1
00:00:36,880 --> 00:00:12,940

[Music]

2
00:00:39,670 --> 00:00:36,890

hello and welcome to the show I'm Martin

3
00:00:42,310 --> 00:00:39,680

will usher host and we have I think an

4
00:00:44,950 --> 00:00:42,320

exciting show tonight and it's mostly to

5
00:00:46,630 --> 00:00:44,960

do with Canada but not all Canada and

6
00:00:49,420 --> 00:00:46,640

you'll understand that in just one

7
00:00:51,670 --> 00:00:49,430

second here and a few minutes I have a

8
00:00:55,090 --> 00:00:51,680

friend of the show and personal friend

9
00:00:58,630 --> 00:00:55,100

Jordan Bonaparte UFO investigator of

10
00:01:02,310 --> 00:00:58,640

today then that's Chris witkowski he's

11
00:01:04,990 --> 00:01:02,320

coming on at 25 minutes into the show I

12
00:01:07,930 --> 00:01:05,000

want to thank everyone that supports the

13
00:01:10,420 --> 00:01:07,940

show and I also want to thank every

14

00:01:12,639 --> 00:01:10,430

listener I don't do that enough there

15

00:01:14,440 --> 00:01:12,649

are all different types of ways to

16

00:01:18,639 --> 00:01:14,450

listen you can catch us live on YouTube

17

00:01:21,130 --> 00:01:18,649

or live on kgr a radio plus there's a

18

00:01:23,260 --> 00:01:21,140

lot of other platforms as our podcast of

19

00:01:26,170 --> 00:01:23,270

course which you can get on your media

20

00:01:28,920 --> 00:01:26,180

player and every Thursday night we're

21

00:01:31,450 --> 00:01:28,930

over at the Dark Matter digital network

22

00:01:34,000 --> 00:01:31,460

I'm not sure exactly what time it is on

23

00:01:36,670 --> 00:01:34,010

Thursday but there is a schedule so

24

00:01:40,810 --> 00:01:36,680

check that out over there some at some

25

00:01:44,140 --> 00:01:40,820

point and a few days ago the anchor to

26
00:01:46,480 --> 00:01:44,150
the show the anchor show that is on the

27
00:01:49,539 --> 00:01:46,490
network and that's art bells old

28
00:01:52,300 --> 00:01:49,549
show midnight in the desert they got a

29
00:01:55,330 --> 00:01:52,310
new host and his name is Tim Weisberg

30
00:01:57,490 --> 00:01:55,340
nice guy and so you can check out the

31
00:01:59,140 --> 00:01:57,500
shows anyone can actually watch or

32
00:02:01,450 --> 00:01:59,150
listen to the shows I should say over

33
00:02:03,370 --> 00:02:01,460
there at the Dark Matter digital network

34
00:02:05,859 --> 00:02:03,380
midnight in the desert that's every

35
00:02:08,229 --> 00:02:05,869
night and that is on Eastern Time it's

36
00:02:12,160 --> 00:02:08,239
midnight to the wee hours in the morning

37
00:02:13,900 --> 00:02:12,170
or at Pacific time it's 9:00 p.m. so

38
00:02:17,860 --> 00:02:13,910

check that over at the Dark Matter

39

00:02:20,500 --> 00:02:17,870

digital network and for right now all

40

00:02:23,650 --> 00:02:20,510

that being said I would like to

41

00:02:27,240 --> 00:02:23,660

introduce that get I mean that new host

42

00:02:31,930 --> 00:02:27,250

Tim welcome to the show surprise guest

43

00:02:34,030 --> 00:02:31,940

thanks for having me yeah this early or

44

00:02:36,310 --> 00:02:34,040

not have to wait till midnight yes you

45

00:02:37,390 --> 00:02:36,320

are you know you're not in Canada I said

46

00:02:38,740 --> 00:02:37,400

this is a candidate show

47

00:02:42,250 --> 00:02:38,750

you know you're close enough you're in

48

00:02:44,440 --> 00:02:42,260

Massachusetts and yeah yeah so you have

49

00:02:46,270 --> 00:02:44,450

to you have to stay up late to do the

50

00:02:47,949 --> 00:02:46,280

show I that would I don't know if I

51
00:02:52,180 --> 00:02:47,959
could do that to be honest to deal those

52
00:02:54,009 --> 00:02:52,190
hours are and and what time do you I

53
00:02:56,380 --> 00:02:54,019
guess you have to reset your whole life

54
00:02:57,640 --> 00:02:56,390
but you get to bed at what 4:00 in the

55
00:03:00,399 --> 00:02:57,650
morning or something like that

56
00:03:02,530 --> 00:03:00,409
yeah I try to go to bed I leave my day

57
00:03:05,770 --> 00:03:02,540
job around you know a little bit after

58
00:03:07,990 --> 00:03:05,780
this go home take a nap wake up do the

59
00:03:10,119 --> 00:03:08,000
show then go and take like another like

60
00:03:13,150 --> 00:03:10,129
3 or 4 hour nap get up go to work you

61
00:03:14,680 --> 00:03:13,160
know and we it's working out so far but

62
00:03:16,900 --> 00:03:14,690
we're only in a week - talk to me in a

63
00:03:18,970 --> 00:03:16,910

couple of months yeah

64

00:03:21,369 --> 00:03:18,980

I've been a subscriber all the way back

65

00:03:23,410 --> 00:03:21,379

when art bell first came back I think it

66

00:03:25,809 --> 00:03:23,420

was 2015 or something like that but our

67

00:03:29,050 --> 00:03:25,819

show I do believe is the longest-running

68

00:03:31,030 --> 00:03:29,060

show I because of Keith over there

69

00:03:33,550 --> 00:03:31,040

he helped me go live for the very first

70

00:03:35,500 --> 00:03:33,560

time and I've been live ever since and I

71

00:03:38,110 --> 00:03:35,510

think that was 2013 we've been running

72

00:03:39,699 --> 00:03:38,120

on that Network and we get quite a few

73

00:03:42,670 --> 00:03:39,709

listeners there in Thursday at night

74

00:03:44,800 --> 00:03:42,680

even though it's a rerun so so it's a

75

00:03:48,220 --> 00:03:44,810

it's it's well done and you have Michele

76

00:03:50,589 --> 00:03:48,230

helping you getting guests and I know

77

00:03:52,750 --> 00:03:50,599

you have a good week coming up but

78

00:03:56,199 --> 00:03:52,760

before we get into that I want to

79

00:03:59,680 --> 00:03:56,209

quickly say that I just listened this

80

00:04:03,369 --> 00:03:59,690

evening for the show on the episode you

81

00:04:05,110 --> 00:04:03,379

did about the coronavirus and I know it

82

00:04:08,140 --> 00:04:05,120

has absolutely nothing to do with UFOs

83

00:04:10,390 --> 00:04:08,150

and not really paranormal but there is

84

00:04:14,080 --> 00:04:10,400

so much hype about it and the the

85

00:04:16,060 --> 00:04:14,090

guessed you had dialect die what was her

86

00:04:18,310 --> 00:04:16,070

name barrier Quaker

87

00:04:20,469 --> 00:04:18,320

yeah she was very good and you know you

88

00:04:22,540 --> 00:04:20,479

kind of put a lot of things to bed for

89

00:04:26,650 --> 00:04:22,550

instance a lot more people died from the

90

00:04:28,659 --> 00:04:26,660

flu then and it just does not make any

91

00:04:31,150 --> 00:04:28,669

news and there's so much hype about this

92

00:04:32,950 --> 00:04:31,160

you know people are wearing masks

93

00:04:35,290 --> 00:04:32,960

everywhere I went in to know I'm up in

94

00:04:38,020 --> 00:04:35,300

Maine and I went into physical therapy

95

00:04:40,270 --> 00:04:38,030

today and at the office they said have

96

00:04:42,580 --> 00:04:40,280

you been exposed to anyone with a corona

97

00:04:45,700 --> 00:04:42,590

virus I mean it's really it's really

98

00:04:48,070 --> 00:04:45,710

overblown and so I was glad you you did

99

00:04:50,050 --> 00:04:48,080

an episode about that yeah I mean I

100

00:04:51,279 --> 00:04:50,060

guess abundance of caution is the the

101
00:04:54,339 --> 00:04:51,289
freights youth

102
00:04:56,499 --> 00:04:54,349
but in actuality it's the people who are

103
00:04:58,089 --> 00:04:56,509
dying from this it's not healthy average

104
00:04:59,739 --> 00:04:58,099
people it's people that are at the

105
00:05:02,019 --> 00:04:59,749
extremes very young people very old

106
00:05:03,730 --> 00:05:02,029
people and always when that happens you

107
00:05:05,769 --> 00:05:03,740
you tend to get the hype and the horror

108
00:05:07,389 --> 00:05:05,779
stories that come out because the media

109
00:05:08,859 --> 00:05:07,399
likes a sensationalized thing so we

110
00:05:12,279 --> 00:05:08,869
tried to kind of peel back some of that

111
00:05:13,929 --> 00:05:12,289
and get into not only the truth of this

112
00:05:17,679 --> 00:05:13,939
virus but just the way that they cover

113
00:05:19,809 --> 00:05:17,689

viruses in general yeah yeah so you are

114

00:05:21,639 --> 00:05:19,819

doing shows on all different types of

115

00:05:23,980 --> 00:05:21,649

subjects like that has always been

116

00:05:27,549 --> 00:05:23,990

covered there I'm starting with art

117

00:05:28,779 --> 00:05:27,559

bells shows but can you give the our

118

00:05:31,869 --> 00:05:28,789

listener here a little bit of your

119

00:05:35,350 --> 00:05:31,879

background and how you were able to fill

120

00:05:39,070 --> 00:05:35,360

art bells seat well I don't know about

121

00:05:40,989 --> 00:05:39,080

that but we started doing my original

122

00:05:43,179 --> 00:05:40,999

radio show which is now in its 14th year

123

00:05:45,879 --> 00:05:43,189

is spooky south coast we started that in

124

00:05:48,249 --> 00:05:45,889

2006 and that was something where you

125

00:05:49,839 --> 00:05:48,259

know we didn't expect to get a big

126
00:05:52,059 --> 00:05:49,849
audience we thought it'd just be a local

127
00:05:53,949 --> 00:05:52,069
regional show but then we started

128
00:05:55,929 --> 00:05:53,959
podcasting and that made all the

129
00:05:57,459 --> 00:05:55,939
difference in the world and then when

130
00:05:59,290 --> 00:05:57,469
the did Dark Matter digital network

131
00:06:01,420 --> 00:05:59,300
started up Keith reached out and wanted

132
00:06:03,249 --> 00:06:01,430
to carry the show he said that he and

133
00:06:04,899 --> 00:06:03,259
art felt like it was something that kind

134
00:06:07,239 --> 00:06:04,909
of fit the mold of what art was doing

135
00:06:09,489 --> 00:06:07,249
and so we've been on there ever since

136
00:06:11,139 --> 00:06:09,499
then and then when Dave Schrader took

137
00:06:12,969 --> 00:06:11,149
over in Midnight in the desert and he

138
00:06:14,439 --> 00:06:12,979

needed to have some fill in hosts I was

139

00:06:16,299 --> 00:06:14,449

one of the people lucky enough to get

140

00:06:18,249 --> 00:06:16,309

that opportunity and then I kind of just

141

00:06:20,799 --> 00:06:18,259

became I guess the you know the Jay Leno

142

00:06:23,139 --> 00:06:20,809

to his Johnny Carson where I was usually

143

00:06:24,759 --> 00:06:23,149

the guy that they called first and more

144

00:06:26,290 --> 00:06:24,769

often than not I could do it and then it

145

00:06:28,239 --> 00:06:26,300

just made sense with his schedule now

146

00:06:30,129 --> 00:06:28,249

with holds her file going into a season

147

00:06:32,139 --> 00:06:30,139

two and everything

148

00:06:33,459 --> 00:06:32,149

excuse me everything on his plate it

149

00:06:34,389 --> 00:06:33,469

just made sense for me to kind of step

150

00:06:36,609 --> 00:06:34,399

into the big chair

151
00:06:37,829 --> 00:06:36,619
awesome well if you ever need a fill-in

152
00:06:40,509 --> 00:06:37,839
I'd be glad to do that

153
00:06:43,779 --> 00:06:40,519
hey we'll keep you on the look all right

154
00:06:45,100 --> 00:06:43,789
I did I did promise Dave I would oh

155
00:06:47,709 --> 00:06:45,110
absolutely

156
00:06:50,199 --> 00:06:47,719
yeah Dave is awesome Dave does such a

157
00:06:52,269 --> 00:06:50,209
great show but he is such a busy guy

158
00:06:53,409 --> 00:06:52,279
plus doesn't he have like ten kids or

159
00:06:56,230 --> 00:06:53,419
something like that and he has a lot of

160
00:06:59,199 --> 00:06:56,240
children like that and now if kids are

161
00:07:03,040 --> 00:06:59,209
having kids ovn and he just got a dog so

162
00:07:04,930 --> 00:07:03,050
good luck with that yeah no no he's he

163
00:07:08,590 --> 00:07:04,940

he's he doesn't he doesn't want to

164

00:07:11,230 --> 00:07:08,600

will drop and but anyway I'm really glad

165

00:07:14,020 --> 00:07:11,240

that you you were able to come on and

166

00:07:15,610 --> 00:07:14,030

just introduce yourself I wish you all

167

00:07:17,770 --> 00:07:15,620

the luck I hope it goes really well for

168

00:07:20,140 --> 00:07:17,780

you over there and and just enjoy

169

00:07:22,750 --> 00:07:20,150

yourself because you're gonna have some

170

00:07:25,000 --> 00:07:22,760

great guests as always there all right

171

00:07:26,290 --> 00:07:25,010

all about if I have some fun late at

172

00:07:28,240 --> 00:07:26,300

night that's what it's all about that's

173

00:07:31,450 --> 00:07:28,250

right yeah now it's time for you to go

174

00:07:33,420 --> 00:07:31,460

get a nap if you can thank you so much

175

00:07:37,210 --> 00:07:33,430

for having me all right you take care

176

00:07:40,990 --> 00:07:37,220

all right all right our next guests we

177

00:07:42,610 --> 00:07:41,000

have Jordan and Jordan is there he is

178

00:07:45,520 --> 00:07:42,620

hey Jordan

179

00:07:46,690 --> 00:07:45,530

how are you man yeah yeah thanks for

180

00:07:48,100 --> 00:07:46,700

being on hey what happened to your

181

00:07:51,370 --> 00:07:48,110

microphone setup you're using your

182

00:07:52,750 --> 00:07:51,380

iPhone stuff here oh and it's the kids

183

00:07:55,060 --> 00:07:52,760

are upstairs screaming and if I have a

184

00:07:57,670 --> 00:07:55,070

good enough mic you're gonna hear gosh

185

00:07:59,500 --> 00:07:57,680

knows what so I figure this is like kind

186

00:08:00,850 --> 00:07:59,510

of the security against that I got it

187

00:08:03,040 --> 00:08:00,860

you're hiding in the basement or

188

00:08:07,030 --> 00:08:03,050

something like that yeah

189

00:08:11,409 --> 00:08:07,040

so you are up in the Halifax Nova Scotia

190

00:08:12,610 --> 00:08:11,419

not we we met over at shag harbour how

191

00:08:14,890 --> 00:08:12,620

many year I don't even want to think how

192

00:08:16,360 --> 00:08:14,900

many years ago that was now yeah I don't

193

00:08:18,100 --> 00:08:16,370

like thinking the time passing that was

194

00:08:21,040 --> 00:08:18,110

like that was two or three years ago

195

00:08:21,940 --> 00:08:21,050

although it feels like two months ago if

196

00:08:24,370 --> 00:08:21,950

that yeah

197

00:08:26,140 --> 00:08:24,380

but it's yeah it was a time goes by fast

198

00:08:28,390 --> 00:08:26,150

I've been to some of the other festivals

199

00:08:29,650 --> 00:08:28,400

there since then they share harbour got

200

00:08:32,620 --> 00:08:29,660

their own coins since you were last

201

00:08:35,860 --> 00:08:32,630

there that's right and and are they

202

00:08:39,010 --> 00:08:35,870

doing that event every year now yeah and

203

00:08:40,810 --> 00:08:39,020

I'm I met with Chris Stiles who's the

204

00:08:43,120 --> 00:08:40,820

urologist has kind of take on a lot of

205

00:08:44,590 --> 00:08:43,130

the planning he claims that this year is

206

00:08:46,900 --> 00:08:44,600

gonna be bigger than bed bigger and

207

00:08:48,700 --> 00:08:46,910

better than ever so it's still a while

208

00:08:49,780 --> 00:08:48,710

away another I guess ten months from now

209

00:08:50,890 --> 00:08:49,790

or eight months from now so I'm sure

210

00:08:52,600 --> 00:08:50,900

you'll hear about it hopefully he'll

211

00:08:54,700 --> 00:08:52,610

find a way to get you up there again

212

00:08:58,750 --> 00:08:54,710

well I'll tell you I did something I

213

00:09:01,630 --> 00:08:58,760

will never ever do again is I drove from

214

00:09:05,890 --> 00:09:01,640

Maine from my house all the way up

215

00:09:08,470 --> 00:09:05,900

around the arm of Nova Scotia yeah you

216

00:09:11,140 --> 00:09:08,480

know stopped in worst in Freedman lift

217

00:09:14,650 --> 00:09:11,150

and and then just drove all the way

218

00:09:16,690 --> 00:09:14,660

around I think it was two days of

219

00:09:18,100 --> 00:09:16,700

driving or something ridiculous when I

220

00:09:18,680 --> 00:09:18,110

could have just taken the ferry and just

221

00:09:21,350 --> 00:09:18,690

popped right

222

00:09:23,360 --> 00:09:21,360

yeah exactly then you lost your credit

223

00:09:25,670 --> 00:09:23,370

card alone that's right that was a lot

224

00:09:27,769 --> 00:09:25,680

of fun a dog bit me my own dog bit me

225

00:09:30,650 --> 00:09:27,779

your walk here in the UFO festival

226

00:09:33,079 --> 00:09:30,660

asking for handouts yes we had that I

227

00:09:36,050 --> 00:09:33,089

had the little basket and yeah the

228

00:09:39,290 --> 00:09:36,060

sunglass I tried but yeah yeah

229

00:09:41,960 --> 00:09:39,300

so hey up thanks for for joining us and

230

00:09:43,970 --> 00:09:41,970

I we're on for I don't know another 15

231

00:09:47,300 --> 00:09:43,980

minutes or so and I asked you if you

232

00:09:49,910 --> 00:09:47,310

could look up a little bit of UFO news

233

00:09:52,999 --> 00:09:49,920

what's going on so what did you find

234

00:09:54,860 --> 00:09:53,009

well I got a few things some that lean a

235

00:09:57,679 --> 00:09:54,870

bit more towards the controversial and

236

00:10:00,889 --> 00:09:57,689

some that lead more towards the topic of

237

00:10:03,110 --> 00:10:00,899

disclosure so I think maybe we'll start

238

00:10:05,269 --> 00:10:03,120

with that and there there's been an

239

00:10:07,939 --> 00:10:05,279

announcement that the Ministry of

240

00:10:10,460 --> 00:10:07,949

Defence in the UK has announced that

241

00:10:11,749 --> 00:10:10,470

they're going to release basically what

242

00:10:14,809 --> 00:10:11,759

they're what they're referring to as

243

00:10:17,150 --> 00:10:14,819

their secret UFO FILES and it sounds

244

00:10:20,240 --> 00:10:17,160

like anyone who's done a lot of kind of

245

00:10:22,759 --> 00:10:20,250

research into Canadian UFO history

246

00:10:24,740 --> 00:10:22,769

basically the Canadian government has a

247

00:10:27,530 --> 00:10:24,750

section of their website where they

248

00:10:30,530 --> 00:10:27,540

store all of the UFO files or any

249

00:10:32,600 --> 00:10:30,540

reports related to UFOs basically wide

250

00:10:34,100 --> 00:10:32,610

open for public consumption I can't

251

00:10:36,650 --> 00:10:34,110

think of the web address but if you

252

00:10:38,059 --> 00:10:36,660

search like Canada government UFO you'll

253

00:10:40,040 --> 00:10:38,069

find the division of the Canadian

254

00:10:42,079 --> 00:10:40,050

government's website that shares that it

255

00:10:44,210 --> 00:10:42,089

sounds like the Ministry of Defence in

256

00:10:46,670 --> 00:10:44,220

the UK is going to do something similar

257

00:10:49,220 --> 00:10:46,680

which was basically creating a portal on

258

00:10:51,019 --> 00:10:49,230

the government website to you know

259

00:10:53,449 --> 00:10:51,029

release I guess whatever they're able to

260

00:10:55,460 --> 00:10:53,459

but by the sounds of what they've said

261

00:10:59,170 --> 00:10:55,470

so far it's gonna - it's gonna be an

262

00:11:03,139 --> 00:10:59,180

abundance of documents spanning 1950 to

263

00:11:04,819 --> 00:11:03,149

2009 so I think you know the people who

264

00:11:07,429 --> 00:11:04,829

are watching the skies are going to have

265

00:11:09,290 --> 00:11:07,439

a lot of watching the computer screen

266

00:11:11,960 --> 00:11:09,300

and flipping through PDFs for a while

267

00:11:15,499 --> 00:11:11,970

but since I just find like what I like

268

00:11:17,240 --> 00:11:15,509

about something like this is for one as

269

00:11:18,439 --> 00:11:17,250

it gets the topic in the news because it

270

00:11:21,259 --> 00:11:18,449

gives something really interesting to

271

00:11:23,840 --> 00:11:21,269

talk about but also it just kind of adds

272

00:11:25,999 --> 00:11:23,850

to the acceptance of the phenomenon -

273

00:11:29,480 --> 00:11:26,009

here the government even in a

274

00:11:31,280 --> 00:11:29,490

tongue-in-cheek way tackling the topic

275

00:11:32,450 --> 00:11:31,290

and releasing the data so I think it's

276

00:11:35,270 --> 00:11:32,460

great news and

277

00:11:38,750 --> 00:11:35,280

and stuff that's right and just another

278

00:11:41,540 --> 00:11:38,760

thing moving things along as it seems

279

00:11:43,730 --> 00:11:41,550

huh yeah and it's you know that's been

280

00:11:47,360 --> 00:11:43,740

like since I started kind of following

281

00:11:49,340 --> 00:11:47,370

the UFO world the idea of disclosure and

282

00:11:50,930 --> 00:11:49,350

the government finally admitting you

283

00:11:53,000 --> 00:11:50,940

know what's been going on and the secret

284

00:11:55,340 --> 00:11:53,010

they've been hiding it's it's just been

285

00:11:57,410 --> 00:11:55,350

you know slowly it's been inching along

286

00:12:00,290 --> 00:11:57,420

but I feel like in the last year or two

287

00:12:02,090 --> 00:12:00,300

things have really been moving the you

288

00:12:04,940 --> 00:12:02,100

know the American government has said a

289

00:12:07,940 --> 00:12:04,950

whole lot of stuff that you know x-files

290

00:12:10,310 --> 00:12:07,950

kind of predicted they would I guess but

291

00:12:11,960 --> 00:12:10,320

it's a the American government has said

292

00:12:13,970 --> 00:12:11,970

a lot the Canadian government has never

293

00:12:16,190 --> 00:12:13,980

been that secretive about it and their

294

00:12:18,890 --> 00:12:16,200

interest in it but I think what else is

295

00:12:21,350 --> 00:12:18,900

interesting is lately is you're seeing a

296

00:12:23,750 --> 00:12:21,360

lot of private researchers really

297

00:12:25,820 --> 00:12:23,760

opening the doors to their work so of

298

00:12:29,150 --> 00:12:25,830

course when Stanton Friedman passed

299

00:12:31,850 --> 00:12:29,160

rest in peace stanton a wealth of UFO

300

00:12:33,440 --> 00:12:31,860

documents were released and I don't know

301
00:12:34,610 --> 00:12:33,450
if he gave it to a university but I

302
00:12:37,760 --> 00:12:34,620
believe the plan is they're going to

303
00:12:39,820 --> 00:12:37,770
organize it and allow access to it in I

304
00:12:42,740 --> 00:12:39,830
don't know if many kind of UFO

305
00:12:44,410 --> 00:12:42,750
researchers of yesteryears have done

306
00:12:47,090 --> 00:12:44,420
things like that have really like

307
00:12:49,040 --> 00:12:47,100
publicly shared their life's work

308
00:12:51,620 --> 00:12:49,050
basically and I I think that's just

309
00:12:54,410 --> 00:12:51,630
another step and uncovering what the

310
00:12:57,890 --> 00:12:54,420
heck is going on up there interesting I

311
00:13:00,320 --> 00:12:57,900
know I think somebody did that with with

312
00:13:01,760 --> 00:13:00,330
photographs and I don't want to get the

313
00:13:03,860 --> 00:13:01,770

name wrong so I'm not gonna bring it up

314

00:13:09,140 --> 00:13:03,870

but I think they gave their like legacy

315

00:13:12,620 --> 00:13:09,150

a big photograph collection over to I

316

00:13:14,510 --> 00:13:12,630

think open minds may have had had

317

00:13:16,700 --> 00:13:14,520

purchased that or something I'm not

318

00:13:19,280 --> 00:13:16,710

really sure exactly what happened yeah I

319

00:13:21,440 --> 00:13:19,290

what I like with like say what Stanton's

320

00:13:23,570 --> 00:13:21,450

done is it's not even just a selection

321

00:13:25,580 --> 00:13:23,580

of his work or his research it's

322

00:13:27,710 --> 00:13:25,590

basically the way I understand it is

323

00:13:30,680 --> 00:13:27,720

it's like a truckload of documents in

324

00:13:33,140 --> 00:13:30,690

books in hard drives with data of

325

00:13:34,760 --> 00:13:33,150

god-knows-what and it's just like I

326

00:13:36,170 --> 00:13:34,770

would love to be the person who was in

327

00:13:38,120 --> 00:13:36,180

charge of going through that like I

328

00:13:39,860 --> 00:13:38,130

guess the archivist who goes through and

329

00:13:41,720 --> 00:13:39,870

organizes that because I'm sure there's

330

00:13:43,760 --> 00:13:41,730

some really interesting things in there

331

00:13:44,390 --> 00:13:43,770

that even Stanton probably forgot he

332

00:13:47,090 --> 00:13:44,400

uncovered

333

00:13:47,750 --> 00:13:47,100

you know the 60s or something sure yeah

334

00:13:50,240 --> 00:13:47,760

I know

335

00:13:52,910 --> 00:13:50,250

Dave Marlar who's gonna be on the show

336

00:13:54,920 --> 00:13:52,920

coming up in a couple weeks has quite a

337

00:13:59,000 --> 00:13:54,930

library going in the States you know

338

00:14:03,020 --> 00:13:59,010

down in the Albuquerque area so he he is

339

00:14:04,340 --> 00:14:03,030

really you know conserving a lot of

340

00:14:07,670 --> 00:14:04,350

files and they're eventually going to go

341

00:14:10,160 --> 00:14:07,680

to a university there so yeah and I love

342

00:14:12,350 --> 00:14:10,170

when universities get things because you

343

00:14:13,630 --> 00:14:12,360

know one thing it's gonna be extremely

344

00:14:16,130 --> 00:14:13,640

well taken care of

345

00:14:18,020 --> 00:14:16,140

exactly and you know it's students

346

00:14:19,910 --> 00:14:18,030

curious minds are gonna have an access

347

00:14:21,680 --> 00:14:19,920

to that stuff open to everyone

348

00:14:23,240 --> 00:14:21,690

mm-hmm exactly we won't steal his

349

00:14:25,910 --> 00:14:23,250

thunder he's gonna talk about it but

350

00:14:27,530 --> 00:14:25,920

this topic is absolutely perfect for

351

00:14:29,990 --> 00:14:27,540

your guests Chris rutkowski because

352

00:14:33,920 --> 00:14:30,000

anyone who goes on google and searches

353

00:14:35,750 --> 00:14:33,930

UFOs you're in the last three four weeks

354

00:14:39,260 --> 00:14:35,760

or so you're gonna find articles about

355

00:14:41,390 --> 00:14:39,270

him opening the doors of his you know in

356

00:14:44,800 --> 00:14:41,400

Canada he's the guy people call him the

357

00:14:47,960 --> 00:14:44,810

Canadian UFO guy and even that is

358

00:14:50,120 --> 00:14:47,970

understating it like he him opening the

359

00:14:53,690 --> 00:14:50,130

doors to his collection and sharing it

360

00:14:55,670 --> 00:14:53,700

is I can't even express how amazing that

361

00:14:58,130 --> 00:14:55,680

is for people who are interested in this

362

00:15:01,880 --> 00:14:58,140

topic yeah speaking of that we do have a

363

00:15:04,310 --> 00:15:01,890

blog that's in the show notes that has

364

00:15:05,900 --> 00:15:04,320

to do all with that collection then I'm

365

00:15:08,120 --> 00:15:05,910

going to be talking to Chris about we

366

00:15:09,860 --> 00:15:08,130

also have a new blog up these blogs are

367

00:15:12,380 --> 00:15:09,870

written by Charles Lear who writes for

368

00:15:14,600 --> 00:15:12,390

the show we have another blog called

369

00:15:16,870 --> 00:15:14,610

UFOs over Canada it's kind of a broad

370

00:15:20,660 --> 00:15:16,880

brushstrokes of a number of different

371

00:15:22,520 --> 00:15:20,670

UFO incidents in Canada the you know all

372

00:15:24,290 --> 00:15:22,530

the good famous ones Falcon Lake and all

373

00:15:26,210 --> 00:15:24,300

that who is writing that

374

00:15:28,850 --> 00:15:26,220

oh that's Charles Lee or he writes for

375

00:15:31,460 --> 00:15:28,860

the show okay once a week but we put out

376

00:15:33,200 --> 00:15:31,470

a blog okay and that's okay I thought it

377

00:15:36,080 --> 00:15:33,210

was like an ongoing blog that's like one

378

00:15:38,360 --> 00:15:36,090

post is about the Canada UFO events cool

379

00:15:40,130 --> 00:15:38,370

yeah yeah we have some real interesting

380

00:15:42,130 --> 00:15:40,140

ones they I'm sure Chris is gonna get

381

00:15:44,360 --> 00:15:42,140

into it but people who watch your show

382

00:15:46,070 --> 00:15:44,370

internationally outside of Canada they

383

00:15:49,760 --> 00:15:46,080

probably don't know about the Falcon

384

00:15:51,970 --> 00:15:49,770

Lake UFO event in that's Chris is kind

385

00:15:56,000 --> 00:15:51,980

of the guy and telling that story and

386

00:15:58,170 --> 00:15:56,010

that story and his work and maintaining

387

00:15:59,910 --> 00:15:58,180

the legacy of that story is

388

00:16:02,160 --> 00:15:59,920

to blow your listeners minds and he gets

389

00:16:03,480 --> 00:16:02,170

into it yeah yeah I want to do want to I

390

00:16:07,050 --> 00:16:03,490

want to get into that because that's

391

00:16:09,000 --> 00:16:07,060

another fascinating one you know I I'm

392

00:16:11,519 --> 00:16:09,010

gonna also mention that I think someone

393

00:16:14,550 --> 00:16:11,529

has wrote me awhile back saying that was

394

00:16:17,040 --> 00:16:14,560

all a hoax and I just want to hear what

395

00:16:18,780 --> 00:16:17,050

what his thoughts are on that as well

396

00:16:22,290 --> 00:16:18,790

yeah I'm sure he'll have a lot to say

397

00:16:25,019 --> 00:16:22,300

about that yeah yeah so you said earlier

398

00:16:26,699 --> 00:16:25,029

you you had a did I hear you say

399

00:16:27,269 --> 00:16:26,709

something about some dirt or something

400

00:16:28,800 --> 00:16:27,279

like that

401

00:16:31,769 --> 00:16:28,810

well not dude I said it's just a

402

00:16:34,290 --> 00:16:31,779

controversial topic and it's like I'm

403

00:16:36,150 --> 00:16:34,300

sure if we even bring this up people in

404

00:16:38,040 --> 00:16:36,160

the comments are probably gonna tell me

405

00:16:40,530 --> 00:16:38,050

to go back to Canada or you know some

406

00:16:42,420 --> 00:16:40,540

awful thing like that but it's I'm sure

407

00:16:44,280 --> 00:16:42,430

I'm sure you're aware of this but

408

00:16:47,610 --> 00:16:44,290

there's been a lot of drama surrounding

409

00:16:50,670 --> 00:16:47,620

the man behind this YouTube channel

410

00:16:52,800 --> 00:16:50,680

secure team ten name is yeah security

411

00:16:54,660 --> 00:16:52,810

means that Tyler yes secure team ten

412

00:16:58,260 --> 00:16:54,670

yeah and of course like anyone who

413

00:17:00,300 --> 00:16:58,270

follows this topic is aware that there's

414

00:17:03,269 --> 00:17:00,310

a lot of debate about if it's all you

415

00:17:05,939 --> 00:17:03,279

know him creating hoax videos as a way

416

00:17:08,160 --> 00:17:05,949

to you know gain money and promote

417

00:17:11,490 --> 00:17:08,170

himself or whatever and that's a topic

418

00:17:14,220 --> 00:17:11,500

neither of us can figure out but with

419

00:17:16,230 --> 00:17:14,230

the the big or neither of us probably

420

00:17:18,750 --> 00:17:16,240

care to get into that but yeah the the

421

00:17:22,049 --> 00:17:18,760

big kind of controversy right now is he

422

00:17:24,600 --> 00:17:22,059

was criminal charges laid against him he

423

00:17:28,140 --> 00:17:24,610

was arrested and charged with driving

424

00:17:30,000 --> 00:17:28,150

while intoxicated but shortly after the

425

00:17:31,680 --> 00:17:30,010

arrest I guess is you channel went

426

00:17:34,470 --> 00:17:31,690

silent for a bit and then he came back

427

00:17:37,500 --> 00:17:34,480

with a video basically denying it in

428

00:17:40,440 --> 00:17:37,510

claiming in no uncertain terms that he's

429

00:17:42,330 --> 00:17:40,450

the victim of a basically a setup in a

430

00:17:43,830 --> 00:17:42,340

cover-up did you did you see the video

431

00:17:45,660 --> 00:17:43,840

do you know what I'm talking about yeah

432

00:17:50,910 --> 00:17:45,670

someone sent it to me so I did I did

433

00:17:53,340 --> 00:17:50,920

happen to watch it you know and yeah I

434

00:17:56,640 --> 00:17:53,350

mean if he's got some type of issues

435

00:17:58,950 --> 00:17:56,650

it's it's you know we don't want to yeah

436

00:18:01,410 --> 00:17:58,960

you know get into that but anyway it's a

437

00:18:05,490 --> 00:18:01,420

I don't have any problem though talking

438

00:18:09,360 --> 00:18:05,500

about his videos because not all of them

439

00:18:11,130 --> 00:18:09,370

but a lot of them are CGI and you know a

440

00:18:12,900 --> 00:18:11,140

lot of them are hoaxes and he has two

441

00:18:14,850 --> 00:18:12,910

million or so

442

00:18:18,090 --> 00:18:14,860

subscribers to his channel that's a

443

00:18:19,980 --> 00:18:18,100

money machine right there yeah you know

444

00:18:21,900 --> 00:18:19,990

it makes it it makes us all look bad

445

00:18:24,960 --> 00:18:21,910

because it's right his channel has a

446

00:18:27,360 --> 00:18:24,970

huge reach in often when I'm in kind of

447

00:18:30,630 --> 00:18:27,370

a mixed company if it ever comes up my

448

00:18:32,550 --> 00:18:30,640

interest in the UFO phenomenon it's it's

449

00:18:34,080 --> 00:18:32,560

very common that someone will say I see

450

00:18:35,760 --> 00:18:34,090

video you know there's a guy on YouTube

451
00:18:38,070 --> 00:18:35,770
needs secure team tennis videos are

452
00:18:40,560 --> 00:18:38,080
crazy and it's you know and so the

453
00:18:43,170 --> 00:18:40,570
public is kind of their first

454
00:18:46,830 --> 00:18:43,180
interaction with the phenomenon beyond

455
00:18:49,050 --> 00:18:46,840
fiction like a movie hopefully isn't but

456
00:18:52,230 --> 00:18:49,060
maybe you know a secured team 10 video

457
00:18:54,390 --> 00:18:52,240
and that's that's kind of sad well it

458
00:18:58,800 --> 00:18:54,400
you know I've said a few times on the

459
00:19:00,480 --> 00:18:58,810
show and and I I don't you know I I do

460
00:19:03,720 --> 00:19:00,490
get a lot of backlash for any calling

461
00:19:05,730 --> 00:19:03,730
out that I do but I I want the person

462
00:19:09,570 --> 00:19:05,740
that is just getting interested in the

463
00:19:12,780 --> 00:19:09,580

topic that will go online and and want

464

00:19:13,710 --> 00:19:12,790

to look at UFOs I don't want them to see

465

00:19:16,500 --> 00:19:13,720

fakes

466

00:19:18,000 --> 00:19:16,510

there's plenty out there that isn't and

467

00:19:20,370 --> 00:19:18,010

there's been plenty of sightings that

468

00:19:22,680 --> 00:19:20,380

aren't fake and for someone to get

469

00:19:26,190 --> 00:19:22,690

tainted you know right away there's a

470

00:19:30,540 --> 00:19:26,200

third phase of the Moon and and this

471

00:19:33,540 --> 00:19:30,550

site and you know and not not all of the

472

00:19:36,420 --> 00:19:33,550

videos are fraudulent but a lot of them

473

00:19:37,770 --> 00:19:36,430

are and there's no you know we're in the

474

00:19:39,900 --> 00:19:37,780

Wild West here there's no way to

475

00:19:43,890 --> 00:19:39,910

regulate something like that so it's

476
00:19:47,130 --> 00:19:43,900
it's a viewer beware type of thing you

477
00:19:50,070 --> 00:19:47,140
know and it's kind of like in the art

478
00:19:52,260 --> 00:19:50,080
world we say that everything is guilty

479
00:19:53,850 --> 00:19:52,270
till proven innocent you know and that's

480
00:19:57,450 --> 00:19:53,860
that's kind of how you have to look at a

481
00:20:00,600 --> 00:19:57,460
UFO video is try to find something wrong

482
00:20:03,330 --> 00:20:00,610
with it and and you know and there was

483
00:20:06,570 --> 00:20:03,340
one recently I don't know what channel

484
00:20:08,370 --> 00:20:06,580
was on it but whoever posted it said

485
00:20:10,140 --> 00:20:08,380
that there were and it was pretty darn

486
00:20:11,850 --> 00:20:10,150
good-looking too if you ask me and

487
00:20:14,610 --> 00:20:11,860
whoever posted it said there were

488
00:20:16,800 --> 00:20:14,620

hundreds of hundreds of witnesses but

489

00:20:17,940 --> 00:20:16,810

there were no other videos and no there

490

00:20:21,900 --> 00:20:17,950

was no other mention of who the

491

00:20:22,230 --> 00:20:21,910

witnesses were yeah so you know I don't

492

00:20:24,060 --> 00:20:22,240

know

493

00:20:25,950 --> 00:20:24,070

yeah there's it there's a guy on I

494

00:20:27,539 --> 00:20:25,960

follow him on Facebook

495

00:20:29,220 --> 00:20:27,549

in YouTube and I think people he's

496

00:20:30,720 --> 00:20:29,230

almost like the kryptonite just secure

497

00:20:34,380 --> 00:20:30,730

team I don't have you ever heard of him

498

00:20:37,860 --> 00:20:34,390

he his name is scott brando but he uses

499

00:20:41,279 --> 00:20:37,870

I think he's Italian in his channel and

500

00:20:44,340 --> 00:20:41,289

you name on Twitter is UFO of interest

501
00:20:46,440 --> 00:20:44,350
and basically his whole purpose I guess

502
00:20:50,279 --> 00:20:46,450
in that with a social media channel is

503
00:20:52,799 --> 00:20:50,289
to debunk hoaxers and he does a really

504
00:20:54,779 --> 00:20:52,809
good job at like what he'll do is if

505
00:20:56,760 --> 00:20:54,789
there's ever anything in you know in the

506
00:20:58,680 --> 00:20:56,770
media and the news of a viral video

507
00:21:02,100 --> 00:20:58,690
going around or secure team post

508
00:21:04,169 --> 00:21:02,110
something he's very quick to find kind

509
00:21:06,659 --> 00:21:04,179
of like the you know the artwork maybe

510
00:21:09,180 --> 00:21:06,669
that they are manipulating and animating

511
00:21:11,610 --> 00:21:09,190
to make it look as a UFO video or he's

512
00:21:13,830 --> 00:21:11,620
really good at tracing the history of a

513
00:21:16,409 --> 00:21:13,840

viral video to figure out you know who

514

00:21:18,539 --> 00:21:16,419

first posted it and you know who changed

515

00:21:20,250 --> 00:21:18,549

it or added a story to it to exaggerate

516

00:21:21,899 --> 00:21:20,260

it more but if you've never seen this

517

00:21:24,980 --> 00:21:21,909

guy you should look him up again it's

518

00:21:26,820 --> 00:21:24,990

Scott Brando's UFO of interest and

519

00:21:28,799 --> 00:21:26,830

actually American I think if you check

520

00:21:30,659 --> 00:21:28,809

them out you'd probably think of him as

521

00:21:34,549 --> 00:21:30,669

a good guest for your show he really

522

00:21:38,760 --> 00:21:34,559

knows his stuff well there was a I had

523

00:21:42,240 --> 00:21:38,770

okay all on my show years ago and she

524

00:21:43,350 --> 00:21:42,250

used to call herself Sheila aliens and I

525

00:21:44,519 --> 00:21:43,360

don't know whatever happened to her but

526

00:21:46,950 --> 00:21:44,529

she was doing that basically the same

527

00:21:49,019 --> 00:21:46,960

thing she was she was going through and

528

00:21:51,870 --> 00:21:49,029

and debunking and calling people out and

529

00:21:52,549 --> 00:21:51,880

she was really doing a pretty good job

530

00:21:56,340 --> 00:21:52,559

at it

531

00:21:58,380 --> 00:21:56,350

interesting yeah yeah we need to be self

532

00:22:01,590 --> 00:21:58,390

policing when it comes to this because

533

00:22:03,149 --> 00:22:01,600

you know you know we have to watch out

534

00:22:04,620 --> 00:22:03,159

for the people getting interest in this

535

00:22:08,639 --> 00:22:04,630

because otherwise they'll just think

536

00:22:11,310 --> 00:22:08,649

it's all you know a big hoax and yeah

537

00:22:13,799 --> 00:22:11,320

there's so much really going on it's a

538

00:22:16,260 --> 00:22:13,809

delicate topic too it's because it's

539

00:22:20,070 --> 00:22:16,270

it's so vague and it's so much is left

540

00:22:22,980 --> 00:22:20,080

to belief and whatnot that it's really

541

00:22:25,769 --> 00:22:22,990

hard and the the barrier to entry is

542

00:22:27,480 --> 00:22:25,779

very very hefty because you really got

543

00:22:29,010 --> 00:22:27,490

to know what to look at and what to look

544

00:22:31,440 --> 00:22:29,020

for to really understand that I should

545

00:22:33,539 --> 00:22:31,450

come in and all it takes is somebody

546

00:22:38,190 --> 00:22:33,549

with a big voice that's just spewing

547

00:22:39,660 --> 00:22:38,200

nonsense to really throw things off you

548

00:22:42,030 --> 00:22:39,670

know I I haven't mentioned this

549

00:22:45,060 --> 00:22:42,040

yet but for the person that's first

550

00:22:48,330 --> 00:22:45,070

times that that's actually heard you on

551
00:22:49,920 --> 00:22:48,340
this show you and I met of course quite

552
00:22:52,560 --> 00:22:49,930
a while ago you were listening to this

553
00:22:54,480 --> 00:22:52,570
show and we connected but can you we

554
00:22:56,970 --> 00:22:54,490
have just a couple minutes here can you

555
00:22:58,680 --> 00:22:56,980
tell them about your wonderful podcast

556
00:23:01,350 --> 00:22:58,690
that I actually listened to I listened

557
00:23:03,120 --> 00:23:01,360
to a handful of podcasts and yours is

558
00:23:07,130 --> 00:23:03,130
one of them and I find it very enjoyable

559
00:23:11,760 --> 00:23:07,140
here yeah my show is called night time I

560
00:23:13,440 --> 00:23:11,770
cover Canadian crime mysteries strange

561
00:23:15,570 --> 00:23:13,450
stories like kind of the way I see it is

562
00:23:16,770 --> 00:23:15,580
I just try to find interesting things

563
00:23:18,990 --> 00:23:16,780

from Canadian history

564

00:23:21,240 --> 00:23:19,000

and basically do like an audio

565

00:23:23,820 --> 00:23:21,250

documentary or like a radio documentary

566

00:23:25,740 --> 00:23:23,830

to share the story so sometimes it's a

567

00:23:29,420 --> 00:23:25,750

missing person sometimes it's a UFO

568

00:23:31,860 --> 00:23:29,430

event and I've done quite a bit of UFO

569

00:23:33,960 --> 00:23:31,870

centric episode so I think listeners

570

00:23:36,210 --> 00:23:33,970

your show if they just searched night

571

00:23:38,190 --> 00:23:36,220

time on Apple podcasts or go to

572

00:23:39,660 --> 00:23:38,200

nighttime podcast calm or find my

573

00:23:42,720 --> 00:23:39,670

channel on YouTube which is just night

574

00:23:45,360 --> 00:23:42,730

time pod yeah you'll find some cool UFO

575

00:23:46,830 --> 00:23:45,370

stories that probably you're that you're

576
00:23:51,000 --> 00:23:46,840
probably unaware of because again I'm

577
00:23:52,530 --> 00:23:51,010
covering Canadian topics yep

578
00:23:55,080 --> 00:23:52,540
right someone just wrote in the chat

579
00:23:58,080 --> 00:23:55,090
room that UFO interest has been at this

580
00:23:59,730 --> 00:23:58,090
for six years it looks like wow yeah

581
00:24:02,190 --> 00:23:59,740
he's really really impressed me that

582
00:24:06,030 --> 00:24:02,200
guy's got Brendo yeah so what do you

583
00:24:08,430 --> 00:24:06,040
have for shows coming up you had I was

584
00:24:10,470 --> 00:24:08,440
trying to think of the ones recently the

585
00:24:12,900 --> 00:24:10,480
one that you had where that their house

586
00:24:16,350 --> 00:24:12,910
people's houses got fried in the inside

587
00:24:18,470 --> 00:24:16,360
all the wiring yeah bizarre but the Bell

588
00:24:20,910 --> 00:24:18,480

Island boom that's Bell Island is a

589

00:24:23,340 --> 00:24:20,920

small island in Newfoundland and it

590

00:24:25,530 --> 00:24:23,350

basically was a some kind of aerial

591

00:24:28,410 --> 00:24:25,540

explosion basically an explosion in the

592

00:24:30,090 --> 00:24:28,420

sky that caused all sorts of a anomalous

593

00:24:33,510 --> 00:24:30,100

electrical activity so I did a three

594

00:24:35,550 --> 00:24:33,520

part series on that where I am part one

595

00:24:37,470 --> 00:24:35,560

was just discussing the the event and

596

00:24:39,720 --> 00:24:37,480

going through kind of the news archives

597

00:24:41,430 --> 00:24:39,730

the second part was breaking it down a

598

00:24:44,490 --> 00:24:41,440

bit further with the hosts of the

599

00:24:46,200 --> 00:24:44,500

astounding legends podcast sure the two

600

00:24:48,450 --> 00:24:46,210

guys that I partner with a lot and then

601
00:24:50,820 --> 00:24:48,460
the third part was I met with and

602
00:24:52,530 --> 00:24:50,830
interviewed the she was a young woman

603
00:24:53,610 --> 00:24:52,540
living in the home at the time that has

604
00:24:55,620 --> 00:24:53,620
seen as grounds

605
00:24:57,360 --> 00:24:55,630
but I interviewed her now as an older

606
00:24:59,190 --> 00:24:57,370
lady still living in the house and for

607
00:25:01,290 --> 00:24:59,200
anyone who hasn't heard a Newfoundland

608
00:25:02,850 --> 00:25:01,300
accent if you listen to that episode

609
00:25:04,500 --> 00:25:02,860
you'll hear something really unique

610
00:25:06,420 --> 00:25:04,510
all right glad hey Jordan we got to go

611
00:25:08,640 --> 00:25:06,430
to break so hey thanks so much I really

612
00:25:10,800 --> 00:25:08,650
appreciate you thanks for having me

613
00:25:13,200 --> 00:25:10,810

Martin say hi to Chris for me I will and

614

00:25:15,300 --> 00:25:13,210

we'll be right back we're going to a

615

00:25:19,740 --> 00:25:15,310

real break here and we'll be right back

616

00:25:23,330 --> 00:25:19,750

with our guest Chris rutowski hey

617

00:25:26,100 --> 00:25:23,340

welcome back we have Chris rutowski

618

00:25:28,410 --> 00:25:26,110

Rakowski I have a hard time with a name

619

00:25:31,230 --> 00:25:28,420

I'm sorry Chris okay that's all right

620

00:25:33,600 --> 00:25:31,240

yeah thank you for coming on the show

621

00:25:35,940 --> 00:25:33,610

it's been a long time last time I

622

00:25:37,950 --> 00:25:35,950

actually we we kind of hung out a little

623

00:25:39,960 --> 00:25:37,960

bit here and there out in Phoenix how

624

00:25:44,130 --> 00:25:39,970

many years ago was that oh boy was that

625

00:25:46,950 --> 00:25:44,140

uh 2016 or earlier than that I can't

626

00:25:50,220 --> 00:25:46,960

even remember now yeah yeah but but

627

00:25:53,520 --> 00:25:50,230

anyway I am excited to have you on the

628

00:25:56,400 --> 00:25:53,530

show for a lot of reasons but for the

629

00:25:57,690 --> 00:25:56,410

person that doesn't know who you are can

630

00:25:59,930 --> 00:25:57,700

you give a little bit of your background

631

00:26:02,610 --> 00:25:59,940

and what got you interested in this

632

00:26:06,450 --> 00:26:02,620

amazing topic I think it's amazing oh

633

00:26:10,260 --> 00:26:06,460

well goes back a few years I started

634

00:26:11,310 --> 00:26:10,270

investigating UFOs back in the 70s if

635

00:26:15,390 --> 00:26:11,320

you can believe that

636

00:26:18,900 --> 00:26:15,400

one of my mentors was Allen Hynek

637

00:26:23,070 --> 00:26:18,910

himself he had come up to Canada as part

638

00:26:25,950 --> 00:26:23,080

of a investigation of his on some UFOs

639

00:26:29,790 --> 00:26:25,960

that were seen up in in Manitoba in 1975

640

00:26:32,610 --> 00:26:29,800

I got to know him back then actually I

641

00:26:34,350 --> 00:26:32,620

formed what was then called the Manitoba

642

00:26:36,240 --> 00:26:34,360

Center for UFO studies and that

643

00:26:38,160 --> 00:26:36,250

progressed into the ufology research of

644

00:26:39,990 --> 00:26:38,170

Manitoba and now simply you follow gee

645

00:26:43,710 --> 00:26:40,000

research over the years I've been

646

00:26:45,750 --> 00:26:43,720

investigating for quite a few years my

647

00:26:47,340 --> 00:26:45,760

background is in astronomy and education

648

00:26:51,860 --> 00:26:47,350

I have degrees in the astronomy and

649

00:26:55,590 --> 00:26:51,870

education I've travelled widely

650

00:26:58,320 --> 00:26:55,600

investigating published many papers and

651
00:27:00,330 --> 00:26:58,330
books on the subject I'm probably best

652
00:27:02,550 --> 00:27:00,340
known for two things one is the annual

653
00:27:04,980 --> 00:27:02,560
Canadian UFO survey which looks at all

654
00:27:06,750 --> 00:27:04,990
the UFO reports that were filed in

655
00:27:07,500 --> 00:27:06,760
Canada in a single year we're actually

656
00:27:11,610 --> 00:27:07,510
in our third

657
00:27:12,930 --> 00:27:11,620
first year of doing this Wow which yeah

658
00:27:15,120 --> 00:27:12,940
Wow

659
00:27:17,190 --> 00:27:15,130
for me too and the other thing I think

660
00:27:19,440 --> 00:27:17,200
people have probably seen me probably on

661
00:27:21,530 --> 00:27:19,450
some shows like unsolved mysteries and a

662
00:27:25,140 --> 00:27:21,540
few others talking about the Falcon Lake

663
00:27:29,970 --> 00:27:25,150

UFO case of 1967 which we reopened as a

664

00:27:32,760 --> 00:27:29,980

cold case in the in the 1980s and just

665

00:27:36,420 --> 00:27:32,770

recently published a book called when

666

00:27:38,640 --> 00:27:36,430

they appeared with co-author Stan

667

00:27:42,450 --> 00:27:38,650

mahalik who is the son of the primary

668

00:27:44,340 --> 00:27:42,460

witness and we tell the story of what

669

00:27:46,230 --> 00:27:44,350

really happened back then when they

670

00:27:49,560 --> 00:27:46,240

appeared not talking about they meeting

671

00:27:51,150 --> 00:27:49,570

aliens necessarily but the family was

672

00:27:53,160 --> 00:27:51,160

taken aback when the Royal Canadian

673

00:27:56,520 --> 00:27:53,170

Mounted Police throw Canadian Air Force

674

00:27:59,730 --> 00:27:56,530

UFO investigators curiosity seekers all

675

00:28:02,280 --> 00:27:59,740

descended on their small home in the

676

00:28:05,880 --> 00:28:02,290

city of Winnipeg after when word got out

677

00:28:08,130 --> 00:28:05,890

that mr. Stephan mahalik and encountered

678

00:28:12,510 --> 00:28:08,140

what was described as a flying saucer a

679

00:28:16,260 --> 00:28:12,520

hollywood-style flying saucer about an

680

00:28:17,970 --> 00:28:16,270

hour north of the American border and if

681

00:28:20,460 --> 00:28:17,980

the case has been one of the best ones

682

00:28:23,610 --> 00:28:20,470

on record anywhere around the world so

683

00:28:25,470 --> 00:28:23,620

it's a I've you know been investigating

684

00:28:27,480 --> 00:28:25,480

things recently and then looking into

685

00:28:28,950 --> 00:28:27,490

some of the older stuff too because out

686

00:28:31,320 --> 00:28:28,960

of some of the old cases you can find

687

00:28:33,870 --> 00:28:31,330

some real treasures absolutely and I do

688

00:28:36,900 --> 00:28:33,880

want to talk about the Falcon Lake case

689

00:28:38,370 --> 00:28:36,910

in depth a little bit later on but first

690

00:28:42,180 --> 00:28:38,380

before we go there do you ever have any

691

00:28:43,770 --> 00:28:42,190

earthquakes in in Canada oh absolutely

692

00:28:46,110 --> 00:28:43,780

earthquakes in Canada

693

00:28:49,650 --> 00:28:46,120

I'm just looking behind you I see those

694

00:28:55,200 --> 00:28:49,660

big bowling balls up on the top shelf oh

695

00:29:04,890 --> 00:28:55,210

the yes my start globe and a moon globe

696

00:29:07,050 --> 00:29:04,900

actually it's the astronomy my book yeah

697

00:29:09,510 --> 00:29:07,060

we've-- and actually I one of the other

698

00:29:11,460 --> 00:29:09,520

things I've produced was a detailed

699

00:29:15,270 --> 00:29:11,470

paper on the tectonic strain theory

700

00:29:17,520 --> 00:29:15,280

Michael Persinger who his name might not

701
00:29:20,340 --> 00:29:17,530
be familiar to some people but he was a

702
00:29:21,270 --> 00:29:20,350
researcher in physiological psychology

703
00:29:23,300 --> 00:29:21,280
annex

704
00:29:26,340 --> 00:29:23,310
Furion shil psychology who believed that

705
00:29:28,980 --> 00:29:26,350
earthquakes were related to UFOs dating

706
00:29:30,980 --> 00:29:28,990
back to related to what John Darin the

707
00:29:34,530 --> 00:29:30,990
Upper Midwest was studying and so forth

708
00:29:38,010 --> 00:29:34,540
and suggested that people across North

709
00:29:40,650 --> 00:29:38,020
America we're seeing UFOs that were

710
00:29:42,690 --> 00:29:40,660
actually energy emissions from a very

711
00:29:45,000 --> 00:29:42,700
very minor earthquakes that jumped into

712
00:29:47,010 --> 00:29:45,010
the sky from from cracks that's

713
00:29:48,360 --> 00:29:47,020

eventually erupted yeah yeah the

714

00:29:50,580 --> 00:29:48,370

earthquake lights oh yeah I've heard

715

00:29:53,090 --> 00:29:50,590

I've definitely heard about them which

716

00:29:55,200 --> 00:29:53,100

is really fascinating I've wanted to

717

00:29:56,580 --> 00:29:55,210

well I think it's great first of all

718

00:29:58,890 --> 00:29:56,590

that you're an astronomer and then you

719

00:30:01,170 --> 00:29:58,900

have an interest in this because you

720

00:30:03,060 --> 00:30:01,180

know a lot of people will say things

721

00:30:04,440 --> 00:30:03,070

like oh you know no one you know no

722

00:30:07,710 --> 00:30:04,450

astronomers are going to be interested

723

00:30:09,930 --> 00:30:07,720

in in the UFO topic they're you know it

724

00:30:13,620 --> 00:30:09,940

would hurt their career or all that have

725

00:30:15,030 --> 00:30:13,630

you ever had any negative things happen

726

00:30:18,240 --> 00:30:15,040

to you because you have an interest in

727

00:30:20,670 --> 00:30:18,250

UFOs as well I wouldn't say negative

728

00:30:22,470 --> 00:30:20,680

necessarily certainly some of my

729

00:30:24,480 --> 00:30:22,480

colleagues looked askance at me when I

730

00:30:28,230 --> 00:30:24,490

took an interest in UFOs in fact I got

731

00:30:30,780 --> 00:30:28,240

into the UFO thing because as an

732

00:30:32,880 --> 00:30:30,790

undergraduate student in astronomy my

733

00:30:34,620 --> 00:30:32,890

professors were insistent that UFOs were

734

00:30:35,970 --> 00:30:34,630

nonsense and you know there you know

735

00:30:37,470 --> 00:30:35,980

people who see them are a little touched

736

00:30:39,080 --> 00:30:37,480

in the head or they're just seeing spots

737

00:30:43,560 --> 00:30:39,090

before their eyes or something like that

738

00:30:45,690 --> 00:30:43,570

and in the 1970s there was a fairly

739

00:30:50,670 --> 00:30:45,700

significant flap and in fact developed

740

00:30:52,320 --> 00:30:50,680

into a wave and I they the call started

741

00:30:53,550 --> 00:30:52,330

coming into the Astronomy Department and

742

00:30:55,290 --> 00:30:53,560

my professors were getting a little bit

743

00:30:57,570 --> 00:30:55,300

flustered and annoyed at all these

744

00:30:59,520 --> 00:30:57,580

people who are interrupting they're

745

00:31:01,830 --> 00:30:59,530

serious research with their UFO stories

746

00:31:04,260 --> 00:31:01,840

and I sort of jumped in and said well

747

00:31:06,120 --> 00:31:04,270

you know what why don't you just give

748

00:31:08,430 --> 00:31:06,130

the calls to me because I'm my office is

749

00:31:10,470 --> 00:31:08,440

right around the corner from yours and

750

00:31:12,120 --> 00:31:10,480

I'll be glad to talk to these people I

751
00:31:15,030 --> 00:31:12,130
thought I would suck up to the props you

752
00:31:16,680 --> 00:31:15,040
know trying to get on their good side so

753
00:31:18,780 --> 00:31:16,690
I started talking with the people who

754
00:31:20,820 --> 00:31:18,790
were calling and by golly you know these

755
00:31:22,800 --> 00:31:20,830
people didn't sound crazy they simply

756
00:31:25,350 --> 00:31:22,810
were seeing some things that were very

757
00:31:28,290 --> 00:31:25,360
unusual and I could explain a great many

758
00:31:31,650 --> 00:31:28,300
of them but there were some cases that I

759
00:31:34,200 --> 00:31:31,660
just wasn't sure what they were and over

760
00:31:35,039 --> 00:31:34,210
the years I became you know the guy who

761
00:31:37,769 --> 00:31:35,049
was

762
00:31:39,869 --> 00:31:37,779
given the UFO reports over over the

763
00:31:43,350 --> 00:31:39,879

course of time isn't that something

764

00:31:44,940 --> 00:31:43,360

amazing how how one little turn in the

765

00:31:46,710 --> 00:31:44,950

road can just change your whole life

766

00:31:47,489 --> 00:31:46,720

like that that's amazing absolutely

767

00:31:49,739 --> 00:31:47,499

absolutely

768

00:31:52,619 --> 00:31:49,749

yeah um you know I know we're gonna be

769

00:31:57,119 --> 00:31:52,629

doing this show on UFOs but I've the

770

00:31:59,460 --> 00:31:57,129

dark matter and dark energy you know I I

771

00:32:01,499 --> 00:31:59,470

had Seth Shostak on I don't know a few

772

00:32:03,629 --> 00:32:01,509

months ago and and he was saying you

773

00:32:06,149 --> 00:32:03,639

know give me some UFO evidence and I

774

00:32:08,580 --> 00:32:06,159

said give me some Dark Matter evidence

775

00:32:10,379 --> 00:32:08,590

and not you know but he basically you're

776

00:32:12,720 --> 00:32:10,389

saying this pointing out there that

777

00:32:15,930 --> 00:32:12,730

shows that Dark Matter exists but we

778

00:32:16,950 --> 00:32:15,940

don't really know for sure I mean I'd

779

00:32:20,149 --> 00:32:16,960

like to talk to someone

780

00:32:24,149 --> 00:32:20,159

an astronomer about dark matter because

781

00:32:27,029 --> 00:32:24,159

you know we're we're assuming something

782

00:32:29,609 --> 00:32:27,039

is there by the way galaxies behave and

783

00:32:32,159 --> 00:32:29,619

you know but maybe there's something

784

00:32:33,359 --> 00:32:32,169

about gravity that we don't understand

785

00:32:36,269 --> 00:32:33,369

or isn't there a lot of other

786

00:32:38,840 --> 00:32:36,279

possibilities besides an actual matter

787

00:32:41,789 --> 00:32:38,850

that's causing these things to happen

788

00:32:44,070 --> 00:32:41,799

well I mean my astrophysics courses were

789

00:32:47,220 --> 00:32:44,080

quite a few years ago but the the

790

00:32:50,099 --> 00:32:47,230

problem with dark matter and the and the

791

00:32:53,310 --> 00:32:50,109

galaxies and the universe itself is that

792

00:32:55,019 --> 00:32:53,320

we're we're we're not seeing the the

793

00:32:58,619 --> 00:32:55,029

right number the right amount of

794

00:33:00,149 --> 00:32:58,629

material that's required to you know you

795

00:33:03,479 --> 00:33:00,159

know to keep the universe moving the way

796

00:33:04,889 --> 00:33:03,489

it is and they're suggesting that you

797

00:33:07,440 --> 00:33:04,899

know there's some matter that we simply

798

00:33:09,509 --> 00:33:07,450

don't don't see because it's hidden in

799

00:33:12,330 --> 00:33:09,519

galaxies and it's hidden in various

800

00:33:15,720 --> 00:33:12,340

other ways so yeah the problem of dark

801
00:33:17,700 --> 00:33:15,730
matter isn't an insignificant one but I

802
00:33:19,799 --> 00:33:17,710
mean there's many many other issues in

803
00:33:23,249 --> 00:33:19,809
astronomy and astrophysics that are

804
00:33:25,200 --> 00:33:23,259
curious I mean uh there's a colleague of

805
00:33:26,119 --> 00:33:25,210
mine here at the University who studies

806
00:33:29,700 --> 00:33:26,129
magnet ours

807
00:33:32,879 --> 00:33:29,710
neutron stars that are so dense that

808
00:33:34,619 --> 00:33:32,889
they're basically giant magnets you know

809
00:33:38,249 --> 00:33:34,629
hundreds and thousands of kilometers

810
00:33:41,159 --> 00:33:38,259
across that are doing some very strange

811
00:33:43,710 --> 00:33:41,169
things to other stars into matter in a

812
00:33:45,419 --> 00:33:43,720
and they in the universe so there there

813
00:33:47,970 --> 00:33:45,429

are some amazing things out there and

814

00:33:48,840 --> 00:33:47,980

it's why I got into astronomy because

815

00:33:51,480 --> 00:33:48,850

it's

816

00:33:56,070 --> 00:33:51,490

type of thing you can just lie in your

817

00:33:57,600 --> 00:33:56,080

back and look up and it gives you a

818

00:33:59,789 --> 00:33:57,610

completely different perspective when

819

00:34:03,210 --> 00:33:59,799

you can put all of that behind you and

820

00:34:05,159 --> 00:34:03,220

see what's going on in the universe you

821

00:34:08,700 --> 00:34:05,169

know not to get too far off the UFO

822

00:34:12,329 --> 00:34:08,710

topic but um I've heard that there's you

823

00:34:14,970 --> 00:34:12,339

know the theory of the multiverse fits

824

00:34:18,139 --> 00:34:14,980

in nicely with with all the Spiderman

825

00:34:20,520 --> 00:34:18,149

especially I think is right on with that

826

00:34:23,159 --> 00:34:20,530

okay yeah I mean there's no question

827

00:34:24,569 --> 00:34:23,169

that that you know there is there's all

828

00:34:26,369 --> 00:34:24,579

sorts of great theories about multi

829

00:34:28,290 --> 00:34:26,379

versus multi dimensions and parallel

830

00:34:30,659 --> 00:34:28,300

universes and and all that sort of stuff

831

00:34:32,399 --> 00:34:30,669

and I hear it all a lot in ufology and

832

00:34:34,020 --> 00:34:32,409

the problem is that it is just

833

00:34:36,030 --> 00:34:34,030

speculation I mean we don't have any

834

00:34:38,099 --> 00:34:36,040

evidence that these things exist and

835

00:34:40,349 --> 00:34:38,109

even just saying that you know well the

836

00:34:43,250 --> 00:34:40,359

UFO popped into another dimension well

837

00:34:45,859 --> 00:34:43,260

that that's a little flippant because

838

00:34:48,839 --> 00:34:45,869

the science behind that is simply

839

00:34:50,970 --> 00:34:48,849

science fiction at this point we don't

840

00:34:52,680 --> 00:34:50,980

have any way of even conceiving of how

841

00:34:54,659 --> 00:34:52,690

that could be done we know that there

842

00:34:55,950 --> 00:34:54,669

are other dimensions you know you might

843

00:34:57,059 --> 00:34:55,960

have heard the fact that there's 11

844

00:34:59,250 --> 00:34:57,069

dimensions

845

00:35:02,040 --> 00:34:59,260

inside of every atom but on the macro

846

00:35:04,020 --> 00:35:02,050

scale what we got are these four that we

847

00:35:06,930 --> 00:35:04,030

are very familiar with so we have to

848

00:35:08,579 --> 00:35:06,940

deal with what we have and right now III

849

00:35:10,230 --> 00:35:08,589

like talking a little bit more of the

850

00:35:11,490 --> 00:35:10,240

nuts and bolts even though I know the

851

00:35:13,079 --> 00:35:11,500

latest thing and ufology is

852

00:35:16,440 --> 00:35:13,089

consciousness and who knows where that

853

00:35:19,040 --> 00:35:16,450

goes yeah have you yourself ever had any

854

00:35:21,390 --> 00:35:19,050

type of sighting that you can't explain

855

00:35:23,490 --> 00:35:21,400

no I've never really had anything that

856

00:35:26,130 --> 00:35:23,500

that really puzzled me and people say

857

00:35:28,710 --> 00:35:26,140

well why are you into this then because

858

00:35:30,750 --> 00:35:28,720

I'm fascinated with the possibility in

859

00:35:33,240 --> 00:35:30,760

addition to the astronomy aspect and

860

00:35:35,849 --> 00:35:33,250

that's just one possibility with regard

861

00:35:38,309 --> 00:35:35,859

to UFOs I mean I I was also part of the

862

00:35:41,700 --> 00:35:38,319

folklore studies in sociation of Canada

863

00:35:43,800 --> 00:35:41,710

looking at UFOs as part of a popular

864

00:35:45,450 --> 00:35:43,810

mythology and and you know part of our

865

00:35:48,329 --> 00:35:45,460

quest for understanding who we are in

866

00:35:52,559 --> 00:35:48,339

the universe but also I've given

867

00:35:55,890 --> 00:35:52,569

lectures in two departments of religious

868

00:35:58,589 --> 00:35:55,900

studies I've had interesting discussions

869

00:36:02,140 --> 00:35:58,599

with people in engineering fields and

870

00:36:04,989 --> 00:36:02,150

I'm going to be judging a science fair

871

00:36:08,109 --> 00:36:04,999

in a few weeks and so it's for me it's

872

00:36:11,019 --> 00:36:08,119

more important to engage people in the

873

00:36:12,819 --> 00:36:11,029

discussions of possibilities regardless

874

00:36:14,739 --> 00:36:12,829

of whether you believe that UFOs exist

875

00:36:17,890 --> 00:36:14,749

or not whether there's aliens out there

876

00:36:21,370 --> 00:36:17,900

or not even just talking about it and

877

00:36:23,920 --> 00:36:21,380

getting into some fascinating realms of

878

00:36:27,220 --> 00:36:23,930

discourse I think really opens your mind

879

00:36:29,049 --> 00:36:27,230

because we happen to live in the Steven

880

00:36:31,329 --> 00:36:29,059

Spielberg generation or I guess maybe

881

00:36:34,269 --> 00:36:31,339

we're in the James Cameron generation

882

00:36:37,900 --> 00:36:34,279

now where you can go to a movie and and

883

00:36:40,390 --> 00:36:37,910

turn on the TV and see aliens pictured

884

00:36:42,460 --> 00:36:40,400

and conceive of travel between the stars

885

00:36:45,730 --> 00:36:42,470

so it's getting quite commonplace and

886

00:36:48,730 --> 00:36:45,740

the fact is that the study of UFO

887

00:36:53,069 --> 00:36:48,740

reports is really the foundation upon

888

00:36:56,650 --> 00:36:53,079

all of that and we use it very easily

889

00:36:58,749 --> 00:36:56,660

you know everyday conversation and and

890

00:37:02,410 --> 00:36:58,759

papers and books and magazines and and

891

00:37:04,029 --> 00:37:02,420

all that sort of stuff but the reality

892

00:37:06,519 --> 00:37:04,039

is without the UFO reports we don't have

893

00:37:07,720 --> 00:37:06,529

any connection to that and that's why I

894

00:37:10,059 --> 00:37:07,730

think it's important to look at the

895

00:37:12,640 --> 00:37:10,069

serious side of ufology and the reports

896

00:37:14,499 --> 00:37:12,650

themselves yes and now I do want to talk

897

00:37:17,499 --> 00:37:14,509

about the reports that you sent over to

898

00:37:19,299 --> 00:37:17,509

the University of Manitoba

899

00:37:21,099 --> 00:37:19,309

and we will talk about that in just a

900

00:37:23,650 --> 00:37:21,109

minute but I did want to ask this

901
00:37:25,839 --> 00:37:23,660
question from a listener before I forgot

902
00:37:28,359 --> 00:37:25,849
and and you were off the show and I

903
00:37:30,749 --> 00:37:28,369
remember next week so this is a

904
00:37:34,779 --> 00:37:30,759
liberties it's kind of a long wasted

905
00:37:37,599 --> 00:37:34,789
long-winded question but liberties asked

906
00:37:39,880 --> 00:37:37,609
the following I have recently learned

907
00:37:43,660 --> 00:37:39,890
you are Canada's representative to the

908
00:37:46,269 --> 00:37:43,670
five continents forum other than their

909
00:37:49,359 --> 00:37:46,279
articles of association which are

910
00:37:51,249 --> 00:37:49,369
available on the Internet in fact and

911
00:37:53,470 --> 00:37:51,259
the fact that it is being funded by

912
00:37:56,049 --> 00:37:53,480
China very little information is known

913
00:37:59,799 --> 00:37:56,059

about the organization other than their

914

00:38:02,049 --> 00:37:59,809

first meeting that was held in 2018 in

915

00:38:04,660 --> 00:38:02,059

Moscow Russia would you please tell us

916

00:38:07,539 --> 00:38:04,670

about the organization how many

917

00:38:10,779 --> 00:38:07,549

countries it involves and what its goals

918

00:38:15,650 --> 00:38:10,789

are there's very little information in

919

00:38:20,900 --> 00:38:15,660

the US right well the five continents

920

00:38:24,560 --> 00:38:20,910

Group has met twice the the first one

921

00:38:27,620 --> 00:38:24,570

was you know some time ago in China the

922

00:38:30,710 --> 00:38:27,630

most recent one was in Moscow I was

923

00:38:33,380 --> 00:38:30,720

invited to go unfortunately at the last

924

00:38:35,390 --> 00:38:33,390

minute I was unable to go and the ideas

925

00:38:39,380 --> 00:38:35,400

to create a scientific forum bringing

926
00:38:43,520 --> 00:38:39,390
together some experts from the various

927
00:38:46,370 --> 00:38:43,530
countries to to engage a little bit more

928
00:38:49,990 --> 00:38:46,380
and try and hammer out what's really

929
00:38:52,820 --> 00:38:50,000
going on from a scientific standpoint I

930
00:38:54,980 --> 00:38:52,830
I know the bill Chalker from Australia

931
00:38:57,710 --> 00:38:54,990
went to the first one

932
00:38:59,930 --> 00:38:57,720
in fact we discussed about going to the

933
00:39:03,500 --> 00:38:59,940
the Moscow one he was unable to go as

934
00:39:05,000 --> 00:39:03,510
well but there are a number of people

935
00:39:07,430 --> 00:39:05,010
involved I and I have to be honest since

936
00:39:10,690 --> 00:39:07,440
I didn't go to the Moscow one I don't

937
00:39:14,480 --> 00:39:10,700
know much about what was discussed there

938
00:39:18,050 --> 00:39:14,490

but I think it's a really good

939

00:39:20,990 --> 00:39:18,060

opportunity for scientists and experts

940

00:39:23,300 --> 00:39:21,000

from around the globe to get together I

941

00:39:26,240 --> 00:39:23,310

mean we talked about you know MUFON

942

00:39:27,980 --> 00:39:26,250

conferences and the the UFO Congress

943

00:39:30,500 --> 00:39:27,990

every year but just imagine if you could

944

00:39:33,220 --> 00:39:30,510

get together the UFO experts from

945

00:39:35,359 --> 00:39:33,230

literally all the continents on earth

946

00:39:37,910 --> 00:39:35,369

just to talk a little bit and share

947

00:39:39,320 --> 00:39:37,920

information that's very ambitious and I

948

00:39:42,800 --> 00:39:39,330

actually I'm not even sure of who's

949

00:39:44,420 --> 00:39:42,810

funding this but it's it's quite an

950

00:39:46,010 --> 00:39:44,430

ambitious project I look forward to

951
00:39:47,480 --> 00:39:46,020
knowing more about it in some of the

952
00:39:50,390 --> 00:39:47,490
future meetings that's about all I know

953
00:39:51,920 --> 00:39:50,400
Wow yeah that is interesting I had never

954
00:39:53,900 --> 00:39:51,930
even heard about it until this listener

955
00:39:55,340 --> 00:39:53,910
wrote me about it I guess he's been

956
00:39:58,220 --> 00:39:55,350
doing a lot of digging trying to figure

957
00:40:00,230 --> 00:39:58,230
out what is going on curious that you

958
00:40:02,450 --> 00:40:00,240
don't know who that who's funding it

959
00:40:04,099 --> 00:40:02,460
that that is simple if I had gone to

960
00:40:07,310 --> 00:40:04,109
mocs in Moscow I would have found out

961
00:40:10,190 --> 00:40:07,320
but I never I never met them how about

962
00:40:13,010 --> 00:40:10,200
that well I hope it's someone that just

963
00:40:16,099 --> 00:40:13,020

has pure interests and no other you know

964

00:40:20,359 --> 00:40:16,109

motives other than that most likely it

965

00:40:22,640 --> 00:40:20,369

sounds like it yeah so we have about 10

966

00:40:24,590 --> 00:40:22,650

minutes in I don't think that's going to

967

00:40:26,930 --> 00:40:24,600

be long enough to get into the Falcon

968

00:40:29,150 --> 00:40:26,940

Lake but let's talk about what your

969

00:40:32,839 --> 00:40:29,160

donation right now if you google

970

00:40:36,160 --> 00:40:32,849

your name many articles come up that you

971

00:40:39,260 --> 00:40:36,170

donate it I think it's 20000 UFO reports

972

00:40:42,349 --> 00:40:39,270

to the University so let's talk about

973

00:40:44,480 --> 00:40:42,359

that and in general what was what what

974

00:40:46,970 --> 00:40:44,490

is that about it's actually a little bit

975

00:40:50,390 --> 00:40:46,980

more than 20,000 and I mentioned earlier

976

00:40:53,569 --> 00:40:50,400

that we're we're doing the annual

977

00:40:56,870 --> 00:40:53,579

Canadian UFO survey and we've been doing

978

00:40:59,660 --> 00:40:56,880

it for 31 years and every year there's

979

00:41:04,069 --> 00:40:59,670

somewhere around a thousand UFO reports

980

00:41:06,740 --> 00:41:04,079

in Canada alone that are filed in

981

00:41:09,380 --> 00:41:06,750

previous years as we started there was a

982

00:41:12,319 --> 00:41:09,390

little bit less than that but in total

983

00:41:14,180 --> 00:41:12,329

there was something like 20,000 UFO

984

00:41:18,140 --> 00:41:14,190

reports up until last year we're a

985

00:41:20,210 --> 00:41:18,150

little bit over that now and in addition

986

00:41:21,920 --> 00:41:20,220

you know talk about Falcon Lake but

987

00:41:24,380 --> 00:41:21,930

there's also other government documents

988

00:41:28,279 --> 00:41:24,390

that are part of the donation behind me

989

00:41:29,569 --> 00:41:28,289

you can see some of my bookshelves which

990

00:41:31,190 --> 00:41:29,579

are starting to get a little bare you

991

00:41:33,559 --> 00:41:31,200

may not be able to tell that from from

992

00:41:36,319 --> 00:41:33,569

behind me but I'm also donating my UFO

993

00:41:39,349 --> 00:41:36,329

library and the idea was I was speaking

994

00:41:41,089 --> 00:41:39,359

with somebody at the archives at the

995

00:41:44,029 --> 00:41:41,099

University of Manitoba and I guess I

996

00:41:48,950 --> 00:41:44,039

have a bit of a reputation I I I do some

997

00:41:52,490 --> 00:41:48,960

media and I'd actually won a an award

998

00:41:57,349 --> 00:41:52,500

for outreach in education regarding UFOs

999

00:41:59,029 --> 00:41:57,359

and astronomy and because of this my

1000

00:42:01,910 --> 00:41:59,039

collection has been quite significant

1001
00:42:03,349 --> 00:42:01,920
over the years in gathering steam and

1002
00:42:06,289 --> 00:42:03,359
the archivist said well you know we have

1003
00:42:08,450 --> 00:42:06,299
eclectic collections in the University

1004
00:42:10,779 --> 00:42:08,460
of Manitoba archives and most people are

1005
00:42:14,390 --> 00:42:10,789
unaware that the University of Manitoba

1006
00:42:21,319 --> 00:42:14,400
archives has a huge collection of

1007
00:42:24,710 --> 00:42:21,329
paranormal artifacts it has dan aykroyd

1008
00:42:26,539 --> 00:42:24,720
father for example was a ghost hunter

1009
00:42:28,880 --> 00:42:26,549
and paranormal investigator and his

1010
00:42:30,309 --> 00:42:28,890
archives his finds are in the the

1011
00:42:32,779 --> 00:42:30,319
archives at the University of Manitoba

1012
00:42:37,569 --> 00:42:32,789
along with many many others who are into

1013
00:42:41,000 --> 00:42:37,579

everything from channeling seances

1014

00:42:42,310 --> 00:42:41,010

electronic voice phenomena ESP psychic

1015

00:42:47,099 --> 00:42:42,320

research

1016

00:42:50,530 --> 00:42:47,109

you know there are spoons bent by some

1017

00:42:51,760 --> 00:42:50,540

you know people who are into you know

1018

00:42:55,590 --> 00:42:51,770

some of the psychic advances around

1019

00:42:58,359 --> 00:42:55,600

those there are crystals there's dowsing

1020

00:43:00,280 --> 00:42:58,369

it's a huge collection and some of that

1021

00:43:03,250 --> 00:43:00,290

and already included a little bit about

1022

00:43:05,320 --> 00:43:03,260

UFOs so I thought the it seemed a

1023

00:43:07,270 --> 00:43:05,330

no-brainer to include the UFO stuff in

1024

00:43:08,650 --> 00:43:07,280

my collection and so I was approached

1025

00:43:11,290 --> 00:43:08,660

and I said you know what are you gonna

1026

00:43:13,990 --> 00:43:11,300

do with this stuff eventually and I was

1027

00:43:16,000 --> 00:43:14,000

wondering about that you know twenty

1028

00:43:18,940 --> 00:43:16,010

thousand UFO reports take up a lot of

1029

00:43:22,420 --> 00:43:18,950

room in my home the books actually take

1030

00:43:25,650 --> 00:43:22,430

up more than than one room and then

1031

00:43:28,870 --> 00:43:25,660

there's all the other UFOs eenz and

1032

00:43:31,510 --> 00:43:28,880

other artifacts at comprised my

1033

00:43:35,260 --> 00:43:31,520

collection and you know if the offer to

1034

00:43:38,170 --> 00:43:35,270

make them available to people in the

1035

00:43:40,000 --> 00:43:38,180

future some to researchers was was quite

1036

00:43:41,560 --> 00:43:40,010

appealing and there's also a

1037

00:43:43,750 --> 00:43:41,570

crowdfunding campaign that the

1038

00:43:46,390 --> 00:43:43,760

university has started up to digitize

1039

00:43:48,970 --> 00:43:46,400

the collection so that in the future

1040

00:43:50,560 --> 00:43:48,980

would be possible in the same way that

1041

00:43:51,670 --> 00:43:50,570

some of the other collections you know

1042

00:43:53,890 --> 00:43:51,680

blue book at one time was available

1043

00:43:56,410 --> 00:43:53,900

online and it sort of disappeared now

1044

00:43:59,620 --> 00:43:56,420

but some people have copies of it but

1045

00:44:00,970 --> 00:43:59,630

you know twenty thousand cases plus all

1046

00:44:03,970 --> 00:44:00,980

the government documents that I've

1047

00:44:05,910 --> 00:44:03,980

acquired over the years which most of

1048

00:44:10,390 --> 00:44:05,920

which have not seen the light of day and

1049

00:44:11,980 --> 00:44:10,400

the book so the giving campaign for the

1050

00:44:13,720 --> 00:44:11,990

crowdfunding is a great opportunity for

1051
00:44:17,050 --> 00:44:13,730
the average person with an interest in

1052
00:44:19,690 --> 00:44:17,060
UFOs to help fund UFO research and you

1053
00:44:22,420 --> 00:44:19,700
know literally every dollar counts and I

1054
00:44:24,880 --> 00:44:22,430
think I gave you the the link to provide

1055
00:44:27,090 --> 00:44:24,890
to two readers of the blog and website

1056
00:44:29,650 --> 00:44:27,100
if they want to help contribute to this

1057
00:44:31,960 --> 00:44:29,660
yes I will be in the show notes for

1058
00:44:33,540 --> 00:44:31,970
anyone that's listening on the show and

1059
00:44:35,770 --> 00:44:33,550
I'll try to get that up on the youtube

1060
00:44:37,349 --> 00:44:35,780
channel as well it made already i

1061
00:44:40,300 --> 00:44:37,359
believe it's actually there right now

1062
00:44:42,460 --> 00:44:40,310
okay good yeah so that's that's great

1063
00:44:44,470 --> 00:44:42,470

are you familiar with Dave Marlar he

1064

00:44:47,260 --> 00:44:44,480

he's kind of planning the same type of

1065

00:44:50,609 --> 00:44:47,270

thing you know down the road I've met

1066

00:44:53,170 --> 00:44:50,619

Dave and I'm a little bit further along

1067

00:44:54,910 --> 00:44:53,180

than him in age as well so I have a

1068

00:44:56,080 --> 00:44:54,920

little bit more more than in the

1069

00:44:57,370 --> 00:44:56,090

collection but it's

1070

00:45:00,130 --> 00:44:57,380

you know it's the type of thing where

1071

00:45:04,150 --> 00:45:00,140

you know by golly to be able to look at

1072

00:45:06,370 --> 00:45:04,160

this stuff online and I mean a lot of

1073

00:45:10,690 --> 00:45:06,380

the the Canadian National Archives have

1074

00:45:14,260 --> 00:45:10,700

had its UFO archives available in

1075

00:45:16,900 --> 00:45:14,270

physical form right from the start I

1076
00:45:20,440 --> 00:45:16,910
mean there's disclosure in Canada is a

1077
00:45:22,930 --> 00:45:20,450
real nothing because we have we've

1078
00:45:24,550 --> 00:45:22,940
always had access to the UFO files from

1079
00:45:26,380 --> 00:45:24,560
the National Research Council than the

1080
00:45:27,850 --> 00:45:26,390
Royal Canadian Air Force and so forth

1081
00:45:29,440 --> 00:45:27,860
simply they were in the National

1082
00:45:31,780 --> 00:45:29,450
Archives and the National Archives of

1083
00:45:34,360 --> 00:45:31,790
Canada have digitized eight or nine

1084
00:45:36,220 --> 00:45:34,370
thousand documents in their collections

1085
00:45:39,100 --> 00:45:36,230
so this is a little bit larger than

1086
00:45:40,690 --> 00:45:39,110
their collection and twenty thousand UFO

1087
00:45:42,970 --> 00:45:40,700
reports is actually larger than Blue

1088
00:45:45,550 --> 00:45:42,980

Book so when this is finally made

1089

00:45:49,300 --> 00:45:45,560

available you know it's it's going to be

1090

00:45:51,220 --> 00:45:49,310

an interesting resource yes and as I

1091

00:45:53,770 --> 00:45:51,230

believe I mentioned to Jordan maybe was

1092

00:45:56,530 --> 00:45:53,780

off air I don't even know but once once

1093

00:45:58,410 --> 00:45:56,540

this is in the hands of a university you

1094

00:46:00,790 --> 00:45:58,420

know it's gonna be taken care of

1095

00:46:03,160 --> 00:46:00,800

absolutely it's in climate controlled

1096

00:46:06,370 --> 00:46:03,170

conditions rather than a dusty basement

1097

00:46:08,410 --> 00:46:06,380

yeah so you get your basement back and I

1098

00:46:09,910 --> 00:46:08,420

do yeah I'm gonna have to make what do

1099

00:46:11,620 --> 00:46:09,920

they call it a man cave or something out

1100

00:46:16,690 --> 00:46:11,630

of it yes absolutely

1101
00:46:19,450 --> 00:46:16,700
UFO free Wow well that that's very very

1102
00:46:23,140 --> 00:46:19,460
kind of you to offer that and you know

1103
00:46:25,120 --> 00:46:23,150
it'll be a legacy also you know in

1104
00:46:27,100 --> 00:46:25,130
tribute to to all your work that you've

1105
00:46:31,950 --> 00:46:27,110
done now all right have you collected

1106
00:46:35,620 --> 00:46:31,960
these UFO reports basically for Canada

1107
00:46:37,630 --> 00:46:35,630
is yeah this is this is all Canada if

1108
00:46:41,560 --> 00:46:37,640
you can just imagine these cases are all

1109
00:46:42,880 --> 00:46:41,570
Canada I do have some cases from the

1110
00:46:44,530 --> 00:46:42,890
United States I had did actually

1111
00:46:46,960 --> 00:46:44,540
investigate in North Dakota and

1112
00:46:50,410 --> 00:46:46,970
Minnesota personally since it's actually

1113
00:46:52,630 --> 00:46:50,420

fairly close and then I have some files

1114

00:46:55,000 --> 00:46:52,640

on some of the more noted cases you know

1115

00:46:59,710 --> 00:46:55,010

my ever do a file on Roswell for example

1116

00:47:01,810 --> 00:46:59,720

and Kecksburg and and a cache land

1117

00:47:03,720 --> 00:47:01,820

remand and things like that so I mean I

1118

00:47:07,090 --> 00:47:03,730

do have some reports but this is a

1119

00:47:09,520 --> 00:47:07,100

mostly a Canadian collection Stanton

1120

00:47:11,800 --> 00:47:09,530

Friedman after his passing his

1121

00:47:15,940 --> 00:47:11,810

we donated his huge amount of archives

1122

00:47:18,760 --> 00:47:15,950

to the province of New Brunswick so it's

1123

00:47:20,020 --> 00:47:18,770

in government archives and you know

1124

00:47:22,960 --> 00:47:20,030

there are other archives that have been

1125

00:47:25,210 --> 00:47:22,970

developed over the years so the you know

1126

00:47:28,330 --> 00:47:25,220

James McDonald has as his papers

1127

00:47:30,640 --> 00:47:28,340

elsewhere so you know this is a fine

1128

00:47:32,290 --> 00:47:30,650

tradition and I think it's preserving

1129

00:47:35,410 --> 00:47:32,300

this information so it simply doesn't

1130

00:47:38,020 --> 00:47:35,420

get lost that's right and and digitizing

1131

00:47:39,910 --> 00:47:38,030

I think that's a digitized that's so

1132

00:47:44,020 --> 00:47:39,920

important for anyone that is curious

1133

00:47:47,680 --> 00:47:44,030

sent and once wants to look if you we

1134

00:47:50,200 --> 00:47:47,690

just have a couple minutes to break what

1135

00:47:53,830 --> 00:47:50,210

besides that of Falcon Lake incident

1136

00:47:55,960 --> 00:47:53,840

what are some of the really big cases

1137

00:47:59,590 --> 00:47:55,970

that really stand out in the history of

1138

00:48:02,440 --> 00:47:59,600

Canada since you've been at this well I

1139

00:48:07,180 --> 00:48:02,450

mean I a lot of cases have popped up

1140

00:48:08,470 --> 00:48:07,190

over the past 40 years or so but I mean

1141

00:48:10,510 --> 00:48:08,480

I have to mention some of the other

1142

00:48:13,030 --> 00:48:10,520

cases besides Falcon like shag harbour

1143

00:48:16,030 --> 00:48:13,040

which also took place in 1967 the object

1144

00:48:18,220 --> 00:48:16,040

that was supposed to fall into the the

1145

00:48:22,720 --> 00:48:18,230

harbor I was just over there

1146

00:48:25,240 --> 00:48:22,730

last year for their conference and you

1147

00:48:27,670 --> 00:48:25,250

know there there's a museum there's a

1148

00:48:30,490 --> 00:48:27,680

commemoration sign and a and a guidepost

1149

00:48:33,010 --> 00:48:30,500

right at the at the shore some of the

1150

00:48:35,650 --> 00:48:33,020

witnesses are still around and I had

1151

00:48:37,990 --> 00:48:35,660

opportunity to speak with them at at the

1152

00:48:40,390 --> 00:48:38,000

conference and they're gonna be doing it

1153

00:48:42,040 --> 00:48:40,400

again every year to have a something

1154

00:48:44,440 --> 00:48:42,050

Falcon Lake has something like this as

1155

00:48:45,820 --> 00:48:44,450

well and then across Canada there have

1156

00:48:51,130 --> 00:48:45,830

been a number of their cases I know

1157

00:48:54,820 --> 00:48:51,140

there's a conference about the 19 is it

1158

00:48:58,590 --> 00:48:54,830

1980 1990 anniversary of the hotel

1159

00:49:00,730 --> 00:48:58,600

Bonaventure report in in Montreal

1160

00:49:02,950 --> 00:49:00,740

there's a conference actually happening

1161

00:49:05,230 --> 00:49:02,960

in Montreal this year for the for the

1162

00:49:07,510 --> 00:49:05,240

celebration and this is a case if people

1163

00:49:12,250 --> 00:49:07,520

aren't familiar where dozens and dozens

1164

00:49:15,490 --> 00:49:12,260

of people including members of the

1165

00:49:17,410 --> 00:49:15,500

police there's some newspapers reporters

1166

00:49:19,300 --> 00:49:17,420

they took photographs of an object that

1167

00:49:23,420 --> 00:49:19,310

was hovering or appeared to hover over

1168

00:49:27,170 --> 00:49:23,430

up on the top floor of a high-rise

1169

00:49:29,329 --> 00:49:27,180

hotel right in downtown Montreal and to

1170

00:49:31,700 --> 00:49:29,339

many this has not been satisfactorily

1171

00:49:33,799 --> 00:49:31,710

explained as well so you know there's

1172

00:49:34,940 --> 00:49:33,809

some fascinating cases out there and

1173

00:49:36,559 --> 00:49:34,950

it's just a matter of digging out the

1174

00:49:38,750 --> 00:49:36,569

information and trying to understand

1175

00:49:41,359 --> 00:49:38,760

what was going on

1176
00:49:42,589 --> 00:49:41,369
so looks like we're just about ready to

1177
00:49:45,829 --> 00:49:42,599
go into break so we might as well hit

1178
00:49:47,839 --> 00:49:45,839
that now and when we come back we will

1179
00:49:49,849 --> 00:49:47,849
talk about the Falcon Lake incident

1180
00:49:52,250 --> 00:49:49,859
during the break I want to speak to you

1181
00:49:57,650 --> 00:49:52,260
too because I always get a I always get

1182
00:49:59,269 --> 00:49:57,660
a UFO event confused and I want to sort

1183
00:50:01,880 --> 00:49:59,279
that out with you and maybe we can talk

1184
00:50:04,990 --> 00:50:01,890
about that as well and about a half hour

1185
00:50:07,730 --> 00:50:05,000
in or so we'll start taking calls so

1186
00:50:09,589 --> 00:50:07,740
alright everyone so we're gonna go hit

1187
00:50:12,680 --> 00:50:09,599
the break right now and we'll be right

1188
00:50:15,589 --> 00:50:12,690

back right after these see you soon all

1189

00:50:19,730 --> 00:50:15,599

right welcome back my guest this evening

1190

00:50:25,549 --> 00:50:19,740

is Chris Markowski and up in Canada and

1191

00:50:28,400 --> 00:50:25,559

we are talking Canada UFOs and there are

1192

00:50:30,650 --> 00:50:28,410

a lot of great cases and Chris thank you

1193

00:50:33,079 --> 00:50:30,660

for helping me with the case I was

1194

00:50:35,650 --> 00:50:33,089

having trouble remembering exactly but

1195

00:50:39,829 --> 00:50:35,660

you said it was uh it was in the Yukon

1196

00:50:42,740 --> 00:50:39,839

1996 Fox Lake the thing that struck me

1197

00:50:45,920 --> 00:50:42,750

was and I remember of either reading

1198

00:50:48,799 --> 00:50:45,930

about it or just have read about it that

1199

00:50:52,210 --> 00:50:48,809

the witnesses saw this a long way away

1200

00:50:54,349 --> 00:50:52,220

and it was huge and there were many

1201
00:50:56,779 --> 00:50:54,359
independent witnesses but they didn't

1202
00:50:58,519 --> 00:50:56,789
all like get together so there were

1203
00:51:01,190 --> 00:50:58,529
separate accounts of this incident can

1204
00:51:02,630 --> 00:51:01,200
you talk about it write a really great

1205
00:51:06,260 --> 00:51:02,640
Canadian researcher by the name of

1206
00:51:09,260 --> 00:51:06,270
Martin Jacek as part of UFO BC

1207
00:51:11,329 --> 00:51:09,270
investigated he had just heard something

1208
00:51:15,370 --> 00:51:11,339
in the wind literally that something may

1209
00:51:17,180 --> 00:51:15,380
have been seen and talked to some radio

1210
00:51:18,620 --> 00:51:17,190
personalities and they said well you

1211
00:51:20,720 --> 00:51:18,630
know we think it was a tip that happens

1212
00:51:24,440 --> 00:51:20,730
somewhere in Fox Lake he ended up going

1213
00:51:26,269 --> 00:51:24,450

from town to town to town talking to

1214

00:51:28,700 --> 00:51:26,279

people if they had seen this this object

1215

00:51:31,400 --> 00:51:28,710

and what emerged was a very very

1216

00:51:36,200 --> 00:51:31,410

consistent series of reports of an

1217

00:51:37,190 --> 00:51:36,210

object that in 1996 slowly and

1218

00:51:40,220 --> 00:51:37,200

ponderously made a

1219

00:51:41,690 --> 00:51:40,230

sway along the length of a of a lake as

1220

00:51:44,440 --> 00:51:41,700

a highway that grows along the lake

1221

00:51:47,540 --> 00:51:44,450

between the lake in the mountain and he

1222

00:51:50,150 --> 00:51:47,550

found these he did what was called a dig

1223

00:51:52,400 --> 00:51:50,160

in ufology where you go into an area

1224

00:51:54,590 --> 00:51:52,410

that you suspect there are some reports

1225

00:51:57,440 --> 00:51:54,600

and just persistently talk to people at

1226
00:52:00,170 --> 00:51:57,450
gas stations and corner stores and bars

1227
00:52:03,350 --> 00:52:00,180
until you you know find people and he

1228
00:52:05,300 --> 00:52:03,360
found originally 31 and I think over the

1229
00:52:08,450 --> 00:52:05,310
course of the few more years he found in

1230
00:52:11,890 --> 00:52:08,460
the 40s and these people never spoke to

1231
00:52:14,060 --> 00:52:11,900
one another he had to track them down

1232
00:52:16,580 --> 00:52:14,070
families were living now you know in

1233
00:52:18,170 --> 00:52:16,590
several miles away from one another and

1234
00:52:20,630 --> 00:52:18,180
never thought to tell anybody about what

1235
00:52:23,750 --> 00:52:20,640
they had seen they all painted a similar

1236
00:52:27,980 --> 00:52:23,760
picture of a very large object with

1237
00:52:31,280 --> 00:52:27,990
windows that moved from the lake over

1238
00:52:33,260 --> 00:52:31,290

the mountain and there were two brothers

1239

00:52:38,260 --> 00:52:33,270

there sorry two cousins if I'm not

1240

00:52:40,370 --> 00:52:38,270

mistaken who had seen this object

1241

00:52:42,650 --> 00:52:40,380

simultaneously from two different

1242

00:52:44,090 --> 00:52:42,660

directions they're driving in two

1243

00:52:47,330 --> 00:52:44,100

different vehicles one was ahead of the

1244

00:52:50,120 --> 00:52:47,340

other the further ahead one stopped his

1245

00:52:52,670 --> 00:52:50,130

truck got out and watched this thing fly

1246

00:52:55,940 --> 00:52:52,680

directly overhead and described a very

1247

00:52:59,300 --> 00:52:55,950

very round object with a bright light on

1248

00:53:02,900 --> 00:52:59,310

at the bottom like a classic saucer but

1249

00:53:05,960 --> 00:53:02,910

his his cousin who was about a mile or

1250

00:53:08,090 --> 00:53:05,970

two away sought you know from a

1251
00:53:10,730 --> 00:53:08,100
different angle from an oblique angle

1252
00:53:12,050 --> 00:53:10,740
and saw what he described as a large

1253
00:53:15,410 --> 00:53:12,060
disc-shaped object or a long

1254
00:53:17,630 --> 00:53:15,420
cigar-shaped object passing you know

1255
00:53:21,290 --> 00:53:17,640
directly over his brother's vehicle so

1256
00:53:23,450 --> 00:53:21,300
that's quite interesting now there have

1257
00:53:25,340 --> 00:53:23,460
been some attempts to explain this and

1258
00:53:27,260 --> 00:53:25,350
there's no question that some of the

1259
00:53:30,230 --> 00:53:27,270
reports do seem to coincide with the

1260
00:53:33,140 --> 00:53:30,240
entry of a Russian rocket booster about

1261
00:53:35,090 --> 00:53:33,150
the same time the trouble is that we do

1262
00:53:36,980 --> 00:53:35,100
have some disparate reports that that

1263
00:53:38,960 --> 00:53:36,990

don't seem to line up with that so what

1264

00:53:40,880 --> 00:53:38,970

do you do with those especially since

1265

00:53:42,320 --> 00:53:40,890

the witnesses you know are adamant that

1266

00:53:44,750 --> 00:53:42,330

what they saw was was something

1267

00:53:46,580 --> 00:53:44,760

completely different it would be very

1268

00:53:48,110 --> 00:53:46,590

strange for a UFO to be flying

1269

00:53:50,910 --> 00:53:48,120

underneath the descent of a rocket

1270

00:53:53,880 --> 00:53:50,920

booster but

1271

00:53:57,120 --> 00:53:53,890

you know it's it's it's it adds up to a

1272

00:53:59,849 --> 00:53:57,130

very fascinating exercise in in UFO

1273

00:54:02,069 --> 00:53:59,859

research and investigation so uh you

1274

00:54:03,269 --> 00:54:02,079

know Martin did a fantastic job and you

1275

00:54:05,489 --> 00:54:03,279

know ranks is one of the best

1276

00:54:08,249 --> 00:54:05,499

investigative pieces I've ever seen in

1277

00:54:11,819 --> 00:54:08,259

fact he produced a report on this which

1278

00:54:14,929 --> 00:54:11,829

was given to the yukon government which

1279

00:54:19,650 --> 00:54:14,939

tabled it in their one of their sessions

1280

00:54:20,989 --> 00:54:19,660

and discussed it you know the the Yukon

1281

00:54:24,479 --> 00:54:20,999

Minister I think of the environment

1282

00:54:26,429 --> 00:54:24,489

discussed it within Council so you know

1283

00:54:28,199 --> 00:54:26,439

here we have a government that took an

1284

00:54:31,979 --> 00:54:28,209

interest in a UFO case that happened in

1285

00:54:34,620 --> 00:54:31,989

Canada in 1996 that is that is amazing I

1286

00:54:37,199 --> 00:54:34,630

can't think of any other case where

1287

00:54:40,019 --> 00:54:37,209

someone basically had boots on the

1288

00:54:42,299 --> 00:54:40,029

ground like as they say and actually

1289

00:54:44,969 --> 00:54:42,309

knocking on doors or whatever this guy

1290

00:54:48,989 --> 00:54:44,979

did gas stations corner stores bars as

1291

00:54:52,169 --> 00:54:48,999

you say and actually took on a case like

1292

00:54:54,660 --> 00:54:52,179

that before having a primary witness I

1293

00:54:59,429 --> 00:54:54,670

mean that's a leap of faith right there

1294

00:55:00,749 --> 00:54:59,439

and it sounds very effective and yeah we

1295

00:55:02,249 --> 00:55:00,759

don't all these different you know

1296

00:55:05,160 --> 00:55:02,259

people saying the same thing doesn't it

1297

00:55:07,109 --> 00:55:05,170

sound like a rocket booster no but you

1298

00:55:10,109 --> 00:55:07,119

know we it's something that's that's not

1299

00:55:12,509 --> 00:55:10,119

in ufology anymore it used to be in the

1300

00:55:15,329 --> 00:55:12,519

50s and 60s it was actually common

1301
00:55:17,789 --> 00:55:15,339
practice to do that where you know you

1302
00:55:20,939 --> 00:55:17,799
suspected that if a UFO was seen you

1303
00:55:22,679 --> 00:55:20,949
know point a over here then somebody

1304
00:55:24,209 --> 00:55:22,689
over there you know probably didn't see

1305
00:55:28,380 --> 00:55:24,219
it as well and just a matter of talking

1306
00:55:33,749 --> 00:55:28,390
to people until you found one and in

1307
00:55:36,620 --> 00:55:33,759
Canada in 1975-76 you know I went in off

1308
00:55:38,969 --> 00:55:36,630
into the countryside knocking on doors

1309
00:55:41,309 --> 00:55:38,979
trying to find people who had seen some

1310
00:55:43,439 --> 00:55:41,319
UFOs during a wave that was going on at

1311
00:55:45,150 --> 00:55:43,449
that time so it's it used to be quite

1312
00:55:47,819 --> 00:55:45,160
common you don't hear about it as much

1313
00:55:50,370 --> 00:55:47,829

anymore but it still is a you know a

1314

00:55:53,759 --> 00:55:50,380

really good practice for UFO

1315

00:55:56,579 --> 00:55:53,769

investigators now besides the shag

1316

00:55:59,279 --> 00:55:56,589

harbour are there a number of cases that

1317

00:56:02,069 --> 00:55:59,289

involve the police department in one way

1318

00:56:04,800 --> 00:56:02,079

or another other Royal Canadian or the

1319

00:56:06,210 --> 00:56:04,810

Mounties Mounted Police RCMP

1320

00:56:08,460 --> 00:56:06,220

oh yeah the in fact there's there's

1321

00:56:11,940 --> 00:56:08,470

quite a few cases that involve the RCMP

1322

00:56:15,960 --> 00:56:11,950

as well as the Royal Canadian Air Force

1323

00:56:23,400 --> 00:56:15,970

as well mentioned shag harbour there was

1324

00:56:27,480 --> 00:56:23,410

a case in let's tree rivers Manitoba in

1325

00:56:31,020 --> 00:56:27,490

in the 1960s and more recently we've had

1326
00:56:34,680 --> 00:56:31,030
reports we're Mounties were witnesses to

1327
00:56:37,710 --> 00:56:34,690
some some cases in the 1970s and into

1328
00:56:42,380 --> 00:56:37,720
the 1980s and we do have copies of those

1329
00:56:46,530 --> 00:56:42,390
reports it's it's also true that in in

1330
00:56:48,780 --> 00:56:46,540
1967 if you can believe 1967 the Royal

1331
00:56:52,260 --> 00:56:48,790
Canadian Mounted Police helped

1332
00:56:54,210 --> 00:56:52,270
investigate the first crop circles they

1333
00:56:55,890 --> 00:56:54,220
were they didn't start in in Britain

1334
00:56:58,800 --> 00:56:55,900
they actually started elsewhere and

1335
00:57:02,180 --> 00:56:58,810
there are actually photographs of these

1336
00:57:05,070 --> 00:57:02,190
these impressions in the in the fields

1337
00:57:07,500 --> 00:57:05,080
that were produced by the RCMP and the

1338
00:57:10,740 --> 00:57:07,510

RCMP crime lab also took a look at it so

1339

00:57:13,680 --> 00:57:10,750

you know the Canadian military and

1340

00:57:16,140 --> 00:57:13,690

police have a long history of looking

1341

00:57:19,500 --> 00:57:16,150

into this in fact part of what I have in

1342

00:57:21,270 --> 00:57:19,510

my collection are the reports from the

1343

00:57:24,720 --> 00:57:21,280

RO Canadian Mounted Police who were

1344

00:57:28,380 --> 00:57:24,730

charged with investigating UFOs up until

1345

00:57:30,960 --> 00:57:28,390

about 1995 and so a lot of the cases we

1346

00:57:32,970 --> 00:57:30,970

get are our courtesy of the Royal

1347

00:57:37,560 --> 00:57:32,980

Canadian Mounted Police because what

1348

00:57:39,660 --> 00:57:37,570

happened is that the the Canadian what

1349

00:57:41,580 --> 00:57:39,670

was Canadian Space Agency was then

1350

00:57:44,010 --> 00:57:41,590

called the National Research Council

1351
00:57:45,570 --> 00:57:44,020
Hertzberg Institute of astrophysics and

1352
00:57:47,730 --> 00:57:45,580
they were interested in collecting

1353
00:57:49,830 --> 00:57:47,740
meteorites and well you need to have

1354
00:57:51,600 --> 00:57:49,840
reports of meteors and shooting stars

1355
00:57:54,690 --> 00:57:51,610
and things falling through the sky in

1356
00:57:56,130 --> 00:57:54,700
order to find meteorites so the

1357
00:57:58,020 --> 00:57:56,140
scientists decided well there's all

1358
00:58:00,780 --> 00:57:58,030
these reports of UFOs that are probably

1359
00:58:02,430 --> 00:58:00,790
meteors let's get the RCMP to talk to

1360
00:58:04,560 --> 00:58:02,440
the witnesses and we'll find the

1361
00:58:06,780 --> 00:58:04,570
meteorites that actually did happen it

1362
00:58:08,250 --> 00:58:06,790
did work in a few instances but most of

1363
00:58:10,470 --> 00:58:08,260

the reports they got of course we're not

1364

00:58:14,100 --> 00:58:10,480

meteors they were reports of disc-shaped

1365

00:58:16,350 --> 00:58:14,110

objects that were certainly not meteors

1366

00:58:18,840 --> 00:58:16,360

and those fell into what was called the

1367

00:58:21,900 --> 00:58:18,850

non meteoric sightings file which was

1368

00:58:24,360 --> 00:58:21,910

elected in Ottawa in the Hertzberg

1369

00:58:27,120 --> 00:58:24,370

Institute of astrophysics I visited with

1370

00:58:28,680 --> 00:58:27,130

the office a number of times and those

1371

00:58:31,410 --> 00:58:28,690

are the reports that made it into the

1372

00:58:34,200 --> 00:58:31,420

national Canadian archives so you know

1373

00:58:36,380 --> 00:58:34,210

police have had a good history of being

1374

00:58:39,900 --> 00:58:36,390

involved in this well very interesting

1375

00:58:42,810 --> 00:58:39,910

before we get into Falcon the Falcon

1376

00:58:45,450 --> 00:58:42,820

Lake incident there's one other case it

1377

00:58:49,440 --> 00:58:45,460

just came to mind with me that there was

1378

00:58:51,930 --> 00:58:49,450

a there was a mounted what do they count

1379

00:58:54,720 --> 00:58:51,940

Royal Canadian broken a timah about easy

1380

00:58:59,400 --> 00:58:54,730

oh nice yeah and this was I believe a

1381

00:59:01,440 --> 00:58:59,410

single officer that saw this

1382

00:59:06,840 --> 00:59:01,450

cigar-shaped thing at a distance and

1383

00:59:08,610 --> 00:59:06,850

used his binoculars and now he's I think

1384

00:59:10,410 --> 00:59:08,620

he's called like the raccoon whisperer

1385

00:59:11,940 --> 00:59:10,420

he his oh the raccoon was yeah you know

1386

00:59:14,520 --> 00:59:11,950

they're rockin it out yeah that was

1387

00:59:16,380 --> 00:59:14,530

clear and Ville and Newfoundland in no

1388

00:59:20,430 --> 00:59:16,390

boy I'm trying to think when that was

1389

00:59:22,200 --> 00:59:20,440

now think back in the 60s as well or

1390

00:59:26,400 --> 00:59:22,210

maybe 70s anyways yeah he saw this

1391

00:59:29,550 --> 00:59:26,410

object watched it progress over over a

1392

00:59:31,530 --> 00:59:29,560

Newfoundland and was very adamant you

1393

00:59:32,610 --> 00:59:31,540

know this is where you know he says hey

1394

00:59:33,960 --> 00:59:32,620

if you don't believe me you don't

1395

00:59:39,030 --> 00:59:33,970

believe me but I you know I'll stake my

1396

00:59:41,730 --> 00:59:39,040

badge on the line and he did and he has

1397

00:59:45,120 --> 00:59:41,740

since retired and actually has YouTube

1398

00:59:47,070 --> 00:59:45,130

videos now where he is surrounded by

1399

00:59:49,920 --> 00:59:47,080

raccoons he has this this thing where

1400

00:59:53,550 --> 00:59:49,930

raccoons it'll want to want to come and

1401
00:59:55,290 --> 00:59:53,560
spend time with him so from from aliens

1402
01:00:00,150 --> 00:59:55,300
two raccoons it's not that much of a

1403
01:00:01,410 --> 01:00:00,160
stretch I suppose and I know he went he

1404
01:00:03,060 --> 01:00:01,420
there was a lot of stress in his life

1405
01:00:05,220 --> 01:00:03,070
because of that situation or something

1406
01:00:07,740 --> 01:00:05,230
remember something about that if I ate a

1407
01:00:10,290 --> 01:00:07,750
lot he took a lot of ribbing from from

1408
01:00:14,070 --> 01:00:10,300
from his colleagues and from the general

1409
01:00:15,300 --> 01:00:14,080
public but as I said he insisted if you

1410
01:00:17,310 --> 01:00:15,310
don't believe me you don't believe me

1411
01:00:20,310 --> 01:00:17,320
but this is this is what happened yeah

1412
01:00:24,780 --> 01:00:20,320
yeah and I think it was a cigar-shaped

1413
01:00:27,480 --> 01:00:24,790

but very very interesting case as well

1414

01:00:29,970 --> 01:00:27,490

alright so let's get into the Falcon

1415

01:00:31,880 --> 01:00:29,980

link and I want to hear all about that

1416

01:00:33,860 --> 01:00:31,890

incident for

1417

01:00:35,180 --> 01:00:33,870

we do have a lot of new listeners a lot

1418

01:00:38,240 --> 01:00:35,190

of people are not familiar at all with

1419

01:00:42,470 --> 01:00:38,250

it so can you go over that if you would

1420

01:00:44,210 --> 01:00:42,480

please sure and you know as an intro to

1421

01:00:46,670 --> 01:00:44,220

this I have to say if you don't know the

1422

01:00:48,590 --> 01:00:46,680

Falcon Lake UFO case you're missing

1423

01:00:50,960 --> 01:00:48,600

something because this is a case that

1424

01:00:56,540 --> 01:00:50,970

has everything you would possibly want

1425

01:00:58,010 --> 01:00:56,550

in a UFO case happened a while ago 1967

1426

01:00:59,930 --> 01:00:58,020

as a matter of fact we had we celebrated

1427

01:01:04,220 --> 01:00:59,940

the fiftieth anniversary at the site

1428

01:01:05,930 --> 01:01:04,230

with the witness's son and there's been

1429

01:01:07,880 --> 01:01:05,940

some commemorative events the Canadian

1430

01:01:11,240 --> 01:01:07,890

government recognizes this as a as a

1431

01:01:14,900 --> 01:01:11,250

real event wow that's an he's back back

1432

01:01:16,850 --> 01:01:14,910

in May of 1967 fellow named Stefan

1433

01:01:19,610 --> 01:01:16,860

mahalik was doing some amateur rock

1434

01:01:21,500 --> 01:01:19,620

poundings and prospecting he was you

1435

01:01:24,110 --> 01:01:21,510

know his background actually is in the

1436

01:01:29,300 --> 01:01:24,120

military as a immigrant from Eastern

1437

01:01:31,280 --> 01:01:29,310

Europe and in May of 1967 you know had

1438

01:01:33,320 --> 01:01:31,290

driven out or sorry I had taken a bus

1439

01:01:36,260 --> 01:01:33,330

out to this little town called Falcon

1440

01:01:37,850 --> 01:01:36,270

Lake which is about an hour north of the

1441

01:01:41,150 --> 01:01:37,860

American border and about an hour east

1442

01:01:43,310 --> 01:01:41,160

of the city of Winnipeg and he traveled

1443

01:01:45,170 --> 01:01:43,320

there because he you know had staked

1444

01:01:48,470 --> 01:01:45,180

some claims and he was curious about the

1445

01:01:49,670 --> 01:01:48,480

rock formations out there and he entered

1446

01:01:52,100 --> 01:01:49,680

the bush about six o'clock in the

1447

01:01:56,620 --> 01:01:52,110

morning had packed himself a lunch it's

1448

01:01:58,910 --> 01:01:56,630

very rugged territory very very rocky

1449

01:02:00,530 --> 01:01:58,920

you know very very few people in that

1450

01:02:03,980 --> 01:02:00,540

particular area of the Canadian Great

1451

01:02:05,870 --> 01:02:03,990

Canadian Shield and was poking around

1452

01:02:08,930 --> 01:02:05,880

and then around lunchtime literally

1453

01:02:12,790 --> 01:02:08,940

around noon he had stopped for lunch had

1454

01:02:16,430 --> 01:02:12,800

set up his pack on a large rock and

1455

01:02:20,830 --> 01:02:16,440

there was a he was on a ridge and below

1456

01:02:23,660 --> 01:02:20,840

the ridge was a pond which some geese

1457

01:02:25,640 --> 01:02:23,670

were we're swimming all of a sudden the

1458

01:02:27,110 --> 01:02:25,650

geese took flight and he was concerned

1459

01:02:28,970 --> 01:02:27,120

that there was a bear around because

1460

01:02:32,830 --> 01:02:28,980

that's there are bears around there and

1461

01:02:35,360 --> 01:02:32,840

he thought maybe there was one nearby he

1462

01:02:36,860 --> 01:02:35,370

looked around couldn't see any bears but

1463

01:02:41,660 --> 01:02:36,870

in the sky there were two what he

1464

01:02:44,390 --> 01:02:41,670

described as cigar shapes that were very

1465

01:02:45,590 --> 01:02:44,400

very bright white in color they seem to

1466

01:02:47,960 --> 01:02:45,600

be descending once

1467

01:02:51,320 --> 01:02:47,970

fairly high the other one seemed to

1468

01:02:53,360 --> 01:02:51,330

descend and land not far from where he

1469

01:02:55,460 --> 01:02:53,370

was he crouched down behind a bush and

1470

01:02:57,470 --> 01:02:55,470

this object which turned out not to be

1471

01:03:00,020 --> 01:02:57,480

cigar shaped at all but a disc shaped a

1472

01:03:01,610 --> 01:03:00,030

hollywood-style flying saucer was

1473

01:03:03,260 --> 01:03:01,620

changing color from white to yellow to

1474

01:03:05,360 --> 01:03:03,270

orange to red as it cooled down

1475

01:03:08,510 --> 01:03:05,370

eventually it was the color of burnished

1476

01:03:11,690 --> 01:03:08,520

steel as he described it and it

1477

01:03:14,480 --> 01:03:11,700

descended it was 35 feet in diameter 12

1478

01:03:17,930 --> 01:03:14,490

feet high dome on top lights for coming

1479

01:03:22,430 --> 01:03:17,940

from the top and this thing's was

1480

01:03:24,200 --> 01:03:22,440

sitting about a 150 yards away he was

1481

01:03:26,210 --> 01:03:24,210

watching it for some time and he and

1482

01:03:27,530 --> 01:03:26,220

because of his military background he

1483

01:03:31,190 --> 01:03:27,540

was convinced this was some sort of

1484

01:03:33,260 --> 01:03:31,200

physical vehicle a test aircraft of some

1485

01:03:35,600 --> 01:03:33,270

sort this was just at the beginning of

1486

01:03:37,640 --> 01:03:35,610

the Apollo program and he thought maybe

1487

01:03:39,590 --> 01:03:37,650

this was an a moon lander that that got

1488

01:03:44,270 --> 01:03:39,600

off course it was being tested by the

1489

01:03:46,300 --> 01:03:44,280

Americans washed for some time suddenly

1490

01:03:49,970 --> 01:03:46,310

a door opened in the side of this thing

1491

01:03:51,380 --> 01:03:49,980

a very very small door but through the

1492

01:03:53,510 --> 01:03:51,390

door he could see some bright lights and

1493

01:03:55,700 --> 01:03:53,520

he could hear some very high-pitched

1494

01:03:58,370 --> 01:03:55,710

voices and he was convinced that this

1495

01:04:00,770 --> 01:03:58,380

was an American craft and so he stood up

1496

01:04:01,580 --> 01:04:00,780

walked towards it and shouted you can

1497

01:04:03,920 --> 01:04:01,590

just imagine

1498

01:04:05,960 --> 01:04:03,930

come on Yankee boys I'll give you a hand

1499

01:04:08,000 --> 01:04:05,970

fixing your broken-down flying machine

1500

01:04:11,630 --> 01:04:08,010

because he figured they were stopped for

1501
01:04:14,360 --> 01:04:11,640
repairs well as he's walking towards the

1502
01:04:17,270 --> 01:04:14,370
voices stopped and he realized oh maybe

1503
01:04:18,020 --> 01:04:17,280
not American so he happened to be

1504
01:04:19,760 --> 01:04:18,030
multilingual

1505
01:04:23,060 --> 01:04:19,770
so he called out in other languages

1506
01:04:25,370 --> 01:04:23,070
including Russian by this time he was

1507
01:04:28,040 --> 01:04:25,380
already touching up to the sight of this

1508
01:04:29,660 --> 01:04:28,050
touch the side of this thing with his

1509
01:04:32,090 --> 01:04:29,670
rubberized love which he had on to

1510
01:04:34,550 --> 01:04:32,100
protect his hands from the sharp rocks

1511
01:04:37,790 --> 01:04:34,560
his rubberized love melted because the

1512
01:04:40,850 --> 01:04:37,800
sight of this thing was too hot the door

1513
01:04:42,530 --> 01:04:40,860

shut the entire thing rotated so that

1514

01:04:46,010 --> 01:04:42,540

there is sort of an exhaust vent right

1515

01:04:48,410 --> 01:04:46,020

in front of him and a blast of hot gas

1516

01:04:50,270 --> 01:04:48,420

came out hit him in the chest knocked

1517

01:04:52,310 --> 01:04:50,280

him down said his clothes on fire set us

1518

01:04:54,290 --> 01:04:52,320

set fire to pine needles and leaves that

1519

01:04:58,630 --> 01:04:54,300

were around the thing took off and

1520

01:05:01,089 --> 01:04:58,640

that's the last he saw of it but he

1521

01:05:03,039 --> 01:05:01,099

tore off his shirt stamped out the the

1522

01:05:05,079 --> 01:05:03,049

shirt as best he could and he was very

1523

01:05:07,390 --> 01:05:05,089

dizzy he was vomiting whatever the

1524

01:05:09,789 --> 01:05:07,400

chemical was in this gas was making him

1525

01:05:11,680 --> 01:05:09,799

very very ill he eventually made it back

1526

01:05:14,349 --> 01:05:11,690

to civilization was taken to a hospital

1527

01:05:16,690 --> 01:05:14,359

where he was examined and found to have

1528

01:05:20,829 --> 01:05:16,700

first and second degree burns in

1529

01:05:23,079 --> 01:05:20,839

addition on his lower chest he had red

1530

01:05:24,940 --> 01:05:23,089

marks and a pattern and correspondent

1531

01:05:28,660 --> 01:05:24,950

according to him to this exhaust vent

1532

01:05:32,200 --> 01:05:28,670

the holes on this exhaust vent and then

1533

01:05:34,690 --> 01:05:32,210

the story came out and the case was

1534

01:05:36,430 --> 01:05:34,700

investigated by the Royal Canadian

1535

01:05:39,130 --> 01:05:36,440

Mounted Police the Royal Canadian Air

1536

01:05:42,099 --> 01:05:39,140

Force it was even part of Blue Book it's

1537

01:05:46,870 --> 01:05:42,109

actually in the Condon report and we

1538

01:05:48,370 --> 01:05:46,880

have remarkably all the document to say

1539

01:05:50,650 --> 01:05:48,380

all is probably a few others but we have

1540

01:05:53,710 --> 01:05:50,660

300 pages of documents from these

1541

01:05:55,359 --> 01:05:53,720

various agencies the transcripts of the

1542

01:05:58,240 --> 01:05:55,369

interviews that the Royal Canadian

1543

01:06:00,549 --> 01:05:58,250

Mounted Police did with him the the

1544

01:06:04,059 --> 01:06:00,559

records that show that they visited with

1545

01:06:07,170 --> 01:06:04,069

the hotel owner of the hotel estate and

1546

01:06:09,549 --> 01:06:07,180

overnight the the housekeeping staff

1547

01:06:11,049 --> 01:06:09,559

they checked with the bar to find out of

1548

01:06:12,599 --> 01:06:11,059

whether he was drinking himself silly

1549

01:06:16,319 --> 01:06:12,609

the night before

1550

01:06:18,329 --> 01:06:16,329

there's documents between members of

1551

01:06:20,349 --> 01:06:18,339

Parliament's and the Canadian

1552

01:06:23,769 --> 01:06:20,359

politicians talking about this because

1553

01:06:26,650 --> 01:06:23,779

it was quite a big thing and then we

1554

01:06:28,299 --> 01:06:26,660

have the opportunity of speaking all

1555

01:06:31,329 --> 01:06:28,309

right and when I opened the case again

1556

01:06:33,670 --> 01:06:31,339

in the 1980s I knew the family because

1557

01:06:36,240 --> 01:06:33,680

it turns out that the witnesses son

1558

01:06:39,819 --> 01:06:36,250

lived literally two blocks away from me

1559

01:06:41,440 --> 01:06:39,829

and I used to hang out with them and and

1560

01:06:43,680 --> 01:06:41,450

write bicycles when I was a kid and

1561

01:06:46,269 --> 01:06:43,690

things like that and so after my

1562

01:06:48,069 --> 01:06:46,279

investigation this is Manitoba I thought

1563

01:06:50,349 --> 01:06:48,079

well I want to know more about this case

1564

01:06:52,930 --> 01:06:50,359

ended up talking with the family who had

1565

01:06:57,099 --> 01:06:52,940

actually turned away media because they

1566

01:06:59,259 --> 01:06:57,109

were sick and tired of being made fun of

1567

01:07:02,140 --> 01:06:59,269

and the people always showing up and not

1568

01:07:05,259 --> 01:07:02,150

really telling the story properly so a

1569

01:07:07,450 --> 01:07:05,269

few years ago the witnesses son and

1570

01:07:09,789 --> 01:07:07,460

myself wrote a book called were titled

1571

01:07:12,160 --> 01:07:09,799

when they appeared giving the story of

1572

01:07:12,460 --> 01:07:12,170

not only the witnesses words because

1573

01:07:14,859 --> 01:07:12,470

there

1574

01:07:17,170 --> 01:07:14,869

a pamphlet which was produced describing

1575

01:07:20,109 --> 01:07:17,180

what happened in his words but also from

1576

01:07:22,120 --> 01:07:20,119

the sons words my investigation and then

1577

01:07:24,640 --> 01:07:22,130

the later fallout plus the human talks

1578

01:07:27,250 --> 01:07:24,650

and photographs now I'm not done yet

1579

01:07:29,530 --> 01:07:27,260

there was actually radioactive material

1580

01:07:32,800 --> 01:07:29,540

found at the site by the Royal Canadian

1581

01:07:35,109 --> 01:07:32,810

Air Force and the RCMP they had actually

1582

01:07:37,359 --> 01:07:35,119

considered closing off the area to the

1583

01:07:41,380 --> 01:07:37,369

public because of a perceived danger and

1584

01:07:43,780 --> 01:07:41,390

then a year later radioactive material

1585

01:07:47,230 --> 01:07:43,790

was found in the crack in a rock over

1586

01:07:49,210 --> 01:07:47,240

which this object had hovered that

1587

01:07:52,839 --> 01:07:49,220

material was found to be almost pure

1588

01:07:56,710 --> 01:07:52,849

silver that was radioactive and it was

1589

01:07:58,420 --> 01:07:56,720

tested by a number of Institute's the

1590

01:08:00,970 --> 01:07:58,430

University of Chicago University of

1591

01:08:03,130 --> 01:08:00,980

Illinois as well University of Arizona

1592

01:08:06,660 --> 01:08:03,140

the lorenz ins had it from a for a pro

1593

01:08:09,390 --> 01:08:06,670

for a while it's been tested by the

1594

01:08:13,570 --> 01:08:09,400

Royal Canadian Mounted Police themselves

1595

01:08:16,120 --> 01:08:13,580

and very recently we have we still have

1596

01:08:19,450 --> 01:08:16,130

one of these pieces which we tested at a

1597

01:08:24,030 --> 01:08:19,460

materials Institute to verify that this

1598

01:08:26,440 --> 01:08:24,040

was in fact of pure silver so we have

1599

01:08:28,780 --> 01:08:26,450

you know testimony from the witness who

1600

01:08:30,910 --> 01:08:28,790

only passed away just before the turn of

1601

01:08:34,390 --> 01:08:30,920

the millennium so I spoke with them at

1602

01:08:36,610 --> 01:08:34,400

length the witnesses family we have the

1603

01:08:40,510 --> 01:08:36,620

documents from the official

1604

01:08:44,680 --> 01:08:40,520

investigators we have the Condon's notes

1605

01:08:46,840 --> 01:08:44,690

actually not Condon himself at one of

1606

01:08:49,450 --> 01:08:46,850

his investigators notes on the on the

1607

01:08:52,180 --> 01:08:49,460

case Michael swords notes on the case

1608

01:08:54,640 --> 01:08:52,190

plus we have the physical evidence we

1609

01:08:57,430 --> 01:08:54,650

have the medical records he actually

1610

01:08:59,430 --> 01:08:57,440

went down to the Mayo Clinic to be

1611

01:09:02,289 --> 01:08:59,440

tested down there not only

1612

01:09:04,240 --> 01:09:02,299

physiologically but psychologically in

1613

01:09:06,280 --> 01:09:04,250

fact we have the evaluation by the Mayo

1614

01:09:08,650 --> 01:09:06,290

Clinic psychiatrist who said this is not

1615

01:09:11,320 --> 01:09:08,660

somebody who makes up stories can you

1616

01:09:15,070 --> 01:09:11,330

think of any other case that has all

1617

01:09:16,900 --> 01:09:15,080

this evidence probably not even Roswell

1618

01:09:20,160 --> 01:09:16,910

Wow amazing

1619

01:09:24,070 --> 01:09:20,170

now last time I talked about this

1620

01:09:26,249 --> 01:09:24,080

incident on the show someone wrote me

1621

01:09:28,700 --> 01:09:26,259

and said oh you don't know that

1622

01:09:32,039 --> 01:09:28,710

that was a hoax has there been like a

1623

01:09:36,269 --> 01:09:32,049

rumor that's going around there and and

1624

01:09:37,799 --> 01:09:36,279

if so what is there you know what's her

1625

01:09:41,430 --> 01:09:37,809

standby of what they're considering a

1626

01:09:43,709 --> 01:09:41,440

hoax quite interesting because the RO

1627

01:09:45,930 --> 01:09:43,719

Canadian Mounted Police and the Royal

1628

01:09:48,269 --> 01:09:45,940

Canadian Air Force both issued reports

1629

01:09:52,829 --> 01:09:48,279

that unequivocally stated that they

1630

01:09:55,950 --> 01:09:52,839

label this case unexplained and you

1631

01:09:57,419 --> 01:09:55,960

don't get that too often and the only

1632

01:09:58,830 --> 01:09:57,429

other possible explanation I mean

1633

01:10:00,600 --> 01:09:58,840

there's two possible explanations either

1634

01:10:03,629 --> 01:10:00,610

it happened as he said or it's

1635

01:10:06,540 --> 01:10:03,639

completely made-up but I guess you have

1636

01:10:10,080 --> 01:10:06,550

to figure out if he made it up

1637

01:10:12,299 --> 01:10:10,090

how would you manufacture some of this

1638

01:10:13,439 --> 01:10:12,309

material getting the radiation at the

1639

01:10:15,390 --> 01:10:13,449

site

1640

01:10:18,049 --> 01:10:15,400

this was actually melted silver that was

1641

01:10:21,470 --> 01:10:18,059

found in a rock in a crack in the rock

1642

01:10:26,279 --> 01:10:21,480

and you can actually get to the site now

1643

01:10:29,220 --> 01:10:26,289

in fact you have to take a horseback

1644

01:10:30,720 --> 01:10:29,230

ride to get there because you could walk

1645

01:10:33,660 --> 01:10:30,730

in but it would take you quite some time

1646

01:10:36,479 --> 01:10:33,670

across swamps but the best way in right

1647

01:10:39,120 --> 01:10:36,489

now is through a 45 to an hour horseback

1648

01:10:41,580 --> 01:10:39,130

ride over some pretty rugged territory

1649

01:10:45,540 --> 01:10:41,590

not for these not for the amateur

1650

01:10:47,250 --> 01:10:45,550

horseback rider by the way and so you

1651
01:10:49,950 --> 01:10:47,260
know to manufacture this and then you

1652
01:10:51,720 --> 01:10:49,960
have to consider the fact that the RCMP

1653
01:10:55,680 --> 01:10:51,730
and RCF took the matter very seriously

1654
01:10:57,720 --> 01:10:55,690
and didn't charge him with mischief the

1655
01:11:01,169 --> 01:10:57,730
story was very very consistent he did

1656
01:11:04,080 --> 01:11:01,179
not change his story you know all the

1657
01:11:06,359 --> 01:11:04,090
years that followed I know that some

1658
01:11:08,669 --> 01:11:06,369
hardcore debunkers and skeptics you know

1659
01:11:13,290 --> 01:11:08,679
just dismiss it out of hand because why

1660
01:11:15,390 --> 01:11:13,300
I mean why not but but you know there's

1661
01:11:18,330 --> 01:11:15,400
a lot of evidence here in this

1662
01:11:20,459 --> 01:11:18,340
particular case and a lot of the things

1663
01:11:23,609 --> 01:11:20,469

that were said about him were simply

1664

01:11:26,490 --> 01:11:23,619

untrue for example the bartender at the

1665

01:11:29,819 --> 01:11:26,500

hotel told the row Canadian Air Force

1666

01:11:32,250 --> 01:11:29,829

that the the witness had you know but

1667

01:11:34,589 --> 01:11:32,260

many many drinks when he showed up at

1668

01:11:36,990 --> 01:11:34,599

8:30 in the evening and he drank until

1669

01:11:38,819 --> 01:11:37,000

closing time or something like that well

1670

01:11:40,050 --> 01:11:38,829

it turns out that that's completely

1671

01:11:42,840 --> 01:11:40,060

impossible

1672

01:11:44,760 --> 01:11:42,850

because the bus that brought him to that

1673

01:11:49,260 --> 01:11:44,770

town to the where the hotel was didn't

1674

01:11:50,730 --> 01:11:49,270

get in till 9:30 and the house cleaning

1675

01:11:53,520 --> 01:11:50,740

staff said well there no there weren't

1676

01:11:55,640 --> 01:11:53,530

any bottles in his room and you know

1677

01:11:58,320 --> 01:11:55,650

there simply wasn't any way that he was

1678

01:12:01,140 --> 01:11:58,330

drunk and I guess the other thing is if

1679

01:12:02,940 --> 01:12:01,150

he you know really was drunk many people

1680

01:12:05,760 --> 01:12:02,950

saw him leave the hotel many people saw

1681

01:12:07,860 --> 01:12:05,770

him coming and going you know the story

1682

01:12:10,620 --> 01:12:07,870

itself doesn't make any sense and being

1683

01:12:12,270 --> 01:12:10,630

drunk alone wouldn't allow you know some

1684

01:12:14,100 --> 01:12:12,280

of this evidence to be procured and make

1685

01:12:17,730 --> 01:12:14,110

up such an incredible story it you know

1686

01:12:20,940 --> 01:12:17,740

it's that that itself doesn't you know

1687

01:12:24,570 --> 01:12:20,950

explain anything it's a very fascinating

1688

01:12:28,020 --> 01:12:24,580

case and you know in the book and and

1689

01:12:31,890 --> 01:12:28,030

even the the witness himself never

1690

01:12:33,630 --> 01:12:31,900

talked in terms of aliens he he never

1691

01:12:36,030 --> 01:12:33,640

talked in terms of little green guys he

1692

01:12:38,220 --> 01:12:36,040

thought it was a physical now space

1693

01:12:42,450 --> 01:12:38,230

landing craft produced by Americans or

1694

01:12:44,910 --> 01:12:42,460

Russians or something and in our book we

1695

01:12:47,130 --> 01:12:44,920

you know we were simply state we leave

1696

01:12:49,650 --> 01:12:47,140

this case open and you know simply

1697

01:12:51,360 --> 01:12:49,660

dismissing it as a hoax is insufficient

1698

01:12:53,670 --> 01:12:51,370

but we also don't have any proof that

1699

01:12:55,980 --> 01:12:53,680

this was actually a you know an alien

1700

01:12:58,500 --> 01:12:55,990

spacecraft it's a fascinating case a

1701

01:13:00,180 --> 01:12:58,510

fascinating case study and one of the

1702

01:13:02,400 --> 01:13:00,190

reasons we told the story in this forum

1703

01:13:05,910 --> 01:13:02,410

was to to get the information out and

1704

01:13:07,350 --> 01:13:05,920

all of this material

1705

01:13:10,200 --> 01:13:07,360

you know the documents the government

1706

01:13:12,780 --> 01:13:10,210

documents the from the RCMP and the RCAF

1707

01:13:15,930 --> 01:13:12,790

plus our own investigation files plus

1708

01:13:18,570 --> 01:13:15,940

letters on file from UFO investigators

1709

01:13:18,900 --> 01:13:18,580

themselves the doctors reports and so

1710

01:13:22,890 --> 01:13:18,910

forth

1711

01:13:24,930 --> 01:13:22,900

we I've turned that over already to the

1712

01:13:27,180 --> 01:13:24,940

University of Manitoba archives and it's

1713

01:13:30,150 --> 01:13:27,190

in the process of digitizing that as

1714

01:13:32,120 --> 01:13:30,160

well so that that'll be available for

1715

01:13:36,720 --> 01:13:32,130

researchers to take a look at as well so

1716

01:13:39,240 --> 01:13:36,730

I don't know it's it's it's a great case

1717

01:13:41,940 --> 01:13:39,250

and has all the elements you want in a

1718

01:13:44,820 --> 01:13:41,950

UFO case but if that's not enough hey

1719

01:13:46,980 --> 01:13:44,830

that's that's fine right now I'm putting

1720

01:13:49,680 --> 01:13:46,990

up on YouTube for those people over

1721

01:13:52,640 --> 01:13:49,690

there you can see the the grid marks

1722

01:13:57,080 --> 01:13:52,650

that this whatever it was

1723

01:14:00,470 --> 01:13:57,090

it looks very very painful and and what

1724

01:14:04,070 --> 01:14:00,480

type of health issues did he have

1725

01:14:06,790 --> 01:14:04,080

because of this did he have well well he

1726

01:14:09,800 --> 01:14:06,800

did is in fact he was very very nauseous

1727

01:14:13,340 --> 01:14:09,810

lost a lot of weight couldn't hold food

1728

01:14:15,860 --> 01:14:13,350

down his son said that there was this

1729

01:14:16,880 --> 01:14:15,870

odor in his bedroom because he

1730

01:14:19,820 --> 01:14:16,890

eventually was released from the

1731

01:14:21,460 --> 01:14:19,830

hospital and he was sent home there was

1732

01:14:25,610 --> 01:14:21,470

this odor that he said it was like

1733

01:14:29,870 --> 01:14:25,620

rotten eggs sulfur that was emanating

1734

01:14:35,090 --> 01:14:29,880

from his body itself he was given blood

1735

01:14:36,770 --> 01:14:35,100

tests there were you know there's no

1736

01:14:39,080 --> 01:14:36,780

question that he had these marks in fact

1737

01:14:41,120 --> 01:14:39,090

he at this grid mark thing he described

1738

01:14:42,440 --> 01:14:41,130

as his buttons because they they they

1739

01:14:45,490 --> 01:14:42,450

healed but you could actually feel the

1740

01:14:49,700 --> 01:14:45,500

scar tissue under his chest and stomach

1741

01:14:51,440 --> 01:14:49,710

right just under the skin he had a

1742

01:14:53,420 --> 01:14:51,450

series of fainting spells

1743

01:14:56,630 --> 01:14:53,430

in fact the Mayo Clinic suggests that

1744

01:14:59,090 --> 01:14:56,640

there was some sort of toxin that was in

1745

01:15:02,000 --> 01:14:59,100

his system that needed to eventually

1746

01:15:04,750 --> 01:15:02,010

work its way out and you know over the

1747

01:15:07,970 --> 01:15:04,760

course of many years he had relapses

1748

01:15:10,520 --> 01:15:07,980

allergic reaction his body swelled up

1749

01:15:12,350 --> 01:15:10,530

passed out and so forth he was an

1750

01:15:16,220 --> 01:15:12,360

otherwise healthy man and had never been

1751

01:15:17,780 --> 01:15:16,230

sick a day in his life and by the people

1752

01:15:20,750 --> 01:15:17,790

that interviewed him and talked to him

1753

01:15:22,850 --> 01:15:20,760

you know after this happened what was

1754

01:15:24,680 --> 01:15:22,860

his you said that he never thought it

1755

01:15:28,310 --> 01:15:24,690

was never mentioned alien or whatever

1756

01:15:30,110 --> 01:15:28,320

but did he go his entire life you know

1757

01:15:32,600 --> 01:15:30,120

trying to figure out what this thing was

1758

01:15:35,780 --> 01:15:32,610

or did he just try to move on from that

1759

01:15:40,610 --> 01:15:35,790

do you know no he did in fact try to

1760

01:15:45,670 --> 01:15:40,620

move on he you know gue drastically cut

1761

01:15:48,050 --> 01:15:45,680

down on his his time going into the bush

1762

01:15:49,520 --> 01:15:48,060

he again you know like so many people

1763

01:15:50,840 --> 01:15:49,530

said him you know if people don't

1764

01:15:53,360 --> 01:15:50,850

believe me they don't believe me but

1765

01:15:54,500 --> 01:15:53,370

this is this is what happened to me in

1766

01:15:59,270 --> 01:15:54,510

fact it took a great deal of

1767

01:16:01,370 --> 01:15:59,280

arm-twisting to convince him and his

1768

01:16:04,550 --> 01:16:01,380

wife and his son to go on unsolved

1769

01:16:06,320 --> 01:16:04,560

mysteries NBC flew myself and them down

1770

01:16:09,110 --> 01:16:06,330

to their set to do the

1771

01:16:12,440 --> 01:16:09,120

recreation for unsolved mysteries the

1772

01:16:15,590 --> 01:16:12,450

original version with with Robert Stack

1773

01:16:19,580 --> 01:16:15,600

oh yeah and I think it was redone and

1774

01:16:22,850 --> 01:16:19,590

re-edited there and they really didn't

1775

01:16:24,320 --> 01:16:22,860

do very many more interviews after that

1776

01:16:27,980 --> 01:16:24,330

I know it was done on a and E's

1777

01:16:30,110 --> 01:16:27,990

unexplained and a few others and with

1778

01:16:32,180 --> 01:16:30,120

which we participated and but they

1779

01:16:33,980 --> 01:16:32,190

really really pulled back and didn't

1780

01:16:39,080 --> 01:16:33,990

want to talk about things very much

1781

01:16:41,090 --> 01:16:39,090

after that because in our book the the

1782

01:16:42,970 --> 01:16:41,100

witness's son described how he was

1783

01:16:45,410 --> 01:16:42,980

bullied at school you know your dad's

1784

01:16:48,500 --> 01:16:45,420

alien ship you know that sort of stuff

1785

01:16:51,320 --> 01:16:48,510

and he was treated very very badly the

1786

01:16:54,020 --> 01:16:51,330

family you know had a lot more to lose

1787

01:16:58,210 --> 01:16:54,030

than gain from telling the story it did

1788

01:17:03,290 --> 01:16:58,220

not gain any any money financially and

1789

01:17:07,280 --> 01:17:03,300

you know it it was truly truly an

1790

01:17:10,310 --> 01:17:07,290

amazing experience to and it to to you

1791

01:17:11,840 --> 01:17:10,320

know to to read and what the son wrote

1792

01:17:14,780 --> 01:17:11,850

in our book and to hear him talk about

1793

01:17:16,460 --> 01:17:14,790

it himself in fact there's a very

1794

01:17:18,890 --> 01:17:16,470

powerful moment and I think I have it on

1795

01:17:21,230 --> 01:17:18,900

one of my youtube channels where the son

1796

01:17:24,280 --> 01:17:21,240

had never gone out to the site in all

1797

01:17:30,170 --> 01:17:24,290

the fifty years since this happened and

1798

01:17:32,300 --> 01:17:30,180

he went out with us by horseback for the

1799

01:17:34,280 --> 01:17:32,310

fiftieth anniversary and one of the

1800

01:17:36,320 --> 01:17:34,290

things he had was a copy of a map that

1801
01:17:40,790 --> 01:17:36,330
his father had drawn of the lay of the

1802
01:17:42,590 --> 01:17:40,800
land where this thing happened and he

1803
01:17:44,750 --> 01:17:42,600
had that copy of the map with him when

1804
01:17:46,760 --> 01:17:44,760
we went to the site and when we were

1805
01:17:47,470 --> 01:17:46,770
standing at the location where this

1806
01:17:50,680 --> 01:17:47,480
happened

1807
01:17:54,350 --> 01:17:50,690
he was almost brought to tears because

1808
01:17:56,720 --> 01:17:54,360
the map correspondent completely with

1809
01:17:59,270 --> 01:17:56,730
what his father said it looked like at

1810
01:18:01,880 --> 01:17:59,280
that time and he just he looked under

1811
01:18:04,370 --> 01:18:01,890
the camera he said he was telling the

1812
01:18:06,380 --> 01:18:04,380
truth this actually happened and it

1813
01:18:10,100 --> 01:18:06,390

happened right here Wow

1814

01:18:12,920 --> 01:18:10,110

it's a very very profound yeah yeah now

1815

01:18:14,150 --> 01:18:12,930

you mentioned that this thing rotated

1816

01:18:16,940 --> 01:18:14,160

and it was probably almost like an

1817

01:18:20,000 --> 01:18:16,950

exhaust was there any type of like loud

1818

01:18:25,310 --> 01:18:20,010

noise or do you talk about that

1819

01:18:27,589 --> 01:18:25,320

at all there was a rush of wind yeah no

1820

01:18:29,629 --> 01:18:27,599

no rocket exhaust or anything like that

1821

01:18:32,060 --> 01:18:29,639

in fact he had heard while this thing

1822

01:18:34,549 --> 01:18:32,070

was landed he described the sound as if

1823

01:18:38,000 --> 01:18:34,559

a bellows was expelling and bringing in

1824

01:18:39,319 --> 01:18:38,010

air while it was on the ground so those

1825

01:18:40,580 --> 01:18:39,329

are the types of things and he said

1826

01:18:42,919 --> 01:18:40,590

there's a smell like a burning

1827

01:18:45,109 --> 01:18:42,929

electrical motor all these little tiny

1828

01:18:50,029 --> 01:18:45,119

details that that add up to a really

1829

01:18:51,919 --> 01:18:50,039

profound experience and a detail it with

1830

01:18:54,169 --> 01:18:51,929

some details that you know really add up

1831

01:18:55,370 --> 01:18:54,179

to something a suggester really was

1832

01:18:57,589 --> 01:18:55,380

something physical there

1833

01:18:59,660 --> 01:18:57,599

now what about landing gear or

1834

01:19:01,970 --> 01:18:59,670

impressions or anything like that was

1835

01:19:04,279 --> 01:19:01,980

there anything that ever discussed he

1836

01:19:05,569 --> 01:19:04,289

actually never saw any in fact there's

1837

01:19:07,939 --> 01:19:05,579

some discussion about whether it was

1838

01:19:12,319 --> 01:19:07,949

actually landed or just hovering above

1839

01:19:17,419 --> 01:19:12,329

where this took place was on a pretty

1840

01:19:19,790 --> 01:19:17,429

solid rock rock face and so you know

1841

01:19:22,160 --> 01:19:19,800

there wouldn't be anything any any

1842

01:19:25,250 --> 01:19:22,170

landing pad that could have made a dent

1843

01:19:27,109 --> 01:19:25,260

or anything like that right did he after

1844

01:19:29,750 --> 01:19:27,119

this incident happened did he still

1845

01:19:31,729 --> 01:19:29,760

prospect like he was doing at that case

1846

01:19:33,919 --> 01:19:31,739

or was this something that not as much

1847

01:19:36,859 --> 01:19:33,929

not as much in fact his wife told him

1848

01:19:39,020 --> 01:19:36,869

you're done basically you're good yeah

1849

01:19:43,129 --> 01:19:39,030

yeah especially with the health reasons

1850

01:19:45,529 --> 01:19:43,139

that's especially and I'm sorry you may

1851
01:19:48,009 --> 01:19:45,539
have already mentioned this but was

1852
01:19:50,479 --> 01:19:48,019
there any radioactivity

1853
01:19:54,379 --> 01:19:50,489
well there was radioactivity found at

1854
01:19:57,350 --> 01:19:54,389
the site by the RCAF and an RCMP and

1855
01:20:00,770 --> 01:19:57,360
then a year later the this these

1856
01:20:04,009 --> 01:20:00,780
radioactive metal pieces were found at

1857
01:20:06,169 --> 01:20:04,019
the site the radioactivity that was

1858
01:20:09,919 --> 01:20:06,179
found originally may have been due to

1859
01:20:11,600 --> 01:20:09,929
radon may have been due to some natural

1860
01:20:15,040 --> 01:20:11,610
uranium pitchblende that's one

1861
01:20:17,270 --> 01:20:15,050
possibility but there was a definitely

1862
01:20:19,729 --> 01:20:17,280
radioactivity above normal background

1863
01:20:22,069 --> 01:20:19,739

that was found at the site and then but

1864

01:20:26,569 --> 01:20:22,079

the radioactivity that was found on this

1865

01:20:28,100 --> 01:20:26,579

silver was definitely anomalous and you

1866

01:20:32,270 --> 01:20:28,110

know that's a that's still a matter of

1867

01:20:33,890 --> 01:20:32,280

debate would you consider this case you

1868

01:20:36,800 --> 01:20:33,900

said it has basically all the

1869

01:20:39,979 --> 01:20:36,810

and whistles is this like Canada's

1870

01:20:42,800 --> 01:20:39,989

Roswell in a way I think it's definitely

1871

01:20:44,240 --> 01:20:42,810

Canada's Roswell but I would say better

1872

01:20:45,740 --> 01:20:44,250

than Roswell because the United States

1873

01:20:47,419 --> 01:20:45,750

government doesn't acknowledge that

1874

01:20:50,180 --> 01:20:47,429

Roswell happen whereas the Canadian

1875

01:20:52,640 --> 01:20:50,190

government you know does we know where

1876

01:20:55,390 --> 01:20:52,650

this happened to us to a precise

1877

01:20:57,830 --> 01:20:55,400

location we GPS marked it very recently

1878

01:21:01,280 --> 01:20:57,840

we actually have the physical evidence

1879

01:21:03,320 --> 01:21:01,290

in our hands in fact I could reach over

1880

01:21:06,800 --> 01:21:03,330

and touch one of them right now okay

1881

01:21:09,140 --> 01:21:06,810

something in front of the camera I can

1882

01:21:12,200 --> 01:21:09,150

move away for a second is that okay fine

1883

01:21:16,310 --> 01:21:12,210

sure yeah okay yeah you know vamp just a

1884

01:21:19,160 --> 01:21:16,320

second here yeah he has no problem so my

1885

01:21:20,860 --> 01:21:19,170

guest Chris rutkowski he is a tough to

1886

01:21:24,080 --> 01:21:20,870

get some evidence we're gonna see this

1887

01:21:27,020 --> 01:21:24,090

actually on YouTube so if you're

1888

01:21:29,260 --> 01:21:27,030

listening to this as a podcast I can't

1889

01:21:32,419 --> 01:21:29,270

tell you exactly how many many minutes a

1890

01:21:37,000 --> 01:21:32,429

good job vamping okay so I have it I

1891

01:21:39,229 --> 01:21:37,010

have the this here and it's in a glass

1892

01:21:41,959 --> 01:21:39,239

case because it is still slightly

1893

01:21:47,840 --> 01:21:41,969

radioactive I'm just taking it out right

1894

01:21:55,820 --> 01:21:47,850

now know what and it's double lined I'm

1895

01:21:59,240 --> 01:21:55,830

just taking it out and here we go oh I

1896

01:22:02,209 --> 01:21:59,250

think I saw this online this is how the

1897

01:22:05,600 --> 01:22:02,219

sunlight yeah this is radioactive it's

1898

01:22:10,430 --> 01:22:05,610

almost pure silver it's actually quite

1899

01:22:15,140 --> 01:22:10,440

heavy and it's been tested by a number

1900

01:22:17,720 --> 01:22:15,150

of laboratories and it's definitely the

1901

01:22:19,910 --> 01:22:17,730

subject pure silver yeah subject to a

1902

01:22:22,040 --> 01:22:19,920

lot of heat you can definitely tell that

1903

01:22:24,189 --> 01:22:22,050

we've had it we put it on electron

1904

01:22:25,430 --> 01:22:24,199

microscope last year as a matter of fact

1905

01:22:27,620 --> 01:22:25,440

Wow

1906

01:22:30,470 --> 01:22:27,630

so there's nothing anomalous about it is

1907

01:22:33,169 --> 01:22:30,480

it is just the element of silver

1908

01:22:34,910 --> 01:22:33,179

basically yes in fact it's very well

1909

01:22:39,169 --> 01:22:34,920

that's what sonam anomalous actually

1910

01:22:40,700 --> 01:22:39,179

it's almost pure silver yeah and that in

1911

01:22:42,979 --> 01:22:40,710

itself is it is a little bit strange

1912

01:22:46,399 --> 01:22:42,989

unless it comes directly from the centre

1913

01:22:47,270 --> 01:22:46,409

of a vein you know well no this this is

1914

01:22:49,190 --> 01:22:47,280

more commercial

1915

01:22:51,260 --> 01:22:49,200

silver it's actually very very pure

1916

01:22:53,510 --> 01:22:51,270

silver veins would be all that mean

1917

01:22:56,570 --> 01:22:53,520

either percent you know I think so he

1918

01:22:57,230 --> 01:22:56,580

was you know anywhere from you know nine

1919

01:22:59,060 --> 01:22:57,240

point two

1920

01:23:02,510 --> 01:22:59,070

I mean ninety two point five percent of

1921

01:23:04,430 --> 01:23:02,520

sterling silver is higher than that this

1922

01:23:06,560 --> 01:23:04,440

yeah this is a you know the lab reports

1923

01:23:09,950 --> 01:23:06,570

verify that this is this is definitely a

1924

01:23:11,660 --> 01:23:09,960

high quality silver amazing and it was

1925

01:23:13,520 --> 01:23:11,670

just sit was basically just sitting

1926

01:23:15,290 --> 01:23:13,530

there on that location

1927

01:23:18,410 --> 01:23:15,300

well that city was if they have to dig

1928

01:23:21,290 --> 01:23:18,420

it out they had to dig it and I guess

1929

01:23:23,870 --> 01:23:21,300

you know there's you know if you assume

1930

01:23:27,050 --> 01:23:23,880

I want to believe that this was left

1931

01:23:30,170 --> 01:23:27,060

behind by a saucer of some sort you have

1932

01:23:33,170 --> 01:23:30,180

to wonder you know what what saucers

1933

01:23:35,330 --> 01:23:33,180

drip silver or something I mean it that

1934

01:23:38,570 --> 01:23:35,340

in itself doesn't make any sense

1935

01:23:41,450 --> 01:23:38,580

in fact the what's fascinating about

1936

01:23:45,530 --> 01:23:41,460

this case it really it makes you have

1937

01:23:47,480 --> 01:23:45,540

more questions than answers yeah and as

1938

01:23:50,330 --> 01:23:47,490

I say it's more of a case study of a

1939

01:23:52,010 --> 01:23:50,340

case and for me that's that's part of

1940

01:23:55,010 --> 01:23:52,020

the the the challenge to try and

1941

01:23:59,890 --> 01:23:55,020

understand what really happened yes yeah

1942

01:24:02,120 --> 01:23:59,900

so really amazing now there was another

1943

01:24:04,670 --> 01:24:02,130

you talking about the government

1944

01:24:07,820 --> 01:24:04,680

actually you know admitting that you

1945

01:24:10,970 --> 01:24:07,830

have a saucer they did also in shag

1946

01:24:12,470 --> 01:24:10,980

harbour am I getting that right yeah

1947

01:24:14,960 --> 01:24:12,480

there are government documents regarding

1948

01:24:16,850 --> 01:24:14,970

shag harbour I think there's only five

1949

01:24:18,770 --> 01:24:16,860

or something like that whereas with

1950

01:24:21,110 --> 01:24:18,780

Falcon Lake we have three or four

1951

01:24:23,030 --> 01:24:21,120

hundred something like that but the five

1952

01:24:25,190 --> 01:24:23,040

really are quite interesting they show

1953

01:24:26,780 --> 01:24:25,200

that there's something really did happen

1954

01:24:29,450 --> 01:24:26,790

there was some discussion at a high

1955

01:24:31,250 --> 01:24:29,460

level and the Canadian Navy was

1956

01:24:33,550 --> 01:24:31,260

encouraged to go in and try and recover

1957

01:24:37,520 --> 01:24:33,560

whatever it was that was under the water

1958

01:24:41,180 --> 01:24:37,530

and though there are many many

1959

01:24:43,880 --> 01:24:41,190

fascinating reports like that and I'm

1960

01:24:46,670 --> 01:24:43,890

asthmatic one of my next projects is

1961

01:24:48,650 --> 01:24:46,680

going and do some forensic ufology if

1962

01:24:51,740 --> 01:24:48,660

you can believe that trying to go back

1963

01:24:54,140 --> 01:24:51,750

and look at some cold cases and the

1964

01:24:56,600 --> 01:24:54,150

government records themselves excellent

1965

01:24:58,910 --> 01:24:56,610

well we are open for calls if anyone

1966

01:25:01,130 --> 01:24:58,920

would like to call in and that phone

1967

01:25:03,920 --> 01:25:01,140

number if you're over at kgr

1968

01:25:07,280 --> 01:25:03,930

a radio that phone number is eight five

1969

01:25:09,290 --> 01:25:07,290

five four seven two five four eight

1970

01:25:12,260 --> 01:25:09,300

three that numbers up on the screen if

1971

01:25:15,320 --> 01:25:12,270

you're on YouTube so we do have a call

1972

01:25:17,570 --> 01:25:15,330

screener race will be standing by so

1973

01:25:22,010 --> 01:25:17,580

you're welcome to call in the line is

1974

01:25:26,180 --> 01:25:22,020

open this is uh this is really a great

1975

01:25:28,280 --> 01:25:26,190

talk I'm you know it's one of it's it's

1976

01:25:31,670 --> 01:25:28,290

it's been a really really fun show for

1977

01:25:35,030 --> 01:25:31,680

me so far and let's talk about some of

1978

01:25:36,890 --> 01:25:35,040

the other incidents that you find have a

1979

01:25:40,660 --> 01:25:36,900

lot of merit because from what I

1980

01:25:43,280 --> 01:25:40,670

understand tell me if I'm wrong but I

1981

01:25:45,920 --> 01:25:43,290

have heard over the years that you were

1982

01:25:48,260 --> 01:25:45,930

very very cautious and you're a good

1983

01:25:51,470 --> 01:25:48,270

skeptic you're not a debunker you're a

1984

01:25:53,590 --> 01:25:51,480

skeptic and and and you really like to

1985

01:25:56,680 --> 01:25:53,600

present you know things that are solid

1986

01:26:01,100 --> 01:25:56,690

if you're going to get involved at all

1987

01:26:02,420 --> 01:26:01,110

well yeah in fact hardcore believers are

1988

01:26:04,580 --> 01:26:02,430

convinced that I'm a skeptic and a

1989

01:26:07,940 --> 01:26:04,590

debunk er whereas debunkers and they're

1990

01:26:09,620 --> 01:26:07,950

the real skeptics I mean like Schaffer

1991

01:26:12,050 --> 01:26:09,630

and Phil play Phil play is nothing good

1992

01:26:13,640 --> 01:26:12,060

to say about me let me just say that I'm

1993

01:26:16,280 --> 01:26:13,650

too much of a believer

1994

01:26:17,870 --> 01:26:16,290

so I'm sitting on the fence and you know

1995

01:26:20,360 --> 01:26:17,880

those pointy picket fences are really

1996

01:26:23,660 --> 01:26:20,370

tough to sit on they're they're really

1997

01:26:25,490 --> 01:26:23,670

painful but I mean I I I have the you

1998

01:26:28,070 --> 01:26:25,500

know astronomy background so I know the

1999

01:26:32,300 --> 01:26:28,080

likelihood of star stellar evolution in

2000

01:26:33,650 --> 01:26:32,310

other planets and life elsewhere I have

2001

01:26:35,840 --> 01:26:33,660

a good knowledge of what's in the sky

2002

01:26:37,880 --> 01:26:35,850

and most of the reports that I get of

2003

01:26:39,650 --> 01:26:37,890

Venus these days I can just say that the

2004

01:26:41,540 --> 01:26:39,660

people you're watching Venus I know it's

2005

01:26:44,720 --> 01:26:41,550

very bright right now but that that's

2006

01:26:50,780 --> 01:26:47,210

but at the same time you know I I like

2007

01:26:53,180 --> 01:26:50,790

to say that don't believe the believers

2008

01:26:56,150 --> 01:26:53,190

necessarily but be skeptical of skeptics

2009

01:27:02,450 --> 01:26:56,160

and the other thing I often say in my

2010

01:27:07,040 --> 01:27:02,460

lectures is that you know if the UFO

2011

01:27:11,210 --> 01:27:07,050

phenomenon is is has a physical

2012

01:27:15,049 --> 01:27:11,220

component or perhaps a psychological or

2013

01:27:17,180 --> 01:27:15,059

a sociological component in any of those

2014

01:27:20,149 --> 01:27:17,190

categories it's worth a study and

2015

01:27:23,839 --> 01:27:20,159

investigation and you know there are so

2016

01:27:27,020 --> 01:27:23,849

many masters theses and PhD theses being

2017

01:27:28,850 --> 01:27:27,030

done on UFOs right now I mean over the

2018

01:27:30,740 --> 01:27:28,860

years there's been hundreds and hundreds

2019

01:27:33,589 --> 01:27:30,750

and hundreds and you know just over the

2020

01:27:36,709 --> 01:27:33,599

past I don't know six months I've had a

2021

01:27:39,640 --> 01:27:36,719

half-dozen doctoral and master's thesis

2022

01:27:42,589 --> 01:27:39,650

students from all across North America

2023

01:27:45,260 --> 01:27:42,599

you know asking for help in doing some

2024

01:27:47,330 --> 01:27:45,270

of the research into the their UFO

2025

01:27:50,660 --> 01:27:47,340

topics so there's serious scientific

2026

01:27:52,399 --> 01:27:50,670

research that's being done out there but

2027

01:27:57,080 --> 01:27:52,409

at the same time we're bombarded all the

2028

01:28:02,209 --> 01:27:57,090

time with with pop ufology you know of

2029

01:28:05,089 --> 01:28:02,219

you know mysterious drones and videos

2030

01:28:07,129 --> 01:28:05,099

that appear on youtube with some release

2031

01:28:09,700 --> 01:28:07,139

you know doubtful

2032

01:28:11,720 --> 01:28:09,710

dubious providence and things like that

2033

01:28:13,339 --> 01:28:11,730

plus a lot of things that are being

2034

01:28:15,890 --> 01:28:13,349

talked about at conferences now about

2035

01:28:17,779 --> 01:28:15,900

you know how aliens fly used to use

2036

01:28:20,419 --> 01:28:17,789

consciousness and ESP to pilot their

2037

01:28:22,250 --> 01:28:20,429

airplanes and you know we've got 76

2038

01:28:23,899 --> 01:28:22,260

varieties of aliens from this planet in

2039

01:28:25,580 --> 01:28:23,909

this planet the summer reptilian and

2040

01:28:27,470 --> 01:28:25,590

some are at second oh and whatever yeah

2041

01:28:29,000 --> 01:28:27,480

the reality is we don't know we simply

2042

01:28:32,529 --> 01:28:29,010

don't have good information on that

2043

01:28:35,479 --> 01:28:32,539

that's sheer speculation which is fun

2044

01:28:36,950 --> 01:28:35,489

but at the same time is there some meat

2045

01:28:38,479 --> 01:28:36,960

down there because one of the things i

2046

01:28:41,149 --> 01:28:38,489

do is i liaise with a scientific

2047

01:28:43,850 --> 01:28:41,159

community in order to talk about ufos

2048

01:28:46,279 --> 01:28:43,860

with with scientists and you'd be

2049

01:28:48,500 --> 01:28:46,289

surprised how how many are willing to

2050

01:28:50,419 --> 01:28:48,510

talk as long as you don't wear tinfoil

2051

01:28:53,740 --> 01:28:50,429

hats and the pyramids on your heads yeah

2052

01:28:57,169 --> 01:28:53,750

or or put their name and print maybe

2053

01:29:02,950 --> 01:28:57,179

well some of them are okay with that

2054

01:29:08,330 --> 01:29:02,960

now back in 2013 the kepler

2055

01:29:11,899 --> 01:29:08,340

basically as far as the earth-like

2056

01:29:14,209 --> 01:29:11,909

possibilities of planets within just our

2057

01:29:16,790 --> 01:29:14,219

Milky Way could be as high as 40 billion

2058

01:29:19,160 --> 01:29:16,800

I like to ask up people that know a

2059

01:29:21,799 --> 01:29:19,170

little bit about astronomy that have a

2060

01:29:24,410 --> 01:29:21,809

interest in this topic this question

2061

01:29:28,779 --> 01:29:24,420

just to hear what you would say about it

2062

01:29:31,180 --> 01:29:28,789

and that is why would we be so special

2063

01:29:33,939 --> 01:29:31,190

if there is a possibility of that many

2064

01:29:36,310 --> 01:29:33,949

earth-like planets with life just say

2065

01:29:37,720 --> 01:29:36,320

intelligent life if there's a fraction

2066

01:29:41,620 --> 01:29:37,730

of them that could have intelligent life

2067

01:29:43,810 --> 01:29:41,630

on it that's still billions and so why

2068

01:29:46,479 --> 01:29:43,820

would we be so popular that we'd be

2069

01:29:49,779 --> 01:29:46,489

visited especially as much as we're

2070

01:29:51,189 --> 01:29:49,789

being visited just your opinion well you

2071

01:29:53,620 --> 01:29:51,199

know the Drake Equation which which

2072

01:29:56,290 --> 01:29:53,630

calculates a some upper and lower bounds

2073

01:30:00,250 --> 01:29:56,300

for for the number of habitable planets

2074

01:30:03,640 --> 01:30:00,260

with with intelligent life it's really

2075

01:30:05,350 --> 01:30:03,650

an approximation and you know it's true

2076

01:30:07,390 --> 01:30:05,360

there will be you know given the size of

2077

01:30:09,669 --> 01:30:07,400

the galaxy there will be you know many

2078

01:30:12,250 --> 01:30:09,679

many planets out there that are like in

2079

01:30:14,709 --> 01:30:12,260

the supporting life and possibly have

2080

01:30:16,000 --> 01:30:14,719

intelligent life but not all that many

2081

01:30:17,589 --> 01:30:16,010

and the other problem is that the

2082

01:30:20,140 --> 01:30:17,599

distance between them is going to be

2083

01:30:23,709 --> 01:30:20,150

very very very large I mean even the

2084

01:30:25,779 --> 01:30:23,719

nearest star

2085

01:30:28,180 --> 01:30:25,789

you know Proximus ensure I is you know

2086

01:30:32,169 --> 01:30:28,190

three and a half light-years away and

2087

01:30:34,270 --> 01:30:32,179

it's closest and so you know that that's

2088

01:30:38,080 --> 01:30:34,280

that's pretty decent and you know James

2089

01:30:41,169 --> 01:30:38,090

Cameron is is telling us all about it in

2090

01:30:43,089 --> 01:30:41,179

his movies that are upcoming and it's

2091

01:30:44,500 --> 01:30:43,099

possible that there could be a moon like

2092

01:30:47,979 --> 01:30:44,510

that around one of the planets around

2093

01:30:49,839 --> 01:30:47,989

other since your eye system but you know

2094

01:30:52,000 --> 01:30:49,849

it's really tough to travel between the

2095

01:30:53,919 --> 01:30:52,010

stars and why would we be special well

2096

01:30:57,399 --> 01:30:53,929

probably because of water water actually

2097

01:30:59,410 --> 01:30:57,409

is very very rare and carbon-based life

2098

01:31:01,270 --> 01:30:59,420

even though you know it's possible to

2099

01:31:03,779 --> 01:31:01,280

have silicon based life carbon-based

2100

01:31:06,549 --> 01:31:03,789

life seems to be the easiest to produce

2101

01:31:08,979 --> 01:31:06,559

and for that you need liquid water in

2102

01:31:13,089 --> 01:31:08,989

the right temperature zone and so forth

2103

01:31:15,819 --> 01:31:13,099

so you know it's a the the fact that you

2104

01:31:19,569 --> 01:31:15,829

need water in a atmosphere there's not

2105

01:31:23,649 --> 01:31:19,579

to reducing you know suggesting we are

2106

01:31:25,779 --> 01:31:23,659

fairly unique and you know there's

2107

01:31:27,069 --> 01:31:25,789

certainly a possibility I know sestak

2108

01:31:28,870 --> 01:31:27,079

has talked about this that we'll

2109

01:31:31,240 --> 01:31:28,880

probably discover life or have

2110

01:31:33,160 --> 01:31:31,250

verification of life elsewhere in the

2111

01:31:36,129 --> 01:31:33,170

universe probably within five or ten

2112

01:31:38,680 --> 01:31:36,139

years yes so we get that's just so we

2113

01:31:41,379 --> 01:31:38,690

can get funding yeah but those are gonna

2114

01:31:42,729 --> 01:31:41,389

be like bacteria or fungus or something

2115

01:31:47,080 --> 01:31:42,739

like that we're not talking

2116

01:31:48,729 --> 01:31:47,090

advanced intelligent life and you know

2117

01:31:50,890 --> 01:31:48,739

those are going to be very very rare and

2118

01:31:52,690 --> 01:31:50,900

in fact you know you may have heard the

2119

01:31:55,870 --> 01:31:52,700

analogy that you know even to produce

2120

01:31:58,990 --> 01:31:55,880

the DNA molecule is so radically

2121

01:32:01,120 --> 01:31:59,000

difficult and requires so many steps

2122

01:32:04,900 --> 01:32:01,130

that it's the equivalent of saying that

2123

01:32:08,260 --> 01:32:04,910

a tornado came through a junkyard and

2124

01:32:12,040 --> 01:32:08,270

left behind a fully formed Jeep Wrangler

2125

01:32:14,110 --> 01:32:12,050

I mean you know that's that's as

2126
01:32:16,840 --> 01:32:14,120
unlikely as you know as the the odds

2127
01:32:21,729 --> 01:32:16,850
have it and yet we're here so we know

2128
01:32:23,770 --> 01:32:21,739
that it's possible so it's partly I'm

2129
01:32:25,540 --> 01:32:23,780
sorry go ahead I just say it just makes

2130
01:32:27,430 --> 01:32:25,550
you really you know appreciate the

2131
01:32:30,550 --> 01:32:27,440
likelihood and the the the numbers

2132
01:32:32,800 --> 01:32:30,560
involved and that then it may also make

2133
01:32:36,370 --> 01:32:32,810
you think well maybe life didn't

2134
01:32:41,020 --> 01:32:36,380
originate here maybe the panspermia you

2135
01:32:43,150 --> 01:32:41,030
know theory is maybe life was started

2136
01:32:44,410 --> 01:32:43,160
elsewhere but that first spark of life

2137
01:32:46,750 --> 01:32:44,420
what the heck was it and how did it

2138
01:32:49,090 --> 01:32:46,760

happen you know that that that type of

2139

01:32:51,400 --> 01:32:49,100

thing it's it's it's all fascinating and

2140

01:32:53,350 --> 01:32:51,410

there's so many ways that we could not

2141

01:32:54,910 --> 01:32:53,360

be here like for instance if we didn't

2142

01:32:57,940 --> 01:32:54,920

have a moon perhaps we wouldn't be here

2143

01:32:59,860 --> 01:32:57,950

we didn't have extinction events most

2144

01:33:02,260 --> 01:32:59,870

likely would we wouldn't be here you

2145

01:33:03,880 --> 01:33:02,270

know there's just it's just an amazing

2146

01:33:07,180 --> 01:33:03,890

thing how it all fell into place and

2147

01:33:08,979 --> 01:33:07,190

yeah yeah Neil deGrasse Tyson has a has

2148

01:33:10,240 --> 01:33:08,989

a great series on you know the

2149

01:33:13,780 --> 01:33:10,250

university is trying to kill you

2150

01:33:15,820 --> 01:33:13,790

yeah because it's just impossible to to

2151
01:33:17,320 --> 01:33:15,830
you know to fathom exactly how we could

2152
01:33:20,950 --> 01:33:17,330
have got here given all the odds stacked

2153
01:33:23,560 --> 01:33:20,960
against us exactly again the lines open

2154
01:33:26,050 --> 01:33:23,570
I thought we'd get some calls tonight

2155
01:33:27,970 --> 01:33:26,060
how we usually do eight five five four

2156
01:33:29,740 --> 01:33:27,980
seven two five four eight three they

2157
01:33:31,330 --> 01:33:29,750
probably just love what you're saying I

2158
01:33:34,180 --> 01:33:31,340
want to have you keep talking that's

2159
01:33:35,830 --> 01:33:34,190
maybe what it is we have a we have a

2160
01:33:40,090 --> 01:33:35,840
screener standing by waiting to take

2161
01:33:42,160 --> 01:33:40,100
your calls and and that is available let

2162
01:33:43,660 --> 01:33:42,170
me tell you that I am working on I've

2163
01:33:45,940 --> 01:33:43,670

mentioned I've done the Canadian UFO

2164

01:33:49,479 --> 01:33:45,950

survey for quite a number of years I'm

2165

01:33:51,040 --> 01:33:49,489

currently working on the 2019 version of

2166

01:33:52,510 --> 01:33:51,050

the Canadian UFO survey we're always a

2167

01:33:56,439 --> 01:33:52,520

year out because it takes some time to

2168

01:33:58,390 --> 01:33:56,449

gather the data I have

2169

01:34:00,520 --> 01:33:58,400

assistants who are helping enter the

2170

01:34:03,729 --> 01:34:00,530

information to a database they look at

2171

01:34:08,259 --> 01:34:03,739

every UFO report that's that's filed or

2172

01:34:12,399 --> 01:34:08,269

given to organizations and the reports

2173

01:34:15,430 --> 01:34:12,409

come from you know organizations like

2174

01:34:18,370 --> 01:34:15,440

MUFON like UFO info there's a number of

2175

01:34:20,770 --> 01:34:18,380

Quebec organizations from UFO BC but

2176

01:34:23,799 --> 01:34:20,780

also from Transport Canada the

2177

01:34:26,080 --> 01:34:23,809

equivalent of the FAA from other

2178

01:34:28,540 --> 01:34:26,090

official sources and reports that come

2179

01:34:30,250 --> 01:34:28,550

directly to us so oh and certainly we're

2180

01:34:31,870 --> 01:34:30,260

going through social media now for cases

2181

01:34:35,199 --> 01:34:31,880

there a lot of things reported simply on

2182

01:34:36,910 --> 01:34:35,209

YouTube with somebody's video and so we

2183

01:34:38,529 --> 01:34:36,920

were looking at all these sources to get

2184

01:34:39,549 --> 01:34:38,539

a true picture not just one

2185

01:34:41,890 --> 01:34:39,559

organization's

2186

01:34:44,259 --> 01:34:41,900

analysis but a true picture of all the

2187

01:34:46,180 --> 01:34:44,269

organizations that are accepting unifor

2188

01:34:47,739 --> 01:34:46,190

reports new Fork you know Peter

2189

01:34:51,250 --> 01:34:47,749

Davenport's group is part of this as

2190

01:34:53,830 --> 01:34:51,260

well and you know as I mentioned over

2191

01:34:56,259 --> 01:34:53,840

the course of the time we've noticed

2192

01:34:58,899 --> 01:34:56,269

somewhere around a thousand cases I've

2193

01:35:00,520 --> 01:34:58,909

heard and seen some reports saying that

2194

01:35:02,560 --> 01:35:00,530

the numbers of UFO reports are

2195

01:35:05,469 --> 01:35:02,570

skyrocketing and going up because of all

2196

01:35:07,359 --> 01:35:05,479

the interest in you in the subject we're

2197

01:35:09,430 --> 01:35:07,369

not seeing that reflected in the actual

2198

01:35:12,640 --> 01:35:09,440

data I can tell you that right now

2199

01:35:15,430 --> 01:35:12,650

our 2019 report will not be available

2200

01:35:17,229 --> 01:35:15,440

until probably at least another month or

2201

01:35:21,339 --> 01:35:17,239

two there's a lot of work that has to be

2202

01:35:25,089 --> 01:35:21,349

done in terms of the analysis but we're

2203

01:35:27,279 --> 01:35:25,099

not seeing big increases in UFO reports

2204

01:35:29,140 --> 01:35:27,289

in fact we've noticed a significant dip

2205

01:35:31,509 --> 01:35:29,150

this year it'll be we're trying to

2206

01:35:33,819 --> 01:35:31,519

figure out exactly how how much that dip

2207

01:35:36,299 --> 01:35:33,829

is going to be but it's a significant

2208

01:35:39,879 --> 01:35:36,309

decrease from from years past we've had

2209

01:35:41,620 --> 01:35:39,889

a very good plateau of high levels of

2210

01:35:43,899 --> 01:35:41,630

reports the UFO reports have generally

2211

01:35:49,660 --> 01:35:43,909

increased with time up until a peak

2212

01:35:52,989 --> 01:35:49,670

around 2012 I think and then it's sort

2213

01:35:57,879 --> 01:35:52,999

of stayed fairly high throughout the the

2214

01:35:59,919 --> 01:35:57,889

teens and as we reached you know 1920

2215

01:36:01,930 --> 01:35:59,929

we've noticed a decrease in the number

2216

01:36:03,430 --> 01:36:01,940

of reports that are being filed

2217

01:36:06,669 --> 01:36:03,440

right across the board through all

2218

01:36:08,830 --> 01:36:06,679

organizations so why this is so we're

2219

01:36:10,270 --> 01:36:08,840

not sure but we won't have the the

2220

01:36:13,979 --> 01:36:10,280

actual data for an

2221

01:36:16,419 --> 01:36:13,989

a few months and it you know I would say

2222

01:36:19,240 --> 01:36:16,429

despite what you hear we just don't have

2223

01:36:20,709 --> 01:36:19,250

the information yet well I do want to

2224

01:36:23,680 --> 01:36:20,719

apologize to the people that are trying

2225

01:36:27,250 --> 01:36:23,690

to call in evidently there is a issue

2226

01:36:30,220 --> 01:36:27,260

the phone will not ring so race if

2227

01:36:32,439 --> 01:36:30,230

you're listening my phone just went dead

2228

01:36:35,020 --> 01:36:32,449

I tried it try to connect with your race

2229

01:36:36,490 --> 01:36:35,030

but anyway maybe obviously the

2230

01:36:38,919 --> 01:36:36,500

government the government doesn't want

2231

01:36:41,589 --> 01:36:38,929

us that's exactly what it is though so I

2232

01:36:44,979 --> 01:36:41,599

will in this particular case if people

2233

01:36:48,549 --> 01:36:44,989

want to call in I'm going to change the

2234

01:36:51,279 --> 01:36:48,559

number up there you may call in until

2235

01:36:55,180 --> 01:36:51,289

this gets fixed that is you may call in

2236

01:36:57,160 --> 01:36:55,190

at six oh three nine six seven four OH

2237

01:37:01,450 --> 01:36:57,170

three oh and I'll put that number up

2238

01:37:04,810 --> 01:37:01,460

that's six oh three nine six seven 403

2239

01:37:06,640 --> 01:37:04,820

oh and I will take your ear call I mean

2240

01:37:08,169 --> 01:37:06,650

that's Barton's personal cell phone use

2241

01:37:10,810 --> 01:37:08,179

it as much as you want

2242

01:37:13,750 --> 01:37:10,820

you can't believe it's not but you can't

2243

01:37:15,479 --> 01:37:13,760

believe how many people do call when the

2244

01:37:19,629 --> 01:37:15,489

show was not when the show is not like

2245

01:37:21,399 --> 01:37:19,639

constantly call but that is I will thank

2246

01:37:25,419 --> 01:37:21,409

you for mentioning that so I remember to

2247

01:37:27,189 --> 01:37:25,429

say that is a show only call and so we

2248

01:37:29,589 --> 01:37:27,199

will take the call I'll take that call

2249

01:37:32,260 --> 01:37:29,599

over here at Skype and again that 603

2250

01:37:34,899 --> 01:37:32,270

nine six seven 403 oh I'm sure we'll get

2251

01:37:37,709 --> 01:37:34,909

the other phone line all straightened

2252

01:37:41,799 --> 01:37:37,719

out before the the next show

2253

01:37:44,290 --> 01:37:41,809

unfortunately not now so again that

2254

01:37:47,109 --> 01:37:44,300

number is up on the screen 603 nine six

2255

01:37:50,950 --> 01:37:47,119

seven 403 oh go ahead and call in if

2256

01:37:54,520 --> 01:37:50,960

you'd like and we should see some calls

2257

01:37:58,000 --> 01:37:54,530

come in and we don't have a whole lot of

2258

01:38:00,490 --> 01:37:58,010

time we have looks like about seven

2259

01:38:05,069 --> 01:38:00,500

minutes or so left so we can only take

2260

01:38:10,839 --> 01:38:05,079

one call if you'd like to call in and so

2261

01:38:13,689 --> 01:38:10,849

2019 2018 2017 I actually I either

2262

01:38:17,500 --> 01:38:13,699

somehow I get your wait a minute the old

2263

01:38:20,049 --> 01:38:17,510

phone numbers working someone's calling

2264

01:38:24,070 --> 01:38:20,059

in and the old number and and that

2265

01:38:25,930 --> 01:38:24,080

number just that call just ended so

2266

01:38:27,280 --> 01:38:25,940

looks like that call that line might be

2267

01:38:30,450 --> 01:38:27,290

working if someone like to call over

2268

01:38:36,370 --> 01:38:30,460

there again I'll pop that number back

2269

01:38:38,200 --> 01:38:36,380

and I think I think the button in front

2270

01:38:40,690 --> 01:38:38,210

of you is for the Iowa caucus just want

2271

01:38:42,520 --> 01:38:40,700

to push that one there now we have

2272

01:38:45,160 --> 01:38:42,530

someone calling in on my personal line

2273

01:38:47,290 --> 01:38:45,170

oh here we are

2274

01:38:50,430 --> 01:38:47,300

we'll get through this all right caller

2275

01:38:55,020 --> 01:38:50,440

your first name where you calling from

2276

01:38:57,490 --> 01:38:55,030

caller you there let's try this one a

2277

01:38:59,520 --> 01:38:57,500

caller were you calling from and your

2278

01:39:03,400 --> 01:38:59,530

first name

2279

01:39:04,980 --> 01:39:03,410

it just keeps hanging up but this sorry

2280

01:39:07,810 --> 01:39:04,990

we wouldn't have a show without

2281

01:39:13,570 --> 01:39:07,820

technical difficulties and it looks like

2282

01:39:14,380 --> 01:39:13,580

we have someone over we have someone

2283

01:39:18,190 --> 01:39:14,390

ready to go

2284

01:39:22,060 --> 01:39:18,200

we have Vince Vince from Ohio

2285

01:39:27,700 --> 01:39:22,070

welcome to the show Vince can you hear

2286

01:39:30,220 --> 01:39:27,710

me Vince Vince is vanished then see you

2287

01:39:37,270 --> 01:39:33,010

race we can't we cannot hear the we

2288

01:39:41,320 --> 01:39:37,280

cannot hear the caller all right oh you

2289

01:39:43,000 --> 01:39:41,330

know what I'm just gonna skip calls and

2290

01:39:44,470 --> 01:39:43,010

I have one more person trying to call

2291

01:39:47,050 --> 01:39:44,480

you this is crazy

2292

01:39:49,810 --> 01:39:47,060

Arden I've got him on I can hear him he

2293

01:39:51,250 --> 01:39:49,820

can hear you okay well we're not hearing

2294

01:39:56,200 --> 01:39:51,260

them over here

2295

01:40:02,080 --> 01:39:56,210

all right caller are you there speak up

2296

01:40:05,410 --> 01:40:02,090

if you would it sounds like you're on a

2297

01:40:11,130 --> 01:40:05,420

soup can on a string so we're gonna have

2298

01:40:18,250 --> 01:40:11,140

to pass on on the call thanks for trying

2299

01:40:22,450 --> 01:40:18,260

it and okay we don't want to end the

2300

01:40:23,500 --> 01:40:22,460

show like this caller welcome to the

2301

01:40:28,510 --> 01:40:23,510

show your first name where you're

2302

01:40:30,880 --> 01:40:28,520

calling from all right guess what no

2303

01:40:35,320 --> 01:40:30,890

more calls I'm shutting the phone now

2304

01:40:37,450 --> 01:40:35,330

yeah I I'm sorry

2305

01:40:39,220 --> 01:40:37,460

you know people can always

2306

01:40:46,120 --> 01:40:39,230

check me out on my blog I think you have

2307

01:40:48,280 --> 01:40:46,130

a link there and the copies long okay so

2308

01:40:50,830 --> 01:40:48,290

yeah go ahead give you a blog over there

2309

01:40:52,510 --> 01:40:50,840

and people can contact a Chris that way

2310

01:40:54,280 --> 01:40:52,520

I'll just try this call one more time

2311

01:40:54,900 --> 01:40:54,290

caller your first name where you calling

2312

01:40:58,030 --> 01:40:54,910

from

2313

01:41:00,700 --> 01:40:58,040

nope no more calls please no more calls

2314

01:41:03,610 --> 01:41:00,710

thank you all for trying to get through

2315

01:41:05,310 --> 01:41:03,620

and I'm sorry it just didn't work out

2316

01:41:11,110 --> 01:41:05,320

tonight

2317

01:41:13,870 --> 01:41:11,120

I'm also the admits the UFO discussion

2318

01:41:15,910 --> 01:41:13,880

group in facebook so really what I know

2319

01:41:20,290 --> 01:41:15,920

that one not that's a good one yeah yeah

2320

01:41:21,880 --> 01:41:20,300

yeah thank you yeah I I was asked to

2321

01:41:23,800 --> 01:41:21,890

take it over following the passing of

2322

01:41:25,540 --> 01:41:23,810

Earle Bruce Knapp who ran it for many

2323

01:41:29,020 --> 01:41:25,550

years and people were involved no I

2324

01:41:31,620 --> 01:41:29,030

didn't bring yeah he passed yeah

2325

01:41:35,620 --> 01:41:31,630

so I'm actually the admitted at so join

2326

01:41:37,840 --> 01:41:35,630

us and join the discussion and there's a

2327

01:41:39,550 --> 01:41:37,850

lot of interesting people on there you

2328

01:41:41,830 --> 01:41:39,560

know trying to keep abreast of UFO news

2329

01:41:47,290 --> 01:41:41,840

and UFO cases and in Canada there's one

2330

01:41:49,479 --> 01:41:47,300

called UFOs over Canada so you know the

2331

01:41:51,370 --> 01:41:49,489

the social media is a excellent way to

2332

01:41:52,990 --> 01:41:51,380

keep in touch with what's going on and

2333

01:41:57,100 --> 01:41:53,000

you can even follow me at ufology

2334

01:41:58,900 --> 01:41:57,110

research on twitter so there's so much

2335

01:42:02,830 --> 01:41:58,910

information out there but I would just

2336

01:42:05,110 --> 01:42:02,840

urge people to you know to have an open

2337

01:42:08,080 --> 01:42:05,120

mind and because it's very important to

2338

01:42:10,060 --> 01:42:08,090

have an open mind except not so open

2339

01:42:12,430 --> 01:42:10,070

that your brains fall out and you know

2340

01:42:14,020 --> 01:42:12,440

there's a lot of gray matter on the

2341

01:42:18,040 --> 01:42:14,030

sidewalk that you have to step through

2342

01:42:19,990 --> 01:42:18,050

these so try and try and stay level and

2343

01:42:23,310 --> 01:42:20,000

but you know there's so much cool stuff

2344

01:42:25,540 --> 01:42:23,320

out there just just keep an eye out yeah

2345

01:42:26,860 --> 01:42:25,550

so I'm just I mentioned this again we

2346

01:42:29,170 --> 01:42:26,870

I'm sorry we're not gonna take any more

2347

01:42:30,640 --> 01:42:29,180

we're not gonna try to take calls thank

2348

01:42:33,130 --> 01:42:30,650

you so much for trying to call though we

2349

01:42:35,229 --> 01:42:33,140

really do appreciate it and sorry you

2350

01:42:36,910 --> 01:42:35,239

couldn't get through tonight so uh I

2351
01:42:40,330 --> 01:42:36,920
would like to ask this because you have

2352
01:42:43,390 --> 01:42:40,340
been at this so long do you ever get the

2353
01:42:45,820 --> 01:42:43,400
burn out with you know you've had it

2354
01:42:47,650 --> 01:42:45,830
this is just too much and you know you

2355
01:42:49,660 --> 01:42:47,660
want to move on and just not look back

2356
01:42:51,220 --> 01:42:49,670
do you ever get that you seem to have a

2357
01:42:53,650 --> 01:42:51,230
great attitude

2358
01:42:55,510 --> 01:42:53,660
well you know because I don't have as

2359
01:42:57,460 --> 01:42:55,520
much invested in it I'm not trying to

2360
01:43:00,550 --> 01:42:57,470
prove that aliens are here like so many

2361
01:43:03,490 --> 01:43:00,560
people I'm fascinated with the subject I

2362
01:43:08,740 --> 01:43:03,500
find it interesting from from a number

2363
01:43:11,200 --> 01:43:08,750

of stand points and I continually you

2364

01:43:14,140 --> 01:43:11,210

know talk to people about cases we have

2365

01:43:16,870 --> 01:43:14,150

the unique opportunity to examine each

2366

01:43:18,580 --> 01:43:16,880

and every report that is filed in Canada

2367

01:43:19,750 --> 01:43:18,590

and we end up following up and talking

2368

01:43:23,530 --> 01:43:19,760

to very many people

2369

01:43:25,600 --> 01:43:23,540

we we have you know the the advantage of

2370

01:43:28,120 --> 01:43:25,610

looking at all the cases we went you

2371

01:43:31,000 --> 01:43:28,130

know this is this is beyond what you

2372

01:43:33,160 --> 01:43:31,010

hear on TV and on Project Blue Book and

2373

01:43:35,380 --> 01:43:33,170

all those shows that are mostly fiction

2374

01:43:37,390 --> 01:43:35,390

these are the actual cases this is what

2375

01:43:40,240 --> 01:43:37,400

people really are reporting and we share

2376

01:43:43,210 --> 01:43:40,250

those every year on the Canadian UFO

2377

01:43:45,940 --> 01:43:43,220

survey and we talk about them on

2378

01:43:48,310 --> 01:43:45,950

Facebook and you know I do get I don't

2379

01:43:50,770 --> 01:43:48,320

do a lot of conferences compared to what

2380

01:43:53,620 --> 01:43:50,780

a lot of the pop ones do but I do go to

2381

01:43:56,050 --> 01:43:53,630

some and I I don't do all that many

2382

01:43:57,760 --> 01:43:56,060

podcasts actually so yes I know it

2383

01:44:00,300 --> 01:43:57,770

taught but maybe you actually have to

2384

01:44:03,760 --> 01:44:00,310

have me back and just do phone calls

2385

01:44:05,230 --> 01:44:03,770

well I know it I actually started

2386

01:44:08,620 --> 01:44:05,240

bugging you a few years ago because you

2387

01:44:11,080 --> 01:44:08,630

were on once way back and then and then

2388

01:44:12,820 --> 01:44:11,090

we met at the conference and I would

2389

01:44:15,790 --> 01:44:12,830

love to have you back on again though

2390

01:44:18,280 --> 01:44:15,800

because this is the type of talking I

2391

01:44:21,460 --> 01:44:18,290

really enjoy the most and it's been

2392

01:44:23,980 --> 01:44:21,470

extremely pleasurable for me no it's a

2393

01:44:26,410 --> 01:44:23,990

great trick you bet on things yeah all

2394

01:44:28,780 --> 01:44:26,420

right everyone so anyway good night

2395

01:44:30,240 --> 01:44:28,790

Chris and thank thanks so much and I'm

2396

01:44:33,550 --> 01:44:30,250

sorry we couldn't take the calls and

2397

01:44:35,560 --> 01:44:33,560

we'll talk to you soon okay thanks good

2398

01:44:37,780 --> 01:44:35,570

night good night alright everyone so

2399

01:44:40,810 --> 01:44:37,790

that is it for the show tonight

2400

01:44:44,950 --> 01:44:40,820

and next week we will back with we will

2401

01:44:47,440 --> 01:44:44,960

be back with Chuck Zukowski and I'm glad

2402

01:44:50,530 --> 01:44:47,450

I didn't get the names confused tonight

2403

01:44:53,050 --> 01:44:50,540

between Chris rutkowski and Chuck

2404

01:44:55,780 --> 01:44:53,060

Zukowski so he'll be back next week with

2405

01:44:58,270 --> 01:44:55,790

him and thanks so much for listening to

2406

01:45:00,760 --> 01:44:58,280

the show anyone can support you can go

2407

01:45:02,800 --> 01:45:00,770

over to patreon or over at our website

2408

01:45:03,670 --> 01:45:02,810

don't forget to check out the blogs over

2409

01:45:05,470 --> 01:45:03,680

there

2410

01:45:07,600 --> 01:45:05,480

and I do want to thank people that help

2411

01:45:10,870 --> 01:45:07,610

behind the scenes as well and remember

2412

01:45:12,030 --> 01:45:10,880

everyone everyone to keep your eyes to

2413

01:45:18,620 --> 01:45:12,040

the sky
