

1
00:00:06,170 --> 00:00:03,470
to help him out many of these pilots

2
00:00:07,880 --> 00:00:06,180
have hundreds if not several thousands

3
00:00:10,509 --> 00:00:07,890
of flying hours it's not in their

4
00:00:13,129 --> 00:00:10,519
interest to make this stuff up because

5
00:00:17,060 --> 00:00:13,139
professionally it could be very damaging

6
00:00:19,490 --> 00:00:17,070
to them in 2015 lieutenant graves and

7
00:00:24,230 --> 00:00:19,500
lieutenant Danny a coin or training to

8
00:00:28,220 --> 00:00:25,820
what was the first thing you thought

9
00:00:29,810 --> 00:00:28,230
when you saw that actually is like there

10
00:00:32,210 --> 00:00:29,820
is actually something there first time

11
00:00:33,710 --> 00:00:32,220
you see it on the radar could possibly

12
00:00:35,720 --> 00:00:33,720
be a false track but then when you start

13
00:00:37,700 --> 00:00:35,730

to get multiple sensors reading the

14

00:00:41,229 --> 00:00:37,710

exact same thing and then you get to see

15

00:00:43,160 --> 00:00:41,239

a display that solidifies it for me

16

00:00:44,960 --> 00:00:43,170

again and again

17

00:00:49,880 --> 00:00:44,970

the pilots were capturing bizarre shaped

18

00:00:54,810 --> 00:00:52,260

two of the videos would be released to

19

00:00:57,470 --> 00:00:54,820

the public one would come to be known as

20

00:01:01,500 --> 00:00:57,480

go fast the other was called gimbal

21

00:01:05,940 --> 00:01:01,510

really no distinct wings no distinct

22

00:01:09,150 --> 00:01:05,950

tail no distinct exhaust plume much like

23

00:01:10,530 --> 00:01:09,160

you seen a gimbal video seemed like they

24

00:01:13,730 --> 00:01:10,540

were aware of our presence because they

25

00:01:16,190 --> 00:01:13,740

would actively move around us

26

00:01:17,460 --> 00:01:16,200

unidentified inside America's UFO
