

# LUIS ELIZONDO

## AATIP

AND

## UNIDENTIFIED

INSIDE AMERICA'S UFO INVESTIGATION

1  
00:00:05,390 --> 00:00:02,419  
again I'm sorry for the delay of the

2  
00:00:07,789 --> 00:00:05,400  
start and we're going Lou welcome to the

3  
00:00:10,730 --> 00:00:07,799  
show and I apologize for for the delay

4  
00:00:12,020 --> 00:00:10,740  
and I know you're on limited time no

5  
00:00:18,260 --> 00:00:12,030  
worry sir thank you for having me

6  
00:00:20,420 --> 00:00:18,270  
yes so Lou there I have like so many

7  
00:00:23,179 --> 00:00:20,430  
people have written into me that wanted

8  
00:00:24,950 --> 00:00:23,189  
some questions answered a whole bunch of

9  
00:00:28,400 --> 00:00:24,960  
them but one of them I'd like to just

10  
00:00:29,630 --> 00:00:28,410  
tackle and get over real quickly is and

11  
00:00:31,550 --> 00:00:29,640  
we're definitely going to talk about

12  
00:00:34,420 --> 00:00:31,560  
your show I absolutely love it I thought

13  
00:00:40,369 --> 00:00:34,430

it was great but can you tackle the

14

00:00:43,760 --> 00:00:40,379

recent particle in the insect Kurt says

15

00:00:46,610 --> 00:00:43,770

that sure what I believe the name was

16

00:00:49,760 --> 00:00:46,620

Sherwood said he didn't believe you were

17

00:00:53,720 --> 00:00:49,770

part of the a tip can you just tackle

18

00:00:56,029 --> 00:00:53,730

that and get that over sure well first

19

00:00:59,209 --> 00:00:56,039

and foremost look in today's day of

20

00:01:01,610 --> 00:00:59,219

media it look everyone's entitled to the

21

00:01:03,830 --> 00:01:01,620

minute and not everyone is necessarily

22

00:01:05,780 --> 00:01:03,840

going to agree with or even lying what

23

00:01:07,670 --> 00:01:05,790

what what we're doing and especially I

24

00:01:10,700 --> 00:01:07,680

think when we're talking about speaking

25

00:01:14,450 --> 00:01:10,710

about topics as rich and potentially as

26  
00:01:17,060 --> 00:01:14,460  
as obscure and contentious at times as

27  
00:01:19,370 --> 00:01:17,070  
UFOs and because of that people are

28  
00:01:21,649 --> 00:01:19,380  
always going to have to try to poke

29  
00:01:24,590 --> 00:01:21,659  
holes in a story I get it that's that's

30  
00:01:27,200 --> 00:01:24,600  
just what the media does but I'm very

31  
00:01:29,630 --> 00:01:27,210  
confident along with others that are in

32  
00:01:30,830 --> 00:01:29,640  
senior positions of the US government of

33  
00:01:33,800 --> 00:01:30,840  
my of my credentials

34  
00:01:36,710 --> 00:01:33,810  
the Department of Defense is a large

35  
00:01:39,770 --> 00:01:36,720  
bureaucracy and sometimes it takes time

36  
00:01:42,499 --> 00:01:39,780  
for information to trickle down so this

37  
00:01:44,210 --> 00:01:42,509  
may very well be one of those cases and

38  
00:01:45,800 --> 00:01:44,220

you know frankly I'm pretty optimistic

39

00:01:48,590 --> 00:01:45,810

that at some point here there their

40

00:01:49,969 --> 00:01:48,600

position may change again so it's not an

41

00:01:52,639 --> 00:01:49,979

unfortunate I wish I wish I'd say it's

42

00:01:54,679 --> 00:01:52,649

unusual but but sometimes it takes a

43

00:01:56,330 --> 00:01:54,689

while for information to keeping a month

44

00:01:58,639 --> 00:01:56,340

for the last year and a half they had

45

00:02:00,830 --> 00:01:58,649

already said for the record that I think

46

00:02:03,109 --> 00:02:00,840

she was part of the program so you know

47

00:02:07,370 --> 00:02:03,119

I think they probably got their wires

48

00:02:11,390 --> 00:02:10,249

and what you're trying to accomplish I'm

49

00:02:13,730 --> 00:02:11,400

sorry can you repeat that one more time

50

00:02:16,250 --> 00:02:13,740

yeah when things like this happen when

51  
00:02:19,010 --> 00:02:16,260  
you read something like this is it is it

52  
00:02:22,160 --> 00:02:19,020  
discouraging you from continuing on what

53  
00:02:23,360 --> 00:02:22,170  
they're doing no no I mean like I said

54  
00:02:24,860 --> 00:02:23,370  
people are entitled to their opinions

55  
00:02:28,130 --> 00:02:24,870  
and this and it's going to continue to

56  
00:02:29,900 --> 00:02:28,140  
happen I think that look we live in a

57  
00:02:32,360 --> 00:02:29,910  
society where everybody has a right to

58  
00:02:35,360 --> 00:02:32,370  
an opinion it doesn't matter how goofy

59  
00:02:37,070 --> 00:02:35,370  
or or or serious it is and I think

60  
00:02:39,320 --> 00:02:37,080  
that's what makes our society so so

61  
00:02:41,000 --> 00:02:39,330  
great so now people are gonna have have

62  
00:02:42,440 --> 00:02:41,010  
opinions as I just had a penis for the

63  
00:02:45,140 --> 00:02:42,450

last 70 years on this topic quite

64

00:02:46,850 --> 00:02:45,150

frankly so do I think that that opinions

65

00:02:49,010 --> 00:02:46,860

are going to change us because I happen

66

00:02:51,890 --> 00:02:49,020

to be the the person who should on this

67

00:02:53,810 --> 00:02:51,900

topic no absolutely not I think it's you

68

00:02:56,300 --> 00:02:53,820

know this is I hate to say but it says

69

00:02:57,350 --> 00:02:56,310

it says American as apple pie and you

70

00:02:59,750 --> 00:02:57,360

know that's what happens when you live

71

00:03:05,180 --> 00:02:59,760

in a free society we allow everybody to

72

00:03:07,850 --> 00:03:05,190

have a voice so I watched the screener

73

00:03:09,920 --> 00:03:07,860

of unidentified and I was absolutely

74

00:03:14,240 --> 00:03:09,930

thrilled with the web how well it was

75

00:03:17,810 --> 00:03:14,250

produced and now are we gonna be getting

76

00:03:20,539 --> 00:03:17,820

more of these type of videos that are

77

00:03:23,560 --> 00:03:20,549

going to come out that you display

78

00:03:26,090 --> 00:03:23,570

you know the tick-tock and then

79

00:03:28,580 --> 00:03:26,100

2014-2015 what everyone's calling the

80

00:03:31,600 --> 00:03:28,590

gimbal by UFO do you think eventually

81

00:03:34,850 --> 00:03:31,610

there will be more videos coming out

82

00:03:36,430 --> 00:03:34,860

well certainly but let me define you

83

00:03:39,160 --> 00:03:36,440

know coming out on this particular

84

00:03:41,690 --> 00:03:39,170

series or the next episode you know I

85

00:03:42,949 --> 00:03:41,700

you know I think I think more videos

86

00:03:46,490 --> 00:03:42,959

will be coming out yes but not

87

00:03:48,140 --> 00:03:46,500

necessarily through our show immediately

88

00:03:50,630 --> 00:03:48,150

because at the end of the day videos are

89

00:03:52,670 --> 00:03:50,640

just one aspect of many many many when

90

00:03:54,530 --> 00:03:52,680

you're trying to - through will build a

91

00:03:56,840 --> 00:03:54,540

case on something you know eyewitness

92

00:03:58,610 --> 00:03:56,850

testimony is very important video is

93

00:04:00,410 --> 00:03:58,620

very important radar data is very

94

00:04:02,630 --> 00:04:00,420

important electro optical data gun

95

00:04:04,490 --> 00:04:02,640

camera footage is very important and

96

00:04:06,979 --> 00:04:04,500

it's it's a much bigger story than just

97

00:04:08,990 --> 00:04:06,989

a video or two or three videos

98

00:04:10,370 --> 00:04:09,000

I think the viewer will appreciate as

99

00:04:13,910 --> 00:04:10,380

you begin to watch more and more of

100

00:04:16,550 --> 00:04:13,920

these you will you will begin to realize

101  
00:04:20,539 --> 00:04:16,560  
that this is a much much bigger much

102  
00:04:22,850 --> 00:04:20,549  
more comprehensive and naima that

103  
00:04:24,890 --> 00:04:22,860  
facing and although videos are neat

104  
00:04:25,969 --> 00:04:24,900  
because people look at how that look at

105  
00:04:28,129 --> 00:04:25,979  
that thing

106  
00:04:30,439 --> 00:04:28,139  
this is this is much more compelling and

107  
00:04:32,180 --> 00:04:30,449  
when you begin to actually listen to the

108  
00:04:34,399 --> 00:04:32,190  
eyewitnesses these are men and women who

109  
00:04:37,279 --> 00:04:34,409  
are still active duty in uniform and and

110  
00:04:40,129 --> 00:04:37,289  
you see what the the struggle that and

111  
00:04:43,159 --> 00:04:40,139  
and potentially in some cases even even

112  
00:04:44,510 --> 00:04:43,169  
putting them in harm's way and then had

113  
00:04:47,059 --> 00:04:44,520

this discussion in front of the American

114

00:04:49,369 --> 00:04:47,069

people I think people will begin to

115

00:04:50,809 --> 00:04:49,379

realize this is a very this is a very

116

00:04:52,520 --> 00:04:50,819

interesting question that we knew that

117

00:04:53,899 --> 00:04:52,530

we need to answers to this and yeah

118

00:04:56,540 --> 00:04:53,909

there's a national security aspect

119

00:04:57,770 --> 00:04:56,550

addition it's not just hey I saw

120

00:05:01,430 --> 00:04:57,780

something flying when I was flying my

121

00:05:03,260 --> 00:05:01,440

f-18 and I think as we continue with a

122

00:05:05,689 --> 00:05:03,270

few more of these episodes it's going to

123

00:05:10,550 --> 00:05:05,699

become very very current that that this

124

00:05:13,370 --> 00:05:10,560

is truly a global phenomena what's a

125

00:05:15,200 --> 00:05:13,380

specific event that helped shape your

126

00:05:18,950 --> 00:05:15,210

decision to leave the Department of

127

00:05:22,879 --> 00:05:18,960

Defense or was it just a gradual you

128

00:05:26,379 --> 00:05:22,889

know saying that you went through to you

129

00:05:30,580 --> 00:05:29,629

well first of all if I may be frank with

130

00:05:33,379 --> 00:05:30,590

you

131

00:05:35,180 --> 00:05:33,389

personally speaking I've seen and know

132

00:05:38,059 --> 00:05:35,190

too much at this point to simply ignore

133

00:05:40,249 --> 00:05:38,069

the fact and turn my back and not

134

00:05:42,890 --> 00:05:40,259

address that that these crafts are real

135

00:05:44,839 --> 00:05:42,900

that they exist they're frankly just

136

00:05:47,080 --> 00:05:44,849

overwhelming evidence and my background

137

00:05:49,100 --> 00:05:47,090

being a no kidding investigator

138

00:05:51,860 --> 00:05:49,110

throughout my career in intelligence

139

00:05:56,360 --> 00:05:51,870

officer we have a responsibility to

140

00:05:59,360 --> 00:05:56,370

report and it's also a duty to warn and

141

00:06:01,189 --> 00:05:59,370

so when you go to the airport right or

142

00:06:03,709 --> 00:06:01,199

you go to a train station you hear that

143

00:06:05,570 --> 00:06:03,719

a famous announcement you know see

144

00:06:08,930 --> 00:06:05,580

something say something reported when in

145

00:06:12,140 --> 00:06:08,940

doubt see something suspicious and when

146

00:06:14,360 --> 00:06:12,150

it comes to these things it's the

147

00:06:15,709 --> 00:06:14,370

opposite approach until recently it was

148

00:06:17,510 --> 00:06:15,719

don't report these things because you

149

00:06:19,100 --> 00:06:17,520

made with your clear mates you might you

150

00:06:20,870 --> 00:06:19,110

might blind up being taken a flight

151

00:06:23,540 --> 00:06:20,880

status and may put you some sort of

152

00:06:25,730 --> 00:06:23,550

psychological evaluation and it's

153

00:06:28,010 --> 00:06:25,740

detrimental to your career and so I

154

00:06:29,450 --> 00:06:28,020

found that very dangerous because the

155

00:06:31,070 --> 00:06:29,460

only thing more dangerous or something

156

00:06:32,420 --> 00:06:31,080

flying in our skies we don't know what

157

00:06:33,920 --> 00:06:32,430

it is there's nothing we can do about it

158

00:06:36,830 --> 00:06:33,930

it's not even being

159

00:06:40,249 --> 00:06:36,840

we'll have a conversation that is to

160

00:06:41,840 --> 00:06:40,259

meet unacceptable and so my decision to

161

00:06:44,060 --> 00:06:41,850

leave the department was in part because

162

00:06:45,890 --> 00:06:44,070

my loyalty to the part about this

163

00:06:48,650 --> 00:06:45,900

loyalty understand that at the time

164

00:06:50,450 --> 00:06:48,660

secretary Madison this is a man that I

165

00:06:52,790 --> 00:06:50,460

served in a combat theater with and I

166

00:06:54,860 --> 00:06:52,800

have the utmost greatest respect for

167

00:06:56,570 --> 00:06:54,870

this man I've seen him literally make

168

00:06:58,730 --> 00:06:56,580

decisions that save people's lives right

169

00:07:00,620 --> 00:06:58,740

there on the spot so so this is a man

170

00:07:02,090 --> 00:07:00,630

through my experience who should have

171

00:07:04,420 --> 00:07:02,100

more information about less and when

172

00:07:07,129 --> 00:07:04,430

he's in a position of secretary defense

173

00:07:09,020 --> 00:07:07,139

not even being able to let him know look

174

00:07:10,969 --> 00:07:09,030

these things are in our controlled

175

00:07:12,950 --> 00:07:10,979

airspace and they're coming close to our

176

00:07:15,439 --> 00:07:12,960

to our pilots and to the point where you

177

00:07:17,930 --> 00:07:15,449

almost have a mid-air collision that's a

178

00:07:20,900 --> 00:07:17,940

problem and simply because of stigma and

179

00:07:23,629 --> 00:07:20,910

taboo frankly I don't give it a food

180

00:07:25,760 --> 00:07:23,639

what the stigma and taboo is you've got

181

00:07:27,620 --> 00:07:25,770

to tell the boss and when the

182

00:07:30,350 --> 00:07:27,630

bureaucracy doesn't allow that to happen

183

00:07:32,810 --> 00:07:30,360

then I think there's a failure of the

184

00:07:34,999 --> 00:07:32,820

system and we have to we have to fix

185

00:07:36,950 --> 00:07:35,009

that failure and so in fact going back

186

00:07:38,689 --> 00:07:36,960

to your question leaving what made me

187

00:07:40,399 --> 00:07:38,699

think the department it wasn't

188

00:07:42,770 --> 00:07:40,409

necessarily a single event it was a

189

00:07:44,990 --> 00:07:42,780

constant frustration of reporting and

190

00:07:45,409 --> 00:07:45,000

briefing senior DoD leadership on these

191

00:07:47,779 --> 00:07:45,419

things

192

00:07:49,010 --> 00:07:47,789

and this resistance to say look hey we

193

00:07:50,420 --> 00:07:49,020

know who these things are real you're

194

00:07:53,180 --> 00:07:50,430

right this is compelling we've got the

195

00:07:54,700 --> 00:07:53,190

pilots testimony we got it we're not

196

00:07:57,260 --> 00:07:54,710

quite sure we want to tell the boss yet

197

00:07:59,480 --> 00:07:57,270

that to me and by the way I'm not

198

00:08:02,029 --> 00:07:59,490

blaming it because you know how to tell

199

00:08:04,430 --> 00:08:02,039

a guy by the way who's made bad dog

200

00:08:05,629 --> 00:08:04,440

managed that there's something nice guy

201  
00:08:06,439 --> 00:08:05,639  
and we don't know what it is we don't

202  
00:08:08,180 --> 00:08:06,449  
know how to stop it

203  
00:08:10,100 --> 00:08:08,190  
keeping in mind that Department of

204  
00:08:13,159 --> 00:08:10,110  
Defense is an organization that is

205  
00:08:15,589 --> 00:08:13,169  
designed to have answers and you do not

206  
00:08:18,770 --> 00:08:15,599  
want to go to the boss without any type

207  
00:08:21,980 --> 00:08:18,780  
of recommended course of action so again

208  
00:08:23,689 --> 00:08:21,990  
it but at the same time I don't think

209  
00:08:25,700 --> 00:08:23,699  
this is like a conversation about fine

210  
00:08:27,680 --> 00:08:25,710  
wine and the longer we keep a cork on it

211  
00:08:29,149 --> 00:08:27,690  
the better it gets I I think we need to

212  
00:08:30,589 --> 00:08:29,159  
have the conversation now in fact I

213  
00:08:34,339 --> 00:08:30,599

think we did have the conversation five

214

00:08:36,290 --> 00:08:34,349

years ago you asked me and so I left the

215

00:08:38,329 --> 00:08:36,300

department sometimes if you loved an

216

00:08:40,670 --> 00:08:38,339

organization enough if you want to fix

217

00:08:43,040 --> 00:08:40,680

it you have to leave it and and by the

218

00:08:45,949 --> 00:08:43,050

way you know I remind you that secretary

219

00:08:47,510 --> 00:08:45,959

mattis almost a year to the day day that

220

00:08:50,770 --> 00:08:47,520

I resign he did

221

00:08:53,090 --> 00:08:50,780

same thing IRA's I out of principle so

222

00:08:54,800 --> 00:08:53,100

sometimes you have to leave an

223

00:08:56,900 --> 00:08:54,810

organization and fix it from the outside

224

00:09:00,320 --> 00:08:56,910

if you really if you really love it

225

00:09:02,240 --> 00:09:00,330

want to help now one of the questions

226

00:09:05,690 --> 00:09:02,250

that a lot of people have asked me and

227

00:09:06,440 --> 00:09:05,700

wondered about and I just like to set

228

00:09:09,800 --> 00:09:06,450

the record straight

229

00:09:11,620 --> 00:09:09,810

are you in any capacity a contractor and

230

00:09:14,420 --> 00:09:11,630

some type of way for the government now

231

00:09:23,590 --> 00:09:14,430

no I don't have no idea where they came

232

00:09:27,440 --> 00:09:23,600

from if I am sure not getting paid so I

233

00:09:29,210 --> 00:09:27,450

watched the livestream of to the Stars

234

00:09:32,960 --> 00:09:29,220

Academy to be launched I think it was

235

00:09:35,360 --> 00:09:32,970

like October 11th and 2017 and I was

236

00:09:37,430 --> 00:09:35,370

really kind of surprised that there was

237

00:09:40,850 --> 00:09:37,440

very little press about it and then a

238

00:09:43,610 --> 00:09:40,860

long time you know December 16th and the

239

00:09:46,060 --> 00:09:43,620

New York Times article that was

240

00:09:49,640 --> 00:09:46,070

co-authored by Helen Cooper Ralf

241

00:09:51,380 --> 00:09:49,650

Blumenthal and Leslie came and what was

242

00:09:55,640 --> 00:09:51,390

the what was that like for you when that

243

00:09:57,020 --> 00:09:55,650

after that happened oh gosh um you know

244

00:09:59,210 --> 00:09:57,030

be honest with you I'm a creature of the

245

00:10:02,180 --> 00:09:59,220

shadows I've spent my entire life living

246

00:10:04,880 --> 00:10:02,190

in the shadows out of frankly that's a

247

00:10:07,750 --> 00:10:04,890

matter of our job so it is not my nature

248

00:10:11,290 --> 00:10:07,760

to be in the middle of the spotlight

249

00:10:13,460 --> 00:10:11,300

personally it's it's rather

250

00:10:15,410 --> 00:10:13,470

uncomfortable for me but at the same

251  
00:10:19,610 --> 00:10:15,420  
time I think the message is very

252  
00:10:22,030 --> 00:10:19,620  
important and so I'm doing what what I

253  
00:10:25,400 --> 00:10:22,040  
feel is necessary now if you want a very

254  
00:10:28,490 --> 00:10:25,410  
poor analogy I've often told people you

255  
00:10:30,770 --> 00:10:28,500  
know I think of myself as this albino

256  
00:10:33,380 --> 00:10:30,780  
caves new living somewhere in the recess

257  
00:10:35,870 --> 00:10:33,390  
of some back cave dark and happy and you

258  
00:10:38,060 --> 00:10:35,880  
know and all of a sudden someone taking

259  
00:10:39,380 --> 00:10:38,070  
this little this little lizard that's

260  
00:10:40,670 --> 00:10:39,390  
been happy its whole life living in the

261  
00:10:42,230 --> 00:10:40,680  
dark and ripping it out and putting it

262  
00:10:45,170 --> 00:10:42,240  
in the middle of the Hot Desert Sun I'm

263  
00:10:45,590 --> 00:10:45,180

noon on a noon around 12 o'clock in the

264

00:10:48,950 --> 00:10:45,600

afternoon

265

00:10:53,870 --> 00:10:48,960

people start poking at it it's it's not

266

00:10:57,140 --> 00:10:53,880

my my my natural environment but at the

267

00:10:59,330 --> 00:10:57,150

same time I think I think the message is

268

00:11:00,560 --> 00:10:59,340

important enough that we have a

269

00:11:02,050 --> 00:11:00,570

collective conversation with the

270

00:11:05,690 --> 00:11:02,060

American people

271

00:11:08,660 --> 00:11:05,700

right right I you probably know who

272

00:11:11,990 --> 00:11:08,670

Stanton Friedman is or was unfortunately

273

00:11:15,470 --> 00:11:12,000

we just lost him right after the New

274

00:11:17,360 --> 00:11:15,480

York Times piece was published he said

275

00:11:20,870 --> 00:11:17,370

that I interviewed him and who said that

276

00:11:22,520 --> 00:11:20,880

his big biggest question was why now why

277

00:11:25,910 --> 00:11:22,530

now is the government actually letting

278

00:11:27,590 --> 00:11:25,920

this out can you address that well I

279

00:11:28,790 --> 00:11:27,600

can't answer on behalf of the government

280

00:11:30,800 --> 00:11:28,800

because I'm no longer employed by the

281

00:11:32,810 --> 00:11:30,810

government but my question B would be in

282

00:11:35,060 --> 00:11:32,820

return well how come not five years ago

283

00:11:38,000 --> 00:11:35,070

how come not ten years ago and and I

284

00:11:41,390 --> 00:11:38,010

can't answer that I don't know why it

285

00:11:45,710 --> 00:11:41,400

may very well be that we now are at a

286

00:11:47,510 --> 00:11:45,720

point where enough people are seeing

287

00:11:48,890 --> 00:11:47,520

these things and maybe maybe it's a

288

00:11:51,050 --> 00:11:48,900

cultural thing I really don't know maybe

289

00:11:53,950 --> 00:11:51,060

it's maybe we're at a point where were

290

00:11:56,330 --> 00:11:53,960

as a culture we are more willing to

291

00:11:58,010 --> 00:11:56,340

accept the fact that there were things

292

00:12:00,170 --> 00:11:58,020

still in nature that we don't understand

293

00:12:02,450 --> 00:12:00,180

I mean let's look at it this way you

294

00:12:04,160 --> 00:12:02,460

know up until recently there was a

295

00:12:05,960 --> 00:12:04,170

statement by some folks saying I know

296

00:12:07,760 --> 00:12:05,970

we've discovered every species that

297

00:12:11,360 --> 00:12:07,770

there is to discover and of course every

298

00:12:13,550 --> 00:12:11,370

year we find new more species up until

299

00:12:15,560 --> 00:12:13,560

recently we had to find a living

300

00:12:17,660 --> 00:12:15,570

organism as something that kind of looks

301  
00:12:21,080 --> 00:12:17,670  
like you know an animal if you will in

302  
00:12:23,420 --> 00:12:21,090  
breach and reproduces and yet we find

303  
00:12:25,490 --> 00:12:23,430  
that life is diverse it's plentiful

304  
00:12:27,020 --> 00:12:25,500  
that's if you can go to the deepest

305  
00:12:29,840 --> 00:12:27,030  
darkest part of the Marianas Trench

306  
00:12:31,580 --> 00:12:29,850  
seven miles down and find life a mile

307  
00:12:34,430 --> 00:12:31,590  
under the Antarctic ice and you can find

308  
00:12:37,700 --> 00:12:34,440  
life and go to a - - location on earth

309  
00:12:40,070 --> 00:12:37,710  
where these extremophiles exist and we

310  
00:12:43,430 --> 00:12:40,080  
look at this and say how can a creature

311  
00:12:46,280 --> 00:12:43,440  
live in total darkness and you know many

312  
00:12:48,470 --> 00:12:46,290  
many many degrees Fahrenheit above what

313  
00:12:52,010 --> 00:12:48,480

we can tolerate and and live happiness

314

00:12:54,350 --> 00:12:52,020

in fact thrive so the definition of life

315

00:12:56,090 --> 00:12:54,360

is something that we continue to look at

316

00:12:59,630 --> 00:12:56,100

and ask ourselves a question medically

317

00:13:02,330 --> 00:12:59,640

speaking you could look at a virus and

318

00:13:03,860 --> 00:13:02,340

say wow is that a living thing well some

319

00:13:06,860 --> 00:13:03,870

cases it does things like the living

320

00:13:10,370 --> 00:13:06,870

thing it reproduces and it will it will

321

00:13:13,400 --> 00:13:10,380

do other things to survive but in other

322

00:13:14,840 --> 00:13:13,410

cases it doesn't have DNA so what makes

323

00:13:16,790 --> 00:13:14,850

something alive I suspect if

324

00:13:19,249 --> 00:13:16,800

you were to come to earth and look at a

325

00:13:21,590 --> 00:13:19,259

plant and look at a human being you

326

00:13:24,530 --> 00:13:21,600

probably say wow those are completely

327

00:13:26,780 --> 00:13:24,540

different life forms and yet they are

328

00:13:28,040 --> 00:13:26,790

living we have a lot of things in common

329

00:13:32,269 --> 00:13:28,050

with plants we were produced with

330

00:13:33,499 --> 00:13:32,279

compete for resources we grow we die so

331

00:13:33,889 --> 00:13:33,509

I don't know that's that's a really good

332

00:13:37,790 --> 00:13:33,899

question

333

00:13:41,509 --> 00:13:37,800

I don't know why now you know I don't

334

00:13:43,759 --> 00:13:41,519

know so what do you think about the

335

00:13:47,329 --> 00:13:43,769

Navy's new reporting of unidentified

336

00:13:50,559 --> 00:13:47,339

aircraft do do you think any part of

337

00:13:54,829 --> 00:13:50,569

this forward motion is in part of

338

00:13:58,939 --> 00:13:54,839

because of what TT SAS and your efforts

339

00:14:00,860 --> 00:13:58,949

have set in motion well it is undeniably

340

00:14:02,389 --> 00:14:00,870

as a result of what T TSA engaged in but

341

00:14:04,069 --> 00:14:02,399

it's not just retail he's haunted by I

342

00:14:05,480 --> 00:14:04,079

don't I don't want people to have the

343

00:14:06,829 --> 00:14:05,490

misconception that they may lose fear

344

00:14:08,660 --> 00:14:06,839

driving the train making this happen

345

00:14:10,189 --> 00:14:08,670

because because I as a team effort

346

00:14:12,829 --> 00:14:10,199

we have folks like Chris melon this is a

347

00:14:14,569 --> 00:14:12,839

man who who knows more about government

348

00:14:15,980 --> 00:14:14,579

interworkings and bureaucracy than just

349

00:14:19,939 --> 00:14:15,990

about anybody else on the planet you

350

00:14:22,400 --> 00:14:19,949

have folks like like Jim semi Pam senior

351  
00:14:23,689 --> 00:14:22,410  
CIA representative who knows about the

352  
00:14:25,579 --> 00:14:23,699  
intelligence community probably better

353  
00:14:27,290 --> 00:14:25,589  
than anybody I'm dr. Howard off as a

354  
00:14:30,590 --> 00:14:27,300  
scientist world-renowned scientist and

355  
00:14:32,689 --> 00:14:30,600  
and Steve justice and Tom DeLonge this

356  
00:14:34,490 --> 00:14:32,699  
is a team effort and it's not just you

357  
00:14:35,809 --> 00:14:34,500  
know talking to one person and out the

358  
00:14:37,610 --> 00:14:35,819  
native changes their mind starts

359  
00:14:41,720 --> 00:14:37,620  
allowing their pilots to report this

360  
00:14:43,490 --> 00:14:41,730  
stuff this is a coordinated it's a bit

361  
00:14:44,780 --> 00:14:43,500  
like a symphony symphony if you were all

362  
00:14:47,120 --> 00:14:44,790  
it's a coordinated effort every

363  
00:14:49,730 --> 00:14:47,130

instrument has their own sheet of music

364

00:14:52,519 --> 00:14:49,740

to play has its own purpose and has to

365

00:14:54,850 --> 00:14:52,529

be in melody if you will with the rest

366

00:14:57,110 --> 00:14:54,860

of the instruments so we are constantly

367

00:14:59,600 --> 00:14:57,120

coordinating with each other and and

368

00:15:01,100 --> 00:14:59,610

engaging the certain points within the

369

00:15:03,980 --> 00:15:01,110

US government that we think need to

370

00:15:05,929 --> 00:15:03,990

engage in order for them to be educated

371

00:15:07,850 --> 00:15:05,939

on what's really going on and then with

372

00:15:09,379 --> 00:15:07,860

that information you allow them to make

373

00:15:11,120 --> 00:15:09,389

the decision okay yeah you know what

374

00:15:14,120 --> 00:15:11,130

there are something there maybe we

375

00:15:15,920 --> 00:15:14,130

should change our policy and by the way

376

00:15:17,240 --> 00:15:15,930

it's not just with us as a company it's

377

00:15:19,040 --> 00:15:17,250

also working with our government

378

00:15:20,569 --> 00:15:19,050

partners we don't want to alienate them

379

00:15:23,480 --> 00:15:20,579

they're not necessarily the enemy here

380

00:15:24,740 --> 00:15:23,490

we have to work with them and so best

381

00:15:26,840 --> 00:15:24,750

way to do that is to work in a

382

00:15:28,759 --> 00:15:26,850

collaborative collaborative way where

383

00:15:30,769 --> 00:15:28,769

we're recording with them

384

00:15:32,929 --> 00:15:30,779

courting with us we can freely exchange

385

00:15:40,579 --> 00:15:32,939

information back and forth and that's

386

00:15:43,129 --> 00:15:40,589

how you make change I can't because of

387

00:15:45,319 --> 00:15:43,139

this situation I have with my computer

388

00:15:46,519 --> 00:15:45,329

or whatever I know you have to go I

389

00:15:50,479 --> 00:15:46,529

don't know how much time do you have

390

00:15:53,419 --> 00:15:50,489

like five more minutes yeah I give up or

391

00:15:56,569 --> 00:15:53,429

fight sure okay sure so this question

392

00:15:59,629 --> 00:15:56,579

came from another researcher out there

393

00:16:02,569 --> 00:15:59,639

and he's asking did you use the

394

00:16:03,949 --> 00:16:02,579

resources of anyone at NASA that's

395

00:16:05,989 --> 00:16:03,959

National Air Force and Space

396

00:16:08,539 --> 00:16:05,999

Intelligence Center at wright-patterson

397

00:16:11,900 --> 00:16:08,549

Air Force Base

398

00:16:14,139 --> 00:16:11,910

I can't specifically talk about who we

399

00:16:16,039 --> 00:16:14,149

have or are partnering with right now

400

00:16:18,049 --> 00:16:16,049

keeping in mind some of these

401  
00:16:19,639 --> 00:16:18,059  
relationship ships are still or later

402  
00:16:20,720 --> 00:16:19,649  
some cases they're nascent in another

403  
00:16:24,559 --> 00:16:20,730  
cases there's still a little bit

404  
00:16:26,509 --> 00:16:24,569  
sensitive so we have to be mindful a lot

405  
00:16:29,269 --> 00:16:26,519  
of times when we mentioned specifically

406  
00:16:31,309 --> 00:16:29,279  
who we're working with because it's a

407  
00:16:33,109 --> 00:16:31,319  
such a topic and some folks still you

408  
00:16:38,509 --> 00:16:33,119  
know get a little bit uncomfortable if

409  
00:16:39,559 --> 00:16:38,519  
you will so how do you see things going

410  
00:16:42,499 --> 00:16:39,569  
forward

411  
00:16:45,439 --> 00:16:42,509  
you know I heard you I met you down at

412  
00:16:49,150 --> 00:16:45,449  
the end Sherri Hill at the MUFON event

413  
00:16:53,989 --> 00:16:49,160

and but how do you think things are

414

00:16:55,639 --> 00:16:53,999

going to go as we go along do you think

415

00:16:58,249 --> 00:16:55,649

I think you mentioned that you think

416

00:17:01,519 --> 00:16:58,259

disclosure is basically happened do you

417

00:17:03,499 --> 00:17:01,529

think we're more on that path and I'm

418

00:17:05,360 --> 00:17:03,509

seeing that people are actually taking

419

00:17:09,710 --> 00:17:05,370

this topic seriously when they never did

420

00:17:11,179 --> 00:17:09,720

before and so what do you what do you

421

00:17:15,010 --> 00:17:11,189

where do you think we're going as far as

422

00:17:17,539 --> 00:17:15,020

that goes well let me put it this way a

423

00:17:20,000 --> 00:17:17,549

year and a half ago if we were to have

424

00:17:22,250 --> 00:17:20,010

this conversation we would probably be

425

00:17:24,110 --> 00:17:22,260

laughed out of the building that we were

426  
00:17:26,689 --> 00:17:24,120  
in if this was a government building and

427  
00:17:29,560 --> 00:17:26,699  
if you were to talk to a TV TV

428  
00:17:33,620 --> 00:17:29,570  
production studio they would probably

429  
00:17:34,519 --> 00:17:33,630  
very quickly dismiss you and be polite

430  
00:17:37,490 --> 00:17:34,529  
but they say you know we're not really

431  
00:17:39,740 --> 00:17:37,500  
interested in this look how far we've

432  
00:17:41,629 --> 00:17:39,750  
come in just the last year and a half

433  
00:17:42,230 --> 00:17:41,639  
you have now the government admitting

434  
00:17:46,700 --> 00:17:42,240  
that it

435  
00:17:50,390 --> 00:17:46,710  
indeed funded that actual academic

436  
00:17:52,520 --> 00:17:50,400  
studies were conducted that videos were

437  
00:17:55,970 --> 00:17:52,530  
actually collected and obtained and

438  
00:17:57,980 --> 00:17:55,980

analyzed you now have the the admission

439

00:18:00,169 --> 00:17:57,990

by several elements in the government

440

00:18:02,450 --> 00:18:00,179

that these things are indeed real and

441

00:18:05,120 --> 00:18:02,460

now you have changing of policy at a

442

00:18:07,130 --> 00:18:05,130

national level that allows the reporting

443

00:18:08,600 --> 00:18:07,140

in the collection of data of these

444

00:18:09,500 --> 00:18:08,610

things and by the way there's a lot more

445

00:18:11,690 --> 00:18:09,510

things that have occurred that I

446

00:18:13,490 --> 00:18:11,700

probably can't talk about right now but

447

00:18:15,680 --> 00:18:13,500

it'll come to light so I think we've

448

00:18:17,240 --> 00:18:15,690

come light years ahead of where we were

449

00:18:18,440 --> 00:18:17,250

just a year and a half ago and if you

450

00:18:20,180 --> 00:18:18,450

look at even the show that we're doing

451  
00:18:21,230 --> 00:18:20,190  
now with our with the History Channel

452  
00:18:24,110 --> 00:18:21,240  
Ami's History Channel

453  
00:18:26,180 --> 00:18:24,120  
this isn't a UFO hunting show this isn't

454  
00:18:28,520 --> 00:18:26,190  
a an entertainment show

455  
00:18:31,280 --> 00:18:28,530  
this isn't even a reality show this is a

456  
00:18:33,410 --> 00:18:31,290  
show about reality what they plan is if

457  
00:18:34,250 --> 00:18:33,420  
assigning I think a year and a half ago

458  
00:18:35,600 --> 00:18:34,260  
they would have assigned some

459  
00:18:37,610 --> 00:18:35,610  
entertainment producers to do a show

460  
00:18:40,100 --> 00:18:37,620  
like this this is not what they did

461  
00:18:41,660 --> 00:18:40,110  
History Channel decided to assign some

462  
00:18:42,740 --> 00:18:41,670  
of the most hardened investigative

463  
00:18:44,840 --> 00:18:42,750

journalists that have spent their

464

00:18:47,120 --> 00:18:44,850

careers looking at the underbelly of the

465

00:18:49,850 --> 00:18:47,130

human race and things like like sex

466

00:18:52,640 --> 00:18:49,860

trafficking and and corruption and

467

00:18:54,710 --> 00:18:52,650

organized crime even the camera crew

468

00:18:56,990 --> 00:18:54,720

that they assigned to this thing a lot

469

00:18:58,730 --> 00:18:57,000

of these folks have been in combat

470

00:19:01,280 --> 00:18:58,740

theaters filming the US troops under

471

00:19:02,660 --> 00:19:01,290

fire so this is an investigative

472

00:19:06,410 --> 00:19:02,670

journalist at Pace in fact they won't

473

00:19:08,000 --> 00:19:06,420

even let me see the episodes before the

474

00:19:09,890 --> 00:19:08,010

public because they want to keep that

475

00:19:11,780 --> 00:19:09,900

investigative journalistic integrity and

476

00:19:15,410 --> 00:19:11,790

I admire them for that so what you're

477

00:19:17,390 --> 00:19:15,420

seeing is raw footage we you know there

478

00:19:19,340 --> 00:19:17,400

are no retakes there are no scripts look

479

00:19:21,140 --> 00:19:19,350

I'm not a Hollywood guy I'm you know I'm

480

00:19:23,660 --> 00:19:21,150

gonna i'm an old intel guy you know

481

00:19:25,370 --> 00:19:23,670

don't you investigator so you could even

482

00:19:28,010 --> 00:19:25,380

if you wanted me to act i'm not gonna be

483

00:19:29,690 --> 00:19:28,020

a very good actor so we realized very

484

00:19:31,340 --> 00:19:29,700

early on that in order for this to work

485

00:19:33,620 --> 00:19:31,350

it had to be real and what the audience

486

00:19:36,140 --> 00:19:33,630

see what you see is what you get and

487

00:19:46,360 --> 00:19:36,150

it's it's that's it and we'll let the

488

00:19:50,990 --> 00:19:48,860

yeah I mean because I was there

489

00:19:52,850 --> 00:19:51,000

obviously critical mning I can I haven't

490

00:19:55,070 --> 00:19:52,860

have a general understanding but I don't

491

00:19:55,880 --> 00:19:55,080

really know what what they decide to put

492

00:19:57,350 --> 00:19:55,890

in and what leave

493

00:19:59,720 --> 00:19:57,360

there was a tremendous amount of

494

00:20:01,160 --> 00:19:59,730

information to obtain and I think what

495

00:20:03,380 --> 00:20:01,170

you'll realize and the audience will

496

00:20:05,330 --> 00:20:03,390

realize hopefully is that this is truly

497

00:20:08,360 --> 00:20:05,340

a global phenomena this is something

498

00:20:10,610 --> 00:20:08,370

that does have a national security Nexus

499

00:20:12,440 --> 00:20:10,620

and it is a conversation that we should

500

00:20:13,610 --> 00:20:12,450

have as younger people and by the way I

501  
00:20:14,960 --> 00:20:13,620  
think they'll also have a great

502  
00:20:17,390 --> 00:20:14,970  
appreciation that there are some people

503  
00:20:19,010 --> 00:20:17,400  
working behind the scenes very very hard

504  
00:20:21,380 --> 00:20:19,020  
and they're doing some incredible work

505  
00:20:24,049 --> 00:20:21,390  
and I think our servicemen and women in

506  
00:20:26,450 --> 00:20:24,059  
uniform deserve the most credit these

507  
00:20:28,010 --> 00:20:26,460  
folks are are the best of the best this

508  
00:20:29,960 --> 00:20:28,020  
country has and they're brave and

509  
00:20:31,880 --> 00:20:29,970  
they're patriots and they're doing their

510  
00:20:34,250 --> 00:20:31,890  
duty and they're doing it for the first

511  
00:20:35,930 --> 00:20:34,260  
time stepping out of the shadows we're a

512  
00:20:37,789 --> 00:20:35,940  
year and a half ago frankly they could

513  
00:20:40,610 --> 00:20:37,799

have lost their jobs doing and now you

514

00:20:42,620 --> 00:20:40,620

have an AP and a PA Oh actually allowing

515

00:20:45,260 --> 00:20:42,630

folks to step forward and have a

516

00:20:47,030 --> 00:20:45,270

conversation on the public stage I mean

517

00:20:49,400 --> 00:20:47,040

that's that's remarkable I mean just a

518

00:20:51,680 --> 00:20:49,410

year and a half ago imagine how far

519

00:20:53,780 --> 00:20:51,690

we've come in just a year and a half on

520

00:20:55,970 --> 00:20:53,790

this topic you now have major media

521

00:20:57,049 --> 00:20:55,980

outlets really taking this seriously

522

00:20:58,430 --> 00:20:57,059

once and for all

523

00:21:00,350 --> 00:20:58,440

I mean of course you know going that

524

00:21:02,750 --> 00:21:00,360

your original question to me that that's

525

00:21:05,390 --> 00:21:02,760

folks out there that are you know still

526  
00:21:07,460 --> 00:21:05,400  
trying to push a narrative but look how

527  
00:21:09,650 --> 00:21:07,470  
far we've come and I think that that's

528  
00:21:11,180 --> 00:21:09,660  
very encouraging and I think I think the

529  
00:21:13,970 --> 00:21:11,190  
American people are ready to have the

530  
00:21:17,000 --> 00:21:13,980  
conversation why not I do too

531  
00:21:19,280 --> 00:21:17,010  
I really never saw one I really thought

532  
00:21:22,010 --> 00:21:19,290  
the best part of that whole episode was

533  
00:21:24,320 --> 00:21:22,020  
when you had the the female pilot

534  
00:21:27,380 --> 00:21:24,330  
anonymous the women so to speak wing

535  
00:21:29,990 --> 00:21:27,390  
woman it was absolutely wonderful she

536  
00:21:32,900 --> 00:21:30,000  
looked very uncomfortable when she was

537  
00:21:35,570 --> 00:21:32,910  
speaking and do you think eventually

538  
00:21:38,390 --> 00:21:35,580

someone like her will feel more free

539

00:21:41,810 --> 00:21:38,400

talking about it the more this talk is

540

00:21:45,409 --> 00:21:41,820

out there I hope so I hope so I can't

541

00:21:48,200 --> 00:21:45,419

answer on her behalf I certainly hope so

542

00:21:49,880 --> 00:21:48,210

I know for me I still sometimes find

543

00:21:51,620 --> 00:21:49,890

myself looking over my shoulder and and

544

00:21:52,880 --> 00:21:51,630

but let me put this into context just

545

00:21:55,280 --> 00:21:52,890

very recently I had a conversation with

546

00:21:56,690 --> 00:21:55,290

a colleague of mine at the Pentagon he

547

00:21:58,850 --> 00:21:56,700

said you know a little conversation you

548

00:22:01,789 --> 00:21:58,860

and I had to have in the shadows behind

549

00:22:04,549 --> 00:22:01,799

a vault behind a you know a skiff and

550

00:22:06,380 --> 00:22:04,559

we'd have to whisper I can now have this

551  
00:22:08,600 --> 00:22:06,390  
conversation openly and some in the

552  
00:22:09,560 --> 00:22:08,610  
halls of the Pentagon and that that

553  
00:22:12,710 --> 00:22:09,570  
represents

554  
00:22:14,900 --> 00:22:12,720  
seismic shift in where this conversation

555  
00:22:17,120 --> 00:22:14,910  
is going that people actively wanting to

556  
00:22:18,740 --> 00:22:17,130  
help whereas before they would run away

557  
00:22:20,480 --> 00:22:18,750  
in the opposite direction to say don't

558  
00:22:21,830 --> 00:22:20,490  
ever mention that to me again now

559  
00:22:24,260 --> 00:22:21,840  
they're saying hey look how can I help

560  
00:22:26,990 --> 00:22:24,270  
but what can we do us Morgana's ation as

561  
00:22:28,880 --> 00:22:27,000  
an agency is a institution to help and I

562  
00:22:30,800 --> 00:22:28,890  
can't wait that's tremendous are you

563  
00:22:34,300 --> 00:22:30,810

kidding me I mean in a year and a half

564

00:22:37,760 --> 00:22:34,310

that conversation has come that far

565

00:22:42,340 --> 00:22:37,770

amazing just one last question did you

566

00:22:45,140 --> 00:22:42,350

feel uncomfortable at first when you

567

00:22:47,050 --> 00:22:45,150

thought the whole idea of Tom DeLonge

568

00:22:53,320 --> 00:22:47,060

being involved in something

569

00:22:56,300 --> 00:22:53,330

nope never definitely was I I did not

570

00:23:00,170 --> 00:22:56,310

look tell you everybody on this team has

571

00:23:01,760 --> 00:23:00,180

a very special everybody we were a bit

572

00:23:02,390 --> 00:23:01,770

of a little company's a bit like a Swiss

573

00:23:04,850 --> 00:23:02,400

Army knife

574

00:23:07,610 --> 00:23:04,860

everybody can do a particular function

575

00:23:09,170 --> 00:23:07,620

very very well in Toms case this is a

576

00:23:11,030 --> 00:23:09,180

man everybody knows him as I guess a

577

00:23:12,140 --> 00:23:11,040

lead singer to a couple bands but what

578

00:23:16,880 --> 00:23:12,150

they don't know is that he's brilliant

579

00:23:19,250 --> 00:23:16,890

he's truly a extremely creative and and

580

00:23:21,890 --> 00:23:19,260

quite frankly he's we managed to get to

581

00:23:23,690 --> 00:23:21,900

the highest levels of the government on

582

00:23:27,170 --> 00:23:23,700

this topic when nobody wanted to have a

583

00:23:29,150 --> 00:23:27,180

conversation he's tenacious I think as

584

00:23:30,290 --> 00:23:29,160

I've said before you know sometimes in a

585

00:23:32,270 --> 00:23:30,300

crowded room you need to meet a

586

00:23:34,880 --> 00:23:32,280

megaphone Tom is definitely that

587

00:23:36,440 --> 00:23:34,890

megaphone he's not afraid to about his

588

00:23:37,610 --> 00:23:36,450

reputation he does what he feels is

589

00:23:38,620 --> 00:23:37,620

right and I gotta give him credit for

590

00:23:41,180 --> 00:23:38,630

that

591

00:23:42,710 --> 00:23:41,190

sometimes I've told him before you want

592

00:23:46,190 --> 00:23:42,720

to you want to sometimes you need a bull

593

00:23:48,140 --> 00:23:46,200

in a china shop in Toms case so it's

594

00:23:50,390 --> 00:23:48,150

more like a fragmentation grenade but

595

00:23:53,090 --> 00:23:50,400

you know sometimes you need to you need

596

00:23:54,470 --> 00:23:53,100

to break a little China in order to fix

597

00:23:56,870 --> 00:23:54,480

a system and he's been very very

598

00:23:59,120 --> 00:23:56,880

effective at doing that and frankly he's

599

00:24:01,340 --> 00:23:59,130

just a really decent human being I mean

600

00:24:02,900 --> 00:24:01,350

I've had a chance in my career to work

601  
00:24:03,620 --> 00:24:02,910  
with a lot of people and some good and

602  
00:24:06,170 --> 00:24:03,630  
some not so good

603  
00:24:08,990 --> 00:24:06,180  
tom is right up there at the top of the

604  
00:24:10,820 --> 00:24:09,000  
list he is just a decent human being he

605  
00:24:12,140 --> 00:24:10,830  
wants to do the right thing he's willing

606  
00:24:13,970 --> 00:24:12,150  
to do whatever he has to do include

607  
00:24:16,400 --> 00:24:13,980  
putting his own money his own reputation

608  
00:24:18,620 --> 00:24:16,410  
on the line he left he left one of the

609  
00:24:20,360 --> 00:24:18,630  
world's largest punk rock bands to

610  
00:24:21,740 --> 00:24:20,370  
pursue this because he felt that this is

611  
00:24:23,240 --> 00:24:21,750  
the right thing to do I don't know how

612  
00:24:24,770 --> 00:24:23,250  
many people out there willing to do

613  
00:24:27,710 --> 00:24:24,780

a lot of people want to get off of their

614

00:24:29,180 --> 00:24:27,720

opinions about this but when push comes

615

00:24:32,030 --> 00:24:29,190

to shove you think they leave their jobs

616

00:24:34,760 --> 00:24:32,040

do it you think they think their careers

617

00:24:38,000 --> 00:24:34,770

behind to pursue this I don't know you

618

00:24:40,760 --> 00:24:38,010

know so I think I think I think we need

619

00:24:43,370 --> 00:24:40,770

to give him credit where credit is due

620

00:24:46,430 --> 00:24:43,380

he has definitely moved the needle on

621

00:24:49,730 --> 00:24:46,440

this conversation yeah I think there's a

622

00:24:52,340 --> 00:24:49,740

lot of people in the UFO field that may

623

00:24:53,720 --> 00:24:52,350

have some jealousy like you know he came

624

00:24:54,320 --> 00:24:53,730

out of nowhere and I've been doing this

625

00:24:57,320 --> 00:24:54,330

for so long

626

00:24:59,300 --> 00:24:57,330

and all that but he we have to give him

627

00:25:02,120 --> 00:24:59,310

credit you're right I mean he it wasn't

628

00:25:04,520 --> 00:25:02,130

for him how we wouldn't be where we are

629

00:25:06,140 --> 00:25:04,530

today look we've got to get over this

630

00:25:09,290 --> 00:25:06,150

jealousy thing there's nothing to be

631

00:25:11,420 --> 00:25:09,300

jealous about we're trying to have the

632

00:25:12,380 --> 00:25:11,430

conversation that we've been that some

633

00:25:14,510 --> 00:25:12,390

folks have been trying to have for a

634

00:25:16,370 --> 00:25:14,520

very long time this should be cause for

635

00:25:19,010 --> 00:25:16,380

celebration it's just not time to be

636

00:25:20,660 --> 00:25:19,020

Petty and you know it's this is a time

637

00:25:22,940 --> 00:25:20,670

for all of us to work together and say

638

00:25:25,720 --> 00:25:22,950

hey you know this is an important topic

639

00:25:28,160 --> 00:25:25,730

this is something that involves humanity

640

00:25:29,720 --> 00:25:28,170

that was my opinion anyways I don't

641

00:25:31,760 --> 00:25:29,730

think there's any reason for anybody

642

00:25:33,860 --> 00:25:31,770

jealous look this is a team effort this

643

00:25:36,170 --> 00:25:33,870

is a group effort you know how did I had

644

00:25:39,320 --> 00:25:36,180

it not been for folks having an interest

645

00:25:41,330 --> 00:25:39,330

in this for the last say yes no 70 years

646

00:25:42,230 --> 00:25:41,340

maybe we wouldn't have gotten to where

647

00:25:43,910 --> 00:25:42,240

we are today

648

00:25:45,950 --> 00:25:43,920

you know everybody everybody should

649

00:25:48,170 --> 00:25:45,960

accept credit for this this is not a TTS

650

00:25:50,300 --> 00:25:48,180

a thing or even a History Channel thing

651  
00:25:52,550 --> 00:25:50,310  
this isn't you know this is this is a

652  
00:25:54,230 --> 00:25:52,560  
this is something that everybody should

653  
00:25:57,320 --> 00:25:54,240  
look at and say hey you know I had a

654  
00:25:58,820 --> 00:25:57,330  
little part of that you're doing this

655  
00:26:01,640 --> 00:25:58,830  
show right now you are doing this

656  
00:26:04,760 --> 00:26:01,650  
podcast you have a part of this you are

657  
00:26:07,130 --> 00:26:04,770  
very much integral to the conversation

658  
00:26:08,600 --> 00:26:07,140  
I mean don't look now but that's exactly

659  
00:26:11,540 --> 00:26:08,610  
what you're doing you are very as much

660  
00:26:12,650 --> 00:26:11,550  
part as we are you are too and so are

661  
00:26:14,540 --> 00:26:12,660  
your listeners because they're taking

662  
00:26:17,660 --> 00:26:14,550  
the time to listen to this rather than

663  
00:26:20,660 --> 00:26:17,670

you know change the channel to something

664

00:26:22,280 --> 00:26:20,670

else you know they could be I want and

665

00:26:23,300 --> 00:26:22,290

what say specifically well but you know

666

00:26:25,700 --> 00:26:23,310

there's lots of things that people can

667

00:26:28,970 --> 00:26:25,710

listen to and watch these days and are

668

00:26:31,160 --> 00:26:28,980

then tuning in to - to your program that

669

00:26:34,160 --> 00:26:31,170

should be an indicator at that that you

670

00:26:35,690 --> 00:26:34,170

are part of this this this see change

671

00:26:36,649 --> 00:26:35,700

and so we're your listeners everybody

672

00:26:40,339 --> 00:26:36,659

every one of us

673

00:26:42,859 --> 00:26:40,349

have a part right good although thanks

674

00:26:44,389 --> 00:26:42,869

so much it's been a real pleasure yes
