

1934-2019

**GORDON LORE**

**BARRY GREENWOOD**

1  
00:00:00,000 --> 00:00:13,110

l  
2  
00:00:34,340 --> 00:00:14,820  
hello

3  
00:00:37,920 --> 00:00:36,030  
all right

4  
00:00:39,960 --> 00:00:37,930  
welcome to the show everyone I'm mark

5  
00:00:44,579 --> 00:00:39,970  
from Willis your host it's actually a

6  
00:00:49,319 --> 00:00:44,589  
sad day in ufology today we lost a great

7  
00:00:51,299 --> 00:00:49,329  
icon Stanton Friedman and so the first

8  
00:00:53,670 --> 00:00:51,309  
part of this show is going to be

9  
00:00:56,189 --> 00:00:53,680  
dedicated to stand and actually we'll

10  
00:00:58,529 --> 00:00:56,199  
take calls you know later on in the show

11  
00:00:59,970 --> 00:00:58,539  
people want to talk about their

12  
00:01:03,479 --> 00:00:59,980  
experience with Stanton or their

13  
00:01:04,740 --> 00:01:03,489

thoughts we'll have that available as

14

00:01:07,740 --> 00:01:04,750

well

15

00:01:10,770 --> 00:01:07,750

I actually was messaged this morning

16

00:01:12,900 --> 00:01:10,780

early from a guy named Garrett on

17

00:01:16,020 --> 00:01:12,910

Facebook he saw something on Reddit

18

00:01:19,710 --> 00:01:16,030

about 7 o'clock in the morning Eastern

19

00:01:22,410 --> 00:01:19,720

Standard Time and ends up we thought it

20

00:01:24,870 --> 00:01:22,420

was just a rumor a hoax

21

00:01:27,690 --> 00:01:24,880

I called Kathleen Martin and she had no

22

00:01:32,969 --> 00:01:27,700

idea and later on found out it was

23

00:01:35,640 --> 00:01:32,979

indeed indeed the truth so Alejandro and

24

00:01:38,580 --> 00:01:35,650

I are gonna be talking a bit about our

25

00:01:42,420 --> 00:01:38,590

experience with Stanton the great

26

00:01:44,520 --> 00:01:42,430

Stanton Friedman over the years and I

27

00:01:45,990 --> 00:01:44,530

want to thank everyone for listening and

28

00:01:47,969 --> 00:01:46,000

I want to thank everyone that supports

29

00:01:53,520 --> 00:01:47,979

the show and this whole show is going to

30

00:01:56,670 --> 00:01:53,530

be in the free category of my shows so

31

00:02:00,539 --> 00:01:56,680

anyone can listen and welcome to the

32

00:02:03,870 --> 00:02:00,549

show Alejandro hello hello hello sad day

33

00:02:06,899 --> 00:02:03,880

huh sad day yeah it is a really sad day

34

00:02:10,410 --> 00:02:06,909

I mean like you I woke up to an email

35

00:02:12,569 --> 00:02:10,420

from a family member someone claiming to

36

00:02:16,140 --> 00:02:12,579

be a family member of Stanton's right

37

00:02:17,670 --> 00:02:16,150

and and like you I was doubtful because

38

00:02:20,100 --> 00:02:17,680

this has happened before where people

39

00:02:22,110 --> 00:02:20,110

have claimed and fortunately you know I

40

00:02:24,569 --> 00:02:22,120

was able to call Stanton and he answered

41

00:02:28,500 --> 00:02:24,579

the phone and I told him hey rumor is

42

00:02:30,720 --> 00:02:28,510

had you passed away and he's like no but

43

00:02:34,080 --> 00:02:30,730

this time unfortunately when I called he

44

00:02:35,850 --> 00:02:34,090

wasn't answering the phone and yeah and

45

00:02:38,360 --> 00:02:35,860

that's about the time that you texted me

46

00:02:40,850 --> 00:02:38,370

and then so we got a hold of Kathleen

47

00:02:44,900 --> 00:02:40,860

we were able to confirm it with the

48

00:02:46,970 --> 00:02:44,910

family and other family members so yeah

49

00:02:50,119 --> 00:02:46,980

it turned out to be real unfortunately

50

00:02:52,160 --> 00:02:50,129

and actually I got ahold of my friend

51  
00:02:53,720 --> 00:02:52,170  
Laurie because I don't know I don't

52  
00:02:58,580 --> 00:02:53,730  
think I've even shared this part with

53  
00:03:01,280 --> 00:02:58,590  
you so Kathleen one of the things a

54  
00:03:04,930 --> 00:03:01,290  
family member told me was that he passed

55  
00:03:09,680 --> 00:03:04,940  
on his way back from an event yeah and

56  
00:03:11,900 --> 00:03:09,690  
yes in Toronto with nori and it's my

57  
00:03:16,370 --> 00:03:11,910  
friend Laurie Wagner who arranges though

58  
00:03:19,610 --> 00:03:16,380  
so I called her earlier today just and

59  
00:03:22,190 --> 00:03:19,620  
she of course was super sad and yeah I

60  
00:03:24,380 --> 00:03:22,200  
guess what had happened is that she you

61  
00:03:27,339 --> 00:03:24,390  
know they invited him to come out and

62  
00:03:29,930 --> 00:03:27,349  
talk to this at this event with nori

63  
00:03:33,710 --> 00:03:29,940

everybody I'd gone home but his flight

64

00:03:35,780 --> 00:03:33,720  
was delayed 24 hours oh so he was doing

65

00:03:39,140 --> 00:03:35,790  
fine he was at home reading a book on

66

00:03:41,660 --> 00:03:39,150  
Obama and he was just gonna stay home at

67

00:03:45,170 --> 00:03:41,670  
the in the in the room for the day

68

00:03:48,920 --> 00:03:45,180  
relaxing and the next day the flight did

69

00:03:52,900 --> 00:03:48,930  
leave and then at the airport is where

70

00:03:57,229 --> 00:03:52,910  
it happened he had a heart attack and

71

00:04:01,339 --> 00:03:57,239  
sadly yeah at the airport well well

72

00:04:05,569 --> 00:04:01,349  
that's something else some it took quite

73

00:04:07,699 --> 00:04:05,579  
a you know it was a several hours before

74

00:04:09,860 --> 00:04:07,709  
you know from from the time that I heard

75

00:04:13,370 --> 00:04:09,870  
about it originally after Garrett had

76  
00:04:14,839 --> 00:04:13,380  
messed me until you know Cathy was

77  
00:04:18,110 --> 00:04:14,849  
saying she was waiting to hear from him

78  
00:04:19,849 --> 00:04:18,120  
and right it took several hours for her

79  
00:04:21,650 --> 00:04:19,859  
to find out with all the people she

80  
00:04:23,420 --> 00:04:21,660  
knows connected you know they were very

81  
00:04:25,700 --> 00:04:23,430  
very close

82  
00:04:27,770 --> 00:04:25,710  
yeah and I guess you know I was

83  
00:04:30,440 --> 00:04:27,780  
surprised how can I be told before

84  
00:04:32,450 --> 00:04:30,450  
Kathleen but I didn't I'm not sure who

85  
00:04:36,500 --> 00:04:32,460  
this family member was I had never heard

86  
00:04:38,360 --> 00:04:36,510  
of them before and you know the family

87  
00:04:40,010 --> 00:04:38,370  
she was having a hard time getting ahold

88  
00:04:42,800 --> 00:04:40,020

of them but that of course was because

89

00:04:44,300 --> 00:04:42,810

they were actually trying to get ahold

90

00:04:47,240 --> 00:04:44,310

of other family members before the

91

00:04:48,980 --> 00:04:47,250

information was wrigley so yeah some I

92

00:04:51,110 --> 00:04:48,990

well there's still a mystery how the

93

00:04:53,990 --> 00:04:51,120

information kind of got released

94

00:04:56,420 --> 00:04:54,000

that this had happened that is dream on

95

00:04:58,909 --> 00:04:56,430

rented in all places but I do want to

96

00:05:01,730 --> 00:04:58,919

say that Kathy did tell me that she is

97

00:05:04,939 --> 00:05:01,740

you know the family is really looking

98

00:05:09,170 --> 00:05:04,949

for their privacy to be respected and

99

00:05:12,439 --> 00:05:09,180

that if any media wants to talk to

100

00:05:13,490 --> 00:05:12,449

anyone to contact her and if someone's

101  
00:05:14,930 --> 00:05:13,500  
listening to this show and they're

102  
00:05:17,810 --> 00:05:14,940  
involved in the media and need to

103  
00:05:20,570 --> 00:05:17,820  
contact Kathy Martin just message me my

104  
00:05:22,520 --> 00:05:20,580  
information is right on podcast UFO be

105  
00:05:24,830 --> 00:05:22,530  
glad to pass passed the information

106  
00:05:26,540 --> 00:05:24,840  
along but she does want to make sure

107  
00:05:28,070 --> 00:05:26,550  
that people do respect the privacy of

108  
00:05:32,719 --> 00:05:28,080  
the family and that's what they

109  
00:05:36,379 --> 00:05:32,729  
requested yeah yeah so I guess you know

110  
00:05:37,939 --> 00:05:36,389  
it Stanton was older he he had a heart

111  
00:05:41,000 --> 00:05:37,949  
attack in the past you know thinking

112  
00:05:43,730 --> 00:05:41,010  
about it today it's kind of like I think

113  
00:05:47,090 --> 00:05:43,740

in a way he was in a bit of denial he

114

00:05:50,840 --> 00:05:47,100

was told everybody he retired last year

115

00:05:53,060 --> 00:05:50,850

even at Roswell fortunately I did these

116

00:05:55,640 --> 00:05:53,070

interviews because last year at Roswell

117

00:05:56,990 --> 00:05:55,650

was supposed to be his last so I did a

118

00:05:59,629 --> 00:05:57,000

couple of you know

119

00:06:02,480 --> 00:05:59,639

Stanton's last interview at Roswell but

120

00:06:03,740 --> 00:06:02,490

he didn't want to quit so the director

121

00:06:08,930 --> 00:06:03,750

was even like you know what we're gonna

122

00:06:11,120 --> 00:06:08,940

get him back and and they they did he

123

00:06:12,440 --> 00:06:11,130

just Stanton committed to come back to

124

00:06:15,830 --> 00:06:12,450

Roswell and he was going to be there

125

00:06:17,150 --> 00:06:15,840

this year so it's kind of a good thing

126

00:06:18,529 --> 00:06:17,160

we thought it would be his last so we

127

00:06:20,420 --> 00:06:18,539

could you know get in at least some

128

00:06:23,960 --> 00:06:20,430

goodbyes or at least get some interviews

129

00:06:26,510 --> 00:06:23,970

and things like that and before he left

130

00:06:28,339 --> 00:06:26,520

but you know he kept going even after he

131

00:06:30,920 --> 00:06:28,349

had that heart attack a couple years ago

132

00:06:34,820 --> 00:06:30,930

and all of us I think felt you know he's

133

00:06:37,670 --> 00:06:34,830

so bright I talked with Jim Harold you

134

00:06:40,670 --> 00:06:37,680

know this paranormal podcast and he said

135

00:06:43,279 --> 00:06:40,680

that he last night or this weekend he

136

00:06:46,219 --> 00:06:43,289

was there in Toronto and he you know

137

00:06:48,920 --> 00:06:46,229

Stanton was witty and bright as normal

138

00:06:50,360 --> 00:06:48,930

and he's just shocked you know and and I

139

00:06:51,650 --> 00:06:50,370

think that's all of our experiences

140

00:06:54,290 --> 00:06:51,660

those of us who got to spend time with

141

00:06:56,960 --> 00:06:54,300

him I last time I was with him I think

142

00:06:59,719 --> 00:06:56,970

was Big Bear just a couple months ago in

143

00:07:02,890 --> 00:06:59,729

California and he was you know just as

144

00:07:04,999 --> 00:07:02,900

delightful and and cheerful and bright

145

00:07:07,700 --> 00:07:05,009

answering people's questions

146

00:07:14,089 --> 00:07:07,710

and just right there you know so

147

00:07:16,700 --> 00:07:14,099

intelligent and he was he was definitely

148

00:07:18,109 --> 00:07:16,710

a very special person you know in this

149

00:07:21,409 --> 00:07:18,119

field yeah absolutely

150

00:07:22,609 --> 00:07:21,419

I was lucky enough to while I did my the

151

00:07:25,579 --> 00:07:22,619

retirement show with him

152

00:07:29,209 --> 00:07:25,589

that was last October and I had refused

153

00:07:31,850 --> 00:07:29,219

to quit he kept going he kept going as

154

00:07:35,029 --> 00:07:31,860

in the very last day he was at you know

155

00:07:37,159 --> 00:07:35,039

at that speaking engagement so I think

156

00:07:39,950 --> 00:07:37,169

he was kind of changing his mind on

157

00:07:43,159 --> 00:07:39,960

retiring and he loved doing it so yeah

158

00:07:46,639 --> 00:07:43,169

yeah yeah yeah I guess that you know

159

00:07:47,989 --> 00:07:46,649

before he even you know while I was

160

00:07:50,119 --> 00:07:47,999

talking with Kathleen and we're trying

161

00:07:52,760 --> 00:07:50,129

to figure out what was going on she said

162

00:07:55,369 --> 00:07:52,770

that he kind of was thinking wow I'm

163

00:07:58,129 --> 00:07:55,379

really tired and maybe I shouldn't have

164

00:07:59,360 --> 00:07:58,139

booked this gig and she was saying you

165

00:08:02,409 --> 00:07:59,370

know what you got to cut it out you've

166

00:08:05,329 --> 00:08:02,419

got to really cancel all the other

167

00:08:06,920 --> 00:08:05,339

traveling that you have booked of course

168

00:08:09,139 --> 00:08:06,930

he had the UFO Congress we're gonna

169

00:08:11,749 --> 00:08:09,149

honor him there that's right that's

170

00:08:13,429 --> 00:08:11,759

right and and he had a couple other

171

00:08:15,139 --> 00:08:13,439

things he was gonna be doing and she was

172

00:08:16,670 --> 00:08:15,149

like no you can't do that and he agreed

173

00:08:18,559 --> 00:08:16,680

he was like you're right you know this

174

00:08:21,350 --> 00:08:18,569

is just too much for me so it sounds

175

00:08:23,269 --> 00:08:21,360

like he was not going to do any events

176

00:08:26,809 --> 00:08:23,279

after this one anyway because he really

177

00:08:29,329 --> 00:08:26,819

was fill in it and it's unfortunate he

178

00:08:33,409 --> 00:08:29,339

didn't make it you know through this one

179

00:08:35,659 --> 00:08:33,419

but at the same time you know I think a

180

00:08:38,120 --> 00:08:35,669

lot of us feel this way that we want to

181

00:08:40,579 --> 00:08:38,130

keep doing what we have a passion for

182

00:08:42,170 --> 00:08:40,589

yeah until the end yeah and that's what

183

00:08:44,660 --> 00:08:42,180

he did yeah that's right

184

00:08:49,040 --> 00:08:44,670

I'd like to one of the things I would

185

00:08:52,430 --> 00:08:49,050

like to play quickly here is a he had a

186

00:08:54,920 --> 00:08:52,440

sense of humor so and this is very

187

00:09:00,620 --> 00:08:54,930

surprising that he would do this but um

188

00:09:06,079 --> 00:09:00,630

I years ago back in 2000 I think 14 or

189

00:09:10,639 --> 00:09:06,089

15 I had I made my podcast UFO website

190

00:09:13,699 --> 00:09:10,649

into a spoof for April 1st April Fool's

191

00:09:15,679 --> 00:09:13,709

Day so I called Stannis said hey Stan

192

00:09:17,620 --> 00:09:15,689

can you you know how you always say

193

00:09:21,820 --> 00:09:17,630

flying saucers are

194

00:09:24,850 --> 00:09:21,830

real I said can you uh I said for April

195

00:09:27,040 --> 00:09:24,860

Fool's Day can you do a little spoof on

196

00:09:30,010 --> 00:09:27,050

that so I called him up and I'm gonna

197

00:09:34,300 --> 00:09:30,020

play the clip now Alejandro and anyone

198

00:09:38,020 --> 00:09:34,310

else I don't know if they're gonna be

199

00:09:39,790 --> 00:09:38,030

hearing this on on I know they'll hear

200

00:09:42,460 --> 00:09:39,800

it on YouTube but I'm not sure if we're

201  
00:09:44,320 --> 00:09:42,470  
gonna be hearing it on kgr a radio you

202  
00:09:46,750 --> 00:09:44,330  
know what I'm gonna do because of that

203  
00:09:48,310 --> 00:09:46,760  
I'm gonna save it till the break because

204  
00:09:50,350 --> 00:09:48,320  
I know the people on YouTube will hear

205  
00:09:51,820 --> 00:09:50,360  
it so I'll wait for that you know what

206  
00:09:54,250 --> 00:09:51,830  
you could do was I've done this before

207  
00:09:54,820 --> 00:09:54,260  
and it seems like you know silly but it

208  
00:09:56,620 --> 00:09:54,830  
works

209  
00:09:58,000 --> 00:09:56,630  
it's just play it off your phone and put

210  
00:09:59,410 --> 00:09:58,010  
the phone next to the microphone no I

211  
00:10:02,140 --> 00:09:59,420  
can't do that now I have it loaded on

212  
00:10:05,770 --> 00:10:02,150  
now yes but no yeah so we'll continue

213  
00:10:12,940 --> 00:10:05,780

but yep one of the things I want to say

214

00:10:15,100 --> 00:10:12,950

about Stan as as a as a person and not

215

00:10:18,130 --> 00:10:15,110

just you know his great integrity and

216

00:10:19,690 --> 00:10:18,140

you know his his you know try to stick

217

00:10:21,190 --> 00:10:19,700

to the facts I know there's a little

218

00:10:23,500 --> 00:10:21,200

controversy here and there about a

219

00:10:27,030 --> 00:10:23,510

couple things you know he was very

220

00:10:31,420 --> 00:10:27,040

interested in but still is he was always

221

00:10:33,790 --> 00:10:31,430

approachable you think about at every

222

00:10:36,010 --> 00:10:33,800

conference I've ever seen Stan he's

223

00:10:39,820 --> 00:10:36,020

right there in the front with Kathy

224

00:10:41,800 --> 00:10:39,830

usually beside him Kathy Martin and you

225

00:10:46,360 --> 00:10:41,810

can walk right up anyone can walk right

226

00:10:49,060 --> 00:10:46,370

up he was not in any way snut of any

227

00:10:52,360 --> 00:10:49,070

type he was very open to talking to

228

00:10:54,130 --> 00:10:52,370

anyone about anything and mm-hmm

229

00:10:55,810 --> 00:10:54,140

you know I mean he's going to be missed

230

00:10:58,210 --> 00:10:55,820

at all the conference's I think about

231

00:10:59,380 --> 00:10:58,220

the International UFO Congress with you

232

00:11:01,540 --> 00:10:59,390

walk in the door and there he is with

233

00:11:02,110 --> 00:11:01,550

Kathy Kathy yeah we would put him right

234

00:11:04,750 --> 00:11:02,120

up front

235

00:11:07,210 --> 00:11:04,760

yep you're right and not only that he

236

00:11:10,240 --> 00:11:07,220

would do so many events he was so open

237

00:11:13,090 --> 00:11:10,250

to talking to anyone about anything and

238

00:11:15,640 --> 00:11:13,100

he would do so many events and I think

239

00:11:18,430 --> 00:11:15,650

that you know I you know another thing

240

00:11:19,990 --> 00:11:18,440

Jim Harold said that sure Stanton looks

241

00:11:22,210 --> 00:11:20,000

tired at some of these events especially

242

00:11:24,550 --> 00:11:22,220

lately but he's like you know I'm in my

243

00:11:26,980 --> 00:11:24,560

40s and then so am I and I feel the same

244

00:11:28,960 --> 00:11:26,990

way but I feel tired I feel just as

245

00:11:31,390 --> 00:11:28,970

tired as him but you know he always kept

246

00:11:34,030 --> 00:11:31,400

going he and it's kind of been

247

00:11:37,150 --> 00:11:34,040

funny with him I mean and is that he

248

00:11:39,880 --> 00:11:37,160

pretty much never says no to any

249

00:11:42,820 --> 00:11:39,890

requests were to appear somewhere he's

250

00:11:44,950 --> 00:11:42,830

you know he's kind of settled down a

251

00:11:48,130 --> 00:11:44,960

little bit over the last few years but

252

00:11:49,870 --> 00:11:48,140

especially for the longest time any time

253

00:11:52,840 --> 00:11:49,880

anybody asked him to speak he would come

254

00:11:56,070 --> 00:11:52,850

do it and he would talk to people like

255

00:11:59,470 --> 00:11:56,080

he said he's done thousands of lectures

256

00:12:02,080 --> 00:11:59,480

anywhere from a group of you know rocket

257

00:12:06,640 --> 00:12:02,090

scientists cuz he has done lectures at

258

00:12:09,850 --> 00:12:06,650

NASA or near NASA facilities a to you

259

00:12:12,420 --> 00:12:09,860

know to schools to children I mean he

260

00:12:16,210 --> 00:12:12,430

did such a huge variety of different

261

00:12:18,670 --> 00:12:16,220

talking to different groups and you know

262

00:12:20,740 --> 00:12:18,680

a person of really high integrity of

263

00:12:22,060 --> 00:12:20,750

course people like to say dr. Stanton

264

00:12:23,560 --> 00:12:22,070

Friedman and that was one of his pet

265

00:12:25,720 --> 00:12:23,570

peeves I'm not a doctor I'm not a doctor

266

00:12:27,520 --> 00:12:25,730

you know which was good that he would

267

00:12:28,660 --> 00:12:27,530

clarify because not everybody does that

268

00:12:31,920 --> 00:12:28,670

and some people who've got in trouble

269

00:12:34,600 --> 00:12:31,930

for that sort of thing in the past but

270

00:12:38,610 --> 00:12:34,610

he was just extremely unique he was one

271

00:12:41,740 --> 00:12:38,620

of the more credible intelligent witty

272

00:12:43,630 --> 00:12:41,750

and great speakers and researchers in

273

00:12:47,110 --> 00:12:43,640

this field and also one of the most

274

00:12:48,490 --> 00:12:47,120

prolific on top of that not just in the

275

00:12:52,090 --> 00:12:48,500

number of talks he does but the number

276

00:12:54,340 --> 00:12:52,100

of books he's written right so yeah yeah

277

00:12:58,120 --> 00:12:54,350

I mean the the number of ways he's

278

00:13:00,940 --> 00:12:58,130

unique is is almost endless right in and

279

00:13:02,710 --> 00:13:00,950

I you know some people would say oh you

280

00:13:04,690 --> 00:13:02,720

know some I would get some feedback some

281

00:13:06,160 --> 00:13:04,700

would say well he says you know more or

282

00:13:08,200 --> 00:13:06,170

less the same thing every time he's on

283

00:13:11,170 --> 00:13:08,210

my show and I don't think anyone has

284

00:13:12,790 --> 00:13:11,180

ever been on the show more than him but

285

00:13:15,310 --> 00:13:12,800

you know what and they would say at the

286

00:13:18,100 --> 00:13:15,320

end but I love him anyway and I love to

287

00:13:21,370 --> 00:13:18,110

hear it you know he did say a lot of the

288

00:13:22,870 --> 00:13:21,380

same things repeatedly but people still

289

00:13:24,430 --> 00:13:22,880

love to hear it because they you know

290

00:13:27,640 --> 00:13:24,440

made a lot of sense what he were saying

291

00:13:29,410 --> 00:13:27,650

yeah his tag lines were great I use him

292

00:13:32,200 --> 00:13:29,420

and probably will use him forever

293

00:13:34,240 --> 00:13:32,210

noisy negative the best you know gray

294

00:13:36,490 --> 00:13:34,250

basket some of these other terms that

295

00:13:40,000 --> 00:13:36,500

you use Eddie what was the study he was

296

00:13:42,460 --> 00:13:40,010

I don't even remember but yeah but you

297

00:13:44,410 --> 00:13:42,470

know all the way back when I started

298

00:13:44,950 --> 00:13:44,420

when I was doing Colorado move on and

299

00:13:48,460 --> 00:13:44,960

we're doing

300

00:13:51,430 --> 00:13:48,470

we did hosted two mufon symposiums for a

301

00:13:54,850 --> 00:13:51,440

few years in a row back in the 90s or

302

00:13:57,430 --> 00:13:54,860

early 2000 and people would complain you

303

00:14:00,340 --> 00:13:57,440

have stanton every year but we would do

304

00:14:03,639 --> 00:14:00,350

surveys to ask who would you like to see

305

00:14:05,320 --> 00:14:03,649

at the symposium and every year stanton

306

00:14:07,870 --> 00:14:05,330

was at the top of the list so we would

307

00:14:09,250 --> 00:14:07,880

tell people well people want to see him

308

00:14:10,930 --> 00:14:09,260

he's at the top of the list in the

309

00:14:13,210 --> 00:14:10,940

survey so maybe he is saying the same

310

00:14:15,579 --> 00:14:13,220

thing every year but people want to hear

311

00:14:16,930 --> 00:14:15,589

it every year so as long as he's the top

312

00:14:18,610 --> 00:14:16,940

of the list you know we're gonna keep

313

00:14:21,600 --> 00:14:18,620

bringing him back because he deserves it

314

00:14:25,269 --> 00:14:21,610

and he's great and you know he always

315

00:14:26,829 --> 00:14:25,279

especially in relation to MUFON he was

316

00:14:29,980 --> 00:14:26,839

one of the main contributors he had a

317

00:14:32,260 --> 00:14:29,990

column that he wrote for the journal for

318

00:14:34,300 --> 00:14:32,270

decades I think you know every year

319

00:14:37,870 --> 00:14:34,310

you've got your you're seeing an article

320

00:14:39,730 --> 00:14:37,880

in there so people loved him now when

321

00:14:40,960 --> 00:14:39,740

did you actually first meet him when can

322

00:14:44,829 --> 00:14:40,970

you remember meeting him for the first

323

00:14:46,210 --> 00:14:44,839

time oh this is a pretty funny story of

324

00:14:47,560 --> 00:14:46,220

course I would start to struck like

325

00:14:49,660 --> 00:14:47,570

everybody else oh and I have another

326

00:14:53,470 --> 00:14:49,670

starstruck story actually related to the

327

00:14:56,620 --> 00:14:53,480

symposium sport after that but I liked

328

00:14:58,810 --> 00:14:56,630

the first time I met him it was he was

329

00:15:03,600 --> 00:14:58,820

with Colorado MUFON still I remember and

330

00:15:06,280 --> 00:15:03,610

he was doing a talk for one of the big

331

00:15:08,620 --> 00:15:06,290

and I wish I can remember the name but

332

00:15:10,720 --> 00:15:08,630

essentially downtown Denver you know

333

00:15:13,269 --> 00:15:10,730

everybody's got their really cool every

334

00:15:15,519 --> 00:15:13,279

town has their cool premiere book shop

335

00:15:17,560 --> 00:15:15,529

you know book store that's just fun and

336

00:15:20,110 --> 00:15:17,570

has a fun feeling everything and we had

337

00:15:22,600 --> 00:15:20,120

one downtown dead bird still there it's

338

00:15:24,430 --> 00:15:22,610

like two or three levels big place you

339

00:15:25,930 --> 00:15:24,440

know it has this great feel it's a

340

00:15:28,930 --> 00:15:25,940

really cool place it's almost like the

341

00:15:30,910 --> 00:15:28,940

heart at Denver you know it's been there

342

00:15:32,260 --> 00:15:30,920

forever even you know now it's been

343

00:15:33,910 --> 00:15:32,270

built up and Ed was really pretty

344

00:15:35,380 --> 00:15:33,920

downtown and everything but it wasn't

345

00:15:37,750 --> 00:15:35,390

always like that but this bookstore has

346

00:15:39,460 --> 00:15:37,760

always been there and so he was speaking

347

00:15:41,920 --> 00:15:39,470

at the bookstore and all of us at

348

00:15:44,380 --> 00:15:41,930

Colorado MUFON came out there to support

349

00:15:47,170 --> 00:15:44,390

him and I asked him can I auto record

350

00:15:48,850 --> 00:15:47,180

his talk and he said sure this is a

351

00:15:50,440 --> 00:15:48,860

first time I met him but he's like how

352

00:15:54,550 --> 00:15:50,450

are you gonna do that you know I think

353

00:15:58,000 --> 00:15:54,560

this was probably around 2000 and at the

354

00:15:59,590 --> 00:15:58,010

time I was using a minidisc because

355

00:16:01,210 --> 00:15:59,600

you know this is before all the digital

356

00:16:03,130 --> 00:16:01,220

technology and stuff and I showed him

357

00:16:04,360 --> 00:16:03,140

I've got this mini disc player it sounds

358

00:16:06,790 --> 00:16:04,370

great I've got this little microphone

359

00:16:09,190 --> 00:16:06,800

and he's like wow that's amazing he was

360

00:16:10,750 --> 00:16:09,200

amazed by the technology and that I

361

00:16:13,330 --> 00:16:10,760

could actually record his talk with

362

00:16:15,370 --> 00:16:13,340

these little devices so that was really

363

00:16:16,660 --> 00:16:15,380

fun I I thought that was really cute and

364

00:16:19,870 --> 00:16:16,670

everything so that was the first time I

365

00:16:21,610 --> 00:16:19,880

I had met him later on even within a

366

00:16:23,560 --> 00:16:21,620

couple years you know we were doing

367

00:16:25,780 --> 00:16:23,570

these symposiums like they talked about

368

00:16:27,730 --> 00:16:25,790

and this is just another fun story of

369

00:16:31,360 --> 00:16:27,740

someone else being starstruck and kind

370

00:16:33,520 --> 00:16:31,370

of the importance of staunton so I send

371

00:16:35,290 --> 00:16:33,530

out press releases cuz Stanton speaking

372

00:16:37,600 --> 00:16:35,300

at the symposium in Colorado in Denver

373

00:16:38,980 --> 00:16:37,610

and I got a call from CBS and they were

374

00:16:41,380 --> 00:16:38,990

like hey we'd love to do some interviews

375

00:16:42,820 --> 00:16:41,390

send a reporter out there he was

376

00:16:45,310 --> 00:16:42,830

actually reporter he's like I'm gonna be

377

00:16:47,260 --> 00:16:45,320

out there and I was talking about some

378

00:16:48,760 --> 00:16:47,270

of the speakers and Stephanie he kind of

379

00:16:50,110 --> 00:16:48,770

said under his breath you know he asked

380

00:16:52,060 --> 00:16:50,120

can I talk to this person or that person

381

00:16:53,710 --> 00:16:52,070

and I said sure definitely we'll arrange

382

00:16:55,150 --> 00:16:53,720

that and he said it'd be great if I

383

00:16:56,800 --> 00:16:55,160

could talk to Stanton and I said well of

384

00:16:59,440 --> 00:16:56,810

course she could talk to Stan and he was

385

00:17:01,210 --> 00:16:59,450

like are you kidding I said no he was

386

00:17:03,340 --> 00:17:01,220

like Stanton the guy on TV the main guy

387

00:17:05,680 --> 00:17:03,350

always talking about UFOs he's you know

388

00:17:07,510 --> 00:17:05,690

nuclear physicist I was like yeah he's

389

00:17:09,069 --> 00:17:07,520

like I can actually interview him and I

390

00:17:10,780 --> 00:17:09,079

was like of course you can interview

391

00:17:12,760 --> 00:17:10,790

them that's the whole point that's what

392

00:17:15,760 --> 00:17:12,770

you know that's what we want you to do

393

00:17:18,340 --> 00:17:15,770

and he was so floored this guy he had to

394

00:17:22,870 --> 00:17:18,350

be in this 30s but you know yeah he was

395

00:17:24,430 --> 00:17:22,880

a local CBS and he was so excited to be

396

00:17:27,400 --> 00:17:24,440

able to interview Stanton

397

00:17:28,860 --> 00:17:27,410

so that just showed the reach you know

398

00:17:32,320 --> 00:17:28,870

that he had and the credibility

399

00:17:35,140 --> 00:17:32,330

especially you know in the 90s and early

400

00:17:37,630 --> 00:17:35,150

2000s that was some of the worst time

401  
00:17:40,830 --> 00:17:37,640  
for UFOs all of the documentaries ended

402  
00:17:44,230 --> 00:17:40,840  
with debunking everything they had just

403  
00:17:46,840 --> 00:17:44,240  
presented and you know it wasn't taken

404  
00:17:48,820 --> 00:17:46,850  
very seriously but Stanton was he was

405  
00:17:51,400 --> 00:17:48,830  
that guy that was out there he was the

406  
00:17:54,130 --> 00:17:51,410  
face the credible face of ufology out

407  
00:17:57,880 --> 00:17:54,140  
there for all of us and you know he

408  
00:17:59,830 --> 00:17:57,890  
leads because he did such a great job in

409  
00:18:01,900 --> 00:17:59,840  
later years you know we've had a lot

410  
00:18:04,150 --> 00:18:01,910  
more personalities that have kind of

411  
00:18:05,680 --> 00:18:04,160  
come forward and that are doing the

412  
00:18:07,600 --> 00:18:05,690  
television shows and television shows

413  
00:18:10,480 --> 00:18:07,610

there's been more and more of them

414

00:18:11,890 --> 00:18:10,490

especially as move on you know got to be

415

00:18:15,700 --> 00:18:11,900

more popular

416

00:18:19,540 --> 00:18:15,710

but yeah he was the guy I remember him

417

00:18:21,700 --> 00:18:19,550

having a conversation with him about you

418

00:18:24,490 --> 00:18:21,710

know the controversy that comes up a lot

419

00:18:26,740 --> 00:18:24,500

is people that think that or just assume

420

00:18:30,520 --> 00:18:26,750

that you know certain people make a ton

421

00:18:31,920 --> 00:18:30,530

of money yeah when it comes to UFOs and

422

00:18:36,280 --> 00:18:31,930

I brought it up and he started laughing

423

00:18:40,390 --> 00:18:36,290

so in that case he had given me you know

424

00:18:42,340 --> 00:18:40,400

a bunch of examples of why you don't

425

00:18:44,740 --> 00:18:42,350

make a lot of money or make any money

426

00:18:48,640 --> 00:18:44,750

and you you got it think about this he

427

00:18:52,420 --> 00:18:48,650

gave up a career that would is a high

428

00:18:54,460 --> 00:18:52,430

high paying career to do this you know I

429

00:18:55,480 --> 00:18:54,470

mean that that that's really saying

430

00:18:58,060 --> 00:18:55,490

something right there

431

00:18:59,860 --> 00:18:58,070

yeah and he was doing amazing things I

432

00:19:02,920 --> 00:18:59,870

mean a lot of what he was working on

433

00:19:05,140 --> 00:19:02,930

were like propulsion and you know

434

00:19:07,480 --> 00:19:05,150

cutting edge sort of thinks so and

435

00:19:09,670 --> 00:19:07,490

that's why he got into this you know for

436

00:19:14,380 --> 00:19:09,680

instance would it be possible for us to

437

00:19:17,400 --> 00:19:14,390

have a little power plant nuclear power

438

00:19:19,900 --> 00:19:17,410

plant on a little craft or a spacecraft

439

00:19:22,540 --> 00:19:19,910

currently it's technically illegal but

440

00:19:24,010 --> 00:19:22,550

you know not like really the United

441

00:19:25,630 --> 00:19:24,020

States cares too much about that they're

442

00:19:28,090 --> 00:19:25,640

still working on that sort of thing but

443

00:19:29,860 --> 00:19:28,100

his point was there are some they've

444

00:19:31,900 --> 00:19:29,870

done this on planes and of course we

445

00:19:34,360 --> 00:19:31,910

have with us on submarines but that was

446

00:19:36,340 --> 00:19:34,370

kind of a specialty of his and so he was

447

00:19:40,750 --> 00:19:36,350

very well-versed at least on the cutting

448

00:19:43,960 --> 00:19:40,760

edge propulsion and power plants for

449

00:19:46,150 --> 00:19:43,970

that we would be able to use so he moved

450

00:19:49,510 --> 00:19:46,160

yeah from that sort of thing to

451  
00:19:52,180 --> 00:19:49,520  
eventually you know being the UFO guy

452  
00:19:53,350 --> 00:19:52,190  
you know we talked to Lee Spiegel I

453  
00:19:57,160 --> 00:19:53,360  
think you said you're gonna have Lee

454  
00:20:01,420 --> 00:19:57,170  
call in but least vehicle you know when

455  
00:20:03,940 --> 00:20:01,430  
he organized the UN talked in the late

456  
00:20:07,570 --> 00:20:03,950  
70s if you look at some of those images

457  
00:20:10,030 --> 00:20:07,580  
you see Staunton in there you know even

458  
00:20:11,980 --> 00:20:10,040  
back then in the late 70s he was an

459  
00:20:14,830 --> 00:20:11,990  
important figure when it came to all of

460  
00:20:17,970 --> 00:20:14,840  
this so yeah he's he's been an important

461  
00:20:20,410 --> 00:20:17,980  
guy from for so long yeah I should also

462  
00:20:23,110 --> 00:20:20,420  
finish my thought here what I was saying

463  
00:20:24,810 --> 00:20:23,120

about what he said about the money I

464

00:20:26,160 --> 00:20:24,820

remember him saying when you know

465

00:20:29,580 --> 00:20:26,170

I don't know how many times he was on

466

00:20:32,190 --> 00:20:29,590

Larry King but many many times and I

467

00:20:35,640 --> 00:20:32,200

said and he said for instance he said I

468

00:20:38,430 --> 00:20:35,650

got my airfare and hotel paid for but I

469

00:20:40,350 --> 00:20:38,440

had to pay for food so not only did he

470

00:20:44,010 --> 00:20:40,360

not get paid for being on Larry King

471

00:20:46,620 --> 00:20:44,020

alive but he had to even pay for his own

472

00:20:48,180 --> 00:20:46,630

food and if there is a lot of that and a

473

00:20:50,670 --> 00:20:48,190

lot of people don't realize you know

474

00:20:53,220 --> 00:20:50,680

there's it is frustrating because you

475

00:20:55,260 --> 00:20:53,230

know you hear even to this day I add the

476  
00:20:57,450 --> 00:20:55,270  
whole idea especially behind Roswell

477  
00:21:00,510 --> 00:20:57,460  
that all of these Roswell researchers

478  
00:21:02,400 --> 00:21:00,520  
are pushing this whole concept because

479  
00:21:05,100 --> 00:21:02,410  
they're making money off of books like

480  
00:21:08,130 --> 00:21:05,110  
they're making tons of money and you

481  
00:21:10,410 --> 00:21:08,140  
know I've been speaking for at least 12

482  
00:21:12,990 --> 00:21:10,420  
years every year at the Roswell event

483  
00:21:15,240 --> 00:21:13,000  
with the premiere Roswell researchers

484  
00:21:18,300 --> 00:21:15,250  
you know like the the San Friedman's

485  
00:21:20,520 --> 00:21:18,310  
Kevin Randle and you know Don Schmidt

486  
00:21:24,290 --> 00:21:20,530  
and all those guys they are not making

487  
00:21:26,430 --> 00:21:24,300  
tons of money and you know one of the

488  
00:21:28,980 --> 00:21:26,440

organizations have perhaps make the most

489

00:21:31,740 --> 00:21:28,990

off the whole Roswell phenomena is a

490

00:21:33,570 --> 00:21:31,750

museum but if you go to the museum I

491

00:21:36,600 --> 00:21:33,580

know these people very well they're

492

00:21:38,610 --> 00:21:36,610

wonderful really cool hard workers

493

00:21:41,400 --> 00:21:38,620

they're not rich you know if you go to

494

00:21:45,360 --> 00:21:41,410

the museum and you're touring the museum

495

00:21:49,980 --> 00:21:45,370

you do not get the sense that you're in

496

00:21:52,740 --> 00:21:49,990

this expensive hub of you know of where

497

00:21:55,410 --> 00:21:52,750

all this money is coming in you you get

498

00:21:57,150 --> 00:21:55,420

the sense that this is kind of something

499

00:21:58,800 --> 00:21:57,160

cobbled together by a bunch of people

500

00:22:00,900 --> 00:21:58,810

who are interested in this field and

501  
00:22:02,490 --> 00:22:00,910  
that are keeping this going because of

502  
00:22:05,430 --> 00:22:02,500  
that interest and that's that's more

503  
00:22:07,380 --> 00:22:05,440  
accurate it's not a humongous flow of

504  
00:22:10,890 --> 00:22:07,390  
cash it's flowing through all of this

505  
00:22:13,230 --> 00:22:10,900  
stuff so um you know what up you know

506  
00:22:16,050 --> 00:22:13,240  
I'm just our poor guests are on the

507  
00:22:18,180 --> 00:22:16,060  
phone line there with our line through

508  
00:22:20,820 --> 00:22:18,190  
throw lines muted and I forgot to tell

509  
00:22:23,070 --> 00:22:20,830  
at the beginning who my guests were of

510  
00:22:27,750 --> 00:22:23,080  
course that's all it's oh yes yeah I

511  
00:22:30,810 --> 00:22:27,760  
have I have a Gordon lor and old time a

512  
00:22:33,090 --> 00:22:30,820  
researcher from NICAP way back in 1965 I

513  
00:22:36,080 --> 00:22:33,100

think he joined nightcap and Barry

514

00:22:38,680 --> 00:22:36,090

Greenwood which has been at it forever

515

00:22:41,349 --> 00:22:38,690

since the 1960s there's the

516

00:22:45,580 --> 00:22:41,359

my guess but anyway I wanted to also say

517

00:22:47,759 --> 00:22:45,590

this if anyone has a quick story they'd

518

00:22:50,259 --> 00:22:47,769

like to call in about Stanton Friedman

519

00:22:52,299 --> 00:22:50,269

I'm gonna put the number up on the line

520

00:22:55,180 --> 00:22:52,309

here and you're welcome you're welcome

521

00:22:58,180 --> 00:22:55,190

to call in and give us that that quick

522

00:23:01,409 --> 00:22:58,190

story if you have one if not we will

523

00:23:05,440 --> 00:23:01,419

take we will take calls at a later point

524

00:23:07,330 --> 00:23:05,450

in the show you know in the second part

525

00:23:09,729 --> 00:23:07,340

of the show later on and anybody could

526

00:23:12,430 --> 00:23:09,739

share their experience and unfortunately

527

00:23:13,899 --> 00:23:12,440

Lee is going to be on the train he won't

528

00:23:16,779 --> 00:23:13,909

be able to call until later on in the

529

00:23:18,909 --> 00:23:16,789

show but he did want to call in but so

530

00:23:20,739 --> 00:23:18,919

that numbers up on YouTube if anyone

531

00:23:23,619 --> 00:23:20,749

wants to call in if you're listening on

532

00:23:26,169 --> 00:23:23,629

kgr a radio then number six zero three

533

00:23:27,669 --> 00:23:26,179

nine six seven four o3o if you have a

534

00:23:30,159 --> 00:23:27,679

story about Stanton Freeman you like to

535

00:23:31,930 --> 00:23:30,169

call in otherwise we're gonna go just a

536

00:23:36,399 --> 00:23:31,940

little bit longer before I bring our our

537

00:23:40,299 --> 00:23:36,409

guests on the show so yeah all good

538

00:23:43,359 --> 00:23:40,309

thoughts about Stan like you said he he

539

00:23:44,979 --> 00:23:43,369

I can't ever remember now I will tell

540

00:23:47,349 --> 00:23:44,989

you he was the very first person I asked

541

00:23:49,389 --> 00:23:47,359

to come on my brand new show in episode

542

00:23:51,609 --> 00:23:49,399

number one and he never responded I get

543

00:23:54,159 --> 00:23:51,619

that because his brand-new show but

544

00:23:58,269 --> 00:23:54,169

after I got my show going I think four

545

00:23:59,799 --> 00:23:58,279

or five in he is never once said that he

546

00:24:02,859 --> 00:23:59,809

wouldn't be on my show anytime I ever

547

00:24:04,960 --> 00:24:02,869

asked him he said sure you know and so I

548

00:24:06,849 --> 00:24:04,970

was always uh yeah that's why I had him

549

00:24:09,129 --> 00:24:06,859

on you know over and over many times

550

00:24:10,810 --> 00:24:09,139

yeah that's why it was you know a

551  
00:24:12,789 --> 00:24:10,820  
concern when I didn't hear him answer is

552  
00:24:15,219 --> 00:24:12,799  
it phone this morning cuz he also almost

553  
00:24:16,960 --> 00:24:15,229  
always answers his phone yeah or at

554  
00:24:19,960 --> 00:24:16,970  
least gets back to you very quickly I

555  
00:24:23,169 --> 00:24:19,970  
mean he's really excited about this and

556  
00:24:24,849 --> 00:24:23,179  
you know uh and people will say well 100

557  
00:24:26,649 --> 00:24:24,859  
you know I know you're always talking

558  
00:24:28,180 --> 00:24:26,659  
about mj-12 and Dodi and all this stuff

559  
00:24:30,399 --> 00:24:28,190  
and that you're a skeptic of all of that

560  
00:24:33,099 --> 00:24:30,409  
but Stanton because I get this quite a

561  
00:24:36,369 --> 00:24:33,109  
bit but you know this was another unique

562  
00:24:39,909 --> 00:24:36,379  
thing about Stan Stanton did not hold a

563  
00:24:41,710 --> 00:24:39,919

grudge or hold it against people when

564

00:24:44,739 --> 00:24:41,720

they had a different point of view even

565

00:24:45,129 --> 00:24:44,749

with like sesh stack or or Michael

566

00:24:47,950 --> 00:24:45,139

Shermer

567

00:24:51,279 --> 00:24:47,960

he loved debating those guys that was

568

00:24:52,509 --> 00:24:51,289

like his favorite thing and when I first

569

00:24:54,609 --> 00:24:52,519

started researching

570

00:24:56,049 --> 00:24:54,619

all of that stuff and started asking him

571

00:24:57,909 --> 00:24:56,059

about it

572

00:24:59,169 --> 00:24:57,919

years ago in fact I had an interest

573

00:25:00,789 --> 00:24:59,179

probably the first time I met him I

574

00:25:02,499 --> 00:25:00,799

asked some questions back when I was

575

00:25:05,829 --> 00:25:02,509

really trying to dig into some of that

576

00:25:08,499 --> 00:25:05,839

stuff and when I really started to find

577

00:25:10,659 --> 00:25:08,509

some stuff and disagree he's like let's

578

00:25:13,299 --> 00:25:10,669

debate let's talk about it he was so

579

00:25:14,979 --> 00:25:13,309

excited to debate and and people

580

00:25:16,479 --> 00:25:14,989

probably heard you know I've got some

581

00:25:18,759 --> 00:25:16,489

podcasts in there where we did debate

582

00:25:20,799 --> 00:25:18,769

and we got really into it on some

583

00:25:23,469 --> 00:25:20,809

different parts in fact I you know I've

584

00:25:26,469 --> 00:25:23,479

got a piece about Dodie where I

585

00:25:27,789 --> 00:25:26,479

interview him and were debating you know

586

00:25:29,139 --> 00:25:27,799

some different parts and he's sharing

587

00:25:31,869 --> 00:25:29,149

his perspective because I definitely

588

00:25:35,229 --> 00:25:31,879

wanted his perspective shared he's done

589

00:25:37,749 --> 00:25:35,239

the most work on this and he was so

590

00:25:40,060 --> 00:25:37,759

excited to debate and not only that he

591

00:25:42,129 --> 00:25:40,070

would not hold grudges he was very nice

592

00:25:44,049 --> 00:25:42,139

about it as soon as you're done with

593

00:25:46,209 --> 00:25:44,059

your conversation you know he'd be so

594

00:25:49,719 --> 00:25:46,219

happy and energized and he'd be like hey

595

00:25:51,519 --> 00:25:49,729

that was a lot of fun you know he it's

596

00:25:53,680 --> 00:25:51,529

so different from how most people

597

00:25:56,440 --> 00:25:53,690

especially in this field are it's it's

598

00:25:58,449 --> 00:25:56,450

you know that spirit that certainly I

599

00:26:00,699 --> 00:25:58,459

try to bring to the open minds UFO forum

600

00:26:01,269 --> 00:26:00,709

where group where I'm like debate is

601  
00:26:03,219 --> 00:26:01,279  
fine

602  
00:26:04,869 --> 00:26:03,229  
I don't want everybody to have the same

603  
00:26:06,310 --> 00:26:04,879  
opinion it's me I would that's how we

604  
00:26:08,409 --> 00:26:06,320  
learn and you know it's kind of

605  
00:26:09,999 --> 00:26:08,419  
interesting people get so frustrated oh

606  
00:26:12,129 --> 00:26:10,009  
that guy doesn't believe this or that

607  
00:26:14,529 --> 00:26:12,139  
but nobody in this field believes the

608  
00:26:16,749 --> 00:26:14,539  
same stuff you and I do not agree on

609  
00:26:18,339 --> 00:26:16,759  
everything me and Lee or some of my

610  
00:26:20,469 --> 00:26:18,349  
other you know good friends in this

611  
00:26:23,769 --> 00:26:20,479  
field me and my girlfriend certainly do

612  
00:26:26,019 --> 00:26:23,779  
not agree on everything you know we all

613  
00:26:28,419 --> 00:26:26,029

have our different viewpoints and that's

614

00:26:31,479 --> 00:26:28,429

okay and it's okay for us to be able to

615

00:26:34,839 --> 00:26:31,489

debate and Stanton was absolutely a

616

00:26:39,369 --> 00:26:34,849

shining example of how you can disagree

617

00:26:41,499 --> 00:26:39,379

about the facts on topics that are

618

00:26:44,440 --> 00:26:41,509

important like this but you can debate

619

00:26:46,389 --> 00:26:44,450

them and talk about them and not have to

620

00:26:49,839 --> 00:26:46,399

hold a grudge or demonize each other I

621

00:26:52,359 --> 00:26:49,849

think poorly of one another because of

622

00:26:55,269 --> 00:26:52,369

your differences in opinions well I

623

00:26:56,739 --> 00:26:55,279

think you know we had a convert you and

624

00:26:59,319 --> 00:26:56,749

I had our little conversation earlier

625

00:27:02,680 --> 00:26:59,329

and a good example of him being such a

626

00:27:05,550 --> 00:27:02,690

gentleman is the Jeremy Korbel bob lazar

627

00:27:09,690 --> 00:27:05,560

I and him him his debate

628

00:27:12,690 --> 00:27:09,700

how he just maintained this you know he

629

00:27:15,960 --> 00:27:12,700

stature and he was very very he was a

630

00:27:18,300 --> 00:27:15,970

gentleman and I know that you know when

631

00:27:20,550 --> 00:27:18,310

talking to Seth Shostak I tried to

632

00:27:22,500 --> 00:27:20,560

actually set up a second debate with

633

00:27:24,390 --> 00:27:22,510

Stanton in him and he wouldn't do it and

634

00:27:26,340 --> 00:27:24,400

the reason he wouldn't do it because I

635

00:27:29,220 --> 00:27:26,350

don't think he fared too well and she

636

00:27:30,690 --> 00:27:29,230

self is a bright man very bright but I

637

00:27:32,970 --> 00:27:30,700

don't think in that particular case he

638

00:27:34,770 --> 00:27:32,980

fared too well in their debate I think

639

00:27:37,470 --> 00:27:34,780

Stan Stan made a lot of really excellent

640

00:27:38,280 --> 00:27:37,480

points that right and why he didn't want

641

00:27:41,250 --> 00:27:38,290

to come back

642

00:27:43,140 --> 00:27:41,260

summer stands great points is hey Seth I

643

00:27:44,700 --> 00:27:43,150

gave you that book yeah that's right you

644

00:27:48,210 --> 00:27:44,710

made the point did you read it

645

00:27:51,060 --> 00:27:48,220

you know my god what did you say was on

646

00:27:52,410 --> 00:27:51,070

my bedside table right correctly yeah

647

00:27:55,160 --> 00:27:52,420

yeah I never read it

648

00:27:57,870 --> 00:27:55,170

so I mean yet that's why he would Ari

649

00:27:59,820 --> 00:27:57,880

Seth obviously did not educate himself

650

00:28:02,960 --> 00:27:59,830

maybe he didn't feel he at the time or

651  
00:28:06,150 --> 00:28:02,970  
he obviously didn't prioritize it

652  
00:28:07,620 --> 00:28:06,160  
and so I you know Stanton always had a

653  
00:28:08,760 --> 00:28:07,630  
great argument how can you debate on

654  
00:28:10,860 --> 00:28:08,770  
these points if you're not even

655  
00:28:13,740 --> 00:28:10,870  
educating yourself on them which is a

656  
00:28:16,080 --> 00:28:13,750  
great point to make yeah yeah well a

657  
00:28:18,210 --> 00:28:16,090  
hundred thank you so much for joining me

658  
00:28:18,750 --> 00:28:18,220  
in this little tribute for our good

659  
00:28:21,860 --> 00:28:18,760  
friends

660  
00:28:24,630 --> 00:28:21,870  
Stanton you'll be sorely missed won't

661  
00:28:26,730 --> 00:28:24,640  
he'll be greatly greatly missed

662  
00:28:28,530 --> 00:28:26,740  
I mean he's a unique special individual

663  
00:28:31,440 --> 00:28:28,540

and you know we're not gonna have

664

00:28:33,000 --> 00:28:31,450

anybody like him again I yeah I you know

665

00:28:34,260 --> 00:28:33,010

regardless of what field he would have

666

00:28:36,570 --> 00:28:34,270

been in I think he would have been a

667

00:28:39,000 --> 00:28:36,580

unique and special addition to that

668

00:28:41,070 --> 00:28:39,010

field so we are very lucky to have him

669

00:28:43,020 --> 00:28:41,080

and you know we're very lucky especially

670

00:28:45,450 --> 00:28:43,030

you and I to spend so much time with him

671

00:28:47,910 --> 00:28:45,460

on and off the air that's right

672

00:28:48,600 --> 00:28:47,920

Alejandro thank you so much my pleasure

673

00:28:50,910 --> 00:28:48,610

thank you

674

00:28:53,820 --> 00:28:50,920

alright I'll talk to you next week talk

675

00:28:56,790 --> 00:28:53,830

to you later all right so our guests of

676

00:29:00,510 --> 00:28:56,800

this evening we have both Gordon lor and

677

00:29:01,950 --> 00:29:00,520

Barry Greenwood and I'm gonna just bring

678

00:29:06,030 --> 00:29:01,960

them on right now and we'll talk about

679

00:29:08,820 --> 00:29:06,040

their long and very great interesting

680

00:29:15,570 --> 00:29:08,830

backgrounds hey Gordon hey Barry how are

681

00:29:16,950 --> 00:29:15,580

you I'm glad you said Gordon here

682

00:29:19,320 --> 00:29:16,960

because we got to figure out who is who

683

00:29:23,999 --> 00:29:19,330

at this point you're both on the phone

684

00:29:26,100 --> 00:29:24,009

yeah and so I wanted to welcome both of

685

00:29:29,549 --> 00:29:26,110

you and we'll start with you Gordon

686

00:29:32,129 --> 00:29:29,559

Gordon can you um in a nutshell if you

687

00:29:33,509 --> 00:29:32,139

would for our listening audience give

688

00:29:35,759 --> 00:29:33,519

your background if you would and how you

689

00:29:37,379 --> 00:29:35,769

got interested in this field I I've

690

00:29:38,159 --> 00:29:37,389

learned all about that I think it's

691

00:29:42,479 --> 00:29:38,169

pretty interesting

692

00:29:42,899 --> 00:29:42,489

and then Barry it's your turn sure okay

693

00:29:46,590 --> 00:29:42,909

yeah

694

00:29:48,899 --> 00:29:46,600

Gordon here I'm not sure I can do it in

695

00:29:51,570 --> 00:29:48,909

a nutshell but what happened was that I

696

00:29:56,430 --> 00:29:51,580

was a folk song singer back in

697

00:30:01,889 --> 00:29:56,440

Washington DC in the early 1960s and in

698

00:30:04,440 --> 00:30:01,899

six 1965 I got the unicorn cafe back

699

00:30:07,289 --> 00:30:04,450

there doing the folk song craze as a

700

00:30:12,210 --> 00:30:07,299

matter of fact peter Yarrow of the Peter

701  
00:30:15,299 --> 00:30:12,220  
Paul and Mary trio applauded me and one

702  
00:30:19,310 --> 00:30:15,309  
of the songs I say and I'm Richard Hall

703  
00:30:22,229 --> 00:30:19,320  
who was the assistant director of NICAP

704  
00:30:25,979 --> 00:30:22,239  
at that time was there in the audience

705  
00:30:29,549 --> 00:30:25,989  
and he invited me back to his apartment

706  
00:30:31,529 --> 00:30:29,559  
and and by the end of the evening I

707  
00:30:35,460 --> 00:30:31,539  
played some folk songs for him and by

708  
00:30:37,889 --> 00:30:35,470  
the end of the evening I'd been hired as

709  
00:30:40,830 --> 00:30:37,899  
a staff member for Nyko

710  
00:30:43,739 --> 00:30:40,840  
now I had previously read the first two

711  
00:30:48,659 --> 00:30:43,749  
books by major Don Lee Kehoe who wrote

712  
00:30:50,700 --> 00:30:48,669  
the first book ever on the reel of

713  
00:30:53,279 --> 00:30:50,710

fennec the Flying Saucer phenomena

714

00:30:57,119 --> 00:30:53,289

called the flying saucers are real as

715

00:30:59,729 --> 00:30:57,129

well as the first article ever on it

716

00:31:03,739 --> 00:30:59,739

understand that article I think it was a

717

00:31:07,019 --> 00:31:03,749

true magazine but I'm not sure it is

718

00:31:10,049 --> 00:31:07,029

recognized as being what are the three

719

00:31:13,289 --> 00:31:10,059

or four most widely read articles in the

720

00:31:18,210 --> 00:31:13,299

history of American publishing society

721

00:31:21,479 --> 00:31:18,220

long wondered about my my credentials

722

00:31:26,399 --> 00:31:21,489

no no um also let's talk about you know

723

00:31:31,109 --> 00:31:26,409

some UFO sightings - yeah I had two of

724

00:31:33,420 --> 00:31:31,119

them which is how I really got started

725

00:31:37,980 --> 00:31:33,430

in reading Laura more

726

00:31:41,010 --> 00:31:37,990

nycap and the first one was I had three

727

00:31:42,930 --> 00:31:41,020

actually but they're all in the book do

728

00:31:45,480 --> 00:31:42,940

you want me to scribe them to you yeah

729

00:31:47,520 --> 00:31:45,490

just just again you know of course we

730

00:31:50,910 --> 00:31:47,530

got to bring Barry on as well but yeah

731

00:31:53,100 --> 00:31:50,920

go ahead if you would yeah well I'll try

732

00:31:57,000 --> 00:31:53,110

to make it as short as a ten but the

733

00:32:00,510 --> 00:31:57,010

first two I was all by a half mile long

734

00:32:03,450 --> 00:32:00,520

pier jutting out into the Chesapeake Bay

735

00:32:06,960 --> 00:32:03,460

where I lived at the time when I solved

736

00:32:09,270 --> 00:32:06,970

it it was right across the way from the

737

00:32:11,100 --> 00:32:09,280

Patuxent Naval Air Station where the

738

00:32:14,880 --> 00:32:11,110

astronauts still trained to this day

739

00:32:18,630 --> 00:32:14,890

this is the summer 1955 I saw this huge

740

00:32:22,350 --> 00:32:18,640

object that came in out of the bay and

741

00:32:25,710 --> 00:32:22,360

then went down into the water and came

742

00:32:27,870 --> 00:32:25,720

back up and flew over the pier where I

743

00:32:30,960 --> 00:32:27,880

was standing and I was alone of the

744

00:32:34,260 --> 00:32:30,970

period was late at night and unloaded a

745

00:32:36,810 --> 00:32:34,270

bunch of water all over me and then flew

746

00:32:39,690 --> 00:32:36,820

away now I checked at the Patuxent Naval

747

00:32:41,960 --> 00:32:39,700

Air Station the next day and they said

748

00:32:45,560 --> 00:32:41,970

they had nothing like that up and flying

749

00:32:54,450 --> 00:32:45,570

but the second report that I had was in

750

00:32:56,700 --> 00:32:54,460

April of 1960 that no April 1959 just

751  
00:33:01,410 --> 00:32:56,710  
before I was the enter of the army and I

752  
00:33:03,540 --> 00:33:01,420  
was coming down from my music lessons of

753  
00:33:08,280 --> 00:33:03,550  
the Peabody Conservatory American huh

754  
00:33:10,650 --> 00:33:08,290  
and in Baltimore and I having to see

755  
00:33:13,830 --> 00:33:10,660  
this large object that was in the sky

756  
00:33:15,570 --> 00:33:13,840  
and there hovered over a barn and then

757  
00:33:18,660 --> 00:33:15,580  
while it was hovering over a barn

758  
00:33:21,650 --> 00:33:18,670  
another object came and joined it then

759  
00:33:24,210 --> 00:33:21,660  
the two objects made lightning-quick

760  
00:33:27,240 --> 00:33:24,220  
traverses the course described as flying

761  
00:33:30,380 --> 00:33:27,250  
back and forth it almost like they were

762  
00:33:34,890 --> 00:33:30,390  
they were playing celestial pinball or

763  
00:33:37,740 --> 00:33:34,900

something and then it stopped again and

764

00:33:40,890 --> 00:33:37,750

then over another barn on the left side

765

00:33:43,050 --> 00:33:40,900

of the of the road and then the smaller

766

00:33:45,750 --> 00:33:43,060

object went up and seemed to merge with

767

00:33:46,510 --> 00:33:45,760

the larger what I would call a mother

768

00:33:49,600 --> 00:33:46,520

object

769

00:33:53,049 --> 00:33:49,610

and then the third sighting I had was

770

00:33:55,419 --> 00:33:53,059

just before I entered the army in 1959

771

00:33:59,110 --> 00:33:55,429

which I saw this large cigar shaped

772

00:34:01,510 --> 00:33:59,120

object over the Patuxent River and that

773

00:34:03,370 --> 00:34:01,520

was joined by three other objects and

774

00:34:07,330 --> 00:34:03,380

then all of the objects took off

775

00:34:11,109 --> 00:34:07,340

straight up into the air and disappeared

776

00:34:14,379 --> 00:34:11,119

disappeared incredible speeds so now

777

00:34:16,750 --> 00:34:14,389

it's very stern yeah right all right you

778

00:34:18,909 --> 00:34:16,760

heard you heard him Barry your

779

00:34:20,590 --> 00:34:18,919

background please and you you and I are

780

00:34:23,290 --> 00:34:20,600

not really that far apart and I do want

781

00:34:25,869 --> 00:34:23,300

to say that eventually I'm gonna we'll

782

00:34:28,330 --> 00:34:25,879

do the show and together I'll come down

783

00:34:30,690 --> 00:34:28,340

him to where you live and we'll we'll do

784

00:34:33,820 --> 00:34:30,700

a video of YouTube and then audio

785

00:34:36,159 --> 00:34:33,830

podcasts together at some point well

786

00:34:38,230 --> 00:34:36,169

yeah your next town over from me where

787

00:34:40,899 --> 00:34:38,240

you work I understand right a lot of the

788

00:34:44,379 --> 00:34:40,909

time yes mm-hmm yeah once a week right

789

00:34:46,540 --> 00:34:44,389

well there's first sighting reports go I

790

00:34:49,389 --> 00:34:46,550

can't really attribute my interest to

791

00:34:52,359 --> 00:34:49,399

any particular UFO sightings I've seen

792

00:34:55,210 --> 00:34:52,369

lights in the sky and they're odd but

793

00:34:58,300 --> 00:34:55,220

certainly nothing dramatic as Gordon

794

00:35:01,510 --> 00:34:58,310

describes but it seemed like I had a

795

00:35:04,060 --> 00:35:01,520

hardwired interest in space mysteries

796

00:35:06,700 --> 00:35:04,070

and space travel I was growing up during

797

00:35:09,760 --> 00:35:06,710

the mercury era and the first rocket

798

00:35:13,270 --> 00:35:09,770

launches of men into space and I was

799

00:35:17,250 --> 00:35:13,280

fascinated with that but UFOs really

800

00:35:20,230 --> 00:35:17,260

didn't touch on me until about 1964 when

801  
00:35:23,080 --> 00:35:20,240  
there was a widely reported incident at

802  
00:35:25,090 --> 00:35:23,090  
Socorro New Mexico mm-hmm and it hit the

803  
00:35:28,560 --> 00:35:25,100  
papers and they looked at it and they

804  
00:35:32,130 --> 00:35:28,570  
said well a police officer sees a

805  
00:35:35,050 --> 00:35:32,140  
egg-shaped object with men around it and

806  
00:35:36,820 --> 00:35:35,060  
and it's treated in the press like a

807  
00:35:40,359 --> 00:35:36,830  
very serious incident and I thought

808  
00:35:44,230 --> 00:35:40,369  
either for the first time there were

809  
00:35:46,950 --> 00:35:44,240  
credible individuals involved with the

810  
00:35:49,420 --> 00:35:46,960  
subject I that was too young then they

811  
00:35:51,609 --> 00:35:49,430  
couldn't remember anything much from the

812  
00:35:57,270 --> 00:35:51,619  
50s but that was the first really

813  
00:35:59,530 --> 00:35:57,280

impactful story on me so from then on I

814

00:36:02,500 --> 00:35:59,540

felt I had to look in

815

00:36:05,680 --> 00:36:02,510

this more and they assembled information

816

00:36:07,660 --> 00:36:05,690

on it and even though it was the sixties

817

00:36:11,290 --> 00:36:07,670

where there was a very large wave of

818

00:36:13,320 --> 00:36:11,300

sightings in the middle of the decade it

819

00:36:16,150 --> 00:36:13,330

wasn't always easy to find information

820

00:36:18,670 --> 00:36:16,160

especially older information on it so I

821

00:36:23,920 --> 00:36:18,680

hit libraries and and wherever I could

822

00:36:28,750 --> 00:36:23,930

do bone up on the subject and over time

823

00:36:30,520 --> 00:36:28,760

I fell it's not so easy to find material

824

00:36:34,000 --> 00:36:30,530

on this I have to do something about

825

00:36:36,940 --> 00:36:34,010

that and I I thought of collecting the

826

00:36:39,240 --> 00:36:36,950

literature on the subject and putting it

827

00:36:43,180 --> 00:36:39,250

under one umbrella which meant my home

828

00:36:47,050 --> 00:36:43,190

and trying to figure this out so that's

829

00:36:49,690 --> 00:36:47,060

what got me started into not only

830

00:36:55,180 --> 00:36:49,700

inquiries into the subject but trying to

831

00:36:57,460 --> 00:36:55,190

document much of it and 1964 the socorro

832

00:37:00,660 --> 00:36:57,470

that was a that was definitely one to

833

00:37:03,430 --> 00:37:00,670

get anyone started on the subject

834

00:37:07,180 --> 00:37:03,440

ray-ray Stanford listens to the show he

835

00:37:09,310 --> 00:37:07,190

may be listening tonight and um he was

836

00:37:12,310 --> 00:37:09,320

instrumental in getting that story out

837

00:37:14,770 --> 00:37:12,320

he was there right after and yeah that

838

00:37:17,950 --> 00:37:14,780

is that is one of the top stories I

839

00:37:20,290 --> 00:37:17,960

think and I'm sure sparked a lot of

840

00:37:23,770 --> 00:37:20,300

people's interest like you said such a

841

00:37:25,750 --> 00:37:23,780

credible witness someone that didn't

842

00:37:32,320 --> 00:37:25,760

want to be a witness obviously it was

843

00:37:36,250 --> 00:37:32,330

very obvious yeah to the subject after

844

00:37:38,770 --> 00:37:36,260

us occur or 6566 there are huge waves

845

00:37:40,960 --> 00:37:38,780

and and it really brought the subject

846

00:37:43,990 --> 00:37:40,970

into the forefront right Gordon Gordon

847

00:37:47,160 --> 00:37:44,000

did you want to say something we trying

848

00:37:50,500 --> 00:37:47,170

to dissect motion there completely

849

00:37:52,890 --> 00:37:50,510

because I have a full chapter in my book

850

00:37:56,170 --> 00:37:52,900

flying saucers from beyond the earth

851  
00:37:59,680 --> 00:37:56,180  
about the Socorro case and that was one

852  
00:38:03,300 --> 00:37:59,690  
case that nature Keough then along with

853  
00:38:07,660 --> 00:38:03,310  
the Barney and Betty hill case of 1961

854  
00:38:09,340 --> 00:38:07,670  
okay and one was an abduction case and

855  
00:38:12,170 --> 00:38:09,350  
the other was seeing these creatures

856  
00:38:16,160 --> 00:38:12,180  
beside this saucer that

857  
00:38:18,799 --> 00:38:16,170  
at least the coil policeman so that was

858  
00:38:21,170 --> 00:38:18,809  
very impressive even keel was impressed

859  
00:38:23,510 --> 00:38:21,180  
by it but he didn't want the word to get

860  
00:38:26,900 --> 00:38:23,520  
out about these cases because he was

861  
00:38:28,970 --> 00:38:26,910  
trying so hard to try to get Congress to

862  
00:38:32,420 --> 00:38:28,980  
take a serious interest in the subject

863  
00:38:36,680 --> 00:38:32,430

hmm wow that's interesting

864

00:38:41,329 --> 00:38:36,690

so Barry going back to you just

865

00:38:44,240 --> 00:38:41,339

mentioned it was active in 1965 or now I

866

00:38:46,940 --> 00:38:44,250

don't know if you were always in New

867

00:38:49,880 --> 00:38:46,950

England like you are now but I do recall

868

00:38:53,180 --> 00:38:49,890

a bit a little bit younger than you and

869

00:38:55,430 --> 00:38:53,190

I but I do recall in like the mid-60s

870

00:38:57,140 --> 00:38:55,440

that there was kind of something going

871

00:39:01,870 --> 00:38:57,150

on in New England I want to I want to

872

00:39:08,059 --> 00:39:01,880

call it a flap right he accurate yes yes

873

00:39:11,420 --> 00:39:08,069

my recollection was I started picking up

874

00:39:14,450 --> 00:39:11,430

several newspapers each day at the time

875

00:39:17,329 --> 00:39:14,460

to see if this topic was being covered

876

00:39:21,140 --> 00:39:17,339

in more detail and what I was able to

877

00:39:23,870 --> 00:39:21,150

find prior to that and I ran across in

878

00:39:26,990 --> 00:39:23,880

January of all times usually winters not

879

00:39:29,809 --> 00:39:27,000

a good time for UFO sightings but there

880

00:39:32,630 --> 00:39:29,819

was an outbreak of reports from Virginia

881

00:39:35,660 --> 00:39:32,640

and it was quite large it went on for

882

00:39:39,740 --> 00:39:35,670

several weeks the wire service was only

883

00:39:42,579 --> 00:39:39,750

touched on it in spurts but as I found

884

00:39:46,339 --> 00:39:42,589

out later it was a very widespread

885

00:39:48,799 --> 00:39:46,349

sighting flap and that seemed to

886

00:39:50,660 --> 00:39:48,809

generate more interest during that year

887

00:39:53,839 --> 00:39:50,670

so that I think when June and July

888

00:39:57,740 --> 00:39:53,849

rolled around the New England had an

889

00:40:00,620 --> 00:39:57,750

outbreak of reports and in conjunction

890

00:40:03,200 --> 00:40:00,630

with reports around the world but they

891

00:40:05,390 --> 00:40:03,210

were particularly focused in

892

00:40:07,970 --> 00:40:05,400

Massachusetts Rhode Island New Hampshire

893

00:40:11,059 --> 00:40:07,980

and and and they were covered by the

894

00:40:13,309 --> 00:40:11,069

local press now I'm gonna I'm gonna ask

895

00:40:17,569 --> 00:40:13,319

up first you and then I'm gonna ask

896

00:40:21,200 --> 00:40:17,579

Gordon this story it's because I know of

897

00:40:24,079 --> 00:40:21,210

a situation in Massachusetts where they

898

00:40:26,120 --> 00:40:24,089

saw a triangle early on a triangle UFO

899

00:40:28,460 --> 00:40:26,130

so very first to you

900

00:40:31,940 --> 00:40:28,470

when is the first time you ever heard of

901  
00:40:36,710 --> 00:40:31,950  
that configuration as far as a UFO and a

902  
00:40:39,559 --> 00:40:36,720  
triangular form triangular I probably

903  
00:40:42,859 --> 00:40:39,569  
heard of the shape going way back even

904  
00:40:45,499 --> 00:40:42,869  
into the 50s but I might be pressed

905  
00:40:48,259 --> 00:40:45,509  
right now to pick a particular incident

906  
00:40:51,460 --> 00:40:48,269  
I recall hearing about all sorts of

907  
00:40:54,589 --> 00:40:51,470  
shapes being spotted there was one in

908  
00:40:58,910 --> 00:40:54,599  
Brockton mass back in this meet see it

909  
00:41:02,630 --> 00:40:58,920  
was early 80s or so an object shaped

910  
00:41:05,509 --> 00:41:02,640  
like a home plate in baseball was seen

911  
00:41:07,400 --> 00:41:05,519  
by two reporters right talked about on

912  
00:41:09,259 --> 00:41:07,410  
the news yeah that's right there they

913  
00:41:11,839 --> 00:41:09,269

were both together the reporters were

914

00:41:14,210 --> 00:41:11,849

together they were I don't know I want

915

00:41:15,259 --> 00:41:14,220

to say not coming from a bar or

916

00:41:17,380 --> 00:41:15,269

something but they were coming from

917

00:41:20,120 --> 00:41:17,390

somewhere I do remember that story yes

918

00:41:21,950 --> 00:41:20,130

yeah really picture of it there was a

919

00:41:24,440 --> 00:41:21,960

picture of it right like the home plate

920

00:41:26,479 --> 00:41:24,450

for sure yeah that's and yes it was and

921

00:41:28,339 --> 00:41:26,489

it was in the Brockton paper too and it

922

00:41:29,749 --> 00:41:28,349

got a lot of attention for them at the

923

00:41:32,089 --> 00:41:29,759

time not all of it

924

00:41:35,420 --> 00:41:32,099

wanted I guess because as usual there

925

00:41:37,999 --> 00:41:35,430

was ridicule from some quarters but the

926  
00:41:39,979 --> 00:41:38,009  
credibility of the guys was unquestioned

927  
00:41:43,999 --> 00:41:39,989  
they were very serious about it mm-hmm

928  
00:41:46,219 --> 00:41:44,009  
and Gordon what about what about you

929  
00:41:48,529 --> 00:41:46,229  
have you do you recall did you ever hear

930  
00:41:50,390 --> 00:41:48,539  
when you were involved I know you were

931  
00:41:55,039 --> 00:41:50,400  
involved early on what NICAP did you

932  
00:41:59,900 --> 00:41:55,049  
ever hear of a triangular form okay oh

933  
00:42:01,489 --> 00:41:59,910  
yes yeah yeah even that early and that

934  
00:42:05,630 --> 00:42:01,499  
there have been many triangular form

935  
00:42:09,769 --> 00:42:05,640  
sightings I can't I can't tell you all

936  
00:42:12,829 --> 00:42:09,779  
hand details of many of them because my

937  
00:42:14,599 --> 00:42:12,839  
elderly memory isn't is not what he used

938  
00:42:19,130 --> 00:42:14,609

to be but yeah I'm sure they were

939

00:42:22,969 --> 00:42:19,140

playing yeah but I didn't want to also

940

00:42:25,219 --> 00:42:22,979

recommend Barry's more clear intent

941

00:42:27,259 --> 00:42:25,229

which he wrote was Larry Fawcett called

942

00:42:29,989 --> 00:42:27,269

the government cover-up of the UFO

943

00:42:32,569 --> 00:42:29,999

experience which Mary's doing a

944

00:42:35,359 --> 00:42:32,579

wonderful job of archiving the UFO topic

945

00:42:38,809 --> 00:42:35,369

as well so I just wanted to get that in

946

00:42:39,770 --> 00:42:38,819

but yes Thank You Gordon they're shaped

947

00:42:42,710 --> 00:42:39,780

cases

948

00:42:46,760 --> 00:42:42,720

yeah the reason the reason I was

949

00:42:48,440 --> 00:42:46,770

basically bringing that up to to both of

950

00:42:50,450 --> 00:42:48,450

you is because you know a lot of people

951  
00:42:52,400 --> 00:42:50,460  
will say today when the topic of

952  
00:42:54,830 --> 00:42:52,410  
triangle UFOs comes up they'll say well

953  
00:42:59,090 --> 00:42:54,840  
it's a most likely a secret government

954  
00:43:01,880 --> 00:42:59,100  
project and you know but you have to

955  
00:43:03,920 --> 00:43:01,890  
discount that when you go back to the

956  
00:43:06,980 --> 00:43:03,930  
decades back because the technology

957  
00:43:10,970 --> 00:43:06,990  
obviously hasn't hasn't shown it's well

958  
00:43:14,920 --> 00:43:10,980  
I'll say this about it I don't recall

959  
00:43:17,390 --> 00:43:14,930  
it being a dominant theme back then hmm

960  
00:43:21,850 --> 00:43:17,400  
yeah I wasn't around in the 50s but the

961  
00:43:24,200 --> 00:43:21,860  
60s I recall flying saucers flying discs

962  
00:43:26,960 --> 00:43:24,210  
formations of objects and all they were

963  
00:43:29,720 --> 00:43:26,970

generally egg-shaped a roundish or disc

964

00:43:35,470 --> 00:43:29,730

shaped triangles were rather scarce

965

00:43:40,100 --> 00:43:35,480

moran till much later right yeah right

966

00:43:41,720 --> 00:43:40,110

so re gordon so to you talk a little bit

967

00:43:44,570 --> 00:43:41,730

about what it was like being part of

968

00:43:46,990 --> 00:43:44,580

nightcap and and first of all what is

969

00:43:49,330 --> 00:43:47,000

nightcap stand for for the new listener

970

00:43:51,620 --> 00:43:49,340

it stands for the National

971

00:43:54,770 --> 00:43:51,630

investigations committee on aerial

972

00:43:57,110 --> 00:43:54,780

phenomena and it was a co-founded by

973

00:43:59,560 --> 00:43:57,120

major Donnelly Kehoe wrote the first

974

00:44:05,030 --> 00:43:59,570

article in the first book on the subject

975

00:44:09,740 --> 00:44:05,040

in late 1956 and then he took over as

976

00:44:13,640 --> 00:44:09,750

the director of nightcap and and in

977

00:44:18,050 --> 00:44:13,650

January of 1957 and remained in that

978

00:44:22,460 --> 00:44:18,060

position until I think we were ousted by

979

00:44:25,000 --> 00:44:22,470

a CIA influences at the end of 1969 at

980

00:44:29,890 --> 00:44:25,010

least Kehoe and I were summarily fired

981

00:44:32,420 --> 00:44:29,900

back to then well and so that's pretty

982

00:44:36,290 --> 00:44:32,430

that's pretty much it as far as that

983

00:44:38,630 --> 00:44:36,300

particular situation goes you know now

984

00:44:42,500 --> 00:44:38,640

when that high degree is go ahead Rocio

985

00:44:46,510 --> 00:44:42,510

and also I like to mention dr. James E

986

00:44:49,040 --> 00:44:46,520

McDonald to UM ranked lowest and then

987

00:44:53,180 --> 00:44:49,050

McDonald was certainly he gave up a

988

00:44:57,500 --> 00:44:53,190

lucrative career to pretty much so

989

00:45:01,400 --> 00:44:57,510

hiko to become a real real icon and the

990

00:45:05,210 --> 00:45:01,410

UFO subject as well yeah that was a sad

991

00:45:06,040 --> 00:45:05,220

day when he had early passing I know I

992

00:45:09,559 --> 00:45:06,050

know

993

00:45:11,630 --> 00:45:09,569

unfortunately he and I guess the bipolar

994

00:45:18,730 --> 00:45:11,640

problem and committed suicide

995

00:45:24,559 --> 00:45:18,740

and ruffles excellent book firestorm

996

00:45:26,210 --> 00:45:24,569

tells a story of MacDonald and if I'm

997

00:45:30,290 --> 00:45:26,220

sure it's still being sold out there

998

00:45:32,720 --> 00:45:30,300

somewhere yes I had um Alison her

999

00:45:34,849 --> 00:45:32,730

daughter on the show what an interesting

1000

00:45:36,800 --> 00:45:34,859

family they have and she was telling

1001

00:45:38,809 --> 00:45:36,810

stories about growing up and you know

1002

00:45:41,180 --> 00:45:38,819

answering the phone and up that's for

1003

00:45:44,210 --> 00:45:41,190

you mom you know someone was talking

1004

00:45:46,970 --> 00:45:44,220

about aliens in their backyard I think I

1005

00:45:50,510 --> 00:45:46,980

spent many a day at her beautiful home

1006

00:45:53,180 --> 00:45:50,520

in Pasadena California helping her with

1007

00:45:55,480 --> 00:45:53,190

the Jim McDonald book Jim McDonald was

1008

00:46:00,140 --> 00:45:55,490

very good friend to myself and

1009

00:46:02,780 --> 00:46:00,150

particularly uh they call I don't think

1010

00:46:07,730 --> 00:46:02,790

he ho was in contact with him very much

1011

00:46:11,210 --> 00:46:07,740

but he had great respect and whatnot for

1012

00:46:13,099 --> 00:46:11,220

McDonald matter of fact McDonald wrote

1013

00:46:15,680 --> 00:46:13,109

the introduction to our project grudge

1014

00:46:18,589 --> 00:46:15,690

and blue book report first time I think

1015

00:46:25,970 --> 00:46:18,599

the Freedom of Information Act was ever

1016

00:46:28,490 --> 00:46:25,980

used to in a UFO context interesting so

1017

00:46:32,089 --> 00:46:28,500

while I have you that I'm speaking with

1018

00:46:35,240 --> 00:46:32,099

you right now what happened after you

1019

00:46:37,280 --> 00:46:35,250

were fired what did you do did you still

1020

00:46:41,030 --> 00:46:37,290

stay interested in the field or did that

1021

00:46:46,190 --> 00:46:41,040

tarnish it well it tarnished it a little

1022

00:46:48,230 --> 00:46:46,200

bit but I recovered Oh a few of it a few

1023

00:46:50,870 --> 00:46:48,240

months later and started my own

1024

00:46:54,790 --> 00:46:50,880

organization called the youth UFO

1025

00:46:57,589 --> 00:46:54,800

research associates you for and and

1026

00:47:01,040 --> 00:46:57,599

Barry Green was kind enough to say that

1027

00:47:04,609 --> 00:47:01,050

he had every copy of youthful for the

1028

00:47:06,530 --> 00:47:04,619

next ten years and scandal men and miss

1029

00:47:10,640 --> 00:47:06,540

keep them keeping them for

1030

00:47:13,730 --> 00:47:10,650

future research by UFO researchers and

1031

00:47:20,210 --> 00:47:13,740

investigators which I was very grateful

1032

00:47:22,760 --> 00:47:20,220

for well interesting and so a lot has

1033

00:47:25,670 --> 00:47:22,770

changed I guess this is a question for

1034

00:47:30,170 --> 00:47:25,680

both of you that I'm going to ask a lot

1035

00:47:33,530 --> 00:47:30,180

has changed I think in this field just

1036

00:47:35,870 --> 00:47:33,540

over the last year since some what do

1037

00:47:38,300 --> 00:47:35,880

you both think about one at a time but

1038

00:47:41,870 --> 00:47:38,310

what do you think about the Pentagon

1039

00:47:45,680 --> 00:47:41,880

actually admitting their research into

1040

00:47:47,570 --> 00:47:45,690

the UFO topic you mean the 80 IP

1041

00:47:50,870 --> 00:47:47,580

business yeah yeah what do you think of

1042

00:47:54,950 --> 00:47:50,880

that yeah it's an interesting

1043

00:47:58,280 --> 00:47:54,960

development there have been many many

1044

00:48:01,540 --> 00:47:58,290

false alarms in the past about large UFO

1045

00:48:04,520 --> 00:48:01,550

revelations from government mm-hmm so I

1046

00:48:07,640 --> 00:48:04,530

approach this the same way with a bit of

1047

00:48:11,240 --> 00:48:07,650

caution as to where the information was

1048

00:48:13,850 --> 00:48:11,250

coming from and and where it might be

1049

00:48:16,070 --> 00:48:13,860

going it I mean on the surface it seems

1050

00:48:18,970 --> 00:48:16,080

credible because you had a guy who was

1051  
00:48:23,840 --> 00:48:18,980  
probably involved with this organization

1052  
00:48:28,360 --> 00:48:23,850  
inside Louie Elizondo and and you had

1053  
00:48:32,450 --> 00:48:28,370  
several videos involving Navy personnel

1054  
00:48:35,600 --> 00:48:32,460  
spotting strange objects and all and new

1055  
00:48:37,460 --> 00:48:35,610  
york times covered it the times

1056  
00:48:40,460 --> 00:48:37,470  
historically has been very skeptical

1057  
00:48:42,950 --> 00:48:40,470  
about ufos so it was rather interesting

1058  
00:48:46,880 --> 00:48:42,960  
that they would choose that topic at

1059  
00:48:49,940 --> 00:48:46,890  
that time it suggested that this was a

1060  
00:48:51,830 --> 00:48:49,950  
very credible story and it seems like it

1061  
00:48:54,110 --> 00:48:51,840  
but there are also questions that have

1062  
00:48:57,890 --> 00:48:54,120  
to be asked about these developments

1063  
00:49:00,970 --> 00:48:57,900

because i'm still not satisfied as to

1064

00:49:03,710 --> 00:49:00,980

the provenance of the story that was a

1065

00:49:08,330 --> 00:49:03,720

important thing for me when I had done

1066

00:49:10,370 --> 00:49:08,340

clear intent in 1984 where we were

1067

00:49:13,370 --> 00:49:10,380

gathering documents from government

1068

00:49:17,810 --> 00:49:13,380

agencies and and we had to assure the

1069

00:49:19,880 --> 00:49:17,820

public that these were not false papers

1070

00:49:22,819 --> 00:49:19,890

from whoever if we in

1071

00:49:25,670 --> 00:49:22,829

assisted on cover letters and in a clear

1072

00:49:29,779 --> 00:49:25,680

line of succession for where these

1073

00:49:33,049 --> 00:49:29,789

things came from in in the case of AAT

1074

00:49:36,049 --> 00:49:33,059

IP and all if there's some line of

1075

00:49:41,569 --> 00:49:36,059

succession but it's it's broken

1076

00:49:44,269 --> 00:49:41,579

there's still things unsaid like the the

1077

00:49:46,609 --> 00:49:44,279

FOIA requests that were put in for these

1078

00:49:51,980 --> 00:49:46,619

and had them release but we're not clear

1079

00:49:55,039 --> 00:49:51,990

on how far back they go into the agency

1080

00:49:57,680 --> 00:49:55,049

and and why the decisions were made to

1081

00:49:59,839 --> 00:49:57,690

release those and several of the films

1082

00:50:02,180 --> 00:49:59,849

seem to have been out prior to the time

1083

00:50:04,970 --> 00:50:02,190

when for your requests were made so I

1084

00:50:07,609 --> 00:50:04,980

have questions about that they turned up

1085

00:50:12,460 --> 00:50:07,619

on websites when overseas I understand

1086

00:50:15,829 --> 00:50:12,470

Germany yeah yeah and then the paperwork

1087

00:50:20,029 --> 00:50:15,839

official documents on this I think one

1088

00:50:24,319 --> 00:50:20,039

was really 1910 it's called the D and

1089

00:50:26,630 --> 00:50:24,329

Brian right yeah and there was an

1090

00:50:30,140 --> 00:50:26,640

executive summary that was issued which

1091

00:50:33,380 --> 00:50:30,150

again seems interesting on the surface

1092

00:50:35,539 --> 00:50:33,390

but it lacked that cover story the cover

1093

00:50:37,910 --> 00:50:35,549

letter that we we always wanted for

1094

00:50:40,690 --> 00:50:37,920

these documents and I'd really like to

1095

00:50:44,120 --> 00:50:40,700

know where these things came from first

1096

00:50:46,609 --> 00:50:44,130

before having a much confidence in them

1097

00:50:51,079 --> 00:50:46,619

now these folks are going to have a

1098

00:50:54,620 --> 00:50:51,089

chance to give their case who's got

1099

00:50:56,359 --> 00:50:54,630

who's got the train that's Gordon that's

1100

00:51:02,299 --> 00:50:56,369

Gordon Gordon can hitch a mute on your

1101

00:51:03,920 --> 00:51:02,309

phone please for a minute I thought that

1102

00:51:07,490 --> 00:51:03,930

I thought that was like a lunch break or

1103

00:51:08,900 --> 00:51:07,500

something Wow the whistle yeah Wow yeah

1104

00:51:10,940 --> 00:51:08,910

that was interesting anyway that this

1105

00:51:11,299 --> 00:51:10,950

series is coming on at the end of the

1106

00:51:12,470 --> 00:51:11,309

month

1107

00:51:15,859 --> 00:51:12,480

yes we're they're going to give their

1108

00:51:17,150 --> 00:51:15,869

case for all of this developing and now

1109

00:51:19,789 --> 00:51:17,160

they look forward to it

1110

00:51:25,910 --> 00:51:19,799

with two open eyes well I'll tell you I

1111

00:51:29,839 --> 00:51:25,920

am helped out the history that when you

1112

00:51:32,809 --> 00:51:29,849

get yeah so Gordon just one minute

1113

00:51:33,650 --> 00:51:32,819

so I help out the the History Channel

1114

00:51:35,270 --> 00:51:33,660

a little bit I'm gonna

1115

00:51:36,740 --> 00:51:35,280

help them promote this and the producer

1116

00:51:41,109 --> 00:51:36,750

that's going to be on the show and

1117

00:51:44,420 --> 00:51:41,119

hopefully Lu Elizondo will be on in

1118

00:51:47,390 --> 00:51:44,430

within a few months attempting to do

1119

00:51:50,359 --> 00:51:47,400

that and I would like to be able to ask

1120

00:51:51,950 --> 00:51:50,369

him those hard questions because uh you

1121

00:51:55,160 --> 00:51:51,960

know I get a lot of email from a lot of

1122

00:51:57,380 --> 00:51:55,170

people and on this and I really would

1123

00:52:00,349 --> 00:51:57,390

like to know that we're not being led

1124

00:52:02,420 --> 00:52:00,359

down some path but I was also getting to

1125

00:52:05,809 --> 00:52:02,430

the point where the History Channel has

1126  
00:52:08,680 --> 00:52:05,819  
given me a screener login and all that

1127  
00:52:11,900 --> 00:52:08,690  
so I watched the first episode of

1128  
00:52:14,450 --> 00:52:11,910  
unidentified and it's really the best

1129  
00:52:16,640 --> 00:52:14,460  
show that I've actually seen on UFOs on

1130  
00:52:18,410 --> 00:52:16,650  
TV I think I was really really happy

1131  
00:52:20,750 --> 00:52:18,420  
after I watched it I mean that it was so

1132  
00:52:23,839 --> 00:52:20,760  
well done it's just extremely well done

1133  
00:52:25,039 --> 00:52:23,849  
and it's it's fascinating them the shows

1134  
00:52:29,410 --> 00:52:25,049  
really good I think it's going to be

1135  
00:52:39,019 --> 00:52:33,109  
not again but is that the one that Tom

1136  
00:52:39,700 --> 00:52:39,029  
DeLonge of the bling was was excited

1137  
00:52:45,549 --> 00:52:39,710  
about

1138  
00:52:48,950 --> 00:52:45,559

well you identified inside America's UFO

1139

00:52:50,750 --> 00:52:48,960

investigation yeah but you can take K

1140

00:52:52,910 --> 00:52:50,760

you can sort of take Tom DeLonge out of

1141

00:52:55,039 --> 00:52:52,920

the picture a little bit you know I mean

1142

00:52:58,279 --> 00:52:55,049

he is yes he is instrumental and a lot

1143

00:53:00,200 --> 00:52:58,289

of things but he is in the in the story

1144

00:53:02,839 --> 00:53:00,210

just a little bit here and there he's on

1145

00:53:07,130 --> 00:53:02,849

the show just a little bit but but he

1146

00:53:12,019 --> 00:53:07,140

also he you know because of the issue

1147

00:53:14,059 --> 00:53:12,029

that he had on an interview if that

1148

00:53:15,829 --> 00:53:14,069

didn't go well he's kind of kept in the

1149

00:53:19,490 --> 00:53:15,839

with Joe Rogan he's kind of kept in the

1150

00:53:21,500 --> 00:53:19,500

background a little bit so but ya know

1151  
00:53:24,260 --> 00:53:21,510  
we are gonna go to break and how the

1152  
00:53:26,630 --> 00:53:24,270  
breaks gonna work here is if you two

1153  
00:53:28,250 --> 00:53:26,640  
gentlemen could mute your mute your

1154  
00:53:31,160 --> 00:53:28,260  
phone for a few minutes I'm going to

1155  
00:53:32,690 --> 00:53:31,170  
play that clip you you gentlemen will

1156  
00:53:34,519 --> 00:53:32,700  
not be able to hear the clip at all

1157  
00:53:35,900 --> 00:53:34,529  
that's why I'm gonna ask you to meet

1158  
00:53:37,760 --> 00:53:35,910  
your phone's until you hear me talk

1159  
00:53:41,510 --> 00:53:37,770  
again but we're gonna go to break right

1160  
00:53:44,420 --> 00:53:41,520  
now so over at kgr a radio thank you so

1161  
00:53:49,220 --> 00:53:44,430  
much and hang in we'll be right back

1162  
00:53:53,580 --> 00:53:51,720  
we're clear Barton we've got four

1163  
00:53:55,200 --> 00:53:53,590

minutes in this break four minutes okay

1164

00:53:57,390 --> 00:53:55,210

I'm gonna play the clip so you guys go

1165

00:53:59,490 --> 00:53:57,400

ahead and mute and this clip what I

1166

00:54:03,810 --> 00:53:59,500

wanted to to do to give a little bit of

1167

00:54:06,120 --> 00:54:03,820

an intro is Stanton Friedman

1168

00:54:11,010 --> 00:54:06,130

I called him right before I did an April

1169

00:54:15,720 --> 00:54:11,020

Fool's website joke in the UFO field so

1170

00:54:17,250 --> 00:54:15,730

this is the clip so take a listen to it

1171

00:54:20,070 --> 00:54:17,260

it's pretty funny actually

1172

00:54:22,890 --> 00:54:20,080

I asked up Stanton to give me a April

1173

00:54:23,430 --> 00:54:22,900

Fool's show a little clip and this is

1174

00:54:25,980 --> 00:54:23,440

what he did

1175

00:54:28,470 --> 00:54:25,990

hi Stan how you doing thanks for coming

1176

00:54:30,240 --> 00:54:28,480

back on the show well I'm glad to be on

1177

00:54:32,670 --> 00:54:30,250

I just want to make sure everybody

1178

00:54:36,270 --> 00:54:32,680

realizes but yeah there really aren't

1179

00:54:39,210 --> 00:54:36,280

any unidentified flying objects all

1180

00:54:42,480 --> 00:54:39,220

right that's that's a great story it's

1181

00:54:45,360 --> 00:54:42,490

exciting but it's fiction you know that

1182

00:54:47,910 --> 00:54:45,370

I know that what the heck you mean all

1183

00:54:49,740 --> 00:54:47,920

these years Stan hey did I tell you I

1184

00:54:52,320 --> 00:54:49,750

won an Academy Award for acting

1185

00:54:54,480 --> 00:54:52,330

what about Roswell we were just talking

1186

00:54:56,670 --> 00:54:54,490

about Roswell hey they needed a new

1187

00:54:59,760 --> 00:54:56,680

industry down there the museum has

1188

00:55:01,860 --> 00:54:59,770

filled the needs of the town they've got

1189

00:55:04,410 --> 00:55:01,870

new motels new businesses it's a

1190

00:55:06,270 --> 00:55:04,420

successful retirement community all

1191

00:55:08,430 --> 00:55:06,280

thanks to me and they don't even pay me

1192

00:55:10,860 --> 00:55:08,440

a share of the profits for my stories

1193

00:55:14,160 --> 00:55:10,870

Wow what about the noisy negative

1194

00:55:16,770 --> 00:55:14,170

whatever you always say well there are

1195

00:55:18,480 --> 00:55:16,780

noisy negative is out there but that's

1196

00:55:20,550 --> 00:55:18,490

beside the point there are many other

1197

00:55:23,520 --> 00:55:20,560

cases that are great we don't need

1198

00:55:26,600 --> 00:55:23,530

Roswell nice town nice place to visit

1199

00:55:29,910 --> 00:55:26,610

gets hotter than heck in the summer but

1200

00:55:32,550 --> 00:55:29,920

you know if you want an honest education

1201  
00:55:35,550 --> 00:55:32,560  
go to a real school or a real museum

1202  
00:55:37,860 --> 00:55:35,560  
okay so what you're basically saying is

1203  
00:55:39,570 --> 00:55:37,870  
flying saucers aren't real

1204  
00:55:41,580 --> 00:55:39,580  
is that right they're not real in the

1205  
00:55:44,490 --> 00:55:41,590  
sense that the noisy negative is talk

1206  
00:55:46,110 --> 00:55:44,500  
about them that's for sure okay well you

1207  
00:55:48,240 --> 00:55:46,120  
heard it from the horse's mouth everyone

1208  
00:55:51,270 --> 00:55:48,250  
go home this has all been just a bunch

1209  
00:55:54,270 --> 00:55:51,280  
of bull anyway last podcasts thanks for

1210  
00:55:56,070 --> 00:55:54,280  
listening guys this is it goodbye let's

1211  
00:55:57,520 --> 00:55:56,080  
see does anyone have a podcast on

1212  
00:56:01,960 --> 00:55:57,530  
leprechauns

1213  
00:56:05,620 --> 00:56:01,970

I'm gonna check that all right and

1214

00:56:08,380 --> 00:56:05,630

welcome back so this is Martin Willis

1215

00:56:11,770 --> 00:56:08,390

podcast UFO and my guests are Gordon lor

1216

00:56:17,200 --> 00:56:11,780

and Barry Greenwood Gordon I would like

1217

00:56:19,210 --> 00:56:17,210

to ask you to talk about Frederick dr.

1218

00:56:25,750 --> 00:56:19,220

Frederick Warde way can you talk about

1219

00:56:28,660 --> 00:56:25,760

him by saying if Barry thinks I'm the

1220

00:56:38,710 --> 00:56:28,670

fountain of UFO information and I think

1221

00:56:42,700 --> 00:56:38,720

of him as the Pacific Ocean yeah yeah I

1222

00:56:46,420 --> 00:56:42,710

dad dot I met Frederick Norway in 1967

1223

00:56:50,890 --> 00:56:46,430

he had called up asking to meet with

1224

00:56:54,100 --> 00:56:50,900

Kehoe the Kehoe was lived a hundred

1225

00:56:56,680 --> 00:56:54,110

miles away in Luray Virginia and

1226

00:57:00,730 --> 00:56:56,690

couldn't get up there at the time that

1227

00:57:06,780 --> 00:57:00,740

the Ordway was there and so Ordway took

1228

00:57:09,970 --> 00:57:06,790

me out to lunch and we he said that

1229

00:57:14,440 --> 00:57:09,980

stanley kubrick who was doing the film

1230

00:57:20,260 --> 00:57:14,450

that a huge set and i think was in

1231

00:57:23,500 --> 00:57:20,270

london and he wanted to know why or how

1232

00:57:27,430 --> 00:57:23,510

it could possibly be that astronauts

1233

00:57:31,480 --> 00:57:27,440

could could make long journeys into

1234

00:57:33,880 --> 00:57:31,490

space and still be alive and well by the

1235

00:57:38,050 --> 00:57:33,890

time they got there and that's a time

1236

00:57:43,090 --> 00:57:38,060

now remember this 167 when the idea of

1237

00:57:45,580 --> 00:57:43,100

cryonic internment was first considered

1238

00:57:48,610 --> 00:57:45,590

and even the Ted Williams a great

1239

00:57:52,150 --> 00:57:48,620

baseball player was was chronically

1240

00:57:55,300 --> 00:57:52,160

interred in other words deep frozen so

1241

00:57:58,000 --> 00:57:55,310

that sometime in the future when a a

1242

00:58:01,230 --> 00:57:58,010

cure for a particular disease was found

1243

00:58:04,150 --> 00:58:01,240

they could be fought out and actually

1244

00:58:06,640 --> 00:58:04,160

revived and brought back to life of

1245

00:58:09,670 --> 00:58:06,650

course that never happened but the thing

1246

00:58:10,930 --> 00:58:09,680

is that that I mentioned that doorway I

1247

00:58:14,500 --> 00:58:10,940

mean he like

1248

00:58:16,120 --> 00:58:14,510

show them that doctor that one of the

1249

00:58:20,920 --> 00:58:16,130

members of our subcommittee in Los

1250

00:58:27,040 --> 00:58:20,930

Angeles was interested in the subject of

1251

00:58:29,260 --> 00:58:27,050

scientists out there and that he could

1252

00:58:30,790 --> 00:58:29,270

maybe talk with him and my understanding

1253

00:58:35,980 --> 00:58:30,800

was that all the way through out there

1254

00:58:38,800 --> 00:58:35,990

met with this person and got some

1255

00:58:42,640 --> 00:58:38,810

information on his ideas of how that

1256

00:58:46,480 --> 00:58:42,650

might be possible in the future of using

1257

00:58:49,660 --> 00:58:46,490

cryonic and Turman and so that actually

1258

00:58:52,510 --> 00:58:49,670

showed up in the first part of the film

1259

00:58:55,510 --> 00:58:52,520

remember when after the Blue Danube

1260

00:58:58,390 --> 00:58:55,520

Waltz stopped and he focused in on the

1261

00:59:01,120 --> 00:58:58,400

film and these these astronauts opening

1262

00:59:04,720 --> 00:59:01,130

coffin like containers and rising above

1263

00:59:08,319 --> 00:59:04,730

them and that was my minor contribution

1264

00:59:10,960 --> 00:59:08,329

to the film but I really enjoyed working

1265

00:59:15,460 --> 00:59:10,970

with Ordway and our way was the only

1266

00:59:18,700 --> 00:59:15,470

scientist credited in that whole film

1267

00:59:21,490 --> 00:59:18,710

this was before the days today you have

1268

00:59:24,670 --> 00:59:21,500

everybody including the waterboy

1269

00:59:27,750 --> 00:59:24,680

credited now but that wasn't the case

1270

00:59:30,220 --> 00:59:27,760

back then did we even say in the film

1271

00:59:33,339 --> 00:59:30,230

2001 a Space Odyssey we did say that

1272

00:59:38,099 --> 00:59:33,349

right that's correct

1273

00:59:42,010 --> 00:59:38,109

all right I just well it yeah April of

1274

00:59:44,650 --> 00:59:42,020

1968 yeah it's still considered by many

1275

00:59:47,559 --> 00:59:44,660

to be the greatest sci-fi film ever made

1276

00:59:51,099 --> 00:59:47,569

yeah I watched it like last year and it

1277

00:59:54,069 --> 00:59:51,109

still gave me like goosebumps certainty

1278

00:59:57,640 --> 00:59:54,079

I know yeah I know and and how the

1279

00:59:59,920 --> 00:59:57,650

computer is almost scary and the days

1280

01:00:03,190 --> 00:59:59,930

long before there is any such thing as

1281

01:00:05,980 --> 01:00:03,200

personal computers of course right right

1282

01:00:09,970 --> 01:00:05,990

yeah good stuff Wow

1283

01:00:14,260 --> 01:00:09,980

so Barry your turn I would like to ask

1284

01:00:15,910 --> 01:00:14,270

you what you would consider with all the

1285

01:00:18,490 --> 01:00:15,920

research that you have done what do you

1286

01:00:20,890 --> 01:00:18,500

consider you mentioned Socorro but other

1287

01:00:23,860 --> 01:00:20,900

other cases that you consider of high

1288

01:00:26,620 --> 01:00:23,870

value really high value I like them

1289

01:00:30,310 --> 01:00:26,630

oh yes you know any number of them that

1290

01:00:32,170 --> 01:00:30,320

come to mind they usually when I do an

1291

01:00:34,720 --> 01:00:32,180

interview with someone the one that

1292

01:00:38,170 --> 01:00:34,730

inevitably comes up is the level in

1293

01:00:41,620 --> 01:00:38,180

Texas story and and not for the reason

1294

01:00:43,900 --> 01:00:41,630

that it's it's proof or evidence of

1295

01:00:47,410 --> 01:00:43,910

extraterrestrial encounters but just the

1296

01:00:50,080 --> 01:00:47,420

sheer strangeness of the information and

1297

01:00:53,620 --> 01:00:50,090

the credibility of it it involved

1298

01:00:57,130 --> 01:00:53,630

multiple sightings of anywhere from a

1299

01:00:58,960 --> 01:00:57,140

smallish - up to 200 foot egg-shaped

1300

01:01:01,650 --> 01:00:58,970

objects that were being seen in

1301  
01:01:05,830 --> 01:01:01,660  
different locations around the city and

1302  
01:01:07,720 --> 01:01:05,840  
it was during thunderstorm activity so

1303  
01:01:10,540 --> 01:01:07,730  
you know the natural thing that would

1304  
01:01:12,970 --> 01:01:10,550  
come to mind would be is some sort of

1305  
01:01:15,730 --> 01:01:12,980  
natural electrical phenomenon a ball

1306  
01:01:18,820 --> 01:01:15,740  
lightning in fact and that that seems to

1307  
01:01:22,360 --> 01:01:18,830  
be what the Air Force felt about the

1308  
01:01:24,010 --> 01:01:22,370  
sightings but I think what escaped a lot

1309  
01:01:26,980 --> 01:01:24,020  
of people at the time and maybe even

1310  
01:01:29,410 --> 01:01:26,990  
still does is that to invoke ball

1311  
01:01:32,850 --> 01:01:29,420  
lightning as an explanation for an

1312  
01:01:35,590 --> 01:01:32,860  
aerial phenomenon is is just as odd as

1313  
01:01:38,770 --> 01:01:35,600

suggesting that extraterrestrials were

1314

01:01:42,060 --> 01:01:38,780

behind it because ball lightning

1315

01:01:44,530 --> 01:01:42,070

research is still looking for that one

1316

01:01:46,600 --> 01:01:44,540

incident that's absolutely undeniable

1317

01:01:48,570 --> 01:01:46,610

there are many scientists that still

1318

01:01:50,980 --> 01:01:48,580

doubt the existence of ball lightning

1319

01:01:57,250 --> 01:01:50,990

and it's been with us for a hundreds of

1320

01:02:00,550 --> 01:01:57,260

years but rarely do you get detail as

1321

01:02:03,850 --> 01:02:00,560

was given in the levelin story but at

1322

01:02:05,770 --> 01:02:03,860

least it could be ball lightning maybe

1323

01:02:08,620 --> 01:02:05,780

it's something more especially with this

1324

01:02:11,110 --> 01:02:08,630

alleged 200-foot object that was seen

1325

01:02:13,570 --> 01:02:11,120

that's pretty big and it's way too big

1326

01:02:16,300 --> 01:02:13,580

for ball lightning but you you have a

1327

01:02:18,790 --> 01:02:16,310

minimal explanation as something that is

1328

01:02:23,470 --> 01:02:18,800

considered very exotic and unusual in

1329

01:02:26,590 --> 01:02:23,480

science so for that pandemonium yep

1330

01:02:29,800 --> 01:02:26,600

what's that Gordon yes we're going to

1331

01:02:31,810 --> 01:02:29,810

add a little PostScript to that but go

1332

01:02:34,390 --> 01:02:31,820

ahead Barry didn't mean to interrupt you

1333

01:02:37,730 --> 01:02:34,400

there oh no I was just going to you know

1334

01:02:40,070 --> 01:02:37,740

conclude by saying the fact that the

1335

01:02:44,590 --> 01:02:40,080

force came to that conclusion is really

1336

01:02:47,510 --> 01:02:44,600

unusual and it should have spurred

1337

01:02:51,859 --> 01:02:47,520

continuing research by the air force

1338

01:02:54,350 --> 01:02:51,869

into instance like that and they came up

1339

01:02:56,420 --> 01:02:54,360

from time to time there's still a hefty

1340

01:02:58,550 --> 01:02:56,430

number of unknowns in the air force's

1341

01:03:02,720 --> 01:02:58,560

records but that one in particular just

1342

01:03:05,150 --> 01:03:02,730

got my attention is is almost undeniably

1343

01:03:08,390 --> 01:03:05,160

real that something was there and it was

1344

01:03:15,590 --> 01:03:08,400

really weird and strange et I don't know

1345

01:03:19,970 --> 01:03:15,600

but it was strange right yeah sure yeah

1346

01:03:25,460 --> 01:03:19,980

I haven't that Pedro Salcido he was a

1347

01:03:29,390 --> 01:03:25,470

young fired hand on farmhand related his

1348

01:03:32,270 --> 01:03:29,400

story about it and I think if I recall

1349

01:03:34,220 --> 01:03:32,280

Barry might correct me on this if I'm

1350

01:03:38,570 --> 01:03:34,230

wrong he says something to the effect

1351

01:03:42,430 --> 01:03:38,580

that as the object left the area it had

1352

01:03:45,349 --> 01:03:42,440

created before he M effects

1353

01:03:46,970 --> 01:03:45,359

electromagnetic effects he says but when

1354

01:03:49,910 --> 01:03:46,980

the object left the area the truck

1355

01:03:52,570 --> 01:03:49,920

lights resumed functioning and he was

1356

01:03:55,820 --> 01:03:52,580

able to restart the engine of his truck

1357

01:03:58,099 --> 01:03:55,830

yeah yeah actually true

1358

01:04:01,010 --> 01:03:58,109

yeah there are multiple reports along

1359

01:04:03,920 --> 01:04:01,020

with the sightings of multiple car

1360

01:04:07,099 --> 01:04:03,930

ignition problems or electrical system

1361

01:04:08,470 --> 01:04:07,109

problems and so that's another factor

1362

01:04:12,230 --> 01:04:08,480

that was strange

1363

01:04:14,900 --> 01:04:12,240

right saucedo also added quote it

1364

01:04:19,250 --> 01:04:14,910

sounded like an ear-splitting clap of

1365

01:04:22,130 --> 01:04:19,260

thunder as if something had exploded and

1366

01:04:23,960 --> 01:04:22,140

then a patrolman named fowler initially

1367

01:04:26,840 --> 01:04:23,970

shrugged off the report because i

1368

01:04:28,430 --> 01:04:26,850

thought the code caller was drunk but I

1369

01:04:33,140 --> 01:04:28,440

don't think the caller was drunk there's

1370

01:04:37,760 --> 01:04:33,150

no indication that it was yeah number of

1371

01:04:40,370 --> 01:04:37,770

second 1957 - yeah I have a full chapter

1372

01:04:44,210 --> 01:04:40,380

in my book about that particular cases

1373

01:04:48,020 --> 01:04:44,220

chapter - yeah you know another thing

1374

01:04:51,089 --> 01:04:48,030

Gordon is that if I think if you go out

1375

01:04:53,849 --> 01:04:51,099

and search the internet look for

1376

01:04:58,109 --> 01:04:53,859

Life magazine archives I think Google

1377

01:05:01,969 --> 01:04:58,119

does it but they also have posted a an

1378

01:05:05,099 --> 01:05:01,979

archive of life photos if you enter

1379

01:05:07,259 --> 01:05:05,109

flying saucers you'll see a number of

1380

01:05:09,870 --> 01:05:07,269

instances where life reporters had gone

1381

01:05:11,759 --> 01:05:09,880

out and taken pictures levelin was one

1382

01:05:13,589 --> 01:05:11,769

of the stories they investigated but

1383

01:05:16,229 --> 01:05:13,599

they didn't write it up in the regular

1384

01:05:18,809 --> 01:05:16,239

magazine there's a collection of

1385

01:05:20,880 --> 01:05:18,819

photographs with the witnesses there and

1386

01:05:24,209 --> 01:05:20,890

I recall one in particular showing a

1387

01:05:26,939 --> 01:05:24,219

nighttime shot of Pedro saucedo hiding

1388

01:05:29,130 --> 01:05:26,949

under his truck you know giving the

1389

01:05:30,689 --> 01:05:29,140

impression of what happened at the time

1390

01:05:34,739 --> 01:05:30,699

he don't under the truck to get away

1391

01:05:37,469 --> 01:05:34,749

from this those photos right yeah

1392

01:05:40,049 --> 01:05:37,479

absolutely yeah well I want to I want to

1393

01:05:44,699 --> 01:05:40,059

add to that there was a tremendous

1394

01:05:50,839 --> 01:05:44,709

amount of reporting blazing headlines

1395

01:05:54,870 --> 01:05:50,849

back in the 50 or 40 50s and 60s on the

1396

01:05:58,170 --> 01:05:54,880

the tail end of the Kenneth Arnold

1397

01:06:02,609 --> 01:05:58,180

sighting in 1947 which really ushered in

1398

01:06:04,469 --> 01:06:02,619

the modern era of UFOs and so that there

1399

01:06:06,749 --> 01:06:04,479

are reports like that that just kept the

1400

01:06:08,969 --> 01:06:06,759

subject in the public mind today however

1401

01:06:11,370 --> 01:06:08,979

you rarely see a headline in any

1402

01:06:13,410 --> 01:06:11,380

newspaper because they're just so much

1403

01:06:15,449 --> 01:06:13,420

other things going on out there the

1404

01:06:17,430 --> 01:06:15,459

particular after the advent of the

1405

01:06:21,630 --> 01:06:17,440

internet and everybody's personal

1406

01:06:24,809 --> 01:06:21,640

computer right so I think the are there

1407

01:06:27,689 --> 01:06:24,819

a lot of people now that either don't

1408

01:06:30,089 --> 01:06:27,699

care about the subject or forgotten

1409

01:06:32,849 --> 01:06:30,099

about it or another interested in it in

1410

01:06:36,299 --> 01:06:32,859

the first place well I have a theory on

1411

01:06:39,469 --> 01:06:36,309

that Gordon the internet the internet

1412

01:06:43,229 --> 01:06:39,479

now is more or less taken over from the

1413

01:06:45,630 --> 01:06:43,239

newspapers that we had in the newspapers

1414

01:06:49,049 --> 01:06:45,640

are shrinking in size and and it's

1415

01:06:51,239 --> 01:06:49,059

harder to continue publishing a lot of

1416

01:06:54,329 --> 01:06:51,249

papers have gone under but the Internet

1417

01:06:56,969 --> 01:06:54,339

has replaced it and if you want to find

1418

01:06:59,729 --> 01:06:56,979

UFO incidents you go on the net and look

1419

01:07:02,549 --> 01:06:59,739

at any number of sites that carry data

1420

01:07:04,460 --> 01:07:02,559

about it that's right there are quite a

1421

01:07:07,820 --> 01:07:04,470

few of those including me and

1422

01:07:10,160 --> 01:07:07,830

capitalist item the triumph language now

1423

01:07:11,120 --> 01:07:10,170

was one of our subcommittee members back

1424

01:07:14,870 --> 01:07:11,130

in the sixties

1425

01:07:18,010 --> 01:07:14,880

yeah mmm yeah um you know there we talk

1426

01:07:21,740 --> 01:07:18,020

a lot of times on this on the show about

1427

01:07:23,690 --> 01:07:21,750

sometimes there's just there's a lot of

1428

01:07:27,830 --> 01:07:23,700

what they call clickbait in other words

1429

01:07:29,570 --> 01:07:27,840

UFOs is some one of the top searched you

1430

01:07:32,780 --> 01:07:29,580

know things on the Internet

1431

01:07:35,870 --> 01:07:32,790

it's it's not too far from the top I

1432

01:07:39,849 --> 01:07:35,880

should say and so a lot of these English

1433

01:07:42,770 --> 01:07:39,859

tabloids will use you know will kind of

1434

01:07:44,599 --> 01:07:42,780

they'll take something and make it into

1435

01:07:48,740 --> 01:07:44,609

something else and make it spectacular

1436

01:07:50,570 --> 01:07:48,750

for what they call clickbait and so by

1437

01:07:53,960 --> 01:07:50,580

landing on their website that's what

1438

01:07:58,550 --> 01:07:53,970

they want the most so yeah there was I

1439

01:08:02,480 --> 01:07:58,560

think in 1977 TV Guide took a survey as

1440

01:08:04,400 --> 01:08:02,490

to what generated the most ratings for

1441

01:08:07,580 --> 01:08:04,410

television what topics would be the most

1442

01:08:13,730 --> 01:08:07,590

useful for that and in the top two in

1443

01:08:15,620 --> 01:08:13,740

order were sex and UFOs so if you take

1444

01:08:23,900 --> 01:08:15,630

either one or combine the two especially

1445

01:08:26,209 --> 01:08:23,910

you're going to bang up ratings so we

1446

01:08:30,740 --> 01:08:26,219

digress yeah that's that's pretty good

1447

01:08:34,120 --> 01:08:30,750

yeah that's good so I just wanted to ask

1448

01:08:37,789 --> 01:08:34,130

both of you also you know I wanted to

1449

01:08:40,579 --> 01:08:37,799

say that the this show is dedicated to

1450

01:08:43,160 --> 01:08:40,589

Stan Friedman so I just wanted to ask

1451

01:08:47,360 --> 01:08:43,170

I'll start with you Gordon did you ever

1452

01:08:50,329 --> 01:08:47,370

did you ever meet Stan I never met him

1453

01:08:52,579 --> 01:08:50,339

face to face but he was very helpful to

1454

01:08:55,249 --> 01:08:52,589

me because I had contact with him back

1455

01:08:57,590 --> 01:08:55,259

in not half days and all three of know

1456

01:08:59,720 --> 01:08:57,600

you for I didn't have much contact with

1457

01:09:01,940 --> 01:08:59,730

him but occasionally in fact when I

1458

01:09:09,950 --> 01:09:01,950

first set up you for he wished me very

1459

01:09:13,130 --> 01:09:09,960

well and he said in a what he what he

1460

01:09:17,150 --> 01:09:13,140

called a review copy of flying saucers

1461

01:09:17,959 --> 01:09:17,160

for scientific paper papers by nuclear

1462

01:09:20,749 --> 01:09:17,969

physicist

1463

01:09:25,299 --> 01:09:20,759

lecturer Stanton T Friedman there were

1464

01:09:28,789 --> 01:09:25,309

the science fiction science and UFOs

1465

01:09:31,879 --> 01:09:28,799

1977 fiction fact and flying saucers in

1466

01:09:35,239 --> 01:09:31,889

1979 a scientific approach to flying

1467

01:09:39,289 --> 01:09:35,249

saucers behavior 1973 and the case for

1468

01:09:42,799 --> 01:09:39,299

the et origin of flying saucers in 1979

1469

01:09:45,879 --> 01:09:42,809

I had carry out of contact with him off

1470

01:09:49,640 --> 01:09:45,889

and on but nothing in depth I wish I had

1471

01:09:52,640 --> 01:09:49,650

yeah yeah he was happy he was very

1472

01:09:54,379 --> 01:09:52,650

available at a lot of conferences in it

1473

01:09:58,250 --> 01:09:54,389

just seemed like wherever I went there

1474

01:10:01,339 --> 01:09:58,260

he was which was always a great now

1475

01:10:02,600 --> 01:10:01,349

berry we had a little bit of an email

1476

01:10:04,729 --> 01:10:02,610

exchange I know there was a little bit

1477

01:10:09,140 --> 01:10:04,739

of friction there when it comes to mj-12

1478

01:10:13,069 --> 01:10:09,150

and and I had questions stand on those

1479

01:10:17,270 --> 01:10:13,079

documents a little bit you've known you

1480

01:10:20,149 --> 01:10:17,280

knew him a long time that blog said and

1481

01:10:23,359 --> 01:10:20,159

yeah you know I was aware of Stan for a

1482

01:10:27,290 --> 01:10:23,369

lot of years before the 80s came along

1483

01:10:30,729 --> 01:10:27,300

and and if one thing about Stan is he

1484

01:10:34,430 --> 01:10:30,739

was one of the most spirited energetic

1485

01:10:37,009 --> 01:10:34,440

advocates of the eth the

1486

01:10:40,219 --> 01:10:37,019

extra-terrestrial hypothesis of just

1487

01:10:44,870 --> 01:10:40,229

about anyone out there save maybe Kehoe

1488

01:10:47,330 --> 01:10:44,880

MacDonald and in a few others but he put

1489

01:10:50,450 --> 01:10:47,340

a lot of energy into the subject over

1490

01:10:52,370 --> 01:10:50,460

the years and and I thought that was

1491

01:10:56,569 --> 01:10:52,380

really cool then when the eighties

1492

01:11:02,270 --> 01:10:56,579

rolled around he he got into Roswell and

1493

01:11:04,700 --> 01:11:02,280

mj-12 and I you know I had been

1494

01:11:07,009 --> 01:11:04,710

observing that from afar too for a while

1495

01:11:10,520 --> 01:11:07,019

and then suddenly I found myself in the

1496

01:11:13,279 --> 01:11:10,530

middle of it I just wasn't convinced by

1497

01:11:17,000 --> 01:11:13,289

mj-12 at all and that was based upon the

1498

01:11:20,149 --> 01:11:17,010

research that myself and Larry Fawcett

1499

01:11:25,430 --> 01:11:20,159

and several other people bred sparks Bob

1500

01:11:29,689 --> 01:11:25,440

Todd Todd's echo on fo-fo ia releases

1501  
01:11:31,680 --> 01:11:29,699  
and we didn't think that the information

1502  
01:11:33,810 --> 01:11:31,690  
coming out about mj-12

1503  
01:11:36,300 --> 01:11:33,820  
rose up to the standards of what we

1504  
01:11:42,510 --> 01:11:36,310  
expected out of real government document

1505  
01:11:44,450 --> 01:11:42,520  
releases I realized that given the

1506  
01:11:48,000 --> 01:11:44,460  
write-ups on Roswell beginning around

1507  
01:11:49,979 --> 01:11:48,010  
1978 and culminating in a book by Bill

1508  
01:11:52,050 --> 01:11:49,989  
Moore and Charles Berlitz the Roswell

1509  
01:11:55,200 --> 01:11:52,060  
incident that there was a certain

1510  
01:12:00,840 --> 01:11:55,210  
version of Roswell that I think Stan and

1511  
01:12:02,729 --> 01:12:00,850  
Bill adhered to and it seemed too much

1512  
01:12:08,459 --> 01:12:02,739  
of a coincidence that when the mj-12

1513  
01:12:10,860 --> 01:12:08,469

papers broke that that seemed to more or

1514

01:12:12,689 --> 01:12:10,870

less confirm their version of the story

1515

01:12:14,880 --> 01:12:12,699

even though there were several others

1516

01:12:17,700 --> 01:12:14,890

now I can't go into all the details

1517

01:12:20,430 --> 01:12:17,710

about how that evolved over many many

1518

01:12:24,810 --> 01:12:20,440

years is vast amount of information out

1519

01:12:29,250 --> 01:12:24,820

there on it back and forth but I just

1520

01:12:32,640 --> 01:12:29,260

felt that the story of mj-12 was to pat

1521

01:12:35,310 --> 01:12:32,650

with their version of roswell and it it

1522

01:12:37,709 --> 01:12:35,320

seemed manufactured and i as I later

1523

01:12:39,979 --> 01:12:37,719

found out there was more evidence that

1524

01:12:43,670 --> 01:12:39,989

it was manufactured that at one point

1525

01:12:48,120 --> 01:12:43,680

before the whole thing became public

1526

01:12:50,820 --> 01:12:48,130

there was a story about a several people

1527

01:12:52,530 --> 01:12:50,830

including more co-authoring a fiction

1528

01:12:54,390 --> 01:12:52,540

novel which was essentially the

1529

01:12:58,470 --> 01:12:54,400

blueprint for mj-12 that would have been

1530

01:13:01,979 --> 01:12:58,480

around 1980 tour so and it took many

1531

01:13:05,070 --> 01:13:01,989

many years to try to flesh out detail on

1532

01:13:07,350 --> 01:13:05,080

that but there was a fiction novel and

1533

01:13:10,740 --> 01:13:07,360

it did outline mj-12 before it was

1534

01:13:12,990 --> 01:13:10,750

touted as real it just it just bothered

1535

01:13:15,479 --> 01:13:13,000

me that there were too many issues like

1536

01:13:19,530 --> 01:13:15,489

that and I you know I I went at it with

1537

01:13:21,510 --> 01:13:19,540

Stan over the years on it and published

1538

01:13:25,350 --> 01:13:21,520

a lot of information about it but you

1539

01:13:27,270 --> 01:13:25,360

know that's that's what happened and you

1540

01:13:29,370 --> 01:13:27,280

know it's unfortunate the Stan's gone

1541

01:13:31,140 --> 01:13:29,380

now it's too bad I don't I don't like to

1542

01:13:36,600 --> 01:13:31,150

see that happen we lose people in the

1543

01:13:42,470 --> 01:13:36,610

subject but no it's my condolences to

1544

01:13:50,640 --> 01:13:45,540

doesn't have to be even sure

1545

01:13:52,380 --> 01:13:50,650

yeah sure well the purpose of mj-12 was

1546

01:13:55,830 --> 01:13:52,390

to investigate the crash of the own

1547

01:13:57,630 --> 01:13:55,840

spacecraft near Roswell document

1548

01:13:59,520 --> 01:13:57,640

associated with it are said to have

1549

01:14:01,770 --> 01:13:59,530

confirmed that the American government

1550

01:14:04,470 --> 01:14:01,780

was extensively involved in the

1551

01:14:07,340 --> 01:14:04,480

retrieval of a crashed ET craft

1552

01:14:10,260 --> 01:14:07,350

including the occupants assorted

1553

01:14:13,140 --> 01:14:10,270

documents released from non official

1554

01:14:16,110 --> 01:14:13,150

sources were directly on a target to

1555

01:14:18,600 --> 01:14:16,120

create a lingering firestorm among UFO

1556

01:14:21,000 --> 01:14:18,610

investigators as promising as this

1557

01:14:23,130 --> 01:14:21,010

sounded there were serious problems with

1558

01:14:26,220 --> 01:14:23,140

the story and particularly with the

1559

01:14:30,870 --> 01:14:26,230

documents themselves so you get to

1560

01:14:35,280 --> 01:14:30,880

follow up on what yeah so do you um well

1561

01:14:39,990 --> 01:14:35,290

I'll ask you this Barry did you do you

1562

01:14:43,710 --> 01:14:40,000

have another thought of what Roswell is

1563

01:14:45,150 --> 01:14:43,720

I mean the argument I given my listeners

1564

01:14:47,970 --> 01:14:45,160

have heard me say it a million times is

1565

01:14:49,440 --> 01:14:47,980

the one argument or if there is an

1566

01:14:51,300 --> 01:14:49,450

argument at all

1567

01:14:53,280 --> 01:14:51,310

we have someone trying to call in hang

1568

01:14:58,620 --> 01:14:53,290

on just a minute and we'll take calls in

1569

01:15:00,630 --> 01:14:58,630

a bit here but my my argument as that

1570

01:15:03,420 --> 01:15:00,640

it's there is something to it

1571

01:15:07,650 --> 01:15:03,430

or whatever there is to it but the

1572

01:15:10,080 --> 01:15:07,660

government actually released to the

1573

01:15:12,870 --> 01:15:10,090

press that they captured a flying disc

1574

01:15:14,190 --> 01:15:12,880

and my my question is why did they even

1575

01:15:15,120 --> 01:15:14,200

do that they could have just let the

1576

01:15:20,040 --> 01:15:15,130

whole thing blow over

1577

01:15:22,200 --> 01:15:20,050

it's yeah situation well I think when

1578

01:15:25,110 --> 01:15:22,210

one thing a lot of people don't

1579

01:15:28,740 --> 01:15:25,120

recognize about Roswell in that era is

1580

01:15:31,980 --> 01:15:28,750

that it Roswell happened then at the

1581

01:15:33,840 --> 01:15:31,990

very tail end of a large UFO wave it

1582

01:15:35,730 --> 01:15:33,850

wasn't the first thing that happened or

1583

01:15:38,300 --> 01:15:35,740

the only thing that happened it was it

1584

01:15:41,790 --> 01:15:38,310

was right you think it the first

1585

01:15:43,710 --> 01:15:41,800

breaking of news on it was July 8th 47

1586

01:15:46,380 --> 01:15:43,720

and all the papers carried it on July

1587

01:15:49,920 --> 01:15:46,390

9th and and just as quickly at the same

1588

01:15:52,920 --> 01:15:49,930

time said it was a weather balloon and

1589

01:15:55,429 --> 01:15:52,930

disguise thank you very about a month

1590

01:15:59,060 --> 01:15:55,439

after the Kenneth Arnold sighting was

1591

01:16:03,049 --> 01:15:59,070

it was a matter of less less a matter of

1592

01:16:07,069 --> 01:16:03,059

week it was just the weeks it was at the

1593

01:16:10,479 --> 01:16:07,079

tail end so it was like the culmination

1594

01:16:16,069 --> 01:16:10,489

of that wave and then from that point on

1595

01:16:18,859 --> 01:16:16,079

to about 1978 or so it was never

1596

01:16:21,140 --> 01:16:18,869

regarded as anything special

1597

01:16:24,020 --> 01:16:21,150

it was always hard into the category of

1598

01:16:29,899 --> 01:16:24,030

a you know an identified object and that

1599

01:16:32,839 --> 01:16:29,909

was the end of it yeah yeah regurgitated

1600

01:16:37,179 --> 01:16:32,849

I didn't mean to say regurgitate but but

1601  
01:16:43,040 --> 01:16:37,189  
brought up the case again that it really

1602  
01:16:47,029 --> 01:16:43,050  
hit all the news right yeah yeah what

1603  
01:16:51,049 --> 01:16:47,039  
did was he he he was able to contact

1604  
01:16:52,969 --> 01:16:51,059  
Jesse Marcel jr. well right definitely

1605  
01:16:55,459 --> 01:16:52,979  
involved in the story he was positively

1606  
01:16:57,830 --> 01:16:55,469  
part of it and and he told a pretty

1607  
01:17:00,409 --> 01:16:57,840  
lurid tale about his involvement which

1608  
01:17:04,279 --> 01:17:00,419  
got Stan's interest and that's how this

1609  
01:17:06,679 --> 01:17:04,289  
story began rolling I I take Roswell and

1610  
01:17:08,419 --> 01:17:06,689  
do it in two parts it is the earlier as

1611  
01:17:11,179 --> 01:17:08,429  
well and then there's a later Roswell

1612  
01:17:15,409 --> 01:17:11,189  
which was 30 years after the original

1613  
01:17:18,109 --> 01:17:15,419

and yes and I like to go with the

1614

01:17:21,259 --> 01:17:18,119

original story more so than a 30-year

1615

01:17:25,189 --> 01:17:21,269

recollection and the original report was

1616

01:17:27,679 --> 01:17:25,199

Mac Brazel found a pile of debris it was

1617

01:17:30,469 --> 01:17:27,689

described very well in the paper didn't

1618

01:17:33,350 --> 01:17:30,479

have any photographs of it except there

1619

01:17:40,250 --> 01:17:33,360

was one and in the news coverage of July

1620

01:17:42,319 --> 01:17:40,260

9th which showed general Ramey and and

1621

01:17:44,959 --> 01:17:42,329

Irving Newton who was a weather officer

1622

01:17:47,000 --> 01:17:44,969

at the time posing with debris and the

1623

01:17:56,870 --> 01:17:47,010

debris there look a lot like what they

1624

01:17:58,729 --> 01:17:56,880

described in the paper yeah yeah yeah it

1625

01:18:00,469 --> 01:17:58,739

hardly looked like extraterrestrial

1626

01:18:02,000 --> 01:18:00,479

debris but that wasn't the point they

1627

01:18:03,649 --> 01:18:02,010

were making at the time they were saying

1628

01:18:06,859 --> 01:18:03,659

it was just balloon debris and that was

1629

01:18:09,110 --> 01:18:06,869

the end of it only later did all the

1630

01:18:10,970 --> 01:18:09,120

extra-terrestrial business come out

1631

01:18:13,970 --> 01:18:10,980

but then you you were three decades

1632

01:18:16,640 --> 01:18:13,980

removed from the original story and and

1633

01:18:19,370 --> 01:18:16,650

now it was impossible to verify it

1634

01:18:23,810 --> 01:18:19,380

well my I don't want to say argument but

1635

01:18:26,480 --> 01:18:23,820

my thoughts on that is that it you

1636

01:18:28,190 --> 01:18:26,490

didn't have witnesses come forward when

1637

01:18:30,380 --> 01:18:28,200

it first happened you know is that they

1638

01:18:33,290 --> 01:18:30,390

were people were told to keep quiet and

1639

01:18:36,410 --> 01:18:33,300

you know the witnesses came out after we

1640

01:18:38,480 --> 01:18:36,420

have actually a caller on the line he

1641

01:18:41,350 --> 01:18:38,490

was persistent in calling I call your

1642

01:18:45,410 --> 01:18:41,360

first name and where you calling from

1643

01:18:48,080 --> 01:18:45,420

hey Martin its Dean Alioto no Dean I

1644

01:18:49,970 --> 01:18:48,090

Adeem Dean was on the show years ago he

1645

01:18:53,450 --> 01:18:49,980

has a he has quite a quite an

1646

01:18:57,080 --> 01:18:53,460

interesting story himself he just

1647

01:18:59,180 --> 01:18:57,090

quickly Dean tell the story about the

1648

01:19:01,220 --> 01:18:59,190

the film you made real quickly and how

1649

01:19:04,010 --> 01:19:01,230

it went just for entertainment for for

1650

01:19:05,720 --> 01:19:04,020

these gentlemen if you would sure I'll

1651

01:19:07,850 --> 01:19:05,730

try to be as brief as possible because I

1652

01:19:13,220 --> 01:19:07,860

do not want to co-opt the great Stan

1653

01:19:15,830 --> 01:19:13,230

Friedman's memory here um I had done I

1654

01:19:18,670 --> 01:19:15,840

just come out of film school and was

1655

01:19:21,530 --> 01:19:18,680

desperate to make my first feature and

1656

01:19:23,330 --> 01:19:21,540

the only thing that I could do with the

1657

01:19:26,420 --> 01:19:23,340

amount of budget that I had which was

1658

01:19:28,730 --> 01:19:26,430

6,500 bucks was a home video so I made

1659

01:19:30,860 --> 01:19:28,740

the first-ever found footage film that

1660

01:19:32,150 --> 01:19:30,870

happened to be about UFOs it was about a

1661

01:19:35,360 --> 01:19:32,160

family that gets abducted by

1662

01:19:37,490 --> 01:19:35,370

extraterrestrials I had been a big fan

1663

01:19:41,090 --> 01:19:37,500

of Whitney streamers work and but

1664

01:19:45,650 --> 01:19:41,100

Hopkins and and that bled into the

1665

01:19:47,510 --> 01:19:45,660

actual authenticity of the film and this

1666

01:19:49,670 --> 01:19:47,520

is this is some that I done actually got

1667

01:19:51,050 --> 01:19:49,680

distributed the distribution company

1668

01:19:52,850 --> 01:19:51,060

burned to the ground and I thought well

1669

01:19:54,710 --> 01:19:52,860

that was it that's my first effort time

1670

01:19:57,110 --> 01:19:54,720

to move on and I'm glad I got a chance

1671

01:19:58,730 --> 01:19:57,120

to portray as realistic as possible what

1672

01:20:02,270 --> 01:19:58,740

that abduction experience would be like

1673

01:20:04,040 --> 01:20:02,280

without actually being abducted and five

1674

01:20:06,230 --> 01:20:04,050

years goes by and then I find out that

1675

01:20:08,510 --> 01:20:06,240

someone much more clever than I am had

1676

01:20:10,160 --> 01:20:08,520

edited off the credits and pass it

1677

01:20:13,010 --> 01:20:10,170

around the UFO community as the real

1678

01:20:15,620 --> 01:20:13,020

McCoy so it ends up at the International

1679

01:20:19,670 --> 01:20:15,630

UFO Congress convention about thirty

1680

01:20:21,770 --> 01:20:19,680

years ago and it is our 25 years ago

1681

01:20:22,760 --> 01:20:21,780

actually the anniversary was and it

1682

01:20:25,580 --> 01:20:22,770

becomes this

1683

01:20:28,640 --> 01:20:25,590

kind of big conspiracy hit if you will

1684

01:20:32,360 --> 01:20:28,650

and UPN TV asked me to remake it

1685

01:20:34,940 --> 01:20:32,370

so I remade it this time and as a TV

1686

01:20:37,930 --> 01:20:34,950

movie and shot the film and while we

1687

01:20:42,140 --> 01:20:37,940

were shooting everyone at UPN got fired

1688

01:20:44,180 --> 01:20:42,150

so this woman came on board to cut the

1689

01:20:46,250 --> 01:20:44,190

film from an hour or from two hours to

1690

01:20:49,729 --> 01:20:46,260

one hour and she went and interviewed

1691

01:20:53,360 --> 01:20:49,739

all of these UFO luminaries and then

1692

01:20:55,490 --> 01:20:53,370

intercut them into my remake which I had

1693

01:20:57,740 --> 01:20:55,500

you know nothing to do with the actual

1694

01:21:02,540 --> 01:20:57,750

footage that she shot one of those

1695

01:21:05,840 --> 01:21:02,550

people was Stan Freeman and so

1696

01:21:09,350 --> 01:21:05,850

Stan's commenting on the phenomenon you

1697

01:21:11,320 --> 01:21:09,360

know as kind of in generic terms and the

1698

01:21:14,570 --> 01:21:11,330

juxtaposition between his interview and

1699

01:21:17,510 --> 01:21:14,580

as well as Yvonne Smith and Darryl sim

1700

01:21:20,990 --> 01:21:17,520

and a few others he was relating to

1701

01:21:23,840 --> 01:21:21,000

myself so that key and coast-to-coast

1702

01:21:25,850 --> 01:21:23,850

was also uh you know commented on on

1703

01:21:28,130 --> 01:21:25,860

that and so I got a chance last year for

1704

01:21:31,310 --> 01:21:28,140

the 25th anniversary to meet Stan Lee

1705

01:21:33,080 --> 01:21:31,320

and I came up to him and I you know me a

1706

01:21:34,910 --> 01:21:33,090

co-op I said look I want you to know

1707

01:21:39,200 --> 01:21:34,920

that I'm terribly sorry that thing that

1708

01:21:41,060 --> 01:21:39,210

happened many years ago and I'm sorry

1709

01:21:43,610 --> 01:21:41,070

and I have nothing but respect for you

1710

01:21:47,060 --> 01:21:43,620

and you've been nothing but a great

1711

01:21:49,070 --> 01:21:47,070

advocate for the field like no one stand

1712

01:21:52,280 --> 01:21:49,080

up against Philip Glass and and

1713

01:21:55,070 --> 01:21:52,290

everything else he's done and you know

1714

01:21:57,080 --> 01:21:55,080

as well as bringing credible science and

1715

01:21:59,479 --> 01:21:57,090

great arguments to it and he looked at

1716

01:22:00,140 --> 01:21:59,489

me and he said I have no idea what

1717

01:22:04,640 --> 01:22:00,150

you're talking about

1718

01:22:06,200 --> 01:22:04,650

son I've worked on probably I can't even

1719

01:22:08,270 --> 01:22:06,210

keep track of how many you know

1720

01:22:11,750 --> 01:22:08,280

thousands of interviews I've done but

1721

01:22:14,600 --> 01:22:11,760

you know no offense here and so that

1722

01:22:18,229 --> 01:22:14,610

meeting happened on martin's show at the

1723

01:22:22,010 --> 01:22:18,239

international congress convention knife

1724

01:22:25,280 --> 01:22:22,020

and and so i thought of nothing but a

1725

01:22:27,560 --> 01:22:25,290

sweet man who genuinely had interest and

1726  
01:22:29,570 --> 01:22:27,570  
was always always sharpening his tools

1727  
01:22:32,720 --> 01:22:29,580  
to get to the truth as anything

1728  
01:22:34,529 --> 01:22:32,730  
regarding this you know regarding this

1729  
01:22:36,779 --> 01:22:34,539  
field

1730  
01:22:39,330 --> 01:22:36,789  
well Dean that's that's great I really

1731  
01:22:43,500 --> 01:22:39,340  
thank you for the call that's a real

1732  
01:22:47,189 --> 01:22:43,510  
nice tribute to stand he was a great man

1733  
01:22:49,979 --> 01:22:47,199  
yeah well the name of the film this ago

1734  
01:22:55,169 --> 01:22:49,989  
by a current name that we can find out

1735  
01:22:58,020 --> 01:22:55,179  
about sure you can actually pick up the

1736  
01:23:01,979 --> 01:22:58,030  
film you can actually get a copy at us

1737  
01:23:04,560 --> 01:23:01,989  
or abduction muzie dot-com and so the

1738  
01:23:06,649 --> 01:23:04,570

original is called UFO abduction the

1739

01:23:10,890 --> 01:23:06,659

remake is called alien abduction

1740

01:23:13,680 --> 01:23:10,900

incident in Lake County and and that was

1741

01:23:15,569 --> 01:23:13,690

um there was also it goes by if you look

1742

01:23:19,560 --> 01:23:15,579

at online that goes by the McPherson

1743

01:23:21,120 --> 01:23:19,570

tape and my version is for sale I don't

1744

01:23:23,100 --> 01:23:21,130

know if you can actually get that the

1745

01:23:26,640 --> 01:23:23,110

the remake that I did for Dick Clark and

1746

01:23:28,890 --> 01:23:26,650

UPN I got a copy of that that job well

1747

01:23:30,330 --> 01:23:28,900

one one funny story in this whole whole

1748

01:23:32,600 --> 01:23:30,340

incident that he's talking about in the

1749

01:23:35,729 --> 01:23:32,610

film is that he's actually had people

1750

01:23:37,350 --> 01:23:35,739

argue with him that that film was real

1751

01:23:41,220 --> 01:23:37,360

and someone said they even knew the

1752

01:23:45,000 --> 01:23:41,230

Macpherson's right yeah I had someone

1753

01:23:47,009 --> 01:23:45,010

that said to me when I was presenting

1754

01:23:50,580 --> 01:23:47,019

lecturing at the UFO convention last

1755

01:23:52,859 --> 01:23:50,590

year they said I know someone who or my

1756

01:23:55,379 --> 01:23:52,869

mother knows someone who knew the

1757

01:23:59,520 --> 01:23:55,389

McPherson family how do you explain that

1758

01:24:01,560 --> 01:23:59,530

they never talk to them again and I I

1759

01:24:03,600 --> 01:24:01,570

can't explain why your mother why your

1760

01:24:05,279 --> 01:24:03,610

mother knew someone who was good friends

1761

01:24:09,899 --> 01:24:05,289

with a fictional character I can't

1762

01:24:12,419 --> 01:24:09,909

really help you but I'm the only one

1763

01:24:14,700 --> 01:24:12,429

who's been outing myself because you

1764

01:24:16,439 --> 01:24:14,710

know you go online and there's all these

1765

01:24:17,910 --> 01:24:16,449

conspiracies about it and then I you

1766

01:24:20,250 --> 01:24:17,920

know work for the government part of a

1767

01:24:21,870 --> 01:24:20,260

disinformation and usually it goes the

1768

01:24:22,979 --> 01:24:21,880

other way but I'm you know I'm showing

1769

01:24:27,660 --> 01:24:22,989

behind the scenes pictures and

1770

01:24:29,339 --> 01:24:27,670

everything saying guys just thank you

1771

01:24:31,979 --> 01:24:29,349

you know get my first film done and

1772

01:24:32,700 --> 01:24:31,989

become a filmmaker yeah you know that's

1773

01:24:36,020 --> 01:24:32,710

a great story

1774

01:24:38,369 --> 01:24:36,030

hey Dean thanks for the call

1775

01:24:41,759 --> 01:24:38,379

Thanks got a fix Martin for great work

1776

01:24:43,009 --> 01:24:41,769

as well all right you take care guys all

1777

01:24:48,029 --> 01:24:43,019

right bye-bye

1778

01:24:50,579 --> 01:24:48,039

that was pretty funny huh so I seem to

1779

01:24:54,000 --> 01:24:50,589

remember that story a while back yeah

1780

01:24:56,129 --> 01:24:54,010

yeah yeah it's interesting it's

1781

01:25:00,419 --> 01:24:56,139

interesting go ahead go ahead

1782

01:25:02,759 --> 01:25:00,429

yeah about the car okay you know it

1783

01:25:07,109 --> 01:25:02,769

seems like everything that was picked up

1784

01:25:09,270 --> 01:25:07,119

off the ground you could find it almost

1785

01:25:13,790 --> 01:25:09,280

anywhere you know are you talking about

1786

01:25:21,479 --> 01:25:18,299

I just wonder what why that was taken so

1787

01:25:24,179 --> 01:25:21,489

much as being something from outer space

1788

01:25:27,179 --> 01:25:24,189

I think never they don't figure that out

1789

01:25:29,279 --> 01:25:27,189

well yeah I think I can answer that at

1790

01:25:31,709 --> 01:25:29,289

the time it wasn't taken as something

1791

01:25:34,560 --> 01:25:31,719

from outer space but over time yeah I

1792

01:25:37,949 --> 01:25:34,570

realize it became that yeah well I mean

1793

01:25:40,649 --> 01:25:37,959

well you got it you gotta admit the

1794

01:25:42,959 --> 01:25:40,659

press release the press release kind of

1795

01:25:45,599 --> 01:25:42,969

steered it toward something

1796

01:25:48,149 --> 01:25:45,609

extraterrestrial you know when it said

1797

01:25:50,849 --> 01:25:48,159

flying discs cotton and Roswell well

1798

01:25:53,089 --> 01:25:50,859

whatever captured you know that only

1799

01:25:55,649 --> 01:25:53,099

lasted for a matter of hours and then

1800

01:25:58,199 --> 01:25:55,659

shortly after that was thoroughly

1801

01:26:00,779 --> 01:25:58,209

trashed they went with the balloon

1802

01:26:02,759 --> 01:26:00,789

explanation I mean okay I think anyone

1803

01:26:04,819 --> 01:26:02,769

reading the papers on July 8th would

1804

01:26:08,549 --> 01:26:04,829

have been fooled by it but on July 9th

1805

01:26:13,049 --> 01:26:08,559

that was dead okay but listen about this

1806

01:26:15,779 --> 01:26:13,059

logically - why why would they say that

1807

01:26:18,209 --> 01:26:15,789

first of all and and are you telling me

1808

01:26:19,469 --> 01:26:18,219

that someone in the Army Air Force at

1809

01:26:24,389 --> 01:26:19,479

the time didn't know what they were

1810

01:26:26,699 --> 01:26:24,399

looking at I don't think a lot of people

1811

01:26:29,819 --> 01:26:26,709

even military knew what the phenomenon

1812

01:26:33,359 --> 01:26:29,829

was all about at all it was a very

1813

01:26:36,119 --> 01:26:33,369

strange development when the saucer

1814

01:26:38,040 --> 01:26:36,129

reports first broke and and even the

1815

01:26:40,319 --> 01:26:38,050

military was baffled as to what was

1816

01:26:42,329 --> 01:26:40,329

responsible for it the sightings were

1817

01:26:46,049 --> 01:26:42,339

happening by the thousands all over the

1818

01:26:49,080 --> 01:26:46,059

place you're missing that point yeah no

1819

01:26:51,810 --> 01:26:49,090

my point is the

1820

01:26:55,200 --> 01:26:51,820

that they they the Army Air Force

1821

01:26:57,720 --> 01:26:55,210

themselves if they came upon the debris

1822

01:26:59,280 --> 01:26:57,730

field or anyone that went forward with

1823

01:27:01,200 --> 01:26:59,290

the press release or was involved with

1824

01:27:02,400 --> 01:27:01,210

the press release all right are you

1825

01:27:05,430 --> 01:27:02,410

telling me that they wouldn't know what

1826  
01:27:07,590 --> 01:27:05,440  
they're looking at well the people who

1827  
01:27:09,210 --> 01:27:07,600  
issued the press release I don't think

1828  
01:27:11,970 --> 01:27:09,220  
we're out in the field seeing this they

1829  
01:27:13,890 --> 01:27:11,980  
were being told what happened by people

1830  
01:27:16,230 --> 01:27:13,900  
that looked at by the very people that

1831  
01:27:18,540 --> 01:27:16,240  
went out and gathered this debris which

1832  
01:27:23,030 --> 01:27:18,550  
again was described in the papers as

1833  
01:27:25,710 --> 01:27:23,040  
sticks and rubberized material and and

1834  
01:27:27,630 --> 01:27:25,720  
tape flowered tape

1835  
01:27:29,910 --> 01:27:27,640  
okay well the the the point I'm trying

1836  
01:27:33,920 --> 01:27:29,920  
to get at is what where did the flying

1837  
01:27:37,620 --> 01:27:33,930  
saucer or captured disc come from then

1838  
01:27:41,250 --> 01:27:37,630

the captured disc came 30 years later no

1839

01:27:44,340 --> 01:27:41,260

no it was released in on the day yeah

1840

01:27:46,680 --> 01:27:44,350

but what I'm saying is that the debris

1841

01:27:48,480 --> 01:27:46,690

that was found clearly wasn't flying dis

1842

01:27:51,510 --> 01:27:48,490

debris the guys that were given that

1843

01:27:53,700 --> 01:27:51,520

story read into it that it was some kind

1844

01:27:56,730 --> 01:27:53,710

of a flying disc but the material itself

1845

01:27:58,650 --> 01:27:56,740

was an extraterrestrial at the time so

1846

01:28:00,840 --> 01:27:58,660

they issued this story but it almost

1847

01:28:03,720 --> 01:28:00,850

immediately had to retract it okay so

1848

01:28:06,290 --> 01:28:03,730

where was the miscommunication where you

1849

01:28:09,150 --> 01:28:06,300

think of the miscommunication when

1850

01:28:11,310 --> 01:28:09,160

something between the folks that

1851  
01:28:14,190 --> 01:28:11,320  
gathered the debris and the people who

1852  
01:28:17,370 --> 01:28:14,200  
issued statements about it I don't think

1853  
01:28:19,410 --> 01:28:17,380  
Jesse Marcel author at any of the

1854  
01:28:23,240 --> 01:28:19,420  
statements that were released to the

1855  
01:28:25,560 --> 01:28:23,250  
press that was done by Walter Haut I

1856  
01:28:29,310 --> 01:28:25,570  
don't think he saw the debris at the

1857  
01:28:32,070 --> 01:28:29,320  
time yeah but um someone had to someone

1858  
01:28:34,410 --> 01:28:32,080  
of some authority had to say this is

1859  
01:28:35,880 --> 01:28:34,420  
what we found and and the person that is

1860  
01:28:37,110 --> 01:28:35,890  
going to do the press release I don't

1861  
01:28:41,190 --> 01:28:37,120  
think would be the person making the

1862  
01:28:43,710 --> 01:28:41,200  
decision to call it a flying disc so we

1863  
01:28:47,670 --> 01:28:43,720

can plainly disagree that was that was

1864

01:28:49,410 --> 01:28:47,680

it was clearly a follow up to call it a

1865

01:28:51,900 --> 01:28:49,420

flying disc because that's not what the

1866

01:28:54,030 --> 01:28:51,910

debris shows well that's quite a big

1867

01:28:55,680 --> 01:28:54,040

jump and quite a big follow up if you

1868

01:28:58,470 --> 01:28:55,690

ask me I mean it doesn't see it is

1869

01:29:02,510 --> 01:28:58,480

possible that that whole era was replete

1870

01:29:08,060 --> 01:29:05,900

by the way I was wondering Martin if I

1871

01:29:09,950 --> 01:29:08,070

could greedy you would have about five

1872

01:29:13,010 --> 01:29:09,960

minutes I can read you a little section

1873

01:29:16,400 --> 01:29:13,020

in my book here about what major Keyhoe

1874

01:29:18,650 --> 01:29:16,410

actually thought I really I really don't

1875

01:29:20,900 --> 01:29:18,660

like reading on my show too much but if

1876

01:29:23,080 --> 01:29:20,910

you can kind of give a kind of like an

1877

01:29:28,550 --> 01:29:23,090

overview of it if you would please oh

1878

01:29:32,210 --> 01:29:28,560

sure yeah well I was Kehoe kept the

1879

01:29:38,360 --> 01:29:32,220

subject of the abduction and and even

1880

01:29:45,650 --> 01:29:38,370

occupant cases silent from nycap until

1881

01:29:48,230 --> 01:29:45,660

1969 when I wrote the book strange

1882

01:29:51,110 --> 01:29:48,240

effects from the UFOs which Mike had

1883

01:29:54,290 --> 01:29:51,120

published but I asked him one time what

1884

01:29:56,690 --> 01:29:54,300

he thought had alien beings from other

1885

01:29:59,150 --> 01:29:56,700

planets been observing and monitoring

1886

01:30:01,730 --> 01:29:59,160

all these years and he said he had no

1887

01:30:04,400 --> 01:30:01,740

doubt about it and that I had probably

1888

01:30:06,920 --> 01:30:04,410

seen by now a lot of information

1889

01:30:09,170 --> 01:30:06,930

confirming it and we will see a lot more

1890

01:30:11,720 --> 01:30:09,180

he said particularly of our work with

1891

01:30:14,090 --> 01:30:11,730

the Colorado folks the University of

1892

01:30:17,000 --> 01:30:14,100

Colorado Post continues and is

1893

01:30:19,460 --> 01:30:17,010

successful and he says but tell me do

1894

01:30:22,160 --> 01:30:19,470

you think that officials at the highest

1895

01:30:25,150 --> 01:30:22,170

level of government including President

1896

01:30:29,210 --> 01:30:25,160

Johnson know we are being observed by

1897

01:30:31,580 --> 01:30:29,220

aliens from outer space yes I have no

1898

01:30:33,650 --> 01:30:31,590

doubt about it he responded with this

1899

01:30:35,990 --> 01:30:33,660

confirmed by Admiral Helen Cloyd or

1900

01:30:37,910 --> 01:30:36,000

anyone else and I don't know Helen

1901

01:30:40,610 --> 01:30:37,920

Keller didn't kill over close friends of

1902

01:30:43,040 --> 01:30:40,620

the Naval Academy and kelan oder became

1903

01:30:45,080 --> 01:30:43,050

the first director of the CIA but the

1904

01:30:47,600 --> 01:30:45,090

major responded to my question

1905

01:30:54,890 --> 01:30:47,610

ha you're not going to catch me there I

1906

01:30:56,930 --> 01:30:54,900

can't say of course that's yeah well we

1907

01:31:00,860 --> 01:30:56,940

have callers going to be calling in in

1908

01:31:02,810 --> 01:31:00,870

just a second here he just texts me

1909

01:31:06,230 --> 01:31:02,820

there he's calling in and it's a it's

1910

01:31:09,100 --> 01:31:06,240

Lee Spiegel and and here he is I think

1911

01:31:12,860 --> 01:31:09,110

this is him Lee is that you

1912

01:31:14,510 --> 01:31:12,870

it is highly thanks for calling it Lee

1913

01:31:16,729 --> 01:31:14,520

Spiegel I want you to meet the guests

1914

01:31:21,680 --> 01:31:16,739

that we have tonight we have

1915

01:31:23,870 --> 01:31:21,690

Gordon lore and Barry Greenwood Barry

1916

01:31:25,189 --> 01:31:23,880

Greenwood and I go back many many many

1917

01:31:27,770 --> 01:31:25,199

many many decades

1918

01:31:28,609 --> 01:31:27,780

how are you Barry yes yeah hey Lee how

1919

01:31:31,010 --> 01:31:28,619

you doing

1920

01:31:35,180 --> 01:31:31,020

I remember you're on the radio in New

1921

01:31:37,760 --> 01:31:35,190

York City right yeah yes on NBC's many

1922

01:31:40,760 --> 01:31:37,770

years ago are you yeah that was about

1923

01:31:43,040 --> 01:31:40,770

the time when clear intent came out that

1924

01:31:44,649 --> 01:31:43,050

was exactly the time yes I remember the

1925

01:31:48,290 --> 01:31:44,659

blue-and-white cover

1926

01:31:50,540 --> 01:31:48,300

yep yep yeah that's right now have you

1927

01:31:53,720 --> 01:31:50,550

ever have you ever spoken with uh with

1928

01:31:57,500 --> 01:31:53,730

Gordon Laura before no I haven't nice to

1929

01:32:00,050 --> 01:31:57,510

meet you Gordon nice to meet you very

1930

01:32:01,520 --> 01:32:00,060

good yeah my flying saucers from beyond

1931

01:32:04,570 --> 01:32:01,530

the earth has a nice blue and white

1932

01:32:14,510 --> 01:32:04,580

cover - okay

1933

01:32:17,209 --> 01:32:14,520

excellent excellent Malea okay yeah so

1934

01:32:19,220 --> 01:32:17,219

Lee I asked you to call him because this

1935

01:32:20,959 --> 01:32:19,230

show is dedicated to Stan Friedman and

1936

01:32:22,430 --> 01:32:20,969

we were talking about him

1937

01:32:24,109 --> 01:32:22,440

we just got into a pretty good

1938

01:32:26,750 --> 01:32:24,119

discussion about Roswell but you missed

1939

01:32:29,570 --> 01:32:26,760

that so I know you're on the train but

1940

01:32:32,050 --> 01:32:29,580

thanks for calling in um do you want to

1941

01:32:35,810 --> 01:32:32,060

give your a little say about standing

1942

01:32:39,229 --> 01:32:35,820

you know Stan Friedman was the first

1943

01:32:42,140 --> 01:32:39,239

person who I ever interviewed about

1944

01:32:47,089 --> 01:32:42,150

anything really and it just happened to

1945

01:32:49,720 --> 01:32:47,099

be yeah it was in 1975 and I was just

1946

01:32:54,620 --> 01:32:49,730

beginning work on what would then become

1947

01:32:56,689 --> 01:32:54,630

my documentary UFO there's a documentary

1948

01:33:01,910 --> 01:32:56,699

vinyl album are we all old enough to

1949

01:33:06,439 --> 01:33:01,920

remember vinyl records okay I I did this

1950

01:33:09,169 --> 01:33:06,449

for for CBS in 1975 and the name of the

1951

01:33:11,990 --> 01:33:09,179

album was UFOs the credibility factor

1952

01:33:14,720 --> 01:33:12,000

and the very first person I interviewed

1953

01:33:16,820 --> 01:33:14,730

for the album was Stan Freedman and at

1954

01:33:20,270 --> 01:33:16,830

the time he and his wife Marilyn were

1955

01:33:22,160 --> 01:33:20,280

living out I I want to say Redondo Beach

1956

01:33:25,640 --> 01:33:22,170

California but I'm not sure it's one of

1957

01:33:27,680 --> 01:33:25,650

those beaches in that area and then he

1958

01:33:29,810 --> 01:33:27,690

agreed to let me come to his house and I

1959

01:33:34,040 --> 01:33:29,820

interviewed him and I was instantly

1960

01:33:36,860 --> 01:33:34,050

struck by what was he was obviously a

1961

01:33:39,440 --> 01:33:36,870

scientist and at that point in my life I

1962

01:33:41,840 --> 01:33:39,450

had not met a lot of scientists yeah he

1963

01:33:45,130 --> 01:33:41,850

was the first and he was actually very

1964

01:33:47,990 --> 01:33:45,140

closely followed by my second scientist

1965

01:33:52,030 --> 01:33:48,000

as you said which was of course J Allen

1966

01:33:57,290 --> 01:33:52,040

Hynek but I got stands first and he

1967

01:34:00,620 --> 01:33:57,300

always came across and always since then

1968

01:34:02,930 --> 01:34:00,630

in all of his lectures in all of his

1969

01:34:05,360 --> 01:34:02,940

presentations and all of his radio and

1970

01:34:10,280 --> 01:34:05,370

television interviews always came across

1971

01:34:13,010 --> 01:34:10,290

as a diligent best researcher out there

1972

01:34:15,230 --> 01:34:13,020

I thought he never wavered from his

1973

01:34:17,660 --> 01:34:15,240

commitment to find some kind of evidence

1974

01:34:20,390 --> 01:34:17,670

and then hopefully that would lead to

1975

01:34:23,180 --> 01:34:20,400

truth he would never speculate he would

1976

01:34:24,800 --> 01:34:23,190

only go for something which he felt he

1977

01:34:26,330 --> 01:34:24,810

had enough evidence based on his own

1978

01:34:33,800 --> 01:34:26,340

research

1979

01:34:35,510 --> 01:34:33,810

listened I I was always so impressed by

1980

01:34:39,890 --> 01:34:35,520

the fact that even when he moved to

1981

01:34:42,560 --> 01:34:39,900

Fredericton up in Canada every time he

1982

01:34:45,770 --> 01:34:42,570

had to go on a speaking engagement

1983

01:34:49,970 --> 01:34:45,780

somewhere anywhere whether just in the

1984

01:34:52,670 --> 01:34:49,980

United States or in Canada or in any

1985

01:34:55,280 --> 01:34:52,680

other country he was always he always

1986

01:35:00,650 --> 01:34:55,290

had to take like a minimum of five or

1987

01:35:03,050 --> 01:35:00,660

six flights to get there and he never

1988

01:35:04,790 --> 01:35:03,060

complained he was always going through

1989

01:35:09,110 --> 01:35:04,800

the airports by himself you know with

1990

01:35:12,080 --> 01:35:09,120

his rolling bags and and he was just

1991

01:35:15,440 --> 01:35:12,090

amazing he always had an amazing amount

1992

01:35:20,390 --> 01:35:15,450

of energy I was so proud about four

1993

01:35:22,910 --> 01:35:20,400

years ago two into give him the Lifetime

1994

01:35:24,920 --> 01:35:22,920

Achievement Award at the International

1995

01:35:27,410 --> 01:35:24,930

UFO Congress when ranked in the

1996

01:35:30,410 --> 01:35:27,420

Scottsdale area and it was so I was so

1997

01:35:33,080 --> 01:35:30,420

happy to go on stage to give that to him

1998

01:35:36,940 --> 01:35:33,090

and to just see the sparkle in his eyes

1999

01:35:40,340 --> 01:35:36,950

for that thing for that achievement yeah

2000

01:35:42,140 --> 01:35:40,350

and you know I'm glad I'm so glad no no

2001

01:35:43,850 --> 01:35:42,150

it's just saying I'm up in YouTube I'm

2002

01:35:45,770 --> 01:35:43,860

playing a slideshow which

2003

01:35:49,040 --> 01:35:45,780

show that present show you handing that

2004

01:35:53,060 --> 01:35:49,050

presentation actually oh-oh-oh-oh

2005

01:35:55,910 --> 01:35:53,070

excellent I won't leave you read yes yes

2006

01:36:00,320 --> 01:35:55,920

do you remember the TV show have gun

2007

01:36:02,780 --> 01:36:00,330

will travel of course with well yeah and

2008

01:36:10,040 --> 01:36:02,790

free and Stan Friedman was et will

2009

01:36:10,850 --> 01:36:10,050

travel of course everywhere everywhere

2010

01:36:13,520 --> 01:36:10,860

he went

2011

01:36:15,110 --> 01:36:13,530

he was always just lugging that that

2012

01:36:17,300 --> 01:36:15,120

rolling suitcase I think he was one of

2013

01:36:19,160 --> 01:36:17,310

the first persons who I met who actually

2014

01:36:21,710 --> 01:36:19,170

owned one of those rolling suitcases

2015

01:36:27,080 --> 01:36:21,720

that now everybody owns yeah right I

2016

01:36:30,880 --> 01:36:27,090

used it so much he got a flat tire I I'm

2017

01:36:35,480 --> 01:36:30,890

not surprised I will tell you when I

2018

01:36:39,200 --> 01:36:35,490

when I was on NBC and in my final four

2019

01:36:42,830 --> 01:36:39,210

years there I I was the host of a show

2020

01:36:46,100 --> 01:36:42,840

called the edge of reality and which I

2021

01:36:50,090 --> 01:36:46,110

am actually going to be soon bringing to

2022

01:36:53,180 --> 01:36:50,100

kgr a digital radio we we don't know the

2023

01:36:55,580 --> 01:36:53,190

exact date yet but but I will come on

2024

01:36:58,790 --> 01:36:55,590

Martin's show and his great invitation

2025

01:37:00,710 --> 01:36:58,800

and we'll talk about all the things that

2026

01:37:02,840 --> 01:37:00,720

I plan on doing with the show bringing

2027

01:37:06,140 --> 01:37:02,850

it back to radio but what I used to do

2028

01:37:09,320 --> 01:37:06,150

at least a few times a year on edge of

2029

01:37:12,680 --> 01:37:09,330

reality I would I would I would host a

2030

01:37:13,970 --> 01:37:12,690

debate between Stan Friedman and Phil

2031

01:37:17,900 --> 01:37:13,980

class Wow

2032

01:37:19,460 --> 01:37:17,910

and and both men eagerly agreed to do it

2033

01:37:21,860 --> 01:37:19,470

whenever I called him and said you guys

2034

01:37:25,580 --> 01:37:21,870

ready for another debate and they always

2035

01:37:30,350 --> 01:37:25,590

jumped on it and I have to say you know

2036

01:37:31,310 --> 01:37:30,360

I kept score and um and always came out

2037

01:37:35,650 --> 01:37:31,320

on top

2038

01:37:39,380 --> 01:37:35,660

because in my opinion he was a better

2039

01:37:42,200 --> 01:37:39,390

researcher than Phil class new class I

2040

01:37:44,870 --> 01:37:42,210

think took pride in the fact that he was

2041

01:37:46,970 --> 01:37:44,880

at the bunker but as Stan I always like

2042

01:37:49,610 --> 01:37:46,980

to point out that the bunkers just don't

2043

01:37:51,350 --> 01:37:49,620

always do their homework you know finish

2044

01:37:54,380 --> 01:37:51,360

their homework so that they can have a

2045

01:37:57,320 --> 01:37:54,390

valid opinion about UFOs stand on the

2046

01:38:00,350 --> 01:37:57,330

other hand was that kind of researcher

2047

01:38:03,170 --> 01:38:00,360

and I was always amazed he could he

2048

01:38:05,960 --> 01:38:03,180

could hold his own against anybody

2049

01:38:07,820 --> 01:38:05,970

yeah in any kind of a debate Oh there

2050

01:38:09,710 --> 01:38:07,830

was nobody better than him in a debate I

2051

01:38:11,470 --> 01:38:09,720

thought yeah Alejandro and I were

2052

01:38:14,180 --> 01:38:11,480

talking about that earlier in the show

2053

01:38:16,130 --> 01:38:14,190

he was actually bringing up how great he

2054

01:38:19,070 --> 01:38:16,140

was in a debate and I mentioned the

2055

01:38:21,050 --> 01:38:19,080

latest one I saw was with Jeremy Korbel

2056

01:38:31,430 --> 01:38:21,060

I thought he did an excellent job there

2057

01:38:33,620 --> 01:38:31,440

is 100 about Bob Lazar yeah yeah point

2058

01:38:35,750 --> 01:38:33,630

dad to that one of the few times I

2059

01:38:38,690 --> 01:38:35,760

talked with Stan was this he was just

2060

01:38:40,640 --> 01:38:38,700

telling me warning me that be very

2061

01:38:43,400 --> 01:38:40,650

careful and always do your homework

2062

01:38:47,450 --> 01:38:43,410

before he'll get on these sounds like

2063

01:38:49,520 --> 01:38:47,460

him being right yeah yeah excellent that

2064

01:38:50,720 --> 01:38:49,530

he really knew what he was talking about

2065

01:38:54,170 --> 01:38:50,730

yes

2066

01:38:56,480 --> 01:38:54,180

I I always I always quote Stan wherever

2067

01:38:57,920 --> 01:38:56,490

I am in any kind of a situation where

2068

01:38:59,240 --> 01:38:57,930

I'm talking to people to kind of get

2069

01:39:02,150 --> 01:38:59,250

them to see a different point of view

2070

01:39:05,420 --> 01:39:02,160

about UFOs and he he always loved to say

2071

01:39:08,660 --> 01:39:05,430

among other things that there was a

2072

01:39:11,330 --> 01:39:08,670

mantra that that the bunkers always had

2073

01:39:14,480 --> 01:39:11,340

about UFOs and here's that mantra and

2074

01:39:16,670 --> 01:39:14,490

somebody says that that bit of UFO

2075

01:39:18,860 --> 01:39:16,680

behavior is impossible what they're

2076

01:39:21,290 --> 01:39:18,870

really saying is I don't know how to do

2077

01:39:23,630 --> 01:39:21,300

that and so if I don't know how to do it

2078

01:39:25,430 --> 01:39:23,640

it must be impossible nobody else knows

2079

01:39:29,390 --> 01:39:25,440

how to do it either that's right

2080

01:39:32,720 --> 01:39:29,400

oh wow yeah you know and I l've come to

2081

01:39:36,020 --> 01:39:32,730

refer to that as what I call the SETI in

2082

01:39:40,250 --> 01:39:36,030

Jerome because that that's that's what

2083

01:39:44,360 --> 01:39:40,260

the city as an SETI the city city

2084

01:39:47,270 --> 01:39:44,370

because their basic attitude is their

2085

01:39:49,550 --> 01:39:47,280

their attitude is well we really think

2086

01:39:51,980 --> 01:39:49,560

that there's no evidence that indicates

2087

01:39:54,980 --> 01:39:51,990

of Earth is being visited by anyone and

2088

01:39:57,650 --> 01:39:54,990

so we're going to continue to use the

2089

01:40:00,680 --> 01:39:57,660

what little funding we can get to try

2090

01:40:03,050 --> 01:40:00,690

and find that that cosmic needle in a

2091

01:40:05,300 --> 01:40:03,060

haystack because we know that we feel

2092

01:40:06,890 --> 01:40:05,310

that we really believe that twenty years

2093

01:40:09,230 --> 01:40:06,900

from now we're kind of we're going to

2094

01:40:11,300 --> 01:40:09,240

find that signal and we'll refer to it

2095

01:40:14,090 --> 01:40:11,310

as like the hollow signal again

2096

01:40:15,650 --> 01:40:14,100

and then we'll try and respond to it in

2097

01:40:18,650 --> 01:40:15,660

some way and we'll have a conversation

2098

01:40:19,670 --> 01:40:18,660

that will last thousands of years and

2099

01:40:24,110 --> 01:40:19,680

will get us nowhere

2100

01:40:27,320 --> 01:40:24,120

I I once had a kind of an argument a

2101  
01:40:30,560 --> 01:40:27,330  
friendly argument with Frank Drake the

2102  
01:40:32,960 --> 01:40:30,570  
creator of SETI and and I and I said to

2103  
01:40:37,160 --> 01:40:32,970  
Frank Frank is there any part of you

2104  
01:40:39,710 --> 01:40:37,170  
that would consider that that maybe some

2105  
01:40:42,080 --> 01:40:39,720  
people out there who have reported UFOs

2106  
01:40:46,160 --> 01:40:42,090  
through the decades maybe some of them

2107  
01:40:49,280 --> 01:40:46,170  
aren't cooks or hallucinating or having

2108  
01:40:53,150 --> 01:40:49,290  
mental breakdowns isn't it possible and

2109  
01:40:55,190 --> 01:40:53,160  
he said well I haven't seen any evidence

2110  
01:40:57,170 --> 01:40:55,200  
no one has presented any evidence to me

2111  
01:40:59,840 --> 01:40:57,180  
that I would consider worth studying and

2112  
01:41:06,680 --> 01:40:59,850  
I said Frank they're landing in people's

2113  
01:41:09,500 --> 01:41:06,690

backyards well they didn't land in my

2114

01:41:12,770 --> 01:41:09,510

backyard so until I can see something

2115

01:41:14,720 --> 01:41:12,780

that I can you know support then as far

2116

01:41:18,830 --> 01:41:14,730

as I'm concerned we're gonna fill look

2117

01:41:22,010 --> 01:41:18,840

for those cosmic signals like bang your

2118

01:41:24,800 --> 01:41:22,020

head in the wall hey thanks so much for

2119

01:41:26,390 --> 01:41:24,810

the call and and I'm so glad you

2120

01:41:27,940 --> 01:41:26,400

announced your show because I was trying

2121

01:41:30,500 --> 01:41:27,950

to figure out a way to announce it and

2122

01:41:31,940 --> 01:41:30,510

if I had permission to announce it so

2123

01:41:34,700 --> 01:41:31,950

you are going to be coming up on the

2124

01:41:36,620 --> 01:41:34,710

show will be you know will be hosting

2125

01:41:38,180 --> 01:41:36,630

you here before that launches and and

2126

01:41:40,850 --> 01:41:38,190

we'll talk all about it I'm really

2127

01:41:43,550 --> 01:41:40,860

really looking at it and I'm looking

2128

01:41:46,790 --> 01:41:43,560

forward to and again it's a very sad day

2129

01:41:50,210 --> 01:41:46,800

for all of us about dear old Stan that's

2130

01:41:50,420 --> 01:41:50,220

right you yes thank you for the call all

2131

01:41:55,820 --> 01:41:50,430

right

2132

01:41:59,210 --> 01:41:55,830

know you gentlemen have a lot more to

2133

01:42:02,090 --> 01:41:59,220

say and with that being said I would

2134

01:42:03,770 --> 01:42:02,100

definitely want you back on the show

2135

01:42:06,260 --> 01:42:03,780

again so we can talk some more but I do

2136

01:42:08,180 --> 01:42:06,270

want to actually leave the line open for

2137

01:42:10,700 --> 01:42:08,190

if anyone has a story about Stanton

2138

01:42:13,040 --> 01:42:10,710

Friedman or really fond memory I want to

2139

01:42:15,380 --> 01:42:13,050

want you to give us a call here at six

2140

01:42:17,630 --> 01:42:15,390

oh three nine six seven four OH three oh

2141

01:42:21,320 --> 01:42:17,640

you can see the number up on youtube if

2142

01:42:24,980 --> 01:42:21,330

you're watching YouTube but so before

2143

01:42:28,250 --> 01:42:24,990

right when I was taking taking the call

2144

01:42:30,260 --> 01:42:28,260

from Lee we kind of varied off of the

2145

01:42:34,210 --> 01:42:30,270

Roswell subject that we're moving on to

2146

01:42:38,660 --> 01:42:34,220

something else any any particular

2147

01:42:41,240 --> 01:42:38,670

sighting or that really you would like

2148

01:42:43,610 --> 01:42:41,250

to talk about more i I did get your

2149

01:42:44,990 --> 01:42:43,620

overall view of Roswell we'll move on

2150

01:42:46,790 --> 01:42:45,000

from that but uh

2151  
01:42:48,830 --> 01:42:46,800  
I just wanted to know if there's another

2152  
01:42:52,310 --> 01:42:48,840  
sighting that really we really thought

2153  
01:42:55,550 --> 01:42:52,320  
there was a lot a lot to it you know I I

2154  
01:42:57,170 --> 01:42:55,560  
have what I feel are you know some top

2155  
01:42:59,600 --> 01:42:57,180  
sightings you know I think the Phoenix

2156  
01:43:01,520 --> 01:42:59,610  
lights is pretty important I think these

2157  
01:43:03,110 --> 01:43:01,530  
are just my own opinions I'm not asking

2158  
01:43:05,900 --> 01:43:03,120  
you to join me

2159  
01:43:07,310 --> 01:43:05,910  
I think Rendlesham forest is right up

2160  
01:43:11,210 --> 01:43:07,320  
there there's a number of them that I

2161  
01:43:16,400 --> 01:43:11,220  
think are pretty amazing and and the

2162  
01:43:19,040 --> 01:43:16,410  
Chicago O'Hare UFO you know those are

2163  
01:43:24,950 --> 01:43:19,050

all ones that are kind of you know I

2164

01:43:28,810 --> 01:43:24,960

think pretty pretty credible I was go

2165

01:43:32,240 --> 01:43:28,820

ahead Gordon you know I was gonna maybe

2166

01:43:34,310 --> 01:43:32,250

go back to ours on with John fuller

2167

01:43:34,850 --> 01:43:34,320

author of the interrupted journey oh

2168

01:43:40,160 --> 01:43:34,860

yeah

2169

01:43:42,950 --> 01:43:40,170

Franklin show in New York back in the

2170

01:43:47,390 --> 01:43:42,960

sixties and I would credit that is one

2171

01:43:51,110 --> 01:43:47,400

of the really spectacular cases NICAP

2172

01:43:57,620 --> 01:43:51,120

did a tremendous amount of investigating

2173

01:44:02,740 --> 01:43:57,630

on that and but again Kehoe held it back

2174

01:44:07,130 --> 01:44:02,750

because of his concern that that

2175

01:44:10,820 --> 01:44:07,140

Congress would not hold future hearings

2176

01:44:13,190 --> 01:44:10,830

on it you know I think that was a which

2177

01:44:15,290 --> 01:44:13,200

I think everybody knows well very can

2178

01:44:16,970 --> 01:44:15,300

add something about it yeah well for now

2179

01:44:18,500 --> 01:44:16,980

on it as I mentioned we're gonna be

2180

01:44:20,900 --> 01:44:18,510

taking calls and we do have one that

2181

01:44:22,550 --> 01:44:20,910

came in we'll get we'll get back to that

2182

01:44:24,500 --> 01:44:22,560

conversation in a minute call the your

2183

01:44:32,300 --> 01:44:24,510

first your first name and where are you

2184

01:44:34,730 --> 01:44:32,310

calling from hi hi did you say Joe yeah

2185

01:44:37,280 --> 01:44:34,740

hi Joe nice to meet you you have do you

2186

01:44:38,280 --> 01:44:37,290

want to make a comment about Stan or did

2187

01:44:43,590 --> 01:44:38,290

you have

2188

01:44:46,320 --> 01:44:43,600

for our guests I have a memory of Stan

2189

01:44:48,740 --> 01:44:46,330

and I just like to say Martin that I

2190

01:44:51,990 --> 01:44:48,750

love your show you've got a great

2191

01:44:53,700 --> 01:44:52,000

approach on on the whole subject and

2192

01:44:55,050 --> 01:44:53,710

it's a pleasure to listen to you well

2193

01:45:00,780 --> 01:44:55,060

thank you very much Mike

2194

01:45:04,310 --> 01:45:00,790

sure about five years ago I had a

2195

01:45:07,380 --> 01:45:04,320

burning desire to ask an expert about

2196

01:45:12,420 --> 01:45:07,390

one of the questionable personalities in

2197

01:45:15,630 --> 01:45:12,430

the UFO world and I found Stan

2198

01:45:18,480 --> 01:45:15,640

Friedman's email info on the internet

2199

01:45:20,520 --> 01:45:18,490

and just randomly asked him a very

2200

01:45:25,140 --> 01:45:20,530

simple question about this particular

2201

01:45:28,800 --> 01:45:25,150

person is the story legit and I mean

2202

01:45:32,550 --> 01:45:28,810

within half a day he got back to me with

2203

01:45:34,290 --> 01:45:32,560

a very thorough in-depth answer and I

2204

01:45:36,990 --> 01:45:34,300

always remembered that and I thought it

2205

01:45:39,090 --> 01:45:37,000

was a really stand-up thing to do to

2206

01:45:41,760 --> 01:45:39,100

find the time I always a busy guy I know

2207

01:45:43,470 --> 01:45:41,770

he's always traveling and he's in high

2208

01:45:45,330 --> 01:45:43,480

demand and I just thought that it was a

2209

01:45:49,710 --> 01:45:45,340

great thing for him to just say you know

2210

01:45:51,330 --> 01:45:49,720

I don't buy into it and he you know said

2211

01:45:54,030 --> 01:45:51,340

you toughed you to make your own mind up

2212

01:45:55,830 --> 01:45:54,040

but he didn't buy into it so therefore I

2213

01:45:58,620 --> 01:45:55,840

didn't buy into it because I thought he

2214

01:46:00,870 --> 01:45:58,630

was just uh you know the elder statesman

2215

01:46:03,450 --> 01:46:00,880

of the subject and that's my memory I'm

2216

01:46:06,150 --> 01:46:03,460

sad to see him go and he'll be missed

2217

01:46:07,440 --> 01:46:06,160

yeah yeah Joey I agree and I'm I'm

2218

01:46:09,060 --> 01:46:07,450

almost dying to ask you who that person

2219

01:46:12,750 --> 01:46:09,070

is but I'm not going to and I don't want

2220

01:46:14,580 --> 01:46:12,760

to know but in yeah yeah thank thank you

2221

01:46:17,460 --> 01:46:14,590

so much thank you so much for the call

2222

01:46:18,600 --> 01:46:17,470

and and in the memory and that is uh you

2223

01:46:22,980 --> 01:46:18,610

know there-there's something about Stan

2224

01:46:24,870 --> 01:46:22,990

he did he did get back he did get back

2225

01:46:28,830 --> 01:46:24,880

to people and you know can you imagine

2226

01:46:34,800 --> 01:46:28,840

is me email box how many emails that he

2227

01:46:38,720 --> 01:46:34,810

got from all over the world right yeah

2228

01:46:46,680 --> 01:46:38,730

well thank you Joe I appreciate it I

2229

01:46:50,580 --> 01:46:46,690

think I think he's gone so we're sure

2230

01:46:52,080 --> 01:46:50,590

good not to that specifically but I just

2231

01:46:53,820 --> 01:46:52,090

wanted to say that

2232

01:46:58,350 --> 01:46:53,830

if we could get just a couple of minutes

2233

01:47:00,660 --> 01:46:58,360

out and on on Barry and the and and

2234

01:47:02,880 --> 01:47:00,670

others in the field who are really

2235

01:47:06,420 --> 01:47:02,890

archiving this subject and going to

2236

01:47:09,000 --> 01:47:06,430

people's homes like mine and you're

2237

01:47:11,580 --> 01:47:09,010

scanning through boxes and boxes and

2238

01:47:15,150 --> 01:47:11,590

warehouses full of material for

2239

01:47:17,130 --> 01:47:15,160

safekeeping for future investigators and

2240

01:47:19,800 --> 01:47:17,140

researchers you know I should get you

2241

01:47:22,500 --> 01:47:19,810

together with David Marla David Marla is

2242

01:47:25,710 --> 01:47:22,510

doing the same thing out and up how did

2243

01:47:31,550 --> 01:47:25,720

you know the he's not far from Socorro

2244

01:47:33,930 --> 01:47:31,560

he's out in the Albuquerque area he's I

2245

01:47:35,250 --> 01:47:33,940

will definitely connect you to but go

2246

01:47:39,390 --> 01:47:35,260

ahead Barry I want to hear more about

2247

01:47:41,580 --> 01:47:39,400

what you're doing yeah I mean after a

2248

01:47:43,620 --> 01:47:41,590

long period of time and the subject I

2249

01:47:45,690 --> 01:47:43,630

realized that we had to get all the

2250

01:47:47,460 --> 01:47:45,700

information together in one place it

2251

01:47:51,600 --> 01:47:47,470

tended to be scattered around about

2252

01:47:53,910 --> 01:47:51,610

among investigators and lecturers and

2253

01:47:58,820 --> 01:47:53,920

and organizations and everybody had

2254

01:48:02,280 --> 01:47:58,830

their own pile to deal with and no pile

2255

01:48:05,010 --> 01:48:02,290

exactly duplicated the others so it

2256

01:48:08,720 --> 01:48:05,020

seemed like all of that information had

2257

01:48:11,220 --> 01:48:08,730

to be put in one place and and I think

2258

01:48:14,430 --> 01:48:11,230

instituted an effort which I call

2259

01:48:17,040 --> 01:48:14,440

preservation and duplication to try to

2260

01:48:18,510 --> 01:48:17,050

save the subject too many times and and

2261

01:48:21,030 --> 01:48:18,520

they could rattle off a number of

2262

01:48:23,310 --> 01:48:21,040

examples where records were lost

2263

01:48:27,900 --> 01:48:23,320

people's investigative files were

2264

01:48:29,790 --> 01:48:27,910

trashed others took the files over and

2265

01:48:33,420 --> 01:48:29,800

disappeared with them never to be seen

2266

01:48:36,210 --> 01:48:33,430

again had the the old aerial phenomena

2267

01:48:39,360 --> 01:48:36,220

research organization files disappeared

2268

01:48:41,850 --> 01:48:39,370

30 years ago and I tend to think they're

2269

01:48:44,970 --> 01:48:41,860

still around but they're in the hands of

2270

01:48:47,550 --> 01:48:44,980

people that aren't allowing outsiders to

2271

01:48:49,410 --> 01:48:47,560

see them and their makes them fairly

2272

01:48:51,720 --> 01:48:49,420

useless for research

2273

01:48:53,880 --> 01:48:51,730

fortunately the the people who have the

2274

01:48:57,720 --> 01:48:53,890

files at the time choral and Jim Lorenz

2275

01:48:59,790 --> 01:48:57,730

and it made some micro films of their

2276

01:49:02,700 --> 01:48:59,800

files but I think there's only one

2277

01:49:04,830 --> 01:49:02,710

surviving right now if there were others

2278

01:49:06,030 --> 01:49:04,840

around I'd like to know about it but

2279

01:49:08,760 --> 01:49:06,040

that the point is

2280

01:49:11,550 --> 01:49:08,770

that if the subjects going to survive if

2281

01:49:14,370 --> 01:49:11,560

the scarce information within it is

2282

01:49:16,320 --> 01:49:14,380

going to survive it has to be number one

2283

01:49:20,190 --> 01:49:16,330

identified and preserved and then to

2284

01:49:23,430 --> 01:49:20,200

duplicate it into multiple locations so

2285

01:49:26,520 --> 01:49:23,440

that if any one of those drops off the

2286

01:49:29,690 --> 01:49:26,530

radar other people will have the data

2287

01:49:34,620 --> 01:49:29,700

and it just won't become permanently

2288

01:49:37,470 --> 01:49:34,630

unattainable yeah my effort and I travel

2289

01:49:41,460 --> 01:49:37,480

around trying to copy things as much as

2290

01:49:46,200 --> 01:49:41,470

I can yeah yeah right add to that Barry

2291

01:49:48,420 --> 01:49:46,210

has written a excellent PostScript to to

2292

01:49:52,110 --> 01:49:48,430

my future Vulcan I'm working with with

2293

01:49:55,890 --> 01:49:52,120

Erica Luke's on that topic called

2294

01:49:59,220 --> 01:49:55,900

archiving the UFO topic you know done a

2295

01:50:01,250 --> 01:49:59,230

marvelous job yeah I'm sure you both

2296

01:50:04,620 --> 01:50:01,260

have heard about the Project Blue Book

2297

01:50:08,340 --> 01:50:04,630

files that were being sold at a on

2298

01:50:10,350 --> 01:50:08,350

Craigslist I like an estate sale I don't

2299

01:50:14,100 --> 01:50:10,360

know if you heard about that yours oh

2300

01:50:17,370 --> 01:50:14,110

yeah that was Sergeant Morano wasn't it

2301

01:50:21,180 --> 01:50:17,380

I think it was him that it originated

2302

01:50:23,940 --> 01:50:21,190

from I believe in the Ohio yes mm-hmm

2303

01:50:27,900 --> 01:50:23,950

yeah yeah I had seen that when it's

2304

01:50:30,210 --> 01:50:27,910

surfaced and I was fascinated with it

2305

01:50:33,510 --> 01:50:30,220

because usually blue book files aren't

2306

01:50:35,160 --> 01:50:33,520

out of the system except in rare

2307

01:50:38,970 --> 01:50:35,170

circumstances but there was a whole

2308

01:50:41,130 --> 01:50:38,980

stash that Morano had kept and and he

2309

01:50:44,010 --> 01:50:41,140

made them available and fortunately they

2310

01:50:46,860 --> 01:50:44,020

they survived now yeah yeah it's amazing

2311

01:50:48,960 --> 01:50:46,870

and there actually had Dave Marlar

2312

01:50:50,460 --> 01:50:48,970

archive out in New Mexico that I spoke

2313

01:50:52,560 --> 01:50:50,470

to you about and I'll definitely be

2314

01:50:54,720 --> 01:50:52,570

talking more about that bury you know

2315

01:50:57,210 --> 01:50:54,730

we're we're we only got a minute left so

2316

01:50:58,710 --> 01:50:57,220

if there's a any burning desire for

2317

01:51:02,070 --> 01:50:58,720

anything else you'd either one of you

2318

01:51:03,600 --> 01:51:02,080

would like to say one at a time Gordon

2319

01:51:08,070 --> 01:51:03,610

do you have anything uh we have just

2320

01:51:11,670 --> 01:51:08,080

less than a minute left here you have oh

2321

01:51:13,860 --> 01:51:11,680

no I don't think scripted I think it's I

2322

01:51:17,430 --> 01:51:13,870

think you've done a wonderful job with

2323

01:51:19,160 --> 01:51:17,440

the with the show and hopefully some

2324

01:51:22,070 --> 01:51:19,170

people will take notice and

2325

01:51:25,880 --> 01:51:22,080

and saving whatever UFO materials they

2326

01:51:28,910 --> 01:51:25,890

have so they can survive into the future

2327

01:51:32,780 --> 01:51:28,920

right right all right I regret that

2328

01:51:34,810 --> 01:51:32,790

Judah I was one of the great fault about

2329

01:51:37,550 --> 01:51:34,820

that but I was so fed up after

2330

01:51:40,120 --> 01:51:37,560

particularly after I was fired from my

2331

01:51:42,260 --> 01:51:40,130

captain I got rid of much more

2332

01:51:45,500 --> 01:51:42,270

information than that and then I thought

2333

01:51:47,150 --> 01:51:45,510

wow wow all right you two I have to go

2334

01:51:50,209 --> 01:51:47,160

so that's the end of the show thank you

2335

01:51:52,850 --> 01:51:50,219

so much it's been a real pleasure

2336

01:51:56,209 --> 01:51:52,860

all right all right take care all right

2337

01:51:58,780 --> 01:51:56,219

everyone so that is it for this show I

2338

01:52:02,209 --> 01:51:58,790

want to thank you all for listening and

2339

01:52:05,380 --> 01:52:02,219

this show again is dedicated to Stanton

2340

01:52:09,380 --> 01:52:05,390

Friedman and he will be greatly missed

2341

01:52:12,860 --> 01:52:09,390

next week we have MJ bonus on he's

2342

01:52:14,990 --> 01:52:12,870

always a treat and I do want to thank

2343

01:52:18,110 --> 01:52:15,000

everyone that helps out and supports the
