

# KEVIN RANDLE

1  
00:00:34,520 --> 00:00:06,510

[Music]

2  
00:00:40,560 --> 00:00:37,049

hello and welcome to the show

3  
00:00:42,180 --> 00:00:40,570

hi Martin Willis your host and you know

4  
00:00:44,100 --> 00:00:42,190

it's funny when I a lot of times I'll

5  
00:00:46,049 --> 00:00:44,110

mention our guests you know coming up

6  
00:00:49,350 --> 00:00:46,059

the following week happens a lot and

7  
00:00:51,810 --> 00:00:49,360

ends up being a different guests so you

8  
00:00:53,790 --> 00:00:51,820

never really know who you're gonna have

9  
00:00:54,990 --> 00:00:53,800

we have the great Kevin Randle on

10  
00:00:57,299 --> 00:00:55,000

tonight I'm really excited about that

11  
00:01:01,709 --> 00:00:57,309

always fun talking with him he's a

12  
00:01:03,150 --> 00:01:01,719

no-nonsense type of guy and so next week

13  
00:01:05,070 --> 00:01:03,160

we're supposed to have Leslie Kane on

14

00:01:08,400 --> 00:01:05,080

and someone from the new skinwalker

15

00:01:11,279 --> 00:01:08,410

History Channel series I'm not sure I

16

00:01:14,389 --> 00:01:11,289

don't have that information in in front

17

00:01:18,090 --> 00:01:14,399

of me right now so if you want to know

18

00:01:20,249 --> 00:01:18,100

who we're having as a guest for sure

19

00:01:22,410 --> 00:01:20,259

well unless something happens the day of

20

00:01:26,550 --> 00:01:22,420

all you have to do is go over to podcast

21

00:01:30,140 --> 00:01:26,560

UFO comm and you will see there right at

22

00:01:33,450 --> 00:01:30,150

the top right hand side there is a an

23

00:01:37,080 --> 00:01:33,460

email mailing list all you have to do is

24

00:01:40,020 --> 00:01:37,090

drop your email on that and it's called

25

00:01:41,850 --> 00:01:40,030

a weekly newsletter and click sign up

26

00:01:44,580 --> 00:01:41,860

and then you will get a link to activate

27

00:01:45,960 --> 00:01:44,590

in your mailbox so that's all you have

28

00:01:49,469 --> 00:01:45,970

to do if you want to find out what's

29

00:01:52,620 --> 00:01:49,479

going on and also we put our our blogs

30

00:01:54,569 --> 00:01:52,630

in there as well and this week's blog by

31

00:01:56,969 --> 00:01:54,579

Charles Lear who writes for us every

32

00:01:59,210 --> 00:01:56,979

week does a great job as UFOs and the

33

00:02:03,149 --> 00:01:59,220

predicted death of Frank Edwards

34

00:02:05,490 --> 00:02:03,159

interesting kind of mystery situation

35

00:02:07,170 --> 00:02:05,500

but an interesting case and we're going

36

00:02:09,600 --> 00:02:07,180

to be talking about a lot of interesting

37

00:02:12,180 --> 00:02:09,610

case tonight I do want to say I hope

38

00:02:15,060 --> 00:02:12,190

everyone out there is all my good

39

00:02:17,840 --> 00:02:15,070

listeners are healthy and staying safe

40

00:02:21,660 --> 00:02:17,850

and we are going to be talking about

41

00:02:24,960 --> 00:02:21,670

UFOs and a great book the best of

42

00:02:27,900 --> 00:02:24,970

Project Blue Book of now Kevin I don't

43

00:02:29,819 --> 00:02:27,910

have it in front of me but I'm gonna say

44

00:02:33,900 --> 00:02:29,829

I think yes I do have it in front of me

45

00:02:36,470 --> 00:02:33,910

Kevin has has published a hunt he has

46

00:02:38,270 --> 00:02:36,480

written a hundred and twenty-five books

47

00:02:45,470 --> 00:02:38,280

can you believe that I mean that's just

48

00:02:47,300 --> 00:02:45,480

amazing and 27 of UFO books were

49

00:02:51,020 --> 00:02:47,310

published as far as I know I think I

50

00:02:54,050 --> 00:02:51,030

have that right and so Kevin welcome to

51  
00:02:57,199 --> 00:02:54,060  
the show well thank you good to be here

52  
00:02:59,120 --> 00:02:57,209  
and in your you know you've done this I

53  
00:03:02,180 --> 00:02:59,130  
think this is the second time you have

54  
00:03:03,680 --> 00:03:02,190  
done this like Kevin my guest is it's

55  
00:03:05,449 --> 00:03:03,690  
not going to work out with my guests can

56  
00:03:07,970 --> 00:03:05,459  
you help me and you've been very

57  
00:03:10,339 --> 00:03:07,980  
gracious so I don't want you to only

58  
00:03:15,020 --> 00:03:10,349  
come on like that but I think this is

59  
00:03:17,330 --> 00:03:15,030  
the second time you've done yes yeah and

60  
00:03:22,039 --> 00:03:17,340  
I just want to like somebody's got a

61  
00:03:24,140 --> 00:03:22,049  
rescue you yeah that's right anyway I've

62  
00:03:27,680 --> 00:03:24,150  
always a pretty appreciated your work

63  
00:03:31,520 --> 00:03:27,690

and I've said this before your blog that

64

00:03:33,770 --> 00:03:31,530

you have you really look into things and

65

00:03:36,229 --> 00:03:33,780

sometimes if I'm wondering about a case

66

00:03:38,360 --> 00:03:36,239

I'm not really certain about it I'll go

67

00:03:39,890 --> 00:03:38,370

on your blog and sure enough there it is

68

00:03:41,780 --> 00:03:39,900

you've written about I don't have you

69

00:03:44,720 --> 00:03:41,790

ever counted how many things you've

70

00:03:47,390 --> 00:03:44,730

written about on that blog there's over

71

00:03:50,539 --> 00:03:47,400

a thousand postings thousand postings so

72

00:03:53,449 --> 00:03:50,549

if you want to get what I think is the

73

00:03:56,090 --> 00:03:53,459

real good source of what's going on

74

00:03:56,900 --> 00:03:56,100

Kevin how is uh what are you what is the

75

00:04:04,340 --> 00:03:56,910

blog

76

00:04:07,069 --> 00:04:04,350

right well I'm when I'm doing my radio

77

00:04:07,879 --> 00:04:07,079

show I always say WW Kevin Randle blog

78

00:04:11,990 --> 00:04:07,889

spot.com

79

00:04:13,640 --> 00:04:12,000

hey you got it down but I think if you

80

00:04:15,800 --> 00:04:13,650

just tape type my name in there the

81

00:04:17,719 --> 00:04:15,810

first thing that come in in your search

82

00:04:21,469 --> 00:04:17,729

engine the first thing comes up is the

83

00:04:22,490 --> 00:04:21,479

blog yeah yeah and the second and this I

84

00:04:24,969 --> 00:04:22,500

can't believe the second thing that

85

00:04:27,830 --> 00:04:24,979

comes up is Kevin Randall's net worth

86

00:04:29,870 --> 00:04:27,840

I'm a little celebrity pages as a net

87

00:04:31,850 --> 00:04:29,880

worth and I can take from my own

88

00:04:33,350 --> 00:04:31,860

experience because my net worth

89

00:04:35,060 --> 00:04:33,360

according those pages is somewhere

90

00:04:37,909 --> 00:04:35,070

between a hundred thousand and a hundred

91

00:04:40,550 --> 00:04:37,919

and thirty four million dollars they

92

00:04:43,339 --> 00:04:40,560

keep changing it daily that's a

93

00:04:45,740 --> 00:04:43,349

completely and totally inaccurate I will

94

00:04:47,300 --> 00:04:45,750

confess that it is between a hundred

95

00:04:48,250 --> 00:04:47,310

thousand and one hundred and thirty four

96

00:04:51,470 --> 00:04:48,260

million

97

00:04:53,240 --> 00:04:51,480

well that's always we should yeah

98

00:04:54,070 --> 00:04:53,250

although we don't really know these days

99

00:04:58,460 --> 00:04:54,080

right now

100

00:04:59,990 --> 00:04:58,470

it could be tricky but anyway yeah is it

101  
00:05:01,340 --> 00:05:00,000  
isn't there a celebrity named kevin

102  
00:05:02,390 --> 00:05:01,350  
Randall's that they're mixing you up

103  
00:05:05,000 --> 00:05:02,400  
with that and there's something like

104  
00:05:06,650 --> 00:05:05,010  
that is there a celebrity no no it's me

105  
00:05:09,350 --> 00:05:06,660  
because one of the pictures up there is

106  
00:05:12,800 --> 00:05:09,360  
of me at the podium at the MUFON

107  
00:05:15,650 --> 00:05:12,810  
conference formation that relates

108  
00:05:18,920 --> 00:05:15,660  
directly to me so it is it is me that's

109  
00:05:21,260 --> 00:05:18,930  
there yeah yeah I just happen to catch

110  
00:05:24,650 --> 00:05:21,270  
just the first opening part of one of

111  
00:05:26,840 --> 00:05:24,660  
your shows that you do and with Kurt

112  
00:05:29,060 --> 00:05:26,850  
Collins I really I've always liked Kurt

113  
00:05:31,129 --> 00:05:29,070

Collins and he's going to be on the show

114

00:05:35,270 --> 00:05:31,139

I think in another couple months here

115

00:05:38,690 --> 00:05:35,280

four months here are you hearing feeling

116

00:05:41,210 --> 00:05:38,700

hearing feedback I get I have some

117

00:05:45,650 --> 00:05:41,220

feedback coming through here now anyway

118

00:05:47,930 --> 00:05:45,660

so it stopped I heard you say right off

119

00:05:50,510 --> 00:05:47,940

the bat that you watched Project Blue

120

00:05:52,040 --> 00:05:50,520

Book on the History Channel and you said

121

00:05:59,090 --> 00:05:52,050

you don't have any reason why they call

122

00:06:01,070 --> 00:05:59,100

it that name well the first season they

123

00:06:02,659 --> 00:06:01,080

were doing with Blue Book stuff when

124

00:06:06,409 --> 00:06:02,669

they were dealing with Blue Book cases

125

00:06:07,969 --> 00:06:06,419

yes but the last episode was there well

126  
00:06:10,400 --> 00:06:07,979  
one more episode wayward skinwalker

127  
00:06:12,260 --> 00:06:10,410  
ranch which is completely and totally

128  
00:06:15,110 --> 00:06:12,270  
bogus but I think it was a setup the

129  
00:06:17,570 --> 00:06:15,120  
series it's coming up and then the last

130  
00:06:19,640 --> 00:06:17,580  
episode they had a Russian airplane

131  
00:06:22,580 --> 00:06:19,650  
crash in Canada and they run the scene

132  
00:06:26,050 --> 00:06:22,590  
to defuse an atomic bomb and it has

133  
00:06:28,340 --> 00:06:26,060  
nothing to do with Project Blue Book the

134  
00:06:31,159 --> 00:06:28,350  
their office there they're doing a

135  
00:06:34,340 --> 00:06:31,169  
classified project in 1952 when this

136  
00:06:37,340 --> 00:06:34,350  
program is allegedly set they're dealing

137  
00:06:38,779 --> 00:06:37,350  
with classified materials it's an office

138  
00:06:40,490 --> 00:06:38,789

where they deal with classified yet

139

00:06:41,960 --> 00:06:40,500

there's big windows in the doors there's

140

00:06:43,850 --> 00:06:41,970

windows all over the place they're not

141

00:06:46,180 --> 00:06:43,860

taped up they're not closed there's

142

00:06:49,700 --> 00:06:46,190

stuff all over the walls and their

143

00:06:53,330 --> 00:06:49,710

secretary their clerk clerk typist

144

00:06:55,219 --> 00:06:53,340

she's like an airman basic she has no

145

00:06:56,990 --> 00:06:55,229

stripes whatsoever I cannot believe

146

00:06:58,760 --> 00:06:57,000

you've got a classified project and

147

00:07:01,940 --> 00:06:58,770

you've got someone who has been in the

148

00:07:03,440 --> 00:07:01,950

Air Force probably about a year you

149

00:07:07,160 --> 00:07:03,450

they would have had a secretary with a

150

00:07:08,330 --> 00:07:07,170

little bit more rank she would have she

151  
00:07:11,330 --> 00:07:08,340  
would have had to have a clearance she

152  
00:07:12,950 --> 00:07:11,340  
would have had to have a clearance and

153  
00:07:15,650 --> 00:07:12,960  
not all enlisted personnel have

154  
00:07:17,180 --> 00:07:15,660  
clearances so you know there are all

155  
00:07:19,040 --> 00:07:17,190  
kinds of things like that they just kind

156  
00:07:21,020 --> 00:07:19,050  
of annoy me last the last year they did

157  
00:07:24,110 --> 00:07:21,030  
okay but this year has just gone

158  
00:07:29,390 --> 00:07:24,120  
completely off the rails now when I

159  
00:07:31,610 --> 00:07:29,400  
spoke to allen hynek's sun-god I'm

160  
00:07:35,600 --> 00:07:31,620  
missing his ball yeah

161  
00:07:38,420 --> 00:07:35,610  
Paul Paul said that you know they review

162  
00:07:42,700 --> 00:07:38,430  
basically the whole season with him and

163  
00:07:45,590 --> 00:07:42,710

he did have he did have an objection and

164

00:07:48,020 --> 00:07:45,600

but he said yeah an objection to had

165

00:07:49,220 --> 00:07:48,030

something to with his mother or no it

166

00:07:51,950 --> 00:07:49,230

had something no that was the first

167

00:07:54,530 --> 00:07:51,960

season this the second season had

168

00:07:56,990 --> 00:07:54,540

something to do with something that J

169

00:08:00,140 --> 00:07:57,000

Allen Hynek supposedly was going to say

170

00:08:03,260 --> 00:08:00,150

and he said no you can't cross that line

171

00:08:05,540 --> 00:08:03,270

you've got to change that and but but I

172

00:08:09,020 --> 00:08:05,550

guess he you know he's one of the

173

00:08:10,580 --> 00:08:09,030

consultants of of the series I've

174

00:08:12,440 --> 00:08:10,590

interviewed him on my program as well

175

00:08:13,970 --> 00:08:12,450

and got the same impression that he was

176

00:08:15,950 --> 00:08:13,980

delighted with the series that there

177

00:08:18,740 --> 00:08:15,960

were really any big objections to it

178

00:08:20,570 --> 00:08:18,750

even though a lot of it is complete and

179

00:08:23,480 --> 00:08:20,580

total fantasy you know

180

00:08:25,010 --> 00:08:23,490

Jayla in flying in airplanes and they're

181

00:08:26,780 --> 00:08:25,020

running around all over the country with

182

00:08:28,490 --> 00:08:26,790

the the chief of project Bluebook whose

183

00:08:31,850 --> 00:08:28,500

name and this program is Quinn and

184

00:08:36,350 --> 00:08:31,860

getting in fist fights and all kinds of

185

00:08:38,690 --> 00:08:36,360

nonsense I just have no I I just cannot

186

00:08:40,700 --> 00:08:38,700

see jail and Hynek getting into a fist

187

00:08:45,650 --> 00:08:40,710

fight with anybody yeah yeah

188

00:08:49,070 --> 00:08:45,660

do you um do you think that it's it kind

189

00:08:51,680 --> 00:08:49,080

of hurts the whole situation you know of

190

00:08:53,270 --> 00:08:51,690

people that are just starting to you

191

00:08:55,130 --> 00:08:53,280

know think that this you know look into

192

00:08:57,460 --> 00:08:55,140

this topic and think that you know what

193

00:09:01,610 --> 00:08:57,470

they're watching is all based on true

194

00:09:04,010 --> 00:09:01,620

true stories and I mean I would have

195

00:09:05,690 --> 00:09:04,020

said last year it really doesn't hurt

196

00:09:06,980 --> 00:09:05,700

all that much because they do deal with

197

00:09:08,540 --> 00:09:06,990

the cases and then there's little

198

00:09:10,310 --> 00:09:08,550

vignettes at the end that gives you kind

199

00:09:14,270 --> 00:09:10,320

of the real information about the case

200

00:09:14,750 --> 00:09:14,280

yeah when they did Kelly Hopkinsville

201

00:09:17,750 --> 00:09:14,760

you

202

00:09:20,000 --> 00:09:17,760

the farmhouse was invaded by the alien

203

00:09:22,040 --> 00:09:20,010

creatures they kind of dropped the ball

204

00:09:23,420 --> 00:09:22,050

on that one because if you well if

205

00:09:27,140 --> 00:09:23,430

you've studied the case you know that

206

00:09:29,390 --> 00:09:27,150

although the the family was actively

207

00:09:32,450 --> 00:09:29,400

shooting at the aliens and knocking them

208

00:09:34,490 --> 00:09:32,460

down they get up and run off but when

209

00:09:35,810 --> 00:09:34,500

they showed it on the TV show they had

210

00:09:38,300 --> 00:09:35,820

bullet holes all throughout the house

211

00:09:39,590 --> 00:09:38,310

these people weren't that stupid they

212

00:09:41,390 --> 00:09:39,600

weren't shooting holes in their own

213

00:09:46,490 --> 00:09:41,400

house shooting out the window you

214

00:09:49,850 --> 00:09:46,500

dummies you know and and they would they

215

00:09:51,800 --> 00:09:49,860

had a lynch mob that the the the farmers

216

00:09:59,690 --> 00:09:51,810

with their torches and their pitchforks

217

00:10:03,260 --> 00:09:59,700

storming the 19:52 siding with Katherine

218

00:10:05,030 --> 00:10:03,270

Mae and those people the and the nay I

219

00:10:08,720 --> 00:10:05,040

cannot believe the name actually escapes

220

00:10:15,010 --> 00:10:08,730

me at the moment September of 1952 just

221

00:10:17,630 --> 00:10:15,020

September 12 the West Virginia case yeah

222

00:10:21,170 --> 00:10:17,640

well you know I think I think the show

223

00:10:26,750 --> 00:10:21,180

is you know it's made for entertainment

224

00:10:28,430 --> 00:10:26,760

but it's also you know I think it's it's

225

00:10:29,780 --> 00:10:28,440

interesting I haven't really watched a

226

00:10:32,780 --> 00:10:29,790

lot of it this year I think I watched

227

00:10:36,560 --> 00:10:32,790

the first four or five episodes but I

228

00:10:43,420 --> 00:10:36,570

really I really do I did you I believe

229

00:10:50,270 --> 00:10:43,430

you did interview David O'Leary no I

230

00:10:52,250 --> 00:10:50,280

I interviewed our taro he was the vice

231

00:10:54,320 --> 00:10:52,260

senior vice president I had him on my

232

00:10:54,950 --> 00:10:54,330

show and we talked about the program and

233

00:10:57,740 --> 00:10:54,960

things like that

234

00:11:01,220 --> 00:10:57,750

he since moved on to a bigger and better

235

00:11:04,340 --> 00:11:01,230

job interestingly he did send me a

236

00:11:05,780 --> 00:11:04,350

picture when Robert friend turned a

237

00:11:09,860 --> 00:11:05,790

hundred Robert friend had been one of

238

00:11:14,900 --> 00:11:09,870

the Chiefs of project Bluebook at the

239

00:11:16,760 --> 00:11:14,910

end of 1919 50s 1959 1960 and he was he

240

00:11:18,620 --> 00:11:16,770

was in charge of project Bluebook but he

241

00:11:20,840 --> 00:11:18,630

was also a Tuskegee Airman I did not

242

00:11:22,340 --> 00:11:20,850

know that until way too late I would

243

00:11:27,050 --> 00:11:22,350

have loved to talk to him about that

244

00:11:28,220 --> 00:11:27,060

aspect of his career but but the point

245

00:11:30,470 --> 00:11:28,230

is Arturo had sent me a picture

246

00:11:34,520 --> 00:11:30,480

of him and I think the Hynix and and

247

00:11:35,780 --> 00:11:34,530

Robert friend which was kind of an

248

00:11:40,480 --> 00:11:35,790

interesting thing I put the picture up

249

00:11:43,220 --> 00:11:40,490

on my blog so people can see it but you

250

00:11:45,410 --> 00:11:43,230

know we're doing entertainment and and I

251  
00:11:47,150 --> 00:11:45,420  
just don't understand Hollywood in that

252  
00:11:49,400 --> 00:11:47,160  
respect

253  
00:11:51,800 --> 00:11:49,410  
take the Custer massacre they always

254  
00:11:56,330 --> 00:11:51,810  
have to jazz it up with something I'm

255  
00:11:58,610 --> 00:11:56,340  
thinking you've got a amazing story here

256  
00:12:01,940 --> 00:11:58,620  
you don't need to embellish it with

257  
00:12:03,920 --> 00:12:01,950  
Hollywood nonsense the same thing with

258  
00:12:06,290 --> 00:12:03,930  
the the first movie on Midway that they

259  
00:12:10,880 --> 00:12:06,300  
did in the 1970s they had that that

260  
00:12:14,660 --> 00:12:10,890  
story that Charlton Heston's son was

261  
00:12:16,580 --> 00:12:14,670  
running around with a Japanese woman who

262  
00:12:18,620 --> 00:12:16,590  
had been who was involved in the

263  
00:12:21,190 --> 00:12:18,630

interments her family had been interred

264

00:12:22,700 --> 00:12:21,200

when they rounded up the Japanese

265

00:12:26,840 --> 00:12:22,710

japanese-americans and they should have

266

00:12:28,880 --> 00:12:26,850

done it and they got all into that

267

00:12:31,670 --> 00:12:28,890

nonsensical aspect of it which is just

268

00:12:33,380 --> 00:12:31,680

not germane to the story of Midway and

269

00:12:36,320 --> 00:12:33,390

one of the important things that they

270

00:12:40,000 --> 00:12:36,330

really kind of glossed over was the fact

271

00:12:42,500 --> 00:12:40,010

that we were reading the Japanese codes

272

00:12:46,610 --> 00:12:42,510

that we had broken the codes and the

273

00:12:48,560 --> 00:12:46,620

Japanese were of the mindset that a code

274

00:12:51,320 --> 00:12:48,570

created by the Japanese would be near

275

00:12:54,980 --> 00:12:51,330

perfect and we Occidental's would be

276

00:12:56,570 --> 00:12:54,990

unable to crack this code and of course

277

00:12:58,430 --> 00:12:56,580

they had been able to do it that was how

278

00:13:01,550 --> 00:12:58,440

we knew that they were going to attack

279

00:13:05,810 --> 00:13:01,560

Midway and had our forces there to repel

280

00:13:07,850 --> 00:13:05,820

that assault and and you know that to me

281

00:13:10,880 --> 00:13:07,860

isn't fascinating part of the story as

282

00:13:13,540 --> 00:13:10,890

well but they interject this love story

283

00:13:16,100 --> 00:13:13,550

and they're for no reason other than I

284

00:13:18,410 --> 00:13:16,110

guess to condemn the United States for

285

00:13:21,650 --> 00:13:18,420

rounding the Japanese japanese-americans

286

00:13:22,310 --> 00:13:21,660

I should say upon after the attack on

287

00:13:25,010 --> 00:13:22,320

Pearl Harbor

288

00:13:26,690 --> 00:13:25,020

you can understand the mindset you can

289

00:13:28,610 --> 00:13:26,700

understand what they were thinking it

290

00:13:31,460 --> 00:13:28,620

was completely wrong and what's always

291

00:13:33,050 --> 00:13:31,470

glossed over is German Americans and

292

00:13:35,270 --> 00:13:33,060

Italian Americans were also put in

293

00:13:36,980 --> 00:13:35,280

internment camps not in the numbers of

294

00:13:38,890 --> 00:13:36,990

the Japanese but they also were interred

295

00:13:41,310 --> 00:13:38,900

and that's never brought up either so

296

00:13:44,340 --> 00:13:41,320

the real point is you've got

297

00:13:46,680 --> 00:13:44,350

something that's I think fascinating in

298

00:13:50,070 --> 00:13:46,690

and of itself and they've always got to

299

00:13:53,070 --> 00:13:50,080

do something to jazz it up and take it

300

00:13:55,830 --> 00:13:53,080

away from the real story and when they

301

00:13:57,960 --> 00:13:55,840

say that's based on real facts in

302

00:14:00,960 --> 00:13:57,970

today's world they've gone completely

303

00:14:02,820 --> 00:14:00,970

and totally off the rails and I don't

304

00:14:05,250 --> 00:14:02,830

know what other than there was a project

305

00:14:08,450 --> 00:14:05,260

Bluebook and J Allen Hynek was a real

306

00:14:13,080 --> 00:14:08,460

guy I'm not sure what they're doing hmm

307

00:14:16,350 --> 00:14:13,090

well you know I you know not really much

308

00:14:18,540 --> 00:14:16,360

to argue with as far as that goes

309

00:14:21,090 --> 00:14:18,550

because you know you're not the only one

310

00:14:24,570 --> 00:14:21,100

that has said almost exactly the same

311

00:14:26,550 --> 00:14:24,580

thing like there is already so much to

312

00:14:28,880 --> 00:14:26,560

it why why does it have to be

313

00:14:32,700 --> 00:14:28,890

embellished I've had that exact phrase

314

00:14:37,740 --> 00:14:32,710

you know quoted on this show before and

315

00:14:39,240 --> 00:14:37,750

I I understand kind of both sides of

316

00:14:40,800 --> 00:14:39,250

this I understand you'd have to try to

317

00:14:44,130 --> 00:14:40,810

make something really you know

318

00:14:47,220 --> 00:14:44,140

entertaining too you know as far as the

319

00:14:49,320 --> 00:14:47,230

characters and and what happens to you

320

00:14:51,390 --> 00:14:49,330

know grab the people inning you can get

321

00:14:56,940 --> 00:14:51,400

them to keep coming back every week to

322

00:15:00,030 --> 00:14:56,950

see you know what's next but you know

323

00:15:02,310 --> 00:15:00,040

Ill get both sides of it really you know

324

00:15:05,190 --> 00:15:02,320

well I would say this

325

00:15:07,650 --> 00:15:05,200

you've got movies today that have no

326

00:15:09,690 --> 00:15:07,660

plot no character development all

327

00:15:12,300 --> 00:15:09,700

they're doing is high-speed chases and

328

00:15:15,960 --> 00:15:12,310

explosions let's drive over there know

329

00:15:18,930 --> 00:15:15,970

something that yeah I'm saying you write

330

00:15:21,480 --> 00:15:18,940

it if you're a good writer and a good

331

00:15:24,210 --> 00:15:21,490

storyteller this should be fascinating

332

00:15:25,590 --> 00:15:24,220

without the embellishments I've always

333

00:15:27,030 --> 00:15:25,600

said that I think history should be the

334

00:15:29,010 --> 00:15:27,040

most fascinating course that's taught in

335

00:15:31,770 --> 00:15:29,020

schools because you're dealing with real

336

00:15:33,540 --> 00:15:31,780

people and real events that you see in

337

00:15:35,280 --> 00:15:33,550

the movies and you there's books like

338

00:15:37,560 --> 00:15:35,290

thousands and thousands of books written

339

00:15:41,010 --> 00:15:37,570

about it and yet they managed to suck

340

00:15:43,440 --> 00:15:41,020

the life on a history when when was the

341

00:15:46,770 --> 00:15:43,450

Declaration of Independence signed well

342

00:15:48,690 --> 00:15:46,780

on July 4th 1776 well not really and

343

00:15:51,420 --> 00:15:48,700

some of the names weren't appended until

344

00:15:55,250 --> 00:15:51,430

what months later well we don't get that

345

00:15:56,750 --> 00:15:55,260

and we don't get what what would

346

00:15:58,100 --> 00:15:56,760

cause this sort of thing where we're

347

00:15:59,150 --> 00:15:58,110

just busy learning people and dates

348

00:16:01,340 --> 00:15:59,160

we're not learning anything about the

349

00:16:02,750 --> 00:16:01,350

persons or the people involved in that

350

00:16:04,490 --> 00:16:02,760

sort of thing so I don't think you need

351

00:16:07,760 --> 00:16:04,500

the embellishment but it's it's gotten

352

00:16:09,890 --> 00:16:07,770

into lazy storytelling well what what

353

00:16:11,210 --> 00:16:09,900

interest people well we want to bring in

354

00:16:14,210 --> 00:16:11,220

the teenage boys and they'd like to see

355

00:16:15,950 --> 00:16:14,220

stuff blow up if you remember remember

356

00:16:19,040 --> 00:16:15,960

that one well blowed up real good

357

00:16:22,280 --> 00:16:19,050

yeah that was miss stripes I think right

358

00:16:27,290 --> 00:16:22,290

yeah baby oh I was thinking of the great

359

00:16:28,670 --> 00:16:27,300

white north on SCTV but that's okay but

360

00:16:30,230 --> 00:16:28,680

if you remember Mythbusters they were

361

00:16:33,380 --> 00:16:30,240

always blowing stuff up oh yeah I think

362

00:16:34,670 --> 00:16:33,390

it pop it well let's head let's add two

363

00:16:37,850 --> 00:16:34,680

tons of dynamite you see a little

364

00:16:41,060 --> 00:16:37,860

blow-up now oh I see oh I see we have

365

00:16:45,170 --> 00:16:41,070

Dave Altman in the chat room and he just

366

00:16:47,630 --> 00:16:45,180

wrote and he is a let's see he's an

367

00:16:50,720 --> 00:16:47,640

event a publicist for one of the people

368

00:16:53,150 --> 00:16:50,730

in Project Blue Book that's his what he

369

00:16:55,160 --> 00:16:53,160

does and it says it allows regular

370

00:16:58,640 --> 00:16:55,170

people to get interested in the subject

371

00:17:00,860 --> 00:16:58,650

it's like the new x-files you know

372

00:17:04,010 --> 00:17:00,870

that's that's kind of his his take on

373

00:17:07,250 --> 00:17:04,020

why a project Bluebook does what it does

374

00:17:10,910 --> 00:17:07,260

I have I have no objection to that what

375

00:17:12,439 --> 00:17:10,920

I'm saying simply is that you don't need

376

00:17:15,800 --> 00:17:12,449

to embellish it with a lot of Hollywood

377

00:17:18,620 --> 00:17:15,810

nonsense you know it to me it just

378

00:17:20,360 --> 00:17:18,630

smacks of poor writing I mean I spotted

379

00:17:21,740 --> 00:17:20,370

a flaw in the program that I thought

380

00:17:24,770 --> 00:17:21,750

nobody else in the world would have

381

00:17:26,900 --> 00:17:24,780

spotted I mean we're dealing with 1952

382

00:17:29,120 --> 00:17:26,910

and one of the generals Neal McDonough

383

00:17:31,670 --> 00:17:29,130

one of my favorite actors is wearing an

384

00:17:34,430 --> 00:17:31,680

Air Force Commendation Medal on his

385

00:17:37,370 --> 00:17:34,440

rivet his ribbons that wasn't created

386

00:17:39,890 --> 00:17:37,380

until 1958 yeah ergo I'm terrible I'm

387

00:17:41,620 --> 00:17:39,900

terrible like that myself I look at sets

388

00:17:44,480 --> 00:17:41,630

and I'm always looking at sets and say

389

00:17:47,840 --> 00:17:44,490

hmm 19 when's this supposed to take

390

00:17:50,390 --> 00:17:47,850

place 1962 well you know that's a you

391

00:17:52,220 --> 00:17:50,400

know that didn't come out until 1969 or

392

00:17:54,290 --> 00:17:52,230

you know the lava land whatever it is

393

00:17:55,790 --> 00:17:54,300

and I haven't figured out why they've

394

00:18:00,080 --> 00:17:55,800

got two four-star generals running

395

00:18:02,360 --> 00:18:00,090

around in this program as sort of sort

396

00:18:04,640 --> 00:18:02,370

of overseeing the whole thing we got to

397

00:18:06,980 --> 00:18:04,650

force to our generals running around I I

398

00:18:10,250 --> 00:18:06,990

would maybe buy one

399

00:18:12,290 --> 00:18:10,260

near general but you know two four-star

400

00:18:13,100 --> 00:18:12,300

generals who are deeply involved I don't

401  
00:18:15,440 --> 00:18:13,110  
think so

402  
00:18:17,720 --> 00:18:15,450  
and you can tell how important project

403  
00:18:19,760 --> 00:18:17,730  
Bluebook became in 52 it was very

404  
00:18:21,799 --> 00:18:19,770  
important it there's no doubt about it

405  
00:18:27,049 --> 00:18:21,809  
and things evolved after the Robertson

406  
00:18:31,190 --> 00:18:27,059  
panel in 1952 over 1953 and and and then

407  
00:18:34,460 --> 00:18:31,200  
he started bringing in people to to lead

408  
00:18:38,150 --> 00:18:34,470  
it who were anti alien anti UFO type

409  
00:18:39,860 --> 00:18:38,160  
people and then and and it was sort of a

410  
00:18:41,390 --> 00:18:39,870  
dead-end job well what are you going to

411  
00:18:43,160 --> 00:18:41,400  
do with this guy well he's got a couple

412  
00:18:43,430 --> 00:18:43,170  
more years on his career he's not going

413  
00:18:46,700 --> 00:18:43,440

anywhere

414

00:18:50,630 --> 00:18:46,710

giving Project Blue Book and it's kind

415

00:18:52,490 --> 00:18:50,640

of a dead-end career for an Air Force

416

00:18:54,440 --> 00:18:52,500

officer to be put in charge of Project

417

00:18:56,919 --> 00:18:54,450

Blue Book you know it's like you'll be

418

00:19:01,120 --> 00:18:56,929

in charge of the supply depot in

419

00:19:06,200 --> 00:19:01,130

Bakersfield California accounting mess

420

00:19:07,730 --> 00:19:06,210

mess craze or Forks or something I mean

421

00:19:10,400 --> 00:19:07,740

it was kind of a dead-end job and you

422

00:19:12,200 --> 00:19:10,410

knew if you were yeah and that I always

423

00:19:13,520 --> 00:19:12,210

felt that way that Hector quintanilla

424

00:19:15,410 --> 00:19:13,530

who was the last chief of project

425

00:19:18,230 --> 00:19:15,420

Bluebook I became there as a captain and

426  
00:19:20,150 --> 00:19:18,240  
he just stayed forever and he eventually

427  
00:19:23,330 --> 00:19:20,160  
retired as Lieutenant Colonel so he got

428  
00:19:26,500 --> 00:19:23,340  
his promotions on time but I think him

429  
00:19:28,340 --> 00:19:26,510  
he was bitter and reading his book and

430  
00:19:29,810 --> 00:19:28,350  
some of the things he said I think we

431  
00:19:31,220 --> 00:19:29,820  
should bitter about being stuck in that

432  
00:19:32,780 --> 00:19:31,230  
dead-end job and he knew what they were

433  
00:19:36,919 --> 00:19:32,790  
doing to him the guy was a trained

434  
00:19:40,780 --> 00:19:36,929  
physicist you know I but but his name

435  
00:19:44,660 --> 00:19:43,070  
mexican-american and so they just sort

436  
00:19:46,130 --> 00:19:44,670  
of pushed him to the side that was what

437  
00:19:48,860 --> 00:19:46,140  
they did with him and I always I felt

438  
00:19:53,270 --> 00:19:48,870

kind of bad for him because of that Wow

439

00:19:55,400 --> 00:19:53,280

yeah now on in this book and that again

440

00:19:57,400 --> 00:19:55,410

the title is it the best of Project Blue

441

00:20:00,290 --> 00:19:57,410

Book

442

00:20:02,600 --> 00:20:00,300

were you action did you actually review

443

00:20:06,669 --> 00:20:02,610

the the files themselves because I know

444

00:20:09,919 --> 00:20:06,679

a lot of them are available I have had

445

00:20:13,160 --> 00:20:09,929

Sousa mid-1990s a complete set of the

446

00:20:15,590 --> 00:20:13,170

Project Blue Book files on microfilm Wow

447

00:20:17,120 --> 00:20:15,600

and then of course now a lot I now have

448

00:20:18,919 --> 00:20:17,130

a complete set well it's not I don't

449

00:20:20,509 --> 00:20:18,929

think it's complete but the vast

450

00:20:22,789 --> 00:20:20,519

majority of the site of the

451  
00:20:24,799 --> 00:20:22,799  
block project blue books on a one

452  
00:20:26,839 --> 00:20:24,809  
terabyte hard drive I can carry project

453  
00:20:28,940 --> 00:20:26,849  
Bluebook around in my pocket which

454  
00:20:31,190 --> 00:20:28,950  
always stuns me but yes I had complete

455  
00:20:34,609 --> 00:20:31,200  
access to the project Bluebook files I

456  
00:20:36,499 --> 00:20:34,619  
mean so I would compare what was on what

457  
00:20:38,169 --> 00:20:36,509  
I had digitally with what was originally

458  
00:20:40,099 --> 00:20:38,179  
in microfilm what happened was back in

459  
00:20:43,820 --> 00:20:40,109  
1976 when I was going to the University

460  
00:20:46,489 --> 00:20:43,830  
of Iowa actually was before that I was

461  
00:20:47,839 --> 00:20:46,499  
an Air Force ROTC and the newsletter

462  
00:20:49,159 --> 00:20:47,849  
came out and said that the Project Blue

463  
00:20:51,799 --> 00:20:49,169

Book files are now available for

464

00:20:53,269 --> 00:20:51,809

scrutiny at they've been Declassified

465

00:20:56,359 --> 00:20:53,279

they're available for scrutiny at

466

00:20:57,649 --> 00:20:56,369

Maxwell Air Force Base and I went to

467

00:20:59,479 --> 00:20:57,659

college and what I called my saga

468

00:21:02,449 --> 00:20:59,489

scholarship saga was a men's magazine

469

00:21:03,919 --> 00:21:02,459

from the 1950s and 60s you know it was

470

00:21:05,930 --> 00:21:03,929

like playboy it was just featured

471

00:21:08,180 --> 00:21:05,940

stories that were of interest to men and

472

00:21:09,440 --> 00:21:08,190

they would always run a UFO article once

473

00:21:11,930 --> 00:21:09,450

a month and then they then they

474

00:21:14,419 --> 00:21:11,940

developed the saga UFO report it was all

475

00:21:16,519 --> 00:21:14,429

UFOs and I would periodically call the

476  
00:21:17,959 --> 00:21:16,529  
editor sometimes he'd call me back and

477  
00:21:19,639 --> 00:21:17,969  
sometimes he wouldn't well I discovered

478  
00:21:22,609 --> 00:21:19,649  
that I that the Project Blue Book files

479  
00:21:25,099 --> 00:21:22,619  
were available so I called the editor

480  
00:21:26,359 --> 00:21:25,109  
and they said well can we take em SH as

481  
00:21:27,909 --> 00:21:26,369  
they always did and I said yes tell him

482  
00:21:30,979 --> 00:21:27,919  
I can give the project Bluebook files

483  
00:21:33,589 --> 00:21:30,989  
and the editor didn't call me the

484  
00:21:35,359 --> 00:21:33,599  
managing editor called instead and he

485  
00:21:36,889 --> 00:21:35,369  
starts telling me what to look for I

486  
00:21:39,379 --> 00:21:36,899  
said well I guess we got an assignment

487  
00:21:41,149 --> 00:21:39,389  
don't we and so a friend of mine Bob

488  
00:21:42,589 --> 00:21:41,159

cornea Cornette and I went down to the

489

00:21:44,479 --> 00:21:42,599

project went down to Maxwell Air Force

490

00:21:46,579 --> 00:21:44,489

Base and pawed through the files at that

491

00:21:48,919 --> 00:21:46,589

time this was before they were all

492

00:21:51,319 --> 00:21:48,929

redacted and the first thing we did was

493

00:21:55,399 --> 00:21:51,329

go the index and we wrote down the names

494

00:21:58,359 --> 00:21:55,409

of everybody who was the index had the

495

00:22:02,629 --> 00:21:58,369

the date of the sighting the witnesses

496

00:22:04,459 --> 00:22:02,639

the location and the conclusion that was

497

00:22:05,959 --> 00:22:04,469

drawn so we went through the all under

498

00:22:07,279 --> 00:22:05,969

denta files we wrote down all of that

499

00:22:09,469 --> 00:22:07,289

with the name so we can put the names

500

00:22:11,359 --> 00:22:09,479

back in they really didn't do a good job

501  
00:22:13,609 --> 00:22:11,369  
of redacting the names the point being

502  
00:22:15,560 --> 00:22:13,619  
is yes I had access to the Project Blue

503  
00:22:20,029 --> 00:22:15,570  
Book files and I've been playing with

504  
00:22:21,560 --> 00:22:20,039  
them since the mid 1970s and if I opened

505  
00:22:23,089 --> 00:22:21,570  
the door and my cabinets back there I

506  
00:22:25,060 --> 00:22:23,099  
could show you the microfilm there was

507  
00:22:28,279 --> 00:22:25,070  
90 I think it's 96 rolls of microfilm

508  
00:22:29,839 --> 00:22:28,289  
and you you could purchase them one at a

509  
00:22:31,219 --> 00:22:29,849  
time and I would purchase them at as I

510  
00:22:33,710 --> 00:22:31,229  
need up so I ended up with a complete

511  
00:22:35,600 --> 00:22:33,720  
set so yes I went through the project

512  
00:22:38,870 --> 00:22:35,610  
book file so what I did was I pulled up

513  
00:22:41,990 --> 00:22:38,880

the project card that you would see on

514

00:22:45,970 --> 00:22:42,000

the the first thing you would see in the

515

00:22:49,070 --> 00:22:45,980

file and that is at the top of the page

516

00:22:50,720 --> 00:22:49,080

with that sighting on it so you can read

517

00:22:52,880 --> 00:22:50,730

what the Air Force said on the project

518

00:22:56,030 --> 00:22:52,890

card and then I detailed the sighting as

519

00:22:57,560 --> 00:22:56,040

the Air Force investigated it but I had

520

00:22:59,390 --> 00:22:57,570

access to information the Air Force

521

00:23:03,080 --> 00:22:59,400

didn't have which simply is meaning that

522

00:23:04,610 --> 00:23:03,090

you know if once project Bluebook cause

523

00:23:06,260 --> 00:23:04,620

they didn't update the files or do

524

00:23:11,060 --> 00:23:06,270

anything and I was able to do that I was

525

00:23:12,920 --> 00:23:11,070

able to talk to witnesses who could give

526

00:23:14,390 --> 00:23:12,930

me more information right could access

527

00:23:16,220 --> 00:23:14,400

additional information that the Air

528

00:23:18,680 --> 00:23:16,230

Force didn't have access to at the time

529

00:23:20,720 --> 00:23:18,690

so I brought all of that into play as

530

00:23:22,790 --> 00:23:20,730

well what happened afterwards what did

531

00:23:29,870 --> 00:23:22,800

what happened to the witnesses

532

00:23:31,940 --> 00:23:29,880

I talked to witnesses that were involved

533

00:23:34,040 --> 00:23:31,950

in some of this for example the

534

00:23:37,040 --> 00:23:34,050

Washington National sightings from 1952

535

00:23:39,320 --> 00:23:37,050

what's these sightings of radar over

536

00:23:43,370 --> 00:23:39,330

Washington National Airport and two

537

00:23:45,590 --> 00:23:43,380

second separate nights in in July and I

538

00:23:50,270 --> 00:23:45,600

was able to talk to ouch el chop and

539

00:23:53,690 --> 00:23:50,280

Dewey forte who were in the radar room

540

00:23:55,700 --> 00:23:53,700

on the second night so I talked to the

541

00:23:57,770 --> 00:23:55,710

eye by talked to them in the 1990s but

542

00:23:59,660 --> 00:23:57,780

you know I asked the questions I wanted

543

00:24:01,130 --> 00:23:59,670

to ask and got the information so I was

544

00:24:03,020 --> 00:24:01,140

able to plug that information into the

545

00:24:04,970 --> 00:24:03,030

book stuff that didn't make it into

546

00:24:08,360 --> 00:24:04,980

Project Blue Book files that you know

547

00:24:10,100 --> 00:24:08,370

their their memories and their reaction

548

00:24:11,600 --> 00:24:10,110

to what went on isn't in the Project

549

00:24:13,730 --> 00:24:11,610

Blue Book files and I was able to gather

550

00:24:15,530 --> 00:24:13,740

that information or use that information

551  
00:24:19,370 --> 00:24:15,540  
as they gathered it you know some 20

552  
00:24:23,600 --> 00:24:19,380  
years ago so that was what the idea was

553  
00:24:25,940 --> 00:24:23,610  
here is some of these great stories here

554  
00:24:27,680 --> 00:24:25,950  
is here are the some of the interviews I

555  
00:24:30,400 --> 00:24:27,690  
conducted with people long after the

556  
00:24:34,010 --> 00:24:30,410  
events here are some photographs

557  
00:24:36,020 --> 00:24:34,020  
Levelland Texas for example I knew where

558  
00:24:37,700 --> 00:24:36,030  
the various sites were that the people

559  
00:24:39,530 --> 00:24:37,710  
saw the UFO that landed in Levelland

560  
00:24:41,330 --> 00:24:39,540  
Texas so I was able to go to the sites

561  
00:24:43,100 --> 00:24:41,340  
and here's a photograph of what the site

562  
00:24:45,830 --> 00:24:43,110  
looks like at least today so you get an

563  
00:24:47,330 --> 00:24:45,840

idea of how desolate it really was out

564

00:24:49,340 --> 00:24:47,340

there I mean

565

00:24:52,760 --> 00:24:49,350

things were going on but don Burlinson

566

00:24:54,740 --> 00:24:52,770

for example a guy living in Roswell New

567

00:24:57,560 --> 00:24:54,750

Mexico by coincidence had studied the

568

00:25:00,740 --> 00:24:57,570

Levelland case he was able to interview

569

00:25:04,790 --> 00:25:00,750

the daughter and the widow of the

570

00:25:06,530 --> 00:25:04,800

sheriff yeah from Levelland and he

571

00:25:08,300 --> 00:25:06,540

learned that the sheriff had been told

572

00:25:10,580 --> 00:25:08,310

not to talk about the sighting and he

573

00:25:13,550 --> 00:25:10,590

wouldn't do it but it but it appears

574

00:25:15,560 --> 00:25:13,560

that the sheriff got a lot closer to the

575

00:25:17,270 --> 00:25:15,570

UFO when he went out looking for it then

576

00:25:19,040 --> 00:25:17,280

then had been in the project Bluebook

577

00:25:20,500 --> 00:25:19,050

files that suggests it was nine hundred

578

00:25:23,360 --> 00:25:20,510

yards away or something like that

579

00:25:25,850 --> 00:25:23,370

talking to them that the family said

580

00:25:28,010 --> 00:25:25,860

yeah he got a lot closer and I was able

581

00:25:30,260 --> 00:25:28,020

to find a newspaper article by

582

00:25:31,820 --> 00:25:30,270

coincidence from the time frame that

583

00:25:34,970 --> 00:25:31,830

wasn't in the project Bluebook files

584

00:25:37,460 --> 00:25:34,980

that said where he was quoted to saying

585

00:25:39,560 --> 00:25:37,470

he got within you know 200 yards of it

586

00:25:41,210 --> 00:25:39,570

he was much much closer and so that

587

00:25:45,230 --> 00:25:41,220

confirmed what the family said so we've

588

00:25:47,480 --> 00:25:45,240

got a contemporary quote from a

589

00:25:50,240 --> 00:25:47,490

newspaper that confirmed what the family

590

00:25:51,920 --> 00:25:50,250

was saying you know fifty years later or

591

00:25:53,840 --> 00:25:51,930

forty-five years later or whatever it

592

00:25:54,890 --> 00:25:53,850

was when Don talked to them well we all

593

00:25:57,170 --> 00:25:54,900

bet I was able to bring all of that

594

00:25:59,000 --> 00:25:57,180

information to play them in the book as

595

00:26:02,210 --> 00:25:59,010

well so it's not just what the Air Force

596

00:26:03,920 --> 00:26:02,220

had to say it's additional information

597

00:26:05,960 --> 00:26:03,930

that I was able to gather long after a

598

00:26:07,640 --> 00:26:05,970

project were closed and and and append

599

00:26:12,410 --> 00:26:07,650

it to them he says well here's where we

600

00:26:14,690 --> 00:26:12,420

go today here's what we today I like

601  
00:26:16,730 --> 00:26:14,700  
that that approach is really really

602  
00:26:19,280 --> 00:26:16,740  
great we're a little past our break we

603  
00:26:21,530 --> 00:26:19,290  
got to go into break so hang in everyone

604  
00:26:23,540 --> 00:26:21,540  
we'll be right back right after these

605  
00:26:26,810 --> 00:26:23,550  
messages all right welcome back to the

606  
00:26:28,790 --> 00:26:26,820  
show my guest tonight is Kevin Rendell

607  
00:26:32,120 --> 00:26:28,800  
and we were talking about the levelin

608  
00:26:34,820 --> 00:26:32,130  
Texas case just before we went on break

609  
00:26:36,830 --> 00:26:34,830  
however Kevin I wanted to tell you guess

610  
00:26:39,560 --> 00:26:36,840  
who's in the chat room we have Shane

611  
00:26:40,850 --> 00:26:39,570  
Ryan in the chat room he just said hi he

612  
00:26:44,230 --> 00:26:40,860  
remembers having dinner with you in

613  
00:26:46,910 --> 00:26:44,240

Toronto Shane Ryan from Australia yeah

614

00:26:49,850 --> 00:26:46,920

Australia Australia you have a Westall

615

00:26:52,760 --> 00:26:49,860

case we've had we had Shane on I don't

616

00:26:53,810 --> 00:26:52,770

know maybe a month or two ago that was

617

00:26:56,510 --> 00:26:53,820

back when they were having the fires

618

00:27:00,410 --> 00:26:56,520

down there and and but no it's good to

619

00:27:01,200 --> 00:27:00,420

see him he's putting up all kinds of

620

00:27:02,460 --> 00:27:01,210

information

621

00:27:07,880 --> 00:27:02,470

the chapter room for everyone which is

622

00:27:12,450 --> 00:27:07,890

great so so let's get getting back into

623

00:27:15,990 --> 00:27:12,460

your research I wanted to find out you

624

00:27:19,019 --> 00:27:16,000

said that you saw these files unredacted

625

00:27:21,269 --> 00:27:19,029

and you know a lot of times you see I

626

00:27:22,799 --> 00:27:21,279

don't know not these in particular but

627

00:27:26,430 --> 00:27:22,809

you see things that are really really

628

00:27:27,990 --> 00:27:26,440

redacted beyond being able to recognize

629

00:27:30,120 --> 00:27:28,000

what they're talking about it has

630

00:27:32,659 --> 00:27:30,130

nothing to do with just private

631

00:27:34,830 --> 00:27:32,669

information or classified information I

632

00:27:37,560 --> 00:27:34,840

guess what I'm getting at did you see

633

00:27:39,899 --> 00:27:37,570

anything really interesting on the

634

00:27:42,510 --> 00:27:39,909

unredacted files that are redacted and

635

00:27:44,220 --> 00:27:42,520

further files the only thing they

636

00:27:45,630 --> 00:27:44,230

redacted out of the project Bluebook

637

00:27:47,970 --> 00:27:45,640

files were the names and the personal

638

00:27:50,310 --> 00:27:47,980

information that's it okay so you but

639

00:27:52,139 --> 00:27:50,320

you you would look at a case and you

640

00:27:54,240 --> 00:27:52,149

couldn't follow up on it because the

641

00:27:57,659 --> 00:27:54,250

names had been redacted but they did a

642

00:27:59,909 --> 00:27:57,669

crappy job and and and the one that the

643

00:28:01,279 --> 00:27:59,919

one that really cracked me up was they

644

00:28:03,840 --> 00:28:01,289

had an interview with Kenneth Arnold

645

00:28:05,130 --> 00:28:03,850

who's the guy that started this whole

646

00:28:05,909 --> 00:28:05,140

thing with his sighting in Mount Ranier

647

00:28:08,549 --> 00:28:05,919

yeah

648

00:28:11,610 --> 00:28:08,559

there was a television telephone

649

00:28:13,380 --> 00:28:11,620

interview with him and they'd even gone

650

00:28:14,159 --> 00:28:13,390

to the trouble of crossing out his

651  
00:28:18,510 --> 00:28:14,169  
initials

652  
00:28:20,519 --> 00:28:18,520  
you know kaa but across the front in

653  
00:28:24,260 --> 00:28:20,529  
grease pencil letters that had to be a

654  
00:28:26,730 --> 00:28:24,270  
half an inch high it said Arnold case

655  
00:28:30,690 --> 00:28:26,740  
kind of gave the whole thing away in

656  
00:28:33,330 --> 00:28:30,700  
there pal and and then sometimes there

657  
00:28:35,010 --> 00:28:33,340  
would be newspaper articles appended to

658  
00:28:37,560 --> 00:28:35,020  
the end of the file they didn't redact

659  
00:28:41,970 --> 00:28:37,570  
those so you could put the names back

660  
00:28:44,399 --> 00:28:41,980  
yeah because they were not taken out and

661  
00:28:47,279 --> 00:28:44,409  
things like that and and if you written

662  
00:28:48,810 --> 00:28:47,289  
most of the cases you read you could

663  
00:28:51,210 --> 00:28:48,820

find the name if you read the case

664

00:28:52,200 --> 00:28:51,220

material carefully about the names were

665

00:28:53,669 --> 00:28:52,210

in there because they would miss

666

00:28:56,399 --> 00:28:53,679

somebody's name and you could figure out

667

00:29:00,269 --> 00:28:56,409

who it was the only thing that we that I

668

00:29:03,690 --> 00:29:00,279

had trouble with is um the Lubbock

669

00:29:05,430 --> 00:29:03,700

lights the first sighting took place in

670

00:29:08,029 --> 00:29:05,440

Albuquerque before it got down to

671

00:29:11,610 --> 00:29:08,039

Lubbock her they think it's kind of

672

00:29:14,039 --> 00:29:11,620

together the sightings kind of match and

673

00:29:15,060 --> 00:29:14,049

they had I was able to get the name of

674

00:29:17,430 --> 00:29:15,070

the husband

675

00:29:19,770 --> 00:29:17,440

both its first and last name but most of

676

00:29:20,700 --> 00:29:19,780

the newspapers set misses and didn't

677

00:29:22,530 --> 00:29:20,710

give her first name

678

00:29:24,630 --> 00:29:22,540

and it took me about 20 minutes to find

679

00:29:26,190 --> 00:29:24,640

her real first name it wasn't in the

680

00:29:27,090 --> 00:29:26,200

files I had to go online to do it and

681

00:29:28,350 --> 00:29:27,100

that's the other thing about the

682

00:29:29,880 --> 00:29:28,360

internet you can usually find what you

683

00:29:33,090 --> 00:29:29,890

want I was able to find her first name

684

00:29:34,950 --> 00:29:33,100

so I can plug it into the story but that

685

00:29:38,640 --> 00:29:34,960

was what they had redacted from that and

686

00:29:40,440 --> 00:29:38,650

they the other thing is you heard I

687

00:29:42,240 --> 00:29:40,450

think repeatedly there was no classified

688

00:29:44,220 --> 00:29:42,250

files and project Bluebook or things

689

00:29:45,240 --> 00:29:44,230

like that and they would especially in

690

00:29:47,070 --> 00:29:45,250

the sixth year saying we have no

691

00:29:48,480 --> 00:29:47,080

classified information when you go

692

00:29:50,670 --> 00:29:48,490

through the files and you could see the

693

00:29:52,170 --> 00:29:50,680

classification marks on it sometimes

694

00:29:54,990 --> 00:29:52,180

they're blacked out and heavy black

695

00:29:56,660 --> 00:29:55,000

magic marker so you can't see them but

696

00:29:59,490 --> 00:29:56,670

you know if it's a really long black

697

00:30:01,920 --> 00:29:59,500

smudge well that was confidential and if

698

00:30:03,780 --> 00:30:01,930

it's a sort of smudge it met secret but

699

00:30:05,700 --> 00:30:03,790

sometimes they just crossed it out with

700

00:30:07,950 --> 00:30:05,710

a single stroke of a pen or something

701

00:30:09,270 --> 00:30:07,960

like that so you could see that they

702

00:30:13,080 --> 00:30:09,280

were class though there were classified

703

00:30:19,110 --> 00:30:13,090

files there of course I think Rob Mercer

704

00:30:21,180 --> 00:30:19,120

from Ohio blundered into the project

705

00:30:22,530 --> 00:30:21,190

Bluebook files he said that and I

706

00:30:23,780 --> 00:30:22,540

interviewed him on my program I think

707

00:30:26,580 --> 00:30:23,790

you may have interviewed him as well

708

00:30:29,190 --> 00:30:26,590

that he was he would look at Craigslist

709

00:30:32,040 --> 00:30:29,200

periodically for yes--you about material

710

00:30:33,480 --> 00:30:32,050

and somebody was in a box of material up

711

00:30:36,210 --> 00:30:33,490

there that had Project Blue Book stuff

712

00:30:37,290 --> 00:30:36,220

in it so he bought the box and as he was

713

00:30:39,120 --> 00:30:37,300

going through it he realized it really

714

00:30:40,890 --> 00:30:39,130

was Project Blue Book material and

715

00:30:43,910 --> 00:30:40,900

through some very nice detective work

716

00:30:46,890 --> 00:30:43,920

managed to find the guy who had

717

00:30:49,440 --> 00:30:46,900

originally had the box of material and

718

00:30:51,600 --> 00:30:49,450

there was more of it a guy named Carmen

719

00:30:53,390 --> 00:30:51,610

Morano who was the last technically last

720

00:30:55,380 --> 00:30:53,400

officer in charge of Project Blue Book

721

00:30:56,790 --> 00:30:55,390

because everybody else was gone and he

722

00:30:58,110 --> 00:30:56,800

was tearing down the office and you

723

00:31:00,000 --> 00:30:58,120

think the stuff would be destroyed he

724

00:31:01,710 --> 00:31:00,010

was going to go through it later but he

725

00:31:03,420 --> 00:31:01,720

just kept the boxes and when he moved he

726

00:31:05,400 --> 00:31:03,430

inadvertently left a box behind and that

727

00:31:06,510 --> 00:31:05,410

was how Bob Mercer got his hands on it

728

00:31:09,960 --> 00:31:06,520

cuz somebody bought it at a garage sale

729

00:31:11,280 --> 00:31:09,970

and he had found Morano and he sent more

730

00:31:12,900 --> 00:31:11,290

stuff to him he said well you can have

731

00:31:16,590 --> 00:31:12,910

it off you want and in that was a

732

00:31:19,320 --> 00:31:16,600

complete set index of Project Blue Book

733

00:31:23,730 --> 00:31:19,330

without the names redacted the index is

734

00:31:26,430 --> 00:31:23,740

quite I've got the index on printed out

735

00:31:28,590 --> 00:31:26,440

from from the microfilm and it's in two

736

00:31:28,980 --> 00:31:28,600

loose-leaf notebooks so it's I mean it's

737

00:31:30,389 --> 00:31:28,990

a he

738

00:31:33,240 --> 00:31:30,399

index so he's got all that information

739

00:31:35,370 --> 00:31:33,250

but he's got everybody's name in that

740

00:31:37,529 --> 00:31:35,380

and there's other and a lot of the other

741

00:31:40,680 --> 00:31:37,539

material isn't redacted so when I was

742

00:31:44,159 --> 00:31:40,690

doing stuff on oh when I was doing my

743

00:31:47,580 --> 00:31:44,169

book on Sakura I encounter in the desert

744

00:31:51,360 --> 00:31:47,590

the Lonnie Zamora stuff he sent me the

745

00:31:53,639 --> 00:31:51,370

entire file from that he had that

746

00:31:55,169 --> 00:31:53,649

concluded not only the stuff that was in

747

00:31:56,669 --> 00:31:55,179

the official file but the unofficial

748

00:31:59,010 --> 00:31:56,679

file which they used to brief other

749

00:32:02,880 --> 00:31:59,020

people Ben moss and Tony Angie all I

750

00:32:05,010 --> 00:32:02,890

think it's the classified file but from

751  
00:32:07,919 --> 00:32:05,020  
what what Carmen bono told me and from

752  
00:32:10,980 --> 00:32:07,929  
what Robb Mercer told me what they had

753  
00:32:13,380 --> 00:32:10,990  
done was the cases that everybody was

754  
00:32:15,330 --> 00:32:13,390  
interested in they'd created other files

755  
00:32:16,830 --> 00:32:15,340  
so they could get to him easily and hand

756  
00:32:21,240 --> 00:32:16,840  
him to the reporters or whatever wanted

757  
00:32:23,399 --> 00:32:21,250  
to look at them so it's not a secret

758  
00:32:25,590 --> 00:32:23,409  
unofficial file it's just an unofficial

759  
00:32:28,409 --> 00:32:25,600  
file but he sent me all of that stuff so

760  
00:32:30,120 --> 00:32:28,419  
I had that I could plug that in and what

761  
00:32:31,710 --> 00:32:30,130  
kind of triggered that and I'm off onto

762  
00:32:34,919 --> 00:32:31,720  
the counters in the desert now which is

763  
00:32:37,889 --> 00:32:34,929

about the Socorro landing we triggered

764

00:32:39,450 --> 00:32:37,899

that is I been Ben and Tony on my

765

00:32:41,310 --> 00:32:39,460

program and they had said they said a

766

00:32:42,930 --> 00:32:41,320

couple of times that three people had

767

00:32:46,139 --> 00:32:42,940

called into the police station before

768

00:32:48,779 --> 00:32:46,149

Zamora went out for some or got to the

769

00:32:52,380 --> 00:32:48,789

landing site to tell him about this

770

00:32:53,880 --> 00:32:52,390

thing in the sky and I said is that in

771

00:32:54,990 --> 00:32:53,890

the police log did you look at the

772

00:32:57,810 --> 00:32:55,000

police log and I never got a

773

00:33:00,409 --> 00:32:57,820

satisfactory answer from them on that so

774

00:33:04,080 --> 00:33:00,419

I was looking the stuff up myself and

775

00:33:07,260 --> 00:33:04,090

going through the the file I found a

776

00:33:09,630 --> 00:33:07,270

report written by Richard holder who was

777

00:33:10,950 --> 00:33:09,640

an Army officer who was there the night

778

00:33:12,870 --> 00:33:10,960

it happened and he was working with the

779

00:33:15,269 --> 00:33:12,880

FBI agent talking to some more in that

780

00:33:16,830 --> 00:33:15,279

stuff and he said in his report right

781

00:33:20,430 --> 00:33:16,840

there that three people are called into

782

00:33:21,630 --> 00:33:20,440

the police station with with reports of

783

00:33:24,510 --> 00:33:21,640

this thing flying over

784

00:33:27,149 --> 00:33:24,520

so here it's documented from April 24th

785

00:33:30,570 --> 00:33:27,159

1964 so you've got the documentation

786

00:33:32,940 --> 00:33:30,580

what stunned me was nobody followed up

787

00:33:34,590 --> 00:33:32,950

on that when you got the UFO

788

00:33:35,850 --> 00:33:34,600

investigators down there you got Hynek

789

00:33:38,389 --> 00:33:35,860

down there you got all those people down

790

00:33:40,440 --> 00:33:38,399

there and the story is out there and

791

00:33:42,419 --> 00:33:40,450

nobody's tries to find who these

792

00:33:42,690 --> 00:33:42,429

witnesses are they didn't leave their

793

00:33:45,030 --> 00:33:42,700

name

794

00:33:47,100 --> 00:33:45,040

the police the police dispatcher didn't

795

00:33:48,630 --> 00:33:47,110

take their names and because he just was

796

00:33:50,310 --> 00:33:48,640

unimpressed with their stories but they

797

00:33:52,050 --> 00:33:50,320

knew the flight path it wouldn't have

798

00:33:54,840 --> 00:33:52,060

been hard to find them given the size of

799

00:33:58,200 --> 00:33:54,850

Socorro at that time but nobody bothered

800

00:33:59,940 --> 00:33:58,210

to do that which is just one of the

801  
00:34:02,700 --> 00:33:59,950  
great missed opportunities because you

802  
00:34:09,030 --> 00:34:02,710  
would move the the Socorro case from

803  
00:34:11,280 --> 00:34:09,040  
being a single witness Lonnie Zamora to

804  
00:34:13,650 --> 00:34:11,290  
multiple witnesses mm-hmm at different

805  
00:34:15,480 --> 00:34:13,660  
locations as it flew over we have some

806  
00:34:17,370 --> 00:34:15,490  
documentation to suggest they were out

807  
00:34:18,810 --> 00:34:17,380  
there and it would have been really nice

808  
00:34:20,610 --> 00:34:18,820  
to talk to them and get their

809  
00:34:23,220 --> 00:34:20,620  
impressions of what they had seen but

810  
00:34:25,590 --> 00:34:23,230  
you know here we are 19 or 19 here we

811  
00:34:30,480 --> 00:34:25,600  
are in 2020 not able to leave our houses

812  
00:34:35,100 --> 00:34:30,490  
and we can we just are unable to track

813  
00:34:36,690 --> 00:34:35,110

the people down now Wow well I do want

814

00:34:38,940 --> 00:34:36,700

to talk about some of the cases because

815

00:34:40,320 --> 00:34:38,950

that's you know we do get a lot of new

816

00:34:43,260 --> 00:34:40,330

listeners and a lot of times I forget

817

00:34:45,090 --> 00:34:43,270

and speaking of new listeners I just

818

00:34:48,000 --> 00:34:45,100

found out this is the second show in the

819

00:34:52,650 --> 00:34:48,010

road in a row that my sister Heidi is

820

00:34:54,630 --> 00:34:52,660

watching so hi Heidi his I'm glad she's

821

00:34:56,310 --> 00:34:54,640

glad she's watching she she's a

822

00:34:57,810 --> 00:34:56,320

wonderful artist by the way and she's

823

00:35:00,770 --> 00:34:57,820

starting to make some art we're gonna

824

00:35:04,470 --> 00:35:00,780

actually put that up on on the website

825

00:35:09,300 --> 00:35:04,480

coming up soon hopefully but she's very

826  
00:35:10,940 --> 00:35:09,310  
talented anyway getting to cases I saw

827  
00:35:13,980 --> 00:35:10,950  
you know you talk a little bit about

828  
00:35:14,910 --> 00:35:13,990  
project sign and project grudge if I

829  
00:35:20,550 --> 00:35:14,920  
have that right

830  
00:35:24,390 --> 00:35:20,560  
the two the two one of my desk thank you

831  
00:35:26,400 --> 00:35:24,400  
before yeah that now why did each of

832  
00:35:27,540 --> 00:35:26,410  
those and I want to talk up the ghost

833  
00:35:28,590 --> 00:35:27,550  
rockets and all that I want to talk

834  
00:35:33,420 --> 00:35:28,600  
about some of these really interesting

835  
00:35:36,480 --> 00:35:33,430  
things but did they both close how did

836  
00:35:39,720 --> 00:35:36,490  
this what made them close and go into

837  
00:35:43,200 --> 00:35:39,730  
like the next process of of grudge and

838  
00:35:49,010 --> 00:35:43,210

then it it closed yeah and what happened

839

00:35:55,620 --> 00:35:52,290

that was a classified name the public

840

00:35:56,280 --> 00:35:55,630

name is project saucer so as they're

841

00:35:59,070 --> 00:35:56,290

moving along

842

00:36:02,370 --> 00:35:59,080

somehow the name got compromised they

843

00:36:04,560 --> 00:36:02,380

wrote a final report they said sign is

844

00:36:06,270 --> 00:36:04,570

done we're done here's our final report

845

00:36:06,930 --> 00:36:06,280

all they did was change the name and

846

00:36:09,570 --> 00:36:06,940

kept going

847

00:36:10,920 --> 00:36:09,580

change it to project grudge same thing

848

00:36:13,980 --> 00:36:10,930

again they changed the name from grudge

849

00:36:15,510 --> 00:36:13,990

to blue book they wrote a final report

850

00:36:18,120 --> 00:36:15,520

and said we're done with project grudge

851  
00:36:21,810 --> 00:36:18,130  
it's all done but it became Project Blue

852  
00:36:23,820 --> 00:36:21,820  
Book so it was a way of kind of

853  
00:36:25,800 --> 00:36:23,830  
protecting the classified names until

854  
00:36:27,390 --> 00:36:25,810  
they got out and then it was a way of

855  
00:36:29,160 --> 00:36:27,400  
suggesting the public there was nothing

856  
00:36:30,660 --> 00:36:29,170  
important here because we've stopped

857  
00:36:32,040 --> 00:36:30,670  
investigating but they didn't stop

858  
00:36:33,660 --> 00:36:32,050  
investigating and the same thing when

859  
00:36:35,370 --> 00:36:33,670  
the end of ended Project Blue Book in

860  
00:36:37,590 --> 00:36:35,380  
1969 they said well we're done we're not

861  
00:36:39,810 --> 00:36:37,600  
doing it anymore but then there was

862  
00:36:42,360 --> 00:36:39,820  
project moon dust which had already been

863  
00:36:44,130 --> 00:36:42,370

created and was used as a way of

864

00:36:47,640 --> 00:36:44,140

continuing the investigations and

865

00:36:48,540 --> 00:36:47,650

there's and moon dust name was

866

00:36:53,910 --> 00:36:48,550

compromised

867

00:36:57,180 --> 00:36:53,920

the mid-1980s Robert Todd got a bunch of

868

00:36:59,280 --> 00:36:57,190

FOIA documents from the State Department

869

00:37:02,160 --> 00:36:59,290

and in there there was stuff talking

870

00:37:03,480 --> 00:37:02,170

about moon dust and so he started

871

00:37:06,600 --> 00:37:03,490

looking at the moon dust and realized it

872

00:37:08,250 --> 00:37:06,610

had a UFO component component if we had

873

00:37:09,330 --> 00:37:08,260

been really careful in our study of

874

00:37:12,150 --> 00:37:09,340

project Bluebook

875

00:37:14,040 --> 00:37:12,160

we would have found cases in there

876

00:37:18,120 --> 00:37:14,050

labelled moon dust there are really

877

00:37:20,220 --> 00:37:18,130

crappy cases they I think one or two of

878

00:37:21,480 --> 00:37:20,230

them sound like meteors but you go

879

00:37:22,800 --> 00:37:21,490

through and you read the project card

880

00:37:24,720 --> 00:37:22,810

and it says right on the project card

881

00:37:27,990 --> 00:37:24,730

project moon dust or just says moon dust

882

00:37:30,270 --> 00:37:28,000

and I one of the books I did I actually

883

00:37:32,460 --> 00:37:30,280

had a I showed the car one of the cards

884

00:37:34,650 --> 00:37:32,470

that had that that term on it moon dust

885

00:37:39,270 --> 00:37:34,660

so clearly there was a UFO component and

886

00:37:40,560 --> 00:37:39,280

clearly they were communicating with the

887

00:37:42,900 --> 00:37:40,570

moon dust people were communicating with

888

00:37:49,290 --> 00:37:42,910

blue book but general Bolender said in

889

00:37:50,820 --> 00:37:49,300

1969 that the really hot cases really in

890

00:37:51,960 --> 00:37:50,830

cases of affected national security

891

00:37:53,580 --> 00:37:51,970

didn't go to blue book they went

892

00:37:54,930 --> 00:37:53,590

elsewhere so now we have a general

893

00:37:57,060 --> 00:37:54,940

officer telling us that not everything

894

00:38:00,900 --> 00:37:57,070

is communicated to blue book even though

895

00:38:03,270 --> 00:38:00,910

regulations required him and and we can

896

00:38:05,400 --> 00:38:03,280

see that there were other investigations

897

00:38:08,370 --> 00:38:05,410

going on at that time so we know that

898

00:38:09,750 --> 00:38:08,380

this the blue book became little more

899

00:38:12,540 --> 00:38:09,760

than a public-relations out

900

00:38:15,000 --> 00:38:12,550

fit but they got some really good cases

901  
00:38:18,210 --> 00:38:15,010  
while they were doing the investigation

902  
00:38:20,220 --> 00:38:18,220  
as I said there's a Moore case in 1964

903  
00:38:22,040 --> 00:38:20,230  
which Bob which I also cover in the best

904  
00:38:24,480 --> 00:38:22,050  
of Project Blue Book it's it's it's a

905  
00:38:25,770 --> 00:38:24,490  
condensed version of what what appears

906  
00:38:28,830 --> 00:38:25,780  
an encounter in the desert so if you

907  
00:38:30,210 --> 00:38:28,840  
notice in that case a lone encounter in

908  
00:38:31,530 --> 00:38:30,220  
the desert it's a book to look at but if

909  
00:38:33,180 --> 00:38:31,540  
you're interested in just you know the

910  
00:38:34,830 --> 00:38:33,190  
general look at Project Blue Book in

911  
00:38:36,960 --> 00:38:34,840  
some of the best cases in it then the

912  
00:38:38,160 --> 00:38:36,970  
best of Project Blue Book is what you

913  
00:38:40,620 --> 00:38:38,170

want to do and one of the one of the

914

00:38:42,720 --> 00:38:40,630

things I wanted to do and we talked with

915

00:38:45,230 --> 00:38:42,730

you and I mentioned earlier leave the

916

00:38:48,480 --> 00:38:45,240

Condon committee they did a

917

00:38:52,260 --> 00:38:48,490

investigation of a sighting in 1954 they

918

00:38:53,660 --> 00:38:52,270

I mean reviewed it and they didn't solve

919

00:38:57,960 --> 00:38:53,670

it they didn't come up with a solution

920

00:38:59,880 --> 00:38:57,970

they said it was a natural phenomenon so

921

00:39:03,060 --> 00:38:59,890

rare it had never been seen before or

922

00:39:06,150 --> 00:39:03,070

since I'm thinking even if it's not

923

00:39:08,010 --> 00:39:06,160

leading you to an alien spacecraft a new

924

00:39:10,830 --> 00:39:08,020

natural phenomena would have been of

925

00:39:12,780 --> 00:39:10,840

scientific value to understand but they

926

00:39:15,120 --> 00:39:12,790

just they just blew it off so what I did

927

00:39:17,390 --> 00:39:15,130

and the best project Bluebook I look for

928

00:39:20,160 --> 00:39:17,400

additional information on that case from

929

00:39:22,650 --> 00:39:20,170

1954 and was able to find it and one of

930

00:39:24,780 --> 00:39:22,660

the things that came up in that was the

931

00:39:27,510 --> 00:39:24,790

pilots of the aircraft that made the

932

00:39:31,680 --> 00:39:27,520

sighting near Greenland were

933

00:39:33,330 --> 00:39:31,690

interrogated by men from it may have

934

00:39:35,220 --> 00:39:33,340

been the Ministry of Defense in Great

935

00:39:41,040 --> 00:39:35,230

Britain or may have been Air Force our

936

00:39:43,500 --> 00:39:41,050

Air Force OSI guys talking about it but

937

00:39:45,990 --> 00:39:43,510

there's a newspaper article where one of

938

00:39:48,180 --> 00:39:46,000

the other crew member had run into the

939

00:39:49,740 --> 00:39:48,190

pilots and asked him about the

940

00:39:51,420 --> 00:39:49,750

interrogation so now we can't talk about

941

00:39:54,390 --> 00:39:51,430

that so I was able to add additional

942

00:39:56,550 --> 00:39:54,400

detail to this this cases it appeared in

943

00:39:59,010 --> 00:39:56,560

the Condon report and give you some

944

00:40:00,180 --> 00:39:59,020

insight of to where where it is and the

945

00:40:02,430 --> 00:40:00,190

other thing I did in the book and I

946

00:40:05,130 --> 00:40:02,440

borrowed this from Jerry Clark in his

947

00:40:06,950 --> 00:40:05,140

massive UFO encyclopedia at the end of

948

00:40:09,660 --> 00:40:06,960

each segment he would list the sources

949

00:40:11,910 --> 00:40:09,670

and so at the end of each segment of the

950

00:40:15,330 --> 00:40:11,920

book I listed the sources used for that

951  
00:40:17,690 --> 00:40:15,340  
specific entry so you could go to those

952  
00:40:20,700 --> 00:40:17,700  
sources and kind of follow the trail

953  
00:40:22,410 --> 00:40:20,710  
that I had followed to get to where I

954  
00:40:23,190 --> 00:40:22,420  
got there and see if you see if you may

955  
00:40:24,780 --> 00:40:23,200  
come to

956  
00:40:27,030 --> 00:40:24,790  
same conclusion cited based on the

957  
00:40:32,940 --> 00:40:27,040  
research that you can kind of do

958  
00:40:34,230 --> 00:40:32,950  
yourself Wow now I just wanted to talk

959  
00:40:36,630 --> 00:40:34,240  
about some of the cases because that's

960  
00:40:39,030 --> 00:40:36,640  
always what's really fascinating too

961  
00:40:41,940 --> 00:40:39,040  
you know the listeners out there and one

962  
00:40:45,140 --> 00:40:41,950  
of them he's looking through his book

963  
00:40:49,770 --> 00:40:45,150

for listening to the audio part of it

964

00:40:51,569 --> 00:40:49,780

anyway you talk about the ghost rockets

965

00:40:55,890 --> 00:40:51,579

which i think is a such a fascinating

966

00:41:02,700 --> 00:40:55,900

thing 1946 yeah you really are looking

967

00:41:04,790 --> 00:41:02,710

how I did but you in you know I only got

968

00:41:06,810 --> 00:41:04,800

to skim the first part of the book and

969

00:41:09,569 --> 00:41:06,820

but you were talking about the different

970

00:41:12,359 --> 00:41:09,579

phases of project sign and project

971

00:41:14,700 --> 00:41:12,369

grudge and all that but the ghost

972

00:41:16,410 --> 00:41:14,710

rockets I wouldn't just get back to that

973

00:41:18,300 --> 00:41:16,420

because I think it is so fascinating

974

00:41:21,150 --> 00:41:18,310

I've talked to class fond about that

975

00:41:24,900 --> 00:41:21,160

he's done a lot of research and those

976

00:41:27,660 --> 00:41:24,910

things landed in lakes and I know you

977

00:41:29,190 --> 00:41:27,670

mentioned that you know there was a lot

978

00:41:32,160 --> 00:41:29,200

of speculation that these were Russian

979

00:41:33,510 --> 00:41:32,170

and you know no one really they never

980

00:41:40,470 --> 00:41:33,520

really figured out exactly what they

981

00:41:42,180 --> 00:41:40,480

were but interesting well I try to set

982

00:41:44,910 --> 00:41:42,190

up the whole thing to read make people

983

00:41:47,700 --> 00:41:44,920

understand that the UFO phenomena didn't

984

00:41:49,800 --> 00:41:47,710

begin on June 24 1947 when Kenneth

985

00:41:51,390 --> 00:41:49,810

Arnold made his report yeah it began

986

00:41:53,849 --> 00:41:51,400

actually during the Second World War

987

00:41:55,380 --> 00:41:53,859

with the Foo Fighters yes and what is

988

00:41:56,910 --> 00:41:55,390

interesting is one of the guys involved

989

00:41:58,589 --> 00:41:56,920

in the investigation of the Foo Fighters

990

00:42:00,089 --> 00:41:58,599

was Colonel Howard McCoy he was an

991

00:42:01,589 --> 00:42:00,099

American

992

00:42:05,040 --> 00:42:01,599

therefore it well Army Air Forces

993

00:42:06,809 --> 00:42:05,050

officer at the time and he was involved

994

00:42:07,349 --> 00:42:06,819

in but when the war ended nobody cared

995

00:42:10,370 --> 00:42:07,359

anymore

996

00:42:13,710 --> 00:42:10,380

I mean clearly the Foo Fighters were

997

00:42:16,230 --> 00:42:13,720

German or Japanese inventions they

998

00:42:17,730 --> 00:42:16,240

weren't you know they weren't enemy and

999

00:42:19,440 --> 00:42:17,740

with the war over there was no real

1000

00:42:22,440 --> 00:42:19,450

imperative to discover what they were so

1001  
00:42:25,800 --> 00:42:22,450  
it just kind of faded away then in 1946

1002  
00:42:29,160 --> 00:42:25,810  
you had the ghost rockets being seen in

1003  
00:42:31,140 --> 00:42:29,170  
Scandinavia over over this over the

1004  
00:42:32,640 --> 00:42:31,150  
summer one of the people involved in

1005  
00:42:36,240 --> 00:42:32,650  
that was a guy named Howard McCoy you

1006  
00:42:37,140 --> 00:42:36,250  
ask the same guy and what you see is at

1007  
00:42:39,120 --> 00:42:37,150  
the end of nineteen

1008  
00:42:41,549 --> 00:42:39,130  
46 and McCoy is in communication with

1009  
00:42:44,579 --> 00:42:41,559  
the people in Sweden where majority of

1010  
00:42:48,329 --> 00:42:44,589  
the investigation took place he is

1011  
00:42:50,789 --> 00:42:48,339  
called in from actually their Christmas

1012  
00:42:53,039 --> 00:42:50,799  
party in December of 1946 and told to

1013  
00:42:56,099 --> 00:42:53,049

set up an unofficial investigation into

1014

00:42:57,720 --> 00:42:56,109

these aerial phenomenon so once you end

1015

00:42:59,819 --> 00:42:57,730

up with Kenneth Arnold

1016

00:43:02,880 --> 00:42:59,829

Howard McCoy has already got an

1017

00:43:05,339 --> 00:43:02,890

investigation in place and so it's it

1018

00:43:07,620 --> 00:43:05,349

morphed into the official investigation

1019

00:43:09,839 --> 00:43:07,630

of this and so Howard McCoy was involved

1020

00:43:11,670 --> 00:43:09,849

in it from the very beginning but the

1021

00:43:13,260 --> 00:43:11,680

thing is with the collapse of the Soviet

1022

00:43:15,440 --> 00:43:13,270

Union the theory had been the Soviets

1023

00:43:19,950 --> 00:43:15,450

were doing it to intimidate the Swedes

1024

00:43:21,599 --> 00:43:19,960

for some reason and when the Soviet

1025

00:43:24,120 --> 00:43:21,609

Union collapsed and a lot of that

1026

00:43:27,809 --> 00:43:24,130

they're classified documentation was

1027

00:43:30,299 --> 00:43:27,819

available for you world wide UFO

1028

00:43:31,799 --> 00:43:30,309

researchers nobody found anything to

1029

00:43:34,380 --> 00:43:31,809

suggest that the ghost rockets were

1030

00:43:36,510 --> 00:43:34,390

being being fired by the Soviets so it's

1031

00:43:37,769 --> 00:43:36,520

still a mystery we don't know where they

1032

00:43:40,140 --> 00:43:37,779

originated and what they were going

1033

00:43:41,519 --> 00:43:40,150

going - there are there's a couple of

1034

00:43:45,180 --> 00:43:41,529

pictures I think one of them shows a

1035

00:43:47,039 --> 00:43:45,190

meteor and but it's a picture of the guy

1036

00:43:49,470 --> 00:43:47,049

out on the lake with his equipment and

1037

00:43:50,760 --> 00:43:49,480

there's a streak in the sky and that

1038

00:43:53,010 --> 00:43:50,770

sort of thing so there's some

1039

00:43:55,470 --> 00:43:53,020

interesting stuff going on there so it's

1040

00:43:58,019 --> 00:43:55,480

a very it's a fascinating aspect of the

1041

00:44:01,140 --> 00:43:58,029

UFO phenomenon but to understand where

1042

00:44:03,990 --> 00:44:01,150

we are how we got to where we are you

1043

00:44:05,789 --> 00:44:04,000

have to begin with the Foo Fighters of

1044

00:44:07,920 --> 00:44:05,799

world war 2 and move forward so that was

1045

00:44:10,650 --> 00:44:07,930

why in the beginning of the book I do

1046

00:44:13,710 --> 00:44:10,660

that short history of how we got to the

1047

00:44:16,289 --> 00:44:13,720

point where we began an official UFO

1048

00:44:18,660 --> 00:44:16,299

investigation I see yeah

1049

00:44:20,130 --> 00:44:18,670

well that that all works for me let's

1050

00:44:23,730 --> 00:44:20,140

see we got in five minutes we got to go

1051  
00:44:27,870 --> 00:44:23,740  
to another break but so I wanted to get

1052  
00:44:29,519 --> 00:44:27,880  
into you know for the person knew that

1053  
00:44:32,069 --> 00:44:29,529  
is just starting to listen you know like

1054  
00:44:33,539 --> 00:44:32,079  
my sister as I just mentioned by the way

1055  
00:44:36,089 --> 00:44:33,549  
people in the chat room are trying to

1056  
00:44:37,980 --> 00:44:36,099  
get her to say embarrass tell them

1057  
00:44:43,079 --> 00:44:37,990  
embarrassing stories about my childhood

1058  
00:44:46,529 --> 00:44:43,089  
she's she's not going to do that but

1059  
00:44:50,370 --> 00:44:46,539  
let's talk about some of these like for

1060  
00:44:54,000 --> 00:44:50,380  
instance you have the Rhodes photograph

1061  
00:44:55,710 --> 00:44:54,010  
in July 7 1947 that was again before

1062  
00:44:58,650 --> 00:44:55,720  
Project Blue Book but is that something

1063  
00:45:03,540 --> 00:44:58,660

you want to talk about it's part of

1064

00:45:08,940 --> 00:45:03,550

Project Blue Book although the project

1065

00:45:10,680 --> 00:45:08,950

blew but before sign even sign began in

1066

00:45:15,270 --> 00:45:10,690

January 1948 that's what I was trying to

1067

00:45:17,210 --> 00:45:15,280

remember here but after after Arnold and

1068

00:45:19,800 --> 00:45:17,220

they began the unofficial investigation

1069

00:45:21,750 --> 00:45:19,810

their sightings that proceed even Arnold

1070

00:45:23,010 --> 00:45:21,760

in the Project Blue Book files but the

1071

00:45:26,160 --> 00:45:23,020

problem with those they were reported

1072

00:45:27,390 --> 00:45:26,170

after Arnold so you can you begin to

1073

00:45:29,490 --> 00:45:27,400

wonder if that was something something

1074

00:45:32,190 --> 00:45:29,500

of contamination the Rhodes photograph

1075

00:45:35,160 --> 00:45:32,200

was taken in Phoenix in the July of 1947

1076

00:45:40,020 --> 00:45:35,170

turns out Rhodes was a genius really

1077

00:45:41,760 --> 00:45:40,030

smart guy held a number of patents it

1078

00:45:44,520 --> 00:45:41,770

worked for the Navy during the beginning

1079

00:45:46,940 --> 00:45:44,530

of the Second World War the they were

1080

00:45:49,290 --> 00:45:46,950

going to hire him to do some research or

1081

00:45:50,790 --> 00:45:49,300

hire him on I think in the University of

1082

00:45:52,860 --> 00:45:50,800

Arizona but he had a very apprai

1083

00:45:54,330 --> 00:45:52,870

abrasive personality and he said it not

1084

00:45:57,480 --> 00:45:54,340

to work with him but he built some some

1085

00:45:59,100 --> 00:45:57,490

equipment for them you know designed

1086

00:46:00,900 --> 00:45:59,110

equipment for them and sort of that sort

1087

00:46:03,570 --> 00:46:00,910

of thing so he's a very bright guy he

1088

00:46:08,220 --> 00:46:03,580

took these two photographs in on July

1089

00:46:10,380 --> 00:46:08,230

7th over Phoenix not long after he took

1090

00:46:12,320 --> 00:46:10,390

those photographs there was a sighting

1091

00:46:16,350 --> 00:46:12,330

event that took place in Washington

1092

00:46:19,050 --> 00:46:16,360

State and Kenneth Arnold was involved in

1093

00:46:24,090 --> 00:46:19,060

investigating that for Ray Palmer who

1094

00:46:25,770 --> 00:46:24,100

ran a science fiction magazine so Arnold

1095

00:46:29,370 --> 00:46:25,780

was down there and he had worked with

1096

00:46:30,990 --> 00:46:29,380

two officers from the 4th Air Force

1097

00:46:33,150 --> 00:46:31,000

foreign intelligence office they came up

1098

00:46:35,550 --> 00:46:33,160

to help Arnold with the investigation

1099

00:46:37,320 --> 00:46:35,560

and pick up some physical evidence that

1100

00:46:38,880 --> 00:46:37,330

turned out to be useless and I know

1101  
00:46:40,830 --> 00:46:38,890  
unfortunately the two officers were

1102  
00:46:43,200 --> 00:46:40,840  
killed going back to their home base

1103  
00:46:45,810 --> 00:46:43,210  
when their airplane crashed but the

1104  
00:46:49,980 --> 00:46:45,820  
important point here is Arnold asked

1105  
00:46:53,310 --> 00:46:49,990  
about other sightings and he was told

1106  
00:46:55,410 --> 00:46:53,320  
that he was told about the roads

1107  
00:46:58,020 --> 00:46:55,420  
photograph and that that was something

1108  
00:47:00,540 --> 00:46:58,030  
that really disturbed the military

1109  
00:47:03,650 --> 00:47:00,550  
because the photograph matched the

1110  
00:47:07,069 --> 00:47:03,660  
description that Arnold had told

1111  
00:47:09,410 --> 00:47:07,079  
to the to the military if you look at

1112  
00:47:11,480 --> 00:47:09,420  
the project Bluebook file with the

1113  
00:47:13,819 --> 00:47:11,490

Arnold sighting in it there's a drawing

1114

00:47:15,950 --> 00:47:13,829

that he made and it's kind of a heel

1115

00:47:18,589 --> 00:47:15,960

shaped object the crescent shaped object

1116

00:47:21,349 --> 00:47:18,599

that it morphed into later on is kind of

1117

00:47:24,079 --> 00:47:21,359

stylized but the original drawing is a

1118

00:47:27,010 --> 00:47:24,089

heel shaped object and what Rhoads

1119

00:47:30,770 --> 00:47:27,020

photographed is a heel shaped object and

1120

00:47:32,210 --> 00:47:30,780

and so the military officers were

1121

00:47:36,589 --> 00:47:32,220

telling Arnold that you know this kind

1122

00:47:37,910 --> 00:47:36,599

of corroborated his sighting so you that

1123

00:47:41,180 --> 00:47:37,920

becomes the important point of the roads

1124

00:47:42,650 --> 00:47:41,190

photograph but the military after the

1125

00:47:45,319 --> 00:47:42,660

initial investigation worked very hard

1126

00:47:47,450 --> 00:47:45,329

to discredit roads they said well you

1127

00:47:49,220 --> 00:47:47,460

know it's an unemployed guy he's got

1128

00:47:51,740 --> 00:47:49,230

this laboratory in the backyard that he

1129

00:47:53,150 --> 00:47:51,750

he calls a panoramic laboratory and he's

1130

00:47:56,059 --> 00:47:53,160

the director of research or something

1131

00:47:57,980 --> 00:47:56,069

like that and his and he just plays

1132

00:47:59,960 --> 00:47:57,990

piano at a bar and he's living off his

1133

00:48:02,029 --> 00:47:59,970

wife's income and that sort of thing and

1134

00:48:04,940 --> 00:48:02,039

just really can't trust him kind of

1135

00:48:06,500 --> 00:48:04,950

smear'd his whole reputation because I

1136

00:48:08,599 --> 00:48:06,510

don't think they could really find

1137

00:48:10,549 --> 00:48:08,609

anything else to attack but when you get

1138

00:48:12,349 --> 00:48:10,559

into it you start talking about the guy

1139

00:48:16,000 --> 00:48:12,359

and talking to his friends what happened

1140

00:48:20,450 --> 00:48:16,010

was I got him and I got a call from a a

1141

00:48:22,700 --> 00:48:20,460

fellow a fellow who told me about some

1142

00:48:25,160 --> 00:48:22,710

of the road stuff and as I started

1143

00:48:31,190 --> 00:48:25,170

looking at it and discovered one of his

1144

00:48:32,930 --> 00:48:31,200

friends was our didn't mind in Minden

1145

00:48:36,349 --> 00:48:32,940

something like that who was at the

1146

00:48:38,900 --> 00:48:36,359

University of Arizona so just on a lark

1147

00:48:42,130 --> 00:48:38,910

I mean we're talking about 1947 I'm

1148

00:48:43,940 --> 00:48:42,140

looking at this stuff and in 2010 2011

1149

00:48:45,859 --> 00:48:43,950

just on a lark

1150

00:48:48,140 --> 00:48:45,869

I checked the University of Arizona

1151

00:48:52,700 --> 00:48:48,150

website and found the guy he's still

1152

00:48:54,349 --> 00:48:52,710

alive I emailed him he mailed me back so

1153

00:48:56,329 --> 00:48:54,359

he was able to tell me some of the stuff

1154

00:48:57,950 --> 00:48:56,339

about roads that the airforce didn't put

1155

00:49:00,289 --> 00:48:57,960

in their file so I was able to append

1156

00:49:02,089 --> 00:49:00,299

that to the the story as it appears in

1157

00:49:06,319 --> 00:49:02,099

the book so you learn about what he said

1158

00:49:09,079 --> 00:49:06,329

about the genius of William Rhodes and

1159

00:49:14,029 --> 00:49:09,089

how some of this stuff came about simply

1160

00:49:15,920 --> 00:49:14,039

because Rhodes I think the military was

1161

00:49:17,339 --> 00:49:15,930

bothered by his photographs because they

1162

00:49:19,620 --> 00:49:17,349

were too close to what art what our

1163

00:49:21,660 --> 00:49:19,630

described and they worked very hard to

1164

00:49:23,190 --> 00:49:21,670

smear him especially after 1952 they

1165

00:49:25,140 --> 00:49:23,200

worked very hard to smear the guy's

1166

00:49:29,069 --> 00:49:25,150

reputation which i think is very

1167

00:49:32,819 --> 00:49:29,079

unfortunate well well we are right at

1168

00:49:34,380 --> 00:49:32,829

the break Kevin so we will be back right

1169

00:49:37,859 --> 00:49:34,390

after these messages

1170

00:49:40,739 --> 00:49:37,869

hang in welcome back to the show

1171

00:49:44,279 --> 00:49:40,749

my name is Martin Willis and my guest is

1172

00:49:46,019 --> 00:49:44,289

Kevin Randle always great having him on

1173

00:49:48,120 --> 00:49:46,029

the show it's always a lot of fun

1174

00:49:51,749 --> 00:49:48,130

and we are gonna be taking calls in

1175

00:49:53,969 --> 00:49:51,759

about 20-25 minutes from now so that

1176

00:49:55,049 --> 00:49:53,979

number will be that number is there if

1177

00:49:56,489 --> 00:49:55,059

you want to write it down it's up on the

1178

00:49:59,999 --> 00:49:56,499

screen on youtube we can write it down

1179

00:50:03,150 --> 00:50:00,009

if you'd like and again that's in about

1180

00:50:07,739 --> 00:50:03,160

20 minutes or so we'll be back with that

1181

00:50:09,870 --> 00:50:07,749

number for you all and so Kevin as far

1182

00:50:12,180 --> 00:50:09,880

as some of the really interesting cases

1183

00:50:14,849 --> 00:50:12,190

when you were looking through this I

1184

00:50:16,650 --> 00:50:14,859

guess what I'm gonna ask you is did you

1185

00:50:19,950 --> 00:50:16,660

was there any case that you really

1186

00:50:21,479 --> 00:50:19,960

learned something the you know as you

1187

00:50:26,910 --> 00:50:21,489

looked into it that you were unaware of

1188

00:50:29,370 --> 00:50:26,920

that was that is of note talked a little

1189

00:50:31,950 --> 00:50:29,380

bit about some of the stuff with the

1190

00:50:33,739 --> 00:50:31,960

Rhodes photograph for example yeah and

1191

00:50:39,420 --> 00:50:33,749

looking at the Michigan sightings from

1192

00:50:42,450 --> 00:50:39,430

1966 the Great Swamp gas fiasco and

1193

00:50:45,269 --> 00:50:42,460

looking at that it was it was

1194

00:50:48,150 --> 00:50:45,279

interesting to see that the explanation

1195

00:50:50,579 --> 00:50:48,160

of swamp gas really doesn't fit because

1196

00:50:52,589 --> 00:50:50,589

the well with some of the witnesses got

1197

00:50:59,729 --> 00:50:52,599

way too close and the swamp gas is kind

1198

00:51:03,239 --> 00:50:59,739

of a a very nebulous type fire that has

1199

00:51:05,700 --> 00:51:03,249

a very short life it you know it bursts

1200

00:51:06,870 --> 00:51:05,710

out there and fades out very quickly

1201  
00:51:14,130 --> 00:51:06,880  
and they were looking at something much

1202  
00:51:16,049 --> 00:51:14,140  
more substantial but the way the the the

1203  
00:51:18,479 --> 00:51:16,059  
well the news media and the military

1204  
00:51:22,370 --> 00:51:18,489  
kind of manipulated the data manipulated

1205  
00:51:25,739 --> 00:51:22,380  
the information and how they tried to

1206  
00:51:27,479 --> 00:51:25,749  
provide a rationale as opposed to an

1207  
00:51:28,680 --> 00:51:27,489  
extraterrestrial explanation for what

1208  
00:51:30,359 --> 00:51:28,690  
was going on there and how they were

1209  
00:51:30,530 --> 00:51:30,369  
treating some of the witnesses now that

1210  
00:51:33,980 --> 00:51:30,540  
was

1211  
00:51:35,810 --> 00:51:33,990  
one thing that throughout the cases you

1212  
00:51:38,740 --> 00:51:35,820  
would see the military not the military

1213  
00:51:41,900 --> 00:51:38,750

the well the military and the civilians

1214

00:51:43,430 --> 00:51:41,910

being less than cordial to some of the

1215

00:51:45,470 --> 00:51:43,440

witnesses trying to tell them what they

1216

00:51:47,600 --> 00:51:45,480

had seen as opposed to what did you see

1217

00:51:49,070 --> 00:51:47,610

type thing well this is really what you

1218

00:51:51,320 --> 00:51:49,080

saw and they would say well no I didn't

1219

00:51:55,210 --> 00:51:51,330

see that so you go through the cases

1220

00:51:57,620 --> 00:51:55,220

like that and and and you you see I

1221

00:52:00,680 --> 00:51:57,630

guess a really important thing as you

1222

00:52:03,470 --> 00:52:00,690

see is the case as it's kind of been

1223

00:52:06,350 --> 00:52:03,480

covered in the media or what you've

1224

00:52:08,930 --> 00:52:06,360

heard about just briefly isn't really

1225

00:52:11,870 --> 00:52:08,940

quite the truth there's a lot more to

1226

00:52:13,520 --> 00:52:11,880

the case a prime example is the

1227

00:52:16,370 --> 00:52:13,530

Levelland case which I mentioned earlier

1228

00:52:17,270 --> 00:52:16,380

you you you see that the Air Force

1229

00:52:19,520 --> 00:52:17,280

saying well there are only three

1230

00:52:22,700 --> 00:52:19,530

witnesses that saw they saw the object

1231

00:52:25,400 --> 00:52:22,710

and the Air Force gets into a big fight

1232

00:52:27,200 --> 00:52:25,410

with Don Quixote NICAP about the number

1233

00:52:29,290 --> 00:52:27,210

of witnesses and Kehoe said well there

1234

00:52:31,690 --> 00:52:29,300

were nine there were nine witnesses

1235

00:52:34,220 --> 00:52:31,700

looking at the airforce file I found

1236

00:52:36,410 --> 00:52:34,230

thirteen witnesses I should say

1237

00:52:39,290 --> 00:52:36,420

witnesses at thirteen separate locations

1238

00:52:40,220 --> 00:52:39,300

that's in the airforce file and yet the

1239

00:52:41,420 --> 00:52:40,230

Air Force is saying there were only

1240

00:52:44,300 --> 00:52:41,430

three wid there were only three

1241

00:52:46,730 --> 00:52:44,310

witnesses and so you look at the that

1242

00:52:50,870 --> 00:52:46,740

sort of thing and you can see where the

1243

00:52:55,820 --> 00:52:50,880

military is manipulating the data Kehoe

1244

00:52:57,530 --> 00:52:55,830

is inflating the numbers but not enough

1245

00:52:59,270 --> 00:52:57,540

because we found out that were there

1246

00:53:00,620 --> 00:52:59,280

were more than he said so the big fight

1247

00:53:01,910 --> 00:53:00,630

was over the number of witnesses as

1248

00:53:03,650 --> 00:53:01,920

opposed to what did they see and what

1249

00:53:05,510 --> 00:53:03,660

were their their advanced I mean you've

1250

00:53:10,160 --> 00:53:05,520

got the object close to the ground

1251  
00:53:12,500 --> 00:53:10,170  
you've got guys within you know just a

1252  
00:53:14,930 --> 00:53:12,510  
few dozen feet of the thing it stalls

1253  
00:53:18,560 --> 00:53:14,940  
their car engines it causes the lights

1254  
00:53:20,240 --> 00:53:18,570  
to fade it causes the radios to fade to

1255  
00:53:22,880 --> 00:53:20,250  
fill with static and then when the

1256  
00:53:25,340 --> 00:53:22,890  
object leaves the lights come back on

1257  
00:53:27,590 --> 00:53:25,350  
the radio static goes away and their

1258  
00:53:29,720 --> 00:53:27,600  
cars will start and the one thing that I

1259  
00:53:32,750 --> 00:53:29,730  
discovered in looking at the level and

1260  
00:53:35,270 --> 00:53:32,760  
cases I noticed in one of the cases the

1261  
00:53:36,920 --> 00:53:35,280  
guy said I was able to start my car and

1262  
00:53:39,200 --> 00:53:36,930  
one of the things that we've heard about

1263  
00:53:41,360 --> 00:53:39,210

UFO sightings when they stole the car

1264

00:53:43,520 --> 00:53:41,370

engine the car starts again and it's

1265

00:53:43,890 --> 00:53:43,530

like it's spontaneous the Condon

1266

00:53:47,010 --> 00:53:43,900

committee

1267

00:53:49,170 --> 00:53:47,020

well we can think of no physical reason

1268

00:53:50,730 --> 00:53:49,180

for the car to start spontaneously if

1269

00:53:53,210 --> 00:53:50,740

you suppress the engine especially using

1270

00:53:55,109 --> 00:53:53,220

a magnetic field it should not restart

1271

00:53:56,940 --> 00:53:55,119

you've interrupted the flow of

1272

00:53:58,769 --> 00:53:56,950

electricity so it may cause the lights

1273

00:54:00,990 --> 00:53:58,779

to dim but you're not going to get the

1274

00:54:03,000 --> 00:54:01,000

car to start spontaneously and looking

1275

00:54:04,680 --> 00:54:03,010

at the case files I discovered that a

1276

00:54:06,870 --> 00:54:04,690

number of people didn't say the car

1277

00:54:09,180 --> 00:54:06,880

started spontaneously they said I was

1278

00:54:11,789 --> 00:54:09,190

able to start my car or the car was the

1279

00:54:16,680 --> 00:54:11,799

car would start so I went back through

1280

00:54:18,390 --> 00:54:16,690

all the the electromagnetic cases about

1281

00:54:20,730 --> 00:54:18,400

cars that mark Rottier had put together

1282

00:54:22,470 --> 00:54:20,740

he had a book that he put together on

1283

00:54:24,240 --> 00:54:22,480

the electromagnetic effects and giving

1284

00:54:26,880 --> 00:54:24,250

you all the the cases and what I

1285

00:54:29,250 --> 00:54:26,890

discovered is often the person said that

1286

00:54:31,019 --> 00:54:29,260

the car you know the car started

1287

00:54:32,609 --> 00:54:31,029

together I was able to start the car who

1288

00:54:35,400 --> 00:54:32,619

didn't say it started spontaneously

1289

00:54:37,289 --> 00:54:35,410

except in a very few cases and so the

1290

00:54:40,010 --> 00:54:37,299

Condon committee rejected it because of

1291

00:54:42,000 --> 00:54:40,020

this idea they could think of no

1292

00:54:43,620 --> 00:54:42,010

physical reason for the car to start

1293

00:54:45,599 --> 00:54:43,630

spontaneously and it turns out that's a

1294

00:54:47,700 --> 00:54:45,609

misnomer they don't start spontaneously

1295

00:54:49,890 --> 00:54:47,710

that was one of the things I learned by

1296

00:54:53,250 --> 00:54:49,900

going through the the Levelland case

1297

00:54:54,660 --> 00:54:53,260

it's kind of what sparked that area of

1298

00:54:56,609 --> 00:54:54,670

research Wow

1299

00:54:58,920 --> 00:54:56,619

I would just tell this quick story I

1300

00:55:01,380 --> 00:54:58,930

have told it I don't know three or four

1301  
00:55:03,420 --> 00:55:01,390  
times on this show over the last several

1302  
00:55:06,480 --> 00:55:03,430  
years but it's really fascinating some

1303  
00:55:08,400 --> 00:55:06,490  
line those lines and that is up and I

1304  
00:55:14,130 --> 00:55:08,410  
actually visited where this happened in

1305  
00:55:16,829 --> 00:55:14,140  
Russia so this guy was driving this guy

1306  
00:55:19,140 --> 00:55:16,839  
that I talked to it's a as my friend's

1307  
00:55:21,779 --> 00:55:19,150  
father told the story it's not into UFOs

1308  
00:55:23,760 --> 00:55:21,789  
doesn't didn't even know what it was but

1309  
00:55:25,829 --> 00:55:23,770  
they were driving through a pass a very

1310  
00:55:28,170 --> 00:55:25,839  
busy pass and in Russia I mean I like I

1311  
00:55:32,099 --> 00:55:28,180  
said I've driven I've ridden through it

1312  
00:55:33,720 --> 00:55:32,109  
and all the cars stalled all the cars

1313  
00:55:36,000 --> 00:55:33,730

coming both way stalled and they pulled

1314

00:55:37,980 --> 00:55:36,010

over to the side of the road and his

1315

00:55:39,180 --> 00:55:37,990

stalled of course and he got out lifted

1316

00:55:40,980 --> 00:55:39,190

the hood and everyone else is lifting

1317

00:55:43,650 --> 00:55:40,990

the hood and all of a sudden without any

1318

00:55:45,480 --> 00:55:43,660

sound at all this big cigar shaped thing

1319

00:55:48,660 --> 00:55:45,490

came right through the pass right over

1320

00:55:51,269 --> 00:55:48,670

them with portholes he saw portholes in

1321

00:55:52,920 --> 00:55:51,279

it and then it floated he said it was

1322

00:55:55,829 --> 00:55:52,930

just like moved through like it floated

1323

00:55:57,720 --> 00:55:55,839

through and then everyone kind of looked

1324

00:55:59,790 --> 00:55:57,730

at each other and no one talked

1325

00:56:01,320 --> 00:55:59,800

about it someone jumps back in their car

1326  
00:56:03,720 --> 00:56:01,330  
after it went through and it started and

1327  
00:56:05,280 --> 00:56:03,730  
everyone's car started to back up I mean

1328  
00:56:08,400 --> 00:56:05,290  
isn't that bizarre that's just another

1329  
00:56:11,490 --> 00:56:08,410  
one of those I love actually hearing

1330  
00:56:13,440 --> 00:56:11,500  
stories from someone that is you know

1331  
00:56:16,440 --> 00:56:13,450  
here's a Russian guy telling the story

1332  
00:56:18,630 --> 00:56:16,450  
it's being translated to me and pretty

1333  
00:56:23,580 --> 00:56:18,640  
cool well this sounds like the stokke

1334  
00:56:26,010 --> 00:56:23,590  
story from New Mexico back in 1957 after

1335  
00:56:28,680 --> 00:56:26,020  
the after the level and sightings I just

1336  
00:56:32,010 --> 00:56:28,690  
a couple of days later and they driving

1337  
00:56:34,349 --> 00:56:32,020  
down toward Orel Grande and there's a

1338  
00:56:36,960 --> 00:56:34,359

pass in the Oregon mountains I mean it's

1339

00:56:39,210 --> 00:56:36,970

not a big high pass or anything like

1340

00:56:40,440 --> 00:56:39,220

that but that's what happened to him he

1341

00:56:41,670 --> 00:56:40,450

drives up on there there's a bunch of

1342

00:56:44,190 --> 00:56:41,680

cars pulled to the side of the road

1343

00:56:46,170 --> 00:56:44,200

their fault they've all stopped and his

1344

00:56:47,460 --> 00:56:46,180

car stalls out so he drifts over to the

1345

00:56:49,680 --> 00:56:47,470

side of the road gets out of the car

1346

00:56:52,550 --> 00:56:49,690

you're looking up at the thing it gets a

1347

00:56:55,140 --> 00:56:52,560

sunburn like a sunburn from from this

1348

00:56:57,540 --> 00:56:55,150

and he was treated in the hospital

1349

00:56:59,880 --> 00:56:57,550

it was a very light sunburn and it faded

1350

00:57:01,380 --> 00:56:59,890

quickly but I think car Lorenzen and Jim

1351

00:57:03,270 --> 00:57:01,390

Lorenzen from the Aero phenomena

1352

00:57:05,070 --> 00:57:03,280

research organization they got there in

1353

00:57:07,890 --> 00:57:05,080

time because they lived in Alamogordo

1354

00:57:09,690 --> 00:57:07,900

and of course it's a Holloman Air Force

1355

00:57:11,250 --> 00:57:09,700

Base in that area where this took place

1356

00:57:13,230 --> 00:57:11,260

so they were got there in time to see

1357

00:57:14,849 --> 00:57:13,240

the the sunburn on the guy by the time

1358

00:57:17,760 --> 00:57:14,859

the Air Force investigators got there

1359

00:57:20,160 --> 00:57:17,770

the suntan had faded I was able to talk

1360

00:57:22,530 --> 00:57:20,170

to one of the guys at White Sands

1361

00:57:24,390 --> 00:57:22,540

Missile Range which is co-located with

1362

00:57:26,220 --> 00:57:24,400

Holloman you have to keep thinking

1363

00:57:27,690 --> 00:57:26,230

people don't understand don't know all

1364

00:57:29,880 --> 00:57:27,700

these details at Holloman is right there

1365

00:57:31,200 --> 00:57:29,890

by white sands and white sands goes all

1366

00:57:33,380 --> 00:57:31,210

the way up in New Mexico to nearly

1367

00:57:36,900 --> 00:57:33,390

Socorro and all of this sort of thing

1368

00:57:41,430 --> 00:57:36,910

but I talked to one of the guys one of

1369

00:57:43,230 --> 00:57:41,440

the MPS who was on duty the the second

1370

00:57:45,540 --> 00:57:43,240

the night of the level and sightings

1371

00:57:48,120 --> 00:57:45,550

down November 2nd morning of November

1372

00:57:48,840 --> 00:57:48,130

3rd 1957 after the thing had left

1373

00:57:51,630 --> 00:57:48,850

Levelland

1374

00:57:54,599 --> 00:57:51,640

they get involved in the UFO sighting

1375

00:57:56,460 --> 00:57:54,609

and there were four MPs involved in it

1376

00:57:57,660 --> 00:57:56,470

and that's what really killed me about

1377

00:57:58,950 --> 00:57:57,670

this so the Air Force comes to

1378

00:58:01,109 --> 00:57:58,960

investigate and they're making fun of

1379

00:58:02,910 --> 00:58:01,119

the well you know they're just a bunch

1380

00:58:05,130 --> 00:58:02,920

of kids out there are the MPS there are

1381

00:58:07,500 --> 00:58:05,140

21 22 years old I'm thinking really

1382

00:58:09,450 --> 00:58:07,510

you're gonna do that now you play that

1383

00:58:11,579 --> 00:58:09,460

silly game I was an army helicopter

1384

00:58:15,120 --> 00:58:11,589

pilot in Vietnam and Eric

1385

00:58:17,130 --> 00:58:15,130

commander at 19 and so you're making fun

1386

00:58:20,039 --> 00:58:17,140

of these guys who are much more mature

1387

00:58:21,719 --> 00:58:20,049

than I was who were regarding this thing

1388

00:58:23,819 --> 00:58:21,729

as well we you know they were just a

1389

00:58:27,299 --> 00:58:23,829

bunch of excitable kids and I'm thinking

1390

00:58:28,319 --> 00:58:27,309

now I ain't gonna buy that fella I was

1391

00:58:30,329 --> 00:58:28,329

the other thing I kind of learned that

1392

00:58:32,430 --> 00:58:30,339

as well as you know you look at that you

1393

00:58:33,630 --> 00:58:32,440

can see how the Air Force kind of

1394

00:58:35,219 --> 00:58:33,640

manipulated the data or the

1395

00:58:37,620 --> 00:58:35,229

investigators would manipulate to the

1396

00:58:39,180 --> 00:58:37,630

data to make it Mattos and make the

1397

00:58:41,849 --> 00:58:39,190

witnesses seem not as credible as they

1398

00:58:44,579 --> 00:58:41,859

were Wow yeah that doesn't that doesn't

1399

00:58:47,069 --> 00:58:44,589

surprise me Kent now I've got a little

1400

00:58:49,200 --> 00:58:47,079

bit of an inside scoop here that I

1401

00:58:51,209 --> 00:58:49,210

forgot to even ask you if was okay if I

1402

00:58:54,930 --> 00:58:51,219

talked about and you can tell me yes or

1403

00:58:57,359 --> 00:58:54,940

no and there's a Roswell series I think

1404

00:58:59,579 --> 00:58:57,369

you were actually interviewed is that

1405

00:59:04,859 --> 00:58:59,589

that's coming up can you talk at all

1406

00:59:08,609 --> 00:59:04,869

about that no I'm just kidding you

1407

00:59:11,849 --> 00:59:08,619

cracked me up and I it's part of a

1408

00:59:15,079 --> 00:59:11,859

larger series where some famous guys

1409

00:59:19,289 --> 00:59:15,089

investigating a lot of UFO scholars or

1410

00:59:22,109 --> 00:59:19,299

paranormal stuff or cryptozoology stuff

1411

00:59:22,709 --> 00:59:22,119

and part of the series takes place in

1412

00:59:25,979 --> 00:59:22,719

Rhossili

1413

00:59:27,749 --> 00:59:25,989

devote six hours of this series all the

1414

00:59:29,940 --> 00:59:27,759

others are like an hour an hour two

1415

00:59:33,299 --> 00:59:29,950

hours they devote six hours to the

1416

00:59:36,630 --> 00:59:33,309

Roswell case and so they've we went back

1417

00:59:38,370 --> 00:59:36,640

down and looked at the Ramey memo if the

1418

00:59:44,759 --> 00:59:38,380

Special Collections at the University of

1419

00:59:47,609 --> 00:59:44,769

Texas at Arlington and try to try to try

1420

00:59:49,349 --> 00:59:47,619

to decipher that a little bit better and

1421

00:59:51,089 --> 00:59:49,359

they've talked to a lot of the people

1422

00:59:51,930 --> 00:59:51,099

had them ourselves involved in that sort

1423

00:59:53,400 --> 00:59:51,940

of thing so it's going to be a very

1424

00:59:55,709 --> 00:59:53,410

interesting thing and there's some very

1425

00:59:57,959 --> 00:59:55,719

interesting stuff that I can't talk

1426  
00:59:59,789 --> 00:59:57,969  
about yet till the Sun series Heroes I'm

1427  
01:00:01,440 --> 00:59:59,799  
sitting here thinking I got to do a blog

1428  
01:00:04,109 --> 01:00:01,450  
posting because this is really great

1429  
01:00:05,819 --> 01:00:04,119  
stuff and I can't do it because it

1430  
01:00:09,529 --> 01:00:05,829  
wouldn't I mean they it was their

1431  
01:00:12,089 --> 01:00:09,539  
discovery so they get to they get to

1432  
01:00:14,069 --> 01:00:12,099  
break the story at the beginning but

1433  
01:00:18,390 --> 01:00:14,079  
once it once it airs I'm going to have

1434  
01:00:19,620 --> 01:00:18,400  
the producer of the show on my show when

1435  
01:00:20,849 --> 01:00:19,630  
we get to the point where the series

1436  
01:00:22,050 --> 01:00:20,859  
will air oh they think a little bit

1437  
01:00:23,910 --> 01:00:22,060  
error in June

1438  
01:00:25,920 --> 01:00:23,920

but they weren't sure exactly what the

1439

01:00:26,610 --> 01:00:25,930

scheduling was gonna be on the on the

1440

01:00:30,240 --> 01:00:26,620

History Channel

1441

01:00:31,800 --> 01:00:30,250

Wow so I want to keep on the loop in

1442

01:00:34,920 --> 01:00:31,810

that so I can let my listeners know and

1443

01:00:36,870 --> 01:00:34,930

so if before that goes up I would I mean

1444

01:00:39,150 --> 01:00:36,880

anything new is always interesting when

1445

01:00:40,410 --> 01:00:39,160

it comes to a case like that I think you

1446

01:00:42,720 --> 01:00:40,420

know we've looked again at the Ramey

1447

01:00:45,060 --> 01:00:42,730

memo and and those of who I was with

1448

01:00:48,780 --> 01:00:45,070

Josh gates down there two or three years

1449

01:00:51,600 --> 01:00:48,790

ago doing the same sort of thing and so

1450

01:00:53,880 --> 01:00:51,610

yeah but you get to see you know you've

1451

01:00:55,500 --> 01:00:53,890

heard about the Ramey memo and Special

1452

01:00:57,600 --> 01:00:55,510

Collections and you get to see that

1453

01:00:59,220 --> 01:00:57,610

stuff now and you get to see where the

1454

01:01:02,910 --> 01:00:59,230

other negatives they have in cold

1455

01:01:04,650 --> 01:01:02,920

storage they have a vault which is

1456

01:01:07,590 --> 01:01:04,660

climate control I think it's like 40

1457

01:01:10,380 --> 01:01:07,600

degrees because they discover that the

1458

01:01:12,060 --> 01:01:10,390

negatives that they had were beginning

1459

01:01:14,580 --> 01:01:12,070

to deteriorate and say put him into

1460

01:01:17,030 --> 01:01:14,590

built this four million dollar vault to

1461

01:01:19,830 --> 01:01:17,040

store all this stuff and they had

1462

01:01:21,150 --> 01:01:19,840

literally tens of thousands of

1463

01:01:23,550 --> 01:01:21,160

photographs that came from the Fort

1464

01:01:25,530 --> 01:01:23,560

Worth star-telegram which was a bit

1465

01:01:27,570 --> 01:01:25,540

which was is the big new a big newspaper

1466

01:01:29,460 --> 01:01:27,580

in Fort Worth so they had all those

1467

01:01:32,940 --> 01:01:29,470

photographs and everybody everybody

1468

01:01:34,830 --> 01:01:32,950

focuses on this this one little deal of

1469

01:01:37,170 --> 01:01:34,840

the Ramey memo but they've got

1470

01:01:40,110 --> 01:01:37,180

photographs going back into the 19th

1471

01:01:41,910 --> 01:01:40,120

century and some really fascinating

1472

01:01:45,060 --> 01:01:41,920

stuff there that goes just beyond

1473

01:01:48,600 --> 01:01:45,070

Roswell but the case and and the segment

1474

01:01:49,890 --> 01:01:48,610

I was in while I did I did a an

1475

01:01:52,200 --> 01:01:49,900

interview and we talked about other

1476

01:01:54,210 --> 01:01:52,210

aspects of the Roswell case as well so

1477

01:01:55,530 --> 01:01:54,220

it's a long thing I think they I think

1478

01:01:57,480 --> 01:01:55,540

they talked to Don Schmitt and Tom

1479

01:01:59,700 --> 01:01:57,490

Carrie and I don't know who all they

1480

01:02:01,530 --> 01:01:59,710

they talked to them ourselves and they

1481

01:02:04,920 --> 01:02:01,540

were out at the Museum and they were out

1482

01:02:07,920 --> 01:02:04,930

at the the site where the thing where

1483

01:02:10,710 --> 01:02:07,930

Bill Brazel identified the debris field

1484

01:02:12,810 --> 01:02:10,720

for Don and me and I say it that way

1485

01:02:14,010 --> 01:02:12,820

because people said well you guys didn't

1486

01:02:15,870 --> 01:02:14,020

really know where the debris field was

1487

01:02:18,600 --> 01:02:15,880

and I'm thinking you know Bill Brazel

1488

01:02:22,020 --> 01:02:18,610

took you out there I'm pretty sure I got

1489

01:02:24,000 --> 01:02:22,030

to the right place you know the guy had

1490

01:02:25,890 --> 01:02:24,010

seen it he'd been out there I'm pretty

1491

01:02:30,000 --> 01:02:25,900

sure we're on the right section in New

1492

01:02:32,490 --> 01:02:30,010

Mexico desert so yeah yeah well one of

1493

01:02:33,680 --> 01:02:32,500

the one of the things I I saw that you

1494

01:02:36,490 --> 01:02:33,690

had in

1495

01:02:39,170 --> 01:02:36,500

it's a chapter in the book is the Heflin

1496

01:02:40,610 --> 01:02:39,180

photo or photographs I think there were

1497

01:02:43,790 --> 01:02:40,620

three of them

1498

01:02:46,400 --> 01:02:43,800

now let me just ask you this in for the

1499

01:02:49,940 --> 01:02:46,410

YouTube person on YouTube I just put a

1500

01:02:53,750 --> 01:02:49,950

picture up there of it I have been told

1501  
01:02:54,890 --> 01:02:53,760  
by someone that that was a hoax do you

1502  
01:03:00,230 --> 01:02:54,900  
know anything about that

1503  
01:03:03,170 --> 01:03:00,240  
of course well well you get to any any

1504  
01:03:04,420 --> 01:03:03,180  
good photograph and the skeptical

1505  
01:03:06,950 --> 01:03:04,430  
community when they run out of

1506  
01:03:10,040 --> 01:03:06,960  
explanations it's a hoax yeah

1507  
01:03:13,130 --> 01:03:10,050  
and oftentimes the hoax explanation is

1508  
01:03:17,360 --> 01:03:13,140  
appended to it based on some really

1509  
01:03:19,100 --> 01:03:17,370  
shaky stuff that I think the roads the

1510  
01:03:22,460 --> 01:03:19,110  
roads photographs are hoaxes because

1511  
01:03:24,830 --> 01:03:22,470  
they didn't like his panoramic research

1512  
01:03:26,900 --> 01:03:24,840  
laboratory in his backyard and calling

1513  
01:03:28,820 --> 01:03:26,910

himself the director or the chief

1514

01:03:30,860 --> 01:03:28,830

engineer or something and they didn't

1515

01:03:33,320 --> 01:03:30,870

like the fact that he didn't have a real

1516

01:03:35,450 --> 01:03:33,330

job like other people do he was a

1517

01:03:37,790 --> 01:03:35,460

musician and I'm thinking he's playing

1518

01:03:40,610 --> 01:03:37,800

piano on a bar playing piano is a really

1519

01:03:42,410 --> 01:03:40,620

tough thing to do and yet he holds all

1520

01:03:43,970 --> 01:03:42,420

these patent the old patents which he

1521

01:03:46,100 --> 01:03:43,980

was making money on and that sort of

1522

01:03:48,380 --> 01:03:46,110

thing but they smeared him because he

1523

01:03:51,920 --> 01:03:48,390

had a he claimed to have a PhD from

1524

01:03:54,920 --> 01:03:51,930

Columbia and he had a little tiny wallet

1525

01:03:56,600 --> 01:03:54,930

side card that had that on there and I

1526

01:03:57,830 --> 01:03:56,610

think that the way that all came about

1527

01:04:02,510 --> 01:03:57,840

you're gonna have to excuse me for a

1528

01:04:04,580 --> 01:04:02,520

moment is that when he went into the

1529

01:04:06,500 --> 01:04:04,590

Navy or was it working with the Navy is

1530

01:04:08,330 --> 01:04:06,510

a failure working for the Navy they

1531

01:04:10,340 --> 01:04:08,340

realized in their research section they

1532

01:04:11,720 --> 01:04:10,350

didn't have a lot of guys with PhDs or

1533

01:04:13,730 --> 01:04:11,730

master's degrees and that sort of thing

1534

01:04:15,980 --> 01:04:13,740

and what they did was they created a

1535

01:04:19,610 --> 01:04:15,990

program of giving them equivalency

1536

01:04:21,590 --> 01:04:19,620

degrees and you took this complex test

1537

01:04:23,360 --> 01:04:21,600

and if you scored well enough well then

1538

01:04:25,460 --> 01:04:23,370

you had the equivalent of a bachelor's

1539

01:04:27,050 --> 01:04:25,470

degree score higher you got a master's

1540

01:04:28,880 --> 01:04:27,060

degree and if you scored at the top you

1541

01:04:34,580 --> 01:04:28,890

got the equivalency of a PhD and of

1542

01:04:36,950 --> 01:04:34,590

course Rhodes scored at the top I don't

1543

01:04:38,690 --> 01:04:36,960

know he had that little card Columbia

1544

01:04:41,270 --> 01:04:38,700

doesn't seem to know anything about it

1545

01:04:43,550 --> 01:04:41,280

but he had that card he was and he

1546

01:04:45,260 --> 01:04:43,560

talked about the equivalency in a couple

1547

01:04:47,130 --> 01:04:45,270

of times so you know I

1548

01:04:49,699 --> 01:04:47,140

they decided because of that

1549

01:04:52,529 --> 01:04:49,709

he claimed to have a PhD he was he was

1550

01:04:54,449 --> 01:04:52,539

hoaxing it with hopefully no it's kind

1551

01:04:57,719 --> 01:04:54,459

of the same thing because he talked

1552

01:04:59,849 --> 01:04:57,729

about two guys from Norway and I think

1553

01:05:01,890 --> 01:04:59,859

it was coming down to ask for the

1554

01:05:03,209 --> 01:05:01,900

photographs the original photographs and

1555

01:05:04,859 --> 01:05:03,219

he gave them to him so the original

1556

01:05:06,989 --> 01:05:04,869

photographs disappeared for a long

1557

01:05:08,400 --> 01:05:06,999

period of time and the air force was

1558

01:05:11,160 --> 01:05:08,410

saying well NORAD wouldn't have been

1559

01:05:13,109 --> 01:05:11,170

involved in the investigation ergo he's

1560

01:05:17,489 --> 01:05:13,119

made this story up and it's a hoax

1561

01:05:20,670 --> 01:05:17,499

then as I think round saucer watching

1562

01:05:23,339 --> 01:05:20,680

Hayden Hughes I believe did a computer

1563

01:05:25,319 --> 01:05:23,349

analysis of the photographs on one of

1564

01:05:27,120 --> 01:05:25,329

the photographs and he found a line on

1565

01:05:29,640 --> 01:05:27,130

it and he suggested this line in the

1566

01:05:34,979 --> 01:05:29,650

computer enhancement suggests it was

1567

01:05:37,440 --> 01:05:34,989

something suspended above the truck it

1568

01:05:38,969 --> 01:05:37,450

was reinvestigated later yeah and that

1569

01:05:40,559 --> 01:05:38,979

cover all of this in detail in the book

1570

01:05:42,690 --> 01:05:40,569

if you really I mean if people really

1571

01:05:45,269 --> 01:05:42,700

want to get the details rather than just

1572

01:05:47,819 --> 01:05:45,279

kind of viewing it here but they talked

1573

01:05:50,430 --> 01:05:47,829

about getting the original photographs

1574

01:05:51,299 --> 01:05:50,440

back he was told yeah the dress right

1575

01:05:56,130 --> 01:05:51,309

was it

1576

01:05:57,749 --> 01:05:56,140

yeah and ruffled the unsubtle Heflin was

1577

01:05:59,699 --> 01:05:57,759

told to go out and look at his mailbox

1578

01:06:01,140 --> 01:05:59,709

he went out there was nothing there got

1579

01:06:02,430 --> 01:06:01,150

a call from the guy an hour later he

1580

01:06:04,589 --> 01:06:02,440

says go look at your mailbox and there

1581

01:06:07,219 --> 01:06:04,599

were the original photographs so draw

1582

01:06:09,180 --> 01:06:07,229

file and her team were able to

1583

01:06:10,739 --> 01:06:09,190

re-examine the photographs and they can

1584

01:06:13,739 --> 01:06:10,749

find no evidence of the string and they

1585

01:06:14,969 --> 01:06:13,749

in the and and they said that Hughes in

1586

01:06:16,170 --> 01:06:14,979

the ground saucer watch guys were

1587

01:06:19,589 --> 01:06:16,180

working from a third or fourth

1588

01:06:21,150 --> 01:06:19,599

generation print and that had been

1589

01:06:22,949 --> 01:06:21,160

creased and folded and that sort of

1590

01:06:28,469 --> 01:06:22,959

thing and the line was probably a

1591

01:06:30,390 --> 01:06:28,479

artifact from the way the print had been

1592

01:06:34,199 --> 01:06:30,400

handled and they could find no evidence

1593

01:06:36,809 --> 01:06:34,209

of it so I think we're back to the idea

1594

01:06:39,479 --> 01:06:36,819

that Heflin may have photographed

1595

01:06:44,370 --> 01:06:39,489

something really unusual there was other

1596

01:06:47,309 --> 01:06:44,380

evidence also that other guys working in

1597

01:06:49,859 --> 01:06:47,319

his department with the highway services

1598

01:06:51,329 --> 01:06:49,869

they had radio communications and they

1599

01:06:53,099 --> 01:06:51,339

were having radio communications when

1600

01:06:54,660 --> 01:06:53,109

this object was overhead radio

1601

01:06:56,039 --> 01:06:54,670

communications problems when the object

1602

01:06:58,920 --> 01:06:56,049

was overhead so there's additional

1603

01:07:00,350 --> 01:06:58,930

information and I I think you know you

1604

01:07:02,930 --> 01:07:00,360

move beyond the idea that

1605

01:07:06,410 --> 01:07:02,940

this is a hoax that Heflin dreamed up

1606

01:07:08,750 --> 01:07:06,420

himself that was them that's always a

1607

01:07:10,580 --> 01:07:08,760

fallback position if we cannot explain

1608

01:07:12,800 --> 01:07:10,590

it well then it's obviously a hoax yeah

1609

01:07:14,120 --> 01:07:12,810

I'm trying to remember who told me that

1610

01:07:19,130 --> 01:07:14,130

on this show

1611

01:07:20,930 --> 01:07:19,140

Alice truffle I tell ya is it I know but

1612

01:07:21,290 --> 01:07:20,940

I talked to the daughter Alice oh I'm

1613

01:07:23,540 --> 01:07:21,300

sorry

1614

01:07:25,160 --> 01:07:23,550

yeah and Alice told me that they still

1615

01:07:28,550 --> 01:07:25,170

have those they have the three pictures

1616

01:07:30,890 --> 01:07:28,560

in their safe in their house right now

1617

01:07:33,590 --> 01:07:30,900

so they still have those available these

1618

01:07:35,660 --> 01:07:33,600

are to explain it why don't we just

1619

01:07:38,780 --> 01:07:35,670

explain what happened there it was the

1620

01:07:41,510 --> 01:07:38,790

Polaroids right and it was a Salesman no

1621

01:07:44,780 --> 01:07:41,520

here's a work for the highway department

1622

01:07:47,780 --> 01:07:44,790

okay right driving down the road and saw

1623

01:07:51,080 --> 01:07:47,790

this strange object through the windows

1624

01:07:52,940 --> 01:07:51,090

of the of his truck and he managed to

1625

01:07:55,790 --> 01:07:52,950

take three Polaroid photographs of the

1626  
01:07:57,200 --> 01:07:55,800  
object as it flew over and then another

1627  
01:07:59,960 --> 01:07:57,210  
reason they thought it was a hoax is

1628  
01:08:01,580 --> 01:07:59,970  
later he showed them a fourth photograph

1629  
01:08:03,140 --> 01:08:01,590  
which was kind of a smoke-ring type

1630  
01:08:04,910 --> 01:08:03,150  
thing and they were all concerned at

1631  
01:08:07,520 --> 01:08:04,920  
that he he didn't show that photograph

1632  
01:08:13,790 --> 01:08:07,530  
up front for some reason I'm not sure

1633  
01:08:15,320 --> 01:08:13,800  
why but it's an object that hovered over

1634  
01:08:20,150 --> 01:08:15,330  
the area for a period of time he took

1635  
01:08:22,910 --> 01:08:20,160  
three very clear photographs of it there

1636  
01:08:25,490 --> 01:08:22,920  
was all sorts of analysis done and there

1637  
01:08:26,510 --> 01:08:25,500  
again in the UFO field pick the analysis

1638  
01:08:29,030 --> 01:08:26,520

you like the best

1639

01:08:30,560 --> 01:08:29,040

and run with it because you there's

1640

01:08:32,150 --> 01:08:30,570

going to be an analysis that falls into

1641

01:08:33,740 --> 01:08:32,160

your own belief structure if you believe

1642

01:08:36,140 --> 01:08:33,750

there's no alien visitation there can't

1643

01:08:38,630 --> 01:08:36,150

be any UFOs then clearly it's a hoax and

1644

01:08:41,000 --> 01:08:38,640

there's photo analysis that will prove

1645

01:08:42,890 --> 01:08:41,010

that to you and if you accept alien

1646

01:08:46,220 --> 01:08:42,900

visitations and you believe they're UFOs

1647

01:08:49,970 --> 01:08:46,230

or flying saucers then this photograph

1648

01:08:52,849 --> 01:08:49,980

tends to support that that belief so you

1649

01:08:56,260 --> 01:08:52,859

can find the analysis that will support

1650

01:08:59,210 --> 01:08:56,270

that as well do you know if he was

1651  
01:09:01,579 --> 01:08:59,220  
interviewed you know and intensely

1652  
01:09:03,740 --> 01:09:01,589  
interviewed about this whole of this

1653  
01:09:05,890 --> 01:09:03,750  
whole situation he was interviewed a

1654  
01:09:08,570 --> 01:09:05,900  
number of times both by the military and

1655  
01:09:12,020 --> 01:09:08,580  
private UFO researchers I think Robert

1656  
01:09:14,209 --> 01:09:12,030  
would talk to him some years after the

1657  
01:09:17,689 --> 01:09:14,219  
event as well

1658  
01:09:18,979 --> 01:09:17,699  
you know he was he was interviewed by a

1659  
01:09:21,769 --> 01:09:18,989  
lot of people it didn't cause him any

1660  
01:09:24,490 --> 01:09:21,779  
any aggravation at work I don't think I

1661  
01:09:27,439 --> 01:09:24,500  
know police officers who are involved in

1662  
01:09:31,189 --> 01:09:27,449  
UFO chases and UFO sightings often found

1663  
01:09:34,970 --> 01:09:31,199

themselves ridiculed and harassed out of

1664

01:09:36,860 --> 01:09:34,980

their jobs actually but I don't think

1665

01:09:39,470 --> 01:09:36,870

that that happened I think he he went on

1666

01:09:41,749 --> 01:09:39,480

retired from his job there but this was

1667

01:09:45,200 --> 01:09:41,759

in what El Alto de near the El Toro

1668

01:09:48,829 --> 01:09:45,210

Marine base in Southern California I see

1669

01:09:51,169 --> 01:09:48,839

well did they did anyone ever try to say

1670

01:09:52,879 --> 01:09:51,179

it was a military you know secret

1671

01:09:55,070 --> 01:09:52,889

military project or anything like that

1672

01:09:56,780 --> 01:09:55,080

are you aware of nothing like that's not

1673

01:09:58,070 --> 01:09:56,790

yeah it had it been a secret military

1674

01:09:59,810 --> 01:09:58,080

project back when he took the

1675

01:10:02,390 --> 01:09:59,820

photographs in the nineteen sixties you

1676  
01:10:03,830 --> 01:10:02,400  
would think that you know we we would

1677  
01:10:05,479 --> 01:10:03,840  
already know what it is we'd say well

1678  
01:10:07,580 --> 01:10:05,489  
here here's what it really was

1679  
01:10:09,020 --> 01:10:07,590  
yeah and that's that's never happened

1680  
01:10:12,080 --> 01:10:09,030  
with this these particular sets of

1681  
01:10:12,950 --> 01:10:12,090  
photographs yeah so yeah and that's the

1682  
01:10:15,439 --> 01:10:12,960  
other thing you know when you look at

1683  
01:10:17,870 --> 01:10:15,449  
the older cases and they say well it was

1684  
01:10:19,970 --> 01:10:17,880  
a military secret yeah what sort of

1685  
01:10:24,590 --> 01:10:19,980  
technology was available 50 years ago

1686  
01:10:26,180 --> 01:10:24,600  
that is now obsolete that we don't know

1687  
01:10:32,000 --> 01:10:26,190  
about gee whiz we know about the b-2

1688  
01:10:35,149 --> 01:10:32,010

bomber in the f-117 which were highly

1689

01:10:38,000 --> 01:10:35,159

classified projects in the late 80s

1690

01:10:41,149 --> 01:10:38,010

early 90s and now we've got photographs

1691

01:10:44,660 --> 01:10:41,159

of them and we know exactly what they're

1692

01:10:46,640 --> 01:10:44,670

what they look like so you know that I

1693

01:10:50,060 --> 01:10:46,650

can't think of a project that would be

1694

01:10:53,899 --> 01:10:50,070

still be classified at this late date

1695

01:10:57,050 --> 01:10:53,909

that wouldn't have been wouldn't be

1696

01:10:58,220 --> 01:10:57,060

obsolete now based on the advancement of

1697

01:11:01,669 --> 01:10:58,230

our technology because we're talking

1698

01:11:03,379 --> 01:11:01,679

about 1960s and a Polaroid camera which

1699

01:11:05,120 --> 01:11:03,389

for those of you who do not know

1700

01:11:06,379 --> 01:11:05,130

Polaroid camera was the deal you took

1701

01:11:08,360 --> 01:11:06,389

the picture and it slid out of the

1702

01:11:11,209 --> 01:11:08,370

camera and it developed in 60 seconds

1703

01:11:13,189 --> 01:11:11,219

you didn't have to go to a photo shop to

1704

01:11:16,760 --> 01:11:13,199

get it which is of course digital

1705

01:11:18,620 --> 01:11:16,770

cameras are much better now much better

1706

01:11:20,209 --> 01:11:18,630

than what not to saying a Polaroid was

1707

01:11:22,040 --> 01:11:20,219

digital it actually had film and

1708

01:11:26,450 --> 01:11:22,050

negatives and all of that stuff yeah

1709

01:11:27,649 --> 01:11:26,460

yeah all right so let's just I want to

1710

01:11:29,450 --> 01:11:27,659

switch to a different

1711

01:11:32,899 --> 01:11:29,460

case was that actually close to home for

1712

01:11:34,790 --> 01:11:32,909

me I've lived in the area quite a while

1713

01:11:37,879 --> 01:11:34,800

and that's chapter 13 you talk about the

1714

01:11:39,830 --> 01:11:37,889

Exeter the Exeter New Hampshire siding

1715

01:11:42,319 --> 01:11:39,840

and I'm interested to know what project

1716

01:11:43,399 --> 01:11:42,329

Bluebook had to say about that well it's

1717

01:11:45,500 --> 01:11:43,409

in the book you should read the book

1718

01:11:49,879 --> 01:11:45,510

darkness inches high I know I've cut the

1719

01:11:52,100 --> 01:11:49,889

book yeah I will I just didn't get a

1720

01:11:53,810 --> 01:11:52,110

chance and I and I and I looked at what

1721

01:11:57,020 --> 01:11:53,820

the Air Force had to say about it and

1722

01:12:00,979 --> 01:11:57,030

where all of that went and I think what

1723

01:12:04,000 --> 01:12:00,989

you look at you see that it's not just a

1724

01:12:06,410 --> 01:12:04,010

single witness case the Air Force

1725

01:12:09,439 --> 01:12:06,420

glommed on to the ionization of the

1726

01:12:11,600 --> 01:12:09,449

atmosphere explanation which Philip

1727

01:12:13,609 --> 01:12:11,610

Glass invented because of the Exorcist

1728

01:12:15,200 --> 01:12:13,619

Exeter sighting saying that the

1729

01:12:17,569 --> 01:12:15,210

electrical discharges from these high

1730

01:12:19,640 --> 01:12:17,579

tension wires would ionize the air and

1731

01:12:21,979 --> 01:12:19,650

that creates these big glowing balls of

1732

01:12:24,379 --> 01:12:21,989

gas and anybody who's lived around high

1733

01:12:26,720 --> 01:12:24,389

tension lines no that's really true by

1734

01:12:29,510 --> 01:12:26,730

the way that was sarcasm

1735

01:12:31,370 --> 01:12:29,520

and the Air Force the Air Force jumped

1736

01:12:32,899 --> 01:12:31,380

on to that explanation but you get down

1737

01:12:34,850 --> 01:12:32,909

to it and you've got police officers

1738

01:12:36,760 --> 01:12:34,860

involved you've got multiple witnesses

1739

01:12:38,959 --> 01:12:36,770

you've got not just the guy seeing it

1740

01:12:42,319 --> 01:12:38,969

and becoming frightened you've got a

1741

01:12:44,870 --> 01:12:42,329

police officer who who in the before the

1742

01:12:47,180 --> 01:12:44,880

guy showed up at the police station he'd

1743

01:12:49,220 --> 01:12:47,190

found a woman sitting in her car that

1744

01:12:50,660 --> 01:12:49,230

overpass was very upset and said that

1745

01:12:54,020 --> 01:12:50,670

this flying saucer had been following

1746

01:12:55,490 --> 01:12:54,030

her and he got her calmed down and sent

1747

01:12:57,109 --> 01:12:55,500

her on her way and magus the police

1748

01:12:59,000 --> 01:12:57,119

station here this guy comes in and he's

1749

01:13:00,410 --> 01:12:59,010

upset talking about flying saucers again

1750

01:13:03,290 --> 01:13:00,420

so they go out to the area where he'd

1751

01:13:05,479 --> 01:13:03,300

seen the flying saucer and they see it

1752

01:13:07,459 --> 01:13:05,489

in the distance another police officer

1753

01:13:09,910 --> 01:13:07,469

shows up and they and he sees it as well

1754

01:13:12,109 --> 01:13:09,920

as they've been glowing masked near this

1755

01:13:14,629 --> 01:13:12,119

over this house and by these high

1756

01:13:16,520 --> 01:13:14,639

tension lines and that became the

1757

01:13:17,899 --> 01:13:16,530

explanation for the air force at high

1758

01:13:19,669 --> 01:13:17,909

tension lines but it was a series of

1759

01:13:23,240 --> 01:13:19,679

sightings by a number of people over a

1760

01:13:27,979 --> 01:13:23,250

period of time that was quite complex

1761

01:13:31,819 --> 01:13:27,989

I talked to a physicist and it was on a

1762

01:13:32,540 --> 01:13:31,829

different case about this ionization of

1763

01:13:37,129 --> 01:13:32,550

the atmosphere

1764

01:13:38,870 --> 01:13:37,139

I think after class class made that

1765

01:13:41,209 --> 01:13:38,880

explanation I think he revealed the

1766

01:13:43,130 --> 01:13:41,219

explanation and Aviation Week week

1767

01:13:44,959 --> 01:13:43,140

space technology which was a magazine he

1768

01:13:47,840 --> 01:13:44,969

was in a senior editor for Stephen

1769

01:13:49,280 --> 01:13:47,850

senior aviation at her four talked about

1770

01:13:50,870 --> 01:13:49,290

that and he put that explanation out

1771

01:13:52,490 --> 01:13:50,880

there in the atmospheric physicist and

1772

01:13:54,800 --> 01:13:52,500

the physicist just came down heavily I'm

1773

01:13:57,770 --> 01:13:54,810

sad ain't gonna be away but I called a

1774

01:13:59,630 --> 01:13:57,780

physicist about that he was talking to

1775

01:14:01,520 --> 01:13:59,640

him about the the object that was seen

1776

01:14:02,240 --> 01:14:01,530

over Minot North the South Dakota I

1777

01:14:09,439 --> 01:14:02,250

might not

1778

01:14:11,959 --> 01:14:09,449

again the Air Force said it was an

1779

01:14:13,280 --> 01:14:11,969

ionization of the atmosphere and I

1780

01:14:14,900 --> 01:14:13,290

talked to about that he said well don't

1781

01:14:17,420 --> 01:14:14,910

you think that if that was true we'd be

1782

01:14:19,640 --> 01:14:17,430

seeing those all over the place and what

1783

01:14:21,080 --> 01:14:19,650

became clear yeah there is an ion the

1784

01:14:23,240 --> 01:14:21,090

ionization does take place in the

1785

01:14:25,520 --> 01:14:23,250

atmosphere but the problem is it doesn't

1786

01:14:28,010 --> 01:14:25,530

glow unless it's acted on by some other

1787

01:14:31,610 --> 01:14:28,020

mechanism so you might have this

1788

01:14:34,310 --> 01:14:31,620

ionization that might affect radar in

1789

01:14:36,200 --> 01:14:34,320

the way a temperature inversion would

1790

01:14:38,630 --> 01:14:36,210

affect radar but people aren't going to

1791

01:14:42,680 --> 01:14:38,640

be able to see it if it doesn't naturally

1792

01:14:44,229 --> 01:14:42,690

glow and so the Air Force explanation

1793

01:14:46,189 --> 01:14:44,239

that these guys are seeing these glowing

1794

01:14:48,979 --> 01:14:46,199

ionization of the atmosphere just

1795

01:14:52,610 --> 01:14:48,989

doesn't work because they just don't

1796

01:14:54,140 --> 01:14:52,620

normally glow and but that was that was

1797

01:14:56,870 --> 01:14:54,150

kind of the Air Force explanation for

1798

01:14:58,100 --> 01:14:56,880

the whole case but I was able to take it

1799

01:15:00,920 --> 01:14:58,110

beyond that and find additional

1800

01:15:04,880 --> 01:15:00,930

witnesses I think it's John Fuller's

1801

01:15:06,890 --> 01:15:04,890

book incident Exeter I think it was does

1802

01:15:08,780 --> 01:15:06,900

a real nice job of laying some of the

1803

01:15:11,090 --> 01:15:08,790

evidence out in greater detail than I I

1804

01:15:13,310 --> 01:15:11,100

do in this book but you know I've got

1805

01:15:17,090 --> 01:15:13,320

the I got the basics down there and the

1806

01:15:19,160 --> 01:15:17,100

explanations and as I say my mine is

1807

01:15:21,740 --> 01:15:19,170

based on the Air Force file and then the

1808

01:15:25,970 --> 01:15:21,750

later information that people like John

1809

01:15:27,709 --> 01:15:25,980

fuller was able to to find you know and

1810

01:15:30,110 --> 01:15:27,719

Jerry Clark has done a wonderful job of

1811

01:15:31,490 --> 01:15:30,120

explaining that in his UFO encyclopedia

1812

01:15:34,340 --> 01:15:31,500

and there's a lot of other information

1813

01:15:36,709 --> 01:15:34,350

out there and various sources that you

1814

01:15:38,570 --> 01:15:36,719

know you can draw upon to you just kind

1815

01:15:41,420 --> 01:15:38,580

of collected all of that information and

1816

01:15:43,880 --> 01:15:41,430

consolidated it into into the book right

1817

01:15:47,540 --> 01:15:43,890

I haven't heard much from Jerry Clark in

1818

01:15:49,370 --> 01:15:47,550

in a while I know he hasn't written a

1819

01:15:51,979 --> 01:15:49,380

book in a long time but he was really

1820

01:15:53,780 --> 01:15:51,989

good he did some really good work well

1821

01:15:54,839 --> 01:15:53,790

his is if you're gonna be a UFO

1822

01:15:57,080 --> 01:15:54,849

researcher you

1823

01:16:00,179 --> 01:15:57,090

we have to have the UFO encyclopedia

1824

01:16:01,949 --> 01:16:00,189

that he did the problem is it's really

1825

01:16:05,489 --> 01:16:01,959

pricey it's like you know a couple of

1826

01:16:09,270 --> 01:16:05,499

hundred dollars Wow and yeah but it's

1827

01:16:10,580 --> 01:16:09,280

it's it's just so comprehensive and I'm

1828

01:16:16,770 --> 01:16:10,590

astonished at some of the stuff that

1829

01:16:19,349 --> 01:16:16,780

isn't in there but but in the third

1830

01:16:22,199 --> 01:16:19,359

edition that he just completed a couple

1831

01:16:23,639 --> 01:16:22,209

of years ago he said because of the

1832

01:16:25,529 --> 01:16:23,649

constraints placed on him by the

1833

01:16:30,569 --> 01:16:25,539

publisher he had to leave some stuff out

1834

01:16:32,310 --> 01:16:30,579

that he wanted to get in there so but

1835

01:16:34,049 --> 01:16:32,320

but it's a wonderful research tool for

1836

01:16:36,419 --> 01:16:34,059

anybody who's doing UFO research you've

1837

01:16:38,069 --> 01:16:36,429

got to have a copy of that book of those

1838

01:16:41,279 --> 01:16:38,079

books it's two volumes you've got to

1839

01:16:43,049 --> 01:16:41,289

have that because that's that's a good

1840

01:16:46,259 --> 01:16:43,059

basis to start and like I said I

1841

01:16:47,159 --> 01:16:46,269

borrowed from him the idea in in the

1842

01:16:49,169 --> 01:16:47,169

best project Bluebook

1843

01:16:52,229 --> 01:16:49,179

at the end of each chapter I put a list

1844

01:16:54,599 --> 01:16:52,239

of the sources yeah and then I borrowed

1845

01:16:56,549 --> 01:16:54,609

that idea from him because in his UFO

1846

01:16:59,099 --> 01:16:56,559

encyclopedia after you get done with

1847

01:17:01,679 --> 01:16:59,109

reading the article there's a long list

1848

01:17:02,729 --> 01:17:01,689

of sources suppose sometimes it's a very

1849

01:17:05,759 --> 01:17:02,739

short list because there's not a lot of

1850

01:17:08,359 --> 01:17:05,769

sources but a very detailed list of

1851

01:17:10,889 --> 01:17:08,369

sources and then there's a massive

1852

01:17:13,709 --> 01:17:10,899

bibliography at the end with all of that

1853

01:17:15,659 --> 01:17:13,719

stuff in it as well but it's just a an

1854

01:17:18,479 --> 01:17:15,669

absolute must-have research tool for

1855

01:17:20,549 --> 01:17:18,489

anybody doing UFO research right yeah oh

1856

01:17:22,469 --> 01:17:20,559

yeah he's a multi-talented guy - I think

1857

01:17:26,399 --> 01:17:22,479

he writes music or something like that I

1858

01:17:30,989 --> 01:17:26,409

wanted to also published oh really

1859

01:17:33,330 --> 01:17:30,999

Wow yes yeah we are opening the lines

1860

01:17:36,149 --> 01:17:33,340

right now for calls and if you're over

1861

01:17:38,099 --> 01:17:36,159

at kgr a radio and write this down

1862

01:17:39,989 --> 01:17:38,109

that's eight five five four seven two

1863

01:17:42,089 --> 01:17:39,999

five four eight three it's up on the

1864

01:17:44,699 --> 01:17:42,099

screen if you're on youtube and we are

1865

01:17:50,819 --> 01:17:44,709

taking calls and race we'll be standing

1866

01:17:53,189 --> 01:17:50,829

by to screen your call so let's see we

1867

01:17:55,589 --> 01:17:53,199

have a you have a lot of different ones

1868

01:17:58,679 --> 01:17:55,599

that you have looked into and I'm I know

1869

01:18:01,619 --> 01:17:58,689

that the McMinnville one I don't see you

1870

01:18:03,779 --> 01:18:01,629

don't have that one in here but there is

1871

01:18:06,419 --> 01:18:03,789

there's question about that photograph -

1872

01:18:08,279 --> 01:18:06,429

and I always you know I hear these

1873

01:18:10,709 --> 01:18:08,289

things through different people

1874

01:18:14,069 --> 01:18:10,719

and I just wanted to get your quick

1875

01:18:16,079 --> 01:18:14,079

opinion on that the problem we have is

1876

01:18:17,849 --> 01:18:16,089

we have a and I really don't want to say

1877

01:18:21,119 --> 01:18:17,859

skeptical community because it's really

1878

01:18:23,429 --> 01:18:21,129

not skeptics it's debunkers who believe

1879

01:18:25,739 --> 01:18:23,439

there is absolutely no alien visitation

1880

01:18:28,049 --> 01:18:25,749

era go any that suggests otherwise must

1881

01:18:30,000 --> 01:18:28,059

be a hoax you know so you've got the

1882

01:18:32,099 --> 01:18:30,010

pictures at McMinnville which have to be

1883

01:18:34,949 --> 01:18:32,109

a hoax because there's no other

1884

01:18:36,899 --> 01:18:34,959

explanation for him I thought I had done

1885

01:18:41,579 --> 01:18:36,909

in a in a different book I thought I had

1886

01:18:44,159 --> 01:18:41,589

done a fairly neutral job of recounting

1887

01:18:45,239 --> 01:18:44,169

this stuff and who one guy pointed out

1888

01:18:46,739 --> 01:18:45,249

to me that turned out to be very

1889

01:18:48,299 --> 01:18:46,749

negative I didn't think it was negative

1890

01:18:49,949 --> 01:18:48,309

at all but yeah then there's the idea

1891

01:18:54,359 --> 01:18:49,959

that so hoaxes but I just can't see

1892

01:18:57,959 --> 01:18:54,369

these these people in McMinnville Oregon

1893

01:19:00,599 --> 01:18:57,969

the farmer and his wife creating this

1894

01:19:02,909 --> 01:19:00,609

hoax right they just didn't seem

1895

01:19:04,739 --> 01:19:02,919

sophisticated enough to do that sort of

1896

01:19:07,049 --> 01:19:04,749

thing you know let's make a UFO site

1897

01:19:09,959 --> 01:19:07,059

let's make a UFO hoax now if we were in

1898

01:19:13,979 --> 01:19:09,969

2020 and this came up I'd say yeah it's

1899

01:19:17,159 --> 01:19:13,989

is very possible because of what we can

1900

01:19:18,839 --> 01:19:17,169

do but this is 1950 yeah and people

1901

01:19:23,009 --> 01:19:18,849

don't understand how to make double

1902

01:19:25,349 --> 01:19:23,019

exposures or how to how to create images

1903

01:19:27,119 --> 01:19:25,359

on the film that aren't really in the

1904

01:19:29,069 --> 01:19:27,129

sky around them and that sort of thing

1905

01:19:32,279 --> 01:19:29,079

and so I just can't see that a farmer

1906

01:19:37,349 --> 01:19:32,289

and his wife would have come up with

1907

01:19:39,839 --> 01:19:37,359

this this explanation and then once they

1908

01:19:41,309 --> 01:19:39,849

got the photographs back and saw that

1909

01:19:43,409 --> 01:19:41,319

they turned out really really well

1910

01:19:45,659 --> 01:19:43,419

didn't them didn't immediately take him

1911

01:19:48,779 --> 01:19:45,669

to the news media didn't do that a

1912

01:19:51,569 --> 01:19:48,789

friend of theirs found saw happen to see

1913

01:19:53,219 --> 01:19:51,579

the the the presence in the house and

1914

01:19:55,259 --> 01:19:53,229

said they should take it to the

1915

01:19:56,729 --> 01:19:55,269

newspaper which they eventually did I

1916

01:19:58,379 --> 01:19:56,739

mean it wasn't like well we've got this

1917

01:19:59,399 --> 01:19:58,389

great hoax story let now let's take it

1918

01:20:02,849 --> 01:19:59,409

to the newspaper because we know the

1919

01:20:04,500 --> 01:20:02,859

photographs turned out I just don't like

1920

01:20:05,939 --> 01:20:04,510

the hoax explanation appended to

1921

01:20:07,799 --> 01:20:05,949

everything there may be another

1922

01:20:11,549 --> 01:20:07,809

explanation for it but there seems to be

1923

01:20:13,109 --> 01:20:11,559

stuff in there that in in the story that

1924

01:20:14,279 --> 01:20:13,119

they tell in the way it was told oh one

1925

01:20:16,349 --> 01:20:14,289

of the one of the reasons they said it

1926

01:20:19,079 --> 01:20:16,359

was a hoax I believe as they were

1927

01:20:21,229 --> 01:20:19,089

looking at the shadows on the garage

1928

01:20:23,779 --> 01:20:21,239

under the eaves of the

1929

01:20:25,970 --> 01:20:23,789

and they said the photos were taken not

1930

01:20:27,290 --> 01:20:25,980

taken close together they were taken 20

1931

01:20:29,930 --> 01:20:27,300

or 30 minutes apart and they weren't

1932

01:20:32,029 --> 01:20:29,940

taken in the order of the glass son yeah

1933

01:20:34,819 --> 01:20:32,039

something now the Sun and the shadows

1934

01:20:38,870 --> 01:20:34,829

under that and you know it's all that

1935

01:20:41,299 --> 01:20:38,880

kind of detail yeah yeah oh we got we

1936

01:20:46,239 --> 01:20:41,309

got someone on line one

1937

01:20:50,029 --> 01:20:46,249

I believe it's V Paul is it Paul hi Nick

1938

01:20:53,509 --> 01:20:50,039

yeah thank you Paul great to hear you

1939

01:20:56,810 --> 01:20:55,640

they've all told me about the show Oh

1940

01:20:58,729 --> 01:20:56,820

excellent

1941

01:21:00,799 --> 01:20:58,739

well I have to tell you Paul I had so

1942

01:21:02,959 --> 01:21:00,809

much fun with you out in Phoenix back in

1943

01:21:05,319 --> 01:21:02,969

September I love your sense of humor

1944

01:21:08,390 --> 01:21:05,329

you're a lot of fun to hang around with

1945

01:21:12,229 --> 01:21:08,400

so I'm really by the way for the

1946

01:21:16,250 --> 01:21:12,239

listener this is Paul hi Nick and the

1947

01:21:17,959 --> 01:21:16,260

son of dr. J Allen Hynek who is on the

1948

01:21:19,189 --> 01:21:17,969

line right now I saw you in the chat

1949

01:21:23,529 --> 01:21:19,199

room earlier I was pretty excited about

1950

01:21:26,479 --> 01:21:23,539

that thanks for thanks for joining in

1951

01:21:28,790 --> 01:21:26,489

happy to be here and hello Kevin

1952

01:21:30,410 --> 01:21:28,800

hi pause waiting for a chance to jump in

1953

01:21:38,689 --> 01:21:30,420

have a chatted tip with you for a long

1954

01:21:41,020 --> 01:21:38,699

time yes your show yes yes well let let

1955

01:21:43,430 --> 01:21:41,030

me ask you a question since you're here

1956

01:21:44,839 --> 01:21:43,440

and I understand the constraints you

1957

01:21:46,850 --> 01:21:44,849

might be under but what do you think of

1958

01:21:49,230 --> 01:21:46,860

the new season going so far off the

1959

01:21:53,589 --> 01:21:49,240

rails how's that for a loaded question

1960

01:21:59,390 --> 01:21:53,599

[Laughter]

1961

01:22:01,549 --> 01:21:59,400

yeah I've never heard you being

1962

01:22:07,279 --> 01:22:01,559

considered to be on the rail so I think

1963

01:22:09,049 --> 01:22:07,289

it's going great okay

1964

01:22:14,149 --> 01:22:09,059

hey Paul did you have did you have a

1965

01:22:24,259 --> 01:22:14,159

question for Kevin you're just calling

1966

01:22:26,930 --> 01:22:24,269

in to say hi yeah well it's always it's

1967

01:22:29,450 --> 01:22:26,940

always great to hear from you and I'm

1968

01:22:32,120 --> 01:22:29,460

trying to remember what you said when

1969

01:22:34,069 --> 01:22:32,130

you were out you said that your dad had

1970

01:22:35,979 --> 01:22:34,079

the Van Allen belt was that was that

1971

01:22:41,930 --> 01:22:35,989

what it was

1972

01:22:46,670 --> 01:22:41,940

no I own a Van Allen belt that's right

1973

01:22:48,500 --> 01:22:46,680

it was actually Van Allen's belt well so

1974

01:22:51,110 --> 01:22:48,510

people understand what's going on here I

1975

01:22:52,790 --> 01:22:51,120

actually studied astronomy actually I

1976

01:22:54,620 --> 01:22:52,800

took a couple of courses in astronomy at

1977

01:22:57,350 --> 01:22:54,630

the University of Iowa and James Van

1978

01:22:59,240 --> 01:22:57,360

Allen was the they had determined at the

1979

01:23:02,140 --> 01:22:59,250

apartment of physics and astronomy so we

1980

01:23:05,270 --> 01:23:02,150

had we had him in a couple of classes

1981

01:23:06,979 --> 01:23:05,280

talking to us and he made it clear to us

1982

01:23:08,870 --> 01:23:06,989

that at the University of Iowa there are

1983

01:23:11,180 --> 01:23:08,880

no Van Allen belts except the ones that

1984

01:23:13,160 --> 01:23:11,190

hold up his pants he's talking about the

1985

01:23:14,240 --> 01:23:13,170

radiation belts around the earth so at

1986

01:23:16,070 --> 01:23:14,250

the University of Iowa that the

1987

01:23:21,620 --> 01:23:16,080

radiation belts the Van Allen belts hold

1988

01:23:24,590 --> 01:23:21,630

up his pants so so Paul you're at work

1989

01:23:26,780 --> 01:23:24,600

but and do you do a lot of since we have

1990

01:23:29,450 --> 01:23:26,790

you on the line you actually do quite a

1991

01:23:42,920 --> 01:23:29,460

bit of a consulting for of the TV series

1992

01:23:46,400 --> 01:23:42,930

right yeah yeah and and so far so good

1993

01:23:48,979 --> 01:23:46,410

you're you're okay with I know you

1994

01:23:51,410 --> 01:23:48,989

I do remember our conversation in last

1995

01:23:52,940 --> 01:23:51,420

September you mentioned something along

1996

01:23:54,320 --> 01:23:52,950

the lines where there was one thing you

1997

01:24:01,070 --> 01:23:54,330

weren't comfortable with and they

1998

01:24:05,750 --> 01:24:01,080

actually changed it for you right it was

1999

01:24:08,270 --> 01:24:05,760

in episode 6 of this season and it was

2000

01:24:11,030 --> 01:24:08,280

the one time where I felt that thing

2001

01:24:13,490 --> 01:24:11,040

heavensward things went off the rails

2002

01:24:15,140 --> 01:24:13,500

from a personal point of view and they

2003

01:24:19,420 --> 01:24:15,150

were very sensitive that they could make

2004

01:24:22,459 --> 01:24:19,430

the changes yeah that's good that's good

2005

01:24:24,380 --> 01:24:22,469

well great to hear from you Paul as

2006

01:24:26,660 --> 01:24:24,390

always and I'd love to get you back on

2007

01:24:28,459 --> 01:24:26,670

the show someday again it was it was a

2008

01:24:29,959 --> 01:24:28,469

lot of fun and last time you were

2009

01:24:32,900 --> 01:24:29,969

actually on the show you were on with

2010

01:24:36,350 --> 01:24:32,910

Calvin Parker both of you together that

2011

01:24:40,729 --> 01:24:36,360

was a lot of fun that's right my good

2012

01:24:43,010 --> 01:24:40,739

friend Calvin thank you take care all

2013

01:24:46,340 --> 01:24:43,020

right you two you take care thanks

2014

01:24:48,109 --> 01:24:46,350

thanks for calling in all right everyone

2015

01:24:51,020 --> 01:24:48,119

the lines are open once

2016

01:24:53,109 --> 01:24:51,030

again and that number is eight five five

2017

01:24:56,239 --> 01:24:53,119

four seven two five four eight three

2018

01:24:58,189 --> 01:24:56,249

Kevin uh I know again it's not in your

2019

01:25:00,979 --> 01:24:58,199

your-your-your book that just came out

2020

01:25:03,770 --> 01:25:00,989

but we have Palmer sent us a question

2021

01:25:06,229 --> 01:25:03,780

because of your military helicopter

2022

01:25:09,229 --> 01:25:06,239

experience wanted to know what your

2023

01:25:11,029 --> 01:25:09,239

opinion was on the coin case and I don't

2024

01:25:12,589 --> 01:25:11,039

know if you and I guess you have done a

2025

01:25:15,859 --> 01:25:12,599

lot of research into this at one time

2026

01:25:18,799 --> 01:25:15,869

but for the person that's new to UFOs in

2027

01:25:20,299 --> 01:25:18,809

general can you explain we don't have to

2028

01:25:22,339 --> 01:25:20,309

spend a lot of time on it but what what

2029

01:25:25,100 --> 01:25:22,349

went on and and what your thoughts are

2030

01:25:28,369 --> 01:25:25,110

about what went on we had a helicopter

2031

01:25:28,969 --> 01:25:28,379

crew flying a Huey helicopter near

2032

01:25:34,669 --> 01:25:28,979

Manvel

2033

01:25:37,040 --> 01:25:34,679

Ohio and encountered a UFO object bright

2034

01:25:39,649 --> 01:25:37,050

green object had I think red lights on

2035

01:25:43,639 --> 01:25:39,659

one end of it that sort of thing and as

2036

01:25:45,439 --> 01:25:43,649

they watched it come down past the

2037

01:25:48,799 --> 01:25:45,449

aircraft circle around behind and come

2038

01:25:50,119 --> 01:25:48,809

in from the from the other side and and

2039

01:25:52,399 --> 01:25:50,129

that's important to realize that the

2040

01:25:55,219 --> 01:25:52,409

object actually changed its its

2041

01:25:57,949 --> 01:25:55,229

direction a number of times and at one

2042

01:26:00,020 --> 01:25:57,959

point they thought they were going to

2043

01:26:03,649 --> 01:26:00,030

collide with this with this object and

2044

01:26:09,080 --> 01:26:03,659

it seemed to lift the helicopter up

2045

01:26:13,189 --> 01:26:09,090

physically and so that it I guess they

2046

01:26:14,810 --> 01:26:13,199

were excuse me I'm trying to replay the

2047

01:26:18,429 --> 01:26:14,820

scenario in my mind here what happened

2048

01:26:20,959 --> 01:26:18,439

was the object was coming close to them

2049

01:26:23,479 --> 01:26:20,969

and and thought they're going to come

2050

01:26:30,350 --> 01:26:23,489

collide coin put the collective which is

2051  
01:26:32,060 --> 01:26:30,360  
the control that controls altitude to

2052  
01:26:35,209 --> 01:26:32,070  
the full down position because he wanted

2053  
01:26:38,479 --> 01:26:35,219  
to avoid it and the object seemed to

2054  
01:26:41,389 --> 01:26:38,489  
lift them up and he was trying to stop

2055  
01:26:42,919 --> 01:26:41,399  
the climb so they wouldn't hit the hit

2056  
01:26:44,779 --> 01:26:42,929  
the object and have the collective down

2057  
01:26:46,250 --> 01:26:44,789  
to the full the collective in the full

2058  
01:26:47,839 --> 01:26:46,260  
down position and they continued to

2059  
01:26:50,000 --> 01:26:47,849  
climb up eventually there was some kind

2060  
01:26:51,889 --> 01:26:50,010  
of a bump and the object left and he

2061  
01:26:55,489 --> 01:26:51,899  
gained tree gain control of the of the

2062  
01:27:00,439 --> 01:26:55,499  
aircraft now one of the things that I

2063  
01:27:02,810 --> 01:27:00,449

know that from from my experience as a

2064

01:27:05,000 --> 01:27:02,820

helicopter pilot

2065

01:27:07,700 --> 01:27:05,010

Philip Glass said well maybe maybe

2066

01:27:10,130 --> 01:27:07,710

Jessie who was the other pilot put the

2067

01:27:12,200 --> 01:27:10,140

collective down because he knew what was

2068

01:27:14,060 --> 01:27:12,210

going up on the collective Paul

2069

01:27:15,800 --> 01:27:14,070

accidentally pulled up on the collective

2070

01:27:18,440 --> 01:27:15,810

because he knew they were getting close

2071

01:27:20,570 --> 01:27:18,450

to the ground and and that was why they

2072

01:27:21,680 --> 01:27:20,580

were in this claim even though Coyne

2073

01:27:23,510 --> 01:27:21,690

thought the collective was pulled down

2074

01:27:25,430 --> 01:27:23,520

Jessie had pulled it up and that was why

2075

01:27:28,160 --> 01:27:25,440

they were in the climb and I said no

2076

01:27:30,020 --> 01:27:28,170

that was never happened because Coyne

2077

01:27:33,650 --> 01:27:30,030

and Jesse had the same training I did I

2078

01:27:35,030 --> 01:27:33,660

think coin.i he probably went through as

2079

01:27:36,530 --> 01:27:35,040

a commission to officer but about the

2080

01:27:38,120 --> 01:27:36,540

same time that I went through flight

2081

01:27:40,900 --> 01:27:38,130

school helicopter flight school the one

2082

01:27:43,940 --> 01:27:40,910

thing you were taught religiously is

2083

01:27:45,290 --> 01:27:43,950

you've got the controls in your hands if

2084

01:27:48,229 --> 01:27:45,300

the other pilot needs to take the

2085

01:27:49,790 --> 01:27:48,239

controls he'll say I've got it you feel

2086

01:27:50,570 --> 01:27:49,800

him on the controls you release and say

2087

01:27:53,390 --> 01:27:50,580

you've got it

2088

01:27:54,500 --> 01:27:53,400

you don't make a control change without

2089

01:27:55,760 --> 01:27:54,510

telling the other pilot what you're

2090

01:27:57,170 --> 01:27:55,770

doing otherwise you end up with the

2091

01:27:59,360 --> 01:27:57,180

pilots fighting each other for the

2092

01:28:01,250 --> 01:27:59,370

control of the aircraft so Jessie would

2093

01:28:03,050 --> 01:28:01,260

have never pulled up on the collective

2094

01:28:06,229 --> 01:28:03,060

to stop the descent that he thought they

2095

01:28:08,300 --> 01:28:06,239

were in had he not said something - I

2096

01:28:10,550 --> 01:28:08,310

was we had an experienced experience

2097

01:28:16,459 --> 01:28:10,560

like somewhat similar in in Vietnam

2098

01:28:17,990 --> 01:28:16,469

where I was flying the Eric I guess the

2099

01:28:21,020 --> 01:28:18,000

COPE I was flying the aircraft and he

2100

01:28:22,430 --> 01:28:21,030

put it into a sudden bank and a dive and

2101

01:28:24,260 --> 01:28:22,440

I started to reach for the curls I said

2102

01:28:26,030 --> 01:28:24,270

what's the problem I said he thought he

2103

01:28:27,380 --> 01:28:26,040

we were about to hit something but I

2104

01:28:29,090 --> 01:28:27,390

wasn't going to take the controls from

2105

01:28:31,160 --> 01:28:29,100

him and jerk him away from from that

2106

01:28:32,600 --> 01:28:31,170

because then you fight his controls had

2107

01:28:33,590 --> 01:28:32,610

I taken control I said I would have said

2108

01:28:36,200 --> 01:28:33,600

I've got it and he would have released

2109

01:28:38,450 --> 01:28:36,210

the controls but you and you do that

2110

01:28:41,560 --> 01:28:38,460

because the other pilot may see

2111

01:28:44,690 --> 01:28:41,570

something that would affect the aircraft

2112

01:28:46,430 --> 01:28:44,700

that you didn't see so he's taking

2113

01:28:48,350 --> 01:28:46,440

control to avoid some kind of an

2114

01:28:49,790 --> 01:28:48,360

accident or some kind of a problem so

2115

01:28:51,740 --> 01:28:49,800

that was one thing that struck me and I

2116

01:28:53,330 --> 01:28:51,750

know class said a lot of things in his

2117

01:28:54,709 --> 01:28:53,340

book and when he had analyzed the Quinn

2118

01:28:56,390 --> 01:28:54,719

case that I just didn't agree with he

2119

01:28:58,100 --> 01:28:56,400

said at one point well I have a friend

2120

01:28:59,840 --> 01:28:58,110

who's a helicopter pilot and he told me

2121

01:29:01,910 --> 01:28:59,850

this and that I'm thinking was he an

2122

01:29:03,260 --> 01:29:01,920

army helicopter pilot what he gone had

2123

01:29:04,610 --> 01:29:03,270

he gone through army helicopter school

2124

01:29:06,170 --> 01:29:04,620

was he riding in the back of the

2125

01:29:07,970 --> 01:29:06,180

aircraft was he actually flying the

2126

01:29:09,920 --> 01:29:07,980

aircraft how many hours did this guy

2127

01:29:12,709 --> 01:29:09,930

have didn't tell us anything about it in

2128

01:29:16,790 --> 01:29:12,719

class postulated the green collar was

2129

01:29:19,070 --> 01:29:16,800

based on a strip of green

2130

01:29:21,670 --> 01:29:19,080

glass at the top of the windshield of

2131

01:29:24,200 --> 01:29:21,680

the helicopter but they don't have green

2132

01:29:25,520 --> 01:29:24,210

tinted glass at the top of the aircraft

2133

01:29:27,650 --> 01:29:25,530

those of you who are old enough you

2134

01:29:31,600 --> 01:29:27,660

remember you cars used to come with his

2135

01:29:34,550 --> 01:29:31,610

green tin on the top of the windshields

2136

01:29:36,410 --> 01:29:34,560

to kind of mitigate the Sun but there

2137

01:29:37,670 --> 01:29:36,420

are two things and that Huey helicopter

2138

01:29:39,470 --> 01:29:37,680

right above the pilots head that we

2139

01:29:43,430 --> 01:29:39,480

called the greenhouses they were squares

2140

01:29:45,800 --> 01:29:43,440

of green Plexiglas and and but it's

2141

01:29:49,790 --> 01:29:45,810

right above the helicopter pilots head

2142

01:29:52,370 --> 01:29:49,800

it's not out the front so that had Coyne

2143

01:29:54,220 --> 01:29:52,380

been looking through the greenhouse to

2144

01:29:58,430 --> 01:29:54,230

see it he would have been had his head

2145

01:29:59,690 --> 01:29:58,440

tilted back and the inclination would

2146

01:30:01,400 --> 01:29:59,700

have been when you're looking like that

2147

01:30:03,140 --> 01:30:01,410

is to pull back on the cyclic which is

2148

01:30:05,000 --> 01:30:03,150

the other control in the helicopter I

2149

01:30:07,070 --> 01:30:05,010

think it's a very good case I don't

2150

01:30:08,570 --> 01:30:07,080

think there's a good explanation for it

2151  
01:30:11,510 --> 01:30:08,580  
I think that the things that people have

2152  
01:30:13,820 --> 01:30:11,520  
said about it don't understand

2153  
01:30:16,010 --> 01:30:13,830  
helicopter operations they don't

2154  
01:30:18,170 --> 01:30:16,020  
understand how what the training is of

2155  
01:30:20,240 --> 01:30:18,180  
the military pilots and they don't

2156  
01:30:21,950 --> 01:30:20,250  
really talk to military pilots about

2157  
01:30:24,350 --> 01:30:21,960  
that I can understand you saying well

2158  
01:30:26,030 --> 01:30:24,360  
coin said this that the other thing but

2159  
01:30:27,620 --> 01:30:26,040  
getting the opinion of another army

2160  
01:30:31,520 --> 01:30:27,630  
helicopter pilot is going to give you a

2161  
01:30:33,110 --> 01:30:31,530  
better perspective on what what coin was

2162  
01:30:34,760 --> 01:30:33,120  
thinking and what the other pilot jesse

2163  
01:30:38,270 --> 01:30:34,770

was thinking is that the event took

2164

01:30:41,270 --> 01:30:38,280

place so do you think it was like lost

2165

01:30:43,190 --> 01:30:41,280

in translation the reason there's it's

2166

01:30:46,100 --> 01:30:43,200

it's so far off from what should have

2167

01:30:48,770 --> 01:30:46,110

really happened I don't think there's

2168

01:30:50,630 --> 01:30:48,780

any loss in translation I think the

2169

01:30:52,550 --> 01:30:50,640

problem is you've got you've got people

2170

01:30:54,530 --> 01:30:52,560

with agendas writing about various cases

2171

01:30:57,080 --> 01:30:54,540

and not just the coin case but a lot of

2172

01:30:59,120 --> 01:30:57,090

cases and they're injecting their bias

2173

01:31:01,220 --> 01:30:59,130

into it they're giving you yeah they're

2174

01:31:04,340 --> 01:31:01,230

they're cherry-picking the information

2175

01:31:06,080 --> 01:31:04,350

that's that confirms their point of view

2176

01:31:08,210 --> 01:31:06,090

they're their belief structure and the

2177

01:31:11,260 --> 01:31:08,220

rejecting information that does not and

2178

01:31:14,180 --> 01:31:11,270

I try to look at everything with a

2179

01:31:16,640 --> 01:31:14,190

dispassionate eye to see if we can get

2180

01:31:19,070 --> 01:31:16,650

toward the truth so when I read things

2181

01:31:21,800 --> 01:31:19,080

like what class had read written about

2182

01:31:25,700 --> 01:31:21,810

this I know it's I know it's just a lot

2183

01:31:27,010 --> 01:31:25,710

of garbage because I was trained the

2184

01:31:29,590 --> 01:31:27,020

same way and we

2185

01:31:31,240 --> 01:31:29,600

all trained that way so I understood

2186

01:31:34,510 --> 01:31:31,250

exactly what would have been going on in

2187

01:31:35,800 --> 01:31:34,520

the cockpit and class didn't understand

2188

01:31:37,420 --> 01:31:35,810

what was going on in the cockpit and

2189

01:31:40,420 --> 01:31:37,430

that's and that and that's you know

2190

01:31:42,550 --> 01:31:40,430

useful information that that you know I

2191

01:31:44,080 --> 01:31:42,560

can bring to these kind of cases I think

2192

01:31:46,090 --> 01:31:44,090

somebody trained in physics could be

2193

01:31:47,740 --> 01:31:46,100

bring some very good information to

2194

01:31:49,540 --> 01:31:47,750

other sorts of cases when we talk about

2195

01:31:51,730 --> 01:31:49,550

that or somebody trained trained in

2196

01:31:53,200 --> 01:31:51,740

chemical analysis when we get landing

2197

01:31:55,030 --> 01:31:53,210

traces and that sort of thing can bring

2198

01:31:57,630 --> 01:31:55,040

in their perspective to it that helps us

2199

01:32:00,280 --> 01:31:57,640

understand what is happening right right

2200

01:32:02,290 --> 01:32:00,290

one of the cases I wanted to talk about

2201  
01:32:04,060 --> 01:32:02,300  
because again I'm a like I mentioned

2202  
01:32:10,800 --> 01:32:04,070  
before I think it's really fascinating

2203  
01:32:15,730 --> 01:32:10,810  
is the 1952 Washington Nationals in July

2204  
01:32:18,190 --> 01:32:15,740  
1952 now there is the issue that happens

2205  
01:32:20,410 --> 01:32:18,200  
with that particular those particular I

2206  
01:32:22,750 --> 01:32:20,420  
guess it was more than one day more than

2207  
01:32:25,210 --> 01:32:22,760  
one night incidents is that people will

2208  
01:32:28,080 --> 01:32:25,220  
show these pictures of UFOs over

2209  
01:32:31,180 --> 01:32:28,090  
Washington and that is a false picture

2210  
01:32:34,300 --> 01:32:31,190  
because of the reflections of the lights

2211  
01:32:35,500 --> 01:32:34,310  
the street lights or something right you

2212  
01:32:36,970 --> 01:32:35,510  
know the picture I'm talking about I

2213  
01:32:38,170 --> 01:32:36,980

know thinks you're talking about I'm not

2214

01:32:40,270 --> 01:32:38,180

sure it's a reflection the street lights

2215

01:32:42,280 --> 01:32:40,280

but the picture is clearly not of flying

2216

01:32:44,380 --> 01:32:42,290

saucers or UFOs yeah this picture is

2217

01:32:45,880 --> 01:32:44,390

folks yeah that's what I wanted to get

2218

01:32:47,800 --> 01:32:45,890

across to the listener because a lot of

2219

01:32:49,150 --> 01:32:47,810

people will research that see that

2220

01:32:50,860 --> 01:32:49,160

picture and think that's what they were

2221

01:32:53,650 --> 01:32:50,870

seeing but can you talk about what

2222

01:32:55,780 --> 01:32:53,660

actually did happen well it kind of

2223

01:32:57,400 --> 01:32:55,790

started with guys in the radar room at

2224

01:33:00,250 --> 01:32:57,410

Washington National Airport which is now

2225

01:33:02,020 --> 01:33:00,260

Reagan National Airport in seeing these

2226

01:33:04,000 --> 01:33:02,030

blips on the radar screen and they're

2227

01:33:06,460 --> 01:33:04,010

acting not the way normal aircraft do

2228

01:33:08,080 --> 01:33:06,470

they sometimes are moving very slowly

2229

01:33:10,270 --> 01:33:08,090

sometimes it accelerated I think one of

2230

01:33:12,250 --> 01:33:10,280

the calculations is 7,000 miles an hour

2231

01:33:15,340 --> 01:33:12,260

so they're watching this they're they're

2232

01:33:18,160 --> 01:33:15,350

communicating with the air or out

2233

01:33:20,650 --> 01:33:18,170

traffic air traffic control radars and

2234

01:33:22,870 --> 01:33:20,660

their canoe and they're talking to the

2235

01:33:24,880 --> 01:33:22,880

guys at Andrews Air Force Base there and

2236

01:33:26,770 --> 01:33:24,890

in their control room their radar room

2237

01:33:28,480 --> 01:33:26,780

and at one point you know they're seeing

2238

01:33:31,420 --> 01:33:28,490

the same objects on three separate

2239

01:33:34,570 --> 01:33:31,430

radars so if it's a malfunction of the

2240

01:33:35,350 --> 01:33:34,580

radars at Washington National well

2241

01:33:37,240 --> 01:33:35,360

you're not going to have the same

2242

01:33:39,220 --> 01:33:37,250

malfunction at the other radar

2243

01:33:39,729 --> 01:33:39,230

facilities and they check the radars and

2244

01:33:41,590 --> 01:33:39,739

did

2245

01:33:43,720 --> 01:33:41,600

kind of thing the devices check and they

2246

01:33:46,500 --> 01:33:43,730

can find no fault with the radars they

2247

01:33:49,120 --> 01:33:46,510

eventually called for error intercepts

2248

01:33:50,800 --> 01:33:49,130

and they launched they launched fighter

2249

01:33:53,800 --> 01:33:50,810

planes to come and check the area and

2250

01:33:56,170 --> 01:33:53,810

what they said was interesting both al

2251

01:33:57,970 --> 01:33:56,180

chopped and Dewey Forney who were in the

2252

01:34:00,220 --> 01:33:57,980

ranger radar room the second night told

2253

01:34:02,229 --> 01:34:00,230

me the same thing which was that when

2254

01:34:04,680 --> 01:34:02,239

the fighters appeared on the screens all

2255

01:34:07,030 --> 01:34:04,690

the UFOs disappeared as if they were

2256

01:34:09,459 --> 01:34:07,040

cloaking themselves or running away and

2257

01:34:13,390 --> 01:34:09,469

hiding and when the fighters disappeared

2258

01:34:16,209 --> 01:34:13,400

the the the blips came back there was

2259

01:34:18,820 --> 01:34:16,219

one point where a fighter pilot was

2260

01:34:20,620 --> 01:34:18,830

talking about he was trying to intercept

2261

01:34:28,300 --> 01:34:20,630

it and got surrounded by these lights he

2262

01:34:31,120 --> 01:34:28,310

never saw whoops I don't know what

2263

01:34:36,160 --> 01:34:31,130

happened the lights they were and they

2264

01:34:37,390 --> 01:34:36,170

said that uh uh you you you throat you

2265

01:34:40,810 --> 01:34:37,400

froze for a minute we couldn't hear you

2266

01:34:42,910 --> 01:34:40,820

talking oh I got a I got a connection

2267

01:34:45,610 --> 01:34:42,920

lost apparently we got it back yes we do

2268

01:34:47,350 --> 01:34:45,620

who likely well and we well we well

2269

01:34:49,300 --> 01:34:47,360

we're taking this little just let you

2270

01:34:54,070 --> 01:34:49,310

know we do have a caller on the line so

2271

01:34:55,750 --> 01:34:54,080

well yes so we had the one where the

2272

01:34:57,400 --> 01:34:55,760

fighter plane was surrounded by the

2273

01:34:59,080 --> 01:34:57,410

lights but there was another intercept

2274

01:35:00,700 --> 01:34:59,090

where they actually got a radar lock on

2275

01:35:02,110 --> 01:35:00,710

one of the targets from the aircraft so

2276

01:35:04,060 --> 01:35:02,120

now we've got four separate radars

2277

01:35:05,860 --> 01:35:04,070

involved in the sighting so it's a very

2278

01:35:07,510 --> 01:35:05,870

good sighting the Air Force said it was

2279

01:35:09,130 --> 01:35:07,520

temperature inversions end of story we

2280

01:35:11,860 --> 01:35:09,140

don't need to talk about it anymore but

2281

01:35:13,350 --> 01:35:11,870

if you take a look at the analysis in

2282

01:35:16,390 --> 01:35:13,360

the book you'll see where that

2283

01:35:18,070 --> 01:35:16,400

explanation seems to fall apart yeah

2284

01:35:20,800 --> 01:35:18,080

yeah I think that's a real fascinating

2285

01:35:24,490 --> 01:35:20,810

that whole thing is so fascinating and

2286

01:35:26,380 --> 01:35:24,500

the location of it and all we have Steve

2287

01:35:42,580 --> 01:35:26,390

calling from Oregon welcome to the show

2288

01:35:44,380 --> 01:35:42,590

Steve okay yeah we hear you okay fun

2289

01:35:48,520 --> 01:35:44,390

Roswell there seems like there's only

2290

01:35:51,640 --> 01:35:48,530

one real question and that is why did

2291

01:35:52,350 --> 01:35:51,650

the captain release the memo to the

2292

01:35:55,629 --> 01:35:52,360

press

2293

01:35:57,910 --> 01:35:55,639

what that fancy Devin's ever gotten it

2294

01:36:01,149 --> 01:35:57,920

to why the captain released the memo to

2295

01:36:02,500 --> 01:36:01,159

the press that was it wasn't a captain

2296

01:36:04,600 --> 01:36:02,510

it was the base commander Colonel

2297

01:36:06,459 --> 01:36:04,610

Blanchard who issued the press release

2298

01:36:08,890 --> 01:36:06,469

he did he did it

2299

01:36:11,350 --> 01:36:08,900

I have never figured out why he did that

2300

01:36:13,780 --> 01:36:11,360

what walter haut told me and walter haut

2301

01:36:15,010 --> 01:36:13,790

was the public affairs office here at

2302

01:36:16,629 --> 01:36:15,020

the time and he was the one that took

2303

01:36:18,010 --> 01:36:16,639

the information from Colonel Blanchard

2304

01:36:21,120 --> 01:36:18,020

and then walked it to the various media

2305

01:36:25,709 --> 01:36:21,130

that Colonel Blanchard was attempting to

2306

01:36:28,270 --> 01:36:25,719

explain what the UFOs were try to try to

2307

01:36:30,459 --> 01:36:28,280

tone down some of the discussion about

2308

01:36:33,040 --> 01:36:30,469

flying saucers at the time which

2309

01:36:36,160 --> 01:36:33,050

basically really makes no no sense I

2310

01:36:38,320 --> 01:36:36,170

don't know a real good reason why they

2311

01:36:42,220 --> 01:36:38,330

would have issued the press release it

2312

01:36:44,260 --> 01:36:42,230

just doesn't make any sense to me it it

2313

01:36:46,000 --> 01:36:44,270

went to the for media in Roswell and

2314

01:36:49,089 --> 01:36:46,010

maybe Blanchard didn't realize it was

2315

01:36:51,520 --> 01:36:49,099

going to go out over the Varia the AP

2316

01:36:53,200 --> 01:36:51,530

and the UPI wires so it would become

2317

01:36:56,709 --> 01:36:53,210

national news maybe he was just trying

2318

01:36:58,510 --> 01:36:56,719

to calm things down in the Roswell area

2319

01:37:00,189 --> 01:36:58,520

didn't realize how far it would would

2320

01:37:07,950 --> 01:37:00,199

spread or how quickly it would spread

2321

01:37:11,200 --> 01:37:07,960

but both George Walsh and and and and

2322

01:37:13,959 --> 01:37:11,210

and and and to Frank choice Frank Joyce

2323

01:37:16,180 --> 01:37:13,969

at the two radio stations immediately

2324

01:37:19,419 --> 01:37:16,190

put it on the wire Walsh got it out

2325

01:37:22,510 --> 01:37:19,429

first on the on his wire service because

2326

01:37:24,669 --> 01:37:22,520

he had a connection right there in his

2327

01:37:28,510 --> 01:37:24,679

office and Joyce had to call the office

2328

01:37:30,040 --> 01:37:28,520

in Albuquerque to have it sent out but

2329

01:37:33,910 --> 01:37:30,050

that was how it got out is those two

2330

01:37:35,379 --> 01:37:33,920

guys put it put it on the wire and maybe

2331

01:37:37,270 --> 01:37:35,389

Blanchard didn't expect that to happen

2332

01:37:39,160 --> 01:37:37,280

but I don't have a good answer for that

2333

01:37:40,899 --> 01:37:39,170

question I really don't I would liked it

2334

01:37:44,859 --> 01:37:40,909

I would have liked to had Blanchard that

2335

01:37:46,629 --> 01:37:44,869

question yeah I I've brought that up a

2336

01:37:47,830 --> 01:37:46,639

number of time hang on Steve just for a

2337

01:37:51,310 --> 01:37:47,840

second I've brought that up a number of

2338

01:37:53,050 --> 01:37:51,320

times on the show you know why why would

2339

01:37:56,560 --> 01:37:53,060

it come out at all they never had to say

2340

01:38:00,010 --> 01:37:56,570

basically anything and you know for them

2341

01:38:02,109 --> 01:38:00,020

to say there was a flying saucer doesn't

2342

01:38:04,120 --> 01:38:02,119

make any sense I mean if if they wanted

2343

01:38:05,920 --> 01:38:04,130

to hide it they could have said you know

2344

01:38:10,830 --> 01:38:05,930

weather balloon

2345

01:38:17,110 --> 01:38:14,110

now you said what I wanted to say it

2346

01:38:21,340 --> 01:38:17,120

just never made any sense okay well I

2347

01:38:23,410 --> 01:38:21,350

agree never made any sense but we don't

2348

01:38:25,060 --> 01:38:23,420

have a good explanation for what Fennell

2349

01:38:27,640 --> 01:38:25,070

at Roswell either we all agree something

2350

01:38:29,650 --> 01:38:27,650

fell but there's no good explanation for

2351

01:38:32,670 --> 01:38:29,660

what it was the project mogul

2352

01:38:36,010 --> 01:38:32,680

explanation simply doesn't work because

2353

01:38:37,240 --> 01:38:36,020

the leader of the project in Alamogordo

2354

01:38:40,230 --> 01:38:37,250

at Holloman Air Force Base

2355

01:38:42,910 --> 01:38:40,240

Alamogordo Army Airfield at the time

2356

01:38:45,250 --> 01:38:42,920

wrote right in his field notes there was

2357

01:38:49,090 --> 01:38:45,260

no flight number for end of story

2358

01:38:51,730 --> 01:38:49,100

so mogul is gone in that sense and I've

2359

01:38:54,480 --> 01:38:51,740

never found anything else to to explain

2360

01:38:58,900 --> 01:38:54,490

what the debris would be so there we are

2361

01:39:02,800 --> 01:38:58,910

yeah okay all right all right hey thanks

2362

01:39:04,840 --> 01:39:02,810

for the call Steve alright so if someone

2363

01:39:07,480 --> 01:39:04,850

wanted to call we have about four or

2364

01:39:09,310 --> 01:39:07,490

four minutes or so left and but that's

2365

01:39:10,960 --> 01:39:09,320

it so it'd have to be a short call and

2366

01:39:14,700 --> 01:39:10,970

that number is eight five five four

2367

01:39:17,760 --> 01:39:14,710

seven two five four eight three and

2368

01:39:19,120 --> 01:39:17,770

looks like we might get one more call

2369

01:39:21,790 --> 01:39:19,130

yep

2370

01:39:27,370 --> 01:39:21,800

hang in we have someone calling in right

2371

01:39:29,530 --> 01:39:27,380

now and I believe it's Dave it looks

2372

01:39:32,080 --> 01:39:29,540

like his phone number the Dave Altman

2373

01:39:38,440 --> 01:39:32,090

that was uh in the in the chat room nope

2374

01:39:41,340 --> 01:39:38,450

it's not okay we have so Kevin while I'm

2375

01:39:44,530 --> 01:39:41,350

waiting for this to be cleared

2376

01:39:47,410 --> 01:39:44,540

can you tell me how someone can find

2377

01:39:49,240 --> 01:39:47,420

your book it's on Amazon right oh it's

2378

01:39:50,770 --> 01:39:49,250

on Amazon absolutely I'm not sure how

2379

01:39:52,330 --> 01:39:50,780

far we're gonna get distributed the

2380

01:39:54,640 --> 01:39:52,340

bookstores in today's environment they

2381

01:39:57,760 --> 01:39:54,650

may not matter very much but it is

2382

01:39:59,410 --> 01:39:57,770

available at Amazon amazon.com this the

2383

01:40:01,780 --> 01:39:59,420

best of Project Blue Book comes from

2384

01:40:05,280 --> 01:40:01,790

flying discs press that's Phillip mantle

2385

01:40:09,040 --> 01:40:05,290

right Phillip Mantle's Phillip mentals

2386

01:40:11,110 --> 01:40:09,050

publishing house and we worked on this

2387

01:40:13,750 --> 01:40:11,120

for a couple of years putting putting it

2388

01:40:16,540 --> 01:40:13,760

together and I've tried to put a number

2389

01:40:18,800 --> 01:40:16,550

of documents in the book so you can see

2390

01:40:20,960 --> 01:40:18,810

what the what the Air Force had to say

2391

01:40:22,900 --> 01:40:20,970

and see where the evidence takes us and

2392

01:40:25,570 --> 01:40:22,910

as I said I brought in information from

2393

01:40:27,770 --> 01:40:25,580

beyond the end of Project Blue Book that

2394

01:40:29,450 --> 01:40:27,780

affects the specific case we're talking

2395

01:40:31,310 --> 01:40:29,460

about information the Air Force wouldn't

2396

01:40:33,680 --> 01:40:31,320

have had at the time and information has

2397

01:40:35,060 --> 01:40:33,690

been gathered long after the events

2398

01:40:37,700 --> 01:40:35,070

right

2399

01:40:39,320 --> 01:40:37,710

we have Brett Brett Clarke calling from

2400

01:40:40,940 --> 01:40:39,330

Tennessee welcome to the show Brett you

2401  
01:40:43,090 --> 01:40:40,950  
have a question for our guests we only

2402  
01:40:46,760 --> 01:40:43,100  
have a couple minutes left

2403  
01:40:49,720 --> 01:40:46,770  
yeah thanks that like a thank dr.

2404  
01:40:53,750 --> 01:40:49,730  
Randall for his work his service and

2405  
01:40:57,290 --> 01:40:53,760  
just a couple of questions one if you

2406  
01:40:59,780 --> 01:40:57,300  
anything's transpired from the it was

2407  
01:41:03,350 --> 01:40:59,790  
like a helicopter incident with the

2408  
01:41:07,450 --> 01:41:03,360  
police chopper and well I believe 2nd

2409  
01:41:11,920 --> 01:41:07,460  
2016 and the other question is what

2410  
01:41:15,560 --> 01:41:11,930  
chopper has the best glide ratio

2411  
01:41:17,720 --> 01:41:15,570  
appreciate it thank you alright I have

2412  
01:41:21,050 --> 01:41:17,730  
no knowledge of a helicopter incident in

2413  
01:41:24,050 --> 01:41:21,060

Wales I may have read it I don't I don't

2414

01:41:26,030 --> 01:41:24,060

remember anything about it I'm not sure

2415

01:41:30,560 --> 01:41:26,040

about the glide ratio what you do is if

2416

01:41:32,960 --> 01:41:30,570

the engine fails there's what's called a

2417

01:41:35,480 --> 01:41:32,970

freewheeling clutch between the in the

2418

01:41:38,450 --> 01:41:35,490

engine and the in the rotor head and

2419

01:41:40,960 --> 01:41:38,460

that disengages so it you as you as you

2420

01:41:43,280 --> 01:41:40,970

are falling out of the sky the air

2421

01:41:44,750 --> 01:41:43,290

continue continues to spin the rotor

2422

01:41:47,360 --> 01:41:44,760

blades and as you get close to the

2423

01:41:49,280 --> 01:41:47,370

ground you do what they call flare out

2424

01:41:51,440 --> 01:41:49,290

so you kind of pull back on that on the

2425

01:41:53,180 --> 01:41:51,450

cyclic and you lift the nose and then

2426  
01:41:55,940 --> 01:41:53,190  
you start bringing up the collective and

2427  
01:41:57,500 --> 01:41:55,950  
that changes the pitch of the rotor

2428  
01:41:59,720 --> 01:41:57,510  
blades and it bites the air so that you

2429  
01:42:02,060 --> 01:41:59,730  
begin to slow down and if you do it

2430  
01:42:03,950 --> 01:42:02,070  
right you level the skids out at about 3

2431  
01:42:06,080 --> 01:42:03,960  
feet and then you can cushion it on down

2432  
01:42:09,320 --> 01:42:06,090  
and you land and every every helicopter

2433  
01:42:11,210 --> 01:42:09,330  
has the capability of doing that I don't

2434  
01:42:12,590 --> 01:42:11,220  
know which ones would glide the best I

2435  
01:42:14,060 --> 01:42:12,600  
would imagine they all glide pretty much

2436  
01:42:15,230 --> 01:42:14,070  
the same once the engine quits you're

2437  
01:42:18,080 --> 01:42:15,240  
pretty much falling out of the sky

2438  
01:42:19,490 --> 01:42:18,090

that's right that was when I had a

2439

01:42:21,440 --> 01:42:19,500

conversation with a helicopter pilot

2440

01:42:23,450 --> 01:42:21,450

that I know that was one of the

2441

01:42:25,250 --> 01:42:23,460

questions I had you know do fall like a

2442

01:42:27,800 --> 01:42:25,260

rock and he basically explained what you

2443

01:42:30,080 --> 01:42:27,810

just did and I don't know if you know

2444

01:42:32,209 --> 01:42:30,090

anyone that's ever put that to a test do

2445

01:42:34,130 --> 01:42:32,219

you oh I have you have

2446

01:42:37,850 --> 01:42:34,140

oh yeah I had an engine failure of 2,000

2447

01:42:39,290 --> 01:42:37,860

feet oh my god and uh and and the thing

2448

01:42:41,860 --> 01:42:39,300

that always struck me about that is what

2449

01:42:44,090 --> 01:42:41,870

the army training was so good I

2450

01:42:46,040 --> 01:42:44,100

initiated the emergency procedures

2451  
01:42:48,290 --> 01:42:46,050  
immediately without even thinking about

2452  
01:42:50,030 --> 01:42:48,300  
them and then as I got everything set up

2453  
01:42:51,200 --> 01:42:50,040  
and I realized we're going down and I

2454  
01:42:54,050 --> 01:42:51,210  
made the Mayday call

2455  
01:42:55,250 --> 01:42:54,060  
I began to physically think about why I

2456  
01:42:57,260 --> 01:42:55,260  
got to do this this and this and I'd

2457  
01:42:59,000 --> 01:42:57,270  
already done it automatically and I put

2458  
01:43:00,950 --> 01:42:59,010  
it down on a rice paddy didn't do any

2459  
01:43:03,200 --> 01:43:00,960  
damage to the aircraft had a guy on

2460  
01:43:06,439 --> 01:43:03,210  
board who was going to diros leave

2461  
01:43:07,939 --> 01:43:06,449  
Vietnam in about four days and he just

2462  
01:43:09,560 --> 01:43:07,949  
wanted to go for a helicopter ride and I

2463  
01:43:10,850 --> 01:43:09,570

said sure hop on board if you want to go

2464

01:43:12,550 --> 01:43:10,860

I was doing what we called the ashen

2465

01:43:14,630 --> 01:43:12,560

trash mission where we flew people and

2466

01:43:17,479 --> 01:43:14,640

equipment around it we had a mission

2467

01:43:19,130 --> 01:43:17,489

every day one aircraft was detailed to

2468

01:43:20,330 --> 01:43:19,140

do that sort of thing if you weren't

2469

01:43:22,880 --> 01:43:20,340

with the flight and that was my day to

2470

01:43:25,670 --> 01:43:22,890

do it me the engine quit at about 2,000

2471

01:43:27,800 --> 01:43:25,680

feet oh my god well Kevin that's it for

2472

01:43:29,090 --> 01:43:27,810

the show I want to thank you so much we

2473

01:43:30,560 --> 01:43:29,100

had someone trying to call in just now

2474

01:43:33,229 --> 01:43:30,570

I'm sorry we can't take your call but

2475

01:43:36,410 --> 01:43:33,239

thanks so much Kevin and as always it's

2476

01:43:39,200 --> 01:43:36,420

it's always a great time talking to you

2477

01:43:41,170 --> 01:43:39,210

and you can catch your block at say your

2478

01:43:45,170 --> 01:43:41,180

say your radio voice there

2479

01:43:47,270 --> 01:43:45,180

ww Kevin Randleman blogspot.com and the

2480

01:43:50,320 --> 01:43:47,280

book is the best project Bluebook go buy

2481

01:43:54,260 --> 01:43:50,330

copies of it and make me rich know what

2482

01:43:56,900 --> 01:43:54,270

my copies yeah get your 32 cents all

2483

01:43:58,580 --> 01:43:56,910

right yeah all right Kevin take care

2484

01:44:00,439 --> 01:43:58,590

alright everyone so that's it for the

2485

01:44:03,439 --> 01:44:00,449

show thank you so much for listening and

2486

01:44:05,660 --> 01:44:03,449

remember to stay safe out there we're

2487

01:44:07,550 --> 01:44:05,670

gonna be back next week with Leslie Cain

2488

01:44:10,040 --> 01:44:07,560

and I do believe we're gonna be talking

2489

01:44:12,979 --> 01:44:10,050

to someone about the new series on the

2490

01:44:15,410 --> 01:44:12,989

skinwalker ranch so make sure you check

2491

01:44:17,810 --> 01:44:15,420

that out on our blog over at podcast UFO

2492

01:44:19,820 --> 01:44:17,820

and thank you for all the supporters and

2493

01:44:21,530 --> 01:44:19,830

thank you every single listener have a

2494

01:44:23,260 --> 01:44:21,540

good night and remember to keep your

2495

01:44:29,570 --> 01:44:23,270

eyes to the sky
