

#447

FRANK FESCHINO

ALFRED LEHMBERG

1
00:01:03,990 --> 00:00:26,300

[Music]

2
00:01:06,310 --> 00:01:04,710

hello

3
00:01:08,310 --> 00:01:06,320

and welcome to the show i'm martin

4
00:01:09,750 --> 00:01:08,320

willis your host and i'm

5
00:01:12,710 --> 00:01:09,760

what is that that lee spiegel always

6
00:01:14,630 --> 00:01:12,720

says i'm from an undisclosed location

7
00:01:16,230 --> 00:01:14,640

somewhere on the east coast i'm not at

8
00:01:19,429 --> 00:01:16,240

home in my home studio

9
00:01:20,390 --> 00:01:19,439

but uh i am in a nice home uh with a

10
00:01:23,350 --> 00:01:20,400

friendly

11
00:01:24,310 --> 00:01:23,360

uh fan of the show may i say i could say

12
00:01:26,149 --> 00:01:24,320

that right

13
00:01:28,469 --> 00:01:26,159

uh they they heard about me or something

14

00:01:31,510 --> 00:01:28,479

i'm not really sure and but anyway

15

00:01:33,990 --> 00:01:31,520

um welcome to the show everyone our

16

00:01:35,510 --> 00:01:34,000

guests tonight are both frank fischino

17

00:01:37,429 --> 00:01:35,520

and alfred lindberg

18

00:01:38,710 --> 00:01:37,439

and uh it should be a fun and

19

00:01:41,910 --> 00:01:38,720

interesting show

20

00:01:43,510 --> 00:01:41,920

the flatwoods monster case um i heard it

21

00:01:45,670 --> 00:01:43,520

about this right off the bat and i

22

00:01:47,590 --> 00:01:45,680

remember when i first started looking

23

00:01:50,710 --> 00:01:47,600

into ufos and i remember

24

00:01:52,469 --> 00:01:50,720

thinking that that is such an oddball

25

00:01:54,389 --> 00:01:52,479

looking creature

26

00:01:55,990 --> 00:01:54,399

um there's got to be something to it i

27

00:01:59,190 --> 00:01:56,000

mean that's kind of my attitude

28

00:02:00,069 --> 00:01:59,200

uh like it's just too bizarre why would

29

00:02:02,149 --> 00:02:00,079

someone not

30

00:02:03,670 --> 00:02:02,159

put like a gray alien or something you

31

00:02:07,670 --> 00:02:03,680

know in its place

32

00:02:09,830 --> 00:02:07,680

um it just it's so fantastic

33

00:02:11,190 --> 00:02:09,840

what they saw and all that and what

34

00:02:14,309 --> 00:02:11,200

happened before

35

00:02:15,190 --> 00:02:14,319

and uh the fallout after so we'll be

36

00:02:18,589 --> 00:02:15,200

talking about

37

00:02:19,750 --> 00:02:18,599

all of that um over at our website

38

00:02:21,830 --> 00:02:19,760

39

00:02:23,990 --> 00:02:21,840

we have a blog as we do every week that

40

00:02:27,990 --> 00:02:24,000

actually goes into an audio blog

41

00:02:31,990 --> 00:02:28,000

later from charles lear and this week is

42

00:02:35,350 --> 00:02:32,000

ufos and electromagnetism and that's

43

00:02:37,670 --> 00:02:35,360

a lot of the stalled car cases i

44

00:02:39,910 --> 00:02:37,680

know of one actually was told firsthand

45

00:02:42,630 --> 00:02:39,920

uh that it happened

46

00:02:43,190 --> 00:02:42,640

to someone that i know uh when a ufo

47

00:02:46,390 --> 00:02:43,200

went over

48

00:02:49,110 --> 00:02:46,400

the cars just completely stopped um

49

00:02:49,589 --> 00:02:49,120

whether it's electromagnetism or there's

50

00:02:52,309 --> 00:02:49,599

been

51
00:02:52,790 --> 00:02:52,319
some research on that what makes cars

52
00:02:56,309 --> 00:02:52,800
stop

53
00:02:57,910 --> 00:02:56,319
and then restart um but it it's happened

54
00:02:59,830 --> 00:02:57,920
in numerous cases

55
00:03:01,910 --> 00:02:59,840
so it's a it's a great blog check that

56
00:03:04,309 --> 00:03:01,920
out over there and i do want to thank

57
00:03:06,550 --> 00:03:04,319
everyone that helps out with the show

58
00:03:08,309 --> 00:03:06,560
anyone can do that and that again is

59
00:03:09,990 --> 00:03:08,319
over at our website you can see the

60
00:03:12,229 --> 00:03:10,000
support the show link for only two

61
00:03:13,990 --> 00:03:12,239
dollars or more a month i appreciate

62
00:03:17,750 --> 00:03:14,000
every listener i'm glad

63
00:03:17,990 --> 00:03:17,760

you come here every week and i'm glad to

64

00:03:20,070 --> 00:03:18,000

be

65

00:03:22,309 --> 00:03:20,080

on all the different platforms we're on

66

00:03:25,589 --> 00:03:22,319

youtube twitch facebook

67

00:03:28,309 --> 00:03:25,599

uh on kg r a radio and then of course

68

00:03:30,229 --> 00:03:28,319

it comes out as a podcast um and anyone

69

00:03:32,470 --> 00:03:30,239

can get that podcast feed

70

00:03:34,229 --> 00:03:32,480

um it's on our website you can put it in

71

00:03:37,270 --> 00:03:34,239

your media player

72

00:03:39,430 --> 00:03:37,280

and listen to full episodes for free for

73

00:03:41,430 --> 00:03:39,440

the people that support the show

74

00:03:43,270 --> 00:03:41,440

i don't really announce this much but i

75

00:03:44,309 --> 00:03:43,280

do have a lot of shows that you weren't

76

00:03:47,589 --> 00:03:44,319

able to get to

77

00:03:51,030 --> 00:03:47,599

a five-year stretch that i do have those

78

00:03:52,789 --> 00:03:51,040

um available that i can send um

79

00:03:54,550 --> 00:03:52,799

i can send like a clip or two some

80

00:03:55,030 --> 00:03:54,560

people say i want all of them you know

81

00:03:58,149 --> 00:03:55,040

so

82

00:03:59,509 --> 00:03:58,159

you if you uh

83

00:04:01,750 --> 00:03:59,519

if you do support the show and you want

84

00:04:03,110 --> 00:04:01,760

to listen to old archives um that is

85

00:04:05,750 --> 00:04:03,120

available

86

00:04:07,270 --> 00:04:05,760

and without further ado i can't think of

87

00:04:07,910 --> 00:04:07,280

anything else to talk about i'm going to

88

00:04:10,789 --> 00:04:07,920

bring in

89

00:04:11,589 --> 00:04:10,799

my two guests uh here is frank uh

90

00:04:13,670 --> 00:04:11,599

neither one of them

91

00:04:14,869 --> 00:04:13,680

are on uh camera it's just they're

92

00:04:17,110 --> 00:04:14,879

remarkably

93

00:04:18,469 --> 00:04:17,120

handsome so they didn't want to uh you

94

00:04:20,150 --> 00:04:18,479

know they wanted people to pay attention

95

00:04:23,350 --> 00:04:20,160

to the show that's why

96

00:04:27,189 --> 00:04:23,360

right guys can you hear me

97

00:04:29,590 --> 00:04:27,199

glad to be on board i do martin i help

98

00:04:31,909 --> 00:04:29,600

hey hi how you all doing and i'm i'm not

99

00:04:33,830 --> 00:04:31,919

that good looking

100

00:04:35,670 --> 00:04:33,840

well you play good music and at that

101
00:04:37,110 --> 00:04:35,680
this is a treat at the top of the hour

102
00:04:39,189 --> 00:04:37,120
we go into our regular

103
00:04:40,550 --> 00:04:39,199
break and we're going to play uh a

104
00:04:42,870 --> 00:04:40,560
musical piece by

105
00:04:44,790 --> 00:04:42,880
uh alfred he did a wonderful piece but

106
00:04:46,070 --> 00:04:44,800
um let's uh we're here to talk about the

107
00:04:48,469 --> 00:04:46,080
flatwoods monster it's an

108
00:04:49,350 --> 00:04:48,479
incredible case but before we get into

109
00:04:50,870 --> 00:04:49,360
that frank you

110
00:04:52,790 --> 00:04:50,880
i believe you were on my show a

111
00:04:53,830 --> 00:04:52,800
christmas eve i think it was wasn't it

112
00:04:57,430 --> 00:04:53,840
years ago

113
00:05:00,150 --> 00:04:57,440

to do the show and i was the only one

114

00:05:02,150 --> 00:05:00,160

willing to come on

115

00:05:04,230 --> 00:05:02,160

that's that's right yeah everyone

116

00:05:06,469 --> 00:05:04,240

dropped out of the show

117

00:05:09,270 --> 00:05:06,479

yeah that's right yeah um so but that

118

00:05:10,310 --> 00:05:09,280

was years ago i can't was it 2015 or

119

00:05:11,670 --> 00:05:10,320

something like that i can't even

120

00:05:15,029 --> 00:05:11,680

remember it was a long time ago

121

00:05:15,670 --> 00:05:15,039

years ago yeah and that called me up and

122

00:05:17,430 --> 00:05:15,680

uh

123

00:05:19,270 --> 00:05:17,440

he gave me the heads up on it and i got

124

00:05:22,629 --> 00:05:19,280

in contact with you

125

00:05:24,629 --> 00:05:22,639

yeah right since then so we got a lot to

126

00:05:28,310 --> 00:05:24,639

talk about tonight and we got

127

00:05:30,550 --> 00:05:28,320

lemberg with us tonight and uh

128

00:05:33,110 --> 00:05:30,560

alfred's one of the the few writers

129

00:05:35,590 --> 00:05:33,120

slash researchers who's actually uh

130

00:05:36,870 --> 00:05:35,600

been up in flatwoods with me for quite

131

00:05:38,150 --> 00:05:36,880

quite a few years

132

00:05:40,230 --> 00:05:38,160

how many years you've been going up

133

00:05:42,230 --> 00:05:40,240

there with me outfit

134

00:05:43,270 --> 00:05:42,240

eight nine ten something like that i

135

00:05:45,270 --> 00:05:43,280

lost track

136

00:05:48,550 --> 00:05:45,280

i think every every every part of this

137

00:05:52,629 --> 00:05:51,189

this century i love it so uh i want to

138

00:05:54,390 --> 00:05:52,639

get into

139

00:05:56,309 --> 00:05:54,400

you know how you you gained this

140

00:05:59,670 --> 00:05:56,319

interest i'll start with you frank

141

00:06:01,670 --> 00:05:59,680

um why the flatwoods monster casing did

142

00:06:02,150 --> 00:06:01,680

you have an interest in ufos ahead of

143

00:06:07,510 --> 00:06:02,160

that

144

00:06:09,590 --> 00:06:07,520

interested in ufos

145

00:06:10,629 --> 00:06:09,600

not too much of an interest just a

146

00:06:13,270 --> 00:06:10,639

little bit in

147

00:06:15,189 --> 00:06:13,280

uh growing up as a kid reading some of

148

00:06:18,150 --> 00:06:15,199

the books and seeing stuff and

149

00:06:20,070 --> 00:06:18,160

uh you know periodicals and whatever but

150

00:06:21,830 --> 00:06:20,080

nothing hardcore

151
00:06:23,189 --> 00:06:21,840
but uh it's when i went up to west

152
00:06:26,629 --> 00:06:23,199
virginia

153
00:06:28,950 --> 00:06:26,639
in 1991 i have uh relatives

154
00:06:31,189 --> 00:06:28,960
in frame town and in flatwoods and

155
00:06:34,469 --> 00:06:31,199
that's how i found out about the case

156
00:06:36,629 --> 00:06:34,479
but my first arrest came on my cousin

157
00:06:39,029 --> 00:06:36,639
dave who since passed away a few years

158
00:06:41,270 --> 00:06:39,039
ago he was having crop circles

159
00:06:42,070 --> 00:06:41,280
up here and these big giant rings he had

160
00:06:44,710 --> 00:06:42,080
a 400

161
00:06:45,749 --> 00:06:44,720
acre cattle ranch it was a big giant

162
00:06:48,550 --> 00:06:45,759
farm

163
00:06:50,950 --> 00:06:48,560

and he had all of these rings hundreds

164

00:06:53,029 --> 00:06:50,960

of them appearing all over his property

165

00:06:55,510 --> 00:06:53,039

so i went up there and i checked it out

166

00:06:56,790 --> 00:06:55,520

and back in the day i had access it was

167

00:06:59,990 --> 00:06:56,800

only one or two people i

168

00:07:01,670 --> 00:07:00,000

know that actually had video cameras

169

00:07:03,510 --> 00:07:01,680

and i borrowed a video camera for a

170

00:07:06,309 --> 00:07:03,520

weekend i went up there and i

171

00:07:06,950 --> 00:07:06,319

got some uh nice footage then i took

172

00:07:09,430 --> 00:07:06,960

some uh

173

00:07:11,350 --> 00:07:09,440

photographs and some soil samples of

174

00:07:12,950 --> 00:07:11,360

these big gigantic rings on cousin

175

00:07:15,110 --> 00:07:12,960

dave's property

176

00:07:16,550 --> 00:07:15,120

and this is when i lived in connecticut

177

00:07:19,990 --> 00:07:16,560

and when i went back

178

00:07:23,749 --> 00:07:20,000

home to connecticut i uh

179

00:07:26,230 --> 00:07:23,759

spoke to a friend and he was

180

00:07:28,550 --> 00:07:26,240

a member of the mufon in connecticut and

181

00:07:29,430 --> 00:07:28,560

he hooked me up with that organization

182

00:07:31,990 --> 00:07:29,440

up there

183

00:07:33,350 --> 00:07:32,000

move on connecticut and i showed them

184

00:07:36,550 --> 00:07:33,360

some of my research

185

00:07:39,830 --> 00:07:36,560

and it right about at that time in

186

00:07:42,230 --> 00:07:39,840

later 1991 um

187

00:07:43,670 --> 00:07:42,240

colin andrews called me up from england

188

00:07:44,710 --> 00:07:43,680

and he was on his way over to

189

00:07:47,350 --> 00:07:44,720

connecticut

190

00:07:47,990 --> 00:07:47,360

and i met him just outside of new haven

191

00:07:56,469 --> 00:07:48,000

and

192

00:07:59,830 --> 00:07:56,479

couple years later i got a call

193

00:08:01,110 --> 00:07:59,840

from colin in the same exact rings that

194

00:08:04,550 --> 00:08:01,120

appeared

195

00:08:05,189 --> 00:08:04,560

in west virginia and frame town actually

196

00:08:07,430 --> 00:08:05,199

appeared

197

00:08:09,110 --> 00:08:07,440

in england a couple years later so that

198

00:08:11,350 --> 00:08:09,120

was kind of fascinating

199

00:08:12,309 --> 00:08:11,360

thousands of miles apart so that's why

200

00:08:13,830 --> 00:08:12,319

colin kept all

201
00:08:15,350 --> 00:08:13,840
it keeps all that everything in that

202
00:08:16,869 --> 00:08:15,360
database

203
00:08:18,629 --> 00:08:16,879
well i don't want to take too much of a

204
00:08:20,309 --> 00:08:18,639
jack from tonight's topic but i do want

205
00:08:23,350 --> 00:08:20,319
to continue just a little bit

206
00:08:24,550 --> 00:08:23,360
um let's talk about your your cousin's

207
00:08:27,430 --> 00:08:24,560
farm was it

208
00:08:29,189 --> 00:08:27,440
is it an isolated situation did it was

209
00:08:30,390 --> 00:08:29,199
the first and only time that happened

210
00:08:32,070 --> 00:08:30,400
and

211
00:08:34,070 --> 00:08:32,080
was there ever a possibility that

212
00:08:35,750 --> 00:08:34,080
someone actually did this

213
00:08:37,509 --> 00:08:35,760

or you know how they always say a lot of

214

00:08:39,350 --> 00:08:37,519

the crop circles a man made

215

00:08:41,509 --> 00:08:39,360

and i i just wonder what was a good

216

00:08:44,870 --> 00:08:41,519

conclusion on this one

217

00:08:47,030 --> 00:08:44,880

ongoing for years and it got to a point

218

00:08:48,630 --> 00:08:47,040

you know uh the first couple years i was

219

00:08:50,470 --> 00:08:48,640

in connecticut then i moved down to

220

00:08:53,509 --> 00:08:50,480

daytona beach florida

221

00:08:55,269 --> 00:08:53,519

and they were going on for years and uh

222

00:08:57,670 --> 00:08:55,279

all of these sightings

223

00:08:58,310 --> 00:08:57,680

and you have to imagine what it's like

224

00:09:03,110 --> 00:08:58,320

his

225

00:09:04,470 --> 00:09:03,120

points in central west virginia in that

226

00:09:06,070 --> 00:09:04,480

frame town area

227

00:09:08,070 --> 00:09:06,080

which we'll talk about later where the

228

00:09:10,949 --> 00:09:08,080

frametown monster

229

00:09:13,269 --> 00:09:10,959

incident happened but uh there had been

230

00:09:15,670 --> 00:09:13,279

records going back for years

231

00:09:16,949 --> 00:09:15,680

and uh you don't walk onto people's

232

00:09:19,750 --> 00:09:16,959

properties up there

233

00:09:21,750 --> 00:09:19,760

and make 60 80 and 100 foot rings on

234

00:09:23,829 --> 00:09:21,760

their property you get shot

235

00:09:26,070 --> 00:09:23,839

you just don't pass i learned that out

236

00:09:29,590 --> 00:09:26,080

the hard way

237

00:09:32,949 --> 00:09:29,600

but um i have video footage of uh

238

00:09:35,430 --> 00:09:32,959

flying saucers and stole uh photographs

239

00:09:35,990 --> 00:09:35,440

up there uh in the early years when i

240

00:09:39,110 --> 00:09:36,000

was going

241

00:09:40,790 --> 00:09:39,120

up there and it got to a point where

242

00:09:42,550 --> 00:09:40,800

my buddies and friends and family

243

00:09:44,070 --> 00:09:42,560

members would even travel with me and we

244

00:09:44,550 --> 00:09:44,080

would go up there when we would watch

245

00:09:47,030 --> 00:09:44,560

them

246

00:09:48,070 --> 00:09:47,040

it was like watching a show in the sky

247

00:09:50,310 --> 00:09:48,080

and it was and

248

00:09:52,230 --> 00:09:50,320

i remember the first time i saw him i

249

00:09:53,750 --> 00:09:52,240

went son of a gun look at this

250

00:09:55,750 --> 00:09:53,760

the government's telling us there's no

251
00:09:56,949 --> 00:09:55,760
such thing as flying saucers and here's

252
00:09:59,030 --> 00:09:56,959
eight of us sitting

253
00:10:01,350 --> 00:09:59,040
on lookout hill on eastern part of the

254
00:10:02,150 --> 00:10:01,360
property watching to put on an aerial

255
00:10:05,030 --> 00:10:02,160
display

256
00:10:06,630 --> 00:10:05,040
at close range and we did this for years

257
00:10:07,190 --> 00:10:06,640
we were just going up there watching

258
00:10:09,269 --> 00:10:07,200
them

259
00:10:11,829 --> 00:10:09,279
and is it still a hot spot as far as you

260
00:10:13,670 --> 00:10:11,839
know like would you call it that

261
00:10:15,590 --> 00:10:13,680
part say that again please would you

262
00:10:16,630 --> 00:10:15,600
call that a hot spot i mean are things

263
00:10:18,389 --> 00:10:16,640

ongoing there

264

00:10:19,990 --> 00:10:18,399

do you have any idea i know you don't

265

00:10:23,430 --> 00:10:20,000

live there now

266

00:10:24,870 --> 00:10:23,440

yeah it's definitely a hot spot

267

00:10:26,550 --> 00:10:24,880

there's been stuff going on there for

268

00:10:29,350 --> 00:10:26,560

years there was a famous case

269

00:10:29,670 --> 00:10:29,360

that was uh broadcast i believe it was

270

00:10:33,350 --> 00:10:29,680

on

271

00:10:35,030 --> 00:10:33,360

fox back uh around 1989 90 of an

272

00:10:36,710 --> 00:10:35,040

incident that happened there

273

00:10:38,870 --> 00:10:36,720

but the thing is the people were scared

274

00:10:40,790 --> 00:10:38,880

to talk about this stuff

275

00:10:42,790 --> 00:10:40,800

and one of the reasons was because of

276

00:10:45,590 --> 00:10:42,800

the flatwoods monster incident

277

00:10:45,990 --> 00:10:45,600

and they just the public made fools out

278

00:10:48,069 --> 00:10:46,000

of those

279

00:10:49,750 --> 00:10:48,079

people and it's all these years and

280

00:10:52,310 --> 00:10:49,760

generations later they're still

281

00:10:53,990 --> 00:10:52,320

basically quiet unless

282

00:10:55,509 --> 00:10:54,000

you know somebody comes forward like

283

00:10:59,430 --> 00:10:55,519

myself

284

00:11:01,590 --> 00:10:59,440

and uh we become the forward

285

00:11:03,829 --> 00:11:01,600

leaders for these people it's like when

286

00:11:06,870 --> 00:11:03,839

i was on my first book tour

287

00:11:08,069 --> 00:11:06,880

um up there in 2004 my first edition

288

00:11:10,470 --> 00:11:08,079

book came out

289

00:11:11,509 --> 00:11:10,480

stan friedman told me he says frank when

290

00:11:13,509 --> 00:11:11,519

you do these

291

00:11:14,710 --> 00:11:13,519

uh your first book tours you're gonna

292

00:11:16,470 --> 00:11:14,720

see what it's like

293

00:11:18,550 --> 00:11:16,480

and don't get too nervous when you see

294

00:11:20,870 --> 00:11:18,560

people standing around and waiting for

295

00:11:22,470 --> 00:11:20,880

you all over the room or in the hallway

296

00:11:24,550 --> 00:11:22,480

he says because they're gonna wait till

297

00:11:25,750 --> 00:11:24,560

you leave and then they're gonna come

298

00:11:26,230 --> 00:11:25,760

over and they're gonna tell you what

299

00:11:28,550 --> 00:11:26,240

happened

300

00:11:30,470 --> 00:11:28,560

and that's exactly right yeah up there

301
00:11:31,590 --> 00:11:30,480
for months yeah i talked to hundreds of

302
00:11:34,389 --> 00:11:31,600
people

303
00:11:36,150 --> 00:11:34,399
and it was amazing the the whole state

304
00:11:38,710 --> 00:11:36,160
of west virginia

305
00:11:39,509 --> 00:11:38,720
now i do uh i want to hear from alfred

306
00:11:41,990 --> 00:11:39,519
next but i

307
00:11:43,590 --> 00:11:42,000
do want to say that um we do get a lot

308
00:11:45,750 --> 00:11:43,600
of new people here and

309
00:11:46,949 --> 00:11:45,760
a lot of people are totally unaware of

310
00:11:48,550 --> 00:11:46,959
what we're talking about when it comes

311
00:11:49,990 --> 00:11:48,560
to the flatwood monster so i'm going to

312
00:11:52,710 --> 00:11:50,000
want a detail of that

313
00:11:53,350 --> 00:11:52,720

but for right now um i'd like to hear

314

00:11:56,470 --> 00:11:53,360
from you

315

00:11:58,310 --> 00:11:56,480
um whoops sorry about that

316

00:12:00,069 --> 00:11:58,320
i want to hear from you if i could uh

317

00:12:03,030 --> 00:12:00,079
alfred uh what what got

318

00:12:05,190 --> 00:12:03,040
your interest now perked in this this

319

00:12:08,069 --> 00:12:05,200
ufo topic

320

00:12:09,990 --> 00:12:08,079
well that's uh that's a long story in

321

00:12:13,030 --> 00:12:10,000
the first place and and hardly

322

00:12:13,750 --> 00:12:13,040
even worth going into but i but i can

323

00:12:18,550 --> 00:12:13,760
tell you

324

00:12:21,509 --> 00:12:18,560
that uh i retired from the army in 1992

325

00:12:22,310 --> 00:12:21,519
and uh almost immediately went back to

326

00:12:25,509 --> 00:12:22,320

college

327

00:12:27,829 --> 00:12:25,519

was uh

328

00:12:28,629 --> 00:12:27,839

going from one spot on the campus to the

329

00:12:31,990 --> 00:12:28,639

other spot

330

00:12:34,870 --> 00:12:32,000

on a a route that i would

331

00:12:35,990 --> 00:12:34,880

ordinarily never take and i just

332

00:12:40,310 --> 00:12:36,000

happened to see

333

00:12:42,150 --> 00:12:40,320

a a billboard up with uh robert hastings

334

00:12:45,190 --> 00:12:42,160

was giving a lecture

335

00:12:45,990 --> 00:12:45,200

and i thought i looked at that and all

336

00:12:49,430 --> 00:12:46,000

of a sudden

337

00:12:50,629 --> 00:12:49,440

i was flashed back to about 1955 in

338

00:12:54,790 --> 00:12:50,639

connecticut where

339

00:12:58,150 --> 00:12:54,800

i also grew up and uh

340

00:13:01,030 --> 00:12:58,160

there was a a big flap at that time and

341

00:13:03,190 --> 00:13:01,040

people were seeing ufos and whatnot and

342

00:13:05,670 --> 00:13:03,200

i just put two and two together and i

343

00:13:07,910 --> 00:13:05,680

i even had to cut a class that i enjoyed

344

00:13:11,430 --> 00:13:07,920

to go see robert hastings talk

345

00:13:15,350 --> 00:13:11,440

and from that point on i was i was

346

00:13:17,509 --> 00:13:15,360

in i was in 100 all in

347

00:13:18,550 --> 00:13:17,519

well i get that i mean the the whole

348

00:13:21,509 --> 00:13:18,560

thing with

349

00:13:22,949 --> 00:13:21,519

nukes and ufos is a fascinating thing

350

00:13:24,069 --> 00:13:22,959

and i was just telling a friend the

351

00:13:27,030 --> 00:13:24,079

other day

352

00:13:27,670 --> 00:13:27,040

stan freeman used to say uh you know the

353

00:13:31,110 --> 00:13:27,680

reason

354

00:13:33,509 --> 00:13:31,120

that ufos showed up in 1947 is because

355

00:13:34,790 --> 00:13:33,519

they said the kids found the matches in

356

00:13:36,949 --> 00:13:34,800

other words uh

357

00:13:37,910 --> 00:13:36,959

they uh whoever it is that comes to

358

00:13:40,069 --> 00:13:37,920

observe and

359

00:13:41,910 --> 00:13:40,079

and mess with nuclear warheads and

360

00:13:45,189 --> 00:13:41,920

things like that uh shut them down

361

00:13:47,910 --> 00:13:45,199

those incredible cases um you know

362

00:13:49,910 --> 00:13:47,920

maybe the reason they're here is because

363

00:13:53,030 --> 00:13:49,920

you know we could blow ourselves up

364

00:13:54,389 --> 00:13:53,040

and uh i don't know i don't know but

365

00:13:56,470 --> 00:13:54,399

i have talked to robert about that in

366

00:13:59,030 --> 00:13:56,480

the past and you know he more or less

367

00:14:00,710 --> 00:13:59,040

agrees with that yeah maybe it's not

368

00:14:04,550 --> 00:14:00,720

warp technology that

369

00:14:08,150 --> 00:14:04,560

brings e.t but nuclear weapons

370

00:14:10,069 --> 00:14:08,160

right right exactly so um

371

00:14:11,430 --> 00:14:10,079

let's see i guess i would ask you frank

372

00:14:14,790 --> 00:14:11,440

because you're so well versed

373

00:14:16,389 --> 00:14:14,800

in the case if you would discuss um

374

00:14:17,910 --> 00:14:16,399

for the person that has never heard of

375

00:14:21,590 --> 00:14:17,920

the flatwoods monster

376

00:14:21,990 --> 00:14:21,600

case what happened in september 12 1952

377

00:14:25,430 --> 00:14:22,000

and

378

00:14:27,110 --> 00:14:25,440

a very busy year yeah well

379

00:14:29,350 --> 00:14:27,120

uh first of all the summer of the

380

00:14:30,310 --> 00:14:29,360

saucers which alfred and i call that

381

00:14:32,870 --> 00:14:30,320

they had

382

00:14:33,829 --> 00:14:32,880

project blue buck had the most sightings

383

00:14:36,949 --> 00:14:33,839

during that

384

00:14:40,949 --> 00:14:36,959

period and flatwoods

385

00:14:43,269 --> 00:14:40,959

was right at the end of the summer and

386

00:14:43,990 --> 00:14:43,279

it was that one of the top 10 biggest

387

00:14:47,189 --> 00:14:44,000

news stories

388

00:14:48,629 --> 00:14:47,199

in the world and it was said that a 10

389

00:14:51,590 --> 00:14:48,639

to 12 foot tall

390

00:14:53,670 --> 00:14:51,600

alien which they nicknamed the monster

391

00:14:56,829 --> 00:14:53,680

was seen on a farm after a crash

392

00:14:57,990 --> 00:14:56,839

landed in central west virginia now

393

00:15:00,470 --> 00:14:58,000

flatwoods uh

394

00:15:01,910 --> 00:15:00,480

is a geographical center of the state

395

00:15:05,269 --> 00:15:01,920

and if you look on a map

396

00:15:07,509 --> 00:15:05,279

it's dead center and if you go a little

397

00:15:09,509 --> 00:15:07,519

over 200 miles to the east

398

00:15:11,670 --> 00:15:09,519

that's where washington dc is the

399

00:15:13,350 --> 00:15:11,680

capital and that come will come into

400

00:15:15,430 --> 00:15:13,360

play later

401

00:15:17,189 --> 00:15:15,440

but there was a lot of ufo seen over

402

00:15:18,550 --> 00:15:17,199

west virginia and throughout the eastern

403

00:15:21,430 --> 00:15:18,560

seaboard that night

404

00:15:22,150 --> 00:15:21,440

but it was very sporadic coverage um

405

00:15:24,550 --> 00:15:22,160

ivan t

406

00:15:26,150 --> 00:15:24,560

sanderson wrote in his book on it by the

407

00:15:28,389 --> 00:15:26,160

visitors a little bit about

408

00:15:30,230 --> 00:15:28,399

it but he didn't have the luxury of

409

00:15:33,910 --> 00:15:30,240

having the project blue book

410

00:15:36,389 --> 00:15:33,920

case file on flatwoods i got

411

00:15:37,509 --> 00:15:36,399

hold of the file and i spent five years

412

00:15:39,590 --> 00:15:37,519

going over

413

00:15:40,790 --> 00:15:39,600

just approximately about a hundred pages

414

00:15:44,550 --> 00:15:40,800
of notes

415

00:15:48,389 --> 00:15:44,560
and it took me years just to go through

416

00:15:50,629 --> 00:15:48,399
and scribe over the faded uh

417

00:15:52,150 --> 00:15:50,639
ink you know because it was copy after

418

00:15:54,069 --> 00:15:52,160
copy after copy

419

00:15:55,509 --> 00:15:54,079
so i spent years putting all this

420

00:15:57,749 --> 00:15:55,519
together and

421

00:15:59,350 --> 00:15:57,759
i used my master map which you could see

422

00:16:02,870 --> 00:15:59,360
on my website

423

00:16:05,910 --> 00:16:02,880
and i basically over the years i kept

424

00:16:06,710 --> 00:16:05,920
pinpointing locations where ufos were

425

00:16:10,230 --> 00:16:06,720
seen

426
00:16:11,350 --> 00:16:10,240
and i knew every story has a beginning a

427
00:16:13,910 --> 00:16:11,360
middle and an end

428
00:16:16,150 --> 00:16:13,920
everybody focused on flatwood sanderson

429
00:16:16,870 --> 00:16:16,160
had a little bit going on in a baltimore

430
00:16:18,949 --> 00:16:16,880
area in

431
00:16:19,990 --> 00:16:18,959
the washington area but he couldn't put

432
00:16:23,269 --> 00:16:20,000
it together

433
00:16:26,790 --> 00:16:23,279
the newspaper coverage um

434
00:16:27,990 --> 00:16:26,800
didn't have uh a fraction of what was in

435
00:16:31,350 --> 00:16:28,000
blue book

436
00:16:34,829 --> 00:16:31,360
so what i did is i got

437
00:16:35,990 --> 00:16:34,839
all the the writer's information gray

438
00:16:37,189 --> 00:16:36,000

barker

439

00:16:39,590 --> 00:16:37,199

who was one of the original

440

00:16:44,069 --> 00:16:39,600

investigators he was from uh

441

00:16:46,150 --> 00:16:44,079

west virginia and sanderson's notes

442

00:16:48,790 --> 00:16:46,160

and i put everything together with all

443

00:16:51,189 --> 00:16:48,800

the magazine periodicals i could find

444

00:16:53,509 --> 00:16:51,199

all the books everything on planet earth

445

00:16:54,710 --> 00:16:53,519

every article i could find for years of

446

00:16:57,590 --> 00:16:54,720

traveling

447

00:16:59,829 --> 00:16:57,600

and i put all of this stuff together and

448

00:17:02,310 --> 00:16:59,839

i made timelines

449

00:17:03,430 --> 00:17:02,320

and flatwoods was actually the end of

450

00:17:06,069 --> 00:17:03,440

the story

451
00:17:08,309 --> 00:17:06,079
and i was able to um come up with flight

452
00:17:08,710 --> 00:17:08,319
paths throughout the united states and i

453
00:17:12,230 --> 00:17:08,720
have

454
00:17:14,390 --> 00:17:12,240
um over a hundred locations i pinpointed

455
00:17:15,750 --> 00:17:14,400
where several different ufos were seen

456
00:17:19,510 --> 00:17:15,760
that night

457
00:17:22,230 --> 00:17:19,520
and this one crashed on uh on a farm

458
00:17:24,230 --> 00:17:22,240
and it was seen by a bunch of uh local

459
00:17:26,150 --> 00:17:24,240
kids playing football pick up football

460
00:17:27,429 --> 00:17:26,160
on a friday night it was september 12

461
00:17:29,110 --> 00:17:27,439
52.

462
00:17:31,350 --> 00:17:29,120
and it was an indian summer so it was

463
00:17:32,789 --> 00:17:31,360

still warm and you have to put yourself

464

00:17:36,150 --> 00:17:32,799

into 1952.

465

00:17:37,190 --> 00:17:36,160

it's flatwoods is kind of like mayberry

466

00:17:39,669 --> 00:17:37,200

rfd

467

00:17:40,470 --> 00:17:39,679

that kind of setting quiet sleepy little

468

00:17:43,190 --> 00:17:40,480

town

469

00:17:44,830 --> 00:17:43,200

except about 10 years further back then

470

00:17:46,390 --> 00:17:44,840

then when that thing was shot the

471

00:17:49,110 --> 00:17:46,400

mayberry and

472

00:17:50,710 --> 00:17:49,120

um these kids saw this thing flying over

473

00:17:53,669 --> 00:17:50,720

a treetop level

474

00:17:55,110 --> 00:17:53,679

cut across the road and it landed up on

475

00:17:58,150 --> 00:17:55,120

top of the farm

476
00:18:00,310 --> 00:17:58,160
and a bunch of these boys went up to go

477
00:18:02,789 --> 00:18:00,320
investigate to see what happened

478
00:18:05,029 --> 00:18:02,799
so that's kind of setting the stage

479
00:18:07,029 --> 00:18:05,039
bringing us to flatwoods of what

480
00:18:08,470 --> 00:18:07,039
actually happened and nobody else had

481
00:18:11,830 --> 00:18:08,480
ever pieced together

482
00:18:13,029 --> 00:18:11,840
everybody focused on flatwoods that one

483
00:18:14,870 --> 00:18:13,039
little town

484
00:18:16,789 --> 00:18:14,880
and that's where 99 percent of the

485
00:18:19,590 --> 00:18:16,799
reporting was was right there

486
00:18:21,350 --> 00:18:19,600
and i thought more stuff going on and

487
00:18:23,590 --> 00:18:21,360
there was stuff going on north south

488
00:18:26,950 --> 00:18:23,600

east and what there was an omni effect

489

00:18:28,150 --> 00:18:26,960

and that turned into 20 to 25 years of

490

00:18:29,830 --> 00:18:28,160

research

491

00:18:31,270 --> 00:18:29,840

figure this out and every time i came

492

00:18:32,390 --> 00:18:31,280

out with another book i didn't know the

493

00:18:34,150 --> 00:18:32,400

radio show

494

00:18:36,549 --> 00:18:34,160

people would contact me send me new

495

00:18:39,029 --> 00:18:36,559

articles and it was like oh my god my

496

00:18:42,150 --> 00:18:39,039

book would be updated 20 times

497

00:18:44,470 --> 00:18:42,160

in the past few years so i just keep

498

00:18:46,310 --> 00:18:44,480

putting everything up on the internet

499

00:18:47,270 --> 00:18:46,320

and links and putting the updates on my

500

00:18:49,350 --> 00:18:47,280

website

501
00:18:51,909 --> 00:18:49,360
but that brings us that brings us to the

502
00:18:55,110 --> 00:18:51,919
elephant in the room doesn't it

503
00:18:57,750 --> 00:18:55,120
go ahead alfred well consider

504
00:18:58,789 --> 00:18:57,760
already addressed the summer of saucers

505
00:19:02,549 --> 00:18:58,799
ufos

506
00:19:04,630 --> 00:19:02,559
are everywhere they are hazarding

507
00:19:07,590 --> 00:19:04,640
aircraft their people are credible

508
00:19:09,590 --> 00:19:07,600
people are seeing them on the ground

509
00:19:11,029 --> 00:19:09,600
next thing you know they're impinging on

510
00:19:13,270 --> 00:19:11,039
prohibited airspace

511
00:19:14,310 --> 00:19:13,280
and the united states military gets

512
00:19:18,630 --> 00:19:14,320
concerned

513
00:19:20,470 --> 00:19:18,640

and publishes orders to shoot them down

514

00:19:22,789 --> 00:19:20,480

where they are encountered and there

515

00:19:24,230 --> 00:19:22,799

will be some other little blurb about

516

00:19:26,150 --> 00:19:24,240

you know if they don't take directions

517

00:19:30,230 --> 00:19:26,160

to land and whatnot but that's just

518

00:19:32,710 --> 00:19:30,240

lawyer talk thing is

519

00:19:33,350 --> 00:19:32,720

one of these things crashed in flat

520

00:19:35,430 --> 00:19:33,360

woods

521

00:19:36,870 --> 00:19:35,440

so what frank is doing and we come to

522

00:19:39,909 --> 00:19:36,880

the elephant in the room

523

00:19:43,830 --> 00:19:39,919

what frank has done is make a real

524

00:19:47,669 --> 00:19:43,840

good case for undeclared air war

525

00:19:52,630 --> 00:19:47,679

with e.t in 1952.

526

00:19:54,789 --> 00:19:52,640

hmm um is this your own uh

527

00:19:56,310 --> 00:19:54,799

your own thoughts alfred or is this

528

00:19:59,110 --> 00:19:56,320

something you've uh

529

00:20:01,430 --> 00:19:59,120

uh you know written about in the past or

530

00:20:03,590 --> 00:20:01,440

or talked about with other people

531

00:20:04,549 --> 00:20:03,600

oh i i've done a lot of talking and a

532

00:20:07,990 --> 00:20:04,559

lot of writing

533

00:20:11,430 --> 00:20:08,000

but all of this is drawn directly

534

00:20:12,310 --> 00:20:11,440

from again that very good case that

535

00:20:17,270 --> 00:20:12,320

frank makes

536

00:20:20,950 --> 00:20:19,029

wars never heard that spin on it

537

00:20:22,230 --> 00:20:20,960

anything about the flatwoods case until

538

00:20:25,590 --> 00:20:22,240

they talk to me

539

00:20:29,110 --> 00:20:25,600

i met stanton and gulf breeze oh god

540

00:20:31,990 --> 00:20:29,120

year uh in the early 90s at a conference

541

00:20:33,990 --> 00:20:32,000

and when i was talking to him i told him

542

00:20:35,669 --> 00:20:34,000

i was doing the first thing stan

543

00:20:37,750 --> 00:20:35,679

friedman he turned around and looked at

544

00:20:40,789 --> 00:20:37,760

me dead in the eyes he says how the hell

545

00:20:42,950 --> 00:20:40,799

did you get up there in those mountains

546

00:20:45,590 --> 00:20:42,960

and i remember saying that he said we've

547

00:20:47,750 --> 00:20:45,600

been trying to get up there for years

548

00:20:49,909 --> 00:20:47,760

i said who's we he said the the ufo

549

00:20:52,149 --> 00:20:49,919

investigators and researchers

550

00:20:54,870 --> 00:20:52,159

and i laughed i said well i got family

551
00:20:57,270 --> 00:20:54,880
up there so i was a couple steps ahead

552
00:20:59,830 --> 00:20:57,280
and that's basically why i was able to

553
00:21:02,789 --> 00:20:59,840
to go through those mountains up there

554
00:21:03,750 --> 00:21:02,799
and we need to add here too that

555
00:21:06,870 --> 00:21:03,760
seriously that

556
00:21:07,430 --> 00:21:06,880
stanton friedman was documented as being

557
00:21:12,710 --> 00:21:07,440
very

558
00:21:19,669 --> 00:21:16,390
yeah how about that um so

559
00:21:22,710 --> 00:21:19,679
as far as the you haven't really uh

560
00:21:23,430 --> 00:21:22,720
the you know talk too much about um the

561
00:21:26,470 --> 00:21:23,440
reason

562
00:21:29,270 --> 00:21:26,480
uh of the being whatever it was

563
00:21:29,590 --> 00:21:29,280

i know they went up the hill now didn't

564

00:21:33,510 --> 00:21:29,600

they

565

00:21:35,110 --> 00:21:33,520

get a mother or something like that and

566

00:21:37,029 --> 00:21:35,120

they all went up on the hill

567

00:21:39,110 --> 00:21:37,039

um with a flashlight or something am i

568

00:21:42,789 --> 00:21:39,120

getting that wrong in the group

569

00:21:45,750 --> 00:21:42,799

uh where uh the the may brothers

570

00:21:46,390 --> 00:21:45,760

eddie mae and freddie may and they ran

571

00:21:49,669 --> 00:21:46,400

to the

572

00:21:50,470 --> 00:21:49,679

house of uh their house and kathleen may

573

00:21:52,549 --> 00:21:50,480

owned it

574

00:21:54,390 --> 00:21:52,559

and that was at the little access road

575

00:21:55,909 --> 00:21:54,400

that went up to the back farm that's the

576

00:21:58,230 --> 00:21:55,919

reason they stopped there

577

00:22:00,789 --> 00:21:58,240

a bunch of kids chickened out and they

578

00:22:04,070 --> 00:22:00,799

ran home because they were scared and

579

00:22:05,830 --> 00:22:04,080

kathleen and her older cousin gene lemon

580

00:22:07,590 --> 00:22:05,840

who was about 18

581

00:22:09,430 --> 00:22:07,600

they went with the group of kids up onto

582

00:22:10,470 --> 00:22:09,440

the farm and that's when they had the

583

00:22:14,390 --> 00:22:10,480

encounter about

584

00:22:17,669 --> 00:22:14,400

half an hour later i see half an hour

585

00:22:20,789 --> 00:22:17,679

later they all saw this thing fly over

586

00:22:22,630 --> 00:22:20,799

and people over the years who have since

587

00:22:25,029 --> 00:22:22,640

passed away and they said boy that was

588

00:22:26,549 --> 00:22:25,039

probably the biggest mistake of my life

589

00:22:28,470 --> 00:22:26,559

they were there and they chickened out

590

00:22:31,510 --> 00:22:28,480

and went home

591

00:22:35,909 --> 00:22:31,520

maybe not so yeah

592

00:22:38,630 --> 00:22:35,919

yeah um and so when they actually saw

593

00:22:39,990 --> 00:22:38,640

what uh their of course you know the

594

00:22:42,549 --> 00:22:40,000

stories of uh

595

00:22:44,149 --> 00:22:42,559

people trying to say it was an owl and a

596

00:22:46,950 --> 00:22:44,159

tree i think even

597

00:22:48,230 --> 00:22:46,960

the project blue book uh series that was

598

00:22:49,750 --> 00:22:48,240

on tv

599

00:22:52,070 --> 00:22:49,760

portrayed something like that didn't

600

00:22:53,669 --> 00:22:52,080

they or or i can't remember how they did

601
00:22:57,590 --> 00:22:53,679
that

602
00:23:00,470 --> 00:22:57,600
who was a pioneer

603
00:23:01,510 --> 00:23:00,480
researcher back from the late 40s into

604
00:23:05,270 --> 00:23:01,520
the 50s

605
00:23:07,990 --> 00:23:05,280
he wrote about the flatwoods case and

606
00:23:09,190 --> 00:23:08,000
he actually contacted the public liaison

607
00:23:12,310 --> 00:23:09,200
albert chop

608
00:23:13,190 --> 00:23:12,320
and chop spoke to uh keel with lent and

609
00:23:15,909 --> 00:23:13,200
he gave

610
00:23:17,510 --> 00:23:15,919
the description uh and you know the

611
00:23:21,029 --> 00:23:17,520
explanation of what it was

612
00:23:23,110 --> 00:23:21,039
but it was um it was nothing solid he

613
00:23:23,350 --> 00:23:23,120

said it probably was an owl in the tree

614

00:23:25,510 --> 00:23:23,360

an

615

00:23:27,270 --> 00:23:25,520

underbrush may have given the impression

616

00:23:30,390 --> 00:23:27,280

of a giant monster

617

00:23:32,149 --> 00:23:30,400

and the landing site uh could have been

618

00:23:34,830 --> 00:23:32,159

caused by the villagers as they were

619

00:23:36,070 --> 00:23:34,840

running around in circles it was really

620

00:23:39,270 --> 00:23:36,080

absurd

621

00:23:40,149 --> 00:23:39,280

but uh the airport did cover this thing

622

00:23:42,630 --> 00:23:40,159

up

623

00:23:44,390 --> 00:23:42,640

really big and they went in undercover

624

00:23:46,149 --> 00:23:44,400

and kathleen may who was a primary

625

00:23:47,029 --> 00:23:46,159

witness she was the closest one to the

626
00:23:48,789 --> 00:23:47,039
monster

627
00:23:51,390 --> 00:23:48,799
she told me she was the lent of a small

628
00:23:52,870 --> 00:23:51,400
car to it and i work with kathleen

629
00:23:55,029 --> 00:23:52,880
extensively

630
00:23:56,230 --> 00:23:55,039
and i want your listeners to know when

631
00:23:58,070 --> 00:23:56,240
um

632
00:24:00,070 --> 00:23:58,080
i wrote this book over the course of all

633
00:24:01,430 --> 00:24:00,080
these years and i work with the

634
00:24:03,510 --> 00:24:01,440
witnesses

635
00:24:04,870 --> 00:24:03,520
martin it wasn't like oh i talked to

636
00:24:07,510 --> 00:24:04,880
kathleen once

637
00:24:08,470 --> 00:24:07,520
i talked to her hundreds and hundreds of

638
00:24:11,029 --> 00:24:08,480

times

639

00:24:13,029 --> 00:24:11,039

i was calling her on the phone i was i

640

00:24:14,710 --> 00:24:13,039

wore a path out to west virginia from

641

00:24:16,950 --> 00:24:14,720

connecticut into florida

642

00:24:18,070 --> 00:24:16,960

going to her home and sitting down and

643

00:24:20,870 --> 00:24:18,080

spending

644

00:24:23,510 --> 00:24:20,880

days with her and sit and then uh

645

00:24:25,909 --> 00:24:23,520

talking about it and she was telling me

646

00:24:28,230 --> 00:24:25,919

of what happened and then i showed her

647

00:24:30,710 --> 00:24:28,240

what really opened the whole story up

648

00:24:31,750 --> 00:24:30,720

as when i plopped over a pound of

649

00:24:34,470 --> 00:24:31,760

project blue book

650

00:24:35,430 --> 00:24:34,480

notes for september 12th down on the

651
00:24:36,870 --> 00:24:35,440
table

652
00:24:39,110 --> 00:24:36,880
and that's when she almost fell out of

653
00:24:41,029 --> 00:24:39,120
her chair she says and they made fun of

654
00:24:43,190 --> 00:24:41,039
us all of these years and here it is i

655
00:24:46,870 --> 00:24:43,200
said here kathleen look at it

656
00:24:50,070 --> 00:24:46,880
and it was about 100 pages or so

657
00:24:53,909 --> 00:24:50,080
for that one night for the one night

658
00:24:56,789 --> 00:24:53,919
yep just one night that's amazing

659
00:24:59,110 --> 00:24:56,799
but it had to do a lot all about kind of

660
00:25:03,590 --> 00:24:59,120
he looked into it

661
00:25:06,870 --> 00:25:03,600
yeah and and uh so

662
00:25:08,549 --> 00:25:06,880
as far as people investigating it was it

663
00:25:10,710 --> 00:25:08,559

did you say it was actually kehoe that

664

00:25:15,110 --> 00:25:10,720

actually went there

665

00:25:18,070 --> 00:25:15,120

no keo didn't go there ivan sanders did

666

00:25:19,990 --> 00:25:18,080

original investigator and he kind of had

667

00:25:21,830 --> 00:25:20,000

a uh

668

00:25:23,110 --> 00:25:21,840

a lot of people looked at him like a

669

00:25:25,909 --> 00:25:23,120

goofball

670

00:25:27,669 --> 00:25:25,919

at the beginning the things that he did

671

00:25:29,830 --> 00:25:27,679

in some of the writings but

672

00:25:30,789 --> 00:25:29,840

i'll tell you honest to god what stan

673

00:25:33,669 --> 00:25:30,799

friedman

674

00:25:35,029 --> 00:25:33,679

said to me when he read my uh original

675

00:25:37,269 --> 00:25:35,039

manuscript

676

00:25:39,110 --> 00:25:37,279

he called me up from canada and he said

677

00:25:42,149 --> 00:25:39,120

frank i have a whole new

678

00:25:44,230 --> 00:25:42,159

different slant on gray barker

679

00:25:45,190 --> 00:25:44,240

he says a lot of people looked at him as

680

00:25:47,669 --> 00:25:45,200

a clown

681

00:25:49,350 --> 00:25:47,679

he says but he really busted his butt

682

00:25:51,269 --> 00:25:49,360

running around up in those mountains and

683

00:25:52,870 --> 00:25:51,279

he got a lot of key information that

684

00:25:54,789 --> 00:25:52,880

would have been overlooked

685

00:25:57,190 --> 00:25:54,799

and i said you're right stan he was

686

00:26:00,390 --> 00:25:57,200

basically the the nut of the story

687

00:26:01,750 --> 00:26:00,400

and then when sanderson came in about a

688

00:26:03,430 --> 00:26:01,760

week later

689

00:26:04,789 --> 00:26:03,440

he didn't talk to all the witnesses

690

00:26:07,990 --> 00:26:04,799

because kathleen may

691

00:26:10,070 --> 00:26:08,000

and haley stewart had went to new york

692

00:26:12,470 --> 00:26:10,080

to be on the talk so we the people

693

00:26:14,470 --> 00:26:12,480

so he basically talked to the little

694

00:26:17,029 --> 00:26:14,480

kids who saw the monster and he's the

695

00:26:18,710 --> 00:26:17,039

one who got the majority of the drawings

696

00:26:20,710 --> 00:26:18,720

where you see the little kids drawings

697

00:26:21,750 --> 00:26:20,720

with the ace of spades covering over the

698

00:26:24,789 --> 00:26:21,760

head

699

00:26:27,190 --> 00:26:24,799

and he did all of that yeah

700

00:26:28,630 --> 00:26:27,200

so let's let's talk up again for the

701

00:26:30,230 --> 00:26:28,640

person that's never heard

702

00:26:31,990 --> 00:26:30,240

this story i don't know either one of

703

00:26:35,029 --> 00:26:32,000

you if you want to describe

704

00:26:35,669 --> 00:26:35,039

what uh the general consensus of this

705

00:26:38,950 --> 00:26:35,679

creature

706

00:26:42,710 --> 00:26:38,960

and the the size of it and everything

707

00:26:45,909 --> 00:26:42,720

you want to run with it al for a second

708

00:26:48,950 --> 00:26:45,919

yeah we need to hear more l what more

709

00:26:51,990 --> 00:26:48,960

al well

710

00:26:53,750 --> 00:26:52,000

the thing if it is uh again this is the

711

00:26:55,029 --> 00:26:53,760

end of the story it's the it's the

712

00:26:57,669 --> 00:26:55,039

period it's the

713

00:26:58,789 --> 00:26:57,679

punctuation and then we all go out for

714

00:27:00,830 --> 00:26:58,799

snacks

715

00:27:01,990 --> 00:27:00,840

but you know we've we've got some

716

00:27:05,190 --> 00:27:02,000

legitimately

717

00:27:08,710 --> 00:27:05,200

intelligent forthright and credible

718

00:27:11,590 --> 00:27:08,720

people who encountered uh

719

00:27:11,909 --> 00:27:11,600

this thing flying over their heads and

720

00:27:14,630 --> 00:27:11,919

it

721

00:27:15,110 --> 00:27:14,640

uh frank will correct me if i'm wrong on

722

00:27:18,710 --> 00:27:15,120

this but

723

00:27:19,590 --> 00:27:18,720

it was in some distress it was a ball of

724

00:27:23,029 --> 00:27:19,600

fire

725

00:27:24,710 --> 00:27:23,039

it was it was flying

726

00:27:27,029 --> 00:27:24,720

what what what is erratic when you're

727

00:27:28,389 --> 00:27:27,039

like pieces falling off of it it was

728

00:27:30,389 --> 00:27:28,399

exploding

729

00:27:32,710 --> 00:27:30,399

when it came across the eastern seaboard

730

00:27:35,750 --> 00:27:32,720

it passed over washington dc

731

00:27:38,950 --> 00:27:35,760

flew a little over 200 miles westward

732

00:27:39,350 --> 00:27:38,960

it was blowing up burning tree tops it

733

00:27:42,310 --> 00:27:39,360

flew

734

00:27:43,269 --> 00:27:42,320

all the way into the area of burnsville

735

00:27:46,549 --> 00:27:43,279

and then it headed

736

00:27:49,190 --> 00:27:46,559

south and it followed the the main

737

00:27:50,470 --> 00:27:49,200

the main road there state route 4. and

738

00:27:53,029 --> 00:27:50,480

it headed south

739

00:27:54,710 --> 00:27:53,039

and that's when it passed over the kids

740

00:27:56,630 --> 00:27:54,720

who saw it on the playground

741

00:27:58,070 --> 00:27:56,640

and then it cut back and it went over

742

00:28:00,470 --> 00:27:58,080

and it landed

743

00:28:02,389 --> 00:28:00,480

but the the biggest misconception about

744

00:28:04,789 --> 00:28:02,399

the monster which alfred and i

745

00:28:07,110 --> 00:28:04,799

have talked about this at length was the

746

00:28:07,669 --> 00:28:07,120

ridiculous drawing and the portrayal of

747

00:28:10,149 --> 00:28:07,679

it

748

00:28:12,389 --> 00:28:10,159

mrs may went to new york and the staff

749

00:28:15,430 --> 00:28:12,399

artist for we the people sat down

750

00:28:16,070 --> 00:28:15,440

and they talked to kathleen may and gene

751
00:28:18,389 --> 00:28:16,080
lemon

752
00:28:19,830 --> 00:28:18,399
the oldest boy who saw the monster and

753
00:28:21,830 --> 00:28:19,840
they were given their descriptions of

754
00:28:24,549 --> 00:28:21,840
what this thing looked like

755
00:28:26,389 --> 00:28:24,559
and uh from talking with kathleen and

756
00:28:29,350 --> 00:28:26,399
working with all the witnesses this

757
00:28:31,750 --> 00:28:29,360
thing was actually a mechanical device

758
00:28:35,110 --> 00:28:31,760
when mrs may was trying to describe what

759
00:28:37,310 --> 00:28:35,120
this thing looked like now you have to

760
00:28:39,110 --> 00:28:37,320
put you trying to put yourself back in

761
00:28:42,389 --> 00:28:39,120
1952

762
00:28:45,909 --> 00:28:42,399
a bunch of people who live on

763
00:28:48,230 --> 00:28:45,919

a farm they see this metallic structure

764

00:28:51,110 --> 00:28:48,240

12 foot tall that's hovering

765

00:28:53,510 --> 00:28:51,120

that looks like a booster rocket and

766

00:28:56,630 --> 00:28:53,520

it's flared out towards the bottom

767

00:28:57,990 --> 00:28:56,640

the head is an ace of spades which was

768

00:29:00,630 --> 00:28:58,000

actually a giant

769

00:29:02,950 --> 00:29:00,640

covering it was a helmet and it had what

770

00:29:06,310 --> 00:29:02,960

looked like a plate glass window

771

00:29:07,510 --> 00:29:06,320

freddie may uh kathleen's younger boy

772

00:29:09,990 --> 00:29:07,520

who saw it

773

00:29:12,389 --> 00:29:10,000

he said it reminded him of looking in

774

00:29:14,870 --> 00:29:12,399

the cockpit of a fighter jet

775

00:29:16,310 --> 00:29:14,880

the outer shell was actually the canopy

776

00:29:18,389 --> 00:29:16,320

that you can see through

777

00:29:19,909 --> 00:29:18,399

and the fighter pilots inside with his

778

00:29:21,909 --> 00:29:19,919

gear and his helmet on

779

00:29:22,950 --> 00:29:21,919

that's what this flatwoods monster was

780

00:29:26,070 --> 00:29:22,960

it was actually

781

00:29:28,870 --> 00:29:26,080

something inside of a space suit so

782

00:29:30,789 --> 00:29:28,880

uh kathleen was was never able to get up

783

00:29:33,110 --> 00:29:30,799

there with me because it's you got to be

784

00:29:34,870 --> 00:29:33,120

you know somewhat of a climber a

785

00:29:38,070 --> 00:29:34,880

mountain climber to get up there

786

00:29:40,310 --> 00:29:38,080

but i went up with freddy may after uh

787

00:29:43,430 --> 00:29:40,320

interviewing his mother for years

788

00:29:45,110 --> 00:29:43,440

and he took me step by step by step by

789

00:29:47,110 --> 00:29:45,120

step right from the school playground

790

00:29:48,230 --> 00:29:47,120

all the way up to the location where it

791

00:29:50,630 --> 00:29:48,240

was seen

792

00:29:51,750 --> 00:29:50,640

and i did sketches and drawings with

793

00:29:55,110 --> 00:29:51,760

freddie

794

00:29:57,110 --> 00:29:55,120

um i had talked to his brother as well

795

00:29:59,750 --> 00:29:57,120

but freddie and kathleen were the

796

00:30:01,750 --> 00:29:59,760

primary ones that i worked with

797

00:30:02,789 --> 00:30:01,760

and i talked to a bunch of the other

798

00:30:05,990 --> 00:30:02,799

witnesses

799

00:30:08,470 --> 00:30:06,000

but going to west virginia so often that

800

00:30:11,269 --> 00:30:08,480

i was able to sit down with them and

801
00:30:13,190 --> 00:30:11,279
being an illustrator and i specialize in

802
00:30:13,909 --> 00:30:13,200
portrait art i went to pear college of

803
00:30:15,750 --> 00:30:13,919
art

804
00:30:17,110 --> 00:30:15,760
i sat down and did police style

805
00:30:18,950 --> 00:30:17,120
renderings

806
00:30:20,950 --> 00:30:18,960
and i don't think anybody else would

807
00:30:23,750 --> 00:30:20,960
have been able to do it because i sat

808
00:30:25,590 --> 00:30:23,760
down for hours and said well mrs may did

809
00:30:27,350 --> 00:30:25,600
it look like this and she said no it was

810
00:30:30,710 --> 00:30:27,360
more flared out here

811
00:30:34,070 --> 00:30:30,720
it was metallic uh what

812
00:30:37,669 --> 00:30:34,080
to describe we there

813
00:30:37,990 --> 00:30:37,679

yeah keep going okay there was a drop up

814

00:30:40,710 --> 00:30:38,000

there

815

00:30:42,310 --> 00:30:40,720

i know i heard that but that's okay yep

816

00:30:46,149 --> 00:30:42,320

over portion of it

817

00:30:49,590 --> 00:30:46,159

what was flared out were actually pipes

818

00:30:52,630 --> 00:30:49,600

and they looked like a small uh

819

00:30:53,909 --> 00:30:52,640

tubes freddy may held his arm out in

820

00:30:55,909 --> 00:30:53,919

front of him when we were doing the

821

00:30:59,269 --> 00:30:55,919

drawings and he said they were about as

822

00:31:02,630 --> 00:30:59,279

thick as my arm my forearm like

823

00:31:05,269 --> 00:31:02,640

a fireman's hose and they went around

824

00:31:07,750 --> 00:31:05,279

the whole lower circumference

825

00:31:10,149 --> 00:31:07,760

and when mrs may was trying to describe

826

00:31:13,029 --> 00:31:10,159

this to the television artist

827

00:31:14,389 --> 00:31:13,039

she likened it to the roles of the

828

00:31:16,630 --> 00:31:14,399

pleats in her curtains

829

00:31:17,990 --> 00:31:16,640

you know how the drapes hang down so

830

00:31:20,070 --> 00:31:18,000

what the artist did is he

831

00:31:22,070 --> 00:31:20,080

took it literally instead of drawing

832

00:31:25,029 --> 00:31:22,080

pipes and he drew it in a dress

833

00:31:25,590 --> 00:31:25,039

and he has these boots hanging down and

834

00:31:27,509 --> 00:31:25,600

then

835

00:31:29,830 --> 00:31:27,519

mrs may and freddie and a couple of the

836

00:31:33,269 --> 00:31:29,840

other witnesses also told me

837

00:31:36,470 --> 00:31:33,279

that um they were like antenna type

838

00:31:37,590 --> 00:31:36,480

devices that came off of the the

839

00:31:40,470 --> 00:31:37,600

shoulders

840

00:31:42,230 --> 00:31:40,480

and the helmet was black and it had a

841

00:31:44,549 --> 00:31:42,240

plate glass window

842

00:31:46,950 --> 00:31:44,559

in front of it and the actually there

843

00:31:49,909 --> 00:31:46,960

was no face it was like a red helmet

844

00:31:51,269 --> 00:31:49,919

and freddy stood on on the site exactly

845

00:31:55,190 --> 00:31:51,279

where he was

846

00:31:57,269 --> 00:31:55,200

and he said that the eyeballs

847

00:31:59,269 --> 00:31:57,279

weren't eyeballs as they were portrayed

848

00:32:00,470 --> 00:31:59,279

as bulging eyeballs how the press had

849

00:32:02,470 --> 00:32:00,480

hyped it up

850

00:32:04,230 --> 00:32:02,480

he said there were actually holes like

851
00:32:05,750 --> 00:32:04,240
portholes like if you were standing

852
00:32:07,110 --> 00:32:05,760
across the street and looking in your

853
00:32:10,549 --> 00:32:07,120
neighbor's windows

854
00:32:11,430 --> 00:32:10,559
you could see the the warm light of the

855
00:32:13,750 --> 00:32:11,440
yellow

856
00:32:15,430 --> 00:32:13,760
and he said inside it was like a

857
00:32:19,509 --> 00:32:15,440
greenish orange

858
00:32:22,470 --> 00:32:19,519
and freddy saw back the monster

859
00:32:23,269 --> 00:32:22,480
back a few feet and kathleen may saw it

860
00:32:24,950 --> 00:32:23,279
up front

861
00:32:26,950 --> 00:32:24,960
so what was great when i was doing my

862
00:32:27,990 --> 00:32:26,960
illustrations freddie saw the whole

863
00:32:30,070 --> 00:32:28,000

thing unfold in front

864

00:32:31,669 --> 00:32:30,080

of him he was towards the end of the

865

00:32:34,549 --> 00:32:31,679

pack his mother was

866

00:32:35,430 --> 00:32:34,559

up front and when they came around the

867

00:32:38,789 --> 00:32:35,440

swag

868

00:32:41,350 --> 00:32:38,799

she was with gene lemon and this thing

869

00:32:41,990 --> 00:32:41,360

had lifted up and hovered off the ground

870

00:32:44,149 --> 00:32:42,000

and started

871

00:32:46,230 --> 00:32:44,159

coming around the tree and when they saw

872

00:32:47,350 --> 00:32:46,240

it they flashed their flashlight at it

873

00:32:49,750 --> 00:32:47,360

and the thing lit up

874

00:32:51,269 --> 00:32:49,760

kathleen said like a christmas tree well

875

00:32:52,789 --> 00:32:51,279

it passed in front of them and it was

876

00:32:54,830 --> 00:32:52,799

actually hovering

877

00:32:56,070 --> 00:32:54,840

the one thing the sketch artist got

878

00:32:59,350 --> 00:32:56,080

correct

879

00:33:01,909 --> 00:32:59,360

as you can see in the original 1952

880

00:33:03,430 --> 00:33:01,919

drawing there's a drop cast shadow

881

00:33:05,430 --> 00:33:03,440

underneath the figure

882

00:33:07,190 --> 00:33:05,440

which actually illustrates the thing was

883

00:33:09,350 --> 00:33:07,200

elevated above the ground

884

00:33:11,590 --> 00:33:09,360

and kathleen said it was about a foot

885

00:33:14,070 --> 00:33:11,600

and a half off of the ground

886

00:33:16,870 --> 00:33:14,080

and it was blowing the debris and you

887

00:33:19,669 --> 00:33:16,880

know the rocks and all the crap that was

888

00:33:21,750 --> 00:33:19,679

sitting on the path there and actually

889

00:33:24,070 --> 00:33:21,760

was going back towards its craft it

890

00:33:25,669 --> 00:33:24,080

didn't make any hostile moves

891

00:33:27,509 --> 00:33:25,679

but i passed in front of them and it

892

00:33:29,190 --> 00:33:27,519

went past in front of jean lemon it

893

00:33:32,070 --> 00:33:29,200

scared the hell out of them

894

00:33:34,310 --> 00:33:32,080

and kathleen said she looked over and

895

00:33:35,830 --> 00:33:34,320

saw gene and his legs got rubbery he

896

00:33:39,590 --> 00:33:35,840

just was freaked out and he

897

00:33:40,389 --> 00:33:39,600

basically momentary lapse and he killed

898

00:33:43,110 --> 00:33:40,399

over

899

00:33:44,870 --> 00:33:43,120

and he got back up and the kids just ran

900

00:33:47,909 --> 00:33:44,880

all back down the hill

901
00:33:49,830 --> 00:33:47,919
and they went to the house and

902
00:33:51,190 --> 00:33:49,840
that's basically what happened during

903
00:33:54,710 --> 00:33:51,200
the encounter

904
00:33:57,909 --> 00:33:54,720
but everything was all all botched up

905
00:34:00,710 --> 00:33:57,919
and when uh with the descriptions so i

906
00:34:03,909 --> 00:34:00,720
dug back a little bit deeper

907
00:34:04,630 --> 00:34:03,919
and i found out that haley stewart who

908
00:34:07,110 --> 00:34:04,640
was the

909
00:34:08,149 --> 00:34:07,120
newspaper writer for the braxton county

910
00:34:11,270 --> 00:34:08,159
democrat

911
00:34:14,550 --> 00:34:11,280
he was the johnny on the spa well

912
00:34:16,430 --> 00:34:14,560
in the mid 90s i tracked stewart down

913
00:34:18,230 --> 00:34:16,440

and he hadn't done an interview since

914

00:34:21,190 --> 00:34:18,240
1952.

915

00:34:22,869 --> 00:34:21,200
his newspaper which was in sutton which

916

00:34:25,829 --> 00:34:22,879
is the county seat

917

00:34:27,669 --> 00:34:25,839
uh was basically the headquarters

918

00:34:29,589 --> 00:34:27,679
because people were coming from all over

919

00:34:30,950 --> 00:34:29,599
the country they were coming from all

920

00:34:33,669 --> 00:34:30,960
over the world

921

00:34:34,950 --> 00:34:33,679
this story hit really big within about a

922

00:34:38,389 --> 00:34:34,960
week

923

00:34:41,829 --> 00:34:38,399
and what happened is um

924

00:34:43,430 --> 00:34:41,839
haley stewart uh was kind of like the

925

00:34:45,349 --> 00:34:43,440
commander of everything

926
00:34:46,550 --> 00:34:45,359
he was you know when everybody would

927
00:34:48,950 --> 00:34:46,560
come in his

928
00:34:50,950 --> 00:34:48,960
office there at the democrat was

929
00:34:54,310 --> 00:34:50,960
basically the hub

930
00:34:56,230 --> 00:34:54,320
so when i interviewed him he filled me

931
00:34:58,790 --> 00:34:56,240
in on the rest of the story and told me

932
00:35:00,710 --> 00:34:58,800
a lot of stuff that never hit the press

933
00:35:02,069 --> 00:35:00,720
but anyway the whole point i was getting

934
00:35:05,430 --> 00:35:02,079
that is

935
00:35:08,550 --> 00:35:05,440
he wrote the absolute definitive

936
00:35:09,589 --> 00:35:08,560
article and it was published and the

937
00:35:12,790 --> 00:35:09,599
charleston

938
00:35:16,069 --> 00:35:12,800

uh gazette i believe it was

939

00:35:17,829 --> 00:35:16,079

i i have over a hundred articles here

940

00:35:19,670 --> 00:35:17,839

but it would he described it as a

941

00:35:20,630 --> 00:35:19,680

mechanical man as being told by the

942

00:35:23,750 --> 00:35:20,640

witnesses

943

00:35:24,150 --> 00:35:23,760

to look like a mechanical man and had a

944

00:35:27,349 --> 00:35:24,160

cow

945

00:35:29,349 --> 00:35:27,359

over its head with uh small antenna like

946

00:35:31,670 --> 00:35:29,359

arm devices coming off of it and

947

00:35:33,510 --> 00:35:31,680

hovered and he gave a description of it

948

00:35:36,310 --> 00:35:33,520

and what happened after that

949

00:35:38,150 --> 00:35:36,320

is when it hit the united press and its

950

00:35:41,510 --> 00:35:38,160

shotgun around the world

951
00:35:45,030 --> 00:35:41,520
that's when the story got distorted

952
00:35:47,109 --> 00:35:45,040
i see you know when with my original

953
00:35:48,230 --> 00:35:47,119
drawings everybody's like uh you're

954
00:35:50,870 --> 00:35:48,240
crazy you know

955
00:35:52,870 --> 00:35:50,880
all of a sudden it looks like uh a robot

956
00:35:53,270 --> 00:35:52,880
from a 50 science fiction movie and i'm

957
00:35:55,750 --> 00:35:53,280
like

958
00:35:57,589 --> 00:35:55,760
no that's the way it did look it was the

959
00:36:00,069 --> 00:35:57,599
press that botched it up

960
00:36:01,670 --> 00:36:00,079
and then i have the old article that

961
00:36:03,589 --> 00:36:01,680
talks about stuart and

962
00:36:05,349 --> 00:36:03,599
stuart verified he says yeah frank he

963
00:36:06,150 --> 00:36:05,359

says i was the first one there and after

964

00:36:09,190 --> 00:36:06,160

that they just

965

00:36:10,630 --> 00:36:09,200

the press ran and screwed it up

966

00:36:12,630 --> 00:36:10,640

and that's why all of those years

967

00:36:13,030 --> 00:36:12,640

everybody sort of thought it looked like

968

00:36:15,990 --> 00:36:13,040

uh

969

00:36:16,870 --> 00:36:16,000

a monster and a dress you know it's

970

00:36:19,589 --> 00:36:16,880

funny when uh

971

00:36:20,550 --> 00:36:19,599

i have you know contemplated like when

972

00:36:23,270 --> 00:36:20,560

people talk about

973

00:36:24,790 --> 00:36:23,280

seeing uh an extraterrestrial they think

974

00:36:27,510 --> 00:36:24,800

is an extraterrestrial

975

00:36:28,630 --> 00:36:27,520

you know without a spacesuit without any

976
00:36:30,310 --> 00:36:28,640
protection

977
00:36:32,230 --> 00:36:30,320
from you know you think of you know

978
00:36:33,910 --> 00:36:32,240
we're just we're still in this pandemic

979
00:36:35,589 --> 00:36:33,920
you think about things like that

980
00:36:37,510 --> 00:36:35,599
uh you think about the europeans when

981
00:36:41,190 --> 00:36:37,520
they came to uh

982
00:36:43,270 --> 00:36:41,200
from spain to mexico and and to

983
00:36:45,109 --> 00:36:43,280
also hear how many people are wiped out

984
00:36:47,829 --> 00:36:45,119
from unknown or uh

985
00:36:48,630 --> 00:36:47,839
you know their body is not immune to

986
00:36:50,230 --> 00:36:48,640
these things

987
00:36:52,069 --> 00:36:50,240
so i always thought how could these

988
00:36:54,150 --> 00:36:52,079

things like walk around and breathe our

989

00:36:56,390 --> 00:36:54,160

air if that's if that's what's going on

990

00:36:57,510 --> 00:36:56,400

so the spacesuit it to me makes sense

991

00:36:59,829 --> 00:36:57,520

but the the

992

00:37:01,270 --> 00:36:59,839

thing i'd never it's the first time i

993

00:37:02,550 --> 00:37:01,280

don't remember talking about this when

994

00:37:03,510 --> 00:37:02,560

you were on the show but it was quite a

995

00:37:06,790 --> 00:37:03,520

while ago

996

00:37:10,069 --> 00:37:06,800

but when this thing uh

997

00:37:12,790 --> 00:37:10,079

this robot or whatever it was um

998

00:37:14,710 --> 00:37:12,800

did anybody see it head back to the

999

00:37:15,270 --> 00:37:14,720

craft and the craft take off was that

1000

00:37:18,790 --> 00:37:15,280

any

1001
00:37:23,190 --> 00:37:21,270
when the thing went by the witnesses

1002
00:37:25,990 --> 00:37:23,200
they all hightailed it and got out

1003
00:37:26,470 --> 00:37:26,000
they they were freaked out they spot

1004
00:37:29,750 --> 00:37:26,480
moved

1005
00:37:31,270 --> 00:37:29,760
down towards the um the slope of the

1006
00:37:32,710 --> 00:37:31,280
farm what the thing had done is it

1007
00:37:35,750 --> 00:37:32,720
landed at the far

1008
00:37:38,230 --> 00:37:35,760
far back of the farm and it was at the

1009
00:37:40,790 --> 00:37:38,240
highest plateau

1010
00:37:41,990 --> 00:37:40,800
it relocated by the time the kids saw it

1011
00:37:44,950 --> 00:37:42,000
go down there

1012
00:37:47,750 --> 00:37:44,960
it relocated into the gully of the farm

1013
00:37:51,109 --> 00:37:47,760

and there was a pear orchard back there

1014

00:37:52,150 --> 00:37:51,119

and the things settled in kind of like

1015

00:37:54,870 --> 00:37:52,160

incognito

1016

00:37:55,670 --> 00:37:54,880

amongst the trees and it sat off to the

1017

00:37:58,150 --> 00:37:55,680

side

1018

00:37:59,430 --> 00:37:58,160

in this sloping giant valley that's like

1019

00:38:02,630 --> 00:37:59,440

the size of a football

1020

00:38:05,829 --> 00:38:02,640

field so what happened

1021

00:38:07,670 --> 00:38:05,839

uh when they went back up to investigate

1022

00:38:09,990 --> 00:38:07,680

when stewart went back up there the next

1023

00:38:10,870 --> 00:38:10,000

day where this thing had relocated it

1024

00:38:14,790 --> 00:38:10,880

left

1025

00:38:18,390 --> 00:38:14,800

uh a circular pattern in the grass

1026

00:38:21,030 --> 00:38:18,400

and there was a path that came

1027

00:38:22,150 --> 00:38:21,040

up from the area of where the thing had

1028

00:38:24,390 --> 00:38:22,160

touched down

1029

00:38:26,230 --> 00:38:24,400

it came up the inclination it went

1030

00:38:26,950 --> 00:38:26,240

across the path and it went up to the

1031

00:38:29,349 --> 00:38:26,960

tree

1032

00:38:30,630 --> 00:38:29,359

now this thing was over four foot wide

1033

00:38:33,190 --> 00:38:30,640

at the base

1034

00:38:35,109 --> 00:38:33,200

and had a propulsion system so what it

1035

00:38:38,390 --> 00:38:35,119

did is basically

1036

00:38:41,030 --> 00:38:38,400

blew the foot foot and a half tall grass

1037

00:38:42,870 --> 00:38:41,040

and all the the the sediment and the

1038

00:38:43,430 --> 00:38:42,880

leaves and everything that was laying

1039

00:38:46,550 --> 00:38:43,440

around

1040

00:38:49,190 --> 00:38:46,560

in that path it blew it apart so it

1041

00:38:51,270 --> 00:38:49,200

cut a path going up when it left it

1042

00:38:54,069 --> 00:38:51,280

followed a parallel path

1043

00:38:55,589 --> 00:38:54,079

and that's what stewart saw the reporter

1044

00:38:57,430 --> 00:38:55,599

when he went up the next day so

1045

00:39:00,390 --> 00:38:57,440

basically he followed his footprint back

1046

00:39:01,349 --> 00:39:00,400

out there were people that did see it

1047

00:39:05,750 --> 00:39:01,359

leave

1048

00:39:08,230 --> 00:39:05,760

you know that they never

1049

00:39:09,270 --> 00:39:08,240

looked back after they saw this thing

1050

00:39:11,510 --> 00:39:09,280

and uh

1051
00:39:13,030 --> 00:39:11,520
but there is records and it's in my book

1052
00:39:14,550 --> 00:39:13,040
there were some people that did see you

1053
00:39:16,870 --> 00:39:14,560
leave

1054
00:39:18,470 --> 00:39:16,880
did anyone see any type of article real

1055
00:39:20,150 --> 00:39:18,480
quick let me just read this to you

1056
00:39:20,870 --> 00:39:20,160
before i get off crack this will kind of

1057
00:39:23,829 --> 00:39:20,880
set the

1058
00:39:24,230 --> 00:39:23,839
the pace of what we're getting at this

1059
00:39:27,750 --> 00:39:24,240
was

1060
00:39:30,950 --> 00:39:27,760
charleston gazette

1061
00:39:33,589 --> 00:39:30,960
and this is was uh

1062
00:39:35,270 --> 00:39:33,599
haley stewart who spoke to them and

1063
00:39:39,109 --> 00:39:35,280

wrote this article

1064

00:39:42,069 --> 00:39:39,119

uh it wore a suit of green armor

1065

00:39:43,030 --> 00:39:42,079

looked like a mechanical man was ten

1066

00:39:46,950 --> 00:39:43,040

feet tall

1067

00:39:48,230 --> 00:39:46,960

four foot wide had a blood red face and

1068

00:39:51,030 --> 00:39:48,240

sported a black

1069

00:39:51,430 --> 00:39:51,040

spade-like call which extended a foot or

1070

00:39:54,550 --> 00:39:51,440

more

1071

00:39:58,069 --> 00:39:54,560

above its head and it had claw-like

1072

00:40:00,069 --> 00:39:58,079

toy hands the hands were actually

1073

00:40:02,470 --> 00:40:00,079

um what freddy told me he said they look

1074

00:40:06,550 --> 00:40:02,480

like some type of antenna devices

1075

00:40:09,670 --> 00:40:06,560

so that is actually on the 15th

1076
00:40:10,390 --> 00:40:09,680
of september 1952 everybody overlooked

1077
00:40:14,550 --> 00:40:10,400
that

1078
00:40:17,109 --> 00:40:14,560
came out later at the united press

1079
00:40:18,390 --> 00:40:17,119
and in the meantime they released that

1080
00:40:20,870 --> 00:40:18,400
stupid drawing

1081
00:40:22,829 --> 00:40:20,880
of the what the monster looked like and

1082
00:40:24,790 --> 00:40:22,839
everybody forgot what it really looked

1083
00:40:29,190 --> 00:40:24,800
like

1084
00:40:31,910 --> 00:40:29,200
that's really interesting um what about

1085
00:40:33,349 --> 00:40:31,920
when they went to investigate did they

1086
00:40:36,470 --> 00:40:33,359
find any type of trace

1087
00:40:38,309 --> 00:40:36,480
evidence uh and for you you mentioned

1088
00:40:39,910 --> 00:40:38,319

about the things being blown around

1089

00:40:41,349 --> 00:40:39,920

but what about where the craft

1090

00:40:43,910 --> 00:40:41,359

supposedly

1091

00:40:45,589 --> 00:40:43,920

uh i guess crash landed would you say

1092

00:40:49,190 --> 00:40:45,599

that

1093

00:40:52,630 --> 00:40:49,200

back

1094

00:40:53,670 --> 00:40:52,640

farm and then it relocated into another

1095

00:40:56,790 --> 00:40:53,680

area

1096

00:40:58,790 --> 00:40:56,800

and what was interesting and i remember

1097

00:41:00,790 --> 00:40:58,800

when stanton was up there for one of the

1098

00:41:02,630 --> 00:41:00,800

anniversaries we walked around the farm

1099

00:41:06,710 --> 00:41:02,640

what he was amazed at

1100

00:41:08,710 --> 00:41:06,720

is this thing was seen on fire

1101
00:41:10,550 --> 00:41:08,720
but when it touched down there were no

1102
00:41:14,390 --> 00:41:10,560
burn marks

1103
00:41:16,710 --> 00:41:14,400
and uh i also interviewed uh

1104
00:41:18,309 --> 00:41:16,720
her colonel from the united states army

1105
00:41:20,790 --> 00:41:18,319
who went up to the crash site he was a

1106
00:41:23,349 --> 00:41:20,800
captain at the time colonel dale levy

1107
00:41:25,430 --> 00:41:23,359
and he told me the same thing because

1108
00:41:27,270 --> 00:41:25,440
everybody said this thing was on fire

1109
00:41:28,870 --> 00:41:27,280
but it was odd when it touched down it

1110
00:41:31,510 --> 00:41:28,880
was cool

1111
00:41:32,230 --> 00:41:31,520
and uh levitt told during our interview

1112
00:41:35,030 --> 00:41:32,240
he says no

1113
00:41:35,349 --> 00:41:35,040

nothing was burned but there were pieces

1114

00:41:39,589 --> 00:41:35,359

of

1115

00:41:42,150 --> 00:41:39,599

uh a black plastic like material a hard

1116

00:41:45,990 --> 00:41:42,160

plastic that was strewn around the farm

1117

00:41:49,030 --> 00:41:46,000

and there was oil this thing was leaking

1118

00:41:51,589 --> 00:41:49,040

and where it sat behind the tree levitt

1119

00:41:54,069 --> 00:41:51,599

told me there was a puddle of it

1120

00:41:54,710 --> 00:41:54,079

and when the thing lifted up and mrs may

1121

00:41:57,349 --> 00:41:54,720

and lemon

1122

00:41:58,550 --> 00:41:57,359

they basically simultaneously flashed

1123

00:42:01,829 --> 00:41:58,560

their flashlights they

1124

00:42:02,710 --> 00:42:01,839

saw the ice glowing at the edge of the

1125

00:42:05,430 --> 00:42:02,720

woods

1126
00:42:05,910 --> 00:42:05,440
and when they hit this the the beam hit

1127
00:42:09,109 --> 00:42:05,920
it

1128
00:42:10,950 --> 00:42:09,119
front of them

1129
00:42:12,870 --> 00:42:10,960
now leavitt when he went up with his

1130
00:42:15,990 --> 00:42:12,880
troops that night

1131
00:42:19,190 --> 00:42:16,000
he told me that all the oil was puddled

1132
00:42:20,470 --> 00:42:19,200
around right by the tree and him and his

1133
00:42:23,109 --> 00:42:20,480
troops gathered it all

1134
00:42:24,069 --> 00:42:23,119
up and there were pieces of this plastic

1135
00:42:27,430 --> 00:42:24,079
stuff

1136
00:42:29,349 --> 00:42:27,440
now kathleen also told me when this

1137
00:42:32,309 --> 00:42:29,359
thing hovered towards

1138
00:42:34,309 --> 00:42:32,319

uh the field and across her path went

1139

00:42:38,309 --> 00:42:34,319

from her left to right across

1140

00:42:41,510 --> 00:42:38,319

it was spewing this oil it was like a

1141

00:42:43,190 --> 00:42:41,520

grayish type oil and it splattered and

1142

00:42:45,349 --> 00:42:43,200

hit her in the face

1143

00:42:46,630 --> 00:42:45,359

because she was the closest one and it

1144

00:42:50,150 --> 00:42:46,640

hit the front of her

1145

00:42:51,589 --> 00:42:50,160

um she had a suit on back in the day she

1146

00:42:54,870 --> 00:42:51,599

was a hairdresser

1147

00:42:56,790 --> 00:42:54,880

and she had this hair and

1148

00:42:59,109 --> 00:42:56,800

it splattered across the front of her

1149

00:43:01,510 --> 00:42:59,119

and it hit some of the boys

1150

00:43:02,550 --> 00:43:01,520

and the smell was like a sulfur type

1151
00:43:04,630 --> 00:43:02,560
smell

1152
00:43:06,390 --> 00:43:04,640
and the kids were inhaling this and some

1153
00:43:07,109 --> 00:43:06,400
of them were actually throwing up all

1154
00:43:09,750 --> 00:43:07,119
night

1155
00:43:10,470 --> 00:43:09,760
from inhaling the sulfur uh freddie told

1156
00:43:14,950 --> 00:43:10,480
me

1157
00:43:18,069 --> 00:43:14,960
the old tv

1158
00:43:20,069 --> 00:43:18,079
tubes burning out oh yeah and uh

1159
00:43:21,750 --> 00:43:20,079
yeah that's what he said it smelled like

1160
00:43:25,030 --> 00:43:21,760
but basically sulfur

1161
00:43:27,750 --> 00:43:25,040
and now in the distance the whole point

1162
00:43:28,309 --> 00:43:27,760
uh the whole time this was going on he

1163
00:43:32,630 --> 00:43:28,319

didn't

1164

00:43:34,870 --> 00:43:32,640

he said he was focused on

1165

00:43:36,710 --> 00:43:34,880

the left walking up the hill and the

1166

00:43:37,510 --> 00:43:36,720

bushes and the shrubs were a little bit

1167

00:43:40,950 --> 00:43:37,520

higher

1168

00:43:45,109 --> 00:43:40,960

but he told me he heard this constant

1169

00:43:47,349 --> 00:43:45,119

whining noise and i have a little

1170

00:43:49,109 --> 00:43:47,359

documentary i put together about 40

1171

00:43:50,790 --> 00:43:49,119

minutes on youtube

1172

00:43:52,790 --> 00:43:50,800

if you just put up braxton connie

1173

00:43:54,069 --> 00:43:52,800

monster fascino you'll watch it and

1174

00:43:57,030 --> 00:43:54,079

freddie stood there on

1175

00:43:59,030 --> 00:43:57,040

site and he waved his arm around in a

1176

00:44:02,470 --> 00:43:59,040

circular motion and he said i heard this

1177

00:44:04,870 --> 00:44:02,480

whining down noise like uh it was

1178

00:44:05,589 --> 00:44:04,880

slowing down and then speeding up and up

1179

00:44:08,630 --> 00:44:05,599

and down

1180

00:44:12,230 --> 00:44:08,640

well he said he didn't realize

1181

00:44:14,550 --> 00:44:12,240

what this thing was and when he

1182

00:44:16,950 --> 00:44:14,560

years later he worked at union carbide

1183

00:44:18,790 --> 00:44:16,960

in charleston he said the first day

1184

00:44:20,309 --> 00:44:18,800

that they shut those big massive

1185

00:44:22,150 --> 00:44:20,319

generators down

1186

00:44:23,750 --> 00:44:22,160

he said that was basically the same

1187

00:44:25,349 --> 00:44:23,760

sound that he heard and the hair stood

1188

00:44:28,230 --> 00:44:25,359

up on his back

1189

00:44:29,829 --> 00:44:28,240

so it was the type of uh a generator he

1190

00:44:32,309 --> 00:44:29,839

heard out in the field and that's where

1191

00:44:34,829 --> 00:44:32,319

the craft was

1192

00:44:36,230 --> 00:44:34,839

and what about the oil and the hard

1193

00:44:40,069 --> 00:44:36,240

plastic

1194

00:44:43,030 --> 00:44:40,079

was that levitt grabbed all the stuff

1195

00:44:46,630 --> 00:44:43,040

up and he grabbed all the oil and he

1196

00:44:49,750 --> 00:44:46,640

told me he shifted it off to washington

1197

00:44:51,670 --> 00:44:49,760

when i spoke to kathleen i asked her

1198

00:44:53,190 --> 00:44:51,680

what happened to the stuff that hit your

1199

00:44:56,870 --> 00:44:53,200

uniform

1200

00:44:59,030 --> 00:44:56,880

and she told me a couple guys and now i

1201
00:44:59,829 --> 00:44:59,040
devote like basically a whole chapter to

1202
00:45:03,190 --> 00:44:59,839
this

1203
00:45:03,910 --> 00:45:03,200
the intelligence went up there and they

1204
00:45:07,510 --> 00:45:03,920
posed as

1205
00:45:10,069 --> 00:45:07,520
uh newspaper reporters and

1206
00:45:11,109 --> 00:45:10,079
they were trying to get kathleen to talk

1207
00:45:13,510 --> 00:45:11,119
and they kind of

1208
00:45:15,750 --> 00:45:13,520
uh ticked her off because they were very

1209
00:45:18,069 --> 00:45:15,760
adamant and she was just getting fed up

1210
00:45:19,990 --> 00:45:18,079
she got hundreds of phone calls

1211
00:45:21,589 --> 00:45:20,000
people were trying to interview her from

1212
00:45:24,069 --> 00:45:21,599
all over and they did

1213
00:45:25,270 --> 00:45:24,079

flatwoods was basically trampled for

1214

00:45:28,550 --> 00:45:25,280

weeks

1215

00:45:29,430 --> 00:45:28,560

and she said these guys finally to get

1216

00:45:31,030 --> 00:45:29,440

her to talk

1217

00:45:32,710 --> 00:45:31,040

finally admitted they were from

1218

00:45:35,270 --> 00:45:32,720

washington

1219

00:45:37,109 --> 00:45:35,280

and the whole story's in the book but

1220

00:45:40,470 --> 00:45:37,119

long story short

1221

00:45:42,230 --> 00:45:40,480

she told me they were up on the farm in

1222

00:45:44,390 --> 00:45:42,240

the back where all of this happened she

1223

00:45:47,109 --> 00:45:44,400

gave him the lowdown on what went on

1224

00:45:48,390 --> 00:45:47,119

she says we went back to the house and

1225

00:45:52,470 --> 00:45:48,400

they took a special

1226

00:45:55,510 --> 00:45:52,480

tool out and they scraped

1227

00:45:58,950 --> 00:45:55,520

all the oil out of her uniform

1228

00:46:01,349 --> 00:45:58,960

and that she had on and i'm surprised

1229

00:46:05,030 --> 00:46:01,359

they didn't just take it

1230

00:46:06,470 --> 00:46:05,040

yeah well i asked all right i said uh

1231

00:46:08,230 --> 00:46:06,480

why didn't they just take the thing

1232

00:46:09,750 --> 00:46:08,240

kathleen she says all they did was on

1233

00:46:11,589 --> 00:46:09,760

the scrape the oil log because it was

1234

00:46:13,589 --> 00:46:11,599

her work uniform

1235

00:46:14,630 --> 00:46:13,599

and i said what did you do with your

1236

00:46:16,950 --> 00:46:14,640

uniform i

1237

00:46:18,950 --> 00:46:16,960

like you know a million one chance maybe

1238

00:46:21,510 --> 00:46:18,960

she had it laying around the house

1239

00:46:22,710 --> 00:46:21,520

and she said frank she said it was

1240

00:46:25,910 --> 00:46:22,720

stained

1241

00:46:28,710 --> 00:46:25,920

and i held it for a few years and

1242

00:46:29,270 --> 00:46:28,720

i eventually threw it out and i remember

1243

00:46:31,430 --> 00:46:29,280

her

1244

00:46:33,910 --> 00:46:31,440

saying i never would have got that stain

1245

00:46:37,510 --> 00:46:33,920

out anyways it was that bad

1246

00:46:40,950 --> 00:46:37,520

yeah i do remember chucked it away

1247

00:46:42,150 --> 00:46:40,960

it was uh pieces of uh metal that were

1248

00:46:45,349 --> 00:46:42,160

found on the farm

1249

00:46:47,030 --> 00:46:45,359

and haley stewart the reporter found

1250

00:46:50,390 --> 00:46:47,040

them the next day

1251

00:46:52,390 --> 00:46:50,400

and uh there's i write a part of a

1252

00:46:53,910 --> 00:46:52,400

chapter about that and his stuff was

1253

00:46:55,750 --> 00:46:53,920

confiscated too

1254

00:46:56,950 --> 00:46:55,760

by people from washington they stole it

1255

00:46:58,870 --> 00:46:56,960

out of his house

1256

00:47:01,829 --> 00:46:58,880

he was getting ready to bring this stuff

1257

00:47:05,190 --> 00:47:01,839

on the national tv show in new york

1258

00:47:07,750 --> 00:47:05,200

and uh shortly before they had

1259

00:47:08,230 --> 00:47:07,760

come into his house and they took it and

1260

00:47:11,109 --> 00:47:08,240

and

1261

00:47:12,790 --> 00:47:11,119

lee you know did a little drawing of

1262

00:47:16,470 --> 00:47:12,800

what it looked like

1263

00:47:18,230 --> 00:47:16,480

and uh he said that his father

1264

00:47:21,030 --> 00:47:18,240

and some of the people in town said you

1265

00:47:22,950 --> 00:47:21,040

better keep your goddamn mouth shut lee

1266

00:47:25,109 --> 00:47:22,960

because you got this medal from this

1267

00:47:27,270 --> 00:47:25,119

thing out there from the crash site

1268

00:47:28,870 --> 00:47:27,280

and people are going to find out when

1269

00:47:30,630 --> 00:47:28,880

they're going to talk well guess what

1270

00:47:33,589 --> 00:47:30,640

that's what happened

1271

00:47:34,390 --> 00:47:33,599

and people came in from washington but

1272

00:47:37,750 --> 00:47:34,400

that's a whole

1273

00:47:38,470 --> 00:47:37,760

story in itself but that was confiscated

1274

00:47:41,910 --> 00:47:38,480

as well

1275

00:47:43,190 --> 00:47:41,920

so this was a well organized uh covert

1276

00:47:47,109 --> 00:47:43,200

operation

1277

00:47:49,030 --> 00:47:47,119

to get all of this stuff before kathleen

1278

00:47:51,190 --> 00:47:49,040

elise stewart and gene lemon went on

1279

00:47:52,549 --> 00:47:51,200

national tv can you imagine a live

1280

00:47:56,230 --> 00:47:52,559

audience

1281

00:47:57,670 --> 00:47:56,240

all of them hold all this material up so

1282

00:47:59,349 --> 00:47:57,680

the government's been doing this for a

1283

00:48:01,670 --> 00:47:59,359

long time they did

1284

00:48:03,190 --> 00:48:01,680

they had all their uh ducks in a row

1285

00:48:06,790 --> 00:48:03,200

they knew what the hell they were doing

1286

00:48:08,230 --> 00:48:06,800

they got all of this stuff interesting

1287

00:48:09,829 --> 00:48:08,240

alfred we haven't heard from you in a

1288

00:48:13,270 --> 00:48:09,839

while is this up

1289

00:48:17,109 --> 00:48:13,280

anything that you've also looked into

1290

00:48:17,829 --> 00:48:17,119

uh as far as looking into it from a

1291

00:48:22,790 --> 00:48:17,839

research

1292

00:48:24,390 --> 00:48:22,800

i can report is that i've gone to these

1293

00:48:27,670 --> 00:48:24,400

sites i've i've talked

1294

00:48:29,190 --> 00:48:27,680

to to many of the people uh and found

1295

00:48:32,470 --> 00:48:29,200

them credible

1296

00:48:35,510 --> 00:48:32,480

and uh something i have to point out too

1297

00:48:37,270 --> 00:48:35,520

is that uh you might think it was just a

1298

00:48:39,430 --> 00:48:37,280

bunch of hillbillies up there in the

1299

00:48:40,630 --> 00:48:39,440

woods who don't know any better and

1300

00:48:41,990 --> 00:48:40,640

that's kind of what you're going to get

1301
00:48:43,670 --> 00:48:42,000
from your run of the one of the mills

1302
00:48:47,109 --> 00:48:43,680
skept a monkey

1303
00:48:49,670 --> 00:48:47,119
but uh these kids that

1304
00:48:50,470 --> 00:48:49,680
were witnesses to this thing each of

1305
00:48:54,630 --> 00:48:50,480
them drew

1306
00:48:57,430 --> 00:48:54,640
pictures under an arduous interrogation

1307
00:48:57,990 --> 00:48:57,440
i mean a real mean guy interrogation

1308
00:49:01,030 --> 00:48:58,000
from

1309
00:49:03,430 --> 00:49:01,040
ailee stewart and and they all

1310
00:49:04,549 --> 00:49:03,440
reported the same thing they all drew

1311
00:49:07,990 --> 00:49:04,559
the same thing

1312
00:49:10,390 --> 00:49:08,000
uh something certainly occurred up there

1313
00:49:12,710 --> 00:49:10,400

right now i do remember hearing about

1314

00:49:15,109 --> 00:49:12,720

this case and one of the first things

1315

00:49:15,990 --> 00:49:15,119

that is mentioned is there's a foul

1316

00:49:19,349 --> 00:49:16,000

smell

1317

00:49:22,309 --> 00:49:19,359

you mentioned

1318

00:49:22,790 --> 00:49:22,319

uh frank it's all for smell and when

1319

00:49:24,950 --> 00:49:22,800

when

1320

00:49:25,910 --> 00:49:24,960

kathleen and the boys were going up the

1321

00:49:29,030 --> 00:49:25,920

path

1322

00:49:32,549 --> 00:49:29,040

it was like a roll uh a low lay

1323

00:49:34,870 --> 00:49:32,559

lying rolling fog was coming

1324

00:49:36,150 --> 00:49:34,880

the area of the tree and as they got

1325

00:49:38,790 --> 00:49:36,160

closer to it

1326
00:49:40,309 --> 00:49:38,800
it was actually the propulsion system

1327
00:49:42,230 --> 00:49:40,319
that was shooting out of the bottom

1328
00:49:44,710 --> 00:49:42,240
because this thing was hovering

1329
00:49:45,910 --> 00:49:44,720
and as they got closer to this thing the

1330
00:49:48,470 --> 00:49:45,920
whole area

1331
00:49:50,309 --> 00:49:48,480
was starting to become engulfed and then

1332
00:49:53,349 --> 00:49:50,319
when they flashed the flashlight

1333
00:49:53,750 --> 00:49:53,359
at the eyes that's when the thing lit up

1334
00:49:57,030 --> 00:49:53,760
and

1335
00:49:58,710 --> 00:49:57,040
lifted off the ground but kathleen was

1336
00:50:01,670 --> 00:49:58,720
close enough to it

1337
00:50:03,349 --> 00:50:01,680
where um she she gave a pretty good

1338
00:50:04,230 --> 00:50:03,359

description it scared the hell out of

1339

00:50:07,030 --> 00:50:04,240

her pretty good

1340

00:50:07,510 --> 00:50:07,040

he she said the length of a car quote a

1341

00:50:10,470 --> 00:50:07,520

small

1342

00:50:10,950 --> 00:50:10,480

car and she said so i got to see this

1343

00:50:13,670 --> 00:50:10,960

premium

1344

00:50:14,309 --> 00:50:13,680

thing pretty close up of what it looked

1345

00:50:17,750 --> 00:50:14,319

like

1346

00:50:20,630 --> 00:50:17,760

freddy he was

1347

00:50:23,589 --> 00:50:20,640

in the in the back so he saw his mother

1348

00:50:25,190 --> 00:50:23,599

and jean and all the kids up front

1349

00:50:27,910 --> 00:50:25,200

freddie was basically one of the first

1350

00:50:30,950 --> 00:50:27,920

ones out of there

1351
00:50:33,270 --> 00:50:30,960
and his mother told me that she passed

1352
00:50:34,390 --> 00:50:33,280
most of the boys on the way home running

1353
00:50:36,470 --> 00:50:34,400
and she cleared

1354
00:50:42,630 --> 00:50:36,480
a fence that was three to four foot high

1355
00:50:46,630 --> 00:50:44,390
and all the kids basically were the same

1356
00:50:50,390 --> 00:50:46,640
thing they were just all hyped up

1357
00:50:51,589 --> 00:50:50,400
you know and sure yeah and as a group

1358
00:50:54,630 --> 00:50:51,599
you know you can really

1359
00:50:58,309 --> 00:50:54,640
get uh all you know group scare

1360
00:51:00,069 --> 00:50:58,319
is even worse um you mentioned that

1361
00:51:01,910 --> 00:51:00,079
some of the kids threw up was there any

1362
00:51:06,390 --> 00:51:01,920
long lasting effects

1363
00:51:09,030 --> 00:51:06,400

of of of what they encountered physical

1364

00:51:11,910 --> 00:51:09,040

kathleen said the boys uh couldn't

1365

00:51:15,670 --> 00:51:11,920

couldn't go to school for a couple weeks

1366

00:51:20,950 --> 00:51:15,680

and um she said that

1367

00:51:23,910 --> 00:51:20,960

i think she said uh it was freddy

1368

00:51:25,750 --> 00:51:23,920

uh she said uh and and eddie i forget

1369

00:51:29,190 --> 00:51:25,760

who had worse they had these uh

1370

00:51:30,630 --> 00:51:29,200

dark uh splotches and blotches all over

1371

00:51:33,589 --> 00:51:30,640

their skin

1372

00:51:35,670 --> 00:51:33,599

yeah one way was worse than the other

1373

00:51:37,750 --> 00:51:35,680

and she said that um

1374

00:51:40,309 --> 00:51:37,760

the doctor and she even remembered his

1375

00:51:42,470 --> 00:51:40,319

name dr bernard hutchinson

1376

00:51:44,069 --> 00:51:42,480

and braxton county gave the kids some

1377

00:51:46,790 --> 00:51:44,079

type of antibiotic

1378

00:51:47,670 --> 00:51:46,800

shots and they eventually cleared up and

1379

00:51:50,710 --> 00:51:47,680

went away

1380

00:51:54,549 --> 00:51:50,720

but all the boys including kathleen

1381

00:51:57,349 --> 00:51:54,559

from inhaling this sulfur smell this gas

1382

00:51:59,349 --> 00:51:57,359

you know their noses were raw one of the

1383

00:52:01,270 --> 00:51:59,359

kids their nose was bleeding

1384

00:52:02,710 --> 00:52:01,280

and just a sore throat from breathing

1385

00:52:06,870 --> 00:52:02,720

that in

1386

00:52:08,630 --> 00:52:06,880

and uh she said uh gene was up most of

1387

00:52:10,309 --> 00:52:08,640

the night vomiting because he was up

1388

00:52:12,390 --> 00:52:10,319

there close he got a good whiff of this

1389

00:52:15,109 --> 00:52:12,400

gas stuff

1390

00:52:15,829 --> 00:52:15,119

yeah wow well we're going into break

1391

00:52:19,510 --> 00:52:15,839

here in just

1392

00:52:22,470 --> 00:52:19,520

uh just three minutes but um so

1393

00:52:24,710 --> 00:52:22,480

uh i i believe frank you said that it

1394

00:52:27,910 --> 00:52:24,720

looked like the vehicle was in distress

1395

00:52:30,150 --> 00:52:27,920

you said something along those lines um

1396

00:52:33,109 --> 00:52:30,160

is is that right whatever it was that

1397

00:52:35,430 --> 00:52:33,119

was landing was in some type of distress

1398

00:52:37,349 --> 00:52:35,440

there were many vehicles to be clear

1399

00:52:39,349 --> 00:52:37,359

there were many vehicles that were

1400

00:52:41,109 --> 00:52:39,359

under witnesses being under distressed

1401
00:52:43,829 --> 00:52:41,119
that evening

1402
00:52:44,710 --> 00:52:43,839
i wonder why actually four of them one

1403
00:52:46,069 --> 00:52:44,720
came from the

1404
00:52:47,829 --> 00:52:46,079
southern part of the united states from

1405
00:52:49,829 --> 00:52:47,839
the direction of florida

1406
00:52:52,309 --> 00:52:49,839
and three flew across the eastern

1407
00:52:54,390 --> 00:52:52,319
seaboard and headed west

1408
00:52:56,549 --> 00:52:54,400
one went towards oak ridge national

1409
00:52:58,790 --> 00:52:56,559
laboratory and penetrated the no-fly

1410
00:53:01,990 --> 00:52:58,800
zone by about a hundred miles

1411
00:53:04,870 --> 00:53:02,000
the second one flew northwest and made a

1412
00:53:06,230 --> 00:53:04,880
beeline directly at wright-patterson air

1413
00:53:09,750 --> 00:53:06,240

force base

1414

00:53:10,790 --> 00:53:09,760

and the third one came over washington

1415

00:53:12,630 --> 00:53:10,800

d.c

1416

00:53:14,069 --> 00:53:12,640

and apart over washington it was a

1417

00:53:15,910 --> 00:53:14,079

treetop level

1418

00:53:18,710 --> 00:53:15,920

these things were seen by thousands of

1419

00:53:21,910 --> 00:53:18,720

people it wasn't a little isolated thing

1420

00:53:25,510 --> 00:53:21,920

and especially back then in 1952

1421

00:53:27,990 --> 00:53:25,520

it was hot really abnormally hot and

1422

00:53:29,589 --> 00:53:28,000

there was a lot of people outside they

1423

00:53:31,270 --> 00:53:29,599

were driving around their convertibles

1424

00:53:33,670 --> 00:53:31,280

walking the dogs or babies in the

1425

00:53:35,430 --> 00:53:33,680

strollers washington dc

1426
00:53:37,349 --> 00:53:35,440
baltimore which was where the hub of the

1427
00:53:39,270 --> 00:53:37,359
sightings were there were people were

1428
00:53:40,710 --> 00:53:39,280
all outside to cool off a little bit

1429
00:53:41,750 --> 00:53:40,720
instead of being in the house it was

1430
00:53:43,750 --> 00:53:41,760
friday night

1431
00:53:45,430 --> 00:53:43,760
and these people are looking up and

1432
00:53:48,390 --> 00:53:45,440
they're seeing this thing

1433
00:53:48,790 --> 00:53:48,400
and numerous other things flying over

1434
00:53:51,829 --> 00:53:48,800
the

1435
00:53:56,950 --> 00:53:51,839
vicinity of washington

1436
00:54:00,630 --> 00:53:58,630
and they're all kind of hyped up on

1437
00:54:03,510 --> 00:54:00,640
stories of uh

1438
00:54:05,589 --> 00:54:03,520

these things darn near landing on the

1439

00:54:08,230 --> 00:54:05,599

white house lawn

1440

00:54:11,670 --> 00:54:08,240

absolutely that wasn't the same time

1441

00:54:13,910 --> 00:54:11,680

though that was in july wasn't it a 52

1442

00:54:16,630 --> 00:54:13,920

that was the summer of saucers from june

1443

00:54:19,109 --> 00:54:16,640

forward it was a mad house

1444

00:54:20,790 --> 00:54:19,119

yeah july the end of july is when the

1445

00:54:23,990 --> 00:54:20,800

sightings and when the

1446

00:54:26,870 --> 00:54:24,000

jet interceptions went out and

1447

00:54:27,670 --> 00:54:26,880

then we have this here i actually worked

1448

00:54:29,829 --> 00:54:27,680

in reverse

1449

00:54:31,829 --> 00:54:29,839

i plotted over a hundred points where

1450

00:54:34,309 --> 00:54:31,839

these ufos were seen

1451

00:54:36,069 --> 00:54:34,319

and made crash landings i have every

1452

00:54:37,829 --> 00:54:36,079

single location

1453

00:54:39,510 --> 00:54:37,839

where they touch down and where they

1454

00:54:42,069 --> 00:54:39,520

were seen and who the witnesses were

1455

00:54:43,510 --> 00:54:42,079

and their sources and my timeline brings

1456

00:54:46,789 --> 00:54:43,520

these three damaged

1457

00:54:48,470 --> 00:54:46,799

objects back off the eastern seaboard

1458

00:54:50,390 --> 00:54:48,480

and when all three of them came in over

1459

00:54:51,750 --> 00:54:50,400

the united states they all had pieces

1460

00:54:53,510 --> 00:54:51,760

falling off of them

1461

00:54:55,030 --> 00:54:53,520

they were on fire they were making

1462

00:54:57,589 --> 00:54:55,040

repeated paintings

1463

00:54:58,549 --> 00:54:57,599

the flatwoods was the worst conditioned

1464

00:55:00,630 --> 00:54:58,559

craft

1465

00:55:02,630 --> 00:55:00,640

and that's where what the being got out

1466

00:55:05,589 --> 00:55:02,640

of i wanted to get out

1467

00:55:06,150 --> 00:55:05,599

with this mechanics bag of tools but

1468

00:55:07,829 --> 00:55:06,160

anyway

1469

00:55:10,069 --> 00:55:07,839

it's time for us to go into break right

1470

00:55:12,950 --> 00:55:10,079

now so i have a treat for those

1471

00:55:13,430 --> 00:55:12,960

of you on youtube and the podcast it's

1472

00:55:16,470 --> 00:55:13,440

music

1473

00:55:17,670 --> 00:55:16,480

by our guest um alfred leberg and we're

1474

00:55:20,230 --> 00:55:17,680

going to play that now

1475

00:55:38,210 --> 00:55:20,240

and hang in there at kgra radio we'll be

1476
00:55:38,220 --> 00:56:14,829
[Music]

1477
00:56:14,839 --> 00:56:19,420
do

1478
00:56:45,630 --> 00:56:42,829
[Music]

1479
00:56:56,829 --> 00:56:45,640
do

1480
00:57:07,130 --> 00:56:56,839
[Music]

1481
00:57:10,829 --> 00:57:07,140
[Applause]

1482
00:57:24,829 --> 00:57:10,839
[Music]

1483
00:58:29,140 --> 00:57:26,210
do

1484
00:58:29,150 --> 00:58:53,270
[Music]

1485
00:58:57,670 --> 00:58:55,510
all right welcome back i'm on with my

1486
00:59:01,030 --> 00:58:57,680
two guests um alfred

1487
00:59:04,630 --> 00:59:01,040
and uh frank and we are talking

1488
00:59:05,910 --> 00:59:04,640

the flatwoods monster uh case incident

1489

00:59:07,910 --> 00:59:05,920
and and a lot of things that were

1490

00:59:09,510 --> 00:59:07,920
actually going on uh

1491

00:59:11,589 --> 00:59:09,520
that evening hey thank you for the nice

1492

00:59:13,510 --> 00:59:11,599
music alfred that was very nice

1493

00:59:14,220 --> 00:59:13,520
alfred i hold my lighter up but you

1494

00:59:17,190 --> 00:59:14,230
didn't see it

1495

00:59:18,950 --> 00:59:17,200
[Laughter]

1496

00:59:20,870 --> 00:59:18,960
anymore you're supposed to hold up the

1497

00:59:23,270 --> 00:59:20,880
light on your cell phone i understand

1498

00:59:24,789 --> 00:59:23,280
that that's what kids are doing today

1499

00:59:28,309 --> 00:59:24,799
yeah that's right that's right

1500

00:59:30,630 --> 00:59:28,319
um you know this this uh case one thing

1501

00:59:32,630 --> 00:59:30,640

i i i do get a lot i get a lot of

1502

00:59:34,150 --> 00:59:32,640

feedback from listeners uh which i

1503

00:59:35,990 --> 00:59:34,160

always uh for the most part when it's

1504

00:59:38,870 --> 00:59:36,000

not too mean um

1505

00:59:39,270 --> 00:59:38,880

i enjoy it but um one of the things i uh

1506

00:59:45,990 --> 00:59:39,280

the

1507

00:59:49,109 --> 00:59:46,000

why do you always talk about old cases

1508

00:59:51,349 --> 00:59:49,119

and but what and my answer is

1509

00:59:52,789 --> 00:59:51,359

because a lot of times new things are

1510

00:59:55,910 --> 00:59:52,799

found out about these

1511

00:59:58,950 --> 00:59:55,920

old cases and can you give me some

1512

00:59:59,990 --> 00:59:58,960

for instances frank why do the skepta

1513

01:00:07,270 --> 01:00:00,000

monkeys work

1514

01:00:10,309 --> 01:00:09,270

yeah that too first of all we had no

1515

01:00:13,190 --> 01:00:10,319

satellites

1516

01:00:15,430 --> 01:00:13,200

and no space program back then so

1517

01:00:17,270 --> 01:00:15,440

nothing was circling earth so

1518

01:00:18,950 --> 01:00:17,280

that's one of the reasons a couple of

1519

01:00:20,789 --> 01:00:18,960

the guys i've spoke to over the years

1520

01:00:22,549 --> 01:00:20,799

says they love these old cases

1521

01:00:23,990 --> 01:00:22,559

they can't debunk it by saying it was

1522

01:00:27,109 --> 01:00:24,000

just that or the other

1523

01:00:29,750 --> 01:00:27,119

we didn't have anything that i know of

1524

01:00:32,069 --> 01:00:29,760

rotating around this space did we all in

1525

01:00:35,510 --> 01:00:32,079

52

1526

01:00:38,710 --> 01:00:35,520

it was 50 wasn't 55

1527

01:00:39,990 --> 01:00:38,720

sputnik was i can't remember what year

1528

01:00:42,150 --> 01:00:40,000

sputnik was but yeah

1529

01:00:45,750 --> 01:00:42,160

there's nothing going on then yeah

1530

01:00:50,069 --> 01:00:48,549

it might been uh it's it's thereabouts

1531

01:00:53,349 --> 01:00:50,079

yeah it was later

1532

01:00:54,870 --> 01:00:53,359

and it was uh you're right october 1957

1533

01:00:57,270 --> 01:00:54,880

is when sputnik was up there so we

1534

01:01:00,710 --> 01:00:57,280

didn't really have much going on

1535

01:01:03,750 --> 01:01:00,720

at all except for you know airplanes and

1536

01:01:06,789 --> 01:01:03,760

uh and such but but definitely nothing

1537

01:01:10,390 --> 01:01:06,799

on the upper atmosphere

1538

01:01:12,470 --> 01:01:10,400

so so frank um what have

1539

01:01:13,829 --> 01:01:12,480

since you were on last have have you

1540

01:01:15,910 --> 01:01:13,839

talked to

1541

01:01:17,430 --> 01:01:15,920

to more people have you found out more

1542

01:01:19,190 --> 01:01:17,440

information over the years since you

1543

01:01:22,390 --> 01:01:19,200

were here

1544

01:01:24,390 --> 01:01:22,400

yes i have yeah um

1545

01:01:26,230 --> 01:01:24,400

i have another book and i just keep

1546

01:01:27,829 --> 01:01:26,240

updating every updating everything on

1547

01:01:30,950 --> 01:01:27,839

the internet

1548

01:01:32,870 --> 01:01:30,960

like i said every time i do a show or

1549

01:01:34,950 --> 01:01:32,880

you know people just keep contacting me

1550

01:01:37,589 --> 01:01:34,960

with more stuff it's overwhelming

1551

01:01:37,990 --> 01:01:37,599

it's almost like a full-time job and

1552

01:01:39,910 --> 01:01:38,000

it's just

1553

01:01:41,589 --> 01:01:39,920

piecing everything together it's it's a

1554

01:01:43,270 --> 01:01:41,599

little bit easier now to piece it

1555

01:01:44,870 --> 01:01:43,280

together because it's basically just

1556

01:01:46,630 --> 01:01:44,880

filling in the dots

1557

01:01:50,950 --> 01:01:46,640

but it was a nightmare at the beginning

1558

01:01:55,750 --> 01:01:53,750

but we always have a lot of stuff i i up

1559

01:01:58,950 --> 01:01:55,760

the amount of sightings it's up

1560

01:02:01,910 --> 01:01:58,960

uh well over 116 now

1561

01:02:03,510 --> 01:02:01,920

documented sightings of where these

1562

01:02:05,430 --> 01:02:03,520

crafts were seen

1563

01:02:06,630 --> 01:02:05,440

and uh what we were saying earlier

1564

01:02:10,549 --> 01:02:06,640

before the break

1565

01:02:12,549 --> 01:02:10,559

there was actually uh four damaged ufos

1566

01:02:14,230 --> 01:02:12,559

um and i had to give them uh

1567

01:02:17,029 --> 01:02:14,240

designations there was one

1568

01:02:18,549 --> 01:02:17,039

the one that flew down towards tennessee

1569

01:02:21,349 --> 01:02:18,559

that was heading towards oak ridge

1570

01:02:23,510 --> 01:02:21,359

national laboratory baltimore

1571

01:02:25,589 --> 01:02:23,520

and when i flew over washington which

1572

01:02:28,309 --> 01:02:25,599

was in

1573

01:02:30,150 --> 01:02:28,319

daily news in one of the boston papers i

1574

01:02:31,910 --> 01:02:30,160

think it was a boston globe the flame

1575

01:02:34,870 --> 01:02:31,920

over washington

1576

01:02:36,870 --> 01:02:34,880

and the bottom line to this whole thing

1577

01:02:38,870 --> 01:02:36,880

when i got project blue book and i was

1578

01:02:41,349 --> 01:02:38,880

reading the information on it

1579

01:02:43,750 --> 01:02:41,359

they blamed all of this on a single

1580

01:02:45,430 --> 01:02:43,760

fireball meteor

1581

01:02:47,029 --> 01:02:45,440

all of the sightings throughout the

1582

01:02:50,549 --> 01:02:47,039

united states

1583

01:02:51,829 --> 01:02:50,559

from 1 30 a.m i have documented until 10

1584

01:02:55,390 --> 01:02:51,839

30 p.m

1585

01:02:57,910 --> 01:02:55,400

which is 21 hours of sustained sightings

1586

01:02:59,670 --> 01:02:57,920

116. i got a couple more but i'm not

1587

01:03:00,309 --> 01:02:59,680

going to change the book now because of

1588

01:03:01,750 --> 01:03:00,319

that

1589

01:03:04,230 --> 01:03:01,760
but there were different objects

1590

01:03:07,510 --> 01:03:04,240
different times and flight paths

1591

01:03:10,069 --> 01:03:07,520
and i even broke it down

1592

01:03:10,630 --> 01:03:10,079
to locations and where these things

1593

01:03:13,750 --> 01:03:10,640
crash

1594

01:03:15,750 --> 01:03:13,760
which uh the end the the latter part of

1595

01:03:17,589 --> 01:03:15,760
my book you can look it up and i break

1596

01:03:20,950 --> 01:03:17,599
every single thing down

1597

01:03:22,950 --> 01:03:20,960
but um these four objects that came in

1598

01:03:26,789 --> 01:03:22,960
over the united states

1599

01:03:29,270 --> 01:03:26,799
accounted for 13 crash landings

1600

01:03:31,270 --> 01:03:29,280
10 in west virginia two in tennessee and

1601
01:03:31,990 --> 01:03:31,280
one in south carolina and that's one of

1602
01:03:34,710 --> 01:03:32,000
the later

1603
01:03:36,069 --> 01:03:34,720
cases that um that i found out

1604
01:03:37,829 --> 01:03:36,079
information about

1605
01:03:39,349 --> 01:03:37,839
and it's basically like i said before

1606
01:03:41,349 --> 01:03:39,359
it's just filling in the gaps

1607
01:03:43,190 --> 01:03:41,359
okay there it is you know somebody sent

1608
01:03:44,150 --> 01:03:43,200
me an article and i dissected the

1609
01:03:47,430 --> 01:03:44,160
article

1610
01:03:48,309 --> 01:03:47,440
and then um last one the south carolina

1611
01:03:51,510 --> 01:03:48,319
landing they

1612
01:03:53,589 --> 01:03:51,520
said uh the thing was gigantic when it

1613
01:03:55,510 --> 01:03:53,599

went down which they were these crafts

1614

01:03:57,589 --> 01:03:55,520

were like oval-shaped

1615

01:03:58,950 --> 01:03:57,599

they were like footballs kind of like

1616

01:04:02,069 --> 01:03:58,960

spiral

1617

01:04:05,990 --> 01:04:02,079

and aerodynamic and

1618

01:04:07,670 --> 01:04:06,000

that's what landed in flatwoods and

1619

01:04:10,630 --> 01:04:07,680

the rest of them that were seen around

1620

01:04:13,349 --> 01:04:10,640

the united states

1621

01:04:13,910 --> 01:04:13,359

they were actually seen making maneuvers

1622

01:04:15,589 --> 01:04:13,920

and there was

1623

01:04:18,950 --> 01:04:15,599

one that would that's a really cool

1624

01:04:22,470 --> 01:04:18,960

story it was a martin's ferry ohio

1625

01:04:25,190 --> 01:04:22,480

that this thing actually landed

1626

01:04:27,589 --> 01:04:25,200

came across the tower stopped in mid-air

1627

01:04:30,950 --> 01:04:27,599

and dropped down and landed between them

1628

01:04:32,630 --> 01:04:30,960

um to give the the ending of the story

1629

01:04:33,829 --> 01:04:32,640

away but it's fun reading up to

1630

01:04:36,630 --> 01:04:33,839

basically what happened

1631

01:04:37,510 --> 01:04:36,640

flatwoods was a rescue mission that's

1632

01:04:39,510 --> 01:04:37,520

why there was

1633

01:04:42,069 --> 01:04:39,520

thousands of ufo sightings scene that

1634

01:04:44,549 --> 01:04:42,079

night there was three damage objects

1635

01:04:47,190 --> 01:04:44,559

that came in over the eastern seaboard

1636

01:04:49,349 --> 01:04:47,200

they went towards each destination the

1637

01:04:52,870 --> 01:04:49,359

first one flew down towards right

1638

01:04:54,950 --> 01:04:52,880

uh the the oak ridge national laboratory

1639

01:04:57,990 --> 01:04:54,960

second one flew the right path

1640

01:05:00,390 --> 01:04:58,000

and they were gunning for these areas

1641

01:05:02,309 --> 01:05:00,400

the one that flew over a hundred miles

1642

01:05:04,069 --> 01:05:02,319

through the no-fly zone was

1643

01:05:06,230 --> 01:05:04,079

if you look at my master map it was

1644

01:05:07,029 --> 01:05:06,240

making a beeline and gunning for oak

1645

01:05:08,870 --> 01:05:07,039

ridge

1646

01:05:10,950 --> 01:05:08,880

the second one made a b line for

1647

01:05:13,750 --> 01:05:10,960

wright-patterson air force base

1648

01:05:15,670 --> 01:05:13,760

when the third damaged one came across

1649

01:05:17,990 --> 01:05:15,680

washington d.c

1650

01:05:19,670 --> 01:05:18,000

when it passed over washington without

1651
01:05:22,470 --> 01:05:19,680
getting intercepted

1652
01:05:24,230 --> 01:05:22,480
which you know can you imagine harry

1653
01:05:26,150 --> 01:05:24,240
truman sitting

1654
01:05:28,390 --> 01:05:26,160
in uh the war room going what the hell

1655
01:05:29,190 --> 01:05:28,400
do we do now this thing is there's two

1656
01:05:31,910 --> 01:05:29,200
of them

1657
01:05:32,630 --> 01:05:31,920
headed towards uh strategic military

1658
01:05:34,230 --> 01:05:32,640
zones

1659
01:05:35,990 --> 01:05:34,240
and the third one's headed right down

1660
01:05:38,150 --> 01:05:36,000
towards you mr president

1661
01:05:39,910 --> 01:05:38,160
what are we going to do they let that

1662
01:05:42,630 --> 01:05:39,920
thing fly over washington

1663
01:05:44,390 --> 01:05:42,640

basically a treetop level that's when it

1664

01:05:46,230 --> 01:05:44,400

was seen and it was reported as the

1665

01:05:49,029 --> 01:05:46,240

flame over washington

1666

01:05:49,990 --> 01:05:49,039

i timed it and figured out the whole

1667

01:05:52,390 --> 01:05:50,000

pattern of this

1668

01:05:54,950 --> 01:05:52,400

whole thing and when that passed

1669

01:05:55,910 --> 01:05:54,960

immediately over washington and headed

1670

01:05:58,710 --> 01:05:55,920

due west

1671

01:06:00,789 --> 01:05:58,720

the other two objects turned away and

1672

01:06:03,109 --> 01:06:00,799

went in the opposite direction

1673

01:06:04,309 --> 01:06:03,119

the one the one that was down towards

1674

01:06:07,270 --> 01:06:04,319

tennessee

1675

01:06:09,029 --> 01:06:07,280

headed uh southeast and turned away and

1676
01:06:10,069 --> 01:06:09,039
landed a bunch of times throughout

1677
01:06:12,069 --> 01:06:10,079
tennessee

1678
01:06:14,309 --> 01:06:12,079
the one that turned away from

1679
01:06:16,309 --> 01:06:14,319
wright-patterson air force base

1680
01:06:17,349 --> 01:06:16,319
turned towards the wheeling ohio county

1681
01:06:19,670 --> 01:06:17,359
airport

1682
01:06:21,750 --> 01:06:19,680
and it nearly collided with a passenger

1683
01:06:23,589 --> 01:06:21,760
plane and clipped its wing

1684
01:06:25,430 --> 01:06:23,599
there was like about a hundred people on

1685
01:06:27,029 --> 01:06:25,440
board and they saw this thing flying and

1686
01:06:28,950 --> 01:06:27,039
almost collided with it

1687
01:06:30,390 --> 01:06:28,960
and then it turned and it went south and

1688
01:06:33,589 --> 01:06:30,400

it went through the whole

1689

01:06:35,910 --> 01:06:33,599

state of west virginia in the meantime

1690

01:06:37,109 --> 01:06:35,920

all these other crafts had come into

1691

01:06:39,990 --> 01:06:37,119

flatwoods

1692

01:06:41,589 --> 01:06:40,000

and great barker was the first one to

1693

01:06:45,190 --> 01:06:41,599

report about this

1694

01:06:46,789 --> 01:06:45,200

he was pulling his hair out trying to

1695

01:06:49,910 --> 01:06:46,799

figure out

1696

01:06:52,870 --> 01:06:49,920

why there were so many different crafts

1697

01:06:54,549 --> 01:06:52,880

descriptions given flying throughout

1698

01:06:57,670 --> 01:06:54,559

braxton county

1699

01:06:59,589 --> 01:06:57,680

and flatwoods was the hub if the one

1700

01:07:01,589 --> 01:06:59,599

that was seen

1701

01:07:03,029 --> 01:07:01,599

landing on the hill was oval shaped

1702

01:07:05,750 --> 01:07:03,039

because when that one thing

1703

01:07:06,309 --> 01:07:05,760

went down other ones came in looking for

1704

01:07:08,950 --> 01:07:06,319

it

1705

01:07:11,270 --> 01:07:08,960

and if you read the i have a whole

1706

01:07:13,029 --> 01:07:11,280

chapter that took me years to write

1707

01:07:15,190 --> 01:07:13,039

i got all the information from project

1708

01:07:18,390 --> 01:07:15,200

blue book when the flatwoods

1709

01:07:20,390 --> 01:07:18,400

object flew over washington

1710

01:07:21,829 --> 01:07:20,400

there was about a dozen ufos that

1711

01:07:25,190 --> 01:07:21,839

ascended

1712

01:07:28,230 --> 01:07:25,200

descended down and surrounded the

1713

01:07:30,069 --> 01:07:28,240

damaged craft like a horseshoe it's like

1714

01:07:31,990 --> 01:07:30,079

a runner on a football field when he's

1715

01:07:34,470 --> 01:07:32,000

breaking away for a touchdown

1716

01:07:35,829 --> 01:07:34,480

these things actually surrounded it and

1717

01:07:38,069 --> 01:07:35,839

followed it west

1718

01:07:39,510 --> 01:07:38,079

when it got outside of washington and a

1719

01:07:40,710 --> 01:07:39,520

safe zone where it couldn't have been

1720

01:07:43,270 --> 01:07:40,720

intercepted

1721

01:07:45,029 --> 01:07:43,280

from the nearby area they went back up

1722

01:07:47,750 --> 01:07:45,039

into the sky

1723

01:07:49,829 --> 01:07:47,760

that's what took years to figure out and

1724

01:07:51,589 --> 01:07:49,839

that's all on the master map so this was

1725

01:07:55,190 --> 01:07:51,599

a well coordinated

1726

01:07:57,029 --> 01:07:55,200

effort and i've said this on other shows

1727

01:08:00,230 --> 01:07:57,039

i don't claim to have figured this whole

1728

01:08:03,829 --> 01:08:00,240

thing out i work with military people

1729

01:08:06,309 --> 01:08:03,839

for years and years and i learned a lot

1730

01:08:07,510 --> 01:08:06,319

uh a couple of these guys actually are

1731

01:08:10,390 --> 01:08:07,520

the ones that

1732

01:08:11,990 --> 01:08:10,400

looked at my master map back in the day

1733

01:08:14,309 --> 01:08:12,000

years ago and they said frank do you

1734

01:08:17,110 --> 01:08:14,319

know what the hell you have here

1735

01:08:17,590 --> 01:08:17,120

and i said i have some sort of an idea

1736

01:08:20,149 --> 01:08:17,600

and

1737

01:08:22,309 --> 01:08:20,159

uh one of the guys says give me your uh

1738

01:08:22,870 --> 01:08:22,319

your drafting board ruler the one that's

1739

01:08:24,709 --> 01:08:22,880

like four

1740

01:08:26,309 --> 01:08:24,719

feet long and he's just started

1741

01:08:27,990 --> 01:08:26,319

connecting the dots

1742

01:08:30,070 --> 01:08:28,000

and he stepped back and he went oh my

1743

01:08:31,590 --> 01:08:30,080

god i can't believe this he said they

1744

01:08:34,709 --> 01:08:31,600

think like we do

1745

01:08:37,430 --> 01:08:34,719

or i said you know or vice versa but

1746

01:08:39,910 --> 01:08:37,440

basically it's military strategy

1747

01:08:41,590 --> 01:08:39,920

is basically the same and that's what

1748

01:08:43,349 --> 01:08:41,600

these things did when these damaged

1749

01:08:45,349 --> 01:08:43,359

crafts came in there were other ones

1750

01:08:47,430 --> 01:08:45,359

that came in looking for it

1751

01:08:48,789 --> 01:08:47,440

and the whole thing was aborted because

1752

01:08:52,229 --> 01:08:48,799

by the time

1753

01:08:54,550 --> 01:08:52,239

this um the crafts had come in

1754

01:08:55,510 --> 01:08:54,560

looking mrs may and the kids had seen

1755

01:08:57,269 --> 01:08:55,520

the thing

1756

01:08:59,269 --> 01:08:57,279

and it took off and they missed the

1757

01:09:01,110 --> 01:08:59,279

rendezvous point there was another one

1758

01:09:03,110 --> 01:09:01,120

that came up from florida and i tracked

1759

01:09:06,390 --> 01:09:03,120

it coming all the way up from the south

1760

01:09:07,910 --> 01:09:06,400

and that is a whole ball of wax the

1761

01:09:09,910 --> 01:09:07,920

jones and del curdle case with the

1762

01:09:11,749 --> 01:09:09,920

missing jet where i chased that story

1763

01:09:14,070 --> 01:09:11,759

around for 10 years

1764

01:09:15,590 --> 01:09:14,080
and this one was going up in the

1765

01:09:19,030 --> 01:09:15,600
flatwoods too

1766

01:09:22,390 --> 01:09:19,040
and they were going to coordinate

1767

01:09:23,590 --> 01:09:22,400
uh a landing spa and my military guys

1768

01:09:26,789 --> 01:09:23,600
told me frank and

1769

01:09:28,149 --> 01:09:26,799
battle you always put your damaged craft

1770

01:09:30,630 --> 01:09:28,159
near one another

1771

01:09:31,669 --> 01:09:30,640
to keep them nearby you don't want to

1772

01:09:33,269 --> 01:09:31,679
have to go try

1773

01:09:35,189 --> 01:09:33,279
trekking all over the country looking

1774

01:09:37,510 --> 01:09:35,199
for them so that's what happened

1775

01:09:39,590 --> 01:09:37,520
and what are the chances that the

1776

01:09:42,950 --> 01:09:39,600

one-night track from the south

1777

01:09:46,829 --> 01:09:42,960

going into west virginia

1778

01:09:50,550 --> 01:09:46,839

circled over the same damn

1779

01:09:53,910 --> 01:09:50,560

mountaintop that the other one was at

1780

01:09:55,669 --> 01:09:53,920

so a billion to one so two

1781

01:09:57,430 --> 01:09:55,679

two damaged crafts were up there but

1782

01:09:58,550 --> 01:09:57,440

they missed the rendezvous so everything

1783

01:10:00,790 --> 01:09:58,560

was aborted

1784

01:10:02,229 --> 01:10:00,800

and then that's when they were taken off

1785

01:10:04,310 --> 01:10:02,239

and they were leaving and they were

1786

01:10:07,030 --> 01:10:04,320

crashing around the united states

1787

01:10:07,510 --> 01:10:07,040

that's the heck second half of the story

1788

01:10:10,149 --> 01:10:07,520

and

1789

01:10:12,070 --> 01:10:10,159

that's where i have all these locations

1790

01:10:15,990 --> 01:10:12,080

in my book where they were seen

1791

01:10:17,669 --> 01:10:16,000

a downed pilot

1792

01:10:19,830 --> 01:10:17,679

you just read blue book they didn't have

1793

01:10:21,110 --> 01:10:19,840

all the states i got the rest of the

1794

01:10:26,630 --> 01:10:21,120

states and the information to the

1795

01:10:30,470 --> 01:10:28,950

rescue operation is the short version

1796

01:10:33,270 --> 01:10:30,480

you know for people who might be losing

1797

01:10:36,870 --> 01:10:33,280

track on all this

1798

01:10:39,669 --> 01:10:36,880

um so you're the information that you

1799

01:10:40,390 --> 01:10:39,679

you you try to put all this together uh

1800

01:10:44,070 --> 01:10:40,400

frank

1801

01:10:45,590 --> 01:10:44,080

um and what were the

1802

01:10:47,510 --> 01:10:45,600

other sources you said they were

1803

01:10:49,350 --> 01:10:47,520

military but you know when you talk

1804

01:10:50,149 --> 01:10:49,360

about these craft being in a horseshoe

1805

01:10:53,270 --> 01:10:50,159

shape and

1806

01:10:53,910 --> 01:10:53,280

uh you know and as geographically around

1807

01:10:56,630 --> 01:10:53,920

it

1808

01:10:58,310 --> 01:10:56,640

um are these from like multiple

1809

01:10:59,189 --> 01:10:58,320

witnesses and things like that i mean

1810

01:11:00,870 --> 01:10:59,199

how did you get this

1811

01:11:03,189 --> 01:11:00,880

i know you said you worked many years in

1812

01:11:04,870 --> 01:11:03,199

this and i'm just wondering how you

1813

01:11:07,189 --> 01:11:04,880

came across this information we're able

1814

01:11:09,270 --> 01:11:07,199

to verify things alternative observers

1815

01:11:10,709 --> 01:11:09,280

questionnaires

1816

01:11:12,149 --> 01:11:10,719

where people would witness

1817

01:11:13,669 --> 01:11:12,159

something they would contact the air

1818

01:11:15,669 --> 01:11:13,679

force and they would uh

1819

01:11:17,590 --> 01:11:15,679

tell them they had a ufo sighting and

1820

01:11:18,390 --> 01:11:17,600

they would air force would send them

1821

01:11:24,870 --> 01:11:18,400

this

1822

01:11:25,830 --> 01:11:24,880

and that most of that was in blue book

1823

01:11:28,229 --> 01:11:25,840

then

1824

01:11:30,310 --> 01:11:28,239

when i started because it was so wide of

1825

01:11:33,350 --> 01:11:30,320

an area that just happened

1826

01:11:35,189 --> 01:11:33,360

once i found out a blue book of where

1827

01:11:36,870 --> 01:11:35,199

the sightings were i started looking

1828

01:11:38,149 --> 01:11:36,880

through some of the papers and local

1829

01:11:45,510 --> 01:11:38,159

papers

1830

01:11:46,709 --> 01:11:45,520

dc pennsylvania and that's why it took

1831

01:11:49,750 --> 01:11:46,719

so many years

1832

01:11:50,550 --> 01:11:49,760

i had 100 to put this damn thing

1833

01:11:53,270 --> 01:11:50,560

together

1834

01:11:54,229 --> 01:11:53,280

is because once i got started i couldn't

1835

01:11:56,070 --> 01:11:54,239

stop

1836

01:11:57,990 --> 01:11:56,080

and then people started helping me and

1837

01:12:00,310 --> 01:11:58,000

they said wow this guy's on to something

1838

01:12:03,830 --> 01:12:00,320

and then stan friedman jumped on board

1839

01:12:06,070 --> 01:12:03,840

and stan uh was getting me information

1840

01:12:08,790 --> 01:12:06,080

i needed harry truman's telephone

1841

01:12:11,430 --> 01:12:08,800

memorandum for september 12th and 13th

1842

01:12:12,950 --> 01:12:11,440

1952 and i gotta run around like you

1843

01:12:16,630 --> 01:12:12,960

wouldn't believe

1844

01:12:18,709 --> 01:12:16,640

i told stanton a week later i had him

1845

01:12:21,669 --> 01:12:18,719

stan made a phone call and i got him in

1846

01:12:25,270 --> 01:12:23,830

so you know it's just there's so much

1847

01:12:27,350 --> 01:12:25,280

information but

1848

01:12:29,189 --> 01:12:27,360

like i said earlier the reason that this

1849

01:12:31,510 --> 01:12:29,199

thing took so long

1850

01:12:32,470 --> 01:12:31,520

is going through all these tentative

1851

01:12:36,229 --> 01:12:32,480

question

1852

01:12:38,870 --> 01:12:36,239

the public and

1853

01:12:40,870 --> 01:12:38,880

you have to decipher and break it down

1854

01:12:42,709 --> 01:12:40,880

you know the hardest part was re-inking

1855

01:12:44,630 --> 01:12:42,719

everything i had to magnify some of the

1856

01:12:46,070 --> 01:12:44,640

pages the eight by ten pages to two

1857

01:12:47,990 --> 01:12:46,080

three four feet

1858

01:12:49,669 --> 01:12:48,000

big just to figure out what the word

1859

01:12:50,550 --> 01:12:49,679

said and then once i figured this out it

1860

01:12:53,189 --> 01:12:50,560

took years

1861

01:12:55,590 --> 01:12:53,199

a piece in it together then all the

1862

01:12:57,430 --> 01:12:55,600

newspaper articles

1863

01:12:59,189 --> 01:12:57,440

is that through microfiche or something

1864

01:13:01,030 --> 01:12:59,199

well tri-state area and it's just

1865

01:13:03,270 --> 01:13:01,040

piecing it all together

1866

01:13:04,870 --> 01:13:03,280

and uh you know when you you start

1867

01:13:07,030 --> 01:13:04,880

seeing a pattern develop

1868

01:13:09,430 --> 01:13:07,040

and what i actually did martin is

1869

01:13:10,709 --> 01:13:09,440

because i'm an illustrator once

1870

01:13:12,229 --> 01:13:10,719

just because there was a lot of

1871

01:13:14,550 --> 01:13:12,239

sightings doesn't mean it was a lot of

1872

01:13:15,430 --> 01:13:14,560

different objects because i saw a lot of

1873

01:13:17,430 --> 01:13:15,440

um

1874

01:13:19,030 --> 01:13:17,440

connections between what was reported in

1875

01:13:21,110 --> 01:13:19,040

the paper and at times dates and

1876

01:13:24,149 --> 01:13:21,120

locations and then i would find

1877

01:13:26,070 --> 01:13:24,159

somebody reported it to blue book so i

1878

01:13:28,070 --> 01:13:26,080

actually took all the descriptions and

1879

01:13:32,070 --> 01:13:28,080

did thumbnail drawings and then

1880

01:13:33,350 --> 01:13:32,080

i did uh dozens of paintings of ufos

1881

01:13:36,950 --> 01:13:33,360

like the ones that you have

1882

01:13:39,990 --> 01:13:36,960

i saw on your website i have

1883

01:13:41,990 --> 01:13:40,000

and each one is a different shape and i

1884

01:13:43,990 --> 01:13:42,000

would write on the back

1885

01:13:45,510 --> 01:13:44,000

where it was seen what time a location

1886

01:13:48,470 --> 01:13:45,520

color size

1887

01:13:50,070 --> 01:13:48,480

trajectory and my house looked like a

1888

01:13:52,229 --> 01:13:50,080

museum

1889

01:13:53,430 --> 01:13:52,239

and all of this stuff was lined up all

1890

01:13:56,390 --> 01:13:53,440

over the house

1891

01:13:58,950 --> 01:13:56,400

and my mom helped me with some of this

1892

01:14:01,830 --> 01:13:58,960

work because i was pulling my hair out

1893

01:14:03,030 --> 01:14:01,840

and sometimes in the middle at night she

1894

01:14:05,590 --> 01:14:03,040

would yell oh

1895

01:14:07,590 --> 01:14:05,600

you know i figured something out and i

1896

01:14:08,790 --> 01:14:07,600

would get up and i would look over and

1897

01:14:10,310 --> 01:14:08,800

this one was seen here

1898

01:14:12,310 --> 01:14:10,320

here and there because when you look at

1899

01:14:15,270 --> 01:14:12,320

the same stuff over for it's five

1900

01:14:18,630 --> 01:14:15,280

ten years in a row and it just started

1901

01:14:22,390 --> 01:14:18,640

falling into place like a jigsaw puzzle

1902

01:14:25,990 --> 01:14:22,400

and then came on board stan

1903

01:14:28,390 --> 01:14:26,000

gave me more information i actually had

1904

01:14:30,630 --> 01:14:28,400

to restructure my book and stop

1905

01:14:32,070 --> 01:14:30,640

working on it it was about ready to go

1906

01:14:35,270 --> 01:14:32,080

out

1907

01:14:37,590 --> 01:14:35,280

and i had to stop for a year because um

1908

01:14:38,950 --> 01:14:37,600

the barry greenwood collection stan got

1909

01:14:41,110 --> 01:14:38,960

his hands on that

1910

01:14:41,990 --> 01:14:41,120

and he sent me more newspaper articles

1911

01:14:43,830 --> 01:14:42,000

and i remember that

1912

01:14:46,950 --> 01:14:43,840

day when it came in the mail this big

1913

01:14:49,350 --> 01:14:46,960

giant box i'm like oh my god

1914

01:14:51,590 --> 01:14:49,360

here we go and it was like pounds of

1915

01:14:54,870 --> 01:14:51,600

paper from the greenwood collection

1916

01:14:56,470 --> 01:14:54,880

so that's more information and so

1917

01:14:59,510 --> 01:14:56,480

basically it's just

1918

01:15:01,350 --> 01:14:59,520

piecing it all together and here i am i

1919

01:15:04,229 --> 01:15:01,360

just told alfred this afternoon

1920

01:15:05,350 --> 01:15:04,239

30 years i've been doing this i started

1921

01:15:11,350 --> 01:15:05,360

this night's gonna ask

1922

01:15:13,270 --> 01:15:11,360

one yeah 30 years 100 shows we could do

1923

01:15:15,590 --> 01:15:13,280

a mini series for a month

1924

01:15:17,990 --> 01:15:15,600

and and not even touch on everything so

1925

01:15:20,790 --> 01:15:18,000

much that happened that night

1926

01:15:21,189 --> 01:15:20,800

right i i wanted to let you know that i

1927

01:15:23,910 --> 01:15:21,199

uh

1928

01:15:25,430 --> 01:15:23,920

usually take screen calls but because we

1929

01:15:28,470 --> 01:15:25,440

the way we had to contact you

1930

01:15:30,229 --> 01:15:28,480

our phone line is being occupied

1931

01:15:32,310 --> 01:15:30,239

so but what i am going to do though is

1932

01:15:33,430 --> 01:15:32,320

i'm going to say to the people that are

1933

01:15:36,870 --> 01:15:33,440

in the chat

1934

01:15:37,590 --> 01:15:36,880

on uh on youtube and uh facebook and

1935

01:15:39,590 --> 01:15:37,600

twitch

1936

01:15:40,709 --> 01:15:39,600

um any of those people if you want to

1937

01:15:42,870 --> 01:15:40,719

ask our guests

1938

01:15:45,030 --> 01:15:42,880

either one of our guests any questions

1939

01:15:48,070 --> 01:15:45,040

please put it in all caps

1940

01:15:49,590 --> 01:15:48,080

and uh i will ask uh the the questions i

1941

01:15:52,950 --> 01:15:49,600

will take a look at them first

1942

01:15:54,550 --> 01:15:52,960

but i'll ask reasonable questions um so

1943

01:15:56,390 --> 01:15:54,560

just remember to put in caps so i don't

1944

01:15:57,830 --> 01:15:56,400

miss it and because uh

1945

01:15:59,830 --> 01:15:57,840

we do have people that probably have

1946

01:16:00,790 --> 01:15:59,840

asked questions uh you know earlier on

1947

01:16:03,189 --> 01:16:00,800

that i missed

1948

01:16:04,870 --> 01:16:03,199

but i'll keep my eyes on it now about

1949

01:16:07,669 --> 01:16:04,880

the monster earlier

1950

01:16:09,669 --> 01:16:07,679

martin is when uh freddie was uh talking

1951

01:16:12,870 --> 01:16:09,679

about the description of it

1952

01:16:14,709 --> 01:16:12,880

um he said the eyes were portholes

1953

01:16:16,950 --> 01:16:14,719

and they weren't red like press

1954

01:16:18,470 --> 01:16:16,960

portrayed bulging red eyes that was he

1955

01:16:21,750 --> 01:16:18,480

said that was hype

1956

01:16:24,870 --> 01:16:21,760

and uh he told me

1957

01:16:27,990 --> 01:16:24,880

later on he what happened is when

1958

01:16:30,790 --> 01:16:28,000

this monster lit up it

1959

01:16:34,870 --> 01:16:30,800

lit up from the inside and mrs may told

1960

01:16:36,709 --> 01:16:34,880

me that it was basically an adornment um

1961

01:16:38,550 --> 01:16:36,719

it was dormant sitting there and it was

1962

01:16:40,310 --> 01:16:38,560

like kind of hovering a little bit

1963

01:16:41,910 --> 01:16:40,320

and when they saw the eyes it's when

1964

01:16:44,310 --> 01:16:41,920

they hit the beams of

1965

01:16:45,510 --> 01:16:44,320

the flashlights hit it that's when the

1966

01:16:49,110 --> 01:16:45,520

thing lit up

1967

01:16:52,550 --> 01:16:49,120

and it forced light from the inside out

1968

01:16:54,790 --> 01:16:52,560

and years later freddy told me he said

1969

01:16:57,030 --> 01:16:54,800

you know what it was like it was like

1970

01:16:57,350 --> 01:16:57,040

when you uh get in your car at night and

1971

01:16:59,910 --> 01:16:57,360

it's

1972

01:17:02,709 --> 01:16:59,920

dark and you put your key in the

1973

01:17:04,709 --> 01:17:02,719

ignition and you start your key up

1974

01:17:06,149 --> 01:17:04,719

and the whole inside of the dashboard

1975

01:17:07,990 --> 01:17:06,159

lights up and throws light

1976

01:17:09,430 --> 01:17:08,000

all over the place he said that's what

1977

01:17:12,950 --> 01:17:09,440

it was like

1978

01:17:15,030 --> 01:17:12,960

and i remember standing inside the um

1979

01:17:16,950 --> 01:17:15,040

the gully where he told me where he saw

1980

01:17:18,070 --> 01:17:16,960

the tracks the following day when he was

1981

01:17:21,830 --> 01:17:18,080

a kid

1982

01:17:23,669 --> 01:17:21,840

and he said this thing was definitely um

1983

01:17:25,189 --> 01:17:23,679

being controlled he said frank there was

1984

01:17:29,270 --> 01:17:25,199

something inside of it

1985

01:17:31,750 --> 01:17:29,280

the way this thing reacted to us and uh

1986

01:17:32,630 --> 01:17:31,760

then i started researching a little bit

1987

01:17:35,990 --> 01:17:32,640

further and i

1988

01:17:39,110 --> 01:17:36,000

found an article uh that had

1989

01:17:41,669 --> 01:17:39,120

uh a story in it from 1955 and it

1990

01:17:44,950 --> 01:17:41,679

happened about 17 miles away

1991

01:17:46,550 --> 01:17:44,960

and it involved george snatowski and his

1992

01:17:49,990 --> 01:17:46,560

wife and the baby

1993

01:17:50,470 --> 01:17:50,000

and that's the thing that uh alfred and

1994

01:17:57,189 --> 01:17:50,480

i

1995

01:18:00,630 --> 01:17:57,199

frametown monster

1996

01:18:03,350 --> 01:18:00,640

and uh what i did is

1997

01:18:05,430 --> 01:18:03,360

i was getting all the local papers and

1998

01:18:08,550 --> 01:18:05,440

maps in braxton county

1999

01:18:10,229 --> 01:18:08,560

and basically i used hunting maps

2000

01:18:12,070 --> 01:18:10,239

because that's a big hunting area up

2001

01:18:15,030 --> 01:18:12,080

there so i got

2002

01:18:17,110 --> 01:18:15,040

old newspaper articles that were kicking

2003

01:18:17,750 --> 01:18:17,120

around and laying around the great barca

2004

01:18:21,590 --> 01:18:17,760

museum

2005

01:18:23,510 --> 01:18:21,600

had some the braxton county library had

2006

01:18:26,550 --> 01:18:23,520

some old articles

2007

01:18:27,590 --> 01:18:26,560

and i actually tracked and followed the

2008

01:18:30,550 --> 01:18:27,600

path

2009

01:18:32,310 --> 01:18:30,560

of the flatwoods monster craft after it

2010

01:18:34,870 --> 01:18:32,320

left the farm

2011

01:18:35,510 --> 01:18:34,880

and i remember talking with stan freeman

2012

01:18:37,430 --> 01:18:35,520

and he

2013

01:18:39,110 --> 01:18:37,440

he said frank do you see what these

2014

01:18:41,110 --> 01:18:39,120

things were doing

2015

01:18:43,189 --> 01:18:41,120

and i didn't know what he was getting at

2016

01:18:46,310 --> 01:18:43,199

they were following rivers and

2017

01:18:47,270 --> 01:18:46,320

and streets and i'll never forget

2018

01:18:50,630 --> 01:18:47,280

stanton said

2019

01:18:51,350 --> 01:18:50,640

he said frank when uh our boys were in

2020

01:18:54,550 --> 01:18:51,360

world war

2021

01:18:55,750 --> 01:18:54,560

ii and they were in foreign lands if you

2022

01:18:59,990 --> 01:18:55,760

didn't want to get

2023

01:19:01,750 --> 01:19:00,000

too lost you would follow the rivers

2024

01:19:03,590 --> 01:19:01,760

and that's what these things did they

2025

01:19:03,990 --> 01:19:03,600

followed the rivers and they followed

2026

01:19:11,030 --> 01:19:04,000

the

2027

01:19:14,070 --> 01:19:11,040

for 17 miles after it landed flatwoods

2028

01:19:14,630 --> 01:19:14,080

and it followed the elk river uh in a

2029

01:19:18,149 --> 01:19:14,640

nice

2030

01:19:21,189 --> 01:19:18,159

southeast pattern and away from the

2031

01:19:23,270 --> 01:19:21,199

farm and it eventually touched down and

2032

01:19:25,189 --> 01:19:23,280

landed in frame town

2033

01:19:26,550 --> 01:19:25,199

and that's where the story of the

2034

01:19:31,270 --> 01:19:26,560

frametown monster

2035

01:19:33,830 --> 01:19:31,280

occurred where um george natowski's car

2036

01:19:36,070 --> 01:19:33,840

mysteriously shut off there was a ufo

2037

01:19:38,070 --> 01:19:36,080

scene hovering out in the woods

2038

01:19:39,270 --> 01:19:38,080

and the whole electrical system died on

2039

01:19:42,229 --> 01:19:39,280

his car

2040

01:19:42,709 --> 01:19:42,239

and that's when alfred and i we were up

2041

01:19:45,430 --> 01:19:42,719

there

2042

01:19:46,630 --> 01:19:45,440

and we did that monster quench segment

2043

01:19:49,350 --> 01:19:46,640

and that's what it was

2044

01:19:52,070 --> 01:19:49,360

when george santos he got out of his car

2045

01:19:54,390 --> 01:19:52,080

he checked he had a brand new battery

2046

01:19:55,830 --> 01:19:54,400

and he opened up the hood and he was

2047

01:19:57,350 --> 01:19:55,840

checking out um

2048

01:19:59,430 --> 01:19:57,360

the battery in the car but the

2049

01:20:02,470 --> 01:19:59,440

electrical system was down

2050

01:20:06,070 --> 01:20:02,480

and there was once again

2051

01:20:08,629 --> 01:20:06,080

this uh horrible uh smell

2052

01:20:09,189 --> 01:20:08,639

like what freddie described and it was

2053

01:20:12,310 --> 01:20:09,199

coming

2054

01:20:15,669 --> 01:20:12,320

from off to the side of the road

2055

01:20:16,709 --> 01:20:15,679

towards uh the woods and it was rolling

2056

01:20:19,910 --> 01:20:16,719

and it was

2057

01:20:21,430 --> 01:20:19,920

you know that smoke same exact thing and

2058

01:20:24,709 --> 01:20:21,440

what was seen in flatwoods the night

2059

01:20:27,430 --> 01:20:24,719

before and george started walking out

2060

01:20:28,390 --> 01:20:27,440

uh towards the area of the woods and he

2061

01:20:30,229 --> 01:20:28,400

saw this thing

2062

01:20:32,070 --> 01:20:30,239

pulsing out in the woods and it was like

2063

01:20:35,590 --> 01:20:32,080

a violet color

2064

01:20:38,709 --> 01:20:35,600

and it was um he said it looked like a

2065

01:20:40,149 --> 01:20:38,719

a phosphorus glow and it was like

2066

01:20:42,550 --> 01:20:40,159

intermittently

2067

01:20:44,830 --> 01:20:42,560

getting brighter than it would get dull

2068

01:20:47,189 --> 01:20:44,840

and as he started walking towards this

2069

01:20:49,189 --> 01:20:47,199

thing uh

2070

01:20:50,870 --> 01:20:49,199

he threw up from the smell of the

2071

01:20:52,629 --> 01:20:50,880

sulphur coming in the other direction

2072

01:20:56,709 --> 01:20:52,639

and long story short

2073

01:20:59,110 --> 01:20:56,719

his wife edith started screaming

2074

01:20:59,990 --> 01:20:59,120

bloody murder like feyre when she saw

2075

01:21:02,709 --> 01:21:00,000

king kong on

2076

01:21:04,390 --> 01:21:02,719

skull island he turned around and he

2077

01:21:06,870 --> 01:21:04,400

looked behind him

2078

01:21:08,950 --> 01:21:06,880

and he saw this thing about nine foot

2079

01:21:11,990 --> 01:21:08,960

tall hovering towards him

2080

01:21:15,669 --> 01:21:12,000

and from the waist up

2081

01:21:17,910 --> 01:21:15,679

uh he saw the torso and this large head

2082

01:21:19,669 --> 01:21:17,920

what long spindly arms were forked

2083

01:21:21,990 --> 01:21:19,679

fingers at the end

2084

01:21:24,310 --> 01:21:22,000

and uh the bottom half of it was

2085

01:21:25,189 --> 01:21:24,320

mechanical and it was hovering towards

2086

01:21:28,149 --> 01:21:25,199

him

2087

01:21:29,590 --> 01:21:28,159

well he turned around and hightailed it

2088

01:21:31,990 --> 01:21:29,600

back to the car

2089

01:21:33,669 --> 01:21:32,000

the baby's inside going hysterical you

2090

01:21:37,030 --> 01:21:33,679

can imagine the scene

2091

01:21:39,030 --> 01:21:37,040

and he's inside uh he

2092

01:21:41,110 --> 01:21:39,040

grabbed a knife a hunting knife that he

2093

01:21:43,350 --> 01:21:41,120

had in the glove box

2094

01:21:44,790 --> 01:21:43,360

now these are early 50s cars so there

2095

01:21:47,910 --> 01:21:44,800

was a lot of room in them

2096

01:21:48,870 --> 01:21:47,920

you know what he did basically he pushed

2097

01:21:51,830 --> 01:21:48,880

his wife down

2098

01:21:53,110 --> 01:21:51,840

under the passenger dashboard and he

2099

01:21:55,110 --> 01:21:53,120

hovered over

2100

01:21:57,590 --> 01:21:55,120

she had grabbed the baby from the back

2101
01:21:59,510 --> 01:21:57,600
seat there was no baby seats back then

2102
01:22:00,950 --> 01:21:59,520
what it was was basically a crib a

2103
01:22:03,830 --> 01:22:00,960
miniature crib

2104
01:22:05,750 --> 01:22:03,840
and he huddled over the sting head over

2105
01:22:06,310 --> 01:22:05,760
over his family protecting him with the

2106
01:22:08,390 --> 01:22:06,320
knife

2107
01:22:10,390 --> 01:22:08,400
this thing hovered around the car

2108
01:22:13,830 --> 01:22:10,400
engulfed it with this uh

2109
01:22:17,189 --> 01:22:13,840
that rancid smell and it

2110
01:22:19,030 --> 01:22:17,199
actually him unbeknownst to him

2111
01:22:20,470 --> 01:22:19,040
he peeked his head up to see where the

2112
01:22:22,070 --> 01:22:20,480
hell this thing was

2113
01:22:24,229 --> 01:22:22,080

and when he lifted his head over the

2114

01:22:26,070 --> 01:22:24,239

dashboard the thing was looking down at

2115

01:22:30,310 --> 01:22:26,080

him through the windshield

2116

01:22:34,149 --> 01:22:30,320

now i spoke to george statowski

2117

01:22:34,790 --> 01:22:34,159

and he explained a little bit of what

2118

01:22:38,390 --> 01:22:34,800

this thing

2119

01:22:39,510 --> 01:22:38,400

looked like i found the main part of the

2120

01:22:42,229 --> 01:22:39,520

article

2121

01:22:44,709 --> 01:22:42,239

and uh an adventure magazine there were

2122

01:22:47,669 --> 01:22:44,719

men's magazines back in the day

2123

01:22:49,189 --> 01:22:47,679

and it was called mail you know hunting

2124

01:22:52,470 --> 01:22:49,199

and fishing and

2125

01:22:55,590 --> 01:22:52,480

all that type of stuff and um

2126

01:22:58,149 --> 01:22:55,600

i tracked that uh

2127

01:22:58,790 --> 01:22:58,159

that actual uh magazine down and it's

2128

01:23:00,550 --> 01:22:58,800

weird

2129

01:23:02,709 --> 01:23:00,560

i've talked about this with alfred it's

2130

01:23:05,350 --> 01:23:02,719

over the years whenever i would see

2131

01:23:07,350 --> 01:23:05,360

the need something that would pop up i

2132

01:23:09,110 --> 01:23:07,360

found this in the early 90s before all

2133

01:23:10,229 --> 01:23:09,120

the internet and stuff and everything i

2134

01:23:12,149 --> 01:23:10,239

went to uh

2135

01:23:14,070 --> 01:23:12,159

a big collectible and comic book show

2136

01:23:15,030 --> 01:23:14,080

and a guy from new jersey came down to

2137

01:23:17,990 --> 01:23:15,040

orlando

2138

01:23:18,629 --> 01:23:18,000

and i said i'm looking for the july 1955

2139

01:23:21,910 --> 01:23:18,639

uh

2140

01:23:24,709 --> 01:23:21,920

magazine of mail and he had hundreds of

2141

01:23:26,149 --> 01:23:24,719

boxes of magazines that was a specialty

2142

01:23:27,669 --> 01:23:26,159

and he says i probably don't have it

2143

01:23:29,350 --> 01:23:27,679

because nine out of 10 people had asked

2144

01:23:31,030 --> 01:23:29,360

for it don't have it and he says look

2145

01:23:31,430 --> 01:23:31,040

over in this box and i pulled the thing

2146

01:23:33,669 --> 01:23:31,440

out

2147

01:23:35,590 --> 01:23:33,679

i almost had a heart attack because

2148

01:23:37,590 --> 01:23:35,600

there was not a lot known about this

2149

01:23:38,709 --> 01:23:37,600

just a few little words here and there a

2150

01:23:41,350 --> 01:23:38,719

few sentences

2151
01:23:42,709 --> 01:23:41,360
but i got the full-blown article so i

2152
01:23:44,790 --> 01:23:42,719
reviewed it

2153
01:23:48,390 --> 01:23:44,800
picked it apart had all the information

2154
01:23:50,310 --> 01:23:48,400
and i sent george snatowski a packet

2155
01:23:52,470 --> 01:23:50,320
he was living in queens new york at the

2156
01:23:53,750 --> 01:23:52,480
time and then i called him and i spoke

2157
01:23:55,669 --> 01:23:53,760
to him on the phone

2158
01:23:57,510 --> 01:23:55,679
he didn't want to go public with it he

2159
01:23:58,470 --> 01:23:57,520
said because of his work and what he was

2160
01:24:00,149 --> 01:23:58,480
involved with

2161
01:24:01,669 --> 01:24:00,159
he says i went through hell with this

2162
01:24:03,830 --> 01:24:01,679
thing once before

2163
01:24:06,070 --> 01:24:03,840

all i wanted to know is what this thing

2164

01:24:09,430 --> 01:24:06,080

looked like and was just true

2165

01:24:12,390 --> 01:24:09,440

and basically uh he said that interview

2166

01:24:15,750 --> 01:24:12,400

that he did in 1955

2167

01:24:18,629 --> 01:24:15,760

the guy's name was paul lieb laeb

2168

01:24:20,229 --> 01:24:18,639

he says everything was the truth he said

2169

01:24:22,310 --> 01:24:20,239

that's how it happened

2170

01:24:25,590 --> 01:24:22,320

and basically this thing was some type

2171

01:24:29,270 --> 01:24:25,600

of a snake looking reptilian creature

2172

01:24:31,430 --> 01:24:29,280

and he saw from the waist up and

2173

01:24:32,629 --> 01:24:31,440

he said it was about a good nine foot

2174

01:24:34,950 --> 01:24:32,639

tall

2175

01:24:36,950 --> 01:24:34,960

and from the witnesses from their

2176
01:24:37,510 --> 01:24:36,960
descriptions in flatwoods and when

2177
01:24:40,950 --> 01:24:37,520
colonel

2178
01:24:43,350 --> 01:24:40,960
levitt who was up there that night

2179
01:24:45,189 --> 01:24:43,360
levitt told me the tree that this thing

2180
01:24:47,750 --> 01:24:45,199
passed under was about 12

2181
01:24:49,510 --> 01:24:47,760
feet tall so i'm putting all this

2182
01:24:51,030 --> 01:24:49,520
information together and looking at the

2183
01:24:54,390 --> 01:24:51,040
original articles

2184
01:24:57,990 --> 01:24:54,400
so if you have something that's nine

2185
01:25:01,430 --> 01:24:58,000
foot tall and you put a suit over the

2186
01:25:01,910 --> 01:25:01,440
top of it it's going to be about 12 feet

2187
01:25:03,669 --> 01:25:01,920
tall

2188
01:25:05,590 --> 01:25:03,679

and that's what colonel levitt told me

2189

01:25:06,310 --> 01:25:05,600

he stood there when i interviewed him on

2190

01:25:08,709 --> 01:25:06,320

site

2191

01:25:09,830 --> 01:25:08,719

and he said that thing passed right

2192

01:25:12,070 --> 01:25:09,840

under there

2193

01:25:13,270 --> 01:25:12,080

and he said down under here is where all

2194

01:25:16,310 --> 01:25:13,280

the oil was

2195

01:25:17,590 --> 01:25:16,320

he said there wasn't a lot of clearance

2196

01:25:19,750 --> 01:25:17,600

when it came out

2197

01:25:21,270 --> 01:25:19,760

he says it just barely cleared that

2198

01:25:24,310 --> 01:25:21,280

branch

2199

01:25:25,189 --> 01:25:24,320

and uh that's when i put all the pieces

2200

01:25:28,550 --> 01:25:25,199

together

2201

01:25:30,310 --> 01:25:28,560

and what happened is when snatowski

2202

01:25:32,310 --> 01:25:30,320

looked up over the windshield when this

2203

01:25:34,550 --> 01:25:32,320

thing was staring down at him

2204

01:25:37,350 --> 01:25:34,560

it put its hand down on the hood and

2205

01:25:40,870 --> 01:25:37,360

burnt through the paint

2206

01:25:43,830 --> 01:25:40,880

and lifted back up and

2207

01:25:45,750 --> 01:25:43,840

he ducked back down and the thing took

2208

01:25:47,910 --> 01:25:45,760

off and went into the woods

2209

01:25:50,790 --> 01:25:47,920

and a few minutes later george looked

2210

01:25:54,550 --> 01:25:50,800

back up and he saw the um

2211

01:25:56,470 --> 01:25:54,560

object out in the distance it lifted up

2212

01:25:58,390 --> 01:25:56,480

and martin you probably have read about

2213

01:25:59,910 --> 01:25:58,400

this how these things sometimes they go

2214

01:26:01,910 --> 01:25:59,920

in a pendulum motion

2215

01:26:02,950 --> 01:26:01,920

and it was rocking back and forth like a

2216

01:26:05,189 --> 01:26:02,960

pendulum

2217

01:26:06,950 --> 01:26:05,199

going from left to right an arc and all

2218

01:26:07,750 --> 01:26:06,960

of a sudden it took off like a bat out

2219

01:26:10,950 --> 01:26:07,760

of hell

2220

01:26:12,629 --> 01:26:10,960

and just disappeared and then after it

2221

01:26:17,830 --> 01:26:12,639

disappeared

2222

01:26:22,629 --> 01:26:20,310

if i may with regard to monsters and all

2223

01:26:25,430 --> 01:26:22,639

the stock of monsters and everything

2224

01:26:27,110 --> 01:26:25,440

we should notice that this thing showed

2225

01:26:31,750 --> 01:26:27,120

remarkable restraint

2226

01:26:36,950 --> 01:26:33,430

absolutely a lot of people have brought

2227

01:26:39,189 --> 01:26:36,960

that up to meow you're right

2228

01:26:43,189 --> 01:26:39,199

yeah it didn't make my emotions towards

2229

01:26:45,669 --> 01:26:43,199

any of them and flatwoods or here

2230

01:26:46,229 --> 01:26:45,679

and then i have another witness who came

2231

01:26:49,910 --> 01:26:46,239

forward

2232

01:26:51,990 --> 01:26:49,920

and he saw this thing over in the area

2233

01:26:54,550 --> 01:26:52,000

of strange creek

2234

01:26:56,470 --> 01:26:54,560

he saw it with the helmet off but it

2235

01:26:57,750 --> 01:26:56,480

still had the upper torso on in the

2236

01:27:00,310 --> 01:26:57,760

lower torso

2237

01:27:02,070 --> 01:27:00,320

so it seems along its path here alfred

2238

01:27:04,950 --> 01:27:02,080

is it was puddle jumping

2239

01:27:09,270 --> 01:27:04,960

to braxton county it was taking pieces

2240

01:27:11,990 --> 01:27:09,280

of its armor off of its space suit

2241

01:27:13,110 --> 01:27:12,000

wow strange stuff we have we have a

2242

01:27:15,189 --> 01:27:13,120

bunch of questions

2243

01:27:16,870 --> 01:27:15,199

you know like i said being an

2244

01:27:17,510 --> 01:27:16,880

illustrator i was able to talk with

2245

01:27:19,110 --> 01:27:17,520

these people

2246

01:27:21,510 --> 01:27:19,120

new drawings and i was driving them

2247

01:27:23,350 --> 01:27:21,520

crazy sometimes i was sending stuff

2248

01:27:25,110 --> 01:27:23,360

up fed express back and forth to west

2249

01:27:26,310 --> 01:27:25,120

virginia and all over the country

2250

01:27:27,910 --> 01:27:26,320

whoever came forward and i'm like

2251

01:27:28,950 --> 01:27:27,920

there's a look like this and that and

2252

01:27:30,470 --> 01:27:28,960

this and that

2253

01:27:31,990 --> 01:27:30,480

and then they would do their changes

2254

01:27:34,070 --> 01:27:32,000

send me back everything

2255

01:27:36,390 --> 01:27:34,080

so i went from my thumbnail sketches to

2256

01:27:37,750 --> 01:27:36,400

comprehensive sketches to drawings to

2257

01:27:40,229 --> 01:27:37,760

paintings

2258

01:27:41,990 --> 01:27:40,239

and what we have now is about as close

2259

01:27:44,830 --> 01:27:42,000

as i think we're ever going to get to it

2260

01:27:47,990 --> 01:27:44,840

with what i portrayed in my

2261

01:27:51,189 --> 01:27:49,990

so we did we do have some questions that

2262

01:27:53,270 --> 01:27:51,199

came up in chat

2263

01:27:54,950 --> 01:27:53,280

and the first one i think you more or

2264

01:27:56,709 --> 01:27:54,960

less addressed

2265

01:27:59,590 --> 01:27:56,719

uh philip wanted to know any idea where

2266

01:28:01,510 --> 01:27:59,600

the crashed craft were taken but no

2267

01:28:02,709 --> 01:28:01,520

no nothing was left on the ground is

2268

01:28:06,149 --> 01:28:02,719

that right

2269

01:28:06,870 --> 01:28:06,159

as far as you know as far as i know they

2270

01:28:09,669 --> 01:28:06,880

all left

2271

01:28:12,229 --> 01:28:09,679

um out of the southern part of the

2272

01:28:15,030 --> 01:28:12,239

united states

2273

01:28:16,229 --> 01:28:15,040

yeah okay uh here's another another

2274

01:28:18,550 --> 01:28:16,239

question here

2275

01:28:19,750 --> 01:28:18,560

um how long was it from start of the

2276

01:28:22,550 --> 01:28:19,760

investigation

2277

01:28:23,990 --> 01:28:22,560

to wrapped up on the scene and then uh

2278

01:28:26,830 --> 01:28:24,000

second part of the question

2279

01:28:29,590 --> 01:28:26,840

were there any men in black visits

2280

01:28:31,590 --> 01:28:29,600

reported

2281

01:28:33,830 --> 01:28:31,600

the men in black were the uh guys from

2282

01:28:35,910 --> 01:28:33,840

washington who kathleen may tell me they

2283

01:28:38,149 --> 01:28:35,920

pose as newspaper reporters

2284

01:28:39,189 --> 01:28:38,159

oh i see yeah marcus said that earlier

2285

01:28:41,830 --> 01:28:39,199

right and

2286

01:28:43,510 --> 01:28:41,840

yeah and that's when uh she was kind of

2287

01:28:45,430 --> 01:28:43,520

blowing them off

2288

01:28:46,870 --> 01:28:45,440

and playing english she didn't want to

2289

01:28:49,990 --> 01:28:46,880

be bothered with them

2290

01:28:51,750 --> 01:28:50,000

and finally they came back again

2291

01:28:53,350 --> 01:28:51,760

and they were being a pain in the neck

2292

01:28:55,990 --> 01:28:53,360

and they finally told her

2293

01:28:57,669 --> 01:28:56,000

you know we're we're from washington d.c

2294

01:29:00,310 --> 01:28:57,679

where we got to ask you more questions

2295

01:29:03,110 --> 01:29:00,320

and those are the guys that took the oil

2296

01:29:05,270 --> 01:29:03,120

and then as far as ailee stewart when he

2297

01:29:07,270 --> 01:29:05,280

had that chunk of metal

2298

01:29:08,709 --> 01:29:07,280

and his father and everybody in town

2299

01:29:10,709 --> 01:29:08,719

were nervous because he was showing it

2300

01:29:13,590 --> 01:29:10,719

to everybody and talking it up

2301
01:29:14,709 --> 01:29:13,600
they took a gasoline blow torch and they

2302
01:29:19,110 --> 01:29:14,719
put in a

2303
01:29:22,229 --> 01:29:19,120
clamp at the local garage

2304
01:29:22,629 --> 01:29:22,239
and the thing wouldn't burn and that's

2305
01:29:25,750 --> 01:29:22,639
what

2306
01:29:27,510 --> 01:29:25,760
everybody nervous and then stuart said

2307
01:29:29,189 --> 01:29:27,520
that there was a couple people that came

2308
01:29:32,390 --> 01:29:29,199
in from washington and they claimed they

2309
01:29:35,270 --> 01:29:32,400
were with the treasury department

2310
01:29:36,310 --> 01:29:35,280
and what was weird about this is stewart

2311
01:29:38,870 --> 01:29:36,320
said

2312
01:29:44,709 --> 01:29:38,880
he they were able to take a pair of tin

2313
01:29:48,229 --> 01:29:47,189

but it was not the oil there was a piece

2314

01:29:51,270 --> 01:29:48,239

of metal

2315

01:29:53,510 --> 01:29:51,280

it looked like drips if you put your

2316

01:29:54,470 --> 01:29:53,520

finger and your your thumb together and

2317

01:29:57,350 --> 01:29:54,480

make like a

2318

01:29:59,189 --> 01:29:57,360

a circular oval stuart said it was about

2319

01:30:00,709 --> 01:29:59,199

that big and it was flat and he said it

2320

01:30:02,709 --> 01:30:00,719

looked like drip solder

2321

01:30:05,110 --> 01:30:02,719

like the edges of it were like you know

2322

01:30:06,229 --> 01:30:05,120

like an octopus they melted out and like

2323

01:30:09,110 --> 01:30:06,239

globes

2324

01:30:11,030 --> 01:30:09,120

and he says it wouldn't burn with a

2325

01:30:13,030 --> 01:30:11,040

gasoline blow torch

2326
01:30:14,149 --> 01:30:13,040
but they were able to snip it because it

2327
01:30:17,750 --> 01:30:14,159
was thin

2328
01:30:19,910 --> 01:30:17,760
but it wouldn't burn and he said that

2329
01:30:21,750 --> 01:30:19,920
when these people came he said they said

2330
01:30:23,750 --> 01:30:21,760
they were from the treasury department

2331
01:30:25,669 --> 01:30:23,760
he said they gave their names and

2332
01:30:26,629 --> 01:30:25,679
contact numbers and all that kind of

2333
01:30:30,470 --> 01:30:26,639
stuff

2334
01:30:32,629 --> 01:30:30,480
and uh he said he went to work

2335
01:30:34,870 --> 01:30:32,639
at the democrat and when he came back

2336
01:30:37,189 --> 01:30:34,880
home his house had been broken into

2337
01:30:38,550 --> 01:30:37,199
and quote unquote he said the balance of

2338
01:30:40,629 --> 01:30:38,560

the medal was gone

2339

01:30:42,390 --> 01:30:40,639

so his house was broken into when he was

2340

01:30:44,310 --> 01:30:42,400

at work and they took the rest of it

2341

01:30:46,149 --> 01:30:44,320

and this was just right before he was

2342

01:30:47,910 --> 01:30:46,159

getting ready to go to new york

2343

01:30:51,430 --> 01:30:47,920

on national television and bring that

2344

01:30:54,550 --> 01:30:52,790

so the first part of that question

2345

01:30:57,030 --> 01:30:54,560

wasn't answered yet um

2346

01:30:58,790 --> 01:30:57,040

uh hold on uh al for just a second how

2347

01:31:00,870 --> 01:30:58,800

long was it from the start of the

2348

01:31:04,550 --> 01:31:00,880

investigation to when they wrapped up

2349

01:31:11,510 --> 01:31:08,070

whose investigation well you did say

2350

01:31:17,030 --> 01:31:14,550

by sanders in washington

2351

01:31:19,189 --> 01:31:17,040

yeah they came in on one day they talked

2352

01:31:20,870 --> 01:31:19,199

to kathleen talked to some of the locals

2353

01:31:22,149 --> 01:31:20,880

and then they came back the following

2354

01:31:24,070 --> 01:31:22,159

day and then they left

2355

01:31:25,590 --> 01:31:24,080

so they were there over a period of two

2356

01:31:28,790 --> 01:31:25,600

days

2357

01:31:30,390 --> 01:31:28,800

ah yeah okay uh alfred were you about

2358

01:31:33,590 --> 01:31:30,400

ready to say something

2359

01:31:34,709 --> 01:31:33,600

no sir no sir okay all right another

2360

01:31:37,830 --> 01:31:34,719

question here

2361

01:31:38,550 --> 01:31:37,840

um it sounds like someone wants your

2362

01:31:41,990 --> 01:31:38,560

opinion

2363

01:31:44,870 --> 01:31:42,000

um and as

2364

01:31:46,149 --> 01:31:44,880

uh as you're i'm trying to read how as

2365

01:31:49,750 --> 01:31:46,159

your guest is saying

2366

01:31:50,149 --> 01:31:49,760

the aliens think like us what were they

2367

01:31:53,590 --> 01:31:50,159

doing

2368

01:31:56,070 --> 01:31:53,600

on earth uh why haven't they invaded us

2369

01:31:56,950 --> 01:31:56,080

um you know this is this is a question

2370

01:31:59,110 --> 01:31:56,960

that you hear

2371

01:32:00,550 --> 01:31:59,120

from someone that a lot of times you

2372

01:32:02,390 --> 01:32:00,560

hear from someone that's just starting

2373

01:32:05,270 --> 01:32:02,400

to look into this topic

2374

01:32:07,910 --> 01:32:05,280

so uh so just your opinion here either

2375

01:32:11,910 --> 01:32:07,920

one of you can go with that

2376

01:32:14,790 --> 01:32:11,920

well the thing about invading us is

2377

01:32:15,669 --> 01:32:14,800

we don't have any context context for

2378

01:32:18,709 --> 01:32:15,679

that

2379

01:32:20,950 --> 01:32:18,719

we have a lot of

2380

01:32:22,390 --> 01:32:20,960

evidence indicating that some of these

2381

01:32:24,550 --> 01:32:22,400

things are occurring

2382

01:32:26,070 --> 01:32:24,560

and if you put all of this together

2383

01:32:28,709 --> 01:32:26,080

especially coming back to that that

2384

01:32:29,830 --> 01:32:28,719

military uh angle that i was talking

2385

01:32:33,590 --> 01:32:29,840

about before

2386

01:32:36,310 --> 01:32:33,600

it seems that as of late the military

2387

01:32:37,830 --> 01:32:36,320

is investigating and interested in ufos

2388

01:32:39,750 --> 01:32:37,840

and isn't there some

2389

01:32:42,229 --> 01:32:39,760

going to be some kind of information

2390

01:32:43,030 --> 01:32:42,239

dump before the end of june or something

2391

01:32:46,390 --> 01:32:43,040

maybe

2392

01:32:49,830 --> 01:32:46,400

that i don't have

2393

01:32:50,870 --> 01:32:49,840

but 180 day thing uh yeah we may know

2394

01:32:53,030 --> 01:32:50,880

something

2395

01:32:54,390 --> 01:32:53,040

we don't know for sure whether what will

2396

01:32:55,910 --> 01:32:54,400

be told by this

2397

01:32:57,430 --> 01:32:55,920

investigation this government

2398

01:32:59,750 --> 01:32:57,440

investigation

2399

01:33:00,470 --> 01:32:59,760

but we we certainly can't answer the

2400

01:33:03,270 --> 01:33:00,480

question

2401
01:33:04,229 --> 01:33:03,280
why haven't they invaded us because we

2402
01:33:07,430 --> 01:33:04,239
don't have any

2403
01:33:10,790 --> 01:33:07,440
idea why all we can

2404
01:33:13,830 --> 01:33:10,800
say distinctly is

2405
01:33:16,070 --> 01:33:13,840
that they are in evidence have been

2406
01:33:18,629 --> 01:33:16,080
in evidence they are not going away and

2407
01:33:22,310 --> 01:33:18,639
continue to be in evidence

2408
01:33:23,910 --> 01:33:22,320
yeah well said yeah

2409
01:33:26,149 --> 01:33:23,920
but they think like us that was a

2410
01:33:28,070 --> 01:33:26,159
military point of view of one of the air

2411
01:33:29,910 --> 01:33:28,080
force guys i worked with

2412
01:33:31,669 --> 01:33:29,920
with that rescue mission when he stood

2413
01:33:32,950 --> 01:33:31,679

back and he looked at my master map and

2414

01:33:34,070 --> 01:33:32,960

he says frank do you know what the hell

2415

01:33:35,990 --> 01:33:34,080

you have here

2416

01:33:37,669 --> 01:33:36,000

i said i have some kind of an idea and

2417

01:33:40,950 --> 01:33:37,679

that's when he said

2418

01:33:43,510 --> 01:33:40,960

they think like us or we think like them

2419

01:33:45,669 --> 01:33:43,520

whatever way you want to say it because

2420

01:33:46,550 --> 01:33:45,679

basic military strategy is search and

2421

01:33:49,110 --> 01:33:46,560

rescue

2422

01:33:51,750 --> 01:33:49,120

and he says this is how we do stuff like

2423

01:33:53,590 --> 01:33:51,760

that alfred was a vietnam vet

2424

01:33:55,350 --> 01:33:53,600

he saw how many thousand dollars of

2425

01:33:56,950 --> 01:33:55,360

combat did you fly alfred

2426

01:33:59,430 --> 01:33:56,960

alfred knows about this better than

2427

01:34:03,270 --> 01:33:59,440

anybody he actually fired the

2428

01:34:04,790 --> 01:34:03,280

um the 2.75 inch mighty mouse rockets

2429

01:34:06,870 --> 01:34:04,800

that the air force was shooting at the

2430

01:34:08,870 --> 01:34:06,880

flying saucers in 52.

2431

01:34:12,070 --> 01:34:08,880

like i said al leMBERG knows better than

2432

01:34:16,229 --> 01:34:13,510

well i wish i had something to add to

2433

01:34:18,790 --> 01:34:16,239

that but i don't

2434

01:34:20,229 --> 01:34:18,800

here's another question um and i believe

2435

01:34:23,830 --> 01:34:20,239

you answered this frank

2436

01:34:25,669 --> 01:34:23,840

um and the did you say that the creature

2437

01:34:25,990 --> 01:34:25,679

looked reptilian under the suit but you

2438

01:34:29,669 --> 01:34:26,000

said

2439

01:34:33,030 --> 01:34:29,679

almost like serpent serpentine right

2440

01:34:36,310 --> 01:34:33,040

yeah yeah um

2441

01:34:38,870 --> 01:34:36,320

it was had like a big elongated head and

2442

01:34:40,550 --> 01:34:38,880

uh long spindly arms they were like

2443

01:34:44,310 --> 01:34:40,560

disjointed they were very

2444

01:34:47,510 --> 01:34:44,320

skinny and they went into forked like uh

2445

01:34:47,910 --> 01:34:47,520

uh four fingers and satowski told me

2446

01:34:52,709 --> 01:34:47,920

when

2447

01:34:55,830 --> 01:34:52,719

hood he got to see it up close

2448

01:34:57,510 --> 01:34:55,840

he was scared out of his mind and so he

2449

01:35:00,229 --> 01:34:57,520

saw this thing up close

2450

01:35:01,350 --> 01:35:00,239

and it was like it was dark it was dark

2451
01:35:04,390 --> 01:35:01,360
in color

2452
01:35:06,310 --> 01:35:04,400
and looked um like snake-like like

2453
01:35:09,910 --> 01:35:06,320
serpent

2454
01:35:11,750 --> 01:35:09,920
so from doing my drawings and drawing

2455
01:35:13,350 --> 01:35:11,760
this monster for uh

2456
01:35:15,189 --> 01:35:13,360
you know what seemed like a million

2457
01:35:17,189 --> 01:35:15,199
years and looking at this thing and

2458
01:35:19,590 --> 01:35:17,199
talking to people

2459
01:35:21,189 --> 01:35:19,600
i have illustrations on my website and

2460
01:35:23,830 --> 01:35:21,199
in my book

2461
01:35:26,310 --> 01:35:23,840
and i was flipping through uh through

2462
01:35:26,709 --> 01:35:26,320
books about snakes and stuff and i saw

2463
01:35:32,229 --> 01:35:26,719

one

2464

01:35:34,550 --> 01:35:32,239

books i was looking through

2465

01:35:36,310 --> 01:35:34,560

i went holy cow look at this thing the

2466

01:35:38,229 --> 01:35:36,320

way it's coiled up

2467

01:35:39,910 --> 01:35:38,239

and i took a tissue overlay and i went

2468

01:35:41,990 --> 01:35:39,920

over the top of it and i said son of a

2469

01:35:43,830 --> 01:35:42,000

gun look at that

2470

01:35:46,229 --> 01:35:43,840

that's the way that the lower torso is

2471

01:35:47,750 --> 01:35:46,239

flared out like if something was coiled

2472

01:35:49,750 --> 01:35:47,760

up and sit in the side of it

2473

01:35:51,590 --> 01:35:49,760

do you understand what i mean you know a

2474

01:35:54,709 --> 01:35:51,600

snake

2475

01:35:55,109 --> 01:35:54,719

and like center towards the top and i

2476

01:35:57,590 --> 01:35:55,119

went

2477

01:35:58,390 --> 01:35:57,600

oh my god no wonder this thing was

2478

01:36:01,990 --> 01:35:58,400

flared out

2479

01:36:04,550 --> 01:36:02,000

now it's starting to make sense

2480

01:36:06,470 --> 01:36:04,560

and when's natasha saw this thing he saw

2481

01:36:10,149 --> 01:36:06,480

it just from the waist up

2482

01:36:10,470 --> 01:36:10,159

and he smelled that sulfur and he saw

2483

01:36:13,990 --> 01:36:10,480

that

2484

01:36:16,070 --> 01:36:14,000

the purplish flash and the pulsing and

2485

01:36:17,750 --> 01:36:16,080

mrs may also told me that

2486

01:36:19,590 --> 01:36:17,760

she said when she was walking up onto

2487

01:36:21,590 --> 01:36:19,600

the fisher farm with the boys

2488

01:36:24,470 --> 01:36:21,600

before they hit the first crest of the

2489

01:36:25,830 --> 01:36:24,480

hill she said we saw a big gigantic

2490

01:36:28,550 --> 01:36:25,840

purple flash

2491

01:36:29,189 --> 01:36:28,560

come from the back of the farm so you

2492

01:36:32,870 --> 01:36:29,199

have the

2493

01:36:34,310 --> 01:36:32,880

the purple using the flashes that happen

2494

01:36:36,470 --> 01:36:34,320

when there's both of these things

2495

01:36:39,270 --> 01:36:36,480

touched down in both cases

2496

01:36:41,669 --> 01:36:39,280

you have the uh the monster with the

2497

01:36:42,149 --> 01:36:41,679

lower torso of it with the pipes going

2498

01:36:44,390 --> 01:36:42,159

around

2499

01:36:46,149 --> 01:36:44,400

and it was a machine from the waist down

2500

01:36:49,350 --> 01:36:46,159

and nobody can figure out

2501

01:36:50,149 --> 01:36:49,360

why why and that's when i came up and i

2502

01:36:52,790 --> 01:36:50,159

says wow

2503

01:36:53,750 --> 01:36:52,800

this thing was wearing a suit and freddy

2504

01:36:56,310 --> 01:36:53,760

may kept

2505

01:36:58,310 --> 01:36:56,320

telling me over and over up on the site

2506

01:36:59,669 --> 01:36:58,320

and mrs made it to how this thing

2507

01:37:01,510 --> 01:36:59,679

reacted to him

2508

01:37:03,669 --> 01:37:01,520

and freddie said to me he said frank

2509

01:37:06,229 --> 01:37:03,679

there was something inside that thing

2510

01:37:07,270 --> 01:37:06,239

the way it looked you know the way it

2511

01:37:08,790 --> 01:37:07,280

reacted

2512

01:37:11,030 --> 01:37:08,800

the way it was hovering around

2513

01:37:12,390 --> 01:37:11,040

controlled i don't believe it was a

2514

01:37:15,590 --> 01:37:12,400

robot

2515

01:37:17,189 --> 01:37:15,600

because after the sentoski thing uh

2516

01:37:19,350 --> 01:37:17,199

the following night and then i had

2517

01:37:20,070 --> 01:37:19,360

another guy contact me he was a little

2518

01:37:22,870 --> 01:37:20,080

boy and he

2519

01:37:23,669 --> 01:37:22,880

saw in strange creek he was looking out

2520

01:37:25,430 --> 01:37:23,679

of his uh

2521

01:37:27,910 --> 01:37:25,440

bedroom window he heard something

2522

01:37:29,910 --> 01:37:27,920

outside and he looked out and he saw

2523

01:37:32,229 --> 01:37:29,920

this thing about 10 foot tall hovering

2524

01:37:33,990 --> 01:37:32,239

down his driveway

2525

01:37:35,590 --> 01:37:34,000

and it turned around it came up towards

2526

01:37:38,070 --> 01:37:35,600

his carport and

2527

01:37:39,510 --> 01:37:38,080

he actually read my book and he

2528

01:37:42,070 --> 01:37:39,520

contacted me

2529

01:37:44,310 --> 01:37:42,080

and he said frank he says you have the

2530

01:37:45,510 --> 01:37:44,320

illustrations of it part way out of the

2531

01:37:47,830 --> 01:37:45,520

suit

2532

01:37:49,669 --> 01:37:47,840

and frame town it was all the way in its

2533

01:37:52,790 --> 01:37:49,679

suit he says when i saw

2534

01:37:54,390 --> 01:37:52,800

i saw it with just the helmet off he

2535

01:37:57,830 --> 01:37:54,400

said but i saw the um

2536

01:37:59,510 --> 01:37:57,840

the torso weary in the lower part

2537

01:38:01,350 --> 01:37:59,520

so you know we have all these different

2538

01:38:03,430 --> 01:38:01,360

descriptions so it seems like this thing

2539

01:38:06,390 --> 01:38:03,440

was taking part of its uh

2540

01:38:07,430 --> 01:38:06,400

spacesuit off probably hud or something

2541

01:38:09,510 --> 01:38:07,440

it's damaged

2542

01:38:11,270 --> 01:38:09,520

and you know when it was hot maybe

2543

01:38:11,590 --> 01:38:11,280

that's why i was taking it off i don't

2544

01:38:18,950 --> 01:38:11,600

know

2545

01:38:22,470 --> 01:38:21,669

all right hobbs over on facebook had a

2546

01:38:24,870 --> 01:38:22,480

question

2547

01:38:26,550 --> 01:38:24,880

and what's the theory as to why so many

2548

01:38:30,070 --> 01:38:26,560

craft were damaged

2549

01:38:32,390 --> 01:38:30,080

um had they been intercepted

2550

01:38:34,950 --> 01:38:32,400

that's that's what we're going by right

2551

01:38:39,669 --> 01:38:37,910

you're talking military i think alfred

2552

01:38:41,030 --> 01:38:39,679

alluded to that it was shot down

2553

01:38:42,870 --> 01:38:41,040

alfred you want to talk a little bit

2554

01:38:46,070 --> 01:38:42,880

about that

2555

01:38:48,149 --> 01:38:46,080

i really don't have anything uh

2556

01:38:49,510 --> 01:38:48,159

large to say about it except for the

2557

01:38:52,229 --> 01:38:49,520

fact that

2558

01:38:53,830 --> 01:38:52,239

that's every indication i mean you have

2559

01:38:56,390 --> 01:38:53,840

summer saucers they're

2560

01:38:58,550 --> 01:38:56,400

impinging on prohibited aerospace there

2561

01:39:01,830 --> 01:38:58,560

are orders to shoot them down

2562

01:39:03,830 --> 01:39:01,840

uh i think the next obvious thing is

2563

01:39:06,149 --> 01:39:03,840

that some of them were shut down

2564

01:39:07,830 --> 01:39:06,159

and there's evidence of that so what can

2565

01:39:11,430 --> 01:39:07,840

i tell you

2566

01:39:13,189 --> 01:39:11,440

yes they were intercepted yes yes

2567

01:39:15,750 --> 01:39:13,199

the pilots down in florida who

2568

01:39:16,950 --> 01:39:15,760

disappeared and i spent years on that

2569

01:39:19,990 --> 01:39:16,960

too and the air force

2570

01:39:20,390 --> 01:39:20,000

uh busted them off on me over there the

2571

01:39:24,950 --> 01:39:20,400

uh

2572

01:39:27,910 --> 01:39:24,960

john anderson jones jr

2573

01:39:29,990 --> 01:39:27,920

junior and john del curto they were

2574

01:39:32,950 --> 01:39:30,000

tyndall air force base

2575

01:39:33,830 --> 01:39:32,960

and they were being tracked by several

2576

01:39:36,950 --> 01:39:33,840

radars

2577

01:39:39,750 --> 01:39:36,960

throughout the gulf of mexico and

2578

01:39:41,350 --> 01:39:39,760

they vanished into thin air 70 miles off

2579

01:39:45,350 --> 01:39:41,360

the coast

2580

01:39:46,790 --> 01:39:45,360

it took me five years just to put it

2581

01:39:49,189 --> 01:39:46,800

together then when stanton got the

2582

01:39:53,510 --> 01:39:49,199

documents when they came out i spent

2583

01:39:56,149 --> 01:39:53,520

more several more years and i know every

2584

01:39:57,109 --> 01:39:56,159

move that that jet made and it was a

2585

01:40:00,229 --> 01:39:57,119

complete

2586

01:40:02,629 --> 01:40:00,239

cover-up the air force had no record of

2587

01:40:05,990 --> 01:40:02,639

the men being born

2588

01:40:07,910 --> 01:40:06,000

social security death index had nothing

2589

01:40:09,669 --> 01:40:07,920

there was nothing in the archives

2590

01:40:12,709 --> 01:40:09,679

nothing on planet earth

2591

01:40:15,109 --> 01:40:12,719

had any record of these men being alive

2592

01:40:18,390 --> 01:40:15,119

when my first book came out and i came

2593

01:40:21,590 --> 01:40:18,400

out with some of the evidence in 2004

2594

01:40:22,149 --> 01:40:21,600

a few months later then miraculously the

2595

01:40:25,430 --> 01:40:22,159

air force

2596

01:40:27,430 --> 01:40:25,440

released all the information and then i

2597

01:40:28,149 --> 01:40:27,440

took all the information i had and i put

2598

01:40:30,149 --> 01:40:28,159

all together

2599

01:40:31,270 --> 01:40:30,159

we talked on your last show about that a

2600

01:40:34,550 --> 01:40:31,280

little bit

2601

01:40:37,109 --> 01:40:34,560

but um there was a lot of stuff that

2602

01:40:40,790 --> 01:40:37,119

went down that night the september 12th

2603

01:40:43,669 --> 01:40:40,800

uh accident aircraft reports uh

2604

01:40:45,590 --> 01:40:43,679

were uh pulled and there's some missing

2605

01:40:47,030 --> 01:40:45,600

and they did that's a whole other show

2606

01:40:50,070 --> 01:40:47,040

in itself

2607

01:40:53,910 --> 01:40:50,080

but anyways back then the

2608

01:40:57,510 --> 01:40:53,920

air force and navy had a rocket-bearing

2609

01:40:59,430 --> 01:40:57,520

craft we had the f-94c starfire the

2610

01:41:02,390 --> 01:40:59,440

f-86d

2611

01:41:03,990 --> 01:41:02,400

saber dog and f7u3 cutlass and they all

2612

01:41:07,109 --> 01:41:04,000

had mighty mouse rockets on

2613

01:41:08,950 --> 01:41:07,119

them and what i uh

2614

01:41:10,709 --> 01:41:08,960

used to talk with stanton about and what

2615

01:41:11,830 --> 01:41:10,719

he liked is boy wouldn't that be a

2616

01:41:13,830 --> 01:41:11,840

surprise

2617

01:41:14,870 --> 01:41:13,840

one day you're firing bullets at him and

2618

01:41:16,709 --> 01:41:14,880

next day

2619

01:41:18,950 --> 01:41:16,719

there's craft coming six to seven

2620

01:41:22,870 --> 01:41:18,960

hundred miles shooting uh

2621

01:41:25,189 --> 01:41:22,880

rockets at them and um

2622

01:41:26,950 --> 01:41:25,199

expand damage that's the conclusion we

2623

01:41:27,830 --> 01:41:26,960

came to because they all came in over

2624

01:41:30,950 --> 01:41:27,840

the

2625

01:41:33,189 --> 01:41:30,960

united states damaged and someone

2626

01:41:34,709 --> 01:41:33,199

someone may ask the question how is it

2627

01:41:36,950 --> 01:41:34,719

that we can shoot

2628

01:41:37,750 --> 01:41:36,960

down extraterrestrials with their

2629

01:41:40,470 --> 01:41:37,760

technology

2630

01:41:41,750 --> 01:41:40,480

and all i can tell you is that 10 pounds

2631

01:41:43,669 --> 01:41:41,760

of high exploding

2632

01:41:47,590 --> 01:41:43,679

high explosive arriving at the speed of

2633

01:41:50,310 --> 01:41:47,600

sound has got to complicate your physics

2634

01:41:51,750 --> 01:41:50,320

yeah that's a good way to put it uh we

2635

01:41:53,669 --> 01:41:51,760

have uh janiece over

2636

01:41:55,430 --> 01:41:53,679

at uh facebook asked this question is

2637

01:41:58,870 --> 01:41:55,440

there any other time period where

2638

01:42:01,750 --> 01:41:58,880

there's something similar uh to this

2639

01:42:04,790 --> 01:42:01,760

has occurred or has something similar

2640

01:42:08,950 --> 01:42:06,790

either one of you aware of not not at

2641

01:42:11,590 --> 01:42:08,960

this magnitude

2642

01:42:13,590 --> 01:42:11,600

i it's funny i asked in that question a

2643

01:42:15,750 --> 01:42:13,600

few years ago before he went on there to

2644

01:42:18,310 --> 01:42:15,760

do a radio show

2645

01:42:20,470 --> 01:42:18,320

and uh he said frank he said there's

2646

01:42:23,270 --> 01:42:20,480

nothing that's documented to the extent

2647

01:42:25,910 --> 01:42:23,280

of this he said this was a full-blown

2648

01:42:26,950 --> 01:42:25,920

night there nobody's ever done anything

2649

01:42:28,470 --> 01:42:26,960

like this

2650

01:42:30,470 --> 01:42:28,480

and there's i don't think there's

2651
01:42:32,310 --> 01:42:30,480
anything else martin after this case

2652
01:42:32,629 --> 01:42:32,320
that had this amount of sightings in one

2653
01:42:37,430 --> 01:42:32,639
day

2654
01:42:39,990 --> 01:42:37,440
is there this is the only story that is

2655
01:42:40,709 --> 01:42:40,000
ufo story in my knowledge that has gone

2656
01:42:44,229 --> 01:42:40,719
completely

2657
01:42:50,229 --> 01:42:47,430
yeah really amazing i mean there's so

2658
01:42:55,590 --> 01:42:50,239
much more to this than i remembered

2659
01:43:00,470 --> 01:42:58,629
you know one one more time

2660
01:43:01,830 --> 01:43:00,480
i i said there's so much more to this

2661
01:43:05,030 --> 01:43:01,840
and i remember

2662
01:43:08,470 --> 01:43:05,040
knowing or or talking about um

2663
01:43:08,870 --> 01:43:08,480

you know in the past there's so much

2664

01:43:10,390 --> 01:43:08,880

more

2665

01:43:12,709 --> 01:43:10,400

to this sighting than you know i mean

2666

01:43:15,750 --> 01:43:12,719

i'm just thinking of remember

2667

01:43:19,510 --> 01:43:15,760

it was a meteor a fireball meteor

2668

01:43:22,149 --> 01:43:19,520

yeah and and it was not a meteor because

2669

01:43:25,510 --> 01:43:22,159

when the thing passed over washington

2670

01:43:29,750 --> 01:43:25,520

uh stanton had calculated it for me when

2671

01:43:32,629 --> 01:43:29,760

it it took uh a half an hour

2672

01:43:35,750 --> 01:43:32,639

for it to um once it passed over

2673

01:43:38,790 --> 01:43:35,760

washington if it was a fireball meteor

2674

01:43:41,750 --> 01:43:38,800

the how the speed it was traveling

2675

01:43:42,870 --> 01:43:41,760

it would have landed in flatwoods in a

2676

01:43:45,030 --> 01:43:42,880

few seconds

2677

01:43:46,790 --> 01:43:45,040

it took half an hour so it was traveling

2678

01:43:48,310 --> 01:43:46,800

approximately

2679

01:43:50,550 --> 01:43:48,320

somewhere between two to four hundred

2680

01:43:53,910 --> 01:43:50,560

miles an hour because it was

2681

01:43:58,070 --> 01:43:53,920

it wasn't constant it definitely wasn't

2682

01:44:00,149 --> 01:43:58,080

edu or it would have been seconds

2683

01:44:01,270 --> 01:44:00,159

42 000 miles an hour or something like

2684

01:44:03,750 --> 01:44:01,280

that

2685

01:44:04,950 --> 01:44:03,760

wasn't it stanton friedman who also

2686

01:44:07,109 --> 01:44:04,960

pointed out that if

2687

01:44:08,149 --> 01:44:07,119

a meteor had landed in flatwoods it

2688

01:44:12,070 --> 01:44:08,159

would have been

2689

01:44:16,709 --> 01:44:13,430

that sounds like something he would have

2690

01:44:19,189 --> 01:44:16,719

said walking around the ground

2691

01:44:20,390 --> 01:44:19,199

right project blue book record card the

2692

01:44:22,709 --> 01:44:20,400

official said

2693

01:44:25,189 --> 01:44:22,719

the west virginia monster so-called

2694

01:44:28,470 --> 01:44:25,199

actually the object was the waldorn

2695

01:44:32,149 --> 01:44:28,480

well-known washington area meteor of

2696

01:44:34,470 --> 01:44:32,159

12 september landing near flatwoods

2697

01:44:36,390 --> 01:44:34,480

have confirmation in astronomy club from

2698

01:44:38,870 --> 01:44:36,400

akron ohio

2699

01:44:40,629 --> 01:44:38,880

and they say landing near flatwoods

2700

01:44:43,109 --> 01:44:40,639

there would have been no flatwoods left

2701
01:44:45,590 --> 01:44:43,119
if that thing was a meteor

2702
01:44:47,270 --> 01:44:45,600
yeah for that size um someone wanted to

2703
01:44:50,310 --> 01:44:47,280
know uh frank

2704
01:44:52,310 --> 01:44:50,320
where someone can see uh a comprehensive

2705
01:44:53,510 --> 01:44:52,320
book with illustrations i mean are your

2706
01:44:56,629 --> 01:44:53,520
books filled with your

2707
01:44:58,070 --> 01:44:56,639
own illustrations there's hundreds of

2708
01:45:00,229 --> 01:44:58,080
them

2709
01:45:01,750 --> 01:45:00,239
and uh where someone can just find that

2710
01:45:03,590 --> 01:45:01,760
on your website we haven't given out

2711
01:45:06,629 --> 01:45:03,600
your website yet so if you'd like to

2712
01:45:08,709 --> 01:45:06,639
yeah and there's there's also uh color

2713
01:45:10,629 --> 01:45:08,719

uh color pictures and all my

2714

01:45:12,310 --> 01:45:10,639

illustrations on my website

2715

01:45:13,830 --> 01:45:12,320

if you just put in frankfuschino

2716

01:45:15,910 --> 01:45:13,840

flatwoods monster

2717

01:45:17,189 --> 01:45:15,920

on a search engine and hit images you'll

2718

01:45:20,070 --> 01:45:17,199

see them all

2719

01:45:20,390 --> 01:45:20,080

and look for that i was just going to

2720

01:45:22,870 --> 01:45:20,400

say

2721

01:45:24,709 --> 01:45:22,880

look for that uh 40 minute uh

2722

01:45:27,189 --> 01:45:24,719

documentary that frank produced too

2723

01:45:30,310 --> 01:45:27,199

that's that's a real eye-opener

2724

01:45:33,189 --> 01:45:30,320

oh oh great okay that's on youtube

2725

01:45:35,430 --> 01:45:33,199

braxton connie monster booked by fascino

2726

01:45:38,709 --> 01:45:35,440

what i did there is i had

2727

01:45:39,750 --> 01:45:38,719

oh god of 20 to 25 years of cutaway

2728

01:45:41,590 --> 01:45:39,760

shots and

2729

01:45:43,590 --> 01:45:41,600

illustrations i had worked on and i

2730

01:45:45,750 --> 01:45:43,600

worked with a couple friends of mine

2731

01:45:47,830 --> 01:45:45,760

and they put this whole thing together i

2732

01:45:49,510 --> 01:45:47,840

basically wrote it and narrated it and

2733

01:45:52,790 --> 01:45:49,520

my buddies

2734

01:45:54,070 --> 01:45:52,800

was retired and he sat down with me for

2735

01:45:58,229 --> 01:45:54,080

months i thought it was going to be a

2736

01:45:59,109 --> 01:45:58,239

couple week project boy was i wrong we

2737

01:46:01,109 --> 01:45:59,119

ended up

2738

01:46:02,470 --> 01:46:01,119

working on it for months because every

2739

01:46:04,870 --> 01:46:02,480

time i could see

2740

01:46:07,109 --> 01:46:04,880

what he could do on the computer i was

2741

01:46:08,950 --> 01:46:07,119

like a little kid sitting there

2742

01:46:10,790 --> 01:46:08,960

and in the chair going wow you can do

2743

01:46:11,109 --> 01:46:10,800

this you could do that and he was doing

2744

01:46:12,870 --> 01:46:11,119

it

2745

01:46:15,750 --> 01:46:12,880

so my script changed like a hundred

2746

01:46:16,229 --> 01:46:15,760

times over and you'll see the result of

2747

01:46:19,030 --> 01:46:16,239

it and

2748

01:46:23,750 --> 01:46:19,040

uh on youtube and it's pretty cool it

2749

01:46:28,310 --> 01:46:25,750

and it kind of holds everything together

2750

01:46:31,750 --> 01:46:28,320

that that i was talking about tonight

2751
01:46:32,229 --> 01:46:31,760
in 40 minutes and uh the book tells the

2752
01:46:35,750 --> 01:46:32,239
rest

2753
01:46:37,669 --> 01:46:35,760
like i have a snippet to colonel levitt

2754
01:46:39,669 --> 01:46:37,679
uh with freddie may with the different

2755
01:46:40,709 --> 01:46:39,679
witnesses the different locations where

2756
01:46:42,790 --> 01:46:40,719
it happened

2757
01:46:44,790 --> 01:46:42,800
and then once you read the book it's the

2758
01:46:48,229 --> 01:46:44,800
full-blown information in there

2759
01:46:50,229 --> 01:46:48,239
i would suggest watching the youtube

2760
01:46:52,070 --> 01:46:50,239
documentary first because you get a feel

2761
01:46:53,910 --> 01:46:52,080
of the people in the area

2762
01:46:55,510 --> 01:46:53,920
of what everything was like and you you

2763
01:46:57,910 --> 01:46:55,520

know what the people were like you see

2764

01:47:00,550 --> 01:46:57,920

colonel levitt mrs may all the witnesses

2765

01:47:02,390 --> 01:47:00,560

you see the tree uh you know the

2766

01:47:03,830 --> 01:47:02,400

different areas throughout flatwoods

2767

01:47:05,430 --> 01:47:03,840

that i documented then when you're

2768

01:47:06,310 --> 01:47:05,440

reading the book you have that image in

2769

01:47:08,070 --> 01:47:06,320

your head

2770

01:47:10,709 --> 01:47:08,080

of what it was really like back in the

2771

01:47:13,109 --> 01:47:10,719

day and it's amazing how it's changed in

2772

01:47:15,109 --> 01:47:13,119

30 years up there

2773

01:47:17,030 --> 01:47:15,119

oh yeah everything has got some good

2774

01:47:19,109 --> 01:47:17,040

footage and stuff up there from

2775

01:47:20,870 --> 01:47:19,119

the early 90s before everything really

2776

01:47:23,350 --> 01:47:20,880

changed

2777

01:47:25,590 --> 01:47:23,360

i know i asked you this question but um

2778

01:47:27,430 --> 01:47:25,600

there's been more than one person asking

2779

01:47:29,750 --> 01:47:27,440

the same question that i asked you

2780

01:47:32,390 --> 01:47:29,760

previously and that is did the people

2781

01:47:33,350 --> 01:47:32,400

affected from the sulfur type smell have

2782

01:47:36,550 --> 01:47:33,360

any health issues

2783

01:47:39,830 --> 01:47:36,560

later in life possibly from this uh

2784

01:47:41,910 --> 01:47:39,840

some of the witnesses had cancer oh i

2785

01:47:45,750 --> 01:47:41,920

see later in life that i didn't ask that

2786

01:47:48,709 --> 01:47:45,760

particular way yeah okay so they did wow

2787

01:47:50,310 --> 01:47:48,719

and what we may never know but some of

2788

01:47:53,189 --> 01:47:50,320

them had lungs related

2789

01:47:54,709 --> 01:47:53,199

and throw cancer and you know god only

2790

01:47:59,990 --> 01:47:54,719

knows

2791

01:48:02,830 --> 01:48:00,000

described how sick they were and then

2792

01:48:05,030 --> 01:48:02,840

and hailed everything

2793

01:48:06,629 --> 01:48:05,040

yeah um another question that's popped

2794

01:48:09,350 --> 01:48:06,639

up in two different places

2795

01:48:11,430 --> 01:48:09,360

uh point pleasant is that anywhere near

2796

01:48:13,590 --> 01:48:11,440

flatwoods was there any type of

2797

01:48:14,709 --> 01:48:13,600

i know that's a mothman sighting totally

2798

01:48:17,669 --> 01:48:14,719

different thing

2799

01:48:19,910 --> 01:48:17,679

but was there any type of crossover or a

2800

01:48:22,870 --> 01:48:19,920

connection between the two

2801
01:48:25,910 --> 01:48:22,880
not in point pleasant that that stuff

2802
01:48:29,430 --> 01:48:25,920
was basically in 67

2803
01:48:31,590 --> 01:48:29,440
yes there were sightings

2804
01:48:33,030 --> 01:48:31,600
throughout the whole area of the united

2805
01:48:34,790 --> 01:48:33,040
states because there was actually a

2806
01:48:37,109 --> 01:48:34,800
second rescue mission

2807
01:48:38,229 --> 01:48:37,119
which we could do another show on there

2808
01:48:40,070 --> 01:48:38,239
was another

2809
01:48:42,070 --> 01:48:40,080
alien that was found in the wheeling

2810
01:48:43,270 --> 01:48:42,080
area remember when i said earlier one

2811
01:48:45,910 --> 01:48:43,280
almost crashed

2812
01:48:47,189 --> 01:48:45,920
and uh hit a passenger plane and if you

2813
01:48:50,149 --> 01:48:47,199

just clip the wing

2814

01:48:51,990 --> 01:48:50,159

to the airport one crash landed there

2815

01:48:56,310 --> 01:48:52,000

and the cover story was the

2816

01:48:59,189 --> 01:48:56,320

uh the locals in this area

2817

01:49:01,270 --> 01:48:59,199

uh where they found the body and they

2818

01:49:04,229 --> 01:49:01,280

said it was a body of a badly

2819

01:49:05,030 --> 01:49:04,239

burned woman well i researched and there

2820

01:49:07,830 --> 01:49:05,040

was no

2821

01:49:08,950 --> 01:49:07,840

deaths or any badly burned woman up

2822

01:49:11,189 --> 01:49:08,960

there

2823

01:49:12,709 --> 01:49:11,199

that was found in that time frame and

2824

01:49:16,709 --> 01:49:12,719

then there were reports

2825

01:49:19,350 --> 01:49:16,719

of a monster that was seen in that area

2826
01:49:21,750 --> 01:49:19,360
and uh you know that's a whole other

2827
01:49:25,430 --> 01:49:21,760
show went in itself

2828
01:49:27,750 --> 01:49:25,440
but they the craft that had

2829
01:49:29,830 --> 01:49:27,760
flown over washington earlier when the

2830
01:49:31,750 --> 01:49:29,840
flat witchcraft went west and traveled

2831
01:49:34,310 --> 01:49:31,760
206 miles went across

2832
01:49:36,629 --> 01:49:34,320
front royal virginia went across elkins

2833
01:49:39,830 --> 01:49:36,639
west virginia went into burnsville

2834
01:49:41,750 --> 01:49:39,840
when that passed and landed

2835
01:49:44,550 --> 01:49:41,760
there was the other one that had turned

2836
01:49:48,470 --> 01:49:44,560
away that crashed in the wheeling area

2837
01:49:51,830 --> 01:49:48,480
all of those crafts that were in the dc

2838
01:49:55,990 --> 01:49:51,840

virginia maryland area

2839

01:49:58,709 --> 01:49:56,000

actually lifted up they went northwest

2840

01:49:59,189 --> 01:49:58,719

and they went looking for the second one

2841

01:50:01,589 --> 01:49:59,199

and

2842

01:50:03,030 --> 01:50:01,599

there is unbelievable amounts of

2843

01:50:05,350 --> 01:50:03,040

evidence

2844

01:50:06,790 --> 01:50:05,360

there was like thousands of sightings of

2845

01:50:09,510 --> 01:50:06,800

people watching

2846

01:50:11,350 --> 01:50:09,520

these things come down out of the sky

2847

01:50:12,790 --> 01:50:11,360

they called it a meteor shower that's

2848

01:50:15,030 --> 01:50:12,800

how many of them there were

2849

01:50:16,149 --> 01:50:15,040

and they were looking for that one there

2850

01:50:18,950 --> 01:50:16,159

so this whole

2851
01:50:20,790 --> 01:50:18,960
night that's why it took about 25 years

2852
01:50:22,790 --> 01:50:20,800
to put this together

2853
01:50:23,990 --> 01:50:22,800
it was just amazing and like i said i

2854
01:50:26,790 --> 01:50:24,000
was able to

2855
01:50:28,870 --> 01:50:26,800
have all my paintings and say wow this

2856
01:50:30,149 --> 01:50:28,880
one was seen here this one was seen here

2857
01:50:32,470 --> 01:50:30,159
and here and here and there

2858
01:50:34,070 --> 01:50:32,480
and then i got newspaper articles from

2859
01:50:36,870 --> 01:50:34,080
the wheeling area

2860
01:50:38,629 --> 01:50:36,880
then i got newspaper articles from down

2861
01:50:40,470 --> 01:50:38,639
in the tennessee area

2862
01:50:42,149 --> 01:50:40,480
and it's just extracting all the

2863
01:50:43,109 --> 01:50:42,159

information out from putting them on a

2864

01:50:45,030 --> 01:50:43,119

big chart

2865

01:50:46,229 --> 01:50:45,040

and then i would do more paintings line

2866

01:50:49,430 --> 01:50:46,239

them up on the wall

2867

01:50:51,109 --> 01:50:49,440

and put the timelines together and like

2868

01:50:52,629 --> 01:50:51,119

i said earlier and then that's when

2869

01:50:54,629 --> 01:50:52,639

i had i thought i had everything

2870

01:50:56,390 --> 01:50:54,639

together and stan sent me this big

2871

01:50:57,430 --> 01:50:56,400

gigantic box with the greenwood

2872

01:50:59,990 --> 01:50:57,440

collection

2873

01:51:01,189 --> 01:51:00,000

and there were more articles that nobody

2874

01:51:03,030 --> 01:51:01,199

had ever seen

2875

01:51:05,430 --> 01:51:03,040

so what i did is i just would go in and

2876

01:51:07,750 --> 01:51:05,440

extract the information out of there

2877

01:51:09,189 --> 01:51:07,760

go back to my master map and plot the

2878

01:51:12,390 --> 01:51:09,199

points

2879

01:51:14,629 --> 01:51:12,400

that's why just to let you know we got

2880

01:51:16,550 --> 01:51:14,639

about two and a half minutes

2881

01:51:17,589 --> 01:51:16,560

just just hang on just a second just

2882

01:51:18,550 --> 01:51:17,599

want to let you know we have two and a

2883

01:51:21,350 --> 01:51:18,560

half minutes

2884

01:51:22,470 --> 01:51:21,360

and uh someone is looking right now uh

2885

01:51:25,109 --> 01:51:22,480

trying to find

2886

01:51:25,990 --> 01:51:25,119

your youtube channel in the documentary

2887

01:51:29,030 --> 01:51:26,000

and and just

2888

01:51:29,830 --> 01:51:29,040

if you could give that out uh just so uh

2889

01:51:32,790 --> 01:51:29,840

everybody can

2890

01:51:34,709 --> 01:51:32,800

can find that it's if you go to

2891

01:51:38,149 --> 01:51:34,719

flatwoods flatwoodsmonster.com

2892

01:51:39,910 --> 01:51:38,159

it's right on my website oh there you go

2893

01:51:42,229 --> 01:51:39,920

that's when we're having straight to

2894

01:51:44,550 --> 01:51:42,239

youtube or if your keywords in

2895

01:51:46,149 --> 01:51:44,560

braxton connie monster booked by fascino

2896

01:51:49,189 --> 01:51:46,159

it'll come up

2897

01:51:51,990 --> 01:51:49,199

but everything is off my website

2898

01:51:52,310 --> 01:51:52,000

yeah okay all right so uh you heard it

2899

01:51:54,790 --> 01:51:52,320

there

2900

01:51:56,149 --> 01:51:54,800

flatwoods flatwoodsmonster.com is that

2901
01:51:59,430 --> 01:51:56,159
what it is

2902
01:52:00,390 --> 01:51:59,440
that's it yeah okay so that that was a

2903
01:52:02,870 --> 01:52:00,400
question asked

2904
01:52:03,910 --> 01:52:02,880
uh quite a bit and we just have up like

2905
01:52:05,350 --> 01:52:03,920
a minute and a half

2906
01:52:07,910 --> 01:52:05,360
albert i heard you start to say

2907
01:52:12,390 --> 01:52:09,350
no i don't know what i'm doing over here

2908
01:52:15,430 --> 01:52:12,400
to make you think that but uh no

2909
01:52:17,910 --> 01:52:15,440
what i was looking for was a site

2910
01:52:18,550 --> 01:52:17,920
uh was looking for the youtube site uh

2911
01:52:20,390 --> 01:52:18,560
address

2912
01:52:21,750 --> 01:52:20,400
that i could publish to you and then and

2913
01:52:23,109 --> 01:52:21,760

then maybe you could pass it on to

2914

01:52:26,149 --> 01:52:23,119

people

2915

01:52:29,669 --> 01:52:28,229

all right well that's okay we're we're

2916

01:52:30,470 --> 01:52:29,679

really out of time but i want to thank

2917

01:52:32,550 --> 01:52:30,480

you both

2918

01:52:35,270 --> 01:52:32,560

and uh it's been a real pleasure a lot

2919

01:52:37,589 --> 01:52:35,280

of fun tonight thank you very much

2920

01:52:39,990 --> 01:52:37,599

i enjoyed it and thank you so much for

2921

01:52:42,550 --> 01:52:40,000

the uh external validation on my music

2922

01:52:43,510 --> 01:52:42,560

that was real nice yeah it was it's

2923

01:52:46,310 --> 01:52:43,520

great

2924

01:52:47,189 --> 01:52:46,320

all right thank you both very much thank

2925

01:52:50,390 --> 01:52:47,199

you good night

2926

01:52:52,950 --> 01:52:50,400

awesome tonight now all right

2927

01:52:53,750 --> 01:52:52,960

all right so we'll we'll be back uh

2928

01:52:56,790 --> 01:52:53,760

we'll be back

2929

01:52:59,109 --> 01:52:56,800

next week with ralph blumenthal

2930

01:53:01,189 --> 01:52:59,119

so uh that should be a really good show

2931

01:53:04,310 --> 01:53:01,199

uh same time next week

2932

01:53:06,470 --> 01:53:04,320

and uh thank you so much for watching

2933

01:53:08,470 --> 01:53:06,480

listening however you're participating

2934

01:53:09,270 --> 01:53:08,480

thanks for your questions in chat sorry

2935

01:53:12,310 --> 01:53:09,280

we couldn't have

2936

01:53:15,030 --> 01:53:12,320

phone but again we will have uh

2937

01:53:16,390 --> 01:53:15,040

that all back next week with ralph

2938

01:53:18,790 --> 01:53:16,400

blumenthal

2939

01:53:32,820 --> 01:53:18,800

and so we'll see you next week and
