

MICHAEL HALL

1
00:00:35,850 --> 00:00:14,560

[Music]

2
00:00:40,660 --> 00:00:38,500

hello and welcome to the show on Martin

3
00:00:43,150 --> 00:00:40,670

will assure host and we have Alejandro

4
00:00:46,180 --> 00:00:43,160

Rojas coming up with UFO updates and

5
00:00:49,180 --> 00:00:46,190

just a minute here before that I did

6
00:00:53,340 --> 00:00:49,190

want to say talk about our guest he is

7
00:00:56,470 --> 00:00:53,350

Michael Hall he has quite a background

8
00:01:00,729 --> 00:00:56,480

he was a former Superior Court Judge Pro

9
00:01:02,500 --> 00:01:00,739

Tem certified mediator and he's also

10
00:01:05,259 --> 00:01:02,510

into UFOs we're going to be talking a

11
00:01:08,649 --> 00:01:05,269

lot about that and he's out on the west

12
00:01:12,580 --> 00:01:08,659

coast in near the Seattle area

13
00:01:14,140 --> 00:01:12,590

Washington State anyway so I wanted to

14

00:01:17,290 --> 00:01:14,150

just say something really quickly here

15

00:01:19,090 --> 00:01:17,300

because a lot of times you know I get

16

00:01:20,770 --> 00:01:19,100

there's a lot of negative feedback on

17

00:01:22,390 --> 00:01:20,780

YouTube then that's just the way it is I

18

00:01:25,930 --> 00:01:22,400

understand that a lot of times I don't

19

00:01:28,030 --> 00:01:25,940

read any of the messages so that's why

20

00:01:29,889 --> 00:01:28,040

sometimes I never respond but sometimes

21

00:01:31,149 --> 00:01:29,899

like I do read them and I see some

22

00:01:32,980 --> 00:01:31,159

really good points that someone makes

23

00:01:36,609 --> 00:01:32,990

and sometimes really good critiques so I

24

00:01:39,359 --> 00:01:36,619

take it all and I do want to I got this

25

00:01:42,100 --> 00:01:39,369

really nice message and I've always been

26

00:01:44,279 --> 00:01:42,110

you know a little bit concerned about my

27

00:01:46,840 --> 00:01:44,289

professional life when it comes to UFOs

28

00:01:48,520 --> 00:01:46,850

and how they may cross so I got this

29

00:01:50,830 --> 00:01:48,530

mail I'm just gonna read it to you

30

00:01:55,060 --> 00:01:50,840

because I thought it was really nice and

31

00:01:58,330 --> 00:01:55,070

I really liked getting it so I'm a

32

00:02:01,029 --> 00:01:58,340

longtime listener to the antiques forum

33

00:02:02,889 --> 00:02:01,039

that's my that's my show I do a podcast

34

00:02:06,609 --> 00:02:02,899

on antiques called the antiques auction

35

00:02:11,440 --> 00:02:06,619

forum and he writes here that he found

36

00:02:13,960 --> 00:02:11,450

my UFO show and boy was I surprised and

37

00:02:16,360 --> 00:02:13,970

skeptical but I thought I'd listen to a

38

00:02:18,490 --> 00:02:16,370

couple of episodes as I hold you in high

39

00:02:20,170 --> 00:02:18,500

regard and believe you to be a

40

00:02:21,820 --> 00:02:20,180

straight-up guy anyway

41

00:02:24,250 --> 00:02:21,830

the second episode I listened to was

42

00:02:26,770 --> 00:02:24,260

about the Nimitz case and boy I soon

43

00:02:30,130 --> 00:02:26,780

learned why you have an interest in this

44

00:02:33,759 --> 00:02:30,140

area my views have changed quite a bit

45

00:02:35,170 --> 00:02:33,769

with such credible witnesses so since

46

00:02:36,970 --> 00:02:35,180

then I've listened to a few and I've

47

00:02:39,100 --> 00:02:36,980

done my own googling on the Nimitz case

48

00:02:41,680 --> 00:02:39,110

in particular I really like the

49

00:02:44,170 --> 00:02:41,690

you bring your logical antiques brain to

50

00:02:46,750 --> 00:02:44,180

the program and seek to find the truth

51
00:02:48,880 --> 00:02:46,760
and call out the fakes that is healthy

52
00:02:51,430 --> 00:02:48,890
as I like many people tend to lump

53
00:02:53,110 --> 00:02:51,440
everything together incidentally I'm

54
00:02:55,600 --> 00:02:53,120
into boating so we share a couple of

55
00:02:58,090 --> 00:02:55,610
interest and now you can add UFOs to

56
00:03:00,190 --> 00:02:58,100
that anyway he says a lot of really kind

57
00:03:02,470 --> 00:03:00,200
things I just thought I'd I'd add that

58
00:03:04,780 --> 00:03:02,480
to this show because I thought it was a

59
00:03:07,270 --> 00:03:04,790
very nice thing for someone to write and

60
00:03:12,699 --> 00:03:07,280
also it's probably the first vindication

61
00:03:15,100 --> 00:03:12,709
that I really had that people are okay

62
00:03:19,750 --> 00:03:15,110
with me doing UFOs and antiques at the

63
00:03:21,820 --> 00:03:19,760

same time Alejandro so nice letter

64

00:03:23,440 --> 00:03:21,830

wasn't it that was nice nice note to get

65

00:03:25,330 --> 00:03:23,450

a great letter and it's funny because

66

00:03:28,330 --> 00:03:25,340

you say it was an indication that people

67

00:03:30,280 --> 00:03:28,340

are into ok with you he that's what's

68

00:03:32,650 --> 00:03:30,290

funny he wasn't at first he was thinking

69

00:03:35,680 --> 00:03:32,660

oh great Martin I like this guy and he

70

00:03:38,410 --> 00:03:35,690

said he turns out he's a UFO weirdo but

71

00:03:40,479 --> 00:03:38,420

luckily he liked you enough to listen to

72

00:03:42,670 --> 00:03:40,489

the show and saw there was credible

73

00:03:44,710 --> 00:03:42,680

stuff so that's really cool it's great

74

00:03:46,930 --> 00:03:44,720

story oh by the way he said I could say

75

00:03:51,039 --> 00:03:46,940

his name he's Tony and he's from Sydney

76

00:03:53,470 --> 00:03:51,049

Australia so thank you yeah yes yeah

77

00:03:56,110 --> 00:03:53,480

have a lot of listeners by the way I'm

78

00:03:59,140 --> 00:03:56,120

sure you do too in Australia a country

79

00:04:00,699 --> 00:03:59,150

of what 26 million people it's like 2nd

80

00:04:02,740 --> 00:04:00,709

out of people down there yeah like

81

00:04:04,840 --> 00:04:02,750

second or third as far as listeners to

82

00:04:06,789 --> 00:04:04,850

the show which is great I would love to

83

00:04:09,220 --> 00:04:06,799

go out there too and visit sometime Ben

84

00:04:12,580 --> 00:04:09,230

Hansen our good buddy goes out there and

85

00:04:15,400 --> 00:04:12,590

does talks out there yeah why not once a

86

00:04:16,900 --> 00:04:15,410

year it's a longer that'd be fun takes

87

00:04:18,520 --> 00:04:16,910

forever to get there but I really want

88

00:04:21,729 --> 00:04:18,530

to go there in the winter that winter

89

00:04:24,190 --> 00:04:21,739

here summer there yeah that'd be great

90

00:04:25,630 --> 00:04:24,200

yeah so what's going on in the UFO world

91

00:04:28,060 --> 00:04:25,640

quite a bit again

92

00:04:30,820 --> 00:04:28,070

a lot as usual of course the biggest

93

00:04:33,850 --> 00:04:30,830

story is this thing about storming area

94

00:04:35,860 --> 00:04:33,860

51 so I wrote a story this weekend and

95

00:04:38,140 --> 00:04:35,870

this isn't just to plug my story of

96

00:04:40,090 --> 00:04:38,150

course it is largely about that but also

97

00:04:42,219 --> 00:04:40,100

to talk about the details in the story

98

00:04:44,980 --> 00:04:42,229

what I wrote was the people have gone

99

00:04:47,170 --> 00:04:44,990

past the warning signs at area 51 and I

100

00:04:49,150 --> 00:04:47,180

put this on my blog at all 102 Rojas

101
00:04:50,980 --> 00:04:49,160
comm but I actually wrote it for the

102
00:04:52,720 --> 00:04:50,990
Roswell Daily Record so some form of

103
00:04:55,150 --> 00:04:52,730
it'll go up there

104
00:04:57,690 --> 00:04:55,160
my point is as I was writing the story

105
00:05:00,850 --> 00:04:57,700
this weekend the clicker was at about

106
00:05:05,770 --> 00:05:00,860
690 thousand by the time I finished my

107
00:05:11,530 --> 00:05:05,780
story it was out up to about 710 now it

108
00:05:13,330 --> 00:05:11,540
is add if I saw right 1.4 million so

109
00:05:15,700 --> 00:05:13,340
it's doubled since just a couple days

110
00:05:18,340 --> 00:05:15,710
ago when I wrote my story so this thing

111
00:05:21,040 --> 00:05:18,350
is really going up and up and I actually

112
00:05:23,770 --> 00:05:21,050
contacted the Lincoln County Sheriff's

113
00:05:25,480 --> 00:05:23,780

Department and here's why if you read my

114

00:05:27,760 --> 00:05:25,490

story my story is about three different

115

00:05:29,620 --> 00:05:27,770

people who went across the line and what

116

00:05:32,530 --> 00:05:29,630

happened to them and essentially what

117

00:05:34,150 --> 00:05:32,540

happens is the guards hold you until the

118

00:05:36,160 --> 00:05:34,160

police come because they're it's their

119

00:05:38,140 --> 00:05:36,170

jurisdiction but you could be waiting

120

00:05:41,080 --> 00:05:38,150

there with your face in the dirt for a

121

00:05:43,150 --> 00:05:41,090

long time before and you'll be

122

00:05:46,600 --> 00:05:43,160

manhandled and shoved in the dirt you

123

00:05:48,400 --> 00:05:46,610

know until you the police get there the

124

00:05:50,350 --> 00:05:48,410

police had no comment they said we're

125

00:05:52,440 --> 00:05:50,360

aware of this but we have no comment

126

00:05:54,610 --> 00:05:52,450

however the air force has told

127

00:05:58,210 --> 00:05:54,620

Washington Post you know we're ready for

128

00:05:59,140 --> 00:05:58,220

you don't do it and we're gonna be ready

129

00:06:01,210 --> 00:05:59,150

if you try it

130

00:06:02,680 --> 00:06:01,220

so yeah it's amazing that this is

131

00:06:04,810 --> 00:06:02,690

getting news all over the place the

132

00:06:07,240 --> 00:06:04,820

question is are people going to show up

133

00:06:10,530 --> 00:06:07,250

sure it started as a hoax

134

00:06:13,060 --> 00:06:10,540

apparently in fact if I look at the

135

00:06:16,570 --> 00:06:13,070

description for the event all it says is

136

00:06:19,210 --> 00:06:16,580

we will all meet up at the area 51 alien

137

00:06:22,780 --> 00:06:19,220

Center tourist attraction and coordinate

138

00:06:24,970 --> 00:06:22,790

our entry if we Naruto run we can move

139

00:06:27,310 --> 00:06:24,980

faster than their bullets let's see them

140

00:06:28,570 --> 00:06:27,320

alive and the rudos a cartoonist for

141

00:06:30,970 --> 00:06:28,580

those of you don't know these kids

142

00:06:33,970 --> 00:06:30,980

training to be ninjas so they run very

143

00:06:37,690 --> 00:06:33,980

fast and they dodged a bullet so even

144

00:06:40,510 --> 00:06:37,700

though this seemed to be a joke to begin

145

00:06:41,950 --> 00:06:40,520

with you know with 1.4 million you think

146

00:06:44,680 --> 00:06:41,960

I think people are gonna show up and

147

00:06:47,260 --> 00:06:44,690

what's scary is people like George Knapp

148

00:06:49,560 --> 00:06:47,270

or Nick Pope I've retweeted their tweets

149

00:06:52,210 --> 00:06:49,570

saying hey this is a really dumb idea

150

00:06:53,710 --> 00:06:52,220

George Knapp so it's funny hey if you do

151
00:06:56,140 --> 00:06:53,720
it it's gonna make for a good story that

152
00:06:58,270 --> 00:06:56,150
alright you know cuz they're in Las

153
00:07:00,400 --> 00:06:58,280
Vegas but don't do it cuz it's dumb and

154
00:07:02,200 --> 00:07:00,410
I was surprised at the number of

155
00:07:03,550 --> 00:07:02,210
negative responses they got where people

156
00:07:06,110 --> 00:07:03,560
are like oh you're just being negative

157
00:07:09,560 --> 00:07:06,120
you just don't want us to find the truth

158
00:07:11,810 --> 00:07:09,570
disinformation agent yeah exactly so

159
00:07:14,960 --> 00:07:11,820
there's a host of people out there who I

160
00:07:17,090 --> 00:07:14,970
think are taking this seriously so I

161
00:07:19,700 --> 00:07:17,100
hope that the authority is already and

162
00:07:20,570 --> 00:07:19,710
we'll see what happens I think it is a

163
00:07:24,740 --> 00:07:20,580

bad idea

164

00:07:27,740 --> 00:07:24,750

and I think I might I'm really highly

165

00:07:30,290 --> 00:07:27,750

considering going just to cover what may

166

00:07:32,900 --> 00:07:30,300

or may not happen when DUP I was on on

167

00:07:35,689 --> 00:07:32,910

your show yes we talked on your show

168

00:07:37,250 --> 00:07:35,699

about this as well and we were talking

169

00:07:40,189 --> 00:07:37,260

about the possibility of Facebook

170

00:07:41,719 --> 00:07:40,199

shutting that down which I I hope they

171

00:07:44,300 --> 00:07:41,729

do but I was just thinking about this

172

00:07:47,600 --> 00:07:44,310

today if facebook did shut it down

173

00:07:49,610 --> 00:07:47,610

today I bet something would still happen

174

00:07:52,189 --> 00:07:49,620

you know I mean because there's so many

175

00:07:54,680 --> 00:07:52,199

people involved it would still be a new

176

00:07:56,090 --> 00:07:54,690

story and of course we were talking

177

00:07:58,189 --> 00:07:56,100

about shutting it down because

178

00:08:02,330 --> 00:07:58,199

essentially it's illegal you can't storm

179

00:08:05,150 --> 00:08:02,340

area51 that's illegal and so this post

180

00:08:07,219 --> 00:08:05,160

is advocating and spent essentially a

181

00:08:11,779 --> 00:08:07,229

real conspiracy to MIT commit a crime

182

00:08:13,490 --> 00:08:11,789

with 1.4 million people at area 51 so

183

00:08:15,560 --> 00:08:13,500

that's why we were speculating maybe

184

00:08:17,330 --> 00:08:15,570

they'll shut it down they haven't yet

185

00:08:19,100 --> 00:08:17,340

and I don't know that they will of

186

00:08:21,800 --> 00:08:19,110

course they have a lot of time to do it

187

00:08:25,700 --> 00:08:21,810

this event isn't planned until September

188

00:08:27,350 --> 00:08:25,710

20th so it'll be really interesting I

189

00:08:30,589 --> 00:08:27,360

wonder how many of your listeners have

190

00:08:32,779 --> 00:08:30,599

clicked the going button I click the

191

00:08:35,420 --> 00:08:32,789

interested button I'm interested to see

192

00:08:38,449 --> 00:08:35,430

what happened there's about 1.1 an

193

00:08:41,180 --> 00:08:38,459

interested people a million interested

194

00:08:43,459 --> 00:08:41,190

people 1.4 million say they're going so

195

00:08:45,110 --> 00:08:43,469

yeah that's a big new story that's all

196

00:08:46,820 --> 00:08:45,120

over the place but I'm really proud of

197

00:08:48,230 --> 00:08:46,830

my story cuz I've written this about

198

00:08:50,720 --> 00:08:48,240

these other people who've gone across

199

00:08:52,310 --> 00:08:50,730

and some of it's pretty fun and a couple

200

00:08:54,560 --> 00:08:52,320

of these stories that I posted have

201
00:08:57,410 --> 00:08:54,570
videos so you can actually see what

202
00:09:00,650 --> 00:08:57,420
happens yeah if you check that out but

203
00:09:03,079 --> 00:09:00,660
yeah that's a big story out there so

204
00:09:05,180 --> 00:09:03,089
what what happens when you click on it

205
00:09:08,060 --> 00:09:05,190
that you're interested are you getting

206
00:09:10,460 --> 00:09:08,070
any like notices or something like that

207
00:09:12,500 --> 00:09:10,470
you know what I haven't noticed that

208
00:09:14,990 --> 00:09:12,510
I've been getting any notices at all to

209
00:09:16,910 --> 00:09:15,000
be honest I thought maybe I would but

210
00:09:18,650 --> 00:09:16,920
I'm not sure what kind of notice is I

211
00:09:19,879 --> 00:09:18,660
would get but I haven't been getting

212
00:09:22,030 --> 00:09:19,889
anything that I've known

213
00:09:25,189 --> 00:09:22,040

at all of course I'm overwhelmed with

214

00:09:27,169 --> 00:09:25,199

notifications on and comments on so much

215

00:09:28,970 --> 00:09:27,179

other things going on on Facebook that I

216

00:09:31,239 --> 00:09:28,980

could have missed it

217

00:09:35,449 --> 00:09:31,249

but yeah so far I haven't seen anything

218

00:09:37,609 --> 00:09:35,459

yeah yeah well well this will be really

219

00:09:39,409 --> 00:09:37,619

interesting how it plays out and I just

220

00:09:42,019 --> 00:09:39,419

hope no one gets hurt you know and and

221

00:09:45,049 --> 00:09:42,029

no one really wants to spend time in the

222

00:09:46,369 --> 00:09:45,059

dirt yeah exactly no one wants to spend

223

00:09:48,019 --> 00:09:46,379

time in the dirt and it was funny

224

00:09:50,509 --> 00:09:48,029

because I told these stories of course

225

00:09:52,280 --> 00:09:50,519

when I was going with a Kardashian Syria

226

00:09:54,199 --> 00:09:52,290

vision when I got to take them I told

227

00:09:55,879 --> 00:09:54,209

these stories to them on the way up to

228

00:09:58,400 --> 00:09:55,889

make it sure they understood do not

229

00:10:00,139 --> 00:09:58,410

cross those lines yeah and if you watch

230

00:10:01,759 --> 00:10:00,149

this show they were really freaking out

231

00:10:04,519 --> 00:10:01,769

there telling their dad at the time

232

00:10:06,280 --> 00:10:04,529

Bruce now Caitlyn doe cross doe cross

233

00:10:11,329 --> 00:10:06,290

and he kind of tried to scare him but

234

00:10:13,549 --> 00:10:11,339

yeah I would not want to to experience

235

00:10:15,829 --> 00:10:13,559

that but you were telling me about a

236

00:10:17,989 --> 00:10:15,839

listener we were talking before we came

237

00:10:18,710 --> 00:10:17,999

on who was mentioning a Popular

238

00:10:22,609 --> 00:10:18,720

Mechanics

239

00:10:25,429 --> 00:10:22,619

yes story and besides this area 51 story

240

00:10:28,429 --> 00:10:25,439

we've had a lot of very positive media

241

00:10:30,979 --> 00:10:28,439

talk about UFOs and this popular

242

00:10:33,650 --> 00:10:30,989

mechanic one is a good one it's the same

243

00:10:35,150 --> 00:10:33,660

and I like it because I'm a fan of

244

00:10:37,759 --> 00:10:35,160

Popular Mechanics but they've always

245

00:10:39,679 --> 00:10:37,769

been very negative in fact when I was

246

00:10:41,720 --> 00:10:39,689

back with MUFON they wrote this really

247

00:10:45,379 --> 00:10:41,730

bad one it was during the Stephen bill

248

00:10:47,780 --> 00:10:45,389

bill years it was terrible but this

249

00:10:50,479 --> 00:10:47,790

article is pretty good it's it's I don't

250

00:10:52,819 --> 00:10:50,489

know but it says five scientific reasons

251
00:10:54,350 --> 00:10:52,829
for believing in aliens and I'm gonna go

252
00:10:57,169 --> 00:10:54,360
over the five reasons real quick here

253
00:10:59,359 --> 00:10:57,179
SETI Institute I don't think this is a

254
00:11:01,309 --> 00:10:59,369
scientific reason for believing in

255
00:11:03,199 --> 00:11:01,319
aliens it just means that these things

256
00:11:05,600 --> 00:11:03,209
believe in aliens yeah and they're

257
00:11:07,489 --> 00:11:05,610
searching for aliens so maybe I guess

258
00:11:10,249 --> 00:11:07,499
because these scientists do that you

259
00:11:12,169 --> 00:11:10,259
should too number two is UFOs peak the

260
00:11:14,150 --> 00:11:12,179
Pentagon's interest that doesn't mean

261
00:11:16,069 --> 00:11:14,160
you should believe in aliens or nor does

262
00:11:18,710 --> 00:11:16,079
it give the nor have they said they have

263
00:11:20,509 --> 00:11:18,720

scientific evidence of aliens but it's

264

00:11:23,539 --> 00:11:20,519

still a great story so I'm glad that

265

00:11:24,979 --> 00:11:23,549

they include it 3 the Navy jet UFO

266

00:11:27,129 --> 00:11:24,989

encounters those of course are

267

00:11:29,600 --> 00:11:27,139

interesting we've had witnesses on

268

00:11:32,809 --> 00:11:29,610

scientifically you know they're

269

00:11:33,769 --> 00:11:32,819

interesting for is a Momoa which I don't

270

00:11:35,780 --> 00:11:33,779

think is alien

271

00:11:38,540 --> 00:11:35,790

at all it's probably you know just kind

272

00:11:40,100 --> 00:11:38,550

of some natural thing here but that

273

00:11:43,009 --> 00:11:40,110

scientists we're talking about aliens

274

00:11:45,410 --> 00:11:43,019

around it is interesting and then five a

275

00:11:47,540 --> 00:11:45,420

plethora of exoplanets and I think this

276

00:11:50,389 --> 00:11:47,550

is the best scientific case just to show

277

00:11:52,119 --> 00:11:50,399

that there are way way way more planets

278

00:11:55,249 --> 00:11:52,129

out there than even the scientists

279

00:11:57,499 --> 00:11:55,259

expected and of course if our lonely

280

00:12:01,100 --> 00:11:57,509

little planet here that we know so well

281

00:12:03,319 --> 00:12:01,110

has life on it then what are the chances

282

00:12:05,389 --> 00:12:03,329

that the numerous of millions and

283

00:12:07,189 --> 00:12:05,399

millions of other planets out there may

284

00:12:10,040 --> 00:12:07,199

have intelligent life as well the odds

285

00:12:12,470 --> 00:12:10,050

are probably pretty good so it is a

286

00:12:16,309 --> 00:12:12,480

great Popular Mechanics a piece there

287

00:12:19,189 --> 00:12:16,319

but otherwise lots of other UFO news

288

00:12:21,439 --> 00:12:19,199

going on if you want to know more about

289

00:12:23,809 --> 00:12:21,449

that the headlines out there of course

290

00:12:25,460 --> 00:12:23,819

go to the front page of open mind TV and

291

00:12:27,559 --> 00:12:25,470

you'll see them there in the headlines

292

00:12:29,720 --> 00:12:27,569

well hey I just looked in chat we have

293

00:12:31,939 --> 00:12:29,730

Kevin day in chat and Chris Lambright

294

00:12:32,689 --> 00:12:31,949

Wow it's an all-star chat this evening

295

00:12:36,679 --> 00:12:32,699

awesome

296

00:12:38,269 --> 00:12:36,689

can't wait to meet him at the UFO

297

00:12:40,460 --> 00:12:38,279

Congress doesn't be speaking out to

298

00:12:43,160 --> 00:12:40,470

Congress that's right that's right hey

299

00:12:45,170 --> 00:12:43,170

Alejandro thank you so much and thank

300

00:12:45,590 --> 00:12:45,180

you it will talk to you next week have a

301
00:12:47,929 --> 00:12:45,600
good one

302
00:12:48,619 --> 00:12:47,939
all right next week and don't storm area

303
00:12:51,139 --> 00:12:48,629
51

304
00:12:53,480 --> 00:12:51,149
yeah don't plan on it but I'll take

305
00:12:55,670 --> 00:12:53,490
pictures of the people who do yeah all

306
00:12:56,780 --> 00:12:55,680
right take care maybe some video yeah

307
00:12:59,509 --> 00:12:56,790
all right

308
00:13:03,379 --> 00:12:59,519
so our guest this evening is Michael

309
00:13:04,970 --> 00:13:03,389
hall and he is a former Superior Court

310
00:13:07,639 --> 00:13:04,980
Judge Pro Tem certified mediator

311
00:13:11,569 --> 00:13:07,649
founding and a founding partner of the

312
00:13:14,540 --> 00:13:11,579
hall or law firm anyway I'm gonna skip

313
00:13:17,389 --> 00:13:14,550

all the way down to this part where he

314

00:13:21,949 --> 00:13:17,399

has a lifelong interest in UFOs and

315

00:13:25,790 --> 00:13:21,959

we'll be talking about that and so much

316

00:13:28,429 --> 00:13:25,800

more he's also part of the UFO I team he

317

00:13:29,299 --> 00:13:28,439

just got back from some four-day

318

00:13:33,040 --> 00:13:29,309

excursion

319

00:13:38,679 --> 00:13:33,050

we're gonna talk about that and so

320

00:13:44,540 --> 00:13:41,720

hey Martin I'm doing really well good

321

00:13:46,610 --> 00:13:44,550

good my yeah I need your camera on yours

322

00:13:47,360 --> 00:13:46,620

no yeah I can see yeah yeah there you

323

00:13:49,250 --> 00:13:47,370

are

324

00:13:52,190 --> 00:13:49,260

right great thanks a lot welcome to the

325

00:13:54,680 --> 00:13:52,200

show well I'm really excited to be here

326

00:13:56,150 --> 00:13:54,690

thank you for having me on yes you're

327

00:13:57,620 --> 00:13:56,160

very welcome and we're going to be

328

00:13:59,900 --> 00:13:57,630

talking about all kinds of things for

329

00:14:02,990 --> 00:13:59,910

the person who is unaware of who you are

330

00:14:06,019 --> 00:14:03,000

can you go ahead and give them the

331

00:14:08,510 --> 00:14:06,029

thumbnail description of yeah what you

332

00:14:12,110 --> 00:14:08,520

do how you're how you get into this of

333

00:14:14,720 --> 00:14:12,120

this crazy subject of UFOs not so crazy

334

00:14:17,360 --> 00:14:14,730

anymore though yeah isn't that something

335

00:14:19,190 --> 00:14:17,370

exactly yeah well you know like most of

336

00:14:21,470 --> 00:14:19,200

us out there I've been interested in

337

00:14:24,590 --> 00:14:21,480

UFOs my entire life ever since I was a

338

00:14:27,950 --> 00:14:24,600

little kid I think my professional

339

00:14:30,110 --> 00:14:27,960

career basically started back in 1974 or

340

00:14:32,000 --> 00:14:30,120

so when I was a field investigator for

341

00:14:34,700 --> 00:14:32,010

the aerial phenomena research

342

00:14:38,150 --> 00:14:34,710

organization coral and Jim Lawrence ins

343

00:14:41,200 --> 00:14:38,160

group back in those days also over the

344

00:14:43,730 --> 00:14:41,210

years after I became attorney I became

345

00:14:45,440 --> 00:14:43,740

representing a lot of ufologists

346

00:14:48,410 --> 00:14:45,450

basically some of they're setting up

347

00:14:50,750 --> 00:14:48,420

their you know programs for their

348

00:14:52,160 --> 00:14:50,760

corporate entities and everyone's while

349

00:14:54,110 --> 00:14:52,170

there's some legal issues that come

350

00:14:56,660 --> 00:14:54,120

along for instance when Peter Davenport

351

00:14:59,150 --> 00:14:56,670

purchased his underground missile site

352

00:15:01,550 --> 00:14:59,160

in eastern oh yes yeah I was the guy who

353

00:15:04,100 --> 00:15:01,560

put that deal together for him Ben

354

00:15:07,060 --> 00:15:04,110

Peters attorney for the last 25 years

355

00:15:10,310 --> 00:15:07,070

and the national UFO Reporting Center

356

00:15:12,590 --> 00:15:10,320

also dr. Richard Haines the pilot

357

00:15:16,070 --> 00:15:12,600

reporting agency narc app and then their

358

00:15:20,240 --> 00:15:16,080

attorney since 99 I go back all the way

359

00:15:22,610 --> 00:15:20,250

to dr. James harder representing him

360

00:15:24,590 --> 00:15:22,620

back in the old days and I've heard that

361

00:15:26,480 --> 00:15:24,600

I've heard the name I'm not I don't know

362

00:15:28,640 --> 00:15:26,490

much about him but I have definitely

363

00:15:32,480 --> 00:15:28,650

heard the name mm-hmm well he was he was

364

00:15:35,150 --> 00:15:32,490

the lead scientist for a perl back in

365

00:15:37,430 --> 00:15:35,160

the 70s he was the first guy to get a

366

00:15:40,730 --> 00:15:37,440

hold of Travis Walton actually and do an

367

00:15:42,740 --> 00:15:40,740

actual investigation in it and hypnosis

368

00:15:46,850 --> 00:15:42,750

regression with the Travis initially

369

00:15:48,230 --> 00:15:46,860

after his 1975 sighting so yeah it goes

370

00:15:50,420 --> 00:15:48,240

back a long way

371

00:15:52,430 --> 00:15:50,430

of course I represent Grant Cameron with

372

00:15:55,010 --> 00:15:52,440

all these new breaking things that have

373

00:15:59,570 --> 00:15:55,020

been going on you know on the Wilson

374

00:16:02,810 --> 00:15:59,580

memo and the Santelli

375

00:16:05,090 --> 00:16:02,820

you know in an autopsy films all that

376

00:16:07,670 --> 00:16:05,100

stuff so uh I've been involved a long

377

00:16:10,010 --> 00:16:07,680

time and you know basically I'm way

378

00:16:12,650 --> 00:16:10,020

beyond the point of do aliens or UFOs

379

00:16:15,500 --> 00:16:12,660

exist we're trying to get down the

380

00:16:19,070 --> 00:16:15,510

bottom line of what what's behind the

381

00:16:21,980 --> 00:16:19,080

the issues and what's behind the big

382

00:16:24,740 --> 00:16:21,990

push for disclosure right now as we know

383

00:16:26,750 --> 00:16:24,750

in the mainstream industry media you

384

00:16:28,700 --> 00:16:26,760

know I've had a lot of people argue that

385

00:16:31,630 --> 00:16:28,710

point and they're saying there's been a

386

00:16:34,400 --> 00:16:31,640

softest disclosure for a long time and

387

00:16:38,210 --> 00:16:34,410

so what are you what are you sure you're

388

00:16:40,490 --> 00:16:38,220

come back from that that statement well

389

00:16:42,590 --> 00:16:40,500

you know you know grant Cameron would

390

00:16:44,390 --> 00:16:42,600

say that you know ever since he got into

391

00:16:47,120 --> 00:16:44,400

this thing about 40 years ago that there

392

00:16:49,850 --> 00:16:47,130

are these programs of soft disclosure

393

00:16:51,680 --> 00:16:49,860

they push something out they pull it

394

00:16:53,450 --> 00:16:51,690

back and then he pushed it out again and

395

00:16:56,030 --> 00:16:53,460

matter of fact a lot of the main players

396

00:16:57,890 --> 00:16:56,040

kind of morph from one organization to

397

00:17:00,770 --> 00:16:57,900

the other you know there was the Avery

398

00:17:03,050 --> 00:17:00,780

back in the old days then you know curse

399

00:17:05,449 --> 00:17:03,060

that means you know organization came

400

00:17:07,400 --> 00:17:05,459

along with Robert Bigelow and now the to

401
00:17:09,890 --> 00:17:07,410
the stars Academy it seems to be some of

402
00:17:13,160 --> 00:17:09,900
the same people involved throughout this

403
00:17:15,260 --> 00:17:13,170
whole disclosure process but I tell you

404
00:17:20,600 --> 00:17:15,270
what ever since that New York Times

405
00:17:22,610 --> 00:17:20,610
article December 16th 2017 came out it's

406
00:17:25,610 --> 00:17:22,620
up for some reason there was a massive

407
00:17:29,600 --> 00:17:25,620
agenda right now to red pill the public

408
00:17:31,340 --> 00:17:29,610
the issue of UFOs and eventually it's

409
00:17:34,100 --> 00:17:31,350
gonna have to be the issue of aliens as

410
00:17:36,950 --> 00:17:34,110
well so that's the fascinating thing and

411
00:17:39,350 --> 00:17:36,960
I have in my long career of over 40

412
00:17:42,620 --> 00:17:39,360
years studying this stuff pretty heavily

413
00:17:46,040 --> 00:17:42,630

I have never seen this push at this

414

00:17:49,190 --> 00:17:46,050

point on mainstream media on you know

415

00:17:51,230 --> 00:17:49,200

the History Channel all sorts of

416

00:17:53,840 --> 00:17:51,240

television series and movies coming out

417

00:17:56,750 --> 00:17:53,850

to actually get people up to speed on

418

00:17:58,580 --> 00:17:56,760

these strange paranormal issues that

419

00:18:01,160 --> 00:17:58,590

we're all gonna have to deal with if

420

00:18:03,530 --> 00:18:01,170

there's a huge paradigm shift happening

421

00:18:05,390 --> 00:18:03,540

and coming towards this you know one of

422

00:18:08,510 --> 00:18:05,400

the things up you know you mentioned

423

00:18:10,460 --> 00:18:08,520

aliens a couple of times there and the

424

00:18:12,440 --> 00:18:10,470

one thing that I've seen you know say

425

00:18:14,030 --> 00:18:12,450

for instance Lou Elizondo make

426

00:18:16,820 --> 00:18:14,040

quickly clear is that he doesn't want to

427

00:18:19,880 --> 00:18:16,830

use the word aliens it's just an unknown

428

00:18:21,500 --> 00:18:19,890

and are you actually thinking that I

429

00:18:24,890 --> 00:18:21,510

mean I like to hear other people's

430

00:18:27,140 --> 00:18:24,900

opinions but you have a your thought is

431

00:18:30,050 --> 00:18:27,150

that you think that it is actually

432

00:18:31,850 --> 00:18:30,060

aliens that we're seeing you know

433

00:18:33,650 --> 00:18:31,860

driving these crafts or there's all

434

00:18:36,500 --> 00:18:33,660

kinds of theories you do

435

00:18:40,640 --> 00:18:36,510

oh yeah no name you know the if if we've

436

00:18:43,460 --> 00:18:40,650

got our Top Gun pilots out there Luis

437

00:18:45,260 --> 00:18:43,470

Salazar doe Chris melon everybody in a

438

00:18:47,000 --> 00:18:45,270

tip for basically saying well we really

439

00:18:50,390 --> 00:18:47,010

don't know what these are but we can't

440

00:18:53,060 --> 00:18:50,400

do what they do you know there's no no

441

00:18:56,210 --> 00:18:53,070

chance out there that the Soviets of the

442

00:18:59,090 --> 00:18:56,220

Chinese or some advanced civilization on

443

00:19:01,430 --> 00:18:59,100

our own planet is creating these these

444

00:19:04,550 --> 00:19:01,440

crafts that can do these things so you

445

00:19:07,850 --> 00:19:04,560

know I basically I'm going towards the

446

00:19:11,300 --> 00:19:07,860

Verner von Braun you know prediction of

447

00:19:14,540 --> 00:19:11,310

the enemies out there that will be you

448

00:19:16,700 --> 00:19:14,550

know bracing our our borders here of

449

00:19:18,020 --> 00:19:16,710

course first was the Russians you know

450

00:19:20,450 --> 00:19:18,030

that was something that we needed to

451
00:19:22,610 --> 00:19:20,460
have during the Cold War and before and

452
00:19:24,620 --> 00:19:22,620
then of course it was the terrorists

453
00:19:27,350 --> 00:19:24,630
were the next issue that Verner von

454
00:19:28,970 --> 00:19:27,360
Braun brought up then of course the

455
00:19:31,190 --> 00:19:28,980
words rogue nations just you know

456
00:19:34,600 --> 00:19:31,200
various nations out there like you know

457
00:19:37,670 --> 00:19:34,610
North Korea whatever and the last one

458
00:19:38,960 --> 00:19:37,680
most notably was in the asteroids that

459
00:19:40,880 --> 00:19:38,970
was kind of fun well I remember when

460
00:19:44,060 --> 00:19:40,890
they were pushing those a few years back

461
00:19:45,950 --> 00:19:44,070
then of course the last false flag or

462
00:19:48,710 --> 00:19:45,960
you know enemy that we're gonna have to

463
00:19:50,540 --> 00:19:48,720

fight is the aliens so even though

464

00:19:53,150 --> 00:19:50,550

they're not talking about that you know

465

00:19:55,970 --> 00:19:53,160

on a tip and on an identified on the

466

00:19:57,830 --> 00:19:55,980

History Channel yet they sure did give

467

00:20:01,310 --> 00:19:57,840

you the impression that there is some

468

00:20:02,810 --> 00:20:01,320

threat out there and I think that's what

469

00:20:06,380 --> 00:20:02,820

they're gonna be heading towards

470

00:20:07,850 --> 00:20:06,390

national next is the evil alien agenda

471

00:20:11,450 --> 00:20:07,860

which we need to be very discerning

472

00:20:14,180 --> 00:20:11,460

about yeah you know there's there's a

473

00:20:16,280 --> 00:20:14,190

lot of skepticism when it comes to what

474

00:20:17,930 --> 00:20:16,290

it is in theories and you know I had a

475

00:20:20,720 --> 00:20:17,940

professor on here I don't know maybe

476

00:20:22,730 --> 00:20:20,730

three weeks ago that had a theory that

477

00:20:25,760 --> 00:20:22,740

it's actually us from the distant future

478

00:20:28,040 --> 00:20:25,770

you know coming back beat

479

00:20:30,800 --> 00:20:28,050

he had quite a background to wear he and

480

00:20:32,120 --> 00:20:30,810

he made quite a good case I'm not saying

481

00:20:34,580 --> 00:20:32,130

that I believed him any more than

482

00:20:37,610 --> 00:20:34,590

anything else but he actually made a

483

00:20:39,530 --> 00:20:37,620

really great case for time travel as

484

00:20:41,660 --> 00:20:39,540

what we're seeing you know and I think

485

00:20:43,340 --> 00:20:41,670

the reason you know I'm sure you know

486

00:20:45,110 --> 00:20:43,350

the reason the number one reason this

487

00:20:47,750 --> 00:20:45,120

comes up and different theories come up

488

00:20:51,260 --> 00:20:47,760

is because of the vast differences

489

00:20:53,150 --> 00:20:51,270

I mean distances I mean that you know

490

00:20:55,550 --> 00:20:53,160

any alien would have to travel to get

491

00:20:57,290 --> 00:20:55,560

here and of course that it may be

492

00:20:58,930 --> 00:20:57,300

figured they may figure out something in

493

00:21:01,820 --> 00:20:58,940

physics that we haven't thought of yet

494

00:21:04,760 --> 00:21:01,830

to get here you know that's a it's very

495

00:21:08,450 --> 00:21:04,770

possible but it's all fascinating but

496

00:21:10,760 --> 00:21:08,460

you know the way this the one thing I

497

00:21:13,100 --> 00:21:10,770

always wonder about if it is aliens and

498

00:21:15,260 --> 00:21:13,110

they are traveling here if they want to

499

00:21:18,530 --> 00:21:15,270

go back to where they're from how can

500

00:21:19,910 --> 00:21:18,540

they escape this time difference in

501
00:21:22,850 --> 00:21:19,920
other words you know when they come back

502
00:21:24,560 --> 00:21:22,860
there everyone they knew is gone and you

503
00:21:26,750 --> 00:21:24,570
know I mean maybe if they figured a way

504
00:21:29,660 --> 00:21:26,760
around that - I mean have you ever

505
00:21:31,790 --> 00:21:29,670
thought about that type of thing well

506
00:21:34,100 --> 00:21:31,800
yes I have it's a matter of fact you

507
00:21:36,110 --> 00:21:34,110
know this is real timely given the fact

508
00:21:40,180 --> 00:21:36,120
that there's some interesting details

509
00:21:44,630 --> 00:21:40,190
listed in the 15-page Admiral Wilson

510
00:21:47,270 --> 00:21:44,640
core secrets document there's a spot in

511
00:21:50,510 --> 00:21:47,280
that document where they are claiming

512
00:21:53,660 --> 00:21:50,520
basically at least commander her Admiral

513
00:21:55,670 --> 00:21:53,670

Wilson is telling - telling uh Eric

514

00:21:58,460 --> 00:21:55,680

Davis dr. Eric Davis was interviewing

515

00:22:00,740 --> 00:21:58,470

him in this memo he's telling him that

516

00:22:04,640 --> 00:22:00,750

they he was told they have an actual

517

00:22:06,200 --> 00:22:04,650

working craft a extraterrestrial craft

518

00:22:09,370 --> 00:22:06,210

that can travel through interstellar

519

00:22:12,680 --> 00:22:09,380

space through our atmosphere of course

520

00:22:16,760 --> 00:22:12,690

underwater he mentions in this memo and

521

00:22:19,160 --> 00:22:16,770

through dimensions this is a working

522

00:22:23,690 --> 00:22:19,170

craft that basically is being talked

523

00:22:25,400 --> 00:22:23,700

about by high government level JPL Joint

524

00:22:28,040 --> 00:22:25,410

Chiefs of Staff you know in charge of

525

00:22:30,410 --> 00:22:28,050

all the intelligence companies there you

526

00:22:31,190 --> 00:22:30,420

know divisions of all the military are

527

00:22:33,430 --> 00:22:31,200

talking about

528

00:22:37,220 --> 00:22:33,440

he is running across this information

529

00:22:39,620 --> 00:22:37,230

that these kinds of things transcend

530

00:22:42,620 --> 00:22:39,630

dimensions let alone time

531

00:22:47,180 --> 00:22:42,630

there's also a letter in this 15 page

532

00:22:50,750 --> 00:22:47,190

memo by commander will Miller who is

533

00:22:53,659 --> 00:22:50,760

it's being sent to dr. Davis who claims

534

00:22:56,659 --> 00:22:53,669

that there is a scientist that is

535

00:22:59,120 --> 00:22:56,669

working on time travel and he's got what

536

00:23:01,880 --> 00:22:59,130

they call the force theory of the

537

00:23:04,190 --> 00:23:01,890

universe and so I think time travel is

538

00:23:07,310 --> 00:23:04,200

very well it says something that they've

539

00:23:10,460 --> 00:23:07,320

talked about and probably someone has

540

00:23:13,700 --> 00:23:10,470

conquered already I don't know about us

541

00:23:15,620 --> 00:23:13,710

and go coming back from the future you

542

00:23:17,120 --> 00:23:15,630

know and being UFOs and trying to warn

543

00:23:19,190 --> 00:23:17,130

us of something or whatever like that

544

00:23:20,960 --> 00:23:19,200

it's very interesting you would think

545

00:23:23,840 --> 00:23:20,970

that if you're messing around with the

546

00:23:25,159 --> 00:23:23,850

past you can go back into the time and

547

00:23:27,110 --> 00:23:25,169

want to mess around with the past or

548

00:23:29,750 --> 00:23:27,120

tweak the past obviously there's

549

00:23:31,970 --> 00:23:29,760

multiple butterfly effects that could

550

00:23:34,490 --> 00:23:31,980

happen for your only future when you go

551
00:23:36,980 --> 00:23:34,500
back as well so you know I suppose I

552
00:23:38,090 --> 00:23:36,990
actually I brought that up during we

553
00:23:40,909 --> 00:23:38,100
have to go to a break here in just a

554
00:23:43,820 --> 00:23:40,919
couple minutes but I brought that up to

555
00:23:45,440 --> 00:23:43,830
this gentleman this professor and he had

556
00:23:48,200 --> 00:23:45,450
an answer for that too

557
00:23:50,539 --> 00:23:48,210
I think he basically said that no once

558
00:23:53,090 --> 00:23:50,549
something has happened it's it's

559
00:23:55,070 --> 00:23:53,100
happened and where you are in the world

560
00:23:59,270 --> 00:23:55,080
you're in or whatever and you can't

561
00:24:01,520 --> 00:23:59,280
change that which I don't know if one

562
00:24:04,520 --> 00:24:01,530
thing I didn't think to ask him is if

563
00:24:08,000 --> 00:24:04,530

that was the case then why would they

564

00:24:09,740 --> 00:24:08,010

bother coming back and saying be good to

565

00:24:11,240 --> 00:24:09,750

your world you know don't pollute and

566

00:24:13,460 --> 00:24:11,250

whatever it is they're saying don't

567

00:24:16,549 --> 00:24:13,470

destroy the planet if nothing changes in

568

00:24:21,320 --> 00:24:16,559

their world you know I mean good point

569

00:24:25,370 --> 00:24:21,330

yeah all these paradoxes you know it's

570

00:24:29,720 --> 00:24:25,380

exactly it's really fascinating and so

571

00:24:32,779 --> 00:24:29,730

it's what you mentioned about these the

572

00:24:35,299 --> 00:24:32,789

government officials and this craft that

573

00:24:39,380 --> 00:24:35,309

they're you know I think it's a the Navy

574

00:24:42,830 --> 00:24:39,390

patent but it these are all theories at

575

00:24:45,919 --> 00:24:42,840

this point isn't that right well if you

576

00:24:48,590 --> 00:24:45,929

read the 15 pages of that Wilson memo

577

00:24:50,360 --> 00:24:48,600

which I encourage everyone did you you

578

00:24:51,790 --> 00:24:50,370

know you can go to you can go to Twitter

579

00:24:53,770 --> 00:24:51,800

and download it

580

00:24:57,940 --> 00:24:53,780

you can load it anywhere if you just

581

00:25:00,610 --> 00:24:57,950

google the term admiral wilson UFO memo

582

00:25:03,550 --> 00:25:00,620

or core secrets memo everyone should

583

00:25:07,120 --> 00:25:03,560

read it it's very detailed and you know

584

00:25:09,490 --> 00:25:07,130

the documents or the the things that

585

00:25:11,950 --> 00:25:09,500

they're talking about in that specific

586

00:25:14,740 --> 00:25:11,960

part about a working craft is not a

587

00:25:16,270 --> 00:25:14,750

theory he stopped talking about that

588

00:25:17,710 --> 00:25:16,280

they have a theory that these things

589

00:25:20,920 --> 00:25:17,720

could work

590

00:25:23,470 --> 00:25:20,930

Admiral Wilson is telling dr. Eric Davis

591

00:25:25,510 --> 00:25:23,480

that his understanding is that they have

592

00:25:28,030 --> 00:25:25,520

a working craft that can do these things

593

00:25:31,420 --> 00:25:28,040

so there's a whole lot of interesting

594

00:25:33,160 --> 00:25:31,430

things than that memo that most people

595

00:25:35,110 --> 00:25:33,170

don't really have the opportunity to get

596

00:25:38,320 --> 00:25:35,120

into the details of it because it is

597

00:25:41,350 --> 00:25:38,330

it's 15 pages long it's mostly single

598

00:25:45,010 --> 00:25:41,360

spaced and it names dates and times and

599

00:25:47,110 --> 00:25:45,020

programs that are being run yeah

600

00:25:49,200 --> 00:25:47,120

unaccountably run by the way no

601
00:25:51,790 --> 00:25:49,210
government or military oversight by

602
00:25:53,830 --> 00:25:51,800
civilian subcontractors they work for

603
00:25:55,600 --> 00:25:53,840
the government so I would encourage

604
00:25:58,510 --> 00:25:55,610
everyone to get into details of that

605
00:26:00,460 --> 00:25:58,520
okay and I do want to I do want to when

606
00:26:02,380 --> 00:26:00,470
we when we come back from this break I

607
00:26:05,620 --> 00:26:02,390
do want to point out a couple of

608
00:26:07,840 --> 00:26:05,630
arguments for that also but let's go

609
00:26:11,320 --> 00:26:07,850
into break right now this is Martin

610
00:26:13,270 --> 00:26:11,330
Willis and my guest tonight is Michael

611
00:26:15,450 --> 00:26:13,280
hall and we'll be right back right after

612
00:26:18,070 --> 00:26:15,460
these messages

613
00:26:20,110 --> 00:26:18,080

clear three minutes gentlemen three

614

00:26:23,020 --> 00:26:20,120

minutes okay thank you so we're still

615

00:26:25,570 --> 00:26:23,030

live is still live on YouTube and so I

616

00:26:30,100 --> 00:26:25,580

just get just gonna start the timer

617

00:26:32,950 --> 00:26:30,110

right here so I know we'll probably get

618

00:26:37,300 --> 00:26:32,960

back into this you know when you and I

619

00:26:40,950 --> 00:26:37,310

are going back on the Regular Show but I

620

00:26:44,110 --> 00:26:40,960

did want to ask you about the amount of

621

00:26:46,510 --> 00:26:44,120

sightings out in Washington now I know

622

00:26:48,910 --> 00:26:46,520

of course you know 1947 the very famous

623

00:26:52,030 --> 00:26:48,920

starting out out there was a Mount

624

00:26:54,960 --> 00:26:52,040

Rainier I believe yeah and actually we

625

00:26:58,090 --> 00:26:54,970

had even one before then there was the

626
00:27:00,280 --> 00:26:58,100
modern-day UFO think two weeks before

627
00:27:02,830 --> 00:27:00,290
Mount Rainier there was Laurie island

628
00:27:04,790 --> 00:27:02,840
okay yeah but that do that that's been

629
00:27:09,170 --> 00:27:04,800
pretty much proven a hoax I believe

630
00:27:11,180 --> 00:27:09,180
nope it wasn't it was actually proven

631
00:27:13,310 --> 00:27:11,190
that the guy said it was a hoax to get

632
00:27:16,580 --> 00:27:13,320
everybody off his back there's so many

633
00:27:18,680 --> 00:27:16,590
people involved with that thing that the

634
00:27:21,260 --> 00:27:18,690
the issue with matter fact I I know the

635
00:27:23,870 --> 00:27:21,270
the two guys that put together the

636
00:27:25,310 --> 00:27:23,880
Laurie Island incident film one of them

637
00:27:28,880 --> 00:27:25,320
is an attorney friend of mine Steve

638
00:27:30,500 --> 00:27:28,890

Edmondson and Scott Shafer really good

639

00:27:32,300 --> 00:27:30,510

researchers and stuff and they come up

640

00:27:34,190 --> 00:27:32,310

with the whole scenario how that thing

641

00:27:36,470 --> 00:27:34,200

happened and this guy's life was just

642

00:27:38,780 --> 00:27:36,480

ripped to shreds by the first men and

643

00:27:40,340 --> 00:27:38,790

black by the way that showed up you know

644

00:27:42,290 --> 00:27:40,350

and threatened him and his family and

645

00:27:44,150 --> 00:27:42,300

his son actually disappeared for two

646

00:27:47,120 --> 00:27:44,160

weeks kidnapped his son his

647

00:27:49,820 --> 00:27:47,130

fourteen-year-old kid so he can imagine

648

00:27:53,000 --> 00:27:49,830

why he was pretty much done with the

649

00:27:55,250 --> 00:27:53,010

thing after the initial sighting he eats

650

00:27:57,920 --> 00:27:55,260

and whatever they want him to say well I

651
00:27:59,600 --> 00:27:57,930
will I'm gonna have you school me a

652
00:28:01,550 --> 00:27:59,610
little bit more on that we'll

653
00:28:04,760 --> 00:28:01,560
communicate through email but I'd like

654
00:28:09,290 --> 00:28:04,770
to know more of why you think that's you

655
00:28:12,170 --> 00:28:09,300
know that that really happened with it's

656
00:28:14,360 --> 00:28:12,180
so confusing isn't it to know sometimes

657
00:28:18,140 --> 00:28:14,370
when I think a case is really solid then

658
00:28:21,110 --> 00:28:18,150
I find out whoops you know and there

659
00:28:22,250 --> 00:28:21,120
yeah so it's it's really hard

660
00:28:24,950 --> 00:28:22,260
so that's the whole thing with the

661
00:28:27,620 --> 00:28:24,960
Santilli alien autopsy film coming back

662
00:28:30,110 --> 00:28:27,630
and you know come and do the fro right

663
00:28:32,510 --> 00:28:30,120

now this is just nuts you know some of

664

00:28:34,910 --> 00:28:32,520

those things uh have been recycled and

665

00:28:36,620 --> 00:28:34,920

recycled and we get more and more or

666

00:28:38,200 --> 00:28:36,630

maybe less and less information you

667

00:28:41,440 --> 00:28:38,210

never know every time they come out

668

00:28:44,210 --> 00:28:41,450

isn't this just we only have a few

669

00:28:46,070 --> 00:28:44,220

seconds here left but isn't this just a

670

00:28:47,660 --> 00:28:46,080

way for Santilli to make a little more

671

00:28:50,720 --> 00:28:47,670

money I mean this is what I would think

672

00:28:52,910 --> 00:28:50,730

right off the bat well I would think so

673

00:28:55,070 --> 00:28:52,920

but I have another theory on that about

674

00:28:57,860 --> 00:28:55,080

you know there were people that saw a

675

00:29:01,280 --> 00:28:57,870

very similar alien autopsy film earlier

676
00:29:03,170 --> 00:29:01,290
than 1995 when he created his I think

677
00:29:05,540 --> 00:29:03,180
the Santilli film was maybe a

678
00:29:07,910 --> 00:29:05,550
disinformation kind of like a bob em

679
00:29:11,420 --> 00:29:07,920
inator problem where they would show

680
00:29:14,960 --> 00:29:11,430
something being a hoax just to kind of

681
00:29:17,529 --> 00:29:14,970
you know muddy the waters on people who

682
00:29:20,349 --> 00:29:17,539
actually saw some real footage early

683
00:29:22,810 --> 00:29:20,359
in 1995 so that's a fascinating story

684
00:29:25,629 --> 00:29:22,820
that we're involved with crabhammer is

685
00:29:26,499 --> 00:29:25,639
now about 20 seconds gentlemen okay 20

686
00:29:29,259 --> 00:29:26,509
seconds that's good

687
00:29:30,849 --> 00:29:29,269
thank you yeah so we'll go back and

688
00:29:35,229 --> 00:29:30,859

we'll jump right back to where we were

689

00:29:38,139 --> 00:29:35,239

on this Wilson UFO document here when

690

00:29:41,049 --> 00:29:38,149

when bill brings us back on all right

691

00:29:42,239 --> 00:29:41,059

ready here bill whenever you are all

692

00:29:48,719 --> 00:29:42,249

right I'll count you're back in the sec

693

00:29:51,279 --> 00:29:48,729

all right stand by in three two one go

694

00:29:53,499 --> 00:29:51,289

all right welcome back my guest is

695

00:29:56,440 --> 00:29:53,509

Michael hall and right before the break

696

00:29:58,629 --> 00:29:56,450

we were talking about the Wilson UFO

697

00:30:00,940 --> 00:29:58,639

memo the leaked they call it the leaked

698

00:30:03,070 --> 00:30:00,950

memo and all that and and I said I was

699

00:30:05,619 --> 00:30:03,080

gonna argue no I don't mean really argue

700

00:30:07,419 --> 00:30:05,629

but you know discuss some of the things

701

00:30:11,229 --> 00:30:07,429

that I've heard about this in particular

702

00:30:13,210 --> 00:30:11,239

one of them is I know that Wilson

703

00:30:15,279 --> 00:30:13,220

himself was called and he denied it you

704

00:30:17,139 --> 00:30:15,289

know and I know of course you know that

705

00:30:20,019 --> 00:30:17,149

that's a possibility of someone denying

706

00:30:22,269 --> 00:30:20,029

something even if it's real or not so I

707

00:30:24,940 --> 00:30:22,279

don't know how much credence that gives

708

00:30:27,339 --> 00:30:24,950

but also there's some question on the

709

00:30:29,379 --> 00:30:27,349

letterhead what can you say about the

710

00:30:30,669 --> 00:30:29,389

letterhead was not correct what do you

711

00:30:31,379 --> 00:30:30,679

think that what's your thoughts about

712

00:30:37,690 --> 00:30:31,389

that

713

00:30:40,690 --> 00:30:37,700

you're referring to is the commander

714

00:30:44,649 --> 00:30:40,700

Willard Miller wrote a letter to dr.

715

00:30:46,629 --> 00:30:44,659

Eric Davis and kind of inquired as to

716

00:30:49,509 --> 00:30:46,639

whether they would want to have some

717

00:30:53,080 --> 00:30:49,519

contacts that they were looking for and

718

00:30:56,619 --> 00:30:53,090

about alien retrieved alien and

719

00:30:59,289 --> 00:30:56,629

back-engineering alien hardware and so

720

00:31:02,440 --> 00:30:59,299

in that letter he uses the kind of like

721

00:31:05,080 --> 00:31:02,450

a letterhead that looks to be like some

722

00:31:07,859 --> 00:31:05,090

kind of an eagle with you know a banner

723

00:31:09,820 --> 00:31:07,869

around it or something the basic

724

00:31:12,810 --> 00:31:09,830

explanation of why people don't

725

00:31:15,570 --> 00:31:12,820

recognize that it's because supposedly

726

00:31:18,339 --> 00:31:15,580

commander Miller was retired at the time

727

00:31:21,339 --> 00:31:18,349

and was just basically using a personal

728

00:31:25,019 --> 00:31:21,349

letterhead that he put together you know

729

00:31:27,460 --> 00:31:25,029

to send out letters other people in

730

00:31:31,280 --> 00:31:27,470

including dr. Steven Greer by the way

731

00:31:34,160 --> 00:31:31,290

who was at this initial briefing of

732

00:31:37,520 --> 00:31:34,170

Wilson in 1997 along with Edgar Mitchell

733

00:31:39,950 --> 00:31:37,530

and Willard Miller Steven Greer says

734

00:31:43,220 --> 00:31:39,960

that that's a letterhead he recognizes

735

00:31:48,200 --> 00:31:43,230

himself from the retired Willard Miller

736

00:31:49,810 --> 00:31:48,210

so that's kind of been you know put the

737

00:31:54,200 --> 00:31:49,820

bed in that with guard it's not an

738

00:31:54,890 --> 00:31:54,210

actual government agency that's on that

739

00:31:59,180 --> 00:31:54,900

letter yet

740

00:32:03,410 --> 00:31:59,190

and what about Davis his reaction to the

741

00:32:06,230 --> 00:32:03,420

to this whole document well you know

742

00:32:08,780 --> 00:32:06,240

it's very very interesting because when

743

00:32:11,270 --> 00:32:08,790

you're talking about the definition of a

744

00:32:13,100 --> 00:32:11,280

core secret and you put that in quotes

745

00:32:18,580 --> 00:32:13,110

when you're talking about something that

746

00:32:20,930 --> 00:32:18,590

is a military program or any kind of a

747

00:32:23,170 --> 00:32:20,940

thing that the military is working on

748

00:32:26,750 --> 00:32:23,180

when they designated the core secret

749

00:32:30,320 --> 00:32:26,760

even the denial or the no comment

750

00:32:32,840 --> 00:32:30,330

regarding that subject can be a security

751

00:32:34,910 --> 00:32:32,850

breach so basically the idea that if

752

00:32:38,390 --> 00:32:34,920

it's a core secret you can't even really

753

00:32:41,720 --> 00:32:38,400

acknowledge it so the what what happened

754

00:32:44,450 --> 00:32:41,730

with them with Eric Davis and he'll put

755

00:32:48,070 --> 00:32:44,460

off by the way both of them responded to

756

00:32:51,860 --> 00:32:48,080

inquiries about whether this memo and

757

00:32:56,180 --> 00:32:51,870

and the Willard Miller letter were true

758

00:33:00,020 --> 00:32:56,190

and correct they both went on at length

759

00:33:01,850 --> 00:33:00,030

basically that said no comment but they

760

00:33:04,220 --> 00:33:01,860

didn't say just no comment anyone said

761

00:33:06,260 --> 00:33:04,230

you know because of our security

762

00:33:09,050 --> 00:33:06,270

clearances that we some of us still have

763

00:33:11,870 --> 00:33:09,060

and they're talking about how put off

764

00:33:13,520 --> 00:33:11,880

and dr. Eric Davis and some of the other

765

00:33:16,400 --> 00:33:13,530

people that are involved in the mids

766

00:33:19,880 --> 00:33:16,410

organization currently because of their

767

00:33:21,560 --> 00:33:19,890

current you know classifications and

768

00:33:24,620 --> 00:33:21,570

clearances that they have they can't

769

00:33:26,960 --> 00:33:24,630

even comment on this thing so they

770

00:33:29,170 --> 00:33:26,970

couldn't come out and say vociferously

771

00:33:32,120 --> 00:33:29,180

they're denying that this is a fake but

772

00:33:33,680 --> 00:33:32,130

they had to explain that in quite a few

773

00:33:36,350 --> 00:33:33,690

words that they were just basically

774

00:33:38,000 --> 00:33:36,360

giving no comment so you're saying that

775

00:33:40,280 --> 00:33:38,010

they actually denied that this thing is

776

00:33:43,220 --> 00:33:40,290

a fake and in a roundabout way is ever

777

00:33:44,960 --> 00:33:43,230

true well some people are claiming that

778

00:33:46,960 --> 00:33:44,970

the fact that they didn't come out vote

779

00:33:49,370 --> 00:33:46,970

sipper sley denying that this was a hoax

780

00:33:51,289 --> 00:33:49,380

you know gives some kind of agreements

781

00:33:53,960 --> 00:33:51,299

to these things being potentially

782

00:33:56,799 --> 00:33:53,970

through and correct but in reality if

783

00:33:59,990 --> 00:33:56,809

you're actually looking at a classified

784

00:34:02,930 --> 00:34:00,000

unacknowledged special access program

785

00:34:06,080 --> 00:34:02,940

that's a core secret you can't even deny

786

00:34:08,750 --> 00:34:06,090

or you know get into the details of

787

00:34:11,990 --> 00:34:08,760

something being false and not

788

00:34:15,680 --> 00:34:12,000

representing a real program so but

789

00:34:17,899 --> 00:34:15,690

they're craftily denying it in in more

790

00:34:21,470 --> 00:34:17,909

than a few words which kind of throws a

791

00:34:25,040 --> 00:34:21,480

red flag up for some folks I see now I

792

00:34:28,220 --> 00:34:25,050

heard that an Australian UFO researcher

793

00:34:31,730 --> 00:34:28,230

had this document for say ten years or

794

00:34:34,580 --> 00:34:31,740

something like that prior I wouldn't say

795

00:34:36,470 --> 00:34:34,590

it was that long no matter of fact Edgar

796

00:34:38,560 --> 00:34:36,480

Mitchell passed away what is it ninety

797

00:34:42,080 --> 00:34:38,570

no or I believe

798

00:34:44,000 --> 00:34:42,090

edho no that was just a year just I'm

799

00:34:47,389 --> 00:34:44,010

sorry years ago just a couple of years

800

00:34:49,790 --> 00:34:47,399

ago so yeah it was basically the the

801
00:34:52,669 --> 00:34:49,800
theory is these documents came from dr.

802
00:34:56,750 --> 00:34:52,679
Edgar Mitchell says date basically I

803
00:34:58,700 --> 00:34:56,760
understand it is his heirs his family

804
00:35:01,339 --> 00:34:58,710
didn't really care about some of these

805
00:35:04,150 --> 00:35:01,349
issues that he had you know put together

806
00:35:07,670 --> 00:35:04,160
and banker boxes worth of material so

807
00:35:09,620 --> 00:35:07,680
one of the individuals that knew Edgar

808
00:35:13,010 --> 00:35:09,630
mature Mitchell got to hold of these

809
00:35:14,930 --> 00:35:13,020
boxes and documents and then the

810
00:35:19,329 --> 00:35:14,940
gentlemen that you're talking about from

811
00:35:21,940 --> 00:35:19,339
Australia by the name of James Rigney

812
00:35:24,380 --> 00:35:21,950
actually got a hold of one of these

813
00:35:27,790 --> 00:35:24,390

boxes of documents that was able to go

814

00:35:31,250 --> 00:35:27,800

through it found the 15 page memo and

815

00:35:34,550 --> 00:35:31,260

knew that this was quite important so

816

00:35:36,859 --> 00:35:34,560

basically in November of 2018 just last

817

00:35:39,650 --> 00:35:36,869

year he actually gave it to Grant

818

00:35:42,440 --> 00:35:39,660

Cameron and grant Cameron when he found

819

00:35:45,200 --> 00:35:42,450

it there when he thought basically told

820

00:35:47,060 --> 00:35:45,210

me that he went his face went ashen he

821

00:35:49,730 --> 00:35:47,070

couldn't believe the people on the first

822

00:35:51,740 --> 00:35:49,740

page of this document noting the names

823

00:35:52,130 --> 00:35:51,750

and the details that are mentioned on

824

00:35:54,859 --> 00:35:52,140

there

825

00:35:57,980 --> 00:35:54,869

Grant said this was the most important

826

00:36:00,440 --> 00:35:57,990

document he has ever seen in ufology

827

00:36:03,530 --> 00:36:00,450

and of course Richard Golan has called

828

00:36:05,930 --> 00:36:03,540

it the smoking gun UFO memo of this

829

00:36:10,160 --> 00:36:05,940

century so that's how important this

830

00:36:14,089 --> 00:36:10,170

document was so since 2018 and then

831

00:36:15,560 --> 00:36:14,099

grant got a hold of me in 2019 because

832

00:36:17,990 --> 00:36:15,570

he needed to figure out how what are we

833

00:36:21,200 --> 00:36:18,000

gonna do with this document what does he

834

00:36:23,510 --> 00:36:21,210

have as far as liability to you know

835

00:36:26,829 --> 00:36:23,520

release this kind of a document to the

836

00:36:28,520 --> 00:36:26,839

public and eventually what we did in

837

00:36:31,010 --> 00:36:28,530

2000

838

00:36:34,030 --> 00:36:31,020

January so we actually formed a

839

00:36:36,230 --> 00:36:34,040

disclosure trust that I've created for

840

00:36:38,630 --> 00:36:36,240

whistleblowers specifically to put

841

00:36:42,500 --> 00:36:38,640

documents and artifacts and various

842

00:36:45,440 --> 00:36:42,510

things into estate planning entity that

843

00:36:47,120 --> 00:36:45,450

they can control the access and the

844

00:36:49,040 --> 00:36:47,130

dissemination of just in case something

845

00:36:53,230 --> 00:36:49,050

happened to grant in the interim

846

00:36:55,849 --> 00:36:53,240

then of course what happened in in June

847

00:36:57,920 --> 00:36:55,859

7th of on Twitter was the thing got

848

00:37:00,680 --> 00:36:57,930

actually released not by grant Cameron

849

00:37:02,900 --> 00:37:00,690

or myself but actually an anonymous

850

00:37:06,020 --> 00:37:02,910

source released the document now

851
00:37:08,390 --> 00:37:06,030
everybody knows about it and has gone

852
00:37:09,829 --> 00:37:08,400
through it with a fine-tooth comb all

853
00:37:13,400 --> 00:37:09,839
right when you say it was released

854
00:37:14,990 --> 00:37:13,410
anonymously is that is that was it by a

855
00:37:17,810 --> 00:37:15,000
tweet is this how this thing was

856
00:37:19,640 --> 00:37:17,820
released and then linked as I mean can't

857
00:37:23,000 --> 00:37:19,650
someone search this out and figure out

858
00:37:23,359 --> 00:37:23,010
who it is that released it yeah good

859
00:37:25,460 --> 00:37:23,369
point

860
00:37:28,220 --> 00:37:25,470
because you would think that you know

861
00:37:30,980 --> 00:37:28,230
the really hotshot computer hackers out

862
00:37:32,990 --> 00:37:30,990
there can break to price this down and

863
00:37:36,710 --> 00:37:33,000

figure out where it came from so far no

864

00:37:40,760 --> 00:37:36,720

one's been able to do that basically it

865

00:37:43,400 --> 00:37:40,770

came from a site called anger I am gee

866

00:37:46,609 --> 00:37:43,410

you are it was posted there initially

867

00:37:49,250 --> 00:37:46,619

and Asli was posted on reddit prior to

868

00:37:51,079 --> 00:37:49,260

that once back I understand it was on

869

00:37:56,329 --> 00:37:51,089

reddit and it was ignored

870

00:37:59,000 --> 00:37:56,339

I understood yeah but in June June 7

871

00:38:01,790 --> 00:37:59,010

June 6th actually it was actually posted

872

00:38:04,599 --> 00:38:01,800

again on Twitter which you know

873

00:38:07,099 --> 00:38:04,609

basically hit at the mainstream big time

874

00:38:08,780 --> 00:38:07,109

okay well this there's a lot of people

875

00:38:11,510 --> 00:38:08,790

that are saying that this is just a fake

876

00:38:13,880 --> 00:38:11,520

document there's nothing to it there's

877

00:38:16,010 --> 00:38:13,890

people saying that even if it's real

878

00:38:20,060 --> 00:38:16,020

it's not that big of a deal what's your

879

00:38:22,160 --> 00:38:20,070

thoughts about those comments well you

880

00:38:25,330 --> 00:38:22,170

know that my comment would be that if

881

00:38:28,280 --> 00:38:25,340

this was a major disinformation program

882

00:38:30,830 --> 00:38:28,290

you know basically if if the government

883

00:38:32,660 --> 00:38:30,840

for instance was looking to muddy the

884

00:38:35,050 --> 00:38:32,670

water with some kind of a document that

885

00:38:37,460 --> 00:38:35,060

would eventually be proven to be false

886

00:38:39,650 --> 00:38:37,470

if I was in charge of that kind of a

887

00:38:43,580 --> 00:38:39,660

disinformation program I sure would not

888

00:38:46,190 --> 00:38:43,590

come up with a 15 page transcript or

889

00:38:48,230 --> 00:38:46,200

memo whatever you want to call it with

890

00:38:51,500 --> 00:38:48,240

all the names of people who are living

891

00:38:53,900 --> 00:38:51,510

by the way some of them passed away but

892

00:38:57,050 --> 00:38:53,910

a lot of them are still living and

893

00:38:59,260 --> 00:38:57,060

programs that could be crossed check and

894

00:39:02,750 --> 00:38:59,270

make sure that they were still alive

895

00:39:04,610 --> 00:39:02,760

available and and working in dates and

896

00:39:06,350 --> 00:39:04,620

times I would not do that and it's a

897

00:39:08,780 --> 00:39:06,360

detail if I was gonna make a

898

00:39:10,700 --> 00:39:08,790

disinformation campaign it might be you

899

00:39:12,740 --> 00:39:10,710

know a couple three pages long and I'd

900

00:39:14,900 --> 00:39:12,750

pick maybe two or three names that I

901
00:39:16,610 --> 00:39:14,910
could definitely control you know

902
00:39:19,100 --> 00:39:16,620
whether they would come out and say

903
00:39:22,360 --> 00:39:19,110
that's a hoax or whatever but I'll tell

904
00:39:25,310 --> 00:39:22,370
you what there are so many Pentagon and

905
00:39:27,650 --> 00:39:25,320
you know government officials that are

906
00:39:30,050 --> 00:39:27,660
named this document that can be searched

907
00:39:31,910 --> 00:39:30,060
out and and determined that they're

908
00:39:34,670 --> 00:39:31,920
actually in the position that they're

909
00:39:37,310 --> 00:39:34,680
talked about being in during this memo

910
00:39:41,480 --> 00:39:37,320
there is also many other organizations

911
00:39:44,090 --> 00:39:41,490
like the people at mids like dr. Steven

912
00:39:46,100 --> 00:39:44,100
Greer and Edgar Mitchell there are

913
00:39:48,800 --> 00:39:46,110

remote viewers that are named there's

914

00:39:52,450 --> 00:39:48,810

even an another attorney that's named in

915

00:39:54,830 --> 00:39:52,460

this document this 15 page memo that has

916

00:39:57,050 --> 00:39:54,840

represented one of the remote viewers in

917

00:39:59,120 --> 00:39:57,060

the past boy I'll tell you what I have

918

00:40:00,920 --> 00:39:59,130

got many phone calls and emails into

919

00:40:03,230 --> 00:40:00,930

that gentleman I'd like to be able to

920

00:40:05,510 --> 00:40:03,240

talk with him personally myself you know

921

00:40:08,230 --> 00:40:05,520

I just to see what he would know about

922

00:40:11,750 --> 00:40:08,240

the details that are in this memo itself

923

00:40:14,180 --> 00:40:11,760

even a doctor I mean Willard Miller

924

00:40:16,160 --> 00:40:14,190

commander Willard Miller who has now

925

00:40:18,680 --> 00:40:16,170

come out and said that you know this

926

00:40:20,990 --> 00:40:18,690

document is at least his letter part of

927

00:40:24,170 --> 00:40:21,000

the document looks to be a cut-and-paste

928

00:40:24,910 --> 00:40:24,180

yeah of something that he might have

929

00:40:28,120 --> 00:40:24,920

written or

930

00:40:30,130 --> 00:40:28,130

written I basically have confirmed

931

00:40:32,830 --> 00:40:30,140

through some of the other researchers

932

00:40:34,360 --> 00:40:32,840

out there that he actually remembers

933

00:40:36,040 --> 00:40:34,370

that he wrote some of that and

934

00:40:38,920 --> 00:40:36,050

specifically he's talking about the

935

00:40:41,980 --> 00:40:38,930

initial paragraph of his letter where

936

00:40:44,410 --> 00:40:41,990

he's he's inviting he'll put off and dr.

937

00:40:46,750 --> 00:40:44,420

Davis to a scientific meeting in

938

00:40:48,660 --> 00:40:46,760

Tallahassee Florida to meet another

939

00:40:51,370 --> 00:40:48,670

scientist working on this time-travel

940

00:40:53,400 --> 00:40:51,380

you know in dimensional you know issues

941

00:40:56,230 --> 00:40:53,410

and stuff so he remembers writing that

942

00:40:58,930 --> 00:40:56,240

he remembers and actually the date and

943

00:41:01,120 --> 00:40:58,940

the time and the address on the letter

944

00:41:04,150 --> 00:41:01,130

is his home address that's been

945

00:41:05,950 --> 00:41:04,160

confirmed as well but some of the other

946

00:41:07,840 --> 00:41:05,960

things in the memo where they're saying

947

00:41:09,130 --> 00:41:07,850

that you know if you want to get a hold

948

00:41:10,810 --> 00:41:09,140

of some of these people that are

949

00:41:14,020 --> 00:41:10,820

involved in the reverse engineering

950

00:41:15,400 --> 00:41:14,030

programs that the government has willard

951
00:41:18,520 --> 00:41:15,410
mellon are saying that he can hook up

952
00:41:21,070 --> 00:41:18,530
you know davis and put off to those

953
00:41:23,980 --> 00:41:21,080
folks as well as a bunch of other

954
00:41:25,750 --> 00:41:23,990
programs out there that you know there

955
00:41:27,760 --> 00:41:25,760
was sightings at east coast in the

956
00:41:30,370 --> 00:41:27,770
united states that he was talking about

957
00:41:31,840 --> 00:41:30,380
he could hook up with some flag rank

958
00:41:34,870 --> 00:41:31,850
officers and they would know all about

959
00:41:37,990 --> 00:41:34,880
that so it seems to me that there are

960
00:41:41,290 --> 00:41:38,000
some very if i ever had an opportunity

961
00:41:44,080 --> 00:41:41,300
to cross-examine a witness that was

962
00:41:46,630 --> 00:41:44,090
suppose the written a letter like like

963
00:41:48,160 --> 00:41:46,640

commander willard miller did i would ask

964

00:41:51,340 --> 00:41:48,170

him what parts of this letter do you

965

00:41:53,440 --> 00:41:51,350

remember you know and then find out well

966

00:41:54,910 --> 00:41:53,450

what parts are there's something you

967

00:41:56,820 --> 00:41:54,920

don't remember and why don't you

968

00:41:59,350 --> 00:41:56,830

remember those things so very

969

00:42:03,990 --> 00:41:59,360

fascinating detail in this document and

970

00:42:08,110 --> 00:42:04,000

when was the date of that that document

971

00:42:13,630 --> 00:42:08,120

this document was created in October on

972

00:42:16,300 --> 00:42:13,640

October 16th of 2002 when dr. Eric Davis

973

00:42:21,490 --> 00:42:16,310

was able to get a meeting with Vice

974

00:42:24,340 --> 00:42:21,500

Admiral Thomas Ray Wilson in and he met

975

00:42:26,260 --> 00:42:24,350

in the Admirals staff car the backseat

976

00:42:29,440 --> 00:42:26,270
of the staff car behind the EG&G

977

00:42:32,950 --> 00:42:29,450
building in Las Vegas Nevada on that day

978

00:42:35,050 --> 00:42:32,960
and Eric Davis basically as far as I can

979

00:42:37,390 --> 00:42:35,060
see had some kind of a recording device

980

00:42:39,880 --> 00:42:37,400
recording all the details

981

00:42:42,760 --> 00:42:39,890
of their conversations for an hour and

982

00:42:46,260 --> 00:42:42,770
ten minutes that's the only explanation

983

00:42:48,520 --> 00:42:46,270
I can see of how detailed this memo is I

984

00:42:51,790 --> 00:42:48,530
wouldn't think that someone from their

985

00:42:54,960 --> 00:42:51,800
own memory could reconstruct the actual

986

00:42:58,770 --> 00:42:54,970
dialogue that he did does in this memo

987

00:43:03,880 --> 00:42:58,780
and basically it is the recollections of

988

00:43:07,300 --> 00:43:03,890

Admiral Wilson being shut down in 1997

989

00:43:10,810 --> 00:43:07,310

from access to a reverse engineering

990

00:43:14,050 --> 00:43:10,820

program by a government civilian

991

00:43:17,410 --> 00:43:14,060

contractor who would not allow him to

992

00:43:19,150 --> 00:43:17,420

have access as j2 Joint Chiefs of Staff

993

00:43:21,550 --> 00:43:19,160

second-in-command

994

00:43:24,600 --> 00:43:21,560

who's in charge of all the as

995

00:43:27,970 --> 00:43:24,610

subcontractors and all the military

996

00:43:29,950 --> 00:43:27,980

intelligence departments they said he

997

00:43:32,080 --> 00:43:29,960

did not have a need to know what their

998

00:43:34,300 --> 00:43:32,090

program was about eventually they told

999

00:43:38,170 --> 00:43:34,310

him and confirmed that they were a

1000

00:43:41,250 --> 00:43:38,180

reverse engineering program Oh alien

1001
00:43:44,650 --> 00:43:41,260
technology that was not in this world

1002
00:43:46,750 --> 00:43:44,660
fascinating stuff Wow and this you know

1003
00:43:49,090 --> 00:43:46,760
a lot of this sort of rings of the mj-12

1004
00:43:52,060 --> 00:43:49,100
documents you know and it's a very

1005
00:43:54,010 --> 00:43:52,070
similar very similar in a lot a lot of

1006
00:43:57,670 --> 00:43:54,020
different ways and you know there's it's

1007
00:43:59,200 --> 00:43:57,680
gonna be awful hard to convince I think

1008
00:44:01,960 --> 00:43:59,210
to commence everyone in the UFO

1009
00:44:05,290 --> 00:44:01,970
community that this thing is a hundred

1010
00:44:08,380 --> 00:44:05,300
percent right or even if it's you know

1011
00:44:10,150 --> 00:44:08,390
partially right there's that would that

1012
00:44:13,660 --> 00:44:10,160
would kind of throw up a lot of red

1013
00:44:15,400 --> 00:44:13,670

flags and and you know he's saying he

1014

00:44:17,230 --> 00:44:15,410

remembers part of it well that's

1015

00:44:19,660 --> 00:44:17,240

interesting but it would really you know

1016

00:44:22,120 --> 00:44:19,670

like you said if you could bring this

1017

00:44:23,800 --> 00:44:22,130

person into court and and and you know

1018

00:44:25,450 --> 00:44:23,810

have them testify about it you know

1019

00:44:27,790 --> 00:44:25,460

maybe you'd get some more information

1020

00:44:30,580 --> 00:44:27,800

have you actually have you actually

1021

00:44:34,630 --> 00:44:30,590

yourself try to get more information on

1022

00:44:37,930 --> 00:44:34,640

this document by making contacts oh yes

1023

00:44:39,970 --> 00:44:37,940

for sure and not just myself but there's

1024

00:44:42,340 --> 00:44:39,980

a you know a lot of the young guns out

1025

00:44:44,170 --> 00:44:42,350

there as well you know Frank stalter and

1026

00:44:46,840 --> 00:44:44,180

Jan Hannah and all those folks that are

1027

00:44:48,930 --> 00:44:46,850

out there doing their best to dig deep

1028

00:44:51,480 --> 00:44:48,940

and find out

1029

00:44:53,790 --> 00:44:51,490

the veracity or the falsity of this

1030

00:44:55,980 --> 00:44:53,800

document there's a very interesting

1031

00:44:58,650 --> 00:44:55,990

thing that mention is mentioned on the

1032

00:45:00,420 --> 00:44:58,660

last page in this 15 page memo by the

1033

00:45:02,970 --> 00:45:00,430

way that you brought up a very

1034

00:45:05,250 --> 00:45:02,980

interesting point that indeed there

1035

00:45:07,590 --> 00:45:05,260

could be some disinformation in this

1036

00:45:10,260 --> 00:45:07,600

document itself because there's a

1037

00:45:14,280 --> 00:45:10,270

gentleman by the name of Jacque Gansler

1038

00:45:16,650 --> 00:45:14,290

who is a friend of Admiral Wilson who

1039

00:45:20,010 --> 00:45:16,660

met meets him it's a Pentagon after this

1040

00:45:23,100 --> 00:45:20,020

whole fiasco happens and Admiral Wilson

1041

00:45:25,470 --> 00:45:23,110

is asked to step down stand down and not

1042

00:45:28,130 --> 00:45:25,480

pursue this anymore else he's gonna lose

1043

00:45:29,300 --> 00:45:28,140

a couple stars and be retired early

1044

00:45:33,300 --> 00:45:29,310

Kanzler

1045

00:45:36,510 --> 00:45:33,310

himself a Pentagon official yeah at the

1046

00:45:38,970 --> 00:45:36,520

DoD hold had mer Wilson that you know

1047

00:45:42,000 --> 00:45:38,980

yeah UFOs exist they're talking

1048

00:45:45,330 --> 00:45:42,010

informally but alien abductions don't

1049

00:45:47,310 --> 00:45:45,340

exist that is an interesting twist at

1050

00:45:49,710 --> 00:45:47,320

the end of the document it really throws

1051
00:45:52,770 --> 00:45:49,720
a kink into things for the UFO community

1052
00:45:56,190 --> 00:45:52,780
and you wonder what that information was

1053
00:45:57,960 --> 00:45:56,200
in there for well that is that is

1054
00:46:00,690 --> 00:45:57,970
interesting we have about nine minutes

1055
00:46:03,390 --> 00:46:00,700
to go to the last break we have in the

1056
00:46:05,820 --> 00:46:03,400
show and so for the person lazy like

1057
00:46:07,620 --> 00:46:05,830
myself out there that I just skimmed

1058
00:46:09,690 --> 00:46:07,630
through it a little bit can you give

1059
00:46:13,290 --> 00:46:09,700
some of the highlights and why you think

1060
00:46:16,110 --> 00:46:13,300
it's really important yeah for sure

1061
00:46:18,870 --> 00:46:16,120
by the way Martin nyah I realize that it

1062
00:46:21,090 --> 00:46:18,880
is a lot to to take him because I've had

1063
00:46:23,700 --> 00:46:21,100

this document under my perusal for over

1064

00:46:26,370 --> 00:46:23,710

six months and I've gone through all the

1065

00:46:29,040 --> 00:46:26,380

dates and details and organizations to

1066

00:46:31,740 --> 00:46:29,050

you know let them so what I'm going to

1067

00:46:34,140 --> 00:46:31,750

do is I'm writing a what I call an

1068

00:46:36,480 --> 00:46:34,150

executive summary of this entire memo

1069

00:46:38,580 --> 00:46:36,490

that will be available for people to

1070

00:46:40,110 --> 00:46:38,590

really just kind of get a flow of the

1071

00:46:42,750 --> 00:46:40,120

things so that should be a little easier

1072

00:46:45,990 --> 00:46:42,760

some folks to handle that will be up on

1073

00:46:48,300 --> 00:46:46,000

the UFO i-team face book page very

1074

00:46:51,540 --> 00:46:48,310

shortly and on YouTube as well I'll give

1075

00:46:54,390 --> 00:46:51,550

you a copy for sure but there are so

1076
00:46:57,630 --> 00:46:54,400
many things in this document that seem

1077
00:46:59,990 --> 00:46:57,640
to ring true including the basic idea

1078
00:47:02,359 --> 00:47:00,000
that mj-12 existed

1079
00:47:05,480 --> 00:47:02,369
they are talking about the fact that

1080
00:47:08,030 --> 00:47:05,490
Admiral Wilson got confirmation from

1081
00:47:12,200 --> 00:47:08,040
various people in the Pentagon and these

1082
00:47:15,290 --> 00:47:12,210
subcontractors that a group that was

1083
00:47:17,210 --> 00:47:15,300
either called mj-12 or the Cabal or

1084
00:47:23,000 --> 00:47:17,220
anything like that that was in charge of

1085
00:47:24,920 --> 00:47:23,010
alien crashed craft actually existed so

1086
00:47:27,050 --> 00:47:24,930
that was something that the Admiral was

1087
00:47:29,270 --> 00:47:27,060
saying that he found out in this thing

1088
00:47:31,609 --> 00:47:29,280

matter of fact when he called these

1089

00:47:34,370 --> 00:47:31,619

subcontractors to finally confront them

1090

00:47:38,080 --> 00:47:34,380

with what they they knew and why he

1091

00:47:40,640 --> 00:47:38,090

didn't get briefed about the situation

1092

00:47:43,099 --> 00:47:40,650

they actually started spilling the beans

1093

00:47:45,260 --> 00:47:43,109

a little bit about what was going on and

1094

00:47:47,330 --> 00:47:45,270

they couldn't only go so far

1095

00:47:52,010 --> 00:47:47,340

and then they said it's a core secret

1096

00:47:55,250 --> 00:47:52,020

Admiral we can't tell you interesting so

1097

00:47:57,740 --> 00:47:55,260

and what are some other things that came

1098

00:48:01,550 --> 00:47:57,750

up and say the conversations with Eric

1099

00:48:03,620 --> 00:48:01,560

Davis and that part of it that were you

1100

00:48:07,190 --> 00:48:03,630

know that the listener interested in

1101
00:48:09,290 --> 00:48:07,200
UFOs would like to hear well you know

1102
00:48:13,550 --> 00:48:09,300
there's all sorts of details in that

1103
00:48:16,099 --> 00:48:13,560
document about the idea that there were

1104
00:48:19,280 --> 00:48:16,109
a crash in Roswell New Mexico

1105
00:48:22,579 --> 00:48:19,290
not only that mj-12 existed but the

1106
00:48:26,120 --> 00:48:22,589
crash at Roswell New Mexico happened the

1107
00:48:28,550 --> 00:48:26,130
retrieved technology is being studied by

1108
00:48:32,359 --> 00:48:28,560
these reverse engineering programs that

1109
00:48:34,700 --> 00:48:32,369
are run by civilian contractors there's

1110
00:48:37,490 --> 00:48:34,710
the whole idea that there was something

1111
00:48:40,400 --> 00:48:37,500
called a bigot list of need to know

1112
00:48:43,520 --> 00:48:40,410
people each of these organizations keep

1113
00:48:46,400 --> 00:48:43,530

and unless you're on their bigot list

1114

00:48:49,070 --> 00:48:46,410

which is B I G ot and it sounds very

1115

00:48:52,540 --> 00:48:49,080

racist but it's basically an anachronism

1116

00:48:55,370 --> 00:48:52,550

backwards that stands for to Gibraltar

1117

00:48:58,250 --> 00:48:55,380

which was a code name used during the

1118

00:49:00,800 --> 00:48:58,260

World War 2 invasion at Normandy to

1119

00:49:03,620 --> 00:49:00,810

start planning that event and they ended

1120

00:49:08,540 --> 00:49:03,630

up using the reverse of that instead of

1121

00:49:10,490 --> 00:49:08,550

to Gibraltar to jet big it backwards as

1122

00:49:13,190 --> 00:49:10,500

a codename of anybody who has a need to

1123

00:49:15,410 --> 00:49:13,200

know for a specific unacknowledged axis

1124

00:49:18,530 --> 00:49:15,420

special access pro

1125

00:49:20,810 --> 00:49:18,540

so when the admiral met with the

1126

00:49:22,580 --> 00:49:20,820

civilian contractor they showed him

1127

00:49:26,000 --> 00:49:22,590

their big enlist and he was not on it

1128

00:49:28,430 --> 00:49:26,010

there were no no u.s. President Snow

1129

00:49:31,280 --> 00:49:28,440

White House personnel no congressional

1130

00:49:36,040 --> 00:49:31,290

personnel no military personnel on this

1131

00:49:38,720 --> 00:49:36,050

list only a few Pentagon employee

1132

00:49:41,840 --> 00:49:38,730

officials that oversee the program so

1133

00:49:43,970 --> 00:49:41,850

those are very fascinating conversations

1134

00:49:44,480 --> 00:49:43,980

that Eric Davis was having with Admiral

1135

00:49:48,560 --> 00:49:44,490

Wilson

1136

00:49:51,350 --> 00:49:48,570

about the details of these programs and

1137

00:49:54,410 --> 00:49:51,360

basically this was one program dealing

1138

00:49:56,990 --> 00:49:54,420

with one reverse engineering aspect of

1139

00:49:58,900 --> 00:49:57,000

the whole phenomena so you never know

1140

00:50:01,640 --> 00:49:58,910

how many others are out there

1141

00:50:05,690 --> 00:50:01,650

interesting well you know how long ago

1142

00:50:09,770 --> 00:50:05,700

Roswell was and if they brought forward

1143

00:50:11,900 --> 00:50:09,780

some type of craft gear and they were

1144

00:50:14,990 --> 00:50:11,910

reverse engineering it that's a long

1145

00:50:19,220 --> 00:50:15,000

time that's what is that 70 you know

1146

00:50:22,640 --> 00:50:19,230

years seven I do and how could they

1147

00:50:23,870 --> 00:50:22,650

possibly keep that you know quite first

1148

00:50:26,540 --> 00:50:23,880

of all how could they keep that quiet

1149

00:50:29,960 --> 00:50:26,550

and if it's in I'm talking specifically

1150

00:50:32,960 --> 00:50:29,970

if it is in the hands of a private which

1151

00:50:37,760 --> 00:50:32,970

I actually would agree that is a great

1152

00:50:39,940 --> 00:50:37,770

way to you know to hide well you know

1153

00:50:42,530 --> 00:50:39,950

keep out of Congress and you know

1154

00:50:46,220 --> 00:50:42,540

anything else is to get in the private

1155

00:50:49,490 --> 00:50:46,230

sector but how could this be grandfather

1156

00:50:50,840 --> 00:50:49,500

from its generational at this point so

1157

00:50:53,290 --> 00:50:50,850

how could something like this

1158

00:50:56,020 --> 00:50:53,300

make it through generations of say

1159

00:51:00,050 --> 00:50:56,030

reverse engineering or you know a

1160

00:51:02,570 --> 00:51:00,060

company you know working on trying to

1161

00:51:04,370 --> 00:51:02,580

discover what these these things are and

1162

00:51:07,040 --> 00:51:04,380

how they work we have about four minutes

1163

00:51:08,930 --> 00:51:07,050

left okay well you know that's the whole

1164

00:51:11,330 --> 00:51:08,940

bob lazar story right there in a

1165

00:51:13,100 --> 00:51:11,340

nutshell which is kind of strange Bob

1166

00:51:15,140 --> 00:51:13,110

Lazar comes out with her they come out

1167

00:51:18,020 --> 00:51:15,150

with a movie about Bob Lazar just very

1168

00:51:21,350 --> 00:51:18,030

recently and this memo comes out shortly

1169

00:51:24,830 --> 00:51:21,360

thereafter basically confirming the idea

1170

00:51:26,780 --> 00:51:24,840

that the civilian back-engineering or

1171

00:51:28,280 --> 00:51:26,790

whatever programs that we've got working

1172

00:51:31,340 --> 00:51:28,290

for the military

1173

00:51:31,910 --> 00:51:31,350

are really hamstrung themselves in the

1174

00:51:33,410 --> 00:51:31,920

memo

1175

00:51:36,050 --> 00:51:33,420

it's mentioning the fact that they have

1176

00:51:38,420 --> 00:51:36,060

very slow progress in reverse

1177

00:51:41,510 --> 00:51:38,430

engineering these special projects and

1178

00:51:43,670 --> 00:51:41,520

they are stuck using basically the

1179

00:51:47,000 --> 00:51:43,680

personnel that are only on their bigot

1180

00:51:49,250 --> 00:51:47,010

lists they can't access the wide range

1181

00:51:51,200 --> 00:51:49,260

of scientific consultants out there in

1182

00:51:53,420 --> 00:51:51,210

the world that could help them and they

1183

00:51:57,160 --> 00:51:53,430

can only use their own facilities due to

1184

00:51:59,330 --> 00:51:57,170

the stove piping and you know the secret

1185

00:52:01,040 --> 00:51:59,340

things that they have to keep you know

1186

00:52:03,980 --> 00:52:01,050

depending on their budgets too so it

1187

00:52:06,140 --> 00:52:03,990

kind of goes on for decades from what

1188

00:52:09,200 --> 00:52:06,150

this memo is saying with very slow

1189

00:52:13,130 --> 00:52:09,210

progress which is kind of a flies enough

1190

00:52:17,210 --> 00:52:13,140

active there could be also a you know a

1191

00:52:18,710 --> 00:52:17,220

reverse or a secret space program that's

1192

00:52:20,840 --> 00:52:18,720

already new in all this stuff so we

1193

00:52:22,670 --> 00:52:20,850

always have like a things going on at

1194

00:52:25,280 --> 00:52:22,680

the same time you know and you never

1195

00:52:28,010 --> 00:52:25,290

know which ones are the correct versions

1196

00:52:31,460 --> 00:52:28,020

of reality out there we're going to be

1197

00:52:32,780 --> 00:52:31,470

taking calls in in our - but I just I

1198

00:52:34,460 --> 00:52:32,790

just happened to notice and I can't

1199

00:52:36,890 --> 00:52:34,470

really pay attention to chat too much

1200

00:52:39,020 --> 00:52:36,900

but I noticed a question from a Jay

1201

00:52:43,010 --> 00:52:39,030

Allen he wanted to know which remote

1202

00:52:47,060 --> 00:52:43,020

viewer is mentioned in the memo um gosh

1203

00:52:49,040 --> 00:52:47,070

you know it was two women and I don't

1204

00:52:50,600 --> 00:52:49,050

have the memo off the top my head but

1205

00:52:54,950 --> 00:52:50,610

I'll tell you who it was it was the

1206

00:52:59,540 --> 00:52:54,960

woman who actually channeled in a lien

1207

00:53:01,580 --> 00:52:59,550

at the I think it was right Patterson

1208

00:53:03,620 --> 00:53:01,590

Air Force Base and she was meeting with

1209

00:53:06,650 --> 00:53:03,630

some of the high brass there that she

1210

00:53:08,750 --> 00:53:06,660

had convinced that she could do this and

1211

00:53:10,910 --> 00:53:08,760

in reality what she did is she actually

1212

00:53:13,610 --> 00:53:10,920

made an arrangement for one of the

1213

00:53:17,990 --> 00:53:13,620

actual officers that were there to

1214

00:53:20,180 --> 00:53:18,000

become a channeler himself and a a lien

1215

00:53:22,670 --> 00:53:20,190

craft showed up outside their window at

1216

00:53:23,300 --> 00:53:22,680

wright-patterson to do that forget her

1217

00:53:25,250 --> 00:53:23,310

name

1218

00:53:28,250 --> 00:53:25,260

off the top my head but she's one of

1219

00:53:30,440 --> 00:53:28,260

them very famous the incident that's

1220

00:53:33,290 --> 00:53:30,450

been written about in ufology over the

1221

00:53:35,210 --> 00:53:33,300

years no okay all right

1222

00:53:36,710 --> 00:53:35,220

so a lot of people know my longtime

1223

00:53:39,740 --> 00:53:36,720

listeners know that I'm sort of

1224

00:53:40,760 --> 00:53:39,750

skeptical about certain things and so a

1225

00:53:41,540 --> 00:53:40,770

lot of things we're talking about

1226
00:53:43,430 --> 00:53:41,550

tonight

1227
00:53:45,290 --> 00:53:43,440

I'm sort of skeptical about I'm letting

1228
00:53:47,270 --> 00:53:45,300

you talk you're you know you're making a

1229
00:53:48,680 --> 00:53:47,280

good case for things but I will have to

1230
00:53:51,410 --> 00:53:48,690

tell you that Bob Lazar was on my

1231
00:53:53,090 --> 00:53:51,420

skeptical list and a lot of people are

1232
00:53:56,090 --> 00:53:53,100

not happy about that

1233
00:53:59,300 --> 00:53:56,100

but I've still I personally think that

1234
00:54:02,210 --> 00:53:59,310

you know Jeremy did a good job with the

1235
00:54:04,550 --> 00:54:02,220

movie he did but I still think that I

1236
00:54:07,340 --> 00:54:04,560

was trying to be convinced to believe

1237
00:54:10,160 --> 00:54:07,350

the whole thing and and I also watched

1238
00:54:14,180 --> 00:54:10,170

the Joe Rogan Bob Lazar interview the

1239

00:54:16,940 --> 00:54:14,190

whole thing was two hours and I the more

1240

00:54:19,010 --> 00:54:16,950

I watch the less I believe and I the

1241

00:54:21,890 --> 00:54:19,020

less I believe him and that's not a

1242

00:54:25,700 --> 00:54:21,900

popular view but it's it's just the it's

1243

00:54:28,910 --> 00:54:25,710

just a feeling a gut feeling I have you

1244

00:54:31,340 --> 00:54:28,920

know maybe as an appraiser really

1245

00:54:33,770 --> 00:54:31,350

looking into things and and watching

1246

00:54:37,609 --> 00:54:33,780

people and stuff but anyway I'm not

1247

00:54:40,280 --> 00:54:37,619

saying I'm an expert on on people but it

1248

00:54:42,020 --> 00:54:40,290

just my thoughts are still that I don't

1249

00:54:44,120 --> 00:54:42,030

really buy it a hundred percent however

1250

00:54:46,940 --> 00:54:44,130

I do agree that a lot of really

1251

00:54:50,150 --> 00:54:46,950

interesting things have come about

1252

00:54:52,760 --> 00:54:50,160

because of what Bob Lazar has said so I

1253

00:54:55,750 --> 00:54:52,770

will give him that and at this point

1254

00:55:00,830 --> 00:54:55,760

though we are about ready to go into

1255

00:55:03,230 --> 00:55:00,840

break so my guest tonight is Michael

1256

00:55:06,250 --> 00:55:03,240

Hall and we will be right back right

1257

00:55:09,500 --> 00:55:06,260

after these messages

1258

00:55:14,380 --> 00:55:09,510

it's Michael Hall and I'm back with him

1259

00:55:17,570 --> 00:55:14,390

and Michael so this has been a

1260

00:55:19,849 --> 00:55:17,580

interesting night and you know I just

1261

00:55:22,250 --> 00:55:19,859

kind of I don't know would you say slam

1262

00:55:26,359 --> 00:55:22,260

bob lazar but I gave my opinion on

1263

00:55:29,570 --> 00:55:26,369

Balthasar and but anyway you know I

1264

00:55:31,450 --> 00:55:29,580

maybe I have to be open-minded and say

1265

00:55:35,150 --> 00:55:31,460

that I could be totally wrong

1266

00:55:37,760 --> 00:55:35,160

you know perhaps there is something to

1267

00:55:40,160 --> 00:55:37,770

his story all the way through you know

1268

00:55:42,620 --> 00:55:40,170

that when there's bits and pieces that

1269

00:55:45,980 --> 00:55:42,630

don't ring true that row is you know

1270

00:55:49,430 --> 00:55:45,990

that always gets me wondering and you as

1271

00:55:51,530 --> 00:55:49,440

a prosecutor were you a prosecutor you

1272

00:55:53,420 --> 00:55:51,540

want I was uh I clerked him to

1273

00:55:54,570 --> 00:55:53,430

prosecutors office but I ended up not

1274

00:55:56,400 --> 00:55:54,580

going

1275

00:55:58,020 --> 00:55:56,410

with the program being a prosecutor I

1276

00:56:01,530 --> 00:55:58,030

just went into private practice I see

1277

00:56:03,390 --> 00:56:01,540

but but how do you how do you feel that

1278

00:56:06,180 --> 00:56:03,400

helps in what you're doing here when

1279

00:56:09,180 --> 00:56:06,190

you're looking you're looking at a story

1280

00:56:10,920 --> 00:56:09,190

whether it's you know a false story or

1281

00:56:14,250 --> 00:56:10,930

true story how do you feel that helps

1282

00:56:16,380 --> 00:56:14,260

you well it does it you know it's a

1283

00:56:18,450 --> 00:56:16,390

mindset that you get in as a lawyer you

1284

00:56:21,840 --> 00:56:18,460

know the first thing that you learn in

1285

00:56:22,350 --> 00:56:21,850

law school is that everyone deserves a

1286

00:56:24,960 --> 00:56:22,360

defense

1287

00:56:27,210 --> 00:56:24,970

of some kind if they're in a you know a

1288

00:56:30,300 --> 00:56:27,220

legal issue whether it's criminal or

1289

00:56:33,870 --> 00:56:30,310

civil so you end up having a point of

1290

00:56:36,330 --> 00:56:33,880

view that is forced to be either pro or

1291

00:56:38,190 --> 00:56:36,340

against a certain issue depending on

1292

00:56:41,250 --> 00:56:38,200

what side of the case of the year on and

1293

00:56:43,170 --> 00:56:41,260

you end up having to develop skills to

1294

00:56:45,930 --> 00:56:43,180

be both a defense attorney and a

1295

00:56:48,000 --> 00:56:45,940

prosecutor to get down to the truth and

1296

00:56:50,130 --> 00:56:48,010

veracity of the story and then of course

1297

00:56:53,460 --> 00:56:50,140

if you're lucky enough to be appointed

1298

00:56:54,570 --> 00:56:53,470

to the bench and become a judge it is

1299

00:56:57,690 --> 00:56:54,580

just awesome

1300

00:57:00,480 --> 00:56:57,700

a responsibility and an incredible

1301
00:57:03,570 --> 00:57:00,490
opportunity to basically understand that

1302
00:57:06,150 --> 00:57:03,580
you're gonna hear testimony that doesn't

1303
00:57:07,830 --> 00:57:06,160
quite make sense sometimes that will

1304
00:57:10,230 --> 00:57:07,840
turn out to be true and correct

1305
00:57:13,500 --> 00:57:10,240
you'll hear testimony that rings so true

1306
00:57:15,960 --> 00:57:13,510
to yourself and the jury and you find

1307
00:57:18,150 --> 00:57:15,970
out later it's totally false so

1308
00:57:20,280 --> 00:57:18,160
basically the idea being is that you

1309
00:57:24,630 --> 00:57:20,290
keep an open mind you keep digging for

1310
00:57:27,810 --> 00:57:24,640
the details to make sure that either the

1311
00:57:30,540 --> 00:57:27,820
standard of care in the law is beyond a

1312
00:57:33,570 --> 00:57:30,550
reasonable doubt that is the criminal

1313
00:57:35,370 --> 00:57:33,580

standard that's way harder to prove than

1314

00:57:39,390 --> 00:57:35,380

just a preponderance of the evidence

1315

00:57:39,990 --> 00:57:39,400

which is basically 51% sounds like it

1316

00:57:42,540 --> 00:57:40,000

could be true

1317

00:57:44,220 --> 00:57:42,550

forty-nine percent maybe it sounds like

1318

00:57:47,550 --> 00:57:44,230

it's false but it's still going to be

1319

00:57:49,170 --> 00:57:47,560

ruled as being true if you're going for

1320

00:57:51,660 --> 00:57:49,180

the preponderance of the evidence

1321

00:57:53,880 --> 00:57:51,670

standard so when you have those

1322

00:57:55,860 --> 00:57:53,890

different standards out there you bring

1323

00:57:57,840 --> 00:57:55,870

that to you follow G and you go well

1324

00:57:59,820 --> 00:57:57,850

wait a minute here you know this isn't a

1325

00:58:02,130 --> 00:57:59,830

slam-dunk either way you just keep

1326

00:58:03,990 --> 00:58:02,140

digging for information and you put it

1327

00:58:06,270 --> 00:58:04,000

out the information to the public and

1328

00:58:08,609 --> 00:58:06,280

and basically slowly but surely you're

1329

00:58:14,190 --> 00:58:08,619

getting towards the the truth of

1330

00:58:16,140 --> 00:58:14,200

I see alright so using this skill let's

1331

00:58:18,810 --> 00:58:16,150

just say that you were on the other side

1332

00:58:21,840 --> 00:58:18,820

of this Wilson UFO document you're on

1333

00:58:23,670 --> 00:58:21,850

the side where you thought it was false

1334

00:58:25,109 --> 00:58:23,680

what would your arguments be in other

1335

00:58:28,560 --> 00:58:25,119

words what's a weakest part of this

1336

00:58:33,240 --> 00:58:28,570

whole thing well one of the weakest

1337

00:58:35,849 --> 00:58:33,250

parts of the entire issue is how it was

1338

00:58:38,310 --> 00:58:35,859

released there are two different

1339

00:58:40,680 --> 00:58:38,320

releases that you got to worry about how

1340

00:58:43,680 --> 00:58:40,690

it was actually obtained from the Edgar

1341

00:58:45,690 --> 00:58:43,690

Mitchell estate for one's because there

1342

00:58:48,620 --> 00:58:45,700

is an individual that is still unnamed

1343

00:58:51,210 --> 00:58:48,630

out there by the way who is the original

1344

00:58:53,880 --> 00:58:51,220

benefactor of beneficiary of these

1345

00:58:56,930 --> 00:58:53,890

documents we don't know who that is at

1346

00:58:59,520 --> 00:58:56,940

this point at one point James R evening

1347

00:59:01,560 --> 00:58:59,530

actually contacted that person was

1348

00:59:04,050 --> 00:59:01,570

actually able to go through a few of the

1349

00:59:06,720 --> 00:59:04,060

boxes and found the smoking and memo so

1350

00:59:09,750 --> 00:59:06,730

that's the provenance issue that needs

1351
00:59:12,630 --> 00:59:09,760
to be looked at and then of course there

1352
00:59:16,380 --> 00:59:12,640
is the issue of who actually release

1353
00:59:19,140 --> 00:59:16,390
this document on anger and Twitter if

1354
00:59:22,109 --> 00:59:19,150
that could be found out to be for

1355
00:59:23,340 --> 00:59:22,119
instance one of my theories on this

1356
00:59:26,250 --> 00:59:23,350
other side of the fence that you're

1357
00:59:29,490 --> 00:59:26,260
talking about Martin is that this

1358
00:59:33,990 --> 00:59:29,500
document has been wanting to be released

1359
00:59:37,440 --> 00:59:34,000
for maybe a few years actually Richard

1360
00:59:39,630 --> 00:59:37,450
Dolan has mentioned that back in 2007 he

1361
00:59:42,240 --> 00:59:39,640
saw this document he at least sought to

1362
00:59:44,970 --> 00:59:42,250
pages because he remembers the part that

1363
00:59:47,700 --> 00:59:44,980

it says this retrieved technology was

1364

00:59:49,800 --> 00:59:47,710

not of this earth not made by human

1365

00:59:53,310 --> 00:59:49,810

hands that stuck in his brain over the

1366

00:59:55,710 --> 00:59:53,320

last few years so if indeed this

1367

00:59:57,690 --> 00:59:55,720

document was slowly being you know

1368

01:00:00,510 --> 00:59:57,700

pushed out into the public and then

1369

01:00:03,690 --> 01:00:00,520

finally since grant Cameron was not

1370

01:00:04,980 --> 01:00:03,700

releasing it on time or a timely basis

1371

01:00:05,430 --> 01:00:04,990

than what they thought was going to be

1372

01:00:11,010 --> 01:00:05,440

released

1373

01:00:13,170 --> 01:00:11,020

on Twitter if that could be determined

1374

01:00:15,810 --> 01:00:13,180

it would be very interesting to see who

1375

01:00:18,390 --> 01:00:15,820

is behind the actual leaking of this

1376

01:00:20,970 --> 01:00:18,400

document whether it's true or correct

1377

01:00:21,790 --> 01:00:20,980

the document the actual leaking of the

1378

01:00:24,580 --> 01:00:21,800

document could

1379

01:00:28,990 --> 01:00:24,590

you're tell us a whole lot now where did

1380

01:00:31,180 --> 01:00:29,000

grant get this get this copy yeah grant

1381

01:00:33,850 --> 01:00:31,190

you know speaks all over the world he

1382

01:00:36,610 --> 01:00:33,860

he's been my client for many years and

1383

01:00:39,970 --> 01:00:36,620

he tells me that he was at a conference

1384

01:00:42,580 --> 01:00:39,980

and major conference here in the United

1385

01:00:44,680 --> 01:00:42,590

States when he gets approached just as

1386

01:00:47,770 --> 01:00:44,690

he's leaving town to go to another

1387

01:00:50,710 --> 01:00:47,780

conference by James Rigney and

1388

01:00:53,560 --> 01:00:50,720

Australian I had this document wanted to

1389

01:00:55,420 --> 01:00:53,570

show him what he had he eventually

1390

01:00:59,710 --> 01:00:55,430

showed it to him and grant said where

1391

01:01:03,360 --> 01:00:59,720

did you get this and and so then how

1392

01:01:07,570 --> 01:01:03,370

does that tie in with a commit children

1393

01:01:07,960 --> 01:01:07,580

well the whole theory is that Edgar

1394

01:01:10,300 --> 01:01:07,970

Mitchell

1395

01:01:13,150 --> 01:01:10,310

you know these documents not only the

1396

01:01:18,030 --> 01:01:13,160

Edgar by the the at the Admiral Wilson

1397

01:01:22,510 --> 01:01:18,040

document but the Santelli emails thread

1398

01:01:25,690 --> 01:01:22,520

from kit green confirming to Robert

1399

01:01:30,430 --> 01:01:25,700

Bigelow that he thinks this alien

1400

01:01:33,130 --> 01:01:30,440

autopsy film is a genuine autopsy or

1401
01:01:36,370 --> 01:01:33,140
representation of an op Topsy of a real

1402
01:01:39,670 --> 01:01:36,380
alien they seem to come from Edgar

1403
01:01:41,620 --> 01:01:39,680
Mitchell's documents of his estate and

1404
01:01:44,080 --> 01:01:41,630
we touch and the reason they believe

1405
01:01:48,130 --> 01:01:44,090
that is that C Edgar Mitchell was on the

1406
01:01:50,230 --> 01:01:48,140
board of directors of the needs Robert

1407
01:01:53,710 --> 01:01:50,240
Bigelow is grooving and there is a

1408
01:01:56,290 --> 01:01:53,720
couple letters from Robert Bigelow to

1409
01:01:57,940 --> 01:01:56,300
Edgar Mitchell confirming his you know

1410
01:02:00,250 --> 01:01:57,950
being on the board of directors and the

1411
01:02:03,940 --> 01:02:00,260
meetings that he's attending and the

1412
01:02:05,970 --> 01:02:03,950
fact that Eric Davis dr. Eric Davis was

1413
01:02:09,270 --> 01:02:05,980

also on the board of directors of mids

1414

01:02:13,000 --> 01:02:09,280

the idea being that these this memo and

1415

01:02:15,970 --> 01:02:13,010

these threads from kid green about the

1416

01:02:16,630 --> 01:02:15,980

alien autopsy all ended up in dr.

1417

01:02:21,910 --> 01:02:16,640

Mitchell's

1418

01:02:24,130 --> 01:02:21,920

of the board of directors amid so what a

1419

01:02:26,940 --> 01:02:24,140

suit yeah everyone assumes that other

1420

01:02:30,490 --> 01:02:26,950

board of directors of this organization

1421

01:02:32,380 --> 01:02:30,500

would have similar documents that

1422

01:02:35,530 --> 01:02:32,390

corroborate these coming from Edgar

1423

01:02:38,200 --> 01:02:35,540

Mitchell as the state as well well

1424

01:02:40,750 --> 01:02:38,210

I have thought about this as well a

1425

01:02:42,820 --> 01:02:40,760

little bit you know not I I would just

1426

01:02:45,400 --> 01:02:42,830

think that someone like Edgar Mitchell

1427

01:02:51,130 --> 01:02:45,410

is going to get a lot of documents a lot

1428

01:02:54,220 --> 01:02:51,140

of you know I mean maybe mj-12 documents

1429

01:02:55,660 --> 01:02:54,230

maybe these maybe a bunch of other

1430

01:02:58,420 --> 01:02:55,670

things sent to him because he's such a

1431

01:02:59,710 --> 01:02:58,430

high profile person you know what it was

1432

01:03:02,020 --> 01:02:59,720

he the sixth man on the moon or

1433

01:03:04,120 --> 01:03:02,030

something I can't remember but I mean he

1434

01:03:08,110 --> 01:03:04,130

walked on the moon you know he's a real

1435

01:03:09,910 --> 01:03:08,120

important astronaut and he has he has he

1436

01:03:12,550 --> 01:03:09,920

had thoughts that there was really

1437

01:03:15,250 --> 01:03:12,560

something to the UFO subject he's going

1438

01:03:17,140 --> 01:03:15,260

to get a lot of a lot of stuff in the

1439

01:03:19,420 --> 01:03:17,150

mail whether it's sent to him physically

1440

01:03:21,340 --> 01:03:19,430

or email or whatever you know that he's

1441

01:03:24,700 --> 01:03:21,350

gonna get a lot I don't know if that at

1442

01:03:26,890 --> 01:03:24,710

myself I don't know how much credence at

1443

01:03:29,260 --> 01:03:26,900

adds to these this document that it came

1444

01:03:33,040 --> 01:03:29,270

from his estate because of that you know

1445

01:03:36,610 --> 01:03:33,050

in particular and let me just ask you

1446

01:03:38,740 --> 01:03:36,620

this what kind of backlash have you had

1447

01:03:41,410 --> 01:03:38,750

from the UFO community or grant or

1448

01:03:43,330 --> 01:03:41,420

Richard Dolan about this document being

1449

01:03:46,540 --> 01:03:43,340

faked how much of a backlash has there

1450

01:03:51,780 --> 01:03:46,550

been well initially there was obviously

1451

01:03:54,520 --> 01:03:51,790

the basic ufology kind of like you know

1452

01:03:56,410 --> 01:03:54,530

arguments the Viro well how do we know

1453

01:03:59,650 --> 01:03:56,420

it's real you know how do you prove the

1454

01:04:01,540 --> 01:03:59,660

veracity of the document itself but then

1455

01:04:03,880 --> 01:04:01,550

Richard Dolan came out very shortly

1456

01:04:07,510 --> 01:04:03,890

right after the document was leaked on

1457

01:04:10,960 --> 01:04:07,520

Twitter and did a fantastic analysis by

1458

01:04:13,140 --> 01:04:10,970

the way of the entire document and why

1459

01:04:15,940 --> 01:04:13,150

he believes that is indeed the most

1460

01:04:18,520 --> 01:04:15,950

important smoking gun memo and ufology

1461

01:04:21,030 --> 01:04:18,530

in this century and I think more of

1462

01:04:24,280 --> 01:04:21,040

course I mean if it's true and correct

1463

01:04:27,580 --> 01:04:24,290

so basically the whole idea that more

1464

01:04:30,880 --> 01:04:27,590

and more people got into the details of

1465

01:04:32,770 --> 01:04:30,890

the document and I had it again like I

1466

01:04:35,560 --> 01:04:32,780

said over six months going through the

1467

01:04:37,600 --> 01:04:35,570

details doing the vetting and the

1468

01:04:39,820 --> 01:04:37,610

following up on the various things that

1469

01:04:42,910 --> 01:04:39,830

are mentioned in there to see if I could

1470

01:04:45,700 --> 01:04:42,920

find any glitches in this in the

1471

01:04:47,320 --> 01:04:45,710

document or you know falsity and the

1472

01:04:49,570 --> 01:04:47,330

time frames and those kinds of things

1473

01:04:52,480 --> 01:04:49,580

and I couldn't find any

1474

01:04:55,540 --> 01:04:52,490

so when you have major ufologist like

1475

01:04:57,160 --> 01:04:55,550

grant cameron who says basically that

1476

01:04:58,720 --> 01:04:57,170

he's never seen anything like this

1477

01:05:00,550 --> 01:04:58,730

before

1478

01:05:03,870 --> 01:05:00,560

even if it was matter-of-fact grant is

1479

01:05:07,600 --> 01:05:03,880

very discerning when it comes to this

1480

01:05:09,340 --> 01:05:07,610

slow disclosure this managed disclosure

1481

01:05:13,030 --> 01:05:09,350

where they have plausible deniability

1482

01:05:15,510 --> 01:05:13,040

and they pull it back later and this is

1483

01:05:19,120 --> 01:05:15,520

totally different and unique in his

1484

01:05:21,630 --> 01:05:19,130

experience as well so it is very

1485

01:05:25,090 --> 01:05:21,640

interesting and if it is indeed a hoax

1486

01:05:27,220 --> 01:05:25,100

it is the most bold hoax you've ever

1487

01:05:30,490 --> 01:05:27,230

seen in your follow G with all the

1488

01:05:32,410 --> 01:05:30,500

details included in it you know I'm kind

1489

01:05:35,290 --> 01:05:32,420

of maybe I'm beating a dead horse a

1490

01:05:37,750 --> 01:05:35,300

little bit here but but what are the

1491

01:05:40,120 --> 01:05:37,760

arguments of people that you're hearing

1492

01:05:42,220 --> 01:05:40,130

the most of you know why are so many

1493

01:05:45,430 --> 01:05:42,230

people saying that this is you know a

1494

01:05:46,960 --> 01:05:45,440

fake and it's there's nothing to it and

1495

01:05:49,750 --> 01:05:46,970

what what it's the grounds that they're

1496

01:05:52,330 --> 01:05:49,760

standing on that you're seeing yeah well

1497

01:05:55,300 --> 01:05:52,340

okay there's a few a few good points

1498

01:05:57,610 --> 01:05:55,310

obviously but one point is well you know

1499

01:06:00,810 --> 01:05:57,620

can can anybody really place

1500

01:06:04,860 --> 01:06:00,820

Admiral Wilson in Las Vegas Nevada on

1501

01:06:08,470 --> 01:06:04,870

October 16 2002 that would be one issue

1502

01:06:09,820 --> 01:06:08,480

that you know we could actually confirm

1503

01:06:12,010 --> 01:06:09,830

that well he was in the neck of the

1504

01:06:15,220 --> 01:06:12,020

woods there to be meeting with dr. Eric

1505

01:06:17,710 --> 01:06:15,230

Davis at the EG&G Building in Vegas at

1506

01:06:20,320 --> 01:06:17,720

that time so that's an issue that still

1507

01:06:22,300 --> 01:06:20,330

needs to be pursued whether there's some

1508

01:06:24,610 --> 01:06:22,310

kind of a log or some kind of a diary

1509

01:06:29,170 --> 01:06:24,620

that can be proved that he was there

1510

01:06:31,090 --> 01:06:29,180

that day there was also the issue of you

1511

01:06:33,160 --> 01:06:31,100

know all the details that are included

1512

01:06:36,640 --> 01:06:33,170

in this thing and whether anybody could

1513

01:06:39,160 --> 01:06:36,650

corroborate or come forth in public and

1514

01:06:41,890 --> 01:06:39,170

confirm any of the details

1515

01:06:44,890 --> 01:06:41,900

the only real details that can be

1516

01:06:49,720 --> 01:06:44,900

confirmed and has been by participants

1517

01:06:53,200 --> 01:06:49,730

in this memo comes from dr. Steven Greer

1518

01:06:55,510 --> 01:06:53,210

himself who was actually at the briefing

1519

01:06:59,350 --> 01:06:55,520

with Admiral Wilson and Edgar Mitchell

1520

01:07:01,420 --> 01:06:59,360

and commander Miller as well and he was

1521

01:07:02,460 --> 01:07:01,430

just recently interviewed on Jimmy

1522

01:07:06,120 --> 01:07:02,470

Church

1523

01:07:08,780 --> 01:07:06,130

and other shows confirming that yeah I

1524

01:07:12,839 --> 01:07:08,790

mean he wrote about this in his own book

1525

01:07:16,200 --> 01:07:12,849

surely after the actual 1997 briefing

1526

01:07:18,390 --> 01:07:16,210

that he did and confirmed that these

1527

01:07:20,880 --> 01:07:18,400

things that they talked about for well

1528

01:07:22,050 --> 01:07:20,890

over two and a half hours in the

1529

01:07:25,770 --> 01:07:22,060

briefing that was only supposed to last

1530

01:07:28,079 --> 01:07:25,780

45 minutes by the way about the you know

1531

01:07:31,650 --> 01:07:28,089

retrieved technologies the Roswell crash

1532

01:07:34,050 --> 01:07:31,660

mj-12 documents he confirms dr. Greer

1533

01:07:36,750 --> 01:07:34,060

does that those things happened as well

1534

01:07:39,210 --> 01:07:36,760

but of course you've got all sorts of

1535

01:07:43,050 --> 01:07:39,220

other details in the document like the

1536

01:07:45,809 --> 01:07:43,060

fact that you know UFOs do exist Jack

1537

01:07:48,480 --> 01:07:45,819

Ganzer says but alien abductions don't

1538

01:07:51,270 --> 01:07:48,490

exist you know a lot of people use that

1539

01:07:54,599 --> 01:07:51,280

as something that's totally bogus they

1540

01:07:57,809 --> 01:07:54,609

understand and ufology and proves to the

1541

01:08:01,020 --> 01:07:57,819

falsity of the document as well it's a

1542

01:08:03,870 --> 01:08:01,030

whole lot of things that go back and

1543

01:08:06,480 --> 01:08:03,880

forth pro and con on the document i see

1544

01:08:09,690 --> 01:08:06,490

well you know that's gonna be no matter

1545

01:08:11,280 --> 01:08:09,700

what but you know it's it'll be

1546

01:08:14,190 --> 01:08:11,290

interesting to see how this thing plays

1547

01:08:16,590 --> 01:08:14,200

out you know maybe it won't play out if

1548

01:08:18,120 --> 01:08:16,600

you look at the mj-12 documents uh

1549

01:08:20,519 --> 01:08:18,130

there's a number of people out there

1550

01:08:24,420 --> 01:08:20,529

that really believe that they're you

1551

01:08:26,519 --> 01:08:24,430

know 100% real Stan Friedman you know

1552

01:08:29,880 --> 01:08:26,529

thought some of the documents after all

1553

01:08:33,870 --> 01:08:29,890

his many many hours of research he

1554

01:08:37,320 --> 01:08:33,880

thought some of them were okay and I did

1555

01:08:41,099 --> 01:08:37,330

mention to him as an appraiser you know

1556

01:08:43,019 --> 01:08:41,109

if I find a fake in fake painting and a

1557

01:08:44,640 --> 01:08:43,029

bunch of real paintings I'm skeptic

1558

01:08:48,110 --> 01:08:44,650

skeptical about them all you know you

1559

01:08:50,760 --> 01:08:48,120

have to really really dig and dig so

1560

01:08:54,630 --> 01:08:50,770

just as a question to you what did you

1561

01:08:58,860 --> 01:08:54,640

think about the mj-12 documents you know

1562

01:09:00,689 --> 01:08:58,870

the mj-12 documents are I think I think

1563

01:09:03,900 --> 01:09:00,699

Stanton Friedman was correct in his

1564

01:09:06,570 --> 01:09:03,910

analysis I think there were you know

1565

01:09:08,970 --> 01:09:06,580

some may be disinformation given to

1566

01:09:11,970 --> 01:09:08,980

Jamie and array and you know at that

1567

01:09:15,440 --> 01:09:11,980

point but I think the overall idea of

1568

01:09:17,930 --> 01:09:15,450

the the organization that

1569

01:09:19,370 --> 01:09:17,940

put together supposedly by Truman you

1570

01:09:23,030 --> 01:09:19,380

know right after the Roswell crash

1571

01:09:25,400 --> 01:09:23,040

supposedly in 47 it seems to be very

1572

01:09:28,040 --> 01:09:25,410

true and correct to me when you look at

1573

01:09:30,530 --> 01:09:28,050

other resources you know there was an

1574

01:09:33,800 --> 01:09:30,540

interesting aspect to that story also

1575

01:09:36,170 --> 01:09:33,810

when Stanton died just recently grant

1576

01:09:39,260 --> 01:09:36,180

Cameron was able to actually access his

1577

01:09:43,180 --> 01:09:39,270

FBI file I know if you've heard some of

1578

01:09:47,000 --> 01:09:43,190

Grant's information that we found out

1579

01:09:52,670 --> 01:09:47,010

that the FBI had quite an extensive file

1580

01:09:55,970 --> 01:09:52,680

and on you know that the idea that

1581

01:09:57,740 --> 01:09:55,980

Stanton Friedman had supposedly an alias

1582

01:09:58,820 --> 01:09:57,750

even that's blocked out in these

1583

01:10:01,090 --> 01:09:58,830

documents Wow

1584

01:10:03,650 --> 01:10:01,100

we don't know what that alias was

1585

01:10:06,380 --> 01:10:03,660

because they're they're blocked out by

1586

01:10:08,030 --> 01:10:06,390

they don't use black paper a paper

1587

01:10:10,010 --> 01:10:08,040

anymore there's a white paper that they

1588

01:10:12,410 --> 01:10:10,020

block out certain things in the document

1589

01:10:15,230 --> 01:10:12,420

but the real interesting aspect of the

1590

01:10:19,760 --> 01:10:15,240

FBI documents shows that Nana Freedman

1591

01:10:23,090 --> 01:10:19,770

very early on in the 60s had access to

1592

01:10:26,230 --> 01:10:23,100

the actual FBI file numbers that he was

1593

01:10:29,690 --> 01:10:26,240

requesting on Freedom of Information

1594

01:10:31,220 --> 01:10:29,700

requests and the FBI got very suspicious

1595

01:10:33,860 --> 01:10:31,230

about the fact that he knew all the

1596

01:10:35,750 --> 01:10:33,870

details of the actual file numbers he

1597

01:10:39,050 --> 01:10:35,760

was requesting and so they opened up the

1598

01:10:42,440 --> 01:10:39,060

file on Stanton Friedman shortly after

1599

01:10:44,690 --> 01:10:42,450

he got out of school and out in college

1600

01:10:47,900 --> 01:10:44,700

when he was doing his research on UFOs

1601
01:10:51,140 --> 01:10:47,910
so you never know how close Stanton

1602
01:10:53,710 --> 01:10:51,150
Friedman was in knowing what the inside

1603
01:10:56,660 --> 01:10:53,720
information was and if he was that close

1604
01:11:00,080 --> 01:10:56,670
the fact that he believed the mj-12

1605
01:11:03,740 --> 01:11:00,090
documents we're to incorrect goes a long

1606
01:11:06,200 --> 01:11:03,750
way with me anyway interesting so one of

1607
01:11:07,670 --> 01:11:06,210
the there's a anyway I'm gonna open the

1608
01:11:11,150 --> 01:11:07,680
lines for anyone that wants to call in

1609
01:11:15,110 --> 01:11:11,160
about this document before we move on to

1610
01:11:18,620 --> 01:11:15,120
another subject but J Allen and the has

1611
01:11:20,630 --> 01:11:18,630
another question basically is what is

1612
01:11:22,580 --> 01:11:20,640
the chain of custody you sort of follow

1613
01:11:23,780 --> 01:11:22,590

that but that is that is really

1614

01:11:25,910 --> 01:11:23,790

important when it comes to something

1615

01:11:28,340 --> 01:11:25,920

like this the chain of custody

1616

01:11:32,090 --> 01:11:28,350

you know the provenance so to speak

1617

01:11:35,150 --> 01:11:32,100

of this Wilson document and that is

1618

01:11:37,430 --> 01:11:35,160

that's what I see right now myself is

1619

01:11:39,670 --> 01:11:37,440

kind of the weakest part of of this is

1620

01:11:43,910 --> 01:11:39,680

you know gotta know where it came from

1621

01:11:46,130 --> 01:11:43,920

as far back as you can and and that's

1622

01:11:51,520 --> 01:11:46,140

that's that's a problem where that can

1623

01:11:54,140 --> 01:11:51,530

be an issue yeah there's a the basic

1624

01:11:57,920 --> 01:11:54,150

missing link in the chain of Providence

1625

01:12:00,770 --> 01:11:57,930

at this point is how if indeed these are

1626

01:12:03,440 --> 01:12:00,780

from Edgar Mitchell's estate how they

1627

01:12:05,930 --> 01:12:03,450

actually got from Edgar Mitchell to the

1628

01:12:08,870 --> 01:12:05,940

gentleman who received the banker boxes

1629

01:12:12,260 --> 01:12:08,880

of information from his family

1630

01:12:14,750 --> 01:12:12,270

we know how James Read Me received the

1631

01:12:18,440 --> 01:12:14,760

information from this undisclosed source

1632

01:12:21,770 --> 01:12:18,450

so that Providence has been told by

1633

01:12:23,720 --> 01:12:21,780

history me himself and then of course we

1634

01:12:27,770 --> 01:12:23,730

know how those documents that he had

1635

01:12:29,840 --> 01:12:27,780

were given to grant Cameron and I can

1636

01:12:33,740 --> 01:12:29,850

verify that I got the document from

1637

01:12:35,240 --> 01:12:33,750

grant on January 2nd of this year so

1638

01:12:38,480 --> 01:12:35,250

I've been sitting on them for a long

1639

01:12:41,390 --> 01:12:38,490

period of time getting them as well so I

1640

01:12:44,180 --> 01:12:41,400

have heard the the new information I'm

1641

01:12:46,730 --> 01:12:44,190

hearing is that the original source of

1642

01:12:50,630 --> 01:12:46,740

the documents from the Edgar Mitchell

1643

01:12:54,410 --> 01:12:50,640

estate might be coming forth him or

1644

01:12:57,950 --> 01:12:54,420

herself very shortly and confirming how

1645

01:13:01,340 --> 01:12:57,960

he or she received these documents from

1646

01:13:04,700 --> 01:13:01,350

Edgar Mitchell's family that would

1647

01:13:06,470 --> 01:13:04,710

basically kind of add you know veracity

1648

01:13:09,500 --> 01:13:06,480

to the chain of evidence of where these

1649

01:13:11,810 --> 01:13:09,510

things actually came from and the fact

1650

01:13:14,750 --> 01:13:11,820

that basically at that point James

1651

01:13:16,190 --> 01:13:14,760

Rigney would have all the confidence the

1652

01:13:20,240 --> 01:13:16,200

world that the documents that he

1653

01:13:22,610 --> 01:13:20,250

received from this source were tauren

1654

01:13:23,540 --> 01:13:22,620

correct as well so that's where we are

1655

01:13:26,210 --> 01:13:23,550

at this point

1656

01:13:28,970 --> 01:13:26,220

yeah that would cooperate you know that

1657

01:13:31,910 --> 01:13:28,980

I mean they would need some more

1658

01:13:34,370 --> 01:13:31,920

cooperation and the family I'm sure does

1659

01:13:36,710 --> 01:13:34,380

not want to get involved at this point

1660

01:13:38,330 --> 01:13:36,720

you know I don't know that's my

1661

01:13:41,680 --> 01:13:38,340

understanding right yeah you know and

1662

01:13:44,380 --> 01:13:41,690

and then the other issues are by the way

1663

01:13:47,920 --> 01:13:44,390

that there are additional documents in

1664

01:13:50,620 --> 01:13:47,930

this edgar mitchell estate if for

1665

01:13:52,690 --> 01:13:50,630

instance we can confirm the existence of

1666

01:13:54,400 --> 01:13:52,700

these other documents that are maybe

1667

01:13:56,770 --> 01:13:54,410

around the same timeframe they're from

1668

01:13:58,990 --> 01:13:56,780

the same actors they're from the same

1669

01:14:01,300 --> 01:13:59,000

people in organizations that he was

1670

01:14:03,370 --> 01:14:01,310

involved with edgar mitchell you know

1671

01:14:04,240 --> 01:14:03,380

with knids and you know to the stars

1672

01:14:05,530 --> 01:14:04,250

academy

1673

01:14:08,440 --> 01:14:05,540

you know folks and all this kind of

1674

01:14:10,750 --> 01:14:08,450

thing those would show more provenance

1675

01:14:12,160 --> 01:14:10,760

as well that the original document if

1676

01:14:16,960 --> 01:14:12,170

they were coming from the same source

1677

01:14:20,260 --> 01:14:16,970

same boxes edgar Mitchell's estate would

1678

01:14:24,970 --> 01:14:20,270

kind of make sense as well now are you

1679

01:14:27,940 --> 01:14:24,980

saying that he he obtained at ker

1680

01:14:30,400 --> 01:14:27,950

Mitchell possibly obtained this through

1681

01:14:32,740 --> 01:14:30,410

knids because he was involved in knits

1682

01:14:35,170 --> 01:14:32,750

is that is that what you said that's

1683

01:14:38,380 --> 01:14:35,180

right that's the that's the basic

1684

01:14:40,600 --> 01:14:38,390

premise of the whole idea that not just

1685

01:14:43,290 --> 01:14:40,610

one you know a banker boxes a big old

1686

01:14:46,510 --> 01:14:43,300

box keep all sorts of files in and stuff

1687

01:14:49,060 --> 01:14:46,520

multiple banker boxes is what I have

1688

01:14:52,060 --> 01:14:49,070

been hearing from Edgar Mitchell's

1689

01:14:54,960 --> 01:14:52,070

estate were almost thrown away by his

1690

01:14:57,670 --> 01:14:54,970

family they were retrieved by this

1691

01:15:00,970 --> 01:14:57,680

source that we don't know who he is at

1692

01:15:04,630 --> 01:15:00,980

this point or she is and then leaked out

1693

01:15:08,140 --> 01:15:04,640

slowly so if indeed we've got multiple

1694

01:15:09,670 --> 01:15:08,150

boxes of documents that are about the

1695

01:15:11,650 --> 01:15:09,680

same thing or from the knids

1696

01:15:13,660 --> 01:15:11,660

organization you know about Minda and

1697

01:15:17,430 --> 01:15:13,670

mids meetings we've got some documents

1698

01:15:19,960 --> 01:15:17,440

that are actually from Robert Bigelow to

1699

01:15:21,940 --> 01:15:19,970

Edgar Mitchell you know talking about

1700

01:15:23,530 --> 01:15:21,950

the upcoming meetings that he's going to

1701

01:15:25,960 --> 01:15:23,540

attend and those kinds of things so it

1702

01:15:30,280 --> 01:15:25,970

basically ties him into the board of

1703

01:15:31,660 --> 01:15:30,290

directors or consultants basically that

1704

01:15:34,150 --> 01:15:31,670

he was on for knids

1705

01:15:36,940 --> 01:15:34,160

that's basically where we're thinking a

1706

01:15:39,760 --> 01:15:36,950

lot of these documents came from would

1707

01:15:43,690 --> 01:15:39,770

there be any reason why edgar mitchell

1708

01:15:47,500 --> 01:15:43,700

would not have released any part of this

1709

01:15:49,600 --> 01:15:47,510

document during his lifetime you know

1710

01:15:54,010 --> 01:15:49,610

the only thing that I can think of is uh

1711

01:15:55,660 --> 01:15:54,020

you know being a naval officer himself

1712

01:15:58,649 --> 01:15:55,670

you know an astronaut

1713

01:16:02,169 --> 01:15:58,659

on the inside he would obviously know

1714

01:16:06,390 --> 01:16:02,179

the repercussions of releasing core

1715

01:16:10,090 --> 01:16:06,400

secrets or any kind of document that

1716

01:16:12,910 --> 01:16:10,100

would be classified and those kinds of

1717

01:16:15,640 --> 01:16:12,920

things although the 15 page memo is not

1718

01:16:18,970 --> 01:16:15,650

a classified document and not a core

1719

01:16:22,390 --> 01:16:18,980

secret but it mentions core secrets so I

1720

01:16:24,550 --> 01:16:22,400

would assume and I'm wondering because I

1721

01:16:26,830 --> 01:16:24,560

often wonder about this when people pass

1722

01:16:28,390 --> 01:16:26,840

away under death bed they might say

1723

01:16:31,330 --> 01:16:28,400

something that their children or their

1724

01:16:33,609 --> 01:16:31,340

family members that's why I created this

1725

01:16:35,770 --> 01:16:33,619

idea of a disclosure trust four people

1726

01:16:38,140 --> 01:16:35,780

actually put these documents into a

1727

01:16:40,450 --> 01:16:38,150

doctor a trust that they named a

1728

01:16:43,090 --> 01:16:40,460

successor trustee that's in charge of

1729

01:16:44,500 --> 01:16:43,100

disclosing the information either upon

1730

01:16:46,780 --> 01:16:44,510

their death or sometime in the future

1731

01:16:49,000 --> 01:16:46,790

even during their lifetime if they would

1732

01:16:51,459 --> 01:16:49,010

like but the idea of creating a an

1733

01:16:53,200 --> 01:16:51,469

estate planning tool to preserve these

1734

01:16:55,899 --> 01:16:53,210

documents is something I've always been

1735

01:16:59,129 --> 01:16:55,909

interested in doing my 30 years as a

1736

01:17:01,600 --> 01:16:59,139

career as an attorney so I was uh I

1737

01:17:04,050 --> 01:17:01,610

still am hoping that there are other

1738

01:17:06,370 --> 01:17:04,060

people out there that got cooperative

1739

01:17:10,270 --> 01:17:06,380

documentation about some of these

1740

01:17:12,189 --> 01:17:10,280

meetings and issues that might be able

1741

01:17:16,149 --> 01:17:12,199

to corroborate what's in the 15 page

1742

01:17:19,570 --> 01:17:16,159

memo mm-hmm well we'll just have to see

1743

01:17:23,109 --> 01:17:19,580

what what plays out in time and I was

1744

01:17:25,450 --> 01:17:23,119

hoping to get a caller to you know about

1745

01:17:28,810 --> 01:17:25,460

this document before we moved on but

1746

01:17:32,020 --> 01:17:28,820

that's okay so the Mount Abraham's I

1747

01:17:35,160 --> 01:17:32,030

think that no Mount Adams incident yes I

1748

01:17:37,479 --> 01:17:35,170

know you did you were involved in

1749

01:17:37,840 --> 01:17:37,489

speaking about that can you tell us what

1750

01:17:39,399 --> 01:17:37,850

that is

1751

01:17:42,520 --> 01:17:39,409

I don't even know if I'm familiar with

1752

01:17:44,649 --> 01:17:42,530

that I might it might I might catch on

1753

01:17:47,290 --> 01:17:44,659

once you start but go ahead and talk

1754

01:17:50,680 --> 01:17:47,300

about that if you would well yeah thanks

1755

01:17:53,320 --> 01:17:50,690

Martha the the UFO I team that I founded

1756

01:17:56,890 --> 01:17:53,330

and direct is a group of highly

1757

01:17:59,350 --> 01:17:56,900

sophisticated and educated field

1758

01:18:01,060 --> 01:17:59,360

investigators of UFOs a paranormal

1759

01:18:02,740 --> 01:18:01,070

Bigfoot and all those kinds of things

1760

01:18:06,459 --> 01:18:02,750

and we typically go out in various

1761

01:18:09,129 --> 01:18:06,469

expeditions during the years during the

1762

01:18:11,410 --> 01:18:09,139

summer a lot but you know all year long

1763

01:18:13,870 --> 01:18:11,420

one of our last ones this past weekend

1764

01:18:16,689 --> 01:18:13,880

was at Mount Baker Washington which is

1765

01:18:19,379 --> 01:18:16,699

high in the North Cascades almost at the

1766

01:18:21,760 --> 01:18:19,389

Canadian border matter of fact right

1767

01:18:24,640 --> 01:18:21,770

next to the border there was a group of

1768

01:18:27,040 --> 01:18:24,650

seven mountains called the Pleiades that

1769

01:18:29,500 --> 01:18:27,050

can be seen from the foothills of Mount

1770

01:18:32,459 --> 01:18:29,510

Baker that we take our sophisticated

1771

01:18:35,979 --> 01:18:32,469

gear with up with us night-vision

1772

01:18:39,910 --> 01:18:35,989

photography FLIR photography you know

1773

01:18:41,640 --> 01:18:39,920

stop action and you know video and all

1774

01:18:44,649 --> 01:18:41,650

that kind of stuff and we record

1775

01:18:46,540 --> 01:18:44,659

anomalous aerial activity all the time

1776

01:18:49,030 --> 01:18:46,550

in that general neck of the woods mal

1777

01:18:52,840 --> 01:18:49,040

Baker is just in a very unique place in

1778

01:18:55,660 --> 01:18:52,850

the fact that there that's about Mount

1779

01:18:58,270 --> 01:18:55,670

Baker itself is about 10,000 feet this

1780

01:19:01,120 --> 01:18:58,280

location and we basically go to is

1781

01:19:05,200 --> 01:19:01,130

called artist point which is a beautiful

1782

01:19:08,050 --> 01:19:05,210

view north across the Canadian border to

1783

01:19:11,620 --> 01:19:08,060

the Pleiades and the other Mount Shuksan

1784

01:19:14,470 --> 01:19:11,630

and other peaks in the area and we don't

1785

01:19:16,660 --> 01:19:14,480

hardly ever go up to that expedition at

1786

01:19:21,220 --> 01:19:16,670

Mount Baker and get skunked as far as

1787

01:19:22,930 --> 01:19:21,230

our recording UFOs on tape and being

1788

01:19:27,390 --> 01:19:22,940

able to analyze you know what we're

1789

01:19:31,330 --> 01:19:27,400

seeing there seems to be at least one

1790

01:19:34,510 --> 01:19:31,340

group of UFOs that we see periodically

1791

01:19:36,520 --> 01:19:34,520

that kind of disappear into the mountain

1792

01:19:38,530 --> 01:19:36,530

they almost look like they could be

1793

01:19:41,620 --> 01:19:38,540

shooting stars you know you would see a

1794

01:19:44,050 --> 01:19:41,630

white streak of light coming down at a

1795

01:19:46,030 --> 01:19:44,060

various different angles but they seem

1796

01:19:48,550 --> 01:19:46,040

to be going almost like a magnetic

1797

01:19:52,510 --> 01:19:48,560

anomaly into the mountain from different

1798

01:19:55,419 --> 01:19:52,520

parts of the sky that's been very unique

1799

01:19:57,580 --> 01:19:55,429

for us to figure out why these if they

1800

01:20:01,270 --> 01:19:57,590

are shooting stars why are they being

1801

01:20:05,590 --> 01:20:01,280

drawn towards a one location on you know

1802

01:20:08,260 --> 01:20:05,600

an area in Mal Baker and not just seeing

1803

01:20:10,000 --> 01:20:08,270

streaking across the sky horizontally or

1804

01:20:10,990 --> 01:20:10,010

in different directions so that's

1805

01:20:14,379 --> 01:20:11,000

interesting

1806

01:20:16,300 --> 01:20:14,389

we also have a local member of our group

1807

01:20:20,020 --> 01:20:16,310

up there in the small little town of

1808

01:20:23,010 --> 01:20:20,030

glacier Washington who is able to set up

1809

01:20:26,220 --> 01:20:23,020

a very inexpensive Nikon

1810

01:20:28,410 --> 01:20:26,230

pics video camera on a tripod and he

1811

01:20:31,980 --> 01:20:28,420

takes videos that are only like a minute

1812

01:20:34,140 --> 01:20:31,990

two minutes long at 49 frames per second

1813

01:20:36,750 --> 01:20:34,150

like a normal video camera of that size

1814

01:20:40,830 --> 01:20:36,760

would take then he runs it through his

1815

01:20:44,510 --> 01:20:40,840

laptop computer frame by frame and he is

1816

01:20:46,980 --> 01:20:44,520

capturing in daytime by the way

1817

01:20:51,030 --> 01:20:46,990

anomalous craft traveling through his

1818

01:20:54,650 --> 01:20:51,040

field of vision in three frames now when

1819

01:20:59,220 --> 01:20:54,660

you do the math on 49 frames per second

1820

01:21:01,410 --> 01:20:59,230

in a short video and you realize that an

1821

01:21:03,660 --> 01:21:01,420

object is traveling through the field of

1822

01:21:05,820 --> 01:21:03,670

view and three frames is well over

1823

01:21:08,550 --> 01:21:05,830

twenty thousand miles an hour that these

1824

01:21:12,270 --> 01:21:08,560

things are traveling there uh you know

1825

01:21:14,970 --> 01:21:12,280

triangle shapes their V shapes their

1826
01:21:16,740 --> 01:21:14,980
saucer shapes and basically these things

1827
01:21:18,570 --> 01:21:16,750
are going so fast you cannot see them

1828
01:21:21,600 --> 01:21:18,580
with your naked eye unless you have the

1829
01:21:25,050 --> 01:21:21,610
ability to go frame by frame and and do

1830
01:21:28,200 --> 01:21:25,060
the analysis on the videos so we've even

1831
01:21:31,920 --> 01:21:28,210
recorded those things going from the sky

1832
01:21:34,350 --> 01:21:31,930
down to the water in a lake up there

1833
01:21:37,140 --> 01:21:34,360
called Silver Lake and recorded them

1834
01:21:38,810 --> 01:21:37,150
going under the water and not even

1835
01:21:40,860 --> 01:21:38,820
slowing down not even making a splash

1836
01:21:44,520 --> 01:21:40,870
coming out of the water and shooting

1837
01:21:46,350 --> 01:21:44,530
into the sky with on videotape as you go

1838
01:21:48,990 --> 01:21:46,360

through it frame by frame that's that's

1839

01:21:51,390 --> 01:21:49,000

how anomalous aircraft is being sighted

1840

01:21:53,700 --> 01:21:51,400

all the time in just that one area in

1841

01:21:56,580 --> 01:21:53,710

the state of Washington isn't that

1842

01:21:59,190 --> 01:21:56,590

something so you know I I've thought a

1843

01:22:03,180 --> 01:21:59,200

lot about you know the way technology is

1844

01:22:06,930 --> 01:22:03,190

is changing you know changing things as

1845

01:22:10,950 --> 01:22:06,940

far as especially as far as when you

1846

01:22:13,950 --> 01:22:10,960

know you're talking about being able to

1847

01:22:15,870 --> 01:22:13,960

see things in different scales or

1848

01:22:19,260 --> 01:22:15,880

whatever that you haven't you know no

1849

01:22:21,690 --> 01:22:19,270

one has seen before and so a lot of that

1850

01:22:24,060 --> 01:22:21,700

as technology grows I think we're gonna

1851

01:22:26,490 --> 01:22:24,070

see more and more you know I mean oh

1852

01:22:28,440 --> 01:22:26,500

yeah but what's in there fact there

1853

01:22:30,600 --> 01:22:28,450

there is an interesting aspect of that

1854

01:22:32,520 --> 01:22:30,610

Martin whether you just brought up where

1855

01:22:35,310 --> 01:22:32,530

you know a Kevin day

1856

01:22:35,919 --> 01:22:35,320

yeah and in Gary Voorhees and these guys

1857

01:22:41,350 --> 01:22:35,929

on the

1858

01:22:43,540 --> 01:22:41,360

the aircraft carrier group they

1859

01:22:45,520 --> 01:22:43,550

mentioned the fact that all of a sudden

1860

01:22:48,760 --> 01:22:45,530

when they got an upgrade to this super

1861

01:22:51,310 --> 01:22:48,770

spy-1 radar system yeah that's when they

1862

01:22:54,820 --> 01:22:51,320

started seeing the tic-tac UFOs in

1863

01:22:57,550 --> 01:22:54,830

flights right five to ten at a time over

1864

01:23:00,939 --> 01:22:57,560

a ten day period up there so it's the

1865

01:23:04,930 --> 01:23:00,949

idea that technology is now kind of

1866

01:23:06,490 --> 01:23:04,940

coming into the you know the field that

1867

01:23:08,530 --> 01:23:06,500

will allow us to see these things that

1868

01:23:10,720 --> 01:23:08,540

maybe have always been there when you

1869

01:23:12,970 --> 01:23:10,730

heard about the new project that they

1870

01:23:15,729 --> 01:23:12,980

are working on and go back through

1871

01:23:19,330 --> 01:23:15,739

Catalina Island and see if they can find

1872

01:23:22,750 --> 01:23:19,340

those tic-tac flights again no no I have

1873

01:23:24,880 --> 01:23:22,760

not heard this I'm hoping that that

1874

01:23:27,790 --> 01:23:24,890

Kevin day won't like jump on me for

1875

01:23:29,439 --> 01:23:27,800

disclosing this oh that might be what he

1876

01:23:32,770 --> 01:23:29,449

said in the chat room a little bit

1877

01:23:34,750 --> 01:23:32,780

earlier that he has something to come

1878

01:23:37,600 --> 01:23:34,760

out here it is that's it

1879

01:23:40,209 --> 01:23:37,610

well I've been I've been very fortunate

1880

01:23:42,479 --> 01:23:40,219

to be working with Kevin and the gang

1881

01:23:45,220 --> 01:23:42,489

you know at the Nimitz a UFO encounter

1882

01:23:48,430 --> 01:23:45,230

because what they have found out by the

1883

01:23:52,649 --> 01:23:48,440

way is that for some reason that flight

1884

01:23:55,870 --> 01:23:52,659

of the multiple flights of diptych UFOs

1885

01:23:58,240 --> 01:23:55,880

seems to have corresponded with the

1886

01:24:00,459 --> 01:23:58,250

actual whale migrations that were going

1887

01:24:03,850 --> 01:24:00,469

on at the exact same time and November

1888

01:24:05,680 --> 01:24:03,860

in 2004 when this thing was being these

1889

01:24:09,040 --> 01:24:05,690

things were being cited so they haven't

1890

01:24:12,270 --> 01:24:09,050

put together a project proposal through

1891

01:24:15,220 --> 01:24:12,280

New York University being funded by

1892

01:24:18,100 --> 01:24:15,230

crowdfunding and other kinds of sources

1893

01:24:20,770 --> 01:24:18,110

of an expedition they're actually going

1894

01:24:23,380 --> 01:24:20,780

back out to Catalina Island in that area

1895

01:24:25,660 --> 01:24:23,390

during November and they are going to

1896

01:24:27,419 --> 01:24:25,670

try to find out if there's any

1897

01:24:31,750 --> 01:24:27,429

correlation between this Scripps

1898

01:24:34,959 --> 01:24:31,760

Institute data of will whale migrations

1899

01:24:36,939 --> 01:24:34,969

and the fact that the UFOs seem to be

1900

01:24:40,270 --> 01:24:36,949

coming potentially from an underground

1901

01:24:42,669 --> 01:24:40,280

base off of Catalina Island following

1902

01:24:45,280 --> 01:24:42,679

the whale migrations for some reason and

1903

01:24:47,830 --> 01:24:45,290

then disappearing again in the water and

1904

01:24:50,530 --> 01:24:47,840

in off of Mexico and the

1905

01:24:53,230 --> 01:24:50,540

is down there the theory being that if

1906

01:24:56,020 --> 01:24:53,240

for instance these whales are sentient

1907

01:24:58,630 --> 01:24:56,030

beings maybe there is either a

1908

01:25:00,160 --> 01:24:58,640

correlation with UFOs and the

1909

01:25:03,070 --> 01:25:00,170

communication they are having with

1910

01:25:05,650 --> 01:25:03,080

whales and or just the UFOs are studying

1911

01:25:08,560 --> 01:25:05,660

the whales and their migrations as well

1912

01:25:11,650 --> 01:25:08,570

so that's a fascinating project that

1913

01:25:15,580 --> 01:25:11,660

they're coming up with they call it new

1914

01:25:17,440 --> 01:25:15,590

AP expedition they're coming up with

1915

01:25:20,680 --> 01:25:17,450

well maybe the whales are studying the

1916

01:25:25,930 --> 01:25:20,690

UFOs how do we know we would not like

1917

01:25:27,610 --> 01:25:25,940

what you think yeah maybe the whales are

1918

01:25:28,990 --> 01:25:27,620

the ones in charge here on the planet

1919

01:25:30,880 --> 01:25:29,000

they're just like you know dealing with

1920

01:25:35,340 --> 01:25:30,890

the eyes that are coming to visit yeah

1921

01:25:43,180 --> 01:25:40,090

all right so interesting no I didn't

1922

01:25:45,370 --> 01:25:43,190

know that but I I thought I read in your

1923

01:25:48,400 --> 01:25:45,380

bio somewhere about the Mount Adams

1924

01:25:51,880 --> 01:25:48,410

incident did I get that wrong no you're

1925

01:25:53,230 --> 01:25:51,890

right on review all right I thought you

1926

01:25:54,820 --> 01:25:53,240

were talking about Mount Baker and I

1927

01:25:57,040 --> 01:25:54,830

thought oh no I got I got the wrong

1928

01:25:59,500 --> 01:25:57,050

mountain so what is that what is the

1929

01:26:03,010 --> 01:25:59,510

Mount Adams incident well the Mount

1930

01:26:04,930 --> 01:26:03,020

Adams incident is Mount Adams Washington

1931

01:26:07,180 --> 01:26:04,940

which is almost in Oregon by the way the

1932

01:26:09,010 --> 01:26:07,190

southern part of this date almost South

1933

01:26:12,340 --> 01:26:09,020

Central Washington State

1934

01:26:15,720 --> 01:26:12,350

another main mountain in the chain from

1935

01:26:18,580 --> 01:26:15,730

Mount st. Helens Mount Rainier Baker

1936

01:26:20,980 --> 01:26:18,590

than the Cascade Mountain Range goes

1937

01:26:22,990 --> 01:26:20,990

through the entire state but the Mount

1938

01:26:25,330 --> 01:26:23,000

Adams incident was just a strangely you

1939

01:26:29,290 --> 01:26:25,340

know down at Mount Adams there is the e

1940

01:26:31,660 --> 01:26:29,300

city ranch run by James Gilliland and if

1941

01:26:34,870 --> 01:26:31,670

you've ever received any information or

1942

01:26:36,490 --> 01:26:34,880

gone to visit in East Eddy you were

1943

01:26:39,580 --> 01:26:36,500

pretty much guaranteed to see some

1944

01:26:42,190 --> 01:26:39,590

anomalous aerial activity down there

1945

01:26:44,610 --> 01:26:42,200

Jimmy Church has recorded some stuff on

1946

01:26:47,890 --> 01:26:44,620

tape there's been some very interesting

1947

01:26:50,200 --> 01:26:47,900

studies done about the UFOs that seemed

1948

01:26:53,740 --> 01:26:50,210

to be coming out of the mountain and

1949

01:26:57,100 --> 01:26:53,750

going across that area so we did last

1950

01:27:00,280 --> 01:26:57,110

year expedition down to Mount Adams as

1951

01:27:01,240 --> 01:27:00,290

well we ran into the first major thing

1952

01:27:06,790 --> 01:27:01,250

was a

1953

01:27:09,100 --> 01:27:06,800

a huge white glowing object below the

1954

01:27:11,920 --> 01:27:09,110

cloud level by the way of about 2,000

1955

01:27:15,070 --> 01:27:11,930

feet this was like a light that was

1956

01:27:17,229 --> 01:27:15,080

shining very brightly coming from our

1957

01:27:21,040 --> 01:27:17,239

left to our right across the sky watch

1958

01:27:23,770 --> 01:27:21,050

field he said Il ranch and this was a

1959

01:27:27,760 --> 01:27:23,780

mountain midnight on a Friday night

1960

01:27:31,060 --> 01:27:27,770

and all of a sudden this dog this craft

1961

01:27:33,850 --> 01:27:31,070

starts flaring up it's bright to begin

1962

01:27:35,709 --> 01:27:33,860

with and it just like flaring up so

1963

01:27:38,979 --> 01:27:35,719

brightly that it's almost like a flash

1964

01:27:40,720 --> 01:27:38,989

flare coming out and going back down did

1965

01:27:43,800 --> 01:27:40,730

that four times when I got right in

1966

01:27:46,270 --> 01:27:43,810

front of us at about a 90-degree angle

1967

01:27:48,610 --> 01:27:46,280

actually maybe a 70 degree angle in

1968

01:27:50,740 --> 01:27:48,620

front of our equipment actually you know

1969

01:27:53,229 --> 01:27:50,750

like a laser flash right into our

1970

01:27:56,530 --> 01:27:53,239

cameras which we caught on tape it's

1971

01:27:59,620 --> 01:27:56,540

just very astronomical to see it's

1972

01:28:01,810 --> 01:27:59,630

almost as if someone was trying to get

1973

01:28:02,350 --> 01:28:01,820

us a message or at least get our

1974

01:28:05,229 --> 01:28:02,360

attention

1975

01:28:07,150 --> 01:28:05,239

our batteries on our cameras immediately

1976

01:28:09,880 --> 01:28:07,160

like died Wow something like that

1977

01:28:12,040 --> 01:28:09,890

happens always always there plane yeah

1978

01:28:14,500 --> 01:28:12,050

it's just fantastic matter of fact we've

1979

01:28:16,950 --> 01:28:14,510

got a guy named Lee Strauss on our team

1980

01:28:19,990 --> 01:28:16,960

who has now figured out a Faraday cage

1981

01:28:21,820 --> 01:28:20,000

fabric to put around our batteries so

1982

01:28:24,370 --> 01:28:21,830

that we can prevent that you know from

1983

01:28:28,180 --> 01:28:24,380

that point but also we had during that

1984

01:28:31,300 --> 01:28:28,190

same expedition a Bigfoot cast just days

1985

01:28:35,830 --> 01:28:31,310

before we were we got to the Yeti ranch

1986

01:28:39,790 --> 01:28:35,840

of juvenile Bigfoot with about a 15 inch

1987

01:28:43,479 --> 01:28:39,800

long Bigfoot cast that we got to to see

1988

01:28:45,100 --> 01:28:43,489

and we heard then after that we went to

1989

01:28:47,680 --> 01:28:45,110

talk a lot lake which is on the other

1990

01:28:49,750 --> 01:28:47,690

side of the mountain and experienced

1991

01:28:50,650 --> 01:28:49,760

these magnetic anomalies that were just

1992

01:28:53,770 --> 01:28:50,660

amazing

1993

01:28:55,570 --> 01:28:53,780

the idea being that when we had

1994

01:28:57,640 --> 01:28:55,580

different compasses about four of them

1995

01:28:59,050 --> 01:28:57,650

around our campsite all of them pointed

1996

01:29:00,729 --> 01:28:59,060

in a different direction

1997

01:29:04,060 --> 01:29:00,739

being north being in a different

1998

01:29:06,310 --> 01:29:04,070

direction we had some Bigfoot activity

1999

01:29:09,189 --> 01:29:06,320

that night with stick breaks and wood

2000

01:29:10,030 --> 01:29:09,199

knocks around our campsite at the edge

2001
01:29:13,240 --> 01:29:10,040
of the lake

2002
01:29:14,840 --> 01:29:13,250
chocka Locka lake and also during our

2003
01:29:17,060 --> 01:29:14,850
sky watches at night

2004
01:29:20,180 --> 01:29:17,070
we had a group that actually climbed the

2005
01:29:22,250 --> 01:29:20,190
mountain Mount Adams was about 10,000

2006
01:29:25,220 --> 01:29:22,260
feet tall and they were at the very top

2007
01:29:27,590 --> 01:29:25,230
of the mountain doing their Sky Watch

2008
01:29:29,840 --> 01:29:27,600
when we were down at the lake doing our

2009
01:29:33,380 --> 01:29:29,850
Sky Watch and in the middle of the night

2010
01:29:35,810 --> 01:29:33,390
at the exact same time at 3:00 a.m. the

2011
01:29:38,780 --> 01:29:35,820
guys at the top of the mountain saw

2012
01:29:40,910 --> 01:29:38,790
these lights playing at the top on the

2013
01:29:43,400 --> 01:29:40,920

top of their tent from the sky coming

2014

01:29:46,340 --> 01:29:43,410

down just kind of blasting their tent

2015

01:29:50,330 --> 01:29:46,350

out with some kind of a light source and

2016

01:29:53,390 --> 01:29:50,340

at 3 o'clock in the morning our time all

2017

01:29:56,060 --> 01:29:53,400

of our batteries on our cars our

2018

01:29:57,490 --> 01:29:56,070

vehicles died like three of them just

2019

01:30:01,820 --> 01:29:57,500

died in the middle of the night

2020

01:30:04,130 --> 01:30:01,830

including my CPAP machine Arden I sleep

2021

01:30:06,020 --> 01:30:04,140

with that now yeah for snoring I've

2022

01:30:07,850 --> 01:30:06,030

heard about that's right yeah oh I've

2023

01:30:09,770 --> 01:30:07,860

had that for my whole life and I sleep

2024

01:30:12,560 --> 01:30:09,780

with that when I have a battery power

2025

01:30:14,900 --> 01:30:12,570

system which I did that night but the

2026

01:30:17,570 --> 01:30:14,910

idea being is that we have some missing

2027

01:30:20,630 --> 01:30:17,580

time reported as well because my CPAP

2028

01:30:23,410 --> 01:30:20,640

machine only registered an hour and 50

2029

01:30:26,180 --> 01:30:23,420

minutes worth of youth that night

2030

01:30:28,130 --> 01:30:26,190

because of some kind of anomaly that

2031

01:30:30,230 --> 01:30:28,140

happened either the battery died or

2032

01:30:31,670 --> 01:30:30,240

whatever but I didn't wake up in the

2033

01:30:34,700 --> 01:30:31,680

morning with a scratchy throat like I

2034

01:30:37,820 --> 01:30:34,710

normally would if I did use my CPAP

2035

01:30:41,660 --> 01:30:37,830

machine so the Mount Adams is and it was

2036

01:30:45,430 --> 01:30:41,670

just multiple versions of paranormal

2037

01:30:50,480 --> 01:30:45,440

activity all in one section of August

2038

01:30:52,220 --> 01:30:50,490

basically 27 2018 and today

2039

01:30:56,450 --> 01:30:52,230

should I just hear x-files music a

2040

01:30:58,850 --> 01:30:56,460

minute ago it was my phone was going off

2041

01:31:00,620 --> 01:30:58,860

okay I got the x-files ringtone sorry

2042

01:31:02,930 --> 01:31:00,630

that's all right you can put that on

2043

01:31:04,850 --> 01:31:02,940

silent if you would just in case it yeah

2044

01:31:09,440 --> 01:31:04,860

this is Oh oh thank you

2045

01:31:11,750 --> 01:31:09,450

and has a lot of other people commented

2046

01:31:13,730 --> 01:31:11,760

about that area I mean it's at a hot

2047

01:31:15,950 --> 01:31:13,740

spot more or less for four different

2048

01:31:18,380 --> 01:31:15,960

things it's a hot spot james gilliland

2049

01:31:18,860 --> 01:31:18,390

has owned the e city ranch for over 30

2050

01:31:21,320 --> 01:31:18,870

years

2051

01:31:23,810 --> 01:31:21,330

oh and this is in the east side a ranch

2052

01:31:26,260 --> 01:31:23,820

is there I see it is there at Mount

2053

01:31:27,890 --> 01:31:26,270

Adams yeah yeah you we typically make

2054

01:31:30,669 --> 01:31:27,900

expedition we're going down

2055

01:31:33,709 --> 01:31:30,679

there next month the UFO i-team to do

2056

01:31:36,200 --> 01:31:33,719

follow-up on our investigations down

2057

01:31:39,290 --> 01:31:36,210

there because we've got brand new gear

2058

01:31:41,390 --> 01:31:39,300

we've got large telescopes now we've got

2059

01:31:42,229 --> 01:31:41,400

we've got a gentleman named Dave Mason

2060

01:31:44,419 --> 01:31:42,239

on a UFO

2061

01:31:48,080 --> 01:31:44,429

iting who is invented a pair of

2062

01:31:50,450 --> 01:31:48,090

binoculars that turns light sources into

2063

01:31:53,450 --> 01:31:50,460

sound so if you're looking at a

2064

01:31:55,669 --> 01:31:53,460

commercial airplane it will translate to

2065

01:31:57,649 --> 01:31:55,679

a specific sound you can tell that's a

2066

01:31:59,540 --> 01:31:57,659

commercial airplane if you're looking at

2067

01:32:02,570 --> 01:31:59,550

an anomalous craft it'll have an

2068

01:32:05,840 --> 01:32:02,580

anomalous sound that we can determine is

2069

01:32:07,729 --> 01:32:05,850

not terrestrial now here's the kicker

2070

01:32:11,330 --> 01:32:07,739

Martin you're gonna love this we have

2071

01:32:14,540 --> 01:32:11,340

the ability with Dave Mason's binoculars

2072

01:32:17,060 --> 01:32:14,550

that he's invented to send that same

2073

01:32:20,810 --> 01:32:17,070

frequency of sound back to the source

2074

01:32:22,729 --> 01:32:20,820

that's being that is sending it so we're

2075

01:32:24,890 --> 01:32:22,739

seeing an anomalous object we're gonna

2076

01:32:28,550 --> 01:32:24,900

bring that to Mount Adams and we're

2077

01:32:31,610 --> 01:32:28,560

going to broadcast right back to the UFO

2078

01:32:34,370 --> 01:32:31,620

if that's what it is their own frequency

2079

01:32:36,169 --> 01:32:34,380

that they are using to send their light

2080

01:32:39,560 --> 01:32:36,179

source to us because the theory being

2081

01:32:41,930 --> 01:32:39,570

that communication is what they use with

2082

01:32:45,050 --> 01:32:41,940

light sources is not necessarily you

2083

01:32:46,760 --> 01:32:45,060

know any you know kind of radio

2084

01:32:48,560 --> 01:32:46,770

frequency or whatever like that we think

2085

01:32:51,439 --> 01:32:48,570

that they're communicating with light

2086

01:32:54,410 --> 01:32:51,449

sources hence that giant flash that we

2087

01:32:57,860 --> 01:32:54,420

recorded on tape at East Eddy ranch as

2088

01:32:59,990 --> 01:32:57,870

well from that one object Wow Stephen

2089

01:33:03,260 --> 01:33:00,000

Hawking would suggest you don't do that

2090

01:33:05,300 --> 01:33:03,270

I bet you know yeah I was thought of

2091

01:33:07,130 --> 01:33:05,310

that you know the whole idea well here's

2092

01:33:09,229 --> 01:33:07,140

the deal they they already know were

2093

01:33:11,180 --> 01:33:09,239

there so they wanted to wipe us out they

2094

01:33:14,090 --> 01:33:11,190

could do that very easily a long time

2095

01:33:18,020 --> 01:33:14,100

ago especially at East Eddy ranch since

2096

01:33:20,149 --> 01:33:18,030

we were blasted with that flash so what

2097

01:33:23,240 --> 01:33:20,159

we're doing is basically showing them

2098

01:33:25,209 --> 01:33:23,250

wherever they are hey we see you we're

2099

01:33:28,459 --> 01:33:25,219

sending you're singing right back to you

2100

01:33:31,250 --> 01:33:28,469

basically it's a ce-5 scenario hopefully

2101
01:33:33,290 --> 01:33:31,260
human con initiated contact you know

2102
01:33:35,360 --> 01:33:33,300
with extraterrestrials where we're

2103
01:33:36,680 --> 01:33:35,370
attempting that yeah well you know

2104
01:33:39,770 --> 01:33:36,690
there's Bend I'm sure you know there's a

2105
01:33:41,600 --> 01:33:39,780
number of cases where people have you

2106
01:33:44,780 --> 01:33:41,610
know shown a flashlight up the far

2107
01:33:48,560 --> 01:33:44,790
Guil case there's the allagash incident

2108
01:33:51,640 --> 01:33:48,570
and i remember speaking with Fults about

2109
01:33:53,930 --> 01:33:51,650
that and i said why did you sign the

2110
01:33:56,060 --> 01:33:53,940
flashlight up at it you know and then

2111
01:33:58,790 --> 01:33:56,070
you know everything you know you know

2112
01:34:04,340 --> 01:33:58,800
how that went not so not so well yeah

2113
01:34:06,080 --> 01:34:04,350

and and speaking of not so well what do

2114

01:34:09,830 --> 01:34:06,090

you if you actually think that these are

2115

01:34:12,290 --> 01:34:09,840

aliens that are actually visiting or at

2116

01:34:14,060 --> 01:34:12,300

least some of them are what do you think

2117

01:34:18,229 --> 01:34:14,070

there are purposes what do you think

2118

01:34:21,229 --> 01:34:18,239

their agenda is you know that's a good

2119

01:34:24,470 --> 01:34:21,239

question you would think that if their

2120

01:34:26,660 --> 01:34:24,480

agenda is to get rid of our civilization

2121

01:34:29,419 --> 01:34:26,670

and take over the planet for their own

2122

01:34:30,950 --> 01:34:29,429

purposes resources or whatever you would

2123

01:34:33,410 --> 01:34:30,960

think they wouldn't have waited for us

2124

01:34:35,600 --> 01:34:33,420

to develop the atomic weapons that we

2125

01:34:36,890 --> 01:34:35,610

have I could have done that quite a

2126
01:34:39,979 --> 01:34:36,900
while ago as a matter of fact we've got

2127
01:34:43,669 --> 01:34:39,989
you know eons and eons worth of

2128
01:34:47,229 --> 01:34:43,679
testimony from various civilizations the

2129
01:34:49,660 --> 01:34:47,239
Egyptians and the Sumerians that the

2130
01:34:52,820 --> 01:34:49,670
Anunnaki have been here on the planet

2131
01:34:54,320 --> 01:34:52,830
interacting with our species for for

2132
01:34:56,479 --> 01:34:54,330
many many years

2133
01:35:01,040 --> 01:34:56,489
maybe from the very beginning of life on

2134
01:35:02,840 --> 01:35:01,050
the planet so you wonder what the agenda

2135
01:35:06,620 --> 01:35:02,850
could be other than the fact that

2136
01:35:08,689 --> 01:35:06,630
potentially they are if there is a

2137
01:35:10,970 --> 01:35:08,699
federation of planets out there or

2138
01:35:14,149 --> 01:35:10,980

whatever they are hoping that we are

2139

01:35:16,729 --> 01:35:14,159

going to join them off the planet in a

2140

01:35:18,950 --> 01:35:16,739

peaceful manner maybe that's why they're

2141

01:35:21,439 --> 01:35:18,960

shutting down some of our nukes you know

2142

01:35:23,840 --> 01:35:21,449

the military officers are reporting and

2143

01:35:25,790 --> 01:35:23,850

those kinds of things I'm hoping that

2144

01:35:28,840 --> 01:35:25,800

it's going to be a positive

2145

01:35:31,790 --> 01:35:28,850

you know outcome for us and indeed the

2146

01:35:35,240 --> 01:35:31,800

basic you know consciousness level of

2147

01:35:37,790 --> 01:35:35,250

the planet is very quickly rising above

2148

01:35:39,979 --> 01:35:37,800

what we used to be I know I've got four

2149

01:35:41,830 --> 01:35:39,989

adult children myself and they're total

2150

01:35:44,330 --> 01:35:41,840

different human beings than I ever was

2151
01:35:45,859 --> 01:35:44,340
and they're pretty much got very

2152
01:35:48,770 --> 01:35:45,869
comfortable with the idea of

2153
01:35:51,830 --> 01:35:48,780
extraterrestrial life and our

2154
01:35:53,629 --> 01:35:51,840
interaction in space with them you know

2155
01:35:55,560 --> 01:35:53,639
one of the things I have brought up a

2156
01:35:58,350 --> 01:35:55,570
couple of times on this is

2157
01:36:00,169 --> 01:35:58,360
we're when you're framing it like that

2158
01:36:03,209 --> 01:36:00,179
you're actually framing it in a way that

2159
01:36:06,830 --> 01:36:03,219
they would think like us or possibly

2160
01:36:09,799 --> 01:36:06,840
have some attributes that we have I

2161
01:36:12,629 --> 01:36:09,809
personally think that we have no idea of

2162
01:36:15,270 --> 01:36:12,639
an agenda or how they could possibly

2163
01:36:17,879 --> 01:36:15,280

think you know just think of the

2164

01:36:21,810 --> 01:36:17,889

differences of how an intelligence can

2165

01:36:24,209 --> 01:36:21,820

you know evolve so I don't know I don't

2166

01:36:28,080 --> 01:36:24,219

know if that's you know I do know that's

2167

01:36:29,339 --> 01:36:28,090

up you know I've had a listener make a

2168

01:36:31,169 --> 01:36:29,349

really good point in the chatroom a

2169

01:36:32,729 --> 01:36:31,179

little while back you know if they're

2170

01:36:35,160 --> 01:36:32,739

trying to hide from us why do they have

2171

01:36:37,140 --> 01:36:35,170

lights I remember he posted that in it

2172

01:36:41,250 --> 01:36:37,150

and it's so true the so good point yeah

2173

01:36:43,830 --> 01:36:41,260

and so I I think you know whatever it is

2174

01:36:47,609 --> 01:36:43,840

whoever it is is actually letting us

2175

01:36:50,759 --> 01:36:47,619

know that they're here but why you know

2176

01:36:52,890 --> 01:36:50,769

why if there's life on so many planets

2177

01:36:55,589 --> 01:36:52,900

out there why are they coming here and

2178

01:36:57,029 --> 01:36:55,599

and are they going there as well you

2179

01:37:00,990 --> 01:36:57,039

know I mean there's so many questions we

2180

01:37:04,020 --> 01:37:01,000

have really yeah and in reality you

2181

01:37:09,410 --> 01:37:04,030

wonder you know the whole idea of why

2182

01:37:12,959 --> 01:37:09,420

now why are we things that's a rise in

2183

01:37:15,240 --> 01:37:12,969

activity Peter Davenport from an African

2184

01:37:17,250 --> 01:37:15,250

UFO Reporting Center says that sightings

2185

01:37:18,509 --> 01:37:17,260

are going through the roof right now of

2186

01:37:19,759 --> 01:37:18,519

course you know that might have

2187

01:37:22,229 --> 01:37:19,769

something to do with the unidentified

2188

01:37:24,600 --> 01:37:22,239

television series yeah blue project

2189

01:37:26,970 --> 01:37:24,610

Bluebook and all the mainstream media

2190

01:37:29,100 --> 01:37:26,980

now jumping on board yeah but that again

2191

01:37:31,740 --> 01:37:29,110

you go to the bottom line why did the

2192

01:37:34,680 --> 01:37:31,750

mainstream media get green-lighted to do

2193

01:37:37,169 --> 01:37:34,690

this just recently so it's very possible

2194

01:37:39,540 --> 01:37:37,179

that something major is about to happen

2195

01:37:41,790 --> 01:37:39,550

either that when something major has

2196

01:37:44,669 --> 01:37:41,800

already happened and the powers that be

2197

01:37:45,930 --> 01:37:44,679

need to get ahead of the spin that's one

2198

01:37:49,169 --> 01:37:45,940

thing there's there's just no

2199

01:37:52,979 --> 01:37:49,179

explanation of why of all the slow

2200

01:37:54,930 --> 01:37:52,989

dripping disclosure over the 72 years

2201

01:37:58,680 --> 01:37:54,940

from you know Roswell New Mexico

2202

01:38:01,290 --> 01:37:58,690

why so quickly now that it's happening

2203

01:38:05,029 --> 01:38:01,300

that's fascinating subject for me to

2204

01:38:08,669 --> 01:38:05,039

ponder yeah I remember I interviewed

2205

01:38:09,100 --> 01:38:08,679

Stan Freedman right after that December

2206

01:38:12,430 --> 01:38:09,110

6

2207

01:38:15,160 --> 01:38:12,440

to 2017 New York Times article came out

2208

01:38:18,189 --> 01:38:15,170

and he said you know his big question

2209

01:38:21,100 --> 01:38:18,199

was why now you know why is it why is it

2210

01:38:24,939 --> 01:38:21,110

now why are they admitting it now that

2211

01:38:26,500 --> 01:38:24,949

type of thing and it could be you know

2212

01:38:28,320 --> 01:38:26,510

there are people that are speculating

2213

01:38:31,300 --> 01:38:28,330

that it's just more disinformation

2214

01:38:33,729 --> 01:38:31,310

doesn't mean anything people are you

2215

01:38:35,770 --> 01:38:33,739

know speculating that Lou Elizondo

2216

01:38:37,510 --> 01:38:35,780

himself as a disinformation agent I'm

2217

01:38:38,979 --> 01:38:37,520

sure you've heard that you know kicked

2218

01:38:42,370 --> 01:38:38,989

around a lot he's heard it enough

2219

01:38:46,510 --> 01:38:42,380

himself and I I don't know you know

2220

01:38:48,310 --> 01:38:46,520

it'll be another thing we'll see in

2221

01:38:49,990 --> 01:38:48,320

another while what is going to happen

2222

01:38:53,260 --> 01:38:50,000

looks like we have a caller calling in

2223

01:38:56,260 --> 01:38:53,270

I'll take that now call me your first

2224

01:38:58,330 --> 01:38:56,270

name where you're calling from my first

2225

01:39:02,919 --> 01:38:58,340

name is Chantel and I'm calling from

2226

01:39:04,419 --> 01:39:02,929

Ohio hi there welcome to the show thank

2227

01:39:06,640 --> 01:39:04,429

you I've never called him to a show

2228

01:39:09,790 --> 01:39:06,650

before but I'm hearing you talk about

2229

01:39:14,770 --> 01:39:09,800

why now why is all this coming out I

2230

01:39:17,020 --> 01:39:14,780

heard it was from someone from the

2231

01:39:18,790 --> 01:39:17,030

Denton report it was the person who had

2232

01:39:20,350 --> 01:39:18,800

that show and I hadn't heard of that

2233

01:39:23,050 --> 01:39:20,360

before and I can't even remember what

2234

01:39:25,479 --> 01:39:23,060

show it was on she was discussing that

2235

01:39:28,479 --> 01:39:25,489

three different channelers who she said

2236

01:39:30,459 --> 01:39:28,489

were very knowledgeable had said that

2237

01:39:33,370 --> 01:39:30,469

they had been told by whoever was

2238

01:39:37,570 --> 01:39:33,380

speaking to them whatever entity a lien

2239

01:39:40,930 --> 01:39:37,580

or whatever that there is a time frame

2240

01:39:45,220 --> 01:39:40,940

and the time is fast approaching she

2241

01:39:47,919 --> 01:39:45,230

said it varies between 2020 and 2025 and

2242

01:39:50,439 --> 01:39:47,929

then one was like 2030 they will be

2243

01:39:52,570 --> 01:39:50,449

revealed but she said it was they said

2244

01:39:56,260 --> 01:39:52,580

if we don't get our act together to

2245

01:39:59,669 --> 01:39:56,270

protect ourselves that we would be have

2246

01:40:01,899 --> 01:39:59,679

a very horrible end and she said it's

2247

01:40:07,689 --> 01:40:01,909

horrible and she didn't want to discuss

2248

01:40:10,090 --> 01:40:07,699

it interesting oh I don't yes it's it

2249

01:40:12,580 --> 01:40:10,100

doesn't sound good and I mean I know

2250

01:40:14,800 --> 01:40:12,590

some say they're all friendly and

2251

01:40:16,300 --> 01:40:14,810

they're all good well it's just like us

2252

01:40:19,750 --> 01:40:16,310

we're not all friendly we're not all

2253

01:40:21,459 --> 01:40:19,760

good and so anyway that's why she said

2254

01:40:22,720 --> 01:40:21,469

this is being stepped up because they're

2255

01:40:24,580 --> 01:40:22,730

trying to get a concert

2256

01:40:27,490 --> 01:40:24,590

the foot is going to go on and that we

2257

01:40:29,440 --> 01:40:27,500

need to we need to more or less band

2258

01:40:31,540 --> 01:40:29,450

together and straighten up our act and

2259

01:40:36,400 --> 01:40:31,550

start working with good ones

2260

01:40:38,080 --> 01:40:36,410

so anyway well yeah I mean it would be

2261

01:40:41,620 --> 01:40:38,090

interesting if any of that could be

2262

01:40:43,510 --> 01:40:41,630

verified you know and yes and I also

2263

01:40:45,670 --> 01:40:43,520

think as a species if there's money

2264

01:40:49,030 --> 01:40:45,680

money is involved we're not going to

2265

01:40:51,040 --> 01:40:49,040

change anything you know we'll lose our

2266

01:40:54,010 --> 01:40:51,050

environment it doesn't matter if money's

2267

01:40:56,350 --> 01:40:54,020

involved money seems to rule so the

2268

01:40:59,530 --> 01:40:56,360

aliens got to start paying us to get our

2269

01:41:02,650 --> 01:40:59,540

act together I think that's it Wow yeah

2270

01:41:04,660 --> 01:41:02,660

it was she has her own radio show

2271

01:41:06,760 --> 01:41:04,670

against the internet showed that damson

2272

01:41:08,440 --> 01:41:06,770

report Laurie I want to say Lori bent

2273

01:41:09,820 --> 01:41:08,450

and I'd never heard of her before but

2274

01:41:11,140 --> 01:41:09,830

she was very knowledgeable and then I

2275

01:41:14,410 --> 01:41:11,150

started something out

2276

01:41:17,370 --> 01:41:14,420

oh no you're talking Chantal you're

2277

01:41:20,200 --> 01:41:17,380

probably talking about Lori and Fenton

2278

01:41:22,030 --> 01:41:20,210

Danton that's right I'm horrible name

2279

01:41:24,400 --> 01:41:22,040

yeah yeah she's a she's a great friend

2280

01:41:28,600 --> 01:41:24,410

of mine and a good doc show hostesses

2281

01:41:30,790 --> 01:41:28,610

also what's on major UFO conferences

2282

01:41:42,010 --> 01:41:30,800

herself so yeah you got to continue

2283

01:41:44,140 --> 01:41:42,020

following laurieandjilly anyways I just

2284

01:41:46,680 --> 01:41:44,150

wanted to throw that into the mix thank

2285

01:41:50,740 --> 01:41:46,690

you - do you want to comment on that

2286

01:41:53,260 --> 01:41:50,750

that thought at all Michael well I think

2287

01:41:56,770 --> 01:41:53,270

can tell is very perceptive in that

2288

01:42:00,910 --> 01:41:56,780

regard I mean there are indeed reasons

2289

01:42:04,840 --> 01:42:00,920

why now would be very important either

2290

01:42:06,820 --> 01:42:04,850

there is going to be some major you know

2291

01:42:09,400 --> 01:42:06,830

problem with the powers that be losing

2292

01:42:12,100 --> 01:42:09,410

control because there's maybe going to

2293

01:42:16,120 --> 01:42:12,110

be outright contact coming down the line

2294

01:42:19,240 --> 01:42:16,130

or there could be that negative aspect

2295

01:42:23,410 --> 01:42:19,250

of this entire thing that we need to

2296

01:42:26,200 --> 01:42:23,420

prepare for to survive so there's two

2297

01:42:28,990 --> 01:42:26,210

kind of thoughts on that whole thing and

2298

01:42:30,670 --> 01:42:29,000

I think it's good to be discerning on

2299

01:42:32,590 --> 01:42:30,680

both of this I think that's why my

2300

01:42:35,110 --> 01:42:32,600

Martin show is such a great opportunity

2301

01:42:36,390 --> 01:42:35,120

for people to talk about these subjects

2302

01:42:38,340 --> 01:42:36,400

because you know

2303

01:42:40,500 --> 01:42:38,350

you don't always want to go one side or

2304

01:42:45,600 --> 01:42:40,510

the other when you get information a lot

2305

01:42:48,419 --> 01:42:45,610

to be discerning true-true yeah it's

2306

01:42:52,590 --> 01:42:48,429

it's just a very interesting subject and

2307

01:42:55,439 --> 01:42:52,600

there's so many different facets of it

2308

01:42:56,970 --> 01:42:55,449

but you could go on forever yeah that's

2309

01:43:00,060 --> 01:42:56,980

right that's what keeps me going

2310

01:43:04,620 --> 01:43:00,070

thanks for the call Chantel thank you

2311

01:43:06,750 --> 01:43:04,630

thank you bye bye alright so we do have

2312

01:43:10,260 --> 01:43:06,760

the line open for just about another 5

2313

01:43:12,479 --> 01:43:10,270

or probably not 10 minutes another 5

2314

01:43:16,770 --> 01:43:12,489
minutes or so if anyone wants to call in

2315

01:43:19,500 --> 01:43:16,780
that number is 603 967 403 oh it's a

2316

01:43:20,040 --> 01:43:19,510
show show number only I get calls all

2317

01:43:22,979 --> 01:43:20,050
the time

2318

01:43:25,260 --> 01:43:22,989
so if anyone wants to call in there

2319

01:43:27,570 --> 01:43:25,270
they're welcome to I'm not sure about

2320

01:43:29,729 --> 01:43:27,580
the agenda thing you know I mean maybe

2321

01:43:33,660 --> 01:43:29,739
that is part of it

2322

01:43:36,720 --> 01:43:33,670
I don't know you know I mean I don't

2323

01:43:39,540 --> 01:43:36,730
know why the government felt like if

2324

01:43:41,850 --> 01:43:39,550
they are the ones that disclosed you

2325

01:43:43,050 --> 01:43:41,860
know this a tip thing and and and all

2326

01:43:46,050 --> 01:43:43,060

that there's still the so much

2327

01:43:48,500 --> 01:43:46,060

controversy about it I don't really know

2328

01:43:52,140 --> 01:43:48,510

you know I mean it's a it's a big puzzle

2329

01:43:54,450 --> 01:43:52,150

but it's a it certainly has changed the

2330

01:43:56,010 --> 01:43:54,460

dialect out there I mean for people to

2331

01:43:59,250 --> 01:43:56,020

be able to talk about this subject so a

2332

01:44:00,300 --> 01:43:59,260

lot more freely and you know yeah I

2333

01:44:02,700 --> 01:44:00,310

guess that's things it's a matter of

2334

01:44:05,340 --> 01:44:02,710

people involved as a matter of fact you

2335

01:44:09,149 --> 01:44:05,350

know when the world UFO day happened

2336

01:44:11,580 --> 01:44:09,159

just recently this was the first time

2337

01:44:14,610 --> 01:44:11,590

that I had got gotten contacted by the

2338

01:44:16,890 --> 01:44:14,620

mainstream media to give some small

2339

01:44:20,160 --> 01:44:16,900

little you know snippet reports on

2340

01:44:22,459 --> 01:44:20,170

mainstream Seattle news anyway about the

2341

01:44:24,990 --> 01:44:22,469

whole idea of a world UFO day

2342

01:44:26,790 --> 01:44:25,000

everybody's catching on to this subject

2343

01:44:29,870 --> 01:44:26,800

right now they find that the New York

2344

01:44:33,120 --> 01:44:29,880

Times is coming out porticoes coming out

2345

01:44:34,950 --> 01:44:33,130

you know Washington Post and then of

2346

01:44:37,470 --> 01:44:34,960

course all the mainstream you know

2347

01:44:39,930 --> 01:44:37,480

television series are happening so it's

2348

01:44:43,050 --> 01:44:39,940

almost like the stigma is going away now

2349

01:44:47,790 --> 01:44:43,060

yeah yeah and I'm wondering if this is

2350

01:44:51,300 --> 01:44:47,800

something that that may fade or you know

2351

01:44:56,850 --> 01:44:51,310

when I've spoken a number times

2352

01:44:59,430 --> 01:44:56,860

by email to both Leslie Kane and Ralph

2353

01:45:01,530 --> 01:44:59,440

Blumenthal they had part in that you

2354

01:45:03,600 --> 01:45:01,540

know New York Times story and they said

2355

01:45:07,200 --> 01:45:03,610

you know basically be patient you know

2356

01:45:08,790 --> 01:45:07,210

more is coming just be patient they've

2357

01:45:11,670 --> 01:45:08,800

both been on the show a number times and

2358

01:45:15,450 --> 01:45:11,680

Leslie is wants to lay low for some

2359

01:45:18,120 --> 01:45:15,460

reason now doesn't want to be on at

2360

01:45:21,510 --> 01:45:18,130

least my show maybe others I'm not sure

2361

01:45:23,100 --> 01:45:21,520

but same thing with Ralph they said you

2362

01:45:23,910 --> 01:45:23,110

know we have to be very careful with

2363

01:45:28,080 --> 01:45:23,920

what we're doing

2364

01:45:30,630 --> 01:45:28,090

so it's interesting but puzzling at the

2365

01:45:32,790 --> 01:45:30,640

same time you know yeah what more could

2366

01:45:35,790 --> 01:45:32,800

be coming out you know is there more to

2367

01:45:39,180 --> 01:45:35,800

be revealed no I've heard that same

2368

01:45:41,700 --> 01:45:39,190

thing learn that there are things coming

2369

01:45:43,890 --> 01:45:41,710

down the road I remember you know a few

2370

01:45:45,990 --> 01:45:43,900

months back were Tom DeLonge was saying

2371

01:45:47,790 --> 01:45:46,000

the same thing yes you know he initially

2372

01:45:49,710 --> 01:45:47,800

came out with a big push and then he

2373

01:45:51,720 --> 01:45:49,720

kind of held himself back and held back

2374

01:45:53,330 --> 01:45:51,730

and he said he really can't see me and

2375

01:45:56,310 --> 01:45:53,340

then all of a sudden you know the a tip

2376

01:45:58,440 --> 01:45:56,320

program hit big and the unidentified

2377

01:46:00,479 --> 01:45:58,450

television series came on and they

2378

01:46:03,030 --> 01:46:00,489

really started to push again so I've

2379

01:46:05,729 --> 01:46:03,040

heard that same thing from serious

2380

01:46:08,910 --> 01:46:05,739

apologists and insiders that there's

2381

01:46:10,800 --> 01:46:08,920

something coming down the road it's not

2382

01:46:14,160 --> 01:46:10,810

going to happen very quickly but it

2383

01:46:16,620 --> 01:46:14,170

won't be very long as well that would

2384

01:46:19,770 --> 01:46:16,630

kind of show you why they are doing this

2385

01:46:22,350 --> 01:46:19,780

program of quick disclosure at this

2386

01:46:25,500 --> 01:46:22,360

point it's almost confirmation of

2387

01:46:27,630 --> 01:46:25,510

certain issues so that people will not

2388

01:46:31,890 --> 01:46:27,640

be totally caught off guard when the

2389

01:46:34,200 --> 01:46:31,900

paradigm shift is happening right right

2390

01:46:40,140 --> 01:46:34,210

and you know it's it's hard to know also

2391

01:46:42,930 --> 01:46:40,150

if if you know we may discover within so

2392

01:46:46,050 --> 01:46:42,940

many years I think it's very possible we

2393

01:46:48,660 --> 01:46:46,060

may discover intelligent life on our own

2394

01:46:51,270 --> 01:46:48,670

you know I mean without just you know

2395

01:46:52,500 --> 01:46:51,280

like a UFO landing and someone coming

2396

01:46:56,040 --> 01:46:52,510

out on the White House lawn and that

2397

01:46:58,760 --> 01:46:56,050

type of thing but we may discover as our

2398

01:47:00,600 --> 01:46:58,770

technology grows we may have a way of

2399

01:47:03,020 --> 01:47:00,610

actually finding this I'm not sure

2400

01:47:04,260 --> 01:47:03,030

exactly what the James Webb telescope

2401

01:47:06,600 --> 01:47:04,270

will

2402

01:47:08,520 --> 01:47:06,610

as far as capabilities but I know it's a

2403

01:47:11,400 --> 01:47:08,530

you know pretty interesting is gonna be

2404

01:47:13,620 --> 01:47:11,410

a lot more than what we've had up there

2405

01:47:17,700 --> 01:47:13,630

and you know as it goes Kepler did a

2406

01:47:20,610 --> 01:47:17,710

wonderful thing I think and so as far as

2407

01:47:24,030 --> 01:47:20,620

us finding intelligent life or at least

2408

01:47:27,420 --> 01:47:24,040

life of the possibilities are growing

2409

01:47:29,520 --> 01:47:27,430

stronger everyday so I think it I think

2410

01:47:32,790 --> 01:47:29,530

is if there is a transition like if

2411

01:47:34,770 --> 01:47:32,800

tomorrow you know someone did land on

2412

01:47:36,990 --> 01:47:34,780

the White House lawn why they ever would

2413

01:47:40,560 --> 01:47:37,000

I have no idea but just to say that if

2414

01:47:42,240 --> 01:47:40,570

something like that happened you know I

2415

01:47:44,730 --> 01:47:42,250

don't think it would be a big shock

2416

01:47:47,520 --> 01:47:44,740

anymore it's really has a change in just

2417

01:47:49,230 --> 01:47:47,530

a short time yeah you know there are

2418

01:47:51,780 --> 01:47:49,240

there are at least two different X

2419

01:47:53,400 --> 01:47:51,790

factors involved in that regard the one

2420

01:47:56,400 --> 01:47:53,410

you may just mention the fact that we

2421

01:47:58,440 --> 01:47:56,410

have new technology just on the brink

2422

01:48:01,140 --> 01:47:58,450

bring us new information and that's

2423

01:48:05,040 --> 01:48:01,150

exactly what happened with the spy-1

2424

01:48:08,460 --> 01:48:05,050

radar satellites or radar system on the

2425

01:48:10,140 --> 01:48:08,470

Nimitz that revealed to us things that

2426

01:48:12,270 --> 01:48:10,150

were probably going on for a long time

2427

01:48:15,150 --> 01:48:12,280

with these tick tack UFOs and now if

2428

01:48:17,250 --> 01:48:15,160

we're having new technology as far as

2429

01:48:20,010 --> 01:48:17,260

our abilities to look out into space and

2430

01:48:22,260 --> 01:48:20,020

confirm things that's going to be the

2431

01:48:24,540 --> 01:48:22,270

next thing the other X Factor that we

2432

01:48:29,250 --> 01:48:24,550

haven't even discussed yet is that what

2433

01:48:32,190 --> 01:48:29,260

if the ETS themselves if they exist have

2434

01:48:34,350 --> 01:48:32,200

given an ultimatum that this is gonna

2435

01:48:37,680 --> 01:48:34,360

happen one way or another either you do

2436

01:48:40,470 --> 01:48:37,690

it yourself the planet Earth the powers

2437

01:48:42,390 --> 01:48:40,480

to be or we will do it for you

2438

01:48:44,310 --> 01:48:42,400

that would kind of correspond with some

2439

01:48:46,890 --> 01:48:44,320

what's what's going on with the shutting

2440

01:48:49,560 --> 01:48:46,900

down of the nukes you know around you

2441

01:48:52,920 --> 01:48:49,570

know the military bases the fact that

2442

01:48:55,650 --> 01:48:52,930

you know we we have had a difficult time

2443

01:48:58,020 --> 01:48:55,660

getting back to the moon for instance

2444

01:49:01,370 --> 01:48:58,030

and all those guys things maybe the IEDs

2445

01:49:02,940 --> 01:49:01,380

now are going to do something themselves

2446

01:49:05,280 --> 01:49:02,950

right right

2447

01:49:06,930 --> 01:49:05,290

yes I that is awful puzzling is it how

2448

01:49:08,760 --> 01:49:06,940

how can we never went back to the moon

2449

01:49:10,170 --> 01:49:08,770

when you think of our capabilities and

2450

01:49:12,990 --> 01:49:10,180

we're coming right up

2451

01:49:17,790 --> 01:49:13,000

I think the the anniversary of the 50th

2452

01:49:19,950 --> 01:49:17,800

anniversary actually is coming up but

2453

01:49:23,790 --> 01:49:19,960

or my next show it's I think it was it

2454

01:49:25,920 --> 01:49:23,800

the July 21st do you yes remember that's

2455

01:49:28,500 --> 01:49:25,930

the date yeah yeah nineteen nine

2456

01:49:34,230 --> 01:49:28,510

nineteen sixty-nine you got it I hate to

2457

01:49:36,840 --> 01:49:34,240

say this but I remember that day 50

2458

01:49:39,630 --> 01:49:36,850

years ago it's amazing I was uh I

2459

01:49:42,030 --> 01:49:39,640

hitchhiked to where my parents were

2460

01:49:43,590 --> 01:49:42,040

staying and I was the first time I ever

2461

01:49:46,350 --> 01:49:43,600

hitchhiked and it was really pretty

2462

01:49:48,900 --> 01:49:46,360

daring I think it was a like a hundred

2463

01:49:51,240 --> 01:49:48,910

miles away I had to go and I remember

2464

01:49:53,400 --> 01:49:51,250

walking in and and seeing in a black and

2465

01:49:55,260 --> 01:49:53,410

white TV when Neil Armstrong actually

2466

01:49:57,470 --> 01:49:55,270

stepped on the moon I remember that

2467

01:50:00,630 --> 01:49:57,480

mm-hmm that's something you never forget

2468

01:50:02,490 --> 01:50:00,640

yeah that's really amazing that it's

2469

01:50:06,210 --> 01:50:02,500

amazing that we accomplished that and we

2470

01:50:08,490 --> 01:50:06,220

had a ten-year window to do that and we

2471

01:50:10,140 --> 01:50:08,500

actually did it and you know a lot of

2472

01:50:11,880 --> 01:50:10,150

there are a lot of people maybe some

2473

01:50:13,980 --> 01:50:11,890

listened to the show that say no no no

2474

01:50:15,690 --> 01:50:13,990

we never went to the moon I really think

2475

01:50:19,590 --> 01:50:15,700

there's plenty of evidence to say that

2476

01:50:21,920 --> 01:50:19,600

we actually did go there and there's

2477

01:50:24,240 --> 01:50:21,930

been a lot of great people that actually

2478

01:50:24,690 --> 01:50:24,250

stepped on the moon I can't imagine what

2479

01:50:27,170 --> 01:50:24,700

that's like

2480

01:50:31,020 --> 01:50:27,180

and yeah that would have been very

2481

01:50:33,090 --> 01:50:31,030

amazing that's for sure I I do kind of

2482

01:50:35,010 --> 01:50:33,100

have a hybrid you know view on that

2483

01:50:36,390 --> 01:50:35,020

whole thing I believe we probably did go

2484

01:50:38,700 --> 01:50:36,400

to the moon but I don't know that we

2485

01:50:41,220 --> 01:50:38,710

went there in 1969 that's kind of a

2486

01:50:42,870 --> 01:50:41,230

pretty much a push when you're talking

2487

01:50:46,500 --> 01:50:42,880

about the idea that we could barely get

2488

01:50:49,470 --> 01:50:46,510

a guy into orbit in 1963 John Glenn

2489

01:50:52,290 --> 01:50:49,480

finally went up in 62 and stuff and and

2490

01:50:53,850 --> 01:50:52,300

all of a sudden six years seven years

2491

01:50:56,670 --> 01:50:53,860

later on the moon that's that's a

2492

01:50:58,950 --> 01:50:56,680

fascinating timeframe for me but then

2493

01:51:00,390 --> 01:50:58,960

again you never know we were a pretty

2494

01:51:02,190 --> 01:51:00,400

hot shot back then too

2495

01:51:03,990 --> 01:51:02,200

yeah that's right well they never knew

2496

01:51:06,150 --> 01:51:04,000

if they were gonna come back alive or

2497

01:51:08,400 --> 01:51:06,160

it'd never make it back to thank you so

2498

01:51:09,030 --> 01:51:08,410

much we're out of time it's been been a

2499

01:51:11,640 --> 01:51:09,040

real pleasure

2500

01:51:12,450 --> 01:51:11,650

all right pleasure all right thank you

2501
01:51:15,360 --> 01:51:12,460
sure thing

2502
01:51:17,460 --> 01:51:15,370
you take care alright everyone so that's

2503
01:51:21,950 --> 01:51:17,470
it for the show thank you so much and

2504
01:51:25,830 --> 01:51:21,960
next week we will be either back with

2505
01:51:28,440 --> 01:51:25,840
Nancy and Bill burns or we're going to

2506
01:51:31,330 --> 01:51:28,450
be back with Bruce Maccabee it's kind of

2507
01:51:35,770 --> 01:51:31,340
a long story but it'll be either either

2508
01:51:37,540 --> 01:51:35,780
or no it'll be either guests anyway

2509
01:51:39,100 --> 01:51:37,550
thanks so much for listening to the show

2510
01:51:40,780 --> 01:51:39,110
and thanks so much for everyone that

2511
01:51:43,540 --> 01:51:40,790
helps out our guests Michael hall

2512
01:51:45,490 --> 01:51:43,550
Alejandro Rojas and other people behind

2513
01:51:47,830 --> 01:51:45,500

the scenes and we'll see you next week

2514

01:51:53,260 --> 01:51:47,840

remote it remember to keep your eyes to
