:18,680 --> 00:21:16,470

the meantime starting tear the flight

475

00:21:22,909 --> 00:21:18,690

sergeant from Bentwaters is in route to

476
00:21:30,499 --> 00:21:22,919
the east gate to monitor the situation

477
00:21:34,389 --> 00:21:30,509
from there and so I took the camera out

478
00:21:37,340 --> 00:21:34,399
of the crash kit and we started myself

479
00:21:40,310 --> 00:21:37,350
and with with their own Burroughs as far

480
00:21:46,460 --> 00:21:40,320
as we could go on walking we approached

481
00:21:53,060 --> 00:21:46,470
the the forest the perimeter of the

482
00:21:54,649 --> 00:21:53,070
forest and then you could see you know

483
00:21:56,779 --> 00:21:54,659
the lights the bonewalker lights in

484
00:21:58,669 --> 00:21:56,789
there but it was more bright it was

485
00:22:01,940 --> 00:21:58,679
getting brighter and more white light it

486
00:22:06,919 --> 00:22:01,950
was it was to the point where it was a

487
00:22:11,500 --> 00:22:06,929
white yellow white blue it was it was a

488
00:22:16,759 --> 00:22:11,510

pretty bright light come another and as

489

00:22:18,080 --> 00:22:16,769

as I got into the force which was got

490

00:22:21,560 --> 00:22:18,090

very far a few feet

491

00:22:24,740 --> 00:22:21,570

I could start feeling a lot of static

492

00:22:27,950 --> 00:22:24,750

electricity on my skin my hair my

493

00:22:30,110 --> 00:22:27,960

clothes at first I thought that might

494

00:22:35,390 --> 00:22:30,120

have been adrenaline but it was

495

00:22:38,120 --> 00:22:35,400

continued and as I got a little bit

496

00:22:40,190 --> 00:22:38,130

farther closer to it there was a bright

497

00:22:48,560 --> 00:22:40,200

white light that appeared to be an

498

00:22:51,380 --> 00:22:48,570

explosion of light and then if we hit

499

00:22:53,570 --> 00:22:51,390

the ground we hit the ground there's no

500

00:22:56,450 --> 00:22:53,580

there's no noise or nothing like that

501
00:22:59,360 --> 00:22:56,460
but we hit the ground I guess it's out

502
00:23:01,580 --> 00:22:59,370
of reaction but then when I found out

503
00:23:05,530 --> 00:23:01,590
you know like I'm still here and there

504
00:23:07,610 --> 00:23:05,540
was an explosion you know I got up and I

505
00:23:12,010 --> 00:23:07,620
started to proceed to walk a little bit

506
00:23:14,450 --> 00:23:12,020
farther and as I come up over the berm

507
00:23:20,330 --> 00:23:14,460
the white light started dissipating a

508
00:23:23,750 --> 00:23:20,340
lot and I could see a formation of a

509
00:23:30,170 --> 00:23:23,760
craft a black Franko craft seeing just

510
00:23:33,410 --> 00:23:30,180
above this universe for and as I moved

511
00:23:35,870 --> 00:23:33,420
toward it I could fit my my movements

512
00:23:40,220 --> 00:23:35,880
being labored like I was walking through

513
00:23:43,420 --> 00:23:40,230

a pool of water there was absolutely no

514

00:23:46,160 --> 00:23:43,430

sound it was just dead there's no

515

00:23:50,570 --> 00:23:46,170

wildlife there was no air running

516

00:23:54,440 --> 00:23:50,580

through the trees there was no crunching

517

00:23:58,850 --> 00:23:54,450

of branches on the ground there that was

518

00:24:01,010 --> 00:23:58,860

strange and so I was more fixed on the

519

00:24:04,580 --> 00:24:01,020

craft itself to that point in time I

520

00:24:08,000 --> 00:24:04,590

looked over to my right I mean it was

521

00:24:10,370 --> 00:24:08,010

Aaron Burroughs he was like 25 feet away

522

00:24:12,470 --> 00:24:10,380

or so and he was just standing there

523

00:24:12,830 --> 00:24:12,480

motionless so I don't know he was scared

524

00:24:17,300 --> 00:24:12,840

to death

525

00:24:19,340 --> 00:24:17,310

know if he was in shock I don't know but

526
00:24:20,510 --> 00:24:19,350
I calmed him as a casualty because he

527
00:24:26,930 --> 00:24:20,520
wasn't going to be able to help me out

528
00:24:28,960 --> 00:24:26,940
at that point I had been taking all the

529
00:24:31,780 --> 00:24:28,970
pictures I could up to the craft I

530
00:24:35,460 --> 00:24:31,790
extended the roll of film

531
00:24:37,870 --> 00:24:35,470
at that time we had a 35-millimeter film

532
00:24:41,920 --> 00:24:37,880
it wasn't like dizzy more

533
00:24:45,010 --> 00:24:41,930
yeah we're nothing like that and so the

534
00:24:47,290 --> 00:24:45,020
next thing I did is I wasn't sure that

535
00:24:52,600 --> 00:24:47,300
if I was going to make it or not I mean

536
00:24:55,240 --> 00:24:52,610
though it was hostile or not so I knew

537
00:24:58,980 --> 00:24:55,250
it wasn't for sure an aircraft crash so

538
00:25:03,580 --> 00:24:58,990

I called in with the hopes of CSC

539

00:25:05,440 --> 00:25:03,590

hearing what I was saying I turned

540

00:25:08,200 --> 00:25:05,450

the aircraft crashed and I initiated a

541

00:25:11,230 --> 00:25:08,210

helping hand situation which is a scary

542

00:25:15,970 --> 00:25:11,240

situation involving a possible threat to

543

00:25:17,350 --> 00:25:15,980

the ABC resources on the base so that

544

00:25:20,740 --> 00:25:17,360

was then that mental thought process

545

00:25:27,640 --> 00:25:20,750

going on right there I was now it's that

546

00:25:30,400 --> 00:25:27,650

could be possibly hostile and I later

547

00:25:35,460 --> 00:25:30,410

found out that I didn't know what the

548

00:25:37,750 --> 00:25:35,470

common goal could hear every

549

00:25:43,200 --> 00:25:37,760

transmission I didn't make it's going to

550

00:25:45,790 --> 00:25:43,210

receive them and so I started to do a

551
00:25:48,730 --> 00:25:45,800
thorough investigation of it I started

552
00:25:52,630 --> 00:25:48,740
doing a walk-around I looked underneath

553
00:25:54,280 --> 00:25:52,640
the craft it was fixed on above the

554
00:25:56,560 --> 00:25:54,290
ground somehow there was light

555
00:26:01,180 --> 00:25:56,570
protruding on the ground on at the time

556
00:26:02,980 --> 00:26:01,190
to the ground can I interrupt you just a

557
00:26:04,450 --> 00:26:02,990
second there did you when you said you

558
00:26:07,690 --> 00:26:04,460
looked under the craft did you at that

559
00:26:12,880 --> 00:26:07,700
time did you not see the the legs that

560
00:26:15,040 --> 00:26:12,890
made the landing impressions no no I was

561
00:26:19,480 --> 00:26:15,050
looking for landing impressions no no no

562
00:26:21,850 --> 00:26:19,490
the legs that made you know all I could

563
00:26:25,600 --> 00:26:21,860

see was light underneath it a bright

564

00:26:26,950 --> 00:26:25,610

white light and and to me that didn't

565

00:26:28,840 --> 00:26:26,960

look like there's no landing gear so

566

00:26:30,970 --> 00:26:28,850

what I would idea that I tried to push

567

00:26:32,980 --> 00:26:30,980

it because I figured it could move but

568

00:26:34,800 --> 00:26:32,990

it was solid it was solidly fixed to

569

00:26:37,210 --> 00:26:34,810

ground somehow through this technology

570

00:26:40,600 --> 00:26:37,220

which later I figure out must be the

571

00:26:43,120 --> 00:26:40,610

lighting this somehow this technology I

572

00:26:45,570 --> 00:26:43,130

don't really understand that but there

573

00:26:48,580 --> 00:26:45,580

was no like traditional fixed

574

00:26:51,190 --> 00:26:48,590

landing you're like I don't know yeah

575

00:26:53,230 --> 00:26:51,200

yeah okay well we're right I had our

576
00:26:55,810 --> 00:26:53,240
break so we're making a note here we'll

577
00:26:57,670 --> 00:26:55,820
be talking back we'll start right where

578
00:27:01,150 --> 00:26:57,680
we left off and for right now we're

579
00:27:03,070 --> 00:27:01,160
gonna go into a quick break so hang in

580
00:27:07,450 --> 00:27:03,080
everyone we'll be right back right and

581
00:27:10,000 --> 00:27:07,460
just a minute okay we're still we're

582
00:27:11,770 --> 00:27:10,010
gonna be we're live on YouTube at this

583
00:27:14,440 --> 00:27:11,780
at this point just let you know but we

584
00:27:18,850 --> 00:27:14,450
can continue we're going to continue the

585
00:27:20,170 --> 00:27:18,860
discussion but Gary since you're now you

586
00:27:23,950 --> 00:27:20,180
actually have a voice why don't you say

587
00:27:28,000 --> 00:27:23,960
hi to our listeners hi everyone

588
00:27:29,920 --> 00:27:28,010

all right just I knew this was gonna

589

00:27:33,510 --> 00:27:29,930

happen because as we before we got on it

590

00:27:36,190 --> 00:27:33,520

you having problems yeah do you want to

591

00:27:37,330 --> 00:27:36,200

tell the listener who you are and your

592

00:27:41,500 --> 00:27:37,340

involvement in this

593

00:27:45,670 --> 00:27:41,510

we got a woman my involvement I'm an

594

00:27:49,840 --> 00:27:45,680

author of three books Jim called me up

595

00:27:52,690 --> 00:27:49,850

one day and he asked me to look at these

596

00:27:58,600 --> 00:27:52,700

coordinates from the code now Sara got

597

00:28:01,450 --> 00:27:58,610

involved that was in 20 2010 my figures

598

00:28:06,850 --> 00:28:01,460

binning you would go into the 30th

599

00:28:09,220 --> 00:28:06,860

anniversary reunion at the at the

600

00:28:11,560 --> 00:28:09,230

Woodbridge it's a conference at the time

601
00:28:13,950 --> 00:28:11,570
you asked me along that I couldn't make

602
00:28:17,950 --> 00:28:13,960
it because it was it's Christmas and

603
00:28:20,590 --> 00:28:17,960
then and then in January 2011 then you

604
00:28:21,820 --> 00:28:20,600
got in touch with me again and then you

605
00:28:23,290 --> 00:28:21,830
asked me to look at these seven

606
00:28:26,110 --> 00:28:23,300
coordinates and then you sent me to

607
00:28:29,770 --> 00:28:26,120
seven coolants on February the 3rd 2011

608
00:28:31,420 --> 00:28:29,780
and she starts me just asked me to look

609
00:28:32,830 --> 00:28:31,430
at them and give it my best shot to see

610
00:28:35,320 --> 00:28:32,840
if there was any additional information

611
00:28:36,940 --> 00:28:35,330
I could find but the less air I got

612
00:28:42,280 --> 00:28:36,950
involved I think Jim Connie touched me

613
00:28:43,990 --> 00:28:42,290

first because he knew that I was into

614

00:28:46,240 --> 00:28:44,000

ancient symbolism

615

00:28:50,320 --> 00:28:46,250

I was deciphering ancient codes that

616

00:28:54,580 --> 00:28:50,330

kind of thing free books I had out you

617

00:28:58,030 --> 00:28:54,590

know I was working on certain certain

618

00:28:59,020 --> 00:28:58,040

themes and he came up with the 23.5

619

00:29:01,540 --> 00:28:59,030

because that's

620

00:29:04,450 --> 00:29:01,550

he put in his email to me and I asked

621

00:29:07,060 --> 00:29:04,460

him why did you title your email 23.5 he

622

00:29:09,040 --> 00:29:07,070

said he had a dream about it and my work

623

00:29:14,160 --> 00:29:09,050

my research work at the time was finding

624

00:29:19,660 --> 00:29:14,170

these at 23.5 angle reference is in pain

625

00:29:21,040 --> 00:29:19,670

stints sourced through our history

626

00:29:24,130 --> 00:29:21,050

mostly from the 17th century in

627

00:29:27,250 --> 00:29:24,140

paintings where the staffs or the swords

628

00:29:29,050 --> 00:29:27,260

that are at that angle and it's the 23.5

629

00:29:32,440 --> 00:29:29,060

is of course the tilt angle of the earth

630

00:29:34,600 --> 00:29:32,450

you have sub liquid sea angle so I found

631

00:29:36,430 --> 00:29:34,610

that there was this these references

632

00:29:37,960 --> 00:29:36,440

made to the angle of 23.5 or they've

633

00:29:41,680 --> 00:29:37,970

been encoded in all these different

634

00:29:43,900 --> 00:29:41,690

sources so when Jim semanas email he

635

00:29:46,540 --> 00:29:43,910

said yeah I bet dream of our dreams

636

00:29:48,010 --> 00:29:46,550

about this and he's default it was

637

00:29:52,900 --> 00:29:48,020

temperatures on the planet

638

00:29:59,230 --> 00:29:52,910

it was the temperature and I said no

639

00:30:00,550 --> 00:29:59,240

it's it's the Earth's two angle then he

640

00:30:02,740 --> 00:30:00,560

said we'll just have a look at these

641

00:30:07,240 --> 00:30:02,750

coordinates see where you can find them

642

00:30:09,610 --> 00:30:07,250

and after the first few weeks of looking

643

00:30:12,880 --> 00:30:09,620

at it I found something that I thought

644

00:30:16,210 --> 00:30:12,890

well Jim must be yanking my chain eehh

645

00:30:18,010 --> 00:30:16,220

you know I say I didn't I didn't really

646

00:30:19,720 --> 00:30:18,020

trust him at the time because I was

647

00:30:21,160 --> 00:30:19,730

quite skeptical about all this you know

648

00:30:24,310 --> 00:30:21,170

I've been following that I've been

649

00:30:26,710 --> 00:30:24,320

following the case off on and off over

650

00:30:28,810 --> 00:30:26,720

the years but I didn't know what to make

651
00:30:30,970 --> 00:30:28,820
of these were of the binary code I

652
00:30:34,960 --> 00:30:30,980
didn't know what to make it out but I

653
00:30:37,210 --> 00:30:34,970
started finding things and it just went

654
00:30:40,000 --> 00:30:37,220
from there and I know I looked into it

655
00:30:44,620 --> 00:30:40,010
and I started investigating I start I

656
00:30:47,080 --> 00:30:44,630
was talking to my Colfer about it and it

657
00:30:48,820 --> 00:30:47,090
looked like what was coming out of the

658
00:30:52,330 --> 00:30:48,830
seven coordinates was something that Jim

659
00:30:55,150 --> 00:30:52,340
could not have devised himself I just

660
00:30:57,550 --> 00:30:55,160
knew it Wow just good Jim we're ready to

661
00:31:00,550 --> 00:30:57,560
jump back aren't we race we're ready to

662
00:31:04,500 --> 00:31:00,560
go Martin okay we're ready here - okay

663
00:31:09,340 --> 00:31:04,510

gentlemen stand by I will count you down

664

00:31:15,039 --> 00:31:09,350

all right here we go mr. Willis in five

665

00:31:16,690 --> 00:31:15,049

or three - all right welcome back I have

666

00:31:20,529 --> 00:31:16,700

two guests this evening Jim Penniston

667

00:31:22,419 --> 00:31:20,539

and Gary Osbourne and Gary does have

668

00:31:25,600 --> 00:31:22,429

sound now he was talking to us during

669

00:31:30,100 --> 00:31:25,610

the break and we're going to jump right

670

00:31:35,830 --> 00:31:30,110

back though with Jim and we haven't had

671

00:31:39,090 --> 00:31:35,840

some background someone doing dishes in

672

00:31:45,460 --> 00:31:39,100

the background from one of your places

673

00:31:47,169 --> 00:31:45,470

dishes crash or something anyway Jim you

674

00:31:49,120 --> 00:31:47,179

were talking just before the break I

675

00:31:51,880 --> 00:31:49,130

asked you if he looked below to see if

676

00:31:53,289 --> 00:31:51,890

you can see any you know legs you said

677

00:31:55,200 --> 00:31:53,299

there was a bright light underneath so

678

00:31:57,970 --> 00:31:55,210

could you continue on from that point

679

00:32:00,010 --> 00:31:57,980

yeah sure

680

00:32:04,029 --> 00:32:00,020

with you what the craft apparently being

681

00:32:06,100 --> 00:32:04,039

fixed somehow to the ground I started my

682

00:32:08,770 --> 00:32:06,110

examination that I have nothing else to

683

00:32:12,700 --> 00:32:08,780

do I didn't think I was having a common

684

00:32:13,210 --> 00:32:12,710

full communication with with the control

685

00:32:15,760 --> 00:32:13,220

center

686

00:32:19,390 --> 00:32:15,770

but I kept transmitting anywhere and

687

00:32:23,890 --> 00:32:19,400

periodically until we get response

688

00:32:26,799 --> 00:32:23,900

forces out there and I started 360

689

00:32:30,190 --> 00:32:26,809

around it and you know I start taking

690

00:32:32,260 --> 00:32:30,200

notes I looked at things that that I

691

00:32:36,279 --> 00:32:32,270

thought were pertinent I was looking for

692

00:32:42,730 --> 00:32:36,289

things that aircraft have and it was

693

00:32:44,020 --> 00:32:42,740

obvious this was void of them it had no

694

00:32:47,500 --> 00:32:44,030

crew compartments

695

00:32:50,620 --> 00:32:47,510

it had no rivet iani on the craft itself

696

00:32:54,640 --> 00:32:50,630

it had no lion a year that I could see

697

00:32:58,060 --> 00:32:54,650

he had no intakes it had no exhaust it

698

00:33:02,260 --> 00:32:58,070

had no flaps all the things that make

699

00:33:05,680 --> 00:33:02,270

airplanes fly it did not have so yeah my

700

00:33:07,899 --> 00:33:05,690

curiosity was was was heightened so I

701
00:33:10,539 --> 00:33:07,909
started feeling a lot better I had mixed

702
00:33:17,970 --> 00:33:10,549
emotions on it from being scared to

703
00:33:21,130 --> 00:33:17,980
death to the just to be in awe and I

704
00:33:22,420 --> 00:33:21,140
started so I continued doing my 360

705
00:33:24,940 --> 00:33:22,430
walk-around

706
00:33:29,560 --> 00:33:24,950
I paced off the craft it measured about

707
00:33:32,230 --> 00:33:29,570
nine feet long it's hard to tell is in

708
00:33:35,020 --> 00:33:32,240
between the berms I would say I was six

709
00:33:37,560 --> 00:33:35,030
foot two that I guesstimated some are

710
00:33:41,380 --> 00:33:37,570
between six and a half seven feet high

711
00:33:44,230 --> 00:33:41,390
it had had a large dorsal fin type on it

712
00:33:46,170 --> 00:33:44,240
on the rear I guess the rear I'm not

713
00:33:51,220 --> 00:33:46,180

sure where the front was but I was

714

00:33:52,900 --> 00:33:51,230

acquitting to aircraft by knew it wasn't

715

00:33:55,840 --> 00:33:52,910

in the genes book of a known aircraft

716

00:33:58,690 --> 00:33:55,850

that's obvious

717

00:34:00,850 --> 00:33:58,700

but as far as the design of it it would

718

00:34:05,110 --> 00:34:00,860

have been a flying brick I mean there's

719

00:34:09,820 --> 00:34:05,120

no way that thing could've flew and so I

720

00:34:13,030 --> 00:34:09,830

did the 368 as I walked around and then

721

00:34:15,119 --> 00:34:13,040

I headed toward the front of it I keep

722

00:34:18,159 --> 00:34:15,129

up there was an inscription on it

723

00:34:20,440 --> 00:34:18,169

markings and I thought it relieved I

724

00:34:23,409 --> 00:34:20,450

felt you know maybe I'll say something

725

00:34:25,720 --> 00:34:23,419

like you know Nassau yeah like I'm a

726
00:34:27,909 --> 00:34:25,730
sickle and you know I may miss Russia I

727
00:34:30,940 --> 00:34:27,919
don't know I knew the technology was

728
00:34:35,139 --> 00:34:30,950
advanced so I was just grabbing at

729
00:34:36,250 --> 00:34:35,149
straws of that plant and when I walked

730
00:34:38,530 --> 00:34:36,260
wrong yeah there was there's

731
00:34:45,909 --> 00:34:38,540
inscriptions on it but I'll say that

732
00:34:49,330 --> 00:34:45,919
they were of the the the pictorials were

733
00:34:52,330 --> 00:34:49,340
probably more like I would say similar

734
00:34:57,610 --> 00:34:52,340
to Egyptian or something like that

735
00:35:00,280 --> 00:34:57,620
design on but they I was that's the best

736
00:35:04,320 --> 00:35:00,290
I could describe it the I felt that the

737
00:35:07,080 --> 00:35:04,330
craft was smooth to touch it was warm

738
00:35:10,210 --> 00:35:07,090

were these the words these symbols were

739

00:35:11,530 --> 00:35:10,220

they measured them about the hand high

740

00:35:14,680 --> 00:35:11,540

so they're about four or five inches

741

00:35:18,420 --> 00:35:14,690

high and they were about three feet long

742

00:35:23,050 --> 00:35:18,430

and the top side of it there was a

743

00:35:24,850 --> 00:35:23,060

circular one with a triangle and as I

744

00:35:29,370 --> 00:35:24,860

touched the bottom part of it from the

745

00:35:35,560 --> 00:35:29,380

smooth craft to the to the actual

746

00:35:41,890 --> 00:35:37,570

it went from very smooth to touch like

747

00:35:48,640 --> 00:35:41,900

black glass to like I would say like a

748

00:35:53,640 --> 00:35:48,650

sandpaper like it was engraved yeah yeah

749

00:35:56,260 --> 00:35:53,650

I was pretty mind-blowing blaming the I

750

00:36:01,480 --> 00:35:56,270

continued to make the 360 around I

751
00:36:05,260 --> 00:36:01,490
stopped they took notes I knew at this

752
00:36:07,690 --> 00:36:05,270
point in time that technology was was

753
00:36:09,280 --> 00:36:07,700
unknown and it was advanced did you

754
00:36:10,960 --> 00:36:09,290
happen to look up and see that that

755
00:36:12,520 --> 00:36:10,970
where it came through the trees I know

756
00:36:15,100 --> 00:36:12,530
there was some supposedly broken

757
00:36:16,270 --> 00:36:15,110
branches did you notice that then at

758
00:36:19,980 --> 00:36:16,280
that point in time I tell you of my

759
00:36:22,390 --> 00:36:19,990
whole my whole train of thought my whole

760
00:36:24,820 --> 00:36:22,400
fixation was on what was sitting in

761
00:36:28,060 --> 00:36:24,830
front of ya that was the only thing I

762
00:36:31,990 --> 00:36:28,070
was looking at everything else was yeah

763
00:36:34,570 --> 00:36:32,000

yeah all I know is that we were sitting

764

00:36:36,370 --> 00:36:34,580

you know this is a large twin air force

765

00:36:38,770 --> 00:36:36,380

base it was the largest Tactical Fighter

766

00:36:40,930 --> 00:36:38,780

Wing in the free world of time and we

767

00:36:45,430 --> 00:36:40,940

had prior to a B and C resources there

768

00:36:48,580 --> 00:36:45,440

and I had to determine whether this was

769

00:36:54,220 --> 00:36:48,590

a threat to those resources or not and

770

00:36:55,510 --> 00:36:54,230

it was my main objective at this point

771

00:36:57,910 --> 00:36:55,520

how much time would you say that it had

772

00:37:01,270 --> 00:36:57,920

passed would you would you would you

773

00:37:02,800 --> 00:37:01,280

remember well from what point to what

774

00:37:05,680 --> 00:37:02,810

point that when you actually approached

775

00:37:10,240 --> 00:37:05,690

the craft you said you went around 360 a

776

00:37:12,970 --> 00:37:10,250

couple of times on it at least one time

777

00:37:16,260 --> 00:37:12,980

around at first at that point it was

778

00:37:19,060 --> 00:37:16,270

only I don't know

779

00:37:25,120 --> 00:37:19,070

not long three four minutes

780

00:37:29,100 --> 00:37:25,130

Nawal I continued to do another 360 to

781

00:37:32,800 --> 00:37:29,110

make notes I was more fast with the the

782

00:37:37,000 --> 00:37:32,810

the pictorials that were on the side I

783

00:37:40,150 --> 00:37:37,010

got a hike when I cuts through those and

784

00:37:41,830 --> 00:37:40,160

they were fascinating and then they have

785

00:37:43,300 --> 00:37:41,840

the triangular when I was up there and

786

00:37:45,850 --> 00:37:43,310

that wasn't there stood out because it

787

00:37:46,930 --> 00:37:45,860

was larger and it was bigger and it was

788

00:37:50,529 --> 00:37:46,940

on top

789

00:37:56,500 --> 00:37:50,539

and my tops and when I did touch that it

790

00:37:58,890 --> 00:37:56,510

was a brilliant like white light and

791

00:38:03,270 --> 00:37:58,900

there's so why so bright I could not see

792

00:38:05,829 --> 00:38:03,280

anything else but this white light and

793

00:38:07,720 --> 00:38:05,839

if during that time and then I started

794

00:38:09,640 --> 00:38:07,730

seeking you know like flashes the ones

795

00:38:13,059 --> 00:38:09,650

and zeros and all this other stuff oh my

796

00:38:15,339 --> 00:38:13,069

god what the hell is this and then I

797

00:38:18,760 --> 00:38:15,349

sort of gained my wits about me and I

798

00:38:21,279 --> 00:38:18,770

just took my hand off and immediately

799

00:38:25,359 --> 00:38:21,289

the light was gone and the craft is back

800

00:38:30,250 --> 00:38:25,369

in front of me and it was really other

801
00:38:33,490 --> 00:38:30,260
those totally odd of so many things is

802
00:38:36,160 --> 00:38:33,500
my night vision was still there normally

803
00:38:38,020 --> 00:38:36,170
if you're out in and you have something

804
00:38:39,970 --> 00:38:38,030
that bright that you can't hit that make

805
00:38:42,730 --> 00:38:39,980
you squint and see you can't see nothing

806
00:38:44,260 --> 00:38:42,740
else your night vision IIFA said minimum

807
00:38:47,109 --> 00:38:44,270
probably wouldn't come back for 30 or 40

808
00:38:51,190 --> 00:38:47,119
minutes but it never affected you so I

809
00:38:55,539 --> 00:38:51,200
knew at that point it wasn't light like

810
00:39:00,700 --> 00:38:55,549
that would affect your night vision what

811
00:39:06,309 --> 00:39:00,710
it was did not do that yeah you know it

812
00:39:08,890 --> 00:39:06,319
was like yeah it was perplexing I group

813
00:39:12,970 --> 00:39:08,900

walked back rounded and I started

814

00:39:15,490 --> 00:39:12,980

backing around inside the inn I didn't

815

00:39:18,400 --> 00:39:15,500

talk about it when I came up to it but

816

00:39:20,440 --> 00:39:18,410

there had been globular movement of

817

00:39:23,109 --> 00:39:20,450

different colored lights throughout the

818

00:39:24,670 --> 00:39:23,119

craft when I approached it but they had

819

00:39:27,730 --> 00:39:24,680

slowed down and that's when we had this

820

00:39:30,240 --> 00:39:27,740

white intense light we're showing for

821

00:39:33,789 --> 00:39:30,250

him but if I started to see the light

822

00:39:36,160 --> 00:39:33,799

come back this color coming back

823

00:39:38,559 --> 00:39:36,170

throughout the fabric of the path and

824

00:39:40,990 --> 00:39:38,569

when I seen that I got I wasn't sure

825

00:39:44,319 --> 00:39:41,000

what was gonna you know explode or maybe

826

00:39:46,329 --> 00:39:44,329

because I touched it I don't know and I

827

00:39:48,849 --> 00:39:46,339

saw I backed away from it and the

828

00:39:52,029 --> 00:39:48,859

movement of those globular was movements

829

00:39:58,200 --> 00:39:52,039

of the light started getting faster and

830

00:40:00,520 --> 00:39:58,210

more brighter and more intense and then

831

00:40:02,740 --> 00:40:00,530

it's it's its star

832

00:40:05,320 --> 00:40:02,750

to move to lift it up and started moving

833

00:40:08,020 --> 00:40:05,330

and started moving back toward my name's

834

00:40:10,510 --> 00:40:08,030

15 feet so 20 feet through these trees

835

00:40:14,970 --> 00:40:10,520

which it can't not go through because

836

00:40:18,550 --> 00:40:14,980

it's too big to go through the trees and

837

00:40:22,690 --> 00:40:18,560

it stopped momentarily and then I went

838

00:40:25,900 --> 00:40:22,700

up to the canopy of the forest made a

839

00:40:27,670 --> 00:40:25,910

slight right turn and it was gone in a

840

00:40:29,830 --> 00:40:27,680

blink of a line Wow

841

00:40:31,900 --> 00:40:29,840

did you actually see it move when it you

842

00:40:33,690 --> 00:40:31,910

say it's gone in a blink of an eye or or

843

00:40:37,120 --> 00:40:33,700

did it looks more like it disappeared

844

00:40:39,340 --> 00:40:37,130

that's one thing I know at that point in

845

00:40:43,270 --> 00:40:39,350

time at that point in time I thought it

846

00:40:49,080 --> 00:40:43,280

disappeared mm-hmm okay because I it

847

00:40:51,700 --> 00:40:49,090

just was gone then I started did not die

848

00:40:56,170 --> 00:40:51,710

and the other thing it's really strange

849

00:40:58,240 --> 00:40:56,180

to wind this craft lifted up beside the

850

00:41:00,220 --> 00:40:58,250

thing it had to have to happen it did

851
00:41:03,760 --> 00:41:00,230
not happen it didn't have no air

852
00:41:05,290 --> 00:41:03,770
displacement okay I mean you get some

853
00:41:06,970 --> 00:41:05,300
kind of air displacement if something

854
00:41:10,180 --> 00:41:06,980
was lifting off the ground you would see

855
00:41:12,100 --> 00:41:10,190
nothing like that no sonic boom and so I

856
00:41:16,090 --> 00:41:12,110
did I figured just disappeared

857
00:41:17,770 --> 00:41:16,100
and then I her breaking the branches

858
00:41:20,500 --> 00:41:17,780
right behind me and it was the other

859
00:41:24,220 --> 00:41:20,510
Airmen that was living and he ran up and

860
00:41:31,270 --> 00:41:24,230
he's he's excited I mean really excited

861
00:41:32,680 --> 00:41:31,280
I mean and he he reacquires the crap he

862
00:41:37,980 --> 00:41:32,690
visually sees that down there and

863
00:41:41,140 --> 00:41:37,990

Donnell donford the cable green area and

864

00:41:45,040 --> 00:41:41,150

and before I could eat there it is in

865

00:41:46,960 --> 00:41:45,050

for I could say anything he took off and

866

00:41:52,930 --> 00:41:46,970

so here I am again I've got to maintain

867

00:41:54,400 --> 00:41:52,940

team integrity so I go after him and I'm

868

00:41:57,610 --> 00:41:54,410

sort of running that good pace through

869

00:41:59,410 --> 00:41:57,620

there and we go back you know over the

870

00:42:01,990 --> 00:41:59,420

fences at a couple of sentences we had

871

00:42:06,480 --> 00:42:02,000

to go over there's a farmer's field I

872

00:42:10,480 --> 00:42:06,490

fell down in this water entrenched area

873

00:42:12,430 --> 00:42:10,490

yeah and I and I finally yeah I guess

874

00:42:16,750 --> 00:42:12,440

maybe he got tired

875

00:42:19,960 --> 00:42:16,760

we get to this far road and he stops and

876

00:42:23,200 --> 00:42:19,970

Isis Isis I don't see it and he says

877

00:42:25,570 --> 00:42:23,210

yeah it's over there now is the opposite

878

00:42:28,180 --> 00:42:25,580

direction where were even going and I go

879

00:42:31,540 --> 00:42:28,190

over whatever and he's pointing to this

880

00:42:35,710 --> 00:42:31,550

this dim light when I says that's the

881

00:42:37,000 --> 00:42:35,720

lighthouse and I'm like oh my god don't

882

00:42:41,470 --> 00:42:37,010

tell me I was wrong obviously for a

883

00:42:43,960 --> 00:42:41,480

lighthouse and I could see over the wars

884

00:42:49,150 --> 00:42:43,970

to keep her green it was missionary over

885

00:42:51,520 --> 00:42:49,160

the forest so that's what I figured out

886

00:42:53,410 --> 00:42:51,530

it only moved it didn't disappear and it

887

00:42:59,330 --> 00:42:53,420

only moved at a high rate of speed

888

00:43:03,090 --> 00:42:59,340

yes and I was getting ready to actually

889

00:43:07,750 --> 00:43:05,650

pursue it a little bit farther I get a

890

00:43:12,220 --> 00:43:07,760

lot background noise here yeah I'm

891

00:43:15,250 --> 00:43:12,230

hearing it - yeah - pursue it a little

892

00:43:19,500 --> 00:43:15,260

bit more and then it just shot off

893

00:43:23,140 --> 00:43:19,510

across the North Sea and that's when we

894

00:43:27,700 --> 00:43:23,150

both returned to sort of return back to

895

00:43:30,010 --> 00:43:27,710

the east gate wow wow that that is just

896

00:43:32,830 --> 00:43:30,020

you know I mean everyone I've heard you

897

00:43:37,270 --> 00:43:32,840

tell this story before but every time

898

00:43:39,640 --> 00:43:37,280

you tell it it's it's really something I

899

00:43:41,740 --> 00:43:39,650

don't have a story yeah I know I've

900

00:43:45,250 --> 00:43:41,750

heard you tell the encounter before I

901
00:43:47,080 --> 00:43:45,260
should say yes I can't no yes yes I've

902
00:43:49,240 --> 00:43:47,090
heard you tell the encounter before and

903
00:43:51,700 --> 00:43:49,250
um I I understand that I didn't mean it

904
00:43:55,090 --> 00:43:51,710
in that type of way that it's okay Tommy

905
00:43:57,360 --> 00:43:55,100
I mean if I was gonna do a story I would

906
00:44:01,750 --> 00:43:57,370
[Music]

907
00:44:05,320 --> 00:44:01,760
I'm sure after all this time oh so now

908
00:44:09,130 --> 00:44:05,330
that you you just had this most amazing

909
00:44:12,520 --> 00:44:09,140
experience how did you live with it even

910
00:44:15,460 --> 00:44:12,530
that night I mean when you got back to

911
00:44:17,170 --> 00:44:15,470
the base did you talk to people about it

912
00:44:21,820 --> 00:44:17,180
did you talk to your fellows that were

913
00:44:24,400 --> 00:44:21,830

there well at a low we were exhausted

914

00:44:25,359 --> 00:44:24,410

I mean adrenaline adrenaline has stopped

915

00:44:28,059 --> 00:44:25,369

let me or

916

00:44:31,239 --> 00:44:28,069

winding down and as we're walking back

917

00:44:32,700 --> 00:44:31,249

the airmen whether he was now go where

918

00:44:34,989 --> 00:44:32,710

we gonna tell what we're gonna tell you

919

00:44:37,779 --> 00:44:34,999

we're not gonna tell him nothing

920

00:44:43,660 --> 00:44:37,789

I'm gonna do talking hmm what's the

921

00:44:46,450 --> 00:44:43,670

charge and so we get to the posting bus

922

00:44:48,940 --> 00:44:46,460

he he gets a ride back in a law

923

00:44:51,459 --> 00:44:48,950

forcement Patrol they go the other way

924

00:44:53,999 --> 00:44:51,469

to the babies I write back in the

925

00:44:56,529 --> 00:44:54,009

posting bus and on the posting bus I am

926
00:44:58,630 --> 00:44:56,539
looking at my notebook because I'm in

927
00:45:02,469 --> 00:44:58,640
disbelief - I mean how am I going to

928
00:45:05,229 --> 00:45:02,479
explain this my bike I'd done a couple

929
00:45:09,759 --> 00:45:05,239
more notes and stuff like that I had an

930
00:45:12,039 --> 00:45:09,769
airman sat beside me every chief that

931
00:45:14,319 --> 00:45:12,049
Selena yeah Bernalillo that's it

932
00:45:17,620 --> 00:45:14,329
burb burb leone he says what are you

933
00:45:20,349 --> 00:45:17,630
doing I'm like I'm here zone you know

934
00:45:22,569 --> 00:45:20,359
from his standpoint you know if they had

935
00:45:25,660 --> 00:45:22,579
their own looked at they're adding to it

936
00:45:34,390 --> 00:45:25,670
to me nice that's just not going to talk

937
00:45:39,819 --> 00:45:34,400
about it I did got back to base I went

938
00:45:44,380 --> 00:45:39,829

to turn on my m16 I was told that oh I

939

00:45:47,769 --> 00:45:44,390

had my paperwork that was coming back on

940

00:45:51,069 --> 00:45:47,779

the bus I had written doubt the

941

00:45:52,239 --> 00:45:51,079

information for the 1569 the incident in

942

00:45:54,459 --> 00:45:52,249

complaint report because they're gonna

943

00:45:55,870 --> 00:45:54,469

want to do a description oh yeah can I

944

00:45:56,469 --> 00:45:55,880

just say something here can I just say

945

00:45:59,739 --> 00:45:56,479

something yeah yeah

946

00:46:03,609 --> 00:45:59,749

jump in go ahead people have said to you

947

00:46:07,499 --> 00:46:03,619

know kind of criticized gym notebooks

948

00:46:09,969 --> 00:46:07,509

saying that you know he wrote down in

949

00:46:11,229 --> 00:46:09,979

you know he wrote the times down there

950

00:46:13,599 --> 00:46:11,239

you would see it on a visual watch

951
00:46:16,539 --> 00:46:13,609
because that's what he was doing and he

952
00:46:20,229 --> 00:46:16,549
wasn't writing them down in the military

953
00:46:22,269 --> 00:46:20,239
form you know and but on the way back

954
00:46:23,589 --> 00:46:22,279
you did you and then you because you

955
00:46:26,950 --> 00:46:23,599
knew you was going to be writing this

956
00:46:30,729 --> 00:46:26,960
into the Air Force document was it the

957
00:46:32,499 --> 00:46:30,739
one five six nine oh yeah 1569 but

958
00:46:34,359 --> 00:46:32,509
that's a military report I was doing out

959
00:46:35,890 --> 00:46:34,369
that's why yeah but when he was on the

960
00:46:38,750 --> 00:46:35,900
bat he was actually writing it down in

961
00:46:41,290 --> 00:46:38,760
the military notation the times you know

962
00:46:46,430 --> 00:46:41,300
but therefore the report I would yeah

963
00:46:49,670 --> 00:46:46,440

yeah yeah I'm sad through that myself I

964

00:46:52,550 --> 00:46:49,680

saw I mean skeptics have said that you

965

00:46:54,470 --> 00:46:52,560

know in the notebook the times are

966

00:46:57,200 --> 00:46:54,480

written down as you normally would write

967

00:46:58,490 --> 00:46:57,210

a sign down you know but it was been

968

00:47:01,130 --> 00:46:58,500

when he was going back on the bus that

969

00:47:03,859 --> 00:47:01,140

you wrote the times down in military

970

00:47:06,260 --> 00:47:03,869

notation well maybe what the skeptics

971

00:47:11,570 --> 00:47:06,270

should do is ask me about it to talk to

972

00:47:16,450 --> 00:47:11,580

me about it yeah sure so so Jim what

973

00:47:20,240 --> 00:47:16,460

about the camera in the pictures okay

974

00:47:26,120 --> 00:47:20,250

well when I got the CSC I mean the

975

00:47:28,670 --> 00:47:26,130

priority was she they told me that the

976

00:47:29,540 --> 00:47:28,680

oh I wasn't about 1569 let me finish

977

00:47:31,370 --> 00:47:29,550

that part out

978

00:47:32,540 --> 00:47:31,380

all right so I had the information fifty

979

00:47:34,460 --> 00:47:32,550

sixty nine I'm gonna tell you what

980

00:47:38,870 --> 00:47:34,470

sergeant Dave coffee he's a great it was

981

00:47:41,000 --> 00:47:38,880

a great security policemen job when I

982

00:47:43,400 --> 00:47:41,010

went and I said I got stuff for the 1516

983

00:47:45,590 --> 00:47:43,410

says already wrote it he said I heard

984

00:47:48,290 --> 00:47:45,600

everything that radio I saw you could

985

00:47:50,450 --> 00:47:48,300

hear he goes yeah he said oh I was like

986

00:47:52,580 --> 00:47:50,460

oh okay great and so he gave me the copy

987

00:47:54,920 --> 00:47:52,590

the 1569 so I'll read it and see what's

988

00:47:57,050 --> 00:47:54,930

right I read through it and times right

989

00:48:00,230 --> 00:47:57,060

everything was going perfectly a message

990

00:48:02,630 --> 00:48:00,240

good job Dave nice is there we go so I

991

00:48:04,940 --> 00:48:02,640

never haven't given my notes anyway and

992

00:48:07,910 --> 00:48:04,950

he then he said a certain challenge so

993

00:48:12,680 --> 00:48:07,920

well you need to see the day shift

994

00:48:18,290 --> 00:48:12,690

commander uh captain bromme and give

995

00:48:20,030 --> 00:48:18,300

them a quick report on this is okay so

996

00:48:22,340 --> 00:48:20,040

when I went back out that's what I ran

997

00:48:24,109 --> 00:48:22,350

into Aaron burrows and I totally come

998

00:48:26,900 --> 00:48:24,119

along because when I said I will be

999

00:48:31,310 --> 00:48:26,910

doing all the talking and that's what

1000

00:48:36,280 --> 00:48:31,320

sergeants do and we went from a cab

1001

00:48:45,890 --> 00:48:36,290

around like I gave him a Vickery

1002

00:48:48,230 --> 00:48:45,900

sanitized report of it and I you know I

1003

00:48:51,010 --> 00:48:48,240

did see something mechanical other and

1004

00:48:55,060 --> 00:48:51,020

all that but I kept it sanitized

1005

00:48:57,460 --> 00:48:55,070

for my career I I didn't use the word

1006

00:49:01,780 --> 00:48:57,470

UFO because that is the curse of death

1007

00:49:02,940 --> 00:49:01,790

in the Air Force music I like coined a

1008

00:49:08,170 --> 00:49:02,950

phrase

1009

00:49:10,030 --> 00:49:08,180

hemorrhoids call crap-ton or origin that

1010

00:49:14,340 --> 00:49:10,040

was the most accurate description I

1011

00:49:17,050 --> 00:49:14,350

could call it without without and

1012

00:49:18,780 --> 00:49:17,060

captain Brownlow was just happiness this

1013

00:49:22,450 --> 00:49:18,790

pencil there he says I'll tell you what

1014

00:49:25,780 --> 00:49:22,460

gentleman he says project Bluebook ended

1015

00:49:28,780 --> 00:49:25,790

in 69 there's no way to top channel this

1016

00:49:33,570 --> 00:49:28,790

to report this he says the best thing to

1017

00:49:39,280 --> 00:49:33,580

do is just go home enjoy your break and

1018

00:49:41,920 --> 00:49:39,290

will it go like that well okay well that

1019

00:49:44,410 --> 00:49:41,930

ready to leave and I still had the film

1020

00:49:47,320 --> 00:49:44,420

would be so we ran by the I ran way in

1021

00:49:51,820 --> 00:49:47,330

my POV I ran by the base little guy

1022

00:49:53,859 --> 00:49:51,830

dropped it off the airman with me wanted

1023

00:49:56,349 --> 00:49:53,869

to go back out to the landing site and

1024

00:49:58,390 --> 00:49:56,359

he says because of the gale I actually

1025

00:49:59,770 --> 00:49:58,400

was a good idea I said yeah I'd be

1026
00:50:03,070 --> 00:49:59,780
probably a good idea to see in the

1027
00:50:05,109 --> 00:50:03,080
daylight and so we went on out there and

1028
00:50:08,460 --> 00:50:05,119
we're looking around the area where they

1029
00:50:11,020 --> 00:50:08,470
were the actual landing took place and

1030
00:50:14,130 --> 00:50:11,030
he was hollering at me says over here

1031
00:50:17,349 --> 00:50:14,140
over here and I went about 50 feet

1032
00:50:17,859 --> 00:50:17,359
that's when we've seen the intentions on

1033
00:50:21,640 --> 00:50:17,869
the ground

1034
00:50:27,940 --> 00:50:21,650
yeah father and I said okay yeah this is

1035
00:50:32,830 --> 00:50:27,950
where was that so then I said that was

1036
00:50:36,099 --> 00:50:32,840
enough for me and I says go back and we

1037
00:50:42,240 --> 00:50:36,109
left there and going back to the I gave

1038
00:50:44,680 --> 00:50:42,250

him a ride back the Ipswich and he

1039

00:50:49,690 --> 00:50:44,690

stopped at my house for a little bit and

1040

00:50:49,990 --> 00:50:49,700

embarrass me to death and yeah what he

1041

00:50:52,000 --> 00:50:50,000

said

1042

00:50:53,560 --> 00:50:52,010

you know let me tell you yeah we get

1043

00:50:54,940 --> 00:50:53,570

there we we look really bad we were all

1044

00:50:57,160 --> 00:50:54,950

muddy and everything else another

1045

00:51:02,080 --> 00:50:57,170

terrible thing and it was just even

1046

00:51:03,430 --> 00:51:02,090

later in the day good morning and at my

1047

00:51:05,770 --> 00:51:03,440

house I have a

1048

00:51:08,140 --> 00:51:05,780

I let a room out to certain Kennedy he

1049

00:51:11,170 --> 00:51:08,150

had a room there and personally my wife

1050

00:51:12,279 --> 00:51:11,180

at the time sir and then says you guys

1051
00:51:14,289 --> 00:51:12,289
look terrible

1052
00:51:17,049 --> 00:51:14,299
mark Kennedy was saying I say out there

1053
00:51:19,079 --> 00:51:17,059
we had a hell of a night and because in

1054
00:51:22,029 --> 00:51:19,089
Barroso yeah we see we're seeing UFOs

1055
00:51:23,799 --> 00:51:22,039
and all they they just look like any

1056
00:51:28,270 --> 00:51:23,809
notes that would do and they just

1057
00:51:34,510 --> 00:51:28,280
started laughing now okay this is good I

1058
00:51:37,299 --> 00:51:34,520
gonna go home and tell you guys think

1059
00:51:38,559 --> 00:51:37,309
it's fine I says I'm not good to tell

1060
00:51:41,740 --> 00:51:38,569
you anything about it again I'm like I

1061
00:51:44,140 --> 00:51:41,750
said okay and the place was bothered is

1062
00:51:45,940 --> 00:51:44,150
that was a great time because at that

1063
00:51:52,690 --> 00:51:45,950

time I wasn't told I couldn't talk about

1064

00:51:54,910 --> 00:51:52,700

and they could have everything and was

1065

00:51:57,490 --> 00:51:54,920

and unfortunately you know I mean it was

1066

00:51:59,500 --> 00:51:57,500

like a you know within the next 72 hours

1067

00:52:02,079 --> 00:51:59,510

it was going to be classified top secret

1068

00:52:06,630 --> 00:52:02,089

but you're treated as a top secret and I

1069

00:52:12,279 --> 00:52:10,089

that's this all this is covered in such

1070

00:52:13,750 --> 00:52:12,289

detailed in the rims from the video bo

1071

00:52:15,910 --> 00:52:13,760

book yeah

1072

00:52:19,150 --> 00:52:15,920

and that's what I wanted to make sure to

1073

00:52:19,960 --> 00:52:19,160

happen well we're going to break here in

1074

00:52:22,930 --> 00:52:19,970

just one minute

1075

00:52:24,970 --> 00:52:22,940

but up can you just finish as far as the

1076

00:52:28,630 --> 00:52:24,980

film goes you you drop that off to get

1077

00:52:31,359 --> 00:52:28,640

developed and but when I would return to

1078

00:52:34,839 --> 00:52:31,369

work on the Monday I stopped by the base

1079

00:52:36,870 --> 00:52:34,849

mobile app and I mean of course I open

1080

00:52:40,480 --> 00:52:36,880

them up and they were all whited out and

1081

00:52:42,279 --> 00:52:40,490

as I look through them and so they're

1082

00:52:44,079 --> 00:52:42,289

pretty much worthless I thought was

1083

00:52:46,809 --> 00:52:44,089

expecting them to have the photographs

1084

00:52:49,299 --> 00:52:46,819

and they were not there I mean I looked

1085

00:52:51,519 --> 00:52:49,309

through them all I do think that the

1086

00:52:52,960 --> 00:52:51,529

images just didn't come out or do think

1087

00:52:55,029 --> 00:52:52,970

that something was done to them

1088

00:52:59,289 --> 00:52:55,039

originally I thought something was done

1089

00:53:03,309 --> 00:52:59,299

to and I have discussed for the distrust

1090

00:53:05,529 --> 00:53:03,319

of the efforts at that time and I find

1091

00:53:07,029 --> 00:53:05,539

out later on mineral Nevel sergeant

1092

00:53:09,789 --> 00:53:07,039

nevels who went out on the third night

1093

00:53:12,250 --> 00:53:09,799

had his own camera and developed his own

1094

00:53:15,010 --> 00:53:12,260

film had the same problem happened

1095

00:53:18,490 --> 00:53:15,020

they were whited out to but

1096

00:53:21,190 --> 00:53:18,500

but the his evaluation level was there

1097

00:53:23,230 --> 00:53:21,200

was due to radiation oh I see that's

1098

00:53:24,700 --> 00:53:23,240

very yeah very possible all right well

1099

00:53:27,970 --> 00:53:24,710

right at the break so we're gonna head

1100

00:53:29,950 --> 00:53:27,980

into the break here and hang in everyone

1101

00:53:32,170 --> 00:53:29,960

we'll be back with our guests

1102

00:53:34,410 --> 00:53:32,180

Gary Osborne and Jim Penniston right

1103

00:53:38,230 --> 00:53:34,420

after these messages are we were right

1104

00:53:42,760 --> 00:53:38,240

in the middle of talking and discussing

1105

00:53:45,040 --> 00:53:42,770

this amazing case and I asked Jim about

1106

00:53:47,440 --> 00:53:45,050

his film whether it had developed he

1107

00:53:49,690 --> 00:53:47,450

said it was all white it possibly was

1108

00:53:52,060 --> 00:53:49,700

radiation that was causing this I mean

1109

00:53:53,380 --> 00:53:52,070

that is that is a very plausible answer

1110

00:53:55,780 --> 00:53:53,390

wouldn't you say Jim and when you think

1111

00:53:57,880 --> 00:53:55,790

about it well we know for a fact that's

1112

00:54:00,100 --> 00:53:57,890

what it was I'll tell you why

1113

00:54:02,020 --> 00:54:00,110

Monroe nevels was a disaster

1114

00:54:06,730 --> 00:54:02,030

preparedness guy that was sent out the

1115

00:54:08,290 --> 00:54:06,740

following morning to verify from the

1116

00:54:10,690 --> 00:54:08,300

base commander everything happened on

1117

00:54:14,830 --> 00:54:10,700

the first night so that's that's

1118

00:54:17,140 --> 00:54:14,840

actually that's actually how the third

1119

00:54:21,670 --> 00:54:17,150

night came about by the way but anyway

1120

00:54:23,950 --> 00:54:21,680

it was so mineral nevels I the the

1121

00:54:26,950 --> 00:54:23,960

radiation is only on the landing site

1122

00:54:29,770 --> 00:54:26,960

where the craft actually was anything on

1123

00:54:32,320 --> 00:54:29,780

the off the peripheral of that there was

1124

00:54:34,030 --> 00:54:32,330

no radiation it was zero it was the only

1125

00:54:37,540 --> 00:54:34,040

this is according to Monroe nevels or

1126
00:54:39,490 --> 00:54:37,550
not County he was an expert so that's

1127
00:54:41,350 --> 00:54:39,500
what he says the only part that were it

1128
00:54:44,230 --> 00:54:41,360
had the radiation was the extra craft

1129
00:54:46,900 --> 00:54:44,240
and obviously the part that never made

1130
00:54:49,300 --> 00:54:46,910
sense to me with the pictures that were

1131
00:54:52,930 --> 00:54:49,310
whited out even though he said there was

1132
00:54:55,810 --> 00:54:52,940
radiation I was walking up to that craft

1133
00:54:59,800 --> 00:54:55,820
that was far enough away I figured those

1134
00:55:04,110 --> 00:54:59,810
pictures would actually be okay you know

1135
00:55:06,760 --> 00:55:04,120
Wow the strikes what I was thinking and

1136
00:55:08,740 --> 00:55:06,770
but he had done the survey with the

1137
00:55:10,450 --> 00:55:08,750
equipment he says the radiation was so

1138
00:55:13,030 --> 00:55:10,460

good we went back over this he even told

1139

00:55:16,780 --> 00:55:13,040

me the kinds of radiation all those

1140

00:55:18,190 --> 00:55:16,790

other stuff but but he was instrumental

1141

00:55:20,230 --> 00:55:18,200

and writing the book and I really don't

1142

00:55:22,540 --> 00:55:20,240

want to say what happened with Monroe

1143

00:55:26,890 --> 00:55:22,550

because that's hearsay I'd rather have

1144

00:55:28,540 --> 00:55:26,900

him say his chapter in the book you know

1145

00:55:32,349 --> 00:55:28,550

because I wasn't there on the

1146

00:55:35,349 --> 00:55:32,359

third night so I'm not gonna try to talk

1147

00:55:38,349 --> 00:55:35,359

out of school on that you know mm-hmm

1148

00:55:40,960 --> 00:55:38,359

so and you said you were real exhausted

1149

00:55:46,480 --> 00:55:40,970

when you came back and did you actually

1150

00:55:49,870 --> 00:55:46,490

sleep okay and no I know I mean I was I

1151
00:55:54,450 --> 00:55:49,880
was hyped up went back out there to the

1152
00:55:58,390 --> 00:55:54,460
landing site later that morning they

1153
00:56:00,579 --> 00:55:58,400
took plaster Paris impressions almost

1154
00:56:03,370 --> 00:56:00,589
got caught with it coming back in with

1155
00:56:06,760 --> 00:56:03,380
major jewelry and they want to know what

1156
00:56:08,500 --> 00:56:06,770
and captain Rallo and certain beliefs

1157
00:56:10,390 --> 00:56:08,510
reservist we didn't back out of here and

1158
00:56:12,220 --> 00:56:10,400
I was like I just wanted to see in the

1159
00:56:14,320 --> 00:56:12,230
daylight and they said you need to go

1160
00:56:17,530 --> 00:56:14,330
home and let let us worry about it

1161
00:56:20,109 --> 00:56:17,540
that's what he said and so I did do that

1162
00:56:23,040 --> 00:56:20,119
got back home no way was I going to go

1163
00:56:26,380 --> 00:56:23,050

to sleep it was just - I was just too

1164

00:56:30,520 --> 00:56:26,390

traumatized at that point from it

1165

00:56:34,810 --> 00:56:30,530

I mean later that night

1166

00:56:36,660 --> 00:56:34,820

that that day I did try to get sleep I

1167

00:56:40,390 --> 00:56:36,670

mean I mean lay down for an hour or so

1168

00:56:42,390 --> 00:56:40,400

south to back down and hop it back down

1169

00:56:45,160 --> 00:56:42,400

it was terrible

1170

00:56:46,690 --> 00:56:45,170

now did you know anyone off off the base

1171

00:56:50,170 --> 00:56:46,700

and talked about this before they told

1172

00:56:50,680 --> 00:56:50,180

you no not to talk about it no why would

1173

00:56:52,720 --> 00:56:50,690

I do that

1174

00:56:54,760 --> 00:56:52,730

no I mean like family to me I would you

1175

00:56:58,930 --> 00:56:54,770

know I mean myself I want to talk to

1176
00:57:03,940 --> 00:56:58,940
family no you don't know because there's

1177
00:57:06,400 --> 00:57:03,950
a classified you know if something

1178
00:57:08,800 --> 00:57:06,410
happens in the military in operation

1179
00:57:11,470 --> 00:57:08,810
wish I was doing you're gonna sit there

1180
00:57:14,770 --> 00:57:11,480
and tell people back home what was going

1181
00:57:17,980 --> 00:57:14,780
on on a situation a security situation

1182
00:57:18,490 --> 00:57:17,990
on a basis that's a minimum for official

1183
00:57:20,050 --> 00:57:18,500
use only

1184
00:57:23,320 --> 00:57:20,060
you don't tell civilians that kind of

1185
00:57:24,660 --> 00:57:23,330
stuff yeah I know this I mentioned that

1186
00:57:27,760 --> 00:57:24,670
only because it was such a bizarre

1187
00:57:29,320 --> 00:57:27,770
situation and but I didn't I wasn't

1188
00:57:33,000 --> 00:57:29,330

thinking about the security part of it I

1189

00:57:35,230 --> 00:57:33,010

understand yeah it just it just wasn't

1190

00:57:37,060 --> 00:57:35,240

no you don't do that kind of stuff I

1191

00:57:38,890 --> 00:57:37,070

mean people that do that kind of stuff

1192

00:57:40,940 --> 00:57:38,900

for probably people who don't know

1193

00:57:42,440 --> 00:57:40,950

what's going on yeah I mean

1194

00:57:46,820 --> 00:57:42,450

yeah or they should be the military

1195

00:57:50,990 --> 00:57:46,830

right yep yeah I bet you're glad I'm not

1196

00:57:52,610 --> 00:57:51,000

in the military no it's a great way of

1197

00:57:55,370 --> 00:57:52,620

life I mean you know I'll tell you what

1198

00:57:57,350 --> 00:57:55,380

you know you're the you're the Stewart's

1199

00:57:59,600 --> 00:57:57,360

of the tax dollar man I mean and then

1200

00:58:01,550 --> 00:57:59,610

you do the best job you can you do that

1201
00:58:05,540 --> 00:58:01,560
yeah that's what we're getting paid for

1202
00:58:08,210 --> 00:58:05,550
over there yeah you know so um how many

1203
00:58:10,240 --> 00:58:08,220
now let's see time goes on and then you

1204
00:58:13,880 --> 00:58:10,250
know Charles halt has his encounter

1205
00:58:17,590 --> 00:58:13,890
later did you actually hear about that

1206
00:58:20,570 --> 00:58:17,600
happening at the time it happened well

1207
00:58:22,370 --> 00:58:20,580
what do I know about the boy first

1208
00:58:24,500 --> 00:58:22,380
oh yes I do but I mean well we're gonna

1209
00:58:26,690 --> 00:58:24,510
go right back to that but I'm just

1210
00:58:28,940 --> 00:58:26,700
wondering did you ever hear when when

1211
00:58:32,090 --> 00:58:28,950
Charles actually had his encounter or

1212
00:58:34,190 --> 00:58:32,100
was that later when I went back to work

1213
00:58:36,050 --> 00:58:34,200

and well I know Sunday night I got a

1214

00:58:38,630 --> 00:58:36,060

call from earlier room that I was

1215

00:58:40,730 --> 00:58:38,640

supposed to from siren Hudson that I

1216

00:58:43,310 --> 00:58:40,740

have a meeting with on-site at throw

1217

00:58:49,100 --> 00:58:43,320

aside building Monday morning and I got

1218

00:58:51,350 --> 00:58:49,110

a then after that I have to go see

1219

00:58:55,970 --> 00:58:51,360

Colonel Hall hmm

1220

00:58:59,390 --> 00:58:55,980

yeah so I said okay so you know I forget

1221

00:59:02,470 --> 00:58:59,400

down with OSI when we went up to see the

1222

00:59:06,050 --> 00:59:02,480

base commander's office Colonel Hall

1223

00:59:09,320 --> 00:59:06,060

that's when he played his tape told me

1224

00:59:11,930 --> 00:59:09,330

he had a experience oh wow I went and I

1225

00:59:16,150 --> 00:59:11,940

felt oh okay great it's off my shoulders

1226

00:59:19,100 --> 00:59:16,160

yeah he's a PL ranks name that's cool

1227

00:59:22,310 --> 00:59:19,110

yeah yeah all right so let's let's do

1228

00:59:24,170 --> 00:59:22,320

talk about what happened with the binary

1229

00:59:26,390 --> 00:59:24,180

well when I finally could get to sleep

1230

00:59:30,350 --> 00:59:26,400

that night and was wasn't very long I

1231

00:59:33,010 --> 00:59:30,360

mean I I was really concerned I was

1232

00:59:34,700 --> 00:59:33,020

concerned that I was actually having a

1233

00:59:37,490 --> 00:59:34,710

loser tonight

1234

00:59:39,230 --> 00:59:37,500

the trauma was the table I kept seeing

1235

00:59:41,300 --> 00:59:39,240

these ones and zeros and was like how

1236

00:59:43,790 --> 00:59:41,310

did this is not normal this is really

1237

00:59:47,270 --> 00:59:43,800

screwed up why a my wife's it's the only

1238

00:59:50,000 --> 00:59:47,280

thing I'm saying and so I got up and I

1239

00:59:53,390 --> 00:59:50,010

wasn't gonna sleep anyway so what time

1240

00:59:56,959 --> 00:59:53,400

it was I was late at night and

1241

00:59:58,309 --> 00:59:56,969

I mean a pot of coffee because I wasn't

1242

01:00:01,870 --> 00:59:58,319

gonna go to sleep anyway

1243

01:00:05,239 --> 01:00:01,880

and I sat down I was at the dining table

1244

01:00:08,059 --> 01:00:05,249

I started doubting stuff because my mind

1245

01:00:09,859 --> 01:00:08,069

was just the guys this is trauma so I

1246

01:00:11,930 --> 01:00:09,869

whatever got my notebook

1247

01:00:13,549 --> 01:00:11,940

and I started looking at the other stuff

1248

01:00:18,529 --> 01:00:13,559

had written down earlier you know like

1249

01:00:26,930 --> 01:00:18,539

the descriptions the drawings stuff like

1250

01:00:29,269 --> 01:00:26,940

that my notes and Endeavor man you know

1251
01:00:32,239 --> 01:00:29,279
as i sat there i could close my eyes and

1252
01:00:37,249 --> 01:00:32,249
like a CDS you know - I could see these

1253
01:00:38,359 --> 01:00:37,259
ones and zeros I mean clearly and I said

1254
01:00:42,859 --> 01:00:38,369
you know I think I could write those

1255
01:00:45,529 --> 01:00:42,869
down you know yeah and I'm not sure

1256
01:00:47,329 --> 01:00:45,539
white wine - right but anyway I started

1257
01:00:51,709 --> 01:00:47,339
writing and Dom but after just the first

1258
01:00:54,950 --> 01:00:51,719
fused first couple lines of writing it

1259
01:00:59,299 --> 01:00:54,960
down which I could do quite easily if I

1260
01:01:01,670 --> 01:00:59,309
felt better and as I felt better the

1261
01:01:04,279 --> 01:01:01,680
more I wrote I just kept going in it

1262
01:01:06,140 --> 01:01:04,289
matter of fact it got to the point I was

1263
01:01:06,799 --> 01:01:06,150

running I mean how pens are and it

1264

01:01:10,219 --> 01:01:06,809

always worked

1265

01:01:12,739 --> 01:01:10,229

he went in stopped working and like I'm

1266

01:01:14,420 --> 01:01:12,749

over to the desk where I have the drawer

1267

01:01:18,759 --> 01:01:14,430

full of pen so I'm looking for a pen at

1268

01:01:20,989 --> 01:01:18,769

work so that was panicking and so I

1269

01:01:23,180 --> 01:01:20,999

still went back and I fact got want to

1270

01:01:26,779 --> 01:01:23,190

work I started finishing I wrote as long

1271

01:01:28,579 --> 01:01:26,789

as I could and went until I couldn't see

1272

01:01:31,160 --> 01:01:28,589

these ones zeros any more than that and

1273

01:01:33,589 --> 01:01:31,170

all sudden there was no compulsion to

1274

01:01:35,059 --> 01:01:33,599

write I felt good and I was really

1275

01:01:38,809 --> 01:01:35,069

concerned at that point because I

1276

01:01:42,650 --> 01:01:38,819

thought I would I had to go to the base

1277

01:01:44,120 --> 01:01:42,660

hospital up to at the clinic because you

1278

01:01:47,769 --> 01:01:44,130

know where do I tell them

1279

01:01:51,289 --> 01:01:47,779

I experienced a craft unknown origin and

1280

01:01:53,599 --> 01:01:51,299

I went home I see ones and zeros you

1281

01:01:54,979 --> 01:01:53,609

know I couldn't get out of my oh yeah

1282

01:01:57,680 --> 01:01:54,989

yeah Jim it's over

1283

01:01:59,029 --> 01:01:57,690

I mean we're gonna relieve you doing get

1284

01:02:01,849 --> 01:01:59,039

rid your security clearance pull your

1285

01:02:03,289 --> 01:02:01,859

weapon star and start discharging you

1286

01:02:06,040 --> 01:02:03,299

know papers that's what they would do

1287

01:02:08,260 --> 01:02:06,050

because I thought I actually

1288

01:02:10,750 --> 01:02:08,270

that the writing of these ones and zeros

1289

01:02:12,850 --> 01:02:10,760

this is an important point I thought was

1290

01:02:18,130 --> 01:02:12,860

insanity me losing my mind

1291

01:02:20,770 --> 01:02:18,140

yeah and so ashamed of it and the very

1292

01:02:23,440 --> 01:02:20,780

reason why they just stayed in the back

1293

01:02:24,940 --> 01:02:23,450

of my notebook for 30-some years that

1294

01:02:27,130 --> 01:02:24,950

was gonna be a question because you know

1295

01:02:30,220 --> 01:02:27,140

as you know um you probably know there's

1296

01:02:32,770 --> 01:02:30,230

a lot of people asking you know why did

1297

01:02:35,650 --> 01:02:32,780

you take so long to come out you know

1298

01:02:36,790 --> 01:02:35,660

with the binary part of this story you

1299

01:02:39,070 --> 01:02:36,800

know that's what you see a lot when

1300

01:02:41,050 --> 01:02:39,080

you're looking through you know reading

1301

01:02:44,560 --> 01:02:41,060

reading on this case that's because they

1302

01:02:46,690 --> 01:02:44,570

never asked many questions the

1303

01:02:49,840 --> 01:02:46,700

proclamations all I gotta do is ask me

1304

01:02:52,210 --> 01:02:49,850

yeah I would've told you but here's the

1305

01:02:54,280 --> 01:02:52,220

part that I'll tell you what they the

1306

01:02:56,790 --> 01:02:54,290

biner still would be out it wasn't for

1307

01:02:59,650 --> 01:02:56,800

lendable and how and John Burroughs I

1308

01:03:02,230 --> 01:02:59,660

wouldn't I would never put it public

1309

01:03:07,570 --> 01:03:02,240

oh can you tell I have wasn't aware of

1310

01:03:08,590 --> 01:03:07,580

that part of it can you sure I had yeah

1311

01:03:11,290 --> 01:03:08,600

I've had John in the show he never

1312

01:03:13,540 --> 01:03:11,300

talked about that part yeah oh yeah well

1313

01:03:15,970 --> 01:03:13,550

we're doing so shootout in loan this is

1314

01:03:17,740 --> 01:03:15,980

this is why I contacted Gary that's how

1315

01:03:20,620 --> 01:03:17,750

this all came about and the other thing

1316

01:03:23,770 --> 01:03:20,630

is I didn't know Gary previously that

1317

01:03:26,200 --> 01:03:23,780

was a mutual friend said this person who

1318

01:03:28,390 --> 01:03:26,210

can help me out that visit how started

1319

01:03:33,340 --> 01:03:28,400

but anyway I went to a film shoot in

1320

01:03:37,810 --> 01:03:33,350

2010 October 2nd down in Phoenix Arizona

1321

01:03:45,700 --> 01:03:37,820

and it was for ancient aliens we're

1322

01:03:47,740 --> 01:03:45,710

doing any aliens excuse me and there was

1323

01:03:51,490 --> 01:03:47,750

myself John Rawls and Linda Moulton Howe

1324

01:03:53,590 --> 01:03:51,500

and I had just been getting filmed and

1325

01:03:55,960 --> 01:03:53,600

at that time I think they had film

1326

01:03:58,120 --> 01:03:55,970

because they have to take a break change

1327

01:04:00,550 --> 01:03:58,130

film around and I'm sitting turn that

1328

01:04:04,720 --> 01:04:00,560

and John he asked me a question he says

1329

01:04:08,080 --> 01:04:04,730

about a deep owe some dignity I have a

1330

01:04:10,600 --> 01:04:08,090

notebook and I had taken you know

1331

01:04:13,930 --> 01:04:10,610

slipping through it and I went back too

1332

01:04:15,760 --> 01:04:13,940

far in a book it's passed by notes but I

1333

01:04:19,359 --> 01:04:15,770

went back too far and the ones zeros

1334

01:04:22,960 --> 01:04:19,369

popped up and I mean they were like I

1335

01:04:23,559 --> 01:04:22,970

no they were like kids in a candy store

1336

01:04:25,509 --> 01:04:23,569

man

1337

01:04:28,140 --> 01:04:25,519

both of them they said you know what

1338

01:04:30,480 --> 01:04:28,150

that equates it ways or ways that no oh

1339

01:04:33,339 --> 01:04:30,490

I'm thinking I gotta tell these people

1340

01:04:34,539 --> 01:04:33,349

about my mental breakdown yes this is

1341

01:04:38,349 --> 01:04:34,549

something I really want to talk about

1342

01:04:40,470 --> 01:04:38,359

that and I go okay I says this is what I

1343

01:04:43,239 --> 01:04:40,480

wrote down I says right at the incident

1344

01:04:47,099 --> 01:04:43,249

you know from impressions that night

1345

01:04:51,039 --> 01:04:47,109

being out there and then Linda says oh

1346

01:04:54,819 --> 01:04:51,049

that's binary code and the light bulb

1347

01:04:57,700 --> 01:04:54,829

goes on they look binary code and yeah

1348

01:05:01,690 --> 01:04:57,710

and she had done it we had done the

1349

01:05:03,069 --> 01:05:01,700

interview 15 years earlier maybe in 1996

1350

01:05:05,829 --> 01:05:03,079

or something like that after I was out

1351

01:05:09,549 --> 01:05:05,839

and I couldn't talk about this incident

1352

01:05:11,200 --> 01:05:09,559

before 1993 because it was I thought it

1353

01:05:14,680 --> 01:05:11,210

was top secret until the Air Force said

1354

01:05:15,309 --> 01:05:14,690

nothing that happened somewhere I

1355

01:05:18,519 --> 01:05:15,319

retired

1356

01:05:21,640 --> 01:05:18,529

but anyway with Linda we did this book

1357

01:05:24,009 --> 01:05:21,650

glimpses of other realities or something

1358

01:05:26,319 --> 01:05:24,019

like that in any way I stepped the

1359

01:05:28,870 --> 01:05:26,329

transcripts from my hypnosis session I

1360

01:05:30,999 --> 01:05:28,880

have 1994 because I wasn't sleeping good

1361

01:05:34,120 --> 01:05:31,009

at night I was only getting two three

1362

01:05:36,519 --> 01:05:34,130

hours sleep after I got out and I needed

1363

01:05:39,130 --> 01:05:36,529

something to help me with my sleep and

1364

01:05:41,079 --> 01:05:39,140

so I went into a psychiatrist and a

1365

01:05:42,640 --> 01:05:41,089

medical doctor to start with she

1366

01:05:43,859 --> 01:05:42,650

referred to as a character assesses yeah

1367

01:05:46,479 --> 01:05:43,869

I'm okay with that

1368

01:05:49,989 --> 01:05:46,489

anyway they determined they want to do

1369

01:05:54,400 --> 01:05:49,999

it hypnosis regression for obvious stuff

1370

01:05:56,380 --> 01:05:54,410

maybe like having being abused or

1371

01:05:59,200 --> 01:05:56,390

something as a child causes this or

1372

01:06:01,029 --> 01:05:59,210

whatever and so that's how that hypnosis

1373

01:06:04,059 --> 01:06:01,039

happened but anyway she got those

1374

01:06:07,210 --> 01:06:04,069

transcripts I gave to her and she

1375

01:06:09,579 --> 01:06:07,220

transcribed them and anyway the stuff

1376

01:06:12,880 --> 01:06:09,589

that went into her book she mentions

1377

01:06:15,339 --> 01:06:12,890

that I could see binary code I'll put to

1378

01:06:17,620 --> 01:06:15,349

that point I mean no binary code was all

1379

01:06:23,019 --> 01:06:17,630

I recall it was ones and zeros of mine

1380

01:06:24,999 --> 01:06:23,029

in my insanity time and anyway they they

1381

01:06:28,359 --> 01:06:25,009

were so fascinated by it

1382

01:06:30,130 --> 01:06:28,369

and it made me curious too because the

1383

01:06:31,920 --> 01:06:30,140

connectional to buy an echo so on a

1384

01:06:34,049 --> 01:06:31,930

strange I would be talking about

1385

01:06:37,739 --> 01:06:34,059

in hypnosis in 96 which I have no

1386

01:06:41,099 --> 01:06:37,749

conscious memory of and she wrenches

1387

01:06:42,450 --> 01:06:41,109

that's what that is and they said well

1388

01:06:44,759 --> 01:06:42,460

we wanted to we want to get that

1389

01:06:46,499 --> 01:06:44,769

translator you know the ain't she a Lea

1390

01:06:48,539 --> 01:06:46,509

instead of a so when you think about it

1391

01:06:50,309 --> 01:06:48,549

go back and think about it I don't know

1392

01:06:53,670 --> 01:06:50,319

if I want to have this stuff come out

1393

01:07:00,480 --> 01:06:53,680

and so I went back yeah back to Illinois

1394

01:07:03,870 --> 01:07:00,490

from Phoenix and anyway I talked to the

1395

01:07:06,660 --> 01:07:03,880

producer Kim Shara from Prometheus

1396

01:07:09,839 --> 01:07:06,670

productions and she said no he's just

1397

01:07:11,609 --> 01:07:09,849

five pages of it you know the first five

1398

01:07:14,519 --> 01:07:11,619

pages let's let's see yeah so it's gonna

1399

01:07:16,620 --> 01:07:14,529

be gibberish I'm pretty sure because you

1400

01:07:20,370 --> 01:07:16,630

know I'm going back to when I was right

1401

01:07:22,410 --> 01:07:20,380

now I was like this is like a losing

1402

01:07:23,759 --> 01:07:22,420

your mind type situation and then that's

1403

01:07:24,180 --> 01:07:23,769

good she thinks it's going to mean

1404

01:07:29,870 --> 01:07:24,190

something

1405

01:07:32,549 --> 01:07:29,880

yeah right and so I said okay so I

1406

01:07:34,769 --> 01:07:32,559

scanned him sent it off to her she had

1407

01:07:36,749 --> 01:07:34,779

somebody else gonna look at and of

1408

01:07:38,880 --> 01:07:36,759

course Linda's calling me daily why

1409

01:07:45,289 --> 01:07:38,890

these pages to us yeah let me think

1410

01:07:51,089 --> 01:07:45,299

about anything about it and anyway I

1411

01:07:52,799 --> 01:07:51,099

waited like three four days but then I

1412

01:07:56,069 --> 01:07:52,809

sent them off the limb to the same five

1413

01:07:57,749 --> 01:07:56,079

pages and she said I got a guy in

1414

01:07:59,220 --> 01:07:57,759

Australia it's gonna look at this I have

1415

01:08:03,829 --> 01:07:59,230

something else in Silica's North

1416

01:08:06,839 --> 01:08:03,839

Carolina both verses it's okay okay and

1417

01:08:10,229 --> 01:08:06,849

anyway I get a call from Kim sure we do

1418

01:08:13,620 --> 01:08:10,239

a video chat we do the stuff and she

1419

01:08:15,749 --> 01:08:13,630

says it has a message

1420

01:08:18,240 --> 01:08:15,759

let's just talk away I can have a

1421

01:08:23,010 --> 01:08:18,250

message that's when she went through it

1422

01:08:26,430 --> 01:08:23,020

with me and two days after that Linden

1423

01:08:28,499 --> 01:08:26,440

have caused me I'm very excited she says

1424

01:08:31,050 --> 01:08:28,509

it's got it's got a message this is okay

1425

01:08:33,240 --> 01:08:31,060

wants to tell both messages yeah

1426

01:08:37,470 --> 01:08:33,250

verbatim she came back with the same

1427

01:08:41,129 --> 01:08:37,480

stuff and I said okay I says well that's

1428

01:08:42,240 --> 01:08:41,139

confirmation I said so I said we had

1429

01:08:45,059 --> 01:08:42,250

independent you know

1430

01:08:45,450 --> 01:08:45,069

Prometheus already translated and she

1431

01:08:48,660 --> 01:08:45,460

goes

1432

01:08:51,330 --> 01:08:48,670

I know yeah this is so they both match

1433

01:08:53,850 --> 01:08:51,340

so two independent sources to start with

1434

01:08:57,600 --> 01:08:53,860

and we actually had more sources after

1435

01:08:59,310 --> 01:08:57,610

that but now can best house but today

1436

01:09:01,470 --> 01:08:59,320

that code would not be out it wasn't

1437

01:09:02,820 --> 01:09:01,480

close to I'll take that round off that's

1438

01:09:06,270 --> 01:09:02,830

something I never knew that part of the

1439

01:09:08,550 --> 01:09:06,280

story now can a listener asked this

1440

01:09:12,060 --> 01:09:08,560

question Palmer asked this question can

1441

01:09:14,370 --> 01:09:12,070

binary code be mean two different things

1442

01:09:25,560 --> 01:09:14,380

or is it always interpreted as the same

1443

01:09:27,690 --> 01:09:25,570

thing okay neither of my instrument

1444

01:09:30,870 --> 01:09:27,700

delivery man I think that's not make

1445

01:09:32,130 --> 01:09:30,880

sense yeah yeah yeah okay I don't know

1446

01:09:33,720 --> 01:09:32,140

that's a good question but you should

1447

01:09:37,680 --> 01:09:33,730

talk to a binary person yeah a

1448

01:09:42,600 --> 01:09:37,690

mathematician yeah or computer scientist

1449

01:09:44,580 --> 01:09:42,610

yeah ya know one thing that we kind of

1450

01:09:47,160 --> 01:09:44,590

kind of I would kind of like to touch on

1451

01:09:50,910 --> 01:09:47,170

because of when I had a truck hauled on

1452

01:09:54,570 --> 01:09:50,920

a few times he said that the debriefings

1453

01:09:58,020 --> 01:09:54,580

were awful they were horrible there was

1454

01:09:59,490 --> 01:09:58,030

drugs involved all kinds of stuff what

1455

01:10:08,390 --> 01:09:59,500

do you say what do you remember about

1456

01:10:11,520 --> 01:10:08,400

the debriefing what I remember yes they

1457

01:10:14,700 --> 01:10:11,530

wouldn't like it wasn't no aside people

1458

01:10:16,590 --> 01:10:14,710

anyway was that their building but there

1459

01:10:19,530 --> 01:10:16,600

was to the owners other people there

1460

01:10:20,580 --> 01:10:19,540

that I didn't know that I mean nothing

1461

01:10:23,780 --> 01:10:20,590

they could have been from London they

1462

01:10:28,950 --> 01:10:26,910

anyway they took my statement row for

1463

01:10:31,830 --> 01:10:28,960

page statement on handwritten on legal

1464

01:10:34,830 --> 01:10:31,840

paper tell them everything because they

1465

01:10:38,610 --> 01:10:34,840

told me you tell us everything this goes

1466

01:10:41,700 --> 01:10:38,620

away hmm exactly what I wanted to have

1467

01:10:45,810 --> 01:10:41,710

happen going that's sure so I told

1468

01:10:50,430 --> 01:10:45,820

everything everything and I gave it to

1469

01:10:52,080 --> 01:10:50,440

him and they said Oh give us about 15

1470

01:10:54,060 --> 01:10:52,090

minutes we're gonna type it up oh okay

1471

01:10:56,459 --> 01:10:54,070

and then they gave me a coke and I sat

1472

01:10:58,140 --> 01:10:56,469

down and had a coke and

1473

01:11:00,450 --> 01:10:58,150

then they came back out and they have

1474

01:11:04,200 --> 01:11:00,460

this little single line type thing it's

1475

01:11:06,120 --> 01:11:04,210

all of this big and I use they said read

1476

01:11:08,430 --> 01:11:06,130

it and memorize it this is what we

1477

01:11:10,229 --> 01:11:08,440

didn't memorize this I read it it was

1478

01:11:14,130 --> 01:11:10,239

very generic it goes talked about a

1479

01:11:16,410 --> 01:11:14,140

generic court mechanical craft at a

1480

01:11:20,280 --> 01:11:16,420

distance never getting closer than 50

1481

01:11:22,800 --> 01:11:20,290

meters ba ba ba ba I goes this is not

1482

01:11:24,900 --> 01:11:22,810

what I wrote and they go this is the

1483

01:11:26,580 --> 01:11:24,910

stay this is not active investigation

1484

01:11:28,260 --> 01:11:26,590

this is the statement you tell anybody

1485

01:11:33,000 --> 01:11:28,270

that you talk to this is whatever you

1486

01:11:35,430 --> 01:11:33,010

tell hmm I said okay and it goes away so

1487

01:11:37,350 --> 01:11:35,440

I know I got this meeting with the

1488

01:11:41,970 --> 01:11:37,360

command element right after all aside I

1489

01:11:45,770 --> 01:11:41,980

got a I'm gonna tell this containment

1490

01:11:49,979 --> 01:11:45,780

story just started and that's what I did

1491

01:11:52,670 --> 01:11:49,989

and yeah and I did that I did get the

1492

01:11:59,040 --> 01:11:52,680

opportunity to talk to general Williams

1493

01:12:01,290 --> 01:11:59,050

in 2012 and maybe 14 a camera was and I

1494

01:12:04,260 --> 01:12:01,300

I totally says you know I'm really sorry

1495

01:12:09,090 --> 01:12:04,270

about giving that containment story I

1496

01:12:11,760 --> 01:12:09,100

said is a lie it's not what happened and

1497

01:12:13,880 --> 01:12:11,770

General William says to me he goes it's

1498

01:12:17,729 --> 01:12:13,890

okay Jim we all had to follow orders

1499

01:12:21,060 --> 01:12:17,739

this is okay and I felt so good to know

1500

01:12:23,670 --> 01:12:21,070

that general Williams was okay with it

1501

01:12:25,260 --> 01:12:23,680

and so white they got that little bit

1502

01:12:26,729 --> 01:12:25,270

off my chest I don't know if I'm ranting

1503

01:12:28,740 --> 01:12:26,739

with you but these are different things

1504

01:12:31,229 --> 01:12:28,750

that's happened no no this is all good

1505

01:12:33,150 --> 01:12:31,239

so the the story or the part that I've

1506

01:12:36,030 --> 01:12:33,160

heard before is that there were drugs

1507

01:12:38,670 --> 01:12:36,040

used during the debriefing do you know

1508

01:12:41,880 --> 01:12:38,680

anything about that in my hypnosis

1509

01:12:45,300 --> 01:12:41,890

it describes actually getting getting

1510

01:12:47,130 --> 01:12:45,310

the drugs yes really

1511

01:12:49,320 --> 01:12:47,140

Wow but you don't we don't recall right

1512

01:12:50,610 --> 01:12:49,330

off the bat you're saying I don't I

1513

01:12:51,600 --> 01:12:50,620

don't remember you don't remember that

1514

01:12:54,330 --> 01:12:51,610

part of it Wow

1515

01:12:57,390 --> 01:12:54,340

no what does the just say it and they

1516

01:13:02,070 --> 01:12:57,400

have noses well everything I'm talking

1517

01:13:04,290 --> 01:13:02,080

about is from what experienced this I

1518

01:13:08,340 --> 01:13:04,300

mean if it's from you have no sense I'll

1519

01:13:09,359 --> 01:13:08,350

tell you it's from the abuses I like the

1520

01:13:11,759 --> 01:13:09,369

part about mentioning

1521

01:13:13,859 --> 01:13:11,769

I can see binary code that was in their

1522

01:13:16,139 --> 01:13:13,869

business I don't remember them matter of

1523

01:13:18,089 --> 01:13:16,149

fact the hypnosis sessions I can now

1524

01:13:21,659 --> 01:13:18,099

have started as a hundred times to watch

1525

01:13:26,159 --> 01:13:21,669

it it's for I got four hours of tape two

1526

01:13:28,709 --> 01:13:26,169

sessions and I never could get more than

1527

01:13:32,189 --> 01:13:28,719

maybe I've been into it was too much

1528

01:13:36,060 --> 01:13:32,199

trauma for me it's painful it's just too

1529

01:13:36,810 --> 01:13:36,070

much and and God bless I if Gary's on

1530

01:13:41,219 --> 01:13:36,820

there

1531

01:13:42,689 --> 01:13:41,229

Gary and we're ready in this book he

1532

01:13:45,239 --> 01:13:42,699

says Jim you gotta you gotta confront

1533

01:13:47,429 --> 01:13:45,249

this no sighs I can't watch her Gary

1534

01:13:49,589 --> 01:13:47,439

says I'll tell you what I'll do he says

1535

01:13:53,040 --> 01:13:49,599

I'll transcribe the whole thing oh well

1536

01:13:55,459 --> 01:13:53,050

what he did he transcribed the whole

1537

01:13:58,500 --> 01:13:55,469

thing that's four hours of this

1538

01:14:01,049 --> 01:13:58,510

interview and blood by by the way this

1539

01:14:02,729 --> 01:14:01,059

doctor just here's where I went to this

1540

01:14:05,159 --> 01:14:02,739

psychiatrist these people weren't you

1541

01:14:08,369 --> 01:14:05,169

apology people these were medical people

1542

01:14:10,080 --> 01:14:08,379

okay and so this hypnosis session is

1543

01:14:11,339 --> 01:14:10,090

covered under HIPAA and all that that's

1544

01:14:13,560 --> 01:14:11,349

why you don't see this stuff out

1545

01:14:15,869 --> 01:14:13,570

anywhere except the parts I release

1546

01:14:22,229 --> 01:14:15,879

which is like one minute of it I have

1547

01:14:27,330 --> 01:14:22,239

that's it and what was the rest of the

1548

01:14:30,679 --> 01:14:27,340

question was or no that's okay

1549

01:14:33,299 --> 01:14:30,689

no he I'm doing the same thing you are

1550

01:14:39,149 --> 01:14:33,309

it was it was about the debriefing but

1551

01:14:41,699 --> 01:14:39,159

also I can't remember that it was my

1552

01:14:45,830 --> 01:14:41,709

brother Larry talked about it in the in

1553

01:14:50,819 --> 01:14:45,840

the debriefing in the hypnosis I mean

1554

01:14:52,949 --> 01:14:50,829

and I clearly they use so soil and kind

1555

01:14:56,419 --> 01:14:52,959

of thought in fact that there's a

1556

01:15:01,649 --> 01:14:56,429

there's a film clip of it released in

1557

01:15:04,169 --> 01:15:01,659

the documentary in UFO invasion at

1558

01:15:07,679 --> 01:15:04,179

revolution or something like that

1559

01:15:12,589 --> 01:15:07,689

back in the 2004 that has that in there

1560

01:15:15,959 --> 01:15:12,599

and it's it's it's pretty nasty to watch

1561

01:15:16,500 --> 01:15:15,969

did you know I'm partners go ahead yes

1562

01:15:20,159 --> 01:15:16,510

go ahead

1563

01:15:22,439 --> 01:15:20,169

good mark no did you also feel well did

1564

01:15:23,279 --> 01:15:22,449

was it revealed in your hypnosis did you

1565

01:15:26,459 --> 01:15:23,289

ever feel

1566

01:15:30,209 --> 01:15:26,469

like really physically threatened during

1567

01:15:33,029 --> 01:15:30,219

this the briefing do you know you know

1568

01:15:37,770 --> 01:15:33,039

if you talk about it you know know as

1569

01:15:41,180 --> 01:15:37,780

orders yes I'm use disorders I mean OSI

1570

01:15:43,470 --> 01:15:41,190

and overseas

1571

01:15:45,060 --> 01:15:43,480

they've all learned the Department of

1572

01:15:48,509 --> 01:15:45,070

State don't you work for anybody on the

1573

01:15:51,419 --> 01:15:48,519

base you know I mean they and when they

1574

01:15:53,850 --> 01:15:51,429

conducted an active investigation that

1575

01:15:55,890 --> 01:15:53,860

means that they're not accountable to

1576

01:15:57,810 --> 01:15:55,900

anybody it's active investigation and if

1577

01:15:59,729 --> 01:15:57,820

the wing commander doesn't even know or

1578

01:16:01,979 --> 01:15:59,739

anything they can do what they want

1579

01:16:04,850 --> 01:16:01,989

and but I'll tell you they were always

1580

01:16:07,680 --> 01:16:04,860

calm they're always they were they were

1581

01:16:13,140 --> 01:16:07,690

respectful and far as would i memory

1582

01:16:15,750 --> 01:16:13,150

cost and no it's no we didn't work that

1583

01:16:17,819 --> 01:16:15,760

way why would they want threaten us

1584

01:16:19,859 --> 01:16:17,829

I mean that anybody tells you they got

1585

01:16:27,990 --> 01:16:19,869

Britain it's full of it yeah I don't

1586

01:16:31,229 --> 01:16:28,000

need a it's a way to work I I just heard

1587

01:16:33,990 --> 01:16:31,239

that you know from from Chuck halt

1588

01:16:36,180 --> 01:16:34,000

basically that the the briefing was

1589

01:16:40,140 --> 01:16:36,190

horrible and they were they were drugged

1590

01:16:43,259 --> 01:16:40,150

and you know follow with Chuck colonel

1591

01:16:46,620 --> 01:16:43,269

also yeah they were horrible because

1592

01:16:48,779 --> 01:16:46,630

they looked really bad instrumental they

1593

01:16:52,259 --> 01:16:48,789

do look it look bad and they have no

1594

01:16:56,100 --> 01:16:52,269

sasai seeing it yeah it looks bad yeah

1595

01:16:59,520 --> 01:16:56,110

yeah but the six are abusing like penis

1596

01:17:03,629 --> 01:16:59,530

or the leather straps which Tobler no no

1597

01:17:06,569 --> 01:17:03,639

no no no and don't it was always for the

1598

01:17:09,720 --> 01:17:06,579

prize the prize was if cooperation with

1599

01:17:12,330 --> 01:17:09,730

is this goes away and that's what that's

1600

01:17:15,270 --> 01:17:12,340

where all of us witnesses want it to go

1601
01:17:19,200 --> 01:17:15,280
away I see so much for that I mean that

1602
01:17:20,790 --> 01:17:19,210
was pie in the sky Gary I'm gonna bring

1603
01:17:23,189 --> 01:17:20,800
you in now because I want to I want to

1604
01:17:27,240 --> 01:17:23,199
talk about we just were pie no you left

1605
01:17:28,680 --> 01:17:27,250
the the video of the computer there for

1606
01:17:30,859 --> 01:17:28,690
me now nor if you were listening but

1607
01:17:33,089 --> 01:17:30,869
we're talking about the binary code and

1608
01:17:35,000 --> 01:17:33,099
this is the part where I want you to

1609
01:17:37,790 --> 01:17:35,010
talk about the work you've done on that

1610
01:17:39,200 --> 01:17:37,800
if you would can you am it yeah you're

1611
01:17:45,819 --> 01:17:39,210
gonna have to speak up alone because

1612
01:17:48,410 --> 01:17:45,829
you're not oh no you're not oh no yeah

1613
01:17:52,970 --> 01:17:48,420

sorry same because I missed a lot

1614

01:17:55,700 --> 01:17:52,980

watching sake okay no okay well let's

1615

01:17:56,899 --> 01:17:55,710

just talk about this and Gary kid can

1616

01:17:58,370 --> 01:17:56,909

now and you're gonna have to speak up

1617

01:18:02,149 --> 01:17:58,380

and get closer to the computer if you

1618

01:18:03,890 --> 01:18:02,159

would please can you can you discuss the

1619

01:18:05,390 --> 01:18:03,900

work that you have been doing on the

1620

01:18:16,669 --> 01:18:05,400

binary code that's what I want to know

1621

01:18:19,640 --> 01:18:16,679

about right now yeah Jim contacted me

1622

01:18:22,399 --> 01:18:19,650

because we both had a mutual friend at

1623

01:18:26,779 --> 01:18:22,409

the time who knew of March she knew of

1624

01:18:30,080 --> 01:18:26,789

my work and when Jim told her about his

1625

01:18:32,899 --> 01:18:30,090

dream she said why don't you contact

1626

01:18:37,189 --> 01:18:32,909

Gary Osbourne because he's been working

1627

01:18:39,500 --> 01:18:37,199

on this as his research work and he got

1628

01:18:41,209 --> 01:18:39,510

in contact with me just before the 30th

1629

01:18:43,520 --> 01:18:41,219

anniversary of the Rendlesham incident

1630

01:18:48,859 --> 01:18:43,530

which it was a conference at the

1631

01:18:50,180 --> 01:18:48,869

Woodbridge Hall I think and Jim he said

1632

01:18:52,700 --> 01:18:50,190

why don't you come down and let's have a

1633

01:18:57,200 --> 01:18:52,710

chat so I couldn't make anyway because

1634

01:19:01,729 --> 01:18:57,210

it's Christmas anyway

1635

01:19:06,109 --> 01:19:01,739

called sorry send me an email in January

1636

01:19:10,220 --> 01:19:06,119

2011 and he asked me if I could look at

1637

01:19:14,629 --> 01:19:10,230

some binary code code you know he had

1638

01:19:20,779 --> 01:19:14,639

received on the night and I didn't know

1639

01:19:23,259 --> 01:19:20,789

what you talked about at the time we're

1640

01:19:28,120 --> 01:19:23,269

all listening yes

1641

01:19:32,930 --> 01:19:28,130

we're all listening can you hear me yeah

1642

01:19:39,799 --> 01:19:32,940

so you know I was kind of intrigued by

1643

01:19:41,479 --> 01:19:39,809

this and he said and he said that's for

1644

01:19:44,660 --> 01:19:41,489

now on ancient aliens and I looked at

1645

01:19:47,120 --> 01:19:44,670

the video and he said I'm gonna send you

1646

01:19:48,530 --> 01:19:47,130

another six sets of coordinates it's

1647

01:19:51,620 --> 01:19:48,540

been deciphered and he said

1648

01:19:53,350 --> 01:19:51,630

just look worries all seven and see if

1649

01:19:56,930 --> 01:19:53,360

there's any additional information there

1650

01:19:59,720 --> 01:19:56,940

just give me your best shot so he sent

1651
01:20:04,030 --> 01:19:59,730
me the 770 remaining six movements on

1652
01:20:08,350 --> 01:20:04,040
the 3rd of February 2011 and then I

1653
01:20:12,980 --> 01:20:08,360
googled earth to plot the coordinates

1654
01:20:18,500 --> 01:20:12,990
family reorder these are some sites or

1655
01:20:20,270 --> 01:20:18,510
sites of interest and I was more

1656
01:20:25,010 --> 01:20:20,280
intrigued by this but then I wanted to

1657
01:20:27,260 --> 01:20:25,020
see how they all looked to being that

1658
01:20:29,600 --> 01:20:27,270
projection of the earth I wanted to see

1659
01:20:33,320 --> 01:20:29,610
them all together and of course what he

1660
01:20:36,770 --> 01:20:33,330
told me about his dream which led to me

1661
01:20:39,290 --> 01:20:36,780
getting involved I used that as my

1662
01:20:41,680 --> 01:20:39,300
approach to this cipher whatever

1663
01:20:47,960 --> 01:20:41,690

additional information was there and

1664

01:20:51,200 --> 01:20:47,970

started finding data cleverly cleverly

1665

01:20:52,700 --> 01:20:51,210

encoded using these coordinates so the

1666

01:20:56,150 --> 01:20:52,710

coordinates as seven sets of coordinates

1667

01:20:57,980 --> 01:20:56,160

are coding themselves in you know as

1668

01:21:03,860 --> 01:20:57,990

part of the message but they are a code

1669

01:21:05,990 --> 01:21:03,870

and it was by just viewing them all

1670

01:21:09,200 --> 01:21:06,000

together and to be in that position of

1671

01:21:10,820 --> 01:21:09,210

the earth which is what I know I was

1672

01:21:13,790 --> 01:21:10,830

supposed to do or anyone who's this

1673

01:21:16,040 --> 01:21:13,800

weapons that's posted it and then the

1674

01:21:17,900 --> 01:21:16,050

information just flooded out and this

1675

01:21:20,900 --> 01:21:17,910

was like in the first three months of

1676

01:21:23,360 --> 01:21:20,910

receiving the coordinates I think a lot

1677

01:21:26,600 --> 01:21:23,370

of the initial information came around

1678

01:21:30,710 --> 01:21:26,610

in those few months that I was working

1679

01:21:34,490 --> 01:21:30,720

on it and then I kept finding other

1680

01:21:37,510 --> 01:21:34,500

things and I got to the point where you

1681

01:21:41,660 --> 01:21:37,520

know our fortune could not revise this

1682

01:21:44,390 --> 01:21:41,670

himself he just wouldn't after knowing

1683

01:21:51,460 --> 01:21:44,400

him for some time so I just wouldn't

1684

01:21:55,760 --> 01:21:54,080

live and breathe the stuff that I'd been

1685

01:21:59,000 --> 01:21:55,770

researching for years in fact I think

1686

01:22:00,710 --> 01:21:59,010

that but how I became an author was

1687

01:22:01,910 --> 01:22:00,720

because of an experience I had in 93

1688

01:22:03,979 --> 01:22:01,920

that's what led me on

1689

01:22:07,040 --> 01:22:03,989

and the third girl was doing into this

1690

01:22:08,479 --> 01:22:07,050

experience I am and I think that all the

1691

01:22:11,870 --> 01:22:08,489

research I was doing and which led to

1692

01:22:13,250 --> 01:22:11,880

free books that I co-authored if there

1693

01:22:16,370 --> 01:22:13,260

is because people wanted to write with

1694

01:22:17,780 --> 01:22:16,380

me because of the stuff I was working it

1695

01:22:21,350 --> 01:22:17,790

kind of played into what they will

1696

01:22:25,660 --> 01:22:21,360

research in and and I think all this was

1697

01:22:30,800 --> 01:22:28,729

as I said I've been working it's been

1698

01:22:32,780 --> 01:22:30,810

eight years and there's enough

1699

01:22:34,910 --> 01:22:32,790

information has come out of just those

1700

01:22:38,930 --> 01:22:34,920

seven coordinates and could feel free in

1701

01:22:42,140 --> 01:22:38,940

volumes so we're working on this first

1702

01:22:45,620 --> 01:22:42,150

book sorry mine

1703

01:22:51,080 --> 01:22:45,630

I said amazing it is amazing it really

1704

01:22:52,669 --> 01:22:51,090

is people just don't have any idea the

1705

01:22:55,270 --> 01:22:52,679

kind of information has been coming out

1706

01:22:59,360 --> 01:22:55,280

because it's all about ancient knowledge

1707

01:23:02,479 --> 01:22:59,370

and it seems like it's giving away

1708

01:23:04,729 --> 01:23:02,489

certain secrets that have been probably

1709

01:23:06,890 --> 01:23:04,739

known by an elite for probably hundreds

1710

01:23:13,430 --> 01:23:06,900

of thousands of years because it goes

1711

01:23:17,360 --> 01:23:13,440

back to ancient Egypt and anyway as I

1712

01:23:18,950 --> 01:23:17,370

said this codes been it's every day I'm

1713

01:23:21,020 --> 01:23:18,960

finding it was like every day I was

1714

01:23:23,650 --> 01:23:21,030

finding something and also it was like

1715

01:23:27,110 --> 01:23:23,660

time anomalies associated with this

1716

01:23:29,840 --> 01:23:27,120

because at the time when Jim sent me the

1717

01:23:32,030 --> 01:23:29,850

coordinates that very same week I sent

1718

01:23:34,580 --> 01:23:32,040

the manuscripts of my last book off to

1719

01:23:37,280 --> 01:23:34,590

the sort of publishers Scott Crichton

1720

01:23:39,950 --> 01:23:37,290

and I worked on this book called the

1721

01:23:43,760 --> 01:23:39,960

Geezer prophecy and we said that

1722

01:23:45,500 --> 01:23:43,770

manuscript was the last fun draft of the

1723

01:23:49,760 --> 01:23:45,510

very same week that Jim sent me those

1724

01:23:51,229 --> 01:23:49,770

coordinates and what came up in the from

1725

01:23:53,660 --> 01:23:51,239

what I was working from the coordinates

1726

01:23:55,790 --> 01:23:53,670

I was working on made a reference the

1727

01:23:57,229 --> 01:23:55,800

things that we were right with thee we

1728

01:23:59,320 --> 01:23:57,239

have written in that book but we hadn't

1729

01:24:01,970 --> 01:23:59,330

told anybody

1730

01:24:06,010 --> 01:24:01,980

Wow and that was very strange because

1731

01:24:12,229 --> 01:24:06,020

there was a connection between Giza

1732

01:24:16,629 --> 01:24:12,239

where the Great Sphinx and spa Barbie

1733

01:24:21,379 --> 01:24:16,639

doomsday seat vault is the spa bug

1734

01:24:23,390 --> 01:24:21,389

hmm so there's a connector the small bug

1735

01:24:25,160 --> 01:24:23,400

sequel well we made the connection in

1736

01:24:27,950 --> 01:24:25,170

the book that we were writing because

1737

01:24:30,950 --> 01:24:27,960

what Scott's idea was he was fearing

1738

01:24:34,790 --> 01:24:30,960

that the the Great Pyramid it or the

1739

01:24:36,830 --> 01:24:34,800

Pyramids of Giza were were I don't know

1740

01:24:38,479 --> 01:24:36,840

it won't they weren't built for this

1741

01:24:44,810 --> 01:24:38,489

purpose that is like they were

1742

01:24:47,899 --> 01:24:44,820

appropriated to just to store seeds or

1743

01:24:53,450 --> 01:24:47,909

store other things to do with the

1744

01:24:57,229 --> 01:24:53,460

kingdom because of a catastrophe it was

1745

01:24:59,629 --> 01:24:57,239

gonna happen the way they could in

1746

01:25:04,339 --> 01:24:59,639

emerge again like the phoenix from the

1747

01:25:06,830 --> 01:25:04,349

flames you know you know and reek and

1748

01:25:09,950 --> 01:25:06,840

kick-start their their civilization

1749

01:25:12,620 --> 01:25:09,960

again so that was his theory so he used

1750

01:25:15,169 --> 01:25:12,630

the spell bar sequel as a kind of

1751

01:25:18,319 --> 01:25:15,179

analogy but a great pyramid that that's

1752

01:25:20,779 --> 01:25:18,329

what it's probably useful but it wasn't

1753

01:25:23,719 --> 01:25:20,789

built for that purpose to see what I

1754

01:25:26,930 --> 01:25:23,729

mean so we already make this connection

1755

01:25:28,790 --> 01:25:26,940

I think our book was the first book was

1756

01:25:32,239 --> 01:25:28,800

making this connection between small bar

1757

01:25:34,310 --> 01:25:32,249

in Giza you see what I found was I don't

1758

01:25:35,870 --> 01:25:34,320

know what made me do it but I started

1759

01:25:37,939 --> 01:25:35,880

looking at the numbers in the

1760

01:25:40,879 --> 01:25:37,949

coordinates and I took the last four

1761

01:25:43,430 --> 01:25:40,889

digits of each set of coordinates like

1762

01:25:45,560 --> 01:25:43,440

the longitude alleged and I turn those

1763

01:25:47,149 --> 01:25:45,570

into another set of coordinates this is

1764

01:25:50,930 --> 01:25:47,159

from the Geezer coordinates as found in

1765

01:25:51,979 --> 01:25:50,940

the code and those coordinates took New

1766

01:25:55,629 --> 01:25:51,989

Straits as well bard

1767

01:25:59,120 --> 01:25:55,639

about 16 miles from the spell bar SIBO

1768

01:26:02,000 --> 01:25:59,130

so I mean that's just one just one thing

1769

01:26:03,649 --> 01:26:02,010

that came out of this you know there's

1770

01:26:07,339 --> 01:26:03,659

just so much other information that's

1771

01:26:09,020 --> 01:26:07,349

come out that is just one example in

1772

01:26:11,959 --> 01:26:09,030

fact that's a side-lying discovery

1773

01:26:13,700 --> 01:26:11,969

because the major discovery of the code

1774

01:26:17,060 --> 01:26:13,710

is that it's leading to a chamber inside

1775

01:26:19,069 --> 01:26:17,070

the Great Pyramid and it's a chamber

1776

01:26:20,839 --> 01:26:19,079

that we don't know of and you see the

1777

01:26:22,939 --> 01:26:20,849

timing of this as well and people were

1778

01:26:24,439 --> 01:26:22,949

kind of criticized you saying oh why did

1779

01:26:28,399 --> 01:26:24,449

you sit on it for thirty years you know

1780

01:26:29,150 --> 01:26:28,409

the binary code and in 2017 I don't know

1781

01:26:30,710 --> 01:26:29,160

whether you know

1782

01:26:33,950 --> 01:26:30,720

but there's been this scanning at the

1783

01:26:36,950 --> 01:26:33,960

pyramids yes it's a button chambers

1784

01:26:39,700 --> 01:26:36,960

yep and they found a void a large void

1785

01:26:42,380 --> 01:26:39,710

which is like the Grand Gallery below it

1786

01:26:44,030 --> 01:26:42,390

it's about it's not as big as the Grand

1787

01:26:46,520 --> 01:26:44,040

Gallery it's not as large as that but

1788

01:26:48,830 --> 01:26:46,530

it's above the Grand Gallery and it's is

1789

01:26:49,970 --> 01:26:48,840

kind of slanted upwards like the Grand

1790

01:26:55,070 --> 01:26:49,980

Gallery and it looks like it's leading

1791

01:26:56,600 --> 01:26:55,080

to another chamber and that is where the

1792

01:26:59,950 --> 01:26:56,610

location in the Great Pyramid that

1793

01:27:03,320 --> 01:26:59,960

there's seven coordinates appointed so

1794

01:27:06,620 --> 01:27:03,330

well so right now in the latest no how

1795

01:27:09,020 --> 01:27:06,630

do we access it at this point that's

1796

01:27:12,260 --> 01:27:09,030

right so that's only just that's only

1797

01:27:18,350 --> 01:27:12,270

one major discovery that's come out of

1798

01:27:20,090 --> 01:27:18,360

this which I think way so it's not it's

1799

01:27:22,310 --> 01:27:20,100

made other major discoveries that the

1800

01:27:24,140 --> 01:27:22,320

code for me because I was working on I

1801
01:27:27,200 --> 01:27:24,150
was researching on the Great Pyramid and

1802
01:27:29,780 --> 01:27:27,210
looking at the map you know and I've

1803
01:27:33,760 --> 01:27:29,790
written I've written an appendix or went

1804
01:27:36,710 --> 01:27:33,770
into Robert Bauval book cosmic wound and

1805
01:27:39,170 --> 01:27:36,720
I was looking at the mathematics you

1806
01:27:41,210 --> 01:27:39,180
know the the superlative math that's

1807
01:27:43,040 --> 01:27:41,220
just been built it's been kind of

1808
01:27:45,740 --> 01:27:43,050
encapsulated into the Great Pyramid

1809
01:27:49,340 --> 01:27:45,750
you know the conventions and it's very

1810
01:27:52,010 --> 01:27:49,350
shape and one of the major discoveries

1811
01:27:53,450 --> 01:27:52,020
has come it come out of the code while

1812
01:27:56,480 --> 01:27:53,460
working on the code and which inspired

1813
01:27:57,380 --> 01:27:56,490

me to find it is that there's this fire

1814

01:28:03,440 --> 01:27:57,390

geometry

1815

01:28:05,660 --> 01:28:03,450

and that's what come out that's what's

1816

01:28:09,110 --> 01:28:05,670

come out of the code and that's the me

1817

01:28:10,880 --> 01:28:09,120

as a magic discovery so it's put into

1818

01:28:12,680 --> 01:28:10,890

this chamber then that could be a major

1819

01:28:15,260 --> 01:28:12,690

step you know in the future I mean we

1820

01:28:17,240 --> 01:28:15,270

don't know yet as I said there's been

1821

01:28:20,060 --> 01:28:17,250

major discoveries for me this come out

1822

01:28:22,790 --> 01:28:20,070

of the courage of already so I'm not a

1823

01:28:25,250 --> 01:28:22,800

mathematician in the question when you

1824

01:28:28,730 --> 01:28:25,260

wasn't really listening was can things

1825

01:28:30,860 --> 01:28:28,740

be interpreted in different ways you

1826

01:28:33,290 --> 01:28:30,870

know obviously you're you're using the

1827

01:28:34,300 --> 01:28:33,300

code in a different way to get these

1828

01:28:38,240 --> 01:28:34,310

coordinates

1829

01:28:40,270 --> 01:28:38,250

so can the codes mean many things to

1830

01:28:43,660 --> 01:28:40,280

different people

1831

01:28:44,680 --> 01:28:43,670

yeah I'm sorry saying I don't think I'm

1832

01:28:46,960 --> 01:28:44,690

nothing any of this initiative

1833

01:28:49,060 --> 01:28:46,970

informational to come out unless I use

1834

01:28:52,510 --> 01:28:49,070

the approach I've always used when I was

1835

01:28:54,040 --> 01:28:52,520

researching the encoded messages in

1836

01:28:55,540 --> 01:28:54,050

there is paintings now from the 17th

1837

01:28:58,690 --> 01:28:55,550

century like the twenty three point five

1838

01:29:02,350 --> 01:28:58,700

degree angle the Earth's axis I think

1839

01:29:03,970 --> 01:29:02,360

that I took my approach what I knew

1840

01:29:07,840 --> 01:29:03,980

based on the research I was doing before

1841

01:29:10,420 --> 01:29:07,850

word to actually you know able to bring

1842

01:29:12,660 --> 01:29:10,430

this information out the code as I said

1843

01:29:15,130 --> 01:29:12,670

it's like I was prepared to do it and

1844

01:29:16,120 --> 01:29:15,140

the thing is is that when you say you

1845

01:29:19,000 --> 01:29:16,130

know you know there's other

1846

01:29:20,980 --> 01:29:19,010

interpretations know that is it's

1847

01:29:24,010 --> 01:29:20,990

factual stuff because this is

1848

01:29:26,920 --> 01:29:24,020

mathematics and geometry and those

1849

01:29:30,280 --> 01:29:26,930

things you can't unless you're wrong on

1850

01:29:32,920 --> 01:29:30,290

the math things you can't refute there

1851
01:29:34,660 --> 01:29:32,930
you know we don't use coming out of the

1852
01:29:35,770 --> 01:29:34,670
code and it's and as I said it's

1853
01:29:38,520 --> 01:29:35,780
something that you just couldn't have

1854
01:29:40,930 --> 01:29:38,530
done you couldn't have devised this

1855
01:29:43,210 --> 01:29:40,940
interesting well I'm opening up the

1856
01:29:45,700 --> 01:29:43,220
lines now if someone would like to call

1857
01:29:50,020 --> 01:29:45,710
in that number will be up and that's

1858
01:29:53,320 --> 01:29:50,030
that number is nine six oh three nine

1859
01:29:54,670 --> 01:29:53,330
six seven four OH three oh and the lines

1860
01:30:01,600 --> 01:29:54,680
are open if someone would like to call

1861
01:30:03,850 --> 01:30:01,610
in and ask a question and so Jim if if

1862
01:30:05,980 --> 01:30:03,860
this hadn't come out we may get a call

1863
01:30:08,740 --> 01:30:05,990

any second and I'll stop but sure if

1864

01:30:11,140 --> 01:30:08,750

this uh if this had not come out if

1865

01:30:13,450 --> 01:30:11,150

Larry Warren didn't blow the whistle or

1866

01:30:14,080 --> 01:30:13,460

no one else talked about it anything at

1867

01:30:16,360 --> 01:30:14,090

any time

1868

01:30:17,710 --> 01:30:16,370

would this have like festered in you

1869

01:30:19,570 --> 01:30:17,720

eventually and you would have had to

1870

01:30:22,380 --> 01:30:19,580

talk about it or do you would you have

1871

01:30:25,390 --> 01:30:22,390

just stopped and never talked about it

1872

01:30:28,840 --> 01:30:25,400

well it created a lot of questions the

1873

01:30:30,640 --> 01:30:28,850

incident so I don't know I don't think I

1874

01:30:35,140 --> 01:30:30,650

would have just sat there and probably

1875

01:30:36,610 --> 01:30:35,150

never addressed it public-wise know the

1876

01:30:38,920 --> 01:30:36,620

only reason I went public because

1877

01:30:43,000 --> 01:30:38,930

Colonel Hall called me like right after

1878

01:30:46,630 --> 01:30:43,010

I was out in 93 going for to do a show

1879

01:30:49,750 --> 01:30:46,640

because he didn't like what Warren was

1880

01:30:51,959 --> 01:30:49,760

saying well he wasn't there I mean that

1881

01:30:55,180 --> 01:30:51,969

we always knew that

1882

01:30:59,229 --> 01:30:55,190

but I'm not gonna get into all that

1883

01:31:01,600 --> 01:30:59,239

stuff but this is a sad situation with

1884

01:31:03,729 --> 01:31:01,610

your mom yes yes yeah we've actually

1885

01:31:06,129 --> 01:31:03,739

talked about that on this show in the

1886

01:31:07,300 --> 01:31:06,139

past we have a caller just called in

1887

01:31:10,930 --> 01:31:07,310

your first name and where you calling

1888

01:31:12,189 --> 01:31:10,940

from my name is tom i'm calling from

1889

01:31:13,899 --> 01:31:12,199

southern california

1890

01:31:17,770 --> 01:31:13,909

hi Tom welcome to the show you have a

1891

01:31:21,550 --> 01:31:17,780

question for our guests or guests yeah I

1892

01:31:25,620 --> 01:31:21,560

I'm dying to know what other things that

1893

01:31:28,540 --> 01:31:25,630

Gary Osbourne has found with the code

1894

01:31:31,709 --> 01:31:28,550

with the binary code and in particular

1895

01:31:35,700 --> 01:31:31,719

the the Seven coordinates that were

1896

01:31:39,490 --> 01:31:35,710

decoded from that code what what

1897

01:31:43,570 --> 01:31:39,500

conclusions can you share with us that

1898

01:31:45,399 --> 01:31:43,580

what you found is there I mean it's I've

1899

01:31:51,030 --> 01:31:45,409

been following this case for a long time

1900

01:31:53,350 --> 01:31:51,040

yes and and I'm just very very curious

1901
01:31:59,260 --> 01:31:53,360
you were listening when he was talking

1902
01:32:01,510 --> 01:31:59,270
about the just recently right yes and I

1903
01:32:05,410 --> 01:32:01,520
was aware of that that was actually

1904
01:32:08,290 --> 01:32:05,420
mentioned in his book the Giza prophecy

1905
01:32:10,840 --> 01:32:08,300
which I've read but I want to know what

1906
01:32:13,540 --> 01:32:10,850
what these seven coordinates are for

1907
01:32:15,850 --> 01:32:13,550
finding you know what wasn't what the

1908
01:32:17,290 --> 01:32:15,860
punchline woody it's just so much

1909
01:32:19,840 --> 01:32:17,300
information has come out of sudden

1910
01:32:22,419 --> 01:32:19,850
coolness as I said to Martin it would

1911
01:32:24,250 --> 01:32:22,429
take three volumes to kind of cover

1912
01:32:28,390 --> 01:32:24,260
everything probably more than that and

1913
01:32:30,189 --> 01:32:28,400

as I said over the years new information

1914

01:32:34,330 --> 01:32:30,199

was just coming out that I answer

1915

01:32:37,540 --> 01:32:34,340

document and you know and actually while

1916

01:32:39,820 --> 01:32:37,550

we were writing this first book I was

1917

01:32:41,439 --> 01:32:39,830

also writing that book you know about

1918

01:32:43,090 --> 01:32:41,449

the code about funds in the code and

1919

01:32:45,459 --> 01:32:43,100

that book will be following this first

1920

01:32:50,350 --> 01:32:45,469

book you know and it should be out this

1921

01:32:52,660 --> 01:32:50,360

year as well so anyway the conclusions

1922

01:32:55,410 --> 01:32:52,670

there's many actually I could give you

1923

01:32:59,410 --> 01:32:55,420

another I could give you another example

1924

01:33:03,760 --> 01:32:59,420

the coordinates are pointing also to the

1925

01:33:05,240 --> 01:33:03,770

Azores in Atlantic so make of that what

1926

01:33:09,090 --> 01:33:05,250

you will

1927

01:33:13,070 --> 01:33:09,100

so it's past a bonus in the pyramid and

1928

01:33:16,740 --> 01:33:15,420

why I got involved with August so you

1929

01:33:22,620 --> 01:33:16,750

know it's kind of strange really because

1930

01:33:27,930 --> 01:33:22,630

I by chance I'll say by chance I bump

1931

01:33:31,980 --> 01:33:27,940

into Nick Pope in 1997 he seems to my

1932

01:33:36,030 --> 01:33:31,990

local path and I kind of recognized him

1933

01:33:38,040 --> 01:33:36,040

from magazines and that and I went over

1934

01:33:40,590 --> 01:33:38,050

introduced myself and and Nick Pope and

1935

01:33:42,480 --> 01:33:40,600

I met up several times in that pub and

1936

01:33:46,440 --> 01:33:42,490

we were talking about the experience

1937

01:33:49,920 --> 01:33:46,450

that I had in 93 and how it might kind

1938

01:33:55,200 --> 01:33:49,930

of be related to the UFO phenomenon in

1939

01:34:00,690 --> 01:33:55,210

some way and anyway we took Citroen's we

1940

01:34:06,030 --> 01:34:00,700

just met them about these things and our

1941

01:34:11,010 --> 01:34:06,040

separate ways and done in touch with me

1942

01:34:14,700 --> 01:34:11,020

in 2010 and he had no prior knowledge of

1943

01:34:17,280 --> 01:34:14,710

my meeting with Nick Pope back in 97 and

1944

01:34:19,050 --> 01:34:17,290

Nick Pope and told in those kind of

1945

01:34:21,090 --> 01:34:19,060

strange and there's lots of other kind

1946

01:34:23,070 --> 01:34:21,100

of synchronistic associations of every

1947

01:34:25,470 --> 01:34:23,080

people through Dan years leading up to

1948

01:34:27,510 --> 01:34:25,480

my involvement in the code and it's like

1949

01:34:29,490 --> 01:34:27,520

these people have been directly or

1950

01:34:32,040 --> 01:34:29,500

indirectly involved with invention

1951

01:34:34,250 --> 01:34:32,050

insulin and while these people was

1952

01:34:37,920 --> 01:34:34,260

Jack's authority that the physicists

1953

01:34:39,870 --> 01:34:37,930

because Miriam would go back to the 1999

1954

01:34:41,430 --> 01:34:39,880

when I first contacted him and we used

1955

01:34:45,240 --> 01:34:41,440

to discuss things and he put me on his

1956

01:34:49,400 --> 01:34:45,250

on his email list of recipients were

1957

01:34:53,670 --> 01:34:49,410

these other people who were part of the

1958

01:34:55,320 --> 01:34:53,680

what they call the behavior II and of

1959

01:34:57,600 --> 01:34:55,330

course a few of those people are now

1960

01:34:59,940 --> 01:34:57,610

involved in the wrenching incident so I

1961

01:35:01,770 --> 01:34:59,950

said there's kind of strange things been

1962

01:35:04,140 --> 01:35:01,780

going on it's like it's all been

1963

01:35:07,050 --> 01:35:04,150

micromanaged or orchestrated behind the

1964

01:35:10,370 --> 01:35:07,060

scenes but it's kind of beyond the scope

1965

01:35:12,740 --> 01:35:10,380

of any one of the duties

1966

01:35:15,470 --> 01:35:12,750

the resources to be able to carry this

1967

01:35:17,710 --> 01:35:15,480

off I don't know all right

1968

01:35:19,940 --> 01:35:17,720

well Tommy hey thank you for the call

1969

01:35:21,560 --> 01:35:19,950

okay thank you

1970

01:35:23,030 --> 01:35:21,570

we have another caller in mind your

1971

01:35:27,020 --> 01:35:23,040

first name and where you calling from

1972

01:35:28,820 --> 01:35:27,030

please Michael from Indiana hi Michael

1973

01:35:31,520 --> 01:35:28,830

you have a question for one of our

1974

01:35:33,200 --> 01:35:31,530

guests this evening yes that first other

1975

01:35:36,530 --> 01:35:33,210

one is just like has known your pedigree

1976

01:35:38,840 --> 01:35:36,540

show tonight also I was wondering about

1977

01:35:43,010 --> 01:35:38,850

the binary code wasn't there a message

1978

01:35:45,050 --> 01:35:43,020

in there supposed to be to come some

1979

01:35:50,300 --> 01:35:45,060

find resources or something for many

1980

01:35:54,350 --> 01:35:50,310

times survival when the binary code was

1981

01:35:58,670 --> 01:35:54,360

translated I know there's more

1982

01:36:02,120 --> 01:35:58,680

coordinance anyone know how to address

1983

01:36:03,500 --> 01:36:02,130

that one as long as that as or is that

1984

01:36:07,460 --> 01:36:03,510

or no there was nothing like that

1985

01:36:09,350 --> 01:36:07,470

yeah sure yeah go help on this because

1986

01:36:12,380 --> 01:36:09,360

when James said that he thought the

1987

01:36:14,980 --> 01:36:12,390

binary code was gibberish he means when

1988

01:36:20,570 --> 01:36:14,990

he wrote out the ones and zeros okay

1989

01:36:27,190 --> 01:36:20,580

because Jim did have some kind of some

1990

01:36:29,840 --> 01:36:27,200

subjective or subconscious kind of he

1991

01:36:35,300 --> 01:36:29,850

understood what the code the message had

1992

01:36:37,430 --> 01:36:35,310

said it at the level you know so it said

1993

01:36:38,840 --> 01:36:37,440

when he was when he said it was Jimmy

1994

01:36:43,820 --> 01:36:38,850

forty might be gibberish he's talking

1995

01:36:46,730 --> 01:36:43,830

about actually writing and it also came

1996

01:36:53,330 --> 01:36:46,740

out in all these reoccurring dreams they

1997

01:36:55,100 --> 01:36:53,340

had throughout the years I mean remember

1998

01:36:57,440 --> 01:36:55,110

that when they said that he contradicts

1999

01:36:59,810 --> 01:36:57,450

himself which he didn't really he just

2000

01:37:01,840 --> 01:36:59,820

said that yes yeah he understood at a

2001

01:37:04,730 --> 01:37:01,850

deep level what the message might mean

2002

01:37:06,620 --> 01:37:04,740

because there was several things in

2003

01:37:08,930 --> 01:37:06,630

there that came up when the message was

2004

01:37:10,700 --> 01:37:08,940

deciphered but at the same time he said

2005

01:37:13,040 --> 01:37:10,710

they could be Jewish because writing it

2006

01:37:15,380 --> 01:37:13,050

out in weren't writing this out in ones

2007

01:37:18,410 --> 01:37:15,390

and zeros with the message be coherent

2008

01:37:21,440 --> 01:37:18,420

enough you know Frank

2009

01:37:23,580 --> 01:37:21,450

yeah just depending on where the decimal

2010

01:37:26,550 --> 01:37:23,590

plate place is

2011

01:37:31,430 --> 01:37:26,560

oh yeah that's Jared I'm I know I don't

2012

01:37:35,400 --> 01:37:31,440

know much about that yeah luciano

2013

01:37:37,950 --> 01:37:35,410

deciphered the coordinates he had the

2014

01:37:40,140 --> 01:37:37,960

same and a problem with where to place

2015

01:37:45,570 --> 01:37:40,150

the decimal point and he viewed all

2016

01:37:49,680 --> 01:37:45,580

these permutations and what he came up

2017

01:37:51,900 --> 01:37:49,690

with i was able to see how it all

2018

01:37:53,850 --> 01:37:51,910

connected when i looked at all these

2019

01:37:57,030 --> 01:37:53,860

coordinates on the map projection of the

2020

01:38:01,680 --> 01:37:57,040

earth and how they will kind of work

2021

01:38:03,300 --> 01:38:01,690

together to produce the picture yeah all

2022

01:38:10,080 --> 01:38:03,310

right okay Michael knows what the pitch

2023

01:38:11,580 --> 01:38:10,090

immunity thank you he put the decimal

2024

01:38:13,680 --> 01:38:11,590

point in the right places I'm sure

2025

01:38:15,780 --> 01:38:13,690

because it went all this information

2026

01:38:19,410 --> 01:38:15,790

would not have emerged otherwise right

2027

01:38:20,580 --> 01:38:19,420

right all right thanks a lot okay so the

2028

01:38:24,930 --> 01:38:20,590

lines are open if someone else would

2029

01:38:28,080 --> 01:38:24,940

like to give a call and so we we talked

2030

01:38:30,240 --> 01:38:28,090

about Larry Warren briefly I don't want

2031

01:38:33,900 --> 01:38:30,250

to get into that too much but you know

2032

01:38:38,130 --> 01:38:33,910

he's been discredited and it's

2033

01:38:42,720 --> 01:38:38,140

unfortunate I just wanted to know if you

2034

01:38:44,880 --> 01:38:42,730

felt as though Larry Warren hurt the

2035

01:38:46,710 --> 01:38:44,890

whole Rendlesham forest we have a call

2036

01:38:56,670 --> 01:38:46,720

coming in so if you want to hang on to

2037

01:38:59,580 --> 01:38:56,680

that thought okay well we'll get back to

2038

01:39:01,050 --> 01:38:59,590

let's take this call right now and I was

2039

01:39:02,610 --> 01:39:01,060

written that down I won't forget it

2040

01:39:08,450 --> 01:39:02,620

call your first name where you're

2041

01:39:10,950 --> 01:39:08,460

calling from hi Todd welcome to the show

2042

01:39:16,770 --> 01:39:10,960

and do you have a question for our

2043

01:39:18,270 --> 01:39:16,780

guests or guests I thought it's been

2044

01:39:20,550 --> 01:39:18,280

covered I kind of tuned in late so I

2045

01:39:24,360 --> 01:39:20,560

apologize you know I was actually born

2046

01:39:28,890 --> 01:39:24,370

in a Lakenheath Jim 1970 and my father

2047

01:39:31,140 --> 01:39:28,900

was stationed at Lakenheath hips which

2048

01:39:33,780 --> 01:39:31,150

led out there I was wondering if you're

2049

01:39:37,410 --> 01:39:33,790

aware of any incidents that happened in

2050

01:39:41,220 --> 01:39:37,420

that area during the time frame you were

2051
01:39:43,650 --> 01:39:41,230
there or at any time frame you know I I

2052
01:39:46,170 --> 01:39:43,660
wasn't aware of anything like that it's

2053
01:39:50,340 --> 01:39:46,180
really actually so nice that your Air

2054
01:39:53,850 --> 01:39:50,350
Force brat huh okay yeah that's okay but

2055
01:39:56,910 --> 01:39:53,860
I'll tell you what I I this is hearsay

2056
01:39:59,940 --> 01:39:56,920
but I read a book John Hanson he's

2057
01:40:02,070 --> 01:39:59,950
author and he's put out a series of

2058
01:40:04,470 --> 01:40:02,080
books and he has been more like a

2059
01:40:06,330 --> 01:40:04,480
history of stuff and they mentioned

2060
01:40:09,120 --> 01:40:06,340
stuff about the Lakenheath their

2061
01:40:11,130 --> 01:40:09,130
sentiments up there and matter of fact I

2062
01:40:13,950 --> 01:40:11,140
got a copy if I have it handy I would

2063
01:40:18,510 --> 01:40:13,960

actually tell you what the name of the

2064

01:40:20,700 --> 01:40:18,520

book it's but he describes a incidents

2065

01:40:24,930 --> 01:40:20,710

much earlier I think a Lakenheath

2066

01:40:26,940 --> 01:40:24,940

but I think that whole area according to

2067

01:40:29,370 --> 01:40:26,950

that author there and he's an

2068

01:40:30,840 --> 01:40:29,380

investigator has a lot of the

2069

01:40:35,250 --> 01:40:30,850

unexplained phenomenon that's happening

2070

01:40:37,860 --> 01:40:35,260

and I would suggest that you maybe read

2071

01:40:40,320 --> 01:40:37,870

a book by him because John John's a

2072

01:40:45,780 --> 01:40:40,330

pretty straight shooter he's a retired

2073

01:40:48,420 --> 01:40:45,790

CID police officer British and he said

2074

01:40:50,520 --> 01:40:48,430

he tried to get the facts and I would

2075

01:40:52,110 --> 01:40:50,530

actually look at one of the books that

2076

01:40:53,940 --> 01:40:52,120

he has one of his early books I can't

2077

01:40:57,600 --> 01:40:53,950

remember if it's the first book he did

2078

01:40:59,210 --> 01:40:57,610

or the second book he did but he does

2079

01:41:02,190 --> 01:40:59,220

talk about

2080

01:41:12,020 --> 01:41:02,200

laking he's in particular and opera he

2081

01:41:18,570 --> 01:41:12,030

for anything - yeah on a motorway

2082

01:41:21,630 --> 01:41:18,580

probably 50 minutes no it's pretty close

2083

01:41:24,030 --> 01:41:21,640

it's pretty close okay all right well I

2084

01:41:26,300 --> 01:41:24,040

appreciate thank you for your time hey

2085

01:41:27,810 --> 01:41:26,310

nice nice talking to somebody was there

2086

01:41:29,730 --> 01:41:27,820

hey yep

2087

01:41:35,670 --> 01:41:29,740

Thank You Martin all right thanks for

2088

01:41:37,980 --> 01:41:35,680

the call so alright now Jim I have heard

2089

01:41:40,380 --> 01:41:37,990

a number of people tell me that that

2090

01:41:42,480 --> 01:41:40,390

whole area there's still stuff going on

2091

01:41:45,240 --> 01:41:42,490

and it's there's really it's a really a

2092

01:41:46,650 --> 01:41:45,250

mysterious area and the whole Rendlesham

2093

01:41:48,330 --> 01:41:46,660

forest area what do you what do you know

2094

01:41:49,350 --> 01:41:48,340

about that - do you hear a lot about

2095

01:41:52,450 --> 01:41:49,360

that

2096

01:41:55,720 --> 01:41:52,460

no not really I mean I just was just in

2097

01:41:58,060 --> 01:41:55,730

that last I just happened to know that

2098

01:42:00,460 --> 01:41:58,070

author and I saw he gave me one of his

2099

01:42:03,130 --> 01:42:00,470

books and I read it it says fascinating

2100

01:42:05,560 --> 01:42:03,140

I know there's a lot of string stuff

2101

01:42:08,440 --> 01:42:05,570

like happen even when I was there like

2102

01:42:10,030 --> 01:42:08,450

lengthen ham isn't far from there and

2103

01:42:12,190 --> 01:42:10,040

you go back in history five six hundred

2104

01:42:14,770 --> 01:42:12,200

years they like burned witches and stuff

2105

01:42:18,790 --> 01:42:14,780

there I mean they yeah they have history

2106

01:42:22,630 --> 01:42:18,800

like that some of the other things are

2107

01:42:24,250 --> 01:42:22,640

really strange when the Chuck pardon me

2108

01:42:25,660 --> 01:42:24,260

well I love the respect to call him

2109

01:42:29,620 --> 01:42:25,670

Colonel on the air I'm not gonna call

2110

01:42:32,080 --> 01:42:29,630

him what I come when we were there on

2111

01:42:33,850 --> 01:42:32,090

one of the film shoots there are some

2112

01:42:37,300 --> 01:42:33,860

strange people though they're following

2113

01:42:39,730 --> 01:42:37,310

phenomena they think is happening there

2114

01:42:41,410 --> 01:42:39,740

was a group Navy Bob yeah like 50 people

2115

01:42:44,020 --> 01:42:41,420

that were waiting for us after fill

2116

01:42:45,190 --> 01:42:44,030

shoot and it was actually a little yeah

2117

01:42:48,310 --> 01:42:45,200

a little scary

2118

01:42:51,040 --> 01:42:48,320

they're like thinking the the fog that's

2119

01:42:54,820 --> 01:42:51,050

hovering around is in to the east and

2120

01:42:56,650 --> 01:42:54,830

stuff I don't know well I'm not it's a

2121

01:42:59,170 --> 01:42:56,660

little different I'm not saying what

2122

01:43:01,480 --> 01:42:59,180

it's not true I just don't

2123

01:43:03,820 --> 01:43:01,490

yeah after Missouri that way you'd have

2124

01:43:06,100 --> 01:43:03,830

to show me man I mean but there's some

2125

01:43:08,530 --> 01:43:06,110

strange stuff that's going on but in the

2126
01:43:11,740 --> 01:43:08,540
same breath there is some actual stuff

2127
01:43:14,290 --> 01:43:11,750
that happens as some of the other air

2128
01:43:18,700 --> 01:43:14,300
bases in England I know Nick Pope talked

2129
01:43:21,720 --> 01:43:18,710
about a few of them and those there are

2130
01:43:24,700 --> 01:43:21,730
head scratchers just like Rendell

2131
01:43:27,280 --> 01:43:24,710
yeah yeah we have up we have another

2132
01:43:29,350 --> 01:43:27,290
caller and I still running out of time

2133
01:43:31,150 --> 01:43:29,360
and one to ask about quickly about Larry

2134
01:43:32,950 --> 01:43:31,160
Warren but let's get this caller in

2135
01:43:36,700 --> 01:43:32,960
first caller your first name and where

2136
01:43:38,560 --> 01:43:36,710
you calling from Steve an organ hi there

2137
01:43:43,420 --> 01:43:38,570
welcome to show Steve and you have a

2138
01:43:46,630 --> 01:43:43,430

question for Jim or Gary sure for Jim my

2139

01:43:49,510 --> 01:43:46,640

question is so this was during the Cold

2140

01:43:52,360 --> 01:43:49,520

War and this airbase was pretty close to

2141

01:43:54,760 --> 01:43:52,370

the front lines and the whole reason

2142

01:43:58,090 --> 01:43:54,770

that Rendlesham made it into the public

2143

01:44:00,300 --> 01:43:58,100

sphere was because of Colonel halts one

2144

01:44:02,610 --> 01:44:00,310

page memo that got released

2145

01:44:06,960 --> 01:44:02,620

and in that memo and the third paragraph

2146

01:44:10,350 --> 01:44:06,970

it says that that bogeys were visible in

2147

01:44:12,420 --> 01:44:10,360

the sky for three hours to the south and

2148

01:44:14,520 --> 01:44:12,430

for like an hour and a half I can't

2149

01:44:17,190 --> 01:44:14,530

remember what it was to the north but

2150

01:44:21,950 --> 01:44:17,200

they had bogeys in the sky visible for

2151

01:44:27,570 --> 01:44:21,960

three hours are we agreed on that

2152

01:44:30,210 --> 01:44:27,580

well what that's ok his memo is a is a

2153

01:44:33,210 --> 01:44:30,220

compilation of both nights

2154

01:44:36,930 --> 01:44:33,220

ok he put them all together and he sent

2155

01:44:38,670 --> 01:44:36,940

that memo off I wasn't involved in third

2156

01:44:40,740 --> 01:44:38,680

night and no nothing like that ever

2157

01:44:44,670 --> 01:44:40,750

happened on the first night so he had to

2158

01:44:47,100 --> 01:44:44,680

be talking about the third night so my

2159

01:44:50,730 --> 01:44:47,110

question is okay I mean you guys were

2160

01:44:53,040 --> 01:44:50,740

you guys were an airbase in in the Cold

2161

01:44:55,110 --> 01:44:53,050

War you're a military base pretty close

2162

01:44:57,450 --> 01:44:55,120

to the front lines and nobody launched

2163

01:44:59,850 --> 01:44:57,460

any jets to go up and have a look I've

2164

01:45:02,490 --> 01:44:59,860

wondered well and it was during the it

2165

01:45:04,200 --> 01:45:02,500

was during Christmas and so the the

2166

01:45:06,590 --> 01:45:04,210

flying operations were shut down at our

2167

01:45:11,240 --> 01:45:06,600

base and we didn't have a quick response

2168

01:45:13,560 --> 01:45:11,250

for that that one of the bases that were

2169

01:45:15,800 --> 01:45:13,570

that would do that would be like

2170

01:45:22,880 --> 01:45:15,810

Lakenheath and stuff like that but

2171

01:45:25,710 --> 01:45:22,890

here's three nights in a row and and I

2172

01:45:31,470 --> 01:45:25,720

and you could pick up the phone and call

2173

01:45:33,870 --> 01:45:31,480

a base that I really struggled with that

2174

01:45:37,260 --> 01:45:33,880

on the whole brindell ship thing well I

2175

01:45:40,530 --> 01:45:37,270

could not happen I am I'm with you on

2176
01:45:42,720 --> 01:45:40,540
this I'll tell you why I mean how could

2177
01:45:46,260 --> 01:45:42,730
over three days

2178
01:45:49,830 --> 01:45:46,270
the RAF did nothing the RAF didn't do

2179
01:45:52,890 --> 01:45:49,840
nothing they were in charge of security

2180
01:45:55,740 --> 01:45:52,900
for a long I mean the RAF and MLB they

2181
01:45:57,510 --> 01:45:55,750
did absolutely nothing they they sat

2182
01:46:01,890 --> 01:45:57,520
there into nothing white the British

2183
01:46:03,750 --> 01:46:01,900
citizens slept least we channeled our

2184
01:46:06,630 --> 01:46:03,760
reports like we were supposed to we did

2185
01:46:08,310 --> 01:46:06,640
notify you know through the base

2186
01:46:12,130 --> 01:46:08,320
commander's is a wing command post we

2187
01:46:14,680 --> 01:46:12,140
did notify of bogey that had known

2188
01:46:16,780 --> 01:46:14,690

threat to the base that's what the the

2189

01:46:20,950 --> 01:46:16,790

final determination was on the first

2190

01:46:26,950 --> 01:46:20,960

night but I can't speak for the silver

2191

01:46:29,020 --> 01:46:26,960

night I want yeah a bogey is visible in

2192

01:46:30,600 --> 01:46:29,030

the sky and you don't know if it's a

2193

01:46:33,370 --> 01:46:30,610

threat right you don't know what it is

2194

01:46:38,640 --> 01:46:33,380

well guess what I said I hate to say

2195

01:46:43,390 --> 01:46:41,590

all right thanks for the call yeah I

2196

01:46:46,690 --> 01:46:43,400

never got to ask about Larry Warren just

2197

01:46:48,670 --> 01:46:46,700

a quick answer no yes or no did do you

2198

01:46:51,840 --> 01:46:48,680

think that he caused a credibility issue

2199

01:46:57,880 --> 01:46:51,850

in the whole Rendlesham force Wilson

2200

01:47:00,610 --> 01:46:57,890

just real quick 30 seconds Jim Jim was

2201

01:47:02,620 --> 01:47:00,620

talking to Jay de inglês OIG JG Engels

2202

01:47:05,590 --> 01:47:02,630

Jim yeah he told you but the containment

2203

01:47:08,350 --> 01:47:05,600

story was going to be even aliens

2204

01:47:09,820 --> 01:47:08,360

mention Colonel Williams that wing

2205

01:47:14,260 --> 01:47:09,830

commander Colonel Williams was involved

2206

01:47:17,140 --> 01:47:14,270

it was it was a flying saucer circular

2207

01:47:18,610 --> 01:47:17,150

shaped craft it's a stereotypical UFO

2208

01:47:22,720 --> 01:47:18,620

story that was going to be used as a

2209

01:47:27,370 --> 01:47:22,730

containment story cover story and what

2210

01:47:34,270 --> 01:47:27,380

happened Warren came out with the same

2211

01:47:36,490 --> 01:47:34,280

story I'm really sorry we are out of

2212

01:47:38,980 --> 01:47:36,500

time in this live radio show coming

2213

01:47:40,660 --> 01:47:38,990

right up right after us and so thank you

2214

01:47:47,200 --> 01:47:40,670

so much gentlemen it's been a real

2215

01:47:49,630 --> 01:47:47,210

pleasure that might be a good idea all

2216

01:47:50,860 --> 01:47:49,640

right you did you take care all right

2217

01:47:54,040 --> 01:47:50,870

all right bye now

2218

01:47:56,340 --> 01:47:54,050

thanks boy bye all right everyone so

2219

01:48:00,490 --> 01:47:56,350

that's it for our show this evening and

2220

01:48:02,110 --> 01:48:00,500

we have we have more nimitz coming next

2221

01:48:06,280 --> 01:48:02,120

week so stay tuned for that

2222

01:48:08,590 --> 01:48:06,290

we have Omar and we have Dave Beatty and

2223

01:48:10,900 --> 01:48:08,600

JC they're gonna join us these are

2224

01:48:13,450 --> 01:48:10,910

witness two witnesses to the Nimitz case

2225

01:48:16,030 --> 01:48:13,460

and so that's it for the show everyone

2226

01:48:21,160 --> 01:48:16,040

thanks so get thanks again and remember

2227

01:48:21,170 --> 01:48:25,280

alright Martin we're clear

2228

01:48:29,600 --> 01:48:27,260

chase glad you told me to tell you she

2229

01:48:32,089 --> 01:48:29,610

loves you okay

2230

01:48:34,370 --> 01:48:32,099

good to hear well we're still live on

2231

01:48:35,600 --> 01:48:34,380

YouTube everyone just to let you know

2232

01:48:37,020 --> 01:48:35,610

yep

2233

01:48:40,390 --> 01:48:37,030

hang on a second

2234

01:48:43,460 --> 01:48:40,400

[Music]
