

**JAN
ALDRICH**

1
00:00:26,230 --> 00:00:14,380

[Music]

2
00:00:28,870 --> 00:00:27,109

hello

3
00:00:30,950 --> 00:00:28,880

and welcome to the show i'm martin

4
00:00:33,750 --> 00:00:30,960

wooster your host

5
00:00:35,270 --> 00:00:33,760

and we have long time researcher jen

6
00:00:39,750 --> 00:00:35,280

aldrich on the show

7
00:00:42,069 --> 00:00:39,760

this evening now i have heard jan's name

8
00:00:43,430 --> 00:00:42,079

since i started looking seriously into

9
00:00:46,549 --> 00:00:43,440

this topic

10
00:00:50,310 --> 00:00:46,559

and uh he has a stellar reputation i

11
00:00:53,270 --> 00:00:50,320

yeah pun intended uh he as a researcher

12
00:00:54,950 --> 00:00:53,280

uh we'll be discussing his work and you

13
00:00:57,029 --> 00:00:54,960

uh might want to go check out his

14

00:01:00,310 --> 00:00:57,039

website he's been digitally

15

00:01:02,310 --> 00:01:00,320

documenting ufos of the modern ufos

16

00:01:05,670 --> 00:01:02,320

since 1947

17

00:01:12,550 --> 00:01:05,680

he's been doing this work since 1995 at

18

00:01:15,910 --> 00:01:15,350

remember how computers were in 1995 i

19

00:01:18,230 --> 00:01:15,920

think

20

00:01:20,070 --> 00:01:18,240

it was dial-up only and when you heard

21

00:01:23,030 --> 00:01:20,080

that weird

22

00:01:23,429 --> 00:01:23,040

noise whatever it was and uh things

23

00:01:26,870 --> 00:01:23,439

moved

24

00:01:29,670 --> 00:01:26,880

very very slowly

25

00:01:30,870 --> 00:01:29,680

that's what i remember about back in

26

00:01:34,310 --> 00:01:30,880

those days

27

00:01:35,270 --> 00:01:34,320

uh now jan just called us um he's on the

28

00:01:37,350 --> 00:01:35,280

road he's

29

00:01:38,830 --> 00:01:37,360

he's coming home so i might be pulling

30

00:01:41,830 --> 00:01:38,840

bill in bill

31

00:01:43,030 --> 00:01:41,840

skywalker who helps out with the show

32

00:01:44,469 --> 00:01:43,040

um we're not going to be able to take

33

00:01:45,350 --> 00:01:44,479

calls tonight because shane's going to

34

00:01:48,389 --> 00:01:45,360

be on the

35

00:01:51,510 --> 00:01:48,399

uh call-in system now i've been

36

00:01:54,069 --> 00:01:51,520

touting james fox's movie

37

00:01:55,190 --> 00:01:54,079

james fox's yeah james fox's movie the

38

00:01:57,429 --> 00:01:55,200

phenomenon

39

00:01:59,190 --> 00:01:57,439

uh as it lives up to the work you'd

40

00:02:02,230 --> 00:01:59,200

expect from him

41

00:02:05,670 --> 00:02:02,240

and uh as i mentioned before

42

00:02:07,429 --> 00:02:05,680

if you are newish to the ufo field

43

00:02:08,869 --> 00:02:07,439

you really don't want to miss this you

44

00:02:10,469 --> 00:02:08,879

know there are some people have

45

00:02:12,630 --> 00:02:10,479

a few people i saw you know there's

46

00:02:14,630 --> 00:02:12,640

always people that complain about

47

00:02:16,630 --> 00:02:14,640

um things it's just the way it is i

48

00:02:18,070 --> 00:02:16,640

understand that a few people have said

49

00:02:19,990 --> 00:02:18,080

well there's nothing new in it but guess

50

00:02:22,710 --> 00:02:20,000

what there is some new things in it

51
00:02:23,350 --> 00:02:22,720
um there's for instance the first time

52
00:02:26,630 --> 00:02:23,360
that the

53
00:02:27,990 --> 00:02:26,640
uh radar um uh i

54
00:02:30,070 --> 00:02:28,000
i guess you would call them techs or

55
00:02:33,350 --> 00:02:30,080
whatever uh came forward

56
00:02:35,750 --> 00:02:33,360
uh at the reynolds forest um and

57
00:02:37,790 --> 00:02:35,760
there's a few first times uh for a lot

58
00:02:41,589 --> 00:02:37,800
of things there's some footage from the

59
00:02:45,350 --> 00:02:41,599
1978 ufo

60
00:02:47,990 --> 00:02:45,360
at ufos at the united nations

61
00:02:49,670 --> 00:02:48,000
all good stuff now i have also said

62
00:02:51,509 --> 00:02:49,680
there's different ways of buying it you

63
00:02:54,790 --> 00:02:51,519

can buy it on

64

00:02:58,630 --> 00:02:54,800

apple tv amazon prime video

65

00:03:01,350 --> 00:02:58,640

vimeo and voodoo you can also buy it on

66

00:03:02,949 --> 00:03:01,360

itunes and if you want to get the extras

67

00:03:04,710 --> 00:03:02,959

because i made the mistake i bought it

68

00:03:06,790 --> 00:03:04,720

on apple tv and i thought

69

00:03:08,949 --> 00:03:06,800

i wanted to support james even though i

70

00:03:10,790 --> 00:03:08,959

got to watch the screener so

71

00:03:12,790 --> 00:03:10,800

but i also wanted to see the um the

72

00:03:15,830 --> 00:03:12,800

extras so i bought it on

73

00:03:17,430 --> 00:03:15,840

apple tv thinking um i would be watching

74

00:03:18,790 --> 00:03:17,440

these extras and no

75

00:03:20,790 --> 00:03:18,800

you're not going to be watching them on

76
00:03:21,670 --> 00:03:20,800
apple tv the only place you're going to

77
00:03:24,630 --> 00:03:21,680
be watching the

78
00:03:27,190 --> 00:03:24,640
extras on and they're free when you buy

79
00:03:27,910 --> 00:03:27,200
the movie for like 19.99 or whatever it

80
00:03:33,030 --> 00:03:27,920
is

81
00:03:34,149 --> 00:03:33,040
two places you can buy where you get the

82
00:03:36,789 --> 00:03:34,159
extras

83
00:03:37,830 --> 00:03:36,799
and i apologize for those out there who

84
00:03:38,949 --> 00:03:37,840
have

85
00:03:41,830 --> 00:03:38,959
bought this thinking they're going to

86
00:03:42,550 --> 00:03:41,840
get the extras on other platforms and

87
00:03:46,070 --> 00:03:42,560
did not

88
00:03:47,990 --> 00:03:46,080

get it so if part of that's my fault i

89

00:03:48,630 --> 00:03:48,000

really do apologize because i did tell

90

00:03:50,390 --> 00:03:48,640

people

91

00:03:53,030 --> 00:03:50,400

i thought apple tv is where you get the

92

00:03:55,750 --> 00:03:53,040

extras it's not it's itunes

93

00:03:56,229 --> 00:03:55,760

so um next week we actually have james

94

00:03:58,550 --> 00:03:56,239

fox

95

00:04:00,070 --> 00:03:58,560

on the show he's on for the first part

96

00:04:03,509 --> 00:04:00,080

of the show

97

00:04:06,949 --> 00:04:03,519

um the first hour or so and then

98

00:04:09,589 --> 00:04:06,959

after that we have charles lear he'll be

99

00:04:11,190 --> 00:04:09,599

he's the one that does our our blogs and

100

00:04:13,990 --> 00:04:11,200

audio blogs he wrote me

101
00:04:15,110 --> 00:04:14,000
jokingly that he said following james

102
00:04:18,469 --> 00:04:15,120
fox

103
00:04:18,789 --> 00:04:18,479
uh would be like following led zeppelin

104
00:04:21,349 --> 00:04:18,799
with

105
00:04:22,790 --> 00:04:21,359
gazoo using a kazoo i thought that was

106
00:04:24,550 --> 00:04:22,800
pretty funny anyway

107
00:04:27,110 --> 00:04:24,560
but i think he'll do just fine he does a

108
00:04:29,990 --> 00:04:27,120
great job um he takes these

109
00:04:31,030 --> 00:04:30,000
uh the the topic seriously he does some

110
00:04:33,990 --> 00:04:31,040
great research

111
00:04:34,469 --> 00:04:34,000
great blogs and audio blogs and this

112
00:04:37,830 --> 00:04:34,479
week's

113
00:04:40,870 --> 00:04:37,840

uh blog is ufos flying saucers

114

00:04:42,469 --> 00:04:40,880

and the bender mystery it's about albert

115

00:04:45,150 --> 00:04:42,479

bender

116

00:04:46,870 --> 00:04:45,160

and you can find that over at podcast

117

00:04:48,950 --> 00:04:46,880

ufo.com

118

00:04:50,550 --> 00:04:48,960

martin i don't mean to interrupt but i

119

00:04:53,749 --> 00:04:50,560

think we may have jan

120

00:04:57,030 --> 00:04:53,759

calling us right now all right yeah

121

00:05:00,870 --> 00:04:57,040

bring him in he's

122

00:05:03,189 --> 00:05:00,880

yes i am how are you great

123

00:05:05,189 --> 00:05:03,199

all right so uh we'll be bringing jan in

124

00:05:05,990 --> 00:05:05,199

good we got him on uh landline he's at

125

00:05:08,790 --> 00:05:06,000

home

126

00:05:09,990 --> 00:05:08,800

and all ready to go so i want to thank

127

00:05:12,950 --> 00:05:10,000

everyone that listens to the

128

00:05:14,469 --> 00:05:12,960

show and i also want to thank everyone

129

00:05:17,029 --> 00:05:14,479

behind the scenes

130

00:05:18,070 --> 00:05:17,039

i i really appreciate your help so many

131

00:05:20,070 --> 00:05:18,080

people do help out

132

00:05:22,629 --> 00:05:20,080

and i really do appreciate that uh

133

00:05:25,990 --> 00:05:22,639

palmer always sends me

134

00:05:28,790 --> 00:05:26,000

updated ufo news clips things like that

135

00:05:29,909 --> 00:05:28,800

uh and of course our blogger and

136

00:05:32,950 --> 00:05:29,919

everyone else

137

00:05:34,150 --> 00:05:32,960

um thank you so much and we are now

138

00:05:38,629 --> 00:05:34,160

simulcast

139

00:05:41,670 --> 00:05:38,639

over on facebook and on twitch

140

00:05:44,629 --> 00:05:41,680

and youtube and of course kgr

141

00:05:45,270 --> 00:05:44,639

a radio and uh if you'd like to help out

142

00:05:48,310 --> 00:05:45,280

the show

143

00:05:49,670 --> 00:05:48,320

uh for two dollars or more a month

144

00:05:51,150 --> 00:05:49,680

all you have to do is go over to our

145

00:05:52,629 --> 00:05:51,160

website once again podcast

146

00:05:54,390 --> 00:05:52,639

podcastufo.com

147

00:05:57,510 --> 00:05:54,400

and you can see the support the show

148

00:05:59,670 --> 00:05:57,520

page over there no calls this evening

149

00:06:01,270 --> 00:05:59,680

we had to have jan colin using our

150

00:06:03,270 --> 00:06:01,280

calling platform

151

00:06:05,670 --> 00:06:03,280

but as usual we will have questions in

152

00:06:06,870 --> 00:06:05,680

chat and we may have a surprise after

153

00:06:09,189 --> 00:06:06,880

the break of an hour

154

00:06:09,990 --> 00:06:09,199

uh at the top of the hour uh may have

155

00:06:13,430 --> 00:06:10,000

someone else

156

00:06:15,590 --> 00:06:13,440

joining us for a few minutes so uh that

157

00:06:19,749 --> 00:06:15,600

is it and without further ado i'd like

158

00:06:23,749 --> 00:06:21,990

can you hear me jen yeah yeah it's good

159

00:06:27,430 --> 00:06:23,759

to be there

160

00:06:29,830 --> 00:06:27,440

yeah jan i have uh heard your name

161

00:06:31,430 --> 00:06:29,840

for a long time um you know i've been

162

00:06:33,110 --> 00:06:31,440

doing the show now for

163

00:06:35,510 --> 00:06:33,120

it's coming up in just a couple weeks

164

00:06:37,110 --> 00:06:35,520

it's going to be nine years now

165

00:06:39,430 --> 00:06:37,120

i never thought it would last this long

166

00:06:42,710 --> 00:06:39,440

and i'm still enjoying it still learning

167

00:06:44,390 --> 00:06:42,720

and uh i haven't heard your name

168

00:06:46,150 --> 00:06:44,400

you know i've talked a lot with chris

169

00:06:48,390 --> 00:06:46,160

lambright and other people

170

00:06:49,749 --> 00:06:48,400

dave marler of course and have heard

171

00:06:53,110 --> 00:06:49,759

your name as uh

172

00:06:55,350 --> 00:06:53,120

just a real stellar researcher

173

00:07:00,150 --> 00:06:55,360

and i'm honored to have you on the show

174

00:07:05,029 --> 00:07:03,589

nearly 60 years well probably over 60

175

00:07:06,629 --> 00:07:05,039

years now

176

00:07:09,029 --> 00:07:06,639

oh my goodness well how did you get

177

00:07:13,029 --> 00:07:09,039

started all the way back then what what

178

00:07:17,270 --> 00:07:13,039

got you involved in the uh christmas uh

179

00:07:20,950 --> 00:07:17,280

christmas vacation during uh

180

00:07:24,150 --> 00:07:20,960

during uh junior high

181

00:07:26,390 --> 00:07:24,160

and there was a snowstorm

182

00:07:29,189 --> 00:07:26,400

which is uh it's unusual to have

183

00:07:33,670 --> 00:07:29,199

lightning during a snowstorm but we did

184

00:07:37,029 --> 00:07:33,680

the house got hit i was making

185

00:07:44,550 --> 00:07:37,039

cinnamon toast in the oven

186

00:07:48,550 --> 00:07:44,560

and opened the oven and there's a

187

00:07:49,350 --> 00:07:48,560

small ball of light about as big as a

188

00:07:52,469 --> 00:07:49,360

quarter

189

00:07:54,309 --> 00:07:52,479

uh resting over the uh

190

00:07:55,670 --> 00:07:54,319

over the grate it wasn't touching the

191

00:07:57,990 --> 00:07:55,680

grape but it was just

192

00:07:59,510 --> 00:07:58,000

over it and as i opened the door it

193

00:08:02,550 --> 00:07:59,520

started to roll out

194

00:08:05,589 --> 00:08:02,560

and it fell and then it exploded just

195

00:08:08,790 --> 00:08:05,599

like a cherry bomb going off

196

00:08:11,270 --> 00:08:08,800

yeah and i fell over backwards because

197

00:08:13,510 --> 00:08:11,280

it was such a shock

198

00:08:15,589 --> 00:08:13,520

and uh when my father came home who was

199

00:08:16,150 --> 00:08:15,599

a chemist i asked him what was going on

200

00:08:18,390 --> 00:08:16,160

and he

201
00:08:22,469 --> 00:08:18,400
said i don't know that's what the

202
00:08:26,950 --> 00:08:25,029
that's exactly what i did and i i

203
00:08:28,230 --> 00:08:26,960
settled on the idea that it was ball

204
00:08:29,670 --> 00:08:28,240
lightning

205
00:08:31,749 --> 00:08:29,680
and was very interesting because i

206
00:08:32,790 --> 00:08:31,759
looked in the encyclopedia britannica

207
00:08:35,909 --> 00:08:32,800
and it said

208
00:08:36,790 --> 00:08:35,919
scientists doubt that this exists so

209
00:08:40,389 --> 00:08:36,800
after that i

210
00:08:42,709 --> 00:08:40,399
uh i everything i could find on ball

211
00:08:43,589 --> 00:08:42,719
lightning in the library and elsewhere i

212
00:08:47,430 --> 00:08:43,599
i looked at

213
00:08:49,670 --> 00:08:47,440

and after that after a while i got

214

00:08:52,829 --> 00:08:49,680

involved in ufos because it seemed like

215

00:08:58,790 --> 00:08:56,470

unusual uh

216

00:09:00,949 --> 00:08:58,800

aerial phenomena so i was i got

217

00:09:02,710 --> 00:09:00,959

interested in that when i read rupelt's

218

00:09:04,630 --> 00:09:02,720

book uh

219

00:09:05,910 --> 00:09:04,640

the report on unidentified flying

220

00:09:09,269 --> 00:09:05,920

objects

221

00:09:12,790 --> 00:09:09,279

by the uh head of project blue book from

222

00:09:14,870 --> 00:09:12,800

approximately 51-53

223

00:09:16,389 --> 00:09:14,880

right when did he write that book we

224

00:09:18,949 --> 00:09:16,399

just did a blog about that and i have

225

00:09:21,910 --> 00:09:18,959

the book here on my shelf the original

226

00:09:23,829 --> 00:09:21,920

wait wasn't it wow yeah i have the

227

00:09:26,310 --> 00:09:23,839

original book i'm happy to say

228

00:09:28,150 --> 00:09:26,320

and uh that i've told people over the

229

00:09:32,310 --> 00:09:28,160

years that is a really good book

230

00:09:38,870 --> 00:09:36,070

yeah that has i mean some of his

231

00:09:40,389 --> 00:09:38,880

information is third and fourth hand

232

00:09:43,430 --> 00:09:40,399

however

233

00:09:44,389 --> 00:09:43,440

some of it is even though it's third and

234

00:09:46,870 --> 00:09:44,399

fourth hand in

235

00:09:49,430 --> 00:09:46,880

in cases it's the only information we've

236

00:09:52,790 --> 00:09:49,440

got on certain periods

237

00:09:55,670 --> 00:09:52,800

yeah that that happen so it's uh

238

00:09:57,269 --> 00:09:55,680

it it's it's an important book to read

239

00:09:58,870 --> 00:09:57,279

and everybody should read it if they're

240

00:10:01,750 --> 00:09:58,880

going to uh

241

00:10:02,470 --> 00:10:01,760

uh be interested in this subject it

242

00:10:05,110 --> 00:10:02,480

gives you a

243

00:10:07,430 --> 00:10:05,120

a good idea about what happened during

244

00:10:13,269 --> 00:10:09,990

short period about two and a half years

245

00:10:22,389 --> 00:10:19,190

the investigation was more open

246

00:10:24,389 --> 00:10:22,399

so not saying it was completely open and

247

00:10:26,470 --> 00:10:24,399

there's all kinds of uh things we've

248

00:10:29,190 --> 00:10:26,480

found since then

249

00:10:32,150 --> 00:10:29,200

for for example i have uh copies of

250

00:10:35,670 --> 00:10:32,160

rupelt's papers

251
00:10:39,590 --> 00:10:35,680
about four or five boxes of

252
00:10:42,790 --> 00:10:39,600
material notes he kept

253
00:10:46,310 --> 00:10:42,800
and uh he kept summaries of uh

254
00:10:49,750 --> 00:10:46,320
ufo cases that he got from his uh

255
00:10:53,190 --> 00:10:49,760
one of his uh subordinates while

256
00:10:55,670 --> 00:10:53,200
after he left wright patterson after he

257
00:10:59,430 --> 00:10:55,680
left the air force

258
00:10:59,990 --> 00:10:59,440
uh so that that's an interesting thing

259
00:11:03,269 --> 00:11:00,000
we've got

260
00:11:06,790 --> 00:11:03,279
uh uh

261
00:11:08,949 --> 00:11:06,800
so that has that has historical

262
00:11:10,470 --> 00:11:08,959
uh significance because in writing the

263
00:11:12,949 --> 00:11:10,480

book he

264

00:11:13,590 --> 00:11:12,959

he put his notes on index cards there's

265

00:11:16,310 --> 00:11:13,600

about the

266

00:11:18,470 --> 00:11:16,320

300 index cards that he's got a lot of

267

00:11:20,470 --> 00:11:18,480

it he didn't use in the books he cut it

268

00:11:24,710 --> 00:11:20,480

down

269

00:11:28,310 --> 00:11:24,720

and uh his first draft i have that

270

00:11:30,069 --> 00:11:28,320

so uh cut

271

00:11:33,350 --> 00:11:30,079

certain things out of there that are

272

00:11:34,790 --> 00:11:33,360

interesting and

273

00:11:36,389 --> 00:11:34,800

there are certain things that he got

274

00:11:39,269 --> 00:11:36,399

wrong

275

00:11:43,910 --> 00:11:39,279

i mean he thinks that uh he thought up

276

00:11:48,470 --> 00:11:47,430

battelle he was the one that suggested

277

00:11:51,590 --> 00:11:48,480

that

278

00:11:53,829 --> 00:11:51,600

some kind of computerized study should

279

00:11:57,590 --> 00:11:53,839

be done and battelle had already been

280

00:12:00,870 --> 00:11:57,600

contracted to that before he was ever

281

00:12:03,750 --> 00:12:00,880

in uh in the ufo business

282

00:12:04,710 --> 00:12:03,760

that had already been done so that

283

00:12:07,990 --> 00:12:04,720

that's

284

00:12:08,870 --> 00:12:08,000

in the book there and also in some of

285

00:12:12,230 --> 00:12:08,880

his writings

286

00:12:14,470 --> 00:12:12,240

but that was not correct

287

00:12:16,550 --> 00:12:14,480

air force intelligence documents

288

00:12:18,550 --> 00:12:16,560

indicate that

289

00:12:19,590 --> 00:12:18,560

that was already programmed in before he

290

00:12:25,110 --> 00:12:19,600

ever became

291

00:12:27,829 --> 00:12:25,120

part of the ufo investigations

292

00:12:29,350 --> 00:12:27,839

um now what do you think about his

293

00:12:31,509 --> 00:12:29,360

there's a little bit of controversy in

294

00:12:33,990 --> 00:12:31,519

his changing opinion why he

295

00:12:34,949 --> 00:12:34,000

he changed his opinion on the topic of

296

00:12:38,790 --> 00:12:34,959

what a ufo

297

00:12:41,829 --> 00:12:38,800

is and had to do with the satellites um

298

00:12:43,670 --> 00:12:41,839

you know that uh i believe or something

299

00:12:46,629 --> 00:12:43,680

do you know what i'm talking about

300

00:12:47,190 --> 00:12:46,639

yes he he wrote an a different uh he

301
00:12:50,710 --> 00:12:47,200
wrote

302
00:12:53,350 --> 00:12:50,720
three additional chapters to his book

303
00:12:54,389 --> 00:12:53,360
right that's right uh one was pretty

304
00:12:56,790 --> 00:12:54,399
straight it

305
00:12:58,150 --> 00:12:56,800
it just gave more of the history up to

306
00:13:00,069 --> 00:12:58,160
the time that

307
00:13:01,590 --> 00:13:00,079
of the added chapters and the other two

308
00:13:07,829 --> 00:13:01,600
were

309
00:13:10,550 --> 00:13:07,839
uh rather negative uh

310
00:13:11,030 --> 00:13:10,560
it's hard to tell exactly where he was

311
00:13:17,030 --> 00:13:11,040
on

312
00:13:18,550 --> 00:13:17,040
he was you know i'm really puzzled i

313
00:13:19,990 --> 00:13:18,560

don't know what they are and the next

314

00:13:26,069 --> 00:13:20,000

day he'd be disgusted

315

00:13:30,069 --> 00:13:28,230

i think he thought that ufos were going

316

00:13:33,509 --> 00:13:30,079

to be a

317

00:13:36,949 --> 00:13:33,519

a key to a long

318

00:13:38,470 --> 00:13:36,959

active duty career and it didn't turn

319

00:13:41,590 --> 00:13:38,480

out that way uh he

320

00:13:43,509 --> 00:13:41,600

uh he was just in for the korean war

321

00:13:45,590 --> 00:13:43,519

they brought in a lot of uh

322

00:13:49,030 --> 00:13:45,600

reservists for the korean war and he was

323

00:13:55,269 --> 00:13:52,069

when the war started to

324

00:14:03,350 --> 00:13:59,990

uh he was he was you know returned to

325

00:14:07,269 --> 00:14:03,360

civilian status

326

00:14:10,470 --> 00:14:07,279

hmm right and uh uh

327

00:14:13,910 --> 00:14:10,480

when you when he when he uh when he left

328

00:14:20,230 --> 00:14:17,430

he gave some rather negative comments

329

00:14:23,829 --> 00:14:20,240

about ufos

330

00:14:25,910 --> 00:14:23,839

um yes then he wrote a uh

331

00:14:27,030 --> 00:14:25,920

thing for true magazine which was a

332

00:14:32,389 --> 00:14:27,040

really popular

333

00:14:36,790 --> 00:14:34,790

and the editor of true magazine told

334

00:14:39,829 --> 00:14:36,800

them

335

00:14:44,230 --> 00:14:39,839

uh if you don't if you don't

336

00:14:46,069 --> 00:14:44,240

write this in a an objective manner

337

00:14:47,350 --> 00:14:46,079

you know it won't be accepted by the

338

00:14:50,470 --> 00:14:47,360

public

339

00:14:54,790 --> 00:14:50,480

so he was pretty uh

340

00:14:57,670 --> 00:14:54,800

he was on the fence in that article

341

00:14:59,110 --> 00:14:57,680

and uh he he got two thousand dollars

342

00:15:01,509 --> 00:14:59,120

for the article which in

343

00:15:03,829 --> 00:15:01,519

in the 1950s that is a lot of money that

344

00:15:05,910 --> 00:15:03,839

was a down payment on a house

345

00:15:10,829 --> 00:15:05,920

absolutely so he decided to write the

346

00:15:17,750 --> 00:15:14,069

uh sort of objective

347

00:15:23,509 --> 00:15:17,760

thing but i i always thought that he was

348

00:15:31,110 --> 00:15:28,389

he was he wasn't objective i don't think

349

00:15:31,829 --> 00:15:31,120

and he pretty much thought the ufo's

350

00:15:36,949 --> 00:15:31,839

works

351

00:15:42,150 --> 00:15:40,710

no doubt he the air force may have

352

00:15:44,949 --> 00:15:42,160

brought some

353

00:15:48,949 --> 00:15:44,959

pressure on him but i think he was

354

00:15:50,870 --> 00:15:48,959

immutable to having the chapter changed

355

00:15:52,550 --> 00:15:50,880

even though he had given an interview in

356

00:15:54,530 --> 00:15:52,560

57 he had

357

00:15:56,389 --> 00:15:54,540

said that

358

00:15:59,189 --> 00:15:56,399

[Music]

359

00:16:01,189 --> 00:15:59,199

he thought that with the electromagnetic

360

00:16:04,470 --> 00:16:01,199

effects demonstrated in the

361

00:16:10,710 --> 00:16:04,480

southwest united states that

362

00:16:17,590 --> 00:16:14,230

the investigation should be ramped up

363

00:16:21,110 --> 00:16:17,600

but then shortly after that he added his

364

00:16:24,790 --> 00:16:21,120

uh more or less debunking chapters

365

00:16:26,629 --> 00:16:24,800

um the the the people at uh civilian

366

00:16:28,629 --> 00:16:26,639

saucer intelligence in new york

367

00:16:31,509 --> 00:16:28,639

more or less said well this is his

368

00:16:35,030 --> 00:16:31,519

attitude anyways

369

00:16:36,389 --> 00:16:35,040

you know because he had spoken with them

370

00:16:38,230 --> 00:16:36,399

and they

371

00:16:39,910 --> 00:16:38,240

you know they were not they were not

372

00:16:44,230 --> 00:16:39,920

impressed with his so-called

373

00:16:47,269 --> 00:16:44,240

objectivity right he died very young

374

00:16:48,230 --> 00:16:47,279

like 37 or something he had a type a

375

00:16:51,269 --> 00:16:48,240

personality

376

00:16:53,350 --> 00:16:51,279

and we talked to uh one of the uh

377

00:16:54,870 --> 00:16:53,360

lieutenants that was that worked for him

378

00:16:57,350 --> 00:16:54,880

and uh

379

00:16:59,670 --> 00:16:57,360

and we told him you know he he was

380

00:17:01,509 --> 00:16:59,680

unaware that rupault had died and i

381

00:17:03,990 --> 00:17:01,519

we told him that he said i'm not

382

00:17:05,909 --> 00:17:04,000

surprised he's a type a personality he

383

00:17:11,350 --> 00:17:05,919

could never

384

00:17:14,470 --> 00:17:13,909

he said you know he could almost see it

385

00:17:19,429 --> 00:17:14,480

he was

386

00:17:25,029 --> 00:17:19,439

young

387

00:17:29,669 --> 00:17:27,669

some heart condition that you brought to

388

00:17:33,350 --> 00:17:29,679

brought that on but

389

00:17:34,150 --> 00:17:33,360

yeah yeah so we mentioned we mentioned

390

00:17:36,470 --> 00:17:34,160

his book

391

00:17:37,510 --> 00:17:36,480

and just while we're on the topic of

392

00:17:40,630 --> 00:17:37,520

books

393

00:17:42,230 --> 00:17:40,640

um do you think um if you had to follow

394

00:17:43,590 --> 00:17:42,240

that book because you know i have a lot

395

00:17:45,590 --> 00:17:43,600

of people that are

396

00:17:46,870 --> 00:17:45,600

um listening to the show i get a number

397

00:17:50,390 --> 00:17:46,880

of emails each week

398

00:17:52,070 --> 00:17:50,400

people are new to the topic and uh a lot

399

00:17:54,470 --> 00:17:52,080

of people are looking for

400

00:17:55,350 --> 00:17:54,480

hey i mean i just got an email uh two

401
00:17:57,750 --> 00:17:55,360
days ago

402
00:17:58,950 --> 00:17:57,760
someone said what is the go-to book you

403
00:18:00,950 --> 00:17:58,960
know what are books

404
00:18:02,950 --> 00:18:00,960
for me to learn do you have any other

405
00:18:07,430 --> 00:18:02,960
suggestions besides that book

406
00:18:14,230 --> 00:18:11,190
ufos in government by michael swords and

407
00:18:17,750 --> 00:18:14,240
robert powell oh yes

408
00:18:20,549 --> 00:18:17,760
oh yes yeah well that's a good one right

409
00:18:21,750 --> 00:18:20,559
that's uh that's got uh that was five

410
00:18:25,270 --> 00:18:21,760
years in the uh

411
00:18:28,070 --> 00:18:25,280
writing and has uh

412
00:18:28,630 --> 00:18:28,080
uh a lot of official governments it's

413
00:18:36,630 --> 00:18:28,640

about

414

00:18:41,669 --> 00:18:39,350

there's a lot of mythology in ufos so

415

00:18:45,510 --> 00:18:41,679

you won't find

416

00:18:47,750 --> 00:18:45,520

many of these uh current things like men

417

00:18:49,830 --> 00:18:47,760

in black and all this other

418

00:18:51,110 --> 00:18:49,840

balderall that's going on we actually

419

00:18:54,830 --> 00:18:51,120

base this on

420

00:18:56,540 --> 00:18:54,840

what we could actually prove

421

00:18:57,669 --> 00:18:56,550

or

422

00:18:59,340 --> 00:18:57,679

[Music]

423

00:19:00,710 --> 00:18:59,350

reference

424

00:19:05,430 --> 00:19:00,720

[Music]

425

00:19:08,470 --> 00:19:05,440

is rather carefully done even so

426

00:19:11,510 --> 00:19:10,630

new information becomes available as

427

00:19:16,230 --> 00:19:11,520

soon as it's

428

00:19:19,510 --> 00:19:16,240

it's down on paper and in some cases we

429

00:19:22,390 --> 00:19:19,520

did make a few errors but uh

430

00:19:25,270 --> 00:19:22,400

as general it's it's uh head and

431

00:19:27,110 --> 00:19:25,280

shoulders above most books

432

00:19:28,710 --> 00:19:27,120

excellent what's that title to that book

433

00:19:31,590 --> 00:19:28,720

one more time i'm going to put it

434

00:19:34,150 --> 00:19:31,600

um in the chat ufos and government and

435

00:19:38,310 --> 00:19:34,160

it's by dr michael swords and

436

00:19:42,150 --> 00:19:38,320

by robert powell

437

00:19:44,310 --> 00:19:42,160

but uh we have a section about spanish

438

00:19:47,190 --> 00:19:44,320

the spanish government we have a section

439

00:19:49,990 --> 00:19:47,200

about the australian government

440

00:19:51,190 --> 00:19:50,000

the french government a little bit about

441

00:19:54,230 --> 00:19:51,200

brazil

442

00:19:58,070 --> 00:19:54,240

very little but

443

00:20:02,710 --> 00:19:58,080

and and one or two others that

444

00:20:07,270 --> 00:20:06,230

and foreign nationals the ones that are

445

00:20:09,830 --> 00:20:07,280

familiar with

446

00:20:13,830 --> 00:20:09,840

their governments were the ones that

447

00:20:18,390 --> 00:20:16,310

wow i have a question for you earlier

448

00:20:21,510 --> 00:20:18,400

just a few minutes ago you mentioned

449

00:20:24,789 --> 00:20:21,520

that you had some of uh rupaul's um

450

00:20:25,190 --> 00:20:24,799

his works and even a draft of his book

451

00:20:28,470 --> 00:20:25,200

and

452

00:20:31,750 --> 00:20:28,480

things like that where do you find

453

00:20:34,950 --> 00:20:31,760

things like this is this uh is this the

454

00:20:40,070 --> 00:20:34,960

kufos um archive

455

00:20:41,270 --> 00:20:40,080

um well dr swords bought

456

00:20:44,710 --> 00:20:41,280

[Music]

457

00:20:46,789 --> 00:20:44,720

the root belt papers ah somebody else

458

00:20:49,990 --> 00:20:46,799

bought them before that but he got the

459

00:20:52,549 --> 00:20:50,000

root belt paper so i was able to get a

460

00:20:56,070 --> 00:20:52,559

copy of them

461

00:21:00,390 --> 00:20:56,080

yeah i've for

462

00:21:05,669 --> 00:21:03,110

ufo material and that involves

463

00:21:07,669 --> 00:21:05,679

[Music]

464

00:21:09,270 --> 00:21:07,679

a number of collections of people who

465

00:21:14,830 --> 00:21:09,280

have passed away

466

00:21:21,110 --> 00:21:15,990

uh

467

00:21:29,990 --> 00:21:24,630

some some other people from

468

00:21:32,710 --> 00:21:30,000

connecticut and uh

469

00:21:34,230 --> 00:21:32,720

i i've gone to people's houses when they

470

00:21:36,630 --> 00:21:34,240

do when they've decided they want to

471

00:21:39,669 --> 00:21:36,640

throw ufos to the side and

472

00:21:43,830 --> 00:21:39,679

picked up their uh files

473

00:21:46,149 --> 00:21:43,840

so uh andy roberts from great britain i

474

00:21:49,430 --> 00:21:46,159

bought his

475

00:21:51,909 --> 00:21:49,440

his most most of his ufo files except

476

00:21:55,190 --> 00:21:51,919

for some of the foo fighters

477

00:21:57,110 --> 00:21:55,200

um i got half of the foo fighters and

478

00:21:59,270 --> 00:21:57,120

barry greenwood got the other half so we

479

00:22:02,549 --> 00:21:59,280

were able to put that together in one

480

00:22:06,789 --> 00:22:04,390

so that that's what i've been doing for

481

00:22:10,390 --> 00:22:06,799

for years i've been

482

00:22:12,149 --> 00:22:10,400

also going around to archives and things

483

00:22:13,990 --> 00:22:12,159

and researching this i've been to the

484

00:22:17,909 --> 00:22:14,000

national archives

485

00:22:20,710 --> 00:22:17,919

many times i've been to the air force

486

00:22:21,750 --> 00:22:20,720

historical research agency i've been to

487

00:22:25,350 --> 00:22:21,760

the naval war

488

00:22:32,390 --> 00:22:28,870

and uh about

489

00:22:37,510 --> 00:22:32,400

almost 100 state

490

00:22:41,990 --> 00:22:37,520

and state libraries and university

491

00:22:46,470 --> 00:22:42,000

libraries so this is a a real

492

00:22:48,390 --> 00:22:46,480

um extensive data gathering

493

00:22:49,909 --> 00:22:48,400

thing which is not finished it's never

494

00:22:54,789 --> 00:22:49,919

finished

495

00:22:57,830 --> 00:22:54,799

wow wow that's that's really something

496

00:22:58,630 --> 00:22:57,840

yeah now you mentioned uh willibert uh i

497

00:23:01,750 --> 00:22:58,640

think his

498

00:23:03,590 --> 00:23:01,760

real name was wilbert smith no is that

499

00:23:05,990 --> 00:23:03,600

who you mentioned wilbur i mentioned

500

00:23:07,029 --> 00:23:06,000

willie smith oh it's a different one

501
00:23:10,070 --> 00:23:07,039
okay

502
00:23:13,270 --> 00:23:10,080
at a michigan university i see

503
00:23:16,789 --> 00:23:13,280
worked with heinek during

504
00:23:19,190 --> 00:23:16,799
uh towards the end of heinek's life

505
00:23:20,870 --> 00:23:19,200
and they put together a thing called the

506
00:23:24,070 --> 00:23:20,880
unicat

507
00:23:27,510 --> 00:23:24,080
which was the uh supposedly

508
00:23:31,110 --> 00:23:27,520
the best cases in ufology

509
00:23:34,230 --> 00:23:31,120
when uh heinek left chicago

510
00:23:37,590 --> 00:23:34,240
uh he uh and he left uh

511
00:23:40,149 --> 00:23:37,600
center for ufo studies he took

512
00:23:42,390 --> 00:23:40,159
about a thousand cases with them with

513
00:23:46,230 --> 00:23:42,400

him

514

00:23:49,510 --> 00:23:46,240

and he and willie smith uh computerized

515

00:23:54,310 --> 00:23:49,520

these in what was called the unicat

516

00:23:57,669 --> 00:23:54,320

and so i have most of the

517

00:23:58,070 --> 00:23:57,679

uh documents that i have an output of

518

00:24:01,830 --> 00:23:58,080

the

519

00:24:06,710 --> 00:24:01,840

willie smith's

520

00:24:09,909 --> 00:24:06,720

most of his files which include

521

00:24:13,110 --> 00:24:09,919

a lot of those uh cases that

522

00:24:17,269 --> 00:24:13,120

heinrich brought with him or cases that

523

00:24:19,350 --> 00:24:17,279

willie smith had gathered because he was

524

00:24:21,669 --> 00:24:19,360

he was born in uruguay so he had a lot

525

00:24:24,789 --> 00:24:21,679

of south american contacts and

526

00:24:28,789 --> 00:24:24,799

european contacts and so this

527

00:24:32,310 --> 00:24:28,799

uh extensive uh uh

528

00:24:35,750 --> 00:24:32,320

file of of material that

529

00:24:36,070 --> 00:24:35,760

we're trying to uh get this all scanned

530

00:24:39,190 --> 00:24:36,080

in

531

00:24:42,549 --> 00:24:41,190

now i have a picture of you up on it's

532

00:24:45,510 --> 00:24:42,559

actually up on youtube

533

00:24:47,510 --> 00:24:45,520

and the other platforms that i have uh

534

00:24:48,070 --> 00:24:47,520

is that your library that you're seated

535

00:24:51,990 --> 00:24:48,080

in

536

00:24:55,110 --> 00:24:52,000

no that's uh that's uh

537

00:24:57,269 --> 00:24:55,120

dr michael swords's uh basement where he

538

00:25:01,190 --> 00:24:57,279

has all his

539

00:25:05,750 --> 00:25:01,200

books and files and wow

540

00:25:09,269 --> 00:25:08,230

a lot of work um you know it does not

541

00:25:11,750 --> 00:25:09,279

look like that

542

00:25:13,750 --> 00:25:11,760

mine looks more like giant piles of

543

00:25:16,950 --> 00:25:13,760

things and i

544

00:25:17,669 --> 00:25:16,960

about five rooms in my house with stuff

545

00:25:21,190 --> 00:25:17,679

and i've got

546

00:25:24,549 --> 00:25:21,200

a huge storage

547

00:25:25,669 --> 00:25:24,559

locker full of stuff and we're slowly

548

00:25:29,190 --> 00:25:25,679

trying to get this

549

00:25:33,269 --> 00:25:29,200

in scanned in so

550

00:25:37,590 --> 00:25:33,279

what i what we plan to do is

551
00:25:43,909 --> 00:25:37,600
uh a

552
00:25:52,630 --> 00:25:47,830
digitized so that

553
00:25:57,430 --> 00:25:52,640
you can carry around a

554
00:26:00,549 --> 00:25:57,440
thousands of cases on a on a thumb drive

555
00:26:01,909 --> 00:26:00,559
wow wow that's a that's a work of

556
00:26:05,510 --> 00:26:01,919
passion has to be

557
00:26:06,789 --> 00:26:05,520
to to to do this right it is and we have

558
00:26:10,549 --> 00:26:06,799
uh

559
00:26:11,830 --> 00:26:10,559
so far we have this is an open secret so

560
00:26:14,070 --> 00:26:11,840
there's nothing i'm not telling you

561
00:26:16,870 --> 00:26:14,080
anything that

562
00:26:17,590 --> 00:26:16,880
a lot of people don't uh may not be

563
00:26:20,230 --> 00:26:17,600

aware of

564

00:26:22,830 --> 00:26:20,240

but there are enough people that know

565

00:26:26,950 --> 00:26:22,840

what's going on

566

00:26:33,110 --> 00:26:26,960

um we've done the kufos files from

567

00:26:40,789 --> 00:26:37,350

from parts of 67 up to 1970

568

00:26:44,149 --> 00:26:40,799

so there's quite a bit of this has

569

00:26:46,789 --> 00:26:44,159

already been computerized and digitized

570

00:26:47,430 --> 00:26:46,799

plus i've been doing my own files and dr

571

00:26:51,669 --> 00:26:47,440

smith

572

00:26:56,230 --> 00:26:51,679

and andy roberts from england

573

00:26:59,190 --> 00:26:56,240

and uh about uh

574

00:27:02,230 --> 00:26:59,200

two dozen more people that have helped

575

00:27:05,190 --> 00:27:02,240

my research or

576
00:27:06,870 --> 00:27:05,200
sent me material or that i've collected

577
00:27:11,029 --> 00:27:06,880
their

578
00:27:14,390 --> 00:27:11,039
uh files and uh

579
00:27:16,310 --> 00:27:14,400
so this is uh

580
00:27:18,389 --> 00:27:16,320
i've done this with barry greenwood and

581
00:27:20,389 --> 00:27:18,399
he's done most of the work on the kufos

582
00:27:21,990 --> 00:27:20,399
files he is the

583
00:27:26,230 --> 00:27:22,000
he's the one that's done most of the

584
00:27:32,630 --> 00:27:29,269
well now you're go ahead

585
00:27:38,789 --> 00:27:35,669
next year the covert virus just

586
00:27:39,909 --> 00:27:38,799
completely uh destroyed any any work

587
00:27:42,070 --> 00:27:39,919
this year

588
00:27:44,710 --> 00:27:42,080

i'm working i'm working on my own files

589

00:27:48,070 --> 00:27:44,720

that way but i also brought

590

00:27:51,269 --> 00:27:48,080

and so did barry we each brought

591

00:27:56,389 --> 00:27:51,279

three large boxes of of

592

00:27:59,029 --> 00:27:56,399

case files home from chicago

593

00:28:01,430 --> 00:27:59,039

and that's one of the things we're

594

00:28:04,230 --> 00:28:01,440

working on right now

595

00:28:06,870 --> 00:28:04,240

and these were things that were unsorted

596

00:28:09,590 --> 00:28:06,880

or in most cases

597

00:28:11,190 --> 00:28:09,600

had been put aside when the national

598

00:28:12,310 --> 00:28:11,200

investigation committee on aerial

599

00:28:15,590 --> 00:28:12,320

phenomena when it

600

00:28:15,600 --> 00:28:18,630

when keough and

601
00:28:24,470 --> 00:28:22,710
gordon lor left the organization uh

602
00:28:28,070 --> 00:28:24,480
so some of this hasn't been looked at

603
00:28:32,230 --> 00:28:30,549
wow and when you're when you're sorting

604
00:28:35,029 --> 00:28:32,240
through these type of things

605
00:28:36,149 --> 00:28:35,039
are you often surprised at things you

606
00:28:38,070 --> 00:28:36,159
know that have not

607
00:28:39,990 --> 00:28:38,080
been exposed before or you know is there

608
00:28:43,990 --> 00:28:40,000
new information

609
00:28:47,909 --> 00:28:44,000
yes yes so the minor case in

610
00:28:54,549 --> 00:28:51,110
uh this was a critical case and

611
00:28:59,269 --> 00:28:57,190
had they known this about the time of

612
00:29:02,870 --> 00:28:59,279
the condon

613
00:29:04,549 --> 00:29:02,880

committee had this case been exposed to

614

00:29:07,830 --> 00:29:04,559

the public i think

615

00:29:09,350 --> 00:29:07,840

uh condon might have been

616

00:29:13,909 --> 00:29:09,360

there might have been a different

617

00:29:18,149 --> 00:29:15,830

as they were as the continent committee

618

00:29:20,900 --> 00:29:18,159

was writing their final report this

619

00:29:23,510 --> 00:29:20,910

this case

620

00:29:28,710 --> 00:29:23,520

[Music]

621

00:29:32,310 --> 00:29:28,720

happened um b-52 is approaching

622

00:29:35,909 --> 00:29:32,320

minot air force base it was a

623

00:29:37,110 --> 00:29:35,919

a nuclear-capable aircraft they did not

624

00:29:39,990 --> 00:29:37,120

have any

625

00:29:41,990 --> 00:29:40,000

nukes on it but it was a czech aircraft

626
00:29:44,470 --> 00:29:42,000
they had gone off alert

627
00:29:45,430 --> 00:29:44,480
and so after that they have to fly it

628
00:29:49,190 --> 00:29:45,440
for about

629
00:29:49,200 --> 00:29:52,789
they're coming into minot

630
00:29:56,389 --> 00:29:54,630
people on the ground had already

631
00:30:00,549 --> 00:29:56,399
reported

632
00:30:02,149 --> 00:30:00,559
the uh various ground personnel had

633
00:30:05,590 --> 00:30:02,159
already reported

634
00:30:09,990 --> 00:30:05,600
ufos over minot

635
00:30:13,750 --> 00:30:10,000
and as they approached it

636
00:30:21,430 --> 00:30:17,669
the aircraft was followed by

637
00:30:24,230 --> 00:30:21,440
a ufo now

638
00:30:26,070 --> 00:30:24,240

the people in the aircraft could not see

639

00:30:28,470 --> 00:30:26,080

that because it was behind them but they

640

00:30:30,310 --> 00:30:28,480

could see it on radar

641

00:30:31,669 --> 00:30:30,320

and once that happened they started

642

00:30:34,710 --> 00:30:31,679

taking

643

00:30:38,149 --> 00:30:34,720

photograph radar photographs

644

00:30:41,190 --> 00:30:38,159

photographs of the radar uh

645

00:30:45,510 --> 00:30:41,200

so it was it was recorded

646

00:30:47,590 --> 00:30:45,520

now this is a project blue book but

647

00:30:49,669 --> 00:30:47,600

content committee did not consider this

648

00:30:51,590 --> 00:30:49,679

case it was never brought to their

649

00:30:56,470 --> 00:30:51,600

attention

650

00:31:00,070 --> 00:30:56,480

um uh

651
00:31:01,990 --> 00:31:00,080
as the as the aircraft uh

652
00:31:04,149 --> 00:31:02,000
well they had to wave off and come back

653
00:31:07,590 --> 00:31:04,159
around as they came back around

654
00:31:14,070 --> 00:31:07,600
the ufo paced them where they could see

655
00:31:21,430 --> 00:31:18,710
red ball with a

656
00:31:23,269 --> 00:31:21,440
going out from there is like a a tunnel

657
00:31:26,389 --> 00:31:23,279
or something

658
00:31:29,830 --> 00:31:26,399
and then uh some kind of a

659
00:31:32,389 --> 00:31:29,840
uh attached was something that looked

660
00:31:37,269 --> 00:31:32,399
like an axe head but

661
00:31:42,149 --> 00:31:37,279
not an accident a manic head

662
00:31:45,590 --> 00:31:42,159
and apparently that was

663
00:31:49,909 --> 00:31:45,600

that was the front of the object

664

00:31:52,149 --> 00:31:49,919

while uh while it was pacing them they

665

00:32:01,909 --> 00:31:52,159

lost

666

00:32:04,950 --> 00:32:01,919

this is nuclear wow capable aircraft

667

00:32:05,830 --> 00:32:04,960

everything is you have double of

668

00:32:07,830 --> 00:32:05,840

everything

669

00:32:09,990 --> 00:32:07,840

you got two radios and you've got

670

00:32:13,029 --> 00:32:10,000

procedures you follow if you lose

671

00:32:16,470 --> 00:32:14,549

switching to different radios and

672

00:32:17,750 --> 00:32:16,480

switching to different frequencies did

673

00:32:22,470 --> 00:32:17,760

nothing

674

00:32:26,950 --> 00:32:22,480

wow this thing went ahead and uh

675

00:32:30,789 --> 00:32:26,960

departed from from them

676

00:32:34,870 --> 00:32:30,799

and uh they uh

677

00:32:39,590 --> 00:32:37,830

it left them and then when they uh when

678

00:32:42,630 --> 00:32:39,600

they landed they were told uh

679

00:32:46,149 --> 00:32:42,640

send the senior man to

680

00:32:49,029 --> 00:32:46,159

to the operations center

681

00:32:54,950 --> 00:32:49,039

for questioning and that's what they did

682

00:32:59,190 --> 00:32:57,350

what these boxes i told you about there

683

00:33:01,269 --> 00:32:59,200

was

684

00:33:04,070 --> 00:33:01,279

a letter from somebody at minot air

685

00:33:07,909 --> 00:33:04,080

force base and he included the radar

686

00:33:09,509 --> 00:33:07,919

photographs wow but nobody paid any

687

00:33:11,509 --> 00:33:09,519

attention to it because

688

00:33:13,269 --> 00:33:11,519

they had got rid of major keo and they

689

00:33:15,430 --> 00:33:13,279

got rid of gordon lore

690

00:33:17,029 --> 00:33:15,440

and the guy was running it he had no

691

00:33:19,909 --> 00:33:17,039

idea what he had

692

00:33:22,149 --> 00:33:19,919

i don't think he even read it in any

693

00:33:25,509 --> 00:33:22,159

case

694

00:33:29,509 --> 00:33:25,519

years later um

695

00:33:34,549 --> 00:33:29,519

kufos got the uh

696

00:33:42,789 --> 00:33:39,269

so uh tom tulene and i

697

00:33:46,389 --> 00:33:42,799

went and interviewed

698

00:33:49,269 --> 00:33:46,399

uh captain runyon who was the uh

699

00:33:52,310 --> 00:33:49,279

he was the co-pilot the pilot was

700

00:33:56,149 --> 00:33:52,320

sleeping at this time so

701
00:33:58,149 --> 00:33:56,159
uh and he did that on purpose because he

702
00:34:00,470 --> 00:33:58,159
he didn't want a ufo sighting on his

703
00:34:03,909 --> 00:34:00,480
record he was going for he was

704
00:34:06,389 --> 00:34:03,919
he wanted to join us

705
00:34:07,750 --> 00:34:06,399
an airline company he didn't want this

706
00:34:10,790 --> 00:34:07,760
on his record so he

707
00:34:13,510 --> 00:34:10,800
purposely went to sleep

708
00:34:14,629 --> 00:34:13,520
my goodness about that so we interviewed

709
00:34:19,270 --> 00:34:14,639
we interviewed the

710
00:34:21,270 --> 00:34:19,280
uh the pilot and there's also a check

711
00:34:22,790 --> 00:34:21,280
pilot in there that that's a guy that

712
00:34:24,950 --> 00:34:22,800
works on staff but

713
00:34:27,750 --> 00:34:24,960

he wants to keep his flying status there

714

00:34:29,909 --> 00:34:27,760

so he was he was the senior man on

715

00:34:31,829 --> 00:34:29,919

on the uh on the flight deck at that

716

00:34:35,829 --> 00:34:31,839

time

717

00:34:37,829 --> 00:34:35,839

so uh this guy gave us his story

718

00:34:39,909 --> 00:34:37,839

and we had already looked at the blue

719

00:34:42,389 --> 00:34:39,919

file you know this is kind of an

720

00:34:44,470 --> 00:34:42,399

impressive case

721

00:34:47,349 --> 00:34:44,480

but when he told us what was going on it

722

00:34:51,190 --> 00:34:47,359

was even more impressive

723

00:34:54,550 --> 00:34:51,200

uh and we we wanted to get in touch with

724

00:34:59,589 --> 00:34:54,560

other people on the aircraft

725

00:35:02,790 --> 00:34:59,599

and this uh we had not seen the radar

726

00:35:04,630 --> 00:35:02,800

we've seen the radar photographs

727

00:35:07,990 --> 00:35:04,640

in project blue book but they were

728

00:35:08,000 --> 00:35:12,310

so uh

729

00:35:15,750 --> 00:35:14,310

we asked them is who who are the other

730

00:35:19,670 --> 00:35:15,760

people on your crew and he

731

00:35:22,150 --> 00:35:19,680

this captain he couldn't remember

732

00:35:24,069 --> 00:35:22,160

but then he went into his files and he

733

00:35:26,069 --> 00:35:24,079

found

734

00:35:28,470 --> 00:35:26,079

a picture of the crew standing out in

735

00:35:31,990 --> 00:35:28,480

front of the

736

00:35:35,109 --> 00:35:32,000

aircraft on on a landing pad

737

00:35:37,109 --> 00:35:35,119

and you could read everybody's name

738

00:35:40,310 --> 00:35:37,119

and once you did that he could remember

739

00:35:42,630 --> 00:35:40,320

the first names and everybody's name

740

00:35:45,030 --> 00:35:42,640

and over the years we contacted

741

00:35:49,670 --> 00:35:45,040

everybody that was still alive and

742

00:35:52,790 --> 00:35:49,680

they were interviewed and

743

00:35:55,270 --> 00:35:52,800

the radar guys they had uh

744

00:35:57,109 --> 00:35:55,280

they had their story to tell was where

745

00:35:59,589 --> 00:35:57,119

where you were on the aircraft is how

746

00:36:03,270 --> 00:35:59,599

you perceived what was going on so

747

00:36:09,430 --> 00:36:06,950

the electronics countermeasures

748

00:36:11,030 --> 00:36:09,440

fellow were both sitting together inside

749

00:36:14,870 --> 00:36:11,040

the aircraft they could not see

750

00:36:17,750 --> 00:36:14,880

outside in fact when the

751
00:36:19,109 --> 00:36:17,760
ufo when they when they contacted the

752
00:36:20,790 --> 00:36:19,119
ufo the pilot

753
00:36:23,109 --> 00:36:20,800
invited them to come up to the flight

754
00:36:24,710 --> 00:36:23,119
deck and they said we're not leaving our

755
00:36:28,150 --> 00:36:24,720
place here

756
00:36:32,390 --> 00:36:31,349
uh this this could be dangerous the ufo

757
00:36:36,870 --> 00:36:32,400
was going over

758
00:36:38,470 --> 00:36:36,880
uh a thousand miles an hour

759
00:36:39,990 --> 00:36:38,480
when it maneuvered and it was

760
00:36:43,750 --> 00:36:40,000
maneuvering behind them

761
00:36:47,190 --> 00:36:43,760
so uh this is fantastic now that's

762
00:36:51,990 --> 00:36:47,200
on the radar photographs

763
00:36:55,589 --> 00:36:52,000

we were luckily somebody had

764

00:36:58,310 --> 00:36:55,599

the intelligence officer at uh at minot

765

00:37:01,510 --> 00:36:58,320

had kept a copy of the radar photographs

766

00:37:05,510 --> 00:37:01,520

and he gave them to somebody in

767

00:37:07,430 --> 00:37:05,520

minnesota mufon this fellow didn't

768

00:37:08,069 --> 00:37:07,440

really know what he had but he knew it

769

00:37:11,430 --> 00:37:08,079

was something

770

00:37:11,910 --> 00:37:11,440

good and when we got hold of it it was

771

00:37:15,190 --> 00:37:11,920

great

772

00:37:18,720 --> 00:37:15,200

and we showed it to uh

773

00:37:21,589 --> 00:37:18,730

well two two radar experts

774

00:37:25,270 --> 00:37:21,599

[Music]

775

00:37:28,550 --> 00:37:25,280

evaluated the uh

776

00:37:32,110 --> 00:37:28,560

the uh pictures

777

00:37:33,829 --> 00:37:32,120

uh one had been the french

778

00:37:37,670 --> 00:37:33,839

[Music]

779

00:37:43,910 --> 00:37:37,680

ufo project head

780

00:37:51,510 --> 00:37:47,670

a controller an aircraft controller in

781

00:37:53,510 --> 00:37:51,520

england who was very familiar with radar

782

00:37:57,670 --> 00:37:53,520

and so those guys had evaluated and then

783

00:38:02,790 --> 00:38:00,790

and he recognized what was happening on

784

00:38:05,910 --> 00:38:02,800

the radar photographs immediately

785

00:38:08,710 --> 00:38:05,920

and then we showed them to uh colonel

786

00:38:12,710 --> 00:38:08,720

matson down at uh

787

00:38:14,710 --> 00:38:12,720

air and space museum in new mexico

788

00:38:16,630 --> 00:38:14,720

and the same thing happened he says i i

789

00:38:18,230 --> 00:38:16,640

can see what's going on here

790

00:38:20,950 --> 00:38:18,240

this thing is going back and forth and

791

00:38:21,670 --> 00:38:20,960

then and it's putting out a tremendous

792

00:38:26,550 --> 00:38:21,680

amount of

793

00:38:34,470 --> 00:38:29,910

plasma type stuff

794

00:38:36,390 --> 00:38:34,480

you know it's so

795

00:38:37,990 --> 00:38:36,400

now before you move on from there can

796

00:38:39,910 --> 00:38:38,000

you can

797

00:38:42,870 --> 00:38:39,920

can you tell me in what direction the

798

00:38:44,870 --> 00:38:42,880

plasma was going off of the object

799

00:38:46,069 --> 00:38:44,880

was it possibly going ahead of the

800

00:38:48,310 --> 00:38:46,079

object around it yeah

801
00:38:49,910 --> 00:38:48,320
yeah yeah they you know they said hey

802
00:38:54,470 --> 00:38:49,920
this is

803
00:38:56,390 --> 00:38:54,480
really important and that's where they

804
00:38:58,870 --> 00:38:56,400
got the uh

805
00:39:01,190 --> 00:38:58,880
the idea is you know how far away was

806
00:39:04,390 --> 00:39:01,200
from the aircraft

807
00:39:07,109 --> 00:39:04,400
by looking at the

808
00:39:08,950 --> 00:39:07,119
radar photographs and the interference

809
00:39:11,589 --> 00:39:08,960
that they encountered

810
00:39:13,589 --> 00:39:11,599
so that was uh had to be a lot of

811
00:39:17,430 --> 00:39:13,599
interference

812
00:39:22,870 --> 00:39:17,440
so wow

813
00:39:22,880 --> 00:39:26,790

90s

814

00:39:35,109 --> 00:39:30,230

abc news did a special

815

00:39:37,589 --> 00:39:35,119

on uh on ufos

816

00:39:40,550 --> 00:39:37,599

and one of the things that they did is

817

00:39:42,550 --> 00:39:40,560

they completely re-uh

818

00:39:45,430 --> 00:39:42,560

inventoried everybody involved in the

819

00:39:48,710 --> 00:39:45,440

case so they investigated from scratch

820

00:39:50,230 --> 00:39:48,720

like we had done nothing like nobody

821

00:39:51,109 --> 00:39:50,240

knew anything about the case they

822

00:39:54,390 --> 00:39:51,119

started from

823

00:39:55,589 --> 00:39:54,400

absolute scratch and peter jennings was

824

00:39:57,910 --> 00:39:55,599

the uh

825

00:39:59,190 --> 00:39:57,920

was the newsman that was in in charge of

826

00:40:03,349 --> 00:39:59,200

that and he put

827

00:40:07,430 --> 00:40:03,359

he put a uh uh almost a three set

828

00:40:09,030 --> 00:40:07,440

a three-minute uh segment on his news

829

00:40:10,790 --> 00:40:09,040

program

830

00:40:13,109 --> 00:40:10,800

that's on that you know that's almost

831

00:40:16,390 --> 00:40:13,119

unheard of that's like you know

832

00:40:17,910 --> 00:40:16,400

on a a government assassination or

833

00:40:20,470 --> 00:40:17,920

something they don't usually give that

834

00:40:22,710 --> 00:40:20,480

much time to a ufo case but he gave a

835

00:40:24,710 --> 00:40:22,720

lot of

836

00:40:27,510 --> 00:40:24,720

time on his news program to this and

837

00:40:30,309 --> 00:40:27,520

then they did a special which they

838

00:40:30,950 --> 00:40:30,319

this was one of the main segments of the

839

00:40:36,150 --> 00:40:30,960

of the

840

00:40:42,230 --> 00:40:39,430

so so-called skeptics they're afraid of

841

00:40:45,990 --> 00:40:42,240

this case they won't go near it

842

00:40:49,910 --> 00:40:46,000

it's uh it's so well investigated and

843

00:40:54,470 --> 00:40:49,920

it's is nobody can propose a good

844

00:41:00,309 --> 00:40:56,790

the air force said was uh there was a

845

00:41:05,190 --> 00:41:01,990

in the lower atmosphere well if you've

846

00:41:08,309 --> 00:41:05,200

got a long lasting plasma ball

847

00:41:10,630 --> 00:41:08,319

in the lower atmosphere you've got all

848

00:41:12,870 --> 00:41:10,640

kinds of uh

849

00:41:15,030 --> 00:41:12,880

aerial hazards to aircraft and that

850

00:41:15,589 --> 00:41:15,040

should have been immediately reported as

851
00:42:18,230 --> 00:41:15,599

a

852
00:42:21,589 --> 00:42:18,240

supporting documents uh the interviews

853
00:42:23,829 --> 00:42:21,599

it's all there yeah it's a see

854
00:42:26,309 --> 00:42:23,839

this is something that a lot of

855
00:42:29,670 --> 00:42:26,319

ufologists can't handle either

856
00:42:31,589 --> 00:42:29,680

it's a little complicated for them so

857
00:42:33,670 --> 00:42:31,599

you know it's not it's not well known

858
00:42:34,630 --> 00:42:33,680

but this is this is probably one of the

859
00:42:38,309 --> 00:42:34,640

best cases

860
00:42:41,349 --> 00:42:38,319

on record and really well investigated

861
00:42:45,430 --> 00:42:41,359

you traveled thousands of miles

862
00:42:49,670 --> 00:42:47,510

investigations involved traveling

863
00:42:51,190 --> 00:42:49,680

thousands of miles and spending about

864

00:42:54,150 --> 00:42:51,200

twenty thousand dollars on this

865

00:43:01,430 --> 00:42:57,190

and then abc news

866

00:43:04,790 --> 00:43:01,440

did it again from scratch

867

00:43:08,630 --> 00:43:04,800

yeah i saw that that's uh there's

868

00:43:11,349 --> 00:43:08,640

the title to that um is let's see

869

00:43:12,470 --> 00:43:11,359

ufo seeing is believing with peter

870

00:43:15,910 --> 00:43:12,480

jennings

871

00:43:16,710 --> 00:43:15,920

yeah how about that we have a question

872

00:43:19,030 --> 00:43:16,720

someone

873

00:43:19,750 --> 00:43:19,040

posted in the chat room steven wanted to

874

00:43:22,470 --> 00:43:19,760

know

875

00:43:24,870 --> 00:43:22,480

as far as your scanning goes are you

876

00:43:29,150 --> 00:43:24,880

just doing straight scans are you doing

877

00:43:34,950 --> 00:43:31,109

[Music]

878

00:43:38,309 --> 00:43:34,960

um and text reader scan

879

00:43:39,349 --> 00:43:38,319

actually will digitize the text as it's

880

00:43:41,670 --> 00:43:39,359

scanning

881

00:43:42,790 --> 00:43:41,680

so that's uh uh that hasn't been around

882

00:43:46,710 --> 00:43:42,800

i mean we're doing

883

00:43:50,069 --> 00:43:46,720

we're doing jpegs in uh pdfs

884

00:43:54,870 --> 00:43:50,079

i see yeah yeah some of it some of it

885

00:43:56,390 --> 00:43:54,880

is um you know word some of it is word

886

00:43:59,510 --> 00:43:56,400

it depends

887

00:44:03,349 --> 00:43:59,520

um however

888

00:44:06,870 --> 00:44:03,359

uh i think with the way it's

889

00:44:10,150 --> 00:44:06,880

the the title of each

890

00:44:13,910 --> 00:44:10,160

item is a

891

00:44:18,150 --> 00:44:13,920

date starting by year

892

00:44:21,589 --> 00:44:18,160

month and day and then location

893

00:44:24,309 --> 00:44:21,599

so what country was it in and what

894

00:44:26,069 --> 00:44:24,319

state what city and then what kind of a

895

00:44:31,750 --> 00:44:26,079

case was it

896

00:44:32,309 --> 00:44:31,760

was it a ce2 case or was it an aircraft

897

00:44:35,750 --> 00:44:32,319

case

898

00:44:36,069 --> 00:44:35,760

or was it so all of that is you can call

899

00:44:40,790 --> 00:44:36,079

that

900

00:44:45,670 --> 00:44:40,800

up by by doing this um

901
00:44:50,069 --> 00:44:45,680
yeah i know that uh pdfs can be uh

902
00:44:52,470 --> 00:44:50,079
put into readable text but that's

903
00:44:58,069 --> 00:44:52,480
we're trying to get nine women pregnant

904
00:45:01,030 --> 00:44:59,190
i don't think i've ever heard that

905
00:45:01,670 --> 00:45:01,040
saying but i understand where you're

906
00:45:05,190 --> 00:45:01,680
going

907
00:45:07,349 --> 00:45:05,200
with that that's funny that's a army

908
00:45:09,190 --> 00:45:07,359
that's an army thing i was oh yeah a

909
00:45:12,230 --> 00:45:09,200
retired army yeah

910
00:45:14,710 --> 00:45:12,240
um so speaking of our army

911
00:45:16,630 --> 00:45:14,720
the army air force at the time uh one of

912
00:45:18,870 --> 00:45:16,640
the things you've looked into

913
00:45:20,950 --> 00:45:18,880

is the foo fighters which i think is

914

00:45:24,230 --> 00:45:20,960

fascinating

915

00:45:26,230 --> 00:45:24,240

and can you talk about um

916

00:45:28,069 --> 00:45:26,240

there's a little misconception i've i've

917

00:45:30,150 --> 00:45:28,079

heard people say that they were

918

00:45:32,309 --> 00:45:30,160

they were orbs and lights but i heard

919

00:45:33,190 --> 00:45:32,319

you say that their discs or people are

920

00:45:37,750 --> 00:45:33,200

reporting small

921

00:45:39,430 --> 00:45:37,760

discs or something right um

922

00:45:41,510 --> 00:45:39,440

well let's put this way everything has

923

00:45:46,230 --> 00:45:41,520

been

924

00:45:49,670 --> 00:45:46,240

a lot of a lot of the foo fighter

925

00:45:53,430 --> 00:45:49,680

well foo fighters is just for one

926

00:45:58,390 --> 00:45:53,440

small area in france and germany

927

00:46:03,430 --> 00:46:01,270

night fighter squadron was located they

928

00:46:06,790 --> 00:46:03,440

gave that nickname to the thing but

929

00:46:09,190 --> 00:46:06,800

actually it's it's world war ii ufos

930

00:46:10,150 --> 00:46:09,200

and you got everything you got night

931

00:46:13,670 --> 00:46:10,160

lights you got

932

00:46:18,069 --> 00:46:13,680

you got uh to a certain extent uh

933

00:46:21,829 --> 00:46:18,079

very close encounters with the aircraft

934

00:46:28,630 --> 00:46:25,510

and things like that so

935

00:46:33,589 --> 00:46:28,640

i just say world war ii ufos

936

00:46:37,109 --> 00:46:33,599

now uh a lot of it is not

937

00:46:39,589 --> 00:46:37,119

um in official records but there is a

938

00:46:42,540 --> 00:46:39,599

huge amount in official records and it

939

00:46:44,630 --> 00:46:42,550

hasn't all been found yet

940

00:46:47,750 --> 00:46:44,640

[Music]

941

00:46:50,790 --> 00:46:47,760

in in 1943 there was

942

00:46:53,990 --> 00:46:50,800

a small discs

943

00:46:57,270 --> 00:46:54,000

encountered over

944

00:47:00,390 --> 00:46:57,280

schweinfurt which is one of germany's

945

00:47:05,030 --> 00:47:00,400

big giant ball bearing

946

00:47:07,030 --> 00:47:05,040

in industrial areas um

947

00:47:08,829 --> 00:47:07,040

and to a certain extent there's been

948

00:47:13,589 --> 00:47:08,839

some

949

00:47:15,990 --> 00:47:13,599

uh what can i say confabulation

950

00:47:16,950 --> 00:47:16,000

of of other cases with the swine for

951
00:47:20,630 --> 00:47:16,960
case well so

952
00:47:24,549 --> 00:47:20,640
swineford is uh is about the

953
00:47:27,750 --> 00:47:24,559
best known case and it was a very uh

954
00:47:29,589 --> 00:47:27,760
it's a very bloody aerial battle

955
00:47:31,270 --> 00:47:29,599
you know for these bombers to try to go

956
00:47:35,190 --> 00:47:31,280
in and bomb

957
00:47:37,510 --> 00:47:35,200
um and they encountered these discs

958
00:47:38,950 --> 00:47:37,520
now no as far as i know nobody got hurt

959
00:47:41,829 --> 00:47:38,960
in the schweinfurt

960
00:47:43,510 --> 00:47:41,839
raid but there was a raid on stoop guard

961
00:47:44,230 --> 00:47:43,520
and one of these just fell on an

962
00:47:48,549 --> 00:47:44,240
aircraft

963
00:47:52,390 --> 00:47:48,559

on a wing and the plane caught on fire

964

00:47:56,150 --> 00:47:52,400

wow so the

965

00:48:00,950 --> 00:47:56,160

commander of the 8th air force

966

00:48:03,589 --> 00:48:00,960

ira eckert wrote directly to the

967

00:48:04,870 --> 00:48:03,599

commander of the army air forces and

968

00:48:06,230 --> 00:48:04,880

said

969

00:48:08,069 --> 00:48:06,240

i don't know what these things are but

970

00:48:08,790 --> 00:48:08,079

they're setting our aircraft on fire and

971

00:48:12,230 --> 00:48:08,800

it's it

972

00:48:16,630 --> 00:48:12,240

it appears to be a very big danger to us

973

00:48:17,589 --> 00:48:16,640

so uh and arnold saw the possibility

974

00:48:22,390 --> 00:48:17,599

these

975

00:48:26,309 --> 00:48:22,400

as being a

976

00:48:28,549 --> 00:48:26,319

uh possibly stopping

977

00:48:30,230 --> 00:48:28,559

strategic bombing in europe so he wrote

978

00:48:32,790 --> 00:48:30,240

to uh

979

00:48:34,390 --> 00:48:32,800

general marshall who was head of the

980

00:48:37,430 --> 00:48:34,400

military at the time

981

00:48:40,549 --> 00:48:37,440

and dr

982

00:48:45,190 --> 00:48:40,559

vanderburgh bush who was the

983

00:48:53,030 --> 00:48:49,270

advisors to the military at the time

984

00:48:55,910 --> 00:48:53,040

uh while they were

985

00:48:57,589 --> 00:48:55,920

worried about it they said there's other

986

00:49:00,710 --> 00:48:57,599

things that could be just as

987

00:49:02,390 --> 00:49:00,720

important going on which could could

988

00:49:05,589 --> 00:49:02,400

cause us to

989

00:49:08,950 --> 00:49:05,599

uh lose bombers anyways

990

00:49:09,990 --> 00:49:08,960

uh so arnold's on record is doing that

991

00:49:14,470 --> 00:49:10,000

and i think that's

992

00:49:16,309 --> 00:49:14,480

why i can't prove it but i'm pretty sure

993

00:49:18,230 --> 00:49:16,319

he was concerned about anything in the

994

00:49:21,750 --> 00:49:18,240

air after that

995

00:49:23,349 --> 00:49:21,760

now the oss did find a factory in

996

00:49:26,470 --> 00:49:23,359

switzerland

997

00:49:26,960 --> 00:49:26,480

that was making bombs about the size of

998

00:49:28,950 --> 00:49:26,970

these

999

00:49:31,990 --> 00:49:28,960

[Music]

1000

00:49:33,109 --> 00:49:32,000

aerial bombs that they would you know

1001

00:49:36,470 --> 00:49:33,119

you could drop

1002

00:49:39,910 --> 00:49:36,480

from a aircraft that's higher up onto

1003

00:49:44,069 --> 00:49:39,920

a formation of aircraft

1004

00:49:45,990 --> 00:49:44,079

and it was a top secret uh

1005

00:49:48,790 --> 00:49:46,000

finding it's it's on my website if you

1006

00:49:51,910 --> 00:49:48,800

go to 1945

1007

00:49:57,670 --> 00:49:51,920

the 1945 year

1008

00:50:03,430 --> 00:50:01,109

so arnold was concerned about uh

1009

00:50:05,190 --> 00:50:03,440

uh things in the pacific and things in

1010

00:50:10,950 --> 00:50:05,200

the uh

1011

00:50:14,790 --> 00:50:13,349

he had a special aide named uh joe

1012

00:50:18,950 --> 00:50:14,800

chamberlain who uh

1013

00:50:21,990 --> 00:50:18,960

had worked at uh columbia university

1014

00:50:23,589 --> 00:50:22,000

and he also uh knew elliott ness he had

1015

00:50:26,870 --> 00:50:23,599

written

1016

00:50:29,109 --> 00:50:26,880

uh magazine articles with elliot ness

1017

00:50:31,670 --> 00:50:29,119

and he was a special aide to arnold he

1018

00:50:34,549 --> 00:50:31,680

would he wrote his speeches and

1019

00:50:37,349 --> 00:50:34,559

he did publicity work for the army air

1020

00:50:42,390 --> 00:50:40,390

arnold sent him to europe while the war

1021

00:50:43,589 --> 00:50:42,400

was still going on and he went to france

1022

00:50:46,950 --> 00:50:43,599

and he went to the

1023

00:50:51,109 --> 00:50:46,960

415 knight fighter squadron

1024

00:50:54,390 --> 00:50:51,119

which was which was seeing these things

1025

00:50:58,309 --> 00:50:54,400

now he uh he stayed with him for

1026

00:51:00,790 --> 00:50:58,319

you know and talked to them uh

1027

00:51:01,589 --> 00:51:00,800

almost everyone he interviewed him all

1028

00:51:05,030 --> 00:51:01,599

also the

1029

00:51:08,069 --> 00:51:05,040

uh um

1030

00:51:16,230 --> 00:51:08,079

uh bob

1031

00:51:20,790 --> 00:51:16,240

ap reporter he had

1032

00:51:24,630 --> 00:51:20,800

uh also talked to these people

1033

00:51:30,950 --> 00:51:24,640

uh stayed stayed with them and uh

1034

00:51:36,870 --> 00:51:34,069

edward clark who was a

1035

00:51:38,230 --> 00:51:36,880

reporter for stars and stripes so all

1036

00:51:41,030 --> 00:51:38,240

these people

1037

00:51:42,150 --> 00:51:41,040

they got their they gathered the foo

1038

00:51:45,990 --> 00:51:42,160

fighter material

1039

00:51:49,270 --> 00:51:46,000

first hand so if you see a uh

1040

00:51:52,309 --> 00:51:49,280

1915 see a world war ii

1041

00:51:55,750 --> 00:51:52,319

article which has wilson's

1042

00:52:00,309 --> 00:51:55,760

byline he got this directly from

1043

00:52:07,829 --> 00:52:04,630

so ed clark had seen a uh

1044

00:52:09,510 --> 00:52:07,839

a foo fighter by himself because he went

1045

00:52:13,270 --> 00:52:09,520

up with one of the

1046

00:52:17,510 --> 00:52:13,280

flights on christmas eve and they had

1047

00:52:21,270 --> 00:52:19,430

and that's in the uh unit history so

1048

00:52:23,190 --> 00:52:21,280

that supports him and he wrote about it

1049

00:52:26,630 --> 00:52:23,200

in 1950 he said

1050

00:52:33,430 --> 00:52:30,390

um then the uh air force uh

1051
00:52:37,190 --> 00:52:33,440
scientific advisor in europe arnold

1052
00:52:38,470 --> 00:52:37,200
sent him a message dr david griggs who

1053
00:52:41,510 --> 00:52:38,480
becomes the

1054
00:52:49,430 --> 00:52:44,950
air force advisor in later years

1055
00:52:53,910 --> 00:52:53,030
griggs said arnold told him to go

1056
00:52:55,750 --> 00:52:53,920
everywhere and

1057
00:52:57,030 --> 00:52:55,760
and find out what you can about these

1058
00:53:00,069 --> 00:52:57,040
things so he

1059
00:53:01,750 --> 00:53:00,079
he said every theater i went to we

1060
00:53:04,230 --> 00:53:01,760
encountered these things

1061
00:53:06,150 --> 00:53:04,240
didn't matter what where it was he said

1062
00:53:06,790 --> 00:53:06,160
the pacific ones were a little different

1063
00:53:12,230 --> 00:53:06,800

from the

1064

00:53:15,349 --> 00:53:14,950

so he wrote a report and his conclusion

1065

00:53:17,910 --> 00:53:15,359

was

1066

00:53:20,069 --> 00:53:17,920

uh inconclusive he said i don't i don't

1067

00:53:24,230 --> 00:53:20,079

know what they are

1068

00:53:30,230 --> 00:53:24,240

um they're awful strange

1069

00:53:34,630 --> 00:53:33,030

and he was in a robertson panel he was

1070

00:53:37,670 --> 00:53:34,640

he was cited as the

1071

00:53:39,349 --> 00:53:37,680

most knowledgeable person on

1072

00:53:44,790 --> 00:53:39,359

griggs was cited as the most

1073

00:53:49,589 --> 00:53:46,630

keith chester who wrote a book called

1074

00:53:54,630 --> 00:53:49,599

strange company which i recommend highly

1075

00:53:54,640 --> 00:54:00,230

uh griggs or uh

1076

00:54:00,240 --> 00:54:04,230

i'm sorry the uh

1077

00:54:10,950 --> 00:54:07,829

we we've found from the uh

1078

00:54:15,190 --> 00:54:10,960

records in europe that there was

1079

00:54:21,109 --> 00:54:18,870

it was run by a lieutenant colonel

1080

00:54:24,390 --> 00:54:21,119

o'meara who was also in charge

1081

00:54:27,910 --> 00:54:24,400

of the german scientist that had been

1082

00:54:31,030 --> 00:54:27,920

captured and waiting to be transported

1083

00:54:34,390 --> 00:54:31,040

to the united states

1084

00:54:37,190 --> 00:54:34,400

so omar was also the head of the

1085

00:54:39,510 --> 00:54:37,200

investigation into foo fighters

1086

00:54:41,430 --> 00:54:39,520

general mcdonald was the head of

1087

00:54:46,230 --> 00:54:41,440

intelligence in europe

1088

00:54:47,670 --> 00:54:46,240

and in november uh 1945 after the war

1089

00:54:51,190 --> 00:54:47,680

was over

1090

00:54:55,430 --> 00:54:51,200

he had sent the pentagon

1091

00:54:58,150 --> 00:54:55,440

a letter saying hey we've looked all

1092

00:54:59,910 --> 00:54:58,160

at everything that germans had and

1093

00:55:03,829 --> 00:54:59,920

talked to german

1094

00:55:07,270 --> 00:55:03,839

scientists military leaders and

1095

00:55:09,510 --> 00:55:07,280

aviation experts and the germans had no

1096

00:55:12,710 --> 00:55:09,520

idea what these were

1097

00:55:16,390 --> 00:55:12,720

and he said what they are is

1098

00:55:18,230 --> 00:55:16,400

inclusive wow hey i i hate to

1099

00:55:19,430 --> 00:55:18,240

to break you but we are actually right

1100

00:55:21,589 --> 00:55:19,440

at our break

1101
00:55:23,430 --> 00:55:21,599
so i'm gonna have to we're gonna have to

1102
00:55:25,349 --> 00:55:23,440
break and uh we'll be

1103
00:55:27,910 --> 00:55:25,359
right back i'm gonna play something here

1104
00:55:30,549 --> 00:55:27,920
on youtube but uh we'll be right back

1105
00:55:31,510 --> 00:55:30,559
uh right after this break so hang in

1106
00:55:33,670 --> 00:55:31,520
everyone

1107
00:56:09,220 --> 00:55:33,680
uh for these commercials and we'll be

1108
00:57:15,010 --> 00:56:17,510
[Music]

1109
00:57:15,020 --> 00:58:01,349
[Applause]

1110
00:58:04,630 --> 00:58:03,990
all right martin you can start in three

1111
00:58:07,750 --> 00:58:04,640
two

1112
00:58:11,190 --> 00:58:07,760
one go all right i'm back

1113
00:58:14,069 --> 00:58:11,200

and uh hey jan i have a surprise

1114

00:58:14,710 --> 00:58:14,079

um i didn't actually tell you this but i

1115

00:58:17,589 --> 00:58:14,720

actually have

1116

00:58:18,950 --> 00:58:17,599

dave marler joining us for a few minutes

1117

00:58:22,470 --> 00:58:18,960

oh okay

1118

00:58:24,630 --> 00:58:22,480

yeah uh uh dave how are you

1119

00:58:25,829 --> 00:58:24,640

good to see you martin how are you doing

1120

00:58:30,549 --> 00:58:25,839

good to see you too

1121

00:58:34,150 --> 00:58:33,030

uh dave you've uh the reason i i thought

1122

00:58:35,910 --> 00:58:34,160

i'd bring you in because i know that

1123

00:58:41,910 --> 00:58:35,920

you've been working

1124

00:58:43,750 --> 00:58:41,920

on some projects yes i've been lucky

1125

00:58:45,190 --> 00:58:43,760

enough to be the recipient of a number

1126

00:58:47,030 --> 00:58:45,200

of boxes in fact i think

1127

00:58:49,270 --> 00:58:47,040

jan just got back from the post office a

1128

00:58:49,990 --> 00:58:49,280

few hours ago and shipped about another

1129

00:58:52,470 --> 00:58:50,000

five boxes

1130

00:58:53,750 --> 00:58:52,480

out to me today uh and i have ten i

1131

00:58:56,230 --> 00:58:53,760

think i need to pick up today

1132

00:58:57,910 --> 00:58:56,240

tonight at the mailbox so uh he's been

1133

00:58:58,950 --> 00:58:57,920

uh sharing a lot of his historical

1134

00:59:01,109 --> 00:58:58,960

material and

1135

00:59:02,710 --> 00:59:01,119

uh i'm happy to say without going into

1136

00:59:04,950 --> 00:59:02,720

too much detail because there's some big

1137

00:59:06,710 --> 00:59:04,960

surprises uh that we'll be announcing in

1138

00:59:09,109 --> 00:59:06,720

the next week and a half or so

1139

00:59:10,630 --> 00:59:09,119

but we're working on with the help of a

1140

00:59:13,349 --> 00:59:10,640

financial benefactor

1141

00:59:15,270 --> 00:59:13,359

to digitize some of the paper files and

1142

00:59:18,230 --> 00:59:15,280

some of the microfilm reels that

1143

00:59:18,870 --> 00:59:18,240

jan has shared with me and as jan

1144

00:59:20,230 --> 00:59:18,880

alluded to

1145

00:59:22,950 --> 00:59:20,240

just a few days ago when we were

1146

00:59:24,230 --> 00:59:22,960

chatting uh some of this material has

1147

00:59:27,430 --> 00:59:24,240

never been seen

1148

00:59:29,750 --> 00:59:27,440

uh by the the larger ufo community

1149

00:59:30,470 --> 00:59:29,760

many of these are scrapbooks news

1150

00:59:33,030 --> 00:59:30,480

clippings

1151
00:59:34,069 --> 00:59:33,040
dating back to the early 1950s all the

1152
00:59:37,030 --> 00:59:34,079
way up until

1153
00:59:37,910 --> 00:59:37,040
the late 60s early 70s as well as some

1154
00:59:40,950 --> 00:59:37,920
of the early

1155
00:59:42,630 --> 00:59:40,960
csi uh documents civilian saucer

1156
00:59:44,710 --> 00:59:42,640
intelligence of new york

1157
00:59:45,910 --> 00:59:44,720
and certainly i can let jan speak a

1158
00:59:47,750 --> 00:59:45,920
little bit more to that he knows the

1159
00:59:49,430 --> 00:59:47,760
history much better than i do but

1160
00:59:51,670 --> 00:59:49,440
i do just want to say since i have this

1161
00:59:53,990 --> 00:59:51,680
opportunity with you and your audience

1162
00:59:55,510 --> 00:59:54,000
when i first got involved in ufos and i

1163
00:59:57,990 --> 00:59:55,520

think i told jan this in a

1164

00:59:59,990 --> 00:59:58,000

recent phone call i was starting to

1165

01:00:02,789 --> 01:00:00,000

learn about the people the places

1166

01:00:04,150 --> 01:00:02,799

the cases etc and i kept coming across

1167

01:00:07,430 --> 01:00:04,160

references to this jan

1168

01:00:10,230 --> 01:00:07,440

aldrich jan aldrige and and

1169

01:00:11,910 --> 01:00:10,240

at that time i'm talking in 1990 i was

1170

01:00:13,829 --> 01:00:11,920

hard-pressed to even find a picture

1171

01:00:15,750 --> 01:00:13,839

of jan aldrich and i'm like who is this

1172

01:00:17,510 --> 01:00:15,760

mysterious character i keep seeing his

1173

01:00:20,789 --> 01:00:17,520

name on everything

1174

01:00:22,309 --> 01:00:20,799

and you know years later fast forward

1175

01:00:24,630 --> 01:00:22,319

not only had the chance to get to meet

1176

01:00:25,190 --> 01:00:24,640

jan to get to know him as an individual

1177

01:00:27,190 --> 01:00:25,200

but you know

1178

01:00:29,910 --> 01:00:27,200

respect his work even more getting to

1179

01:00:31,750 --> 01:00:29,920

know his his work ethic his tenacity

1180

01:00:33,349 --> 01:00:31,760

uh you know some people martin as you

1181

01:00:33,910 --> 01:00:33,359

know and many of your audience members

1182

01:00:36,390 --> 01:00:33,920

know

1183

01:00:37,190 --> 01:00:36,400

people come in and out of the ufo field

1184

01:00:40,150 --> 01:00:37,200

it's very

1185

01:00:41,430 --> 01:00:40,160

rare that you find someone that sticks

1186

01:00:44,470 --> 01:00:41,440

with this subject

1187

01:00:44,870 --> 01:00:44,480

with such tenacity as jan aldrige has

1188

01:00:48,230 --> 01:00:44,880

done

1189

01:00:51,430 --> 01:00:48,240

over decades not months not years

1190

01:00:53,589 --> 01:00:51,440

decades and has done so

1191

01:00:54,789 --> 01:00:53,599

and has diligently worked to bring this

1192

01:00:57,109 --> 01:00:54,799

history to light

1193

01:00:58,710 --> 01:00:57,119

and i i think even people that are

1194

01:01:01,829 --> 01:00:58,720

involved in ufos sometimes

1195

01:01:04,470 --> 01:01:01,839

fail to realize the rich history

1196

01:01:05,910 --> 01:01:04,480

that we have uh quite often on these

1197

01:01:08,390 --> 01:01:05,920

television shows

1198

01:01:10,069 --> 01:01:08,400

uh much to the detriment of i think ufo

1199

01:01:12,870 --> 01:01:10,079

research they focus on the same

1200

01:01:14,309 --> 01:01:12,880

cases at infinite ad nauseam there's

1201
01:01:16,230 --> 01:01:14,319
only so many times we can hear about

1202
01:01:18,470 --> 01:01:16,240
bent waters or the phoenix lights or the

1203
01:01:19,750 --> 01:01:18,480
january 5th 2000 case that i personally

1204
01:01:21,510 --> 01:01:19,760
investigated

1205
01:01:22,789 --> 01:01:21,520
and not that they're not good cases

1206
01:01:25,030 --> 01:01:22,799
don't get me wrong

1207
01:01:27,750 --> 01:01:25,040
but these producers they always want to

1208
01:01:30,150 --> 01:01:27,760
focus on the sensational cases

1209
01:01:32,230 --> 01:01:30,160
but some of the most intriguing

1210
01:01:33,990 --> 01:01:32,240
information is buried in these obscure

1211
01:01:36,390 --> 01:01:34,000
reports that jan

1212
01:01:38,870 --> 01:01:36,400
has gathered going through military

1213
01:01:42,069 --> 01:01:38,880

archives going through scrapbooks

1214

01:01:43,670 --> 01:01:42,079

and you know one case is fascinating but

1215

01:01:45,750 --> 01:01:43,680

i think when we make an argument for the

1216

01:01:48,069 --> 01:01:45,760

reality of the ufo phenomenon

1217

01:01:50,230 --> 01:01:48,079

we're looking at patterns in the data

1218

01:01:51,109 --> 01:01:50,240

and in in so doing you have to go

1219

01:01:53,990 --> 01:01:51,119

through

1220

01:01:55,190 --> 01:01:54,000

the minutia of government files

1221

01:01:57,910 --> 01:01:55,200

scrapbooks

1222

01:01:59,670 --> 01:01:57,920

newspaper archives and to me it's when

1223

01:02:01,109 --> 01:01:59,680

you start connecting those dots and you

1224

01:02:02,069 --> 01:02:01,119

start to show there's patterns in the

1225

01:02:04,630 --> 01:02:02,079

data

1226

01:02:05,990 --> 01:02:04,640

that is what's most intriguing and

1227

01:02:07,430 --> 01:02:06,000

myself and other researchers

1228

01:02:09,510 --> 01:02:07,440

couldn't do that without the efforts of

1229

01:02:11,910 --> 01:02:09,520

people like jan aldrige

1230

01:02:13,029 --> 01:02:11,920

right right hey hey jen um we're going

1231

01:02:14,870 --> 01:02:13,039

to be we'll

1232

01:02:16,630 --> 01:02:14,880

uh go back and engage with where you

1233

01:02:20,069 --> 01:02:16,640

were talking about the foo fighters

1234

01:02:21,109 --> 01:02:20,079

in in a bit um but while dave's here uh

1235

01:02:23,109 --> 01:02:21,119

have you ever

1236

01:02:25,349 --> 01:02:23,119

been really discouraged you know he just

1237

01:02:26,870 --> 01:02:25,359

mentioned how you've hung in for decades

1238

01:02:28,870 --> 01:02:26,880

but i know a lot of people that have

1239

01:02:31,349 --> 01:02:28,880

been um at this topic

1240

01:02:33,029 --> 01:02:31,359

i've spoken to that just want to throw

1241

01:02:34,470 --> 01:02:33,039

in the towel sometimes when they get fed

1242

01:02:36,390 --> 01:02:34,480

up with

1243

01:02:37,990 --> 01:02:36,400

where the ufo field is going have you

1244

01:02:41,270 --> 01:02:38,000

ever felt that way

1245

01:02:47,190 --> 01:02:43,990

well i i thought so but you hang in and

1246

01:02:51,750 --> 01:02:47,200

what may what makes you hang in

1247

01:02:54,230 --> 01:02:51,760

um there's so much mysterious stuff

1248

01:02:56,630 --> 01:02:54,240

and this explanation and that

1249

01:03:00,069 --> 01:02:56,640

explanation don't work

1250

01:03:03,670 --> 01:03:00,079

i'm sorry yeah um

1251

01:03:07,829 --> 01:03:03,680

and uh what really angers me is

1252

01:03:10,470 --> 01:03:07,839

one very prominent scientist says

1253

01:03:12,230 --> 01:03:10,480

i don't i don't study cases and i don't

1254

01:03:14,630 --> 01:03:12,240

study ufos

1255

01:03:15,990 --> 01:03:14,640

but he's on every show that he can

1256

01:03:19,109 --> 01:03:16,000

possibly get on with

1257

01:03:22,390 --> 01:03:19,119

his opinion so uh

1258

01:03:26,069 --> 01:03:22,400

i i'm uh you know that's a it's a

1259

01:03:32,470 --> 01:03:26,079

uh it's an advertisement for

1260

01:03:40,390 --> 01:03:37,109

this particular person work for a um

1261

01:03:42,829 --> 01:03:40,400

an organization oh yeah

1262

01:03:45,109 --> 01:03:42,839

yeah i think i know who you're talking

1263

01:03:47,829 --> 01:03:45,119

about scientists he's

1264

01:03:49,510 --> 01:03:47,839

he's on every ufo program you can you

1265

01:03:56,829 --> 01:03:49,520

could imagine

1266

01:03:59,430 --> 01:03:57,990

yes

1267

01:04:01,029 --> 01:03:59,440

know exactly what you're talking about

1268

01:04:02,230 --> 01:04:01,039

we're not gonna bring up his name i love

1269

01:04:04,390 --> 01:04:02,240

that

1270

01:04:06,630 --> 01:04:04,400

you know you can explain everything

1271

01:04:11,109 --> 01:04:06,640

without ever doing research

1272

01:04:13,430 --> 01:04:11,119

or you know just 15 minutes

1273

01:04:14,309 --> 01:04:13,440

15 seconds after you hear something you

1274

01:04:19,190 --> 01:04:14,319

can

1275

01:04:22,390 --> 01:04:19,200

explanation

1276

01:04:26,230 --> 01:04:22,400

um you know beyond me

1277

01:04:28,789 --> 01:04:26,240

uh it it's unscientific

1278

01:04:30,069 --> 01:04:28,799

right right i have no explanation for

1279

01:04:33,109 --> 01:04:30,079

ufos i'm sorry

1280

01:04:35,190 --> 01:04:33,119

i don't and that's that's a lot of

1281

01:04:38,829 --> 01:04:35,200

experience there

1282

01:04:39,990 --> 01:04:38,839

i've read thousands and thousands of

1283

01:04:43,270 --> 01:04:40,000

reports

1284

01:04:45,750 --> 01:04:43,280

and many of them are just trivial

1285

01:04:47,670 --> 01:04:45,760

but there's so many that aren't there's

1286

01:04:48,390 --> 01:04:47,680

enough that aren't that makes it look

1287

01:04:51,910 --> 01:04:48,400

like

1288

01:04:53,349 --> 01:04:51,920

something needs to be done well as i've

1289

01:04:56,710 --> 01:04:53,359

heard many times

1290

01:04:59,349 --> 01:04:56,720

said that it only takes one real case

1291

01:05:00,710 --> 01:04:59,359

you know one whatever wherever they're

1292

01:05:02,549 --> 01:05:00,720

coming from i mean

1293

01:05:04,630 --> 01:05:02,559

um you know i mentioned on this show

1294

01:05:06,470 --> 01:05:04,640

quite often i this is my ninth year

1295

01:05:09,510 --> 01:05:06,480

doing the show i know less

1296

01:05:10,309 --> 01:05:09,520

than i did before i started you know i

1297

01:05:12,549 --> 01:05:10,319

mean

1298

01:05:13,910 --> 01:05:12,559

maybe i thought i knew something but i i

1299

01:05:15,510 --> 01:05:13,920

yeah we don't

1300

01:05:18,230 --> 01:05:15,520

right that's run the other way from

1301

01:05:21,349 --> 01:05:18,240

someone who knows everything

1302

01:05:25,109 --> 01:05:21,359

ted bloacher who's worked for csi

1303

01:05:28,789 --> 01:05:25,119

uh new york he he said

1304

01:05:31,349 --> 01:05:28,799

after being in it for uh decades he said

1305

01:05:34,069 --> 01:05:31,359

i uh this is where i came in it's like

1306

01:05:35,750 --> 01:05:34,079

coming into a movie you've already seen

1307

01:05:37,510 --> 01:05:35,760

but you still don't understand what's

1308

01:05:41,109 --> 01:05:37,520

happening

1309

01:05:45,430 --> 01:05:41,119

so yeah that's fascinating

1310

01:05:47,829 --> 01:05:45,440

so uh dave back to you are you going to

1311

01:05:49,589 --> 01:05:47,839

i mean you just keep getting more files

1312

01:05:53,029 --> 01:05:49,599

and more files

1313

01:05:54,870 --> 01:05:53,039

are you do you have a lot of property no

1314

01:05:56,470 --> 01:05:54,880

actually i i was remarking to jan on the

1315

01:05:58,630 --> 01:05:56,480

phone just the other day that uh we're

1316

01:06:02,150 --> 01:05:58,640

running into a square footage issue here

1317

01:06:03,430 --> 01:06:02,160

uh short of building an underground

1318

01:06:03,990 --> 01:06:03,440

bunker i'm not quite sure what we're

1319

01:06:07,029 --> 01:06:04,000

going to do

1320

01:06:09,190 --> 01:06:07,039

but uh a bad idea we may allocate we may

1321

01:06:12,150 --> 01:06:09,200

allocate some of my holdings to

1322

01:06:13,670 --> 01:06:12,160

unm uh before my death rather than after

1323

01:06:16,710 --> 01:06:13,680

my death just to accommodate

1324

01:06:18,230 --> 01:06:16,720

uh the influx of some very exciting

1325

01:06:21,270 --> 01:06:18,240

materials let me just say that

1326

01:06:21,910 --> 01:06:21,280

in the next week or two and uh jan's a

1327

01:06:24,950 --> 01:06:21,920

big part of it

1328

01:06:26,630 --> 01:06:24,960

nothing to say about it if he doesn't

1329

01:06:30,829 --> 01:06:26,640

allocate the materials to you

1330

01:06:32,470 --> 01:06:30,839

uh university of new mexico he may be

1331

01:06:34,309 --> 01:06:32,480

dead

1332

01:06:35,670 --> 01:06:34,319

yeah they're chopping at the bit for

1333

01:06:37,190 --> 01:06:35,680

this information they're they're they

1334

01:06:39,910 --> 01:06:37,200

really want to preserve this and

1335

01:06:40,950 --> 01:06:39,920

uh they see historical value as does jan

1336

01:06:42,710 --> 01:06:40,960

and myself

1337

01:06:44,549 --> 01:06:42,720

with regard to this information

1338

01:06:46,230 --> 01:06:44,559

regardless of your take on it and that's

1339

01:06:48,069 --> 01:06:46,240

how i pitched it to him whether you

1340

01:06:49,670 --> 01:06:48,079

relegate you know ufos to fact fiction

1341

01:06:51,109 --> 01:06:49,680

or folklore it's part of our history

1342

01:06:53,029 --> 01:06:51,119

it's part of our culture

1343

01:06:54,549 --> 01:06:53,039

and just by virtue of that we should be

1344

01:06:56,390 --> 01:06:54,559

preserving this material whether you're

1345

01:06:57,910 --> 01:06:56,400

a sociologist that wants to look back on

1346

01:06:58,710 --> 01:06:57,920

the 20th century and say it's a space

1347

01:07:01,430 --> 01:06:58,720

age myth

1348

01:07:03,270 --> 01:07:01,440

which i doubt um i agree with jan

1349

01:07:03,990 --> 01:07:03,280

there's just a preponderance of cases

1350

01:07:07,190 --> 01:07:04,000

that defy

1351
01:07:07,910 --> 01:07:07,200
conventional explanation and um you know

1352
01:07:11,029 --> 01:07:07,920
i

1353
01:07:12,950 --> 01:07:11,039
does the most

1354
01:07:15,109 --> 01:07:12,960
unscientific people that have approached

1355
01:07:17,750 --> 01:07:15,119
this subject historically with rare

1356
01:07:19,190 --> 01:07:17,760
exceptions are scientists

1357
01:07:21,270 --> 01:07:19,200
they're making assumptions they're

1358
01:07:24,549 --> 01:07:21,280
making proclamations based on no

1359
01:07:27,109 --> 01:07:24,559
evidence and i would task them what i

1360
01:07:29,670 --> 01:07:27,119
tasked myself and other ufo researchers

1361
01:07:31,109 --> 01:07:29,680
with and that is whatever we say

1362
01:07:34,309 --> 01:07:31,119
whatever we promote

1363
01:07:36,710 --> 01:07:34,319

or put forth as a working hypothesis

1364

01:07:38,309 --> 01:07:36,720

it has to be data driven you have to

1365

01:07:41,510 --> 01:07:38,319

back it up with something

1366

01:07:43,430 --> 01:07:41,520

and i i relegate the skeptics

1367

01:07:45,990 --> 01:07:43,440

just as much as i relegate the the the

1368

01:07:48,549 --> 01:07:46,000

arden wide-eyed ufo believers

1369

01:07:50,069 --> 01:07:48,559

when you accept everything without any

1370

01:07:51,990 --> 01:07:50,079

critical thinking skills

1371

01:07:53,270 --> 01:07:52,000

it's just as bad as those that refute

1372

01:07:54,630 --> 01:07:53,280

everything without taking the time to

1373

01:07:56,710 --> 01:07:54,640

look at the evidence

1374

01:07:58,789 --> 01:07:56,720

exactly right i relegate all of that to

1375

01:08:00,309 --> 01:07:58,799

what i call cognitive laziness

1376

01:08:01,829 --> 01:08:00,319

you're not using any brain cells in

1377

01:08:05,190 --> 01:08:01,839

either case

1378

01:08:06,950 --> 01:08:05,200

yeah and you know um what is that saying

1379

01:08:09,829 --> 01:08:06,960

never underestimate

1380

01:08:11,510 --> 01:08:09,839

um the power of i hate to use this word

1381

01:08:12,870 --> 01:08:11,520

but never underestimate the power of

1382

01:08:15,910 --> 01:08:12,880

stupid people

1383

01:08:17,910 --> 01:08:15,920

well i mean yeah

1384

01:08:21,110 --> 01:08:17,920

yeah not to put to find a point on it

1385

01:08:23,030 --> 01:08:21,120

but yes i think that that's good

1386

01:08:24,709 --> 01:08:23,040

you know i'm not looking at this as a

1387

01:08:26,709 --> 01:08:24,719

religion i'm not looking at this

1388

01:08:27,910 --> 01:08:26,719

as i'm finding evidence to support my

1389

01:08:31,749 --> 01:08:27,920

preconceived beliefs

1390

01:08:34,309 --> 01:08:31,759

belief system like jan would agree

1391

01:08:36,870 --> 01:08:34,319

the vast majority of ufo reports can be

1392

01:08:38,870 --> 01:08:36,880

discounted as venus as a satellite as a

1393

01:08:40,709 --> 01:08:38,880

jet aircraft you name it and many of

1394

01:08:41,590 --> 01:08:40,719

those have been proven false over the

1395

01:08:43,829 --> 01:08:41,600

years you know

1396

01:08:45,590 --> 01:08:43,839

especially as we realized that there was

1397

01:08:47,269 --> 01:08:45,600

military testing in certain areas at

1398

01:08:48,550 --> 01:08:47,279

certain times that you know when pilots

1399

01:08:50,070 --> 01:08:48,560

in the 50s said

1400

01:08:51,990 --> 01:08:50,080

we saw something but it was flying

1401

01:08:54,149 --> 01:08:52,000

faster and higher than any aircraft

1402

01:08:55,910 --> 01:08:54,159

we knew of well that's that's the the

1403

01:08:56,870 --> 01:08:55,920

operative phrase right there that they

1404

01:08:58,950 --> 01:08:56,880

knew of

1405

01:09:00,390 --> 01:08:58,960

uh they didn't know about the sr-71 they

1406

01:09:01,749 --> 01:09:00,400

didn't know about the u2 and in

1407

01:09:03,829 --> 01:09:01,759

retrospect

1408

01:09:05,430 --> 01:09:03,839

again which is why we have the value of

1409

01:09:07,349 --> 01:09:05,440

having these historic files

1410

01:09:09,430 --> 01:09:07,359

we can go back and maybe summarily

1411

01:09:11,669 --> 01:09:09,440

discount some of those reports

1412

01:09:14,070 --> 01:09:11,679

but to jan's earlier point there are

1413

01:09:15,829 --> 01:09:14,080

those that are extraordinary

1414

01:09:17,349 --> 01:09:15,839

there are those that have extreme high

1415

01:09:19,269 --> 01:09:17,359

strangeness

1416

01:09:20,870 --> 01:09:19,279

especially the radar visual cases and

1417

01:09:22,470 --> 01:09:20,880

there are a lot of those going back to

1418

01:09:25,749 --> 01:09:22,480

the 50s and 60s

1419

01:09:27,430 --> 01:09:25,759

to me that that is some severe

1420

01:09:28,789 --> 01:09:27,440

uh information that we're dealing with

1421

01:09:30,470 --> 01:09:28,799

when you have multiple military

1422

01:09:32,229 --> 01:09:30,480

witnesses both ground and air based and

1423

01:09:33,349 --> 01:09:32,239

you have ground and air based radar that

1424

01:09:37,189 --> 01:09:33,359

confirms it

1425

01:09:38,950 --> 01:09:37,199

um so yes there are so many cases that

1426

01:09:41,510 --> 01:09:38,960

have never been discussed publicly

1427

01:09:42,789 --> 01:09:41,520

and as jan was alluding to to me the

1428

01:09:44,630 --> 01:09:42,799

other day some of these

1429

01:09:46,229 --> 01:09:44,640

micro films that he's sending me and

1430

01:09:47,829 --> 01:09:46,239

i'll let him speak to that if he if he

1431

01:09:50,149 --> 01:09:47,839

likes a little bit but

1432

01:09:51,590 --> 01:09:50,159

some of these have never been digitized

1433

01:09:52,550 --> 01:09:51,600

they've never never been widely

1434

01:09:54,149 --> 01:09:52,560

circulated

1435

01:09:56,229 --> 01:09:54,159

and that's our shared goal is to try to

1436

01:09:56,630 --> 01:09:56,239

get this material digitized and shared

1437

01:09:59,830 --> 01:09:56,640

with

1438

01:10:02,070 --> 01:09:59,840

the ufo community at large now

1439

01:10:04,149 --> 01:10:02,080

jan let me ask you this because dave

1440

01:10:07,510 --> 01:10:04,159

just made a good point

1441

01:10:10,390 --> 01:10:07,520

when there's radar evidence and there's

1442

01:10:11,350 --> 01:10:10,400

actual visual evidence um i've brought

1443

01:10:13,910 --> 01:10:11,360

this thing up

1444

01:10:15,030 --> 01:10:13,920

for instance when i had seth shaw stack

1445

01:10:18,229 --> 01:10:15,040

who you mentioned

1446

01:10:20,630 --> 01:10:18,239

we sort of hinted to um on my show

1447

01:10:21,830 --> 01:10:20,640

i said what about that and they always

1448

01:10:24,390 --> 01:10:21,840

have an answer

1449

01:10:26,550 --> 01:10:24,400

oh well that's a weather anomaly or or

1450

01:10:28,470 --> 01:10:26,560

this or that you always hear

1451

01:10:30,790 --> 01:10:28,480

no matter you know for instance the

1452

01:10:31,910 --> 01:10:30,800

nimitz case they had all different types

1453

01:10:34,550 --> 01:10:31,920

of radar

1454

01:10:35,350 --> 01:10:34,560

data and uh discounting it all is you

1455

01:10:38,149 --> 01:10:35,360

know

1456

01:10:41,189 --> 01:10:38,159

this or that what do you say to people

1457

01:10:43,669 --> 01:10:41,199

like that when you hear that jen

1458

01:10:45,990 --> 01:10:43,679

well it's you know they never engage

1459

01:10:48,149 --> 01:10:46,000

with me that much

1460

01:10:49,189 --> 01:10:48,159

you know especially producers that put

1461

01:10:51,990 --> 01:10:49,199

together shows

1462

01:10:54,070 --> 01:10:52,000

they usually you know they don't tell

1463

01:10:55,830 --> 01:10:54,080

you who's going to be on with you

1464

01:10:57,750 --> 01:10:55,840

and who's going to be who's going to get

1465

01:11:00,310 --> 01:10:57,760

the last word

1466

01:11:01,110 --> 01:11:00,320

yeah i mean always changes on the

1467

01:11:03,750 --> 01:11:01,120

cutting room

1468

01:11:05,990 --> 01:11:03,760

i did i did two uh cases for the

1469

01:11:09,750 --> 01:11:06,000

smithsonian

1470

01:11:10,229 --> 01:11:09,760

and uh they had somebody that came on

1471

01:11:11,910 --> 01:11:10,239

and

1472

01:11:14,229 --> 01:11:11,920

you know knocked the heck out of what i

1473

01:11:17,590 --> 01:11:14,239

was saying but

1474

01:11:20,709 --> 01:11:17,600

uh and i i did the cases that

1475

01:11:22,630 --> 01:11:20,719

uh that the smithsonian wanted me to do

1476

01:11:25,350 --> 01:11:22,640

in other words what the producer did i

1477

01:11:28,470 --> 01:11:25,360

didn't necessarily do the best cases

1478

01:11:30,790 --> 01:11:28,480

like the incident of firing on a ufo in

1479

01:11:32,870 --> 01:11:30,800

the summer of 52 from

1480

01:11:34,229 --> 01:11:32,880

kirkland air force base that was one of

1481

01:11:36,870 --> 01:11:34,239

the cases i

1482

01:11:38,070 --> 01:11:36,880

i did and i'm talking about it and this

1483

01:11:39,990 --> 01:11:38,080

guy says

1484

01:11:41,270 --> 01:11:40,000

he's right reading it out of rupelt and

1485

01:11:44,790 --> 01:11:41,280

i said

1486

01:11:47,590 --> 01:11:44,800

said listen to me

1487

01:11:48,870 --> 01:11:47,600

i've got more data that's than root belt

1488

01:11:50,950 --> 01:11:48,880

had

1489

01:11:52,229 --> 01:11:50,960

i said i have talked to the intelligence

1490

01:11:54,950 --> 01:11:52,239

officer

1491

01:11:56,709 --> 01:11:54,960

in new mexico who is in charge of this

1492

01:12:00,550 --> 01:11:56,719

case

1493

01:12:04,470 --> 01:12:00,560

i have notes from dr

1494

01:12:08,550 --> 01:12:04,480

page who was at the the uh

1495

01:12:10,470 --> 01:12:08,560

robertson panel and uh

1496

01:12:11,590 --> 01:12:10,480

one of the things that it's interesting

1497

01:12:15,590 --> 01:12:11,600

one of the things that

1498

01:12:19,030 --> 01:12:15,600

uh alvarez who was on the

1499

01:12:21,910 --> 01:12:19,040

the dr alvarez is definitely uh

1500

01:12:23,350 --> 01:12:21,920

one of the top science radar scientist

1501
01:12:26,149 --> 01:12:23,360
ever

1502
01:12:27,669 --> 01:12:26,159
and his complaint about the data that he

1503
01:12:31,270 --> 01:12:27,679
was shown

1504
01:12:37,430 --> 01:12:31,280
at the robertson panel was i don't care

1505
01:12:39,830 --> 01:12:37,440
what the operator felt i don't care

1506
01:12:42,229 --> 01:12:39,840
you know if they said they've never seen

1507
01:12:43,990 --> 01:12:42,239
anything like this before

1508
01:12:47,990 --> 01:12:44,000
he said i've been in the development of

1509
01:12:51,750 --> 01:12:48,000
radar you've got to give me

1510
01:12:54,950 --> 01:12:51,760
quantitative and qualitative data

1511
01:12:58,950 --> 01:12:54,960
and i don't care about people's feelings

1512
01:13:02,550 --> 01:13:01,350
and with the minot case of course we

1513
01:13:06,950 --> 01:13:02,560

have that

1514

01:13:11,510 --> 01:13:06,960
and a number of others and uh

1515

01:13:14,229 --> 01:13:11,520
uh he was he was he was

1516

01:13:16,630 --> 01:13:14,239
i think he was wrong to say well we

1517

01:13:18,870 --> 01:13:16,640
should just go ahead and

1518

01:13:19,669 --> 01:13:18,880
brush all this stuff aside instead of

1519

01:13:22,709 --> 01:13:19,679
what we

1520

01:13:25,990 --> 01:13:22,719
to say we need more and better data

1521

01:13:30,950 --> 01:13:26,000
on ufos not we need to

1522

01:13:35,990 --> 01:13:33,910
right right dave do you mind hanging out

1523

01:13:37,910 --> 01:13:36,000
with us or do you have things to do

1524

01:13:39,110 --> 01:13:37,920
no i've got a few minutes if you want me

1525

01:13:41,830 --> 01:13:39,120
to hang on

1526

01:13:43,510 --> 01:13:41,840

yeah yeah um uh jan i'm just gonna keep

1527

01:13:45,110 --> 01:13:43,520

uh dave on for a few minutes but

1528

01:13:47,189 --> 01:13:45,120

while you're here dave i have to ask you

1529

01:13:47,590 --> 01:13:47,199

this question um because i know a lot of

1530

01:13:49,669 --> 01:13:47,600

people

1531

01:13:50,790 --> 01:13:49,679

visit you and want to look at your uh

1532

01:13:52,390 --> 01:13:50,800

your files and stuff

1533

01:13:55,189 --> 01:13:52,400

what's the number one thing people want

1534

01:13:57,910 --> 01:13:55,199

to see when they when they come there

1535

01:13:58,310 --> 01:13:57,920

as well it varies considerably and and

1536

01:14:00,390 --> 01:13:58,320

that's

1537

01:14:01,830 --> 01:14:00,400

uh i was just mentioning to someone the

1538

01:14:04,390 --> 01:14:01,840

other day on the phone that uh

1539

01:14:05,110 --> 01:14:04,400

whenever i acquire material regardless

1540

01:14:07,189 --> 01:14:05,120

of my

1541

01:14:10,229 --> 01:14:07,199

like or dislike of it for example let's

1542

01:14:13,270 --> 01:14:10,239

say like 50s contact d material

1543

01:14:15,590 --> 01:14:13,280

i collect it because i don't know

1544

01:14:17,110 --> 01:14:15,600

to your question what someone's going to

1545

01:14:17,830 --> 01:14:17,120

be interested in researching when they

1546

01:14:19,350 --> 01:14:17,840

come here

1547

01:14:21,270 --> 01:14:19,360

uh now certainly they'll contact me

1548

01:14:23,030 --> 01:14:21,280

ahead of time and say i'm working on

1549

01:14:24,149 --> 01:14:23,040

this do you have anything yes you know

1550

01:14:27,030 --> 01:14:24,159

come on by

1551

01:14:27,990 --> 01:14:27,040

but i i will tell you it's it's usually

1552

01:14:30,070 --> 01:14:28,000

what they come away with

1553

01:14:31,590 --> 01:14:30,080

is not what they came here to look for

1554

01:14:34,950 --> 01:14:31,600

because when they walk through the door

1555

01:14:37,750 --> 01:14:34,960

and they see the volume of material it's

1556

01:14:39,189 --> 01:14:37,760

a deer in the headlights and inevitably

1557

01:14:40,870 --> 01:14:39,199

they get distracted they think that they

1558

01:14:42,709 --> 01:14:40,880

want to look at this over here

1559

01:14:44,630 --> 01:14:42,719

but then this file cabinet or this

1560

01:14:46,709 --> 01:14:44,640

collection of case files totally

1561

01:14:47,910 --> 01:14:46,719

captivates them and they wind up taking

1562

01:14:49,270 --> 01:14:47,920

their entire weekend

1563

01:14:51,750 --> 01:14:49,280

going through all that and they didn't

1564

01:14:53,030 --> 01:14:51,760

even touch on this and inevitably people

1565

01:14:53,750 --> 01:14:53,040

say well i'm going to have to schedule

1566

01:14:55,189 --> 01:14:53,760

another visit

1567

01:14:56,790 --> 01:14:55,199

in fact i've got a researcher from

1568

01:14:58,470 --> 01:14:56,800

colorado we're waiting for kova to get

1569

01:14:59,189 --> 01:14:58,480

behind us and he plans on making another

1570

01:15:01,430 --> 01:14:59,199

trip

1571

01:15:02,310 --> 01:15:01,440

i also have i will mention this uh just

1572

01:15:05,430 --> 01:15:02,320

to give you an idea

1573

01:15:06,709 --> 01:15:05,440

the variety of requests uh right when

1574

01:15:09,030 --> 01:15:06,719

cobit hit

1575

01:15:11,189 --> 01:15:09,040

right around march i was contacted by a

1576

01:15:12,709 --> 01:15:11,199

phd researcher out of california

1577

01:15:15,030 --> 01:15:12,719

and i think i told jan this the other

1578

01:15:17,270 --> 01:15:15,040

day um he is interested

1579

01:15:19,590 --> 01:15:17,280

in any type of material pertaining to

1580

01:15:22,709 --> 01:15:19,600

scientists in the 1950s

1581

01:15:25,430 --> 01:15:22,719

that were researching ufos and

1582

01:15:26,950 --> 01:15:25,440

i responded by saying well you would be

1583

01:15:28,550 --> 01:15:26,960

interested in seeing the dr leon

1584

01:15:30,310 --> 01:15:28,560

davidson material i said i have his

1585

01:15:32,550 --> 01:15:30,320

correspondence collection

1586

01:15:34,310 --> 01:15:32,560

and his voice went up several octaves he

1587

01:15:36,390 --> 01:15:34,320

goes what he goes you're kidding me

1588

01:15:38,310 --> 01:15:36,400

he goes well he goes you know that

1589

01:15:39,669 --> 01:15:38,320

columbia university has his collection

1590

01:15:41,110 --> 01:15:39,679

in new york i said yeah

1591

01:15:43,590 --> 01:15:41,120

i said that they have their holdings

1592

01:15:45,189 --> 01:15:43,600

listed online he goes well he goes

1593

01:15:46,709 --> 01:15:45,199

i contacted them and he goes to my

1594

01:15:48,390 --> 01:15:46,719

surprise they didn't have any of his

1595

01:15:49,910 --> 01:15:48,400

correspondence i said no they have the

1596

01:15:51,990 --> 01:15:49,920

books the journals and things of that

1597

01:15:53,750 --> 01:15:52,000

nature which i already have here

1598

01:15:55,510 --> 01:15:53,760

i said but i was contacted through a

1599

01:15:57,830 --> 01:15:55,520

friend of a friend about two

1600

01:15:58,709 --> 01:15:57,840

and two and a half years ago now i guess

1601
01:16:00,550 --> 01:15:58,719
and

1602
01:16:01,990 --> 01:16:00,560
a self-proclaimed dumpster diver out of

1603
01:16:03,990 --> 01:16:02,000
new york was

1604
01:16:05,750 --> 01:16:04,000
pulling this historic material out of a

1605
01:16:06,950 --> 01:16:05,760
trash dumpster because the family was

1606
01:16:08,790 --> 01:16:06,960
throwing it away

1607
01:16:10,229 --> 01:16:08,800
and jan had the opportunity jan was out

1608
01:16:11,510 --> 01:16:10,239
here about a year and a half ago and he

1609
01:16:12,470 --> 01:16:11,520
had a chance to go through some of that

1610
01:16:14,550 --> 01:16:12,480
material

1611
01:16:16,390 --> 01:16:14,560
but we have correspondence with kenneth

1612
01:16:18,830 --> 01:16:16,400
arnold we have correspondents with a lot

1613
01:16:20,630 --> 01:16:18,840

of the early ufo researchers from the

1614

01:16:22,470 --> 01:16:20,640

1950s there's even

1615

01:16:24,790 --> 01:16:22,480

signed letters from j edgar hoover and

1616

01:16:27,750 --> 01:16:24,800

lyndon johnson when he was a senator

1617

01:16:29,270 --> 01:16:27,760

on a senate subcommittee and lots of

1618

01:16:31,510 --> 01:16:29,280

foreign correspondents so

1619

01:16:32,630 --> 01:16:31,520

this researcher he was just completely

1620

01:16:34,229 --> 01:16:32,640

blown away he goes

1621

01:16:36,390 --> 01:16:34,239

that's exactly what i was looking for

1622

01:16:37,990 --> 01:16:36,400

was his original correspondence i said

1623

01:16:39,430 --> 01:16:38,000

well it's here and so we're waiting for

1624

01:16:41,430 --> 01:16:39,440

kova to finish up and he'll probably be

1625

01:16:44,790 --> 01:16:41,440

one of the first researchers out here

1626

01:16:46,709 --> 01:16:44,800

but i never know what subject matter

1627

01:16:48,070 --> 01:16:46,719

they're looking for or what their thesis

1628

01:16:51,030 --> 01:16:48,080

is you know are they are they here

1629

01:16:52,870 --> 01:16:51,040

to poo poo the ufo subject or are they

1630

01:16:54,709 --> 01:16:52,880

here as a ufo proponent because they

1631

01:16:56,709 --> 01:16:54,719

believe in the reality of it

1632

01:16:58,229 --> 01:16:56,719

and uh again i think i'd mention this to

1633

01:16:59,910 --> 01:16:58,239

jan the other day or one of the other

1634

01:17:02,630 --> 01:16:59,920

researchers i was talking to

1635

01:17:04,310 --> 01:17:02,640

i view this collection as a true library

1636

01:17:05,669 --> 01:17:04,320

when you go into a library martin they

1637

01:17:07,189 --> 01:17:05,679

don't ask you well why do you want that

1638

01:17:07,750 --> 01:17:07,199

information in world war ii are you a

1639

01:17:10,470 --> 01:17:07,760

nazi

1640

01:17:11,189 --> 01:17:10,480

sympathizer or are you an anti-holocaust

1641

01:17:12,709 --> 01:17:11,199

person

1642

01:17:14,470 --> 01:17:12,719

they don't ask you those questions it's

1643

01:17:16,870 --> 01:17:14,480

like you're interested in world war ii

1644

01:17:18,470 --> 01:17:16,880

here's our holdings and even if a

1645

01:17:19,669 --> 01:17:18,480

skeptic wanted to contact me and go

1646

01:17:22,310 --> 01:17:19,679

through my material

1647

01:17:23,110 --> 01:17:22,320

i i would i would respect that i'm not

1648

01:17:26,390 --> 01:17:23,120

here

1649

01:17:28,470 --> 01:17:26,400

to censor any researcher regardless of

1650

01:17:30,470 --> 01:17:28,480

their their take on the subject matter

1651

01:17:31,910 --> 01:17:30,480

it's just simply providing the material

1652

01:17:33,030 --> 01:17:31,920

to those that are interested in looking

1653

01:17:35,430 --> 01:17:33,040

at it

1654

01:17:37,030 --> 01:17:35,440

well i wonder if you could put a number

1655

01:17:41,669 --> 01:17:37,040

on the hours you have

1656

01:17:43,270 --> 01:17:41,679

on organizing alone oh well god well

1657

01:17:44,709 --> 01:17:43,280

i've done a lot let's just say that much

1658

01:17:46,070 --> 01:17:44,719

but i'll let jan speak to that because i

1659

01:17:47,430 --> 01:17:46,080

think jan was not only impressed with

1660

01:17:48,310 --> 01:17:47,440

the amount of material even though it

1661

01:17:50,310 --> 01:17:48,320

doesn't even come

1662

01:17:53,350 --> 01:17:50,320

come close to what he has but i think

1663

01:17:55,030 --> 01:17:53,360

jan appreciated my sense of organization

1664

01:17:56,870 --> 01:17:55,040

well he mentioned earlier that he has

1665

01:17:57,350 --> 01:17:56,880

stuff all over his desk and all over the

1666

01:17:59,430 --> 01:17:57,360

place

1667

01:18:00,790 --> 01:17:59,440

but i but you know what i bet he knows

1668

01:18:02,709 --> 01:18:00,800

where everything is

1669

01:18:06,149 --> 01:18:02,719

well i always say when it comes to ufos

1670

01:18:09,990 --> 01:18:08,709

uh dave thank you so much i'm so glad

1671

01:18:11,750 --> 01:18:10,000

you were able to join us

1672

01:18:13,590 --> 01:18:11,760

absolutely it's great and i'm glad you

1673

01:18:15,669 --> 01:18:13,600

have jan on tonight because he's really

1674

01:18:16,390 --> 01:18:15,679

one of the unsung heroes in ufology

1675

01:18:19,110 --> 01:18:16,400

there's

1676

01:18:21,030 --> 01:18:19,120

a lot of uh loud voices out there in the

1677

01:18:22,390 --> 01:18:21,040

field but uh when it comes to the

1678

01:18:25,030 --> 01:18:22,400

quality the history

1679

01:18:27,110 --> 01:18:25,040

the lineage and uh you know the

1680

01:18:28,950 --> 01:18:27,120

tradition that he's created i mean jan

1681

01:18:31,350 --> 01:18:28,960

jan was a role model role model for

1682

01:18:32,950 --> 01:18:31,360

myself in looking at the history and

1683

01:18:34,550 --> 01:18:32,960

i'm learning a lot from him you know as

1684

01:18:35,990 --> 01:18:34,560

we continue to collaborate and

1685

01:18:38,149 --> 01:18:36,000

hopefully we'll continue to collaborate

1686

01:18:39,750 --> 01:18:38,159

as we look into 2021

1687

01:18:41,189 --> 01:18:39,760

just one more question dave before you

1688

01:18:44,310 --> 01:18:41,199

go um

1689

01:18:47,910 --> 01:18:44,320

do you see anyone coming up that

1690

01:18:50,870 --> 01:18:47,920

um may have a similar

1691

01:18:51,430 --> 01:18:50,880

you know uh energy to do what you're

1692

01:18:54,470 --> 01:18:51,440

doing

1693

01:18:57,750 --> 01:18:54,480

is there anyone else coming in the field

1694

01:19:00,070 --> 01:18:57,760

you and jan what you're both doing

1695

01:19:01,510 --> 01:19:00,080

i don't know of anyone younger than me

1696

01:19:03,030 --> 01:19:01,520

and more people are younger

1697

01:19:05,270 --> 01:19:03,040

than me than older than me as i get

1698

01:19:07,830 --> 01:19:05,280

older

1699

01:19:08,790 --> 01:19:07,840

i think we can all say that i i don't

1700

01:19:11,030 --> 01:19:08,800

see anyone

1701

01:19:11,990 --> 01:19:11,040

doing it with the let's say the level of

1702

01:19:13,510 --> 01:19:12,000

commitment

1703

01:19:16,070 --> 01:19:13,520

uh certainly there are people out there

1704

01:19:18,070 --> 01:19:16,080

that are researching i i don't know if

1705

01:19:18,550 --> 01:19:18,080

it's to the degree that that i'm doing

1706

01:19:20,470 --> 01:19:18,560

it

1707

01:19:22,149 --> 01:19:20,480

and i would say i'm certainly not doing

1708

01:19:23,350 --> 01:19:22,159

it to the degree that jan has over the

1709

01:19:25,350 --> 01:19:23,360

years i mean he

1710

01:19:27,590 --> 01:19:25,360

has been like a pit bull when it comes

1711

01:19:29,430 --> 01:19:27,600

to gathering this information

1712

01:19:31,350 --> 01:19:29,440

and piecing together the history of

1713

01:19:33,669 --> 01:19:31,360

ufology

1714

01:19:35,030 --> 01:19:33,679

wow amazing well i sure hope to make it

1715

01:19:37,270 --> 01:19:35,040

out there someday

1716

01:19:38,310 --> 01:19:37,280

it'd be uh great to see you and actually

1717

01:19:39,669 --> 01:19:38,320

to see everything

1718

01:19:41,910 --> 01:19:39,679

but you know how i am about like

1719

01:19:43,510 --> 01:19:41,920

antiques and art and vintage and oh boy

1720

01:19:45,350 --> 01:19:43,520

i'm going to have trouble leaving well

1721

01:19:47,350 --> 01:19:45,360

are you filtering charles the other day

1722

01:19:49,430 --> 01:19:47,360

i told you we had a conversation

1723

01:19:51,030 --> 01:19:49,440

yeah we're conspiring to get you out

1724

01:19:53,990 --> 01:19:51,040

here one way or the other

1725

01:19:55,189 --> 01:19:54,000

well i hope it happens all right dave

1726

01:19:59,110 --> 01:19:55,199

will you take care

1727

01:20:01,430 --> 01:19:59,120

absolutely thank you all right bye now

1728

01:20:02,550 --> 01:20:01,440

uh uh jan that was great to have him in

1729

01:20:04,709 --> 01:20:02,560

here um

1730

01:20:06,870 --> 01:20:04,719

and i'm glad you are working with uh

1731

01:20:10,950 --> 01:20:06,880

dave wonderful person

1732

01:20:14,470 --> 01:20:10,960

um when we left know that uh

1733

01:20:19,030 --> 01:20:17,590

okay i hope he's still listening and he

1734

01:20:21,830 --> 01:20:19,040

heard that

1735

01:20:22,310 --> 01:20:21,840

i think when we went when we went into

1736

01:20:24,390 --> 01:20:22,320

break

1737

01:20:26,229 --> 01:20:24,400

um you were you were i think you i

1738

01:20:28,310 --> 01:20:26,239

believe you said

1739

01:20:29,830 --> 01:20:28,320

something along the lines that the

1740

01:20:32,310 --> 01:20:29,840

germans had no idea

1741

01:20:36,229 --> 01:20:32,320

what these were is that what you said or

1742

01:20:45,510 --> 01:20:39,910

omar had talked to german scientists

1743

01:20:49,510 --> 01:20:48,149

uh all kinds of people and uh of course

1744

01:20:53,750 --> 01:20:49,520

there's the big thing about

1745

01:20:56,950 --> 01:20:53,760

uh you know nazi

1746

01:20:57,270 --> 01:20:56,960

super science and everything uh general

1747

01:21:00,950 --> 01:20:57,280

putt

1748

01:21:06,790 --> 01:21:00,960

who was uh top intelligence

1749

01:21:12,070 --> 01:21:10,149

to the uh colonel mccoey out there at the

1750

01:21:15,430 --> 01:21:12,080

right field and he said

1751

01:21:15,669 --> 01:21:15,440

listen these guys were 10 years ahead of

1752

01:21:18,870 --> 01:21:15,679

us

1753

01:21:20,470 --> 01:21:18,880

on paper but no

1754

01:21:22,550 --> 01:21:20,480

they weren't they were they weren't they

1755

01:21:25,350 --> 01:21:22,560

weren't supermen and and

1756

01:21:27,110 --> 01:21:25,360

they had managed to drive all the uh

1757

01:21:31,189 --> 01:21:27,120

scientists

1758

01:21:35,750 --> 01:21:31,199

away i mean physics was considered a

1759

01:21:38,709 --> 01:21:35,760

jewish science and uh

1760

01:21:39,270 --> 01:21:38,719

it it amazes me that people are saying

1761

01:21:42,950 --> 01:21:39,280

well

1762

01:21:46,870 --> 01:21:42,960

these guys were so smart and they

1763

01:21:49,910 --> 01:21:46,880

they they made they actually

1764

01:21:52,310 --> 01:21:49,920

contacted ufo beings

1765

01:21:53,030 --> 01:21:52,320

and they had special all kinds of

1766

01:21:57,910 --> 01:21:53,040

special

1767

01:22:01,750 --> 01:21:57,920

stuff that they did quite frankly

1768

01:22:06,310 --> 01:22:01,760

it's it's just a romanticized thing

1769

01:22:06,320 --> 01:22:09,910

make the nazis uh

1770

01:22:13,669 --> 01:22:12,070

into some kind of heroes or things like

1771

01:22:14,310 --> 01:22:13,679

that there's still people that think

1772

01:22:18,229 --> 01:22:14,320

that

1773

01:22:20,550 --> 01:22:18,239

wonderful people

1774

01:22:24,470 --> 01:22:20,560

the guys that go around carrying nazi

1775

01:22:26,709 --> 01:22:24,480

flags at the demonstrations and stuff

1776

01:22:29,350 --> 01:22:26,719

but there's there's plenty of people

1777

01:22:30,550 --> 01:22:29,360

that seem to think the nazi myth in

1778

01:22:33,590 --> 01:22:30,560

ufology is

1779

01:22:35,910 --> 01:22:33,600

true um

1780

01:22:37,990 --> 01:22:35,920

they were they if you go to right field

1781

01:22:41,669 --> 01:22:38,000

you can see

1782

01:22:42,149 --> 01:22:41,679

a lot of the aircraft that were brought

1783

01:22:45,830 --> 01:22:42,159

back

1784

01:22:52,870 --> 01:22:49,030

by colonel

1785

01:22:57,990 --> 01:22:52,880

seashore yeah uh it was called project

1786

01:23:06,310 --> 01:23:01,830

seahorse seahorse colonel seashore

1787

01:23:09,430 --> 01:23:06,320

was the guy that organized um

1788

01:23:10,470 --> 01:23:09,440

uh all the aircraft that had been picked

1789

01:23:15,910 --> 01:23:10,480

up in germany

1790

01:23:19,990 --> 01:23:15,920

by uh uh colonel later general uh

1791

01:23:23,350 --> 01:23:20,000

uh harold watson uh watson's wizards

1792

01:23:26,310 --> 01:23:23,360

they were flying aircraft that you know

1793

01:23:28,229 --> 01:23:26,320

probably weren't airworthy and they flew

1794

01:23:31,030 --> 01:23:28,239

you know as they captured them they flew

1795

01:23:32,390 --> 01:23:31,040

into into france and finally to

1796

01:23:34,070 --> 01:23:32,400

marseilles and

1797

01:23:35,590 --> 01:23:34,080

they're put on a british aircraft

1798

01:23:36,310 --> 01:23:35,600

carrier and taken back to the united

1799

01:23:40,310 --> 01:23:36,320

states

1800

01:23:42,070 --> 01:23:40,320

a lot of them are at uh right field if

1801
01:23:42,470 --> 01:23:42,080
you go to a museum there you can see

1802
01:23:47,590 --> 01:23:42,480
them

1803
01:23:50,790 --> 01:23:50,390
but they weren't they were they they

1804
01:23:55,830 --> 01:23:50,800
were

1805
01:24:00,830 --> 01:23:55,840
necessarily further ahead

1806
01:24:07,030 --> 01:24:03,830
um the russians also had a group of

1807
01:24:13,350 --> 01:24:11,590
grid they were real smart but stalin put

1808
01:24:16,709 --> 01:24:13,360
them all in

1809
01:24:18,629 --> 01:24:16,719
the gulag for years so they lost their

1810
01:24:21,830 --> 01:24:18,639
advantage

1811
01:24:22,470 --> 01:24:21,840
uh so there's uh you know there's things

1812
01:24:25,910 --> 01:24:22,480
like that

1813
01:24:28,950 --> 01:24:25,920

um and i i hate to i hate to

1814

01:24:31,590 --> 01:24:28,960

get into the the nazi uh

1815

01:24:32,070 --> 01:24:31,600

is very popular in ufology the nazi myth

1816

01:24:35,030 --> 01:24:32,080

that they

1817

01:24:37,300 --> 01:24:35,040

somehow had some kind of secret base in

1818

01:24:39,510 --> 01:24:37,310

antarctica

1819

01:24:42,830 --> 01:24:39,520

[Music]

1820

01:24:45,189 --> 01:24:42,840

it's glorification of uh really bad

1821

01:24:48,870 --> 01:24:45,199

people

1822

01:24:55,189 --> 01:24:52,310

right yeah um and and i think in the

1823

01:24:58,629 --> 01:24:55,199

recent years someone's saying now russia

1824

01:25:01,750 --> 01:24:58,639

has a base up there too uh

1825

01:25:03,350 --> 01:25:01,760

i don't know it's crazy but yeah there's

1826

01:25:06,390 --> 01:25:03,360

there is a lot there's

1827

01:25:10,229 --> 01:25:06,400

uh unbelievable

1828

01:25:13,189 --> 01:25:10,239

uh without any proof

1829

01:25:13,830 --> 01:25:13,199

you can't nobody can offer any proof

1830

01:25:16,229 --> 01:25:13,840

that

1831

01:25:17,910 --> 01:25:16,239

any of this happened yeah the russians

1832

01:25:21,669 --> 01:25:17,920

explored antarctica

1833

01:25:26,950 --> 01:25:21,679

in the in the 30s with one ship

1834

01:25:30,709 --> 01:25:26,960

they did not spend a colony down there

1835

01:25:34,229 --> 01:25:30,719

somebody had a game about i think is in

1836

01:25:35,910 --> 01:25:34,239

south america about russian uh excuse me

1837

01:25:41,189 --> 01:25:35,920

nazi uh

1838

01:25:44,390 --> 01:25:41,199

um nazi colonies in antarctica it was

1839

01:25:47,350 --> 01:25:44,400

it was like a game and

1840

01:25:48,070 --> 01:25:47,360

people in the united states they've

1841

01:25:51,110 --> 01:25:48,080

taken this

1842

01:25:52,709 --> 01:25:51,120

stuff seriously it's it's hard to it's

1843

01:25:55,189 --> 01:25:52,719

hard to swallow

1844

01:25:56,629 --> 01:25:55,199

and uh you know i i have a degree in

1845

01:26:00,149 --> 01:25:56,639

history and i

1846

01:26:03,430 --> 01:26:00,159

i spent seven years and well

1847

01:26:07,590 --> 01:26:03,440

almost eight years in europe a good part

1848

01:26:09,830 --> 01:26:07,600

in germany i did talk to people over in

1849

01:26:11,590 --> 01:26:09,840

germany

1850

01:26:14,390 --> 01:26:11,600

no i'm there i have a lot of problem

1851
01:26:16,390 --> 01:26:14,400
with that kind of thing

1852
01:26:17,990 --> 01:26:16,400
yeah um you know i mean there's a lot of

1853
01:26:19,110 --> 01:26:18,000
questions that i'd like to ask you about

1854
01:26:21,430 --> 01:26:19,120
the myths

1855
01:26:23,350 --> 01:26:21,440
that you hear about over the years but

1856
01:26:26,550 --> 01:26:23,360
uh right now we have a

1857
01:26:29,990 --> 01:26:26,560
a question that popped up did anyone see

1858
01:26:32,629 --> 01:26:30,000
any um during world war ii it was just

1859
01:26:35,189 --> 01:26:32,639
the crafts or whatever they were

1860
01:26:37,590 --> 01:26:35,199
themselves they didn't see any like

1861
01:26:42,070 --> 01:26:37,600
beings or anything like that right

1862
01:26:42,470 --> 01:26:42,080
there's let me put it like this there

1863
01:26:47,910 --> 01:26:42,480

are

1864

01:26:50,390 --> 01:26:47,920

after the war

1865

01:26:51,350 --> 01:26:50,400

uh there's one in england i think

1866

01:26:56,149 --> 01:26:51,360

there's one from

1867

01:26:58,950 --> 01:26:56,159

uh new zealand um of of people that

1868

01:27:00,390 --> 01:26:58,960

you know encountered supposed occupants

1869

01:27:06,920 --> 01:27:00,400

from ufos

1870

01:27:06,930 --> 01:27:10,550

[Music]

1871

01:27:15,510 --> 01:27:13,110

if you go into uh some of the eastern

1872

01:27:19,110 --> 01:27:15,520

european literature now

1873

01:27:19,750 --> 01:27:19,120

once the east became free all kinds of

1874

01:27:22,870 --> 01:27:19,760

stories

1875

01:27:26,310 --> 01:27:22,880

came out i've got one here

1876

01:27:29,669 --> 01:27:26,320

is uh ufos over poland

1877

01:27:33,110 --> 01:27:29,679

the land of high strangeness and

1878

01:27:36,629 --> 01:27:33,120

they talk about uh early in the war

1879

01:27:39,830 --> 01:27:36,639

a uh an occupant case

1880

01:27:41,990 --> 01:27:39,840

so yeah these

1881

01:27:43,990 --> 01:27:42,000

we've encountered those now these are

1882

01:27:47,830 --> 01:27:44,000

these are even harder to nail down

1883

01:27:50,390 --> 01:27:47,840

because most of the people that

1884

01:27:53,510 --> 01:27:50,400

sought are dead and you know they were

1885

01:27:56,229 --> 01:27:53,520

under communism for so long

1886

01:27:56,550 --> 01:27:56,239

these almost became legend type things

1887

01:27:59,950 --> 01:27:56,560

that

1888

01:28:01,830 --> 01:27:59,960

got passed around

1889

01:28:04,149 --> 01:28:01,840

[Music]

1890

01:28:05,189 --> 01:28:04,159

couldn't really talk to him talk about

1891

01:28:07,030 --> 01:28:05,199

them but there are

1892

01:28:09,510 --> 01:28:07,040

i mean you know there are cases in the

1893

01:28:12,709 --> 01:28:09,520

u.s too

1894

01:28:15,830 --> 01:28:12,719

uh uh-huh uh gordon moore and

1895

01:28:20,070 --> 01:28:15,840

harold bernault's uh ufos in perspective

1896

01:28:27,990 --> 01:28:24,629

even pre-world war ii occupant cases

1897

01:28:32,629 --> 01:28:28,000

really wow it's like a world war two

1898

01:28:35,189 --> 01:28:32,639

so i mean when i started doing 1947

1899

01:28:37,270 --> 01:28:35,199

project 1947

1900

01:28:38,870 --> 01:28:37,280

people would tell me all the time well

1901

01:28:41,990 --> 01:28:38,880

uh 1947

1902

01:28:45,669 --> 01:28:42,000

that the ufos had a distance that's you

1903

01:28:49,189 --> 01:28:45,679

know just really at the

1904

01:28:53,590 --> 01:28:49,199

outer range of vision i said no

1905

01:28:54,149 --> 01:28:53,600

you're wrong my research shows that

1906

01:28:56,870 --> 01:28:54,159

almost

1907

01:28:59,550 --> 01:28:56,880

everything that is happening today

1908

01:29:03,430 --> 01:28:59,560

happened in 1947.

1909

01:29:04,070 --> 01:29:03,440

electromagnetic cases yep physiological

1910

01:29:07,030 --> 01:29:04,080

cases

1911

01:29:08,229 --> 01:29:07,040

people being affected by being close to

1912

01:29:11,990 --> 01:29:08,239

a ufo

1913

01:29:19,669 --> 01:29:16,629

uh real close approaches of uh aircraft

1914

01:29:22,550 --> 01:29:19,679

so it's not everybody's got this

1915

01:29:22,950 --> 01:29:22,560

idea they already know everything and

1916

01:29:26,550 --> 01:29:22,960

you

1917

01:29:32,870 --> 01:29:30,470

and especially uh ufo history is

1918

01:29:33,830 --> 01:29:32,880

is boring to most people now they don't

1919

01:29:37,750 --> 01:29:33,840

they don't want to read

1920

01:29:39,510 --> 01:29:37,760

root belt it's you know it's pass a

1921

01:29:40,870 --> 01:29:39,520

i i tell them the two books they should

1922

01:29:43,669 --> 01:29:40,880

have because they're real

1923

01:29:46,149 --> 01:29:43,679

cheap is a copy of report on

1924

01:29:49,910 --> 01:29:46,159

unidentified flying objects

1925

01:29:53,110 --> 01:29:49,920

and ufo evidence number one

1926

01:29:59,110 --> 01:29:53,120

because that thing is it's

1927

01:30:04,390 --> 01:30:02,629

over the years it's it's proved to be uh

1928

01:30:06,709 --> 01:30:04,400

a fairly good assessment of what

1929

01:30:07,110 --> 01:30:06,719

happened what was happening in the 50s

1930

01:30:20,870 --> 01:30:07,120

and

1931

01:30:22,149 --> 01:30:20,880

root belts booking paperback for 50

1932

01:30:24,470 --> 01:30:22,159

cents so

1933

01:30:25,590 --> 01:30:24,480

and those are kind of good places to

1934

01:30:30,310 --> 01:30:25,600

start

1935

01:30:32,149 --> 01:30:30,320

and just walk out from there

1936

01:30:34,790 --> 01:30:32,159

yeah you want to know about history you

1937

01:30:38,149 --> 01:30:34,800

have to read something like that

1938

01:30:41,270 --> 01:30:38,159

yeah that's true you had mentioned

1939

01:30:44,550 --> 01:30:41,280

the robertson panel earlier on

1940

01:30:46,950 --> 01:30:44,560

and i know um in your work there's

1941

01:30:49,110 --> 01:30:46,960

some new light on the robertson panel

1942

01:30:52,550 --> 01:30:49,120

can you share that with us

1943

01:30:55,270 --> 01:30:52,560

well one thing everybody's confused

1944

01:31:00,550 --> 01:30:55,280

about what actually the robertson panel

1945

01:31:04,550 --> 01:31:02,390

part of what they signed was a

1946

01:31:07,990 --> 01:31:04,560

recommendation

1947

01:31:10,229 --> 01:31:08,000

that ufos be debunked

1948

01:31:13,189 --> 01:31:10,239

it was not an order it was a

1949

01:31:24,629 --> 01:31:17,830

and it went from the cia

1950

01:31:32,070 --> 01:31:28,830

intelligence agency

1951

01:31:35,750 --> 01:31:32,080

agencies committee

1952

01:31:39,350 --> 01:31:35,760

the iac it went from there to

1953

01:31:40,550 --> 01:31:39,360

department of defense and then it went

1954

01:31:44,149 --> 01:31:40,560

to the air force now

1955

01:31:46,709 --> 01:31:44,159

each level that

1956

01:31:47,990 --> 01:31:46,719

uh transmitted the recommendations from

1957

01:31:51,030 --> 01:31:48,000

the robertson panel

1958

01:31:54,390 --> 01:31:51,040

said the next

1959

01:31:56,870 --> 01:31:54,400

organization that they sent it to

1960

01:31:58,870 --> 01:31:56,880

these may be this may be of interest to

1961

01:32:02,149 --> 01:31:58,880

you in other words they did not say

1962

01:32:04,870 --> 01:32:02,159

you will do this they said

1963

01:32:06,950 --> 01:32:04,880

this may be of interest to you it got to

1964

01:32:07,510 --> 01:32:06,960

general stanford in the air force who

1965

01:32:10,790 --> 01:32:07,520

was head of

1966

01:32:12,149 --> 01:32:10,800

intelligence for the air force and he's

1967

01:32:15,430 --> 01:32:12,159

the one

1968

01:32:18,149 --> 01:32:15,440

he says he said in one of his memos

1969

01:32:20,470 --> 01:32:18,159

to uh general garland come and see me we

1970

01:32:23,830 --> 01:32:20,480

were going to talk about this report

1971

01:32:24,709 --> 01:32:23,840

he's the one that pretty well it looks

1972

01:32:27,830 --> 01:32:24,719

like

1973

01:32:29,030 --> 01:32:27,840

he's the one that took those

1974

01:32:32,070 --> 01:32:29,040

recommendations

1975

01:32:35,430 --> 01:32:32,080

and ran with them

1976

01:32:37,350 --> 01:32:35,440

so everybody's got this little uh

1977

01:32:38,830 --> 01:32:37,360

historical thing that says oh the

1978

01:32:43,030 --> 01:32:38,840

robertson panel

1979

01:32:46,709 --> 01:32:43,040

demand ordered that this happened no

1980

01:32:51,590 --> 01:32:46,719

no decision was made at air force level

1981

01:32:55,030 --> 01:32:51,600

looks like and

1982

01:32:58,470 --> 01:32:55,040

so it's it once again

1983

01:33:00,550 --> 01:32:58,480

it's you've got to do research

1984

01:33:02,229 --> 01:33:00,560

you've got to do research and find it

1985

01:33:04,950 --> 01:33:02,239

find these things

1986

01:33:06,470 --> 01:33:04,960

it's very nice to say oh this happened

1987

01:33:08,790 --> 01:33:06,480

this is the way it happened it didn't

1988

01:33:11,990 --> 01:33:08,800

happen that way

1989

01:33:15,830 --> 01:33:12,000

um well let me ask you this uh jen

1990

01:33:17,590 --> 01:33:15,840

when today um you know the internet can

1991

01:33:20,470 --> 01:33:17,600

be a double-edged sword

1992

01:33:21,270 --> 01:33:20,480

you might find information that you'd

1993

01:33:23,750 --> 01:33:21,280

never find

1994

01:33:25,510 --> 01:33:23,760

any other way but you might find false

1995

01:33:27,750 --> 01:33:25,520

information too how do you

1996

01:33:31,990 --> 01:33:27,760

like sort through that if you're really

1997

01:33:37,540 --> 01:33:33,750

well some of it i mean you know you just

1998

01:33:39,669 --> 01:33:37,550

have to

1999

01:33:42,950 --> 01:33:39,679

[Music]

2000

01:33:48,229 --> 01:33:42,960

it's hard to sort through this stuff now

2001

01:33:52,550 --> 01:33:51,189

information and put out false

2002

01:33:55,430 --> 01:33:52,560

information and you can

2003

01:33:55,830 --> 01:33:55,440

you you can check that against what we

2004

01:33:59,350 --> 01:33:55,840

know

2005

01:34:04,709 --> 01:33:59,360

for a fact i mean you can go against

2006

01:34:08,550 --> 01:34:04,719

um uh

2007

01:34:12,629 --> 01:34:08,560

uh oh let's but let's talk about one uh

2008

01:34:15,270 --> 01:34:12,639

supposedly uh uh

2009

01:34:16,830 --> 01:34:15,280

if you know about the uh battle of los

2010

01:34:20,470 --> 01:34:16,840

angeles

2011

01:34:23,830 --> 01:34:20,480

yeah yeah okay 1848

2012

01:34:27,189 --> 01:34:23,840

yeah yeah so the uh

2013

01:34:30,229 --> 01:34:27,199

uh the woods had a uh

2014

01:34:32,950 --> 01:34:30,239

had a document that they

2015

01:34:34,149 --> 01:34:32,960

tried to insinuate into the documents

2016

01:34:38,149 --> 01:34:34,159

from the battle of los

2017

01:34:39,669 --> 01:34:38,159

angeles uh timothy cooper supposedly

2018

01:34:43,030 --> 01:34:39,679

supplied him this

2019

01:34:49,030 --> 01:34:47,270

it says that admiral anderson is aware

2020

01:34:50,390 --> 01:34:49,040

supposedly it says well there's some

2021

01:34:54,950 --> 01:34:50,400

kind of

2022

01:34:57,270 --> 01:34:54,960

recovery of a shot down ufo

2023

01:34:58,950 --> 01:34:57,280

and it says that admiral anderson is

2024

01:35:02,070 --> 01:34:58,960

aware of this

2025

01:35:05,830 --> 01:35:02,080

in one of the documents that cooper gave

2026

01:35:12,629 --> 01:35:09,030

problem is if you look at where

2027

01:35:15,109 --> 01:35:12,639

admiral anderson was during the battle

2028

01:35:18,870 --> 01:35:15,119

of los angeles he was nowhere he was

2029

01:35:21,910 --> 01:35:18,880

he was at one time the head of

2030

01:35:24,070 --> 01:35:21,920

office of naval intelligence but at that

2031

01:35:25,910 --> 01:35:24,080

time he was not

2032

01:35:27,189 --> 01:35:25,920

he was in charge of battleships in the

2033

01:35:30,790 --> 01:35:27,199

pacific and he was

2034

01:35:33,669 --> 01:35:30,800

he was working seriously to get

2035

01:35:34,229 --> 01:35:33,679

those battleships that were salvageable

2036

01:35:38,070 --> 01:35:34,239

back

2037

01:35:39,109 --> 01:35:38,080

online he was not working about the

2038

01:35:42,229 --> 01:35:39,119

battle of los

2039

01:35:46,310 --> 01:35:42,239

angeles now how did this mistake be

2040

01:35:49,590 --> 01:35:46,320

made the navy when there's a lot

2041

01:35:53,189 --> 01:35:49,600

of officers that change

2042

01:35:56,629 --> 01:35:53,199

position in a short time

2043

01:35:57,669 --> 01:35:56,639

because that's what happened after pearl

2044

01:36:01,189 --> 01:35:57,679

harbor

2045

01:36:02,790 --> 01:36:01,199

a number of officers became head of

2046

01:36:04,790 --> 01:36:02,800

naval intelligence

2047

01:36:07,350 --> 01:36:04,800

for maybe one or two months and then

2048

01:36:10,629 --> 01:36:07,360

they moved on

2049

01:36:12,629 --> 01:36:10,639

so anderson was gone from

2050

01:36:15,030 --> 01:36:12,639

naval intelligence during the battle of

2051
01:36:18,870 --> 01:36:15,040
los angeles

2052
01:36:22,870 --> 01:36:18,880
and the navy said in its history

2053
01:36:26,470 --> 01:36:22,880
the incumbent in 1941

2054
01:36:28,390 --> 01:36:26,480
was admiral anderson

2055
01:36:29,830 --> 01:36:28,400
the problem with that is they didn't

2056
01:36:31,750 --> 01:36:29,840
talk about all the other

2057
01:36:33,189 --> 01:36:31,760
officers that had been head of naval

2058
01:36:36,229 --> 01:36:33,199
intelligence so

2059
01:36:40,070 --> 01:36:36,239
cooper was caught

2060
01:36:43,750 --> 01:36:40,080
making up a fake document saying that

2061
01:36:49,510 --> 01:36:43,760
anderson was head of naval intelligence

2062
01:36:56,149 --> 01:36:51,430
and he was tripped up by the navy and

2063
01:37:03,830 --> 01:37:01,590

so that was that's one way to check

2064

01:37:05,350 --> 01:37:03,840

check check it check it against what you

2065

01:37:08,550 --> 01:37:05,360

know

2066

01:37:12,109 --> 01:37:08,560

now uh gordon cooper said

2067

01:37:17,030 --> 01:37:12,119

he wrote himself into uh

2068

01:37:21,270 --> 01:37:17,040

1957 filming of a ufo at uh

2069

01:37:24,310 --> 01:37:21,280

at uh

2070

01:37:26,629 --> 01:37:24,320

edwards air force base

2071

01:37:27,990 --> 01:37:26,639

well we interviewed the guys that filmed

2072

01:37:34,550 --> 01:37:28,000

the ufo they said

2073

01:37:37,910 --> 01:37:36,550

he didn't take the film and send it to

2074

01:37:40,149 --> 01:37:37,920

the pentagon

2075

01:37:41,910 --> 01:37:40,159

and it was never seen again that didn't

2076
01:37:45,189 --> 01:37:41,920
happen

2077
01:37:49,590 --> 01:37:45,199
so unfortunately gordon cooper

2078
01:37:52,870 --> 01:37:49,600
a hero astronaut

2079
01:37:56,629 --> 01:37:52,880
was the end of his life he he

2080
01:37:59,669 --> 01:37:56,639
he got into these things where

2081
01:38:02,149 --> 01:37:59,679
he would make strange claims and write

2082
01:38:06,149 --> 01:38:02,159
himself into history

2083
01:38:14,870 --> 01:38:09,189
not correct uh cooper

2084
01:38:18,950 --> 01:38:14,880
uh endorsed daniel fry a contactee

2085
01:38:21,990 --> 01:38:18,960
in his book uh leap of faith

2086
01:38:26,070 --> 01:38:22,000
so even though we

2087
01:38:29,109 --> 01:38:26,080
we should honor cooper's service

2088
01:38:31,350 --> 01:38:29,119

at the end of his life he had he

2089

01:38:33,189 --> 01:38:31,360

he had come around to with some strange

2090

01:38:37,350 --> 01:38:33,199

beliefs

2091

01:38:38,950 --> 01:38:37,360

and he's not the only one and there's

2092

01:38:41,910 --> 01:38:38,960

there's people that write themselves

2093

01:38:48,870 --> 01:38:41,920

into situations and

2094

01:38:48,880 --> 01:38:53,830

and it's it's tragic in some cases

2095

01:39:01,510 --> 01:38:57,189

general vanderberg supposedly

2096

01:39:03,830 --> 01:39:01,520

uh uh sent back the uh

2097

01:39:05,030 --> 01:39:03,840

uh estimate of the situation

2098

01:39:07,669 --> 01:39:05,040

[Music]

2099

01:39:08,550 --> 01:39:07,679

uh in 1948 no there's nothing that says

2100

01:39:14,550 --> 01:39:08,560

that

2101

01:39:16,070 --> 01:39:14,560

it's hard to find stuff on the uh

2102

01:39:20,070 --> 01:39:16,080

estimate of the situation

2103

01:39:22,390 --> 01:39:20,080

but you can't say that

2104

01:39:24,149 --> 01:39:22,400

rupell only says that it went up the

2105

01:39:26,790 --> 01:39:24,159

chain of command

2106

01:39:29,030 --> 01:39:26,800

everybody thinks a lot of people in

2107

01:39:30,310 --> 01:39:29,040

ufology think the chain of command at

2108

01:39:34,310 --> 01:39:30,320

that time

2109

01:39:37,350 --> 01:39:34,320

for wright-patterson air force base

2110

01:39:40,870 --> 01:39:37,360

was the intelligence chain

2111

01:39:44,070 --> 01:39:40,880

no it was the uh logistics

2112

01:39:47,350 --> 01:39:44,080

research and development chain

2113

01:39:49,109 --> 01:39:47,360

and since they can't find anything in

2114

01:39:50,229 --> 01:39:49,119

intelligence they're not looking in the

2115

01:39:54,229 --> 01:39:50,239

right place

2116

01:39:57,590 --> 01:39:54,239

they should look for a hints of uh

2117

01:40:01,990 --> 01:39:57,600

where things happen for the uh

2118

01:40:05,270 --> 01:40:02,000

for the uh estimated situation

2119

01:40:06,229 --> 01:40:05,280

in the uh in the logistics research and

2120

01:40:09,990 --> 01:40:06,239

development chain

2121

01:40:14,310 --> 01:40:10,000

of command also uh

2122

01:40:25,430 --> 01:40:17,990

an analysis of uh

2123

01:40:31,750 --> 01:40:29,830

conclusion of the estimated situation

2124

01:40:33,669 --> 01:40:31,760

it's not based on the estimated

2125

01:40:37,030 --> 01:40:33,679

situation it's based on the

2126

01:40:42,470 --> 01:40:37,040

project sign interim report

2127

01:40:45,510 --> 01:40:42,480

of 30 november 1948

2128

01:40:48,950 --> 01:40:45,520

which we do not have we do not have that

2129

01:40:50,550 --> 01:40:48,960

but in the navy analysis he quotes from

2130

01:40:56,470 --> 01:40:50,560

that document

2131

01:41:03,109 --> 01:41:00,149

some information about this

2132

01:41:04,390 --> 01:41:03,119

it's like a detective story now i've

2133

01:41:07,430 --> 01:41:04,400

tried to get

2134

01:41:10,629 --> 01:41:07,440

the november 30th

2135

01:41:13,830 --> 01:41:10,639

1948 sign

2136

01:41:17,030 --> 01:41:13,840

uh interim report from

2137

01:41:17,510 --> 01:41:17,040

the archives and they just blew me off

2138

01:41:20,629 --> 01:41:17,520

saying

2139

01:41:23,189 --> 01:41:20,639

well it's in the project google files no

2140

01:41:29,270 --> 01:41:26,870

the way i i go at researching is i go to

2141

01:41:32,470 --> 01:41:29,280

where the documents are

2142

01:41:35,990 --> 01:41:32,480

i turn them over page by page

2143

01:41:39,189 --> 01:41:36,000

yeah and you find things that you won't

2144

01:41:40,149 --> 01:41:39,199

you don't know what you have no idea

2145

01:41:45,030 --> 01:41:40,159

that it was there

2146

01:41:48,470 --> 01:41:45,040

one of the things i found is the cia was

2147

01:41:54,229 --> 01:41:48,480

um founded in

2148

01:41:56,310 --> 01:41:54,239

uh uh september 1947.

2149

01:41:58,550 --> 01:41:56,320

before that there was a uh what was

2150

01:42:01,350 --> 01:41:58,560

called the central intelligence group

2151
01:42:05,910 --> 01:42:01,360
within the pentagon

2152
01:42:08,470 --> 01:42:05,920
and there was the office of

2153
01:42:11,270 --> 01:42:08,480
director of central intelligence before

2154
01:42:14,470 --> 01:42:11,280
there was a cia

2155
01:42:18,229 --> 01:42:14,480
in other words vanderberg for one was

2156
01:42:23,669 --> 01:42:21,030
uh hillencother was the first head of

2157
01:42:31,669 --> 01:42:28,149
cia now going through some uh

2158
01:42:35,109 --> 01:42:31,679
going through a microfilm from uh

2159
01:42:37,590 --> 01:42:35,119
just general correspondence from

2160
01:42:39,030 --> 01:42:37,600
from the within the air force here's a

2161
01:42:42,470 --> 01:42:39,040
here's a letter from

2162
01:42:46,470 --> 01:42:42,480
hillenkotter and he's writing to

2163
01:42:51,189 --> 01:42:46,480

uh wright-patterson air force base

2164

01:42:54,229 --> 01:42:51,199

and he's saying i i do not intend to

2165

01:42:57,910 --> 01:42:54,239

have a a

2166

01:43:06,310 --> 01:43:01,430

section in the cia

2167

01:43:13,350 --> 01:43:09,990

the assets of

2168

01:43:17,270 --> 01:43:13,360

the air force at wright patterson

2169

01:43:22,870 --> 01:43:17,280

in the navy aviation assets

2170

01:43:26,149 --> 01:43:22,880

at the bureau of aviation

2171

01:43:29,750 --> 01:43:26,159

for the navy in other words he's he's

2172

01:43:34,149 --> 01:43:29,760

he's uh he's

2173

01:43:37,910 --> 01:43:34,159

more or less uh farming out this

2174

01:43:40,229 --> 01:43:37,920

uh this part of his uh intelligence

2175

01:43:42,790 --> 01:43:40,239

thing too

2176
01:43:43,590 --> 01:43:42,800
organizations that already exist now

2177
01:43:46,790 --> 01:43:43,600
that's just

2178
01:43:48,870 --> 01:43:46,800
found just by turning over pages

2179
01:43:50,790 --> 01:43:48,880
and there's no other pages around it

2180
01:43:51,669 --> 01:43:50,800
that actually address this and i'm

2181
01:43:56,709 --> 01:43:51,679
saying

2182
01:44:00,149 --> 01:43:58,229
document that shows us some

2183
01:44:04,390 --> 01:44:00,159
understanding about what's going on at

2184
01:44:08,310 --> 01:44:07,590
right wow i found a lot of documents

2185
01:44:12,390 --> 01:44:08,320
like that

2186
01:44:14,149 --> 01:44:12,400
just turning page after page over

2187
01:44:15,590 --> 01:44:14,159
it must be so great to actually see

2188
01:44:17,590 --> 01:44:15,600

these things firsthand

2189

01:44:19,109 --> 01:44:17,600

uh that would right i've done a lot of

2190

01:44:22,470 --> 01:44:19,119

research myself

2191

01:44:25,350 --> 01:44:22,480

um for i'm an appraiser and and

2192

01:44:25,750 --> 01:44:25,360

have done a lot of work in libraries and

2193

01:44:28,870 --> 01:44:25,760

things

2194

01:44:31,350 --> 01:44:28,880

you know long before the internet and uh

2195

01:44:32,950 --> 01:44:31,360

i it's still i love to actually hold

2196

01:44:33,590 --> 01:44:32,960

something like that in my hand it really

2197

01:44:37,430 --> 01:44:33,600

uh

2198

01:44:40,470 --> 01:44:37,440

there's really nothing like it right

2199

01:44:41,510 --> 01:44:40,480

and it's um it's where you least expect

2200

01:44:43,030 --> 01:44:41,520

it

2201

01:44:44,629 --> 01:44:43,040

where you think you're going to find

2202

01:44:48,310 --> 01:44:44,639

something you find a dry

2203

01:44:51,189 --> 01:44:48,320

dry hole um where you least expect that

2204

01:44:54,790 --> 01:44:51,199

you find something like that

2205

01:44:56,950 --> 01:44:54,800

um now what was your you did some

2206

01:44:58,310 --> 01:44:56,960

really looking into the twining memo

2207

01:45:02,229 --> 01:44:58,320

right

2208

01:45:05,109 --> 01:45:02,239

to have some

2209

01:45:06,870 --> 01:45:05,119

military background that's the problem

2210

01:45:10,070 --> 01:45:06,880

military correspondence is

2211

01:45:11,669 --> 01:45:10,080

uh well first of all there's a reason

2212

01:45:13,350 --> 01:45:11,679

that somebody writes a letter they don't

2213

01:45:13,990 --> 01:45:13,360

just sit down and say okay i'm going to

2214

01:45:17,910 --> 01:45:14,000

write

2215

01:45:24,149 --> 01:45:21,109

uh amc opinion

2216

01:45:25,990 --> 01:45:24,159

of flying discs you don't just sit down

2217

01:45:29,109 --> 01:45:26,000

and do that

2218

01:45:32,070 --> 01:45:29,119

you do it for some reason

2219

01:45:33,270 --> 01:45:32,080

um this is going to be a little

2220

01:45:36,870 --> 01:45:33,280

complicated and

2221

01:45:39,750 --> 01:45:36,880

and long-winded if you need to

2222

01:45:41,030 --> 01:45:39,760

save it for another time yeah we only

2223

01:45:42,790 --> 01:45:41,040

have uh

2224

01:45:44,070 --> 01:45:42,800

let's say we have about seven minutes

2225

01:45:47,990 --> 01:45:44,080

left but um

2226

01:45:49,950 --> 01:45:48,000

i know um the condom committee

2227

01:45:51,669 --> 01:45:49,960

um that's another one that was i think

2228

01:45:54,629 --> 01:45:51,679

1973.

2229

01:45:54,950 --> 01:45:54,639

uh i believe that's when that concluded

2230

01:46:02,629 --> 01:45:54,960

no

2231

01:46:06,790 --> 01:46:02,639

right right yeah

2232

01:46:08,470 --> 01:46:06,800

and i you've uh you made a reference of

2233

01:46:11,350 --> 01:46:08,480

nycap in the condom

2234

01:46:13,750 --> 01:46:11,360

committee condom committee and where how

2235

01:46:17,189 --> 01:46:13,760

is that reference

2236

01:46:19,669 --> 01:46:17,199

well one of the things that uh

2237

01:46:20,790 --> 01:46:19,679

connin was doing he was getting all a

2238

01:46:23,990 --> 01:46:20,800

lot of his

2239

01:46:27,430 --> 01:46:24,000

best stuff from nycap they were

2240

01:46:29,109 --> 01:46:27,440

um they had agreed to a cooperation

2241

01:46:30,790 --> 01:46:29,119

i mean nycap thought this was going to

2242

01:46:34,070 --> 01:46:30,800

be a real

2243

01:46:34,870 --> 01:46:34,080

honest scientific investigation so they

2244

01:46:38,870 --> 01:46:34,880

were sending

2245

01:46:43,990 --> 01:46:38,880

files to condon to look at

2246

01:46:51,270 --> 01:46:48,229

investigative network to let condon know

2247

01:46:53,430 --> 01:46:51,280

early and on about reports that they

2248

01:46:57,510 --> 01:46:53,440

were receiving

2249

01:47:00,790 --> 01:46:57,520

and they've mentioned the

2250

01:47:04,310 --> 01:47:00,800

csi files which is cf csi

2251

01:47:07,750 --> 01:47:04,320

night cap files really

2252

01:47:14,310 --> 01:47:07,760

the content well the air force

2253

01:47:18,229 --> 01:47:16,790

and nightcap cooperated by letting them

2254

01:47:20,310 --> 01:47:18,239

do that they microfilmed

2255

01:47:23,030 --> 01:47:20,320

the library of congress microfilm them

2256

01:47:25,590 --> 01:47:23,040

under an air force contract

2257

01:47:27,109 --> 01:47:25,600

that's uh another thing that most people

2258

01:47:30,550 --> 01:47:27,119

don't know about so

2259

01:47:32,870 --> 01:47:30,560

this is about four microfilms of

2260

01:47:35,189 --> 01:47:32,880

uh sightings that not are not

2261

01:47:36,870 --> 01:47:35,199

necessarily in the file so that's why

2262

01:47:39,750 --> 01:47:36,880

dave was saying well we need to get this

2263

01:47:42,310 --> 01:47:39,760

microfilm uh

2264

01:47:48,149 --> 01:47:42,320

digitized so we can add these to our

2265

01:47:54,790 --> 01:47:51,270

in the middle of the

2266

01:47:58,229 --> 01:47:54,800

counting committee uh

2267

01:48:02,070 --> 01:47:58,239

work that the

2268

01:48:05,109 --> 01:48:02,080

memo was that trick memo was found

2269

01:48:05,910 --> 01:48:05,119

where it says the trick of this is to

2270

01:48:09,990 --> 01:48:05,920

make it look

2271

01:48:12,550 --> 01:48:10,000

like uh us as a group of scientists who

2272

01:48:15,669 --> 01:48:12,560

don't really expect to find anything

2273

01:48:19,750 --> 01:48:15,679

are doing an objective work

2274

01:48:23,430 --> 01:48:19,760

um a lot of people

2275

01:48:24,470 --> 01:48:23,440

seized on that as this whole thing is a

2276

01:48:28,709 --> 01:48:24,480

trick

2277

01:48:35,990 --> 01:48:32,229

they decided to end their cooperation

2278

01:48:37,910 --> 01:48:36,000

with the condon report uh

2279

01:48:39,590 --> 01:48:37,920

even though connor wasn't doing that

2280

01:48:41,910 --> 01:48:39,600

much i mean

2281

01:48:43,430 --> 01:48:41,920

if you look at the number of reports

2282

01:48:47,350 --> 01:48:43,440

that

2283

01:48:50,950 --> 01:48:47,360

uh nycap submitted to condon

2284

01:48:51,910 --> 01:48:50,960

you know when actually when the things

2285

01:48:53,910 --> 01:48:51,920

were going on

2286

01:48:56,310 --> 01:48:53,920

just a few days before they would you

2287

01:49:00,070 --> 01:48:56,320

know submit all these reports

2288

01:49:02,550 --> 01:49:00,080

that they were getting and like uh

2289

01:49:03,430 --> 01:49:02,560

dick hall said at the i think it was the

2290

01:49:06,950 --> 01:49:03,440

76

2291

01:49:07,990 --> 01:49:06,960

mufon meeting he had a he had sketches

2292

01:49:11,350 --> 01:49:08,000

of

2293

01:49:12,470 --> 01:49:11,360

uh ufo reports that they had sent to

2294

01:49:14,310 --> 01:49:12,480

condon they

2295

01:49:16,550 --> 01:49:14,320

they had sent the case to continent but

2296

01:49:18,709 --> 01:49:16,560

he had sketches of reports and these

2297

01:49:22,870 --> 01:49:18,719

look all like craft

2298

01:49:26,629 --> 01:49:22,880

sightings they don't look like you know

2299

01:49:28,390 --> 01:49:26,639

night lights or something seen at a far

2300

01:49:29,669 --> 01:49:28,400

distance they're all things that are

2301

01:49:31,750 --> 01:49:29,679

close

2302

01:49:33,350 --> 01:49:31,760

and he says here's uh here's the picture

2303

01:49:37,189 --> 01:49:33,360

here's the drawings from the

2304

01:49:39,589 --> 01:49:37,199

from these uh witnesses and

2305

01:49:41,109 --> 01:49:39,599

most of them conan didn't even look at

2306

01:49:44,950 --> 01:49:41,119

the county committee didn't even

2307

01:49:46,950 --> 01:49:44,960

look at yeah and they're just uh

2308

01:49:48,070 --> 01:49:46,960

fascinating to look at the sketches and

2309

01:49:51,510 --> 01:49:48,080

say

2310

01:49:54,550 --> 01:49:51,520

jeez what what's the story behind this

2311

01:49:56,470 --> 01:49:54,560

and of course the stories at the in the

2312

01:49:59,350 --> 01:49:56,480

kufos files because they got the

2313

01:50:02,550 --> 01:49:59,360

nightcap files

2314

01:50:05,189 --> 01:50:02,560

uh so wow so

2315

01:50:05,910 --> 01:50:05,199

you know just from what i'm gathering is

2316

01:50:08,390 --> 01:50:05,920

you know there's

2317

01:50:10,149 --> 01:50:08,400

there's more than one side to a lot of

2318

01:50:12,790 --> 01:50:10,159

what's going on here that

2319

01:50:13,350 --> 01:50:12,800

is just not deeply researched by your

2320

01:50:16,629 --> 01:50:13,360

average

2321

01:50:18,709 --> 01:50:16,639

person looking into the topic right

2322

01:50:20,629 --> 01:50:18,719

right the people that i respect are the

2323

01:50:23,990 --> 01:50:20,639

ones that go out and

2324

01:50:26,310 --> 01:50:24,000

try to figure out what happened

2325

01:50:30,310 --> 01:50:26,320

in the field and actually go to where

2326

01:50:32,950 --> 01:50:30,320

the guy saw the sighting and

2327

01:50:34,790 --> 01:50:32,960

get a get a halfway decent interview and

2328

01:50:37,830 --> 01:50:34,800

get him to fill out a report

2329

01:50:41,430 --> 01:50:37,840

for him these are real

2330

01:50:44,070 --> 01:50:41,440

important actions and it may be drudge

2331

01:50:46,149 --> 01:50:44,080

work for a lot of people but

2332

01:50:47,910 --> 01:50:46,159

you have you have to admire the the

2333

01:50:50,830 --> 01:50:47,920

investigators uh the uh

2334

01:50:51,990 --> 01:50:50,840

on the scene investigators that go out

2335

01:50:54,149 --> 01:50:52,000

there

2336

01:50:55,270 --> 01:50:54,159

um oh yeah they're volunteering their

2337

01:50:58,470 --> 01:50:55,280

time and

2338

01:51:01,430 --> 01:50:58,480

yeah and you know trying to look into

2339

01:51:03,030 --> 01:51:01,440

a plausible explanation explanation for

2340

01:51:04,470 --> 01:51:03,040

what happened

2341

01:51:07,030 --> 01:51:04,480

yeah you know they would have landed

2342

01:51:11,430 --> 01:51:07,040

more years about what happened

2343

01:51:14,229 --> 01:51:11,440

but uh after a while after you read some

2344

01:51:17,350 --> 01:51:14,239

of the investigations by these people

2345

01:51:19,830 --> 01:51:17,360

you can you can get a uh

2346

01:51:21,430 --> 01:51:19,840

a feeling for uh actually how they

2347

01:51:23,430 --> 01:51:21,440

approach the subject

2348

01:51:26,070 --> 01:51:23,440

even if they might have funny ideas

2349

01:51:29,109 --> 01:51:26,080

about the subject

2350

01:51:30,709 --> 01:51:29,119

does that bias their investigation and

2351
01:51:32,229 --> 01:51:30,719
that's one of the things i'm interested

2352
01:51:34,070 --> 01:51:32,239
in is

2353
01:51:36,709 --> 01:51:34,080
and i i find a lot of people have

2354
01:51:40,310 --> 01:51:36,719
screwed screwball ideas

2355
01:51:42,950 --> 01:51:40,320
actually do good investigation

2356
01:51:44,950 --> 01:51:42,960
about that i i hate to say it jan but we

2357
01:51:47,589 --> 01:51:44,960
are at the end of our show

2358
01:51:47,990 --> 01:51:47,599
and uh i want to thank you so much and i

2359
01:51:51,709 --> 01:51:48,000
encourage

2360
01:51:54,950 --> 01:51:51,719
everyone to go on check out project

2361
01:51:57,430 --> 01:51:54,960
1947 and uh dot com

2362
01:51:58,790 --> 01:51:57,440
uh so check that out jan thank you so

2363
01:52:00,229 --> 01:51:58,800

much it's been a real honor to have you

2364

01:52:05,669 --> 01:52:00,239

on the show

2365

01:52:08,950 --> 01:52:07,510

all right everyone uh thanks so much for

2366

01:52:11,030 --> 01:52:08,960

listening tonight so

2367

01:52:12,070 --> 01:52:11,040

next week we have james fox he's going

2368

01:52:15,189 --> 01:52:12,080

to be on

2369

01:52:18,149 --> 01:52:15,199

for the first 55 minutes and then

2370

01:52:19,990 --> 01:52:18,159

our blogger and audioblogger the one and

2371

01:52:21,669 --> 01:52:20,000

only charles lear will be covering the

2372

01:52:23,669 --> 01:52:21,679

rest of the show

2373

01:52:30,020 --> 01:52:23,679

thanks so much for watching and remember

2374

01:52:44,600 --> 01:52:30,030

to keep your eyes to the sky
