DAVID MARLER

1
00:00:44,630 --> 00:00:14,770

[Music]

2
00:00:47,990 --> 00:00:45,270

hello

3
00:00:50,229 --> 00:00:48,000

and welcome to the show this evening and

4
00:00:52,310 --> 00:00:50,239

i have to say this is going to be

5
00:00:53,830 --> 00:00:52,320

i would call it a humdinger of a show

6
00:00:55,350 --> 00:00:53,840

that's that seems

7
00:00:57,189 --> 00:00:55,360

fitting it's going to be a great show

8
00:01:00,310 --> 00:00:57,199

tonight my guests

9
00:01:02,950 --> 00:01:00,320

are dr mark roder and david marlar

10
00:01:04,229 --> 00:01:02,960

and we're going to be uh talking about

11
00:01:06,230 --> 00:01:04,239

uh

12
00:01:09,109 --> 00:01:06,240

them working basically with the largest

13
00:01:11,510 --> 00:01:09,119

collection of ufo case files the

14

00:01:13,590 --> 00:01:11,520

jay allen heineck center for the ufo

15

00:01:14,950 --> 00:01:13,600

studies kufos archives

16

00:01:16,710 --> 00:01:14,960

and we're going to be talking about

17

00:01:18,950 --> 00:01:16,720

current events and all that

18

00:01:20,550 --> 00:01:18,960

uh for those of you that can see me on

19

00:01:22,469 --> 00:01:20,560

youtube you can see that i lost my

20

00:01:24,550 --> 00:01:22,479

battle a couple days ago with a

21

00:01:25,830 --> 00:01:24,560

electric razor um you know i was trying

22

00:01:28,070 --> 00:01:25,840

to cut my hair

23

00:01:29,990 --> 00:01:28,080

on the lawn the other day and i couldn't

24

00:01:33,270 --> 00:01:30,000

find all the attachments to my electric

25

00:01:34,630 --> 00:01:33,280

razor and i looked like i had uh

26

00:01:37,510 --> 00:01:34,640

well this is something rodney

27

00:01:41,109 --> 00:01:37,520

dangerfield might say i had more divots

28

00:01:42,789 --> 00:01:41,119

on my head than a beginner's golf course

29

00:01:44,870 --> 00:01:42,799

i guess that's what i'm going to say it

30

00:01:47,749 --> 00:01:44,880

looked really really bad so i just

31

00:01:49,109 --> 00:01:47,759

i just buzzed it and anyway i don't mind

32

00:01:51,590 --> 00:01:49,119

it that much i might keep it

33

00:01:52,870 --> 00:01:51,600

it's low maintenance and i like low

34

00:01:55,190 --> 00:01:52,880

maintenance these days

35

00:01:56,789 --> 00:01:55,200

it's been a crazy week we go here to

36

00:01:59,830 --> 00:01:56,799

escape crazy weeks

37

00:02:01,830 --> 00:01:59,840

so i want to welcome you all a little

38

00:02:02,709 --> 00:02:01,840

extra housekeeping today so please bear

39

00:02:04,950 --> 00:02:02,719

with me

40

00:02:06,310 --> 00:02:04,960

um our blog this week this is the last

41

00:02:08,869 --> 00:02:06,320

in the series of three

42

00:02:09,510 --> 00:02:08,879

it's called injured by the ufo charles

43

00:02:11,670 --> 00:02:09,520

lear

44

00:02:13,830 --> 00:02:11,680

goes into the brazilian cases starting

45

00:02:17,270 --> 00:02:13,840

back in 1977

46

00:02:18,470 --> 00:02:17,280

so check that out on our podcast ufo.com

47

00:02:21,750 --> 00:02:18,480

website

48

00:02:22,550 --> 00:02:21,760

and that's also an audio blog every

49

00:02:25,190 --> 00:02:22,560

single week

50

00:02:26,229 --> 00:02:25,200

so don't forget that i want to give a

51

00:02:29,430 --> 00:02:26,239

shout out to

52

00:02:31,910 --> 00:02:29,440

a great friend of the show um i

53

00:02:34,309 --> 00:02:31,920

first heard from lee lee mcdonald all

54

00:02:35,910 --> 00:02:34,319

the way back in 2012

55

00:02:37,589 --> 00:02:35,920

when he reached out to me he's from

56

00:02:39,430 --> 00:02:37,599

canada

57

00:02:41,270 --> 00:02:39,440

lee's going through a really hard uh

58

00:02:45,110 --> 00:02:41,280

medical time

59

00:02:45,509 --> 00:02:45,120

and we just i just hope he pulls through

60

00:02:48,070 --> 00:02:45,519

okay

61

00:02:49,110 --> 00:02:48,080

and does all right um and you always

62

00:02:50,470 --> 00:02:49,120

knew when lee was

63

00:02:52,390 --> 00:02:50,480

in the chat room because it would be a

64

00:02:53,030 --> 00:02:52,400

lot of those lols you know i mean he

65

00:02:56,550 --> 00:02:53,040

always

66

00:02:58,949 --> 00:02:56,560

funny guy even now

67

00:02:59,830 --> 00:02:58,959

and uh we're pulling for you lee so hang

68

00:03:01,830 --> 00:02:59,840

in there

69

00:03:03,190 --> 00:03:01,840

so if you uh support the show i want to

70

00:03:05,670 --> 00:03:03,200

thank you very much

71

00:03:06,949 --> 00:03:05,680

i couldn't do it without you and if

72

00:03:08,229 --> 00:03:06,959

you'd like to know more about that

73

00:03:11,270 --> 00:03:08,239

that's over at patreon

74

00:03:14,550 --> 00:03:11,280

martin willis podcast ufo the link is on

75

00:03:16,390 --> 00:03:14,560

the website and i think that is going to

76

00:03:18,630 --> 00:03:16,400

do it for now i'm going to bring in my

77

00:03:20,710 --> 00:03:18,640

guests hang on i gotta do a little

78

00:03:24,550 --> 00:03:20,720

navigating here

79

00:03:26,630 --> 00:03:24,560

and welcome everyone hi martin all right

80

00:03:27,990 --> 00:03:26,640

so we got dave marlar he's been on the

81

00:03:30,789 --> 00:03:28,000

show a number of times

82

00:03:31,990 --> 00:03:30,799

and mark rudiger and uh most people know

83

00:03:35,030 --> 00:03:32,000

you dave because you've been on

84

00:03:37,030 --> 00:03:35,040

i don't know maybe 10 times still not

85

00:03:39,350 --> 00:03:37,040

enough though

86

00:03:41,110 --> 00:03:39,360

and uh but mark you've you were on back

87

00:03:44,470 --> 00:03:41,120

in 2015

88

00:03:46,070 --> 00:03:44,480

uh time is flying yeah

89

00:03:47,350 --> 00:03:46,080

yeah if you can give us a little

90

00:03:48,789 --> 00:03:47,360

nutshell about your background if you

91

00:03:51,110 --> 00:03:48,799

would

92

00:03:52,149 --> 00:03:51,120

well i've been involved with the field a

93

00:03:54,229 --> 00:03:52,159

long time i've been

94

00:03:57,270 --> 00:03:54,239

interested in it even longer you know i

95

00:03:59,350 --> 00:03:57,280

i grew up in the 60s and so

96

00:04:00,949 --> 00:03:59,360

i was around when all that ufo

97

00:04:03,030 --> 00:04:00,959

excitement was occurring

98

00:04:04,070 --> 00:04:03,040

with the blue book and the sightings and

99

00:04:06,390 --> 00:04:04,080

the condon

100

00:04:08,070 --> 00:04:06,400

project and you know all of those things

101
00:04:10,949 --> 00:04:08,080
wow and so my interest

102
00:04:12,390 --> 00:04:10,959
of course was piqued by all that uh and

103
00:04:13,509 --> 00:04:12,400
i was very fortunate i grew up near

104
00:04:15,990 --> 00:04:13,519
chicago

105
00:04:16,710 --> 00:04:16,000
so when alan heineck started the center

106
00:04:20,469 --> 00:04:16,720
in uh

107
00:04:22,390 --> 00:04:20,479
late 1973 you know i vowed to myself

108
00:04:24,390 --> 00:04:22,400
that now is the time i've got to get

109
00:04:26,710 --> 00:04:24,400
involved and volunteer

110
00:04:27,909 --> 00:04:26,720
and i was an undergrad at the time in

111
00:04:30,390 --> 00:04:27,919
college

112
00:04:31,830 --> 00:04:30,400
so i did i took a while to convince him

113
00:04:34,550 --> 00:04:31,840

but i got involved

114

00:04:35,510 --> 00:04:34,560

um and it stayed with it you know

115

00:04:37,990 --> 00:04:35,520

through thick and thin

116

00:04:39,990 --> 00:04:38,000

mostly through within um but you know

117

00:04:42,150 --> 00:04:40,000

eventually joined the center board

118

00:04:43,270 --> 00:04:42,160

back in 1980 if you can believe that

119

00:04:47,510 --> 00:04:43,280

long ago

120

00:04:49,590 --> 00:04:47,520

and uh then unfortunately when when alan

121

00:04:50,550 --> 00:04:49,600

moved away and then passed away way too

122

00:04:53,030 --> 00:04:50,560

early

123

00:04:55,270 --> 00:04:53,040

in 1986 you know i was appointed the

124

00:04:58,230 --> 00:04:55,280

scientific director of the center

125

00:04:59,270 --> 00:04:58,240

um and uh no one else wants the job so i

126

00:05:02,550 --> 00:04:59,280

still haven't

127

00:05:04,230 --> 00:05:02,560

after all years how about that i love it

128

00:05:06,469 --> 00:05:04,240

yeah you know there so there's your

129

00:05:08,390 --> 00:05:06,479

quick uh you know recap right

130

00:05:10,310 --> 00:05:08,400

no thank you very much david just real

131

00:05:12,070 --> 00:05:10,320

quick for the first time listener

132

00:05:14,390 --> 00:05:12,080

oh sure uh well i've been actively

133

00:05:15,830 --> 00:05:14,400

involved in ufo research since 1990

134

00:05:18,870 --> 00:05:15,840

started in uh

135

00:05:20,150 --> 00:05:18,880

mufon back in 1990 and was state section

136

00:05:22,390 --> 00:05:20,160

director for illinois

137

00:05:23,990 --> 00:05:22,400

and i mentioned that because that's how

138

00:05:26,390 --> 00:05:24,000

mark and i first met was uh

139

00:05:27,670 --> 00:05:26,400

both being in illinois whose phone is

140

00:05:29,590 --> 00:05:27,680

ringing by the way

141

00:05:31,110 --> 00:05:29,600

yeah it's stopped now i got it stopped

142

00:05:33,350 --> 00:05:31,120

yeah okay there we go go ahead

143

00:05:34,550 --> 00:05:33,360

so uh being illinois state director

144

00:05:36,790 --> 00:05:34,560

that's how mark and i met

145

00:05:38,390 --> 00:05:36,800

uh and started corresponding as illinois

146

00:05:41,189 --> 00:05:38,400

state director for mufon and

147

00:05:42,790 --> 00:05:41,199

and mark representing kufos and so it's

148

00:05:44,150 --> 00:05:42,800

it's hard to believe mark it's been that

149

00:05:45,430 --> 00:05:44,160

many years that we've known each other

150

00:05:47,670 --> 00:05:45,440

already

151

00:05:49,270 --> 00:05:47,680

but that's how we kind of cross paths

152

00:05:50,230 --> 00:05:49,280

essentially and have kept in touch over

153

00:05:52,390 --> 00:05:50,240

the years

154

00:05:54,469 --> 00:05:52,400

and um you know have continued to do a

155

00:05:56,469 --> 00:05:54,479

lot of historical research uh

156

00:05:58,309 --> 00:05:56,479

you mentioned charles lear i just

157

00:05:59,270 --> 00:05:58,319

recently shared some information to

158

00:06:01,830 --> 00:05:59,280

assist with his

159

00:06:02,950 --> 00:06:01,840

burn victim uh uh blog that he's been

160

00:06:04,870 --> 00:06:02,960

working on

161

00:06:06,870 --> 00:06:04,880

and uh really commend him for doing that

162

00:06:08,870 --> 00:06:06,880

research but you know and of course my

163

00:06:10,390 --> 00:06:08,880

book on triangular ufos which is still

164

00:06:12,070 --> 00:06:10,400

rather timely given the recent

165

00:06:14,950 --> 00:06:12,080

announcement of a naval

166

00:06:16,870 --> 00:06:14,960

pilot that purportedly took a photo of a

167

00:06:17,189 --> 00:06:16,880

triangular ufo last year which hopefully

168

00:06:19,110 --> 00:06:17,199

will

169

00:06:21,430 --> 00:06:19,120

eventually be released i would love to

170

00:06:24,070 --> 00:06:21,440

see that coming up out of the ocean

171

00:06:26,150 --> 00:06:24,080

and uh well described and uh from what i

172

00:06:28,469 --> 00:06:26,160

understood i was hearing about this for

173

00:06:30,230 --> 00:06:28,479

several months but the people telling me

174

00:06:32,150 --> 00:06:30,240

you said don't tell anyone

175

00:06:34,070 --> 00:06:32,160

but it's going viral in the defense

176

00:06:36,950 --> 00:06:34,080

department this this picture

177

00:06:38,469 --> 00:06:36,960

you know and uh so i had to you know the

178

00:06:39,590 --> 00:06:38,479

people that told me two people told me

179

00:06:42,309 --> 00:06:39,600

not to tell anyone

180

00:06:42,870 --> 00:06:42,319

so i i had to not say anything about

181

00:06:45,029 --> 00:06:42,880

that

182

00:06:46,629 --> 00:06:45,039

but anyway um i'm gonna play this clip

183

00:06:49,510 --> 00:06:46,639

now this came out today

184

00:06:50,390 --> 00:06:49,520

this is on a npr segment uh called here

185

00:06:54,390 --> 00:06:50,400

and now

186

00:06:57,270 --> 00:06:54,400

uh peter o'don o dowd and allison hagan

187

00:06:58,870 --> 00:06:57,280

um do that uh each week i think there's

188

00:07:02,390 --> 00:06:58,880

these uh interviews

189

00:07:05,110 --> 00:07:02,400

and this is uh seth shawstak

190

00:07:06,790 --> 00:07:05,120

and uh it i heard this on the radio

191

00:07:07,510 --> 00:07:06,800

today and i said oh my god i gotta talk

192

00:07:09,749 --> 00:07:07,520

about this

193

00:07:10,950 --> 00:07:09,759

so this is three minutes and 38 seconds

194

00:07:13,270 --> 00:07:10,960

hang in there here it goes

195

00:07:15,510 --> 00:07:13,280

dig into the details of the big pandemic

196

00:07:16,710 --> 00:07:15,520

relief bill and spending package passed

197

00:07:19,670 --> 00:07:16,720

late last year

198

00:07:22,790 --> 00:07:19,680

and you'll see an unusual demand u.s

199

00:07:24,710 --> 00:07:22,800

intelligence agencies have 180 days to

200

00:07:25,749 --> 00:07:24,720

tell congress what they know about

201
00:07:28,309 --> 00:07:25,759
unidentified

202
00:07:29,510 --> 00:07:28,319
aerial phenomena you and i know them as

203
00:07:31,909 --> 00:07:29,520
ufos

204
00:07:32,550 --> 00:07:31,919
agencies also have to explain how they

205
00:07:35,110 --> 00:07:32,560
analyze

206
00:07:36,870 --> 00:07:35,120
encounters with ufos and if they're a

207
00:07:38,950 --> 00:07:36,880
national security threat

208
00:07:41,350 --> 00:07:38,960
joining us now is seth shostak he's a

209
00:07:44,070 --> 00:07:41,360
senior astronomer at the seti institute

210
00:07:46,070 --> 00:07:44,080
seth welcome thank you very much peter

211
00:07:47,270 --> 00:07:46,080
and a casual observer might hear this

212
00:07:49,430 --> 00:07:47,280
and wonder if it's a joke

213
00:07:51,189 --> 00:07:49,440

but what do you think about this ufo

214

00:07:54,790 --> 00:07:51,199

provision in the new law

215

00:07:56,230 --> 00:07:54,800

well it it's strangely placed of course

216

00:07:58,070 --> 00:07:56,240

in a law that really doesn't

217

00:08:00,710 --> 00:07:58,080

have much to do with any of this but

218

00:08:03,189 --> 00:08:00,720

it's certainly not unprecedented

219

00:08:04,230 --> 00:08:03,199

back in the early 50s and the mid 50s

220

00:08:07,110 --> 00:08:04,240

there was a whole

221

00:08:09,270 --> 00:08:07,120

slew of programs to investigate

222

00:08:12,230 --> 00:08:09,280

unidentified aerial phenomena

223

00:08:12,710 --> 00:08:12,240

so this is nothing new oh in fact in it

224

00:08:14,629 --> 00:08:12,720

just

225

00:08:17,350 --> 00:08:14,639

last year april 2020 the pentagon

226
00:08:18,230 --> 00:08:17,360
declassified three videos taken by navy

227
00:08:21,430 --> 00:08:18,240
pilots

228
00:08:21,830 --> 00:08:21,440
that show unidentified objects flying at

229
00:08:23,990 --> 00:08:21,840
high

230
00:08:24,950 --> 00:08:24,000
speeds near their planes let's listen to

231
00:08:25,990 --> 00:08:24,960
some of the sound from one of those

232
00:08:27,350 --> 00:08:26,000
videos

233
00:08:29,270 --> 00:08:27,360
there's a whole fleet of of what's on

234
00:08:32,389 --> 00:08:29,280
the sa

235
00:08:34,149 --> 00:08:32,399
my gosh they're all going against the

236
00:08:37,430 --> 00:08:34,159
wind the wind's 120 knots

237
00:08:39,750 --> 00:08:37,440
west and we'll

238
00:08:40,949 --> 00:08:39,760

link to those videos here at now.org

239

00:08:43,269 --> 00:08:40,959

they were leaked

240

00:08:44,790 --> 00:08:43,279

the pentagon says they're real what do

241

00:08:47,670 --> 00:08:44,800

you think did those videos

242

00:08:49,110 --> 00:08:47,680

change some minds about ufos well i

243

00:08:51,030 --> 00:08:49,120

don't know whether they've changed

244

00:08:52,949 --> 00:08:51,040

many minds to begin with you know polls

245

00:08:54,470 --> 00:08:52,959

have shown that like one-third of the

246

00:08:56,949 --> 00:08:54,480

american public

247

00:08:58,230 --> 00:08:56,959

already believes that the aliens are you

248

00:09:00,230 --> 00:08:58,240

know visiting earth

249

00:09:02,310 --> 00:09:00,240

so i i don't know that it was a surprise

250

00:09:04,230 --> 00:09:02,320

and these these videos actually weren't

251
00:09:06,389 --> 00:09:04,240
secret videos they just you know let

252
00:09:07,509 --> 00:09:06,399
them lose and you do see some strange

253
00:09:09,590 --> 00:09:07,519
things in them

254
00:09:11,990 --> 00:09:09,600
but that doesn't mean they're alien

255
00:09:14,310 --> 00:09:12,000
craft what do you see in them

256
00:09:15,269 --> 00:09:14,320
well there's one where you see sort of a

257
00:09:17,590 --> 00:09:15,279
what looks like a

258
00:09:19,910 --> 00:09:17,600
i don't know a tic tac and then it kind

259
00:09:22,230 --> 00:09:19,920
of rotates around a little bit now

260
00:09:23,670 --> 00:09:22,240
could it be you know a ufo could it be

261
00:09:26,070 --> 00:09:23,680
aliens who've come to

262
00:09:27,590 --> 00:09:26,080
you know take a look at our planet or

263
00:09:30,389 --> 00:09:27,600

could it be for example

264

00:09:32,470 --> 00:09:30,399

an internal reflection in the cameras

265

00:09:35,110 --> 00:09:32,480

the infrared cameras that were used

266

00:09:35,670 --> 00:09:35,120

on this kind of aircraft it's a hornet

267

00:09:37,030 --> 00:09:35,680

f8

268

00:09:39,350 --> 00:09:37,040

and by the way i think that's an

269

00:09:41,269 --> 00:09:39,360

important point these things were only

270

00:09:42,949 --> 00:09:41,279

seen with cameras on f8s

271

00:09:45,590 --> 00:09:42,959

it's like you know driving through the

272

00:09:47,910 --> 00:09:45,600

pacific northwest and you see bigfoot

273

00:09:49,190 --> 00:09:47,920

but only if you're driving a chevy any

274

00:09:51,110 --> 00:09:49,200

other car won't see it

275

00:09:52,150 --> 00:09:51,120

so you know there's something peculiar

276

00:09:53,350 --> 00:09:52,160

about it right there and there are

277

00:09:54,230 --> 00:09:53,360

plenty of people who think that the

278

00:09:55,590 --> 00:09:54,240

answer is

279

00:09:57,750 --> 00:09:55,600

that what you're seeing are problems

280

00:09:59,350 --> 00:09:57,760

with the cameras well i do appreciate

281

00:10:01,910 --> 00:09:59,360

your skepticism you know there was a

282

00:10:04,630 --> 00:10:01,920

defense department program uh from 2007

283

00:10:06,949 --> 00:10:04,640

to 2012 called the advanced aerospace

284

00:10:08,710 --> 00:10:06,959

threat identification program what do

285

00:10:10,710 --> 00:10:08,720

you think that this upcoming report

286

00:10:11,750 --> 00:10:10,720

from the intelligence agencies might

287

00:10:13,590 --> 00:10:11,760

reveal

288

00:10:15,110 --> 00:10:13,600

i think that the navy's interest or

289

00:10:16,870 --> 00:10:15,120

should i say the government's

290

00:10:18,630 --> 00:10:16,880

interest in this it's not that they're

291

00:10:20,790 --> 00:10:18,640

worried that you know little green guys

292

00:10:21,910 --> 00:10:20,800

have come for a house call i think that

293

00:10:23,910 --> 00:10:21,920

they're more concerned

294

00:10:25,190 --> 00:10:23,920

that there's some sort of military

295

00:10:27,829 --> 00:10:25,200

technology

296

00:10:29,509 --> 00:10:27,839

being deployed by potential enemies

297

00:10:31,670 --> 00:10:29,519

right that's always been the interest in

298

00:10:34,310 --> 00:10:31,680

ufos from the military's point of view

299

00:10:34,870 --> 00:10:34,320

so i see this initiative in the same

300

00:10:37,269 --> 00:10:34,880

light

301

00:10:39,509 --> 00:10:37,279

it's an attempt by the military to sort

302

00:10:41,269 --> 00:10:39,519

of standardize the reporting

303

00:10:43,110 --> 00:10:41,279

do some investigation and see if they

304

00:10:45,269 --> 00:10:43,120

can figure out what these things are

305

00:10:46,389 --> 00:10:45,279

i think if they were really aliens you

306

00:10:49,030 --> 00:10:46,399

know they wouldn't be so

307

00:10:52,069 --> 00:10:49,040

passive and just tease the navy why are

308

00:10:54,150 --> 00:10:52,079

they so interested in our military

309

00:10:55,750 --> 00:10:54,160

seth schustack a senior astronomer at

310

00:10:57,350 --> 00:10:55,760

the seti institute i wish we had more

311

00:10:58,389 --> 00:10:57,360

time but thank you very much for what

312

00:11:01,829 --> 00:10:58,399

you've given us here

313

00:11:04,949 --> 00:11:01,839

my pleasure all right well seth's not

314

00:11:08,069 --> 00:11:04,959

here for us to pick on him

315

00:11:10,069 --> 00:11:08,079

but uh i want to just i just wanted to i

316

00:11:11,590 --> 00:11:10,079

i couldn't believe that he's saying it's

317

00:11:13,030 --> 00:11:11,600

an issue with the camera

318

00:11:14,630 --> 00:11:13,040

and uh i don't know mark what's your

319

00:11:17,110 --> 00:11:14,640

what's your thoughts on this

320

00:11:18,310 --> 00:11:17,120

well it uh it's not an issue with the

321

00:11:20,630 --> 00:11:18,320

camera because of course

322

00:11:21,990 --> 00:11:20,640

not only were the uh pilots seeing it

323

00:11:24,150 --> 00:11:22,000

visually

324

00:11:25,829 --> 00:11:24,160

uh it was also picked up on aegis radar

325

00:11:28,949 --> 00:11:25,839

from uh the ships

326

00:11:30,949 --> 00:11:28,959

so the at times we had three separate

327

00:11:32,230 --> 00:11:30,959

indicators or three separate bits of

328

00:11:34,630 --> 00:11:32,240

data to show

329

00:11:36,230 --> 00:11:34,640

that something real was there uh you

330

00:11:38,870 --> 00:11:36,240

know in the vicinity of the uh

331

00:11:40,069 --> 00:11:38,880

aircraft and the naval ships so of

332

00:11:41,590 --> 00:11:40,079

course it wasn't only

333

00:11:43,269 --> 00:11:41,600

or wasn't caused by an internal

334

00:11:45,670 --> 00:11:43,279

reflection on my camera

335

00:11:46,790 --> 00:11:45,680

um you know the bigger point is that uh

336

00:11:49,190 --> 00:11:46,800

sean stack

337

00:11:50,790 --> 00:11:49,200

um yeah i'll pick on him uh it's just

338

00:11:52,949 --> 00:11:50,800

going to the old skeptics

339

00:11:54,230 --> 00:11:52,959

routine here which is it's all

340

00:11:55,590 --> 00:11:54,240

misperceptions

341

00:11:57,430 --> 00:11:55,600

i mean essentially he's saying it's

342

00:11:59,829 --> 00:11:57,440

misperceptions um

343

00:12:01,590 --> 00:11:59,839

and how long have we heard that you know

344

00:12:03,990 --> 00:12:01,600

rather than taking it seriously and

345

00:12:04,790 --> 00:12:04,000

here's how you take it seriously without

346

00:12:07,110 --> 00:12:04,800

saying that it's

347

00:12:08,470 --> 00:12:07,120

you know aliens you say well you know

348

00:12:10,069 --> 00:12:08,480

this looks like some evidence that

349

00:12:12,389 --> 00:12:10,079

something interesting was observed

350

00:12:14,069 --> 00:12:12,399

and it was seen on radar and it was seen

351

00:12:14,870 --> 00:12:14,079

on visually and all the rest in other

352

00:12:17,590 --> 00:12:14,880

words you should

353

00:12:19,190 --> 00:12:17,600

learn before you start talking and but i

354

00:12:21,670 --> 00:12:19,200

don't really think it's aliens you know

355

00:12:22,230 --> 00:12:21,680

here's reasons x y and z y it's probably

356

00:12:24,470 --> 00:12:22,240

not

357

00:12:25,269 --> 00:12:24,480

but i think the navy should look into it

358

00:12:27,750 --> 00:12:25,279

why not

359

00:12:29,190 --> 00:12:27,760

because maybe it's something from china

360

00:12:30,949 --> 00:12:29,200

maybe it's something from russia

361

00:12:32,230 --> 00:12:30,959

maybe it's something really unknown but

362

00:12:33,990 --> 00:12:32,240

i don't think it's aliens

363

00:12:35,509 --> 00:12:34,000

but there's nothing wrong with it with

364

00:12:38,470 --> 00:12:35,519

looking into it

365

00:12:39,350 --> 00:12:38,480

that's the honest answer to a question

366

00:12:42,230 --> 00:12:39,360

about it

367

00:12:43,990 --> 00:12:42,240

yeah dave what do you think well there's

368

00:12:47,110 --> 00:12:44,000

so many things that we could uh

369

00:12:48,790 --> 00:12:47,120

i would say attack or discuss uh he

370

00:12:51,190 --> 00:12:48,800

first starts off by stating that this

371

00:12:51,990 --> 00:12:51,200

was strangely placed in the intelligence

372

00:12:54,470 --> 00:12:52,000

authorization

373

00:12:55,910 --> 00:12:54,480

act then he goes on to state that i

374

00:12:57,269 --> 00:12:55,920

think the military is looking at this

375

00:12:59,269 --> 00:12:57,279

from a defense standpoint

376

00:13:00,470 --> 00:12:59,279

and yes they are that there's no doubt

377

00:13:02,310 --> 00:13:00,480

about that they've been

378

00:13:03,750 --> 00:13:02,320

uh unequivocal in that statement

379

00:13:05,350 --> 00:13:03,760

whatever these things are

380

00:13:07,350 --> 00:13:05,360

they could be a potential threat and we

381

00:13:10,069 --> 00:13:07,360

need to investigate it

382

00:13:11,829 --> 00:13:10,079

in going with that thought we need to

383

00:13:14,870 --> 00:13:11,839

appropriate funds

384

00:13:16,389 --> 00:13:14,880

for said investigations so

385

00:13:19,269 --> 00:13:16,399

it makes sense that you would see it's

386

00:13:20,550 --> 00:13:19,279

not strangely placed as he alludes to

387

00:13:22,629 --> 00:13:20,560

and the other thing i think we need to

388

00:13:23,829 --> 00:13:22,639

point out these videos have been

389

00:13:26,470 --> 00:13:23,839

properly vetted

390

00:13:28,870 --> 00:13:26,480

by people much more intelligent much

391

00:13:30,230 --> 00:13:28,880

more highly trained than mr shostak who

392

00:13:33,590 --> 00:13:30,240

is an astronomer

393

00:13:36,629 --> 00:13:33,600

he is not an expert on fl advanced flear

394

00:13:38,150 --> 00:13:36,639

camera videography there have been

395

00:13:38,550 --> 00:13:38,160

defense experts that have looked at

396

00:13:41,750 --> 00:13:38,560

these

397

00:13:44,069 --> 00:13:41,760

explanations

398

00:13:45,910 --> 00:13:44,079

yet to mark's point he follows the

399

00:13:46,470 --> 00:13:45,920

typical scripting where he's just going

400

00:13:48,870 --> 00:13:46,480

to say

401
00:13:50,389 --> 00:13:48,880
it's misperception it's it's a internal

402
00:13:52,949 --> 00:13:50,399
reflection of the camera

403
00:13:54,230 --> 00:13:52,959
it's a statement without any merit yes

404
00:13:56,550 --> 00:13:54,240
no yeah

405
00:13:57,350 --> 00:13:56,560
and let me look can i can i make a break

406
00:13:59,910 --> 00:13:57,360
go ahead

407
00:14:01,269 --> 00:13:59,920
yeah here's the broader point and and

408
00:14:03,590 --> 00:14:01,279
this relates to

409
00:14:04,629 --> 00:14:03,600
what seti is doing now and how seti is

410
00:14:07,030 --> 00:14:04,639
evolving

411
00:14:09,110 --> 00:14:07,040
um as probably some of our you know

412
00:14:12,230 --> 00:14:09,120
viewers and listeners know

413
00:14:14,470 --> 00:14:12,240

the seti has broken out of its

414

00:14:16,470 --> 00:14:14,480

um paradigm of only looking and

415

00:14:19,030 --> 00:14:16,480

listening for radio signals

416

00:14:20,470 --> 00:14:19,040

and not only are they looking for light

417

00:14:23,509 --> 00:14:20,480

signals as well

418

00:14:25,430 --> 00:14:23,519

uh optical setting they've even

419

00:14:27,110 --> 00:14:25,440

now are talking about something called

420

00:14:30,150 --> 00:14:27,120

techno signatures

421

00:14:33,350 --> 00:14:30,160

sounds like

422

00:14:34,310 --> 00:14:33,360

it's technical evidence or physical

423

00:14:37,590 --> 00:14:34,320

evidence

424

00:14:39,990 --> 00:14:37,600

of alien civilizations which can be

425

00:14:41,189 --> 00:14:40,000

something called a dyson sphere it can

426

00:14:43,829 --> 00:14:41,199

be other

427

00:14:45,030 --> 00:14:43,839

kinds of giant astronomical sized

428

00:14:47,350 --> 00:14:45,040

engineering by

429

00:14:48,550 --> 00:14:47,360

extraterrestrial civilizations but it

430

00:14:51,430 --> 00:14:48,560

could also be something

431

00:14:53,189 --> 00:14:51,440

much closer to home alien probes

432

00:14:56,230 --> 00:14:53,199

including in the solar system

433

00:14:59,509 --> 00:14:56,240

or including mining on the moon well

434

00:15:02,310 --> 00:14:59,519

and there are bona fide

435

00:15:04,470 --> 00:15:02,320

seti scientists and researchers talking

436

00:15:05,269 --> 00:15:04,480

about those ideas even had a conference

437

00:15:08,790 --> 00:15:05,279

about it

438

00:15:12,150 --> 00:15:08,800

a year or two ago and seth knows that

439

00:15:13,990 --> 00:15:12,160

well why can't this be a possible

440

00:15:16,389 --> 00:15:14,000

you know evidence of something like that

441

00:15:19,430 --> 00:15:16,399

and the answer is of course it could

442

00:15:21,590 --> 00:15:19,440

so for but seth doesn't want to

443

00:15:22,790 --> 00:15:21,600

ever give any credence to the ufo

444

00:15:26,310 --> 00:15:22,800

phenomenon

445

00:15:29,509 --> 00:15:26,320

um and so he therefore won't even

446

00:15:31,749 --> 00:15:29,519

you know allow the opening allow this

447

00:15:33,269 --> 00:15:31,759

this this fluorescence now of ideas in

448

00:15:36,629 --> 00:15:33,279

the seti community

449

00:15:39,269 --> 00:15:36,639

to affect his thinking right you know my

450

00:15:40,389 --> 00:15:39,279

my uh thoughts about that and and you

451
00:15:43,030 --> 00:15:40,399
you both made

452
00:15:43,829 --> 00:15:43,040
excellent points and uh a couple of

453
00:15:45,829 --> 00:15:43,839
things

454
00:15:47,430 --> 00:15:45,839
you know i mean they have to get funding

455
00:15:49,189 --> 00:15:47,440
seti has to get funding

456
00:15:51,350 --> 00:15:49,199
uh they're never going to want to follow

457
00:15:54,310 --> 00:15:51,360
the ufo trail

458
00:15:54,710 --> 00:15:54,320
as far as possibly being visited from

459
00:15:57,110 --> 00:15:54,720
you know

460
00:15:58,470 --> 00:15:57,120
extraterrestrial um and the other the

461
00:16:00,870 --> 00:15:58,480
thing that's sad about

462
00:16:01,509 --> 00:16:00,880
this whole situation in my opinion is

463
00:16:04,629 --> 00:16:01,519

here it is

464

00:16:05,829 --> 00:16:04,639

npr it's listened to by millions and

465

00:16:07,749 --> 00:16:05,839

millions of people that

466

00:16:09,110 --> 00:16:07,759

might have had an interest in what these

467

00:16:10,550 --> 00:16:09,120

videos are about

468

00:16:13,030 --> 00:16:10,560

and now they're going to listen to seth

469

00:16:15,829 --> 00:16:13,040

and go oh well it's nothing no bother

470

00:16:17,509 --> 00:16:15,839

and so so they won't look further into

471

00:16:19,590 --> 00:16:17,519

the topic i think he kind of

472

00:16:20,870 --> 00:16:19,600

killed it for a lot of people that'll

473

00:16:22,550 --> 00:16:20,880

consider him an expert

474

00:16:24,150 --> 00:16:22,560

you know they're talking npr is speaking

475

00:16:26,949 --> 00:16:24,160

to an expert

476
00:16:28,550 --> 00:16:26,959
on this subject and uh so there you go

477
00:16:30,949 --> 00:16:28,560
it's too bad they didn't have

478
00:16:32,710 --> 00:16:30,959
more than one person's view martin

479
00:16:34,949 --> 00:16:32,720
another comment i'd like to make that he

480
00:16:37,030 --> 00:16:34,959
he referenced he stated that there was a

481
00:16:38,710 --> 00:16:37,040
plethora of programs in the 50s to

482
00:16:40,550 --> 00:16:38,720
investigate this and that this is quote

483
00:16:43,749 --> 00:16:40,560
unquote nothing new

484
00:16:46,310 --> 00:16:43,759
well i disagree fundamentally

485
00:16:47,430 --> 00:16:46,320
we have dod officials that have come out

486
00:16:50,150 --> 00:16:47,440
and stated

487
00:16:51,030 --> 00:16:50,160
these uaps whatever they are you fill in

488
00:16:54,230 --> 00:16:51,040

the blank

489

00:16:56,550 --> 00:16:54,240

are real yeah they did not state that in

490

00:16:58,949 --> 00:16:56,560

any of the programs from the 1950s quite

491

00:17:02,230 --> 00:16:58,959

the contrary they were trying to poo poo

492

00:17:03,110 --> 00:17:02,240

downplay manage public perception this

493

00:17:06,789 --> 00:17:03,120

is new

494

00:17:08,390 --> 00:17:06,799

uh you know december 7 december of 2017

495

00:17:10,069 --> 00:17:08,400

when that new york times article came

496

00:17:11,669 --> 00:17:10,079

out and then the subsequent revelations

497

00:17:14,789 --> 00:17:11,679

on the part of the navy

498

00:17:17,669 --> 00:17:14,799

uh this is a new paradigm that we are in

499

00:17:18,150 --> 00:17:17,679

we are in a different era it is not a

500

00:17:23,270 --> 00:17:18,160

question

501
00:17:26,390 --> 00:17:23,280
are they

502
00:17:29,190 --> 00:17:26,400
well what when was that um

503
00:17:29,830 --> 00:17:29,200
that letter published the early 1947

504
00:17:33,110 --> 00:17:29,840
about

505
00:17:37,190 --> 00:17:33,120
these are not fictitious uh

506
00:17:40,230 --> 00:17:37,200
the twenty memo they fall of 47

507
00:17:40,710 --> 00:17:40,240
yeah so that that is almost an admission

508
00:17:42,230 --> 00:17:40,720
that

509
00:17:44,310 --> 00:17:42,240
they think something's going on all the

510
00:17:46,230 --> 00:17:44,320
way back then but so we've gone

511
00:17:48,070 --> 00:17:46,240
in and out of the admissions that

512
00:17:51,029 --> 00:17:48,080
something's going on i guess well yeah

513
00:17:51,430 --> 00:17:51,039

well you know what happened back in 47

514

00:17:55,669 --> 00:17:51,440

was

515

00:17:58,549 --> 00:17:55,679

really a ufo problem

516

00:17:59,029 --> 00:17:58,559

for the military the military what a

517

00:18:01,270 --> 00:17:59,039

shock

518

00:18:02,789 --> 00:18:01,280

took it seriously they looked at the

519

00:18:04,070 --> 00:18:02,799

data and they said

520

00:18:06,230 --> 00:18:04,080

well there's something real here

521

00:18:07,669 --> 00:18:06,240

effectively what what dave just said you

522

00:18:09,029 --> 00:18:07,679

know they look at the videos now and

523

00:18:11,110 --> 00:18:09,039

they say well this is real

524

00:18:12,870 --> 00:18:11,120

the military didn't have videos but they

525

00:18:13,750 --> 00:18:12,880

had good sightings by all kinds of

526

00:18:15,430 --> 00:18:13,760

people including

527

00:18:16,950 --> 00:18:15,440

their pilots and others and they said

528

00:18:18,870 --> 00:18:16,960

well this is real so

529

00:18:20,310 --> 00:18:18,880

twinning wrote his memo you know they

530

00:18:22,549 --> 00:18:20,320

started the first project

531

00:18:24,150 --> 00:18:22,559

sign and of course the pro we know the

532

00:18:25,750 --> 00:18:24,160

project sign group

533

00:18:27,750 --> 00:18:25,760

looked at it another nine months or

534

00:18:29,110 --> 00:18:27,760

after that and said yeah this is really

535

00:18:30,310 --> 00:18:29,120

real so we have to write an estimate of

536

00:18:31,350 --> 00:18:30,320

the situation

537

00:18:33,430 --> 00:18:31,360

you know this says this could be

538

00:18:35,430 --> 00:18:33,440

interplanetary um

539

00:18:36,950 --> 00:18:35,440

only then did things get quashed for

540

00:18:37,750 --> 00:18:36,960

reasons we don't you know need to get

541

00:18:40,070 --> 00:18:37,760

into

542

00:18:41,270 --> 00:18:40,080

but the point is is that yes where they

543

00:18:43,029 --> 00:18:41,280

they not only

544

00:18:44,630 --> 00:18:43,039

had that attitude back then they had it

545

00:18:47,830 --> 00:18:44,640

because they

546

00:18:50,549 --> 00:18:47,840

looked at the data objectively

547

00:18:51,669 --> 00:18:50,559

and that's what they concluded yeah i'm

548

00:18:55,029 --> 00:18:51,679

just going to pop that

549

00:18:56,870 --> 00:18:55,039

uh 20 member memo up um i think i've

550

00:18:59,590 --> 00:18:56,880

loaded the right one

551
00:18:59,909 --> 00:18:59,600
oh you can't quite read it but yeah it's

552
00:19:02,950 --> 00:18:59,919
uh

553
00:19:05,430 --> 00:19:02,960
it is it is an interesting thing so i

554
00:19:06,710 --> 00:19:05,440
would like uh i think we should jump

555
00:19:10,310 --> 00:19:06,720
right in and talk about

556
00:19:13,590 --> 00:19:10,320
how why you're here tonight um

557
00:19:15,510 --> 00:19:13,600
and uh dave you were real excited uh

558
00:19:17,190 --> 00:19:15,520
a few weeks ago and another thing you

559
00:19:21,590 --> 00:19:17,200
know you can trust me because you said

560
00:19:24,950 --> 00:19:21,600
don't tell anyone but uh this was coming

561
00:19:25,510 --> 00:19:24,960
so i'm happy to say that uh and there we

562
00:19:28,470 --> 00:19:25,520
go

563
00:19:30,470 --> 00:19:28,480

i'm happy to say that uh you know this

564

00:19:32,150 --> 00:19:30,480

is the first public discussion that mark

565

00:19:35,590 --> 00:19:32,160

and i have had with regard to

566

00:19:38,630 --> 00:19:35,600

uh uh i think a huge shift or

567

00:19:41,430 --> 00:19:38,640

our uh you know focus on research

568

00:19:43,270 --> 00:19:41,440

and looking at the data you know to

569

00:19:44,390 --> 00:19:43,280

mark's point being objective and looking

570

00:19:46,390 --> 00:19:44,400

at the data

571

00:19:47,750 --> 00:19:46,400

and more specifically preserving that

572

00:19:49,990 --> 00:19:47,760

data um

573

00:19:51,430 --> 00:19:50,000

what you see there in the photo uh

574

00:19:52,789 --> 00:19:51,440

actually i'll let mark i think mark

575

00:19:53,909 --> 00:19:52,799

should have the honor of describing what

576

00:19:56,710 --> 00:19:53,919

we're seeing there

577

00:19:58,789 --> 00:19:56,720

um but uh you know mark's been pivotal

578

00:20:00,070 --> 00:19:58,799

in making this happen but i i really

579

00:20:01,830 --> 00:20:00,080

i think mark should be the one to

580

00:20:02,630 --> 00:20:01,840

describe you know what has taken place

581

00:20:06,149 --> 00:20:02,640

recently

582

00:20:09,270 --> 00:20:06,159

sure yeah go ahead martin yeah

583

00:20:11,909 --> 00:20:09,280

oh yeah so so on the right uh

584

00:20:13,510 --> 00:20:11,919

what you see and uh they uh have only

585

00:20:14,470 --> 00:20:13,520

been seen by a few people over the years

586

00:20:16,470 --> 00:20:14,480

only because

587

00:20:17,590 --> 00:20:16,480

not many people came to the cupos

588

00:20:21,190 --> 00:20:17,600

offices

589

00:20:22,230 --> 00:20:21,200

are the center case file cabinets uh

590

00:20:25,270 --> 00:20:22,240

lined up there i don't know if you can

591

00:20:27,430 --> 00:20:25,280

see all 15 or so dave but

592

00:20:29,909 --> 00:20:27,440

those are the files cabinets that house

593

00:20:30,789 --> 00:20:29,919

our gigantic collection of original ufo

594

00:20:33,430 --> 00:20:30,799

reports

595

00:20:34,070 --> 00:20:33,440

from all possible sources including blue

596

00:20:36,390 --> 00:20:34,080

book

597

00:20:38,710 --> 00:20:36,400

uh material even originals that allen

598

00:20:41,510 --> 00:20:38,720

heineck managed to uh unleash from the

599

00:20:43,270 --> 00:20:41,520

blue book files at wright patterson um

600

00:20:45,270 --> 00:20:43,280

and then cases from nycap because of

601
00:20:47,270 --> 00:20:45,280
course we house the nine cap archives

602
00:20:48,310 --> 00:20:47,280
and and of course our own case files

603
00:20:50,470 --> 00:20:48,320
that we got from

604
00:20:52,710 --> 00:20:50,480
reports that came to the center and

605
00:20:55,350 --> 00:20:52,720
other sources overseas sources

606
00:20:57,350 --> 00:20:55,360
app profiles and on and on and on and

607
00:20:59,830 --> 00:20:57,360
clippings and all that and so

608
00:21:02,230 --> 00:20:59,840
these case files now reside because of

609
00:21:04,549 --> 00:21:02,240
the wonderful services

610
00:21:05,430 --> 00:21:04,559
and offer to host these or reasons we'll

611
00:21:08,070 --> 00:21:05,440
get into

612
00:21:09,029 --> 00:21:08,080
uh in albuquerque at uh dave's research

613
00:21:10,549 --> 00:21:09,039

room

614

00:21:12,310 --> 00:21:10,559

wow dave you're going to have to get a

615

00:21:14,950 --> 00:21:12,320

bigger boat i

616

00:21:15,510 --> 00:21:14,960

i actually used that exact quote after

617

00:21:18,230 --> 00:21:15,520

we

618

00:21:19,350 --> 00:21:18,240

finally had all of these delivered uh to

619

00:21:22,070 --> 00:21:19,360

my surprise though i

620

00:21:23,669 --> 00:21:22,080

i actually as mark will attest in some

621

00:21:25,430 --> 00:21:23,679

of the discussions we had i wasn't sure

622

00:21:27,750 --> 00:21:25,440

if we could even accommodate it

623

00:21:29,510 --> 00:21:27,760

but uh to my surprise uh this is like

624

00:21:30,549 --> 00:21:29,520

the tardis from doctor who it just seems

625

00:21:32,710 --> 00:21:30,559

like you know

626

00:21:34,070 --> 00:21:32,720

it's a dimension that you walk into and

627

00:21:36,630 --> 00:21:34,080

there's just ample space

628

00:21:38,390 --> 00:21:36,640

uh to be afforded for these fires that's

629

00:21:38,960 --> 00:21:38,400

good because the next truck is loading

630

00:21:42,149 --> 00:21:38,970

up now

631

00:21:45,590 --> 00:21:42,159

[Laughter]

632

00:21:47,669 --> 00:21:45,600

hey mark i mean uh dave um

633

00:21:48,870 --> 00:21:47,679

will these actually also go to the

634

00:21:50,950 --> 00:21:48,880

university

635

00:21:52,630 --> 00:21:50,960

well that's to be determined uh to be

636

00:21:55,430 --> 00:21:52,640

clear yeah you know mark

637

00:21:57,270 --> 00:21:55,440

and kufos own the files i'm simply

638

00:21:59,990 --> 00:21:57,280

curating them at this time

639

00:22:01,510 --> 00:22:00,000

and really uh the purpose of that mark

640

00:22:03,430 --> 00:22:01,520

if i can jump to what we're going to

641

00:22:06,870 --> 00:22:03,440

be doing in 2021

642

00:22:08,070 --> 00:22:06,880

the focus is the digitization of all of

643

00:22:11,190 --> 00:22:08,080

these files

644

00:22:13,990 --> 00:22:11,200

for a long term preservation but b

645

00:22:15,750 --> 00:22:14,000

uh wider uh accessibility if you will

646

00:22:17,270 --> 00:22:15,760

and that's to be determined how you know

647

00:22:19,350 --> 00:22:17,280

as far as how that will

648

00:22:20,870 --> 00:22:19,360

uh be hosted how that would take place

649

00:22:22,630 --> 00:22:20,880

but you know as mark has

650

00:22:24,070 --> 00:22:22,640

alluded to many times over the years if

651
00:22:25,350 --> 00:22:24,080
you want to see the files you got to

652
00:22:27,029 --> 00:22:25,360
come to the files

653
00:22:29,350 --> 00:22:27,039
and so the goal is to get these

654
00:22:30,950 --> 00:22:29,360
digitized preserved god forbid if

655
00:22:33,590 --> 00:22:30,960
anything happened to the originals

656
00:22:35,350 --> 00:22:33,600
we still retain the data and then

657
00:22:36,630 --> 00:22:35,360
obviously once it's digital it can be

658
00:22:38,950 --> 00:22:36,640
shared and distributed

659
00:22:39,669 --> 00:22:38,960
and made accessible on a much wider

660
00:22:41,830 --> 00:22:39,679
scale

661
00:22:43,350 --> 00:22:41,840
essentially worldwide depending on how

662
00:22:45,990 --> 00:22:43,360
we would host the data

663
00:22:46,950 --> 00:22:46,000

um but that's that's that's the goal in

664

00:22:49,190 --> 00:22:46,960

a nutshell

665

00:22:51,029 --> 00:22:49,200

and you know mark and i are here today

666

00:22:52,390 --> 00:22:51,039

but i was talking uh this morning with

667

00:22:55,590 --> 00:22:52,400

uh jan aldrige

668

00:22:57,750 --> 00:22:55,600

going to be making uh

669

00:22:59,350 --> 00:22:57,760

long-term trips out here as i think

670

00:23:00,390 --> 00:22:59,360

we've discussed previously martin

671

00:23:02,710 --> 00:23:00,400

privately

672

00:23:03,990 --> 00:23:02,720

uh and they're going to be essentially

673

00:23:04,390 --> 00:23:04,000

my wife and i are going to be hosting

674

00:23:08,470 --> 00:23:04,400

them

675

00:23:11,350 --> 00:23:08,480

here so they can do

676
00:23:12,310 --> 00:23:11,360
literally day in day out scanning of the

677
00:23:14,390 --> 00:23:12,320
files

678
00:23:16,310 --> 00:23:14,400
in the hopes that as mark and i have

679
00:23:18,230 --> 00:23:16,320
discussed hopefully maybe in the next

680
00:23:19,510 --> 00:23:18,240
two to three years

681
00:23:21,430 --> 00:23:19,520
we'll look back on this and all the

682
00:23:23,750 --> 00:23:21,440
files will be finally digitized

683
00:23:24,870 --> 00:23:23,760
yeah the background is that uh jan and

684
00:23:27,350 --> 00:23:24,880
barry are one

685
00:23:28,149 --> 00:23:27,360
wonderful uh efforts here volunteer

686
00:23:30,070 --> 00:23:28,159
efforts

687
00:23:31,990 --> 00:23:30,080
uh have been scanning the files and

688
00:23:33,669 --> 00:23:32,000

we're about one third of the way through

689

00:23:36,149 --> 00:23:33,679

wow but due to a variety of

690

00:23:39,590 --> 00:23:36,159

circumstances here in the chicago area

691

00:23:42,470 --> 00:23:39,600

um that couldn't continue here um

692

00:23:42,870 --> 00:23:42,480

and so we were casting about for you

693

00:23:46,630 --> 00:23:42,880

know

694

00:23:48,870 --> 00:23:46,640

are we going to make this happen

695

00:23:50,310 --> 00:23:48,880

um and you know one thing led to another

696

00:23:52,230 --> 00:23:50,320

and we've been talking i've been talking

697

00:23:54,310 --> 00:23:52,240

to dave on some other projects

698

00:23:56,070 --> 00:23:54,320

and then he offered the services there

699

00:23:56,950 --> 00:23:56,080

and jan and barry said oh great you know

700

00:23:59,110 --> 00:23:56,960

we don't mind

701
00:24:00,310 --> 00:23:59,120
we'll be happy to go to albuquerque just

702
00:24:03,750 --> 00:24:00,320
as well as chicago

703
00:24:05,029 --> 00:24:03,760
uh to do this um and so you know that's

704
00:24:06,070 --> 00:24:05,039
the plan and if it wasn't for the

705
00:24:08,310 --> 00:24:06,080
pandemic

706
00:24:10,230 --> 00:24:08,320
uh the process would have picked up

707
00:24:12,470 --> 00:24:10,240
already and be continuing

708
00:24:13,909 --> 00:24:12,480
um and what we're hoping to do is that

709
00:24:15,669 --> 00:24:13,919
uh as dave said

710
00:24:17,990 --> 00:24:15,679
do a little quicker than we had been

711
00:24:19,909 --> 00:24:18,000
doing it it was it was a slow process

712
00:24:21,430 --> 00:24:19,919
because they weren't coming for too long

713
00:24:23,430 --> 00:24:21,440

uh they were coming for

714

00:24:25,350 --> 00:24:23,440

one visit every year basically a couple

715

00:24:27,190 --> 00:24:25,360

of weeks and so we hope it's going to be

716

00:24:30,230 --> 00:24:27,200

enhanced and in fact we'll get to

717

00:24:32,710 --> 00:24:30,240

how we're hoping to do that um but um

718

00:24:34,390 --> 00:24:32,720

so yes and the goal is you know mufon

719

00:24:35,029 --> 00:24:34,400

has scanned all their case files too and

720

00:24:37,669 --> 00:24:35,039

they're in the

721

00:24:39,350 --> 00:24:37,679

processes of redacting them and

722

00:24:41,029 --> 00:24:39,360

hopefully making it somehow available

723

00:24:42,950 --> 00:24:41,039

but i don't think they have any firm

724

00:24:44,630 --> 00:24:42,960

plans about

725

00:24:46,470 --> 00:24:44,640

when and if it would be available to the

726

00:24:48,230 --> 00:24:46,480

public our

727

00:24:49,750 --> 00:24:48,240

goal all along has been to make these

728

00:24:52,630 --> 00:24:49,760

available within reason

729

00:24:54,549 --> 00:24:52,640

you know with to be defined to anybody

730

00:24:56,149 --> 00:24:54,559

because this is a resource

731

00:24:57,990 --> 00:24:56,159

you know not just for the ufo community

732

00:25:00,230 --> 00:24:58,000

this is a public resource

733

00:25:02,230 --> 00:25:00,240

it should be available you know to

734

00:25:03,990 --> 00:25:02,240

anybody who wants to use these files

735

00:25:05,669 --> 00:25:04,000

because that's the point of it

736

00:25:07,750 --> 00:25:05,679

is to make them available for research

737

00:25:10,950 --> 00:25:07,760

investigation what have you

738

00:25:12,149 --> 00:25:10,960

if i had to if i had to ask you to guess

739

00:25:15,590 --> 00:25:12,159

how many files

740

00:25:17,110 --> 00:25:15,600

are involved there are papers involved i

741

00:25:18,549 --> 00:25:17,120

should say

742

00:25:20,710 --> 00:25:18,559

you know the best way to think about it

743

00:25:21,909 --> 00:25:20,720

we've never counted the cases and i you

744

00:25:22,789 --> 00:25:21,919

know i always throw out a hundred

745

00:25:25,430 --> 00:25:22,799

thousand but

746

00:25:27,190 --> 00:25:25,440

it's it's 15 filing cabinets you know

747

00:25:28,070 --> 00:25:27,200

they're four drawer or five drawer

748

00:25:31,029 --> 00:25:28,080

actually some are five

749

00:25:32,070 --> 00:25:31,039

drawer they're standard large office

750

00:25:34,310 --> 00:25:32,080

cabinets

751
00:25:35,190 --> 00:25:34,320
and they're basically you know chocked

752
00:25:41,190 --> 00:25:35,200
full

753
00:25:43,909 --> 00:25:41,200
that's how much there is you know

754
00:25:46,070 --> 00:25:43,919
whatever that whatever that ends up at

755
00:25:47,909 --> 00:25:46,080
wow yeah and you're going to take care i

756
00:25:50,310 --> 00:25:47,919
always like to to clarify you know we

757
00:25:51,110 --> 00:25:50,320
talk about the kufos files but to be

758
00:25:54,310 --> 00:25:51,120
clear

759
00:25:57,430 --> 00:25:54,320
you know kufos was founded in 1973 uh

760
00:25:59,430 --> 00:25:57,440
i'd like to clarify that kufos also

761
00:26:02,470 --> 00:25:59,440
inherited the nightcap files

762
00:26:04,149 --> 00:26:02,480
which i heard him say that wow and and

763
00:26:07,350 --> 00:26:04,159

more specifically

764

00:26:09,430 --> 00:26:07,360

a somewhat less well-known organization

765

00:26:09,990 --> 00:26:09,440

but nonetheless extremely instrumental

766

00:26:13,909 --> 00:26:10,000

in gathering

767

00:26:14,710 --> 00:26:13,919

data especially in the 1950s uh is a csi

768

00:26:18,310 --> 00:26:14,720

new york

769

00:26:21,029 --> 00:26:18,320

uh civilian saucer intelligence so uh

770

00:26:22,630 --> 00:26:21,039

this you know when we say the kufos

771

00:26:23,990 --> 00:26:22,640

files it's kind of like blue book we say

772

00:26:26,549 --> 00:26:24,000

blue book but we also mean project

773

00:26:27,590 --> 00:26:26,559

sign project grudge when we talk kufos

774

00:26:30,149 --> 00:26:27,600

we're talking about the

775

00:26:31,190 --> 00:26:30,159

you know three significant sets of data

776

00:26:33,430 --> 00:26:31,200

and more than that there's the

777

00:26:34,470 --> 00:26:33,440

australian center for ufo studies files

778

00:26:36,149 --> 00:26:34,480

we have

779

00:26:37,669 --> 00:26:36,159

lots and lots of them that they sent

780

00:26:41,750 --> 00:26:37,679

over to us

781

00:26:43,190 --> 00:26:41,760

and of course foreign case files as well

782

00:26:44,630 --> 00:26:43,200

as you mentioned mark yes and the blue

783

00:26:45,669 --> 00:26:44,640

book material we have you know they're

784

00:26:46,950 --> 00:26:45,679

on microfilm

785

00:26:49,110 --> 00:26:46,960

uh we know that they're you know there's

786

00:26:51,269 --> 00:26:49,120

blue book microfilms but we also know

787

00:26:52,630 --> 00:26:51,279

for that not the microphones don't have

788

00:26:55,590 --> 00:26:52,640

everything

789

00:26:56,470 --> 00:26:55,600

um and um so we have uh you know paper

790

00:27:00,149 --> 00:26:56,480

copies

791

00:27:01,510 --> 00:27:00,159

things that

792

00:27:03,190 --> 00:27:01,520

quite frankly may not be in the blue

793

00:27:05,029 --> 00:27:03,200

book files because heinen took it with

794

00:27:08,310 --> 00:27:05,039

him and somehow never managed to

795

00:27:10,470 --> 00:27:08,320

get it back to right path um so you know

796

00:27:12,230 --> 00:27:10,480

there's and we could go on and on and

797

00:27:14,310 --> 00:27:12,240

then there's the clippings which is all

798

00:27:15,430 --> 00:27:14,320

you know separate thing uh that goes

799

00:27:16,070 --> 00:27:15,440

with things which and there's an

800

00:27:17,830 --> 00:27:16,080

expensive

801
00:27:19,669 --> 00:27:17,840
we don't have as extensive as collection

802
00:27:20,630 --> 00:27:19,679
as barry greenwood does the kingdom

803
00:27:22,789 --> 00:27:20,640
clippings

804
00:27:24,310 --> 00:27:22,799
uh no one has more than that but we we

805
00:27:26,950 --> 00:27:24,320
have a pretty good set

806
00:27:28,149 --> 00:27:26,960
yeah now what about photographs i mean

807
00:27:31,510 --> 00:27:28,159
are there some

808
00:27:33,669 --> 00:27:31,520
this lot

809
00:27:36,070 --> 00:27:33,679
we do have photographs but surprisingly

810
00:27:39,510 --> 00:27:36,080
we we have fewer than you would expect

811
00:27:41,590 --> 00:27:39,520
um and uh yeah of course we have some

812
00:27:43,190 --> 00:27:41,600
but what we have more of our witness

813
00:27:45,510 --> 00:27:43,200

interviews on tape

814

00:27:46,789 --> 00:27:45,520

oh wow and they are not at dave's house

815

00:27:48,389 --> 00:27:46,799

as sadly davis

816

00:27:49,750 --> 00:27:48,399

kept you know by every day i get an

817

00:27:52,230 --> 00:27:49,760

email when are the tapes coming one of

818

00:27:56,310 --> 00:27:55,029

but but but in my basement in my

819

00:28:00,149 --> 00:27:56,320

research room

820

00:28:02,149 --> 00:28:00,159

are boxes and boxes of audio tapes

821

00:28:02,950 --> 00:28:02,159

including reel to reel they go back that

822

00:28:05,430 --> 00:28:02,960

far

823

00:28:07,830 --> 00:28:05,440

yeah those can be digitized even easier

824

00:28:09,110 --> 00:28:07,840

actually well

825

00:28:10,710 --> 00:28:09,120

yeah i was just gonna say right behind

826

00:28:12,710 --> 00:28:10,720

my computer here i've got my sound

827

00:28:14,470 --> 00:28:12,720

studio essentially where we can digitize

828

00:28:15,909 --> 00:28:14,480

cassette reel to reel

829

00:28:17,430 --> 00:28:15,919

and i've been doing that for a number of

830

00:28:18,310 --> 00:28:17,440

years kind of in the tradition of wendy

831

00:28:20,389 --> 00:28:18,320

connors

832

00:28:22,310 --> 00:28:20,399

right mark that's right and we have

833

00:28:23,029 --> 00:28:22,320

digitized the same thing we've digitized

834

00:28:24,630 --> 00:28:23,039

some

835

00:28:26,230 --> 00:28:24,640

but you know there's only so much time

836

00:28:26,789 --> 00:28:26,240

in the day and more importantly only so

837

00:28:29,750 --> 00:28:26,799

many

838

00:28:30,389 --> 00:28:29,760

volunteers uh you know to do the work so

839

00:28:33,350 --> 00:28:30,399

but yes

840

00:28:35,029 --> 00:28:33,360

it's also on the uh it's on the agenda

841

00:28:35,350 --> 00:28:35,039

wendy connors is that the one that did

842

00:28:38,230 --> 00:28:35,360

the

843

00:28:40,070 --> 00:28:38,240

faded discs she did and he actually

844

00:28:40,549 --> 00:28:40,080

resided here in albuquerque ironically

845

00:28:42,310 --> 00:28:40,559

enough

846

00:28:44,549 --> 00:28:42,320

how about that i have a blog up on my

847

00:28:46,389 --> 00:28:44,559

website i just put up republished it

848

00:28:48,389 --> 00:28:46,399

because it was uh taken away when i was

849

00:28:50,070 --> 00:28:48,399

hacked up a year ago

850

00:28:51,909 --> 00:28:50,080

but anyway that's up there now about the

851

00:28:53,990 --> 00:28:51,919

faded discs with all the archives you

852

00:28:55,990 --> 00:28:54,000

can get to those are fantastic those

853

00:28:57,190 --> 00:28:56,000

yeah that she did that uh so here's a

854

00:28:59,590 --> 00:28:57,200

question up from

855

00:29:01,110 --> 00:28:59,600

rob are there any plans to digitize the

856

00:29:04,149 --> 00:29:01,120

data for analysis

857

00:29:04,870 --> 00:29:04,159

yes we want to do two things uh first we

858

00:29:07,430 --> 00:29:04,880

want to

859

00:29:08,950 --> 00:29:07,440

when we scan the files and create pdfs

860

00:29:11,669 --> 00:29:08,960

and make them searchable

861

00:29:12,149 --> 00:29:11,679

and try to create a website that makes

862

00:29:13,909 --> 00:29:12,159

that

863

00:29:15,669 --> 00:29:13,919

um you know easy enough to do even

864

00:29:17,029 --> 00:29:15,679

though that is if you can imagine is a

865

00:29:20,470 --> 00:29:17,039

huge undertaking as well

866

00:29:22,789 --> 00:29:20,480

yes but secondly yes we want to create a

867

00:29:24,789 --> 00:29:22,799

database where we've extracted

868

00:29:27,430 --> 00:29:24,799

information from the files

869

00:29:28,950 --> 00:29:27,440

um and you know let people use it that

870

00:29:30,230 --> 00:29:28,960

that that's a whole separate project

871

00:29:31,590 --> 00:29:30,240

because what does it mean to extract

872

00:29:32,230 --> 00:29:31,600

information you know what does it mean

873

00:29:35,750 --> 00:29:32,240

to

874

00:29:36,549 --> 00:29:35,760

that could be almost a whole show quite

875

00:29:38,230 --> 00:29:36,559

frankly

876

00:29:39,909 --> 00:29:38,240

because people like jacques valet who

877

00:29:41,110 --> 00:29:39,919

thought a lot about databases over the

878

00:29:42,950 --> 00:29:41,120

years have said

879

00:29:44,950 --> 00:29:42,960

oh yeah you should create an electronic

880

00:29:45,590 --> 00:29:44,960

database you know not just have pdf

881

00:29:47,350 --> 00:29:45,600

files

882

00:29:48,950 --> 00:29:47,360

but everything should be the original

883

00:29:50,549 --> 00:29:48,960

words of the witness

884

00:29:52,310 --> 00:29:50,559

okay so that you the data should be

885

00:29:53,110 --> 00:29:52,320

digitized so it's really easy to work

886

00:29:55,269 --> 00:29:53,120

with

887

00:29:56,389 --> 00:29:55,279

but it should be you know if a witness

888

00:29:58,230 --> 00:29:56,399

had a a

889

00:29:59,590 --> 00:29:58,240

thousand words statement those thousand

890

00:30:01,750 --> 00:29:59,600

words should be there

891

00:30:02,789 --> 00:30:01,760

along with you know other information

892

00:30:05,190 --> 00:30:02,799

other people would say

893

00:30:06,870 --> 00:30:05,200

you know now i mean create a coded

894

00:30:08,710 --> 00:30:06,880

database right where

895

00:30:10,950 --> 00:30:08,720

you know you code things like this is

896

00:30:12,310 --> 00:30:10,960

what the ufo size was and this is what

897

00:30:14,630 --> 00:30:12,320

the shape was and so

898

00:30:16,310 --> 00:30:14,640

if the witness describes in 50 words

899

00:30:18,470 --> 00:30:16,320

what the disc looked like

900

00:30:20,549 --> 00:30:18,480

but you can code it in three categories

901
00:30:22,789 --> 00:30:20,559
then you just code in three categories

902
00:30:24,389 --> 00:30:22,799
that's way downstream of course about

903
00:30:26,789 --> 00:30:24,399
you know how to handle the data

904
00:30:28,630 --> 00:30:26,799
but that's absolutely it when i said you

905
00:30:30,630 --> 00:30:28,640
know what's our long-term goal

906
00:30:32,310 --> 00:30:30,640
um you know that that is a goal it's to

907
00:30:34,070 --> 00:30:32,320
make the information available in a

908
00:30:37,590 --> 00:30:34,080
variety of formats so

909
00:30:41,750 --> 00:30:37,600
people can readily use it so right now

910
00:30:45,430 --> 00:30:41,760
uh if uh dave if i if i was uh

911
00:30:48,870 --> 00:30:45,440
just any joe schmoe ufo

912
00:30:51,830 --> 00:30:48,880
investigator that has a nice ring to it

913
00:30:52,710 --> 00:30:51,840

um and i contacted you and said hey i i

914

00:30:55,510 --> 00:30:52,720

want to search

915

00:30:56,310 --> 00:30:55,520

this case do you have any information

916

00:30:59,350 --> 00:30:56,320

about

917

00:31:01,909 --> 00:30:59,360

this case you i i bet you know

918

00:31:03,430 --> 00:31:01,919

a lot of what you have already but when

919

00:31:07,509 --> 00:31:03,440

it comes to this

920

00:31:10,230 --> 00:31:07,519

uh new uh this new collection of files

921

00:31:11,830 --> 00:31:10,240

it's a huge learning curve and uh and i

922

00:31:13,430 --> 00:31:11,840

actually have already received a number

923

00:31:14,789 --> 00:31:13,440

of requests i mean

924

00:31:17,110 --> 00:31:14,799

even prior to the files being

925

00:31:18,230 --> 00:31:17,120

transferred here i was remarking to mark

926
00:31:19,909 --> 00:31:18,240
last year that

927
00:31:21,909 --> 00:31:19,919
you know my wife and i will pull

928
00:31:22,149 --> 00:31:21,919
information that i have on various cases

929
00:31:39,509 --> 00:31:22,159
i

930
00:31:41,750 --> 00:31:39,519
day or spend a weekend

931
00:31:43,029 --> 00:31:41,760
just researching scanning making

932
00:31:45,029 --> 00:31:43,039
photocopies here

933
00:31:46,870 --> 00:31:45,039
in the research room of the material

934
00:31:48,870 --> 00:31:46,880
that i had but now certainly

935
00:31:50,310 --> 00:31:48,880
uh you know that opportunity is now

936
00:31:51,350 --> 00:31:50,320
afforded with regard to you know the

937
00:31:53,269 --> 00:31:51,360
kufos files

938
00:31:55,029 --> 00:31:53,279

uh it's there's just that much more data

939

00:31:57,830 --> 00:31:55,039

here for people to peruse

940

00:31:59,350 --> 00:31:57,840

yeah how do you spend any time with your

941

00:32:02,789 --> 00:31:59,360

wife

942

00:32:05,590 --> 00:32:02,799

i do actually it's fun you say that

943

00:32:07,269 --> 00:32:05,600

and mark's met my wife kendra uh sunday

944

00:32:09,110 --> 00:32:07,279

afternoon we were actually sitting here

945

00:32:11,190 --> 00:32:09,120

in the research room i was going through

946

00:32:12,149 --> 00:32:11,200

the files looking for triangular ufo

947

00:32:15,509 --> 00:32:12,159

reports from the

948

00:32:17,830 --> 00:32:15,519

the 50s and 60s and she was sitting here

949

00:32:19,350 --> 00:32:17,840

which is a nice segue actually she was

950

00:32:22,950 --> 00:32:19,360

sitting in this very chair

951
00:32:24,549 --> 00:32:22,960
and off camera is a digitization machine

952
00:32:27,669 --> 00:32:24,559
for microfilm

953
00:32:31,190 --> 00:32:27,679
and so she is focused on digitizing uh

954
00:32:33,110 --> 00:32:31,200
microfilm which as i said nice segue

955
00:32:35,110 --> 00:32:33,120
in addition to the material that mark

956
00:32:37,990 --> 00:32:35,120
sent jan aldrige sent

957
00:32:38,389 --> 00:32:38,000
approximately 200 reels of microfilm

958
00:32:40,230 --> 00:32:38,399
with

959
00:32:41,669 --> 00:32:40,240
thousands and thousands of pages of

960
00:32:44,149 --> 00:32:41,679
documents

961
00:32:47,110 --> 00:32:44,159
some of that is extremely rare material

962
00:32:50,310 --> 00:32:47,120
per jan and per berry greenwood

963
00:32:52,310 --> 00:32:50,320

there's about 32 33 rolls of

964

00:32:54,230 --> 00:32:52,320

news clipping service that the air force

965

00:32:55,669 --> 00:32:54,240

subscribed to during the summer wave of

966

00:32:58,470 --> 00:32:55,679

52

967

00:33:00,310 --> 00:32:58,480

and again per jan aldrige he stated

968

00:33:01,909 --> 00:33:00,320

that stuff's never been digitized or

969

00:33:03,830 --> 00:33:01,919

made widely available

970

00:33:06,470 --> 00:33:03,840

and interestingly enough in talking to

971

00:33:09,750 --> 00:33:06,480

barry the only reason that that we have

972

00:33:11,669 --> 00:33:09,760

this material today is a writer

973

00:33:13,509 --> 00:33:11,679

went to write paterson air force base to

974

00:33:15,269 --> 00:33:13,519

talk to hector quintanella

975

00:33:17,029 --> 00:33:15,279

uh who was in charge of blue book at the

976
00:33:18,230 --> 00:33:17,039
time and he was writing an article on

977
00:33:20,789 --> 00:33:18,240
how the media

978
00:33:22,389 --> 00:33:20,799
addresses the ufo subject and so he

979
00:33:24,389 --> 00:33:22,399
thought well i'll start with you know

980
00:33:26,230 --> 00:33:24,399
hector quintanella at blue book

981
00:33:27,830 --> 00:33:26,240
he went in and was waiting for

982
00:33:28,470 --> 00:33:27,840
quintanello who was actually running

983
00:33:30,310 --> 00:33:28,480
late

984
00:33:32,549 --> 00:33:30,320
and while he was waiting for him to show

985
00:33:34,149 --> 00:33:32,559
up he was looking at these boxes sitting

986
00:33:35,509 --> 00:33:34,159
on top of some file cabinets in the kind

987
00:33:37,430 --> 00:33:35,519
of the common area

988
00:33:38,870 --> 00:33:37,440

and quintanella comes in and apologizes

989

00:33:40,310 --> 00:33:38,880

for his tardiness and he goes oh that's

990

00:33:41,830 --> 00:33:40,320

all right i was just admiring these

991

00:33:42,549 --> 00:33:41,840

boxes you have up here on the file

992

00:33:45,269 --> 00:33:42,559

cabinet

993

00:33:45,909 --> 00:33:45,279

he goes oh those are actually old news

994

00:33:47,509 --> 00:33:45,919

clippings

995

00:33:49,669 --> 00:33:47,519

we subscribed to a news clipping service

996

00:33:51,350 --> 00:33:49,679

in 52 and we had microfilmed them but we

997

00:33:52,070 --> 00:33:51,360

were getting ready to throw those away

998

00:33:55,430 --> 00:33:52,080

would you

999

00:33:56,630 --> 00:33:55,440

gentleman said of course he goes that's

1000

00:33:58,149 --> 00:33:56,640

actually why i'm here i'm

1001
00:34:00,710 --> 00:33:58,159
focused on how the media looks at the

1002
00:34:03,269 --> 00:34:00,720
ufo subject this is right up my alley

1003
00:34:03,990 --> 00:34:03,279
so decades later barry greenwood came in

1004
00:34:06,870 --> 00:34:04,000
touch with this

1005
00:34:08,629 --> 00:34:06,880
this individual and essentially was able

1006
00:34:10,149 --> 00:34:08,639
to take possession and now we have

1007
00:34:12,310 --> 00:34:10,159
copies here

1008
00:34:13,349 --> 00:34:12,320
oh that's awesome hey um this is

1009
00:34:15,829 --> 00:34:13,359
something i've

1010
00:34:16,470 --> 00:34:15,839
i don't think i've ever heard of this um

1011
00:34:19,030 --> 00:34:16,480
any

1012
00:34:21,030 --> 00:34:19,040
pyramids do people ever report pyramid

1013
00:34:22,950 --> 00:34:21,040

shaped craft

1014

00:34:25,990 --> 00:34:22,960

not many but i have come across some

1015

00:34:29,030 --> 00:34:26,000

actually in the literature

1016

00:34:32,550 --> 00:34:29,040

yes yeah what's that mark

1017

00:34:34,790 --> 00:34:32,560

i've seen a few too yeah yeah

1018

00:34:35,909 --> 00:34:34,800

almost any i've seen hexagon-shaped ufos

1019

00:34:39,109 --> 00:34:35,919

reported

1020

00:34:40,950 --> 00:34:39,119

yeah i i talked about on this uh i have

1021

00:34:44,230 --> 00:34:40,960

a friend that saw one that she was

1022

00:34:44,950 --> 00:34:44,240

shaped like a square box oh yeah square

1023

00:34:47,589 --> 00:34:44,960

boxes

1024

00:34:49,909 --> 00:34:47,599

usually rectangles are are not uncommon

1025

00:34:53,510 --> 00:34:49,919

believe it or not

1026

00:34:57,270 --> 00:34:53,520

bizarre stuff so yeah um

1027

00:35:00,390 --> 00:34:57,280

so let's see um when you

1028

00:35:03,349 --> 00:35:00,400

when these are going to you dave um

1029

00:35:04,710 --> 00:35:03,359

is does that mean you stop everything

1030

00:35:06,230 --> 00:35:04,720

you're basically doing and you kind of

1031

00:35:08,470 --> 00:35:06,240

switch over to this

1032

00:35:09,670 --> 00:35:08,480

i mean you you're always doing something

1033

00:35:12,470 --> 00:35:09,680

in those rooms

1034

00:35:18,069 --> 00:35:12,480

yeah i feel kind of like i'm a

1035

00:35:21,829 --> 00:35:19,430

and i'm moving in different directions

1036

00:35:23,750 --> 00:35:21,839

all at the same time uh no i'm still

1037

00:35:25,349 --> 00:35:23,760

doing some historical research but i'm

1038

00:35:27,670 --> 00:35:25,359

to your point martin trying to acquaint

1039

00:35:29,829 --> 00:35:27,680

myself with the material that is here

1040

00:35:31,349 --> 00:35:29,839

so that when people do come i can maybe

1041

00:35:33,430 --> 00:35:31,359

help direct them a little bit better in

1042

00:35:34,470 --> 00:35:33,440

that sense as as kind of as the curator

1043

00:35:36,630 --> 00:35:34,480

if you will

1044

00:35:38,230 --> 00:35:36,640

um no i'm still involved in my

1045

00:35:40,630 --> 00:35:38,240

historical research

1046

00:35:41,589 --> 00:35:40,640

and uh still you know working in and

1047

00:35:43,829 --> 00:35:41,599

trying to uh

1048

00:35:46,069 --> 00:35:43,839

familiarize myself with what's here and

1049

00:35:46,950 --> 00:35:46,079

then again working also on microfilm i

1050

00:35:48,710 --> 00:35:46,960

mean

1051
00:35:51,030 --> 00:35:48,720
what's interesting about this is and i'm

1052
00:35:53,910 --> 00:35:51,040
sure mark will back me up on this

1053
00:35:54,630 --> 00:35:53,920
there is no shortage of data in this

1054
00:35:56,710 --> 00:35:54,640
field

1055
00:35:57,990 --> 00:35:56,720
and sometimes i think i think there's a

1056
00:36:00,230 --> 00:35:58,000
false narrative that's put

1057
00:36:01,190 --> 00:36:00,240
out and by that i mean production

1058
00:36:02,870 --> 00:36:01,200
companies

1059
00:36:04,390 --> 00:36:02,880
i can't tell you how many times i've

1060
00:36:05,430 --> 00:36:04,400
been approached by production companies

1061
00:36:06,790 --> 00:36:05,440
and they say well we're going to cover

1062
00:36:09,270 --> 00:36:06,800
this case this case in this

1063
00:36:09,829 --> 00:36:09,280

case it's the same three or four cases

1064

00:36:11,829 --> 00:36:09,839

that six

1065

00:36:13,030 --> 00:36:11,839

other production companies have covered

1066

00:36:15,109 --> 00:36:13,040

and you know

1067

00:36:16,390 --> 00:36:15,119

as mark was alluding to there's a lot of

1068

00:36:18,470 --> 00:36:16,400

case files here

1069

00:36:20,870 --> 00:36:18,480

cases people have never even heard of

1070

00:36:22,790 --> 00:36:20,880

and i would even argue probably some

1071

00:36:24,069 --> 00:36:22,800

that are just as credible if not more

1072

00:36:25,990 --> 00:36:24,079

credible than some of the more

1073

00:36:28,630 --> 00:36:26,000

popularized cases that we hear about

1074

00:36:29,270 --> 00:36:28,640

at infinite ad nauseam on these shows

1075

00:36:30,950 --> 00:36:29,280

yeah i mean

1076

00:36:33,109 --> 00:36:30,960

most production companies white will

1077

00:36:36,790 --> 00:36:33,119

come and not say

1078

00:36:39,430 --> 00:36:36,800

tell me about better cases in fact

1079

00:36:40,310 --> 00:36:39,440

the insight to say you know everybody

1080

00:36:42,630 --> 00:36:40,320

else has covered

1081

00:36:43,829 --> 00:36:42,640

the you know the kelly hopkinsville case

1082

00:36:45,430 --> 00:36:43,839

or something so

1083

00:36:48,310 --> 00:36:45,440

have you got another creature case

1084

00:36:51,190 --> 00:36:48,320

that's not kelly hopkinsville the answer

1085

00:36:51,589 --> 00:36:51,200

is yes but they don't ask that question

1086

00:36:54,150 --> 00:36:51,599

no

1087

00:36:54,630 --> 00:36:54,160

right wow i was watching an interview

1088

00:36:56,310 --> 00:36:54,640

elise

1089

00:36:57,750 --> 00:36:56,320

my friend lisa beagle was being

1090

00:37:00,870 --> 00:36:57,760

interviewed um

1091

00:37:03,349 --> 00:37:00,880

by this uh young girl uh singer

1092

00:37:04,230 --> 00:37:03,359

or or whatever for like her youtube

1093

00:37:07,030 --> 00:37:04,240

channel

1094

00:37:07,750 --> 00:37:07,040

um her name was elephant something like

1095

00:37:10,870 --> 00:37:07,760

that

1096

00:37:13,990 --> 00:37:10,880

and she says to him um

1097

00:37:15,349 --> 00:37:14,000

did you ever have uh have you ever seen

1098

00:37:18,950 --> 00:37:15,359

a ufo

1099

00:37:21,829 --> 00:37:18,960

and he goes yes and then she goes oh

1100

00:37:23,030 --> 00:37:21,839

um and do other people you know have he

1101

00:37:26,630 --> 00:37:23,040

didn't even ask

1102

00:37:28,710 --> 00:37:26,640

anything about the ufo sighting and

1103

00:37:29,990 --> 00:37:28,720

i think i think that was just just such

1104

00:37:32,150 --> 00:37:30,000

a funny thing how

1105

00:37:33,190 --> 00:37:32,160

people can just they're so focused on

1106

00:37:37,030 --> 00:37:33,200

these

1107

00:37:39,030 --> 00:37:37,040

they don't even think about

1108

00:37:41,349 --> 00:37:39,040

yeah yeah lee head is starting in

1109

00:37:43,109 --> 00:37:41,359

lumberton north carolina 1975 and as

1110

00:37:44,550 --> 00:37:43,119

mark will attest we have the case file

1111

00:37:46,950 --> 00:37:44,560

right here

1112

00:37:48,630 --> 00:37:46,960

oh how about that so uh adam wants to

1113

00:37:49,190 --> 00:37:48,640

know are there any old film or video

1114

00:37:52,069 --> 00:37:49,200

clips

1115

00:37:52,630 --> 00:37:52,079

we are asked about uh you know pictures

1116

00:37:55,829 --> 00:37:52,640

but what about

1117

00:37:57,750 --> 00:37:55,839

right now you know that no uh uh

1118

00:37:59,030 --> 00:37:57,760

of course heineken a lot of stuff over

1119

00:38:01,270 --> 00:37:59,040

the years and and

1120

00:38:02,710 --> 00:38:01,280

and a lot of the films and things went

1121

00:38:05,190 --> 00:38:02,720

with him to arizona

1122

00:38:06,470 --> 00:38:05,200

actually and didn't stay in the case

1123

00:38:10,550 --> 00:38:06,480

files

1124

00:38:12,870 --> 00:38:10,560

um and um so other films the original

1125

00:38:14,390 --> 00:38:12,880

things went to a guy named fred beckman

1126

00:38:15,829 --> 00:38:14,400

who were was at the university of

1127

00:38:17,030 --> 00:38:15,839

chicago and was part of the original

1128

00:38:18,470 --> 00:38:17,040

invisible college

1129

00:38:20,710 --> 00:38:18,480

that people have heard about with allen

1130

00:38:22,710 --> 00:38:20,720

heineck and jack pelley in chicago

1131

00:38:24,630 --> 00:38:22,720

um and fred didn't always return stuff

1132

00:38:27,750 --> 00:38:24,640

to the center files

1133

00:38:30,790 --> 00:38:27,760

to be brutally frank um so

1134

00:38:34,150 --> 00:38:30,800

um you know the so

1135

00:38:35,670 --> 00:38:34,160

the quick answer is no but it's also

1136

00:38:37,670 --> 00:38:35,680

here's what's also true when you when

1137

00:38:37,990 --> 00:38:37,680

you think back to the old days right

1138

00:38:41,510 --> 00:38:38,000

back

1139

00:38:42,950 --> 00:38:41,520

meeting the 50s 60s and 70s and you say

1140

00:38:44,470 --> 00:38:42,960

what you know are there you know where

1141

00:38:47,510 --> 00:38:44,480

are the great you know are there 50

1142

00:38:48,710 --> 00:38:47,520

films of ufos and 100 great photos and

1143

00:38:51,270 --> 00:38:48,720

you know whatever

1144

00:38:52,870 --> 00:38:51,280

and the answer is you know no there

1145

00:38:55,910 --> 00:38:52,880

aren't as many as you'd like to see

1146

00:38:57,910 --> 00:38:55,920

right you know you know ballister almost

1147

00:38:59,990 --> 00:38:57,920

from spain you know has a whole

1148

00:39:00,950 --> 00:39:00,000

research project and photocad as he

1149

00:39:03,030 --> 00:39:00,960

calls it

1150

00:39:04,310 --> 00:39:03,040

and the number of great photos oh

1151
00:39:05,109 --> 00:39:04,320
there's lots of photos right there's

1152
00:39:06,870 --> 00:39:05,119
lots of

1153
00:39:08,630 --> 00:39:06,880
photos that are you know either hoaxes

1154
00:39:11,030 --> 00:39:08,640
or just not showing anything because

1155
00:39:11,750 --> 00:39:11,040
it was a it was a spot there or

1156
00:39:13,349 --> 00:39:11,760
something

1157
00:39:15,670 --> 00:39:13,359
but the number of great photos is

1158
00:39:16,150 --> 00:39:15,680
relatively small this by the way is has

1159
00:39:19,910 --> 00:39:16,160
been

1160
00:39:22,310 --> 00:39:19,920
previously it was a a um

1161
00:39:23,349 --> 00:39:22,320
a criticism by the skeptics and

1162
00:39:25,270 --> 00:39:23,359
debunkers

1163
00:39:26,470 --> 00:39:25,280

of the field which is well if these

1164

00:39:28,710 --> 00:39:26,480

things are real

1165

00:39:30,310 --> 00:39:28,720

why aren't there more photos you know

1166

00:39:31,670 --> 00:39:30,320

forget films films was tough right

1167

00:39:33,829 --> 00:39:31,680

having a movie camera with you

1168

00:39:35,270 --> 00:39:33,839

yeah why weren't there more films the

1169

00:39:37,750 --> 00:39:35,280

answer back then was simple

1170

00:39:38,790 --> 00:39:37,760

and it was summarized by an actual quote

1171

00:39:40,310 --> 00:39:38,800

from a witness

1172

00:39:42,230 --> 00:39:40,320

that in an article that was published in

1173

00:39:43,589 --> 00:39:42,240

flying saucer review which is a british

1174

00:39:46,470 --> 00:39:43,599

publication

1175

00:39:47,349 --> 00:39:46,480

and this was a french case um and the uh

1176

00:39:49,030 --> 00:39:47,359

witness said you

1177

00:39:51,349 --> 00:39:49,040

saw you upload close close encounter the

1178

00:39:54,790 --> 00:39:51,359

first kind had a camera

1179

00:39:57,750 --> 00:39:54,800

in their car and the investigators said

1180

00:39:59,589 --> 00:39:57,760

sir you had a camera you you know the

1181

00:40:02,230 --> 00:39:59,599

ufo was there for a few minutes

1182

00:40:03,589 --> 00:40:02,240

you didn't take a photo he said i could

1183

00:40:05,990 --> 00:40:03,599

have been standing

1184

00:40:07,030 --> 00:40:06,000

on a pile of cameras and i wouldn't have

1185

00:40:10,230 --> 00:40:07,040

taken a photo

1186

00:40:11,109 --> 00:40:10,240

yeah yeah i totally get that i

1187

00:40:12,710 --> 00:40:11,119

understand that you're

1188

00:40:14,550 --> 00:40:12,720

you're involved in the moment because

1189

00:40:15,030 --> 00:40:14,560

it's like you can't believe what you're

1190

00:40:17,030 --> 00:40:15,040

seeing

1191

00:40:18,309 --> 00:40:17,040

i understand that i think the british

1192

00:40:20,870 --> 00:40:18,319

term gobsmacked

1193

00:40:21,510 --> 00:40:20,880

really hits the nail on the head mark

1194

00:40:25,109 --> 00:40:21,520

yeah

1195

00:40:28,309 --> 00:40:25,119

cases

1196

00:40:29,589 --> 00:40:28,319

in these files that came there um can

1197

00:40:31,349 --> 00:40:29,599

you talk about any

1198

00:40:34,309 --> 00:40:31,359

significant cases that someone would

1199

00:40:37,589 --> 00:40:34,319

actually see in these

1200

00:40:39,270 --> 00:40:37,599

um well i mean uh you know first of all

1201

00:40:40,710 --> 00:40:39,280

we there are you know even though we did

1202

00:40:42,870 --> 00:40:40,720

just talk about some of the you know

1203

00:40:45,190 --> 00:40:42,880

well-known cases everybody talks about

1204

00:40:47,030 --> 00:40:45,200

there are extensive files on the

1205

00:40:48,390 --> 00:40:47,040

well-known cases because alan heineck

1206

00:40:50,630 --> 00:40:48,400

was alan heineck

1207

00:40:52,630 --> 00:40:50,640

and that means that either he was

1208

00:40:53,430 --> 00:40:52,640

involved in the case like the pascagoula

1209

00:40:57,670 --> 00:40:53,440

case

1210

00:40:59,349 --> 00:40:57,680

original material

1211

00:41:00,870 --> 00:40:59,359

and by the way on some of the well-known

1212

00:41:03,230 --> 00:41:00,880

cases we have scanned it

1213

00:41:04,630 --> 00:41:03,240

it is on the cuffo's website you know

1214

00:41:06,230 --> 00:41:04,640

cufos.org

1215

00:41:08,069 --> 00:41:06,240

you can go there and you'll see some

1216

00:41:09,910 --> 00:41:08,079

famous case files and every

1217

00:41:11,190 --> 00:41:09,920

document is there for you to look at

1218

00:41:14,550 --> 00:41:11,200

right now

1219

00:41:16,309 --> 00:41:14,560

um so we have extensive files on kelly

1220

00:41:16,790 --> 00:41:16,319

hopkinsville as well that's because of

1221

00:41:18,390 --> 00:41:16,800

not

1222

00:41:21,030 --> 00:41:18,400

alan but because of the investigators

1223

00:41:23,829 --> 00:41:21,040

this worked

1224

00:41:24,950 --> 00:41:23,839

so we've got that there right okay um

1225

00:41:27,670 --> 00:41:24,960

and as dave said

1226

00:41:29,430 --> 00:41:27,680

we've got obscure cases right that

1227

00:41:29,990 --> 00:41:29,440

nobody's ever heard of that would make

1228

00:41:32,069 --> 00:41:30,000

you know that

1229

00:41:33,910 --> 00:41:32,079

but but they're rich and all that like

1230

00:41:34,790 --> 00:41:33,920

vehicle interference files right so you

1231

00:41:37,270 --> 00:41:34,800

know that was

1232

00:41:39,270 --> 00:41:37,280

my first claim to fame in the field was

1233

00:41:41,670 --> 00:41:39,280

studying cases where you know cars were

1234

00:41:43,190 --> 00:41:41,680

stopped by ufos and my monograph came

1235

00:41:45,510 --> 00:41:43,200

out in 1981

1236

00:41:46,950 --> 00:41:45,520

we already had a fairly extensive set

1237

00:41:49,109 --> 00:41:46,960

but i went searching

1238

00:41:50,230 --> 00:41:49,119

for more of them contacting colleagues

1239

00:41:53,829 --> 00:41:50,240

around the world

1240

00:41:57,109 --> 00:41:53,839

and so we have the largest original set

1241

00:41:57,910 --> 00:41:57,119

of reports you know on that um and by

1242

00:42:00,950 --> 00:41:57,920

the way

1243

00:42:03,910 --> 00:42:00,960

there's a good example for of how

1244

00:42:06,069 --> 00:42:03,920

the uh the difficulty and the quality of

1245

00:42:07,589 --> 00:42:06,079

ufo case investigations because we're

1246

00:42:09,430 --> 00:42:07,599

all volunteers so

1247

00:42:10,790 --> 00:42:09,440

you know you would think on on a vehicle

1248

00:42:12,470 --> 00:42:10,800

interference case

1249

00:42:14,309 --> 00:42:12,480

wouldn't the investigator write down the

1250

00:42:16,550 --> 00:42:14,319

make model and gear of the car

1251

00:42:17,829 --> 00:42:16,560

involved and the answer is they didn't

1252

00:42:21,829 --> 00:42:17,839

always do that

1253

00:42:24,150 --> 00:42:21,839

yeah yeah yeah yeah we love those cases

1254

00:42:25,190 --> 00:42:24,160

i just yeah but but on the other hand if

1255

00:42:28,150 --> 00:42:25,200

you had a ray

1256

00:42:29,990 --> 00:42:28,160

fowler a fantastic investigator if you

1257

00:42:31,430 --> 00:42:30,000

had to keep basterfield or bill chunker

1258

00:42:33,750 --> 00:42:31,440

from australia

1259

00:42:36,230 --> 00:42:33,760

or jenny randalls from the uk and then

1260

00:42:38,470 --> 00:42:36,240

again others whose you know names go on

1261

00:42:40,470 --> 00:42:38,480

then you'll have a very extensive uh

1262

00:42:42,309 --> 00:42:40,480

file on the case in fact

1263

00:42:43,990 --> 00:42:42,319

on some of them you'll have magnetic

1264

00:42:46,790 --> 00:42:44,000

testing to see whether the

1265

00:42:48,550 --> 00:42:46,800

the uh the metal body of the car was was

1266

00:42:50,950 --> 00:42:48,560

magnetized differently than

1267

00:42:52,710 --> 00:42:50,960

a standard car that make and model and

1268

00:42:54,390 --> 00:42:52,720

in a few instances that that research

1269

00:42:54,950 --> 00:42:54,400

was done just like the condom project

1270

00:42:56,630 --> 00:42:54,960

did

1271

00:42:58,230 --> 00:42:56,640

so there's a wide variety of those but

1272

00:42:59,910 --> 00:42:58,240

anyway that's that's a short

1273

00:43:01,349 --> 00:42:59,920

you know semi-short answer to your

1274

00:43:02,870 --> 00:43:01,359

question martin

1275

00:43:04,550 --> 00:43:02,880

yeah well speaking of that i've been in

1276

00:43:08,150 --> 00:43:04,560

touch with uh ray fowler

1277

00:43:08,710 --> 00:43:08,160

um and he uh he will not be on the show

1278

00:43:11,589 --> 00:43:08,720

because he

1279

00:43:13,109 --> 00:43:11,599

he has an issue with hearing so he said

1280

00:43:15,349 --> 00:43:13,119

he just wouldn't feel comfortable and

1281

00:43:17,349 --> 00:43:15,359

he lives about 50 miles away from where

1282

00:43:19,750 --> 00:43:17,359

i live he lives in kennebunk maine

1283

00:43:21,190 --> 00:43:19,760

anyway um he has a new book that came

1284

00:43:24,069 --> 00:43:21,200

out and it's called

1285

00:43:25,430 --> 00:43:24,079

uh ufos the ultimate the ultimate

1286

00:43:28,710 --> 00:43:25,440

abduction

1287

00:43:31,829 --> 00:43:28,720

and uh it's basically whether the their

1288

00:43:34,470 --> 00:43:31,839

uh psychological or physical

1289

00:43:36,390 --> 00:43:34,480

um i i think that's what he's uh

1290

00:43:39,670 --> 00:43:36,400

wrapping up his career in writing uh

1291

00:43:42,790 --> 00:43:39,680

to to give this uh his observation

1292

00:43:45,990 --> 00:43:42,800

oh yeah he was a great great researcher

1293

00:43:47,990 --> 00:43:46,000

still going absolutely yeah absolutely

1294

00:43:49,990 --> 00:43:48,000

i've seen a lot of ray's investigation

1295

00:43:51,030 --> 00:43:50,000

reports in the files and i think mark

1296

00:43:53,910 --> 00:43:51,040

brings up a really

1297

00:43:56,069 --> 00:43:53,920

valid point you not only learn about the

1298

00:43:57,910 --> 00:43:56,079

ufo sightings but you learn i think a

1299

00:43:59,589 --> 00:43:57,920

little bit more about the investigators

1300

00:44:02,630 --> 00:43:59,599

the researchers to mark's point

1301

00:44:06,150 --> 00:44:02,640

some were extremely diligent in

1302

00:44:07,910 --> 00:44:06,160

documenting and investigating and

1303

00:44:09,349 --> 00:44:07,920

you know for those that may already

1304

00:44:11,589 --> 00:44:09,359

appreciate ray

1305

00:44:13,510 --> 00:44:11,599

like myself you start going through

1306

00:44:14,630 --> 00:44:13,520

these files your appreciation goes up

1307

00:44:16,390 --> 00:44:14,640

several notches

1308

00:44:19,109 --> 00:44:16,400

when you see the work that they've done

1309

00:44:21,510 --> 00:44:19,119

and i might add over decades

1310

00:44:23,670 --> 00:44:21,520

i mean seeing the longevity of some of

1311

00:44:25,670 --> 00:44:23,680

these investigators and researchers

1312

00:44:27,190 --> 00:44:25,680

as i always say when i do my lectures we

1313

00:44:28,710 --> 00:44:27,200

stand on the shoulder of giants we

1314

00:44:30,710 --> 00:44:28,720

meaning myself

1315

00:44:31,990 --> 00:44:30,720

i stand on the shoulder of those that

1316

00:44:33,670 --> 00:44:32,000

were able to do

1317

00:44:35,589 --> 00:44:33,680

the time and the diligence to collect

1318

00:44:37,430 --> 00:44:35,599

this data without which

1319

00:44:38,950 --> 00:44:37,440

we wouldn't have a field and that's

1320

00:44:40,470 --> 00:44:38,960

something you know martin i know we've

1321

00:44:42,710 --> 00:44:40,480

talked about that

1322

00:44:44,630 --> 00:44:42,720

on the show as well as personally

1323

00:44:47,910 --> 00:44:44,640

there's so much conjecture

1324

00:44:48,710 --> 00:44:47,920

speculation belief with regard to this

1325

00:44:51,750 --> 00:44:48,720

subject

1326

00:44:52,710 --> 00:44:51,760

at the end of the day this is what it's

1327

00:44:56,790 --> 00:44:52,720

all based on

1328

00:45:00,550 --> 00:44:56,800

data raw reports information data sets

1329

00:45:02,790 --> 00:45:00,560

without this we have nothing yeah

1330

00:45:04,470 --> 00:45:02,800

yeah and you know there's something

1331

00:45:07,750 --> 00:45:04,480

really to be said about

1332

00:45:10,309 --> 00:45:07,760

um well about you too for one um you you

1333

00:45:12,230 --> 00:45:10,319

don't do this for money you do this

1334

00:45:13,670 --> 00:45:12,240

it's it's all about you're you're

1335

00:45:17,270 --> 00:45:13,680

volunteering your time

1336

00:45:19,990 --> 00:45:17,280

and it's these your work is what puts

1337

00:45:21,030 --> 00:45:20,000

the field ahead and you know preserving

1338

00:45:22,630 --> 00:45:21,040

these files

1339

00:45:24,230 --> 00:45:22,640

and all that not not someone out there

1340

00:45:27,190 --> 00:45:24,240

that's you know trying to

1341

00:45:28,390 --> 00:45:27,200

uh go on the the speaker mode or

1342

00:45:31,430 --> 00:45:28,400

whatever to try to

1343

00:45:33,030 --> 00:45:31,440

you know to to cash in on there's not no

1344

00:45:34,790 --> 00:45:33,040

one's really making a lot of

1345

00:45:36,309 --> 00:45:34,800

any money on the field there's a little

1346

00:45:38,069 --> 00:45:36,319

misconception about that

1347

00:45:39,430 --> 00:45:38,079

no and it's funny you bring this up and

1348

00:45:40,790 --> 00:45:39,440

i'll i'll mention this

1349

00:45:42,309 --> 00:45:40,800

to you in the audience because i've

1350

00:45:43,510 --> 00:45:42,319

conveyed this to mark i think was it

1351

00:45:45,510 --> 00:45:43,520

last year mark

1352

00:45:47,510 --> 00:45:45,520

that i don't want to be one of those

1353

00:45:48,069 --> 00:45:47,520

researchers that's just lecturing to

1354

00:45:49,430 --> 00:45:48,079

lecture

1355

00:45:51,829 --> 00:45:49,440

because i know there are some that do it

1356

00:45:53,910 --> 00:45:51,839

for a living at the same time though you

1357

00:45:57,030 --> 00:45:53,920

bring up a good point

1358

00:45:58,550 --> 00:45:57,040

if i just sit on this data and i

1359

00:46:01,190 --> 00:45:58,560

you know run it through my head and i

1360

00:46:03,829 --> 00:46:01,200

try to find correlations in the data

1361

00:46:06,150 --> 00:46:03,839

what's the point that's selfish if i'm

1362

00:46:07,990 --> 00:46:06,160

just doing it for my own edification

1363

00:46:09,990 --> 00:46:08,000

at some point you want to share that

1364

00:46:11,430 --> 00:46:10,000

information and you know through

1365

00:46:13,670 --> 00:46:11,440

vehicles like your show

1366

00:46:15,109 --> 00:46:13,680

right now being able to talk about this

1367

00:46:16,870 --> 00:46:15,119

project that we're going to be

1368

00:46:18,390 --> 00:46:16,880

undertaking and or continuing to

1369

00:46:21,990 --> 00:46:18,400

undertake i should say

1370

00:46:23,589 --> 00:46:22,000

um without you know books or mediums to

1371

00:46:25,510 --> 00:46:23,599

convey that information i mean we do

1372

00:46:27,829 --> 00:46:25,520

need to get the information out there

1373

00:46:29,270 --> 00:46:27,839

but as i've told mark you know i try to

1374

00:46:30,950 --> 00:46:29,280

walk that fine line

1375

00:46:32,309 --> 00:46:30,960

i'm not cranking out a new book every

1376

00:46:34,710 --> 00:46:32,319

six months i'm not

1377

00:46:36,230 --> 00:46:34,720

you know online spinning the latest

1378

00:46:38,309 --> 00:46:36,240

conspiracy tale

1379

00:46:41,109 --> 00:46:38,319

if i feel i have valid data i will

1380

00:46:42,950 --> 00:46:41,119

present it if i don't i will not

1381

00:46:46,230 --> 00:46:42,960

we have up some questions coming in from

1382

00:46:49,030 --> 00:46:46,240

the other chat room over at kgra

1383

00:46:50,710 --> 00:46:49,040

radio and let's see is there any

1384

00:46:52,069 --> 00:46:50,720

possibility after rummaging through

1385

00:46:55,510 --> 00:46:52,079

these files

1386

00:46:57,829 --> 00:46:55,520

that at some point either mark or david

1387

00:47:00,870 --> 00:46:57,839

or other individuals for example

1388

00:47:01,589 --> 00:47:00,880

uh can display and discuss on a video

1389

00:47:03,270 --> 00:47:01,599

platform

1390

00:47:05,190 --> 00:47:03,280

well i'm glad they brought that up

1391

00:47:08,230 --> 00:47:05,200

because i do plan on coming out

1392

00:47:10,230 --> 00:47:08,240

there yeah and uh and when i do

1393

00:47:11,510 --> 00:47:10,240

we're gonna get some people together and

1394

00:47:11,829 --> 00:47:11,520

we're going to be on video we're going

1395

00:47:14,309 --> 00:47:11,839

to

1396

00:47:15,670 --> 00:47:14,319

be doing some of that i don't know how

1397

00:47:18,790 --> 00:47:15,680

much we can actually show

1398

00:47:20,470 --> 00:47:18,800

on video but i i think she's also me

1399

00:47:22,230 --> 00:47:20,480

meaning will that could it be part of a

1400

00:47:24,549 --> 00:47:22,240

video platform like a

1401
00:47:25,990 --> 00:47:24,559
like maybe a tv series or something like

1402
00:47:27,670 --> 00:47:26,000
that i mean

1403
00:47:28,870 --> 00:47:27,680
who knows i'm looking at the question

1404
00:47:30,069 --> 00:47:28,880
that that may be what it's saying

1405
00:47:31,589 --> 00:47:30,079
because like i've said if you want to

1406
00:47:33,109 --> 00:47:31,599
read look at some of the files right now

1407
00:47:34,630 --> 00:47:33,119
just go to our website and you'll see

1408
00:47:37,190 --> 00:47:34,640
original documents

1409
00:47:38,710 --> 00:47:37,200
but um if it's an ongoing series which

1410
00:47:39,349 --> 00:47:38,720
is probably what it sounds like whether

1411
00:47:41,030 --> 00:47:39,359
it's

1412
00:47:42,950 --> 00:47:41,040
yeah you know video or something that's

1413
00:47:45,270 --> 00:47:42,960

a whole different ballgame

1414

00:47:46,069 --> 00:47:45,280

yeah yeah another uh question from over

1415

00:47:48,630 --> 00:47:46,079

there how much

1416

00:47:49,829 --> 00:47:48,640

of these files are related to military

1417

00:47:53,109 --> 00:47:49,839

law enforcement

1418

00:47:56,150 --> 00:47:53,119

or what society would view as

1419

00:47:57,750 --> 00:47:56,160

credible sources you know a good

1420

00:47:58,790 --> 00:47:57,760

percentage i mean uh you know what does

1421

00:48:01,829 --> 00:47:58,800

that mean it means

1422

00:48:04,309 --> 00:48:01,839

less than 50 but you know more than uh

1423

00:48:05,990 --> 00:48:04,319

5 or 10 you know somewhere somewhere

1424

00:48:07,510 --> 00:48:06,000

closer to 10 percent than

1425

00:48:09,270 --> 00:48:07,520

50 because we are right the blue book

1426

00:48:11,750 --> 00:48:09,280

files and other

1427

00:48:13,349 --> 00:48:11,760

other military sightings are in there or

1428

00:48:16,230 --> 00:48:13,359

police and so forth

1429

00:48:17,910 --> 00:48:16,240

but uh nevertheless as we know with all

1430

00:48:21,109 --> 00:48:17,920

ufo sightings

1431

00:48:24,470 --> 00:48:21,119

the majority does come from the public

1432

00:48:24,710 --> 00:48:24,480

uh maybe good you know respectable types

1433

00:48:27,990 --> 00:48:24,720

of

1434

00:48:29,190 --> 00:48:28,000

they're in there you know that's that by

1435

00:48:30,630 --> 00:48:29,200

the way you know

1436

00:48:32,790 --> 00:48:30,640

again dave and i are bouncing back and

1437

00:48:35,030 --> 00:48:32,800

forth on this i mean i can recall

1438

00:48:36,630 --> 00:48:35,040

don't ask me the exact details and all

1439

00:48:37,510 --> 00:48:36,640

that but you know there are letters in

1440

00:48:41,109 --> 00:48:37,520

there to heinek

1441

00:48:43,510 --> 00:48:41,119

for us from yes science professors

1442

00:48:44,150 --> 00:48:43,520

or people chemistry people in industry

1443

00:48:47,030 --> 00:48:44,160

and all that

1444

00:48:48,069 --> 00:48:47,040

saying well i can't you know you i can't

1445

00:48:49,910 --> 00:48:48,079

actually use my name

1446

00:48:51,670 --> 00:48:49,920

i can't do whatever but you know this is

1447

00:48:53,270 --> 00:48:51,680

what i saw you know maybe it was 20

1448

00:48:55,030 --> 00:48:53,280

years before that and they

1449

00:48:56,390 --> 00:48:55,040

finally felt that they could go write

1450

00:48:58,790 --> 00:48:56,400

about it um

1451
00:49:00,150 --> 00:48:58,800
but with a nice detailed description of

1452
00:49:01,670 --> 00:49:00,160
what they saw because they're an

1453
00:49:03,589 --> 00:49:01,680
educated person

1454
00:49:05,270 --> 00:49:03,599
um and even if the case isn't

1455
00:49:07,510 --> 00:49:05,280
investigated that's the key

1456
00:49:09,829 --> 00:49:07,520
i mentioned this earlier you know most

1457
00:49:12,230 --> 00:49:09,839
ufo cases are not investigated

1458
00:49:13,510 --> 00:49:12,240
first first because most cases aren't

1459
00:49:15,030 --> 00:49:13,520
even reported

1460
00:49:17,430 --> 00:49:15,040
right but one of the ones that are

1461
00:49:17,910 --> 00:49:17,440
reported if you report them 10 or 15

1462
00:49:20,950 --> 00:49:17,920
years

1463
00:49:24,309 --> 00:49:20,960

after the fact and it was interesting

1464

00:49:26,390 --> 00:49:24,319

but you know it was it is what it is

1465

00:49:28,549 --> 00:49:26,400

how many organizations whether it's

1466

00:49:30,470 --> 00:49:28,559

mufon kuvos app or whoever can really go

1467

00:49:33,510 --> 00:49:30,480

back and investigate it in detail

1468

00:49:33,910 --> 00:49:33,520

yeah we don't answer can't do it but if

1469

00:49:36,549 --> 00:49:33,920

you

1470

00:49:37,589 --> 00:49:36,559

read an account from an intelligent

1471

00:49:40,309 --> 00:49:37,599

person

1472

00:49:41,670 --> 00:49:40,319

and say that's pretty impressive from

1473

00:49:44,549 --> 00:49:41,680

somebody like that

1474

00:49:45,510 --> 00:49:44,559

you know for example mike sorts on our

1475

00:49:47,750 --> 00:49:45,520

board

1476

00:49:49,589 --> 00:49:47,760

a lot of people know that name here you

1477

00:49:50,870 --> 00:49:49,599

know retired professor at western

1478

00:49:53,190 --> 00:49:50,880

michigan university

1479

00:49:54,710 --> 00:49:53,200

he and his brother had a sighting when

1480

00:49:59,670 --> 00:49:54,720

he was about 20 years old

1481

00:50:02,390 --> 00:49:59,680

from home in the daylight of a disc

1482

00:50:04,309 --> 00:50:02,400

close at hand no problem seeing it but

1483

00:50:06,069 --> 00:50:04,319

what makes it even more impressive is

1484

00:50:08,870 --> 00:50:06,079

other people were seen at the same time

1485

00:50:11,270 --> 00:50:08,880

and calling into a radio station

1486

00:50:12,950 --> 00:50:11,280

nice wow you know now that signing

1487

00:50:14,710 --> 00:50:12,960

wasn't investigated yeah it was back in

1488

00:50:17,589 --> 00:50:14,720

1960 or so

1489

00:50:18,549 --> 00:50:17,599

it was um you know there wasn't as far

1490

00:50:20,950 --> 00:50:18,559

as i know

1491

00:50:22,230 --> 00:50:20,960

mike didn't report it at the time to any

1492

00:50:23,670 --> 00:50:22,240

group and i'm not even sure who was

1493

00:50:26,870 --> 00:50:23,680

around in west virginia

1494

00:50:29,430 --> 00:50:26,880

too investigated but when i hear that

1495

00:50:31,109 --> 00:50:29,440

you know yeah i can't go to the national

1496

00:50:33,270 --> 00:50:31,119

academy of sciences with it

1497

00:50:35,349 --> 00:50:33,280

but when i hear that from people like

1498

00:50:36,630 --> 00:50:35,359

mike and others calling in i go well

1499

00:50:38,870 --> 00:50:36,640

yeah there was something there

1500

00:50:40,230 --> 00:50:38,880

and it wasn't a plane and it wasn't a

1501

00:50:42,470 --> 00:50:40,240

misperception it was

1502

00:50:44,470 --> 00:50:42,480

something real they were doing uh

1503

00:50:45,589 --> 00:50:44,480

probably that's what got him started

1504

00:50:47,510 --> 00:50:45,599

perhaps

1505

00:50:48,630 --> 00:50:47,520

yeah yeah he was already interested like

1506

00:50:51,670 --> 00:50:48,640

a lot of people

1507

00:50:55,349 --> 00:50:51,680

but certainly in fact what it did was

1508

00:50:57,750 --> 00:50:55,359

it cemented his interest in the subject

1509

00:50:59,670 --> 00:50:57,760

and it convinced him that it was real we

1510

00:51:01,670 --> 00:50:59,680

did a survey of our readers

1511

00:51:02,870 --> 00:51:01,680

many years ago like in the you know mid

1512

00:51:05,270 --> 00:51:02,880

90s

1513

00:51:06,630 --> 00:51:05,280

of our magazine international ufo

1514

00:51:08,390 --> 00:51:06,640

reporter

1515

00:51:09,990 --> 00:51:08,400

and we asked them what got you

1516

00:51:13,030 --> 00:51:10,000

interested in this

1517

00:51:14,390 --> 00:51:13,040

and about half of them said their own

1518

00:51:16,549 --> 00:51:14,400

sighting

1519

00:51:17,750 --> 00:51:16,559

and that doesn't mean right that 50 of

1520

00:51:20,630 --> 00:51:17,760

the people in the country

1521

00:51:23,109 --> 00:51:20,640

have a signing what it means is when you

1522

00:51:23,430 --> 00:51:23,119

have a sighting you become convinced

1523

00:51:25,990 --> 00:51:23,440

this

1524

00:51:27,349 --> 00:51:26,000

thing is real and then you your peaks

1525

00:51:29,270 --> 00:51:27,359

your interest and so those people are

1526

00:51:32,150 --> 00:51:29,280

more likely to join a group

1527

00:51:33,829 --> 00:51:32,160

and get involved somehow that's exactly

1528

00:51:36,870 --> 00:51:33,839

why i'm here

1529

00:51:38,549 --> 00:51:36,880

you know i would have never been here

1530

00:51:40,069 --> 00:51:38,559

if i i would not be here right now if i

1531

00:51:42,790 --> 00:51:40,079

didn't have a sighting yeah

1532

00:51:43,990 --> 00:51:42,800

i i i the odd one out by the way never

1533

00:51:46,390 --> 00:51:44,000

had a sighting that's

1534

00:51:47,589 --> 00:51:46,400

you know i i like people that have never

1535

00:51:49,589 --> 00:51:47,599

had a sighting that

1536

00:51:51,349 --> 00:51:49,599

are investigating this because you don't

1537

00:51:53,109 --> 00:51:51,359

need to have to have one

1538

00:51:55,670 --> 00:51:53,119

you know i've talked before about

1539

00:51:58,150 --> 00:51:55,680

someone in this field that invented

1540

00:51:59,349 --> 00:51:58,160

uh childhood sighting that was on my

1541

00:52:01,109 --> 00:51:59,359

show that told me he never had a

1542

00:52:03,270 --> 00:52:01,119

sighting and now he's had a sighting

1543

00:52:05,030 --> 00:52:03,280

um they're embellishing their past you

1544

00:52:07,750 --> 00:52:05,040

don't have to have a sighting

1545

00:52:09,670 --> 00:52:07,760

to do really great work in this and you

1546

00:52:12,309 --> 00:52:09,680

know like dave said earlier

1547

00:52:12,790 --> 00:52:12,319

you're building it on on the shoulders

1548

00:52:18,790 --> 00:52:12,800

of

1549

00:52:20,230 --> 00:52:18,800

i got it i got it um interested in ufos

1550

00:52:21,430 --> 00:52:20,240

like i said when i grew up in the air

1551
00:52:23,910 --> 00:52:21,440
when there were sightings

1552
00:52:25,430 --> 00:52:23,920
that were in the newspaper and they were

1553
00:52:28,309 --> 00:52:25,440
reported on radio i mean

1554
00:52:30,069 --> 00:52:28,319
people think you know be pre what

1555
00:52:32,870 --> 00:52:30,079
happened with the new york times in

1556
00:52:34,150 --> 00:52:32,880
2017 three years ago we know what it was

1557
00:52:36,790 --> 00:52:34,160
like and that is

1558
00:52:37,270 --> 00:52:36,800
nobody reports on ufo sightings but back

1559
00:52:39,670 --> 00:52:37,280
then

1560
00:52:40,630 --> 00:52:39,680
ufo sightings were in the newspaper uh

1561
00:52:43,190 --> 00:52:40,640
in my thought

1562
00:52:45,270 --> 00:52:43,200
when you think about it now so i was

1563
00:52:47,510 --> 00:52:45,280

interested along with a friend of mine

1564

00:52:48,470 --> 00:52:47,520

and i began to read the books that were

1565

00:52:50,390 --> 00:52:48,480

available which were

1566

00:52:51,750 --> 00:52:50,400

you know not good for the most part

1567

00:52:53,349 --> 00:52:51,760

because my library didn't have

1568

00:52:55,270 --> 00:52:53,359

amy michelle's book it had george

1569

00:52:57,190 --> 00:52:55,280

adamsky's book and so forth

1570

00:52:58,829 --> 00:52:57,200

but when i got more seriously interested

1571

00:53:00,150 --> 00:52:58,839

and for me that was like fifth or sixth

1572

00:53:03,030 --> 00:53:00,160

grade

1573

00:53:04,309 --> 00:53:03,040

i i didn't want to become a ufologist

1574

00:53:04,630 --> 00:53:04,319

because what was that i wanted to become

1575

00:53:06,230 --> 00:53:04,640

an

1576

00:53:08,069 --> 00:53:06,240

astronomer which is why i got my

1577

00:53:10,309 --> 00:53:08,079

bachelor's degree in astrophysics

1578

00:53:12,230 --> 00:53:10,319

but what i did do was approach the ufo

1579

00:53:15,270 --> 00:53:12,240

subject exactly as i

1580

00:53:16,950 --> 00:53:15,280

approached astrophysics which is it's a

1581

00:53:19,349 --> 00:53:16,960

scientific problem

1582

00:53:21,190 --> 00:53:19,359

to be investigated and of course i

1583

00:53:23,030 --> 00:53:21,200

didn't quite think that you know exactly

1584

00:53:23,510 --> 00:53:23,040

that way as a as a you know in sixth

1585

00:53:25,910 --> 00:53:23,520

grade

1586

00:53:27,589 --> 00:53:25,920

but as i as i grew older i did i said

1587

00:53:28,470 --> 00:53:27,599

well ufos are just like anything else in

1588

00:53:30,309 --> 00:53:28,480

science

1589

00:53:31,750 --> 00:53:30,319

uh with one exception i'll get to in two

1590

00:53:33,190 --> 00:53:31,760

seconds but but they're just like

1591

00:53:35,670 --> 00:53:33,200

anything else in science

1592

00:53:37,030 --> 00:53:35,680

i'm interested in in the galaxies and

1593

00:53:38,790 --> 00:53:37,040

stars and the planets i'm interested in

1594

00:53:41,109 --> 00:53:38,800

ufos it's the same problem

1595

00:53:42,069 --> 00:53:41,119

the exception is this i've done a lot of

1596

00:53:43,829 --> 00:53:42,079

different scientific

1597

00:53:46,150 --> 00:53:43,839

studies in my career and i shifted over

1598

00:53:47,750 --> 00:53:46,160

to the social sciences and now i'm in

1599

00:53:49,510 --> 00:53:47,760

working in clinical research and

1600

00:53:51,750 --> 00:53:49,520

medicine

1601
00:53:53,750 --> 00:53:51,760
there is nothing harder to do than study

1602
00:53:55,270 --> 00:53:53,760
ufos

1603
00:53:57,190 --> 00:53:55,280
everything else is much easier than

1604
00:54:00,309 --> 00:53:57,200
studying ufos

1605
00:54:02,950 --> 00:54:00,319
yeah it's uh it's so evasive

1606
00:54:03,990 --> 00:54:02,960
you know i mean it's so by chance that

1607
00:54:06,710 --> 00:54:04,000
you'd actually

1608
00:54:09,270 --> 00:54:06,720
you know people actually have these

1609
00:54:12,309 --> 00:54:09,280
these sightings for one

1610
00:54:13,990 --> 00:54:12,319
nothing thing can capture and with solid

1611
00:54:17,270 --> 00:54:14,000
evidence it's uh

1612
00:54:18,870 --> 00:54:17,280
evading um we have this question up and

1613
00:54:20,630 --> 00:54:18,880

this is for dave but dave i think you

1614

00:54:22,069 --> 00:54:20,640

answered this didn't you earlier

1615

00:54:24,390 --> 00:54:22,079

did you find any triangles from the

1616

00:54:27,030 --> 00:54:24,400

1950s yes and

1617

00:54:29,030 --> 00:54:27,040

again i've just begun really starting to

1618

00:54:30,230 --> 00:54:29,040

go through the files in the last month

1619

00:54:31,750 --> 00:54:30,240

or so

1620

00:54:33,510 --> 00:54:31,760

i found a number of those which i've

1621

00:54:35,190 --> 00:54:33,520

actually posted on facebook recently

1622

00:54:38,789 --> 00:54:35,200

there were a number of them from

1623

00:54:39,910 --> 00:54:38,799

specifically 1957. hazelton pennsylvania

1624

00:54:43,109 --> 00:54:39,920

was one

1625

00:54:46,150 --> 00:54:43,119

uh i also found one from 65 over

1626
00:54:47,109 --> 00:54:46,160
puget sound which was in a newspaper

1627
00:54:49,349 --> 00:54:47,119
article

1628
00:54:50,549 --> 00:54:49,359
and it was interesting i i looked at

1629
00:54:52,390 --> 00:54:50,559
that and i

1630
00:54:54,870 --> 00:54:52,400
did a little bit of research just just

1631
00:54:56,470 --> 00:54:54,880
cursory review of puget sound

1632
00:54:58,549 --> 00:54:56,480
and interesting interestingly enough

1633
00:55:00,470 --> 00:54:58,559
1965 was the first year that they

1634
00:55:02,710 --> 00:55:00,480
started doing maintenance on nuclear

1635
00:55:04,390 --> 00:55:02,720
naval vessels so i'm not saying that

1636
00:55:06,150 --> 00:55:04,400
there's a connection there but we know

1637
00:55:07,910 --> 00:55:06,160
historically there does seem to be some

1638
00:55:10,710 --> 00:55:07,920

type of correlation with

1639

00:55:11,430 --> 00:55:10,720

nuclear weapons nuclear storage areas

1640

00:55:14,870 --> 00:55:11,440

nuclear

1641

00:55:17,190 --> 00:55:14,880

you know uh vehicles uh

1642

00:55:18,549 --> 00:55:17,200

nuclear submarines and such so i found

1643

00:55:20,710 --> 00:55:18,559

that to be interesting so

1644

00:55:21,750 --> 00:55:20,720

yes i'm finding a number of those from

1645

00:55:24,309 --> 00:55:21,760

the 50s and

1646

00:55:25,829 --> 00:55:24,319

and actually several from the 60s i just

1647

00:55:29,030 --> 00:55:25,839

found one this morning

1648

00:55:30,549 --> 00:55:29,040

actually and so um you know they always

1649

00:55:31,750 --> 00:55:30,559

say the truth is out there well i say

1650

00:55:34,069 --> 00:55:31,760

the truth is in here

1651
00:55:35,589 --> 00:55:34,079
and uh there's so much data to go

1652
00:55:39,030 --> 00:55:35,599
through as mark will attest

1653
00:55:40,230 --> 00:55:39,040
and uh i i it's just it's exciting as

1654
00:55:41,829 --> 00:55:40,240
well because uh

1655
00:55:44,470 --> 00:55:41,839
i don't think mark and i or i touched on

1656
00:55:48,390 --> 00:55:44,480
this the the kufos files

1657
00:55:50,950 --> 00:55:48,400
are catalogued chronologically and

1658
00:55:51,750 --> 00:55:50,960
in absence of having a quote unquote

1659
00:55:54,309 --> 00:55:51,760
database

1660
00:55:54,950 --> 00:55:54,319
to use it's interesting if you find an

1661
00:55:58,549 --> 00:55:54,960
interesting

1662
00:56:00,950 --> 00:55:58,559
case file because in the context of time

1663
00:56:02,069 --> 00:56:00,960

you can see what else was being reported

1664

00:56:04,630 --> 00:56:02,079

either

1665

00:56:05,430 --> 00:56:04,640

nationwide or worldwide around that same

1666

00:56:07,270 --> 00:56:05,440

time frame

1667

00:56:09,349 --> 00:56:07,280

so it at least gives you some some

1668

00:56:11,829 --> 00:56:09,359

temporal context if you will

1669

00:56:14,309 --> 00:56:11,839

i see well we're ready to go into break

1670

00:56:16,390 --> 00:56:14,319

and when we come back i would like to

1671

00:56:17,670 --> 00:56:16,400

talk to you in detail because we do have

1672

00:56:20,390 --> 00:56:17,680

a lot of new listeners

1673

00:56:22,309 --> 00:56:20,400

uh about some of the cases and then

1674

00:56:23,910 --> 00:56:22,319

eventually we're gonna get into more

1675

00:56:26,230 --> 00:56:23,920

contemporary cases

1676

00:56:27,990 --> 00:56:26,240

and take calls in the last half hour so

1677

00:56:29,670 --> 00:56:28,000

we're ready to go into break and

1678

00:56:31,829 --> 00:56:29,680

right now i'm going to play a clip

1679

00:56:34,950 --> 00:56:31,839

during the break here on youtube

1680

00:56:37,510 --> 00:56:34,960

with jay allen heineck and rod serling

1681

00:56:38,309 --> 00:56:37,520

is presenting him so hang in everyone

1682

00:56:40,870 --> 00:56:38,319

we'll be right back

1683

00:56:42,789 --> 00:56:40,880

right after these messages over at kgr

1684

00:56:45,670 --> 00:56:42,799

radio

1685

00:56:47,910 --> 00:56:45,680

the cia now would enter the picture by

1686

00:56:50,309 --> 00:56:47,920

convening a panel of top scientists to

1687

00:56:52,870 --> 00:56:50,319

examine the ufo phenomena

1688

00:56:54,789 --> 00:56:52,880

the cia's concern was that recent waves

1689

00:56:56,710 --> 00:56:54,799

of sightings might constitute a threat

1690

00:56:58,870 --> 00:56:56,720

to our national security

1691

00:57:01,190 --> 00:56:58,880

the thinking was that the enemy could

1692

00:57:03,030 --> 00:57:01,200

exploit ufos as a decoy in the

1693

00:57:04,309 --> 00:57:03,040

preparation for an attack on the united

1694

00:57:06,390 --> 00:57:04,319

states

1695

00:57:08,549 --> 00:57:06,400

five outstanding scientists and various

1696

00:57:10,829 --> 00:57:08,559

air force and cia representatives will

1697

00:57:13,589 --> 00:57:10,839

meet on wednesday january 14

1698

00:57:15,349 --> 00:57:13,599

1953 among the panel members was one

1699

00:57:17,030 --> 00:57:15,359

associate member who was destined to

1700

00:57:17,750 --> 00:57:17,040

have more experience with the ufo

1701
00:57:19,430 --> 00:57:17,760
phenomena

1702
00:57:20,789 --> 00:57:19,440
than any other american scientist to

1703
00:57:23,190 --> 00:57:20,799
date dr j

1704
00:57:24,549 --> 00:57:23,200
alan heineck astrophysicist and head of

1705
00:57:28,230 --> 00:57:24,559
the astronomy department

1706
00:57:31,270 --> 00:57:29,589
i was called into the meeting on

1707
00:57:33,589 --> 00:57:31,280
thursday

1708
00:57:34,950 --> 00:57:33,599
the panel members were seated around

1709
00:57:37,190 --> 00:57:34,960
this table

1710
00:57:39,430 --> 00:57:37,200
it was a rather somber and impressive

1711
00:57:41,510 --> 00:57:39,440
occasion actually

1712
00:57:42,630 --> 00:57:41,520
i was a junior member and i remember

1713
00:57:44,870 --> 00:57:42,640

feeling considerably

1714

00:57:46,230 --> 00:57:44,880

nervous and apprehensive about being in

1715

00:57:49,030 --> 00:57:46,240

front of this powerhouse of

1716

00:57:50,150 --> 00:57:49,040

scientists but then for the past four

1717

00:57:51,910 --> 00:57:50,160

years i had been

1718

00:57:54,549 --> 00:57:51,920

scientific advisor to the us air force

1719

00:57:56,390 --> 00:57:54,559

on this very problem there were

1720

00:57:59,589 --> 00:57:56,400

two films that were of particular

1721

00:58:02,789 --> 00:57:59,599

interest to the panel at that time

1722

00:58:04,789 --> 00:58:02,799

one was a film taken by a navy officer

1723

00:58:06,789 --> 00:58:04,799

while on vacation in utah near tremonton

1724

00:58:08,950 --> 00:58:06,799

utah and the other was a film taken in

1725

00:58:12,549 --> 00:58:08,960

great falls montana

1726
00:58:15,030 --> 00:58:12,559
by the owner of the local baseball team

1727
00:58:15,990 --> 00:58:15,040
the utah film had already been subjected

1728
00:58:18,870 --> 00:58:16,000
to some

1729
00:58:20,829 --> 00:58:18,880
thousand or so man hours of analysis by

1730
00:58:27,750 --> 00:58:20,839
the navy's photographic interpretation

1731
00:58:31,910 --> 00:58:30,470
so the panel got up from their chairs

1732
00:58:33,430 --> 00:58:31,920
and crouched around the

1733
00:58:34,870 --> 00:58:33,440
walls and family films they asked to

1734
00:58:37,270 --> 00:58:34,880
have the films run several times as a

1735
00:58:39,990 --> 00:58:37,280
matter of fact

1736
00:58:41,430 --> 00:58:40,000
now the navy had on the basis of their

1737
00:58:44,069 --> 00:58:41,440
detailed analysis

1738
00:58:45,510 --> 00:58:44,079

of the utah films they had concluded

1739

00:58:45,990 --> 00:58:45,520

that the objects shown on the films

1740

00:58:48,309 --> 00:58:46,000

could not

1741

00:58:50,230 --> 00:58:48,319

be birds balloons aircraft and so forth

1742

00:58:54,710 --> 00:58:50,240

but indeed that they were self-luminous

1743

00:58:58,150 --> 00:58:57,030

despite this conclusion the panel

1744

00:59:00,390 --> 00:58:58,160

rejected it

1745

00:59:02,549 --> 00:59:00,400

and concluded that the objects were

1746

00:59:06,789 --> 00:59:02,559

birds they couldn't be unidentified

1747

00:59:10,309 --> 00:59:08,950

i came away from the meeting and from

1748

00:59:13,829 --> 00:59:10,319

the room with the

1749

00:59:16,950 --> 00:59:13,839

distinct feeling however that the panel

1750

00:59:20,470 --> 00:59:16,960

had deliberately moved to debunk

1751

00:59:23,349 --> 00:59:20,480

the whole subject and not to give it

1752

00:59:25,750 --> 00:59:23,359

the serious scientific attention which

1753

00:59:29,270 --> 00:59:25,760

it deserved

1754

00:59:33,510 --> 00:59:29,280

three two one

1755

00:59:36,870 --> 00:59:33,520

all right welcome back to the show um

1756

00:59:39,670 --> 00:59:36,880

my guests this evening we have uh mark

1757

00:59:41,030 --> 00:59:39,680

uh rudiger and david marlar welcome to

1758

00:59:44,309 --> 00:59:41,040

the show guys

1759

00:59:47,349 --> 00:59:44,319

thank you welcome back hi again uh

1760

00:59:48,230 --> 00:59:47,359

love that uh that old clip of uh jay

1761

00:59:50,710 --> 00:59:48,240

allen heineck

1762

00:59:51,589 --> 00:59:50,720

a little blurry but still uh watching

1763

00:59:53,270 --> 00:59:51,599

yeah

1764

00:59:54,870 --> 00:59:53,280

nice to see him i still miss him after

1765

00:59:57,190 --> 00:59:54,880

all this time

1766

00:59:58,549 --> 00:59:57,200

i everyone that talks about him all say

1767

01:00:01,510 --> 00:59:58,559

the same thing

1768

01:00:02,950 --> 01:00:01,520

yeah um are you in touch did you ever

1769

01:00:05,829 --> 01:00:02,960

talk to uh jay and

1770

01:00:07,270 --> 01:00:05,839

the i'm not um not jay paul oh yeah yes

1771

01:00:07,829 --> 01:00:07,280

i yeah i am still in touch with the

1772

01:00:11,349 --> 01:00:07,839

family

1773

01:00:13,190 --> 01:00:11,359

uh yeah so sure yeah third grade

1774

01:00:16,230 --> 01:00:13,200

yeah i knew paul i knew paul when he was

1775

01:00:19,990 --> 01:00:17,829

running around the house doing doing

1776

01:00:22,309 --> 01:00:20,000

crazy stuff like kids do

1777

01:00:23,510 --> 01:00:22,319

yeah yeah yeah he talks about the story

1778

01:00:26,069 --> 01:00:23,520

of uh

1779

01:00:26,710 --> 01:00:26,079

he was he answered the phone when uh

1780

01:00:30,470 --> 01:00:26,720

hixon

1781

01:00:33,750 --> 01:00:30,480

and uh and uh oh god i'm drawing a blank

1782

01:00:35,030 --> 01:00:33,760

parker yeah calvin parker called uh he

1783

01:00:36,069 --> 01:00:35,040

answered the phone and wrote it on the

1784

01:00:39,349 --> 01:00:36,079

chalkboard

1785

01:00:41,589 --> 01:00:39,359

like hey he remembered it and uh well

1786

01:00:43,670 --> 01:00:41,599

yeah you know but yeah that uh though

1787

01:00:45,750 --> 01:00:43,680

the whole family was involved in a way

1788

01:00:47,030 --> 01:00:45,760

just because you you had to be involved

1789

01:00:48,710 --> 01:00:47,040

in the sense that

1790

01:00:50,950 --> 01:00:48,720

that you know people came to the house

1791

01:00:52,630 --> 01:00:50,960

regularly because the house often served

1792

01:00:54,309 --> 01:00:52,640

as the center the the center had its

1793

01:00:54,789 --> 01:00:54,319

office in several spots over the years

1794

01:00:57,349 --> 01:00:54,799

and

1795

01:00:58,470 --> 01:00:57,359

part of the time it was his house um on

1796

01:01:00,789 --> 01:00:58,480

the third floor

1797

01:01:02,710 --> 01:01:00,799

i'm sorry second floor and so people

1798

01:01:04,950 --> 01:01:02,720

would naturally show up with a house uh

1799

01:01:06,630 --> 01:01:04,960

you know the uh father gill from the

1800

01:01:08,390 --> 01:01:06,640

famous uh you know

1801
01:01:09,910 --> 01:01:08,400
gil signing uh came to the house where i

1802
01:01:11,349 --> 01:01:09,920
met him and we sat in the living room

1803
01:01:13,510 --> 01:01:11,359
and talked and so

1804
01:01:14,470 --> 01:01:13,520
you know mimi served her uh you know

1805
01:01:17,270 --> 01:01:14,480
hors d'oeuvres

1806
01:01:18,150 --> 01:01:17,280
uh and uh you know i it was it was great

1807
01:01:21,190 --> 01:01:18,160
fun

1808
01:01:22,630 --> 01:01:21,200
uh in every possible way back then yeah

1809
01:01:25,190 --> 01:01:22,640
yeah i remember paul was talking about

1810
01:01:26,630 --> 01:01:25,200
father gill so anyone that hasn't heard

1811
01:01:28,230 --> 01:01:26,640
about that case it's really really

1812
01:01:30,950 --> 01:01:28,240
interesting you can google it

1813
01:01:32,309 --> 01:01:30,960

and uh it was is quite a sighting where

1814

01:01:35,109 --> 01:01:32,319

there was interaction

1815

01:01:36,710 --> 01:01:35,119

between some type of beings on top of a

1816

01:01:38,870 --> 01:01:36,720

craft with a

1817

01:01:40,870 --> 01:01:38,880

interaction that with a flashlight uh

1818

01:01:44,230 --> 01:01:40,880

really multiple witnesses

1819

01:01:46,950 --> 01:01:44,240

kids many many witnesses right there

1820

01:01:47,990 --> 01:01:46,960

yes yes several witnesses over a long

1821

01:01:51,190 --> 01:01:48,000

period of time

1822

01:01:53,430 --> 01:01:51,200

uh you know long enough that um

1823

01:01:55,510 --> 01:01:53,440

basically it's either what they said it

1824

01:01:57,430 --> 01:01:55,520

is or they're making it up completely

1825

01:02:01,109 --> 01:01:57,440

because there's no alternative

1826
01:02:02,150 --> 01:02:01,119
yeah um do you know the basic details do

1827
01:02:04,069 --> 01:02:02,160
you want to talk again

1828
01:02:05,990 --> 01:02:04,079
we do have a lot of new listeners that

1829
01:02:07,349 --> 01:02:06,000
are just curious about cases that have

1830
01:02:10,470 --> 01:02:07,359
never heard them before

1831
01:02:11,190 --> 01:02:10,480
i don't know the any of the deep details

1832
01:02:13,109 --> 01:02:11,200
but i mean

1833
01:02:15,589 --> 01:02:13,119
i'm asking you to to wing it here if you

1834
01:02:18,630 --> 01:02:15,599
happen to know a lot about that case

1835
01:02:21,829 --> 01:02:18,640
the gill case yeah oh yes

1836
01:02:23,029 --> 01:02:21,839
um i don't know yeah it was i think 58

1837
01:02:25,029 --> 01:02:23,039
dave maybe you can i don't know if it

1838
01:02:26,390 --> 01:02:25,039

was 58 or 59 but it was

1839

01:02:28,390 --> 01:02:26,400

you know one of those two years i

1840

01:02:30,230 --> 01:02:28,400

believe and martin you could

1841

01:02:31,589 --> 01:02:30,240

quickly google it and find out but

1842

01:02:34,950 --> 01:02:31,599

essentially this is in

1843

01:02:36,789 --> 01:02:34,960

uh in papua new guinea uh where

1844

01:02:38,950 --> 01:02:36,799

uh father gill the you know the reverend

1845

01:02:41,589 --> 01:02:38,960

gill actually wherever i said father

1846

01:02:43,750 --> 01:02:41,599

reverend gill uh was there you know

1847

01:02:45,510 --> 01:02:43,760

missionary into the natives the classic

1848

01:02:47,190 --> 01:02:45,520

you know thing that people do

1849

01:02:49,109 --> 01:02:47,200

uh except it wasn't the middle of the

1850

01:02:51,029 --> 01:02:49,119

jungle and it wasn't you know man-eating

1851

01:02:53,109 --> 01:02:51,039

or you know cannibals but uh

1852

01:02:54,150 --> 01:02:53,119

so he was at a mission school and all

1853

01:02:56,870 --> 01:02:54,160

that stuff

1854

01:02:58,069 --> 01:02:56,880

but on an evening uh you know somebody

1855

01:03:00,470 --> 01:02:58,079

came running into

1856

01:03:02,069 --> 01:03:00,480

uh and said there's something out here

1857

01:03:03,990 --> 01:03:02,079

that's unusual

1858

01:03:05,349 --> 01:03:04,000

um and you know let's go let's let's

1859

01:03:07,270 --> 01:03:05,359

take a look and so

1860

01:03:08,470 --> 01:03:07,280

gil went out they're very good there he

1861

01:03:11,430 --> 01:03:08,480

is and uh

1862

01:03:12,630 --> 01:03:11,440

saw and this is a great that yeah yeah

1863

01:03:14,630 --> 01:03:12,640

you leave it up for a second

1864

01:03:15,670 --> 01:03:14,640

martin if you would so i can describe it

1865

01:03:17,829 --> 01:03:15,680

so um

1866

01:03:18,870 --> 01:03:17,839

this artist's impression is is accurate

1867

01:03:22,390 --> 01:03:18,880

enough

1868

01:03:23,829 --> 01:03:22,400

so you have the uh gill and the natives

1869

01:03:27,109 --> 01:03:23,839

and there were several

1870

01:03:29,829 --> 01:03:27,119

you know uh standing there watching

1871

01:03:31,670 --> 01:03:29,839

a disc shaped object a fairly classic

1872

01:03:32,710 --> 01:03:31,680

disc shaped object not with the dome but

1873

01:03:36,789 --> 01:03:32,720

with kind of a

1874

01:03:39,109 --> 01:03:36,799

rounded raised area you know on the top

1875

01:03:41,190 --> 01:03:39,119

and it was lit and there was a light

1876

01:03:43,750 --> 01:03:41,200

beam coming from it at times

1877

01:03:45,829 --> 01:03:43,760

um and the that that's good enough right

1878

01:03:47,589 --> 01:03:45,839

and it wasn't too high i don't know 1000

1879

01:03:48,549 --> 01:03:47,599

feet 2000 feet you know somewhere in

1880

01:03:50,230 --> 01:03:48,559

that range

1881

01:03:51,829 --> 01:03:50,240

and sitting there moving around a little

1882

01:03:55,190 --> 01:03:51,839

bit but

1883

01:03:56,950 --> 01:03:55,200

then figures came out onto uh

1884

01:03:58,549 --> 01:03:56,960

this raised area where there were

1885

01:04:01,029 --> 01:03:58,559

railings um

1886

01:04:03,589 --> 01:04:01,039

and looked down at them and yes at some

1887

01:04:05,670 --> 01:04:03,599

point there appeared to be contact

1888

01:04:07,829 --> 01:04:05,680

between the group on the ground and the

1889

01:04:09,190 --> 01:04:07,839

group on the flying saucer what and

1890

01:04:10,870 --> 01:04:09,200

you know we can use the word flying

1891

01:04:13,829 --> 01:04:10,880

software in this case can't we

1892

01:04:15,109 --> 01:04:13,839

there that's a little more stylized but

1893

01:04:17,750 --> 01:04:15,119

it captures the thing

1894

01:04:18,870 --> 01:04:17,760

and um you know that is what was

1895

01:04:21,430 --> 01:04:18,880

reported

1896

01:04:23,829 --> 01:04:21,440

um and um there are there were sightings

1897

01:04:26,150 --> 01:04:23,839

of other days and you know but but the

1898

01:04:27,190 --> 01:04:26,160

you know this was the main signing seen

1899

01:04:29,349 --> 01:04:27,200

by lots of people

1900

01:04:31,589 --> 01:04:29,359

seeing over a blah how long a period of

1901

01:04:34,789 --> 01:04:31,599

time was 45 minutes dave something

1902

01:04:36,309 --> 01:04:34,799

like at least i believe mark yeah and

1903

01:04:38,549 --> 01:04:36,319

and you know it was dusk and then it got

1904

01:04:39,670 --> 01:04:38,559

to be darker but the point is is that

1905

01:04:41,589 --> 01:04:39,680

you know if you stand and watch

1906

01:04:43,430 --> 01:04:41,599

something for 45 minutes there's 2 000

1907

01:04:45,430 --> 01:04:43,440

feet up in the air

1908

01:04:47,750 --> 01:04:45,440

you can pretty much tell right there

1909

01:04:49,109 --> 01:04:47,760

that that you know what it was

1910

01:04:51,910 --> 01:04:49,119

like and there you go this is his

1911

01:04:55,270 --> 01:04:51,920

drawing he was a good enough artist

1912

01:04:58,230 --> 01:04:55,280

you know that's what they saw and

1913

01:05:00,630 --> 01:04:58,240

you tell me what that was if it wasn't

1914

01:05:03,750 --> 01:05:00,640

what it appears to be

1915

01:05:06,390 --> 01:05:03,760

yeah 45 minutes i've i've had and that's

1916

01:05:09,670 --> 01:05:06,400

amazing that lasted so long

1917

01:05:12,390 --> 01:05:09,680

59 yeah i know it's 58 or 59 so 59. yeah

1918

01:05:12,950 --> 01:05:12,400

we won't go into the crazy skeptics um

1919

01:05:14,630 --> 01:05:12,960

you know

1920

01:05:16,230 --> 01:05:14,640

explanations about what it could have

1921

01:05:19,750 --> 01:05:16,240

been because you know

1922

01:05:20,470 --> 01:05:19,760

they're all crazy um but on the other

1923

01:05:22,470 --> 01:05:20,480

hand

1924

01:05:24,069 --> 01:05:22,480

it happened in papua new guinea of all

1925

01:05:26,549 --> 01:05:24,079

places meaning

1926

01:05:28,069 --> 01:05:26,559

there's no on-site investigation you

1927

01:05:30,390 --> 01:05:28,079

know dr heineck because he went

1928

01:05:32,950 --> 01:05:30,400

everywhere and i'm not exaggerating

1929

01:05:34,630 --> 01:05:32,960

went there you know uh you know like in

1930

01:05:36,230 --> 01:05:34,640

the early 70s or something when he went

1931

01:05:38,150 --> 01:05:36,240

on a trip to australia and said i'd like

1932

01:05:40,870 --> 01:05:38,160

to go there too so of course he did

1933

01:05:43,190 --> 01:05:40,880

but that didn't do you know help so no

1934

01:05:45,990 --> 01:05:43,200

on-site investigation was done

1935

01:05:47,109 --> 01:05:46,000

uh but you have this you know the man of

1936

01:05:48,789 --> 01:05:47,119

the cloth

1937

01:05:50,150 --> 01:05:48,799

witnessing this along with other people

1938

01:05:51,910 --> 01:05:50,160

whose statements were taken

1939

01:05:53,910 --> 01:05:51,920

and some other you know corroborating

1940

01:05:56,309 --> 01:05:53,920

stuff but sightings at the time

1941

01:05:58,309 --> 01:05:56,319

so it's thought of as a fabulous case

1942

01:06:00,230 --> 01:05:58,319

because of those things

1943

01:06:02,630 --> 01:06:00,240

if you're looking for fabulous cases

1944

01:06:04,950 --> 01:06:02,640

that are investigated well

1945

01:06:06,549 --> 01:06:04,960

you know it's it wasn't not in the way

1946

01:06:09,750 --> 01:06:06,559

that ray fowler would do it

1947

01:06:11,670 --> 01:06:09,760

but there you go yeah and

1948

01:06:13,270 --> 01:06:11,680

this question up here how can they be on

1949

01:06:16,309 --> 01:06:13,280

the outside of the craft

1950

01:06:18,069 --> 01:06:16,319

not the only one there's other cases

1951

01:06:21,109 --> 01:06:18,079

where people have talked about

1952

01:06:23,990 --> 01:06:21,119

well for instance um in

1953

01:06:25,190 --> 01:06:24,000

the ariel school incident you know some

1954

01:06:27,750 --> 01:06:25,200

of them claim that they were

1955

01:06:29,349 --> 01:06:27,760

or was standing on top of the craft

1956

01:06:32,309 --> 01:06:29,359

which is pretty strange

1957

01:06:33,270 --> 01:06:32,319

it is strange yeah it is strange and we

1958

01:06:37,430 --> 01:06:33,280

know

1959

01:06:39,990 --> 01:06:37,440

uh that the the behavior of ufos

1960

01:06:40,470 --> 01:06:40,000

itself the objects and then the behavior

1961

01:06:42,630 --> 01:06:40,480

of the

1962

01:06:44,630 --> 01:06:42,640

the entities is the word i like to use

1963

01:06:47,589 --> 01:06:44,640

associated with the objects

1964

01:06:48,870 --> 01:06:47,599

at times maybe more more than at times

1965

01:06:50,710 --> 01:06:48,880

is strange

1966

01:06:52,069 --> 01:06:50,720

it in it is the kind of thing that is

1967

01:06:53,750 --> 01:06:52,079

confusing it's the kind of thing that

1968

01:06:54,150 --> 01:06:53,760

makes people like jacques vali come up

1969

01:06:57,670 --> 01:06:54,160

with

1970

01:07:00,309 --> 01:06:57,680

what's going on

1971

01:07:02,150 --> 01:07:00,319

because in fact yes the the behaviors

1972

01:07:04,950 --> 01:07:02,160

don't make sense to us

1973

01:07:07,750 --> 01:07:04,960

um like the case in belgium where a

1974

01:07:08,789 --> 01:07:07,760

guy's motorcycle was stopped by a ufo at

1975

01:07:10,390 --> 01:07:08,799

least you know it stopped in the

1976

01:07:13,589 --> 01:07:10,400

presence of a ufo

1977

01:07:15,670 --> 01:07:13,599

and an entity came toward him that

1978

01:07:17,029 --> 01:07:15,680

seemed a little bit like possibly a

1979

01:07:19,029 --> 01:07:17,039

robot or not

1980

01:07:20,789 --> 01:07:19,039

and walked up to him and this guy was as

1981

01:07:22,549 --> 01:07:20,799

you imagine totally frightened

1982

01:07:26,950 --> 01:07:22,559

and handed him what appeared to be a

1983

01:07:31,029 --> 01:07:29,270

um and then walked away back to the ufo

1984

01:07:34,309 --> 01:07:31,039

which had landed on the ground

1985

01:07:34,710 --> 01:07:34,319

so you know yes that's confusing isn't

1986

01:07:37,349 --> 01:07:34,720

it

1987

01:07:39,829 --> 01:07:37,359

um so um so standing on the outside of

1988

01:07:41,270 --> 01:07:39,839

the ufo quite frankly is fairly tame

1989

01:07:43,190 --> 01:07:41,280

how could they physically do it you know

1990

01:07:45,430 --> 01:07:43,200

this is just a ufo hovering in space it

1991

01:07:46,789 --> 01:07:45,440

wasn't moving violently around when they

1992

01:07:48,549 --> 01:07:46,799

were standing there so

1993

01:07:50,630 --> 01:07:48,559

you know you you and i could have stood

1994

01:07:51,910 --> 01:07:50,640

there uh you know if we had a railing

1995

01:07:54,549 --> 01:07:51,920

hang on to

1996

01:07:55,190 --> 01:07:54,559

yeah yeah and when the thing moved back

1997

01:07:57,589 --> 01:07:55,200

and forth

1998

01:07:59,029 --> 01:07:57,599

with the flashlight that is really

1999

01:08:01,990 --> 01:07:59,039

something

2000

01:08:02,710 --> 01:08:02,000

you know really interesting yeah i

2001

01:08:06,390 --> 01:08:02,720

remember i

2002

01:08:08,150 --> 01:08:06,400

was talking to greg bishop um about

2003

01:08:10,390 --> 01:08:08,160

you know cases and one of the things he

2004

01:08:11,349 --> 01:08:10,400

said was someone said they drove by and

2005

01:08:13,430 --> 01:08:11,359

they saw

2006

01:08:14,549 --> 01:08:13,440

you know the strange there was a teddy

2007

01:08:16,390 --> 01:08:14,559

bear and plaid on

2008

01:08:18,390 --> 01:08:16,400

on the porch and he said no wait a

2009

01:08:21,269 --> 01:08:18,400

minute that's important

2010

01:08:22,630 --> 01:08:21,279

it's unusual he says anything that's

2011

01:08:25,669 --> 01:08:22,640

really odd

2012

01:08:27,669 --> 01:08:25,679

you know write it down document it um

2013

01:08:29,430 --> 01:08:27,679

you know it doesn't make any sense

2014

01:08:31,749 --> 01:08:29,440

but there's so many things when people

2015

01:08:35,269 --> 01:08:31,759

are talking about ufo cases that

2016

01:08:36,709 --> 01:08:35,279

absolutely make no sense well conversely

2017

01:08:38,070 --> 01:08:36,719

martin if i might just use that as a

2018

01:08:40,309 --> 01:08:38,080

springboard i i've

2019

01:08:41,829 --> 01:08:40,319

come across about three reports recently

2020

01:08:43,110 --> 01:08:41,839

and by recently i mean in the last three

2021

01:08:46,149 --> 01:08:43,120

to four weeks

2022

01:08:48,149 --> 01:08:46,159

of people shooting at ufos and of course

2023

01:08:49,590 --> 01:08:48,159

we've heard these cases before

2024

01:08:51,669 --> 01:08:49,600

but some of these were relatively

2025

01:08:53,829 --> 01:08:51,679

obscure that i had not heard about and

2026

01:08:55,269 --> 01:08:53,839

you know mark probably knows more since

2027

01:08:55,990 --> 01:08:55,279

he has insight into what's in those

2028

01:08:57,590 --> 01:08:56,000

files

2029

01:08:59,669 --> 01:08:57,600

yeah there's the famous one from north

2030

01:09:01,110 --> 01:08:59,679

dakota uh that

2031

01:09:03,430 --> 01:09:01,120

would that occurred during the blue book

2032

01:09:05,510 --> 01:09:03,440

era so alan heineck did look into it

2033

01:09:07,030 --> 01:09:05,520

yeah and there was one from 64 right

2034

01:09:08,390 --> 01:09:07,040

around the time of socorro here in

2035

01:09:09,829 --> 01:09:08,400

edgewood new mexico which is on the

2036

01:09:10,390 --> 01:09:09,839

other side of the sandia mountains from

2037

01:09:13,189 --> 01:09:10,400

where i'm

2038

01:09:15,349 --> 01:09:13,199

i am at right now and a gentleman uh

2039

01:09:17,749 --> 01:09:15,359

shot at a ufo and so

2040

01:09:19,510 --> 01:09:17,759

i i was thinking mark rather humorously

2041

01:09:20,390 --> 01:09:19,520

one could almost do a whole lecture just

2042

01:09:24,149 --> 01:09:20,400

on

2043

01:09:27,430 --> 01:09:24,159

have regarding ufos

2044

01:09:28,709 --> 01:09:27,440

i.e shooting at him sure i mean it you

2045

01:09:30,789 --> 01:09:28,719

know

2046

01:09:32,229 --> 01:09:30,799

it doesn't surprise me probably any of

2047

01:09:34,070 --> 01:09:32,239

us right that uh

2048

01:09:35,669 --> 01:09:34,080

um that you know over the years that a

2049

01:09:36,789 --> 01:09:35,679

few people would you know who had a gun

2050

01:09:40,149 --> 01:09:36,799

handy would do something

2051

01:09:41,430 --> 01:09:40,159

like that um after all the military

2052

01:09:43,510 --> 01:09:41,440

i'm sorry go ahead martin i was just

2053

01:09:45,669 --> 01:09:43,520

gonna say that's the last thing i would

2054

01:09:47,430 --> 01:09:45,679

that's the last thing i would do i mean

2055

01:09:48,149 --> 01:09:47,440

i i can't imagine what were some of the

2056

01:09:50,630 --> 01:09:48,159

reactions

2057

01:09:52,149 --> 01:09:50,640

i mean well the the the the thing about

2058

01:09:53,189 --> 01:09:52,159

the north dakota case and again

2059

01:09:54,870 --> 01:09:53,199

because we have you know i hadn't

2060

01:09:57,430 --> 01:09:54,880

planned for this i don't want to go into

2061

01:09:59,669 --> 01:09:57,440

extensive details but essentially

2062

01:10:01,350 --> 01:09:59,679

a guy sees you know a landed ufo it was

2063

01:10:03,110 --> 01:10:01,360

a landed ufo and there were

2064

01:10:04,630 --> 01:10:03,120

entity or two outside i think maybe only

2065

01:10:08,149 --> 01:10:04,640

one entity and

2066

01:10:08,950 --> 01:10:08,159

um he decided you know even though it

2067

01:10:10,470 --> 01:10:08,960

was a

2068

01:10:13,350 --> 01:10:10,480

an entity you know he didn't shoot with

2069

01:10:15,350 --> 01:10:13,360

the ufo he shot at the entity

2070

01:10:16,470 --> 01:10:15,360

uh i think they were hunter they i think

2071

01:10:18,630 --> 01:10:16,480

it coming back to me there were two

2072

01:10:22,630 --> 01:10:18,640

hunters i think out and they saw this

2073

01:10:25,910 --> 01:10:22,640

and when he did that one of the

2074

01:10:27,590 --> 01:10:25,920

entities shouted at them why'd you do

2075

01:10:31,669 --> 01:10:27,600

that

2076

01:10:33,430 --> 01:10:31,679

in english in english

2077

01:10:35,669 --> 01:10:33,440

and that but then that did not appear to

2078

01:10:37,350 --> 01:10:35,679

be injured they got back in the ufo and

2079

01:10:40,390 --> 01:10:37,360

it took off

2080

01:10:43,669 --> 01:10:40,400

wow now we are from the future

2081

01:10:46,550 --> 01:10:43,679

well right or we also know this that uh

2082

01:10:48,390 --> 01:10:46,560

and again may give it what you will

2083

01:10:51,350 --> 01:10:48,400

communication goes on between the

2084

01:10:55,189 --> 01:10:51,360

entities and humans in a variety of ways

2085

01:10:58,630 --> 01:10:55,199

telepathically right uh but also

2086

01:11:00,709 --> 01:10:58,640

verbally and it's not typically verbal

2087

01:11:02,310 --> 01:11:00,719

stuff that makes no sense at all like me

2088

01:11:04,390 --> 01:11:02,320

trying to understand chinese

2089

01:11:05,669 --> 01:11:04,400

no it's something in in your own

2090

01:11:06,229 --> 01:11:05,679

language and that's the other thing

2091

01:11:07,990 --> 01:11:06,239

about

2092

01:11:10,870 --> 01:11:08,000

we always have to keep in mind that the

2093

01:11:13,110 --> 01:11:10,880

ufo phenomena is truly international

2094

01:11:14,149 --> 01:11:13,120

and you know because of that you know i

2095

01:11:16,229 --> 01:11:14,159

i've i've been

2096

01:11:17,750 --> 01:11:16,239

having colleagues as dr heineck did

2097

01:11:19,350 --> 01:11:17,760

around the whole world for

2098

01:11:20,950 --> 01:11:19,360

many many years you know way before the

2099

01:11:22,550 --> 01:11:20,960

internet we were

2100

01:11:24,950 --> 01:11:22,560

talking to people all over the world or

2101
01:11:27,510 --> 01:11:24,960
writing them and because we recognize

2102
01:11:30,229 --> 01:11:27,520
that the phenomena is is worldwide

2103
01:11:32,470 --> 01:11:30,239
well when ufos entities communicate to

2104
01:11:34,310 --> 01:11:32,480
people overseas they don't use english

2105
01:11:35,590 --> 01:11:34,320
of course when they when those cases

2106
01:11:37,590 --> 01:11:35,600
occur they use

2107
01:11:38,790 --> 01:11:37,600
a language that where they can

2108
01:11:41,910 --> 01:11:38,800
communicate with

2109
01:11:43,590 --> 01:11:41,920
so um so so sure he's in north dakota

2110
01:11:45,430 --> 01:11:43,600
i don't think a north dakota accent but

2111
01:11:47,110 --> 01:11:45,440
other than that you know the guy's going

2112
01:11:49,590 --> 01:11:47,120
to speak english

2113
01:11:50,950 --> 01:11:49,600

yeah that's crazy and dave can you talk

2114

01:11:54,550 --> 01:11:50,960

a little bit you're on russian

2115

01:11:56,310 --> 01:11:54,560

news today right yes uh came up rather

2116

01:11:58,149 --> 01:11:56,320

abruptly this was nothing scheduled but

2117

01:12:00,070 --> 01:11:58,159

i received an email this morning and it

2118

01:12:03,990 --> 01:12:00,080

was uh let me make sure i get the the

2119

01:12:04,870 --> 01:12:04,000

rtvi uh and they had contacted me and

2120

01:12:06,950 --> 01:12:04,880

they were wanting to

2121

01:12:08,390 --> 01:12:06,960

discuss the uh you know recent

2122

01:12:11,430 --> 01:12:08,400

intelligence uh

2123

01:12:13,510 --> 01:12:11,440

authorization act for fiscal year 2021

2124

01:12:15,750 --> 01:12:13,520

and uh they really just wanted to talk

2125

01:12:17,430 --> 01:12:15,760

about ufos in general as well

2126
01:12:19,189 --> 01:12:17,440
and so it was rather interesting it was

2127
01:12:21,590 --> 01:12:19,199
uh you know live news

2128
01:12:23,350 --> 01:12:21,600
uh in russian and i had my russian

2129
01:12:24,630 --> 01:12:23,360
translator there kind of serving as the

2130
01:12:26,390 --> 01:12:24,640
intermediary

2131
01:12:28,070 --> 01:12:26,400
and it was really nice to engage that

2132
01:12:31,030 --> 01:12:28,080
audience because to mark's point it's

2133
01:12:31,669 --> 01:12:31,040
it's an international phenomenon and uh

2134
01:12:35,189 --> 01:12:31,679
it's

2135
01:12:36,550 --> 01:12:35,199
afforded that opportunity to reach out

2136
01:12:39,910 --> 01:12:36,560
or to engage

2137
01:12:42,630 --> 01:12:39,920
uh uh you know a russian audience and uh

2138
01:12:43,669 --> 01:12:42,640

not just russia but uh they're you know

2139

01:12:45,669 --> 01:12:43,679

on the internet they're

2140

01:12:47,270 --> 01:12:45,679

essentially worldwide they're the one of

2141

01:12:48,950 --> 01:12:47,280

the largest news outlets for uh

2142

01:12:51,030 --> 01:12:48,960

russian-speaking people

2143

01:12:52,790 --> 01:12:51,040

and so it's just great when we have

2144

01:12:54,149 --> 01:12:52,800

those rare opportunities like that to

2145

01:12:57,189 --> 01:12:54,159

kind of bridge those gaps

2146

01:12:58,709 --> 01:12:57,199

and be able to try to share information

2147

01:13:00,229 --> 01:12:58,719

i've i've been to russia a number of

2148

01:13:02,470 --> 01:13:00,239

times and i was there

2149

01:13:04,149 --> 01:13:02,480

once for a couple of months and

2150

01:13:06,229 --> 01:13:04,159

communicating with someone in the ural

2151

01:13:09,590 --> 01:13:06,239

mountains i was trying to get

2152

01:13:10,550 --> 01:13:09,600

him on the show but he uh we spoke on

2153

01:13:12,550 --> 01:13:10,560

the phone and and

2154

01:13:13,830 --> 01:13:12,560

it just it wasn't going to work um his

2155

01:13:16,470 --> 01:13:13,840

english was

2156

01:13:17,189 --> 01:13:16,480

he can just barely you know get get by

2157

01:13:18,790 --> 01:13:17,199

but

2158

01:13:20,630 --> 01:13:18,800

it takes a little extra time with the

2159

01:13:22,630 --> 01:13:20,640

translator doesn't it

2160

01:13:23,990 --> 01:13:22,640

yeah it does and you know it's something

2161

01:13:25,830 --> 01:13:24,000

i don't think we touched on earlier with

2162

01:13:27,910 --> 01:13:25,840

regard to the kufos files

2163

01:13:29,350 --> 01:13:27,920

uh there's a lot of uh foreign reports

2164

01:13:31,590 --> 01:13:29,360

in there you know certainly you know

2165

01:13:33,910 --> 01:13:31,600

kufos was based in chicago but

2166

01:13:35,110 --> 01:13:33,920

uh through blue book and other sources

2167

01:13:37,189 --> 01:13:35,120

there's a number of uh

2168

01:13:38,229 --> 01:13:37,199

you know foreign reports for almost

2169

01:13:40,709 --> 01:13:38,239

every given year

2170

01:13:42,149 --> 01:13:40,719

and so it's not just a national but

2171

01:13:45,270 --> 01:13:42,159

there's an international flavor

2172

01:13:47,669 --> 01:13:45,280

to those reports as well yeah um this

2173

01:13:48,390 --> 01:13:47,679

this is geared toward you more than to

2174

01:13:51,350 --> 01:13:48,400

mark

2175

01:13:52,310 --> 01:13:51,360

um because well i don't know maybe for

2176

01:13:56,070 --> 01:13:52,320

mark two but

2177

01:13:56,790 --> 01:13:56,080

um because of the um induction of the

2178

01:13:59,990 --> 01:13:56,800

other

2179

01:14:02,630 --> 01:14:00,000

files you mentioned that that they have

2180

01:14:03,270 --> 01:14:02,640

not just their files but other files has

2181

01:14:06,790 --> 01:14:03,280

there been

2182

01:14:09,030 --> 01:14:06,800

any cases that you're aware of that uh

2183

01:14:10,390 --> 01:14:09,040

either one of you have looked through

2184

01:14:13,189 --> 01:14:10,400

that all of a sudden there's

2185

01:14:13,990 --> 01:14:13,199

new information that was never available

2186

01:14:15,669 --> 01:14:14,000

before and like

2187

01:14:17,110 --> 01:14:15,679

oh my god i didn't know this existed

2188

01:14:18,709 --> 01:14:17,120

that type of thing has it been anything

2189

01:14:21,350 --> 01:14:18,719

like that

2190

01:14:22,550 --> 01:14:21,360

not specific to the kufos files but i

2191

01:14:25,990 --> 01:14:22,560

was going through some of my

2192

01:14:27,030 --> 01:14:26,000

files recently and uh yeah i i just had

2193

01:14:28,390 --> 01:14:27,040

this conversation with another

2194

01:14:29,030 --> 01:14:28,400

researcher the other day i brought this

2195

01:14:31,430 --> 01:14:29,040

up

2196

01:14:32,950 --> 01:14:31,440

it was one of the original interviews

2197

01:14:36,149 --> 01:14:32,960

with jesse marcel

2198

01:14:37,750 --> 01:14:36,159

senior and it was a transcript

2199

01:14:39,430 --> 01:14:37,760

it was some of bob pratt's material that

2200

01:14:41,350 --> 01:14:39,440

i had gotten copies of

2201

01:14:43,189 --> 01:14:41,360

and it was in one of the early

2202

01:14:45,189 --> 01:14:43,199

interviews with marcel before he had

2203

01:14:47,510 --> 01:14:45,199

done a lot of the tv interviews

2204

01:14:48,870 --> 01:14:47,520

and i was shocked that in the course of

2205

01:14:52,390 --> 01:14:48,880

the interview he describes

2206

01:14:54,790 --> 01:14:52,400

a ufo sighting he had uh right there

2207

01:14:55,990 --> 01:14:54,800

in roswell and he described a v

2208

01:14:57,750 --> 01:14:56,000

formation of lights very

2209

01:14:59,590 --> 01:14:57,760

similar to the famous lubbock lights

2210

01:15:01,270 --> 01:14:59,600

case and uh

2211

01:15:02,790 --> 01:15:01,280

he doesn't go into a lot of detail but

2212

01:15:05,350 --> 01:15:02,800

i've got i've got

2213

01:15:07,110 --> 01:15:05,360

the uh transcript from the the in the

2214

01:15:08,630 --> 01:15:07,120

recorded interview the audio recorded

2215

01:15:09,830 --> 01:15:08,640

interview which bob would often do i've

2216

01:15:12,870 --> 01:15:09,840

got lots of his

2217

01:15:14,470 --> 01:15:12,880

his uh interviews uh the transcripts and

2218

01:15:15,830 --> 01:15:14,480

i was just i've never read that anywhere

2219

01:15:17,669 --> 01:15:15,840

i've never heard that anywhere and

2220

01:15:19,830 --> 01:15:17,679

mark probably you know with his

2221

01:15:22,229 --> 01:15:19,840

knowledge already had heard about it or

2222

01:15:23,990 --> 01:15:22,239

had read it but that was news to me i

2223

01:15:26,390 --> 01:15:24,000

didn't realize jesse marcel senior

2224

01:15:28,630 --> 01:15:26,400

had had a ufo sighting and again

2225

01:15:30,310 --> 01:15:28,640

whatever it was was it a flock of geese

2226

01:15:32,950 --> 01:15:30,320

you know that reflecting lights i don't

2227

01:15:35,030 --> 01:15:32,960

know i'm not saying you know how valid

2228

01:15:36,630 --> 01:15:35,040

it was in so far as a quote unquote ufo

2229

01:15:37,590 --> 01:15:36,640

but i just had never heard that anywhere

2230

01:15:39,590 --> 01:15:37,600

before

2231

01:15:40,870 --> 01:15:39,600

oh what about you mark anything you can

2232

01:15:44,070 --> 01:15:40,880

think of

2233

01:15:46,550 --> 01:15:44,080

um you know it uh

2234

01:15:48,229 --> 01:15:46,560

let me segue off it because you know

2235

01:15:49,830 --> 01:15:48,239

that that's a broad area you know did i

2236

01:15:52,709 --> 01:15:49,840

find a case where you know something

2237

01:15:55,030 --> 01:15:52,719

else popped up but let me say that

2238

01:15:55,750 --> 01:15:55,040

and i saw a question also on the chat

2239

01:15:58,709 --> 01:15:55,760

area

2240

01:16:00,070 --> 01:15:58,719

semi-related to this um what can we do

2241

01:16:01,510 --> 01:16:00,080

with these old files

2242

01:16:02,870 --> 01:16:01,520

you know what are what are the many

2243

01:16:04,470 --> 01:16:02,880

things we can do with them besides scan

2244

01:16:05,110 --> 01:16:04,480

them and digitize them well the answer

2245

01:16:08,310 --> 01:16:05,120

is

2246

01:16:10,550 --> 01:16:08,320

we can go back and look at them and and

2247

01:16:13,350 --> 01:16:10,560

first we can contact the witness people

2248

01:16:15,830 --> 01:16:13,360

don't do much follow-up on ufo cases

2249

01:16:17,750 --> 01:16:15,840

and say what is this person thinking now

2250

01:16:19,030 --> 01:16:17,760

about their sighting 20 years ago

2251

01:16:20,870 --> 01:16:19,040

you know particularly if they had a

2252

01:16:23,510 --> 01:16:20,880

close encounter also

2253

01:16:25,430 --> 01:16:23,520

and this is even more important are they

2254

01:16:28,470 --> 01:16:25,440

having any medical problems

2255

01:16:28,950 --> 01:16:28,480

if they had a close encounter right no

2256

01:16:31,510 --> 01:16:28,960

you know

2257

01:16:34,070 --> 01:16:31,520

again we know why no resources no

2258

01:16:35,750 --> 01:16:34,080

continuity you know no whatever but

2259

01:16:37,110 --> 01:16:35,760

that that's a whole giant area of

2260

01:16:40,149 --> 01:16:37,120

research that

2261

01:16:41,430 --> 01:16:40,159

kids would well bear fruit um but but

2262

01:16:43,510 --> 01:16:41,440

secondly

2263

01:16:44,950 --> 01:16:43,520

you know most ufo cases are still can be

2264

01:16:46,709 --> 01:16:44,960

identified we know that you know we're

2265

01:16:48,070 --> 01:16:46,719

talking about the fun ones here the ones

2266

01:16:49,430 --> 01:16:48,080

that are interesting and that's fine we

2267

01:16:51,030 --> 01:16:49,440

should focus on that

2268

01:16:53,510 --> 01:16:51,040

but there are many many sightings in

2269

01:16:56,950 --> 01:16:53,520

those files that are ifos

2270

01:16:58,950 --> 01:16:56,960

or could be ifos if we apply new

2271

01:17:01,430 --> 01:16:58,960

knowledge today to it

2272

01:17:03,350 --> 01:17:01,440

and so i can't i don't have a specific

2273

01:17:05,510 --> 01:17:03,360

case but imagine the following

2274

01:17:07,110 --> 01:17:05,520

there's a case in the file where a

2275

01:17:09,110 --> 01:17:07,120

airline pilot

2276

01:17:11,030 --> 01:17:09,120

was flying over the central part of the

2277

01:17:13,830 --> 01:17:11,040

us and they saw these

2278

01:17:15,189 --> 01:17:13,840

bright brilliant flashes of something

2279

01:17:16,950 --> 01:17:15,199

that wasn't lightning because it was

2280

01:17:17,510 --> 01:17:16,960

higher up in the sky and it was purple

2281

01:17:20,950 --> 01:17:17,520

and it was

2282

01:17:22,550 --> 01:17:20,960

because it was it wasn't you know

2283

01:17:24,470 --> 01:17:22,560

lasting for several minutes

2284

01:17:26,630 --> 01:17:24,480

and yet it was something weird and and

2285

01:17:28,149 --> 01:17:26,640

they reported it to the center or to

2286

01:17:29,590 --> 01:17:28,159

mufon or someone in fact there was

2287

01:17:33,030 --> 01:17:29,600

something called the voluntary

2288

01:17:35,590 --> 01:17:33,040

volunteer flight officers network i'm

2289

01:17:38,550 --> 01:17:35,600

vfon i'm blowing the name but it was run

2290

01:17:41,430 --> 01:17:38,560

by a couple of guys that basically

2291

01:17:42,070 --> 01:17:41,440

uh compiled sightings of odd things in

2292

01:17:45,910 --> 01:17:42,080

the sky

2293

01:17:47,110 --> 01:17:45,920

by pilots um and voluntary was in the

2294

01:17:48,709 --> 01:17:47,120

name right you don't go through the

2295

01:17:50,310 --> 01:17:48,719

airline you don't go to blue book you go

2296

01:17:50,790 --> 01:17:50,320

it was mostly by the way meteors and

2297

01:17:53,990 --> 01:17:50,800

things

2298

01:17:55,910 --> 01:17:54,000

but it also included ufos well some of

2299

01:17:57,110 --> 01:17:55,920

you may know what i'm referring to by my

2300

01:18:00,229 --> 01:17:57,120

description of green

2301

01:18:02,390 --> 01:18:00,239

and purple and red was sprites

2302

01:18:03,270 --> 01:18:02,400

and blue jets right the phenomena that

2303

01:18:05,430 --> 01:18:03,280

was

2304

01:18:06,470 --> 01:18:05,440

ignored the lightning that goes up

2305

01:18:08,630 --> 01:18:06,480

instead of down

2306

01:18:11,110 --> 01:18:08,640

yeah well exactly it was ignored by the

2307

01:18:13,750 --> 01:18:11,120

atmospheric sciences community because

2308

01:18:15,350 --> 01:18:13,760

they didn't record it and they didn't

2309

01:18:17,350 --> 01:18:15,360

pay attention to sightings by

2310

01:18:19,110 --> 01:18:17,360

people like pilots and others and i i

2311

01:18:20,390 --> 01:18:19,120

can't blame them entirely no

2312

01:18:22,149 --> 01:18:20,400

but when they finally had enough

2313

01:18:24,550 --> 01:18:22,159

high-speed cameras around

2314

01:18:25,830 --> 01:18:24,560

then they said oh look look at this oh i

2315

01:18:27,590 --> 01:18:25,840

guess all those people are correct in

2316

01:18:29,510 --> 01:18:27,600

what they're reporting oh well

2317

01:18:30,709 --> 01:18:29,520

but but but you know and it's a very

2318

01:18:33,270 --> 01:18:30,719

interesting phenomena

2319

01:18:35,350 --> 01:18:33,280

and and you know and and i'm glad we've

2320

01:18:38,550 --> 01:18:35,360

uh quote unquote discovered it

2321

01:18:40,229 --> 01:18:38,560

so those things i'm sure if i look long

2322

01:18:41,990 --> 01:18:40,239

and hard or dave did now we'd find

2323

01:18:43,830 --> 01:18:42,000

something like that in the files

2324

01:18:46,149 --> 01:18:43,840

so you know going back to comb through

2325

01:18:49,270 --> 01:18:46,159

the files with current knowledge

2326

01:18:50,149 --> 01:18:49,280

is another very worthwhile thing to do i

2327

01:18:53,270 --> 01:18:50,159

i agree

2328

01:18:55,590 --> 01:18:53,280

martin you know i've talked about the

2329

01:18:59,030 --> 01:18:55,600

hobbes new mexico case from 64.

2330

01:19:00,630 --> 01:18:59,040

i i did exactly what mark described i

2331

01:19:02,070 --> 01:19:00,640

found that report found some of the

2332

01:19:04,229 --> 01:19:02,080

audio recordings

2333

01:19:06,070 --> 01:19:04,239

found it to be credible based on you

2334

01:19:08,149 --> 01:19:06,080

know the fact it was documented he was

2335

01:19:10,630 --> 01:19:08,159

hospitalized etc after the encounter

2336

01:19:12,470 --> 01:19:10,640

and there was other witnesses um and i

2337

01:19:13,110 --> 01:19:12,480

hope to lecture on that later this year

2338

01:19:14,470 --> 01:19:13,120

because

2339

01:19:16,390 --> 01:19:14,480

a lot of lectures were canceled

2340

01:19:19,270 --> 01:19:16,400

unfortunately due to covet last year

2341

01:19:20,070 --> 01:19:19,280

but uh to add to what mark said

2342

01:19:22,390 --> 01:19:20,080

especially

2343

01:19:23,590 --> 01:19:22,400

those like the hobbs case where it was a

2344

01:19:25,990 --> 01:19:23,600

young boy

2345

01:19:27,189 --> 01:19:26,000

in 64 because obviously with the passage

2346

01:19:28,310 --> 01:19:27,199

of time we're going to lose some of

2347

01:19:31,350 --> 01:19:28,320

these witnesses

2348

01:19:34,709 --> 01:19:31,360

but especially young witnesses say from

2349

01:19:35,830 --> 01:19:34,719

the 60s or even maybe late 50s you know

2350

01:19:38,229 --> 01:19:35,840

to mark's point

2351

01:19:39,910 --> 01:19:38,239

these witnesses might still be alive and

2352

01:19:41,350 --> 01:19:39,920

you know they're a walking testament to

2353

01:19:43,910 --> 01:19:41,360

what transpired

2354

01:19:44,950 --> 01:19:43,920

and it's especially interesting as mark

2355

01:19:46,470 --> 01:19:44,960

alluded to

2356

01:19:49,270 --> 01:19:46,480

we know what they said based on the

2357

01:19:52,470 --> 01:19:49,280

report in 64. oh there we go thank you

2358

01:19:54,229 --> 01:19:52,480

martin we know what they said in 64 do

2359

01:19:56,149 --> 01:19:54,239

they still stick to the story

2360

01:19:57,990 --> 01:19:56,159

have they had any ill effects as a

2361

01:19:58,870 --> 01:19:58,000

result since then in the subsequent

2362

01:20:00,630 --> 01:19:58,880

years and in

2363

01:20:02,310 --> 01:20:00,640

in the case of charles keith davis that

2364

01:20:04,950 --> 01:20:02,320

you showed right there

2365

01:20:06,550 --> 01:20:04,960

you know no ill health effects uh you

2366

01:20:08,390 --> 01:20:06,560

know he seemed to bounce back and in

2367

01:20:09,910 --> 01:20:08,400

fact didn't even have any scarring

2368

01:20:11,669 --> 01:20:09,920

which is amazing when you look at the

2369

01:20:13,189 --> 01:20:11,679

documents in the you know documented

2370

01:20:14,149 --> 01:20:13,199

accounts in the newspaper articles from

2371

01:20:16,070 --> 01:20:14,159

the time

2372

01:20:17,430 --> 01:20:16,080

yeah his ears were swelled up so much

2373

01:20:19,669 --> 01:20:17,440

that they closed

2374

01:20:20,709 --> 01:20:19,679

they looked like ground beef is how they

2375

01:20:23,750 --> 01:20:20,719

were described

2376

01:20:26,149 --> 01:20:23,760

ah yeah what a case that was

2377

01:20:27,669 --> 01:20:26,159

mark a question for you when i showed

2378

01:20:31,110 --> 01:20:27,679

that earlier i showed that

2379

01:20:34,070 --> 01:20:31,120

that short film with j alan hynek he

2380

01:20:36,149 --> 01:20:34,080

actually showed that film um i can't

2381

01:20:37,590 --> 01:20:36,159

remember exactly where it was of

2382

01:20:40,229 --> 01:20:37,600

there were two films they showed the

2383

01:20:43,270 --> 01:20:40,239

great falls montana film

2384

01:20:45,590 --> 01:20:43,280

and the uh the tree mountain utah film

2385

01:20:47,350 --> 01:20:45,600

yeah the utah one right um do you have

2386

01:20:50,790 --> 01:20:47,360

those films are those films and

2387

01:20:53,270 --> 01:20:50,800

still exist those films still exist um

2388

01:20:54,709 --> 01:20:53,280

and um yeah i mean that they still exist

2389

01:20:56,709 --> 01:20:54,719

actually the guy that has the best copy

2390

01:20:59,430 --> 01:20:56,719

them i believe is bruce mcavee

2391

01:21:01,430 --> 01:20:59,440

because bruce um you know what it had

2392

01:21:04,950 --> 01:21:01,440

been the specialist for years

2393

01:21:07,510 --> 01:21:04,960

in uh photos and videos in the field uh

2394

01:21:08,790 --> 01:21:07,520

and he's still around but he's basically

2395

01:21:11,910 --> 01:21:08,800

retired now

2396

01:21:15,510 --> 01:21:11,920

uh but yeah yeah the the um

2397

01:21:17,270 --> 01:21:15,520

the there's dispute and even

2398

01:21:19,270 --> 01:21:17,280

uncertainty within the ufo community

2399

01:21:21,430 --> 01:21:19,280

about whether the tremont utah which was

2400

01:21:24,470 --> 01:21:21,440

the second one that uh was on that clip

2401

01:21:25,830 --> 01:21:24,480

yeah is really seagulls or not uh it's

2402

01:21:28,390 --> 01:21:25,840

really not certain

2403

01:21:31,110 --> 01:21:28,400

i think the first one though the great

2404

01:21:32,390 --> 01:21:31,120

false montana film i believe those are

2405

01:21:36,470 --> 01:21:32,400

much more likely

2406

01:21:37,830 --> 01:21:36,480

to be ufos the only possible explanation

2407

01:21:38,950 --> 01:21:37,840

is that there were two fighter jets

2408

01:21:40,709 --> 01:21:38,960

returning to

2409

01:21:42,070 --> 01:21:40,719

the nearby air force base and they just

2410

01:21:44,790 --> 01:21:42,080

doesn't match up

2411

01:21:45,830 --> 01:21:44,800

with what was the time and you know the

2412

01:21:47,910 --> 01:21:45,840

location on the

2413

01:21:49,910 --> 01:21:47,920

on the film that was taken uh right by

2414

01:21:50,229 --> 01:21:49,920

the at the ballpark there nick marianas

2415

01:21:55,669 --> 01:21:50,239

the

2416

01:21:57,270 --> 01:21:55,679

it and even though it's short it's clear

2417

01:21:58,070 --> 01:21:57,280

as day that something weird was going

2418

01:21:59,830 --> 01:21:58,080

through the sky

2419

01:22:01,510 --> 01:21:59,840

and also the the other thing about that

2420

01:22:01,910 --> 01:22:01,520

kind of film is that yeah i know you

2421

01:22:04,629 --> 01:22:01,920

can't

2422

01:22:05,990 --> 01:22:04,639

rely on visual testimony but this is a

2423

01:22:08,629 --> 01:22:06,000

guy who saw

2424

01:22:10,470 --> 01:22:08,639

uh planes regularly you know going to

2425

01:22:11,990 --> 01:22:10,480

that air force base and planes in

2426

01:22:14,390 --> 01:22:12,000

general and he took a

2427

01:22:15,350 --> 01:22:14,400

film of this because he said well this

2428

01:22:17,750 --> 01:22:15,360

essentially

2429

01:22:19,270 --> 01:22:17,760

this isn't anything i normally see i

2430

01:22:21,189 --> 01:22:19,280

better film this thing

2431

01:22:22,790 --> 01:22:21,199

and unlike the french witness he managed

2432

01:22:25,189 --> 01:22:22,800

to think about the camera

2433

01:22:27,189 --> 01:22:25,199

um yeah when you look at the second film

2434

01:22:30,149 --> 01:22:27,199

like you mentioned it does look like

2435

01:22:30,870 --> 01:22:30,159

a lot of the films that you see out

2436

01:22:33,510 --> 01:22:30,880

there that

2437

01:22:36,070 --> 01:22:33,520

do later get i don't want to say

2438

01:22:38,629 --> 01:22:36,080

debunked but figured out as birds

2439

01:22:39,189 --> 01:22:38,639

at high level it does look a bit like

2440

01:22:41,110 --> 01:22:39,199

that

2441

01:22:43,030 --> 01:22:41,120

yeah and martin i do have a vintage copy

2442

01:22:45,270 --> 01:22:43,040

of the tremonton film footage

2443

01:22:46,950 --> 01:22:45,280

uh that i got uh when i acquired the

2444

01:22:47,669 --> 01:22:46,960

blue book collection from rob mercer in

2445

01:22:50,470 --> 01:22:47,679

ohio

2446

01:22:52,070 --> 01:22:50,480

that was some of what was found uh it

2447

01:22:53,590 --> 01:22:52,080

doesn't yield any more information

2448

01:22:56,390 --> 01:22:53,600

in fact there's some deterioration of

2449

01:22:57,910 --> 01:22:56,400

the film and rob to his credit uh before

2450

01:23:00,629 --> 01:22:57,920

he donated that material to the

2451

01:23:03,590 --> 01:23:00,639

collection here he digitized all that so

2452

01:23:05,750 --> 01:23:03,600

uh he was able to preserve that version

2453

01:23:07,750 --> 01:23:05,760

or that copy digitally but uh

2454

01:23:09,189 --> 01:23:07,760

you know i'm kind of for those that know

2455

01:23:10,870 --> 01:23:09,199

me personally

2456

01:23:12,870 --> 01:23:10,880

i'm a historian but i'm also very

2457

01:23:14,550 --> 01:23:12,880

sentimental when it comes to stuff and

2458

01:23:16,070 --> 01:23:14,560

i know we can digitize this but i like

2459

01:23:17,830 --> 01:23:16,080

to have the originals that i can get my

2460

01:23:19,350 --> 01:23:17,840

hands on or a vintage copy

2461

01:23:20,790 --> 01:23:19,360

just just just to have it and it's

2462

01:23:21,669 --> 01:23:20,800

actually here in my blue book display

2463

01:23:23,910 --> 01:23:21,679

case

2464

01:23:25,750 --> 01:23:23,920

i know exactly what you're talking about

2465

01:23:26,070 --> 01:23:25,760

um this is a question for you david have

2466

01:23:28,550 --> 01:23:26,080

you

2467

01:23:30,390 --> 01:23:28,560

come across any cases with triangular

2468

01:23:31,990 --> 01:23:30,400

ufos that appeared to have a clear

2469

01:23:35,030 --> 01:23:32,000

connection to water

2470

01:23:36,629 --> 01:23:35,040

yeah actually i have uh i i

2471

01:23:38,390 --> 01:23:36,639

i wouldn't say that there's a strong

2472

01:23:40,149 --> 01:23:38,400

correlation with bodies of water and

2473

01:23:42,629 --> 01:23:40,159

triangular ufos but

2474

01:23:43,990 --> 01:23:42,639

uh you know just citing one of the more

2475

01:23:45,430 --> 01:23:44,000

popularized accounts

2476

01:23:46,950 --> 01:23:45,440

during the belgian wave the for the

2477

01:23:48,229 --> 01:23:46,960

first night if you will that really

2478

01:23:51,270 --> 01:23:48,239

launched that wave

2479

01:23:54,629 --> 01:23:51,280

was november 29th 1989 and near

2480

01:23:56,709 --> 01:23:54,639

la galepe dam uh they had uh

2481

01:23:57,830 --> 01:23:56,719

one ufo that was observed by the jean

2482

01:24:00,790 --> 01:23:57,840

dharms nico

2483

01:24:02,550 --> 01:24:00,800

and von montague who observed that and

2484

01:24:05,430 --> 01:24:02,560

i've been in touch with uh

2485

01:24:06,550 --> 01:24:05,440

patrick ferrand over at in brussels uh

2486

01:24:08,070 --> 01:24:06,560

over the years

2487

01:24:09,510 --> 01:24:08,080

and we've talked about that case and i

2488

01:24:11,110 --> 01:24:09,520

know they were reinvestigating that

2489

01:24:13,189 --> 01:24:11,120

about a year or two ago

2490

01:24:14,629 --> 01:24:13,199

um that was one where there seemed to be

2491

01:24:16,550 --> 01:24:14,639

focus or

2492

01:24:17,990 --> 01:24:16,560

our attention drawn to that area because

2493

01:24:19,910 --> 01:24:18,000

there were beams of light there was a

2494

01:24:21,430 --> 01:24:19,920

red ball that was descending

2495

01:24:23,189 --> 01:24:21,440

that looked almost as if it was

2496

01:24:25,270 --> 01:24:23,199

measuring something was what one of the

2497

01:24:26,629 --> 01:24:25,280

officers uh described

2498

01:24:27,990 --> 01:24:26,639

uh and then there's a number of other

2499

01:24:29,669 --> 01:24:28,000

ones that have been reported and of

2500

01:24:31,590 --> 01:24:29,679

course most recently which i think we're

2501

01:24:33,350 --> 01:24:31,600

all waiting with baited breath

2502

01:24:34,870 --> 01:24:33,360

to see more information on is this

2503

01:24:37,669 --> 01:24:34,880

purported uh navy

2504

01:24:39,990 --> 01:24:37,679

naval encounter navy fighter that

2505

01:24:42,870 --> 01:24:40,000

observed one coming out of the ocean

2506

01:24:43,590 --> 01:24:42,880

and so and purportedly photographed so

2507

01:24:45,350 --> 01:24:43,600

uh

2508

01:24:47,189 --> 01:24:45,360

that one will be interesting if that's

2509

01:24:48,149 --> 01:24:47,199

eventually released and properly vetted

2510

01:24:49,990 --> 01:24:48,159

and analyzed

2511

01:24:51,669 --> 01:24:50,000

yeah if i could just add to what dave

2512

01:24:53,830 --> 01:24:51,679

said is that um

2513

01:24:55,590 --> 01:24:53,840

carl feint who unfortunately passed away

2514

01:24:58,390 --> 01:24:55,600

a year or two ago

2515

01:24:58,790 --> 01:24:58,400

was the leading investigator researcher

2516

01:25:02,550 --> 01:24:58,800

on

2517

01:25:05,910 --> 01:25:02,560

cases with ufos near in or under water

2518

01:25:08,950 --> 01:25:05,920

and has a website waterufo.net

2519

01:25:10,629 --> 01:25:08,960

and a book on it and if so if you're

2520

01:25:12,629 --> 01:25:10,639

really interested in learning about not

2521

01:25:15,189 --> 01:25:12,639

just triangular ufos of course but

2522

01:25:16,470 --> 01:25:15,199

in general you know what ufos uh have

2523

01:25:18,709 --> 01:25:16,480

been associated with water

2524

01:25:19,669 --> 01:25:18,719

that is the source to go to it's an

2525

01:25:21,990 --> 01:25:19,679

exhaustive work

2526

01:25:24,470 --> 01:25:22,000

uh carl did a wonderful job compiling

2527

01:25:27,910 --> 01:25:24,480

all those historical cases

2528

01:25:28,550 --> 01:25:27,920

wow uh we we're going to uh open up the

2529

01:25:31,030 --> 01:25:28,560

lines

2530

01:25:32,310 --> 01:25:31,040

but i did want to uh i did mention in

2531

01:25:34,229 --> 01:25:32,320

the beginning of the show

2532

01:25:36,070 --> 01:25:34,239

that uh we're going to be talking more

2533

01:25:37,110 --> 01:25:36,080

or less about contemporary cases david

2534

01:25:40,070 --> 01:25:37,120

you just brought up

2535

01:25:41,830 --> 01:25:40,080

the possible uh image that may come out

2536

01:25:42,950 --> 01:25:41,840

some day of the triangle ufo coming out

2537

01:25:45,990 --> 01:25:42,960

of the water i don't know

2538

01:25:47,350 --> 01:25:46,000

mark if uh you have any current more

2539

01:25:50,870 --> 01:25:47,360

current events you'd like to

2540

01:25:53,110 --> 01:25:50,880

to speak on um you know not

2541

01:25:54,790 --> 01:25:53,120

no i i you know kufos even though of

2542

01:25:56,550 --> 01:25:54,800

course i pay attention to sightings and

2543

01:25:59,030 --> 01:25:56,560

all the rest and dave does too

2544

01:26:00,149 --> 01:25:59,040

david you know it it's neither one of us

2545

01:26:02,229 --> 01:26:00,159

focuses

2546

01:26:04,629 --> 01:26:02,239

you know that's not our our specialist

2547

01:26:06,070 --> 01:26:04,639

area and uh the center

2548

01:26:07,750 --> 01:26:06,080

and by the way what does the center do

2549

01:26:07,990 --> 01:26:07,760

if i can just get you know 30 seconds in

2550

01:26:09,750 --> 01:26:08,000

that

2551
01:26:11,430 --> 01:26:09,760
because yeah sure yeah i didn't start

2552
01:26:15,030 --> 01:26:11,440
with that earlier because

2553
01:26:16,870 --> 01:26:15,040
what we don't do and by design is try to

2554
01:26:18,709 --> 01:26:16,880
investigate lots of cases that dr

2555
01:26:20,229 --> 01:26:18,719
heineck said let's not do that let's let

2556
01:26:22,550 --> 01:26:20,239
mufon do that and apro

2557
01:26:24,149 --> 01:26:22,560
and so forth and so we we work on

2558
01:26:26,070 --> 01:26:24,159
specialized research projects in

2559
01:26:27,590 --> 01:26:26,080
addition to amassing a giant database of

2560
01:26:28,390 --> 01:26:27,600
course in cases we get from various

2561
01:26:30,310 --> 01:26:28,400
sources

2562
01:26:32,229 --> 01:26:30,320
doing all of that you know we do

2563
01:26:35,110 --> 01:26:32,239

historical research on

2564

01:26:36,950 --> 01:26:35,120

on all types but we do specialist work

2565

01:26:39,910 --> 01:26:36,960

like years ago roswell

2566

01:26:40,310 --> 01:26:39,920

or my work with abduction uh abductees

2567

01:26:41,910 --> 01:26:40,320

or

2568

01:26:44,070 --> 01:26:41,920

it's my monograph on vehicle

2569

01:26:46,709 --> 01:26:44,080

interference and so forth and so on

2570

01:26:47,270 --> 01:26:46,719

um and uh you know on and on but what we

2571

01:26:50,870 --> 01:26:47,280

don't do

2572

01:26:53,030 --> 01:26:50,880

is is try to go out and investigate you

2573

01:26:56,070 --> 01:26:53,040

know every possible ufo sighting

2574

01:26:57,669 --> 01:26:56,080

and gather them we figure specialization

2575

01:26:59,430 --> 01:26:57,679

and you know let people do what they're

2576

01:27:00,310 --> 01:26:59,440

good at like mufon and let us do

2577

01:27:03,510 --> 01:27:00,320

something else

2578

01:27:05,830 --> 01:27:03,520

i will say that i've been tempted lately

2579

01:27:08,709 --> 01:27:05,840

to contact the folks who are

2580

01:27:10,390 --> 01:27:08,719

investigating mothman sightings because

2581

01:27:12,709 --> 01:27:10,400

you may know that we're getting mothman

2582

01:27:15,510 --> 01:27:12,719

sightings allegedly near o'hare airport

2583

01:27:16,790 --> 01:27:15,520

and i live only five miles from the east

2584

01:27:18,629 --> 01:27:16,800

side of the airport

2585

01:27:21,830 --> 01:27:18,639

and i'd i'd love to go out and see a

2586

01:27:26,790 --> 01:27:24,790

wow uh this uh uh kathy keeps asking

2587

01:27:29,510 --> 01:27:26,800

this question uh several times

2588

01:27:30,550 --> 01:27:29,520

um i don't know if you've uh either one

2589

01:27:33,030 --> 01:27:30,560

of you been in touch with

2590

01:27:33,990 --> 01:27:33,040

cheryl costa regarding her research

2591

01:27:36,629 --> 01:27:34,000

absolutely

2592

01:27:37,910 --> 01:27:36,639

uh in fact i just uh on facebook i just

2593

01:27:40,310 --> 01:27:37,920

uh sent her a message

2594

01:27:41,110 --> 01:27:40,320

uh yesterday or the day before i believe

2595

01:27:42,870 --> 01:27:41,120

uh no

2596

01:27:44,870 --> 01:27:42,880

uh cheryl and i spoke at the mufon

2597

01:27:46,070 --> 01:27:44,880

symposium in florida about three or four

2598

01:27:49,750 --> 01:27:46,080

years ago

2599

01:27:51,910 --> 01:27:49,760

and shortly thereafter uh i had inquired

2600

01:27:53,430 --> 01:27:51,920

because i i have her book and i really

2601
01:27:54,790 --> 01:27:53,440
appreciate her research because again

2602
01:27:57,430 --> 01:27:54,800
it's data driven

2603
01:27:58,629 --> 01:27:57,440
i think that's important yeah um i asked

2604
01:28:01,590 --> 01:27:58,639
her if she had

2605
01:28:01,990 --> 01:28:01,600
access to larry hatch's ufo u database

2606
01:28:06,070 --> 01:28:02,000
which

2607
01:28:07,830 --> 01:28:06,080
of larry's research materials from his

2608
01:28:09,910 --> 01:28:07,840
family members

2609
01:28:11,990 --> 01:28:09,920
she stated no she didn't have access to

2610
01:28:14,550 --> 01:28:12,000
it so i sent her the discs

2611
01:28:15,430 --> 01:28:14,560
and dos disks unfortunately was written

2612
01:28:18,470 --> 01:28:15,440
in dos

2613
01:28:19,270 --> 01:28:18,480

uh and so uh centered that information

2614

01:28:21,669 --> 01:28:19,280

to hopefully

2615

01:28:23,110 --> 01:28:21,679

uh contribute to her work uh you know

2616

01:28:25,669 --> 01:28:23,120

additional case information

2617

01:28:26,709 --> 01:28:25,679

and the version i had and uh mark and i

2618

01:28:27,910 --> 01:28:26,719

have talked about this over the years

2619

01:28:30,070 --> 01:28:27,920

it's not the latest but

2620

01:28:31,030 --> 01:28:30,080

i think it's the second latest version

2621

01:28:34,149 --> 01:28:31,040

before larry

2622

01:28:35,270 --> 01:28:34,159

uh fell into ill health it has over 17

2623

01:28:38,790 --> 01:28:35,280

000 cases

2624

01:28:40,229 --> 01:28:38,800

contained in there so uh i sent that to

2625

01:28:41,590 --> 01:28:40,239

cheryl just to try to help her with her

2626

01:28:42,629 --> 01:28:41,600

work and give her another data set to

2627

01:28:46,229 --> 01:28:42,639

work with

2628

01:28:48,709 --> 01:28:46,239

wow interesting we have a a call we have

2629

01:28:51,030 --> 01:28:48,719

rob a calling from pennsylvania rob

2630

01:28:53,750 --> 01:28:51,040

welcome to the show

2631

01:28:56,149 --> 01:28:53,760

oh ho hey we might have to speak up a

2632

01:28:58,790 --> 01:28:56,159

little bit how are you

2633

01:28:59,430 --> 01:28:58,800

oh good that's better and thanks to your

2634

01:29:01,510 --> 01:28:59,440

guests

2635

01:29:03,270 --> 01:29:01,520

it's always wonderful to hear the the

2636

01:29:06,550 --> 01:29:03,280

information that they have

2637

01:29:08,070 --> 01:29:06,560

um i have kind of a general question um

2638

01:29:09,990 --> 01:29:08,080

i'm sorry i couldn't think of anything

2639

01:29:12,550 --> 01:29:10,000

it was specific to the

2640

01:29:13,110 --> 01:29:12,560

the topic about ufo files and stuff but

2641

01:29:16,310 --> 01:29:13,120

uh

2642

01:29:20,310 --> 01:29:16,320

to your guests um are you aware of any

2643

01:29:23,430 --> 01:29:20,320

organizations for example

2644

01:29:24,950 --> 01:29:23,440

usgs united states geological survey if

2645

01:29:25,430 --> 01:29:24,960

i were graduating from high school i

2646

01:29:29,030 --> 01:29:25,440

might

2647

01:29:32,390 --> 01:29:29,040

call the usgs wanting to work for

2648

01:29:33,030 --> 01:29:32,400

usgs in the field of geology and ask

2649

01:29:35,669 --> 01:29:33,040

them

2650

01:29:37,350 --> 01:29:35,679

what occupation or i'm sorry what what

2651

01:29:41,030 --> 01:29:37,360

classes i should take in school

2652

01:29:41,669 --> 01:29:41,040

in college to uh after graduation get a

2653

01:29:45,510 --> 01:29:41,679

job there

2654

01:29:47,750 --> 01:29:45,520

are there any organizations

2655

01:29:49,270 --> 01:29:47,760

that you know of that a graduate from

2656

01:29:50,950 --> 01:29:49,280

high school could call and say i'd like

2657

01:29:54,070 --> 01:29:50,960

to work

2658

01:29:57,830 --> 01:29:54,080

for you uh researching or uh doing

2659

01:29:59,110 --> 01:29:57,840

you know work with ufos um

2660

01:30:00,790 --> 01:29:59,120

i know it sounds a little bit different

2661

01:30:01,430 --> 01:30:00,800

but i guess because i don't can't think

2662

01:30:04,149 --> 01:30:01,440

of any

2663

01:30:05,910 --> 01:30:04,159

um are there any any uh any

2664

01:30:06,310 --> 01:30:05,920

organizations that someone could call

2665

01:30:08,149 --> 01:30:06,320

and

2666

01:30:10,629 --> 01:30:08,159

talk to the human resource person there

2667

01:30:13,990 --> 01:30:10,639

and say you know i'd like to

2668

01:30:15,669 --> 01:30:14,000

like to go to school to do uh ufo

2669

01:30:18,390 --> 01:30:15,679

research and study

2670

01:30:20,950 --> 01:30:18,400

um what should i you know what what

2671

01:30:23,030 --> 01:30:20,960

field should i major in

2672

01:30:23,990 --> 01:30:23,040

um let me let me answer that because i'm

2673

01:30:26,310 --> 01:30:24,000

you know i've been running

2674

01:30:27,750 --> 01:30:26,320

the center for so long um but let's

2675

01:30:30,870 --> 01:30:27,760

start with this

2676

01:30:34,390 --> 01:30:30,880

nobody works in ufos you know basically

2677

01:30:36,470 --> 01:30:34,400

um for a job except a couple people of

2678

01:30:38,870 --> 01:30:36,480

mufon and all the rest so

2679

01:30:40,070 --> 01:30:38,880

everybody's a volunteer okay let's start

2680

01:30:43,669 --> 01:30:40,080

there

2681

01:30:46,390 --> 01:30:43,679

that said though absolutely kids

2682

01:30:46,709 --> 01:30:46,400

contact us regularly and what they say

2683

01:30:54,550 --> 01:30:46,719

is

2684

01:30:59,430 --> 01:30:54,560

what should i do what should i study and

2685

01:31:02,950 --> 01:31:01,510

lots of different types of information

2686

01:31:06,149 --> 01:31:02,960

fields

2687

01:31:08,310 --> 01:31:06,159

of study you know whatever will

2688

01:31:10,229 --> 01:31:08,320

apply to studying ufos and i'll list a

2689

01:31:12,629 --> 01:31:10,239

few you know whether it's psychology

2690

01:31:13,990 --> 01:31:12,639

physics chemistry or whatever so i say

2691

01:31:16,229 --> 01:31:14,000

what you need to do is

2692

01:31:18,149 --> 01:31:16,239

don't worry about ufos right now at all

2693

01:31:20,070 --> 01:31:18,159

get a good education

2694

01:31:21,590 --> 01:31:20,080

pick any area you're interested in

2695

01:31:23,510 --> 01:31:21,600

because you've got to be interested in

2696

01:31:26,550 --> 01:31:23,520

what you're studying

2697

01:31:29,990 --> 01:31:26,560

finish that degree then come back to us

2698

01:31:32,229 --> 01:31:30,000

and we'll talk and that is i believe

2699

01:31:34,310 --> 01:31:32,239

the best advice you can give to anybody

2700

01:31:37,350 --> 01:31:34,320

um who is thinking of going to an

2701
01:31:38,470 --> 01:31:37,360
area like this because again no paid

2702
01:31:41,430 --> 01:31:38,480
employment

2703
01:31:41,830 --> 01:31:41,440
you know and no good career prospects i

2704
01:31:43,510 --> 01:31:41,840
also

2705
01:31:44,950 --> 01:31:43,520
regularly get contacted including just

2706
01:31:47,910 --> 01:31:44,960
three weeks ago

2707
01:31:50,070 --> 01:31:47,920
by people who are already professionals

2708
01:31:52,550 --> 01:31:50,080
very well established professionals

2709
01:31:53,590 --> 01:31:52,560
and will contact us and say okay first

2710
01:31:55,350 --> 01:31:53,600
thing is

2711
01:31:56,870 --> 01:31:55,360
you can never tell anybody i'm talking

2712
01:31:59,830 --> 01:31:56,880
to you but

2713
01:32:01,350 --> 01:31:59,840

super interested in ufos i don't know

2714

01:32:03,590 --> 01:32:01,360

how to get involved

2715

01:32:04,950 --> 01:32:03,600

but i want to get involved somehow i

2716

01:32:06,550 --> 01:32:04,960

want to bring you know the skills i

2717

01:32:07,910 --> 01:32:06,560

currently have to this subject you know

2718

01:32:08,870 --> 01:32:07,920

what can i do so that's a different

2719

01:32:10,790 --> 01:32:08,880

thing

2720

01:32:11,910 --> 01:32:10,800

but it's i think it's you know it's

2721

01:32:14,390 --> 01:32:11,920

related to what our

2722

01:32:15,750 --> 01:32:14,400

you know rob our caller's asking um and

2723

01:32:17,590 --> 01:32:15,760

of course we talk about that and

2724

01:32:19,270 --> 01:32:17,600

sometimes i can find a way

2725

01:32:21,030 --> 01:32:19,280

to help them get involved and you know

2726

01:32:23,830 --> 01:32:21,040

sometimes i can't

2727

01:32:25,430 --> 01:32:23,840

um you know so now i will say there's

2728

01:32:26,870 --> 01:32:25,440

areas where it's hard to figure out

2729

01:32:27,830 --> 01:32:26,880

whether their education would help

2730

01:32:30,390 --> 01:32:27,840

directly uh

2731

01:32:31,110 --> 01:32:30,400

recently we were contacted by a lawyer

2732

01:32:33,110 --> 01:32:31,120

and uh

2733

01:32:34,870 --> 01:32:33,120

great smart you know like most lawyers

2734

01:32:36,790 --> 01:32:34,880

and all that but

2735

01:32:38,149 --> 01:32:36,800

uh fortunately we don't need legal

2736

01:32:39,910 --> 01:32:38,159

services right now so

2737

01:32:41,910 --> 01:32:39,920

you know then you have to guide them

2738

01:32:42,550 --> 01:32:41,920

into something else but any case that

2739

01:32:47,510 --> 01:32:42,560

that's

2740

01:32:49,430 --> 01:32:47,520

kind of questions

2741

01:32:50,790 --> 01:32:49,440

dave do you have anything to add well i

2742

01:32:52,310 --> 01:32:50,800

would just add that you know with the

2743

01:32:54,550 --> 01:32:52,320

exception of what mark just alluded to

2744

01:32:57,510 --> 01:32:54,560

as far as like legal assistance

2745

01:32:59,189 --> 01:32:57,520

as far as the sciences go uh and mark

2746

01:33:01,750 --> 01:32:59,199

can correct me if i'm wrong

2747

01:33:02,470 --> 01:33:01,760

i would argue any science or scientific

2748

01:33:04,070 --> 01:33:02,480

background

2749

01:33:06,070 --> 01:33:04,080

can come to bear with regard to this

2750

01:33:08,550 --> 01:33:06,080

subject because there's such a scope to

2751
01:33:09,510 --> 01:33:08,560
the the variability of cases that we're

2752
01:33:11,830 --> 01:33:09,520
dealing with

2753
01:33:13,990 --> 01:33:11,840
are you a metallurgist yes obviously

2754
01:33:15,510 --> 01:33:14,000
that could come in handy if we ever had

2755
01:33:17,430 --> 01:33:15,520
physical materials that we needed to

2756
01:33:19,590 --> 01:33:17,440
analyze are you an aerospace expert

2757
01:33:21,110 --> 01:33:19,600
great you can talk to us about you know

2758
01:33:22,390 --> 01:33:21,120
how craft move at high velocities

2759
01:33:24,229 --> 01:33:22,400
through the upper atmosphere

2760
01:33:25,750 --> 01:33:24,239
are you a meteorologist of course we

2761
01:33:27,830 --> 01:33:25,760
want to have someone with meteor

2762
01:33:29,430 --> 01:33:27,840
meteorological background you know be

2763
01:33:31,110 --> 01:33:29,440

able to help educate people about

2764

01:33:33,990 --> 01:33:31,120

lenticular clouds and how they're often

2765

01:33:35,750 --> 01:33:34,000

photographed and mistaken for ufos

2766

01:33:37,430 --> 01:33:35,760

it you know all of the scientific

2767

01:33:39,189 --> 01:33:37,440

disciplines i think can come to bear on

2768

01:33:40,870 --> 01:33:39,199

this even a marine biologist when we

2769

01:33:43,189 --> 01:33:40,880

start looking at usos you know

2770

01:33:45,750 --> 01:33:43,199

unidentified submersible objects

2771

01:33:46,550 --> 01:33:45,760

um you know and engineers it doesn't

2772

01:33:49,430 --> 01:33:46,560

have an engineer

2773

01:33:51,350 --> 01:33:49,440

right so absolutely physicists in fact

2774

01:33:52,950 --> 01:33:51,360

one of my idols dr james mcdonald

2775

01:33:54,709 --> 01:33:52,960

atmospheric physicist

2776
01:33:56,310 --> 01:33:54,719
uh obviously that comes into bear when

2777
01:33:57,830 --> 01:33:56,320
we're talking about objects being seen

2778
01:34:00,229 --> 01:33:57,840
in the upper atmosphere

2779
01:34:02,070 --> 01:34:00,239
yeah and you know i think you know you

2780
01:34:02,709 --> 01:34:02,080
look at the scu and a few other things

2781
01:34:05,350 --> 01:34:02,719
and

2782
01:34:05,990 --> 01:34:05,360
ufo data right mark you involved in that

2783
01:34:08,550 --> 01:34:06,000
right

2784
01:34:10,310 --> 01:34:08,560
that are these are science people that

2785
01:34:12,629 --> 01:34:10,320
are taking this

2786
01:34:13,430 --> 01:34:12,639
topic seriously and looking deeply into

2787
01:34:15,110 --> 01:34:13,440
it

2788
01:34:16,629 --> 01:34:15,120

and uh yeah science is a great

2789

01:34:19,750 --> 01:34:16,639

background uh

2790

01:34:23,510 --> 01:34:19,760

thank you for that call and thank you

2791

01:34:25,590 --> 01:34:23,520

thanks thanks uh mark david and uh

2792

01:34:26,629 --> 01:34:25,600

and martin i love the stuff you guys do

2793

01:34:28,870 --> 01:34:26,639

keep it up thank you

2794

01:34:30,310 --> 01:34:28,880

thank you all right rob take care thanks

2795

01:34:31,750 --> 01:34:30,320

uh so the lines open

2796

01:34:33,990 --> 01:34:31,760

and again that number is up on the

2797

01:34:39,510 --> 01:34:34,000

screen if you're over at kgr

2798

01:34:41,669 --> 01:34:39,520

a radio that's 855-472-5483

2799

01:34:42,629 --> 01:34:41,679

um yeah i think it's i think it's

2800

01:34:44,149 --> 01:34:42,639

interesting that

2801

01:34:45,990 --> 01:34:44,159

you know in the last couple years it

2802

01:34:48,470 --> 01:34:46,000

just seems like more and more people

2803

01:34:50,229 --> 01:34:48,480

are taking this topic so yeah you know

2804

01:34:51,990 --> 01:34:50,239

that that that's a good segue martin if

2805

01:34:52,790 --> 01:34:52,000

we may since i i guess there's no call

2806

01:34:56,310 --> 01:34:52,800

right now to

2807

01:34:57,189 --> 01:34:56,320

to say a couple of things um and talk a

2808

01:34:59,510 --> 01:34:57,199

little bit about this

2809

01:35:01,669 --> 01:34:59,520

uh this supposed report that the

2810

01:35:04,790 --> 01:35:01,679

government is supposed to produce right

2811

01:35:07,270 --> 01:35:04,800

at the request of congress but uh

2812

01:35:09,030 --> 01:35:07,280

and and i think dave can elucidate and

2813

01:35:09,669 --> 01:35:09,040

illuminate us on that but let me start

2814

01:35:15,189 --> 01:35:09,679

with

2815

01:35:16,229 --> 01:35:15,199

there is no way that anybody in the ufo

2816

01:35:18,390 --> 01:35:16,239

community

2817

01:35:19,350 --> 01:35:18,400

would have envisioned where we are now

2818

01:35:21,109 --> 01:35:19,360

five years ago

2819

01:35:22,470 --> 01:35:21,119

right where we are now with this

2820

01:35:25,590 --> 01:35:22,480

incredible

2821

01:35:27,189 --> 01:35:25,600

interest in the subject

2822

01:35:29,030 --> 01:35:27,199

yes of course most of the mainstream

2823

01:35:30,950 --> 01:35:29,040

media is still you know downplaying

2824

01:35:33,990 --> 01:35:30,960

things but not all of them

2825

01:35:36,149 --> 01:35:34,000

and as i mentioned with the lawyer

2826

01:35:38,709 --> 01:35:36,159

who contacted us with this professor who

2827

01:35:40,550 --> 01:35:38,719

contacted us and i could keep going

2828

01:35:42,070 --> 01:35:40,560

the uh things have just flipped

2829

01:35:44,310 --> 01:35:42,080

completely in terms

2830

01:35:45,350 --> 01:35:44,320

of the the quality of people interested

2831

01:35:47,669 --> 01:35:45,360

in the field

2832

01:35:49,910 --> 01:35:47,679

uh in terms of the you know the the

2833

01:35:51,669 --> 01:35:49,920

kinds of articles that are being written

2834

01:35:53,430 --> 01:35:51,679

uh you know more and more serious

2835

01:35:54,870 --> 01:35:53,440

podcasts martin like yours which you

2836

01:35:55,270 --> 01:35:54,880

know of course you started before that

2837

01:35:57,030 --> 01:35:55,280

but

2838

01:35:59,030 --> 01:35:57,040

yours is a good example of this and the

2839

01:36:01,430 --> 01:35:59,040

kind of guest you're getting

2840

01:36:02,629 --> 01:36:01,440

this is just i just completely

2841

01:36:03,990 --> 01:36:02,639

unanticipated and of course

2842

01:36:06,149 --> 01:36:04,000

you know i'm still alive to see it

2843

01:36:09,350 --> 01:36:06,159

happen so i'm very pleased

2844

01:36:11,750 --> 01:36:09,360

however that doesn't really mean

2845

01:36:13,030 --> 01:36:11,760

that in terms of the institutions of

2846

01:36:15,189 --> 01:36:13,040

society

2847

01:36:16,790 --> 01:36:15,199

not just the military but the national

2848

01:36:18,470 --> 01:36:16,800

science foundation where most of the

2849

01:36:20,390 --> 01:36:18,480

funding comes for things

2850

01:36:23,030 --> 01:36:20,400

and other places or professional

2851
01:36:24,070 --> 01:36:23,040
societies that they're necessarily going

2852
01:36:27,270 --> 01:36:24,080
to be

2853
01:36:29,430 --> 01:36:27,280
open to this like the rest of us are and

2854
01:36:33,189 --> 01:36:29,440
seth shostak which you started the

2855
01:36:36,229 --> 01:36:33,199
program with is a great example of that

2856
01:36:37,750 --> 01:36:36,239
so but then secondly you know because we

2857
01:36:41,109 --> 01:36:37,760
were again we were talking about this

2858
01:36:44,149 --> 01:36:41,119
as we started so you know the um

2859
01:36:46,070 --> 01:36:44,159
six months from now roughly uh there is

2860
01:36:49,350 --> 01:36:46,080
supposed to be we hear

2861
01:36:50,709 --> 01:36:49,360
uh a report produced uh to respond to

2862
01:36:54,229 --> 01:36:50,719
congress's request

2863
01:36:55,830 --> 01:36:54,239

to tell them um you know what i said

2864

01:36:56,229 --> 01:36:55,840

essentially what the government knows

2865

01:36:59,590 --> 01:36:56,239

about

2866

01:37:03,189 --> 01:36:59,600

uaps right as they're called um

2867

01:37:05,270 --> 01:37:03,199

but maybe maybe so i don't know david do

2868

01:37:08,629 --> 01:37:05,280

you wanna

2869

01:37:09,590 --> 01:37:08,639

yeah but go ahead dave yeah absolutely i

2870

01:37:11,750 --> 01:37:09,600

just wanted to

2871

01:37:12,950 --> 01:37:11,760

you know add to what mark just said that

2872

01:37:15,430 --> 01:37:12,960

you know i reached out to

2873

01:37:16,870 --> 01:37:15,440

some some people i know within uh the

2874

01:37:19,830 --> 01:37:16,880

intelligence community

2875

01:37:20,229 --> 01:37:19,840

retired and you know just ran that by

2876

01:37:21,910 --> 01:37:20,239

them

2877

01:37:23,350 --> 01:37:21,920

and and just said you know what do you

2878

01:37:24,790 --> 01:37:23,360

think of all this about you know all

2879

01:37:27,189 --> 01:37:24,800

this media attention and

2880

01:37:29,270 --> 01:37:27,199

excitement and people using you know the

2881

01:37:30,310 --> 01:37:29,280

big word disclosure with a capital d

2882

01:37:32,790 --> 01:37:30,320

do you really think that this is going

2883

01:37:33,430 --> 01:37:32,800

to blow the lid wide open and they just

2884

01:37:36,790 --> 01:37:33,440

laughed

2885

01:37:37,350 --> 01:37:36,800

and uh basically conveyed that uh that's

2886

01:37:40,390 --> 01:37:37,360

under

2887

01:37:41,669 --> 01:37:40,400

comments at the end of this report there

2888

01:37:44,629 --> 01:37:41,679

is absolutely no

2889

01:37:45,910 --> 01:37:44,639

mandate or rule stating that they have

2890

01:37:48,550 --> 01:37:45,920

to adhere to it

2891

01:37:49,030 --> 01:37:48,560

it's a suggestion it's a request it's

2892

01:37:52,070 --> 01:37:49,040

not an

2893

01:37:54,709 --> 01:37:52,080

order it's not a mandate and so

2894

01:37:55,270 --> 01:37:54,719

i if we're pleasantly surprised in six

2895

01:37:58,149 --> 01:37:55,280

months

2896

01:38:00,149 --> 01:37:58,159

uh that's great but uh i am not losing

2897

01:38:00,629 --> 01:38:00,159

any sleep over the anticipation like a

2898

01:38:02,070 --> 01:38:00,639

child

2899

01:38:03,990 --> 01:38:02,080

you know the morning before christmas

2900

01:38:06,629 --> 01:38:04,000

getting ready to open my christmas gifts

2901

01:38:08,149 --> 01:38:06,639

i'm not losing any sleep over this one

2902

01:38:11,030 --> 01:38:08,159

i'm really not expecting it

2903

01:38:12,229 --> 01:38:11,040

and if they do provide something

2904

01:38:16,310 --> 01:38:12,239

substantive

2905

01:38:16,790 --> 01:38:16,320

to the committee the odds of us seeing

2906

01:38:19,750 --> 01:38:16,800

that

2907

01:38:22,070 --> 01:38:19,760

is is slim next to nil um they did

2908

01:38:23,669 --> 01:38:22,080

request an unclassified report but that

2909

01:38:25,910 --> 01:38:23,679

being said that still does not mean it's

2910

01:38:28,070 --> 01:38:25,920

going to be within the public domain

2911

01:38:29,189 --> 01:38:28,080

and all we have to do is look at the

2912

01:38:31,830 --> 01:38:29,199

previous cases

2913

01:38:33,910 --> 01:38:31,840

involving the naval footage we have the

2914

01:38:35,350 --> 01:38:33,920

footage but has anybody seen a detailed

2915

01:38:37,910 --> 01:38:35,360

analysis or report

2916

01:38:39,350 --> 01:38:37,920

or or an intelligence assessment we

2917

01:38:40,950 --> 01:38:39,360

haven't seen anything

2918

01:38:43,109 --> 01:38:40,960

so and i'm not saying that in a

2919

01:38:45,510 --> 01:38:43,119

disparaging way that you know

2920

01:38:46,310 --> 01:38:45,520

these are sensitive matters it not

2921

01:38:48,310 --> 01:38:46,320

necessarily

2922

01:38:49,830 --> 01:38:48,320

related to the uaps but how the

2923

01:38:51,830 --> 01:38:49,840

information is collected

2924

01:38:54,310 --> 01:38:51,840

the frequencies of some of the detection

2925

01:38:57,430 --> 01:38:54,320

systems there's sensitive

2926

01:39:00,070 --> 01:38:57,440

national defense aspects to this that

2927

01:39:00,629 --> 01:39:00,080

simply cannot just be thrown out there

2928

01:39:08,070 --> 01:39:00,639

right

2929

01:39:10,870 --> 01:39:08,080

minnesota ron welcome back

2930

01:39:12,310 --> 01:39:10,880

hey martin how you doing and great show

2931

01:39:15,030 --> 01:39:12,320

again tonight i don't know

2932

01:39:16,790 --> 01:39:15,040

how you do it every week but anyway

2933

01:39:20,629 --> 01:39:16,800

thank you

2934

01:39:25,350 --> 01:39:20,639

for all three of you

2935

01:39:29,270 --> 01:39:28,149

what do you think of is it nuts and

2936

01:39:35,510 --> 01:39:29,280

bolts

2937

01:39:42,070 --> 01:39:38,709

just an opinion uh

2938

01:39:45,750 --> 01:39:42,080

yeah if it's option a and b i'll say c

2939

01:39:47,669 --> 01:39:45,760

possibly all the above ah yeah you i

2940

01:39:51,590 --> 01:39:47,679

i'll say that and more

2941

01:39:52,550 --> 01:39:51,600

um the right i mean because uh

2942

01:39:54,870 --> 01:39:52,560

you know i think martin you said

2943

01:39:56,310 --> 01:39:54,880

something about our future you know if

2944

01:39:57,990 --> 01:39:56,320

i i'm not a big believer in the

2945

01:40:01,270 --> 01:39:58,000

possibility of time travel but

2946

01:40:04,790 --> 01:40:01,280

i'm not going to rule it out either uh

2947

01:40:06,709 --> 01:40:04,800

so um you know also you know

2948

01:40:08,229 --> 01:40:06,719

nuts and bolts we talk about what it

2949

01:40:10,149 --> 01:40:08,239

really means is you know they're they're

2950

01:40:12,310 --> 01:40:10,159

here in our universe because

2951
01:40:13,270 --> 01:40:12,320
a parallel universe if they get here

2952
01:40:15,109 --> 01:40:13,280
they might then be

2953
01:40:17,030 --> 01:40:15,119
quote unquote nuts and bolts right they

2954
01:40:17,510 --> 01:40:17,040
might be physically instantiated here

2955
01:40:22,070 --> 01:40:17,520
and

2956
01:40:25,350 --> 01:40:22,080
but

2957
01:40:27,350 --> 01:40:25,360
you know it's it's it's fun to speculate

2958
01:40:29,189 --> 01:40:27,360
and uh we did a lot of that sitting

2959
01:40:32,070 --> 01:40:29,199
around the center table over the years

2960
01:40:34,070 --> 01:40:32,080
in the library room but um it's too

2961
01:40:35,350 --> 01:40:34,080
early really to pin this down

2962
01:40:37,830 --> 01:40:35,360
i tell you what's really important

2963
01:40:41,030 --> 01:40:37,840

though i i this question

2964

01:40:43,590 --> 01:40:41,040

it comes up and

2965

01:40:44,790 --> 01:40:43,600

what we need is ways to test that kind

2966

01:40:47,750 --> 01:40:44,800

of question

2967

01:40:48,550 --> 01:40:47,760

so you know so ron says is it this or is

2968

01:40:51,189 --> 01:40:48,560

it that

2969

01:40:52,070 --> 01:40:51,199

and i say great yeah it could be either

2970

01:40:53,750 --> 01:40:52,080

one could be c

2971

01:40:55,270 --> 01:40:53,760

like dave's it could be whatever but

2972

01:40:55,910 --> 01:40:55,280

we're not going to get anywhere unless

2973

01:40:59,750 --> 01:40:55,920

we say

2974

01:41:01,510 --> 01:40:59,760

like scientists do okay if it's a

2975

01:41:03,430 --> 01:41:01,520

then the following things are probably

2976

01:41:06,709 --> 01:41:03,440

true a b c d and e

2977

01:41:08,390 --> 01:41:06,719

okay and if it's b these things are true

2978

01:41:10,310 --> 01:41:08,400

oh but wait a minute but there's

2979

01:41:11,430 --> 01:41:10,320

these two here don't overlap with b you

2980

01:41:12,709 --> 01:41:11,440

know so there's this

2981

01:41:15,350 --> 01:41:12,719

these two things here this is the

2982

01:41:16,790 --> 01:41:15,360

powparian theory about falsifying uh

2983

01:41:18,870 --> 01:41:16,800

scientific theories

2984

01:41:21,109 --> 01:41:18,880

uh or the popularity approach is karl

2985

01:41:21,830 --> 01:41:21,119

popper is to say okay find a way to

2986

01:41:24,790 --> 01:41:21,840

differentiate

2987

01:41:26,149 --> 01:41:24,800

the test theories and you don't show

2988

01:41:28,550 --> 01:41:26,159

theories are true

2989

01:41:29,590 --> 01:41:28,560

you you disconfirm them you show they're

2990

01:41:31,990 --> 01:41:29,600

false

2991

01:41:33,750 --> 01:41:32,000

and so the idea is to set up tests for

2992

01:41:35,669 --> 01:41:33,760

things and be able to do that now

2993

01:41:38,950 --> 01:41:35,679

we're still in the in the uh you know

2994

01:41:40,709 --> 01:41:38,960

the the pre-stager of a paradigm

2995

01:41:42,790 --> 01:41:40,719

you know if if somebody can think of how

2996

01:41:45,270 --> 01:41:42,800

to do that you know that

2997

01:41:47,270 --> 01:41:45,280

all all hats off to them nobody has

2998

01:41:49,830 --> 01:41:47,280

thought of a way to do that yet

2999

01:41:50,790 --> 01:41:49,840

but that's the ultimate goal of studying

3000

01:41:54,709 --> 01:41:50,800

ufos

3001
01:41:56,229 --> 01:41:54,719
is to find ways to test hypotheses

3002
01:41:57,910 --> 01:41:56,239
excellent thank you very much martin and

3003
01:42:00,390 --> 01:41:57,920
thank you again for the show

3004
01:42:01,510 --> 01:42:00,400
and we'll talk to you next time all

3005
01:42:05,590 --> 01:42:01,520
right

3006
01:42:06,709 --> 01:42:05,600
thank you yeah that that is uh that

3007
01:42:09,270 --> 01:42:06,719
makes so much sense

3008
01:42:11,510 --> 01:42:09,280
i mean i wish that could be done but it

3009
01:42:12,870 --> 01:42:11,520
is like you said it is

3010
01:42:14,709 --> 01:42:12,880
it's almost like a process of

3011
01:42:16,310 --> 01:42:14,719
elimination in a way is

3012
01:42:17,990 --> 01:42:16,320
what it sounds like you're talking about

3013
01:42:19,910 --> 01:42:18,000

yeah well let me let me tell you about

3014

01:42:20,310 --> 01:42:19,920

and i bet you very few people are going

3015

01:42:22,790 --> 01:42:20,320

to

3016

01:42:23,750 --> 01:42:22,800

know about what you know i'll talk about

3017

01:42:27,109 --> 01:42:23,760

now but

3018

01:42:28,790 --> 01:42:27,119

um back in the the condit project days

3019

01:42:31,270 --> 01:42:28,800

one of the scientists involved was a

3020

01:42:34,229 --> 01:42:31,280

psychologist named david saunders

3021

01:42:36,629 --> 01:42:34,239

and um dave though he was a psychologist

3022

01:42:38,629 --> 01:42:36,639

and he did work on some of the witness

3023

01:42:39,910 --> 01:42:38,639

related things with the project and

3024

01:42:42,390 --> 01:42:39,920

investigations

3025

01:42:44,709 --> 01:42:42,400

dave was a stats guy you know like i was

3026

01:42:47,669 --> 01:42:44,719

in my my phd in sociology

3027

01:42:48,470 --> 01:42:47,679

and so dave was interested in studying

3028

01:42:50,790 --> 01:42:48,480

trends and

3029

01:42:52,870 --> 01:42:50,800

patterns in the data and he in fact

3030

01:42:54,229 --> 01:42:52,880

started the ufo cad database that the

3031

01:42:55,430 --> 01:42:54,239

center now has that's a whole other

3032

01:42:57,590 --> 01:42:55,440

database we haven't even

3033

01:42:58,629 --> 01:42:57,600

talked about we won't have time in this

3034

01:43:01,669 --> 01:42:58,639

show

3035

01:43:03,830 --> 01:43:01,679

so um so dave used the the you know the

3036

01:43:06,070 --> 01:43:03,840

initial versions of it to study

3037

01:43:07,590 --> 01:43:06,080

patterns in the data and this was this

3038

01:43:09,189 --> 01:43:07,600

had happened before with amy michelle

3039

01:43:11,270 --> 01:43:09,199

and france looking at whether ufo's

3040

01:43:13,750 --> 01:43:11,280

moving straight lines and so forth

3041

01:43:15,189 --> 01:43:13,760

well dave thought he found a couple of

3042

01:43:17,669 --> 01:43:15,199

very interesting

3043

01:43:19,350 --> 01:43:17,679

patterns in the data and and one of them

3044

01:43:21,189 --> 01:43:19,360

is easy to relate to and that is that

3045

01:43:24,390 --> 01:43:21,199

ufo waves

3046

01:43:27,750 --> 01:43:24,400

occur every 61 months but

3047

01:43:30,070 --> 01:43:27,760

not only that they move in

3048

01:43:31,830 --> 01:43:30,080

longitude around the world they move 30

3049

01:43:33,990 --> 01:43:31,840

degrees in longitude around the world so

3050

01:43:37,990 --> 01:43:34,000

every 60 months 60 61 months

3051

01:43:40,470 --> 01:43:38,000

or so there's a ufo flap or wave but it

3052

01:43:42,790 --> 01:43:40,480

moves not it doesn't happen here it

3053

01:43:46,310 --> 01:43:42,800

happens 30 degrees the longitude over

3054

01:43:48,149 --> 01:43:46,320

this way that's hypothesis

3055

01:43:49,990 --> 01:43:48,159

dave had some ideas about why that would

3056

01:43:51,350 --> 01:43:50,000

be and yes he did believe that there you

3057

01:43:53,830 --> 01:43:51,360

know was intelligence

3058

01:43:55,669 --> 01:43:53,840

possible aliens involved but that was a

3059

01:43:58,229 --> 01:43:55,679

testable hypothesis

3060

01:44:00,550 --> 01:43:58,239

and it has been tested and shown to be

3061

01:44:03,669 --> 01:44:00,560

untrue

3062

01:44:05,350 --> 01:44:03,679

now that one was limited enough that

3063

01:44:06,950 --> 01:44:05,360

we don't really know what that means you

3064

01:44:08,550 --> 01:44:06,960

know it it by the way he found it

3065

01:44:09,270 --> 01:44:08,560

because there was such a pattern in

3066

01:44:11,750 --> 01:44:09,280

previous day

3067

01:44:14,070 --> 01:44:11,760

at least a crude pattern but the fact it

3068

01:44:15,910 --> 01:44:14,080

hasn't carried on since then

3069

01:44:17,430 --> 01:44:15,920

well again we can all think about you

3070

01:44:20,149 --> 01:44:17,440

know what that means

3071

01:44:21,830 --> 01:44:20,159

but there's an example of a limited

3072

01:44:23,189 --> 01:44:21,840

right a limited thing that somebody

3073

01:44:25,109 --> 01:44:23,199

discovered in the data

3074

01:44:27,030 --> 01:44:25,119

and said and you can see why you know

3075

01:44:29,189 --> 01:44:27,040

unlike other things it's like

3076

01:44:30,629 --> 01:44:29,199

okay well i'll look i'll look five you

3077

01:44:33,590 --> 01:44:30,639

know five years from now

3078

01:44:34,709 --> 01:44:33,600

and see if something happens um and you

3079

01:44:36,550 --> 01:44:34,719

know the answer is

3080

01:44:37,990 --> 01:44:36,560

unfortunately not really same thing's

3081

01:44:39,669 --> 01:44:38,000

true with jacques valet

3082

01:44:41,830 --> 01:44:39,679

jacques and others looked into whether

3083

01:44:43,750 --> 01:44:41,840

ufos occurred more often near the time

3084

01:44:45,750 --> 01:44:43,760

of mars opposition

3085

01:44:47,030 --> 01:44:45,760

when mars was close to the planet it was

3086

01:44:48,790 --> 01:44:47,040

it would have been easier

3087

01:44:50,229 --> 01:44:48,800

to travel from earth to mars which is

3088

01:44:53,109 --> 01:44:50,239

why we in

3089

01:44:54,790 --> 01:44:53,119

times that we send our our uh our probes

3090

01:44:57,590 --> 01:44:54,800

our space vehicles there

3091

01:45:00,149 --> 01:44:57,600

that seemed to be holding up for a while

3092

01:45:03,590 --> 01:45:00,159

in the 50s and early 60s and then that

3093

01:45:05,189 --> 01:45:03,600

correlation vanished as well um so those

3094

01:45:05,910 --> 01:45:05,199

are examples of interesting little

3095

01:45:08,229 --> 01:45:05,920

patterns

3096

01:45:09,750 --> 01:45:08,239

and the kind of things that you begin to

3097

01:45:13,830 --> 01:45:09,760

think about when you say

3098

01:45:19,189 --> 01:45:13,840

what can i actually drill down on

3099

01:45:22,310 --> 01:45:20,709

someone had a question up there about

3100

01:45:24,070 --> 01:45:22,320

the belgian wave but

3101

01:45:25,750 --> 01:45:24,080

it looks like it's gone it must have

3102

01:45:28,870 --> 01:45:25,760

taken it down but that's

3103

01:45:31,270 --> 01:45:28,880

that's a interesting case in itself i

3104

01:45:32,790 --> 01:45:31,280

mean the whole thing was a couple years

3105

01:45:34,629 --> 01:45:32,800

if if there's if there's no other

3106

01:45:35,750 --> 01:45:34,639

question i'll spout on further here

3107

01:45:37,510 --> 01:45:35,760

about patterns

3108

01:45:39,030 --> 01:45:37,520

oh okay yeah i do have another question

3109

01:45:39,990 --> 01:45:39,040

but i'll wait yeah let's take the

3110

01:45:42,470 --> 01:45:40,000

question sure sure

3111

01:45:43,430 --> 01:45:42,480

all right this is uh uh john wants to

3112

01:45:45,189 --> 01:45:43,440

know

3113

01:45:47,270 --> 01:45:45,199

whether there's any individuals or

3114

01:45:49,910 --> 01:45:47,280

groups that are monitoring

3115

01:45:52,070 --> 01:45:49,920

groups in other nations who deal with

3116

01:45:54,229 --> 01:45:52,080

the ufo community

3117

01:45:55,430 --> 01:45:54,239

i i suspect because if his english isn't

3118

01:45:57,750 --> 01:45:55,440

good he's probably saying

3119

01:45:59,350 --> 01:45:57,760

are there do we lie as doe do we are we

3120

01:46:01,109 --> 01:45:59,360

in communication with you know do we

3121

01:46:01,669 --> 01:46:01,119

work with other groups and i i think

3122

01:46:03,189 --> 01:46:01,679

that's

3123

01:46:04,870 --> 01:46:03,199

because we're not monitoring them right

3124

01:46:06,229 --> 01:46:04,880

you know why would we mind right

3125

01:46:08,070 --> 01:46:06,239

it sounds like he's asking if there's

3126

01:46:10,950 --> 01:46:08,080

any outside monitoring

3127

01:46:12,310 --> 01:46:10,960

you know or for information you know

3128

01:46:14,790 --> 01:46:12,320

like um yeah

3129

01:46:15,430 --> 01:46:14,800

government monitoring or something yeah

3130

01:46:18,550 --> 01:46:15,440

i mean

3131

01:46:21,430 --> 01:46:18,560

not that i'm aware of no yeah

3132

01:46:23,510 --> 01:46:21,440

yeah all right so uh that's it for the

3133

01:46:25,990 --> 01:46:23,520

questions and again the lines wide open

3134

01:46:27,590 --> 01:46:26,000

um anyone can call uh eight five five

3135

01:46:30,149 --> 01:46:27,600

four seven two five four

3136

01:46:31,270 --> 01:46:30,159

eight three bill is standing by martin

3137

01:46:33,109 --> 01:46:31,280

so go ahead

3138

01:46:35,590 --> 01:46:33,119

i just i just wanna share this just as

3139

01:46:36,870 --> 01:46:35,600

one example uh during the break i went

3140

01:46:38,310 --> 01:46:36,880

and pulled this because i just was

3141

01:46:40,070 --> 01:46:38,320

working on this this morning

3142

01:46:41,669 --> 01:46:40,080

uh someone had asked about triangular

3143

01:46:44,229 --> 01:46:41,679

ufo reports this is

3144

01:46:45,430 --> 01:46:44,239

this is a very early report right here

3145

01:46:48,390 --> 01:46:45,440

and there you can see

3146

01:46:49,830 --> 01:46:48,400

triangular noted on the face sheet of

3147

01:46:52,149 --> 01:46:49,840

the report

3148

01:46:53,990 --> 01:46:52,159

hold it up just one thing dave show them

3149

01:46:55,990 --> 01:46:54,000

the source at the top in other words

3150

01:46:57,430 --> 01:46:56,000

which organization it or where it came

3151
01:47:00,950 --> 01:46:57,440
from right yeah what

3152
01:47:03,590 --> 01:47:00,960
art form it is there we go 1968 georgia

3153
01:47:05,189 --> 01:47:03,600
i believe this is nightcap yeah that i

3154
01:47:07,669 --> 01:47:05,199
would just say that's a nightcap form

3155
01:47:08,709 --> 01:47:07,679
yep i kept several types of forms but

3156
01:47:10,470 --> 01:47:08,719
that was one of them

3157
01:47:12,629 --> 01:47:10,480
yep that that's that's one of the

3158
01:47:13,990 --> 01:47:12,639
versions and i just wanted to share this

3159
01:47:15,350 --> 01:47:14,000
this was a case from

3160
01:47:16,790 --> 01:47:15,360
i'm not going to go into detail by any

3161
01:47:18,310 --> 01:47:16,800
means in the interest of time but this

3162
01:47:21,830 --> 01:47:18,320
was november 28th

3163
01:47:23,910 --> 01:47:21,840

uh november 25th 1968 and i just i just

3164

01:47:24,229 --> 01:47:23,920

wanted to share this because unlike and

3165

01:47:25,910 --> 01:47:24,239

mark

3166

01:47:28,149 --> 01:47:25,920

i'm sure we'll agree on this point

3167

01:47:30,070 --> 01:47:28,159

unlike some uh witnesses that are

3168

01:47:30,870 --> 01:47:30,080

terrible artists i thought this was a

3169

01:47:34,229 --> 01:47:30,880

very

3170

01:47:36,149 --> 01:47:34,239

interesting sketch wow

3171

01:47:38,149 --> 01:47:36,159

and you can't see with your sketch right

3172

01:47:40,149 --> 01:47:38,159

there yeah and you can't see it up here

3173

01:47:41,910 --> 01:47:40,159

but they described it as a triangle with

3174

01:47:42,709 --> 01:47:41,920

bulging sides which you see in the

3175

01:47:44,390 --> 01:47:42,719

middle

3176

01:47:45,990 --> 01:47:44,400

uh initially they saw it as a light

3177

01:47:48,070 --> 01:47:46,000

approaching when it was directly

3178

01:47:49,750 --> 01:47:48,080

overhead you see the middle graphic

3179

01:47:51,109 --> 01:47:49,760

and then as it was moving away i guess

3180

01:47:52,790 --> 01:47:51,119

you could say they saw the back of the

3181

01:47:53,910 --> 01:47:52,800

thing and you could see the array of

3182

01:47:55,990 --> 01:47:53,920

lights but

3183

01:47:57,750 --> 01:47:56,000

that was uh just one i found this

3184

01:47:58,470 --> 01:47:57,760

morning actually so i just wanted to

3185

01:48:00,149 --> 01:47:58,480

share that

3186

01:48:01,830 --> 01:48:00,159

just as an example of what we're dealing

3187

01:48:03,430 --> 01:48:01,840

with oh great that's great you found

3188

01:48:05,910 --> 01:48:03,440

that david and you know that

3189

01:48:06,470 --> 01:48:05,920

that brings up the a little bit of the

3190

01:48:08,950 --> 01:48:06,480

of

3191

01:48:10,550 --> 01:48:08,960

another not a statistical pattern that

3192

01:48:11,270 --> 01:48:10,560

people have studied but something we all

3193

01:48:14,709 --> 01:48:11,280

recognize

3194

01:48:16,629 --> 01:48:14,719

which is notice that triangle ufo

3195

01:48:19,109 --> 01:48:16,639

doesn't look quite like the triangle

3196

01:48:20,709 --> 01:48:19,119

ufos that are reported these days right

3197

01:48:22,790 --> 01:48:20,719

right you know what's your classic

3198

01:48:24,870 --> 01:48:22,800

triangle ufo now

3199

01:48:26,550 --> 01:48:24,880

first of all it doesn't it's not bulgy

3200

01:48:29,430 --> 01:48:26,560

right it's no

3201

01:48:30,950 --> 01:48:29,440

yeah rectangular and and a and so what

3202

01:48:32,310 --> 01:48:30,960

else dave you know dave's the expert so

3203

01:48:32,870 --> 01:48:32,320

what else how would you describe the

3204

01:48:35,189 --> 01:48:32,880

current

3205

01:48:37,669 --> 01:48:35,199

typical triangle well i'd say it's more

3206

01:48:39,270 --> 01:48:37,679

like this one from september 1960 which

3207

01:48:41,109 --> 01:48:39,280

i came across and actually i wrote about

3208

01:48:43,990 --> 01:48:41,119

this in my book

3209

01:48:45,430 --> 01:48:44,000

there you go yeah lights on the corners

3210

01:48:48,229 --> 01:48:45,440

and a light in the middle

3211

01:48:49,830 --> 01:48:48,239

yep so you think that was like a 1968

3212

01:48:51,990 --> 01:48:49,840

model

3213

01:48:53,270 --> 01:48:52,000

well the other one hey we have another

3214

01:48:56,149 --> 01:48:53,280

call if you're ready

3215

01:48:56,470 --> 01:48:56,159

yeah no i just you know triangles are

3216

01:48:58,070 --> 01:48:56,480

not

3217

01:49:00,629 --> 01:48:58,080

unlike many of the other things and you

3218

01:49:02,390 --> 01:49:00,639

know mark i love his his monograph on

3219

01:49:04,149 --> 01:49:02,400

vehicle interference cases i i

3220

01:49:05,830 --> 01:49:04,159

absolutely loved when i read that before

3221

01:49:07,830 --> 01:49:05,840

i think i even knew mark

3222

01:49:09,990 --> 01:49:07,840

and uh it just goes to show that there

3223

01:49:10,550 --> 01:49:10,000

do appear to be certain patterns in the

3224

01:49:11,990 --> 01:49:10,560

data

3225

01:49:13,589 --> 01:49:12,000

and it's just we're not going to find

3226

01:49:13,990 --> 01:49:13,599

those unless we start parsing the data

3227

01:49:16,070 --> 01:49:14,000

and really

3228

01:49:17,350 --> 01:49:16,080

looking at it oh dear we only have five

3229

01:49:18,149 --> 01:49:17,360

minutes and we've got two callers so

3230

01:49:21,350 --> 01:49:18,159

let's

3231

01:49:23,270 --> 01:49:21,360

uh

3232

01:49:25,030 --> 01:49:23,280

right now james from texas how are you

3233

01:49:27,350 --> 01:49:25,040

james quick question

3234

01:49:28,709 --> 01:49:27,360

hey hey good martin how are you guys

3235

01:49:32,709 --> 01:49:28,719

well thank you i'm good

3236

01:49:35,270 --> 01:49:32,719

yeah i was gonna uh see it did uh did uh

3237

01:49:37,189 --> 01:49:35,280

hey ellen heineck did he ever you know

3238

01:49:37,589 --> 01:49:37,199

like was he ever kind of remorseful he

3239

01:49:39,109 --> 01:49:37,599

had

3240

01:49:41,270 --> 01:49:39,119

kind of debunked all that stuff and

3241

01:49:41,669 --> 01:49:41,280

especially like the swamp gas thing you

3242

01:49:43,510 --> 01:49:41,679

know

3243

01:49:45,430 --> 01:49:43,520

did he ever what did he say about that

3244

01:49:46,790 --> 01:49:45,440

that was because a lot of people

3245

01:49:49,030 --> 01:49:46,800

kind of don't like that guy that was the

3246

01:49:54,310 --> 01:49:49,040

most ridiculous thing ever

3247

01:49:59,430 --> 01:49:57,430

oh yeah tr uh three b or whatever it is

3248

01:50:02,550 --> 01:49:59,440

because it was a big black triangle but

3249

01:50:04,790 --> 01:50:02,560

did you ever say anything about that

3250

01:50:06,550 --> 01:50:04,800

so so i uh there was a little garbo so

3251

01:50:08,550 --> 01:50:06,560

martin what what is our caller asking

3252

01:50:09,669 --> 01:50:08,560

uh oh i'm sorry i could hear him pretty

3253

01:50:12,790 --> 01:50:09,679

clearly he was asking

3254

01:50:14,149 --> 01:50:12,800

if j allen heineck ever had a regret for

3255

01:50:16,950 --> 01:50:14,159

you know being a debunker in the

3256

01:50:19,990 --> 01:50:16,960

beginning oh yes absolutely

3257

01:50:22,070 --> 01:50:20,000

uh he he didn't regret

3258

01:50:24,709 --> 01:50:22,080

way in the beginning okay which was the

3259

01:50:26,470 --> 01:50:24,719

you know 48 or so and 49 when he was

3260

01:50:28,310 --> 01:50:26,480

brought in to get just astronomical

3261

01:50:31,510 --> 01:50:28,320

explanations of sightings

3262

01:50:32,390 --> 01:50:31,520

but he regretted being a skeptic for too

3263

01:50:33,910 --> 01:50:32,400

long

3264

01:50:35,350 --> 01:50:33,920

and he certainly regretted making the

3265

01:50:36,790 --> 01:50:35,360

swamp gas statement though there's a

3266

01:50:38,870 --> 01:50:36,800

whole backstory to that

3267

01:50:39,830 --> 01:50:38,880

as to why he did in the pressure he was

3268

01:50:42,629 --> 01:50:39,840

under

3269

01:50:43,189 --> 01:50:42,639

uh but yeah the bottom line is is that

3270

01:50:45,830 --> 01:50:43,199

alan

3271

01:50:47,589 --> 01:50:45,840

you know realized after the fact that

3272

01:50:50,629 --> 01:50:47,599

gee i should have been

3273

01:50:52,229 --> 01:50:50,639

more even courageous quite frankly um

3274

01:50:54,790 --> 01:50:52,239

and you know stepped up to the plate

3275

01:50:56,229 --> 01:50:54,800

earlier but again it was not easy to do

3276

01:50:57,109 --> 01:50:56,239

that when faced with the scientific

3277

01:50:59,830 --> 01:50:57,119

establishment

3278

01:51:01,510 --> 01:50:59,840

you know were great against him i bet uh

3279

01:51:04,830 --> 01:51:01,520

we have drew calling from

3280

01:51:12,149 --> 01:51:04,840

toronto welcome to the show drew quick

3281

01:51:15,910 --> 01:51:15,270

just let me mute this hi yes uh i wanted

3282

01:51:18,790 --> 01:51:15,920

them

3283

01:51:20,310 --> 01:51:18,800

to ask uh if uh i'm sure i apologize if

3284

01:51:21,430 --> 01:51:20,320

this has been asked because i i missed

3285

01:51:23,750 --> 01:51:21,440

part of the show

3286

01:51:25,910 --> 01:51:23,760

if uh if there's any um movement to

3287

01:51:26,870 --> 01:51:25,920

start a physical archive for ufo

3288

01:51:29,109 --> 01:51:26,880

material in

3289

01:51:30,390 --> 01:51:29,119

north america if you're aware of anybody

3290

01:51:33,109 --> 01:51:30,400

there mark

3291

01:51:33,669 --> 01:51:33,119

that's that's what dave does don't you

3292

01:51:36,390 --> 01:51:33,679

date

3293

01:51:36,790 --> 01:51:36,400

don't you well this is one example but

3294

01:51:38,950 --> 01:51:36,800

uh

3295

01:51:40,470 --> 01:51:38,960

mark there's also a group down in austin

3296

01:51:42,070 --> 01:51:40,480

uh as well that has a pretty good

3297

01:51:44,790 --> 01:51:42,080

comprehensive paranormal

3298

01:51:46,390 --> 01:51:44,800

ufo archive as well if i'm not mistaken

3299

01:51:49,350 --> 01:51:46,400

right uh the yeah the austin

3300

01:51:51,510 --> 01:51:49,360

the anomaly archive uh did a fundraiser

3301

01:51:53,350 --> 01:51:51,520

recently and all that and of course

3302

01:51:54,870 --> 01:51:53,360

mufon has pretty good files i mean there

3303

01:51:56,950 --> 01:51:54,880

you know you finds

3304

01:51:58,229 --> 01:51:56,960

uh of course that you know very viable

3305

01:52:01,350 --> 01:51:58,239

and uh you know

3306

01:52:02,229 --> 01:52:01,360

a very valuable organization um but

3307

01:52:04,790 --> 01:52:02,239

beyond that

3308

01:52:05,589 --> 01:52:04,800

in the states you know there there isn't

3309

01:52:07,270 --> 01:52:05,599

as much

3310

01:52:08,629 --> 01:52:07,280

having three places is good i mean

3311

01:52:09,830 --> 01:52:08,639

there's a few other archives that have

3312

01:52:11,510 --> 01:52:09,840

3323

01:52:34,070 --> 01:52:32,560

it but we're at the end

01:52:35,589 --> 01:52:34,080

3325

01:52:38,550 --> 01:52:35,599

and uh where can i i am putting in the

3329

01:52:45,589 --> 01:52:43,119

show notes

3330

01:52:47,510 --> 01:52:45,599

3343

01:53:14,950 --> 01:53:14,239

so we may not be able to make that

3344

01:53:17,589 --> 01:53:14,960

happen

3345

01:53:18,950 --> 01:53:17,599
