**WALTER BOSLEY**

1  
00:00:31,440 --> 00:00:10,880

[Music]

2  
00:00:36,220 --> 00:00:34,240

hello and welcome to the show on Martin

3  
00:00:40,060 --> 00:00:36,230

will assure host and we have a fun

4  
00:00:42,340 --> 00:00:40,070

trophy of this evening we got Ben Hansen

5  
00:00:44,260 --> 00:00:42,350

he is going to be in for the first part

6  
00:00:46,780 --> 00:00:44,270

of the show it's always great speaking

7  
00:00:49,090 --> 00:00:46,790

with him he's a great guy

8  
00:00:51,130 --> 00:00:49,100

and I can't wait to talk to him about

9  
00:00:54,280 --> 00:00:51,140

his new show on the Travel Channel and

10  
00:00:56,890 --> 00:00:54,290

it's regarding ghosts we will touch on

11  
00:01:01,750 --> 00:00:56,900

UFOs a little too in there I will

12  
00:01:04,810 --> 00:01:01,760

promise you that and then in our 2 we

13  
00:01:07,210 --> 00:01:04,820

have Walter Bosley on and he's going to

14

00:01:10,210 --> 00:01:07,220

be talking about UFOs he lives out in

15

00:01:13,240 --> 00:01:10,220

the San burned in Dean Southern

16

00:01:14,890 --> 00:01:13,250

California I can't remember that not

17

00:01:17,260 --> 00:01:14,900

positive the name of the town he lives

18

00:01:19,930 --> 00:01:17,270

in but anyway we'll be talking about

19

00:01:22,300 --> 00:01:19,940

UFOs in California and UFOs in general

20

00:01:23,740 --> 00:01:22,310

he has a thought that a lot of what

21

00:01:27,250 --> 00:01:23,750

people are seeing in military are going

22

00:01:29,140 --> 00:01:27,260

to be talking about that as well and so

23

00:01:32,530 --> 00:01:29,150

and we'll be taking calls on the new

24

00:01:35,620 --> 00:01:32,540

screening number and I'll be going over

25

00:01:37,830 --> 00:01:35,630

that in the second hour the phone number

26  
00:01:41,050 --> 00:01:37,840  
will be up on the screen for YouTube and

27  
00:01:43,240 --> 00:01:41,060  
over at kgraney radio that number will

28  
00:01:46,450 --> 00:01:43,250  
be in put in the chat room over there so

29  
00:01:48,610 --> 00:01:46,460  
you have that and I want to thank

30  
00:01:50,350 --> 00:01:48,620  
everyone that supports the show anyone

31  
00:01:52,660 --> 00:01:50,360  
can do that and that's over at podcast

32  
00:01:55,120 --> 00:01:52,670  
UFO calm and while you're there check

33  
00:01:59,290 --> 00:01:55,130  
out the blog this week it's called Mari

34  
00:02:02,160 --> 00:01:59,300  
island madness by Charles Lear and yes

35  
00:02:06,520 --> 00:02:02,170  
there was a madness in the Mari island

36  
00:02:08,529 --> 00:02:06,530  
situation so for now I guess we're gonna

37  
00:02:11,530 --> 00:02:08,539  
start the show with UFO news with the

38  
00:02:14,890 --> 00:02:11,540

one and only Alejandro Rojas how are you

39

00:02:16,710 --> 00:02:14,900

I don't know hello how's it going doing

40

00:02:20,259 --> 00:02:16,720

good good good good

41

00:02:22,449 --> 00:02:20,269

so so what is happening you were at

42

00:02:24,190 --> 00:02:22,459

Roswell I think they're yeah oh we're

43

00:02:28,259 --> 00:02:24,200

still in sync we're in sync we keep

44

00:02:31,480 --> 00:02:28,269

starting our comments at the same time

45

00:02:35,260 --> 00:02:31,490

now we're out you go ahead

46

00:02:37,720 --> 00:02:35,270

I wasn't Roswell yeah so peace to

47

00:02:42,370 --> 00:02:37,730

earthlings I just came from Roswell

48

00:02:45,430 --> 00:02:42,380

where I originally landed over what 60

49

00:02:49,180 --> 00:02:45,440

years ago in 1947 July somewhere around

50

00:02:54,730 --> 00:02:49,190

July 6 or 5th yeah yeah

51  
00:02:56,590 --> 00:02:54,740  
so the like second actually is the semi

52  
00:02:57,790 --> 00:02:56,600  
official date of the crash I didn't know

53  
00:03:00,220 --> 00:02:57,800  
this because that date has been in

54  
00:03:02,590 --> 00:03:00,230  
dispute and the news came on I was

55  
00:03:04,270 --> 00:03:02,600  
actually on a local news on July 2nd for

56  
00:03:07,960 --> 00:03:04,280  
a youth world UFO day and she was like

57  
00:03:09,280 --> 00:03:07,970  
yeah it's for you know the crash of the

58  
00:03:10,630 --> 00:03:09,290  
Roswell craft and I was like well I

59  
00:03:13,840 --> 00:03:10,640  
don't think so could it wasn't the

60  
00:03:15,670 --> 00:03:13,850  
second and then later she's like I got

61  
00:03:17,500 --> 00:03:15,680  
was and I felt like a total doofus

62  
00:03:20,830 --> 00:03:17,510  
because I'm supposed to be this expert

63  
00:03:23,290 --> 00:03:20,840

and but that date has been debated by I

64

00:03:26,740 --> 00:03:23,300

know the big guy yeah so I don't know

65

00:03:28,570 --> 00:03:26,750

just too much in the weeds but yeah

66

00:03:28,990 --> 00:03:28,580

Roswell was a lot of fun a ton of people

67

00:03:32,350 --> 00:03:29,000

there

68

00:03:36,150 --> 00:03:32,360

it was also although it was fun it was

69

00:03:38,920 --> 00:03:36,160

also a bit nostalgic in that we you know

70

00:03:40,690 --> 00:03:38,930

talked about San quite a bit Sam

71

00:03:44,020 --> 00:03:40,700

Friedman because we all wouldn't have

72

00:03:48,370 --> 00:03:44,030

been there if it wasn't for Stan and so

73

00:03:50,290 --> 00:03:48,380

at times a bit sad but also got a

74

00:03:52,480 --> 00:03:50,300

celebratory of his life because he was

75

00:03:55,480 --> 00:03:52,490

so well loved by everyone there and by

76  
00:03:58,060 --> 00:03:55,490  
the Roswell museum who hosted the event

77  
00:04:01,650 --> 00:03:58,070  
and everything so it was a lot of fun

78  
00:04:06,610 --> 00:04:01,660  
ton of people came through as usual and

79  
00:04:09,610 --> 00:04:06,620  
and the newspaper actually covered both

80  
00:04:10,090 --> 00:04:09,620  
of my talks and then I submitted for

81  
00:04:13,600 --> 00:04:10,100  
them

82  
00:04:16,090 --> 00:04:13,610  
the an article so I posted those links

83  
00:04:18,550 --> 00:04:16,100  
also in the news for the Roswell Daily

84  
00:04:20,740 --> 00:04:18,560  
Record and I guess I'll get into the

85  
00:04:22,600 --> 00:04:20,750  
news because what I wrote in that

86  
00:04:25,600 --> 00:04:22,610  
article was regarding some of this news

87  
00:04:29,340 --> 00:04:25,610  
which is essentially how UFOs are

88  
00:04:33,220 --> 00:04:29,350

becoming a hot topic in Washington DC so

89

00:04:36,700 --> 00:04:33,230

we've heard that you know couple

90

00:04:39,610 --> 00:04:36,710

different areas of claim to be briefed

91

00:04:41,500 --> 00:04:39,620

on you up so while we were out in

92

00:04:43,420 --> 00:04:41,510

Roswell which is so strange you know to

93

00:04:45,370 --> 00:04:43,430

think that the festival is the same as

94

00:04:49,300 --> 00:04:45,380

usual people buying their UFO shirt

95

00:04:52,270 --> 00:04:49,310

that alien costume contest for the

96

00:04:54,070 --> 00:04:52,280

animals and humans going on and the

97

00:04:55,510 --> 00:04:54,080

parade where people dress really funny

98

00:04:57,670 --> 00:04:55,520

and kind of celebrate kind of the

99

00:04:59,800 --> 00:04:57,680

weirdness of the alien thing meanwhile

100

00:05:03,430 --> 00:04:59,810

we're at the Museum sharing credible

101  
00:05:05,920 --> 00:05:03,440  
information and meanwhile in Washington

102  
00:05:11,050 --> 00:05:05,930  
DC the president is getting grilled by

103  
00:05:12,550 --> 00:05:11,060  
Fox News about UFOs that was really

104  
00:05:14,170 --> 00:05:12,560  
interesting some of you might have seen

105  
00:05:15,580 --> 00:05:14,180  
this Tucker Carlson of Fox News of

106  
00:05:17,470 --> 00:05:15,590  
course it's been talking about UFOs and

107  
00:05:18,750 --> 00:05:17,480  
interviewing Lou Elizondo and David

108  
00:05:23,230 --> 00:05:18,760  
braver and some of the other people

109  
00:05:28,180 --> 00:05:23,240  
government people or pilots too about

110  
00:05:30,190 --> 00:05:28,190  
UFO sightings and he seemed very finds

111  
00:05:31,720 --> 00:05:30,200  
this information very compelling well he

112  
00:05:33,400 --> 00:05:31,730  
asked president if he what he felt about

113  
00:05:34,810 --> 00:05:33,410

the UFOs and the president said well I

114

00:05:38,200 --> 00:05:34,820

don't really believe in them but you

115

00:05:40,330 --> 00:05:38,210

never know and tucker carlson pushed him

116

00:05:42,580 --> 00:05:40,340

on one of the things Elizondo told him

117

00:05:44,290 --> 00:05:42,590

that was shocking which was you know

118

00:05:46,060 --> 00:05:44,300

they said they there's even material

119

00:05:47,290 --> 00:05:46,070

from a crashed UFO and the president

120

00:05:49,960 --> 00:05:47,300

said why haven't heard anything like

121

00:05:54,640 --> 00:05:49,970

that I don't know about that but you

122

00:05:56,530 --> 00:05:54,650

never know yeah and I think personally

123

00:05:59,470 --> 00:05:56,540

that the president's telling the truth

124

00:06:00,640 --> 00:05:59,480

here that his short briefing which is he

125

00:06:04,210 --> 00:06:00,650

didn't even call it a briefing he said

126

00:06:06,940 --> 00:06:04,220

his brief meeting from the navy on ufos

127

00:06:09,220 --> 00:06:06,950

was about these Navy pilots and that

128

00:06:10,660 --> 00:06:09,230

seems to be all they told him so they

129

00:06:12,190 --> 00:06:10,670

might not have told him about this other

130

00:06:14,170 --> 00:06:12,200

stuff although he did tell Tucker

131

00:06:16,630 --> 00:06:14,180

Carlson he's seen some of his shows on

132

00:06:20,530 --> 00:06:16,640

that and we all know he watches Fox News

133

00:06:22,930 --> 00:06:20,540

a lot so no doubt he has seen some of

134

00:06:25,120 --> 00:06:22,940

these interviews but at least what he's

135

00:06:28,720 --> 00:06:25,130

been giving given so far doesn't seem

136

00:06:31,000 --> 00:06:28,730

compelling to him but I think the bigger

137

00:06:33,970 --> 00:06:31,010

story for those of us who do this and

138

00:06:36,460 --> 00:06:33,980

have been doing this for so long is that

139

00:06:39,430 --> 00:06:36,470

the you know the president is talking

140

00:06:42,010 --> 00:06:39,440

about UFOs and and being asked about

141

00:06:44,770 --> 00:06:42,020

them not in a tongue-in-cheek matter

142

00:06:46,840 --> 00:06:44,780

manner but in a serious manner yeah and

143

00:06:49,120 --> 00:06:46,850

it shows that this topic is taken

144

00:06:50,920 --> 00:06:49,130

seriously in Washington and the

145

00:06:53,920 --> 00:06:50,930

mainstream media at this point which is

146

00:06:55,780 --> 00:06:53,930

you know quite remarkable I think I

147

00:06:58,580 --> 00:06:55,790

think so too and the other big news with

148

00:06:59,780 --> 00:06:58,590

that is you know that

149

00:07:03,260 --> 00:06:59,790

the president might have been telling

150

00:07:05,420 --> 00:07:03,270

the truth exactly boys thank you

151

00:07:06,020 --> 00:07:05,430

shocking as well I think I'm gonna get

152

00:07:09,950 --> 00:07:06,030

some mail

153

00:07:11,800 --> 00:07:09,960

yeah we're gonna go there but I know you

154

00:07:14,690 --> 00:07:11,810

get a lot of mail with ya ever even

155

00:07:16,430 --> 00:07:14,700

whenever we allude to the president even

156

00:07:18,740 --> 00:07:16,440

I know we're not saying anything

157

00:07:20,480 --> 00:07:18,750

critical we get mail that's Joe you're

158

00:07:22,730 --> 00:07:20,490

gonna get a heap of it yeah yeah I'll

159

00:07:27,380 --> 00:07:22,740

just put the CD no politics though this

160

00:07:30,830 --> 00:07:27,390

is really interesting a YouGov poll that

161

00:07:33,320 --> 00:07:30,840

was done recently that most Americans in

162

00:07:36,290 --> 00:07:33,330

this results of this poll believe the

163

00:07:39,530 --> 00:07:36,300

government is hiding info about UFOs

164

00:07:41,660 --> 00:07:39,540

mm-hmm so it's not too surprising we've

165

00:07:45,490 --> 00:07:41,670

seen this before but it's a large

166

00:07:48,020 --> 00:07:45,500

percentage so they say in their stats

167

00:07:50,270 --> 00:07:48,030

54% of Americans believe the government

168

00:07:52,550 --> 00:07:50,280

knows something about UFOs that's not

169

00:07:55,610 --> 00:07:52,560

being shared with the public now there

170

00:07:58,280 --> 00:07:55,620

is a caveat to that what they said was

171

00:08:00,500 --> 00:07:58,290

the question they asked how likely or

172

00:08:02,240 --> 00:08:00,510

unlikely do you believe it is that the

173

00:08:04,010 --> 00:08:02,250

government knows something about UFOs

174

00:08:07,790 --> 00:08:04,020

that's not being shared with the public

175

00:08:09,410 --> 00:08:07,800

so the total average because here's the

176

00:08:12,350 --> 00:08:09,420

answers you could give very likely

177

00:08:16,490 --> 00:08:12,360

somewhat likely somewhat unlikely very

178

00:08:19,130 --> 00:08:16,500

unlikely or don't know so with that 54%

179

00:08:23,270 --> 00:08:19,140

they grouped the very likely and the

180

00:08:25,990 --> 00:08:23,280

somewhat likely 28% said it was very

181

00:08:29,810 --> 00:08:26,000

likely the government's hiding something

182

00:08:31,700 --> 00:08:29,820

26% said somewhat likely so I think

183

00:08:34,400 --> 00:08:31,710

that's kind of an important distinction

184

00:08:36,800 --> 00:08:34,410

and then 19 said I don't know this is

185

00:08:40,510 --> 00:08:36,810

sort of interesting though Democrats

186

00:08:45,520 --> 00:08:40,520

more than Republicans believe that

187

00:08:49,640 --> 00:08:45,530

something's being hidden so sixty-first

188

00:08:51,560 --> 00:08:49,650

62% of the Democrats as opposed to 51%

189

00:08:53,360 --> 00:08:51,570

of the Republicans I don't know what to

190

00:08:55,790 --> 00:08:53,370

make of that whatsoever to be honest

191

00:08:57,920 --> 00:08:55,800

right but I would have thought the

192

00:08:59,770 --> 00:08:57,930

opposite actually so that's kind of

193

00:09:03,380 --> 00:08:59,780

interesting because of course

194

00:09:04,910 --> 00:09:03,390

Republicans are more kind of I don't

195

00:09:07,340 --> 00:09:04,920

know if I'd say anti-government I don't

196

00:09:09,050 --> 00:09:07,350

know in a way that's true but it's more

197

00:09:10,250 --> 00:09:09,060

you know they're kind of more you know

198

00:09:12,050 --> 00:09:10,260

they want the government to stay out of

199

00:09:12,830 --> 00:09:12,060

their business right less control see

200

00:09:15,019 --> 00:09:12,840

you I know

201  
00:09:17,720 --> 00:09:15,029  
yes I would have thought the Republicans

202  
00:09:20,360 --> 00:09:17,730  
would have felt that way more so but the

203  
00:09:23,150 --> 00:09:20,370  
least the group that believe this the

204  
00:09:25,880 --> 00:09:23,160  
the the least were the independence the

205  
00:09:28,220 --> 00:09:25,890  
independence well less likely that's

206  
00:09:30,079 --> 00:09:28,230  
amazing yeah yeah so pretty interesting

207  
00:09:32,769 --> 00:09:30,089  
and then finally this is also

208  
00:09:37,579 --> 00:09:32,779  
interesting I think this is really weird

209  
00:09:39,700 --> 00:09:37,589  
the for 45 to 54 age group was the most

210  
00:09:44,090 --> 00:09:39,710  
likely to believe in government secrets

211  
00:09:46,550 --> 00:09:44,100  
by a large percentage so it's about 65

212  
00:09:52,070 --> 00:09:46,560  
percent even of the forty five to fifty

213  
00:09:54,920 --> 00:09:52,080

four percent group however the 18 to 24

214

00:09:57,769 --> 00:09:54,930

year olds were the least likely at only

215

00:10:01,550 --> 00:09:57,779

like forty one percent and only 10

216

00:10:03,350 --> 00:10:01,560

percent of the 18 to 24 thought it was a

217

00:10:05,870 --> 00:10:03,360

very likely the government hiding

218

00:10:08,600 --> 00:10:05,880

something what's strange about that is

219

00:10:11,060 --> 00:10:08,610

that 18 to 24 is the age group that by

220

00:10:14,079 --> 00:10:11,070

far believes that aliens are here and

221

00:10:16,430 --> 00:10:14,089

aliens exist or listen to these shows

222

00:10:18,260 --> 00:10:16,440

yeah a lot of the listen to that you

223

00:10:22,460 --> 00:10:18,270

know demographically you listen to the

224

00:10:25,730 --> 00:10:22,470

show mm-hmm so they very much think that

225

00:10:28,010 --> 00:10:25,740

aliens are real and I think that UFOs

226

00:10:31,490 --> 00:10:28,020

are real but they don't think the

227

00:10:34,010 --> 00:10:31,500

government knows much and honestly and I

228

00:10:35,960 --> 00:10:34,020

think you feel the same way that that's

229

00:10:39,260 --> 00:10:35,970

likely true I think they're not giving

230

00:10:41,660 --> 00:10:39,270

the government the credit that that for

231

00:10:42,920 --> 00:10:41,670

some reason older people give the

232

00:10:45,200 --> 00:10:42,930

government like the government is

233

00:10:48,020 --> 00:10:45,210

somehow all-knowing and has all the

234

00:10:51,140 --> 00:10:48,030

answers even though we don't trust them

235

00:10:53,240 --> 00:10:51,150

to be able to tie their shoes somehow

236

00:10:55,640 --> 00:10:53,250

they have all the secrets and have been

237

00:10:57,410 --> 00:10:55,650

able to keep it from us it seems like

238

00:10:59,240 --> 00:10:57,420

the younger folks don't buy that that

239

00:11:00,920 --> 00:10:59,250

they think that the government is just

240

00:11:03,320 --> 00:11:00,930

as much in the dark as the rest of us

241

00:11:05,300 --> 00:11:03,330

when it comes to this topic right right

242

00:11:07,490 --> 00:11:05,310

I'm impressed with those young

243

00:11:08,300 --> 00:11:07,500

whippersnappers for believing that I

244

00:11:11,180 --> 00:11:08,310

think they're right

245

00:11:14,449 --> 00:11:11,190

that's pretty amazing well hey our guest

246

00:11:16,820 --> 00:11:14,459

just called in and really he's early

247

00:11:19,460 --> 00:11:16,830

he's early that's cool though yeah I

248

00:11:19,930 --> 00:11:19,470

want to talk some more all right go

249

00:11:23,780 --> 00:11:19,940

ahead

250

00:11:25,000 --> 00:11:23,790

no I'm Minister guest is bad right then

251

00:11:27,189 --> 00:11:25,010

Henson yes

252

00:11:29,800 --> 00:11:27,199

yeah the one an owner he's a good buddy

253

00:11:31,780 --> 00:11:29,810

yeah all right alejandro thanks someone

254

00:11:35,189 --> 00:11:31,790

will say hi to him you could say hi hey

255

00:11:38,650 --> 00:11:35,199

Ben how's it going doing good doing good

256

00:11:41,350 --> 00:11:38,660

congratulations on the show thank you

257

00:11:43,120 --> 00:11:41,360

thank you so much as we chatted I know

258

00:11:46,120 --> 00:11:43,130

it has been a while you've been busy

259

00:11:49,509 --> 00:11:46,130

shooting with your shooting your your

260

00:11:52,060 --> 00:11:49,519

cool show but I guess the last piece is

261

00:11:54,220 --> 00:11:52,070

that of course everybody can go see all

262

00:11:56,199 --> 00:11:54,230

of this latest news on the front page of

263

00:11:59,259 --> 00:11:56,209

open mind TV if you want to see more of

264

00:12:02,350 --> 00:11:59,269

the latest there's a lot of UFO news

265

00:12:03,910 --> 00:12:02,360

these days and Ben have you been keeping

266

00:12:07,090 --> 00:12:03,920

up with the news cuz your show is about

267

00:12:09,759 --> 00:12:07,100

ghost hunting you know

268

00:12:11,620 --> 00:12:09,769

it's been so hard it's been really hard

269

00:12:13,810 --> 00:12:11,630

because it keeps coming out so fast

270

00:12:16,420 --> 00:12:13,820

most of my news is if I get a chance to

271

00:12:18,550 --> 00:12:16,430

read your summaries and articles that's

272

00:12:20,829 --> 00:12:18,560

like all I'm able to do you know it's

273

00:12:23,680 --> 00:12:20,839

like one day after the next Oh Trump's

274

00:12:26,079 --> 00:12:23,690

gonna say something Oh Luis Elizondo did

275

00:12:30,069 --> 00:12:26,089

this or did that and it's just so hard

276

00:12:33,400 --> 00:12:30,079

to keep up yeah yeah I'm sorry it's hard

277

00:12:36,340 --> 00:12:33,410

for me to keep up yeah there was

278

00:12:39,340 --> 00:12:36,350

something I said recently and not too

279

00:12:40,870 --> 00:12:39,350

long ago in Jeremy corbels like no in my

280

00:12:42,519 --> 00:12:40,880

interview you'll see that this happened

281

00:12:44,319 --> 00:12:42,529

back then and I'm like oh sorry dude I

282

00:12:46,569 --> 00:12:44,329

didn't even there's just so much

283

00:12:48,910 --> 00:12:46,579

information so it's helpful that lots of

284

00:12:50,530 --> 00:12:48,920

you other people are involved in this

285

00:12:52,180 --> 00:12:50,540

and everything and I guess we're just

286

00:12:55,170 --> 00:12:52,190

gonna have to hook up at some point soon

287

00:12:58,750 --> 00:12:55,180

Ben and off get you up to speed

288

00:13:01,000 --> 00:12:58,760

because I it's unless you're in this

289

00:13:04,269 --> 00:13:01,010

full-time you know like some of us are

290

00:13:06,430 --> 00:13:04,279

it's it's too hard to keep a day job and

291

00:13:09,309 --> 00:13:06,440

a staff on it you know and yeah people

292

00:13:12,430 --> 00:13:09,319

expect you to give them the summaries of

293

00:13:14,199 --> 00:13:12,440

what's important you know so it is a

294

00:13:16,269 --> 00:13:14,209

it's a full-time job whether you like or

295

00:13:18,759 --> 00:13:16,279

not right yeah and you know I I just

296

00:13:20,949 --> 00:13:18,769

recently that was one of my talks in

297

00:13:24,129 --> 00:13:20,959

Roswell was getting people up to speed

298

00:13:26,110 --> 00:13:24,139

on all of this and so there were some

299

00:13:28,300 --> 00:13:26,120

people who recorded and I know so as

300

00:13:29,889 --> 00:13:28,310

soon as that comes up I'll share that on

301

00:13:31,530 --> 00:13:29,899

my social media and I'll send it to you

302

00:13:37,300 --> 00:13:31,540

Ben okay

303

00:13:38,920 --> 00:13:37,310

alejandro thanks so much thank you have

304

00:13:41,079 --> 00:13:38,930

a great

305

00:13:42,449 --> 00:13:41,089

and we'll talk to you guys soon all

306

00:13:46,179 --> 00:13:42,459

right take care

307

00:13:48,879 --> 00:13:46,189

good Ben welcome to the show

308

00:13:50,290 --> 00:13:48,889

thanks so much okay right yeah it's

309

00:13:52,299 --> 00:13:50,300

always great talking to you whether it's

310

00:13:56,100 --> 00:13:52,309

here or in person or whatever it's

311

00:13:58,449 --> 00:13:56,110

always fun and so I have a fancy

312

00:14:00,549 --> 00:13:58,459

microphone like alejandro

313

00:14:03,460 --> 00:14:00,559

but i'm talking to you from my laptop at

314

00:14:05,439 --> 00:14:03,470

the moment because I had to refresh

315

00:14:07,179 --> 00:14:05,449

everything so when you take your first

316

00:14:09,519 --> 00:14:07,189

commercial break maybe we'll switch over

317

00:14:11,439 --> 00:14:09,529

and sure yeah yeah and that'll be

318

00:14:13,210 --> 00:14:11,449

that'll be at about eight minutes from

319

00:14:16,119 --> 00:14:13,220

now we're gonna be doing that okay so

320

00:14:19,449 --> 00:14:16,129

alright excellent so for the person that

321

00:14:21,579 --> 00:14:19,459

is that is not familiar with you you you

322

00:14:24,160 --> 00:14:21,589

you have an FBI background you have a

323

00:14:26,679 --> 00:14:24,170

very interesting background and we

324

00:14:27,999 --> 00:14:26,689

normally wouldn't you know have you go

325

00:14:29,919 --> 00:14:28,009

through all this but we have so many new

326

00:14:32,710 --> 00:14:29,929

listeners to the show if you wouldn't

327

00:14:34,720 --> 00:14:32,720

mind and and also talk about your the

328

00:14:38,919 --> 00:14:34,730

show that a lot of people may recognize

329

00:14:43,239 --> 00:14:38,929

you from faker fact or did I say at the

330

00:14:44,139 --> 00:14:43,249

back to say it er yeah factor faith yeah

331

00:14:45,970 --> 00:14:44,149

yeah

332

00:14:49,419 --> 00:14:45,980

so go ahead if you would talk about your

333

00:14:53,139 --> 00:14:49,429

background and all that please okay sure

334

00:14:57,400 --> 00:14:53,149

so I am my first love I guess you could

335

00:15:01,480 --> 00:14:57,410

say of these unusual subjects was UFOs

336

00:15:04,749 --> 00:15:01,490

and I was probably what was like five

337

00:15:06,400 --> 00:15:04,759

years old when et came out and I'm like

338

00:15:08,410 --> 00:15:06,410

a lot of people your first kind of

339

00:15:13,269 --> 00:15:08,420

introduction to it you know is through

340

00:15:14,829 --> 00:15:13,279

movies and um so I was a kid you know

341

00:15:17,610 --> 00:15:14,839

read a lot of books and my parents

342

00:15:21,009 --> 00:15:17,620

encouraged me they would buy me things

343

00:15:22,629 --> 00:15:21,019

far beyond my reading level and I would

344

00:15:26,049 --> 00:15:22,639

collect newspaper articles and I was

345

00:15:29,199 --> 00:15:26,059

just fascinated the 80s you know when we

346

00:15:31,449 --> 00:15:29,209

had print newspapers you would see stuff

347

00:15:33,280 --> 00:15:31,459

come out and then if you didn't clip it

348

00:15:35,919 --> 00:15:33,290

out and save that it was gone it was it

349

00:15:38,710 --> 00:15:35,929

was so hard to search things so I had a

350

00:15:42,400 --> 00:15:38,720

you know thick stack of articles of UFO

351

00:15:43,929 --> 00:15:42,410

things so I got older you know I kind of

352

00:15:46,720 --> 00:15:43,939

put it away because the subject kind of

353

00:15:49,449 --> 00:15:46,730

scared me I didn't know what to do with

354

00:15:52,090 --> 00:15:49,459

it I believed it was possible and that

355

00:15:53,730 --> 00:15:52,100

we've been visited and it wasn't until I

356

00:16:01,140 --> 00:15:53,740

was in

357

00:16:05,410 --> 00:16:01,150

Florida and was there for the summer

358

00:16:07,150 --> 00:16:05,420

doing pest control and on my way home my

359

00:16:09,220 --> 00:16:07,160

friend I decided to take a little cruise

360

00:16:12,040 --> 00:16:09,230

over the Bahamas and it was just an

361

00:16:13,890 --> 00:16:12,050

overnight thing and on that ship one

362

00:16:17,530 --> 00:16:13,900

night is were out looking at the Stars

363

00:16:21,340 --> 00:16:17,540

we saw an object that was doing s turns

364

00:16:22,750 --> 00:16:21,350

and moving incredibly fast and it kind

365

00:16:24,970 --> 00:16:22,760

of got me re

366

00:16:28,630 --> 00:16:24,980

I guess initiated and excited about it

367

00:16:30,750 --> 00:16:28,640

hmm and when I graduated college I went

368

00:16:34,750 --> 00:16:30,760

to work my degree was in sociology

369

00:16:37,560 --> 00:16:34,760

criminology went to work for the state

370

00:16:40,510 --> 00:16:37,570

of Utah investigating child sex crimes

371

00:16:46,870 --> 00:16:40,520

severe physical abuse cases so it's not

372

00:16:49,240 --> 00:16:46,880

like the greatest party discussion so

373

00:16:50,710 --> 00:16:49,250

the end goal was to work for a federal

374

00:16:51,160 --> 00:16:50,720

law enforcement which I did I work for

375

00:16:53,860 --> 00:16:51,170

the FBI

376

00:16:55,390 --> 00:16:53,870

I don't describe myself as a veteran by

377

00:16:58,240 --> 00:16:55,400

any means I was there just for a couple

378

00:17:02,380 --> 00:16:58,250

years but it wasn't what I expected and

379

00:17:05,500 --> 00:17:02,390

you know I I would say the greatest part

380

00:17:09,189 --> 00:17:05,510

about it though is the training and most

381

00:17:13,329 --> 00:17:09,199

of people I've worked with really gave

382

00:17:16,870 --> 00:17:13,339

me a chance to kind of like I guess

383

00:17:18,270 --> 00:17:16,880

refined skills I already had but to be

384

00:17:21,220 --> 00:17:18,280

able to look at something objectively

385

00:17:23,020 --> 00:17:21,230

which I think this field is sometimes

386

00:17:28,179 --> 00:17:23,030

lacking quite a bit of and we don't

387

00:17:29,470 --> 00:17:28,189

question because it's so anecdotal you

388

00:17:33,430 --> 00:17:29,480

know I tell people all the time it's

389

00:17:36,010 --> 00:17:33,440

it's experiential it's it's almost like

390

00:17:37,300 --> 00:17:36,020

a religion you apology mm-hmm

391

00:17:39,160 --> 00:17:37,310

it's just good and bad because we're

392

00:17:41,230 --> 00:17:39,170

very accepting but my background in law

393

00:17:43,840 --> 00:17:41,240

enforcement kind of helped me separate

394

00:17:46,300 --> 00:17:43,850

the emotion the feeling of it all with

395

00:17:48,790 --> 00:17:46,310

okay well let's look at the facts are we

396

00:17:51,760 --> 00:17:48,800

trying to convince people what are we

397

00:17:55,900 --> 00:17:51,770

trying to do here and how can we best do

398

00:17:59,620 --> 00:17:55,910

that and so I got into TV world sort of

399

00:18:01,270 --> 00:17:59,630

by accident I was kind of connected to a

400

00:18:04,870 --> 00:18:01,280

production company that was looking to

401  
00:18:06,649 --> 00:18:04,880  
do a TV show about paranormal but they

402  
00:18:11,629 --> 00:18:06,659  
didn't have any idea of what

403  
00:18:13,460 --> 00:18:11,639  
wanted to do and so I had a group that

404  
00:18:16,609 --> 00:18:13,470  
we did mostly ghost-hunting just kind of

405  
00:18:17,779 --> 00:18:16,619  
for fun on the side but I said look it

406  
00:18:19,549 --> 00:18:17,789  
was really cool cuz being in the ground

407  
00:18:20,839 --> 00:18:19,559  
level I said if you guys only do ghosts

408  
00:18:23,869 --> 00:18:20,849  
because ghost hunting was big at that

409  
00:18:27,169 --> 00:18:23,879  
time like it is now is that if you only

410  
00:18:29,509 --> 00:18:27,179  
do ghosts you're missing out there's a

411  
00:18:33,229 --> 00:18:29,519  
huge interest in UFOs there's a huge

412  
00:18:36,049 --> 00:18:33,239  
interest in in Bigfoot and we devised a

413  
00:18:38,810 --> 00:18:36,059

show I would say probably 80% of my

414

00:18:41,210 --> 00:18:38,820

input which turned into what became fact

415

00:18:44,799 --> 00:18:41,220

or faked paranormal files on the sci-fi

416

00:18:47,299 --> 00:18:44,809

channel and it went for three seasons

417

00:18:52,759 --> 00:18:47,309

six of us would go out it was sort of

418

00:18:55,129 --> 00:18:52,769

like a cross between Mythbusters and you

419

00:18:59,149 --> 00:18:55,139

know like ghost hunters and and UFO

420

00:19:02,599 --> 00:18:59,159

Hunters and the premise was take what

421

00:19:05,930 --> 00:19:02,609

people are claiming at face value and

422

00:19:07,339 --> 00:19:05,940

say okay before we start the case what

423

00:19:10,129 --> 00:19:07,349

do you have for us is it interesting

424

00:19:13,399 --> 00:19:10,139

enough that we can test your experience

425

00:19:16,879 --> 00:19:13,409

or test you claim to captured and that's

426  
00:19:20,589 --> 00:19:16,889  
how it went so we we do experiments and

427  
00:19:23,779 --> 00:19:20,599  
it was really fun I mean we yeah and all

428  
00:19:25,369 --> 00:19:23,789  
yeah I've really enjoyed that show very

429  
00:19:29,169 --> 00:19:25,379  
much and anyone I think you can still

430  
00:19:31,940 --> 00:19:29,179  
find episodes of it right yeah I believe

431  
00:19:34,909 --> 00:19:31,950  
destination America bought the rights to

432  
00:19:37,549 --> 00:19:34,919  
it on to show it and I think travel was

433  
00:19:40,460 --> 00:19:37,559  
showing reruns I'm not sure yeah so

434  
00:19:42,320 --> 00:19:40,470  
discovery owns it now on reruns and you

435  
00:19:43,999 --> 00:19:42,330  
can probably find it on YouTube yeah

436  
00:19:47,389 --> 00:19:44,009  
we're going to go into break in about

437  
00:19:49,009 --> 00:19:47,399  
three minutes or so but and then we're

438  
00:19:52,580 --> 00:19:49,019

going to talk about your new show at

439

00:19:54,950 --> 00:19:52,590

that time but not I want to just ask you

440

00:19:57,080 --> 00:19:54,960

about this particular show that you were

441

00:20:00,320 --> 00:19:57,090

in in the beginning because I do

442

00:20:02,359 --> 00:20:00,330

remember that you actually found some

443

00:20:06,019 --> 00:20:02,369

people that were actually fraudulent and

444

00:20:09,529 --> 00:20:06,029

they were fake and one of them comes to

445

00:20:11,810 --> 00:20:09,539

mind when that let's see the UFO and the

446

00:20:13,789 --> 00:20:11,820

forest were the I think that it

447

00:20:16,389 --> 00:20:13,799

supposedly killed the guy's dog and all

448

00:20:20,419 --> 00:20:16,399

that and that was that was kind of a

449

00:20:22,640 --> 00:20:20,429

yeah yeah but you kind of you kind of

450

00:20:25,340 --> 00:20:22,650

call that guy out really didn't show on

451  
00:20:29,090 --> 00:20:25,350  
that particularly beginning we probably

452  
00:20:31,190 --> 00:20:29,100  
had more cases or unexplained but is

453  
00:20:33,560 --> 00:20:31,200  
that we got in the second third season

454  
00:20:36,140 --> 00:20:33,570  
we have people coming to us and a lot of

455  
00:20:38,090 --> 00:20:36,150  
them just wanted face time they wanted

456  
00:20:41,690 --> 00:20:38,100  
yeah you know a lot more scammers and

457  
00:20:43,940 --> 00:20:41,700  
and his his actually Stan Freeman did

458  
00:20:46,700 --> 00:20:43,950  
quite a bit of work on that case and so

459  
00:20:49,010 --> 00:20:46,710  
most people regarded it as a fake

460  
00:20:51,620 --> 00:20:49,020  
however there were so many people who

461  
00:20:53,419 --> 00:20:51,630  
were still in his camp that I decided to

462  
00:20:55,010 --> 00:20:53,429  
hey let's look at it objectively he

463  
00:20:57,950 --> 00:20:55,020

claims to have good video evidence and

464

00:21:00,019 --> 00:20:57,960

yeah we called him out and there's still

465

00:21:02,630 --> 00:21:00,029

people and their people kind of attacked

466

00:21:04,399 --> 00:21:02,640

you for doing that right and and there's

467

00:21:06,440 --> 00:21:04,409

still people that back him a hundred

468

00:21:09,460 --> 00:21:06,450

percent even with all the evidence right

469

00:21:11,510 --> 00:21:09,470

there which is really bizarre there are

470

00:21:14,539 --> 00:21:11,520

we don't we don't want to be that type

471

00:21:16,580 --> 00:21:14,549

of person to go after our own but if we

472

00:21:18,980 --> 00:21:16,590

don't you know how do we meet in

473

00:21:21,230 --> 00:21:18,990

credibility yeah I think it's important

474

00:21:23,330 --> 00:21:21,240

I really do think it's important and and

475

00:21:25,250 --> 00:21:23,340

you know that's why you know I made a

476  
00:21:26,960 --> 00:21:25,260  
couple of enemies by calling out a few

477  
00:21:29,870 --> 00:21:26,970  
people on YouTube and stuff like that

478  
00:21:31,269 --> 00:21:29,880  
you know but you know if people are

479  
00:21:33,470 --> 00:21:31,279  
looking for the right information

480  
00:21:35,870 --> 00:21:33,480  
they're just going to get turned off and

481  
00:21:38,870 --> 00:21:35,880  
go away and not have any interest in it

482  
00:21:41,060 --> 00:21:38,880  
at all once they find you know third

483  
00:21:43,039 --> 00:21:41,070  
phase of the Moon I understand secure

484  
00:21:45,860 --> 00:21:43,049  
team Tim ten he's trying to clean up his

485  
00:21:47,750 --> 00:21:45,870  
act a little bit I'm not really sure you

486  
00:21:50,769 --> 00:21:47,760  
know that's what I keep hearing from

487  
00:21:53,450 --> 00:21:50,779  
people but if people go there for source

488  
00:21:54,799 --> 00:21:53,460

you know they're they're gonna be

489

00:21:57,169 --> 00:21:54,809

discouraged as soon as they find out

490

00:21:58,880 --> 00:21:57,179

that it's fake and then they'll just go

491

00:22:00,500 --> 00:21:58,890

away from the whole UFO topic and the

492

00:22:02,570 --> 00:22:00,510

won't have any interest in it I've just

493

00:22:06,680 --> 00:22:02,580

seen enough of that happen in my life

494

00:22:08,840 --> 00:22:06,690

now in different ways so anyway we are

495

00:22:11,750 --> 00:22:08,850

ready to go into the break and how I'm

496

00:22:13,220 --> 00:22:11,760

gonna do that because Ben's got to reset

497

00:22:15,830 --> 00:22:13,230

in everything I'm actually going to stop

498

00:22:18,799 --> 00:22:15,840

the stream and everything and so I need

499

00:22:22,899 --> 00:22:18,809

everyone to hang in there we're going to

500

00:22:25,399 --> 00:22:22,909

be right back right after these messages

501

00:22:28,220 --> 00:22:25,409

welcome back to the show my guest

502

00:22:33,020 --> 00:22:28,230

tonight for this first hour is Ben

503

00:22:34,100 --> 00:22:33,030

Hansen Ben so where were we when we went

504

00:22:38,720 --> 00:22:34,110

to break you know it's funny

505

00:22:41,990 --> 00:22:38,730

I usually write things down we're

506

00:22:45,440 --> 00:22:42,000

talking about people that you you found

507

00:22:47,180 --> 00:22:45,450

that we're fake and before we move on

508

00:22:50,510 --> 00:22:47,190

from basically that topic was there some

509

00:22:56,030 --> 00:22:50,520

other like major sightings or things

510

00:22:59,620 --> 00:22:56,040

that are they're really well-known that

511

00:23:02,510 --> 00:22:59,630

you know actually you found there was a

512

00:23:04,610 --> 00:23:02,520

you know could not be reproduced or a

513

00:23:08,390 --> 00:23:04,620

you know you kind of did sort of in a

514

00:23:11,630 --> 00:23:08,400

scientific manner right yeah so we like

515

00:23:12,890 --> 00:23:11,640

taking on a couple historic cases one of

516

00:23:15,760 --> 00:23:12,900

them that comes to mind is a Rex Heflin

517

00:23:19,430 --> 00:23:15,770

case oh yeah that took place here and

518

00:23:23,210 --> 00:23:19,440

guess it was Santa Ana Tustin area in

519

00:23:26,990 --> 00:23:23,220

California and I want I wanted to

520

00:23:28,760 --> 00:23:27,000

believe that case and and I still the

521

00:23:30,980 --> 00:23:28,770

jury's kind of out on it but it followed

522

00:23:33,470 --> 00:23:30,990

kind of some patterns that were typical

523

00:23:36,380 --> 00:23:33,480

you know where the story I call it

524

00:23:38,870 --> 00:23:36,390

legend izing I do a lecture on hoaxers

525

00:23:43,640 --> 00:23:38,880

and what happened and the Heflin case it

526  
00:23:46,850 --> 00:23:43,650  
wasn't on the show was a mutual friend

527  
00:23:50,299 --> 00:23:46,860  
of ours I'm sure you know Bob cavia he

528  
00:23:51,200 --> 00:23:50,309  
was he was working on our show as a

529  
00:23:53,720 --> 00:23:51,210  
producer

530  
00:23:57,049 --> 00:23:53,730  
and he was doing unsolved mysteries I

531  
00:24:00,289 --> 00:23:57,059  
think way back in the day anyways when

532  
00:24:01,490 --> 00:24:00,299  
Rex was alive he reached out to him to

533  
00:24:04,760 --> 00:24:01,500  
get these photos for people who don't

534  
00:24:09,980 --> 00:24:04,770  
know Rex Heflin he was a construction

535  
00:24:11,480 --> 00:24:09,990  
worker that worked on roadways and he

536  
00:24:12,590 --> 00:24:11,490  
was out with his truck and this is back

537  
00:24:14,630 --> 00:24:12,600  
in the day when there weren't even

538  
00:24:18,409 --> 00:24:14,640

orchards in in Orange County California

539

00:24:18,980 --> 00:24:18,419

it was it was desolate and he's out by

540

00:24:22,400 --> 00:24:18,990

the Toro

541

00:24:26,419 --> 00:24:22,410

I think del Toro Alpha Air Force Base El

542

00:24:30,470 --> 00:24:26,429

Toro and he sees this object as he's

543

00:24:32,840 --> 00:24:30,480

there on the side of this dirt road he

544

00:24:35,000 --> 00:24:32,850

sees an object hovering classic saucer

545

00:24:37,789 --> 00:24:35,010

shape so he takes out his Polaroid

546

00:24:40,000 --> 00:24:37,799

camera and he snaps off I think it was

547

00:24:43,640 --> 00:24:40,010

four or five photos with a Polaroid and

548

00:24:46,100 --> 00:24:43,650

as this thing comes over his his truck

549

00:24:47,930 --> 00:24:46,110

and then leaves sort of like a ring of

550

00:24:52,070 --> 00:24:47,940

smoke towards the end of

551  
00:24:54,860 --> 00:24:52,080  
and his story was one of the first where

552  
00:24:56,750 --> 00:24:54,870  
we here aside from maybe Roswell going

553  
00:25:00,440 --> 00:24:56,760  
back a little earlier of the men in

554  
00:25:02,180 --> 00:25:00,450  
black sort of thing going on he took

555  
00:25:05,180 --> 00:25:02,190  
these photos and within I can't remember

556  
00:25:07,850 --> 00:25:05,190  
how many days or weeks two men in black

557  
00:25:11,680 --> 00:25:07,860  
suits show up to his house say they're

558  
00:25:13,910 --> 00:25:11,690  
from the government they want the photos

559  
00:25:15,080 --> 00:25:13,920  
so they say they're gonna borrow them I

560  
00:25:18,560 --> 00:25:15,090  
think they said they're from NORAD I

561  
00:25:22,460 --> 00:25:18,570  
can't remember wanted to borrow them and

562  
00:25:24,590 --> 00:25:22,470  
then didn't return them and he claims

563  
00:25:27,050 --> 00:25:24,600

that they they took him back or

564

00:25:28,460 --> 00:25:27,060

something I can't Mahalo went but but

565

00:25:30,950 --> 00:25:28,470

Bob kvyat

566

00:25:32,720 --> 00:25:30,960

was doing I think this unsolved mystery

567

00:25:35,720 --> 00:25:32,730

show and he reaches out to his like hey

568

00:25:38,810 --> 00:25:35,730

they want to do your episode but we need

569

00:25:41,000 --> 00:25:38,820

those photos and he says well they they

570

00:25:43,250 --> 00:25:41,010

took him back again or something like

571

00:25:45,380 --> 00:25:43,260

that and lo and behold like a week later

572

00:25:48,170 --> 00:25:45,390

he calls up Bob he says oh they just

573

00:25:50,060 --> 00:25:48,180

showed up in the mail someone someone

574

00:25:53,090 --> 00:25:50,070

put him in my mailbox and the photos are

575

00:25:56,450 --> 00:25:53,100

back and so that was my thing it's like

576  
00:25:58,640 --> 00:25:56,460  
well very very coincidental we were able

577  
00:26:01,100 --> 00:25:58,650  
to kind of recreate using pie tins and

578  
00:26:03,110 --> 00:26:01,110  
some other things it's kind of how I

579  
00:26:06,680 --> 00:26:03,120  
feel about billy meier case you know if

580  
00:26:09,770 --> 00:26:06,690  
it looks like a saucer like a pie tin

581  
00:26:12,470 --> 00:26:09,780  
feels like one you know it's kind of

582  
00:26:14,060 --> 00:26:12,480  
like you're already kind of leaning

583  
00:26:17,270 --> 00:26:14,070  
towards it not being you want it to be

584  
00:26:19,100 --> 00:26:17,280  
true but we weren't able to really

585  
00:26:22,010 --> 00:26:19,110  
substantiate either way on that case

586  
00:26:24,800 --> 00:26:22,020  
we're kind of mixed you know now aren't

587  
00:26:28,220 --> 00:26:24,810  
the original photos in I'm trying to

588  
00:26:33,110 --> 00:26:28,230

remember the woman that's so well-known

589

00:26:37,940 --> 00:26:33,120

in Southern California she has those in

590

00:26:39,590 --> 00:26:37,950

her safe I believe her daughter said do

591

00:26:41,030 --> 00:26:39,600

you know how talking about I don't I

592

00:26:44,080 --> 00:26:41,040

don't that meant that must have come up

593

00:26:46,820 --> 00:26:44,090

after maybe we did the episode because

594

00:26:48,200 --> 00:26:46,830

when we were we're doing the show we

595

00:26:49,490 --> 00:26:48,210

didn't we didn't have access to the

596

00:26:52,370 --> 00:26:49,500

originals and Bob I'm sure would have

597

00:26:55,760 --> 00:26:52,380

known about it yeah yeah that would be

598

00:26:57,890 --> 00:26:55,770

great yeah but I do I do remember the

599

00:27:00,170 --> 00:26:57,900

thing about what you said about them

600

00:27:01,090 --> 00:27:00,180

showing up in the mailbox after so many

601  
00:27:03,310 --> 00:27:01,100  
years you know

602  
00:27:05,169 --> 00:27:03,320  
I do remember that part so yeah that's

603  
00:27:07,690 --> 00:27:05,179  
that's the tricky one so tell us what

604  
00:27:11,529 --> 00:27:07,700  
you're up to now in this new Travel

605  
00:27:13,299 --> 00:27:11,539  
Channel show so yeah I've been over the

606  
00:27:17,220 --> 00:27:13,309  
you knows last several years I've been

607  
00:27:20,770 --> 00:27:17,230  
doing guest appearances here and there a

608  
00:27:23,500 --> 00:27:20,780  
combination of ghost hunting shows UFO

609  
00:27:25,510 --> 00:27:23,510  
appearances we did a real fun one on

610  
00:27:28,990 --> 00:27:25,520  
Smithsonian years ago that was called

611  
00:27:32,049 --> 00:27:29,000  
UFOs Declassified and then I helped work

612  
00:27:35,980 --> 00:27:32,059  
on on one that recently aired on the CW

613  
00:27:38,130 --> 00:27:35,990

called Roswell decoded and I think they

614

00:27:41,080 --> 00:27:38,140

got picked up for more episodes and

615

00:27:42,310 --> 00:27:41,090

finally you know kind of doing this here

616

00:27:43,840 --> 00:27:42,320

and there helping people another

617

00:27:45,960 --> 00:27:43,850

opportunity came along they said hey you

618

00:27:48,549 --> 00:27:45,970

know ghost hunting is hot again

619

00:27:50,260 --> 00:27:48,559

we all thought we're gonna kind of take

620

00:27:52,390 --> 00:27:50,270

a break from it but it's come back a

621

00:27:56,279 --> 00:27:52,400

little bit even stronger than it was

622

00:27:59,350 --> 00:27:56,289

before and I was yeah

623

00:28:02,560 --> 00:27:59,360

it's we can talk for hours about that

624

00:28:05,529 --> 00:28:02,570

and why I think that's the case actually

625

00:28:07,659 --> 00:28:05,539

working with some professors from

626

00:28:08,560 --> 00:28:07,669

Chapman on doing a sociological study on

627

00:28:12,430 --> 00:28:08,570

this Wow

628

00:28:16,060 --> 00:28:12,440

but yeah it's it's back and if you look

629

00:28:18,070 --> 00:28:16,070

on a any travel and a little bit of

630

00:28:19,990 --> 00:28:18,080

history between those three networks

631

00:28:21,970 --> 00:28:20,000

they're pretty much buying up everything

632

00:28:26,409 --> 00:28:21,980

that's paranormal so that would include

633

00:28:29,380 --> 00:28:26,419

UFOs a lot of ghost hunting some Bigfoot

634

00:28:31,390 --> 00:28:29,390

things are coming back and you know kind

635

00:28:33,610 --> 00:28:31,400

of cycles like this until I think the

636

00:28:35,049 --> 00:28:33,620

market gets saturated and then you see

637

00:28:39,149 --> 00:28:35,059

what's left over only the best show

638

00:28:42,250 --> 00:28:39,159

survive yeah mm-hmm so I was filming for

639

00:28:44,620 --> 00:28:42,260

about three and a half months down in

640

00:28:45,880 --> 00:28:44,630

Louisiana in a parish called Saint Mary

641

00:28:49,210 --> 00:28:45,890

Parish that's like their counties there

642

00:28:50,740 --> 00:28:49,220

and a lot of fun we're working with

643

00:28:53,799 --> 00:28:50,750

local police departments who actually

644

00:28:56,830 --> 00:28:53,809

get calls people call 9-1-1 they call

645

00:28:59,440 --> 00:28:56,840

the police departments you know saying

646

00:29:02,649 --> 00:28:59,450

there's somebody in my house but I don't

647

00:29:04,480 --> 00:29:02,659

think it's human there's things going on

648

00:29:07,240 --> 00:29:04,490

I can't explain and the police are

649

00:29:09,220 --> 00:29:07,250

really in a great position because it's

650

00:29:11,530 --> 00:29:09,230

a tight-knit community they don't just

651  
00:29:12,820 --> 00:29:11,540  
just miss what people tell them you know

652  
00:29:14,770 --> 00:29:12,830  
and they'll go out but they're puzzled

653  
00:29:17,200 --> 00:29:14,780  
they don't know what to do so

654  
00:29:18,850 --> 00:29:17,210  
we've been hand in hand responding to

655  
00:29:21,190 --> 00:29:18,860  
these calls that the police get down

656  
00:29:25,750 --> 00:29:21,200  
there in st. Mary Parish and trying to

657  
00:29:28,150 --> 00:29:25,760  
figure it out and there's there's a a

658  
00:29:32,080 --> 00:29:28,160  
lot going on in that particular area

659  
00:29:35,380 --> 00:29:32,090  
which is really quite interesting in

660  
00:29:39,280 --> 00:29:35,390  
itself you know when it comes to like a

661  
00:29:41,110 --> 00:29:39,290  
hot type of thing oh yeah I mean you if

662  
00:29:43,840 --> 00:29:41,120  
you know anything about what happened

663  
00:29:46,270 --> 00:29:43,850

after Katrina my friend bill Murphy who

664

00:29:50,380 --> 00:29:46,280

did a was that my co-host on fact or

665

00:29:53,710 --> 00:29:50,390

faked he did documentary on it and just

666

00:29:56,470 --> 00:29:53,720

the haunted area of New Orleans what

667

00:29:59,620 --> 00:29:56,480

became of it after Katrina seemed to

668

00:30:02,790 --> 00:29:59,630

almost I don't know reactivate things

669

00:30:06,540 --> 00:30:02,800

and you had so much tragedy and trauma

670

00:30:09,070 --> 00:30:06,550

that you you layer that sort of like I

671

00:30:12,580 --> 00:30:09,080

don't like an onion right you put that

672

00:30:16,450 --> 00:30:12,590

on top of the Civil War on top of the

673

00:30:18,070 --> 00:30:16,460

yellow fever on top of the Pirates and

674

00:30:20,740 --> 00:30:18,080

all the things that they had going on

675

00:30:23,950 --> 00:30:20,750

there and you have layers upon layers a

676

00:30:27,430 --> 00:30:23,960

very rich history in Louisiana and then

677

00:30:30,370 --> 00:30:27,440

currently you've got the Cajun you know

678

00:30:33,220 --> 00:30:30,380

and Creole cultures that are very

679

00:30:36,670 --> 00:30:33,230

superstitious oh yeah and it's like the

680

00:30:40,240 --> 00:30:36,680

perfect mix of a very active location

681

00:30:41,980 --> 00:30:40,250

well well now I saw of the trailer on

682

00:30:44,170 --> 00:30:41,990

that I saw that you out in a boat I'm a

683

00:30:47,500 --> 00:30:44,180

real boat type of guy love I was voting

684

00:30:50,410 --> 00:30:47,510

today so anything on the boat I would

685

00:30:53,080 --> 00:30:50,420

love to do but so why are you out in

686

00:30:54,610 --> 00:30:53,090

this boat I mean that's and there was

687

00:30:56,700 --> 00:30:54,620

someone else in another boat I believe

688

00:30:59,140 --> 00:30:56,710

there are things happening on the water

689

00:31:00,610 --> 00:30:59,150

I'm gonna have to go I know what

690

00:31:02,980 --> 00:31:00,620

episodes coming up but I actually

691

00:31:07,420 --> 00:31:02,990

haven't seen the newest trailer probably

692

00:31:12,400 --> 00:31:07,430

came out today so this Friday it's like

693

00:31:16,950 --> 00:31:12,410

9 p.m. 8 p.m. central on Travel Channel

694

00:31:20,650 --> 00:31:16,960

it's it's a an episode where we went out

695

00:31:23,050 --> 00:31:20,660

to a call that somebody had seen two

696

00:31:25,300 --> 00:31:23,060

guys hoisting what looks like some sort

697

00:31:27,130 --> 00:31:25,310

of a treasure chest ok I know there's a

698

00:31:27,940 --> 00:31:27,140

there's an island out there in the bayou

699

00:31:31,120 --> 00:31:27,950

mmm

700

00:31:33,279 --> 00:31:31,130

it's it's it's kind of a privately owned

701  
00:31:34,899 --> 00:31:33,289  
secret sort of a place because that's

702  
00:31:38,049 --> 00:31:34,909  
where they film part of the TV show

703  
00:31:41,289 --> 00:31:38,059  
naked and afraid hmm it's it's way out

704  
00:31:45,430 --> 00:31:41,299  
there and so is we're out exploring we

705  
00:31:47,830 --> 00:31:45,440  
came into contact with a I witness to I

706  
00:31:50,230 --> 00:31:47,840  
guess you would call it sort of like an

707  
00:31:52,210 --> 00:31:50,240  
entity I the way I pictured it was sort

708  
00:31:54,610 --> 00:31:52,220  
of like predator there's like something

709  
00:31:56,289 --> 00:31:54,620  
out there lurking on the island that he

710  
00:32:00,580 --> 00:31:56,299  
experienced while he was filming the TV

711  
00:32:02,289 --> 00:32:00,590  
show and it scared him so badly that he

712  
00:32:06,970 --> 00:32:02,299  
and the woman that was there with him

713  
00:32:08,740 --> 00:32:06,980

were pretty traumatized for years and so

714

00:32:10,659 --> 00:32:08,750

we explore that in the history of the

715

00:32:12,580 --> 00:32:10,669

island

716

00:32:15,039 --> 00:32:12,590

and we're out there on those boats and

717

00:32:17,950 --> 00:32:15,049

alligators had not quite woken up yet it

718

00:32:20,350 --> 00:32:17,960

was this was like April when were

719

00:32:21,789 --> 00:32:20,360

filming so we wanted to see and we only

720

00:32:23,940 --> 00:32:21,799

saw a couple because it's got to get

721

00:32:27,879 --> 00:32:23,950

warm enough but there were all sorts of

722

00:32:28,690 --> 00:32:27,889

creepy things out there that's pretty

723

00:32:34,600 --> 00:32:28,700

awesome

724

00:32:38,139 --> 00:32:34,610

so each is so is each episode different

725

00:32:40,149 --> 00:32:38,149

as far as you know a certain case and a

726

00:32:45,850 --> 00:32:40,159

certain investigation is that what the

727

00:32:47,110 --> 00:32:45,860

episodes are yeah so it follows because

728

00:32:49,060 --> 00:32:47,120

we're there working it's they're not

729

00:32:51,639 --> 00:32:49,070

standalone episodes because we're

730

00:32:53,230 --> 00:32:51,649

actually in the same location the whole

731

00:32:54,879 --> 00:32:53,240

time where as fact or faked was more

732

00:32:57,250 --> 00:32:54,889

what we call magazine-style show you

733

00:33:01,090 --> 00:32:57,260

know we'd get a case we go who knows

734

00:33:03,340 --> 00:33:01,100

across the world these cases do have

735

00:33:05,200 --> 00:33:03,350

links because our whole goal was to try

736

00:33:06,690 --> 00:33:05,210

and help the local police departments

737

00:33:09,850 --> 00:33:06,700

try to figure out if there's an overall

738

00:33:11,889 --> 00:33:09,860

connection mm-hmm you know if it's just

739

00:33:14,590 --> 00:33:11,899

random or if there's actually something

740

00:33:18,610 --> 00:33:14,600

going on that might have intensified all

741

00:33:20,320 --> 00:33:18,620

the sightings and so they they follow in

742

00:33:21,909 --> 00:33:20,330

sequence I mean you can tune in one week

743

00:33:24,190 --> 00:33:21,919

and you don't have to know what happened

744

00:33:26,350 --> 00:33:24,200

necessarily the week before I thought

745

00:33:30,850 --> 00:33:26,360

it's all in the same general area yeah

746

00:33:33,940 --> 00:33:30,860

yeah so as far as your your thoughts on

747

00:33:36,759 --> 00:33:33,950

you know it's kind of I think there is

748

00:33:39,369 --> 00:33:36,769

something to this because I actually had

749

00:33:41,740 --> 00:33:39,379

an experience myself being in the

750

00:33:43,540 --> 00:33:41,750

antiques business cleaning out a house I

751  
00:33:45,520 --> 00:33:43,550  
had something happened once that was

752  
00:33:47,110 --> 00:33:45,530  
just totally unexplainable but it really

753  
00:33:49,450 --> 00:33:47,120  
happened it happened right in front of

754  
00:33:51,460 --> 00:33:49,460  
me and what you see I didn't see

755  
00:33:53,410 --> 00:33:51,470  
anything but a door slammed in a room

756  
00:33:55,120 --> 00:33:53,420  
where all the windows were down and the

757  
00:33:56,800 --> 00:33:55,130  
door had to be dragged across the carpet

758  
00:33:58,210 --> 00:33:56,810  
to open because they never lowered that

759  
00:34:00,610 --> 00:33:58,220  
they never cut the bottom of the the

760  
00:34:02,740 --> 00:34:00,620  
door when they installed the carpet and

761  
00:34:04,300 --> 00:34:02,750  
that just slam shut and there was three

762  
00:34:06,400 --> 00:34:04,310  
things happened that day one you know

763  
00:34:08,590 --> 00:34:06,410

right after the other basically so it

764

00:34:11,139 --> 00:34:08,600

was actually something did it and there

765

00:34:14,470 --> 00:34:11,149

was something had to make that happen

766

00:34:17,850 --> 00:34:14,480

so there is something there there's

767

00:34:21,250 --> 00:34:17,860

something to it but is it just like UFOs

768

00:34:23,260 --> 00:34:21,260

like we see that they're there but we

769

00:34:24,430 --> 00:34:23,270

have no idea what they are is it I mean

770

00:34:26,710 --> 00:34:24,440

do you think it's the same way how do

771

00:34:28,389 --> 00:34:26,720

you how do you well approach it I think

772

00:34:30,430 --> 00:34:28,399

what you might be getting to what I

773

00:34:35,470 --> 00:34:30,440

think a lot of there's some hesitation

774

00:34:37,780 --> 00:34:35,480

with some of these I I don't want to

775

00:34:40,600 --> 00:34:37,790

call well what would it calm genres

776

00:34:43,510 --> 00:34:40,610

they're not really industries studies

777

00:34:45,520 --> 00:34:43,520

you've got cryptozoology right you got

778

00:34:47,950 --> 00:34:45,530

UFOs you got what people call the

779

00:34:50,560 --> 00:34:47,960

paranormal but with the ghost stuff and

780

00:34:54,340 --> 00:34:50,570

I think there's a lot more crossover and

781

00:34:56,830 --> 00:34:54,350

I think that that you know what we

782

00:34:58,420 --> 00:34:56,840

finally realize what's going on you're

783

00:34:59,980 --> 00:34:58,430

you're seeing in the UFO field people

784

00:35:01,840 --> 00:34:59,990

are becoming more open to this

785

00:35:04,690 --> 00:35:01,850

interdimensional sort of a thing yeah

786

00:35:06,700 --> 00:35:04,700

and and so with the spirits and the

787

00:35:08,350 --> 00:35:06,710

ghosts I do think there is a other

788

00:35:10,240 --> 00:35:08,360

dimension if you want to call it that

789

00:35:13,330 --> 00:35:10,250

where they're not they're not always

790

00:35:14,500 --> 00:35:13,340

visible to us but they're present and I

791

00:35:17,470 --> 00:35:14,510

don't know if they can always see us

792

00:35:20,080 --> 00:35:17,480

just like we can't always see them but

793

00:35:22,300 --> 00:35:20,090

they can kind of slip in and out right

794

00:35:24,880 --> 00:35:22,310

and so they can physically manipulate

795

00:35:26,800 --> 00:35:24,890

things and as crazy as that sounds

796

00:35:29,320 --> 00:35:26,810

without having hard evidence of it it's

797

00:35:31,540 --> 00:35:29,330

like your story like I can only tell you

798

00:35:33,490 --> 00:35:31,550

what I've seen I can tell you I've seen

799

00:35:35,710 --> 00:35:33,500

objects fly across the room I can tell

800

00:35:37,840 --> 00:35:35,720

you we've had equipment you know slammed

801  
00:35:41,560 --> 00:35:37,850  
on the ground right in front of us you

802  
00:35:44,710 --> 00:35:41,570  
know I've seen you know shadow figures

803  
00:35:47,080 --> 00:35:44,720  
walk right through a wall I've heard

804  
00:35:49,060 --> 00:35:47,090  
voices in my ear so you know how could

805  
00:35:50,470 --> 00:35:49,070  
these things be physically manipulating

806  
00:35:54,670 --> 00:35:50,480  
our world if it didn't have some

807  
00:35:55,600 --> 00:35:54,680  
physicality to it yeah so I think that

808  
00:35:57,310 --> 00:35:55,610  
there is there is

809  
00:36:01,780 --> 00:35:57,320  
probably a connection there when we talk

810  
00:36:03,460 --> 00:36:01,790  
about UFOs and how these physical

811  
00:36:05,680 --> 00:36:03,470  
objects are causing physical

812  
00:36:08,250 --> 00:36:05,690  
interactions with the ground with trace

813  
00:36:12,220 --> 00:36:08,260

evidence but it's not always there and

814

00:36:14,320 --> 00:36:12,230

therefore do we really need to even

815

00:36:15,850 --> 00:36:14,330

discuss how they got here from thousands

816

00:36:18,070 --> 00:36:15,860

of light-years away when we talk about

817

00:36:21,190 --> 00:36:18,080

interdimensional there's all sorts of

818

00:36:24,040 --> 00:36:21,200

possibilities right right another thing

819

00:36:27,340 --> 00:36:24,050

you do is you do a lot with night vision

820

00:36:29,950 --> 00:36:27,350

and you know things like that so this

821

00:36:32,260 --> 00:36:29,960

question I want to ask you pertains to

822

00:36:35,440 --> 00:36:32,270

this in a roundabout way and I've said a

823

00:36:37,510 --> 00:36:35,450

couple times on the show that we only

824

00:36:41,200 --> 00:36:37,520

see a certain spectrum you know there's

825

00:36:44,410 --> 00:36:41,210

only and we only know so much of what is

826

00:36:46,590 --> 00:36:44,420

actually going around us on around us

827

00:36:50,320 --> 00:36:46,600

and a lot of stuff we just can't

828

00:36:53,320 --> 00:36:50,330

experience or see do you think that some

829

00:36:57,490 --> 00:36:53,330

of this has to do with with that another

830

00:37:00,700 --> 00:36:57,500

spectrum as well or possibility I do and

831

00:37:04,090 --> 00:37:00,710

I think that's that's why we eventually

832

00:37:06,370 --> 00:37:04,100

I think technology will capture you call

833

00:37:07,900 --> 00:37:06,380

it The Smoking Gun but I don't think

834

00:37:10,210 --> 00:37:07,910

technologies can convince people who

835

00:37:12,340 --> 00:37:10,220

don't want to be convinced but I do

836

00:37:14,140 --> 00:37:12,350

think that we're getting to the point

837

00:37:16,120 --> 00:37:14,150

where we're able to start seeing into

838

00:37:17,500 --> 00:37:16,130

what we might call another dimension

839

00:37:19,420 --> 00:37:17,510

because our physical eyes can't see

840

00:37:21,520 --> 00:37:19,430

there yet and so for example night

841

00:37:24,100 --> 00:37:21,530

vision sees a little bit into the

842

00:37:26,200 --> 00:37:24,110

infrared but we also have cameras we use

843

00:37:26,950 --> 00:37:26,210

in ghost hunting that see into the

844

00:37:29,950 --> 00:37:26,960

ultraviolet

845

00:37:32,350 --> 00:37:29,960

there are full-spectrum cameras then we

846

00:37:34,450 --> 00:37:32,360

have the long wave infrared that sees

847

00:37:37,030 --> 00:37:34,460

heat signatures the thermal cameras and

848

00:37:40,210 --> 00:37:37,040

so when I do these sky watches I'm

849

00:37:41,890 --> 00:37:40,220

telling people look you you got your

850

00:37:43,390 --> 00:37:41,900

night vision that's great if you got the

851  
00:37:45,250 --> 00:37:43,400  
money you might want to look into

852  
00:37:48,570 --> 00:37:45,260  
thermal because I have filmed trained

853  
00:37:51,430 --> 00:37:48,580  
Euler objects silent triangle objects

854  
00:37:54,130 --> 00:37:51,440  
out in Utah actually and your skinwalker

855  
00:37:55,630 --> 00:37:54,140  
ranch they didn't show up didn't show up

856  
00:37:59,260 --> 00:37:55,640  
whether I couldn't see them my physical

857  
00:38:00,880 --> 00:37:59,270  
eyes but they're clearly there in the

858  
00:38:04,540 --> 00:38:00,890  
thermal camera so it's picking up a heat

859  
00:38:06,970 --> 00:38:04,550  
signature and so whatever technology is

860  
00:38:09,100 --> 00:38:06,980  
being used to cloak them were able to

861  
00:38:13,630 --> 00:38:09,110  
see with some of these cameras

862  
00:38:16,870 --> 00:38:13,640  
see their signatures well amazing the

863  
00:38:18,940 --> 00:38:16,880

next guests I have coming on is just

864

00:38:21,640 --> 00:38:18,950

before I did a sound check with him and

865

00:38:24,490 --> 00:38:21,650

so he'll be hunting up right after you

866

00:38:26,680 --> 00:38:24,500

but he said he thinks you know a lot of

867

00:38:28,780 --> 00:38:26,690

UFOs are or ninety percent in their

868

00:38:31,420 --> 00:38:28,790

military and I said well I'm gonna argue

869

00:38:33,370 --> 00:38:31,430

with you about that and he says well he

870

00:38:36,160 --> 00:38:33,380

goes I don't do debates but anyway I

871

00:38:37,540 --> 00:38:36,170

said well no we'll discuss it but you

872

00:38:39,820 --> 00:38:37,550

know there's a lot of people that do

873

00:38:42,460 --> 00:38:39,830

speculate that and a lot of people are

874

00:38:44,770 --> 00:38:42,470

saying you know with this tick tack you

875

00:38:47,290 --> 00:38:44,780

know in the Nimitz case there's

876

00:38:49,870 --> 00:38:47,300

speculation that that might be some type

877

00:38:52,150 --> 00:38:49,880

of military or secret government project

878

00:38:55,030 --> 00:38:52,160

or whatever but you know I still think

879

00:38:57,910 --> 00:38:55,040

and I think most people that really

880

00:39:00,610 --> 00:38:57,920

really look into it sort of agree or

881

00:39:03,370 --> 00:39:00,620

that there's just too many things going

882

00:39:05,290 --> 00:39:03,380

on with them to be even advanced

883

00:39:11,830 --> 00:39:05,300

technology you know I mean the things

884

00:39:13,810 --> 00:39:11,840

that they you know defy yeah yeah III

885

00:39:15,100 --> 00:39:13,820

tend to agree with that I mean the

886

00:39:16,840 --> 00:39:15,110

things that I've live in Huntington

887

00:39:20,890 --> 00:39:16,850

Beach California and the object that I

888

00:39:24,370 --> 00:39:20,900

saw fly from the ocean over the high

889

00:39:26,550 --> 00:39:24,380

school running track where I was was

890

00:39:29,140 --> 00:39:26,560

completely silent a thousand feet and

891

00:39:33,190 --> 00:39:29,150

after I recovered from the whole shock

892

00:39:35,380 --> 00:39:33,200

of seeing this thing this triangle that

893

00:39:38,530 --> 00:39:35,390

didn't have any underside it was like

894

00:39:41,380 --> 00:39:38,540

transparent I thought okay well whose is

895

00:39:45,010 --> 00:39:41,390

it and I thought well if you are trying

896

00:39:46,720 --> 00:39:45,020

to keep it a secret if it's ours you

897

00:39:48,910 --> 00:39:46,730

don't fly it over a heavily populated

898

00:39:51,430 --> 00:39:48,920

area unless you're trying to test the

899

00:39:54,130 --> 00:39:51,440

reactions yeah there's a theory about

900

00:39:55,630 --> 00:39:54,140

that yes yeah I've heard right that

901  
00:39:57,130 --> 00:39:55,640  
they're just so bras and now they're

902  
00:39:58,980 --> 00:39:57,140  
like hey we'll do what we want because

903  
00:40:02,980 --> 00:39:58,990  
no one believes it or you know the

904  
00:40:06,130 --> 00:40:02,990  
desensitization theory but I I'm not

905  
00:40:07,750 --> 00:40:06,140  
quite sure because the bottom line I

906  
00:40:11,050 --> 00:40:07,760  
guess probably what Alejandro talked

907  
00:40:13,480 --> 00:40:11,060  
about a lot about Elizondo that to the

908  
00:40:16,360 --> 00:40:13,490  
Stars Academy that shows on everything

909  
00:40:19,200 --> 00:40:16,370  
coming out the bottom line for me what

910  
00:40:22,460 --> 00:40:19,210  
I'm learning from it is more and more I

911  
00:40:25,880 --> 00:40:22,470  
don't think our government has a clue

912  
00:40:27,710 --> 00:40:25,890  
be honest yeah people that a long time

913  
00:40:32,630 --> 00:40:27,720

listeners to the show have heard me say

914

00:40:35,210 --> 00:40:32,640

that many times and I think I totally

915

00:40:37,520 --> 00:40:35,220

agree with you and you know I think

916

00:40:40,220 --> 00:40:37,530

they're just as puzzled as we are but I

917

00:40:42,980 --> 00:40:40,230

do believe that there's enough evidence

918

00:40:45,980 --> 00:40:42,990

out there to show that they've actually

919

00:40:47,930 --> 00:40:45,990

gathered you know say film clips and

920

00:40:50,480 --> 00:40:47,940

things like that you know and kept them

921

00:40:53,540 --> 00:40:50,490

away from the public but I think you

922

00:40:56,030 --> 00:40:53,550

know there's definitely a fear on their

923

00:40:57,680 --> 00:40:56,040

side if they can't you know protect us

924

00:40:59,780 --> 00:40:57,690

from whatever it is or they don't know

925

00:41:01,870 --> 00:40:59,790

what it is to say that you know there's

926  
00:41:04,520 --> 00:41:01,880  
something invading our skies and we

927  
00:41:07,520 --> 00:41:04,530  
don't know what it is they can't say

928  
00:41:09,620 --> 00:41:07,530  
that I mean I don't think that would fly

929  
00:41:11,390 --> 00:41:09,630  
too well so to speak it would it

930  
00:41:16,190 --> 00:41:11,400  
benefits them nothing and if you look at

931  
00:41:18,230 --> 00:41:16,200  
it is a exchange you know of knowledge

932  
00:41:20,839 --> 00:41:18,240  
and power that doesn't benefit them

933  
00:41:22,970 --> 00:41:20,849  
anything to give up their cards to show

934  
00:41:25,520 --> 00:41:22,980  
they have nothing when they are like I

935  
00:41:28,339 --> 00:41:25,530  
wouldn't doubt if we you know maybe back

936  
00:41:30,710 --> 00:41:28,349  
engineered some of it and and we have

937  
00:41:33,470 --> 00:41:30,720  
some maybe workable models perhaps that

938  
00:41:35,270 --> 00:41:33,480

we're starting to fly and experiment

939

00:41:38,990 --> 00:41:35,280

with but I don't think they have a

940

00:41:41,450 --> 00:41:39,000

handle on who is visiting and you know

941

00:41:46,040 --> 00:41:41,460

at will they're just kind of coming and

942

00:41:48,140 --> 00:41:46,050

going so it's it's frustrating because

943

00:41:50,000 --> 00:41:48,150

you would just rather them say okay we

944

00:41:51,920 --> 00:41:50,010

get it you don't understand we already

945

00:41:53,480 --> 00:41:51,930

don't trust the government like we used

946

00:41:54,950 --> 00:41:53,490

to you know just come out and tell us

947

00:41:55,400 --> 00:41:54,960

let's just all get on the same playing

948

00:41:58,460 --> 00:41:55,410

field

949

00:42:01,130 --> 00:41:58,470

maybe maybe by doing that you have some

950

00:42:03,260 --> 00:42:01,140

of the brightest minds out there who you

951  
00:42:05,180 --> 00:42:03,270  
know could could jump in here and we

952  
00:42:07,490 --> 00:42:05,190  
could start gearing our universities and

953  
00:42:09,800 --> 00:42:07,500  
and taking this information that we do

954  
00:42:13,400 --> 00:42:09,810  
have and get everybody working on it I

955  
00:42:14,720 --> 00:42:13,410  
mean I'll really think you're wasting

956  
00:42:16,760 --> 00:42:14,730  
resources there when you

957  
00:42:19,070 --> 00:42:16,770  
compartmentalize things so drastically

958  
00:42:20,780 --> 00:42:19,080  
because you what can't trust people you

959  
00:42:23,720 --> 00:42:20,790  
can't control the technology that comes

960  
00:42:26,599 --> 00:42:23,730  
out of it you know everyone we all live

961  
00:42:30,220 --> 00:42:26,609  
on this planet we are entitled to this

962  
00:42:32,660 --> 00:42:30,230  
information yeah yeah you know I do this

963  
00:42:36,079 --> 00:42:32,670

at the beginning of every show I do an

964

00:42:38,029 --> 00:42:36,089

intro that has people talking over

965

00:42:40,699 --> 00:42:38,039

you know the music and one of them I

966

00:42:43,130 --> 00:42:40,709

think the very last clip in that is you

967

00:42:48,499 --> 00:42:43,140

actually talking about your grandfather

968

00:42:51,380 --> 00:42:48,509

and yeah so for I know you've told this

969

00:42:52,969 --> 00:42:51,390

on this show a few different times but

970

00:42:55,009 --> 00:42:52,979

if you wouldn't mind for the person

971

00:42:56,089 --> 00:42:55,019

that's never heard you talk before can

972

00:42:58,959 --> 00:42:56,099

you tell the story about your

973

00:43:02,779 --> 00:42:58,969

grandfather on your father I love that

974

00:43:04,880 --> 00:43:02,789

so we have about five minutes just to

975

00:43:09,079 --> 00:43:04,890

let you know yeah okay sounds good so I

976

00:43:12,259 --> 00:43:09,089

grew up in in Utah primarily and my

977

00:43:14,809 --> 00:43:12,269

grandfather and my dad's father he

978

00:43:17,689 --> 00:43:14,819

worked at Hill Air Force Base he served

979

00:43:23,089 --> 00:43:17,699

in the Army in World War two and from

980

00:43:28,160 --> 00:43:23,099

about 1950 to 1980 he worked at Hill Air

981

00:43:34,670 --> 00:43:28,170

Force Base as a civilian technician and

982

00:43:37,069 --> 00:43:34,680

engineer and about 1965 he came to my

983

00:43:40,189 --> 00:43:37,079

dad and and told him he said son I have

984

00:43:42,620 --> 00:43:40,199

I've been called to be part of a special

985

00:43:46,370 --> 00:43:42,630

team and they could call me at a

986

00:43:48,979 --> 00:43:46,380

moment's notice and you he's 15 at the

987

00:43:50,900 --> 00:43:48,989

time he 1415 said you're in charge

988

00:43:53,929 --> 00:43:50,910

you know like you got to take care of

989

00:43:55,789 --> 00:43:53,939

mom and your sisters and he says well

990

00:43:57,049 --> 00:43:55,799

where you going it's like well I won't

991

00:44:00,130 --> 00:43:57,059

be able to tell you where I'm going or

992

00:44:03,079 --> 00:44:00,140

when I'm coming back and he says well

993

00:44:06,439 --> 00:44:03,089

okay is it like a nuclear war thing and

994

00:44:09,829 --> 00:44:06,449

they said yeah something like that so

995

00:44:11,709 --> 00:44:09,839

this summer of 1965 was the first time

996

00:44:14,870 --> 00:44:11,719

he got a call they took him the airport

997

00:44:17,449 --> 00:44:14,880

he takes off he comes back a couple

998

00:44:18,890 --> 00:44:17,459

weeks later so this went on and off for

999

00:44:20,870 --> 00:44:18,900

years

1000

00:44:23,059 --> 00:44:20,880

he knows specifically many times he was

1001  
00:44:24,859 --> 00:44:23,069  
called to wright-patterson Air Force so

1002  
00:44:26,329 --> 00:44:24,869  
for those who don't know that's the head

1003  
00:44:28,160 --> 00:44:26,339  
of the foreign technology division in

1004  
00:44:30,469 --> 00:44:28,170  
the Air Force that's where the Roswell

1005  
00:44:35,779 --> 00:44:30,479  
debris we know a lot of it went there it

1006  
00:44:37,699 --> 00:44:35,789  
was head of Project Blue Book and so my

1007  
00:44:39,499 --> 00:44:37,709  
dad didn't really think much of it other

1008  
00:44:41,329 --> 00:44:39,509  
than the fact that he couldn't get a

1009  
00:44:43,489 --> 00:44:41,339  
hold of grandpa and he was working

1010  
00:44:48,729 --> 00:44:43,499  
underground we knew that his specialty

1011  
00:44:49,970 --> 00:44:48,739  
was hanger systems and fast forward to

1012  
00:44:54,800 --> 00:44:49,980  
1994

1013  
00:44:59,300 --> 00:44:54,810

it was 95 he had cancer and it spread to

1014

00:45:02,150 --> 00:44:59,310

his pancreas eventually to his brain and

1015

00:45:03,849 --> 00:45:02,160

in his final weeks and months my dad

1016

00:45:07,160 --> 00:45:03,859

would go to the gym with him a lot and

1017

00:45:08,240 --> 00:45:07,170

would they were watching unsolved

1018

00:45:10,280 --> 00:45:08,250

mysteries they enjoyed doing that

1019

00:45:11,930 --> 00:45:10,290

together and he started questioning

1020

00:45:13,780 --> 00:45:11,940

because this is when Roswell stuff

1021

00:45:16,370 --> 00:45:13,790

started coming out and he said hey Dad

1022

00:45:18,980 --> 00:45:16,380

like you were there do you know this guy

1023

00:45:21,340 --> 00:45:18,990

Philip Corso claims to this all seeing

1024

00:45:23,630 --> 00:45:21,350

this an that do you know about this and

1025

00:45:25,640 --> 00:45:23,640

grandpa would just kind of sit there and

1026

00:45:27,560 --> 00:45:25,650

he would say hmm that's interesting

1027

00:45:30,560 --> 00:45:27,570

and there's some things you'd say oh

1028

00:45:32,750 --> 00:45:30,570

that's completely ridiculous well one

1029

00:45:36,349 --> 00:45:32,760

day they're at the gym and he says dad I

1030

00:45:38,120 --> 00:45:36,359

have to know he's like I know you're

1031

00:45:40,340 --> 00:45:38,130

getting on in years I don't how I'm

1032

00:45:43,000 --> 00:45:40,350

gonna be here Ben and I really are into

1033

00:45:45,859 --> 00:45:43,010

this subject I need to know are we alone

1034

00:45:48,440 --> 00:45:45,869

he got up out of the gym and he looked

1035

00:45:49,580 --> 00:45:48,450

at me said it's time to leave he stormed

1036

00:45:54,950 --> 00:45:49,590

off how much time we got like two

1037

00:45:58,340 --> 00:45:54,960

minutes one minute and he walked walked

1038

00:46:00,170 --> 00:45:58,350

away and he knew that he had hit a

1039

00:46:01,940 --> 00:46:00,180

subject that he didn't want to talk

1040

00:46:04,990 --> 00:46:01,950

about and so it wasn't brought up again

1041

00:46:07,190 --> 00:46:05,000

really until he was on his deathbed and

1042

00:46:09,950 --> 00:46:07,200

he's there in hospital and I was

1043

00:46:12,560 --> 00:46:09,960

supposed to go meet him there and I was

1044

00:46:14,870 --> 00:46:12,570

I was on a date and when I got down my

1045

00:46:16,910 --> 00:46:14,880

date I called him up and he said grandpa

1046

00:46:20,060 --> 00:46:16,920

your your grandpa passed away already

1047

00:46:22,700 --> 00:46:20,070

and I was really sad that I wasn't there

1048

00:46:26,840 --> 00:46:22,710

but years later he said the final

1049

00:46:28,849 --> 00:46:26,850

moments he was holding my hand and he

1050

00:46:31,520 --> 00:46:28,859

turned to me and he said son I know what

1051  
00:46:33,830 --> 00:46:31,530  
you've been asking me and he said I want

1052  
00:46:36,859 --> 00:46:33,840  
you to know not to be afraid but we're

1053  
00:46:38,630 --> 00:46:36,869  
not alone and he knew he wasn't talking

1054  
00:46:41,840 --> 00:46:38,640  
about ghosts he wasn't talking about the

1055  
00:46:45,080 --> 00:46:41,850  
afterlife he said take care of your

1056  
00:46:47,540 --> 00:46:45,090  
mother it's gonna be okay you know and

1057  
00:46:49,580 --> 00:46:47,550  
so we kind of been on this journey

1058  
00:46:51,950 --> 00:46:49,590  
because we wanted to know what grandpa

1059  
00:46:55,609 --> 00:46:51,960  
knew and did he leave us clues and what

1060  
00:46:58,280 --> 00:46:55,619  
did he see you know whatever work he was

1061  
00:47:00,230 --> 00:46:58,290  
involved with Wow so I love that you

1062  
00:47:02,480 --> 00:47:00,240  
know I've heard the story a number of

1063  
00:47:04,010 --> 00:47:02,490

times I love hearing it every time it's

1064

00:47:06,980 --> 00:47:04,020

a great it's a great one

1065

00:47:10,880 --> 00:47:06,990

I believe didn't you say that during the

1066

00:47:14,030 --> 00:47:10,890

Kecksburg he may have been gone - yeah

1067

00:47:16,010 --> 00:47:14,040

we actually I believe was August I don't

1068

00:47:19,760 --> 00:47:16,020

know his December Kecksburg is December

1069

00:47:23,150 --> 00:47:19,770

of I want to say a 65 I'm bad anyways we

1070

00:47:25,609 --> 00:47:23,160

traced it to that exact weekend yeah he

1071

00:47:28,070 --> 00:47:25,619

went disappearing how about that yeah

1072

00:47:29,480 --> 00:47:28,080

and we know that expert debris there

1073

00:47:30,920 --> 00:47:29,490

were witnesses that said they brought it

1074

00:47:34,040 --> 00:47:30,930

to wright-patterson through the back

1075

00:47:35,600 --> 00:47:34,050

gate and suddenly grandpa the next you

1076

00:47:38,840 --> 00:47:35,610

know day he's got a call he's got to

1077

00:47:41,930 --> 00:47:38,850

leave to wright-patterson ya know yeah

1078

00:47:44,840 --> 00:47:41,940

great stuff alright then so we're we're

1079

00:47:47,180 --> 00:47:44,850

1080

my guest right here with me now is

1101

00:48:41,150 --> 00:48:39,200

Walter Bosley welcome to the show Walter

1102

00:48:42,980 --> 00:48:41,160

thanks for having me on Martin I'm

1103

00:48:47,230 --> 00:48:42,990

looking forward to our talk yes and

1104

00:48:49,280 --> 00:48:47,240

you're in Southern California and it's

1105

00:48:51,590 --> 00:48:49,290

probably pretty hot out there right now

1106

00:48:53,480 --> 00:48:51,600

you had a well you had a little shake

1107

00:48:56,270 --> 00:48:53,490

shake going on there a couple days ago

1108

00:48:57,440 --> 00:48:56,280

right yeah which is characteristic of

1109

00:49:00,349 --> 00:48:57,450

this kind of weather

1110

00:49:03,170 --> 00:49:00,359

when traditionally when we have long

1111

00:49:05,570 --> 00:49:03,180

stretches of dry hot weather we get into

1112

00:49:07,700 --> 00:49:05,580

earthquakes but we haven't had the

1113

00:49:09,710 --> 00:49:07,710

because we've had pretty much a cool wet

1114

00:49:12,109 --> 00:49:09,720

year ethey through most of this year

1115

00:49:14,810 --> 00:49:12,119

until we hit the summer and the heat has

1116

00:49:16,940 --> 00:49:14,820

come back engine stand brought that the

1117

00:49:18,440 --> 00:49:16,950

earthquakes so yeah it's it's kind of a

1118

00:49:21,170 --> 00:49:18,450

scorcher outside today

1119

00:49:22,970 --> 00:49:21,180

yeah yeah the one thing I think is it

1120

00:49:24,740 --> 00:49:22,980

seems like it's getting worse out there

1121

00:49:28,130 --> 00:49:24,750

you know I might be totally wrong about

1122

00:49:31,220 --> 00:49:28,140

it is of the fires that are happening

1123

00:49:33,980 --> 00:49:31,230

out there just terrible and it you know

1124

00:49:36,740 --> 00:49:33,990

I mean it just seems like it gets worse

1125

00:49:39,770 --> 00:49:36,750

every year maybe I'm wrong right well

1126

00:49:42,160 --> 00:49:39,780

yeah when when we do get hit with the

1127

00:49:44,990 --> 00:49:42,170

fires they seem to be a particularly

1128

00:49:47,630 --> 00:49:45,000

breed of nasty about them and that's

1129

00:49:49,520 --> 00:49:47,640

because we had droughts we had these

1130

00:49:52,720 --> 00:49:49,530

spells of drought that's right long that

1131

00:49:55,670 --> 00:49:52,730

there was so much dry but then you know

1132

00:49:57,500 --> 00:49:55,680

the fireworks for instance private

1133

00:49:59,230 --> 00:49:57,510

fireworks are illegal in my community

1134

00:50:01,250 --> 00:49:59,240

because of this and there's a lot of

1135

00:50:02,690 --> 00:50:01,260

communities in Southern California where

1136

00:50:05,240 --> 00:50:02,700

they're illegal and you know

1137

00:50:07,309 --> 00:50:05,250

unfortunately you get those usually

1138

00:50:09,050 --> 00:50:07,319

those young dads who want to show up to

1139

00:50:10,460 --> 00:50:09,060

the kids and yeah they are popping those

1140

00:50:12,109 --> 00:50:10,470

things off and everybody just kind of

1141

00:50:14,390 --> 00:50:12,119

holds their fingers you know crosses

1142

00:50:17,359 --> 00:50:14,400

their fingers that it won't start a fire

1143

00:50:17,630 --> 00:50:17,369

mm-hmm so yeah it is it is dangerous out

1144

00:50:20,750 --> 00:50:17,640

here

1145

00:50:22,370 --> 00:50:20,760

yeah yeah I was I was in Northern

1146

00:50:25,220 --> 00:50:22,380

California I told you I've lived there

1147

00:50:27,230 --> 00:50:25,230

for nine years and it was very dry very

1148

00:50:29,120 --> 00:50:27,240

dry summer and we had the most unusual

1149

00:50:30,559 --> 00:50:29,130

thing and never happens all of a sudden

1150

00:50:31,970 --> 00:50:30,569

there was a thunderstorm that never

1151

00:50:34,190 --> 00:50:31,980

happens there in the middle of the

1152

00:50:36,079 --> 00:50:34,200

summer and I actually physically washed

1153

00:50:38,599 --> 00:50:36,089

a lightning bolt go down and hit the

1154

00:50:41,030 --> 00:50:38,609

hill and a fire you could see the fire

1155

00:50:42,530 --> 00:50:41,040

start immediately Wow just right in

1156

00:50:46,490 --> 00:50:42,540

front of my eyes it was really amazing

1157

00:50:50,059 --> 00:50:46,500

that gives your attention yeah so for

1158

00:50:51,890 --> 00:50:50,069

the person who has never heard of you

1159

00:50:54,020 --> 00:50:51,900

seen you before I know you're you've got

1160

00:50:56,329 --> 00:50:54,030

a lot going on you wrote a book too we

1161

00:50:57,890 --> 00:50:56,339

can talk about that but please give us

1162

00:51:00,309 --> 00:50:57,900

your background and what gets you

1163

00:51:04,390 --> 00:51:00,319

interested in this sort of off topic as

1164

00:51:06,950 --> 00:51:04,400

some people might call it well I grew up

1165

00:51:11,120 --> 00:51:06,960

interested in these weird things

1166

00:51:14,180 --> 00:51:11,130

of course UFOs were among the first

1167

00:51:16,370 --> 00:51:14,190

Early's interests from the time I was a

1168

00:51:18,829 --> 00:51:16,380

kid you know found it fascinating and

1169

00:51:21,050 --> 00:51:18,839

along with you know spooky stories of

1170

00:51:22,819 --> 00:51:21,060

the paranormal and such like that grew

1171

00:51:28,030 --> 00:51:22,829

up a big fan of horror films my dad

1172

00:51:30,500 --> 00:51:28,040

raised me on those things and you know

1173

00:51:31,910 --> 00:51:30,510

started having everybody has their weird

1174

00:51:34,700 --> 00:51:31,920

experiences mine

1175

00:51:39,589 --> 00:51:34,710

really kicked in at around 16 years old

1176

00:51:44,000 --> 00:51:39,599

and I started my professional career in

1177

00:51:46,309 --> 00:51:44,010

the late 80s with the FBI and even with

1178

00:51:48,200 --> 00:51:46,319

my weird interests I made it through the

1179

00:51:49,609 --> 00:51:48,210

background and got hired well I learned

1180

00:51:51,260 --> 00:51:49,619

that there's a lot of other people with

1181

00:51:53,559 --> 00:51:51,270

the same weird interest in national

1182

00:51:56,900 --> 00:51:53,569

security so I was with the FBI as a

1183

00:51:59,990 --> 00:51:56,910

counterintelligence operative for a few

1184

00:52:02,030 --> 00:52:00,000

years almost 6 and then I earned my

1185

00:52:04,160 --> 00:52:02,040

Commission in the Air Force and spent

1186

00:52:07,370 --> 00:52:04,170

all my active-duty time as a special

1187

00:52:09,910 --> 00:52:07,380

agent of the Air Force OSI for about six

1188

00:52:14,329 --> 00:52:09,920

years and then after that I went into

1189

00:52:18,680 --> 00:52:14,339

counterterrorism stuff working globally

1190

00:52:22,430 --> 00:52:18,690

all around the world and through all of

1191

00:52:24,530 --> 00:52:22,440

this I still maintain my interests and

1192

00:52:26,839 --> 00:52:24,540

you know did my personal study and

1193

00:52:28,760 --> 00:52:26,849

research on on weird things and after

1194

00:52:30,530 --> 00:52:28,770

leaving counterterrorism I had started a

1195

00:52:31,819 --> 00:52:30,540

publishing company a few years before

1196

00:52:33,950 --> 00:52:31,829

that but after leaving the

1197

00:52:36,650 --> 00:52:33,960

counterterrorism work I devoted myself

1198

00:52:38,680 --> 00:52:36,660

to writing and I just earlier this year

1199

00:52:43,069 --> 00:52:38,690

finished and published my tenth

1200

00:52:45,500 --> 00:52:43,079

nonfiction book Wow so and yeah they

1201  
00:52:48,200 --> 00:52:45,510  
cover a gamut of things from kind of

1202  
00:52:52,250 --> 00:52:48,210  
alternative archaeology to occult murder

1203  
00:52:53,780 --> 00:52:52,260  
and the esoteric engineering of

1204  
00:52:56,660 --> 00:52:53,790  
Disneyland which was my first

1205  
00:52:58,250 --> 00:52:56,670  
non-fiction book and a book about my

1206  
00:53:01,640 --> 00:52:58,260  
dad's weird experiences in the Air Force

1207  
00:53:04,039 --> 00:53:01,650  
and secret space program breakaway

1208  
00:53:08,150 --> 00:53:04,049  
civilization stuff so they you know kind

1209  
00:53:10,190 --> 00:53:08,160  
of a an interesting gamut of subjects

1210  
00:53:12,260 --> 00:53:10,200  
that actually have threads that tie them

1211  
00:53:14,210 --> 00:53:12,270  
together in many ways Wow wow that's

1212  
00:53:16,430 --> 00:53:14,220  
interesting I do want to ask you more

1213  
00:53:18,260 --> 00:53:16,440

about your dad's Air Force experience in

1214

00:53:19,880 --> 00:53:18,270

a minute but I think this is kind of

1215

00:53:22,280 --> 00:53:19,890

ironic because I didn't know about your

1216

00:53:25,660 --> 00:53:22,290

FBI experience and you're the second

1217

00:53:27,950 --> 00:53:25,670

guest tonight that is former FBI and

1218

00:53:31,880 --> 00:53:27,960

Southern California Ben Hanson as well

1219

00:53:33,950 --> 00:53:31,890

so yeah that is ironic and and pretty

1220

00:53:35,480 --> 00:53:33,960

amazing so along those lines you know

1221

00:53:38,960 --> 00:53:35,490

I've talked to Ben many times about this

1222

00:53:41,660 --> 00:53:38,970

that you know the background his FBI

1223

00:53:44,560 --> 00:53:41,670

background really you know gives him an

1224

00:53:46,750 --> 00:53:44,570

edge and actually you know

1225

00:53:50,680 --> 00:53:46,760

you sounds like you agree already oh

1226  
00:53:53,080 --> 00:53:50,690  
absolutely because now I recall Ben's a

1227  
00:53:56,260 --> 00:53:53,090  
former agent right he was the yeah one

1228  
00:54:00,850 --> 00:53:56,270  
of the specialists on was it UFO Hunters

1229  
00:54:03,430 --> 00:54:00,860  
oh yes he was on he was on fact and fact

1230  
00:54:05,260 --> 00:54:03,440  
or faked yes that's what it was yeah

1231  
00:54:07,270 --> 00:54:05,270  
perfect I remember I remember he was on

1232  
00:54:08,860 --> 00:54:07,280  
there and absolutely you know his

1233  
00:54:10,450 --> 00:54:08,870  
experience as an agent there my

1234  
00:54:13,120 --> 00:54:10,460  
experience as an agent you know that I

1235  
00:54:17,020 --> 00:54:13,130  
had you know you learned the basics of

1236  
00:54:19,330 --> 00:54:17,030  
real practical real-world investigating

1237  
00:54:23,230 --> 00:54:19,340  
you know investigations and you can

1238  
00:54:26,170 --> 00:54:23,240

apply that again these subjects very

1239

00:54:28,930 --> 00:54:26,180

well yeah I think so yeah definitely

1240

00:54:32,620 --> 00:54:28,940

it's a it's a good skill right right one

1241

00:54:34,990 --> 00:54:32,630

of his skills was actually watching body

1242

00:54:37,120 --> 00:54:35,000

language and you know trying to you know

1243

00:54:38,680 --> 00:54:37,130

during interviews to see if people are

1244

00:54:40,600 --> 00:54:38,690

telling the truth and he's done a lot of

1245

00:54:42,700 --> 00:54:40,610

a video analysis of that that's pretty

1246

00:54:44,350 --> 00:54:42,710

fascinating especially when it comes to

1247

00:54:46,840 --> 00:54:44,360

former presidents he's done a few of

1248

00:54:49,420 --> 00:54:46,850

those too oh yeah yeah absolutely that's

1249

00:54:50,950 --> 00:54:49,430

that's interesting to see that analysis

1250

00:54:53,650 --> 00:54:50,960

when they're talking about that's that's

1251

00:54:56,650 --> 00:54:53,660

right yeah he told me he spent 40 hours

1252

00:55:00,310 --> 00:54:56,660

on I think it was an eight-minute clip

1253

00:55:02,560 --> 00:55:00,320

of Obama on Jimmy Kimmel when it came to

1254

00:55:06,760 --> 00:55:02,570

close he spent that much time trying to

1255

00:55:09,760 --> 00:55:06,770

analyze that which is fascinating so you

1256

00:55:12,390 --> 00:55:09,770

you said you had your experience at 16

1257

00:55:17,310 --> 00:55:12,400

can you go into that what what happened

1258

00:55:22,660 --> 00:55:17,320

well that was that was in the realm of a

1259

00:55:26,860 --> 00:55:22,670

personal illumination awakening kind of

1260

00:55:32,370 --> 00:55:26,870

thing hmm I simply woke up one Sunday

1261

00:55:39,970 --> 00:55:35,410

looked at my hands and my thought was

1262

00:55:41,680 --> 00:55:39,980

these are not my hands um you know I'm

1263

00:55:42,100 --> 00:55:41,690

looking around out now I want to know

1264

00:55:44,620 --> 00:55:42,110

something

1265

00:55:46,420 --> 00:55:44,630

I'm the quintessential nerd okay I'm

1266

00:55:48,580 --> 00:55:46,430

probably one of four people you know

1267

00:55:52,540 --> 00:55:48,590

who's never even taken a puff of weed

1268

00:55:54,910 --> 00:55:52,550

all right much less any recreational

1269

00:55:57,160 --> 00:55:54,920

drug so no I was not you know a

1270

00:55:58,089 --> 00:55:57,170

recreational drug user I was I was quite

1271

00:56:00,190 --> 00:55:58,099

the nerd that

1272

00:56:02,380 --> 00:56:00,200

or whatever you know yeah and so that

1273

00:56:04,089 --> 00:56:02,390

was not in the equation here this was

1274

00:56:08,499 --> 00:56:04,099

all an organic thing coming from the

1275

00:56:13,359 --> 00:56:08,509

psyche and that opened up a period in my

1276

00:56:16,539 --> 00:56:13,369

life where all manner of things kind of

1277

00:56:20,559 --> 00:56:16,549

came to the forefront and were I noticed

1278

00:56:24,670 --> 00:56:20,569

things more intensely be it what I would

1279

00:56:28,359 --> 00:56:24,680

later learn were synchronicities - you

1280

00:56:31,660 --> 00:56:28,369

know sensing presences just kind of a

1281

00:56:35,859 --> 00:56:31,670

grab bag of weird psychic things and

1282

00:56:39,640 --> 00:56:35,869

experiences which I did not begin to

1283

00:56:43,089 --> 00:56:39,650

understand really until my mentor

1284

00:56:45,670 --> 00:56:43,099

started working with me and I found out

1285

00:56:47,979 --> 00:56:45,680

that he was you know kind of learned in

1286

00:56:50,650 --> 00:56:47,989

these things and he you know would talk

1287

00:56:53,739 --> 00:56:50,660

with me about them and just kind of help

1288

00:56:56,609 --> 00:56:53,749

me develop my understanding so he

1289

00:57:01,870 --> 00:56:56,619

basically had an open mind as what I'm

1290

00:57:05,529 --> 00:57:01,880

he let me yes no no no he mentor yes oh

1291

00:57:09,039 --> 00:57:05,539

yes my mentor my mentor was the first

1292

00:57:13,630 --> 00:57:09,049

person to tell me about what we now know

1293

00:57:15,579 --> 00:57:13,640

as remote viewing in 1986 hmm and he

1294

00:57:18,279 --> 00:57:15,589

took me outside one day we had to go out

1295

00:57:20,469 --> 00:57:18,289

to his van to get something that there's

1296

00:57:22,209 --> 00:57:20,479

some file that he needed out of it he's

1297

00:57:24,370 --> 00:57:22,219

an uncle of mine he's mine one of my

1298

00:57:25,509 --> 00:57:24,380

mom's older brothers so we walk outside

1299

00:57:28,209 --> 00:57:25,519

and we're standing there on the sidewalk

1300

00:57:29,410 --> 00:57:28,219

and he points up to a hill the foothills

1301  
00:57:32,289 --> 00:57:29,420  
here the San Marino mountains and he

1302  
00:57:34,390 --> 00:57:32,299  
says see that hill up there one of these

1303  
00:57:37,569 --> 00:57:34,400  
days you'll be taught you'll be trained

1304  
00:57:39,910 --> 00:57:37,579  
how to be standing down here on the

1305  
00:57:42,309 --> 00:57:39,920  
street and throw your mind your

1306  
00:57:45,519 --> 00:57:42,319  
consciousness up on top of that hill and

1307  
00:57:48,130 --> 00:57:45,529  
tell your team what's up there real time

1308  
00:57:50,140 --> 00:57:48,140  
as you see it you know and you know it's

1309  
00:57:52,839 --> 00:57:50,150  
1986 I'm a young guy right out of

1310  
00:57:54,910 --> 00:57:52,849  
college and this is this is some really

1311  
00:57:57,579 --> 00:57:54,920  
wild stuff and I'm just a rapt audience

1312  
00:58:00,339 --> 00:57:57,589  
yeah listen to this thinking wow that's

1313  
00:58:02,259 --> 00:58:00,349

pretty cool and ten years later you know

1314

00:58:04,450 --> 00:58:02,269

by then I was in the Air Force I was an

1315

00:58:06,339 --> 00:58:04,460

agent and I was deployed to Saudi Arabia

1316

00:58:08,920 --> 00:58:06,349

and I'm looking at one of the first

1317

00:58:11,380 --> 00:58:08,930

books about remote viewing huh and I'm

1318

00:58:12,070 --> 00:58:11,390

looking at this and I'm thinking this is

1319

00:58:15,220 --> 00:58:12,080

the stuff he

1320

00:58:17,110 --> 00:58:15,230

told me about ten years ago and to tell

1321

00:58:19,810 --> 00:58:17,120

the rest of the story

1322

00:58:23,080 --> 00:58:19,820

he retired in the late 90s around 99

1323

00:58:25,420 --> 00:58:23,090

2000 with 44 years in the intelligence

1324

00:58:26,350 --> 00:58:25,430

community he had started out in Army

1325

00:58:28,060 --> 00:58:26,360

Special Forces

1326

00:58:30,730 --> 00:58:28,070

he was hundred and first Airborne than

1327

00:58:33,820 --> 00:58:30,740

Special Forces and then was brought into

1328

00:58:37,530 --> 00:58:33,830

the intelligence world and he was my

1329

00:58:40,150 --> 00:58:37,540

professional mentor as well as my

1330

00:58:42,640 --> 00:58:40,160

esoteric spiritual mentor he's the one

1331

00:58:44,950 --> 00:58:42,650

that kind of guided me on my national

1332

00:58:46,420 --> 00:58:44,960

security career and opened doors for me

1333

00:58:48,850 --> 00:58:46,430

and stuff like that so it's an

1334

00:58:52,750 --> 00:58:48,860

interesting combination that Wow yeah

1335

00:58:55,630 --> 00:58:52,760

yeah that's amazing and was he pretty

1336

00:58:57,850 --> 00:58:55,640

did he pretty much share with you a lot

1337

00:59:01,960 --> 00:58:57,860

of things that he discovered along the

1338

00:59:04,900 --> 00:59:01,970

way you know when he talked about remote

1339

00:59:08,830 --> 00:59:04,910

viewing was he actually in that program

1340

00:59:10,810 --> 00:59:08,840

or just knew about it well I as the

1341

00:59:13,210 --> 00:59:10,820

years progressed and I got into my own

1342

00:59:14,950 --> 00:59:13,220

career and you know positions you

1343

00:59:19,330 --> 00:59:14,960

acquired security clearances and stuff

1344

00:59:22,530 --> 00:59:19,340

and I got my own I learned that the

1345

00:59:28,870 --> 00:59:22,540

capacity in which he worked would have

1346

00:59:31,150 --> 00:59:28,880

put him in AI what's the word kind of

1347

00:59:35,050 --> 00:59:31,160

the sphere of awareness of that program

1348

00:59:38,620 --> 00:59:35,060

going on because they would have used

1349

00:59:39,970 --> 00:59:38,630

the remote viewing unit they would have

1350

00:59:41,650 --> 00:59:39,980

been a customer of the remote viewing

1351

00:59:43,270 --> 00:59:41,660

unit as it were right they would have

1352

00:59:45,400 --> 00:59:43,280

gone to these guys and said hey we need

1353

00:59:48,610 --> 00:59:45,410

to know this we need to know that so

1354

00:59:52,810 --> 00:59:48,620

yeah he would've he would have known

1355

00:59:54,510 --> 00:59:52,820

about it wow that's amazing yeah and you

1356

00:59:58,060 --> 00:59:54,520

know for all those different programs

1357

00:59:59,650 --> 00:59:58,070

there was there was all different types

1358

01:00:03,550 --> 00:59:59,660

of things they were exploring you know

1359

01:00:07,420 --> 01:00:03,560

in that whole realm and I know one of

1360

01:00:11,140 --> 01:00:07,430

them was actually I think drugs LSD -

1361

01:00:13,830 --> 01:00:11,150

was that involved in that whole well I

1362

01:00:17,410 --> 01:00:13,840

know that drugs you know there's

1363

01:00:19,330 --> 01:00:17,420

psychotronic psychotropic drugs and LSD

1364

01:00:21,790 --> 01:00:19,340

and such Lucinda genex were used in

1365

01:00:23,830 --> 01:00:21,800

MKULTRA oh that's what I'm making yeah

1366

01:00:25,960 --> 01:00:23,840

yeah yeah I don't think they were used

1367

01:00:30,819 --> 01:00:25,970

in remote viewing I'm sure somebody out

1368

01:00:32,470 --> 01:00:30,829

they're as combined yeah yeah no I I

1369

01:00:33,670 --> 01:00:32,480

wasn't thinking about combining I was

1370

01:00:36,640 --> 01:00:33,680

just thinking about all the different

1371

01:00:39,040 --> 01:00:36,650

things they were involved in you know

1372

01:00:41,890 --> 01:00:39,050

that is just hard to believe that they

1373

01:00:45,400 --> 01:00:41,900

were experimenting in so many so many

1374

01:00:47,680 --> 01:00:45,410

different things so as as far as the

1375

01:00:50,920 --> 01:00:47,690

UFOs go have you it personally ever had

1376

01:00:52,559 --> 01:00:50,930

a sighting yourself mm-hmm in December

1377

01:00:59,170 --> 01:00:52,569

of 2014

1378

01:01:01,569 --> 01:00:59,180

well let's hear logically oh my one of

1379

01:01:04,150 --> 01:01:01,579

my kids lives here at the house and her

1380

01:01:06,250 --> 01:01:04,160

boyfriend lives with us four days of the

1381

01:01:10,300 --> 01:01:06,260

week he's a he's a chef he manages a

1382

01:01:13,030 --> 01:01:10,310

restaurant out in another town so he

1383

01:01:16,150 --> 01:01:13,040

comes in half the week and he was coming

1384

01:01:17,770 --> 01:01:16,160

in late at night from work and came to

1385

01:01:19,210 --> 01:01:17,780

the house he said Walter come in come

1386

01:01:22,960 --> 01:01:19,220

out here and look at this thing over the

1387

01:01:24,220 --> 01:01:22,970

house so you know I he's into UFOs and

1388

01:01:25,270 --> 01:01:24,230

I'm thinking okay I'm gonna go out there

1389

01:01:28,089 --> 01:01:25,280

I'm gonna see you know a little

1390

01:01:31,089 --> 01:01:28,099

satellite flipping way up high so I come

1391

01:01:35,380 --> 01:01:31,099

out turn and I look up and my jaw drops

1392

01:01:37,150 --> 01:01:35,390

and my oh I I can't say what I said but

1393

01:01:40,359 --> 01:01:37,160

it's like all the man

1394

01:01:43,270 --> 01:01:40,369

so I ran I said you stay here I ran in

1395

01:01:44,849 --> 01:01:43,280

the house got my camera came out with

1396

01:01:48,790 --> 01:01:44,859

the camera the thing was still there and

1397

01:01:55,120 --> 01:01:48,800

I started filming it now what we saw was

1398

01:01:56,770 --> 01:01:55,130

maybe 70 feet above the house it was

1399

01:02:00,760 --> 01:01:56,780

kind of in an area where it was between

1400

01:02:02,740 --> 01:02:00,770

my house and my neighbor's house and the

1401

01:02:05,530 --> 01:02:02,750

the night was interesting it was one of

1402

01:02:08,349 --> 01:02:05,540

those kind of low overcast nights where

1403

01:02:10,329 --> 01:02:08,359

you were clear up to the the low ceiling

1404

01:02:12,730 --> 01:02:10,339

of the autumn of the clouds there the

1405

01:02:14,920 --> 01:02:12,740

mist and this thing was a boat was a

1406

01:02:16,780 --> 01:02:14,930

below that so that was probably about

1407

01:02:18,819 --> 01:02:16,790

maybe 90 feet

1408

01:02:20,470 --> 01:02:18,829

you know the ceiling of that this thing

1409

01:02:22,120 --> 01:02:20,480

was below that and it was just staying

1410

01:02:27,490 --> 01:02:22,130

in one place okay

1411

01:02:31,930 --> 01:02:27,500

and there was a rotating luminescence

1412

01:02:37,960 --> 01:02:31,940

inside okay some source of dynamic light

1413

01:02:39,820 --> 01:02:37,970

that was rotating the light provided the

1414

01:02:41,530 --> 01:02:39,830

shape the visible shape

1415

01:02:44,140 --> 01:02:41,540

and that was something it was flat

1416

01:02:46,120 --> 01:02:44,150

bottom underneath the where you could

1417

01:02:49,510 --> 01:02:46,130

see the illumination coming up and a

1418

01:02:52,660 --> 01:02:49,520

dome shape covering like like almost

1419

01:02:55,270 --> 01:02:52,670

there was a half dome or half spherical

1420

01:02:57,400 --> 01:02:55,280

kind of cover right clear cover or

1421

01:03:01,840 --> 01:02:57,410

whatever over whatever this luminescence

1422

01:03:03,700 --> 01:03:01,850

was and it stayed there long enough for

1423

01:03:06,850 --> 01:03:03,710

me to get a couple of seconds on the

1424

01:03:10,390 --> 01:03:06,860

camera trigger there and then it started

1425

01:03:13,600 --> 01:03:10,400

moving not erratically not like it was

1426

01:03:16,450 --> 01:03:13,610

the wind carrying it but very smoothly

1427

01:03:18,880 --> 01:03:16,460

very lateral like that like it was under

1428

01:03:22,150 --> 01:03:18,890

some type of control and it moved slowly

1429

01:03:27,790 --> 01:03:22,160

and then it started dumping over the

1430

01:03:30,610 --> 01:03:27,800

side this molten substance really it was

1431

01:03:32,980 --> 01:03:30,620

just almost yea white-hot just burning

1432

01:03:36,400 --> 01:03:32,990

white hot and it you know it did a

1433

01:03:38,230 --> 01:03:36,410

couple of heavy dumps of this stuff you

1434

01:03:40,540 --> 01:03:38,240

know a couple of lighter dips and then

1435

01:03:42,910 --> 01:03:40,550

it you know continued moving and then it

1436

01:03:45,790 --> 01:03:42,920

eventually kind of got lost in the

1437

01:03:48,820 --> 01:03:45,800

overcast and disappeared into the the

1438

01:03:52,450 --> 01:03:48,830

mist and the fog and he told me that

1439

01:03:54,280 --> 01:03:52,460

when he was driving from the freeway the

1440

01:03:58,750 --> 01:03:54,290

freeway exit to our house is almost

1441

01:04:00,250 --> 01:03:58,760

exactly a mile and he he got off the

1442

01:04:02,530 --> 01:04:00,260

freeway and as he was on the road

1443

01:04:04,600 --> 01:04:02,540

heading you know the remaining probably

1444

01:04:07,090 --> 01:04:04,610

three-quarters of a mile to the house he

1445

01:04:11,710 --> 01:04:07,100

saw this thing moving essentially from

1446

01:04:16,150 --> 01:04:11,720

the northwest of our location in a south

1447

01:04:17,950 --> 01:04:16,160

eastern trajectory and it was ahead of

1448

01:04:21,220 --> 01:04:17,960

him as he was getting the house and then

1449

01:04:22,600 --> 01:04:21,230

he saw it stop above the house and he

1450

01:04:23,980 --> 01:04:22,610

thought wow that looks like it's right

1451

01:04:25,780 --> 01:04:23,990

over our street and as he got close to

1452

01:04:27,070 --> 01:04:25,790

the house he realized holy smokes these

1453

01:04:29,140 --> 01:04:27,080

things you know right there over the

1454

01:04:31,960 --> 01:04:29,150

house and that's when he came in to get

1455

01:04:33,460 --> 01:04:31,970

me Wow and you know you know the rest of

1456

01:04:38,830 --> 01:04:33,470

the story now what's really interesting

1457

01:04:42,100 --> 01:04:38,840

is the video and the still images all

1458

01:04:44,260 --> 01:04:42,110

you see is a little is a light and when

1459

01:04:46,000 --> 01:04:44,270

you see it dumping the stuff and it's

1460

01:04:48,310 --> 01:04:46,010

just like you know just you know little

1461

01:04:50,610 --> 01:04:48,320

little it's like lights that you can't

1462

01:04:53,560 --> 01:04:50,620

quite get in focus yeah and of course

1463

01:04:55,570 --> 01:04:53,570

you know leave it to the cameras

1464

01:05:00,820 --> 01:04:55,580

these days it looks farther away than it

1465

01:05:02,980 --> 01:05:00,830

was er I and we both I said okay you

1466

01:05:04,330 --> 01:05:02,990

know describe this thing to me what are

1467

01:05:05,680 --> 01:05:04,340

you seeing before I say anything because

1468

01:05:07,150 --> 01:05:05,690

I want to make sure he was seeing the

1469

01:05:09,910 --> 01:05:07,160

same thing I was seeing because there's

1470

01:05:11,230 --> 01:05:09,920

been instances of you know two people

1471

01:05:13,800 --> 01:05:11,240

can look at something and maybe they're

1472

01:05:15,910 --> 01:05:13,810

seeing different things and the bit with

1473

01:05:18,160 --> 01:05:15,920

you know what it looks like in the

1474

01:05:21,760 --> 01:05:18,170

stills and in the film doesn't look like

1475

01:05:23,860 --> 01:05:21,770

what we saw with all the detail so that

1476

01:05:28,930 --> 01:05:23,870

was you know it was about 11:30 at night

1477

01:05:32,890 --> 01:05:28,940

and you know that's it that I didn't

1478

01:05:35,260 --> 01:05:32,900

talk about it for my gosh three years I

1479

01:05:38,790 --> 01:05:35,270

didn't talk about it with billing

1480

01:05:41,470 --> 01:05:38,800

anybody except close friends yeah and

1481

01:05:45,420 --> 01:05:41,480

there is that's a good one

1482

01:05:49,030 --> 01:05:45,430

also you you're probably aware of

1483

01:05:51,370 --> 01:05:49,040

Charles halts you know talking about

1484

01:05:54,070 --> 01:05:51,380

that in the Rendlesham forest about that

1485

01:05:55,960 --> 01:05:54,080

I shaped you know look like an eyeball

1486

01:05:57,460 --> 01:05:55,970

sort of bouncing through the woods

1487

01:06:01,600 --> 01:05:57,470

between the trees and then it started

1488

01:06:03,340 --> 01:06:01,610

dripping the molten liquid from it which

1489

01:06:05,530 --> 01:06:03,350

is really fascinating and I asked some

1490

01:06:06,940 --> 01:06:05,540

you know did he actually try to find any

1491

01:06:08,290 --> 01:06:06,950

of that and they did they tried to find

1492

01:06:10,810 --> 01:06:08,300

it but they couldn't find anything

1493

01:06:16,620 --> 01:06:10,820

how about what I found yeah what I found

1494

01:06:20,350 --> 01:06:16,630

the next day was a like a charcoal II

1495

01:06:21,910 --> 01:06:20,360

substance that was so light that it

1496

01:06:24,940 --> 01:06:21,920

pretty much virtually disintegrated

1497

01:06:28,750 --> 01:06:24,950

after I was you know I handled it with a

1498

01:06:30,760 --> 01:06:28,760

object and you know as I was examining

1499

01:06:32,260 --> 01:06:30,770

it it didn't last very long at all that

1500

01:06:35,590 --> 01:06:32,270

was in the yard and then I found this

1501

01:06:37,750 --> 01:06:35,600

stuff a couple more samples of it as I

1502

01:06:41,350 --> 01:06:37,760

followed the trajectory of it through my

1503

01:06:43,060 --> 01:06:41,360

neighborhood and it was interesting yeah

1504

01:06:47,220 --> 01:06:43,070

very interesting I tried to save some of

1505

01:06:50,170 --> 01:06:47,230

it but it just dissipated or yeah yeah

1506

01:06:53,110 --> 01:06:50,180

and why did you why did it take three

1507

01:06:55,860 --> 01:06:53,120

years for you to talk about it well with

1508

01:07:00,450 --> 01:06:55,870

century also have an interest in there

1509

01:07:05,440 --> 01:07:00,460

because number one I do not think well

1510

01:07:07,390 --> 01:07:05,450

one of the reasons I don't think it was

1511

01:07:14,019 --> 01:07:07,400

I do not believe at all that

1512

01:07:16,809 --> 01:07:14,029

was extraterrestrial related m'l because

1513

01:07:19,920 --> 01:07:16,819

I live you can see the form of Norton

1514

01:07:22,329 --> 01:07:19,930

Air Force Base from where I live and

1515

01:07:23,740 --> 01:07:22,339

that's another discussion but I'm pretty

1516

01:07:25,480 --> 01:07:23,750

sure there's probably still some type of

1517

01:07:27,069 --> 01:07:25,490

military presence there it would make

1518

01:07:29,980 --> 01:07:27,079

sense to me coming from my perspective

1519

01:07:33,700 --> 01:07:29,990

being an Air Force officer no on site

1520

01:07:35,019 --> 01:07:33,710

for Mossad agent so there is the

1521

01:07:36,940 --> 01:07:35,029

possibility that it could have been

1522

01:07:40,779 --> 01:07:36,950

something related to the Air Force Base

1523

01:07:44,380 --> 01:07:40,789

I have to throw that out there but the

1524

01:07:50,650 --> 01:07:44,390

rest of it with my analysis appeared to

1525

01:07:54,579 --> 01:07:50,660

be enough of a personally relatable

1526

01:07:58,500 --> 01:07:54,589

thing even with the witness there with

1527

01:08:03,569 --> 01:07:58,510

me that I just didn't feel compelled to

1528

01:08:07,359 --> 01:08:03,579

to really talk about it publicly mm-hmm

1529

01:08:09,190 --> 01:08:07,369

so sure I can adjust it took it took me

1530

01:08:12,099 --> 01:08:09,200

a while to really get comfortable with

1531

01:08:13,980 --> 01:08:12,109

with talking about it well you know I'm

1532

01:08:16,809 --> 01:08:13,990

exactly the same way I had a sighting in

1533

01:08:20,229 --> 01:08:16,819

2006 and I didn't talk about it you know

1534

01:08:23,349 --> 01:08:20,239

I mean I talked about it on a comedy

1535

01:08:24,490 --> 01:08:23,359

show and basically it spawned the idea

1536

01:08:28,059 --> 01:08:24,500

of this show it's kind of a long story

1537

01:08:29,320 --> 01:08:28,069

but uh that's that's how that all all

1538

01:08:31,599 --> 01:08:29,330

happened I hadn't talked about you know

1539

01:08:33,939 --> 01:08:31,609

another another part of it is that

1540

01:08:36,010 --> 01:08:33,949

you're doing what I do and you know I

1541

01:08:38,649 --> 01:08:36,020

was already out there as a nonfiction

1542

01:08:41,079 --> 01:08:38,659

writer and a commentator on UFOs and

1543

01:08:43,899 --> 01:08:41,089

stuff I decided that if I was gonna talk

1544

01:08:46,539 --> 01:08:43,909

about it I was gonna talk about it where

1545

01:08:49,090 --> 01:08:46,549

I could tell it freely that I wouldn't

1546

01:08:51,130 --> 01:08:49,100

Bank on it and oh gee I had I had a UFO

1547

01:08:53,169 --> 01:08:51,140

experience Wow I could write a book or

1548

01:08:55,959 --> 01:08:53,179

five books about this and get on the

1549

01:08:58,180 --> 01:08:55,969

circuit and get paid it I'm like no I I

1550

01:09:00,970 --> 01:08:58,190

wasn't comfortable doing that so I

1551

01:09:03,039 --> 01:09:00,980

decided well you know if I'll talk about

1552

01:09:06,519 --> 01:09:03,049

it I'll just talk about it freely and

1553

01:09:07,149 --> 01:09:06,529

interviews and you know there it is take

1554

01:09:10,809 --> 01:09:07,159

it or leave it

1555

01:09:12,340 --> 01:09:10,819

anything mm-hmm we're gonna be taking

1556

01:09:14,860 --> 01:09:12,350

calls here in a little bit and I do want

1557

01:09:17,169 --> 01:09:14,870

to tell a couple things here just like

1558

01:09:18,910 --> 01:09:17,179

five minutes or so I want to tell the

1559

01:09:20,760 --> 01:09:18,920

audience sets up this is gonna be a new

1560

01:09:22,710 --> 01:09:20,770

number the old number

1561

01:09:25,740 --> 01:09:22,720

of course we'll still work for for now

1562

01:09:27,720 --> 01:09:25,750

but but we actually have we're gonna

1563

01:09:31,080 --> 01:09:27,730

have them screened race will be

1564

01:09:35,280 --> 01:09:31,090

screening these calls and the new number

1565

01:09:37,890 --> 01:09:35,290

will come up in YouTube and I will let

1566

01:09:40,110 --> 01:09:37,900

that know I will announce that too as as

1567

01:09:42,630 --> 01:09:40,120

far as so it can get over at kgr a radio

1568

01:09:46,260 --> 01:09:42,640

at the same time but we will be taking

1569

01:09:49,020 --> 01:09:46,270

calls in in like five minutes or so but

1570

01:09:52,260 --> 01:09:49,030

before we do that I wanted you to if you

1571

01:09:54,000 --> 01:09:52,270

would talk about your dad's weird as you

1572

01:09:57,030 --> 01:09:54,010

put it I think you said weird airports

1573

01:09:59,220 --> 01:09:57,040

experience let's hear about that now

1574

01:10:03,150 --> 01:09:59,230

this this I have written a book about

1575

01:10:07,290 --> 01:10:03,160

okay house it involves my you know

1576

01:10:10,890 --> 01:10:07,300

extensive analysis in hypotheses and

1577

01:10:15,060 --> 01:10:10,900

speculations regarding this story that

1578

01:10:18,150 --> 01:10:15,070

my dad told for you know over thirty

1579

01:10:22,860 --> 01:10:18,160

five years before he died and well since

1580

01:10:25,800 --> 01:10:22,870

the I first heard it in 1974 when I was

1581

01:10:29,100 --> 01:10:25,810

about ten years old and essentially my

1582

01:10:32,790 --> 01:10:29,110

dad was a physiological training

1583

01:10:34,400 --> 01:10:32,800

instructor in the US Air Force in the

1584

01:10:37,350 --> 01:10:34,410

late the mid late fifties and

1585

01:10:40,260 --> 01:10:37,360

essentially he and the guys at his unit

1586

01:10:42,060 --> 01:10:40,270

ran the altitude chamber at George Air

1587

01:10:46,110 --> 01:10:42,070

Force Base here in Victorville

1588

01:10:49,290 --> 01:10:46,120

California now that put him in the

1589

01:10:53,850 --> 01:10:49,300

aerospace medicine command of the Air

1590

01:10:57,060 --> 01:10:53,860

Force he was on an actual

1591

01:10:59,250 --> 01:10:57,070

honest-to-goodness aircraft crash

1592

01:11:02,040 --> 01:10:59,260

retrieval team I've got the document

1593

01:11:04,830 --> 01:11:02,050

it's in the book as part of his duties

1594

01:11:07,740 --> 01:11:04,840

it doesn't say UFO crash retrieval or

1595

01:11:09,030 --> 01:11:07,750

alien courage it you know they when

1596

01:11:12,030 --> 01:11:09,040

there were crashes they had to go

1597

01:11:14,370 --> 01:11:12,040

retrieve the you know the the remains if

1598

01:11:16,860 --> 01:11:14,380

it was fatality and such and the thesis

1599

01:11:18,750 --> 01:11:16,870

of the aircraft and he was on one of

1600

01:11:22,230 --> 01:11:18,760

those that was kind of an additional

1601

01:11:26,850 --> 01:11:22,240

duty of his he was on basically this is

1602

01:11:30,630 --> 01:11:26,860

the story he told since 1974 he was in

1603

01:11:33,330 --> 01:11:30,640

training in 1958 at Gunther Air Force

1604

01:11:34,620 --> 01:11:33,340

Base in Alabama and he and a couple of

1605

01:11:37,470 --> 01:11:34,630

other guys were

1606

01:11:38,790 --> 01:11:37,480

they had to go over to Texas to Randolph

1607

01:11:41,160 --> 01:11:38,800

Air Force Base which was another

1608

01:11:43,919 --> 01:11:41,170

aerospace medicine focused a base and

1609

01:11:45,990 --> 01:11:43,929

they get on the plane and they're flying

1610

01:11:49,800 --> 01:11:46,000

west out of Alabama out of Montgomery

1611

01:11:53,100 --> 01:11:49,810

and the plane over Mississippi takes a

1612

01:11:56,550 --> 01:11:53,110

northward banking turn levels off and an

1613

01:11:58,260 --> 01:11:56,560

intelligence officer a guy comes out of

1614

01:12:00,810 --> 01:11:58,270

the front forward cabin introduces

1615

01:12:01,800 --> 01:12:00,820

himself as a intelligence officer and

1616

01:12:04,919 --> 01:12:01,810

explains that they're going to

1617

01:12:07,590 --> 01:12:04,929

wright-patterson and they go to

1618

01:12:13,320 --> 01:12:07,600

wright-patterson and they're briefed in

1619

01:12:16,050 --> 01:12:13,330

on a crash that happened in New Mexico

1620

01:12:19,399 --> 01:12:16,060

in 1947 essentially you know what we

1621

01:12:25,020 --> 01:12:19,409

know is Roswell and they were told that

1622

01:12:27,060 --> 01:12:25,030

this was this had happened again the

1623

01:12:29,820 --> 01:12:27,070

situation didn't happen again out in

1624

01:12:33,419 --> 01:12:29,830

Arizona and that's where he and the guys

1625

01:12:35,310 --> 01:12:33,429

he was with were gonna be sent to to be

1626

01:12:38,490 --> 01:12:35,320

part of a rescue operation because

1627

01:12:41,970 --> 01:12:38,500

apparently the pilot was alive and his

1628

01:12:45,660 --> 01:12:41,980

people requested the assistance our you

1629

01:12:47,459 --> 01:12:45,670

know our assistance to rescue the pilot

1630

01:12:50,850 --> 01:12:47,469

and bring him back now

1631

01:12:54,750 --> 01:12:50,860

my dad says he was told that this was

1632

01:12:58,370 --> 01:12:54,760

the pilot and craft of another

1633

01:13:01,560 --> 01:12:58,380

civilization separate from ours that

1634

01:13:04,800 --> 01:13:01,570

coexists with us on this planet and such

1635

01:13:08,550 --> 01:13:04,810

and for years he swore that Roswell was

1636

01:13:12,209 --> 01:13:08,560

not an extraterrestrial incident and the

1637

01:13:15,419 --> 01:13:12,219

the bodies you know that he saw and was

1638

01:13:18,600 --> 01:13:15,429

briefed on were just as human as us but

1639

01:13:24,060 --> 01:13:18,610

just with less hair body hair was the

1640

01:13:28,950 --> 01:13:24,070

way he described and time travelers well

1641

01:13:30,840 --> 01:13:28,960

you know who knows yeah so he told this

1642

01:13:32,490 --> 01:13:30,850

story and you know I found it

1643

01:13:34,860 --> 01:13:32,500

fascinating my whole life I'm I'm

1644

01:13:37,020 --> 01:13:34,870

hearing this and finally a few years

1645

01:13:38,939 --> 01:13:37,030

after he passed away I thought you know

1646

01:13:41,760 --> 01:13:38,949

what I've been writing researching

1647

01:13:43,950 --> 01:13:41,770

investigating I've had my career I'm Air

1648

01:13:45,780 --> 01:13:43,960

Force officer you know I've learned some

1649

01:13:48,330 --> 01:13:45,790

things and I think it's time that I

1650

01:13:50,160 --> 01:13:48,340

really sat down and researched and

1651  
01:13:52,290 --> 01:13:50,170  
investigated this story my dad told me

1652  
01:13:55,170 --> 01:13:52,300  
and look at the historical context and

1653  
01:13:58,470 --> 01:13:55,180  
what I when I did what I found out was

1654  
01:14:01,550 --> 01:13:58,480  
that the US Air Force aerospace medicine

1655  
01:14:04,860 --> 01:14:01,560  
division was intimately involved in the

1656  
01:14:08,310 --> 01:14:04,870  
quest to put man into space which really

1657  
01:14:09,930 --> 01:14:08,320  
started in the 1920s and 30s with the

1658  
01:14:12,930 --> 01:14:09,940  
Colonel Harry Armstrong of the Army Air

1659  
01:14:16,040 --> 01:14:12,940  
Corps and then continued after the war

1660  
01:14:18,420 --> 01:14:16,050  
and all through the 50s with Otis Benson

1661  
01:14:20,880 --> 01:14:18,430  
the the Air Force commander of the

1662  
01:14:22,920 --> 01:14:20,890  
aerospace medical division which my dad

1663  
01:14:27,360 --> 01:14:22,930

his specialty fell under what I also

1664

01:14:30,560 --> 01:14:27,370

learned was that the of the four

1665

01:14:33,510 --> 01:14:30,570

military branches that engaged in

1666

01:14:36,210 --> 01:14:33,520

experimental MKULTRA operations during

1667

01:14:39,360 --> 01:14:36,220

the 50s the US Air Force in particular

1668

01:14:42,960 --> 01:14:39,370

really liked them k ultra and they

1669

01:14:48,090 --> 01:14:42,970

started their own MKULTRA you know

1670

01:14:52,500 --> 01:14:48,100

little program okay and this was in the

1671

01:14:55,620 --> 01:14:52,510

50s and as we know in MKULTRA there is

1672

01:14:59,100 --> 01:14:55,630

the psychological technology of the

1673

01:15:02,310 --> 01:14:59,110

planted narrative laying over a false

1674

01:15:07,620 --> 01:15:02,320

narrative and the the psyche of a person

1675

01:15:10,020 --> 01:15:07,630

- perhaps suppress actual activities and

1676

01:15:12,030 --> 01:15:10,030

when I looked at that in the context you

1677

01:15:15,360 --> 01:15:12,040

know of that history and it was the Cold

1678

01:15:17,580 --> 01:15:15,370

War and there there indeed was actually

1679

01:15:19,560 --> 01:15:17,590

classified manned space program research

1680

01:15:22,770 --> 01:15:19,570

and stuff going on in the 50s at the Air

1681

01:15:25,500 --> 01:15:22,780

Force it it occurred to me that it's

1682

01:15:29,280 --> 01:15:25,510

possible that this story my dad told of

1683

01:15:31,920 --> 01:15:29,290

this coexisting civilization and such

1684

01:15:35,460 --> 01:15:31,930

and on may have been a planted narrative

1685

01:15:38,790 --> 01:15:35,470

to cover for whatever he was actually

1686

01:15:41,340 --> 01:15:38,800

doing while in Arizona during you know

1687

01:15:43,020 --> 01:15:41,350

this period of time and so I felt that

1688

01:15:46,470 --> 01:15:43,030

if I was going to write a book about

1689

01:15:49,590 --> 01:15:46,480

mind that you know present my dad a

1690

01:15:52,020 --> 01:15:49,600

story I felt that it would be it had to

1691

01:15:54,120 --> 01:15:52,030

be fair and objective of me to also

1692

01:15:56,780 --> 01:15:54,130

present this context that hate and Kay

1693

01:16:00,060 --> 01:15:56,790

ultra was going on and the US Air Force

1694

01:16:02,340 --> 01:16:00,070

loved it specifically the command my dad

1695

01:16:03,900 --> 01:16:02,350

was in so it is possible

1696

01:16:06,360 --> 01:16:03,910

I have to recognize that it's possible

1697

01:16:08,610 --> 01:16:06,370

that the story my dad superficially

1698

01:16:11,580 --> 01:16:08,620

believed or believed I'll say the story

1699

01:16:14,040 --> 01:16:11,590

he believed may have been a planted

1700

01:16:19,950 --> 01:16:14,050

narrative and that's one of the

1701

01:16:24,060 --> 01:16:19,960

hypotheses in in that book about that

1702

01:16:26,990 --> 01:16:24,070

so it's interesting you know it's still

1703

01:16:32,370 --> 01:16:27,000

his story as he told it could be true

1704

01:16:35,340 --> 01:16:32,380

now sure I know what about as far as

1705

01:16:37,560 --> 01:16:35,350

them telling him anything like you can't

1706

01:16:39,630 --> 01:16:37,570

talk about this or signing a

1707

01:16:40,800 --> 01:16:39,640

nondisclosure or anything like anything

1708

01:16:44,850 --> 01:16:40,810

like that

1709

01:16:47,790 --> 01:16:44,860

yeah I'm you know he he would say that

1710

01:16:50,580 --> 01:16:47,800

you know through the years that I could

1711

01:16:51,870 --> 01:16:50,590

tell he was stopping a certain point you

1712

01:16:55,170 --> 01:16:51,880

know it was it was clear that he

1713

01:16:57,120 --> 01:16:55,180

couldn't talk about some details but you

1714

01:16:59,190 --> 01:16:57,130

know of course and then when I got into

1715

01:17:00,360 --> 01:16:59,200

the Air Force and there or the FBI then

1716

01:17:02,550 --> 01:17:00,370

the Air Force and I learned how these

1717

01:17:06,990 --> 01:17:02,560

things work because I have a fairly

1718

01:17:08,910 --> 01:17:07,000

decent security clearance myself you

1719

01:17:13,170 --> 01:17:08,920

know I understand how these things work

1720

01:17:16,260 --> 01:17:13,180

and it's my it's my speculation my

1721

01:17:18,270 --> 01:17:16,270

opinion that what the Air Force was

1722

01:17:20,910 --> 01:17:18,280

doing with MKULTRA back then was

1723

01:17:23,100 --> 01:17:20,920

possibly experimenting with it as a

1724

01:17:26,000 --> 01:17:23,110

means to keep people from talking about

1725

01:17:29,160 --> 01:17:26,010

classified operations which would

1726

01:17:31,200 --> 01:17:29,170

hypothetically explain putting a

1727

01:17:35,220 --> 01:17:31,210

narrative about you know another

1728

01:17:37,920 --> 01:17:35,230

civilization in UFOs say for instance he

1729

01:17:41,040 --> 01:17:37,930

was working on the actual classified

1730

01:17:43,290 --> 01:17:41,050

human space travel research okay or

1731

01:17:45,540 --> 01:17:43,300

actual classified human space program

1732

01:17:47,820 --> 01:17:45,550

that the Air Force was conducting for

1733

01:17:50,840 --> 01:17:47,830

example and that was the thing they were

1734

01:17:53,520 --> 01:17:50,850

trying to keep deeply classified well

1735

01:17:56,040 --> 01:17:53,530

for example the hypothetical I'd lay out

1736

01:17:58,710 --> 01:17:56,050

in the book is that when he agrees to do

1737

01:18:02,880 --> 01:17:58,720

whatever work it was he did he agrees to

1738

01:18:06,630 --> 01:18:02,890

being subjected to MKULTRA methods when

1739

01:18:09,630 --> 01:18:06,640

his assignment is over to cover over

1740

01:18:12,860 --> 01:18:09,640

memories of the actual classified

1741

01:18:15,540 --> 01:18:12,870

operation with a planted narrative and I

1742

01:18:17,130 --> 01:18:15,550

hypothetically proposed

1743

01:18:19,140 --> 01:18:17,140

that he would have agreed to this

1744

01:18:22,470 --> 01:18:19,150

because back then MKULTRA was a new toy

1745

01:18:23,760 --> 01:18:22,480

you know they they you know weren't sure

1746

01:18:26,040 --> 01:18:23,770

of all the bad things that could happen

1747

01:18:27,690 --> 01:18:26,050

and you know he's a young patriotic guy

1748

01:18:31,260 --> 01:18:27,700

he would have said yeah sure count me in

1749

01:18:34,470 --> 01:18:31,270

and that's how theoretically they would

1750

01:18:36,630 --> 01:18:34,480

have experimented with ways of keeping

1751

01:18:38,400 --> 01:18:36,640

something secret is using this planet

1752

01:18:40,890 --> 01:18:38,410

narrative thing to you know keep it

1753

01:18:43,290 --> 01:18:40,900

suppressed but after a while it breaks

1754

01:18:47,730 --> 01:18:43,300

down over the years and it did affect

1755

01:18:50,300 --> 01:18:47,740

you know his his psycho-emotional moods

1756

01:18:55,140 --> 01:18:50,310

and things like that over the years so

1757

01:18:59,250 --> 01:18:55,150

Wow now I do want to say I did put up

1758

01:19:02,460 --> 01:18:59,260

the new number up on the on YouTube and

1759

01:19:05,180 --> 01:19:02,470

I just realized just as I was going to

1760

01:19:09,320 --> 01:19:05,190

announce this just a second ago that

1761

01:19:13,410 --> 01:19:09,330

there is some settings that I'd have to

1762

01:19:15,330 --> 01:19:13,420

really work out and test this we had put

1763

01:19:17,690 --> 01:19:15,340

this number up just before the show in

1764

01:19:21,810 --> 01:19:17,700

like not going to be able to use it

1765

01:19:23,610 --> 01:19:21,820

right now this this this time in this

1766

01:19:28,020 --> 01:19:23,620

show only because I do not believe that

1767

01:19:28,740 --> 01:19:28,030

my browser will feed back through it's a

1768

01:19:30,780 --> 01:19:28,750

long story

1769

01:19:32,550 --> 01:19:30,790

I want to get into the technicality of

1770

01:19:35,550 --> 01:19:32,560

it just the fact that I don't think it's

1771

01:19:37,500 --> 01:19:35,560

going to work so in that case what I'm

1772

01:19:40,080 --> 01:19:37,510

gonna do is we are gonna I'm going to

1773

01:19:44,130 --> 01:19:40,090

put up the normal call number which is

1774

01:19:46,410 --> 01:19:44,140

nine six seven I'm sorry 603 nine six

1775

01:19:49,260 --> 01:19:46,420

seven for o3o if someone would like to

1776

01:19:51,360 --> 01:19:49,270

call in that number they can call in now

1777

01:19:53,490 --> 01:19:51,370

and we'll get that all ironed out by

1778

01:19:57,050 --> 01:19:53,500

next week we'll figure out how to get

1779

01:20:00,240 --> 01:19:57,060

that number working well next week so

1780

01:20:04,290 --> 01:20:00,250

pardon me so I remember when you and I

1781

01:20:06,750 --> 01:20:04,300

were talking ahead of the show you said

1782

01:20:09,420 --> 01:20:06,760

you you had a thought that a lot of UFOs

1783

01:20:11,940 --> 01:20:09,430

or 90% of them were military so how do

1784

01:20:14,940 --> 01:20:11,950

you only come across that conclusion

1785

01:20:16,770 --> 01:20:14,950

especially with the sighting you had how

1786

01:20:19,470 --> 01:20:16,780

could you possibly explain that why

1787

01:20:24,510 --> 01:20:19,480

would something be dumping molten stuff

1788

01:20:28,890 --> 01:20:24,520

over if it was military actually I think

1789

01:20:32,310 --> 01:20:28,900

it's a reasonable possibility because

1790

01:20:37,910 --> 01:20:32,320

depending upon whatever technology might

1791

01:20:40,800 --> 01:20:37,920

have been tested or my my view that 90%

1792

01:20:46,290 --> 01:20:40,810

that's just my personal number okay

1793

01:20:49,230 --> 01:20:46,300

that's not a hard law but roughly 90% in

1794

01:20:51,720 --> 01:20:49,240

my opinion of the legitimate UFO

1795

01:20:56,450 --> 01:20:51,730

sightings you know that not just people

1796

01:20:59,790 --> 01:20:56,460

making stuff up to get attention are

1797

01:21:02,910 --> 01:20:59,800

some form of class like human technology

1798

01:21:05,430 --> 01:21:02,920

a chunk of it military another chunk of

1799

01:21:08,000 --> 01:21:05,440

it would be you know practice aerospace

1800

01:21:11,660 --> 01:21:08,010

development you know proprietary

1801

01:21:14,780 --> 01:21:11,670

technology of theirs or even possibly

1802

01:21:17,520 --> 01:21:14,790

other organizations that we have come to

1803

01:21:21,300 --> 01:21:17,530

popularly called breakaway civilizations

1804

01:21:23,820 --> 01:21:21,310

perhaps but classify human technologies

1805

01:21:30,360 --> 01:21:23,830

something that human organizations

1806

01:21:32,630 --> 01:21:30,370

agencies are doing and the remaining 10%

1807

01:21:35,550 --> 01:21:32,640

in my opinion would include the

1808

01:21:37,830 --> 01:21:35,560

otherworldly possibilities people from

1809

01:21:39,870 --> 01:21:37,840

other planets you know you could throw

1810

01:21:43,920 --> 01:21:39,880

interdimensional zin there what-have-you

1811

01:21:46,140 --> 01:21:43,930

the time travel thing but a lot of

1812

01:21:46,980 --> 01:21:46,150

people get alarmed when they go oh 90%

1813

01:21:50,280 --> 01:21:46,990

how can you say that

1814

01:21:52,830 --> 01:21:50,290

well I point them to the 10% new fun for

1815

01:21:54,570 --> 01:21:52,840

example just one organization in the

1816

01:21:57,720 --> 01:21:54,580

month of April of this year reported

1817

01:22:00,090 --> 01:21:57,730

over 5,000 UFO sightings that were

1818

01:22:02,840 --> 01:22:00,100

reported you know just in that given

1819

01:22:07,050 --> 01:22:02,850

month okay around the world to them now

1820

01:22:09,420 --> 01:22:07,060

10% of that would be over 500 UFO

1821

01:22:12,660 --> 01:22:09,430

sightings that I would reasonably save

1822

01:22:17,390 --> 01:22:12,670

one of those you know those would be the

1823

01:22:20,010 --> 01:22:17,400

otherworldly ones well I mean over 500

1824

01:22:22,800 --> 01:22:20,020

otherworldly UFO sightings in a given

1825

01:22:26,100 --> 01:22:22,810

month is a lot because remember it only

1826

01:22:28,230 --> 01:22:26,110

takes one to you know prove so to speak

1827

01:22:32,610 --> 01:22:28,240

that people come from other world so

1828

01:22:35,490 --> 01:22:32,620

that 10% is still a big giant fat number

1829

01:22:37,950 --> 01:22:35,500

of possibility now why do I say 90 it's

1830

01:22:40,320 --> 01:22:37,960

because we know that we have military

1831

01:22:42,780 --> 01:22:40,330

czars and others around the world we

1832

01:22:45,120 --> 01:22:42,790

know that aerospace companies exist we

1833

01:22:46,860 --> 01:22:45,130

know that they're always testing and

1834

01:22:49,230 --> 01:22:46,870

developing things that's a fact that's a

1835

01:22:50,700 --> 01:22:49,240

given and I think a lot of times you

1836

01:22:52,080 --> 01:22:50,710

know people will see something in the

1837

01:22:54,150 --> 01:22:52,090

excitement

1838

01:22:56,550 --> 01:22:54,160

maybe exaggerate s-- what they think

1839

01:22:58,100 --> 01:22:56,560

they're seeing or maybe what they're

1840

01:23:01,830 --> 01:22:58,110

seeing is some pretty amazing technology

1841

01:23:04,050 --> 01:23:01,840

that due to their just simple

1842

01:23:05,850 --> 01:23:04,060

you know lack of awareness because

1843

01:23:08,130 --> 01:23:05,860

they're not exposed to it they're not

1844

01:23:10,050 --> 01:23:08,140

pretty to it it seems otherworldly to

1845

01:23:12,480 --> 01:23:10,060

them but I guess that's where I come to

1846

01:23:15,240 --> 01:23:12,490

that and also you know having been in

1847

01:23:17,970 --> 01:23:15,250

the Air Force I was an OSI agent that

1848

01:23:19,650 --> 01:23:17,980

was I was chief of a counter espionage

1849

01:23:22,560 --> 01:23:19,660

operations branch okay that's a double

1850

01:23:27,000 --> 01:23:22,570

agents and we work with classified

1851  
01:23:29,550 --> 01:23:27,010  
technology information daily okay so I

1852  
01:23:31,710 --> 01:23:29,560  
saw a lot of interesting things across

1853  
01:23:35,370 --> 01:23:31,720  
my desk I saw interesting things when I

1854  
01:23:37,200 --> 01:23:35,380  
had to go to vaults I have a pretty you

1855  
01:23:40,050 --> 01:23:37,210  
know good security clearance so it's you

1856  
01:23:43,680 --> 01:23:40,060  
know briefed on stuff and so I you know

1857  
01:23:46,140 --> 01:23:43,690  
all of that is how I come to the 90

1858  
01:23:48,270 --> 01:23:46,150  
percent number I got it and it's it's

1859  
01:23:50,730 --> 01:23:48,280  
different you laid it out differently

1860  
01:23:52,260 --> 01:23:50,740  
than I thought you were going to so I'm

1861  
01:23:54,260 --> 01:23:52,270  
not gonna be able to argue with you as

1862  
01:23:57,060 --> 01:23:54,270  
much as I wanted to

1863  
01:23:59,090 --> 01:23:57,070

we have a caller on the line caller your

1864

01:24:02,700 --> 01:23:59,100

first name and where you calling from

1865

01:24:04,170 --> 01:24:02,710

hey this is James from kenseth hey James

1866

01:24:06,690 --> 01:24:04,180

welcome to the show you have a question

1867

01:24:08,550 --> 01:24:06,700

for our guest yes I do

1868

01:24:11,430 --> 01:24:08,560

hi mr. Bosley I should speak with you

1869

01:24:14,340 --> 01:24:11,440

I'm a big fan your work and especially

1870

01:24:18,600 --> 01:24:14,350

your sceptical criticism of the whole

1871

01:24:20,730 --> 01:24:18,610

TTS a scenario yeah and your work with

1872

01:24:23,250 --> 01:24:20,740

dark journalists as a guilty pleasure of

1873

01:24:25,260 --> 01:24:23,260

mine especially in a Twitter land where

1874

01:24:28,680 --> 01:24:25,270

we're surrounded by young guns and true

1875

01:24:30,630 --> 01:24:28,690

believers so what I wanted to what I

1876

01:24:32,790 --> 01:24:30,640

wanted to get your thoughts on is just

1877

01:24:34,830 --> 01:24:32,800

the general scenario that we're dealing

1878

01:24:38,550 --> 01:24:34,840

with I try to remain skeptical and an

1879

01:24:39,750 --> 01:24:38,560

open-minded and you know I've tried to

1880

01:24:42,080 --> 01:24:39,760

talk to some friends who work

1881

01:24:46,230 --> 01:24:42,090

intelligence just to get a feel of what

1882

01:24:49,650 --> 01:24:46,240

are the bounds of US intelligence to be

1883

01:24:51,930 --> 01:24:49,660

able to run some sort of operation like

1884

01:24:55,410 --> 01:24:51,940

this that is not what they're saying it

1885

01:24:56,669 --> 01:24:55,420

is right so this is not disclosure this

1886

01:25:00,449 --> 01:24:56,679

is not an acclimatized

1887

01:25:03,120 --> 01:25:00,459

Asian confirmation program this is you

1888

01:25:06,179 --> 01:25:03,130

know misinformation for adversaries or

1889

01:25:08,609 --> 01:25:06,189

whatever it to me I was never able to

1890

01:25:11,729 --> 01:25:08,619

wrap my mind around an alternative that

1891

01:25:14,250 --> 01:25:11,739

wasn't more outrageous than just going

1892

01:25:15,779 --> 01:25:14,260

with what they were saying so I was

1893

01:25:17,520 --> 01:25:15,789

wondering the lens through which you see

1894

01:25:19,919 --> 01:25:17,530

this and sort of what you think the

1895

01:25:21,149 --> 01:25:19,929

bounds are of a what they're capable of

1896

01:25:25,589 --> 01:25:21,159

doing and what they're legally allowed

1897

01:25:31,589 --> 01:25:25,599

to I I think I understand what you're

1898

01:25:36,469 --> 01:25:31,599

asking well first of all when they when

1899

01:25:40,799 --> 01:25:36,479

an organization or program wants to

1900

01:25:44,549 --> 01:25:40,809

divert okay focus from what something

1901

01:25:52,429 --> 01:25:44,559

really maybe it really is and they want

1902

01:25:59,060 --> 01:25:52,439

to divert the the perception of that

1903

01:26:01,919 --> 01:25:59,070

well they can use whatever information

1904

01:26:04,850 --> 01:26:01,929

that they want that will reasonably work

1905

01:26:10,640 --> 01:26:04,860

within the context that particular

1906

01:26:13,649 --> 01:26:10,650

operation information is not in itself

1907

01:26:16,259 --> 01:26:13,659

something that they really have to worry

1908

01:26:19,979 --> 01:26:16,269

about in this context that they have to

1909

01:26:25,439 --> 01:26:19,989

worry about you know legalities as far

1910

01:26:27,779 --> 01:26:25,449

as the the UFO so to speak for actually

1911

01:26:33,270 --> 01:26:27,789

human technology a lot of that is done

1912

01:26:35,939 --> 01:26:33,280

by the UFO community and UFO media

1913

01:26:38,429 --> 01:26:35,949

community itself it's really a lot of

1914

01:26:40,500 --> 01:26:38,439

hey people are seeing this thing well

1915

01:26:42,449 --> 01:26:40,510

okay and they think it's from another

1916

01:26:45,629 --> 01:26:42,459

planet well let them continue to think

1917

01:26:47,399 --> 01:26:45,639

that just keep feeding that yeah yeah

1918

01:26:50,040 --> 01:26:47,409

yeah that sounds good yeah we don't know

1919

01:26:51,870 --> 01:26:50,050

what it is so you know kind of a wink

1920

01:26:54,120 --> 01:26:51,880

and a nudge go ahead and think it's from

1921

01:26:59,069 --> 01:26:54,130

another world that kind of duh job for

1922

01:27:00,810 --> 01:26:59,079

us and now when you're asking what what

1923

01:27:06,929 --> 01:27:00,820

do you mean what's it legal to what

1924

01:27:09,149 --> 01:27:06,939

extent I'm not sure so I think if you if

1925

01:27:10,950 --> 01:27:09,159

you although what I call core Tom

1926

01:27:13,920 --> 01:27:10,960

DeLonge Canon which is to

1927

01:27:16,080 --> 01:27:13,930

I was in 16 - 2017 probably nine hours

1928

01:27:17,880 --> 01:27:16,090

of radio he's being just stalled on the

1929

01:27:20,300 --> 01:27:17,890

secrets of the universe which was given

1930

01:27:23,430 --> 01:27:20,310

to him by his various contacts right

1931

01:27:25,350 --> 01:27:23,440

okay no and I some degree of that now

1932

01:27:27,959 --> 01:27:25,360

has gone straight through the mainstream

1933

01:27:30,590 --> 01:27:27,969

press the international press my mom

1934

01:27:35,070 --> 01:27:30,600

asked me about it right so it's not just

1935

01:27:36,570 --> 01:27:35,080

UFO town now it's full mainstream public

1936

01:27:38,190 --> 01:27:36,580

consciousness so that's what I was

1937

01:27:42,810 --> 01:27:38,200

you're going to get my head around yeah

1938

01:27:46,200 --> 01:27:42,820

- to an extent it's not as gripping to

1939

01:27:50,010 --> 01:27:46,210

the general mainstream as our community

1940

01:27:52,140 --> 01:27:50,020

elements of our community think it is or

1941

01:27:53,580 --> 01:27:52,150

insisting that it is there's still a lot

1942

01:27:56,520 --> 01:27:53,590

of people out there though huh

1943

01:27:58,320 --> 01:27:56,530

what but yeah you're right it is it's

1944

01:28:03,030 --> 01:27:58,330

out there a little bit more a little bit

1945

01:28:08,370 --> 01:28:03,040

farther look when it comes to perception

1946

01:28:10,440 --> 01:28:08,380

management I don't want to say the the

1947

01:28:13,740 --> 01:28:10,450

sky's the limit but you do have margin

1948

01:28:15,660 --> 01:28:13,750

because you're you're you're doing just

1949

01:28:19,560 --> 01:28:15,670

that you're managing perceptions your

1950

01:28:22,770 --> 01:28:19,570

job is to deflect an understanding of

1951

01:28:25,740 --> 01:28:22,780

what something actually is so you know

1952

01:28:27,720 --> 01:28:25,750

you have to get creative now when I talk

1953

01:28:30,780 --> 01:28:27,730

about perception management relative to

1954

01:28:34,080 --> 01:28:30,790

something like TTS a that's that's

1955

01:28:39,050 --> 01:28:34,090

something within in my opinion the CIA

1956

01:28:42,720 --> 01:28:39,060

context and the CIA psyops context and

1957

01:28:43,320 --> 01:28:42,730

Wow their purpose for being involved in

1958

01:28:47,070 --> 01:28:43,330

all this

1959

01:28:49,650 --> 01:28:47,080

could be anything what I see as far as a

1960

01:28:52,979 --> 01:28:49,660

sleight-of-hand going on with any of

1961

01:28:54,570 --> 01:28:52,989

this and what they do is simply that and

1962

01:28:55,830 --> 01:28:54,580

I'm not the first to say that there's

1963

01:28:58,229 --> 01:28:55,840

been others have been talking about this

1964

01:29:01,500 --> 01:28:58,239

and I agree with it it it appears that

1965

01:29:05,540 --> 01:29:01,510

we might be ready to see a pretty big

1966

01:29:09,360 --> 01:29:05,550

leap forward in these technologies and

1967

01:29:11,760 --> 01:29:09,370

somebody may want to be getting out

1968

01:29:14,940 --> 01:29:11,770

there ahead to kind of pave the

1969

01:29:17,640 --> 01:29:14,950

perception management to lead in a

1970

01:29:21,180 --> 01:29:17,650

certain direction if that makes you no

1971

01:29:23,459 --> 01:29:21,190

sense remember I I don't know exactly

1972

01:29:24,809 --> 01:29:23,469

what it is they're up to but my

1973

01:29:26,699 --> 01:29:24,819

experience is a

1974

01:29:29,279 --> 01:29:26,709

former spook as an investigator as a

1975

01:29:32,399 --> 01:29:29,289

researcher my hackles are up my radars

1976

01:29:35,159 --> 01:29:32,409

up okay I know that there's something up

1977

01:29:38,189 --> 01:29:35,169

here it's not exactly what it appears to

1978

01:29:39,119 --> 01:29:38,199

be but I can't tell you exactly what

1979

01:29:42,149 --> 01:29:39,129

that is yet

1980

01:29:47,579 --> 01:29:42,159

I can only tell you mmm this looks and

1981

01:29:48,199 --> 01:29:47,589

sounds like a duck you know so if that

1982

01:29:50,929 --> 01:29:48,209

helps

1983

01:29:54,270 --> 01:29:50,939

that's great thank you very much all

1984

01:29:57,209 --> 01:29:54,280

skeptical right James thanks for the

1985

01:30:00,119 --> 01:29:57,219

call thank you

1986

01:30:04,049 --> 01:30:00,129

so I'm interested in continuing this

1987

01:30:06,869 --> 01:30:04,059

this conversation and actually sure one

1988

01:30:08,549 --> 01:30:06,879

of the things I said on a show I was

1989

01:30:10,919 --> 01:30:08,559

kind of surprised I didn't get any you

1990

01:30:15,059 --> 01:30:10,929

know feedback or hate mail like I often

1991

01:30:18,209 --> 01:30:15,069

do but I just said you know if if there

1992

01:30:21,689 --> 01:30:18,219

was going to be a misinformation agent

1993

01:30:25,409 --> 01:30:21,699

Lou Elizondo is a perfect guy for it

1994

01:30:26,189 --> 01:30:25,419

because he's really smooth he's very you

1995

01:30:28,709 --> 01:30:26,199

talk to him

1996

01:30:30,839 --> 01:30:28,719

you know face to face you trust the guy

1997

01:30:32,639 --> 01:30:30,849

immediately I mean I'm this how I feel

1998

01:30:35,969 --> 01:30:32,649

when I talk to him

1999

01:30:38,250 --> 01:30:35,979

and so I I just thought well you know in

2000

01:30:41,039 --> 01:30:38,260

actuality he would be a really good

2001  
01:30:44,819 --> 01:30:41,049  
misinformation agent I'm not saying he

2002  
01:30:49,259 --> 01:30:44,829  
is I'm not saying he isn't but I will

2003  
01:30:51,449 --> 01:30:49,269  
say that you you know it is it is

2004  
01:30:53,309 --> 01:30:51,459  
curious because there are people that

2005  
01:30:55,649 --> 01:30:53,319  
are speculating and I thought it was a

2006  
01:30:57,270 --> 01:30:55,659  
really good thing that actually on an

2007  
01:31:00,329 --> 01:30:57,280  
unidentified that and one of the

2008  
01:31:03,389 --> 01:31:00,339  
episodes they actually tackled that very

2009  
01:31:07,469 --> 01:31:03,399  
subject you know of whether he is or is

2010  
01:31:09,419 --> 01:31:07,479  
not and you know for you know maybe

2011  
01:31:12,569 --> 01:31:09,429  
that's all part of the plan like to say

2012  
01:31:14,099 --> 01:31:12,579  
if he was misinformation maybe that you

2013  
01:31:15,449 --> 01:31:14,109

know to go along with well you're right

2014

01:31:18,719 --> 01:31:15,459

you know I understand why people think

2015

01:31:20,669 --> 01:31:18,729

that and he I never would never do this

2016

01:31:23,099 --> 01:31:20,679

that you know I don't know if you watch

2017

01:31:26,329 --> 01:31:23,109

that particular episode or not I have I

2018

01:31:29,699 --> 01:31:26,339

haven't seen I think I've watched only

2019

01:31:31,439 --> 01:31:29,709

four or five episodes so far I have to

2020

01:31:33,509 --> 01:31:31,449

yeah I think that was number four or

2021

01:31:36,599 --> 01:31:33,519

number four where he was talking about

2022

01:31:38,410 --> 01:31:36,609

that so I I don't know you know maybe I

2023

01:31:41,380 --> 01:31:38,420

glossed over them

2024

01:31:43,270 --> 01:31:41,390

I'm you know I I watched him up to the

2025

01:31:45,460 --> 01:31:43,280

point that my friend Greg Bishop was on

2026

01:31:47,710 --> 01:31:45,470

there and oh yes I've got a pickup I got

2027

01:31:49,570 --> 01:31:47,720

into the episode he was on I got a tease

2028

01:31:51,880 --> 01:31:49,580

him next time I see him about that

2029

01:31:55,840 --> 01:31:51,890

because it said underneath him UFO

2030

01:31:57,430 --> 01:31:55,850

expert UFO expert I love that you know

2031

01:31:59,380 --> 01:31:57,440

it's interesting you'd say that they

2032

01:32:01,870 --> 01:31:59,390

addressed that and the way they

2033

01:32:04,000 --> 01:32:01,880

addressed it was he assured the viewer

2034

01:32:06,430 --> 01:32:04,010

that he was not you know basically that

2035

01:32:08,350 --> 01:32:06,440

came up like you know he would you know

2036

01:32:10,420 --> 01:32:08,360

basically never do that he understands

2037

01:32:12,700 --> 01:32:10,430

why you know there is controversy and

2038

01:32:18,070 --> 01:32:12,710

people are you know questioning him and

2039

01:32:21,100 --> 01:32:18,080

stuff like that you know I mean wow I I

2040

01:32:23,140 --> 01:32:21,110

you know gee convinces me all he had to

2041

01:32:25,720 --> 01:32:23,150

do was say gosh I would never do that

2042

01:32:27,880 --> 01:32:25,730

yeah I I'll have to watch it myself in

2043

01:32:29,110 --> 01:32:27,890

all fairness and yeah like we were

2044

01:32:31,570 --> 01:32:29,120

talking before that look at the body

2045

01:32:34,750 --> 01:32:31,580

language listen to the voice and yeah

2046

01:32:35,650 --> 01:32:34,760

but yeah I've I've talked about them

2047

01:32:39,340 --> 01:32:35,660

plenty

2048

01:32:43,570 --> 01:32:39,350

so people people tend to know where I

2049

01:32:46,330 --> 01:32:43,580

come from on that well there's also at

2050

01:32:48,340 --> 01:32:46,340

play out there and I'm not saying this

2051  
01:32:49,990 --> 01:32:48,350  
has anything to do with you or not but

2052  
01:32:52,960 --> 01:32:50,000  
at play out there is there is a lot of

2053  
01:32:54,970 --> 01:32:52,970  
jealousy as far as you know Tom DeLonge

2054  
01:32:56,680 --> 01:32:54,980  
making any headway when a lot of people

2055  
01:32:58,900 --> 01:32:56,690  
have tried to make headway for so long

2056  
01:33:01,210 --> 01:32:58,910  
and he's open a lot of he's actually

2057  
01:33:03,760 --> 01:33:01,220  
opened a lot of doors you know maybe

2058  
01:33:07,840 --> 01:33:03,770  
he's being used you know that's the

2059  
01:33:09,700 --> 01:33:07,850  
other alternative maybe maybe not you

2060  
01:33:11,460 --> 01:33:09,710  
know and do you oh let me just ask you

2061  
01:33:14,380 --> 01:33:11,470  
this question do you think that end time

2062  
01:33:21,420 --> 01:33:14,390  
if that is a situation that will

2063  
01:33:24,850 --> 01:33:21,430

eventually find out it's it's very very

2064

01:33:27,220 --> 01:33:24,860

possible in time to find out I came to

2065

01:33:30,130 --> 01:33:27,230

the conclusion that Tom DeLonge himself

2066

01:33:34,690 --> 01:33:30,140

is sincere about his interest sincere

2067

01:33:38,140 --> 01:33:34,700

about his pursuits of this and steer-in

2068

01:33:40,060 --> 01:33:38,150

his vision of tts a the scenario I see

2069

01:33:42,130 --> 01:33:40,070

is that when he approached the

2070

01:33:45,490 --> 01:33:42,140

government folks somebody there in the

2071

01:33:48,900 --> 01:33:45,500

Intel community said hmm we could really

2072

01:33:52,109 --> 01:33:48,910

use this let's let's help this guy

2073

01:33:54,350 --> 01:33:52,119

develop this thing and

2074

01:33:57,209 --> 01:33:54,360

let's yeah let's be involved in this

2075

01:34:01,830 --> 01:33:57,219

that's the way I see it so I I think I

2076

01:34:03,869 --> 01:34:01,840

ya the casual way to put it is he's

2077

01:34:06,439 --> 01:34:03,879

being used it's been used to some degree

2078

01:34:09,060 --> 01:34:06,449

I would agree with that assessment

2079

01:34:12,119 --> 01:34:09,070

interesting but what about when it comes

2080

01:34:16,350 --> 01:34:12,129

to all these other people like Tim melon

2081

01:34:17,879 --> 01:34:16,360

Steve justice he'll put off all those do

2082

01:34:19,799 --> 01:34:17,889

you think they would actually get in bed

2083

01:34:22,739 --> 01:34:19,809

with something like this and agree to go

2084

01:34:27,029 --> 01:34:22,749

along yes you do and and what would

2085

01:34:29,699 --> 01:34:27,039

their motivation be duty they would see

2086

01:34:31,500 --> 01:34:29,709

it as part of you know what they've done

2087

01:34:33,469 --> 01:34:31,510

all along in their careers they would

2088

01:34:36,089 --> 01:34:33,479

see it as the people who would do this

2089

01:34:38,040 --> 01:34:36,099

see their perspective is they're

2090

01:34:41,850 --> 01:34:38,050

supporting national security directives

2091

01:34:46,529 --> 01:34:41,860

that's exactly how they would see it if

2092

01:34:49,169 --> 01:34:46,539

I were an agent in charge of the or

2093

01:34:50,819 --> 01:34:49,179

involved with special projects you know

2094

01:34:53,639 --> 01:34:50,829

aside which is an actual division and

2095

01:34:57,899 --> 01:34:53,649

they protect all this secret technology

2096

01:35:00,569 --> 01:34:57,909

and you know they told me hey you know

2097

01:35:02,069 --> 01:35:00,579

Walter let people think something's a

2098

01:35:04,049 --> 01:35:02,079

flying saucer from another world if they

2099

01:35:06,299 --> 01:35:04,059

see the stealth this or that drone or

2100

01:35:09,330 --> 01:35:06,309

whatever I you know yeah absolutely

2101  
01:35:12,689 --> 01:35:09,340  
okay cool now you can point to the Paul

2102  
01:35:15,449 --> 01:35:12,699  
bennewitz situation and say oh bad evil

2103  
01:35:17,159 --> 01:35:15,459  
Air Force but if you read for instance

2104  
01:35:19,259 --> 01:35:17,169  
grill fish it's excellent book on this

2105  
01:35:21,479 --> 01:35:19,269  
and you look closely it's my opinion

2106  
01:35:23,669 --> 01:35:21,489  
that the Air Force is not something a

2107  
01:35:28,229 --> 01:35:23,679  
culprit as another player and that a

2108  
01:35:30,419 --> 01:35:28,239  
player appears to be the NSA okay the it

2109  
01:35:32,819 --> 01:35:30,429  
appears that the NSA were the was the

2110  
01:35:35,819 --> 01:35:32,829  
organization behind really pushing

2111  
01:35:37,770 --> 01:35:35,829  
bennewitz over the edge now Dody that

2112  
01:35:39,359 --> 01:35:37,780  
comes up because you know being an OSI

2113  
01:35:43,679 --> 01:35:39,369

agent people say well what about Richard

2114

01:35:46,379 --> 01:35:43,689

Doty when I was a new agent and you know

2115

01:35:48,029 --> 01:35:46,389

they put me in counterintelligence stuff

2116

01:35:53,369 --> 01:35:48,039

because that's what I had done for the

2117

01:35:56,819 --> 01:35:53,379

FBI before OSI Richard Doty was

2118

01:35:58,949 --> 01:35:56,829

mentioned to me as a cautionary tale you

2119

01:36:00,449 --> 01:35:58,959

know my supervisor said look we got to

2120

01:36:01,379 --> 01:36:00,459

be careful with certain things la blah

2121

01:36:03,409 --> 01:36:01,389

blah

2122

01:36:05,970 --> 01:36:03,419

there was this agent Richard Doty and

2123

01:36:07,380 --> 01:36:05,980

you know essentially we don't

2124

01:36:09,900 --> 01:36:07,390

want anything like that happening again

2125

01:36:11,580 --> 01:36:09,910

that was blah blah blah so forth so he

2126

01:36:13,290 --> 01:36:11,590

was a cautionary tale to me I never met

2127

01:36:16,020 --> 01:36:13,300

the man I've only spoken with him

2128

01:36:20,130 --> 01:36:16,030

privately once I think two years ago via

2129

01:36:22,140 --> 01:36:20,140

Facebook direct message but he was not

2130

01:36:24,750 --> 01:36:22,150

you know he was not presented as the

2131

01:36:26,940 --> 01:36:24,760

shining example of you know doing things

2132

01:36:31,050 --> 01:36:26,950

right when I was in before I ever heard

2133

01:36:34,979 --> 01:36:31,060

of him this was in 94 and and what

2134

01:36:37,500 --> 01:36:34,989

exactly did were his his issues that

2135

01:36:41,060 --> 01:36:37,510

what where did he go wrong because there

2136

01:36:43,740 --> 01:36:41,070

were other people involved not just him

2137

01:36:46,460 --> 01:36:43,750

so say exactly yeah there were other

2138

01:36:50,370 --> 01:36:46,470

people involved and I have said before

2139

01:36:52,500 --> 01:36:50,380

that when I finally learned more from

2140

01:36:55,140 --> 01:36:52,510

the public perspective and through you

2141

01:36:57,180 --> 01:36:55,150

know Greg and more details on this book

2142

01:36:59,280 --> 01:36:57,190

when I get asked this I say look and all

2143

01:37:01,320 --> 01:36:59,290

fairness on the other side of this coin

2144

01:37:03,390 --> 01:37:01,330

I've given you this the one side I was

2145

01:37:05,520 --> 01:37:03,400

told but on the other side after having

2146

01:37:07,740 --> 01:37:05,530

been an OSI agent has been in this the

2147

01:37:08,940 --> 01:37:07,750

world that you know he and I were in I

2148

01:37:11,010 --> 01:37:08,950

tell people all the time

2149

01:37:12,750 --> 01:37:11,020

I'm not going to ultimately judge

2150

01:37:17,300 --> 01:37:12,760

Richard Doty on the bennewitz affair

2151

01:37:22,860 --> 01:37:17,310

until I get to see the case file and so

2152

01:37:25,650 --> 01:37:22,870

really you can't judge Richard Doty that

2153

01:37:27,570 --> 01:37:25,660

harshly all of us being ignorant of

2154

01:37:30,479 --> 01:37:27,580

what's in that case file that case file

2155

01:37:32,220 --> 01:37:30,489

on all of that could have some stuff in

2156

01:37:35,190 --> 01:37:32,230

it that would really enlighten people

2157

01:37:38,300 --> 01:37:35,200

and might even in their own minds

2158

01:37:41,100 --> 01:37:38,310

exonerate you know the Air Force and

2159

01:37:42,270 --> 01:37:41,110

implicate you know another organization

2160

01:37:46,920 --> 01:37:42,280

because we know there were other

2161

01:37:49,080 --> 01:37:46,930

organizations involved but you know

2162

01:37:51,270 --> 01:37:49,090

that's the one thing you know that

2163

01:37:53,000 --> 01:37:51,280

people can point to as far as what we're

2164

01:37:56,010 --> 01:37:53,010

talking about with perception management

2165

01:37:58,110 --> 01:37:56,020

right right Richard's gonna be on the

2166

01:38:03,300 --> 01:37:58,120

show either sometime in August or

2167

01:38:04,740 --> 01:38:03,310

September and I did ask him I did ask

2168

01:38:06,180 --> 01:38:04,750

him if there was anything I couldn't

2169

01:38:07,200 --> 01:38:06,190

talk about he said well of course he

2170

01:38:08,880 --> 01:38:07,210

can't talk about anything that's

2171

01:38:11,130 --> 01:38:08,890

classified I said yes of course right

2172

01:38:12,780 --> 01:38:11,140

but I said is there can I want to talk

2173

01:38:15,600 --> 01:38:12,790

about the Paul bennewitz case you know

2174

01:38:17,739 --> 01:38:15,610

kind let's talk about that and and he

2175

01:38:20,500 --> 01:38:17,749

said that he's fine and

2176  
01:38:22,750 --> 01:38:20,510  
so it should be an interesting show I'm

2177  
01:38:24,609 --> 01:38:22,760  
sure there'll be a lot of people wanting

2178  
01:38:26,049 --> 01:38:24,619  
to ask questions on that so when I set

2179  
01:38:27,969 --> 01:38:26,059  
the date I'll announce that but it's

2180  
01:38:30,879 --> 01:38:27,979  
probably sometime late August early

2181  
01:38:33,100 --> 01:38:30,889  
September or something like that but

2182  
01:38:36,520 --> 01:38:33,110  
yeah you know you see the situation

2183  
01:38:39,489 --> 01:38:36,530  
where he gets involved and you know the

2184  
01:38:41,589 --> 01:38:39,499  
and Greg Bishop I know did write a

2185  
01:38:43,299 --> 01:38:41,599  
wonderful book about it

2186  
01:38:47,620 --> 01:38:43,309  
Chris Lambright who's a friend of mine

2187  
01:38:50,709 --> 01:38:47,630  
also wrote half of his book X descending

2188  
01:38:53,020 --> 01:38:50,719

on the Paul bennewitz case and it's a

2189

01:38:55,120 --> 01:38:53,030

sad situation you know we have talked

2190

01:38:57,640 --> 01:38:55,130

about it on the show a number of times

2191

01:39:00,250 --> 01:38:57,650

but just the the whole thing I feel so

2192

01:39:03,100 --> 01:39:00,260

he was really really used Paul Bennett

2193

01:39:05,919 --> 01:39:03,110

Paul bennewitz was in general just

2194

01:39:07,410 --> 01:39:05,929

because he probably did see I will agree

2195

01:39:10,540 --> 01:39:07,420

with you he probably did see military

2196

01:39:13,379 --> 01:39:10,550

you know experimental aircraft or just

2197

01:39:16,029 --> 01:39:13,389

plain you know technology some

2198

01:39:19,330 --> 01:39:16,039

technology that they at the time just

2199

01:39:22,270 --> 01:39:19,340

didn't want people paying too much or

2200

01:39:23,910 --> 01:39:22,280

any attention to it all yeah yeah the

2201

01:39:27,430 --> 01:39:23,920

whole thing is unfortunate and tragic

2202

01:39:30,250 --> 01:39:27,440

yeah and this goes back to the 1980s I

2203

01:39:32,739 --> 01:39:30,260

believe is that one yeah and so you

2204

01:39:35,200 --> 01:39:32,749

think of it you know if they had this

2205

01:39:37,330 --> 01:39:35,210

unusual technology all the way back then

2206

01:39:40,209 --> 01:39:37,340

and the way technology gropes and leap

2207

01:39:42,729 --> 01:39:40,219

grows them leaps and bounds you know who

2208

01:39:45,370 --> 01:39:42,739

knows what they have out there but I

2209

01:39:46,779 --> 01:39:45,380

really don't believe you know when it

2210

01:39:49,180 --> 01:39:46,789

comes to the Nimitz case and the

2211

01:39:51,100 --> 01:39:49,190

tic-tacs I would have a very hard time

2212

01:39:53,709 --> 01:39:51,110

believing that those who are actually

2213

01:39:57,339 --> 01:39:53,719

our technology really just with all the

2214

01:40:00,009 --> 01:39:57,349

everything that it did bring yeah yeah

2215

01:40:03,310 --> 01:40:00,019

not at all couldn't possibly be anything

2216

01:40:05,799 --> 01:40:03,320

well that you think about the g-forces

2217

01:40:08,709 --> 01:40:05,809

and in the right-hand turns and things

2218

01:40:10,870 --> 01:40:08,719

like that and that collagen it eyelids

2219

01:40:13,120 --> 01:40:10,880

right what's that I'm not talking about

2220

01:40:14,680 --> 01:40:13,130

pilots obviously I'm not talking yeah

2221

01:40:16,779 --> 01:40:14,690

but I'm not talking about what a pilot

2222

01:40:19,299 --> 01:40:16,789

would take in a g-force talking about

2223

01:40:20,919 --> 01:40:19,309

the equipment itself there's nothing

2224

01:40:23,469 --> 01:40:20,929

that could really hold together that we

2225

01:40:26,379 --> 01:40:23,479

have that we know are as you know as far

2226

01:40:28,180 --> 01:40:26,389

as we know that we know about yeah but

2227

01:40:30,580 --> 01:40:28,190

here's the thing people like for

2228

01:40:32,720 --> 01:40:30,590

instance and I'm just analyzing I'm not

2229

01:40:35,060 --> 01:40:32,730

coming

2230

01:40:37,370 --> 01:40:35,070

that Clause at the end of your sentence

2231

01:40:39,740 --> 01:40:37,380

people a lot of people will dismiss

2232

01:40:44,990 --> 01:40:39,750

thinking about that but that we know

2233

01:40:47,930 --> 01:40:45,000

about is a huge fat marginal of clause

2234

01:40:51,380 --> 01:40:47,940

there that the the it's the that we

2235

01:40:54,710 --> 01:40:51,390

don't know about that is a lot more

2236

01:40:57,290 --> 01:40:54,720

important than a lot of folks really

2237

01:41:00,650 --> 01:40:57,300

want to acknowledge or or do acknowledge

2238

01:41:03,080 --> 01:41:00,660

you know naturally and that's the key

2239

01:41:05,030 --> 01:41:03,090

that we know about oh yeah you and I

2240

01:41:09,970 --> 01:41:05,040

don't know that there's not some type of

2241

01:41:12,710 --> 01:41:09,980

been some type of you know super metals

2242

01:41:16,270 --> 01:41:12,720

you know that they've put together or

2243

01:41:18,280 --> 01:41:16,280

super what's the word not metals but

2244

01:41:22,940 --> 01:41:18,290

plastics

2245

01:41:24,710 --> 01:41:22,950

metamaterials metamaterials okay we only

2246

01:41:26,240 --> 01:41:24,720

have a minute we don't know we only have

2247

01:41:28,040 --> 01:41:26,250

a minute left but I do want to I do want

2248

01:41:30,260 --> 01:41:28,050

to make this point though huh people

2249

01:41:31,850 --> 01:41:30,270

have been seeing this type of technology

2250

01:41:33,350 --> 01:41:31,860

for 50 years

2251

01:41:34,700 --> 01:41:33,360

and I don't think there's any way

2252

01:41:37,430 --> 01:41:34,710

possible that we could have hidden

2253

01:41:39,380 --> 01:41:37,440

something like that or why we wouldn't

2254

01:41:44,090 --> 01:41:39,390

use it in a war situation if we had that

2255

01:41:45,830 --> 01:41:44,100

technology I've heard that in the first

2256

01:41:47,720 --> 01:41:45,840

Gulf War and I heard this when I was on

2257

01:41:49,520 --> 01:41:47,730

active duty that there was something

2258

01:41:50,810 --> 01:41:49,530

that was deployed even before the

2259

01:41:56,150 --> 01:41:50,820

stealth one ahead of the stealth

2260

01:41:58,460 --> 01:41:56,160

fighters that was so bizarre to the

2261

01:41:59,870 --> 01:41:58,470

enemy forces that saw it that it scared

2262

01:42:03,680 --> 01:41:59,880

the hell out of them it was something

2263

01:42:07,130 --> 01:42:03,690

that was in flight and I was never able

2264

01:42:09,560 --> 01:42:07,140

to learn more details about that so Wow

2265

01:42:11,720 --> 01:42:09,570

you know well we are out of time I hate

2266

01:42:13,910 --> 01:42:11,730

to say it we're out of time thanks so

2267

01:42:16,340 --> 01:42:13,920

much for for being on the show it's been

2268

01:42:18,920 --> 01:42:16,350

a it's been a real pleasure thank you

2269

01:42:21,200 --> 01:42:18,930
