DON SCHMITT**

1  
00:00:27,100 --> 00:00:16,900

[Music]

2  
00:00:31,700 --> 00:00:29,960

well hello and welcome to the show

3  
00:00:35,410 --> 00:00:31,710

Martin Willis your host and we have a

4  
00:00:40,340 --> 00:00:35,420

jam-packed evening for you I have to say

5  
00:00:43,070 --> 00:00:40,350

I do a sound and video test sometimes an

6  
00:00:44,780 --> 00:00:43,080

hour before and I did tonight and we've

7  
00:00:46,970 --> 00:00:44,790

been trying to get Elvis in the room so

8  
00:00:49,670 --> 00:00:46,980

to speak for the very last segment of

9  
00:00:52,010 --> 00:00:49,680

the show and we have not been able to do

10  
00:00:53,450 --> 00:00:52,020

that it's very disappointing he's away

11  
00:00:55,819 --> 00:00:53,460

somewhere and was trying to get down on

12  
00:00:59,270 --> 00:00:55,829

his phone we couldn't get it to work we

13  
00:01:01,430 --> 00:00:59,280

tried the entire hour so that left me a

14

00:01:03,410 --> 00:01:01,440

little time to prepare for a lot of this

15

00:01:05,930 --> 00:01:03,420

show but I want to tell you in the

16

00:01:07,460 --> 00:01:05,940

beginning we do have a clip that I

17

00:01:10,400 --> 00:01:07,470

pre-recorded just about an hour and a

18

00:01:12,499 --> 00:01:10,410

half ago with Anthony la paix and he's

19

00:01:14,630 --> 00:01:12,509

the executive producer of the History

20

00:01:16,910 --> 00:01:14,640

Channel's unidentified and we're going

21

00:01:19,249 --> 00:01:16,920

to be talking about that for again

22

00:01:23,030 --> 00:01:19,259

that's just five a five minute segment

23

00:01:24,830 --> 00:01:23,040

and then after that for about 90 minutes

24

00:01:26,419 --> 00:01:24,840

or so we have our less a little less

25

00:01:27,889 --> 00:01:26,429

than that we have Tom Kerry and Don

26

00:01:29,749 --> 00:01:27,899

Schmidt they're going to be talking

27

00:01:32,090 --> 00:01:29,759

about their latest book Roswell the

28

00:01:36,080 --> 00:01:32,100

ultimate cold case eyewitness testimony

29

00:01:38,210 --> 00:01:36,090

and evidence of contact and the cover-up

30

00:01:42,020 --> 00:01:38,220

and we all know that's one thing as

31

00:01:43,309 --> 00:01:42,030

certain there was a cover-up and we can

32

00:01:46,460 --> 00:01:43,319

talk about that but that definitely

33

00:01:49,760 --> 00:01:46,470

there was us the story has changed many

34

00:01:52,999 --> 00:01:49,770

times with the Air Force and so we'll

35

00:01:55,339 --> 00:01:53,009

talk about that as well and so the very

36

00:01:57,710 --> 00:01:55,349

last half-hour was going to have Elvis

37

00:02:00,380 --> 00:01:57,720

for fun I was going to have Elvis and

38

00:02:02,839 --> 00:02:00,390

his name is real name is George Thomas

39

00:02:04,609 --> 00:02:02,849

but Elvis did actually go under the

40

00:02:06,320 --> 00:02:04,619

cover of John Burroughs which I think

41

00:02:08,089 --> 00:02:06,330

that's kind of funny because we all know

42

00:02:10,279 --> 00:02:08,099

John Burroughs from the Rendlesham

43

00:02:12,800 --> 00:02:10,289

forest so that's the character he plays

44

00:02:14,570 --> 00:02:12,810

in this really funny film called Elvis

45

00:02:16,910 --> 00:02:14,580

from outer space which actually

46

00:02:20,000 --> 00:02:16,920

premieres this evening July 7th and

47

00:02:21,620 --> 00:02:20,010

speaking of July 7th happy birthday

48

00:02:24,500 --> 00:02:21,630

Donna I just wanted to throw that out

49

00:02:26,710 --> 00:02:24,510

there so we're going to have a we're

50

00:02:28,850 --> 00:02:26,720

going to have Tracy wish part and

51  
00:02:31,550 --> 00:02:28,860  
hopefully if George Thomas can get

52  
00:02:33,530 --> 00:02:31,560  
everything working we will see him too

53  
00:02:38,929 --> 00:02:33,540  
so New Zealand

54  
00:02:40,970 --> 00:02:38,939

have like I said it's a jam-packed night

65

00:03:08,330 --> 00:03:05,670

so I'm going to start right away

66

00:03:11,629 --> 00:03:08,340

with Anthony lepay it's going to talk

67

00:03:14,750 --> 00:03:11,639

about identify identify which I got to

68

00:03:17,750 --> 00:03:14,760

watch the first segment July 11th at

69

00:03:18,399 --> 00:03:17,760

10:00 9:00 central on the History

70

00:03:21,250 --> 00:03:18,409

Channel

71

00:03:24,440 --> 00:03:21,260

unidentified inside America's UFO

72

00:03:25,759 --> 00:03:24,450

investigation and I do have the

73

00:03:28,849 --> 00:03:25,769

executive producer

74

00:03:31,490 --> 00:03:28,859

Anthony lepay on the line here Anthony

75

00:03:34,069 --> 00:03:31,500

welcome to the show Martin it's great to

76

00:03:36,649 --> 00:03:34,079

be here I have to tell you one of the

77

00:03:39,619 --> 00:03:36,659

benefits of what I do is I get to watch

78

00:03:42,439 --> 00:03:39,629

some screeners and I got to watch I got

79

00:03:45,050 --> 00:03:42,449

to watch episode one and I want to tell

80

00:03:47,240 --> 00:03:45,060

you this of the season I watched the

81

00:03:50,990 --> 00:03:47,250

entire season last year this is my

82

00:03:51,710 --> 00:03:51,000

favorite by far episode of all of them

83

00:03:54,170 --> 00:03:51,720

Wow

84

00:03:56,180 --> 00:03:54,180

and I would have to also say this to you

85

00:03:59,000 --> 00:03:56,190

that if I was a skeptic but not a

86

00:04:01,879 --> 00:03:59,010

closed-minded skeptic about the UFO

87

00:04:04,789 --> 00:04:01,889

topic and I watched just this episode I

88

00:04:07,219 --> 00:04:04,799

would really question a lot of things I

89

00:04:09,559 --> 00:04:07,229

would really want to find out more so I

90

00:04:11,569 --> 00:04:09,569

my hat's off to you this yeah and you

91

00:04:13,280 --> 00:04:11,579

know what's incredible Martin I mean

92

00:04:16,360 --> 00:04:13,290

this is that first episode is really

93

00:04:19,699 --> 00:04:16,370

just the tip of the iceberg it was a

94

00:04:21,860 --> 00:04:19,709

massive massive amount of people came

95

00:04:25,189 --> 00:04:21,870

out of the shadows military and

96

00:04:27,860 --> 00:04:25,199

intelligence officers who contacted us

97

00:04:31,540 --> 00:04:27,870

last summer and I spent most of the

98

00:04:34,999 --> 00:04:31,550

summer sifting through these emails

99

00:04:37,730 --> 00:04:35,009

thousands of them and and then really

100

00:04:38,640 --> 00:04:37,740

digging in to you know kind of cold them

101  
00:04:40,110 --> 00:04:38,650  
down to

102  
00:04:42,990 --> 00:04:40,120  
[Music]

103  
00:04:45,330 --> 00:04:43,000  
a core group of about 50 and then we

104  
00:04:51,990 --> 00:04:45,340  
reached out and then we got them down to

105  
00:04:53,730 --> 00:04:52,000  
about 20 and just these stories they and

106  
00:04:56,730 --> 00:04:53,740  
they go back all the way to the Vietnam

107  
00:05:00,030 --> 00:04:56,740  
era but all the way up to the present

108  
00:05:01,890 --> 00:05:00,040  
and they're fascinating and and I think

109  
00:05:03,270 --> 00:05:01,900  
they're really they're their stories

110  
00:05:05,280 --> 00:05:03,280  
have never been told before so I think

111  
00:05:08,010 --> 00:05:05,290  
they're really gonna open people's eyes

112  
00:05:11,730 --> 00:05:08,020  
to really what we're looking at were

113  
00:05:14,879 --> 00:05:11,740

patterns yes I've been seen and

114

00:05:16,350 --> 00:05:14,889

identified Bala's and he right no it's

115

00:05:18,930 --> 00:05:16,360

really good and the observed five was

116

00:05:20,460 --> 00:05:18,940

observable so as he says one of the

117

00:05:23,250 --> 00:05:20,470

things I did want to mention I have

118

00:05:26,659 --> 00:05:23,260

mentioned this on the show before many

119

00:05:30,270 --> 00:05:26,669

years ago in the nineteen 1990s I had a

120

00:05:32,010 --> 00:05:30,280

insurance agent that came to my home for

121

00:05:33,719 --> 00:05:32,020

life insurance he spent about four hours

122

00:05:36,810 --> 00:05:33,729

there and I remembered his name was

123

00:05:38,430 --> 00:05:36,820

something like Tom Bowden and I've

124

00:05:40,350 --> 00:05:38,440

looked for him and looked for him since

125

00:05:42,510 --> 00:05:40,360

I started the show can't find him but he

126

00:05:46,050 --> 00:05:42,520

according to him he was involved in a

127

00:05:48,089 --> 00:05:46,060

special operation in Vietnam secret he

128

00:05:50,219 --> 00:05:48,099

said really can't tell too much the

129

00:05:52,650 --> 00:05:50,229

details but he said overall they were

130

00:05:55,560 --> 00:05:52,660

investigating UFOs during the Vietnam

131

00:05:56,640 --> 00:05:55,570

War and he was involved in that part of

132

00:05:59,790 --> 00:05:56,650

the year told it's an active

133

00:06:02,760 --> 00:05:59,800

investigation yes and he also said at

134

00:06:04,440 --> 00:06:02,770

the time you know that they were also

135

00:06:06,000 --> 00:06:04,450

interested in our nuclear weapons these

136

00:06:08,460 --> 00:06:06,010

are things this is before I received

137

00:06:12,029 --> 00:06:08,470

really looking at the topic that much he

138

00:06:14,939 --> 00:06:12,039

told me and he also just just one more

139

00:06:20,040 --> 00:06:14,949

thing he I asked him I said well if it's

140

00:06:22,740 --> 00:06:20,050

true and we're being you know like we're

141

00:06:24,270 --> 00:06:22,750

being visited what does the government

142

00:06:26,909 --> 00:06:24,280

what do you what do you know of what the

143

00:06:28,400 --> 00:06:26,919

government thinks and he says all I can

144

00:06:31,020 --> 00:06:28,410

say is they think we're a petri dish

145

00:06:33,680 --> 00:06:31,030

that's what he said to me yeah which I

146

00:06:36,560 --> 00:06:33,690

thought was pretty amazing

147

00:06:39,110 --> 00:06:36,570

yeah yeah I can't find this guy I would

148

00:06:42,020 --> 00:06:39,120

love to find like now now I understand

149

00:06:44,000 --> 00:06:42,030

why this episode one you just kind of

150

00:06:45,860 --> 00:06:44,010

made it clear why episode one was so

151  
00:06:48,350 --> 00:06:45,870  
fascinating all these people that got in

152  
00:06:50,810 --> 00:06:48,360  
touch with you and can we look for more

153  
00:06:53,810 --> 00:06:50,820  
the same as it goes through the app it's

154  
00:06:56,180 --> 00:06:53,820  
well there's there's more episodes when

155  
00:06:58,900 --> 00:06:56,190  
we look back at historical cases and

156  
00:07:03,770 --> 00:06:58,910  
then there's Kate there's a lot more

157  
00:07:07,250 --> 00:07:03,780  
contemporaneous cases we also expand who

158  
00:07:12,620 --> 00:07:07,260  
we're talking to we have a whole episode

159  
00:07:14,270 --> 00:07:12,630  
about civilian pilots for major airlines

160  
00:07:16,910 --> 00:07:14,280  
some of them are currently flying for

161  
00:07:21,740 --> 00:07:16,920  
legacy airlines and we have people from

162  
00:07:25,250 --> 00:07:21,750  
FAA and even a NORAD official so we're

163  
00:07:27,110 --> 00:07:25,260

really expanded the scope of what we're

164

00:07:29,330 --> 00:07:27,120

investigating outside of just you know

165

00:07:32,480 --> 00:07:29,340

Nate those Navy AV incredible Navy AV

166

00:07:36,050 --> 00:07:32,490

Navy aviators excuse me from the first

167

00:07:37,520 --> 00:07:36,060

season we also go down and I don't know

168

00:07:41,180 --> 00:07:37,530

whether this has been released yet so

169

00:07:44,630 --> 00:07:41,190

maybe this is will be a scoop for you we

170

00:07:48,320 --> 00:07:44,640

also go down to South America and mmm

171

00:07:52,790 --> 00:07:48,330

Elizondo is meets with some very very

172

00:07:55,430 --> 00:07:52,800

high-level people in the militaries and

173

00:07:58,190 --> 00:07:55,440

the air forces in particular and in a

174

00:08:01,400 --> 00:07:58,200

couple countries down there and we learn

175

00:08:03,350 --> 00:08:01,410

a lot more about the history of UFOs in

176

00:08:04,990 --> 00:08:03,360

South America well I can't believe it

177

00:08:07,820 --> 00:08:05,000

we're out of time already I can only

178

00:08:09,500 --> 00:08:07,830

record five minutes for a pre record but

179

00:08:11,510 --> 00:08:09,510

thank you so much up it's been a real

180

00:08:13,760 --> 00:08:11,520

pleasure speaking with you and and thank

181

00:08:15,560 --> 00:08:13,770

you for putting out such a great product

182

00:08:18,250 --> 00:08:15,570

as this show it's wonderful thank you

183

00:08:21,440 --> 00:08:18,260

thank you for the support Martin right

184

00:08:24,409 --> 00:08:21,450

everyone so tune in this coming Saturday

185

00:08:31,500 --> 00:08:24,419

July 11th at 10:00 9:00 Central Time

186

00:08:41,550 --> 00:08:37,469

so here I am alright so we're back and

187

00:08:43,350 --> 00:08:41,560

now we are gonna bring in our guests our

188

00:08:46,320 --> 00:08:43,360

two guests this evening we have Tom

189

00:08:48,780 --> 00:08:46,330

Carrie and Don Schmidt welcome to the

190

00:08:52,380 --> 00:08:48,790

show guys good to be back

191

00:08:55,220 --> 00:08:52,390

and happy birthday right you did hear

192

00:08:57,840 --> 00:08:55,230

that yes yes and I share a birthday with

193

00:08:59,970 --> 00:08:57,850

with Don I mentioned that early a

194

00:09:03,570 --> 00:08:59,980

listener of the show and it's so ironic

195

00:09:06,590 --> 00:09:03,580

I just have to bring this up so ironic

196

00:09:09,810 --> 00:09:06,600

she and I were born in the very same day

197

00:09:12,630 --> 00:09:09,820

not only that we were born exactly one

198

00:09:16,080 --> 00:09:12,640

hour apart and not only that we were

199

00:09:16,710 --> 00:09:16,090

born in the same hospital was that

200

00:09:19,230 --> 00:09:16,720

bizarre

201

00:09:22,130 --> 00:09:19,240

she and she listens to the show she's

202

00:09:25,140 --> 00:09:22,140

listening right now but is just amazing

203

00:09:27,240 --> 00:09:25,150

and and we we looked at I looked at the

204

00:09:30,360 --> 00:09:27,250

birth certificate says it's too this the

205

00:09:30,750 --> 00:09:30,370

minute one hour apart and it's just

206

00:09:36,720 --> 00:09:30,760

bizarre

207

00:09:39,930 --> 00:09:36,730

okay one thing before we start you

208

00:09:43,860 --> 00:09:39,940

mentioned as far as the the source of

209

00:09:47,640 --> 00:09:43,870

the insurance salesman yes you might

210

00:09:49,740 --> 00:09:47,650

contact Linda Linda how through the

211

00:09:53,850 --> 00:09:49,750

years she has expressed to me numerous

212

00:09:59,520 --> 00:09:53,860

witnesses during the Nam war that had

213

00:10:01,430 --> 00:09:59,530

experiences ha and maybe she may know

214

00:10:04,950 --> 00:10:01,440

who this exact person is I don't know

215

00:10:09,210 --> 00:10:04,960

but it might be a start in tracking him

216

00:10:13,740 --> 00:10:09,220

down but she was describing some of the

217

00:10:19,080 --> 00:10:13,750

most unbelievable experiences involving

218

00:10:21,690 --> 00:10:19,090

entire troops at times and so I was a

219

00:10:21,960 --> 00:10:21,700

walk yeah a lot going on in the Vietnam

220

00:10:24,960 --> 00:10:21,970

War

221

00:10:26,340 --> 00:10:24,970

and I hadn't heard much about it you

222

00:10:28,860 --> 00:10:26,350

know I just heard little dribbles of

223

00:10:31,920 --> 00:10:28,870

here and there so it will be really good

224

00:10:34,290 --> 00:10:31,930

I would like to you know find out more

225

00:10:37,530 --> 00:10:34,300

well I just imagine I mean it's enough

226

00:10:40,200 --> 00:10:37,540

that they were you know they came home -

227

00:10:42,540 --> 00:10:40,210

the ticker tape parade you know they had

228

00:10:44,310 --> 00:10:42,550

the stigma under the label being baby

229

00:10:46,860 --> 00:10:44,320

you know and they're gonna had you

230

00:10:49,830 --> 00:10:46,870

we experiences to Linux as well so it

231

00:10:50,460 --> 00:10:49,840

would be reluctant to at least to me yam

232

00:10:54,360 --> 00:10:50,470

to talk

233

00:10:57,030 --> 00:10:54,370

so it's uncharted UFO territory in

234

00:10:59,490 --> 00:10:57,040

many regards good rank yeah yeah thank

235

00:11:01,980 --> 00:10:59,500

you I will I will get in touch

236

00:11:03,600 --> 00:11:01,990

so Tom it's been I've talked with Don

237

00:11:06,840 --> 00:11:03,610

but it's been a number of years since

238

00:11:09,390 --> 00:11:06,850

you've been on and so if you would just

239

00:11:11,250 --> 00:11:09,400

both of you just start with you Tom just

240

00:11:12,800 --> 00:11:11,260

your little background in your your a

241

00:11:16,140 --> 00:11:12,810

little bit of your background and also

242

00:11:18,450 --> 00:11:16,150

hit hit the Roswell thing too because

243

00:11:21,780 --> 00:11:18,460

you boat you both have done excellent

244

00:11:24,210 --> 00:11:21,790

work in that on that case well I'm a

245

00:11:28,950 --> 00:11:24,220

city slicker from Philadelphia

246

00:11:32,160 --> 00:11:28,960

Pennsylvania graduated from Temple

247

00:11:33,570 --> 00:11:32,170

University and was in the Air Force for

248

00:11:38,130 --> 00:11:33,580

the top-secret clearance

249

00:11:39,920 --> 00:11:38,140

top-secret crypto got a master's degree

250

00:11:42,450 --> 00:11:39,930

in anthropology from Cal State

251  
00:11:45,570 --> 00:11:42,460  
Sacramento and spent four years in at

252  
00:11:48,960 --> 00:11:45,580  
the University of Toronto and a PhD

253  
00:11:54,810 --> 00:11:48,970  
program got interested in the Roswell

254  
00:11:58,650 --> 00:11:54,820  
case in 1980 when I read the the first

255  
00:12:02,340 --> 00:11:58,660  
book of the Roswell incident and I had

256  
00:12:05,160 --> 00:12:02,350  
always been interested in UFOs but when

257  
00:12:10,500 --> 00:12:05,170  
I read the Roswell incident it just blew

258  
00:12:16,500 --> 00:12:10,510  
me away and yet it became mainly the the

259  
00:12:22,770 --> 00:12:16,510  
topic as far as UFOs debated in behind

260  
00:12:28,620 --> 00:12:22,780  
the bright lay of Roswell and so long

261  
00:12:32,400 --> 00:12:28,630  
about 1991 I had joined qfo suspect for

262  
00:12:36,020 --> 00:12:32,410  
UFO studies and there were two these two

263  
00:12:39,420 --> 00:12:36,030

fellows Kevin Randall and Don Schmitt

264

00:12:42,800 --> 00:12:39,430

who were reopening the the Roswell case

265

00:12:45,990 --> 00:12:42,810

you know nothing there hadn't been much

266

00:12:48,090 --> 00:12:46,000

after that but these two fellows were

267

00:12:52,910 --> 00:12:48,100

reopening the Roswell case and I found

268

00:12:55,970 --> 00:12:52,920

that very interesting so one of the

269

00:12:58,650 --> 00:12:55,980

features of the case was this group of

270

00:13:00,870 --> 00:12:58,660

archaeologists who had

271

00:13:03,450 --> 00:13:00,880

stumbled upon the crash through the down

272

00:13:04,740 --> 00:13:03,460

craft and they were allegedly from the

273

00:13:08,460 --> 00:13:04,750

University of Pennsylvania in

274

00:13:10,050 --> 00:13:08,470

Philadelphia where I was living and so I

275

00:13:13,050 --> 00:13:10,060

called up I can't remember if it was

276

00:13:15,570 --> 00:13:13,060

dawn or Kevin what had they done about

277

00:13:18,150 --> 00:13:15,580

the archaeologists in trying to locate

278

00:13:21,660 --> 00:13:18,160

them and they said they had interviewed

279

00:13:23,010 --> 00:13:21,670

one or two fellows but that was as far

280

00:13:25,050 --> 00:13:23,020

as they go I said let me have it

281

00:13:28,080 --> 00:13:25,060

let me try to find these fellows from

282

00:13:31,110 --> 00:13:28,090

Penn University of Pennsylvania so one

283

00:13:34,680 --> 00:13:31,120

Saturday in 1991 I went down to the

284

00:13:38,070 --> 00:13:34,690

University there and looked around the

285

00:13:42,600 --> 00:13:38,080

library found the book that was written

286

00:13:45,330 --> 00:13:42,610

by 8a an archaeologist not from Penn but

287

00:13:48,390 --> 00:13:45,340

his name was winter furred Oscar Don

288

00:13:50,280 --> 00:13:48,400

knows who that was found a book we

289

00:13:53,370 --> 00:13:50,290

thought he was the archeologist and

290

00:13:56,430 --> 00:13:53,380

found a book by him he also interviewed

291

00:13:59,850 --> 00:13:56,440

two Penn archeologists one of whom I

292

00:14:04,200 --> 00:13:59,860

believe was at the crash site John

293

00:14:07,880 --> 00:14:04,210

Carter famous archeologist and that's

294

00:14:14,510 --> 00:14:07,890

how I got involved in the case and so

295

00:14:19,770 --> 00:14:14,520

long about 1998 and I more or less was a

296

00:14:22,530 --> 00:14:19,780

an adjunct contributor to their

297

00:14:26,820 --> 00:14:22,540

investigation at that point but in 1998

298

00:14:29,070 --> 00:14:26,830

I was met by that time a member of Q

299

00:14:34,440 --> 00:14:29,080

folks the board of directors in Chicago

300

00:14:36,590 --> 00:14:34,450

and most of the researchers up until

301  
00:14:39,030 --> 00:14:36,600  
that point to have left the field in

302  
00:14:41,370 --> 00:14:39,040  
1997 after that famous fiftieth

303  
00:14:44,150 --> 00:14:41,380  
anniversary year most of the books were

304  
00:14:47,430 --> 00:14:44,160  
written that year and most of the

305  
00:14:50,580 --> 00:14:47,440  
researchers had left the field but Don

306  
00:14:53,790 --> 00:14:50,590  
came down from Wisconsin gave us a

307  
00:14:56,790 --> 00:14:53,800  
little talk and he said I'm going to go

308  
00:15:02,340 --> 00:14:56,800  
to Roswell next month which was May of

309  
00:15:04,380 --> 00:15:02,350  
1998 does anybody want to go with me and

310  
00:15:08,000 --> 00:15:04,390  
one fella put up his hand these dead

311  
00:15:12,510 --> 00:15:12,120  
it's 50/50 it's 50/50 when now you know

312  
00:15:17,100 --> 00:15:12,520  
what

313  
00:15:20,190 --> 00:15:17,110

he tells you it's 5050 yet Sano right

314

00:15:21,360 --> 00:15:20,200

that's a no so I put up my hand I said

315

00:15:25,670 --> 00:15:21,370

darn I'll go with you

316

00:15:29,490 --> 00:15:25,680

and that we've been a team ever since

317

00:15:33,530 --> 00:15:29,500

2020 I don't know with you know 23 years

318

00:15:37,470 --> 00:15:33,540

and 7 books together we've written yeah

319

00:15:42,630 --> 00:15:37,480

you know we call him mr. 5050 chose to

320

00:15:44,579 --> 00:15:42,640

go 5050 Hey well before it done I'm

321

00:15:46,530 --> 00:15:44,589

gonna have you at do a little recap as

322

00:15:48,480 --> 00:15:46,540

well just just for the first time

323

00:15:50,130 --> 00:15:48,490

listener so that we do get a lot of

324

00:15:51,329 --> 00:15:50,140

first time listeners but one thing I

325

00:15:53,820 --> 00:15:51,339

just want to throw out to both of you

326

00:15:56,040 --> 00:15:53,830

either one of you can answer in and that

327

00:15:58,710 --> 00:15:56,050

is a lot of times I'm sure you've

328

00:16:02,639 --> 00:15:58,720

noticed this when the story of Roswell

329

00:16:07,260 --> 00:16:02,649

is portrayed in a film or or talked

330

00:16:09,150 --> 00:16:07,270

about there's there's always they always

331

00:16:12,269 --> 00:16:09,160

seem to make it sound like it was always

332

00:16:15,870 --> 00:16:12,279

known but Roswell went dark for many

333

00:16:18,240 --> 00:16:15,880

many years basically from 1947 until

334

00:16:21,540 --> 00:16:18,250

1980 if that's correct

335

00:16:25,470 --> 00:16:21,550

somewhere around there what is it 78 so

336

00:16:27,780 --> 00:16:25,480

all those years Roswell was dormant and

337

00:16:29,579 --> 00:16:27,790

a lot of the a lot of films and things

338

00:16:31,230 --> 00:16:29,589

like that will get that wrong they'll

339

00:16:32,730 --> 00:16:31,240

have like oh yeah that happened in

340

00:16:35,400 --> 00:16:32,740

Roswell or something like that you know

341

00:16:36,840 --> 00:16:35,410

in a different period time period like

342

00:16:42,840 --> 00:16:36,850

it was always known about it but wasn't

343

00:16:47,400 --> 00:16:42,850

always known about yeah and thank God

344

00:16:50,699 --> 00:16:47,410

for the late major Jesse Marcel when he

345

00:16:51,840 --> 00:16:50,709

broke his oath of security in 1978 and

346

00:16:56,579 --> 00:16:51,850

he had been diagnosed with terminal

347

00:16:58,590 --> 00:16:56,589

emphysema and and Jass up to that point

348

00:17:00,449 --> 00:16:58,600

he basically was the pastor he was the

349

00:17:02,880 --> 00:17:00,459

fog guy he was the one that was ordered

350

00:17:04,799 --> 00:17:02,890

to pose with the substituted weather

351

00:17:07,350 --> 00:17:04,809

balloon yeah going up the chain of

352

00:17:10,650 --> 00:17:07,360

command in general Roger Ramey's office

353

00:17:13,049 --> 00:17:10,660

that Carswell Army Airfield and so you

354

00:17:14,790 --> 00:17:13,059

know that was his big claim to fame as

355

00:17:18,030 --> 00:17:14,800

far as that he hit the papers you know

356

00:17:20,220 --> 00:17:18,040

posing with what he knew was not what he

357

00:17:22,890 --> 00:17:20,230

had recovered not what he had you know

358

00:17:26,340 --> 00:17:22,900

actually gone out on assignment to

359

00:17:28,860 --> 00:17:26,350

investigate out on that that that

360

00:17:33,289 --> 00:17:28,870

that cattle ranch at that sheep ranch

361

00:17:37,049 --> 00:17:33,299

back at the time it was reported but a

362

00:17:39,810 --> 00:17:37,059

quick bio on my part I'm a graduate of

363

00:17:42,659 --> 00:17:39,820

Concordia University and I had the

364

00:17:44,669 --> 00:17:42,669

wonderful fortune of working as a

365

00:17:47,430 --> 00:17:44,679

special investigator for the late dr. J

366

00:17:49,710 --> 00:17:47,440

Allen Hynek so I worked with hiding for

367

00:17:51,260 --> 00:17:49,720

the last eight years of his life and I

368

00:17:55,110 --> 00:17:51,270

could not have had a better teacher

369

00:17:58,370 --> 00:17:55,120

mentor and and friend and role model in

370

00:18:00,990 --> 00:17:58,380

many respects as to he would always say

371

00:18:04,529 --> 00:18:01,000

never lose that little boy wonderment

372

00:18:07,620 --> 00:18:04,539

the idea that anytime you peer you know

373

00:18:11,310 --> 00:18:07,630

at the stars just let your imagination

374

00:18:12,779 --> 00:18:11,320

just go blank you know everybody else is

375

00:18:15,000 --> 00:18:12,789

looking for whose change on the ground

376

00:18:18,060 --> 00:18:15,010

and we're the ones that you know are

377

00:18:20,370 --> 00:18:18,070

snow stargazing thinking you know I I

378

00:18:23,220 --> 00:18:20,380

wait maybe somebody's waving back at me

379

00:18:27,750 --> 00:18:23,230

from you know 100 light years away and

380

00:18:30,930 --> 00:18:27,760

so I was on his board of directors for

381

00:18:33,690 --> 00:18:30,940

ten years I was his director of Special

382

00:18:36,090 --> 00:18:33,700

Investigations and as Tom described the

383

00:18:37,890 --> 00:18:36,100

one case that we wanted to go after that

384

00:18:40,710 --> 00:18:37,900

we thought we would make a single

385

00:18:42,830 --> 00:18:40,720

weekend jaunt down to New Mexico and

386

00:18:45,570 --> 00:18:42,840

prove that it was a weather balloon or

387

00:18:49,950 --> 00:18:45,580

something you know just as prosaic and

388

00:18:50,960 --> 00:18:49,960

that was Roswell and so on that February

389

00:18:54,450 --> 00:18:50,970

of 89

390

00:18:57,960 --> 00:18:54,460

Kevin Randle and myself and mind you

391

00:18:59,159 --> 00:18:57,970

neither one of us had even read the more

392

00:19:01,710 --> 00:18:59,169

Berlitz book

393

00:19:04,680 --> 00:19:01,720

Roz Wynne Siddhant hmm we were both

394

00:19:06,990 --> 00:19:04,690

total skeptics on the case yeah as I

395

00:19:09,690 --> 00:19:07,000

said we thought you know for the fact

396

00:19:14,909 --> 00:19:09,700

that this had resurfaced after all these

397

00:19:17,430 --> 00:19:14,919

years and the book really didn't catch

398

00:19:21,810 --> 00:19:17,440

my fancy my eye at the time as well as

399

00:19:24,330 --> 00:19:21,820

Kevin and we made that first trip and by

400

00:19:26,970 --> 00:19:24,340

the time we were ready to head home we

401  
00:19:28,919 --> 00:19:26,980  
were ready to come back because we had

402  
00:19:31,770 --> 00:19:28,929  
actually started talking the first time

403  
00:19:36,870 --> 00:19:31,780  
witnesses who would handled the genuine

404  
00:19:39,570 --> 00:19:36,880  
article the real material hmm and one by

405  
00:19:41,759 --> 00:19:39,580  
one we realize I mean there was a

406  
00:19:46,169 --> 00:19:41,769  
there were consistencies there were

407  
00:19:48,960 --> 00:19:46,179  
patterns there was a genuineness to that

408  
00:19:52,799 --> 00:19:48,970  
type of people down in that area of the

409  
00:19:55,710 --> 00:19:52,809  
country not only the civilians the

410  
00:19:57,119 --> 00:19:55,720  
ranchers the hired hands from 1947 but

411  
00:19:59,310 --> 00:19:57,129  
then once we start talking to the

412  
00:20:03,869 --> 00:19:59,320  
military and they're describing the

413  
00:20:07,440 --> 00:20:03,879

exact same event and that's what really

414

00:20:09,450 --> 00:20:07,450

you know drove us as far as forward the

415

00:20:13,169 --> 00:20:09,460

fact that these people if they're

416

00:20:15,899 --> 00:20:13,179

reading from the same script it was a it

417

00:20:17,580 --> 00:20:15,909

was a military event and yet it was

418

00:20:20,879 --> 00:20:17,590

shared with the civilians

419

00:20:22,619 --> 00:20:20,889

well I defy any debunk or any skeptic to

420

00:20:26,659 --> 00:20:22,629

show me where that has never been the

421

00:20:29,190 --> 00:20:26,669

case before where they wouldn't just

422

00:20:32,519 --> 00:20:29,200

maintain complete control on the event

423

00:20:33,989 --> 00:20:32,529

and that if not for the civilians

424

00:20:38,340 --> 00:20:33,999

involved we would have never learned

425

00:20:42,299 --> 00:20:38,350

about this and as a result we have this

426  
00:20:47,060 --> 00:20:42,309  
overlapping we have the civilians north

427  
00:20:50,700 --> 00:20:47,070  
of Roswell who were witness to the

428  
00:20:53,489 --> 00:20:50,710  
unusual debris who then will report it

429  
00:20:56,489 --> 00:20:53,499  
to the authorities of Roswell and then

430  
00:20:59,310 --> 00:20:56,499  
to the Roswell 500 ninth Roswell Army

431  
00:21:02,639 --> 00:20:59,320  
Airfield the first atomic bomb squadron

432  
00:21:05,190 --> 00:21:02,649  
and the rest becomes history because the

433  
00:21:08,070 --> 00:21:05,200  
date as Tom and I have continued the

434  
00:21:10,739 --> 00:21:08,080  
state we reviewed over 600 people either

435  
00:21:12,659 --> 00:21:10,749  
directly or indirectly involved with

436  
00:21:16,229 --> 00:21:12,669  
what transpired back at that time and

437  
00:21:19,169 --> 00:21:16,239  
down to a man woman and child military

438  
00:21:20,849 --> 00:21:19,179

civilian media going up the chain of

439

00:21:22,470 --> 00:21:20,859

command all the way to Washington the

440

00:21:26,279 --> 00:21:22,480

politicians who were involved for

441

00:21:29,639 --> 00:21:26,289

example they all are reading from the

442

00:21:32,879 --> 00:21:29,649

same text they all are describing the

443

00:21:36,269 --> 00:21:32,889

same event and that in itself makes

444

00:21:39,389 --> 00:21:36,279

Roswell amazing because as we all know

445

00:21:41,879 --> 00:21:39,399

10 people with this a car accident you

446

00:21:43,950 --> 00:21:41,889

have 10 different versions this was

447

00:21:46,369 --> 00:21:43,960

truly something profiling it was

448

00:21:49,799 --> 00:21:46,379

something that left this untellable an

449

00:21:52,620 --> 00:21:49,809

impression on their very psyches and as

450

00:21:56,340 --> 00:21:52,630

a result up to the time they passed away

451  
00:21:59,580 --> 00:21:56,350  
and we're just about Undertaker has one

452  
00:22:00,120 --> 00:21:59,590  
as far as the final witnesses as we

453  
00:22:03,720 --> 00:22:00,130  
speak

454  
00:22:06,470 --> 00:22:03,730  
yeah yeah up to that deathbed testimony

455  
00:22:09,870 --> 00:22:06,480  
describing something truly extraordinary

456  
00:22:13,020 --> 00:22:09,880  
something that was from off the planet

457  
00:22:16,050 --> 00:22:13,030  
yeah um speaking of that so it tomorrow

458  
00:22:18,840 --> 00:22:16,060  
I think it's tomorrow we have a little

459  
00:22:21,200 --> 00:22:18,850  
feedback here it might be one of your

460  
00:22:26,100 --> 00:22:21,210  
volumes are up on one of your computers

461  
00:22:28,530 --> 00:22:26,110  
so tomorrow is the 73rd anniversary of

462  
00:22:31,050 --> 00:22:28,540  
when the debris was reported right

463  
00:22:35,070 --> 00:22:31,060

wasn't it on July 8th that famous press

464

00:22:38,160 --> 00:22:35,080

release correct yeah so actually well

465

00:22:40,350 --> 00:22:38,170

that was the newspaper headline yeah it

466

00:22:43,440 --> 00:22:40,360

was actually brought in on the 6th for

467

00:22:46,020 --> 00:22:43,450

the first time but I think we all knew

468

00:22:49,820 --> 00:22:46,030

about it on the 8th yeah one of the

469

00:22:53,880 --> 00:22:49,830

arguments I've made a lot on this show

470

00:22:56,280 --> 00:22:53,890

was you know the they never had to have

471

00:22:58,860 --> 00:22:56,290

any press release there was no reason

472

00:23:01,170 --> 00:22:58,870

for them to say the army I mean the Army

473

00:23:02,640 --> 00:23:01,180

Air Force or whatever they called it has

474

00:23:04,500 --> 00:23:02,650

found a flying disc

475

00:23:08,010 --> 00:23:04,510

there was no reason that had to be

476

00:23:10,800 --> 00:23:08,020

printed and that's you know I've had a

477

00:23:13,590 --> 00:23:10,810

skeptic talk about that issue and

478

00:23:15,210 --> 00:23:13,600

someone said well they wanted to take

479

00:23:16,980 --> 00:23:15,220

them away from the moguls and I said

480

00:23:19,370 --> 00:23:16,990

well why no one would even be talking

481

00:23:22,020 --> 00:23:19,380

about it it's such a you know the

482

00:23:23,880 --> 00:23:22,030

sparsely populated area and out there

483

00:23:25,650 --> 00:23:23,890

and you know there was no reason they

484

00:23:29,220 --> 00:23:25,660

had to print that what is sure comment

485

00:23:32,520 --> 00:23:29,230

on that well sure there was there was a

486

00:23:34,980 --> 00:23:32,530

lot of people in Roswell surrounding

487

00:23:38,220 --> 00:23:34,990

people who were there they got to the

488

00:23:41,370 --> 00:23:38,230

crash site in those days a lot of the

489

00:23:43,410 --> 00:23:41,380

ranchers when there was a crash it was

490

00:23:45,300 --> 00:23:43,420

that the ranchers and their families

491

00:23:49,700 --> 00:23:45,310

they all went to the crash site for

492

00:23:54,840 --> 00:23:49,710

souvenirs to see what happened and so

493

00:23:57,630 --> 00:23:54,850

they and the Flying Saucer age actually

494

00:23:59,430 --> 00:23:57,640

began two weeks earlier so a lot of

495

00:24:01,500 --> 00:23:59,440

headlines about you they didn't call

496

00:24:05,950 --> 00:24:01,510

them UFOs back then but flying saucers

497

00:24:10,149 --> 00:24:05,960

but too many people knew about the what

498

00:24:12,639 --> 00:24:10,159

happened and Mac Brazel the rancher who

499

00:24:16,960 --> 00:24:12,649

came to town with a whole bunch of this

500

00:24:19,750 --> 00:24:16,970

crazy metal he went to the sheriff's

501  
00:24:22,779 --> 00:24:19,760  
office and while he was at the sheriff's

502  
00:24:28,539 --> 00:24:22,789  
office there the local radio station one

503  
00:24:29,950 --> 00:24:28,549  
of them KT FL interviewed Brazel about

504  
00:24:32,740 --> 00:24:29,960  
what had happened and what he was

505  
00:24:35,649 --> 00:24:32,750  
reporting on his rant so it's already in

506  
00:24:41,409 --> 00:24:35,659  
to be in the media it's nice accorded to

507  
00:24:45,419 --> 00:24:41,419  
the media and so the Air Force Army Air

508  
00:24:48,909 --> 00:24:45,429  
Corps back then had to do something and

509  
00:24:51,370 --> 00:24:48,919  
they had they had sent their base

510  
00:24:56,200 --> 00:24:51,380  
intelligence officer Jesse Marcel and

511  
00:24:58,600 --> 00:24:56,210  
his counterintelligence officer Captain

512  
00:25:02,080 --> 00:24:58,610  
Sheridan Cavitt out to the site to see

513  
00:25:05,769 --> 00:25:02,090

what had crashed and when they got back

514

00:25:10,330 --> 00:25:05,779

to Roswell two days later on the morning

515

00:25:12,909 --> 00:25:10,340

of the 8th they had reported that hey

516

00:25:15,340 --> 00:25:12,919

this is something really happened out

517

00:25:18,580 --> 00:25:15,350

there Marcel was convinced that it was a

518

00:25:22,899 --> 00:25:18,590

UFO like it's saying UFO but flying

519

00:25:27,430 --> 00:25:22,909

saucer and so they figure oh my goodness

520

00:25:30,539 --> 00:25:27,440

what can we do what should we do so the

521

00:25:35,860 --> 00:25:30,549

question then becomes who put out that

522

00:25:40,690 --> 00:25:35,870

headline flying saucer captured near

523

00:25:43,090 --> 00:25:40,700

ranch in Roswell region and an argument

524

00:25:45,250 --> 00:25:43,100

had raged for a number of years whether

525

00:25:48,760 --> 00:25:45,260

it was a local faux pas by the base

526

00:25:51,610 --> 00:25:48,770

commander or the intelligence officer or

527

00:25:53,919 --> 00:25:51,620

was it orchestrated from Washington and

528

00:25:57,519 --> 00:25:53,929

our belief and we bring this out in the

529

00:26:01,779 --> 00:25:57,529

book Martin that why this was something

530

00:26:06,610 --> 00:26:01,789

that was concocted in Washington the the

531

00:26:10,649 --> 00:26:06,620

headline that said the RAAF at the royal

532

00:26:16,419 --> 00:26:10,659

air Air Force its Roswell Army Airfield

533

00:26:19,420 --> 00:26:16,429

found a flying saucer so they build up

534

00:26:21,310 --> 00:26:19,430

the story and if our

535

00:26:23,410 --> 00:26:21,320

next day actually that afternoon they

536

00:26:26,170 --> 00:26:23,420

tear it down well this was an old tactic

537

00:26:27,970 --> 00:26:26,180

from World War two you know build it up

538

00:26:30,550 --> 00:26:27,980

then tear it down and make everybody

539

00:26:31,150 --> 00:26:30,560

feel silly for believing it in the first

540

00:26:34,930 --> 00:26:31,160

place

541

00:26:42,400 --> 00:26:34,940

so we quite detail when that story how

542

00:26:44,710 --> 00:26:42,410

that headline came about so yes worried

543

00:26:48,310 --> 00:26:44,720

if it got out from the media boy we got

544

00:26:48,970 --> 00:26:48,320

our hands flew it's 2038 again the War

545

00:26:51,730 --> 00:26:48,980

of the Worlds

546

00:26:54,640 --> 00:26:51,740

yeah as I mentioned earlier you know

547

00:26:56,770 --> 00:26:54,650

seventy-three years ago so does that

548

00:27:01,480 --> 00:26:56,780

mean that every single witness has gone

549

00:27:05,380 --> 00:27:01,490

at this point we just a few weeks ago we

550

00:27:09,130 --> 00:27:05,390

were taking stock of those that were

551  
00:27:14,110 --> 00:27:09,140  
still aware of and I think we're down to

552  
00:27:19,800 --> 00:27:14,120  
either the last two or three and it to

553  
00:27:26,680 --> 00:27:19,810  
us it becomes not only a very sobering

554  
00:27:28,930 --> 00:27:26,690  
situation Dom we lost stuff somehow we

555  
00:27:32,800 --> 00:27:28,940  
lost dawn so you're gonna have to take

556  
00:27:37,480 --> 00:27:32,810  
it from here he so he was just saying it

557  
00:27:41,320 --> 00:27:37,490  
we're down to three we like Don said we

558  
00:27:45,640 --> 00:27:41,330  
had interviewed over 600 witnesses first

559  
00:27:48,700 --> 00:27:45,650  
at secondhand and we did in accounting

560  
00:27:52,570 --> 00:27:48,710  
that recently how many do we know that

561  
00:27:55,510 --> 00:27:52,580  
are still alive and I was only aware of

562  
00:27:59,110 --> 00:27:55,520  
one but Don apparently has found two

563  
00:28:02,980 --> 00:27:59,120

others but we're down to like single

564

00:28:06,820 --> 00:28:02,990

digits the one that I was aware of was

565

00:28:10,570 --> 00:28:06,830

his name is Eleanor Benavides he's in a

566

00:28:15,340 --> 00:28:10,580

nursing home in Roswell with Alzheimer's

567

00:28:17,830 --> 00:28:15,350

and he's 94 years old when I was aware

568

00:28:20,860 --> 00:28:17,840

of Martin but Don apparently has found

569

00:28:23,620 --> 00:28:20,870

two others of which I'm unaware we're

570

00:28:26,200 --> 00:28:23,630

also unaware Martin if there are other

571

00:28:28,750 --> 00:28:26,210

witnesses out there whom we did not

572

00:28:31,870 --> 00:28:28,760

interview and were unaware of there may

573

00:28:33,970 --> 00:28:31,880

be some we don't know what of the ones

574

00:28:36,520 --> 00:28:33,980

that we interview

575

00:28:40,480 --> 00:28:36,530

I'm only aware of one but Don just said

576  
00:28:42,850 --> 00:28:40,490  
he's aware of three so Wow I guess so

577  
00:28:45,280 --> 00:28:42,860  
hopefully well Don will come back into

578  
00:28:48,430 --> 00:28:45,290  
the studio we'll leave but we'll just

579  
00:28:51,669 --> 00:28:48,440  
continue on and what what actually

580  
00:28:54,490 --> 00:28:51,679  
prompted this particular book you said

581  
00:28:57,549 --> 00:28:54,500  
you've written seven books and it's a

582  
00:29:00,370 --> 00:28:57,559  
very intriguing title and so what what

583  
00:29:02,409 --> 00:29:00,380  
how did this have this come about it's

584  
00:29:05,680 --> 00:29:02,419  
oh it's just what we were talking about

585  
00:29:10,600 --> 00:29:05,690  
there's there we're without any

586  
00:29:13,240 --> 00:29:10,610  
witnesses on our radar right now we've

587  
00:29:16,539 --> 00:29:13,250  
been interviewing secondhand witnesses

588  
00:29:19,270 --> 00:29:16,549

for about ten years mostly and we're

589

00:29:21,640 --> 00:29:19,280

even interviewing you know the children

590

00:29:23,890 --> 00:29:21,650

and now the grandchildren even some of

591

00:29:28,810 --> 00:29:23,900

the children of me firsthand witnesses

592

00:29:31,240 --> 00:29:28,820

are passed away so we we thought of oh

593

00:29:34,180 --> 00:29:31,250

my goodness how many how many more books

594

00:29:38,530 --> 00:29:34,190

can we do in Roswell we feel that we've

595

00:29:40,390 --> 00:29:38,540

gotten the the case down to where we we

596

00:29:43,450 --> 00:29:40,400

have the framework of what actually

597

00:29:45,940 --> 00:29:43,460

happened and the witnesses that we were

598

00:29:48,190 --> 00:29:45,950

getting over the last 10 years all they

599

00:29:54,580 --> 00:29:48,200

were doing was corroborating what we had

600

00:29:58,270 --> 00:29:54,590

already concluded so we we have the the

601  
00:30:03,039 --> 00:29:58,280  
case it's a witness case right now

602  
00:30:04,960 --> 00:30:03,049  
and certainly the critics they say well

603  
00:30:07,360 --> 00:30:04,970  
where we need some physical we need some

604  
00:30:09,789 --> 00:30:07,370  
evidence well witnesses are evidence in

605  
00:30:12,100 --> 00:30:09,799  
a court of law if they're believed they

606  
00:30:16,299 --> 00:30:12,110  
are evidence but what they mean is they

607  
00:30:18,549 --> 00:30:16,309  
want a piece of physical evidence and we

608  
00:30:19,980 --> 00:30:18,559  
we do not have that right now we believe

609  
00:30:22,390 --> 00:30:19,990  
there are pieces still out there

610  
00:30:25,570 --> 00:30:22,400  
certainly may be in the hands of some

611  
00:30:27,780 --> 00:30:25,580  
ranchers who we hope come forward at

612  
00:30:30,490 --> 00:30:27,790  
some point or even some of the military

613  
00:30:32,950 --> 00:30:30,500

people who were involved in the recovery

614

00:30:37,320 --> 00:30:32,960

and we're out at the crash site picking

615

00:30:43,570 --> 00:30:37,330

up these pieces of extraterrestrial

616

00:30:45,940 --> 00:30:43,580

handiwork so we got the idea that we how

617

00:30:47,040 --> 00:30:45,950

much farther can we go with with just

618

00:30:49,740 --> 00:30:47,050

witnesses

619

00:30:53,700 --> 00:30:49,750

and so if you remember Martin the old

620

00:30:55,140 --> 00:30:53,710

Jack Webb dragnet serious yeah at the

621

00:30:58,260 --> 00:30:55,150

end of the show you would have the

622

00:31:01,770 --> 00:30:58,270

fellow with a they would hit the they

623

00:31:04,710 --> 00:31:01,780

would hit the in printer and it would

624

00:31:10,970 --> 00:31:04,720

say mark seven productions end of show

625

00:31:14,970 --> 00:31:10,980

so that got us the idea of having a a

626  
00:31:16,590 --> 00:31:14,980  
non the state what a rub you know those

627  
00:31:20,550 --> 00:31:16,600  
things where you stay a stamp

628  
00:31:25,350 --> 00:31:20,560  
yeah rubber stamp notes now we had

629  
00:31:28,830 --> 00:31:25,360  
wanted a closed imprint that was larger

630  
00:31:31,380 --> 00:31:28,840  
than the one you seal in the book to

631  
00:31:33,960 --> 00:31:31,390  
cover the book what the our publisher

632  
00:31:37,470 --> 00:31:33,970  
didn't want one that big they wanted it

633  
00:31:39,780 --> 00:31:37,480  
smaller and sort of that angle so maybe

634  
00:31:42,410 --> 00:31:39,790  
leaving the door open a little a little

635  
00:31:45,000 --> 00:31:42,420  
bit if we come up with something

636  
00:31:48,420 --> 00:31:45,010  
stupendous like a piece of physical

637  
00:31:52,260 --> 00:31:48,430  
evidence so it's a the ultimate cold

638  
00:31:54,860 --> 00:31:52,270

case closed but the door is a let's

639

00:31:59,310 --> 00:31:54,870

still ajar if something they're very

640

00:32:01,590 --> 00:31:59,320

interesting and important comes along we

641

00:32:05,880 --> 00:32:01,600

feel with we feel we've got gotten the

642

00:32:06,870 --> 00:32:05,890

case nailed Martin and it took seven

643

00:32:11,100 --> 00:32:06,880

books to do it

644

00:32:13,880 --> 00:32:11,110

and this book that we have sort of puts

645

00:32:17,250 --> 00:32:13,890

everything that we've done into context

646

00:32:21,180 --> 00:32:17,260

they talked about well we we talk about

647

00:32:24,480 --> 00:32:21,190

the so called Rashomon effect early on

648

00:32:26,040 --> 00:32:24,490

in the book that's where you haven't say

649

00:32:28,710 --> 00:32:26,050

you have an accident that would own a

650

00:32:30,720 --> 00:32:28,720

reveal accident and you have ten

651  
00:32:34,380 --> 00:32:30,730  
witnesses well you'll get ten different

652  
00:32:37,890 --> 00:32:34,390  
stories of the accident that's been good

653  
00:32:40,590 --> 00:32:37,900  
but he has different life histories and

654  
00:32:44,310 --> 00:32:40,600  
they see they see things through their

655  
00:32:45,900 --> 00:32:44,320  
own prism of their own life and this is

656  
00:32:48,960 --> 00:32:45,910  
what we've done with the Roswell story

657  
00:32:52,800 --> 00:32:48,970  
is that we've accumulated all of these

658  
00:32:57,090 --> 00:32:52,810  
witnesses and are attempting to break

659  
00:32:59,880 --> 00:32:57,100  
through the Rashomon effect and come up

660  
00:33:00,870 --> 00:32:59,890  
with the what really happened and we

661  
00:33:03,630 --> 00:33:00,880  
believe we've done

662  
00:33:07,950 --> 00:33:03,640  
we've talked about the what where when

663  
00:33:11,490 --> 00:33:07,960

and how but this book explains the why

664

00:33:15,840 --> 00:33:11,500

of things happen did the Air Force

665

00:33:17,880 --> 00:33:15,850

behaved reasonably if it was just a

666

00:33:21,000 --> 00:33:17,890

balloon why if it was just a balloon

667

00:33:25,380 --> 00:33:21,010

that crashed or landed why all the

668

00:33:27,690 --> 00:33:25,390

threats why all of the the compromising

669

00:33:30,570 --> 00:33:27,700

in the media that the local media why

670

00:33:36,180 --> 00:33:30,580

why everything that that took place

671

00:33:38,280 --> 00:33:36,190

after the news of this crash and the

672

00:33:42,630 --> 00:33:38,290

recovery why did they go through all of

673

00:33:44,430 --> 00:33:42,640

these suppression activities trying to

674

00:33:47,660 --> 00:33:44,440

kill the story if it was just the

675

00:33:50,760 --> 00:33:47,670

balloon so we explain all of that and

676  
00:33:54,870 --> 00:33:50,770  
it's written in a slightly different

677  
00:33:58,560 --> 00:33:54,880  
style than what we've done before which

678  
00:34:00,600 --> 00:33:58,570  
is you know it's one two follows one

679  
00:34:04,980 --> 00:34:00,610  
three follows two one two three four

680  
00:34:08,550 --> 00:34:04,990  
it's we take time to explain why this is

681  
00:34:10,710 --> 00:34:08,560  
not a weather balloon why it's not a

682  
00:34:17,300 --> 00:34:10,720  
project mogul balloon why it's not

683  
00:34:21,060 --> 00:34:17,310  
anything other than the crash of a

684  
00:34:24,990 --> 00:34:21,070  
extraterrestrial or extra temporal space

685  
00:34:28,410 --> 00:34:25,000  
ship and I mentioned extra temporal

686  
00:34:31,080 --> 00:34:28,420  
because we have two witnesses and of

687  
00:34:35,520 --> 00:34:31,090  
course my mind Martin over the years

688  
00:34:37,650 --> 00:34:35,530

because of the the UFO stories had at

689

00:34:39,720 --> 00:34:37,660

some of the UFOs they tend to just that

690

00:34:42,330 --> 00:34:39,730

link alone and blink off you know they

691

00:34:46,950 --> 00:34:42,340

disappear right before a witness went

692

00:34:49,770 --> 00:34:46,960

and it got to be thinking what's going

693

00:34:54,180 --> 00:34:49,780

on here well we have two witnesses in

694

00:34:57,210 --> 00:34:54,190

the book they're important witnesses

695

00:35:01,410 --> 00:34:57,220

it's not the former Jones out in the

696

00:35:07,200 --> 00:35:01,420

corn patch it's a one's a rocket

697

00:35:10,170 --> 00:35:07,210

scientist and the other is a navy high

698

00:35:14,750 --> 00:35:10,180

officer both of whom were involved in

699

00:35:18,760 --> 00:35:14,760

the research of the recovered

700

00:35:24,350 --> 00:35:18,770

theft and bodies and both of those

701  
00:35:27,700 --> 00:35:24,360  
witnesses say that the crash involved

702  
00:35:30,680 --> 00:35:27,710  
not an extraterrestrial craft but an

703  
00:35:32,420 --> 00:35:30,690  
extra dimensional one said

704  
00:35:36,170 --> 00:35:32,430  
extra-dimensional and the other said

705  
00:35:40,760 --> 00:35:36,180  
extra temporal which to me is like time

706  
00:35:43,190 --> 00:35:40,770  
travelers huh one of them one of one of

707  
00:35:46,070 --> 00:35:43,200  
the Megane said that there his

708  
00:35:51,110 --> 00:35:46,080  
speculation was that the bodies that

709  
00:35:55,490 --> 00:35:51,120  
were were recovered were us in the in

710  
00:35:59,480 --> 00:35:55,500  
the future yeah there's a Dave man Dave

711  
00:36:01,370 --> 00:35:59,490  
masters Masterson I believe is I can't

712  
00:36:05,210 --> 00:36:01,380  
remember his name and I talk to him

713  
00:36:07,430 --> 00:36:05,220

often but he that's his theory you know

714

00:36:10,070 --> 00:36:07,440

that it's what we're seeing or what

715

00:36:12,260 --> 00:36:10,080

people are reporting is you know us from

716

00:36:12,800 --> 00:36:12,270

the future you know way way from the

717

00:36:15,260 --> 00:36:12,810

future

718

00:36:17,420 --> 00:36:15,270

this isn't how will evolve we've never

719

00:36:20,660 --> 00:36:17,430

we've never recorded this before but

720

00:36:24,410 --> 00:36:20,670

this is new information given to us by

721

00:36:28,400 --> 00:36:24,420

the witnesses who were part of the

722

00:36:30,140 --> 00:36:28,410

research team at wright-patterson there

723

00:36:33,080 --> 00:36:30,150

it was their opinion that that's what

724

00:36:35,420 --> 00:36:33,090

had happened and what we had what we

725

00:36:36,830 --> 00:36:35,430

found at Roswell was when they were in

726

00:36:40,130 --> 00:36:36,840

there what they call their corporal

727

00:36:42,140 --> 00:36:40,140

state their physical state so and they

728

00:36:45,320 --> 00:36:42,150

remained there when they searched but

729

00:36:47,630 --> 00:36:45,330

that was there that was their belief and

730

00:36:50,420 --> 00:36:47,640

I just report that to you there's

731

00:36:53,030 --> 00:36:50,430

something new that's in our book that I

732

00:36:55,370 --> 00:36:53,040

had thought about for some time but I

733

00:36:57,020 --> 00:36:55,380

thought I was the only one so I didn't I

734

00:37:01,310 --> 00:36:57,030

didn't I didn't really bring it up to

735

00:37:03,980 --> 00:37:01,320

anybody we have two witnesses that said

736

00:37:07,850 --> 00:37:03,990

the same thing isn't that that's that's

737

00:37:11,090 --> 00:37:07,860

pretty amazing now you hear I'm sure you

738

00:37:13,760 --> 00:37:11,100

hear I hear all the time the skeptics

739

00:37:16,010 --> 00:37:13,770

versions and but there's there's other

740

00:37:19,040 --> 00:37:16,020

versions of what people think happened

741

00:37:21,740 --> 00:37:19,050

at Roswell so many different theories I

742

00:37:25,010 --> 00:37:21,750

know I'm trying to think of someone told

743

00:37:26,300 --> 00:37:25,020

me that this I'm just trying to think

744

00:37:28,240 --> 00:37:26,310

who it was it just came out with a

745

00:37:31,870 --> 00:37:28,250

different theory of what happened

746

00:37:34,840 --> 00:37:31,880

have Roswell and why do you think it's

747

00:37:37,480 --> 00:37:34,850

just because this has become such a

748

00:37:39,280 --> 00:37:37,490

there's so much mystique in this that

749

00:37:44,740 --> 00:37:39,290

all these different conspiracies just

750

00:37:51,690 --> 00:37:44,750

keep popping up there's there's a lot of

751

00:37:58,060 --> 00:37:55,150

we believe it was that the craft

752

00:38:00,130 --> 00:37:58,070

malfunctioned in some way or was hit by

753

00:38:03,060 --> 00:38:00,140

a bolt of lightning and disintegrated

754

00:38:06,070 --> 00:38:03,070

but we feel what was found was either

755

00:38:08,470 --> 00:38:06,080

we'll say extraterrestrial because

756

00:38:11,110 --> 00:38:08,480

that's what all the witnesses this is

757

00:38:14,650 --> 00:38:11,120

600 or so witnesses every one of whom

758

00:38:17,890 --> 00:38:14,660

has a little piece of the story but some

759

00:38:22,750 --> 00:38:17,900

of them we call it the the latest theory

760

00:38:25,660 --> 00:38:22,760

of the month it was Joseph Stalin who

761

00:38:28,900 --> 00:38:25,670

sent it over and it was something else

762

00:38:32,080 --> 00:38:28,910

the scarers and someone were just so

763

00:38:34,270 --> 00:38:32,090

cockamamie that it makes you wonder you

764

00:38:40,480 --> 00:38:34,280

know that some of these people have a

765

00:38:43,810 --> 00:38:40,490

life you know the what was the others

766

00:38:48,330 --> 00:38:43,820

and there was another one I can't think

767

00:38:50,830 --> 00:38:48,340

of it now but the Air Force themselves

768

00:38:53,740 --> 00:38:50,840

saved us a lot of trouble but we had

769

00:38:56,680 --> 00:38:53,750

already done the research that there was

770

00:39:00,820 --> 00:38:56,690

no it wasn't a v2 rocket that had

771

00:39:05,530 --> 00:39:00,830

crashed it wasn't a the latest military

772

00:39:07,770 --> 00:39:05,540

jet it wasn't the bell x-1 that that was

773

00:39:11,260 --> 00:39:07,780

breaking the sound barrier at that time

774

00:39:16,780 --> 00:39:11,270

we had we had researched all of those

775

00:39:19,420 --> 00:39:16,790

and even the Air Force in 1994 when they

776

00:39:23,500 --> 00:39:19,430

did there they reopened their so-called

777

00:39:26,230 --> 00:39:23,510

research into the Roswell case they had

778

00:39:28,420 --> 00:39:26,240

also eliminated all of these things they

779

00:39:31,200 --> 00:39:28,430

said and it came down to two things that

780

00:39:34,390 --> 00:39:31,210

the Roswell crash could have represented

781

00:39:37,300 --> 00:39:34,400

one was the it was either the crash of

782

00:39:40,420 --> 00:39:37,310

an extraterrestrial spaceship or this

783

00:39:42,010 --> 00:39:40,430

project mogul device that they finally

784

00:39:46,450 --> 00:39:42,020

latched on to

785

00:39:48,940 --> 00:39:46,460

and so it was one of the other and we

786

00:39:53,020 --> 00:39:48,950

believe it was based on witnesses

787

00:39:57,730 --> 00:39:53,030

totaling over 600 all saying the same

788

00:40:00,730 --> 00:39:57,740

thing or parts of that same story or

789

00:40:04,750 --> 00:40:00,740

with this project mogul device which

790

00:40:08,110 --> 00:40:04,760

just once you look at it it falls apart

791

00:40:10,180 --> 00:40:08,120

like a cheap suit garden and but that's

792

00:40:11,830 --> 00:40:10,190

the air force position today they don't

793

00:40:15,790 --> 00:40:11,840

want to talk about Roswell anymore

794

00:40:19,120 --> 00:40:15,800

because when they trotted out the you

795

00:40:22,240 --> 00:40:19,130

know you can you you can say strange

796

00:40:24,160 --> 00:40:22,250

metal oh that's part of a new alloy that

797

00:40:26,020 --> 00:40:24,170

we developed for our fighter jets or

798

00:40:28,870 --> 00:40:26,030

something like that but they you

799

00:40:31,000 --> 00:40:28,880

couldn't explain away the little bodies

800

00:40:36,130 --> 00:40:31,010

three and a half to four feet tall with

801  
00:40:41,230 --> 00:40:36,140  
large heads and you can't explain them

802  
00:40:43,900 --> 00:40:41,240  
away so what they did it was on 1997

803  
00:40:46,920 --> 00:40:43,910  
just as the 50th anniversary weekend was

804  
00:40:50,620 --> 00:40:46,930  
approaching they've released a a

805  
00:40:54,000 --> 00:40:50,630  
monograph titled Roswell case closed

806  
00:40:58,540 --> 00:40:54,010  
almost like almost like our book oh

807  
00:41:01,990 --> 00:40:58,550  
there was it was really something the

808  
00:41:05,200 --> 00:41:02,000  
people because the the original study

809  
00:41:08,590 --> 00:41:05,210  
that they did in 94 which talked about

810  
00:41:10,840 --> 00:41:08,600  
project mogul was what had crashed they

811  
00:41:16,600 --> 00:41:10,850  
didn't address the little bodies with

812  
00:41:19,660 --> 00:41:16,610  
the big heads that work so in 1997 they

813  
00:41:22,390 --> 00:41:19,670

produced another monograph Roswell case

814

00:41:26,020 --> 00:41:22,400

closed where they discussed the little

815

00:41:30,990 --> 00:41:26,030

little bodies with the large heads that

816

00:41:33,340 --> 00:41:31,000

people reported finding and seeing and

817

00:41:36,790 --> 00:41:33,350

it was really strange

818

00:41:39,810 --> 00:41:36,800

it was so bad the explanation at the

819

00:41:43,680 --> 00:41:39,820

press conference that the press just

820

00:41:47,110 --> 00:41:43,690

they were howling with laughter at the

821

00:41:49,150 --> 00:41:47,120

air force officer who was briefing the

822

00:41:51,550 --> 00:41:49,160

press and he got so flustered he

823

00:41:53,280 --> 00:41:51,560

basically said well that's all I'm gonna

824

00:41:55,450 --> 00:41:53,290

say I'm out of here

825

00:41:59,050 --> 00:41:55,460

it was so bad

826

00:42:02,020 --> 00:41:59,060

and what it was was that they said that

827

00:42:04,330 --> 00:42:02,030

these these little three and a half foot

828

00:42:07,180 --> 00:42:04,340

tall beings with large heads what they

829

00:42:11,710 --> 00:42:07,190

were really looking at were dime-store

830

00:42:15,250 --> 00:42:11,720

mannequins that the air force was using

831

00:42:19,120 --> 00:42:15,260

ten years later in the in the 1950s in

832

00:42:20,920 --> 00:42:19,130

these high altitude parachute drop tests

833

00:42:22,840 --> 00:42:20,930

from a hundred thousand feet they didn't

834

00:42:25,120 --> 00:42:22,850

want to test some humans because they

835

00:42:29,590 --> 00:42:25,130

might get killed so they would drop

836

00:42:35,320 --> 00:42:29,600

these dime-store mannequins and test the

837

00:42:38,260 --> 00:42:35,330

parachutes that way and and we know for

838

00:42:41,110 --> 00:42:38,270

a fact from one of the officers who was

839

00:42:43,630 --> 00:42:41,120

involved in that that when these

840

00:42:45,040 --> 00:42:43,640

mannequins hit the ground they just they

841

00:42:47,170 --> 00:42:45,050

didn't stay together they just

842

00:42:53,110 --> 00:42:47,180

splattered all over the place and this

843

00:42:55,330 --> 00:42:53,120

is not what was described and the other

844

00:43:00,250 --> 00:42:55,340

thing was what was the other thing

845

00:43:03,240 --> 00:43:00,260

oh yes and how could how could something

846

00:43:06,940 --> 00:43:03,250

that was taking place in the 1950s

847

00:43:10,540 --> 00:43:06,950

project these parachute drops how could

848

00:43:13,420 --> 00:43:10,550

that be confused with the 1947 Roswell

849

00:43:15,840 --> 00:43:13,430

incident well the air force and this is

850

00:43:20,710 --> 00:43:15,850

where the prints really started howling

851  
00:43:22,990 --> 00:43:20,720  
it seems that it only affects Pro

852  
00:43:25,090 --> 00:43:23,000  
Roswell witnesses if you're anywhere as

853  
00:43:28,680 --> 00:43:25,100  
well it doesn't affect you but if you

854  
00:43:32,800 --> 00:43:28,690  
grow Roswell it affects you these

855  
00:43:34,660 --> 00:43:32,810  
witnesses reporting these bodies what

856  
00:43:37,690 --> 00:43:34,670  
they what they were doing is they were

857  
00:43:42,340 --> 00:43:37,700  
actually reporting these dime-store

858  
00:43:44,920 --> 00:43:42,350  
mannequins but what they were they got

859  
00:43:47,680 --> 00:43:44,930  
the time frame all mixed up due to

860  
00:43:52,770 --> 00:43:47,690  
something called time compression which

861  
00:43:58,180 --> 00:43:56,380  
like that it means the older you get and

862  
00:44:00,250 --> 00:43:58,190  
I guess all of these people who saw the

863  
00:44:02,410 --> 00:44:00,260

parties out in the desert hiking out in

864

00:44:05,920 --> 00:44:02,420

the desert were in their 80s or 90s or

865

00:44:09,339 --> 00:44:05,930

something but as you get older you tend

866

00:44:12,759 --> 00:44:09,349

to lose track of time and you

867

00:44:14,650 --> 00:44:12,769

your time frame starts compressing well

868

00:44:18,519 --> 00:44:14,660

well I don't know about you Martin

869

00:44:20,259 --> 00:44:18,529

but it hasn't happened to me because and

870

00:44:23,019 --> 00:44:20,269

you know I'm sure you do the same thing

871

00:44:26,229 --> 00:44:23,029

is it when something happens the way you

872

00:44:27,729 --> 00:44:26,239

can tell when it was is okay where were

873

00:44:30,189 --> 00:44:27,739

you at that time were you in high school

874

00:44:33,370 --> 00:44:30,199

were you in college what songs were

875

00:44:35,949 --> 00:44:33,380

popular who are you dating with things

876

00:44:38,799 --> 00:44:35,959

like that that establishes in your mind

877

00:44:40,959 --> 00:44:38,809

that the proper time frame but

878

00:44:42,640 --> 00:44:40,969

apparently these witnesses that saw

879

00:44:45,729 --> 00:44:42,650

these bodies they didn't have any of

880

00:44:48,219 --> 00:44:45,739

that and the time frame just got old all

881

00:44:51,640 --> 00:44:48,229

out of whack and compressed and that's

882

00:44:53,380 --> 00:44:51,650

how the Air Force explains how these

883

00:44:57,249 --> 00:44:53,390

times through our mannequins became a

884

00:45:01,569 --> 00:44:57,259

little oh also these mannequins were six

885

00:45:03,609 --> 00:45:01,579

feet tall they looked European and they

886

00:45:09,519 --> 00:45:03,619

were dressed in Air Force flight suits

887

00:45:11,469 --> 00:45:09,529

that we have what's for the press that

888

00:45:15,160 --> 00:45:11,479

day and they they just couldn't stop

889

00:45:17,019 --> 00:45:15,170

laughing and the that was the last press

890

00:45:20,380 --> 00:45:17,029

conference to my knowledge that the air

891

00:45:22,420 --> 00:45:20,390

Air Force ever had about Roswell yeah

892

00:45:24,880 --> 00:45:22,430

yeah it's it's pretty it's pretty

893

00:45:27,839 --> 00:45:24,890

interesting and you know of course our

894

00:45:30,339 --> 00:45:27,849

the president said something recently

895

00:45:33,039 --> 00:45:30,349

you know but he wouldn't give any

896

00:45:35,049 --> 00:45:33,049

details on that he knows some interest

897

00:45:37,089 --> 00:45:35,059

something interesting and I don't know

898

00:45:39,430 --> 00:45:37,099

if that was some type of lawyer what

899

00:45:42,279 --> 00:45:39,440

will you know we may not know what he

900

00:45:43,239 --> 00:45:42,289

knows just let me just ask you this do

901  
00:45:45,279 --> 00:45:43,249  
you happen to have

902  
00:45:49,539 --> 00:45:45,289  
dude happen to text back and forth with

903  
00:45:51,819 --> 00:45:49,549  
Don and if do you do i what

904  
00:45:54,459 --> 00:45:51,829  
do you do you and Don happen to send

905  
00:45:57,099 --> 00:45:54,469  
text back and forth to each other text

906  
00:45:58,539 --> 00:45:57,109  
messages yeah no okay

907  
00:46:00,670 --> 00:45:58,549  
all right because I I don't know why

908  
00:46:02,079 --> 00:46:00,680  
he's not coming back in the studio I've

909  
00:46:06,039 --> 00:46:02,089  
been sending him emails I just don't

910  
00:46:06,759 --> 00:46:06,049  
understand Senate in my life well that

911  
00:46:09,999 --> 00:46:06,769  
settles that

912  
00:46:11,920 --> 00:46:10,009  
okay well alright well hopefully Don

913  
00:46:15,279 --> 00:46:11,930

will try to enter the studio again I

914

00:46:20,949 --> 00:46:15,289

don't know what happened he he's he we

915

00:46:22,670 --> 00:46:20,959

were we were doing Larry King Live I was

916

00:46:25,630 --> 00:46:22,680

in the hangar at

917

00:46:30,040 --> 00:46:25,640

well it was like 110 degrees are there

918

00:46:32,990 --> 00:46:30,050

they and I was sitting in the hangar and

919

00:46:34,970 --> 00:46:33,000

Larry King ahead asked me a question and

920

00:46:37,310 --> 00:46:34,980

I answered it so I knew the next

921

00:46:41,150 --> 00:46:37,320

question was going to be for done right

922

00:46:47,390 --> 00:46:41,160

I sort of went you know I tuned out and

923

00:46:50,900 --> 00:46:47,400

he says and how about that Tom they had

924

00:46:55,910 --> 00:46:50,910

lost the satellite for Don oh wow

925

00:46:58,370 --> 00:46:55,920

so maybe Don has had about him yeah

926  
00:47:00,800 --> 00:46:58,380  
maybe he's been abducted or something

927  
00:47:04,760 --> 00:47:00,810  
Wow answer-there

928  
00:47:07,210 --> 00:47:04,770  
they're still you know yeah well yeah

929  
00:47:10,550 --> 00:47:07,220  
the Mules going around in a circle it

930  
00:47:12,020 --> 00:47:10,560  
generating electricity I don't know well

931  
00:47:13,700 --> 00:47:12,030  
hopefully we'll see him back in here and

932  
00:47:15,920 --> 00:47:13,710  
when he comes back and pulling back in

933  
00:47:16,880 --> 00:47:15,930  
but I don't I don't I just looked I

934  
00:47:20,450 --> 00:47:16,890  
don't happen to have his phone number

935  
00:47:22,910 --> 00:47:20,460  
unfortunately what's that do you have

936  
00:47:25,610 --> 00:47:22,920  
any idea what happened not at all nope

937  
00:47:28,070 --> 00:47:25,620  
so hopefully like I said he'll he'll be

938  
00:47:32,240 --> 00:47:28,080

back but meanwhile I'm glad you're here

939

00:47:34,280 --> 00:47:32,250

so we can carry on and one of the things

940

00:47:38,300 --> 00:47:34,290

I've always found very confusing about

941

00:47:40,640 --> 00:47:38,310

Roswell is the story that there were two

942

00:47:44,510 --> 00:47:40,650

separate crashes and one looked like the

943

00:47:46,130 --> 00:47:44,520

size of a Volkswagen Beetle about 40

944

00:47:49,370 --> 00:47:46,140

miles away or something like that can

945

00:47:52,280 --> 00:47:49,380

you can you address that please yes the

946

00:47:55,700 --> 00:47:52,290

story about two separate crashes goes

947

00:47:59,230 --> 00:47:55,710

back to the original Roswell incident

948

00:48:04,520 --> 00:47:59,240

book and the reason they have two

949

00:48:07,870 --> 00:48:04,530

separate crashes listed and one was near

950

00:48:10,880 --> 00:48:07,880

Roswell the one we're talking about and

951  
00:48:15,640 --> 00:48:10,890  
the other one was was allegedly on the

952  
00:48:19,220 --> 00:48:15,650  
plains of San Agustin 150 miles west of

953  
00:48:25,280 --> 00:48:19,230  
Roswell near the town of Socorro and

954  
00:48:28,940 --> 00:48:25,290  
Magdalena and the reason that that story

955  
00:48:34,460 --> 00:48:28,950  
came about was the original Roswell

956  
00:48:35,940 --> 00:48:34,470  
story was mostly about Mac Brazel okay

957  
00:48:40,950 --> 00:48:35,950  
and what a wreck

958  
00:48:44,790 --> 00:48:40,960  
she found and Mac didn't in the original

959  
00:48:47,250 --> 00:48:44,800  
story Mac didn't find any bodies the

960  
00:48:51,420 --> 00:48:47,260  
only body story at that time we're

961  
00:48:55,410 --> 00:48:51,430  
talking about 1980 and the two years

962  
00:48:56,849 --> 00:48:55,420  
before that when Friedman and Moore were

963  
00:48:58,980 --> 00:48:56,859

during their investigation the only

964

00:49:06,180 --> 00:48:58,990

story with bodies in it in that time

965

00:49:09,380 --> 00:49:06,190

frame was from a Socorro of agricultural

966

00:49:15,540 --> 00:49:09,390

engineer named Barney Barnett and

967

00:49:17,640 --> 00:49:15,550

Barnett tells a story of being in out in

968

00:49:20,420 --> 00:49:17,650

the field one day and he never did

969

00:49:23,579 --> 00:49:20,430

giving he never did give a year that

970

00:49:26,790 --> 00:49:23,589

that his story took place but he started

971

00:49:29,849 --> 00:49:26,800

telling the story in 1950 so so we don't

972

00:49:32,099 --> 00:49:29,859

believe so anyway he says he was out on

973

00:49:34,170 --> 00:49:32,109

his way back home from being in the

974

00:49:37,800 --> 00:49:34,180

western part of New Mexico traveling on

975

00:49:41,280 --> 00:49:37,810

highway 60 going east when he was his l

976  
00:49:45,210 --> 00:49:41,290  
was what by a flash of light out in the

977  
00:49:46,920 --> 00:49:45,220  
desert and I've been out there where you

978  
00:49:51,059 --> 00:49:46,930  
know on the plains of San Agustin you

979  
00:49:53,550 --> 00:49:51,069  
could see for miles and these I saw this

980  
00:49:55,980 --> 00:49:53,560  
this flash of light and I thought oh my

981  
00:49:57,809 --> 00:49:55,990  
goodness what is that so he he drove out

982  
00:50:01,380 --> 00:49:57,819  
there as close as you could get and he

983  
00:50:05,579 --> 00:50:01,390  
according to Barney he he found a flying

984  
00:50:07,260 --> 00:50:05,589  
saucer with humanoid beings three and a

985  
00:50:09,960 --> 00:50:07,270  
half to four feet tall just like we've

986  
00:50:15,500 --> 00:50:09,970  
been talking about scattered about this

987  
00:50:19,050 --> 00:50:15,510  
this flying saucer and lo and behold

988  
00:50:21,450 --> 00:50:19,060

here comes the military no no first here

989

00:50:22,819 --> 00:50:21,460

comes a team of archaeologists he says

990

00:50:24,510 --> 00:50:22,829

the team of archaeologists

991

00:50:26,819 --> 00:50:24,520

archaeologists from the University of

992

00:50:29,550 --> 00:50:26,829

Pennsylvania came up and then the

993

00:50:31,230 --> 00:50:29,560

military arrived and kicked everybody

994

00:50:36,000 --> 00:50:31,240

off shut everybody up threatened

995

00:50:39,750 --> 00:50:36,010

everybody almost exactly like the the

996

00:50:43,589 --> 00:50:39,760

Roswell story that we know what the

997

00:50:47,490 --> 00:50:43,599

thing was there's no other witnesses to

998

00:50:49,650 --> 00:50:47,500

that the to the Socorro story

999

00:50:53,940 --> 00:50:49,660

it's just Barney Barnett

1000

00:50:56,940 --> 00:50:53,950

and in the the Roswell the real Rosco

1001  
00:51:01,079 --> 00:50:56,950  
story we have you know we we've found

1002  
00:51:02,220 --> 00:51:01,089  
over 600 and there still may be more out

1003  
00:51:05,029 --> 00:51:02,230  
there but there you have no

1004  
00:51:08,849 --> 00:51:05,039  
corroboration of Barney Barnett story

1005  
00:51:13,049 --> 00:51:08,859  
and so you have there's there you have

1006  
00:51:15,630 --> 00:51:13,059  
the two-disc story and allegedly they

1007  
00:51:17,940 --> 00:51:15,640  
collided in the air and one filled near

1008  
00:51:22,890 --> 00:51:17,950  
Roswell and the other fell on a plane to

1009  
00:51:25,319 --> 00:51:22,900  
San Agustin near Socorro and the other

1010  
00:51:26,819 --> 00:51:25,329  
thing about the Barnett story is he

1011  
00:51:32,609 --> 00:51:26,829  
wouldn't want to say that he went back

1012  
00:51:34,980 --> 00:51:32,619  
to work that day and told his boss about

1013  
00:51:37,710 --> 00:51:34,990

this and it's more said I get out of

1014

00:51:41,849 --> 00:51:37,720

here year dreaming but the boss told us

1015

00:51:43,589 --> 00:51:41,859

he told us that was in 1950 so even if

1016

00:51:44,910 --> 00:51:43,599

something did happen out there and we

1017

00:51:46,650 --> 00:51:44,920

don't know that we don't know that

1018

00:51:48,630 --> 00:51:46,660

anything did because of no other

1019

00:51:52,980 --> 00:51:48,640

witnesses to it

1020

00:51:56,519 --> 00:51:52,990

his boss cleared up a time frame for it

1021

00:51:59,339 --> 00:51:56,529

and it had nothing to do with the 1947

1022

00:52:04,410 --> 00:51:59,349

Roswell event which was a single-disc

1023

00:52:07,140 --> 00:52:04,420

event but but okay but then the the

1024

00:52:08,970 --> 00:52:07,150

three and a half foot bodies so where

1025

00:52:12,359 --> 00:52:08,980

does that come into play in the coffins

1026

00:52:20,450 --> 00:52:12,369

and all that in the real Roswell story

1027

00:52:25,710 --> 00:52:20,460

yeah yeah we have identified three sites

1028

00:52:28,289 --> 00:52:25,720

associated with the Roswell crash the so

1029

00:52:29,970 --> 00:52:28,299

called the first site is called the

1030

00:52:31,710 --> 00:52:29,980

debris fields like that's the one that

1031

00:52:34,140 --> 00:52:31,720

everybody's familiar with that's where

1032

00:52:37,529 --> 00:52:34,150

all of them most of the wreckage was and

1033

00:52:43,260 --> 00:52:37,539

this is a site we're on the evening of

1034

00:52:45,930 --> 00:52:43,270

July the 2nd 1947 a big thunderstorm was

1035

00:52:48,630 --> 00:52:45,940

taking place late at night between 11

1036

00:52:52,109 --> 00:52:48,640

o'clock and the midnight big heavy

1037

00:52:55,950 --> 00:52:52,119

thunderstorm and we have two or three

1038

00:53:00,000 --> 00:52:55,960

witnesses that recall hearing a muffled

1039

00:53:00,809 --> 00:53:00,010

explosion beneath it between the

1040

00:53:02,849 --> 00:53:00,819

thunderclaps

1041

00:53:03,579 --> 00:53:02,859

something different in the clap of

1042

00:53:08,140 --> 00:53:03,589

thunder

1043

00:53:12,430 --> 00:53:08,150

muffled explosion of some sort and the

1044

00:53:16,359 --> 00:53:12,440

next day a brothel goes out and finds

1045

00:53:20,499 --> 00:53:16,369

all over this strange wreckage on his

1046

00:53:22,870 --> 00:53:20,509

sheet pasture and that's as far as you

1047

00:53:25,479 --> 00:53:22,880

know that the night the 1980 book went

1048

00:53:27,849 --> 00:53:25,489

was all that strange wreckage push they

1049

00:53:33,489 --> 00:53:27,859

they brought in the Socorro event to get

1050

00:53:36,430 --> 00:53:33,499

some bodies in there but Brazel also

1051  
00:53:40,660 --> 00:53:36,440  
found just before he went into Roswell

1052  
00:53:43,749 --> 00:53:40,670  
on Sunday the 6th the 6th of July that

1053  
00:53:47,079 --> 00:53:43,759  
the crash occurred on the second he

1054  
00:53:53,430 --> 00:53:47,089  
found the wreckage on the 3rd the 4th of

1055  
00:53:58,109 --> 00:53:53,440  
July was a holiday he found the body

1056  
00:54:01,299 --> 00:53:58,119  
somebody's two and a half miles east of

1057  
00:54:04,660 --> 00:54:01,309  
that debris field site that's the second

1058  
00:54:08,609 --> 00:54:04,670  
site we call it the D Proctor body site

1059  
00:54:11,319 --> 00:54:08,619  
because the son of a his neighbor

1060  
00:54:14,680 --> 00:54:11,329  
Loretta and Floyd Proctor was named D

1061  
00:54:23,319 --> 00:54:14,690  
Proctor he was 7 or 8 years old at the

1062  
00:54:26,289 --> 00:54:23,329  
time and he was with Mac on one of those

1063  
00:54:29,440 --> 00:54:26,299

days where Mac did some extra he hit Mac

1064

00:54:31,539 --> 00:54:29,450

could see some birds of prey circling

1065

00:54:32,620 --> 00:54:31,549

off in the distance and they said oh my

1066

00:54:36,789 --> 00:54:32,630

goodness look there's something over

1067

00:54:40,029 --> 00:54:36,799

there that's dead so Mac and Dee Proctor

1068

00:54:43,239 --> 00:54:40,039

went over there and here was one maybe

1069

00:54:44,499 --> 00:54:43,249

two bodies that we have concluded now

1070

00:54:49,479 --> 00:54:44,509

how do we know how do we know that

1071

00:54:51,249 --> 00:54:49,489

because in 1994 well Mackel also when he

1072

00:54:54,549 --> 00:54:51,259

went to town he told about the wreckage

1073

00:54:57,489 --> 00:54:54,559

but he also told about the bodies he

1074

00:55:01,390 --> 00:54:57,499

said the smell was terrible and they

1075

00:55:06,009 --> 00:55:01,400

were from somewhere else and the sheriff

1076

00:55:07,870 --> 00:55:06,019

at the time Wilcox said said well you

1077

00:55:10,690 --> 00:55:07,880

know there you know the Air Force

1078

00:55:13,209 --> 00:55:10,700

they're doing all kinds of tests with

1079

00:55:15,430 --> 00:55:13,219

rockets and monkeys and Mac actually

1080

00:55:17,499 --> 00:55:15,440

actually he was talking to Frank Joyce

1081

00:55:20,709 --> 00:55:17,509

from KC FL on the raid

1082

00:55:25,239 --> 00:55:20,719

he says he slammed down the phone

1083

00:55:27,669 --> 00:55:25,249

they're not human they're not human and

1084

00:55:30,519 --> 00:55:27,679

he slammed the phone down so we did not

1085

00:55:34,449 --> 00:55:30,529

find out about this site until 1994 from

1086

00:55:37,629 --> 00:55:34,459

Dee Proctor who took his mother there

1087

00:55:39,039 --> 00:55:37,639

who was a sick in bed with they didn't

1088

00:55:43,749 --> 00:55:39,049

know if she was going to make it or not

1089

00:55:48,489 --> 00:55:43,759

she had a blockage in one of the

1090

00:55:49,689 --> 00:55:48,499

arteries - - to her in her neck they

1091

00:55:51,579 --> 00:55:49,699

didn't know if you know she better make

1092

00:55:56,469 --> 00:55:51,589

it or not she's on her could be on her

1093

00:56:00,219 --> 00:55:56,479

deathbed well her son Dee who in 1994 I

1094

00:56:06,129 --> 00:56:00,229

guess was around 64

1095

00:56:07,839 --> 00:56:06,139

I don't know I my math is bad but he

1096

00:56:09,429 --> 00:56:07,849

says mom I gotta take you somewhere he

1097

00:56:13,179 --> 00:56:09,439

comes in mom I got to take you somewhere

1098

00:56:15,189 --> 00:56:13,189

so he bundles her up plops her in his

1099

00:56:16,870 --> 00:56:15,199

pickup and they bounced out to the

1100

00:56:19,659 --> 00:56:16,880

desert now she's new she's on her

1101

00:56:21,389 --> 00:56:19,669

deathbed right I got it I got to show

1102

00:56:25,419 --> 00:56:21,399

you this I got to show you this

1103

00:56:28,659 --> 00:56:25,429

so they drive up to this load Bluff and

1104

00:56:30,129 --> 00:56:28,669

I've been on it this low Bluff about two

1105

00:56:35,620 --> 00:56:30,139

and a half miles east of the debris

1106

00:56:41,409 --> 00:56:35,630

field site and said he said mom this is

1107

00:56:43,629 --> 00:56:41,419

where Mac found something else now what

1108

00:56:48,189 --> 00:56:43,639

what could that something else be that

1109

00:56:51,519 --> 00:56:48,199

would prompt the son to pack up his

1110

00:56:54,459 --> 00:56:51,529

deathbed mother put her in a pickup and

1111

00:56:57,189 --> 00:56:54,469

drive out to the desert

1112

00:57:00,699 --> 00:56:57,199

you know and that's rough out there I've

1113

00:57:05,789 --> 00:57:00,709

been out there several times absolutely

1114

00:57:08,829 --> 00:57:05,799

well fluted that when the ship exploded

1115

00:57:10,899 --> 00:57:08,839

was struck by lightning or lightning or

1116

00:57:12,579 --> 00:57:10,909

it was an inner it was an inner

1117

00:57:17,319 --> 00:57:12,589

explosion of some sort that blew the

1118

00:57:22,389 --> 00:57:17,329

craft apart the inner cabin or some sort

1119

00:57:25,449 --> 00:57:22,399

of device that the several crew members

1120

00:57:27,339 --> 00:57:25,459

were in they they were saved but the

1121

00:57:31,000 --> 00:57:27,349

crew members who were not in this inner

1122

00:57:34,840 --> 00:57:31,010

cabin were thrown out or in the

1123

00:57:37,180 --> 00:57:34,850

ship exploded and landed came to their

1124

00:57:42,070 --> 00:57:37,190

death on this low bluff that deep

1125

00:57:45,970 --> 00:57:42,080

proctor in 1994 was taking his mother to

1126  
00:57:49,090 --> 00:57:45,980  
and she ultimately took us there here's

1127  
00:57:50,860 --> 00:57:49,100  
where Dee found something that what did

1128  
00:57:54,150 --> 00:57:50,870  
they tell you what it was I'd only said

1129  
00:57:57,610 --> 00:57:54,160  
this is where Mac found something else

1130  
00:58:01,420 --> 00:57:57,620  
well a little more wreckage is not going

1131  
00:58:07,450 --> 00:58:01,430  
to you know be a big deal but we

1132  
00:58:10,810 --> 00:58:07,460  
concluded that it was two bodies and so

1133  
00:58:15,550 --> 00:58:10,820  
that's the second site we got the debris

1134  
00:58:22,900 --> 00:58:15,560  
field site the D body Proctor site the

1135  
00:58:26,110 --> 00:58:22,910  
third site this is inner cabin or escape

1136  
00:58:31,090 --> 00:58:26,120  
capsule pod something like that that

1137  
00:58:34,690 --> 00:58:31,100  
withstood the the explosion continued on

1138  
00:58:38,530 --> 00:58:34,700

for another 30 35 miles came to rest

1139

00:58:43,180 --> 00:58:38,540

just north of Roswell just off highway

1140

00:58:46,900 --> 00:58:43,190

285 about 30 miles north of Roswell and

1141

00:58:47,950 --> 00:58:46,910

this is the site that the archeologists

1142

00:58:49,570 --> 00:58:47,960

and remember I talked about the

1143

00:58:52,720 --> 00:58:49,580

archaeologists this is the site that

1144

00:58:55,900 --> 00:58:52,730

archaeologists discovered in the morning

1145

00:58:59,710 --> 00:58:55,910

of July the 7th this is before anybody

1146

00:59:02,770 --> 00:58:59,720

in Roswell knows about it except the

1147

00:59:04,680 --> 00:59:02,780

sheriff and the kgfm radio announcer

1148

00:59:08,100 --> 00:59:04,690

when Mac Brazel came in one the sixth

1149

00:59:12,850 --> 00:59:08,110

but this is the site discovered by

1150

00:59:16,450 --> 00:59:12,860

archaeologists and what they saw were

1151

00:59:19,260 --> 00:59:16,460

two bodies sort of hanging out of the

1152

00:59:24,880 --> 00:59:19,270

ship we have a drawing in our book about

1153

00:59:27,280 --> 00:59:24,890

that Don did depicting this but one of

1154

00:59:31,510 --> 00:59:27,290

them was stub and the third and the

1155

00:59:34,140 --> 00:59:31,520

third alien that's call it was that was

1156

00:59:36,790 --> 00:59:34,150

still alive walking around so two dead

1157

00:59:40,510 --> 00:59:36,800

one alive walking around and we know

1158

00:59:42,510 --> 00:59:40,520

this from one of the fire and the

1159

00:59:44,290 --> 00:59:42,520

Roswell fireman

1160

00:59:48,370 --> 00:59:44,300

who

1161

00:59:52,150 --> 00:59:48,380

out to the site on his own the city

1162

00:59:56,380 --> 00:59:52,160

manager of Roswell cm Woodbury had come

1163

00:59:58,630 --> 00:59:56,390

to the the fire station said there's

1164

01:00:01,000 --> 00:59:58,640

been a crash north of town the Air Force

1165

01:00:03,610 --> 01:00:01,010

will handle it because the Air Force had

1166

01:00:05,830 --> 01:00:03,620

already visited him so the Air Force

1167

01:00:08,080 --> 01:00:05,840

will handle it nobody goes out to the

1168

01:00:13,030 --> 01:00:08,090

crash site well a fella by the name of

1169

01:00:18,640 --> 01:00:13,040

Dan Dwyer uh that wasn't good enough for

1170

01:00:21,520 --> 01:00:18,650

him he gets in the car with his crew

1171

01:00:23,860 --> 01:00:21,530

crew member Lee Reeves and they go out

1172

01:00:26,890 --> 01:00:23,870

to the site on their own just before the

1173

01:00:30,100 --> 01:00:26,900

military gets there and he's throwing

1174

01:00:33,180 --> 01:00:30,110

everything he saw the the craft the

1175

01:00:36,730 --> 01:00:33,190

egg-shaped craft the two dead ones and

1176

01:00:39,280 --> 01:00:36,740

one that was still alive walking around

1177

01:00:43,330 --> 01:00:39,290

so that's how we think there were five

1178

01:00:46,240 --> 01:00:43,340

aliens four of them dead one still alive

1179

01:00:48,940 --> 01:00:46,250

and that third site we call the impact

1180

01:00:53,350 --> 01:00:48,950

site Martin so we have the debris field

1181

01:00:56,230 --> 01:00:53,360

site the deep body proctor site where

1182

01:00:59,920 --> 01:00:56,240

two bodies two aliens have been thrown

1183

01:01:02,560 --> 01:00:59,930

out when their ship exploded and then

1184

01:01:05,710 --> 01:01:02,570

the third site is the impact site where

1185

01:01:07,720 --> 01:01:05,720

the state capsule or inner cabin that

1186

01:01:11,470 --> 01:01:07,730

was stood the the explosion came to rest

1187

01:01:13,600 --> 01:01:11,480

to two more dead and one still alive so

1188

01:01:16,390 --> 01:01:13,610

those are the three sites that we have

1189

01:01:19,660 --> 01:01:16,400

concluded are part of the Roswell story

1190

01:01:21,640 --> 01:01:19,670

as we know it yeah Wow

1191

01:01:23,050 --> 01:01:21,650

wow that's that's fascinating you know

1192

01:01:26,020 --> 01:01:23,060

what I'm gonna do here is I'm gonna

1193

01:01:29,590 --> 01:01:26,030

bring us into break and then I'm gonna

1194

01:01:32,920 --> 01:01:29,600

have you give Tom a call and see what's

1195

01:01:34,240 --> 01:01:32,930

going on I'm sorry Don Don I'll call and

1196

01:01:36,040 --> 01:01:34,250

see what's happening so we're gonna head

1197

01:01:52,080 --> 01:01:36,050

into the break hanging everyone we'll be

1198

01:01:52,090 --> 01:02:41,680

you

1199

01:02:41,690 --> 01:03:18,250

[Music]

1200

01:03:37,880 --> 01:03:34,220

Tom can you actually hear me Tom well I

1201  
01:03:39,550 --> 01:03:37,890  
know this is the YouTube break but I'm

1202  
01:03:42,620 --> 01:03:39,560  
as well taco oh here we go

1203  
01:03:45,980 --> 01:03:42,630  
Tom what'd you find out I can't get in

1204  
01:03:50,060 --> 01:03:45,990  
touch with him his the the phone the

1205  
01:03:52,940 --> 01:03:50,070  
number that I always called with this he

1206  
01:03:56,300 --> 01:03:52,950  
says another something wrong there I

1207  
01:03:58,910 --> 01:03:56,310  
just couldn't get yeah I just called a

1208  
01:04:02,180 --> 01:03:58,920  
number two that I had for him and it's a

1209  
01:04:04,820 --> 01:04:02,190  
262 number yes yeah that's strange it

1210  
01:04:06,079 --> 01:04:04,830  
just said the number is not it's not

1211  
01:04:09,260 --> 01:04:06,089  
it's not in service

1212  
01:04:13,310 --> 01:04:09,270  
yeah hold on what happened to dawn this

1213  
01:04:15,440 --> 01:04:13,320

is gonna cause conspiracies bill you can

1214

01:04:17,960 --> 01:04:15,450

bring us back in we have no idea what

1215

01:04:22,000 --> 01:04:17,970

what what's going on with Don all right

1216

01:04:24,500 --> 01:04:22,010

let me just take out a commercial here

1217

01:04:26,180 --> 01:04:24,510

gentlemen we will be back in about one

1218

01:04:30,530 --> 01:04:26,190

minute all right

1219

01:04:32,570 --> 01:04:30,540

so on YouTube I do want to just say just

1220

01:04:42,530 --> 01:04:32,580

a couple things while everyone is

1221

01:04:45,349 --> 01:04:42,540

waiting that I actually I actually sold

1222

01:04:49,430 --> 01:04:45,359

some paintings and I want to thank thank

1223

01:04:54,440 --> 01:04:49,440

you for the listeners out there let me

1224

01:04:56,780 --> 01:04:54,450

just do this yeah people have actually

1225

01:04:59,870 --> 01:04:56,790

bought a couple the two triangle ones I

1226

01:05:01,820 --> 01:04:59,880

had all the actually three triangle

1227

01:05:03,680 --> 01:05:01,830

paintings are gone at this point Sam

1228

01:05:05,150 --> 01:05:03,690

actually I'm one of those people that

1229

01:05:07,880 --> 01:05:05,160

bought one so that's correct

1230

01:05:09,550 --> 01:05:07,890

bill thank you for that yeah all right

1231

01:05:13,310 --> 01:05:09,560

element we are coming back in

1232

01:05:15,200 --> 01:05:13,320

approximately 15 seconds but Martin yeah

1233

01:05:18,470 --> 01:05:15,210

but you're doing excellent work with

1234

01:05:20,270 --> 01:05:18,480

your paintings and I am really honored

1235

01:05:21,290 --> 01:05:20,280

to have one of your paintings soon in my

1236

01:05:25,310 --> 01:05:21,300

my home

1237

01:05:30,020 --> 01:05:25,320

yeah maybe before you know it here we go

1238

01:05:34,220 --> 01:05:30,030

gentlemen stand by in three two one go

1239

01:05:36,050 --> 01:05:34,230

all right I am back and so Tom thank you

1240

01:05:37,580 --> 01:05:36,060

for carrying on I think it's very very

1241

01:05:41,960 --> 01:05:37,590

strange we can't we can't even get a

1242

01:05:43,250 --> 01:05:41,970

hold of Don in any which way and I've

1243

01:05:46,220 --> 01:05:43,260

been saying him emails haven't heard

1244

01:05:47,660 --> 01:05:46,230

back from him either let's see I don't

1245

01:05:49,250 --> 01:05:47,670

know if you can adjust yourself in your

1246

01:05:49,610 --> 01:05:49,260

seat a little bit so you get more Center

1247

01:05:53,600 --> 01:05:49,620

camera

1248

01:05:54,650 --> 01:05:53,610

I know it's always backwards it's almost

1249

01:05:58,730 --> 01:05:54,660

backwards in these things

1250

01:06:01,730 --> 01:05:58,740

there you go yeah all right so anyway

1251

01:06:03,890 --> 01:06:01,740

we'll go carry on matter of fact what

1252

01:06:05,960 --> 01:06:03,900

I'd like to do is I'd like to open the

1253

01:06:08,090 --> 01:06:05,970

lines up because you know I think

1254

01:06:10,640 --> 01:06:08,100

there's countless I know there's

1255

01:06:13,250 --> 01:06:10,650

countless questions about the Roswell

1256

01:06:17,510 --> 01:06:13,260

case I mean it's such a it's such a

1257

01:06:20,600 --> 01:06:17,520

mystery and so many convoluted stories

1258

01:06:22,460 --> 01:06:20,610

and and I think you know if if there's

1259

01:06:25,340 --> 01:06:22,470

not like a full disclosure of what UFOs

1260

01:06:26,540 --> 01:06:25,350

are Roswell is just gonna keep on

1261

01:06:29,060 --> 01:06:26,550

waiting in different types of

1262

01:06:31,220 --> 01:06:29,070

interesting case yeah it's gonna keep

1263

01:06:35,150 --> 01:06:31,230

perpetuating though in in different

1264

01:06:38,450 --> 01:06:35,160

mystic cases I don't know what else to

1265

01:06:41,660 --> 01:06:38,460

say you know this is really really

1266

01:06:45,350 --> 01:06:41,670

strange another I think I just had a

1267

01:06:47,840 --> 01:06:45,360

returned email from Todd which I emailed

1268

01:06:51,760 --> 01:06:47,850

him all the time what happened to poor

1269

01:06:56,600 --> 01:06:51,770

dawn don't know yeah

1270

01:07:00,710 --> 01:06:56,610

but at the same same thing that happened

1271

01:07:02,300 --> 01:07:00,720

to you it says different area code I've

1272

01:07:05,060 --> 01:07:02,310

been using the same number for ever

1273

01:07:06,620 --> 01:07:05,070

since I knew him wow this is really

1274

01:07:07,970 --> 01:07:06,630

strange but there's gonna be out there's

1275

01:07:10,910 --> 01:07:07,980

gonna be all kinds of stories on this

1276

01:07:15,050 --> 01:07:10,920

tomorrow on social media on what

1277

01:07:16,400 --> 01:07:15,060

happened let's see no it was someone

1278

01:07:18,800 --> 01:07:16,410

else that I had a returned email not

1279

01:07:20,840 --> 01:07:18,810

done so anyway the number is up and

1280

01:07:22,130 --> 01:07:20,850

you're welcome to call in that phone

1281

01:07:25,640 --> 01:07:22,140

number I was hoping to get the phone

1282

01:07:27,790 --> 01:07:25,650

number two to dawn and have him call us

1283

01:07:30,140 --> 01:07:27,800

so he could at least be on the phone and

1284

01:07:31,820 --> 01:07:30,150

we already have someone calling in and

1285

01:07:35,069 --> 01:07:31,830

that number is eight five five four

1286

01:07:36,509 --> 01:07:35,079

seven two five four eight three and

1287

01:07:40,559 --> 01:07:36,519

that's gonna be screened in a second one

1288

01:07:42,269 --> 01:07:40,569

oz will pull that collar in and just

1289

01:07:45,259 --> 01:07:42,279

waiting for the go here we have the go

1290

01:07:47,279 --> 01:07:45,269

and we have Derrick is calling from

1291

01:07:51,209 --> 01:07:47,289

Washington DC welcome to the show

1292

01:07:55,140 --> 01:07:51,219

Derrick oops hang on just a second here

1293

01:07:56,130 --> 01:07:55,150

we go Derrick welcome to the show thank

1294

01:08:00,479 --> 01:07:56,140

you for having me

1295

01:08:03,089 --> 01:08:00,489

I wanted men the guest and Tom Carey and

1296

01:08:05,579 --> 01:08:03,099

Kevin and even Don Smith on all your

1297

01:08:07,650 --> 01:08:05,589

work if I followed Roswell for quite

1298

01:08:09,630 --> 01:08:07,660

some time and then I think it's one of

1299

01:08:12,239 --> 01:08:09,640

the most important cases associated with

1300

01:08:15,499 --> 01:08:12,249

the phenomenon and I think there's some

1301

01:08:19,079 --> 01:08:15,509

many significant things associated with

1302

01:08:22,499 --> 01:08:19,089

Roswell one being that like can you kind

1303

01:08:24,959 --> 01:08:22,509

of elaborate on maybe I think we're Mac

1304

01:08:26,849 --> 01:08:24,969

Brazel of concerned three-quarters of a

1305

01:08:30,329 --> 01:08:26,859

mile long two hundred and fifty feet

1306

01:08:31,890 --> 01:08:30,339

wide was a debris I believe and to the

1307

01:08:33,780 --> 01:08:31,900

point where his sheet that he usually

1308

01:08:37,890 --> 01:08:33,790

took out the passer wouldn't cross it

1309

01:08:40,499 --> 01:08:37,900

and if that is confirmed that would to

1310

01:08:42,809 --> 01:08:40,509

me automatically there's no weather

1311

01:08:45,359 --> 01:08:42,819

balloon that's huge that could possibly

1312

01:08:46,979 --> 01:08:45,369

be something that that you know the

1313

01:08:50,579 --> 01:08:46,989

Sheep wouldn't cross or or be if

1314

01:08:52,079 --> 01:08:50,589

something in question so that that was

1315

01:08:53,459 --> 01:08:52,089

kind of one question I have another one

1316

01:08:59,280 --> 01:08:53,469

too if you can kind of confirmed that

1317

01:09:03,050 --> 01:08:59,290

there's um yeah we've we've sliced and

1318

01:09:09,780 --> 01:09:03,060

diced the debris field every which way

1319

01:09:11,609 --> 01:09:09,790

from Sunday and balloons when they come

1320

01:09:14,129 --> 01:09:11,619

to earth II you know they go up they

1321

01:09:15,839 --> 01:09:14,139

expand and they break when they reach

1322

01:09:18,720 --> 01:09:15,849

altitude and they just come down and

1323

01:09:23,789 --> 01:09:18,730

they mostly stay intact except for the

1324

01:09:27,689 --> 01:09:23,799

ears going out well this this debris

1325

01:09:31,499 --> 01:09:27,699

field site was massive it was almost a

1326  
01:09:35,479 --> 01:09:31,509  
mile long several hundred feet wide just

1327  
01:09:39,109 --> 01:09:35,489  
filled with pieces small pieces about

1328  
01:09:43,669 --> 01:09:39,119  
mostly hand sized pieces and larger

1329  
01:09:47,010 --> 01:09:43,679  
filled with this strange debris and

1330  
01:09:48,859 --> 01:09:47,020  
there's just no way from witness

1331  
01:09:52,979 --> 01:09:48,869  
witnesses who were there

1332  
01:09:55,500 --> 01:09:52,989  
part of the recovery this is even beyond

1333  
01:09:58,140 --> 01:09:55,510  
Mac Brazel but the the military who were

1334  
01:10:03,379 --> 01:09:58,150  
there that they described this massive

1335  
01:10:06,689 --> 01:10:03,389  
amount of debris and none of it matches

1336  
01:10:10,590 --> 01:10:06,699  
what you would call a balloon or even

1337  
01:10:13,800 --> 01:10:10,600  
this project mogul device which was

1338  
01:10:16,050 --> 01:10:13,810

consisted of many rubber balloons you

1339

01:10:21,240 --> 01:10:16,060

know the project itself was top-secret

1340

01:10:24,990 --> 01:10:21,250

yes but it was made up of ordinary parts

1341

01:10:31,800 --> 01:10:25,000

rubber balloons and tinfoil radar

1342

01:10:36,300 --> 01:10:31,810

targets some baling twine and 2a two

1343

01:10:40,109 --> 01:10:36,310

microphones acoustic sensors so things

1344

01:10:42,689 --> 01:10:40,119

that in balsa wood anything that people

1345

01:10:44,820 --> 01:10:42,699

would readily recognize what's that the

1346

01:10:47,310 --> 01:10:44,830

ranchers roosting of finding balloons

1347

01:10:51,600 --> 01:10:47,320

out there because the military sent

1348

01:10:54,240 --> 01:10:51,610

balloons up every day and there was a

1349

01:10:56,850 --> 01:10:54,250

well there that the old Spanish well or

1350

01:11:00,060 --> 01:10:56,860

the ranch it's been cemented over now

1351

01:11:02,640 --> 01:11:00,070

and we think maybe some of the GIS when

1352

01:11:04,379 --> 01:11:02,650

they were leaving the site might have

1353

01:11:07,350 --> 01:11:04,389

dropped some of the material in there

1354

01:11:11,100 --> 01:11:07,360

but it's been all cemented over but that

1355

01:11:13,979 --> 01:11:11,110

well was still open in when our

1356

01:11:16,890 --> 01:11:13,989

investigation started and they it was

1357

01:11:19,560 --> 01:11:16,900

filled with rubber weather balloons

1358

01:11:22,320 --> 01:11:19,570

that's where the rancher that's where

1359

01:11:24,030 --> 01:11:22,330

the the owners of the ranch where this

1360

01:11:26,939 --> 01:11:24,040

happened they they filled it with rubber

1361

01:11:29,399 --> 01:11:26,949

weather balloons so that it just it's

1362

01:11:32,010 --> 01:11:29,409

ridiculous to think that it was any sort

1363

01:11:37,649 --> 01:11:32,020

of rubber device or ten for the other

1364

01:11:41,550 --> 01:11:37,659

thing is that the craft left a gouge

1365

01:11:43,560 --> 01:11:41,560

there was a Gauss reported in the hard

1366

01:11:45,959 --> 01:11:43,570

desert floor reported by several

1367

01:11:48,689 --> 01:11:45,969

witnesses that they're either a large

1368

01:11:51,120 --> 01:11:48,699

piece of had bounced it out or the ship

1369

01:11:54,840 --> 01:11:51,130

had touched down briefly and maybe

1370

01:11:59,310 --> 01:11:54,850

skipped and left a gouge about ten feet

1371

01:12:02,399 --> 01:11:59,320

wide and a 100 150 feet long a balloon

1372

01:12:04,979 --> 01:12:02,409

can't leave a couch

1373

01:12:09,140 --> 01:12:04,989

are you try it a balloon cannot leave a

1374

01:12:12,090 --> 01:12:09,150

gouge like that so it's the story just

1375

01:12:15,000 --> 01:12:12,100

it's just there's there's no connection

1376

01:12:17,520 --> 01:12:15,010

to do what actually took place without

1377

01:12:23,160 --> 01:12:17,530

you know when you throw in a weather

1378

01:12:25,189 --> 01:12:23,170

balloon or project mogul weird so what

1379

01:12:29,010 --> 01:12:25,199

you had another question as well Derek

1380

01:12:31,020 --> 01:12:29,020

yeah and great show guys lastly um I

1381

01:12:33,090 --> 01:12:31,030

think people like if those who are

1382

01:12:35,580 --> 01:12:33,100

familiar with the case like Frankie

1383

01:12:38,850 --> 01:12:35,590

world has always stood out and I believe

1384

01:12:40,379 --> 01:12:38,860

patty Henderson's wife if you see the if

1385

01:12:42,390 --> 01:12:40,389

you look them up on YouTube and see

1386

01:12:45,390 --> 01:12:42,400

their actual interviews they have a

1387

01:12:48,560 --> 01:12:45,400

truth-telling way about them that that

1388

01:12:51,090 --> 01:12:48,570

just beyond compare where especially

1389

01:12:53,160 --> 01:12:51,100

Frank lero she would get disturbed when

1390

01:12:55,410 --> 01:12:53,170

she would constantly tell the story of

1391

01:12:58,560 --> 01:12:55,420

being confronted by some of the

1392

01:13:00,930 --> 01:12:58,570

government agents and how persuasive and

1393

01:13:03,540 --> 01:13:00,940

abrasive they were by saying hey you

1394

01:13:05,820 --> 01:13:03,550

didn't see what you thought you saw and

1395

01:13:07,050 --> 01:13:05,830

that's something to me to out that that

1396

01:13:08,850 --> 01:13:07,060

was outstanding too because

1397

01:13:10,350 --> 01:13:08,860

independently everybody seemed to have

1398

01:13:13,410 --> 01:13:10,360

that same story that you're here today

1399

01:13:15,510 --> 01:13:13,420

we're a lot of the relevant cases

1400

01:13:17,040 --> 01:13:15,520

pertaining to UFOs are concerned and to

1401

01:13:20,070 --> 01:13:17,050

me I just think that's extremely

1402

01:13:22,860 --> 01:13:20,080

credible and they have you know

1403

01:13:25,850 --> 01:13:22,870

extremely I surely am important story

1404

01:13:28,680 --> 01:13:25,860

that they're telling that that there was

1405

01:13:30,540 --> 01:13:28,690

disturbing to them was just how they you

1406

01:13:31,740 --> 01:13:30,550

know didn't get the support from the

1407

01:13:35,490 --> 01:13:31,750

government like they thought they should

1408

01:13:39,209 --> 01:13:35,500

have yes we knew Frank Iero Frankie

1409

01:13:42,060 --> 01:13:39,219

Dwyer row her father was Dan Dwyer where

1410

01:13:44,479 --> 01:13:42,070

I mentioned earlier that day and where

1411

01:13:49,020 --> 01:13:44,489

was the fireman who got out to the site

1412

01:13:52,590 --> 01:13:49,030

before the military and so the two dead

1413

01:13:56,459 --> 01:13:52,600

and one live alien and Frankie was his

1414

01:14:00,270 --> 01:13:56,469

daughter and Frank lero we knew for many

1415

01:14:03,930 --> 01:14:00,280

years she passed away two or three years

1416

01:14:05,939 --> 01:14:03,940

ago unfortunate you know we've known

1417

01:14:08,669 --> 01:14:05,949

these people for so long it's almost

1418

01:14:12,899 --> 01:14:08,679

like when one of them passes it's almost

1419

01:14:15,899 --> 01:14:12,909

like to us a family member and we were

1420

01:14:19,109 --> 01:14:15,909

very sad to hear of her passing

1421

01:14:22,109 --> 01:14:19,119

a very credible she tells the same story

1422

01:14:23,060 --> 01:14:22,119

of going to the fire she had been in

1423

01:14:26,640 --> 01:14:23,070

town

1424

01:14:30,629 --> 01:14:26,650

that day for some dental work I think

1425

01:14:34,199 --> 01:14:30,639

she was 12 years old at the time in 1947

1426

01:14:36,060 --> 01:14:34,209

and she had some dental work in town and

1427

01:14:40,229 --> 01:14:36,070

she went to the firehouse to wait for

1428

01:14:42,179 --> 01:14:40,239

her father to drive her home her father

1429

01:14:46,469 --> 01:14:42,189

was out at the crash site at that time

1430

01:14:50,729 --> 01:14:46,479

and so she's in waiting in there and it

1431

01:14:54,689 --> 01:14:50,739

comes this Highway patrolman Roberts

1432

01:14:56,549 --> 01:14:54,699

Goggins a state state employee he had

1433

01:14:59,310 --> 01:14:56,559

just come from up north in Lincoln

1434

01:15:02,069 --> 01:14:59,320

County and he had just been given a

1435

01:15:05,159 --> 01:15:02,079

piece of this so-called memory metal

1436

01:15:06,899 --> 01:15:05,169

which is this metal that you hold up

1437

01:15:09,929 --> 01:15:06,909

your wad and up in your hand and you let

1438

01:15:12,839 --> 01:15:09,939

it go and I just sort of unfurls itself

1439

01:15:15,390 --> 01:15:12,849

and floats around and very strange and

1440

01:15:19,770 --> 01:15:15,400

it's it's the kind of metal that we're

1441

01:15:22,469 --> 01:15:19,780

looking for - - which we called it our

1442

01:15:25,560 --> 01:15:22,479

holy grail of Roswell because you don't

1443

01:15:28,979 --> 01:15:25,570

have to send it out to a another lab to

1444

01:15:30,899 --> 01:15:28,989

be tested and forgotten and you can see

1445

01:15:33,299 --> 01:15:30,909

just by looking at its properties that

1446

01:15:36,719 --> 01:15:33,309

hey we don't have anything like that

1447

01:15:38,159 --> 01:15:36,729

still so somebody's got a piece out

1448

01:15:40,969 --> 01:15:38,169

there we're looking for yeah we like to

1449

01:15:43,649 --> 01:15:40,979

see it but Frank Iero

1450

01:15:46,500 --> 01:15:43,659

she won't wait for her father this

1451

01:15:48,509 --> 01:15:46,510

highway patrolman comes in he says hey I

1452

01:15:50,879 --> 01:15:48,519

got something to show everybody and he

1453

01:15:53,669 --> 01:15:50,889

reaches in his pocket and he puts a

1454

01:15:57,270 --> 01:15:53,679

piece of this memory metal on the table

1455

01:15:59,339 --> 01:15:57,280

and everybody including Frankie had a

1456

01:16:02,339 --> 01:15:59,349

chance at holding this and looking at it

1457

01:16:04,140 --> 01:16:02,349

and she said it was almost like when you

1458

01:16:06,989 --> 01:16:04,150

put it down on the table was almost like

1459

01:16:10,979 --> 01:16:06,999

liquid water ran out to its back to its

1460

01:16:16,469 --> 01:16:10,989

original size and she tells that story

1461

01:16:20,729 --> 01:16:16,479

and what happened was when she gets home

1462

01:16:24,839 --> 01:16:20,739

the next day there's a knock on the door

1463

01:16:27,719 --> 01:16:24,849

and it's a officer an air of Air Corps

1464

01:16:30,080 --> 01:16:27,729

officer from the base Roswell airfield

1465

01:16:35,010 --> 01:16:30,090

and he's got two

1466

01:16:36,990 --> 01:16:35,020

sergeant's with them and they want to

1467

01:16:41,120 --> 01:16:37,000

see Frankie he wants to see Frankie and

1468

01:16:44,100 --> 01:16:41,130

he takes Frankie ro into the living room

1469

01:16:46,709 --> 01:16:44,110

the two sergeants they take her mother

1470

01:16:50,910 --> 01:16:46,719

into the kitchen and they tell Frankie

1471

01:16:55,290 --> 01:16:50,920

this is a twelve year old girl now if

1472

01:16:56,600 --> 01:16:55,300

you talk about this we're not only going

1473

01:17:02,130 --> 01:16:56,610

to kill you

1474

01:17:04,350 --> 01:17:02,140

brothers and sisters how do you like

1475

01:17:07,229 --> 01:17:04,360

that we'll take your bones out to the

1476

01:17:11,720 --> 01:17:07,239

desert and nobody will find you so how

1477

01:17:15,300 --> 01:17:11,730

do you tell that to a 12 year old child

1478

01:17:19,860 --> 01:17:15,310

right that his name was Arthur Philbin

1479

01:17:27,170 --> 01:17:19,870

he was on the base we we identified him

1480

01:17:33,420 --> 01:17:27,180

and his son years later came to visit

1481

01:17:36,540 --> 01:17:33,430

Frankie and he said my father I'm sure

1482

01:17:40,560 --> 01:17:36,550

he wants to tell you that he's sorry for

1483

01:17:44,370 --> 01:17:40,570

what he did to you and this with the

1484

01:17:48,450 --> 01:17:44,380

Arthur Feldman son but Frankie had had

1485

01:17:52,260 --> 01:17:48,460

the same story for years and she also

1486

01:17:55,709 --> 01:17:52,270

told the story about her father when he

1487

01:17:58,440 --> 01:17:55,719

got out to the crash site when he got

1488

01:18:00,720 --> 01:17:58,450

home that night you know hi dad we're

1489

01:18:05,000 --> 01:18:00,730

worried I was waiting for you at the the

1490

01:18:09,510 --> 01:18:05,010

firehouse oh I was out north of town

1491

01:18:12,270 --> 01:18:09,520

flying saucer crashed and whoa flying

1492

01:18:15,120 --> 01:18:12,280

saucer was there any way we did you see

1493

01:18:17,459 --> 01:18:15,130

any beings oh yes there were there were

1494

01:18:20,160 --> 01:18:17,469

there were some crew members that one

1495

01:18:22,500 --> 01:18:20,170

was still alive what did it looked like

1496

01:18:25,800 --> 01:18:22,510

well it was about three-and-a-half to

1497

01:18:29,040 --> 01:18:25,810

four feet tall big head very spindly

1498

01:18:31,970 --> 01:18:29,050

arms and you know the usual appearance

1499

01:18:35,100 --> 01:18:31,980

of what we now call a grey I guess

1500

01:18:37,320 --> 01:18:35,110

well dee dee did you talk to it they

1501

01:18:38,910 --> 01:18:37,330

wanted to they wanted she wanted to know

1502

01:18:41,700 --> 01:18:38,920

if her father had talked to it oh yes

1503

01:18:43,620 --> 01:18:41,710

yes we talked to one another but we

1504

01:18:46,110 --> 01:18:43,630

don't we didn't converse like

1505

01:18:48,390 --> 01:18:46,120

we're conversing now by talking through

1506

01:18:50,390 --> 01:18:48,400

our mouths or looming our lips and

1507

01:18:53,400 --> 01:18:50,400

tongue like that we didn't talk that way

1508

01:18:56,010 --> 01:18:53,410

talk to one another in our heads

1509

01:18:58,500 --> 01:18:56,020

sort of like what we would call mental

1510

01:19:02,520 --> 01:18:58,510

telepathy today well what did you talk

1511

01:19:04,920 --> 01:19:02,530

about well I was very concerned for it

1512

01:19:08,160 --> 01:19:04,930

because this ship had crashed and but

1513

01:19:13,530 --> 01:19:08,170

before before long I the creature said

1514

01:19:17,670 --> 01:19:13,540

to me don't don't worry about me I

1515

01:19:20,130 --> 01:19:17,680

accept my fate my ship is destroyed my

1516

01:19:23,430 --> 01:19:20,140

comrades are dead or something like that

1517

01:19:25,610 --> 01:19:23,440

and don't please don't worry about me so

1518

01:19:29,550 --> 01:19:25,620

this creature was more concerned about

1519

01:19:33,690 --> 01:19:29,560

how Dan Dwyer felt then Dan Dwyer felt

1520

01:19:35,790 --> 01:19:33,700

about the creature so that was that was

1521

01:19:37,800 --> 01:19:35,800

the entire story and the one that was

1522

01:19:40,200 --> 01:19:37,810

still alive ultimately was taken to

1523

01:19:43,800 --> 01:19:40,210

right field right Patterson Air Force

1524

01:19:46,050 --> 01:19:43,810

Base in Dayton Ohio and when it expired

1525

01:19:48,810 --> 01:19:46,060

we have several stories of our law but

1526

01:19:53,910 --> 01:19:48,820

it only lasted a few days at last of the

1527

01:19:56,940 --> 01:19:53,920

few years so what we don't know but Wow

1528

01:19:58,410 --> 01:19:56,950

hey I'm sorry we got another caller and

1529

01:20:00,990 --> 01:19:58,420

we're kind of running Shaya time we only

1530

01:20:02,670 --> 01:20:01,000

have four minutes left so thanks Thank

1531

01:20:05,100 --> 01:20:02,680

You Derrick for the call I appreciate it

1532

01:20:07,500 --> 01:20:05,110

thank you guys actually sure oh boy

1533

01:20:09,420 --> 01:20:07,510

thank you just a real quick answer to

1534

01:20:10,140 --> 01:20:09,430

this Tom before I bring in the next

1535

01:20:13,260 --> 01:20:10,150

caller

1536

01:20:16,290 --> 01:20:13,270

do you think that there is somewhere out

1537

01:20:19,110 --> 01:20:16,300

there there are a lot of pictures of the

1538

01:20:20,100 --> 01:20:19,120

crash the original crash site absolutely

1539

01:20:24,300 --> 01:20:20,110

yeah

1540

01:20:27,270 --> 01:20:24,310

all right I thought so we have the mark

1541

01:20:29,730 --> 01:20:27,280

calling from the UK hopefully Tom will

1542

01:20:33,510 --> 01:20:29,740

be able to see that someday mark welcome

1543

01:20:36,570 --> 01:20:33,520

to the show thank you very much evening

1544

01:20:38,730 --> 01:20:36,580

Martin leaving home our we're running

1545

01:20:41,700 --> 01:20:38,740

tight on time mark so if you could get

1546

01:20:45,810 --> 01:20:41,710

right to your question yeah sure

1547

01:20:49,860 --> 01:20:45,820

I wanted to get toms Tyco on the witness

1548

01:20:52,110 --> 01:20:49,870

Gary Anderson who initially claimed to

1549

01:20:55,620 --> 01:20:52,120

come across the I think what if 30 was

1550

01:20:56,910 --> 01:20:55,630

the third crash site and and just his

1551

01:20:57,509 --> 01:20:56,920

thoughts from there and I'll tell you

1552

01:20:59,819 --> 01:20:57,519

answer

1553

01:21:03,209 --> 01:20:59,829

thanks very much thank you appreciate it

1554

01:21:04,589 --> 01:21:03,219

Mark Martin can you I couldn't follow

1555

01:21:07,799 --> 01:21:04,599

that Oh No

1556

01:21:11,459 --> 01:21:07,809

he's calm I thought he said Anderson's

1557

01:21:14,729 --> 01:21:11,469

talking about a third crash site I I

1558

01:21:19,939 --> 01:21:14,739

didn't care as well have you heard that

1559

01:21:22,259 --> 01:21:19,949

theory well we talked about three sites

1560

01:21:24,390 --> 01:21:22,269

okay all right but this is someone

1561

01:21:26,689 --> 01:21:24,400

else's theory up I thought he said

1562

01:21:29,370 --> 01:21:26,699

Anderson but I didn't catch the name

1563

01:21:31,680 --> 01:21:29,380

authorities said curry Anderson I don't

1564

01:21:33,930 --> 01:21:31,690

know what curry Anderson oh okay

1565

01:21:36,779 --> 01:21:33,940

all right well you know we have three

1566

01:21:39,509 --> 01:21:36,789

minutes left and our other you know our

1567

01:21:43,200 --> 01:21:39,519

other guests or guests who should be

1568

01:21:46,500 --> 01:21:43,210

coming in but when when all said and

1569

01:21:49,049 --> 01:21:46,510

done do you think that the full story of

1570

01:21:51,419 --> 01:21:49,059

Roswell the correct story do you have

1571

01:21:53,580 --> 01:21:51,429

hope that that story will actually get

1572

01:22:01,739 --> 01:21:53,590

out there someday your you know what you

1573

01:22:04,220 --> 01:22:01,749

conclude we mark we can always more I

1574

01:22:07,319 --> 01:22:04,230

forgot your friend Martin Martin yeah

1575

01:22:14,189 --> 01:22:07,329

I'm sorry that's all right we can always

1576

01:22:17,100 --> 01:22:14,199

hope but as far as disclosure I don't

1577

01:22:19,049 --> 01:22:17,110

know I don't know and certainly here's

1578

01:22:22,410 --> 01:22:19,059

the thing Martin about the Roswell there

1579

01:22:26,930 --> 01:22:22,420

were so many violations First Amendment

1580

01:22:30,870 --> 01:22:26,940

violations violations involving

1581

01:22:35,910 --> 01:22:30,880

brutality that it's something that would

1582

01:22:41,669 --> 01:22:35,920

be the government would be reluctant to

1583

01:22:43,529 --> 01:22:41,679

talk about so we can all we're hoping

1584

01:22:44,850 --> 01:22:43,539

for a piece of I'll tell you what we're

1585

01:22:46,919 --> 01:22:44,860

hopefully actually for a piece of

1586

01:22:48,689 --> 01:22:46,929

physical evidence to really put this

1587

01:22:50,850 --> 01:22:48,699

thing to rest because we've got

1588

01:22:51,209 --> 01:22:50,860

everything else we've got everything

1589

01:22:55,560 --> 01:22:51,219

else

1590

01:22:58,709 --> 01:22:55,570

what case whether it's crime or UFOs or

1591

01:23:02,339 --> 01:22:58,719

any any historical event has 600

1592

01:23:06,779 --> 01:23:02,349

witnesses that are all saying the same

1593

01:23:11,280 --> 01:23:06,789

thing and yet if it's disputed by you

1594

01:23:14,280 --> 01:23:11,290

know the intelligentsia I mean

1595

01:23:15,810 --> 01:23:14,290

every scientist will say yes yes yes we

1596

01:23:18,150 --> 01:23:15,820

believe there's other intelligent life

1597

01:23:20,430 --> 01:23:18,160

in the universe of course but then the

1598

01:23:22,470 --> 01:23:20,440

divide comes when they when they say oh

1599

01:23:26,160 --> 01:23:22,480

but we don't think any of it has ever

1600

01:23:28,410 --> 01:23:26,170

gotten here and that's where the dispute

1601

01:23:34,470 --> 01:23:28,420

comes we believe that at least one got

1602

01:23:37,400 --> 01:23:34,480

here and stayed here in July of 1947 we

1603

01:23:42,450 --> 01:23:37,410

believe we've saw we believe we've

1604

01:23:45,060 --> 01:23:42,460

substantiate that case beyond not only

1605

01:23:47,060 --> 01:23:45,070

by the preponderance of evidence but by

1606

01:23:52,740 --> 01:23:47,070

yet beyond a reasonable doubt

1607

01:23:54,510 --> 01:23:52,750

yeah well excellent well hey Tom I need

1608

01:23:55,950 --> 01:23:54,520

to find out what happened to Don because

1609

01:23:59,670 --> 01:23:55,960

I'm gonna have to put that in the

1610

01:24:01,020 --> 01:23:59,680

YouTube notes and also in in the show

1611

01:24:02,580 --> 01:24:01,030

notes because everybody's gonna be

1612

01:24:06,500 --> 01:24:02,590

asking me tomorrow where's Don where's

1613

01:24:10,410 --> 01:24:06,510

Don so uh if you would have you and/or

1614

01:24:11,850 --> 01:24:10,420

Don follow up and we want to find out

1615

01:24:14,100 --> 01:24:11,860

what happened to him it's too bad but

1616

01:24:16,530 --> 01:24:14,110

you know you did a great job I really

1617

01:24:18,690 --> 01:24:16,540

appreciate you being on the show tonight

1618

01:24:20,730 --> 01:24:18,700

thank you so much and go ahead and

1619

01:24:22,740 --> 01:24:20,740

repeat the title of the book and where

1620

01:24:26,580 --> 01:24:22,750

someone can get it we have we had the

1621

01:24:30,660 --> 01:24:26,590

book is called Roswell the ultimate cold

1622

01:24:33,540 --> 01:24:30,670

case closed and we also have another

1623

01:24:36,120 --> 01:24:33,550

book that just came out called Roswell

1624

01:24:39,060 --> 01:24:36,130

the chronological pictorial which is a

1625

01:24:41,130 --> 01:24:39,070

has over 400 images in it for

1626

01:24:44,490 --> 01:24:41,140

photographic images and it gives you the

1627

01:24:49,160 --> 01:24:44,500

complete timeline of the Roswell case so

1628

01:24:51,870 --> 01:24:49,170

we have two current books and we are

1629

01:24:54,660 --> 01:24:51,880

happy that you know we were that they're

1630

01:24:57,690 --> 01:24:54,670

out because they said they say a lot and

1631

01:25:02,760 --> 01:24:57,700

they're the feedback so far has been

1632

01:25:05,400 --> 01:25:02,770

outstanding excellent having us on you

1633

01:25:07,350 --> 01:25:05,410

bet all right Tom you take care you two

1634

01:25:10,170 --> 01:25:07,360

1635

out okay all right could you drop me an

1636

01:25:14,280 --> 01:25:12,070

email and when you find out because I

1637

01:25:17,100 --> 01:25:14,290

couldn't get through yeah absolutely all

1638

01:25:18,630 --> 01:25:17,110

right you take care thank you all right

1639

01:25:21,360 --> 01:25:18,640

1642

01:25:29,229 --> 01:25:26,570

birthday so I wanted to do something fun

1643

01:25:31,270 --> 01:25:29,239

1647

01:25:40,540 --> 01:25:37,670

all right fun stuff welcome to the show

1655  
01:26:47,310 --> 01:26:43,390  
Tracy I'm good good hey listen um I have

1656  
01:26:49,830 --> 01:26:47,320  
tried to get the message to George to

1657  
01:26:52,710 --> 01:26:49,840  
call our Colin number at least so he can

1658  
01:26:54,690 --> 01:26:52,720  
be part of this and I'm wondering I'm

1659  
01:26:56,460 --> 01:26:54,700  
gonna put it up on the screen and I'm

1660  
01:26:58,700 --> 01:26:56,470  
wondering if you could just someone's

1661  
01:27:02,070 --> 01:26:58,710  
calling now we may be we may be on to it

1662  
01:27:06,750 --> 01:27:02,080  
let's just see does the first part of

1663  
01:27:10,350 --> 01:27:06,760

his area code begin with a seven I'm not

1664

01:27:12,420 --> 01:27:10,360

sure take a look all right well anyway

1665

01:27:17,460 --> 01:27:12,430

he's gonna be screened whoever it is on

1666

01:27:21,570 --> 01:27:17,470

there anyway I want to welcome you to

1667

01:27:25,860 --> 01:27:21,580

the show and let's see I want to find

1668

01:27:31,790 --> 01:27:25,870

out what made you write this this movie

1669

01:27:35,730 --> 01:27:31,800

let's see yeah okay we got him all right

1670

01:27:38,280 --> 01:27:35,740

here welcome to the show George wait

1671

01:27:41,010 --> 01:27:38,290

hang on hang on hang on George welcome

1672

01:27:43,020 --> 01:27:41,020

to the show thank you I'm right here and

1673

01:27:45,000 --> 01:27:43,030

thank you guys thank you yeah yeah I'm

1674

01:27:46,770 --> 01:27:45,010

gonna have to back back on your mic just

1675

01:27:49,320 --> 01:27:46,780

a little bit you're a little little

1676

01:27:50,400 --> 01:27:49,330

blasting a little loud there yeah I

1677

01:27:53,340 --> 01:27:50,410

don't know if you have a headset for

1678

01:27:55,380 --> 01:27:53,350

your phone but anyway George I gotta

1679

01:27:57,840 --> 01:27:55,390

tell you and it's too bad we can't have

1680

01:27:59,730 --> 01:27:57,850

you visual because not only are you a

1681

01:28:01,380 --> 01:27:59,740

good-looking guy you look a little bit

1682

01:28:06,420 --> 01:28:01,390

like Elvis but you're absolutely

1683

01:28:09,030 --> 01:28:06,430

hilarious and thank you yeah so you must

1684

01:28:17,060 --> 01:28:09,040

have had a you have you have you

1685

01:28:20,220 --> 01:28:17,070

actually been an Elvis impersonator I

1686

01:28:22,820 --> 01:28:20,230

strongly dislike that word I'm just an

1687

01:28:26,720 --> 01:28:22,830

entertainer I'm really an actor who

1688

01:28:30,240 --> 01:28:26,730

because I make sure loves well this got

1689

01:28:32,850 --> 01:28:30,250

unexpectedly I'm involved in some Elvis

1690

01:28:34,320 --> 01:28:32,860

competition two years ago and I'd end up

1691

01:28:35,820 --> 01:28:34,330

working out for me in a way that I

1692

01:28:37,740 --> 01:28:35,830

really wasn't expecting and ended up

1693

01:28:40,020 --> 01:28:37,750

getting me more and more opportunities

1694

01:28:41,500 --> 01:28:40,030

going on the Joan Rivers show shortly

1695

01:28:51,460 --> 01:28:41,510

after that and

1696

01:28:52,840 --> 01:28:51,470

playing Elvis on NBC show let me ask you

1697

01:28:55,780 --> 01:28:52,850

this Georgia you aren't a speakerphone

1698

01:28:57,550 --> 01:28:55,790

by chance yeah I have you on speaker

1699

01:29:02,110 --> 01:28:57,560

yeah yeah please take it off speaker if

1700

01:29:03,910 --> 01:29:02,120

you would okay yeah yeah as it's much

1701  
01:29:07,240 --> 01:29:03,920  
better yeah it never sounds good on a

1702  
01:29:08,620 --> 01:29:07,250  
speakerphone yeah so yeah I'm sorry I

1703  
01:29:12,610 --> 01:29:08,630  
hope I didn't offend you by calling you

1704  
01:29:13,240 --> 01:29:12,620  
the Elvis impersonator but no no no not

1705  
01:29:16,270 --> 01:29:13,250  
at all no

1706  
01:29:20,220 --> 01:29:16,280  
yeah clarify that with people sure but

1707  
01:29:25,600 --> 01:29:20,230  
way nicer job yeah you've done like

1708  
01:29:27,820 --> 01:29:25,610  
Elvis Tribute work like over the years

1709  
01:29:31,750 --> 01:29:27,830  
quite a bit though you you're very good

1710  
01:29:33,550 --> 01:29:31,760  
at it yeah yeah but I don't want to be

1711  
01:29:35,560 --> 01:29:33,560  
labeled an impersonator the word to me

1712  
01:29:39,430 --> 01:29:35,570  
is I you know it conjures up all the

1713  
01:29:40,990 --> 01:29:39,440

negative stereotype images a cheesy that

1714

01:29:44,020 --> 01:29:41,000

all the stuff that the media in general

1715

01:29:46,030 --> 01:29:44,030

loves to poke fun and Elvis with and

1716

01:29:48,010 --> 01:29:46,040

about they always link the word

1717

01:29:51,190 --> 01:29:48,020

impersonator to all that I'm just an

1718

01:29:53,380 --> 01:29:51,200

entertainer who's trying to embody Elvis

1719

01:29:55,030 --> 01:29:53,390

without ever thinking I'm the guy this

1720

01:29:56,290 --> 01:29:55,040

you know I'm not that I'm just

1721

01:29:58,390 --> 01:29:56,300

entertainer trying to keep his music

1722

01:30:01,060 --> 01:29:58,400

alive and I get a lot of enjoyment out

1723

01:30:02,500 --> 01:30:01,070

of it I'm a huge fan and I just want to

1724

01:30:04,600 --> 01:30:02,510

bring a little bit of that spark if I

1725

01:30:06,910 --> 01:30:04,610

can little slice of it to an audience to

1726

01:30:08,140 --> 01:30:06,920

keep his memory alive but I'm a singer

1727

01:30:10,150 --> 01:30:08,150

that they happened to do a tribute to

1728

01:30:11,560 --> 01:30:10,160

Elvis and other tributes as well but

1729

01:30:13,120 --> 01:30:11,570

Elvis is of course the one I've done the

1730

01:30:16,120 --> 01:30:13,130

longest and it's all and it's also the

1731

01:30:17,800 --> 01:30:16,130

strongest yeah so I had to give myself a

1732

01:30:24,820 --> 01:30:17,810

label it's an edge and I'm an actor

1733

01:30:27,090 --> 01:30:24,830

first and an entertainer second yeah I

1734

01:30:29,520 --> 01:30:27,100

have someone watching tonight work

1735

01:30:33,460 --> 01:30:29,530

George I have someone watching tonight

1736

01:30:35,800 --> 01:30:33,470

he started doing Elvis at something like

1737

01:30:37,570 --> 01:30:35,810

three or four years old and absolutely

1738

01:30:39,370 --> 01:30:37,580

loves love's love's Elvis always

1739

01:30:41,080 --> 01:30:39,380

watching tonight he's probably very

1740

01:30:43,840 --> 01:30:41,090

disappointed you're not visual up there

1741

01:30:47,950 --> 01:30:43,850

in the screen but but anyway it's good

1742

01:30:50,170 --> 01:30:47,960

to have you on voice we have we have

1743

01:30:51,610 --> 01:30:50,180

about I don't know about just to let you

1744

01:30:54,820 --> 01:30:51,620

know 25 minutes or something like that

1745

01:30:55,299 --> 01:30:54,830

but let's come back to you Tracy can you

1746

01:30:58,540 --> 01:30:55,309

tell

1747

01:31:01,149 --> 01:30:58,550

of the audience what what made you come

1748

01:31:04,389 --> 01:31:01,159

up with this story and and and do you

1749

01:31:08,829 --> 01:31:04,399

have you written comedy in the past no

1750

01:31:11,919 --> 01:31:08,839

actually this this movie came to me of a

1751

01:31:15,759 --> 01:31:11,929

different movie they the producers had

1752

01:31:17,409 --> 01:31:15,769

purchased this film and wanted to make

1753

01:31:20,020 --> 01:31:17,419

something different out of it and so

1754

01:31:24,009 --> 01:31:20,030

they gave it to me and said you know can

1755

01:31:28,000 --> 01:31:24,019

you can you change this can you make it

1756

01:31:30,579 --> 01:31:28,010

more like this and less like that and so

1757

01:31:32,709 --> 01:31:30,589

we we cut away a whole bunch of it and

1758

01:31:34,689 --> 01:31:32,719

made a short version of it which they

1759

01:31:37,839 --> 01:31:34,699

liked but then they wanted to make it

1760

01:31:40,089 --> 01:31:37,849

feature-length so we I said well we'll

1761

01:31:45,429 --> 01:31:40,099

have to write like a whole other movie

1762

01:31:47,729 --> 01:31:45,439

and they were like okay so I had been

1763

01:31:52,689 --> 01:31:47,739

retired for a while I was an editor

1764

01:31:54,969 --> 01:31:52,699

before this and uh kind of you know

1765

01:31:57,069 --> 01:31:54,979

intrigued by doing something it seemed

1766

01:31:59,649 --> 01:31:57,079

like that interesting and fun project so

1767

01:32:02,889 --> 01:31:59,659

we started and we we made a story that

1768

01:32:05,020 --> 01:32:02,899

they really liked and then we made that

1769

01:32:08,500 --> 01:32:05,030

movie we had to shoot new scenes we did

1770

01:32:11,379 --> 01:32:08,510

animation and I really really love right

1771

01:32:14,849 --> 01:32:11,389

in the comedy well I heard I've always

1772

01:32:18,040 --> 01:32:14,859

heard that comedy is is very difficult

1773

01:32:18,849 --> 01:32:18,050

to write and to make it flow and

1774

01:32:21,879 --> 01:32:18,859

everything

1775

01:32:24,159 --> 01:32:21,889

let me ask George did you and I'm gonna

1776

01:32:27,069 --> 01:32:24,169

pull your picture up every time I talk

1777

01:32:31,569 --> 01:32:27,079

to you did you would do any ad-lib at

1778

01:32:33,429 --> 01:32:31,579

all in this in this film yeah there was

1779

01:32:35,889 --> 01:32:33,439

some ad-lib a little bit I just try to

1780

01:32:38,259 --> 01:32:35,899

take phrases that I I remember from

1781

01:32:40,529 --> 01:32:38,269

Elvis films or during interviews all

1782

01:32:43,989 --> 01:32:40,539

this with you to certain phrases certain

1783

01:32:46,540 --> 01:32:43,999

yeah I tried to keep a log of that in my

1784

01:32:48,219 --> 01:32:46,550

head and refer to it as it would apply

1785

01:32:50,919 --> 01:32:48,229

in the scene within the given

1786

01:32:52,540 --> 01:32:50,929

circumstances and also having Sonny West

1787

01:32:56,199 --> 01:32:52,550

you know on the set all this his

1788

01:32:57,699 --> 01:32:56,209

personal bodyguard to give me some ideas

1789

01:32:59,589 --> 01:32:57,709

as far as dialogue that Elvis himself

1790

01:33:01,419 --> 01:32:59,599

would actually use as Sonny would of

1791

01:33:04,149 --> 01:33:01,429

course you know approve of and feel like

1792

01:33:07,629 --> 01:33:04,159

it was accurate to Elvis's memory and

1793

01:33:09,229 --> 01:33:07,639

and his whole entire being right I

1794

01:33:12,500 --> 01:33:09,239

thought that was great that you had son

1795

01:33:16,850 --> 01:33:12,510

that was that was pretty amazing and

1796

01:33:19,370 --> 01:33:16,860

let's eat yeah yeah I bet I mean that

1797

01:33:24,830 --> 01:33:19,380

I've done a little bit of filming in the

1798

01:33:27,320 --> 01:33:24,840

background and and I've just really with

1799

01:33:30,350 --> 01:33:27,330

a friend who was actually in a number of

1800

01:33:33,140 --> 01:33:30,360

movies over the years so it's it's a

1801  
01:33:34,580 --> 01:33:33,150  
blast and to do what you guys did just

1802  
01:33:38,450 --> 01:33:34,590  
seems like so much fun

1803  
01:33:43,630 --> 01:33:38,460  
and about you trace to getting back to

1804  
01:33:47,120 --> 01:33:43,640  
you Tracy when you were directing this

1805  
01:33:49,550 --> 01:33:47,130  
was this something that you just you

1806  
01:33:51,170 --> 01:33:49,560  
also did you change things around a

1807  
01:33:53,240 --> 01:33:51,180  
little bit or just stick right to script

1808  
01:33:54,800 --> 01:33:53,250  
and and it must have been quite a

1809  
01:33:57,950 --> 01:33:54,810  
storyboard to figure out how to do this

1810  
01:34:00,500 --> 01:33:57,960  
one it was it was like a giant puzzle

1811  
01:34:03,650 --> 01:34:00,510  
you know I I had been an editor for many

1812  
01:34:08,209 --> 01:34:03,660  
years so I was used to fixing other

1813  
01:34:10,490 --> 01:34:08,219

people's problems and you know work

1814

01:34:16,310 --> 01:34:10,500

around and this was like the biggest

1815

01:34:18,080 --> 01:34:16,320

most complex puzzle of all but you know

1816

01:34:21,080 --> 01:34:18,090

we we just made it a little bit at a

1817

01:34:22,640 --> 01:34:21,090

time we did the animations we shot we

1818

01:34:24,770 --> 01:34:22,650

shot a lot of stuff remotely because

1819

01:34:29,810 --> 01:34:24,780

actually I couldn't really travel at the

1820

01:34:31,729 --> 01:34:29,820

time and so we we got you know George

1821

01:34:36,560 --> 01:34:31,739

and you know in front of a green screen

1822

01:34:38,780 --> 01:34:36,570

and Los Angeles and we got Barry in a

1823

01:34:42,040 --> 01:34:38,790

green screen in a little studio in

1824

01:34:45,560 --> 01:34:42,050

Pennsylvania and then I would be

1825

01:34:47,420 --> 01:34:45,570

facetiming I'm an iPad and have a PA

1826  
01:34:49,820 --> 01:34:47,430  
carry my head around and then I could

1827  
01:34:53,080 --> 01:34:49,830  
give people instructions and you know

1828  
01:34:56,240 --> 01:34:53,090  
look at the takes and be present but

1829  
01:34:59,150 --> 01:34:56,250  
virtually present before I forget

1830  
01:35:01,910 --> 01:34:59,160  
something I just neglected to even ask

1831  
01:35:04,610 --> 01:35:01,920  
where where where do people actually

1832  
01:35:09,200 --> 01:35:04,620  
find this film at debuts today

1833  
01:35:14,630 --> 01:35:09,210  
oh yeah it's gotta be on Apple TV and

1834  
01:35:19,160 --> 01:35:14,640  
Fandango Oh excellent okay yeah really

1835  
01:35:21,020 --> 01:35:19,170  
out today yeah today it's out and George

1836  
01:35:22,160 --> 01:35:21,030  
I got a different picture of you this is

1837  
01:35:26,540 --> 01:35:22,170  
a better picture

1838  
01:35:26,720 --> 01:35:26,550

of you actually so I picture I can see

1839

01:35:30,560 --> 01:35:26,730

it

1840

01:35:33,680 --> 01:35:30,570

yeah that that's great

1841

01:35:35,390 --> 01:35:33,690

do you actually have some you personally

1842

01:35:37,250 --> 01:35:35,400

have some of his clothing I've seen as

1843

01:35:40,880 --> 01:35:37,260

clothing in person it's pretty amazing

1844

01:35:44,300 --> 01:35:40,890

I mean do you have things custom-made

1845

01:35:46,040 --> 01:35:44,310

for you yeah I have a you know several

1846

01:35:48,320 --> 01:35:46,050

suits that were made over the years the

1847

01:35:50,330 --> 01:35:48,330

gold LeMay jacket for the 1950s it had

1848

01:35:52,700 --> 01:35:50,340

many many versions of that some were

1849

01:35:54,860 --> 01:35:52,710

tailor-made to me the most recent one I

1850

01:35:58,880 --> 01:35:54,870

bought at though at the Lansky Brothers

1851  
01:36:01,400 --> 01:35:58,890  
store and it's in Memphis at the Peabody

1852  
01:36:02,510 --> 01:36:01,410  
Hotel downtown on Union Street literally

1853  
01:36:04,190 --> 01:36:02,520  
like a mile

1854  
01:36:06,740 --> 01:36:04,200  
not even that down the road from Sun

1855  
01:36:09,290 --> 01:36:06,750  
Studios where Elvis first recorded his

1856  
01:36:10,850 --> 01:36:09,300  
and started his recording career at Sun

1857  
01:36:12,410 --> 01:36:10,860  
Studio so it's right down the street and

1858  
01:36:14,540 --> 01:36:12,420  
I bought a jacket from that the white a

1859  
01:36:16,910 --> 01:36:14,550  
couple of white jumpsuits I'd be Aloha

1860  
01:36:23,180 --> 01:36:16,920  
the Aloha jumps - which I wore in the

1861  
01:36:30,500 --> 01:36:23,190  
film I had the French know not hearing

1862  
01:36:34,670 --> 01:36:30,510  
him now George yeah well I'll bring I'll

1863  
01:36:38,420 --> 01:36:34,680

bring you back and so Tracy you when you

1864

01:36:40,070 --> 01:36:38,430

and I met briefly a while back I mean

1865

01:36:42,490 --> 01:36:40,080

when we were trying to get the whole

1866

01:36:45,380 --> 01:36:42,500

hour they were trying to get George on

1867

01:36:46,940 --> 01:36:45,390

you mentioned you had a UFO sightings so

1868

01:36:50,360 --> 01:36:46,950

let's talk about what was that what was

1869

01:36:56,350 --> 01:36:50,370

that like when I was in college I in

1870

01:37:00,710 --> 01:36:56,360

Pittsburgh I was going from across

1871

01:37:02,870 --> 01:37:00,720

Panther Hollow near Schenley Park going

1872

01:37:07,090 --> 01:37:02,880

to the museum from the back of Carnegie

1873

01:37:10,130 --> 01:37:07,100

Mellon and there are these like steam

1874

01:37:13,960 --> 01:37:10,140

facts they're this sort of power

1875

01:37:17,150 --> 01:37:13,970

generating plant there and I saw these

1876  
01:37:20,360 --> 01:37:17,160  
like there were three of them and they

1877  
01:37:23,810 --> 01:37:20,370  
were just tiny bowls of light

1878  
01:37:26,450 --> 01:37:23,820  
well tiny part it gets a scale on them

1879  
01:37:32,080 --> 01:37:26,460  
but maybe they were like 18 inches

1880  
01:37:35,760 --> 01:37:32,090  
across and they kind of swooped around

1881  
01:37:41,970 --> 01:37:35,770  
the up and down the sides of the hall

1882  
01:37:45,060 --> 01:37:41,980  
and then went circling up the stack the

1883  
01:37:47,820 --> 01:37:45,070  
steam stacks and smokestacks and then

1884  
01:37:49,620 --> 01:37:47,830  
kind of hovered above there for a minute

1885  
01:37:53,610 --> 01:37:49,630  
and then went straight up into the sky

1886  
01:37:57,080 --> 01:37:53,620  
so fast it didn't make any sense so I

1887  
01:38:00,870 --> 01:37:57,090  
don't know what it was that I saw but I

1888  
01:38:03,240 --> 01:38:00,880

yeah but that's really that's really

1889

01:38:08,550 --> 01:38:03,250

amazing um I think we lost we lost

1890

01:38:10,400 --> 01:38:08,560

George yeah that's been the story of the

1891

01:38:13,590 --> 01:38:10,410

night poor George

1892

01:38:16,440 --> 01:38:13,600

so you're saying now there were three of

1893

01:38:21,840 --> 01:38:16,450

them were they in unison did they move

1894

01:38:25,500 --> 01:38:21,850

in unison they they were when they were

1895

01:38:27,720 --> 01:38:25,510

swooping up and down in the hollow yeah

1896

01:38:29,600 --> 01:38:27,730

they kind of they were in unison but

1897

01:38:32,760 --> 01:38:29,610

then when they went around the

1898

01:38:38,490 --> 01:38:32,770

smokestack it was like they were you

1899

01:38:41,180 --> 01:38:38,500

know separate but it looked like play it

1900

01:38:45,450 --> 01:38:41,190

was like look like they were playing

1901

01:38:49,760 --> 01:38:45,460

that's that's amazing and did that were

1902

01:38:53,730 --> 01:38:49,770

you more curious at that time about oh

1903

01:38:57,900 --> 01:38:53,740

he's back okay haha George you're back

1904

01:38:59,520 --> 01:38:57,910

yeah I had to go yeah I'm back via the

1905

01:39:01,020 --> 01:38:59,530

aliens from the outer space they pulled

1906

01:39:02,880 --> 01:39:01,030

me back up for three seconds and brought

1907

01:39:10,590 --> 01:39:02,890

me shot me back down again I thought

1908

01:39:14,460 --> 01:39:10,600

that's what must have happened now okay

1909

01:39:16,860 --> 01:39:14,470

oh it's fine it's just fine now now a

1910

01:39:19,620 --> 01:39:16,870

lot of people have kind of associate I'm

1911

01:39:22,620 --> 01:39:19,630

sure you know this Elvis with space and

1912

01:39:24,420 --> 01:39:22,630

you know like he's not you know he never

1913

01:39:26,340 --> 01:39:24,430

died and you know there's all kinds of

1914

01:39:28,620 --> 01:39:26,350

conspiracies which is which is pretty

1915

01:39:31,350 --> 01:39:28,630

funny but if you can just kind of give

1916

01:39:33,450 --> 01:39:31,360

the gist of of what happened he was he

1917

01:39:36,180 --> 01:39:33,460

he was I think it was 42 years old I

1918

01:39:38,490 --> 01:39:36,190

know it was in August of 1977 because I

1919

01:39:41,490 --> 01:39:38,500

was in school in Kansas City when it

1920

01:39:43,230 --> 01:39:41,500

happened and so I remember it very very

1921

01:39:45,000 --> 01:39:43,240

clearly and you always remember where

1922

01:39:47,820 --> 01:39:45,010

you are and something major happens and

1923

01:39:49,120 --> 01:39:47,830

I was devastated like everyone else was

1924

01:39:53,300 --> 01:39:49,130

at the

1925

01:39:55,580 --> 01:39:53,310

so about the conspiracies it's still

1926

01:39:58,460 --> 01:39:55,590

there's still people saying now I'm not

1927

01:40:01,390 --> 01:39:58,470

sure he would be in his 90s right

1928

01:40:08,240 --> 01:40:04,940

82 or 83 I see but there's still people

1929

01:40:11,650 --> 01:40:08,250

thing that they steepy not 85 maybe five

1930

01:40:14,680 --> 01:40:11,660

people saying that they still see him I

1931

01:40:19,910 --> 01:40:14,690

think I think that's kind of hilarious

1932

01:40:21,590 --> 01:40:19,920

yeah you go George

1933

01:40:23,600 --> 01:40:21,600

people know what people don't want to

1934

01:40:25,040 --> 01:40:23,610

let go they don't wanna let go yeah you

1935

01:40:28,550 --> 01:40:25,050

know Elvis meant so much to so many

1936

01:40:31,910 --> 01:40:28,560

people he was he was he was taken away

1937

01:40:34,700 --> 01:40:31,920

at 42 years ago ridiculously young

1938

01:40:37,460 --> 01:40:34,710

except for Jim Morrison I can't think of

1939

01:40:39,530 --> 01:40:37,470

another rock icon at left's or so young

1940

01:40:41,210 --> 01:40:39,540

and because he had such a strong

1941

01:40:44,180 --> 01:40:41,220

charismatic connection with his audience

1942

01:40:48,110 --> 01:40:44,190

and he loved he loved and lived for his

1943

01:40:49,670 --> 01:40:48,120

audience entirely exclusively yeah he

1944

01:40:51,830 --> 01:40:49,680

was taken away unexpectedly at such a

1945

01:40:53,450 --> 01:40:51,840

young age it left a gaping hole in

1946

01:40:57,890 --> 01:40:53,460

people people's appetites were not

1947

01:41:00,410 --> 01:40:57,900

satisfied and so so true the music and

1948

01:41:03,320 --> 01:41:00,420

Yuri added a concert footage and you put

1949

01:41:06,140 --> 01:41:03,330

out DVDs and and shows like Elvis the

1950

01:41:09,800 --> 01:41:06,150

searcher on HBO last year it only helps

1951

01:41:12,110 --> 01:41:09,810

to perpetuate the legacy and remind

1952

01:41:13,910 --> 01:41:12,120

younger generations or at least inform

1953

01:41:15,650 --> 01:41:13,920

younger generations and remind the older

1954

01:41:17,840 --> 01:41:15,660

generations of who and what he was what

1955

01:41:21,530 --> 01:41:17,850

he stood for and how he single-handedly

1956

01:41:23,480 --> 01:41:21,540

revolutionized music at a time when it

1957

01:41:26,300 --> 01:41:23,490

wasn't really appropriate to do that and

1958

01:41:27,920 --> 01:41:26,310

he took a lot of flack for it but again

1959

01:41:29,930 --> 01:41:27,930

you just see what he went so young

1960

01:41:32,210 --> 01:41:29,940

people just can't get enough and and and

1961

01:41:33,950 --> 01:41:32,220

anything so people instead of thinking

1962

01:41:35,810 --> 01:41:33,960

he was going it's just such a morbid

1963

01:41:37,850 --> 01:41:35,820

thought they'd rather think maybe he was

1964

01:41:39,560 --> 01:41:37,860

abducted maybe there are aliens because

1965

01:41:41,660 --> 01:41:39,570

we can't be the only form of life in

1966

01:41:43,670 --> 01:41:41,670

this entire solar system and what if

1967

01:41:45,110 --> 01:41:43,680

they did get come and get him and he's

1968

01:41:46,940 --> 01:41:45,120

been living up there was a perfect

1969

01:41:50,120 --> 01:41:46,950

escape from his own fame from his own

1970

01:41:53,120 --> 01:41:50,130

entrapment yeah and it's a little more

1971

01:41:55,640 --> 01:41:53,130

cheerful of a visual than the morbid

1972

01:41:56,690 --> 01:41:55,650

death right so yeah grasp on anything

1973

01:41:59,990 --> 01:41:56,700

that seems would be a little bit more

1974

01:42:03,339 --> 01:42:00,000

uplifting and his case up loop into the

1975

01:42:06,500 --> 01:42:03,349

solar system in Eric you know

1976

01:42:10,009 --> 01:42:06,510

yeah yeah that's right you know it's

1977

01:42:12,109 --> 01:42:10,019

funny the as far as I've been in the

1978

01:42:16,089 --> 01:42:12,119

fine arts and antiques and auctions and

1979

01:42:18,350 --> 01:42:16,099

all that all my life and Elvis is still

1980

01:42:18,799 --> 01:42:18,360

highly collectable anything to do with

1981

01:42:21,709 --> 01:42:18,809

him

1982

01:42:25,370 --> 01:42:21,719

there's Marilyn Monroe and Elvis er like

1983

01:42:28,790 --> 01:42:25,380

the two top and you know oh yeah I think

1984

01:42:31,879 --> 01:42:28,800

you still one of the top-selling musical

1985

01:42:35,419 --> 01:42:31,889

artists in England yeah amazing

1986

01:42:38,540 --> 01:42:35,429

like now currently it's weird like he's

1987

01:42:41,000 --> 01:42:38,550

felt so much music there for his for his

1988

01:42:43,879 --> 01:42:41,010

short life and you know Marilyn was gone

1989

01:42:45,949 --> 01:42:43,889

young as well and you know she's her

1990

01:42:49,479 --> 01:42:45,959

items at auction and things like her

1991

01:42:51,589 --> 01:42:49,489

gloves a few years ago I can't remember

1992

01:42:54,439 --> 01:42:51,599

\$60,000 or something like that they win

1993

01:42:57,080 --> 01:42:54,449

an auction it's amazing and I've got

1994

01:42:59,959 --> 01:42:57,090

just see a lot of writings from Elvis

1995

01:43:01,729 --> 01:42:59,969

and both Elvis and Marilyn Monroe over

1996

01:43:06,049 --> 01:43:01,739

the years for appraisal purposes it's a

1997

01:43:08,600 --> 01:43:06,059

lot of it's a lot of fun to read well

1998

01:43:12,889 --> 01:43:08,610

even in this day and age Elvis Tribute

1999

01:43:16,399 --> 01:43:12,899

artists will sell out entire arenas I'm

2000

01:43:18,189 --> 01:43:16,409

not gonna kidding really the UK oh yeah

2001

01:43:21,020 --> 01:43:18,199

I have a friend of mine that does this

2002

01:43:23,359 --> 01:43:21,030

he's incredible and he's got overseas

2003

01:43:25,459 --> 01:43:23,369

many times with his band that is booking

2004

01:43:28,100 --> 01:43:25,469

he doesn't have a booking company looks

2005

01:43:32,719 --> 01:43:28,110

these shows and major arena they sell

2006

01:43:36,589 --> 01:43:32,729

out anywhere between 16,000 to 20,000 25

2007

01:43:39,020 --> 01:43:36,599

upwards of almost 30,000 feet arenas and

2008

01:43:42,770 --> 01:43:39,030

outdoor stadiums in certain countries

2009

01:43:45,469 --> 01:43:42,780

like Argentina Madrid Barcelona and then

2010

01:43:47,239 --> 01:43:45,479

all over the UK even now and we're

2011

01:43:49,580 --> 01:43:47,249

talking about a tribute artist who

2012

01:43:52,129 --> 01:43:49,590

captures every little nuance of Elvis

2013

01:43:54,159 --> 01:43:52,139

was known for it's not a caricature it's

2014

01:43:57,609 --> 01:43:54,169

not a jokey thing he can sing he

2015

01:44:01,459 --> 01:43:57,619

incredible show so people that the guys

2016

01:44:03,409 --> 01:44:01,469

have not waned whatsoever yeah which is

2017

01:44:05,839 --> 01:44:03,419

amazing and it makes you wonder how long

2018

01:44:07,580 --> 01:44:05,849

that will continue and I think you know

2019

01:44:10,669 --> 01:44:07,590

you just touched on a really good key

2020

01:44:13,189 --> 01:44:10,679

point you know I I can't remember if you

2021

01:44:14,350 --> 01:44:13,199

said HBO or whatever had a film last

2022

01:44:16,290 --> 01:44:14,360

year and

2023

01:44:20,320 --> 01:44:16,300

you know they just it just keeps

2024

01:44:21,760 --> 01:44:20,330

reviving you know and the Millennials

2025

01:44:23,620 --> 01:44:21,770

and other people are gonna say well

2026

01:44:27,340 --> 01:44:23,630

who's this and hey wow that that's

2027

01:44:29,770 --> 01:44:27,350

really unique music and yeah exactly

2028

01:44:33,310 --> 01:44:29,780

yeah and you know it's called the

2029

01:44:35,950 --> 01:44:33,320

searcher the searcher uh-huh and yeah

2030

01:44:37,600 --> 01:44:35,960

it's amazing when someone is so

2031

01:44:39,459 --> 01:44:37,610

different and they break in just

2032

01:44:41,080 --> 01:44:39,469

something I mean they're the odds could

2033

01:44:42,700 --> 01:44:41,090

have gone the other way too it's just

2034

01:44:45,520 --> 01:44:42,710

you know there's always a little bit of

2035

01:44:49,750 --> 01:44:45,530

luck and something like that someone

2036

01:44:53,459 --> 01:44:49,760

becomes a paid star yeah yeah it was a

2037

01:44:56,260 --> 01:44:53,469

perfect storm it was the timing and in

2038

01:44:58,330 --> 01:44:56,270

society was ready for that kids were

2039

01:45:01,750 --> 01:44:58,340

hunger hungry and thirsty for new music

2040

01:45:03,790 --> 01:45:01,760

they were not interested in watching you

2041

01:45:05,020 --> 01:45:03,800

know the big band era of music or

2042

01:45:06,490 --> 01:45:05,030

listening to that or watching those

2043

01:45:08,439 --> 01:45:06,500

shows and listening to that music that

2044

01:45:10,810 --> 01:45:08,449

it was a perfect storm of the right

2045

01:45:12,939 --> 01:45:10,820

manager finding the right talent at the

2046

01:45:16,020 --> 01:45:12,949

right time in history that was longing

2047

01:45:18,189 --> 01:45:16,030

for that type of change music change

2048

01:45:21,220 --> 01:45:18,199

hairstyles fashion everything

2049

01:45:22,840 --> 01:45:21,230

revolutionized and changed when Elvis

2050

01:45:25,479 --> 01:45:22,850

fused together all these different

2051

01:45:28,300 --> 01:45:25,489

elements of his look his wardrobe his

2052

01:45:29,919 --> 01:45:28,310

musical tastes fused it all was heavily

2053

01:45:31,689 --> 01:45:29,929

influenced by the black rhythm and blues

2054

01:45:34,629 --> 01:45:31,699

sounds and in the south and the South

2055

01:45:37,030 --> 01:45:34,639

back then yeah all came together right

2056

01:45:39,790 --> 01:45:37,040

right he really was he was a white

2057

01:45:43,450 --> 01:45:39,800

artist who brought that black sound and

2058

01:45:45,899 --> 01:45:43,460

yes I remember never here yeah yeah love

2059

01:45:48,399 --> 01:45:45,909

the music but you know he made it

2060

01:45:52,030 --> 01:45:48,409

accessible to many white audiences that

2061

01:45:53,370 --> 01:45:52,040

wouldn't listen to black artists there

2062

01:45:56,740 --> 01:45:53,380

was a great story

2063

01:45:58,410 --> 01:45:56,750

go ahead George oh I'm sorry I was

2064

01:46:00,910 --> 01:45:58,420

saying Sam Phillips so I got to meet

2065

01:46:03,100 --> 01:46:00,920

when I first went to Memphis who's found

2066

01:46:04,660 --> 01:46:03,110

Elvis I always wanted to record some

2067

01:46:08,290 --> 01:46:04,670

songs for his mom and her upcoming

2068

01:46:10,060 --> 01:46:08,300

birthday that's right back then he said

2069

01:46:11,890 --> 01:46:10,070

his immortal words Tracy and you're so

2070

01:46:16,390 --> 01:46:11,900

right on you hit it on the heads he said

2071

01:46:20,379 --> 01:46:16,400

if I could just find a white guy a white

2072

01:46:23,850 --> 01:46:20,389

artist who can feel and sing a song like

2073

01:46:27,760 --> 01:46:23,860

a Negro artist yeah make million dollars

2074

01:46:28,150 --> 01:46:27,770

and in Joel's Elvis not too long after

2075

01:46:29,740 --> 01:46:28,160

that

2076

01:46:34,360 --> 01:46:29,750

rolls into a studio and the rest was

2077

01:46:36,040 --> 01:46:34,370

history yeah yeah well yeah he was

2078

01:46:37,210 --> 01:46:36,050

certainly iconic I don't know if you

2079

01:46:39,340 --> 01:46:37,220

either one of you have ever heard the

2080

01:46:41,800 --> 01:46:39,350

story of him just walking up to the

2081

01:46:44,230 --> 01:46:41,810

White House to see I think it was Nixon

2082

01:46:47,680 --> 01:46:44,240

or someone just like knock on the door

2083

01:46:50,830 --> 01:46:47,690

and they let him in yeah the president

2084

01:46:52,420 --> 01:46:50,840

yeah it's it took some convincing but

2085

01:46:54,670 --> 01:46:52,430

him him and Sonny West and Jerry

2086

01:46:56,140 --> 01:46:54,680

shilling made that happen yeah Sonny

2087

01:46:58,210 --> 01:46:56,150

told me the story is incredible

2088

01:47:01,290 --> 01:46:58,220

yeah that must've been fun spending some

2089

01:47:03,880 --> 01:47:01,300

time with him George I gotta ask you

2090

01:47:06,190 --> 01:47:03,890

Tracy mentioned that she had a UFO

2091

01:47:08,020 --> 01:47:06,200

sighting have you ever had one and if

2092

01:47:12,730 --> 01:47:08,030

not what is your thoughts on the topic

2093

01:47:14,890 --> 01:47:12,740

of that subject I really feel there are

2094

01:47:17,950 --> 01:47:14,900

UFOs there are other forms of life

2095

01:47:20,170 --> 01:47:17,960

they're far superior very likely far

2096

01:47:21,850 --> 01:47:20,180

superior to us they could come from a

2097

01:47:23,680 --> 01:47:21,860

different time a different dimension a

2098

01:47:26,140 --> 01:47:23,690

different through a different portal I

2099

01:47:28,960 --> 01:47:26,150

don't really know I'm just basing it on

2100

01:47:31,090 --> 01:47:28,970

whatever information I've seen heard and

2101  
01:47:34,660 --> 01:47:31,100  
gathered on my own plus intuition and

2102  
01:47:36,760 --> 01:47:34,670  
just a sense that it has to be very

2103  
01:47:38,620 --> 01:47:36,770  
likely the case I don't think I've ever

2104  
01:47:40,180 --> 01:47:38,630  
seen one blatantly in front of me that I

2105  
01:47:42,370 --> 01:47:40,190  
was sure beyond a shadow of a doubt that

2106  
01:47:45,700 --> 01:47:42,380  
it was a UFO or some sort of an alien

2107  
01:47:47,140 --> 01:47:45,710  
sighting but something fleeting in the

2108  
01:47:49,120 --> 01:47:47,150  
skies here and there but it was so

2109  
01:47:52,300 --> 01:47:49,130  
fleeting and so brief I really couldn't

2110  
01:47:55,030 --> 01:47:52,310  
say it was that but there's too much

2111  
01:47:57,940 --> 01:47:55,040  
pointing into the in the direction that

2112  
01:47:59,380 --> 01:47:57,950  
it's got to be it's got to be there's

2113  
01:48:02,230 --> 01:47:59,390

got to be truth to this it can't just be

2114

01:48:04,060 --> 01:48:02,240

some some fantasy or something you see

2115

01:48:06,370 --> 01:48:04,070

in movies yeah

2116

01:48:08,950 --> 01:48:06,380

well I think I think you expressed it

2117

01:48:10,600 --> 01:48:08,960

very well actually because you know a

2118

01:48:14,680 --> 01:48:10,610

lot of people that don't really look

2119

01:48:16,930 --> 01:48:14,690

into the topic like myself and others a

2120

01:48:19,060 --> 01:48:16,940

lot of people don't have quite that open

2121

01:48:20,880 --> 01:48:19,070

mind and you mentioned the different

2122

01:48:23,230 --> 01:48:20,890

variations it could be I think that's

2123

01:48:26,560 --> 01:48:23,240

after I've been doing this show for

2124

01:48:28,570 --> 01:48:26,570

almost nine years I still I still have

2125

01:48:31,240 --> 01:48:28,580

to agree to you I don't know what what

2126  
01:48:34,210 --> 01:48:31,250  
they are but I know that enough people

2127  
01:48:37,540 --> 01:48:34,220  
has have reported them over the years

2128  
01:48:38,770 --> 01:48:37,550  
that without any explanation available

2129  
01:48:41,589 --> 01:48:38,780  
which just makes the whole thing

2130  
01:48:45,220 --> 01:48:41,599  
fascinating to me keeps me going

2131  
01:48:46,810 --> 01:48:45,230  
yeah without a doubt yeah I completely

2132  
01:48:49,089 --> 01:48:46,820  
agree with you you know there's too much

2133  
01:48:52,510 --> 01:48:49,099  
pointing in that direction well I don't

2134  
01:48:55,120 --> 01:48:52,520  
know what I did when I did tell my

2135  
01:48:58,750 --> 01:48:55,130  
friend about it he said never speak of

2136  
01:49:02,069 --> 01:48:58,760  
this to anyone yes well you know that's

2137  
01:49:05,859 --> 01:49:02,079  
um I got to tell you that cool yeah yes

2138  
01:49:08,589 --> 01:49:05,869

there was a sink coffee there was this a

2139

01:49:12,580 --> 01:49:08,599

panel in 1953 called the Robertson panel

2140

01:49:15,520 --> 01:49:12,590

and they met and they basically tried to

2141

01:49:18,910 --> 01:49:15,530

figure out a way to make a UFO as taboo

2142

01:49:21,520 --> 01:49:18,920

and basically that's where the whole

2143

01:49:23,620 --> 01:49:21,530

ridicule factor comes from you know you

2144

01:49:27,160 --> 01:49:23,630

must be crazy little green men tinfoil

2145

01:49:29,410 --> 01:49:27,170

hats all that stuff but I mentioned in

2146

01:49:33,819 --> 01:49:29,420

the first very first part of this show

2147

01:49:36,490 --> 01:49:33,829

tonight is a new second season of it

2148

01:49:38,350 --> 01:49:36,500

unidentified on the History Channel is

2149

01:49:40,810 --> 01:49:38,360

coming out this Saturday and I got to

2150

01:49:43,120 --> 01:49:40,820

watch the screener of it and I'm telling

2151

01:49:45,490 --> 01:49:43,130

you if anyone watches that that doesn't

2152

01:49:47,589 --> 01:49:45,500

believe in you know that UFOs could be

2153

01:49:49,450 --> 01:49:47,599

happening you probably would change your

2154

01:49:52,479 --> 01:49:49,460

mind in that one episode it's really

2155

01:49:55,450 --> 01:49:52,489

it's just the military people involved

2156

01:49:57,430 --> 01:49:55,460

you know decorated soldiers and and

2157

01:50:00,609 --> 01:49:57,440

military that have actually witnessed

2158

01:50:03,700 --> 01:50:00,619

these strange things happening and one

2159

01:50:07,089 --> 01:50:03,710

of them looks very much like what is

2160

01:50:14,290 --> 01:50:07,099

known in 2004 as a tic-tac UFO at the

2161

01:50:15,520 --> 01:50:14,300

USS Nimitz and they moved in that kind

2162

01:50:19,530 --> 01:50:15,530

of weird way where they could move

2163

01:50:21,669 --> 01:50:19,540

really fast and then stop yeah that's

2164

01:50:23,800 --> 01:50:21,679

why I was just kind of like I don't know

2165

01:50:27,189 --> 01:50:23,810

what this is but I've never seen

2166

01:50:28,899 --> 01:50:27,199

anything move like that right well you

2167

01:50:30,879 --> 01:50:28,909

know going back to the Vietnam War

2168

01:50:32,950 --> 01:50:30,889

I don't want to give too much of a

2169

01:50:34,240 --> 01:50:32,960

spoiler of what's coming out but going

2170

01:50:35,770 --> 01:50:34,250

back to that they're talking about

2171

01:50:38,379 --> 01:50:35,780

something moving at five and six

2172

01:50:42,819 --> 01:50:38,389

thousand miles an hour and taking a

2173

01:50:46,810 --> 01:50:42,829

sudden right-angle turn yeah iid explain

2174

01:50:49,390 --> 01:50:46,820

something like that yeah yeah Wow say on

2175

01:50:52,750 --> 01:50:49,400

beyond explanation but yeah there you go

2176  
01:50:54,910 --> 01:50:52,760  
well you know I was at Carnegie Mellon

2177  
01:50:58,780 --> 01:50:54,920  
where they have now they have

2178  
01:51:00,550 --> 01:50:58,790  
world-class robotics lab there so at the

2179  
01:51:03,190 --> 01:51:00,560  
time I was like is this something that

2180  
01:51:06,310 --> 01:51:03,200  
the engineering students are doing like

2181  
01:51:07,990 --> 01:51:06,320  
is this a some kind of robot or

2182  
01:51:11,110 --> 01:51:08,000  
something you know the people are

2183  
01:51:13,810 --> 01:51:11,120  
playing with at night trying to but it

2184  
01:51:15,370 --> 01:51:13,820  
just didn't make any sense the way it

2185  
01:51:16,990 --> 01:51:15,380  
moved and I don't even know if they were

2186  
01:51:17,380 --> 01:51:17,000  
really doing that back then that was

2187  
01:51:22,090 --> 01:51:17,390  
like

2188  
01:51:24,040 --> 01:51:22,100

before 1980 yeah well that's a lot of

2189

01:51:25,090 --> 01:51:24,050

speculation people will say well it

2190

01:51:27,280 --> 01:51:25,100

could be military

2191

01:51:29,860 --> 01:51:27,290

it could be something experimental but

2192

01:51:32,860 --> 01:51:29,870

when you're talking about that period of

2193

01:51:36,160 --> 01:51:32,870

time in and that never being used in say

2194

01:51:38,440 --> 01:51:36,170

warfare for instance or other other

2195

01:51:40,780 --> 01:51:38,450

leaks or something like that it's pretty

2196

01:51:45,100 --> 01:51:40,790

hard to actually believe it could carry

2197

01:51:47,470 --> 01:51:45,110

on that long so we have we have just a

2198

01:51:50,770 --> 01:51:47,480

couple minutes left here or just about a

2199

01:51:52,930 --> 01:51:50,780

minute or so and again you say this and

2200

01:51:55,630 --> 01:51:52,940

it's called Elvis from outer space to

2201  
01:51:58,270 --> 01:51:55,640  
have that right yes yes Elvis from outer

2202  
01:52:00,820 --> 01:51:58,280  
space yeah yeah and so you can catch

2203  
01:52:04,720 --> 01:52:00,830  
that and here is on YouTube you can see

2204  
01:52:13,270 --> 01:52:04,730  
this and it's a riot I suggest you watch

2205  
01:52:16,630 --> 01:52:13,280  
it's a lot of a lot of fun excellent

2206  
01:52:18,490 --> 01:52:16,640  
all right I thought I can Oh an iTunes

2207  
01:52:20,980 --> 01:52:18,500  
yeah I know a lot of the movies I had no

2208  
01:52:22,420 --> 01:52:20,990  
heading over that way well I want to

2209  
01:52:24,940 --> 01:52:22,430  
thank you both and I wish you great

2210  
01:52:28,570 --> 01:52:24,950  
success thanks so much for joining the

2211  
01:52:30,130 --> 01:52:28,580  
show thanks for having us thanks so much

2212  
01:52:32,650 --> 01:52:30,140  
for having us and we really appreciate

2213  
01:52:35,770 --> 01:52:32,660

the time and I think people really enjoy

2214

01:52:39,150 --> 01:52:35,780

this it pretty keeps Elvis's memory he

2215

01:52:42,190 --> 01:52:39,160

pays a lot of respect to Elvis's his

2216

01:52:43,750 --> 01:52:42,200

spirit his being his essence at the same

2217

01:52:46,510 --> 01:52:43,760

time giving a lot of entertainment great

2218

01:52:48,670 --> 01:52:46,520

music fun characters but we've always

2219

01:52:50,950 --> 01:52:48,680

preserved the integrity of Elvis's

2220

01:52:52,870 --> 01:52:50,960

spirits for the fans and the people who

2221

01:52:55,360 --> 01:52:52,880

appreciate him not just making some

2222

01:52:57,610 --> 01:52:55,370

campy movie you know keeping a real

2223

01:53:00,250 --> 01:52:57,620

honor and respect and dignity for his

2224

01:53:02,860 --> 01:53:00,260

legacy and his memory that's great well

2225

01:53:06,730 --> 01:53:02,870

George that's good to hear thank you all

2226

01:53:08,080 --> 01:53:06,740

right thank you both very much okay

2227

01:53:10,629 --> 01:53:08,090

bye now

2228

01:53:12,729 --> 01:53:10,639

all right everyone so that's it for the

2229

01:53:16,750 --> 01:53:12,739

2233

01:53:27,760 --> 01:53:23,540

next week we are gonna be back with the

2234

01:53:30,010 --> 01:53:27,770
