SZYMANSKI**

1
00:00:34,520 --> 00:00:10,880

[Music]

2
00:00:36,740 --> 00:00:34,530

hello and welcome to the show on Martin

3
00:00:40,189 --> 00:00:36,750

Willis your host and this is a place you

4
00:00:42,200 --> 00:00:40,199

can go to escape the daily news I hope

5
00:00:46,310 --> 00:00:42,210

you all all the listeners are out there

6
00:00:48,860 --> 00:00:46,320

are safe and healthy and if you're not

7
00:00:49,670 --> 00:00:48,870

we're thinking of you and again we got a

8
00:00:52,640 --> 00:00:49,680

couple hours

9
00:00:55,820 --> 00:00:52,650

hediye here near two hours that is and

10
00:00:57,649 --> 00:00:55,830

the guest tonight is Ray Osmanski I

11
00:01:01,450 --> 00:00:57,659

probably pronouncing that right I'm

12
00:01:03,920 --> 00:01:01,460

trying I'm really trying anyway he is

13
00:01:06,530 --> 00:01:03,930

interesting person we were actually

14

00:01:10,490 --> 00:01:06,540

going to meet out at contact at in the

15

00:01:12,999 --> 00:01:10,500

desert which of course is rescheduled

16

00:01:16,940 --> 00:01:13,009

for I believe they're going right into

17

00:01:21,830 --> 00:01:16,950

2021 they're rescheduling it for that

18

00:01:23,840 --> 00:01:21,840

time same for all of a lot of the UFO

19

00:01:27,499 --> 00:01:23,850

conferences I know that I've spoke with

20

00:01:29,870 --> 00:01:27,509

Alejandro Rojas the other day and the

21

00:01:33,169 --> 00:01:29,880

International UFO Congress is the first

22

00:01:34,700 --> 00:01:33,179

week I believe of September and they at

23

00:01:37,910 --> 00:01:34,710

this point they haven't cancelled that

24

00:01:39,529 --> 00:01:37,920

yet it's still it's still on you know

25

00:01:42,169 --> 00:01:39,539

they will cancel it if they have to but

26

00:01:44,419 --> 00:01:42,179

as of right now that is still scheduled

27

00:01:49,330 --> 00:01:44,429

we see what what the next several months

28

00:01:53,230 --> 00:01:49,340

bring so tonight our guest as I said is

29

00:01:56,029 --> 00:01:53,240

Ray Smith I'm going to try one more time

30

00:01:58,340 --> 00:01:56,039

there you are ray welcome to this show

31

00:02:00,950 --> 00:01:58,350

right hey thanks for having me Mike

32

00:02:04,459 --> 00:02:00,960

don't worry people have struggled over

33

00:02:08,270 --> 00:02:04,469

that name for centuries centuries even

34

00:02:10,430 --> 00:02:08,280

in Poland right absolutely yeah ray

35

00:02:11,690 --> 00:02:10,440

before we get well let's let's talk a

36

00:02:13,580 --> 00:02:11,700

little bit about your background could

37

00:02:17,920 --> 00:02:13,590

you please first fill us in with your

38

00:02:22,430 --> 00:02:17,930

background and then we'll go from there

39

00:02:24,500 --> 00:02:22,440

born and raised in Detroit and went to

40

00:02:26,360 --> 00:02:24,510

University of Detroit got a bachelor's

41

00:02:29,150 --> 00:02:26,370

of science and electrical and

42

00:02:32,990 --> 00:02:29,160

electronics engineering went to work for

43

00:02:35,360 --> 00:02:33,000

the air force in January of 1973 as a

44

00:02:38,360 --> 00:02:35,370

cooperative education student

45

00:02:41,330 --> 00:02:38,370

and I work there until my retirement the

46

00:02:44,930 --> 00:02:41,340

last day of September in 2011 so

47

00:02:47,680 --> 00:02:44,940

actually my career spanned 38 years and

48

00:02:48,949 --> 00:02:47,690

nine months and five separate decades oh

49

00:02:51,320 --> 00:02:48,959

wow

50

00:02:53,680 --> 00:02:51,330

and we you that were you there right the

51

00:02:57,500 --> 00:02:53,690

wright-patterson the entire time

52

00:02:59,839 --> 00:02:57,510

absolutely I worked I was actually

53

00:03:02,839 --> 00:02:59,849

assigned to the laboratory air force

54

00:03:04,819 --> 00:03:02,849

research labs no it was their

55

00:03:07,339 --> 00:03:04,829

predecessors before they became a or

56

00:03:09,680 --> 00:03:07,349

Pharrell and Congress wanted to roll all

57

00:03:12,170 --> 00:03:09,690

the labs into one but I work for the

58

00:03:13,610 --> 00:03:12,180

predecessor called avionics lab which

59

00:03:17,869 --> 00:03:13,620

eventually became the sensors

60

00:03:21,050 --> 00:03:17,879

Directorate and I had spent time on loan

61

00:03:25,220 --> 00:03:21,060

to different organizations so even

62

00:03:28,280 --> 00:03:25,230

though I was there at AFRL and my billet

63

00:03:32,300 --> 00:03:28,290

as it were was at wright-patterson at

64

00:03:34,190 --> 00:03:32,310

one time I spent 10 years working for a

65

00:03:36,530 --> 00:03:34,200

program for the Undersecretary of

66

00:03:38,390 --> 00:03:36,540

Defense for research and engineering out

67

00:03:41,180 --> 00:03:38,400

of the Pentagon and I'd fly there

68

00:03:42,830 --> 00:03:41,190

monthly to do reviews again all my

69

00:03:44,539 --> 00:03:42,840

programs and all my money were being

70

00:03:46,550 --> 00:03:44,549

massaged than managed at

71

00:03:50,150 --> 00:03:46,560

wright-patterson and then I did a

72

00:03:51,650 --> 00:03:50,160

two-year stint as the Wellness director

73

00:03:53,449 --> 00:03:51,660

for wright-patterson Air Force Base and

74

00:03:56,210 --> 00:03:53,459

I was responsible for the health and

75

00:03:59,059 --> 00:03:56,220

wellness of 12,000 civilian employees

76
00:04:04,000 --> 00:03:59,069
and then for three years I was the AFRL

77
00:04:06,559 --> 00:04:04,010
wellness director so I was loaned out a

78
00:04:08,659 --> 00:04:06,569
executive loan program on a number of

79
00:04:11,330 --> 00:04:08,669
occasions but stationed at

80
00:04:15,199 --> 00:04:11,340
wright-patterson that entire time Wow

81
00:04:17,900 --> 00:04:15,209
and your your interests are I listen to

82
00:04:21,050 --> 00:04:17,910
I just write I did I do not have your

83
00:04:23,629 --> 00:04:21,060
book first of all you have two books and

84
00:04:26,659 --> 00:04:23,639
they each start out with a similar title

85
00:04:29,659 --> 00:04:26,669
right is that right yes originally it

86
00:04:33,050 --> 00:04:29,669
was called a series was called 50 shades

87
00:04:36,020 --> 00:04:33,060
of Gray's which was a play on words yeah

88
00:04:37,580 --> 00:04:36,030

and then I wanted to make the titles a

89

00:04:40,100 --> 00:04:37,590

little bit more in line with the actual

90

00:04:40,640 --> 00:04:40,110

content so just within the last several

91

00:04:44,779 --> 00:04:40,650

months

92

00:04:47,089 --> 00:04:44,789

I changed the the title to alien shades

93

00:04:48,790 --> 00:04:47,099

of Gray's but the first book is

94

00:04:51,790 --> 00:04:48,800

subtitled

95

00:04:53,680 --> 00:04:51,800

of extraterrestrial visitation to

96

00:04:56,619 --> 00:04:53,690

wright-patterson Air Force Base and

97

00:04:58,600 --> 00:04:56,629

beyond and we can get into a description

98

00:05:00,820 --> 00:04:58,610

of that later than the follow-on book

99

00:05:04,089 --> 00:05:00,830

which was released about a year ago this

100

00:05:06,550 --> 00:05:04,099

time is Victoria's Secret truth and

101
00:05:12,580 --> 00:05:06,560
that's a story of three generations of

102
00:05:15,999 --> 00:05:12,590
alien contact well and how long have you

103
00:05:20,110 --> 00:05:16,009
had an interest in in this topic

104
00:05:21,999 --> 00:05:20,120
actually my very first week reporting

105
00:05:24,760 --> 00:05:22,009
the wright-patterson Air Force Base as a

106
00:05:26,379 --> 00:05:24,770
co-op student now you can imagine I'm 19

107
00:05:29,559 --> 00:05:26,389
years old I'm kind of scientifically

108
00:05:31,360 --> 00:05:29,569
focused I'm assigned to an office and

109
00:05:34,420 --> 00:05:31,370
they assigned me a mentor he's a

110
00:05:38,020 --> 00:05:34,430
mid-level civilian so this is he's

111
00:05:41,589 --> 00:05:38,030
probably a GS 11 and there were three

112
00:05:44,850 --> 00:05:41,599
buildings they composed one large

113
00:05:47,409 --> 00:05:44,860

building but there were two-story

114

00:05:48,189 --> 00:05:47,419

executive offices and in the middle was

115

00:05:50,110 --> 00:05:48,199

a huge hangar

116

00:05:52,149 --> 00:05:50,120

you know informally with airplanes and

117

00:05:56,070 --> 00:05:52,159

people you know doing that sort of thing

118

00:05:58,899 --> 00:05:56,080

and my mentor says to me this is January

119

00:06:00,550 --> 00:05:58,909

1973 he said we're gonna cut through

120

00:06:02,620 --> 00:06:00,560

that empty building and we're going to

121

00:06:05,409 --> 00:06:02,630

buy you a candy bar kind of a welcoming

122

00:06:07,300 --> 00:06:05,419

gift so we stepped down into this hangar

123

00:06:09,790 --> 00:06:07,310

and he turns to me and he kind of

124

00:06:14,499 --> 00:06:09,800

casually says have you heard about our

125

00:06:16,719 --> 00:06:14,509

aliens now you know the the the

126

00:06:19,300 --> 00:06:16,729

two-story buildings that were the

127

00:06:20,469 --> 00:06:19,310

bookends of the large complex were kind

128

00:06:22,510 --> 00:06:20,479

of nice you know for government

129

00:06:25,559 --> 00:06:22,520

buildings though we step into this dark

130

00:06:27,939 --> 00:06:25,569

unused hangar and his he's huge you know

131

00:06:30,309 --> 00:06:27,949

super thick curtains on him and it's

132

00:06:33,100 --> 00:06:30,319

very dark in this guy that I only know

133

00:06:36,430 --> 00:06:33,110

for a week turns to me and says have you

134

00:06:40,059 --> 00:06:36,440

heard about our aliens so I'm kind of

135

00:06:43,510 --> 00:06:40,069

like whoa so it's a 200 foot long walk

136

00:06:44,860 --> 00:06:43,520

you know to get to the other side and he

137

00:06:47,589 --> 00:06:44,870

starts telling me about this crash out

138

00:06:49,450 --> 00:06:47,599

west and how it had a machine that had

139

00:06:52,330 --> 00:06:49,460

occupants and they were brought here to

140

00:06:54,730 --> 00:06:52,340

wright-patterson and you know that's

141

00:06:57,459 --> 00:06:54,740

where the conversation left by the time

142

00:06:59,860 --> 00:06:57,469

we got into the greasy spoon which is

143

00:07:02,650 --> 00:06:59,870

where we got the candy bar and that was

144

00:07:05,470 --> 00:07:02,660

like my baptism into wright-patterson

145

00:07:08,790 --> 00:07:05,480

accent to this whole alien thing so it's

146

00:07:11,620 --> 00:07:08,800

been a long time ago now was he was he

147

00:07:12,430 --> 00:07:11,630

was he really like just trying to bust

148

00:07:15,040 --> 00:07:12,440

your chops

149

00:07:16,540 --> 00:07:15,050

you know because you renew or Oh what do

150

00:07:17,860 --> 00:07:16,550

you what did you get what were your

151

00:07:21,790 --> 00:07:17,870

feelings right off the bat did you think

152

00:07:24,220 --> 00:07:21,800

this guy is just you know you know just

153

00:07:27,460 --> 00:07:24,230

kind of trying to break me in and you

154

00:07:29,410 --> 00:07:27,470

know haze me a little bit because I just

155

00:07:33,040 --> 00:07:29,420

started you know what were your thoughts

156

00:07:36,460 --> 00:07:33,050

I think a little bit of that but at the

157

00:07:40,690 --> 00:07:36,470

time you know this was 1973 Project Blue

158

00:07:42,340 --> 00:07:40,700

Book had been there for 22 years along

159

00:07:44,850 --> 00:07:42,350

with its predecessor sign and grudge so

160

00:07:47,530 --> 00:07:44,860

you know the history of wright-patterson

161

00:07:50,800 --> 00:07:47,540

hosting Project Blue Book was well known

162

00:07:53,200 --> 00:07:50,810

there was the TV show a lot of focus was

163

00:07:55,540 --> 00:07:53,210

put on that project by the local press

164

00:07:57,550 --> 00:07:55,550

the media television in other work Roos

165

00:08:00,310 --> 00:07:57,560

always trying to come out to do you know

166

00:08:02,140 --> 00:08:00,320

little bits for the news so it was very

167

00:08:04,270 --> 00:08:02,150

well known that connection was well very

168

00:08:05,500 --> 00:08:04,280

very well known so I think it was kind

169

00:08:08,350 --> 00:08:05,510

of something that they were proud of

170

00:08:10,330 --> 00:08:08,360

that you know had international fame so

171

00:08:14,500 --> 00:08:10,340

that story you know that connection

172

00:08:17,500 --> 00:08:14,510

helps elevate everybody and then again I

173

00:08:18,850 --> 00:08:17,510

I think it was a topic that many of them

174

00:08:21,340 --> 00:08:18,860

were interested in AI was an

175

00:08:25,920 --> 00:08:21,350

intellectual and in fact you know

176

00:08:29,980 --> 00:08:25,930

there's Jesus like grade 1 to grade 15

177

00:08:33,040 --> 00:08:29,990

if you get congressional approval you

178

00:08:34,719 --> 00:08:33,050

get to become a civilian at the flag

179

00:08:37,270 --> 00:08:34,729

rank so you're the equivalent of a

180

00:08:40,409 --> 00:08:37,280

general or an admiral believe it or not

181

00:08:43,089 --> 00:08:40,419

I went on to become a member of the SES

182

00:08:45,430 --> 00:08:43,099

so when he retired and he had worked for

183

00:08:48,280 --> 00:08:45,440

many years at that level he was actually

184

00:08:50,770 --> 00:08:48,290

the level of a flag officer so this was

185

00:08:53,560 --> 00:08:50,780

not a dummy guy that was telling me

186

00:08:56,110 --> 00:08:53,570

about this so I didn't know he was going

187

00:08:59,080 --> 00:08:56,120

to eventually attain the highest rank

188

00:09:01,210 --> 00:08:59,090

that you could ever attain as a civilian

189

00:09:03,280 --> 00:09:01,220

but it kind of tells me in retrospect

190

00:09:04,990 --> 00:09:03,290

that you know the guy was thinking about

191

00:09:06,250 --> 00:09:05,000

it he was an intellectual and you know

192

00:09:08,100 --> 00:09:06,260

those are the kinds of things that they

193

00:09:09,520 --> 00:09:08,110

talked about around the water cooler

194

00:09:14,320 --> 00:09:09,530

yeah

195

00:09:16,879 --> 00:09:14,330

now if they were in fact you know aliens

196

00:09:18,790 --> 00:09:16,889

there first of all

197

00:09:23,090 --> 00:09:18,800

that would be something that would be

198

00:09:24,290 --> 00:09:23,100

surely classified and that this is what

199

00:09:25,460 --> 00:09:24,300

I'm just getting out you know when you

200

00:09:27,799 --> 00:09:25,470

talk about a conversation like this

201
00:09:29,509 --> 00:09:27,809
that's why I asked you you know was he

202
00:09:33,259 --> 00:09:29,519
busting your chops you know over at the

203
00:09:36,919 --> 00:09:33,269
back but this this type of information

204
00:09:39,650 --> 00:09:36,929
would definitely be classified and you

205
00:09:40,759 --> 00:09:39,660
know would not be able to be you know he

206
00:09:43,129 --> 00:09:40,769
would not be able to talk to you about

207
00:09:45,590 --> 00:09:43,139
it if if he had was told this is

208
00:09:49,059 --> 00:09:45,600
classified top secret you can't you know

209
00:09:52,579 --> 00:09:49,069
discuss this so so what did you think

210
00:09:55,519 --> 00:09:52,589
well I think now that he was a mid-level

211
00:09:57,559 --> 00:09:55,529
engineer he and a lot of the guys that I

212
00:09:59,059 --> 00:09:57,569
eventually wound up talking to like Doug

213
00:10:01,129 --> 00:09:59,069

and accounting and all those guys had

214

00:10:02,869 --> 00:10:01,139

you know he regularly lunched with and

215

00:10:05,720 --> 00:10:02,879

they kind of Jew me in under their wing

216

00:10:08,419 --> 00:10:05,730

I think it was a topic that they were

217

00:10:10,519 --> 00:10:08,429

interested in the connection was very

218

00:10:12,019 --> 00:10:10,529

very well known I don't think any of

219

00:10:14,030 --> 00:10:12,029

them were ever read into the program

220

00:10:16,220 --> 00:10:14,040

obviously because that was not the type

221

00:10:18,230 --> 00:10:16,230

of office we were more of a you know

222

00:10:20,869 --> 00:10:18,240

management kind of computer support

223

00:10:23,509 --> 00:10:20,879

office that very first session that I

224

00:10:24,799 --> 00:10:23,519

was there so I'm thinking that those

225

00:10:26,239 --> 00:10:24,809

guys were very interested they were

226

00:10:28,220 --> 00:10:26,249

soaking up all the news they were

227

00:10:31,340 --> 00:10:28,230

probably reading the books and that sort

228

00:10:32,809 --> 00:10:31,350

of thing but I think very few people on

229

00:10:34,850 --> 00:10:32,819

the base would have it actually at

230

00:10:37,910 --> 00:10:34,860

hands-on knowledge of what was really

231

00:10:41,449 --> 00:10:37,920

going on there right right in

232

00:10:43,910 --> 00:10:41,459

I'm sure the the topic Roswell didn't

233

00:10:45,739 --> 00:10:43,920

come up as far as you know I mean a

234

00:10:47,929 --> 00:10:45,749

crash out west something like that I

235

00:10:50,629 --> 00:10:47,939

understand but you know that that topic

236

00:10:53,299 --> 00:10:50,639

was kind of I don't want to I want to

237

00:10:57,049 --> 00:10:53,309

say more or less obscured for many years

238

00:10:59,989 --> 00:10:57,059

until Stan Friedman back in 1978 I think

239

00:11:02,689 --> 00:10:59,999

it was was it 78 I can't really remember

240

00:11:05,689 --> 00:11:02,699

when it was yeah I think you got Marcel

241

00:11:07,970 --> 00:11:05,699

to talk in seven yeah yeah but I mean in

242

00:11:10,189 --> 00:11:07,980

between you know Roswell kind of faded

243

00:11:12,379 --> 00:11:10,199

away real quickly right after the

244

00:11:15,049 --> 00:11:12,389

incident itself when it was passed off

245

00:11:16,759 --> 00:11:15,059

as you know weather balloon and just

246

00:11:18,079 --> 00:11:16,769

people kind of moved on from there of

247

00:11:22,939 --> 00:11:18,089

course there were a lot of UFO sightings

248

00:11:25,699 --> 00:11:22,949

right after that but still that was kind

249

00:11:28,249 --> 00:11:25,709

of obscure for many years did the word

250

00:11:31,160 --> 00:11:28,259

Roswell ever come up before 1978 that

251

00:11:34,280 --> 00:11:31,170

you're aware of you know

252

00:11:38,240 --> 00:11:34,290

I would say no and the way to check is

253

00:11:39,830 --> 00:11:38,250

by a copy of my book and read it and

254

00:11:42,290 --> 00:11:39,840

you'll find out that I don't believe I

255

00:11:45,290 --> 00:11:42,300

mentioned Roswell in the book I believe

256

00:11:47,210 --> 00:11:45,300

the quote that I remember is as he said

257

00:11:51,050 --> 00:11:47,220

that there was a crash out west now

258

00:11:53,900 --> 00:11:51,060

here's what I did you know my you know

259

00:11:55,820 --> 00:11:53,910

there are moments in your life where

260

00:11:57,170 --> 00:11:55,830

like you almost get into an auto wreck

261

00:11:59,360 --> 00:11:57,180

or you know the birth of your first

262

00:12:01,570 --> 00:11:59,370

child or whatever it is there's moments

263

00:12:04,040 --> 00:12:01,580

that you don't really forget and you may

264

00:12:06,260 --> 00:12:04,050

be a little hazy on some of the details

265

00:12:09,680 --> 00:12:06,270

but the core story is gonna stay with

266

00:12:12,440 --> 00:12:09,690

you so I found AI and I communicated

267

00:12:15,350 --> 00:12:12,450

with him he suggested I write him a

268

00:12:17,570 --> 00:12:15,360

letter and I did and I what I wrote him

269

00:12:20,960 --> 00:12:17,580

in the letter was my recollection of our

270

00:12:24,110 --> 00:12:20,970

conversation that day and L got the

271

00:12:25,970 --> 00:12:24,120

letter and I said L I'm thinking I'm

272

00:12:29,150 --> 00:12:25,980

gonna write a book but and I want to put

273

00:12:33,110 --> 00:12:29,160

this in there so you are free to adjust

274

00:12:35,150 --> 00:12:33,120

anything you want anything and and if

275

00:12:38,890 --> 00:12:35,160

it's reasonable if your recollection is

276

00:12:43,310 --> 00:12:38,900

strong I'm gonna make the changes well

277

00:12:45,860 --> 00:12:43,320

he sent what I sent him he sent my

278

00:12:49,430 --> 00:12:45,870

letter back to him and he wrote a thing

279

00:12:52,880 --> 00:12:49,440

and he says you know Ray as you know I

280

00:12:56,240 --> 00:12:52,890

retired as a flag level civilian and I

281

00:13:01,010 --> 00:12:56,250

can't allow you to use my last name and

282

00:13:03,770 --> 00:13:01,020

any changes are in the text thank you

283

00:13:05,900 --> 00:13:03,780

for for you know remembering and I went

284

00:13:08,030 --> 00:13:05,910

to the sheets of paper I think was maybe

285

00:13:10,790 --> 00:13:08,040

three three and a half and the only

286

00:13:13,490 --> 00:13:10,800

place he made a change is he wrote in

287

00:13:15,830 --> 00:13:13,500

there and I said something about the

288

00:13:17,810 --> 00:13:15,840

aliens in the records and he said I can

289

00:13:20,990 --> 00:13:17,820

neither confirm nor deny that there were

290

00:13:25,330 --> 00:13:21,000

aliens that's the only substantial

291

00:13:27,890 --> 00:13:25,340

change he made to the entire dialogue so

292

00:13:29,720 --> 00:13:27,900

and he's a pretty thorough guy he had to

293

00:13:32,360 --> 00:13:29,730

be he was a member of the senior

294

00:13:34,310 --> 00:13:32,370

executive service he was he was you know

295

00:13:36,980 --> 00:13:34,320

those guys make big decisions all the

296

00:13:38,660 --> 00:13:36,990

time so I think he gave a careful

297

00:13:41,090 --> 00:13:38,670

consideration and his recollection was

298

00:13:44,340 --> 00:13:41,100

as as good as mine and he only made that

299

00:13:47,040 --> 00:13:44,350

change and so you know I have that as my

300

00:13:49,350 --> 00:13:47,050

physical evidence of my communication

301
00:13:50,970 --> 00:13:49,360
with him on that topic but again there

302
00:13:53,070 --> 00:13:50,980
was never a mention of Roswell it was

303
00:13:55,650 --> 00:13:53,080
like there was a crash out west and

304
00:13:57,480 --> 00:13:55,660
that's the way I wrote it up yeah yeah

305
00:13:58,520 --> 00:13:57,490
and that's that's good that's good to

306
00:14:04,560 --> 00:13:58,530
hear

307
00:14:07,050 --> 00:14:04,570
so when you worked there and you did you

308
00:14:09,270 --> 00:14:07,060
just go do you remember like what type

309
00:14:11,730 --> 00:14:09,280
of impact that had on you is this

310
00:14:14,190 --> 00:14:11,740
something you just kind of tabled and

311
00:14:17,720 --> 00:14:14,200
then maybe discussed it with people

312
00:14:20,010 --> 00:14:17,730
later on how did that go well I

313
00:14:23,220 --> 00:14:20,020

initially wanted to check out al because

314

00:14:25,590 --> 00:14:23,230

al yeah I almost I want to say a loose

315

00:14:28,620 --> 00:14:25,600

cannon you know he was his own guy and

316

00:14:30,540 --> 00:14:28,630

you know he didn't he didn't dress the

317

00:14:32,130 --> 00:14:30,550

part like a lot of people did he did

318

00:14:34,380 --> 00:14:32,140

crazy things like he showed up every day

319

00:14:36,420 --> 00:14:34,390

with a briefcase and the only thing he

320

00:14:39,480 --> 00:14:36,430

had in this briefcase was a sandwich for

321

00:14:41,190 --> 00:14:39,490

lunch but he wanted to look the part I

322

00:14:44,220 --> 00:14:41,200

never would laughter there goes hell

323

00:14:45,630 --> 00:14:44,230

with his briefcase and so I found out

324

00:14:47,340 --> 00:14:45,640

you know who was lunching with and once

325

00:14:49,170 --> 00:14:47,350

in a while he didn't invite me in and we

326

00:14:51,390 --> 00:14:49,180

go to a place called the airway in

327

00:14:53,190 --> 00:14:51,400

across from the base and there was dug

328

00:14:55,380 --> 00:14:53,200

and and I could unsee another guy with

329

00:14:57,150 --> 00:14:55,390

dark hair whose name I can't remember I

330

00:14:59,550 --> 00:14:57,160

know what city lives in but there be a

331

00:15:01,830 --> 00:14:59,560

handful of folks and when L wasn't there

332

00:15:02,940 --> 00:15:01,840

I would drop by and go hey does like you

333

00:15:05,160 --> 00:15:02,950

know it all told me this thing about

334

00:15:09,120 --> 00:15:05,170

this crass in UFOs and Doug would go

335

00:15:11,790 --> 00:15:09,130

yeah like of course and and I never got

336

00:15:15,990 --> 00:15:11,800

any pushback on it I got like everybody

337

00:15:19,560 --> 00:15:16,000

had this nice easy knowledge that this

338

00:15:21,360 --> 00:15:19,570

was part of base history and they just

339

00:15:23,160 --> 00:15:21,370

accepted it or they might go hey you

340

00:15:25,830 --> 00:15:23,170

know there's gonna be a new documentary

341

00:15:27,540 --> 00:15:25,840

on or a TV show or go you know I've read

342

00:15:30,120 --> 00:15:27,550

this book or you know they might share

343

00:15:33,480 --> 00:15:30,130

books amongst them so the handful of

344

00:15:35,040 --> 00:15:33,490

people I asked at least then you know

345

00:15:36,870 --> 00:15:35,050

satisfied me that there was something to

346

00:15:38,850 --> 00:15:36,880

it but you can imagine you know I'm at

347

00:15:41,190 --> 00:15:38,860

college I I'm an electrical engineering

348

00:15:45,360 --> 00:15:41,200

this is not a pushover you know English

349

00:15:48,120 --> 00:15:45,370

major course courses so it really never

350

00:15:49,620 --> 00:15:48,130

became a focus and I might ask you know

351

00:15:50,820 --> 00:15:49,630

I got involved in sports on the base

352

00:15:52,980 --> 00:15:50,830

softball and basketball and volleyball

353

00:15:55,410 --> 00:15:52,990

and that sort of thing I might ask my

354

00:15:57,480 --> 00:15:55,420

teammates occasionally you know what's

355

00:15:58,150 --> 00:15:57,490

this you know UFO thing and then of

356

00:16:00,610 --> 00:15:58,160

course

357

00:16:04,150 --> 00:16:00,620

you know in the late 70s a Stantons book

358

00:16:07,600 --> 00:16:04,160

hit the fan and you know by the early

359

00:16:09,939 --> 00:16:07,610

80s it was like look at see you know we

360

00:16:14,290 --> 00:16:09,949

told you but again it really didn't

361

00:16:16,600 --> 00:16:14,300

become all-consuming for me until the

362

00:16:19,360 --> 00:16:16,610

Phoenix lights oh okay

363

00:16:21,699 --> 00:16:19,370

before we get into that I always I

364

00:16:23,439 --> 00:16:21,709

always forget that we we do have a lot

365

00:16:27,660 --> 00:16:23,449

of new listeners to the show I get

366

00:16:30,699 --> 00:16:27,670

enough email to to know that for sure so

367

00:16:34,210 --> 00:16:30,709

people are going to may wonder what is

368

00:16:42,340 --> 00:16:34,220

the connection between Roswell and right

369

00:16:45,670 --> 00:16:42,350

path okay the connection definitely well

370

00:16:48,009 --> 00:16:45,680

the connection is is that Jesse Marcel

371

00:16:53,879 --> 00:16:48,019

was a major and he was an intelligence

372

00:16:58,749 --> 00:16:53,889

officer at Roswell and they sent him and

373

00:17:02,319 --> 00:16:58,759

another intelligence officer with the

374

00:17:05,380 --> 00:17:02,329

rancher Mac Brazel and they sent those

375

00:17:08,949 --> 00:17:05,390

two up with Brazel to retrieve the

376

00:17:10,840 --> 00:17:08,959

crashed material whatever it was they

377

00:17:13,960 --> 00:17:10,850

brought it back they looked at at

378

00:17:17,079 --> 00:17:13,970

Colonel Blanchard was the commander of

379

00:17:19,630 --> 00:17:17,089

Roswell and then he told Walter Haut who

380

00:17:22,240 --> 00:17:19,640

is his public information officer we've

381

00:17:25,659 --> 00:17:22,250

got a crash flying disc and walter haut

382

00:17:29,500 --> 00:17:25,669

then gave it to the roswell newspaper

383

00:17:31,060 --> 00:17:29,510

that the Air Force had this UFO well the

384

00:17:32,799 --> 00:17:31,070

next day they change their story and

385

00:17:35,649 --> 00:17:32,809

they said it was just a craft weather

386

00:17:39,090 --> 00:17:35,659

balloon now fast forward 29 years later

387

00:17:41,919 --> 00:17:39,100

and Stanford Friedman gets connected

388

00:17:44,980 --> 00:17:41,929

through friends of Jesse Marcel's with

389

00:17:49,600 --> 00:17:44,990

Jesse interviews him and Jesse says

390

00:17:51,820 --> 00:17:49,610

things like it wasn't this planet we

391

00:17:54,760 --> 00:17:51,830

tested it it was no material that I know

392

00:17:58,020 --> 00:17:54,770

and it was flown to wright-patterson Air

393

00:18:01,720 --> 00:17:58,030

Force Base for inspection

394

00:18:03,940 --> 00:18:01,730

then you had the chief of staff who was

395

00:18:07,810 --> 00:18:03,950

a general up at the 8th Army Air Corps

396

00:18:10,390 --> 00:18:07,820

now that was in Fort Worth and he was in

397

00:18:11,800 --> 00:18:10,400

the office into it Jesse flew those

398

00:18:14,470 --> 00:18:11,810

materials

399

00:18:19,600 --> 00:18:14,480

after the discovery and this general

400

00:18:21,400 --> 00:18:19,610

said that material was flown on a plane

401
00:18:24,310 --> 00:18:21,410
the gentleman Mullen element Mullen was

402
00:18:26,230 --> 00:18:24,320
chief of staff some went to write pad

403
00:18:27,970 --> 00:18:26,240
somewhat to mean mala went mad Mullen

404
00:18:30,150 --> 00:18:27,980
was done with that his private plane

405
00:18:33,060 --> 00:18:30,160
took the rest of at the right pad so

406
00:18:35,500 --> 00:18:33,070
what do we know that it's immutable

407
00:18:37,570 --> 00:18:35,510
whatever the material was it went to

408
00:18:40,300 --> 00:18:37,580
wright-patterson and the reason it did

409
00:18:41,890 --> 00:18:40,310
is the materials Directorate was at

410
00:18:45,310 --> 00:18:41,900
wright-patterson Air Force Base that was

411
00:18:46,810 --> 00:18:45,320
the world class group of scientists who

412
00:18:51,040 --> 00:18:46,820
knew anything and everything about

413
00:18:53,380 --> 00:18:51,050

aerospace materials that laboratory had

414

00:18:56,650 --> 00:18:53,390

been set up in 1917 at wright-patterson

415

00:18:59,530 --> 00:18:56,660

so by 1947 they had 30 years of

416

00:19:01,330 --> 00:18:59,540

experience it would have been the place

417

00:19:03,580 --> 00:19:01,340

to go so the guys who handled the

418

00:19:06,250 --> 00:19:03,590

material the guy who was responsible for

419

00:19:08,010 --> 00:19:06,260

getting it transported all said it went

420

00:19:10,120 --> 00:19:08,020

to wright-patterson Air Force Base I

421

00:19:12,670 --> 00:19:10,130

think and that's the connection

422

00:19:15,730 --> 00:19:12,680

yeah you know one thing that I just

423

00:19:19,120 --> 00:19:15,740

thought of only thought of just now but

424

00:19:23,560 --> 00:19:19,130

um you know when they published in the

425

00:19:26,740 --> 00:19:23,570

the paper that the Army Air Force had

426
00:19:28,720 --> 00:19:26,750
captured a flying disc but when you when

427
00:19:29,740 --> 00:19:28,730
they talk about when anyone at all talks

428
00:19:32,320 --> 00:19:29,750
about the wreckage

429
00:19:34,420 --> 00:19:32,330
it certainly doesn't sound like a disc

430
00:19:37,210 --> 00:19:34,430
at all it sounds like fields of debris

431
00:19:39,820 --> 00:19:37,220
you know maybe they're assuming that it

432
00:19:42,760 --> 00:19:39,830
was a flying disc that burst into this

433
00:19:45,910 --> 00:19:42,770
field of debris but I don't know I just

434
00:19:47,920 --> 00:19:45,920
thought of that because that's all you

435
00:19:51,760 --> 00:19:47,930
ever hear about the crash site it was

436
00:19:54,790 --> 00:19:51,770
just like you know a hundred yards of or

437
00:19:56,800 --> 00:19:54,800
more of debris just scattered around

438
00:20:00,730 --> 00:19:56,810

they never as far as it was they never

439

00:20:06,670 --> 00:20:00,740

really captured any disc-like objects

440

00:20:10,780 --> 00:20:06,680

out of that debris I'll hear you and the

441

00:20:14,620 --> 00:20:10,790

debris was scattered about a half mile

442

00:20:18,070 --> 00:20:14,630

long Oh half mile and a half mile and

443

00:20:22,810 --> 00:20:18,080

and and and you know a thousand feet

444

00:20:25,210 --> 00:20:22,820

wide and the witnesses Marcel said it

445

00:20:25,600 --> 00:20:25,220

didn't look like an object had hit the

446

00:20:28,180 --> 00:20:25,610

ground

447

00:20:30,670 --> 00:20:28,190

been dragged and and and and when it's a

448

00:20:32,680 --> 00:20:30,680

piece says it looked like something

449

00:20:34,600 --> 00:20:32,690

exploded in the air and then fluttered

450

00:20:37,150 --> 00:20:34,610

down because that's just the way the

451
00:20:39,190 --> 00:20:37,160
debris was scattered on the other side

452
00:20:41,200 --> 00:20:39,200
there are witness who say well there

453
00:20:43,180 --> 00:20:41,210
were sticks and whatever then you

454
00:20:46,330 --> 00:20:43,190
flip-flop again the guys who are

455
00:20:49,600 --> 00:20:46,340
supposedly hand on witnesses like Marcel

456
00:20:51,220 --> 00:20:49,610
said we couldn't terror it we couldn't

457
00:20:53,410 --> 00:20:51,230
bend it we couldn't burn it we hit it

458
00:20:55,030 --> 00:20:53,420
with a sledgehammer we crushed it it

459
00:20:57,430 --> 00:20:55,040
came back like today's mitten all

460
00:21:00,660 --> 00:20:57,440
material would do so it exhibited

461
00:21:04,030 --> 00:21:00,670
properties that were not consistent with

462
00:21:07,570 --> 00:21:04,040
the weather balloon explanation so

463
00:21:11,170 --> 00:21:07,580

you've got you've got data on both sides

464

00:21:13,420 --> 00:21:11,180

that doesn't jibe but you also have

465

00:21:17,710 --> 00:21:13,430

enough data on the side of a crashed

466

00:21:21,100 --> 00:21:17,720

object that makes it possible also there

467

00:21:22,690 --> 00:21:21,110

was a story floating around and and you

468

00:21:24,850 --> 00:21:22,700

know you don't hear this all the time as

469

00:21:27,310 --> 00:21:24,860

part of these story but something like

470

00:21:29,260 --> 00:21:27,320

60 miles away or something like that was

471

00:21:31,990 --> 00:21:29,270

another object that they thought

472

00:21:35,640 --> 00:21:32,000

possibly was related to this that was

473

00:21:38,140 --> 00:21:35,650

found like the size of a Volkswagen bug

474

00:21:42,640 --> 00:21:38,150

these are just things that I remember

475

00:21:45,660 --> 00:21:42,650

and the bodies supposedly were there and

476

00:21:48,430 --> 00:21:45,670

you know I believe Stanton Friedman

477

00:21:51,100 --> 00:21:48,440

thought that that could have meant that

478

00:21:54,400 --> 00:21:51,110

it was a mid-air crash between two

479

00:21:56,620 --> 00:21:54,410

vehicles I believe those were you know

480

00:21:59,680 --> 00:21:56,630

I'm paraphrasing but something that he

481

00:22:01,950 --> 00:21:59,690

he believed that was about it's

482

00:22:07,330 --> 00:22:01,960

confusing you know as the years go by

483

00:22:09,910 --> 00:22:07,340

you know Roswell can turn more into a

484

00:22:13,210 --> 00:22:09,920

myth than anything else you know as far

485

00:22:16,150 --> 00:22:13,220

as the story goes who knows what it will

486

00:22:18,460 --> 00:22:16,160

become eventually but as of right now

487

00:22:20,710 --> 00:22:18,470

there's a lot of a lot of stories it's

488

00:22:23,290 --> 00:22:20,720

really hard to figure out what the facts

489

00:22:24,880 --> 00:22:23,300

are in this case especially since you

490

00:22:26,410 --> 00:22:24,890

know the witnesses are long gone or

491

00:22:29,040 --> 00:22:26,420

almost all of them or there's one or two

492

00:22:33,940 --> 00:22:29,050

living at this point I believe

493

00:22:36,970 --> 00:22:33,950

interesting yeah yes have you ever

494

00:22:39,350 --> 00:22:36,980

actually gone to that area I looked in

495

00:22:42,169 --> 00:22:39,360

yes yeah

496

00:22:44,720 --> 00:22:42,179

i-i understand the with my metal with my

497

00:22:48,919 --> 00:22:44,730

with my metal detector oh you actually

498

00:22:52,580 --> 00:22:48,929

went to the site sure oh wow yeah I know

499

00:22:54,260 --> 00:22:52,590

a lot of people have how did they is

500

00:22:57,649 --> 00:22:54,270

that marked off how do you how do you

501
00:23:07,039 --> 00:22:57,659
find it is it just through a GPS or

502
00:23:11,149 --> 00:23:07,049
something the sci-fi channel has put a

503
00:23:12,980 --> 00:23:11,159
marble marker on top of the little hill

504
00:23:15,380 --> 00:23:12,990
there yes they did a program and then

505
00:23:19,250 --> 00:23:15,390
they planted a marker the problem is is

506
00:23:21,590 --> 00:23:19,260
that in order to get to the site which

507
00:23:24,140 --> 00:23:21,600
is owned by like the National Park

508
00:23:27,250 --> 00:23:24,150
Service you have to go through private

509
00:23:30,350 --> 00:23:27,260
property and unless you get permission

510
00:23:33,080 --> 00:23:30,360
the ranchers tend to shoot you because

511
00:23:36,049 --> 00:23:33,090
if they have their cattle in that field

512
00:23:37,730 --> 00:23:36,059
you have to go to the field and you know

513
00:23:40,340 --> 00:23:37,740

people have left the gates open and the

514

00:23:42,950 --> 00:23:40,350

cattle have gone down the road so it's

515

00:23:45,440 --> 00:23:42,960

really hairy it's a hairy place to get

516

00:23:48,169 --> 00:23:45,450

to and if you go through the National

517

00:23:50,360 --> 00:23:48,179

Park or you know whoever owns it for the

518

00:23:52,730 --> 00:23:50,370

government it's like a 40 mile drive

519

00:23:55,640 --> 00:23:52,740

over the roughest roads ever so yeah

520

00:23:58,789 --> 00:23:55,650

it's not easy to find yeah and so this

521

00:24:01,610 --> 00:23:58,799

is I would assume that people are going

522

00:24:04,789 --> 00:24:01,620

to try to get there a lot over the years

523

00:24:08,270 --> 00:24:04,799

but so you have to like if someone plans

524

00:24:09,770 --> 00:24:08,280

to actually go to that site for your

525

00:24:11,180 --> 00:24:09,780

instance for yourself what did you have

526

00:24:13,310 --> 00:24:11,190

to do we don't we've only got about a

527

00:24:18,200 --> 00:24:13,320

minute before we go into break no

528

00:24:21,200 --> 00:24:18,210

comment well I had to stretch it out for

529

00:24:23,570 --> 00:24:21,210

that okay well like I could tell you

530

00:24:28,370 --> 00:24:23,580

this I can tell you this I detected

531

00:24:31,220 --> 00:24:28,380

metal on the site yeah but I did I did

532

00:24:33,680 --> 00:24:31,230

not dig it I did not excavate it and is

533

00:24:39,440 --> 00:24:33,690

that a cell is that a taboo thing to do

534

00:24:41,270 --> 00:24:39,450

I mean do they say no digging I think

535

00:24:44,810 --> 00:24:41,280

the guy last guy who admitted to taking

536

00:24:46,730 --> 00:24:44,820

stuff off the property they tried to

537

00:24:49,820 --> 00:24:46,740

take his stuff away and oh yeah to fight

538

00:24:52,520 --> 00:24:49,830

it and yeah the guy who's from New

539

00:24:52,730 --> 00:24:52,530

Mexico State or University of New Mexico

540

00:24:55,250 --> 00:24:52,740

or

541

00:24:56,540 --> 00:24:55,260

somewhere I can recall his name offhand

542

00:24:58,910 --> 00:24:56,550

but I'll look it up here at the break

543

00:25:00,980 --> 00:24:58,920

yeah but you know hassle with those

544

00:25:02,600 --> 00:25:00,990

people yeah yeah I remember that I

545

00:25:03,590 --> 00:25:02,610

remember that whole story that was a

546

00:25:05,630 --> 00:25:03,600

couple of years ago

547

00:25:07,760 --> 00:25:05,640

all right everyone so we're ready to go

548

00:25:10,460 --> 00:25:07,770

into the break so this is Martin Willis

549

00:25:11,990 --> 00:25:10,470

my gret my guest is raesha Szymanski and

550

00:25:12,740 --> 00:25:12,000

we'll be right back right after these

551
00:25:15,680 --> 00:25:12,750
messages

552
00:25:18,200 --> 00:25:15,690
all right everyone welcome back this is

553
00:25:22,180 --> 00:25:18,210
Martin Willis my guest is race man

554
00:25:24,500 --> 00:25:22,190
Szymanski Szymanski did I say it right

555
00:25:27,740 --> 00:25:24,510
you did but I don't heard the last part

556
00:25:31,790 --> 00:25:27,750
of the name so we'll paused him and make

557
00:25:34,480 --> 00:25:31,800
sure everything comes through yeah so we

558
00:25:39,169 --> 00:25:34,490
were just finishing up on Roswell

559
00:25:41,810 --> 00:25:39,179
and let's move on to some of the stories

560
00:25:46,010 --> 00:25:41,820
that you you cover you actually I

561
00:25:53,080 --> 00:25:46,020
believe you go in as a skeptic you can't

562
00:25:55,430 --> 00:25:53,090
hear me can't hear me all right all

563
00:25:58,580 --> 00:25:55,440

right I don't want to go right back into

564

00:25:59,630 --> 00:25:58,590

a break but we might say that I can hear

565

00:26:01,940 --> 00:25:59,640

you now okay

566

00:26:04,910 --> 00:26:01,950

all right so I was saying hear you now

567

00:26:07,310 --> 00:26:04,920

yeah yeah all right so let's go into the

568

00:26:13,370 --> 00:26:07,320

of the investigations you did for your

569

00:26:17,360 --> 00:26:13,380

new book well for my new book it's a

570

00:26:22,669 --> 00:26:17,370

story of of three generations of contact

571

00:26:26,330 --> 00:26:22,679

and the grandmother is in her mid 50s

572

00:26:31,700 --> 00:26:26,340

and she has a daughter and that daughter

573

00:26:36,590 --> 00:26:31,710

has a son and Victoria is her name and

574

00:26:41,780 --> 00:26:36,600

so we named the book Victoria's Secret

575

00:26:45,080 --> 00:26:41,790

truth now when somebody tells you that

576
00:26:49,040 --> 00:26:45,090
they've had contact with creatures that

577
00:26:53,960 --> 00:26:49,050
they don't quite understand you had

578
00:26:58,130 --> 00:26:53,970
asked yourself how do I find evidence so

579
00:27:01,940 --> 00:26:58,140
I'm a former research scientist that's

580
00:27:05,180 --> 00:27:01,950
how I spent my career and so I'm trying

581
00:27:06,230 --> 00:27:05,190
to find facts so I can move forward so

582
00:27:11,900 --> 00:27:06,240
on

583
00:27:15,340 --> 00:27:11,910
physical and what we decided to do is we

584
00:27:18,860 --> 00:27:15,350
looked at anything medically and so

585
00:27:20,690 --> 00:27:18,870
Victoria gave me information that could

586
00:27:24,530 --> 00:27:20,700
be backed up by medical records that

587
00:27:26,990 --> 00:27:24,540
would indicate that perhaps there were

588
00:27:31,970 --> 00:27:27,000

some pregnancies there that never came

589

00:27:34,040 --> 00:27:31,980

to Tom that in fact her eggs were being

590

00:27:38,390 --> 00:27:34,050

taken from her ever since she was a

591

00:27:42,070 --> 00:27:38,400

small child she has a scoop mark much

592

00:27:45,860 --> 00:27:42,080

like many abductees have it looks like

593

00:27:49,070 --> 00:27:45,870

about the size of your pinky the little

594

00:27:51,110 --> 00:27:49,080

top portion and you could stick the ball

595

00:27:54,470 --> 00:27:51,120

was part of the pinky in there many

596

00:27:57,460 --> 00:27:54,480

abductees have those scoop marks so we

597

00:28:01,580 --> 00:27:57,470

looked at the physical evidence then

598

00:28:05,419 --> 00:28:01,590

Victoria has had four hypnotic

599

00:28:10,430 --> 00:28:05,429

regressions with three of the world's

600

00:28:13,310 --> 00:28:10,440

best hypnotic therapist dr. Leo sprinkle

601
00:28:16,370 --> 00:28:13,320
who wind up eventually reading my

602
00:28:18,070 --> 00:28:16,380
manuscript and wrote the foreword for

603
00:28:24,640 --> 00:28:18,080
the book

604
00:28:29,720 --> 00:28:24,650
dr. sprinkle has regressed thousands of

605
00:28:32,570 --> 00:28:29,730
admitted abductees the second person who

606
00:28:36,290 --> 00:28:32,580
did a regression of Victoria was Barbara

607
00:28:39,320 --> 00:28:36,300
lamb barb was famous for her regressions

608
00:28:48,740 --> 00:28:39,330
she's also done thousands of people the

609
00:28:52,340 --> 00:28:48,750
third person who regressed Victoria I'm

610
00:28:57,610 --> 00:28:52,350
drawing a blank this is really crazy of

611
00:29:07,040 --> 00:29:01,280
so dr. sprinkle did two of the

612
00:29:14,299 --> 00:29:07,050
regressions Yvonne did one and Barbara

613
00:29:19,130 --> 00:29:14,309

lamb did one now what I did as I was

614

00:29:20,230 --> 00:29:19,140

reviewing the information is I had

615

00:29:25,130 --> 00:29:20,240

discussed

616

00:29:28,700 --> 00:29:25,140

with Yvonne Smith with Barbara Lam and

617

00:29:31,810 --> 00:29:28,710

with dr. sprinkle and brought them kind

618

00:29:36,289 --> 00:29:31,820

of into this you know discussion

619

00:29:38,509 --> 00:29:36,299

circular discussion about Victoria I

620

00:29:44,740 --> 00:29:38,519

asked them questions about being able to

621

00:29:48,289 --> 00:29:44,750

fool three world-class hypnotherapists

622

00:29:51,200 --> 00:29:48,299

what they thought of their sessions with

623

00:29:55,720 --> 00:29:51,210

Victoria their analysis of it Victoria

624

00:29:58,940 --> 00:29:55,730

let me share sessions that you know

625

00:30:02,240 --> 00:29:58,950

therapist a got to see therapist B and C

626
00:30:04,820 --> 00:30:02,250
and and round robin so that they could

627
00:30:09,529 --> 00:30:04,830
all see what was happening and you know

628
00:30:12,169 --> 00:30:09,539
I got the thumbs up that this this

629
00:30:15,080 --> 00:30:12,179
therapy this this regression all of

630
00:30:17,690 --> 00:30:15,090
these are consistent the story is

631
00:30:20,149 --> 00:30:17,700
consistent and in some cases the

632
00:30:25,820 --> 00:30:20,159
therapist asked these tricky questions

633
00:30:30,340 --> 00:30:25,830
like Victoria would say the the aliens

634
00:30:32,840 --> 00:30:30,350
were green and intentionally doctor

635
00:30:35,629 --> 00:30:32,850
sprinkle would say tell me about these

636
00:30:38,259 --> 00:30:35,639
blue aliens and immediately Victoria

637
00:30:40,730 --> 00:30:38,269
would say no they were green aliens and

638
00:30:42,950 --> 00:30:40,740

there are circumstances of each time

639

00:30:45,289 --> 00:30:42,960

these therapists did that it's kind of a

640

00:30:50,870 --> 00:30:45,299

check to see if the story could be

641

00:30:53,899 --> 00:30:50,880

influenced and in those sessions she was

642

00:30:56,960 --> 00:30:53,909

airtight and I tried doing the same

643

00:31:00,590 --> 00:30:56,970

thing I had over 40 hours of interviews

644

00:31:03,100 --> 00:31:00,600

with Victoria and trust me I asked her a

645

00:31:07,029 --> 00:31:03,110

loaded question I'd slipped things in

646

00:31:09,860 --> 00:31:07,039

she never made a mistake she never

647

00:31:12,549 --> 00:31:09,870

contradicted herself it was clear as a

648

00:31:16,190 --> 00:31:12,559

bell so as far as a witness is concerned

649

00:31:22,039 --> 00:31:16,200

my confidence is soaring in Victoria

650

00:31:24,649 --> 00:31:22,049

story so the book focuses a lot on her

651
00:31:27,110 --> 00:31:24,659
and then she has a grandson and her

652
00:31:31,129 --> 00:31:27,120
grandsons now about eight or nine and

653
00:31:33,019 --> 00:31:31,139
her grandson has had visitors that he

654
00:31:33,860 --> 00:31:33,029
drew pictures of for her and that he

655
00:31:36,230 --> 00:31:33,870
described

656
00:31:39,830 --> 00:31:36,240
conscious memories of what they did to

657
00:31:44,299 --> 00:31:39,840
him when they visited him and those

658
00:31:47,390 --> 00:31:44,309
visitations with him continue today well

659
00:31:50,029 --> 00:31:47,400
and so you said three generations and

660
00:31:54,409 --> 00:31:50,039
use you were you able to speak to all

661
00:31:58,669 --> 00:31:54,419
three of them are you saying um the

662
00:32:01,789 --> 00:31:58,679
daughter is currently not cooperating

663
00:32:03,890 --> 00:32:01,799

huh yeah she doesn't want to hear it she

664

00:32:09,769 --> 00:32:03,900

doesn't want any part in it and I just

665

00:32:14,000 --> 00:32:09,779

got to respect that yeah okay but so

666

00:32:17,659 --> 00:32:14,010

through the say her mother her mother

667

00:32:19,700 --> 00:32:17,669

says yes she has talked about it or she

668

00:32:25,130 --> 00:32:19,710

doesn't want to be interviewed how did

669

00:32:26,090 --> 00:32:25,140

that how did that go from whose

670

00:32:29,210 --> 00:32:26,100

perspective

671

00:32:32,720 --> 00:32:29,220

I'm just saying did how did you know

672

00:32:36,860 --> 00:32:32,730

that she was part part of this as far as

673

00:32:40,340 --> 00:32:36,870

the abductions or whatever if she didn't

674

00:32:43,070 --> 00:32:40,350

want to talk about it yeah well you know

675

00:32:45,769 --> 00:32:43,080

you talked to the mother and you get

676

00:32:49,460 --> 00:32:45,779

some answers so I I see and they were

677

00:32:53,120 --> 00:32:49,470

very very very limited mm-hmm so at this

678

00:32:56,029 --> 00:32:53,130

point this point I'm I I know it's a

679

00:32:58,820 --> 00:32:56,039

certainty but you know I'm respecting

680

00:33:00,919 --> 00:32:58,830

her privacy here and when the the

681

00:33:04,010 --> 00:33:00,929

grandmother or the the first generation

682

00:33:07,250 --> 00:33:04,020

when did she when did these things start

683

00:33:11,960 --> 00:33:07,260

happening to her what year

684

00:33:14,570 --> 00:33:11,970

this would have started in the late 60s

685

00:33:18,680 --> 00:33:14,580

when she was actually living outside

686

00:33:21,620 --> 00:33:18,690

Cincinnati and the fact of where she

687

00:33:24,110 --> 00:33:21,630

lives is a kind of a cornerstone of the

688

00:33:26,840 --> 00:33:24,120

story because she was a young girl of

689

00:33:30,380 --> 00:33:26,850

about four or five when she got what she

690

00:33:32,919 --> 00:33:30,390

referred to as her alien scoop even when

691

00:33:38,120 --> 00:33:32,929

she was a youngster and she remembers

692

00:33:40,580 --> 00:33:38,130

visitations of entities in her room and

693

00:33:46,279 --> 00:33:40,590

she actually has conscious memories of

694

00:33:47,630 --> 00:33:46,289

of seeing a spaceship well it was very

695

00:33:50,270 --> 00:33:47,640

young you know

696

00:33:53,090 --> 00:33:50,280

you know there's not a lot of people

697

00:33:55,549 --> 00:33:53,100

that will talk about things happening

698

00:33:57,650 --> 00:33:55,559

back at that time but there are a few

699

00:34:00,130 --> 00:33:57,660

you know I mean that's back when the

700

00:34:03,410 --> 00:34:00,140

Betty and Barney Hill incident happened

701
00:34:07,730 --> 00:34:03,420
that's also there's also been other

702
00:34:11,540 --> 00:34:07,740
situations for instance Kathy Martin has

703
00:34:14,300 --> 00:34:11,550
told me who she is the niece of Betty

704
00:34:16,190 --> 00:34:14,310
Hill and she was saying that it it was

705
00:34:18,320 --> 00:34:16,200
generational there was some things that

706
00:34:20,540 --> 00:34:18,330
were happening generational in her

707
00:34:23,480 --> 00:34:20,550
family I believe she said it was her

708
00:34:26,330 --> 00:34:23,490
either a mother and maybe her possibly

709
00:34:28,909 --> 00:34:26,340
her grandmother that had some of these

710
00:34:30,470 --> 00:34:28,919
experiences at I hope I don't get that

711
00:34:30,919 --> 00:34:30,480
wrong but I do believe that's what she

712
00:34:34,010 --> 00:34:30,929
told me

713
00:34:36,919 --> 00:34:34,020

so it is that always has been an

714

00:34:38,359 --> 00:34:36,929

interesting aspect I've been on the

715

00:34:40,879 --> 00:34:38,369

fence a lot of times on some of these

716

00:34:45,770 --> 00:34:40,889

you know so-called abductions or

717

00:34:48,020 --> 00:34:45,780

encounters experiencers that it is

718

00:34:50,389 --> 00:34:48,030

interesting how it seems to be a

719

00:34:52,369 --> 00:34:50,399

generational thing and if you had to

720

00:34:54,859 --> 00:34:52,379

speculate I know you have you have a

721

00:34:57,250 --> 00:34:54,869

science background speculation is not

722

00:34:59,540 --> 00:34:57,260

what a lot of scientists want to do but

723

00:35:03,170 --> 00:34:59,550

what would you speculate would be the

724

00:35:06,849 --> 00:35:03,180

reason why it would be generational well

725

00:35:09,710 --> 00:35:06,859

I think they chose the first person

726

00:35:13,450 --> 00:35:09,720

maybe because of their environment or a

727

00:35:17,270 --> 00:35:13,460

genetics let's take Victoria for example

728

00:35:20,900 --> 00:35:17,280

there was a place in southern Ohio just

729

00:35:24,880 --> 00:35:20,910

north of Cincinnati called national-led

730

00:35:30,650 --> 00:35:24,890

of Ohio it was also called furnald and

731

00:35:34,150 --> 00:35:30,660

they made enriched uranium products for

732

00:35:37,370 --> 00:35:34,160

the nuclear weapons program

733

00:35:39,109 --> 00:35:37,380

unfortunately the contractors were not

734

00:35:42,620 --> 00:35:39,119

paying attention to what they're doing

735

00:35:49,180 --> 00:35:42,630

and they eventually discovered that the

736

00:35:55,280 --> 00:35:49,190

people who ran that plant spewed over 1

737

00:36:00,650 --> 00:35:55,290

million pounds of radioactive waste into

738

00:36:05,300 --> 00:36:00,660

the air the ground and the water

739

00:36:07,970 --> 00:36:05,310

Victoria Victoria and you can look up at

740

00:36:12,880 --> 00:36:07,980

national if you look up just Taipan NLO

741

00:36:16,040 --> 00:36:12,890

and nuclear it was the worst nuclear

742

00:36:19,280 --> 00:36:16,050

environmental I I don't want to use the

743

00:36:23,450 --> 00:36:19,290

word accident event in this country's

744

00:36:25,910 --> 00:36:23,460

history the cancers that have been

745

00:36:31,580 --> 00:36:25,920

caused studied studies have been done

746

00:36:34,310 --> 00:36:31,590

are astronomically higher the cases per

747

00:36:39,920 --> 00:36:34,320

capita than they should be it's it's

748

00:36:45,740 --> 00:36:39,930

it's it's incredible but Victoria only

749

00:36:50,630 --> 00:36:45,750

lived five miles due west of the furnald

750

00:36:53,060 --> 00:36:50,640

plant now her mother would work at the

751
00:36:57,290 --> 00:36:53,070
for an alt plant and all the workers

752
00:37:01,100 --> 00:36:57,300
were exposed her mother died of a

753
00:37:04,010 --> 00:37:01,110
radiological induced disease and her

754
00:37:07,220 --> 00:37:04,020
brother also died at an early age I

755
00:37:09,560 --> 00:37:07,230
won't speculate on his death but I think

756
00:37:14,120 --> 00:37:09,570
if if I had enough time I could probably

757
00:37:17,840 --> 00:37:14,130
tie it back into the fact that he was in

758
00:37:20,830 --> 00:37:17,850
his mother's womb while she was in the

759
00:37:23,450 --> 00:37:20,840
factory and so was Victoria now imagine

760
00:37:27,140 --> 00:37:23,460
you're somebody who's trying to find a

761
00:37:32,540 --> 00:37:27,150
human being who appears to be not immune

762
00:37:35,780 --> 00:37:32,550
but not as affected by nuclear radiation

763
00:37:38,870 --> 00:37:35,790

as the average human as appears to be

764

00:37:41,900 --> 00:37:38,880

the case with Victoria so now you're

765

00:37:45,340 --> 00:37:41,910

somebody from you know another planet

766

00:37:50,030 --> 00:37:45,350

and you go well we really need to create

767

00:37:52,790 --> 00:37:50,040

hybrids who have some some self genetic

768

00:37:55,010 --> 00:37:52,800

protection against this radiation thing

769

00:37:57,760 --> 00:37:55,020

so Victoria would be one of those

770

00:38:01,070 --> 00:37:57,770

because in one of her her regressions

771

00:38:04,070 --> 00:38:01,080

the entity that's got her on the table

772

00:38:07,400 --> 00:38:04,080

as examining her is telepathically

773

00:38:09,790 --> 00:38:07,410

asking or why are you so healthy and

774

00:38:15,079 --> 00:38:09,800

your mother and your brother were not

775

00:38:20,299 --> 00:38:15,089

hmm it's a huge clue as to why Victoria

776

00:38:22,969 --> 00:38:20,309

may have been chosen so so now

777

00:38:26,390 --> 00:38:22,979

genetically you've got a good baseline

778

00:38:29,479 --> 00:38:26,400

subject to start with somebody who may

779

00:38:33,109 --> 00:38:29,489

be not as affected by all that stuff

780

00:38:35,989 --> 00:38:33,119

that blew out of the NLO plant so I'm

781

00:38:38,239 --> 00:38:35,999

just guessing you know it's an educated

782

00:38:40,549 --> 00:38:38,249

guess based upon all the research I did

783

00:38:42,829 --> 00:38:40,559

on Victoria our family their history

784

00:38:44,989 --> 00:38:42,839

their medical history that that may be

785

00:38:46,759 --> 00:38:44,999

the reason that she was selected that

786

00:38:49,069 --> 00:38:46,769

she turned out to be healthy despite the

787

00:38:51,079 --> 00:38:49,079

fact that she was downwind of this stuff

788

00:38:53,809 --> 00:38:51,089

for her entire childhood while that

789

00:38:56,299 --> 00:38:53,819

plant was active now you say downwind

790

00:38:59,749 --> 00:38:56,309

doesn't the wind typically go from west

791

00:39:01,430 --> 00:38:59,759

to east and at least five miles east of

792

00:39:03,979 --> 00:39:01,440

the plan east I thought you said West

793

00:39:05,900 --> 00:39:03,989

I'm sorry I should mix that out okay if

794

00:39:07,940 --> 00:39:05,910

I did say west I would have said the

795

00:39:10,519 --> 00:39:07,950

plant was five miles west but yes she

796

00:39:12,680 --> 00:39:10,529

was downwind and I've checked all of the

797

00:39:14,180 --> 00:39:12,690

weather patterns and stuff and you know

798

00:39:18,219 --> 00:39:14,190

if you look at the weather patterns from

799

00:39:21,709 --> 00:39:18,229

where the wind actually blows it's about

800

00:39:24,680 --> 00:39:21,719

45% from the West and then arrests get

801
00:39:29,870 --> 00:39:24,690
divvies up you know Southwest through to

802
00:39:31,670 --> 00:39:29,880
do northeast yeah yeah well now this is

803
00:39:33,769 --> 00:39:31,680
totally off topic but just quickly did

804
00:39:35,719 --> 00:39:33,779
they ever really clean up that horrible

805
00:39:38,839 --> 00:39:35,729
disaster is that all cleaned up at this

806
00:39:42,170 --> 00:39:38,849
point yes and then they developed a a

807
00:39:43,729 --> 00:39:42,180
piddly squad diddly-squat amount of

808
00:39:47,329 --> 00:39:43,739
money they're paying these people and

809
00:39:48,739 --> 00:39:47,339
and you know if they're long dead the

810
00:39:50,150 --> 00:39:48,749
relatives aren't getting anything you

811
00:39:52,819 --> 00:39:50,160
know we actually I know who the attorney

812
00:39:56,089 --> 00:39:52,829
is for the class-action suit contacted

813
00:39:58,549 --> 00:39:56,099

them I chatted with them but I cooked

814

00:40:01,269 --> 00:39:58,559

him up with Victoria to see if anything

815

00:40:04,160 --> 00:40:01,279

could be done nothing they could do yeah

816

00:40:09,890 --> 00:40:04,170

well so it's a travesty all the way

817

00:40:11,660 --> 00:40:09,900

around yeah yeah absolutely so what what

818

00:40:13,759 --> 00:40:11,670

was your kind of your conclusion so you

819

00:40:15,069 --> 00:40:13,769

think something really did happen to

820

00:40:19,489 --> 00:40:15,079

this family and something's actually

821

00:40:22,490 --> 00:40:19,499

continuing to happen to this boy how old

822

00:40:30,140 --> 00:40:27,580

oh I would say probably eight or nine Oh

823

00:40:35,570 --> 00:40:30,150

real it's don't use that started when he

824

00:40:39,800 --> 00:40:35,580

was about four Wow well that's something

825

00:40:44,810 --> 00:40:39,810

and so your other book I believe you

826

00:40:47,270 --> 00:40:44,820

talked I mean you go into each case

827

00:40:50,510 --> 00:40:47,280

there's three cases you go into as a

828

00:40:54,020 --> 00:40:50,520

skeptic you're trying to debunk them one

829

00:40:57,440 --> 00:40:54,030

of them is the Travis Walton incident

830

00:41:00,290 --> 00:40:57,450

one is Rendlesham forest and one is the

831

00:41:02,180 --> 00:41:00,300

Phoenix lights is that right Exeter oh

832

00:41:05,750 --> 00:41:02,190

yeah that's right Exeter but it's

833

00:41:07,490 --> 00:41:05,760

Phoenix lights that really moved you to

834

00:41:10,250 --> 00:41:07,500

decide you were going to look into this

835

00:41:14,710 --> 00:41:10,260

is that am I wrong did I get that right

836

00:41:24,040 --> 00:41:14,720

yes yes and here's here's why Martin

837

00:41:27,620 --> 00:41:24,050

when the Phoenix lights came out they

838

00:41:29,960 --> 00:41:27,630

contacted Luke Air Force Base and asked

839

00:41:33,560 --> 00:41:29,970

if there were any Jets chasing the UFO

840

00:41:37,070 --> 00:41:33,570

with which witnesses reported and Luke

841

00:41:39,920 --> 00:41:37,080

Air Force Base said no there were no

842

00:41:44,230 --> 00:41:39,930

planes and then it became flares being

843

00:41:47,839 --> 00:41:44,240

dropped and then well I I became

844

00:41:50,599 --> 00:41:47,849

incensed at the response of Luke Air

845

00:41:53,420 --> 00:41:50,609

Force Base as public information officer

846

00:41:58,180 --> 00:41:53,430

because it made the rest of us working

847

00:42:02,780 --> 00:41:58,190

for the Air Force look stupid mm-hmm

848

00:42:04,579 --> 00:42:02,790

it's like look at Roswell I can give you

849

00:42:08,870 --> 00:42:04,589

that wasn't even my generation I don't

850

00:42:11,150 --> 00:42:08,880

care but now you got a sighting where a

851
00:42:15,410 --> 00:42:11,160
hundred thousand people have got it on

852
00:42:18,140 --> 00:42:15,420
film and police officers first

853
00:42:21,020 --> 00:42:18,150
responders you know everyday Joe's but

854
00:42:23,480 --> 00:42:21,030
people who are really saying and don't

855
00:42:25,160 --> 00:42:23,490
want the publicity and they're saying we

856
00:42:28,250 --> 00:42:25,170
saw it and then the Air Force is gonna

857
00:42:29,960 --> 00:42:28,260
come out and go yeah I mean I know we

858
00:42:32,089 --> 00:42:29,970
have to we can't use the weather balloon

859
00:42:33,770 --> 00:42:32,099
thing anymore so how about some flares

860
00:42:36,470 --> 00:42:33,780
you're all going to buy the flares thing

861
00:42:40,040 --> 00:42:36,480
and they made some thing up about eight

862
00:42:42,319 --> 00:42:40,050
and there was BS and at that point I

863
00:42:46,300 --> 00:42:42,329

said you know what I'm jumping in with

864

00:42:49,730 --> 00:42:46,310

both feet I'm gonna find out for myself

865

00:42:51,950 --> 00:42:49,740

and and that's when I really started to

866

00:42:55,040 --> 00:42:51,960

dig and I you know called in some favors

867

00:42:58,250 --> 00:42:55,050

I talked to some intelligence people in

868

00:43:01,250 --> 00:42:58,260

the Air Force showed them some things

869

00:43:03,440 --> 00:43:01,260

and I got some very positive encouraging

870

00:43:05,839 --> 00:43:03,450

responses from them I thought they would

871

00:43:07,339 --> 00:43:05,849

Stonewall me that's not what happened in

872

00:43:10,430 --> 00:43:07,349

fact I think they wanted to know as much

873

00:43:12,380 --> 00:43:10,440

as I did about you know and it was like

874

00:43:15,140 --> 00:43:12,390

hey keep me posted on this Phoenix

875

00:43:17,120 --> 00:43:15,150

lights things but I got some help from

876

00:43:19,730 --> 00:43:17,130

quarters that I really didn't think I

877

00:43:21,920 --> 00:43:19,740

would get any and and that's what really

878

00:43:24,290 --> 00:43:21,930

got me going and I started to do some

879

00:43:27,290 --> 00:43:24,300

field research and eventually I wound up

880

00:43:30,260 --> 00:43:27,300

going to Exeter and finding new

881

00:43:34,190 --> 00:43:30,270

witnesses and old witnesses and visited

882

00:43:37,040 --> 00:43:34,200

the sites and had some unique how would

883

00:43:39,109 --> 00:43:37,050

you say advancements there into a story

884

00:43:41,809 --> 00:43:39,119

I wanted to debunk but they actually

885

00:43:44,930 --> 00:43:41,819

kept finding more evidence yeah I'm just

886

00:43:49,760 --> 00:43:44,940

if we can just just one second go back

887

00:43:51,200 --> 00:43:49,770

to the Phoenix lights so oh that I think

888

00:43:52,400 --> 00:43:51,210

was March 13th or something like that

889

00:43:56,690 --> 00:43:52,410

1997

890

00:44:00,140 --> 00:43:56,700

and so it's it is possible that there

891

00:44:02,079 --> 00:44:00,150

was some military flares but that only

892

00:44:04,730 --> 00:44:02,089

accounts for a short period of time

893

00:44:07,040 --> 00:44:04,740

people were seeing these you know this

894

00:44:09,890 --> 00:44:07,050

big thing flying over them some people

895

00:44:12,890 --> 00:44:09,900

even guessing up to eight miles wide you

896

00:44:18,020 --> 00:44:12,900

know that hour at least miles wide which

897

00:44:20,690 --> 00:44:18,030

is pretty amazing and so the military is

898

00:44:24,109 --> 00:44:20,700

or the Air Force is saying that it was

899

00:44:26,960 --> 00:44:24,119

just military flares and you were on the

900

00:44:29,480 --> 00:44:26,970

inside basically contacting them because

901
00:44:31,790 --> 00:44:29,490
you were able to reach people and and

902
00:44:33,410 --> 00:44:31,800
how was your interaction and then we'll

903
00:44:35,690 --> 00:44:33,420
go on to the exodus story but how was

904
00:44:37,910 --> 00:44:35,700
your interaction with that well the the

905
00:44:39,620 --> 00:44:37,920
guy was the guy was um went public

906
00:44:42,890 --> 00:44:39,630
because the public information officer

907
00:44:44,240 --> 00:44:42,900
when he issues something now you know he

908
00:44:46,849 --> 00:44:44,250
doesn't really issue anything what

909
00:44:49,040 --> 00:44:46,859
happens is is the commander the base

910
00:44:50,210 --> 00:44:49,050
commander says we've been contacted tell

911
00:44:53,210 --> 00:44:50,220
us the public information

912
00:44:56,060 --> 00:44:53,220
sir what's the response they'll contact

913
00:44:58,520 --> 00:44:56,070

the public information people up at the

914

00:45:00,470 --> 00:44:58,530

Secretary of Defense's office and say

915

00:45:02,300 --> 00:45:00,480

what do you want us to say here's what

916

00:45:04,820 --> 00:45:02,310

we're proposing yeah they get it

917

00:45:06,320 --> 00:45:04,830

approved it goes back down to two Luke

918

00:45:09,410 --> 00:45:06,330

Air Force Base and then they do the

919

00:45:11,599 --> 00:45:09,420

release well the Department of Defense

920

00:45:15,470 --> 00:45:11,609

has a thing called a global address book

921

00:45:17,060 --> 00:45:15,480

so when you on the inside in your you're

922

00:45:20,330 --> 00:45:17,070

there and you've got your catcard in

923

00:45:24,320 --> 00:45:20,340

your machine you can access everybody's

924

00:45:27,080 --> 00:45:24,330

email address so I knew who the PIO was

925

00:45:31,000 --> 00:45:27,090

I looked him up on a global and sent him

926

00:45:35,839 --> 00:45:31,010

an inquiry and kind of got stonewalled

927

00:45:37,339 --> 00:45:35,849

and then I got mad and I go stop making

928

00:45:39,500 --> 00:45:37,349

it I said immediately stop making us

929

00:45:41,210 --> 00:45:39,510

look stupid please you got to come up

930

00:45:44,720 --> 00:45:41,220

with something better than that or how

931

00:45:46,130 --> 00:45:44,730

about the truth and totally still was

932

00:45:48,589 --> 00:45:46,140

and I know other guys in the building

933

00:45:51,500 --> 00:45:48,599

did the same thing because it's like

934

00:45:53,270 --> 00:45:51,510

look it we know you've got to make

935

00:45:56,870 --> 00:45:53,280

something up but you're making us look

936

00:45:58,790 --> 00:45:56,880

really dumb yes oh stop it

937

00:46:00,349 --> 00:45:58,800

and and of course now they're gonna

938

00:46:03,380 --> 00:46:00,359

Stonewall us they won't talk to us but

939

00:46:05,450 --> 00:46:03,390

at least at least I got the satisfaction

940

00:46:08,510 --> 00:46:05,460

I got the bark at him at least once yeah

941

00:46:10,579 --> 00:46:08,520

yeah yeah that's right there was this

942

00:46:12,560 --> 00:46:10,589

story of a fighter pilot that went up

943

00:46:17,089 --> 00:46:12,570

and looked at it and he was absolutely

944

00:46:18,829 --> 00:46:17,099

shaken from what he saw and it would be

945

00:46:21,079 --> 00:46:18,839

so interesting to be able to figure out

946

00:46:24,349 --> 00:46:21,089

who that was and be able to talk to him

947

00:46:26,210 --> 00:46:24,359

that would be amazing that I'm sure

948

00:46:29,900 --> 00:46:26,220

that's a situation where he can't talk

949

00:46:31,250 --> 00:46:29,910

about it you know for because that I'm

950

00:46:34,690 --> 00:46:31,260

sure everything was top secret and

951
00:46:37,700 --> 00:46:34,700
classified with with what he saw that

952
00:46:39,680 --> 00:46:37,710
any way I can America anyway for the

953
00:46:42,890 --> 00:46:39,690
listener that's just first starting to

954
00:46:44,930 --> 00:46:42,900
listen and find out about this topic in

955
00:46:46,430 --> 00:46:44,940
general check out the Phoenix life

956
00:46:49,460 --> 00:46:46,440
there's a lot of really good information

957
00:46:52,250 --> 00:46:49,470
online about that there are a couple of

958
00:46:54,620 --> 00:46:52,260
movies that are are not exactly there

959
00:46:56,900 --> 00:46:54,630
they're kind of theatrical movies that

960
00:46:59,599 --> 00:46:56,910
is not really the real story but if you

961
00:47:01,609 --> 00:46:59,609
look into it you will see a lot of

962
00:47:03,470 --> 00:47:01,619
really good information on that so we

963
00:47:05,359 --> 00:47:03,480

have just a three minutes we'll start

964

00:47:09,770 --> 00:47:05,369

getting into before we go into break

965

00:47:11,660 --> 00:47:09,780

that is before before we do though going

966

00:47:13,609 --> 00:47:11,670

to break you want to start talking about

967

00:47:17,180 --> 00:47:13,619

Exeter you actually travel to Exeter New

968

00:47:20,510 --> 00:47:17,190

Hampshire I did yes I went to Exeter and

969

00:47:22,640 --> 00:47:20,520

I try to find some of the old the sites

970

00:47:25,430 --> 00:47:22,650

that were mentioned in incident at

971

00:47:27,800 --> 00:47:25,440

Exeter written by John fuller yeah yeah

972

00:47:30,560 --> 00:47:27,810

and and he wrote he wrote that whole

973

00:47:34,220 --> 00:47:30,570

story yeah and as far as witnesses I

974

00:47:36,230 --> 00:47:34,230

know the main witness died and I think

975

00:47:39,470 --> 00:47:36,240

in 2001 or something like that I can't

976
00:47:42,320 --> 00:47:39,480
remember exactly when Arthur witnesses

977
00:47:47,990 --> 00:47:42,330
left to actually talk to there yeah

978
00:47:52,550 --> 00:47:48,000
actually it turns out that Clyde Russell

979
00:47:54,560 --> 00:47:52,560
on the Russell farm and next door was a

980
00:47:58,310 --> 00:47:54,570
man by the name his last name was dining

981
00:48:02,180 --> 00:47:58,320
di ni ng and in between the Russell farm

982
00:48:05,839 --> 00:48:02,190
and a dining farm is a large horse

983
00:48:09,260 --> 00:48:05,849
pasture a couple of acres and on the

984
00:48:12,079 --> 00:48:09,270
night of in September 1965 Norman

985
00:48:13,480 --> 00:48:12,089
muscarello was walking up route 150

986
00:48:17,089 --> 00:48:13,490
going into Exeter he's hitchhiking

987
00:48:20,390 --> 00:48:17,099
coming from a friend's house and he got

988
00:48:24,079 --> 00:48:20,400

in front of the Russell farm house and

989

00:48:30,140 --> 00:48:24,089

up hovering over the garage and the

990

00:48:32,270 --> 00:48:30,150

house was a 90-foot UFO and I did my

991

00:48:35,390 --> 00:48:32,280

research and I found out where that

992

00:48:38,599 --> 00:48:35,400

house was and I eventually visited that

993

00:48:42,710 --> 00:48:38,609

in about 2008 and who did I find living

994

00:48:44,450 --> 00:48:42,720

there but Clyde Russell's son Arthur and

995

00:48:47,480 --> 00:48:44,460

Arthur knew the whole story

996

00:48:49,820 --> 00:48:47,490

mm-hmm and Clyde Russell and his family

997

00:48:52,070 --> 00:48:49,830

was made famous in the book in stood in

998

00:48:55,339 --> 00:48:52,080

an Exeter and when we come back from the

999

00:48:57,650 --> 00:48:55,349

break I can tell you about how I spent

1000

00:48:59,630 --> 00:48:57,660

the day with Clyde Russell and the

1001
00:49:02,390 --> 00:48:59,640
witness that he introduced me to that

1002
00:49:04,820 --> 00:49:02,400
gave me some additional information on

1003
00:49:06,650 --> 00:49:04,830
that particular incident

1004
00:49:08,870 --> 00:49:06,660
yeah that's really fascinating well

1005
00:49:11,630 --> 00:49:08,880
that's great okay everyone we're gonna

1006
00:49:13,520 --> 00:49:11,640
go into the break now and we'll be back

1007
00:49:15,040 --> 00:49:13,530
in just a few minutes so hang in there

1008
00:49:16,840 --> 00:49:15,050
all right welcome

1009
00:49:20,620 --> 00:49:16,850
Martin Willis my guest is raishin

1010
00:49:22,570 --> 00:49:20,630
shebanski she's met Shimon ski Szymanski

1011
00:49:24,370 --> 00:49:22,580
sorry ray I'm really having trouble

1012
00:49:30,160 --> 00:49:24,380
that's here we go this is how they this

1013
00:49:33,880 --> 00:49:30,170

is how they can spell it okay yeah

1014

00:49:34,810 --> 00:49:33,890

so ray we were used when we went in to

1015

00:49:39,130 --> 00:49:34,820

break you said that you're gonna

1016

00:49:43,510 --> 00:49:39,140

continue spent a day with the Sun from

1017

00:49:48,460 --> 00:49:43,520

incident Exeter one of the the farmhouse

1018

00:49:50,800 --> 00:49:48,470

right yeah in 1965 Norman muscarello was

1019

00:49:52,900 --> 00:49:50,810

trying to thumb a ride as he walked up

1020

00:49:55,780 --> 00:49:52,910

new hancher route 150 on his way back

1021

00:49:57,520 --> 00:49:55,790

home to Exeter and it was very very dark

1022

00:49:59,380 --> 00:49:57,530

and if I've actually been out on that

1023

00:50:01,600 --> 00:49:59,390

road at the same time of year with no

1024

00:50:03,580 --> 00:50:01,610

moon and you cannot see your hand in

1025

00:50:04,750 --> 00:50:03,590

front of your face so he's trying to

1026

00:50:06,400 --> 00:50:04,760

flag down a ride

1027

00:50:09,400 --> 00:50:06,410

he's now in front of the Russell farm

1028

00:50:13,030 --> 00:50:09,410

house and out behind a tree line pops

1029

00:50:16,360 --> 00:50:13,040

this object that Norman always called

1030

00:50:18,610 --> 00:50:16,370

that thing he never called it a craft he

1031

00:50:21,160 --> 00:50:18,620

never called it a UFO he always said

1032

00:50:23,620 --> 00:50:21,170

that thing and they had these lights on

1033

00:50:26,110 --> 00:50:23,630

it it was like a six five four three two

1034

00:50:27,910 --> 00:50:26,120

one one two three four five six and

1035

00:50:30,730 --> 00:50:27,920

that's the way the perdón was what it

1036

00:50:35,200 --> 00:50:30,740

was hovering just a few feet over the

1037

00:50:36,460 --> 00:50:35,210

farmhouse and and the garage so Norman

1038

00:50:38,800 --> 00:50:36,470

thinking this thing's gonna fall in

1039

00:50:41,680 --> 00:50:38,810

crush him runs across the row dives into

1040

00:50:44,590 --> 00:50:41,690

the narrow channel there and the UFO

1041

00:50:46,660 --> 00:50:44,600

backs off he makes it into Exeter police

1042

00:50:49,810 --> 00:50:46,670

station somebody actually picked him up

1043

00:50:52,570 --> 00:50:49,820

he was hysterical but I by the name of

1044

00:50:56,400 --> 00:50:52,580

Reginald scratch Tolan is the desk

1045

00:50:59,740 --> 00:50:56,410

sergeant Norman spits out this story and

1046

00:51:02,020 --> 00:50:59,750

he says to a guy by the name of Eugene

1047

00:51:04,150 --> 00:51:02,030

Bertrand a police officer who had just

1048

00:51:06,730 --> 00:51:04,160

come to check in he said Jean go out

1049

00:51:08,530 --> 00:51:06,740

there take them to that field check it

1050

00:51:10,690 --> 00:51:08,540

out and you know there's nothing there

1051
00:51:11,860 --> 00:51:10,700
come back so they get out there they're

1052
00:51:14,290 --> 00:51:11,870
out there for about five ten minutes

1053
00:51:16,540 --> 00:51:14,300
they don't see anything and now they

1054
00:51:19,510 --> 00:51:16,550
want to head out of that field and come

1055
00:51:22,450 --> 00:51:19,520
back to the squad car when that thing

1056
00:51:24,640 --> 00:51:22,460
reappears it hovers less than a hundred

1057
00:51:28,590 --> 00:51:24,650
feet over the head of police officer

1058
00:51:32,490 --> 00:51:28,600
Bertrand and Norman muscarello well

1059
00:51:35,490 --> 00:51:32,500
being a highly-trained defender of civil

1060
00:51:37,830 --> 00:51:35,500
liberties pulls out his revolver gets

1061
00:51:40,550 --> 00:51:37,840
down on one knee aims it at the craft

1062
00:51:45,240 --> 00:51:40,560
and then went no not today

1063
00:51:47,160 --> 00:51:45,250

real good move on yeah it was he grabs

1064

00:51:49,380 --> 00:51:47,170

Norman and they stay run to the squad

1065

00:51:51,630 --> 00:51:49,390

car and he gets on the squawky he goes

1066

00:51:54,270 --> 00:51:51,640

scrat's I see the sink I see the damn

1067

00:51:58,260 --> 00:51:54,280

thing myself well as he's talking to

1068

00:52:00,870 --> 00:51:58,270

scratch back at the office David Hunt

1069

00:52:03,000 --> 00:52:00,880

another patrolman pulls up they go back

1070

00:52:04,500 --> 00:52:03,010

into the field and now all three of them

1071

00:52:06,030 --> 00:52:04,510

watch as that thing heads out towards

1072

00:52:10,140 --> 00:52:06,040

the Atlantic Ocean yeah

1073

00:52:12,540 --> 00:52:10,150

so that's 1965 September

1074

00:52:15,780 --> 00:52:12,550

fast forward decades later I'm in the

1075

00:52:19,470 --> 00:52:15,790

Exeter area and I done my research and I

1076

00:52:22,860 --> 00:52:19,480

figured out do internet searches where

1077

00:52:26,040 --> 00:52:22,870

that farmhouse was now that'd be 65 75

1078

00:52:28,080 --> 00:52:26,050

85 95 oh five you know this is almost 50

1079

00:52:31,410 --> 00:52:28,090

years later I don't expect to find

1080

00:52:36,750 --> 00:52:31,420

anybody there who knows anything I get

1081

00:52:38,640 --> 00:52:36,760

there and who do I find is the son of

1082

00:52:40,590 --> 00:52:38,650

Clyde Russell who was there all those

1083

00:52:42,540 --> 00:52:40,600

years ago and it was made famous in the

1084

00:52:45,570 --> 00:52:42,550

book it's his son Arthur he's 80 years

1085

00:52:47,790 --> 00:52:45,580

old I tell Arthur who I am I'm an Air

1086

00:52:50,520 --> 00:52:47,800

Force guy I'm interested in a story what

1087

00:52:54,210 --> 00:52:50,530

does he know he walks me through the

1088

00:52:56,010 --> 00:52:54,220

entire story when you get my book you'll

1089

00:53:01,020 --> 00:52:56,020

see I've got a photo of Arthur in there

1090

00:53:03,030 --> 00:53:01,030

and he's actually pointing where Norman

1091

00:53:05,460 --> 00:53:03,040

was standing he's pointing to the place

1092

00:53:08,670 --> 00:53:05,470

where that UFO was hovering over their

1093

00:53:10,980 --> 00:53:08,680

farmhouse he toured me through the

1094

00:53:13,880 --> 00:53:10,990

property showed me where the UFO was

1095

00:53:16,860 --> 00:53:13,890

most likely hiding during the daytime

1096

00:53:19,830 --> 00:53:16,870

introduce me to neighbors who had

1097

00:53:22,380 --> 00:53:19,840

stories but couldn't come forward for

1098

00:53:26,190 --> 00:53:22,390

the author John fuller because they were

1099

00:53:30,210 --> 00:53:26,200

in positions of prominence one that he

1100

00:53:34,560 --> 00:53:30,220

introduced me to was the head teacher at

1101
00:53:38,280 --> 00:53:34,570
the Exeter Academy hmm prestigious

1102
00:53:39,740 --> 00:53:38,290
eating under me yeah it is he knew what

1103
00:53:42,420 --> 00:53:39,750
was going on but couldn't say anything

1104
00:53:45,480 --> 00:53:42,430
he eventually purchased

1105
00:53:48,900 --> 00:53:45,490
the dining farm now why is it important

1106
00:53:52,019 --> 00:53:48,910
because in the John fuller book he

1107
00:53:54,200 --> 00:53:52,029
describes the horses as were described

1108
00:53:59,970 --> 00:53:54,210
by the police officer in muscarello

1109
00:54:03,539 --> 00:53:59,980
making a huge noise in their barns like

1110
00:54:07,130 --> 00:54:03,549
they were kicking it in when I talked to

1111
00:54:11,609 --> 00:54:07,140
this former teacher at Exeter he told me

1112
00:54:14,490 --> 00:54:11,619
that when he bought the dining farm the

1113
00:54:17,190 --> 00:54:14,500

horse stables where the horses were was

1114

00:54:20,490 --> 00:54:17,200

still kicked in well it had never been

1115

00:54:23,160 --> 00:54:20,500

repaired and indeed that night when that

1116

00:54:25,859 --> 00:54:23,170

UFO was hovering over that farm field

1117

00:54:28,289 --> 00:54:25,869

over Norman and those two police

1118

00:54:31,289 --> 00:54:28,299

officers the horses were kicking in

1119

00:54:33,960 --> 00:54:31,299

their barns and he was the first guy to

1120

00:54:38,609 --> 00:54:33,970

verify that in an interview that I did

1121

00:54:40,650 --> 00:54:38,619

with him in 2008 Wow yeah so that was

1122

00:54:43,079 --> 00:54:40,660

one of my revelations I was like yeah

1123

00:54:44,279 --> 00:54:43,089

I'm not gonna find anything and yet I

1124

00:54:48,150 --> 00:54:44,289

got people who've come out of the

1125

00:54:50,670 --> 00:54:48,160

woodwork yeah I grew up oh I don't know

1126

00:54:53,970 --> 00:54:50,680

maybe 10 miles away from that area

1127

00:54:56,549 --> 00:54:53,980

vaguely remember hearing about it I was

1128

00:54:59,010 --> 00:54:56,559

on the main side but maybe 15 miles away

1129

00:55:00,839 --> 00:54:59,020

something like that I vaguely remember

1130

00:55:03,539 --> 00:55:00,849

hearing something about it but never

1131

00:55:06,120 --> 00:55:03,549

really you know looked into it of course

1132

00:55:07,650 --> 00:55:06,130

when I was growing up I I thought this

1133

00:55:10,920 --> 00:55:07,660

was an interesting topic but never

1134

00:55:13,109 --> 00:55:10,930

really looked into anything that now

1135

00:55:17,099 --> 00:55:13,119

there was a there was something about a

1136

00:55:19,620 --> 00:55:17,109

woman at a traffic circle also during

1137

00:55:22,230 --> 00:55:19,630

that incident right someone who hurt yes

1138

00:55:24,720 --> 00:55:22,240

I stopped or something yes he was

1139

00:55:26,640 --> 00:55:24,730

driving down the road and and John

1140

00:55:29,910 --> 00:55:26,650

Fuller's book the name of the road is

1141

00:55:32,420 --> 00:55:29,920

you know defined in there it came and

1142

00:55:34,980 --> 00:55:32,430

hovered over her car and her car stopped

1143

00:55:37,079 --> 00:55:34,990

and it floated out in front of her and

1144

00:55:39,960 --> 00:55:37,089

she got to witness it for several

1145

00:55:42,450 --> 00:55:39,970

minutes yeah and if you go through

1146

00:55:46,200 --> 00:55:42,460

Fuller's book there are dozens upon

1147

00:55:49,260 --> 00:55:46,210

dozens of of witnesses and in the end

1148

00:55:51,480 --> 00:55:49,270

Pease Air Force Base is within about 10

1149

00:55:53,940 --> 00:55:51,490

miles of there Norman and the police

1150

00:55:56,010 --> 00:55:53,950

officer saw this the the commander of

1151
00:55:56,349 --> 00:55:56,020
Pease came out and tried to tell the

1152
00:55:57,549 --> 00:55:56,359
people

1153
00:55:59,440 --> 00:55:57,559
who are gathering every night in the

1154
00:56:03,819 --> 00:55:59,450
field that what they were seeing were

1155
00:56:06,970 --> 00:56:03,829
tankers refueling airplanes yes yes I I

1156
00:56:08,499 --> 00:56:06,980
remember that that was their whole

1157
00:56:12,400 --> 00:56:08,509
reasoning behind you know their whole

1158
00:56:14,620 --> 00:56:12,410
two bunking of it and that that didn't

1159
00:56:17,400 --> 00:56:14,630
fit with any part of this really I mean

1160
00:56:19,870 --> 00:56:17,410
that's in a high altitude for one thing

1161
00:56:22,979 --> 00:56:19,880
you know when they refill they're not at

1162
00:56:26,109 --> 00:56:22,989
low altitude as far as I know you know

1163
00:56:29,769 --> 00:56:26,119

well tell the three tell the three

1164

00:56:32,470 --> 00:56:29,779

people including two police officers who

1165

00:56:34,539 --> 00:56:32,480

saw this thing hovering a hundred feet

1166

00:56:36,430 --> 00:56:34,549

and when to air force when the Air Force

1167

00:56:38,620 --> 00:56:36,440

tried to debunk those two police

1168

00:56:41,829 --> 00:56:38,630

officers one of whom was retired Air

1169

00:56:44,140 --> 00:56:41,839

Force when the Air Force tried to debunk

1170

00:56:46,690 --> 00:56:44,150

those guys they wrote the Air Force an

1171

00:56:47,950 --> 00:56:46,700

angry letter back I never heard that

1172

00:56:51,729 --> 00:56:47,960

part yeah

1173

00:56:54,609 --> 00:56:51,739

yes so yeah that's a that's a great

1174

00:56:57,180 --> 00:56:54,619

story and they they that's one of the

1175

00:56:59,829 --> 00:56:57,190

the real good ones and I've gone to the

1176

00:57:02,769 --> 00:56:59,839

celebration of that they have is put on

1177

00:57:05,400 --> 00:57:02,779

by something like the Lions Club or or

1178

00:57:07,539 --> 00:57:05,410

something like that every year their

1179

00:57:09,940 --> 00:57:07,549

speakers come in from all over

1180

00:57:11,710 --> 00:57:09,950

it's always fun and it's still not that

1181

00:57:13,569 --> 00:57:11,720

far of a drive from where I live

1182

00:57:16,210 --> 00:57:13,579

I've gone there a number of times and

1183

00:57:20,920 --> 00:57:16,220

last time I went Stan Freeman was there

1184

00:57:24,309 --> 00:57:20,930

and I you know as many times as I've

1185

00:57:26,979 --> 00:57:24,319

heard him speaking in person and on this

1186

00:57:30,249 --> 00:57:26,989

show I always loved hearing hearing him

1187

00:57:33,940 --> 00:57:30,259

talk he's great he was great he was big

1188

00:57:37,109 --> 00:57:33,950

loss but is there anything else you can

1189

00:57:39,220 --> 00:57:37,119

add about this particular sighting that

1190

00:57:43,630 --> 00:57:39,230

you found out while you're researching

1191

00:57:45,640 --> 00:57:43,640

it yeah it's just that and I have talked

1192

00:57:48,160 --> 00:57:45,650

to some other folks who actually were

1193

00:57:51,130 --> 00:57:48,170

witnesses to it and tried to avoid the

1194

00:57:54,460 --> 00:57:51,140

limelight none really wanted to talk on

1195

00:57:58,180 --> 00:57:54,470

record and I thought that you know the

1196

00:58:01,180 --> 00:57:58,190

fact that they hid and the community

1197

00:58:03,519 --> 00:58:01,190

knew but I'll tell you a little incident

1198

00:58:08,109 --> 00:58:03,529

that happened in time I had been there

1199

00:58:10,150 --> 00:58:08,119

well yes that's right very good just to

1200

00:58:17,380 --> 00:58:10,160

let you know that it was still in the

1201
00:58:20,430 --> 00:58:17,390
consciousness of those people I was

1202
00:58:23,410 --> 00:58:20,440
there at night and I was investigating

1203
00:58:24,940 --> 00:58:23,420
and on my last night's investigation I

1204
00:58:30,850 --> 00:58:24,950
had parked where I had been on a couple

1205
00:58:32,800 --> 00:58:30,860
of other nights when I went to park in

1206
00:58:37,230 --> 00:58:32,810
my parking place which is this little

1207
00:58:42,550 --> 00:58:37,240
cleared moat area someone had parked a

1208
00:58:46,540 --> 00:58:42,560
25 foot long Komatsu front loader along

1209
00:58:50,440 --> 00:58:46,550
with road scraping equipment brushes and

1210
00:58:53,350 --> 00:58:50,450
everything else and I thought I'm being

1211
00:58:57,970 --> 00:58:53,360
warned away these people don't want me

1212
00:59:01,060 --> 00:58:57,980
to park here so I squeezed my car my

1213
00:59:02,620 --> 00:59:01,070

rental car in between the front loader

1214

00:59:05,170 --> 00:59:02,630

and all the stuff they had scattered on

1215

00:59:08,620 --> 00:59:05,180

that grassy area and the tree line and

1216

00:59:13,140 --> 00:59:08,630

while I was sitting there I took a photo

1217

00:59:17,260 --> 00:59:13,150

of of the stuff for posterity I hear a

1218

00:59:18,850 --> 00:59:17,270

female voice coming through the window

1219

00:59:22,510 --> 00:59:18,860

of the driver's window I've now parked

1220

00:59:26,020 --> 00:59:22,520

the road is on my left and a woman's

1221

00:59:28,090 --> 00:59:26,030

voice says hi now it was so dark Martin

1222

00:59:30,880 --> 00:59:28,100

I couldn't see in front of my face and

1223

00:59:34,270 --> 00:59:30,890

so it was just a disembodied voice so I

1224

00:59:37,120 --> 00:59:34,280

said hi and the lady says well what are

1225

00:59:40,720 --> 00:59:37,130

you doing here now you imagine my shock

1226

00:59:44,380 --> 00:59:40,730

I did not see or hear a car pull up next

1227

00:59:47,110 --> 00:59:44,390

to me so maybe she just snuck up on foot

1228

00:59:50,910 --> 00:59:47,120

I don't know but I couldn't tell because

1229

00:59:53,200 --> 00:59:50,920

I couldn't see three feet so I said oh

1230

00:59:54,450 --> 00:59:53,210

quit you know my name is racer Man Singh

1231

00:59:56,500 --> 00:59:54,460

if I'm the Air Force I'm here to

1232

00:59:59,190 --> 00:59:56,510

reinvestigate this thing and I want to

1233

01:00:02,560 --> 00:59:59,200

see what it was like that night more uh

1234

01:00:05,940 --> 01:00:02,570

Norman was here and she stops she cuts

1235

01:00:09,400 --> 01:00:05,950

me off she said they're not coming back

1236

01:00:15,310 --> 01:00:09,410

there's nothing here for you to see you

1237

01:00:18,940 --> 01:00:15,320

need to leave hmm now imagine what's

1238

01:00:20,470 --> 01:00:18,950

going through my mind it's late at night

1239

01:00:23,890 --> 01:00:20,480

or early in the morning take your choice

1240

01:00:28,559 --> 01:00:23,900

and I have a female

1241

01:00:31,920 --> 01:00:28,569

on a lonely country single lane road

1242

01:00:36,099 --> 01:00:31,930

telling me to leave the area

1243

01:00:37,690 --> 01:00:36,109

hmm now I like alright you got a female

1244

01:00:38,710 --> 01:00:37,700

voice but you could be some hulking

1245

01:00:41,380 --> 01:00:38,720

person with a gun

1246

01:00:43,599 --> 01:00:41,390

I don't know cuz I can't see you so I

1247

01:00:45,819 --> 01:00:43,609

thought well maybe she didn't understand

1248

01:00:47,410 --> 01:00:45,829

what I said the first time so I went

1249

01:00:50,069 --> 01:00:47,420

through my story again that she cuts me

1250

01:00:53,259 --> 01:00:50,079

off and said they're not coming back

1251
01:01:00,809 --> 01:00:53,269
there's nothing here for you to see you

1252
01:01:03,640 --> 01:01:00,819
need to leave weird hmm so long I had

1253
01:01:05,920 --> 01:01:03,650
I'm sorry it's generally a very friendly

1254
01:01:08,559 --> 01:01:05,930
area very friendly people in the whole

1255
01:01:13,420 --> 01:01:08,569
area there so yeah that does sound kind

1256
01:01:15,009 --> 01:01:13,430
of strange I had waited years to go

1257
01:01:16,749 --> 01:01:15,019
there and do the investigation I'd spent

1258
01:01:19,150 --> 01:01:16,759
a couple years just research again

1259
01:01:21,039 --> 01:01:19,160
knowing I had few days and exactly what

1260
01:01:23,620 --> 01:01:21,049
I was going to do now I grew up in

1261
01:01:25,660 --> 01:01:23,630
Detroit now I'm pretty tough I spent a

1262
01:01:27,670 --> 01:01:25,670
lot of time on the streets five brothers

1263
01:01:28,329 --> 01:01:27,680

you know tons of buds in the

1264

01:01:31,239 --> 01:01:28,339

neighborhood

1265

01:01:35,019 --> 01:01:31,249

and I thought to myself you know you've

1266

01:01:40,289 --> 01:01:35,029

waited all this time to do this are you

1267

01:01:43,950 --> 01:01:40,299

gonna let some disembodied female voice

1268

01:01:48,519 --> 01:01:43,960

scare you away so you know what I did

1269

01:01:49,510 --> 01:01:48,529

what I got my skinny Detroit butt out of

1270

01:01:53,370 --> 01:01:49,520

there as fast as I could

1271

01:01:56,589 --> 01:01:53,380

[Laughter]

1272

01:01:59,170 --> 01:01:56,599

did you actually now if you go over to

1273

01:02:01,870 --> 01:01:59,180

peas now peas has all taken apart and

1274

01:02:04,769 --> 01:02:01,880

it's a you know a commercial building

1275

01:02:07,690 --> 01:02:04,779

but there's no way you could actually

1276

01:02:09,190 --> 01:02:07,700

Speak with anyone over there but I'm

1277

01:02:11,140 --> 01:02:09,200

wonder if there was ever record now I

1278

01:02:15,069 --> 01:02:11,150

know what Betty and Barney Hill who was

1279

01:02:18,069 --> 01:02:15,079

actually a record at Pease Air Force

1280

01:02:21,130 --> 01:02:18,079

Base did you were you able to research

1281

01:02:24,579 --> 01:02:21,140

or try to research any documents on this

1282

01:02:26,680 --> 01:02:24,589

as far as no but but again when you read

1283

01:02:29,890 --> 01:02:26,690

my book my first book what you're going

1284

01:02:33,999 --> 01:02:29,900

to find out is is that during the time

1285

01:02:38,020 --> 01:02:34,009

of the incident at Exeter Pease Air

1286

01:02:40,570 --> 01:02:38,030

Force Base was home to the 509

1287

01:02:44,110 --> 01:02:40,580

bomb group does that sound familiar to

1288

01:02:46,510 --> 01:02:44,120

you yeah they're the same group from

1289

01:02:49,450 --> 01:02:46,520

Roswell who dropped the atomic bombs

1290

01:02:53,260 --> 01:02:49,460

well they had been transferred to peas

1291

01:02:55,180 --> 01:02:53,270

and so peas restoring nuclear weapons so

1292

01:02:57,360 --> 01:02:55,190

if you want to know what the UFOs were

1293

01:03:00,040 --> 01:02:57,370

doing around that area at the time a

1294

01:03:01,990 --> 01:03:00,050

really good guess would be they're

1295

01:03:04,360 --> 01:03:02,000

checking up on the nukes that piece was

1296

01:03:07,000 --> 01:03:04,370

housing well do you know where where I

1297

01:03:09,600 --> 01:03:07,010

grew up I grew up on top of a hill

1298

01:03:14,260 --> 01:03:09,610

called Winter Hill it was a property

1299

01:03:18,070 --> 01:03:14,270

that was a single farmhouse on top of a

1300

01:03:21,010 --> 01:03:18,080

hill overlooking the river and directly

1301

01:03:23,080 --> 01:03:21,020

looking at Pease Air Force Base so I

1302

01:03:25,540 --> 01:03:23,090

could sit on my porch or sit on the

1303

01:03:27,580 --> 01:03:25,550

upper Hill and my sisters and I often

1304

01:03:29,740 --> 01:03:27,590

did because we saw like weather balloons

1305

01:03:31,930 --> 01:03:29,750

and stuff like that from there and we

1306

01:03:35,140 --> 01:03:31,940

would watch the planes land over a piece

1307

01:03:37,810 --> 01:03:35,150

it was probably as the crow flies as

1308

01:03:40,390 --> 01:03:37,820

they say probably five miles away but

1309

01:03:43,360 --> 01:03:40,400

you still could see them coming out you

1310

01:03:45,010 --> 01:03:43,370

know landing and and flying and anytime

1311

01:03:46,420 --> 01:03:45,020

there was the Blue Angels there or

1312

01:03:49,930 --> 01:03:46,430

something like that it was a lot of fun

1313

01:03:52,780 --> 01:03:49,940

living where we did and there was also a

1314

01:03:54,640 --> 01:03:52,790

crash I remember being sitting at the

1315

01:03:56,620 --> 01:03:54,650

dinner table and all of a sudden the

1316

01:03:59,440 --> 01:03:56,630

lamp on the ceiling moving back and

1317

01:04:03,580 --> 01:03:59,450

forth it was a crash f18 or something

1318

01:04:05,920 --> 01:04:03,590

like that but it's funny when in the 60s

1319

01:04:08,950 --> 01:04:05,930

back then when there was I guess there

1320

01:04:10,000 --> 01:04:08,960

was a UFO wave or a flap in that whole

1321

01:04:11,890 --> 01:04:10,010

area

1322

01:04:16,270 --> 01:04:11,900

I do remember sitting out with my

1323

01:04:18,940 --> 01:04:16,280

sisters on the lawn we were looking for

1324

01:04:20,770 --> 01:04:18,950

UFOs and then you know over the years I

1325

01:04:23,530 --> 01:04:20,780

kind of forgot about all that until I

1326

01:04:26,490 --> 01:04:23,540

actually had a sighting but have you

1327

01:04:27,610 --> 01:04:26,500

yourself ever had any type of sighting a

1328

01:04:34,750 --> 01:04:27,620

sighting

1329

01:04:36,880 --> 01:04:34,760

momentarily there I've actually had one

1330

01:04:39,880 --> 01:04:36,890

that I can say a hundred percent for

1331

01:04:42,580 --> 01:04:39,890

sure was not ours and then I had one at

1332

01:04:47,710 --> 01:04:42,590

long distance so the most important one

1333

01:04:49,810 --> 01:04:47,720

was 2011 first week of December I was

1334

01:04:51,940 --> 01:04:49,820

coming back from a physical therapy

1335

01:04:55,599 --> 01:04:51,950

appointment because I'd been in the

1336

01:04:57,490 --> 01:04:55,609

rekka you earlier and I was kind of you

1337

01:04:59,800 --> 01:04:57,500

know on the men so I was coming home and

1338

01:05:01,660 --> 01:04:59,810

we had a really low ceiling you know

1339

01:05:05,579 --> 01:05:01,670

some days we get a ceiling here 100 feet

1340

01:05:08,829 --> 01:05:05,589

and I was coming home and something

1341

01:05:11,980 --> 01:05:08,839

light broke it was a very overcast low

1342

01:05:15,160 --> 01:05:11,990

low ceiling but a shadowy thing broke

1343

01:05:17,829 --> 01:05:15,170

the light of my moon roof and I only

1344

01:05:19,780 --> 01:05:17,839

live a few miles from my patterson so

1345

01:05:23,319 --> 01:05:19,790

I'm used to that happening all the time

1346

01:05:26,650 --> 01:05:23,329

of planes coming in especially now with

1347

01:05:29,230 --> 01:05:26,660

you know with the war going on and but

1348

01:05:32,349 --> 01:05:29,240

the thing that struck me is is despite

1349

01:05:34,569 --> 01:05:32,359

the fact that the window was closed my

1350

01:05:37,240 --> 01:05:34,579

shade was pulled open but I didn't hear

1351
01:05:40,480 --> 01:05:37,250
a noise and usually you know I got a c5

1352
01:05:43,359 --> 01:05:40,490
going over the car shake so I thought it

1353
01:05:45,670 --> 01:05:43,369
was unusual and I could just tell by the

1354
01:05:47,260 --> 01:05:45,680
way the light happened that it was gonna

1355
01:05:49,690 --> 01:05:47,270
come down and I could look to the front

1356
01:05:53,079 --> 01:05:49,700
windshield and and when I looked down I

1357
01:05:55,470 --> 01:05:53,089
am I'm trying to stop for traffic at a

1358
01:06:01,750 --> 01:05:55,480
traffic light and what I eventually

1359
01:06:05,309 --> 01:06:01,760
estimated to be a 90 foot wide craft I

1360
01:06:09,240 --> 01:06:05,319
got about a seven-second look on it and

1361
01:06:12,579 --> 01:06:09,250
in my first book alien shades of Gray's

1362
01:06:14,740 --> 01:06:12,589
there is a photograph of that

1363
01:06:18,250 --> 01:06:14,750

intersection and I took a graphics

1364

01:06:20,829 --> 01:06:18,260

program and I drew in what I saw and I

1365

01:06:25,230 --> 01:06:20,839

saw the tail end of this craft which was

1366

01:06:30,730 --> 01:06:25,240

about 90 foot long so that's that's a

1367

01:06:33,819 --> 01:06:30,740

100% no doubt it wasn't ours and then a

1368

01:06:35,950 --> 01:06:33,829

handful of years earlier I was doing

1369

01:06:37,930 --> 01:06:35,960

some satellite watching using the

1370

01:06:39,309 --> 01:06:37,940

heavens above website you know tells you

1371

01:06:42,910 --> 01:06:39,319

where all the satellites are gonna be

1372

01:06:44,770 --> 01:06:42,920

right and um it was July was beautiful

1373

01:06:46,510 --> 01:06:44,780

crisp clear I was looking to the west

1374

01:06:50,079 --> 01:06:46,520

and it was this big bright satellite

1375

01:06:54,220 --> 01:06:50,089

command and then I realized it had two

1376

01:06:57,900 --> 01:06:54,230

objects with it so they kind of form

1377

01:07:01,359 --> 01:06:57,910

like an angle like this so you had one

1378

01:07:05,550 --> 01:07:01,369

super bright object here the satellite

1379

01:07:07,950 --> 01:07:05,560

in the middle and down here was another

1380

01:07:12,870 --> 01:07:07,960

four bright object and they tracked

1381

01:07:15,840 --> 01:07:12,880

across the sky as one and um it was it

1382

01:07:17,220 --> 01:07:15,850

was mind-blowing but it was obviously up

1383

01:07:19,770 --> 01:07:17,230

at the height of the satellite but a

1384

01:07:22,320 --> 01:07:19,780

mansion you know if the satellites

1385

01:07:26,520 --> 01:07:22,330

supposed to be there by itself what's

1386

01:07:28,590 --> 01:07:26,530

next to it yeah and it it definitely was

1387

01:07:30,930 --> 01:07:28,600

not the Space Station because I checked

1388

01:07:32,400 --> 01:07:30,940

all the you know sites and you know was

1389

01:07:35,130 --> 01:07:32,410

on the other side of planet Earth at

1390

01:07:37,920 --> 01:07:35,140

that time so there is no explanation

1391

01:07:40,350 --> 01:07:37,930

that I have for those three lights and

1392

01:07:41,280 --> 01:07:40,360

that the two that were kind of like

1393

01:07:47,090 --> 01:07:41,290

escorting it

1394

01:07:50,790 --> 01:07:47,100

we're like arc welding intensity Wow and

1395

01:07:52,650 --> 01:07:50,800

the other standard yeah reflective

1396

01:07:55,230 --> 01:07:52,660

satellite kind of stuff Wow

1397

01:07:57,540 --> 01:07:55,240

you know I know that um a lot of times

1398

01:08:00,120 --> 01:07:57,550

you will see a pretty sometimes you will

1399

01:08:03,560 --> 01:08:00,130

see a fairly bright reflection I'm sure

1400

01:08:07,230 --> 01:08:03,570

you know that from the Sun as a

1401

01:08:09,900 --> 01:08:07,240

satellites going but it goes out

1402

01:08:13,350 --> 01:08:09,910

eventually or dims or you know as its

1403

01:08:15,870 --> 01:08:13,360

passing through the shadow of our planet

1404

01:08:18,750 --> 01:08:15,880

there some of Bobby had sent me Bobby

1405

01:08:22,200 --> 01:08:18,760

whose calls in now and then from North

1406

01:08:25,140 --> 01:08:22,210

Carolina had sent me a video that as an

1407

01:08:27,180 --> 01:08:25,150

astronomer took of the moon I'm gonna

1408

01:08:29,099 --> 01:08:27,190

look into it more it looks pretty

1409

01:08:30,980 --> 01:08:29,109

amazing but I don't know what it is

1410

01:08:33,140 --> 01:08:30,990

it almost looks like a fleet of UFOs

1411

01:08:35,700 --> 01:08:33,150

going over the surface of the Moon

1412

01:08:37,620 --> 01:08:35,710

shadowing shadows across the moon and

1413

01:08:39,630 --> 01:08:37,630

everything it's pretty interesting again

1414

01:08:41,910 --> 01:08:39,640

yeah that's been debunked I was just

1415

01:08:45,440 --> 01:08:41,920

gonna say again there's so much CGI out

1416

01:08:48,990 --> 01:08:45,450

there is that what it is is a CGI ownio

1417

01:08:53,780 --> 01:08:49,000

Mark Dantonio who's a CGI world-class

1418

01:08:57,090 --> 01:08:53,790

expert he he'd debunk it and in in a

1419

01:08:59,400 --> 01:08:57,100

massive massive amounts of technical

1420

01:09:02,340 --> 01:08:59,410

detail mark will make your head spin ya

1421

01:09:04,800 --> 01:09:02,350

know I've known 20 years yeah yeah he

1422

01:09:05,610 --> 01:09:04,810

went every aspect of it and he flat-out

1423

01:09:08,340 --> 01:09:05,620

debunked it

1424

01:09:10,470 --> 01:09:08,350

oh that it's good to know so another one

1425

01:09:11,849 --> 01:09:10,480

Bobby sent me this is like the second or

1426

01:09:16,590 --> 01:09:11,859

third one he sent me has been debunked

1427

01:09:19,139 --> 01:09:16,600

by Mark but yeah that's it's well done

1428

01:09:21,569 --> 01:09:19,149

for the average person you

1429

01:09:24,569 --> 01:09:21,579

that is skimming through YouTube and I

1430

01:09:27,959 --> 01:09:24,579

say watcher beware if you're looking

1431

01:09:28,469 --> 01:09:27,969

through YouTube this this is how I'd put

1432

01:09:31,019 --> 01:09:28,479

it

1433

01:09:34,229 --> 01:09:31,029

I would say that UFO videos on YouTube

1434

01:09:37,469 --> 01:09:34,239

are guilty till proven innocent it's the

1435

01:09:40,109 --> 01:09:37,479

best way you can put it really I

1436

01:09:42,089 --> 01:09:40,119

wouldn't trust that's right yeah I

1437

01:09:44,549 --> 01:09:42,099

wouldn't trust too many of them don't ya

1438

01:09:47,249 --> 01:09:44,559

don't ya waste your time he's a good

1439

01:09:48,779 --> 01:09:47,259

Stanton Friedman book you know don't

1440

01:09:49,229 --> 01:09:48,789

waste your time on YouTube you drive me

1441

01:09:51,779 --> 01:09:49,239

nuts

1442

01:09:54,659 --> 01:09:51,789

yeah that's right that's right so let's

1443

01:09:57,029 --> 01:09:54,669

let's talk about I don't know you said

1444

01:09:59,790 --> 01:09:57,039

you'd also have Travis Walton in that

1445

01:10:02,279 --> 01:09:59,800

book as well I've known Travis for

1446

01:10:04,500 --> 01:10:02,289

several years he's someone that I

1447

01:10:06,959 --> 01:10:04,510

actually trust and have looked I to I

1448

01:10:08,879 --> 01:10:06,969

and had a discussion with many

1449

01:10:10,500 --> 01:10:08,889

discussions with him and I'm I know you

1450

01:10:14,369 --> 01:10:10,510

did too so let's talk about your

1451

01:10:16,949 --> 01:10:14,379

situation with Travis well I was at the

1452

01:10:19,049 --> 01:10:16,959

International UFO Congress and I met

1453

01:10:23,250 --> 01:10:19,059

Jennifer Stein and she had just wrapped

1454

01:10:26,790 --> 01:10:23,260

a movie Travis yeah and I had told her

1455

01:10:30,419 --> 01:10:26,800

that I was a photographer and I was

1456

01:10:32,549 --> 01:10:30,429

going I didn't have the GPS coordinates

1457

01:10:34,770 --> 01:10:32,559

of Travis's site but I'd researched it

1458

01:10:36,929 --> 01:10:34,780

for a couple of years and I had a pretty

1459

01:10:39,869 --> 01:10:36,939

good idea that I could find it on my own

1460

01:10:41,429 --> 01:10:39,879

and she said you know what I was gonna

1461

01:10:42,689 --> 01:10:41,439

ask me what I was gonna do up there and

1462

01:10:44,790 --> 01:10:42,699

I said well I just want to do some

1463

01:10:46,290 --> 01:10:44,800

research I I like to go and you know

1464

01:10:50,129 --> 01:10:46,300

kind of get the feel of the site I want

1465

01:10:52,949 --> 01:10:50,139

to look around and she said well um if

1466

01:10:55,560 --> 01:10:52,959

you would do me a favor and take some

1467

01:10:57,839 --> 01:10:55,570

photos of these tree stumps up there I

1468

01:11:03,029 --> 01:10:57,849

know somebody who can help you find the

1469

01:11:04,439 --> 01:11:03,039

site so I said sure I could use some

1470

01:11:08,369 --> 01:11:04,449

help next thing I know she's yelling

1471

01:11:10,020 --> 01:11:08,379

over hey Travis get over here and Travis

1472

01:11:12,270 --> 01:11:10,030

was down the other end of the table we

1473

01:11:14,310 --> 01:11:12,280

were all eating dinner and so he comes

1474

01:11:16,409 --> 01:11:14,320

up she introduces me and a couple days

1475

01:11:19,439 --> 01:11:16,419

later Travis and I I got him in the back

1476

01:11:22,020 --> 01:11:19,449

of my 4x4 and we're driving through the

1477

01:11:24,389 --> 01:11:22,030

apache-sitgreaves National Forest and

1478

01:11:28,290 --> 01:11:24,399

he's directing me right to the site of

1479

01:11:32,129 --> 01:11:28,300

his incident so we spent the very cold

1480

01:11:32,630 --> 01:11:32,139

February afternoon he's showing me where

1481

01:11:35,030 --> 01:11:32,640

the

1482

01:11:37,700 --> 01:11:35,040

was and what tree stumps to shoot and

1483

01:11:40,850 --> 01:11:37,710

eventually the the little research

1484

01:11:43,340 --> 01:11:40,860

project that I did for for Jennifer got

1485

01:11:47,570 --> 01:11:43,350

incorporated into the movie Travis I

1486

01:11:51,350 --> 01:11:47,580

mean in fact Fermi did this have to do

1487

01:11:54,740 --> 01:11:51,360

with the unusual tree rings yes the

1488

01:11:57,500 --> 01:11:54,750

growth is exponentially larger for each

1489

01:11:59,480 --> 01:11:57,510

of the trees in the direction of where

1490

01:12:02,630 --> 01:11:59,490

the UFO was hovering it was like a

1491

01:12:03,950 --> 01:12:02,640

magnet like it it sucked the the trees

1492

01:12:06,410 --> 01:12:03,960

toward there and now I did a lot of

1493

01:12:11,990 --> 01:12:06,420

research about what can cause that and

1494

01:12:14,600 --> 01:12:12,000

it turns out that for any of the reasons

1495

01:12:17,060 --> 01:12:14,610

the the natural reasons to actually

1496

01:12:18,230 --> 01:12:17,070

cover it the growth would have to be in

1497

01:12:23,360 --> 01:12:18,240

the same direction

1498

01:12:26,500 --> 01:12:23,370

it'd be like water availability wind you

1499

01:12:29,120 --> 01:12:26,510

know several other natural phenomena but

1500

01:12:32,570 --> 01:12:29,130

since they were growing towards a

1501
01:12:35,630 --> 01:12:32,580
centroid a center point you could throw

1502
01:12:37,820 --> 01:12:35,640
all of those excuses out the window so I

1503
01:12:41,600 --> 01:12:37,830
I went up there were Travis we spent the

1504
01:12:43,250 --> 01:12:41,610
day doing that and then it was really

1505
01:12:45,560 --> 01:12:43,260
weird was getting laid the Sun was going

1506
01:12:48,530 --> 01:12:45,570
down and we're standing at the point

1507
01:12:50,450 --> 01:12:48,540
where it happened and he started telling

1508
01:12:52,040 --> 01:12:50,460
me about it and he said he said could

1509
01:12:54,440 --> 01:12:52,050
you see that road down there and I said

1510
01:12:56,450 --> 01:12:54,450
what kind of David goes well it's really

1511
01:12:58,760 --> 01:12:56,460
not used anymore because that was an old

1512
01:13:00,170 --> 01:12:58,770
logging road says we were coming up that

1513
01:13:01,760 --> 01:13:00,180

road he goes and we were looking in this

1514

01:13:04,460 --> 01:13:01,770

direction because we thought we saw a

1515

01:13:06,710 --> 01:13:04,470

forest fire and he's pointing and he's

1516

01:13:07,940 --> 01:13:06,720

telling me now I'd spent that afternoon

1517

01:13:11,060 --> 01:13:07,950

you know with a ladder

1518

01:13:13,700 --> 01:13:11,070

scraping chiseling ice off of these tree

1519

01:13:15,470 --> 01:13:13,710

stumps and taking photos and logging in

1520

01:13:18,230 --> 01:13:15,480

my book and drawing them and you know

1521

01:13:20,510 --> 01:13:18,240

doing the researching thing and he

1522

01:13:23,330 --> 01:13:20,520

starts to tell me this story and it was

1523

01:13:26,900 --> 01:13:23,340

just like I don't know I'm one of those

1524

01:13:30,560 --> 01:13:26,910

holy moments and he's telling me the

1525

01:13:32,150 --> 01:13:30,570

story about driving up and how he got

1526

01:13:35,540 --> 01:13:32,160

out and everything that happened and

1527

01:13:38,870 --> 01:13:35,550

there I am at the site with the guy and

1528

01:13:40,910 --> 01:13:38,880

he's telling me the story and you know

1529

01:13:43,760 --> 01:13:40,920

then I get to look him in the eyes that

1530

01:13:46,760 --> 01:13:43,770

like ask him a couple questions and you

1531

01:13:50,040 --> 01:13:46,770

can see him relive

1532

01:13:52,590 --> 01:13:50,050

right there and of course you know I

1533

01:13:54,450 --> 01:13:52,600

include that in in alien shades of

1534

01:13:56,670 --> 01:13:54,460

Gray's and some other things you know

1535

01:13:59,430 --> 01:13:56,680

because Travis can be a funny guy and we

1536

01:14:01,380 --> 01:13:59,440

had some funny things happen and and you

1537

01:14:03,150 --> 01:14:01,390

know there's more to Travis than just

1538

01:14:05,700 --> 01:14:03,160

that incident oh yeah and I include a

1539

01:14:08,370 --> 01:14:05,710

lot of that in the chapter I found

1540

01:14:11,490 --> 01:14:08,380

Travis to be very intelligent first of

1541

01:14:12,930 --> 01:14:11,500

all and I've had many conversations with

1542

01:14:15,690 --> 01:14:12,940

him that had nothing to do with his

1543

01:14:18,750 --> 01:14:15,700

incident and yeah he's he's really

1544

01:14:21,120 --> 01:14:18,760

there's there is a lot of layers to that

1545

01:14:25,110 --> 01:14:21,130

onion when it comes to Travis he's he's

1546

01:14:29,040 --> 01:14:25,120

very very interesting guy and and you

1547

01:14:31,140 --> 01:14:29,050

know I mean the thing that I I got out

1548

01:14:32,820 --> 01:14:31,150

of that the whole incident or whatever

1549

01:14:36,000 --> 01:14:32,830

that the two things that I think are

1550

01:14:39,720 --> 01:14:36,010

really strange is or whatever is the

1551

01:14:43,110 --> 01:14:39,730

eyes of the aliens if you want to call

1552

01:14:45,570 --> 01:14:43,120

them aliens whatever they were that was

1553

01:14:48,900 --> 01:14:45,580

the the scariest part for him he said

1554

01:14:51,570 --> 01:14:48,910

that the eyes were you know just staring

1555

01:14:55,410 --> 01:14:51,580

at him just scared the heck out of him

1556

01:14:56,640 --> 01:14:55,420

you know and and I also asked him I

1557

01:14:59,790 --> 01:14:56,650

don't know if you asked him about the

1558

01:15:02,340 --> 01:14:59,800

movie fire in the sky what he thought

1559

01:15:03,450 --> 01:15:02,350

about it did you talk to him about the

1560

01:15:06,140 --> 01:15:03,460

movie because I know there was some

1561

01:15:10,830 --> 01:15:06,150

definite differences in the real story

1562

01:15:12,810 --> 01:15:10,840

yeah I think what I remember is first of

1563

01:15:15,900 --> 01:15:12,820

all he told me he had a cameo in it and

1564

01:15:18,510 --> 01:15:15,910

where to find it so there's a whole town

1565

01:15:19,770 --> 01:15:18,520

meet there's a town meeting and he's in

1566

01:15:22,950 --> 01:15:19,780

the back of the room in the I they

1567

01:15:25,740 --> 01:15:22,960

actually a pan across and so he's in the

1568

01:15:28,500 --> 01:15:25,750

movie I never knew that doesn't yes he

1569

01:15:31,790 --> 01:15:28,510

he doesn't he did a cameo and then he

1570

01:15:33,360 --> 01:15:31,800

just told me that it was a very loose

1571

01:15:35,850 --> 01:15:33,370

Hollywood ization

1572

01:15:39,270 --> 01:15:35,860

of the story and he you know he was

1573

01:15:42,990 --> 01:15:39,280

happy that it got attention but you know

1574

01:15:44,790 --> 01:15:43,000

the core story is good they just played

1575

01:15:47,850 --> 01:15:44,800

loosey-goosey with a lot of the facts

1576

01:15:50,010 --> 01:15:47,860

yeah and the fact that you know he

1577

01:15:50,730 --> 01:15:50,020

thought he was on board for such a short

1578

01:15:53,370 --> 01:15:50,740

period of time

1579

01:15:56,550 --> 01:15:53,380

and it was five days he was missing

1580

01:15:59,790 --> 01:15:56,560

right five days days yeah five days yeah

1581

01:16:02,189 --> 01:15:59,800

and do you agree that you think

1582

01:16:07,049 --> 01:16:02,199

that's a solid story I mean solid to me

1583

01:16:10,680 --> 01:16:07,059

I tell everybody that the Travis Walton

1584

01:16:13,669 --> 01:16:10,690

story is in the top three if not number

1585

01:16:16,200 --> 01:16:13,679

one and you know I I'm a believer in

1586

01:16:18,299 --> 01:16:16,210

hypnotic regression up to a point and

1587

01:16:19,770 --> 01:16:18,309

you know there's so much negative you

1588

01:16:23,209 --> 01:16:19,780

can throw at it but think about it

1589

01:16:27,569 --> 01:16:23,219

a hypnotically regressed memory is

1590

01:16:30,660 --> 01:16:27,579

legally admissible in a court of law so

1591

01:16:33,149 --> 01:16:30,670

if if you know if you're trying to come

1592

01:16:36,359 --> 01:16:33,159

up with a detail or more of the core

1593

01:16:39,030 --> 01:16:36,369

story that is admissible in in a court

1594

01:16:42,030 --> 01:16:39,040

of law so if you think about this you

1595

01:16:45,569 --> 01:16:42,040

had seven guys one who had the physical

1596

01:16:48,120 --> 01:16:45,579

evidence you know on his body and you

1597

01:16:51,870 --> 01:16:48,130

had six witnesses with absolutely zero

1598

01:16:55,530 --> 01:16:51,880

to gain and everything to lose and each

1599

01:16:57,450 --> 01:16:55,540

one of them passed multiple detector

1600

01:17:00,180 --> 01:16:57,460

tests you know the strength of that

1601

01:17:03,149 --> 01:17:00,190

story in it as far as I'm concerned is

1602

01:17:07,439 --> 01:17:03,159

is irrefutable and then look at how hard

1603

01:17:10,200 --> 01:17:07,449

people like Phillip ass tried to just

1604

01:17:12,750 --> 01:17:10,210

lump that story yeah yeah follow up no

1605

01:17:15,810 --> 01:17:12,760

class yeah I call him Phillip ass and

1606

01:17:17,399 --> 01:17:15,820

others you know if it if it didn't have

1607

01:17:19,260 --> 01:17:17,409

any basis they wouldn't have wasted

1608

01:17:21,560 --> 01:17:19,270

their time I mean they offered a guy ten

1609

01:17:24,569 --> 01:17:21,570

thousand dollars and Eve you know yeah

1610

01:17:27,870 --> 01:17:24,579

yeah they did everything they could so

1611

01:17:30,270 --> 01:17:27,880

you know the old smoke and fire and it's

1612

01:17:35,459 --> 01:17:30,280

definitely a pleasure for me it's slam

1613

01:17:37,020 --> 01:17:35,469

dunk slam dunk city yeah yeah also you

1614

01:17:39,510 --> 01:17:37,030

know when I talk to him about being

1615

01:17:41,910 --> 01:17:39,520

regressed he was regressed one time I do

1616

01:17:44,010 --> 01:17:41,920

believe and he said they never wanted to

1617

01:17:47,129 --> 01:17:44,020

do it again he's scared to do it again

1618

01:17:49,049 --> 01:17:47,139

if that's if I if I have my facts right

1619

01:17:50,280 --> 01:17:49,059

I do believe that's what he told me it

1620

01:17:52,979 --> 01:17:50,290

may have been someone else do you know

1621

01:17:56,700 --> 01:17:52,989

what about that situation about him

1622

01:18:00,299 --> 01:17:56,710

being regressed I I understand he's been

1623

01:18:01,680 --> 01:18:00,309

regressed at least once and I never

1624

01:18:04,740 --> 01:18:01,690

heard the fact that he wouldn't do it

1625

01:18:07,260 --> 01:18:04,750

again but knowing what I know about

1626
01:18:10,310 --> 01:18:07,270
regressions and what comes out people

1627
01:18:13,410 --> 01:18:10,320
actually relive that I mean you can yeah

1628
01:18:15,600 --> 01:18:13,420
if you can find

1629
01:18:17,820 --> 01:18:15,610
John burrows regressions I think Linda

1630
01:18:20,760 --> 01:18:17,830
Moulton Howe had him when John burrows

1631
01:18:22,350 --> 01:18:20,770
was being regressed it's scary you know

1632
01:18:25,169 --> 01:18:22,360
he's a Rendlesham witness he was out

1633
01:18:28,110 --> 01:18:25,179
there yeah he was shaking he was he you

1634
01:18:30,030 --> 01:18:28,120
know Penniston was was near that also so

1635
01:18:32,820 --> 01:18:30,040
you know these people are reliving it

1636
01:18:35,100 --> 01:18:32,830
and I'll tell you this about Travis I

1637
01:18:37,620 --> 01:18:35,110
maybe had a handful of conversations

1638
01:18:39,360 --> 01:18:37,630

with them in my life the longest was the

1639

01:18:41,520 --> 01:18:39,370

day I spent with them I literally spent

1640

01:18:43,620 --> 01:18:41,530

an entire afternoon we went to dinner

1641

01:18:46,560 --> 01:18:43,630

that night he came back to my room after

1642

01:18:51,169 --> 01:18:46,570

dinner we had coffee and tea we chatted

1643

01:18:54,959 --> 01:18:51,179

for an hour but every time I see him I

1644

01:18:58,410 --> 01:18:54,969

look in his eyes and he's reliving that

1645

01:19:01,890 --> 01:18:58,420

yeah every moment and there's a lot of

1646

01:19:05,610 --> 01:19:01,900

there's a lot of pain there and you know

1647

01:19:07,320 --> 01:19:05,620

he's he has told me that he he there's

1648

01:19:10,080 --> 01:19:07,330

been many years where he wanted to just

1649

01:19:11,880 --> 01:19:10,090

step away from this and and you know

1650

01:19:14,820 --> 01:19:11,890

kind of put it on the back burner and

1651

01:19:17,640 --> 01:19:14,830

and not have anything to do with it but

1652

01:19:21,600 --> 01:19:17,650

he also gets involved with people online

1653

01:19:23,939 --> 01:19:21,610

that are bashing him he'll directly get

1654

01:19:26,430 --> 01:19:23,949

involved and reply to you know some

1655

01:19:30,900 --> 01:19:26,440

people trying to debunk the case which i

1656

01:19:33,540 --> 01:19:30,910

think is it that must be hard to do for

1657

01:19:35,459 --> 01:19:33,550

him because I you know you get involved

1658

01:19:35,970 --> 01:19:35,469

with people that are bashing you like

1659

01:19:41,370 --> 01:19:35,980

trolls

1660

01:19:44,189 --> 01:19:41,380

let them do their thing and let them go

1661

01:19:47,850 --> 01:19:44,199

you know forget about them but anyway

1662

01:19:49,380 --> 01:19:47,860

the lines are open and for those of you

1663

01:19:51,000 --> 01:19:49,390

on YouTube you can see it up on the

1664

01:19:54,630 --> 01:19:51,010

screen the phone number eight five five

1665

01:19:57,570 --> 01:19:54,640

four seven two five four eight three if

1666

01:19:59,640 --> 01:19:57,580

you over at kg are a radio to that

1667

01:20:01,830 --> 01:19:59,650

number one more time is eight five five

1668

01:20:04,350 --> 01:20:01,840

four seven two five four eight three if

1669

01:20:08,220 --> 01:20:04,360

we have a question for our guests feel

1670

01:20:13,320 --> 01:20:08,230

free to call in so you spent this time

1671

01:20:15,750 --> 01:20:13,330

with Travis and did you you said that

1672

01:20:17,250 --> 01:20:15,760

the tree the tree stumps that is

1673

01:20:19,709 --> 01:20:17,260

something that you because I had heard

1674

01:20:21,900 --> 01:20:19,719

about that when it happened when they

1675

01:20:27,009 --> 01:20:21,910

discovered those tree stumps and they

1676

01:20:28,809 --> 01:20:27,019

the unnatural formation of the Rings was

1677

01:20:30,519 --> 01:20:28,819

something that you actually discovered

1678

01:20:34,389 --> 01:20:30,529

or did they find it before and just want

1679

01:20:36,189 --> 01:20:34,399

you to photograph it I had discovered

1680

01:20:38,229 --> 01:20:36,199

that through my research somebody else

1681

01:20:40,899 --> 01:20:38,239

had discovered it because they cut down

1682

01:20:45,250 --> 01:20:40,909

and they did you know some investigation

1683

01:20:49,149 --> 01:20:45,260

but when they film the movie they did

1684

01:20:52,349 --> 01:20:49,159

not get any still shots of those trees

1685

01:20:55,719 --> 01:20:52,359

and they really didn't do any kind of

1686

01:20:57,099 --> 01:20:55,729

evaluation of the site as as a whole you

1687

01:20:59,049 --> 01:20:57,109

know they just looked at these things as

1688

01:21:01,689 --> 01:20:59,059

onesies and when I went in there I

1689

01:21:03,819 --> 01:21:01,699

recognized the pattern and then I did

1690

01:21:06,000 --> 01:21:03,829

all my measurements and you know Travis

1691

01:21:09,399 --> 01:21:06,010

pointed where the craft was and so I

1692

01:21:11,319 --> 01:21:09,409

wrote a report for Jen Stein I forwarded

1693

01:21:14,739 --> 01:21:11,329

to her said do with it as as you wish

1694

01:21:17,769 --> 01:21:14,749

and then it was incorporated a couple of

1695

01:21:20,919 --> 01:21:17,779

the photographs and and and they reused

1696

01:21:23,019 --> 01:21:20,929

my analysis but they pretty dit up and

1697

01:21:25,509 --> 01:21:23,029

did some other graphics to it and so

1698

01:21:27,759 --> 01:21:25,519

they took my data and and made a story

1699

01:21:32,319 --> 01:21:27,769

of it and incorporated it into the movie

1700

01:21:36,299 --> 01:21:32,329

so not my original discovery but my kind

1701

01:21:39,399 --> 01:21:36,309

of advancing that into a more solid

1702

01:21:43,629 --> 01:21:39,409

factoid is where I made a contribution

1703

01:21:45,819 --> 01:21:43,639

I see we do have a call coming in our

1704

01:21:48,399 --> 01:21:45,829

screeener is not picking it up yet there

1705

01:21:53,049 --> 01:21:48,409

yes okay so we're gonna be taking a call

1706

01:21:56,409 --> 01:21:53,059

in just a second so as far as that as

1707

01:21:58,329 --> 01:21:56,419

far as that case goes I think it's a

1708

01:22:01,839 --> 01:21:58,339

solid one now they were talking about

1709

01:22:04,179 --> 01:22:01,849

doing another theatrical movie on that

1710

01:22:07,089 --> 01:22:04,189

like a an updated movie do you have you

1711

01:22:09,519 --> 01:22:07,099

heard anything about that I haven't but

1712

01:22:11,109 --> 01:22:09,529

I wouldn't bother I would get Jen

1713

01:22:11,829 --> 01:22:11,119

Stein's version of the movie called

1714

01:22:16,479 --> 01:22:11,839

Travis

1715

01:22:18,789 --> 01:22:16,489

they've got you know the other guys that

1716

01:22:21,669 --> 01:22:18,799

were involved in it it's very factual

1717

01:22:23,169 --> 01:22:21,679

it's not quite documentary it's not the

1718

01:22:25,839 --> 01:22:23,179

entertainment you know the James Garner

1719

01:22:29,500 --> 01:22:25,849

is the sheriff guy coming in but it's

1720

01:22:32,709 --> 01:22:29,510

very entertaining and you know we need

1721

01:22:35,919 --> 01:22:32,719

more of the gen Stein kind of approach

1722

01:22:38,229 --> 01:22:35,929

and less History Channel you know where

1723

01:22:40,100 --> 01:22:38,239

they've got a storyline and you know

1724

01:22:41,870 --> 01:22:40,110

that sort of thing so

1725

01:22:45,410 --> 01:22:41,880

I really enjoy Jan and I would recommend

1726

01:22:47,510 --> 01:22:45,420

anybody who wants you know like a real

1727

01:22:49,580 --> 01:22:47,520

easy version do that but get Travis

1728

01:22:52,129 --> 01:22:49,590

Waltons book fire in the sky and you can

1729

01:22:54,020 --> 01:22:52,139

order one and he'll he'll autograph it

1730

01:22:54,560 --> 01:22:54,030

for you yeah that's right so order it

1731

01:22:56,689 --> 01:22:54,570

online

1732

01:22:58,160 --> 01:22:56,699

tell him you want an autograph but it's

1733

01:23:00,379 --> 01:22:58,170

a brilliant piece of work

1734

01:23:02,060 --> 01:23:00,389

brilliant yeah and he has a website for

1735

01:23:03,890 --> 01:23:02,070

anyone out there you can easily find

1736

01:23:07,070 --> 01:23:03,900

even I think he even puts his email on

1737

01:23:09,229 --> 01:23:07,080

his website he was telling me all the

1738

01:23:11,780 --> 01:23:09,239

people that he gets constantly it's

1739

01:23:13,910 --> 01:23:11,790

pretty interesting or emailing him and

1740

01:23:15,890 --> 01:23:13,920

and calling him I think he even puts his

1741

01:23:18,439 --> 01:23:15,900

phone number on there I don't know if

1742

01:23:22,040 --> 01:23:18,449

I'd do that but anyway we have Ryan

1743

01:23:26,240 --> 01:23:22,050

calling from South Carolina Ryan welcome

1744

01:23:30,080 --> 01:23:26,250

to the show hey Martin how you doing

1745

01:23:31,939 --> 01:23:30,090

alright good to hear from you thank you

1746

01:23:38,240 --> 01:23:31,949

for the t-shirt by the way it came all

1747

01:23:40,640 --> 01:23:38,250

right finally shirt yeah oh oh he wants

1748

01:23:45,620 --> 01:23:40,650

one you got a question for our guest

1749

01:23:48,020 --> 01:23:45,630

tonight right yeah I do I guess I'll

1750

01:23:51,050 --> 01:23:48,030

keep my thoughts on Travis Walton to

1751

01:23:54,229 --> 01:23:51,060

myself but anyway to get back to the

1752

01:23:57,350 --> 01:23:54,239

wright-patterson deal um I wanted to ask

1753

01:24:02,060 --> 01:23:57,360

him his thoughts on hangar 18 in it

1754

01:24:07,250 --> 01:24:02,070

that's in his book it's not in my book

1755

01:24:09,350 --> 01:24:07,260

during my my talks I do do that I

1756

01:24:12,109 --> 01:24:09,360

discuss it and I'll tell you I actually

1757

01:24:15,680 --> 01:24:12,119

cancelled a talk that was scheduled for

1758

01:24:16,729 --> 01:24:15,690

the 6th of May in Myrtle Beach it was at

1759

01:24:19,100 --> 01:24:16,739

they're going to be at the North Myrtle

1760

01:24:20,930 --> 01:24:19,110

Beach library I I show up there every

1761

01:24:25,100 --> 01:24:20,940

year and give a talk usually the first

1762

01:24:28,010 --> 01:24:25,110

week of May so check my facebook page

1763

01:24:30,859 --> 01:24:28,020

for next year anyway hangar 18 here's my

1764

01:24:33,950 --> 01:24:30,869

thoughts I don't believe we need a

1765

01:24:36,530 --> 01:24:33,960

hangar 18 for Wright Patterson and and

1766

01:24:39,680 --> 01:24:36,540

it's connection to UFOs to actually be

1767

01:24:41,510 --> 01:24:39,690

true and here's why the materials that

1768

01:24:44,330 --> 01:24:41,520

they describe the largest piece that was

1769

01:24:46,729 --> 01:24:44,340

picked up outside Roswell was about 2

1770

01:24:49,100 --> 01:24:46,739

foot long easily you could put that in a

1771

01:24:51,320 --> 01:24:49,110

briefcase and and anyone who handled

1772

01:24:53,990 --> 01:24:51,330

that said that was the biggest piece we

1773

01:24:55,850 --> 01:24:54,000

found most of it was maybe 2 inches by 3

1774

01:24:57,980 --> 01:24:55,860

in chess so the way it would have gone

1775

01:25:00,560 --> 01:24:57,990

down is somebody would have put several

1776

01:25:02,660 --> 01:25:00,570

pieces in a briefcase they would have

1777

01:25:05,210 --> 01:25:02,670

brought it to the headquarters of the

1778

01:25:07,700 --> 01:25:05,220

materials lab they would have said you

1779

01:25:10,610 --> 01:25:07,710

know we're from this agency here's some

1780

01:25:12,920 --> 01:25:10,620

money here's the materials we want you

1781

01:25:14,990 --> 01:25:12,930

to look at and we're gonna come back in

1782

01:25:17,180 --> 01:25:15,000

six or eight weeks you tell us when we

1783

01:25:19,040 --> 01:25:17,190

can come back and we want you to write

1784

01:25:21,080 --> 01:25:19,050

us a report and everything you can tell

1785

01:25:22,730 --> 01:25:21,090

us about this material do you know where

1786

01:25:24,860 --> 01:25:22,740

it could have been manufactured

1787

01:25:26,900 --> 01:25:24,870

what kind of metals or fabrics that it

1788

01:25:27,860 --> 01:25:26,910

was made out of just soup to not you

1789

01:25:30,260 --> 01:25:27,870

tell us about it

1790

01:25:33,050 --> 01:25:30,270

those guys in the black suits would have

1791

01:25:34,790 --> 01:25:33,060

come back several weeks later they would

1792

01:25:36,800 --> 01:25:34,800

have gotten any of the pieces that

1793

01:25:39,650 --> 01:25:36,810

weren't destroyed in a testing we

1794

01:25:43,100 --> 01:25:39,660

collected them gotten a report paid the

1795

01:25:44,930 --> 01:25:43,110

the lab for their time and said this is

1796

01:25:47,090 --> 01:25:44,940

the classified top secret thank you

1797

01:25:51,560 --> 01:25:47,100

you're never allowed to talk about it

1798

01:25:59,210 --> 01:25:51,570

again so you really don't need a hangar

1799

01:26:02,870 --> 01:25:59,220

18 for the story to be true but since

1800

01:26:07,490 --> 01:26:02,880

you called in since you called in I will

1801
01:26:11,660 --> 01:26:07,500
tell you the building that I think is

1802
01:26:18,920 --> 01:26:11,670
hangar 18 if there was one how's that

1803
01:26:20,300 --> 01:26:18,930
for a deal okay okay what one day I was

1804
01:26:25,100 --> 01:26:20,310
looking at a wright-patterson Air Force

1805
01:26:26,780 --> 01:26:25,110
Base map and I was looking at at north

1806
01:26:29,690 --> 01:26:26,790
to south east to west and it was

1807
01:26:32,180 --> 01:26:29,700
properly positioned on my table and

1808
01:26:34,520 --> 01:26:32,190
there was a big hangar there that at one

1809
01:26:41,300 --> 01:26:34,530
time was a temporary hangar for the Air

1810
01:26:43,850 --> 01:26:41,310
Force Museum and it also houses about a

1811
01:26:46,190 --> 01:26:43,860
million square feet of Air Force Museum

1812
01:26:47,990 --> 01:26:46,200
stuff it's it's it's where they store

1813
01:26:49,960 --> 01:26:48,000

things that are being worked on which

1814

01:26:53,900 --> 01:26:49,970

will eventually make it into the museum

1815

01:26:58,130 --> 01:26:53,910

well I happen to turn the map around and

1816

01:27:04,340 --> 01:26:58,140

I realized that I was now looking at

1817

01:27:05,810 --> 01:27:04,350

before I was looking at buildings 8 1 9

1818

01:27:10,160 --> 01:27:05,820

and 2

1819

01:27:14,060 --> 01:27:10,170

and when I turned the map around one of

1820

01:27:17,810 --> 01:27:14,070

the hangars was no longer designated as

1821

01:27:23,810 --> 01:27:17,820

a t1 it was designated as hangar 18 on

1822

01:27:26,780 --> 01:27:23,820

the map so that was on the old flight

1823

01:27:30,170 --> 01:27:26,790

line and if the material was flowing

1824

01:27:33,470 --> 01:27:30,180

from the 8th Army Air Corps that Corps

1825

01:27:36,320 --> 01:27:33,480

in 1947 to wright-patterson it would

1826
01:27:38,570 --> 01:27:36,330
have flown into area B and that hangar

1827
01:27:41,750 --> 01:27:38,580
would have been one of the hangars one

1828
01:27:43,640 --> 01:27:41,760
of the best hangars for that bomber the

1829
01:27:45,830 --> 01:27:43,650
B 28 or 18 or whatever it was that

1830
01:27:49,850 --> 01:27:45,840
brought the goods in to just drive right

1831
01:27:52,160 --> 01:27:49,860
in so if there had to be a hangar 18 I

1832
01:27:55,720 --> 01:27:52,170
know what's building it would be but I

1833
01:27:58,970 --> 01:27:55,730
don't think it's necessary about that

1834
01:28:02,330 --> 01:27:58,980
yeah they um I think the significance of

1835
01:28:04,750 --> 01:28:02,340
18 and it was the fact that it turned

1836
01:28:07,850 --> 01:28:04,760
out years later one of the rumors about

1837
01:28:09,560 --> 01:28:07,860
building 18 or hangar 18 was that it was

1838
01:28:11,810 --> 01:28:09,570

storing bodies and you know a lot of

1839

01:28:14,990 --> 01:28:11,820

people scoffed at it you know and but it

1840

01:28:19,100 --> 01:28:15,000

turned out years later that there

1841

01:28:21,170 --> 01:28:19,110

actually were freezing chambers in there

1842

01:28:23,330 --> 01:28:21,180

and the building manager said it was the

1843

01:28:26,630 --> 01:28:23,340

test components for cold start up and

1844

01:28:27,950 --> 01:28:26,640

things like that but that was I always

1845

01:28:30,200 --> 01:28:27,960

thought that was kind of interesting but

1846

01:28:31,850 --> 01:28:30,210

yeah I don't know that I buy any of that

1847

01:28:33,860 --> 01:28:31,860

but I always thought that was kind of

1848

01:28:36,950 --> 01:28:33,870

interested turnout there were there were

1849

01:28:38,240 --> 01:28:36,960

freezing chambers in hangar 18 you don't

1850

01:28:40,160 --> 01:28:38,250

you do have that you do have the right

1851
01:28:46,190 --> 01:28:40,170
history but you have the building wrong

1852
01:28:48,680 --> 01:28:46,200
see there's building 18 a B C D and E

1853
01:28:51,050 --> 01:28:48,690
and in the middle of those building 18

1854
01:28:54,830 --> 01:28:51,060
complex which is owned by the propulsion

1855
01:28:59,360 --> 01:28:54,840
Directorate is a hangar and that hangar

1856
01:29:02,060 --> 01:28:59,370
is numbered 23 so despite the fact that

1857
01:29:05,030 --> 01:29:02,070
the only hangar in that group is in the

1858
01:29:07,910 --> 01:29:05,040
middle of it it's always been building

1859
01:29:10,310 --> 01:29:07,920
23 or hanger 23 yeah that's surrounded

1860
01:29:12,380 --> 01:29:10,320
by five buildings that have a building

1861
01:29:14,510 --> 01:29:12,390
18 designation and that's where the

1862
01:29:18,260 --> 01:29:14,520
confusion comes in but you're right that

1863
01:29:19,460 --> 01:29:18,270

building 23 did have those cryo tanks in

1864

01:29:23,540 --> 01:29:19,470

order to freeze

1865

01:29:26,720 --> 01:29:23,550

opponents you're absolutely correct hey

1866

01:29:30,190 --> 01:29:26,730

Ryan actually Ryan don't like it don't

1867

01:29:32,810 --> 01:29:30,200

don't go yet Ryan because everyone has

1868

01:29:35,360 --> 01:29:32,820

you know a right to their opinion so I'd

1869

01:29:36,770 --> 01:29:35,370

like to hear what you were what your

1870

01:29:39,980 --> 01:29:36,780

thoughts are on Travis Walton you

1871

01:29:44,990 --> 01:29:39,990

mentioned something about him don't be

1872

01:29:49,460 --> 01:29:45,000

shy oh by the way before I get into

1873

01:29:52,750 --> 01:29:49,470

Travis let me see um it was 18f at least

1874

01:29:55,520 --> 01:29:52,760

that I had heard it about but anyway

1875

01:29:58,040 --> 01:29:55,530

actually the this this building appeared

1876

01:30:01,460 --> 01:29:58,050

in the classic episode of in search of

1877

01:30:04,850 --> 01:30:01,470

called UFO cover-ups in 1980 anyway

1878

01:30:12,160 --> 01:30:04,860

moving on the Travis Walton I you know

1879

01:30:15,710 --> 01:30:12,170

you know I I don't God how do I put this

1880

01:30:18,110 --> 01:30:15,720

Travis um he seems sincere he has a lot

1881

01:30:22,250 --> 01:30:18,120

of witnesses and everything but I had

1882

01:30:24,680 --> 01:30:22,260

the same issue with this UFO story that

1883

01:30:26,810 --> 01:30:24,690

I have with pretty much all the UFO

1884

01:30:28,580 --> 01:30:26,820

stories and I'm sure you know someone

1885

01:30:31,550 --> 01:30:28,590

can say technologies the answer I

1886

01:30:33,860 --> 01:30:31,560

understand that the issue I have is they

1887

01:30:37,040 --> 01:30:33,870

get kidnapped they get taken aboard the

1888

01:30:39,260 --> 01:30:37,050

craft they can breathe these aliens air

1889

01:30:41,780 --> 01:30:39,270

they handle their atmospheric pressure

1890

01:30:43,580 --> 01:30:41,790

they say their ears they don't even say

1891

01:30:46,220 --> 01:30:43,590

their ears pop when they're taken aboard

1892

01:30:48,260 --> 01:30:46,230

these crafts they notice no difference

1893

01:30:50,960 --> 01:30:48,270

in gravity I mean it's almost like

1894

01:30:53,330 --> 01:30:50,970

wherever these aliens are from they had

1895

01:30:56,180 --> 01:30:53,340

the exact same condition deserve and

1896

01:30:57,950 --> 01:30:56,190

I've always found that a little hard to

1897

01:31:01,010 --> 01:30:57,960

swallow and I'm sure someone can come up

1898

01:31:02,390 --> 01:31:01,020

with some kind of technology explanation

1899

01:31:05,450 --> 01:31:02,400

you know the aliens put some kind of

1900

01:31:08,060 --> 01:31:05,460

invisible you know suit around them or

1901

01:31:10,940 --> 01:31:08,070

something like that but at that to me

1902

01:31:13,580 --> 01:31:10,950

that has been the hardest thing of to

1903

01:31:15,890 --> 01:31:13,590

swallow and all these stories because I

1904

01:31:18,200 --> 01:31:15,900

mean you go up on a plane here on earth

1905

01:31:19,730 --> 01:31:18,210

in your ears pop I mean when the

1906

01:31:22,280 --> 01:31:19,740

astronauts for example went to the moon

1907

01:31:23,960 --> 01:31:22,290

they of course were wearing just endless

1908

01:31:26,270 --> 01:31:23,970

amounts of protective gear otherwise

1909

01:31:28,880 --> 01:31:26,280

their heads would have blown up anyway

1910

01:31:31,700 --> 01:31:28,890

that's that's just my two cents on those

1911

01:31:33,379 --> 01:31:31,710

abductions well I I find that

1912

01:31:36,679 --> 01:31:33,389

interesting because I have thought

1913

01:31:39,709 --> 01:31:36,689

of that as well Ryan and I've also

1914

01:31:43,370 --> 01:31:39,719

thought of you know how can these beings

1915

01:31:45,589 --> 01:31:43,380

you know be here on this planet you know

1916

01:31:48,219 --> 01:31:45,599

for here's a good case we have a virus

1917

01:31:50,689 --> 01:31:48,229

now but I mean they could contact

1918

01:31:52,189 --> 01:31:50,699

anything that we have here you know I

1919

01:31:53,719 --> 01:31:52,199

mean that that's the type of things that

1920

01:31:56,209 --> 01:31:53,729

I have thought of so I don't think

1921

01:31:57,560 --> 01:31:56,219

that's a silly thing to to question I

1922

01:32:00,500 --> 01:31:57,570

think that's you know that's a good

1923

01:32:02,209 --> 01:32:00,510

point with them it's a bit more

1924

01:32:04,310 --> 01:32:02,219

believable because you know they could

1925

01:32:06,649 --> 01:32:04,320

have you know some sort of they could be

1926

01:32:08,899 --> 01:32:06,659

wearing some kind of invisible magnetic

1927

01:32:11,419 --> 01:32:08,909

field or some kind of some kind of

1928

01:32:13,189 --> 01:32:11,429

technology on their own their belts or

1929

01:32:17,330 --> 01:32:13,199

something or some kind of suit we can't

1930

01:32:19,729 --> 01:32:17,340

see or any anything else but the the the

1931

01:32:23,629 --> 01:32:19,739

human being taken aboard that's the hard

1932

01:32:25,790 --> 01:32:23,639

part to swallow all right well maybe

1933

01:32:27,679 --> 01:32:25,800

there is an answer I mean there's a

1934

01:32:27,889 --> 01:32:27,689

there is an answer but what the answer

1935

01:32:31,270 --> 01:32:27,899

is

1936

01:32:33,859 --> 01:32:31,280

I have no clue and I can't I can't say

1937

01:32:36,319 --> 01:32:33,869

you know what you're saying is is silly

1938

01:32:38,419 --> 01:32:36,329

or by any means I think it's an

1939

01:32:43,069 --> 01:32:38,429

interesting and a very good point so I

1940

01:32:44,449 --> 01:32:43,079

do appreciate it Ryan and yeah all right

1941

01:32:46,850 --> 01:32:44,459

have a good night we have another caller

1942

01:32:51,109 --> 01:32:46,860

so talk to you later Ryan thanks for the

1943

01:32:53,810 --> 01:32:51,119

call all right our next caller is Steve

1944

01:33:00,259 --> 01:32:53,820

from Washington Steve welcome to the

1945

01:33:02,419 --> 01:33:00,269

show hey guys hi one question I've heard

1946

01:33:04,819 --> 01:33:02,429

over the years that Wright Patterson did

1947

01:33:06,639 --> 01:33:04,829

a lot of reverse engineering is that

1948

01:33:09,139 --> 01:33:06,649

true is there a group at

1949

01:33:10,459 --> 01:33:09,149

wright-patterson that had done reverse

1950

01:33:13,040 --> 01:33:10,469

engineering every time they get a

1951

01:33:17,419 --> 01:33:13,050

Russian plane or any other kind of

1952

01:33:20,919 --> 01:33:17,429

technology absolutely absolutely you

1953

01:33:23,060 --> 01:33:20,929

know I worked in the labs and you know

1954

01:33:25,879 --> 01:33:23,070

for many years the foreign technology

1955

01:33:30,520 --> 01:33:25,889

division they're now called Masek

1956

01:33:32,659 --> 01:33:30,530

they did not have much of a native

1957

01:33:35,060 --> 01:33:32,669

capability to do the research what they

1958

01:33:36,889 --> 01:33:35,070

would do is they'd say okay you know we

1959

01:33:38,719 --> 01:33:36,899

we picked up a piece of metal we don't

1960

01:33:41,270 --> 01:33:38,729

know what it is we're going to give it

1961

01:33:44,750 --> 01:33:41,280

to the materials Directorate and and so

1962

01:33:46,759 --> 01:33:44,760

they give it to the lab experts they you

1963

01:33:47,130 --> 01:33:46,769

know find a piece of propulsion they all

1964

01:33:49,560 --> 01:33:47,140

out

1965

01:33:52,380 --> 01:33:49,570

give it to the propulsion lab so they

1966

01:33:54,240 --> 01:33:52,390

have thousands of experts just within

1967

01:33:56,100 --> 01:33:54,250

the air force lab then you got the Navy

1968

01:33:58,080 --> 01:33:56,110

labs and army labs and you have

1969

01:33:59,640 --> 01:33:58,090

contractors that you could just give

1970

01:34:02,100 --> 01:33:59,650

whatever it is you found and have them

1971

01:34:04,740 --> 01:34:02,110

examine it so absolutely you know

1972

01:34:12,480 --> 01:34:04,750

they've done reverse engineering from

1973

01:34:15,180 --> 01:34:12,490

day one but that's the story with

1974

01:34:16,500 --> 01:34:15,190

Roswell the stuff would could Dallas and

1975

01:34:21,450 --> 01:34:16,510

then went to right that could be

1976

01:34:23,670 --> 01:34:21,460

reversed engineered isn't that the

1977

01:34:26,880 --> 01:34:23,680

foreign technology divisions charter is

1978

01:34:29,160 --> 01:34:26,890

anything that is in the sky that we need

1979

01:34:31,500 --> 01:34:29,170

to know more about we need to get a copy

1980

01:34:33,570 --> 01:34:31,510

of it and then once we get a copy of it

1981

01:34:37,470 --> 01:34:33,580

we need to understand it like how to

1982

01:34:39,660 --> 01:34:37,480

defeat it how to defend it how to use

1983

01:34:41,190 --> 01:34:39,670

some of the technology that that we

1984

01:34:43,860 --> 01:34:41,200

don't have and put it on ours how to

1985

01:34:47,160 --> 01:34:43,870

exploit it so yes they're always doing

1986

01:34:49,470 --> 01:34:47,170

reverse engineering I'm sure of every

1987

01:34:54,180 --> 01:34:49,480

aircraft that's not ours including those

1988

01:34:56,430 --> 01:34:54,190

that are off planet yeah interesting is

1989

01:34:59,940 --> 01:34:56,440

that should not be a secret is that it

1990

01:35:02,940 --> 01:34:59,950

Steve okay well one of the things you

1991

01:35:05,070 --> 01:35:02,950

yeah I just you flashed over the Phoenix

1992

01:35:08,070 --> 01:35:05,080

lights and you seem to scoff at the

1993

01:35:10,560 --> 01:35:08,080

flares and I'm just curious the earth is

1994

01:35:12,330 --> 01:35:10,570

that your view that that there were no

1995

01:35:15,240 --> 01:35:12,340

flares on the night of the Phoenix life

1996

01:35:18,930 --> 01:35:15,250

event yeah it's like Martin and I

1997

01:35:23,220 --> 01:35:18,940

discussed there are too many events to

1998

01:35:26,160 --> 01:35:23,230

be explained and maybe one video of

1999

01:35:27,690 --> 01:35:26,170

somebody who was videoing the flares the

2000

01:35:33,140 --> 01:35:27,700

flares would explain it but the fact

2001

01:35:37,290 --> 01:35:33,150

that this three mile wide v-shaped craft

2002

01:35:39,840 --> 01:35:37,300

was going over you know a hundred mile

2003

01:35:42,390 --> 01:35:39,850

run north to south and then south the

2004

01:35:44,970 --> 01:35:42,400

North seen by tens of thousands of

2005

01:35:47,970 --> 01:35:44,980

people could not be explained by a

2006

01:35:50,970 --> 01:35:47,980

simple dropping flares and even that was

2007

01:35:54,660 --> 01:35:50,980

weak because when when they did the

2008

01:35:57,720 --> 01:35:54,670

analysis of a flares versus what was

2009

01:36:00,600 --> 01:35:57,730

captured on video the light signatures

2010

01:36:02,459 --> 01:36:00,610

were not the same so it's just too

2011

01:36:04,979 --> 01:36:02,469

week of an excuse the flares can

2012

01:36:08,459 --> 01:36:04,989

basically explain like three minutes

2013

01:36:11,359 --> 01:36:08,469

and that leaves like one hour and 58

2014

01:36:14,729 --> 01:36:11,369

minutes of sighting yet to be explained

2015

01:36:16,530 --> 01:36:14,739

yeah I agree well yeah Phoenix place

2016

01:36:19,020 --> 01:36:16,540

event into two parts

2017

01:36:22,020 --> 01:36:19,030

there's the 8:30 event and then there's

2018

01:36:24,419 --> 01:36:22,030

the after 10 o'clock event where the the

2019

01:36:27,149 --> 01:36:24,429

military went out and dropped a big

2020

01:36:29,250 --> 01:36:27,159

array of flares and arrayed the size

2021

01:36:31,530 --> 01:36:29,260

that Phoenix had never seen before

2022

01:36:35,100 --> 01:36:31,540

that's why the local story was so big

2023

01:36:37,530 --> 01:36:35,110

and that that 10 o'clock flare drop was

2024

01:36:39,840 --> 01:36:37,540

captured by 5 different cameras around

2025

01:36:41,970 --> 01:36:39,850

the valley and that's what made the news

2026

01:36:44,189 --> 01:36:41,980

all over the place all over the world

2027

01:36:47,609 --> 01:36:44,199

yeah a lot of the rocks you see are the

2028

01:36:49,410 --> 01:36:47,619

flares now now the flare the flares yeah

2029

01:36:52,260 --> 01:36:49,420

they might have made the news but there

2030

01:36:55,399 --> 01:36:52,270

were dozens of other videos taking that

2031

01:37:00,209 --> 01:36:55,409

also made the new so again you know

2032

01:37:03,149 --> 01:37:00,219

flare stayed up for like two minutes ok

2033

01:37:08,970 --> 01:37:03,159

so they would have to have 60 flare

2034

01:37:11,070 --> 01:37:08,980

drops ok 60 separate passes there was

2035

01:37:13,410 --> 01:37:11,080

one flare job you've got two minutes of

2036

01:37:17,300 --> 01:37:13,420

coverage explained the other hour and 58

2037

01:37:20,040 --> 01:37:17,310

minutes I disagree with you vehemently

2038

01:37:22,919 --> 01:37:20,050

right but if you watch I know what I saw

2039

01:37:26,129 --> 01:37:22,929

there is the actual video of the real

2040

01:37:29,609 --> 01:37:26,139

craft that went over yes thirty that

2041

01:37:32,280 --> 01:37:29,619

night okay that's the only real video

2042

01:37:35,209 --> 01:37:32,290

all the other videos are flare drops

2043

01:37:37,530 --> 01:37:35,219

that took place after dinner well I've

2044

01:37:39,390 --> 01:37:37,540

I've actually heard the same thing from

2045

01:37:41,910 --> 01:37:39,400

a number of people that have really

2046

01:37:42,600 --> 01:37:41,920

looked into this I don't know but I have

2047

01:37:45,240 --> 01:37:42,610

her yet

2048

01:37:48,120 --> 01:37:45,250

I've have heard that Steve you're not

2049

01:37:50,850 --> 01:37:48,130

the only one saying that and I know

2050

01:37:54,899 --> 01:37:50,860

they're saying Dart you know some people

2051

01:37:57,030 --> 01:37:54,909

have said dr. Lynn cut ice a video is

2052

01:38:00,240 --> 01:37:57,040

the flares I don't really know I don't

2053

01:38:02,430 --> 01:38:00,250

want to say you know cuz she's but I

2054

01:38:04,620 --> 01:38:02,440

don't know but I think it's time to move

2055

01:38:08,879 --> 01:38:04,630

on we have another caller thank you very

2056

01:38:11,910 --> 01:38:08,889

much for the call Steve and we have

2057

01:38:14,030 --> 01:38:11,920

Shane Shane is calling from Kentucky hi

2058

01:38:16,890 --> 01:38:14,040

Shane welcome to the show

2059

01:38:20,189 --> 01:38:16,900

hello Martin thank you for taking the

2060

01:38:23,040 --> 01:38:20,199

call I would like to ask your guests I

2061

01:38:27,810 --> 01:38:23,050

think he said that she lives in Ohio is

2062

01:38:30,209 --> 01:38:27,820

that correct yes I was just wondering if

2063

01:38:33,080 --> 01:38:30,219

you had ever investigated or just what

2064

01:38:38,520 --> 01:38:33,090

your thoughts are on the Lawrence coin

2065

01:38:42,660 --> 01:38:38,530

case in 1973 oh yeah which case is it

2066

01:38:49,830 --> 01:38:42,670

the coin helicopter case oh yes it is

2067

01:38:51,689 --> 01:38:49,840

the one up near Akron yeah yeah yes my

2068

01:38:55,500 --> 01:38:51,699

son lived up there for a couple of years

2069

01:38:57,720 --> 01:38:55,510

I tried to find some witnesses I tried

2070

01:39:00,570 --> 01:38:57,730

to get some people from the National

2071

01:39:01,979 --> 01:39:00,580

Guard to come forward I really because I

2072

01:39:04,110 --> 01:39:01,989

was only up there for like a couple days

2073

01:39:08,220 --> 01:39:04,120

at a time and I had family thanks I

2074

01:39:10,050 --> 01:39:08,230

really didn't break any new ground I

2075

01:39:11,820 --> 01:39:10,060

really have nothing to report but I

2076

01:39:16,410 --> 01:39:11,830

think that's a pretty you know

2077

01:39:20,640 --> 01:39:16,420

compelling story with you know a guy who

2078

01:39:23,939 --> 01:39:20,650

knows his career is done as soon as he

2079

01:39:25,770 --> 01:39:23,949

tells that story yeah it soon as you

2080

01:39:28,200 --> 01:39:25,780

know you're a pilot and you're saying I

2081

01:39:30,330 --> 01:39:28,210

lost control of my copter it flew up two

2082

01:39:33,180 --> 01:39:30,340

miles and you know we retract there

2083

01:39:35,220 --> 01:39:33,190

being in this light was coming any pilot

2084

01:39:36,689 --> 01:39:35,230

commercial military will tell you the

2085

01:39:39,510 --> 01:39:36,699

minute you come forward with a story

2086

01:39:41,310 --> 01:39:39,520

like that you're flying a desk so I

2087

01:39:44,160 --> 01:39:41,320

think just from that standpoint and the

2088

01:39:46,470 --> 01:39:44,170

fact that the whole crew you know their

2089

01:39:49,050 --> 01:39:46,480

stories were consistent to me it makes

2090

01:39:51,689 --> 01:39:49,060

it a pretty strong case but I don't have

2091

01:39:53,910 --> 01:39:51,699

any any unique insider you know I I

2092

01:39:58,140 --> 01:39:53,920

didn't really find out anything I could

2093

01:40:00,990 --> 01:39:58,150

add to that any okay anything else I

2094

01:40:04,170 --> 01:40:01,000

think it's a very reliable case

2095

01:40:07,080 --> 01:40:04,180

No all right all right thanks for the

2096

01:40:09,450 --> 01:40:07,090

call all right so we've got about five

2097

01:40:12,660 --> 01:40:09,460

five or so minutes left to the show four

2098

01:40:15,060 --> 01:40:12,670

minutes I guess so let's jump quickly

2099

01:40:18,600 --> 01:40:15,070

into the last story that you looked

2100

01:40:20,760 --> 01:40:18,610

deeply into and on the when you and I

2101
01:40:23,010 --> 01:40:20,770
were off air I told you my thoughts

2102
01:40:24,810 --> 01:40:23,020
right off the bat is I think Rendlesham

2103
01:40:27,510 --> 01:40:24,820
forest is a very convoluted story

2104
01:40:30,180 --> 01:40:27,520
there's a lot of twists and turns

2105
01:40:32,070 --> 01:40:30,190
and you know different accounts what did

2106
01:40:33,660 --> 01:40:32,080
you find when you were looking again

2107
01:40:35,880 --> 01:40:33,670
you're looking into these particular

2108
01:40:39,570 --> 01:40:35,890
stories as a debunker trying to debunk

2109
01:40:41,420 --> 01:40:39,580
them and in a four minute session what

2110
01:40:43,950 --> 01:40:41,430
can you tell us about Rendlesham forest

2111
01:40:46,200 --> 01:40:43,960
well I contacted some of the key

2112
01:40:48,990 --> 01:40:46,210
witnesses Colonel Hall John burrows and

2113
01:40:51,840 --> 01:40:49,000

Jim Penniston I also went to Rendlesham

2114

01:40:53,790 --> 01:40:51,850

I did my look around I wanted to follow

2115

01:40:56,790 --> 01:40:53,800

their footsteps so I read everything I

2116

01:40:59,010 --> 01:40:56,800

could and then I went forward and I

2117

01:41:00,900 --> 01:40:59,020

tried to find the locations where they

2118

01:41:03,150 --> 01:41:00,910

were I took a lot of photographs I

2119

01:41:04,770 --> 01:41:03,160

talked to some local people who had a

2120

01:41:08,220 --> 01:41:04,780

little bit of knowledge but again I

2121

01:41:11,070 --> 01:41:08,230

didn't get a satisfactory response like

2122

01:41:13,710 --> 01:41:11,080

I did when I I did Exeter when I found

2123

01:41:17,010 --> 01:41:13,720

real witnesses so I contacted Colonel

2124

01:41:19,470 --> 01:41:17,020

halt I met with him in person I met with

2125

01:41:22,080 --> 01:41:19,480

John Burroughs and I've had some really

2126

01:41:24,960 --> 01:41:22,090

good exchanges with Jim Penniston and so

2127

01:41:27,540 --> 01:41:24,970

I can tell you that based upon all those

2128

01:41:32,940 --> 01:41:27,550

interactions I also think that's a

2129

01:41:36,410 --> 01:41:32,950

top-three case I am delighted with Jim

2130

01:41:39,540 --> 01:41:36,420

peniston's new book and I am because

2131

01:41:43,140 --> 01:41:39,550

he's a guy who was in the middle of it

2132

01:41:45,360 --> 01:41:43,150

he touched the device he felt it he drew

2133

01:41:48,270 --> 01:41:45,370

it he photographed it he was there with

2134

01:41:50,730 --> 01:41:48,280

John Burroughs everybody knows that he

2135

01:41:52,950 --> 01:41:50,740

was the guy that went forward you know

2136

01:41:55,380 --> 01:41:52,960

unlike Larry Warren who's a bit

2137

01:41:57,870 --> 01:41:55,390

controversial whom nobody can remember

2138

01:42:00,180 --> 01:41:57,880

being out in the field maybe boost Enza

2139

01:42:03,420 --> 01:42:00,190

is the exception but nobody can remember

2140

01:42:05,970 --> 01:42:03,430

him and you know you saw that fall out

2141

01:42:08,700 --> 01:42:05,980

you know with him being disavowed by his

2142

01:42:10,770 --> 01:42:08,710

author and everybody so I've had good

2143

01:42:13,110 --> 01:42:10,780

exchanges with Jim and he's been very

2144

01:42:14,970 --> 01:42:13,120

open with me and in fact he and I had

2145

01:42:19,140 --> 01:42:14,980

planned to get together at contact and

2146

01:42:23,730 --> 01:42:19,150

sit down and have a chat but I find his

2147

01:42:26,330 --> 01:42:23,740

book insightful compelling it is the

2148

01:42:30,600 --> 01:42:26,340

definitive book on Rendlesham forest and

2149

01:42:34,920 --> 01:42:30,610

don't just read the paragraphs you know

2150

01:42:38,940 --> 01:42:34,930

the story read the footnotes they are

2151
01:42:40,890 --> 01:42:38,950
probably more informative to the reader

2152
01:42:41,310 --> 01:42:40,900
than the general story you'll get the

2153
01:42:44,069 --> 01:42:41,320
general

2154
01:42:46,830 --> 01:42:44,079
story and you get all the factoids go to

2155
01:42:48,899 --> 01:42:46,840
footnotes and so Jim and I we still I

2156
01:42:49,859 --> 01:42:48,909
asked them some questions just about a

2157
01:42:51,839 --> 01:42:49,869
week ago

2158
01:42:55,100 --> 01:42:51,849
you know we message on Facebook and

2159
01:42:58,589 --> 01:42:55,110
stuff I just found out to be a

2160
01:43:00,689 --> 01:42:58,599
rock-solid case that's being told by

2161
01:43:02,850 --> 01:43:00,699
some very rock-solid people and you

2162
01:43:04,760 --> 01:43:02,860
don't need the regressions that they

2163
01:43:07,770 --> 01:43:04,770

took which of course are corroborated

2164

01:43:09,510 --> 01:43:07,780

but they've been very consistent and

2165

01:43:11,339 --> 01:43:09,520

they're not afraid to be competitive

2166

01:43:13,169 --> 01:43:11,349

with each other over the facts until

2167

01:43:16,319 --> 01:43:13,179

that's right they come to some agreement

2168

01:43:18,899 --> 01:43:16,329

so I think that's a strength to yeah

2169

01:43:22,319 --> 01:43:18,909

ya know I find I find all their stories

2170

01:43:25,470 --> 01:43:22,329

very interesting and you know just that

2171

01:43:29,040 --> 01:43:25,480

there are some you know different

2172

01:43:31,020 --> 01:43:29,050

stories you know but I know they were

2173

01:43:34,260 --> 01:43:31,030

also messed with you know during their

2174

01:43:35,819 --> 01:43:34,270

debriefings you know drugged and such so

2175

01:43:38,640 --> 01:43:35,829

we are at the end of the show thank you

2176

01:43:42,300 --> 01:43:38,650

so much I really appreciate it it was a

2177

01:43:43,589 --> 01:43:42,310

pleasure talking to you tonight thank

2178

01:43:44,399 --> 01:43:43,599

you thanks for having me on yourself

2179

01:43:47,370 --> 01:43:44,409

alright

2180

01:43:51,450 --> 01:43:47,380

okay everyone so that's it for the show

2181

01:43:54,450 --> 01:43:51,460

tonight and so thank you so much for for

2182

01:44:01,169 --> 01:43:54,460

checking us out and remember to be back

2183

01:44:05,910 --> 01:44:01,179

next week our guest is our guest is PJ

2184

01:44:07,680 --> 01:44:05,920

hues of the Nimitz case so make sure you

2185

01:44:11,970 --> 01:44:07,690

come back and check that out at the same

2186

01:44:13,700 --> 01:44:11,980

time as always and I want to thank

2187

01:44:15,209 --> 01:44:13,710

everyone that helps out with the show

2188

01:44:18,510 --> 01:44:15,219

anyone can do that

2189

01:44:22,140 --> 01:44:18,520

and over at patreon we are and guess

2190

01:44:24,870 --> 01:44:22,150

what next week is our 400th show yes

2191

01:44:26,850 --> 01:44:24,880

our 400th show so I guess I'll have to

2192

01:44:29,819 --> 01:44:26,860

give away a t-shirt or something but

2193

01:44:32,280 --> 01:44:29,829

anyone but everyone I want to say thanks

2194

01:44:39,550 --> 01:44:32,290

again and remember to keep your eyes to
