1
00:00:43,430 --> 00:00:09,360

[Music]

2
00:00:46,310 --> 00:00:45,190

hello and welcome to the show i'm martin

3
00:00:48,310 --> 00:00:46,320

wilsher host

4
00:00:50,310 --> 00:00:48,320

and hey look i've got a what would this

5
00:00:51,110 --> 00:00:50,320

show be someone wrote something a while

6
00:00:53,350 --> 00:00:51,120

back

7
00:00:55,189 --> 00:00:53,360

um in youtube and i actually kind of

8
00:00:57,750 --> 00:00:55,199

laughed out loud as they say

9
00:00:59,349 --> 00:00:57,760

when i read it and they said what would

10
00:01:00,389 --> 00:00:59,359

we do if you didn't have technical

11
00:01:02,310 --> 00:01:00,399

problems

12
00:01:03,910 --> 00:01:02,320

you know we're so used to it so anyway i

13
00:01:05,670 --> 00:01:03,920

bought uh the

14

00:01:07,030 --> 00:01:05,680

well what's considered the top of the

15

00:01:09,670 --> 00:01:07,040

line studio

16

00:01:11,230 --> 00:01:09,680

camera for um for doing these streams

17

00:01:15,429 --> 00:01:11,240

it's a logitech

18

00:01:19,590 --> 00:01:15,439

c920 automatic um

19

00:01:21,350 --> 00:01:19,600

i think it's uh you know uh

20

00:01:23,749 --> 00:01:21,360

automatic everything on the thing and

21

00:01:25,510 --> 00:01:23,759

anyway uh if you're watching on youtube

22

00:01:28,469 --> 00:01:25,520

you can see that i'm flickering

23

00:01:29,830 --> 00:01:28,479

isn't that nice huh but anyway uh well

24

00:01:31,429 --> 00:01:29,840

we'll get that straightened out by next

25

00:01:33,510 --> 00:01:31,439

week i'm sure of it

26

00:01:34,710 --> 00:01:33,520

at least it's not an audio issue my

27

00:01:37,590 --> 00:01:34,720

guest tonight

28

00:01:39,109 --> 00:01:37,600

is uh uh jonathan lace he's got a very

29

00:01:40,390 --> 00:01:39,119

interesting background

30

00:01:42,550 --> 00:01:40,400

he was in the air force we're going to

31

00:01:45,510 --> 00:01:42,560

talk about his background and

32

00:01:46,149 --> 00:01:45,520

what got him interested in the ufo topic

33

00:01:48,630 --> 00:01:46,159

and

34

00:01:49,990 --> 00:01:48,640

it should be great a great show this is

35

00:01:51,190 --> 00:01:50,000

going for an hour now this is a little

36

00:01:53,670 --> 00:01:51,200

different this week

37

00:01:54,469 --> 00:01:53,680

for those of you who love uh to watch

38

00:01:56,389 --> 00:01:54,479

the shows

39

00:01:57,749 --> 00:01:56,399

on youtube you're going to want to jump

40

00:02:00,950 --> 00:01:57,759

over to our next

41

00:02:02,069 --> 00:02:00,960

uh our next guest and that is up on our

42

00:02:03,670 --> 00:02:02,079

youtube channel

43

00:02:05,270 --> 00:02:03,680

and speaking of that you can subscribe

44

00:02:08,389 --> 00:02:05,280

to that channel

45

00:02:11,430 --> 00:02:08,399

and well um i had

46

00:02:12,150 --> 00:02:11,440

just shut down everything just before i

47

00:02:14,790 --> 00:02:12,160

went into

48

00:02:15,910 --> 00:02:14,800

the uh trying to fix this camera thing

49

00:02:18,150 --> 00:02:15,920

so

50

00:02:20,229 --> 00:02:18,160

uh i want to tell you the blog over at

51

00:02:23,830 --> 00:02:20,239

podcast ufo this week

52

00:02:26,550 --> 00:02:23,840

is uh a wyoming elk hunter

53

00:02:27,350 --> 00:02:26,560

takes a ride in a ufo and that's about a

54

00:02:31,270 --> 00:02:27,360

story

55

00:02:32,390 --> 00:02:31,280

back in i think in the uh 1960s i think

56

00:02:35,350 --> 00:02:32,400

it was

57

00:02:35,990 --> 00:02:35,360

actually 1974. uh check out the story

58

00:02:38,949 --> 00:02:36,000

it's a real

59

00:02:39,990 --> 00:02:38,959

fun a real another bizarre one uh

60

00:02:41,910 --> 00:02:40,000

charles lear

61

00:02:43,589 --> 00:02:41,920

comes up with these great stories from

62

00:02:45,190 --> 00:02:43,599

the past and so

63

00:02:47,030 --> 00:02:45,200

uh a great reading had a lot of help

64

00:02:49,750 --> 00:02:47,040

from dave marlar on this one

65

00:02:50,869 --> 00:02:49,760

with some original documents all right

66

00:02:52,309 --> 00:02:50,879

so i'm not going to get used to the

67

00:02:54,229 --> 00:02:52,319

flickering but i'm going to be bringing

68

00:02:55,910 --> 00:02:54,239

in our guests in just a second

69

00:02:57,270 --> 00:02:55,920

and i'll have them take over the screen

70

00:03:00,710 --> 00:02:57,280

so you don't have to watch this

71

00:03:02,070 --> 00:03:00,720

but i also want to say that if you check

72

00:03:03,830 --> 00:03:02,080

out our facebook page there's

73

00:03:05,270 --> 00:03:03,840

20 some odd thousand people over there

74

00:03:08,550 --> 00:03:05,280

it's pretty active

75

00:03:10,790 --> 00:03:08,560

and um besides the blog i do want to

76

00:03:13,270 --> 00:03:10,800

thank everyone that supports the show

77

00:03:14,869 --> 00:03:13,280

and we've got some great new supporters

78

00:03:16,470 --> 00:03:14,879

this week i want to

79

00:03:19,030 --> 00:03:16,480

give a little shout out thank you so

80

00:03:21,190 --> 00:03:19,040

much everyone

81

00:03:22,229 --> 00:03:21,200

for supporting the show i couldn't do it

82

00:03:24,789 --> 00:03:22,239

without you

83

00:03:27,229 --> 00:03:24,799

and anyone can support the show it's

84

00:03:29,350 --> 00:03:27,239

over the link's over at our podcast

85

00:03:32,309 --> 00:03:29,360

ufo.com website

86

00:03:34,390 --> 00:03:32,319

and to get me flickering out of here i'm

87

00:03:36,949 --> 00:03:34,400

going to bring in our guest

88

00:03:38,070 --> 00:03:36,959

welcome to the show hi martin thanks so

89

00:03:41,270 --> 00:03:38,080

much for having me

90

00:03:43,350 --> 00:03:41,280

yes jonathan um if you could

91

00:03:44,710 --> 00:03:43,360

you have a real interesting background

92

00:03:47,670 --> 00:03:44,720

and let's hear about that

93

00:03:49,110 --> 00:03:47,680

um because it you were served in the air

94

00:03:51,670 --> 00:03:49,120

force

95

00:03:53,190 --> 00:03:51,680

and uh but if you would give your

96

00:03:55,670 --> 00:03:53,200

background if you would and how you get

97

00:03:59,429 --> 00:03:55,680

interested in the ufo topic

98

00:04:01,990 --> 00:03:59,439

sure thanks um so yeah so i grew up

99

00:04:04,070 --> 00:04:02,000

in the deep south i grew up in the delta

100

00:04:06,470 --> 00:04:04,080

region of arkansas

101
00:04:07,190 --> 00:04:06,480
and i entered the air force right out of

102
00:04:09,990 --> 00:04:07,200
high school

103
00:04:11,030 --> 00:04:10,000
i served in the united states strategic

104
00:04:16,390 --> 00:04:11,040
command

105
00:04:17,110 --> 00:04:16,400
in omaha nebraska and we were the back

106
00:04:19,830 --> 00:04:17,120
up to

107
00:04:21,270 --> 00:04:19,840
norad north american aerospace defense

108
00:04:23,180 --> 00:04:21,280
command

109
00:04:24,629 --> 00:04:23,190
and served there

110
00:04:27,749 --> 00:04:24,639
[Music]

111
00:04:30,469 --> 00:04:27,759
when i left i went

112
00:04:32,390 --> 00:04:30,479
into college uh went to the university

113
00:04:36,150 --> 00:04:32,400

of arkansas at fayetteville

114

00:04:39,670 --> 00:04:36,160

uh studied philosophy there and um

115

00:04:42,230 --> 00:04:39,680

then i left and went to

116

00:04:43,830 --> 00:04:42,240

after i graduated i went to emory

117

00:04:45,670 --> 00:04:43,840

university in atlanta

118

00:04:47,270 --> 00:04:45,680

and pursued something i'd always been

119

00:04:48,710 --> 00:04:47,280

interested in which was theological

120

00:04:52,150 --> 00:04:48,720

studies

121

00:04:55,350 --> 00:04:52,160

and graduated there

122

00:04:58,550 --> 00:04:55,360

gosh in 2003 and then i

123

00:05:02,469 --> 00:04:58,560

moved to new jersey um

124

00:05:05,590 --> 00:05:02,479

in 2006 i've been here ever since

125

00:05:06,070 --> 00:05:05,600

and i currently teach computer science

126

00:05:08,310 --> 00:05:06,080

and

127

00:05:10,310 --> 00:05:08,320

iphone app development at a local

128

00:05:13,029 --> 00:05:10,320

private school here in new jersey

129

00:05:14,950 --> 00:05:13,039

now when i was in the air force i was a

130

00:05:18,150 --> 00:05:14,960

computer systems operator we ran

131

00:05:20,070 --> 00:05:18,160

ibm 9000 mainframes

132

00:05:21,909 --> 00:05:20,080

and if you've ever seen the movie clear

133

00:05:22,310 --> 00:05:21,919

in present danger there's one scene in

134

00:05:25,029 --> 00:05:22,320

which

135

00:05:27,270 --> 00:05:25,039

jack ryan played by harrison ford is in

136

00:05:28,150 --> 00:05:27,280

the cia talking to an analyst and behind

137

00:05:30,790 --> 00:05:28,160

him you can see this

138

00:05:31,990 --> 00:05:30,800

rotating arm and like this silo grabbing

139

00:05:33,590 --> 00:05:32,000

data tapes

140

00:05:36,150 --> 00:05:33,600

that's what we worked with we actually

141

00:05:39,590 --> 00:05:36,160

built one of those when i was there

142

00:05:42,710 --> 00:05:39,600

wow that's pretty amazing um

143

00:05:43,590 --> 00:05:42,720

and so what what got you interested i

144

00:05:45,909 --> 00:05:43,600

know you're you're

145

00:05:47,189 --> 00:05:45,919

uh the public relations officer i

146

00:05:50,790 --> 00:05:47,199

believe that's your title

147

00:05:51,430 --> 00:05:50,800

to the seu and uh well i do want to talk

148

00:05:55,029 --> 00:05:51,440

about that

149

00:05:57,990 --> 00:05:55,039

program um but what how did you make

150

00:05:58,870 --> 00:05:58,000

the the i don't want to say the leap but

151

00:06:01,430 --> 00:05:58,880

uh

152

00:06:02,790 --> 00:06:01,440

you know what made you kind of get an in

153

00:06:04,870 --> 00:06:02,800

a strong enough interest

154

00:06:06,870 --> 00:06:04,880

in this to do something actually

155

00:06:09,749 --> 00:06:06,880

publicly because that's what it is

156

00:06:10,230 --> 00:06:09,759

sure yeah great question so when i was

157

00:06:12,390 --> 00:06:10,240

um

158

00:06:13,510 --> 00:06:12,400

when i was a kid i had a love for

159

00:06:16,710 --> 00:06:13,520

aerospace

160

00:06:18,629 --> 00:06:16,720

and um the space program you know i

161

00:06:21,430 --> 00:06:18,639

remember going to space camp when i was

162

00:06:22,950 --> 00:06:21,440

14 years old oh wow just having in

163

00:06:24,230 --> 00:06:22,960

huntsville alabama and just having the

164

00:06:25,350 --> 00:06:24,240

time in my life i want to give a shout

165

00:06:27,830 --> 00:06:25,360

out to rich hoffman

166

00:06:28,870 --> 00:06:27,840

uh he's on the board of the scu he's

167

00:06:32,790 --> 00:06:28,880

from huntsville

168

00:06:34,790 --> 00:06:32,800

but i went to space camp loved it

169

00:06:36,230 --> 00:06:34,800

for various reasons i didn't pursue that

170

00:06:37,670 --> 00:06:36,240

one reason was because

171

00:06:39,590 --> 00:06:37,680

when i was in 10th grade i realized i

172

00:06:41,110 --> 00:06:39,600

had to have glasses and corrected vision

173

00:06:43,430 --> 00:06:41,120

and at the time

174

00:06:45,430 --> 00:06:43,440

uh no branch of the military service was

175

00:06:47,430 --> 00:06:45,440

accepting pilots with corrected vision

176
00:06:48,790 --> 00:06:47,440
that has since changed but it wasn't at

177
00:06:52,469 --> 00:06:48,800
the time

178
00:06:54,150 --> 00:06:52,479
so i didn't pursue that and

179
00:06:56,790 --> 00:06:54,160
my whole life i've been interested in

180
00:06:59,990 --> 00:06:56,800
flying in aerospace et cetera

181
00:07:00,870 --> 00:07:00,000
and i remember as a teenager hearing

182
00:07:06,309 --> 00:07:00,880
stories

183
00:07:09,350 --> 00:07:06,319
news and and reading various books about

184
00:07:11,670 --> 00:07:09,360
people who had reported seeing things um

185
00:07:14,870 --> 00:07:11,680
that they could not explain

186
00:07:15,990 --> 00:07:14,880
and that was always just fascinating to

187
00:07:17,589 --> 00:07:16,000
me because

188
00:07:19,029 --> 00:07:17,599

i guess somewhere in the back of my mind

189

00:07:21,189 --> 00:07:19,039

i was thinking you know if our country

190

00:07:22,790 --> 00:07:21,199

can put a man on the moon

191

00:07:26,070 --> 00:07:22,800

surely we would be able to identify

192

00:07:29,510 --> 00:07:26,080

things that were terrestrial

193

00:07:32,550 --> 00:07:29,520

um so i you know i read various books

194

00:07:35,350 --> 00:07:32,560

uh sort of kept uh kept my uh

195

00:07:37,510 --> 00:07:35,360

finger on the pulse of goings-on in the

196

00:07:42,950 --> 00:07:37,520

ufo world so to speak i remember

197

00:07:45,270 --> 00:07:42,960

there was a lot of um a lot of um

198

00:07:47,830 --> 00:07:45,280

buzz about a particular clip from the

199

00:07:49,670 --> 00:07:47,840

shuttle discovery on one of its missions

200

00:07:52,309 --> 00:07:49,680

showing what reported to be you know a

201
00:07:53,430 --> 00:07:52,319
uap or a ufo that was making a series of

202
00:07:57,350 --> 00:07:53,440
erratic movements

203
00:08:00,070 --> 00:07:57,360
in orbit around the earth um

204
00:08:00,469 --> 00:08:00,080
to make a long story short uh you know i

205
00:08:20,869 --> 00:08:00,479
i

206
00:08:24,830 --> 00:08:20,879
um and subsequent encounters um

207
00:08:27,589 --> 00:08:24,840
i believe in 2015 um that were that were

208
00:08:28,150 --> 00:08:27,599
documented by the new york times that

209
00:08:30,950 --> 00:08:28,160
that

210
00:08:32,870 --> 00:08:30,960
occurred um with the carrier group

211
00:08:34,469 --> 00:08:32,880
nimitz in 2004 and i believe the

212
00:08:37,829 --> 00:08:34,479
theodore roosevelt

213
00:08:41,750 --> 00:08:37,839

yeah florida yeah yeah and

214

00:08:44,630 --> 00:08:41,760

those those incidents those stories

215

00:08:45,750 --> 00:08:44,640

uh were very very compelling for me um

216

00:08:47,590 --> 00:08:45,760

and what was

217

00:08:50,230 --> 00:08:47,600

what was particularly compelling was not

218

00:08:52,790 --> 00:08:50,240

only the eyewitness testimony of

219

00:08:54,949 --> 00:08:52,800

david fravor and other eyewitnesses to

220

00:08:57,110 --> 00:08:54,959

the events

221

00:08:59,430 --> 00:08:57,120

but what's compelling for me was a

222

00:09:01,910 --> 00:08:59,440

statement by the defense department

223

00:09:03,750 --> 00:09:01,920

which basically admitted that our

224

00:09:07,110 --> 00:09:03,760

government really did not have any idea

225

00:09:10,550 --> 00:09:08,790

you know it does not serve our national

226

00:09:13,750 --> 00:09:10,560

interest to make such a statement

227

00:09:16,070 --> 00:09:13,760

if it's not the truth yeah um

228

00:09:17,990 --> 00:09:16,080

and you know from a national security

229

00:09:21,990 --> 00:09:18,000

perspective

230

00:09:25,110 --> 00:09:22,000

if these objects um are not

231

00:09:27,670 --> 00:09:25,120

otherworldly or not of you know

232

00:09:30,310 --> 00:09:27,680

uh extraterrestrial origin then our

233

00:09:31,990 --> 00:09:30,320

country should be very very concerned

234

00:09:33,990 --> 00:09:32,000

because that that would mean that you

235

00:09:35,509 --> 00:09:34,000

know potential adversaries have

236

00:09:38,550 --> 00:09:35,519

technology that can just run

237

00:09:40,150 --> 00:09:38,560

circles around us right so when all that

238

00:09:40,630 --> 00:09:40,160

was starting to come out in the news i

239

00:09:43,990 --> 00:09:40,640

really

240

00:09:48,310 --> 00:09:44,000

thought you know

241

00:09:50,870 --> 00:09:48,320

it's people who report ufos i know that

242

00:09:52,389 --> 00:09:50,880

you know for various reasons many people

243

00:09:56,310 --> 00:09:52,399

in the field of ufology

244

00:09:57,990 --> 00:09:56,320

right um kind of conflate

245

00:10:00,230 --> 00:09:58,000

claims in other words they will take a

246

00:10:01,590 --> 00:10:00,240

legitimate claim that something or some

247

00:10:05,590 --> 00:10:01,600

object

248

00:10:07,110 --> 00:10:05,600

has no plausible um you know terrestrial

249

00:10:10,069 --> 00:10:07,120

explanation or

250

00:10:11,190 --> 00:10:10,079

or no current scientific explanation and

251
00:10:12,470 --> 00:10:11,200
sometimes

252
00:10:14,710 --> 00:10:12,480
i think people have a tendency to

253
00:10:15,670 --> 00:10:14,720
conflate that with more extravagant

254
00:10:19,430 --> 00:10:15,680
claims

255
00:10:21,750 --> 00:10:19,440
involving more paranormal activity

256
00:10:22,550 --> 00:10:21,760
and to sift through that can sometimes

257
00:10:29,590 --> 00:10:22,560
be

258
00:10:30,870 --> 00:10:29,600
and all you know about ufos is that you

259
00:10:36,710 --> 00:10:30,880
know

260
00:10:39,430 --> 00:10:36,720
report them or

261
00:10:41,110 --> 00:10:39,440
or research them etc then you may have a

262
00:10:42,790 --> 00:10:41,120
tendency to sort of shy away from the

263
00:10:44,949 --> 00:10:42,800

topic altogether and sort of throw the

264

00:10:47,350 --> 00:10:44,959

baby out with the bathwater

265

00:10:48,150 --> 00:10:47,360

uh but when the um when the new york

266

00:10:51,030 --> 00:10:48,160

times

267

00:10:52,790 --> 00:10:51,040

um leslie keane and her team did the

268

00:10:54,710 --> 00:10:52,800

reporting on the nimitz and then

269

00:10:56,069 --> 00:10:54,720

and then the theodore roosevelt

270

00:10:57,269 --> 00:10:56,079

encounters

271

00:10:59,829 --> 00:10:57,279

and the statement by the department of

272

00:11:00,389 --> 00:10:59,839

defense that really grabbed my attention

273

00:11:07,190 --> 00:11:00,399

um

274

00:11:09,430 --> 00:11:07,200

i thought well you know

275

00:11:10,630 --> 00:11:09,440

this sort of elevates the conversation

276

00:11:12,630 --> 00:11:10,640

quite a bit

277

00:11:14,550 --> 00:11:12,640

and it can't be just you know people

278

00:11:16,230 --> 00:11:14,560

that are you know on the fringe or

279

00:11:18,150 --> 00:11:16,240

people that are somewhat crazy or

280

00:11:20,389 --> 00:11:18,160

crackpots that that are

281

00:11:22,310 --> 00:11:20,399

that are seeing these things we now have

282

00:11:24,310 --> 00:11:22,320

trained military pilots

283

00:11:25,829 --> 00:11:24,320

um who are reporting this and we have

284

00:11:27,190 --> 00:11:25,839

official statements by the department of

285

00:11:28,870 --> 00:11:27,200

defense so

286

00:11:30,230 --> 00:11:28,880

all that to say i came to the conclusion

287

00:11:33,590 --> 00:11:30,240

that there is definitely

288

00:11:35,990 --> 00:11:33,600

something that is occurring in our skies

289

00:11:38,790 --> 00:11:36,000

and in some cases our oceans

290

00:11:39,509 --> 00:11:38,800

that defy explanation and i just found

291

00:11:41,990 --> 00:11:39,519

that

292

00:11:43,910 --> 00:11:42,000

you know as a mystery to be extremely

293

00:11:47,750 --> 00:11:43,920

compelling so i wanted to

294

00:11:50,389 --> 00:11:47,760

reach out and look for organizations

295

00:11:51,750 --> 00:11:50,399

that approach the perspective sorry

296

00:11:53,430 --> 00:11:51,760

approach the phenomenon from a

297

00:11:55,829 --> 00:11:53,440

scientific perspective

298

00:11:56,629 --> 00:11:55,839

because that's you know that's something

299

00:12:03,269 --> 00:11:56,639

that i

300

00:12:05,990 --> 00:12:03,279

i'm not a i'm not i guess a

301
00:12:07,750 --> 00:12:06,000
a formal scientist by training but i i

302
00:12:09,990 --> 00:12:07,760
definitely respect the discipline

303
00:12:11,430 --> 00:12:10,000
uh sort of the hard sciences even though

304
00:12:13,670 --> 00:12:11,440
a lot of people don't consider computer

305
00:12:16,150 --> 00:12:13,680
science to be a real science um i

306
00:12:17,509 --> 00:12:16,160
certainly respect the scientific method

307
00:12:20,069 --> 00:12:17,519
and so when i started looking for

308
00:12:23,910 --> 00:12:20,079
organizations that were devoted to

309
00:12:27,030 --> 00:12:23,920
you know very high scientific standards

310
00:12:29,430 --> 00:12:27,040
of of um of analysis

311
00:12:31,190 --> 00:12:29,440
and evidentiary based claims uh there

312
00:12:32,230 --> 00:12:31,200
was really only one organization that i

313
00:12:34,629 --> 00:12:32,240

discovered that

314

00:12:36,389 --> 00:12:34,639

met that criteria and that was the

315

00:12:39,670 --> 00:12:36,399

scientific coalition for ap

316

00:12:42,310 --> 00:12:39,680

uap studies and so i reached out

317

00:12:43,269 --> 00:12:42,320

and and i applied to become a member and

318

00:12:46,550 --> 00:12:43,279

was accepted

319

00:12:48,710 --> 00:12:46,560

and then yeah i started uh

320

00:12:49,670 --> 00:12:48,720

you know pursuing some writing for the

321

00:12:52,069 --> 00:12:49,680

scu

322

00:12:53,670 --> 00:12:52,079

and actually had a project proposal for

323

00:12:56,949 --> 00:12:53,680

the scu

324

00:13:00,470 --> 00:12:56,959

and i found a a community of scientists

325

00:13:03,509 --> 00:13:00,480

that are fascinated by the unknown

326

00:13:05,670 --> 00:13:03,519

and are dedicated to the the rigors of

327

00:13:07,509 --> 00:13:05,680

science to help answer that question

328

00:13:08,870 --> 00:13:07,519

yes i'm very impressed with them i

329

00:13:10,870 --> 00:13:08,880

actually help

330

00:13:13,269 --> 00:13:10,880

behind the scenes quite a bit when they

331

00:13:14,230 --> 00:13:13,279

do their uh their streams now i want to

332

00:13:16,550 --> 00:13:14,240

pop this question

333

00:13:17,590 --> 00:13:16,560

up because this is uh something i hear

334

00:13:20,470 --> 00:13:17,600

quite a bit

335

00:13:21,110 --> 00:13:20,480

and uh david is saying that mike barra

336

00:13:22,629 --> 00:13:21,120

um

337

00:13:24,870 --> 00:13:22,639

heard the name but i'm not sure who that

338

00:13:28,069 --> 00:13:24,880

is say they were drones and i i want to

339

00:13:31,190 --> 00:13:28,079

i want to argue that point now i do

340

00:13:31,910 --> 00:13:31,200

think it is possible that what was

341

00:13:35,350 --> 00:13:31,920

called the go

342

00:13:38,069 --> 00:13:35,360

fast of the three videos in a lock-on

343

00:13:38,790 --> 00:13:38,079

that there is some possibility that that

344

00:13:41,030 --> 00:13:38,800

might have been

345

00:13:42,069 --> 00:13:41,040

some type of high-speed drone i mean i

346

00:13:44,389 --> 00:13:42,079

can give

347

00:13:45,590 --> 00:13:44,399

out of all three of them that but here's

348

00:13:49,110 --> 00:13:45,600

the the thing

349

00:13:49,590 --> 00:13:49,120

the navy when they officially release

350

00:13:51,509 --> 00:13:49,600

them

351
00:13:52,949 --> 00:13:51,519
they're saying that they don't know what

352
00:13:54,550 --> 00:13:52,959
they are right

353
00:13:55,990 --> 00:13:54,560
and if they're going to say that they're

354
00:13:57,350 --> 00:13:56,000
not going to make a fool out of

355
00:14:00,870 --> 00:13:57,360
themselves

356
00:14:02,870 --> 00:14:00,880
by uh not really looking into

357
00:14:03,910 --> 00:14:02,880
the possibilities of what these things

358
00:14:06,629 --> 00:14:03,920
could be

359
00:14:07,910 --> 00:14:06,639
so um i'm hearing a lot of that um

360
00:14:10,710 --> 00:14:07,920
someone wrote me

361
00:14:12,550 --> 00:14:10,720
or wrote a comment the other day that

362
00:14:14,310 --> 00:14:12,560
mark d'antonio who's actually a friend

363
00:14:17,269 --> 00:14:14,320

and i got to get a hold of him

364

00:14:18,629 --> 00:14:17,279

um has claimed that he's solved all of

365

00:14:21,590 --> 00:14:18,639

all the three videos

366

00:14:22,710 --> 00:14:21,600

but and he is a photo and video an

367

00:14:25,430 --> 00:14:22,720

analyst for

368

00:14:26,389 --> 00:14:25,440

mufon but um again i i gotta give him a

369

00:14:29,030 --> 00:14:26,399

call and find out

370

00:14:30,550 --> 00:14:29,040

if that's really a true comment and he

371

00:14:32,710 --> 00:14:30,560

really is claiming to

372

00:14:33,829 --> 00:14:32,720

and if so i got to find out what he's

373

00:14:36,310 --> 00:14:33,839

saying about them

374

00:14:37,030 --> 00:14:36,320

because when it goes to the tic tac

375

00:14:40,150 --> 00:14:37,040

itself

376

00:14:44,150 --> 00:14:40,160

the one off the coast of san diego

377

00:14:47,590 --> 00:14:44,160

um catalina or wherever it was out there

378

00:14:50,550 --> 00:14:47,600

the with all the different methods of

379

00:14:51,269 --> 00:14:50,560

data that they got for that those

380

00:14:54,150 --> 00:14:51,279

particular

381

00:14:55,670 --> 00:14:54,160

objects whatever they were you know uh

382

00:14:56,069 --> 00:14:55,680

you know because you're involved with

383

00:15:04,069 --> 00:14:56,079

the

384

00:15:06,870 --> 00:15:04,079

as far as it doesn't fit

385

00:15:07,910 --> 00:15:06,880

into what we know of physics of how

386

00:15:09,829 --> 00:15:07,920

these things could

387

00:15:11,189 --> 00:15:09,839

do what they did and stay in one piece

388

00:15:15,590 --> 00:15:11,199

and

389

00:15:17,509 --> 00:15:15,600

with the no heat no

390

00:15:19,990 --> 00:15:17,519

and i mean there's so many so many

391

00:15:22,150 --> 00:15:20,000

things that didn't make sense that

392

00:15:24,470 --> 00:15:22,160

that it it just would be i think it's

393

00:15:27,189 --> 00:15:24,480

impossible for the tic tac

394

00:15:30,230 --> 00:15:27,199

to be any type of drone i mean it

395

00:15:33,590 --> 00:15:31,829

and what are your general thoughts on

396

00:15:35,670 --> 00:15:33,600

that that one in particular

397

00:15:36,710 --> 00:15:35,680

yeah i've i've certainly seen that

398

00:15:39,430 --> 00:15:36,720

theory

399

00:15:40,470 --> 00:15:39,440

that it was a drone um i've seen in

400

00:15:42,550 --> 00:15:40,480

another theory

401
00:15:44,629 --> 00:15:42,560
uh this was published in forbes magazine

402
00:15:46,230 --> 00:15:44,639
that it was a laser induced plasma

403
00:15:49,110 --> 00:15:46,240
filament basically a

404
00:15:49,829 --> 00:15:49,120
three-dimensional laser projection um

405
00:15:52,870 --> 00:15:49,839
you know

406
00:15:55,189 --> 00:15:52,880
when i listened to uh the description of

407
00:15:58,230 --> 00:15:55,199
the encounter by david fravor

408
00:16:01,189 --> 00:15:58,240
um and other witnesses like pj

409
00:16:01,829 --> 00:16:01,199
hughes yeah and and others who were part

410
00:16:09,030 --> 00:16:01,839
of that

411
00:16:12,389 --> 00:16:09,040
especially on the nimitz in 2004

412
00:16:14,310 --> 00:16:12,399
their descriptions do not match you know

413
00:16:15,509 --> 00:16:14,320

any known technology of drones that i'm

414

00:16:17,509 --> 00:16:15,519

aware of

415

00:16:19,430 --> 00:16:17,519

i'm not i'm not saying it's not but i'm

416

00:16:22,069 --> 00:16:19,440

just saying you know it doesn't seem to

417

00:16:25,030 --> 00:16:22,079

be consistent with what we know about

418

00:16:26,470 --> 00:16:25,040

um drone technology today let me ask you

419

00:16:28,310 --> 00:16:26,480

this

420

00:16:30,069 --> 00:16:28,320

you said that one of the theories is

421

00:16:31,749 --> 00:16:30,079

it's laser induced

422

00:16:37,110 --> 00:16:31,759

plasma i believe said something like

423

00:16:40,550 --> 00:16:37,120

that yes would that show up on radar

424

00:16:43,670 --> 00:16:40,560

um it would uh

425

00:16:45,749 --> 00:16:43,680

show up on uh radar

426
00:16:47,030 --> 00:16:45,759
and of course we don't have access to

427
00:16:50,150 --> 00:16:47,040
the to the radar

428
00:16:50,870 --> 00:16:50,160
um i i'm not an expert on this by any

429
00:16:54,230 --> 00:16:50,880
means

430
00:16:56,710 --> 00:16:54,240
um but the the the

431
00:16:57,509 --> 00:16:56,720
very brief research that i've done on

432
00:17:05,110 --> 00:16:57,519
that

433
00:17:06,710 --> 00:17:05,120
it it there's nothing there's no kind of

434
00:17:09,829 --> 00:17:06,720
technology

435
00:17:12,230 --> 00:17:09,839
that could replicate

436
00:17:14,789 --> 00:17:12,240
uh all the flight characteristics and

437
00:17:17,270 --> 00:17:14,799
all the em characteristics

438
00:17:18,630 --> 00:17:17,280

that have been described and that were

439

00:17:21,110 --> 00:17:18,640

observed

440

00:17:21,829 --> 00:17:21,120

by the eyewitnesses of the alleged

441

00:17:23,909 --> 00:17:21,839

incident

442

00:17:26,549 --> 00:17:23,919

um that would be consistent with any

443

00:17:29,590 --> 00:17:26,559

sort of you know laser induced

444

00:17:33,110 --> 00:17:29,600

3d object right right

445

00:17:36,070 --> 00:17:33,120

and um excuse me as far as

446

00:17:37,270 --> 00:17:36,080

i want to get back to the subject um

447

00:17:41,029 --> 00:17:37,280

about science

448

00:17:44,470 --> 00:17:41,039

and ufos um when you first

449

00:17:46,070 --> 00:17:44,480

looked into hey you know is anyone that

450

00:17:48,070 --> 00:17:46,080

has some type of science background

451
00:17:51,270 --> 00:17:48,080
taking this seriously

452
00:17:52,150 --> 00:17:51,280
was it uh were you frustrated or did you

453
00:17:56,150 --> 00:17:52,160
find

454
00:17:58,470 --> 00:17:56,160
the seou quite quickly

455
00:17:59,190 --> 00:17:58,480
um i actually found them quite quickly

456
00:18:02,549 --> 00:17:59,200
and i found

457
00:18:03,750 --> 00:18:02,559
i found them a midst of um you know some

458
00:18:05,190 --> 00:18:03,760
other organizations

459
00:18:07,190 --> 00:18:05,200
uh maybe that have been around for a

460
00:18:10,150 --> 00:18:07,200
little bit longer

461
00:18:11,590 --> 00:18:10,160
excuse me and um it was really important

462
00:18:13,029 --> 00:18:11,600
for me

463
00:18:14,630 --> 00:18:13,039

you know to associate with an

464

00:18:18,310 --> 00:18:14,640

organization that was

465

00:18:21,110 --> 00:18:18,320

devoted to a very conservative rigorous

466

00:18:21,990 --> 00:18:21,120

approach to science one that would not

467

00:18:25,510 --> 00:18:22,000

be making

468

00:18:27,029 --> 00:18:25,520

unwarranted or you know

469

00:18:28,870 --> 00:18:27,039

extraordinary claims about a

470

00:18:30,230 --> 00:18:28,880

correspondent level of extraordinary

471

00:18:33,350 --> 00:18:30,240

proof

472

00:18:35,430 --> 00:18:33,360

and i found scu rather quickly

473

00:18:36,630 --> 00:18:35,440

and you know it was important for me not

474

00:18:40,230 --> 00:18:36,640

only as a

475

00:18:43,990 --> 00:18:41,750

but also as you said you know i mean

476

00:18:46,230 --> 00:18:44,000

this is a very public role that

477

00:18:47,590 --> 00:18:46,240

that um that i eventually assume for the

478

00:18:50,470 --> 00:18:47,600

scu

479

00:18:51,029 --> 00:18:50,480

and as someone who serves in local

480

00:18:54,630 --> 00:18:51,039

government

481

00:18:56,549 --> 00:18:54,640

right uh there is definitely um there's

482

00:19:00,630 --> 00:18:56,559

definitely a stigma

483

00:19:03,029 --> 00:19:00,640

attached to the ufo slash uap

484

00:19:05,590 --> 00:19:03,039

phenomenon in the public but it's that's

485

00:19:07,669 --> 00:19:05,600

particularly the case i think with

486

00:19:08,710 --> 00:19:07,679

people who serve in official capacities

487

00:19:10,150 --> 00:19:08,720

and even though

488

00:19:12,950 --> 00:19:10,160

you know being a member of the local

489

00:19:14,470 --> 00:19:12,960

borough council is not a huge

490

00:19:16,150 --> 00:19:14,480

uh you know it's not like being the

491

00:19:18,310 --> 00:19:16,160

governor of arizona or it's not being

492

00:19:20,230 --> 00:19:18,320

the president of the united states

493

00:19:22,870 --> 00:19:20,240

um and and we know that there have been

494

00:19:26,390 --> 00:19:22,880

claims of ufos from you know

495

00:19:28,950 --> 00:19:26,400

uh from those levels of government

496

00:19:29,510 --> 00:19:28,960

uh there is a stigma attached to it and

497

00:19:33,590 --> 00:19:29,520

you know

498

00:19:35,590 --> 00:19:33,600

when uh when you reached out for

499

00:19:36,950 --> 00:19:35,600

for our our show tonight you know there

500

00:19:38,230 --> 00:19:36,960

was a little second thought in the back

501
00:19:39,350 --> 00:19:38,240
of my head you know do you really want

502
00:19:43,510 --> 00:19:39,360
to be that public with

503
00:19:45,190 --> 00:19:43,520
with uh uh with uh with you know

504
00:19:47,110 --> 00:19:45,200
talking talking openly about your

505
00:19:48,470 --> 00:19:47,120
interest and your fascination with this

506
00:19:51,270 --> 00:19:48,480
topic

507
00:19:51,990 --> 00:19:51,280
um but i do believe that you know there

508
00:19:53,909 --> 00:19:52,000
are probably a lot

509
00:19:55,110 --> 00:19:53,919
of people like me that are out there at

510
00:19:57,830 --> 00:19:55,120
large

511
00:19:59,029 --> 00:19:57,840
um i tend to call them the pro-science

512
00:20:00,710 --> 00:19:59,039
public

513
00:20:02,390 --> 00:20:00,720

uh they may not be scientists by

514

00:20:04,070 --> 00:20:02,400

training by formal training but

515

00:20:06,470 --> 00:20:04,080

they you know they remember the

516

00:20:09,110 --> 00:20:06,480

scientific method from high school

517

00:20:11,430 --> 00:20:09,120

um they they understand its value they

518

00:20:13,270 --> 00:20:11,440

trust in scientific institutions

519

00:20:14,710 --> 00:20:13,280

and they know the value of science and

520

00:20:17,909 --> 00:20:14,720

they they've seen

521

00:20:21,190 --> 00:20:17,919

the contributions of science you know

522

00:20:21,990 --> 00:20:21,200

over the years and so for me it's really

523

00:20:26,710 --> 00:20:22,000

important

524

00:20:31,110 --> 00:20:26,720

that the scu not only engage

525

00:20:34,149 --> 00:20:31,120

with academia but also that the scu

526

00:20:35,110 --> 00:20:34,159

be really a voice for that segment of

527

00:20:38,950 --> 00:20:35,120

the population

528

00:20:40,789 --> 00:20:38,960

what i call the the pro-science public

529

00:20:43,190 --> 00:20:40,799

yeah i was wondering what what i heard

530

00:20:45,510 --> 00:20:43,200

that term pro-science public

531

00:20:46,549 --> 00:20:45,520

what and you think there's going to be

532

00:20:50,310 --> 00:20:46,559

all along this

533

00:20:52,789 --> 00:20:50,320

just going to be great like uh relations

534

00:20:54,390 --> 00:20:52,799

between the public and transparency with

535

00:20:56,470 --> 00:20:54,400

all the reporting

536

00:20:57,510 --> 00:20:56,480

it's all going to be available for

537

00:21:00,789 --> 00:20:57,520

anyone to come

538

00:21:02,870 --> 00:21:00,799

and take a look well i can tell you all

539

00:21:03,669 --> 00:21:02,880

the formal work that the scu does is

540

00:21:06,470 --> 00:21:03,679

certainly open

541

00:21:08,470 --> 00:21:06,480

for uh peer review uh and it and our

542

00:21:11,750 --> 00:21:08,480

reports are published on our website

543

00:21:14,070 --> 00:21:11,760

and that's uh explorescu.org

544

00:21:15,270 --> 00:21:14,080

and has anyone peer reviewed anything as

545

00:21:17,510 --> 00:21:15,280

of yet

546

00:21:19,669 --> 00:21:17,520

do you know i don't know of any other

547

00:21:21,909 --> 00:21:19,679

institutions that have

548

00:21:24,630 --> 00:21:21,919

i do know the invitation is always open

549

00:21:28,230 --> 00:21:24,640

and i do know that there are

550

00:21:29,990 --> 00:21:28,240

um there are multiple people within

551
00:21:31,750 --> 00:21:30,000
the scu that have put their names on

552
00:21:36,470 --> 00:21:31,760
reports i will say this i believe

553
00:21:38,870 --> 00:21:36,480
that um i want to say robert powell

554
00:21:40,310 --> 00:21:38,880
kevin knuth and i think one maybe peter

555
00:21:41,909 --> 00:21:40,320
really did a

556
00:21:45,110 --> 00:21:41,919
did a piece that was published in a

557
00:21:47,430 --> 00:21:45,120
peer-reviewed journal um

558
00:21:49,029 --> 00:21:47,440
you know i confess i don't remember the

559
00:21:50,070 --> 00:21:49,039
name but right now off the top of my

560
00:21:53,350 --> 00:21:50,080
head

561
00:21:53,750 --> 00:21:53,360
but it is on our website and um it was

562
00:21:56,950 --> 00:21:53,760
uh

563
00:21:58,470 --> 00:21:56,960

i want to say it was a journal devoted

564

00:22:02,870 --> 00:21:58,480

to

565

00:22:04,870 --> 00:22:02,880

might not be accurate um but

566

00:22:07,029 --> 00:22:04,880

but that to say that that our members

567

00:22:08,789 --> 00:22:07,039

have published in peer-reviewed journals

568

00:22:10,789 --> 00:22:08,799

in the science the larger scientific

569

00:22:13,830 --> 00:22:10,799

community

570

00:22:15,430 --> 00:22:13,840

well um i think um well

571

00:22:17,110 --> 00:22:15,440

let me just ask you this do you think

572

00:22:20,549 --> 00:22:17,120

that

573

00:22:21,990 --> 00:22:20,559

the if enough scientists get involved

574

00:22:23,669 --> 00:22:22,000

with this topic

575

00:22:25,270 --> 00:22:23,679

that there could be some breakthroughs

576

00:22:29,350 --> 00:22:25,280

eventually i mean are you

577

00:22:32,710 --> 00:22:31,909

yeah so one of our goals you know is to

578

00:22:36,710 --> 00:22:32,720

reach out

579

00:22:39,270 --> 00:22:36,720

um to academia and um

580

00:22:40,870 --> 00:22:39,280

that's really important for i think the

581

00:22:44,710 --> 00:22:40,880

future of

582

00:22:48,149 --> 00:22:44,720

sort of the conversation at large um

583

00:22:49,909 --> 00:22:48,159

you know we we we provide uh services

584

00:22:51,750 --> 00:22:49,919

that are all listed on our website

585

00:22:54,149 --> 00:22:51,760

we want to have dialogue with the larger

586

00:22:57,990 --> 00:22:54,159

scientific community

587

00:23:02,149 --> 00:22:58,000

and i do think now that i do think now

588

00:23:09,350 --> 00:23:05,990

you know ufo um conversation

589

00:23:11,830 --> 00:23:09,360

publicly i do think that more and more

590

00:23:13,350 --> 00:23:11,840

scientists will look at statements um

591

00:23:14,870 --> 00:23:13,360

from the department of defense and say

592

00:23:16,710 --> 00:23:14,880

you know wow that's quite a remarkable

593

00:23:19,430 --> 00:23:16,720

statement um

594

00:23:20,870 --> 00:23:19,440

i don't know how how much on the radar

595

00:23:22,710 --> 00:23:20,880

this issue is with

596

00:23:25,110 --> 00:23:22,720

with you know scientists in general

597

00:23:29,110 --> 00:23:25,120

around the world but i will say this

598

00:23:33,029 --> 00:23:29,120

that you know speaking about this

599

00:23:35,270 --> 00:23:33,039

post 2004 is

600

00:23:37,070 --> 00:23:35,280

is is it now very much a different

601
00:23:40,470 --> 00:23:37,080
context than it was

602
00:23:42,070 --> 00:23:40,480
pre-2004 before these disclosures

603
00:23:43,430 --> 00:23:42,080
by the new york times before these

604
00:23:45,350 --> 00:23:43,440
videos published by the department of

605
00:23:48,789 --> 00:23:45,360
defense and before

606
00:23:51,909 --> 00:23:48,799
the statement by the dod

607
00:23:53,750 --> 00:23:51,919
right um i'm just going to uh

608
00:23:56,310 --> 00:23:53,760
show i'm just showing up here on the

609
00:23:58,470 --> 00:23:56,320
screen just a couple of things up for

610
00:24:00,230 --> 00:23:58,480
people on youtube they can see that

611
00:24:02,789 --> 00:24:00,240
um you know there's there's a lot to dig

612
00:24:06,310 --> 00:24:02,799
around um on this website

613
00:24:07,990 --> 00:24:06,320

and have you looked into the new website

614

00:24:09,350 --> 00:24:08,000

called the debrief have you looked into

615

00:24:11,269 --> 00:24:09,360

that at all

616

00:24:12,470 --> 00:24:11,279

yeah i've been there a couple of times i

617

00:24:14,390 --> 00:24:12,480

want to say about

618

00:24:16,830 --> 00:24:14,400

maybe three weeks to a month ago now

619

00:24:19,990 --> 00:24:16,840

they published a big story about

620

00:24:23,029 --> 00:24:20,000

um you know a photograph taken from

621

00:24:23,990 --> 00:24:23,039

what looked to be an f-18 hornet yeah i

622

00:24:26,950 --> 00:24:24,000

forget the year

623

00:24:29,269 --> 00:24:26,960

uh of an object and supposedly another

624

00:24:32,549 --> 00:24:29,279

photo that has yet to be published

625

00:24:34,149 --> 00:24:32,559

right that's a 2019 photo yeah involving

626
00:24:35,029 --> 00:24:34,159
a craft coming out from the ocean yeah

627
00:24:37,750 --> 00:24:35,039
so um

628
00:24:38,950 --> 00:24:37,760
i'm familiar with the website yeah yeah

629
00:24:41,990 --> 00:24:38,960
that would

630
00:24:43,190 --> 00:24:42,000
now or something like that um now i had

631
00:24:45,990 --> 00:24:43,200
heard about this

632
00:24:46,870 --> 00:24:46,000
and i was told to keep it quiet for i

633
00:24:48,950 --> 00:24:46,880
don't know maybe

634
00:24:50,789 --> 00:24:48,960
two or three months ahead of time that

635
00:24:53,990 --> 00:24:50,799
there was

636
00:24:55,430 --> 00:24:54,000
that photo of the triangle craft coming

637
00:24:58,470 --> 00:24:55,440
out of the ocean

638
00:25:02,070 --> 00:24:58,480

caught by a uh f-18

639

00:25:05,590 --> 00:25:02,080

hornet uh pilot and

640

00:25:06,549 --> 00:25:05,600

that it was uh going viral within the

641

00:25:09,669 --> 00:25:06,559

defense

642

00:25:11,029 --> 00:25:09,679

community you know and so i'm surprised

643

00:25:13,110 --> 00:25:11,039

it hasn't leaked

644

00:25:14,070 --> 00:25:13,120

actually and another thing i was

645

00:25:15,909 --> 00:25:14,080

contacted by

646

00:25:17,590 --> 00:25:15,919

a gentleman that listens to the show

647

00:25:21,350 --> 00:25:17,600

retired a navy

648

00:25:23,750 --> 00:25:21,360

and he's he's saying that uh that

649

00:25:26,230 --> 00:25:23,760

uh well maybe i should try to find his

650

00:25:29,510 --> 00:25:26,240

email but he's basically saying that

651
00:25:32,789 --> 00:25:29,520
it's really taboo to have your

652
00:25:36,149 --> 00:25:32,799
uh iphone your cell phone in a cockpit

653
00:25:36,870 --> 00:25:36,159
because of tracking situations it's very

654
00:25:39,669 --> 00:25:36,880
it's just

655
00:25:40,390 --> 00:25:39,679
not it's not acceptable and i'm

656
00:25:45,029 --> 00:25:40,400
wondering

657
00:25:50,630 --> 00:25:48,870
gosh yeah i don't know um

658
00:25:52,070 --> 00:25:50,640
i don't know the current policy and

659
00:25:54,230 --> 00:25:52,080
department of defense about

660
00:25:56,390 --> 00:25:54,240
having smartphones on operational

661
00:25:59,269 --> 00:25:56,400
missions i do know that

662
00:26:01,430 --> 00:25:59,279
i do know it occurs because um the new

663
00:26:03,110 --> 00:26:01,440

york times ran a story on this very

664

00:26:04,549 --> 00:26:03,120

issue i want to say last year maybe the

665

00:26:07,750 --> 00:26:04,559

year before

666

00:26:10,230 --> 00:26:07,760

and the story was about how um

667

00:26:10,950 --> 00:26:10,240

you know various military personnel who

668

00:26:13,510 --> 00:26:10,960

may be on

669

00:26:14,470 --> 00:26:13,520

uh on deployment or on a mission you

670

00:26:16,230 --> 00:26:14,480

know if they

671

00:26:18,470 --> 00:26:16,240

um have certain settings on their

672

00:26:20,149 --> 00:26:18,480

smartphone turned on then that data can

673

00:26:21,590 --> 00:26:20,159

be aggregated and you can

674

00:26:23,350 --> 00:26:21,600

you know if you have access to the data

675

00:26:23,990 --> 00:26:23,360

you can track the movements of you know

676
00:26:26,149 --> 00:26:24,000
of military

677
00:26:27,750 --> 00:26:26,159
personnel around the world which would

678
00:26:31,669 --> 00:26:27,760
be a huge huge

679
00:26:33,350 --> 00:26:31,679
operational security concern right so

680
00:26:35,190 --> 00:26:33,360
you know presumably an article like that

681
00:26:39,190 --> 00:26:35,200
would not have been written if it wasn't

682
00:26:40,789 --> 00:26:39,200
something that was already happening

683
00:26:43,110 --> 00:26:40,799
so i again i don't know the current

684
00:26:46,070 --> 00:26:43,120
policy but i do know

685
00:26:47,269 --> 00:26:46,080
um you know i mean i would infer from an

686
00:26:48,870 --> 00:26:47,279
article like that that

687
00:26:50,630 --> 00:26:48,880
that it has occurred certainly in the

688
00:26:53,909 --> 00:26:50,640

past

689

00:26:58,230 --> 00:26:53,919

now let me just ask you this so do you

690

00:27:01,269 --> 00:26:58,240

um freely talk about the ufo topic

691

00:27:01,669 --> 00:27:01,279

to friends and you know other colleagues

692

00:27:05,830 --> 00:27:01,679

and

693

00:27:07,590 --> 00:27:05,840

people out there yeah great question um

694

00:27:10,070 --> 00:27:07,600

i talk about it

695

00:27:15,350 --> 00:27:10,080

with people that i believe might have an

696

00:27:19,750 --> 00:27:17,269

sorry you try to feel them out to see if

697

00:27:20,230 --> 00:27:19,760

they'll to an extent yeah to an extent i

698

00:27:22,789 --> 00:27:20,240

mean

699

00:27:24,549 --> 00:27:22,799

like i said there there is still uh i

700

00:27:24,789 --> 00:27:24,559

think a significant stigma attached to

701

00:27:28,070 --> 00:27:24,799

it

702

00:27:30,789 --> 00:27:28,080

and um you know i don't i don't

703

00:27:31,190 --> 00:27:30,799

you know randomly interject that i you

704

00:27:33,430 --> 00:27:31,200

know

705

00:27:35,430 --> 00:27:33,440

happened to volunteer for this

706

00:27:36,310 --> 00:27:35,440

non-profit that studies the ufo

707

00:27:39,909 --> 00:27:36,320

phenomenon

708

00:27:42,789 --> 00:27:39,919

um but um but yeah i mean you know i

709

00:27:44,149 --> 00:27:42,799

certainly uh i i certainly raise it with

710

00:27:47,029 --> 00:27:44,159

people that i think

711

00:27:47,510 --> 00:27:47,039

you know might be interested um i will

712

00:27:50,710 --> 00:27:47,520

tell you

713

00:27:51,990 --> 00:27:50,720

one segway that i have found uh to raise

714

00:27:53,990 --> 00:27:52,000

the topic that's particularly

715

00:27:57,669 --> 00:27:54,000

interesting

716

00:27:58,230 --> 00:27:57,679

is uh astronomy yes um you know i'm i'm

717

00:28:00,070 --> 00:27:58,240

uh

718

00:28:01,669 --> 00:28:00,080

you know i've been a fan of the space

719

00:28:02,070 --> 00:28:01,679

program since i was a kid and now that

720

00:28:04,789 --> 00:28:02,080

we have

721

00:28:06,389 --> 00:28:04,799

you know phones that can tell us exactly

722

00:28:09,350 --> 00:28:06,399

when you know the international space

723

00:28:11,510 --> 00:28:09,360

station's gonna be flying over our homes

724

00:28:13,430 --> 00:28:11,520

um you know i bought a pair of uh

725

00:28:16,070 --> 00:28:13,440

astronomy binoculars

726

00:28:17,350 --> 00:28:16,080

uh last year and um you know would go

727

00:28:21,029 --> 00:28:17,360

out and would look at

728

00:28:22,630 --> 00:28:21,039

um you know jupiter and venus and you

729

00:28:23,669 --> 00:28:22,640

know to see the moons around jupiter for

730

00:28:25,430 --> 00:28:23,679

the first time through

731

00:28:26,789 --> 00:28:25,440

you know with your own eyes it's pretty

732

00:28:29,269 --> 00:28:26,799

is quite a moment

733

00:28:30,470 --> 00:28:29,279

yeah yeah and to see the space station

734

00:28:32,630 --> 00:28:30,480

fly over

735

00:28:34,870 --> 00:28:32,640

you know your house uh with a magnitude

736

00:28:38,630 --> 00:28:34,880

of like you know negative 4.0 is

737

00:28:39,190 --> 00:28:38,640

it's brilliant in the sky and i think if

738

00:28:43,990 --> 00:28:39,200

you

739

00:28:45,510 --> 00:28:44,000

scientific progress in the space program

740

00:28:48,710 --> 00:28:45,520

and you find people around you or in

741

00:28:50,630 --> 00:28:48,720

your neighborhood that also value that

742

00:28:52,870 --> 00:28:50,640

i do think there are opportunities to

743

00:28:55,669 --> 00:28:52,880

discuss things that you know

744

00:28:57,269 --> 00:28:55,679

some people may consider rather taboo or

745

00:29:00,470 --> 00:28:57,279

or some people themselves

746

00:29:03,590 --> 00:29:00,480

may be a little reluctant to discuss

747

00:29:05,430 --> 00:29:03,600

um so again yeah i i talk about it with

748

00:29:08,549 --> 00:29:05,440

people that i believe

749

00:29:09,430 --> 00:29:08,559

might have an interest in it yeah i it's

750

00:29:13,110 --> 00:29:09,440

kind of funny

751
00:29:15,909 --> 00:29:13,120
i i i kind of do too

752
00:29:18,070 --> 00:29:15,919
um you know i i'm reluctant to i mean

753
00:29:19,909 --> 00:29:18,080
i've had a number of people

754
00:29:21,590 --> 00:29:19,919
that um i'm in the fine arts and

755
00:29:24,070 --> 00:29:21,600
antiques and appraiser and

756
00:29:24,710 --> 00:29:24,080
i'm fairly well known for that type of

757
00:29:27,269 --> 00:29:24,720
work

758
00:29:28,310 --> 00:29:27,279
and uh i've had a few other people

759
00:29:31,350 --> 00:29:28,320
across the country

760
00:29:34,149 --> 00:29:31,360
call me and tell me oh my god

761
00:29:34,789 --> 00:29:34,159
i can't believe you're you're here into

762
00:29:36,710 --> 00:29:34,799
this

763
00:29:38,789 --> 00:29:36,720

i and then they tell me about a sighting

764

00:29:40,710 --> 00:29:38,799

and and then they had and

765

00:29:43,029 --> 00:29:40,720

you know why they're interested in it

766

00:29:45,669 --> 00:29:43,039

and uh i'm gonna say that's been about

767

00:29:46,630 --> 00:29:45,679

four different people in the uh that

768

00:29:49,750 --> 00:29:46,640

that are actually

769

00:29:51,110 --> 00:29:49,760

antique dealers or one was on tv that

770

00:29:55,110 --> 00:29:51,120

was pretty interesting

771

00:29:57,510 --> 00:29:55,120

um and anyway it's really

772

00:29:59,110 --> 00:29:57,520

it's really interesting and it really

773

00:30:01,669 --> 00:29:59,120

you can get a feel i've

774

00:30:03,510 --> 00:30:01,679

figured it out you can get a feel about

775

00:30:05,350 --> 00:30:03,520

how someone reacts to one question

776

00:30:08,389 --> 00:30:05,360

whether they're going to be open

777

00:30:10,230 --> 00:30:08,399

to it yeah um like like for instance

778

00:30:13,590 --> 00:30:10,240

when the navy came out

779

00:30:14,789 --> 00:30:13,600

and said that you know they about those

780

00:30:15,750 --> 00:30:14,799

when they were talking about those

781

00:30:18,789 --> 00:30:15,760

videos

782

00:30:20,710 --> 00:30:18,799

i was at a retired navy um a young

783

00:30:23,750 --> 00:30:20,720

retired navy

784

00:30:25,350 --> 00:30:23,760

gentleman's house and uh i said hey did

785

00:30:27,590 --> 00:30:25,360

you see that about

786

00:30:29,350 --> 00:30:27,600

you know the navy releasing ufos yeah

787

00:30:30,950 --> 00:30:29,360

i've been following that and then

788

00:30:32,630 --> 00:30:30,960

i feel comfortable talking to someone

789

00:30:34,630 --> 00:30:32,640

about it but you have to

790

00:30:35,990 --> 00:30:34,640

you know someone has to be kind of open

791

00:30:37,830 --> 00:30:36,000

the door a little bit

792

00:30:39,750 --> 00:30:37,840

otherwise uh you know you can get the

793

00:30:41,510 --> 00:30:39,760

feeling of the taboo

794

00:30:43,190 --> 00:30:41,520

you know when i'm there appraising fine

795

00:30:46,389 --> 00:30:43,200

art and i talk about ufos they

796

00:30:48,070 --> 00:30:46,399

might say get out of here

797

00:30:49,909 --> 00:30:48,080

yeah yeah that's what i found i mean you

798

00:30:51,830 --> 00:30:49,919

know the the fact that it's in a major

799

00:30:53,590 --> 00:30:51,840

publication like the new york times or

800

00:30:55,110 --> 00:30:53,600

it's it's uh

801
00:30:56,470 --> 00:30:55,120
it's in a statement released by the

802
00:30:57,190 --> 00:30:56,480
department of defense i mean that

803
00:31:00,389 --> 00:30:57,200
certainly

804
00:31:02,549 --> 00:31:00,399
provides um you know a level of

805
00:31:03,669 --> 00:31:02,559
credibility to just to start discussing

806
00:31:05,669 --> 00:31:03,679
the issue

807
00:31:07,269 --> 00:31:05,679
i think with people who who might be

808
00:31:08,230 --> 00:31:07,279
interested in ways that just weren't

809
00:31:11,190 --> 00:31:08,240
possible

810
00:31:12,149 --> 00:31:11,200
before um so you know for example if you

811
00:31:13,990 --> 00:31:12,159
have friends who

812
00:31:16,389 --> 00:31:14,000
you know are regular readers of the the

813
00:31:17,830 --> 00:31:16,399

news you know you might say hey did you

814

00:31:19,110 --> 00:31:17,840

see the article of the new york times

815

00:31:20,310 --> 00:31:19,120

about this or that or did you you know

816

00:31:21,990 --> 00:31:20,320

if you have friends with the military

817

00:31:23,430 --> 00:31:22,000

did you see the art the

818

00:31:25,430 --> 00:31:23,440

statement that the department of defense

819

00:31:27,509 --> 00:31:25,440

released you know um

820

00:31:29,430 --> 00:31:27,519

which again i think speaks to the fact

821

00:31:32,950 --> 00:31:29,440

that we are now living in a different

822

00:31:35,509 --> 00:31:32,960

kind of uh a different context

823

00:31:36,630 --> 00:31:35,519

in uh you know what i call a post nimitz

824

00:31:39,830 --> 00:31:36,640

you know

825

00:31:42,389 --> 00:31:39,840

ufo discussion i think that's a great

826

00:31:43,990 --> 00:31:42,399

i think that's a great term um because

827

00:31:45,590 --> 00:31:44,000

nothing out well it's actually

828

00:31:47,029 --> 00:31:45,600

i've said a number of times it's post

829

00:31:51,430 --> 00:31:47,039

new york times

830

00:31:53,269 --> 00:31:51,440

you know december um 16 2017 article

831

00:31:54,789 --> 00:31:53,279

you know when that when that came out

832

00:31:57,669 --> 00:31:54,799

even though it was

833

00:31:59,110 --> 00:31:57,679

the that exact same topic was totally

834

00:32:02,950 --> 00:31:59,120

discussed by

835

00:32:05,430 --> 00:32:02,960

you know to the stars and tom delonge

836

00:32:06,149 --> 00:32:05,440

on a video i watched the live stream

837

00:32:09,190 --> 00:32:06,159

video

838

00:32:10,070 --> 00:32:09,200

back in the october ahead of that it

839

00:32:12,389 --> 00:32:10,080

didn't really

840

00:32:13,990 --> 00:32:12,399

change anything but once that came out

841

00:32:17,669 --> 00:32:14,000

the front page of the new york times

842

00:32:21,269 --> 00:32:17,679

it changed everything yeah um

843

00:32:22,789 --> 00:32:21,279

you know again it's the conversations

844

00:32:25,750 --> 00:32:22,799

that are happening today

845

00:32:26,470 --> 00:32:25,760

um and i would say that the the level of

846

00:32:29,909 --> 00:32:26,480

engagement

847

00:32:33,110 --> 00:32:29,919

and and the the walks of life

848

00:32:34,630 --> 00:32:33,120

um of people that are you know becoming

849

00:32:38,310 --> 00:32:34,640

interested in this topic is

850

00:32:39,909 --> 00:32:38,320

is certainly a a very a very different

851

00:32:43,190 --> 00:32:39,919

pool than what would have existed

852

00:32:45,190 --> 00:32:43,200

um you know 20 years ago yeah i'm

853

00:32:47,029 --> 00:32:45,200

opening the phone lines i know this is a

854

00:32:49,590 --> 00:32:47,039

you know just a one-hour show here

855

00:32:51,029 --> 00:32:49,600

so if anyone would has a question for

856

00:32:54,950 --> 00:32:51,039

our guest tonight

857

00:32:56,789 --> 00:32:54,960

um please call in that number is

858

00:33:00,230 --> 00:32:56,799

two five four eight 855-472-5483 and

859

00:33:03,909 --> 00:33:00,240

bill will be standing by

860

00:33:12,870 --> 00:33:09,590

um and as far as the um

861

00:33:15,190 --> 00:33:12,880

the dod um do you think

862

00:33:17,350 --> 00:33:15,200

or as far as the government in general

863

00:33:21,269 --> 00:33:17,360

do you feel as though they may

864

00:33:23,990 --> 00:33:21,279

uh just soften up to this topic and and

865

00:33:27,750 --> 00:33:24,000

let it out there more you know because

866

00:33:29,029 --> 00:33:27,760

it seems more credible than it did

867

00:33:31,909 --> 00:33:29,039

you know three years ago like you

868

00:33:35,830 --> 00:33:31,919

mentioned yeah um

869

00:33:39,350 --> 00:33:35,840

that's a good question um you know my

870

00:33:42,549 --> 00:33:39,360

my sort of gut instinct is that you know

871

00:33:46,549 --> 00:33:42,559

the the department of defense um

872

00:33:48,710 --> 00:33:46,559

will not say anything um unless there is

873

00:33:50,230 --> 00:33:48,720

uh you know a compelling reason for them

874

00:33:53,350 --> 00:33:50,240

to make a statement

875

00:33:54,870 --> 00:33:53,360

i i feel as if that the i believe it was

876

00:33:55,509 --> 00:33:54,880

april of last year when the department

877

00:33:57,990 --> 00:33:55,519

of defense

878

00:33:59,110 --> 00:33:58,000

made their you know admission that you

879

00:34:01,990 --> 00:33:59,120

know we we don't

880

00:34:03,990 --> 00:34:02,000

we don't know what these objects are um

881

00:34:07,509 --> 00:34:04,000

in some in some ways i believe that

882

00:34:09,190 --> 00:34:07,519

statement um sort of had to be made

883

00:34:12,470 --> 00:34:09,200

because they had authorized

884

00:34:16,149 --> 00:34:12,480

the release of the the videos

885

00:34:17,990 --> 00:34:16,159

um so it's it's hard for me to have a

886

00:34:19,750 --> 00:34:18,000

you know it's hard for me to make a

887

00:34:22,470 --> 00:34:19,760

prediction about you know how open

888

00:34:26,470 --> 00:34:22,480

they're going to be in the future

889

00:34:30,790 --> 00:34:26,480

i will say this that having spoken to

890

00:34:34,310 --> 00:34:30,800

some of the witnesses um of the nimitz

891

00:34:39,349 --> 00:34:34,320

encounter that they

892

00:34:42,869 --> 00:34:39,359

have told me that

893

00:34:43,750 --> 00:34:42,879

their former shipmates some of whom they

894

00:34:46,389 --> 00:34:43,760

did not know

895

00:34:48,389 --> 00:34:46,399

necessarily are friends with on the ship

896

00:34:51,349 --> 00:34:48,399

uh or ships i should say

897

00:34:52,790 --> 00:34:51,359

um have started to come forward and and

898

00:34:57,589 --> 00:34:52,800

talk to them

899

00:35:02,950 --> 00:34:57,599

um so i do think that

900

00:35:05,270 --> 00:35:02,960

um i do think that the more

901
00:35:07,349 --> 00:35:05,280
the more attention you know the more

902
00:35:09,589 --> 00:35:07,359
daylight that this issue is given

903
00:35:11,270 --> 00:35:09,599
uh the more likely it is that you know

904
00:35:13,190 --> 00:35:11,280
uh the department of defense

905
00:35:16,630 --> 00:35:13,200
um and our government will have to you

906
00:35:18,069 --> 00:35:16,640
know have to respond to that

907
00:35:20,790 --> 00:35:18,079
it's just hard to predict you know to

908
00:35:23,030 --> 00:35:20,800
what degree you're or or the reasons why

909
00:35:24,870 --> 00:35:23,040
yeah you know i've said many times you

910
00:35:28,390 --> 00:35:24,880
know that uh

911
00:35:29,190 --> 00:35:28,400
if they do not have any idea what they

912
00:35:32,710 --> 00:35:29,200
are

913
00:35:35,910 --> 00:35:32,720

it's almost to their benefit for them to

914

00:35:37,510 --> 00:35:35,920

sweep it under the rug and to you know

915

00:35:39,910 --> 00:35:37,520

do what they've been doing for the last

916

00:35:42,950 --> 00:35:39,920

70 years

917

00:35:44,710 --> 00:35:42,960

because they have no if you know their

918

00:35:47,030 --> 00:35:44,720

they have no control over what's in our

919

00:35:48,230 --> 00:35:47,040

skies it could be scary to a lot of

920

00:35:49,910 --> 00:35:48,240

people

921

00:35:51,589 --> 00:35:49,920

yeah as i said earlier you know if it's

922

00:35:53,190 --> 00:35:51,599

not if it's not

923

00:35:55,430 --> 00:35:53,200

otherworldly craft that we're dealing

924

00:35:58,710 --> 00:35:55,440

with here then you know

925

00:36:01,670 --> 00:35:58,720

we have some major major major

926
00:36:03,670 --> 00:36:01,680
worries um right you know because that

927
00:36:04,710 --> 00:36:03,680
means potential adversaries have access

928
00:36:08,710 --> 00:36:04,720
to technology

929
00:36:10,870 --> 00:36:08,720
that is you know running circles around

930
00:36:12,069 --> 00:36:10,880
professionally trained you know

931
00:36:14,950 --> 00:36:12,079
top-notch pilots

932
00:36:15,349 --> 00:36:14,960
uh that's that's and it was worrying to

933
00:36:18,390 --> 00:36:15,359
if

934
00:36:20,230 --> 00:36:18,400
you ever listened to uh you know uh

935
00:36:22,710 --> 00:36:20,240
david fravor speak about this

936
00:36:24,550 --> 00:36:22,720
yeah um you know he he basically says

937
00:36:26,310 --> 00:36:24,560
the same thing that you know if it's not

938
00:36:29,750 --> 00:36:26,320

otherworldly than

939

00:36:33,910 --> 00:36:29,760

you know our nation has uh

940

00:36:37,109 --> 00:36:33,920

uh cause to be concerned yeah absolutely

941

00:36:39,670 --> 00:36:37,119

we have uh luis on

942

00:36:41,270 --> 00:36:39,680

from l.a on the line luis welcome to the

943

00:36:42,790 --> 00:36:41,280

show

944

00:36:44,470 --> 00:36:42,800

hey thanks martin for having me as

945

00:36:46,550 --> 00:36:44,480

always uh awesome yeah

946

00:36:48,470 --> 00:36:46,560

always thanks for uh for having us

947

00:36:49,750 --> 00:36:48,480

guests on uh my question for mr lace

948

00:36:51,190 --> 00:36:49,760

thank you for coming on by the way i

949

00:36:52,150 --> 00:36:51,200

really appreciate your perspective and

950

00:36:55,589 --> 00:36:52,160

all of this

951
00:36:57,750 --> 00:36:55,599
um i'm a big fan of arkham's razor and

952
00:37:01,430 --> 00:36:57,760
i think arkham's razor on this topic is

953
00:37:07,190 --> 00:37:04,870
humans have figured out a exotic

954
00:37:08,150 --> 00:37:07,200
form of propulsion our military somehow

955
00:37:10,550 --> 00:37:08,160
it's figured out

956
00:37:12,069 --> 00:37:10,560
something just crazy and they don't know

957
00:37:15,589 --> 00:37:12,079
how to apply it yet

958
00:37:16,870 --> 00:37:15,599
similar to you know the f-117 nighthawk

959
00:37:20,550 --> 00:37:16,880
that thing was

960
00:37:23,430 --> 00:37:20,560
bombing missions in 1981. it wasn't

961
00:37:25,990 --> 00:37:23,440
publicly introduced i believe until 1988

962
00:37:28,870 --> 00:37:26,000
so could we just be dealing with

963
00:37:29,670 --> 00:37:28,880

something that is built by human hands

964

00:37:32,710 --> 00:37:29,680

because i don't

965

00:37:33,670 --> 00:37:32,720

put it past human ingenuity to create

966

00:37:35,190 --> 00:37:33,680

something like this

967

00:37:36,870 --> 00:37:35,200

but we just haven't figured out how to

968

00:37:40,230 --> 00:37:36,880

release it into society

969

00:37:42,230 --> 00:37:40,240

mitchu kaku says that you know as humans

970

00:37:44,790 --> 00:37:42,240

will have the ability to create

971

00:37:45,430 --> 00:37:44,800

matter within the next 20 years a

972

00:37:48,069 --> 00:37:45,440

machine

973

00:37:49,750 --> 00:37:48,079

that creates that creates matter but the

974

00:37:49,990 --> 00:37:49,760

problem with a machine like that is that

975

00:37:52,630 --> 00:37:50,000

you

976
00:37:53,589 --> 00:37:52,640
can't apply it to society and just throw

977
00:37:55,270 --> 00:37:53,599
it into

978
00:37:56,790 --> 00:37:55,280
everyday society and say okay good luck

979
00:37:58,550 --> 00:37:56,800
with the matter making machine

980
00:38:00,950 --> 00:37:58,560
you know it would take a hundred years

981
00:38:03,430 --> 00:38:00,960
before you ever saw that machine

982
00:38:04,950 --> 00:38:03,440
sold to the public for you know whatever

983
00:38:06,470 --> 00:38:04,960
reason you know if you want to type in

984
00:38:08,310 --> 00:38:06,480
football it will give you a football

985
00:38:09,589 --> 00:38:08,320
and we can see that coming with 3d

986
00:38:12,870 --> 00:38:09,599
printing and

987
00:38:14,710 --> 00:38:12,880
3d printers will be printing organs so

988
00:38:16,310 --> 00:38:14,720

i guess you know long story short what

989

00:38:18,150 --> 00:38:16,320

are the what are the odds

990

00:38:19,510 --> 00:38:18,160

that what we're dealing with here is

991

00:38:22,390 --> 00:38:19,520

something man

992

00:38:23,430 --> 00:38:22,400

made something that just is so top

993

00:38:26,069 --> 00:38:23,440

secret that it is

994

00:38:26,790 --> 00:38:26,079

out of the realm of maybe even military

995

00:38:30,230 --> 00:38:26,800

hands

996

00:38:33,510 --> 00:38:30,240

and it is securely fastened uh uh

997

00:38:35,510 --> 00:38:33,520

faceted to the private sector

998

00:38:36,870 --> 00:38:35,520

um i know that's a loaded question

999

00:38:37,829 --> 00:38:36,880

there's a lot going on there but if you

1000

00:38:39,190 --> 00:38:37,839

can answer it the

1001
00:38:41,030 --> 00:38:39,200
the best way you can and i know it's

1002
00:38:42,470 --> 00:38:41,040
speculation as well so you know i'm

1003
00:38:44,230 --> 00:38:42,480
speculating of course as well that's

1004
00:38:45,750 --> 00:38:44,240
just kind of my theory but i'd like to

1005
00:38:47,270 --> 00:38:45,760
hear what you think about that and i'll

1006
00:38:49,109 --> 00:38:47,280
hang up and listen thank you again

1007
00:38:51,190 --> 00:38:49,119
jonathan and martin you guys roll

1008
00:38:54,470 --> 00:38:51,200
goodbye thanks yeah

1009
00:38:56,870 --> 00:38:54,480
yeah luis uh gosh great question um

1010
00:38:57,510 --> 00:38:56,880
one that i've had myself uh many many

1011
00:39:00,710 --> 00:38:57,520
times and

1012
00:39:03,430 --> 00:39:00,720
and to some extent still do

1013
00:39:05,510 --> 00:39:03,440

i guess the short answer is i mean also

1014

00:39:07,349 --> 00:39:05,520

having an affinity for uh for occam's

1015

00:39:09,589 --> 00:39:07,359

razor

1016

00:39:10,550 --> 00:39:09,599

i guess the short answer is you know i

1017

00:39:13,510 --> 00:39:10,560

guess it is

1018

00:39:14,950 --> 00:39:13,520

it is possible i don't want to get a

1019

00:39:19,270 --> 00:39:14,960

degree of probability

1020

00:39:20,950 --> 00:39:19,280

um you know with regard to that

1021

00:39:23,430 --> 00:39:20,960

uh but i think it's important to have an

1022

00:39:26,710 --> 00:39:23,440

open mind right and not to make any uh

1023

00:39:29,910 --> 00:39:26,720

not to make any uh you know uh

1024

00:39:31,190 --> 00:39:29,920

unwarranted claims or or you know uh

1025

00:39:33,270 --> 00:39:31,200

preordained come to any sort of

1026

00:39:36,470 --> 00:39:33,280

pre-ordained conclusions about

1027

00:39:39,430 --> 00:39:36,480

about this question um if it is

1028

00:39:40,470 --> 00:39:39,440

something that we have produced um you

1029

00:39:42,550 --> 00:39:40,480

know

1030

00:39:43,990 --> 00:39:42,560

i'll just say this it's remarkable that

1031

00:39:47,430 --> 00:39:44,000

it's been kept secret

1032

00:39:48,150 --> 00:39:47,440

um the way that it has presumably for so

1033

00:39:52,310 --> 00:39:48,160

long

1034

00:39:54,950 --> 00:39:52,320

at least since 2004 um

1035

00:39:55,670 --> 00:39:54,960

and if it is something that we have

1036

00:39:59,589 --> 00:39:55,680

created

1037

00:40:01,829 --> 00:39:59,599

it has the potential to change you know

1038

00:40:03,030 --> 00:40:01,839

almost every facet of our daily life as

1039

00:40:06,630 --> 00:40:03,040

we know it

1040

00:40:09,349 --> 00:40:06,640

and um you know deserves to be uh

1041

00:40:09,910 --> 00:40:09,359

deserves you know disclosure and and

1042

00:40:12,069 --> 00:40:09,920

deserve

1043

00:40:13,589 --> 00:40:12,079

to be uh you know treated with kit

1044

00:40:16,950 --> 00:40:13,599

gloves as it's sort of

1045

00:40:18,950 --> 00:40:16,960

slowly rolled out into society um

1046

00:40:21,349 --> 00:40:18,960

you know so yeah it i guess it is

1047

00:40:23,589 --> 00:40:21,359

definitely a possibility and again

1048

00:40:24,870 --> 00:40:23,599

if it's not otherworldly right if it is

1049

00:40:27,910 --> 00:40:24,880

something that is

1050

00:40:30,390 --> 00:40:27,920

terrestrial then that technology um

1051
00:40:31,589 --> 00:40:30,400
could also be displayed uh or fall into

1052
00:40:33,430 --> 00:40:31,599
the hands of

1053
00:40:35,589 --> 00:40:33,440
you know people that have adverse

1054
00:40:36,710 --> 00:40:35,599
attentions intentions against the united

1055
00:40:38,230 --> 00:40:36,720
states and

1056
00:40:39,910 --> 00:40:38,240
i know from a national security

1057
00:40:41,270 --> 00:40:39,920
perspective i think that's what has

1058
00:40:43,990 --> 00:40:41,280
motivated uh

1059
00:40:45,109 --> 00:40:44,000
people like senator marco rubio um who

1060
00:40:47,829 --> 00:40:45,119
to his credit

1061
00:40:48,550 --> 00:40:47,839
you know has raised this issue um in

1062
00:40:51,990 --> 00:40:48,560
official

1063
00:40:55,109 --> 00:40:52,000

senate

1064

00:40:58,309 --> 00:40:55,119

um so yeah great question and i um i

1065

00:41:01,510 --> 00:40:58,319

i you know i i share that that

1066

00:41:03,349 --> 00:41:01,520

uh yeah i don't want to say belief that

1067

00:41:05,190 --> 00:41:03,359

it is probably man-made but i certainly

1068

00:41:06,710 --> 00:41:05,200

hold that possibility open

1069

00:41:07,589 --> 00:41:06,720

i think it's really important i'm just

1070

00:41:08,950 --> 00:41:07,599

going to say i think it's really

1071

00:41:11,910 --> 00:41:08,960

important to

1072

00:41:14,710 --> 00:41:11,920

you know uh especially in a case in a

1073

00:41:17,510 --> 00:41:14,720

situation like this to reserve judgment

1074

00:41:19,670 --> 00:41:17,520

um instead of instead of making

1075

00:41:22,630 --> 00:41:19,680

statements about what you know

1076
00:41:24,790 --> 00:41:22,640
people you know uh you know claim that

1077
00:41:27,750 --> 00:41:24,800
it is it's probably safer to

1078
00:41:28,710 --> 00:41:27,760
proceed and rule out what we what it uh

1079
00:41:31,070 --> 00:41:28,720
what we really

1080
00:41:32,230 --> 00:41:31,080
what we know it not to be um

1081
00:41:35,670 --> 00:41:32,240
[Music]

1082
00:41:37,990 --> 00:41:35,680
yeah so well my my thoughts are

1083
00:41:39,349 --> 00:41:38,000
why would they release it when it could

1084
00:41:42,870 --> 00:41:39,359
have

1085
00:41:44,470 --> 00:41:42,880
um an encounter with a military exercise

1086
00:41:46,710 --> 00:41:44,480
you know i mean why why would they do

1087
00:41:48,550 --> 00:41:46,720
that and you know you may say well

1088
00:41:50,550 --> 00:41:48,560

maybe to see how the reaction would be

1089

00:41:51,430 --> 00:41:50,560

but there could have been a very bad

1090

00:41:53,990 --> 00:41:51,440

reaction

1091

00:41:55,030 --> 00:41:54,000

you know that could have been uh well

1092

00:41:57,270 --> 00:41:55,040

actually they weren't

1093

00:41:59,190 --> 00:41:57,280

hot they didn't have uh i don't think

1094

00:42:01,349 --> 00:41:59,200

they had any weapons aboard

1095

00:42:02,790 --> 00:42:01,359

i believe they didn't during exercise

1096

00:42:04,710 --> 00:42:02,800

but still they could have

1097

00:42:06,069 --> 00:42:04,720

you know they could have uh thought this

1098

00:42:09,270 --> 00:42:06,079

thing was a major threat

1099

00:42:11,030 --> 00:42:09,280

and uh you know i i just wonder what

1100

00:42:13,910 --> 00:42:11,040

went on behind the scenes like

1101
00:42:16,470 --> 00:42:13,920
did someone talk to someone an upper you

1102
00:42:18,069 --> 00:42:16,480
know in the upper government to say hey

1103
00:42:20,550 --> 00:42:18,079
do you know what's going on and

1104
00:42:22,069 --> 00:42:20,560
did they know you know i mean i guess

1105
00:42:22,790 --> 00:42:22,079
that's where the answers would lie i

1106
00:42:25,430 --> 00:42:22,800
don't know

1107
00:42:27,030 --> 00:42:25,440
yeah especially when we have you know um

1108
00:42:30,950 --> 00:42:27,040
you know statements from

1109
00:42:31,829 --> 00:42:30,960
the uh the uh the alleged eyewitnesses

1110
00:42:34,230 --> 00:42:31,839
who claim

1111
00:42:35,510 --> 00:42:34,240
that um and by the way when i say

1112
00:42:36,950 --> 00:42:35,520
alleged eyewitnesses i'm not saying i

1113
00:42:37,910 --> 00:42:36,960

don't believe their story i'm just

1114

00:42:39,430 --> 00:42:37,920

saying that you know

1115

00:42:41,910 --> 00:42:39,440

i wasn't there you know you weren't

1116

00:42:43,750 --> 00:42:41,920

there um so i'm just trying to treat it

1117

00:42:45,670 --> 00:42:43,760

you know with uh with a bit of epistemic

1118

00:42:47,750 --> 00:42:45,680

humility as it were

1119

00:42:49,030 --> 00:42:47,760

um but you know statements from the

1120

00:42:52,150 --> 00:42:49,040

alleged eyewitnesses

1121

00:42:54,550 --> 00:42:52,160

uh claim that within minutes right after

1122

00:42:56,150 --> 00:42:54,560

this encounter especially in 2004

1123

00:42:58,150 --> 00:42:56,160

you know there were air force personnel

1124

00:42:59,030 --> 00:42:58,160

i believe right uh you know yeah air

1125

00:43:02,150 --> 00:42:59,040

force personnel

1126

00:43:04,309 --> 00:43:02,160

on the ship um you know who

1127

00:43:05,589 --> 00:43:04,319

no doubt knew about it uh i'm sure they

1128

00:43:07,030 --> 00:43:05,599

were probably monitoring it from

1129

00:43:10,309 --> 00:43:07,040

california

1130

00:43:11,750 --> 00:43:10,319

um and so then that raises the question

1131

00:43:12,710 --> 00:43:11,760

right i mean were they monitoring it

1132

00:43:13,910 --> 00:43:12,720

because they

1133

00:43:15,750 --> 00:43:13,920

they knew it was going to happen and

1134

00:43:18,309 --> 00:43:15,760

which would sort of lend credence to the

1135

00:43:20,630 --> 00:43:18,319

to the hypothesis that it really is sort

1136

00:43:23,349 --> 00:43:20,640

of you know our technology

1137

00:43:24,390 --> 00:43:23,359

being deployed um or did they you know

1138

00:43:27,430 --> 00:43:24,400

happen to see it

1139

00:43:29,750 --> 00:43:27,440

uh or you know and get alerted to it

1140

00:43:30,870 --> 00:43:29,760

um and why would they take the bricks

1141

00:43:34,230 --> 00:43:30,880

you know the

1142

00:43:35,829 --> 00:43:34,240

data bricks well i mean i guess you

1143

00:43:36,950 --> 00:43:35,839

could argue they would take it to see

1144

00:43:42,069 --> 00:43:36,960

how

1145

00:43:43,990 --> 00:43:42,079

things like that

1146

00:43:45,910 --> 00:43:44,000

let's see we have uh we have another

1147

00:43:48,069 --> 00:43:45,920

caller we have

1148

00:43:51,910 --> 00:43:48,079

steve calling from oregon welcome to the

1149

00:43:58,069 --> 00:43:55,829

hello steve you there

1150

00:44:00,710 --> 00:43:58,079

uh bill i'm not sure what's going on

1151

00:44:04,950 --> 00:44:02,950

i have him on the on the line on the air

1152

00:44:06,950 --> 00:44:04,960

but can you hear me okay there he is

1153

00:44:08,470 --> 00:44:06,960

there he is all right welcome to this

1154

00:44:14,230 --> 00:44:08,480

row steve okay

1155

00:44:18,630 --> 00:44:16,390

steve you have a question for our guest

1156

00:44:21,190 --> 00:44:18,640

can you hear me okay bill

1157

00:44:22,390 --> 00:44:21,200

um i don't think he's hearing us bill so

1158

00:44:26,230 --> 00:44:22,400

i'm going to drop that

1159

00:44:30,470 --> 00:44:26,240

so we'll uh okay so um

1160

00:44:34,630 --> 00:44:30,480

okay so you got me now yeah

1161

00:44:38,390 --> 00:44:34,640

i do have a okay question go ahead

1162

00:44:42,230 --> 00:44:40,950

all right we're going to move on i'm

1163

00:44:44,790 --> 00:44:42,240

sorry about that

1164

00:44:46,630 --> 00:44:44,800

um i'm not sure what the uh issue was

1165

00:44:49,270 --> 00:44:46,640

with that

1166

00:44:51,190 --> 00:44:49,280

but um yeah it's it's something to

1167

00:44:53,910 --> 00:44:51,200

certainly ponder

1168

00:44:54,870 --> 00:44:53,920

as far as you know what what these

1169

00:44:57,670 --> 00:44:54,880

things are

1170

00:44:58,950 --> 00:44:57,680

and yeah there's always i mean we should

1171

00:45:01,510 --> 00:44:58,960

look at everything

1172

00:45:02,950 --> 00:45:01,520

with a skeptic's eye to try to figure

1173

00:45:05,990 --> 00:45:02,960

out what it is

1174

00:45:08,470 --> 00:45:06,000

and uh you know kind of by

1175

00:45:09,910 --> 00:45:08,480

process of elimination that's kind of

1176

00:45:11,910 --> 00:45:09,920

what they do with the you know

1177

00:45:13,990 --> 00:45:11,920

ufo reports you know was it could have

1178

00:45:15,670 --> 00:45:14,000

been venus could it have been

1179

00:45:17,430 --> 00:45:15,680

you know hot air balloon what was going

1180

00:45:19,190 --> 00:45:17,440

on in the sky at that time like you said

1181

00:45:20,309 --> 00:45:19,200

the international space station was that

1182

00:45:22,150 --> 00:45:20,319

flying over

1183

00:45:23,349 --> 00:45:22,160

you know all these questions to

1184

00:45:24,870 --> 00:45:23,359

eliminate

1185

00:45:27,750 --> 00:45:24,880

everything it is but when it comes to

1186

00:45:28,790 --> 00:45:27,760

those encounters it's awful hard to

1187

00:45:32,230 --> 00:45:28,800

eliminate

1188

00:45:33,750 --> 00:45:32,240

a lot of things yeah

1189

00:45:36,309 --> 00:45:33,760

i want to revisit something i mentioned

1190

00:45:37,910 --> 00:45:36,319

earlier you had asked about um

1191

00:45:40,150 --> 00:45:37,920

the possibility that it's a laser

1192

00:45:43,910 --> 00:45:40,160

induced plasma filament right which was

1193

00:45:47,430 --> 00:45:43,920

a hypothesis put forward in forbes

1194

00:45:48,950 --> 00:45:47,440

magazine i i want to just correct

1195

00:45:51,670 --> 00:45:48,960

something i think i said

1196

00:45:53,990 --> 00:45:51,680

i'm pretty sure that in the research

1197

00:45:56,069 --> 00:45:54,000

that i did on this

1198

00:45:57,589 --> 00:45:56,079

that it would not have been visible on

1199

00:46:01,670 --> 00:45:57,599

radar

1200

00:46:05,190 --> 00:46:01,680

if it were a if it were indeed a 3d

1201
00:46:06,710 --> 00:46:05,200
you know projected image i wrote um i

1202
00:46:09,430 --> 00:46:06,720
actually wrote an article on this

1203
00:46:11,430 --> 00:46:09,440
in the scu review and those are

1204
00:46:12,790 --> 00:46:11,440
newsletters that primarily circulate to

1205
00:46:14,390 --> 00:46:12,800
our membership but then later our

1206
00:46:17,270 --> 00:46:14,400
release to the public

1207
00:46:18,510 --> 00:46:17,280
and those are all located on the um on

1208
00:46:20,950 --> 00:46:18,520
our website

1209
00:46:22,950 --> 00:46:20,960
explorescu.org so if you click on

1210
00:46:25,589 --> 00:46:22,960
research blog

1211
00:46:26,470 --> 00:46:25,599
research and publications blog you can

1212
00:46:29,990 --> 00:46:26,480
find the sc

1213
00:46:33,990 --> 00:46:30,000

review you can also find links to our

1214

00:46:35,829 --> 00:46:34,000

larger studies involving for example

1215

00:46:37,990 --> 00:46:35,839

the nimitz report i think our nimitz

1216

00:46:39,030 --> 00:46:38,000

report is something on the order of 270

1217

00:46:42,309 --> 00:46:39,040

pages long

1218

00:46:43,750 --> 00:46:42,319

wow there's also a report on the 2013

1219

00:46:46,790 --> 00:46:43,760

aguadilla

1220

00:46:48,950 --> 00:46:46,800

um oh yes i love that one yeah

1221

00:46:50,390 --> 00:46:48,960

yeah we have uh we're gonna try steve

1222

00:46:51,270 --> 00:46:50,400

again we have someone else on the line

1223

00:46:52,710 --> 00:46:51,280

too

1224

00:46:55,190 --> 00:46:52,720

steve let's give you another try you

1225

00:46:58,630 --> 00:46:57,270

yeah can you hear me okay we hear you

1226

00:46:59,910 --> 00:46:58,640

now

1227

00:47:02,470 --> 00:46:59,920

yeah you better blurt your question

1228

00:47:05,670 --> 00:47:02,480

where you have a chance

1229

00:47:07,510 --> 00:47:05,680

okay all right so my question is this

1230

00:47:09,349 --> 00:47:07,520

so you're out in this carrier group and

1231

00:47:12,150 --> 00:47:09,359

you come across this thing that's flying

1232

00:47:14,230 --> 00:47:12,160

circles around the best of the best

1233

00:47:15,670 --> 00:47:14,240

why don't you stop what you're doing why

1234

00:47:17,829 --> 00:47:15,680

don't you stop what you're doing

1235

00:47:20,549 --> 00:47:17,839

and just keep investigating because the

1236

00:47:23,829 --> 00:47:20,559

one thing you would need to investigate

1237

00:47:24,309 --> 00:47:23,839

is a carrier group because you're 125 or

1238

00:47:26,950 --> 00:47:24,319

whatever

1239

00:47:28,710 --> 00:47:26,960

however many hundreds of miles offshore

1240

00:47:31,910 --> 00:47:28,720

you would need a carrier group

1241

00:47:34,790 --> 00:47:31,920

with planes that could investigate

1242

00:47:36,870 --> 00:47:34,800

and i that's where i have problems with

1243

00:47:37,990 --> 00:47:36,880

this story it just doesn't make sense

1244

00:47:41,190 --> 00:47:38,000

that

1245

00:47:42,950 --> 00:47:41,200

the pentagon and said

1246

00:47:44,870 --> 00:47:42,960

hey we got something flying circles

1247

00:47:47,190 --> 00:47:44,880

around the best of the best

1248

00:47:48,309 --> 00:47:47,200

what do you want us to do but all the

1249

00:47:50,790 --> 00:47:48,319

people martin had

1250

00:47:51,910 --> 00:47:50,800

on his show who were on the carrier

1251
00:47:55,270 --> 00:47:51,920
group the

1252
00:47:56,630 --> 00:47:55,280
radar people and that pj guy they said

1253
00:47:58,790 --> 00:47:56,640
they just continued on with the

1254
00:48:00,870 --> 00:47:58,800
exercises

1255
00:48:03,190 --> 00:48:00,880
that's pretty strange that just doesn't

1256
00:48:07,829 --> 00:48:03,200
sound credible

1257
00:48:11,510 --> 00:48:07,839
there's something wrong about that

1258
00:48:12,950 --> 00:48:11,520
yep unless um you know unless they knew

1259
00:48:16,230 --> 00:48:12,960
it was going to happen

1260
00:48:18,950 --> 00:48:16,240
you know which is another thing

1261
00:48:19,990 --> 00:48:18,960
uh you know that could point what fits

1262
00:48:22,150 --> 00:48:20,000
the

1263
00:48:23,589 --> 00:48:22,160

what fits that bill for this is like

1264

00:48:26,710 --> 00:48:23,599

skunk works

1265

00:48:28,790 --> 00:48:26,720

and some super advanced drone

1266

00:48:30,069 --> 00:48:28,800

like you know maybe some kind of energy

1267

00:48:32,390 --> 00:48:30,079

cell drone and

1268

00:48:33,430 --> 00:48:32,400

and that the tic tac that they were

1269

00:48:36,470 --> 00:48:33,440

seeing was just

1270

00:48:38,870 --> 00:48:36,480

like the outside shroud of a drone

1271

00:48:41,190 --> 00:48:38,880

and they couldn't really tell what was

1272

00:48:43,589 --> 00:48:41,200

happening inside

1273

00:48:46,150 --> 00:48:43,599

you know they couldn't see you know any

1274

00:48:49,510 --> 00:48:46,160

kind of propulsion system inside

1275

00:48:52,549 --> 00:48:49,520

clearly it wasn't you know

1276

00:48:54,390 --> 00:48:52,559

uh like petroleum

1277

00:48:55,670 --> 00:48:54,400

it wasn't you know because there was no

1278

00:48:58,870 --> 00:48:55,680

heat signature

1279

00:49:00,069 --> 00:48:58,880

right uh so steve um i don't

1280

00:49:01,990 --> 00:49:00,079

know if you want to chime in with

1281

00:49:05,430 --> 00:49:02,000

anything but um my

1282

00:49:09,109 --> 00:49:05,440

my thought is um why

1283

00:49:11,030 --> 00:49:09,119

would the uh why would the navy then

1284

00:49:13,190 --> 00:49:11,040

say that was one of the three released

1285

00:49:14,150 --> 00:49:13,200

videos that they had no idea what it is

1286

00:49:15,990 --> 00:49:14,160

do you think

1287

00:49:18,870 --> 00:49:16,000

if it was something from skunkworks that

1288

00:49:22,069 --> 00:49:18,880

they're just playing the game

1289

00:49:25,910 --> 00:49:22,079

so what about this what what about

1290

00:49:27,910 --> 00:49:25,920

they're looking at drone footage that

1291

00:49:29,750 --> 00:49:27,920

and stuff that they've been sent and

1292

00:49:32,790 --> 00:49:29,760

stuff that they encountered

1293

00:49:34,309 --> 00:49:32,800

and they just don't know what it is and

1294

00:49:35,750 --> 00:49:34,319

what they're really saying is we just

1295

00:49:37,910 --> 00:49:35,760

don't know what that is

1296

00:49:40,630 --> 00:49:37,920

but they're not suggesting in any way

1297

00:49:44,069 --> 00:49:40,640

shape or form that is otherworldly

1298

00:49:44,390 --> 00:49:44,079

that's true they probably probably think

1299

00:49:45,990 --> 00:49:44,400

it's

1300

00:49:47,829 --> 00:49:46,000

you know some sort of drone they just

1301
00:49:48,710 --> 00:49:47,839
don't know whose it is or how they made

1302
00:49:51,990 --> 00:49:48,720
it

1303
00:49:54,309 --> 00:49:52,000
yeah any comment on that gosh

1304
00:49:56,230 --> 00:49:54,319
no i mean without knowing um you know

1305
00:49:59,670 --> 00:49:56,240
without knowing operational

1306
00:50:01,430 --> 00:49:59,680
procedures or policies of the us navy um

1307
00:50:02,790 --> 00:50:01,440
you know be hard for me to speak to that

1308
00:50:04,870 --> 00:50:02,800
i mean those are all

1309
00:50:06,470 --> 00:50:04,880
i suppose valid questions but i'm pretty

1310
00:50:08,309 --> 00:50:06,480
sure if you know if commander fraber

1311
00:50:09,589 --> 00:50:08,319
were here he would have a

1312
00:50:11,190 --> 00:50:09,599
probably a really good a really good

1313
00:50:12,390 --> 00:50:11,200

response to that so i don't want to

1314

00:50:15,430 --> 00:50:12,400

speculate

1315

00:50:18,470 --> 00:50:15,440

uh on that um on that really at all

1316

00:50:19,589 --> 00:50:18,480

i mean i yeah so i i don't know yeah hey

1317

00:50:22,470 --> 00:50:19,599

thanks for the call steve

1318

00:50:22,870 --> 00:50:22,480

i can't all right all right thanks see

1319

00:50:24,309 --> 00:50:22,880

you guys

1320

00:50:27,910 --> 00:50:24,319

i mean to cut you off did you have a

1321

00:50:32,309 --> 00:50:30,470

yeah all right so we have uh andy uh

1322

00:50:36,150 --> 00:50:32,319

andy from connecticut

1323

00:50:39,349 --> 00:50:36,160

uh frequent flyer andy how are you doing

1324

00:50:41,190 --> 00:50:39,359

hi yes good to uh talk again hey there's

1325

00:50:44,630 --> 00:50:41,200

a kind of a multi-part question

1326

00:50:47,750 --> 00:50:44,640

for the guests um firstly are

1327

00:50:51,589 --> 00:50:47,760

is his group planning on only uh

1328

00:50:55,030 --> 00:50:51,599

reacting to or responding to um

1329

00:50:58,230 --> 00:50:55,040

events in the ufo field as they occur

1330

00:51:01,190 --> 00:50:58,240

or are they addressing other big cases

1331

00:51:02,230 --> 00:51:01,200

in the recent past like o'hare or the

1332

00:51:05,829 --> 00:51:02,240

jal

1333

00:51:09,670 --> 00:51:05,839

airlines over alaska and so on

1334

00:51:10,549 --> 00:51:09,680

and then also do they have any thoughts

1335

00:51:16,790 --> 00:51:10,559

on

1336

00:51:19,910 --> 00:51:16,800

or intergalactic or uh

1337

00:51:21,670 --> 00:51:19,920

or something else based on the flight

1338

00:51:24,630 --> 00:51:21,680

characteristics

1339

00:51:26,230 --> 00:51:24,640

and um you know all the eyewitness

1340

00:51:30,630 --> 00:51:26,240

testimony and the radar

1341

00:51:33,829 --> 00:51:30,640

uh recordings and then lastly

1342

00:51:35,109 --> 00:51:33,839

um you know what do they think going

1343

00:51:38,790 --> 00:51:35,119

forward

1344

00:51:42,470 --> 00:51:38,800

do they have a plan in place to

1345

00:51:45,349 --> 00:51:42,480

um bring the the the uh media

1346

00:51:46,950 --> 00:51:45,359

and that you know popular culture on

1347

00:51:49,589 --> 00:51:46,960

board with

1348

00:51:50,549 --> 00:51:49,599

what might really be happening given

1349

00:51:52,870 --> 00:51:50,559

history

1350

00:51:54,630 --> 00:51:52,880

going you know back thousands of years

1351
00:51:57,510 --> 00:51:54,640
with

1352
00:51:58,630 --> 00:51:57,520
where you know uh tv shows like ancient

1353
00:52:00,069 --> 00:51:58,640
aliens and

1354
00:52:01,750 --> 00:52:00,079
and things are kind of taking the

1355
00:52:04,150 --> 00:52:01,760
subject right well

1356
00:52:06,230 --> 00:52:04,160
just keep in mind we have four minutes a

1357
00:52:08,470 --> 00:52:06,240
lot to unpack in four minutes there okay

1358
00:52:09,589 --> 00:52:08,480
right yeah uh thank you so much andy for

1359
00:52:12,710 --> 00:52:09,599
the question

1360
00:52:15,910 --> 00:52:12,720
um so to the first question um

1361
00:52:19,430 --> 00:52:15,920
you know the scu uh will investigate

1362
00:52:20,790 --> 00:52:19,440
um any claims of uap or ufo activity for

1363
00:52:23,430 --> 00:52:20,800

which there's a sufficient amount of

1364

00:52:26,790 --> 00:52:23,440

data to make a scientific analysis

1365

00:52:28,870 --> 00:52:26,800

um you know when you have

1366

00:52:31,430 --> 00:52:28,880

you know a case that's primarily based

1367

00:52:33,109 --> 00:52:31,440

on eyewitness testimony

1368

00:52:35,910 --> 00:52:33,119

without any sort of other kind of

1369

00:52:38,630 --> 00:52:35,920

testimony that really kind of limits

1370

00:52:40,790 --> 00:52:38,640

uh you know the kind of scient

1371

00:52:42,549 --> 00:52:40,800

scientific analysis that can be done

1372

00:52:44,230 --> 00:52:42,559

you know scientific analysis requires

1373

00:52:47,589 --> 00:52:44,240

objective data

1374

00:52:49,990 --> 00:52:47,599

and um you know to the extent that

1375

00:52:51,670 --> 00:52:50,000

that a case or an incident has that i

1376

00:52:53,430 --> 00:52:51,680

think you know uh the scu

1377

00:52:54,710 --> 00:52:53,440

has a compelling interest in looking at

1378

00:52:58,710 --> 00:52:54,720

that

1379

00:53:01,430 --> 00:52:58,720

might be you know come to light tomorrow

1380

00:53:02,950 --> 00:53:01,440

uh that applies to you know cases like

1381

00:53:06,549 --> 00:53:02,960

the nimitz encounter

1382

00:53:09,270 --> 00:53:06,559

um you know aguadilla etc

1383

00:53:10,790 --> 00:53:09,280

so i would say that you know any case

1384

00:53:12,870 --> 00:53:10,800

for which there is

1385

00:53:14,870 --> 00:53:12,880

a sufficient amount of data for

1386

00:53:16,630 --> 00:53:14,880

objective scientific analysis the sc

1387

00:53:18,230 --> 00:53:16,640

would be interested in

1388

00:53:20,790 --> 00:53:18,240

uh could you could you tell me again

1389

00:53:24,230 --> 00:53:20,800

your second question very quickly sorry

1390

00:53:27,270 --> 00:53:24,240

he's hung up um i

1391

00:53:30,470 --> 00:53:27,280

i think one of his one of his

1392

00:53:31,030 --> 00:53:30,480

other two questions was you know to what

1393

00:53:33,750 --> 00:53:31,040

extent

1394

00:53:34,390 --> 00:53:33,760

is the scu engaging with the larger

1395

00:53:38,630 --> 00:53:34,400

culture

1396

00:53:42,150 --> 00:53:38,640

i can tell you that you know scu we get

1397

00:53:45,670 --> 00:53:42,160

media requests on a fairly regular basis

1398

00:53:46,630 --> 00:53:45,680

and uh you know we um we respond to

1399

00:53:49,670 --> 00:53:46,640

those requests

1400

00:53:53,109 --> 00:53:49,680

and we want to be very careful

1401
00:53:54,710 --> 00:53:53,119
that we lend our name and that of our

1402
00:53:57,829 --> 00:53:54,720
organization

1403
00:54:01,030 --> 00:53:57,839
um to uh projects

1404
00:54:01,910 --> 00:54:01,040
uh that we believe meet uh meet the

1405
00:54:04,950 --> 00:54:01,920
standards that

1406
00:54:07,430 --> 00:54:04,960
that we have for ourselves um

1407
00:54:09,349 --> 00:54:07,440
so there are i i think you know it's

1408
00:54:11,190 --> 00:54:09,359
fair to say that there

1409
00:54:12,870 --> 00:54:11,200
there is a lot of interest in this topic

1410
00:54:15,030 --> 00:54:12,880
now in the media versus

1411
00:54:16,030 --> 00:54:15,040
from what there may have been prior to

1412
00:54:19,030 --> 00:54:16,040
december 16

1413
00:54:22,150 --> 00:54:19,040

2017 and um

1414

00:54:23,270 --> 00:54:22,160

i think that the future will um you know

1415

00:54:25,910 --> 00:54:23,280

hold some

1416

00:54:26,390 --> 00:54:25,920

some very promising work for the scu not

1417

00:54:30,150 --> 00:54:26,400

only

1418

00:54:33,270 --> 00:54:30,160

in you know scientific analysis of uap

1419

00:54:36,829 --> 00:54:33,280

claims but also in our effort

1420

00:54:39,510 --> 00:54:36,839

to engage um and partner with other

1421

00:54:42,150 --> 00:54:39,520

organizations that want to engage

1422

00:54:44,150 --> 00:54:42,160

the larger public um just in the chat

1423

00:54:45,349 --> 00:54:44,160

joe sorry we can't uh we don't have time

1424

00:54:48,710 --> 00:54:45,359

to answer your

1425

00:54:50,230 --> 00:54:48,720

question but uh uh a ufo will always be

1426

00:54:52,950 --> 00:54:50,240

ufo the very name means

1427

00:54:53,990 --> 00:54:52,960

unidentified yes that's right once it's

1428

00:54:57,349 --> 00:54:54,000

identified it's an

1429

00:54:58,549 --> 00:54:57,359

ifo identified flying object or whatever

1430

00:55:01,910 --> 00:54:58,559

aerial object

1431

00:55:03,990 --> 00:55:01,920

but uh iao whatever uh anyway uh

1432

00:55:04,950 --> 00:55:04,000

we are at the end of the show so i want

1433

00:55:07,990 --> 00:55:04,960

to thank you

1434

00:55:09,190 --> 00:55:08,000

um so much for your time tonight and i

1435

00:55:11,670 --> 00:55:09,200

really appreciate it

1436

00:55:12,549 --> 00:55:11,680

it was great all right all right you

1437

00:55:16,069 --> 00:55:12,559

take care now

1438

00:55:18,470 --> 00:55:16,079

you too thanks martin all right thanks

1439

00:55:20,309 --> 00:55:18,480

okay everyone so i am going to switch

1440

00:55:23,430 --> 00:55:20,319

computers and if you're on

1441

00:55:26,710 --> 00:55:23,440

uh kgra radio

1442

00:55:27,990 --> 00:55:26,720

i will be right back after about five

1443

00:55:29,510 --> 00:55:28,000

minutes or so

1444

00:55:31,670 --> 00:55:29,520

if you're on youtube you want to jump

1445

00:55:36,030 --> 00:55:31,680

over to the other stream
