

A portrait of Marian Rudnyk, a man with short brown hair, wearing a dark suit, white shirt, and patterned tie. He is smiling slightly and looking towards the camera. The background behind him is dark and out of focus, possibly an outdoor setting at night.

A Former NASA Astronomer Breaks His Silence About UFOs

1
00:00:04,190 --> 00:00:03,409
and it hits me oh my gosh this is that

2
00:00:05,269 --> 00:00:04,200
triangle

3
00:00:06,380 --> 00:00:05,279
you know there's explanation for

4
00:00:08,330 --> 00:00:06,390
everything that occurred in the

5
00:00:10,700 --> 00:00:08,340
Rendlesham forest incident that doesn't

6
00:00:13,240 --> 00:00:10,710
involve aliens at all it was completely

7
00:00:17,060 --> 00:00:13,250
silent it comes right over our heads

8
00:00:18,650 --> 00:00:17,070
it's so toxic science also really

9
00:00:20,420 --> 00:00:18,660
standing in the clearing he turned over

10
00:00:21,710 --> 00:00:20,430
to my father and held his hand and he

11
00:00:28,400 --> 00:00:21,720
looked in his eyes and said we're not

12
00:00:31,099 --> 00:00:28,410
alone welcome to podcast UFO for our

13
00:00:33,170 --> 00:00:31,109

does all kinds of things he's an artist

23

00:01:01,160 --> 00:00:58,320

as well and we are gonna be talking UFOs

24

00:01:03,100 --> 00:01:01,170

with him after the updates with

25

00:01:06,170 --> 00:01:03,110

38
00:01:40,789 --> 00:01:38,790

media player and so that's over there

39

00:01:44,120 --> 00:01:40,799

also we have a Facebook page check that

40

00:01:46,609 --> 00:01:44,130

out there's Peggy helps us up hang out

41

00:01:49,789 --> 00:01:46,619

over there and we have a new story every

42

00:01:52,670 --> 00:01:49,799

day posted up there UFO or space related

43

00:01:54,560 --> 00:01:52,680

so that's it we have a little bit of

44

00:01:55,819 --> 00:01:54,570

static in the background I'll talk about

45

00:01:57,139 --> 00:01:55,829

that later there's nothing I can do

46

00:02:00,770 --> 00:01:57,149

about it I hope that's not going to

47

00:02:03,440 --> 00:02:00,780

upset the audiophile out there but it is

48

00:02:07,639 --> 00:02:03,450

what it is and Alejandro Rojas welcome

49

00:02:09,940 --> 00:02:07,649

to the show hello how are you I'm doing

50

00:02:14,030 --> 00:02:09,950

good good to have you good to have yes

51
00:02:17,360 --> 00:02:14,040
happy to be here like they'd be here

52
00:02:20,089 --> 00:02:17,370
running around and I'm in complete crazy

53
00:02:22,309 --> 00:02:20,099
town right now because of course the

54
00:02:24,350 --> 00:02:22,319
conference is just a little ways from

55
00:02:27,500 --> 00:02:24,360
now in fact we just got back from the

56
00:02:28,640 --> 00:02:27,510
hotel and it's such an awesome place I

57
00:02:31,309 --> 00:02:28,650
think people are gonna really like it

58
00:02:33,860 --> 00:02:31,319
and this is what's really cool so sorry

59
00:02:36,710 --> 00:02:33,870
I don't have much UFO news so it has to

60
00:02:40,099 --> 00:02:36,720
be some UFO Congress news but Martin

61
00:02:42,979 --> 00:02:40,109
said that was okay that's okay yes but

62
00:02:46,550 --> 00:02:42,989
this is fun I made some posters covering

63
00:02:48,319 --> 00:02:46,560

six really important UFO cases and I

64

00:02:52,129 --> 00:02:48,329

could send you a picture I guess I can

65

00:02:55,190 --> 00:02:52,139

text it to you but I made a model of the

66

00:02:57,170 --> 00:02:55,200

Phoenix lights so I have the Phoenix

67

00:02:58,729 --> 00:02:57,180

lights a poster on that a poster on

68

00:03:00,589 --> 00:02:58,739

Roswell

69

00:03:05,000 --> 00:03:00,599

let's see what was the other one in the

70

00:03:11,240 --> 00:03:05,010

1952 Washington DC sightings then

71

00:03:14,690 --> 00:03:11,250

the Nimitz case the 2008 Chaco hair and

72

00:03:16,129 --> 00:03:14,700

then the Roosevelt in 2014-15 so I

73

00:03:18,259 --> 00:03:16,139

thought it'd be really cool to cover

74

00:03:21,710 --> 00:03:18,269

some really credible cases and make some

75

00:03:24,699 --> 00:03:21,720

neat posters and my buddy Doug Smythe

76

00:03:27,800 --> 00:03:24,709

who runs Phoenix shaving Tom actually

77

00:03:29,449 --> 00:03:27,810

created those for me so some of you if

78

00:03:31,159 --> 00:03:29,459

you've been to alien Con you probably

79

00:03:33,830 --> 00:03:31,169

saw him in the booth next to us he's a

80

00:03:36,409 --> 00:03:33,840

guy who wears as a beard and wears funny

81

00:03:38,150 --> 00:03:36,419

costumes sometimes by that really cool

82

00:03:40,369 --> 00:03:38,160

dude in fact I don't think you've met

83

00:03:40,610 --> 00:03:40,379

him yet Abby Martin hi it doesn't ring a

84

00:03:42,319 --> 00:03:40,620

bell

85

00:03:43,789 --> 00:03:42,329

at first one I thought you were talking

86

00:03:46,430 --> 00:03:43,799

about this was he I thought you're

87

00:03:48,439 --> 00:03:46,440

talking about the artist that he was on

88

00:03:52,009 --> 00:03:48,449

The Simpsons you know did The Simpsons

89
00:03:54,439 --> 00:03:52,019
Oh Dale oh you know he did though he did

90
00:03:58,159 --> 00:03:54,449
make me a jar so I'm a big fan of

91
00:03:59,720 --> 00:03:58,169
Futurama and Futurama remember all the

92
00:04:02,930 --> 00:03:59,730
older people or their heads were

93
00:04:05,599 --> 00:04:02,940
preserved in part and not jars and they

94
00:04:07,460 --> 00:04:05,609
talk so he did that kind of art for me

95
00:04:09,890 --> 00:04:07,470
which is kind of cool but yeah Dale's

96
00:04:11,569 --> 00:04:09,900
great but Dale and my friend Doug who

97
00:04:13,250 --> 00:04:11,579
made these posters will be vendors at

98
00:04:15,680 --> 00:04:13,260
the UFO Congress so you could meet him

99
00:04:18,500 --> 00:04:15,690
there and Dale is selling he's going to

100
00:04:20,449 --> 00:04:18,510
be doing caricatures of people huh and

101
00:04:22,670 --> 00:04:20,459
he's going to be peeking those people's

102
00:04:25,700 --> 00:04:22,680
heads in jars and of course Dale if

103
00:04:27,920 --> 00:04:25,710
you're not aware is works for the

104
00:04:30,650 --> 00:04:27,930
Simpsons as a character designer

105
00:04:35,210 --> 00:04:30,660
and so they are they're made by pros

106
00:04:38,480 --> 00:04:35,220
yeah awesome he's a great guy too but so

107
00:04:39,800 --> 00:04:38,490
what is going on as far as you said

108
00:04:41,450 --> 00:04:39,810
you're you're at the hotel

109
00:04:42,950 --> 00:04:41,460
I can't wage it's gonna be a couple days

110
00:04:45,560 --> 00:04:42,960
I'm gonna be hopping over there to

111
00:04:49,640 --> 00:04:45,570
Arizona I was at the hotel earlier today

112
00:04:51,560 --> 00:04:49,650
now I'm at my end and so for the person

113
00:04:53,480 --> 00:04:51,570

that has not checked out your website

114

00:04:55,969 --> 00:04:53,490

yet tell us a little bit about the

115

00:04:57,320 --> 00:04:55,979

speakers that are gonna be there it's a

116

00:05:00,500 --> 00:04:57,330

long list

117

00:05:04,370 --> 00:05:00,510

I mean we have over 25 lectures an event

118

00:05:05,750 --> 00:05:04,380

I think one fun one is that we're gonna

119

00:05:08,060 --> 00:05:05,760

have Richard Dolan

120

00:05:11,240 --> 00:05:08,070

and Tracy carpet you know there's some

121

00:05:13,400 --> 00:05:11,250

kgr errors there and that's gonna be a

122

00:05:16,430 --> 00:05:13,410

lot of fun because they actually got

123

00:05:19,070 --> 00:05:16,440

engaged at the UFO Congress a couple

124

00:05:21,320 --> 00:05:19,080

years ago in fact I posted the picture I

125

00:05:24,110 --> 00:05:21,330

was walking by outside you know running

126

00:05:26,450 --> 00:05:24,120

from here to there and I said hi and

127

00:05:29,420 --> 00:05:26,460

they're like we just got engaged and so

128

00:05:31,249 --> 00:05:29,430

I took a picture and now they're married

129

00:05:34,730 --> 00:05:31,259

and it's fun that we're gonna have Tracy

130

00:05:36,920 --> 00:05:34,740

talking I'm super excited well well you

131

00:05:40,670 --> 00:05:36,930

know what you have arrived if you get

132

00:05:44,450 --> 00:05:40,680

engaged at the UFO Congress are you

133

00:05:46,430 --> 00:05:44,460

there alejandro nick pope snuck away and

134

00:05:48,020 --> 00:05:46,440

got married at the congress at like

135

00:05:50,779 --> 00:05:48,030

three or four years ago see really how

136

00:05:53,659 --> 00:05:50,789

about them yeah there's some type of

137

00:05:55,010 --> 00:05:53,669

magic going on there yeah I better be

138

00:05:55,700 --> 00:05:55,020

careful cuz I'm gonna be there by myself

139

00:05:58,899 --> 00:05:55,710

you know

140

00:06:04,360 --> 00:05:58,909

you never know yeah that's right Oh

141

00:06:07,490 --> 00:06:04,370

biggis not too far for hours yeah okay

142

00:06:08,469 --> 00:06:07,500

so yeah so tell us some more about some

143

00:06:12,469 --> 00:06:08,479

of the guests that are gonna be there

144

00:06:17,120 --> 00:06:12,479

okay so I'm excited 1897 there was a

145

00:06:27,230 --> 00:06:17,130

flap of UFOs the Texas airships - we

146

00:06:27,589 --> 00:06:27,240

snapped up we have frozen Skype let's

147

00:06:29,089 --> 00:06:27,599

see

148

00:06:32,620 --> 00:06:29,099

Alejandra I don't know if you can hear

149

00:06:37,159 --> 00:06:32,630

me right now you're currently frozen so

150

00:06:38,690 --> 00:06:37,169

we'll see if you come back and we may

151

00:06:41,720 --> 00:06:38,700

just have to switch right into talking

152

00:06:45,250 --> 00:06:41,730

to our guests right now I just see him

153

00:06:48,440 --> 00:06:45,260

up on skype and that's it for now so

154

00:06:49,610 --> 00:06:48,450

what I'll do is I'll just basically talk

155

00:06:53,450 --> 00:06:49,620

about our guests and we'll see if

156

00:06:55,630 --> 00:06:53,460

Alejandro comes back so Maura and

157

00:06:58,880 --> 00:06:55,640

Rudnick he is an astronomer artist

158

00:07:00,610 --> 00:06:58,890

planetary scientists and author all

159

00:07:03,230 --> 00:07:00,620

rolled into one

160

00:07:06,050 --> 00:07:03,240

Mauryan put himself through school by

161

00:07:07,010 --> 00:07:06,060

working in the aerospace industry as a

162

00:07:10,100 --> 00:07:07,020

machinist

163

00:07:13,070 --> 00:07:10,110

and precision assembler for military and

164

00:07:16,250 --> 00:07:13,080

spacecraft components so with a degree

165

00:07:19,180 --> 00:07:16,260

in planetary geology in hand he began to

166

00:07:22,760 --> 00:07:19,190

work at NASA's Jet Propulsion Laboratory

167

00:07:24,410 --> 00:07:22,770

so looks like Alejandro is out of the

168

00:07:26,500 --> 00:07:24,420

box I'm gonna try to give him a ring

169

00:07:33,380 --> 00:07:26,510

back just because it would be nice to

170

00:07:34,970 --> 00:07:33,390

continue on that on that the situation

171

00:07:39,290 --> 00:07:34,980

he was talking about let me just try to

172

00:07:47,420 --> 00:07:39,300

get him in here and hopefully he will

173

00:07:50,420 --> 00:07:47,430

answer so I heard about our guests

174

00:07:52,490 --> 00:07:50,430

through one of our listeners he told me

175

00:07:55,070 --> 00:07:52,500

that he heard him on another show and

176

00:07:57,590 --> 00:07:55,080

thought he was really interesting so

177

00:07:58,790 --> 00:07:57,600

we'll find that out looks like we're

178

00:08:01,870 --> 00:07:58,800

gonna have trouble connecting with

179

00:08:05,390 --> 00:08:01,880

Alejandro so I guess that's it for the

180

00:08:08,870 --> 00:08:05,400

updates with him today so if you would

181

00:08:11,270 --> 00:08:08,880

if you want to just check out the UFO

182

00:08:13,430 --> 00:08:11,280

Congress website you can see all the

183

00:08:15,830 --> 00:08:13,440

people that are going to be there for

184

00:08:19,880 --> 00:08:15,840

speakers and the whole schedules up

185

00:08:22,100 --> 00:08:19,890

there as well also if anyone is going to

186

00:08:24,890 --> 00:08:22,110

show up there I would love to meet you

187

00:08:28,310 --> 00:08:24,900

if you listen to the show so I'll be

188

00:08:32,180 --> 00:08:28,320

wearing I probably will wear my podcast

189

00:08:33,680 --> 00:08:32,190

UFO hat and maybe a t-shirt but I'll be

190

00:08:38,780 --> 00:08:33,690

working behind the scenes quite a bit at

191

00:08:41,330 --> 00:08:38,790

the time but not always so I will be

192

00:08:42,380 --> 00:08:41,340

also in the lobby a lot anyway anyone

193

00:08:44,660 --> 00:08:42,390

that listens to the show if you're going

194

00:08:47,960 --> 00:08:44,670

to be there please do try to look me up

195

00:08:51,560 --> 00:08:47,970

you can also email me at Martin at

196

00:08:53,930 --> 00:08:51,570

podcast UFO comm and it would be fun too

197

00:08:55,140 --> 00:08:53,940

I love meeting listeners to the show

198

00:08:58,670 --> 00:08:55,150

it's always fun

199

00:09:01,680 --> 00:08:58,680

so hang on just one minute it's gonna

200

00:09:04,760 --> 00:09:01,690

just going to right alejandro real

201
00:09:13,110 --> 00:09:04,770
quickly and we'll just move on here and

202
00:09:16,140 --> 00:09:13,120
with our guest all right all right so

203
00:09:17,420 --> 00:09:16,150
mari and i hope you can hear me welcome

204
00:09:20,700 --> 00:09:17,430
to the show

205
00:09:23,190 --> 00:09:20,710
yes i'm here are you there yes

206
00:09:26,160 --> 00:09:23,200
where we are we are like to be on yes

207
00:09:29,730 --> 00:09:26,170
thanks for having me on sure and I do

208
00:09:31,769 --> 00:09:29,740
appreciate you your willingness and I

209
00:09:35,240 --> 00:09:31,779
want to talk about your background and

210
00:09:38,130 --> 00:09:35,250
what gets you interested in the topic so

211
00:09:39,390 --> 00:09:38,140
let's talk about it when you were young

212
00:09:43,230 --> 00:09:39,400
that did you always have like an

213
00:09:45,540 --> 00:09:43,240

interest in space to begin with um yeah

214

00:09:47,160 --> 00:09:45,550

I was your typical kid who was it wanted

215

00:09:49,680 --> 00:09:47,170

to become an astronaut and actually

216

00:09:51,269 --> 00:09:49,690

later at tried for the astronaut program

217

00:09:54,660 --> 00:09:51,279

I got into the last group of a hundred

218

00:09:56,880 --> 00:09:54,670

four on one of the tryouts astronaut

219

00:09:58,680 --> 00:09:56,890

tryouts for the shuttle program so at a

220

00:10:05,519 --> 00:09:58,690

young age I was already sort of pre

221

00:10:08,070 --> 00:10:05,529

programs for space and yeah I was um I

222

00:10:09,600 --> 00:10:08,080

was like a lot of kids you know the

223

00:10:12,060 --> 00:10:09,610

whole thing with science fiction and

224

00:10:15,600 --> 00:10:12,070

flying saucers and UFOs and everything

225

00:10:17,940 --> 00:10:15,610

and I got my copy of Chariots of the

226

00:10:20,310 --> 00:10:17,950

Gods of course and all that and then all

227

00:10:22,280 --> 00:10:20,320

that sort of faded away very quickly you

228

00:10:28,170 --> 00:10:22,290

know has my life progressed

229

00:10:31,440 --> 00:10:28,180

uh-huh and so how did you I mean getting

230

00:10:36,030 --> 00:10:31,450

into NASA is not an easy thing to do how

231

00:10:39,390 --> 00:10:36,040

did you how did that all come about well

232

00:10:41,010 --> 00:10:39,400

we lived here you know where I am not

233

00:10:44,790 --> 00:10:41,020

far from JPL from the Jet Propulsion

234

00:10:47,190 --> 00:10:44,800

Laboratory and we I've always been

235

00:10:50,370 --> 00:10:47,200

interested and so I was lucky in the

236

00:10:52,519 --> 00:10:50,380

sense that I did over even as a kid I

237

00:10:54,870 --> 00:10:52,529

sort of found out how things worked and

238

00:10:58,530 --> 00:10:54,880

before I knew it I was taking classes

239

00:11:00,060 --> 00:10:58,540

summer classes at Cal Tech in astronomy

240

00:11:05,430 --> 00:11:00,070

for three years and then the fourth

241

00:11:08,010 --> 00:11:05,440

summer I did biochemistry and during on

242

00:11:08,610 --> 00:11:08,020

mice and I spend my Saturday is also at

243

00:11:10,200 --> 00:11:08,620

Caltech

244

00:11:12,270 --> 00:11:10,210

taking Saturday classes during the

245

00:11:13,920 --> 00:11:12,280

regular part of the school year so while

246

00:11:15,840 --> 00:11:13,930

everybody else was going to the beach I

247

00:11:18,840 --> 00:11:15,850

was actually at Caltech you know

248

00:11:22,260 --> 00:11:18,850

studying astronomy so Caltech sort of

249

00:11:26,550 --> 00:11:22,270

put me in line with JPL and at a time I

250

00:11:29,160 --> 00:11:26,560

was in college I got a my advisor with

251
00:11:33,210 --> 00:11:29,170
somebody from JPL who put me on a

252
00:11:35,760 --> 00:11:33,220
project working on stuff for a Saturn's

253
00:11:40,080 --> 00:11:35,770
moon eye a pitous which became sort of

254
00:11:43,590 --> 00:11:40,090
my my senior project and before I knew

255
00:11:46,590 --> 00:11:43,600
it I was interning at JPL while working

256
00:11:49,380 --> 00:11:46,600
having put myself through you know

257
00:11:52,200 --> 00:11:49,390
through school doing the aerospace jobs

258
00:11:53,970 --> 00:11:52,210
and also you know how helping manage a

259
00:11:56,120 --> 00:11:53,980
theater at night I like multiple jobs

260
00:11:58,880 --> 00:11:56,130
well it was an insane time in my life

261
00:12:02,040 --> 00:11:58,890
but then I squeezed in like I said doing

262
00:12:04,320 --> 00:12:02,050
internships at JPL and some wonderful

263
00:12:08,670 --> 00:12:04,330

people there really really gave me a

264

00:12:12,330 --> 00:12:08,680

chance dr. David Pieri who's a renowned

265

00:12:13,860 --> 00:12:12,340

volcanologist put me on doing Europa

266

00:12:15,630 --> 00:12:13,870

work and everything I started mapping

267

00:12:19,860 --> 00:12:15,640

them ice fractures on Jupiter's moon

268

00:12:23,340 --> 00:12:19,870

Europa and dr. Tim Parker he wasn't

269

00:12:27,120 --> 00:12:23,350

doctor then he is now he was doing Mars

270

00:12:28,590 --> 00:12:27,130

mapping and so doing Alba Patera a lot

271

00:12:32,100 --> 00:12:28,600

of other areas and stuff and there was a

272

00:12:34,190 --> 00:12:32,110

lot of lava tubes that they were

273

00:12:37,500 --> 00:12:34,200

interested in and the lava tubes had

274

00:12:39,390 --> 00:12:37,510

these collapsed pit features so you see

275

00:12:41,220 --> 00:12:39,400

these long strings of dots and

276

00:12:43,380 --> 00:12:41,230

everything that they would go across the

277

00:12:45,840 --> 00:12:43,390

Martian landscape and those are actually

278

00:12:49,230 --> 00:12:45,850

collapsed pits that opened into the lava

279

00:12:51,120 --> 00:12:49,240

tubes below so lucky me got to map all

280

00:12:52,920 --> 00:12:51,130

that stuff out you know for him but it

281

00:12:55,320 --> 00:12:52,930

was great it put me in the right place

282

00:12:56,970 --> 00:12:55,330

at the right time and the people really

283

00:12:59,280 --> 00:12:56,980

really wonderful and before I knew it I

284

00:13:01,130 --> 00:12:59,290

found myself all of a sudden as an

285

00:13:07,110 --> 00:13:01,140

astronomer you know working at Palomar

286

00:13:09,420 --> 00:13:07,120

well because of that yeah I love you

287

00:13:11,850 --> 00:13:09,430

know to read articles about space and

288

00:13:14,250 --> 00:13:11,860

different things and you know the the

289

00:13:18,360 --> 00:13:14,260

black holes that's there's some sure you

290

00:13:20,100 --> 00:13:18,370

probably saw the most recent where they

291

00:13:22,950 --> 00:13:20,110

think they saw a black hole swallow a

292

00:13:26,010 --> 00:13:22,960

star I think that's just the last couple

293

00:13:27,570 --> 00:13:26,020

of days but one of the things that I've

294

00:13:30,510 --> 00:13:27,580

always wondered and maybe have an answer

295

00:13:33,390 --> 00:13:30,520

for this is when a black hole like

296

00:13:37,350 --> 00:13:33,400

crushes in on itself is it basically

297

00:13:41,250 --> 00:13:37,360

like for instance this is all layman

298

00:13:42,810 --> 00:13:41,260

terms by the way but say an atom has so

299

00:13:46,710 --> 00:13:42,820

much space in it now I'm gonna throw

300

00:13:48,240 --> 00:13:46,720

equations at you no but saying atom has

301

00:13:49,920 --> 00:13:48,250

so much space in it like if you

302

00:13:51,630 --> 00:13:49,930

condensed every atom in your body I

303

00:13:52,980 --> 00:13:51,640

think you'd be the size of an ant or

304

00:13:56,010 --> 00:13:52,990

something like or even maybe even

305

00:13:59,760 --> 00:13:56,020

smaller so is that kind of what happens

306

00:14:02,190 --> 00:13:59,770

to a black hole is everything just gets

307

00:14:06,420 --> 00:14:02,200

condensed right down to the to the

308

00:14:07,170 --> 00:14:06,430

nuclear level I mean it's almost like if

309

00:14:09,870 --> 00:14:07,180

you could think of it it's like

310

00:14:11,970 --> 00:14:09,880

infinitely crushed to the point you know

311

00:14:13,860 --> 00:14:11,980

where all the space is almost removed

312

00:14:15,300 --> 00:14:13,870

and the black hole itself you mean

313

00:14:17,180 --> 00:14:15,310

people think of it I looked at that

314

00:14:19,470 --> 00:14:17,190

black hole is huge look how giant it is

315

00:14:22,620 --> 00:14:19,480

actually it's not that the black hole is

316

00:14:24,180 --> 00:14:22,630

huge it's the area or the extent of its

317

00:14:26,670 --> 00:14:24,190

influence that's big the black hole

318

00:14:30,180 --> 00:14:26,680

itself is what they call a singularity

319

00:14:31,410 --> 00:14:30,190

it's just this tiny dot in them in the

320

00:14:33,930 --> 00:14:31,420

center of it if you want to think of it

321

00:14:35,940 --> 00:14:33,940

that way and it's just swallowing stuff

322

00:14:38,850 --> 00:14:35,950

up and everything is inside that little

323

00:14:41,250 --> 00:14:38,860

dot but the stronger it is the greater

324

00:14:44,040 --> 00:14:41,260

its area of influence the greater the

325

00:14:45,810 --> 00:14:44,050

area of Darkness around it and the edge

326

00:14:47,790 --> 00:14:45,820

of that area is of course you've heard

327

00:14:49,800 --> 00:14:47,800

people throw around the term the event

328

00:14:52,830 --> 00:14:49,810

horizon which is basically sort of that

329

00:14:55,320 --> 00:14:52,840

border where at once you reach that that

330

00:14:56,490 --> 00:14:55,330

edge light can't escape anymore you'd

331

00:14:57,960 --> 00:14:56,500

have to be traveling faster than the

332

00:15:00,330 --> 00:14:57,970

speed of light to escape so if you cross

333

00:15:02,370 --> 00:15:00,340

that edge you're in and you're not going

334

00:15:04,740 --> 00:15:02,380

to come out and that's why it appears

335

00:15:06,690 --> 00:15:04,750

black so you've got this giant black

336

00:15:08,700 --> 00:15:06,700

sphere but that's really not the black

337

00:15:10,530 --> 00:15:08,710

hole itself a black holes itself itself

338

00:15:12,510 --> 00:15:10,540

is just the point in the center the

339

00:15:14,520 --> 00:15:12,520

singularity and that's just the area

340

00:15:17,190 --> 00:15:14,530

that surrounds it do you think there no

341

00:15:20,490 --> 00:15:17,200

but does that make them oh yeah do you

342

00:15:24,630 --> 00:15:20,500

think that galaxies are basically formed

343

00:15:27,240 --> 00:15:24,640

by a black hole in the center I mean it

344

00:15:29,620 --> 00:15:27,250

seems like they know I'd be a lot of

345

00:15:31,780 --> 00:15:29,630

them in the center of galaxies

346

00:15:34,780 --> 00:15:31,790

it's interesting but not all not all

347

00:15:36,189 --> 00:15:34,790

galaxies have black holes in them so it

348

00:15:38,759 --> 00:15:36,199

sort of begs the question and then

349

00:15:40,930 --> 00:15:38,769

there's also this whole question of

350

00:15:44,139 --> 00:15:40,940

structures that are complex which is

351
00:15:46,680 --> 00:15:44,149
versus those that are not and so in some

352
00:15:50,860 --> 00:15:46,690
cases things appear to be backwards so

353
00:15:52,300 --> 00:15:50,870
galactic physics is sort of at a not

354
00:15:54,879 --> 00:15:52,310
really at a Nexus it's actually at a

355
00:15:56,259 --> 00:15:54,889
really exciting place because of there's

356
00:15:58,389 --> 00:15:56,269
a lot of things being discovered and

357
00:16:03,189 --> 00:15:58,399
really don't know what core what forms

358
00:16:05,230 --> 00:16:03,199
you know the crux or the the process

359
00:16:07,329 --> 00:16:05,240
that forms galactic you know galactic

360
00:16:09,069 --> 00:16:07,339
formation would draw inside the work

361
00:16:10,689 --> 00:16:09,079
drives galactic formation is a better

362
00:16:13,180 --> 00:16:10,699
way of putting it so it could be black

363
00:16:15,939 --> 00:16:13,190

holes but I think it's probably a mix I

364

00:16:17,740 --> 00:16:15,949

think nature is usually messy and it's

365

00:16:19,180 --> 00:16:17,750

not usually just one process but a

366

00:16:21,370 --> 00:16:19,190

combination of things and so I think

367

00:16:23,949 --> 00:16:21,380

we'll find that black holes are a part

368

00:16:25,569 --> 00:16:23,959

of a mix and then something else that's

369

00:16:27,879 --> 00:16:25,579

probably new and exciting that has yet

370

00:16:30,129 --> 00:16:27,889

to be discovered will be part of the the

371

00:16:32,829 --> 00:16:30,139

rest of the answers when you worked at

372

00:16:35,610 --> 00:16:32,839

NASA and you know spoke with your

373

00:16:38,340 --> 00:16:35,620

colleagues what was the general

374

00:16:42,030 --> 00:16:38,350

consensus about the possibility of

375

00:16:45,569 --> 00:16:42,040

intelligent life on on other planets and

376

00:16:51,009 --> 00:16:45,579

somewhere in the galaxies out there

377

00:16:52,840 --> 00:16:51,019

there they're all focused on what I like

378

00:16:55,449 --> 00:16:52,850

to call bugs but it's basically just

379

00:16:56,980 --> 00:16:55,459

germs and this is I think the the

380

00:16:59,350 --> 00:16:56,990

problem what they don't understand is

381

00:17:01,499 --> 00:16:59,360

that they're waiting for like you know

382

00:17:04,270 --> 00:17:01,509

the fact that they can finally confirm

383

00:17:08,350 --> 00:17:04,280

that all we found you know definite

384

00:17:11,559 --> 00:17:08,360

proof that's you know we've got now

385

00:17:14,049 --> 00:17:11,569

biological activity there is algae of

386

00:17:16,240 --> 00:17:14,059

some kind exotic algae on Mars uh-huh

387

00:17:18,640 --> 00:17:16,250

you can just you can just hear the

388

00:17:20,110 --> 00:17:18,650

public yawn mm-hmm you know what I'm

389

00:17:22,990 --> 00:17:20,120

saying it's just it'll it'll be

390

00:17:24,880 --> 00:17:23,000

deafening silence it'll be one one day

391

00:17:27,880 --> 00:17:24,890

of news and then everybody will move on

392

00:17:29,620 --> 00:17:27,890

and not care I they're so focused on

393

00:17:31,330 --> 00:17:29,630

that that except for maybe the study

394

00:17:32,950 --> 00:17:31,340

people I don't think they realize that

395

00:17:35,710 --> 00:17:32,960

the people who are yearning for

396

00:17:37,750 --> 00:17:35,720

something more and the consensus

397

00:17:39,640 --> 00:17:37,760

generally is that there is life out

398

00:17:41,350 --> 00:17:39,650

there but a lot of these people just

399

00:17:43,180 --> 00:17:41,360

think that their distances are too great

400

00:17:45,010 --> 00:17:43,190

and why is there some

401
00:17:47,260 --> 00:17:45,020
silence the radio telescopes are turned

402
00:17:48,640 --> 00:17:47,270
outward and we don't hear anything but

403
00:17:50,590 --> 00:17:48,650
there's a lot of things that could be

404
00:17:52,060 --> 00:17:50,600
driving those kind of thing those kind

405
00:17:53,860 --> 00:17:52,070
of things and one of them is the fact

406
00:17:55,840 --> 00:17:53,870
that we think that is sort of that

407
00:17:57,580 --> 00:17:55,850
centrism you know that we have you know

408
00:17:59,200 --> 00:17:57,590
the earth is the center of the universe

409
00:18:00,910 --> 00:17:59,210
and the solar system or the Sun is the

410
00:18:02,650 --> 00:18:00,920
center of the universe now we think that

411
00:18:04,360 --> 00:18:02,660
you know things are centered around you

412
00:18:06,790 --> 00:18:04,370
know us adjust in general or that

413
00:18:08,170 --> 00:18:06,800

everybody uses radio waves and yeah who

414

00:18:10,000 --> 00:18:08,180

knows other civilizations may be

415

00:18:12,280 --> 00:18:10,010

communicating it's completely completely

416

00:18:14,140 --> 00:18:12,290

unknown way so he may be listening but

417

00:18:15,430 --> 00:18:14,150

we may be listening to dead air space

418

00:18:18,520 --> 00:18:15,440

because that's not where everybody's

419

00:18:20,560 --> 00:18:18,530

broadcasting yeah I've actually had Seth

420

00:18:22,780 --> 00:18:20,570

the Shah stack from SETI on this show

421

00:18:25,270 --> 00:18:22,790

and by the way he's coming up sometime

422

00:18:28,450 --> 00:18:25,280

in October again and you know one of the

423

00:18:31,900 --> 00:18:28,460

things I I said to him was exciting yeah

424

00:18:33,940 --> 00:18:31,910

but we were in a debate on UFOs uh for

425

00:18:36,910 --> 00:18:33,950

the first time I don't know where we're

426

00:18:41,050 --> 00:18:36,920

gonna go this time but I did say to him

427

00:18:43,180 --> 00:18:41,060

something along the lines of why radio

428

00:18:44,980 --> 00:18:43,190

waves I mean what you just said there

429

00:18:46,660 --> 00:18:44,990

I'm gonna go there they may be

430

00:18:50,320 --> 00:18:46,670

communicating in ways that we have not

431

00:18:52,300 --> 00:18:50,330

thought of or whatever and then he said

432

00:18:53,740 --> 00:18:52,310

well it's better than basically he said

433

00:18:55,570 --> 00:18:53,750

it's better than doing nothing or

434

00:18:59,860 --> 00:18:55,580

looking for nothing I can't really

435

00:19:03,820 --> 00:18:59,870

disagree with that but I'll think that

436

00:19:05,770 --> 00:19:03,830

what is gonna happen is I really think

437

00:19:08,080 --> 00:19:05,780

that for instance when the James Webb

438

00:19:09,850 --> 00:19:08,090

telescope gets out there perhaps we're

439

00:19:12,430 --> 00:19:09,860

gonna get better and better technology

440

00:19:14,500 --> 00:19:12,440

that even will have even better

441

00:19:17,020 --> 00:19:14,510

technologies and what said he can do in

442

00:19:18,220 --> 00:19:17,030

the future I don't know as far as

443

00:19:21,430 --> 00:19:18,230

actually connecting what are your

444

00:19:24,040 --> 00:19:21,440

thoughts basically on that well you

445

00:19:26,980 --> 00:19:24,050

should pose a question to Seth he did an

446

00:19:29,530 --> 00:19:26,990

interview for NBC a while ago where he

447

00:19:31,540 --> 00:19:29,540

was quoted as the minute somebody tells

448

00:19:33,790 --> 00:19:31,550

me and I'm paraphrasing generally

449

00:19:37,090 --> 00:19:33,800

speaking that when it comes to your foes

450

00:19:38,980 --> 00:19:37,100

that I know what I saw that he therefore

451
00:19:40,690 --> 00:19:38,990
knows that it's total BS and then he

452
00:19:42,550 --> 00:19:40,700
shuts down he knows that well that's it

453
00:19:45,820 --> 00:19:42,560
you know there's no such thing as UFOs

454
00:19:48,100 --> 00:19:45,830
or aliens and everything and he and the

455
00:19:51,850 --> 00:19:48,110
interview is just very much a shutdown

456
00:19:54,310 --> 00:19:51,860
kind of event so and I think that's very

457
00:19:55,750 --> 00:19:54,320
unfortunate you know and I don't know

458
00:19:56,659 --> 00:19:55,760
what drove him to say that and you might

459
00:19:59,320 --> 00:19:56,669
ask him that

460
00:20:02,090 --> 00:19:59,330
yeah yeah why did I remember asking him

461
00:20:04,460 --> 00:20:02,100
something along the lines like if all of

462
00:20:06,529 --> 00:20:04,470
a sudden we found out that UFOs were

463
00:20:08,749 --> 00:20:06,539

actually intelligence from another

464

00:20:13,279 --> 00:20:08,759

planet on our planet itself

465

00:20:14,720 --> 00:20:13,289

how would your funding go I would I

466

00:20:17,389 --> 00:20:14,730

think I'm gonna probably bring that up

467

00:20:19,580 --> 00:20:17,399

again cuz I can you read my mind yeah

468

00:20:22,460 --> 00:20:19,590

so yeah that it's a threat you know and

469

00:20:24,799 --> 00:20:22,470

you can almost see through part of what

470

00:20:28,159 --> 00:20:24,809

he does is that is kind of a threat for

471

00:20:30,109 --> 00:20:28,169

you know his well-being is but anyway I

472

00:20:32,509 --> 00:20:30,119

guess it's better than them doing

473

00:20:35,299 --> 00:20:32,519

nothing you know I have to agree with

474

00:20:38,029 --> 00:20:35,309

him about that at least you know someone

475

00:20:41,330 --> 00:20:38,039

has an interest and they're looking but

476

00:20:43,099 --> 00:20:41,340

you know it is when I brought up you

477

00:20:46,129 --> 00:20:43,109

know the fact that you know maybe they

478

00:20:48,139 --> 00:20:46,139

have some type of technology that we've

479

00:20:52,609 --> 00:20:48,149

never thought of and can travel you know

480

00:20:54,409 --> 00:20:52,619

traverse the space that's so vast you

481

00:20:56,659 --> 00:20:54,419

know I still believe if if that's

482

00:20:59,629 --> 00:20:56,669

actually what is showing up here that

483

00:21:03,080 --> 00:20:59,639

that is a possibility I can't say for

484

00:21:04,820 --> 00:21:03,090

sure yeah you know yeah look at look at

485

00:21:06,409 --> 00:21:04,830

neutrinos or that you know they go

486

00:21:07,909 --> 00:21:06,419

through everything whatever would what

487

00:21:09,590 --> 00:21:07,919

if you had a neutrino transmission

488

00:21:11,749 --> 00:21:09,600

system you know I'm just throwing

489

00:21:14,479 --> 00:21:11,759

something wild out there but the idea is

490

00:21:16,099 --> 00:21:14,489

to think out of the box and I agreed

491

00:21:18,619 --> 00:21:16,109

that maybe that equity says as far as

492

00:21:20,029 --> 00:21:18,629

it's better than than doing nothing but

493

00:21:22,009 --> 00:21:20,039

I also think the study should be more

494

00:21:23,659 --> 00:21:22,019

transparent I know that they hit on

495

00:21:25,789 --> 00:21:23,669

radio signals sometimes and all that

496

00:21:27,950 --> 00:21:25,799

they're not quick to divulge the

497

00:21:29,840 --> 00:21:27,960

locations of the stars where they think

498

00:21:32,090 --> 00:21:29,850

that they might have heard something um

499

00:21:33,830 --> 00:21:32,100

I think that they really need to work on

500

00:21:35,389 --> 00:21:33,840

their transparency the first thing they

501
00:21:36,619 --> 00:21:35,399
do is when they if they think they hear

502
00:21:38,180 --> 00:21:36,629
something they should throw that out to

503
00:21:40,310 --> 00:21:38,190
the whole astronomical community and the

504
00:21:42,379 --> 00:21:40,320
public at large let everybody listen in

505
00:21:44,810 --> 00:21:42,389
let's see what there is to hear you know

506
00:21:48,349 --> 00:21:44,820
I thought that's what I thought he said

507
00:21:52,310 --> 00:21:48,359
they did something like that but that's

508
00:21:54,019 --> 00:21:52,320
not so as far as you know no not not

509
00:21:56,989 --> 00:21:54,029
completely no I know that they have

510
00:21:58,879 --> 00:21:56,999
projects where they have people listen

511
00:22:01,669 --> 00:21:58,889
to you know files and every that they've

512
00:22:03,049 --> 00:22:01,679
archived to listen for things just like

513
00:22:05,509 --> 00:22:03,059

they have also where they have things

514

00:22:07,810 --> 00:22:05,519

people look at you know files for

515

00:22:10,080 --> 00:22:07,820

imagery also where they have these

516

00:22:12,630 --> 00:22:10,090

internet you know group

517

00:22:13,799 --> 00:22:12,640

you know I'm not familiar with the term

518

00:22:16,200 --> 00:22:13,809

but you know what I'm talking about

519

00:22:17,760 --> 00:22:16,210

where they sort of have the public

520

00:22:20,100 --> 00:22:17,770

participate as sort of a public

521

00:22:21,870 --> 00:22:20,110

astronomers public scientists and

522

00:22:24,480 --> 00:22:21,880

everything and take part in and going

523

00:22:25,769 --> 00:22:24,490

through data so that's one thing but

524

00:22:27,090 --> 00:22:25,779

actually but when they've got

525

00:22:30,450 --> 00:22:27,100

cutting-edge stuff and they actually

526

00:22:32,700 --> 00:22:30,460

pick up a signal why not you know tell

527

00:22:35,190 --> 00:22:32,710

people about it instead of oh we have to

528

00:22:36,990 --> 00:22:35,200

vet it we have to this let people take a

529

00:22:40,409 --> 00:22:37,000

look you know let people here let people

530

00:22:43,380 --> 00:22:40,419

see what it is you know mm-hmm and you

531

00:22:45,029 --> 00:22:43,390

know you've probably heard you know you

532

00:22:48,029 --> 00:22:45,039

just talked about a big yawn if they

533

00:22:51,139 --> 00:22:48,039

find you know like a bacteria on Mars or

534

00:22:55,110 --> 00:22:51,149

something like that which I agree it is

535

00:22:57,210 --> 00:22:55,120

the news that's the EXO germ yes

536

00:22:59,580 --> 00:22:57,220

the way news is so ephemeral today

537

00:23:01,500 --> 00:22:59,590

anyway you know big stories happen and

538

00:23:03,990 --> 00:23:01,510

you know they're they're gone so quickly

539

00:23:05,430 --> 00:23:04,000

I do agree with you I think however if

540

00:23:10,320 --> 00:23:05,440

they found intelligent life would be

541

00:23:12,779 --> 00:23:10,330

different but we all grew up hearing

542

00:23:15,360 --> 00:23:12,789

that you know the world would crash and

543

00:23:17,279 --> 00:23:15,370

religions would crumble and all that if

544

00:23:19,110 --> 00:23:17,289

I don't think that's gonna happen

545

00:23:21,570 --> 00:23:19,120

anymore I think people are more adjusted

546

00:23:24,450 --> 00:23:21,580

today than they have been

547

00:23:27,960 --> 00:23:24,460

you know previously to the fact that we

548

00:23:29,820 --> 00:23:27,970

might find something I kind agree with

549

00:23:31,740 --> 00:23:29,830

you but at the same time I've had a

550

00:23:34,019 --> 00:23:31,750

couple of really since since I've had my

551
00:23:36,409 --> 00:23:34,029
sighting kind of eye-opening events just

552
00:23:39,510 --> 00:23:36,419
even within my family if I can share

553
00:23:40,889 --> 00:23:39,520
because I was sort of the same I have

554
00:23:42,510 --> 00:23:40,899
the same feeling as you do that I think

555
00:23:44,250 --> 00:23:42,520
generally speaking I think that's true

556
00:23:46,260 --> 00:23:44,260
for the general public I think they're

557
00:23:48,389 --> 00:23:46,270
they hunger for this they agree they

558
00:23:51,690 --> 00:23:48,399
know that there is something out there

559
00:23:53,850 --> 00:23:51,700
and that you know they want to know and

560
00:23:56,490 --> 00:23:53,860
they don't want to know what it is but

561
00:23:58,799 --> 00:23:56,500
there's a small group that you would be

562
00:24:00,360 --> 00:23:58,809
surprised and so this example I'm going

563
00:24:05,549 --> 00:24:00,370

to give I'm not going to say who and my

564

00:24:09,510 --> 00:24:05,559

family but it is a spouse of somebody in

565

00:24:11,909 --> 00:24:09,520

my family a gentleman a man who a grown

566

00:24:13,710 --> 00:24:11,919

man adult man who you'd think oh this

567

00:24:15,720 --> 00:24:13,720

would you know would be the same way

568

00:24:19,740 --> 00:24:15,730

just what we're discussing so here's an

569

00:24:21,240 --> 00:24:19,750

adult person and I show this person my

570

00:24:23,039 --> 00:24:21,250

sighting and some of the things that I

571

00:24:24,840 --> 00:24:23,049

found and

572

00:24:28,019 --> 00:24:24,850

you've nah I literally witnessed his

573

00:24:30,779 --> 00:24:28,029

first time meltdown and shake in anger

574

00:24:33,440 --> 00:24:30,789

and guac outside fists clenched and

575

00:24:36,930 --> 00:24:33,450

literally have a mental breakdown to err

576
00:24:39,149 --> 00:24:36,940
someone in my family who is his wife had

577
00:24:41,580 --> 00:24:39,159
to calm him down and this became a non

578
00:24:43,560 --> 00:24:41,590
subject with which we could never bring

579
00:24:46,979 --> 00:24:43,570
up around this person ever again because

580
00:24:49,499 --> 00:24:46,989
he's ready to melt down Wow that which I

581
00:24:52,499 --> 00:24:49,509
was just like floored that is really

582
00:24:54,840 --> 00:24:52,509
amazing so we are and then the minute

583
00:24:57,029 --> 00:24:54,850
that I show I showed him that look

584
00:24:58,830 --> 00:24:57,039
visual I don't believe it I'm like okay

585
00:25:00,570 --> 00:24:58,840
what this person was with me when this

586
00:25:02,279 --> 00:25:00,580
happened I have a picture when we were

587
00:25:04,289 --> 00:25:02,289
this and this when this happened we saw

588
00:25:06,479 --> 00:25:04,299

this look at this photograph so it's not

589

00:25:07,889 --> 00:25:06,489

a lies it's all lies it's all I will

590

00:25:10,200 --> 00:25:07,899

believe a word of it and just like

591

00:25:11,700 --> 00:25:10,210

shaking and shaking and red and veins

592

00:25:14,249 --> 00:25:11,710

are coming out and he just walks outside

593

00:25:16,470 --> 00:25:14,259

and he just like oh my god this person

594

00:25:18,749 --> 00:25:16,480

we're gonna have to call 911 if I don't

595

00:25:19,379 --> 00:25:18,759

back off no and I'm not I'm not even

596

00:25:22,019 --> 00:25:19,389

doing anything

597

00:25:26,159 --> 00:25:22,029

this is that amazing most people don't

598

00:25:28,289 --> 00:25:26,169

have that reaction so but yeah yeah but

599

00:25:29,580 --> 00:25:28,299

there are some people reaction it was

600

00:25:32,159 --> 00:25:29,590

just amazing yeah there's some people

601
00:25:33,599 --> 00:25:32,169
that certainly will all right so we are

602
00:25:36,060 --> 00:25:33,609
going to head into break right now

603
00:25:44,869 --> 00:25:36,070
so hanging everyone we'll be right back

604
00:25:44,879 --> 00:25:48,560
race you there

605
00:25:58,529 --> 00:25:53,759
I'd feel here - yeah this happened last

606
00:26:01,139 --> 00:25:58,539
week race I had my mute button on man

607
00:26:03,859 --> 00:26:01,149
you're clear we've got three minutes in

608
00:26:05,669 --> 00:26:03,869
this break right two and a half now okay

609
00:26:07,889 --> 00:26:05,679
that's pretty funny

610
00:26:10,379 --> 00:26:07,899
all right so we'll get back to that

611
00:26:13,700 --> 00:26:10,389
we're going to talk about this relative

612
00:26:16,409 --> 00:26:13,710
that went went nuts when we get back but

613
00:26:20,310 --> 00:26:16,419

so you said you're near their jet

614

00:26:23,700 --> 00:26:20,320

proposed some potion lab and so you live

615

00:26:27,720 --> 00:26:23,710

in Southern California and yeah that's

616

00:26:30,060 --> 00:26:27,730

correct yeah so what's it what's it like

617

00:26:31,409 --> 00:26:30,070

for sighting since you've had your

618

00:26:33,299 --> 00:26:31,419

sighting look I don't want to talk about

619

00:26:34,139 --> 00:26:33,309

that net right now but when we go back

620

00:26:36,359 --> 00:26:34,149

on

621

00:26:38,759 --> 00:26:36,369

of the fire I'll talk about that but

622

00:26:40,849 --> 00:26:38,769

have you since you had your sighting

623

00:26:43,589 --> 00:26:40,859

have you paid attention and researched

624

00:26:47,909 --> 00:26:43,599

about the sightings because California

625

00:26:50,009 --> 00:26:47,919

is a real big sighting state I you know

626
00:26:52,919 --> 00:26:50,019
what I've there I know very little about

627
00:26:54,809 --> 00:26:52,929
other sightings but except for and

628
00:26:57,929 --> 00:26:54,819
actually this is a good good discussion

629
00:26:59,729 --> 00:26:57,939
when we come back and live is that I'm

630
00:27:02,039 --> 00:26:59,739
so immersed in what's going on with me

631
00:27:03,689 --> 00:27:02,049
but I now through my Facebook and

632
00:27:06,329 --> 00:27:03,699
Twitter and getting streams of people

633
00:27:08,639 --> 00:27:06,339
who are now seeing validating what I see

634
00:27:11,159 --> 00:27:08,649
seeing the same thing all along these

635
00:27:13,949 --> 00:27:11,169
these mountain sides here so this is

636
00:27:16,919 --> 00:27:13,959
something we should discuss something is

637
00:27:18,509 --> 00:27:16,929
definitely going on and and my Facebook

638
00:27:20,609 --> 00:27:18,519

and Twitter just get overloaded with

639

00:27:22,739 --> 00:27:20,619

with people who are terrified to speak

640

00:27:24,389 --> 00:27:22,749

up but are willing to talk to me but

641

00:27:26,579 --> 00:27:24,399

only privately through private messaging

642

00:27:30,749 --> 00:27:26,589

huh Wow

643

00:27:32,819 --> 00:27:30,759

so when is the actual general area is it

644

00:27:35,819 --> 00:27:32,829

is it Orange County in that area I'm not

645

00:27:38,339 --> 00:27:35,829

really sure where the lab is no not at

646

00:27:41,519 --> 00:27:38,349

all actually past Pasadena area oh yeah

647

00:27:44,369 --> 00:27:41,529

so JP JPL is in the Pasadena in the

648

00:27:46,409 --> 00:27:44,379

upper Pasadena area and I'm just east of

649

00:27:48,899 --> 00:27:46,419

that along along the San Gabriel

650

00:27:50,279 --> 00:27:48,909

Mountains and nestled along them under

651
00:27:52,589 --> 00:27:50,289
the mat of the mountains literally in

652
00:27:53,609 --> 00:27:52,599
the foothills yeah yeah yeah it's

653
00:27:55,379 --> 00:27:53,619
beautiful around there

654
00:27:58,049 --> 00:27:55,389
I've spend a bit of time out there a

655
00:28:01,349 --> 00:27:58,059
very yeah yeah and it has it have you

656
00:28:04,229 --> 00:28:01,359
been there all your life yeah most of my

657
00:28:05,819 --> 00:28:04,239
life I grew up here I am a New York

658
00:28:07,769 --> 00:28:05,829
transplant and everything but then my

659
00:28:09,899 --> 00:28:07,779
parents did the I Love Lucy thing of

660
00:28:12,659 --> 00:28:09,909
driving across country when when I was

661
00:28:14,699 --> 00:28:12,669
like 3 or 4 years old and that was it

662
00:28:17,129 --> 00:28:14,709
Wow I think we're going back on now and

663
00:28:19,849 --> 00:28:17,139

I've been here ever since in one minute

664

00:28:22,349 --> 00:28:19,859

okay oh one minute okay very good I just

665

00:28:26,549 --> 00:28:22,359

I went ahead and added another one

666

00:28:26,789 --> 00:28:26,559

because of my flub okay no problem all

667

00:28:30,029 --> 00:28:26,799

right

668

00:28:32,039 --> 00:28:30,039

so yep I think Cal both but basically

669

00:28:34,889 --> 00:28:32,049

California is the most populated state

670

00:28:37,819 --> 00:28:34,899

in the United States and there's a

671

00:28:40,979 --> 00:28:37,829

couple of reasons why it's number one in

672

00:28:43,499 --> 00:28:40,989

the category of UFO sightings in general

673

00:28:45,929 --> 00:28:43,509

and one of them is the fine weather

674

00:28:48,150 --> 00:28:45,939

that's you know there's a lot of really

675

00:28:50,880 --> 00:28:48,160

nice weather out there and secondly

676
00:28:52,799 --> 00:28:50,890
you know is the population so you have

677
00:28:55,710 --> 00:28:52,809
those two things combined but you have

678
00:28:58,049 --> 00:28:55,720
some really interesting areas Catalina

679
00:29:00,360 --> 00:28:58,059
Island out that way there's a lot of

680
00:29:01,950 --> 00:29:00,370
sightings in you go all the way Shasta

681
00:29:06,090 --> 00:29:01,960
Mountain in Northern California those

682
00:29:07,890 --> 00:29:06,100
sightings up that way yeah this there's

683
00:29:10,650 --> 00:29:07,900
a lot going on in the state in general

684
00:29:13,140 --> 00:29:10,660
and I think we're just about ready to go

685
00:29:20,480 --> 00:29:13,150
back right race yep got about eight

686
00:29:26,340 --> 00:29:20,490
seconds all right we're ready here okay

687
00:29:29,460 --> 00:29:26,350
here we are okay we've got the bumper

688
00:29:35,419 --> 00:29:29,470

rolling now and we're ready to go okay

689

00:29:38,640 --> 00:29:35,429

here we go in five four three two all

690

00:29:41,340 --> 00:29:38,650

right welcome back my guest tonight is

691

00:29:44,190 --> 00:29:41,350

Mary Ann Rudnick and we were talking

692

00:29:46,470 --> 00:29:44,200

just before the break about a relative

693

00:29:49,680 --> 00:29:46,480

of his that just went basically went off

694

00:29:51,630 --> 00:29:49,690

the rails when when he was talking about

695

00:29:54,330 --> 00:29:51,640

his UFO sighting

696

00:29:56,220 --> 00:29:54,340

why do you did you talk to your other

697

00:29:59,610 --> 00:29:56,230

relatives and try to figure out why he

698

00:30:04,289 --> 00:29:59,620

went so went so crazy about that

699

00:30:06,299 --> 00:30:04,299

situation um he there's simply every

700

00:30:08,490 --> 00:30:06,309

everybody doesn't want to touch the

701
00:30:10,169 --> 00:30:08,500
issue as far as now as far as dealing

702
00:30:14,100 --> 00:30:10,179
with him because they don't want him to

703
00:30:17,430 --> 00:30:14,110
be disturbed anymore and so the relative

704
00:30:20,580 --> 00:30:17,440
that's of mine that's married to him she

705
00:30:22,529 --> 00:30:20,590
asked that we all sort of respect that

706
00:30:24,570 --> 00:30:22,539
you know kind of like uh I don't know

707
00:30:26,430 --> 00:30:24,580
put up sort of a wall around him and not

708
00:30:26,789 --> 00:30:26,440
that breached that subject around him at

709
00:30:31,039 --> 00:30:26,799
all

710
00:30:33,990 --> 00:30:31,049
divorce on her hands that's that's how

711
00:30:36,450 --> 00:30:34,000
violently he reacted wow that's pretty

712
00:30:37,799 --> 00:30:36,460
amazing no I mean I mean violently in a

713
00:30:38,549 --> 00:30:37,809

sense because he was literally shaking

714

00:30:41,549 --> 00:30:38,559

and he has it

715

00:30:42,840 --> 00:30:41,559

it's disc wench isn't that something

716

00:30:46,470 --> 00:30:42,850

I've no I don't think I've ever heard of

717

00:30:50,310 --> 00:30:46,480

a reaction like that I've heard people

718

00:30:53,130 --> 00:30:50,320

laugh I've I've seen where people will

719

00:30:54,990 --> 00:30:53,140

just you know brush it off and think

720

00:30:56,159 --> 00:30:55,000

it's silly and you know think it's a big

721

00:30:59,870 --> 00:30:56,169

joke and stuff like that but I've never

722

00:31:03,140 --> 00:30:59,880

seen anyone get upset about it and

723

00:31:05,060 --> 00:31:03,150

makes me wonder is and this may have

724

00:31:10,970 --> 00:31:05,070

nothing to do with anything but is he a

725

00:31:15,080 --> 00:31:10,980

very really religious person he isn't he

726

00:31:18,890 --> 00:31:15,090

is a Mormon mm-hmm so um and I know that

727

00:31:20,720 --> 00:31:18,900

um that I guess you could almost say

728

00:31:22,880 --> 00:31:20,730

that Mormonism is sort of almost a

729

00:31:25,400 --> 00:31:22,890

space-based religion right now because

730

00:31:27,529 --> 00:31:25,410

of a you know the whole Daryl history of

731

00:31:29,299 --> 00:31:27,539

John Smith and and everything that

732

00:31:31,010 --> 00:31:29,309

happened but I don't know what his

733

00:31:33,440 --> 00:31:31,020

thoughts are about his religion and I

734

00:31:36,740 --> 00:31:33,450

don't know how much the religion plays a

735

00:31:38,930 --> 00:31:36,750

part of his reaction so I'm just gonna

736

00:31:41,870 --> 00:31:38,940

leave it sort of stand as is I don't

737

00:31:43,340 --> 00:31:41,880

know and I I have no way of now at this

738

00:31:45,430 --> 00:31:43,350

point everything of finding out since

739

00:31:49,789 --> 00:31:45,440

has become sort of a non subject and I

740

00:31:51,440 --> 00:31:49,799

am sure she that his wife has talked to

741

00:31:53,360 --> 00:31:51,450

him at some point but I don't know even

742

00:31:55,880 --> 00:31:53,370

how much that because he just was she

743

00:31:57,560 --> 00:31:55,890

just shut down this is like the last

744

00:31:59,630 --> 00:31:57,570

time I saw him it was this nothing

745

00:32:01,820 --> 00:31:59,640

happened and this is simply not to be

746

00:32:02,480 --> 00:32:01,830

spoken about right that's already weird

747

00:32:04,970 --> 00:32:02,490

Wow

748

00:32:08,450 --> 00:32:04,980

yeah all right so let's uh let's talk

749

00:32:12,260 --> 00:32:08,460

about your your where you were working

750

00:32:14,230 --> 00:32:12,270

and what you involved in I know that you

751
00:32:17,240 --> 00:32:14,240
had a car you wanted to get a picture of

752
00:32:21,289 --> 00:32:17,250
and somewhere in downtown LA or

753
00:32:23,090 --> 00:32:21,299
somewhere right after New Year's New

754
00:32:25,430 --> 00:32:23,100
Year's Eve I think yeah actually yeah

755
00:32:26,899 --> 00:32:25,440
not downtown Oh it's actually everything

756
00:32:28,940 --> 00:32:26,909
is sort of centered in downtown

757
00:32:31,190 --> 00:32:28,950
beautiful Monrovia okay

758
00:32:32,960 --> 00:32:31,200
Monrovia California which is close by

759
00:32:35,690 --> 00:32:32,970
here in a Pasadena area like we were

760
00:32:38,090 --> 00:32:35,700
talking about during the break not far

761
00:32:40,100 --> 00:32:38,100
from JPL so this is all sort of like a

762
00:32:41,990 --> 00:32:40,110
space hub all of this is where all the

763
00:32:43,930 --> 00:32:42,000

aerospace industry was was focused

764

00:32:46,490 --> 00:32:43,940

during the heyday during Apollo and and

765

00:32:47,899 --> 00:32:46,500

even during the the Viking and Voyager

766

00:32:50,029 --> 00:32:47,909

missions and all that this is where all

767

00:32:52,789 --> 00:32:50,039

the action was and all the companies

768

00:32:58,100 --> 00:32:52,799

were here but then Monrovia had its own

769

00:33:00,500 --> 00:32:58,110

contributions but the medina is a sort

770

00:33:01,970 --> 00:33:00,510

of like a retro 50 style version of a

771

00:33:03,350 --> 00:33:01,980

McDonald's they were a bunch of them

772

00:33:05,090 --> 00:33:03,360

across the country and this was sort of

773

00:33:07,549 --> 00:33:05,100

the last one standing and they they play

774

00:33:09,730 --> 00:33:07,559

like retro 50s 60s music and and all

775

00:33:12,830 --> 00:33:09,740

that kind of stuff so it's in Monrovia

776

00:33:13,700 --> 00:33:12,840

which so it's in within eyesight of the

777

00:33:15,730 --> 00:33:13,710

foothills that are

778

00:33:19,010 --> 00:33:15,740

year where a lot of stuff is happening

779

00:33:20,360 --> 00:33:19,020

and you're asking about what what

780

00:33:23,269 --> 00:33:20,370

happened it was actually it was New

781

00:33:24,919 --> 00:33:23,279

Year's new year it was New Year's sort

782

00:33:28,419 --> 00:33:24,929

of different here in California in the

783

00:33:32,149 --> 00:33:28,429

sense that when New Year's happens on

784

00:33:34,190 --> 00:33:32,159

New Year's Day it's on a Sunday we

785

00:33:36,169 --> 00:33:34,200

normally we have on New Year's Day we

786

00:33:37,340 --> 00:33:36,179

have the Rose Bowl the Rose Parade in

787

00:33:40,010 --> 00:33:37,350

the morning in the Rose Bowl in the

788

00:33:44,090 --> 00:33:40,020

afternoon the games but it was sort of a

789

00:33:45,470 --> 00:33:44,100

unique why lineup of events on the day

790

00:33:47,720 --> 00:33:45,480

of my sighting because what happened was

791

00:33:49,639 --> 00:33:47,730

none of that happened on that day on

792

00:33:52,490 --> 00:33:49,649

January 1st and said it was all bumped

793

00:33:54,380 --> 00:33:52,500

to Monday January 2nd it's um

794

00:33:57,110 --> 00:33:54,390

I don't know some sort of unwritten rule

795

00:33:58,940 --> 00:33:57,120

that they have here that the Rose or the

796

00:34:02,330 --> 00:33:58,950

Tournament of Roses Association and in

797

00:34:05,120 --> 00:34:02,340

Los Angeles area in general that if if

798

00:34:07,070 --> 00:34:05,130

New Year's happens if the first is on a

799

00:34:09,050 --> 00:34:07,080

Sunday then everybody everything gets

800

00:34:11,540 --> 00:34:09,060

bunched you know bumped over to the

801
00:34:14,359 --> 00:34:11,550
second on a Monday so the first was very

802
00:34:17,109 --> 00:34:14,369
dead it was cold cloudy it even raining

803
00:34:19,700 --> 00:34:17,119
during New Year's Eve on the 31st and

804
00:34:23,359 --> 00:34:19,710
when the first rolled around it was just

805
00:34:25,690 --> 00:34:23,369
dead nothing was going on and so my mom

806
00:34:28,250 --> 00:34:25,700
and I decided is just sort of you know

807
00:34:30,530 --> 00:34:28,260
exit the cabin fever oh let's just go to

808
00:34:32,210 --> 00:34:30,540
the Medina and everything and we're down

809
00:34:35,300 --> 00:34:32,220
there and as far as you mentioned the

810
00:34:38,480 --> 00:34:35,310
car yeah I like I have them vintage cars

811
00:34:40,520 --> 00:34:38,490
from the 60s and I like taking pictures

812
00:34:42,079 --> 00:34:40,530
of them in front of like cool locations

813
00:34:44,629 --> 00:34:42,089

that are sort of retro to sort of

814

00:34:47,629 --> 00:34:44,639

reflect them so I brought my convertible

815

00:34:49,550 --> 00:34:47,639

my 67 Catalina convertible with me and

816

00:34:52,250 --> 00:34:49,560

you know I have a camera that I got as a

817

00:34:54,409 --> 00:34:52,260

gift that I just learned how to use a

818

00:34:57,170 --> 00:34:54,419

nice digital camera I'll take it with

819

00:34:59,630 --> 00:34:57,180

big ticket for a test spin the camera in

820

00:35:02,630 --> 00:34:59,640

the car and you know grab my mom we went

821

00:35:05,620 --> 00:35:02,640

down there and had a late lunch and took

822

00:35:07,120 --> 00:35:05,630

some pictures of the car in front of the

823

00:35:09,700 --> 00:35:07,130

diner

824

00:35:14,349 --> 00:35:09,710

I even included those in my book ticket

825

00:35:17,970 --> 00:35:14,359

book he complete and sat down to eat and

826

00:35:23,589 --> 00:35:17,980

then everything changed

827

00:35:27,430 --> 00:35:23,599

so yeah walk us through it so basically

828

00:35:31,539 --> 00:35:27,440

as we were as we were eating I noticed

829

00:35:34,049 --> 00:35:31,549

it was it was overcast and cold and I

830

00:35:38,289 --> 00:35:34,059

saw full object drop out of the sky and

831

00:35:39,910 --> 00:35:38,299

if you look at the the diner you it's

832

00:35:42,039 --> 00:35:39,920

like from the inside it's like an

833

00:35:43,839 --> 00:35:42,049

aquarium and it's just it's just windows

834

00:35:45,099 --> 00:35:43,849

all the way around you know I'm even

835

00:35:46,720 --> 00:35:45,109

from the outside you can see there's

836

00:35:47,440 --> 00:35:46,730

just windows you have a really good

837

00:35:51,490 --> 00:35:47,450

panorama

838

00:35:53,230 --> 00:35:51,500

of it so of everything around you so

839

00:35:55,599 --> 00:35:53,240

when I saw these things drop at first I

840

00:35:58,630 --> 00:35:55,609

thought you know it's probably just some

841

00:36:00,700 --> 00:35:58,640

you know aircraft for the parade or for

842

00:36:01,960 --> 00:36:00,710

the Rose Rose Bowl that's gonna be

843

00:36:03,880 --> 00:36:01,970

happening or whatever them I wait a

844

00:36:05,980 --> 00:36:03,890

minute everything's dead nothing's going

845

00:36:07,120 --> 00:36:05,990

on right now and as a matter of fact

846

00:36:08,230 --> 00:36:07,130

when you look at the pictures that I

847

00:36:10,029 --> 00:36:08,240

have in the book the pictures I took

848

00:36:12,190 --> 00:36:10,039

again see my cars look the only car

849

00:36:13,660 --> 00:36:12,200

there the restaurant was just empty we

850

00:36:15,999 --> 00:36:13,670

were the only ones there eating and

851
00:36:17,769 --> 00:36:16,009
there's just us and the workers so I

852
00:36:19,269 --> 00:36:17,779
told my mom ago I don't get it I know

853
00:36:21,700 --> 00:36:19,279
what that is I go I'm gonna go outside

854
00:36:24,400 --> 00:36:21,710
and take a look and see what what what

855
00:36:27,900 --> 00:36:24,410
that is so I went outside in the

856
00:36:32,230 --> 00:36:27,910
northwest corner of the building and

857
00:36:34,450 --> 00:36:32,240
looked up and I just saw four disks in a

858
00:36:36,190 --> 00:36:34,460
diamond formation and then I saw a

859
00:36:38,470 --> 00:36:36,200
diamond formation break apart because

860
00:36:40,749 --> 00:36:38,480
one of the disks are dropping lower and

861
00:36:42,370 --> 00:36:40,759
at first I was just sort of you know you

862
00:36:44,380 --> 00:36:42,380
have that whole thing of like where you

863
00:36:47,039 --> 00:36:44,390

don't believe what you're seeing you're

864

00:36:50,829 --> 00:36:47,049

seeing so you're sort of mesmerised and

865

00:36:54,640 --> 00:36:50,839

so as I watched them you know move

866

00:36:57,009 --> 00:36:54,650

across and that one disc was struggling

867

00:36:59,470 --> 00:36:57,019

then all of a sudden I realized a camera

868

00:37:01,089 --> 00:36:59,480

with me what am i doing you know so I'm

869

00:37:03,160 --> 00:37:01,099

like okay it's gonna go into science

870

00:37:04,539 --> 00:37:03,170

mode I don't know what I'm looking at I

871

00:37:04,990 --> 00:37:04,549

can't believe that I'm seeing what I'm

872

00:37:06,609 --> 00:37:05,000

seeing

873

00:37:09,039 --> 00:37:06,619

you know and then you sort of go through

874

00:37:10,960 --> 00:37:09,049

this whole disbelief phase almost

875

00:37:13,359 --> 00:37:10,970

instantaneously been like okay I've got

876
00:37:15,009 --> 00:37:13,369
a camera I'm going to shoot pictures and

877
00:37:17,859 --> 00:37:15,019
so I took a picture that I'm like and

878
00:37:20,560 --> 00:37:17,869
they were getting closer and I thought I

879
00:37:23,170 --> 00:37:20,570
got video I'm gonna try and shoot

880
00:37:25,300 --> 00:37:23,180
so I put the camera to video mode and

881
00:37:27,580 --> 00:37:25,310
started shooting video but the minute I

882
00:37:29,410 --> 00:37:27,590
put into video mode at this point the

883
00:37:31,570 --> 00:37:29,420
objects were at their closest and that

884
00:37:33,940 --> 00:37:31,580
may it be what was happening I don't

885
00:37:36,880 --> 00:37:33,950
know what was influencing the camera but

886
00:37:39,670 --> 00:37:36,890
the camera has focus lock squares and

887
00:37:40,870 --> 00:37:39,680
like fo5 focus lost squares appeared and

888
00:37:42,280 --> 00:37:40,880

he just started dancing across the

889

00:37:44,290 --> 00:37:42,290

screen so I couldn't even see what I was

890

00:37:46,990 --> 00:37:44,300

filming like what is going on with his

891

00:37:48,840 --> 00:37:47,000

camera so for just over 30 seconds I let

892

00:37:50,980 --> 00:37:48,850

the video roll and I tried to zoom in

893

00:37:52,480 --> 00:37:50,990

but I couldn't tell what I was getting

894

00:37:54,550 --> 00:37:52,490

anything or not so I'm like okay this is

895

00:37:55,660 --> 00:37:54,560

you know they're gonna be gone and I

896

00:37:58,150 --> 00:37:55,670

don't even know if I'm if this is

897

00:38:00,220 --> 00:37:58,160

actually even getting anything really so

898

00:38:02,500 --> 00:38:00,230

foot back into camera mode and then I

899

00:38:04,480 --> 00:38:02,510

shot three more pictures and then I

900

00:38:06,130 --> 00:38:04,490

thought gotta get somebody out here to

901

00:38:08,650 --> 00:38:06,140

take a look so I turned around for a

902

00:38:10,090 --> 00:38:08,660

second to see you know check on my mom

903

00:38:12,670 --> 00:38:10,100

and see if there's any like an employee

904

00:38:14,410 --> 00:38:12,680

that maybe was wandering through because

905

00:38:15,700 --> 00:38:14,420

the door is glass that maybe I could

906

00:38:17,830 --> 00:38:15,710

pull somebody out to take a quick look

907

00:38:19,890 --> 00:38:17,840

so I looked and I didn't see anybody so

908

00:38:24,700 --> 00:38:19,900

quick quickly look back they're gone

909

00:38:27,370 --> 00:38:24,710

they're just gone and you know I I mean

910

00:38:28,990 --> 00:38:27,380

they must have moved really fast but the

911

00:38:31,960 --> 00:38:29,000

thing about it is that as they had been

912

00:38:33,520 --> 00:38:31,970

moving they had dropped out of the sky

913

00:38:37,570 --> 00:38:33,530

in a diamond formation that formation

914

00:38:38,800 --> 00:38:37,580

had broken apart it's almost like they I

915

00:38:41,140 --> 00:38:38,810

don't know it's kind of like you think

916

00:38:42,700 --> 00:38:41,150

of them you see a herd of animals and

917

00:38:44,380 --> 00:38:42,710

there's a wounded one and the other ones

918

00:38:46,420 --> 00:38:44,390

are sort of crawling around it you can

919

00:38:48,790 --> 00:38:46,430

tell which one is hurt that's kind of

920

00:38:50,890 --> 00:38:48,800

the impression that you got with this

921

00:38:53,140 --> 00:38:50,900

and then they sort of regained their

922

00:38:55,390 --> 00:38:53,150

diamond formation and that's the point

923

00:38:57,850 --> 00:38:55,400

where I turn around and when I can when

924

00:39:00,910 --> 00:38:57,860

I turn back around they were gone and I

925

00:39:03,430 --> 00:39:00,920

don't know whether they you know they

926
00:39:04,870 --> 00:39:03,440
were headed towards the mountains and I

927
00:39:06,250 --> 00:39:04,880
don't know whether they made it to the

928
00:39:08,110 --> 00:39:06,260
mountains whether the one the craft that

929
00:39:11,590 --> 00:39:08,120
was damaged there you can see I could

930
00:39:13,360 --> 00:39:11,600
see splotches on the bottom and and in

931
00:39:15,190 --> 00:39:13,370
the pictures you can see that the they

932
00:39:17,080 --> 00:39:15,200
had triangular panels underneath and

933
00:39:20,680 --> 00:39:17,090
that there's some sort of discoloration

934
00:39:23,140 --> 00:39:20,690
in one area of the disc and the only

935
00:39:24,670 --> 00:39:23,150
thing I could think of was that since

936
00:39:26,260 --> 00:39:24,680
they came out of you know a heavy

937
00:39:30,940 --> 00:39:26,270
overcast maybe it had been hit by

938
00:39:33,220 --> 00:39:30,950

lightning you know I don't know wow

939

00:39:39,250 --> 00:39:33,230

so how long would you say this the

940

00:39:39,930 --> 00:39:39,260

sighting lasts in total probably two

941

00:39:43,589 --> 00:39:39,940

minutes or less

942

00:39:47,079 --> 00:39:43,599

I've got like 34 seconds of video maybe

943

00:39:49,510 --> 00:39:47,089

than the picture that I shot before the

944

00:39:52,030 --> 00:39:49,520

video and then I stood there staring for

945

00:39:54,339 --> 00:39:52,040

I don't know what seemed like an

946

00:39:57,640 --> 00:39:54,349

eternity but probably was maybe only 15

947

00:39:59,859 --> 00:39:57,650

20 seconds and then the remaining three

948

00:40:01,359 --> 00:39:59,869

pictures which are spaced about I don't

949

00:40:03,370 --> 00:40:01,369

know about maybe 10 seconds apart the

950

00:40:06,010 --> 00:40:03,380

camera camera was really slow I was

951
00:40:09,299 --> 00:40:06,020
unfamiliar with it like I said it was

952
00:40:12,010 --> 00:40:09,309
been a gift so I really didn't you know

953
00:40:14,049 --> 00:40:12,020
trust fiddling with it trying to do the

954
00:40:16,630 --> 00:40:14,059
best I could and I lucked out because

955
00:40:19,000 --> 00:40:16,640
the one picture that identified as

956
00:40:22,359 --> 00:40:19,010
picture 1680 just by the frame count of

957
00:40:24,280 --> 00:40:22,369
the camera that picture wound up

958
00:40:25,990 --> 00:40:24,290
actually the focus was on and it

959
00:40:28,030 --> 00:40:26,000
actually had obviously locked onto the

960
00:40:30,190 --> 00:40:28,040
damaged craft the best and that was the

961
00:40:31,569 --> 00:40:30,200
one that that came out really really

962
00:40:33,730 --> 00:40:31,579
really good and as a matter of fact

963
00:40:35,380 --> 00:40:33,740

that's the funny thing about it is that

964

00:40:38,140 --> 00:40:35,390

you know when I went back inside because

965

00:40:39,520 --> 00:40:38,150

the craft were gone and you know my mom

966

00:40:40,960 --> 00:40:39,530

and I looked at the camera we looked at

967

00:40:44,319 --> 00:40:40,970

the footage as well you know I don't

968

00:40:46,089 --> 00:40:44,329

know you know so it had this kind of

969

00:40:47,829 --> 00:40:46,099

reaction of I don't know what I saw you

970

00:40:51,160 --> 00:40:47,839

know I mean I didn't want to believe

971

00:40:53,530 --> 00:40:51,170

that I saw what I saw so believe it or

972

00:40:55,960 --> 00:40:53,540

not we sort of sat we talked we finished

973

00:40:57,849 --> 00:40:55,970

eating our dessert and then we drove

974

00:40:59,950 --> 00:40:57,859

home and then I whipped out my laptop

975

00:41:02,710 --> 00:40:59,960

downloaded the images and I thought okay

976
00:41:03,849 --> 00:41:02,720
let's let's see what I saw and I clicked

977
00:41:06,819 --> 00:41:03,859
through the pictures and when I got to

978
00:41:08,770 --> 00:41:06,829
that image then I zoomed in and then as

979
00:41:11,859 --> 00:41:08,780
I zoomed in the detail just just

980
00:41:15,039 --> 00:41:11,869
explored it out like oh so I mean it's

981
00:41:17,140 --> 00:41:15,049
like I did see what I saw you know how

982
00:41:18,280 --> 00:41:17,150
SEC oh my god this is incredible you

983
00:41:20,020 --> 00:41:18,290
know what am I gonna do you know

984
00:41:22,180 --> 00:41:20,030
astronomers not supposed to see this

985
00:41:24,700 --> 00:41:22,190
kind of stuff you know what that what

986
00:41:26,410 --> 00:41:24,710
the heck have I done you know so there's

987
00:41:28,960 --> 00:41:26,420
kind of a strange reaction you know but

988
00:41:31,089 --> 00:41:28,970

that that's what went through my mind so

989

00:41:34,750 --> 00:41:31,099

can you describe what you what was in

990

00:41:36,549 --> 00:41:34,760

those images or actually first were you

991

00:41:41,289 --> 00:41:36,559

it to the naked eye could you actually

992

00:41:42,789 --> 00:41:41,299

see something shaped like crafty yes yes

993

00:41:43,839 --> 00:41:42,799

you could definitely make make them out

994

00:41:44,530 --> 00:41:43,849

you could definitely make out that

995

00:41:46,150 --> 00:41:44,540

aircraft

996

00:41:47,530 --> 00:41:46,160

definitely make out their disks this is

997

00:41:50,290 --> 00:41:47,540

what caught my eye I mean if I had gone

998

00:41:53,140 --> 00:41:50,300

outside and and I could see that they

999

00:41:54,190 --> 00:41:53,150

were drones or balloons or something

1000

00:41:55,600 --> 00:41:54,200

like that it's like oh okay those are

1001
00:41:57,610 --> 00:41:55,610
drones or balloons I missed who cares

1002
00:41:58,990 --> 00:41:57,620
then go back inside and whatever you

1003
00:42:00,880 --> 00:41:59,000
know not gonna waste my time you know

1004
00:42:02,020 --> 00:42:00,890
taking pictures of anything else you

1005
00:42:03,580 --> 00:42:02,030
could tell that they were discs you

1006
00:42:05,920 --> 00:42:03,590
could tell the way they were moving

1007
00:42:07,690 --> 00:42:05,930
there's the gusty winds the winds were

1008
00:42:11,380 --> 00:42:07,700
blowing perpendicular Travel of the

1009
00:42:15,040 --> 00:42:11,390
craft so I knew that they're completely

1010
00:42:16,510 --> 00:42:15,050
unaffected by the wind at all and you

1011
00:42:19,180 --> 00:42:16,520
could hear that a matter of fact in the

1012
00:42:20,800 --> 00:42:19,190
video the video didn't turn out very

1013
00:42:22,540 --> 00:42:20,810

well they turned out to be just like

1014

00:42:24,610 --> 00:42:22,550

gray splotches

1015

00:42:27,070 --> 00:42:24,620

unfortunately that they move across and

1016

00:42:30,580 --> 00:42:27,080

they and they pulsate which is I think

1017

00:42:32,650 --> 00:42:30,590

an effect of the dancing focus frames

1018

00:42:34,930 --> 00:42:32,660

that was there were you know that the

1019

00:42:36,760 --> 00:42:34,940

camera had and it may have been the

1020

00:42:38,410 --> 00:42:36,770

craft that there were somehow affecting

1021

00:42:43,420 --> 00:42:38,420

the camera because I've tested the

1022

00:42:45,700 --> 00:42:43,430

camera since and and never I could never

1023

00:42:46,990 --> 00:42:45,710

get it to replicate that effect I you

1024

00:42:49,330 --> 00:42:47,000

know shot against you know cloudy

1025

00:42:51,220 --> 00:42:49,340

backgrounds of aircraft of birds of

1026

00:42:53,590 --> 00:42:51,230

anything together and I could not get it

1027

00:42:56,140 --> 00:42:53,600

to do and replicate you know what it did

1028

00:42:56,830 --> 00:42:56,150

that day at all but yeah they were

1029

00:43:00,610 --> 00:42:56,840

silent

1030

00:43:02,740 --> 00:43:00,620

they moved for lack of a better way of

1031

00:43:04,690 --> 00:43:02,750

putting it intelligently you could tell

1032

00:43:07,390 --> 00:43:04,700

that they were that they were moving in

1033

00:43:08,920 --> 00:43:07,400

a way like not randomly because you know

1034

00:43:11,470 --> 00:43:08,930

when balloons travel they sort of bounce

1035

00:43:13,180 --> 00:43:11,480

around they they get tossed by the wind

1036

00:43:15,640 --> 00:43:13,190

you know if they're tethered to each

1037

00:43:17,170 --> 00:43:15,650

other they'll they'll pull and snap you

1038

00:43:19,540 --> 00:43:17,180

know and they all that and there's none

1039

00:43:22,420 --> 00:43:19,550

of that and in the video as poor as the

1040

00:43:25,060 --> 00:43:22,430

video is shows that they're clearly

1041

00:43:26,890 --> 00:43:25,070

moving in a purposeful you know linear

1042

00:43:29,050 --> 00:43:26,900

direction and everything and that

1043

00:43:31,330 --> 00:43:29,060

they're behaving intelligently and I

1044

00:43:32,740 --> 00:43:31,340

think that's what space command got out

1045

00:43:35,320 --> 00:43:32,750

of it because when Space Command got

1046

00:43:37,810 --> 00:43:35,330

involved they made a really big stink

1047

00:43:40,210 --> 00:43:37,820

about wanting the video and but I think

1048

00:43:43,060 --> 00:43:40,220

it's a question of context because the

1049

00:43:45,670 --> 00:43:43,070

video by itself wouldn't hold up and the

1050

00:43:50,110 --> 00:43:45,680

pictures by themselves with semi hold up

1051
00:43:51,670 --> 00:43:50,120
but I think together it's a game changer

1052
00:43:55,060 --> 00:43:51,680
and that's actually what the Space

1053
00:43:57,850 --> 00:43:55,070
Command person was was very adamant

1054
00:43:58,400 --> 00:43:57,860
about astronomers don't see these kind

1055
00:44:00,650 --> 00:43:58,410
of things

1056
00:44:02,300 --> 00:44:00,660
as this person said and they certainly

1057
00:44:04,930 --> 00:44:02,310
don't report them and you're not going

1058
00:44:07,670 --> 00:44:04,940
to report them this person told me and

1059
00:44:10,220 --> 00:44:07,680
they're rarely is footage of the same

1060
00:44:12,410 --> 00:44:10,230
sighting of both pictures and video and

1061
00:44:15,860 --> 00:44:12,420
we want everything you've got and mind

1062
00:44:17,930 --> 00:44:15,870
you I was on FaceTime so I turned the

1063
00:44:19,970 --> 00:44:17,940

phone around and walked them through my

1064

00:44:22,580 --> 00:44:19,980

sighting on my laptop so they saw

1065

00:44:24,880 --> 00:44:22,590

everything right away so they knew what

1066

00:44:28,070 --> 00:44:24,890

they wanted so can you can you just

1067

00:44:31,550 --> 00:44:28,080

pause here for a second and tell me who

1068

00:44:35,050 --> 00:44:31,560

exactly were you speaking to and how did

1069

00:44:39,500 --> 00:44:35,060

how did the connection all come about

1070

00:44:41,630 --> 00:44:39,510

yeah it was um you know in hindsight I

1071

00:44:43,280 --> 00:44:41,640

know the UFO community oh no no don't

1072

00:44:46,220 --> 00:44:43,290

see unfortunate it's fortunate because

1073

00:44:48,320 --> 00:44:46,230

you know this all sort of exploded out

1074

00:44:50,030 --> 00:44:48,330

now we all know about it but there's a

1075

00:44:52,670 --> 00:44:50,040

part of me that says this is sort of an

1076
00:44:56,210 --> 00:44:52,680
unfortunate series of events because I

1077
00:44:59,600 --> 00:44:56,220
sort of got that dragged into all this

1078
00:45:01,760 --> 00:44:59,610
whole world this is not the path I chose

1079
00:45:04,130 --> 00:45:01,770
this is why I called the book intersect

1080
00:45:06,320 --> 00:45:04,140
that you know this is sort of it's not a

1081
00:45:08,510 --> 00:45:06,330
crossroads where you have a choice of

1082
00:45:10,400 --> 00:45:08,520
you go left or you go right you know and

1083
00:45:11,870 --> 00:45:10,410
you have a fork in the road this is

1084
00:45:13,280 --> 00:45:11,880
where something intersects your life and

1085
00:45:15,230 --> 00:45:13,290
you just get thrown into something and

1086
00:45:16,520 --> 00:45:15,240
dragged in kicking and screaming whether

1087
00:45:18,020 --> 00:45:16,530
you want to or not and it's just a

1088
00:45:19,580 --> 00:45:18,030

matter of how you deal with it and how I

1089

00:45:21,740 --> 00:45:19,590

dealt with it for the first two years

1090

00:45:24,500 --> 00:45:21,750

was basically just just shut it shut

1091

00:45:26,150 --> 00:45:24,510

myself in and became withdrawn only now

1092

00:45:28,070 --> 00:45:26,160

that I've sort of and I'm an outgoing

1093

00:45:29,870 --> 00:45:28,080

person as you can tell it's only now

1094

00:45:31,340 --> 00:45:29,880

sort of been more vocal about everything

1095

00:45:33,580 --> 00:45:31,350

because they're just tired of being beat

1096

00:45:35,720 --> 00:45:33,590

up by everything that's been going on

1097

00:45:37,580 --> 00:45:35,730

with this whole thing with the military

1098

00:45:39,290 --> 00:45:37,590

and everything and how it happened these

1099

00:45:42,140 --> 00:45:39,300

events have sort of dragged me into it

1100

00:45:45,080 --> 00:45:42,150

very was very happened very innocently

1101

00:45:47,390 --> 00:45:45,090

and went to dinner with a friend and I

1102

00:45:49,940 --> 00:45:47,400

had a print of that one close-up shot of

1103

00:45:52,160 --> 00:45:49,950

the one disc and I just the friend was

1104

00:45:55,370 --> 00:45:52,170

also somebody at a background in geology

1105

00:45:58,070 --> 00:45:55,380

like me so they're a science person so I

1106

00:45:59,750 --> 00:45:58,080

just trusted their judgment implicitly

1107

00:46:02,900 --> 00:45:59,760

and I explained what happened to me and

1108

00:46:05,780 --> 00:46:02,910

then slid the the of the print across

1109

00:46:07,880 --> 00:46:05,790

the table and said check it out and this

1110

00:46:11,030 --> 00:46:07,890

person was like wow that's amazing

1111

00:46:11,870 --> 00:46:11,040

and that was look like that's pretty

1112

00:46:14,960 --> 00:46:11,880

much as far as they

1113

00:46:17,839 --> 00:46:14,970

went but instead this person reached out

1114

00:46:20,930 --> 00:46:17,849

to their family so I'm being non

1115

00:46:22,759 --> 00:46:20,940

gender-specific non anything specific

1116

00:46:24,680 --> 00:46:22,769

because I really need to protect a lot

1117

00:46:26,089 --> 00:46:24,690

of people's privacy here because some of

1118

00:46:30,470 --> 00:46:26,099

these people are involved in military

1119

00:46:33,620 --> 00:46:30,480

and involved in a lot of things so it's

1120

00:46:36,339 --> 00:46:33,630

really this so bear with me as I try to

1121

00:46:39,259 --> 00:46:36,349

sort of explain this so this person

1122

00:46:43,069 --> 00:46:39,269

contacted their sibling and there's this

1123

00:46:45,859 --> 00:46:43,079

sibling unbeknownst to me is married to

1124

00:46:48,710 --> 00:46:45,869

somebody in Space Command how's that for

1125

00:46:52,640 --> 00:46:48,720

a grapevine you know you know degrees of

1126

00:46:54,559 --> 00:46:52,650

separation and so this friend then

1127

00:46:56,210 --> 00:46:54,569

invited me oh you know I have some

1128

00:46:57,769 --> 00:46:56,220

problems with my computer you know and

1129

00:46:59,269 --> 00:46:57,779

you've done some tech stuff for me you

1130

00:46:59,809 --> 00:46:59,279

mind taking a look at my computer so you

1131

00:47:02,779 --> 00:46:59,819

could help me out

1132

00:47:06,799 --> 00:47:02,789

so I sure so it came over this was like

1133

00:47:08,539 --> 00:47:06,809

a maybe a week later or so and looked at

1134

00:47:09,859 --> 00:47:08,549

this person's computer and then the

1135

00:47:13,099 --> 00:47:09,869

person is like oh you know by the way

1136

00:47:15,680 --> 00:47:13,109

I'm my siblings I'm on the line here on

1137

00:47:18,470 --> 00:47:15,690

FaceTime I was talking with with them

1138

00:47:20,210 --> 00:47:18,480

why don't you talk with this person for

1139

00:47:21,620 --> 00:47:20,220

a minute while I go to the neighbor's

1140

00:47:23,120 --> 00:47:21,630

house and where are you going I don't

1141

00:47:25,910 --> 00:47:23,130

know this sibling wait what are you

1142

00:47:27,650 --> 00:47:25,920

doing and they put me on and the sibling

1143

00:47:29,990 --> 00:47:27,660

is like hey Mauryan nice to meet you I'm

1144

00:47:32,839 --> 00:47:30,000

like oh nice to meet you too blah blah

1145

00:47:34,460 --> 00:47:32,849

blah and then the sibling sort of cut

1146

00:47:34,970 --> 00:47:34,470

the conversation I want you to meet

1147

00:47:37,549 --> 00:47:34,980

somebody

1148

00:47:40,339 --> 00:47:37,559

I want you to meet my spouse and then

1149

00:47:43,130 --> 00:47:40,349

the spouse went into the frame and said

1150

00:47:44,870 --> 00:47:43,140

hi I'm so-and-so and I work for space

1151
00:47:47,779 --> 00:47:44,880
command and I'm ranking such-and-such

1152
00:47:51,190 --> 00:47:47,789
rank and I was like whoa okay

1153
00:47:55,249 --> 00:47:51,200
and so the person was uh let's just say

1154
00:47:57,650 --> 00:47:55,259
fairly high-ranking person and said you

1155
00:47:59,299 --> 00:47:57,660
heard we are I heard I heard that you uh

1156
00:47:59,930 --> 00:47:59,309
saw something why don't you tell me

1157
00:48:03,470 --> 00:47:59,940
about it

1158
00:48:05,089 --> 00:48:03,480
and like you did huh so I told the

1159
00:48:07,009 --> 00:48:05,099
person well you know explain what I saw

1160
00:48:09,440 --> 00:48:07,019
and they said so you have your laptop

1161
00:48:11,779 --> 00:48:09,450
with you I'm like yeah I do as a matter

1162
00:48:13,670 --> 00:48:11,789
of fact why don't you bring up your

1163
00:48:16,809 --> 00:48:13,680

footage and let me see it turn the phone

1164

00:48:19,460 --> 00:48:16,819

around so I turn the phone around and

1165

00:48:21,380 --> 00:48:19,470

then they said that one picture you said

1166

00:48:23,180 --> 00:48:21,390

it was really shows the details of the

1167

00:48:23,800 --> 00:48:23,190

of the disk could you bring that up and

1168

00:48:27,220 --> 00:48:23,810

zoom

1169

00:48:30,550 --> 00:48:27,230

and it in and this person's response for

1170

00:48:32,260 --> 00:48:30,560

yep and I quote yep these suckers are

1171

00:48:36,430 --> 00:48:32,270

real alright we need everything you've

1172

00:48:39,310 --> 00:48:36,440

got and quote that's exactly what he's

1173

00:48:41,440 --> 00:48:39,320

what this person said sounds right okay

1174

00:48:42,910 --> 00:48:41,450

I'm like what do you mean you want it we

1175

00:48:45,760 --> 00:48:42,920

want everything and you're not going to

1176

00:48:47,560 --> 00:48:45,770

talk about it and so then the sibling

1177

00:48:50,260 --> 00:48:47,570

got into thing like no go to the news go

1178

00:48:52,900 --> 00:48:50,270

to the press and then the space command

1179

00:48:55,030 --> 00:48:52,910

person push third the sibling out of the

1180

00:48:56,920 --> 00:48:55,040

way and said their spot which is their

1181

00:48:58,270 --> 00:48:56,930

spouse and said no you're not going to

1182

00:49:00,490 --> 00:48:58,280

do any such thing you're not going to

1183

00:49:01,810 --> 00:49:00,500

talk about this you're going to do

1184

00:49:03,400 --> 00:49:01,820

anything with it you're not going to

1185

00:49:05,440 --> 00:49:03,410

share it you're not going to whatever

1186

00:49:07,120 --> 00:49:05,450

your as far as you're concerned this

1187

00:49:09,280 --> 00:49:07,130

never happened but we need to cut we

1188

00:49:11,800 --> 00:49:09,290

need copies of everything you got and we

1189

00:49:13,600 --> 00:49:11,810

need them now you know and blah blah

1190

00:49:15,630 --> 00:49:13,610

blah so the conversation continued a

1191

00:49:19,000 --> 00:49:15,640

little bit and this person was very

1192

00:49:20,820 --> 00:49:19,010

adamant I'm like some also and I try to

1193

00:49:22,990 --> 00:49:20,830

save so he's so they're real I like

1194

00:49:25,840 --> 00:49:23,000

they're like it's not a question it's

1195

00:49:27,400 --> 00:49:25,850

not a question of whether or you know

1196

00:49:30,250 --> 00:49:27,410

you're gonna give us access you're just

1197

00:49:32,920 --> 00:49:30,260

going to give it to us period and so

1198

00:49:35,740 --> 00:49:32,930

what happened was I did hand over the

1199

00:49:37,360 --> 00:49:35,750

pictures I sent them the pictures but I

1200

00:49:40,900 --> 00:49:37,370

stalled on handing over the video

1201
00:49:43,750 --> 00:49:40,910
because I just felt like it's the last

1202
00:49:46,030 --> 00:49:43,760
leverage I had and I didn't understand

1203
00:49:47,950 --> 00:49:46,040
what was going on and why this was just

1204
00:49:49,360 --> 00:49:47,960
there's just spiraling out of control

1205
00:49:52,660 --> 00:49:49,370
and you have to understand this is not

1206
00:49:54,430 --> 00:49:52,670
my world and my brother is all into UFOs

1207
00:49:56,830 --> 00:49:54,440
and and all this stuff and everything I

1208
00:49:58,630 --> 00:49:56,840
was not you know and when I put down my

1209
00:50:00,550 --> 00:49:58,640
copy of Chariots of the Gods when I was

1210
00:50:02,440 --> 00:50:00,560
a kid that's sort of where my interest

1211
00:50:06,040 --> 00:50:02,450
in UFOs had ended you know way way back

1212
00:50:09,090 --> 00:50:06,050
when so this was just sort of a whole

1213
00:50:12,720 --> 00:50:09,100

spiraling out of control situation and

1214

00:50:14,950 --> 00:50:12,730

so I hung I clung to that footage and

1215

00:50:16,210 --> 00:50:14,960

and I didn't want to turn it over at

1216

00:50:18,400 --> 00:50:16,220

first so I just made up all sorts of

1217

00:50:20,950 --> 00:50:18,410

excuses just to not turn it over to them

1218

00:50:22,720 --> 00:50:20,960

but they were really adamant and they

1219

00:50:24,250 --> 00:50:22,730

pushed through through family

1220

00:50:26,260 --> 00:50:24,260

connections and friend connections the

1221

00:50:28,990 --> 00:50:26,270

people that I know that they absolutely

1222

00:50:32,290 --> 00:50:29,000

have to have that footage they have to

1223

00:50:35,140 --> 00:50:32,300

have the video so if you have a chance

1224

00:50:36,760 --> 00:50:35,150

to feed a video I know I was told that I

1225

00:50:37,220 --> 00:50:36,770

couldn't find it I actually looked for

1226

00:50:51,680 --> 00:50:37,230

it

1227

00:50:54,170 --> 00:50:51,690

intersect the movie goes through my

1228

00:50:56,210 --> 00:50:54,180

sighting and the video is there in the

1229

00:50:57,500 --> 00:50:56,220

video is there twice actually I show it

1230

00:50:59,300 --> 00:50:57,510

and then I discuss it and I show it

1231

00:51:00,560 --> 00:50:59,310

again and one of the things people

1232

00:51:02,270 --> 00:51:00,570

should realize when they watch it

1233

00:51:04,760 --> 00:51:02,280

there's a there's also two conversions

1234

00:51:07,280 --> 00:51:04,770

that happen when you when you are on

1235

00:51:09,530 --> 00:51:07,290

YouTube and so when you watch it you can

1236

00:51:11,480 --> 00:51:09,540

notice that the objects look different

1237

00:51:13,310 --> 00:51:11,490

the first time around you see them then

1238

00:51:15,710 --> 00:51:13,320

the second time around and that's simply

1239

00:51:18,140 --> 00:51:15,720

a product of the conversion that it goes

1240

00:51:19,760 --> 00:51:18,150

through on YouTube so and there's

1241

00:51:22,070 --> 00:51:19,770

nothing I can do the original file is

1242

00:51:25,580 --> 00:51:22,080

well over a hundred megabytes and it's

1243

00:51:27,859 --> 00:51:25,590

an an AVI file and I have yet to find a

1244

00:51:29,960 --> 00:51:27,869

home for it in its native format so that

1245

00:51:32,420 --> 00:51:29,970

could be seen the way it's meant to be

1246

00:51:35,870 --> 00:51:32,430

seen but that'd be that it is it may

1247

00:51:38,810 --> 00:51:35,880

that the UFOs are still only fuzzy dots

1248

00:51:40,760 --> 00:51:38,820

fuzzy grey dots but they were really

1249

00:51:43,760 --> 00:51:40,770

adamant about wanting it so when I

1250

00:51:45,560 --> 00:51:43,770

finally handed over the videos that's

1251

00:51:47,210 --> 00:51:45,570

when all hell broke loose and that's

1252

00:51:48,980 --> 00:51:47,220

where that's where my life just sort of

1253

00:51:51,140 --> 00:51:48,990

got turned upside down very very very

1254

00:51:56,359 --> 00:51:51,150

quickly because I turned over that I

1255

00:51:58,460 --> 00:51:56,369

mean I emailed a copy of the video I had

1256

00:52:00,290 --> 00:51:58,470

to use it's just such a big file it was

1257

00:52:02,210 --> 00:52:00,300

such a problem to get it to them and

1258

00:52:05,230 --> 00:52:02,220

everything but I did and when I when I

1259

00:52:09,680 --> 00:52:05,240

finally did that night the next morning

1260

00:52:12,710 --> 00:52:09,690

the next morning my friend called me in

1261

00:52:14,570 --> 00:52:12,720

a panic from work and I talked to my

1262

00:52:15,859 --> 00:52:14,580

sibling I took my sibling you know this

1263

00:52:17,420 --> 00:52:15,869

is really important you got to listen to

1264

00:52:19,520 --> 00:52:17,430

me carefully I'm like why well what's

1265

00:52:21,140 --> 00:52:19,530

going on there like you email you know

1266

00:52:22,849 --> 00:52:21,150

you sent the video over and everything

1267

00:52:25,310 --> 00:52:22,859

and now everything has changed like what

1268

00:52:27,470 --> 00:52:25,320

do you mean what's changed like f18 are

1269

00:52:29,660 --> 00:52:27,480

heading your way I'm like runner f-18s

1270

00:52:31,790 --> 00:52:29,670

101 H what are you talking about what I

1271

00:52:32,900 --> 00:52:31,800

won eight so like so and this person was

1272

00:52:34,700 --> 00:52:32,910

like I don't know my friends like I

1273

00:52:36,560 --> 00:52:34,710

don't know what they are but f-18s are

1274

00:52:37,670 --> 00:52:36,570

heading your way and you better and you

1275

00:52:40,820 --> 00:52:37,680

better you're ready for them

1276

00:52:44,000 --> 00:52:40,830

and evidently what happened was my

1277

00:52:47,510 --> 00:52:44,010

friend's sibling that overheard their

1278

00:52:49,849 --> 00:52:47,520

spouse on the phone you know doing Space

1279

00:52:50,690 --> 00:52:49,859

Command business and had leaked the

1280

00:52:54,200 --> 00:52:50,700

aircraft

1281

00:52:56,480 --> 00:52:54,210

on their way and actually there are two

1282

00:52:57,049 --> 00:52:56,490

squadrons of f-18s that they found their

1283

00:52:59,269 --> 00:52:57,059

way here

1284

00:53:03,019 --> 00:52:59,279

they literally I turn over the footage

1285

00:53:08,859 --> 00:53:03,029

on one night and the aircraft were here

1286

00:53:11,299 --> 00:53:08,869

the next BAM do you think Dom be alright

1287

00:53:14,690 --> 00:53:11,309

we have to go and we have to go into

1288

00:53:16,730 --> 00:53:14,700

break and just in just a minute here but

1289

00:53:20,089 --> 00:53:16,740

just just a couple of things first of

1290

00:53:23,509 --> 00:53:20,099

all astronomers do see UFOs that there's

1291

00:53:25,099 --> 00:53:23,519

a lot of sightings that have happened my

1292

00:53:31,940 --> 00:53:25,109

friend Alejandro Rojas wrote an article

1293

00:53:34,460 --> 00:53:31,950

on that and but why why such a fuss a

1294

00:53:39,079 --> 00:53:34,470

lot of people see UFOs why such a fuss

1295

00:53:43,549 --> 00:53:39,089

and why would why would they send F you

1296

00:53:45,650 --> 00:53:43,559

know f-18 Hornets departeth yeah super

1297

00:53:48,890 --> 00:53:45,660

nerds but I think we're gonna have to go

1298

00:53:50,329 --> 00:53:48,900

into the break so I'm gonna come back

1299

00:53:53,569 --> 00:53:50,339

and we're gonna be talking about that

1300

00:53:55,819 --> 00:53:53,579

and in particular all right so all right

1301
00:54:02,059 --> 00:53:55,829
hang in everyone we'll be right back

1302
00:54:04,009 --> 00:54:02,069
right after these messages all right

1303
00:54:06,740 --> 00:54:04,019
welcome back my guest this evening is

1304
00:54:10,579 --> 00:54:06,750
Mariana Rudnick and just before the

1305
00:54:14,839 --> 00:54:10,589
break we were talking about f-18s being

1306
00:54:16,670 --> 00:54:14,849
sent over so I guess you know the

1307
00:54:18,230 --> 00:54:16,680
question is why would they make such a

1308
00:54:23,240 --> 00:54:18,240
big deal about it and why would they

1309
00:54:24,920 --> 00:54:23,250
send how long after the event did they

1310
00:54:26,900 --> 00:54:24,930
send them over and why would they send

1311
00:54:29,359 --> 00:54:26,910
them over after I guess that's what I

1312
00:54:31,730 --> 00:54:29,369
have to ask it for question right so

1313
00:54:33,620 --> 00:54:31,740

before we adjust that I'd like to sort

1314

00:54:35,150 --> 00:54:33,630

of just flip back real quickly to a

1315

00:54:37,759 --> 00:54:35,160

comment you made and I think it's

1316

00:54:39,410 --> 00:54:37,769

important because you'd said well you

1317

00:54:42,440 --> 00:54:39,420

had quoted me as saying well astronomers

1318

00:54:44,539 --> 00:54:42,450

don't see UFOs but they do but actually

1319

00:54:47,509 --> 00:54:44,549

never said astronomers don't see UFOs

1320

00:54:49,339 --> 00:54:47,519

the quote that I use like you know on my

1321

00:54:51,680 --> 00:54:49,349

website or just in general with my book

1322

00:54:53,990 --> 00:54:51,690

is that in a straw an astronomer has no

1323

00:54:56,569 --> 00:54:54,000

business believing in UFOs but sometimes

1324

00:54:58,519 --> 00:54:56,579

he has no choice but actually implies

1325

00:55:00,920 --> 00:54:58,529

that there are astronomers that see them

1326

00:55:01,460 --> 00:55:00,930

but they're being silenced that's what

1327

00:55:03,200 --> 00:55:01,470

I'm saying

1328

00:55:04,280 --> 00:55:03,210

but there's sometimes somebody has no

1329

00:55:05,360 --> 00:55:04,290

choice but finally to

1330

00:55:07,820 --> 00:55:05,370

talk about it because they've been

1331

00:55:10,190 --> 00:55:07,830

forced into a corner and that's me you

1332

00:55:11,690 --> 00:55:10,200

know so I was aware the only astronomer

1333

00:55:15,050 --> 00:55:11,700

I was aware of that it had a sighting

1334

00:55:16,670 --> 00:55:15,060

was Clyde Tombaugh I had heard that he

1335

00:55:18,680 --> 00:55:16,680

had been in the I guess Arizona or New

1336

00:55:20,720 --> 00:55:18,690

Mexico desert during a barbecue and had

1337

00:55:22,280 --> 00:55:20,730

seen some things but I had never really

1338

00:55:24,410 --> 00:55:22,290

heard of any contemporary astronomers

1339

00:55:26,420 --> 00:55:24,420

seeing anything and certainly I had

1340

00:55:31,820 --> 00:55:26,430

never heard of an astronomer having

1341

00:55:34,400 --> 00:55:31,830

footage and the quote itself kind of is

1342

00:55:37,640 --> 00:55:34,410

a paraphrasing of what the Space Command

1343

00:55:40,400 --> 00:55:37,650

person said because he that person was

1344

00:55:42,470 --> 00:55:40,410

really adamant they said literally as

1345

00:55:44,900 --> 00:55:42,480

astronomer has no business seeing this

1346

00:55:47,150 --> 00:55:44,910

an astronomer has no business talking

1347

00:55:49,250 --> 00:55:47,160

about this and you are not going to talk

1348

00:55:51,260 --> 00:55:49,260

about this do you understand I'm like oh

1349

00:55:53,810 --> 00:55:51,270

I understand but I'm not agreeing to

1350

00:55:56,180 --> 00:55:53,820

anything and he that person was furious

1351
00:55:57,860 --> 00:55:56,190
but but that's where that quote comes

1352
00:56:01,100 --> 00:55:57,870
from so but that makes sense

1353
00:56:03,680 --> 00:56:01,110
hopefully oh yeah yeah it does I'm still

1354
00:56:06,650 --> 00:56:03,690
not understanding why this person from

1355
00:56:09,440 --> 00:56:06,660
Space Command would be making such a big

1356
00:56:11,930 --> 00:56:09,450
deal about it because there's sightings

1357
00:56:14,680 --> 00:56:11,940
you know I don't know how many thousands

1358
00:56:17,480 --> 00:56:14,690
of sightings per year that people see

1359
00:56:20,600 --> 00:56:17,490
why do you suppose this person was

1360
00:56:22,220 --> 00:56:20,610
making a big deal about it well I had

1361
00:56:24,410 --> 00:56:22,230
wrestled with the ID with the whole

1362
00:56:26,390 --> 00:56:24,420
thing for a month before this all

1363
00:56:27,830 --> 00:56:26,400

because but the time the aircraft were

1364

00:56:29,440 --> 00:56:27,840

here was actually a month after the

1365

00:56:34,040 --> 00:56:29,450

sighting was the beginning of February

1366

00:56:36,220 --> 00:56:34,050

and so is it one of ours because I have

1367

00:56:39,020 --> 00:56:36,230

oh you know mine you just saw

1368

00:56:41,120 --> 00:56:39,030

experimental aircraft of some kind or

1369

00:56:43,280 --> 00:56:41,130

military Edwards Air Force Base is close

1370

00:56:44,870 --> 00:56:43,290

by and notice that they were heading

1371

00:56:46,340 --> 00:56:44,880

towards the north towards the mountains

1372

00:56:48,470 --> 00:56:46,350

and Edwards Air Force Base is on the

1373

00:56:49,910 --> 00:56:48,480

other side so that's all they were they

1374

00:56:52,250 --> 00:56:49,920

were just test craft that we're heading

1375

00:56:54,560 --> 00:56:52,260

that way and that's all you saw you know

1376

00:56:57,050 --> 00:56:54,570

blah blah blah blah that all went out

1377

00:57:00,080 --> 00:56:57,060

the window really really quickly because

1378

00:57:03,500 --> 00:57:00,090

of their response and it was sort of

1379

00:57:06,650 --> 00:57:03,510

illuminated to me by a friend that I

1380

00:57:08,390 --> 00:57:06,660

have that works in the DoD world who

1381

00:57:11,030 --> 00:57:08,400

made a number of comments and

1382

00:57:12,650 --> 00:57:11,040

observations and I can't really divulge

1383

00:57:15,080 --> 00:57:12,660

and I mentioned this person in my book

1384

00:57:16,850 --> 00:57:15,090

but the thing that becomes clear is kind

1385

00:57:17,690 --> 00:57:16,860

of like this why would the airplanes

1386

00:57:22,039 --> 00:57:17,700

show up

1387

00:57:23,390 --> 00:57:22,049

a month later so why would they well why

1388

00:57:24,950 --> 00:57:23,400

and why would they even show up at all

1389

00:57:29,660 --> 00:57:24,960

actually like you said it's a good

1390

00:57:30,890 --> 00:57:29,670

question it's because first of all they

1391

00:57:33,049 --> 00:57:30,900

were waiting for the footage of the

1392

00:57:34,370 --> 00:57:33,059

video they needed all the data for

1393

00:57:36,769 --> 00:57:34,380

whatever reason they wanted to be able

1394

00:57:39,440 --> 00:57:36,779

to corroborate that to match the

1395

00:57:41,210 --> 00:57:39,450

pictures against the video and make sure

1396

00:57:43,880 --> 00:57:41,220

that everything lines up what they what

1397

00:57:46,519 --> 00:57:43,890

they know and once they know like you

1398

00:57:48,589 --> 00:57:46,529

said lots of people see UFOs maybe you

1399

00:57:49,849 --> 00:57:48,599

know maybe I'm not the only astronomer

1400

00:57:51,289 --> 00:57:49,859

and everything that's taking pictures

1401

00:57:52,819 --> 00:57:51,299

you know I don't know you know maybe

1402

00:57:54,769 --> 00:57:52,829

they've maybe there have been others and

1403

00:57:58,339 --> 00:57:54,779

they've been silenced you know we don't

1404

00:58:00,980 --> 00:57:58,349

know but I do know this the game changer

1405

00:58:05,000 --> 00:58:00,990

was that my friend made a big deal about

1406

00:58:07,609 --> 00:58:05,010

is that think about it they said if it

1407

00:58:10,160 --> 00:58:07,619

was ours there's no reason for a

1408

00:58:12,079 --> 00:58:10,170

military response they would have known

1409

00:58:14,900 --> 00:58:12,089

about the fact that one of their own

1410

00:58:16,970 --> 00:58:14,910

craft went down and that had been they

1411

00:58:19,160 --> 00:58:16,980

sure they I try gave them the data at

1412

00:58:21,980 --> 00:58:19,170

the beginning of February but the craft

1413

00:58:25,430 --> 00:58:21,990

had you know I'm but you know we're seen

1414

00:58:27,170 --> 00:58:25,440

on January 1st a month before they knew

1415

00:58:28,880 --> 00:58:27,180

it went that may be a craft had gone

1416

00:58:30,200 --> 00:58:28,890

down or crafts were flying in the area

1417

00:58:32,329 --> 00:58:30,210

this would not have been news to them

1418

00:58:33,890 --> 00:58:32,339

they would not have responded they

1419

00:58:36,440 --> 00:58:33,900

wouldn't have been surprised when I in

1420

00:58:38,749 --> 00:58:36,450

face time when I was talking with them

1421

00:58:41,829 --> 00:58:38,759

on the phone and they certainly wouldn't

1422

00:58:44,779 --> 00:58:41,839

have dispatched two squadrons of f-18s

1423

00:58:47,960 --> 00:58:44,789

here to the location so why would they

1424

00:58:50,480 --> 00:58:47,970

because it's a crash event and it's not

1425

00:58:52,990 --> 00:58:50,490

ours so you think that's the simple

1426

00:58:55,609 --> 00:58:53,000

answer I see so you think what they

1427

00:58:57,950 --> 00:58:55,619

their involvement had to do with they

1428

00:59:00,049 --> 00:58:57,960

think there was because of the way this

1429

00:59:04,279 --> 00:59:00,059

craft was reacting and the possible

1430

00:59:06,620 --> 00:59:04,289

damaged craft that yeah my discussion

1431

00:59:09,019 --> 00:59:06,630

with Sam business yeah my discussions

1432

00:59:11,960 --> 00:59:09,029

with them during that phone call all

1433

00:59:13,999 --> 00:59:11,970

focused on that fourth craft that's what

1434

00:59:15,380 --> 00:59:14,009

they were just added you know everything

1435

00:59:16,999 --> 00:59:15,390

you can tell us about how it moved with

1436

00:59:19,069 --> 00:59:17,009

this what it does what you saw I'm like

1437

00:59:20,509 --> 00:59:19,079

I don't know there are spots maybe there

1438

00:59:22,490 --> 00:59:20,519

were burn marks maybe it was lightning

1439

00:59:24,440 --> 00:59:22,500

they hit it I don't know I go but I know

1440

00:59:26,480 --> 00:59:24,450

that it was just acting like a like a

1441

00:59:28,220 --> 00:59:26,490

wounded animal and I heard you know and

1442

00:59:29,839 --> 00:59:28,230

and the others seemed to be trying to

1443

00:59:30,770 --> 00:59:29,849

protect it and they're like what would

1444

00:59:32,000 --> 00:59:30,780

read it wet did you

1445

00:59:34,130 --> 00:59:32,010

see it go down on the mountain tomorrow

1446

00:59:35,810 --> 00:59:34,140

I don't know I go I turn around for a

1447

00:59:37,580 --> 00:59:35,820

second and you were just gone they're

1448

00:59:38,960 --> 00:59:37,590

like were you sure you know dude do you

1449

00:59:40,580 --> 00:59:38,970

know whether they went you know what I'm

1450

00:59:41,930 --> 00:59:40,590

like I don't yeah I go I can't answer

1451
00:59:43,730 --> 00:59:41,940
your question I go I just know that they

1452
00:59:44,960 --> 00:59:43,740
disappeared and I know the general area

1453
00:59:46,670 --> 00:59:44,970
that they were heading in towards the

1454
00:59:50,150 --> 00:59:46,680
San Gabriel Mountains right above my

1455
00:59:51,770 --> 00:59:50,160
house and so then we want all your

1456
00:59:53,540 --> 00:59:51,780
footage we want everything you've got

1457
00:59:55,700 --> 00:59:53,550
well they got everything I had and they

1458
00:59:58,130 --> 00:59:55,710
showed up the next day why because a

1459
00:59:59,720 --> 00:59:58,140
it's not what's not one of our craft

1460
01:00:01,670 --> 00:59:59,730
otherwise there's no reason to come here

1461
01:00:03,260 --> 01:00:01,680
they would have recovered one of our

1462
01:00:05,420 --> 01:00:03,270
craft if it was one of ours a lot a

1463
01:00:07,250 --> 01:00:05,430

month ago when the crash happened

1464

01:00:08,450 --> 01:00:07,260

and second of all it obviously must have

1465

01:00:10,610 --> 01:00:08,460

been a downed craft or they wouldn't

1466

01:00:13,340 --> 01:00:10,620

have been bothered and these these FA

1467

01:00:15,830 --> 01:00:13,350

teens were here for a week and I think

1468

01:00:18,170 --> 01:00:15,840

the other videos there are a ton of

1469

01:00:19,640 --> 01:00:18,180

videos about this when the aircraft were

1470

01:00:22,040 --> 01:00:19,650

here the people who posted all that's

1471

01:00:24,800 --> 01:00:22,050

that's gone and so is the CBS News

1472

01:00:26,920 --> 01:00:24,810

report but on the CBS website if you dig

1473

01:00:29,900 --> 01:00:26,930

I think the news report is still there

1474

01:00:32,000 --> 01:00:29,910

and you can actually see them on the

1475

01:00:33,650 --> 01:00:32,010

ground at night the reporters talking

1476

01:00:35,930 --> 01:00:33,660

and they zoom in on the aircraft and you

1477

01:00:39,260 --> 01:00:35,940

can see that two of the pilots are even

1478

01:00:40,820 --> 01:00:39,270

identified in the footage as code code

1479

01:00:44,990 --> 01:00:40,830

name where there are their names their

1480

01:00:49,100 --> 01:00:45,000

their airforce names murderface and half

1481

01:00:51,590 --> 01:00:49,110

man now that strikes me it's already

1482

01:00:53,780 --> 01:00:51,600

really really interesting pilots to have

1483

01:00:56,900 --> 01:00:53,790

here you know and you can plainly see

1484

01:00:59,090 --> 01:00:56,910

the names in the CBS news report but

1485

01:01:01,340 --> 01:00:59,100

anyways you've got two squadrons and

1486

01:01:03,350 --> 01:01:01,350

then they're over flying this area over

1487

01:01:06,980 --> 01:01:03,360

Monrovia over my house and over these

1488

01:01:10,520 --> 01:01:06,990

hills every hour on the hour in pairs

1489

01:01:13,490 --> 01:01:10,530

the f-18s for a week just blazing over

1490

01:01:16,370 --> 01:01:13,500

there again and again and again and when

1491

01:01:20,480 --> 01:01:16,380

I did reach out to my DoD work-related

1492

01:01:22,550 --> 01:01:20,490

friend about this they said but are

1493

01:01:24,740 --> 01:01:22,560

there other aircraft in the area I don't

1494

01:01:26,300 --> 01:01:24,750

know this is you know because I didn't

1495

01:01:28,520 --> 01:01:26,310

contact them till maybe a day or two

1496

01:01:32,690 --> 01:01:28,530

after this though the week of insanity

1497

01:01:33,980 --> 01:01:32,700

ended and this person said well you

1498

01:01:35,930 --> 01:01:33,990

heard other aircrafts I'm like yeah

1499

01:01:38,090 --> 01:01:35,940

there were there the other aircraft were

1500

01:01:40,550 --> 01:01:38,100

the recon aircraft they were actually

1501

01:01:44,180 --> 01:01:40,560

probably looking for what the downed

1502

01:01:45,800 --> 01:01:44,190

craft wear was and the Jets were part of

1503

01:01:47,480 --> 01:01:45,810

two f-18s were positive that because

1504

01:01:50,270 --> 01:01:47,490

they're equipped to do that kind of work

1505

01:01:52,250 --> 01:01:50,280

as well but but they're also a

1506

01:01:54,710 --> 01:01:52,260

distraction they're the big shiny noisy

1507

01:01:56,960 --> 01:01:54,720

thing that you look at while the other

1508

01:01:57,980 --> 01:01:56,970

more serious aircraft are doing even

1509

01:01:59,510 --> 01:01:57,990

more serious work

1510

01:02:01,190 --> 01:01:59,520

not that the f-18s are doing serious

1511

01:02:04,310 --> 01:02:01,200

work but they're sort of working in

1512

01:02:07,760 --> 01:02:04,320

concert together I would think that if I

1513

01:02:09,950 --> 01:02:07,770

were to send out a search party so to

1514

01:02:12,610 --> 01:02:09,960

speak that helicopters would be the way

1515

01:02:16,160 --> 01:02:12,620

to go did you see how a copters as well

1516

01:02:18,590 --> 01:02:16,170

no I saw I saw what looked like an e 11

1517

01:02:20,570 --> 01:02:18,600

a bacon for I don't know how he

1518

01:02:24,080 --> 01:02:20,580

presented some sort it's like a

1519

01:02:27,800 --> 01:02:24,090

battlefield coordination Network Center

1520

01:02:30,050 --> 01:02:27,810

aircraft that will coordinate assets

1521

01:02:32,210 --> 01:02:30,060

multiple assets in the ground air and

1522

01:02:33,440 --> 01:02:32,220

everywhere else and there could have

1523

01:02:35,390 --> 01:02:33,450

been helicopters but they could have

1524

01:02:36,710 --> 01:02:35,400

been really really high again there

1525

01:02:38,090 --> 01:02:36,720

could have been helicopters behind the

1526
01:02:40,520 --> 01:02:38,100
hills and I would have known it because

1527
01:02:42,470 --> 01:02:40,530
the Jets were so loud so I won't say

1528
01:02:45,050 --> 01:02:42,480
that the helicopters weren't here but I

1529
01:02:48,770 --> 01:02:45,060
can say this that once the Jets left the

1530
01:02:50,750 --> 01:02:48,780
helicopters took over this has been this

1531
01:02:54,290 --> 01:02:50,760
has been like a helicopter airshow ever

1532
01:02:57,050 --> 01:02:54,300
since and it started slow 2017 you just

1533
01:02:59,570 --> 01:02:57,060
see spots of you know helicopters that

1534
01:03:01,190 --> 01:02:59,580
would they would arrive and to be honest

1535
01:03:03,050 --> 01:03:01,200
I kind of didn't pay attention to them

1536
01:03:04,580 --> 01:03:03,060
at first just like most people you know

1537
01:03:06,290 --> 01:03:04,590
you look up there's a helicopter that's

1538
01:03:08,900 --> 01:03:06,300

cool and you just sort of walk it off

1539

01:03:10,820 --> 01:03:08,910

and you move on with your life but when

1540

01:03:13,130 --> 01:03:10,830

I live nestled of the hills which is

1541

01:03:15,320 --> 01:03:13,140

where the craft must have gone down

1542

01:03:17,120 --> 01:03:15,330

somewhere on the other side

1543

01:03:19,850 --> 01:03:17,130

the helicopters became more and more

1544

01:03:22,550 --> 01:03:19,860

frequent really frequent became until it

1545

01:03:26,990 --> 01:03:22,560

became an airshow literally we're

1546

01:03:31,010 --> 01:03:27,000

talking a h1 Vipers uh-1 venoms

1547

01:03:34,220 --> 01:03:31,020

Blackhawks Apaches kaya's they're

1548

01:03:36,590 --> 01:03:34,230

constantly our 44 Ravens remotely

1549

01:03:38,180 --> 01:03:36,600

piloted ones ago to this day go back and

1550

01:03:40,010 --> 01:03:38,190

forth and traverse along the hills and

1551

01:03:41,060 --> 01:03:40,020

then disappear then after a while you

1552

01:03:43,910 --> 01:03:41,070

don't see anything then they're back

1553

01:03:47,690 --> 01:03:43,920

you've got B 22 Ospreys that make

1554

01:03:49,430 --> 01:03:47,700

regular appearances Chinooks lakotas and

1555

01:03:50,690 --> 01:03:49,440

unmarked gray how the copters that I

1556

01:03:52,640 --> 01:03:50,700

have for this is going to be the focus

1557

01:03:57,150 --> 01:03:52,650

of my second book there's just so much

1558

01:03:59,760 --> 01:03:57,160

stuff that happened especially that

1559

01:04:02,580 --> 01:03:59,770

in 20 the end of 2018 and then through

1560

01:04:04,500 --> 01:04:02,590

2019 this year that it became just so

1561

01:04:07,050 --> 01:04:04,510

overwhelming that I was forced literally

1562

01:04:08,970 --> 01:04:07,060

to split what my original book was in

1563

01:04:11,130 --> 01:04:08,980

half which is why when you read the book

1564

01:04:13,440 --> 01:04:11,140

there's sort of a cliffhanger ending

1565

01:04:15,210 --> 01:04:13,450

where I show some some pictures and I'm

1566

01:04:18,030 --> 01:04:15,220

not trying to be mean and do teasers

1567

01:04:20,520 --> 01:04:18,040

it's just that I just you know I would

1568

01:04:21,960 --> 01:04:20,530

have been a 600 page book otherwise so I

1569

01:04:24,840 --> 01:04:21,970

just had to be realistic and break it

1570

01:04:26,580 --> 01:04:24,850

apart and and then just sort of digest

1571

01:04:28,380 --> 01:04:26,590

what's been happening here because it's

1572

01:04:31,710 --> 01:04:28,390

been so overwhelming but it goes through

1573

01:04:34,290 --> 01:04:31,720

phases you go here and like right now

1574

01:04:36,210 --> 01:04:34,300

and it's quiet and doesn't seem like

1575

01:04:38,280 --> 01:04:36,220

there's anything going on and then all

1576

01:04:40,020 --> 01:04:38,290

of a sudden all hell breaks loose and

1577

01:04:41,940 --> 01:04:40,030

it's just insanity you know in

1578

01:04:43,710 --> 01:04:41,950

helicopters show up in mass and then a

1579

01:04:45,510 --> 01:04:43,720

military one will show up and then you

1580

01:04:48,240 --> 01:04:45,520

see you know an intelligence aircraft

1581

01:04:50,850 --> 01:04:48,250

way high overhead you know or jets that

1582

01:04:52,590 --> 01:04:50,860

you can't hear and it'll be like several

1583

01:04:55,980 --> 01:04:52,600

hours or a day of that kind of activity

1584

01:04:58,260 --> 01:04:55,990

and all of a sudden nothing again so and

1585

01:05:00,300 --> 01:04:58,270

you said no you live near Edwards Air

1586

01:05:02,190 --> 01:05:00,310

Force is is it near there is that what

1587

01:05:03,300 --> 01:05:02,200

you said no Edwards Air Force Base is on

1588

01:05:06,090 --> 01:05:03,310

the other side of the San Gabriel

1589

01:05:09,120 --> 01:05:06,100

Mountains here uh-huh so to them to the

1590

01:05:10,740 --> 01:05:09,130

north so but that's it's like a couple

1591

01:05:12,630 --> 01:05:10,750

hours drive from here it's not it's not

1592

01:05:15,150 --> 01:05:12,640

like it's close by what about the other

1593

01:05:19,440 --> 01:05:15,160

but I am again I get them out is there

1594

01:05:22,050 --> 01:05:19,450

other military bases there they're south

1595

01:05:24,690 --> 01:05:22,060

also a couple of hours like in a San

1596

01:05:29,250 --> 01:05:24,700

Diego area in that area there's no

1597

01:05:32,400 --> 01:05:29,260

military base per se like right here I

1598

01:05:34,950 --> 01:05:32,410

know that supposedly there is a quote

1599

01:05:37,470 --> 01:05:34,960

unquote secret hidden military army base

1600

01:05:40,380 --> 01:05:37,480

in the hills above Glendora and Azusa

1601
01:05:42,270 --> 01:05:40,390
which is to the east of me and that's

1602
01:05:44,760 --> 01:05:42,280
actually not far from where my brother's

1603
01:05:46,500 --> 01:05:44,770
house is and he sees helicopters come in

1604
01:05:48,780 --> 01:05:46,510
and out of there all the time also

1605
01:05:50,340 --> 01:05:48,790
though I'm sure they would deny it but I

1606
01:05:52,200 --> 01:05:50,350
think it's common knowledge in this area

1607
01:05:54,480 --> 01:05:52,210
that they're there and there's military

1608
01:05:55,920 --> 01:05:54,490
vehicles that that drive around here all

1609
01:05:57,870 --> 01:05:55,930
of a sudden that will you to see them

1610
01:05:59,790 --> 01:05:57,880
appear Humvees and this and that you

1611
01:06:01,500 --> 01:05:59,800
know that all of a sudden he said wow

1612
01:06:03,060 --> 01:06:01,510
I'm looking at a fully armed Humvee

1613
01:06:05,790 --> 01:06:03,070

driving down the street and it's just

1614

01:06:07,980 --> 01:06:05,800

gone you know and it goes into there's

1615

01:06:10,980 --> 01:06:07,990

access roads into these hills and they

1616

01:06:12,780 --> 01:06:10,990

disappear up that way and I know that

1617

01:06:15,990 --> 01:06:12,790

in social media some people are like

1618

01:06:20,640 --> 01:06:16,000

there I've gotten outreach and all sorts

1619

01:06:21,810 --> 01:06:20,650

of ways from people about this and you

1620

01:06:23,430 --> 01:06:21,820

know and actually and want to take a

1621

01:06:25,620 --> 01:06:23,440

second you know speaking of social media

1622

01:06:26,160 --> 01:06:25,630

and if I'm a sort of digress for a

1623

01:06:28,980 --> 01:06:26,170

second

1624

01:06:30,990 --> 01:06:28,990

I just wanna for everybody that's out

1625

01:06:34,740 --> 01:06:31,000

there that's that's you know been on my

1626

01:06:37,320 --> 01:06:34,750

Facebook and Twitter pages and so many

1627

01:06:39,000 --> 01:06:37,330

of you have actually sent me private

1628

01:06:40,410 --> 01:06:39,010

messages you know direct messages things

1629

01:06:42,660 --> 01:06:40,420

like that I just want to really take a

1630

01:06:44,640 --> 01:06:42,670

second to just thank you for your

1631

01:06:46,590 --> 01:06:44,650

support and your kindness and your care

1632

01:06:48,390 --> 01:06:46,600

and your understanding and your concern

1633

01:06:50,580 --> 01:06:48,400

for my well-being and everything it has

1634

01:06:52,080 --> 01:06:50,590

been a very very rough road and it

1635

01:06:55,800 --> 01:06:52,090

actually means a lot to me and your

1636

01:06:58,410 --> 01:06:55,810

suggestions and your concern is really

1637

01:07:02,030 --> 01:06:58,420

really greatly appreciated but so

1638

01:07:05,490 --> 01:07:02,040

anyways back to what you're asking about

1639

01:07:07,260 --> 01:07:05,500

yeah they you would think that I could

1640

01:07:10,230 --> 01:07:07,270

get into the hills and take a closer

1641

01:07:12,030 --> 01:07:10,240

look at what's going on I can't ever

1642

01:07:14,970 --> 01:07:12,040

since the sighting this the cities

1643

01:07:17,400 --> 01:07:14,980

around here have very very quietly

1644

01:07:19,410 --> 01:07:17,410

restricted access to any of the roads

1645

01:07:21,750 --> 01:07:19,420

all of sudden their signs have gone up

1646

01:07:24,060 --> 01:07:21,760

you know federal property or state

1647

01:07:25,590 --> 01:07:24,070

property no access allowed and

1648

01:07:28,080 --> 01:07:25,600

everything you know you will be jailed

1649

01:07:29,370 --> 01:07:28,090

and find them blah blah blah and areas

1650

01:07:31,140 --> 01:07:29,380

where you could used to be able to hike

1651

01:07:33,120 --> 01:07:31,150

so I thought oh I could just hike into

1652

01:07:35,430 --> 01:07:33,130

these areas and take a look for myself

1653

01:07:37,200 --> 01:07:35,440

what's going on back here can't get in

1654

01:07:39,300 --> 01:07:37,210

there at all it's like it's it's a ring

1655

01:07:41,730 --> 01:07:39,310

of security that sort of appeared oh you

1656

01:07:43,830 --> 01:07:41,740

know slowly but surely and sort of crept

1657

01:07:48,270 --> 01:07:43,840

around these areas on all these

1658

01:07:51,870 --> 01:07:48,280

foothills what all right if you were if

1659

01:07:54,599 --> 01:07:51,880

you were a skeptic what would you be

1660

01:07:56,490 --> 01:07:54,609

saying to you right now would you be

1661

01:07:58,680 --> 01:07:56,500

saying well maybe there is some type of

1662

01:08:02,400 --> 01:07:58,690

military exercises going on on

1663

01:08:05,400 --> 01:08:02,410

government land or you know I mean what

1664

01:08:08,910 --> 01:08:05,410

would you think the other reasons could

1665

01:08:12,960 --> 01:08:08,920

be besides I would have a really hard

1666

01:08:16,800 --> 01:08:12,970

time dismissing someone like what

1667

01:08:19,050 --> 01:08:16,810

someone like me is saying because the

1668

01:08:21,390 --> 01:08:19,060

amount of military activity which show

1669

01:08:23,130 --> 01:08:21,400

me another place in a country where

1670

01:08:25,189 --> 01:08:23,140

there isn't a military base next door

1671

01:08:27,870 --> 01:08:25,199

and you've got

1672

01:08:29,819 --> 01:08:27,880

Viper's & Venom's and Blackhawks and

1673

01:08:32,010 --> 01:08:29,829

Apaches and Kiowas and ravens and

1674

01:08:34,740 --> 01:08:32,020

Ospreys and lakotas and Chinooks and

1675

01:08:36,899 --> 01:08:34,750

rare drones military drones and then if

1676

01:08:38,459 --> 01:08:36,909

we got compass calls which are playing

1677

01:08:41,099 --> 01:08:38,469

which are battlefield airplanes which

1678

01:08:43,260 --> 01:08:41,109

coordinate assets hawkeye's intelligent

1679

01:08:45,450 --> 01:08:43,270

plays normally a hawk one Hawk I will

1680

01:08:47,490 --> 01:08:45,460

appear I have I have a pictures of three

1681

01:08:49,950 --> 01:08:47,500

of them appearing together what are they

1682

01:08:51,959 --> 01:08:49,960

looking for and then FA f-18s and then

1683

01:08:53,819 --> 01:08:51,969

you've got this f-16 fighter that went

1684

01:08:55,950 --> 01:08:53,829

down not long ago with maybe a month or

1685

01:08:57,269 --> 01:08:55,960

so ago which the press just sort of was

1686

01:08:59,189 --> 01:08:57,279

like a blurb overnight and then

1687

01:09:03,209 --> 01:08:59,199

everybody just sort of ignored it think

1688

01:09:06,030 --> 01:09:03,219

about it a fully armed f-16 fighter was

1689

01:09:08,819 --> 01:09:06,040

flying along the foothills of the San

1690

01:09:12,120 --> 01:09:08,829

Gabriel Mountains went down into a Auto

1691

01:09:14,849 --> 01:09:12,130

Parts Warehouse in Riverside fully armed

1692

01:09:17,370 --> 01:09:14,859

and fairly intact fortunately nobody was

1693

01:09:19,410 --> 01:09:17,380

hurt and the pilot was able to eject the

1694

01:09:21,269 --> 01:09:19,420

military puts a ring of security around

1695

01:09:24,660 --> 01:09:21,279

it recovers the aircraft says it's fully

1696

01:09:27,809 --> 01:09:24,670

armed and one per one spokesman from the

1697

01:09:30,089 --> 01:09:27,819

military they they have no comment about

1698

01:09:32,700 --> 01:09:30,099

the riot a fully armed f-16 is doing

1699

01:09:34,379 --> 01:09:32,710

over flights over these areas except for

1700

01:09:38,959 --> 01:09:34,389

one spokesman who missed speaks and says

1701

01:09:42,410 --> 01:09:38,969

it was on a armed space defense mission

1702

01:09:46,379 --> 01:09:42,420

what is an armed space defense mission

1703

01:09:50,490 --> 01:09:46,389

over foothills nestled along residential

1704

01:09:53,089 --> 01:09:50,500

areas of Southern California so I would

1705

01:09:55,680 --> 01:09:53,099

ask that of a skeptic and I'll also ask

1706

01:09:57,750 --> 01:09:55,690

the fact that a lot of the footage the

1707

01:09:59,189 --> 01:09:57,760

things that I'm going to be you know in

1708

01:10:00,390 --> 01:09:59,199

the second book that are we putting out

1709

01:10:03,750 --> 01:10:00,400

and the book is sort of chronological

1710

01:10:05,160 --> 01:10:03,760

which is why I focused on 2017 in the

1711

01:10:09,479 --> 01:10:05,170

first book and the second book will be

1712

01:10:11,819 --> 01:10:09,489

2018 and 2019 up to the present and one

1713

01:10:13,350 --> 01:10:11,829

of the things I found is that you see

1714

01:10:14,819 --> 01:10:13,360

these helicopters and they're flying and

1715

01:10:17,339 --> 01:10:14,829

sometimes they're just so erratic and

1716

01:10:19,680 --> 01:10:17,349

the aircraft and what it's going on so I

1717

01:10:22,649 --> 01:10:19,690

take footage take pictures and I also do

1718

01:10:24,540 --> 01:10:22,659

video and the videos was what would be

1719

01:10:26,910 --> 01:10:24,550

extremely telling because also in the

1720

01:10:30,300 --> 01:10:26,920

video you would see that there's an orb

1721

01:10:32,640 --> 01:10:30,310

in the area and I found that I had to

1722

01:10:34,260 --> 01:10:32,650

you know you get sort of that like what

1723

01:10:36,990 --> 01:10:34,270

I described earlier and there's some in

1724

01:10:37,970 --> 01:10:37,000

our talk the shiny object syndrome where

1725

01:10:40,100 --> 01:10:37,980

you're Wow

1726

01:10:41,960 --> 01:10:40,110

this is a there's an osprey you know Wow

1727

01:10:43,280 --> 01:10:41,970

and you're looking at the Osprey but

1728

01:10:45,680 --> 01:10:43,290

you're not looking what the Osprey is

1729

01:10:47,979 --> 01:10:45,690

doing you're not looking with the Apache

1730

01:10:50,120 --> 01:10:47,989

or the Blackhawk helicopter is doing and

1731

01:10:52,430 --> 01:10:50,130

what's its what it's doing is it's

1732

01:10:54,050 --> 01:10:52,440

circling an area in a canyon here behind

1733

01:10:56,360 --> 01:10:54,060

the mountains for example in many

1734

01:10:58,580 --> 01:10:56,370

instances again and again and again it's

1735

01:10:59,840 --> 01:10:58,590

what is it circling well one of the

1736

01:11:02,450 --> 01:10:59,850

videos I shot that was kind of

1737

01:11:05,540 --> 01:11:02,460

eye-opening and this is actually isn't a

1738

01:11:06,920 --> 01:11:05,550

at the end of my book I posted a it's in

1739

01:11:10,820 --> 01:11:06,930

there and I posted I think I posted the

1740

01:11:13,430 --> 01:11:10,830

picture also on my website is um I was

1741

01:11:15,620 --> 01:11:13,440

busy filming the the helicopters going

1742

01:11:17,780 --> 01:11:15,630

in circles and I reviewed the footage

1743

01:11:19,370 --> 01:11:17,790

like oh my god there's what they're

1744

01:11:20,630 --> 01:11:19,380

circling they're circling an orb that's

1745

01:11:22,340 --> 01:11:20,640

just hanging over the neighborhood

1746

01:11:25,130 --> 01:11:22,350

that's their field right next to the

1747

01:11:26,570 --> 01:11:25,140

next to the the hills and it's just

1748

01:11:28,460 --> 01:11:26,580

hanging there the helicopters are going

1749

01:11:29,750 --> 01:11:28,470

around and around it's they're chasing

1750

01:11:31,640 --> 01:11:29,760

they're trying to chase it away it's

1751

01:11:35,300 --> 01:11:31,650

almost like the military is pushing back

1752

01:11:38,920 --> 01:11:35,310

at whatever is here and and I don't know

1753

01:11:43,550 --> 01:11:38,930

why what's here is here Wow interesting

1754

01:11:45,320 --> 01:11:43,560

off off the coast of you I'm just trying

1755

01:11:47,510 --> 01:11:45,330

to think of you know there's there is a

1756

01:11:49,760 --> 01:11:47,520

lot of there appears to be a lot of

1757

01:11:53,420 --> 01:11:49,770

sightings off the coast of Southern

1758

01:11:56,060 --> 01:11:53,430

California how far away is your location

1759

01:11:58,310 --> 01:11:56,070

I know you said you know you're near

1760

01:12:00,890 --> 01:11:58,320

Pasadena which is inland a bit but is

1761

01:12:03,410 --> 01:12:00,900

that like 50 miles to the ocean or is it

1762

01:12:04,850 --> 01:12:03,420

further than oh no no I'm we in

1763

01:12:09,380 --> 01:12:04,860

California we measure everything by

1764

01:12:11,210 --> 01:12:09,390

Drive time it's not it's not I have no

1765

01:12:12,950 --> 01:12:11,220

idea how many miles it is but I can tell

1766

01:12:14,930 --> 01:12:12,960

you that it's probably about uh I could

1767

01:12:17,210 --> 01:12:14,940

probably reach the nearest beach on a

1768

01:12:19,520 --> 01:12:17,220

clear day a clear driving day maybe in

1769

01:12:21,080 --> 01:12:19,530

30 40 minutes so it's fairly close

1770

01:12:22,820 --> 01:12:21,090

beaches are closed if you're in the

1771

01:12:24,560 --> 01:12:22,830

hills here and the foothills if you grow

1772

01:12:25,850 --> 01:12:24,570

up high enough you can see the edge of

1773

01:12:27,740 --> 01:12:25,860

the ocean and you can actually in

1774

01:12:29,479 --> 01:12:27,750

Monrovia in there if you're in the right

1775

01:12:31,550 --> 01:12:29,489

place on the right street you can see

1776

01:12:33,860 --> 01:12:31,560

Catalina Island in the distance I see

1777

01:12:35,479 --> 01:12:33,870

Wow because there is a lot of settings

1778

01:12:38,630 --> 01:12:35,489

are we going there's a lot of sightings

1779

01:12:41,660 --> 01:12:38,640

on one of one of the things that's now

1780

01:12:44,570 --> 01:12:41,670

become sort of I've become sort of a

1781

01:12:46,459 --> 01:12:44,580

repository of information and I don't

1782

01:12:49,840 --> 01:12:46,469

know what to even do with it or you know

1783

01:12:51,410 --> 01:12:49,850

people are so kind in there and they are

1784

01:12:55,460 --> 01:12:51,420

desperate for

1785

01:12:58,190 --> 01:12:55,470

being heard but they are terrified of

1786

01:13:00,260 --> 01:12:58,200

the response that they'll get would be

1787

01:13:01,820 --> 01:13:00,270

mocked having their you know their

1788

01:13:03,830 --> 01:13:01,830

livelihood you know threatened when

1789

01:13:06,020 --> 01:13:03,840

people just you know tearing them apart

1790

01:13:08,960 --> 01:13:06,030

haha you think you saw something bulla

1791

01:13:11,270 --> 01:13:08,970

blah but I I have streams in my Facebook

1792

01:13:13,310 --> 01:13:11,280

and Twitter of people that are literally

1793

01:13:14,840 --> 01:13:13,320

telling me about things they see and one

1794

01:13:17,510 --> 01:13:14,850

of the things that I'm seeing is a

1795

01:13:19,730 --> 01:13:17,520

pattern of military aircraft all along

1796

01:13:22,700 --> 01:13:19,740

these foothills all along these

1797

01:13:25,670 --> 01:13:22,710

foothills one person even outed the

1798

01:13:27,290 --> 01:13:25,680

location of a hidden military airstrip

1799

01:13:29,240 --> 01:13:27,300

on the other side of these mountains and

1800

01:13:30,710 --> 01:13:29,250

everything and gave me the specific

1801

01:13:32,150 --> 01:13:30,720

location of the towns and where it is

1802

01:13:34,940 --> 01:13:32,160

and there's literally in the middle of

1803

01:13:37,700 --> 01:13:34,950

desert there's chain-link fence and five

1804

01:13:39,500 --> 01:13:37,710

unmarked gray off sprays just one of

1805

01:13:41,630 --> 01:13:39,510

them is in my book as a matter of fact

1806

01:13:43,940 --> 01:13:41,640

and I posted a picture of it in my road

1807

01:13:45,260 --> 01:13:43,950

nick.com website so you can see it there

1808

01:13:47,120 --> 01:13:45,270

also if you don't have the book it can

1809

01:13:49,580 --> 01:13:47,130

go to the website and I think it's there

1810

01:13:51,680 --> 01:13:49,590

if it's not there I will put it up there

1811

01:13:53,480 --> 01:13:51,690

but it's a gray off spray that was

1812

01:13:58,130 --> 01:13:53,490

unmarked it was circling this house and

1813

01:14:00,470 --> 01:13:58,140

this person DM me on Twitter and said

1814

01:14:01,970 --> 01:14:00,480

there's a space airstrip that's been put

1815

01:14:03,710 --> 01:14:01,980

together and everything on the other

1816

01:14:05,720 --> 01:14:03,720

side of the mountains where you are and

1817

01:14:08,360 --> 01:14:05,730

these five Ospreys are here and there's

1818

01:14:10,310 --> 01:14:08,370

a ton of like black unmarked helicopters

1819

01:14:13,040 --> 01:14:10,320

here and they're all flying towards your

1820

01:14:15,500 --> 01:14:13,050

area from this location like oh my god

1821

01:14:18,920 --> 01:14:15,510

and another person who lives in Omani

1822

01:14:20,630 --> 01:14:18,930

next to the Omani Airport who read the

1823

01:14:23,150 --> 01:14:20,640

book always had reached out to me and is

1824

01:14:25,820 --> 01:14:23,160

terrified to talk publicly and said that

1825

01:14:29,210 --> 01:14:25,830

she has seen black helicopters come out

1826

01:14:31,040 --> 01:14:29,220

from that Airport towards where I live

1827

01:14:33,410 --> 01:14:31,050

and then disappear and the hillside

1828

01:14:35,480 --> 01:14:33,420

behind so you can see them drop behind

1829

01:14:38,150 --> 01:14:35,490

the hillside beat we're behind where you

1830

01:14:40,910 --> 01:14:38,160

live and like I know I have footage I I

1831

01:14:43,190 --> 01:14:40,920

have footage Barton of helicopters

1832

01:14:44,870 --> 01:14:43,200

literally hanging in the air you tell

1833

01:14:46,640 --> 01:14:44,880

this to the debunkers and they're

1834

01:14:49,550 --> 01:14:46,650

literally slowly descending vertically

1835

01:14:51,320 --> 01:14:49,560

down behind these hills now you tell me

1836

01:14:53,830 --> 01:14:51,330

what's behind these hills that's so

1837

01:14:55,760 --> 01:14:53,840

valuable that military and and unmarked

1838

01:14:58,370 --> 01:14:55,770

helicopters are going back there and

1839

01:15:01,850 --> 01:14:58,380

everything and landing now they know I'm

1840

01:15:04,280 --> 01:15:01,860

here now and in a lot of cases they've

1841

01:15:05,450 --> 01:15:04,290

actually now attacked me which is

1842

01:15:06,710 --> 01:15:05,460

illegal and I

1843

01:15:08,690 --> 01:15:06,720

footage of it where the helicopter

1844

01:15:10,670 --> 01:15:08,700

swooped in and come in on me in it and I

1845

01:15:12,560 --> 01:15:10,680

can see the pilots faces and they think

1846

01:15:14,690 --> 01:15:12,570

they're you know they're gonna freak me

1847

01:15:17,570 --> 01:15:14,700

out and inside yeah I'm freaking out you

1848

01:15:20,090 --> 01:15:17,580

know I've got a multi-ton million dollar

1849

01:15:22,280 --> 01:15:20,100

helicopter barreling down on me either

1850

01:15:25,370 --> 01:15:22,290

an unmarked helicopter of some kind or

1851

01:15:29,180 --> 01:15:25,380

in one case a Blackhawk circling and

1852

01:15:30,860 --> 01:15:29,190

doing like like mock dives at me and but

1853

01:15:33,590 --> 01:15:30,870

they're but they're getting pissed

1854

01:15:35,960 --> 01:15:33,600

because when I motion towards my eyes

1855

01:15:38,300 --> 01:15:35,970

and then point at them like I see you

1856

01:15:40,160 --> 01:15:38,310

and I'm holding a camera and I'm

1857

01:15:43,610 --> 01:15:40,170

standing in my front yard and I'm not

1858

01:15:47,570 --> 01:15:43,620

backing off and they're pissed

1859

01:15:51,830 --> 01:15:47,580

I mean pissed and I reached out to my

1860

01:15:54,500 --> 01:15:51,840

DoD contact and this person was just all

1861

01:15:55,580 --> 01:15:54,510

they would say is like like they were

1862

01:15:58,010 --> 01:15:55,590

very very adamant

1863

01:16:00,110 --> 01:15:58,020

I cannot address this directly to you

1864

01:16:02,510 --> 01:16:00,120

but I'm telling you you have made this

1865

01:16:04,460 --> 01:16:02,520

whole issue extremely personal to a lot

1866

01:16:07,280 --> 01:16:04,470

of people and everything that are

1867

01:16:10,910 --> 01:16:07,290

involved in all of this and you better

1868

01:16:15,350 --> 01:16:10,920

be careful about what line you cross and

1869

01:16:17,870 --> 01:16:15,360

this is where the big came in the bibs

1870

01:16:23,990 --> 01:16:17,880

okay like men in black yeah I just call

1871

01:16:27,350 --> 01:16:24,000

the mid yes yeah Oh MIPS so I still I

1872

01:16:29,090 --> 01:16:27,360

understand your story and and you know

1873

01:16:32,810 --> 01:16:29,100

I'm listening to you but I just don't

1874

01:16:34,490 --> 01:16:32,820

get why they'd be after you I mean I've

1875

01:16:36,490 --> 01:16:34,500

talked to a lot of people that have seen

1876

01:16:39,740 --> 01:16:36,500

a lot of crazy things

1877

01:16:43,040 --> 01:16:39,750

no one's ever like actually coming at

1878

01:16:46,070 --> 01:16:43,050

you with a helicopter I mean that's yeah

1879

01:16:47,600 --> 01:16:46,080

I I don't I don't know I don't I to be

1880

01:16:50,240 --> 01:16:47,610

honest with you really the honest answer

1881

01:16:53,120 --> 01:16:50,250

is I really don't know I have I have

1882

01:16:55,250 --> 01:16:53,130

ideas or sub positions or you know that

1883

01:16:57,530 --> 01:16:55,260

maybe because I'm not backing down maybe

1884

01:16:59,300 --> 01:16:57,540

because I'm not cowering in fear or

1885

01:17:01,490 --> 01:16:59,310

maybe because I mean I think you know oh

1886

01:17:03,290 --> 01:17:01,500

my god I'm so freaked out I can't handle

1887

01:17:06,110 --> 01:17:03,300

this anymore and I'm curling up into a

1888

01:17:07,610 --> 01:17:06,120

ball into a corner you know III did that

1889

01:17:09,230 --> 01:17:07,620

for a while you know at the beginning

1890

01:17:11,230 --> 01:17:09,240

and everything not quite to that extent

1891

01:17:13,910 --> 01:17:11,240

to where I just sort of withdrew and

1892

01:17:15,680 --> 01:17:13,920

matter of fact people at the gym that I

1893

01:17:18,050 --> 01:17:15,690

go to locally here were commenting as a

1894

01:17:19,310 --> 01:17:18,060

matter of fact recently about how you

1895

01:17:20,750 --> 01:17:19,320

know wow you we didn't know you

1896

01:17:22,070 --> 01:17:20,760

you know you were actually an extrovert

1897

01:17:24,110 --> 01:17:22,080

because we've only been coming here for

1898

01:17:27,020 --> 01:17:24,120

a year or so and we've just known you as

1899

01:17:28,280 --> 01:17:27,030

this withdrawn quiet person who is just

1900

01:17:29,510 --> 01:17:28,290

sort of keeps to themselves and like

1901
01:17:30,800 --> 01:17:29,520
yeah well that's because I was trying to

1902
01:17:31,160 --> 01:17:30,810
process everything that's happening to

1903
01:17:32,930 --> 01:17:31,170
me

1904
01:17:34,250 --> 01:17:32,940
and I don't know I don't understand why

1905
01:17:36,350 --> 01:17:34,260
you'd bother following me with a

1906
01:17:38,630 --> 01:17:36,360
helicopter I don't know why they would

1907
01:17:39,890 --> 01:17:38,640
take dives at me I don't know why I'm at

1908
01:17:41,690 --> 01:17:39,900
the gym and I see a Black Hawk

1909
01:17:43,850 --> 01:17:41,700
helicopter come racing across the

1910
01:17:45,650 --> 01:17:43,860
mountains come down to send over a

1911
01:17:47,480 --> 01:17:45,660
shopping center and then hover over my

1912
01:17:48,890 --> 01:17:47,490
my 67 convertible

1913
01:17:50,780 --> 01:17:48,900

you know while everybody's walking

1914

01:17:52,430 --> 01:17:50,790

around just ignoring it it was just

1915

01:17:54,410 --> 01:17:52,440

blows me away the public has just just

1916

01:17:56,690 --> 01:17:54,420

ignores these things happening and then

1917

01:17:58,670 --> 01:17:56,700

goes tearing off when I go running after

1918

01:17:59,900 --> 01:17:58,680

it that's the thing that about this is

1919

01:18:02,450 --> 01:17:59,910

that I just go running after these

1920

01:18:02,750 --> 01:18:02,460

things I don't I don't I stand up to

1921

01:18:07,760 --> 01:18:02,760

them

1922

01:18:10,070 --> 01:18:07,770

but why and I asked my DoD contacts

1923

01:18:12,110 --> 01:18:10,080

everything about this and they and I and

1924

01:18:14,390 --> 01:18:12,120

I they just said well you realize this

1925

01:18:16,730 --> 01:18:14,400

cost a lot of money like this is not my

1926

01:18:18,680 --> 01:18:16,740

problem I'm not asking them to follow me

1927

01:18:20,630 --> 01:18:18,690

I'm not asking you to harass me I don't

1928

01:18:22,850 --> 01:18:20,640

understand why why all of this is going

1929

01:18:24,560 --> 01:18:22,860

on and the only thing the only thing

1930

01:18:25,820 --> 01:18:24,570

that makes sense to me that I can come

1931

01:18:28,430 --> 01:18:25,830

up with unless somebody can give me a

1932

01:18:31,160 --> 01:18:28,440

better answer is that I have you

1933

01:18:33,530 --> 01:18:31,170

mentioned triangles I I have now

1934

01:18:35,150 --> 01:18:33,540

acquired over the last year just

1935

01:18:38,540 --> 01:18:35,160

sightings of a number of craft your

1936

01:18:41,270 --> 01:18:38,550

triangles weird tetrahedral craft so

1937

01:18:46,670 --> 01:18:41,280

it's like a you know equal Satya he'd

1938

01:18:49,790 --> 01:18:46,680

ruin some three-sided pyramid and orbs

1939

01:18:51,020 --> 01:18:49,800

and disks and things like that and so

1940

01:18:54,140 --> 01:18:51,030

I'm seeing all of this and I'm seeing

1941

01:18:57,440 --> 01:18:54,150

them in some cases there's a picture

1942

01:18:59,390 --> 01:18:57,450

that that's up also that's is um where

1943

01:19:02,720 --> 01:18:59,400

there's two Blackhawks and there's a

1944

01:19:05,690 --> 01:19:02,730

dark orb following them or I have in the

1945

01:19:08,990 --> 01:19:05,700

book there's three hawk eyes that I

1946

01:19:10,460 --> 01:19:09,000

photographed and there's two discs

1947

01:19:13,670 --> 01:19:10,470

following them they dropped out of the

1948

01:19:15,200 --> 01:19:13,680

sky followed the three hawk eyes for

1949

01:19:17,060 --> 01:19:15,210

maybe just a fraction of second then

1950

01:19:17,930 --> 01:19:17,070

banked it just burst back into the

1951

01:19:20,360 --> 01:19:17,940

clouds and they're gone

1952

01:19:21,890 --> 01:19:20,370

fortunately I saw them appear in the

1953

01:19:23,300 --> 01:19:21,900

clouds so I'll just focus on the planes

1954

01:19:25,100 --> 01:19:23,310

I'm like they're gonna do it they're

1955

01:19:26,600 --> 01:19:25,110

gonna do it you know I this is you know

1956

01:19:28,340 --> 01:19:26,610

I've done this enough times and

1957

01:19:30,440 --> 01:19:28,350

everywhere I've taken pictures or video

1958

01:19:32,060 --> 01:19:30,450

where things wind up behind aircraft and

1959

01:19:33,140 --> 01:19:32,070

the aircraft just aren't aware that

1960

01:19:34,880 --> 01:19:33,150

they're being followed

1961

01:19:36,890 --> 01:19:34,890

and sure enough the minute they appeared

1962

01:19:39,230 --> 01:19:36,900

I just clicked and I got the money shot

1963

01:19:41,390 --> 01:19:39,240

but you know so sometimes I'm very lucky

1964

01:19:43,520 --> 01:19:41,400

and sometimes I just enabled us to sort

1965

01:19:46,430 --> 01:19:43,530

of be very very you know persistent and

1966

01:19:47,990 --> 01:19:46,440

get the shot that I need but the short

1967

01:19:50,210 --> 01:19:48,000

answer is I think I live in the wrong

1968

01:19:51,830 --> 01:19:50,220

place for them I live where they're

1969

01:19:53,720 --> 01:19:51,840

dealing with some sort of issue here

1970

01:19:58,420 --> 01:19:53,730

maybe this is some sort of beachhead

1971

01:20:00,740 --> 01:19:58,430

where I know supposedly I guess that um

1972

01:20:01,760 --> 01:20:00,750

Elizondo is dealing with stuff like and

1973

01:20:04,520 --> 01:20:01,770

you would have mentioned in Catalina

1974

01:20:07,100 --> 01:20:04,530

Island and tic-tacs and all this kind of

1975

01:20:09,650 --> 01:20:07,110

stuff and and I have seen a couple of

1976

01:20:12,410 --> 01:20:09,660

tick tock type crafts here so they've

1977

01:20:14,240 --> 01:20:12,420

come inland and maybe there that's what

1978

01:20:15,650 --> 01:20:14,250

the military activity is all about is

1979

01:20:19,250 --> 01:20:15,660

about the fact that there's an increased

1980

01:20:20,960 --> 01:20:19,260

activity of UFOs and but the general

1981

01:20:22,790 --> 01:20:20,970

public here isn't paying attention and

1982

01:20:25,130 --> 01:20:22,800

the military doesn't need a

1983

01:20:26,660 --> 01:20:25,140

whistleblower or somebody going hey look

1984

01:20:29,240 --> 01:20:26,670

hey look you know come over here and

1985

01:20:30,950 --> 01:20:29,250

look and and anybody who's listening to

1986

01:20:33,650 --> 01:20:30,960

me and everything you know I'm not a

1987

01:20:35,450 --> 01:20:33,660

Hogg at all come here and look come and

1988

01:20:36,620 --> 01:20:35,460

actually there have been people who have

1989

01:20:38,780 --> 01:20:36,630

reached out to me and I've told them

1990

01:20:40,310 --> 01:20:38,790

where to go come here film film the

1991

01:20:41,810 --> 01:20:40,320

helicopters filming the aircraft and

1992

01:20:43,790 --> 01:20:41,820

everything you're ultimately going to

1993

01:20:46,010 --> 01:20:43,800

grind up getting a picture of a UFO at

1994

01:20:47,360 --> 01:20:46,020

some point or a video of a UFO and

1995

01:20:49,010 --> 01:20:47,370

you're also going to get a bunch of

1996

01:20:51,440 --> 01:20:49,020

really really cool military hardware

1997

01:20:53,330 --> 01:20:51,450

that are taxpayers you know my tax

1998

01:20:56,060 --> 01:20:53,340

dollars paid for you know and that's

1999

01:20:57,890 --> 01:20:56,070

that's acting on our behalf mysteriously

2000

01:20:59,930 --> 01:20:57,900

without explanation and we are owed an

2001
01:21:02,630 --> 01:20:59,940
explanation for what they're doing here

2002
01:21:05,090 --> 01:21:02,640
because you wouldn't had this no area

2003
01:21:08,240 --> 01:21:05,100
has a 24-hour air show like this you

2004
01:21:09,710 --> 01:21:08,250
know so yeah come here come and see come

2005
01:21:11,660 --> 01:21:09,720
to Southern California come to Catalina

2006
01:21:13,370 --> 01:21:11,670
Island coming to Monrovia and Pasadena

2007
01:21:14,990 --> 01:21:13,380
actually all these Fort Hill communities

2008
01:21:17,450 --> 01:21:15,000
they're all rife with this kind of

2009
01:21:20,060 --> 01:21:17,460
activity something's happening and the

2010
01:21:22,460 --> 01:21:20,070
UFO community just needs to wake up

2011
01:21:24,500 --> 01:21:22,470
they're you know they're focused on all

2012
01:21:26,420 --> 01:21:24,510
the TTS a step which is great and the

2013
01:21:28,760 --> 01:21:26,430

Nimitz stuff which is great but they

2014

01:21:30,710 --> 01:21:28,770

should realize that one of the squadrons

2015

01:21:32,480 --> 01:21:30,720

of aircraft that appeared here on

2016

01:21:33,950 --> 01:21:32,490

January you know in February and

2017

01:21:37,580 --> 01:21:33,960

everything because of my January 1st

2018

01:21:40,070 --> 01:21:37,590

2017 sighting those those one of those

2019

01:21:42,500 --> 01:21:40,080

squadrons probably came from one from

2020

01:21:44,630 --> 01:21:42,510

the Nimitz so this aircraft carrier is

2021

01:21:46,399 --> 01:21:44,640

central to what's going on and I don't

2022

01:21:48,890 --> 01:21:46,409

know I don't understand them now you

2023

01:21:50,270 --> 01:21:48,900

just per se I'm just a guy who happens

2024

01:21:52,760 --> 01:21:50,280

to who happens to have a science

2025

01:21:54,290 --> 01:21:52,770

background and happens to live and I

2026
01:21:56,209 --> 01:21:54,300
guess what a ufologist would say is the

2027
01:21:57,919 --> 01:21:56,219
right place at the right time but for me

2028
01:21:59,750 --> 01:21:57,929
is the wrong place the wrong time and

2029
01:22:02,390 --> 01:21:59,760
has been the bane of my existence now

2030
01:22:04,640 --> 01:22:02,400
but I'm not I'm tired of being squashed

2031
01:22:06,439 --> 01:22:04,650
I'm tired of having my my income

2032
01:22:08,660 --> 01:22:06,449
tampered with my electronic tampered

2033
01:22:10,490 --> 01:22:08,670
with with being followed and and

2034
01:22:12,260 --> 01:22:10,500
everything in harassed and aircraft

2035
01:22:14,360 --> 01:22:12,270
buzzing my house in the middle of than

2036
01:22:15,590 --> 01:22:14,370
all hours of the night you know I had

2037
01:22:17,300 --> 01:22:15,600
one time where were they were

2038
01:22:19,820 --> 01:22:17,310

helicopters here for three hours

2039

01:22:21,470 --> 01:22:19,830

just hanging taking turns hanging over

2040

01:22:23,959 --> 01:22:21,480

the house and playing cat-and-mouse with

2041

01:22:26,149 --> 01:22:23,969

me and I videoed it and at one point I

2042

01:22:27,950 --> 01:22:26,159

go over this in my second book and so I

2043

01:22:29,959 --> 01:22:27,960

urge people to pick up a copy when it

2044

01:22:32,120 --> 01:22:29,969

comes out so you know what's going on I

2045

01:22:34,640 --> 01:22:32,130

actually you hear me in the video going

2046

01:22:38,780 --> 01:22:34,650

you know say something the fact I wonder

2047

01:22:41,090 --> 01:22:38,790

if he sees me the helicopter nods think

2048

01:22:42,830 --> 01:22:41,100

of the audacity of the pilot to do that

2049

01:22:45,200 --> 01:22:42,840

need a little does a little nod like

2050

01:22:46,479 --> 01:22:45,210

yeah I see you and I which means he also

2051
01:22:51,470 --> 01:22:46,489
hears me

2052
01:22:53,570 --> 01:22:51,480
so why you tell me you know I I'm tired

2053
01:22:55,220 --> 01:22:53,580
of being singled out like this but maybe

2054
01:22:57,050 --> 01:22:55,230
if enough people come out here and push

2055
01:22:59,000 --> 01:22:57,060
back and start seeing what I'm seeing

2056
01:23:00,800 --> 01:22:59,010
then maybe there'll be some answers to

2057
01:23:03,229 --> 01:23:00,810
all these questions because I don't

2058
01:23:05,419 --> 01:23:03,239
think I'm that special I'm special only

2059
01:23:08,060 --> 01:23:05,429
because it's a science person who

2060
01:23:09,950 --> 01:23:08,070
happens to be living in the right like I

2061
01:23:11,180 --> 01:23:09,960
said the wrong place or there and at the

2062
01:23:14,030 --> 01:23:11,190
wrong time or right place right time

2063
01:23:16,669 --> 01:23:14,040

from a ufologist point of view that

2064

01:23:20,930 --> 01:23:16,679

makes sense I don't know if it makes

2065

01:23:23,000 --> 01:23:20,940

sense but I hear you yeah so the lines

2066

01:23:27,919 --> 01:23:23,010

are open if anyone wants to call in and

2067

01:23:30,350 --> 01:23:27,929

that number is 85 kg are a live that

2068

01:23:34,550 --> 01:23:30,360

phone number you can write it down up is

2069

01:23:37,970 --> 01:23:34,560

eight five five four seven two five four

2070

01:23:39,919 --> 01:23:37,980

eight three so the lines are open if

2071

01:23:41,600 --> 01:23:39,929

anyone wants to give us a call and we do

2072

01:23:44,530 --> 01:23:41,610

have a call screen or waiting here for

2073

01:23:49,910 --> 01:23:44,540

you and would love to get some feedback

2074

01:23:52,430 --> 01:23:49,920

about this this story I've listened to a

2075

01:23:54,860 --> 01:23:52,440

lot of people tell a lot of different

2076

01:23:57,320 --> 01:23:54,870

stories this one

2077

01:24:01,610 --> 01:23:57,330

I have to say this one's a tough one for

2078

01:24:03,680 --> 01:24:01,620

me and you know I'm not I'm not calling

2079

01:24:05,630 --> 01:24:03,690

you a liar I'm not calling I'm not

2080

01:24:08,750 --> 01:24:05,640

saying that at all but I'm just telling

2081

01:24:11,900 --> 01:24:08,760

you the story is just fantastical and

2082

01:24:13,640 --> 01:24:11,910

it's really hard but the cig wall the

2083

01:24:15,230 --> 01:24:13,650

pictures and the videos yet to wrap your

2084

01:24:18,620 --> 01:24:15,240

mind around it I have trouble wrapping

2085

01:24:20,150 --> 01:24:18,630

my my mind around I look at all the

2086

01:24:23,840 --> 01:24:20,160

footage that I have the pictures and the

2087

01:24:29,060 --> 01:24:23,850

videos and it just it's mind-numbing so

2088

01:24:30,980 --> 01:24:29,070

my my my answer to you is that a lizard

2089

01:24:33,050 --> 01:24:30,990

o or some of these other people if

2090

01:24:35,000 --> 01:24:33,060

you're listening to me I'm not

2091

01:24:37,610 --> 01:24:35,010

interested in necessarily being on the

2092

01:24:39,680 --> 01:24:37,620

air and you know and blah blah blah and

2093

01:24:41,960 --> 01:24:39,690

your shows that all that come here

2094

01:24:44,000 --> 01:24:41,970

I'll show you my footage you need to

2095

01:24:47,330 --> 01:24:44,010

look at this and you need to respond to

2096

01:24:48,890 --> 01:24:47,340

it uh-huh and as your footage you

2097

01:24:51,560 --> 01:24:48,900

mentioned you have a number of things up

2098

01:24:53,860 --> 01:24:51,570

on line so do you have like right now

2099

01:24:56,420 --> 01:24:53,870

the listener can jump over and actually

2100

01:24:59,960 --> 01:24:56,430

see some of these videos and where would

2101
01:25:01,610 --> 01:24:59,970
they find them or or pictures so the

2102
01:25:03,740 --> 01:25:01,620
pictures the pictures are in the book

2103
01:25:07,100 --> 01:25:03,750
and the pictures are also on the on road

2104
01:25:09,200 --> 01:25:07,110
Netcom some of select some of them are

2105
01:25:11,840 --> 01:25:09,210
on that video which is just on YouTube

2106
01:25:14,960 --> 01:25:11,850
intersect the movie but if you go to

2107
01:25:16,430 --> 01:25:14,970
just Road Nick calm it's all there sort

2108
01:25:20,000 --> 01:25:16,440
of right there and I will be adding

2109
01:25:21,440 --> 01:25:20,010
stuff also there and I've never built a

2110
01:25:23,540 --> 01:25:21,450
website before so people have to bear

2111
01:25:26,530 --> 01:25:23,550
with me this is not you know a social

2112
01:25:29,120 --> 01:25:26,540
media and website savvy type of person

2113
01:25:31,310 --> 01:25:29,130

this is now what I do some out of my

2114

01:25:33,980 --> 01:25:31,320

element and I'm trying to move as fast

2115

01:25:35,690 --> 01:25:33,990

as I can while at the same time trying

2116

01:25:39,350 --> 01:25:35,700

to finish the second book for everybody

2117

01:25:41,360 --> 01:25:39,360

so everybody can can read it and and to

2118

01:25:42,470 --> 01:25:41,370

be honest I have no idea you know what's

2119

01:25:45,200 --> 01:25:42,480

going to happen after the second book

2120

01:25:46,850 --> 01:25:45,210

and everything I I sort of reached a

2121

01:25:48,410 --> 01:25:46,860

crossroads and everything I wouldn't say

2122

01:25:50,240 --> 01:25:48,420

an intersection but a crossroads because

2123

01:25:53,150 --> 01:25:50,250

a couple weeks ago there was an event

2124

01:25:55,550 --> 01:25:53,160

here which I spoke about and at another

2125

01:25:58,790 --> 01:25:55,560

interview where where there were

2126
01:26:00,590 --> 01:25:58,800
helicopters that were circling in a just

2127
01:26:02,750 --> 01:26:00,600
little pocket of a valley here above my

2128
01:26:04,610 --> 01:26:02,760
house and I went outside it was just

2129
01:26:06,470 --> 01:26:04,620
past midnight and there's obviously

2130
01:26:07,620 --> 01:26:06,480
something that was it was there that was

2131
01:26:09,419 --> 01:26:07,630
hovering

2132
01:26:11,939 --> 01:26:09,429
one helicopter was there and then a

2133
01:26:13,740 --> 01:26:11,949
military helicopter showed up and then a

2134
01:26:16,050 --> 01:26:13,750
third helicopter joined and I'm trying

2135
01:26:18,870 --> 01:26:16,060
to desperately it's night night footage

2136
01:26:21,209 --> 01:26:18,880
is really hard to shoot you know I'm not

2137
01:26:22,890 --> 01:26:21,219
a videographer so I just do the best I

2138
01:26:24,720 --> 01:26:22,900

can with a handheld digital camera and

2139

01:26:27,149 --> 01:26:24,730

I'm trying to dock him at this and after

2140

01:26:28,379 --> 01:26:27,159

and this went on people's lights were

2141

01:26:29,700 --> 01:26:28,389

coming on all over the neighborhood

2142

01:26:31,050 --> 01:26:29,710

people were looking out their windows

2143

01:26:33,570 --> 01:26:31,060

what's going on most people just

2144

01:26:35,850 --> 01:26:33,580

basically looked out Oh helicopters and

2145

01:26:38,669 --> 01:26:35,860

then they simply went back to sleep and

2146

01:26:40,890 --> 01:26:38,679

I sort of stood my ground and just

2147

01:26:42,629 --> 01:26:40,900

trying to film and try to get a shot of

2148

01:26:44,550 --> 01:26:42,639

what it is that they're reacting to and

2149

01:26:46,560 --> 01:26:44,560

circling you know on and on and a

2150

01:26:48,030 --> 01:26:46,570

military helicopter trying to get a look

2151
01:26:49,530 --> 01:26:48,040
at it you know so I could identify it

2152
01:26:51,689 --> 01:26:49,540
because everything it's dark the

2153
01:26:54,240 --> 01:26:51,699
military helicopter was in with lights

2154
01:26:55,530 --> 01:26:54,250
off now how's that for you know and I

2155
01:26:57,330 --> 01:26:55,540
got only catch glimpses of it with

2156
01:26:59,580 --> 01:26:57,340
binoculars so I had binoculars in a

2157
01:27:03,060 --> 01:26:59,590
camera and I'd walked up I actually left

2158
01:27:05,490 --> 01:27:03,070
my house and walked up about a block and

2159
01:27:06,930 --> 01:27:05,500
a half from my house up into the

2160
01:27:09,600 --> 01:27:06,940
hillside as much as I could get a view

2161
01:27:13,350 --> 01:27:09,610
of what was going on and I've been

2162
01:27:16,979 --> 01:27:13,360
warned by my DoD contact by other people

2163
01:27:19,229 --> 01:27:16,989

sort of in the know that you know this

2164

01:27:21,660 --> 01:27:19,239

whole thing with MIBs that I did have

2165

01:27:23,310 --> 01:27:21,670

gone through that have shown up that

2166

01:27:24,390 --> 01:27:23,320

have pushed on me that I elaborated in

2167

01:27:26,910 --> 01:27:24,400

the book and there are other things that

2168

01:27:28,530 --> 01:27:26,920

have happened since that be careful

2169

01:27:30,959 --> 01:27:28,540

because they they you know there's a

2170

01:27:33,090 --> 01:27:30,969

line that you across and they you know

2171

01:27:35,370 --> 01:27:33,100

they're and these are not nice people

2172

01:27:37,110 --> 01:27:35,380

and and they're not there as far as I'm

2173

01:27:40,050 --> 01:27:37,120

concerned that's why I call mid runes in

2174

01:27:41,760 --> 01:27:40,060

my book but um but a line was crossed

2175

01:27:43,770 --> 01:27:41,770

that night just a couple weeks ago

2176
01:27:45,930 --> 01:27:43,780
because when I was trying to get this

2177
01:27:48,330 --> 01:27:45,940
footage a white van pull up pulled up

2178
01:27:51,450 --> 01:27:48,340
the street and it parked them aside with

2179
01:27:53,189 --> 01:27:51,460
lights on and it's unmarked no license

2180
01:27:54,870 --> 01:27:53,199
plate no nothing and I'm like okay my

2181
01:27:56,820 --> 01:27:54,880
radar went up like something's going on

2182
01:27:58,640 --> 01:27:56,830
I I've seen this before here and

2183
01:28:01,620 --> 01:27:58,650
everything with unmarked cars drive by

2184
01:28:04,260 --> 01:28:01,630
and if you look at my book also there's

2185
01:28:05,370 --> 01:28:04,270
a picture of a where this airforce may

2186
01:28:07,169 --> 01:28:05,380
have been everything parks in front of

2187
01:28:09,720 --> 01:28:07,179
our house with this massive telephoto

2188
01:28:11,540 --> 01:28:09,730

lens and looking deep into our house and

2189

01:28:14,220 --> 01:28:11,550

I had pictures of this person's face

2190

01:28:16,470 --> 01:28:14,230

okay so I didn't post the face because I

2191

01:28:18,479 --> 01:28:16,480

realized of national security but all I

2192

01:28:21,360 --> 01:28:18,489

can say is don't push me these people

2193

01:28:24,090 --> 01:28:21,370

and everything or I will out the face

2194

01:28:26,670 --> 01:28:24,100

I don't say the line I would say

2195

01:28:27,920 --> 01:28:26,680

screw that I would I'd post anything if

2196

01:28:31,200 --> 01:28:27,930

I were you I wouldn't worry about

2197

01:28:34,800 --> 01:28:31,210

national security we have a caller I

2198

01:28:36,360 --> 01:28:34,810

would worry I would be or just to finish

2199

01:28:39,300 --> 01:28:36,370

my story and I'll be happy to take the

2200

01:28:42,900 --> 01:28:39,310

caller that line was crossed because

2201

01:28:44,640 --> 01:28:42,910

that white van then moved cut the cuts

2202

01:28:46,950 --> 01:28:44,650

of Street off and everything in half and

2203

01:28:49,080 --> 01:28:46,960

two guys got out folded their hands and

2204

01:28:50,460 --> 01:28:49,090

stared me down and when I tried to point

2205

01:28:52,770 --> 01:28:50,470

my camera at them they started walking

2206

01:28:55,950 --> 01:28:52,780

towards me and they opened the side door

2207

01:28:57,570 --> 01:28:55,960

of the van which is basically we're

2208

01:29:00,300 --> 01:28:57,580

taking you if you point that camera at

2209

01:29:01,200 --> 01:29:00,310

us and I had to back off and I had to

2210

01:29:04,710 --> 01:29:01,210

leave the area

2211

01:29:05,970 --> 01:29:04,720

now that's crossing a hole I don't plan

2212

01:29:09,090 --> 01:29:05,980

to disappear in the middle of the night

2213

01:29:11,010 --> 01:29:09,100

and this is a whole new ballgame now for

2214

01:29:14,790 --> 01:29:11,020

me all right anyway so now the caller

2215

01:29:42,170 --> 01:29:14,800

yeah we have John from Illinois John

2216

01:29:48,330 --> 01:29:45,620

little bit more than they really should

2217

01:29:49,440 --> 01:29:48,340

say where I like actively trying to do

2218

01:29:51,420 --> 01:29:49,450

anything for me

2219

01:29:55,950 --> 01:29:51,430

are you sure that maybe it's not just

2220

01:29:58,800 --> 01:29:55,960

coincidence yeah because I'm not I don't

2221

01:30:00,750 --> 01:29:58,810

live next to an airport so it's not it's

2222

01:30:03,480 --> 01:30:00,760

not a coincidence think about it's not

2223

01:30:05,580 --> 01:30:03,490

in the airport but you live next to an

2224

01:30:08,580 --> 01:30:05,590

airport but do you see vipers Venom's

2225

01:30:12,420 --> 01:30:08,590

Blackhawks Apaches Kiowas Ravens Ospreys

2226

01:30:14,910 --> 01:30:12,430

Chinooks compass calls Hawk eyes flying

2227

01:30:25,610 --> 01:30:14,920

over over your house you know all the

2228

01:30:31,530 --> 01:30:28,080

yeah there are I don't live next to a

2229

01:30:32,930 --> 01:30:31,540

naval base so I live in the financial

2230

01:30:35,009 --> 01:30:32,940

against the foothills and everything

2231

01:30:37,109 --> 01:30:35,019

sort of in the middle of there's

2232

01:30:40,019 --> 01:30:37,119

wilderness on one side and cities on the

2233

01:30:43,799 --> 01:30:40,029

other so there is no air base or or a

2234

01:30:46,409 --> 01:30:43,809

naval base next to me at all and these

2235

01:30:48,899 --> 01:30:46,419

mines use these aircrafts these aircraft

2236

01:30:51,000 --> 01:30:48,909

they're dropping behind the hill there

2237

01:30:53,609 --> 01:30:51,010

is no air base behind the hill yet I

2238

01:30:55,559 --> 01:30:53,619

have video footage and pictures of these

2239

01:30:58,409 --> 01:30:55,569

aircraft dropping behind the hill and

2240

01:31:00,329 --> 01:30:58,419

landing in the hillside behind so there

2241

01:31:02,639 --> 01:31:00,339

I there's no reasonable explanation for

2242

01:31:04,169 --> 01:31:02,649

that that that's just mind blowing and I

2243

01:31:06,389 --> 01:31:04,179

I don't know I don't know what they're

2244

01:31:09,000 --> 01:31:06,399

doing so that's that's my whole question

2245

01:31:19,049 --> 01:31:09,010

is I want the community to respond and

2246

01:31:21,929 --> 01:31:19,059

to dig into this they're landing in the

2247

01:31:24,449 --> 01:31:21,939

hillsides that are that are federally in

2248

01:31:25,949 --> 01:31:24,459

state controlled lands before they were

2249

01:31:36,029 --> 01:31:25,959

open to hiking now they've all been

2250

01:31:38,309 --> 01:31:36,039

closed off which is also get weird yeah

2251

01:31:40,979 --> 01:31:38,319

you know our taxpayer dollars pay for

2252

01:31:42,809 --> 01:31:40,989

the military aircraft and a lot of

2253

01:31:45,059 --> 01:31:42,819

people here are scared when they look up

2254

01:31:46,709 --> 01:31:45,069

they told me oh I see the Osprey and it

2255

01:31:48,389 --> 01:31:46,719

scares me and well why didn't scare you

2256

01:31:50,459 --> 01:31:48,399

we paid for that it's supposed to defend

2257

01:31:52,889 --> 01:31:50,469

us we should know what it's doing this

2258

01:31:56,849 --> 01:31:52,899

stuff it's not a bad question to ask you

2259

01:32:04,739 --> 01:31:56,859

know okay what about the cars in front

2260

01:32:06,389 --> 01:32:04,749

of your house yeah that's great because

2261

01:32:08,009 --> 01:32:06,399

you know what the cops are part of that

2262

01:32:09,389 --> 01:32:08,019

whole thing I have pictures and

2263

01:32:11,339 --> 01:32:09,399

everything of cop the cops are following

2264

01:32:13,439 --> 01:32:11,349

me that you've seen my Twitter and

2265

01:32:16,889 --> 01:32:13,449

everything I just had a run-in recently

2266

01:32:18,209 --> 01:32:16,899

where they they they waited till I was

2267

01:32:19,919 --> 01:32:18,219

leaving my house and then they wait to

2268

01:32:21,269 --> 01:32:19,929

my house but I doubled back when I

2269

01:32:23,099 --> 01:32:21,279

caught them in front of my house and

2270

01:32:24,750 --> 01:32:23,109

then they took off so they're part of

2271

01:32:27,299 --> 01:32:24,760

this surveillance and I've reached out

2272

01:32:29,759 --> 01:32:27,309

again to context that I have and it's in

2273

01:32:35,969 --> 01:32:29,769

the security or dark world if you want

2274

01:32:38,189 --> 01:32:35,979

to call it that and cops are Dave and

2275

01:32:40,319 --> 01:32:38,199

today I was told that probably the cops

2276

01:32:42,119 --> 01:32:40,329

don't know what they're doing I don't

2277

01:32:43,109 --> 01:32:42,129

mean that in a facetious way they don't

2278

01:32:44,399 --> 01:32:43,119

know what they're doing in the sense

2279

01:32:46,199 --> 01:32:44,409

they've simply been told that there's a

2280

01:32:48,359 --> 01:32:46,209

national security issue at stake and

2281

01:32:49,069 --> 01:32:48,369

that they're supposed to do certain

2282

01:32:54,139 --> 01:32:49,079

things

2283

01:32:56,689 --> 01:32:54,149

that's all they probably know however

2284

01:32:59,089 --> 01:32:56,699

one thing that has come up that's new

2285

01:33:00,500 --> 01:32:59,099

that I will be adding in my book that

2286

01:33:03,500 --> 01:33:00,510

wasn't in my book that just came to

2287

01:33:06,079 --> 01:33:03,510

light a matter of only a month less than

2288

01:33:08,270 --> 01:33:06,089

a month ago is that there are cops here

2289

01:33:10,819 --> 01:33:08,280

that and this is a new term for the UFO

2290

01:33:15,020 --> 01:33:10,829

community so you heard it here first

2291

01:33:16,759 --> 01:33:15,030

pacifiers and pacifiers are cops that

2292

01:33:18,770 --> 01:33:16,769

have been read in that no national

2293

01:33:21,859 --> 01:33:18,780

security issues and know about UFOs and

2294

01:33:24,379 --> 01:33:21,869

they show up to make sure to squelch any

2295

01:33:25,939 --> 01:33:24,389

filming and deter anybody from asking

2296

01:33:27,619 --> 01:33:25,949

questions and get people to move along

2297

01:33:28,939 --> 01:33:27,629

but there's nothing to see even if

2298

01:33:30,739 --> 01:33:28,949

something is hanging right up in front

2299

01:33:33,560 --> 01:33:30,749

of you they make sure you simply leave

2300

01:33:35,270 --> 01:33:33,570

and they're called pacifiers and that's

2301

01:33:37,489 --> 01:33:35,280

and that's some sort of national

2302

01:33:40,250 --> 01:33:37,499

security term that that's used you know

2303

01:33:42,589 --> 01:33:40,260

among you know among the security types

2304

01:33:44,719 --> 01:33:42,599

I'd never heard that term but now you

2305

01:33:46,279 --> 01:33:44,729

know I'm making it public and everything

2306

01:33:50,359 --> 01:33:46,289

and everybody should know and you should

2307

01:33:53,719 --> 01:33:50,369

be wary of these people Mauryan I have

2308

01:33:57,169 --> 01:33:53,729

to say this to you you're not gonna like

2309

01:33:59,000 --> 01:33:57,179

me for saying this but I have a I have

2310

01:34:02,270 --> 01:33:59,010

to tell you that I'm just not buying

2311

01:34:04,040 --> 01:34:02,280

this I'm not buying your story i I've

2312

01:34:05,979 --> 01:34:04,050

never done this to a guest before but

2313

01:34:09,439 --> 01:34:05,989

I'm gonna have to say goodbye to you and

2314

01:34:11,689 --> 01:34:09,449

I really apologize I'm not gonna say

2315

01:34:14,689 --> 01:34:11,699

anything negative about you but I'm just

2316

01:34:17,119 --> 01:34:14,699

not buying this story even though I have

2317

01:34:19,129 --> 01:34:17,129

footage and video and pictures I think

2318

01:34:22,040 --> 01:34:19,139

you know I think you may have something

2319

01:34:25,069 --> 01:34:22,050

with that but I think you are well over

2320

01:34:26,779 --> 01:34:25,079

glorifying the whole thing I don't buy

2321

01:34:28,549 --> 01:34:26,789

this not over Laura crying somebody

2322

01:34:30,799 --> 01:34:28,559

parked in front of my house with all the

2323

01:34:33,349 --> 01:34:30,809

photos and get them out of my house I

2324

01:34:36,109 --> 01:34:33,359

don't think that I I just don't I don't

2325

01:34:38,359 --> 01:34:36,119

see that but anyway I thank you for

2326
01:34:40,939 --> 01:34:38,369
being on our show I really do but that's

2327
01:34:44,299 --> 01:34:40,949
it for me I'm sorry to do this to you

2328
01:34:46,609 --> 01:34:44,309
but that's it okay well thank you for

2329
01:34:48,319 --> 01:34:46,619
having me on and I appreciate the time

2330
01:34:53,209 --> 01:34:48,329
that you've given me yes all right you

2331
01:34:54,679 --> 01:34:53,219
take care okay all right you too all

2332
01:34:58,699 --> 01:34:54,689
right everyone well that's actually a

2333
01:35:01,879 --> 01:34:58,709
first for me and I'm sorry I I just felt

2334
01:35:02,900 --> 01:35:01,889
like I had to do that and if anyone

2335
01:35:04,940 --> 01:35:02,910
wants to call in

2336
01:35:06,890 --> 01:35:04,950
you are welcome to call in other than

2337
01:35:10,100 --> 01:35:06,900
that I'm going to stop the show

2338
01:35:14,300 --> 01:35:10,110

right now but the phone number is eight

2339

01:35:16,640 --> 01:35:14,310

five five four seven two five four eight

2340

01:35:19,430 --> 01:35:16,650

three anyone wants to call in and just

2341

01:35:21,500 --> 01:35:19,440

say hi we have still we have like 20

2342

01:35:24,530 --> 01:35:21,510

minutes left or thereabouts if anyone

2343

01:35:26,510 --> 01:35:24,540

wants to call in and talk about a UFO

2344

01:35:30,740 --> 01:35:26,520

sighting again I'm not going to bash our

2345

01:35:31,160 --> 01:35:30,750

guests but I just felt like I had to do

2346

01:35:33,710 --> 01:35:31,170

that

2347

01:35:36,920 --> 01:35:33,720

and so anyone wants to call in otherwise

2348

01:35:38,270 --> 01:35:36,930

I'm going to call them tonight and next

2349

01:35:41,030 --> 01:35:38,280

week is going to be a little tricky for

2350

01:35:42,710 --> 01:35:41,040

all the regular listeners because next

2351

01:35:45,590 --> 01:35:42,720

week I'm going to be at the UFO Congress

2352

01:35:47,690 --> 01:35:45,600

I'm actually going to be in the air when

2353

01:35:50,690 --> 01:35:47,700

this show is supposed to be on the air

2354

01:35:53,180 --> 01:35:50,700

so what I'm going to do is I'm going to

2355

01:35:56,270 --> 01:35:53,190

have a show probably either Wednesday or

2356

01:35:58,430 --> 01:35:56,280

Thursday evening for those of you on

2357

01:36:00,410 --> 01:35:58,440

YouTube just keep your eye on the

2358

01:36:01,670 --> 01:36:00,420

channel you can if you're not subscribed

2359

01:36:04,670 --> 01:36:01,680

to my channel you can also get

2360

01:36:08,930 --> 01:36:04,680

notifications by clicking the little

2361

01:36:11,720 --> 01:36:08,940

bell thing next to subscribe so you can

2362

01:36:14,300 --> 01:36:11,730

subscribe and get notices that way

2363

01:36:16,010 --> 01:36:14,310

anyone can get a notice of when a show

2364

01:36:18,170 --> 01:36:16,020

is going to be done because I do have a

2365

01:36:19,910 --> 01:36:18,180

mailing list that's on my website all

2366

01:36:22,580 --> 01:36:19,920

you have to do is pop your email into

2367

01:36:24,770 --> 01:36:22,590

that and you'll get weekly notices of

2368

01:36:27,830 --> 01:36:24,780

who's going to be on the show

2369

01:36:30,620 --> 01:36:27,840

so I actually have a caller on the line

2370

01:36:34,130 --> 01:36:30,630

and I will take that call as soon as he

2371

01:36:37,580 --> 01:36:34,140

is screened and so next week again I'll

2372

01:36:40,340 --> 01:36:37,590

be at the UFO Congress and I have a very

2373

01:36:42,710 --> 01:36:40,350

popular roundtable usually going on I

2374

01:36:44,330 --> 01:36:42,720

will tell you that also if you do

2375

01:36:47,630 --> 01:36:44,340

subscribe to the show I'm probably going

2376

01:36:50,600 --> 01:36:47,640

to have a couple of a couple of bonus

2377

01:36:54,200 --> 01:36:50,610

shows that I'm going to give to

2378

01:36:55,820 --> 01:36:54,210

subscribers so that'll do interviews

2379

01:36:58,520 --> 01:36:55,830

hopefully I'll get a nice interview with

2380

01:37:01,550 --> 01:36:58,530

George Knapp for now I have looks like

2381

01:37:05,300 --> 01:37:01,560

Dave Altman friend of the show Dave how

2382

01:37:07,100 --> 01:37:05,310

are you hey Martin how's it going I'm

2383

01:37:12,320 --> 01:37:07,110

doing good thanks for thinking I'll call

2384

01:37:15,350 --> 01:37:12,330

again yeah you know I I got on I got on

2385

01:37:15,840 --> 01:37:15,360

and I was moderating and I forgot that I

2386

01:37:17,760 --> 01:37:15,850

had

2387

01:37:21,450 --> 01:37:17,770

conference call scheduled with Kevin day

2388

01:37:23,820 --> 01:37:21,460

and Gary Voorhees so I left the show on

2389

01:37:26,190 --> 01:37:23,830

I turn the volume down and we talked

2390

01:37:29,100 --> 01:37:26,200

three of us talked for about you know 45

2391

01:37:30,990 --> 01:37:29,110

minutes I hang up and then I go back in

2392

01:37:34,350 --> 01:37:31,000

the chat and I turned the volume up and

2393

01:37:36,540 --> 01:37:34,360

all here is I'm sorry sir but this is

2394

01:37:39,930 --> 01:37:36,550

the first time I'm gonna have to you

2395

01:37:41,490 --> 01:37:39,940

know let somebody off the show and I'm

2396

01:37:43,220 --> 01:37:41,500

reading reading everybody in the chat

2397

01:37:45,150 --> 01:37:43,230

and they're like saying these things

2398

01:37:47,270 --> 01:37:45,160

unbelievable you know I'm gonna have to

2399

01:37:50,130 --> 01:37:47,280

go back and re-watch the whole thing

2400

01:37:51,990 --> 01:37:50,140

yeah I mean you know I could be wrong I

2401
01:37:55,350 --> 01:37:52,000
mean maybe I should be more open-minded

2402
01:37:59,010 --> 01:37:55,360
but I just thought it was just too far

2403
01:38:01,110 --> 01:37:59,020
over the top you know maybe I'm totally

2404
01:38:04,050 --> 01:38:01,120
wrong I don't know but I just felt like

2405
01:38:06,870 --> 01:38:04,060
I oh no no no does anybody if anybody if

2406
01:38:10,440 --> 01:38:06,880
anybody right exactly if anybody would

2407
01:38:13,050 --> 01:38:10,450
be able to and I know you so and I know

2408
01:38:15,780 --> 01:38:13,060
how you interview and if anybody were

2409
01:38:18,540 --> 01:38:15,790
able to figure something kind of fishy

2410
01:38:20,880 --> 01:38:18,550
out it's you and you did the right thing

2411
01:38:22,770 --> 01:38:20,890
you know you did the right thing well

2412
01:38:24,720 --> 01:38:22,780
thank you I'm sure I'm gonna get some

2413
01:38:27,210 --> 01:38:24,730

hate mail from him and that's okay and

2414

01:38:29,700 --> 01:38:27,220

you know he has yes but I'm sure you

2415

01:38:33,950 --> 01:38:29,710

know books his next books coming out I'm

2416

01:38:36,150 --> 01:38:33,960

just you know but anyway oh wait wait

2417

01:38:40,590 --> 01:38:36,160

speaking of which I want to let you know

2418

01:38:46,050 --> 01:38:40,600

that Kevin day his book his book just

2419

01:38:48,630 --> 01:38:46,060

came out which is a fictional but I've

2420

01:38:51,120 --> 01:38:48,640

no you probably heard him explain it yes

2421

01:38:53,160 --> 01:38:51,130

a an account of the nimitz encounter but

2422

01:38:55,170 --> 01:38:53,170

if you wrote it years ago right but he

2423

01:38:57,270 --> 01:38:55,180

wrote it in a fictional light right

2424

01:38:59,580 --> 01:38:57,280

right it just came out and it's on

2425

01:39:01,140 --> 01:38:59,590

Amazon it came out yesterday oh how

2426

01:39:04,980 --> 01:39:01,150

about that yeah he told me he wrote it

2427

01:39:06,900 --> 01:39:04,990

you know a long time ago too I think he

2428

01:39:10,380 --> 01:39:06,910

just had to work things out in his mind

2429

01:39:13,350 --> 01:39:10,390

that way you know and and right therapy

2430

01:39:16,230 --> 01:39:13,360

for him right exactly so you won't

2431

01:39:18,270 --> 01:39:16,240

happen and he will see you will yeah I'm

2432

01:39:19,800 --> 01:39:18,280

coming with Kevin to Phoenix oh my god

2433

01:39:23,130 --> 01:39:19,810

okay well we'll see you next week

2434

01:39:25,200 --> 01:39:23,140

awesome I can't wait exactly exactly and

2435

01:39:27,210 --> 01:39:25,210

we'll have a signed copy of Kevin's book

2436

01:39:29,100 --> 01:39:27,220

with us for you all right sounds great

2437

01:39:29,609 --> 01:39:29,110

we'll have dinner together or something

2438

01:39:32,459 --> 01:39:29,619

but

2439

01:39:34,280 --> 01:39:32,469

all right okay yes we will Alpena Creek

2440

01:39:38,339 --> 01:39:34,290

all right take care thanks for the call

2441

01:39:40,919 --> 01:39:38,349

okay we have James calling from Bellevue

2442

01:39:43,850 --> 01:39:40,929

Washington my sister's visiting here

2443

01:39:46,229 --> 01:39:43,860

she's about 15 miles away from Seattle

2444

01:39:50,250 --> 01:39:46,239

it's beautiful out that way welcome to

2445

01:39:53,910 --> 01:39:50,260

the show James yeah Thank You Martin

2446

01:39:56,280 --> 01:39:53,920

thanks a lot for an interesting well I

2447

01:39:58,500 --> 01:39:56,290

actually I often my car and was driving

2448

01:40:01,800 --> 01:39:58,510

home listening on Tuesday like usual and

2449

01:40:04,740 --> 01:40:01,810

I only caught the tail end of of that

2450

01:40:06,930 --> 01:40:04,750

but I will tell you that first of all I

2451
01:40:10,560 --> 01:40:06,940
commend you for doing doing what you did

2452
01:40:16,620 --> 01:40:10,570
and I I made the mistake of buying his

2453
01:40:21,030 --> 01:40:16,630
book and and I don't know what's going

2454
01:40:23,760 --> 01:40:21,040
on there but but I I had the exact same

2455
01:40:27,209 --> 01:40:23,770
reaction reading the book cause you seem

2456
01:40:28,859 --> 01:40:27,219
to have there at the end on I just

2457
01:40:33,870 --> 01:40:28,869
couldn't deal with it anymore

2458
01:40:36,300 --> 01:40:33,880
and anyway I but I I do love your show

2459
01:40:37,770 --> 01:40:36,310
and and I appreciate the time and the

2460
01:40:41,459 --> 01:40:37,780
hard work you put in and that must've

2461
01:40:45,180 --> 01:40:41,469
been hard yeah I mean I'd never I got I

2462
01:40:47,220 --> 01:40:45,190
didn't want to do it but yeah so but I

2463
01:40:49,410 --> 01:40:47,230

do appreciate it so you actually catch

2464

01:40:51,000 --> 01:40:49,420

my show while you're driving so on

2465

01:40:54,990 --> 01:40:51,010

YouTube is that how you do it how do you

2466

01:40:58,320 --> 01:40:55,000

do it yeah I do it on YouTube with my

2467

01:41:02,250 --> 01:40:58,330

phone and so you know it's got a

2468

01:41:04,950 --> 01:41:02,260

bluetooth and I just pop in and hit it

2469

01:41:09,330 --> 01:41:04,960

hit your show is that it's perfect for

2470

01:41:11,220 --> 01:41:09,340

me in the afternoon here and and I got a

2471

01:41:14,609 --> 01:41:11,230

little bit of a drive not not bad

2472

01:41:17,459 --> 01:41:14,619

compared to most people but then I you

2473

01:41:18,390 --> 01:41:17,469

know I uh catch every Tuesday all right

2474

01:41:21,209 --> 01:41:18,400

well that's excellent

2475

01:41:28,970 --> 01:41:21,219

hey what have you ever had a personal

2476

01:41:32,280 --> 01:41:28,980

sighting yourself yeah twice I have I

2477

01:41:36,060 --> 01:41:32,290

the second one was the motor sort of

2478

01:41:40,100 --> 01:41:36,070

spectacular of the two iPhones but and

2479

01:41:43,470 --> 01:41:40,110

it happened just last December 30th

2480

01:41:46,229 --> 01:41:43,480

right before New Year's Eve and

2481

01:41:49,350 --> 01:41:46,239

my brother-in-law and I we were all

2482

01:41:50,729 --> 01:41:49,360

together for dinner that night and he

2483

01:41:53,040 --> 01:41:50,739

and I stepped out kind of on the back

2484

01:41:56,970 --> 01:41:53,050

porch he smokes and I wanted to look

2485

01:41:59,370 --> 01:41:56,980

around outside and he's a big skeptic

2486

01:42:02,640 --> 01:41:59,380

and has been for years he's teasing me

2487

01:42:05,040 --> 01:42:02,650

for years and we are standing out there

2488

01:42:07,500 --> 01:42:05,050

looking around and my folks live out in

2489

01:42:09,390 --> 01:42:07,510

a very rural area and there's no light

2490

01:42:11,310 --> 01:42:09,400

pollution and the stars were just

2491

01:42:15,470 --> 01:42:11,320

spectacular and I look up there and

2492

01:42:20,070 --> 01:42:15,480

there's this there's this brilliant

2493

01:42:22,919 --> 01:42:20,080

white light which I don't know if my

2494

01:42:25,800 --> 01:42:22,929

held my hand out at arm's length it may

2495

01:42:28,530 --> 01:42:25,810

have been somewhere say an eighth of an

2496

01:42:31,140 --> 01:42:28,540

inch in size you know or maybe a quarter

2497

01:42:35,310 --> 01:42:31,150

of an inch quite quite large and it was

2498

01:42:37,169 --> 01:42:35,320

moving from west to east and it was kind

2499

01:42:39,120 --> 01:42:37,179

of moving slowly and I said hey Tim look

2500

01:42:42,030 --> 01:42:39,130

at that and we both look up and it was

2501
01:42:44,280 --> 01:42:42,040
nearly overhead and we both look up and

2502
01:42:46,770 --> 01:42:44,290
then it starts to kind of bend around in

2503
01:42:49,680 --> 01:42:46,780
a turn to the south not a like a sharp

2504
01:42:52,919 --> 01:42:49,690
90-degree turn but more of a bend and

2505
01:42:56,880 --> 01:42:52,929
then there was a second light there and

2506
01:42:59,669 --> 01:42:56,890
the first one merged with that and then

2507
01:43:02,310 --> 01:42:59,679
if they seemed to stop and then they

2508
01:43:05,130 --> 01:43:02,320
moved a little bit further to the south

2509
01:43:06,600 --> 01:43:05,140
and then they just sort of disappeared

2510
01:43:09,959 --> 01:43:06,610
it was like something stuck the light

2511
01:43:13,530 --> 01:43:09,969
away and there was a kind of a red a red

2512
01:43:16,140 --> 01:43:13,540
I don't know how to describe it but I

2513
01:43:21,060 --> 01:43:16,150

said did you see that and he goes yeah I

2514

01:43:23,250 --> 01:43:21,070

did and and he was a confirmed skeptic I

2515

01:43:25,050 --> 01:43:23,260

mean he was a deep bunker a real jerk

2516

01:43:28,680 --> 01:43:25,060

about it sometimes when he had a couple

2517

01:43:30,479 --> 01:43:28,690

drinks in and I and so several times

2518

01:43:33,660 --> 01:43:30,489

since then I tried to talk to him about

2519

01:43:34,709 --> 01:43:33,670

it he won't say a word he just says I

2520

01:43:37,410 --> 01:43:34,719

don't want to talk about it

2521

01:43:40,350 --> 01:43:37,420

and I don't know if it's fear or what it

2522

01:43:42,570 --> 01:43:40,360

is but it was an awesome thing it was

2523

01:43:44,700 --> 01:43:42,580

really cool it wasn't a saddle wasn't an

2524

01:43:47,550 --> 01:43:44,710

airplane was an ala copter wasn't a

2525

01:43:51,209 --> 01:43:47,560

drone it wasn't a Chinese landfill it

2526

01:43:54,720 --> 01:43:51,219

was way up there whatever it was and it

2527

01:43:57,310 --> 01:43:54,730

wasn't a satellite wow that's that's

2528

01:44:00,460 --> 01:43:57,320

really a great one and you know I hear

2529

01:44:02,350 --> 01:44:00,470

the time when someone will say you know

2530

01:44:06,520 --> 01:44:02,360

after sighting that they they don't want

2531

01:44:09,310 --> 01:44:06,530

to talk about it you know at all you

2532

01:44:11,200 --> 01:44:09,320

know I have a friend that he is actually

2533

01:44:12,670 --> 01:44:11,210

in the antiques and auction business and

2534

01:44:15,070 --> 01:44:12,680

occasionally this listens to the show

2535

01:44:17,260 --> 01:44:15,080

because he was walking with some friends

2536

01:44:19,600 --> 01:44:17,270

when he was about 14 years old and this

2537

01:44:21,550 --> 01:44:19,610

object was like right over them and they

2538

01:44:23,710 --> 01:44:21,560

could feel he felled it before he looked

2539

01:44:25,300 --> 01:44:23,720

up you know he could feel something or

2540

01:44:26,770 --> 01:44:25,310

whatever and he says to friends no

2541

01:44:28,120 --> 01:44:26,780

matter how much over the years he's

2542

01:44:30,070 --> 01:44:28,130

tried to get them to talk about it they

2543

01:44:31,870 --> 01:44:30,080

won't speak about it at all he said

2544

01:44:33,430 --> 01:44:31,880

they'll just like both of them just shot

2545

01:44:34,480 --> 01:44:33,440

him right out they that's it they don't

2546

01:44:36,460 --> 01:44:34,490

want to talk about it like it never

2547

01:44:38,620 --> 01:44:36,470

happened and that happens a lot

2548

01:44:42,850 --> 01:44:38,630

that's especially when you know someone

2549

01:44:44,260 --> 01:44:42,860

has you know a skeptic mind and they

2550

01:44:45,850 --> 01:44:44,270

don't wanted to just want to pass it off

2551

01:44:47,440 --> 01:44:45,860

as something else you said you had

2552

01:44:50,260 --> 01:44:47,450

another sighting was that was really a

2553

01:44:52,390 --> 01:44:50,270

good one and we have we actually have a

2554

01:44:56,560 --> 01:44:52,400

couple minutes left if you can tell us

2555

01:45:00,120 --> 01:44:56,570

about that sure sure yeah this I was

2556

01:45:03,820 --> 01:45:00,130

living in Fall City Washington which is

2557

01:45:07,630 --> 01:45:03,830

I don't know it's east of here about ten

2558

01:45:11,020 --> 01:45:07,640

miles and east of Seattle and again it's

2559

01:45:13,210 --> 01:45:11,030

a very rural area we had a really nice

2560

01:45:17,590 --> 01:45:13,220

place out there was before my boys had

2561

01:45:20,200 --> 01:45:17,600

grown up and my younger son and I were

2562

01:45:22,870 --> 01:45:20,210

out in the backyard and we were going to

2563

01:45:26,290 --> 01:45:22,880

pretend camping he was only but probably

2564

01:45:27,790 --> 01:45:26,300

six years old I think and and we had the

2565

01:45:30,280 --> 01:45:27,800

tent set up and we had a fire in the

2566

01:45:34,390 --> 01:45:30,290

fire pit and blah blah blah anyway I was

2567

01:45:39,070 --> 01:45:34,400

standing there looking north and I see

2568

01:45:42,790 --> 01:45:39,080

this brilliant white object coming

2569

01:45:45,060 --> 01:45:42,800

across going from again it was west to

2570

01:45:48,040 --> 01:45:45,070

east fairly low on the horizon and there

2571

01:45:49,960 --> 01:45:48,050

yes-no kwame National Forest was

2572

01:45:53,650 --> 01:45:49,970

immediately north of us there's nothing

2573

01:45:56,800 --> 01:45:53,660

up there and it moved in a straight line

2574

01:45:59,230 --> 01:45:56,810

in a very sort of deliberate fashion and

2575

01:46:00,610 --> 01:45:59,240

I was coming up with is that thing you

2576

01:46:02,590 --> 01:46:00,620

know I thought half maybe it's a

2577

01:46:05,500 --> 01:46:02,600

helicopter or whatever but it was too

2578

01:46:07,360 --> 01:46:05,510

big for that and there was no noise at

2579

01:46:11,510 --> 01:46:07,370

all and as it got closer and kind of

2580

01:46:13,850 --> 01:46:11,520

passed by me at that point if my

2581

01:46:17,150 --> 01:46:13,860

finger if I held my hand out it was

2582

01:46:17,720 --> 01:46:17,160

probably a good quarter of an inch in

2583

01:46:20,090 --> 01:46:17,730

size

2584

01:46:22,070 --> 01:46:20,100

and I thought maybe it's a landing light

2585

01:46:23,510 --> 01:46:22,080

on an airplane or something but it it

2586

01:46:25,580 --> 01:46:23,520

was shy if that's the case it would have

2587

01:46:27,230 --> 01:46:25,590

been shining off on the side and then I

2588

01:46:30,440 --> 01:46:27,240

noticed that the light had this very

2589

01:46:32,630 --> 01:46:30,450

weird effect to it it was like it was

2590

01:46:35,140 --> 01:46:32,640

confined there was no glare coming off

2591

01:46:37,400 --> 01:46:35,150

at at all it was like it was somehow

2592

01:46:40,250 --> 01:46:37,410

confine I don't know how to describe it

2593

01:46:42,380 --> 01:46:40,260

anyway and then it went off all the way

2594

01:46:44,420 --> 01:46:42,390

to the east and then went over the

2595

01:46:47,060 --> 01:46:44,430

Cascade Mountains or it's yet you know

2596

01:46:47,840 --> 01:46:47,070

went out and that whole thing from the

2597

01:46:50,510 --> 01:46:47,850

time I saw it

2598

01:46:53,840 --> 01:46:50,520

I've tried to reconstruct it till the

2599

01:46:57,410 --> 01:46:53,850

time I lost it was maybe six or seven

2600

01:46:59,120 --> 01:46:57,420

maybe eight seconds and that you know I

2601
01:47:02,240 --> 01:46:59,130
couldn't tell how far away it was or how

2602
01:47:06,080 --> 01:47:02,250
close it was but whatever it was it was

2603
01:47:09,050 --> 01:47:06,090
moving at quite a clip and it was a very

2604
01:47:10,370 --> 01:47:09,060
strange-looking thing i i i don't think

2605
01:47:12,310 --> 01:47:10,380
it was an airplane i don't think of a

2606
01:47:15,320 --> 01:47:12,320
helicopter i don't know what it was but

2607
01:47:16,940 --> 01:47:15,330
that was my person o lightning

2608
01:47:18,920 --> 01:47:16,950
yeah that would that would get me

2609
01:47:21,350 --> 01:47:18,930
interested in looking into it just that

2610
01:47:22,940 --> 01:47:21,360
alone you know it's funny you mentioned

2611
01:47:26,330 --> 01:47:22,950
about the light the way it almost seemed

2612
01:47:28,070 --> 01:47:26,340
like concealed and there's there are

2613
01:47:29,900 --> 01:47:28,080

stories about that there's actually

2614

01:47:32,540 --> 01:47:29,910

stories about beams of light for

2615

01:47:34,130 --> 01:47:32,550

instance Charles Hall talks about the

2616

01:47:37,070 --> 01:47:34,140

beam of light shooting down toward his

2617

01:47:39,110 --> 01:47:37,080

feet but it wasn't like of the normal

2618

01:47:43,520 --> 01:47:39,120

beam of light it was like it contained

2619

01:47:47,000 --> 01:47:43,530

somehow so yeah there's yeah yeah a lot

2620

01:47:49,100 --> 01:47:47,010

of really big mysteries in this so I

2621

01:47:51,560 --> 01:47:49,110

really appreciate the call James it's

2622

01:47:53,300 --> 01:47:51,570

actually been a pleasure talking to you

2623

01:47:57,370 --> 01:47:53,310

out that way and so send me an e-mail

2630

01:48:15,590 --> 01:48:13,260

2641

01:48:40,069 --> 01:48:38,639

your eye on our website too I'll post

2642

01:48:41,990 --> 01:48:40,079

something there when the show is going

2643

01:48:44,390 --> 01:48:42,000

to go live and thanks so much everyone

2644

01:48:47,479 --> 01:48:44,400

and remember to keep your eyes to the

2645

01:48:48,979 --> 01:48:47,489

sky and it hits me oh my gosh this is

2646

01:48:50,419 --> 01:48:48,989

that triangle you know there's

2647

01:48:52,069 --> 01:48:50,429

explanation for everything that occurred

2648

01:48:54,530 --> 01:48:52,079

in the Rendlesham forest incident

2649

01:48:57,200 --> 01:48:54,540

it doesn't involve aliens at all it was

2650

01:49:01,970 --> 01:48:57,210

completely silent it comes right over

2651

01:49:03,680 --> 01:49:01,980

our head it's also really standing in

2652

01:49:05,180 --> 01:49:03,690

the clearing he turned over to my father

2653

01:49:11,209 --> 01:49:05,190

and held his hand and he looked in his

2654

01:49:14,629 --> 01:49:11,219

eyes and said we're not alone welcome to

2655

01:49:16,640 --> 01:49:14,639

podcast UFO for our live show during the

2656

01:49:19,129 --> 01:49:16,650

show feel free to participate live in
