2
00:00:26,790 --> 00:00:25,429

the ufo baptism of james mosley by

3
00:00:28,390 --> 00:00:26,800

charles lear

4
00:00:29,990 --> 00:00:28,400

among the early flying saucer

5
00:00:31,830 --> 00:00:30,000

investigators who stumbled their way

6
00:00:33,510 --> 00:00:31,840

through the mystery in the late 1940s

7
00:00:35,350 --> 00:00:33,520

and early 50s there were some

8
00:00:37,190 --> 00:00:35,360

fascinating characters

9
00:00:39,190 --> 00:00:37,200

imagine being able to meet and discuss

10
00:00:39,430 --> 00:00:39,200

flying saucers with the likes of donald

11
00:01:08,870 --> 00:00:39,440

e

12
00:01:10,390 --> 00:01:08,880

with a trust fund who had just quit

13
00:01:11,990 --> 00:01:10,400

princeton university

14

00:01:13,429 --> 00:01:12,000

he had enough money that he didn't have

15

00:01:15,510 --> 00:01:13,439

to do anything productive

16

00:01:17,670 --> 00:01:15,520

but he quickly became bored with quote

17

00:01:20,070 --> 00:01:17,680

recreational drinking end quote

18

00:01:22,230 --> 00:01:20,080

and skirt chasing according to him in

19

00:01:23,749 --> 00:01:22,240

his 2002 autobiography

20

00:01:26,230 --> 00:01:23,759

shockingly close to the truth

21

00:01:28,149 --> 00:01:26,240

confessions of a grave-robbing ufologist

22

00:01:29,990 --> 00:01:28,159

he sought a more satisfying way to fill

23

00:01:31,190 --> 00:01:30,000

his days and decided on travel and

24

00:01:32,870 --> 00:01:31,200

exploration

25

00:01:35,190 --> 00:01:32,880

he got in contact with a well-known

26

00:01:37,830 --> 00:01:35,200

italian explorer antilleo gotti

27

00:01:39,429 --> 00:01:37,840

and paid to tag along with him to africa

28

00:01:41,590 --> 00:01:39,439

after his return he approached an

29

00:01:43,429 --> 00:01:41,600

american explorer ken krapine

30

00:01:44,789 --> 00:01:43,439

grappine was a regular contributor to

31

00:01:47,109 --> 00:01:44,799

argosy magazine

32

00:01:49,190 --> 00:01:47,119

and lectured on his travels as well

33

00:01:51,030 --> 00:01:49,200

mosley lived in fort lee new jersey and

34

00:01:53,990 --> 00:01:51,040

when krippen came to new york city in

35

00:01:55,749 --> 00:01:54,000

1953 mosley was able to meet with him

36

00:01:57,270 --> 00:01:55,759

kryptine quickly realized that he'd

37

00:01:59,190 --> 00:01:57,280

found a good thing in mosley

38

00:02:00,469 --> 00:01:59,200

and made use of him as a chauffeur and a

39

00:02:02,230 --> 00:02:00,479

source of funds

40

00:02:04,550 --> 00:02:02,240

after becoming aware that he was being

41

00:02:05,350 --> 00:02:04,560

used mosley made krippen sign an

42

00:02:07,190 --> 00:02:05,360

agreement

43

00:02:09,589 --> 00:02:07,200

it stated that when it came time to go

44

00:02:12,150 --> 00:02:09,599

on his expedition in this case peru

45

00:02:13,910 --> 00:02:12,160

mosley's way was paid in full while they

46

00:02:16,070 --> 00:02:13,920

were waiting the idea of collaborating

47

00:02:18,070 --> 00:02:16,080

on a book about flying saucers came up

48

00:02:19,670 --> 00:02:18,080

mostly recalled that the idea of a book

49

00:02:21,430 --> 00:02:19,680

had originally been crepines

50

00:02:23,270 --> 00:02:21,440

and the idea that it be about flying

51

00:02:24,790 --> 00:02:23,280

saucers was likely his

52

00:02:27,430 --> 00:02:24,800

he'd had an interest in the subject

53

00:02:28,309 --> 00:02:27,440

since 1948 after hearing about thomas

54

00:02:29,910 --> 00:02:28,319

mantels

55

00:02:32,470 --> 00:02:29,920

link available in the written version of

56

00:02:33,910 --> 00:02:32,480

this blog tragic experience from a boy

57

00:02:35,830 --> 00:02:33,920

across the street

58

00:02:37,509 --> 00:02:35,840

he quickly became fascinated and read

59

00:02:39,670 --> 00:02:37,519

the books being written about this new

60

00:02:41,750 --> 00:02:39,680

and evolving mystery as they came out

61

00:02:43,509 --> 00:02:41,760

he read books by donald kehoe frank

62

00:02:45,190 --> 00:02:43,519

scully and george adamski

63

00:02:47,430 --> 00:02:45,200

those three promoted the idea that

64

00:02:48,949 --> 00:02:47,440

flying saucers were from outer space

65

00:02:51,030 --> 00:02:48,959

an essay that he wrote during this

66

00:02:53,110 --> 00:02:51,040

period indicates that while he was open

67

00:02:54,790 --> 00:02:53,120

to the idea that we were being visited

68

00:02:57,030 --> 00:02:54,800

by creatures from other planets

69

00:02:58,869 --> 00:02:57,040

he was not a converted believer the

70

00:03:00,470 --> 00:02:58,879

agreement was that mosley would do the

71

00:03:01,190 --> 00:03:00,480

research and cripine would write the

72

00:03:02,630 --> 00:03:01,200

book

73

00:03:04,470 --> 00:03:02,640

mosley went through his library and

74

00:03:06,949 --> 00:03:04,480

wrote the information about the cases he

75

00:03:08,790 --> 00:03:06,959

found most interesting on index cards

76
00:03:10,790 --> 00:03:08,800
he then arranged them geographically and

77
00:03:12,710 --> 00:03:10,800
made plans to travel across the country

78
00:03:14,149 --> 00:03:12,720
and interview the witnesses

79
00:03:15,990 --> 00:03:14,159
then it occurred to him that he should

80
00:03:17,670 --> 00:03:16,000
find out more about the personalities

81
00:03:19,589 --> 00:03:17,680
that were becoming known in the field

82
00:03:21,589 --> 00:03:19,599
these included writers researchers and

83
00:03:23,350 --> 00:03:21,599
members of the many flying saucer clubs

84
00:03:24,630 --> 00:03:23,360
that were being newly organized all

85
00:03:26,550 --> 00:03:24,640
around the country

86
00:03:28,309 --> 00:03:26,560
mosley recalled an article it clipped

87
00:03:29,509 --> 00:03:28,319
out and stuck in a scrapbook which was a

88
00:03:31,190 --> 00:03:29,519

habit of his

89

00:03:32,949 --> 00:03:31,200

he remembered that it had concerned an

90

00:03:35,270 --> 00:03:32,959

event in 1952

91

00:03:37,110 --> 00:03:35,280

and founded in the book from that year

92

00:03:37,589 --> 00:03:37,120

in june of that year a man in jersey

93

00:03:40,070 --> 00:03:37,599

city

94

00:03:41,990 --> 00:03:40,080

august c roberts had taken a picture of

95

00:03:44,070 --> 00:03:42,000

a saucer while on skywatch duty as a

96

00:03:45,750 --> 00:03:44,080

member of the ground observer corps

97

00:03:47,350 --> 00:03:45,760

mosley got in touch with roberts and

98

00:03:48,229 --> 00:03:47,360

roberts suggested they meet at the home

99

00:03:50,789 --> 00:03:48,239

of his friend

100

00:03:52,470 --> 00:03:50,799

dominic lucesi both men it turned out

101
00:03:53,910 --> 00:03:52,480
were members of the very first flying

102
00:03:56,149 --> 00:03:53,920
saucer organization

103
00:03:57,910 --> 00:03:56,159
the international flying saucer bureau

104
00:03:58,470 --> 00:03:57,920
started by bridgeport connecticut

105
00:04:01,350 --> 00:03:58,480
resident

106
00:04:01,910 --> 00:04:01,360
albert k bender mosley was off to a fine

107
00:04:03,990 --> 00:04:01,920
start

108
00:04:04,949 --> 00:04:04,000
he'd managed to stumble upon two key

109
00:04:07,030 --> 00:04:04,959
ifsb

110
00:04:07,990 --> 00:04:07,040
members just as bender was shutting down

111
00:04:09,589 --> 00:04:08,000
the bureau

112
00:04:11,910 --> 00:04:09,599
according to bender he'd been threatened

113
00:04:14,630 --> 00:04:11,920

by three mysterious men in black suits

114

00:04:17,270 --> 00:04:14,640

and told decrease his investigations this

115

00:04:18,710 --> 00:04:17,280

would be the subject of the classic 1956

116

00:04:21,349 --> 00:04:18,720

book by gray barker

117

00:04:23,270 --> 00:04:21,359

they knew too much about flying saucers

118

00:04:24,150 --> 00:04:23,280

barker had been ifsb's chief

119

00:04:25,830 --> 00:04:24,160

investigator

120

00:04:28,629 --> 00:04:25,840

and would later become a good friend of

121

00:04:30,310 --> 00:04:28,639

moseley's robertson luchesi gave moseley

122

00:04:32,070 --> 00:04:30,320

contact information for some of the

123

00:04:33,749 --> 00:04:32,080

prominent saucers of the day

124

00:04:35,749 --> 00:04:33,759

and talked about some of the theories

125

00:04:36,629 --> 00:04:35,759

concerning the origin and purpose of the

126

00:04:38,310 --> 00:04:36,639

saucers

127

00:04:40,310 --> 00:04:38,320

they also recommended that he read the

128

00:04:41,990 --> 00:04:40,320

books of charles fort who wrote about

129

00:04:44,550 --> 00:04:42,000

unexplained phenomena in the early

130

00:04:45,830 --> 00:04:44,560

20th century mosley took notes and was

131

00:04:47,110 --> 00:04:45,840

becoming well prepared for his

132

00:04:48,950 --> 00:04:47,120

cross-country journey

133

00:04:50,710 --> 00:04:48,960

before he left however he decided to

134

00:04:52,629 --> 00:04:50,720

look into some local incidents

135

00:04:54,629 --> 00:04:52,639

and that he should meet with bender

136

00:04:56,310 --> 00:04:54,639

mosley contacted people in the area who

137

00:04:56,790 --> 00:04:56,320

had reported sightings and interviewed

138

00:04:58,390 --> 00:04:56,800

them

139

00:05:00,550 --> 00:04:58,400

he was particularly impressed with

140

00:05:02,469 --> 00:05:00,560

associated press reporter paul pratt

141

00:05:03,670 --> 00:05:02,479

who'd reported seeing a fast-moving

142

00:05:06,310 --> 00:05:03,680

orange-red disk

143

00:05:07,990 --> 00:05:06,320

near his new jersey home after a week of

144

00:05:08,710 --> 00:05:08,000

this mosley moved beyond being a

145

00:05:10,390 --> 00:05:08,720

chronicler

146

00:05:11,749 --> 00:05:10,400

and participated in an actual

147

00:05:14,150 --> 00:05:11,759

investigation

148

00:05:15,749 --> 00:05:14,160

on october 20th in new haven connecticut

149

00:05:18,230 --> 00:05:15,759

a fiery object crashed through a

150

00:05:19,990 --> 00:05:18,240

20-gauge metal sign and continued on

151

00:05:22,070 --> 00:05:20,000

left behind was trace evidence in the

152

00:05:23,110 --> 00:05:22,080

form of a jagged hole and embedded metal

153

00:05:24,870 --> 00:05:23,120

fragments

154

00:05:26,629 --> 00:05:24,880

roberts had been up there previously and

155

00:05:28,629 --> 00:05:26,639

invited mosley to come along and help

156

00:05:30,310 --> 00:05:28,639

him continue his investigation

157

00:05:32,790 --> 00:05:30,320

they interviewed witnesses and talked to

158

00:05:34,790 --> 00:05:32,800

a local investigator joseph barbieri

159

00:05:36,950 --> 00:05:34,800

barbieri had taken the damage section of

160

00:05:37,670 --> 00:05:36,960

the sign removed some of the embedded

161

00:05:39,909 --> 00:05:37,680

fragments

162

00:05:41,990 --> 00:05:39,919

and sent them to the newly formed aerial

163

00:05:43,430 --> 00:05:42,000

phenomena research organization to have

164

00:05:46,230 --> 00:05:43,440

them analyzed

165

00:05:48,070 --> 00:05:46,240

apro's founder coral lorenzen sent the

166

00:05:49,830 --> 00:05:48,080

fragments to a milwaukee lab and they

167

00:05:51,830 --> 00:05:49,840

were identified as copper

168

00:05:53,350 --> 00:05:51,840

robertson mosley acquired fragments from

169

00:05:55,110 --> 00:05:53,360

the signs would support

170

00:05:57,189 --> 00:05:55,120

the results of the analysis roberts

171

00:05:59,029 --> 00:05:57,199

arranged also identified the fragments

172

00:06:00,550 --> 00:05:59,039

as copper with the additional detail

173

00:06:02,309 --> 00:06:00,560

that it was high grade

174

00:06:04,150 --> 00:06:02,319

on their way to connecticut roberts had

175

00:06:05,830 --> 00:06:04,160

told mosley more about bender

176
00:06:07,430 --> 00:06:05,840
and mostly determined to drive to

177
00:06:08,150 --> 00:06:07,440
bridgeport later and talk to bender

178
00:06:10,790 --> 00:06:08,160
himself

179
00:06:12,150 --> 00:06:10,800
with his quote way prepared and quote by

180
00:06:14,150 --> 00:06:12,160
robertson muchesi

181
00:06:16,390 --> 00:06:14,160
mosley met with bender a couple of days

182
00:06:18,230 --> 00:06:16,400
later he heard bender's story about the

183
00:06:19,590 --> 00:06:18,240
three men and bender informed him there

184
00:06:21,749 --> 00:06:19,600
would be an official announcement

185
00:06:24,469 --> 00:06:21,759
revealing the truth about flying saucers

186
00:06:26,070 --> 00:06:24,479
within the next six months mosley noted

187
00:06:27,909 --> 00:06:26,080
that bender claimed to have been quite

188
00:06:29,270 --> 00:06:27,919

frightened but that he himself found

189

00:06:31,990 --> 00:06:29,280

bender's claims quote

190

00:06:34,070 --> 00:06:32,000

more amusing than terrifying end quote

191

00:06:35,990 --> 00:06:34,080

mosley speculated about bender's claim

192

00:06:36,790 --> 00:06:36,000

that he ceased his operations because of

193

00:06:38,710 --> 00:06:36,800

threats

194

00:06:40,230 --> 00:06:38,720

he felt it may have been a cover story

195

00:06:41,909 --> 00:06:40,240

and that bender had more personal

196

00:06:43,270 --> 00:06:41,919

reasons for wanting to disband his

197

00:06:45,110 --> 00:06:43,280

organization

198

00:06:47,270 --> 00:06:45,120

mosley began his cross-country journey

199

00:06:49,270 --> 00:06:47,280

by driving to washington dc

200

00:06:50,629 --> 00:06:49,280

the first person he called was retired

201

00:06:53,270 --> 00:06:50,639

marine corps officer

202

00:06:54,950 --> 00:06:53,280

major donald e keough kehoe had made a

203

00:06:57,189 --> 00:06:54,960

big impact with his article

204

00:07:00,070 --> 00:06:57,199

the flying saucers are real published in

205

00:07:01,909 --> 00:07:00,080

the january 1950 issue of true magazine

206

00:07:03,990 --> 00:07:01,919

his book with the same title put out

207

00:07:05,670 --> 00:07:04,000

that same year was the first to be

208

00:07:07,270 --> 00:07:05,680

published on the subject

209

00:07:08,950 --> 00:07:07,280

they talked on the phone and kehoe

210

00:07:10,550 --> 00:07:08,960

promised they could meet later that year

211

00:07:12,790 --> 00:07:10,560

when he had more time

212

00:07:14,230 --> 00:07:12,800

kehoe was informative but mostly got a

213

00:07:16,390 --> 00:07:14,240

sense that he was holding back

214

00:07:18,150 --> 00:07:16,400

because he viewed him as a rival author

215

00:07:20,150 --> 00:07:18,160

when they met later mosley's feeling

216

00:07:21,830 --> 00:07:20,160

about kihil was confirmed and he saw him

217

00:07:23,589 --> 00:07:21,840

as a person who made much out of little

218

00:07:25,589 --> 00:07:23,599

in order to sell books

219

00:07:27,510 --> 00:07:25,599

mosley then traveled to california and

220

00:07:28,710 --> 00:07:27,520

talked with frank scully author of the

221

00:07:31,189 --> 00:07:28,720

1950 book

222

00:07:33,110 --> 00:07:31,199

behind the flying saucers the book was

223

00:07:33,830 --> 00:07:33,120

written around an alleged flying saucer

224

00:07:35,749 --> 00:07:33,840

crash

225

00:07:37,830 --> 00:07:35,759

he reported that a saucer and alien

226

00:07:38,790 --> 00:07:37,840

bodies had been recovered from aztec new

227

00:07:41,510 --> 00:07:38,800

mexico

228

00:07:43,830 --> 00:07:41,520

the case had been exposed in 1952 as a

229

00:07:45,749 --> 00:07:43,840

hoax perpetrated by two con men but

230

00:07:47,670 --> 00:07:45,759

scully stuck by his story

231

00:07:48,869 --> 00:07:47,680

the next meeting mosley wrote about was

232

00:07:51,029 --> 00:07:48,879

extraordinary

233

00:07:53,110 --> 00:07:51,039

he managed to interview albert m chop

234

00:07:55,430 --> 00:07:53,120

and edward j rupelt together

235

00:07:57,430 --> 00:07:55,440

both had been involved in the 1952

236

00:07:58,070 --> 00:07:57,440

flying saucer sightings over washington

237

00:08:00,070 --> 00:07:58,080

d.c

238

00:08:02,070 --> 00:08:00,080

link available chop had been the air

239

00:08:04,869 --> 00:08:02,080

force's public information officer

240

00:08:07,309 --> 00:08:04,879

who handled ufo matters and rupelt was

241

00:08:08,710 --> 00:08:07,319

head of project blue book from 1951 to

242

00:08:10,869 --> 00:08:08,720

1953.

243

00:08:13,510 --> 00:08:10,879

the men discussed various cases and gave

244

00:08:15,749 --> 00:08:13,520

their opinions on air force ufo policy

245

00:08:16,950 --> 00:08:15,759

rupault asserted that there was no quote

246

00:08:19,270 --> 00:08:16,960

planned confusion

247

00:08:19,990 --> 00:08:19,280

end quote and chop added that there was

248

00:08:22,950 --> 00:08:20,000

instead

249

00:08:24,629 --> 00:08:22,960

quote pure stupidity end quote chop

250

00:08:25,510 --> 00:08:24,639

believed that flying saucers were from

251

00:08:27,749 --> 00:08:25,520

outer space

252

00:08:30,070 --> 00:08:27,759

while rupelt did not despite their

253

00:08:32,149 --> 00:08:30,080

difference the two remained friends

254

00:08:33,750 --> 00:08:32,159

before leaving california mosley looked

255

00:08:35,750 --> 00:08:33,760

into the scandal that had broken up

256

00:08:37,509 --> 00:08:35,760

civilian saucer investigators

257

00:08:39,990 --> 00:08:37,519

the first group to approach the mystery

258

00:08:41,909 --> 00:08:40,000

using rigorous scientific methods the

259

00:08:43,909 --> 00:08:41,919

group had been founded by three techs

260

00:08:46,470 --> 00:08:43,919

who worked in the aircraft industry

261

00:08:48,230 --> 00:08:46,480

after they saw between 30 and 40 saucers

262

00:08:50,550 --> 00:08:48,240

flying over los angeles

263

00:08:53,190 --> 00:08:50,560

one of the men victor black published an

264

00:08:54,550 --> 00:08:53,200

article in the october 1952 american

265

00:08:56,870 --> 00:08:54,560

mercury magazine

266

00:08:59,030 --> 00:08:56,880

saying the report had been a hoax black

267

00:09:01,509 --> 00:08:59,040

stuck to a story while the other two men

268

00:09:03,030 --> 00:09:01,519

ed j sullivan and werner eichler claimed

269

00:09:04,470 --> 00:09:03,040

that black had written the article for

270

00:09:07,829 --> 00:09:04,480

money and publicity

271

00:09:08,790 --> 00:09:07,839

csi would fold shortly thereafter mosley

272

00:09:11,190 --> 00:09:08,800

made his way back

273

00:09:12,790 --> 00:09:11,200

east stopping at various locations such

274

00:09:15,670 --> 00:09:12,800

as farmington new mexico

275

00:09:16,230 --> 00:09:15,680

link available to talk to witnesses he

276

00:09:18,310 --> 00:09:16,240

stopped in

277

00:09:19,910 --> 00:09:18,320

independence missouri after making an

278

00:09:21,670 --> 00:09:19,920

appointment with harry truman

279

00:09:23,750 --> 00:09:21,680

truman had been in the white house only

280

00:09:25,190 --> 00:09:23,760

months before and had been president

281

00:09:26,470 --> 00:09:25,200

during the emergence of the flying

282

00:09:28,070 --> 00:09:26,480

saucer mystery

283

00:09:29,990 --> 00:09:28,080

mosley got right to it and asked him

284

00:09:32,310 --> 00:09:30,000

what he thought about flying saucers

285

00:09:34,550 --> 00:09:32,320

his reply was quote i've never seen a

286

00:09:36,790 --> 00:09:34,560

purple cow i never hope to see one

287

00:09:38,949 --> 00:09:36,800

end quote finally he met with grey

288

00:09:40,470 --> 00:09:38,959

barker in clarksburg west virginia

289

00:09:42,389 --> 00:09:40,480

he found barker to be awkward and

290

00:09:44,790 --> 00:09:42,399

melodramatic when it came to the quote

291

00:09:46,389 --> 00:09:44,800

bender mystery end quote he also felt

292

00:09:47,990 --> 00:09:46,399

that barker was holding things back from

293

00:09:49,910 --> 00:09:48,000

him as a rival writer

294

00:09:51,590 --> 00:09:49,920

despite this the two ended up becoming

295

00:09:53,509 --> 00:09:51,600

lifelong friends

296

00:09:55,590 --> 00:09:53,519

mosley went on to find a special niche

297

00:09:57,430 --> 00:09:55,600

for himself in the ufo community

298

00:09:59,190 --> 00:09:57,440

he formed the saucer club he called

299

00:10:01,110 --> 00:09:59,200

saucers all initials

300

00:10:02,630 --> 00:10:01,120

with roberts and luchesi they

301
00:10:03,990 --> 00:10:02,640
brainstormed about what the initials

302
00:10:06,150 --> 00:10:04,000
could stand for and came up

303
00:10:07,350 --> 00:10:06,160
with quote saucer and unexplained

304
00:10:10,150 --> 00:10:07,360
celestial events

305
00:10:10,870 --> 00:10:10,160
research society they put out a magazine

306
00:10:12,790 --> 00:10:10,880
nexus

307
00:10:14,550 --> 00:10:12,800
which would become saucer news and

308
00:10:17,110 --> 00:10:14,560
finally saucer smear

309
00:10:18,230 --> 00:10:17,120
mosley was quote supreme commander and

310
00:10:20,310 --> 00:10:18,240
quote of the group

311
00:10:23,110 --> 00:10:20,320
and the editor of the magazine which he

312
00:10:25,430 --> 00:10:23,120
put out until his death in 2012.

313
00:10:27,030 --> 00:10:25,440

the magazine did contain news but the

314

00:10:29,110 --> 00:10:27,040

bulk of it was made up of humorous

315

00:10:29,990 --> 00:10:29,120

commentary and gossip about the ufo

316

00:10:31,829 --> 00:10:30,000

community

317

00:10:33,110 --> 00:10:31,839

it seems mosley found that the people

318

00:10:35,190 --> 00:10:33,120

looking into the mystery

319

00:10:37,509 --> 00:10:35,200

and the dynamics among them were often

320

00:10:39,430 --> 00:10:37,519

more interesting than the mystery itself

321

00:10:49,860 --> 00:10:39,440

given his introduction to the community
