INVESTIGATIONS**

00:00:14,570 --> 00:00:35,650

[Music]

2
00:00:41,329 --> 00:00:38,990

hello and welcome to the show I'm Martin

3
00:00:43,910 --> 00:00:41,339

Willis your host and we have a great

4
00:00:47,420 --> 00:00:43,920

show for you this evening we have Paul

5
00:00:50,270 --> 00:00:47,430

Carr as a guest he is involved in the

6
00:00:54,799 --> 00:00:50,280

space field he's a healthy skeptic and

7
00:00:58,340 --> 00:00:54,809

he's also he's involved in the aerial

8
00:01:00,619 --> 00:00:58,350

phenomenon investigations team API we're

9
00:01:02,750 --> 00:01:00,629

going to be talking all about that later

10
00:01:05,870 --> 00:01:02,760

Alejandro Rojas is coming up in just a

11
00:01:06,920 --> 00:01:05,880

minute with UFO updates just a couple of

12
00:01:08,900 --> 00:01:06,930

things I want to thank everyone that

13
00:01:10,279 --> 00:01:08,910

supports the show without your support

14

00:01:13,160 --> 00:01:10,289

we could not do it I really do

15

00:01:16,130 --> 00:01:13,170

appreciate that every week we have a new

16

00:01:18,669 --> 00:01:16,140

blog by charles lear who blogs for us

17

00:01:21,560 --> 00:01:18,679

and this week the blog is titled

18

00:01:23,359 --> 00:01:21,570

sympathy for the airforce regarding UFOs

19

00:01:25,999 --> 00:01:23,369

maybe a lot of people don't have

20

00:01:28,130 --> 00:01:26,009

sympathy for the Air Force because we

21

00:01:30,920 --> 00:01:28,140

know they've actually have not always

22

00:01:33,230 --> 00:01:30,930

been truthful but in this blog Charles

23

00:01:35,510 --> 00:01:33,240

covers the Air Force's means of

24

00:01:39,440 --> 00:01:35,520

deflecting the press and the citizenry

25

00:01:42,679 --> 00:01:39,450

who hounded them for information right

26

00:01:46,280 --> 00:01:42,689

in the midst of the 1950's UFO mania Oh

27

00:01:49,249 --> 00:01:46,290

flap whatever that was happening I would

28

00:01:51,319 --> 00:01:49,259

say mania is more to it all so I just

29

00:01:55,130 --> 00:01:51,329

wanted to let people know that we do

30

00:01:57,859 --> 00:01:55,140

have a UFO sightings posting page anyone

31

00:02:00,740 --> 00:01:57,869

can post there anonymously recently the

32

00:02:05,959 --> 00:02:00,750

last posting the gentleman decided not

33

00:02:09,830 --> 00:02:05,969

to remain anonymous and he is a a pilot

34

00:02:12,380 --> 00:02:09,840

his name is Mark Muscat and he's a

35

00:02:15,830 --> 00:02:12,390

commercial pilot with over 5,000 hours

36

00:02:18,500 --> 00:02:15,840

and he writes about his encounter while

37

00:02:21,140 --> 00:02:18,510

night flying back in 1998 with a

38

00:02:23,210 --> 00:02:21,150

formation of lights six very unusual

39

00:02:26,330 --> 00:02:23,220

lights so check that out that's over at

40

00:02:29,479 --> 00:02:26,340

podcast UFO calm under UFO sightings and

41

00:02:31,009 --> 00:02:29,489

that's it for me for right now we're

42

00:02:33,800 --> 00:02:31,019

gonna bring on the one and only

43

00:02:36,589 --> 00:02:33,810

Alejandro Rojas how are you Alejandro

44

00:02:37,220 --> 00:02:36,599

hello hello I am doing well thank you

45

00:02:38,339 --> 00:02:37,230

good

46

00:02:42,000 --> 00:02:38,349

welcome to the

47

00:02:44,520 --> 00:02:42,010

and you you were gonna have a loo

48

00:02:47,580 --> 00:02:44,530

Elizondo on this week he's is he coming

49

00:02:49,229 --> 00:02:47,590

up yeah well this will be the update so

50

00:02:51,600 --> 00:02:49,239

I didn't have him this week which was

51
00:02:54,119 --> 00:02:51,610
kind of cool in a way because I thought

52
00:02:55,500 --> 00:02:54,129
I really want to catch my audience up I

53
00:02:58,680 --> 00:02:55,510
mean I've been doing a lot of research

54
00:03:00,630 --> 00:02:58,690
in the background over the background of

55
00:03:02,610 --> 00:03:00,640
a tip and how it got together who are

56
00:03:05,399 --> 00:03:02,620
all these major players and it can be

57
00:03:06,660 --> 00:03:05,409
really confusing and so I decided it

58
00:03:09,750 --> 00:03:06,670
would be good to have a show where I

59
00:03:11,460 --> 00:03:09,760
just cover that and so that's what I did

60
00:03:15,059 --> 00:03:11,470
that way people because people were

61
00:03:17,220 --> 00:03:15,069
asking a lot of questions for Lou that

62
00:03:19,259 --> 00:03:17,230
obviously they they didn't understand a

63
00:03:21,240 --> 00:03:19,269

lot of that background so I did that

64

00:03:23,069 --> 00:03:21,250

because he had to push again and

65

00:03:24,660 --> 00:03:23,079

essentially what happened was he made

66

00:03:28,349 --> 00:03:24,670

the commitment that he would do an

67

00:03:30,270 --> 00:03:28,359

interview with me before he kind of knew

68

00:03:32,129 --> 00:03:30,280

what the schedule was for the History

69

00:03:34,140 --> 00:03:32,139

Channel and plus he didn't realize he

70

00:03:36,420 --> 00:03:34,150

had to get permission from the History

71

00:03:37,890 --> 00:03:36,430

Channel to do the interview so we've

72

00:03:40,020 --> 00:03:37,900

been working with them and that's what's

73

00:03:41,580 --> 00:03:40,030

been kind of weird so what's funny and

74

00:03:43,589 --> 00:03:41,590

I'll tell people about that just a

75

00:03:45,569 --> 00:03:43,599

minute is we've been in contact so I've

76

00:03:47,729 --> 00:03:45,579

been able to get some answers from him

77

00:03:50,129 --> 00:03:47,739

on various things that have happened but

78

00:03:51,569 --> 00:03:50,139

and I've shared some with you so I'm

79

00:03:53,339 --> 00:03:51,579

still getting these kind of mini

80

00:03:55,559 --> 00:03:53,349

interviews in the background but our

81

00:03:57,720 --> 00:03:55,569

actual interview now cannot happen until

82

00:04:02,339 --> 00:03:57,730

the show airs so as soon as the show

83

00:04:05,339 --> 00:04:02,349

airs May 31st that weekend we'll do the

84

00:04:07,259 --> 00:04:05,349

interview and so the the essentially

85

00:04:09,960 --> 00:04:07,269

show right after the first show of the

86

00:04:12,479 --> 00:04:09,970

History Channel's unidentified will be

87

00:04:14,099 --> 00:04:12,489

the Lou Elizondo interview so you know I

88

00:04:16,770 --> 00:04:14,109

can understand why they're doing that I

89

00:04:18,990 --> 00:04:16,780

mean yeah may not want any little

90

00:04:21,569 --> 00:04:19,000

tidbits thrown out there that they're

91

00:04:23,460 --> 00:04:21,579

you know that would be important to the

92

00:04:25,680 --> 00:04:23,470

show itself so I kind of get why they're

93

00:04:27,300 --> 00:04:25,690

weathered yeah yeah and it's kind of

94

00:04:29,219 --> 00:04:27,310

funny because I've written a couple

95

00:04:32,219 --> 00:04:29,229

stories we haven't posted on den of geek

96

00:04:34,230 --> 00:04:32,229

yet and this podcast you know covers a

97

00:04:36,330 --> 00:04:34,240

lot of the background well I was able to

98

00:04:38,670 --> 00:04:36,340

get a view of the first episode I'm not

99

00:04:40,890 --> 00:04:38,680

sure if I even told you this yet and it

100

00:04:43,020 --> 00:04:40,900

is really good I think people are gonna

101
00:04:45,270 --> 00:04:43,030
be flooded Karen my girlfriend the owner

102
00:04:47,670 --> 00:04:45,280
of the UFO Congress she says it was her

103
00:04:50,159 --> 00:04:47,680
favorite UFO show ever I mean it's

104
00:04:51,990 --> 00:04:50,169
amazing that it's a UFO show weather

105
00:04:55,230 --> 00:04:52,000
where it's very accurate I

106
00:04:57,210 --> 00:04:55,240
so I you know I'm well know I know the

107
00:04:59,430 --> 00:04:57,220
background to everything they covered

108
00:05:01,800 --> 00:04:59,440
and it was very accurate but it goes

109
00:05:02,220 --> 00:05:01,810
over you know Chris Mellon plays a big

110
00:05:06,840 --> 00:05:02,230
role

111
00:05:09,660 --> 00:05:06,850
is kind of the main guy and it goes over

112
00:05:12,090 --> 00:05:09,670
their backgrounds and just to have the

113
00:05:16,170 --> 00:05:12,100

high level of credibility that these

114

00:05:18,630 --> 00:05:16,180

people have to be doing a show on UFOs

115

00:05:21,180 --> 00:05:18,640

and being and talking about it seriously

116

00:05:23,610 --> 00:05:21,190

in conducting serious investigations I

117

00:05:26,940 --> 00:05:23,620

think this show is incredibly important

118

00:05:30,360 --> 00:05:26,950

and I think that all of our UFO buddies

119

00:05:34,440 --> 00:05:30,370

are gonna love it now are the UFO crowd

120

00:05:35,940 --> 00:05:34,450

always surprises me they have you know

121

00:05:38,040 --> 00:05:35,950

there's more negativity than I could

122

00:05:40,800 --> 00:05:38,050

have ever imagined that happens

123

00:05:41,940 --> 00:05:40,810

sometimes but we'll see what people in

124

00:05:43,860 --> 00:05:41,950

that pick I don't think there's a lot to

125

00:05:45,960 --> 00:05:43,870

nitpick I think more there's a lot to be

126

00:05:48,870 --> 00:05:45,970

excited about with the show well that's

127

00:05:50,790 --> 00:05:48,880

great and yeah so you got to see I think

128

00:05:52,290 --> 00:05:50,800

that I forget what this screener is what

129

00:05:54,030 --> 00:05:52,300

they call them you get to see the

130

00:05:56,280 --> 00:05:54,040

screener are they gonna show you other

131

00:05:58,940 --> 00:05:56,290

episodes are just that number one that's

132

00:06:01,530 --> 00:05:58,950

it I'm not sure we've actually asked and

133

00:06:03,090 --> 00:06:01,540

they have said that they're not sure

134

00:06:05,130 --> 00:06:03,100

it'll probably just be this first

135

00:06:07,860 --> 00:06:05,140

episode before the show airs so it might

136

00:06:09,990 --> 00:06:07,870

be this might be it I'm hoping that I'll

137

00:06:12,510 --> 00:06:10,000

get early looks for all of the shows to

138

00:06:14,730 --> 00:06:12,520

prepare reviews early that doesn't

139

00:06:16,590 --> 00:06:14,740

always happen with Blue Book they gave

140

00:06:20,100 --> 00:06:16,600

us a few episodes but not all of them

141

00:06:22,620 --> 00:06:20,110

yeah so we'll see that's yet to be seen

142

00:06:24,060 --> 00:06:22,630

but this first one is really good a

143

00:06:27,360 --> 00:06:24,070

couple other people have gotten and I

144

00:06:31,380 --> 00:06:27,370

know Ryan Sprague and MJ baniyas and I

145

00:06:33,210 --> 00:06:31,390

know they both really really liked it MJ

146

00:06:34,650 --> 00:06:33,220

is of course more critical of things but

147

00:06:37,020 --> 00:06:34,660

heave and really liked it I haven't

148

00:06:40,020 --> 00:06:37,030

listened to his full review yet yeah

149

00:06:42,840 --> 00:06:40,030

yeah he does great yeah I like watching

150

00:06:45,360 --> 00:06:42,850

his reviews he's fun yeah so what else

151
00:06:47,159 --> 00:06:45,370
is going on so a couple of big pieces of

152
00:06:48,570 --> 00:06:47,169
news that I want to cover first I do

153
00:06:52,650 --> 00:06:48,580
want to mention I'm wearing my UFO

154
00:06:55,140 --> 00:06:52,660
Congress hat you just save 40 save 40

155
00:06:57,780 --> 00:06:55,150
and your listeners can get \$40 off

156
00:07:00,120 --> 00:06:57,790
ticket packages so save 40 at UFO

157
00:07:03,719 --> 00:07:00,130
Congress calm but the couple of pieces

158
00:07:05,730 --> 00:07:03,729
of news first of all the guy who's

159
00:07:08,249 --> 00:07:05,740
giving us all of the best news and

160
00:07:10,290 --> 00:07:08,259
keeping us up-to-date on what's going on

161
00:07:13,290 --> 00:07:10,300
is George Knapp and he has a new story

162
00:07:15,450 --> 00:07:13,300
at klas with his buddy Matt Adams who he

163
00:07:17,309 --> 00:07:15,460

does these stories with but they

164

00:07:20,100 --> 00:07:17,319

essentially got a hold of this form

165

00:07:21,450 --> 00:07:20,110

that's called a DD 1910 I think I might

166

00:07:24,659 --> 00:07:21,460

have to we might have talked about it

167

00:07:28,529 --> 00:07:24,669

before but what this form does is shows

168

00:07:32,129 --> 00:07:28,539

that the DoD did release these three

169

00:07:34,140 --> 00:07:32,139

videos these three FLIR Navy videos now

170

00:07:36,689 --> 00:07:34,150

we have to remember and Leslie Kane has

171

00:07:39,360 --> 00:07:36,699

pped up recently actually to clarify

172

00:07:39,960 --> 00:07:39,370

with people and and I've kind of spoken

173

00:07:41,760 --> 00:07:39,970

to this

174

00:07:43,589 --> 00:07:41,770

there has been no doubt in the

175

00:07:47,040 --> 00:07:43,599

mainstream as to the veracity of those

176

00:07:49,140 --> 00:07:47,050

videos a lot of UFO nerds like us I'm

177

00:07:52,200 --> 00:07:49,150

certainly a UFO nerd we care about the

178

00:07:54,210 --> 00:07:52,210

details but most oh because right off

179

00:07:56,790 --> 00:07:54,220

the bat the New York Times said they got

180

00:07:58,620 --> 00:07:56,800

the videos from the DoD they they were

181

00:08:01,770 --> 00:07:58,630

able to vet them and make sure they were

182

00:08:03,719 --> 00:08:01,780

real and they were from the Navy so boom

183

00:08:05,820 --> 00:08:03,729

for most people that is good enough Nick

184

00:08:07,800 --> 00:08:05,830

Pope even came in and backed up Leslie

185

00:08:09,420 --> 00:08:07,810

Kane and said you know because she was

186

00:08:11,100 --> 00:08:09,430

like I don't know why this is even in

187

00:08:13,980 --> 00:08:11,110

question but of course we verified all

188

00:08:15,839 --> 00:08:13,990

of this stuff and Nick Pope says yes the

189

00:08:18,450 --> 00:08:15,849

New York Times has a highest standards

190

00:08:21,689 --> 00:08:18,460

for checking the veracity of the details

191

00:08:23,459 --> 00:08:21,699

they make sure that everything is double

192

00:08:27,149 --> 00:08:23,469

check triple check to make sure it's all

193

00:08:30,930 --> 00:08:27,159

real and accurate so but this forum is

194

00:08:32,940 --> 00:08:30,940

from the DoD now it was leaked and so

195

00:08:35,670 --> 00:08:32,950

when George Knapp posted the story

196

00:08:37,860 --> 00:08:35,680

showing out displaying this form some

197

00:08:39,899 --> 00:08:37,870

people you know all of us were going to

198

00:08:43,290 --> 00:08:39,909

the DoD hey verify this tell us if this

199

00:08:45,300 --> 00:08:43,300

is real or not because in the past Zod

200

00:08:47,280 --> 00:08:45,310

has told John Greenwald we had nothing

201
00:08:48,780 --> 00:08:47,290
to do with those videos and that was

202
00:08:52,110 --> 00:08:48,790
essentially what they said we have

203
00:08:54,360 --> 00:08:52,120
nothing to do with those videos they got

204
00:08:56,130 --> 00:08:54,370
back to John Greenwald first and it's

205
00:08:58,530 --> 00:08:56,140
kind of funny that they oh and I knew it

206
00:09:01,740 --> 00:08:58,540
they always get to John Greenwald first

207
00:09:03,510 --> 00:09:01,750
and John is of course you've had him on

208
00:09:07,380 --> 00:09:03,520
the show more skeptical about things and

209
00:09:10,199 --> 00:09:07,390
I so he posted that this forum did not

210
00:09:13,110 --> 00:09:10,209
really show that the the DoD had

211
00:09:17,430 --> 00:09:13,120
released the videos and to be honest I'm

212
00:09:19,440 --> 00:09:17,440
not even completely sure some people I

213
00:09:21,420 --> 00:09:19,450

will put it this way I wrote

214

00:09:23,730 --> 00:09:21,430

story to kind of clarify to go over

215

00:09:26,970 --> 00:09:23,740

every point in every little aspect of

216

00:09:29,690 --> 00:09:26,980

that document so we can talk about the

217

00:09:31,890 --> 00:09:29,700

different parts of it and why the DoD

218

00:09:34,470 --> 00:09:31,900

had said what they said they said the

219

00:09:37,860 --> 00:09:34,480

form is real which verifies these are

220

00:09:39,510 --> 00:09:37,870

real DoD videos and which also counters

221

00:09:40,590 --> 00:09:39,520

what they had said before that they have

222

00:09:42,240 --> 00:09:40,600

nothing to do with it

223

00:09:43,920 --> 00:09:42,250

they certainly did have nothing to do

224

00:09:46,170 --> 00:09:43,930

with it or something to do with it they

225

00:09:47,670 --> 00:09:46,180

release them at the end of their comment

226

00:09:50,490 --> 00:09:47,680

to John Greenwald though they did

227

00:09:52,200 --> 00:09:50,500

comment that these were not approved for

228

00:09:54,630 --> 00:09:52,210

general public release you know

229

00:09:57,420 --> 00:09:54,640

something that's actually completely

230

00:10:00,060 --> 00:09:57,430

inaccurate this forum is a forum for

231

00:10:02,370 --> 00:10:00,070

public release it was approved by the

232

00:10:05,820 --> 00:10:02,380

Navy the name of the person in the Navy

233

00:10:07,170 --> 00:10:05,830

is withheld it's redacted but you know

234

00:10:08,970 --> 00:10:07,180

there is a section it shows it is

235

00:10:11,190 --> 00:10:08,980

someone from the Navy who was asked and

236

00:10:14,340 --> 00:10:11,200

boom there's a stamp of approval it was

237

00:10:17,220 --> 00:10:14,350

approved for public release now in the

238

00:10:19,020 --> 00:10:17,230

comments the person who requested that

239

00:10:22,410 --> 00:10:19,030

the videos be released and we don't know

240

00:10:24,690 --> 00:10:22,420

who this person is as of yet apparently

241

00:10:28,860 --> 00:10:24,700

Elizondo does know but he can't share

242

00:10:31,590 --> 00:10:28,870

that information yet but the person said

243

00:10:34,710 --> 00:10:31,600

that they were gonna share this with us

244

00:10:37,260 --> 00:10:34,720

G governmental agencies and also with

245

00:10:38,850 --> 00:10:37,270

industry partners for their databases so

246

00:10:41,310 --> 00:10:38,860

we can all kind of figure out what this

247

00:10:43,440 --> 00:10:41,320

is almost like a crowdfunding sort of

248

00:10:45,420 --> 00:10:43,450

thing nowhere on there did it say that

249

00:10:48,270 --> 00:10:45,430

these databases could not be public

250

00:10:50,310 --> 00:10:48,280

facing and you know the way it was

251
00:10:51,750 --> 00:10:50,320
written to me sounds like they wanted to

252
00:10:54,570 --> 00:10:51,760
kind of crowdsource get this out to

253
00:10:55,860 --> 00:10:54,580
people and see what people think so

254
00:10:58,140 --> 00:10:55,870
certainly to the stars would be an

255
00:10:59,400 --> 00:10:58,150
industry partner and nothing is barring

256
00:11:00,930 --> 00:10:59,410
them from sharing it to the public

257
00:11:05,070 --> 00:11:00,940
that's what this is for a public release

258
00:11:06,540 --> 00:11:05,080
so it does not bar anybody from general

259
00:11:08,400 --> 00:11:06,550
public release now it does have a

260
00:11:10,680 --> 00:11:08,410
sentence in there that said this is not

261
00:11:16,440 --> 00:11:10,690
for publication we are not intending to

262
00:11:18,750 --> 00:11:16,450
publicize or for publication to publish

263
00:11:23,160 --> 00:11:18,760

these videos a publication would be a

264

00:11:25,800 --> 00:11:23,170

journal a book a New York Times story so

265

00:11:28,590 --> 00:11:25,810

this do deed form did not approve their

266

00:11:30,420 --> 00:11:28,600

videos for release in that fashion but

267

00:11:32,760 --> 00:11:30,430

that's not what the writer was was

268

00:11:33,449 --> 00:11:32,770

seeking in the first place now at the

269

00:11:37,410 --> 00:11:33,459

New York Times

270

00:11:39,869 --> 00:11:37,420

is saying it's not telling us you know

271

00:11:41,549 --> 00:11:39,879

where they got the videos they're just

272

00:11:43,439 --> 00:11:41,559

saying they got them from the DoD they

273

00:11:46,169 --> 00:11:43,449

were vetted they were able to publish

274

00:11:48,929 --> 00:11:46,179

them so what their process was to get

275

00:11:51,419 --> 00:11:48,939

those videos published we don't know but

276
00:11:53,220 --> 00:11:51,429
at least this form does confirm and the

277
00:11:55,379 --> 00:11:53,230
DoD does confirm these videos are theirs

278
00:11:59,850 --> 00:11:55,389
so there's a lot of confusion around

279
00:12:01,679 --> 00:11:59,860
that piece but the big story which a lot

280
00:12:03,299 --> 00:12:01,689
of people are like why are why are we

281
00:12:05,699 --> 00:12:03,309
even debating any of this other stuff

282
00:12:08,009 --> 00:12:05,709
the big story is the DoD is confirming

283
00:12:10,679 --> 00:12:08,019
they did release these videos these

284
00:12:14,069 --> 00:12:10,689
videos are real they are from the Navy

285
00:12:15,960 --> 00:12:14,079
they are from Navy f-18s something that

286
00:12:17,730 --> 00:12:15,970
really the mainstream is not even

287
00:12:20,220 --> 00:12:17,740
questioned since the New York Times told

288
00:12:23,069 --> 00:12:20,230

us all of that but at least it verifies

289

00:12:26,069 --> 00:12:23,079

that all in the background so I do have

290

00:12:28,439 --> 00:12:26,079

on open minds that TV a link to George

291

00:12:30,030 --> 00:12:28,449

Knapp story it's the first one and then

292

00:12:32,400 --> 00:12:30,040

a link to my story with some

293

00:12:34,439 --> 00:12:32,410

clarifications and I do link to John

294

00:12:36,269 --> 00:12:34,449

Greenwald so if you want to go look at

295

00:12:38,789 --> 00:12:36,279

John Green won't see what he has to say

296

00:12:40,919 --> 00:12:38,799

and his interpretation I've got links to

297

00:12:44,429 --> 00:12:40,929

all of that in there as well so you can

298

00:12:48,359 --> 00:12:44,439

go see what you think yourself now why

299

00:12:51,600 --> 00:12:48,369

do you suppose that the person and the

300

00:12:54,449 --> 00:12:51,610

Pentagon would say not for for public

301

00:12:57,480 --> 00:12:54,459

release in an email it's a bizarre isn't

302

00:13:00,030 --> 00:12:57,490

it not really I don't think I think that

303

00:13:04,559 --> 00:13:00,040

it's been obvious to me now this is me

304

00:13:06,539 --> 00:13:04,569

speculating but it's also me having this

305

00:13:10,439 --> 00:13:06,549

is educated speculation we've seen this

306

00:13:15,090 --> 00:13:10,449

before the DoD are all of these military

307

00:13:18,900 --> 00:13:15,100

public at you know public relations

308

00:13:20,609 --> 00:13:18,910

departments they obviously their first

309

00:13:23,999 --> 00:13:20,619

thought is how do we make us look good

310

00:13:27,389 --> 00:13:24,009

the second part is can I even get access

311

00:13:29,400 --> 00:13:27,399

to this information a lot of times they

312

00:13:31,199 --> 00:13:29,410

don't they're not able to get access in

313

00:13:33,660 --> 00:13:31,209

fact Leslie Kane made a comment

314

00:13:35,579 --> 00:13:33,670

the reason the DoD is probably wrong so

315

00:13:38,970 --> 00:13:35,589

much on this is that it they don't have

316

00:13:41,009 --> 00:13:38,980

access it shuts a small program that is

317

00:13:43,169 --> 00:13:41,019

you know tucked away in the Pentagon

318

00:13:45,689 --> 00:13:43,179

here that they probably have a hard time

319

00:13:47,370 --> 00:13:45,699

finding any information she's like you

320

00:13:50,100 --> 00:13:47,380

know I've got experience with

321

00:13:51,630 --> 00:13:50,110

and she's ran into the same issues where

322

00:13:53,400 --> 00:13:51,640

they just don't know where to look so

323

00:13:56,130 --> 00:13:53,410

they can't find the information and

324

00:13:58,290 --> 00:13:56,140

that's probably related to to what's

325

00:14:01,800 --> 00:13:58,300

going on and this happens all the time

326

00:14:04,770 --> 00:14:01,810

nearly every major UFO case the military

327

00:14:08,000 --> 00:14:04,780

tells us something and then they correct

328

00:14:11,480 --> 00:14:08,010

themselves later I mean this was done in

329

00:14:14,760 --> 00:14:11,490

Stephenville this was done with the

330

00:14:17,730 --> 00:14:14,770

O'Hare incident it's done practically

331

00:14:19,890 --> 00:14:17,740

every time so is it a surprise that here

332

00:14:21,660 --> 00:14:19,900

again we have a big UFO case where they

333

00:14:24,330 --> 00:14:21,670

gave us wrong information at first and

334

00:14:26,490 --> 00:14:24,340

then corrected it later on it's not that

335

00:14:28,470 --> 00:14:26,500

surprising what is a little bit of

336

00:14:31,110 --> 00:14:28,480

surprising is they're kind of blatantly

337

00:14:34,290 --> 00:14:31,120

spinning in my opinion they either are

338

00:14:36,060 --> 00:14:34,300

embarrassed or kind of frustrated by

339

00:14:38,090 --> 00:14:36,070

this whole situation and you can't blame

340

00:14:41,130 --> 00:14:38,100

them Lou did not

341

00:14:43,170 --> 00:14:41,140

Elizondo did not say hey guys I'm gonna

342

00:14:45,480 --> 00:14:43,180

retire and then I'm gonna tell everybody

343

00:14:48,330 --> 00:14:45,490

about this UFO project that I'm working

344

00:14:49,740 --> 00:14:48,340

on he did not clear this with the press

345

00:14:52,590 --> 00:14:49,750

department so they're probably very

346

00:14:54,360 --> 00:14:52,600

frustrated with Lou that he would go out

347

00:14:55,800 --> 00:14:54,370

there and do this which puts them in an

348

00:14:57,930 --> 00:14:55,810

odd position because now they have to

349

00:14:59,490 --> 00:14:57,940

answer all these questions about UFO

350

00:15:01,620 --> 00:14:59,500

stuff which they haven't been they

351
00:15:04,320 --> 00:15:01,630
haven't been really talking to anybody

352
00:15:05,820 --> 00:15:04,330
but John Greenwald uh he's the only one

353
00:15:07,830 --> 00:15:05,830
they're talking to on a regular basis

354
00:15:09,030 --> 00:15:07,840
the rest of us they're ignoring or they

355
00:15:12,180 --> 00:15:09,040
say they're gonna come back with a

356
00:15:13,920 --> 00:15:12,190
response and they don't so I think

357
00:15:15,600 --> 00:15:13,930
that's what it is they're embarrassed

358
00:15:18,120 --> 00:15:15,610
that they're proving themselves wrong

359
00:15:20,610 --> 00:15:18,130
and so they're just trying to save base

360
00:15:21,960 --> 00:15:20,620
and at the same time they're they're not

361
00:15:25,260 --> 00:15:21,970
doing a very good job of it they're

362
00:15:26,450 --> 00:15:25,270
making themselves look bad and we just

363
00:15:29,250 --> 00:15:26,460

you know these are not often

364

00:15:31,740 --> 00:15:29,260

professional PR people these are often

365

00:15:35,520 --> 00:15:31,750

people who take PR duty you know

366

00:15:37,260 --> 00:15:35,530

seriously I mean they're they're not

367

00:15:38,670 --> 00:15:37,270

professionals who are looking to get

368

00:15:41,940 --> 00:15:38,680

into the media to do this as a

369

00:15:44,220 --> 00:15:41,950

profession so they're just tasked with

370

00:15:45,420 --> 00:15:44,230

having to do this and if anybody's

371

00:15:48,150 --> 00:15:45,430

called them you kind of get that sense

372

00:15:50,460 --> 00:15:48,160

they if there's a vast difference

373

00:15:52,320 --> 00:15:50,470

between a talking to publicists and

374

00:15:55,320 --> 00:15:52,330

talking to the PR guys for the military

375

00:15:58,650 --> 00:15:55,330

hmm so I think all of this has to be all

376

00:16:00,790 --> 00:15:58,660

in play here and it's we've experienced

377

00:16:03,249 --> 00:16:00,800

this over and over again in the past

378

00:16:05,499 --> 00:16:03,259

dealing with their them I mean they are

379

00:16:06,669 --> 00:16:05,509

not the best source of the most accurate

380

00:16:09,280 --> 00:16:06,679

information that's why you need the

381

00:16:10,660 --> 00:16:09,290

documents and that's what's great that

382

00:16:12,999 --> 00:16:10,670

people are pursuing to get these

383

00:16:14,919 --> 00:16:13,009

documents it's great that John verified

384

00:16:17,169 --> 00:16:14,929

that this document that George Knapp got

385

00:16:19,359 --> 00:16:17,179

was real in fact they verified it with

386

00:16:21,489 --> 00:16:19,369

Greenwald before they did with Knapp for

387

00:16:23,619 --> 00:16:21,499

some reason even though Knapp is an

388

00:16:25,569 --> 00:16:23,629

award-winning investigative journalist I

389

00:16:27,789 --> 00:16:25,579

mean that's more evidence that they're

390

00:16:29,289 --> 00:16:27,799

kind of playing games over there and who

391

00:16:31,150 --> 00:16:29,299

they're talking to and what information

392

00:16:32,919 --> 00:16:31,160

that they're giving people yeah like

393

00:16:35,889 --> 00:16:32,929

maybe that because John has like two

394

00:16:38,229 --> 00:16:35,899

million for you document documents that

395

00:16:39,579 --> 00:16:38,239

he's got yeah but anyway you know we're

396

00:16:41,289 --> 00:16:39,589

out of time did you have anything else

397

00:16:42,789 --> 00:16:41,299

you wanted to say real quickly yeah the

398

00:16:44,650 --> 00:16:42,799

only other thing that I wanted to say

399

00:16:46,210 --> 00:16:44,660

out there is that the other big story is

400

00:16:48,400 --> 00:16:46,220

that the Navy had said they're not going

401
00:16:50,259 --> 00:16:48,410
to share any UFO information they

402
00:16:51,669 --> 00:16:50,269
receive well here's another thing where

403
00:16:54,039 --> 00:16:51,679
I've gotten some information from Lou

404
00:16:56,049 --> 00:16:54,049
Elizondo in Georgia Knapp story that I

405
00:16:58,449 --> 00:16:56,059
referred to earlier he interviews Chris

406
00:17:00,970 --> 00:16:58,459
melon and Chris melon actually gives him

407
00:17:03,429 --> 00:17:00,980
a statement on how to the Stars was

408
00:17:06,789 --> 00:17:03,439
integral in getting the Navy to create

409
00:17:09,370 --> 00:17:06,799
these UFO guidelines and Lou is saying

410
00:17:10,809 --> 00:17:09,380
when I asked him that hey the Navy said

411
00:17:12,909 --> 00:17:10,819
that they're not gonna release the data

412
00:17:14,740 --> 00:17:12,919
but that's not the full story we've been

413
00:17:17,049 --> 00:17:14,750

working behind the scenes we know the

414

00:17:19,539 --> 00:17:17,059

Navy's not gonna release their raw data

415

00:17:21,669 --> 00:17:19,549

to the public but that information will

416

00:17:23,199 --> 00:17:21,679

be given to Congress it will be given to

417

00:17:25,809 --> 00:17:23,209

their leadership and then that

418

00:17:28,200 --> 00:17:25,819

information will be taken and summarized

419

00:17:30,700 --> 00:17:28,210

for the public so we will see

420

00:17:32,889 --> 00:17:30,710

information about what the Navy is

421

00:17:35,379 --> 00:17:32,899

collecting on UFOs the example he gave

422

00:17:37,210 --> 00:17:35,389

was new North Korea and their nukes we

423

00:17:39,129 --> 00:17:37,220

don't know details about where their

424

00:17:41,230 --> 00:17:39,139

nukes are what their you know everything

425

00:17:43,480 --> 00:17:41,240

that's been retrieved that way with the

426

00:17:45,490 --> 00:17:43,490

data but we do get public information

427

00:17:47,350 --> 00:17:45,500

about summaries of of their nuclear

428

00:17:49,930 --> 00:17:47,360

program and that's the sort of thing we

429

00:17:51,669 --> 00:17:49,940

will get information so that's not

430

00:17:53,129 --> 00:17:51,679

completely accurate all these headlines

431

00:17:55,450 --> 00:17:53,139

that the Navy's gonna keep it all secret

432

00:17:57,669 --> 00:17:55,460

excellent all right alejandro thanks so

433

00:17:59,139 --> 00:17:57,679

much yep my pleasure all right I'll talk

434

00:18:00,970 --> 00:17:59,149

to you next week thank you talk to you

435

00:18:04,240 --> 00:18:00,980

later all right all right everyone so

436

00:18:08,649 --> 00:18:04,250

our guest our guest is Paul Carr and

437

00:18:10,720 --> 00:18:08,659

he's had a lifelong fascination with the

438

00:18:14,530 --> 00:18:10,730

exploration of outer space and all

439

00:18:17,530 --> 00:18:14,540

things unexplained and let's see he

440

00:18:21,930 --> 00:18:17,540

has been a spacecraft systems engineer a

441

00:18:25,030 --> 00:18:21,940

career that now spans about 38 years and

442

00:18:27,940 --> 00:18:25,040

he while working at the Applied Physics

443

00:18:31,270 --> 00:18:27,950

lab in Maryland he earned his MS and

444

00:18:34,840 --> 00:18:31,280

Applied Physics from John Hopkins and in

445

00:18:37,570 --> 00:18:34,850

2011 he was recruited to join the aerial

446

00:18:41,800 --> 00:18:37,580

phenomenon investigations team API we'll

447

00:18:43,960 --> 00:18:41,810

be talking about that and back in 2017

448

00:18:47,550 --> 00:18:43,970

he took over as director of that and

449

00:18:51,160 --> 00:18:47,560

this is an independent organization that

450

00:18:52,330 --> 00:18:51,170

invests investigate UFOs worldwide so

451

00:18:55,150 --> 00:18:52,340

welcome to the show

452

00:18:56,920 --> 00:18:55,160

well thanks Marv trapped me on thank you

453

00:19:00,340 --> 00:18:56,930

and you know I was looking like it was

454

00:19:02,470 --> 00:19:00,350

backed up four years ago a lots changed

455

00:19:04,660 --> 00:19:02,480

in the four years that that's when you

456

00:19:06,940 --> 00:19:04,670

were on last time yes it has

457

00:19:09,010 --> 00:19:06,950

yeah and back then we were doing the

458

00:19:12,280 --> 00:19:09,020

one-hour shows now we got two hours and

459

00:19:14,440 --> 00:19:12,290

we're we're on a great radio station and

460

00:19:17,110 --> 00:19:14,450

all kinds of good stuff here but anyway

461

00:19:20,410 --> 00:19:17,120

thank you and we do I want to say that

462

00:19:21,790 --> 00:19:20,420

we do have a lot of new listeners to the

463

00:19:25,840 --> 00:19:21,800

show there's new listeners every week I

464

00:19:27,460 --> 00:19:25,850

get email it's really amazing how I

465

00:19:30,700 --> 00:19:27,470

would say within the last year how many

466

00:19:32,650 --> 00:19:30,710

people are listening now to the show can

467

00:19:34,240 --> 00:19:32,660

you give them for the person that didn't

468

00:19:35,890 --> 00:19:34,250

listen four years ago

469

00:19:39,190 --> 00:19:35,900

please give your background if you would

470

00:19:42,220 --> 00:19:39,200

and what got you in interested in UFOs

471

00:19:46,030 --> 00:19:42,230

well as you mentioned I've been involved

472

00:19:50,890 --> 00:19:46,040

in the space field for well since I got

473

00:19:54,340 --> 00:19:50,900

out of college and we've and I was a

474

00:19:56,800 --> 00:19:54,350

Sputnik baby I'm born in 1958 Yeah right

475

00:19:59,050 --> 00:19:56,810

a few months after split so there was

476

00:20:00,340 --> 00:19:59,060

this big panic on about oh my gosh we

477

00:20:03,400 --> 00:20:00,350

have to catch up on science and

478

00:20:06,040 --> 00:20:03,410

engineering as oh uh there was that big

479

00:20:09,790 --> 00:20:06,050

push to get all US little kids into

480

00:20:13,270 --> 00:20:09,800

space and into sigh and you know I was I

481

00:20:17,470 --> 00:20:13,280

was totally right there with that that

482

00:20:19,570 --> 00:20:17,480

whole program and I was 11 years old

483

00:20:23,020 --> 00:20:19,580

when Neil Armstrong set his foot on the

484

00:20:26,660 --> 00:20:23,030

moon and I was really jealous Oh Neil I

485

00:20:30,110 --> 00:20:26,670

wanted I wanted to be him and

486

00:20:36,289 --> 00:20:30,120

I even fantasized about stowing away on

487

00:20:38,480 --> 00:20:36,299

the capsule that was over well I don't

488

00:20:38,990 --> 00:20:38,490

yeah every I couldn't think of a good

489

00:20:43,580 --> 00:20:39,000

plan

490

00:20:45,200 --> 00:20:43,590

anyway the in when I was at that of

491

00:20:50,150 --> 00:20:45,210

course also in the 60s what was going on

492

00:20:52,880 --> 00:20:50,160

was a lot of UFO stuff around a lot of

493

00:20:57,799 --> 00:20:52,890

books that were available at any public

494

00:21:00,049 --> 00:20:57,809

library or it wasn't all stuck away in

495

00:21:05,060 --> 00:21:00,059

the news New Age section of the

496

00:21:07,850 --> 00:21:05,070

bookstore and so I had a lot of exposure

497

00:21:10,340 --> 00:21:07,860

to that I did I didn't think a great

498

00:21:13,730 --> 00:21:10,350

deal of it until I was a little older I

499

00:21:16,480 --> 00:21:13,740

started reading some books I actually to

500

00:21:19,159 --> 00:21:16,490

join NICAP you had to have \$5 for the

501
00:21:21,890 --> 00:21:19,169
membership fee and I started saving

502
00:21:24,950 --> 00:21:21,900
which by the way \$5 for a ten-year-old

503
00:21:28,970 --> 00:21:24,960
kid in 1968 was a lot of money it was I

504
00:21:30,830 --> 00:21:28,980
remember yeah and so I started putting

505
00:21:34,400 --> 00:21:30,840
my pennies to stuff in a box and I was

506
00:21:37,789 --> 00:21:34,410
going to join ICAP and I can't everyone

507
00:21:39,230 --> 00:21:37,799
after that plan but I never I don't

508
00:21:40,970 --> 00:21:39,240
remember ever getting Wonder newsletters

509
00:21:45,530 --> 00:21:40,980
I think they folded around that around

510
00:21:46,940 --> 00:21:45,540
that time but because I was really

511
00:21:48,140 --> 00:21:46,950
interested I want to end when I was

512
00:21:54,919 --> 00:21:48,150
reading now a lot of that was just sort

513
00:21:57,789 --> 00:21:54,929

of the pulp press you know and just

514

00:22:00,980 --> 00:21:57,799

books I could find in the library and

515

00:22:03,740 --> 00:22:00,990

but when I was a teenager my dad and I

516

00:22:08,710 --> 00:22:03,750

were out walking one night probably

517

00:22:15,010 --> 00:22:08,720

about I think 1971 something like that

518

00:22:17,270 --> 00:22:15,020

and we had we I had my first sighting

519

00:22:19,520 --> 00:22:17,280

these were lights but there were a lot

520

00:22:21,680 --> 00:22:19,530

of lights and they were brightly colored

521

00:22:24,710 --> 00:22:21,690

lights and were dancing around each

522

00:22:27,250 --> 00:22:24,720

other and moving very fast and my dad

523

00:22:30,200 --> 00:22:27,260

saw too although we didn't speak of it

524

00:22:31,669 --> 00:22:30,210

after that really uh which i think is

525

00:22:33,530 --> 00:22:31,679

pretty common a lot of Vienna families

526

00:22:38,990 --> 00:22:33,540

and you hear that hey I remember this

527

00:22:43,580 --> 00:22:41,779

you know that it was upsetting to his

528

00:22:45,500 --> 00:22:43,590

worldview and I'd been to mine as well I

529

00:22:49,549 --> 00:22:45,510

was already an aspiring scientist and

530

00:22:52,880 --> 00:22:49,559

engineer and now I didn't see another

531

00:22:54,919 --> 00:22:52,890

UFO again for many many years but I was

532

00:22:57,680 --> 00:22:54,929

interested I went off and got my degree

533

00:23:01,460 --> 00:22:57,690

in science and it and I was thinking

534

00:23:04,310 --> 00:23:01,470

well you know maybe the self can all be

535

00:23:06,649 --> 00:23:04,320

explained and I don't really have time

536

00:23:12,260 --> 00:23:06,659

to deal with it and it wasn't until much

537

00:23:17,720 --> 00:23:12,270

later in the in the 90s that my interest

538

00:23:19,789 --> 00:23:17,730

revived again and I did have a rather

539

00:23:23,149 --> 00:23:19,799

unusual experience weekend with

540

00:23:26,299 --> 00:23:23,159

nocturnal lights that were that I I

541

00:23:28,130 --> 00:23:26,309

still can't fully explain I suppose it

542

00:23:33,020 --> 00:23:28,140

could have been a hoax but it would have

543

00:23:34,520 --> 00:23:33,030

been a very elaborate one and so I I was

544

00:23:39,110 --> 00:23:34,530

puzzled by the I still am puzzled by

545

00:23:41,419 --> 00:23:39,120

that experience and I started thinking

546

00:23:45,140 --> 00:23:41,429

about it quite a lot and started

547

00:23:46,580 --> 00:23:45,150

researching online I was involved in

548

00:23:49,370 --> 00:23:46,590

some of the bulletin board stuff in the

549

00:23:53,299 --> 00:23:49,380

early days you know the the continent

550

00:23:54,620 --> 00:23:53,309

CompuServe yeah yeah and a problem many

551
00:23:57,590 --> 00:23:54,630
relationships probably aren't old enough

552
00:24:00,919 --> 00:23:57,600
to remember CompuServe but I'll to vist

553
00:24:05,120 --> 00:24:00,929
that yeah the Altaf years yeah yeah I

554
00:24:06,649 --> 00:24:05,130
had but I had I got into that and I was

555
00:24:12,649 --> 00:24:06,659
a little bit disappointed in the culture

556
00:24:15,140 --> 00:24:12,659
and and I was witness to a lot of the

557
00:24:17,960 --> 00:24:15,150
disinformation that was flying around

558
00:24:19,310 --> 00:24:17,970
back then most people weren't by the way

559
00:24:25,549 --> 00:24:19,320
most people weren't suckered in by it

560
00:24:27,799 --> 00:24:25,559
but the and then this went on for a very

561
00:24:31,940 --> 00:24:27,809
long time and as you mentioned earlier

562
00:24:34,039 --> 00:24:31,950
and my interest would wax and wane with

563
00:24:38,630 --> 00:24:34,049

other things going on I had a family I

564

00:24:41,600 --> 00:24:38,640

had other things to deal with and in

565

00:24:45,500 --> 00:24:41,610

2011 just as my kids stopped being so

566

00:24:47,810 --> 00:24:45,510

little you know I the I was contacted to

567

00:24:49,070 --> 00:24:47,820

join API and I thought well you know

568

00:24:50,750 --> 00:24:49,080

this is what I don't do I want to get

569

00:24:52,040 --> 00:24:50,760

out there and talk to people who've seen

570

00:24:54,050 --> 00:24:52,050

UFOs

571

00:24:57,530 --> 00:24:54,060

I don't want to read about it online

572

00:24:59,780 --> 00:24:57,540

anymore so much I want to actually go

573

00:25:02,110 --> 00:24:59,790

talk to these people and are they crazy

574

00:25:05,360 --> 00:25:02,120

are they are they

575

00:25:06,470 --> 00:25:05,370

rednecks ignorant what are what kind of

576

00:25:09,530 --> 00:25:06,480

people are they

577

00:25:10,760 --> 00:25:09,540

and really you know try to understand

578

00:25:13,160 --> 00:25:10,770

their experiences understand my

579

00:25:16,310 --> 00:25:13,170

experience in terms of theirs and and in

580

00:25:20,840 --> 00:25:16,320

the meantime I'd had another couple of

581

00:25:23,830 --> 00:25:20,850

experiences again one one which one was

582

00:25:28,340 --> 00:25:23,840

I would consider a close encounter and

583

00:25:32,690 --> 00:25:28,350

the which puzzles me to this day what

584

00:25:35,030 --> 00:25:32,700

that was but that and I was very

585

00:25:37,580 --> 00:25:35,040

disappointed in myself I did a poor job

586

00:25:39,080 --> 00:25:37,590

of documenting that sighting and so I

587

00:25:40,820 --> 00:25:39,090

said well let's get into this figure how

588

00:25:44,480 --> 00:25:40,830

to document sightings how to how to get

589

00:25:47,830 --> 00:25:44,490

it right and our director at the time in

590

00:25:49,760 --> 00:25:47,840

Antonio Paris had a lot of background in

591

00:25:53,710 --> 00:25:49,770

investigation he'd been an investigator

592

00:25:56,420 --> 00:25:53,720

for the federal government and he had

593

00:25:59,090 --> 00:25:56,430

after he'd be after he left the army and

594

00:26:02,240 --> 00:25:59,100

had so he understood investigated

595

00:26:04,190 --> 00:26:02,250

procedure and so on so that's I did I

596

00:26:06,380 --> 00:26:04,200

said well this guy can teach me how to

597

00:26:08,300 --> 00:26:06,390

do investigations and that's what

598

00:26:11,900 --> 00:26:08,310

happened and we did a lot of

599

00:26:14,680 --> 00:26:11,910

investigations and we had some really

600

00:26:16,700 --> 00:26:14,690

good cases we had lots of bad cases and

601
00:26:19,400 --> 00:26:16,710
I got out there and talked to those

602
00:26:22,220 --> 00:26:19,410
people and and what I learned was no

603
00:26:26,150 --> 00:26:22,230
they're by and large not crazy not

604
00:26:29,330 --> 00:26:26,160
stupid not ignorant and perfectly

605
00:26:31,670 --> 00:26:29,340
functional normal adults many of whom

606
00:26:35,450 --> 00:26:31,680
are actually rather bright yeah and I

607
00:26:38,450 --> 00:26:35,460
know who's surprising me as well not a

608
00:26:44,540 --> 00:26:38,460
stereotype right of the the ignorant

609
00:26:46,760 --> 00:26:44,550
hick mm-hmm who sees the light this guy

610
00:26:49,880 --> 00:26:46,770
and thinks it's somebody from Mars right

611
00:26:52,730 --> 00:26:49,890
that that's the majority the people we

612
00:26:55,730 --> 00:26:52,740
talk to do not have a theory they do not

613
00:26:58,190 --> 00:26:55,740

say ah that was the great man from his

614

00:27:00,140 --> 00:26:58,200

ata Reticuli they said I saw something I

615

00:27:02,840 --> 00:27:00,150

don't understand it can you help me

616

00:27:05,480 --> 00:27:02,850

understand it and that was what we did

617

00:27:07,790 --> 00:27:05,490

in many cases we were able to

618

00:27:09,680 --> 00:27:07,800

explain what they saw and we still

619

00:27:15,230 --> 00:27:09,690

that's still the case most of the cases

620

00:27:17,090 --> 00:27:15,240

we get in we have we're able to do

621

00:27:19,640 --> 00:27:17,100

enough investigation is to make a

622

00:27:21,919 --> 00:27:19,650

positive identification of some known

623

00:27:23,990 --> 00:27:21,929

phenomenon right that which happens like

624

00:27:26,090 --> 00:27:24,000

you say most of the time we're right at

625

00:27:29,560 --> 00:27:26,100

break right now so we're gonna head in

626
00:27:32,990 --> 00:27:29,570
to break so and hang in there with me

627
00:27:35,510 --> 00:27:33,000
we'll still be talking on YouTube so my

628
00:27:36,740 --> 00:27:35,520
guest tonight is Paul Carr and when we

629
00:27:38,690 --> 00:27:36,750
come back I'm going to be asking him

630
00:27:40,340 --> 00:27:38,700
about his close encounter we need more

631
00:27:43,370 --> 00:27:40,350
information on that and we'll continue

632
00:27:45,650 --> 00:27:43,380
talking about investigations that he's

633
00:27:47,750 --> 00:27:45,660
currently doing and so hang in there

634
00:27:51,820 --> 00:27:47,760
everyone we'll be right back right after

635
00:27:57,500 --> 00:27:54,530
we're clear Martin sorry I didn't see

636
00:27:58,070 --> 00:27:57,510
your message there I didn't have a chat

637
00:27:59,210 --> 00:27:58,080
window

638
00:28:03,470 --> 00:27:59,220

that's all right how many minutes we

639

00:28:06,169 --> 00:28:03,480

have here 1 2 3 4 minutes and 15 seconds

640

00:28:10,160 --> 00:28:06,179

got it okay all right so we are still

641

00:28:12,290 --> 00:28:10,170

alive we are alive on YouTube and so

642

00:28:13,850 --> 00:28:12,300

Paul we'll continue that conversation we

643

00:28:15,140 --> 00:28:13,860

would come back right now I'm gonna look

644

00:28:17,150 --> 00:28:15,150

to see if we have any questions that

645

00:28:20,030 --> 00:28:17,160

anyone can post a question up on the in

646

00:28:23,200 --> 00:28:20,040

the chat room and when you were here

647

00:28:26,960 --> 00:28:23,210

before Paul if I don't see any questions

648

00:28:29,080 --> 00:28:26,970

right now I'm gonna ask you because I

649

00:28:32,210 --> 00:28:29,090

remember you said something that was

650

00:28:35,000 --> 00:28:32,220

pretty good you said something along the

651
00:28:38,419 --> 00:28:35,010
lines is we got to drain the swamp the

652
00:28:43,810 --> 00:28:38,429
UFO swamp yeah yeah well that that

653
00:28:49,100 --> 00:28:47,000
people saying that the this the swamp

654
00:28:51,799 --> 00:28:49,110
this no the swamp is not drained but the

655
00:28:53,650 --> 00:28:51,809
drain is swamped or it's more of more

656
00:28:56,150 --> 00:28:53,660
Gators got into the swamp

657
00:28:58,940 --> 00:28:56,160
yeah we got to stay away from that topic

658
00:29:02,270 --> 00:28:58,950
you should see the mail I get yeah well

659
00:29:03,710 --> 00:29:02,280
anyway yeah well that as you know as I'm

660
00:29:11,600 --> 00:29:03,720
sure many of your readers or listeners

661
00:29:16,540 --> 00:29:11,610
know there's a lot of stuff in the UFO

662
00:29:19,049 --> 00:29:16,550
field that is highly inaccurate and

663
00:29:21,330 --> 00:29:19,059

highly speculative

664

00:29:22,680 --> 00:29:21,340

and also people just a lot of people

665

00:29:24,269 --> 00:29:22,690

would just like to fight you know they

666

00:29:27,299 --> 00:29:24,279

like they want to their look they're

667

00:29:30,139 --> 00:29:27,309

looking for a fight yes and we don't

668

00:29:33,029 --> 00:29:30,149

want anything to do with any of that

669

00:29:37,860 --> 00:29:33,039

we didn't so you know some people might

670

00:29:42,169 --> 00:29:37,870

call it woo woo you know saying and so

671

00:29:45,749 --> 00:29:42,179

what we are trying to do is actually

672

00:29:48,810 --> 00:29:45,759

bring in a scientific approach now I'm

673

00:29:50,190 --> 00:29:48,820

not saying science science is something

674

00:29:55,739 --> 00:29:50,200

we're not we haven't arrived at yet

675

00:29:59,430 --> 00:29:55,749

science is a big deal but we are we want

676
00:30:03,239 --> 00:29:59,440
to take a genuinely scientific approach

677
00:30:06,210 --> 00:30:03,249
a dogma free we don't we don't think we

678
00:30:08,460 --> 00:30:06,220
don't everybody at API has their own

679
00:30:15,419 --> 00:30:08,470
idea what UFOs probably are

680
00:30:17,159 --> 00:30:15,429
IMI ideas too and but what we're really

681
00:30:20,489 --> 00:30:17,169
trying to go get is get at the facts

682
00:30:23,310 --> 00:30:20,499
create a database of well investigated

683
00:30:26,690 --> 00:30:23,320
cases where we determine all the facts

684
00:30:31,109 --> 00:30:26,700
that we can and try to figure out how to

685
00:30:33,480 --> 00:30:31,119
if it's even possible to do science with

686
00:30:36,210 --> 00:30:33,490
within this field we don't even know

687
00:30:38,749 --> 00:30:36,220
that it's possible yeah I mean there's a

688
00:30:43,529 --> 00:30:38,759

fleeting the fleeting element for one

689

00:30:47,580 --> 00:30:43,539

transient element there's as far as you

690

00:30:49,379 --> 00:30:47,590

can't replicate it's really tricky well

691

00:30:50,700 --> 00:30:49,389

note that you know that but science has

692

00:30:55,350 --> 00:30:50,710

dealt with that problem before

693

00:30:58,409 --> 00:30:55,360

successfully mmm scientists study very

694

00:31:01,259 --> 00:30:58,419

well tornadoes earthquakes gamma-ray

695

00:31:03,389 --> 00:31:01,269

bursts supernovas and things that only

696

00:31:06,419 --> 00:31:03,399

good point that yeah where the event is

697

00:31:08,669 --> 00:31:06,429

unique but there are more events like it

698

00:31:11,190 --> 00:31:08,679

and so what they can what they do is

699

00:31:13,230 --> 00:31:11,200

they look for patterns in the in the

700

00:31:17,039 --> 00:31:13,240

multiple events and they found well we

701
00:31:19,230 --> 00:31:17,049
can classify this and and study that and

702
00:31:21,450 --> 00:31:19,240
eventually models get built up and they

703
00:31:25,649 --> 00:31:21,460
start to understand it better and better

704
00:31:26,970 --> 00:31:25,659
over the years and you know some of them

705
00:31:28,889 --> 00:31:26,980
are just really really difficult

706
00:31:30,840 --> 00:31:28,899
problems to solve like how do you

707
00:31:31,740 --> 00:31:30,850
forecast a tornado more than say five

708
00:31:32,360 --> 00:31:31,750
minutes in advance

709
00:31:34,040 --> 00:31:32,370
very

710
00:31:37,340 --> 00:31:34,050
difficult yeah just let you know we got

711
00:31:42,530 --> 00:31:37,350
about 30 30 seconds I think before we go

712
00:31:46,700 --> 00:31:42,540
back on K grea wow you're right about

713
00:31:49,220 --> 00:31:46,710

that and you know I always mention you

714

00:31:53,690 --> 00:31:49,230

know dark matter and you know I mean

715

00:31:58,370 --> 00:31:53,700

that is that's non-observable but it

716

00:32:01,970 --> 00:31:58,380

might be well yeah it will find out

717

00:32:04,510 --> 00:32:01,980

someday I think yeah what it is yeah

718

00:32:07,850 --> 00:32:04,520

hey race just interrupt when you have to

719

00:32:10,220 --> 00:32:07,860

you got it yeah

720

00:32:15,470 --> 00:32:10,230

so we're going back in like 10 10 15

721

00:32:20,180 --> 00:32:15,480

seconds right so we're going to go when

722

00:32:22,040 --> 00:32:20,190

we go back I'm going to you can continue

723

00:32:25,220 --> 00:32:22,050

where you were but I really want to know

724

00:32:29,240 --> 00:32:25,230

about your encounter okay yeah I'm happy

725

00:32:30,950 --> 00:32:29,250

to tell talk about that yeah it was a it

726

00:32:33,020 --> 00:32:30,960

bugs me every day yeah

727

00:32:38,750 --> 00:32:33,030

oh wow okay I'll be back we're going

728

00:32:40,669 --> 00:32:38,760

back race I just got the bumper rolling

729

00:32:46,210 --> 00:32:40,679

we're ready to go okay we're ready on

730

00:32:49,370 --> 00:32:46,220

this side in five four three two all

731

00:32:52,520 --> 00:32:49,380

right welcome back this is Martin Willis

732

00:32:55,720 --> 00:32:52,530

my guest tonight is Paul Carr and right

733

00:33:00,260 --> 00:32:55,730

before the break he was discussing his

734

00:33:03,140 --> 00:33:00,270

investigations for API and but I do want

735

00:33:04,820 --> 00:33:03,150

to ask him I want to ask you Paul about

736

00:33:06,260 --> 00:33:04,830

your encounter can you get into the

737

00:33:08,360 --> 00:33:06,270

details and you just mentioned while

738

00:33:10,610 --> 00:33:08,370

we're on break here that it bothers you

739

00:33:12,740 --> 00:33:10,620

everyday and that's that's interesting

740

00:33:14,630 --> 00:33:12,750

to me well part of it part of the what

741

00:33:17,390 --> 00:33:14,640

bothers me is that I did a such a poor

742

00:33:20,780 --> 00:33:17,400

job of documenting it at the time which

743

00:33:23,720 --> 00:33:20,790

a lot of the things that I that I tell

744

00:33:27,860 --> 00:33:23,730

witnesses to do now that are good prayer

745

00:33:30,020 --> 00:33:27,870

I didn't do like make a sketch I always

746

00:33:32,000 --> 00:33:30,030

tell witnesses please first thing go

747

00:33:33,650 --> 00:33:32,010

grab a piece of paper and make a sketch

748

00:33:35,060 --> 00:33:33,660

of what you saw there's science that

749

00:33:38,299 --> 00:33:35,070

says that that helps you even remember

750

00:33:40,550 --> 00:33:38,309

it better and and also it helps us

751

00:33:44,750 --> 00:33:40,560

investigate better so make the sketch

752

00:33:45,890 --> 00:33:44,760

and probably before even write anything

753

00:33:47,480 --> 00:33:45,900

down and more

754

00:33:48,980 --> 00:33:47,490

just make a sketch we've had some

755

00:33:51,050 --> 00:33:48,990

witnesses that have done beautifully at

756

00:33:56,180 --> 00:33:51,060

that by the way without being asked so

757

00:33:58,550 --> 00:33:56,190

they're smarter than I am but the the

758

00:34:00,740 --> 00:33:58,560

thing this was a nice warm summer day

759

00:34:10,550 --> 00:34:00,750

you know I don't even know the date but

760

00:34:12,710 --> 00:34:10,560

it was around 2007 and I was out in the

761

00:34:14,690 --> 00:34:12,720

front yard and my kids and some neighbor

762

00:34:16,790 --> 00:34:14,700

kids and some neighbor adults were

763

00:34:19,399 --> 00:34:16,800

they're out there and they they they

764

00:34:22,000 --> 00:34:19,409

were they were all standing in the

765

00:34:26,030 --> 00:34:22,010

driveway and I was for some reason

766

00:34:27,919 --> 00:34:26,040

standing a ways away from them towards

767

00:34:31,130 --> 00:34:27,929

almost on the street and not on the

768

00:34:33,530 --> 00:34:31,140

driveway on the lawn and they were my

769

00:34:34,940 --> 00:34:33,540

wife and some other the neighbor lady

770

00:34:42,680 --> 00:34:34,950

were in deep conversation the kids were

771

00:34:47,720 --> 00:34:42,690

running around playing and I just this

772

00:34:49,370 --> 00:34:47,730

no broad daylight and I looked up and I

773

00:34:51,889 --> 00:34:49,380

saw something that at first my brain did

774

00:34:57,610 --> 00:34:51,899

not register because it was just didn't

775

00:35:00,320 --> 00:34:57,620

make any sense there was this black slab

776

00:35:02,090 --> 00:35:00,330

colliding through the trees in my

777

00:35:05,390 --> 00:35:02,100

neighbor my next-door neighbor's yard

778

00:35:07,280 --> 00:35:05,400

and now I have to explain that between

779

00:35:09,110 --> 00:35:07,290

our yards there was a line of trees

780

00:35:13,250 --> 00:35:09,120

including a great big white pine and

781

00:35:15,170 --> 00:35:13,260

some other oak trees and so forth this

782

00:35:18,590 --> 00:35:15,180

part of Maryland is blessed with nice

783

00:35:22,490 --> 00:35:18,600

beautiful trees all everywhere and we

784

00:35:24,880 --> 00:35:22,500

have you know just gliding in this look

785

00:35:27,530 --> 00:35:24,890

like a straight path but it was avoiding

786

00:35:31,120 --> 00:35:27,540

lots of things it was avoiding my

787

00:35:35,720 --> 00:35:31,130

neighbor's house and several trees and

788

00:35:38,720 --> 00:35:35,730

eventually powerlines and it just glided

789

00:35:43,760 --> 00:35:38,730

and it at the closest approach it was

790

00:35:47,630 --> 00:35:43,770

probably 50 feet from me and wow that's

791

00:35:51,320 --> 00:35:47,640

very it was about the size of a car

792

00:35:56,480 --> 00:35:51,330

roughly but the flat side was facing me

793

00:35:59,180 --> 00:35:56,490

and the texture looked very rough and

794

00:35:59,960 --> 00:35:59,190

uneven but I couldn't see it great

795

00:36:01,820 --> 00:35:59,970

through the trees

796

00:36:06,740 --> 00:36:01,830

jeez I could just sort of see the big

797

00:36:08,270 --> 00:36:06,750

shape of it and I looked at other people

798

00:36:11,450 --> 00:36:08,280

the driver say what is that

799

00:36:17,180 --> 00:36:11,460

and nobody turned to look

800

00:36:18,830 --> 00:36:17,190

oh it was the strangest thing and the

801

00:36:20,450 --> 00:36:18,840

kids just kept playing and my my wife

802

00:36:22,910 --> 00:36:20,460

and then they were deep in conversation

803

00:36:24,950 --> 00:36:22,920

and probably not even and they didn't

804

00:36:26,359 --> 00:36:24,960

know sometimes I shout for no reason and

805

00:36:29,660 --> 00:36:26,369

I can't of course um I shot him my kids

806

00:36:33,700 --> 00:36:29,670

all the time so they didn't anything I

807

00:36:36,290 --> 00:36:33,710

think of it and I it was just flying by

808

00:36:38,690 --> 00:36:36,300

in a direction that takes it roughly we

809

00:36:42,770 --> 00:36:38,700

were in the Maryland suburbs of DC it

810

00:36:44,870 --> 00:36:42,780

was it was and if anybody wants to I can

811

00:36:48,859 --> 00:36:44,880

give you the the more details because we

812

00:36:52,730 --> 00:36:48,869

no longer lived with that house but if

813

00:36:56,180 --> 00:36:52,740

flew it somehow avoided the powerlines

814

00:36:58,010 --> 00:36:56,190

and the trees and I had looked I didn't

815

00:37:00,790 --> 00:36:58,020

see any broken branches or anything and

816

00:37:06,050 --> 00:37:00,800

it just went and it just glided gently

817

00:37:09,770 --> 00:37:06,060

no sound no sound at all again about the

818

00:37:13,520 --> 00:37:09,780

size of a car maybe 16 feet roughly give

819

00:37:14,930 --> 00:37:13,530

or take but it was between I know the

820

00:37:15,950 --> 00:37:14,940

things that I know it was behind it I

821

00:37:18,829 --> 00:37:15,960

don't know what's in front of so I know

822

00:37:21,950 --> 00:37:18,839

roughly how far away it was for me to

823

00:37:23,300 --> 00:37:21,960

you know probably pretty well so I sort

824

00:37:25,400 --> 00:37:23,310

of stared at it and I thought I gotta

825

00:37:27,770 --> 00:37:25,410

run in the house get my camera I looked

826

00:37:30,890 --> 00:37:27,780

at the house I got no the house is

827

00:37:32,060 --> 00:37:30,900

hundred feet away and by the time I find

828

00:37:34,430 --> 00:37:32,070

the camera I get back here to look gone

829

00:37:36,890 --> 00:37:34,440

I didn't have I didn't my cell phone in

830

00:37:38,720 --> 00:37:36,900

my camera I didn't have a binoculars so

831

00:37:40,940 --> 00:37:38,730

I just ran out to the curb it had

832

00:37:45,140 --> 00:37:40,950

already gone past the curb and was

833

00:37:46,990 --> 00:37:45,150

flying oh I don't know maybe 30 miles an

834

00:37:51,349 --> 00:37:47,000

hour

835

00:37:54,160 --> 00:37:51,359

just and it somehow I'd it turned it was

836

00:37:56,960 --> 00:37:54,170

no longer the flat part was no longer

837

00:37:58,670 --> 00:37:56,970

vertical is now horizontal so I was

838

00:38:03,620 --> 00:37:58,680

looking at kind of like the the back of

839

00:38:06,650 --> 00:38:03,630

a slab that was horizontally oriented

840

00:38:10,130 --> 00:38:06,660

and it just at a very steady alter just

841

00:38:11,930 --> 00:38:10,140

flew off and until it was over you know

842

00:38:12,990 --> 00:38:11,940

behind trees and houses and I could sit

843

00:38:15,090 --> 00:38:13,000

anymore

844

00:38:16,320 --> 00:38:15,100

again there were lots of obstacles there

845

00:38:18,750 --> 00:38:16,330

but I just went right through between

846

00:38:21,450 --> 00:38:18,760

them all Wow without varying its course

847

00:38:28,770 --> 00:38:21,460

that in any perceptible way I just

848

00:38:32,280 --> 00:38:28,780

headed right towards DC and this you

849

00:38:33,660 --> 00:38:32,290

know my emotional state was more

850

00:38:35,310 --> 00:38:33,670

frustration than anything else because I

851

00:38:37,980 --> 00:38:35,320

couldn't I couldn't record it or

852

00:38:39,870 --> 00:38:37,990

anything but I was also you know I was

853

00:38:42,180 --> 00:38:39,880

also a little bit weirded out but nobody

854

00:38:43,740 --> 00:38:42,190

else noticed it yeah now that didn't

855

00:38:45,540 --> 00:38:43,750

really whenever really facing towards it

856

00:38:49,680 --> 00:38:45,550

like I was they might not have seen it

857

00:38:50,730 --> 00:38:49,690

but and this was I have Sarah so ever

858

00:38:54,870 --> 00:38:50,740

since that I've been on the lookout for

859

00:38:56,460 --> 00:38:54,880

a rectangular shaped black things flying

860

00:38:58,590 --> 00:38:56,470

around and we actually did get a case

861

00:39:02,940 --> 00:38:58,600

like that last year that I can talk

862

00:39:04,860 --> 00:39:02,950

about but uh so and if any of your

863

00:39:07,500 --> 00:39:04,870

listeners have seen a black rectangle I

864

00:39:11,630 --> 00:39:07,510

want to know please go to report a UFO

865

00:39:16,770 --> 00:39:11,640

dot o-r-g and and and let me know but

866

00:39:19,230 --> 00:39:16,780

excuse me but that was by far my closest

867

00:39:21,380 --> 00:39:19,240

encounter with anything other things

868

00:39:24,690 --> 00:39:21,390

I've seen before were nocturnal lights

869

00:39:26,640 --> 00:39:24,700

which some of which I think may have

870

00:39:28,410 --> 00:39:26,650

been within maybe a quarter mile of me

871

00:39:30,780 --> 00:39:28,420

but maybe I don't

872

00:39:33,480 --> 00:39:30,790

it's hard to it's impossible to gauge

873

00:39:35,940 --> 00:39:33,490

distance really in many six six senses

874

00:39:39,870 --> 00:39:35,950

just seemed like it were close

875

00:39:41,520 --> 00:39:39,880

and but others were much more distant

876

00:39:46,650 --> 00:39:41,530

and I've seen a couple of their weird

877

00:39:51,480 --> 00:39:46,660

things that might be explainable as

878

00:39:54,750 --> 00:39:51,490

unusual aircraft or weather phenomena

879

00:39:58,620 --> 00:39:54,760

but that was definitely something that

880

00:40:01,830 --> 00:39:58,630

should not have been there was flying it

881

00:40:04,830 --> 00:40:01,840

was not an airplane was not not not a

882

00:40:07,590 --> 00:40:04,840

little drone craft it was big and was

883

00:40:14,070 --> 00:40:07,600

black and it it was not aerodynamic

884

00:40:15,390 --> 00:40:14,080

looking and and so I kept bugged me and

885

00:40:17,010 --> 00:40:15,400

bugged me it still bugs me I still think

886

00:40:18,540 --> 00:40:17,020

about it all the time you know and and

887

00:40:19,800 --> 00:40:18,550

now I worry that my memory is fading and

888

00:40:21,840 --> 00:40:19,810

I'm starting to get the details wrong

889

00:40:23,520 --> 00:40:21,850

yeah and the story I'm telling you may

890

00:40:26,240 --> 00:40:23,530

not be exactly the same story that I

891

00:40:29,270 --> 00:40:26,250

would have told you ten years ago but

892

00:40:31,340 --> 00:40:29,280

I get that because I the one sighting I

893

00:40:32,600 --> 00:40:31,350

had that I know was a you know a

894

00:40:35,120 --> 00:40:32,610

sighting

895

00:40:37,040 --> 00:40:35,130

I worry about that too you know like

896

00:40:44,360 --> 00:40:37,050

remembering it exactly right

897

00:40:47,810 --> 00:40:44,370

did you do anything after no and until I

898

00:40:51,290 --> 00:40:47,820

was contacted a few years later and I

899

00:40:54,110 --> 00:40:51,300

said well I can make amends for my my

900

00:40:58,190 --> 00:40:54,120

very poor documentation of this sighting

901
00:40:59,300 --> 00:40:58,200
by helping figuring out how to documents

902
00:41:02,000 --> 00:40:59,310
on it correctly that helping other

903
00:41:07,160 --> 00:41:02,010
people do it and that was one of my

904
00:41:09,670 --> 00:41:07,170
motivations for joining API and I think

905
00:41:11,480 --> 00:41:09,680
we are doing a better job at that now of

906
00:41:14,000 --> 00:41:11,490
communicating the public although we

907
00:41:19,010 --> 00:41:14,010
have a long way to go what to do when

908
00:41:25,060 --> 00:41:19,020
you see UFO and in order that your

909
00:41:27,770 --> 00:41:25,070
sighting will be properly recorded and

910
00:41:29,360 --> 00:41:27,780
and again like I said the first thing

911
00:41:33,250 --> 00:41:29,370
shooters make a sketch second thing to

912
00:41:35,930 --> 00:41:33,260
do write down all the details place time

913
00:41:37,700 --> 00:41:35,940

locations colored you know whatever

914

00:41:43,820 --> 00:41:37,710

whatever the details are important to

915

00:41:45,650 --> 00:41:43,830

you and so you know that what that's one

916

00:41:49,340 --> 00:41:45,660

thing that part one of my missions is to

917

00:41:50,780 --> 00:41:49,350

really educate the public about first of

918

00:41:53,780 --> 00:41:50,790

all about things that flying around that

919

00:41:56,960 --> 00:41:53,790

are not UFOs like the International

920

00:42:02,750 --> 00:41:56,970

Space Station or the planet Venus we get

921

00:42:04,190 --> 00:42:02,760

that a lot balloons all those things we

922

00:42:06,860 --> 00:42:04,200

want the public to know about that so

923

00:42:10,760 --> 00:42:06,870

they can you know they can say oh I know

924

00:42:15,410 --> 00:42:10,770

what that is rather than you know get

925

00:42:18,320 --> 00:42:15,420

getting calling us up say we are not

926

00:42:20,360 --> 00:42:18,330

alone I saw this light in the sky yeah

927

00:42:22,520 --> 00:42:20,370

yeah when somebody says that I usually

928

00:42:25,970 --> 00:42:22,530

said I know I know we're not alone I

929

00:42:28,490 --> 00:42:25,980

usually okay yeah they probably saw they

930

00:42:31,910 --> 00:42:28,500

probably saw that b-2 bomber you know or

931

00:42:33,950 --> 00:42:31,920

something yeah like that but I think

932

00:42:35,480 --> 00:42:33,960

also that you know to be fair a lot of

933

00:42:37,760 --> 00:42:35,490

times people don't know how to react to

934

00:42:39,099 --> 00:42:37,770

something like that and it kind of

935

00:42:43,719 --> 00:42:39,109

changes the

936

00:42:46,239 --> 00:42:43,729

thoughts and paradigm but I I do want to

937

00:42:48,400 --> 00:42:46,249

say the the the one thing you mentioned

938

00:42:51,279 --> 00:42:48,410

about drawing the drawing first

939

00:42:53,349 --> 00:42:51,289

I had class Swan from Sweden on this

940

00:42:54,999 --> 00:42:53,359

show and he was telling me about him and

941

00:42:57,969 --> 00:42:55,009

his wife having a sighting and he

942

00:42:59,319 --> 00:42:57,979

actually said to her don't talk and they

943

00:43:01,809 --> 00:42:59,329

both went into separate rooms and

944

00:43:03,370 --> 00:43:01,819

immediately made a drawing and I think

945

00:43:04,059 --> 00:43:03,380

that's exactly the right thing yeah

946

00:43:09,519 --> 00:43:04,069

exactly

947

00:43:11,289 --> 00:43:09,529

yes you should if if the other witnesses

948

00:43:13,779 --> 00:43:11,299

are not people you know get their

949

00:43:15,579 --> 00:43:13,789

contact information but don't talk to

950

00:43:17,410 --> 00:43:15,589

them about what you've just seen mmm

951
00:43:19,809 --> 00:43:17,420
that's very hard that must be very hard

952
00:43:21,910 --> 00:43:19,819
I mean you could say you could say

953
00:43:25,059 --> 00:43:21,920
something like I can't believe that yeah

954
00:43:25,359 --> 00:43:25,069
but I just saw you know here's my phone

955
00:43:27,400 --> 00:43:25,369
number

956
00:43:29,709 --> 00:43:27,410
here's you know or you know or you know

957
00:43:31,769 --> 00:43:29,719
just everybody everybody gotta get to

958
00:43:34,299 --> 00:43:31,779
report a UFO no RG as soon as you can

959
00:43:37,569 --> 00:43:34,309
with with your sketch but don't snot

960
00:43:40,239 --> 00:43:37,579
talk about it because yes your memory

961
00:43:43,059 --> 00:43:40,249
your memories are affected by what other

962
00:43:44,920 --> 00:43:43,069
people's impressions were yes yeah and

963
00:43:49,259 --> 00:43:44,930

there's memories about that

964

00:43:53,799 --> 00:43:49,269

yeah memory is a delicate thing hmm and

965

00:43:54,279 --> 00:43:53,809

human memory is not you know a recording

966

00:43:57,160 --> 00:43:54,289

device

967

00:43:58,719 --> 00:43:57,170

yeah it's various parts of our brains

968

00:44:01,269 --> 00:43:58,729

registering things that seem to be

969

00:44:03,370 --> 00:44:01,279

associated and then we try to put in our

970

00:44:05,559 --> 00:44:03,380

brains are extremely good at sort of

971

00:44:07,420 --> 00:44:05,569

reintegrating those into memories but

972

00:44:11,410 --> 00:44:07,430

there's no guarantee that those will be

973

00:44:13,539 --> 00:44:11,420

accurate memories so the best thing to

974

00:44:16,989 --> 00:44:13,549

do is make your sketch write down all

975

00:44:21,839 --> 00:44:16,999

the details you can do this in two

976

00:44:27,039 --> 00:44:24,370

anything else that needs to be

977

00:44:29,109 --> 00:44:27,049

researched we can do that for you or we

978

00:44:30,969 --> 00:44:29,119

can help you help you do it you know we

979

00:44:33,880 --> 00:44:30,979

can find out what planes were in the

980

00:44:35,439 --> 00:44:33,890

area or you know if the Space Station

981

00:44:36,999 --> 00:44:35,449

was flying over that sort of thing so

982

00:44:39,279 --> 00:44:37,009

all you need to do is write down what

983

00:44:42,519 --> 00:44:39,289

you or your impressions were just let's

984

00:44:45,160 --> 00:44:42,529

go over that right now if we can so for

985

00:44:47,769 --> 00:44:45,170

some ideas first of all the sketch time

986

00:44:49,239 --> 00:44:47,779

date weather conditions stuff like that

987

00:44:50,709 --> 00:44:49,249

well yeah even the weather conditions

988

00:44:52,640 --> 00:44:50,719

that we can you know we can reproduce

989

00:44:57,529 --> 00:44:52,650

that from time until official

990

00:45:01,059 --> 00:44:57,539

kurz yeah mmm time and date and location

991

00:45:03,140 --> 00:45:01,069

if there's and it may you might just be

992

00:45:05,000 --> 00:45:03,150

you might know where you were you might

993

00:45:07,789 --> 00:45:05,010

not know that well where you were if you

994

00:45:10,250 --> 00:45:07,799

were on the highway if you've got a GPS

995

00:45:14,569 --> 00:45:10,260

receiver on your phone just take a

996

00:45:17,059 --> 00:45:14,579

screen snap of your of your location

997

00:45:20,599 --> 00:45:17,069

using many of the many apps many apps

998

00:45:23,750 --> 00:45:20,609

aren't available or if you have a lot of

999

00:45:26,089 --> 00:45:23,760

people like me I recycling I use a an

1000

00:45:32,079 --> 00:45:26,099

app that just tracks where I am mm-hmm

1001
00:45:34,039 --> 00:45:32,089
just turn that on you know and the the

1002
00:45:36,650 --> 00:45:34,049
direction you were looking at it's

1003
00:45:41,690 --> 00:45:36,660
important somewhat this is actually get

1004
00:45:44,870 --> 00:45:41,700
that wrong and of course if you if you

1005
00:45:48,620 --> 00:45:44,880
had photos or videos don't mess with

1006
00:45:50,900 --> 00:45:48,630
them save them off somewhere safe

1007
00:45:53,960 --> 00:45:50,910
now then then you can take a copy and

1008
00:45:56,180 --> 00:45:53,970
mess with them all you want but make

1009
00:45:59,000 --> 00:45:56,190
sure there's a safe on a molested copy

1010
00:46:02,779 --> 00:45:59,010
that hasn't touched any software and

1011
00:46:04,670 --> 00:46:02,789
also if you are taking a video or

1012
00:46:08,059 --> 00:46:04,680
something with your phone particularly

1013
00:46:10,519 --> 00:46:08,069

don't zoom oh really well do that

1014

00:46:12,799 --> 00:46:10,529

afterwards no you just never soon

1015

00:46:16,069 --> 00:46:12,809

well like I can zoom yeah I can you know

1016

00:46:18,500 --> 00:46:16,079

I can digitally zoom if cellphones well

1017

00:46:20,240 --> 00:46:18,510

this is changing now but cell phones do

1018

00:46:22,970 --> 00:46:20,250

not have optical zoom

1019

00:46:24,700 --> 00:46:22,980

they have only digital zoom as you know

1020

00:46:26,839 --> 00:46:24,710

you can pin it you can pinch and yeah

1021

00:46:29,589 --> 00:46:26,849

but you're not really zooming you're

1022

00:46:33,769 --> 00:46:29,599

just using a smaller part of the image

1023

00:46:36,710 --> 00:46:33,779

so and now some phones cell phones are

1024

00:46:37,849 --> 00:46:36,720

going to get optical zoom soon but even

1025

00:46:42,890 --> 00:46:37,859

if you have opticals maybe if you have a

1026
00:46:44,240 --> 00:46:42,900
really good camera and I carry a

1027
00:46:45,769 --> 00:46:44,250
mediocre camera with me everywhere

1028
00:46:50,510 --> 00:46:45,779
better than a cell phone but not as good

1029
00:46:52,190 --> 00:46:50,520
as my best camera but the don't zoom too

1030
00:46:54,680 --> 00:46:52,200
much and there's two reasons for that

1031
00:46:56,870 --> 00:46:54,690
one is autofocus which you're probably

1032
00:47:00,490 --> 00:46:56,880
using autofocus which there are a few

1033
00:47:03,380 --> 00:47:00,500
people are yeah our manual focus people

1034
00:47:05,720 --> 00:47:03,390
it's going to fail the more you zoom in

1035
00:47:06,850 --> 00:47:05,730
the more likely you're just going to get

1036
00:47:10,160 --> 00:47:06,860
a fuzzy blob

1037
00:47:12,340 --> 00:47:10,170
and second the most important thing is

1038
00:47:15,260 --> 00:47:12,350

you'll lose all your reference objects

1039

00:47:18,410 --> 00:47:15,270

you need you need to know what the

1040

00:47:20,990 --> 00:47:18,420

object is behind what's in front of what

1041

00:47:22,520 --> 00:47:21,000

what relative size it is and reference

1042

00:47:24,620 --> 00:47:22,530

object can be anything it could be a

1043

00:47:25,910 --> 00:47:24,630

tree it could be a water tower it can be

1044

00:47:29,630 --> 00:47:25,920

the moon to the moon it's the best

1045

00:47:33,710 --> 00:47:29,640

reference object ever if it happens to

1046

00:47:36,830 --> 00:47:33,720

be visible in that direction a building

1047

00:47:40,580 --> 00:47:36,840

church steeple anything because we can

1048

00:47:42,800 --> 00:47:40,590

figure out later on how high the tree

1049

00:47:45,170 --> 00:47:42,810

was how I'd hide the church steeple was

1050

00:47:47,270 --> 00:47:45,180

I mean call the church that's the

1051

00:47:53,390 --> 00:47:47,280

Mahathir steeple is you know we can

1052

00:47:55,010 --> 00:47:53,400

there's a and we can we can get a use

1053

00:47:56,480 --> 00:47:55,020

that information to how fast the objects

1054

00:47:59,450 --> 00:47:56,490

moving which is more important than what

1055

00:48:02,180 --> 00:47:59,460

actually looks like and how it you know

1056

00:48:07,820 --> 00:48:02,190

it's moving in some anomalous way of

1057

00:48:12,050 --> 00:48:07,830

light and so don't zoom and if you zoom

1058

00:48:13,520 --> 00:48:12,060

just zoom a little to get some of the

1059

00:48:15,650 --> 00:48:13,530

some of the if you have an optical zoom

1060

00:48:17,180 --> 00:48:15,660

just to get something maybe the light

1061

00:48:18,710 --> 00:48:17,190

interference out of the frame if you

1062

00:48:22,220 --> 00:48:18,720

have bright light or something oh I see

1063

00:48:24,140 --> 00:48:22,230

the Sun if the sun's over there but only

1064

00:48:29,720 --> 00:48:24,150

if you have a real camera there with a

1065

00:48:32,870 --> 00:48:29,730

for the lens that can zoom and that that

1066

00:48:34,850 --> 00:48:32,880

is so crucial to getting good photo

1067

00:48:36,350 --> 00:48:34,860

evidence and one of the reasons we don't

1068

00:48:41,540 --> 00:48:36,360

have very much good photo evidence this

1069

00:48:43,340 --> 00:48:41,550

is the cameras and cameras and cell

1070

00:48:45,320 --> 00:48:43,350

phones have improved a lot but they're

1071

00:48:48,500 --> 00:48:45,330

still not very good and there tend to be

1072

00:48:50,300 --> 00:48:48,510

very wide angle lens there were close

1073

00:48:51,980 --> 00:48:50,310

like really close pictures of like your

1074

00:48:53,780 --> 00:48:51,990

friends or yourself for selfies and

1075

00:48:55,220 --> 00:48:53,790

stuff like that they're optimized for

1076

00:48:58,340 --> 00:48:55,230

selfies yeah but when it comes to

1077

00:48:59,780 --> 00:48:58,350

actually things that distance like for

1078

00:49:01,670 --> 00:48:59,790

instance when I was living on my

1079

00:49:03,950 --> 00:49:01,680

mountaintop I try to take these nice

1080

00:49:05,270 --> 00:49:03,960

part I had these beautiful panoramic

1081

00:49:08,140 --> 00:49:05,280

views and I try to take a picture of and

1082

00:49:12,320 --> 00:49:08,150

it looked flat and look like nothing

1083

00:49:13,460 --> 00:49:12,330

even the thing is if don't don't go out

1084

00:49:17,990 --> 00:49:13,470

buy an expensive camera because you

1085

00:49:19,130 --> 00:49:18,000

might see UFO because the reality out

1086

00:49:20,300 --> 00:49:19,140

there there are some good mid-range

1087

00:49:21,170 --> 00:49:20,310

cameras that are really

1088

00:49:23,660 --> 00:49:21,180

really good that you might want to

1089

00:49:28,090 --> 00:49:23,670

consider they keep getting better every

1090

00:49:30,170 --> 00:49:28,100

year but the if you have a really good

1091

00:49:31,670 --> 00:49:30,180

high-end camera you better spend some

1092

00:49:34,100 --> 00:49:31,680

time learning how to use it or you won't

1093

00:49:36,560 --> 00:49:34,110

get good results yes and get good lenses

1094

00:49:37,790 --> 00:49:36,570

and you know don't just go to the camera

1095

00:49:40,250 --> 00:49:37,800

store and say what can I get for five

1096

00:49:41,990 --> 00:49:40,260

thousand dollars because believe me they

1097

00:49:45,740 --> 00:49:42,000

will load you up yeah well not hesitate

1098

00:49:48,230 --> 00:49:45,750

hmm well you will what you will get is

1099

00:49:49,730 --> 00:49:48,240

something that's complicated and if

1100

00:49:51,860 --> 00:49:49,740

you're not willing to spend putting the

1101

00:49:55,820 --> 00:49:51,870

time learning how to to use it you'll

1102

00:49:58,430 --> 00:49:55,830

get even worse results though but so if

1103

00:50:02,240 --> 00:49:58,440

you if you have been an everyday carry

1104

00:50:05,750 --> 00:50:02,250

camera that that is better than a cell

1105

00:50:08,420 --> 00:50:05,760

phone get a point-and-shoot MA and there

1106

00:50:11,420 --> 00:50:08,430

are some really good ones made by the

1107

00:50:13,010 --> 00:50:11,430

top manufacturers that are and you could

1108

00:50:15,650 --> 00:50:13,020

buy a used one very inexpensively

1109

00:50:19,100 --> 00:50:15,660

sometimes you know I mentioned this

1110

00:50:22,790 --> 00:50:19,110

before I was in the Boston Common and

1111

00:50:25,460 --> 00:50:22,800

walking with my son and a blimp was

1112

00:50:28,130 --> 00:50:25,470

going over like over the trees and you

1113

00:50:29,720 --> 00:50:28,140

would think and I just wanted to take a

1114

00:50:32,180 --> 00:50:29,730

picture of it and you'd think that I

1115

00:50:35,150 --> 00:50:32,190

could reach in my pocket get my cell

1116

00:50:37,550 --> 00:50:35,160

phone out get the camera out and take a

1117

00:50:40,100 --> 00:50:37,560

picture the blimp is slow as it was

1118

00:50:42,800 --> 00:50:40,110

moving I didn't have time to take the

1119

00:50:45,290 --> 00:50:42,810

picture so I couldn't understand why you

1120

00:50:47,600 --> 00:50:45,300

know because a lot of skeptics will say

1121

00:50:49,220 --> 00:50:47,610

hey you know there's so many cameras out

1122

00:50:50,570 --> 00:50:49,230

there in everyone's pocket right now why

1123

00:50:53,840 --> 00:50:50,580

aren't we getting really good UFO

1124

00:50:55,100 --> 00:50:53,850

pictures and I think part of that is you

1125

00:50:57,320 --> 00:50:55,110

know first of all you got to think about

1126
00:50:58,610 --> 00:50:57,330
your you're looking at something that

1127
00:51:01,070 --> 00:50:58,620
doesn't make any sense

1128
00:51:02,390 --> 00:51:01,080
next you want to oh you're gonna grab

1129
00:51:04,280 --> 00:51:02,400
your camera and then you got to open the

1130
00:51:06,860 --> 00:51:04,290
camera app and by the time you get it

1131
00:51:10,190 --> 00:51:06,870
you know I mean a slow-moving blimp got

1132
00:51:12,280 --> 00:51:10,200
away from me I can imagine a UFO unless

1133
00:51:14,540 --> 00:51:12,290
it's hovering or doing something unusual

1134
00:51:17,420 --> 00:51:14,550
it would kind of an escape a camera

1135
00:51:18,740 --> 00:51:17,430
right well I we have a lot of we always

1136
00:51:20,690 --> 00:51:18,750
ask a witness why do you take a picture

1137
00:51:22,430 --> 00:51:20,700
mm-hmm and we got a lot of different

1138
00:51:24,890 --> 00:51:22,440

answers I mean they don't even take the

1139

00:51:26,390 --> 00:51:24,900

picture I mean when they swen they see

1140

00:51:29,360 --> 00:51:26,400

they they don't even get their camera

1141

00:51:33,080 --> 00:51:29,370

out in a lot of cases a lot of times

1142

00:51:34,250 --> 00:51:33,090

it's fear they're so afraid that they

1143

00:51:36,140 --> 00:51:34,260

can't be calm enough to

1144

00:51:38,060 --> 00:51:36,150

operate a camera or operate their cell

1145

00:51:39,890 --> 00:51:38,070

phone and the other other times it's

1146

00:51:42,320 --> 00:51:39,900

just I never thought to do that yeah I

1147

00:51:44,420 --> 00:51:42,330

get that totally because some with my

1148

00:51:47,270 --> 00:51:44,430

sighting I didn't have a camera handy

1149

00:51:48,530 --> 00:51:47,280

but still I would have I don't I really

1150

00:51:51,050 --> 00:51:48,540

don't think I would have ever thought of

1151
00:51:53,300 --> 00:51:51,060
taking a picture and my closest

1152
00:51:56,240 --> 00:51:53,310
encounter I my camera was a hundred feet

1153
00:51:57,920 --> 00:51:56,250
away and that was not gonna go get it

1154
00:51:59,270 --> 00:51:57,930
yeah because I would I was afraid of

1155
00:52:05,109 --> 00:51:59,280
losing sight of it that's right though

1156
00:52:06,830 --> 00:52:05,119
yeah but now I these days I have a

1157
00:52:10,820 --> 00:52:06,840
point-and-shoot that I carry with me

1158
00:52:15,859 --> 00:52:10,830
everywhere that has 4x optical optical

1159
00:52:18,890 --> 00:52:15,869
zoom which is good enough and it's uh

1160
00:52:20,810 --> 00:52:18,900
it's also it's got a GPS receiver built

1161
00:52:21,890 --> 00:52:20,820
into it so really well that's nice

1162
00:52:23,690 --> 00:52:21,900
I'll know where I where I was standing

1163
00:52:26,630 --> 00:52:23,700

when I took the picture no matter what

1164

00:52:28,730 --> 00:52:26,640

yeah and I found it you know

1165

00:52:30,890 --> 00:52:28,740

today just today on the way home I saw a

1166

00:52:37,370 --> 00:52:30,900

helicopter why over and we get a lot of

1167

00:52:38,690 --> 00:52:37,380

helicopters in that area and I I thought

1168

00:52:40,790 --> 00:52:38,700

what if I get a picture I grabbed my

1169

00:52:42,830 --> 00:52:40,800

camera turned it on it turns on almost

1170

00:52:49,609 --> 00:52:42,840

instantly turns on like us in a second

1171

00:52:52,150 --> 00:52:49,619

and it was gone yeah yeah I it took me 5

1172

00:52:56,540 --> 00:52:52,160

seconds maybe to get ready to shoot and

1173

00:52:59,900 --> 00:52:56,550

the chopper was gone and so I actually

1174

00:53:02,349 --> 00:52:59,910

practiced that I when I see an

1175

00:53:06,500 --> 00:53:02,359

interesting plane or something I will I

1176

00:53:09,980 --> 00:53:06,510

will try to get a shot just to just to

1177

00:53:12,440 --> 00:53:09,990

prove out and be ready but of course you

1178

00:53:14,030 --> 00:53:12,450

know this happens to a lot of people

1179

00:53:16,190 --> 00:53:14,040

they have a close encounter and they

1180

00:53:17,990 --> 00:53:16,200

never see anything ever again yeah and

1181

00:53:20,990 --> 00:53:18,000

but they're ready they got four doctors

1182

00:53:23,930 --> 00:53:21,000

that got the camera they got I'm like

1183

00:53:28,910 --> 00:53:23,940

that too I'm a total geek when it comes

1184

00:53:31,040 --> 00:53:28,920

to sets up but uh yeah so we try to help

1185

00:53:34,420 --> 00:53:31,050

people be ready but in reality is you're

1186

00:53:36,980 --> 00:53:34,430

probably just gonna have your eyes and

1187

00:53:38,450 --> 00:53:36,990

your brain that's a bit that's probably

1188

00:53:42,530 --> 00:53:38,460

the equipment you're gonna have you know

1189

00:53:46,900 --> 00:53:42,540

and I have seen we did get one

1190

00:53:51,099 --> 00:53:46,910

photograph once which is on our website

1191

00:53:54,700 --> 00:53:51,109

at report a UFO RG go to that website

1192

00:53:59,769 --> 00:53:54,710

and I ought to send you a link it is not

1193

00:54:03,430 --> 00:53:59,779

look very impressive mmm it but there

1194

00:54:04,950 --> 00:54:03,440

are foreground objects there's clouds in

1195

00:54:08,109 --> 00:54:04,960

the background

1196

00:54:09,759 --> 00:54:08,119

it's an overcast day so and we can look

1197

00:54:13,829 --> 00:54:09,769

up and see what the ceiling cloud

1198

00:54:19,180 --> 00:54:13,839

ceiling was in the weather archives and

1199

00:54:21,609 --> 00:54:19,190

you have this thing and the witness said

1200

00:54:22,509 --> 00:54:21,619

he saw it just right below the clouds it

1201
00:54:24,190 --> 00:54:22,519
looked like it was right below the

1202
00:54:25,329 --> 00:54:24,200
clouds fuse and since we don't hide the

1203
00:54:28,960 --> 00:54:25,339
clouds where we can figure out how it

1204
00:54:32,130 --> 00:54:28,970
was our and estimate how far away was

1205
00:54:36,700 --> 00:54:32,140
turns out it was very far away it was

1206
00:54:40,480 --> 00:54:36,710
miles away and because we know exactly

1207
00:54:44,309 --> 00:54:40,490
where he was standing and we know where

1208
00:54:49,299 --> 00:54:44,319
the houses are relative to him we can

1209
00:54:51,630 --> 00:54:49,309
measure quite accurately this the

1210
00:54:53,710 --> 00:54:51,640
angular size of the object and then by

1211
00:54:55,240 --> 00:54:53,720
estimating is this is we can get a

1212
00:54:57,730 --> 00:54:55,250
roughly how big it was about a hundred

1213
00:55:01,299 --> 00:54:57,740

meters Wow Wow

1214

00:55:04,150 --> 00:55:01,309

that is uh yeah about 300 about the size

1215

00:55:09,519 --> 00:55:04,160

of a size of a soccer pitch yeah yeah

1216

00:55:11,349 --> 00:55:09,529

yeah and and the now that's a rough

1217

00:55:13,359 --> 00:55:11,359

estimate it could be a little smaller or

1218

00:55:16,150 --> 00:55:13,369

a lot bigger depending how far away it

1219

00:55:17,970 --> 00:55:16,160

really is but since we know it wasn't

1220

00:55:21,370 --> 00:55:17,980

above the clouds we know how IO

1221

00:55:22,809 --> 00:55:21,380

the maximum height that it was and if it

1222

00:55:23,769 --> 00:55:22,819

was actually below more below the clouds

1223

00:55:30,069 --> 00:55:23,779

that means it might have been further

1224

00:55:32,440 --> 00:55:30,079

away so the from that from that little

1225

00:55:35,769 --> 00:55:32,450

photograph the little with it was sent

1226

00:55:40,690 --> 00:55:35,779

shot with the samsung galaxy 6 a very

1227

00:55:42,759 --> 00:55:40,700

ordinary sort of cell phone yeah and it

1228

00:55:44,620 --> 00:55:42,769

was a I think with the best see awful

1229

00:55:46,390 --> 00:55:44,630

photographs who ever seen Wow how about

1230

00:55:49,420 --> 00:55:46,400

that yeah I know it wasn't fake and I

1231

00:55:50,740 --> 00:55:49,430

know you took it and I know I got it

1232

00:55:57,519 --> 00:55:50,750

straight from him so the chain of

1233

00:55:59,750 --> 00:55:57,529

custody is established and it was we had

1234

00:56:02,620 --> 00:55:59,760

a long conversation with a guy

1235

00:56:06,950 --> 00:56:02,630

he saw it his granddaughter saw it and

1236

00:56:09,230 --> 00:56:06,960

so there was a you know that that's the

1237

00:56:10,220 --> 00:56:09,240

sort of thing where you know yeah you

1238

00:56:14,440 --> 00:56:10,230

look at it you go that's just little

1239

00:56:16,760 --> 00:56:14,450

flack up it's like 30 pixels wide but

1240

00:56:18,560 --> 00:56:16,770

that third of those 30 pixels are

1241

00:56:20,510 --> 00:56:18,570

critical and for me have critical

1242

00:56:22,190 --> 00:56:20,520

information in them yeah yeah and I've

1243

00:56:26,450 --> 00:56:22,200

got also there's something like three or

1244

00:56:29,960 --> 00:56:26,460

four photographs so there's this is not

1245

00:56:32,120 --> 00:56:29,970

a hoax this is not it's not a lens flare

1246

00:56:33,170 --> 00:56:32,130

I've had that argument before yeah I

1247

00:56:34,550 --> 00:56:33,180

know what although this fair looks I've

1248

00:56:39,800 --> 00:56:34,560

seen a lot of lens flares this is one

1249

00:56:44,870 --> 00:56:39,810

one and it's uh and that caught that

1250

00:56:46,790 --> 00:56:44,880

kind of evidence was fed now you know

1251
00:56:51,109 --> 00:56:46,800
that part that part of northern Maryland

1252
00:56:53,900 --> 00:56:51,119
has had lots of odd things being seen in

1253
00:56:55,520 --> 00:56:53,910
the sky there's a lot of government

1254
00:56:56,900 --> 00:56:55,530
activity up there but I none of its

1255
00:57:00,650 --> 00:56:56,910
really like aerospace development

1256
00:57:02,570 --> 00:57:00,660
activity it's you know you know Camp

1257
00:57:04,130 --> 00:57:02,580
David Camp David is in the area that

1258
00:57:05,870 --> 00:57:04,140
sort of thing you know let's let's end

1259
00:57:07,460 --> 00:57:05,880
it there we got to go to break and when

1260
00:57:10,700 --> 00:57:07,470
we come back I'd actually like to talk

1261
00:57:13,790 --> 00:57:10,710
to you a little bit about this study of

1262
00:57:15,590 --> 00:57:13,800
UFOs and your career so hang in everyone

1263
00:57:19,700 --> 00:57:15,600

we're gonna be back in just a few

1264

00:57:21,950 --> 00:57:19,710

minutes right after these messages on

1265

00:57:24,500 --> 00:57:21,960

YouTube we'll be back in about four

1266

00:57:28,099 --> 00:57:24,510

minutes a right welcome back this is

1267

00:57:33,760 --> 00:57:28,109

Martin Willis and my guest this evening

1268

00:57:37,310 --> 00:57:33,770

is Paul Carr and we are talking UFOs and

1269

00:57:41,200 --> 00:57:37,320

reporting UFOs and all that now right

1270

00:57:44,750 --> 00:57:41,210

before the break you were discussing

1271

00:57:46,099 --> 00:57:44,760

basically how one would report a UFO and

1272

00:57:50,540 --> 00:57:46,109

right now I just want to ask you about

1273

00:57:53,570 --> 00:57:50,550

your career in space you know the our

1274

00:57:56,720 --> 00:57:53,580

engineer position and all that and how

1275

00:58:00,859 --> 00:57:56,730

does that fit with this with this little

1276

00:58:03,470 --> 00:58:00,869

sideline that you're doing well there is

1277

00:58:05,050 --> 00:58:03,480

a wall of separation a firewall between

1278

00:58:09,920 --> 00:58:05,060

the two things

1279

00:58:14,940 --> 00:58:09,930

and it's I'm sorry that that's necessary

1280

00:58:18,190 --> 00:58:14,950

it really shouldn't be but it

1281

00:58:19,930 --> 00:58:18,200

it's if you if you want to be taken

1282

00:58:24,190 --> 00:58:19,940

seriously in the professional world

1283

00:58:27,400 --> 00:58:24,200

you can't talk about UFOs very much even

1284

00:58:31,599 --> 00:58:27,410

though I have something of repetition as

1285

00:58:35,789 --> 00:58:31,609

a skeptic and I have we've debunked

1286

00:58:37,809 --> 00:58:35,799

hoaxes we have solved a lot of cases I

1287

00:58:40,839 --> 00:58:37,819

think we've helped a lot of people

1288

00:58:43,089 --> 00:58:40,849

understand what happened to them so you

1289

00:58:47,109 --> 00:58:43,099

know and I do not go around saying the

1290

00:58:49,599 --> 00:58:47,119

aliens are here or and I'm very critical

1291

00:58:58,239 --> 00:58:49,609

of PEEP some people some of the schools

1292

00:58:59,559 --> 00:58:58,249

of thought surrounding that but I not

1293

00:59:03,489 --> 00:58:59,569

that I know that I think alien life

1294

00:59:05,950 --> 00:59:03,499

doesn't exist or might not even be here

1295

00:59:07,870 --> 00:59:05,960

I think that's and interestingly enough

1296

00:59:09,219 --> 00:59:07,880

there have been that the new generation

1297

00:59:12,849 --> 00:59:09,229

of scientists that are now starting to

1298

00:59:16,059 --> 00:59:12,859

move into feels like astronomy and the

1299

00:59:19,440 --> 00:59:16,069

new field of astrobiology are starting

1300

00:59:22,589 --> 00:59:19,450

to take that a little more seriously hmm

1301

00:59:26,440 --> 00:59:22,599

but their standards of evidence are

1302

00:59:30,400 --> 00:59:26,450

necessarily very high they are not going

1303

00:59:35,769 --> 00:59:30,410

to be persuaded by anything that isn't

1304

00:59:37,359 --> 00:59:35,779

just rock and but you know back when

1305

00:59:41,620 --> 00:59:37,369

Carl Sagan first coined the term

1306

00:59:43,529 --> 00:59:41,630

exobiology he got a lot of negativity

1307

00:59:45,969 --> 00:59:43,539

for that from the scientific community

1308

00:59:48,579 --> 00:59:45,979

if what are you talking about life on

1309

00:59:50,950 --> 00:59:48,589

her planets for you know that's not what

1310

00:59:54,309 --> 00:59:50,960

real scientists do we have no evidence

1311

00:59:54,759 --> 00:59:54,319

of that no let's move on he stuck to his

1312

00:59:56,170 --> 00:59:54,769

guns

1313

00:59:58,299 --> 00:59:56,180

he called it XL biology it's now called

1314

01:00:00,009 --> 00:59:58,309

astrobiology and there's some very

1315

01:00:03,069 --> 01:00:00,019

serious very talented young people

1316

01:00:04,239 --> 01:00:03,079

working in that field now none of them

1317

01:00:07,299 --> 01:00:04,249

are making any

1318

01:00:09,759 --> 01:00:07,309

extravagant claims mmm they are they are

1319

01:00:12,160 --> 01:00:09,769

studying the problems very hard about

1320

01:00:15,430 --> 01:00:12,170

how life could originate and evolve on

1321

01:00:16,959 --> 01:00:15,440

other worlds and they're mostly focused

1322

01:00:19,239 --> 01:00:16,969

on life as originated evolved on this

1323

01:00:21,640 --> 01:00:19,249

world and then try to project that out

1324

01:00:23,240 --> 01:00:21,650

and they look at Mars they look at Titan

1325

01:00:26,120 --> 01:00:23,250

they look at other

1326

01:00:28,760 --> 01:00:26,130

possible habitable locations they look

1327

01:00:35,300 --> 01:00:28,770

at exoplanets it's real serious science

1328

01:00:37,820 --> 01:00:35,310

and that's a good example to us you know

1329

01:00:39,650 --> 01:00:37,830

but I also I think that you even have

1330

01:00:41,540 --> 01:00:39,660

real scientists like Jason right start

1331

01:00:43,280 --> 01:00:41,550

to talk about there may have been an

1332

01:00:44,420 --> 01:00:43,290

advanced civilization this solar system

1333

01:00:47,870 --> 01:00:44,430

a long time ago

1334

01:00:49,850 --> 01:00:47,880

mmm-hmm how do we look for evidence of

1335

01:00:52,370 --> 01:00:49,860

that what what would how would we know

1336

01:00:54,950 --> 01:00:52,380

if we saw something that was a that was

1337

01:00:58,250 --> 01:00:54,960

an artifact of this very distant

1338

01:01:01,190 --> 01:00:58,260

civilization those are serious questions

1339

01:01:02,240 --> 01:01:01,200

that are being raised no one is claiming

1340

01:01:05,170 --> 01:01:02,250

that they have anything like that

1341

01:01:09,920 --> 01:01:05,180

they're just saying how do we know that

1342

01:01:11,930 --> 01:01:09,930

and so it's a little more serious than

1343

01:01:15,410 --> 01:01:11,940

it used to be it's not quite as much

1344

01:01:18,290 --> 01:01:15,420

ridicule from that direction

1345

01:01:21,560 --> 01:01:18,300

but I still think there are a lot of

1346

01:01:23,780 --> 01:01:21,570

people see the you know they see things

1347

01:01:26,690 --> 01:01:23,790

well I don't have to list the number of

1348

01:01:30,830 --> 01:01:26,700

cases that that have brought ridicule

1349

01:01:32,720 --> 01:01:30,840

upon the community and I'm sure you've

1350

01:01:39,230 --> 01:01:32,730

been over them and over them yourself

1351

01:01:41,360 --> 01:01:39,240

many times these things are they

1352

01:01:43,630 --> 01:01:41,370

we the UFO community has done as much to

1353

01:01:48,620 --> 01:01:43,640

bring the laughter curtain down as any

1354

01:01:50,330 --> 01:01:48,630

anyone you know else and and we have to

1355

01:01:54,350 --> 01:01:50,340

recognize sometimes as skeptics are

1356

01:01:56,570 --> 01:01:54,360

right about some cases and not always I

1357

01:01:57,710 --> 01:01:56,580

think I've definitely one case in my

1358

01:02:05,150 --> 01:01:57,720

mind that I think the skeptics were

1359

01:02:09,290 --> 01:02:05,160

wrong but the there are there are good

1360

01:02:13,400 --> 01:02:09,300

there are good examples that of how not

1361

01:02:16,220 --> 01:02:13,410

to bring study of UFOs into respectable

1362

01:02:20,510 --> 01:02:16,230

light and like I said I don't think we

1363

01:02:23,180 --> 01:02:20,520

really have science yet we have what I

1364

01:02:27,020 --> 01:02:23,190

would call proto science which is we're

1365

01:02:31,430 --> 01:02:27,030

try we are we are with UFOs where our

1366

01:02:33,770 --> 01:02:31,440

ancestors were with electromagnetism 300

1367

01:02:36,440 --> 01:02:33,780

years ago well didn't really understand

1368

01:02:38,359 --> 01:02:36,450

it very well right didn't

1369

01:02:41,900 --> 01:02:38,369

a lot of wrong ideas about what it was

1370

01:02:44,660 --> 01:02:41,910

and didn't really even how to study it

1371

01:02:48,370 --> 01:02:44,670

but they kept at it and they eventually

1372

01:02:54,440 --> 01:02:48,380

got to a very sophisticated theory and

1373

01:02:58,970 --> 01:02:54,450

very correct theory and that you know it

1374

01:03:03,740 --> 01:02:58,980

took several generations of just keeping

1375

01:03:10,250 --> 01:03:03,750

at it and that's I think where we are

1376

01:03:12,710 --> 01:03:10,260

now and so when I'm with NASA or Air

1377

01:03:15,770 --> 01:03:12,720

Force people or even commercial

1378

01:03:16,819 --> 01:03:15,780

customers I do not bring up the topic at

1379

01:03:20,390 --> 01:03:16,829

all

1380

01:03:23,120 --> 01:03:20,400

however the skills I have learned in my

1381

01:03:26,390 --> 01:03:23,130

career helped me a lot a lot of times

1382

01:03:28,490 --> 01:03:26,400

with figuring out the answer to some of

1383

01:03:31,640 --> 01:03:28,500

these mysteries or just trying to

1384

01:03:34,970 --> 01:03:31,650

determine the basic facts I'm I'm pretty

1385

01:03:38,450 --> 01:03:34,980

good with sitting down and calculating

1386

01:03:41,450 --> 01:03:38,460

things and figuring out ranges of

1387

01:03:46,819 --> 01:03:41,460

parameters where how far could have been

1388

01:03:49,190 --> 01:03:46,829

how high it could have been and so that

1389

01:03:51,950 --> 01:03:49,200

that has taught me a great deal also you

1390

01:03:56,000 --> 01:03:51,960

know in engineering you learn to look

1391

01:03:59,410 --> 01:03:56,010

for hard facts and you're not interested

1392

01:04:02,270 --> 01:03:59,420

in promises no you're not interested in

1393

01:04:06,260 --> 01:04:02,280

in things that are only exist on paper

1394

01:04:08,839 --> 01:04:06,270

unless there's some real data that says

1395

01:04:12,020 --> 01:04:08,849

that they could be better than that and

1396

01:04:13,579 --> 01:04:12,030

so you tend to we tend to be on The

1397

01:04:18,530 --> 01:04:13,589

Skeptical side of things which I don't

1398

01:04:20,540 --> 01:04:18,540

think does anyone any harm to to say to

1399

01:04:25,750 --> 01:04:20,550

ask hard questions of any claim that

1400

01:04:28,400 --> 01:04:25,760

anyone makes including other skeptics

1401

01:04:32,089 --> 01:04:28,410

yep because the easiest person to fool

1402

01:04:32,800 --> 01:04:32,099

is yourself and that that applies to

1403

01:04:35,089 --> 01:04:32,810

everyone

1404

01:04:40,250 --> 01:04:35,099

yeah there's motivated reasoning

1405

01:04:41,480 --> 01:04:40,260

everywhere you look so so I don't know

1406

01:04:44,870 --> 01:04:41,490

if that's your question or not I mean

1407

01:04:46,520 --> 01:04:44,880

yeah yeah it does up you know I just

1408

01:04:48,770 --> 01:04:46,530

want to say the listening audience we're

1409

01:04:50,180 --> 01:04:48,780

going to take calls in about about

1410

01:04:51,920 --> 01:04:50,190

twenty minutes from now

1411

01:04:53,690 --> 01:04:51,930

but I also wanted to mention that next

1412

01:04:56,570 --> 01:04:53,700

starting next week I'm pretty excited

1413

01:04:58,700 --> 01:04:56,580

about this through kgr a radio they're

1414

01:05:01,010 --> 01:04:58,710

gonna have a phone system set up and

1415

01:05:03,410 --> 01:05:01,020

we're gonna have phone screening and all

1416

01:05:05,870 --> 01:05:03,420

that stuff so calls will be a lot easier

1417

01:05:07,310 --> 01:05:05,880

and that's coming up starting next week

1418

01:05:10,100 --> 01:05:07,320

and I'll give out that phone number at

1419

01:05:12,610 --> 01:05:10,110

that time but just about 20 minutes

1420

01:05:14,900 --> 01:05:12,620

we'll start phone conversations so

1421

01:05:16,910 --> 01:05:14,910

before we move on and talk about some of

1422

01:05:20,870 --> 01:05:16,920

the cases that you've investigated I

1423

01:05:23,570 --> 01:05:20,880

just wanted to ask going back to work

1424

01:05:25,400 --> 01:05:23,580

your work situation have there ever been

1425

01:05:27,050 --> 01:05:25,410

any colleagues that ever brought up the

1426

01:05:28,700 --> 01:05:27,060

subject first or have you ever dared to

1427

01:05:30,920 --> 01:05:28,710

have you ever been close enough to

1428

01:05:35,650 --> 01:05:30,930

actually talk about this subject to any

1429

01:05:41,270 --> 01:05:35,660

of your colleagues I have heard people

1430

01:05:42,950 --> 01:05:41,280

who I'm not close to mention it but it

1431

01:05:47,150 --> 01:05:42,960

has to be in a kind of half joking way

1432

01:05:51,370 --> 01:05:47,160

or you you'll get I mean seriously

1433

01:05:53,960 --> 01:05:51,380

yeah it's we're all kind of afraid to

1434

01:05:55,550 --> 01:05:53,970

broach the subject it's like you know

1435

01:05:59,060 --> 01:05:55,560

sex religion and UFOs you don't talk

1436

01:06:04,550 --> 01:05:59,070

about those things in a professional

1437

01:06:05,690 --> 01:06:04,560

context and you know I said for the same

1438

01:06:09,170 --> 01:06:05,700

reason you know I never ask anybody to

1439

01:06:11,710 --> 01:06:09,180

believe in God you know it I don't want

1440

01:06:16,400 --> 01:06:11,720

to I don't want to stir stir that

1441

01:06:18,320 --> 01:06:16,410

hornet's nest and you know sometimes

1442

01:06:20,690 --> 01:06:18,330

like now you know when you go out for

1443

01:06:23,110 --> 01:06:20,700

beers afterwards sometimes conversations

1444

01:06:25,400 --> 01:06:23,120

were ranged widely but they're still

1445

01:06:33,160 --> 01:06:25,410

even after three or four beers still

1446

01:06:39,220 --> 01:06:33,170

some constraints yeah and so it it can

1447

01:06:45,620 --> 01:06:42,890

and in certain communities if you bring

1448

01:06:47,000 --> 01:06:45,630

up the topic of alien life even just

1449

01:06:51,140 --> 01:06:47,010

alien life knotti

1450

01:06:56,090 --> 01:06:51,150

not even UFOs you don't get I get the

1451

01:06:58,730 --> 01:06:56,100

stink-eye because you know that that's

1452

01:07:02,030 --> 01:06:58,740

just not something we think about

1453

01:07:04,520 --> 01:07:02,040

because if well let's look at it if

1454

01:07:06,470 --> 01:07:04,530

there were highly advanced

1455

01:07:09,770 --> 01:07:06,480

civilization in our solar system

1456

01:07:16,640 --> 01:07:09,780

operating now it screws up a lot of

1457

01:07:18,860 --> 01:07:16,650

people's budgets Wow that they have they

1458

01:07:23,060 --> 01:07:18,870

have a lot going on and they do not want

1459

01:07:24,680 --> 01:07:23,070

to have to think about that and so their

1460

01:07:27,800 --> 01:07:24,690

worldview is said it does it's not an

1461

01:07:29,030 --> 01:07:27,810

issue it doesn't happen and I have been

1462

01:07:31,870 --> 01:07:29,040

there I have been to that in that

1463

01:07:36,230 --> 01:07:31,880

worldview i-i've there was a time when I

1464

01:07:41,780 --> 01:07:36,240

accepted that and and I know how they

1465

01:07:43,720 --> 01:07:41,790

feel and because as soon as you open the

1466

01:07:45,800 --> 01:07:43,730

floodgates it just you know it's

1467

01:07:48,560 --> 01:07:45,810

anything could be you have anything can

1468

01:07:50,360 --> 01:07:48,570

be true it and nobody likes that what

1469

01:07:55,190 --> 01:07:50,370

you want you want to be how you want to

1470

01:07:58,120 --> 01:07:55,200

have a certain feeling of that you that

1471

01:08:02,120 --> 01:08:00,770

most scientists most people don't want

1472

01:08:03,440 --> 01:08:02,130

to don't want to realize that we're

1473

01:08:07,880 --> 01:08:03,450

standing a little island and knowledge

1474

01:08:10,490 --> 01:08:07,890

and advanced sea of ignorance and that's

1475

01:08:11,210 --> 01:08:10,500

too scary we don't think about that yeah

1476

01:08:12,740 --> 01:08:11,220

yeah

1477

01:08:16,789 --> 01:08:12,750

alright well let's get into some of the

1478

01:08:21,530 --> 01:08:16,799

cases I know you said 2018 you've had

1479

01:08:23,030 --> 01:08:21,540

some really interesting about 2018 we

1480

01:08:28,030 --> 01:08:23,040

normally get a lot of cases we can

1481

01:08:30,620 --> 01:08:28,040

easily explain 2018 that proportion

1482

01:08:35,079 --> 01:08:30,630

dropped and we had more cases that were

1483

01:08:42,860 --> 01:08:35,089

unidentified by purport proportionally

1484

01:08:43,940 --> 01:08:42,870

and we had some now unfortunately a lot

1485

01:08:46,760 --> 01:08:43,950

of these cases are single or double

1486

01:08:48,980 --> 01:08:46,770

single witness maybe two witnesses it's

1487

01:08:53,260 --> 01:08:48,990

the single witness case there's always

1488

01:08:56,360 --> 01:08:53,270

some doubt fact a lot of them because

1489

01:08:58,490 --> 01:08:56,370

they could just be making it up and you

1490

01:09:00,620 --> 01:08:58,500

kind of have to go on you're actually

1491

01:09:03,740 --> 01:09:00,630

speaking to the person and your sense of

1492

01:09:06,099 --> 01:09:03,750

their credibility but there's really

1493

01:09:09,770 --> 01:09:06,109

very little scientific evidence that

1494

01:09:12,440 --> 01:09:09,780

anybody can just can tell what they're

1495

01:09:13,760 --> 01:09:12,450

being lied to or not that there's I've

1496

01:09:14,960 --> 01:09:13,770

heard it something about blue the blue

1497

01:09:15,349 --> 01:09:14,970

sense that cops know when they're being

1498

01:09:17,240 --> 01:09:15,359

lied to

1499

01:09:18,419 --> 01:09:17,250

but the studies that have been done have

1500

01:09:22,829 --> 01:09:18,429

shown

1501

01:09:26,959 --> 01:09:22,839

that's not so clear-cut so in fact that

1502

01:09:30,419 --> 01:09:26,969

the blue cents may not exist at all and

1503

01:09:34,769 --> 01:09:30,429

Psychopaths can lie with a straight face

1504

01:09:37,289 --> 01:09:34,779

and not give it away right but you still

1505

01:09:39,349 --> 01:09:37,299

you think probably when I talked to

1506

01:09:45,720 --> 01:09:39,359

someone and there were a reasonable and

1507

01:09:48,120 --> 01:09:45,730

they're very stable that and they show

1508

01:09:49,919 --> 01:09:48,130

great deal of interest in helping us

1509

01:09:53,010 --> 01:09:49,929

undo the investigation that they are not

1510

01:09:55,830 --> 01:09:53,020

hoaxing us they could potentially be

1511

01:09:58,649 --> 01:09:55,840

delusional or be massively

1512

01:10:00,780 --> 01:09:58,659

misinterpreting something what

1513

01:10:03,959 --> 01:10:00,790

so this well the first case I'd like to

1514

01:10:07,020 --> 01:10:03,969

mention was it's was invested by Marsh

1515

01:10:08,970 --> 01:10:07,030

Marsh of our heart can I just hold we're

1516

01:10:11,100 --> 01:10:08,980

getting people calling and now we're

1517

01:10:13,290 --> 01:10:11,110

gonna take calls in about 15 minutes so

1518

01:10:15,149 --> 01:10:13,300

if you're trying to call in please hold

1519

01:10:17,430 --> 01:10:15,159

off all right go ahead Marsha Barnett

1520

01:10:20,939 --> 01:10:17,440

yeah well Marsha did the investigation

1521

01:10:22,229 --> 01:10:20,949

of this case but it was it was in a some

1522

01:10:25,560 --> 01:10:22,239

Pennington New Jersey which is near

1523

01:10:28,080 --> 01:10:25,570

where I used to live in Princeton yeah

1524

01:10:34,050 --> 01:10:28,090

it's on it's in the west central part of

1525

01:10:36,870 --> 01:10:34,060

New Jersey near Trenton and this is a

1526

01:10:38,760 --> 01:10:36,880

kind of a this it's mostly semi rural in

1527

01:10:41,220 --> 01:10:38,770

that area but this is kind of a built-up

1528

01:10:45,390 --> 01:10:41,230

area that the guy was in and he was

1529

01:10:48,209 --> 01:10:45,400

walking to the store it was a nice warm

1530

01:10:50,880 --> 01:10:48,219

night and he was walking about ten

1531

01:10:55,200 --> 01:10:50,890

o'clock so just a little bit after dark

1532

01:10:58,080 --> 01:10:55,210

and he was walking on the street across

1533

01:10:59,840 --> 01:10:58,090

the street from the store and down in

1534

01:11:03,600 --> 01:10:59,850

front of some office buildings in a

1535

01:11:06,149 --> 01:11:03,610

private school and there were some trees

1536

01:11:10,050 --> 01:11:06,159

to his left and then just beyond those

1537

01:11:12,840 --> 01:11:10,060

trees a big large grassy area you know

1538

01:11:17,120 --> 01:11:12,850

maybe a hundred feet long or something

1539

01:11:20,399 --> 01:11:17,130

like that and he he looked up and he saw

1540

01:11:22,050 --> 01:11:20,409

a very bright light and so that's odd

1541

01:11:25,610 --> 01:11:22,060

and it came down I started descending

1542

01:11:27,810 --> 01:11:25,620

and now this is something we see a lot

1543

01:11:29,729 --> 01:11:27,820

people initially reported bright light

1544

01:11:31,280 --> 01:11:29,739

and then and it gets closer it's not a

1545

01:11:34,250 --> 01:11:31,290

bright light anymore mm-hmm it's

1546

01:11:35,900 --> 01:11:34,260

thing less bright something I've never

1547

01:11:37,940 --> 01:11:35,910

really figured out why that is the case

1548

01:11:42,500 --> 01:11:37,950

but it came down and he thought it was a

1549

01:11:45,830 --> 01:11:42,510

sphere with lights around the ring and

1550

01:11:47,900 --> 01:11:45,840

it came quite close to him it was it was

1551
01:11:49,910 --> 01:11:47,910
in that little grassy area he went he

1552
01:11:57,530 --> 01:11:49,920
went through the trees to get a better

1553
01:12:00,620 --> 01:11:57,540
look at it and it came down and and then

1554
01:12:02,900 --> 01:12:00,630
he saw that it was not a sphere but more

1555
01:12:04,550 --> 01:12:02,910
like two disks that were together

1556
01:12:10,880 --> 01:12:04,560
through discs of Lights that were

1557
01:12:12,200 --> 01:12:10,890
together and it one red one red disc and

1558
01:12:14,750 --> 01:12:12,210
one green disc I can't remember if the

1559
01:12:21,140 --> 01:12:14,760
red or the green but they they these two

1560
01:12:23,030 --> 01:12:21,150
just separated and one sort of stayed

1561
01:12:26,360 --> 01:12:23,040
back the other one started moving along

1562
01:12:29,600 --> 01:12:26,370
this lawn and a kind of a swirling like

1563
01:12:31,280 --> 01:12:29,610

a search pattern almost and it came

1564

01:12:33,830 --> 01:12:31,290

within 20 feet of him according to by

1565

01:12:36,770 --> 01:12:33,840

his estimate Wow so this is a close

1566

01:12:38,360 --> 01:12:36,780

encounter and we know that because it

1567

01:12:42,590 --> 01:12:38,370

was a he said it was just inches off the

1568

01:12:45,380 --> 01:12:42,600

ground and moving around and then the

1569

01:12:47,060 --> 01:12:45,390

two disks that one just kind of flew up

1570

01:12:48,800 --> 01:12:47,070

a little bit higher and the other just

1571

01:12:54,020 --> 01:12:48,810

came up and joined it and then they flew

1572

01:12:55,550 --> 01:12:54,030

off together disappeared that's and of

1573

01:12:56,870 --> 01:12:55,560

course he was enthralled

1574

01:13:03,020 --> 01:12:56,880

he wasn't terrified like some people

1575

01:13:04,340 --> 01:13:03,030

report hmm he was enthralled and but he

1576

01:13:06,890 --> 01:13:04,350

had to go to the store to get something

1577

01:13:08,360 --> 01:13:06,900

so he went to the store he ever did say

1578

01:13:10,160 --> 01:13:08,370

he was saved his receipt and he scanned

1579

01:13:14,990 --> 01:13:10,170

it for us so we could see what time he

1580

01:13:17,120 --> 01:13:15,000

was at the store and before and got his

1581

01:13:20,450 --> 01:13:17,130

stuff then came home and did a fantastic

1582

01:13:22,940 --> 01:13:20,460

job or anything up his signing he he'd

1583

01:13:25,250 --> 01:13:22,950

write several sketches which are all

1584

01:13:32,120 --> 01:13:25,260

available we have the report on our

1585

01:13:37,820 --> 01:13:32,130

website this is case 2018 - oh 1 0 - 10

1586

01:13:39,410 --> 01:13:37,830

basically and so when I I've been over

1587

01:13:42,140 --> 01:13:39,420

and over that one in my head what would

1588

01:13:44,240 --> 01:13:42,150

that look like it must have been so

1589

01:13:45,230 --> 01:13:44,250

weird and it's almost like some of the

1590

01:13:48,260 --> 01:13:45,240

dreams I had when I was at

1591

01:13:52,010 --> 01:13:48,270

child of Lights moving around and at

1592

01:13:54,340 --> 01:13:52,020

just one beautiful disc of green lights

1593

01:13:57,320 --> 01:13:54,350

one beautiful disc of red lights

1594

01:14:00,500 --> 01:13:57,330

separating and and that it separated and

1595

01:14:05,360 --> 01:14:00,510

they won and they turned and went from

1596

01:14:06,980 --> 01:14:05,370

vertical to horizontal and I thought

1597

01:14:08,870 --> 01:14:06,990

it's a great case but and the witness

1598

01:14:12,520 --> 01:14:08,880

was one of the best witnesses we ever

1599

01:14:14,300 --> 01:14:12,530

had he was highly cooperative Marshall

1600

01:14:15,290 --> 01:14:14,310

couldn't she couldn't get out there

1601
01:14:18,170 --> 01:14:15,300
right away

1602
01:14:20,660 --> 01:14:18,180
she lives in Michigan and this was in

1603
01:14:25,010 --> 01:14:20,670
New Jersey but she did get there about a

1604
01:14:28,490 --> 01:14:25,020
month later and met with him went out to

1605
01:14:32,420 --> 01:14:28,500
the site and you know they took pictures

1606
01:14:38,360 --> 01:14:32,430
and and got an idea of where they where

1607
01:14:40,430 --> 01:14:38,370
where the event occurred and it's uh now

1608
01:14:44,450 --> 01:14:40,440
isn't a glide path to the Trenton

1609
01:14:46,400 --> 01:14:44,460
Airport but this sure doesn't sound like

1610
01:14:49,790 --> 01:14:46,410
an air he could have misinterpreted an

1611
01:14:52,130 --> 01:14:49,800
airplane for this there were power lines

1612
01:14:54,370 --> 01:14:52,140
you know big high-voltage power lines

1613
01:14:56,720 --> 01:14:54,380

just across the street

1614

01:14:59,660 --> 01:14:56,730

so this couldn't have been a low-flying

1615

01:15:01,370 --> 01:14:59,670

aircraft because it it would've been too

1616

01:15:05,780 --> 01:15:01,380

dangerous to go through those power

1617

01:15:08,380 --> 01:15:05,790

lines but and it was silent yeah he said

1618

01:15:12,890 --> 01:15:08,390

he heard a little sound when the two

1619

01:15:15,440 --> 01:15:12,900

have separated but then he but it wasn't

1620

01:15:21,560 --> 01:15:15,450

a loud sound and then no sight no sound

1621

01:15:24,440 --> 01:15:21,570

at all and this is the frustrating thing

1622

01:15:27,800 --> 01:15:24,450

Marcia tried and tried to find someone

1623

01:15:30,560 --> 01:15:27,810

else who saw that yeah and nobody else

1624

01:15:32,480 --> 01:15:30,570

saw it and it was only ten o'clock at

1625

01:15:34,070 --> 01:15:32,490

night it's like you know there should

1626

01:15:39,290 --> 01:15:34,080

have been cars going by should have been

1627

01:15:41,510 --> 01:15:39,300

people coming out of the store the store

1628

01:15:42,980 --> 01:15:41,520

you know the store was fairly far on the

1629

01:15:45,530 --> 01:15:42,990

other side of the power line but it was

1630

01:15:47,690 --> 01:15:45,540

still just across the street

1631

01:15:49,670 --> 01:15:47,700

she took talk to the manager of the

1632

01:15:51,680 --> 01:15:49,680

store dough but nobody said anything she

1633

01:15:54,080 --> 01:15:51,690

couldn't get anyone and that that

1634

01:15:56,300 --> 01:15:54,090

happens so often where you think

1635

01:15:59,890 --> 01:15:56,310

somebody else should have seen this yeah

1636

01:16:03,110 --> 01:15:59,900

and no one's coming forward

1637

01:16:05,300 --> 01:16:03,120

so that was I think that's a good a

1638

01:16:07,900 --> 01:16:05,310

great single witness case yeah about as

1639

01:16:10,790 --> 01:16:07,910

good as a single witness case can get

1640

01:16:13,010 --> 01:16:10,800

another one saying yeah do you mind if

1641

01:16:15,230 --> 01:16:13,020

we take this this call is this person is

1642

01:16:17,540 --> 01:16:15,240

not going to stop here so not at all why

1643

01:16:20,690 --> 01:16:17,550

don't we just call otter

1644

01:16:22,040 --> 01:16:20,700

caller I'm finally up we're gonna wait

1645

01:16:24,200 --> 01:16:22,050

to take calls for another ten minutes

1646

01:16:27,080 --> 01:16:24,210

but I see you're persistent what's your

1647

01:16:28,670 --> 01:16:27,090

first name were you calling from my name

1648

01:16:32,240 --> 01:16:28,680

is Stevens Padilla I'm calling from

1649

01:16:35,660 --> 01:16:32,250

corrupt Nevada Oh out there in art Belle

1650

01:16:37,190 --> 01:16:35,670

country from Nevada yeah yeah how you

1651
01:16:39,830 --> 01:16:37,200
doing welcome to show and what's your

1652
01:16:42,980 --> 01:16:39,840
question for our guests my questions

1653
01:16:44,540 --> 01:16:42,990
regarding disclosure to Paul my question

1654
01:16:46,490 --> 01:16:44,550
is regarding do you think that the power

1655
01:16:50,000 --> 01:16:46,500
be whether it be the military government

1656
01:16:52,310 --> 01:16:50,010
deep state don't disclose because that

1657
01:16:55,120 --> 01:16:52,320
would be acknowledging a cattle

1658
01:16:59,500 --> 01:16:55,130
mutilations and abductions and now what

1659
01:17:05,300 --> 01:16:59,510
sure that the public would be at risk of

1660
01:17:09,800 --> 01:17:05,310
safety well I think it's an excellent

1661
01:17:11,090 --> 01:17:09,810
question but although I'm I'd have to

1662
01:17:13,850 --> 01:17:11,100
defer to people like Chris O'Brien on

1663
01:17:17,300 --> 01:17:13,860

cattle mutilations I I'm not an expert

1664

01:17:20,660 --> 01:17:17,310

on that at all I'm something on

1665

01:17:22,760 --> 01:17:20,670

abductions skeptic there may be a core

1666

01:17:26,300 --> 01:17:22,770

mystery there but I think most of most

1667

01:17:27,190 --> 01:17:26,310

of the that is largely a modern myth but

1668

01:17:30,080 --> 01:17:27,200

I

1669

01:17:31,520 --> 01:17:30,090

the problem with disclosure is just we

1670

01:17:34,250 --> 01:17:31,530

don't know what it is they would

1671

01:17:37,010 --> 01:17:34,260

disclose we don't know why they won't

1672

01:17:38,360 --> 01:17:37,020

disclose it and in fact when you say

1673

01:17:41,630 --> 01:17:38,370

they of course the government is not a

1674

01:17:42,860 --> 01:17:41,640

monolithic organization and there are a

1675

01:17:44,810 --> 01:17:42,870

lot of young people to come into the

1676

01:17:47,720 --> 01:17:44,820

government every year and then spend

1677

01:17:51,200 --> 01:17:47,730

some time there and then leave and the

1678

01:17:54,890 --> 01:17:51,210

UFO situations that going on since at

1679

01:17:59,060 --> 01:17:54,900

least world war ii so everybody that was

1680

01:18:01,520 --> 01:17:59,070

on project grudge or project sign or

1681

01:18:04,250 --> 01:18:01,530

there are up through the Robertson panel

1682

01:18:06,890 --> 01:18:04,260

and beyond they're dead

1683

01:18:12,290 --> 01:18:06,900

the the generation that was in charge in

1684

01:18:14,540 --> 01:18:12,300

the 1970s is dying off now so the

1685

01:18:17,390 --> 01:18:14,550

does that knowledge get passed on does

1686

01:18:19,069 --> 01:18:17,400

it just get shared or just get filed

1687

01:18:22,459 --> 01:18:19,079

away just get destroyed I don't know

1688

01:18:24,350 --> 01:18:22,469

there may not be anything when we say

1689

01:18:25,729 --> 01:18:24,360

the government there may be no one in

1690

01:18:28,580 --> 01:18:25,739

the government who knows what the

1691

01:18:31,359 --> 01:18:28,590

government knows and the other thing is

1692

01:18:36,350 --> 01:18:31,369

I know if you've seen the last scene of

1693

01:18:40,759 --> 01:18:36,360

Raiders of the Lost Ark yeah but the Ark

1694

01:18:43,580 --> 01:18:40,769

gets put in a crate right and gets gets

1695

01:18:45,979 --> 01:18:43,590

stored in a big warehouse where it's

1696

01:18:47,390 --> 01:18:45,989

just got a number and yeah a cryptic

1697

01:18:52,129 --> 01:18:47,400

piece of paper that describes what it is

1698

01:18:55,370 --> 01:18:52,139

right and then so it's it's a it's the

1699

01:18:58,399 --> 01:18:55,380

best way to hide it is to put it you

1700

01:19:00,410 --> 01:18:58,409

know in the government warehouse nobody

1701

01:19:02,629 --> 01:19:00,420

knows that you know there might be one

1702

01:19:05,000 --> 01:19:02,639

or two people who know and then they'll

1703

01:19:08,390 --> 01:19:05,010

be you know 30 40 years later they don't

1704

01:19:13,250 --> 01:19:08,400

they're gone so my feeling about

1705

01:19:14,450 --> 01:19:13,260

disclosure is that which we don't know

1706

01:19:17,299 --> 01:19:14,460

that if anything there's anything to

1707

01:19:20,379 --> 01:19:17,309

disclose and what is there is to

1708

01:19:22,850 --> 01:19:20,389

disclose may have nothing to do with

1709

01:19:26,359 --> 01:19:22,860

abductions or cattle mutilations I

1710

01:19:29,750 --> 01:19:26,369

suspect the reason the reason that the

1711

01:19:31,129 --> 01:19:29,760

data are kept secret and again like

1712

01:19:33,770 --> 01:19:31,139

we're discussing earlier with a navy

1713

01:19:36,470 --> 01:19:33,780

this could be like the raw data there's

1714

01:19:38,120 --> 01:19:36,480

lots of reasons one is initially when

1715

01:19:39,620 --> 01:19:38,130

the first couple days collected its

1716

01:19:41,899 --> 01:19:39,630

collected by systems that are that are

1717

01:19:48,819 --> 01:19:41,909

classified and so they can't release

1718

01:19:53,000 --> 01:19:48,829

that the second situation is that that

1719

01:19:54,979 --> 01:19:53,010

the the data no one wants to be the the

1720

01:19:56,810 --> 01:19:54,989

one that sent the general that stands up

1721

01:20:01,239 --> 01:19:56,820

there at the press conference and says

1722

01:20:05,330 --> 01:20:01,249

the aliens are here unless they have

1723

01:20:06,890 --> 01:20:05,340

absolutely rock-hard solid case that

1724

01:20:09,379 --> 01:20:06,900

they could make to the scientific

1725

01:20:10,569 --> 01:20:09,389

community if they can't do that they are

1726

01:20:15,080 --> 01:20:10,579

just going to get left out of the room

1727

01:20:18,259 --> 01:20:15,090

so no does anyone have that case put

1728

01:20:20,149 --> 01:20:18,269

together I doubt it I doubt it

1729

01:20:22,580 --> 01:20:20,159

so there may be pieces of it that are

1730

01:20:25,069 --> 01:20:22,590

known to some senior people in some

1731

01:20:26,140 --> 01:20:25,079

areas you know and John Alexander goes

1732

01:20:29,560 --> 01:20:26,150

around telling everybody that there

1733

01:20:30,760 --> 01:20:29,570

anything like that and you know he's got

1734

01:20:33,670 --> 01:20:30,770

more experience the military than I do

1735

01:20:35,890 --> 01:20:33,680

but but I I don't

1736

01:20:37,510 --> 01:20:35,900

so I answer your question is I don't

1737

01:20:40,900 --> 01:20:37,520

know why it's not disclosed I don't know

1738

01:20:42,610 --> 01:20:40,910

what is to be disclosed but I doubt it

1739

01:20:45,850 --> 01:20:42,620

has to do with actually public fear and

1740

01:20:48,160 --> 01:20:45,860

more with fear from the disclosure

1741

01:20:50,770 --> 01:20:48,170

themselves you know am I going to be

1742

01:20:53,740 --> 01:20:50,780

ridiculed for claiming something that I

1743

01:20:56,760 --> 01:20:53,750

can't back up and you know this is what

1744

01:21:00,910 --> 01:20:56,770

when when Corso came out a few years ago

1745

01:21:01,680 --> 01:21:00,920

with his claims he had zero evidence to

1746

01:21:03,790 --> 01:21:01,690

back it up

1747

01:21:05,260 --> 01:21:03,800

now I don't know if he's claimed her

1748

01:21:07,390 --> 01:21:05,270

true or false I suspect they're false

1749

01:21:11,500 --> 01:21:07,400

but I don't really know that for a fact

1750

01:21:14,650 --> 01:21:11,510

but since he couldn't back it up how do

1751

01:21:17,710 --> 01:21:14,660

we you know how he'll never be taken

1752

01:21:19,570 --> 01:21:17,720

seriously now he was retired he didn't

1753

01:21:20,830 --> 01:21:19,580

care but somebody's actually in the

1754

01:21:22,480 --> 01:21:20,840

government right now was as a senior

1755

01:21:25,180 --> 01:21:22,490

position who would have to prove that

1756

01:21:27,250 --> 01:21:25,190

it's not going to prove it unless unless

1757

01:21:29,350 --> 01:21:27,260

a team of scientists with a lot of

1758

01:21:30,730 --> 01:21:29,360

funding get together and say we've

1759

01:21:32,230 --> 01:21:30,740

studied this for years and we think it's

1760

01:21:34,360 --> 01:21:32,240

rock we can prove it

1761

01:21:37,330 --> 01:21:34,370

yeah all right Stephen thank you for the

1762

01:21:39,460 --> 01:21:37,340

call thank you very much all right all

1763

01:21:43,260 --> 01:21:39,470

right all right well you know we might

1764

01:21:45,640 --> 01:21:43,270

as well go into opening up the lines and

1765

01:21:47,860 --> 01:21:45,650

again next week we'll have a phone

1766

01:21:49,900 --> 01:21:47,870

system this week we're relying on skype

1767

01:21:52,210 --> 01:21:49,910

so if you do call in make sure your mute

1768

01:21:53,950 --> 01:21:52,220

your your listening device so that it

1769

01:21:57,910 --> 01:21:53,960

doesn't feed back through the loop here

1770

01:22:00,250 --> 01:21:57,920

but before we get our next call why

1771

01:22:03,310 --> 01:22:00,260

don't you go into another interesting

1772

01:22:05,890 --> 01:22:03,320

case and okay this might might interrupt

1773

01:22:07,900 --> 01:22:05,900

you with a call when it comes in so well

1774

01:22:11,650 --> 01:22:07,910

there was one in water Fleet New York

1775

01:22:16,350 --> 01:22:11,660

last year that this is what I mentioned

1776

01:22:21,730 --> 01:22:16,360

earlier that a guy saw a rectangular

1777

01:22:25,410 --> 01:22:21,740

roughly textured object again when he

1778

01:22:27,820 --> 01:22:25,420

first saw it was a bright light and then

1779

01:22:31,150 --> 01:22:27,830

then he looked at its binoculars and he

1780

01:22:33,910 --> 01:22:31,160

saw sort of electric blue glow around it

1781

01:22:36,190 --> 01:22:33,920

but not the bright lighting and then he

1782

01:22:38,740 --> 01:22:36,200

saw it said it was like a dark thing and

1783

01:22:39,850 --> 01:22:38,750

it was now this one was tumbling but it

1784

01:22:41,650 --> 01:22:39,860

seemed he said it the tumbling

1785

01:22:46,630 --> 01:22:41,660

seemed to be control tumbling it wasn't

1786

01:22:48,700 --> 01:22:46,640

it wasn't just randomly tumbling and he

1787

01:22:52,810 --> 01:22:48,710

gave us a sketch of it that he drew with

1788

01:22:56,110 --> 01:22:52,820

like a I don't know a Microsoft Paint or

1789

01:22:58,390 --> 01:22:56,120

something like that that has we've got

1790

01:23:02,920 --> 01:22:58,400

we got the pictures on our website that

1791

01:23:04,270 --> 01:23:02,930

that's case 1801 three I think again

1792

01:23:06,550 --> 01:23:04,280

another very good witness

1793

01:23:08,710 --> 01:23:06,560

this was this was now this was at 2:00

1794

01:23:11,740 --> 01:23:08,720

a.m. I don't know it was 1:00 o'clock

1795

01:23:13,030 --> 01:23:11,750

a.m. and I so I think that he it's not

1796

01:23:17,500 --> 01:23:13,040

surprising nobody else saw it

1797

01:23:20,050 --> 01:23:17,510

mm-hm it's a and again Marcia wood

1798

01:23:23,410 --> 01:23:20,060

investigated that one and she could not

1799

01:23:25,930 --> 01:23:23,420

find any cooperation at all and that

1800

01:23:29,830 --> 01:23:25,940

that's again if corporation is really

1801

01:23:34,000 --> 01:23:29,840

rare I have a 2017 case which is not

1802

01:23:36,640 --> 01:23:34,010

tarrant highly strange but a gentleman

1803

01:23:38,170 --> 01:23:36,650

in United Kingdom in Cornwall which is

1804

01:23:44,410 --> 01:23:38,180

that spit of land that sudden the sort

1805

01:23:46,000 --> 01:23:44,420

of the southwest of England and he he

1806

01:23:48,280 --> 01:23:46,010

likes to take pictures of clouds and so

1807

01:23:50,890 --> 01:23:48,290

he was taking a time-lapse of the clouds

1808

01:23:54,940 --> 01:23:50,900

that were going by his house in Cornwall

1809

01:24:00,160 --> 01:23:54,950

and he noticed later that there were

1810

01:24:03,490 --> 01:24:00,170

these two specks that were persistently

1811

01:24:04,900 --> 01:24:03,500

in the same place in the frame and well

1812

01:24:07,570 --> 01:24:04,910

the first thing I thought is well okay

1813

01:24:09,580 --> 01:24:07,580

guys got a problems camera so but he was

1814

01:24:11,290 --> 01:24:09,590

great I asked him would you take some

1815

01:24:15,040 --> 01:24:11,300

pictures on a gray card of your camera

1816

01:24:18,370 --> 01:24:15,050

so I could see mm-hmm yeah yeah and no

1817

01:24:19,540 --> 01:24:18,380

the specks weren't there and he took a

1818

01:24:23,020 --> 01:24:19,550

lot of other pictures and the specs

1819

01:24:25,480 --> 01:24:23,030

weren't there they appeared and and he

1820

01:24:27,190 --> 01:24:25,490

he himself did a lot of analysis trying

1821

01:24:28,390 --> 01:24:27,200

to say well are they going behind that

1822

01:24:30,640 --> 01:24:28,400

cloud or they in front of the cloud

1823

01:24:35,290 --> 01:24:30,650

whether a cloud passed in front of them

1824

01:24:36,550 --> 01:24:35,300

so they're distant and I looked at that

1825

01:24:38,950 --> 01:24:36,560

closely and I had to agree with them

1826
01:24:40,450 --> 01:24:38,960
that they the cloud was passing in front

1827
01:24:42,040 --> 01:24:40,460
of them I did a lot of work to try

1828
01:24:43,750 --> 01:24:42,050
figure what direction he was looking in

1829
01:24:45,940 --> 01:24:43,760
and so forth I think he was initially

1830
01:24:49,180 --> 01:24:45,950
mistaken about the direction but I kind

1831
01:24:51,130 --> 01:24:49,190
of got that fixed uh based upon the fact

1832
01:24:53,229 --> 01:24:51,140
that I see houses and put in the frame

1833
01:24:58,360 --> 01:24:53,239
that I knew where the houses were so on

1834
01:24:59,470 --> 01:24:58,370
but anyway I I looked at I said it's

1835
01:25:00,940 --> 01:24:59,480
very interesting but there's there

1836
01:25:02,890 --> 01:25:00,950
there's two things that are stationary

1837
01:25:05,530 --> 01:25:02,900
at a distance aren't moving they're not

1838
01:25:08,560 --> 01:25:05,540

doing anything unusual I can't tell you

1839

01:25:09,970 --> 01:25:08,570

what they are had no idea but yeah maybe

1840

01:25:14,200 --> 01:25:09,980

the British Navy is up to something out

1841

01:25:16,209 --> 01:25:14,210

there I don't know but the coolest thing

1842

01:25:19,570 --> 01:25:16,219

was that about a year later somebody

1843

01:25:20,500 --> 01:25:19,580

contacted him with a very similar image

1844

01:25:24,120 --> 01:25:20,510

that they had taken independently

1845

01:25:26,290 --> 01:25:24,130

somebody who didn't know him mm-hmm and

1846

01:25:28,450 --> 01:25:26,300

couldn't so it confirmed that those two

1847

01:25:33,940 --> 01:25:28,460

things were out there now again not

1848

01:25:35,950 --> 01:25:33,950

highly strange but you know to object

1849

01:25:40,000 --> 01:25:35,960

and now they were probably over the

1850

01:25:41,590 --> 01:25:40,010

Irish Sea but that's just a guess on my

1851

01:25:45,520 --> 01:25:41,600

part they might have been over overland

1852

01:25:47,470 --> 01:25:45,530

Wow and the if they were they could have

1853

01:25:49,810 --> 01:25:47,480

been many miles away and they were quite

1854

01:25:51,010 --> 01:25:49,820

large hey Paul we get a ton of people

1855

01:25:53,620 --> 01:25:51,020

trying to call and we actually have

1856

01:25:55,630 --> 01:25:53,630

someone waiting right now okay

1857

01:25:57,459 --> 01:25:55,640

so we'll also take some calls caller

1858

01:26:02,280 --> 01:25:57,469

you're on the line at your first name

1859

01:26:09,370 --> 01:26:05,490

Pat yeah were you calling from path yeah

1860

01:26:19,600 --> 01:26:09,380

North Carolina I know you got a question

1861

01:26:22,030 --> 01:26:19,610

for our guy Riddick killed so much for

1862

01:26:26,650 --> 01:26:22,040

talking about it it hurts people to

1863

01:26:30,310 --> 01:26:26,660

report anything I mean I even called

1864

01:26:34,270 --> 01:26:30,320

like drooling for a witness and they

1865

01:26:36,190 --> 01:26:34,280

just laughed me off but I thought it was

1866

01:26:36,610 --> 01:26:36,200

pretty odd it was like 2:30 in the

1867

01:26:39,910 --> 01:26:36,620

morning

1868

01:26:42,880 --> 01:26:39,920

but besides the school bus I have red

1869

01:26:45,850 --> 01:26:42,890

blue and white white I just hover for

1870

01:26:48,910 --> 01:26:45,860

like 15 20 minutes then it came down and

1871

01:26:55,000 --> 01:26:48,920

below the tree line and then hovered

1872

01:26:58,780 --> 01:26:55,010

back up and blew off but couldn't get

1873

01:27:01,920 --> 01:26:58,790

anyone come up check it out with him but

1874

01:27:06,240 --> 01:27:01,930

that's really interesting yeah well I

1875

01:27:07,890 --> 01:27:06,250

who did you contact you contact MUFON

1876

01:27:11,850 --> 01:27:07,900

no I haven't talked to anybody your

1877

01:27:13,050 --> 01:27:11,860

first first out there huh well you know

1878

01:27:15,300 --> 01:27:13,060

we no longer have anybody in North

1879

01:27:19,710 --> 01:27:15,310

Carolina but that sounds like a really

1880

01:27:22,170 --> 01:27:19,720

good case did anybody else see it sir

1881

01:27:31,920 --> 01:27:22,180

did anybody else see it beside yourself

1882

01:27:33,570 --> 01:27:31,930

no they would they wouldn't come on now

1883

01:27:37,070 --> 01:27:33,580

what kind of power plan is this is this

1884

01:27:42,930 --> 01:27:37,080

a conventional or nuclear

1885

01:27:46,550 --> 01:27:42,940

it's a conventional well there's been

1886

01:27:51,320 --> 01:27:46,560

other sightings and many of the plants

1887

01:27:56,670 --> 01:27:51,330

around there some of the nuclear and

1888

01:27:57,270 --> 01:27:56,680

yeah it was really strange but thank you

1889

01:28:00,120 --> 01:27:57,280

anyway

1890

01:28:01,860 --> 01:28:00,130

you know you port that to MUFON or you

1891

01:28:04,410 --> 01:28:01,870

can report it actually to Paul sight

1892

01:28:09,060 --> 01:28:04,420

Paul get that give that address out just

1893

01:28:12,930 --> 01:28:09,070

go to report a UFO RG and it's a very

1894

01:28:14,160 --> 01:28:12,940

simple form now like I said know anybody

1895

01:28:15,990 --> 01:28:14,170

in North Carolina but we'd be a

1896

01:28:27,300 --> 01:28:16,000

particular port and learn what we can

1897

01:28:28,860 --> 01:28:27,310

from it the and make sketch yeah well

1898

01:28:30,930 --> 01:28:28,870

the best ways to remember keep your

1899

01:28:33,150 --> 01:28:30,940

memories fresh is to is to make a

1900

01:28:40,020 --> 01:28:33,160

picture and draw a picture of it and oh

1901

01:28:44,550 --> 01:28:40,030

yeah yeah well I'm sorry that's the case

1902

01:28:47,880 --> 01:28:44,560

but you know we we that's why we make

1903

01:28:50,790 --> 01:28:47,890

our reports completely anonymous

1904

01:28:52,800 --> 01:28:50,800

that is we never tell anybody the name

1905

01:28:55,770 --> 01:28:52,810

of the name or contact information of

1906

01:28:57,090 --> 01:28:55,780

the person that made the report make it

1907

01:28:59,070 --> 01:28:57,100

they can tell other people if they want

1908

01:29:04,920 --> 01:28:59,080

to but they won't get that information

1909

01:29:07,080 --> 01:29:04,930

from us and yeah and okay we appreciate

1910

01:29:08,520 --> 01:29:07,090

it all right thank you very much

1911

01:29:10,830 --> 01:29:08,530

thanks for the call Pat all right thank

1912

01:29:14,310 --> 01:29:10,840

you all right he's the sort of person I

1913

01:29:17,280 --> 01:29:14,320

think you know just my first impression

1914

01:29:19,560 --> 01:29:17,290

he's sincere yeah he really did see

1915

01:29:20,339 --> 01:29:19,570

something I don't know what it was but

1916

01:29:22,199 --> 01:29:20,349

he saw some

1917

01:29:23,729 --> 01:29:22,209

all right we have another caller just

1918

01:29:28,439 --> 01:29:23,739

calling in right now I'll call your

1919

01:29:30,449 --> 01:29:28,449

first name and where you calling from my

1920

01:29:33,060 --> 01:29:30,459

name is Alan Dubois and colon

1921

01:29:36,060 --> 01:29:33,070

consistently hampshire and i want to

1922

01:29:38,429 --> 01:29:36,070

know what paul might have thought about

1923

01:29:41,129 --> 01:29:38,439

the the incident that happened at the

1924

01:29:44,489 --> 01:29:41,139

ariel school in africa back in the

1925

01:29:46,799 --> 01:29:44,499

1990's well you know I'm not an expert

1926

01:29:48,049 --> 01:29:46,809

on that I do know what you're talking

1927

01:29:51,899 --> 01:29:48,059

about

1928

01:29:53,969 --> 01:29:51,909

but I'm gonna have to defer to the

1929

01:29:56,729 --> 01:29:53,979

experts I don't have a I haven't

1930

01:29:58,409 --> 01:29:56,739

investigated it I thought I have found

1931

01:30:02,250 --> 01:29:58,419

that sometimes I look at famous cases

1932

01:30:04,169 --> 01:30:02,260

and look hard at them sometimes the

1933

01:30:06,689 --> 01:30:04,179

evidence isn't as strong as has been

1934

01:30:11,819 --> 01:30:06,699

presented by those who have an invested

1935

01:30:13,949 --> 01:30:11,829

interest in and presenting it but I I

1936

01:30:16,080 --> 01:30:13,959

don't want to give it a render a verdict

1937

01:30:19,609 --> 01:30:16,090

because I'm afraid I I just don't know

1938

01:30:22,290 --> 01:30:19,619

enough about that case I I can speak on

1939

01:30:24,299 --> 01:30:22,300

hang on I can talk on a little bit okay

1940

01:30:28,589 --> 01:30:24,309

we've had we've had one of the witnesses

1941

01:30:31,199 --> 01:30:28,599

up on this show a couple of times she's

1942

01:30:35,330 --> 01:30:31,209

now in her 20s and lives in California

1943

01:30:37,739 --> 01:30:35,340

and very very convincing articulate and

1944

01:30:39,620 --> 01:30:37,749

also I'm a friend of Randy Nickerson

1945

01:30:41,969 --> 01:30:39,630

who's creating the film aerial

1946

01:30:45,569 --> 01:30:41,979

phenomenon which should be out it's it's

1947

01:30:48,629 --> 01:30:45,579

all done he's just in and looking for

1948

01:30:50,399 --> 01:30:48,639

where to how to present the film so

1949

01:30:54,060 --> 01:30:50,409

that's coming out soon and Randy will be

1950

01:30:56,219 --> 01:30:54,070

on at some point with another witness to

1951

01:31:01,319 --> 01:30:56,229

that case to me I think that's one of

1952

01:31:03,330 --> 01:31:01,329

the most amazing incredible cases with

1953

01:31:06,359 --> 01:31:03,340

all those kids what you're going to see

1954

01:31:09,449 --> 01:31:06,369

in that aerial phenomena movie coming

1955

01:31:11,100 --> 01:31:09,459

out is them talking about it then and

1956

01:31:14,489 --> 01:31:11,110

them talking about it now how it's

1957

01:31:16,290 --> 01:31:14,499

affected their lives but anyway I think

1958

01:31:17,879 --> 01:31:16,300

it's a really good one thanks for the

1959

01:31:20,189 --> 01:31:17,889

call from Bristol New Hampshire not too

1960

01:31:24,299 --> 01:31:20,199

far as the crow flies from where I am

1961

01:31:26,669 --> 01:31:24,309

right now all right yeah I appreciate

1962

01:31:28,799 --> 01:31:26,679

your time and like I said I'm looking

1963

01:31:30,389 --> 01:31:28,809

forward to that moving myself so you

1964

01:31:32,879 --> 01:31:30,399

have a great day now all right you too

1965

01:31:33,290 --> 01:31:32,889

all right so the lines open if anyone

1966

01:31:35,900 --> 01:31:33,300

wants

1967

01:31:38,260 --> 01:31:35,910

call in otherwise up are you familiar

1968

01:31:41,030 --> 01:31:38,270

with where we were before that last call

1969

01:31:43,940 --> 01:31:41,040

what we were talking about oh I think I

1970

01:31:45,860 --> 01:31:43,950

just last one yeah New York case yeah

1971

01:31:49,550 --> 01:31:45,870

which again another single in this case

1972

01:31:52,910 --> 01:31:49,560

I can talk about a double witness case

1973

01:31:54,260 --> 01:31:52,920

though that we investigated let we

1974

01:31:59,150 --> 01:31:54,270

investigate it last year but it happened

1975

01:32:00,580 --> 01:31:59,160

in 2017 and again now this is a married

1976

01:32:02,720 --> 01:32:00,590

couple

1977

01:32:06,770 --> 01:32:02,730

it had a child with them but the child

1978

01:32:09,800 --> 01:32:06,780

was asleep and so and we generally don't

1979

01:32:13,670 --> 01:32:09,810

don't interview children anyway unless

1980

01:32:17,480 --> 01:32:13,680

there's their parents really want the

1981

01:32:20,920 --> 01:32:17,490

child to be interviewed but this is a

1982

01:32:24,820 --> 01:32:20,930

married couple and they were out in a

1983

01:32:28,370 --> 01:32:24,830

like a state park in Utah

1984

01:32:30,260 --> 01:32:28,380

not far from Salt Lake and about 40

1985

01:32:36,770 --> 01:32:30,270

miles from the Dugway proving grounds so

1986

01:32:39,200 --> 01:32:36,780

pretty far away from there and they went

1987

01:32:42,790 --> 01:32:39,210

there to see meteors so they they got

1988

01:32:45,740 --> 01:32:42,800

out of their car and they this was a

1989

01:32:52,820 --> 01:32:45,750

kind of a hilly area but not too hilly

1990

01:32:53,840 --> 01:32:52,830

they could see pretty far and they they

1991

01:32:56,480 --> 01:32:53,850

were there just to see a meteor shower

1992

01:32:58,370 --> 01:32:56,490

and the fellow had some binoculars with

1993

01:33:04,370 --> 01:32:58,380

them although that not very useful for

1994

01:33:06,680 --> 01:33:04,380

watching meteors but the and they saw

1995

01:33:07,760 --> 01:33:06,690

this light come over the horizon at

1996

01:33:13,400 --> 01:33:07,770

first think that they thought it was a

1997

01:33:16,220 --> 01:33:13,410

plane but then it came right over them

1998

01:33:20,300 --> 01:33:16,230

and they described it as roughly the

1999

01:33:21,500 --> 01:33:20,310

size of a school bus now of course they

2000

01:33:25,760 --> 01:33:21,510

didn't really know how far away it was

2001
01:33:27,680 --> 01:33:25,770
because it was there's no way to but we

2002
01:33:28,730 --> 01:33:27,690
called it a close encounter because the

2003
01:33:29,720 --> 01:33:28,740
wife actually thought I was even closer

2004
01:33:31,850 --> 01:33:29,730
than that she thought it might have been

2005
01:33:35,960 --> 01:33:31,860
a hundred feet away the husband thought

2006
01:33:38,120 --> 01:33:35,970
it was further neither one could be sure

2007
01:33:39,650 --> 01:33:38,130
of course he looked at it through

2008
01:33:42,380 --> 01:33:39,660
binoculars it filled up the field of

2009
01:33:44,630 --> 01:33:42,390
view of his binoculars they know there

2010
01:33:48,380 --> 01:33:44,640
was a soft blue glow it stopped over

2011
01:33:54,900 --> 01:33:51,930
now this is where she started to get

2012
01:33:56,100 --> 01:33:54,910
creeped out because it stopped over them

2013
01:33:59,160 --> 01:33:56,110

she thought it it was you know it's

2014

01:34:01,800 --> 01:33:59,170

watching us whenever that is it's paying

2015

01:34:04,950 --> 01:34:01,810

attention to us and then it flew on flew

2016

01:34:09,240 --> 01:34:04,960

flew from from west to east flew flew

2017

01:34:12,000 --> 01:34:09,250

flew away and she was very creeped out

2018

01:34:13,020 --> 01:34:12,010

she did not want to know what was behind

2019

01:34:16,080 --> 01:34:13,030

that she thought something was behind

2020

01:34:19,709 --> 01:34:16,090

the trees and their child was in the car

2021

01:34:21,209 --> 01:34:19,719

so she said let's get out here they did

2022

01:34:24,630 --> 01:34:21,219

he was the meteor start hadn't really

2023

01:34:26,459 --> 01:34:24,640

even cut started to peek yet and but she

2024

01:34:30,420 --> 01:34:26,469

we're getting out of here and they they

2025

01:34:34,440 --> 01:34:30,430

they bolted and we did get statements

2026

01:34:36,090 --> 01:34:34,450

from both of them and a good two in this

2027

01:34:38,130 --> 01:34:36,100

case but channeling with the two people

2028

01:34:39,630 --> 01:34:38,140

know each other really well it's not

2029

01:34:42,930 --> 01:34:39,640

quite as independent as you'd like

2030

01:34:46,890 --> 01:34:42,940

so because they'll talk about it sure

2031

01:34:49,380 --> 01:34:46,900

and and not everybody's the smartest

2032

01:34:55,740 --> 01:34:49,390

class falling about how to handle that

2033

01:35:00,120 --> 01:34:55,750

right so we we did get a good same and

2034

01:35:02,220 --> 01:35:00,130

it's good and then but again the local

2035

01:35:04,229 --> 01:35:02,230

people had not seen anything there were

2036

01:35:06,870 --> 01:35:04,239

no other other people parked in that

2037

01:35:09,150 --> 01:35:06,880

area that would have seen it that's the

2038

01:35:12,990 --> 01:35:09,160

that's the grand prize if you can get

2039

01:35:16,200 --> 01:35:13,000

multiple independent witnesses that

2040

01:35:17,690 --> 01:35:16,210

describes something very similar that is

2041

01:35:23,750 --> 01:35:17,700

really what you're going for

2042

01:35:26,070 --> 01:35:23,760

corroboration is the key thing and so I

2043

01:35:27,240 --> 01:35:26,080

mention these cases partly because I'm

2044

01:35:29,310 --> 01:35:27,250

hoping somebody else has seen something

2045

01:35:31,050 --> 01:35:29,320

similar even at the same time at a

2046

01:35:33,360 --> 01:35:31,060

different time and they can tell us what

2047

01:35:36,990 --> 01:35:33,370

they've seen and they can go to report a

2048

01:35:42,270 --> 01:35:37,000

UFO no RG and give us a report it will

2049

01:35:45,209 --> 01:35:42,280

help us shore up that investigation you

2050

01:35:47,330 --> 01:35:45,219

know it you know and you know we are we

2051
01:35:51,240 --> 01:35:47,340
done we're a small organization there's

2052
01:35:53,280 --> 01:35:51,250
we just took on a trainee that's and she

2053
01:35:56,610 --> 01:35:53,290
will be our our fourth field

2054
01:35:58,050 --> 01:35:56,620
investigator will probably never grow to

2055
01:36:00,730 --> 01:35:58,060
a very long we don't want we don't want

2056
01:36:03,220 --> 01:36:00,740
to be the next MUFON

2057
01:36:07,060 --> 01:36:03,230
I'd be because I want to know every case

2058
01:36:11,500 --> 01:36:07,070
that's going on I figured that's 15

2059
01:36:13,240 --> 01:36:11,510
people tops so yeah if I can't know

2060
01:36:16,150 --> 01:36:13,250
every case that's that then we're too

2061
01:36:20,770 --> 01:36:16,160
big but but we would like to ally with

2062
01:36:22,210 --> 01:36:20,780
other organizations so that if we can't

2063
01:36:25,780 --> 01:36:22,220

get boots on the ground somewhere than

2064

01:36:29,320 --> 01:36:25,790

they can then that would be great and

2065

01:36:32,740 --> 01:36:29,330

vice versa we could in some cases where

2066

01:36:34,240 --> 01:36:32,750

they can and but they'd have to be an

2067

01:36:37,390 --> 01:36:34,250

infinite organization that had the same

2068

01:36:38,980 --> 01:36:37,400

ethical policies that we do or very

2069

01:36:40,750 --> 01:36:38,990

similar ethical policies because we're

2070

01:36:44,230 --> 01:36:40,760

big on we're big on ethics

2071

01:36:50,620 --> 01:36:44,240

we're big on treating the witnesses

2072

01:36:55,320 --> 01:36:50,630

well-being is first priority and we but

2073

01:37:00,940 --> 01:36:57,730

where a young lady in Bethlehem

2074

01:37:05,170 --> 01:37:00,950

Pennsylvania saw a flying saucer

2075

01:37:08,920 --> 01:37:05,180

very classic flying saucer very close to

2076
01:37:10,840 --> 01:37:08,930
the ground on a public street not out in

2077
01:37:17,380 --> 01:37:10,850
the country but you know in Bethlehem

2078
01:37:19,810 --> 01:37:17,390
Pennsylvania and we could not get we

2079
01:37:23,260 --> 01:37:19,820
could not get up there right away uh it

2080
01:37:25,120 --> 01:37:23,270
was only a month later that Marsha and

2081
01:37:28,600 --> 01:37:25,130
her husband were able to visit Bethlehem

2082
01:37:30,160 --> 01:37:28,610
and take video of the area but you know

2083
01:37:31,930 --> 01:37:30,170
I wanted to look for broken tree limbs I

2084
01:37:34,780 --> 01:37:31,940
wanted to look for damage to street

2085
01:37:36,220 --> 01:37:34,790
signs scuff marks anything that might

2086
01:37:38,020 --> 01:37:36,230
have indicated that this thing

2087
01:37:41,560 --> 01:37:38,030
physically was there and disturbed

2088
01:37:45,270 --> 01:37:41,570

something and I couldn't find it and a

2089

01:37:48,430 --> 01:37:45,280

month is really too late you know and so

2090

01:37:51,070 --> 01:37:48,440

if so and I go I went on to read the

2091

01:37:53,890 --> 01:37:51,080

reddit UFO or I mean there's anybody

2092

01:37:54,820 --> 01:37:53,900

that can go I'm not gonna I'm not going

2093

01:37:56,620 --> 01:37:54,830

to give you a witness contact

2094

01:38:00,010 --> 01:37:56,630

information but I if you can go to this

2095

01:38:02,560 --> 01:38:00,020

location this exact location and look

2096

01:38:05,080 --> 01:38:02,570

just look for anything unusual and take

2097

01:38:06,580 --> 01:38:05,090

pictures I would really appreciate it

2098

01:38:08,080 --> 01:38:06,590

and we had people say yeah I'm in

2099

01:38:09,640 --> 01:38:08,090

Bethlehem but I don't think I'm gonna do

2100

01:38:12,229 --> 01:38:09,650

that

2101
01:38:12,800 --> 01:38:12,239
okay take you ten minutes dude just go

2102
01:38:17,330 --> 01:38:12,810
do it

2103
01:38:18,220 --> 01:38:17,340
yeah but no like I'm not I'm not a great

2104
01:38:25,070 --> 01:38:18,230
persuader

2105
01:38:26,990 --> 01:38:25,080
so the we really couldn't get now was we

2106
01:38:29,540 --> 01:38:27,000
still don't know what she saw was what

2107
01:38:33,050 --> 01:38:29,550
she thinks she saw she was still you

2108
01:38:34,880 --> 01:38:33,060
know a way so she was with a block or so

2109
01:38:38,420 --> 01:38:34,890
loved it when she saw and she got

2110
01:38:42,560 --> 01:38:38,430
terrified and made a sharp right turn

2111
01:38:43,850 --> 01:38:42,570
and turned around but she saw something

2112
01:38:49,310 --> 01:38:43,860
yeah

2113
01:38:50,540 --> 01:38:49,320

but the police didn't have any calls you

2114

01:38:52,400 --> 01:38:50,550

know first of all the first thing you do

2115

01:38:54,320 --> 01:38:52,410

is you call it you call you contact the

2116

01:38:59,150 --> 01:38:54,330

local authorities and say did you get

2117

01:39:03,530 --> 01:38:59,160

calls did you have any anyone alarms go

2118

01:39:05,810 --> 01:39:03,540

off or anything like that no nothing

2119

01:39:07,640 --> 01:39:05,820

if I'd been there if I had been there

2120

01:39:08,750 --> 01:39:07,650

the next day I would have knocked on

2121

01:39:10,820 --> 01:39:08,760

some of the doors that people who live

2122

01:39:13,160 --> 01:39:10,830

right around there and said do you have

2123

01:39:16,490 --> 01:39:13,170

us do you have a camera

2124

01:39:17,150 --> 01:39:16,500

doorbell camera oh listen it was it on

2125

01:39:20,870 --> 01:39:17,160

last night

2126

01:39:23,900 --> 01:39:20,880

can i and if you do can I please uh uh

2127

01:39:25,610 --> 01:39:23,910

here here's a here's our clean new C SD

2128

01:39:31,010 --> 01:39:25,620

card I'll trade it for the one you can

2129

01:39:33,170 --> 01:39:31,020

hear in your camera and but you know we

2130

01:39:34,550 --> 01:39:33,180

didn't buy that time anybody would had a

2131

01:39:35,810 --> 01:39:34,560

doorbell kit and this was like three of

2132

01:39:42,040 --> 01:39:35,820

the clock in the morning so people

2133

01:39:45,050 --> 01:39:42,050

wouldn't have been up you know and so

2134

01:39:46,990 --> 01:39:45,060

that that case you know again another

2135

01:39:49,490 --> 01:39:47,000

single win this case where we don't have

2136

01:39:52,340 --> 01:39:49,500

enough information and maybe he could

2137

01:39:55,310 --> 01:39:52,350

have had some information yeah yeah no

2138

01:39:57,110 --> 01:39:55,320

so why would let me just ask you this

2139

01:40:00,740 --> 01:39:57,120

question and I'm not looking for you to

2140

01:40:04,070 --> 01:40:00,750

to bash or anything like that but what

2141

01:40:07,910 --> 01:40:04,080

is the advantage of contacting API over

2142

01:40:11,300 --> 01:40:07,920

say MUFON or Peter at Davenport's you

2143

01:40:14,720 --> 01:40:11,310

know phone phone line there well I I

2144

01:40:18,050 --> 01:40:14,730

have no problem with people contacting

2145

01:40:19,610 --> 01:40:18,060

any other organization and maybe that

2146

01:40:22,610 --> 01:40:19,620

organization will investigate maybe they

2147

01:40:23,270 --> 01:40:22,620

won't maybe they'll send out a good

2148

01:40:25,820 --> 01:40:23,280

investigator

2149

01:40:30,290 --> 01:40:25,830

maybe they won't one thing I can say to

2150

01:40:32,210 --> 01:40:30,300

you is that if you contact API we have a

2151

01:40:36,520 --> 01:40:32,220

very very strict ethical policy we won't

2152

01:40:39,470 --> 01:40:36,530

will maintain your anonymity and privacy

2153

01:40:41,600 --> 01:40:39,480

we have you could and by the way our

2154

01:40:42,740 --> 01:40:41,610

training material is all available to

2155

01:40:44,990 --> 01:40:42,750

anyone

2156

01:40:47,390 --> 01:40:45,000

Creative Commons we don't charge we

2157

01:40:50,000 --> 01:40:47,400

don't charge it I don't know what they

2158

01:40:51,230 --> 01:40:50,010

charge now move on for the book training

2159

01:40:54,410 --> 01:40:51,240

material but it's like hundred bucks I

2160

01:40:57,200 --> 01:40:54,420

think he when I bought mine it was like

2161

01:40:59,450 --> 01:40:57,210

\$30 but all of this artisan stuff is

2162

01:41:01,670 --> 01:40:59,460

Creative Commons it's available you can

2163

01:41:02,660 --> 01:41:01,680

ask for anything I'll provide Qi if it's

2164

01:41:06,160 --> 01:41:02,670

not you can't find it in our website

2165

01:41:08,810 --> 01:41:06,170

I'll dig it up and give it to you and

2166

01:41:11,900 --> 01:41:08,820

the first one of the first videos we put

2167

01:41:13,550 --> 01:41:11,910

up there was ethical training so we're

2168

01:41:14,960 --> 01:41:13,560

strong on that the other thing is we are

2169

01:41:17,150 --> 01:41:14,970

very good investigators and we don't

2170

01:41:20,420 --> 01:41:17,160

have any weak investigators they don't

2171

01:41:22,850 --> 01:41:20,430

last long an organization because we

2172

01:41:25,010 --> 01:41:22,860

will and we will give you a report when

2173

01:41:26,950 --> 01:41:25,020

you are done if you want to see the

2174

01:41:30,260 --> 01:41:26,960

report we will give you our full report

2175

01:41:32,180 --> 01:41:30,270

and if we think we have identified what

2176

01:41:35,750 --> 01:41:32,190

you saw we'll give you the exact the

2177

01:41:37,760 --> 01:41:35,760

argument why we think that and we'll

2178

01:41:38,630 --> 01:41:37,770

also express their uncertainties we'll

2179

01:41:44,390 --> 01:41:38,640

say well you know it could have been

2180

01:41:45,680 --> 01:41:44,400

this or that and maybe not and so and

2181

01:41:48,140 --> 01:41:45,690

what we're not trying to prove anything

2182

01:41:52,670 --> 01:41:48,150

we're not trying to prove that aliens

2183

01:41:53,990 --> 01:41:52,680

exist or that they don't we're just

2184

01:41:57,710 --> 01:41:54,000

trying to get to the facts about your

2185

01:42:01,100 --> 01:41:57,720

case and and make reasonable inferences

2186

01:42:03,020 --> 01:42:01,110

from the from those facts and we think

2187

01:42:05,720 --> 01:42:03,030

that's what's valuable because we don't

2188

01:42:09,710 --> 01:42:05,730

think there's ever going to be a smoking

2189

01:42:13,370 --> 01:42:09,720

gun UFO case that says aha proof of my

2190

01:42:15,560 --> 01:42:13,380

of X theory whatever that theory is what

2191

01:42:18,590 --> 01:42:15,570

we do think is the patterns of the cases

2192

01:42:21,110 --> 01:42:18,600

may reveal something that would suggest

2193

01:42:22,460 --> 01:42:21,120

a direction to go on research and it's

2194

01:42:24,890 --> 01:42:22,470

not all going to be field investigation

2195

01:42:29,870 --> 01:42:24,900

ok other types of research like you know

2196

01:42:33,560 --> 01:42:29,880

automated surveillance cameras or other

2197

01:42:35,770 --> 01:42:33,570

types instrumented research so that kind

2198

01:42:38,180 --> 01:42:35,780

of thing is

2199

01:42:40,040 --> 01:42:38,190

but we just like I said we're not really

2200

01:42:44,000 --> 01:42:40,050

a science yet we need to we need to

2201

01:42:46,939 --> 01:42:44,010

collect accurate data as carefully as we

2202

01:42:50,270 --> 01:42:46,949

can and and make it available to the

2203

01:42:52,819 --> 01:42:50,280

community we make we what we do so you

2204

01:42:56,780 --> 01:42:52,829

take all our reports now we reject them

2205

01:43:00,950 --> 01:42:56,790

of any identifying information and we

2206

01:43:02,240 --> 01:43:00,960

put them on our website and so that's

2207

01:43:05,810 --> 01:43:02,250

available and I've talked to Chris

2208

01:43:07,970 --> 01:43:05,820

Cogswell other people who are looking

2209

01:43:09,319 --> 01:43:07,980

for that kind of information and we're

2210

01:43:12,770 --> 01:43:09,329

going to work with him and other people

2211

01:43:14,839 --> 01:43:12,780

to see how we can how we can make that

2212

01:43:15,830 --> 01:43:14,849

information more useful now I don't want

2213

01:43:17,569 --> 01:43:15,840

to be in the same organization with

2214

01:43:20,149 --> 01:43:17,579

Chris I don't want him to be my boss or

2215

01:43:22,700 --> 01:43:20,159

I don't want be his boss I want us to

2216

01:43:27,589 --> 01:43:22,710

work together a cooperative effort and

2217

01:43:29,149 --> 01:43:27,599

and Chris yeah yes I'm a fan of his and

2218

01:43:33,140 --> 01:43:29,159

I enjoy his podcast

2219

01:43:36,530 --> 01:43:33,150

yeah he's finally the and you know I've

2220

01:43:40,250 --> 01:43:36,540

talked to Kevin Knuth last year and he's

2221

01:43:42,439 --> 01:43:40,260

got some stuff he's working on and now I

2222

01:43:45,439 --> 01:43:42,449

knocked a help him with this stuff but I

2223

01:43:47,510 --> 01:43:45,449

can maybe help understand the patterns

2224

01:43:48,919 --> 01:43:47,520

of what we're seeing and this is a

2225

01:43:52,819 --> 01:43:48,929

long-term project it's not going to

2226

01:43:54,500 --> 01:43:52,829

happen overnight right right just a

2227

01:43:57,439 --> 01:43:54,510

couple of things here first of all we

2228

01:43:58,819 --> 01:43:57,449

have about seven minutes left or so to

2229

01:44:02,030 --> 01:43:58,829

the show I can't believe how fast it's

2230

01:44:03,950 --> 01:44:02,040

gone you mentioned two times tonight you

2231

01:44:06,890 --> 01:44:03,960

mentioned someone seeing a UFO with a

2232

01:44:08,270 --> 01:44:06,900

soft blue glow and that's funny the

2233

01:44:11,330 --> 01:44:08,280

people that have heard me tell my story

2234

01:44:12,890 --> 01:44:11,340

a number of times that's what I saw I

2235

01:44:16,069 --> 01:44:12,900

saw a perfect disc with like a light

2236

01:44:19,069 --> 01:44:16,079

blue glow which is interesting but I

2237

01:44:21,859 --> 01:44:19,079

want to talk earlier on we were talking

2238

01:44:24,919 --> 01:44:21,869

about memory and how you know you can

2239

01:44:28,069 --> 01:44:24,929

lose memory or it seems to change and

2240

01:44:30,050 --> 01:44:28,079

and I I agree that is something that has

2241

01:44:31,819 --> 01:44:30,060

happened I've been before I've been dead

2242

01:44:33,979 --> 01:44:31,829

certain about something and have been

2243

01:44:36,500 --> 01:44:33,989

totally wrong for instance I thought I

2244

01:44:38,060 --> 01:44:36,510

lived in a log cabin years ago and ended

2245

01:44:41,870 --> 01:44:38,070

up at just how it was a house of natural

2246

01:44:44,540 --> 01:44:41,880

sighting it was so so I can I can be

2247

01:44:46,819 --> 01:44:44,550

wrong in memory and I understand that so

2248

01:44:48,279 --> 01:44:46,829

I guess the question I have you is what

2249

01:44:52,469 --> 01:44:48,289

is your thoughts on

2250

01:44:56,109 --> 01:44:52,479

people do regressive you know hypnotism

2251

01:45:00,069 --> 01:44:56,119

what do you think about that well from

2252

01:45:02,049 --> 01:45:00,079

my understanding of the science and

2253

01:45:06,520 --> 01:45:02,059

there's also a history there not just

2254

01:45:07,839 --> 01:45:06,530

the UFOs but other things that memory

2255

01:45:10,299 --> 01:45:07,849

regression therapies of all kind

2256

01:45:11,669 --> 01:45:10,309

including interest ISM are extremely

2257

01:45:14,709 --> 01:45:11,679

unreliable

2258

01:45:16,509 --> 01:45:14,719

sometimes memories may be retrieved but

2259

01:45:18,909 --> 01:45:16,519

those memories there's a high

2260

01:45:20,799 --> 01:45:18,919

probabilities or false memories which is

2261

01:45:23,649 --> 01:45:20,809

a real thing false memories as you've

2262

01:45:25,000 --> 01:45:23,659

just explained happen all the time they

2263

01:45:27,520 --> 01:45:25,010

are not people lying there not people

2264

01:45:30,250 --> 01:45:27,530

being deceptive they're just people

2265

01:45:34,270 --> 01:45:30,260

that's just way human memory can fail

2266

01:45:36,479 --> 01:45:34,280

and the there's a lot of research shows

2267

01:45:40,329 --> 01:45:36,489

how false memories can be injected and

2268

01:45:42,009 --> 01:45:40,339

if and just outgoing you know setting

2269

01:45:45,909 --> 01:45:42,019

aside the whole alien abduction thing

2270

01:45:48,029 --> 01:45:45,919

for now which I like shock delay and

2271

01:45:50,379 --> 01:45:48,039

others I questioned the ethics of using

2272

01:45:55,179 --> 01:45:50,389

regression memory regression with the

2273

01:45:58,029 --> 01:45:55,189

UFO cases but look at the satanic panic

2274

01:46:00,579 --> 01:45:58,039

back in the 80s a lot of those people

2275

01:46:02,549 --> 01:46:00,589

had memory regression therapy and they

2276

01:46:05,589 --> 01:46:02,559

remembered the satanic ritual abuse

2277

01:46:08,589 --> 01:46:05,599

families were torn apart people went to

2278

01:46:12,009 --> 01:46:08,599

jail who were innocent a lot of things

2279

01:46:14,079 --> 01:46:12,019

really bad stuff happened because of the

2280

01:46:16,359 --> 01:46:14,089

memory regression therapies now if you

2281

01:46:19,569 --> 01:46:16,369

talk to any serious psychologist and

2282

01:46:20,699 --> 01:46:19,579

I've talked to psychologists every

2283

01:46:23,770 --> 01:46:20,709

chance I get

2284

01:46:27,689 --> 01:46:23,780

about these kinds of things they'll tell

2285

01:46:29,500 --> 01:46:27,699

you that is pseudoscience it's not real

2286

01:46:31,689 --> 01:46:29,510

it there

2287

01:46:33,339 --> 01:46:31,699

the risks are extremely high of someone

2288

01:46:37,089 --> 01:46:33,349

remembering something very traumatic

2289

01:46:39,579 --> 01:46:37,099

that never happened really well and do

2290

01:46:42,789 --> 01:46:39,589

you know on this line do you think it's

2291

01:46:45,099 --> 01:46:42,799

because their lead led along or like

2292

01:46:48,759 --> 01:46:45,109

some unprofessional and leading them I

2293

01:46:50,619 --> 01:46:48,769

think well I think that it's really

2294

01:46:54,250 --> 01:46:50,629

really difficult to avoid leading

2295

01:46:55,359 --> 01:46:54,260

questions but even just you know what

2296

01:46:57,759 --> 01:46:55,369

I'm dealing with some of these normal

2297

01:46:58,509 --> 01:46:57,769

memories I I struggle with not asking

2298

01:47:01,599 --> 01:46:58,519

any questions

2299

01:47:02,230 --> 01:47:01,609

but I don't my sense of it is and again

2300

01:47:05,980 --> 01:47:02,240

I'm not as I

2301

01:47:09,640 --> 01:47:05,990

ecologist but uh it's not just that it's

2302

01:47:11,770 --> 01:47:09,650

not just that they're asking any

2303

01:47:14,080 --> 01:47:11,780

questions just people become highly

2304

01:47:15,940 --> 01:47:14,090

suggestible state in this highly

2305

01:47:19,680 --> 01:47:15,950

suggestible state this their own

2306

01:47:23,280 --> 01:47:19,690

fantasies can trigger memories mmm and

2307

01:47:28,620 --> 01:47:23,290

but yes I think a lot of very unethical

2308

01:47:31,240 --> 01:47:28,630

so-called therapists have deliberately

2309

01:47:33,070 --> 01:47:31,250

you know maybe insidiously led them down

2310

01:47:36,550 --> 01:47:33,080

the path towards the conclusion they

2311

01:47:37,990 --> 01:47:36,560

want them to reach because then they'll

2312

01:47:41,560 --> 01:47:38,000

need they'll need more therapy it'll

2313

01:47:46,030 --> 01:47:41,570

need more you know they can build them

2314

01:47:47,650 --> 01:47:46,040

more and it's because some states you

2315

01:47:50,580 --> 01:47:47,660

can hit you could hang up a shingle and

2316

01:47:53,860 --> 01:47:50,590

call yourself into a therapist without

2317

01:47:59,740 --> 01:47:53,870

any training really or very minimal

2318

01:48:03,490 --> 01:47:59,750

training and the I would not even go to

2319

01:48:07,360 --> 01:48:03,500

a PhD psychologist or memory aggression

2320

01:48:10,800 --> 01:48:07,370

because I don't I'm really afraid I buy

2321

01:48:13,750 --> 01:48:10,810

memories would be would be false and

2322

01:48:15,490 --> 01:48:13,760

possibly traumatic I mean I had things

2323

01:48:18,910 --> 01:48:15,500

from my childhood I thought really

2324

01:48:23,380 --> 01:48:18,920

interesting memories but I do not want

2325

01:48:24,400 --> 01:48:23,390

to find out that way you know I just

2326

01:48:25,240 --> 01:48:24,410

don't think it's I don't think it'll

2327

01:48:28,810 --> 01:48:25,250

work

2328

01:48:30,610 --> 01:48:28,820

so I we it's explicitly in our ethical

2329

01:48:34,630 --> 01:48:30,620

policies we do not recommend and Malak

2330

01:48:36,520 --> 01:48:34,640

regression we don't do it we're not on

2331

01:48:39,190 --> 01:48:36,530

such us because we're not qualified we

2332

01:48:41,350 --> 01:48:39,200

don't think anyone should do it now well

2333

01:48:44,920 --> 01:48:41,360

if the science comes out says that there

2334

01:48:47,730 --> 01:48:44,930

is a way to retrieve memories that are

2335

01:48:50,470 --> 01:48:47,740

somehow repressed are screened off and

2336

01:48:52,510 --> 01:48:50,480

good science is done that way then it

2337

01:48:55,180 --> 01:48:52,520

might become more ethical t to do that

2338

01:48:56,680 --> 01:48:55,190

but I'd only do it with someone who's

2339

01:49:00,550 --> 01:48:56,690

really really well-trained and really

2340

01:49:04,390 --> 01:49:00,560

really knowledgeable and somebody with

2341

01:49:07,090 --> 01:49:04,400

it as a graduate degree and like a

2342

01:49:09,900 --> 01:49:07,100

psychiatrist or psychologist now back in

2343

01:49:12,250 --> 01:49:09,910

the 60s when Betty and Barney Hill got

2344

01:49:13,810 --> 01:49:12,260

regressed they didn't know better I mean

2345

01:49:15,220 --> 01:49:13,820

the guy was probably a legit

2346

01:49:17,020 --> 01:49:15,230

psychiatrist but

2347

01:49:19,000 --> 01:49:17,030

he didn't really know not to not to

2348

01:49:21,670 --> 01:49:19,010

entice them this the science just wasn't

2349

01:49:23,410 --> 01:49:21,680

there and there's a long history of

2350

01:49:25,600 --> 01:49:23,420

psychiatrist doing things that weren't

2351

01:49:28,510 --> 01:49:25,610

are supported by science mmm

2352

01:49:32,860 --> 01:49:28,520

Wow so that's that's interesting we only

2353

01:49:34,480 --> 01:49:32,870

have about a minute here and when the

2354

01:49:37,870 --> 01:49:34,490

one thing that you just mentioned is

2355

01:49:41,110 --> 01:49:37,880

when someone is suppressing and that's

2356

01:49:44,560 --> 01:49:41,120

the one the one case where I would think

2357

01:49:46,480 --> 01:49:44,570

if it's suppression due to something

2358

01:49:48,370 --> 01:49:46,490

really traumatic traumatic or which

2359

01:49:50,620 --> 01:49:48,380

people can do they can suppress those

2360

01:49:55,300 --> 01:49:50,630

memories I would think that that would

2361

01:49:58,240 --> 01:49:55,310

be a case where regression may help them

2362

01:49:59,980 --> 01:49:58,250

at least get over suppressing the

2363

01:50:01,420 --> 01:49:59,990

memories but well I don't I don't

2364

01:50:04,270 --> 01:50:01,430

understand how that works and I'm not

2365

01:50:05,920 --> 01:50:04,280

sure anybody does I certainly think

2366

01:50:08,500 --> 01:50:05,930

people who have art down I think that's

2367

01:50:11,200 --> 01:50:08,510

what I'm thinking but yeah people who've

2368

01:50:12,840 --> 01:50:11,210

been in say combat or you know police

2369

01:50:15,910 --> 01:50:12,850

officers who've been in shootings

2370

01:50:16,810 --> 01:50:15,920

probably do need therapy but I think

2371

01:50:20,650 --> 01:50:16,820

they need to be in the hands of a real

2372

01:50:21,670 --> 01:50:20,660

pro who it's not so much retrieving

2373

01:50:23,170 --> 01:50:21,680

their memories that's important it's

2374

01:50:25,120 --> 01:50:23,180

what's important is getting them better

2375

01:50:27,280 --> 01:50:25,130

yes yeah okay

2376

01:50:28,690 --> 01:50:27,290

Hey oh this is the end of our show

2377

01:50:30,370 --> 01:50:28,700
