1
00:00:06,110 --> 00:00:33,599

[Music]

2
00:00:39,689 --> 00:00:36,840

hello and welcome to the show I'm Martin

3
00:00:42,899 --> 00:00:39,699

Willis your host and I think we have a

4
00:00:44,789 --> 00:00:42,909

show for you this evening we I did what

5
00:00:47,399 --> 00:00:44,799

I always do and that is I do it a sound

6
00:00:50,520 --> 00:00:47,409

test with our guest earlier on

7
00:00:53,459 --> 00:00:50,530

everything was just fine and now when we

8
00:00:57,179 --> 00:00:53,469

get him on skype he's saying hello hello

9
00:00:59,279 --> 00:00:57,189

that's all we got so far so we have bill

10
00:01:03,569 --> 00:00:59,289

in the background thank you Bill he's

11
00:01:06,240 --> 00:01:03,579

going to try to work that out and so

12
00:01:08,969 --> 00:01:06,250

we're not really getting too far but

13
00:01:12,180 --> 00:01:08,979

we'll see how things go we get this news

14

00:01:14,190 --> 00:01:12,190
with Alejandro Rojas for about 15

15

00:01:17,520 --> 00:01:14,200
minutes so during that time hopefully we

16

00:01:20,279 --> 00:01:17,530
will connect and anyway I want to thank

17

00:01:21,960 --> 00:01:20,289
everyone that supports the show anyone

18

00:01:27,149 --> 00:01:21,970
can support the show all you have to do

19

00:01:29,100 --> 00:01:27,159
is go over to podcast UFO comm and check

20

00:01:32,490 --> 00:01:29,110
it out over there also we have a new

21

00:01:34,320 --> 00:01:32,500
blog this week called rocking UFOs

22

00:01:36,960 --> 00:01:34,330
that's by Charles Lear and it's about

23

00:01:39,330 --> 00:01:36,970
some rock stars not all of them because

24

00:01:44,070 --> 00:01:39,340
a lot of them have had UFO experiences

25

00:01:46,729 --> 00:01:44,080
but some of them are there so go check

26

00:01:50,509 --> 00:01:46,739

that out over at podcast UFO comm and

27

00:01:53,400 --> 00:01:50,519

our Facebook page we've got an or node

28

00:01:56,089 --> 00:01:53,410

23,000 or so people over there and the

29

00:01:59,490 --> 00:01:56,099

reason they're there is because Peggy in

30

00:02:01,919 --> 00:01:59,500

Las Vegas is kind enough to post a news

31

00:02:06,199 --> 00:02:01,929

story every day on there one kind or

32

00:02:08,190 --> 00:02:06,209

another in relation to UFOs or space

33

00:02:10,859 --> 00:02:08,200

interesting subjects things like that

34

00:02:13,309 --> 00:02:10,869

and I think it's about ready for me to

35

00:02:15,570 --> 00:02:13,319

stop talking and to get Alejandro in

36

00:02:15,860 --> 00:02:15,580

Alejandro how are you welcome to the

37

00:02:19,410 --> 00:02:15,870

show

38

00:02:21,869 --> 00:02:19,420

hello thank you for having me well you

39

00:02:25,259 --> 00:02:21,879

might have like you might not happen the

40

00:02:28,500 --> 00:02:25,269

whole show with me I know you got things

41

00:02:32,220 --> 00:02:28,510

to do but anyway deer in the headlights

42

00:02:36,390 --> 00:02:32,230

look so how you doing have you how you

43

00:02:38,070 --> 00:02:36,400

relaxed yet not really a little bit yeah

44

00:02:40,920 --> 00:02:38,080

hey I probably look better because I'm

45

00:02:43,650 --> 00:02:40,930

not totally freaked out but it's been

46

00:02:46,290 --> 00:02:43,660

kind of crazy in fact I am like super

47

00:02:47,199 --> 00:02:46,300

busy again because there was the UFO

48

00:02:51,940 --> 00:02:47,209

Congress

49

00:02:54,339 --> 00:02:51,950

we took a few days off and then I sold

50

00:02:55,960 --> 00:02:54,349

my house and it sold weight more quickly

51

00:02:58,720 --> 00:02:55,970

than I expected

52

00:03:00,970 --> 00:02:58,730

and so I am literally moving out cuz I

53

00:03:02,860 --> 00:03:00,980

have to be out by the end of the week

54

00:03:05,890 --> 00:03:02,870

and in fact I'm temping to have

55

00:03:10,569 --> 00:03:05,900

everything ready tomorrow so yeah so

56

00:03:12,490 --> 00:03:10,579

it's goodness Wow and so why why am i

57

00:03:15,280 --> 00:03:12,500

moving out of my house and what the heck

58

00:03:20,199 --> 00:03:15,290

is going on yeah just about ready to ask

59

00:03:23,559 --> 00:03:20,209

that the answers to that question may

60

00:03:26,940 --> 00:03:23,569

have implications in the UFO field which

61

00:03:30,129 --> 00:03:26,950

will be I think for our listeners very

62

00:03:31,449 --> 00:03:30,139

interesting so I don't have anything to

63

00:03:32,589 --> 00:03:31,459

share unfortunately I can't share

64

00:03:34,539 --> 00:03:32,599

anything now and I hate it because I

65

00:03:35,530 --> 00:03:34,549

told this all the time there's good

66

00:03:38,649 --> 00:03:35,540

stuff coming up

67

00:03:42,099 --> 00:03:38,659

but luckily yeah like when I've been

68

00:03:44,229 --> 00:03:42,109

told that I it's come true you know

69

00:03:46,300 --> 00:03:44,239

we've got a lot of amazing things that

70

00:03:47,890 --> 00:03:46,310

have been happening and there's more

71

00:03:50,589 --> 00:03:47,900

great stuff in store and I'll share with

72

00:03:51,789 --> 00:03:50,599

you all as soon as I can but they yeah

73

00:03:55,509 --> 00:03:51,799

some really exciting stuff

74

00:03:57,580 --> 00:03:55,519

on the horizon excellent well you know

75

00:04:00,039 --> 00:03:57,590

that usually I know kind of the inside

76

00:04:03,280 --> 00:04:00,049

story and I have to keep it going

77

00:04:08,619 --> 00:04:03,290

but I'm part of this the people on this

78

00:04:14,080 --> 00:04:08,629

side that's gonna earn so I have an idea

79

00:04:15,339 --> 00:04:14,090

and I'll share the way you'll be one of

80

00:04:18,279 --> 00:04:15,349

the first to know of course in your

81

00:04:21,009 --> 00:04:18,289

audience often gets to know stuff before

82

00:04:22,719 --> 00:04:21,019

my audience because if I'm too busy to

83

00:04:25,719 --> 00:04:22,729

my do my show luckily I'm usually

84

00:04:28,510 --> 00:04:25,729

able to still pop out in with you and I

85

00:04:30,240 --> 00:04:28,520

have had some people where are you

86

00:04:33,010 --> 00:04:30,250

where's your podcast and you know

87

00:04:35,950 --> 00:04:33,020

hopefully I'll have it up again soon and

88

00:04:40,060 --> 00:04:35,960

or some bigger better news for everybody

89

00:04:41,560 --> 00:04:40,070

but yeah so that's up what's up with me

90

00:04:43,659 --> 00:04:41,570

of course there's lots of UFO news out

91

00:04:46,540 --> 00:04:43,669

there should we get into that I think we

92

00:04:48,520 --> 00:04:46,550

should okay so it's a lot more

93

00:04:50,529 --> 00:04:48,530

complicated than what we're reading in

94

00:04:55,719 --> 00:04:50,539

the headlines we're seeing headlines

95

00:04:58,269 --> 00:04:55,729

such as UFOs are real the Navy says UFOs

96

00:05:00,939 --> 00:04:58,279

are real new the Navy UFO videos are

97

00:05:03,549 --> 00:05:00,949

real which is significant of

98

00:05:05,979 --> 00:05:03,559

life science has a headline here that

99

00:05:09,219 --> 00:05:05,989

says UFOs are real and you were never

100

00:05:12,639 --> 00:05:09,229

supposed to see them military official

101
00:05:15,879 --> 00:05:12,649
says there was also a political story of

102
00:05:18,639 --> 00:05:15,889
a week ago Navy withholding data on UFO

103
00:05:20,679 --> 00:05:18,649
sightings according to a congressman so

104
00:05:23,529 --> 00:05:20,689
let's get into break all this down so

105
00:05:25,389 --> 00:05:23,539
what the heck is going on so here's

106
00:05:27,609 --> 00:05:25,399
something that's kind of strange we've

107
00:05:31,209 --> 00:05:27,619
got confirmation and essentially the

108
00:05:33,459 --> 00:05:31,219
Navy representatives spoke to or sent a

109
00:05:36,669 --> 00:05:33,469
message to John Greenwald of the

110
00:05:39,069 --> 00:05:36,679
blackball saying that yes those videos

111
00:05:41,499 --> 00:05:39,079
which confirms essentially what Luo is

112
00:05:43,179 --> 00:05:41,509
and he was telling us are you a PS we

113
00:05:44,619 --> 00:05:43,189

don't know what they are we don't think

114

00:05:46,599 --> 00:05:44,629

they're a Russian we don't think they're

115

00:05:48,189 --> 00:05:46,609

Chinese they didn't say that explicitly

116

00:05:50,079 --> 00:05:48,199

but that's essentially what they're

117

00:05:52,449 --> 00:05:50,089

saying they're you a piece they don't

118

00:05:56,769 --> 00:05:52,459

know what these things are that's very

119

00:05:58,629 --> 00:05:56,779

significant because that means they feel

120

00:06:00,489 --> 00:05:58,639

they've ruled everything else out

121

00:06:02,379 --> 00:06:00,499

they've ruled out Chinese they've ruled

122

00:06:04,899 --> 00:06:02,389

out the Russians they've ruled out some

123

00:06:09,339 --> 00:06:04,909

secret project that is ours that somehow

124

00:06:13,089 --> 00:06:09,349

I you know got the scene by the

125

00:06:15,669 --> 00:06:13,099

Roosevelt crew or the the Nimitz crew

126
00:06:18,399 --> 00:06:15,679
who who took those videos to pilots that

127
00:06:20,439 --> 00:06:18,409
were part of those groups that took

128
00:06:22,469 --> 00:06:20,449
those videos so they're saying that they

129
00:06:25,329 --> 00:06:22,479
feel those are genuine unknowns

130
00:06:29,139 --> 00:06:25,339
represented in those videos the weird

131
00:06:32,199 --> 00:06:29,149
thing is they also told him those videos

132
00:06:34,629 --> 00:06:32,209
were not to be released to the public on

133
00:06:37,419 --> 00:06:34,639
the surface that may seem like oh my

134
00:06:39,549 --> 00:06:37,429
gosh you know so Lou was kind of a

135
00:06:41,429 --> 00:06:39,559
whistleblower he released these UFO

136
00:06:44,139 --> 00:06:41,439
videos even though he wasn't supposed to

137
00:06:45,999 --> 00:06:44,149
normally of course for the UFO community

138
00:06:47,439 --> 00:06:46,009

that'd be very exciting everybody be

139

00:06:49,149 --> 00:06:47,449

like wow that's great this whistleblower

140

00:06:51,339 --> 00:06:49,159

got the info out which is what we've

141

00:06:53,799 --> 00:06:51,349

been waiting for unfortunately some of

142

00:06:55,659 --> 00:06:53,809

the naysayers out there including mr.

143

00:06:56,709 --> 00:06:55,669

Greenwald are like oh look he released

144

00:06:59,739 --> 00:06:56,719

these things and he didn't go through

145

00:07:02,589 --> 00:06:59,749

the proper procedures however we just

146

00:07:05,859 --> 00:07:02,599

got a couple weeks ago and I got this

147

00:07:08,499 --> 00:07:05,869

myself in my own FOIA request an email

148

00:07:11,109 --> 00:07:08,509

string regarding the release of those

149

00:07:13,089 --> 00:07:11,119

videos not only do we have a release

150

00:07:14,210 --> 00:07:13,099

form that was proud that was filled out

151
00:07:17,360 --> 00:07:14,220
and stamped

152
00:07:20,330 --> 00:07:17,370
by the Navy approved for release we also

153
00:07:22,310 --> 00:07:20,340
got an email correspondence where you

154
00:07:25,100 --> 00:07:22,320
can see Elizondo discussing with the

155
00:07:27,140 --> 00:07:25,110
Navy about the release of the videos so

156
00:07:29,630 --> 00:07:27,150
we have this correspondence we have this

157
00:07:33,520 --> 00:07:29,640
document that all shows the videos were

158
00:07:38,090 --> 00:07:33,530
released for the public yet we have this

159
00:07:40,250 --> 00:07:38,100
you know press a public relations person

160
00:07:42,320 --> 00:07:40,260
saying no they weren't supposed to be

161
00:07:44,570 --> 00:07:42,330
released to the public so it creates

162
00:07:46,610 --> 00:07:44,580
some problems first of all why are they

163
00:07:49,070 --> 00:07:46,620

doing this this keeps happening over and

164

00:07:51,140 --> 00:07:49,080

over again they say they when they

165

00:07:53,240 --> 00:07:51,150

acknowledge something as real like even

166

00:07:56,060 --> 00:07:53,250

when they acknowledge that the DD 19:10

167

00:07:58,400 --> 00:07:56,070

the form that read that allows a release

168

00:08:01,340 --> 00:07:58,410

of those videos even when they confirmed

169

00:08:03,470 --> 00:08:01,350

that was real they said however you know

170

00:08:06,110 --> 00:08:03,480

it wasn't supposed to be released to the

171

00:08:09,440 --> 00:08:06,120

general public now this is after they

172

00:08:11,390 --> 00:08:09,450

said those videos had nothing to do with

173

00:08:13,220 --> 00:08:11,400

the Department of Defense and they were

174

00:08:15,620 --> 00:08:13,230

not released by the Department of

175

00:08:17,330 --> 00:08:15,630

Defense that was not true they had

176

00:08:18,800 --> 00:08:17,340

everything to do with the department

177

00:08:23,150 --> 00:08:18,810

offense they were released by the Navy

178

00:08:25,820 --> 00:08:23,160

in fact we know of even though not all

179

00:08:28,010 --> 00:08:25,830

their names are revealed about you know

180

00:08:30,440 --> 00:08:28,020

some of us know and at least we know of

181

00:08:32,120 --> 00:08:30,450

the pilots and we know the pilots who

182

00:08:34,610 --> 00:08:32,130

know the pilots who took those videos

183

00:08:37,010 --> 00:08:34,620

and or interacted with those objects so

184

00:08:38,600 --> 00:08:37,020

they certainly were taken by Navy pilots

185

00:08:41,420 --> 00:08:38,610

who were chasing something that they did

186

00:08:43,730 --> 00:08:41,430

not know what it was why the Navy is

187

00:08:45,740 --> 00:08:43,740

saying that these were not supposed to

188

00:08:47,420 --> 00:08:45,750

be seen by the public I don't know why

189

00:08:49,910 --> 00:08:47,430

they would say that especially when we

190

00:08:52,520 --> 00:08:49,920

have these emails we have this document

191

00:08:59,060 --> 00:08:52,530

that says there otherwise but it keeps

192

00:09:00,920 --> 00:08:59,070

even further so mark Mike Walker he's in

193

00:09:04,730 --> 00:09:00,930

the House committee for homeland

194

00:09:07,190 --> 00:09:04,740

security and he's a very important

195

00:09:09,410 --> 00:09:07,200

Republican in the house he wrote a

196

00:09:11,450 --> 00:09:09,420

letter it was very educated letter to

197

00:09:13,250 --> 00:09:11,460

the Navy saying hey you've got these

198

00:09:15,500 --> 00:09:13,260

UFOs you have these UI piece you're

199

00:09:19,240 --> 00:09:15,510

confirming that you have them what are

200

00:09:22,160 --> 00:09:19,250

they whose are they if they're really

201
00:09:25,100 --> 00:09:22,170
unidentified why are you saying that you

202
00:09:27,020 --> 00:09:25,110
cancelled your investigation the a tip

203
00:09:27,950 --> 00:09:27,030
group that Lou Elizondo worked for in

204
00:09:29,480 --> 00:09:27,960
2012

205
00:09:31,490 --> 00:09:29,490
why you continue to do that

206
00:09:34,190 --> 00:09:31,500
investigation I want to know who's

207
00:09:36,620 --> 00:09:34,200
investigating that and and if not why

208
00:09:39,470 --> 00:09:36,630
you're not why not

209
00:09:40,870 --> 00:09:39,480
and so they gave a response and their

210
00:09:43,130 --> 00:09:40,880
response was essentially we are

211
00:09:45,860 --> 00:09:43,140
investigating them you know we do

212
00:09:48,470 --> 00:09:45,870
briefed the Armed Services Committee and

213
00:09:51,829 --> 00:09:48,480

that's about it which he took is kind of

214

00:09:54,050 --> 00:09:51,839

a blow up and he essentially said to

215

00:09:56,240 --> 00:09:54,060

Politico Brian bender of Politico a week

216

00:09:58,160 --> 00:09:56,250

ago hey I'm not happy about this the

217

00:10:01,820 --> 00:09:58,170

Navy is blowing me off and the Navy is

218

00:10:03,620 --> 00:10:01,830

hiding information on UFOs so it's kind

219

00:10:06,110 --> 00:10:03,630

of strange that the Navy would come out

220

00:10:08,030 --> 00:10:06,120

and say those videos should not have

221

00:10:10,250 --> 00:10:08,040

been released we did not intend that

222

00:10:12,380 --> 00:10:10,260

when there's documentation showing that

223

00:10:15,139 --> 00:10:12,390

at least the people who prove it did

224

00:10:17,840 --> 00:10:15,149

seem to intend those videos to be out to

225

00:10:20,060 --> 00:10:17,850

the public and when they're being

226

00:10:22,720 --> 00:10:20,070

criticized for not sharing information

227

00:10:24,949 --> 00:10:22,730

why would they then go and say oh look

228

00:10:26,120 --> 00:10:24,959

here's another example where we're not

229

00:10:28,579 --> 00:10:26,130

sharing information just like

230

00:10:31,150 --> 00:10:28,589

congressman Walker is upset with us

231

00:10:35,240 --> 00:10:31,160

about so it's a very strange situation

232

00:10:37,910 --> 00:10:35,250

and I can say this though that there is

233

00:10:40,730 --> 00:10:37,920

a lot of interface in the background

234

00:10:43,490 --> 00:10:40,740

with some of these witnesses from the

235

00:10:45,320 --> 00:10:43,500

Navy you know there are people involved

236

00:10:48,850 --> 00:10:45,330

like we saw on the show unidentified

237

00:10:51,980 --> 00:10:48,860

like Lou Elizondo and Steve Justice and

238

00:10:55,820 --> 00:10:51,990

Chris Mellon who are also speaking with

239

00:10:58,340 --> 00:10:55,830

officials I have a feeling when this is

240

00:11:02,390 --> 00:10:58,350

just my feeling I think that there's a

241

00:11:04,610 --> 00:11:02,400

lot of still kind of chaos going on as

242

00:11:07,760 --> 00:11:04,620

far as people understanding all the

243

00:11:10,970 --> 00:11:07,770

different departments in the DoD trying

244

00:11:13,940 --> 00:11:10,980

to you know come to terms with this new

245

00:11:15,800 --> 00:11:13,950

world of UFOs being a credible thing and

246

00:11:18,800 --> 00:11:15,810

I think that we're gonna see more

247

00:11:22,100 --> 00:11:18,810

cooperation and we're gonna see some of

248

00:11:24,620 --> 00:11:22,110

these issues cleared up in the future

249

00:11:26,540 --> 00:11:24,630

hopefully the near future but I'm pretty

250

00:11:28,040 --> 00:11:26,550

sure this is gonna happen as all of

251
00:11:30,710 --> 00:11:28,050
these groups begin to work together

252
00:11:32,480 --> 00:11:30,720
information starts to get to all of the

253
00:11:34,280 --> 00:11:32,490
departments I think what we have to

254
00:11:39,530 --> 00:11:34,290
understand is that these public affairs

255
00:11:41,760 --> 00:11:39,540
people they are very very detached from

256
00:11:44,520 --> 00:11:41,770
the guys out in the field the pile

257
00:11:47,250 --> 00:11:44,530
or the people that are actually running

258
00:11:50,130 --> 00:11:47,260
these programs a tip in particular was a

259
00:11:52,860 --> 00:11:50,140
program that was secretive Harry Reid by

260
00:11:54,390 --> 00:11:52,870
design didn't want people to really know

261
00:11:56,430 --> 00:11:54,400
about it mostly because he didn't want

262
00:12:00,240 --> 00:11:56,440
people to make fun of it and and be

263
00:12:02,700 --> 00:12:00,250

embarrassed by it but but you know I

264

00:12:04,530 --> 00:12:02,710

think that we're moving we're gonna be

265

00:12:06,750 --> 00:12:04,540

moving forward together as opposed to

266

00:12:09,180 --> 00:12:06,760

all of this weirdness that's going on

267

00:12:11,490 --> 00:12:09,190

but Martin are you still there yeah I'm

268

00:12:14,790 --> 00:12:11,500

here I want to hear your thoughts what

269

00:12:17,910 --> 00:12:14,800

do you think of all of this I mean well

270

00:12:19,260 --> 00:12:17,920

you know I've been letting you I'll be

271

00:12:20,850 --> 00:12:19,270

honest with you I've been letting you

272

00:12:22,440 --> 00:12:20,860

I've been trying to get our guests on

273

00:12:25,800 --> 00:12:22,450

the phone so I've been hearing just bits

274

00:12:31,290 --> 00:12:25,810

and pieces I feel really like I'm caught

275

00:12:33,930 --> 00:12:31,300

now but let me ask you this I am Here I

276

00:12:36,210 --> 00:12:33,940

am here now oh great great

277

00:12:39,270 --> 00:12:36,220

alright Rob will introduce you thank you

278

00:12:42,120 --> 00:12:39,280

thank you okay but do you want to ask

279

00:12:44,580 --> 00:12:42,130

you this before before we in the news

280

00:12:48,240 --> 00:12:44,590

you know from your perspective you see

281

00:12:50,100 --> 00:12:48,250

you know this this email string were

282

00:12:52,800 --> 00:12:50,110

apparently they're giving blue

283

00:12:54,840 --> 00:12:52,810

permission to release those videos and

284

00:12:57,420 --> 00:12:54,850

then we have this new news that they're

285

00:13:00,150 --> 00:12:57,430

saying those videos are genuinely you a

286

00:13:02,040 --> 00:13:00,160

piece there unidentified but we didn't

287

00:13:04,860 --> 00:13:02,050

mean to release them to the public I

288

00:13:07,170 --> 00:13:04,870

mean what does that make you think you

289

00:13:10,770 --> 00:13:07,180

know I gotta tell you what I've been

290

00:13:14,160 --> 00:13:10,780

trying to follow this and I'm totally

291

00:13:16,170 --> 00:13:14,170

the more this goes on and I don't know

292

00:13:19,710 --> 00:13:16,180

if anyone shares this with me at all but

293

00:13:22,350 --> 00:13:19,720

the more confused I get I get it

294

00:13:26,340 --> 00:13:22,360

yeah I don't understand what's going on

295

00:13:30,000 --> 00:13:26,350

and I just wish there could be some type

296

00:13:31,740 --> 00:13:30,010

of clarity from you know like you said I

297

00:13:34,470 --> 00:13:31,750

heard you say you know all the groups

298

00:13:37,620 --> 00:13:34,480

perhaps working together you know maybe

299

00:13:39,930 --> 00:13:37,630

this can be cleared up and there could

300

00:13:42,150 --> 00:13:39,940

be some focus and what exactly is going

301

00:13:44,160 --> 00:13:42,160

on because as time goes on

302

00:13:46,560 --> 00:13:44,170

it just seems more and more confusing to

303

00:13:48,810 --> 00:13:46,570

me all the time I really don't know what

304

00:13:54,180 --> 00:13:48,820

does that I don't blame you and I don't

305

00:13:55,350 --> 00:13:54,190

understand why these why they keep

306

00:13:56,610 --> 00:13:55,360

muddling the water

307

00:14:00,000 --> 00:13:56,620

like this and why they keep making

308

00:14:01,860 --> 00:14:00,010

statements that especially like this one

309

00:14:04,590 --> 00:14:01,870

that we already have information that

310

00:14:06,769 --> 00:14:04,600

counters from the Navy that counters

311

00:14:09,240 --> 00:14:06,779

this part that they didn't mean to

312

00:14:11,910 --> 00:14:09,250

release those videos so it's it's very

313

00:14:13,920 --> 00:14:11,920

strange it's really weird but I I think

314

00:14:16,079 --> 00:14:13,930

I just count it down to I think people

315

00:14:17,639 --> 00:14:16,089

are just not all on the same page and

316

00:14:20,490 --> 00:14:17,649

over time I think they will get on the

317

00:14:22,500 --> 00:14:20,500

same page at least I'm hopeful do you

318

00:14:25,710 --> 00:14:22,510

think there's any do you think there's

319

00:14:27,780 --> 00:14:25,720

any possibility that there's someone is

320

00:14:31,530 --> 00:14:27,790

being fed disinformation in this whole

321

00:14:34,069 --> 00:14:31,540

thing to make it confusing like it is or

322

00:14:38,009 --> 00:14:34,079

do you think it's just miscommunication

323

00:14:40,440 --> 00:14:38,019

well here and I believe this is an

324

00:14:43,490 --> 00:14:40,450

objective perspective and and I don't

325

00:14:47,069 --> 00:14:43,500

think that I'm being biased in that

326

00:14:50,610 --> 00:14:47,079

other people who are objective despite

327

00:14:54,480 --> 00:14:50,620

you know some criticism are coming to

328

00:14:58,800 --> 00:14:54,490

the same conclusion the the waters are

329

00:15:01,710 --> 00:14:58,810

getting muddied by these the public

330

00:15:04,439 --> 00:15:01,720

affairs department the public affairs

331

00:15:06,210 --> 00:15:04,449

department at first I think we were all

332

00:15:10,199 --> 00:15:06,220

like who's telling the truth what's

333

00:15:14,310 --> 00:15:10,209

going on and what but what we've seen

334

00:15:17,400 --> 00:15:14,320

over time is that Elizondo the claims

335

00:15:19,560 --> 00:15:17,410

that he's made have been backed up by

336

00:15:22,139 --> 00:15:19,570

documents most of these documents were

337

00:15:24,360 --> 00:15:22,149

leaked by george knapp but they were

338

00:15:27,329 --> 00:15:24,370

confirmed to be real either by the DoD

339

00:15:31,139 --> 00:15:27,339

themselves or by people involved with

340

00:15:32,939 --> 00:15:31,149

the DoD so we see that at least Lou has

341

00:15:35,189 --> 00:15:32,949

had a consistent record of being

342

00:15:42,569 --> 00:15:35,199

accurate and having people back him up

343

00:15:44,880 --> 00:15:42,579

on that so I think that the the if there

344

00:15:47,759 --> 00:15:44,890

is disinformation it's being introduced

345

00:15:49,860 --> 00:15:47,769

by the public affairs department and why

346

00:15:51,630 --> 00:15:49,870

is that is it that they're honestly

347

00:15:54,360 --> 00:15:51,640

getting it wrong and they're making

348

00:15:57,090 --> 00:15:54,370

genuine mistakes is it that they have

349

00:15:59,160 --> 00:15:57,100

been given wrong information and then

350

00:16:01,620 --> 00:15:59,170

they have to later correct themselves at

351
00:16:02,790 --> 00:16:01,630
this point because they have to to keep

352
00:16:04,920 --> 00:16:02,800
correcting themselves

353
00:16:06,720 --> 00:16:04,930
I mean it's hurting their credibility I

354
00:16:08,820 --> 00:16:06,730
don't know why anybody would kind of

355
00:16:10,500 --> 00:16:08,830
take their word for anything at this

356
00:16:13,829 --> 00:16:10,510
point because they keep consistently

357
00:16:16,560 --> 00:16:13,839
being wrong and I don't know why I I

358
00:16:18,660 --> 00:16:16,570
think it's probably you know speaking of

359
00:16:21,300 --> 00:16:18,670
Greenwald over the years he's taught us

360
00:16:23,009 --> 00:16:21,310
this he's shown us that these public

361
00:16:26,069 --> 00:16:23,019
affairs departments typically don't have

362
00:16:27,900 --> 00:16:26,079
the best information even when he's

363
00:16:29,430 --> 00:16:27,910

taken documents he knows to exist and

364

00:16:32,639 --> 00:16:29,440

they say no they don't exist he's like

365

00:16:34,769 --> 00:16:32,649

what look I've got it right here I think

366

00:16:37,319 --> 00:16:34,779

that it's a difficult job they don't

367

00:16:40,139 --> 00:16:37,329

have a lot of access to information so I

368

00:16:41,670 --> 00:16:40,149

don't know if it's a genuine mistake or

369

00:16:44,340 --> 00:16:41,680

they're trying to muddy the waters

370

00:16:46,050 --> 00:16:44,350

because they just are not happy about

371

00:16:48,630 --> 00:16:46,060

being left out of the loop of the

372

00:16:51,930 --> 00:16:48,640

release of this information could be the

373

00:16:54,569 --> 00:16:51,940

latter you know our friend our good

374

00:16:56,280 --> 00:16:54,579

friend Lee Spiegel is listening and he's

375

00:16:58,290 --> 00:16:56,290

just texted me a couple things his

376

00:17:02,100 --> 00:16:58,300

opinion is you know one hand doesn't

377

00:17:03,870 --> 00:17:02,110

know what the other hand does and that's

378

00:17:05,699 --> 00:17:03,880

always been this way historically no

379

00:17:07,890 --> 00:17:05,709

government wants to risk the negative

380

00:17:09,780 --> 00:17:07,900

feedback that will happen if they

381

00:17:13,049 --> 00:17:09,790

acknowledge the existence of UFOs

382

00:17:16,470 --> 00:17:13,059

so that's Lee's opinion so he just

383

00:17:17,970 --> 00:17:16,480

joined us yeah I think yeah there are

384

00:17:20,040 --> 00:17:17,980

these different departments they don't

385

00:17:21,540 --> 00:17:20,050

know what each other are doing so you

386

00:17:22,770 --> 00:17:21,550

know I do feel for the Public Affairs

387

00:17:24,419 --> 00:17:22,780

Department because they're on the

388

00:17:26,520 --> 00:17:24,429

backfoot and they're having to figure

389

00:17:29,100 --> 00:17:26,530

stuff out and it's probably frustrating

390

00:17:31,830 --> 00:17:29,110

for them and they probably wish someone

391

00:17:34,799 --> 00:17:31,840

would have briefed them prior to all of

392

00:17:36,750 --> 00:17:34,809

this coming down but to lose point I

393

00:17:37,680 --> 00:17:36,760

think Lou didn't want anybody to know he

394

00:17:40,290 --> 00:17:37,690

was going to share this information

395

00:17:42,570 --> 00:17:40,300

because he didn't want it to be shut

396

00:17:45,210 --> 00:17:42,580

down before he shared it he wanted the

397

00:17:47,880 --> 00:17:45,220

public to get this information I think

398

00:17:51,240 --> 00:17:47,890

that many of us appreciate that and that

399

00:17:53,100 --> 00:17:51,250

this information is now out so it's a

400

00:17:58,040 --> 00:17:53,110

tough situation and I and that's what I

401
00:18:01,049 --> 00:17:58,050
ascribe it to I I don't personally see

402
00:18:03,210 --> 00:18:01,059
definitive proof that anybody is dis

403
00:18:05,250 --> 00:18:03,220
informing anyone but if there is

404
00:18:06,600 --> 00:18:05,260
disinformation the group that's been

405
00:18:08,669 --> 00:18:06,610
wrong it's the public affairs department

406
00:18:11,280 --> 00:18:08,679
so that's where it would be coming from

407
00:18:13,530 --> 00:18:11,290
but I couldn't see them wanting I hope

408
00:18:15,450 --> 00:18:13,540
that that's not what they're doing I

409
00:18:17,310 --> 00:18:15,460
think it's more along the lines of what

410
00:18:19,049 --> 00:18:17,320
Lee saying and they're just not all on

411
00:18:22,290 --> 00:18:19,059
the same page and hopefully over time

412
00:18:22,620 --> 00:18:22,300
they will get there right just to let

413
00:18:25,080 --> 00:18:22,630

you know

414

00:18:26,960 --> 00:18:25,090

that leaf followed all that up with he's

415

00:18:34,140 --> 00:18:26,970

the only human that knows the truth

416

00:18:37,260 --> 00:18:34,150

hooli yeah I'm not so sure I doubt that

417

00:18:37,620 --> 00:18:37,270

- I've always had that feeling yeah all

418

00:18:39,570 --> 00:18:37,630

right

419

00:18:41,700 --> 00:18:39,580

Hey Alejandro thanks so much I

420

00:18:45,960 --> 00:18:41,710

appreciate it and thanks for hanging in

421

00:18:48,330 --> 00:18:45,970

and we do have our guest on the line and

422

00:18:52,880 --> 00:18:48,340

hoarsely wants me to plug the film the

423

00:18:56,610 --> 00:18:52,890

phenomenon you know coming up I did a

424

00:18:58,350 --> 00:18:56,620

yeah and he did a great presentation at

425

00:19:01,170 --> 00:18:58,360

the UFO Congress he revealed for the

426

00:19:04,320 --> 00:19:01,180

first time a lot of what's in that and

427

00:19:06,330 --> 00:19:04,330

we will be posting that video pretty

428

00:19:08,460 --> 00:19:06,340

soon here so everybody can see that on

429

00:19:10,800 --> 00:19:08,470

our video on demand that's right

430

00:19:12,570 --> 00:19:10,810

all right Alan oh thank you so much I

431

00:19:15,240 --> 00:19:12,580

appreciate it Thank You Betty

432

00:19:18,510 --> 00:19:15,250

Chucky Sam are cute soon okay so we're

433

00:19:19,830 --> 00:19:18,520

not going to take a break at the time we

434

00:19:23,460 --> 00:19:19,840

usually do in a couple minutes we're

435

00:19:26,250 --> 00:19:23,470

going to go all the way to the 655 p.m.

436

00:19:27,750 --> 00:19:26,260

Eastern Standard Time so that's that's

437

00:19:29,700 --> 00:19:27,760

when our break will be just one break

438

00:19:32,400 --> 00:19:29,710

tonight is when I'm getting at so our

439

00:19:35,820 --> 00:19:32,410

guest Rob she'll ski he's an avid and

440

00:19:38,550 --> 00:19:35,830

eclectic writer average is about 4,000

441

00:19:40,740 --> 00:19:38,560

words a day wow I wonder what Nick

442

00:19:43,290 --> 00:19:40,750

Redfern does must be somewhere around

443

00:19:48,120 --> 00:19:43,300

there but anyway he has a degree in

444

00:19:49,860 --> 00:19:48,130

science he is he has a show coming up on

445

00:19:53,420 --> 00:19:49,870

the Travel Channel we can talk about

446

00:19:58,350 --> 00:19:53,430

that he's actually the on-camera expert

447

00:19:59,460 --> 00:19:58,360

and welcome to the show Rob thanks for

448

00:20:02,490 --> 00:19:59,470

having me I didn't think I was gonna

449

00:20:04,410 --> 00:20:02,500

make it here tonight I know that's so

450

00:20:06,900 --> 00:20:04,420

weird all your settings went haywire but

451
00:20:09,690 --> 00:20:06,910
somehow you figured at the mountain here

452
00:20:10,860 --> 00:20:09,700
you are yeah I rebooted everything too

453
00:20:18,420 --> 00:20:10,870
bad we can't do that with our lives

454
00:20:20,160 --> 00:20:18,430
sometimes huh do that yeah just that one

455
00:20:22,740 --> 00:20:20,170
little mistake I want to change you know

456
00:20:24,810 --> 00:20:22,750
but anyway welcome to the show can you

457
00:20:27,000 --> 00:20:24,820
tell the listening audience a little bit

458
00:20:28,410 --> 00:20:27,010
about your background and what got you

459
00:20:31,110 --> 00:20:28,420
interested in this topic

460
00:20:33,420 --> 00:20:31,120
sure my background started when I was

461
00:20:36,480 --> 00:20:33,430
very young was always interested in UFOs

462
00:20:38,910 --> 00:20:36,490
I had a couple odd experiences that

463
00:20:41,820 --> 00:20:38,920

my brother had one which was kind of the

464

00:20:44,580 --> 00:20:41,830

turning point for me because we told me

465

00:20:46,530 --> 00:20:44,590

about his it made me really think a lot

466

00:20:50,130 --> 00:20:46,540

more about UFOs and I began to research

467

00:20:52,100 --> 00:20:50,140

them I was a journalist for aliens good

468

00:20:54,900 --> 00:20:52,110

magazine investigative journalist and

469

00:20:57,330 --> 00:20:54,910

went on site to various locations I was

470

00:20:59,310 --> 00:20:57,340

a MUFON field investigator I've been

471

00:21:02,730 --> 00:20:59,320

investigating your folks on my own now

472

00:21:04,980 --> 00:21:02,740

for about almost 30 years and as I do

473

00:21:08,580 --> 00:21:04,990

research I write books about what I find

474

00:21:11,010 --> 00:21:08,590

out and quite a few books got published

475

00:21:12,540 --> 00:21:11,020

to the point where now apparently

476
00:21:15,049 --> 00:21:12,550
they're considering me an on-camera

477
00:21:18,060 --> 00:21:15,059
expert but we'll see about that

478
00:21:21,210 --> 00:21:18,070
yeah I heard you know I've had I've had

479
00:21:23,820 --> 00:21:21,220
a lot of talks about you know I was

480
00:21:26,370 --> 00:21:23,830
contacted from I think it was a History

481
00:21:27,990 --> 00:21:26,380
Channel awhile ago and they said we

482
00:21:31,080 --> 00:21:28,000
would like to talk to you about finding

483
00:21:33,740 --> 00:21:31,090
us UFO expert and I said well if anyone

484
00:21:38,130 --> 00:21:33,750
claims or a UFO expert run the other way

485
00:21:41,160 --> 00:21:38,140
absolutely I don't think you know I'd

486
00:21:44,310 --> 00:21:41,170
know that I know just as much about them

487
00:21:46,169 --> 00:21:44,320
or less than I did you know eight eight

488
00:21:50,220 --> 00:21:46,179

years ago eight years ago when I started

489

00:21:52,140 --> 00:21:50,230

this show coming up but no I'm sorry you

490

00:21:53,970 --> 00:21:52,150

say you know just about the same amount

491

00:21:59,490 --> 00:21:53,980

as you did you know I think I know less

492

00:22:01,140 --> 00:21:59,500

oh it's because every time you come up

493

00:22:03,690 --> 00:22:01,150

with another question you're adding to

494

00:22:05,250 --> 00:22:03,700

the knowledge you don't have and the

495

00:22:08,280 --> 00:22:05,260

more we learn about UFOs the more

496

00:22:09,900 --> 00:22:08,290

questions we have like that right now

497

00:22:12,960 --> 00:22:09,910

have you ever personally had a sighting

498

00:22:14,610 --> 00:22:12,970

of your own yes I had a weird sighting

499

00:22:17,880 --> 00:22:14,620

well I can't really call it a sighting

500

00:22:19,980 --> 00:22:17,890

when I was about six in Australia I woke

501
00:22:22,380 --> 00:22:19,990
up one night in an absolute panic and

502
00:22:24,150 --> 00:22:22,390
fear and I walked into the hallway and I

503
00:22:26,669 --> 00:22:24,160
saw what looked like some kind of space

504
00:22:28,140 --> 00:22:26,679
person or creature looking at me through

505
00:22:30,180 --> 00:22:28,150
the back door or hallway went straight

506
00:22:32,460 --> 00:22:30,190
from the front door to the back and the

507
00:22:34,860 --> 00:22:32,470
back door had glass in it and I panicked

508
00:22:36,720 --> 00:22:34,870
and I ran into my parents room and told

509
00:22:37,980 --> 00:22:36,730
them what I was seeing and of course my

510
00:22:40,140 --> 00:22:37,990
father goes you're just having a

511
00:22:41,970 --> 00:22:40,150
nightmare go back to bed but that has

512
00:22:45,630 --> 00:22:41,980
stuck with me all my life that was no

513
00:22:47,850 --> 00:22:45,640

dream whatever it was so I've just

514

00:22:49,380 --> 00:22:47,860

decided that I was interested in you of

515

00:22:50,130 --> 00:22:49,390

those after that and got into it all the

516

00:22:54,630 --> 00:22:50,140

more

517

00:22:56,520 --> 00:22:54,640

Wow so did you see any signs of you know

518

00:22:58,789 --> 00:22:56,530

any lights or anything like that

519

00:23:01,860 --> 00:22:58,799

or was it just whatever that being was

520

00:23:04,289 --> 00:23:01,870

oddly at the time was so we had a full

521

00:23:06,390 --> 00:23:04,299

solar eclipse over Australia within like

522

00:23:08,460 --> 00:23:06,400

a day later so I don't know if there's

523

00:23:10,590 --> 00:23:08,470

any connection there or not now since

524

00:23:13,470 --> 00:23:10,600

then I have seen a UFO over Greensboro

525

00:23:15,390 --> 00:23:13,480

and being a MUFON field investigator

526
00:23:17,100 --> 00:23:15,400
have been exposed to a lot of people and

527
00:23:19,710 --> 00:23:17,110
the sites where they said they saw

528
00:23:22,020 --> 00:23:19,720
things and I would guess about five to

529
00:23:23,789 --> 00:23:22,030
seven percent are probably seeing

530
00:23:26,100 --> 00:23:23,799
something that is out of the ordinary I

531
00:23:28,289 --> 00:23:26,110
certainly did again it's like with you

532
00:23:30,510 --> 00:23:28,299
you can sort of figure out what they're

533
00:23:32,760 --> 00:23:30,520
not it's what they are that leaves you

534
00:23:34,770 --> 00:23:32,770
wondering I mean I looked at this thing

535
00:23:37,730 --> 00:23:34,780
for about gosh almost two minutes over

536
00:23:41,250 --> 00:23:37,740
Greensboro and I had time to allow a jet

537
00:23:43,289 --> 00:23:41,260
helicopter dirigibles own air balloon

538
00:23:45,080 --> 00:23:43,299

all of this stuff so I know what it

539

00:23:47,549 --> 00:23:45,090

wasn't I just don't know what it was

540

00:23:48,560 --> 00:23:47,559

other than it was an unidentified flying

541

00:23:51,450 --> 00:23:48,570

object

542

00:23:55,560 --> 00:23:51,460

well you just reminded me that I just

543

00:23:57,630 --> 00:23:55,570

posted about an hour or so ago one of

544

00:23:59,760 --> 00:23:57,640

the interviews that I did out at the UFO

545

00:24:02,430 --> 00:23:59,770

Congress I'm just letting people know

546

00:24:05,450 --> 00:24:02,440

that on youtube if you want to check

547

00:24:09,150 --> 00:24:05,460

that out and that's about the Victorian

548

00:24:10,950 --> 00:24:09,160

UFO action group they were visiting the

549

00:24:12,780 --> 00:24:10,960

states they went to Roswell they went to

550

00:24:14,940 --> 00:24:12,790

Socorro and they went to the UFO

551

00:24:17,100 --> 00:24:14,950

Congress so I sat down with I think

552

00:24:19,260 --> 00:24:17,110

about six of them and had a nice

553

00:24:21,480 --> 00:24:19,270

conversation so so check that out in

554

00:24:23,760 --> 00:24:21,490

YouTube that's on Martin Willis live

555

00:24:27,169 --> 00:24:23,770

shows on YouTube also it will be a

556

00:24:31,350 --> 00:24:27,179

podcast posted this coming week on our

557

00:24:35,280 --> 00:24:31,360

website for supporters only so check

558

00:24:36,750 --> 00:24:35,290

that out anyway so when did you move out

559

00:24:38,789 --> 00:24:36,760

of Australia how old were you when you

560

00:24:41,100 --> 00:24:38,799

moved here to the States are you from

561

00:24:42,960 --> 00:24:41,110

we born in Australia no I was born in

562

00:24:44,970 --> 00:24:42,970

Texas my mother was Australian we

563

00:24:47,310 --> 00:24:44,980

emigrated there we came back when I was

564

00:24:50,460 --> 00:24:47,320

12 I lived in Texas about six weeks

565

00:24:53,190 --> 00:24:50,470

after I was born and so I don't really

566

00:24:55,140 --> 00:24:53,200

know Texas well but yeah I came back and

567

00:24:57,450 --> 00:24:55,150

slowly got more and more into the whole

568

00:25:00,299 --> 00:24:57,460

thing lived in San Diego went to

569

00:25:02,460 --> 00:25:00,309

university in Canada San Diego State but

570

00:25:03,480 --> 00:25:02,470

all through this the UFO process kept

571

00:25:05,880 --> 00:25:03,490

slow

572

00:25:08,760 --> 00:25:05,890

developing for me there was a sighting

573

00:25:11,519 --> 00:25:08,770

over San Diego 50,000 people saw it at

574

00:25:13,350 --> 00:25:11,529

the San Diego stadium arena and so I

575

00:25:15,299 --> 00:25:13,360

wasn't the only one but whatever was we

576

00:25:17,070 --> 00:25:15,309

don't know it was a mystery space object

577

00:25:20,820 --> 00:25:17,080

was the headlines in the newspaper and

578

00:25:24,299 --> 00:25:20,830

then I saw the UFO and Greensboro and my

579

00:25:26,120 --> 00:25:24,309

brother has missing time so I just sort

580

00:25:29,399 --> 00:25:26,130

of gradually fell into all of this and

581

00:25:31,289 --> 00:25:29,409

if anyone asks me do I believe in UFOs I

582

00:25:32,850 --> 00:25:31,299

say no I don't believe in them I think

583

00:25:34,590 --> 00:25:32,860

there's enough evidence to suppose they

584

00:25:36,060 --> 00:25:34,600

actually exist it's like saying you

585

00:25:37,289 --> 00:25:36,070

believe in a refrigerator or don't

586

00:25:40,139 --> 00:25:37,299

believe whether you believe or not

587

00:25:42,750 --> 00:25:40,149

they're there yeah my friend Sam moranto

588

00:25:47,669 --> 00:25:42,760

is real big on that exactly what you're

589

00:25:49,950 --> 00:25:47,679

saying and you know he know his cringes

590

00:25:51,840 --> 00:25:49,960

when someone says or asked him if he if

591

00:25:56,010 --> 00:25:51,850

he believes in UFOs kind of goes along

592

00:25:58,529 --> 00:25:56,020

that same line so you're you're here in

593

00:26:00,120 --> 00:25:58,539

the States and when was this at the

594

00:26:02,070 --> 00:26:00,130

stadium in San Diego that you're just

595

00:26:04,740 --> 00:26:02,080

talking about oh that was back in the

596

00:26:06,750 --> 00:26:04,750

early 70s I believe and then the

597

00:26:10,860 --> 00:26:06,760

Greensboro sighting was two years ago

598

00:26:12,930 --> 00:26:10,870

and okay yeah so that one was more

599

00:26:15,299 --> 00:26:12,940

recent I don't think they're singing me

600

00:26:16,830 --> 00:26:15,309

out maybe they are maybe they're singing

601
00:26:19,019 --> 00:26:16,840
not my family because again my brother

602
00:26:21,990 --> 00:26:19,029
has missing time and so does his friend

603
00:26:23,310 --> 00:26:22,000
and they don't know if they were

604
00:26:25,350 --> 00:26:23,320
abducted or not because they've never

605
00:26:28,289 --> 00:26:25,360
gone through any kind of hypnosis I kind

606
00:26:31,260 --> 00:26:28,299
of warned him against that yeah that's

607
00:26:34,139 --> 00:26:31,270
that's a double-edged sword yes and

608
00:26:37,470 --> 00:26:34,149
speaking of that Calvin Parker from the

609
00:26:39,260 --> 00:26:37,480
Pascagoula incident we're in touch all

610
00:26:43,169 --> 00:26:39,270
the time now of course I met him out and

611
00:26:46,080 --> 00:26:43,179
out in Phoenix and he's been on the show

612
00:26:47,490 --> 00:26:46,090
a number of times so Calvin just was

613
00:26:49,440 --> 00:26:47,500

regressed he just went through

614

00:26:51,240 --> 00:26:49,450

regression therapy and that's going to

615

00:26:53,940 --> 00:26:51,250

be transcribed if anyone's following

616

00:26:57,539 --> 00:26:53,950

that you can check out Phil Mantle's

617

00:26:59,610 --> 00:26:57,549

website I'm sorry Phil Mantle's Facebook

618

00:27:02,159 --> 00:26:59,620

page he's going to put the transcription

619

00:27:03,840 --> 00:27:02,169

of the which i think is very daring of

620

00:27:07,669 --> 00:27:03,850

Calvin Parker he's gonna post that

621

00:27:10,470 --> 00:27:07,679

transcription at some point

622

00:27:12,149 --> 00:27:10,480

regression therapy yeah I understand it

623

00:27:15,019 --> 00:27:12,159

can be scary and you know people like

624

00:27:17,130 --> 00:27:15,029

God mentioned this before Travis Walton

625

00:27:19,530 --> 00:27:17,140

said he

626
00:27:21,750 --> 00:27:19,540
he did it once you never do it again and

627
00:27:24,000 --> 00:27:21,760
a lot of people are scared you know by

628
00:27:26,190 --> 00:27:24,010
what they may find out they don't want

629
00:27:30,990 --> 00:27:26,200
to know and things are better off just

630
00:27:32,760 --> 00:27:31,000
the way they are so I know there's you

631
00:27:34,919 --> 00:27:32,770
know there's there's some people that

632
00:27:38,460 --> 00:27:34,929
can do a really nice job and some people

633
00:27:40,740 --> 00:27:38,470
that may lead someone along but what why

634
00:27:44,630 --> 00:27:40,750
what was your thoughts when you told

635
00:27:48,630 --> 00:27:44,640
your brother that when I told him about

636
00:27:51,060 --> 00:27:48,640
yeah yeah he wanted to know why I said

637
00:27:52,919 --> 00:27:51,070
well hypnotism is the power of

638
00:27:56,250 --> 00:27:52,929

suggestion and unless you have an

639

00:27:58,980 --> 00:27:56,260

extremely well-qualified hypnotist they

640

00:28:00,720 --> 00:27:58,990

can plant false memories that you then

641

00:28:02,100 --> 00:28:00,730

when you wake up believe are real and

642

00:28:04,230 --> 00:28:02,110

you think of them as real from that

643

00:28:06,960 --> 00:28:04,240

point forward all they have to do is say

644

00:28:09,150 --> 00:28:06,970

something like tell us about your UFO

645

00:28:11,490 --> 00:28:09,160

experiences and that plants the

646

00:28:13,500 --> 00:28:11,500

suggestion and the human mind according

647

00:28:15,030 --> 00:28:13,510

psychologists is very flexible and quite

648

00:28:17,940 --> 00:28:15,040

willing to make up any fabricated

649

00:28:19,260 --> 00:28:17,950

stories you like to please you but

650

00:28:21,510 --> 00:28:19,270

unfortunately when you wake up you

651
00:28:23,490 --> 00:28:21,520
remember them as being real but that is

652
00:28:25,080 --> 00:28:23,500
the power of suggestion they can make

653
00:28:26,580 --> 00:28:25,090
you believe you're a chicken or a dog or

654
00:28:28,289 --> 00:28:26,590
a cat or they can make you believe you

655
00:28:30,240 --> 00:28:28,299
had memories of something you didn't

656
00:28:33,980 --> 00:28:30,250
have this has also been a problem with

657
00:28:38,340 --> 00:28:33,990
reincarnation we regression as well

658
00:28:38,669 --> 00:28:38,350
interesting interesting so can you tell

659
00:28:40,680 --> 00:28:38,679
us

660
00:28:43,980 --> 00:28:40,690
did you already describe the sighting

661
00:28:46,470 --> 00:28:43,990
you had in Greensboro or was that that

662
00:28:49,830 --> 00:28:46,480
wasn't when you described yet right no

663
00:28:51,419 --> 00:28:49,840

it was it was a silver orb shaped craft

664

00:28:53,580 --> 00:28:51,429

at first I thought it was the nose of

665

00:28:55,260 --> 00:28:53,590

the jet because there was some clouds in

666

00:28:57,690 --> 00:28:55,270

the sky that well just the nose of a jet

667

00:28:59,340 --> 00:28:57,700

I was stopped at a stop light and I was

668

00:29:01,440 --> 00:28:59,350

a MUFON field investigator at the time

669

00:29:03,180 --> 00:29:01,450

and I thought okay that's just a jet

670

00:29:04,320 --> 00:29:03,190

coming out from clouds but it wasn't it

671

00:29:07,830 --> 00:29:04,330

came out of the closet it was like a

672

00:29:09,539 --> 00:29:07,840

silver orb and then right away my

673

00:29:12,630 --> 00:29:09,549

so-called professionalism kicked in and

674

00:29:14,340 --> 00:29:12,640

I began to try to find out what it

675

00:29:16,650 --> 00:29:14,350

wasn't so I could kind of pin what it

676

00:29:18,960 --> 00:29:16,660

was unfortunately my phone was dead so I

677

00:29:20,700 --> 00:29:18,970

couldn't take any pictures and my state

678

00:29:22,380 --> 00:29:20,710

director asked me she said why did you

679

00:29:24,360 --> 00:29:22,390

report it Robert said no I did report it

680

00:29:26,850 --> 00:29:24,370

she said why I said we're getting

681

00:29:29,040 --> 00:29:26,860

reports of UFOs by the thousands every

682

00:29:30,880 --> 00:29:29,050

year just knowing that with someone else

683

00:29:32,919 --> 00:29:30,890

under the UFO doesn't really

684

00:29:35,410 --> 00:29:32,929

significantly to our database other than

685

00:29:37,960 --> 00:29:35,420

the location of the time which I said is

686

00:29:40,690 --> 00:29:37,970

a valid thing to add but we have tons of

687

00:29:42,669 --> 00:29:40,700

data now over decades and decades we

688

00:29:45,549 --> 00:29:42,679

need to start utilizing the data to get

689

00:29:47,590 --> 00:29:45,559

some answers and how would you think

690

00:29:49,660 --> 00:29:47,600

that what does that look like to you

691

00:29:51,610 --> 00:29:49,670

well it takes extensive research MUFON

692

00:29:52,750 --> 00:29:51,620

has a huge database which I had access

693

00:29:54,640 --> 00:29:52,760

to for quite a while

694

00:29:56,890 --> 00:29:54,650

and what you start doing is trying to

695

00:29:58,870 --> 00:29:56,900

cross relate things where are the hot

696

00:30:00,910 --> 00:29:58,880

spots are there hot spots are there

697

00:30:02,710 --> 00:30:00,920

patterns to this are there areas that

698

00:30:04,299 --> 00:30:02,720

could see more UFOs or not of course we

699

00:30:06,250 --> 00:30:04,309

know that there are but is there

700

00:30:08,590 --> 00:30:06,260

anything more to it more specific our

701
00:30:10,630 --> 00:30:08,600
UFO sightings on the rise what type of

702
00:30:13,210 --> 00:30:10,640
UFOs are we seeing is it more triangles

703
00:30:15,130 --> 00:30:13,220
and less cylinders less flying saucer

704
00:30:17,260 --> 00:30:15,140
types there's so much information we

705
00:30:20,260 --> 00:30:17,270
could find out we could probably find

706
00:30:21,430 --> 00:30:20,270
trends and we can probably ascertain

707
00:30:23,380 --> 00:30:21,440
quite a bit about what their

708
00:30:25,450 --> 00:30:23,390
capabilities are there's been enough

709
00:30:26,830 --> 00:30:25,460
sightings film and photos legitimate

710
00:30:29,289 --> 00:30:26,840
once I'm not talking about the hoax is

711
00:30:30,820 --> 00:30:29,299
of course the photo shops where we

712
00:30:33,010 --> 00:30:30,830
should be able to start using this data

713
00:30:36,430 --> 00:30:33,020

to arrive at some answers and that's why

714

00:30:38,230 --> 00:30:36,440

I'm in this business I want answers now

715

00:30:42,310 --> 00:30:38,240

you said that you've been at this for

716

00:30:44,620 --> 00:30:42,320

about 30 years I seem to have noticed

717

00:30:48,340 --> 00:30:44,630

that there's a lot more triangles maybe

718

00:30:50,380 --> 00:30:48,350

it's just that there's maybe I just hear

719

00:30:52,870 --> 00:30:50,390

about it more but what have you seen

720

00:30:55,270 --> 00:30:52,880

over the years like a change in what

721

00:30:57,220 --> 00:30:55,280

people are claiming they see yes

722

00:30:58,240 --> 00:30:57,230

definitely triangles are really on the

723

00:31:00,039 --> 00:30:58,250

rise it have been

724

00:31:03,460 --> 00:31:00,049

they were first started seeing around

725

00:31:05,289 --> 00:31:03,470

late 1980s early 1990s along the Hudson

726

00:31:06,510 --> 00:31:05,299

River Valley a vast silent triangle

727

00:31:08,860 --> 00:31:06,520

about the size of a football field

728

00:31:10,480 --> 00:31:08,870

hovered over a house made almost no

729

00:31:13,150 --> 00:31:10,490

noise at all and if it had any noises

730

00:31:14,350 --> 00:31:13,160

like a low um and it did have lights

731

00:31:16,750 --> 00:31:14,360

underneath it and from that point

732

00:31:19,180 --> 00:31:16,760

forward and actually I went up to the

733

00:31:21,370 --> 00:31:19,190

area Pine Bush New York and oh yeah

734

00:31:22,840 --> 00:31:21,380

camped out there for a number of days in

735

00:31:24,700 --> 00:31:22,850

the hopes of spotting some UFOs

736

00:31:28,750 --> 00:31:24,710

unfortunately and that trip I did not

737

00:31:31,120 --> 00:31:28,760

gulf breeze yes I did see one so but I

738

00:31:33,940 --> 00:31:31,130

do take these investigatory trips abroad

739

00:31:37,539 --> 00:31:33,950

to England for a super storm of UFOs

740

00:31:39,070 --> 00:31:37,549

languish Gulf Breeze Florida anywhere

741

00:31:40,980 --> 00:31:39,080

where there seems to be a large number

742

00:31:44,380 --> 00:31:40,990

of sightings so I'll go to check it out

743

00:31:48,790 --> 00:31:44,390

what's your idea on why there are hot

744

00:31:51,220 --> 00:31:48,800

spots well the data seems to show that

745

00:31:54,430 --> 00:31:51,230

they do like military bases nuclear

746

00:31:57,640 --> 00:31:54,440

power plants that sort of thing

747

00:32:00,850 --> 00:31:57,650

however we seem to be seeing him all

748

00:32:03,190 --> 00:32:00,860

over the place and the sightings are on

749

00:32:05,440 --> 00:32:03,200

the rise some psychiatrist felt that it

750

00:32:07,270 --> 00:32:05,450

was the fear and anxiety of the Cold War

751
00:32:10,060 --> 00:32:07,280
that caused many people to think they

752
00:32:12,820 --> 00:32:10,070
saw a UFO and they didn't and it was

753
00:32:14,350 --> 00:32:12,830
like a cold war hysteria so they felt

754
00:32:16,390 --> 00:32:14,360
that once the Cold War was over these

755
00:32:18,250 --> 00:32:16,400
would drop off the reverses happened

756
00:32:21,310 --> 00:32:18,260
these number of settings have gone up

757
00:32:22,870 --> 00:32:21,320
and almost on an annual basis partly

758
00:32:24,190 --> 00:32:22,880
it's because people have more phones -

759
00:32:26,380 --> 00:32:24,200
becoming more aware of it they've got

760
00:32:27,880 --> 00:32:26,390
more cameras with those phones so we're

761
00:32:30,310 --> 00:32:27,890
getting a lot more input now whereas

762
00:32:32,470 --> 00:32:30,320
before people would see one but didn't

763
00:32:33,970 --> 00:32:32,480

have a camera handy you know because

764

00:32:35,530 --> 00:32:33,980

they didn't have phone cameras so but

765

00:32:36,820 --> 00:32:35,540

now they do and they're taking pictures

766

00:32:39,910 --> 00:32:36,830

and with that evidence they're willing

767

00:32:42,250 --> 00:32:39,920

to report it you know I I can't remember

768

00:32:44,890 --> 00:32:42,260

who it was I think it was Seth Shostak

769

00:32:47,400 --> 00:32:44,900

from SETI by the way he's going to be on

770

00:32:50,040 --> 00:32:47,410

hopefully next month if all goes well

771

00:32:53,740 --> 00:32:50,050

we're going to be talking actually UFOs

772

00:32:56,890 --> 00:32:53,750

but he said something like why don't we

773

00:32:59,380 --> 00:32:56,900

have with all the millions of cell

774

00:33:01,600 --> 00:32:59,390

phones camera you know camera taking

775

00:33:03,100 --> 00:33:01,610

cell phones in everybody's pocket why

776

00:33:07,690 --> 00:33:03,110

don't we have a really good clear

777

00:33:10,270 --> 00:33:07,700

picture of a UFO and and to me when I

778

00:33:12,370 --> 00:33:10,280

see a really clear picture the first

779

00:33:15,070 --> 00:33:12,380

thing I think of a CGI or something but

780

00:33:17,020 --> 00:33:15,080

so what what would be your answer to

781

00:33:21,220 --> 00:33:17,030

someone like seth shostack on that

782

00:33:23,950 --> 00:33:21,230

question well first of all it's you're

783

00:33:25,930 --> 00:33:23,960

not expecting to ever see a UFO so you

784

00:33:27,970 --> 00:33:25,940

have to see one you have to react I have

785

00:33:29,950 --> 00:33:27,980

to grab your phone you have to turn it

786

00:33:32,220 --> 00:33:29,960

on you have to quickly focus and frankly

787

00:33:35,140 --> 00:33:32,230

camera phones are not the best for

788

00:33:37,090 --> 00:33:35,150

taking pictures they they want to do

789

00:33:39,070 --> 00:33:37,100

everything automatically so they tend to

790

00:33:40,420 --> 00:33:39,080

fuzzy the picture you're trying to focus

791

00:33:42,490 --> 00:33:40,430

on the background and this thing can be

792

00:33:44,050 --> 00:33:42,500

so far away that they simply don't want

793

00:33:46,360 --> 00:33:44,060

to focus on it so the picture often

794

00:33:49,900 --> 00:33:46,370

comes out fuzzy however I've seen some

795

00:33:52,270 --> 00:33:49,910

pretty darn good evidence of UFOs and

796

00:33:53,890 --> 00:33:52,280

our photo analysts that MUFON certainly

797

00:33:57,760 --> 00:33:53,900

have determined that many of them are

798

00:33:59,919 --> 00:33:57,770

real and not touched up or photoshopped

799

00:34:02,799 --> 00:33:59,929

I have a conversation with Mark Dantonio

800

00:34:05,380 --> 00:34:02,809

who's actually now he's uh you know

801
00:34:06,700 --> 00:34:05,390
muffins photo and video analysts a lot

802
00:34:09,159 --> 00:34:06,710
of people don't like him they think he's

803
00:34:12,490 --> 00:34:09,169
a debunker I like mark he's a character

804
00:34:14,649 --> 00:34:12,500
and he's you know basically says that

805
00:34:16,869 --> 00:34:14,659
there's only been a couple of photos

806
00:34:19,570 --> 00:34:16,879
that he thinks you know maybe really can

807
00:34:23,109 --> 00:34:19,580
be something he is really good at

808
00:34:24,580 --> 00:34:23,119
figuring out what is not just like you

809
00:34:28,230 --> 00:34:24,590
said earlier in your conversation you

810
00:34:30,369 --> 00:34:28,240
know what something is not you know I

811
00:34:32,470 --> 00:34:30,379
you know and I showed him something one

812
00:34:34,570 --> 00:34:32,480
time I thought for sure was a mistaken

813
00:34:36,790 --> 00:34:34,580

picture that I took and right away he

814

00:34:39,760 --> 00:34:36,800

said it looks like something was on your

815

00:34:41,859 --> 00:34:39,770

window so sure enough I went into my car

816

00:34:43,060 --> 00:34:41,869

window and I looked at the angle where I

817

00:34:45,340 --> 00:34:43,070

took the picture and there was a little

818

00:34:48,090 --> 00:34:45,350

tiny piece of grass sitting on the

819

00:34:53,200 --> 00:34:48,100

window that looked like a perfect disc

820

00:34:54,580 --> 00:34:53,210

so that can't happen but but anyway you

821

00:34:57,760 --> 00:34:54,590

know I I gotta tell you you just

822

00:35:00,850 --> 00:34:57,770

mentioned about how difficult phones can

823

00:35:05,020 --> 00:35:00,860

be or not that good but um I was out in

824

00:35:07,450 --> 00:35:05,030

my front yard on the water and a bald

825

00:35:09,160 --> 00:35:07,460

eagle came in and landed like 25 feet

826
00:35:11,440 --> 00:35:09,170
away from me in the water and grabbed a

827
00:35:13,390 --> 00:35:11,450
big fish and I'm fumbling and fumbling

828
00:35:17,380 --> 00:35:13,400
with my phone and by the time I actually

829
00:35:19,540 --> 00:35:17,390
got the photo whatever it's called the

830
00:35:23,109 --> 00:35:19,550
app open he was already gone he's

831
00:35:25,359 --> 00:35:23,119
already dragged up exactly and bird was

832
00:35:27,130 --> 00:35:25,369
flying away from you at any speed your

833
00:35:30,490 --> 00:35:27,140
camera would be trying to constantly

834
00:35:32,290 --> 00:35:30,500
focus on a vanishing dot and it's very

835
00:35:34,210 --> 00:35:32,300
hard for these automated cameras to do

836
00:35:36,880 --> 00:35:34,220
that they want to focus on a wider field

837
00:35:38,890 --> 00:35:36,890
if they can and they do have their

838
00:35:41,650 --> 00:35:38,900

problems they also been noted for

839

00:35:43,060 --> 00:35:41,660

causing orbs the slightest decimal in a

840

00:35:45,849 --> 00:35:43,070

digital camera will pick it up and turn

841

00:35:48,040 --> 00:35:45,859

it into an orb and I've had that happen

842

00:35:50,140 --> 00:35:48,050

to me I had a new house but walked in

843

00:35:51,940 --> 00:35:50,150

took some pictures I didn't see the orbs

844

00:35:53,140 --> 00:35:51,950

came out and all my photos were loaded

845

00:35:54,550 --> 00:35:53,150

with these little orbs all over the

846

00:35:57,250 --> 00:35:54,560

place turned out there were dust motes

847

00:36:00,099 --> 00:35:57,260

from that construction people so you in

848

00:36:03,310 --> 00:36:00,109

an investigation of a haunted mansion in

849

00:36:06,310 --> 00:36:03,320

Ohio I thought I had ectoplasm caught in

850

00:36:11,269 --> 00:36:06,320

one film it was my own breath good on

851
00:36:13,399 --> 00:36:11,279
camera you have to be so careful but

852
00:36:16,729 --> 00:36:13,409
has extremely careful we rule out about

853
00:36:18,079 --> 00:36:16,739
95% of all of the reports I have had

854
00:36:19,849 --> 00:36:18,089
reports that we're really darn good

855
00:36:22,759 --> 00:36:19,859
reports but because they took place near

856
00:36:26,359 --> 00:36:22,769
an airport or a private Airport I've had

857
00:36:28,459 --> 00:36:26,369
to discount them and and and and my

858
00:36:29,779 --> 00:36:28,469
state director here said well you don't

859
00:36:31,339 --> 00:36:29,789
think it happened so I think it probably

860
00:36:33,049 --> 00:36:31,349
happened to right it's probably as the

861
00:36:36,019 --> 00:36:33,059
way she described it but because of

862
00:36:38,449 --> 00:36:36,029
mitigating circumstances I can't say

863
00:36:39,620 --> 00:36:38,459

that this was a genuine UFO she saw it

864

00:36:41,239 --> 00:36:39,630

could have been other things and

865

00:36:43,489 --> 00:36:41,249

whenever it could have been other things

866

00:36:47,839 --> 00:36:43,499

we just say it was and then we don't

867

00:36:49,999 --> 00:36:47,849

count it as the UFO count uh you know

868

00:36:51,529 --> 00:36:50,009

the the landing lights you know they're

869

00:36:54,109 --> 00:36:51,539

coming at you they're big bright lights

870

00:36:56,120 --> 00:36:54,119

you kind of have to discount for the

871

00:36:58,489 --> 00:36:56,130

most part unless there's really strange

872

00:37:00,169 --> 00:36:58,499

activity when you're seeing a light in

873

00:37:03,259 --> 00:37:00,179

the sky a lot of times it's just the

874

00:37:04,759 --> 00:37:03,269

lightness guy you know so well that's

875

00:37:06,319 --> 00:37:04,769

true and it could be a satellite

876

00:37:07,969 --> 00:37:06,329

overhead it could be a plane in the

877

00:37:11,149 --> 00:37:07,979

distance could be a helicopter could be

878

00:37:15,019 --> 00:37:11,159

a drone these days right yeah we have we

879

00:37:19,069 --> 00:37:15,029

have a lot to a lot to look out for you

880

00:37:21,319 --> 00:37:19,079

know Chinese lanterns you name it where

881

00:37:24,499 --> 00:37:21,329

you know you can be fooled real quickly

882

00:37:26,929 --> 00:37:24,509

and in drones I don't think they're

883

00:37:29,390 --> 00:37:26,939

going to be going away so we really have

884

00:37:32,299 --> 00:37:29,400

to keep in mind when we see these things

885

00:37:34,699 --> 00:37:32,309

now I'm sure you've been following you

886

00:37:35,630 --> 00:37:34,709

know what's happened since I know you

887

00:37:37,249 --> 00:37:35,640

really didn't hear much of the

888

00:37:40,579 --> 00:37:37,259

conversation with Alejandro and I but

889

00:37:43,579 --> 00:37:40,589

what's been happening since the Pentagon

890

00:37:44,029 --> 00:37:43,589

admitted they we're looking into the UFO

891

00:37:47,829 --> 00:37:44,039

field

892

00:37:52,249 --> 00:37:47,839

Howard UFOs in general or some type of

893

00:37:54,199 --> 00:37:52,259

aerial threats and it's been an easier

894

00:37:56,120 --> 00:37:54,209

topic to talk about what's your what's

895

00:37:58,579 --> 00:37:56,130

your thoughts on that well I think it's

896

00:38:02,449 --> 00:37:58,589

the current flavor of the month kind of

897

00:38:05,299 --> 00:38:02,459

thing I think it's compelling I think it

898

00:38:07,099 --> 00:38:05,309

again we don't know a lot about it but

899

00:38:09,109 --> 00:38:07,109

what we do know tells us some of what we

900

00:38:11,439 --> 00:38:09,119

don't know we know that the Navy was

901
00:38:14,659 --> 00:38:11,449
highly interested in the Nimitz

902
00:38:17,239 --> 00:38:14,669
incidents of course we do know that the

903
00:38:18,589 --> 00:38:17,249
commander of the six Jets that when the

904
00:38:20,449 --> 00:38:18,599
squadron said this thing looked like a

905
00:38:22,669 --> 00:38:20,459
giant dick tag had no apparent

906
00:38:24,409 --> 00:38:22,679
propulsion system were wings it was like

907
00:38:24,620 --> 00:38:24,419
a white featureless cylinder but he

908
00:38:26,240 --> 00:38:24,630
could

909
00:38:29,030 --> 00:38:26,250
outmaneuver his Jets if they were

910
00:38:30,830 --> 00:38:29,040
standing still according to him you do

911
00:38:33,140 --> 00:38:30,840
have some ground-to-air radar just as we

912
00:38:34,640 --> 00:38:33,150
did in Belgium these things are real I

913
00:38:38,090 --> 00:38:34,650

mean they're not our imagination they're

914

00:38:39,770 --> 00:38:38,100

not geese flying across the sky or

915

00:38:41,660 --> 00:38:39,780

someone misinterpreting something

916

00:38:42,800 --> 00:38:41,670

these are trained observers these people

917

00:38:45,800 --> 00:38:42,810

do this for a living

918

00:38:48,110 --> 00:38:45,810

we have policemen we have military

919

00:38:50,060 --> 00:38:48,120

personnel we have pilots both commercial

920

00:38:51,980 --> 00:38:50,070

and military who have all claimed on

921

00:38:54,050 --> 00:38:51,990

numerous occasions have spotted UFOs

922

00:38:58,190 --> 00:38:54,060

with witnesses to go with it including

923

00:39:00,170 --> 00:38:58,200

some of the control towers seeing them

924

00:39:02,510 --> 00:39:00,180

on radar as well we have people who've

925

00:39:04,310 --> 00:39:02,520

died from encounters with UFOs so if

926
00:39:04,850 --> 00:39:04,320
their imagination how the heck does that

927
00:39:07,430 --> 00:39:04,860
happen

928
00:39:09,830 --> 00:39:07,440
we've had people injured in the hundreds

929
00:39:12,920 --> 00:39:09,840
we've had property damage this has been

930
00:39:14,510 --> 00:39:12,930
going on at least since 1947 and if you

931
00:39:17,480 --> 00:39:14,520
look at historically apparently it's

932
00:39:19,310 --> 00:39:17,490
been going on for centuries can you tell

933
00:39:21,140 --> 00:39:19,320
us about any of the cases that you

934
00:39:23,390 --> 00:39:21,150
personally investigated that you thought

935
00:39:25,400 --> 00:39:23,400
were compelling well actually we're not

936
00:39:28,700 --> 00:39:25,410
really so you know we are supposed to

937
00:39:31,880 --> 00:39:28,710
keep it as anonymous as possible but

938
00:39:33,710 --> 00:39:31,890

they range from the the mundane with

939

00:39:35,810 --> 00:39:33,720

someone saw a strange light in the sky I

940

00:39:38,630 --> 00:39:35,820

took a picture of it too where they saw

941

00:39:42,260 --> 00:39:38,640

silvery objects that danced about the

942

00:39:44,480 --> 00:39:42,270

sky and had some video I've had other

943

00:39:46,760 --> 00:39:44,490

cases where one woman said she wrestled

944

00:39:48,500 --> 00:39:46,770

with a grey alien in her bedroom

945

00:39:50,000 --> 00:39:48,510

never saw you for anything but this

946

00:39:52,820 --> 00:39:50,010

thing was attacking her and she tried to

947

00:39:59,750 --> 00:39:52,830

choke it to death

948

00:40:01,190 --> 00:39:59,760

and she was a minister so you have to

949

00:40:03,980 --> 00:40:01,200

sit there and you have to listen with an

950

00:40:06,080 --> 00:40:03,990

open mind because you don't know what

951
00:40:07,970 --> 00:40:06,090
anything and everything is capable of so

952
00:40:09,860 --> 00:40:07,980
I try to keep an open mind and listen to

953
00:40:11,270 --> 00:40:09,870
it but then I kind of have to discount

954
00:40:14,600 --> 00:40:11,280
it because number one it wasn't a UFO

955
00:40:16,540 --> 00:40:14,610
sighting and number two the wounds

956
00:40:19,670 --> 00:40:16,550
didn't strike me as incredibly stable

957
00:40:23,990 --> 00:40:19,680
and so therefore when I wrote it up I

958
00:40:26,990 --> 00:40:24,000
said not a sighting so that must be kind

959
00:40:28,730 --> 00:40:27,000
of difficult to make a judgment and I

960
00:40:30,020 --> 00:40:28,740
don't like doing it I'd rather just have

961
00:40:32,960 --> 00:40:30,030
reported the information without having

962
00:40:34,490 --> 00:40:32,970
to do that final step of of what I have

963
00:40:36,050 --> 00:40:34,500

determined whether it is because that

964

00:40:37,730 --> 00:40:36,060

determines when it goes in the database

965

00:40:41,570 --> 00:40:37,740

or not

966

00:40:43,640 --> 00:40:41,580

a genuine sighting and and I don't know

967

00:40:45,410 --> 00:40:43,650

this woman Who am I to make a judgment

968

00:40:49,130 --> 00:40:45,420

colander after just one meeting and a

969

00:40:51,410 --> 00:40:49,140

couple phone conversations right how

970

00:40:54,230 --> 00:40:51,420

many would you say if you could kind of

971

00:40:56,870 --> 00:40:54,240

figure a calculation for the things that

972

00:40:59,080 --> 00:40:56,880

you've looked at end up being what's

973

00:41:02,720 --> 00:40:59,090

what they call an unknown and move on

974

00:41:05,510 --> 00:41:02,730

well quite a few are unknown I would say

975

00:41:07,130 --> 00:41:05,520

that only about my they're saying five

976
00:41:09,590 --> 00:41:07,140
percent on average but mine was more

977
00:41:11,480 --> 00:41:09,600
like seven or eight percent seem to have

978
00:41:13,370 --> 00:41:11,490
been a genuine UFO settings that people

979
00:41:15,830 --> 00:41:13,380
were reporting there was enough evidence

980
00:41:17,750 --> 00:41:15,840
to suppose that they were seeing

981
00:41:19,430 --> 00:41:17,760
something that wasn't everything else

982
00:41:21,320 --> 00:41:19,440
had been discounted that it could be I

983
00:41:22,910 --> 00:41:21,330
mean when we do an investigation we go

984
00:41:24,020 --> 00:41:22,920
out to the actual site we walked the

985
00:41:26,300 --> 00:41:24,030
grounds we look for any physical

986
00:41:28,460 --> 00:41:26,310
evidence on the ground we check all the

987
00:41:31,160 --> 00:41:28,470
weather records for that day we know if

988
00:41:32,780 --> 00:41:31,170

it was cloudy how windy it was we check

989

00:41:35,270 --> 00:41:32,790

air flight patterns out of the local

990

00:41:36,260 --> 00:41:35,280

airports international airports to make

991

00:41:38,330 --> 00:41:36,270

sure it couldn't have been anything at

992

00:41:40,070 --> 00:41:38,340

that at that given time and moment so

993

00:41:42,859 --> 00:41:40,080

we're really pretty thorough about it

994

00:41:45,770 --> 00:41:42,869

when we do these investigations right

995

00:41:48,050 --> 00:41:45,780

right and I I think there's a there's

996

00:41:50,390 --> 00:41:48,060

now some apps to that help you know an

997

00:41:52,640 --> 00:41:50,400

iPhone apps that actually help out with

998

00:41:56,420 --> 00:41:52,650

investigation from what I understand yes

999

00:41:59,150 --> 00:41:56,430

there are we prefer that the observer of

1000

00:42:02,030 --> 00:41:59,160

the incident doesn't use those we prefer

1001
00:42:03,859 --> 00:42:02,040
to get them unsullied if you know what I

1002
00:42:06,380 --> 00:42:03,869
mean not having spoken to many people

1003
00:42:08,960 --> 00:42:06,390
first because every time a person tells

1004
00:42:10,880 --> 00:42:08,970
their story in embellishes one woman who

1005
00:42:13,010 --> 00:42:10,890
saw UFOs started off by saying she saw

1006
00:42:14,750 --> 00:42:13,020
it for about five or six seconds by the

1007
00:42:16,450 --> 00:42:14,760
end of our conversation she had seen it

1008
00:42:20,780 --> 00:42:16,460
for proximately four minutes

1009
00:42:23,630 --> 00:42:20,790
hmm so but things change as he says they

1010
00:42:25,130 --> 00:42:23,640
tell it to you right right and you know

1011
00:42:26,740 --> 00:42:25,140
you mentioned your brother and his

1012
00:42:29,960 --> 00:42:26,750
friend had missing time and that's

1013
00:42:31,849 --> 00:42:29,970

that's such a bizarre thing that's

1014

00:42:34,400 --> 00:42:31,859

almost like someone could do a show on

1015

00:42:36,260 --> 00:42:34,410

that alone he that was critical that was

1016

00:42:38,420 --> 00:42:36,270

critical to my getting involved in all

1017

00:42:39,950 --> 00:42:38,430

of this that was the I always had a

1018

00:42:41,660 --> 00:42:39,960

strong interest in the paranormal had

1019

00:42:44,420 --> 00:42:41,670

already been reading and researching it

1020

00:42:47,330 --> 00:42:44,430

but when my brother finally told me this

1021

00:42:50,370 --> 00:42:47,340

20 years or so or more after it happens

1022

00:42:51,870 --> 00:42:50,380

I was absolutely flabbergasted because

1023

00:42:53,400 --> 00:42:51,880

my brother was unimpeachable my

1024

00:42:55,170 --> 00:42:53,410

brother's no liar and neither was his

1025

00:42:55,590 --> 00:42:55,180

friend Jean I'd grown up with them

1026
00:42:59,400 --> 00:42:55,600
nearby

1027
00:43:01,740 --> 00:42:59,410
you know I knew them and I mean John and

1028
00:43:03,330 --> 00:43:01,750
I knew my brother Mike and I know for a

1029
00:43:06,180 --> 00:43:03,340
fact that he wasn't lying

1030
00:43:07,950 --> 00:43:06,190
in fact he just was watching television

1031
00:43:09,630 --> 00:43:07,960
one night and the memory came back of

1032
00:43:11,760 --> 00:43:09,640
seeing a red light in the sky over the

1033
00:43:14,340 --> 00:43:11,770
desert when he his friend John were

1034
00:43:15,840 --> 00:43:14,350
camping out was about midnight and he

1035
00:43:17,520 --> 00:43:15,850
said you know that looks like it came

1036
00:43:19,530 --> 00:43:17,530
down here or should we go investigate in

1037
00:43:21,300 --> 00:43:19,540
jungles yeah let's do it that's the last

1038
00:43:22,770 --> 00:43:21,310

thing they remember the next thing we

1039

00:43:24,840 --> 00:43:22,780

remember is striking camp in the morning

1040

00:43:27,390 --> 00:43:24,850

and John's father picking him up at

1041

00:43:29,310 --> 00:43:27,400

about 9:00 a.m. and they left now they

1042

00:43:30,840 --> 00:43:29,320

never spoke about it at all never said

1043

00:43:32,400 --> 00:43:30,850

hey how about that red light nothing

1044

00:43:35,220 --> 00:43:32,410

absolutely nothing they had no memory of

1045

00:43:37,800 --> 00:43:35,230

it and so my brother moved to Vegas John

1046

00:43:39,330 --> 00:43:37,810

stayed in San Diego and then my brother

1047

00:43:40,770 --> 00:43:39,340

remembered he called Johnny said you

1048

00:43:43,950 --> 00:43:40,780

remember this and John goes well I do

1049

00:43:46,140 --> 00:43:43,960

now I had until this morrow he said what

1050

00:43:47,970 --> 00:43:46,150

happened to us in Johnson I don't know

1051
00:43:50,340 --> 00:43:47,980
but they were so compelling for them

1052
00:43:51,930 --> 00:43:50,350
that John sold his house in San Diego

1053
00:43:53,850 --> 00:43:51,940
took his wife and kids and moved to Las

1054
00:43:55,770 --> 00:43:53,860
Vegas to be near my brother who was

1055
00:43:58,380 --> 00:43:55,780
living there at Nellis Air Force Base in

1056
00:44:00,540 --> 00:43:58,390
Antarian 51 at the time and they spent

1057
00:44:01,980 --> 00:44:00,550
years researching this and getting

1058
00:44:03,990 --> 00:44:01,990
heavily involved into it and then

1059
00:44:05,670 --> 00:44:04,000
abruptly my brother dropped it all

1060
00:44:08,220 --> 00:44:05,680
absolute wanted nothing what to do with

1061
00:44:11,400 --> 00:44:08,230
it do you know why did he say why

1062
00:44:13,260 --> 00:44:11,410
yeah well no yeah well yes and no it was

1063
00:44:15,030 --> 00:44:13,270

pretty obvious he was scared that he

1064

00:44:17,850 --> 00:44:15,040

felt it was going in a very negative

1065

00:44:20,130 --> 00:44:17,860

dark direction so I asked him I said

1066

00:44:23,070 --> 00:44:20,140

Mike on your deathbed if you could have

1067

00:44:25,830 --> 00:44:23,080

the answers would you like to know and

1068

00:44:27,480 --> 00:44:25,840

he said it depends and I said on what

1069

00:44:29,610 --> 00:44:27,490

whether the answers are good or bad

1070

00:44:32,130 --> 00:44:29,620

he said yes exactly I said so you'd

1071

00:44:33,960 --> 00:44:32,140

rather die on knowing he said yes I just

1072

00:44:36,090 --> 00:44:33,970

want to have what's left of my life and

1073

00:44:39,420 --> 00:44:36,100

peace and quiet and I don't want to know

1074

00:44:42,540 --> 00:44:39,430

any more about any of this I totally get

1075

00:44:44,010 --> 00:44:42,550

that yeah I mean you can imagine that

1076

00:44:46,110 --> 00:44:44,020

you know if you've been through what

1077

00:44:48,330 --> 00:44:46,120

he'd been through so I mean he did have

1078

00:44:50,430 --> 00:44:48,340

an implant that was gouged out he did

1079

00:44:52,560 --> 00:44:50,440

have a scoop mark I have no doubt that

1080

00:44:54,480 --> 00:44:52,570

he was probably abducted although he

1081

00:44:56,460 --> 00:44:54,490

will not say that and I will not say

1082

00:45:01,110 --> 00:44:56,470

that because we do not have evidence and

1083

00:45:03,150 --> 00:45:01,120

I'm an evidence kind of guy hmm okay

1084

00:45:04,230 --> 00:45:03,160

well we have let's see we have about

1085

00:45:07,829 --> 00:45:04,240

five minutes left

1086

00:45:10,020 --> 00:45:07,839

so I did want to talk I listen to you on

1087

00:45:11,670 --> 00:45:10,030

another show and I wanted to I don't

1088

00:45:14,609 --> 00:45:11,680

want to say I want to debate you but I

1089

00:45:18,240 --> 00:45:14,619

just wanted to I wanted to challenge you

1090

00:45:19,230 --> 00:45:18,250

a little bit on on you you have a I

1091

00:45:22,170 --> 00:45:19,240

think you've written a couple books

1092

00:45:24,599 --> 00:45:22,180

about you have a theory that the moon

1093

00:45:27,300 --> 00:45:24,609

may be hollow so I wanted to wanted to

1094

00:45:29,880 --> 00:45:27,310

talk a little bit about that in the five

1095

00:45:30,990 --> 00:45:29,890

or so minutes we have sure break well it

1096

00:45:33,210 --> 00:45:31,000

started when I was on coast-to-coast

1097

00:45:34,770 --> 00:45:33,220

radio George Noory asked me when I

1098

00:45:37,020 --> 00:45:34,780

thought of the hollow moon theory and I

1099

00:45:38,339 --> 00:45:37,030

laughed I said not much I think it's

1100

00:45:41,670 --> 00:45:38,349

silly the moon stare it's in the sky

1101

00:45:43,440 --> 00:45:41,680

pulsar tides it's no and then I started

1102

00:45:46,140 --> 00:45:43,450

investigating it just tweaked my

1103

00:45:49,500 --> 00:45:46,150

imagination and the evidence I found

1104

00:45:52,079 --> 00:45:49,510

although not conclusive is certainly

1105

00:45:53,760 --> 00:45:52,089

intriguing I mean we have no good theory

1106

00:45:55,620 --> 00:45:53,770

for the origin of the Moon not even now

1107

00:45:57,150 --> 00:45:55,630

with the impact Theory there's a lot of

1108

00:45:59,190 --> 00:45:57,160

things wrong with it there's a lot of

1109

00:46:01,680 --> 00:45:59,200

oddities about the moon its density is

1110

00:46:03,300 --> 00:46:01,690

too low for its size and yet the rock

1111

00:46:04,650 --> 00:46:03,310

seems to be made of the same material as

1112

00:46:07,170 --> 00:46:04,660

our rock here on earth the Earth's

1113

00:46:08,250 --> 00:46:07,180

mantle so if it's the same material and

1114

00:46:10,800 --> 00:46:08,260

the moon's as large it is

1115

00:46:13,349 --> 00:46:10,810

where's the missing mass it has to be

1116

00:46:15,540 --> 00:46:13,359

taken from somewhere so it's either got

1117

00:46:17,130 --> 00:46:15,550

large caverns or it's hollow several

1118

00:46:19,079 --> 00:46:17,140

scientists including a couple of NASA

1119

00:46:21,000 --> 00:46:19,089

have I've quoted them in my book

1120

00:46:23,040 --> 00:46:21,010

literally say it's easier to explain the

1121

00:46:25,079 --> 00:46:23,050

non-existence of the moon than to

1122

00:46:27,510 --> 00:46:25,089

explain its existence and another one

1123

00:46:29,640 --> 00:46:27,520

said the way the size and graphs left on

1124

00:46:32,160 --> 00:46:29,650

the moon recorded moon quakes seemed to

1125

00:46:35,609 --> 00:46:32,170

show that the moon either had a very

1126
00:46:37,200 --> 00:46:35,619
strange core that doesn't allow seismic

1127
00:46:40,589 --> 00:46:37,210
waves to travel through it which is very

1128
00:46:41,880 --> 00:46:40,599
bizarre or it's hollow it raises the

1129
00:46:44,130 --> 00:46:41,890
frightening question that the moon may

1130
00:46:46,380 --> 00:46:44,140
be Hollow and this goes on and on and

1131
00:46:48,210 --> 00:46:46,390
and then was to Soviet scientists came

1132
00:46:50,099 --> 00:46:48,220
out with the idea of the spaceship moon

1133
00:46:52,500 --> 00:46:50,109
theory in the 70s they were members of

1134
00:46:55,109 --> 00:46:52,510
the Soviet Science Academy so there's

1135
00:46:57,540 --> 00:46:55,119
big names involved here McDonald of NASA

1136
00:46:59,970 --> 00:46:57,550
and all sorts of others of osteen

1137
00:47:02,040 --> 00:46:59,980
scherbakov all these people have talked

1138
00:47:02,790 --> 00:47:02,050

about this and delved into it and

1139

00:47:07,920 --> 00:47:02,800

they've come up with some very

1140

00:47:09,599 --> 00:47:07,930

reasonable scenarios the big craters on

1141

00:47:11,190 --> 00:47:09,609

the moon are shallow the small is your

1142

00:47:12,839 --> 00:47:11,200

deep as if it was an inner shell that

1143

00:47:15,870 --> 00:47:12,849

was making the big meteorites bounce

1144

00:47:18,130 --> 00:47:15,880

back up the layers on the moon the top

1145

00:47:19,720 --> 00:47:18,140

three layers of soil are reverse order

1146

00:47:21,850 --> 00:47:19,730

with the dentist being on top and the

1147

00:47:23,530 --> 00:47:21,860

lightest being three layers down we

1148

00:47:25,930 --> 00:47:23,540

can't go with that would that have

1149

00:47:28,840 --> 00:47:25,940

anything to do with that Monsieur

1150

00:47:30,550 --> 00:47:28,850

that would have to do anything that has

1151

00:47:32,470 --> 00:47:30,560

gravity will have the densest material

1152

00:47:34,210 --> 00:47:32,480

in the center and the lightest material

1153

00:47:35,440 --> 00:47:34,220

on the surface throw a bunch of

1154

00:47:36,820 --> 00:47:35,450

different types of soil into a glass of

1155

00:47:38,080 --> 00:47:36,830

water shake it up really good and let it

1156

00:47:40,810 --> 00:47:38,090

settle you'll see all sorts of layers

1157

00:47:43,600 --> 00:47:40,820

the densest are always at the bottom but

1158

00:47:45,460 --> 00:47:43,610

like helium-3 which I know there's a lot

1159

00:47:47,440 --> 00:47:45,470

of on the moon isn't that like more

1160

00:47:51,280 --> 00:47:47,450

toward the surface and then that like a

1161

00:47:53,500 --> 00:47:51,290

lighter material it's it is a lighter

1162

00:47:57,130 --> 00:47:53,510

material and it is not atmospheric it's

1163

00:47:58,540 --> 00:47:57,140

not gaseous in nature but so there is no

1164

00:48:00,160 --> 00:47:58,550

atmosphere and when to speak of in fact

1165

00:48:02,470 --> 00:48:00,170

when the Apollo moon landing and

1166

00:48:04,120 --> 00:48:02,480

jettisoned its tanks it actually

1167

00:48:05,890 --> 00:48:04,130

incrementally gave the moon a tiny bit

1168

00:48:08,770 --> 00:48:05,900

of atmosphere it was big at the time

1169

00:48:10,810 --> 00:48:08,780

because it's so close to a vacuum but we

1170

00:48:13,150 --> 00:48:10,820

also have strange lights on the moon we

1171

00:48:14,230 --> 00:48:13,160

over a NASA Commission report over the

1172

00:48:16,150 --> 00:48:14,240

last 500 years

1173

00:48:18,900 --> 00:48:16,160

and it's still going on right now we

1174

00:48:21,090 --> 00:48:18,910

have seen streaks flashes beacons tracks

1175

00:48:23,650 --> 00:48:21,100

volcanoes are no volcanoes on the moon

1176

00:48:25,630 --> 00:48:23,660

we have seen miss we have seen fogs

1177

00:48:27,460 --> 00:48:25,640

we've seen strange lights we've seen

1178

00:48:29,590 --> 00:48:27,470

blinking lights and a lot of blue lights

1179

00:48:31,990 --> 00:48:29,600

there's one crater that is so known for

1180

00:48:33,640 --> 00:48:32,000

this phenomena that it Aristarchus

1181

00:48:36,460 --> 00:48:33,650

crater that is referred to by

1182

00:48:39,430 --> 00:48:36,470

astronomers not me astronomers as the

1183

00:48:41,650 --> 00:48:39,440

blue gem now if the moon's a dead world

1184

00:48:45,640 --> 00:48:41,660

with no atmosphere what is all this

1185

00:48:48,550 --> 00:48:45,650

stuff what are the what are they trying

1186

00:48:54,910 --> 00:48:48,560

to explain these phenomena that you just

1187

00:48:56,230 --> 00:48:54,920

mentioned well yes the problem is

1188

00:48:58,360 --> 00:48:56,240

there's so many different types of these

1189

00:49:00,430 --> 00:48:58,370

they call it transient luna lunar

1190

00:49:02,770 --> 00:49:00,440

phenomena and report by NASA was

1191

00:49:04,750 --> 00:49:02,780

commissioned by NASA and it's online you

1192

00:49:08,800 --> 00:49:04,760

can take a look up at it or get my book

1193

00:49:10,570 --> 00:49:08,810

it's at the back of my book and but no

1194

00:49:13,950 --> 00:49:10,580

one explanation can explain all of it

1195

00:49:15,760 --> 00:49:13,960

for instance about a century ago and

1196

00:49:17,530 --> 00:49:15,770

volcanoes what they thought were

1197

00:49:19,090 --> 00:49:17,540

volcanoes who noticed on the moon these

1198

00:49:21,100 --> 00:49:19,100

were just quick blips and gone these

1199

00:49:24,190 --> 00:49:21,110

went on for months some things went on

1200

00:49:25,690 --> 00:49:24,200

for years this they call it transient

1201
00:49:27,130 --> 00:49:25,700
lunar phenomena and a lot of it is very

1202
00:49:29,140 --> 00:49:27,140
transient but some of it sticks around

1203
00:49:31,269 --> 00:49:29,150
enough for other observatories to

1204
00:49:33,789 --> 00:49:31,279
observe it easily and over

1205
00:49:36,039 --> 00:49:33,799
long periods of time but the mood has no

1206
00:49:37,599 --> 00:49:36,049
volcanoes so what were they seeing what

1207
00:49:39,339 --> 00:49:37,609
they're seeing lightening of them but

1208
00:49:42,189 --> 00:49:39,349
there's no atmosphere how do you get

1209
00:49:44,799 --> 00:49:42,199
lightning and avoid they're seeing

1210
00:49:46,179 --> 00:49:44,809
tracks and streaks and beacons and these

1211
00:49:48,370 --> 00:49:46,189
flashes and they're in different

1212
00:49:51,309 --> 00:49:48,380
locations but principally around two

1213
00:49:54,339 --> 00:49:51,319

craters Plato and Aristotle believed of

1214

00:49:55,870 --> 00:49:54,349

the two how do we comfort neptunium 237

1215

00:49:57,429 --> 00:49:55,880

being on the moon it's half-life is less

1216

00:49:59,799 --> 00:49:57,439

than two and a half million years

1217

00:50:01,959 --> 00:49:59,809

there should be no neptunium 237 on the

1218

00:50:05,319 --> 00:50:01,969

moon there's none on the earth we have

1219

00:50:10,120 --> 00:50:05,329

debated artificially how is that created

1220

00:50:11,949 --> 00:50:10,130

naturally it's I don't even know what it

1221

00:50:14,140 --> 00:50:11,959

is well it's a highly radioactive

1222

00:50:16,149 --> 00:50:14,150

substance it has a very short half-life

1223

00:50:17,679 --> 00:50:16,159

of just under two and a half million

1224

00:50:22,089 --> 00:50:17,689

years relatively speaking short

1225

00:50:23,890 --> 00:50:22,099

half-life it can occur naturally it

1226
00:50:25,059 --> 00:50:23,900
probably was on earth at the beginning

1227
00:50:27,579 --> 00:50:25,069
but because the earth is four-and-a-half

1228
00:50:29,859 --> 00:50:27,589
billion years old and a half life of

1229
00:50:32,140 --> 00:50:29,869
neptunium 237 is only two and a half

1230
00:50:34,329 --> 00:50:32,150
million years it long since ceased to

1231
00:50:35,799 --> 00:50:34,339
exist on the earth if the moon is that

1232
00:50:37,989 --> 00:50:35,809
old it should have ceased utterly to

1233
00:50:40,269 --> 00:50:37,999
exist on the moon - but it's there we

1234
00:50:43,569 --> 00:50:40,279
also have titanium on the moon in larger

1235
00:50:46,329 --> 00:50:43,579
amounts than on the earth we have these

1236
00:50:48,249 --> 00:50:46,339
large Mario these flat gray areas that

1237
00:50:50,380 --> 00:50:48,259
they believe are lava flows they're only

1238
00:50:51,219 --> 00:50:50,390

on the side facing the earth on the far

1239

00:50:53,979 --> 00:50:51,229

side of the moon

1240

00:50:55,479 --> 00:50:53,989

there aren't any there are leaner let me

1241

00:50:58,329 --> 00:50:55,489

ask this going back to the radioactive

1242

00:51:00,130 --> 00:50:58,339

material does an atmosphere play any

1243

00:51:04,149 --> 00:51:00,140

aspect and a half-life on a material

1244

00:51:06,399 --> 00:51:04,159

like that normally no already it's it's

1245

00:51:09,819 --> 00:51:06,409

a it's a constant rate of decay like

1246

00:51:11,679 --> 00:51:09,829

uranium u-238 polonium any of this stuff

1247

00:51:13,719 --> 00:51:11,689

I mean any of the radioactive isotopes

1248

00:51:15,909 --> 00:51:13,729

at the top end to be a periodic table

1249

00:51:17,289 --> 00:51:15,919

and the higher you go the shorter of the

1250

00:51:20,370 --> 00:51:17,299

half-lives are some of them are mere

1251
00:51:23,799 --> 00:51:20,380
split seconds before they decay I mean

1252
00:51:26,109 --> 00:51:23,809
uranium utility u-238 has a half-life of

1253
00:51:27,909 --> 00:51:26,119
four and a half billion years so we only

1254
00:51:29,499 --> 00:51:27,919
have half left of what the earth started

1255
00:51:32,380 --> 00:51:29,509
out with four and a half billion years

1256
00:51:34,239 --> 00:51:32,390
ago the rest of eventually degraded into

1257
00:51:38,829 --> 00:51:34,249
some other element I believe it was led

1258
00:51:40,689 --> 00:51:38,839
but so and that's odd because lead can

1259
00:51:42,939 --> 00:51:40,699
stop radiation isn't it funny something

1260
00:51:45,009 --> 00:51:42,949
should decay from a radioactive state to

1261
00:51:46,899 --> 00:51:45,019
something that blocks radiation

1262
00:51:48,549 --> 00:51:46,909
strange yeah if it is let I'm not I

1263
00:51:49,779 --> 00:51:48,559

think I remember reading it does decay

1264

00:51:50,799 --> 00:51:49,789

eventually into lead but I'm not

1265

00:51:53,949 --> 00:51:50,809

positive about that

1266

00:51:56,349 --> 00:51:53,959

well the time heartstrings oh alright

1267

00:51:58,239 --> 00:51:56,359

we're ready to go into break so on

1268

00:51:59,019 --> 00:51:58,249

YouTube hang in there we'll be back in a

1269

00:52:02,559 --> 00:51:59,029

few minutes

1270

00:52:07,089 --> 00:52:02,569

over at kgr a radio we'll be back right

1271

00:52:09,860 --> 00:52:07,099

after a messages so again hang in we'll

1272

00:52:18,400 --> 00:52:09,870

be right back right after these messages

1273

00:52:21,710 --> 00:52:18,410

[Music]

1274

00:52:24,410 --> 00:52:21,720

all right welcome back to the show my

1275

00:52:27,320 --> 00:52:24,420

guest this evening is Rob shale ski and

1276

00:52:30,520 --> 00:52:27,330

we are talking well we were talking

1277

00:52:34,070 --> 00:52:30,530

about the moon when we went to to break

1278

00:52:35,630 --> 00:52:34,080

his idea or I don't want to say it's not

1279

00:52:38,390 --> 00:52:35,640

your theory but it's something that

1280

00:52:40,790 --> 00:52:38,400

you've actually been paying attention to

1281

00:52:42,440 --> 00:52:40,800

is that the best way to put it well it

1282

00:52:44,150 --> 00:52:42,450

was something I became above with began

1283

00:52:46,430 --> 00:52:44,160

researching because they just wanted

1284

00:52:47,990 --> 00:52:46,440

again to have some answers and the

1285

00:52:50,090 --> 00:52:48,000

answers I've gotten seem to indicate

1286

00:52:54,140 --> 00:52:50,100

that we can't account for the moon's

1287

00:52:56,300 --> 00:52:54,150

origin not even now we do not understand

1288

00:52:58,070 --> 00:52:56,310

why the moon is so odd we don't

1289

00:52:59,480 --> 00:52:58,080

understand a great deal about the moon

1290

00:53:01,370 --> 00:52:59,490

we don't understand why we have such a

1291

00:53:03,650 --> 00:53:01,380

big moon we don't understand why it has

1292

00:53:05,390 --> 00:53:03,660

such a nicely circular orbit we don't

1293

00:53:08,060 --> 00:53:05,400

understand why it's right at the perfect

1294

00:53:10,220 --> 00:53:08,070

distance for full solar eclipses and to

1295

00:53:12,950 --> 00:53:10,230

do the vernal and autumnal equinox and

1296

00:53:16,010 --> 00:53:12,960

solstice it's all sisters and we don't

1297

00:53:19,340 --> 00:53:16,020

know why the moon is behaving the way it

1298

00:53:21,080 --> 00:53:19,350

does it rings like a bell I mean it

1299

00:53:22,370 --> 00:53:21,090

struck now one NASA scientist just

1300

00:53:24,380 --> 00:53:22,380

recently said well it doesn't actually

1301

00:53:25,790 --> 00:53:24,390

ring like a bell it resonates well

1302

00:53:27,440 --> 00:53:25,800

that's exactly what the bill does when

1303

00:53:30,730 --> 00:53:27,450

you strike it it resonates and to us

1304

00:53:34,070 --> 00:53:30,740

that's a ring well on that in particular

1305

00:53:38,090 --> 00:53:34,080

there are what's called ringing rocks

1306

00:53:40,280 --> 00:53:38,100

you know like there's a place a park I

1307

00:53:41,930 --> 00:53:40,290

think it's called like ringing Rock Park

1308

00:53:44,750 --> 00:53:41,940

where you hit hit a rock with a hammer

1309

00:53:47,480 --> 00:53:44,760

and it rings right for a very short time

1310

00:53:50,450 --> 00:53:47,490

not for hours when the moon is struck by

1311

00:53:53,270 --> 00:53:50,460

a when they dropped the the the the base

1312

00:53:55,310 --> 00:53:53,280

of the Apollo ship back onto the moon

1313

00:53:56,900 --> 00:53:55,320

they what they did quite deliberately

1314

00:53:58,910 --> 00:53:56,910

they wanted to hear what it did to the

1315

00:54:01,730 --> 00:53:58,920

seismographs and you know how they

1316

00:54:04,790 --> 00:54:01,740

responded and the moon vibrated for

1317

00:54:08,600 --> 00:54:04,800

hours hours not 5 or 10 minutes or

1318

00:54:10,790 --> 00:54:08,610

seconds or even half an hour hours which

1319

00:54:13,790 --> 00:54:10,800

I would as a scientist said makes them

1320

00:54:16,250 --> 00:54:13,800

wonder if the moon isn't Hollow well

1321

00:54:19,850 --> 00:54:16,260

well the earth would never do that

1322

00:54:23,360 --> 00:54:19,860

because it has a mantle and you know

1323

00:54:25,610 --> 00:54:23,370

above it so it's not the rocky part of

1324

00:54:28,610 --> 00:54:25,620

it's not so accessible but if you take

1325

00:54:29,900 --> 00:54:28,620

if you took like a metal even bell metal

1326
00:54:30,640 --> 00:54:29,910
or something like that and you made a

1327
00:54:32,560 --> 00:54:30,650
sphere

1328
00:54:34,570 --> 00:54:32,570
of it and you tried to ring it it's not

1329
00:54:37,990 --> 00:54:34,580
gonna ring I don't believe I think I

1330
00:54:41,290 --> 00:54:38,000
think you need like a open surface for

1331
00:54:43,990 --> 00:54:41,300
it to ring but solid rock can ring you

1332
00:54:46,810 --> 00:54:44,000
know I mean I'm just trying to you know

1333
00:54:49,600 --> 00:54:46,820
be devil's advocate here well two things

1334
00:54:50,950 --> 00:54:49,610
the earth does vibrate when we have

1335
00:54:53,590 --> 00:54:50,960
earthquakes they travel back and forth

1336
00:54:55,420 --> 00:54:53,600
across earth sometimes for hours now

1337
00:54:57,760 --> 00:54:55,430
with us they go through our core and out

1338
00:54:59,260 --> 00:54:57,770

the other side and back again now on the

1339

00:55:00,490 --> 00:54:59,270

moon they don't go through the core they

1340

00:55:02,050 --> 00:55:00,500

go around the core but they don't go

1341

00:55:03,850 --> 00:55:02,060

through the core which again the one

1342

00:55:06,070 --> 00:55:03,860

that asked the scientist said raises the

1343

00:55:08,580 --> 00:55:06,080

alarming idea that the moon either has a

1344

00:55:10,990 --> 00:55:08,590

very strange core indeed or it's Hollow

1345

00:55:13,240 --> 00:55:11,000

so yes the earth will vibrate well I

1346

00:55:15,250 --> 00:55:13,250

would prefer vibration rather than

1347

00:55:18,490 --> 00:55:15,260

ringing the ringing it is a bit of a

1348

00:55:20,290 --> 00:55:18,500

melodramatic phrase the moon can't ring

1349

00:55:22,510 --> 00:55:20,300

because there's no air you wouldn't hear

1350

00:55:25,090 --> 00:55:22,520

anything but it vibrated it resonated

1351
00:55:28,540 --> 00:55:25,100
and yes you can have an object that's a

1352
00:55:30,880 --> 00:55:28,550
miracle of metal and strike it you won't

1353
00:55:32,620 --> 00:55:30,890
hear it ringing because the sound is

1354
00:55:34,990 --> 00:55:32,630
inside of the sphere and very muffled

1355
00:55:37,090 --> 00:55:35,000
underneath that metal but they do ring

1356
00:55:39,490 --> 00:55:37,100
in the sense that they vibrate and

1357
00:55:41,770 --> 00:55:39,500
normally when the earth is struck it

1358
00:55:44,200 --> 00:55:41,780
will vibrate for a short while but it

1359
00:55:46,710 --> 00:55:44,210
won't vibrate for hours and that's just

1360
00:55:49,300 --> 00:55:46,720
one of the problems with the moon I mean

1361
00:55:51,100 --> 00:55:49,310
the list actually just goes on and on

1362
00:55:56,320 --> 00:55:51,110
everything from that helium-3 neptunium

1363
00:55:57,970 --> 00:55:56,330

237 to Aristarchus crater and again

1364

00:56:03,220 --> 00:55:57,980

there is that problem with these myths

1365

00:56:05,140 --> 00:56:03,230

and these clouds and these markings we

1366

00:56:06,730 --> 00:56:05,150

see on the moon it's almost as if

1367

00:56:09,010 --> 00:56:06,740

something's moving around on the lunar

1368

00:56:11,320 --> 00:56:09,020

surface that time and then it's gone it

1369

00:56:13,660 --> 00:56:11,330

vanishes and of course there was that

1370

00:56:16,780 --> 00:56:13,670

weird space music from Apollo 12 when

1371

00:56:18,340 --> 00:56:16,790

they circled the moon I'm sorry I think

1372

00:56:19,750 --> 00:56:18,350

was Apollo 10 when they circled the moon

1373

00:56:22,990 --> 00:56:19,760

just the one before they landed there

1374

00:56:24,940 --> 00:56:23,000

and 11 was the first landing so I think

1375

00:56:27,820 --> 00:56:24,950

this must have been 10 but they circled

1376

00:56:29,890 --> 00:56:27,830

the moon and they picked up with the

1377

00:56:30,280 --> 00:56:29,900

call space music on the far side of the

1378

00:56:33,580 --> 00:56:30,290

Moon

1379

00:56:35,950 --> 00:56:33,590

now the problem there is there was you

1380

00:56:37,300 --> 00:56:35,960

can't beam radio stations to the far

1381

00:56:39,010 --> 00:56:37,310

side of the moon of anything in orbit

1382

00:56:41,230 --> 00:56:39,020

there they won't get it if they're the

1383

00:56:42,670 --> 00:56:41,240

shadow of the moon the moon blocks it

1384

00:56:44,620 --> 00:56:42,680

it's not it has to be direct

1385

00:56:46,810 --> 00:56:44,630

line-of-sight so to speak so

1386

00:56:48,850 --> 00:56:46,820

whatever they were picking up wasn't

1387

00:56:49,810 --> 00:56:48,860

anything from our satellites or earth or

1388

00:56:52,240 --> 00:56:49,820

anything like that

1389

00:56:53,410 --> 00:56:52,250

secondly NASA said oh well it's probably

1390

00:56:55,000 --> 00:56:53,420

interference

1391

00:56:57,010 --> 00:56:55,010

these are trained astronauts and they

1392

00:56:59,320 --> 00:56:57,020

even kept some of the music so you can

1393

00:57:01,090 --> 00:56:59,330

hear it this is not interference what it

1394

00:57:07,390 --> 00:57:01,100

is I don't know but I can tell you what

1395

00:57:10,510 --> 00:57:07,400

it's not again well what would be the

1396

00:57:12,130 --> 00:57:10,520

purpose of the moon being hollow or is

1397

00:57:14,020 --> 00:57:12,140

there a purpose to the moon being home

1398

00:57:18,190 --> 00:57:14,030

if if it was indeed home

1399

00:57:19,390 --> 00:57:18,200

well the scene is scherbakov felt that

1400

00:57:21,610 --> 00:57:19,400

the reason the moon was Hollow is

1401
00:57:23,290 --> 00:57:21,620
because it was a spaceship that it had

1402
00:57:26,290 --> 00:57:23,300
either been terraformed into one or he

1403
00:57:29,350 --> 00:57:26,300
is just one and had been shifted either

1404
00:57:31,480 --> 00:57:29,360
into closer Earth orbit or somehow it

1405
00:57:33,640 --> 00:57:31,490
been shifted from what evidence I can

1406
00:57:37,270 --> 00:57:33,650
find this may have taken place about

1407
00:57:39,760 --> 00:57:37,280
12,000 years ago or 10,000 BCE the

1408
00:57:41,950 --> 00:57:39,770
evidence seems to show that there was a

1409
00:57:44,440 --> 00:57:41,960
time and we had no moon in our skies in

1410
00:57:46,660 --> 00:57:44,450
fact the Greeks referred to a time

1411
00:57:48,700 --> 00:57:46,670
before they inhabited Greece when the

1412
00:57:50,410 --> 00:57:48,710
process alone's lived there these were

1413
00:57:52,000 --> 00:57:50,420

people who lived there before there was

1414

00:57:54,760 --> 00:57:52,010

a moon and they're called pro Celine's

1415

00:57:56,590 --> 00:57:54,770

literally before there was a moon the

1416

00:58:00,340 --> 00:57:56,600

Romans referred to the pasta liens as

1417

00:58:02,410 --> 00:58:00,350

well we have stories of by American

1418

00:58:04,870 --> 00:58:02,420

North South and Central American tribes

1419

00:58:06,880 --> 00:58:04,880

that always begin their stories or

1420

00:58:11,320 --> 00:58:06,890

legends with in the time before there

1421

00:58:13,390 --> 00:58:11,330

was a moon so we we do have some

1422

00:58:15,250 --> 00:58:13,400

recorded history that seems to date back

1423

00:58:17,020 --> 00:58:15,260

to the time before there was a moon and

1424

00:58:18,970 --> 00:58:17,030

people say well the moon has tides

1425

00:58:21,130 --> 00:58:18,980

without the tides life when you've

1426
00:58:23,320 --> 00:58:21,140
evolved the way it did yeah it's kind of

1427
00:58:25,620 --> 00:58:23,330
just gonna bring that up well first of

1428
00:58:28,390 --> 00:58:25,630
all we do have ties the Earth's

1429
00:58:29,920 --> 00:58:28,400
centrifugal force from rotating actually

1430
00:58:32,080 --> 00:58:29,930
causes tides so the oceans don't quite

1431
00:58:34,720 --> 00:58:32,090
keep up with our rotation so that causes

1432
00:58:37,120 --> 00:58:34,730
a tide The Sun Also causes tides so at

1433
00:58:39,520 --> 00:58:37,130
times I don't know about the last part

1434
00:58:42,280 --> 00:58:39,530
you just said there the rotation because

1435
00:58:44,650 --> 00:58:42,290
if that was the case then there'd be so

1436
00:58:46,770 --> 00:58:44,660
many things affected by the rotation if

1437
00:58:50,200 --> 00:58:46,780
a tide was affected by a rotation

1438
00:58:51,880 --> 00:58:50,210

remember it's a very mild effect it

1439

00:58:54,450 --> 00:58:51,890

causes a slight lowering of the tides

1440

00:58:58,180 --> 00:58:54,460

not nearly as severe as the moon does

1441

00:59:00,370 --> 00:58:58,190

you know I know we can have tidal pull

1442

00:59:02,710 --> 00:59:00,380

from the nearest planet or the Sun

1443

00:59:06,760 --> 00:59:02,720

there's all title it's all it all works

1444

00:59:08,800 --> 00:59:06,770

in together but as far as the rotation I

1445

00:59:11,950 --> 00:59:08,810

would think that you know with the

1446

00:59:14,020 --> 00:59:11,960

gravity it's just like we don't feel any

1447

00:59:16,690 --> 00:59:14,030

part of the rotation we there's no other

1448

00:59:18,520 --> 00:59:16,700

evidence of what a rotation would cause

1449

00:59:21,490 --> 00:59:18,530

for a title change that I'm aware of

1450

00:59:24,760 --> 00:59:21,500

well actually we have the Coriolis

1451

00:59:27,070 --> 00:59:24,770

effect which comes from centrifugal

1452

00:59:28,750 --> 00:59:27,080

force and that's what causes our jet

1453

00:59:30,250 --> 00:59:28,760

streams the reason we have such powerful

1454

00:59:32,590 --> 00:59:30,260

jet streams looping around the planet

1455

00:59:34,450 --> 00:59:32,600

from west to east it's because of the

1456

00:59:37,480 --> 00:59:34,460

rotation of the earth the air isn't

1457

00:59:40,600 --> 00:59:37,490

moving as fast as the ground is so it

1458

00:59:42,780 --> 00:59:40,610

creates wind and we call it the jet

1459

00:59:44,620 --> 00:59:42,790

stream that's a very simplified

1460

00:59:47,500 --> 00:59:44,630

explanation for it but it's an accurate

1461

00:59:48,850 --> 00:59:47,510

one hmm I always thought that was had

1462

00:59:53,410 --> 00:59:48,860

something to do with the power of the

1463

00:59:55,660 --> 00:59:53,420

Sun causing that the Sun helps the air

1464

00:59:57,280 --> 00:59:55,670

rise it helps to do a lot of things but

1465

00:59:59,050 --> 00:59:57,290

the fact that that wind is moving always

1466

01:00:02,260 --> 00:59:59,060

in the same pattern around the earth is

1467

01:00:04,750 --> 01:00:02,270

from the Coriolis effect Coriolis effect

1468

01:00:10,180 --> 01:00:04,760

well you certainly give me a lot of

1469

01:00:13,860 --> 01:00:10,190

things to research yeah I find it I find

1470

01:00:19,000 --> 01:00:13,870

it interesting so if isn't part of our

1471

01:00:21,460 --> 01:00:19,010

our evolution based on like the drastic

1472

01:00:23,200 --> 01:00:21,470

tidal changes I mean I don't know I'm

1473

01:00:26,110 --> 01:00:23,210

just throwing that out there it seems

1474

01:00:28,030 --> 01:00:26,120

like well biologists you know there are

1475

01:00:31,540 --> 01:00:28,040

a lot of species that do depend on our

1476

01:00:34,540 --> 01:00:31,550

moon and the cycle of the moon and it's

1477

01:00:35,890 --> 01:00:34,550

no doubt about it but life evolves and

1478

01:00:38,680 --> 01:00:35,900

changes very quickly to match

1479

01:00:41,170 --> 01:00:38,690

circumstances now did we not have a moon

1480

01:00:43,570 --> 01:00:41,180

at all I I'm not going to say that I

1481

01:00:46,600 --> 01:00:43,580

think the moon shifted position sometime

1482

01:00:48,310 --> 01:00:46,610

around 12,000 years ago and I think

1483

01:00:50,560 --> 01:00:48,320

that's what happened did the moon just

1484

01:00:51,880 --> 01:00:50,570

arrive it could have but you know we

1485

01:00:53,950 --> 01:00:51,890

know the moon wasn't captured by the

1486

01:00:55,510 --> 01:00:53,960

earth because it's just mathematically

1487

01:00:56,920 --> 01:00:55,520

impossible for something that large to

1488

01:00:57,640 --> 01:00:56,930

go into a perfect circular orbit around

1489

01:00:59,560 --> 01:00:57,650

the earth

1490

01:01:01,420 --> 01:00:59,570

unless something acted as a brake on it

1491

01:01:03,250 --> 01:01:01,430

and that braking would have had to been

1492

01:01:05,230 --> 01:01:03,260

a much more extensive atmosphere than we

1493

01:01:08,710 --> 01:01:05,240

have now and none of our evidence shows

1494

01:01:11,520 --> 01:01:08,720

that ever happened or ever was that way

1495

01:01:13,810 --> 01:01:11,530

so yeah the moon had to be

1496

01:01:15,940 --> 01:01:13,820

supposedly shifted into position or

1497

01:01:17,560 --> 01:01:15,950

moved here now this may sound really

1498

01:01:20,410 --> 01:01:17,570

wacko but you know Carl Sagan himself

1499

01:01:22,690 --> 01:01:20,420

said that one of our best space spaces

1500

01:01:24,490 --> 01:01:22,700

could be a hollowed-out asteroid you

1501

01:01:26,860 --> 01:01:24,500

shift went into orbit around the earth

1502

01:01:29,140 --> 01:01:26,870

and it'd be much quicker and much easier

1503

01:01:30,700 --> 01:01:29,150

to basically turn that into a space

1504

01:01:32,920 --> 01:01:30,710

station than to try to haul everything

1505

01:01:35,620 --> 01:01:32,930

up at great expense from Earth and to do

1506

01:01:37,450 --> 01:01:35,630

it plus when you're done you would have

1507

01:01:39,280 --> 01:01:37,460

an asteroid that you could hit fifty

1508

01:01:40,930 --> 01:01:39,290

thousand people inside for an average

1509

01:01:43,210 --> 01:01:40,940

asteroid not even one of the big ones

1510

01:01:44,680 --> 01:01:43,220

and on top of that if it was a

1511

01:01:47,320 --> 01:01:44,690

nickel-iron asteroid you'd have a

1512

01:01:50,080 --> 01:01:47,330

marvelous protective device a shield

1513

01:01:52,150 --> 01:01:50,090

against you and radiation solar flares

1514

01:01:53,890 --> 01:01:52,160

all that sort of thing cosmic rays you

1515

01:01:56,050 --> 01:01:53,900

can live quite comfortably an enclosed

1516

01:01:58,140 --> 01:01:56,060

environment maybe for tens of thousands

1517

01:02:00,280 --> 01:01:58,150

of years so and we actually

1518

01:02:03,640 --> 01:02:00,290

technologically are capable of doing

1519

01:02:05,890 --> 01:02:03,650

that right now a great expense but then

1520

01:02:07,360 --> 01:02:05,900

remember Carl Sagan also pointed out

1521

01:02:09,160 --> 01:02:07,370

that an asteroid brought into earth

1522

01:02:11,200 --> 01:02:09,170

orbit could be mined to hollow it out

1523

01:02:13,570 --> 01:02:11,210

and that would give us a gross national

1524

01:02:15,790 --> 01:02:13,580

product worldwide of nine trillion

1525

01:02:17,260 --> 01:02:15,800

dollars which is exactly the output of

1526

01:02:19,660 --> 01:02:17,270

the entire planets gross national

1527

01:02:21,040 --> 01:02:19,670

product on a yearly basis so one

1528

01:02:23,200 --> 01:02:21,050

asteroid alone could provide us with

1529

01:02:25,360 --> 01:02:23,210

enough mineral wealth to give us that

1530

01:02:27,430 --> 01:02:25,370

kind of an income so are we the first

1531

01:02:30,160 --> 01:02:27,440

have thought that up did someone in some

1532

01:02:31,870 --> 01:02:30,170

other system come up with that idea were

1533

01:02:34,030 --> 01:02:31,880

they running from some malevolent alien

1534

01:02:36,100 --> 01:02:34,040

race and wanted to hide in the deep

1535

01:02:38,620 --> 01:02:36,110

space once you're inside a sealed

1536

01:02:40,540 --> 01:02:38,630

environment drifting in the depths of

1537

01:02:42,700 --> 01:02:40,550

interstellar space with lots of other

1538

01:02:44,440 --> 01:02:42,710

dead worlds rogue planets you'd be

1539

01:02:47,650 --> 01:02:44,450

awfully hard to find it's a great way to

1540

01:02:48,880 --> 01:02:47,660

survive yeah but I mean the earth so

1541

01:02:51,940 --> 01:02:48,890

close wouldn't they want to just live

1542

01:02:53,170 --> 01:02:51,950

here well you know I compared it to

1543

01:02:54,430 --> 01:02:53,180

people who are out in the cold every now

1544

01:02:56,560 --> 01:02:54,440

then want to come in and get warm

1545

01:02:58,840 --> 01:02:56,570

they're warm defeat by the fire maybe

1546

01:03:01,210 --> 01:02:58,850

they drift from solar system the solar

1547

01:03:04,360 --> 01:03:01,220

system and basically tank up no

1548

01:03:06,760 --> 01:03:04,370

ecosystem that is intelligently made

1549

01:03:09,130 --> 01:03:06,770

last forever you do have to replace

1550

01:03:11,080 --> 01:03:09,140

things and there seems to be historical

1551

01:03:13,090 --> 01:03:11,090

evidence that there was mining by aliens

1552

01:03:15,610 --> 01:03:13,100

here on earth and we did it at their

1553

01:03:18,580 --> 01:03:15,620

direction we have the Vedic text India

1554

01:03:20,680 --> 01:03:18,590

to say this we have the Mahabharata and

1555

01:03:23,710 --> 01:03:20,690

the Ramayana that talk about it we have

1556

01:03:25,090 --> 01:03:23,720

the Annunaki of the Sumerian the who

1557

01:03:27,370 --> 01:03:25,100

predated the Babylonian

1558

01:03:29,170 --> 01:03:27,380

Peyer and they talked about the fact

1559

01:03:31,300 --> 01:03:29,180

that we're designed specifically to do

1560

01:03:33,670 --> 01:03:31,310

this task apparently the aliens were

1561

01:03:36,310 --> 01:03:33,680

will suit it to the earth environment

1562

01:03:37,930 --> 01:03:36,320

and something else to where the moon is

1563

01:03:39,910 --> 01:03:37,940

it makes it the high ground and any

1564

01:03:41,380 --> 01:03:39,920

military expert will tell you that you

1565

01:03:43,390 --> 01:03:41,390

always want to have control of the high

1566

01:03:47,620 --> 01:03:43,400

ground well if they're aliens of the

1567

01:03:51,040 --> 01:03:47,630

moon they do well it's an interesting

1568

01:03:56,380 --> 01:03:51,050

thought I know there's I think there's

1569

01:04:00,550 --> 01:03:56,390

the a Thea theory which is that you know

1570

01:04:04,000 --> 01:04:00,560

like a large planet hit us we sort of

1571

01:04:06,280 --> 01:04:04,010

conjoined and you know broke apart I

1572

01:04:09,490 --> 01:04:06,290

understand what you're saying about the

1573

01:04:10,770 --> 01:04:09,500

earth has just I know it just has a I

1574

01:04:15,040 --> 01:04:10,780

mean the moon has just a slight

1575

01:04:17,890 --> 01:04:15,050

elliptical orbit around us it's

1576

01:04:25,240 --> 01:04:17,900

something like a few percent or five

1577

01:04:27,900 --> 01:04:25,250

percent or so and Venus is a strange

1578

01:04:31,110 --> 01:04:27,910

world too it has a retrograde rotation

1579

01:04:33,910 --> 01:04:31,120

we don't know why I know there is a

1580

01:04:36,160 --> 01:04:33,920

theory among the theories there are four

1581

01:04:38,440 --> 01:04:36,170

or five theories of of the moon and one

1582

01:04:41,650 --> 01:04:38,450

of them is that the earth could have

1583

01:04:45,360 --> 01:04:41,660

been struck by several asteroids and

1584

01:04:48,430 --> 01:04:45,370

then have form a disc like Saturn and

1585

01:04:50,110 --> 01:04:48,440

that to explain basically how it could

1586

01:04:53,920 --> 01:04:50,120

have formed and have us more of a

1587

01:04:56,440 --> 01:04:53,930

circular a circular orbit but it's all

1588

01:04:57,790 --> 01:04:56,450

interesting well there's no there's no

1589

01:04:59,140 --> 01:04:57,800

real evidence for that when the impact

1590

01:05:00,880 --> 01:04:59,150

theory it's not bad

1591

01:05:02,440 --> 01:05:00,890

Thea was about the size of Mars

1592

01:05:04,450 --> 01:05:02,450

approximately struck the earth and

1593

01:05:06,850 --> 01:05:04,460

smashed into it and they both basically

1594

01:05:08,590 --> 01:05:06,860

broke apart to a large extent and that

1595

01:05:10,540 --> 01:05:08,600

formed a ring around the earth that

1596

01:05:11,920 --> 01:05:10,550

eventually turned into the moon but now

1597

01:05:13,960 --> 01:05:11,930

there's a problem with that theory to

1598

01:05:15,700 --> 01:05:13,970

the far side of the moon's crust is

1599

01:05:16,900 --> 01:05:15,710

thicker than the near side now the

1600

01:05:20,050 --> 01:05:16,910

spaceship theory says that's because

1601
01:05:22,030 --> 01:05:20,060
they're pumping out debris from the from

1602
01:05:24,250 --> 01:05:22,040
the hollow center on one side but not

1603
01:05:25,780 --> 01:05:24,260
the other the second thing is there had

1604
01:05:27,340 --> 01:05:25,790
to have been two moons and one had

1605
01:05:28,810 --> 01:05:27,350
crashed into the other one later to

1606
01:05:32,050 --> 01:05:28,820
account for the thicker far side of the

1607
01:05:34,120 --> 01:05:32,060
moon finally if Thea and the earth smash

1608
01:05:35,740 --> 01:05:34,130
together and basically broke up for a

1609
01:05:37,270 --> 01:05:35,750
little bit they say the moon formed in

1610
01:05:40,420 --> 01:05:37,280
less than a hundred years by the way

1611
01:05:42,280 --> 01:05:40,430
and if it did break up then the moon

1612
01:05:44,770 --> 01:05:42,290
should be composed of materials from

1613
01:05:46,660 --> 01:05:44,780

Thea and from the earth we have phone no

1614

01:05:48,850 --> 01:05:46,670

isotopic signatures of anything but

1615

01:05:50,950 --> 01:05:48,860

earth-like material on the moon nothing

1616

01:05:52,990 --> 01:05:50,960

that corresponds to an alien world and

1617

01:05:54,760 --> 01:05:53,000

every world has its own isotopic

1618

01:05:57,220 --> 01:05:54,770

signatures and so does every asteroid

1619

01:05:57,640 --> 01:05:57,230

practically we would quickly know we

1620

01:05:59,290 --> 01:05:57,650

know

1621

01:06:00,700 --> 01:05:59,300

meteors come from the moon because of

1622

01:06:02,290 --> 01:06:00,710

the isotopic signatures we know they

1623

01:06:04,540 --> 01:06:02,300

come from Mars for the same reason

1624

01:06:07,600 --> 01:06:04,550

but the moon has no material from Thea

1625

01:06:10,480 --> 01:06:07,610

that we've ever found yet but we

1626
01:06:12,460 --> 01:06:10,490
wouldn't know what Thea material was

1627
01:06:14,530 --> 01:06:12,470
would we well we would know it wasn't

1628
01:06:16,840 --> 01:06:14,540
Earth's isotopic signature it'd have to

1629
01:06:18,730 --> 01:06:16,850
be something else but we haven't found

1630
01:06:21,250 --> 01:06:18,740
anything else all we've found is the

1631
01:06:24,150 --> 01:06:21,260
same isotopic signature as the mantle of

1632
01:06:26,800 --> 01:06:24,160
our own earth and what about moon rocks

1633
01:06:28,000 --> 01:06:26,810
are you saying that's what we are who

1634
01:06:29,740 --> 01:06:28,010
divided that and that's what we're

1635
01:06:31,120 --> 01:06:29,750
basing it on those pounds and pounds of

1636
01:06:34,270 --> 01:06:31,130
moon rocks they brought back from every

1637
01:06:36,190 --> 01:06:34,280
trip to them on and also meteorites from

1638
01:06:37,810 --> 01:06:36,200

the moon none of them so show an

1639

01:06:40,360 --> 01:06:37,820

isotopic signature different from that

1640

01:06:41,830 --> 01:06:40,370

of Earth so along for a long time we

1641

01:06:43,300 --> 01:06:41,840

thought the earth must have formed out

1642

01:06:46,000 --> 01:06:43,310

of the same material at the same time

1643

01:06:47,680 --> 01:06:46,010

but that apparently can't work either

1644

01:06:48,880 --> 01:06:47,690

there are five major theories of the

1645

01:06:51,490 --> 01:06:48,890

origin of the moon they all have major

1646

01:06:52,780 --> 01:06:51,500

problems even after the Thea theory came

1647

01:06:55,300 --> 01:06:52,790

out and a lot of scientists are gripping

1648

01:06:57,430 --> 01:06:55,310

on to that with both hands

1649

01:06:59,800 --> 01:06:57,440

two other scientists came out with a geo

1650

01:07:02,200 --> 01:06:59,810

reactor theory they thought that maybe

1651
01:07:03,550 --> 01:07:02,210
there's a natural large amount of

1652
01:07:05,860 --> 01:07:03,560
radioactive material right at the

1653
01:07:08,500 --> 01:07:05,870
equator and that this exploded and

1654
01:07:10,060 --> 01:07:08,510
launched the moon basically well this

1655
01:07:12,070 --> 01:07:10,070
one has a lot of problems too in fact

1656
01:07:14,380 --> 01:07:12,080
the problems are so bad with most of

1657
01:07:16,630 --> 01:07:14,390
these that none of them really answer

1658
01:07:19,030 --> 01:07:16,640
the question or answer it well there is

1659
01:07:22,120 --> 01:07:19,040
one theory that does spaceship moon

1660
01:07:24,640 --> 01:07:22,130
theory it answers every single question

1661
01:07:28,480 --> 01:07:24,650
and problem from deep craters to shallow

1662
01:07:31,570 --> 01:07:28,490
craters to neptunium 237 on the moon to

1663
01:07:33,280 --> 01:07:31,580

helium-3 dancers all of it and you know

1664

01:07:34,510 --> 01:07:33,290

Occam's razor says if you have more than

1665

01:07:36,490 --> 01:07:34,520

one answer you go with the one that's

1666

01:07:37,810 --> 01:07:36,500

simplest well the one that's simplest in

1667

01:07:41,650 --> 01:07:37,820

this case is the one that answers all

1668

01:07:43,290 --> 01:07:41,660

the questions well I thought correct me

1669

01:07:45,610 --> 01:07:43,300

if I'm wrong but I thought when they

1670

01:07:48,190 --> 01:07:45,620

searched down in a crater they found

1671

01:07:50,930 --> 01:07:48,200

molten rock in the bottom of one of the

1672

01:07:54,589 --> 01:07:50,940

craters is that not is that not right

1673

01:07:57,770 --> 01:07:54,599

I'm not saying you're wrong but not

1674

01:07:59,390 --> 01:07:57,780

molten rock ever ok moon the moon

1675

01:08:00,829 --> 01:07:59,400

doesn't have volcanoes it just have

1676

01:08:02,540 --> 01:08:00,839

quakes but they think that's from the

1677

01:08:04,430 --> 01:08:02,550

tidal pull of the earth and here's

1678

01:08:05,809 --> 01:08:04,440

another oddity scientists have

1679

01:08:07,520 --> 01:08:05,819

calculated that the moon quakes are

1680

01:08:08,780 --> 01:08:07,530

happening in the wrong spots they should

1681

01:08:10,250 --> 01:08:08,790

be happening to certain locations of the

1682

01:08:12,260 --> 01:08:10,260

moon if it is the tidal pull of the

1683

01:08:14,510 --> 01:08:12,270

earth but they seem to be happening

1684

01:08:16,550 --> 01:08:14,520

otherwise and we don't know why that is

1685

01:08:19,340 --> 01:08:16,560

either again the moon is a really

1686

01:08:21,200 --> 01:08:19,350

mysterious world oh and by the way there

1687

01:08:24,170 --> 01:08:21,210

is one other moon that could well be

1688

01:08:25,670 --> 01:08:24,180

Hollow - and it circles the planet that

1689

01:08:27,979 --> 01:08:25,680

may have had life on it once - and

1690

01:08:30,380 --> 01:08:27,989

that's Mars and the moon is Phobos has a

1691

01:08:32,930 --> 01:08:30,390

very strange orbit its density is too

1692

01:08:37,070 --> 01:08:32,940

low and scientists can't figure out why

1693

01:08:39,470 --> 01:08:37,080

and by the way - Soviet probes going to

1694

01:08:42,349 --> 01:08:39,480

Mars caught a picture of the cylinder

1695

01:08:44,209 --> 01:08:42,359

near Phobos and then was promptly

1696

01:08:46,309 --> 01:08:44,219

destroyed and so was the second one that

1697

01:08:47,539 --> 01:08:46,319

was right behind it following it and to

1698

01:08:50,030 --> 01:08:47,549

this day we don't know what happened to

1699

01:08:51,950 --> 01:08:50,040

those two probes but they vanished

1700

01:08:54,499 --> 01:08:51,960

literally right after they took a photo

1701

01:08:56,900 --> 01:08:54,509

of something that was cylinder-shaped it

1702

01:09:02,300 --> 01:08:56,910

was sort of white right near the moon

1703

01:09:05,059 --> 01:09:02,310

Phobos interesting well I was just

1704

01:09:07,519 --> 01:09:05,069

reading while you're talking here it

1705

01:09:09,289 --> 01:09:07,529

says the giant impact basins formed on

1706

01:09:11,870 --> 01:09:09,299

the infant moon surface which caused

1707

01:09:17,209 --> 01:09:11,880

molten rock to well up and create giant

1708

01:09:20,180 --> 01:09:17,219

pools of cooled lava right that would

1709

01:09:22,610 --> 01:09:20,190

make your large craters shallow but why

1710

01:09:23,900 --> 01:09:22,620

are the small craters so deep and the

1711

01:09:25,490 --> 01:09:23,910

spaceship moon theory says because

1712

01:09:27,410 --> 01:09:25,500

there's an inner shell maybe made of

1713

01:09:29,240 --> 01:09:27,420

titanium that's why would find titanium

1714

01:09:31,189 --> 01:09:29,250

on the moon and that what's happening is

1715

01:09:33,320 --> 01:09:31,199

with the small craters the impact hits

1716

01:09:35,479 --> 01:09:33,330

the moon and burrows into it like it

1717

01:09:37,849 --> 01:09:35,489

normally should on earth but about 25

1718

01:09:40,070 --> 01:09:37,859

miles down there is the shell so that

1719

01:09:41,990 --> 01:09:40,080

when large asteroid strike the moon they

1720

01:09:44,990 --> 01:09:42,000

rebound off that inner shell and that

1721

01:09:49,010 --> 01:09:45,000

creates the flattened shallow areas of

1722

01:09:53,300 --> 01:09:49,020

the larger craters okay well if you were

1723

01:09:57,380 --> 01:09:53,310

arguing with yourself what would I do

1724

01:10:01,040 --> 01:09:57,390

that as long as you don't lose what

1725

01:10:03,890 --> 01:10:01,050

would you think is like where this thing

1726

01:10:04,870 --> 01:10:03,900

falls apart you I think I heard you say

1727

01:10:08,320 --> 01:10:04,880

really

1728

01:10:10,420 --> 01:10:08,330

that holds pretty well there must be

1729

01:10:13,630 --> 01:10:10,430

some weak spots in this I mean first of

1730

01:10:16,000 --> 01:10:13,640

all it it sounds a logical on the

1731

01:10:17,920 --> 01:10:16,010

surface like you said when you first

1732

01:10:20,110 --> 01:10:17,930

heard it when George Noory asked you I

1733

01:10:23,410 --> 01:10:20,120

mean you know right away it sounds like

1734

01:10:25,930 --> 01:10:23,420

wow this is really wacky or bizarre so

1735

01:10:29,080 --> 01:10:25,940

I'm not sure it sounds illogical it just

1736

01:10:33,280 --> 01:10:29,090

sounds extreme doesn't it it does yes

1737

01:10:36,010 --> 01:10:33,290

but and it is an extreme idea but it's

1738

01:10:37,600 --> 01:10:36,020

not really when you think about it that

1739

01:10:40,900 --> 01:10:37,610

much more extreme than saying a planet

1740

01:10:44,200 --> 01:10:40,910

smashed into the earth you know or

1741

01:10:45,550 --> 01:10:44,210

saying that the moon was captured as it

1742

01:10:47,740 --> 01:10:45,560

wandered through the solar system by a

1743

01:10:49,390 --> 01:10:47,750

little tiny planet I mean we had the

1744

01:10:50,260 --> 01:10:49,400

largest moon of any terrestrial planet

1745

01:10:52,030 --> 01:10:50,270

in the solar system

1746

01:10:53,770 --> 01:10:52,040

it's not the largest moon in the solar

1747

01:10:57,790 --> 01:10:53,780

system but it's one of the largest and

1748

01:10:59,170 --> 01:10:57,800

this is very strange in itself the orbit

1749

01:11:01,270 --> 01:10:59,180

of the moon is strange it's distance

1750

01:11:03,370 --> 01:11:01,280

from the earth is strange I mean it's

1751

01:11:05,890 --> 01:11:03,380

density is strange it's layout of

1752

01:11:07,810 --> 01:11:05,900

craters of Marya is strange it's reverse

1753

01:11:10,480 --> 01:11:07,820

some density of layers on the surface is

1754

01:11:12,700 --> 01:11:10,490

strange it's weird phenomena of these

1755

01:11:14,920 --> 01:11:12,710

blinks flashes tracks and glows and

1756

01:11:18,550 --> 01:11:14,930

mists and fogs and clouds and lightning

1757

01:11:20,470 --> 01:11:18,560

and volcanoes is strange so how do you

1758

01:11:21,820 --> 01:11:20,480

explain it all and none of these

1759

01:11:23,860 --> 01:11:21,830

theories that exist in mainstream

1760

01:11:26,200 --> 01:11:23,870

science are willing to do it and to

1761

01:11:29,260 --> 01:11:26,210

remember the spaceship Moon Theory was

1762

01:11:31,420 --> 01:11:29,270

promulgated by two mainstream scientists

1763

01:11:33,640 --> 01:11:31,430

in the field this is not something that

1764

01:11:36,330 --> 01:11:33,650

fringe elements made up like maybe the

1765

01:11:39,550 --> 01:11:36,340

Flat Earth theory or something like that

1766

01:11:42,220 --> 01:11:39,560

yeah that I'll never buy into that one

1767

01:11:44,590 --> 01:11:42,230

that's for sure Mary Mary grace wants to

1768

01:11:47,620 --> 01:11:44,600

know is there a higher concentration of

1769

01:11:49,680 --> 01:11:47,630

anomalies anomalous sightings over major

1770

01:11:52,690 --> 01:11:49,690

craters on the moon

1771

01:11:55,390 --> 01:11:52,700

absolutely again I refer to Aristarchus

1772

01:11:57,340 --> 01:11:55,400

and Plato and this other said to a

1773

01:12:00,160 --> 01:11:57,350

lesser degree but there seem to be

1774

01:12:02,800 --> 01:12:00,170

strange sightings all over the moon you

1775

01:12:04,630 --> 01:12:02,810

have to remember that one photo of them

1776

01:12:06,820 --> 01:12:04,640

when very early on in our exploration

1777

01:12:09,340 --> 01:12:06,830

showed a pyramid on the moon we haven't

1778

01:12:12,670 --> 01:12:09,350

seen it since other photos shows strange

1779

01:12:15,700 --> 01:12:12,680

things like what they called a needle a

1780

01:12:18,310 --> 01:12:15,710

crystal dome there's even what they call

1781

01:12:19,600 --> 01:12:18,320

the LA basin an area that is grid

1782

01:12:21,729 --> 01:12:19,610

it's actually a grid pattern on the

1783

01:12:23,680 --> 01:12:21,739

surface of the moon and scientists say

1784

01:12:25,780 --> 01:12:23,690

oh that's just channeling from when

1785

01:12:27,819 --> 01:12:25,790

water or maybe lava flowed in the early

1786

01:12:29,950 --> 01:12:27,829

days of the Moon should be long gone

1787

01:12:31,359 --> 01:12:29,960

that's with number of craters on the one

1788

01:12:32,649 --> 01:12:31,369

that should be wiped out ages ago so

1789

01:12:35,200 --> 01:12:32,659

it didn't happen early on in the moon's

1790

01:12:38,169 --> 01:12:35,210

history had to happen later exactly it

1791

01:12:40,120 --> 01:12:38,179

does right angles when things flow they

1792

01:12:41,589 --> 01:12:40,130

don't tend to do right angles just look

1793

01:12:44,649 --> 01:12:41,599

at a Delta River pattern it's the

1794

01:12:48,310 --> 01:12:44,659

Mississippi or the Nile for instance and

1795

01:12:50,550 --> 01:12:48,320

you won't see right angles there Wow you

1796

01:12:54,339 --> 01:12:50,560

know I think while I'm on this topic

1797

01:12:58,300 --> 01:12:54,349

just that it's I don't have the

1798

01:13:00,399 --> 01:12:58,310

scientific mind to really I don't want

1799

01:13:03,250 --> 01:13:00,409

to say debate or challenge some of what

1800

01:13:05,470 --> 01:13:03,260

you're saying because obviously you're

1801

01:13:06,819 --> 01:13:05,480

very well you have this very well

1802

01:13:10,479 --> 01:13:06,829

thought out it's not just something

1803

01:13:12,490 --> 01:13:10,489

you're just casting at us so I would

1804

01:13:14,560 --> 01:13:12,500

like to open the lines if anyone wants

1805

01:13:17,140 --> 01:13:14,570

to call in if they'd like to ask a

1806

01:13:19,780 --> 01:13:17,150

question about this and we have bill

1807

01:13:24,100 --> 01:13:19,790

he's screening the calls and that number

1808

01:13:26,890 --> 01:13:24,110

is eight five five four seven two five

1809

01:13:28,390 --> 01:13:26,900

four eight three and go ahead and give

1810

01:13:30,669 --> 01:13:28,400

us a call if you'd like if you'd like to

1811

01:13:32,140 --> 01:13:30,679

talk to our guests about this theory

1812

01:13:35,819 --> 01:13:32,150

before we move into something else

1813

01:13:38,560 --> 01:13:35,829

because I think I've about run out of

1814

01:13:40,149 --> 01:13:38,570

questions I know I remember reading

1815

01:13:44,649 --> 01:13:40,159

something a long time ago that the

1816

01:13:47,410 --> 01:13:44,659

helium-3 is actually something that

1817

01:13:51,040 --> 01:13:47,420

would be very valuable and very useful

1818

01:13:52,899 --> 01:13:51,050

for energy oh absolutely especially for

1819

01:13:54,459 --> 01:13:52,909

a fusion reactor it'd be a primary

1820

01:13:56,260 --> 01:13:54,469

source we have very little of it on

1821

01:13:58,600 --> 01:13:56,270

earth but the moon's loaded with the

1822

01:14:02,350 --> 01:13:58,610

stuff and the interesting thing about

1823

01:14:04,330 --> 01:14:02,360

that is one amateur astronomer did a

1824

01:14:06,550 --> 01:14:04,340

spectral analysis of the blue glow in

1825

01:14:08,649 --> 01:14:06,560

the Aristarchus crater and he overlaid

1826

01:14:11,319 --> 01:14:08,659

it with the blue glow of a fusion

1827

01:14:13,209 --> 01:14:11,329

reactor and he found that spectrally

1828

01:14:16,030 --> 01:14:13,219

they were the exact exactly the same

1829

01:14:18,819 --> 01:14:16,040

that the blue glow on in the aristocracy

1830

01:14:21,580 --> 01:14:18,829

at least at one time had the same exact

1831

01:14:25,810 --> 01:14:21,590

signature spectral analysis as a fusion

1832

01:14:28,589 --> 01:14:25,820

reactor this is that something so the it

1833

01:14:31,689 --> 01:14:28,599

could be basically a stepping stone to

1834

01:14:34,450 --> 01:14:31,699

four say four

1835

01:14:36,790 --> 01:14:34,460

if we were going to do some space travel

1836

01:14:38,830 --> 01:14:36,800

to stop basically at the moon and fuel

1837

01:14:42,010 --> 01:14:38,840

up right I mean it could possibly be

1838

01:14:44,080 --> 01:14:42,020

some day or even we could build our deep

1839

01:14:45,669 --> 01:14:44,090

space ships I mean if we could have

1840

01:14:48,040 --> 01:14:45,679

nuclear-powered ships we could get to

1841

01:14:49,600 --> 01:14:48,050

Mars in three weeks if you have

1842

01:14:51,430 --> 01:14:49,610

something along the lines of the Orion

1843

01:14:52,959 --> 01:14:51,440

the original Orion that was some which

1844

01:14:55,720 --> 01:14:52,969

we were capable building back in the

1845

01:14:57,430 --> 01:14:55,730

late 1950s and we certainly are now the

1846

01:14:59,890 --> 01:14:57,440

problem is it requires small atomic

1847

01:15:03,520 --> 01:14:59,900

pellets literally miniature nuclear

1848

01:15:05,020 --> 01:15:03,530

bombs to propel it and of course with

1849

01:15:06,160 --> 01:15:05,030

the nuclear test-ban treaty we couldn't

1850

01:15:08,320 --> 01:15:06,170

go launching rockets from Earth that

1851

01:15:10,930 --> 01:15:08,330

we're radiating the atmosphere as they

1852

01:15:12,040 --> 01:15:10,940

launched so but you could build them on

1853

01:15:14,229 --> 01:15:12,050

the moon and launch them from the moon

1854

01:15:17,200 --> 01:15:14,239

and you're not causing any harm the moon

1855

01:15:18,790 --> 01:15:17,210

is sterile one is dead and it's loaded

1856

01:15:20,560 --> 01:15:18,800

with radiation from the Sun and cosmic

1857

01:15:22,540 --> 01:15:20,570

rays with nothing to protect anyone on

1858

01:15:24,660 --> 01:15:22,550

the moon right

1859

01:15:27,669 --> 01:15:24,670

I know timing is everything when they're

1860

01:15:29,379 --> 01:15:27,679

when they're on the moon and we were

1861

01:15:32,260 --> 01:15:29,389

just lucky all the times that we landed

1862

01:15:34,510 --> 01:15:32,270

there basically absolutely and also with

1863

01:15:35,560 --> 01:15:34,520

our space station as well I mean when

1864

01:15:37,120 --> 01:15:35,570

you really think about it

1865

01:15:39,010 --> 01:15:37,130

and we're playing Russian roulette now

1866

01:15:40,810 --> 01:15:39,020

there's evidence to suppose we really

1867

01:15:43,180 --> 01:15:40,820

can't send people to Mars not with our

1868

01:15:44,950 --> 01:15:43,190

present technology because they would

1869

01:15:47,770 --> 01:15:44,960

certainly be too irradiated by the time

1870

01:15:49,090 --> 01:15:47,780

they got there oh really I don't know

1871

01:15:51,430 --> 01:15:49,100

how they're gonna protect against that

1872

01:15:53,680 --> 01:15:51,440

they can use water you know the east

1873

01:15:55,870 --> 01:15:53,690

want to use shielding like lead but that

1874

01:15:57,729 --> 01:15:55,880

stuff any kind of metal can eventually

1875

01:15:59,950 --> 01:15:57,739

become radioactive in its own right if

1876

01:16:04,510 --> 01:15:59,960

it's bombarded with enough radiation it

1877

01:16:06,310 --> 01:16:04,520

dislodges enough subatomic particles

1878

01:16:08,080 --> 01:16:06,320

where it becomes radioactive but water

1879

01:16:11,379 --> 01:16:08,090

is the perfect defense you can shield

1880

01:16:13,660 --> 01:16:11,389

anybody with a few feet of water I had I

1881

01:16:16,149 --> 01:16:13,670

had no idea how about that

1882

01:16:20,590 --> 01:16:16,159

so anyway our lines are open someone

1883

01:16:22,390 --> 01:16:20,600

like to give a call and and ask our

1884

01:16:27,070 --> 01:16:22,400

guest a question I'm just doing a little

1885

01:16:28,479 --> 01:16:27,080

bit of adjusting here and so I guess I'm

1886

01:16:29,859 --> 01:16:28,489

gonna stay on the subject just a little

1887

01:16:32,020 --> 01:16:29,869

longer for no one else calls and we'll

1888

01:16:35,709 --> 01:16:32,030

move on I mean if no one calls in then

1889

01:16:39,930 --> 01:16:35,719

we'll just move on but what type of

1890

01:16:42,430 --> 01:16:39,940

pushback are you getting from from this

1891

01:16:44,169 --> 01:16:42,440

scientists ignore anything to do with

1892

01:16:45,520 --> 01:16:44,179

you of those with this kind of idea they

1893

01:16:47,830 --> 01:16:45,530

stick

1894

01:16:49,210 --> 01:16:47,840

to the mainstream they do this for a

1895

01:16:52,090 --> 01:16:49,220

number of reasons one of the major

1896

01:16:53,590 --> 01:16:52,100

reasons reasons is that they get their

1897

01:16:55,240 --> 01:16:53,600

grants that almost all grants at

1898

01:16:57,160 --> 01:16:55,250

universities come from the US government

1899

01:16:58,870 --> 01:16:57,170

if the US government doesn't want to

1900

01:17:01,500 --> 01:16:58,880

give you a grant for something you don't

1901

01:17:04,660 --> 01:17:01,510

get to research it that's a big no

1902

01:17:07,840 --> 01:17:04,670

secondly the ridicule in such is so

1903

01:17:09,220 --> 01:17:07,850

great that if any scientist technically

1904

01:17:10,990 --> 01:17:09,230

really wanted to get involved in the

1905

01:17:12,790 --> 01:17:11,000

research it's like hitting the third

1906

01:17:14,650 --> 01:17:12,800

real he would not long stay in his

1907

01:17:16,840 --> 01:17:14,660

profession and he would be laughed off

1908

01:17:21,970 --> 01:17:16,850

the planet this has happened to us

1909

01:17:23,910 --> 01:17:21,980

before Alfred Wegener in the 1920s came

1910

01:17:27,250 --> 01:17:23,920

up with the idea of continental drift

1911

01:17:29,710 --> 01:17:27,260

his career was ruined he died basically

1912

01:17:31,420 --> 01:17:29,720

an unknown and laughed at and I mean his

1913

01:17:32,950 --> 01:17:31,430

career was over because he dared say

1914

01:17:34,810 --> 01:17:32,960

that continents might be drifting around

1915

01:17:37,810 --> 01:17:34,820

the surface of the earth now we take it

1916

01:17:39,940 --> 01:17:37,820

as a fact they do they do drift but

1917

01:17:42,100 --> 01:17:39,950

science is very slow to change and there

1918

01:17:45,700 --> 01:17:42,110

was a lot of resistance to anything new

1919

01:17:48,210 --> 01:17:45,710

or different yeah absolutely yeah I know

1920

01:17:50,830 --> 01:17:48,220

there's also the guy that figured out

1921

01:17:54,910 --> 01:17:50,840

what was it Adams he figured out Adams

1922

01:17:57,460 --> 01:17:54,920

long before and ended up you know dying

1923

01:18:01,780 --> 01:17:57,470

before it was actually confirmed why

1924

01:18:03,610 --> 01:18:01,790

Einstein right and I believe was the

1925

01:18:08,830 --> 01:18:03,620

Greeks came up with the term Adam but

1926

01:18:10,720 --> 01:18:08,840

the ancient Greeks but again with the he

1927

01:18:12,550 --> 01:18:10,730

wasn't the first now any of us can look

1928

01:18:14,890 --> 01:18:12,560

at a globe and clearly see the

1929

01:18:16,660 --> 01:18:14,900

continents are like a jigsaw puzzle we

1930

01:18:18,310 --> 01:18:16,670

could push South America to Africa we

1931

01:18:20,410 --> 01:18:18,320

could push North America over into

1932

01:18:23,110 --> 01:18:20,420

Europe and they fit very nicely yet none

1933

01:18:26,320 --> 01:18:23,120

of the scientists in the 1920s could see

1934

01:18:29,140 --> 01:18:26,330

that now we take it for granted I have a

1935

01:18:31,510 --> 01:18:29,150

question about that that's always it's

1936

01:18:33,700 --> 01:18:31,520

always bothered me because I look at

1937

01:18:35,320 --> 01:18:33,710

these continents and I could see that

1938

01:18:37,210 --> 01:18:35,330

they would fit together and could have

1939

01:18:40,900 --> 01:18:37,220

separated and all that but what about

1940

01:18:43,680 --> 01:18:40,910

the ocean bed I mean isn't that all part

1941

01:18:46,300 --> 01:18:43,690

of it well yes it is you have the

1942

01:18:48,970 --> 01:18:46,310

Marianas Trench which is subsiding its

1943

01:18:51,220 --> 01:18:48,980

sucking mantle material down into the

1944

01:18:53,320 --> 01:18:51,230

earth and melting it and over in the

1945

01:18:56,740 --> 01:18:53,330

Atlantic you have the mid-atlantic ridge

1946

01:18:58,480 --> 01:18:56,750

which is actually pumping out material

1947

01:18:59,209 --> 01:18:58,490

in creating Iceland and all these places

1948

01:19:02,509 --> 01:18:59,219

is highly

1949

01:19:05,450 --> 01:19:02,519

active extremely active but oceans come

1950

01:19:08,390 --> 01:19:05,460

and go before the the continent Pangaea

1951

01:19:09,680 --> 01:19:08,400

split up there were several inland seas

1952

01:19:12,229 --> 01:19:09,690

but it wasn't till it started ripping

1953

01:19:13,910 --> 01:19:12,239

apart that oceans water poured in and

1954

01:19:15,290 --> 01:19:13,920

then created the oceans but as the

1955

01:19:16,790 --> 01:19:15,300

continents drift they just push the

1956

01:19:18,919 --> 01:19:16,800

water out of the way till they merge or

1957

01:19:21,709 --> 01:19:18,929

tear apart Africa right now has the

1958

01:19:23,870 --> 01:19:21,719

Great Rift Valley that is along a fault

1959

01:19:26,259 --> 01:19:23,880

line and it eventually will become an

1960

01:19:29,660 --> 01:19:26,269

inland sea in the not-too-distant future

1961

01:19:33,560 --> 01:19:29,670

geologically speaking yeah I mean

1962

01:19:36,799 --> 01:19:33,570

there's you know you think of the story

1963

01:19:39,319 --> 01:19:36,809

of Atlantis and you think of that they

1964

01:19:41,029 --> 01:19:39,329

can be off the coast quite far off the

1965

01:19:42,649 --> 01:19:41,039

coast and be scuba diving all of a

1966

01:19:44,600 --> 01:19:42,659

sudden you come across what looks like

1967

01:19:46,969 --> 01:19:44,610

part of an ancient city or something

1968

01:19:49,009 --> 01:19:46,979

like that that is all part of it I would

1969

01:19:54,140 --> 01:19:49,019

think that the moving and the shifting

1970

01:19:56,959 --> 01:19:54,150

of the continents and well we and cities

1971

01:19:59,870 --> 01:19:56,969

back in those days I don't mean like

1972

01:20:01,489 --> 01:19:59,880

cities I mean some type of stone

1973

01:20:05,810 --> 01:20:01,499

structures they find them under the

1974

01:20:07,549 --> 01:20:05,820

ocean oh yes sometimes we think that's

1975

01:20:09,500 --> 01:20:07,559

probably well some of its due to

1976

01:20:11,149 --> 01:20:09,510

earthquake activity the Mediterranean

1977

01:20:12,379 --> 01:20:11,159

the land around the Mediterranean

1978

01:20:14,689 --> 01:20:12,389

especially in southern Europe is

1979

01:20:16,069 --> 01:20:14,699

subsiding and there we have found cities

1980

01:20:18,620 --> 01:20:16,079

underwater there we've also saw this

1981

01:20:22,790 --> 01:20:18,630

found a city under water off the coast

1982

01:20:24,680 --> 01:20:22,800

of Pakistan and India and that was

1983

01:20:27,620 --> 01:20:24,690

probably due to the melting of the

1984

01:20:29,390 --> 01:20:27,630

glaciers in fact in my book ancient

1985

01:20:31,910 --> 01:20:29,400

alien empire mega Lithia I discussed

1986

01:20:34,399 --> 01:20:31,920

that in detail because I think there was

1987

01:20:37,069 --> 01:20:34,409

at one point in time an alien Overlord

1988

01:20:38,629 --> 01:20:37,079

civilization on earth human population

1989

01:20:40,370 --> 01:20:38,639

was small it was under the control was

1990

01:20:42,259 --> 01:20:40,380

an isolated communities along the coast

1991

01:20:43,910 --> 01:20:42,269

and when you remove that over layer of

1992

01:20:45,529 --> 01:20:43,920

technology that they kept under strict

1993

01:20:48,739 --> 01:20:45,539

control according to the Vedic texts of

1994

01:20:51,319 --> 01:20:48,749

India and the Sumerian cuneiform

1995

01:20:53,029 --> 01:20:51,329

writings that left a bunch of isolated

1996

01:20:55,250 --> 01:20:53,039

communities slowly being drowned as the

1997

01:20:56,509 --> 01:20:55,260

oceans rose and with no contact with

1998

01:20:58,790 --> 01:20:56,519

each other and I'm saying small

1999

01:21:00,560 --> 01:20:58,800

communities you know Athens at its peak

2000

01:21:02,959 --> 01:21:00,570

in the age of Pericles was only a little

2001
01:21:06,890 --> 01:21:02,969
over 50,000 people they as to make which

2002
01:21:10,240 --> 01:21:06,900
is a small town today Wow

2003
01:21:12,910 --> 01:21:10,250
you just said a mouthful there

2004
01:21:16,630 --> 01:21:12,920
you know i-i've thought about you know

2005
01:21:20,290 --> 01:21:16,640
like if it was possible that you know

2006
01:21:22,060 --> 01:21:20,300
aliens we're here you know tens of

2007
01:21:23,680 --> 01:21:22,070
thousands or maybe even hundreds of

2008
01:21:26,110 --> 01:21:23,690
thousands years ago how would they

2009
01:21:27,540 --> 01:21:26,120
suppress the technology and I think I

2010
01:21:29,830 --> 01:21:27,550
just heard you say something about

2011
01:21:32,230 --> 01:21:29,840
guarded technology is that what you just

2012
01:21:34,090 --> 01:21:32,240
said well we didn't have it according to

2013
01:21:36,430 --> 01:21:34,100

every archaeologists on the planet we

2014

01:21:38,140 --> 01:21:36,440

were a Neolithic or paleolithic culture

2015

01:21:39,790 --> 01:21:38,150

and we're basically Stone Age hunter

2016

01:21:42,040 --> 01:21:39,800

gatherers with a little bit of

2017

01:21:43,600 --> 01:21:42,050

agriculture and we were in small numbers

2018

01:21:46,150 --> 01:21:43,610

the entire population of the earth back

2019

01:21:47,440 --> 01:21:46,160

then was maybe ten million total so if

2020

01:21:49,030 --> 01:21:47,450

you spread that out over all the

2021

01:21:50,740 --> 01:21:49,040

continents around the coastlines of all

2022

01:21:53,530 --> 01:21:50,750

the continents those are just small

2023

01:21:55,870 --> 01:21:53,540

pockets of people in fact about 70,000

2024

01:21:56,650 --> 01:21:55,880

years ago they estimate that the human

2025

01:21:59,500 --> 01:21:56,660

race dropped

2026
01:22:01,510 --> 01:21:59,510
to maybe 5,000 individuals we almost

2027
01:22:03,430 --> 01:22:01,520
became extinct and we know this because

2028
01:22:05,950 --> 01:22:03,440
there's a genetic bottleneck in our

2029
01:22:08,220 --> 01:22:05,960
heritage we all stem from that one

2030
01:22:11,530 --> 01:22:08,230
little bottleneck of those who survived

2031
01:22:14,470 --> 01:22:11,540
wow that's like was that ice ice age

2032
01:22:16,000 --> 01:22:14,480
relate well it's about 70,000 years ago

2033
01:22:20,610 --> 01:22:16,010
and we think it was the result of the

2034
01:22:23,920 --> 01:22:20,620
supervolcano well like a mass extinction

2035
01:22:26,440 --> 01:22:23,930
mm-hmm yep I know we're getting way off

2036
01:22:28,210 --> 01:22:26,450
the UFO topic but it's a it's

2037
01:22:30,310 --> 01:22:28,220
interesting to speak to someone that's

2038
01:22:33,370 --> 01:22:30,320

obviously done a lot of research into a

2039

01:22:38,440 --> 01:22:33,380

lot of different fields yeah I'm a jack

2040

01:22:42,960 --> 01:22:38,450

of all trades and a master of all the of

2041

01:22:49,210 --> 01:22:46,360

what do you think if you had to picture

2042

01:22:51,970 --> 01:22:49,220

the human race do you think it evolved

2043

01:22:53,410 --> 01:22:51,980

on its own like science says or are you

2044

01:22:56,080 --> 01:22:53,420

thinking that something else happened

2045

01:22:57,820 --> 01:22:56,090

along the way I think I think our

2046

01:22:59,470 --> 01:22:57,830

ancestors evolved right here on earth

2047

01:23:01,690 --> 01:22:59,480

but someone's been interfering with it

2048

01:23:04,030 --> 01:23:01,700

again Sitchin in his book about the

2049

01:23:05,890 --> 01:23:04,040

Sumerians refers to the fact that in the

2050

01:23:07,690 --> 01:23:05,900

cuneiform writings they talked about the

2051

01:23:10,930 --> 01:23:07,700

gods the overlords whatever you want to

2052

01:23:12,610 --> 01:23:10,940

call them creating us to do their dirty

2053

01:23:13,960 --> 01:23:12,620

work basically they're mining and we

2054

01:23:15,940 --> 01:23:13,970

were supposed to be the beasts of burden

2055

01:23:19,330 --> 01:23:15,950

basically for them and that they

2056

01:23:21,790 --> 01:23:19,340

tinkered with us William Bramley gods of

2057

01:23:23,670 --> 01:23:21,800

Eden Fame he also writes that they try

2058

01:23:25,870 --> 01:23:23,680

to control us through the use of

2059

01:23:27,820 --> 01:23:25,880

viruses in place and refers to the

2060

01:23:30,189 --> 01:23:27,830

Justinian plague the Black Death and

2061

01:23:32,680 --> 01:23:30,199

several others and he's quite intriguing

2062

01:23:35,800 --> 01:23:32,690

I mean his work is heavy to read to

2063

01:23:37,840 --> 01:23:35,810

follow it's definitely in-depth and

2064

01:23:40,330 --> 01:23:37,850

highly researched and it's long and

2065

01:23:41,979 --> 01:23:40,340

again it's rather heavy but if you can

2066

01:23:43,240 --> 01:23:41,989

wade through it you learn a heck of a

2067

01:23:46,840 --> 01:23:43,250

lot that you might not know otherwise

2068

01:23:48,330 --> 01:23:46,850

about our history of diseases and quite

2069

01:23:51,459 --> 01:23:48,340

a bit of other things as well and

2070

01:23:53,860 --> 01:23:51,469

there's another thing going on here we

2071

01:23:56,439 --> 01:23:53,870

are afraid of knowledge all through

2072

01:23:59,770 --> 01:23:56,449

history knowledge has been evil the

2073

01:24:01,270 --> 01:23:59,780

Bible says that Adam and Eve ate of the

2074

01:24:03,160 --> 01:24:01,280

tree of knowledge there were two trees

2075

01:24:04,570 --> 01:24:03,170

in the garden couldn't even eaten

2076

01:24:06,400 --> 01:24:04,580

according to the Bible one was the tree

2077

01:24:08,140 --> 01:24:06,410

of life when the tree of knowledge it

2078

01:24:10,510 --> 01:24:08,150

was the tree of knowledge that was the

2079

01:24:12,010 --> 01:24:10,520

forbidden fruit and by the way the

2080

01:24:14,439 --> 01:24:12,020

Greeks picked up on this with their gods

2081

01:24:15,970 --> 01:24:14,449

Prometheus he dared to give human beings

2082

01:24:18,430 --> 01:24:15,980

fired and for that he's eternally

2083

01:24:21,220 --> 01:24:18,440

punished having his entrails pecked out

2084

01:24:23,950 --> 01:24:21,230

by giant vultures or Eagles on a rock in

2085

01:24:26,160 --> 01:24:23,960

an ocean somewhere for all eternity the

2086

01:24:29,439 --> 01:24:26,170

punishment for helping us humans was

2087

01:24:32,110 --> 01:24:29,449

extreme and by the way we even did it

2088

01:24:34,979 --> 01:24:32,120

more recently in history in the America

2089

01:24:38,590 --> 01:24:34,989

back at the time of the civil war it was

2090

01:24:41,890 --> 01:24:38,600

illegal it was a capital offense to

2091

01:24:43,870 --> 01:24:41,900

teach a slave to read or write because

2092

01:24:46,120 --> 01:24:43,880

once they had knowledge he could use

2093

01:24:47,920 --> 01:24:46,130

that to rebel against them and both the

2094

01:24:51,490 --> 01:24:47,930

Vedic text and the Sumerian cuneiform

2095

01:24:54,070 --> 01:24:51,500

writings talk about a rebellion and the

2096

01:24:56,110 --> 01:24:54,080

Vedic texts talk about favorite humans

2097

01:24:58,090 --> 01:24:56,120

flying the vimana these so-called flying

2098

01:25:02,680 --> 01:24:58,100

machines some of the biggest cities some

2099

01:25:05,140 --> 01:25:02,690

quite small that the gods had and the

2100

01:25:07,270 --> 01:25:05,150

Vedic texts even describe how the things

2101

01:25:09,430 --> 01:25:07,280

operated and how to avoid mid-air

2102

01:25:12,910 --> 01:25:09,440

collisions now follow this this is just

2103

01:25:16,240 --> 01:25:12,920

legend and myth why would you go into

2104

01:25:18,370 --> 01:25:16,250

such detail such technical expertise

2105

01:25:20,290 --> 01:25:18,380

about how it was done and even how the

2106

01:25:22,330 --> 01:25:20,300

things were propelled apparently used a

2107

01:25:25,120 --> 01:25:22,340

form of liquid mercury in some fashion

2108

01:25:27,370 --> 01:25:25,130

so there's a great deal in our history

2109

01:25:29,770 --> 01:25:27,380

we just don't seem to remember I think

2110

01:25:32,470 --> 01:25:29,780

we have racial amnesia I think when a

2111

01:25:34,870 --> 01:25:32,480

war broke out around 12,000 years ago is

2112

01:25:36,550 --> 01:25:34,880

an interstellar war the Vedic texts talk

2113

01:25:36,700 --> 01:25:36,560

about it happening in space and even on

2114

01:25:43,600 --> 01:25:36,710

the

2115

01:25:46,570 --> 01:25:43,610

what sounds very much like what might

2116

01:25:48,760 --> 01:25:46,580

have been a nuclear war Wow

2117

01:25:51,760 --> 01:25:48,770

hey well we have a caller what do you

2118

01:25:55,120 --> 01:25:51,770

think we have Vince calling from Ohio

2119

01:25:57,660 --> 01:25:55,130

Vince welcome to the show hi good to

2120

01:26:00,640 --> 01:25:57,670

finally call been listening for years oh

2121

01:26:03,459 --> 01:26:00,650

well thank you for calling and glad

2122

01:26:05,760 --> 01:26:03,469

you've been listening for a long time do

2123

01:26:08,709 --> 01:26:05,770

you have a comment or a question for Rob

2124

01:26:11,350 --> 01:26:08,719

yeah tonight's guest I wanted to ask him

2125

01:26:13,479 --> 01:26:11,360

if he believes everything that we've

2126
01:26:16,750 --> 01:26:13,489
been told from NASA about the Apollo

2127
01:26:20,050 --> 01:26:16,760
projects and their missions their goals

2128
01:26:22,540 --> 01:26:20,060
and if he believes also when we talk

2129
01:26:25,080 --> 01:26:22,550
about visible structures on the moon if

2130
01:26:27,880 --> 01:26:25,090
he thinks that those are real I

2131
01:26:29,530 --> 01:26:27,890
absolutely think we have been lied to by

2132
01:26:31,780 --> 01:26:29,540
NASA and our government on numerous

2133
01:26:34,540 --> 01:26:31,790
occasions I'm not sure what the reasons

2134
01:26:36,340 --> 01:26:34,550
were I've seen direct evidence of it

2135
01:26:37,600 --> 01:26:36,350
there was a case of a shuttlecraft in

2136
01:26:39,010 --> 01:26:37,610
orbit around Earth that had a female

2137
01:26:42,070 --> 01:26:39,020
commander I could not think of her name

2138
01:26:43,570 --> 01:26:42,080

I was watching it live and she's

2139

01:26:45,520 --> 01:26:43,580

floating there and talking over the

2140

01:26:48,820 --> 01:26:45,530

microphone she says oh there's that

2141

01:26:50,680 --> 01:26:48,830

alien spacecraft again immediately the

2142

01:26:52,120 --> 01:26:50,690

sound cut out she was still on screen

2143

01:26:53,470 --> 01:26:52,130

still floating around and you could see

2144

01:26:55,240 --> 01:26:53,480

she was still talking but you couldn't

2145

01:26:57,850 --> 01:26:55,250

hear they'd switched her to a private

2146

01:26:59,290 --> 01:26:57,860

channel so this goes on a lot yes I

2147

01:27:01,120 --> 01:26:59,300

think there are structures on the moon

2148

01:27:03,550 --> 01:27:01,130

and I think they have been deliberately

2149

01:27:05,620 --> 01:27:03,560

hidden from us excised from photos we

2150

01:27:07,240 --> 01:27:05,630

have quite a bit of evidence that a lot

2151
01:27:08,910 --> 01:27:07,250
of the NASA photographs were retouched

2152
01:27:10,959 --> 01:27:08,920
even on their own website

2153
01:27:12,700 --> 01:27:10,969
high-resolution photos were taken off

2154
01:27:14,170 --> 01:27:12,710
shortly after they were put up in low

2155
01:27:14,740 --> 01:27:14,180
resolution photos were put in their

2156
01:27:16,690 --> 01:27:14,750
place

2157
01:27:18,700 --> 01:27:16,700
NASA says this was because of the

2158
01:27:21,130 --> 01:27:18,710
consumption of memory the Huayra

2159
01:27:23,080 --> 01:27:21,140
photographs took which is ridiculous

2160
01:27:24,640 --> 01:27:23,090
NASA is a fairly well-off organization

2161
01:27:27,160 --> 01:27:24,650
it can afford a little extra memory for

2162
01:27:28,810 --> 01:27:27,170
its website but we I think we get lied

2163
01:27:32,140 --> 01:27:28,820

to all the time I think there's

2164

01:27:33,610 --> 01:27:32,150

obfuscation I think we're being led by

2165

01:27:35,320 --> 01:27:33,620

the nose and we're being kept in the

2166

01:27:38,440 --> 01:27:35,330

dark about a great many things including

2167

01:27:41,530 --> 01:27:38,450

UFOs that's great to hear you say that I

2168

01:27:44,350 --> 01:27:41,540

believe 100% what you just said and I

2169

01:27:47,140 --> 01:27:44,360

don't understand the line either I mean

2170

01:27:48,670 --> 01:27:47,150

we were open society supposedly but it's

2171

01:27:50,340 --> 01:27:48,680

good to hear you say that thank you very

2172

01:27:53,350 --> 01:27:50,350

much thank you

2173

01:27:54,280 --> 01:27:53,360

finn's thanks for the call you got

2174

01:27:59,260 --> 01:27:54,290

Martin tapes

2175

01:28:01,000 --> 01:27:59,270

alright so anyway the lines are open if

2176

01:28:03,340 --> 01:28:01,010

anyone else wants to call again that

2177

01:28:07,180 --> 01:28:03,350

phone number is eight five five four

2178

01:28:11,050 --> 01:28:07,190

seven two five four eight three you

2179

01:28:14,320 --> 01:28:11,060

won't call in so yeah I have heard that

2180

01:28:16,270 --> 01:28:14,330

story before about the audio I'm

2181

01:28:18,820 --> 01:28:16,280

wondering well I mean I actually saw it

2182

01:28:20,440 --> 01:28:18,830

I actually did you know I've gone online

2183

01:28:22,420 --> 01:28:20,450

since there repeatedly to try to get

2184

01:28:24,520 --> 01:28:22,430

that that clip of that I want you to

2185

01:28:26,200 --> 01:28:24,530

download it it's gone you can't find it

2186

01:28:28,030 --> 01:28:26,210

anywhere if you can please let me know

2187

01:28:29,860 --> 01:28:28,040

I'd love to get a copy of that but I

2188

01:28:32,920 --> 01:28:29,870

watched it live and then try to get it

2189

01:28:35,200 --> 01:28:32,930

later and it's just not there I wonder

2190

01:28:39,730 --> 01:28:35,210

if anyone's ever tried to question the

2191

01:28:42,550 --> 01:28:39,740

astronaut herself about that I haven't

2192

01:28:44,080 --> 01:28:42,560

heard if they have and other astronauts

2193

01:28:47,050 --> 01:28:44,090

have come forth and talked about it

2194

01:28:48,450 --> 01:28:47,060

about different things and they're

2195

01:28:50,710 --> 01:28:48,460

convinced there's an alien civilization

2196

01:28:52,450 --> 01:28:50,720

several of them saw UFOs before they

2197

01:28:54,700 --> 01:28:52,460

went on these Apollo missions or into

2198

01:28:58,000 --> 01:28:54,710

space at all there have been sightings

2199

01:29:00,160 --> 01:28:58,010

very recently in June of this year by

2200

01:29:03,760 --> 01:29:00,170

the ISS the International Space Station

2201
01:29:05,500 --> 01:29:03,770
of a large triangle and I mean we've got

2202
01:29:06,910 --> 01:29:05,510
clear photographic evidence of it and

2203
01:29:09,370 --> 01:29:06,920
then NASA comes out with this

2204
01:29:11,260 --> 01:29:09,380
obfuscation like your caller was just

2205
01:29:12,970 --> 01:29:11,270
talking about where they said oh it's

2206
01:29:15,070 --> 01:29:12,980
probably the lights of the city on the

2207
01:29:16,360 --> 01:29:15,080
earth below in the background wrong

2208
01:29:19,150 --> 01:29:16,370
direction for the earth number one

2209
01:29:22,330 --> 01:29:19,160
number two that was over Outer Mongolia

2210
01:29:25,000 --> 01:29:22,340
and Russia and Siberia where there's no

2211
01:29:26,940 --> 01:29:25,010
City and also no city pattern of lights

2212
01:29:29,590 --> 01:29:26,950
in that area or anywhere near there

2213
01:29:31,780 --> 01:29:29,600

shows the same triangular pattern as

2214

01:29:34,600 --> 01:29:31,790

these lights too so again we have some

2215

01:29:37,480 --> 01:29:34,610

inane explanation for what they might be

2216

01:29:39,310 --> 01:29:37,490

but never the truth now no one in there

2217

01:29:41,980 --> 01:29:39,320

with any common sense would say oh yeah

2218

01:29:43,930 --> 01:29:41,990

that was just a city on earth but they

2219

01:29:46,240 --> 01:29:43,940

come up with the most outlandish reasons

2220

01:29:47,710 --> 01:29:46,250

one commercial pilots seeing UFOs along

2221

01:29:50,760 --> 01:29:47,720

with this co-pilot navigator and a

2222

01:29:52,360 --> 01:29:50,770

flight attendant for 20 or 30 minutes

2223

01:29:54,370 --> 01:29:52,370

described it in detail

2224

01:29:56,140 --> 01:29:54,380

ground control headed on their radar for

2225

01:29:58,900 --> 01:29:56,150

a brief time another plane spotted it as

2226

01:30:01,210 --> 01:29:58,910

well and the government said oh it was

2227

01:30:03,620 --> 01:30:01,220

probably a Firefly trapped between the

2228

01:30:06,050 --> 01:30:03,630

two panes of the windshield of the jet

2229

01:30:07,520 --> 01:30:06,060

number one at 38,000 feet that little

2230

01:30:08,840 --> 01:30:07,530

Firefly would be frozen stiff he

2231

01:30:10,640 --> 01:30:08,850

wouldn't be moving and flying around

2232

01:30:12,290 --> 01:30:10,650

number two how would he have gotten in

2233

01:30:15,080 --> 01:30:12,300

there and number three how could trained

2234

01:30:16,910 --> 01:30:15,090

people on the plane not recognize it for

2235

01:30:18,080 --> 01:30:16,920

what it was and number four why were

2236

01:30:20,360 --> 01:30:18,090

they getting radar of it on the ground

2237

01:30:24,470 --> 01:30:20,370

so again some of these explanations are

2238

01:30:28,370 --> 01:30:24,480

just stupid I would say probably about

2239

01:30:30,200 --> 01:30:28,380

five or six years ago I contacted Alan

2240

01:30:32,330 --> 01:30:30,210

bean because he was actually he is a

2241

01:30:34,610 --> 01:30:32,340

fourth man on the moon and he was

2242

01:30:36,710 --> 01:30:34,620

actually on another show that I do about

2243

01:30:39,050 --> 01:30:36,720

antiques and fine art he was an amazing

2244

01:30:42,950 --> 01:30:39,060

painter we lost him last year he passed

2245

01:30:44,600 --> 01:30:42,960

away but I did contact him and said I

2246

01:30:47,180 --> 01:30:44,610

know you may think this is out there do

2247

01:30:48,800 --> 01:30:47,190

a show now about UFOs would you be

2248

01:30:53,390 --> 01:30:48,810

willing to talk about it and he just

2249

01:30:55,640 --> 01:30:53,400

wrote back no so he had the Skylab

2250

01:30:58,730 --> 01:30:55,650

incident I think it was 1973 or

2251
01:31:01,690 --> 01:30:58,740
something like that were they him and I

2252
01:31:06,230 --> 01:31:01,700
think two other people had quite very

2253
01:31:08,150 --> 01:31:06,240
unusual UFO sighting and I think he

2254
01:31:10,430 --> 01:31:08,160
personally did not want to talk about it

2255
01:31:14,030 --> 01:31:10,440
because you know he thought it would be

2256
01:31:16,940 --> 01:31:14,040
not a good thing to do for you know for

2257
01:31:18,950 --> 01:31:16,950
his reputation or whatever but I don't

2258
01:31:20,810 --> 01:31:18,960
know if they're told not to speak of it

2259
01:31:23,870 --> 01:31:20,820
I mean have you ever heard anyone say

2260
01:31:25,340 --> 01:31:23,880
that they had a conference a few years

2261
01:31:27,050 --> 01:31:25,350
back where they had a lot of pilots

2262
01:31:29,150 --> 01:31:27,060
military and even a couple astronauts

2263
01:31:30,500 --> 01:31:29,160

there some of the astronauts have come

2264

01:31:32,270 --> 01:31:30,510

out and said they believe there are

2265

01:31:34,430 --> 01:31:32,280

alien civilizations what even said

2266

01:31:35,780 --> 01:31:34,440

you're definitely are aliens we're their

2267

01:31:37,060 --> 01:31:35,790

firm we're not sure but it must be from

2268

01:31:39,950 --> 01:31:37,070

somewhere else in the solar system

2269

01:31:41,810 --> 01:31:39,960

Apollo 11 saw something tracking them as

2270

01:31:43,190 --> 01:31:41,820

they were heading towards the moon NASA

2271

01:31:44,840 --> 01:31:43,200

said oh you're probably seeing your own

2272

01:31:46,340 --> 01:31:44,850

booster and they said no we see the

2273

01:31:47,960 --> 01:31:46,350

booster we know what that is

2274

01:31:49,670 --> 01:31:47,970

this is something entirely different we

2275

01:31:51,380 --> 01:31:49,680

don't know what it is and it couldn't be

2276
01:31:54,140 --> 01:31:51,390
ice crystals because it was too far away

2277
01:31:57,500 --> 01:31:54,150
to be ice crystals so whatever it was it

2278
01:31:59,420 --> 01:31:57,510
was following them and they said it but

2279
01:32:01,160 --> 01:31:59,430
yes it's the third rail again their

2280
01:32:03,220 --> 01:32:01,170
careers would have been over their

2281
01:32:05,330 --> 01:32:03,230
legacies would have been destroyed

2282
01:32:07,700 --> 01:32:05,340
government pressure must be incredible

2283
01:32:09,950 --> 01:32:07,710
on people like that I mean the pilot of

2284
01:32:12,470 --> 01:32:09,960
the Japanese airline jetliner over

2285
01:32:14,060 --> 01:32:12,480
Alaska where I saw a UFO and another

2286
01:32:15,830 --> 01:32:14,070
plane saw it too and ground control had

2287
01:32:17,450 --> 01:32:15,840
it on their radar for a while and they

2288
01:32:20,210 --> 01:32:17,460

it was it plagued this plane for

2289

01:32:22,940 --> 01:32:20,220

long time well he reported it he ended

2290

01:32:24,860 --> 01:32:22,950

up as a desk job commercial pilots often

2291

01:32:26,330 --> 01:32:24,870

are made to go through psychiatric

2292

01:32:29,450 --> 01:32:26,340

evaluations if they want to report a UFO

2293

01:32:32,810 --> 01:32:29,460

I heard a live transcript of one and the

2294

01:32:34,670 --> 01:32:32,820

actual recording and he's reciting all

2295

01:32:37,310 --> 01:32:34,680

this not the Japanese pilot an American

2296

01:32:40,130 --> 01:32:37,320

pilot and they finally said would you

2297

01:32:42,410 --> 01:32:40,140

like to report UFO because I know I

2298

01:32:45,920 --> 01:32:42,420

don't want to report one of those mm

2299

01:32:48,320 --> 01:32:45,930

yeah hopefully that will change you know

2300

01:32:49,760 --> 01:32:48,330

I think you know since the Navy has come

2301

01:32:53,150 --> 01:32:49,770

out and said that they're going to

2302

01:32:55,910 --> 01:32:53,160

actually have an open door for pilots to

2303

01:32:59,180 --> 01:32:55,920

report UFOs I think you're going to see

2304

01:33:02,270 --> 01:32:59,190

more and more of associations and

2305

01:33:04,280 --> 01:33:02,280

military fall in place with that well

2306

01:33:06,890 --> 01:33:04,290

absolutely and it has been leaking out I

2307

01:33:08,840 --> 01:33:06,900

mean the government is schizophrenic on

2308

01:33:10,940 --> 01:33:08,850

the one hand a closed project Bluebook

2309

01:33:12,650 --> 01:33:10,950

because there's no real evidence for

2310

01:33:14,630 --> 01:33:12,660

UFOs and it was a waste of government

2311

01:33:17,360 --> 01:33:14,640

money and yeah we find out they had a

2312

01:33:19,880 --> 01:33:17,370

secret government program they pumped

2313

01:33:23,750 --> 01:33:19,890

millions into a tip which was to

2314

01:33:27,830 --> 01:33:23,760

ascertain the threat of such things in

2315

01:33:30,290 --> 01:33:27,840

our skies now and that came out you know

2316

01:33:31,940 --> 01:33:30,300

not too long ago so if they don't think

2317

01:33:33,770 --> 01:33:31,950

there's any threat well why are they

2318

01:33:35,630 --> 01:33:33,780

pumping millions into it to find out if

2319

01:33:38,270 --> 01:33:35,640

there is a threat or if these objects if

2320

01:33:39,920 --> 01:33:38,280

they exist are a threat I think they

2321

01:33:41,120 --> 01:33:39,930

know the objects exist and I think

2322

01:33:43,340 --> 01:33:41,130

they're just wondering if they are a

2323

01:33:45,080 --> 01:33:43,350

danger my evidence seems to show that

2324

01:33:47,180 --> 01:33:45,090

not only do UFOs exist but they're

2325

01:33:49,730 --> 01:33:47,190

extremely dangerous it can be to

2326

01:33:51,830 --> 01:33:49,740

individuals and to the government and to

2327

01:33:54,740 --> 01:33:51,840

the world I mean when you have as many

2328

01:33:58,000 --> 01:33:54,750

injuries and property damages and deaths

2329

01:34:01,190 --> 01:33:58,010

you can't call them our space brothers

2330

01:34:03,410 --> 01:34:01,200

what what in particular I'm not familiar

2331

01:34:06,230 --> 01:34:03,420

with you know I've heard of one or two

2332

01:34:10,700 --> 01:34:06,240

deaths that people are associating with

2333

01:34:13,280 --> 01:34:10,710

UFO one of them was a pilot that went up

2334

01:34:15,980 --> 01:34:13,290

probably you know they said they may

2335

01:34:18,440 --> 01:34:15,990

have gone too high was chasing Venus or

2336

01:34:24,380 --> 01:34:18,450

whatever they were saying he was doing

2337

01:34:26,660 --> 01:34:24,390

yes that is so true to me and then there

2338

01:34:28,970 --> 01:34:26,670

was the Australian incident there's a

2339

01:34:30,560 --> 01:34:28,980

couple of them where people have you

2340

01:34:31,280 --> 01:34:30,570

know gone missing but when you're saying

2341

01:34:33,320 --> 01:34:31,290

injury

2342

01:34:35,900 --> 01:34:33,330

I'm not really familiar with that can

2343

01:34:38,240 --> 01:34:35,910

you cite some of that well first with

2344

01:34:41,210 --> 01:34:38,250

the deaths it started in the early 50s

2345

01:34:43,850 --> 01:34:41,220

with lieutenant Robert monk Allah and he

2346

01:34:46,580 --> 01:34:43,860

and his co-pilot intercepted a UFO that

2347

01:34:48,830 --> 01:34:46,590

was on radar from the ground the plane

2348

01:34:49,340 --> 01:34:48,840

seemed to merge with the UFO and that

2349

01:34:50,780 --> 01:34:49,350

was it

2350

01:34:54,200 --> 01:34:50,790

they vanished what other trace never

2351

01:34:58,310 --> 01:34:54,210

found any debris any material any bodies

2352

01:35:00,260 --> 01:34:58,320

nothing they just vanished and the the

2353

01:35:02,210 --> 01:35:00,270

UFO moved off towards Canada on the

2354

01:35:04,130 --> 01:35:02,220

screen entered Canadian airspace and

2355

01:35:05,390 --> 01:35:04,140

then vanished off their screen and we

2356

01:35:07,880 --> 01:35:05,400

don't know what happened to him

2357

01:35:09,980 --> 01:35:07,890

the Dyatlov pass orange orb sourcing

2358

01:35:12,950 --> 01:35:09,990

this guy at the time all the skiers were

2359

01:35:15,980 --> 01:35:12,960

killed in Russia Soviet Union in the 50s

2360

01:35:19,520 --> 01:35:15,990

we have the case of the young pilot in

2361

01:35:21,140 --> 01:35:19,530

Australia who reported a sighting kept

2362

01:35:22,820 --> 01:35:21,150

talking about two ground radar you can

2363

01:35:25,100 --> 01:35:22,830

get the transcripts anytime you want

2364

01:35:26,540 --> 01:35:25,110

them I have them and he talks about

2365

01:35:29,030 --> 01:35:26,550

these things buzzing him getting close

2366

01:35:31,700 --> 01:35:29,040

and there's a strange noise and he goes

2367

01:35:34,220 --> 01:35:31,710

off screen or off the air and we've

2368

01:35:36,320 --> 01:35:34,230

never found his plane or him we have

2369

01:35:39,230 --> 01:35:36,330

found cases of people with the near UFOs

2370

01:35:43,790 --> 01:35:39,240

have gotten radiation burns in Indiana

2371

01:35:45,950 --> 01:35:43,800

and Brazil they died shortly later we

2372

01:35:48,740 --> 01:35:45,960

have lost we've had people all over the

2373

01:35:53,210 --> 01:35:48,750

world having problems with radiation

2374

01:35:55,430 --> 01:35:53,220

sickness and also being paralyzed being

2375

01:35:57,620 --> 01:35:55,440

shot at when in Brazil said he was shot

2376

01:35:58,700 --> 01:35:57,630

at by the aliens and paralyzed and then

2377

01:36:00,710 --> 01:35:58,710

later on they went into health

2378

01:36:02,710 --> 01:36:00,720

deterioration became like children and

2379

01:36:08,480 --> 01:36:02,720

and then eventually died prematurely

2380

01:36:10,670 --> 01:36:08,490

this could in Texas same thing three

2381

01:36:12,020 --> 01:36:10,680

people two woman and a boy we're

2382

01:36:14,720 --> 01:36:12,030

involved they ended up in the hospital

2383

01:36:18,290 --> 01:36:14,730

at same night they were sick the doctors

2384

01:36:19,820 --> 01:36:18,300

sook ash Landrum yeah and the they

2385

01:36:21,770 --> 01:36:19,830

couldn't do anything for them except try

2386

01:36:23,180 --> 01:36:21,780

to get him better and after that the one

2387

01:36:24,590 --> 01:36:23,190

suffered they even sued the government

2388

01:36:26,090 --> 01:36:24,600

and lost because they couldn't get

2389

01:36:28,250 --> 01:36:26,100

enough proof that it was the

2390

01:36:30,320 --> 01:36:28,260

government's fault this goes on and on

2391

01:36:33,250 --> 01:36:30,330

and on property damage in Australia in

2392

01:36:35,870 --> 01:36:33,260

America and Europe all over the place

2393

01:36:37,940 --> 01:36:35,880

injuries people being abducted not to

2394

01:36:41,330 --> 01:36:37,950

mention the permanently disappeared in

2395

01:36:43,210 --> 01:36:41,340

America alone some 60 50 is made fifty

2396

01:36:44,930 --> 01:36:43,220

thousand the government FBI says sixty

2397

01:36:46,430 --> 01:36:44,940

thousand people disappear

2398

01:36:48,320 --> 01:36:46,440

in this country every year that we can't

2399

01:36:50,030 --> 01:36:48,330

account for actually it's closer to a

2400

01:36:51,530 --> 01:36:50,040

million over 900,000 every year but we

2401

01:36:53,570 --> 01:36:51,540

can account for them murderers

2402

01:36:55,100 --> 01:36:53,580

abductions parents stealing the other

2403

01:36:56,920 --> 01:36:55,110

child from the other parent I mean

2404

01:36:59,210 --> 01:36:56,930

that's a child from the other parent

2405

01:37:01,130 --> 01:36:59,220

people being kidnapped people being

2406

01:37:03,140 --> 01:37:01,140

buried once you get rid of all of that

2407

01:37:04,730 --> 01:37:03,150

you're still left with about fifty to

2408

01:37:07,280 --> 01:37:04,740

sixty thousand more conservative than

2409

01:37:08,660 --> 01:37:07,290

the FBI they say sixty I say fifty but

2410

01:37:10,190 --> 01:37:08,670

they never show up again they're never

2411

01:37:12,200 --> 01:37:10,200

seen any word they didn't start a new

2412

01:37:14,420 --> 01:37:12,210

life there's no sign of them Australia

2413

01:37:16,130 --> 01:37:14,430

close to 30,000 so many people have

2414

01:37:18,440 --> 01:37:16,140

disappeared in Alaska that that I

2415

01:37:20,900 --> 01:37:18,450

calculated was approximately 7% of the

2416

01:37:23,420 --> 01:37:20,910

population of Alaska over about a 12

2417

01:37:24,950 --> 01:37:23,430

year period and it's so extreme up there

2418

01:37:27,560 --> 01:37:24,960

that they refer to it as the Alaskan

2419

01:37:29,150 --> 01:37:27,570

Triangle and this goes on in every

2420

01:37:31,100 --> 01:37:29,160

country around the world add it all up

2421

01:37:33,500 --> 01:37:31,110

you're talking hundreds of thousands of

2422

01:37:36,410 --> 01:37:33,510

permanently disappeared people every

2423

01:37:38,840 --> 01:37:36,420

single year unaccounted for never seen

2424

01:37:43,910 --> 01:37:38,850

again or heard from again so if you were

2425

01:37:47,480 --> 01:37:43,920

if you were calculating the you already

2426
01:37:50,300 --> 01:37:47,490
said that are some of these are because

2427
01:37:52,580 --> 01:37:50,310
of kidnapping and you know possibly

2428
01:37:55,820 --> 01:37:52,590
murders or whatever yes these are just a

2429
01:37:58,220 --> 01:37:55,830
few were to if you were to like softly

2430
01:38:01,550 --> 01:37:58,230
say that the unknowns part of that

2431
01:38:05,450 --> 01:38:01,560
unknowns would have to do with things

2432
01:38:07,460 --> 01:38:05,460
that we could just not be found out but

2433
01:38:10,130 --> 01:38:07,470
you'd still have a number you don't have

2434
01:38:13,190 --> 01:38:10,140
a number even if if you if there was an

2435
01:38:15,980 --> 01:38:13,200
answer for all those missing people

2436
01:38:17,810 --> 01:38:15,990
well you can't pretty you can't really

2437
01:38:19,310 --> 01:38:17,820
do that what you're basically saying is

2438
01:38:22,340 --> 01:38:19,320

even though the federal government has

2439

01:38:24,020 --> 01:38:22,350

discounted all 95% of these

2440

01:38:26,180 --> 01:38:24,030

disappearances as being murder

2441

01:38:27,380 --> 01:38:26,190

kidnapping whatever and then say well of

2442

01:38:30,080 --> 01:38:27,390

the remaining maybe a lot of those are

2443

01:38:32,630 --> 01:38:30,090

too it's like know they've accounted for

2444

01:38:34,220 --> 01:38:32,640

that their conservative estimated 60,000

2445

01:38:35,570 --> 01:38:34,230

who simply cannot be accounted for and

2446

01:38:36,830 --> 01:38:35,580

they don't think they were murdered they

2447

01:38:38,270 --> 01:38:36,840

don't think they started a new life they

2448

01:38:39,680 --> 01:38:38,280

don't think they're abducted they don't

2449

01:38:42,470 --> 01:38:39,690

think they were kidnapped they can't

2450

01:38:44,810 --> 01:38:42,480

account for how this happened any more

2451

01:38:46,250 --> 01:38:44,820

than you can say that 95 percent of UFOs

2452

01:38:48,200 --> 01:38:46,260

have been accounted for as something

2453

01:38:50,240 --> 01:38:48,210

more mundane or possibly more mundane

2454

01:38:52,100 --> 01:38:50,250

but there's the 5% you simply cannot

2455

01:38:54,410 --> 01:38:52,110

account for and the evidence is so

2456

01:38:54,860 --> 01:38:54,420

powerful that you have to assume it's a

2457

01:38:58,729 --> 01:38:54,870

UFO

2458

01:39:01,729 --> 01:38:58,739

is the government spending millions

2459

01:39:03,020 --> 01:39:01,739

investigating them as a threat so if the

2460

01:39:06,109 --> 01:39:03,030

government's paying money to do that

2461

01:39:10,009 --> 01:39:06,119

they exist in eating

2462

01:39:13,969 --> 01:39:10,019

okay well we have Ronald from Minnesota

2463

01:39:15,709 --> 01:39:13,979

Ronald welcome to the show hi Martin how

2464

01:39:17,239 --> 01:39:15,719

you doing thank you for your great yes

2465

01:39:17,959 --> 01:39:17,249

thank you Robert for being a guest

2466

01:39:23,359 --> 01:39:17,969

tonight

2467

01:39:25,160 --> 01:39:23,369

well thank you you know I love animated

2468

01:39:29,989 --> 01:39:25,170

series called Peter Rama

2469

01:39:32,989 --> 01:39:29,999

I don't you ever seen that but into time

2470

01:39:35,060 --> 01:39:32,999

an adult animated series about twenty

2471

01:39:37,520 --> 01:39:35,070

thirteen characters would get into all

2472

01:39:40,759 --> 01:39:37,530

kinds of trouble and one of the things

2473

01:39:47,750 --> 01:39:40,769

to talk about is they have a landing

2474

01:39:50,270 --> 01:39:47,760

base inside the moon popular culture

2475

01:39:51,799 --> 01:39:50,280

because you know it's been in our

2476
01:39:55,129 --> 01:39:51,809
ingredient our culture now for a number

2477
01:40:00,259 --> 01:39:55,139
of decades actually right I'm trying a

2478
01:40:02,660 --> 01:40:00,269
new feature here Martin build producer

2479
01:40:03,919 --> 01:40:02,670
bill told me about calling on skype I

2480
01:40:05,930 --> 01:40:03,929
didn't know how to do that

2481
01:40:08,180 --> 01:40:05,940
I just learned tonight I could do that

2482
01:40:10,160 --> 01:40:08,190
without having to use my cell phone and

2483
01:40:13,250 --> 01:40:10,170
I don't know how I sound and get some

2484
01:40:16,609 --> 01:40:13,260
sounds all right sounds good yeah thank

2485
01:40:19,819 --> 01:40:16,619
you thank you for having the opportunity

2486
01:40:24,489 --> 01:40:19,829
to call and thank you for the phone line

2487
01:40:28,040 --> 01:40:24,499
and I will be using this way a lot more

2488
01:40:30,709 --> 01:40:28,050

great I just wanted to reference that

2489

01:40:34,479 --> 01:40:30,719

cartoon and kind of fill in and also

2490

01:40:39,169 --> 01:40:34,489

quick question about the Genesis account

2491

01:40:41,299 --> 01:40:39,179

of the formation of the moon and how

2492

01:40:43,009 --> 01:40:41,309

long God created not that i morning get

2493

01:40:46,129 --> 01:40:43,019

religious for anything but just going to

2494

01:40:49,459 --> 01:40:46,139

the Genesis account not how God created

2495

01:40:51,770 --> 01:40:49,469

the greater light then in the daytime in

2496

01:40:54,589 --> 01:40:51,780

the lesser light in the evening these

2497

01:40:57,229 --> 01:40:54,599

are historical records that are of

2498

01:40:59,569 --> 01:40:57,239

course in Genesis but in other writings

2499

01:41:03,669 --> 01:40:59,579

as well so how do you account for those

2500

01:41:07,160 --> 01:41:03,679

writings and what do you think on that

2501

01:41:10,279 --> 01:41:07,170

perception of the creation of the Moon

2502

01:41:11,490 --> 01:41:10,289

or whatever where it came from Elvis and

2503

01:41:14,730 --> 01:41:11,500

all T of the

2504

01:41:18,720 --> 01:41:14,740

all Anila terminals : thank you alright

2505

01:41:23,850 --> 01:41:18,730

Ronald thanks to the call and would you

2506

01:41:26,640 --> 01:41:23,860

like to answer that yeah okay would be

2507

01:41:28,020 --> 01:41:26,650

number one there do seem to be different

2508

01:41:30,330 --> 01:41:28,030

texts in the Bible that do seem to

2509

01:41:32,880 --> 01:41:30,340

really relate and seem to mirror the

2510

01:41:34,290 --> 01:41:32,890

talk about Sitchin and his work done

2511

01:41:36,540 --> 01:41:34,300

with cuneiform writings and the

2512

01:41:38,850 --> 01:41:36,550

Sumerians like the watchers for instance

2513

01:41:41,820 --> 01:41:38,860

the Giants all that sort of thing

2514

01:41:43,860 --> 01:41:41,830

secondly every culture has its creation

2515

01:41:45,570 --> 01:41:43,870

theories and myths and some of them are

2516

01:41:46,590 --> 01:41:45,580

quite strange to the Japanese used to

2517

01:41:49,620 --> 01:41:46,600

believe the Oracle is carried on the

2518

01:41:52,290 --> 01:41:49,630

back of a giant turtle none of us

2519

01:41:55,020 --> 01:41:52,300

believe that today we do denigrate and

2520

01:41:56,970 --> 01:41:55,030

laugh at other peoples history we laugh

2521

01:41:58,530 --> 01:41:56,980

at the Indians because of their Vedic

2522

01:42:00,410 --> 01:41:58,540

texts and what they say was their

2523

01:42:02,760 --> 01:42:00,420

history so I don't laugh at any

2524

01:42:06,300 --> 01:42:02,770

historical record of any sort how

2525

01:42:08,520 --> 01:42:06,310

accurate it is is another matter a lot

2526

01:42:10,860 --> 01:42:08,530

of the Old Testament the Bible was

2527

01:42:12,840 --> 01:42:10,870

written at different points and from

2528

01:42:14,190 --> 01:42:12,850

different perspectives and so certain

2529

01:42:17,040 --> 01:42:14,200

things were stressed and other things

2530

01:42:19,350 --> 01:42:17,050

weren't and for instance the Jews were

2531

01:42:21,270 --> 01:42:19,360

kept in captivity by the Babylonians for

2532

01:42:23,310 --> 01:42:21,280

quite a while and they absorbed a good

2533

01:42:27,000 --> 01:42:23,320

deal of the Babylonian cultural myths

2534

01:42:28,530 --> 01:42:27,010

including Noah the the Babylonians had

2535

01:42:31,260 --> 01:42:28,540

the idea of the Great Flood and

2536

01:42:34,080 --> 01:42:31,270

Gilgamesh surviving on a raft that sort

2537

01:42:35,610 --> 01:42:34,090

of thing and and you find very much the

2538

01:42:36,990 --> 01:42:35,620

same thing with know in the Bible and

2539

01:42:39,120 --> 01:42:37,000

then you have to remember that the

2540

01:42:41,340 --> 01:42:39,130

Jewish people were in captivity in

2541

01:42:43,740 --> 01:42:41,350

Babylon and so they did absorb some of

2542

01:42:45,960 --> 01:42:43,750

it so how much is true how much is here

2543

01:42:48,780 --> 01:42:45,970

saying how much is sheer myth and legend

2544

01:42:50,550 --> 01:42:48,790

hard to say but I have no problem

2545

01:42:52,830 --> 01:42:50,560

looking into the Bible to try to find

2546

01:42:55,320 --> 01:42:52,840

evidence for all of this it is another

2547

01:42:59,940 --> 01:42:55,330

resource after all and an old one so it

2548

01:43:03,240 --> 01:42:59,950

should be valued as such interesting Wow

2549

01:43:05,250 --> 01:43:03,250

so we only have about four minutes left

2550

01:43:08,250 --> 01:43:05,260

and I promised you that you could talk

2551
01:43:12,650 --> 01:43:08,260
about your your latest book the Mandela

2552
01:43:17,550 --> 01:43:15,420
wraps you know do something at wrapping

2553
01:43:17,940 --> 01:43:17,560
in four minutes or not but try to if you

2554
01:43:19,950 --> 01:43:17,950
would

2555
01:43:21,180 --> 01:43:19,960
well the Mandela effect everyone thinks

2556
01:43:24,110 --> 01:43:21,190
is just false memories people

2557
01:43:25,390 --> 01:43:24,120
remembering things wrongly not so

2558
01:43:26,860 --> 01:43:25,400
psychiatrists say

2559
01:43:28,870 --> 01:43:26,870
false memories but even they admit that

2560
01:43:30,280 --> 01:43:28,880
they can't account for how many people

2561
01:43:32,260 --> 01:43:30,290
how many different cultures races

2562
01:43:35,140 --> 01:43:32,270
civilizations around the world have

2563
01:43:37,209 --> 01:43:35,150

these so-called false memories secondly

2564

01:43:38,760 --> 01:43:37,219

this is just false memories there is

2565

01:43:41,439 --> 01:43:38,770

actual physical evidence of

2566

01:43:44,380 --> 01:43:41,449

contradictory information about our past

2567

01:43:45,760 --> 01:43:44,390

timeline for instance the CIA and you

2568

01:43:47,380 --> 01:43:45,770

can get them online now instead of the

2569

01:43:50,110 --> 01:43:47,390

Freedom of Information Act has

2570

01:43:51,729 --> 01:43:50,120

conflicting accounts of the same event

2571

01:43:54,669 --> 01:43:51,739

turning out two distinctly different

2572

01:43:57,490 --> 01:43:54,679

ways in our history recent history now

2573

01:44:00,220 --> 01:43:57,500

on top of that there is evidence on maps

2574

01:44:02,140 --> 01:44:00,230

and globes that these have changed there

2575

01:44:03,939 --> 01:44:02,150

is a landmass south of Australia and the

2576
01:44:05,350 --> 01:44:03,949
movie dazed confused on a globe in a

2577
01:44:07,540 --> 01:44:05,360
schoolroom that they use and it was

2578
01:44:09,729 --> 01:44:07,550
filmed on location with a real school

2579
01:44:13,060 --> 01:44:09,739
globe there is no landmass to the west

2580
01:44:14,500 --> 01:44:13,070
of Australia friends shows a landmass to

2581
01:44:16,870 --> 01:44:14,510
the southwest of Australia it's not

2582
01:44:18,970 --> 01:44:16,880
Tasmania shows that too but there's an

2583
01:44:21,399 --> 01:44:18,980
island to the southwest it's not there I

2584
01:44:24,459 --> 01:44:21,409
looked it up and did some research and

2585
01:44:26,590 --> 01:44:24,469
found a globe in I Dream of Jeannie used

2586
01:44:28,540 --> 01:44:26,600
in the fourth season that shows a

2587
01:44:30,880 --> 01:44:28,550
landmass to the west of Australia as

2588
01:44:33,160 --> 01:44:30,890

well as a large island to the southwest

2589

01:44:36,340 --> 01:44:33,170

of South America and a large landmass in

2590

01:44:39,910 --> 01:44:36,350

the Pacific roughly parallel with the

2591

01:44:41,770 --> 01:44:39,920

Central America and we have all the

2592

01:44:43,360 --> 01:44:41,780

disappearing islands like Sandy Hook and

2593

01:44:45,580 --> 01:44:43,370

the South Pacific just disappeared three

2594

01:44:47,740 --> 01:44:45,590

years ago you have hi Brazil which was

2595

01:44:49,689 --> 01:44:47,750

on maps mirrors disappeared and of

2596

01:44:52,540 --> 01:44:49,699

course you can even think about Atlantis

2597

01:44:54,280 --> 01:44:52,550

if you want to so we and also for its

2598

01:44:56,380 --> 01:44:54,290

insignia it's changed

2599

01:44:58,660 --> 01:44:56,390

they said it's been the same forever it

2600

01:45:01,209 --> 01:44:58,670

hasn't been we have found old cars and

2601
01:45:03,310 --> 01:45:01,219
junkyards that show the old insignia on

2602
01:45:05,530 --> 01:45:03,320
the back of the car and the new insignia

2603
01:45:08,590 --> 01:45:05,540
on the front I call it new they insist

2604
01:45:10,300 --> 01:45:08,600
it's been there since 1912 there was a

2605
01:45:12,820 --> 01:45:10,310
medallion struck for a World's Fair it

2606
01:45:15,760 --> 01:45:12,830
shows Ford without that little curlicue

2607
01:45:17,320 --> 01:45:15,770
on the F and then there's another

2608
01:45:19,090 --> 01:45:17,330
medallion from the same ferry that

2609
01:45:20,950 --> 01:45:19,100
doesn't show it in Fords adamant they

2610
01:45:23,740 --> 01:45:20,960
only had the one struck for that fair

2611
01:45:25,899 --> 01:45:23,750
not two different versions this goes on

2612
01:45:27,640 --> 01:45:25,909
and on all over the place people get

2613
01:45:29,919 --> 01:45:27,650

things wrong and they get it wrong all

2614

01:45:33,399 --> 01:45:29,929

the same way like the color chartreuse

2615

01:45:36,070 --> 01:45:33,409

what colors chartreuse Martin I couldn't

2616

01:45:37,990 --> 01:45:36,080

even guess okay most people not most

2617

01:45:39,020 --> 01:45:38,000

people but half people say it's lime

2618

01:45:41,120 --> 01:45:39,030

green which

2619

01:45:42,770 --> 01:45:41,130

my timeline it is the other half get it

2620

01:45:45,439 --> 01:45:42,780

wrong and say it's red reddish-purple

2621

01:45:46,700 --> 01:45:45,449

maroon they don't say it's blue they

2622

01:45:48,080 --> 01:45:46,710

don't say it's orange they don't see

2623

01:45:50,569 --> 01:45:48,090

it's yellow and they all get it wrong

2624

01:45:52,790 --> 01:45:50,579

false memory fine but they all get it

2625

01:45:55,149 --> 01:45:52,800

wrong the same way well there's there's

2626

01:45:57,290 --> 01:45:55,159

a very good point about that with the

2627

01:46:00,200 --> 01:45:57,300

address or something that went online

2628

01:46:08,660 --> 01:46:00,210

that some people saw one color I mean it

2629

01:46:10,580 --> 01:46:08,670

was a big divide oh there's another this

2630

01:46:12,560 --> 01:46:10,590

is a little different this is stuff we

2631

01:46:15,049 --> 01:46:12,570

remembered all our lives as being true

2632

01:46:16,910 --> 01:46:15,059

but now no longer seems to be true Luke

2633

01:46:20,270 --> 01:46:16,920

I am your father from Star Wars he never

2634

01:46:21,950 --> 01:46:20,280

said it even the actor portrayed Darth

2635

01:46:23,810 --> 01:46:21,960

Vader says that's what he said in two

2636

01:46:25,430 --> 01:46:23,820

separate interviews but if you watch the

2637

01:46:27,830 --> 01:46:25,440

movie now it doesn't say Luke I am your

2638

01:46:30,140 --> 01:46:27,840

father says no I am your father

2639

01:46:32,299 --> 01:46:30,150

life is like a box of chocolates from

2640

01:46:35,020 --> 01:46:32,309

Forrest Gump it doesn't say that now it

2641

01:46:37,399 --> 01:46:35,030

says life was like a box of chocolates

2642

01:46:39,589 --> 01:46:37,409

this goes on and on with almost

2643

01:46:41,330 --> 01:46:39,599

everything in anything but ignore the

2644

01:46:44,149 --> 01:46:41,340

memories just go with the physical

2645

01:46:46,160 --> 01:46:44,159

evidence the medallions the coins coin

2646

01:46:48,100 --> 01:46:46,170

was found in Mexico it says in a wave

2647

01:46:50,359 --> 01:46:48,110

the al-amin iana meaning new Germany and

2648

01:46:51,950 --> 01:46:50,369

the date stamped on is twenty thirty

2649

01:46:53,810 --> 01:46:51,960

nine it's very hard to read because it's

2650

01:46:56,540 --> 01:46:53,820

a very old coin it was found in a

2651
01:46:59,330 --> 01:46:56,550
construction site in Mexico City again

2652
01:47:01,189 --> 01:46:59,340
this goes on and on how do we explain

2653
01:47:03,080 --> 01:47:01,199
all these how do i how do I explain

2654
01:47:05,089 --> 01:47:03,090
Globes and maps that show land masses

2655
01:47:07,189 --> 01:47:05,099
that have never existed in our timeline

2656
01:47:09,830 --> 01:47:07,199
how do you explain maps that show

2657
01:47:11,390 --> 01:47:09,840
islands that have now vanished but we're

2658
01:47:14,330 --> 01:47:11,400
on our maps for up to four or five

2659
01:47:17,450 --> 01:47:14,340
centuries we are out of time I'm sorry

2660
01:47:19,399 --> 01:47:17,460
to say so thank you so much I I

2661
01:47:21,350 --> 01:47:19,409
appreciate it was a fun show very

2662
01:47:23,510 --> 01:47:21,360
interesting oh I enjoyed it

2663
01:47:25,609 --> 01:47:23,520

I enjoyed very much and I hope you

2664

01:47:27,140 --> 01:47:25,619

audience did as well all right take care

2665

01:47:29,930 --> 01:47:27,150

now you have a good night

2666

01:47:32,359 --> 01:47:29,940

you too okay everyone we are plumb out

2667

01:47:34,790 --> 01:47:32,369

of time I'm sorry to cut this so short

2668

01:47:39,529 --> 01:47:34,800

but we'll be back next week with Dan

2669

01:47:40,790 --> 01:47:39,539

right about CIA UFO papers thanks so
