

CLAS SUAHN

1
00:00:39,450 --> 00:00:14,850

[Music]

2
00:00:41,520 --> 00:00:39,460

hello and welcome to the show this is

3
00:00:43,830 --> 00:00:41,530

Martin Willis your host and our guest

4
00:00:47,729 --> 00:00:43,840

tonight is a repeat repeat guest

5
00:00:51,000 --> 00:00:47,739

Klaus von from Sweden I always enjoy our

6
00:00:52,320 --> 00:00:51,010

discussion and I'm sure you will as well

7
00:00:56,180 --> 00:00:52,330

and we're going to be talking about all

8
00:00:59,789 --> 00:00:56,190

kinds of interesting topics tonight and

9
00:01:02,340 --> 00:00:59,799

class is chairman of our for the

10
00:01:04,649 --> 00:01:02,350

archives of the unexplained otherwise

11
00:01:05,250 --> 00:01:04,659

known as a fu we're gonna be talking

12
00:01:07,380 --> 00:01:05,260

about that

13
00:01:10,950 --> 00:01:07,390

he's also the international director of

14
00:01:14,429 --> 00:01:10,960
UFO Sweden among many other hats that he

15
00:01:16,950 --> 00:01:14,439
wears class will be coming up in just a

16
00:01:19,950 --> 00:01:16,960
few few minutes here I do want to thank

17
00:01:22,410 --> 00:01:19,960
everyone for helping out and supporting

18
00:01:24,179 --> 00:01:22,420
the show anyone can do that you can see

19
00:01:28,200 --> 00:01:24,189
our patreon banner over at our website

20
00:01:30,810 --> 00:01:28,210
at podcast UFO comm and while you're

21
00:01:34,830 --> 00:01:30,820
there check out our blog this week from

22
00:01:37,920 --> 00:01:34,840
charles lear and this week's blog is

23
00:01:41,250 --> 00:01:37,930
called ufos in the 21st century

24
00:01:44,160 --> 00:01:41,260
it's a great one another great blog that

25
00:01:47,550 --> 00:01:44,170
I forgot to mention last week is titled

26
00:01:50,420 --> 00:01:47,560
UFOs basement ultra terrestrials or what

27
00:01:55,170 --> 00:01:50,430
the Strange Case of woodrow derenberger

28
00:01:57,240 --> 00:01:55,180
and strange and and and and and and and

29
00:02:00,050 --> 00:01:57,250
and and and and and and and and and

30
00:02:05,370 --> 00:02:00,060
we're getting some feedback here hmm

31
00:02:07,649 --> 00:02:05,380
that was that was strange I'm not sure

32
00:02:12,899 --> 00:02:07,659
where the feedback is coming from

33
00:02:16,170 --> 00:02:12,909
anyway yeah it sounded great actually so

34
00:02:18,869 --> 00:02:16,180
that is a really interesting case I was

35
00:02:21,149 --> 00:02:18,879
saying and there's an audio interview so

36
00:02:23,490 --> 00:02:21,159
check that out that happened up back in

37
00:02:26,460 --> 00:02:23,500
1966 he was interviewed I think the next

38
00:02:29,610 --> 00:02:26,470

day and so that clip is up there too in

39

00:02:35,149 --> 00:02:29,620

that blog I've mentioned several times

40

00:02:38,099 --> 00:02:35,159

over the last several years that

41

00:02:38,970 --> 00:02:38,109

Australia is well actually per capita is

42

00:02:41,670 --> 00:02:38,980

our number one

43

00:02:43,440 --> 00:02:41,680

there to this show and I want to give a

44

00:02:46,050 --> 00:02:43,450

shout out to all those people in

45

00:02:48,600 --> 00:02:46,060

Australia and let let you know that we

46

00:02:52,559 --> 00:02:48,610

are thinking about you and it's a

47

00:02:54,740 --> 00:02:52,569

terrible these bushfires out there feel

48

00:02:57,420 --> 00:02:54,750

so bad for all the people that are

49

00:02:59,369 --> 00:02:57,430

misplaced and all the poor animals out

50

00:03:05,610 --> 00:02:59,379

there it's really terrible so hang in

51
00:03:08,280 --> 00:03:05,620
there Australia also in the news there's

52
00:03:10,949 --> 00:03:08,290
a lot of people writing me about the

53
00:03:12,420 --> 00:03:10,959
Navy you know seems like every week he

54
00:03:15,210 --> 00:03:12,430
gets something someone's writing me

55
00:03:17,250 --> 00:03:15,220
about the Navy and the headlines that

56
00:03:20,069 --> 00:03:17,260
were sent out this week

57
00:03:22,830 --> 00:03:20,079
top secret UFO FILES could gravely

58
00:03:25,650 --> 00:03:22,840
damaged US national security if released

59
00:03:27,930 --> 00:03:25,660
the Navy says and it does seem like the

60
00:03:29,880 --> 00:03:27,940
Navy has been very outspoken about the

61
00:03:34,949 --> 00:03:29,890
UFO topic these days and that's almost

62
00:03:36,930 --> 00:03:34,959
as mysterious as UFOs themselves and I'm

63
00:03:39,330 --> 00:03:36,940

wondering what the heck via the agenda

64

00:03:41,789 --> 00:03:39,340

is if any if the Navy has an agenda it's

65

00:03:43,860 --> 00:03:41,799

it's interesting and we will know

66

00:03:46,409 --> 00:03:43,870

eventually that's all I can say but for

67

00:03:48,509 --> 00:03:46,419

now it's just a mystery and I think it's

68

00:03:52,229 --> 00:03:48,519

time to pull in our guest class fond

69

00:03:52,890 --> 00:03:52,239

welcome to the show Thank You Milton I'm

70

00:03:55,890 --> 00:03:52,900

glad to be back

71

00:03:57,930 --> 00:03:55,900

yes and it's midnight over there so I

72

00:04:00,470 --> 00:03:57,940

really appreciate you staying up late

73

00:04:04,110 --> 00:04:00,480

for us over here in the East Coast oh

74

00:04:06,180 --> 00:04:04,120

not a problem it's a dark and the wintry

75

00:04:08,930 --> 00:04:06,190

but no snow here in Sweden at all oh

76

00:04:11,520 --> 00:04:08,940

yeah you know a lot of people been

77

00:04:13,229 --> 00:04:11,530

writing me and saying oh you poor thing

78

00:04:15,330 --> 00:04:13,239

you got all this snow I'm right on the

79

00:04:16,710 --> 00:04:15,340

coast so I right now we just have a

80

00:04:19,229 --> 00:04:16,720

little dusting and that's it we've been

81

00:04:22,969 --> 00:04:19,239

really lucky really lucky this year so

82

00:04:28,230 --> 00:04:22,979

I'll take it not much of a fan of hooves

83

00:04:30,060 --> 00:04:28,240

but so class can you for the person that

84

00:04:31,800 --> 00:04:30,070

I think was over a year ago you were on

85

00:04:34,740 --> 00:04:31,810

last time but for the person that is

86

00:04:37,260 --> 00:04:34,750

unaware of your you know who you are

87

00:04:39,900 --> 00:04:37,270

basically can you give them your

88

00:04:41,610 --> 00:04:39,910

background in kind of a nutshell because

89

00:04:45,930 --> 00:04:41,620

a lot of people have heard you a number

90

00:04:49,110 --> 00:04:45,940

times yeah I've been around as Jeff

91

00:04:52,410 --> 00:04:49,120

ologist since 1974 when I started a

92

00:04:57,330 --> 00:04:52,420

small the UFO society in my home

93

00:04:59,970 --> 00:04:57,340

town in in the south of Sweden and since

94

00:05:05,670 --> 00:04:59,980

then I spent nearly every day a couple

95

00:05:07,530 --> 00:05:05,680

of hours researching UFO cases and I am

96

00:05:09,390 --> 00:05:07,540

interested in the topic because I really

97

00:05:11,010 --> 00:05:09,400

want to know the answer I haven't told

98

00:05:14,370 --> 00:05:11,020

the answers so I want to know what

99

00:05:16,230 --> 00:05:14,380

people sees in the sky and I tried to

100

00:05:18,420 --> 00:05:16,240

help people to identify what they see in

101

00:05:20,910 --> 00:05:18,430

the skies but what is left

102

00:05:25,290 --> 00:05:20,920

the real UFOs that is of course the

103

00:05:27,300 --> 00:05:25,300

thing that gets me ticking and I've been

104

00:05:29,310 --> 00:05:27,310

a chairman for UFO Sweden for many many

105

00:05:32,850 --> 00:05:29,320

years but since a couple of years back

106

00:05:36,420 --> 00:05:32,860

we decided that some younger person than

107

00:05:37,740 --> 00:05:36,430

me should take take over and on our Vice

108

00:05:40,200 --> 00:05:37,750

Chairman and I work a lot with

109

00:05:42,870 --> 00:05:40,210

international contacts in UFO Sweden

110

00:05:44,610 --> 00:05:42,880

which is very important and I also of

111

00:05:48,450 --> 00:05:44,620

course chairman for archives for the

112

00:05:52,770 --> 00:05:48,460

unexplained which is this huge archive

113

00:05:54,090 --> 00:05:52,780

we run yes the archive that it's really

114

00:05:57,120 --> 00:05:54,100

amazing you and I have talked before

115

00:05:59,700 --> 00:05:57,130

about I think you would tell me your

116

00:06:03,450 --> 00:05:59,710

your shelves the the shelf space you

117

00:06:06,270 --> 00:06:03,460

have of ufo-related books is there's

118

00:06:08,550 --> 00:06:06,280

none other in the world right now it's

119

00:06:10,920 --> 00:06:08,560

the largest in the world really it's

120

00:06:13,620 --> 00:06:10,930

nothing to compare with we started in

121

00:06:17,760 --> 00:06:13,630

1973 in one locality in the south of

122

00:06:20,700 --> 00:06:17,770

Sweden and now we have 14 localities in

123

00:06:24,660 --> 00:06:20,710

the same area in norrköping which is 500

124

00:06:26,970 --> 00:06:24,670

square meters 600 square yards and shelf

125

00:06:31,590 --> 00:06:26,980

capacity of three kilometers which is

126

00:06:34,310 --> 00:06:31,600

nearly five miles so yeah we start with

127

00:06:37,620 --> 00:06:34,320

one book shelf and now we have several

128

00:06:40,680 --> 00:06:37,630

and the library is 55,000 books and

129

00:06:42,720 --> 00:06:40,690

80,000 magazines more than 50,000 case

130

00:06:45,630 --> 00:06:42,730

files from different countries millions

131

00:06:47,820 --> 00:06:45,640

of documents and newspaper clippings

132

00:06:50,760 --> 00:06:47,830

recording some yeah

133

00:06:53,190 --> 00:06:50,770

TV programs paraphernalia we collect

134

00:06:57,360 --> 00:06:53,200

everything regarding the unknown from

135

00:06:59,580 --> 00:06:57,370

UFOs to ghosts and can is is that open

136

00:07:02,390 --> 00:06:59,590

to the public like can can someone come

137

00:07:05,970 --> 00:07:02,400

in and do some research there themselves

138

00:07:08,820 --> 00:07:05,980

yes we are with Republic and

139

00:07:11,580 --> 00:07:08,830

if you are not in your door we can help

140

00:07:14,130 --> 00:07:11,590

you but we can also help you through

141

00:07:18,360 --> 00:07:14,140

internet and through a special download

142

00:07:21,420 --> 00:07:18,370

site that we have we publishes magazines

143

00:07:23,100 --> 00:07:21,430

that we are scanning all the time

144

00:07:25,980 --> 00:07:23,110

which we have the clearance from the

145

00:07:27,810 --> 00:07:25,990

copyright holder we publish them on our

146

00:07:30,270 --> 00:07:27,820

download sites you can go there but you

147

00:07:33,210 --> 00:07:30,280

can email us and also for help and tell

148

00:07:35,640 --> 00:07:33,220

you if you don't see we are we are there

149

00:07:41,130 --> 00:07:35,650

for everyone really who is interested in

150

00:07:45,300 --> 00:07:41,140

the topic I really like visuals and this

151

00:07:50,430 --> 00:07:45,310

I'm gonna hold up your book here let's

152

00:07:53,810 --> 00:07:50,440

see I think I can do that here hang on

153

00:07:58,890 --> 00:07:56,190

well I had a screen where I could just

154

00:08:02,910 --> 00:07:58,900

pull in on this but I not seeing where

155

00:08:06,870 --> 00:08:02,920

it is let's try this okay all right so

156

00:08:14,970 --> 00:08:06,880

it's called just trying to adjust it

157

00:08:16,620 --> 00:08:14,980

there files of the unexplained the the

158

00:08:19,410 --> 00:08:16,630

hidden history of the Forgotten

159

00:08:22,380 --> 00:08:19,420

photographs from the world of the

160

00:08:24,080 --> 00:08:22,390

unknown and it's a great I love this

161

00:08:27,240 --> 00:08:24,090

book thank you for sending it by the way

162

00:08:30,330 --> 00:08:27,250

but there's so many wonderful graphics

163

00:08:32,280 --> 00:08:30,340

in this all the way through and all the

164

00:08:38,370 --> 00:08:32,290

way up to modern times you have quite a

165

00:08:41,790 --> 00:08:38,380

variety go to variety in there and what

166

00:08:46,160 --> 00:08:41,800

is your what is the earliest book you

167

00:08:49,830 --> 00:08:46,170

have on the shelf that talks about UFOs

168

00:08:53,240 --> 00:08:49,840

well if you go back to the oldest book

169

00:08:56,840 --> 00:08:53,250

at all it's from the 1600s about

170

00:09:00,570 --> 00:08:56,850

Nostradamus but we have of course books

171

00:09:03,720 --> 00:09:00,580

from charles fort he surly books from

172

00:09:07,380 --> 00:09:03,730

the early 1900's which probably the

173

00:09:09,810 --> 00:09:07,390

oldest real UFO books but we go further

174

00:09:13,620 --> 00:09:09,820

back we have books that are older as

175

00:09:16,500 --> 00:09:13,630

well when enigmas or mysteries in

176

00:09:19,920 --> 00:09:16,510

disguise did not have any label they

177

00:09:22,860 --> 00:09:19,930

were just called meteors which is

178

00:09:24,470 --> 00:09:22,870

at that time was the name for strange

179

00:09:28,500 --> 00:09:24,480

things that you could see in this guy's

180

00:09:30,269 --> 00:09:28,510

so they have is around fifty five

181

00:09:32,910 --> 00:09:30,279

thousand books of course many of them

182

00:09:36,120 --> 00:09:32,920

are oldest but lots of them are or newer

183

00:09:38,519 --> 00:09:36,130

worlds as well and what about the

184

00:09:41,639 --> 00:09:38,529

languages do you have them in multiple

185

00:09:43,920 --> 00:09:41,649

languages yeah of course most of them

186

00:09:48,750 --> 00:09:43,930

are in English but we have a very large

187

00:09:51,060 --> 00:09:48,760

collection in Russia we had a guy from

188

00:09:53,070 --> 00:09:51,070

Tokyo coming to us looking through our

189

00:09:56,550 --> 00:09:53,080

Japanese collections who stayed for a

190

00:09:58,800 --> 00:09:56,560

couple of days we have really any

191

00:10:00,510 --> 00:09:58,810

language that we can collect lots of

192

00:10:03,930 --> 00:10:00,520

French books and of course every

193

00:10:07,320 --> 00:10:03,940

European language we can find well

194

00:10:09,090 --> 00:10:07,330

interesting and so where do you get

195

00:10:12,269 --> 00:10:09,100

where do you get all this material

196

00:10:14,490 --> 00:10:12,279

anyway yeah we get there from all over

197

00:10:18,360 --> 00:10:14,500

the world a lot come from Great Britain

198

00:10:21,199 --> 00:10:18,370

and the Nordic countries of course but

199

00:10:23,760 --> 00:10:21,209

also the rest of Europe and the US and

200

00:10:25,620 --> 00:10:23,770

when they get surplus books and

201
00:10:29,550 --> 00:10:25,630
magazines we sell them through our shop

202
00:10:32,040 --> 00:10:29,560
AFU shop so we can get money and we can

203
00:10:35,370 --> 00:10:32,050
also help researchers from all over the

204
00:10:38,640 --> 00:10:35,380
world to get titles that they cannot

205
00:10:40,829 --> 00:10:38,650
find on Amazon or or anywhere else

206
00:10:43,380 --> 00:10:40,839
really we have so many hard to find

207
00:10:46,140 --> 00:10:43,390
books and we have maybe multiple copies

208
00:10:49,260 --> 00:10:46,150
of them so we can help researchers with

209
00:10:52,920 --> 00:10:49,270
them I remember the last time we talked

210
00:10:54,750 --> 00:10:52,930
in this baffles me it's that your your

211
00:10:57,510 --> 00:10:54,760
country basically takes this topic

212
00:11:00,030 --> 00:10:57,520
seriously or you you get very little

213
00:11:01,440 --> 00:11:00,040

ridicule if any is that right yeah

214

00:11:04,140 --> 00:11:01,450

that's right that's right they still

215

00:11:06,390 --> 00:11:04,150

write and it's very much up to you if

216

00:11:10,260 --> 00:11:06,400

for Sweden and our work I should say

217

00:11:12,540 --> 00:11:10,270

because we have always been treated very

218

00:11:14,400 --> 00:11:12,550

good from the authorities but maybe not

219

00:11:16,740 --> 00:11:14,410

always but the last 30 years or

220

00:11:18,449 --> 00:11:16,750

something like that because we have

221

00:11:21,269 --> 00:11:18,459

shown them that we are a serious partner

222

00:11:25,019 --> 00:11:21,279

that we don't have the answers we are

223

00:11:27,990 --> 00:11:25,029

not speculating we we want to know what

224

00:11:31,620 --> 00:11:28,000

you of us are and of course they want as

225

00:11:33,870 --> 00:11:31,630

well so we have now copies over I think

226

00:11:36,330 --> 00:11:33,880

every single uniform

227

00:11:38,640 --> 00:11:36,340

or that passed through the Swedish

228

00:11:40,800 --> 00:11:38,650

defense authorities since the early

229

00:11:43,170 --> 00:11:40,810

nineteen hundreds of till a couple of

230

00:11:44,910 --> 00:11:43,180

years back and that is a very very good

231

00:11:48,710 --> 00:11:44,920

cooperation Wow

232

00:11:51,420 --> 00:11:48,720

and that includes the ghost rockets

233

00:11:55,470 --> 00:11:51,430

absolutely it includes the ghost Flyers

234

00:11:57,750 --> 00:11:55,480

from the 1930s and and the ghost rockets

235

00:12:01,110 --> 00:11:57,760

the ghost flies are not that very well

236

00:12:04,580 --> 00:12:01,120

known as to ghost rockets but just a

237

00:12:07,740 --> 00:12:04,590

couple of weeks ago we got all the

238

00:12:09,840 --> 00:12:07,750

printed papers from the Swedish war

239

00:12:12,470 --> 00:12:09,850

archives regarding the ghost fliers

240

00:12:13,650 --> 00:12:12,480

which was an early UFO phenomenon

241

00:12:22,770 --> 00:12:13,660

scanned

242

00:12:27,630 --> 00:12:22,780

pages of reports and investigations into

243

00:12:29,550 --> 00:12:27,640

this early 1930s phenomenon that really

244

00:12:33,450 --> 00:12:29,560

baffled the Swedish military for many

245

00:12:35,520 --> 00:12:33,460

years Wow because you know I mean for

246

00:12:38,490 --> 00:12:35,530

the most part people will talk about you

247

00:12:41,430 --> 00:12:38,500

know the modern UFO era is 1947 Roswell

248

00:12:43,890 --> 00:12:41,440

on but there was up and then of course

249

00:12:46,740 --> 00:12:43,900

the were the Foo Fighters that people

250

00:12:49,530 --> 00:12:46,750

were seeing during World War two but not

251
00:12:52,070 --> 00:12:49,540
not like what you seem to be talking

252
00:12:56,220 --> 00:12:52,080
about can you go into more detail about

253
00:12:57,420 --> 00:12:56,230
you said there were 5000 scans so can

254
00:13:01,140 --> 00:12:57,430
you go into more detail about what

255
00:13:03,720 --> 00:13:01,150
people thought they were seeing yeah I

256
00:13:06,000 --> 00:13:03,730
mean it was during a couple of years in

257
00:13:09,000 --> 00:13:06,010
the middle of the 1930s that people saw

258
00:13:12,000 --> 00:13:09,010
first lights in the sky which I mean

259
00:13:14,910 --> 00:13:12,010
people do nowadays as well but they were

260
00:13:16,710 --> 00:13:14,920
flying in very strange patterns and over

261
00:13:19,470 --> 00:13:16,720
areas that were controlled by the

262
00:13:23,510 --> 00:13:19,480
military but they also saw what they

263
00:13:25,920 --> 00:13:23,520

thought were aircraft aircraft coming

264

00:13:31,670 --> 00:13:25,930

flying over the north and part northern

265

00:13:38,490 --> 00:13:35,699

and their aircraft chasing this ghost

266

00:13:40,350 --> 00:13:38,500

flyer but they never caught him or or

267

00:13:42,780 --> 00:13:40,360

were even near him

268

00:13:47,120 --> 00:13:42,790

some of them his aircraft one of them at

269

00:13:50,730 --> 00:13:47,130

least crashed so it was up under

270

00:13:54,300 --> 00:13:50,740

parliamentary discussion and they were

271

00:13:57,569 --> 00:13:54,310

really really interested in in

272

00:14:00,090 --> 00:13:57,579

pinpointing which country they thought

273

00:14:03,090 --> 00:14:00,100

about the Germans maybe the Russians or

274

00:14:05,460 --> 00:14:03,100

did those was flyovers over Sweden and

275

00:14:06,930 --> 00:14:05,470

intrusions over Sweden but they never

276

00:14:08,540 --> 00:14:06,940

really got the hang of it

277

00:14:11,160 --> 00:14:08,550

most of the observations were of course

278

00:14:14,810 --> 00:14:11,170

misinterpretations as always some of

279

00:14:18,030 --> 00:14:14,820

them are still a little strange Wow and

280

00:14:22,620 --> 00:14:18,040

then I always loved talking about the

281

00:14:25,920 --> 00:14:22,630

ghost rockets 1946 is that is that when

282

00:14:27,240 --> 00:14:25,930

that was happened - yeah yeah and for

283

00:14:29,040 --> 00:14:27,250

the person that's not from and they

284

00:14:33,030 --> 00:14:29,050

landed and part of them landed in lakes

285

00:14:35,040 --> 00:14:33,040

which is another mystery for the person

286

00:14:36,510 --> 00:14:35,050

that's unfamiliar with the ghost rockets

287

00:14:41,610 --> 00:14:36,520

can you get a little bit into that topic

288

00:14:45,150 --> 00:14:41,620

please to me the ghost raucous is the

289

00:14:49,319 --> 00:14:45,160

most interesting UFO phenomenon ever I

290

00:14:54,720 --> 00:14:49,329

think because they were seen during 1946

291

00:14:58,019 --> 00:14:54,730

around May until December of that year

292

00:15:01,079 --> 00:14:58,029

and as you said many of those rockets

293

00:15:03,269 --> 00:15:01,089

they they looked like cigars with or

294

00:15:06,269 --> 00:15:03,279

without small wings and some of them

295

00:15:08,639 --> 00:15:06,279

were crashing into lakes and the

296

00:15:12,150 --> 00:15:08,649

interesting thing was that every one

297

00:15:14,939 --> 00:15:12,160

that did crash always crashed into a

298

00:15:17,639 --> 00:15:14,949

lake and it was nearly always around

299

00:15:21,720 --> 00:15:17,649

eleven twelve o'clock in the middle of

300

00:15:25,800 --> 00:15:21,730

the day broad daylight and also sunshine

301
00:15:28,380 --> 00:15:25,810
and you could see the sun shining on the

302
00:15:30,420 --> 00:15:28,390
hull of those Rockets you can hear them

303
00:15:32,819 --> 00:15:30,430
you can see the water column when they

304
00:15:37,850 --> 00:15:32,829
were crashing and you can also hear the

305
00:15:40,710 --> 00:15:37,860
crash and even though the military bent

306
00:15:43,470 --> 00:15:40,720
thousands of hours trying to find a

307
00:15:44,310 --> 00:15:43,480
solution they never did I thought they

308
00:15:47,490 --> 00:15:44,320
were the Russians of

309
00:15:49,050 --> 00:15:47,500
course but I don't think it was that

310
00:15:52,200 --> 00:15:49,060
neither the military Corps they could

311
00:15:55,250 --> 00:15:52,210
never prove that there were any in the

312
00:15:58,710 --> 00:15:55,260
country that were driving those rockets

313
00:16:01,790 --> 00:15:58,720

and what did they report as far as the

314

00:16:05,430 --> 00:16:01,800

sound what were they hearing for a sound

315

00:16:08,790 --> 00:16:05,440

well they were hearing like a motor like

316

00:16:14,010 --> 00:16:08,800

an engine they were really looking like

317

00:16:17,580 --> 00:16:14,020

like cigar shaped objects they were very

318

00:16:20,040 --> 00:16:17,590

much like the V bombs that Nazi Germany

319

00:16:23,970 --> 00:16:20,050

used during the last years of the Second

320

00:16:26,600 --> 00:16:23,980

World War but compared to the V bombs

321

00:16:30,990 --> 00:16:26,610

when they crashed the V bombs left

322

00:16:33,870 --> 00:16:31,000

debris maybe thousands of kilos a couple

323

00:16:37,380 --> 00:16:33,880

of tons of debris but those ghost rock

324

00:16:41,100 --> 00:16:37,390

is never left anything not not not a

325

00:16:42,480 --> 00:16:41,110

trace after them so even though they

326

00:16:45,380 --> 00:16:42,490

look like Rockets they didn't behave

327

00:16:49,280 --> 00:16:45,390

like Rockets and I didn't were

328

00:16:52,980 --> 00:16:49,290

identified as Rockets either didn't you

329

00:16:56,070 --> 00:16:52,990

maybe maybe thinking of something else

330

00:16:59,250 --> 00:16:56,080

but didn't someone see one and more

331

00:17:02,040 --> 00:16:59,260

recently than 1946 like a couple or

332

00:17:05,010 --> 00:17:02,050

something that was hiking you know we

333

00:17:07,860 --> 00:17:05,020

have multiple observations of the 1946

334

00:17:10,770 --> 00:17:07,870

quite a few but the world that you are

335

00:17:14,069 --> 00:17:10,780

thinking about happened in 1980 in the

336

00:17:17,790 --> 00:17:14,079

in summer 1980 when a couple were out

337

00:17:21,449 --> 00:17:17,800

hiking up in the very north of Sweden it

338

00:17:24,900 --> 00:17:21,459

was in a national park called nudists

339

00:17:27,420 --> 00:17:24,910

natural park and they were walking home

340

00:17:30,870 --> 00:17:27,430

back to their car which was a couple of

341

00:17:33,120 --> 00:17:30,880

hours down the road and they stopped to

342

00:17:35,580 --> 00:17:33,130

take a break when they were standing

343

00:17:39,120 --> 00:17:35,590

there at the end of this lake like in a

344

00:17:41,310 --> 00:17:39,130

mile they heard strange sound from the

345

00:17:45,740 --> 00:17:41,320

south and I looked up and I saw this is

346

00:17:48,510 --> 00:17:45,750

a small and missile-like object with the

347

00:17:51,690 --> 00:17:48,520

protrusions on the both of the side like

348

00:17:54,450 --> 00:17:51,700

wings or or tanks whatever it was flying

349

00:17:57,720 --> 00:17:54,460

over them just hundred George up in the

350

00:17:58,259 --> 00:17:57,730

air and it passed over them and they

351
00:18:01,799 --> 00:17:58,269
could see

352
00:18:06,690 --> 00:18:01,809
it's flying down towards the lake and

353
00:18:08,969 --> 00:18:06,700
suddenly reverse 180 degrees flying back

354
00:18:11,579 --> 00:18:08,979
to watch them and then they were really

355
00:18:14,639 --> 00:18:11,589
scared but I thought this will hit us

356
00:18:17,849 --> 00:18:14,649
but instead of hitting them the ghost

357
00:18:21,180 --> 00:18:17,859
rocket landed with a splash on the lake

358
00:18:23,609 --> 00:18:21,190
and started sinking and they could see

359
00:18:27,829 --> 00:18:23,619
it sinking and bubbles of air coming up

360
00:18:30,269 --> 00:18:27,839
and when it vanished they take really

361
00:18:31,589 --> 00:18:30,279
tried to get from from this place as

362
00:18:34,379 --> 00:18:31,599
fast as they could because they were

363
00:18:36,299 --> 00:18:34,389

thinking it could it could explode and

364

00:18:39,089 --> 00:18:36,309

they went back to the core couple of

365

00:18:42,629 --> 00:18:39,099

hours to the west and drew down to

366

00:18:45,930 --> 00:18:42,639

stockholm and alerted the military or

367

00:18:47,759 --> 00:18:45,940

started an investigation into this and

368

00:18:50,009 --> 00:18:47,769

did they actually go into the lake

369

00:18:53,069 --> 00:18:50,019

itself to see if they could find

370

00:18:56,489 --> 00:18:53,079

anything no I it's quite impossible to

371

00:18:58,440 --> 00:18:56,499

do that I mean it was a couple of

372

00:19:02,219 --> 00:18:58,450

hundred yards out into the lake and it's

373

00:19:06,089 --> 00:19:02,229

not easy it's a very cold water and they

374

00:19:08,369 --> 00:19:06,099

were scared and the military didn't he

375

00:19:11,009 --> 00:19:08,379

go there either they went they went out

376

00:19:13,619 --> 00:19:11,019

with an helicopter and and looked over

377

00:19:16,440 --> 00:19:13,629

the lake and and they landed and tried

378

00:19:19,409 --> 00:19:16,450

to find what it was but they never dived

379

00:19:23,099 --> 00:19:19,419

into the lake I said we did yeah we did

380

00:19:27,180 --> 00:19:23,109

in the 2012 you did Oh in that

381

00:19:28,769 --> 00:19:27,190

particular link yeah we we went there

382

00:19:34,469 --> 00:19:28,779

with the other with the witnesses in

383

00:19:37,589 --> 00:19:34,479

2012 and brought with us two criminal

384

00:19:42,329 --> 00:19:37,599

investigators from Karuna or also by

385

00:19:46,379 --> 00:19:42,339

divers and we we mapped the seafloor

386

00:19:48,629 --> 00:19:46,389

with the sonar and we found some

387

00:19:51,690 --> 00:19:48,639

interesting spots around that the spot

388

00:19:55,109 --> 00:19:51,700

where the the witnesses had pointed out

389

00:19:57,779 --> 00:19:55,119

the learning and the divers went down

390

00:20:03,509 --> 00:19:57,789

but what they found was that it was four

391

00:20:05,909 --> 00:20:03,519

meters of mud and whatever it was that a

392

00:20:10,009 --> 00:20:05,919

Londonderry it must have sunk underneath

393

00:20:11,860 --> 00:20:10,019

this mud so he went back two years later

394

00:20:13,360 --> 00:20:11,870

2014

395

00:20:16,180 --> 00:20:13,370

with another equipment that could see

396

00:20:17,560 --> 00:20:16,190

through the mud and at that point we did

397

00:20:22,870 --> 00:20:17,570

see something

398

00:20:25,870 --> 00:20:22,880

there resting there in the mud but if

399

00:20:27,399 --> 00:20:25,880

that's as far as it went you never never

400

00:20:30,100 --> 00:20:27,409

drove down yeah

401
00:20:33,100 --> 00:20:30,110
is it real or anything this top deep

402
00:20:36,220 --> 00:20:33,110
it's only four yards deep and the four

403
00:20:38,320 --> 00:20:36,230
yards with with mud but it's very

404
00:20:39,039 --> 00:20:38,330
difficult to go down into the mud it's

405
00:20:41,799 --> 00:20:39,049
very dangerous

406
00:20:46,029 --> 00:20:41,809
yeah so we would go back again with

407
00:20:49,990 --> 00:20:46,039
another instrument next winter we will

408
00:20:53,340 --> 00:20:50,000
be there with snow mobiles on the ice so

409
00:20:57,850 --> 00:20:53,350
drive this instrument that is is a

410
00:21:00,880 --> 00:20:57,860
seeing in three dimensions and it will

411
00:21:03,880 --> 00:21:00,890
it will paint this object and we will

412
00:21:06,909 --> 00:21:03,890
see if it's an reindeer if it is stone

413
00:21:10,240 --> 00:21:06,919

or fair maybe it's a ghost rocket that

414

00:21:12,730 --> 00:21:10,250

will give us the answer Wow well yeah

415

00:21:17,700 --> 00:21:12,740

that's really something oh let's let's

416

00:21:20,169 --> 00:21:17,710

shift gears and get back to the AAF you

417

00:21:22,690 --> 00:21:20,179

because um you and I had a quick

418

00:21:25,149 --> 00:21:22,700

conversation you know through email

419

00:21:28,930 --> 00:21:25,159

about how I mentioned something about

420

00:21:30,490 --> 00:21:28,940

Billy Meyers photographs selling at

421

00:21:32,889 --> 00:21:30,500

Sotheby's for over twenty thousand

422

00:21:35,620 --> 00:21:32,899

dollars which is really amazing and what

423

00:21:38,860 --> 00:21:35,630

what your you know what is your thought

424

00:21:42,190 --> 00:21:38,870

on that I mean how can something like

425

00:21:45,789 --> 00:21:42,200

that happen when you know most people

426
00:21:46,990 --> 00:21:45,799
know it's a hoax or yeah I mean I know

427
00:21:50,200 --> 00:21:47,000
I'm gonna probably get a little bit of

428
00:21:53,409 --> 00:21:50,210
mail from saying that but but most

429
00:21:55,600 --> 00:21:53,419
people do believe that Billy Meyer was

430
00:21:59,440 --> 00:21:55,610
hoaxing even though you know he he's

431
00:22:02,529 --> 00:21:59,450
handy captain and all that but even from

432
00:22:05,529 --> 00:22:02,539
the 1960s you know there's a lot of

433
00:22:08,409 --> 00:22:05,539
signs of that I mean we sent an

434
00:22:13,389 --> 00:22:08,419
investigator to Switzerland in the 19

435
00:22:16,690 --> 00:22:13,399
late 1970s early 1980s I think it was

436
00:22:18,909 --> 00:22:16,700
the early 1980s in mustardy to interview

437
00:22:20,830 --> 00:22:18,919
billy mayer to investigate the case it

438
00:22:23,080 --> 00:22:20,840

was elusive he kept away from our

439

00:22:25,870 --> 00:22:23,090

investigator but we were able to find

440

00:22:28,450 --> 00:22:25,880

other people and I also find

441

00:22:31,750 --> 00:22:28,460

a lot of faces that show that he had

442

00:22:36,730 --> 00:22:31,760

manufactured his pictures of course but

443

00:22:38,980 --> 00:22:36,740

I mean 17 of his pictures

444

00:22:39,730 --> 00:22:38,990

I mean it's prints it's not even the

445

00:22:42,279 --> 00:22:39,740

negatives

446

00:22:45,580 --> 00:22:42,289

I mean it's prints sold for twenty four

447

00:22:47,770 --> 00:22:45,590

thousand dollars which is amazing of

448

00:22:50,100 --> 00:22:47,780

course it's I mean we have loads of

449

00:22:52,900 --> 00:22:50,110

prints from Billy Mayer the day of you

450

00:22:56,529 --> 00:22:52,910

and the prints that was sold at

451
00:23:00,250 --> 00:22:56,539
Sotheby's are not even first-generation

452
00:23:02,980 --> 00:23:00,260
prints some of them so I don't know who

453
00:23:04,690 --> 00:23:02,990
really bought it but we want to believe

454
00:23:08,740 --> 00:23:04,700
you know they want you want to believe

455
00:23:11,230 --> 00:23:08,750
poster one of those answers or the one

456
00:23:14,080 --> 00:23:11,240
on the we want to believe poster and

457
00:23:17,740 --> 00:23:14,090
that is what sold and of course I see I

458
00:23:20,350 --> 00:23:17,750
never I never so it's it's yeah it's pop

459
00:23:22,779 --> 00:23:20,360
culture thing kind of thing advancing it

460
00:23:25,419 --> 00:23:22,789
yeah which is important to tell that

461
00:23:27,370 --> 00:23:25,429
those pictures came from the wendell

462
00:23:31,060 --> 00:23:27,380
stevens collection and when the stevens

463
00:23:34,779 --> 00:23:31,070

collection were or scattered after his

464

00:23:39,850 --> 00:23:34,789

passing away and he passed away in 2010

465

00:23:41,909 --> 00:23:39,860

and we recently were able to acquire at

466

00:23:44,680 --> 00:23:41,919

least half of his collection which is

467

00:23:49,060 --> 00:23:44,690

one thousand kilos two thousand two

468

00:23:51,610 --> 00:23:49,070

hundred pounds with the help of Jordan

469

00:23:52,690 --> 00:23:51,620

piece from from road valley metaphysical

470

00:23:56,620 --> 00:23:52,700

library in Oregon

471

00:23:58,870 --> 00:23:56,630

I met with Jordan in California last

472

00:24:02,440 --> 00:23:58,880

summer and we had an agreement

473

00:24:06,580 --> 00:24:02,450

and he he sent all this stuff to Sweden

474

00:24:10,360 --> 00:24:06,590

and AFU so we now have thousands and

475

00:24:14,740 --> 00:24:10,370

thousands and thousands of mails and I

476
00:24:16,779 --> 00:24:14,750
mean not emails but letters that arrived

477
00:24:19,299 --> 00:24:16,789
and were sent to wendell stevens and

478
00:24:20,680 --> 00:24:19,309
also loads of material regarding the

479
00:24:22,750 --> 00:24:20,690
billy mayer case that had never been

480
00:24:24,610 --> 00:24:22,760
published and never been read by anyone

481
00:24:29,350 --> 00:24:24,620
outside the wendell stevens

482
00:24:31,779 --> 00:24:29,360
family so we are now going through all

483
00:24:34,090 --> 00:24:31,789
of this and trying to sort it out than

484
00:24:35,560 --> 00:24:34,100
to start to scan the most important

485
00:24:37,600 --> 00:24:35,570
parts well

486
00:24:39,280 --> 00:24:37,610
well I've heard I've heard about that

487
00:24:42,700 --> 00:24:39,290
collection now I thought

488
00:24:45,550 --> 00:24:42,710

I must be mixing the separate fire open

489

00:24:48,060 --> 00:24:45,560

minds had purchased that collection no

490

00:24:51,910 --> 00:24:48,070

that's right mine's the sold it and

491

00:24:56,410 --> 00:24:51,920

actually it turned out that Rogue Valley

492

00:24:59,560 --> 00:24:56,420

in Oregon but the other part we have

493

00:25:02,080 --> 00:24:59,570

also traced and I paid a lot of money to

494

00:25:05,110 --> 00:25:02,090

get that to Sweden it support with with

495

00:25:08,020 --> 00:25:05,120

the photos and all other pictures but

496

00:25:10,560 --> 00:25:08,030

that guy we paid the money to her since

497

00:25:14,260 --> 00:25:10,570

Santana teen to us yet so maybe he just

498

00:25:16,900 --> 00:25:14,270

sits on the money 'red oh no no never

499

00:25:19,630 --> 00:25:16,910

fulfill his agreement with us so that

500

00:25:23,230 --> 00:25:19,640

that is a problem we really want to fall

501
00:25:24,610 --> 00:25:23,240
files but they of you now we're we have

502
00:25:29,770 --> 00:25:24,620
to go ahead to break here in just a

503
00:25:34,030 --> 00:25:29,780
minute but who funds these purchases for

504
00:25:36,970 --> 00:25:34,040
all your materials yeah I mean it's a

505
00:25:40,390 --> 00:25:36,980
good question it's us it's real thirty

506
00:25:43,210 --> 00:25:40,400
people who are putting between five US

507
00:25:47,280 --> 00:25:43,220
dollars and one hundred US dollars every

508
00:25:52,900 --> 00:25:47,290
month into a of you and we are also

509
00:25:55,840 --> 00:25:52,910
selling through a few shop but it's the

510
00:25:57,640 --> 00:25:55,850
business that costs us money to do III

511
00:26:00,310 --> 00:25:57,650
don't earn a nickel from this of course

512
00:26:03,850 --> 00:26:00,320
I pay a load so money every year to keep

513
00:26:07,420 --> 00:26:03,860

a of you afloat and we do all of us we

514

00:26:10,180 --> 00:26:07,430

have four people on this board and we

515

00:26:12,100 --> 00:26:10,190

have a couple of guys around the world

516

00:26:14,620 --> 00:26:12,110

on a device or a board as well that

517

00:26:16,660 --> 00:26:14,630

helps us with this but we really need

518

00:26:21,100 --> 00:26:16,670

more people in thirty Suites it's only

519

00:26:22,750 --> 00:26:21,110

one from outside Sweden that is helping

520

00:26:27,400 --> 00:26:22,760

us but loads of people are asking for

521

00:26:30,490 --> 00:26:27,410

our help so yeah you know it's a

522

00:26:31,990 --> 00:26:30,500

difficult task but we love to do it yeah

523

00:26:34,300 --> 00:26:32,000

you know you wouldn't you wouldn't do it

524

00:26:36,190 --> 00:26:34,310

if you didn't love it alright we're

525

00:26:37,870 --> 00:26:36,200

ready to go on a break so this is Martin

526

00:26:39,820 --> 00:26:37,880

Willis my guest tonight is class Vaughn

527

00:26:46,249 --> 00:26:39,830

and hang a nail we'll be right back

528

00:26:51,960 --> 00:26:49,110

okay Martin we're clear for minutes

529

00:26:58,529 --> 00:26:51,970

right for minutes okay we're still live

530

00:27:00,450 --> 00:26:58,539

on YouTube so class so well we're going

531

00:27:03,830 --> 00:27:00,460

to change this subject we can jump back

532

00:27:10,860 --> 00:27:03,840

a little bit on what we're talking about

533

00:27:16,619 --> 00:27:10,870

and but as far as do you ever purchase

534

00:27:20,009 --> 00:27:16,629

material that is you'll find out later

535

00:27:22,590 --> 00:27:20,019

that it was hoaxed or or you know

536

00:27:25,560 --> 00:27:22,600

purposely hoaxed has that ever happened

537

00:27:27,950 --> 00:27:25,570

has anyone kind of pulled the wool or

538

00:27:31,950 --> 00:27:27,960

try to pull the wool over your eyes and

539

00:27:35,840 --> 00:27:31,960

well we very seldom purchase things at

540

00:27:39,419 --> 00:27:35,850

all those what does the even stuff or

541

00:27:43,259 --> 00:27:39,429

one of the few we have paid for and we

542

00:27:46,379 --> 00:27:43,269

paid very little money for it so and

543

00:27:49,249 --> 00:27:46,389

nevertheless if we get the host thing

544

00:27:51,710 --> 00:27:49,259

and we do get pictures most of the time

545

00:27:54,149 --> 00:27:51,720

it's part of the history it's part of

546

00:27:57,450 --> 00:27:54,159

universal history so it doesn't really

547

00:28:03,330 --> 00:27:57,460

matter we are not in it just for the

548

00:28:07,320 --> 00:28:03,340

real UFOs were in it for all of the how

549

00:28:10,139 --> 00:28:07,330

society looks upon the subject yeah so

550

00:28:12,690 --> 00:28:10,149

want to show everything from from the

551

00:28:14,970 --> 00:28:12,700

louse is the baddest to the brightest

552

00:28:19,109 --> 00:28:14,980

and the best we save it all really

553

00:28:22,440 --> 00:28:19,119

hoaxes and bonafide stuff I was talking

554

00:28:26,700 --> 00:28:22,450

earlier at the very beginning the show

555

00:28:35,759 --> 00:28:26,710

about this I can't remember the person's

556

00:28:41,070 --> 00:28:35,769

name from the 1966 and let's see his

557

00:28:45,389 --> 00:28:41,080

name was derenberger and are you

558

00:28:49,249 --> 00:28:45,399

familiar with who he is yeah we have

559

00:28:53,279 --> 00:28:49,259

stuff from from and about him if you

560

00:28:56,369 --> 00:28:53,289

yeah I'm not that versed into his case I

561

00:28:59,200 --> 00:28:56,379

should say but we have stuff that we

562

00:29:00,700 --> 00:28:59,210

have helped researchers with copies from

563

00:29:03,880 --> 00:29:00,710

and I have been writing about portrait

564

00:29:07,480 --> 00:29:03,890

Aaron Berger and me we are so many nice

565

00:29:10,090 --> 00:29:07,490

things from George Adamski and my first

566

00:29:13,779 --> 00:29:10,100

generation pictures we have taped

567

00:29:17,320 --> 00:29:13,789

interviews with all those early 1950s

568

00:29:20,919 --> 00:29:17,330

contactees yeah like our menger and a

569

00:29:24,060 --> 00:29:20,929

few auntie Lucci and all those and those

570

00:29:27,070 --> 00:29:24,070

are unique so much of what we have is

571

00:29:30,940 --> 00:29:27,080

unique really it's only a world copy in

572

00:29:35,230 --> 00:29:30,950

the world well how about that yeah it is

573

00:29:39,279 --> 00:29:35,240

an interesting segment so to speak and

574

00:29:41,350 --> 00:29:39,289

also very much of what he was talking

575

00:29:43,450 --> 00:29:41,360

about his encounters was a lot like what

576

00:29:45,010 --> 00:29:43,460

the contactees were talking about I

577

00:29:47,950 --> 00:29:45,020

believe he said that he went to their

578

00:29:50,830 --> 00:29:47,960

planet and you know on their spaceship

579

00:29:52,360 --> 00:29:50,840

and all that and and they were they look

580

00:29:53,950 --> 00:29:52,370

just like us but we're a little taller

581

00:29:58,169 --> 00:29:53,960

or something like that I mean it was

582

00:30:00,669 --> 00:29:58,179

yeah but you know that that whole

583

00:30:03,399 --> 00:30:00,679

contactee movement is is really

584

00:30:06,639 --> 00:30:03,409

something and there's someone working on

585

00:30:10,480 --> 00:30:06,649

a film that's related to one of them

586

00:30:14,440 --> 00:30:10,490

that contacted me and is insistent that

587

00:30:17,980 --> 00:30:14,450

his his great uncle Oh whoever it is is

588

00:30:21,519 --> 00:30:17,990

100% legitimate and really did go to

589

00:30:23,500 --> 00:30:21,529

Venus or whatever he did so yeah the

590

00:30:26,950 --> 00:30:23,510

stories were better be better in the

591

00:30:28,930 --> 00:30:26,960

post I mean 1950s 1960s stories or still

592

00:30:32,019 --> 00:30:28,940

very very interesting and very good but

593

00:30:33,730 --> 00:30:32,029

maybe too good sometimes at least yeah

594

00:30:36,850 --> 00:30:33,740

we're ready to go back on the air guys

595

00:30:37,750 --> 00:30:36,860

okay we are ready here all right Martin

596

00:30:46,330 --> 00:30:37,760

here we go

597

00:30:48,399 --> 00:30:46,340

Martin in five four three two all right

598

00:30:52,240 --> 00:30:48,409

welcome back everyone this is Martin

599

00:30:56,139 --> 00:30:52,250

Willis we're on kgr a radio and my guest

600

00:30:58,779 --> 00:30:56,149

tonight his class Swan and all the way

601
00:31:00,600 --> 00:30:58,789
from Sweden and just before we went into

602
00:31:03,519 --> 00:31:00,610
the break we were talking about

603
00:31:06,700 --> 00:31:03,529
basically you're kind of a self-funding

604
00:31:10,510 --> 00:31:06,710
group and it's which I find pretty

605
00:31:11,570 --> 00:31:10,520
amazing and that you know really no one

606
00:31:14,050 --> 00:31:11,580
would do this

607
00:31:16,970 --> 00:31:14,060
unless they had a passion for it I mean

608
00:31:19,190 --> 00:31:16,980
um you know I mean someone putting in

609
00:31:20,570 --> 00:31:19,200
five dollars a month is is not too much

610
00:31:23,390 --> 00:31:20,580
someone putting in a hundred dollars is

611
00:31:26,630 --> 00:31:23,400
quite a bit but also it's just the fact

612
00:31:28,150 --> 00:31:26,640
that you say that you spend two hours at

613
00:31:30,980 --> 00:31:28,160

least two hours a day

614

00:31:33,140 --> 00:31:30,990

yeah involved in so you think about the

615

00:31:35,480 --> 00:31:33,150

time involved in you know chasing this

616

00:31:40,430 --> 00:31:35,490

stuff you probably have countless hours

617

00:31:44,590 --> 00:31:40,440

in total absolutely yeah and are there

618

00:31:51,530 --> 00:31:48,890

we are a few absolutely they a few and

619

00:31:57,590 --> 00:31:51,540

also inside you know for Sweden that

620

00:32:00,170 --> 00:31:57,600

spent hours every day doing this so and

621

00:32:02,450 --> 00:32:00,180

that's the only way to make make this

622

00:32:05,750 --> 00:32:02,460

move forward really if you don't deal

623

00:32:09,380 --> 00:32:05,760

that we I mean we are living under an

624

00:32:13,430 --> 00:32:09,390

avalanche of information coming into a

625

00:32:16,790 --> 00:32:13,440

of you every week I mean just before we

626

00:32:19,280 --> 00:32:16,800

started the conversation I secured some

627

00:32:21,200 --> 00:32:19,290

some books and papers from a newly

628

00:32:24,590 --> 00:32:21,210

deceased number of you of a Swede and I

629

00:32:30,170 --> 00:32:24,600

got his name five hours ago I wrote to

630

00:32:33,080 --> 00:32:30,180

his his wife is widowed and got

631

00:32:35,480 --> 00:32:33,090

clearance to get his paper works and his

632

00:32:39,530 --> 00:32:35,490

material and I do that all the time

633

00:32:42,200 --> 00:32:39,540

really I'm chasing so that this stuff

634

00:32:45,880 --> 00:32:42,210

isn't lost forever which is this if we

635

00:32:48,530 --> 00:32:45,890

don't do it right right and you know I

636

00:32:51,740 --> 00:32:48,540

talked with that Dave Marlar quite a bit

637

00:32:54,200 --> 00:32:51,750

over here and he has you know quite a

638

00:32:56,300 --> 00:32:54,210

thing going there as well and I I think

639

00:32:58,520 --> 00:32:56,310

it's great that these things are you

640

00:33:00,950 --> 00:32:58,530

know are cared for you know to pass

641

00:33:04,040 --> 00:33:00,960

along to interest you know further on

642

00:33:07,280 --> 00:33:04,050

down the line and I'm glad you're you're

643

00:33:09,290 --> 00:33:07,290

both doing that you mentioned earlier

644

00:33:11,660 --> 00:33:09,300

that a lot of your books or some of your

645

00:33:13,850 --> 00:33:11,670

books are in Russian which i think is

646

00:33:16,790 --> 00:33:13,860

interesting the you know I I do go to

647

00:33:20,750 --> 00:33:16,800

Russia I think I've talked to you before

648

00:33:22,250 --> 00:33:20,760

when I was over there I don't know like

649

00:33:24,680 --> 00:33:22,260

once a year or something like that I was

650

00:33:25,280 --> 00:33:24,690

supposed to go this last winter but

651
00:33:28,280 --> 00:33:25,290
there was a

652
00:33:29,450 --> 00:33:28,290
an accident as I couldn't make it over

653
00:33:34,370 --> 00:33:29,460
there supposed to be there right now

654
00:33:39,530 --> 00:33:34,380
actually but uh Oh anyway in 1993 you

655
00:33:40,970 --> 00:33:39,540
went to Moscow and yeah let's talk about

656
00:33:44,840 --> 00:33:40,980
that there was some type of dramatic

657
00:33:47,980 --> 00:33:44,850
situation happened well yeah we went to

658
00:33:52,100 --> 00:33:47,990
Moscow me and Russian speaking friend

659
00:33:54,200 --> 00:33:52,110
birthday of you in October 1993 and what

660
00:33:57,260 --> 00:33:54,210
we didn't know at that time that when we

661
00:34:00,440 --> 00:33:57,270
landed we were the last taxi from the

662
00:34:02,240 --> 00:34:00,450
airport after us tanks were rolling on

663
00:34:04,490 --> 00:34:02,250

the same Street and the shooting were

664

00:34:07,700 --> 00:34:04,500

starting at the Parliament because the

665

00:34:11,840 --> 00:34:07,710

Parliament were under under siege for a

666

00:34:14,899 --> 00:34:11,850

couple of days so it was gunshots in the

667

00:34:19,700 --> 00:34:14,909

streets and there were shooting with

668

00:34:21,830 --> 00:34:19,710

those tanks on the Parliament so it was

669

00:34:24,560 --> 00:34:21,840

on fire and I was standing there looking

670

00:34:27,590 --> 00:34:24,570

at this because I mean I'm a journalist

671

00:34:31,040 --> 00:34:27,600

I'm working with the largest morning

672

00:34:32,750 --> 00:34:31,050

newspaper in Sweden and I had to work of

673

00:34:35,419 --> 00:34:32,760

course when I came there and all this

674

00:34:36,320 --> 00:34:35,429

shooting started it's also quite

675

00:34:38,270 --> 00:34:36,330

surrealistic

676
00:34:40,399 --> 00:34:38,280
really and we were there trying to

677
00:34:44,090 --> 00:34:40,409
secure contacts with Russian authorities

678
00:34:46,040 --> 00:34:44,100
and we did that but at one point we went

679
00:34:48,680 --> 00:34:46,050
through the Star City where the

680
00:34:50,210 --> 00:34:48,690
cosmonauts cosmonauts are living and it

681
00:34:51,710 --> 00:34:50,220
was shouting there so we couldn't go

682
00:34:54,619 --> 00:34:51,720
there we had to go there next day when

683
00:34:58,580 --> 00:34:54,629
the shooting had stopped so eventually

684
00:35:00,500 --> 00:34:58,590
we we secured 1,100 original reports

685
00:35:03,950 --> 00:35:00,510
from from a Russian who came to us with

686
00:35:07,550 --> 00:35:03,960
them and also we copied the KGB UFO

687
00:35:10,760 --> 00:35:07,560
files when we were there so it was quite

688
00:35:13,250 --> 00:35:10,770

a go trip eventually and quite dramatic

689

00:35:17,480 --> 00:35:13,260

absolutely Wow you can actually get into

690

00:35:20,960 --> 00:35:17,490

the KGB files yeah we had a friend who

691

00:35:25,160 --> 00:35:20,970

went there for us and brought the copies

692

00:35:29,750 --> 00:35:25,170

back he was an editor for a Russian

693

00:35:32,960 --> 00:35:29,760

rocket and air craft magazine and he

694

00:35:34,880 --> 00:35:32,970

helped us with that and you know about

695

00:35:36,380 --> 00:35:34,890

Russians they drink all the time and he

696

00:35:39,170 --> 00:35:36,390

was also drinking all the time he

697

00:35:42,529 --> 00:35:39,180

treated us with vodka at 12 o'clock in

698

00:35:44,509 --> 00:35:42,539

and we were drunk in two hours so we

699

00:35:46,279 --> 00:35:44,519

thought we cannot do this anymore it was

700

00:35:48,170 --> 00:35:46,289

impossible to work for us and so the

701
00:35:51,410 --> 00:35:48,180
next time I met with him I brought beer

702
00:35:53,690 --> 00:35:51,420
with me which I can handle I said well

703
00:35:55,549 --> 00:35:53,700
we have our own drinks here so I think I

704
00:35:57,680 --> 00:35:55,559
will go with the beers I drank a beer um

705
00:36:01,700 --> 00:35:57,690
yeah I felt fine the rest of the day

706
00:36:06,160 --> 00:36:01,710
well the doctors I'm not not joking when

707
00:36:08,809 --> 00:36:06,170
I say this at least some doctors are

708
00:36:11,089 --> 00:36:08,819
over in Russia actually tell their

709
00:36:13,970 --> 00:36:11,099
patients to drink vodka

710
00:36:15,890 --> 00:36:13,980
it'll-it'll you know it'll help you you

711
00:36:18,140 --> 00:36:15,900
know clear your arteries which i think

712
00:36:18,910 --> 00:36:18,150
is very interesting yeah very

713
00:36:22,130 --> 00:36:18,920

interesting

714

00:36:25,160 --> 00:36:22,140

there was a AB the average lifespan is I

715

00:36:27,019 --> 00:36:25,170

mean 56 or 57 or something like that

716

00:36:30,670 --> 00:36:27,029

yeah that's already sad that's right

717

00:36:34,430 --> 00:36:30,680

yeah that's right yeah now there was a

718

00:36:38,539 --> 00:36:34,440

strange incident in a park with these

719

00:36:40,249 --> 00:36:38,549

really tall tall you know beings that

720

00:36:42,170 --> 00:36:40,259

came out of a craft in Russia do you

721

00:36:45,859 --> 00:36:42,180

remember that story have you ever heard

722

00:36:48,170 --> 00:36:45,869

about that one yeah I mean Rock Valley

723

00:36:53,539 --> 00:36:48,180

wrote about it in this book about

724

00:36:55,819 --> 00:36:53,549

Russian UFO encounters and there have

725

00:36:58,999 --> 00:36:55,829

been I don't remember the city's not

726

00:37:01,370 --> 00:36:59,009

sure do that of course it wasn't that

727

00:37:04,609 --> 00:37:01,380

long ago was in the 1990s I think right

728

00:37:07,880 --> 00:37:04,619

yeah vote on that's water nuts oh that's

729

00:37:10,039 --> 00:37:07,890

right yeah yeah yeah I mean there's so

730

00:37:14,720 --> 00:37:10,049

many stories like that in Russia

731

00:37:17,210 --> 00:37:14,730

stories about robotic like creatures if

732

00:37:20,630 --> 00:37:17,220

you read the KGB files as well you can

733

00:37:22,370 --> 00:37:20,640

see that I mean maybe 50 percent or

734

00:37:25,339 --> 00:37:22,380

Mississippi interpretations of their own

735

00:37:28,549 --> 00:37:25,349

rocket launches but there are also cases

736

00:37:31,279 --> 00:37:28,559

that are very very strange so Russia is

737

00:37:34,190 --> 00:37:31,289

a very interesting country you should do

738

00:37:36,319 --> 00:37:34,200

more research there if it's very haunted

739

00:37:38,359 --> 00:37:36,329

of that but you should do that yes I

740

00:37:41,170 --> 00:37:38,369

tried to connect with people and I was

741

00:37:44,450 --> 00:37:41,180

there and and I I could not get very far

742

00:37:47,809 --> 00:37:44,460

unfortunately you know I was in only in

743

00:37:50,660 --> 00:37:47,819

Moscow for a short time but I was in you

744

00:37:52,430 --> 00:37:50,670

know mostly on the Black Sea in a place

745

00:37:54,920 --> 00:37:52,440

called no Vera Sisk

746

00:37:57,170 --> 00:37:54,930

which is across from Turkey but there

747

00:37:58,640 --> 00:37:57,180

was a little bit of UFO activity and

748

00:38:01,849 --> 00:37:58,650

people talking about it there but not

749

00:38:04,940 --> 00:38:01,859

you know it's kind of a handful so I

750

00:38:09,200 --> 00:38:04,950

wanted to again switch gears and talk

751
00:38:12,339 --> 00:38:09,210
about your book I'm gonna bring that up

752
00:38:16,990 --> 00:38:12,349
in the thing one more time if I can and

753
00:38:19,700 --> 00:38:17,000
so I do love this book I have to say and

754
00:38:21,829 --> 00:38:19,710
can you talk about how you put that

755
00:38:25,640 --> 00:38:21,839
together and and some of the images that

756
00:38:27,859 --> 00:38:25,650
are actually in here yeah I had a plan

757
00:38:31,579 --> 00:38:27,869
doing this for several years but my

758
00:38:33,470 --> 00:38:31,589
publisher wasn't that interested I mean

759
00:38:35,960 --> 00:38:33,480
I published the book every year or

760
00:38:38,750 --> 00:38:35,970
written nearly 30 books by now and this

761
00:38:41,349 --> 00:38:38,760
book I really wanted to write this one I

762
00:38:46,099 --> 00:38:41,359
tried to get him interested in this but

763
00:38:47,839 --> 00:38:46,109

eventually he said okay so he printed I

764

00:38:52,400 --> 00:38:47,849

mean it's a large publishing company

765

00:38:54,829 --> 00:38:52,410

they printed a Swedish Edition 6,500

766

00:38:59,930 --> 00:38:54,839

copies copies which is a small edition

767

00:39:04,099 --> 00:38:59,940

for me but we AF you got funds from from

768

00:39:07,430 --> 00:39:04,109

a guy in the US as sometimes helps us he

769

00:39:10,760 --> 00:39:07,440

gave us \$10,000 so we could print this

770

00:39:12,890 --> 00:39:10,770

English edition so I started writing in

771

00:39:16,220 --> 00:39:12,900

January and I stopped writing in in May

772

00:39:18,230 --> 00:39:16,230

last year and all the pictures were

773

00:39:20,960 --> 00:39:18,240

taken by a friend of mine a professional

774

00:39:23,030 --> 00:39:20,970

photographer I brought everything in at

775

00:39:25,910 --> 00:39:23,040

the end it's in the book down to my old

776

00:39:28,640 --> 00:39:25,920

hometown and we spent a full day taking

777

00:39:30,559 --> 00:39:28,650

some blood pictures high-resolution

778

00:39:32,569 --> 00:39:30,569

pictures of everything that I was

779

00:39:34,940 --> 00:39:32,579

interested or carrying in the book and

780

00:39:38,599 --> 00:39:34,950

how long did it take you to find all

781

00:39:41,540 --> 00:39:38,609

these images I mean you know did you go

782

00:39:45,109 --> 00:39:41,550

a lot of them from your or autumn from

783

00:39:49,940 --> 00:39:45,119

your archives yeah all of them are from

784

00:39:53,930 --> 00:39:49,950

ASU all of them are or pictures that we

785

00:39:56,150 --> 00:39:53,940

have or have the rights to use yeah it

786

00:39:57,260 --> 00:39:56,160

took quite a while to assemble all of

787

00:40:01,040 --> 00:39:57,270

those stuff I mean it's not only

788

00:40:04,520 --> 00:40:01,050

pictures it's the toys it's posters it's

789

00:40:06,230 --> 00:40:04,530

Ryan records yeah yeah and you have a

790

00:40:08,990 --> 00:40:06,240

you have also

791

00:40:13,940 --> 00:40:09,000

memorabilia there as well right besides

792

00:40:17,480 --> 00:40:13,950

jokes no lots of it we we try to save

793

00:40:20,180 --> 00:40:17,490

the history of UFOs and that sorry it's

794

00:40:22,730 --> 00:40:20,190

not only paperwork's it's also

795

00:40:27,980 --> 00:40:22,740

memorabilia like like I said posters

796

00:40:30,500 --> 00:40:27,990

when Adamski or load outing or any other

797

00:40:33,170 --> 00:40:30,510

prominent 1950s or 60s

798

00:40:36,770 --> 00:40:33,180

you followed historical take T are given

799

00:40:40,700 --> 00:40:36,780

a lecture we are trying to trace posters

800

00:40:42,890 --> 00:40:40,710

and save them we say the very very nice

801

00:40:44,600 --> 00:40:42,900

nineteen fifties toys with flying

802

00:40:47,450 --> 00:40:44,610

saucers they're worth hundreds of

803

00:40:49,310 --> 00:40:47,460

dollars each oh yeah and there are so

804

00:40:52,250 --> 00:40:49,320

many things that are as I said before

805

00:40:56,630 --> 00:40:52,260

unique in the world very very hard to

806

00:40:58,190 --> 00:40:56,640

find stamps we collect UFO stamps there

807

00:41:00,440 --> 00:40:58,200

are a couple ufologists around the world

808

00:41:04,310 --> 00:41:00,450

that do that so we exchange stamps from

809

00:41:06,950 --> 00:41:04,320

time to time wow that's amazing I never

810

00:41:09,050 --> 00:41:06,960

would have thought of stamps that their

811

00:41:14,630 --> 00:41:09,060

their act their funding ups how about

812

00:41:15,620 --> 00:41:14,640

that and as far as you know I mean like

813

00:41:18,050 --> 00:41:15,630

you just mentioned

814

00:41:20,840 --> 00:41:18,060

I know these toys can get like crazy

815

00:41:23,060 --> 00:41:20,850

there's you know vintage toy collectors

816

00:41:26,090 --> 00:41:23,070

you know where they call like new in the

817

00:41:29,390 --> 00:41:26,100

box that type of thing they can go for

818

00:41:32,480 --> 00:41:29,400

thousands of dollars sometimes yeah so

819

00:41:35,570 --> 00:41:32,490

yeah yeah do you ever have people donate

820

00:41:39,080 --> 00:41:35,580

things to you most of the things we have

821

00:41:42,080 --> 00:41:39,090

are donating to donated to us I mean we

822

00:41:44,120 --> 00:41:42,090

don't buy that much so we're trying to

823

00:41:48,650 --> 00:41:44,130

find I travel to England or Great

824

00:41:52,310 --> 00:41:48,660

Britain I should say every year down 21

825

00:41:52,640 --> 00:41:52,320

trips since 2000 and I will do another

826

00:41:56,780 --> 00:41:52,650

one

827

00:42:00,470 --> 00:41:56,790

in April and I save stuff from attics

828

00:42:05,150 --> 00:42:00,480

from from basements from roads in houses

829

00:42:07,160 --> 00:42:05,160

and there well where the it's crammed

830

00:42:10,010 --> 00:42:07,170

some of the houses we are entering are

831

00:42:12,380 --> 00:42:10,020

crammed with stuff and the wives are

832

00:42:14,390 --> 00:42:12,390

very happy when we are coming and

833

00:42:18,650 --> 00:42:14,400

bringing all that stuff back to Sweden

834

00:42:20,300 --> 00:42:18,660

instead so yes although that are donated

835

00:42:22,490 --> 00:42:20,310

to us we don't

836

00:42:25,760 --> 00:42:22,500

pay anything for it for trial sport we

837

00:42:30,890 --> 00:42:25,770

do pay yeah I was up I was in a house

838

00:42:34,400 --> 00:42:30,900

kind of sort of you know a prominent

839

00:42:37,070 --> 00:42:34,410

family down in Massachusetts recently

840

00:42:39,620 --> 00:42:37,080

and I looked up on top of there I was

841

00:42:41,690 --> 00:42:39,630

doing an appraisal of their fine art and

842

00:42:43,730 --> 00:42:41,700

antiques and everything in their house

843

00:42:45,320 --> 00:42:43,740

and I looked up on their kitchen counter

844

00:42:49,250 --> 00:42:45,330

and there was a big jar up there with an

845

00:42:52,580 --> 00:42:49,260

alien in it and I just laughing is that

846

00:42:54,590 --> 00:42:52,590

what's that and they said that their

847

00:42:57,710 --> 00:42:54,600

uncle or whatever has a sense of humor

848

00:42:59,870 --> 00:42:57,720

and sent it to them so but yeah looked

849

00:43:02,780 --> 00:42:59,880

at actually kind of real and kind of

850

00:43:05,510 --> 00:43:02,790

scary oh so it wasn't real

851

00:43:08,570 --> 00:43:05,520

oh no no it wasn't no but I'm not they

852

00:43:13,060 --> 00:43:08,580

try to make it look real well why do you

853

00:43:17,000 --> 00:43:13,070

call the air a fu a14 archive

854

00:43:17,840 --> 00:43:17,010

well fortune means really it's from

855

00:43:20,840 --> 00:43:17,850

Charles fort

856

00:43:26,150 --> 00:43:20,850

I mean he was the author of four books

857

00:43:28,340 --> 00:43:26,160

in the early 1900's he was the father of

858

00:43:31,520 --> 00:43:28,350

all those subjects that we are

859

00:43:35,210 --> 00:43:31,530

collecting it was an American writer he

860

00:43:37,600 --> 00:43:35,220

lived between 1874 and 1932 and he

861

00:43:41,810 --> 00:43:37,610

collected what he called damned facts

862

00:43:46,340 --> 00:43:41,820

and this fact that were damned by by the

863

00:43:50,030 --> 00:43:46,350

scientists not interesting he was boring

864

00:43:52,610 --> 00:43:50,040

through those scientific journals trying

865

00:43:54,440 --> 00:43:52,620

to pick the gems and he did it found he

866

00:43:57,470 --> 00:43:54,450

found hundreds and hundreds of hundreds

867

00:44:00,500 --> 00:43:57,480

of UFO observations of paranormal events

868

00:44:05,270 --> 00:44:00,510

I mean everything you could think of and

869

00:44:07,850 --> 00:44:05,280

after him those subjects UFOs goes to

870

00:44:11,000 --> 00:44:07,860

paranormal everything that is strange is

871

00:44:12,830 --> 00:44:11,010

called fortune and we have fourteen

872

00:44:14,750 --> 00:44:12,840

times which is a magazine still

873

00:44:17,660 --> 00:44:14,760

published in in London which is a

874

00:44:20,570 --> 00:44:17,670

fantastic magazine is a must read for

875

00:44:23,140 --> 00:44:20,580

ufologists of course so that is why we

876

00:44:26,750 --> 00:44:23,150

call if you a fortune

877

00:44:29,960 --> 00:44:26,760

library under a fortune archive I see

878

00:44:31,790 --> 00:44:29,970

I've never I've heard that term a number

879

00:44:34,580 --> 00:44:31,800

of times but I never really quite

880

00:44:41,450 --> 00:44:38,570

so thank you for clearing that up

881

00:44:46,670 --> 00:44:41,460

what other things do the does the UFO

882

00:44:49,910 --> 00:44:46,680

Sweden do besides da-fu well you know

883

00:44:54,650 --> 00:44:49,920

for Sweden it's an ordinary UFO society

884

00:44:58,550 --> 00:44:54,660

lurking you phone in the US we we have

885

00:45:02,960 --> 00:44:58,560

members we print two magazines which

886

00:45:06,500 --> 00:45:02,970

circulated in 1200 copies the glossy one

887

00:45:09,590 --> 00:45:06,510

and we have field investigate there's

888

00:45:16,700 --> 00:45:09,600

training course every year we had one in

889

00:45:20,210 --> 00:45:16,710

October where 55 people paid \$250 to

890

00:45:21,830 --> 00:45:20,220

spend a weekend together with me and my

891

00:45:23,750 --> 00:45:21,840

friends see you for Sweden that when we

892

00:45:28,100 --> 00:45:23,760

are trying to learn them how to

893

00:45:30,650 --> 00:45:28,110

investigate UFO reports and that we have

894

00:45:32,720 --> 00:45:30,660

done now since the middle of the 1970s

895

00:45:36,650 --> 00:45:32,730

every year and that is also something

896

00:45:39,410 --> 00:45:36,660

that very very few UFO groups do Wow

897

00:45:44,570 --> 00:45:39,420

so that is very huge ly important for us

898

00:45:47,030 --> 00:45:44,580

to to let those newcomers know what

899

00:45:49,460 --> 00:45:47,040

people can misinterpret in disguise

900

00:45:52,850 --> 00:45:49,470

because you must sift through all of

901
00:45:55,730 --> 00:45:52,860
that before getting down to the real

902
00:45:57,950 --> 00:45:55,740
UFOs it's a hard hard work but it's very

903
00:46:00,170 --> 00:45:57,960
very interesting of course so you

904
00:46:03,230 --> 00:46:00,180
actually had 55 people show up isn't

905
00:46:06,890 --> 00:46:03,240
that that's quite a few people for a

906
00:46:11,210 --> 00:46:06,900
training and is that throughout Sweden

907
00:46:14,120 --> 00:46:11,220
or or what that's Ross Sweden and also

908
00:46:18,470 --> 00:46:14,130
from Norway they always send people from

909
00:46:22,310 --> 00:46:18,480
Norway to our courses and can anybody

910
00:46:25,010 --> 00:46:22,320
take are your courses in in your

911
00:46:28,100 --> 00:46:25,020
language only yeah I'm sorry to say it's

912
00:46:30,230 --> 00:46:28,110
a Swedish language course and we have

913
00:46:32,960 --> 00:46:30,240

been thinking of maybe taking this to

914

00:46:36,740 --> 00:46:32,970

other countries because what we do is

915

00:46:38,780 --> 00:46:36,750

very high quality and it's something

916

00:46:40,820 --> 00:46:38,790

that we should export really maybe do

917

00:46:43,520 --> 00:46:40,830

online or something but you need to be

918

00:46:46,610 --> 00:46:43,530

there because we have those encounters

919

00:46:48,480 --> 00:46:46,620

when on our field investigators are

920

00:46:52,860 --> 00:46:48,490

encountering

921

00:46:54,480 --> 00:46:52,870

a UFO that we create for them and we do

922

00:46:58,050 --> 00:46:54,490

it without their knowledge

923

00:47:01,140 --> 00:46:58,060

that you had they have to report tell

924

00:47:03,690 --> 00:47:01,150

what I have seen so it's a play really

925

00:47:05,400 --> 00:47:03,700

we play with them it's very very

926
00:47:08,730 --> 00:47:05,410
interesting because after they have done

927
00:47:11,760 --> 00:47:08,740
this they say I never trust anyone after

928
00:47:13,740 --> 00:47:11,770
this because take death you know they

929
00:47:15,300 --> 00:47:13,750
cannot really estimate the distance they

930
00:47:18,710 --> 00:47:15,310
cannot really tell what they saw they

931
00:47:22,590 --> 00:47:18,720
cannot they making a drawing that is

932
00:47:24,300 --> 00:47:22,600
looking like the object because that is

933
00:47:27,330 --> 00:47:24,310
the circumstances that really you have

934
00:47:28,710 --> 00:47:27,340
witnesses or exposed to this is very

935
00:47:32,820 --> 00:47:28,720
very good to be exposed to let

936
00:47:35,400 --> 00:47:32,830
yourselves I see I know that the Arizona

937
00:47:37,800 --> 00:47:35,410
MUFON does like a training course every

938
00:47:39,240 --> 00:47:37,810

year I had some people want from that

939

00:47:42,990 --> 00:47:39,250

and I think that's really great because

940

00:47:45,870 --> 00:47:43,000

you know a lot of times also people can

941

00:47:47,220 --> 00:47:45,880

decide well maybe it's not for me too at

942

00:47:50,310 --> 00:47:47,230

the same time you know maybe they're

943

00:47:52,680 --> 00:47:50,320

expecting something else but yeah yeah

944

00:47:56,220 --> 00:47:52,690

but I know nowadays don't know what we

945

00:47:59,160 --> 00:47:56,230

do and nobody is really expecting

946

00:48:01,260 --> 00:47:59,170

anything else but of course not everyone

947

00:48:03,930 --> 00:48:01,270

will be a field investigator after this

948

00:48:08,370 --> 00:48:03,940

yeah most of them are just interested in

949

00:48:11,640 --> 00:48:08,380

and will stay out in the perimeter

950

00:48:14,490 --> 00:48:11,650

of the organization but maybe ten people

951
00:48:16,530 --> 00:48:14,500
every year if we are lucky we can stick

952
00:48:19,380 --> 00:48:16,540
we can harvest field investigators and

953
00:48:21,120 --> 00:48:19,390
keep them hmm well that's that's that's

954
00:48:27,810 --> 00:48:21,130
not bad really

955
00:48:29,310 --> 00:48:27,820
now since you and I have last talk and I

956
00:48:31,800 --> 00:48:29,320
would want to get your opinion as

957
00:48:35,670 --> 00:48:31,810
someone outside of our country what is

958
00:48:37,710 --> 00:48:35,680
your opinion as I was talking about in

959
00:48:40,290 --> 00:48:37,720
the monologue in the beginning it seems

960
00:48:43,170 --> 00:48:40,300
like the Navy has really been outspoken

961
00:48:48,150 --> 00:48:43,180
about the UFO topic and what does

962
00:48:50,730 --> 00:48:48,160
someone like you think about that I mean

963
00:48:54,630 --> 00:48:50,740

we we are in contact with the to the

964

00:48:57,510 --> 00:48:54,640

Stars Academy quite a lot and I also

965

00:49:01,200 --> 00:48:57,520

talked for a long time with Lois

966

00:49:04,260 --> 00:49:01,210

Elizondo with one of the main characters

967

00:49:07,400 --> 00:49:04,270

in TTS a we also had one of them from

968

00:49:10,530 --> 00:49:07,410

TTS a over in Sweden visiting a of you

969

00:49:12,900 --> 00:49:10,540

so we are trying to work together with

970

00:49:17,250 --> 00:49:12,910

them and of course they were the ones

971

00:49:21,990 --> 00:49:17,260

that brought those film clips out in the

972

00:49:23,790 --> 00:49:22,000

open and I mean you're the US Navy what

973

00:49:26,520 --> 00:49:23,800

they have done now that I have told

974

00:49:28,549 --> 00:49:26,530

their toilets to report what they see in

975

00:49:31,040 --> 00:49:28,559

the sky they are telling that this is

976

00:49:34,410 --> 00:49:31,050

well it's something they take seriously

977

00:49:37,339 --> 00:49:34,420

and both of that those things have been

978

00:49:42,030 --> 00:49:37,349

told before I mean we are back in the

979

00:49:44,430 --> 00:49:42,040

1950s or 60s again but not for a while

980

00:49:47,700 --> 00:49:44,440

so and that is very good

981

00:49:49,770 --> 00:49:47,710

it helps us it helps everyone that is

982

00:49:52,920 --> 00:49:49,780

interested in UFOs all over the world

983

00:49:57,839 --> 00:49:52,930

because it makes our interest and topic

984

00:49:59,880 --> 00:49:57,849

more mainstream in any ways so I think

985

00:50:03,270 --> 00:49:59,890

it's very very good for us whatever

986

00:50:06,299 --> 00:50:03,280

comes out of this we have so many good

987

00:50:09,210 --> 00:50:06,309

things coming out of it already yeah

988

00:50:12,359 --> 00:50:09,220

there's a lot of you know there's a lot

989

00:50:15,599 --> 00:50:12,369

of people that speculate that you know

990

00:50:17,460 --> 00:50:15,609

to the Stars has an agenda some people

991

00:50:21,329 --> 00:50:17,470

think they do some people think they

992

00:50:24,870 --> 00:50:21,339

don't how do you see them you know

993

00:50:26,910 --> 00:50:24,880

personally how do you feel do you think

994

00:50:31,620 --> 00:50:26,920

there it seems to me they're moving the

995

00:50:34,799 --> 00:50:31,630

needle you know regardless things happy

996

00:50:37,410 --> 00:50:34,809

they'll try to assemble information so

997

00:50:41,280 --> 00:50:37,420

they can maybe build a Croft

998

00:50:45,780 --> 00:50:41,290

that's what I have been telling and I

999

00:50:48,870 --> 00:50:45,790

really want to make the the most of

1000

00:50:54,270 --> 00:50:48,880

those fragments that may have been found

1001
00:50:55,920 --> 00:50:54,280
from UFOs so I wish them good luck with

1002
00:50:58,049 --> 00:50:55,930
that I think it's a very very hard thing

1003
00:51:01,349 --> 00:50:58,059
to do it's very problematic in many many

1004
00:51:04,280 --> 00:51:01,359
respects but of course they have an

1005
00:51:08,130 --> 00:51:04,290
agenda all of us as some kind of agenda

1006
00:51:10,500 --> 00:51:08,140
we want to go somewhere I mean for

1007
00:51:13,620 --> 00:51:10,510
myself I want to help people with

1008
00:51:15,000 --> 00:51:13,630
information that's my agenda and I want

1009
00:51:19,080 --> 00:51:15,010
to know what you have for solve

1010
00:51:20,340 --> 00:51:19,090
course I don't have that insight so I

1011
00:51:24,840 --> 00:51:20,350
know if they're having a hidden agenda

1012
00:51:29,100 --> 00:51:24,850
but yeah I really cannot really comment

1013
00:51:32,600 --> 00:51:29,110

on that right right you know do you

1014

00:51:37,350 --> 00:51:32,610

think that will ever know what UFOs are

1015

00:51:40,530 --> 00:51:37,360

haha you know when I started in 1974

1016

00:51:44,270 --> 00:51:40,540

I knew much less than I know today I

1017

00:51:45,990 --> 00:51:44,280

know very very more about

1018

00:51:48,750 --> 00:51:46,000

misinterpretations or people can

1019

00:51:51,870 --> 00:51:48,760

misinterpret in the sky I also know that

1020

00:51:55,010 --> 00:51:51,880

there are some very very tough UFO cases

1021

00:51:59,550 --> 00:51:55,020

that are very hard to crack that are

1022

00:52:04,980 --> 00:51:59,560

really nearly unbelievable when you and

1023

00:52:08,240 --> 00:52:04,990

you listen to the the observers no I'm

1024

00:52:13,410 --> 00:52:08,250

not sure I will live to get the answer

1025

00:52:16,020 --> 00:52:13,420

who knows I may be old yeah it's still

1026

00:52:17,490 --> 00:52:16,030

it's still I feel probably about the

1027

00:52:22,080 --> 00:52:17,500

same way you know more or less the same

1028

00:52:24,930 --> 00:52:22,090

way but in Sweden do you know it seems

1029

00:52:28,860 --> 00:52:24,940

like more or less people take this

1030

00:52:36,600 --> 00:52:28,870

seriously and you're on TV quite a bit

1031

00:52:38,760 --> 00:52:36,610

for representing you know as the guy

1032

00:52:40,860 --> 00:52:38,770

you're the UFO guy of Sweden basically

1033

00:52:43,020 --> 00:52:40,870

and in any time there's a TV show on

1034

00:52:43,950 --> 00:52:43,030

right I mean they call you and bring you

1035

00:52:47,460 --> 00:52:43,960

in

1036

00:52:52,290 --> 00:52:47,470

and what about science there you know

1037

00:52:56,190 --> 00:52:52,300

the science community have any you know

1038

00:53:00,810 --> 00:52:56,200

Swedish science looked into this topic

1039

00:53:03,000 --> 00:53:00,820

seriously well not really I mean we have

1040

00:53:05,820 --> 00:53:03,010

very good contacts with astronomers and

1041

00:53:08,730 --> 00:53:05,830

physicists psychologists we have a

1042

00:53:11,160 --> 00:53:08,740

couple of those on the board that helps

1043

00:53:15,060 --> 00:53:11,170

us with the difficult cases they

1044

00:53:18,780 --> 00:53:15,070

evaluate our work and looks at the cases

1045

00:53:21,930 --> 00:53:18,790

that we found most interesting but there

1046

00:53:26,160 --> 00:53:21,940

have not been any any research into UFOs

1047

00:53:27,870 --> 00:53:26,170

in in Sweden I'm sorry to say but it's a

1048

00:53:29,099 --> 00:53:27,880

very difficult topic of course it's hard

1049

00:53:31,349 --> 00:53:29,109

to invest

1050

00:53:34,200 --> 00:53:31,359

but when you say that people here in

1051

00:53:36,650 --> 00:53:34,210

Sweden are interested and open about it

1052

00:53:39,140 --> 00:53:36,660

that is true because we knock the doors

1053

00:53:44,510 --> 00:53:39,150

during a couple of years we talked with

1054

00:53:47,160 --> 00:53:44,520

1600 Swedes and out of the 1600 Swedes

1055

00:53:49,530 --> 00:53:47,170

10% of them had seen something in the

1056

00:53:51,960 --> 00:53:49,540

sky that they couldn't really understand

1057

00:53:55,230 --> 00:53:51,970

and most of them had never told it to

1058

00:53:57,720 --> 00:53:55,240

anyone outside their own family so it's

1059

00:54:01,260 --> 00:53:57,730

a more million Swedes I mean we are 10

1060

00:54:06,180 --> 00:54:01,270

million in Sweden 1 million sweets can

1061

00:54:08,730 --> 00:54:06,190

be I mean holding back there they're

1062

00:54:10,260 --> 00:54:08,740

very very interesting observations that

1063

00:54:12,540 --> 00:54:10,270

we will never never know about we had

1064

00:54:15,300 --> 00:54:12,550

20,000 observations in UEFA Sweden's

1065

00:54:17,430 --> 00:54:15,310

files that's nothing if there is 1

1066

00:54:21,150 --> 00:54:17,440

million out there but don't talk about

1067

00:54:24,150 --> 00:54:21,160

them yeah you know one of the things I

1068

00:54:30,000 --> 00:54:24,160

think about too is are there really that

1069

00:54:33,450 --> 00:54:30,010

many UFOs actually flying around earth

1070

00:54:35,280 --> 00:54:33,460

and if so you know are they all from

1071

00:54:38,190 --> 00:54:35,290

different places where are they from and

1072

00:54:41,220 --> 00:54:38,200

if they are from another planet you know

1073

00:54:43,859 --> 00:54:41,230

I mean who knows for you know where

1074

00:54:47,579 --> 00:54:43,869

they're from but still there's so many

1075

00:54:48,740 --> 00:54:47,589

sightings it's just it's unbelievable if

1076

00:54:52,309 --> 00:54:48,750

you really think about it

1077

00:54:55,859 --> 00:54:52,319

yeah but to be honest most of them are

1078

00:54:58,530 --> 00:54:55,869

misinterpretations or mundane objects if

1079

00:55:01,800 --> 00:54:58,540

we give every sighting the time it

1080

00:55:03,780 --> 00:55:01,810

deserves we usually find an explanation

1081

00:55:08,430 --> 00:55:03,790

to it I mean really your phones are

1082

00:55:12,450 --> 00:55:08,440

scarce we may get one or two every year

1083

00:55:15,390 --> 00:55:12,460

here in Sweden if we are lucky and not

1084

00:55:19,099 --> 00:55:15,400

every year there is one but the ones

1085

00:55:23,750 --> 00:55:19,109

that are left that have really physical

1086

00:55:26,730 --> 00:55:23,760

impact on maybe a car or something else

1087

00:55:28,260 --> 00:55:26,740

they are the most interesting of course

1088

00:55:30,960 --> 00:55:28,270

but they are not that many that people

1089

00:55:34,050 --> 00:55:30,970

would tend to believe oh we got 250

1090

00:55:36,990 --> 00:55:34,060

reports every year only handful are

1091

00:55:41,400 --> 00:55:37,000

interesting enough to really go more in

1092

00:55:42,670 --> 00:55:41,410

more detail about yeah sure all right

1093

00:55:44,500 --> 00:55:42,680

well we're ready to go under

1094

00:55:47,110 --> 00:55:44,510

so this is Martin Willis my guest

1095

00:55:49,330 --> 00:55:47,120

tonight his class Vaughn and we'll be

1096

00:55:52,000 --> 00:55:49,340

right back right after these messages

1097

00:55:56,110 --> 00:55:52,010

welcome back my guest tonight is Klaus

1098

00:56:00,220 --> 00:55:56,120

von from Sweden and we were talking UFOs

1099

00:56:01,990 --> 00:56:00,230

and and and documents and books and

1100

00:56:05,590 --> 00:56:02,000

archives and all kinds of interesting

1101
00:56:08,650 --> 00:56:05,600
things and in the UFO world you saved

1102
00:56:12,090 --> 00:56:08,660
like a bunch of stuff in California that

1103
00:56:15,610 --> 00:56:12,100
was in a garage or something like that

1104
00:56:17,410 --> 00:56:15,620
yeah I mean it's one of the oldest UFO

1105
00:56:22,000 --> 00:56:17,420
groups in the world called borderland

1106
00:56:24,910 --> 00:56:22,010
Science Research Association and we had

1107
00:56:28,440 --> 00:56:24,920
tried for years to get in contact with

1108
00:56:31,330 --> 00:56:28,450
the person who was in charge of this

1109
00:56:33,730 --> 00:56:31,340
1940s organization Wow

1110
00:56:36,670 --> 00:56:33,740
we called him we wrote to him we emailed

1111
00:56:39,370 --> 00:56:36,680
him we tried every way we could but he

1112
00:56:41,410 --> 00:56:39,380
never answered us but suddenly one night

1113
00:56:45,550 --> 00:56:41,420

the two o'clock in the night I called

1114

00:56:48,550 --> 00:56:45,560

him and he picked up the phone and after

1115

00:56:54,040 --> 00:56:48,560

that he was hooked and I met with him

1116

00:56:55,930 --> 00:56:54,050

and a couple of years ago in 2016 I went

1117

00:56:59,650 --> 00:56:55,940

to California together with my family on

1118

00:57:02,200 --> 00:56:59,660

holiday and then we met and we packed

1119

00:57:05,200 --> 00:57:02,210

all of this stuff this wonderful stuff

1120

00:57:10,090 --> 00:57:05,210

from the garage which he had saved for

1121

00:57:12,850 --> 00:57:10,100

decades moving with him and we sent

1122

00:57:14,830 --> 00:57:12,860

there to Sweden and now it's sorted we

1123

00:57:17,410 --> 00:57:14,840

have scanned a lot of it we had helped

1124

00:57:20,110 --> 00:57:17,420

him with scanning got things back from

1125

00:57:21,850 --> 00:57:20,120

us we do that we try to help people with

1126

00:57:25,900 --> 00:57:21,860

with um things back as well of course

1127

00:57:29,140 --> 00:57:25,910

and I mean he's from 1919 40s up till

1128

00:57:30,940 --> 00:57:29,150

the 1990s and it's it's fantastic it's

1129

00:57:34,060 --> 00:57:30,950

letters and reports and newspaper

1130

00:57:36,760 --> 00:57:34,070

clippings and loads of stuff Wow

1131

00:57:39,640 --> 00:57:36,770

wow that's amazing and when you worship

1132

00:57:41,440 --> 00:57:39,650

something like that how do you ship it I

1133

00:57:45,640 --> 00:57:41,450

mean it's so expensive to ship

1134

00:57:48,670 --> 00:57:45,650

international it is why we ship this

1135

00:57:56,170 --> 00:57:48,680

huge collection from Oregon this 1,000

1136

00:57:56,440 --> 00:57:56,180

kilos it costs around \$1500 it's less

1137

00:58:01,870 --> 00:57:56,450

than

1138

00:58:03,460 --> 00:58:01,880

mmm well but it becomes customs and

1139

00:58:08,890 --> 00:58:03,470

other other stuff as well so it

1140

00:58:11,980 --> 00:58:08,900

eventually maybe \$2,000 tops so well we

1141

00:58:14,770 --> 00:58:11,990

can do it but it's not for free though

1142

00:58:16,540 --> 00:58:14,780

yeah and you're traveling all over the

1143

00:58:18,400 --> 00:58:16,550

place can you talk about some of the

1144

00:58:19,829 --> 00:58:18,410

other places you've traveled to to find

1145

00:58:22,829 --> 00:58:19,839

things

1146

00:58:26,170 --> 00:58:22,839

yeah I'm traveled a lot to Europe

1147

00:58:30,180 --> 00:58:26,180

northern parts of Europe mainly but

1148

00:58:34,510 --> 00:58:30,190

Britain is my main and main traveling

1149

00:58:36,819 --> 00:58:34,520

focus because in the 1950s there is so

1150

00:58:38,829 --> 00:58:36,829

many UFO groups in Britain and all of

1151

00:58:40,990 --> 00:58:38,839

them had exchanged with all over the

1152

00:58:45,990 --> 00:58:41,000

world they got a magazine from Japan

1153

00:58:49,480 --> 00:58:46,000

from the US they had letters from

1154

00:58:52,690 --> 00:58:49,490

ufologist and contactees all over the

1155

00:58:54,940 --> 00:58:52,700

world so you can find nearly anything

1156

00:58:58,750 --> 00:58:54,950

you want when it comes to the early

1157

00:59:01,870 --> 00:58:58,760

history of UFOs in Britain and I mean

1158

00:59:03,280 --> 00:59:01,880

Gordon Creighton was the found sorry not

1159

00:59:05,559 --> 00:59:03,290

the founder he was the publisher of

1160

00:59:10,180 --> 00:59:05,569

flying saucer review for many many years

1161

00:59:12,700 --> 00:59:10,190

I met with him in 2001 I think it's the

1162

00:59:15,520 --> 00:59:12,710

first time when he passed away a couple

1163

00:59:19,030 --> 00:59:15,530

of years later I was the first to enter

1164

00:59:21,670 --> 00:59:19,040

his house and his son had told me that

1165

00:59:23,890 --> 00:59:21,680

do not go up to the second floor so I

1166

00:59:27,730 --> 00:59:23,900

went there of course the first time did

1167

00:59:30,220 --> 00:59:27,740

and we couldn't even open the door it

1168

00:59:33,130 --> 00:59:30,230

was a crammed with stuff we spent maybe

1169

00:59:35,500 --> 00:59:33,140

20 minutes trying to get in and we did

1170

00:59:38,109 --> 00:59:35,510

that the whole room was filled with

1171

00:59:42,490 --> 00:59:38,119

paperwork's with books with reports with

1172

00:59:45,250 --> 00:59:42,500

all stuff from 50 years so you follow

1173

00:59:47,980 --> 00:59:45,260

chief and you go for work and eventually

1174

00:59:50,410 --> 00:59:47,990

we found staircase we didn't see it

1175

00:59:53,319 --> 00:59:50,420

after an hour we found it because first

1176

00:59:55,569 --> 00:59:53,329

it was underneath books and we went up

1177

00:59:59,349 --> 00:59:55,579

towards another floor where we found a

1178

01:00:03,460 --> 00:59:59,359

library and eventually took us 10 years

1179

01:00:05,710 --> 01:00:03,470

to get all of this to Sweden because

1180

01:00:08,530 --> 01:00:05,720

they didn't want to part with it but I

1181

01:00:10,030 --> 01:00:08,540

went there 10 times talking to the guy

1182

01:00:13,660 --> 01:00:10,040

who too careless and

1183

01:00:17,350 --> 01:00:13,670

venturi said take it so now we have it

1184

01:00:19,450 --> 01:00:17,360

ordered and scanned some of it but we

1185

01:00:22,000 --> 01:00:19,460

are going to scan much more of it it's

1186

01:00:24,550 --> 01:00:22,010

hugely important or carry the finest

1187

01:00:27,790 --> 01:00:24,560

review was the most important magazine

1188

01:00:29,800 --> 01:00:27,800

for many many many years Wow and when

1189

01:00:32,170 --> 01:00:29,810

you scan these things are they do you

1190

01:00:35,350 --> 01:00:32,180

ever put them up on your website where

1191

01:00:38,320 --> 01:00:35,360

people can actually you know get to some

1192

01:00:42,400 --> 01:00:38,330

of this material well we have a server

1193

01:00:44,770 --> 01:00:42,410

where we put everything on it's not that

1194

01:00:47,130 --> 01:00:44,780

easy just to publish anything and

1195

01:00:49,960 --> 01:00:47,140

everything it's very personal it's

1196

01:00:52,690 --> 01:00:49,970

sometimes you must redact witnesses

1197

01:00:55,330 --> 01:00:52,700

names and things like that so even

1198

01:00:58,450 --> 01:00:55,340

though we have scanned all of the

1199

01:01:01,810 --> 01:00:58,460

British UFO research associations files

1200

01:01:05,140 --> 01:01:01,820

which I found during 20 years of travels

1201

01:01:08,170 --> 01:01:05,150

in maybe 25 or 30 different places

1202

01:01:12,150 --> 01:01:08,180

around Britain we scanned all of it and

1203

01:01:14,950 --> 01:01:12,160

gave it back in scan format too before

1204

01:01:17,170 --> 01:01:14,960

we cannot publish it because it's very

1205

01:01:18,970 --> 01:01:17,180

sensitive and they must make the

1206

01:01:21,550 --> 01:01:18,980

decision what they want to make public

1207

01:01:23,230 --> 01:01:21,560

in that way but we do make public all of

1208

01:01:26,710 --> 01:01:23,240

those magazines that we have cleared the

1209

01:01:29,260 --> 01:01:26,720

copyright issues for then you can go and

1210

01:01:32,320 --> 01:01:29,270

get them for free from a if you download

1211

01:01:33,900 --> 01:01:32,330

and we really we help people of course

1212

01:01:37,030 --> 01:01:33,910

if you're coming to us you can see

1213

01:01:39,310 --> 01:01:37,040

everything we have but the sensitive

1214

01:01:43,270 --> 01:01:39,320

material you may not be able to copy

1215

01:01:44,860 --> 01:01:43,280

everything you must we must delete names

1216

01:01:48,790 --> 01:01:44,870

if you're going to bring it with you

1217

01:01:50,800 --> 01:01:48,800

I see now about copyright that's one of

1218

01:01:52,690 --> 01:01:50,810

the things I thought of when I received

1219

01:01:56,650 --> 01:01:52,700

your book in the mail and I was looking

1220

01:01:59,350 --> 01:01:56,660

you know through it how difficult is it

1221

01:02:01,750 --> 01:01:59,360

to find out first of all if an image has

1222

01:02:04,200 --> 01:02:01,760

a copyright and then how do you get

1223

01:02:06,160 --> 01:02:04,210

around that if you want to publish it

1224

01:02:08,560 --> 01:02:06,170

yeah it's difficult

1225

01:02:11,470 --> 01:02:08,570

you really have to I mean there is a

1226

01:02:13,660 --> 01:02:11,480

many many many comes at the 50 year span

1227

01:02:15,820 --> 01:02:13,670

that you can you can make available

1228

01:02:18,670 --> 01:02:15,830

pictures that are more than 50 years

1229

01:02:21,700 --> 01:02:18,680

after the person who took it just passed

1230

01:02:22,510 --> 01:02:21,710

away when it comes to magazine is it's

1231

01:02:24,010 --> 01:02:22,520

much more easy

1232

01:02:26,800 --> 01:02:24,020

we can trace and we

1233

01:02:28,540 --> 01:02:26,810

help with a guy in in Britain who helps

1234

01:02:32,830 --> 01:02:28,550

us to trace people all around the world

1235

01:02:36,810 --> 01:02:32,840

that keep keeps copyrights but we must

1236

01:02:41,290 --> 01:02:36,820

really be thorough in this so we don't

1237

01:02:43,180 --> 01:02:41,300

step over a line and if some people say

1238

01:02:48,670 --> 01:02:43,190

that this picture you cannot publish me

1239

01:02:53,340 --> 01:02:48,680

of course we don't do it right right yes

1240

01:02:56,830 --> 01:02:53,350

I actually buy by error once I had a

1241

01:03:00,850 --> 01:02:56,840

billy meier picture and one of my logs

1242

01:03:03,430 --> 01:03:00,860

and I was contacted you know to take the

1243

01:03:06,340 --> 01:03:03,440

image down you know which is fine I'll

1244

01:03:09,030 --> 01:03:06,350

be glad to do that whenever my contact

1245

01:03:13,570 --> 01:03:09,040

with no problem at all but Wow

1246

01:03:15,580 --> 01:03:13,580

interesting and getting back to that you

1247

01:03:17,920 --> 01:03:15,590

know you talked about the we both were

1248

01:03:20,890 --> 01:03:17,930

talking about the enormous amount of

1249

01:03:23,620 --> 01:03:20,900

money those pictures brought do you

1250

01:03:26,080 --> 01:03:23,630

think that is going to set a trend for

1251

01:03:27,490 --> 01:03:26,090

people buying you know UFO pictures or

1252

01:03:30,760 --> 01:03:27,500

do you think that was a one-time thing

1253

01:03:36,990 --> 01:03:30,770

because of the picture being on that

1254

01:03:40,600 --> 01:03:37,000

poster I'm a little scared about this

1255

01:03:44,350 --> 01:03:40,610

could set some sort of the bottom line

1256

01:03:45,460 --> 01:03:44,360

for for our own but everything is really

1257

01:03:48,820 --> 01:03:45,470

worth something

1258

01:03:52,420 --> 01:03:48,830

and of course UFOs are not only for your

1259

01:03:55,150 --> 01:03:52,430

photo gist it's something that in its in

1260

01:03:58,780 --> 01:03:55,160

the public mind after so many sci-fi

1261

01:04:01,900 --> 01:03:58,790

movies and all the documentaries and or

1262

01:04:06,010 --> 01:04:01,910

x-files and all that stuff people are

1263

01:04:09,040 --> 01:04:06,020

ready to pay for it they are I mean we

1264

01:04:12,850 --> 01:04:09,050

have material worth millions of course

1265

01:04:14,830 --> 01:04:12,860

of you if we were going to sell it and I

1266

01:04:19,140 --> 01:04:14,840

really hope that it's not the case that

1267

01:04:21,910 --> 01:04:19,150

we must buy stuff for loads of money

1268

01:04:27,870 --> 01:04:21,920

there is of course a risk it is a risk

1269

01:04:32,110 --> 01:04:27,880

right right now getting back to what the

1270

01:04:34,060 --> 01:04:32,120

research that you do over there

1271

01:04:37,960 --> 01:04:34,070

can you talk about some of the case

1272

01:04:39,400 --> 01:04:37,970

files that have happened maybe since you

1273

01:04:44,370 --> 01:04:39,410

last been on the show anything

1274

01:04:49,740 --> 01:04:44,380

interesting yeah I mean we have this

1275

01:04:54,339 --> 01:04:49,750

case file from this a British policeman

1276

01:04:56,290 --> 01:04:54,349

Alan Godfrey he was from he was working

1277

01:05:01,089 --> 01:04:56,300

in Todmorden which is outside Manchester

1278

01:05:04,750 --> 01:05:01,099

north of Manchester in 1980 and his case

1279

01:05:08,170 --> 01:05:04,760

file also contains his uniform and we do

1280

01:05:11,349 --> 01:05:08,180

have his uniform his jacket that he may

1281

01:05:15,880 --> 01:05:11,359

have had honest on himself when he was

1282

01:05:18,640 --> 01:05:15,890

abducted on this craft he met on

1283

01:05:21,970 --> 01:05:18,650

November 28th he was out looking for

1284

01:05:25,480 --> 01:05:21,980

cows was a herd of cows that had been

1285

01:05:27,849 --> 01:05:25,490

vanishing from from from a farmer nearby

1286

01:05:29,650 --> 01:05:27,859

and he was out looking for them but

1287

01:05:32,620 --> 01:05:29,660

early in the morning it was I think

1288

01:05:35,950 --> 01:05:32,630

equal to 2 5 or something like that he

1289

01:05:39,900 --> 01:05:35,960

was travelling the oldest road outside

1290

01:05:43,420 --> 01:05:39,910

Todmorden when a huge craft suddenly

1291

01:05:46,750 --> 01:05:43,430

hanged in the air in front of his police

1292

01:05:48,550 --> 01:05:46,760

cars we stopped he didn't have any

1293

01:05:54,270 --> 01:05:48,560

camera with him so we stopped and just

1294

01:05:57,880 --> 01:05:54,280

looked at it it was like whirling it was

1295

01:06:00,520 --> 01:05:57,890

moving very swiftly so leaves and

1296

01:06:05,230 --> 01:06:00,530

branches were traveling around it like

1297

01:06:08,079 --> 01:06:05,240

in a world storm and he started to write

1298

01:06:10,450 --> 01:06:08,089

there to draw the object instead if they

1299

01:06:12,820 --> 01:06:10,460

took some paper and started to draw it

1300

01:06:17,410 --> 01:06:12,830

and someone it was a flash of light and

1301
01:06:20,650 --> 01:06:17,420
he felt himself being driving the car on

1302
01:06:23,980 --> 01:06:20,660
the other side of the object I mean the

1303
01:06:26,710 --> 01:06:23,990
second before he was standing sitting in

1304
01:06:29,800 --> 01:06:26,720
the car drawing and after that suddenly

1305
01:06:31,839 --> 01:06:29,810
he was driving again from the object and

1306
01:06:35,109 --> 01:06:31,849
he turned around he turned away vehicle

1307
01:06:39,130 --> 01:06:35,119
around and the object was gone but he

1308
01:06:42,000 --> 01:06:39,140
could see it was a pattern of a dry dry

1309
01:06:44,710 --> 01:06:42,010
area on the way on there on the road

1310
01:06:46,900 --> 01:06:44,720
because it had been raining but where

1311
01:06:50,050 --> 01:06:46,910
the object had been seen or scenario

1312
01:06:51,910 --> 01:06:50,060
that was really dry and after that he

1313
01:06:55,809 --> 01:06:51,920

had five

1314

01:06:58,480 --> 01:06:55,819

different hypnosis sessions and he told

1315

01:07:02,289 --> 01:06:58,490

the same story in every one of them and

1316

01:07:07,720 --> 01:07:02,299

he suddenly were taken out of the car on

1317

01:07:09,940 --> 01:07:07,730

board his ship meeting tall alien or

1318

01:07:12,880 --> 01:07:09,950

whatever it was he never said it was an

1319

01:07:15,190 --> 01:07:12,890

alien and some other guys there as well

1320

01:07:18,130 --> 01:07:15,200

and after that he didn't tell anymore he

1321

01:07:21,670 --> 01:07:18,140

couldn't go past that point he stopped

1322

01:07:24,130 --> 01:07:21,680

her every time and his police jacket we

1323

01:07:27,789 --> 01:07:24,140

have tell you a few we have his story

1324

01:07:31,599 --> 01:07:27,799

and this report wow that's a great one

1325

01:07:34,539 --> 01:07:31,609

and I do remember clearly that you said

1326

01:07:37,390 --> 01:07:34,549

the abduction thing is very very low in

1327

01:07:40,059 --> 01:07:37,400

Sweden that you get it was very rare

1328

01:07:41,500 --> 01:07:40,069

that you get any reports about that is

1329

01:07:46,299 --> 01:07:41,510

that about the same as it always was

1330

01:07:50,200 --> 01:07:46,309

besides of this story yeah it is it's

1331

01:07:52,950 --> 01:07:50,210

very very uncommon but that said just a

1332

01:07:55,779 --> 01:07:52,960

couple of months ago I met the guy who

1333

01:07:57,789 --> 01:07:55,789

regularly every night or every second

1334

01:07:58,440 --> 01:07:57,799

night and you can make of it whatever

1335

01:08:03,970 --> 01:07:58,450

you want

1336

01:08:07,749 --> 01:08:03,980

travels to other planets and it's a part

1337

01:08:11,920 --> 01:08:07,759

of this huge collection of entities that

1338

01:08:14,650 --> 01:08:11,930

are rolling the universe I mean it

1339

01:08:17,099 --> 01:08:14,660

sounds crazy but the guy is not crazy I

1340

01:08:21,700 --> 01:08:17,109

mean you've got the proper job and quite

1341

01:08:23,590 --> 01:08:21,710

an important job as well and he's really

1342

01:08:25,180 --> 01:08:23,600

really much like you and me when he

1343

01:08:28,329 --> 01:08:25,190

tells this story but his stories of

1344

01:08:31,539 --> 01:08:28,339

course so strange that is very very hot

1345

01:08:33,729 --> 01:08:31,549

or to believe and I know several other

1346

01:08:35,620 --> 01:08:33,739

people here in Sweden that tell us the

1347

01:08:40,180 --> 01:08:35,630

same kind of stories that they traveled

1348

01:08:42,370 --> 01:08:40,190

nighttime to different planets meet

1349

01:08:44,769 --> 01:08:42,380

entities and discuss things with them

1350

01:08:46,530 --> 01:08:44,779

and sometimes then bring bring stuff

1351

01:08:50,200 --> 01:08:46,540

back with them as well

1352

01:08:52,689 --> 01:08:50,210

so yeah what do you know I mean it's

1353

01:08:54,189 --> 01:08:52,699

very hard to investigate but there

1354

01:08:57,669 --> 01:08:54,199

countless stories you can find here as

1355

01:09:01,660 --> 01:08:57,679

well yeah well wow I'm actually

1356

01:09:03,879 --> 01:09:01,670

surprised after our other conversations

1357

01:09:05,329 --> 01:09:03,889

because I remember you told me I think

1358

01:09:08,689 --> 01:09:05,339

there was only a couple of cases

1359

01:09:11,180 --> 01:09:08,699

you were aware of and one of them was

1360

01:09:13,789 --> 01:09:11,190

actually really interesting where it was

1361

01:09:15,950 --> 01:09:13,799

actually a police officer as well

1362

01:09:19,070 --> 01:09:15,960

his wife was lifted off the bed or

1363

01:09:20,959 --> 01:09:19,080

something in front of him oh oh yeah it

1364

01:09:24,109 --> 01:09:20,969

was it was not the police officer but

1365

01:09:26,240 --> 01:09:24,119

that's right you're remembering right he

1366

01:09:29,089 --> 01:09:26,250

was in his bed and he was sleeping and

1367

01:09:30,829 --> 01:09:29,099

his wife was sleeping beside him and I

1368

01:09:35,839 --> 01:09:30,839

met with both of them in their in their

1369

01:09:40,700 --> 01:09:35,849

home and his wife told me that she was

1370

01:09:43,789 --> 01:09:40,710

always waking up as she had fell asleep

1371

01:09:47,510 --> 01:09:43,799

she was sleeping very very sound very

1372

01:09:52,579 --> 01:09:47,520

deep never woke up but this night she

1373

01:09:57,979 --> 01:09:52,589

woke and it was a greenish light in the

1374

01:10:01,310 --> 01:09:57,989

bedroom she was like hovering over the

1375

01:10:04,250 --> 01:10:01,320

bed in the fetus position with his with

1376

01:10:07,879 --> 01:10:04,260

her face down to the to the to the bed

1377

01:10:11,510 --> 01:10:07,889

and she saw her husband sleeping and she

1378

01:10:13,129 --> 01:10:11,520

was dragged out from the bed and she was

1379

01:10:15,979 --> 01:10:13,139

scared of course so she tried to shout

1380

01:10:18,500 --> 01:10:15,989

and wake up her husband but she she

1381

01:10:23,209 --> 01:10:18,510

couldn't shout so she instead grabbed

1382

01:10:26,479 --> 01:10:23,219

him by his arm and he tells me that he

1383

01:10:30,169 --> 01:10:26,489

awakes feeling this grabbing of his arm

1384

01:10:33,320 --> 01:10:30,179

and he sees his wife floating out from

1385

01:10:35,570 --> 01:10:33,330

the bed towards three entities very much

1386

01:10:38,060 --> 01:10:35,580

like the ones you see on with de

1387

01:10:41,089 --> 01:10:38,070

streamers communion cover that were

1388

01:10:44,330 --> 01:10:41,099

standing at the end of the bed and she

1389

01:10:47,720 --> 01:10:44,340

was drawn to them and he thought what

1390

01:10:49,399 --> 01:10:47,730

should I do and he did one thing very

1391

01:10:52,790 --> 01:10:49,409

strange of course he tried to kick them

1392

01:10:57,229 --> 01:10:52,800

so he when he did that he he tried to

1393

01:11:01,220 --> 01:10:57,239

kick them suddenly everything went dark

1394

01:11:04,490 --> 01:11:01,230

and he heard the pounds like somebody

1395

01:11:06,379 --> 01:11:04,500

falling and his wife Urfa course outside

1396

01:11:08,839 --> 01:11:06,389

the bed at that time and she found on

1397

01:11:11,629 --> 01:11:08,849

the floor and if you think that he

1398

01:11:14,330 --> 01:11:11,639

strange what is happening next is much

1399

01:11:17,200 --> 01:11:14,340

more strange to me because she she

1400

01:11:19,229 --> 01:11:17,210

crawls up into the bed and they were

1401

01:11:22,380 --> 01:11:19,239

talking to each other and she

1402

01:11:25,370 --> 01:11:22,390

what do you think that was a disaster I

1403

01:11:28,950 --> 01:11:25,380

have no idea and I fell asleep again

1404

01:11:30,990 --> 01:11:28,960

they fell asleep again and yeah that is

1405

01:11:33,270 --> 01:11:31,000

that is something I've heard on this

1406

01:11:35,790 --> 01:11:33,280

show a lot of times people have this

1407

01:11:38,690 --> 01:11:35,800

major thing happened a major sighting

1408

01:11:41,310 --> 01:11:38,700

and they go right to sleep

1409

01:11:43,290 --> 01:11:41,320

wait does it seem like it makes any

1410

01:11:46,680 --> 01:11:43,300

sense but straight to that the story

1411

01:11:48,959 --> 01:11:46,690

really yeah yeah it is that is bizarre

1412

01:11:54,360 --> 01:11:48,969

yeah that's that's that's really

1413

01:11:57,030 --> 01:11:54,370

something but as far as the abductions

1414

01:11:59,310 --> 01:11:57,040

go and or the experiences and stuff like

1415

01:12:03,330 --> 01:11:59,320

that generally speaking it's very low

1416

01:12:08,430 --> 01:12:03,340

you get very few reports yeah absolutely

1417

01:12:10,800 --> 01:12:08,440

out of are the 250 reports that you look

1418

01:12:12,540 --> 01:12:10,810

into our is there a portion that are

1419

01:12:16,290 --> 01:12:12,550

people claiming that they were also

1420

01:12:21,000 --> 01:12:16,300

abducted no not really

1421

01:12:23,820 --> 01:12:21,010

maybe what about anything entities I

1422

01:12:25,500 --> 01:12:23,830

mean they were very common in the 1970s

1423

01:12:27,510 --> 01:12:25,510

when I started I said John you follow

1424

01:12:30,540 --> 01:12:27,520

geez you could meet people that met

1425

01:12:34,709 --> 01:12:30,550

entities nowadays you can do that but

1426

01:12:36,959 --> 01:12:34,719

that's a very very very seldom we don't

1427

01:12:39,000 --> 01:12:36,969

get that kind of report very often maybe

1428

01:12:40,500 --> 01:12:39,010

once a year maybe every second year

1429

01:12:49,440 --> 01:12:40,510

something like that

1430

01:12:51,720 --> 01:12:49,450

I see hmm and as far as the reports are

1431

01:12:53,940 --> 01:12:51,730

are they a similar type of objects that

1432

01:12:56,580 --> 01:12:53,950

people are seeing you know I mean it

1433

01:12:58,020 --> 01:12:56,590

seems like there's a lot of triangle

1434

01:13:00,360 --> 01:12:58,030

UFOs a lot of people are talking about

1435

01:13:04,500 --> 01:13:00,370

them is that is that common over there

1436

01:13:07,650 --> 01:13:04,510

as well no triangle observations are

1437

01:13:09,530 --> 01:13:07,660

very very symptoms well here we do get a

1438

01:13:13,040 --> 01:13:09,540

few and we have been able to identify

1439

01:13:16,400 --> 01:13:13,050

and identify many of them as aircraft

1440

01:13:18,750 --> 01:13:16,410

but there are some very strange

1441

01:13:21,570 --> 01:13:18,760

triangular observations of course here

1442

01:13:23,550 --> 01:13:21,580

as well but most of them most of the

1443

01:13:28,110 --> 01:13:23,560

pictures we get most of the observations

1444

01:13:29,520 --> 01:13:28,120

we get or nighttime specks of light that

1445

01:13:32,930 --> 01:13:29,530

really really does

1446

01:13:35,520 --> 01:13:32,940

say nothing at all it's

1447

01:13:37,140 --> 01:13:35,530

they are not informative I should say I

1448

01:13:39,840 --> 01:13:37,150

mean you would think that people with

1449

01:13:42,570 --> 01:13:39,850

those mobile cameras would take loads of

1450

01:13:44,520 --> 01:13:42,580

very very good pictures now but they

1451

01:13:46,740 --> 01:13:44,530

don't yeah you don't have those

1452

01:13:50,970 --> 01:13:46,750

fantastic you know for pictures anymore

1453

01:13:52,760 --> 01:13:50,980

as you had in the 1950s when well the

1454

01:13:54,899 --> 01:13:52,770

contactees took pictures all the time

1455

01:13:56,790 --> 01:13:54,909

why do you suppose that is

1456

01:14:00,689 --> 01:13:56,800

I mean everyone has a cell phone on them

1457

01:14:04,320 --> 01:14:00,699

almost yeah yeah I mean here is weeded

1458

01:14:07,260 --> 01:14:04,330

everyone I mean it's hard to find anyone

1459

01:14:09,620 --> 01:14:07,270

who doesn't I mean it that tells me that

1460

01:14:13,649 --> 01:14:09,630

the really ruffles are very very scores

1461

01:14:17,939 --> 01:14:13,659

again and most of the things you'll see

1462

01:14:19,500 --> 01:14:17,949

can be explained it's hard to say that

1463

01:14:20,970 --> 01:14:19,510

because if you say that people think you

1464

01:14:24,240 --> 01:14:20,980

are a skeptic or something but I'm not a

1465

01:14:25,890 --> 01:14:24,250

skeptic and I'm skeptical in when it

1466

01:14:28,590 --> 01:14:25,900

comes to people's interpretations of

1467

01:14:30,959 --> 01:14:28,600

what they have seen but I am open to it

1468

01:14:34,260 --> 01:14:30,969

can be anything and everything and you

1469

01:14:37,560 --> 01:14:34,270

must be both both ways it's very

1470

01:14:41,790 --> 01:14:37,570

important so of course there are

1471

01:14:44,399 --> 01:14:41,800

pictures that are better but I still I'm

1472

01:14:47,459 --> 01:14:44,409

still waiting for the really good ones I

1473

01:14:49,860 --> 01:14:47,469

was at least here in Sweden yes yes I'm

1474

01:14:51,720 --> 01:14:49,870

I'm opening up the phone lines if anyone

1475

01:14:54,000 --> 01:14:51,730

would like to call in and ask our guest

1476

01:14:56,640 --> 01:14:54,010

a question and that number is eight five

1477

01:15:00,000 --> 01:14:56,650

five four seven two five four eight

1478

01:15:01,260 --> 01:15:00,010

three it's up on the YouTube screen you

1479

01:15:04,830 --> 01:15:01,270

can see that now if you'd like to call

1480

01:15:08,490 --> 01:15:04,840

in and yeah

1481

01:15:11,669 --> 01:15:08,500

it's it's really it's really quite

1482

01:15:15,060 --> 01:15:11,679

amazing when when you think about as far

1483

01:15:18,930 --> 01:15:15,070

as all the reports go well and how would

1484

01:15:21,240 --> 01:15:18,940

you I know you're very particular on how

1485

01:15:25,260 --> 01:15:21,250

you would report a UFO can you give

1486

01:15:27,660 --> 01:15:25,270

advice to maybe a listener out there who

1487

01:15:30,720 --> 01:15:27,670

may encounter in the future UFO what

1488

01:15:32,130 --> 01:15:30,730

they should do once they see one the

1489

01:15:35,370 --> 01:15:32,140

first thing you're sure do is to take a

1490

01:15:37,890 --> 01:15:35,380

picture not because so the picture may

1491

01:15:39,870 --> 01:15:37,900

be a great quality but because the

1492

01:15:43,200 --> 01:15:39,880

camera gives us the time of the

1493

01:15:47,580 --> 01:15:43,210

observation so whatever you see if it's

1494

01:15:51,030 --> 01:15:47,590

a speck of light far away take a picture

1495

01:15:54,810 --> 01:15:51,040

and after that we can of course check

1496

01:15:57,960 --> 01:15:54,820

what was in the air or in the sky at

1497

01:16:00,930 --> 01:15:57,970

that time and after that you should try

1498

01:16:02,700 --> 01:16:00,940

to record what you are seeing

1499

01:16:04,830 --> 01:16:02,710

maybe film it maybe talk to your

1500

01:16:08,520 --> 01:16:04,840

telephone if you have one or write it

1501
01:16:12,360 --> 01:16:08,530
down as soon as possible and if you're

1502
01:16:15,600 --> 01:16:12,370
in the familiar area try to see in which

1503
01:16:18,030 --> 01:16:15,610
direction you saw this most people don't

1504
01:16:19,710 --> 01:16:18,040
have a clue about north and south even

1505
01:16:22,860 --> 01:16:19,720
though if they are lived in an area for

1506
01:16:27,150 --> 01:16:22,870
many years they often mistake north and

1507
01:16:29,640 --> 01:16:27,160
south or east and west so it's very very

1508
01:16:33,210 --> 01:16:29,650
good to know where you are when it was

1509
01:16:35,760 --> 01:16:33,220
and what you thought you saw those three

1510
01:16:39,050 --> 01:16:35,770
things are the crucial questions you

1511
01:16:42,870 --> 01:16:39,060
always ask as a researcher afterwards

1512
01:16:45,620 --> 01:16:42,880
and I remember you talking about you and

1513
01:16:49,470 --> 01:16:45,630

your wife actually witnessed something

1514

01:16:51,690 --> 01:16:49,480

coming home one night so if someone is

1515

01:16:55,830 --> 01:16:51,700

if it's like a multiple witness

1516

01:16:57,330 --> 01:16:55,840

situation what would you explain to them

1517

01:16:58,670 --> 01:16:57,340

that you do a little bit different than

1518

01:17:01,230 --> 01:16:58,680

what you just said

1519

01:17:03,240 --> 01:17:01,240

yeah what we did at that time

1520

01:17:06,060 --> 01:17:03,250

was that we were not talking to each

1521

01:17:08,310 --> 01:17:06,070

other we were separating each other into

1522

01:17:11,280 --> 01:17:08,320

different rooms in our house was in the

1523

01:17:13,560 --> 01:17:11,290

middle of the night sat down with a form

1524

01:17:15,780 --> 01:17:13,570

that you have Sweden uses enemy new

1525

01:17:18,990 --> 01:17:15,790

phone and other groups have those report

1526

01:17:21,960 --> 01:17:19,000

forms as well and we all set all the

1527

01:17:25,020 --> 01:17:21,970

questions we make the drum made the

1528

01:17:27,840 --> 01:17:25,030

drawings and after that we compared

1529

01:17:29,940 --> 01:17:27,850

notes and talked so it's very important

1530

01:17:32,100 --> 01:17:29,950

when you're in a group not to let the

1531

01:17:36,060 --> 01:17:32,110

group leader because they're always the

1532

01:17:37,770 --> 01:17:36,070

leader in any group affect you and tell

1533

01:17:40,950 --> 01:17:37,780

you what you are seeing I've seen so

1534

01:17:46,160 --> 01:17:40,960

many so many UFO reports with groups

1535

01:17:49,080 --> 01:17:46,170

seeing things that are getting really

1536

01:17:51,930 --> 01:17:49,090

looking that everyone tells the same

1537

01:17:55,220 --> 01:17:51,940

story eventually and that is not the

1538

01:17:58,080 --> 01:17:55,230

case because people don't see or

1539

01:18:00,569 --> 01:17:58,090

remember things the same way that's the

1540

01:18:02,959 --> 01:18:00,579

other guy I do yeah

1541

01:18:05,250 --> 01:18:02,969

I think the most important takeaway that

1542

01:18:07,849 --> 01:18:05,260

anybody can get from this is you do

1543

01:18:10,939 --> 01:18:07,859

something right away as quick as you can

1544

01:18:14,369 --> 01:18:10,949

yeah and document it as much as you can

1545

01:18:17,819 --> 01:18:14,379

and if you don't have a cell phone look

1546

01:18:20,669 --> 01:18:17,829

at your watch and and time is essential

1547

01:18:24,349 --> 01:18:20,679

if we have a UFO report and we don't

1548

01:18:28,020 --> 01:18:24,359

know when it happened it can never be

1549

01:18:31,020 --> 01:18:28,030

the solution can never be a UFO

1550

01:18:33,629 --> 01:18:31,030

afterward that case can never be solved

1551

01:18:35,399 --> 01:18:33,639

and we can never say that it was a UFO

1552

01:18:39,089 --> 01:18:35,409

sighting even though it may have been a

1553

01:18:42,359 --> 01:18:39,099

fantastic sighting that's the roads we

1554

01:18:46,169 --> 01:18:42,369

have in UFO Sweden we need to have exact

1555

01:18:48,629 --> 01:18:46,179

time so we can check what kind of mr.

1556

01:18:52,349 --> 01:18:48,639

Fantasia it could have been if we cannot

1557

01:18:54,839 --> 01:18:52,359

check it we cannot call it a UFO there

1558

01:18:56,279 --> 01:18:54,849

was a recently there was Marseille I

1559

01:19:01,169 --> 01:18:56,289

don't know two or three weeks ago there

1560

01:19:04,409 --> 01:19:01,179

was a UFO video up on YouTube and look

1561

01:19:06,599 --> 01:19:04,419

darn good actually

1562

01:19:11,069 --> 01:19:06,609

I don't know I've never followed up on

1563

01:19:13,080 --> 01:19:11,079

it in the last few weeks but you know

1564

01:19:15,479 --> 01:19:13,090

the person that posted the video said

1565

01:19:18,109 --> 01:19:15,489

over a hundred witnesses and blah blah

1566

01:19:20,790 --> 01:19:18,119

blah and then you know showed this video

1567

01:19:23,790 --> 01:19:20,800

so I wrote in the comments below okay

1568

01:19:26,219 --> 01:19:23,800

well where are those hundred witnesses

1569

01:19:28,709 --> 01:19:26,229

and where are the other films up you

1570

01:19:30,719 --> 01:19:28,719

know I mean it's okay for someone to say

1571

01:19:33,599 --> 01:19:30,729

there's a hundred witnesses but if

1572

01:19:35,549 --> 01:19:33,609

that's all you got you know it's not

1573

01:19:38,459 --> 01:19:35,559

it's not much of a leg to stand on you

1574

01:19:41,819 --> 01:19:38,469

need more more documentation than just

1575

01:19:42,989 --> 01:19:41,829

putting it under the video so I mean to

1576

01:19:50,819 --> 01:19:42,999

me

1577

01:19:53,669 --> 01:19:50,829

your thumbs through but you entertain

1578

01:19:56,819 --> 01:19:53,679

other people I do believe that a lot of

1579

01:19:58,409 --> 01:19:56,829

people don't know what to do and when

1580

01:20:00,509 --> 01:19:58,419

they see something unusual they put it

1581

01:20:02,279 --> 01:20:00,519

on YouTube totally because they don't

1582

01:20:04,409 --> 01:20:02,289

know what to do all right

1583

01:20:07,919 --> 01:20:04,419

yeah I believe that is true but there is

1584

01:20:11,040 --> 01:20:07,929

the entertainment aspect and you know

1585

01:20:13,710 --> 01:20:11,050

the amount of views that the hoaxers get

1586

01:20:20,640 --> 01:20:17,280

I almost dare say criminal in a way you

1587

01:20:23,400 --> 01:20:20,650

know some of the CGA things that are out

1588

01:20:26,040 --> 01:20:23,410

there that look so good you know and

1589

01:20:28,620 --> 01:20:26,050

it's just a shame because it's very very

1590

01:20:32,370 --> 01:20:28,630

hard today to tell really what is bona

1591

01:20:35,670 --> 01:20:32,380

fide film or just a hoax yeah I mean we

1592

01:20:38,070 --> 01:20:35,680

have our experts in UEFA's Sweden that

1593

01:20:40,560 --> 01:20:38,080

are quite skilled but I mean it's very

1594

01:20:42,900 --> 01:20:40,570

very hard to tell the hoax if you have

1595

01:20:45,600 --> 01:20:42,910

filmed something real I mean if you have

1596

01:20:49,890 --> 01:20:45,610

thrown something up in the air which is

1597

01:20:50,430 --> 01:20:49,900

a real thing and film that I mean it's

1598

01:20:52,560 --> 01:20:50,440

real

1599

01:20:55,770 --> 01:20:52,570

you have to see how to tell what it

1600

01:20:58,740 --> 01:20:55,780

could be I mean it it comes down to

1601
01:21:01,440 --> 01:20:58,750
interview in the witness to meet in the

1602
01:21:04,530 --> 01:21:01,450
witness on the spot where this thing

1603
01:21:06,480 --> 01:21:04,540
happened and when we do that many times

1604
01:21:08,610 --> 01:21:06,490
we get the solution there because most

1605
01:21:10,980 --> 01:21:08,620
witnesses they they don't follow through

1606
01:21:13,530 --> 01:21:10,990
with with our hoax stories when we are

1607
01:21:17,400 --> 01:21:13,540
there trying to really get them to

1608
01:21:20,090 --> 01:21:17,410
explain they can't really get their

1609
01:21:23,310 --> 01:21:20,100
story through at that time mm-hmm

1610
01:21:25,320 --> 01:21:23,320
again the phone lines are open at eight

1611
01:21:30,020 --> 01:21:25,330
five five four seven two five four eight

1612
01:21:36,420 --> 01:21:30,030
three you know what do you think that

1613
01:21:38,940 --> 01:21:36,430

you would consider the all-out evidence

1614

01:21:43,860 --> 01:21:38,950

that someone could gather you know I

1615

01:21:46,980 --> 01:21:43,870

mean a crashed UFO I mean yeah you know

1616

01:21:48,240 --> 01:21:46,990

I mean that's it's a lot of the reason

1617

01:21:51,030 --> 01:21:48,250

why a lot of people won't take this

1618

01:21:53,070 --> 01:21:51,040

seriously is because you know it's it's

1619

01:21:55,500 --> 01:21:53,080

a fleet something fleeting you know we

1620

01:21:56,850 --> 01:21:55,510

and then we're gonna get to the point

1621

01:22:00,750 --> 01:21:56,860

where we're not gonna be able to believe

1622

01:22:03,870 --> 01:22:00,760

you know images or video any longer and

1623

01:22:06,480 --> 01:22:03,880

what do you do then you know I think we

1624

01:22:09,570 --> 01:22:06,490

haven't really gone forward we have been

1625

01:22:12,180 --> 01:22:09,580

going backwards because of the technique

1626
01:22:14,700 --> 01:22:12,190
the technicalities and the problems with

1627
01:22:17,900 --> 01:22:14,710
where the films are the hoaxing and what

1628
01:22:20,670 --> 01:22:17,910
you can do with your film camera today

1629
01:22:23,970 --> 01:22:20,680
so it comes down to that you must find

1630
01:22:25,560 --> 01:22:23,980
something and the piece of something

1631
01:22:29,729 --> 01:22:25,570
really

1632
01:22:33,149 --> 01:22:29,739
and from that see something completely

1633
01:22:35,280 --> 01:22:33,159
new we didn't know before because

1634
01:22:38,970 --> 01:22:35,290
witnesses are very very interested

1635
01:22:41,700 --> 01:22:38,980
interesting but they don't prove

1636
01:22:44,910 --> 01:22:41,710
anything else then that we have

1637
01:22:46,680 --> 01:22:44,920
something to investigate mmm and that we

1638
01:22:48,510 --> 01:22:46,690

know we don't have some really really

1639

01:22:50,640 --> 01:22:48,520

interesting things to investigate I mean

1640

01:22:53,520 --> 01:22:50,650

I met with three DS fire departments

1641

01:22:57,149 --> 01:22:53,530

where four try to chase those things in

1642

01:22:59,640 --> 01:22:57,159

this guy has seen them on radar and of

1643

01:23:03,569 --> 01:22:59,650

course we had their stories but we don't

1644

01:23:06,720 --> 01:23:03,579

have their radar recordings that is a

1645

01:23:11,310 --> 01:23:06,730

problem and we really need all those

1646

01:23:13,770 --> 01:23:11,320

pieces to get past UFOs just being very

1647

01:23:16,830 --> 01:23:13,780

very strange stories to be something

1648

01:23:20,010 --> 01:23:16,840

that science could really get their

1649

01:23:24,450 --> 01:23:20,020

hands on right you mentioned earlier

1650

01:23:26,609 --> 01:23:24,460

about TTS a and their meta materials or

1651

01:23:30,359 --> 01:23:26,619

whatever it is they think that they they

1652

01:23:32,669 --> 01:23:30,369

have their and I know there was this

1653

01:23:35,520 --> 01:23:32,679

situation with arts parts I don't know

1654

01:23:37,410 --> 01:23:35,530

if you ever heard of those art belt I

1655

01:23:40,800 --> 01:23:37,420

think Linda Moulton Howe had something

1656

01:23:43,830 --> 01:23:40,810

to do with that as well as these parts

1657

01:23:46,410 --> 01:23:43,840

are supposedly from a crashed saucer and

1658

01:23:49,140 --> 01:23:46,420

part of the material ended up being

1659

01:23:52,229 --> 01:23:49,150

radiator foil I don't know about the

1660

01:23:55,859 --> 01:23:52,239

rest of it and if that's what TTS a has

1661

01:24:00,990 --> 01:23:55,869

or they have more I don't really know

1662

01:24:04,770 --> 01:24:01,000

but well radiator forward is not very

1663

01:24:07,100 --> 01:24:04,780

strange is it yeah I mean but this was I

1664

01:24:09,930 --> 01:24:07,110

think in the 90s when art Bell got

1665

01:24:12,600 --> 01:24:09,940

received these things I'm not sure

1666

01:24:15,479 --> 01:24:12,610

exactly when but but it's pretty pretty

1667

01:24:17,370 --> 01:24:15,489

much you know that's pretty much

1668

01:24:20,700 --> 01:24:17,380

documented that's what part of that

1669

01:24:22,410 --> 01:24:20,710

stuff is and it was all found in one

1670

01:24:25,109 --> 01:24:22,420

area so maybe there's something else in

1671

01:24:30,209 --> 01:24:25,119

there that that's good has anyone ever

1672

01:24:31,649 --> 01:24:30,219

tried to give your organization anything

1673

01:24:34,530 --> 01:24:31,659

like that that they're saying had

1674

01:24:37,859 --> 01:24:34,540

something to do with the you know trace

1675

01:24:39,450 --> 01:24:37,869

evidence or craft sauce crash sauce or

1676

01:24:43,510 --> 01:24:39,460

anything like that

1677

01:24:48,310 --> 01:24:43,520

well we do have a couple of things tell

1678

01:24:51,370 --> 01:24:48,320

you a few that are are strangely sort of

1679

01:24:54,160 --> 01:24:51,380

strange-looking I should say one of them

1680

01:24:57,510 --> 01:24:54,170

are from the late 1950s it was a couple

1681

01:25:00,490 --> 01:24:57,520

of carpenters that were driving a car

1682

01:25:03,760 --> 01:25:00,500

outside stuck on northeast of Stockholm

1683

01:25:06,910 --> 01:25:03,770

when they saw this object coming down

1684

01:25:09,220 --> 01:25:06,920

from the sky and their car stalled

1685

01:25:12,640 --> 01:25:09,230

and they were standing there looking at

1686

01:25:15,340 --> 01:25:12,650

this orbit hanging in front of them and

1687

01:25:17,590 --> 01:25:15,350

suddenly the object went away and the

1688

01:25:20,350 --> 01:25:17,600

car started that the guys went out to

1689

01:25:23,380 --> 01:25:20,360

take a look at the spot where the object

1690

01:25:29,050 --> 01:25:23,390

had and being positioned and they found

1691

01:25:31,450 --> 01:25:29,060

this metal it's a tungsten metal and I

1692

01:25:33,730 --> 01:25:31,460

picked it up it was all hot it was the

1693

01:25:35,830 --> 01:25:33,740

middle of the night it was very very hot

1694

01:25:39,010 --> 01:25:35,840

so it really showed that something had

1695

01:25:41,110 --> 01:25:39,020

heated it and tungsten is not keeping

1696

01:25:45,660 --> 01:25:41,120

world's very very long so it should have

1697

01:25:48,580 --> 01:25:45,670

been cold and that has been analyzed

1698

01:25:53,710 --> 01:25:48,590

many many times in the US and in Europe

1699

01:25:56,530 --> 01:25:53,720

and I also put it through an analysis

1700

01:26:00,670 --> 01:25:56,540

here in Sweden and it showed to be a

1701

01:26:04,620 --> 01:26:00,680

very mundane object for certain stone

1702

01:26:07,630 --> 01:26:04,630

object but it was made with the same

1703

01:26:10,060 --> 01:26:07,640

problems which they had in the 1950s if

1704

01:26:13,930 --> 01:26:10,070

we study impurities in the metal that

1705

01:26:15,820 --> 01:26:13,940

were in the 1950s so it was not alien in

1706

01:26:17,500 --> 01:26:15,830

any any any way but it showed that

1707

01:26:20,740 --> 01:26:17,510

something had happened because the

1708

01:26:22,960 --> 01:26:20,750

warmth of it showed that the object had

1709

01:26:24,850 --> 01:26:22,970

had really been there something had been

1710

01:26:26,140 --> 01:26:24,860

there and stopped the car that's one of

1711

01:26:28,800 --> 01:26:26,150

the objects we have have another object

1712

01:26:32,580 --> 01:26:28,810

from the 1950s as well sorry from the

1713

01:26:35,320 --> 01:26:32,590

1930s as well that fell from the sky

1714

01:26:39,790 --> 01:26:35,330

from an object for seen in broad

1715

01:26:43,360 --> 01:26:39,800

daylight and that is not containing and

1716

01:26:46,900 --> 01:26:43,370

any strange metal or anything else as

1717

01:26:49,200 --> 01:26:46,910

well but the story is very strange it's

1718

01:26:52,570 --> 01:26:49,210

found from this glowing globe of light

1719

01:26:55,000 --> 01:26:52,580

that was picked up by the fire farmer

1720

01:26:57,550 --> 01:26:55,010

but that that's the only two objects we

1721

01:26:59,620 --> 01:26:57,560

do have to tell you a few Wow

1722

01:27:03,580 --> 01:26:59,630

wow that's amazing I mean you see a lot

1723

01:27:06,490 --> 01:27:03,590

of these UFOs that are dropping

1724

01:27:09,340 --> 01:27:06,500

something you know are dripping or

1725

01:27:11,290 --> 01:27:09,350

whatever you know that's really it

1726

01:27:13,930 --> 01:27:11,300

really is quite bizarre

1727

01:27:16,870 --> 01:27:13,940

sorry cholera our call screener didn't

1728

01:27:25,650 --> 01:27:16,880

pick you up please do please do try

1729

01:27:27,850 --> 01:27:25,660

calling back yeah I mean you hear about

1730

01:27:30,040 --> 01:27:27,860

like Charles halt

1731

01:27:32,620 --> 01:27:30,050

you know in Rendlesham forest said you

1732

01:27:36,490 --> 01:27:32,630

know he went and tried to figure out

1733

01:27:38,140 --> 01:27:36,500

what he saw that was dripping off of you

1734

01:27:40,720 --> 01:27:38,150

know the object if he saw bouncing

1735

01:27:44,400 --> 01:27:40,730

through the trees and they couldn't you

1736

01:27:49,930 --> 01:27:44,410

know couldn't really find anything so

1737

01:27:51,670 --> 01:27:49,940

anyway our caller did call back and we

1738

01:27:53,050 --> 01:27:51,680

have Steve on the line from Las Vegas

1739

01:27:57,300 --> 01:27:53,060

welcome to the show Steve you got a

1740

01:28:08,620 --> 01:28:04,330

Stevie you there says he's on air hello

1741

01:28:11,070 --> 01:28:08,630

Steve you there hmm

1742

01:28:15,010 --> 01:28:11,080

I don't hear him do you hear him class

1743

01:28:16,720 --> 01:28:15,020

nope no it's showing everything looks

1744

01:28:23,910 --> 01:28:16,730

good on this end I'm not sure what's

1745

01:28:26,320 --> 01:28:23,920

going on okay put it back on hold and

1746

01:28:31,960 --> 01:28:26,330

well I don't know if there's a problem

1747

01:28:35,220 --> 01:28:31,970

with this system I'll try it again Steve

1748

01:28:40,510 --> 01:28:38,650

looks like I can see the see that he's

1749

01:28:44,110 --> 01:28:40,520

talking but we are not hearing anything

1750

01:28:47,830 --> 01:28:44,120

on this end so it looks like we might

1751

01:28:55,900 --> 01:28:47,840

have an issue okay I'll try again okay

1752

01:28:58,300 --> 01:28:55,910

oh there you are Steve yes hi hello yes

1753

01:28:59,620 --> 01:28:58,310

I have a question um I work nights oh I

1754

01:29:01,810 --> 01:28:59,630

just kind of missed a little bit show

1755

01:29:04,570 --> 01:29:01,820

I'm not sure if you covered the topic on

1756

01:29:06,209 --> 01:29:04,580

the subject on my question but my

1757

01:29:08,820 --> 01:29:06,219

question to

1758

01:29:10,530 --> 01:29:08,830

you tsarism everything that's been

1759

01:29:12,979 --> 01:29:10,540

happening in the past few years two

1760

01:29:17,040 --> 01:29:12,989

years and you apology in the u.s.

1761

01:29:20,280 --> 01:29:17,050

started with the military offering new

1762

01:29:21,840 --> 01:29:20,290

guidelines to pilots and opening up a

1763

01:29:25,860 --> 01:29:21,850

little bit for the reports and then

1764

01:29:28,709 --> 01:29:25,870

comes as you know they're Nimitz

1765

01:29:30,860 --> 01:29:28,719

instant end and everything that's been

1766

01:29:34,260 --> 01:29:30,870

going on in the u.s. past couple years

1767

01:29:35,790 --> 01:29:34,270

would you go on that I mean why do

1768

01:29:38,370 --> 01:29:35,800

you why do you think the government's

1769

01:29:42,080 --> 01:29:38,380

opening it up and what do you think

1770

01:29:45,360 --> 01:29:42,090

your apology's going here in the US oh

1771

01:29:47,760 --> 01:29:45,370

thank you for the questions TV it's very

1772

01:29:49,650 --> 01:29:47,770

interesting a couple of years the last

1773

01:29:51,630 --> 01:29:49,660

couple of years of course because of

1774

01:29:54,600 --> 01:29:51,640

what's happened in the United States and

1775

01:29:56,430 --> 01:29:54,610

their films from those u.s. Navy pilots

1776

01:29:59,850 --> 01:29:56,440

or of course shown all over the world

1777

01:30:02,820 --> 01:29:59,860

and I think the most important thing

1778

01:30:05,040 --> 01:30:02,830

coming out of this is that this topic is

1779

01:30:09,930 --> 01:30:05,050

taking more and more serious as much so

1780

01:30:13,410 --> 01:30:09,940

many US TV shows now and Muse cost as

1781

01:30:16,709 --> 01:30:13,420

well that the anchors and all the people

1782

01:30:18,630 --> 01:30:16,719

involved are taking this serious now so

1783

01:30:21,840 --> 01:30:18,640

whatever comes from this it's really

1784

01:30:25,170 --> 01:30:21,850

done something good from that if you

1785

01:30:27,990 --> 01:30:25,180

ever gonna know what the Nimitz guys did

1786

01:30:30,630 --> 01:30:28,000

see I'm not sure I'm not sure that the

1787

01:30:33,540 --> 01:30:30,640

Navy knows either I think there is per

1788

01:30:35,670 --> 01:30:33,550

for us we are really and I hope that we

1789

01:30:39,570 --> 01:30:35,680

can get some more information out from

1790

01:30:42,000 --> 01:30:39,580

the Navy there their research I mean

1791

01:30:44,550 --> 01:30:42,010

they have done investigations into this

1792

01:30:46,680 --> 01:30:44,560

that we have not not seen yet and they

1793

01:30:49,050 --> 01:30:46,690

have said that they will not show but

1794

01:30:53,420 --> 01:30:49,060

hopefully someday they will show that

1795

01:30:58,500 --> 01:30:56,670

thank you so much I won't question do

1796

01:31:02,520 --> 01:30:58,510

you think disclosure could happen in the

1797

01:31:06,110 --> 01:31:02,530

u.s. in any way or around the world from

1798

01:31:10,860 --> 01:31:06,120

another country or any no it means

1799

01:31:13,170 --> 01:31:10,870

really I think that disclosure has

1800

01:31:16,110 --> 01:31:13,180

happened in in many countries already

1801
01:31:19,320 --> 01:31:16,120
because there are governments I mean

1802
01:31:20,100 --> 01:31:19,330
there are at least military that gone on

1803
01:31:22,740 --> 01:31:20,110
record

1804
01:31:25,110 --> 01:31:22,750
saying that there are things that they

1805
01:31:27,000 --> 01:31:25,120
don't know what it is but if you mean

1806
01:31:30,300 --> 01:31:27,010
that they're going to tell that we are

1807
01:31:32,160 --> 01:31:30,310
visited on we know what those UFOs are

1808
01:31:35,130 --> 01:31:32,170
I'm not sure because I don't show that

1809
01:31:38,340 --> 01:31:35,140
they know either I think they are as

1810
01:31:41,370 --> 01:31:38,350
baffled as we are so I'm not waiting for

1811
01:31:43,740 --> 01:31:41,380
any disclosure yet hopefully we will get

1812
01:31:47,010 --> 01:31:43,750
to know more from the governments I

1813
01:31:51,030 --> 01:31:47,020

think they know more than we but no no

1814

01:31:54,060 --> 01:31:51,040

the answer to the question all right

1815

01:31:55,680 --> 01:31:54,070

hey Steve thanks for the call oh thank

1816

01:31:57,540 --> 01:31:55,690

you thank you gentlemen very much a

1817

01:31:59,460 --> 01:31:57,550

thank you for both of your hard work in

1818

01:32:04,560 --> 01:31:59,470

you apology we appreciate it

1819

01:32:07,440 --> 01:32:04,570

hey thanks a lot as far as the Nimitz in

1820

01:32:10,140 --> 01:32:07,450

that whole case that that is that is

1821

01:32:12,960 --> 01:32:10,150

baffling I think that's probably or it

1822

01:32:16,800 --> 01:32:12,970

could be the one of the biggest cases

1823

01:32:19,130 --> 01:32:16,810

you know it definitely has been for many

1824

01:32:22,170 --> 01:32:19,140

many years one of the bigger cases

1825

01:32:24,900 --> 01:32:22,180

because of the witnesses the quality of

1826
01:32:26,820 --> 01:32:24,910
the witnesses the military involved and

1827
01:32:29,460 --> 01:32:26,830
all that and then the Navy actually

1828
01:32:31,950 --> 01:32:29,470
changing a few policies based around

1829
01:32:34,470 --> 01:32:31,960
that and there's one very interesting

1830
01:32:38,550 --> 01:32:34,480
thing within the Nimitz observations

1831
01:32:42,900 --> 01:32:38,560
that during those days all those

1832
01:32:45,150 --> 01:32:42,910
observations several witnesses were

1833
01:32:50,280 --> 01:32:45,160
telling about those objects coming down

1834
01:32:53,160 --> 01:32:50,290
very fast from very high twenty a thirty

1835
01:32:56,550 --> 01:32:53,170
thousand feet or something like two more

1836
01:32:58,770 --> 01:32:56,560
and coming down to the sea and maybe

1837
01:33:01,170 --> 01:32:58,780
going up again very fast and I've seen

1838
01:33:01,680 --> 01:33:01,180

the same here in Sweden when are you a

1839

01:33:05,730 --> 01:33:01,690

pilot

1840

01:33:08,850 --> 01:33:05,740

so in 1977 chased one of those objects

1841

01:33:11,060 --> 01:33:08,860

out in the Baltic area because he told

1842

01:33:13,740 --> 01:33:11,070

me that he when he approached the object

1843

01:33:16,500 --> 01:33:13,750

suddenly started to climb and he was

1844

01:33:19,940 --> 01:33:16,510

trying to get closer to it but he was

1845

01:33:24,720 --> 01:33:19,950

out flown by it and the object vanished

1846

01:33:27,810 --> 01:33:24,730

suddenly around well I think it was at

1847

01:33:30,300 --> 01:33:27,820

least 40,000 meters or something like

1848

01:33:32,280 --> 01:33:30,310

that he couldn't see it anymore on his

1849

01:33:34,100 --> 01:33:32,290

radar screen it was traveling right out

1850

01:33:36,740 --> 01:33:34,110

into space as it old

1851

01:33:39,020 --> 01:33:36,750

well the same thing you saw in the

1852

01:33:42,080 --> 01:33:39,030

Nimitz store is really the objects

1853

01:33:45,500 --> 01:33:42,090

moving like that like dropping and going

1854

01:33:48,020 --> 01:33:45,510

up very very fast do we have a as far as

1855

01:33:51,140 --> 01:33:48,030

you know I mean I don't know what

1856

01:33:54,290 --> 01:33:51,150

government or all governments have any

1857

01:33:56,810 --> 01:33:54,300

type of scanning you know satellites up

1858

01:33:58,970 --> 01:33:56,820

you know high high in the altitude where

1859

01:34:02,540 --> 01:33:58,980

you know if objects were coming in from

1860

01:34:05,000 --> 01:34:02,550

say you know out in the solar system

1861

01:34:07,070 --> 01:34:05,010

somewhere that we'd actually be able to

1862

01:34:10,540 --> 01:34:07,080

detect them it seems like they would we

1863

01:34:12,920 --> 01:34:10,550

would have that capability and if some

1864

01:34:15,620 --> 01:34:12,930

they're all satellites out there that

1865

01:34:19,160 --> 01:34:15,630

can see bow lights coming in from outer

1866

01:34:24,710 --> 01:34:19,170

space and going into the atmosphere I

1867

01:34:27,110 --> 01:34:24,720

mean large meteors that we we know that

1868

01:34:30,860 --> 01:34:27,120

and things start at our top is from time

1869

01:34:33,710 --> 01:34:30,870

to time and and the most many of the US

1870

01:34:37,100 --> 01:34:33,720

spy satellites can see things like that

1871

01:34:38,870 --> 01:34:37,110

as well so they could probably see other

1872

01:34:40,730 --> 01:34:38,880

orbits as well if they are coming in

1873

01:34:44,930 --> 01:34:40,740

from outside the atmosphere and and

1874

01:34:47,780 --> 01:34:44,940

going into into earth yeah I mean I'm

1875

01:34:49,730 --> 01:34:47,790

just wondering if there was any thing

1876

01:34:51,970 --> 01:34:49,740

like that happening during the Nimitz

1877

01:34:54,350 --> 01:34:51,980

Encounters if there was any type of

1878

01:34:56,540 --> 01:34:54,360

documentation you know because it would

1879

01:34:58,640 --> 01:34:56,550

seem like the Navy would have access to

1880

01:35:01,520 --> 01:34:58,650

that if they were really investigating

1881

01:35:03,980 --> 01:35:01,530

this well I think most of the American

1882

01:35:05,540 --> 01:35:03,990

spy satellites are not over the US

1883

01:35:07,940 --> 01:35:05,550

territory I mean say I'm looking for

1884

01:35:09,980 --> 01:35:07,950

something else now mister so yeah so the

1885

01:35:13,760 --> 01:35:09,990

best pictures are probably not there

1886

01:35:17,780 --> 01:35:13,770

they are over the North Korea Iran or

1887

01:35:21,470 --> 01:35:17,790

whatever right yeah I get that he's

1888

01:35:23,630 --> 01:35:21,480

probably right and as far as a the

1889

01:35:26,900 --> 01:35:23,640

Nimitz case in particular I know there

1890

01:35:29,840 --> 01:35:26,910

was this this guy that was you know

1891

01:35:32,480 --> 01:35:29,850

claiming to be in the Air Force

1892

01:35:37,040 --> 01:35:32,490

intelligence and saying that the Air

1893

01:35:39,280 --> 01:35:37,050

Force was actually trying to see what

1894

01:35:42,530 --> 01:35:39,290

the Navy would come up with with their

1895

01:35:43,910 --> 01:35:42,540

you know secret craft that drones or

1896

01:35:46,520 --> 01:35:43,920

whatever was there flying I don't know

1897

01:35:48,930 --> 01:35:46,530

if you followed any of that I didn't buy

1898

01:35:51,490 --> 01:35:48,940

it I don't know

1899

01:35:55,840 --> 01:35:51,500

what has happened in the last few weeks

1900

01:35:58,270 --> 01:35:55,850

as far as that whole thing goes but have

1901

01:36:00,700 --> 01:35:58,280

you heard anything about that he was

1902

01:36:03,850 --> 01:36:00,710

claiming the air these were I heard

1903

01:36:06,399 --> 01:36:03,860

about it but I'm a little skeptical

1904

01:36:08,050 --> 01:36:06,409

about that as well as you are but I

1905

01:36:11,229 --> 01:36:08,060

think it's interesting it that US Air

1906

01:36:13,350 --> 01:36:11,239

Force has not came up with new roads

1907

01:36:16,510 --> 01:36:13,360

just the u.s. Navy they have been quite

1908

01:36:18,760 --> 01:36:16,520

exactly that they doing something else I

1909

01:36:20,740 --> 01:36:18,770

mean I don't know why because you know

1910

01:36:23,350 --> 01:36:20,750

ser force should say something in this

1911

01:36:26,530 --> 01:36:23,360

as well you would think at least yeah I

1912

01:36:31,600 --> 01:36:26,540

mean they're the protectors of our skies

1913

01:36:34,290 --> 01:36:31,610

here yeah absolutely so I mean a two

1914

01:36:40,479 --> 01:36:34,300

different entities so of your army that

1915

01:36:42,729 --> 01:36:40,489

give quite mixed positions yeah yeah it

1916

01:36:45,459 --> 01:36:42,739

a lot of that doesn't make any sense and

1917

01:36:49,149 --> 01:36:45,469

like I said in the beginning it's almost

1918

01:36:54,669 --> 01:36:49,159

as baffling as the UFO topic you know in

1919

01:36:58,270 --> 01:36:54,679

general yeah but but it does seem it

1920

01:37:04,290 --> 01:36:58,280

does seem promising to me anyway yeah to

1921

01:37:09,129 --> 01:37:04,300

me as well absolutely yeah and as far as

1922

01:37:11,439 --> 01:37:09,139

when you do a talk and a lecture and you

1923

01:37:12,430 --> 01:37:11,449

have you know people ask questions at

1924

01:37:13,660 --> 01:37:12,440

the end I'm sure yet

1925

01:37:16,660 --> 01:37:13,670

that's probably what happens there I

1926

01:37:19,590 --> 01:37:16,670

would assume what do you say when

1927

01:37:21,580 --> 01:37:19,600

someone says well are they aliens or

1928

01:37:24,910 --> 01:37:21,590

something like that what do you say what

1929

01:37:27,189 --> 01:37:24,920

do you how do you answer that I'm

1930

01:37:29,950 --> 01:37:27,199

telling them that we don't know that I

1931

01:37:33,879 --> 01:37:29,960

mean we are so many reports or entities

1932

01:37:36,430 --> 01:37:33,889

other entities as well should look

1933

01:37:39,430 --> 01:37:36,440

through the history we've got so many

1934

01:37:42,939 --> 01:37:39,440

folklore entities that were taking for

1935

01:37:45,850 --> 01:37:42,949

granted just maybe 150 years back 100

1936

01:37:49,379 --> 01:37:45,860

years hundred years back they are more

1937

01:37:54,660 --> 01:37:49,389

if they were more reported than today's

1938

01:37:57,520 --> 01:37:54,670

aliens I don't really see any

1939

01:38:01,060 --> 01:37:57,530

distinction between the fault or

1940

01:38:01,569 --> 01:38:01,070

entities and the aliens I think we could

1941

01:38:06,459 --> 01:38:01,579

have

1942

01:38:09,939 --> 01:38:06,469

end it could be something to do with

1943

01:38:13,890 --> 01:38:09,949

with ourselves it could be some physical

1944

01:38:17,950 --> 01:38:13,900

part of it as well I mean I get today

1945

01:38:24,520 --> 01:38:17,960

reports of gnomes here in Sweden and

1946

01:38:27,010 --> 01:38:24,530

else really yeah and so they actually

1947

01:38:29,830 --> 01:38:27,020

call contact your organization for

1948

01:38:32,770 --> 01:38:29,840

something like that I mean I've written

1949

01:38:34,149 --> 01:38:32,780

so many books some people read my books

1950

01:38:37,229 --> 01:38:34,159

and I know what I'm interested in all of

1951

01:38:41,010 --> 01:38:37,239

this so they write to me and Heine

1952

01:38:43,810 --> 01:38:41,020

yes I get many many stories about

1953

01:38:46,180 --> 01:38:43,820

meetings with entities so different

1954

01:38:50,859 --> 01:38:46,190

kinds I mean I went to a church here in

1955

01:38:53,919 --> 01:38:50,869

Sweden and where people met Virgin Mary

1956

01:38:56,770 --> 01:38:53,929

and they had seen her for a couple of

1957

01:39:00,700 --> 01:38:56,780

days so I went there it was a Jewish

1958

01:39:02,560 --> 01:39:00,710

mass 2,000 people attending and suddenly

1959

01:39:05,140 --> 01:39:02,570

people started to see Virgin Mary

1960

01:39:07,510 --> 01:39:05,150

outside the window and they were taking

1961

01:39:09,760 --> 01:39:07,520

pictures and everyone were leaning out

1962

01:39:12,520 --> 01:39:09,770

trying to see her and I was there I

1963

01:39:14,290 --> 01:39:12,530

didn't see anything but afterwards

1964

01:39:17,049 --> 01:39:14,300

people were telling me what they have

1965

01:39:20,290 --> 01:39:17,059

seen and I really had seen something

1966

01:39:25,750 --> 01:39:20,300

that they thought were a real person the

1967

01:39:27,520 --> 01:39:25,760

Virgin so it's hard to tell when people

1968

01:39:30,549 --> 01:39:27,530

are telling you stories but really

1969

01:39:32,109 --> 01:39:30,559

happened Wow interesting looks like we

1970

01:39:34,419 --> 01:39:32,119

have a caller from your neck of the

1971

01:39:38,950 --> 01:39:34,429

woods Patrick Johnson from Sweden

1972

01:39:44,250 --> 01:39:38,960

welcome to the show Patrick thank you

1973

01:39:57,129 --> 01:39:49,810

Sweden yes can you hear me oh yes yeah

1974

01:40:02,740 --> 01:39:57,139

hey thanks for calling up yeah I was

1975

01:40:06,000 --> 01:40:02,750

about one year ago going outside a

1976

01:40:08,740 --> 01:40:06,010

sequence in Sweden south of Sweden and

1977

01:40:12,040 --> 01:40:08,750

yeah I was going out later tonight

1978

01:40:15,339 --> 01:40:12,050

absolutely and I remember I was sending

1979

01:40:20,530 --> 01:40:15,349

this info to Europe of freedom

1980

01:40:23,350 --> 01:40:20,540

plus one and it's what I is you know the

1981

01:40:26,080 --> 01:40:23,360

International Space Station and I could

1982

01:40:28,270 --> 01:40:26,090

see that when they're in there yeah

1983

01:40:33,240 --> 01:40:28,280

maybe you remember it because I don't

1984

01:40:37,870 --> 01:40:33,250

know that's all yeah you do yeah but but

1985

01:40:40,030 --> 01:40:37,880

the thing I thought was so so amazing it

1986

01:40:43,720 --> 01:40:40,040

was when it was disappearing

1987

01:40:47,589 --> 01:40:43,730

something came back and then I just saw

1988

01:40:51,100 --> 01:40:47,599

something a light gone back when the eye

1989

01:40:53,640 --> 01:40:51,110

is was vanishing from the sky

1990

01:40:59,379 --> 01:40:53,650

something came back and then it just

1991

01:41:04,629 --> 01:40:59,389

popped right up in the sky in in an

1992

01:41:08,350 --> 01:41:04,639

amazing speed it's one of the same for

1993

01:41:12,250 --> 01:41:08,360

the same track to Rebecca yes yeah yes

1994

01:41:15,490 --> 01:41:12,260

exactly exactly just like a behind it

1995

01:41:19,569 --> 01:41:15,500

actually so what the left a little bit

1996

01:41:20,290 --> 01:41:19,579

and it was so amazing now I did did call

1997

01:41:24,870 --> 01:41:20,300

it work

1998

01:41:28,240 --> 01:41:24,880

later tonight and I did call my brother

1999

01:41:30,490 --> 01:41:28,250

and woke him up and just ER I saw I saw

2000

01:41:32,439 --> 01:41:30,500

a UFO because you say you thought

2001

01:41:35,439 --> 01:41:32,449

because I couldn't it was a flying

2002

01:41:38,680 --> 01:41:35,449

saucer I couldn't say that because it

2003

01:41:44,319 --> 01:41:38,690

was an identical flying objects and it

2004

01:41:46,680 --> 01:41:44,329

was amazing again and I I know those

2005

01:41:51,609 --> 01:41:46,690

kind of strange things because since

2006

01:41:54,280 --> 01:41:51,619

2001 I have driven a site called the

2007

01:42:00,430 --> 01:41:54,290

spoke weapon or called ghost webbing

2008

01:42:06,970 --> 01:42:00,440

English investigate activities so I

2009

01:42:13,149 --> 01:42:06,980

estatua things in 2001 and I have a

2010

01:42:16,959 --> 01:42:13,159

thing captured in videos so I know I saw

2011

01:42:18,819 --> 01:42:16,969

this and it was amazing what you're

2012

01:42:20,439 --> 01:42:18,829

telling me is very interesting I mean

2013

01:42:21,879 --> 01:42:20,449

it's very hard to tell of course what it

2014

01:42:25,209 --> 01:42:21,889

could have been but I mean now you

2015

01:42:26,649 --> 01:42:25,219

understand that you really remember this

2016

01:42:28,660 --> 01:42:26,659

because it was so strange

2017

01:42:33,340 --> 01:42:28,670

yeah

2018

01:42:35,590 --> 01:42:33,350

this story I appreciate it I I have to

2019

01:42:35,590 --> 01:42:35,600

tell

2020

01:42:41,979 --> 01:42:38,640

I actually I thought I was seeing the

2021

01:42:45,160 --> 01:42:41,989

International Space Station - one night

2022

01:42:46,630 --> 01:42:45,170

I was out several years ago I lived on a

2023

01:42:51,100 --> 01:42:46,640

golf course

2024

01:42:52,900 --> 01:42:51,110

night and I was looking up I was walking

2025

01:42:54,669 --> 01:42:52,910

the dog and I was looking up and I saw I

2026

01:42:57,550 --> 01:42:54,679

said that has to be the International

2027

01:43:00,820 --> 01:42:57,560

Space Station it's so big and you know

2028

01:43:03,280 --> 01:43:00,830

the lights very bright it was a very

2029

01:43:06,820 --> 01:43:03,290

bright but but all of a sudden it moved

2030

01:43:08,860 --> 01:43:06,830

sideways and then I said no I can't have

2031

01:43:09,490 --> 01:43:08,870

another UFO meeting no one will take me

2032

01:43:12,490 --> 01:43:09,500

seriously

2033

01:43:15,120 --> 01:43:12,500

so I don't know what it was it might

2034

01:43:18,490 --> 01:43:15,130

have been atmospheric or something but

2035

01:43:21,640 --> 01:43:18,500

anyway that was a that was interesting I

2036

01:43:23,740 --> 01:43:21,650

don't really know what it was but it's

2037

01:43:26,770 --> 01:43:23,750

very hard to tell what the lights in

2038

01:43:28,110 --> 01:43:26,780

this guy could be insiders attack yeah

2039

01:43:33,220 --> 01:43:28,120

it isn't

2040

01:43:35,800 --> 01:43:33,230

patro thank you thank you for you yeah

2041

01:43:42,520 --> 01:43:35,810

thank you very much and have a nice day

2042

01:43:43,930 --> 01:43:42,530

yeah yeah yeah yeah thank you very much

2043

01:43:53,140 --> 01:43:43,940

it's time for you to bed it's two

2044

01:43:56,290 --> 01:43:53,150

o'clock in the morning all right we have

2045

01:43:59,140 --> 01:43:56,300

about seven minutes or so left so if

2046

01:44:01,000 --> 01:43:59,150

anyone wants to give a ring you can do

2047

01:44:04,870 --> 01:44:01,010

so otherwise I'm taking down the number

2048

01:44:08,770 --> 01:44:04,880

four pretty soon here so what's next on

2049

01:44:14,140 --> 01:44:08,780

the on your agenda you say right up okay

2050

01:44:16,060 --> 01:44:14,150

gear must have something planned I'm

2051

01:44:19,150 --> 01:44:16,070

writing a book about things that fall

2052

01:44:23,169 --> 01:44:19,160

from the sky right now it would be

2053

01:44:25,720 --> 01:44:23,179

published in September so I mean it

2054

01:44:29,560 --> 01:44:25,730

could be anity it could be meteorites it

2055

01:44:32,169 --> 01:44:29,570

couldn't be a frogs fish it could be

2056

01:44:34,540 --> 01:44:32,179

radiation from the Sun things that

2057

01:44:36,729 --> 01:44:34,550

affect human beings and the Earth's that

2058

01:44:39,370 --> 01:44:36,739

sounds nice falls from the sky 8:14

2059

01:44:42,370 --> 01:44:39,380

stuff and I think you'd be very

2060

01:44:46,450 --> 01:44:42,380

interesting read that's my main topic

2061

01:44:48,010 --> 01:44:46,460

but also your for Sweden is 50 years in

2062

01:44:51,040 --> 01:44:48,020

April Wow

2063

01:44:56,040 --> 01:44:51,050

which we will have three-day conference

2064

01:44:59,760 --> 01:44:56,050

and exhibition with Chris all back with

2065

01:45:03,850 --> 01:44:59,770

the big guy who knows everything about

2066

01:45:06,850 --> 01:45:03,860

UFOs before 1947

2067

01:45:10,060 --> 01:45:06,860

he will be giving a talk and also Dave

2068

01:45:13,450 --> 01:45:10,070

Clark who was the British yeah professor

2069

01:45:16,720 --> 01:45:13,460

who saved the files from destruction

2070

01:45:19,270 --> 01:45:16,730

when it comes to the British defense UFO

2071

01:45:21,220 --> 01:45:19,280

FILES so both of them will be here in

2072

01:45:24,490 --> 01:45:21,230

Sweden giving talks and we will open a

2073

01:45:26,500 --> 01:45:24,500

few for everyone to visit as well so

2074

01:45:29,200 --> 01:45:26,510

that is also a very big thing for us and

2075

01:45:32,310 --> 01:45:29,210

going to Britain again to save some more

2076

01:45:34,840 --> 01:45:32,320

stuff in April

2077

01:45:38,530 --> 01:45:34,850

what type of storage base do you have

2078

01:45:41,740 --> 01:45:38,540

there you must have a lot you know we

2079

01:45:45,100 --> 01:45:41,750

have a bob record with the publisher

2080

01:45:47,350 --> 01:45:45,110

what's the publisher of 14 times we live

2081

01:45:50,500 --> 01:45:47,360

is in his house in the north of London

2082

01:45:53,410 --> 01:45:50,510

and his basement is a storage place for

2083

01:45:57,940 --> 01:45:53,420

everything bring there and after that we

2084

01:46:00,520 --> 01:45:57,950

send it by our lorry to Sweden so I see

2085

01:46:06,010 --> 01:46:00,530

that's the that's the plan this time

2086

01:46:09,160 --> 01:46:06,020

again Wow well interesting and and so if

2087

01:46:12,550 --> 01:46:09,170

if someone actually had something they

2088

01:46:15,790 --> 01:46:12,560

wanted to donate to you they could reach

2089

01:46:17,800 --> 01:46:15,800

out to you basically and what do you

2090

01:46:22,890 --> 01:46:17,810

tell them as far as you know how these

2091

01:46:27,010 --> 01:46:22,900

things are cared for we are very very

2092

01:46:29,770 --> 01:46:27,020

skilled we're taking care of of material

2093

01:46:36,480 --> 01:46:29,780

the people sense to us we have done this

2094

01:46:42,000 --> 01:46:36,490

since 1973 and we are they are very very

2095

01:46:45,310 --> 01:46:42,010

you can say we don't throw anything away

2096

01:46:48,880 --> 01:46:45,320

everything is saved and if something is

2097

01:46:50,830 --> 01:46:48,890

broken we mend it so if anyone wants to

2098

01:46:54,670 --> 01:46:50,840

get in contact with a a few you have all

2099

01:46:56,080 --> 01:46:54,680

the contacts under a few dr. C and we

2100

01:46:59,020 --> 01:46:56,090

also need of course donation

2101
01:47:02,020 --> 01:46:59,030
for more money to keep us running - to

2102
01:47:05,110 --> 01:47:02,030
help you out there to get information

2103
01:47:06,340 --> 01:47:05,120
from us that is the most important thing

2104
01:47:08,530 --> 01:47:06,350
right now we're looking for a new

2105
01:47:12,310 --> 01:47:08,540
locality to move to so we can have one

2106
01:47:15,340 --> 01:47:12,320
roof over everything we have instead of

2107
01:47:17,770 --> 01:47:15,350
14 different localities and if we can do

2108
01:47:21,190 --> 01:47:17,780
that we would have a museum there as

2109
01:47:23,250 --> 01:47:21,200
well and be more efficient in scanning

2110
01:47:26,890 --> 01:47:23,260
and more efficient in helping people

2111
01:47:29,170 --> 01:47:26,900
yeah when you scan I mean scanning it

2112
01:47:33,250 --> 01:47:29,180
just takes so long doesn't it so much

2113
01:47:35,080 --> 01:47:33,260

time it does at one point we had several

2114

01:47:36,970 --> 01:47:35,090

people doing the scan is right now we

2115

01:47:39,970 --> 01:47:36,980

only have one or I should say two

2116

01:47:42,100 --> 01:47:39,980

because one of our board members is

2117

01:47:47,230 --> 01:47:42,110

doing a huge scanning project at his

2118

01:47:49,990 --> 01:47:47,240

house as well but two people are good

2119

01:47:52,050 --> 01:47:50,000

that it should be ten people yeah

2120

01:47:54,550 --> 01:47:52,060

because we are scan maybe three percent

2121

01:47:57,670 --> 01:47:54,560

of everything we have we have millions

2122

01:48:00,790 --> 01:47:57,680

of things that we want to scan but we

2123

01:48:02,490 --> 01:48:00,800

haven't had time to do well millions of

2124

01:48:07,300 --> 01:48:02,500

things see ya

2125

01:48:10,120 --> 01:48:07,310

Wow excellent well so we are right at

2126
01:48:12,490 --> 01:48:10,130
the end of our show and I want to thank

2127
01:48:14,560 --> 01:48:12,500
you so much class as as always it's

2128
01:48:17,440 --> 01:48:14,570
always a lot of fun to speak with you

2129
01:48:18,910 --> 01:48:17,450
and I know you stayed up really late and

2130
01:48:19,720 --> 01:48:18,920
I wanted to let you know I really do

2131
01:48:22,570 --> 01:48:19,730
appreciate that

2132
01:48:25,090 --> 01:48:22,580
oh it's not the problem I'm glad to be

2133
01:48:27,520 --> 01:48:25,100
on your show and it's pressure really

2134
01:48:29,620 --> 01:48:27,530
yeah you're one of the people I consider

2135
01:48:34,390 --> 01:48:29,630
a friend that I've you know have met

2136
01:48:36,310 --> 01:48:34,400
through this crazy topic absolutely the

2137
01:48:39,820 --> 01:48:36,320
very same tell you about it yes already

2138
01:48:41,890 --> 01:48:39,830

say all right you take care take care as

2139

01:48:44,050 --> 01:48:41,900

well all right luck with your show all

2140

01:48:46,690 --> 01:48:44,060

right thanks a lot okay good night

2141

01:48:50,340 --> 01:48:46,700

alright everyone so that is it for our

2142

01:48:53,890 --> 01:48:50,350

show this evening next week we have a

2143

01:48:56,320 --> 01:48:53,900

Chris O'Brien is gonna be back with us

2144

01:48:58,810 --> 01:48:56,330

so that should he's always a character

2145

01:49:00,580 --> 01:48:58,820

should be a lot of fun so tune in next

2146

01:49:02,200 --> 01:49:00,590

week for that and again I want to thank

2147

01:49:04,930 --> 01:49:02,210

everyone that helps out with the show

2148

01:49:08,560 --> 01:49:04,940

and remember anyone can support the show

2149

01:49:09,520 --> 01:49:08,570

go over to podcast UFO comm all that

2150

01:49:12,610 --> 01:49:09,530

informations

2151

01:49:15,460 --> 01:49:12,620

there and our t-shirts are for sale also

2152

01:49:19,210 --> 01:49:15,470

so t-shirts and all types of things with

2153

01:49:22,960 --> 01:49:19,220

the nice graphic that Diane Cash made

2154

01:49:26,380 --> 01:49:22,970

for us with the podcast UFO logo on it

2155

01:49:29,800 --> 01:49:26,390

so anyway check that out and again we'll

2156

01:49:32,010 --> 01:49:29,810

be back next week and remember to keep
