SOCORRO UFO

BEN MOSS

TONY ANGIOLA

1
00:00:30,790 --> 00:00:29,109
hello

2
00:00:32,150 --> 00:00:30,800
and welcome to the show i'm martin

3
00:00:33,990 --> 00:00:32,160
willis your host

4
00:00:35,590 --> 00:00:34,000
and we're going to be just discussing

5
00:00:38,790 --> 00:00:35,600
what i say is one of the top

6
00:00:39,350 --> 00:00:38,800
five ufo encounters uh i talk about that

7
00:00:42,709 --> 00:00:39,360
quite a bit

8
00:00:45,029 --> 00:00:42,719
on this show the socorro incident

9
00:00:46,950 --> 00:00:45,039
and uh we have uh i have some friend

10
00:00:49,990 --> 00:00:46,960
researchers that have been on this

11
00:00:51,350 --> 00:00:50,000
for uh i think since when i first met

12
00:00:53,910 --> 00:00:51,360
them a long time

13
00:00:54,950 --> 00:00:53,920

and that is ben moss and tony angio

14

00:00:57,750 --> 00:00:54,960

angiola

15

00:01:00,229 --> 00:00:57,760

and the name of their book is called not

16

00:01:01,670 --> 00:01:00,239

of this world the socorro ufo landing

17

00:01:04,469 --> 00:01:01,680

with humanoids

18

00:01:05,990 --> 00:01:04,479

comma witness lonnie zamora that's i

19

00:01:07,990 --> 00:01:06,000

know that's a long title

20

00:01:10,950 --> 00:01:08,000

but uh you can shorten up if you want to

21

00:01:13,510 --> 00:01:10,960

um when you think of this case

22

00:01:15,429 --> 00:01:13,520

you actually think of ray stanford uh or

23

00:01:18,550 --> 00:01:15,439

i say i do he wrote

24

00:01:21,749 --> 00:01:18,560

such a great book uh called socorro

25

00:01:22,469 --> 00:01:21,759

saucer and the pentagon saucer in the

26

00:01:25,670 --> 00:01:22,479

pentagon

27

00:01:26,550 --> 00:01:25,680

pantry uh way back he was the first

28

00:01:29,590 --> 00:01:26,560

researcher

29

00:01:33,590 --> 00:01:29,600

on site there and

30

00:01:35,830 --> 00:01:33,600

and it's a wonderful book but there's a

31

00:01:37,109 --> 00:01:35,840

ben and tony decided to take a fresh

32

00:01:39,429 --> 00:01:37,119

look today

33

00:01:40,230 --> 00:01:39,439

and see what they could find for

34

00:01:44,310 --> 00:01:40,240

evidence

35

00:01:49,030 --> 00:01:44,320

to socorro i think four times

36

00:01:52,710 --> 00:01:49,040

um just a few things first um

37

00:01:54,550 --> 00:01:52,720

uh i would like to talk about i don't

38

00:01:55,590 --> 00:01:54,560

know if anyone saw the news where it's

39

00:01:58,469 --> 00:01:55,600

possible that they're

40

00:01:59,670 --> 00:01:58,479

they might find us or they've been

41

00:02:03,429 --> 00:01:59,680

finding an amount of

42

00:02:05,830 --> 00:02:03,439

phosphine um on the in the atmosphere of

43

00:02:08,309 --> 00:02:05,840

venus of all places

44

00:02:09,669 --> 00:02:08,319

um and that's usually produced by uh

45

00:02:12,630 --> 00:02:09,679

bacteria

46

00:02:13,350 --> 00:02:12,640

so uh it's possible it could be a sign

47

00:02:15,750 --> 00:02:13,360

of life and

48

00:02:17,350 --> 00:02:15,760

it's hard to believe you know 900 degree

49

00:02:20,470 --> 00:02:17,360

fahrenheit planet

50

00:02:23,270 --> 00:02:20,480

hey if life can exist there somehow good

51
00:02:24,869 --> 00:02:23,280
for life i say i want to thank everyone

52
00:02:27,670 --> 00:02:24,879
who listens to the show

53
00:02:29,350 --> 00:02:27,680
and everyone behind the scenes uh we

54
00:02:30,550 --> 00:02:29,360
have an active facebook page as a matter

55
00:02:34,150 --> 00:02:30,560
of fact we're actually

56
00:02:37,509 --> 00:02:34,160
uh uh simulcasting over there as well

57
00:02:40,710 --> 00:02:37,519
and uh that's uh actually facebook at

58
00:02:41,750 --> 00:02:40,720
uh slash podcast ufo and check it out

59
00:02:44,630 --> 00:02:41,760
over there there's

60
00:02:45,430 --> 00:02:44,640
postings we try to get up all the time

61
00:02:48,470 --> 00:02:45,440
and uh

62
00:02:49,589 --> 00:02:48,480
our blog over at podcastufo.com is

63
00:02:53,110 --> 00:02:49,599

called

64

00:02:56,229 --> 00:02:53,120

before they were ufos um and that's

65

00:02:58,390 --> 00:02:56,239

about uh flying saucers and the

66

00:03:00,070 --> 00:02:58,400

origin of that that's by charles learn

67

00:03:01,110 --> 00:03:00,080

he does an audio blog which i'm posting

68

00:03:03,910 --> 00:03:01,120

here on youtube

69

00:03:04,710 --> 00:03:03,920

and uh in the podcast feed every week

70

00:03:06,309 --> 00:03:04,720

now and it's

71

00:03:07,910 --> 00:03:06,319

becoming pretty popular people really

72

00:03:10,309 --> 00:03:07,920

like those audio blogs

73

00:03:12,390 --> 00:03:10,319

uh i do encourage you to read the text

74

00:03:15,910 --> 00:03:12,400

version though because there are links

75

00:03:18,390 --> 00:03:15,920

there and you know before i start

76

00:03:19,030 --> 00:03:18,400

this show with my guests tonight uh i

77

00:03:22,149 --> 00:03:19,040

have

78

00:03:23,830 --> 00:03:22,159

uh an announcement and as i was talking

79

00:03:24,869 --> 00:03:23,840

here i saw a text just come in from

80

00:03:26,710 --> 00:03:24,879

james fox

81

00:03:28,470 --> 00:03:26,720

he's just been real busy today and the

82

00:03:32,229 --> 00:03:28,480

reason why he's real busy

83

00:03:35,589 --> 00:03:32,239

is because he's announcing today

84

00:03:39,030 --> 00:03:35,599

that uh the phenomenon will be available

85

00:03:42,070 --> 00:03:39,040

uh through digitally for downloads

86

00:03:44,229 --> 00:03:42,080

starting on october 6.

87

00:03:46,710 --> 00:03:44,239

and you can pre-order right now on apple

88

00:03:50,229 --> 00:03:46,720

tv amazon prime

89

00:03:51,910 --> 00:03:50,239

or vmo and voodoo actually

90

00:03:54,710 --> 00:03:51,920

so i'm going to run the trailer right

91

00:04:02,630 --> 00:03:56,229

i knew this was breaking news for the

92

00:04:09,589 --> 00:04:05,830

we need to accept that we are not alone

93

00:04:10,550 --> 00:04:09,599

in the universe the federal government

94

00:04:14,149 --> 00:04:10,560

all these years

95

00:04:17,509 --> 00:04:14,159

has covered up everything it's very very

96

00:04:21,030 --> 00:04:19,749

there have been visitation crashed craft

97

00:04:23,270 --> 00:04:21,040

material recovered

98

00:04:26,950 --> 00:04:23,280

it was not anything from this earth all

99

00:04:30,150 --> 00:04:29,189

the public has a right to know there's a

100

00:04:32,950 --> 00:04:30,160

tremendous

101
00:04:36,230 --> 00:04:32,960
resistance i guarantee every one of them

102
00:04:38,070 --> 00:04:36,240
knows that this event happened

103
00:04:40,469 --> 00:04:38,080
hiding these dark secrets even from

104
00:04:42,230 --> 00:04:40,479
elected presidents

105
00:04:45,270 --> 00:04:42,240
they came running up here in such a

106
00:04:47,270 --> 00:04:45,280
panic child can't make that up

107
00:04:50,230 --> 00:04:47,280
declassified government documents

108
00:04:52,790 --> 00:04:50,240
confirm ongoing ufo incursions

109
00:04:54,150 --> 00:04:52,800
at nuclear weapons sites are you saying

110
00:04:56,710 --> 00:04:54,160
that there's some evidence that still

111
00:04:58,390 --> 00:04:56,720
hasn't seen the light of day

112
00:05:00,230 --> 00:04:58,400
i'm saying most of it hasn't seen the

113
00:05:13,189 --> 00:05:00,240

light of day these things are

114

00:05:16,870 --> 00:05:15,749

wow that's uh that's what i got to say

115

00:05:19,110 --> 00:05:16,880

about that wow

116

00:05:20,950 --> 00:05:19,120

and here we are with tony and ben

117

00:05:24,070 --> 00:05:20,960

welcome to the show guys

118

00:05:24,710 --> 00:05:24,080

how's it going martin great great thanks

119

00:05:27,590 --> 00:05:24,720

for

120

00:05:28,230 --> 00:05:27,600

come out too aren't you well we've been

121

00:05:30,150 --> 00:05:28,240

waiting uh

122

00:05:32,550 --> 00:05:30,160

you know i've had so many conversations

123

00:05:35,430 --> 00:05:32,560

with uh with james about it

124

00:05:35,990 --> 00:05:35,440

and um it's been a long time coming i

125

00:05:38,150 --> 00:05:36,000

know

126

00:05:39,430 --> 00:05:38,160

it's been a long journey as all of his

127

00:05:42,070 --> 00:05:39,440

films are but

128

00:05:44,230 --> 00:05:42,080

you're always rewarded at the end with

129

00:05:48,230 --> 00:05:44,240

what james produces

130

00:05:51,189 --> 00:05:48,240

yes i know um i've said to him uh

131

00:05:52,390 --> 00:05:51,199

a few times that my favorite ufo movies

132

00:05:54,150 --> 00:05:52,400

are his

133

00:05:56,390 --> 00:05:54,160

you know they really it's it's such high

134

00:05:57,990 --> 00:05:56,400

quality and uh he just texted me again

135

00:05:59,029 --> 00:05:58,000

he said he can't keep up with text and

136

00:06:01,590 --> 00:05:59,039

emails today

137

00:06:02,629 --> 00:06:01,600

he just can't keep up with them so uh

138

00:06:04,790 --> 00:06:02,639

which is really

139

00:06:06,469 --> 00:06:04,800

great i can't wait for that to come out

140

00:06:08,309 --> 00:06:06,479

and also a lot of people i've been

141

00:06:09,990 --> 00:06:08,319

trying to talk to randy nickerson about

142

00:06:12,550 --> 00:06:10,000

the aerial phenomenon

143

00:06:14,230 --> 00:06:12,560

um trying to trying to coax him into

144

00:06:15,830 --> 00:06:14,240

doing something similar get that out

145

00:06:16,390 --> 00:06:15,840

while there's a captive audience you

146

00:06:18,070 --> 00:06:16,400

know

147

00:06:20,469 --> 00:06:18,080

it's all done it's in the can it's ready

148

00:06:22,469 --> 00:06:20,479

to go but he's uh

149

00:06:23,670 --> 00:06:22,479

you know he is working with um

150

00:06:24,469 --> 00:06:23,680

distributors trying to figure out what

151
00:06:25,830 --> 00:06:24,479
to do with that

152
00:06:27,830 --> 00:06:25,840
and it's a tough time it's hard to

153
00:06:31,350 --> 00:06:27,840
figure out what to do

154
00:06:33,670 --> 00:06:31,360
but we have a captive audience yeah with

155
00:06:35,670 --> 00:06:33,680
with a movie and knowing james and

156
00:06:38,070 --> 00:06:35,680
having had discussions with him

157
00:06:40,230 --> 00:06:38,080
it's unbelievable how many people are

158
00:06:42,629 --> 00:06:40,240
involved in it and how much goes in

159
00:06:44,629 --> 00:06:42,639
to production and and getting everything

160
00:06:46,870 --> 00:06:44,639
right and all the traveling you know he

161
00:06:49,350 --> 00:06:46,880
was the only person i think to film

162
00:06:50,230 --> 00:06:49,360
from the wall great wall in china with

163
00:06:51,510 --> 00:06:50,240

drones he

164

00:06:53,990 --> 00:06:51,520

was you know it was up there with the

165

00:06:54,790 --> 00:06:54,000

chinese government so the fact that he

166

00:06:56,790 --> 00:06:54,800

uh

167

00:06:59,110 --> 00:06:56,800

he was able to tie alice together i

168

00:07:00,150 --> 00:06:59,120

think if you're a fan of james movies

169

00:07:04,390 --> 00:07:00,160

this is going to be

170

00:07:07,110 --> 00:07:04,400

the best yet yes on people's couches and

171

00:07:07,589 --> 00:07:07,120

just sleep forever and uh james is a

172

00:07:10,309 --> 00:07:07,599

digger

173

00:07:10,790 --> 00:07:10,319

yeah he's like a journalist he's like

174

00:07:14,070 --> 00:07:10,800

you know

175

00:07:17,350 --> 00:07:14,080

woodward and bernstein of ufology

176

00:07:20,469 --> 00:07:17,360

yeah yeah and i talked to

177

00:07:21,909 --> 00:07:20,479

lee spiegel uh today too he he's uh he's

178

00:07:22,629 --> 00:07:21,919

driving right now otherwise he'd be on

179

00:07:25,270 --> 00:07:22,639

to announce it

180

00:07:26,469 --> 00:07:25,280

um and he might pop on next week but

181

00:07:29,589 --> 00:07:26,479

yeah it's great so i

182

00:07:33,110 --> 00:07:29,599

uh as i mentioned in the monologue

183

00:07:36,150 --> 00:07:33,120

uh socorro is one of the

184

00:07:38,309 --> 00:07:36,160

i think one of the top five ufo cases

185

00:07:39,909 --> 00:07:38,319

you know mostly you got it it's mostly

186

00:07:42,469 --> 00:07:39,919

because oflani zamora

187

00:07:42,950 --> 00:07:42,479

but um you know because of his honesty

188

00:07:45,110 --> 00:07:42,960

and his

189

00:07:46,469 --> 00:07:45,120

you know fourth righteousness his

190

00:07:47,909 --> 00:07:46,479

forthrightness and

191

00:07:49,670 --> 00:07:47,919

and all that uh you know what i'm trying

192

00:07:53,110 --> 00:07:49,680

to say wow i'm stumbling on words

193

00:07:56,309 --> 00:07:53,120

but um i think it is

194

00:07:58,230 --> 00:07:56,319

there's there's so much um because now

195

00:07:59,589 --> 00:07:58,240

you know there were other witnesses i

196

00:08:01,749 --> 00:07:59,599

know that no one got

197

00:08:03,430 --> 00:08:01,759

the uh the person from colorado they

198

00:08:04,869 --> 00:08:03,440

didn't get their name and

199

00:08:07,029 --> 00:08:04,879

unfortunately that would have been a key

200

00:08:10,230 --> 00:08:07,039

witness but anyway let's

201
00:08:12,230 --> 00:08:10,240
let's pretend that uh a listener because

202
00:08:14,710 --> 00:08:12,240
i have a lot of new ones

203
00:08:15,670 --> 00:08:14,720
have no idea what we're talking about

204
00:08:20,230 --> 00:08:15,680
when it comes to

205
00:08:22,629 --> 00:08:20,240
the socorro case in 1964. so

206
00:08:23,909 --> 00:08:22,639
why don't you give them an overview of

207
00:08:26,390 --> 00:08:23,919
what happened

208
00:08:27,990 --> 00:08:26,400
let me put tony on the spot and have him

209
00:08:31,909 --> 00:08:28,000
do that for us

210
00:08:34,469 --> 00:08:31,919
okay tony um i'll try to keep it

211
00:08:35,829 --> 00:08:34,479
uh brief no that you don't have to we

212
00:08:43,670 --> 00:08:35,839
have two hours

213
00:08:48,310 --> 00:08:46,150

so lonnie zamora he was this great

214

00:08:51,030 --> 00:08:48,320

police officer in second in mexico

215

00:08:52,070 --> 00:08:51,040

who was on random patrol in the town

216

00:08:55,670 --> 00:08:52,080

when he noticed

217

00:08:58,150 --> 00:08:55,680

uh a known person of interest came by to

218

00:09:00,550 --> 00:08:58,160

rapid pace who was speeding and so

219

00:09:01,750 --> 00:09:00,560

and he knew the guys he goes after him

220

00:09:03,190 --> 00:09:01,760

as they're leaving the small town of

221

00:09:06,710 --> 00:09:03,200

socorro

222

00:09:08,470 --> 00:09:06,720

he spots this bright object coming

223

00:09:10,230 --> 00:09:08,480

across the sky and

224

00:09:12,470 --> 00:09:10,240

he doesn't know what it is it could be a

225

00:09:14,630 --> 00:09:12,480

plane going down

226

00:09:15,670 --> 00:09:14,640

and it was headed toward the dynamite

227

00:09:19,110 --> 00:09:15,680

shack um

228

00:09:21,430 --> 00:09:19,120

just over these hills and this arroyo

229

00:09:23,030 --> 00:09:21,440

he lets the speeder go he diverts his

230

00:09:24,470 --> 00:09:23,040

brand new police car that he's only had

231

00:09:26,470 --> 00:09:24,480

for about a week

232

00:09:27,509 --> 00:09:26,480

under this dirt road which was which is

233

00:09:29,350 --> 00:09:27,519

surprising for

234

00:09:31,030 --> 00:09:29,360

first for a police officer to do that

235

00:09:34,150 --> 00:09:31,040

unless something

236

00:09:36,550 --> 00:09:34,160

is of grave importance he

237

00:09:38,230 --> 00:09:36,560

starts gunning his car up this hill he's

238

00:09:40,550 --> 00:09:38,240

risking damaging his car but

239

00:09:41,750 --> 00:09:40,560

you know this is this is you think

240

00:09:43,430 --> 00:09:41,760

someone might be hurt

241

00:09:45,590 --> 00:09:43,440

or an overturned car or something like

242

00:09:47,990 --> 00:09:45,600

this three tries to get up this hill

243

00:09:51,350 --> 00:09:48,000

he gets up there he he's about i think

244

00:09:53,430 --> 00:09:51,360

about 150 yards away when he spots what

245

00:09:54,310 --> 00:09:53,440

looks like an overturned vehicle of some

246

00:09:57,350 --> 00:09:54,320

sort

247

00:09:59,829 --> 00:09:57,360

when in fact it was this um what people

248

00:10:02,150 --> 00:09:59,839

described as an egg-shaped craft

249

00:10:03,990 --> 00:10:02,160

and you could see three of the four

250

00:10:05,829 --> 00:10:04,000

struts from his point of view but he

251
00:10:08,230 --> 00:10:05,839
also saw these two figures and

252
00:10:09,430 --> 00:10:08,240
white coveralls which looked like little

253
00:10:12,150 --> 00:10:09,440
people

254
00:10:12,870 --> 00:10:12,160
and he would go on to describe him later

255
00:10:17,590 --> 00:10:12,880
as

256
00:10:20,069 --> 00:10:17,600
vehicle and got out of his car

257
00:10:21,110 --> 00:10:20,079
and by that time what he heard upon

258
00:10:24,470 --> 00:10:21,120
exiting his

259
00:10:25,030 --> 00:10:24,480
police car was the slamming of like a

260
00:10:28,310 --> 00:10:25,040
like a

261
00:10:31,430 --> 00:10:28,320
submarine type of uh hatch if you will

262
00:10:33,190 --> 00:10:31,440
a tank yeah or a tank yeah

263
00:10:35,910 --> 00:10:33,200

and so he gets close enough to this

264

00:10:38,550 --> 00:10:35,920

thing about 25 30 feet

265

00:10:39,910 --> 00:10:38,560

uh 36 feet according to your video and

266

00:10:42,069 --> 00:10:39,920

uh he could see the

267

00:10:44,310 --> 00:10:42,079

this emblem on the side of the craft

268

00:10:46,470 --> 00:10:44,320

which we'll talk about later

269

00:10:47,829 --> 00:10:46,480

but this thing this this blue flame

270

00:10:50,949 --> 00:10:47,839

knives into the ground

271

00:10:53,190 --> 00:10:50,959

uh and it's not producing any smoke or

272

00:10:56,389 --> 00:10:53,200

anything what you're seeing is dust

273

00:10:58,630 --> 00:10:56,399

uh described by by witnesses because of

274

00:10:59,590 --> 00:10:58,640

the force of these subatomic particles

275

00:11:02,230 --> 00:10:59,600

if you will

276
00:11:03,430 --> 00:11:02,240
this loud roar which was heard by many

277
00:11:07,430 --> 00:11:03,440
many people

278
00:11:09,509 --> 00:11:07,440
uh this object rises to about 25 feet or

279
00:11:11,509 --> 00:11:09,519
so then goes completely silent

280
00:11:12,710 --> 00:11:11,519
lonnie says it sat there for a while

281
00:11:15,750 --> 00:11:12,720
it's egg shaped

282
00:11:18,710 --> 00:11:15,760
egg shape um and it starts moving

283
00:11:20,150 --> 00:11:18,720
slowly near the dynamite shack not over

284
00:11:21,990 --> 00:11:20,160
it kind of off to the side

285
00:11:23,910 --> 00:11:22,000
and it starts increasing in speed

286
00:11:27,829 --> 00:11:23,920
completely silent

287
00:11:28,949 --> 00:11:27,839
and going up in altitude at a rapid pace

288
00:11:31,269 --> 00:11:28,959

by that time

289

00:11:33,269 --> 00:11:31,279

he was radio went for radio and for help

290

00:11:34,230 --> 00:11:33,279

to officer shabbos who shows up the last

291

00:11:35,990 --> 00:11:34,240

minute

292

00:11:37,750 --> 00:11:36,000

he sees something he doesn't really talk

293

00:11:40,870 --> 00:11:37,760

about it keeps it quiet

294

00:11:42,470 --> 00:11:40,880

this thing was going hypersonic

295

00:11:44,389 --> 00:11:42,480

in a short period of time and there's

296

00:11:47,350 --> 00:11:44,399

nothing that we had then

297

00:11:48,870 --> 00:11:47,360

or today that can replicate uh such and

298

00:11:51,990 --> 00:11:48,880

such an event

299

00:11:54,949 --> 00:11:52,000

and uh yeah so

300

00:11:57,350 --> 00:11:54,959

lonnie was uh petrified and he told his

301
00:12:00,389 --> 00:11:57,360
buddy uh sergeant chavez what happened

302
00:12:01,190 --> 00:12:00,399
and the rest is history from then on we

303
00:12:03,990 --> 00:12:01,200
had the

304
00:12:05,350 --> 00:12:04,000
air force showing up and uh private

305
00:12:07,590 --> 00:12:05,360
investigators

306
00:12:09,430 --> 00:12:07,600
our friend ray stanford showed up on

307
00:12:13,190 --> 00:12:09,440
this tuesday on the 26th

308
00:12:15,590 --> 00:12:13,200
by that time and uh four days later

309
00:12:17,350 --> 00:12:15,600
this is a case that has uh eyewitness

310
00:12:19,829 --> 00:12:17,360
testimony from a credible

311
00:12:21,509 --> 00:12:19,839
uh police officer there's physical

312
00:12:22,230 --> 00:12:21,519
tangible evidence left behind from

313
00:12:24,949 --> 00:12:22,240

imprints

314

00:12:26,470 --> 00:12:24,959

of the the feet that were attached to

315

00:12:30,310 --> 00:12:26,480

this craft

316

00:12:32,069 --> 00:12:30,320

um there were uh

317

00:12:33,750 --> 00:12:32,079

many people that came up later and said

318

00:12:37,030 --> 00:12:33,760

what they heard and

319

00:12:37,990 --> 00:12:37,040

yeah the bottom line is the reason this

320

00:12:41,030 --> 00:12:38,000

is probably one of the best

321

00:12:44,310 --> 00:12:41,040

evidential cases in u.s history is

322

00:12:46,790 --> 00:12:44,320

there's a it was uh

323

00:12:47,829 --> 00:12:46,800

a case that was investigated by the fbi

324

00:12:51,030 --> 00:12:47,839

the cia

325

00:12:53,350 --> 00:12:51,040

and every force with project blue book

326

00:12:55,430 --> 00:12:53,360

involved in 1964

327

00:12:58,069 --> 00:12:55,440

but the fact it was witnessed by such a

328

00:13:00,230 --> 00:12:58,079

credible person as lonnie zamora

329

00:13:02,230 --> 00:13:00,240

kind of brought it out to the public and

330

00:13:04,790 --> 00:13:02,240

the interesting thing about the case is

331

00:13:06,310 --> 00:13:04,800

it had the papers really fast so the

332

00:13:07,269 --> 00:13:06,320

government actually didn't have time to

333

00:13:09,350 --> 00:13:07,279

clamp down on

334

00:13:11,350 --> 00:13:09,360

the information because the next day it

335

00:13:13,910 --> 00:13:11,360

was in el defensory chieftain

336

00:13:16,069 --> 00:13:13,920

the socorro local newspaper and the

337

00:13:16,389 --> 00:13:16,079

editor was on site snapping pictures and

338

00:13:20,230 --> 00:13:16,399

so

339

00:13:22,949 --> 00:13:20,240

like a roswell type scenario

340

00:13:24,870 --> 00:13:22,959

where you could kind of clamp down on

341

00:13:25,269 --> 00:13:24,880

the data it was out there and there was

342

00:13:28,230 --> 00:13:25,279

a lot

343

00:13:29,430 --> 00:13:28,240

and you know and the book that we wrote

344

00:13:31,110 --> 00:13:29,440

it was a

345

00:13:32,949 --> 00:13:31,120

there's a lot of data showing that it

346

00:13:35,110 --> 00:13:32,959

hit the paper so fast

347

00:13:36,470 --> 00:13:35,120

that they didn't have time to really

348

00:13:38,230 --> 00:13:36,480

come in and say whoa

349

00:13:39,990 --> 00:13:38,240

slow down this was a vertical takeoff

350

00:13:42,550 --> 00:13:40,000

vehicle or the

351
00:13:43,269 --> 00:13:42,560
you know the apollo lander or that kind

352
00:13:45,269 --> 00:13:43,279
of thing so

353
00:13:46,870 --> 00:13:45,279
it's one of the it's probably a training

354
00:13:48,629 --> 00:13:46,880
case for the government to

355
00:13:50,710 --> 00:13:48,639
realize that if they don't jump on

356
00:13:51,670 --> 00:13:50,720
something quickly it'll go wrong for

357
00:13:55,509 --> 00:13:51,680
them

358
00:13:57,189 --> 00:13:55,519
and also it was kind of like

359
00:13:59,110 --> 00:13:57,199
because it was in between various

360
00:14:02,710 --> 00:13:59,120
military bases that are known

361
00:14:03,829 --> 00:14:02,720
to exist in new mexico white sands now

362
00:14:06,629 --> 00:14:03,839
mogardo and

363
00:14:08,470 --> 00:14:06,639

it's just a very active area for them to

364

00:14:11,110 --> 00:14:08,480

be surprised by this

365

00:14:11,829 --> 00:14:11,120

was probably kind of a slap in the face

366

00:14:14,310 --> 00:14:11,839

to them

367

00:14:16,389 --> 00:14:14,320

to all of a sudden be surprised by a

368

00:14:18,550 --> 00:14:16,399

vehicle landing in that area

369

00:14:22,069 --> 00:14:18,560

where you know we tested the lunar

370

00:14:23,990 --> 00:14:22,079

module out in white sands and we had

371

00:14:25,430 --> 00:14:24,000

trinity site where we test the atomic

372

00:14:28,230 --> 00:14:25,440

bomb and it's a very

373

00:14:29,509 --> 00:14:28,240

very protected area one of the things

374

00:14:30,870 --> 00:14:29,519

hang on just one second

375

00:14:32,870 --> 00:14:30,880

ben i'm i'm gonna have to tell you when

376

00:14:34,069 --> 00:14:32,880

you speak can you pull forward a little

377

00:14:34,790 --> 00:14:34,079

bit because you're a little bit weak in

378

00:14:38,470 --> 00:14:34,800

the mic

379

00:14:40,870 --> 00:14:38,480

sorry all right go ahead tony in terms

380

00:14:43,189 --> 00:14:40,880

of uh how it got out so fast

381

00:14:44,310 --> 00:14:43,199

when we went to socorro and we went to

382

00:14:46,790 --> 00:14:44,320

the uh

383

00:14:49,189 --> 00:14:46,800

to the archives and anybody can do this

384

00:14:52,230 --> 00:14:49,199

we found so many different newspapers

385

00:14:53,990 --> 00:14:52,240

archived that said the same story

386

00:14:55,670 --> 00:14:54,000

uh and like like he said there's no way

387

00:14:58,310 --> 00:14:55,680

they could have caught it

388

00:15:00,470 --> 00:14:58,320

in time in order to uh to mask the way

389

00:15:03,670 --> 00:15:00,480

that it draws well

390

00:15:05,269 --> 00:15:03,680

well um so uh one of the things that's

391

00:15:07,670 --> 00:15:05,279

that's kind of baffling you mentioned

392

00:15:09,509 --> 00:15:07,680

you know the craft lifts up uh when it

393

00:15:11,269 --> 00:15:09,519

lifts up it makes the big roar and the

394

00:15:13,110 --> 00:15:11,279

flame and all that

395

00:15:15,110 --> 00:15:13,120

and then it just sits there with no

396

00:15:17,829 --> 00:15:15,120

noise no flame

397

00:15:20,310 --> 00:15:17,839

and moves along it kind of is baffling

398

00:15:22,230 --> 00:15:20,320

how our propulsion system would have to

399

00:15:23,509 --> 00:15:22,240

you know shoot a flame out i mean you'd

400

00:15:25,269 --> 00:15:23,519

think it would be propulsion i'm not

401

00:15:27,670 --> 00:15:25,279

sure what what else it would be

402

00:15:28,310 --> 00:15:27,680

to lift it up you hear about our our

403

00:15:30,150 --> 00:15:28,320

crafts

404

00:15:31,749 --> 00:15:30,160

that go to the moon you have those two

405

00:15:34,069 --> 00:15:31,759

kinds of engines you know you have

406

00:15:35,269 --> 00:15:34,079

yeah take off engines for travel engines

407

00:15:38,150 --> 00:15:35,279

for landing

408

00:15:38,949 --> 00:15:38,160

so is it possible that this socorro

409

00:15:41,189 --> 00:15:38,959

craft

410

00:15:43,030 --> 00:15:41,199

is not as advanced as maybe some of

411

00:15:45,269 --> 00:15:43,040

these other ufos that we've seen but

412

00:15:47,269 --> 00:15:45,279

still way more advanced than our own

413

00:15:48,629 --> 00:15:47,279

because we still cannot replicate what

414

00:15:52,310 --> 00:15:48,639

was described

415

00:15:52,949 --> 00:15:52,320

at socorro but is it possible that it's

416

00:15:56,470 --> 00:15:52,959

the model t

417

00:15:59,110 --> 00:15:56,480

version of the future you know yeah

418

00:16:01,269 --> 00:15:59,120

because you know we see we see uh uh

419

00:16:03,749 --> 00:16:01,279

ufos that are made of plasma

420

00:16:05,269 --> 00:16:03,759

trans figuring and changing shape and

421

00:16:06,829 --> 00:16:05,279

things like that i consider those being

422

00:16:09,910 --> 00:16:06,839

a little bit more advanced

423

00:16:11,590 --> 00:16:09,920

perhaps um whereas the socorro crap is

424

00:16:12,550 --> 00:16:11,600

still more of a nuts and bolts kind of a

425

00:16:14,310 --> 00:16:12,560

thing

426

00:16:15,910 --> 00:16:14,320

you know i know there was we'll talk

427

00:16:16,389 --> 00:16:15,920

about the insignia because that you know

428

00:16:20,550 --> 00:16:16,399

that was

429

00:16:22,949 --> 00:16:20,560

controversial but also uh did he

430

00:16:24,310 --> 00:16:22,959

about the the the figures that stood

431

00:16:27,430 --> 00:16:24,320

about four feet tall

432

00:16:30,389 --> 00:16:27,440

the two figures in white overalls um

433

00:16:31,910 --> 00:16:30,399

did did he not tell that did that not

434

00:16:35,110 --> 00:16:31,920

get out at the time

435

00:16:37,430 --> 00:16:35,120

that part of it i got out pretty quick

436

00:16:40,550 --> 00:16:37,440

that there were diminutive

437

00:16:43,269 --> 00:16:40,560

child like was the description

438

00:16:44,870 --> 00:16:43,279

um you know he said look lonnie said

439

00:16:48,310 --> 00:16:44,880

that he looked like small figures

440

00:16:50,230 --> 00:16:48,320

or small children and when uh

441

00:16:52,069 --> 00:16:50,240

ray had shown up with dr heineck on the

442

00:16:54,790 --> 00:16:52,079

site they were near

443

00:16:56,949 --> 00:16:54,800

a greasewood bush there so which was

444

00:16:59,030 --> 00:16:56,959

eventually i think slices in half by the

445

00:17:00,470 --> 00:16:59,040

blue flame but when they were standing

446

00:17:01,189 --> 00:17:00,480

next to it he had a point of reference

447

00:17:04,470 --> 00:17:01,199

so when

448

00:17:05,990 --> 00:17:04,480

heineken and ray were out there lonnie

449

00:17:08,230 --> 00:17:06,000

said they were about this tall

450

00:17:09,189 --> 00:17:08,240

and he held his hand about four feet off

451
00:17:11,510 --> 00:17:09,199
the ground

452
00:17:13,029 --> 00:17:11,520
and has been well documented by you know

453
00:17:15,350 --> 00:17:13,039
ray brought it up and i

454
00:17:16,230 --> 00:17:15,360
i did some research i don't know of any

455
00:17:19,029 --> 00:17:16,240
programs

456
00:17:19,590 --> 00:17:19,039
besides in vietnam when we sent small

457
00:17:21,429 --> 00:17:19,600
people

458
00:17:22,710 --> 00:17:21,439
into the ground into these tunnels that

459
00:17:25,669 --> 00:17:22,720
the vietnam

460
00:17:25,990 --> 00:17:25,679
had created i don't know of any program

461
00:17:29,190 --> 00:17:26,000
of

462
00:17:30,789 --> 00:17:29,200
pilots that uses small people to fly

463
00:17:32,789 --> 00:17:30,799

and would have people that are

464

00:17:35,190 --> 00:17:32,799

approximately four feet tall to operate

465

00:17:36,310 --> 00:17:35,200

a flying vehicle and so that was the

466

00:17:38,789 --> 00:17:36,320

thing that probably

467

00:17:39,590 --> 00:17:38,799

lining up the most was they didn't look

468

00:17:41,190 --> 00:17:39,600

human

469

00:17:43,350 --> 00:17:41,200

and you know another interesting aspect

470

00:17:45,990 --> 00:17:43,360

that we discovered while we were there

471

00:17:46,549 --> 00:17:46,000

is that that particular creosote bush

472

00:17:50,150 --> 00:17:46,559

that

473

00:17:52,870 --> 00:17:50,160

was sliced in half by the blue

474

00:17:54,070 --> 00:17:52,880

particle beam so to speak of the exhaust

475

00:17:57,350 --> 00:17:54,080

that particular bush

476
00:17:57,830 --> 00:17:57,360
is exponentially larger than anything

477
00:17:59,750 --> 00:17:57,840
else

478
00:18:01,110 --> 00:17:59,760
on that site we have plenty of

479
00:18:02,470 --> 00:18:01,120
photographs to show this we have the

480
00:18:06,630 --> 00:18:02,480
original one from

481
00:18:08,870 --> 00:18:06,640
1964 and from our our various trips

482
00:18:09,669 --> 00:18:08,880
and we just it's kind of like travis

483
00:18:12,870 --> 00:18:09,679
walton's

484
00:18:15,029 --> 00:18:12,880
uh tree that the ufo touched that

485
00:18:16,549 --> 00:18:15,039
jennifer stein measured the tree ring is

486
00:18:19,270 --> 00:18:16,559
kind of the truth

487
00:18:20,549 --> 00:18:19,280
facing where the ufo came in right and

488
00:18:22,549 --> 00:18:20,559

we're finding this

489

00:18:23,990 --> 00:18:22,559

possibly to be true with socorro because

490

00:18:27,430 --> 00:18:24,000

of that yeah

491

00:18:29,590 --> 00:18:27,440

when i was recently there uh last

492

00:18:31,350 --> 00:18:29,600

april for a show that's about to come

493

00:18:33,350 --> 00:18:31,360

out on travel channel but

494

00:18:34,470 --> 00:18:33,360

i i i'm probably not supposed to talk

495

00:18:37,909 --> 00:18:34,480

about it so i won't mention

496

00:18:40,630 --> 00:18:37,919

who i was with but uh um we noticed that

497

00:18:41,190 --> 00:18:40,640

the creosote bush and bush greasewood i

498

00:18:43,270 --> 00:18:41,200

get the

499

00:18:45,029 --> 00:18:43,280

confused as to what it actually is yeah

500

00:18:47,750 --> 00:18:45,039

ray will probably get mad if i get it

501

00:18:51,990 --> 00:18:50,630

but uh it was huge it was like it was

502

00:18:52,789 --> 00:18:52,000

bigger than anything out there and i'm

503

00:18:55,510 --> 00:18:52,799

thinking wow

504

00:18:56,230 --> 00:18:55,520

if that is an evidence of radiation and

505

00:19:00,470 --> 00:18:56,240

how are you

506

00:19:02,150 --> 00:19:00,480

spot though uh because you the gps

507

00:19:05,590 --> 00:19:02,160

coordinates we locked them in

508

00:19:08,789 --> 00:19:05,600

a couple of years like 2004 a while ago

509

00:19:09,990 --> 00:19:08,799

and also i went with um you know we went

510

00:19:11,830 --> 00:19:10,000

with john larson

511

00:19:13,590 --> 00:19:11,840

who's with el defensory chieftain we had

512

00:19:16,470 --> 00:19:13,600

permission for the owner

513

00:19:17,190 --> 00:19:16,480

and then when we went for the tv show

514

00:19:19,750 --> 00:19:17,200

this past

515

00:19:20,230 --> 00:19:19,760

year we also had permission from the

516

00:19:21,990 --> 00:19:20,240

owner

517

00:19:23,270 --> 00:19:22,000

well not to mention that bush and that

518

00:19:25,669 --> 00:19:23,280

location is so

519

00:19:26,710 --> 00:19:25,679

yeah it's very distinct that the rocks

520

00:19:28,470 --> 00:19:26,720

are still there

521

00:19:30,870 --> 00:19:28,480

it's kind of a wat there's water that

522

00:19:33,110 --> 00:19:30,880

rolls down through that location

523

00:19:34,310 --> 00:19:33,120

and it's look there's a church that is

524

00:19:35,590 --> 00:19:34,320

new there but i

525

00:19:37,669 --> 00:19:35,600

really don't want to give away how to

526

00:19:39,270 --> 00:19:37,679

get to the site but it's almost

527

00:19:41,190 --> 00:19:39,280

obliterated but um

528

00:19:43,510 --> 00:19:41,200

we're always at the correct site

529

00:19:46,390 --> 00:19:43,520

everybody that all the witnesses

530

00:19:47,110 --> 00:19:46,400

um the gbs gordon's right john larson

531

00:19:50,710 --> 00:19:47,120

knew where the site

532

00:19:52,230 --> 00:19:50,720

was you know paul harden and

533

00:19:54,390 --> 00:19:52,240

it just you know the photographs that

534

00:19:55,909 --> 00:19:54,400

were taken to 64 match up perfectly we

535

00:19:58,150 --> 00:19:55,919

even parked our car

536

00:19:59,110 --> 00:19:58,160

in the same spot where lonnie parked his

537

00:20:01,350 --> 00:19:59,120

car

538

00:20:02,470 --> 00:20:01,360

back in that day so we we know we're at

539

00:20:05,270 --> 00:20:02,480

the right spot

540

00:20:07,669 --> 00:20:05,280

it's just completely almost weathered

541

00:20:09,669 --> 00:20:07,679

away now except for the ring of rocks

542

00:20:11,110 --> 00:20:09,679

that are around the four strut locations

543

00:20:13,590 --> 00:20:11,120

of the craft

544

00:20:14,950 --> 00:20:13,600

now another thing uh i thought was very

545

00:20:16,789 --> 00:20:14,960

interesting is that

546

00:20:18,830 --> 00:20:16,799

when they looked for footprints they

547

00:20:22,230 --> 00:20:18,840

only found like round

548

00:20:24,149 --> 00:20:22,240

prints are you familiar with that

549

00:20:25,510 --> 00:20:24,159

there was the ladder prints but they

550

00:20:28,950 --> 00:20:25,520

were small

551

00:20:29,909 --> 00:20:28,960

little i researched this heavily for the

552

00:20:31,909 --> 00:20:29,919

book and i

553

00:20:33,430 --> 00:20:31,919

i didn't want to get into it just like i

554

00:20:33,990 --> 00:20:33,440

didn't want to get into the calcified

555

00:20:35,669 --> 00:20:34,000

sand

556

00:20:37,590 --> 00:20:35,679

which there are documents that said

557

00:20:40,390 --> 00:20:37,600

there was calcified sand

558

00:20:41,990 --> 00:20:40,400

but i it just kept the more i researched

559

00:20:44,390 --> 00:20:42,000

for the book and the more

560

00:20:45,669 --> 00:20:44,400

tony and i did our homework the more we

561

00:20:47,430 --> 00:20:45,679

realized there were just

562

00:20:49,669 --> 00:20:47,440

more and more documents and it's just

563

00:20:51,510 --> 00:20:49,679

like with the craigslist file that rob

564

00:20:52,710 --> 00:20:51,520

mercer had i just couldn't put all that

565

00:20:55,750 --> 00:20:52,720

in the book and

566

00:20:58,070 --> 00:20:55,760

and afford to print it but the uh there

567

00:21:01,430 --> 00:20:58,080

was a couple of things the round circle

568

00:21:01,990 --> 00:21:01,440

was from possibly a ladder which came

569

00:21:04,230 --> 00:21:02,000

down

570

00:21:06,789 --> 00:21:04,240

and then shifted once as weight came

571

00:21:08,789 --> 00:21:06,799

down the ladder as ray says in his book

572

00:21:09,830 --> 00:21:08,799

and then there was kept mentioning these

573

00:21:12,390 --> 00:21:09,840

paw prints

574

00:21:13,990 --> 00:21:12,400

and they were kind of like almost like

575

00:21:16,230 --> 00:21:14,000

the paw of an animal

576
00:21:17,350 --> 00:21:16,240
and they were not human they were not

577
00:21:20,149 --> 00:21:17,360
round they were just

578
00:21:21,110 --> 00:21:20,159
weird and the same thing was reported in

579
00:21:24,470 --> 00:21:21,120
another case

580
00:21:25,190 --> 00:21:24,480
near the same time which may may not be

581
00:21:26,950 --> 00:21:25,200
true

582
00:21:28,310 --> 00:21:26,960
but it was weird because lonnie did say

583
00:21:29,029 --> 00:21:28,320
there were two creatures standing next

584
00:21:31,270 --> 00:21:29,039
to

585
00:21:33,350 --> 00:21:31,280
looking under the grasses if it was

586
00:21:35,510 --> 00:21:33,360
having mechanical difficulties

587
00:21:37,190 --> 00:21:35,520
so they were probably wearing some type

588
00:21:40,230 --> 00:21:37,200

of gear that

589

00:21:43,110 --> 00:21:40,240

created this weird print um

590

00:21:44,950 --> 00:21:43,120

i've seen it as two parallel bars i've

591

00:21:47,350 --> 00:21:44,960

seen it as like a paw print that

592

00:21:49,430 --> 00:21:47,360

a lion would make but they were

593

00:21:49,750 --> 00:21:49,440

different from the two round prints of

594

00:21:52,789 --> 00:21:49,760

the

595

00:21:53,510 --> 00:21:52,799

ladder that was extended and it's not

596

00:21:56,310 --> 00:21:53,520

mentioned

597

00:21:57,590 --> 00:21:56,320

much and even you know the fbi agent

598

00:21:59,350 --> 00:21:57,600

told him

599

00:22:01,029 --> 00:21:59,360

you don't want to mention much about

600

00:22:02,149 --> 00:22:01,039

creatures because people are going to

601
00:22:04,310 --> 00:22:02,159
think you're nuts it was

602
00:22:05,430 --> 00:22:04,320
kind of an honest way of saying you know

603
00:22:07,430 --> 00:22:05,440
to protect yourself

604
00:22:08,950 --> 00:22:07,440
don't talk too much about the two

605
00:22:10,390 --> 00:22:08,960
creatures you saw standing next to the

606
00:22:12,470 --> 00:22:10,400
vehicle

607
00:22:13,830 --> 00:22:12,480
but as we know now you know it's all in

608
00:22:16,070 --> 00:22:13,840
the book and

609
00:22:17,510 --> 00:22:16,080
later in life lonnie started saying that

610
00:22:19,270 --> 00:22:17,520
you know whatever they were they weren't

611
00:22:20,310 --> 00:22:19,280
from here he went from white coveralls

612
00:22:23,029 --> 00:22:20,320
to saying

613
00:22:23,990 --> 00:22:23,039

those creatures were not from here yeah

614

00:22:26,630 --> 00:22:24,000

i thought that

615

00:22:27,270 --> 00:22:26,640

i thought for him to actually say that

616

00:22:30,230 --> 00:22:27,280

um

617

00:22:31,590 --> 00:22:30,240

was very brave of him to actually you

618

00:22:32,310 --> 00:22:31,600

know i mean he was brave all the way

619

00:22:35,510 --> 00:22:32,320

through

620

00:22:38,630 --> 00:22:35,520

um now there was another landing north

621

00:22:39,270 --> 00:22:38,640

of there uh within the same time frame

622

00:22:43,110 --> 00:22:39,280

is that

623

00:22:46,149 --> 00:22:43,120

book la maderia

624

00:22:47,830 --> 00:22:46,159

yeah yeah that was you know

625

00:22:49,430 --> 00:22:47,840

it's funny because there was so much

626
00:22:50,950 --> 00:22:49,440
about that case that

627
00:22:52,870 --> 00:22:50,960
that would have to have been a whole

628
00:22:56,710 --> 00:22:52,880
other investigation

629
00:23:00,070 --> 00:22:56,720
to go after that because a lot of the

630
00:23:01,669 --> 00:23:00,080
a lot of the things matched up ray kind

631
00:23:04,230 --> 00:23:01,679
of felt it was a hoax and

632
00:23:06,230 --> 00:23:04,240
and that kind of put us off on it but a

633
00:23:07,510 --> 00:23:06,240
lot of the data was the same but as i

634
00:23:09,029 --> 00:23:07,520
dug into that

635
00:23:10,870 --> 00:23:09,039
there seemed to be evidence they didn't

636
00:23:12,390 --> 00:23:10,880
even know about socorro

637
00:23:15,750 --> 00:23:12,400
when this was reported in their

638
00:23:18,310 --> 00:23:15,760

newspaper i'm not sure if that's true

639

00:23:19,029 --> 00:23:18,320

um there's only two two things that

640

00:23:21,110 --> 00:23:19,039

happen

641

00:23:22,710 --> 00:23:21,120

this was manufactured to resemble

642

00:23:24,470 --> 00:23:22,720

socorro incident

643

00:23:26,470 --> 00:23:24,480

or this actually happened and was just a

644

00:23:28,310 --> 00:23:26,480

continuation of the same craft

645

00:23:30,310 --> 00:23:28,320

but we really didn't have the time or

646

00:23:31,990 --> 00:23:30,320

the funds to

647

00:23:33,590 --> 00:23:32,000

that would have been to do that story

648

00:23:34,149 --> 00:23:33,600

right would have been you have to

649

00:23:35,669 --> 00:23:34,159

investigate

650

00:23:37,510 --> 00:23:35,679

just like we did socorro and ended up

651

00:23:41,110 --> 00:23:37,520

producing a book that took

652

00:23:42,230 --> 00:23:41,120

five years of our lives to go

653

00:23:43,990 --> 00:23:42,240

so you think it could have been a

654

00:23:44,630 --> 00:23:44,000

copycat like trying to trying to get

655

00:23:46,710 --> 00:23:44,640

attention

656

00:23:48,950 --> 00:23:46,720

possibly i'm not sure there were other

657

00:23:52,549 --> 00:23:48,960

witnesses that said this thing was like

658

00:23:53,909 --> 00:23:52,559

four or five hours in a field butane

659

00:23:55,350 --> 00:23:53,919

you know the descriptions of an

660

00:23:56,710 --> 00:23:55,360

egg-shaped craft it's funny how they

661

00:23:58,870 --> 00:23:56,720

describe it back in the day

662

00:24:00,149 --> 00:23:58,880

they say football shape like an upside

663

00:24:02,950 --> 00:24:00,159

down bathtub

664

00:24:04,630 --> 00:24:02,960

butane shape like a telephone pole but

665

00:24:05,510 --> 00:24:04,640

they're all trying to describe a shape

666

00:24:09,029 --> 00:24:05,520

that's not a

667

00:24:11,269 --> 00:24:09,039

flying saucer so uh there were multiple

668

00:24:12,310 --> 00:24:11,279

witnesses the police did find evidence

669

00:24:15,110 --> 00:24:12,320

on the ground

670

00:24:15,750 --> 00:24:15,120

they said there was a smell of kerosene

671

00:24:17,190 --> 00:24:15,760

which

672

00:24:19,350 --> 00:24:17,200

they could have been burning trash there

673

00:24:20,789 --> 00:24:19,360

for years for all i know it's just not

674

00:24:22,789 --> 00:24:20,799

something we looked into

675

00:24:25,590 --> 00:24:22,799

and considering how much time and after

676
00:24:27,590 --> 00:24:25,600
effort we spent into socorro

677
00:24:28,630 --> 00:24:27,600
you know if i really wanted to dig in we

678
00:24:31,269 --> 00:24:28,640
could dig in but

679
00:24:32,230 --> 00:24:31,279
it's it's almost it's just too old at

680
00:24:33,909 --> 00:24:32,240
this point

681
00:24:35,350 --> 00:24:33,919
it's hard enough investigating something

682
00:24:37,029 --> 00:24:35,360
from you know

683
00:24:38,950 --> 00:24:37,039
64. it's hard enough investigating

684
00:24:41,990 --> 00:24:38,960
something that had a day or two after

685
00:24:44,870 --> 00:24:42,000
something uh in 64. right

686
00:24:46,549 --> 00:24:44,880
right um now i i have had up on the

687
00:24:49,669 --> 00:24:46,559
screen i'll pull it back up

688
00:24:52,470 --> 00:24:49,679

um this i know you can't really see but

689

00:24:53,110 --> 00:24:52,480

you can see if you can see i i know ben

690

00:24:54,710 --> 00:24:53,120

you said you

691

00:24:56,390 --> 00:24:54,720

you're you're half blind without your

692

00:24:58,830 --> 00:24:56,400

glasses but

693

00:25:00,230 --> 00:24:58,840

yeah all right so you can see that

694

00:25:04,230 --> 00:25:00,240

insignia

695

00:25:06,710 --> 00:25:04,240

is is not what uh

696

00:25:10,070 --> 00:25:06,720

is what was uh swapped out and can we

697

00:25:14,070 --> 00:25:10,080

talk a little bit about that part alone

698

00:25:15,190 --> 00:25:14,080

because i know that that lonnie had did

699

00:25:17,510 --> 00:25:15,200

a sketch

700

00:25:19,029 --> 00:25:17,520

and then supposedly that sketch was

701
00:25:22,230 --> 00:25:19,039
swapped out with another one

702
00:25:26,149 --> 00:25:22,240
and lonnie was told to sign it is that

703
00:25:29,029 --> 00:25:26,159
is that right yeah more or less

704
00:25:31,110 --> 00:25:29,039
the air force was trying to say that

705
00:25:33,909 --> 00:25:31,120
they wanted to prevent a copycat so

706
00:25:35,590 --> 00:25:33,919
they came up with this fictitious symbol

707
00:25:38,630 --> 00:25:35,600
that was umbrella shaped

708
00:25:40,549 --> 00:25:38,640
and did not truly depict

709
00:25:41,909 --> 00:25:40,559
uh the symbol that was seen by lonnie

710
00:25:43,110 --> 00:25:41,919
because lonnie wrote it down right away

711
00:25:45,909 --> 00:25:43,120
on a napkin

712
00:25:46,470 --> 00:25:45,919
and on top of that he had a young man of

713
00:25:48,789 --> 00:25:46,480

his name

714

00:25:50,470 --> 00:25:48,799

uh who was an artist who drew it with

715

00:25:51,669 --> 00:25:50,480

the correct symbol who later had to

716

00:25:54,549 --> 00:25:51,679

erase it

717

00:25:56,070 --> 00:25:54,559

and and change it was harold harold baca

718

00:25:57,909 --> 00:25:56,080

and so uh

719

00:25:59,750 --> 00:25:57,919

if you just do a little bit of digging

720

00:26:02,470 --> 00:25:59,760

into the old newspapers you see

721

00:26:04,470 --> 00:26:02,480

what was originally printed which was

722

00:26:08,390 --> 00:26:04,480

what appears to be an upside down v

723

00:26:10,710 --> 00:26:08,400

with three bars uh either through it

724

00:26:12,630 --> 00:26:10,720

is this it right here tony that's not it

725

00:26:15,669 --> 00:26:12,640

either that's so that's that's

726

00:26:17,110 --> 00:26:15,679

that's the one that's the fake yeah

727

00:26:18,470 --> 00:26:17,120

there were several of them you know

728

00:26:19,510 --> 00:26:18,480

there's like three or four of them but

729

00:26:22,549 --> 00:26:19,520

the correct symbol

730

00:26:24,549 --> 00:26:22,559

is uh we actually have a hat yeah

731

00:26:26,149 --> 00:26:24,559

i'm gonna i'm gonna i'm gonna pull up

732

00:26:28,390 --> 00:26:26,159

the i just found the

733

00:26:29,590 --> 00:26:28,400

your your symbol that you came up with

734

00:26:31,190 --> 00:26:29,600

and i know uh

735

00:26:33,190 --> 00:26:31,200

you know people are wondering why this

736

00:26:35,190 --> 00:26:33,200

is a big deal and i wanna

737

00:26:37,510 --> 00:26:35,200

and uh tell me if this is it when i pull

738

00:26:40,549 --> 00:26:37,520

it up uh the one that says genuine

739

00:26:43,590 --> 00:26:40,559

right yeah ray stanford uh

740

00:26:46,230 --> 00:26:43,600

did all this research on the symbol

741

00:26:47,190 --> 00:26:46,240

and based on he was very close with with

742

00:26:49,750 --> 00:26:47,200

lonnie too and

743

00:26:51,830 --> 00:26:49,760

ray speaks very fluent spanish and when

744

00:26:54,070 --> 00:26:51,840

lonnie first saw this he was describing

745

00:26:57,350 --> 00:26:54,080

this in spanish over the radio

746

00:26:59,430 --> 00:26:57,360

and in spanish it's

747

00:27:01,190 --> 00:26:59,440

kind of hard to determine if it's

748

00:27:03,110 --> 00:27:01,200

exactly below the inverted v

749

00:27:04,549 --> 00:27:03,120

or does that mean through the inverted v

750

00:27:08,549 --> 00:27:04,559

so it's kind of interpretive so you've

751
00:27:11,750 --> 00:27:10,470
as you can see here it's three lines

752
00:27:12,870 --> 00:27:11,760
kind of going through it so if you

753
00:27:15,830 --> 00:27:12,880
imagine it's either

754
00:27:16,950 --> 00:27:15,840
that or three lines below it i think ray

755
00:27:19,350 --> 00:27:16,960
did a really good job

756
00:27:20,950 --> 00:27:19,360
putting this together so to speak based

757
00:27:22,389 --> 00:27:20,960
on the descriptions but

758
00:27:23,909 --> 00:27:22,399
at the end of the day the symbol doesn't

759
00:27:24,870 --> 00:27:23,919
really matter you know what i mean it's

760
00:27:27,110 --> 00:27:24,880
like it could be

761
00:27:28,149 --> 00:27:27,120
eat at joe's or stay away from this area

762
00:27:29,590 --> 00:27:28,159
because it's really dangerous you're

763
00:27:35,430 --> 00:27:29,600

going to get slice and half like this

764

00:27:40,070 --> 00:27:38,149

the thing is and i go over this

765

00:27:42,389 --> 00:27:40,080

extensively in the book

766

00:27:43,350 --> 00:27:42,399

um and the book was uh is a labor of

767

00:27:46,630 --> 00:27:43,360

love it's not

768

00:27:49,750 --> 00:27:46,640

uh it's not for money because it cost me

769

00:27:53,350 --> 00:27:49,760

a fortune to print myself but

770

00:27:56,070 --> 00:27:53,360

basically ray contributed the chapter

771

00:27:56,389 --> 00:27:56,080

most of the chapter on the symbol and

772

00:28:04,950 --> 00:27:56,399

the

773

00:28:06,950 --> 00:28:04,960

abide by this lie

774

00:28:08,710 --> 00:28:06,960

and i agree with that and when i

775

00:28:11,990 --> 00:28:08,720

researched the symbol

776

00:28:13,830 --> 00:28:12,000

the initial report in el defense for

777

00:28:17,830 --> 00:28:13,840

chieftain said that lonnie

778

00:28:20,230 --> 00:28:17,840

wrote the symbol on a paper sack

779

00:28:21,190 --> 00:28:20,240

yeah that he found the desert and so i'm

780

00:28:22,950 --> 00:28:21,200

like wait a minute

781

00:28:24,549 --> 00:28:22,960

i've never heard that anywhere but it's

782

00:28:25,430 --> 00:28:24,559

right there and they'll defend for a

783

00:28:28,470 --> 00:28:25,440

chieftain

784

00:28:30,870 --> 00:28:28,480

and so the paper sack became a page

785

00:28:32,149 --> 00:28:30,880

from what turned out to be maybe a boy

786

00:28:35,430 --> 00:28:32,159

scout manual that

787

00:28:38,789 --> 00:28:35,440

dave rudiak who also allowed me to

788

00:28:39,830 --> 00:28:38,799

to reproduce in the book his analysis of

789

00:28:41,430 --> 00:28:39,840

the symbol

790

00:28:43,510 --> 00:28:41,440

he said this is something that might be

791

00:28:45,750 --> 00:28:43,520

laying around the police station

792

00:28:47,510 --> 00:28:45,760

so to make a long story short it's the

793

00:28:48,549 --> 00:28:47,520

longest chapter in the book about the

794

00:28:52,149 --> 00:28:48,559

symbol

795

00:28:54,549 --> 00:28:52,159

is that uh captain holder who was on the

796

00:28:58,149 --> 00:28:54,559

scene white sands a branch commander

797

00:29:00,149 --> 00:28:58,159

of the base there he was on the scene he

798

00:29:02,470 --> 00:29:00,159

drew a fake symbol

799

00:29:04,149 --> 00:29:02,480

his son told ray that and ray has it in

800

00:29:05,909 --> 00:29:04,159

his books of course also in pentagon

801
00:29:07,029 --> 00:29:05,919
pantry that my father obscured the

802
00:29:10,389 --> 00:29:07,039
symbol

803
00:29:11,830 --> 00:29:10,399
had and the signature of lonnie zamora

804
00:29:13,510 --> 00:29:11,840
is different from the way the symbol is

805
00:29:15,350 --> 00:29:13,520
written it's two different handwritings

806
00:29:17,350 --> 00:29:15,360
but he had to sign that as a contract to

807
00:29:20,149 --> 00:29:17,360
like you you know it's god

808
00:29:21,269 --> 00:29:20,159
country family that type of order of

809
00:29:22,789 --> 00:29:21,279
things so

810
00:29:24,630 --> 00:29:22,799
even to his family he would lie about

811
00:29:26,789 --> 00:29:24,640
the symbol forever because there was a

812
00:29:28,470 --> 00:29:26,799
contract you have the government

813
00:29:30,149 --> 00:29:28,480

and they were still thinking i think at

814

00:29:30,710 --> 00:29:30,159

this point that this was a secret

815

00:29:34,389 --> 00:29:30,720

project

816

00:29:34,950 --> 00:29:34,399

but the fact that holder obscured the

817

00:29:37,669 --> 00:29:34,960

symbol

818

00:29:39,269 --> 00:29:37,679

is pretty well known and then you know

819

00:29:42,389 --> 00:29:39,279

that's the interview that's on

820

00:29:44,789 --> 00:29:42,399

youtube about that and so

821

00:29:46,310 --> 00:29:44,799

i believe the symbol is important simply

822

00:29:49,190 --> 00:29:46,320

because the inverted v

823

00:29:50,149 --> 00:29:49,200

with the three bars and ray agrees with

824

00:29:52,389 --> 00:29:50,159

me

825

00:29:53,909 --> 00:29:52,399

was maybe and it was in the center of

826

00:29:54,950 --> 00:29:53,919

the egg shaped craft where the blue

827

00:29:56,950 --> 00:29:54,960

flame came out

828

00:29:58,549 --> 00:29:56,960

it probably just means don't stand here

829

00:30:00,710 --> 00:29:58,559

this is radioactive

830

00:30:02,470 --> 00:30:00,720

you'll get fried when this engages

831

00:30:03,350 --> 00:30:02,480

because the v is pointing to the

832

00:30:05,990 --> 00:30:03,360

thruster

833

00:30:07,350 --> 00:30:06,000

the three bars might signal radioactive

834

00:30:10,149 --> 00:30:07,360

waves of radiation

835

00:30:12,149 --> 00:30:10,159

or whatever red it was in red red is the

836

00:30:14,310 --> 00:30:12,159

color of fire of blood of

837

00:30:15,430 --> 00:30:14,320

you know maybe danger so i really think

838

00:30:17,269 --> 00:30:15,440

it was like a dome back

839

00:30:18,549 --> 00:30:17,279

up sign on a truck we don't stand by a

840

00:30:20,950 --> 00:30:18,559

truck when it backs up

841

00:30:21,990 --> 00:30:20,960

it basically meant there's a powerful

842

00:30:24,789 --> 00:30:22,000

engine here

843

00:30:26,310 --> 00:30:24,799

of whatever type of propulsion and when

844

00:30:27,430 --> 00:30:26,320

engaged you don't want to be anywhere

845

00:30:30,310 --> 00:30:27,440

near it

846

00:30:31,110 --> 00:30:30,320

well you know um i i know there was

847

00:30:33,750 --> 00:30:31,120

there was a lot

848

00:30:34,389 --> 00:30:33,760

of to do about the symbol itself and and

849

00:30:37,909 --> 00:30:34,399

one of the

850

00:30:40,549 --> 00:30:37,919

the reasons i think it's important is um

851
00:30:41,750 --> 00:30:40,559
you know trying to research something

852
00:30:43,990 --> 00:30:41,760
similar to that

853
00:30:44,950 --> 00:30:44,000
in any type of you know language or

854
00:30:46,710 --> 00:30:44,960
anything

855
00:30:48,710 --> 00:30:46,720
like that now you mentioned it might be

856
00:30:51,510 --> 00:30:48,720
like a caution type sign

857
00:30:52,549 --> 00:30:51,520
which very well could but has anyone

858
00:30:55,830 --> 00:30:52,559
like tried to

859
00:30:57,029 --> 00:30:55,840
decipher any type of language or

860
00:31:00,230 --> 00:30:57,039
anything like that

861
00:31:00,789 --> 00:31:00,240
we went through um we had some friends

862
00:31:03,669 --> 00:31:00,799
also

863
00:31:04,389 --> 00:31:03,679

that were um uh checking the periodic

864

00:31:06,950 --> 00:31:04,399

tables

865

00:31:07,509 --> 00:31:06,960

yes there was what is it called the

866

00:31:10,710 --> 00:31:07,519

table

867

00:31:13,029 --> 00:31:10,720

um what is the uh

868

00:31:15,269 --> 00:31:13,039

alchemist there's an alchemist table

869

00:31:17,029 --> 00:31:15,279

that has an inverted v with one bar

870

00:31:18,870 --> 00:31:17,039

and then we found a document that had an

871

00:31:20,230 --> 00:31:18,880

inverted view with three bars that was a

872

00:31:23,990 --> 00:31:20,240

treasure map

873

00:31:26,149 --> 00:31:24,000

and it's some type of spanish symbol

874

00:31:28,710 --> 00:31:26,159

but it wasn't related at all and the way

875

00:31:29,430 --> 00:31:28,720

that heinek drew it in the photo i have

876

00:31:31,990 --> 00:31:29,440

in the book

877

00:31:33,029 --> 00:31:32,000

that ray had that happened after ray

878

00:31:35,350 --> 00:31:33,039

wrote his book where

879

00:31:37,350 --> 00:31:35,360

ray and james fox are at the national

880

00:31:40,310 --> 00:31:37,360

archives and ray's holding up

881

00:31:41,750 --> 00:31:40,320

the piece of paper that heineken drew it

882

00:31:43,750 --> 00:31:41,760

has the inverted v

883

00:31:46,310 --> 00:31:43,760

but it has a bar at the top a bar in the

884

00:31:48,789 --> 00:31:46,320

middle of a bar underneath and

885

00:31:49,750 --> 00:31:48,799

that symbol it just can't be found

886

00:31:52,389 --> 00:31:49,760

anywhere

887

00:31:54,230 --> 00:31:52,399

and that's why we kind of the conclusion

888

00:31:55,830 --> 00:31:54,240

is that it's just maybe a warning sign

889

00:31:58,310 --> 00:31:55,840

or something like that but alchemy it

890

00:32:00,789 --> 00:31:58,320

just means some type of strange

891

00:32:02,230 --> 00:32:00,799

metal it just doesn't make a whole lot

892

00:32:05,590 --> 00:32:02,240

of sense

893

00:32:07,350 --> 00:32:05,600

from a visual standpoint um and tony had

894

00:32:08,870 --> 00:32:07,360

the idea that it might not be static it

895

00:32:09,669 --> 00:32:08,880

could the symbol could change depending

896

00:32:11,830 --> 00:32:09,679

on what it's doing

897

00:32:12,870 --> 00:32:11,840

imagine like a like a you know you have

898

00:32:14,950 --> 00:32:12,880

a mac mouse

899

00:32:16,549 --> 00:32:14,960

that lights up when you move it and you

900

00:32:17,830 --> 00:32:16,559

don't there's anything on the mouse it's

901
00:32:20,070 --> 00:32:17,840
like glass

902
00:32:22,230 --> 00:32:20,080
and different symbols pop up is it

903
00:32:25,669 --> 00:32:22,240
possible that that

904
00:32:27,269 --> 00:32:25,679
shell of this ufo is like

905
00:32:29,590 --> 00:32:27,279
kind of like an iphone where it can

906
00:32:33,110 --> 00:32:29,600
change symbols at random

907
00:32:35,350 --> 00:32:33,120
on that white glassy surface you know

908
00:32:37,110 --> 00:32:35,360
yeah it could have been a not a static

909
00:32:39,029 --> 00:32:37,120
sound maybe a dynamic symbol maybe when

910
00:32:41,029 --> 00:32:39,039
it lands it turns green

911
00:32:43,029 --> 00:32:41,039
maybe it says india joe's when it's near

912
00:32:46,630 --> 00:32:43,039
a restaurant

913
00:32:48,549 --> 00:32:46,640

now had did any other people that saw

914

00:32:50,070 --> 00:32:48,559

this craft ever mention anything about a

915

00:32:51,990 --> 00:32:50,080

symbol or did they just say they saw

916

00:32:53,509 --> 00:32:52,000

this flying low or

917

00:32:56,149 --> 00:32:53,519

funny enough no one's ever mentioned the

918

00:32:59,190 --> 00:32:56,159

symbol actually well

919

00:32:59,909 --> 00:32:59,200

somehow somebody mentioned one and one

920

00:33:03,830 --> 00:32:59,919

report

921

00:33:07,430 --> 00:33:03,840

that i that i put in the book and um

922

00:33:10,630 --> 00:33:07,440

the lorenzo's um you know um

923

00:33:11,590 --> 00:33:10,640

carol or is i never pronounced that

924

00:33:14,630 --> 00:33:11,600

right

925

00:33:16,470 --> 00:33:14,640

i think carol and yeah the lorenzas

926
00:33:18,950 --> 00:33:16,480
who were there at the site actually at

927
00:33:19,909 --> 00:33:18,960
the time before ray before anybody

928
00:33:22,789 --> 00:33:19,919
actually

929
00:33:23,990 --> 00:33:22,799
who found the fused sand but basically

930
00:33:26,710 --> 00:33:24,000
they found a report

931
00:33:27,590 --> 00:33:26,720
and i found it and put in the book where

932
00:33:30,470 --> 00:33:27,600
a pilot

933
00:33:31,509 --> 00:33:30,480
had said ice i'm seeing an egg-shaped

934
00:33:33,669 --> 00:33:31,519
craft

935
00:33:35,669 --> 00:33:33,679
that passed me and the and he was a

936
00:33:38,230 --> 00:33:35,679
military air force pilot

937
00:33:39,830 --> 00:33:38,240
and white sand said reacquire the target

938
00:33:41,590 --> 00:33:39,840

he reacquired and he goes it

939

00:33:43,509 --> 00:33:41,600

it looks like what lies the more

940

00:33:45,430 --> 00:33:43,519

recording because what do you mean

941

00:33:47,110 --> 00:33:45,440

because it has the same symbol he

942

00:33:49,110 --> 00:33:47,120

doesn't describe what the symbol is

943

00:33:50,870 --> 00:33:49,120

but at the time this was reported the

944

00:33:54,389 --> 00:33:50,880

only only symbol known was

945

00:33:56,710 --> 00:33:54,399

the inverted v of three bars so that is

946

00:33:57,990 --> 00:33:56,720

recorded and white sands actually says

947

00:34:00,470 --> 00:33:58,000

they had radar

948

00:34:01,590 --> 00:34:00,480

tracking this object so it's a pretty

949

00:34:04,070 --> 00:34:01,600

good report

950

00:34:05,110 --> 00:34:04,080

and what's unusual is in ufo lure as you

951
00:34:07,029 --> 00:34:05,120
know martin

952
00:34:08,629 --> 00:34:07,039
there's not a whole lot of cases that

953
00:34:09,589 --> 00:34:08,639
have a symbol on the side of the graph

954
00:34:12,710 --> 00:34:09,599
at all

955
00:34:14,149 --> 00:34:12,720
a lot oaxes the umo and things like that

956
00:34:17,750 --> 00:34:14,159
but there's not

957
00:34:19,349 --> 00:34:17,760
it's very rare yeah

958
00:34:20,869 --> 00:34:19,359
about the only one i can think of off

959
00:34:24,230 --> 00:34:20,879
the top of my head

960
00:34:28,069 --> 00:34:24,240
right no i i i agree it is

961
00:34:29,589 --> 00:34:28,079
um so what did you uncover

962
00:34:31,829 --> 00:34:29,599
you know i mean you're revisiting the

963
00:34:32,230 --> 00:34:31,839

book you're you went there four times

964

00:34:35,270 --> 00:34:32,240

you

965

00:34:36,790 --> 00:34:35,280

dug through uh let's talk about

966

00:34:39,030 --> 00:34:36,800

some of the things that you uncovered

967

00:34:41,190 --> 00:34:39,040

that uh probably weren't known

968

00:34:43,750 --> 00:34:41,200

originally you know at the time of this

969

00:34:47,190 --> 00:34:43,760

sighting tell them about the woman

970

00:34:50,710 --> 00:34:47,200

the house on the canal yeah this lady we

971

00:34:53,190 --> 00:34:50,720

came across who yeah she's passed away

972

00:34:54,310 --> 00:34:53,200

who had a house that had like a porch

973

00:34:56,550 --> 00:34:54,320

she would

974

00:34:58,790 --> 00:34:56,560

take a look at the river at night and

975

00:35:01,990 --> 00:34:58,800

she said that she witnessed

976

00:35:05,430 --> 00:35:02,000

uh what lonnie described hovering

977

00:35:05,750 --> 00:35:05,440

along the river down from the reservoir

978

00:35:09,349 --> 00:35:05,760

that

979

00:35:10,390 --> 00:35:09,359

comes from albuquerque and her house was

980

00:35:13,430 --> 00:35:10,400

situated

981

00:35:16,310 --> 00:35:13,440

just before this craft uh

982

00:35:17,270 --> 00:35:16,320

veered away from the water into the

983

00:35:19,109 --> 00:35:17,280

arroyo

984

00:35:20,710 --> 00:35:19,119

towards noble grinders guessing right

985

00:35:22,310 --> 00:35:20,720

towards the bulgarian grassy you see

986

00:35:22,550 --> 00:35:22,320

there's things coming off the bottom of

987

00:35:23,910 --> 00:35:22,560

it

988

00:35:25,589 --> 00:35:23,920

i don't know if they were sparking and

989

00:35:27,670 --> 00:35:25,599

falling down there was also another

990

00:35:30,950 --> 00:35:27,680

young man who claimed that he also saw

991

00:35:33,270 --> 00:35:30,960

things coming off of this craft and

992

00:35:34,230 --> 00:35:33,280

you know hear safe stories that they

993

00:35:37,510 --> 00:35:34,240

picked up

994

00:35:39,109 --> 00:35:37,520

what looked like circuit boards and

995

00:35:40,550 --> 00:35:39,119

things like this but we've not found any

996

00:35:42,710 --> 00:35:40,560

of this evidence and

997

00:35:44,230 --> 00:35:42,720

not seen any of that yeah though the

998

00:35:45,190 --> 00:35:44,240

when we were at socorro this is the

999

00:35:47,829 --> 00:35:45,200

difference between

1000

00:35:49,349 --> 00:35:47,839

researching this from behind a computer

1001
00:35:51,510 --> 00:35:49,359
and being on site

1002
00:35:53,270 --> 00:35:51,520
um this woman was just sitting on a

1003
00:35:54,870 --> 00:35:53,280
porch and there's a reservoir and we

1004
00:35:57,750 --> 00:35:54,880
tracked we went out there and

1005
00:35:58,950 --> 00:35:57,760
tony found it pretty easily which i'm

1006
00:35:59,990 --> 00:35:58,960
terrible navigating i think we have a

1007
00:36:02,230 --> 00:36:00,000
gopro

1008
00:36:04,230 --> 00:36:02,240
we have an hour of footage of me

1009
00:36:06,390 --> 00:36:04,240
randomly talking about

1010
00:36:08,069 --> 00:36:06,400
what but we found there's a reservoir

1011
00:36:09,349 --> 00:36:08,079
that points towards albuquerque and

1012
00:36:11,510 --> 00:36:09,359
comes down and when you

1013
00:36:12,630 --> 00:36:11,520

leave the reservoir you're pointing

1014

00:36:15,750 --> 00:36:12,640

towards

1015

00:36:17,430 --> 00:36:15,760

the gas station where the witness

1016

00:36:20,069 --> 00:36:17,440

for opal grinder said the thing almost

1017

00:36:21,750 --> 00:36:20,079

hit his car and this

1018

00:36:23,270 --> 00:36:21,760

local resident the thing you find out

1019

00:36:24,790 --> 00:36:23,280

about square when you're there is a lot

1020

00:36:26,950 --> 00:36:24,800

of them have never left they were there

1021

00:36:28,550 --> 00:36:26,960

in 64. they remember what happened

1022

00:36:30,390 --> 00:36:28,560

a lot of people don't leave socorro it's

1023

00:36:31,829 --> 00:36:30,400

a nice town they

1024

00:36:33,750 --> 00:36:31,839

you know unless they graduate from the

1025

00:36:34,870 --> 00:36:33,760

school and go there those aren't people

1026
00:36:37,750 --> 00:36:34,880
actually live there but

1027
00:36:39,829 --> 00:36:37,760
the local residents stay there and so

1028
00:36:40,230 --> 00:36:39,839
this woman had passed but she said she

1029
00:36:42,150 --> 00:36:40,240
said

1030
00:36:44,550 --> 00:36:42,160
it came down the reservoir which is a

1031
00:36:47,670 --> 00:36:44,560
depressed area with growth around it

1032
00:36:48,069 --> 00:36:47,680
like most waterways are it came down

1033
00:36:50,950 --> 00:36:48,079
there

1034
00:36:52,230 --> 00:36:50,960
glided silently passed by and then

1035
00:36:54,710 --> 00:36:52,240
headed towards where

1036
00:36:56,069 --> 00:36:54,720
the witness that opal grinders gas

1037
00:36:58,150 --> 00:36:56,079
stations saw it

1038
00:37:00,710 --> 00:36:58,160

and nobody had heard this story and it

1039

00:37:03,190 --> 00:37:00,720

was just randomly it's like oh yeah this

1040

00:37:04,310 --> 00:37:03,200

lady you know i knew her i knew it was

1041

00:37:05,589 --> 00:37:04,320

and it was one of these things i never

1042

00:37:07,670 --> 00:37:05,599

made the paper

1043

00:37:10,630 --> 00:37:07,680

and so we had a couple of interviews

1044

00:37:13,270 --> 00:37:10,640

like that where we came across people

1045

00:37:14,069 --> 00:37:13,280

uh in the book i have um patrick

1046

00:37:16,069 --> 00:37:14,079

richard's

1047

00:37:17,829 --> 00:37:16,079

encounter with lonnie where he discusses

1048

00:37:19,829 --> 00:37:17,839

what the true symbol is

1049

00:37:21,750 --> 00:37:19,839

we actually pointed to a napkin and

1050

00:37:22,870 --> 00:37:21,760

pointed towards the inverted v of three

1051

00:37:26,630 --> 00:37:22,880

bars

1052

00:37:29,670 --> 00:37:26,640

and then i have um another scientist

1053

00:37:33,589 --> 00:37:29,680

mike moore who ran into lonnie

1054

00:37:35,430 --> 00:37:33,599

right before he passed away and lonnie

1055

00:37:38,150 --> 00:37:35,440

took him to the site because mike moore

1056

00:37:43,270 --> 00:37:40,790

radiation scientist and was concerned

1057

00:37:44,870 --> 00:37:43,280

about having cancer from radiation so

1058

00:37:46,310 --> 00:37:44,880

he took line to the site and i have that

1059

00:37:48,310 --> 00:37:46,320

in the book that's an encounter nobody's

1060

00:37:50,710 --> 00:37:48,320

ever heard of where he

1061

00:37:51,670 --> 00:37:50,720

told uh the scientists about what

1062

00:37:52,630 --> 00:37:51,680

happened

1063

00:37:54,390 --> 00:37:52,640

and he didn't know anything about

1064

00:37:54,950 --> 00:37:54,400

sequoia didn't care about ufos or

1065

00:37:57,030 --> 00:37:54,960

anything

1066

00:37:58,390 --> 00:37:57,040

but he ran into him in a gift shop in

1067

00:37:59,589 --> 00:37:58,400

socorro when they were both trying to

1068

00:38:02,230 --> 00:37:59,599

get some something

1069

00:38:02,710 --> 00:38:02,240

kind of jewelry made and he took line to

1070

00:38:05,349 --> 00:38:02,720

the

1071

00:38:06,710 --> 00:38:05,359

described what happened and asked him

1072

00:38:07,829 --> 00:38:06,720

look could i have been poisoned with the

1073

00:38:09,750 --> 00:38:07,839

radiation

1074

00:38:11,430 --> 00:38:09,760

so i have that whole story in the book

1075

00:38:14,710 --> 00:38:11,440

and so there's a lot of things we

1076

00:38:16,710 --> 00:38:14,720

ran across in our investigation that

1077

00:38:18,550 --> 00:38:16,720

add to the whole point of the book was

1078

00:38:20,950 --> 00:38:18,560

to bring it up to date

1079

00:38:22,470 --> 00:38:20,960

incorporate raised data and ray wrote

1080

00:38:24,870 --> 00:38:22,480

some great stuff

1081

00:38:25,829 --> 00:38:24,880

uh for several chapters that are current

1082

00:38:27,430 --> 00:38:25,839

and up to date

1083

00:38:30,310 --> 00:38:27,440

with what has happened since he

1084

00:38:32,470 --> 00:38:30,320

published this book in the late 70s

1085

00:38:33,430 --> 00:38:32,480

and i had to bring in the craigslist

1086

00:38:35,510 --> 00:38:33,440

data

1087

00:38:37,109 --> 00:38:35,520

and all the stuff that tony and i did on

1088

00:38:40,230 --> 00:38:37,119

site and so

1089

00:38:43,349 --> 00:38:40,240

i really just wanted to do a 2020 story

1090

00:38:45,109 --> 00:38:43,359

of what actually happened with this case

1091

00:38:47,750 --> 00:38:45,119

because it's always wrong on tv

1092

00:38:49,349 --> 00:38:47,760

it's almost all sightings was the last

1093

00:38:51,990 --> 00:38:49,359

tv show to get it right

1094

00:38:53,829 --> 00:38:52,000

this is a long time ago ufo hunters did

1095

00:38:55,190 --> 00:38:53,839

a good job i liked the episode with bill

1096

00:38:56,710 --> 00:38:55,200

burns and those guys

1097

00:38:58,470 --> 00:38:56,720

they did a pretty good job and that was

1098

00:38:59,589 --> 00:38:58,480

the last interview before lonnie passed

1099

00:39:02,230 --> 00:38:59,599

away

1100

00:39:03,910 --> 00:39:02,240

but the the important thing was to tell

1101

00:39:07,349 --> 00:39:03,920

the story right

1102

00:39:08,150 --> 00:39:07,359

to cut through all the bs so talk about

1103

00:39:10,950 --> 00:39:08,160

the hoax

1104

00:39:11,990 --> 00:39:10,960

theories dismiss those talk about the

1105

00:39:13,990 --> 00:39:12,000

investigation

1106

00:39:15,750 --> 00:39:14,000

the craigslist files that were found by

1107

00:39:18,069 --> 00:39:15,760

uh rob mercer

1108

00:39:20,069 --> 00:39:18,079

and bring all that together up to the

1109

00:39:22,470 --> 00:39:20,079

you know the unfortunately the

1110

00:39:23,109 --> 00:39:22,480

year of covet 19 and tell the story

1111

00:39:25,030 --> 00:39:23,119

correctly

1112

00:39:26,310 --> 00:39:25,040

so future generations can know exactly

1113

00:39:28,870 --> 00:39:26,320

what happened

1114

00:39:29,670 --> 00:39:28,880

yeah that's good so let's talk about rob

1115

00:39:33,030 --> 00:39:29,680

mercier's

1116

00:39:34,630 --> 00:39:33,040

uh find which was quite amazing you know

1117

00:39:38,310 --> 00:39:34,640

he he found these

1118

00:39:40,150 --> 00:39:38,320

uh files on on craigslist

1119

00:39:42,390 --> 00:39:40,160

and there was all kinds of information

1120

00:39:44,310 --> 00:39:42,400

it was from um i can't remember

1121

00:39:46,310 --> 00:39:44,320

the it was a major retired major or

1122

00:39:49,750 --> 00:39:46,320

something

1123

00:39:52,069 --> 00:39:49,760

yeah yeah and

1124

00:39:53,589 --> 00:39:52,079

and uh they actually he he said well we

1125

00:39:55,430 --> 00:39:53,599

have some more

1126

00:39:57,349 --> 00:39:55,440

and so he even got more out of that and

1127

00:40:00,390 --> 00:39:57,359

now that uh that's housed down at

1128

00:40:02,230 --> 00:40:00,400

dave marlar's uh library down there

1129

00:40:04,230 --> 00:40:02,240

which is which is amazing so what was

1130

00:40:07,349 --> 00:40:04,240

found in there in regards to socorro

1131

00:40:10,069 --> 00:40:07,359

and those papers well

1132

00:40:11,430 --> 00:40:10,079

you know rob uh shared all of that file

1133

00:40:15,109 --> 00:40:11,440

with us before

1134

00:40:15,990 --> 00:40:15,119

he sent it to um mr greenwald's site the

1135

00:40:18,230 --> 00:40:16,000

black vault

1136

00:40:20,309 --> 00:40:18,240

which does a great job of housing ufo

1137

00:40:22,950 --> 00:40:20,319

materials

1138

00:40:25,349 --> 00:40:22,960

but basically it was when he reached out

1139

00:40:28,390 --> 00:40:25,359

to him he was retired and

1140

00:40:29,990 --> 00:40:28,400

the files were found i think by his son

1141

00:40:31,430 --> 00:40:30,000

i can't quite remember but the house was

1142

00:40:33,589 --> 00:40:31,440

being renovated it was

1143

00:40:35,430 --> 00:40:33,599

in a garage underneath some stuff but it

1144

00:40:36,870 --> 00:40:35,440

was blue book files it was files that

1145

00:40:39,750 --> 00:40:36,880

weren't in

1146

00:40:41,910 --> 00:40:39,760

the the relay to sequoia there were 182

1147

00:40:44,790 --> 00:40:41,920

pages related to socorro

1148

00:40:45,750 --> 00:40:44,800

wow and when and when kevin randle did

1149

00:40:47,750 --> 00:40:45,760

his good

1150

00:40:49,670 --> 00:40:47,760

he did a great book on the same case

1151
00:40:52,870 --> 00:40:49,680
encountered the desert uh you know i

1152
00:40:56,390 --> 00:40:52,880
i consider kevin a friend

1153
00:40:58,230 --> 00:40:56,400
but the thing about the files were that

1154
00:41:00,069 --> 00:40:58,240
even though a lot of people say they

1155
00:41:01,829 --> 00:41:00,079
weren't in the blue book files

1156
00:41:04,309 --> 00:41:01,839
they were written by the blue book

1157
00:41:06,630 --> 00:41:04,319
investigators about this case

1158
00:41:08,150 --> 00:41:06,640
so to me they are blue book files they

1159
00:41:10,710 --> 00:41:08,160
just weren't included in the

1160
00:41:11,829 --> 00:41:10,720
official file that came out and so i put

1161
00:41:14,390 --> 00:41:11,839
all this in the book

1162
00:41:15,910 --> 00:41:14,400
to explain you know they miss a lot of

1163
00:41:17,430 --> 00:41:15,920

stuff there are a lot of things left out

1164

00:41:18,790 --> 00:41:17,440

of the files there are a lot of things

1165

00:41:20,470 --> 00:41:18,800

that weren't included in the official

1166

00:41:22,790 --> 00:41:20,480

report on socorro

1167

00:41:24,550 --> 00:41:22,800

that blue book investigated and shows

1168

00:41:25,670 --> 00:41:24,560

you the time and effort that they put

1169

00:41:29,030 --> 00:41:25,680

into it

1170

00:41:32,150 --> 00:41:29,040

spent god knows how much money and every

1171

00:41:32,710 --> 00:41:32,160

fbi caa d a i don't think the i existed

1172

00:41:34,550 --> 00:41:32,720

but

1173

00:41:36,390 --> 00:41:34,560

all the intelligence agencies and the

1174

00:41:38,630 --> 00:41:36,400

joint chiefs of staff were all asking

1175

00:41:39,510 --> 00:41:38,640

questions what happened what can you

1176

00:41:42,390 --> 00:41:39,520

tell us

1177

00:41:45,430 --> 00:41:42,400

give me the information and so those

1178

00:41:47,829 --> 00:41:45,440

files show the details that they went to

1179

00:41:48,710 --> 00:41:47,839

and the length of time and money that

1180

00:41:50,390 --> 00:41:48,720

was spent

1181

00:41:51,829 --> 00:41:50,400

to try to figure out what happened the

1182

00:41:52,950 --> 00:41:51,839

president wanted to know everybody

1183

00:41:54,550 --> 00:41:52,960

wanted to know

1184

00:41:56,230 --> 00:41:54,560

and the answer to this day is still

1185

00:41:58,630 --> 00:41:56,240

unknown

1186

00:41:59,349 --> 00:41:58,640

yeah yeah it's amazing well i think it's

1187

00:42:01,190 --> 00:41:59,359

kind of

1188

00:42:02,790 --> 00:42:01,200

interesting that you know ray figured

1189

00:42:05,829 --> 00:42:02,800

that uh

1190

00:42:06,069 --> 00:42:05,839

aulani was about 36 feet from the object

1191

00:42:09,430 --> 00:42:06,079

and

1192

00:42:11,829 --> 00:42:09,440

in the blue book files it shows 150 feet

1193

00:42:13,190 --> 00:42:11,839

you know i wonder why the discrepancy

1194

00:42:15,030 --> 00:42:13,200

something like that

1195

00:42:16,710 --> 00:42:15,040

yeah blue book not only got a lot of

1196

00:42:18,390 --> 00:42:16,720

stuff wrong you can't even read half the

1197

00:42:19,829 --> 00:42:18,400

stuff they write because their grammar

1198

00:42:22,150 --> 00:42:19,839

is support

1199

00:42:23,589 --> 00:42:22,160

really would get names wrong they would

1200

00:42:25,030 --> 00:42:23,599

have incomplete sentences you could

1201
00:42:27,430 --> 00:42:25,040
understand what they were saying

1202
00:42:28,069 --> 00:42:27,440
sort of shorthand writing in a way i

1203
00:42:31,109 --> 00:42:28,079
like that

1204
00:42:33,190 --> 00:42:31,119
not only but but with the wrong facts

1205
00:42:34,870 --> 00:42:33,200
the wrong information it was a lot of

1206
00:42:38,630 --> 00:42:34,880
notes that were just disjointed

1207
00:42:41,349 --> 00:42:38,640
it was funny because um when

1208
00:42:42,950 --> 00:42:41,359
the one story i got from the physical

1209
00:42:45,349 --> 00:42:42,960
scientist mike moore

1210
00:42:46,870 --> 00:42:45,359
that lonnie took down to the site he

1211
00:42:48,470 --> 00:42:46,880
seemed to indicate that he was even

1212
00:42:51,670 --> 00:42:48,480
closer than the 36

1213
00:42:53,910 --> 00:42:51,680

feet and it's interesting because

1214

00:42:55,349 --> 00:42:53,920

ray had paced it off with dr heineck and

1215

00:42:57,190 --> 00:42:55,359

got 36 feet

1216

00:42:58,630 --> 00:42:57,200

that's that's close enough to see

1217

00:43:00,790 --> 00:42:58,640

everything you need to see

1218

00:43:02,470 --> 00:43:00,800

about the symbol and everything else

1219

00:43:04,550 --> 00:43:02,480

regards to that but when

1220

00:43:06,470 --> 00:43:04,560

when lonnie was driving up and was

1221

00:43:09,829 --> 00:43:06,480

looking out his window

1222

00:43:12,309 --> 00:43:09,839

at the creatures i think he got

1223

00:43:13,829 --> 00:43:12,319

really closer than he indicated and even

1224

00:43:16,230 --> 00:43:13,839

in michael moore's statement that he

1225

00:43:17,990 --> 00:43:16,240

wrote for the book for me he said

1226

00:43:19,990 --> 00:43:18,000

that lonnie said look there are a lot of

1227

00:43:22,470 --> 00:43:20,000

things that he had

1228

00:43:23,990 --> 00:43:22,480

referenced without saying ray's book but

1229

00:43:26,790 --> 00:43:24,000

he said

1230

00:43:27,270 --> 00:43:26,800

he kind of indicated that i was closer

1231

00:43:30,309 --> 00:43:27,280

than

1232

00:43:32,790 --> 00:43:30,319

what i even told ray so

1233

00:43:33,990 --> 00:43:32,800

it was interesting because i think at

1234

00:43:35,750 --> 00:43:34,000

that point when he's looking out the

1235

00:43:38,550 --> 00:43:35,760

window what he thought were

1236

00:43:40,150 --> 00:43:38,560

people in trouble at some point he

1237

00:43:41,910 --> 00:43:40,160

realized he weren't even

1238

00:43:44,309 --> 00:43:41,920

here and also when we spoke to lonnie's

1239

00:43:46,309 --> 00:43:44,319

daughter uh she indicated that his

1240

00:43:47,670 --> 00:43:46,319

response to what happened was so

1241

00:43:51,030 --> 00:43:47,680

profound

1242

00:43:54,230 --> 00:43:51,040

in speaking to the to the his pr uh his

1243

00:43:57,589 --> 00:43:54,240

priest at the local church and

1244

00:44:00,390 --> 00:43:57,599

uh he was he was so you know

1245

00:44:01,990 --> 00:44:00,400

confounded about creation and he just

1246

00:44:02,390 --> 00:44:02,000

you know it changed his life so much

1247

00:44:04,950 --> 00:44:02,400

that

1248

00:44:05,990 --> 00:44:04,960

obviously he saw more than what he says

1249

00:44:06,950 --> 00:44:06,000

yeah when you're looking at something

1250

00:44:08,790 --> 00:44:06,960

that's four foot tall

1251
00:44:10,710 --> 00:44:08,800
and you're looking at what appears to be

1252
00:44:12,150 --> 00:44:10,720
a down craft

1253
00:44:13,750 --> 00:44:12,160
you kind of don't have a whole lot of

1254
00:44:15,990 --> 00:44:13,760
choices as to what you're looking at

1255
00:44:17,910 --> 00:44:16,000
and the fact that they when he first had

1256
00:44:18,950 --> 00:44:17,920
white coveralls and then changed that

1257
00:44:21,030 --> 00:44:18,960
later in his life

1258
00:44:23,109 --> 00:44:21,040
i think white coveralls was a way to say

1259
00:44:24,470 --> 00:44:23,119
look i don't even want to think about it

1260
00:44:26,069 --> 00:44:24,480
or talk about it

1261
00:44:28,550 --> 00:44:26,079
i'm just going to say it was this white

1262
00:44:29,670 --> 00:44:28,560
blur and kind of leave me alone at that

1263
00:44:32,230 --> 00:44:29,680

point which

1264

00:44:34,309 --> 00:44:32,240

burns the fbi agent suggested to him to

1265

00:44:35,670 --> 00:44:34,319

do to stop talking about the creatures

1266

00:44:37,349 --> 00:44:35,680

because you're just going to catch grief

1267

00:44:38,550 --> 00:44:37,359

about it

1268

00:44:41,109 --> 00:44:38,560

well speaking of that since you

1269

00:44:43,109 --> 00:44:41,119

mentioned it what type of grief

1270

00:44:44,150 --> 00:44:43,119

did lonnie i mean he was very well

1271

00:44:47,270 --> 00:44:44,160

respected as

1272

00:44:49,670 --> 00:44:47,280

a some a man of you know an honest man

1273

00:44:51,109 --> 00:44:49,680

a great police officer but did he get

1274

00:44:52,630 --> 00:44:51,119

ridicule

1275

00:44:54,550 --> 00:44:52,640

yeah the kids in the town they would

1276

00:44:56,550 --> 00:44:54,560

taunt him all the time

1277

00:44:58,230 --> 00:44:56,560

really where uh and even some of the

1278

00:45:00,630 --> 00:44:58,240

adults um as well

1279

00:45:01,990 --> 00:45:00,640

he decided to change careers and he was

1280

00:45:06,710 --> 00:45:02,000

working at the

1281

00:45:08,870 --> 00:45:06,720

local refuge um oh yes i heard that yeah

1282

00:45:09,910 --> 00:45:08,880

yeah he got calls from all that special

1283

00:45:13,910 --> 00:45:09,920

he had offers

1284

00:45:16,150 --> 00:45:13,920

and um a lot of this i found out by

1285

00:45:17,750 --> 00:45:16,160

for re when research and when we

1286

00:45:20,710 --> 00:45:17,760

researched for the book was he had

1287

00:45:22,309 --> 00:45:20,720

he had japan and australia and all these

1288

00:45:24,309 --> 00:45:22,319

places were calling him for

1289

00:45:26,630 --> 00:45:24,319

interviews and wanted to pay him money

1290

00:45:28,790 --> 00:45:26,640

and do the documentary and do this and

1291

00:45:30,309 --> 00:45:28,800

he was like i'm just sick of it i just

1292

00:45:33,109 --> 00:45:30,319

don't want to hear about it

1293

00:45:35,190 --> 00:45:33,119

yeah he got to the point where i i have

1294

00:45:37,030 --> 00:45:35,200

a lot of hyperlinks in the book about

1295

00:45:38,309 --> 00:45:37,040

his interviews that we found during our

1296

00:45:40,390 --> 00:45:38,319

research but

1297

00:45:41,990 --> 00:45:40,400

basically he just said you know if i

1298

00:45:43,349 --> 00:45:42,000

could do it over again i'd never tell

1299

00:45:44,870 --> 00:45:43,359

you that i ever saw anything

1300

00:45:46,150 --> 00:45:44,880

because he was just sick of it he didn't

1301

00:45:47,910 --> 00:45:46,160

want the attention he could have

1302

00:45:50,870 --> 00:45:47,920

monetized it he never did

1303

00:45:51,510 --> 00:45:50,880

right it wasn't even a one landing event

1304

00:45:53,589 --> 00:45:51,520

there were

1305

00:45:55,589 --> 00:45:53,599

multiple landings and the police

1306

00:45:56,950 --> 00:45:55,599

officers and people in town kind of

1307

00:45:57,670 --> 00:45:56,960

realized that there's no way they're

1308

00:46:00,230 --> 00:45:57,680

going to tell this

1309

00:46:02,710 --> 00:46:00,240

story all over again so there was

1310

00:46:06,230 --> 00:46:02,720

landings

1311

00:46:08,950 --> 00:46:06,240

there's a whole chapter on uh other

1312

00:46:09,910 --> 00:46:08,960

egg-shaped craft landings so there's

1313

00:46:12,550 --> 00:46:09,920

gosh for

1314

00:46:14,150 --> 00:46:12,560

20 30 years there's evidence of multiple

1315

00:46:15,270 --> 00:46:14,160

egg shape football shape however you

1316

00:46:17,990 --> 00:46:15,280

want to describe it

1317

00:46:19,349 --> 00:46:18,000

inverted bathtub type landings in and

1318

00:46:21,430 --> 00:46:19,359

around the area

1319

00:46:22,390 --> 00:46:21,440

and especially during lonnie's encounter

1320

00:46:27,990 --> 00:46:22,400

there was

1321

00:46:31,349 --> 00:46:28,000

incursions and

1322

00:46:33,430 --> 00:46:31,359

you know multiple cities in that area so

1323

00:46:34,470 --> 00:46:33,440

it wasn't a one-off event like a lot of

1324

00:46:36,230 --> 00:46:34,480

people

1325

00:46:37,510 --> 00:46:36,240

thought and even kevin randle when he

1326
00:46:40,309 --> 00:46:37,520
interviewed us for his

1327
00:46:41,270 --> 00:46:40,319
uh his show he thought it was a one

1328
00:46:43,190 --> 00:46:41,280
witness event

1329
00:46:44,950 --> 00:46:43,200
and when you really do your digging it's

1330
00:46:47,589 --> 00:46:44,960
not a one witness event it's a

1331
00:46:47,990 --> 00:46:47,599
multiple layer of events that happened

1332
00:46:50,470 --> 00:46:48,000
that

1333
00:46:52,230 --> 00:46:50,480
many people saw in different areas and

1334
00:46:53,990 --> 00:46:52,240
times

1335
00:46:56,230 --> 00:46:54,000
you know it's it's really amazing

1336
00:46:57,589 --> 00:46:56,240
because uh

1337
00:46:59,510 --> 00:46:57,599
what when i think about you're telling

1338
00:47:02,870 --> 00:46:59,520

me in the area these

1339

00:47:05,670 --> 00:47:02,880

egg shake shaped crafts were seen

1340

00:47:06,309 --> 00:47:05,680

and you hear this a lot about particular

1341

00:47:09,510 --> 00:47:06,319

types

1342

00:47:11,270 --> 00:47:09,520

of craft that are seen repeatedly you

1343

00:47:13,670 --> 00:47:11,280

know the belgium triangle

1344

00:47:14,390 --> 00:47:13,680

uh you know they're just seen over and

1345

00:47:18,790 --> 00:47:14,400

over

1346

00:47:21,430 --> 00:47:18,800

a small

1347

00:47:22,470 --> 00:47:21,440

geographic area which i think is

1348

00:47:25,750 --> 00:47:22,480

baffling

1349

00:47:26,710 --> 00:47:25,760

uh because if that craft got here from

1350

00:47:29,910 --> 00:47:26,720

wherever it came

1351

00:47:30,710 --> 00:47:29,920

why would it stick in one place and not

1352

00:47:32,710 --> 00:47:30,720

explore

1353

00:47:34,790 --> 00:47:32,720

it's kind of a big earth you know do you

1354

00:47:36,870 --> 00:47:34,800

ever it was kind of a hotbed

1355

00:47:37,990 --> 00:47:36,880

if you consider all the historical

1356

00:47:40,069 --> 00:47:38,000

incidents

1357

00:47:41,430 --> 00:47:40,079

from the past present and who knows

1358

00:47:44,630 --> 00:47:41,440

what's coming next but

1359

00:47:45,430 --> 00:47:44,640

that area mexico to new mexico and you

1360

00:47:47,829 --> 00:47:45,440

can probably draw

1361

00:47:48,470 --> 00:47:47,839

lines and figure out you know where all

1362

00:47:51,750 --> 00:47:48,480

these

1363

00:47:53,030 --> 00:47:51,760

places have in common but it is

1364

00:47:54,790 --> 00:47:53,040

interesting that

1365

00:47:56,870 --> 00:47:54,800

the egg-shaped craft is something that's

1366

00:47:58,549 --> 00:47:56,880

been seen throughout history in fact

1367

00:48:00,150 --> 00:47:58,559

i was just telling ben over the weekend

1368

00:48:01,430 --> 00:48:00,160

i was visiting my girlfriend in southern

1369

00:48:05,030 --> 00:48:01,440

virginia and i saw these

1370

00:48:07,030 --> 00:48:05,040

two white spherical looking orbs

1371

00:48:08,630 --> 00:48:07,040

circling each other crossing the sky in

1372

00:48:11,510 --> 00:48:08,640

about 12 seconds

1373

00:48:13,270 --> 00:48:11,520

my phone was inside i got the binoculars

1374

00:48:16,549 --> 00:48:13,280

after that trying to catch it again

1375

00:48:17,910 --> 00:48:16,559

never came back what classic ufo story

1376

00:48:19,750 --> 00:48:17,920

you know what i mean and so

1377

00:48:21,430 --> 00:48:19,760

uh that to me i was thinking to myself

1378

00:48:23,030 --> 00:48:21,440

wow and that's something i'm not even

1379

00:48:25,109 --> 00:48:23,040

gonna bother recording because

1380

00:48:26,309 --> 00:48:25,119

what i just saw something in the sky

1381

00:48:29,990 --> 00:48:26,319

absolutely no

1382

00:48:33,430 --> 00:48:30,000

yeah the fact that during some homework

1383

00:48:34,069 --> 00:48:33,440

and um it's with the internet it's not

1384

00:48:36,069 --> 00:48:34,079

hard to do

1385

00:48:37,990 --> 00:48:36,079

but there were so many egg-shaped crafts

1386

00:48:41,430 --> 00:48:38,000

seen in france

1387

00:48:41,910 --> 00:48:41,440

in europe and uh in america but

1388

00:48:44,710 --> 00:48:41,920

especially

1389

00:48:45,589 --> 00:48:44,720

along this 60 west corridor so when you

1390

00:48:49,190 --> 00:48:45,599

look at the map

1391

00:48:52,069 --> 00:48:49,200

and you go from socorro to daytill

1392

00:48:53,910 --> 00:48:52,079

and magdalena and all these places where

1393

00:48:55,030 --> 00:48:53,920

all these ufo events have happened over

1394

00:48:56,790 --> 00:48:55,040

time

1395

00:48:59,109 --> 00:48:56,800

there was evidence of an egg-shaped

1396

00:49:01,430 --> 00:48:59,119

craft reported throughout that area

1397

00:49:02,549 --> 00:49:01,440

not just by civilians but by military

1398

00:49:10,390 --> 00:49:02,559

police

1399

00:49:13,589 --> 00:49:10,400

and and military people at bases

1400

00:49:15,430 --> 00:49:13,599

and tracked on radar so that whole

1401
00:49:17,670 --> 00:49:15,440
chapter in the book was to show you

1402
00:49:19,270 --> 00:49:17,680
that this wasn't a one-off event and

1403
00:49:21,829 --> 00:49:19,280
there were a lot of reports before and

1404
00:49:23,990 --> 00:49:21,839
after this event about a shape craft

1405
00:49:25,109 --> 00:49:24,000
maybe a similar type of craft being

1406
00:49:28,230 --> 00:49:25,119
reported

1407
00:49:30,309 --> 00:49:28,240
so i really kind of wanted to amalgamate

1408
00:49:32,710 --> 00:49:30,319
all the data we found

1409
00:49:34,549 --> 00:49:32,720
from all the years that showed that

1410
00:49:36,790 --> 00:49:34,559
lonnie was just in the middle

1411
00:49:39,030 --> 00:49:36,800
of a tremendous event and flap that was

1412
00:49:41,829 --> 00:49:39,040
going on at the time

1413
00:49:42,870 --> 00:49:41,839

wow now i know there are statistics

1414

00:49:45,670 --> 00:49:42,880

where they show

1415

00:49:46,630 --> 00:49:45,680

you know for ufo sightings there are you

1416

00:49:48,790 --> 00:49:46,640

know there's

1417

00:49:49,910 --> 00:49:48,800

so many disc shapes there's so many

1418

00:49:53,430 --> 00:49:49,920

triangle shapes

1419

00:49:55,510 --> 00:49:53,440

orbs etc like that do the egg shape even

1420

00:49:58,150 --> 00:49:55,520

come up on a list like that as far as

1421

00:49:59,349 --> 00:49:58,160

a percentage a very small percentage of

1422

00:50:02,230 --> 00:49:59,359

sightings

1423

00:50:04,230 --> 00:50:02,240

chapter four the last chapter of my book

1424

00:50:06,950 --> 00:50:04,240

is from cheryl costa

1425

00:50:08,150 --> 00:50:06,960

who did an egg-shaped vehicle analysis

1426
00:50:11,109 --> 00:50:08,160
for me

1427
00:50:13,270 --> 00:50:11,119
and showed that you know it's rare but

1428
00:50:15,589 --> 00:50:13,280
there are many cases of egg-shaped

1429
00:50:16,630 --> 00:50:15,599
craft so it was a perfect ending to the

1430
00:50:19,190 --> 00:50:16,640
book for her

1431
00:50:20,790 --> 00:50:19,200
chapter she had written this report for

1432
00:50:24,069 --> 00:50:20,800
the syracuse

1433
00:50:24,870 --> 00:50:24,079
journal in new york and so she allowed

1434
00:50:27,270 --> 00:50:24,880
me to

1435
00:50:27,990 --> 00:50:27,280
you know reprint that in the book but it

1436
00:50:31,109 --> 00:50:28,000
shows

1437
00:50:33,829 --> 00:50:31,119
egg shame craft or you know egg when you

1438
00:50:35,430 --> 00:50:33,839

do the history of this cosmic egg the

1439

00:50:37,430 --> 00:50:35,440

fact that life you know

1440

00:50:38,470 --> 00:50:37,440

the chicken and the egg however you want

1441

00:50:41,030 --> 00:50:38,480

to describe it

1442

00:50:42,069 --> 00:50:41,040

it's a cosmic symbol the egg seems to be

1443

00:50:43,190 --> 00:50:42,079

a cosmic symbol

1444

00:50:44,950 --> 00:50:43,200

and when you're talking about an

1445

00:50:46,309 --> 00:50:44,960

egg-shaped flying craft you're talking

1446

00:50:49,589 --> 00:50:46,319

about something that

1447

00:50:52,069 --> 00:50:49,599

is kind of aerodynamic but without any

1448

00:50:53,589 --> 00:50:52,079

lifting agents or anything then you're

1449

00:50:55,190 --> 00:50:53,599

talking about some type of

1450

00:50:56,950 --> 00:50:55,200

and this is why we're not all flying

1451
00:50:58,630 --> 00:50:56,960
around a shaped car but you're talking

1452
00:51:02,390 --> 00:50:58,640
about some type of exotic

1453
00:51:03,910 --> 00:51:02,400
propulsion which has to be anti-gravity

1454
00:51:06,150 --> 00:51:03,920
in some form or another i can't really

1455
00:51:07,670 --> 00:51:06,160
think unless it's magnetic or something

1456
00:51:10,390 --> 00:51:07,680
but when you have an egg-shaped object

1457
00:51:11,910 --> 00:51:10,400
with no air falls no engines no exhaust

1458
00:51:14,470 --> 00:51:11,920
no plume

1459
00:51:16,309 --> 00:51:14,480
not even a glow or and possibly a plasma

1460
00:51:19,750 --> 00:51:16,319
glow around it or whatever but

1461
00:51:23,109 --> 00:51:19,760
that's the type of propulsion which is

1462
00:51:24,150 --> 00:51:23,119
unknown and we don't fly if this was our

1463
00:51:27,109 --> 00:51:24,160

own tech

1464

00:51:28,710 --> 00:51:27,119

in 64 we certainly be seeing egg-shaped

1465

00:51:31,829 --> 00:51:28,720

craft flying around

1466

00:51:35,270 --> 00:51:31,839

from our military apparatus in

1467

00:51:36,710 --> 00:51:35,280

2020. so i still don't think it was one

1468

00:51:39,030 --> 00:51:36,720

of ours and i have a whole chapter on

1469

00:51:41,990 --> 00:51:39,040

this you know about why it's not ours

1470

00:51:43,670 --> 00:51:42,000

if any company or government agency had

1471

00:51:45,349 --> 00:51:43,680

produced this in 64

1472

00:51:47,829 --> 00:51:45,359

they'd be happy to tell you about it now

1473

00:51:50,790 --> 00:51:47,839

and say hey that was ours man we fooled

1474

00:51:54,069 --> 00:51:50,800

the heck out of you guys

1475

00:51:57,270 --> 00:51:54,079

yeah i'm you know i mean an egg is

1476
00:52:00,549 --> 00:51:57,280
almost like a sphere as far as you know

1477
00:52:01,349 --> 00:52:00,559
pressure um it absorbs pressure very

1478
00:52:04,230 --> 00:52:01,359
well

1479
00:52:05,430 --> 00:52:04,240
um you know unlike other structures and

1480
00:52:08,630 --> 00:52:05,440
who knows if that

1481
00:52:10,230 --> 00:52:08,640
plays into exactly you know why this was

1482
00:52:11,990 --> 00:52:10,240
egg-shaped and that was one of my

1483
00:52:15,349 --> 00:52:12,000
questions main questions i wanted

1484
00:52:18,710 --> 00:52:15,359
to ask you is how long have people seen

1485
00:52:19,910 --> 00:52:18,720
egg shaped crafting you say all the way

1486
00:52:22,630 --> 00:52:19,920
back in france a

1487
00:52:23,030 --> 00:52:22,640
year many years ago way before that i

1488
00:52:25,589 --> 00:52:23,040

would

1489

00:52:26,630 --> 00:52:25,599

venture to even say the dawn of time

1490

00:52:29,270 --> 00:52:26,640

yeah yeah way

1491

00:52:30,230 --> 00:52:29,280

way way back there it depends on the

1492

00:52:33,270 --> 00:52:30,240

tech

1493

00:52:39,430 --> 00:52:33,280

they would say

1494

00:52:40,790 --> 00:52:39,440

telephone pole upside down bathtub

1495

00:52:42,710 --> 00:52:40,800

football shaped

1496

00:52:45,990 --> 00:52:42,720

but then as you go further back in time

1497

00:52:49,190 --> 00:52:46,000

you know cigar shaped uh

1498

00:52:50,230 --> 00:52:49,200

uh you know elongated saucer

1499

00:52:52,309 --> 00:52:50,240

you know there's just different

1500

00:52:54,549 --> 00:52:52,319

descriptions trying to describe

1501

00:52:56,630 --> 00:52:54,559

something that's more like a

1502

00:52:59,270 --> 00:52:56,640

an ellipsoid i mean i've seen even the

1503

00:53:01,510 --> 00:52:59,280

egyptian egyptian carbons of egg

1504

00:53:02,390 --> 00:53:01,520

including uh for the cave paintings in

1505

00:53:03,510 --> 00:53:02,400

france

1506

00:53:05,829 --> 00:53:03,520

that are some of the oldest cave

1507

00:53:10,150 --> 00:53:05,839

paintings there's an ellipsoidal

1508

00:53:12,390 --> 00:53:10,160

looking uh carving in the stone

1509

00:53:14,549 --> 00:53:12,400

interesting we're going into break in

1510

00:53:17,349 --> 00:53:14,559

two minutes and i just wanted to

1511

00:53:18,390 --> 00:53:17,359

because up during the break i'm gonna

1512

00:53:21,190 --> 00:53:18,400

i'm gonna run a

1513

00:53:21,910 --> 00:53:21,200

lonnie zamora uh audio clip of him being

1514

00:53:25,349 --> 00:53:21,920

interviewed

1515

00:53:26,150 --> 00:53:25,359

but um let's lead up to that and let's

1516

00:53:29,589 --> 00:53:26,160

talk about

1517

00:53:31,030 --> 00:53:29,599

lonnie um do you agree with the

1518

00:53:34,069 --> 00:53:31,040

statement i made earlier that

1519

00:53:35,190 --> 00:53:34,079

the reason this case uh the main reason

1520

00:53:38,470 --> 00:53:35,200

this case

1521

00:53:40,470 --> 00:53:38,480

is so strong is because of lonnie

1522

00:53:42,630 --> 00:53:40,480

chapter four i think it is in the book

1523

00:53:44,390 --> 00:53:42,640

is the nature of lani zamora

1524

00:53:45,990 --> 00:53:44,400

so i covered that in great detail

1525

00:53:49,829 --> 00:53:46,000

especially after talking to

1526
00:53:51,510 --> 00:53:49,839
diana lonnie's daughter and doing some

1527
00:53:53,990 --> 00:53:51,520
work tony and i talked to a lot of

1528
00:53:57,190 --> 00:53:54,000
people in town that knew lonnie

1529
00:53:59,430 --> 00:53:57,200
and through our investigative research

1530
00:54:01,589 --> 00:53:59,440
we got a pretty good idea of who lonnie

1531
00:54:02,230 --> 00:54:01,599
was and i built a whole chapter around

1532
00:54:06,870 --> 00:54:02,240
that

1533
00:54:08,950 --> 00:54:06,880
so to understand the nature of this case

1534
00:54:10,470 --> 00:54:08,960
you have to start with who reported who

1535
00:54:12,390 --> 00:54:10,480
was the soul witch you know we spoke to

1536
00:54:13,750 --> 00:54:12,400
um one of his best friends paul hardin

1537
00:54:16,870 --> 00:54:13,760
and he said that

1538
00:54:18,790 --> 00:54:16,880

no disrespect but lonnie was not clever

1539

00:54:20,870 --> 00:54:18,800

enough to pull off something like this

1540

00:54:23,030 --> 00:54:20,880

as a hoax because he was a simple guy

1541

00:54:24,230 --> 00:54:23,040

simple honest guy who just was a

1542

00:54:26,230 --> 00:54:24,240

downright

1543

00:54:28,230 --> 00:54:26,240

great police officer and honest person

1544

00:54:29,750 --> 00:54:28,240

so and you know he didn't mean anything

1545

00:54:31,430 --> 00:54:29,760

negative about it just meant to say that

1546

00:54:33,430 --> 00:54:31,440

there's no way that his mind could have

1547

00:54:35,349 --> 00:54:33,440

conceived of something this complex

1548

00:54:37,510 --> 00:54:35,359

he didn't care about ufos it was not on

1549

00:54:39,030 --> 00:54:37,520

his horizon at all so this is

1550

00:54:41,109 --> 00:54:39,040

totally out of contact with the

1551

00:54:42,950 --> 00:54:41,119

character of the person

1552

00:54:45,030 --> 00:54:42,960

and and you know talking to his friends

1553

00:54:47,030 --> 00:54:45,040

and his family

1554

00:54:48,950 --> 00:54:47,040

in his life he said if i could do it

1555

00:54:50,230 --> 00:54:48,960

over i would never have told anybody

1556

00:54:52,630 --> 00:54:50,240

this happened

1557

00:54:53,589 --> 00:54:52,640

yeah yeah i get that all right well it's

1558

00:54:56,069 --> 00:54:53,599

time for us to go

1559

00:54:57,270 --> 00:54:56,079

into break and uh this clip that i'm

1560

00:55:00,549 --> 00:54:57,280

going to be playing

1561

00:55:04,549 --> 00:55:00,559

is uh is a interview

1562

00:55:06,870 --> 00:55:04,559

with lonnie back in april 24 1964

1563

00:55:07,829 --> 00:55:06,880

interviewed by nycaps uh streeter

1564

00:55:10,309 --> 00:55:07,839

stewart

1565

00:55:16,470 --> 00:55:10,319

oh actually april 29th is when this was

1566

00:55:21,829 --> 00:55:20,150

going up

1567

00:55:23,190 --> 00:55:21,839

after the time i came to this little

1568

00:55:26,390 --> 00:55:23,200

road

1569

00:55:28,710 --> 00:55:26,400

i heard this big roar blast

1570

00:55:30,710 --> 00:55:28,720

we got a dynamite check to the west

1571

00:55:31,430 --> 00:55:30,720

there i'll try to investigate maybe i

1572

00:55:34,069 --> 00:55:31,440

thought maybe

1573

00:55:34,710 --> 00:55:34,079

blowed up so i started up there real

1574

00:55:38,470 --> 00:55:34,720

fast

1575

00:55:39,109 --> 00:55:38,480

halfway through it i stuck my head out

1576
00:55:41,349 --> 00:55:39,119
the window

1577
00:55:42,630 --> 00:55:41,359
out of the car and i've seen this quite

1578
00:55:47,430 --> 00:55:42,640
a

1579
00:55:49,589 --> 00:55:47,440
subject excuse me object

1580
00:55:51,030 --> 00:55:49,599
uh i didn't know what it was at that

1581
00:55:54,150 --> 00:55:51,040
time i thought it was a

1582
00:55:56,230 --> 00:55:54,160
car that turned over vehicle that turned

1583
00:55:58,710 --> 00:55:56,240
over

1584
00:55:59,670 --> 00:55:58,720
i started off real fast so i could maybe

1585
00:56:02,950 --> 00:55:59,680
help the people

1586
00:56:04,390 --> 00:56:02,960
in the car i went up to it closed about

1587
00:56:07,990 --> 00:56:04,400
200 feet

1588
00:56:10,870 --> 00:56:08,000

and started touring

1589

00:56:11,750 --> 00:56:10,880

when i heard this big noise again same

1590

00:56:14,470 --> 00:56:11,760

noise

1591

00:56:16,710 --> 00:56:14,480

and the plane coming under it i got

1592

00:56:18,549 --> 00:56:16,720

scared by running back i ran about 50

1593

00:56:21,750 --> 00:56:18,559

feet from it

1594

00:56:25,430 --> 00:56:21,760

uh i

1595

00:56:27,190 --> 00:56:25,440

told myself to the ground to hide

1596

00:56:30,150 --> 00:56:27,200

afterwards uh how do you hear the noise

1597

00:56:32,470 --> 00:56:30,160

no more

1598

00:56:34,710 --> 00:56:32,480

i just looked at my head to see what was

1599

00:56:37,030 --> 00:56:34,720

happening

1600

00:56:38,309 --> 00:56:37,040

it was real quiet then and i thought it

1601
00:56:41,190 --> 00:56:38,319
quite object

1602
00:56:42,230 --> 00:56:41,200
just take off towards the west there

1603
00:56:44,870 --> 00:56:42,240
smooth out

1604
00:56:46,069 --> 00:56:44,880
did it leave any kind of a vapor trail

1605
00:56:49,510 --> 00:56:46,079
when it took off

1606
00:56:52,150 --> 00:56:49,520
also it didn't just quite normal

1607
00:56:55,670 --> 00:56:52,160
but it did make a roar at the time you

1608
00:56:59,589 --> 00:56:57,670
and you could actually see the flame in

1609
00:57:05,670 --> 00:56:59,599
under it yes i did

1610
00:57:09,349 --> 00:57:07,510
and you thought there were four of these

1611
00:57:26,390 --> 00:57:09,359
uh apparently the wall from the

1612
00:57:29,990 --> 00:57:28,870
i see and when you went back to examine

1613
00:57:32,069 --> 00:57:30,000

it what did you find

1614

00:57:33,270 --> 00:57:32,079

near where it had been parked well uh

1615

00:57:35,430 --> 00:57:33,280

the bush

1616

00:57:37,910 --> 00:57:35,440

bushes were around their greased wood

1617

00:57:47,990 --> 00:57:37,920

grass was still burning

1618

00:58:01,750 --> 00:57:50,710

did the legs go up into the object when

1619

00:58:08,549 --> 00:58:04,789

all right i'm back with my guests

1620

00:58:11,910 --> 00:58:08,559

tony and ben or ben and tony uh

1621

00:58:15,030 --> 00:58:11,920

ben moss and tony and giola and

1622

00:58:15,430 --> 00:58:15,040

we are back guys uh you got me ben is

1623

00:58:18,950 --> 00:58:15,440

still

1624

00:58:21,829 --> 00:58:18,960

in the bathroom okay

1625

00:58:22,549 --> 00:58:21,839

no problem not that we're gonna luther

1626
00:58:26,549 --> 00:58:22,559
or anything

1627
00:58:29,510 --> 00:58:26,559
yeah okay uh well all right hey

1628
00:58:30,390 --> 00:58:29,520
uh tony so let's let's continue on uh

1629
00:58:32,470 --> 00:58:30,400
one of the

1630
00:58:34,069 --> 00:58:32,480
things i think is fascinating about this

1631
00:58:37,190 --> 00:58:34,079
case is the

1632
00:58:40,309 --> 00:58:37,200
the hoax theories and uh who

1633
00:58:42,230 --> 00:58:40,319
i know a university perpetuated um

1634
00:58:44,470 --> 00:58:42,240
a hoax i believe it was them or there

1635
00:58:46,230 --> 00:58:44,480
was one person in particular i think his

1636
00:58:49,829 --> 00:58:46,240
last name begins with the b

1637
00:58:51,589 --> 00:58:49,839
um do i have that right it sounds for

1638
00:58:53,190 --> 00:58:51,599

i can't remember ray ray told me about

1639

00:58:56,549 --> 00:58:53,200

it yeah ray likes to call him dr

1640

00:58:58,950 --> 00:58:56,559

toothpaste i think um

1641

00:59:00,069 --> 00:58:58,960

because the last name is colgate called

1642

00:59:04,870 --> 00:59:00,079

colgate well c

1643

00:59:07,430 --> 00:59:04,880

b c yeah okay so uh basically

1644

00:59:09,270 --> 00:59:07,440

he was doing one of these explanations

1645

00:59:11,109 --> 00:59:09,280

you can't get there from here excuses

1646

00:59:14,150 --> 00:59:11,119

and therefore must be a hoax

1647

00:59:16,069 --> 00:59:14,160

with absolutely no investigation uh

1648

00:59:17,349 --> 00:59:16,079

no proof to the contrary anything like

1649

00:59:20,789 --> 00:59:17,359

this so

1650

00:59:22,390 --> 00:59:20,799

uh he was very easy uh to dispel because

1651

00:59:23,910 --> 00:59:22,400

at the end of the day he really didn't

1652

00:59:26,789 --> 00:59:23,920

want to have anything to do with this

1653

00:59:28,390 --> 00:59:26,799

he was not a not a he didn't have a very

1654

00:59:29,349 --> 00:59:28,400

good track record let's say he likes to

1655

00:59:32,549 --> 00:59:29,359

party

1656

00:59:33,190 --> 00:59:32,559

uh and um he just really wasn't that

1657

00:59:36,309 --> 00:59:33,200

credible

1658

00:59:37,030 --> 00:59:36,319

of a person to say anything at all about

1659

00:59:39,990 --> 00:59:37,040

this case

1660

00:59:42,069 --> 00:59:40,000

um and then i'm sure details that which

1661

00:59:43,589 --> 00:59:42,079

i'm a doctor dr toothpaste

1662

00:59:45,430 --> 00:59:43,599

then just got back that's your

1663

00:59:47,910 --> 00:59:45,440

toothpaste colgate

1664

00:59:48,710 --> 00:59:47,920

yeah what did he say didn't he say they

1665

00:59:51,589 --> 00:59:48,720

put like us

1666

00:59:52,950 --> 00:59:51,599

the college students uh did this as a

1667

00:59:55,190 --> 00:59:52,960

hoax and they put like a

1668

00:59:56,470 --> 00:59:55,200

video screen up do i have that right

1669

00:59:58,630 --> 00:59:56,480

something bizarre

1670

01:00:01,190 --> 00:59:58,640

they were using a car to pull a balloon

1671

01:00:04,470 --> 01:00:01,200

no initially i have the whole timeline

1672

01:00:06,309 --> 01:00:04,480

in the book initially he said this is

1673

01:00:07,829 --> 01:00:06,319

quote verbatim it was a candidate

1674

01:00:10,870 --> 01:00:07,839

balloon not sophisticated

1675

01:00:12,470 --> 01:00:10,880

that's how he ended this letter and so

1676

01:00:14,069 --> 01:00:12,480

he had to build upon that because he

1677

01:00:16,069 --> 01:00:14,079

told a lie because his

1678

01:00:18,230 --> 01:00:16,079

primary belief was they can't get there

1679

01:00:19,030 --> 01:00:18,240

from here so this has to be a student

1680

01:00:20,309 --> 01:00:19,040

hoax

1681

01:00:21,750 --> 01:00:20,319

so he didn't have it on any good

1682

01:00:22,470 --> 01:00:21,760

authority it was a student host he

1683

01:00:25,190 --> 01:00:22,480

basically

1684

01:00:25,829 --> 01:00:25,200

assumed it was and the two students he

1685

01:00:28,710 --> 01:00:25,839

named

1686

01:00:30,150 --> 01:00:28,720

we found them in one said hospital once

1687

01:00:32,150 --> 01:00:30,160

said he wasn't on campus

1688

01:00:34,069 --> 01:00:32,160

and the other said he was studying for

1689

01:00:35,750 --> 01:00:34,079

exams he didn't know why colgate threw

1690

01:00:37,349 --> 01:00:35,760

him under the bus so

1691

01:00:39,190 --> 01:00:37,359

they both denied it but it was in the

1692

01:00:39,750 --> 01:00:39,200

hospital we went down there uh well now

1693

01:00:43,109 --> 01:00:39,760

he was

1694

01:00:44,309 --> 01:00:43,119

there one was in bad shape we asked to

1695

01:00:46,230 --> 01:00:44,319

interview them

1696

01:00:48,870 --> 01:00:46,240

um i found out through three different

1697

01:00:50,870 --> 01:00:48,880

sources who they were

1698

01:00:53,109 --> 01:00:50,880

and that through credible sources that

1699

01:00:54,390 --> 01:00:53,119

you know from socorro that lived there a

1700

01:00:57,670 --> 01:00:54,400

long time and

1701

01:01:00,630 --> 01:00:57,680

even the bartender who knew lonnie

1702

01:01:01,270 --> 01:01:00,640

was uh a bartender throughout this whole

1703

01:01:03,750 --> 01:01:01,280

period

1704

01:01:05,190 --> 01:01:03,760

and you know he was the phd graduate of

1705

01:01:07,750 --> 01:01:05,200

new mexico tech

1706

01:01:08,470 --> 01:01:07,760

so everybody knew everybody and the fact

1707

01:01:11,030 --> 01:01:08,480

that

1708

01:01:13,270 --> 01:01:11,040

if somebody created a hoax it would have

1709

01:01:15,349 --> 01:01:13,280

come out you know you would have said

1710

01:01:17,109 --> 01:01:15,359

years after the any penalties for doing

1711

01:01:18,710 --> 01:01:17,119

a hoax would it would have

1712

01:01:20,470 --> 01:01:18,720

exonerated you you would come and say

1713

01:01:22,230 --> 01:01:20,480

hey it was me i did it you know

1714

01:01:24,870 --> 01:01:22,240

hiring me for hollywood or whatever the

1715

01:01:27,829 --> 01:01:24,880

case that never happened and so

1716

01:01:29,109 --> 01:01:27,839

tony and i's investigation we cover all

1717

01:01:31,030 --> 01:01:29,119

these points in the book

1718

01:01:32,789 --> 01:01:31,040

closely because i want to give both

1719

01:01:35,750 --> 01:01:32,799

sides of the story

1720

01:01:36,470 --> 01:01:35,760

i look for every reason for this to be

1721

01:01:39,589 --> 01:01:36,480

not

1722

01:01:41,589 --> 01:01:39,599

what it looks like it turned out to be

1723

01:01:43,910 --> 01:01:41,599

which was extraterrestrial visitation

1724

01:01:45,750 --> 01:01:43,920

but all the evidence pointed to the fact

1725

01:01:46,069 --> 01:01:45,760

that there was no earthly explanation

1726

01:01:48,789 --> 01:01:46,079

for

1727

01:01:49,990 --> 01:01:48,799

everything that occurred and there's

1728

01:01:57,270 --> 01:01:50,000

another

1729

01:02:00,549 --> 01:01:57,280

um like a module you know uh

1730

01:02:03,510 --> 01:02:00,559

united states text tech um

1731

01:02:04,309 --> 01:02:03,520

and what about how what about that one

1732

01:02:07,190 --> 01:02:04,319

i'm sure you've

1733

01:02:08,789 --> 01:02:07,200

looked into that one too you mean the

1734

01:02:12,150 --> 01:02:08,799

lunar module

1735

01:02:15,270 --> 01:02:12,160

we're always even

1736

01:02:15,589 --> 01:02:15,280

flying yeah we have a document showing

1737

01:02:20,390 --> 01:02:15,599

that

1738

01:02:21,990 --> 01:02:20,400

time but there's a couple of things

1739

01:02:25,349 --> 01:02:22,000

wrong with that

1740

01:02:27,990 --> 01:02:25,359

white sands is about 35 miles off of

1741

01:02:29,510 --> 01:02:28,000

this public desert you wouldn't have the

1742

01:02:33,750 --> 01:02:29,520

top secret

1743

01:02:36,309 --> 01:02:33,760

lunar module in socorro when you had

1744

01:02:39,349 --> 01:02:36,319

hundreds of thousands of acres of

1745

01:02:42,470 --> 01:02:39,359

government property tested on secondly

1746

01:02:43,910 --> 01:02:42,480

our research showed that this thing

1747

01:02:45,589 --> 01:02:43,920

didn't even have a test flight on the

1748

01:02:47,270 --> 01:02:45,599

day it was cancelled and the only thing

1749

01:02:49,029 --> 01:02:47,280

going on at the time of the lunar module

1750

01:02:50,150 --> 01:02:49,039

was it was being dropped from a bell

1751
01:02:52,309 --> 01:02:50,160
helicopter

1752
01:02:53,990 --> 01:02:52,319
by cables to test the internet integrity

1753
01:02:57,029 --> 01:02:54,000
of the struts

1754
01:02:57,990 --> 01:02:57,039
and the bottom the landing gear of this

1755
01:03:00,789 --> 01:02:58,000
was round

1756
01:03:01,990 --> 01:03:00,799
and the landing gear of the socorro

1757
01:03:04,390 --> 01:03:02,000
object was triangular

1758
01:03:05,910 --> 01:03:04,400
shape so you don't have any flights on

1759
01:03:07,750 --> 01:03:05,920
that day the first flight actually

1760
01:03:09,670 --> 01:03:07,760
happened in california far away from

1761
01:03:12,870 --> 01:03:09,680
scoring new mexico

1762
01:03:16,069 --> 01:03:12,880
the fact that they used a hydroxide

1763
01:03:19,349 --> 01:03:16,079

caustic type of material

1764

01:03:20,309 --> 01:03:19,359

to power the engine caused the engine to

1765

01:03:22,870 --> 01:03:20,319

be rebuilt

1766

01:03:23,990 --> 01:03:22,880

every time they tested it because it was

1767

01:03:26,710 --> 01:03:24,000

designed to fly

1768

01:03:28,789 --> 01:03:26,720

in space not in the atmosphere so every

1769

01:03:30,069 --> 01:03:28,799

time they tested it it crashed after

1770

01:03:32,069 --> 01:03:30,079

about 30 seconds

1771

01:03:34,630 --> 01:03:32,079

they had to rebuild the engine and

1772

01:03:36,390 --> 01:03:34,640

certainly couldn't fly for more than

1773

01:03:37,750 --> 01:03:36,400

even on the test didn't fly for more

1774

01:03:40,309 --> 01:03:37,760

than a minute or so

1775

01:03:41,589 --> 01:03:40,319

and what lonnie zamora recorded flew for

1776

01:03:43,029 --> 01:03:41,599

a lot longer than that

1777

01:03:44,630 --> 01:03:43,039

at great distances in high school i

1778

01:03:46,710 --> 01:03:44,640

think it hovered longer than

1779

01:03:48,309 --> 01:03:46,720

however i mean you know the module

1780

01:03:49,430 --> 01:03:48,319

didn't carry two people at a time it

1781

01:03:50,710 --> 01:03:49,440

carried one person

1782

01:03:53,109 --> 01:03:50,720

everything's wrong about the learner

1783

01:03:53,750 --> 01:03:53,119

module and even nasa and hughes aircraft

1784

01:03:55,109 --> 01:03:53,760

and everybody

1785

01:03:57,589 --> 01:03:55,119

i have all the documents from the

1786

01:03:58,950 --> 01:03:57,599

craigslist file said it wasn't ours we

1787

01:04:00,710 --> 01:03:58,960

weren't flying

1788

01:04:02,630 --> 01:04:00,720

hector quintanilla had all the top

1789

01:04:04,150 --> 01:04:02,640

secret clearances and since the joint

1790

01:04:07,589 --> 01:04:04,160

chief of staffs

1791

01:04:08,470 --> 01:04:07,599

the president the cia fbi all wanted

1792

01:04:10,549 --> 01:04:08,480

answers

1793

01:04:12,069 --> 01:04:10,559

you had to tell them the truth so

1794

01:04:13,910 --> 01:04:12,079

everything that was told

1795

01:04:15,670 --> 01:04:13,920

through these documents that rob mercer

1796

01:04:16,549 --> 01:04:15,680

found through the blue book files are

1797

01:04:18,150 --> 01:04:16,559

accurate

1798

01:04:19,990 --> 01:04:18,160

they didn't know what the heck was going

1799

01:04:21,270 --> 01:04:20,000

on they had no they could not explain

1800

01:04:24,309 --> 01:04:21,280

the vehicle

1801

01:04:27,510 --> 01:04:24,319

that landed at that time yeah

1802

01:04:28,470 --> 01:04:27,520

yeah that's great um yeah i mean the the

1803

01:04:31,029 --> 01:04:28,480

way the thing

1804

01:04:32,549 --> 01:04:31,039

hovered you know in particular is is

1805

01:04:35,029 --> 01:04:32,559

pretty bizarre

1806

01:04:36,789 --> 01:04:35,039

and uh i still can't get over the fact

1807

01:04:39,270 --> 01:04:36,799

that it made no sound and then

1808

01:04:40,069 --> 01:04:39,280

made a big roar you know i mean it's

1809

01:04:42,870 --> 01:04:40,079

just uh

1810

01:04:44,630 --> 01:04:42,880

it is baffling how long he said there's

1811

01:04:46,549 --> 01:04:44,640

a tertiary engine

1812

01:04:48,549 --> 01:04:46,559

and there's a yeah yeah yeah so this

1813

01:04:50,150 --> 01:04:48,559

thing the egg shape

1814

01:04:51,589 --> 01:04:50,160

i would imagine it came from a larger

1815

01:04:54,470 --> 01:04:51,599

craft and you know but

1816

01:04:55,829 --> 01:04:54,480

if it was you know designed to penetrate

1817

01:04:58,390 --> 01:04:55,839

the atmosphere

1818

01:04:59,910 --> 01:04:58,400

the blue flame was the engine to land

1819

01:05:03,029 --> 01:04:59,920

and operate in space and not

1820

01:05:06,870 --> 01:05:03,039

harm anything because the the

1821

01:05:09,349 --> 01:05:06,880

gravitational or whatever principles

1822

01:05:11,349 --> 01:05:09,359

when they engage the secondary engine so

1823

01:05:13,190 --> 01:05:11,359

the engine that cut off when the

1824

01:05:15,029 --> 01:05:13,200

blue flame cut off and that thing was

1825

01:05:17,990 --> 01:05:15,039

hovering that was a

1826
01:05:19,510 --> 01:05:18,000
completely different type of technology

1827
01:05:22,069 --> 01:05:19,520
operating at that point

1828
01:05:23,670 --> 01:05:22,079
that maybe was not meant to operate if

1829
01:05:25,109 --> 01:05:23,680
they especially knew there was a human

1830
01:05:27,109 --> 01:05:25,119
standing near there

1831
01:05:28,710 --> 01:05:27,119
so i think they actually kind of like

1832
01:05:30,309 --> 01:05:28,720
the travis walden case where they did

1833
01:05:31,829 --> 01:05:30,319
something to protect

1834
01:05:33,910 --> 01:05:31,839
an unknown witness that popped out of

1835
01:05:35,589 --> 01:05:33,920
nowhere they weren't expecting

1836
01:05:37,510 --> 01:05:35,599
then engaged the secondary engine when

1837
01:05:38,309 --> 01:05:37,520
it was safe to get the hell out of there

1838
01:05:42,069 --> 01:05:38,319

and

1839

01:05:44,470 --> 01:05:42,079
you know hopefully not be seen

1840

01:05:45,589 --> 01:05:44,480
right right um so i'm just letting

1841

01:05:47,349 --> 01:05:45,599
people in the chat know

1842

01:05:48,789 --> 01:05:47,359
you know we're gonna be taking calls in

1843

01:05:50,390 --> 01:05:48,799
the half hour but

1844

01:05:51,910 --> 01:05:50,400
if you're in chat and you have a

1845

01:05:53,029 --> 01:05:51,920
question please put it in caps so i

1846

01:05:56,630 --> 01:05:53,039
catch it

1847

01:05:59,029 --> 01:05:56,640
um and uh you know did

1848

01:06:00,230 --> 01:05:59,039
so lonnie at one time you know he

1849

01:06:02,069 --> 01:06:00,240
mentioned the beings but

1850

01:06:04,309 --> 01:06:02,079
later on he thought they were not of

1851

01:06:05,510 --> 01:06:04,319

this world which i think is really quite

1852

01:06:09,270 --> 01:06:05,520

the statement um

1853

01:06:11,990 --> 01:06:09,280

but i know that money said that

1854

01:06:12,870 --> 01:06:12,000

uh you know there were a lot of accounts

1855

01:06:15,990 --> 01:06:12,880

of this

1856

01:06:17,190 --> 01:06:16,000

this story that happened and he told his

1857

01:06:19,190 --> 01:06:17,200

daughter

1858

01:06:20,309 --> 01:06:19,200

that ray stamford's book was the only

1859

01:06:23,430 --> 01:06:20,319

accurate account

1860

01:06:24,710 --> 01:06:23,440

is that right i mean that's um yeah

1861

01:06:27,829 --> 01:06:24,720

basically uh

1862

01:06:29,910 --> 01:06:27,839

when uh she was asking her father about

1863

01:06:31,589 --> 01:06:29,920

the case he pointed to rey's book and

1864

01:06:33,750 --> 01:06:31,599

said

1865

01:06:35,109 --> 01:06:33,760

read that he's the only one that got it

1866

01:06:37,670 --> 01:06:35,119

right

1867

01:06:39,109 --> 01:06:37,680

and did she did she try to get him to

1868

01:06:39,829 --> 01:06:39,119

talk about it and he did not want to

1869

01:06:43,990 --> 01:06:39,839

talk

1870

01:06:46,950 --> 01:06:44,000

he spoke to his son extensively about it

1871

01:06:48,870 --> 01:06:46,960

really unfortunately his son's not one

1872

01:06:52,069 --> 01:06:48,880

to speak about this

1873

01:06:54,069 --> 01:06:52,079

too yeah and i confirmed when when we

1874

01:06:56,309 --> 01:06:54,079

were in socorro and we met with her

1875

01:06:57,910 --> 01:06:56,319

i brought that story up because ray told

1876

01:07:00,069 --> 01:06:57,920

us that initially and i said

1877

01:07:01,349 --> 01:07:00,079

is this the way this happens she goes

1878

01:07:04,230 --> 01:07:01,359

absolutely

1879

01:07:05,750 --> 01:07:04,240

and so when when she asks them lonnie

1880

01:07:07,510 --> 01:07:05,760

pointed to ray's book and goes he's the

1881

01:07:08,630 --> 01:07:07,520

only guy that got it right

1882

01:07:10,710 --> 01:07:08,640

and he had it right there in his

1883

01:07:13,589 --> 01:07:10,720

bookshelf and

1884

01:07:15,510 --> 01:07:13,599

you know the thing was that when you do

1885

01:07:17,190 --> 01:07:15,520

a book like this and try to find out

1886

01:07:20,390 --> 01:07:17,200

what the answer is

1887

01:07:21,109 --> 01:07:20,400

the whole behavior behind lonnie and

1888

01:07:23,190 --> 01:07:21,119

what happened

1889

01:07:24,230 --> 01:07:23,200
after the fact tells a lot it's kind of

1890

01:07:26,230 --> 01:07:24,240
like with

1891

01:07:28,150 --> 01:07:26,240
our friend travis we know travis pretty

1892

01:07:31,109 --> 01:07:28,160
well and we know how he's

1893

01:07:32,630 --> 01:07:31,119
kind of like a not to be disparaging but

1894

01:07:34,870 --> 01:07:32,640
kind of like a deer and a headlights

1895

01:07:36,309 --> 01:07:34,880
after the event sometimes you get the

1896

01:07:38,069 --> 01:07:36,319
feeling that the person

1897

01:07:39,750 --> 01:07:38,079
really believes that they experience

1898

01:07:42,630 --> 01:07:39,760
something that they're telling you

1899

01:07:43,270 --> 01:07:42,640
and it may be true and lonnie was the

1900

01:07:45,349 --> 01:07:43,280
same way

1901

01:07:47,910 --> 01:07:45,359

he changed so much after the incident

1902

01:07:50,549 --> 01:07:47,920

that he had a traumatic experience

1903

01:07:52,789 --> 01:07:50,559

that kind of blew his mind away about

1904

01:07:54,829 --> 01:07:52,799

what the way the world was shaped

1905

01:07:56,390 --> 01:07:54,839

and i tried to capture that in the book

1906

01:07:58,150 --> 01:07:56,400

because

1907

01:08:00,309 --> 01:07:58,160

you know it's probably one of the most

1908

01:08:00,710 --> 01:08:00,319

neglected close encounters of the third

1909

01:08:03,589 --> 01:08:00,720

kind

1910

01:08:05,670 --> 01:08:03,599

in the united states history but it's

1911

01:08:07,750 --> 01:08:05,680

one of the most evidential cases

1912

01:08:09,349 --> 01:08:07,760

and the more that tony and i dug onto

1913

01:08:11,510 --> 01:08:09,359

this the more we kept

1914

01:08:12,789 --> 01:08:11,520

finding and i got to the point where i

1915

01:08:15,029 --> 01:08:12,799

couldn't put everything in the book

1916

01:08:16,390 --> 01:08:15,039

because i published it myself and i just

1917

01:08:19,590 --> 01:08:16,400

didn't have the funds

1918

01:08:20,070 --> 01:08:19,600

to make a 500 page book like our buddy

1919

01:08:37,189 --> 01:08:20,080

uh

1920

01:08:40,950 --> 01:08:39,510

reynolds from forest guy that's rules

1921

01:08:43,990 --> 01:08:40,960

charles halt i'm sorry

1922

01:08:46,709 --> 01:08:44,000

oh yeah yeah he he did a great book but

1923

01:08:47,910 --> 01:08:46,719

i go he goes i'm selling it for 50 bucks

1924

01:08:49,110 --> 01:08:47,920

i got how much did it cost you to make

1925

01:08:51,349 --> 01:08:49,120

he goes 45 i'm like

1926

01:08:53,110 --> 01:08:51,359

okay you're not making any money and

1927

01:08:55,189 --> 01:08:53,120

that's that's the way i know

1928

01:08:56,789 --> 01:08:55,199

i i remember talking to him about that i

1929

01:08:59,669 --> 01:08:56,799

couldn't believe

1930

01:09:01,430 --> 01:08:59,679

that book costing 45 to publish i don't

1931

01:09:02,709 --> 01:09:01,440

make anything off the book the amount of

1932

01:09:04,390 --> 01:09:02,719

effort we put into everything

1933

01:09:06,070 --> 01:09:04,400

i really the point of the book was to

1934

01:09:07,749 --> 01:09:06,080

get the stories told straight

1935

01:09:09,349 --> 01:09:07,759

i don't care about money or anything

1936

01:09:10,070 --> 01:09:09,359

like that oh and it's in color so it's

1937

01:09:13,269 --> 01:09:10,080

expensive

1938

01:09:16,149 --> 01:09:13,279

oh yeah it wasn't gone but contribution

1939

01:09:17,990 --> 01:09:16,159

i mean the stories that we uncovered and

1940

01:09:19,829 --> 01:09:18,000

the anecdotal stories and the

1941

01:09:21,110 --> 01:09:19,839

research on the ground to me it was

1942

01:09:24,630 --> 01:09:21,120

priceless and the

1943

01:09:26,070 --> 01:09:24,640

six people who did the um review

1944

01:09:28,149 --> 01:09:26,080

beforehand

1945

01:09:30,070 --> 01:09:28,159

um i reached out to a lot of people they

1946

01:09:32,070 --> 01:09:30,080

just were so busy they couldn't get to

1947

01:09:33,990 --> 01:09:32,080

it at a time to give me a review

1948

01:09:35,749 --> 01:09:34,000

but everybody i sent it to gave me an

1949

01:09:37,510 --> 01:09:35,759

excellent review which tells me i feel

1950

01:09:39,669 --> 01:09:37,520

like i did a good job

1951

01:09:41,990 --> 01:09:39,679

of retelling the story that tony and i

1952

01:09:43,910 --> 01:09:42,000

have been looking at for five years now

1953

01:09:45,349 --> 01:09:43,920

yes i've been enjoying it as i'm reading

1954

01:09:49,269 --> 01:09:45,359

it and someone

1955

01:09:50,470 --> 01:09:49,279

in uh on facebook just asks a question

1956

01:09:51,990 --> 01:09:50,480

basically where can they

1957

01:09:53,749 --> 01:09:52,000

they're interested to get this book how

1958

01:09:55,750 --> 01:09:53,759

can they get it

1959

01:09:57,590 --> 01:09:55,760

uh you can go to the ufo guys on

1960

01:10:00,550 --> 01:09:57,600

facebook or you can just

1961

01:10:02,229 --> 01:10:00,560

um reach out you can reach out to me on

1962

01:10:04,870 --> 01:10:02,239

facebook ben moss on facebook

1963

01:10:05,590 --> 01:10:04,880

or you can just send me an email my

1964

01:10:08,550 --> 01:10:05,600

email

1965

01:10:09,430 --> 01:10:08,560

for the uh and we'll figure it out with

1966

01:10:12,470 --> 01:10:09,440

the

1967

01:10:17,830 --> 01:10:12,480

you know private emails but it's j b

1968

01:10:20,390 --> 01:10:17,840

m o s s so j b m jbmoss09

1969

01:10:21,990 --> 01:10:20,400

at gmail.com it's one of those gmail

1970

01:10:26,870 --> 01:10:22,000

addresses where i had to figure out

1971

01:10:29,030 --> 01:10:26,880

some kind of so jbmoss09 gmail.com

1972

01:10:29,990 --> 01:10:29,040

we'll figure out a way to it's 30 bucks

1973

01:10:35,030 --> 01:10:30,000

shipped everything

1974

01:10:36,709 --> 01:10:35,040

included um about 250 pages but

1975

01:10:38,390 --> 01:10:36,719

you know it shows all the work that tony

1976

01:10:40,950 --> 01:10:38,400

and i put into this to

1977

01:10:41,990 --> 01:10:40,960

tell the story straight and all the

1978

01:10:44,310 --> 01:10:42,000

feedback i've gotten

1979

01:10:46,149 --> 01:10:44,320

everybody loves the book so far i hope

1980

01:10:47,510 --> 01:10:46,159

i'm not being facetious in that way but

1981

01:10:49,430 --> 01:10:47,520

that's what everybody told me they could

1982

01:10:52,229 --> 01:10:49,440

be lying but i don't think they are

1983

01:10:54,310 --> 01:10:52,239

but uh i i really believe that we've

1984

01:10:56,070 --> 01:10:54,320

updated the story to 2020 including the

1985

01:10:58,470 --> 01:10:56,080

craigslist files

1986

01:10:59,669 --> 01:10:58,480

and told the story in a way because

1987

01:11:01,430 --> 01:10:59,679

another reason for

1988

01:11:03,270 --> 01:11:01,440

tony and i to jump on this was we've

1989

01:11:05,590 --> 01:11:03,280

seen so many tv shows

1990

01:11:06,390 --> 01:11:05,600

and other types of portrayals of the

1991

01:11:08,070 --> 01:11:06,400

story

1992

01:11:09,990 --> 01:11:08,080

and almost everybody got it wrong the

1993

01:11:10,950 --> 01:11:10,000

last show to get this right was ufo

1994

01:11:14,950 --> 01:11:10,960

hunters

1995

01:11:16,470 --> 01:11:14,960

and sightings from the eight 1980s

1996

01:11:18,229 --> 01:11:16,480

that actually did a good depiction of

1997

01:11:20,390 --> 01:11:18,239

this everybody else

1998

01:11:21,750 --> 01:11:20,400

has told it terribly wrong with bad

1999

01:11:23,430 --> 01:11:21,760

information so

2000

01:11:24,950 --> 01:11:23,440

i wanted to say that there was a great

2001

01:11:26,950 --> 01:11:24,960

case in the usa

2002

01:11:28,790 --> 01:11:26,960

that happened that was a close encounter

2003

01:11:30,390 --> 01:11:28,800

the third time and you should know the

2004

01:11:32,229 --> 01:11:30,400

true facts of that case

2005

01:11:34,310 --> 01:11:32,239

and so that's the five-year journey that

2006

01:11:37,510 --> 01:11:34,320

tony and i were on

2007

01:11:39,669 --> 01:11:37,520

yeah um so let's let's talk about

2008

01:11:42,310 --> 01:11:39,679

where they got it wrong and and your

2009

01:11:46,950 --> 01:11:44,149

well that's already begun wow a lot of

2010

01:11:50,630 --> 01:11:46,960

that had to do with ray stanford i mean

2011

01:11:54,070 --> 01:11:50,640

ray's book was the definitive

2012

01:11:57,350 --> 01:11:54,080

thing is race book 79 or 77

2013

01:11:59,030 --> 01:11:57,360

it was 15 000 copies were printed and so

2014

01:12:01,110 --> 01:11:59,040

not a good printing ray got ripped off

2015

01:12:03,110 --> 01:12:01,120

in every country every country

2016

01:12:05,430 --> 01:12:03,120

he's we've seen all the covers and

2017

01:12:06,790 --> 01:12:05,440

everything every country reprinted it

2018

01:12:07,830 --> 01:12:06,800

and ripped it off and that's

2019

01:12:10,310 --> 01:12:07,840

one of the reasons why i'm

2020

01:12:11,270 --> 01:12:10,320

self-publishing with no digital archives

2021

01:12:13,669 --> 01:12:11,280

for this book

2022

01:12:15,270 --> 01:12:13,679

you got to get it from me if you want it

2023

01:12:16,870 --> 01:12:15,280

not for money reasons but because i

2024

01:12:20,470 --> 01:12:16,880

don't want to get ripped off

2025

01:12:23,430 --> 01:12:20,480

but the the point is that

2026

01:12:24,310 --> 01:12:23,440

you know you want to fill in something

2027

01:12:27,510 --> 01:12:24,320

for example

2028

01:12:29,590 --> 01:12:27,520

you know we were on hanger one and the

2029

01:12:30,950 --> 01:12:29,600

way they depicted lonnie's encounter was

2030

01:12:32,870 --> 01:12:30,960

a flame thrower

2031

01:12:34,229 --> 01:12:32,880

in the middle of all these mountains and

2032

01:12:35,430 --> 01:12:34,239

forests

2033

01:12:36,950 --> 01:12:35,440

and i was like i don't remember seeing

2034

01:12:37,990 --> 01:12:36,960

all these forests and hills last time we

2035

01:12:40,630 --> 01:12:38,000

were in the desert

2036

01:12:42,390 --> 01:12:40,640

one of the the the first chapter of my

2037

01:12:44,390 --> 01:12:42,400

book is the reason for writing the book

2038

01:12:46,229 --> 01:12:44,400

and when i asked ray

2039

01:12:47,510 --> 01:12:46,239

and ray goes why the hell you know i

2040

01:12:49,270 --> 01:12:47,520

took out hell but he goes why the hell

2041

01:12:51,750 --> 01:12:49,280

are you writing a book about socorro

2042

01:12:52,630 --> 01:12:51,760

and i go that's a value very valid

2043

01:12:54,229 --> 01:12:52,640

question

2044

01:12:56,630 --> 01:12:54,239

and my reason was because it needs to be

2045

01:12:58,070 --> 01:12:56,640

retold especially with rey's help

2046

01:12:59,830 --> 01:12:58,080

telling the right story because so many

2047

01:13:01,669 --> 01:12:59,840

people got it wrong since then

2048

01:13:03,030 --> 01:13:01,679

you know history is told by the winners

2049

01:13:05,350 --> 01:13:03,040

and the losers and

2050

01:13:06,470 --> 01:13:05,360

you know in this year especially in 2020

2051
01:13:08,550 --> 01:13:06,480
of fake

2052
01:13:09,830 --> 01:13:08,560
news and things like that you want to

2053
01:13:12,070 --> 01:13:09,840
tell the story

2054
01:13:13,430 --> 01:13:12,080
using the facts as it actually happened

2055
01:13:16,550 --> 01:13:13,440
that was my goal

2056
01:13:18,870 --> 01:13:16,560
and that's what i think i did and so

2057
01:13:20,709 --> 01:13:18,880
with rey's help ray was the only living

2058
01:13:23,110 --> 01:13:20,719
person that's still alive that was there

2059
01:13:25,910 --> 01:13:23,120
in 64 invited by dr heineck

2060
01:13:27,590 --> 01:13:25,920
to the site he he experienced everything

2061
01:13:28,709 --> 01:13:27,600
firsthand

2062
01:13:31,189 --> 01:13:28,719
the book couldn't have been written

2063
01:13:32,070 --> 01:13:31,199

without tony without rey i mean they

2064

01:13:34,149 --> 01:13:32,080

were integral

2065

01:13:35,510 --> 01:13:34,159

and everything that made this book come

2066

01:13:37,270 --> 01:13:35,520

together it's just an

2067

01:13:39,590 --> 01:13:37,280

update at this point to try to get the

2068

01:13:41,669 --> 01:13:39,600

story straight because there's a lot

2069

01:13:43,510 --> 01:13:41,679

i saw a recent show on tv where it said

2070

01:13:45,270 --> 01:13:43,520

it landed on three legs and

2071

01:13:46,790 --> 01:13:45,280

i knew the guy that said the words i'm

2072

01:13:48,790 --> 01:13:46,800

like oh my god

2073

01:13:50,630 --> 01:13:48,800

come on dude do a little homework before

2074

01:13:52,709 --> 01:13:50,640

you before you start

2075

01:13:53,830 --> 01:13:52,719

saying what's on the teleprompter for

2076

01:13:55,590 --> 01:13:53,840

you you know

2077

01:13:57,189 --> 01:13:55,600

we gotta fix wikipedia too because we

2078

01:13:58,550 --> 01:13:57,199

know people that do our work i've done a

2079

01:14:00,229 --> 01:13:58,560

lot of wikipedia work

2080

01:14:01,990 --> 01:14:00,239

it's wrong it's like even on hanger one

2081

01:14:03,350 --> 01:14:02,000

when i saw something on the teleprompter

2082

01:14:06,709 --> 01:14:03,360

that wasn't right i'd be like

2083

01:14:08,229 --> 01:14:06,719

whoa let's change that perfect

2084

01:14:10,229 --> 01:14:08,239

but you know the whole point was to make

2085

01:14:11,510 --> 01:14:10,239

the story accurate tell it from lonnie's

2086

01:14:13,990 --> 01:14:11,520

perspective

2087

01:14:15,750 --> 01:14:14,000

and tony and i's investigation with

2088

01:14:17,270 --> 01:14:15,760

using rey who's the only living person

2089

01:14:18,950 --> 01:14:17,280

that was there at the time

2090

01:14:20,310 --> 01:14:18,960

and to get it right you know because

2091

01:14:23,669 --> 01:14:20,320

future generations

2092

01:14:25,669 --> 01:14:23,679

they've got a lot to pick from of bs

2093

01:14:27,590 --> 01:14:25,679

that tells the story is wrong but they

2094

01:14:28,709 --> 01:14:27,600

can look at socorro's foster pentagon

2095

01:14:31,430 --> 01:14:28,719

pantry

2096

01:14:33,350 --> 01:14:31,440

our book and i give kevin props for

2097

01:14:33,830 --> 01:14:33,360

encounter the desert he did a good job

2098

01:14:37,030 --> 01:14:33,840

of

2099

01:14:39,270 --> 01:14:37,040

happened

2100

01:14:40,310 --> 01:14:39,280

so i'm not in competition with anybody

2101

01:14:41,910 --> 01:14:40,320

and you know

2102

01:14:43,510 --> 01:14:41,920

if we certainly don't do this for the

2103

01:14:43,910 --> 01:14:43,520

money well you know that's when you

2104

01:14:46,709 --> 01:14:43,920

spend

2105

01:14:48,709 --> 01:14:46,719

so many years you know doing something

2106

01:14:51,110 --> 01:14:48,719

and you kind of just want to

2107

01:14:52,790 --> 01:14:51,120

put a have a way to finalize it you know

2108

01:14:54,390 --> 01:14:52,800

and be able to put everything together

2109

01:14:55,830 --> 01:14:54,400

especially we have so many people always

2110

01:14:58,149 --> 01:14:55,840

asking us when are you going to

2111

01:14:59,030 --> 01:14:58,159

put a book out yeah when we did a

2112

01:15:01,830 --> 01:14:59,040

presentation

2113

01:15:03,669 --> 01:15:01,840

for kecksburg they asked us to the crowd

2114

01:15:04,149 --> 01:15:03,679

asked us to investigate kextburg and go

2115

01:15:05,910 --> 01:15:04,159

well you

2116

01:15:07,590 --> 01:15:05,920

stan gordon has done that you know you

2117

01:15:09,189 --> 01:15:07,600

got to re research

2118

01:15:11,030 --> 01:15:09,199

done a great job right you know rick

2119

01:15:13,189 --> 01:15:11,040

stanford did the homework

2120

01:15:15,030 --> 01:15:13,199

we just updated it we're not even

2121

01:15:17,110 --> 01:15:15,040

reinventing the wheel but

2122

01:15:18,390 --> 01:15:17,120

we owe everything to ray and his work

2123

01:15:20,790 --> 01:15:18,400

when he was there

2124

01:15:21,590 --> 01:15:20,800

he showed why this was such an unusual

2125

01:15:23,750 --> 01:15:21,600

event

2126
01:15:25,750 --> 01:15:23,760
and pretty much kind of when we met him

2127
01:15:27,510 --> 01:15:25,760
and got on the path to do this

2128
01:15:29,030 --> 01:15:27,520
it was just an extension of his work

2129
01:15:31,430 --> 01:15:29,040
basically and so

2130
01:15:33,030 --> 01:15:31,440
we got a few new stories we got a few

2131
01:15:36,390 --> 01:15:33,040
bits of information

2132
01:15:39,189 --> 01:15:36,400
and we took away the the hoax

2133
01:15:40,070 --> 01:15:39,199
theories with data scientifically

2134
01:15:43,270 --> 01:15:40,080
debated them

2135
01:15:45,270 --> 01:15:43,280
in the book and discounted them for the

2136
01:15:47,189 --> 01:15:45,280
you know the fraud that they are so we

2137
01:15:48,790 --> 01:15:47,199
told the story in a way that is backed

2138
01:15:50,550 --> 01:15:48,800

up by the science and data

2139

01:15:52,470 --> 01:15:50,560

and the investigators that were there at

2140

01:15:54,390 --> 01:15:52,480

the time and that was the whole purpose

2141

01:15:56,630 --> 01:15:54,400

of the book was to let people go

2142

01:15:58,870 --> 01:15:56,640

okay what happened socorro let me read

2143

01:16:03,830 --> 01:15:58,880

this book and i'll get an exact story of

2144

01:16:09,350 --> 01:16:07,590

and you know i i had a a text come in

2145

01:16:12,070 --> 01:16:09,360

from someone that's listening and he's

2146

01:16:13,430 --> 01:16:12,080

you know not not through the chat but

2147

01:16:15,270 --> 01:16:13,440

just a plain text

2148

01:16:17,510 --> 01:16:15,280

um saying you know he doesn't really buy

2149

01:16:20,470 --> 01:16:17,520

this as uh he thinks it's uh

2150

01:16:21,430 --> 01:16:20,480

our own tech and uh you know i simply

2151

01:16:23,350 --> 01:16:21,440

shot a text back

2152

01:16:24,709 --> 01:16:23,360

you know what about the little creatures

2153

01:16:27,270 --> 01:16:24,719

why would they be you know

2154

01:16:28,630 --> 01:16:27,280

why would we have tiny people and why

2155

01:16:31,189 --> 01:16:28,640

haven't we seen this

2156

01:16:32,870 --> 01:16:31,199

thing around if it's if it's our tech

2157

01:16:35,990 --> 01:16:32,880

you know he basically said

2158

01:16:37,430 --> 01:16:36,000

it was probably a dud but um you know he

2159

01:16:38,790 --> 01:16:37,440

kind of associates it with the cash

2160

01:16:40,790 --> 01:16:38,800

landrum case

2161

01:16:41,830 --> 01:16:40,800

and you know do you get do you get that

2162

01:16:45,270 --> 01:16:41,840

have you heard that

2163

01:16:47,669 --> 01:16:45,280

one before no i mean i haven't heard

2164

01:16:51,110 --> 01:16:47,679

that anyone said the socorro

2165

01:16:53,510 --> 01:16:51,120

was um a dud of

2166

01:16:55,110 --> 01:16:53,520

i i don't get the cash london you know

2167

01:16:56,550 --> 01:16:55,120

correlation at all because that was some

2168

01:16:57,830 --> 01:16:56,560

type of device that was

2169

01:17:00,229 --> 01:16:57,840

definitely radioactive it was very

2170

01:17:01,270 --> 01:17:00,239

radioactive but the fact that you have

2171

01:17:04,070 --> 01:17:01,280

to look at this

2172

01:17:04,950 --> 01:17:04,080

the fact that the fbi the caa project

2173

01:17:08,070 --> 01:17:04,960

blue book dr

2174

01:17:11,030 --> 01:17:08,080

heineck and everybody else white sands

2175

01:17:13,750 --> 01:17:11,040

and all these bases hectic quinton

2176

01:17:15,350 --> 01:17:13,760

top secret clearance to go to every

2177

01:17:18,470 --> 01:17:15,360

single base and find this

2178

01:17:20,390 --> 01:17:18,480

object none of them could solve the case

2179

01:17:22,470 --> 01:17:20,400

and this is all in the book

2180

01:17:24,310 --> 01:17:22,480

none of them could solve the case

2181

01:17:24,950 --> 01:17:24,320

millions of dollars of research with the

2182

01:17:27,669 --> 01:17:24,960

entire

2183

01:17:28,310 --> 01:17:27,679

defense intelligence agency behind you

2184

01:17:30,550 --> 01:17:28,320

do you think

2185

01:17:32,229 --> 01:17:30,560

they would have reported the result they

2186

01:17:34,630 --> 01:17:32,239

found sure they wouldn't call it an

2187

01:17:36,390 --> 01:17:34,640

unknown now if they didn't know it

2188

01:17:37,990 --> 01:17:36,400

they could have come out said a vertical

2189

01:17:39,350 --> 01:17:38,000

takeoff vehicle top secret

2190

01:17:41,030 --> 01:17:39,360

forget about it don't talk about it

2191

01:17:42,149 --> 01:17:41,040

again they never did that which is

2192

01:17:43,830 --> 01:17:42,159

surprising to me

2193

01:17:45,590 --> 01:17:43,840

they never came out and said oh we we

2194

01:17:47,110 --> 01:17:45,600

know what it was we can't tell you

2195

01:17:49,430 --> 01:17:47,120

well let's just talk about the present

2196

01:17:51,350 --> 01:17:49,440

day there is no vertical takeoff vehicle

2197

01:17:53,030 --> 01:17:51,360

that uses electromagnetism or plasma

2198

01:17:54,310 --> 01:17:53,040

technology to levitate unless it's

2199

01:17:57,750 --> 01:17:54,320

moving wind beneath it

2200

01:17:59,910 --> 01:17:57,760

yeah everything's pushing wind down

2201

01:18:01,990 --> 01:17:59,920

you know the contributions in the book

2202

01:18:02,790 --> 01:18:02,000

that were very important was i had david

2203

01:18:06,149 --> 01:18:02,800

rudiak

2204

01:18:07,750 --> 01:18:06,159

and donald burleson contribute about

2205

01:18:13,669 --> 01:18:07,760

radiation

2206

01:18:15,110 --> 01:18:13,679

fogged ted jordan's camera had a

2207

01:18:18,149 --> 01:18:15,120

half-life of between

2208

01:18:19,990 --> 01:18:18,159

8 and 14 hours and there's not many

2209

01:18:21,189 --> 01:18:20,000

radiations like that when you talk about

2210

01:18:24,709 --> 01:18:21,199

isotopes they

2211

01:18:27,110 --> 01:18:24,719

they decayed like 128 million years

2212

01:18:28,870 --> 01:18:27,120

for half of it and it's still radiation

2213

01:18:30,870 --> 01:18:28,880

radioactive for another 120

2214

01:18:31,990 --> 01:18:30,880
million years the shortest half lights

2215

01:18:33,910 --> 01:18:32,000
we have

2216

01:18:35,830 --> 01:18:33,920
don't correspond to the radiation

2217

01:18:38,950 --> 01:18:35,840
radiation that's left there

2218

01:18:40,790 --> 01:18:38,960
so when you put all the facts together

2219

01:18:42,950 --> 01:18:40,800
the fact that the government actually

2220

01:18:45,590 --> 01:18:42,960
said we had no device

2221

01:18:47,030 --> 01:18:45,600
operating at this time no vertical

2222

01:18:49,110 --> 01:18:47,040
takeoff vehicle the

2223

01:18:50,070 --> 01:18:49,120
lunar module wasn't operating there was

2224

01:18:52,470 --> 01:18:50,080
nothing else i

2225

01:18:53,189 --> 01:18:52,480
in my book i you know we talk about bell

2226

01:18:55,990 --> 01:18:53,199

labs

2227

01:18:57,669 --> 01:18:56,000

hughes laboratory nasa every single

2228

01:19:00,470 --> 01:18:57,679

agency that could create

2229

01:19:01,430 --> 01:19:00,480

a flying vehicle was investigated at

2230

01:19:03,270 --> 01:19:01,440

this time

2231

01:19:05,030 --> 01:19:03,280

they all had to report because this came

2232

01:19:07,910 --> 01:19:05,040

from the joint chief of staff

2233

01:19:09,590 --> 01:19:07,920

they all had to say it was not ours if

2234

01:19:10,149 --> 01:19:09,600

you want to talk about it go through

2235

01:19:12,310 --> 01:19:10,159

this

2236

01:19:14,790 --> 01:19:12,320

secret liaison and they have all these

2237

01:19:17,750 --> 01:19:14,800

documents in the book that showed up on

2238

01:19:19,990 --> 01:19:17,760

uh you know blue book documents and the

2239

01:19:21,990 --> 01:19:20,000

craigslit file that rob mercer found

2240

01:19:24,070 --> 01:19:22,000

there was a lot left out of the blue

2241

01:19:27,590 --> 01:19:24,080

files in the background where they

2242

01:19:30,709 --> 01:19:29,990

lockheed martin all the companies that

2243

01:19:33,350 --> 01:19:30,719

could

2244

01:19:33,990 --> 01:19:33,360

to design and build craft the time were

2245

01:19:36,470 --> 01:19:34,000

asked

2246

01:19:37,910 --> 01:19:36,480

was this yours and every single one of

2247

01:19:40,550 --> 01:19:37,920

them had to answer because

2248

01:19:42,550 --> 01:19:40,560

it came from the top came from the the

2249

01:19:44,149 --> 01:19:42,560

president the joint chief of staff

2250

01:19:45,750 --> 01:19:44,159

all said look you can come look at

2251

01:19:48,149 --> 01:19:45,760

everything we have

2252

01:19:50,149 --> 01:19:48,159

but we did not build that object and so

2253

01:19:51,590 --> 01:19:50,159

in the book we also cover the fact that

2254

01:19:53,110 --> 01:19:51,600

russia china and all these other

2255

01:19:56,149 --> 01:19:53,120

countries never came forward and go

2256

01:19:57,189 --> 01:19:56,159

hey look we fooled you 70 years ago 60

2257

01:20:00,790 --> 01:19:57,199

years ago

2258

01:20:03,350 --> 01:20:00,800

and it was ours too bad gotcha

2259

01:20:05,270 --> 01:20:03,360

and the point that i make in the book is

2260

01:20:06,470 --> 01:20:05,280

that we'd all be flying our own personal

2261

01:20:08,229 --> 01:20:06,480

eggs right now

2262

01:20:09,830 --> 01:20:08,239

it's just what exactly we had in the 60s

2263

01:20:11,510 --> 01:20:09,840

i thought the jetsons were

2264

01:20:13,430 --> 01:20:11,520

we're programming us at the time yeah

2265

01:20:13,990 --> 01:20:13,440

where where are the flying cars you know

2266

01:20:16,390 --> 01:20:14,000

we started

2267

01:20:18,550 --> 01:20:16,400

in cars by then the whole point is that

2268

01:20:21,669 --> 01:20:18,560

the tech displayed in 64

2269

01:20:22,390 --> 01:20:21,679

cannot be replicated today and we still

2270

01:20:25,350 --> 01:20:22,400

don't have

2271

01:20:25,750 --> 01:20:25,360

elliptical shaped objects except perhaps

2272

01:20:28,870 --> 01:20:25,760

the

2273

01:20:30,709 --> 01:20:28,880

armor gumbo or whatever that object was

2274

01:20:32,310 --> 01:20:30,719

that entered our solar system from

2275

01:20:35,830 --> 01:20:32,320

another solar system

2276

01:20:37,350 --> 01:20:35,840

circled us and left again that was the

2277

01:20:39,669 --> 01:20:37,360

most interesting thing that i could

2278

01:20:43,510 --> 01:20:39,679

relate to an elliptical shaped object

2279

01:20:45,990 --> 01:20:43,520

that happened last five years or so

2280

01:20:47,030 --> 01:20:46,000

now what about the flames you know that

2281

01:20:49,750 --> 01:20:47,040

that part

2282

01:20:51,110 --> 01:20:49,760

um the only other thing i can think of

2283

01:20:53,350 --> 01:20:51,120

is you know the falcon lake

2284

01:20:54,470 --> 01:20:53,360

incident but i can't really think of any

2285

01:20:57,430 --> 01:20:54,480

ufo

2286

01:21:00,229 --> 01:20:57,440

that's shooting flames out um has that

2287

01:21:03,189 --> 01:21:00,239

ever occurred that you're aware of

2288

01:21:04,550 --> 01:21:03,199

the the beams i mean we had the one case

2289

01:21:04,870 --> 01:21:04,560

so i don't know if it's talking like

2290

01:21:06,470 --> 01:21:04,880

that

2291

01:21:08,629 --> 01:21:06,480

over the reservoir where the beams

2292

01:21:09,830 --> 01:21:08,639

stopped in mid-air and had kind of a

2293

01:21:12,550 --> 01:21:09,840

funnel shape

2294

01:21:13,350 --> 01:21:12,560

the plasma display underneath this core

2295

01:21:14,870 --> 01:21:13,360

object

2296

01:21:17,270 --> 01:21:14,880

was kind of funnel shaped so it was

2297

01:21:21,110 --> 01:21:17,280

wider at the bottom at the top

2298

01:21:23,830 --> 01:21:21,120

but the fact that it irradiated the soil

2299

01:21:26,709 --> 01:21:23,840

knifed into the ground didn't cook

2300

01:21:28,790 --> 01:21:26,719

lonnie or blowing 30 feet in the air

2301
01:21:31,750 --> 01:21:28,800
tells you it wasn't propulsion it was

2302
01:21:34,470 --> 01:21:31,760
some type of subatomic material

2303
01:21:36,709 --> 01:21:34,480
going to light speed into the ground to

2304
01:21:38,950 --> 01:21:36,719
lift what was estimated in a nine

2305
01:21:40,709 --> 01:21:38,960
ton object from the impressions in the

2306
01:21:43,430 --> 01:21:40,719
ground they estimated a nine time

2307
01:21:45,430 --> 01:21:43,440
object that came in at an angle so to

2308
01:21:46,470 --> 01:21:45,440
lift that type of object the thrust

2309
01:21:49,189 --> 01:21:46,480
required

2310
01:21:50,629 --> 01:21:49,199
would have killed lonnie and decimated

2311
01:21:53,510 --> 01:21:50,639
everything in the area

2312
01:21:54,629 --> 01:21:53,520
so the blue flame was unusual and i have

2313
01:21:57,830 --> 01:21:54,639

that in the book the

2314

01:21:59,990 --> 01:21:57,840

the two papers i have about the

2315

01:22:01,030 --> 01:22:00,000

uh i don't even understand the paper

2316

01:22:04,310 --> 01:22:01,040

myself you know

2317

01:22:07,990 --> 01:22:04,320

you read it uh what don burleson is a

2318

01:22:09,910 --> 01:22:08,000

phd scientist describes as a radiation

2319

01:22:11,430 --> 01:22:09,920

unless you're a phd scientist you might

2320

01:22:11,990 --> 01:22:11,440

not understand it but basically saying

2321

01:22:13,910 --> 01:22:12,000

this

2322

01:22:16,149 --> 01:22:13,920

the radiation that was displayed at the

2323

01:22:18,149 --> 01:22:16,159

site is not earthly at all

2324

01:22:19,189 --> 01:22:18,159

for for it to have a half-life of eight

2325

01:22:20,950 --> 01:22:19,199

to ten hours

2326

01:22:23,110 --> 01:22:20,960

because ted jordan who always carried a

2327

01:22:24,709 --> 01:22:23,120

camera took pictures right away

2328

01:22:26,870 --> 01:22:24,719

he got the reward back from the

2329

01:22:29,590 --> 01:22:26,880

government followed by radiation

2330

01:22:30,629 --> 01:22:29,600

we have heineken on the tape that ray

2331

01:22:32,470 --> 01:22:30,639

has

2332

01:22:33,750 --> 01:22:32,480

saying that we've shown in our

2333

01:22:35,590 --> 01:22:33,760

presentation

2334

01:22:37,510 --> 01:22:35,600

for the 12 seconds we were allowed

2335

01:22:38,950 --> 01:22:37,520

saying that indeed the film was followed

2336

01:22:41,350 --> 01:22:38,960

by radiation

2337

01:22:43,189 --> 01:22:41,360

but then the next morning there was no

2338

01:22:44,870 --> 01:22:43,199

radiation so for a half light to

2339

01:22:46,229 --> 01:22:44,880

disappear that quickly

2340

01:22:48,870 --> 01:22:46,239

you're talking about an exotic

2341

01:22:53,030 --> 01:22:48,880

propulsion from some type of engine

2342

01:22:56,709 --> 01:22:53,040

that is way beyond our comprehension

2343

01:22:58,229 --> 01:22:56,719

wow well um and let's see i think

2344

01:22:59,990 --> 01:22:58,239

what i'm going to do is we have a

2345

01:23:01,510 --> 01:23:00,000

question that came up it's kind of it's

2346

01:23:04,310 --> 01:23:01,520

totally unrelated

2347

01:23:05,990 --> 01:23:04,320

but uh to our topic but i still uh told

2348

01:23:07,189 --> 01:23:06,000

people i would ask a question and they

2349

01:23:10,709 --> 01:23:07,199

want to know what you

2350

01:23:14,950 --> 01:23:10,719

uh do you want disclosure

2351

01:23:18,149 --> 01:23:14,960

or do you enjoy the ufo mystery as it is

2352

01:23:20,550 --> 01:23:18,159

i've never heard that question before

2353

01:23:21,669 --> 01:23:20,560

one disclosure we love this topic um i

2354

01:23:23,990 --> 01:23:21,679

have to say

2355

01:23:25,430 --> 01:23:24,000

i i must say i do not want disclosure

2356

01:23:28,629 --> 01:23:25,440

because i don't believe it would be

2357

01:23:30,629 --> 01:23:28,639

true if it was does that make any sense

2358

01:23:32,709 --> 01:23:30,639

why don't you elaborate on that a little

2359

01:23:33,510 --> 01:23:32,719

uh there's no you don't trust that it

2360

01:23:35,510 --> 01:23:33,520

would be true

2361

01:23:37,350 --> 01:23:35,520

there's no yeah i do not if there was

2362

01:23:39,430 --> 01:23:37,360

disclosure and by that i mean

2363

01:23:41,030 --> 01:23:39,440

you know everyone's uh fantasy

2364

01:23:41,910 --> 01:23:41,040

disclosures the government comes out

2365

01:23:43,590 --> 01:23:41,920

admits

2366

01:23:45,510 --> 01:23:43,600

you know that all these things we've

2367

01:23:48,229 --> 01:23:45,520

been seeing on television are true yada

2368

01:23:50,149 --> 01:23:48,239

yada we were wrong

2369

01:23:51,669 --> 01:23:50,159

i don't see that happening there's just

2370

01:23:55,750 --> 01:23:51,679

literally no

2371

01:23:57,430 --> 01:23:55,760

logical reasoning for it

2372

01:23:59,590 --> 01:23:57,440

at the end of the day all they're going

2373

01:24:01,590 --> 01:23:59,600

to do is suffer panic and

2374

01:24:04,310 --> 01:24:01,600

probably hysterian riots and things like

2375

01:24:06,390 --> 01:24:04,320

this who knows what

2376

01:24:08,390 --> 01:24:06,400

lost control well i you know some people

2377

01:24:11,430 --> 01:24:08,400

would argue that we've been kind of

2378

01:24:12,870 --> 01:24:11,440

getting eased you're right

2379

01:24:15,110 --> 01:24:12,880

that we've been kind of getting eased

2380

01:24:17,350 --> 01:24:15,120

into it

2381

01:24:18,390 --> 01:24:17,360

and i've posted this on facebook much to

2382

01:24:22,870 --> 01:24:18,400

the you know

2383

01:24:25,750 --> 01:24:22,880

chagrin of many people disclosure

2384

01:24:27,430 --> 01:24:25,760

is a disinformation tactic that has

2385

01:24:30,310 --> 01:24:27,440

worked for many years

2386

01:24:31,590 --> 01:24:30,320

disclosure is the carrot they dangle in

2387

01:24:34,149 --> 01:24:31,600

front of you

2388

01:24:36,229 --> 01:24:34,159

and this is for the ancient alien crowd

2389

01:24:38,390 --> 01:24:36,239

it's just out of reach you can almost

2390

01:24:39,110 --> 01:24:38,400

grasp it but you're always just missing

2391

01:24:44,950 --> 01:24:39,120

it

2392

01:24:45,910 --> 01:24:44,960

there is no carrot there is no

2393

01:24:50,229 --> 01:24:45,920

disclosure

2394

01:24:51,830 --> 01:24:50,239

to lead you down rabbit holes

2395

01:24:54,629 --> 01:24:51,840

to think that there's an answer coming

2396

01:24:55,990 --> 01:24:54,639

up the fact is they don't know what the

2397

01:24:58,070 --> 01:24:56,000

hell they're talking about they don't

2398

01:24:59,990 --> 01:24:58,080

know what it is they can't even describe

2399

01:25:02,390 --> 01:25:00,000

it they they're baffled they don't want

2400

01:25:03,669 --> 01:25:02,400

to tell you that so the last thing the

2401

01:25:05,110 --> 01:25:03,679

government's going to do is go look

2402

01:25:05,750 --> 01:25:05,120

there's something happening they might

2403

01:25:10,229 --> 01:25:05,760

be

2404

01:25:11,590 --> 01:25:10,239

on our greatest government properties

2405

01:25:12,149 --> 01:25:11,600

and there's nothing we can do about it

2406

01:25:13,750 --> 01:25:12,159

but

2407

01:25:15,590 --> 01:25:13,760

hey you don't worry about it it's no big

2408

01:25:17,669 --> 01:25:15,600

deal that is the last thing that will

2409

01:25:21,350 --> 01:25:17,679

ever happen so disclosure

2410

01:25:24,229 --> 01:25:21,360

is a front a disinformation program

2411

01:25:25,750 --> 01:25:24,239

to let you believe that you're going to

2412

01:25:27,910 --> 01:25:25,760

be safe

2413

01:25:29,510 --> 01:25:27,920

and that some greater power is going to

2414

01:25:33,030 --> 01:25:29,520

bring us to salvation

2415

01:25:37,350 --> 01:25:33,040

it's it's all bs well

2416

01:25:40,470 --> 01:25:39,270

and and because you know we've seen it

2417

01:25:43,270 --> 01:25:40,480

over and over again

2418

01:25:43,750 --> 01:25:43,280

you know from from such a long time ago

2419

01:25:45,669 --> 01:25:43,760

and

2420

01:25:46,790 --> 01:25:45,679

you know i heard uh john greenwald the

2421

01:25:48,149 --> 01:25:46,800

other night on

2422

01:25:49,750 --> 01:25:48,159

coast to coast i didn't agree with

2423

01:25:51,270 --> 01:25:49,760

everything he said but he said something

2424

01:25:53,990 --> 01:25:51,280

along that line

2425

01:25:55,189 --> 01:25:54,000

where we've seen this before you know

2426

01:25:57,430 --> 01:25:55,199

and he doesn't hold

2427

01:25:59,590 --> 01:25:57,440

um you know he doesn't hold any faith

2428

01:26:02,709 --> 01:25:59,600

that you know it's going to happen

2429

01:26:05,910 --> 01:26:02,719

um here's a question from the chat

2430

01:26:08,470 --> 01:26:05,920

and uh does the tic tac ufo resemble the

2431

01:26:11,270 --> 01:26:08,480

socorro object it's similar right

2432

01:26:12,629 --> 01:26:11,280

i mean just on the ends well considering

2433

01:26:14,149 --> 01:26:12,639

the fact that none of us saw it

2434

01:26:17,350 --> 01:26:14,159

firsthand

2435

01:26:24,390 --> 01:26:19,110

uh well there yeah but i'm saying we

2436

01:26:27,590 --> 01:26:26,310

i'm talking about socorro we were not in

2437

01:26:29,189 --> 01:26:27,600

1964

2438

01:26:31,590 --> 01:26:29,199

watching what lonnie saw so there's no

2439

01:26:33,750 --> 01:26:31,600

telling if that is the exact same crap

2440

01:26:35,270 --> 01:26:33,760

it could resemble it on any other level

2441

01:26:36,870 --> 01:26:35,280

sure but i don't know

2442

01:26:38,870 --> 01:26:36,880

the thing is and tony's right when

2443

01:26:40,470 --> 01:26:38,880

you're talking about an egg-shaped craft

2444

01:26:42,470 --> 01:26:40,480

if it moves at high speed it might look

2445

01:26:44,070 --> 01:26:42,480

like a tic-tac it might look like a

2446

01:26:44,709 --> 01:26:44,080

streak it might look like a telephone

2447

01:26:47,110 --> 01:26:44,719

pole

2448

01:26:49,110 --> 01:26:47,120

but what i was what what i was telling

2449

01:26:50,629 --> 01:26:49,120

you what i was reiterating was

2450

01:26:52,149 --> 01:26:50,639

remember that little object that you

2451

01:26:52,709 --> 01:26:52,159

didn't see when i was like oh i didn't

2452

01:26:55,350 --> 01:26:52,719

see that

2453

01:26:56,550 --> 01:26:55,360

yeah right when we were at socorro tony

2454

01:26:58,470 --> 01:26:56,560

we were filming

2455

01:27:00,790 --> 01:26:58,480

but i wasn't obviously in the right

2456

01:27:03,030 --> 01:27:00,800

direction but an object was ground

2457

01:27:05,430 --> 01:27:03,040

training i could see it coming

2458

01:27:06,229 --> 01:27:05,440

and i play i've played professional

2459

01:27:08,390 --> 01:27:06,239

tennis i can

2460

01:27:09,430 --> 01:27:08,400

track an object moving fast this thing

2461

01:27:11,830 --> 01:27:09,440

was probably i

2462

01:27:12,709 --> 01:27:11,840

figured it out later it's like maybe 4.5

2463

01:27:14,709 --> 01:27:12,719

seconds

2464

01:27:16,070 --> 01:27:14,719

but it came ground terrain so it was

2465

01:27:18,149 --> 01:27:16,080

lifting and

2466

01:27:19,669 --> 01:27:18,159

elevating and then it disappeared and

2467

01:27:21,590 --> 01:27:19,679

went over the berm where we were at

2468

01:27:23,270 --> 01:27:21,600

sakura and went out of sight

2469

01:27:24,709 --> 01:27:23,280

and i swear to god it looked like a tic

2470

01:27:27,990 --> 01:27:24,719

tac but it was only about

2471

01:27:29,350 --> 01:27:28,000

this big and i think that maybe because

2472

01:27:31,430 --> 01:27:29,360

it was moving so fast

2473

01:27:33,830 --> 01:27:31,440

it was blurred and i don't know the true

2474

01:27:35,110 --> 01:27:33,840

shape but these tic tacs that the

2475

01:27:36,629 --> 01:27:35,120

guys are seeing if they saw it

2476

01:27:37,750 --> 01:27:36,639

stationary it looked like a tic tac

2477

01:27:39,750 --> 01:27:37,760

that's one thing

2478

01:27:41,430 --> 01:27:39,760

but you're really close to describing

2479

01:27:44,229 --> 01:27:41,440

egg-shaped objects

2480

01:27:46,149 --> 01:27:44,239

and the the thing with these objects is

2481

01:27:47,430 --> 01:27:46,159

maybe they project what you want to see

2482

01:27:49,590 --> 01:27:47,440

or what's more comfortable

2483

01:27:50,950 --> 01:27:49,600

for you to see so if you're more

2484

01:27:54,149 --> 01:27:50,960

comfortable seeing than

2485

01:27:55,750 --> 01:27:54,159

a 747 than a flying saucer and maybe

2486

01:27:58,709 --> 01:27:55,760

they'll make it a little more

2487

01:28:00,629 --> 01:27:58,719

you know it's it's it's kind of like you

2488

01:28:01,430 --> 01:28:00,639

get into freud and the observer and the

2489

01:28:03,270 --> 01:28:01,440

observed

2490

01:28:05,189 --> 01:28:03,280

you getting to the point where what if

2491

01:28:06,390 --> 01:28:05,199

the the thing you're observing knows

2492

01:28:08,629 --> 01:28:06,400

what you're

2493

01:28:10,390 --> 01:28:08,639

looking at and then adjust accordingly

2494

01:28:13,189 --> 01:28:10,400

to not freak you out

2495

01:28:15,270 --> 01:28:13,199

and so a lot of these ufo observations

2496

01:28:16,790 --> 01:28:15,280

seem to kind of go along that path

2497

01:28:18,709 --> 01:28:16,800

especially when you get into deductions

2498

01:28:20,070 --> 01:28:18,719

and things like that but it seems like

2499

01:28:21,270 --> 01:28:20,080

they can understand everything that's

2500

01:28:24,229 --> 01:28:21,280

going through your mind

2501
01:28:25,750 --> 01:28:24,239
every emotion you're having and try on

2502
01:28:27,590 --> 01:28:25,760
the one hand try to make it easier on

2503
01:28:29,350 --> 01:28:27,600
the other hand we have reports where

2504
01:28:31,189 --> 01:28:29,360
it's the most horrible experience on

2505
01:28:31,910 --> 01:28:31,199
earth and you know if you look at the

2506
01:28:34,950 --> 01:28:31,920
brazilian

2507
01:28:37,990 --> 01:28:34,960
ufo encounters and things like that

2508
01:28:38,950 --> 01:28:38,000
we have a ray uh we have the uh call-in

2509
01:28:41,189 --> 01:28:38,960
is ready

2510
01:28:41,990 --> 01:28:41,199
um and that number is eight five five

2511
01:28:43,510 --> 01:28:42,000
four seven two

2512
01:28:45,910 --> 01:28:43,520
five four eight three if anyone wants to

2513
01:28:48,790 --> 01:28:45,920

call into the show and uh we have

2514

01:28:53,030 --> 01:28:48,800

uh actually ray stanford on the phone

2515

01:28:56,070 --> 01:28:55,669

uh it's my fault hang on hang on here we

2516

01:28:59,110 --> 01:28:56,080

go

2517

01:29:03,830 --> 01:28:59,120

ray welcome to the show

2518

01:29:07,350 --> 01:29:03,840

hi good to be here hi ray hey ray

2519

01:29:09,110 --> 01:29:07,360

hi tony and ben i saw a question pop up

2520

01:29:10,870 --> 01:29:09,120

on the screen i couldn't resist calling

2521

01:29:12,310 --> 01:29:10,880

in on and said did ray get a photo

2522

01:29:14,950 --> 01:29:12,320

of the object of our mountains in the

2523

01:29:17,510 --> 01:29:14,960

background did you did you just see it

2524

01:29:18,709 --> 01:29:17,520

well uh i did not get a photo but i

2525

01:29:21,510 --> 01:29:18,719

showed them a photo

2526

01:29:23,430 --> 01:29:21,520

that let me explain how it happened uh

2527

01:29:25,430 --> 01:29:23,440

when i had been to sacral

2528

01:29:28,229 --> 01:29:25,440

and i went back to phoenix i had my

2529

01:29:30,790 --> 01:29:28,239

films processed at a local photo lab

2530

01:29:32,629 --> 01:29:30,800

and when they made copies they didn't do

2531

01:29:34,709 --> 01:29:32,639

a good job of cleaning the negative

2532

01:29:36,709 --> 01:29:34,719

and amazingly they left something on the

2533

01:29:39,110 --> 01:29:36,719

negative that when the prints

2534

01:29:41,030 --> 01:29:39,120

resulted and ben and tony have seen it

2535

01:29:42,550 --> 01:29:41,040

it really looked like there's a girl

2536

01:29:45,350 --> 01:29:42,560

object out there over

2537

01:29:45,669 --> 01:29:45,360

the mountains uh uh looking to the west

2538

01:29:50,470 --> 01:29:45,679

but

2539

01:29:52,629 --> 01:29:50,480

uh uh everybody was enthusiastic and uh

2540

01:29:54,070 --> 01:29:52,639

but i i said wait we got a hold on i've

2541

01:29:55,669 --> 01:29:54,080

got to find the original negative and

2542

01:29:58,070 --> 01:29:55,679

see if this is real

2543

01:29:58,709 --> 01:29:58,080

finally after two years i dug through

2544

01:30:01,590 --> 01:29:58,719

the uh

2545

01:30:03,510 --> 01:30:01,600

the massive ufo evidences i have here

2546

01:30:07,350 --> 01:30:03,520

and i found the original negative

2547

01:30:09,270 --> 01:30:07,360

and it's not on the negative it was a

2548

01:30:10,470 --> 01:30:09,280

just stuff on the the picture that that

2549

01:30:10,950 --> 01:30:10,480

that shouldn't have been there if they'd

2550

01:30:13,750 --> 01:30:10,960

had

2551
01:30:14,629 --> 01:30:13,760
a clean negative so we can forget that

2552
01:30:16,470 --> 01:30:14,639
but i wonder

2553
01:30:17,910 --> 01:30:16,480
that i would like to share very briefly

2554
01:30:21,350 --> 01:30:17,920
here uh

2555
01:30:24,310 --> 01:30:21,360
14 years after the zocoro event

2556
01:30:25,430 --> 01:30:24,320
i had received an alert from a scientist

2557
01:30:28,310 --> 01:30:25,440
at white sands

2558
01:30:29,830 --> 01:30:28,320
about ufo activity out there and we

2559
01:30:32,390 --> 01:30:29,840
saddled up our mobile

2560
01:30:34,149 --> 01:30:32,400
ufo tracking lab we headed out and i

2561
01:30:35,669 --> 01:30:34,159
want to get into what happened

2562
01:30:37,270 --> 01:30:35,679
when we got to white sands where he

2563
01:30:39,350 --> 01:30:37,280

asked to come but

2564

01:30:40,629 --> 01:30:39,360

one day we were in phoenix some days

2565

01:30:43,430 --> 01:30:40,639

later and

2566

01:30:44,709 --> 01:30:43,440

i'd like to just describe the fact that

2567

01:30:47,750 --> 01:30:44,719

in broad daylight

2568

01:30:49,510 --> 01:30:47,760

i and and robert dunham

2569

01:30:51,510 --> 01:30:49,520

and my former wife kitty boat now my

2570

01:30:54,790 --> 01:30:51,520

president my wife of 34 years

2571

01:30:56,950 --> 01:30:54,800

but we were driving north of phoenix

2572

01:30:58,390 --> 01:30:56,960

and we had a mobile lab the back doors

2573

01:31:01,669 --> 01:30:58,400

unfortunately have been locked on

2574

01:31:03,030 --> 01:31:01,679

on the silverado vehicle and they're

2575

01:31:05,990 --> 01:31:03,040

supposed to been unlocked

2576

01:31:07,030 --> 01:31:06,000

believe it or not off to the right of

2577

01:31:09,669 --> 01:31:07,040

the uh

2578

01:31:10,629 --> 01:31:09,679

uh highway going north from phoenix the

2579

01:31:12,550 --> 01:31:10,639

interstate

2580

01:31:14,550 --> 01:31:12,560

in an area that would stick with shoya

2581

01:31:17,030 --> 01:31:14,560

cactus which you don't want to run into

2582

01:31:17,830 --> 01:31:17,040

and it wasn't greased with bushes like

2583

01:31:19,750 --> 01:31:17,840

it's a coral

2584

01:31:20,950 --> 01:31:19,760

but there was a ravine over there and

2585

01:31:23,669 --> 01:31:20,960

believe it or not

2586

01:31:24,550 --> 01:31:23,679

we all three saw an object shaped

2587

01:31:26,470 --> 01:31:24,560

exactly

2588

01:31:28,070 --> 01:31:26,480

like the squirrel object broad daylight

2589

01:31:30,470 --> 01:31:28,080

within a few hundred feet

2590

01:31:31,350 --> 01:31:30,480

take off out of the ravine now there was

2591

01:31:33,830 --> 01:31:31,360

a difference

2592

01:31:34,709 --> 01:31:33,840

we didn't see a blue column of bright

2593

01:31:37,189 --> 01:31:34,719

light or

2594

01:31:38,310 --> 01:31:37,199

hear a ring sound from it but it went

2595

01:31:41,350 --> 01:31:38,320

off vertically

2596

01:31:44,149 --> 01:31:41,360

but the difference was remarkable the

2597

01:31:45,590 --> 01:31:44,159

surface of this thing was so black that

2598

01:31:47,510 --> 01:31:45,600

if you were to hit it with a bright

2599

01:31:49,270 --> 01:31:47,520

light you'd have to hit it probably at a

2600

01:31:50,790 --> 01:31:49,280

narrow bleak angle to even see any

2601

01:31:53,030 --> 01:31:50,800

reflection off of it because

2602

01:31:54,790 --> 01:31:53,040

it's like it absorbed all the light this

2603

01:31:55,430 --> 01:31:54,800

thing took off vertically like it's a

2604

01:31:57,350 --> 01:31:55,440

coil

2605

01:31:58,550 --> 01:31:57,360

shaped exactly like it and i'd say was

2606

01:32:01,189 --> 01:31:58,560

the same size

2607

01:32:03,110 --> 01:32:01,199

and it took off and made a turn to the

2608

01:32:05,189 --> 01:32:03,120

west across the highway

2609

01:32:07,270 --> 01:32:05,199

when he got in front of a big thunder

2610

01:32:10,550 --> 01:32:07,280

head was up in the direction of prescott

2611

01:32:11,669 --> 01:32:10,560

a white cloud something remarkable

2612

01:32:14,629 --> 01:32:11,679

happened

2613

01:32:15,350 --> 01:32:14,639

around this black object which was not

2614

01:32:16,870 --> 01:32:15,360

uh

2615

01:32:18,709 --> 01:32:16,880

its body was not orange in the direction

2616

01:32:19,990 --> 01:32:18,719

of travel but off several degrees of the

2617

01:32:22,709 --> 01:32:20,000

direction of travel

2618

01:32:23,590 --> 01:32:22,719

out the forward end there looked like a

2619

01:32:26,870 --> 01:32:23,600

spinning

2620

01:32:28,470 --> 01:32:26,880

glowing blue let's call it a cobweb

2621

01:32:30,229 --> 01:32:28,480

or like you had a caterpillar inside

2622

01:32:32,709 --> 01:32:30,239

weaving a cocoon

2623

01:32:33,910 --> 01:32:32,719

and this thing just spiraled around it

2624

01:32:36,629 --> 01:32:33,920

from front to back

2625

01:32:38,229 --> 01:32:36,639

and covered it with a blue white glow

2626

01:32:40,950 --> 01:32:38,239

which made it harder to say against

2627

01:32:42,390 --> 01:32:40,960

god and we're battling to get the keys

2628

01:32:43,110 --> 01:32:42,400

and get the back doors open and take

2629

01:32:44,790 --> 01:32:43,120

pictures

2630

01:32:46,950 --> 01:32:44,800

we didn't get time we didn't get good

2631

01:32:49,030 --> 01:32:46,960

pictures until later in the day

2632

01:32:50,310 --> 01:32:49,040

but i just wanted people to know that

2633

01:32:52,550 --> 01:32:50,320

the three of us

2634

01:32:54,950 --> 01:32:52,560

uh my father and wife and robert dunn

2635

01:32:56,950 --> 01:32:54,960

and i saw in broad daylight

2636

01:32:59,110 --> 01:32:56,960

at within a few hundred feet something

2637

01:33:01,110 --> 01:32:59,120

that really looked like the score object

2638

01:33:03,030 --> 01:33:01,120

except for the color change and ben had

2639

01:33:03,510 --> 01:33:03,040

mentioned earlier the possibility they

2640

01:33:05,350 --> 01:33:03,520

can

2641

01:33:06,790 --> 01:33:05,360

affect the surface appearance of these

2642

01:33:08,709 --> 01:33:06,800

things well this thing sure

2643

01:33:10,470 --> 01:33:08,719

looked like the square object but it was

2644

01:33:12,790 --> 01:33:10,480

black so um

2645

01:33:14,390 --> 01:33:12,800

i'm going to leave it at that unless

2646

01:33:15,830 --> 01:33:14,400

then or somebody wants to ask me a

2647

01:33:17,430 --> 01:33:15,840

question about this or

2648

01:33:19,830 --> 01:33:17,440

make a comment otherwise i'll get out of

2649

01:33:21,510 --> 01:33:19,840

your hair

2650

01:33:24,149 --> 01:33:21,520

i have anything to ask ray why do you

2651
01:33:26,229 --> 01:33:24,159
have them or ray i actually mentioned

2652
01:33:28,709 --> 01:33:26,239
your encounter in the book i didn't i

2653
01:33:32,070 --> 01:33:28,719
didn't go into detail because

2654
01:33:33,910 --> 01:33:32,080
of uh the fact that

2655
01:33:35,750 --> 01:33:33,920
if i included everything i wanted to

2656
01:33:38,790 --> 01:33:35,760
include it would probably

2657
01:33:41,510 --> 01:33:38,800
bankrolled me but uh i did include the

2658
01:33:43,990 --> 01:33:41,520
fact that you had witnessed these events

2659
01:33:46,470 --> 01:33:44,000
and um you know trying to get interest

2660
01:33:48,390 --> 01:33:46,480
in you know people asking a question

2661
01:33:50,070 --> 01:33:48,400
to find out what actually happened

2662
01:33:50,709 --> 01:33:50,080
because that's a whole of the story unto

2663
01:33:52,709 --> 01:33:50,719

itself

2664

01:33:55,430 --> 01:33:52,719

it just verifies the fact that there

2665

01:33:57,430 --> 01:33:55,440

were unusual objects

2666

01:33:59,270 --> 01:33:57,440

in this area for a long time i mean

2667

01:33:59,830 --> 01:33:59,280

ray's encounter with these objects which

2668

01:34:03,669 --> 01:33:59,840

he

2669

01:34:07,030 --> 01:34:03,679

told us in detail are incredible and so

2670

01:34:09,350 --> 01:34:07,040

it just goes along the line that in this

2671

01:34:11,750 --> 01:34:09,360

area of the united states a lot of

2672

01:34:15,510 --> 01:34:11,760

unusual things happen

2673

01:34:17,510 --> 01:34:15,520

around military bases we have not

2674

01:34:18,790 --> 01:34:17,520

probably coincidentally but the fact

2675

01:34:23,270 --> 01:34:18,800

that

2676

01:34:26,550 --> 01:34:23,280

ray has further documentation to

2677

01:34:29,110 --> 01:34:26,560

support unusual aerial phenomena

2678

01:34:33,110 --> 01:34:29,120

in this area regardless the time frame

2679

01:34:36,390 --> 01:34:33,120

is very important

2680

01:34:38,950 --> 01:34:36,400

let me mention one thing for me uh just

2681

01:34:39,830 --> 01:34:38,960

and close with this this event that we

2682

01:34:43,109 --> 01:34:39,840

saw

2683

01:34:44,070 --> 01:34:43,119

was 14 years and uh let's say april may

2684

01:34:46,470 --> 01:34:44,080

june july

2685

01:34:47,750 --> 01:34:46,480

and four months approximately after the

2686

01:34:49,669 --> 01:34:47,760

sakura event

2687

01:34:51,510 --> 01:34:49,679

but the fact that here was a thing that

2688

01:34:53,510 --> 01:34:51,520

looked exactly like score object except

2689

01:34:55,510 --> 01:34:53,520

for the color which it changed color

2690

01:34:57,270 --> 01:34:55,520

uh really makes me feel that we're

2691

01:34:57,990 --> 01:34:57,280

looking at something persistent across

2692

01:34:59,830 --> 01:34:58,000

time

2693

01:35:02,229 --> 01:34:59,840

and i want people people to keep in mind

2694

01:35:04,149 --> 01:35:02,239

that uh if this were a secret craft as

2695

01:35:06,950 --> 01:35:04,159

some people were alleging

2696

01:35:07,270 --> 01:35:06,960

in all these years 50 however many years

2697

01:35:09,430 --> 01:35:07,280

since

2698

01:35:11,030 --> 01:35:09,440

the coral we would have learned about it

2699

01:35:11,510 --> 01:35:11,040

it wouldn't have been kept secret that

2700

01:35:13,669 --> 01:35:11,520

long

2701
01:35:14,550 --> 01:35:13,679
we not only didn't have then but we do

2702
01:35:16,870 --> 01:35:14,560
not have now

2703
01:35:19,270 --> 01:35:16,880
something that can behave as a choral

2704
01:35:22,229 --> 01:35:19,280
object so i'm going to

2705
01:35:22,629 --> 01:35:22,239
get out of here and let your guests uh

2706
01:35:24,310 --> 01:35:22,639
uh

2707
01:35:27,109 --> 01:35:24,320
get back talking whatever they'd like to

2708
01:35:28,629 --> 01:35:27,119
and thanks for listening folks

2709
01:35:30,229 --> 01:35:28,639
all right hey ray thanks for the call

2710
01:35:32,470 --> 01:35:30,239
ray thank you

2711
01:35:34,390 --> 01:35:32,480
so the uh lines open that number again

2712
01:35:37,189 --> 01:35:34,400
is eight five five four seven two

2713
01:35:37,750 --> 01:35:37,199

five four eight three and uh bill will

2714

01:35:40,790 --> 01:35:37,760

take your

2715

01:35:43,590 --> 01:35:40,800

calls in over there and uh

2716

01:35:45,590 --> 01:35:43,600

yeah well i i was glad a ray called and

2717

01:35:47,510 --> 01:35:45,600

actually that's where i met you

2718

01:35:49,030 --> 01:35:47,520

uh tony you and ben for the first time

2719

01:35:51,510 --> 01:35:49,040

is that racism

2720

01:35:52,229 --> 01:35:51,520

uh and rey's uh well i won't say his

2721

01:35:54,149 --> 01:35:52,239

attic his

2722

01:35:55,350 --> 01:35:54,159

uh third floor up there or was the

2723

01:35:57,430 --> 01:35:55,360

second floor i can't remember

2724

01:35:59,830 --> 01:35:57,440

it was like 900 degrees it was really

2725

01:36:03,510 --> 01:35:59,840

warm yeah

2726

01:36:05,750 --> 01:36:03,520

yeah uh yeah what what uh a great source

2727

01:36:08,070 --> 01:36:05,760

of uh files and things uh

2728

01:36:08,950 --> 01:36:08,080

amazing stuff in in that house yeah it's

2729

01:36:11,270 --> 01:36:08,960

tremendous

2730

01:36:13,270 --> 01:36:11,280

it's uh every time we go there it's it's

2731

01:36:16,709 --> 01:36:13,280

like pandora's box

2732

01:36:19,830 --> 01:36:16,719

yeah yeah i'm sure um so

2733

01:36:21,510 --> 01:36:19,840

as far as uh this this case

2734

01:36:23,590 --> 01:36:21,520

what are some of the other uh there's

2735

01:36:26,470 --> 01:36:23,600

ben he's back

2736

01:36:27,350 --> 01:36:26,480

what are some of the other um things you

2737

01:36:29,590 --> 01:36:27,360

have

2738

01:36:31,510 --> 01:36:29,600

uh you know discovered that's not been

2739

01:36:33,270 --> 01:36:31,520

talked about before i know you you

2740

01:36:36,070 --> 01:36:33,280

talked about the woman that saw

2741

01:36:38,229 --> 01:36:36,080

this and you know the albuquerque uh

2742

01:36:39,830 --> 01:36:38,239

river or whatever that was canal

2743

01:36:42,149 --> 01:36:39,840

um but are there some other things

2744

01:36:44,870 --> 01:36:42,159

you've uncovered because i know you did

2745

01:36:46,790 --> 01:36:44,880

you said you dug through uh new

2746

01:36:48,709 --> 01:36:46,800

newspaper clippings and you know you

2747

01:36:51,590 --> 01:36:48,719

were in the area four times

2748

01:36:52,070 --> 01:36:51,600

um and interviews did you get to

2749

01:36:54,149 --> 01:36:52,080

interview

2750

01:36:55,910 --> 01:36:54,159

more people than i know you mentioned

2751
01:37:00,310 --> 01:36:55,920
that one person

2752
01:37:03,350 --> 01:37:00,320
yeah we we got to uh

2753
01:37:06,870 --> 01:37:03,360
a gentleman that had run into

2754
01:37:09,910 --> 01:37:06,880
uh lonnie i think we talked about the

2755
01:37:11,669 --> 01:37:09,920
radiation but we also had a gentleman

2756
01:37:15,030 --> 01:37:11,679
patrick richard

2757
01:37:18,229 --> 01:37:15,040
who had um moved to the area

2758
01:37:21,350 --> 01:37:18,239
he was a architect i'm not an architect

2759
01:37:23,350 --> 01:37:21,360
a archaeologist sorry and he um

2760
01:37:25,350 --> 01:37:23,360
had moved to socorro and he was also an

2761
01:37:28,310 --> 01:37:25,360
artist and if you go to

2762
01:37:31,270 --> 01:37:28,320
the local where the police station used

2763
01:37:33,270 --> 01:37:31,280

to be located which is now the museum

2764

01:37:35,109 --> 01:37:33,280

there's a portrait of lonnie that

2765

01:37:38,229 --> 01:37:35,119

patrick richard did

2766

01:37:41,430 --> 01:37:38,239

and so i met him through the internet

2767

01:37:43,990 --> 01:37:41,440

as we were talking about this story

2768

01:37:44,550 --> 01:37:44,000

i'm sorry i can't remember exactly how

2769

01:37:48,149 --> 01:37:44,560

we actually

2770

01:37:48,790 --> 01:37:48,159

interacted but it turns out he's the

2771

01:37:52,070 --> 01:37:48,800

person

2772

01:37:53,430 --> 01:37:52,080

that uh had drawn the portrait for

2773

01:37:55,990 --> 01:37:53,440

lonnie that hangs

2774

01:37:57,030 --> 01:37:56,000

in the old police station he had moved

2775

01:38:00,070 --> 01:37:57,040

to socorro

2776

01:38:03,270 --> 01:38:00,080

and he met with lonnie several times and

2777

01:38:05,109 --> 01:38:03,280

in my longest chapter which is about the

2778

01:38:07,510 --> 01:38:05,119

socorro symbol that tony and i

2779

01:38:09,669 --> 01:38:07,520

investigated a great detail

2780

01:38:11,830 --> 01:38:09,679

simply because it was not important to

2781

01:38:12,629 --> 01:38:11,840

get the symbol right but to understand

2782

01:38:15,270 --> 01:38:12,639

the whole

2783

01:38:17,830 --> 01:38:15,280

process of why it's so complicated

2784

01:38:20,310 --> 01:38:17,840

patrick had a great story about that

2785

01:38:22,229 --> 01:38:20,320

so he had met lonnie several times and

2786

01:38:23,270 --> 01:38:22,239

had told lonnie he was doing a portrait

2787

01:38:25,510 --> 01:38:23,280

and lonnie

2788

01:38:26,310 --> 01:38:25,520

would always turn down breakfast but

2789

01:38:28,070 --> 01:38:26,320

would uh

2790

01:38:30,310 --> 01:38:28,080

always accept coffee which i'm kind of

2791

01:38:31,109 --> 01:38:30,320

the same way you know i always want to

2792

01:38:33,270 --> 01:38:31,119

eat but i'll

2793

01:38:34,629 --> 01:38:33,280

i'll never turn down coffee i should be

2794

01:38:36,709 --> 01:38:34,639

on seinfeld's comedians

2795

01:38:37,990 --> 01:38:36,719

getting coffee but anyway make a long

2796

01:38:40,310 --> 01:38:38,000

story short

2797

01:38:41,270 --> 01:38:40,320

he met with lonnie several times and one

2798

01:38:44,390 --> 01:38:41,280

of the occasions

2799

01:38:46,629 --> 01:38:44,400

he was there he he drew

2800

01:38:49,030 --> 01:38:46,639

the fake symbol on the real symbol on a

2801
01:38:51,910 --> 01:38:49,040
napkin and presented to lonnie

2802
01:38:54,070 --> 01:38:51,920
and lonnie kind of offhandedly looked

2803
01:38:55,910 --> 01:38:54,080
away and pointed to

2804
01:38:58,070 --> 01:38:55,920
what he said was the correct symbol

2805
01:39:01,109 --> 01:38:58,080
which was not the

2806
01:39:03,830 --> 01:39:01,119
fake symbol that's promoted to this day

2807
01:39:05,189 --> 01:39:03,840
so that's another example of just

2808
01:39:07,350 --> 01:39:05,199
running into somebody

2809
01:39:10,149 --> 01:39:07,360
and he turned me onto gordy hicks and

2810
01:39:13,750 --> 01:39:10,159
gordy hicks when tony and i investigated

2811
01:39:16,870 --> 01:39:13,760
turns out his mom was a

2812
01:39:20,390 --> 01:39:16,880
uh a documented um

2813
01:39:22,390 --> 01:39:20,400

had a degree in photography

2814

01:39:24,870 --> 01:39:22,400

and gordy hicks was on the board at

2815

01:39:28,149 --> 01:39:24,880

socorro at the time he was a kid

2816

01:39:29,990 --> 01:39:28,159

but his mom had been grabbed by the

2817

01:39:32,229 --> 01:39:30,000

apparently the fbi

2818

01:39:33,990 --> 01:39:32,239

and taken to the site and taken all

2819

01:39:34,950 --> 01:39:34,000

these photographs like

2820

01:39:38,310 --> 01:39:34,960

probably three or four hundred

2821

01:39:41,750 --> 01:39:38,320

photographs from every angle imaginable

2822

01:39:43,910 --> 01:39:41,760

and then the the what um when i talked

2823

01:39:45,189 --> 01:39:43,920

to gordy recently for the book he said

2824

01:39:46,390 --> 01:39:45,199

like they were

2825

01:39:49,270 --> 01:39:46,400

they didn't tell me where they're from

2826

01:39:50,870 --> 01:39:49,280

but they all had suits on that's fbi

2827

01:39:52,390 --> 01:39:50,880

or cia one or the other it doesn't

2828

01:39:53,750 --> 01:39:52,400

really matter they're both working with

2829

01:39:56,950 --> 01:39:53,760

each other

2830

01:39:58,950 --> 01:39:56,960

so they knew that his mom was one of the

2831

01:40:00,950 --> 01:39:58,960

few women in the world that actually had

2832

01:40:04,550 --> 01:40:00,960

a degree in photography

2833

01:40:06,070 --> 01:40:04,560

plus she had her own development studio

2834

01:40:07,830 --> 01:40:06,080

in her house

2835

01:40:10,070 --> 01:40:07,840

so once the photographs were taken they

2836

01:40:12,790 --> 01:40:10,080

all followed her to her house

2837

01:40:14,149 --> 01:40:12,800

developed these photographs and not a

2838

01:40:14,550 --> 01:40:14,159

single one of them has seen a light if

2839

01:40:16,709 --> 01:40:14,560

they

2840

01:40:18,390 --> 01:40:16,719

sense that well it was a great story

2841

01:40:18,950 --> 01:40:18,400

because i talked to gauri personally and

2842

01:40:26,790 --> 01:40:18,960

he

2843

01:40:27,270 --> 01:40:26,800

one thing i want to definitely point out

2844

01:40:29,590 --> 01:40:27,280

was

2845

01:40:30,390 --> 01:40:29,600

tony and i are visiting socorro great

2846

01:40:34,390 --> 01:40:30,400

people

2847

01:40:37,510 --> 01:40:34,400

great city incredibly friendly

2848

01:40:40,070 --> 01:40:37,520

very nice as as i was told many times

2849

01:40:41,590 --> 01:40:40,080

people have lived there almost all their

2850

01:40:42,709 --> 01:40:41,600

lives the only people left were the

2851
01:40:44,229 --> 01:40:42,719
transient

2852
01:40:46,709 --> 01:40:44,239
students that came in and came out with

2853
01:40:48,470 --> 01:40:46,719
degrees but most people that grew up

2854
01:40:48,790 --> 01:40:48,480
there liked it so much they stayed there

2855
01:40:50,790 --> 01:40:48,800
so

2856
01:40:52,070 --> 01:40:50,800
a lot of the people that were there

2857
01:40:54,550 --> 01:40:52,080
during the incident

2858
01:40:57,270 --> 01:40:54,560
recorded their incidents with us uh

2859
01:40:59,270 --> 01:40:57,280
during lonnie zamora's ufo encounter

2860
01:41:00,550 --> 01:40:59,280
so it's just one of those things where

2861
01:41:01,109 --> 01:41:00,560
you can actually it's kind of like a

2862
01:41:03,109 --> 01:41:01,119
twilight

2863
01:41:04,629 --> 01:41:03,119

zone episode where you go back in time

2864

01:41:06,550 --> 01:41:04,639

to see your childhood

2865

01:41:08,870 --> 01:41:06,560

you can actually visit socorro and kind

2866

01:41:11,910 --> 01:41:08,880

of get a glimpse of what it was like

2867

01:41:12,470 --> 01:41:11,920

you know 40 50 60 years ago if you do

2868

01:41:16,070 --> 01:41:12,480

visit

2869

01:41:17,430 --> 01:41:16,080

eat bodega steakhouse

2870

01:41:19,350 --> 01:41:17,440

you found a good place to eat that's

2871

01:41:22,470 --> 01:41:19,360

good uh what about the

2872

01:41:25,189 --> 01:41:22,480

physical evidence of this

2873

01:41:26,629 --> 01:41:25,199

of this case you know you had the burnt

2874

01:41:28,390 --> 01:41:26,639

creosote or

2875

01:41:29,990 --> 01:41:28,400

whatever you just called them earlier

2876

01:41:32,149 --> 01:41:30,000

bushes uh but

2877

01:41:33,030 --> 01:41:32,159

um you know there was that scrape on the

2878

01:41:35,669 --> 01:41:33,040

rock

2879

01:41:36,310 --> 01:41:35,679

um do you think that when people got

2880

01:41:39,990 --> 01:41:36,320

there

2881

01:41:42,149 --> 01:41:40,000

earlier that they may have taken um

2882

01:41:43,990 --> 01:41:42,159

you know some more i don't think so in

2883

01:41:45,430 --> 01:41:44,000

fact it was ray stanford who

2884

01:41:47,590 --> 01:41:45,440

noticed the most important piece of

2885

01:41:50,950 --> 01:41:47,600

evidence which was a rock

2886

01:41:51,750 --> 01:41:50,960

that was had shavings of metal from the

2887

01:41:55,189 --> 01:41:51,760

foot

2888

01:41:59,109 --> 01:41:55,199

of this craft on the rock itself

2889

01:42:00,950 --> 01:41:59,119

and he was able to get this rock

2890

01:42:02,470 --> 01:42:00,960

unfortunately the biggest piece of metal

2891

01:42:05,669 --> 01:42:02,480

had fallen off during

2892

01:42:07,990 --> 01:42:05,679

transit uh getting it to goddard um

2893

01:42:09,830 --> 01:42:08,000

where um i'm sure ben will mention this

2894

01:42:13,189 --> 01:42:09,840

in a few minutes here where dr frankel

2895

01:42:14,070 --> 01:42:13,199

was one of the key people involved in

2896

01:42:15,590 --> 01:42:14,080

investigating

2897

01:42:17,430 --> 01:42:15,600

this strange metal and getting it

2898

01:42:19,750 --> 01:42:17,440

analyzed

2899

01:42:21,030 --> 01:42:19,760

yeah ray told me that story uh

2900

01:42:23,669 --> 01:42:21,040

personally it's really

2901
01:42:25,030 --> 01:42:23,679
disheartening but go ahead let's hear it

2902
01:42:28,470 --> 01:42:25,040
actually lonnie that

2903
01:42:31,109 --> 01:42:28,480
lonnie identified

2904
01:42:32,870 --> 01:42:31,119
there were four landing impressions from

2905
01:42:34,709 --> 01:42:32,880
the four landing gear

2906
01:42:37,030 --> 01:42:34,719
and lonnie had noticed the rock was

2907
01:42:41,350 --> 01:42:37,040
broken they all walked over and

2908
01:42:44,870 --> 01:42:41,360
and ray being you know ray is very sharp

2909
01:42:48,149 --> 01:42:44,880
uh even at his age now he's

2910
01:42:50,629 --> 01:42:48,159
he hadn't lost his step but he uh

2911
01:42:52,470 --> 01:42:50,639
he looked down and noticed that there

2912
01:42:54,229 --> 01:42:52,480
was a rock that was broken by one of the

2913
01:42:54,550 --> 01:42:54,239

landing struts that apparently scraped

2914

01:42:57,830 --> 01:42:54,560

down

2915

01:43:01,030 --> 01:42:57,840

and left some material in it and so

2916

01:43:03,270 --> 01:43:01,040

when lonnie pointed it out and he and dr

2917

01:43:04,709 --> 01:43:03,280

heineck were standing there ray realized

2918

01:43:05,189 --> 01:43:04,719

that nobody was going to do anything so

2919

01:43:07,030 --> 01:43:05,199

he goes

2920

01:43:08,310 --> 01:43:07,040

uh dr heineck it's time to get back to

2921

01:43:16,790 --> 01:43:08,320

the

2922

01:43:18,390 --> 01:43:16,800

got back in his car and drove back to

2923

01:43:21,109 --> 01:43:18,400

the site and grabbed the rock

2924

01:43:23,350 --> 01:43:21,119

and that's a whole other story i detail

2925

01:43:26,470 --> 01:43:23,360

it in great detail in the book

2926

01:43:29,590 --> 01:43:26,480

about the metal it's just

2927

01:43:32,629 --> 01:43:29,600

it's one of those stories where you give

2928

01:43:35,109 --> 01:43:32,639

metal to a scientific community

2929

01:43:37,430 --> 01:43:35,119

if it's what you hope it is it becomes

2930

01:43:40,310 --> 01:43:37,440

classified you'll never see it again

2931

01:43:41,990 --> 01:43:40,320

and and the story turns out badly and

2932

01:43:42,310 --> 01:43:42,000

that's what's happened with the metal

2933

01:43:48,310 --> 01:43:42,320

from

2934

01:43:49,910 --> 01:43:48,320

hit by the strut the the one thing the

2935

01:43:51,510 --> 01:43:49,920

few things that we know was it was

2936

01:43:54,550 --> 01:43:51,520

probably

2937

01:43:55,830 --> 01:43:54,560

a zinc iron alloy that was combined in

2938

01:43:58,629 --> 01:43:55,840

such a way that it

2939

01:44:00,629 --> 01:43:58,639

didn't conform to any charts on earth

2940

01:44:04,070 --> 01:44:00,639

but it was also non-corrosive so

2941

01:44:06,310 --> 01:44:04,080

i think the gist of it was if this was

2942

01:44:08,470 --> 01:44:06,320

painted on the outside of a strut

2943

01:44:09,350 --> 01:44:08,480

it wouldn't corrode due to anything kind

2944

01:44:11,910 --> 01:44:09,360

of like gold

2945

01:44:13,990 --> 01:44:11,920

nothing affects gold and so it would be

2946

01:44:15,590 --> 01:44:14,000

an excellent coating for a strut landing

2947

01:44:17,510 --> 01:44:15,600

on a rugged surface

2948

01:44:19,430 --> 01:44:17,520

it seems like this craft was designed to

2949

01:44:20,310 --> 01:44:19,440

land on a rugged surface it reminds me

2950

01:44:24,390 --> 01:44:20,320

of the

2951
01:44:26,229 --> 01:44:24,400
craft we sent them the comets and and

2952
01:44:27,750 --> 01:44:26,239
you know moving objects that we try to

2953
01:44:31,270 --> 01:44:27,760
land on they have to have these

2954
01:44:33,830 --> 01:44:31,280
kind of claws that grip it and hang on

2955
01:44:35,669 --> 01:44:33,840
and you know the one thing about this

2956
01:44:37,910 --> 01:44:35,679
craft was it landed at an

2957
01:44:39,830 --> 01:44:37,920
angle according to all the details we

2958
01:44:43,109 --> 01:44:39,840
have and so it seemed to have like

2959
01:44:44,070 --> 01:44:43,119
the four gear that landed were ready to

2960
01:44:45,910 --> 01:44:44,080
grab a surface

2961
01:44:47,990 --> 01:44:45,920
because they probably weren't sure what

2962
01:44:50,470 --> 01:44:48,000
they were landing on

2963
01:44:52,470 --> 01:44:50,480

yeah definitely interesting you know the

2964

01:44:53,990 --> 01:44:52,480

whole story ray's book just set the

2965

01:44:56,709 --> 01:44:54,000

standard for

2966

01:44:57,590 --> 01:44:56,719

so many paths to follow to figure out

2967

01:44:59,590 --> 01:44:57,600

what happened

2968

01:45:01,189 --> 01:44:59,600

and a lot of them ended dead ends which

2969

01:45:02,629 --> 01:45:01,199

is what happens when the government gets

2970

01:45:05,750 --> 01:45:02,639

involved

2971

01:45:07,430 --> 01:45:05,760

yeah now did he ever did he ever notice

2972

01:45:10,470 --> 01:45:07,440

when this thing lifted up did the

2973

01:45:12,870 --> 01:45:10,480

landing gear stay stationary

2974

01:45:13,750 --> 01:45:12,880

i believe it retracted because it raised

2975

01:45:16,709 --> 01:45:13,760

up

2976

01:45:17,590 --> 01:45:16,719

he never it never came out i mean when i

2977

01:45:19,669 --> 01:45:17,600

i went through

2978

01:45:20,629 --> 01:45:19,679

in great detail all the reports that

2979

01:45:23,669 --> 01:45:20,639

lonnie made

2980

01:45:25,430 --> 01:45:23,679

and and never did he say he saw a

2981

01:45:28,070 --> 01:45:25,440

retract

2982

01:45:28,709 --> 01:45:28,080

it just at one point he saw the craft

2983

01:45:30,629 --> 01:45:28,719

leaving

2984

01:45:32,550 --> 01:45:30,639

and he didn't notice the struts anymore

2985

01:45:35,669 --> 01:45:32,560

because in a lot of the documentary

2986

01:45:36,390 --> 01:45:35,679

he says he saw two landing gear well

2987

01:45:37,669 --> 01:45:36,400

obviously

2988

01:45:40,550 --> 01:45:37,679

he couldn't see the other side of the

2989

01:45:41,910 --> 01:45:40,560

craft so he was being honest he saw two

2990

01:45:43,109 --> 01:45:41,920

because he was facing the crowds at a

2991

01:45:45,350 --> 01:45:43,119

certain angle

2992

01:45:46,310 --> 01:45:45,360

but there were two on the other side and

2993

01:45:48,550 --> 01:45:46,320

so

2994

01:45:49,430 --> 01:45:48,560

um he just wasn't paying attention i

2995

01:45:51,590 --> 01:45:49,440

mean the fact that

2996

01:45:52,709 --> 01:45:51,600

the roar went off he hit the ground his

2997

01:45:54,390 --> 01:45:52,719

army training he thought

2998

01:45:55,990 --> 01:45:54,400

him was going to blow up i mean

2999

01:45:58,229 --> 01:45:56,000

everything is

3000

01:45:59,669 --> 01:45:58,239

it makes sense you would do the same

3001
01:46:00,470 --> 01:45:59,679
thing unless you weren't trained you

3002
01:46:02,149 --> 01:46:00,480
just stand there

3003
01:46:04,390 --> 01:46:02,159
with your mouth open looking kind of

3004
01:46:06,149 --> 01:46:04,400
drooling on yourself going what the hell

3005
01:46:07,830 --> 01:46:06,159
but lonnie hit the ground his head

3006
01:46:08,709 --> 01:46:07,840
turned away from the object as he was

3007
01:46:11,990 --> 01:46:08,719
trained

3008
01:46:13,189 --> 01:46:12,000
and it took off and so it's just one of

3009
01:46:15,510 --> 01:46:13,199
those things where

3010
01:46:17,189 --> 01:46:15,520
with the one witness to the actual event

3011
01:46:20,470 --> 01:46:17,199
itself you have to pretty much

3012
01:46:22,550 --> 01:46:20,480
go by his blow-by-blow

3013
01:46:24,870 --> 01:46:22,560

description of what happened and i think

3014

01:46:26,629 --> 01:46:24,880

he was pretty accurate

3015

01:46:29,270 --> 01:46:26,639

yeah one of the one of the things that's

3016

01:46:31,430 --> 01:46:29,280

a little puzzling too and i never really

3017

01:46:35,030 --> 01:46:31,440

understood it maybe you can clear it up

3018

01:46:38,229 --> 01:46:35,040

is uh at first the the two

3019

01:46:40,950 --> 01:46:38,239

beings uh seem startled

3020

01:46:41,510 --> 01:46:40,960

that they see him or or you know and and

3021

01:46:43,270 --> 01:46:41,520

then

3022

01:46:44,870 --> 01:46:43,280

next thing you know he says he doesn't

3023

01:46:45,430 --> 01:46:44,880

see them anymore like they got up in the

3024

01:46:49,109 --> 01:46:45,440

craft

3025

01:46:51,109 --> 01:46:49,119

but he didn't consistently watch them

3026

01:46:52,950 --> 01:46:51,119

and see what they were doing and like

3027

01:46:54,950 --> 01:46:52,960

crawl up a ladder or anything like that

3028

01:46:57,189 --> 01:46:54,960

there's really rough orlani's car was

3029

01:46:58,790 --> 01:46:57,199

situated in order for him to continue

3030

01:47:01,430 --> 01:46:58,800

moving towards

3031

01:47:03,189 --> 01:47:01,440

uh where the craft was was landed he had

3032

01:47:06,629 --> 01:47:03,199

to be very careful with his car

3033

01:47:07,350 --> 01:47:06,639

because even today uh as many times as

3034

01:47:10,229 --> 01:47:07,360

cars

3035

01:47:10,629 --> 01:47:10,239

have driven on this dirt road if you

3036

01:47:14,470 --> 01:47:10,639

will

3037

01:47:16,709 --> 01:47:14,480

it's really rough so back then before

3038

01:47:17,510 --> 01:47:16,719

many cars at all were there i'm sure it

3039

01:47:19,350 --> 01:47:17,520

was even fire

3040

01:47:21,669 --> 01:47:19,360

and a brand new car it was probably even

3041

01:47:22,070 --> 01:47:21,679

rougher and our first trip there ben was

3042

01:47:23,830 --> 01:47:22,080

standing

3043

01:47:25,750 --> 01:47:23,840

he had his foot on a cactus and he

3044

01:47:26,310 --> 01:47:25,760

didn't even know it pulls his foot off

3045

01:47:28,550 --> 01:47:26,320

and they're

3046

01:47:29,350 --> 01:47:28,560

they're not cactus needles stuck in

3047

01:47:31,750 --> 01:47:29,360

there so

3048

01:47:33,430 --> 01:47:31,760

you know his tires and the sharp rocks

3049

01:47:35,350 --> 01:47:33,440

and all these things by the time he got

3050

01:47:37,350 --> 01:47:35,360

to that crap he probably looked back up

3051

01:47:38,790 --> 01:47:37,360

again is what i imagine he started

3052

01:47:41,910 --> 01:47:38,800

collecting information again

3053

01:47:44,870 --> 01:47:41,920

yeah here's here's the dichotomy that

3054

01:47:45,510 --> 01:47:44,880

you know a lot of our research is based

3055

01:47:47,350 --> 01:47:45,520

off of

3056

01:47:50,070 --> 01:47:47,360

ray said but i have to be open to the

3057

01:47:52,229 --> 01:47:50,080

opportunity to listen to other people

3058

01:47:53,189 --> 01:47:52,239

and when mike moore the physical

3059

01:47:57,270 --> 01:47:53,199

scientist

3060

01:47:59,669 --> 01:47:57,280

who uh lonnie ran into in a gift store

3061

01:48:01,270 --> 01:47:59,679

and took actually took to the site

3062

01:48:02,709 --> 01:48:01,280

because he was concerned about radiation

3063

01:48:04,870 --> 01:48:02,719

because he saw the

3064

01:48:06,870 --> 01:48:04,880

badge that michael moore had and i

3065

01:48:08,390 --> 01:48:06,880

checked out michael he's a physical

3066

01:48:11,830 --> 01:48:08,400

scientist radiation

3067

01:48:14,390 --> 01:48:11,840

new mexico tech university so ray

3068

01:48:16,310 --> 01:48:14,400

i'm sorry lonnie took him to the site

3069

01:48:16,790 --> 01:48:16,320

and the description that i have in the

3070

01:48:18,790 --> 01:48:16,800

book

3071

01:48:19,830 --> 01:48:18,800

sounds like lonnie said look i didn't

3072

01:48:22,790 --> 01:48:19,840

tell anybody

3073

01:48:23,350 --> 01:48:22,800

but i drove a lot further and saw a lot

3074

01:48:26,070 --> 01:48:23,360

more

3075

01:48:27,510 --> 01:48:26,080

of the creatures before i decided to get

3076

01:48:31,750 --> 01:48:27,520

out of the car

3077

01:48:34,310 --> 01:48:31,760

and that that is in itself tells me

3078

01:48:35,669 --> 01:48:34,320

that if true and it's only a story but

3079

01:48:38,149 --> 01:48:35,679

it's true would explain

3080

01:48:39,910 --> 01:48:38,159

lonnie's fright because he probably got

3081

01:48:41,750 --> 01:48:39,920

to the point where he realized he wasn't

3082

01:48:42,550 --> 01:48:41,760

looking at humans anymore it was

3083

01:48:44,870 --> 01:48:42,560

something

3084

01:48:46,390 --> 01:48:44,880

entirely different but the fact that he

3085

01:48:49,669 --> 01:48:46,400

took michael moore

3086

01:48:51,510 --> 01:48:49,679

a phd radiation scientist

3087

01:48:53,750 --> 01:48:51,520

to the site and said here's where i was

3088

01:48:56,550 --> 01:48:53,760

i didn't tell people i was standing here

3089

01:48:58,390 --> 01:48:56,560

here's where they were located did i get

3090

01:48:59,030 --> 01:48:58,400

was there the possibility i got cancer

3091

01:49:01,669 --> 01:48:59,040

from this

3092

01:49:03,189 --> 01:49:01,679

and as a detail in the book you know

3093

01:49:04,950 --> 01:49:03,199

michael says look

3094

01:49:06,310 --> 01:49:04,960

the symptoms you would have had would

3095

01:49:08,550 --> 01:49:06,320

have showed up by now

3096

01:49:10,390 --> 01:49:08,560

i'm pretty sure you didn't get radiation

3097

01:49:12,550 --> 01:49:10,400

but he details the encounter

3098

01:49:14,709 --> 01:49:12,560

and for the fact that lonnie took him to

3099

01:49:16,470 --> 01:49:14,719

the site and told him where he was and

3100

01:49:19,589 --> 01:49:16,480

oriented the car and everything

3101

01:49:21,830 --> 01:49:19,599

is just tells you that in 19 it was like

3102

01:49:23,270 --> 01:49:21,840

very close to when before line he passed

3103

01:49:25,430 --> 01:49:23,280

away unfortunately

3104

01:49:26,629 --> 01:49:25,440

that lonnie was still concerned about

3105

01:49:29,990 --> 01:49:26,639

cancer

3106

01:49:32,470 --> 01:49:30,000

and to stay sure of what lonnie died of

3107

01:49:33,990 --> 01:49:32,480

but uh indications where it wasn't

3108

01:49:35,430 --> 01:49:34,000

related to this incident but he was

3109

01:49:38,149 --> 01:49:35,440

still concerned that he got

3110

01:49:40,229 --> 01:49:38,159

uh radiated and that is just the actions

3111

01:49:42,229 --> 01:49:40,239

of somebody that

3112

01:49:44,229 --> 01:49:42,239

still knew what happened to him or

3113

01:49:46,310 --> 01:49:44,239

wasn't making up a story

3114

01:49:48,310 --> 01:49:46,320

wow interesting well we're right near

3115

01:49:50,790 --> 01:49:48,320

the end of our show here so

3116

01:49:52,550 --> 01:49:50,800

again why don't you throw out uh well

3117

01:49:53,510 --> 01:49:52,560

first of all the title it's like a very

3118

01:49:56,550 --> 01:49:53,520

long title

3119

01:49:57,910 --> 01:49:56,560

the title of the book the title

3120

01:50:00,390 --> 01:49:57,920

you know i actually have to look at it

3121

01:50:02,310 --> 01:50:00,400

remember because i believe it

3122

01:50:03,830 --> 01:50:02,320

it was ray helped me with the title

3123

01:50:05,750 --> 01:50:03,840

because i had uh

3124

01:50:07,830 --> 01:50:05,760

not of this earth but the title is not

3125

01:50:11,030 --> 01:50:07,840

of this world this 1964

3126

01:50:13,430 --> 01:50:11,040

socorro ufo of humanoids witness

3127

01:50:14,310 --> 01:50:13,440

policeman lonnie zamora and the reason

3128

01:50:17,430 --> 01:50:14,320

for all that is

3129

01:50:18,709 --> 01:50:17,440

i didn't digitize it because all my

3130

01:50:20,229 --> 01:50:18,719

friends that have written books that

3131

01:50:21,910 --> 01:50:20,239

went digital got ripped off

3132

01:50:23,270 --> 01:50:21,920

lip ray got ripped off in multiple

3133

01:50:25,030 --> 01:50:23,280

languages

3134

01:50:26,709 --> 01:50:25,040

i have all the keywords for a search but

3135

01:50:29,510 --> 01:50:26,719

the only way you can get to the book is

3136

01:50:30,470 --> 01:50:29,520

you got to contact me so if you want to

3137

01:50:32,629 --> 01:50:30,480

reach out to me

3138

01:50:34,629 --> 01:50:32,639

on facebook or get the book i'll

3139

01:50:36,629 --> 01:50:34,639

certainly send it to you

3140

01:50:39,109 --> 01:50:36,639

it's just a way to protect the integrity

3141

01:50:39,430 --> 01:50:39,119

of the knowledge and not have it show up

3142

01:50:41,669 --> 01:50:39,440

in

3143

01:50:42,950 --> 01:50:41,679

you know multiple countries under some

3144

01:50:45,750 --> 01:50:42,960

ridiculous name

3145

01:50:46,950 --> 01:50:45,760

because rey is in detail told us how

3146

01:50:48,870 --> 01:50:46,960

badly i ripped off

3147

01:50:50,709 --> 01:50:48,880

and i feel horrible for what happened to

3148

01:50:53,030 --> 01:50:50,719

him because i think it sold hundreds of

3149

01:50:57,589 --> 01:50:53,040

thousands of copies in other countries

3150

01:50:59,430 --> 01:50:57,599

whereas 15 000 copies of that book so

3151
01:51:00,629 --> 01:50:59,440
we learned a lot the good and the bad

3152
01:51:03,750 --> 01:51:00,639
from ray was

3153
01:51:06,950 --> 01:51:03,760
how to do things right and how to

3154
01:51:09,189 --> 01:51:06,960
protect yourself yeah yeah right

3155
01:51:10,070 --> 01:51:09,199
well excellent guys thank you uh thank

3156
01:51:12,629 --> 01:51:10,080
you very much

3157
01:51:14,550 --> 01:51:12,639
for uh being on the show tonight um it

3158
01:51:17,750 --> 01:51:14,560
was a real pleasure to see you too again

3159
01:51:19,350 --> 01:51:17,760
thanks guys appreciate it

3160
01:51:21,030 --> 01:51:19,360
yeah yeah you gotta get a haircut sooner

3161
01:51:23,189 --> 01:51:21,040
or later all right

3162
01:51:25,030 --> 01:51:23,199
you guys take care all right thanks all

3163
01:51:27,189 --> 01:51:25,040

right yeah bye

3164

01:51:28,229 --> 01:51:27,199

all right everyone so that is it for our

3165

01:51:31,830 --> 01:51:28,239

3167

01:51:35,109 --> 01:51:34,159

3168

01:51:38,310 --> 01:51:35,119

talking more

3169

01:51:38,870 --> 01:51:38,320

we had tom warner on a while back tom

3170

01:51:41,910 --> 01:51:38,880

3171

01:51:44,709 --> 01:51:41,920

3173

01:51:48,149 --> 01:51:45,760

3174

3176

01:51:53,669 --> 01:51:52,400

um episode five great uh great one if

3177

01:51:56,950 --> 01:51:53,679

you haven't watched it yet

3178

01:51:59,589 --> 01:51:56,960

um so he's gonna be talking about um his

3179

01:52:01,350 --> 01:51:59,599

experience and uh he has been talking

3180

01:52:04,229 --> 01:52:01,360

about this all along

3181

01:52:05,910 --> 01:52:04,239

i had actually talked with tom reed

3182

01:52:08,470 --> 01:52:05,920

before i had no idea there were

3183

01:52:09,270 --> 01:52:08,480

other witnesses so anyway he'll be on

3184

01:52:12,189 --> 01:52:09,280
