00:01:02,869 --> 00:00:25,660

[Music]

2
00:01:05,429 --> 00:01:03,910

hello everyone

3
00:01:07,429 --> 00:01:05,439

and welcome to the show i'm martin

4
00:01:09,350 --> 00:01:07,439

wilsher host and i've been really

5
00:01:10,230 --> 00:01:09,360

looking forward to this show i've got a

6
00:01:11,750 --> 00:01:10,240

very busy guy

7
00:01:14,310 --> 00:01:11,760

on the show tonight he's got a lot going

8
00:01:17,350 --> 00:01:14,320

on and luckily he carved out some time

9
00:01:18,310 --> 00:01:17,360

for tonight's show and again i am

10
00:01:20,710 --> 00:01:18,320

grateful for that

11
00:01:22,310 --> 00:01:20,720

and uh i hope to ask a lot of really

12
00:01:23,749 --> 00:01:22,320

interesting questions i have a lot of

13
00:01:25,910 --> 00:01:23,759

them on my own

14

00:01:27,190 --> 00:01:25,920

i want to say i feel like i almost made

15

00:01:29,190 --> 00:01:27,200

a mistake last

16

00:01:30,310 --> 00:01:29,200

week when i said hey send your questions

17

00:01:32,710 --> 00:01:30,320

in

18

00:01:34,069 --> 00:01:32,720

i got so many of them uh tons of

19

00:01:35,990 --> 00:01:34,079

questions came in through emails and i

20

00:01:39,109 --> 00:01:36,000

really do appreciate that

21

00:01:40,950 --> 00:01:39,119

if i can't get to your question uh

22

00:01:42,870 --> 00:01:40,960

going to ask questions that fit that's

23

00:01:44,789 --> 00:01:42,880

how i'll put it as i go along

24

00:01:46,230 --> 00:01:44,799

but if i can't get to the questions that

25

00:01:48,310 --> 00:01:46,240

you sent in

26

00:01:50,149 --> 00:01:48,320

then um it doesn't mean that your

27

00:01:51,510 --> 00:01:50,159

question was not good and you will have

28

00:01:53,109 --> 00:01:51,520

if you're watching live you'll have the

29

00:01:54,069 --> 00:01:53,119

last half hour where you can actually

30

00:01:55,990 --> 00:01:54,079

call in

31

00:01:57,510 --> 00:01:56,000

we're taking calls i expect the phones

32

00:01:59,030 --> 00:01:57,520

to be busy so um

33

00:02:00,550 --> 00:01:59,040

we'll post that number right at the half

34

00:02:03,350 --> 00:02:00,560

hour at the end

35

00:02:04,950 --> 00:02:03,360

um this week we have uh charles lear our

36

00:02:06,789 --> 00:02:04,960

blogger is taking the week off

37

00:02:08,869 --> 00:02:06,799

he's been pretty busy too working on his

38

00:02:10,630 --> 00:02:08,879

book it's almost done

39

00:02:11,910 --> 00:02:10,640

so i wrote an opinion piece and it kind

40

00:02:13,750 --> 00:02:11,920

of has to do with our

41

00:02:15,270 --> 00:02:13,760

guest this evening he's very involved

42

00:02:17,270 --> 00:02:15,280

and the topic

43

00:02:18,550 --> 00:02:17,280

um i don't know if you call it a blogger

44

00:02:21,270 --> 00:02:18,560

just an opinion and

45

00:02:22,430 --> 00:02:21,280

the title of it's the ufo world since

46

00:02:25,589 --> 00:02:22,440

december 16

47

00:02:28,630 --> 00:02:25,599

2017 i kind of go into where

48

00:02:29,589 --> 00:02:28,640

uh us in the ufo field we're paying

49

00:02:31,350 --> 00:02:29,599

attention to

50

00:02:33,430 --> 00:02:31,360

to the stars when they came out in

51
00:02:34,229 --> 00:02:33,440
october we listened to what happened

52
00:02:35,670 --> 00:02:34,239
then

53
00:02:37,430 --> 00:02:35,680
we thought it was really fascinating but

54
00:02:39,030 --> 00:02:37,440
the buzz kind of died down and then

55
00:02:42,070 --> 00:02:39,040
december 16

56
00:02:43,990 --> 00:02:42,080
2017 of the same year happened and since

57
00:02:45,589 --> 00:02:44,000
then it's been a different world so that

58
00:02:47,630 --> 00:02:45,599
opinion piece or blog whatever you want

59
00:02:49,350 --> 00:02:47,640
to call it is right on our website

60
00:02:51,030 --> 00:02:49,360
podcastufo.com

61
00:02:53,750 --> 00:02:51,040
check it out over there you can support

62
00:02:55,270 --> 00:02:53,760
the show for two dollars or more a month

63
00:02:57,350 --> 00:02:55,280

all that information is there we're on

64

00:02:58,790 --> 00:02:57,360

facebook and all that i didn't want to

65

00:03:00,309 --> 00:02:58,800

waste a lot of time

66

00:03:02,710 --> 00:03:00,319

talking tonight so i'm going to bring

67

00:03:04,949 --> 00:03:02,720

our guest right in and here he is

68

00:03:06,149 --> 00:03:04,959

welcome to the show lou hi martin thank

69

00:03:06,630 --> 00:03:06,159

you very much for having me and thank

70

00:03:08,790 --> 00:03:06,640

you to

71

00:03:10,869 --> 00:03:08,800

uh your listeners as well for uh for

72

00:03:12,630 --> 00:03:10,879

spending some time with us this evening

73

00:03:14,710 --> 00:03:12,640

yes and like i said boy did the

74

00:03:16,790 --> 00:03:14,720

questions ever come in

75

00:03:18,949 --> 00:03:16,800

so um i do get a lot of new people i'm

76

00:03:21,670 --> 00:03:18,959

not going to waste a whole lot of time

77

00:03:22,790 --> 00:03:21,680

um like introducing you just been so

78

00:03:25,030 --> 00:03:22,800

much in the news and

79

00:03:26,390 --> 00:03:25,040

and in the public so much so we don't

80

00:03:26,710 --> 00:03:26,400

really have to go into that but i will

81

00:03:29,270 --> 00:03:26,720

ask

82

00:03:30,309 --> 00:03:29,280

questions along those lines as we go

83

00:03:33,589 --> 00:03:30,319

along here

84

00:03:36,149 --> 00:03:33,599

but um i guess the the uh question

85

00:03:37,350 --> 00:03:36,159

i'll start off the back uh right off the

86

00:03:40,630 --> 00:03:37,360

bat with this

87

00:03:42,869 --> 00:03:40,640

uh how are things going today for you

88

00:03:43,910 --> 00:03:42,879

as far as the movement the movement

89

00:03:46,710 --> 00:03:43,920

forward i would say

90

00:03:49,430 --> 00:03:46,720

ah okay uh i thought you were gonna ask

91

00:03:51,830 --> 00:03:49,440

me how i'm doing personally today

92

00:03:52,630 --> 00:03:51,840

um i'm usually it's that question i'm

93

00:03:55,509 --> 00:03:52,640

pretty tired

94

00:03:56,149 --> 00:03:55,519

um but as far as uh you know the

95

00:03:59,110 --> 00:03:56,159

movement

96

00:03:59,670 --> 00:03:59,120

um you know i i don't think we could ask

97

00:04:05,110 --> 00:03:59,680

for

98

00:04:06,710 --> 00:04:05,120

you mention this and you you say

99

00:04:09,110 --> 00:04:06,720

say a movement i think a lot of people

100

00:04:12,550 --> 00:04:09,120

would would resonate with that where

101

00:04:14,149 --> 00:04:12,560

before it was um it was as earnest it

102

00:04:17,509 --> 00:04:14,159

was an earnest study into

103

00:04:18,789 --> 00:04:17,519

into the topic of uaps or ufos i i think

104

00:04:20,870 --> 00:04:18,799

we're witnessing something

105

00:04:22,069 --> 00:04:20,880

something more than that now um i think

106

00:04:24,870 --> 00:04:22,079

maybe we are

107

00:04:25,430 --> 00:04:24,880

we have cross crossed the threshold into

108

00:04:28,550 --> 00:04:25,440

something

109

00:04:29,670 --> 00:04:28,560

far more dynamic uh and and perhaps far

110

00:04:32,230 --> 00:04:29,680

more influential

111

00:04:33,830 --> 00:04:32,240

uh we are we are indeed to some degree i

112

00:04:36,230 --> 00:04:33,840

guess i guess a movement

113

00:04:36,950 --> 00:04:36,240

uh a movement can inform and can also

114

00:04:38,390 --> 00:04:36,960

influence

115

00:04:40,070 --> 00:04:38,400

and i think you're seeing that right now

116

00:04:41,590 --> 00:04:40,080

with with the help of you and

117

00:04:43,189 --> 00:04:41,600

and folks such as your listeners who are

118

00:04:45,270 --> 00:04:43,199

getting engaged some of these folks may

119

00:04:47,590 --> 00:04:45,280

be the first time they've ever really

120

00:04:49,270 --> 00:04:47,600

taken the topic seriously but uh you

121

00:04:49,749 --> 00:04:49,280

know it is making a difference you know

122

00:04:53,030 --> 00:04:49,759

have

123

00:04:54,310 --> 00:04:53,040

the department of defense involved and

124

00:04:55,270 --> 00:04:54,320

you have the intelligence community

125

00:04:57,350 --> 00:04:55,280

involved

126

00:04:58,950 --> 00:04:57,360

uh you have a lot of former senior

127

00:05:00,150 --> 00:04:58,960

current senior members of our government

128

00:05:02,310 --> 00:05:00,160

now involved and

129

00:05:03,590 --> 00:05:02,320

and yes i think that's i think that's a

130

00:05:05,590 --> 00:05:03,600

good way to put it

131

00:05:06,870 --> 00:05:05,600

movement um as far as how the movement

132

00:05:08,950 --> 00:05:06,880

is doing today

133

00:05:10,070 --> 00:05:08,960

uh i i think it's it's it's doing quite

134

00:05:11,990 --> 00:05:10,080

well i think it's it's

135

00:05:14,390 --> 00:05:12,000

quite healthy and i think every day this

136

00:05:17,590 --> 00:05:14,400

this movement continues to

137

00:05:18,550 --> 00:05:17,600

to grow and grow right um you know going

138

00:05:21,749 --> 00:05:18,560

all the way back to

139

00:05:24,070 --> 00:05:21,759

like the 1940s we were observing

140

00:05:24,790 --> 00:05:24,080

as a country and as the air force as

141

00:05:28,469 --> 00:05:24,800

well

142

00:05:30,070 --> 00:05:28,479

um has been observing these objects not

143

00:05:31,830 --> 00:05:30,080

really that much different from what

144

00:05:33,670 --> 00:05:31,840

people are reporting today

145

00:05:35,110 --> 00:05:33,680

um you know i mean i remember reading

146

00:05:37,029 --> 00:05:35,120

something back and i believe in the

147

00:05:40,629 --> 00:05:37,039

1950s i may be wrong

148

00:05:42,870 --> 00:05:40,639

where there was a radar uh reflection of

149

00:05:44,790 --> 00:05:42,880

something like 22 000 miles an hour of

150

00:05:45,590 --> 00:05:44,800

an object that stopped suddenly or

151
00:05:48,310 --> 00:05:45,600
something like that

152
00:05:50,070 --> 00:05:48,320
over canada maybe but anyway so these

153
00:05:52,390 --> 00:05:50,080
things have been going along

154
00:05:53,350 --> 00:05:52,400
all this time and i've mentioned a

155
00:05:57,510 --> 00:05:53,360
number of times

156
00:05:58,790 --> 00:05:57,520
think the government knows something's

157
00:06:01,270 --> 00:05:58,800
going on but they

158
00:06:02,070 --> 00:06:01,280
they don't know what it is and do you

159
00:06:04,830 --> 00:06:02,080
think we're

160
00:06:06,390 --> 00:06:04,840
closer to knowing what it is than in the

161
00:06:09,430 --> 00:06:06,400
1940s

162
00:06:12,390 --> 00:06:09,440
uh boy that's a loaded question i

163
00:06:12,870 --> 00:06:12,400

you know i'm damned if i do damned if i

164

00:06:15,990 --> 00:06:12,880

don't

165

00:06:19,029 --> 00:06:16,000

answer that um here's my my

166

00:06:21,749 --> 00:06:19,039

my my thoughts um

167

00:06:22,070 --> 00:06:21,759

i'm not sure we're closer to knowing

168

00:06:24,870 --> 00:06:22,080

what

169

00:06:26,390 --> 00:06:24,880

it is but i do think we are potentially

170

00:06:27,909 --> 00:06:26,400

closer to understanding some of the

171

00:06:30,790 --> 00:06:27,919

physics involved

172

00:06:32,469 --> 00:06:30,800

um when i was part of the a-tip program

173

00:06:34,150 --> 00:06:32,479

our focus was really very simple what

174

00:06:35,510 --> 00:06:34,160

was it and how does it work

175

00:06:37,749 --> 00:06:35,520

and i've said before probably my

176

00:06:39,510 --> 00:06:37,759

greatest frustration is that we really

177

00:06:41,909 --> 00:06:39,520

still at the end of all those years

178

00:06:44,070 --> 00:06:41,919

didn't really know what it was

179

00:06:46,230 --> 00:06:44,080

uh but you know on the bright side we

180

00:06:48,469 --> 00:06:46,240

were able to to begin to peel away a

181

00:06:49,830 --> 00:06:48,479

little bit of the onion uh with with the

182

00:06:51,830 --> 00:06:49,840

five observables and then

183

00:06:53,670 --> 00:06:51,840

uh be able to to look at some of the new

184

00:06:56,469 --> 00:06:53,680

models in quantum physics and

185

00:06:56,870 --> 00:06:56,479

and mathematical formulas and it appears

186

00:07:02,390 --> 00:06:56,880

that

187

00:07:03,350 --> 00:07:02,400

what we thought was so far off uh and

188

00:07:05,749 --> 00:07:03,360

our understanding

189

00:07:07,909 --> 00:07:05,759

really isn't maybe quite that far away

190

00:07:10,070 --> 00:07:07,919

and i think for me that that was

191

00:07:11,749 --> 00:07:10,080

that was uh probably one of the the

192

00:07:13,189 --> 00:07:11,759

greater accomplishments and and let me

193

00:07:15,749 --> 00:07:13,199

preface this by saying

194

00:07:17,270 --> 00:07:15,759

um it's not that we invented new physics

195

00:07:18,950 --> 00:07:17,280

physics you don't invent physics what

196

00:07:20,870 --> 00:07:18,960

you do is

197

00:07:22,230 --> 00:07:20,880

is gain a better understanding of

198

00:07:24,629 --> 00:07:22,240

existing physics

199

00:07:25,589 --> 00:07:24,639

and i think i think that's what we were

200

00:07:28,150 --> 00:07:25,599

we were

201
00:07:30,309 --> 00:07:28,160
able to do to some degree is be able to

202
00:07:31,350 --> 00:07:30,319
now that we have a a little bit better

203
00:07:33,270 --> 00:07:31,360
understanding of some of our

204
00:07:35,990 --> 00:07:33,280
observations in quantum physics

205
00:07:37,830 --> 00:07:36,000
be able to start developing models um to

206
00:07:39,749 --> 00:07:37,840
see if if they fit and and

207
00:07:40,950 --> 00:07:39,759
it turns out that that that some of them

208
00:07:43,589 --> 00:07:40,960
do

209
00:07:45,350 --> 00:07:43,599
i remember i had um dr seth shawstak

210
00:07:47,430 --> 00:07:45,360
from the seti program on the show i had

211
00:07:49,909 --> 00:07:47,440
him on three times so far but

212
00:07:51,430 --> 00:07:49,919
one of the times i said to him you know

213
00:07:53,110 --> 00:07:51,440

because he was going on and on about the

214

00:07:56,230 --> 00:07:53,120

amount of energy that

215

00:07:58,629 --> 00:07:56,240

um we would need to travel from

216

00:07:59,830 --> 00:07:58,639

another star system to us if that's what

217

00:08:02,230 --> 00:07:59,840

is happening

218

00:08:03,270 --> 00:08:02,240

and so i mentioned something to him like

219

00:08:04,790 --> 00:08:03,280

what if there's

220

00:08:06,469 --> 00:08:04,800

physics that we haven't discovered yet

221

00:08:09,110 --> 00:08:06,479

that'll make that possible

222

00:08:09,990 --> 00:08:09,120

and he kind of like brushed it off do

223

00:08:13,110 --> 00:08:10,000

you think

224

00:08:15,029 --> 00:08:13,120

that they're and this is seems like kind

225

00:08:15,990 --> 00:08:15,039

of the way you might be going you're not

226

00:08:18,790 --> 00:08:16,000

actually saying that they're

227

00:08:21,510 --> 00:08:18,800

extraterrestrial and you know for sure

228

00:08:23,029 --> 00:08:21,520

whatever it's all speculation but do you

229

00:08:25,909 --> 00:08:23,039

think that's what it is there's just

230

00:08:26,869 --> 00:08:25,919

more physics to be uncovered to make

231

00:08:29,110 --> 00:08:26,879

star travel

232

00:08:31,110 --> 00:08:29,120

actually possible and do you think that

233

00:08:34,230 --> 00:08:31,120

we will ever advance to that

234

00:08:37,269 --> 00:08:34,240

you know i i i do and and

235

00:08:40,630 --> 00:08:37,279

no disrespect to mr chelstack

236

00:08:41,750 --> 00:08:40,640

from seti but let's face it in the end

237

00:08:44,630 --> 00:08:41,760

of the

238

00:08:45,829 --> 00:08:44,640

1800s the u.s patent office made a

239

00:08:47,750 --> 00:08:45,839

declaration that

240

00:08:49,430 --> 00:08:47,760

uh within a few years there would be no

241

00:08:50,230 --> 00:08:49,440

more need for a u.s patent office

242

00:08:51,590 --> 00:08:50,240

because

243

00:08:54,150 --> 00:08:51,600

everything that could be possibly

244

00:08:55,829 --> 00:08:54,160

invented will have been invented by then

245

00:08:57,670 --> 00:08:55,839

clearly that was a very short-sighted

246

00:09:00,389 --> 00:08:57,680

statement and envisioned by

247

00:09:01,430 --> 00:09:00,399

by the u.s patent office and i think the

248

00:09:04,550 --> 00:09:01,440

same holds true

249

00:09:07,110 --> 00:09:04,560

we are we are a very pioneering species

250

00:09:07,990 --> 00:09:07,120

and every day we're coming up with new

251
00:09:11,509 --> 00:09:08,000
clever innovative

252
00:09:14,070 --> 00:09:11,519
ways to to uh to to

253
00:09:14,550 --> 00:09:14,080
to live and perform in our environment

254
00:09:15,910 --> 00:09:14,560
and

255
00:09:17,750 --> 00:09:15,920
every day we're learning something

256
00:09:18,790 --> 00:09:17,760
something revolutionary in the way of

257
00:09:21,350 --> 00:09:18,800
science

258
00:09:22,870 --> 00:09:21,360
and for us to think that that space time

259
00:09:23,430 --> 00:09:22,880
in order for us to go to point a to

260
00:09:25,910 --> 00:09:23,440
point b

261
00:09:27,750 --> 00:09:25,920
has to be some sort of linear function

262
00:09:29,590 --> 00:09:27,760
uh you know we're beginning to realize

263
00:09:33,269 --> 00:09:29,600

that that's not necessarily the case

264

00:09:35,030 --> 00:09:33,279

um quantum physics shows that uh

265

00:09:36,389 --> 00:09:35,040

space and to some degree is rather

266

00:09:38,710 --> 00:09:36,399

irrelevant um

267

00:09:39,910 --> 00:09:38,720

and and maybe even time to some degree

268

00:09:41,910 --> 00:09:39,920

uh when you look at uh

269

00:09:43,750 --> 00:09:41,920

at a notion such as that such as quantum

270

00:09:45,750 --> 00:09:43,760

entanglement something is going on this

271

00:09:46,630 --> 00:09:45,760

this spooky action from a distance if

272

00:09:49,590 --> 00:09:46,640

you will

273

00:09:50,949 --> 00:09:49,600

where things are able to to communicate

274

00:09:51,750 --> 00:09:50,959

with things if you want to call it

275

00:09:54,790 --> 00:09:51,760

communication

276

00:09:56,550 --> 00:09:54,800

act upon other things where uh distance

277

00:09:59,269 --> 00:09:56,560

doesn't seem to be a factor

278

00:10:01,030 --> 00:09:59,279

it's happening instantaneously and

279

00:10:01,750 --> 00:10:01,040

across the vastness of the universe and

280

00:10:03,910 --> 00:10:01,760

so

281

00:10:05,110 --> 00:10:03,920

i think i think we need to be very

282

00:10:07,670 --> 00:10:05,120

careful anytime we

283

00:10:08,389 --> 00:10:07,680

we we shrug off the notion that there's

284

00:10:11,430 --> 00:10:08,399

uh

285

00:10:13,590 --> 00:10:11,440

new physics to be discovered if you will

286

00:10:15,110 --> 00:10:13,600

um you know i i think that's

287

00:10:16,949 --> 00:10:15,120

short-sighted because one thing we've

288

00:10:17,590 --> 00:10:16,959

learned over and over again through time

289

00:10:20,150 --> 00:10:17,600

is that

290

00:10:21,590 --> 00:10:20,160

we haven't learned everything yet um and

291

00:10:24,069 --> 00:10:21,600

and what we are seeing is

292

00:10:26,069 --> 00:10:24,079

real whatever it is so therefore

293

00:10:29,509 --> 00:10:26,079

something or someone

294

00:10:31,829 --> 00:10:29,519

uh has uh has been able to master uh

295

00:10:33,990 --> 00:10:31,839

a particular part of physics that we we

296

00:10:37,430 --> 00:10:34,000

don't quite yet understand i mean that's

297

00:10:39,509 --> 00:10:37,440

that's that's evident when

298

00:10:41,030 --> 00:10:39,519

um the pyramid you must have heard i

299

00:10:42,389 --> 00:10:41,040

know you've heard of the pyramid video

300

00:10:43,670 --> 00:10:42,399

what it's called the pyramid video that

301
00:10:45,990 --> 00:10:43,680
was released

302
00:10:47,990 --> 00:10:46,000
and it's it's i think it's been

303
00:10:51,030 --> 00:10:48,000
thoroughly debunked as not

304
00:10:51,750 --> 00:10:51,040
not a purpose uh purposeful hoax in any

305
00:10:55,030 --> 00:10:51,760
way

306
00:10:56,630 --> 00:10:55,040
but the fact that the iris or um the

307
00:10:58,710 --> 00:10:56,640
camera lens itself

308
00:11:00,470 --> 00:10:58,720
is the cause for those pyramid shapes

309
00:11:03,350 --> 00:11:00,480
and things like that uh

310
00:11:05,030 --> 00:11:03,360
uh did did you i believe i heard you say

311
00:11:06,470 --> 00:11:05,040
when that first came out you you weren't

312
00:11:08,150 --> 00:11:06,480
aware of any

313
00:11:10,230 --> 00:11:08,160

you know debunking going on did you

314

00:11:13,030 --> 00:11:10,240

think that was uh i know the

315

00:11:13,750 --> 00:11:13,040

navy admitted it was a a real video but

316

00:11:17,030 --> 00:11:13,760

they didn't say

317

00:11:20,870 --> 00:11:17,040

anything about the objects yeah well

318

00:11:21,430 --> 00:11:20,880

uh first of all i i i i'm not a debunker

319

00:11:23,990 --> 00:11:21,440

um i

320

00:11:25,190 --> 00:11:24,000

prefer analysis debunking means you know

321

00:11:26,710 --> 00:11:25,200

trying to go out if you will and

322

00:11:28,949 --> 00:11:26,720

purposely prove something

323

00:11:29,910 --> 00:11:28,959

is a fraud or a fake um i i don't go

324

00:11:32,150 --> 00:11:29,920

into

325

00:11:33,750 --> 00:11:32,160

any situation with that in mind i go

326

00:11:35,590 --> 00:11:33,760

into a situation to try

327

00:11:37,750 --> 00:11:35,600

at least i try to be as open-minded as

328

00:11:39,750 --> 00:11:37,760

possible and and let the facts and data

329

00:11:40,790 --> 00:11:39,760

speak for itself and conduct analysis

330

00:11:43,509 --> 00:11:40,800

and if at the end of that

331

00:11:45,509 --> 00:11:43,519

of that analysis it turns out there's a

332

00:11:46,949 --> 00:11:45,519

very fair-minded rational explanation

333

00:11:47,670 --> 00:11:46,959

for something then that's usually what

334

00:11:50,150 --> 00:11:47,680

what

335

00:11:50,710 --> 00:11:50,160

i tend to go with in this particular

336

00:11:53,670 --> 00:11:50,720

case

337

00:11:55,829 --> 00:11:53,680

we don't know all the details yet it's

338

00:11:57,509 --> 00:11:55,839

it's very easy to to make a premature

339

00:11:59,910 --> 00:11:57,519

decision one way or the other that

340

00:12:01,509 --> 00:11:59,920

it's a if you will a bouquet effect or

341

00:12:04,150 --> 00:12:01,519

it's something else

342

00:12:04,710 --> 00:12:04,160

uh but we do know the fact that it is a

343

00:12:17,990 --> 00:12:04,720

a

344

00:12:21,190 --> 00:12:18,000

object from different perspectives

345

00:12:23,350 --> 00:12:21,200

yet we don't know what the audio is yet

346

00:12:25,350 --> 00:12:23,360

and we don't know what the radar data is

347

00:12:28,550 --> 00:12:25,360

yet and we don't know what the

348

00:12:30,150 --> 00:12:28,560

what the uh for example um

349

00:12:31,990 --> 00:12:30,160

you know a lot of these aircraft will

350

00:12:32,710 --> 00:12:32,000

will squawk they have transponders on

351
00:12:35,190 --> 00:12:32,720
there

352
00:12:36,629 --> 00:12:35,200
and and we don't know yet uh really any

353
00:12:39,670 --> 00:12:36,639
of those details so

354
00:12:41,110 --> 00:12:39,680
i i think it's tempting um to to to go

355
00:12:42,389 --> 00:12:41,120
down a path you know say oh that's

356
00:12:44,629 --> 00:12:42,399
that's clearly uh

357
00:12:46,150 --> 00:12:44,639
uh the an artifact of the lens because

358
00:12:47,670 --> 00:12:46,160
it's it's closing in a triangular

359
00:12:49,350 --> 00:12:47,680
aperture and that's what you're seeing

360
00:12:51,590 --> 00:12:49,360
and that may very well be the case but

361
00:12:52,230 --> 00:12:51,600
but i think we have to be cautious not

362
00:12:56,949 --> 00:12:52,240
to

363
00:12:59,509 --> 00:12:56,959

conclusion

364

00:13:00,389 --> 00:12:59,519

that it's some sort of uh alien or

365

00:13:03,190 --> 00:13:00,399

interdimensional

366

00:13:05,350 --> 00:13:03,200

uh triangular vehicle we just simply

367

00:13:07,269 --> 00:13:05,360

don't have enough data yet and i

368

00:13:08,470 --> 00:13:07,279

i do appreciate people's passion and

369

00:13:11,350 --> 00:13:08,480

enthusiasm

370

00:13:13,590 --> 00:13:11,360

i do appreciate uh their their wants and

371

00:13:15,030 --> 00:13:13,600

desires to figure it out because i'm in

372

00:13:17,829 --> 00:13:15,040

the same same boat

373

00:13:19,829 --> 00:13:17,839

but i also like to caution people you

374

00:13:21,269 --> 00:13:19,839

know try to avoid jumping to conclusions

375

00:13:22,470 --> 00:13:21,279

prematurely

376

00:13:24,310 --> 00:13:22,480

at the end of the day they may be

377

00:13:26,150 --> 00:13:24,320

absolutely correct but i

378

00:13:28,150 --> 00:13:26,160

i think i think there's more i think

379

00:13:30,310 --> 00:13:28,160

there's more that needs to be said

380

00:13:31,750 --> 00:13:30,320

uh and learned about uh about that

381

00:13:34,790 --> 00:13:31,760

particular incident so i

382

00:13:35,910 --> 00:13:34,800

i don't have a comment yet uh martin i i

383

00:13:38,389 --> 00:13:35,920

you know i think there's a lot of things

384

00:13:40,230 --> 00:13:38,399

it could be and uh i think i

385

00:13:41,829 --> 00:13:40,240

think we still need to have have more

386

00:13:42,710 --> 00:13:41,839

data on the table before we can start

387

00:13:45,829 --> 00:13:42,720

ruling things

388

00:13:47,269 --> 00:13:45,839

out i know that well i don't know for

389

00:13:48,790 --> 00:13:47,279

100 percent

390

00:13:50,389 --> 00:13:48,800

if this is the case or not but that

391

00:13:53,430 --> 00:13:50,399

might have been filmed through

392

00:13:54,790 --> 00:13:53,440

an iphone through a lens that's um and

393

00:13:56,230 --> 00:13:54,800

and you know i have it i don't

394

00:13:57,910 --> 00:13:56,240

have any of that information right in

395

00:13:59,670 --> 00:13:57,920

front of me but that's what

396

00:14:02,389 --> 00:13:59,680

that's what i recall in that particular

397

00:14:04,870 --> 00:14:02,399

case now you and i met in

398

00:14:05,910 --> 00:14:04,880

cherry hill uh during the mufon event

399

00:14:08,150 --> 00:14:05,920

and you and i talked

400

00:14:08,949 --> 00:14:08,160

for maybe 25 30 minutes something like

401
00:14:11,509 --> 00:14:08,959
that

402
00:14:13,350 --> 00:14:11,519
and i realized afterwards we never

403
00:14:15,670 --> 00:14:13,360
talked about ufos

404
00:14:17,030 --> 00:14:15,680
we talked about uh collecting civil war

405
00:14:18,550 --> 00:14:17,040
muskets and things like that and all

406
00:14:19,670 --> 00:14:18,560
kinds of things because that's kind of

407
00:14:22,389 --> 00:14:19,680
the field that i'm in

408
00:14:23,269 --> 00:14:22,399
so anyway it was really uh really nice

409
00:14:26,550 --> 00:14:23,279
talking to you

410
00:14:28,310 --> 00:14:26,560
now i gotta i'm gonna ask you a question

411
00:14:32,150 --> 00:14:28,320
and it's only because i hear it

412
00:14:33,030 --> 00:14:32,160
said a lot and and i do agree with one

413
00:14:34,710 --> 00:14:33,040

part of it

414

00:14:36,629 --> 00:14:34,720

and that is and i just wanted to answer

415

00:14:39,670 --> 00:14:36,639

from you you would make

416

00:14:44,150 --> 00:14:39,680

an excellent disinformation officer

417

00:14:46,230 --> 00:14:44,160

if you wanted to be one how many times

418

00:14:47,829 --> 00:14:46,240

all the time i mean i'd also make an

419

00:14:49,430 --> 00:14:47,839

excellent garbage man i'd make an

420

00:14:50,150 --> 00:14:49,440

excellent auto mechanic and make an

421

00:14:52,310 --> 00:14:50,160

excellent

422

00:14:54,230 --> 00:14:52,320

roofer and construction worker i mean

423

00:14:55,269 --> 00:14:54,240

yeah i mean i've i've had a lot of jobs

424

00:14:57,269 --> 00:14:55,279

in my life

425

00:14:59,509 --> 00:14:57,279

where i've learned certain skills and

426

00:15:01,110 --> 00:14:59,519

expertise you know

427

00:15:02,710 --> 00:15:01,120

but one thing for sure is you don't

428

00:15:03,350 --> 00:15:02,720

conduct this information on your own

429

00:15:05,030 --> 00:15:03,360

people

430

00:15:06,389 --> 00:15:05,040

okay there's something called

431

00:15:08,069 --> 00:15:06,399

intelligence oversight that's something

432

00:15:09,189 --> 00:15:08,079

called executive order one two triple

433

00:15:11,189 --> 00:15:09,199

three there's something called dod

434

00:15:13,269 --> 00:15:11,199

director 5240.1

435

00:15:14,870 --> 00:15:13,279

that expressly makes it illegal to use

436

00:15:15,829 --> 00:15:14,880

those type of tactics techniques and

437

00:15:17,430 --> 00:15:15,839

procedures

438

00:15:19,670 --> 00:15:17,440

against the american people there was a

439

00:15:22,230 --> 00:15:19,680

time in the 1960s we did that

440

00:15:22,949 --> 00:15:22,240

as an intelligence community as as a as

441

00:15:29,430 --> 00:15:22,959

a

442

00:15:31,990 --> 00:15:29,440

things we were spying on on student

443

00:15:32,470 --> 00:15:32,000

bodies and student unions for protests

444

00:15:35,189 --> 00:15:32,480

and

445

00:15:37,030 --> 00:15:35,199

shouldn't have been we shouldn't have

446

00:15:38,629 --> 00:15:37,040

been doing at the time and so

447

00:15:40,550 --> 00:15:38,639

laws were passed to make sure that

448

00:15:43,590 --> 00:15:40,560

doesn't happen and i will tell you

449

00:15:45,030 --> 00:15:43,600

there is a a rigorous body of lawyers

450

00:15:47,030 --> 00:15:45,040

at the department of defense and the

451
00:15:49,269 --> 00:15:47,040
intelligence community that are just

452
00:15:50,710 --> 00:15:49,279
waiting to sink their teeth into to

453
00:15:52,389 --> 00:15:50,720
someone like me if i were to be

454
00:15:55,430 --> 00:15:52,399
conducting disinformation

455
00:15:58,949 --> 00:15:55,440
uh efforts on on the american people um

456
00:15:59,509 --> 00:15:58,959
you know could i do it sure you could do

457
00:16:01,910 --> 00:15:59,519
it

458
00:16:02,790 --> 00:16:01,920
there's plenty of people in the ufo

459
00:16:03,910 --> 00:16:02,800
community

460
00:16:05,910 --> 00:16:03,920
right now that are conducting

461
00:16:08,389 --> 00:16:05,920
disinformation operations against

462
00:16:09,670 --> 00:16:08,399
against us uh but they're not former

463
00:16:12,790 --> 00:16:09,680

federal employees

464

00:16:14,949 --> 00:16:12,800

and for me um you know i i took that

465

00:16:16,310 --> 00:16:14,959

oath very seriously uh yeah they're in

466

00:16:17,430 --> 00:16:16,320

the world of counterintelligence there's

467

00:16:18,389 --> 00:16:17,440

a lot of what we call denial and

468

00:16:20,389 --> 00:16:18,399

deception

469

00:16:21,829 --> 00:16:20,399

and you conduct those activities against

470

00:16:23,910 --> 00:16:21,839

the enemy

471

00:16:25,269 --> 00:16:23,920

but you don't you don't use them against

472

00:16:27,030 --> 00:16:25,279

your own people you don't use them

473

00:16:28,310 --> 00:16:27,040

against your own family and your friends

474

00:16:30,470 --> 00:16:28,320

and your neighbors

475

00:16:31,990 --> 00:16:30,480

so uh you know i think personally that's

476

00:16:33,590 --> 00:16:32,000

it's repugnant

477

00:16:35,110 --> 00:16:33,600

to assume that anybody whose

478

00:16:36,790 --> 00:16:35,120

intelligence i think that is probably

479

00:16:38,790 --> 00:16:36,800

the greatest stereotype

480

00:16:40,150 --> 00:16:38,800

that one could paint anybody under uh

481

00:16:41,749 --> 00:16:40,160

you know you want to

482

00:16:43,269 --> 00:16:41,759

want to talk about a conversation about

483

00:16:44,550 --> 00:16:43,279

racism well

484

00:16:46,790 --> 00:16:44,560

you know don't look now but that's a

485

00:16:48,230 --> 00:16:46,800

form of racism you're putting me in a

486

00:16:50,389 --> 00:16:48,240

category and others

487

00:16:52,310 --> 00:16:50,399

who've served their nation honorably in

488

00:16:54,069 --> 00:16:52,320

a category of that word now the enemy

489

00:16:55,430 --> 00:16:54,079

because we have these skill sets and and

490

00:16:56,629 --> 00:16:55,440

somehow we're using them against the

491

00:16:59,269 --> 00:16:56,639

american people

492

00:17:00,230 --> 00:16:59,279

um you know my response to that is okay

493

00:17:02,389 --> 00:17:00,240

prove it

494

00:17:03,910 --> 00:17:02,399

okay yeah if that's what you think prove

495

00:17:05,189 --> 00:17:03,920

it and and by the way you better have

496

00:17:07,270 --> 00:17:05,199

the damn evidence

497

00:17:08,949 --> 00:17:07,280

because i know i know that i'm not doing

498

00:17:11,110 --> 00:17:08,959

it so if you think i am

499

00:17:12,789 --> 00:17:11,120

uh you know i sure hope you can prove it

500

00:17:14,069 --> 00:17:12,799

and you know obviously you hear my voice

501
00:17:15,110 --> 00:17:14,079
getting raised a little bit a little bit

502
00:17:16,549 --> 00:17:15,120
emotional

503
00:17:17,909 --> 00:17:16,559
because i i don't think people really

504
00:17:19,429 --> 00:17:17,919
understand first of all what is

505
00:17:22,549 --> 00:17:19,439
intelligence what is it actually

506
00:17:23,829 --> 00:17:22,559
and what is disinformation thirdly

507
00:17:26,069 --> 00:17:23,839
you know the cost of running a

508
00:17:27,669 --> 00:17:26,079
disinformation operation is very very

509
00:17:29,190 --> 00:17:27,679
expensive

510
00:17:31,669 --> 00:17:29,200
why would we do that against the

511
00:17:33,350 --> 00:17:31,679
american people especially a community

512
00:17:35,029 --> 00:17:33,360
that really doesn't have a whole lot of

513
00:17:37,029 --> 00:17:35,039

influence in in in

514

00:17:38,070 --> 00:17:37,039

national defense decisions it's been a

515

00:17:40,870 --> 00:17:38,080

very niche

516

00:17:42,789 --> 00:17:40,880

community for a very long time uh as as

517

00:17:44,630 --> 00:17:42,799

wonderful as it is it's not particularly

518

00:17:48,070 --> 00:17:44,640

influential when it comes to

519

00:17:50,390 --> 00:17:48,080

the national defense structure um

520

00:17:51,430 --> 00:17:50,400

you know why that's just silly why i

521

00:17:53,350 --> 00:17:51,440

mean

522

00:17:54,630 --> 00:17:53,360

waste money just to play joke on

523

00:17:57,750 --> 00:17:54,640

somebody i

524

00:17:59,350 --> 00:17:57,760

i don't get it yeah well um

525

00:18:01,270 --> 00:17:59,360

i wanted to address that because i've

526

00:18:02,710 --> 00:18:01,280

i've seen that in blogs and everything

527

00:18:03,750 --> 00:18:02,720

else and i just wanted you to

528

00:18:05,270 --> 00:18:03,760

you know set it straight and i

529

00:18:06,630 --> 00:18:05,280

appreciate it and martin i know it's not

530

00:18:07,909 --> 00:18:06,640

coming from you by the way so don't

531

00:18:10,070 --> 00:18:07,919

please don't take offense i'm

532

00:18:11,669 --> 00:18:10,080

in no way am i am i directing this

533

00:18:14,710 --> 00:18:11,679

frustration to you

534

00:18:16,150 --> 00:18:14,720

um it's just for me i don't think people

535

00:18:17,750 --> 00:18:16,160

understand that i'm a person too

536

00:18:19,590 --> 00:18:17,760

i'm an individual i'm a father you know

537

00:18:20,950 --> 00:18:19,600

i'm a husband i'm a taxpayer

538

00:18:22,710 --> 00:18:20,960

you know i try to perform my civic

539

00:18:24,710 --> 00:18:22,720

duties the best i can

540

00:18:26,150 --> 00:18:24,720

and and anytime someone comes up and

541

00:18:27,830 --> 00:18:26,160

says oh you guys you're

542

00:18:30,710 --> 00:18:27,840

once an intel person always an intel

543

00:18:31,350 --> 00:18:30,720

person or once a cia person always a cia

544

00:18:33,270 --> 00:18:31,360

person

545

00:18:35,830 --> 00:18:33,280

what the hell does that mean i mean do

546

00:18:38,310 --> 00:18:35,840

you even have they ever spent a moment

547

00:18:38,950 --> 00:18:38,320

in the day of the life of these people

548

00:18:41,190 --> 00:18:38,960

that are

549

00:18:42,710 --> 00:18:41,200

trying to protect this country no they

550

00:18:44,150 --> 00:18:42,720

spend most of their time in the mother's

551
00:18:45,750 --> 00:18:44,160
basement sitting there probably in their

552
00:18:47,350 --> 00:18:45,760
underwear looking at a computer

553
00:18:49,750 --> 00:18:47,360
and and not understanding what this is

554
00:18:53,190 --> 00:18:49,760
really about and it's it's offensive

555
00:18:55,029 --> 00:18:53,200
that people actually think that of of

556
00:18:58,470 --> 00:18:55,039
individuals

557
00:19:00,710 --> 00:18:58,480
well thank you for that um no i know

558
00:19:01,590 --> 00:19:00,720
you know as far as you you can't violate

559
00:19:03,990 --> 00:19:01,600
your your

560
00:19:05,510 --> 00:19:04,000
your security oath by any means i mean

561
00:19:07,990 --> 00:19:05,520
you have everything at ri

562
00:19:08,549 --> 00:19:08,000
you'd be risking everything pension and

563
00:19:11,590 --> 00:19:08,559

and

564

00:19:12,310 --> 00:19:11,600

possibly you know harsh um treatment as

565

00:19:15,350 --> 00:19:12,320

well

566

00:19:17,190 --> 00:19:15,360

but um i

567

00:19:18,789 --> 00:19:17,200

i don't know if you can answer this but

568

00:19:21,270 --> 00:19:18,799

do you think that you have seen

569

00:19:22,230 --> 00:19:21,280

evidence that if that evidence was

570

00:19:23,750 --> 00:19:22,240

leaked

571

00:19:25,510 --> 00:19:23,760

that it would change everything in the

572

00:19:27,270 --> 00:19:25,520

and as far as what people think about

573

00:19:29,669 --> 00:19:27,280

ufos

574

00:19:31,029 --> 00:19:29,679

i think it would change the conversation

575

00:19:32,549 --> 00:19:31,039

changing the way people think is

576

00:19:34,470 --> 00:19:32,559

something entirely different and

577

00:19:36,789 --> 00:19:34,480

this is something that i've i've learned

578

00:19:40,310 --> 00:19:36,799

uh through the course of many years

579

00:19:42,310 --> 00:19:40,320

of experience you can present somebody

580

00:19:43,909 --> 00:19:42,320

with absolute facts and at the end of

581

00:19:45,669 --> 00:19:43,919

the day you're not going to change their

582

00:19:47,590 --> 00:19:45,679

mind necessarily

583

00:19:48,710 --> 00:19:47,600

this is a gradual conversation and this

584

00:19:50,789 --> 00:19:48,720

is one of the reasons why i said

585

00:19:53,510 --> 00:19:50,799

disclosure is a process

586

00:19:55,270 --> 00:19:53,520

and and not an event you don't just

587

00:19:56,870 --> 00:19:55,280

present somebody information and say oh

588

00:19:58,310 --> 00:19:56,880

aha okay i'm going to change my entire

589

00:19:59,990 --> 00:19:58,320

paradigm of thinking

590

00:20:01,669 --> 00:20:00,000

that's not the way we're wired as human

591

00:20:04,870 --> 00:20:01,679

beings it takes time

592

00:20:06,310 --> 00:20:04,880

uh it takes it takes uh the ability to

593

00:20:09,190 --> 00:20:06,320

to contemplate

594

00:20:09,669 --> 00:20:09,200

the facts and process those facts and

595

00:20:12,870 --> 00:20:09,679

then

596

00:20:14,070 --> 00:20:12,880

have the courage to to be able to have

597

00:20:17,430 --> 00:20:14,080

draw new conclusions

598

00:20:19,270 --> 00:20:17,440

right we tend to be a a um

599

00:20:21,029 --> 00:20:19,280

we don't have a whole lot of humility as

600

00:20:22,710 --> 00:20:21,039

a species we tend to think we know we

601
00:20:25,430 --> 00:20:22,720
have all the answers and so

602
00:20:27,350 --> 00:20:25,440
when you are challenged with with uh new

603
00:20:30,630 --> 00:20:27,360
information that challenges your

604
00:20:32,310 --> 00:20:30,640
your status quo uh that's that's a tough

605
00:20:34,630 --> 00:20:32,320
pill to swallow for a lot of people

606
00:20:36,230 --> 00:20:34,640
and i'm not blaming anybody for this

607
00:20:38,549 --> 00:20:36,240
it's part of the human condition we all

608
00:20:40,870 --> 00:20:38,559
have these these biases that we

609
00:20:42,310 --> 00:20:40,880
uh we we bring along with us through

610
00:20:44,549 --> 00:20:42,320
life and whether it's uh

611
00:20:47,029 --> 00:20:44,559
with religion or or governmental

612
00:20:50,070 --> 00:20:47,039
organizations or institutions or

613
00:20:51,029 --> 00:20:50,080

whatever you know that's kind of the way

614

00:20:54,390 --> 00:20:51,039

we are

615

00:20:57,430 --> 00:20:54,400

and uh it i think

616

00:20:59,510 --> 00:20:57,440

i do think that um as more information

617

00:21:01,350 --> 00:20:59,520

comes out it's going to continue to

618

00:21:02,950 --> 00:21:01,360

drive the conversation but ultimately

619

00:21:04,789 --> 00:21:02,960

it's not videos and it's not pictures

620

00:21:06,390 --> 00:21:04,799

that are going to convince people

621

00:21:08,149 --> 00:21:06,400

it's it's going to be dialogue

622

00:21:08,870 --> 00:21:08,159

discussion and conversation with each

623

00:21:10,310 --> 00:21:08,880

other

624

00:21:12,390 --> 00:21:10,320

because at the end of the day you can

625

00:21:15,270 --> 00:21:12,400

always always come up with some sort of

626
00:21:16,710 --> 00:21:15,280
crazy prosaic explanation for something

627
00:21:18,549 --> 00:21:16,720
i don't care if i have a picture of this

628
00:21:19,750 --> 00:21:18,559
thing landing on the white house lawn

629
00:21:21,510 --> 00:21:19,760
there's going to be people out there

630
00:21:23,029 --> 00:21:21,520
that are going to provide contrary

631
00:21:25,510 --> 00:21:23,039
information and data

632
00:21:26,470 --> 00:21:25,520
uh that will that will argue against

633
00:21:29,510 --> 00:21:26,480
that so

634
00:21:30,549 --> 00:21:29,520
again i i i this is why i tell people

635
00:21:32,710 --> 00:21:30,559
look

636
00:21:34,789 --> 00:21:32,720
this is more than just pictures and and

637
00:21:36,710 --> 00:21:34,799
videos to to satisfy

638
00:21:37,830 --> 00:21:36,720

people's curiosity this is this is a

639

00:21:39,909 --> 00:21:37,840

much

640

00:21:41,350 --> 00:21:39,919

bigger question we're dealing with here

641

00:21:42,950 --> 00:21:41,360

we're dealing with it with

642

00:21:44,950 --> 00:21:42,960

with something that may change the very

643

00:21:45,909 --> 00:21:44,960

paradigm in which the human species

644

00:21:48,149 --> 00:21:45,919

looks at itself

645

00:21:49,430 --> 00:21:48,159

and and views it's it's itself in the

646

00:21:52,470 --> 00:21:49,440

universe

647

00:21:55,270 --> 00:21:52,480

um you know again that's

648

00:21:57,430 --> 00:21:55,280

that's that's a whole fundamental

649

00:21:59,750 --> 00:21:57,440

different conversation than just

650

00:22:01,350 --> 00:21:59,760

some pictures of some lights in the sky

651
00:22:02,470 --> 00:22:01,360
and i think that's why i think that's

652
00:22:04,870 --> 00:22:02,480
why it's so important

653
00:22:05,830 --> 00:22:04,880
that that folks like you martin and your

654
00:22:07,830 --> 00:22:05,840
audience

655
00:22:09,830 --> 00:22:07,840
are are willing to have a conversation

656
00:22:11,510 --> 00:22:09,840
about this topic in in an elevated

657
00:22:12,149 --> 00:22:11,520
manner right in a way that that avoids

658
00:22:20,789 --> 00:22:12,159
the

659
00:22:22,230 --> 00:22:20,799
has traditionally been associated with

660
00:22:24,789 --> 00:22:22,240
this topic and and

661
00:22:26,070 --> 00:22:24,799
been considered fringe when in reality

662
00:22:27,190 --> 00:22:26,080
we may be dealing with one of the

663
00:22:30,870 --> 00:22:27,200

greatest discoveries

664

00:22:34,630 --> 00:22:30,880

uh of our species right right

665

00:22:37,430 --> 00:22:34,640

um i know um

666

00:22:38,549 --> 00:22:37,440

when when you think about uh the

667

00:22:39,909 --> 00:22:38,559

different interviews you've been on

668

00:22:40,870 --> 00:22:39,919

lately i watched a couple of them one

669

00:22:42,470 --> 00:22:40,880

was the

670

00:22:44,470 --> 00:22:42,480

basement office i believe it was very

671

00:22:47,110 --> 00:22:44,480

well done the interviewer

672

00:22:49,909 --> 00:22:47,120

did a very nice job i heard you

673

00:22:53,350 --> 00:22:49,919

mentioned that one of your

674

00:22:56,149 --> 00:22:53,360

colleagues or maybe uh maybe someone

675

00:22:58,630 --> 00:22:56,159

in upper ranks mentioned you know have

676

00:23:01,029 --> 00:22:58,640

you read your bible and these things

677

00:23:02,470 --> 00:23:01,039

you know they know what they are and

678

00:23:05,350 --> 00:23:02,480

they're demonic

679

00:23:06,070 --> 00:23:05,360

um do you consider that an opinion was

680

00:23:07,990 --> 00:23:06,080

this

681

00:23:09,750 --> 00:23:08,000

i mean that can't be based on science

682

00:23:12,230 --> 00:23:09,760

was this the opinion of that

683

00:23:14,230 --> 00:23:12,240

person that said that to you well look i

684

00:23:15,350 --> 00:23:14,240

i don't want to speculate you know i i

685

00:23:16,950 --> 00:23:15,360

can say all day

686

00:23:18,470 --> 00:23:16,960

something is opinion but if you talk to

687

00:23:20,310 --> 00:23:18,480

somebody who has that type of conviction

688

00:23:23,110 --> 00:23:20,320

that's fact that's not opinion

689

00:23:25,029 --> 00:23:23,120

so and at the end of the day i i can't i

690

00:23:26,230 --> 00:23:25,039

can't say definitively that that person

691

00:23:28,870 --> 00:23:26,240

is right or wrong

692

00:23:29,990 --> 00:23:28,880

um it's yet another option and at the

693

00:23:32,549 --> 00:23:30,000

end of the day

694

00:23:33,830 --> 00:23:32,559

it's it's it's it's a consideration for

695

00:23:35,830 --> 00:23:33,840

for a lot of people

696

00:23:37,190 --> 00:23:35,840

that's not a bad thing you know i don't

697

00:23:40,149 --> 00:23:37,200

want to villainize that

698

00:23:41,909 --> 00:23:40,159

i don't i don't think if it because

699

00:23:46,149 --> 00:23:41,919

people's

700

00:23:47,830 --> 00:23:46,159

belief system is very personal thing

701
00:23:49,430 --> 00:23:47,840
and i certainly don't have the right to

702
00:23:52,630 --> 00:23:49,440
to tell somebody that's that's

703
00:23:55,029 --> 00:23:52,640
that's bs that's nonsensical because at

704
00:23:56,789 --> 00:23:55,039
the end of the day they could be right

705
00:23:58,710 --> 00:23:56,799
rather i prefer to take the position

706
00:24:01,029 --> 00:23:58,720
that whatever it is

707
00:24:03,590 --> 00:24:01,039
we should probably figure it out whether

708
00:24:06,070 --> 00:24:03,600
it is something that is supernatural

709
00:24:07,430 --> 00:24:06,080
uh or something that is conventional or

710
00:24:10,390 --> 00:24:07,440
something that is truly

711
00:24:11,110 --> 00:24:10,400
you know uh uh hyper natural let's just

712
00:24:14,390 --> 00:24:11,120
say that

713
00:24:15,430 --> 00:24:14,400

uh i i think i think it's it's okay to

714

00:24:17,430 --> 00:24:15,440

have that discussion

715

00:24:19,029 --> 00:24:17,440

um i don't i don't shy away from it i

716

00:24:21,430 --> 00:24:19,039

don't have the answer to it

717

00:24:22,950 --> 00:24:21,440

but i don't think it's a reason not to

718

00:24:24,789 --> 00:24:22,960

look at something

719

00:24:26,630 --> 00:24:24,799

you know the same explanation was given

720

00:24:28,149 --> 00:24:26,640

by certain members of the church to

721

00:24:30,149 --> 00:24:28,159

galileo

722

00:24:31,750 --> 00:24:30,159

centuries ago where they even refused to

723

00:24:31,990 --> 00:24:31,760

look through the very telescope that he

724

00:24:36,390 --> 00:24:32,000

could

725

00:24:37,990 --> 00:24:36,400

and they said no that that's that's the

726

00:24:42,070 --> 00:24:38,000

tool of the devil so

727

00:24:43,510 --> 00:24:42,080

um i i i don't think we should stop

728

00:24:44,070 --> 00:24:43,520

asking the questions and i don't think

729

00:24:46,630 --> 00:24:44,080

we should

730

00:24:47,990 --> 00:24:46,640

should stop our our exploration if if

731

00:24:50,149 --> 00:24:48,000

you do have a a

732

00:24:51,350 --> 00:24:50,159

theological mind like that well then one

733

00:24:53,350 --> 00:24:51,360

could argue god gave us

734

00:24:54,789 --> 00:24:53,360

a brain for a reason and that's to

735

00:24:55,990 --> 00:24:54,799

figure things out and how are you gonna

736

00:24:57,190 --> 00:24:56,000

avoid something if you don't know what

737

00:25:00,950 --> 00:24:57,200

the heck it is

738

00:25:03,750 --> 00:25:00,960

so you know i i i'm careful not to

739

00:25:05,510 --> 00:25:03,760

not to to say anything um against that

740

00:25:06,870 --> 00:25:05,520

type of perspective i don't personally

741

00:25:09,350 --> 00:25:06,880

agree with it

742

00:25:11,029 --> 00:25:09,360

but uh at the end of the day they could

743

00:25:13,830 --> 00:25:11,039

be absolutely right

744

00:25:15,669 --> 00:25:13,840

but my my my job always has been as an

745

00:25:17,830 --> 00:25:15,679

intelligence professional to

746

00:25:19,990 --> 00:25:17,840

to seek out the answers doesn't matter

747

00:25:22,070 --> 00:25:20,000

the source doesn't matter where the work

748

00:25:24,230 --> 00:25:22,080

where the question is coming from find

749

00:25:26,549 --> 00:25:24,240

find the answers

750

00:25:27,510 --> 00:25:26,559

and that's that's my perspective thank

751
00:25:28,870 --> 00:25:27,520
you um

752
00:25:30,789 --> 00:25:28,880
in the chat room i just want to let

753
00:25:33,269 --> 00:25:30,799
people know that unfortunately i

754
00:25:35,110 --> 00:25:33,279
i can't uh put your questions up uh

755
00:25:36,710 --> 00:25:35,120
today i have so many that came in

756
00:25:38,470 --> 00:25:36,720
through email ahead of you

757
00:25:40,710 --> 00:25:38,480
but um you will get an opportunity to

758
00:25:42,070 --> 00:25:40,720
call in and at the end of the show and i

759
00:25:44,549 --> 00:25:42,080
might be able to pop up some

760
00:25:45,269 --> 00:25:44,559
questions toward the end end of the show

761
00:26:03,909 --> 00:25:45,279
i

762
00:26:05,190 --> 00:26:03,919
what do you tell people that are

763
00:26:07,350 --> 00:26:05,200

interested in this

764

00:26:08,830 --> 00:26:07,360

topic that are new to it and they want

765

00:26:12,230 --> 00:26:08,840

to get really good viable

766

00:26:14,549 --> 00:26:12,240

information without getting into

767

00:26:16,390 --> 00:26:14,559

say secure team 10 and you know those

768

00:26:18,230 --> 00:26:16,400

type of third phase of the moon and you

769

00:26:20,950 --> 00:26:18,240

know fake videos things like that

770

00:26:21,830 --> 00:26:20,960

sure well i i would say it it's okay to

771

00:26:23,669 --> 00:26:21,840

look at all that

772

00:26:24,950 --> 00:26:23,679

um i i you know a lot there's a lot of

773

00:26:26,470 --> 00:26:24,960

garbage out there and i'm not going to

774

00:26:28,149 --> 00:26:26,480

say which one is and isn't

775

00:26:30,390 --> 00:26:28,159

i think people hope hopefully are smart

776

00:26:33,590 --> 00:26:30,400

enough to realize that themselves

777

00:26:34,470 --> 00:26:33,600

um i i would encourage anybody to do a

778

00:26:36,390 --> 00:26:34,480

baseline

779

00:26:37,909 --> 00:26:36,400

study for themselves on what information

780

00:26:40,070 --> 00:26:37,919

is out there

781

00:26:41,990 --> 00:26:40,080

start looking at at the facts and if

782

00:26:43,110 --> 00:26:42,000

someone makes a proclamation well

783

00:26:44,549 --> 00:26:43,120

make sure they have the proof in the

784

00:26:45,190 --> 00:26:44,559

evidence to back it up otherwise it's

785

00:26:49,990 --> 00:26:45,200

just

786

00:26:52,549 --> 00:26:50,000

uh i would say that that

787

00:26:53,750 --> 00:26:52,559

start by getting on something like uh

788

00:26:56,149 --> 00:26:53,760

ufo twitter

789

00:26:57,510 --> 00:26:56,159

where you have a lot of people there of

790

00:27:01,350 --> 00:26:57,520

all different ages and

791

00:27:04,470 --> 00:27:01,360

and religions and ethnicities and races

792

00:27:05,350 --> 00:27:04,480

and and start with that um there's a lot

793

00:27:08,710 --> 00:27:05,360

of really

794

00:27:09,110 --> 00:27:08,720

good uh analysis and study and opinions

795

00:27:13,430 --> 00:27:09,120

being

796

00:27:14,870 --> 00:27:13,440

media

797

00:27:17,510 --> 00:27:14,880

now you're right there's some there's

798

00:27:19,350 --> 00:27:17,520

some some areas that that they should

799

00:27:21,110 --> 00:27:19,360

probably be cautious of there's a lot of

800

00:27:22,549 --> 00:27:21,120

charlatans

801
00:27:25,029 --> 00:27:22,559
and folks out there that are selling

802
00:27:27,669 --> 00:27:25,039
snake oil and and they prey on people

803
00:27:28,070 --> 00:27:27,679
who who are naive they don't they don't

804
00:27:31,830 --> 00:27:28,080
have

805
00:27:33,110 --> 00:27:31,840
understanding of the topic

806
00:27:34,870 --> 00:27:33,120
and let's not forget you know while

807
00:27:37,669 --> 00:27:34,880
we're on the topic of of religion

808
00:27:39,350 --> 00:27:37,679
and whatnot you know ufology to some

809
00:27:41,510 --> 00:27:39,360
degree for a long time has been like

810
00:27:42,789 --> 00:27:41,520
a a religion there's a lot of people

811
00:27:45,590 --> 00:27:42,799
that have have

812
00:27:46,149 --> 00:27:45,600
have glommed on to it in a way that that

813
00:27:48,389 --> 00:27:46,159

really

814

00:27:49,350 --> 00:27:48,399

influences their day-to-day um

815

00:27:52,630 --> 00:27:49,360

livelihood

816

00:27:53,590 --> 00:27:52,640

and uh it it has become a is somewhat of

817

00:27:55,510 --> 00:27:53,600

a religion

818

00:27:56,950 --> 00:27:55,520

and a religious pursuit for them and

819

00:27:57,590 --> 00:27:56,960

there's been some people who have stood

820

00:28:00,630 --> 00:27:57,600

up

821

00:28:02,310 --> 00:28:00,640

uh within that community and and and

822

00:28:04,549 --> 00:28:02,320

claimed to be its leaders and it's you

823

00:28:07,430 --> 00:28:04,559

know these almost these cult figures

824

00:28:08,149 --> 00:28:07,440

something which which i i reject uh

825

00:28:11,190 --> 00:28:08,159

vehemently

826

00:28:14,549 --> 00:28:11,200

that's why i i i try never to say

827

00:28:18,149 --> 00:28:14,559

uh i me or i when it comes to

828

00:28:19,110 --> 00:28:18,159

to to this topic in ufos and uaps i

829

00:28:22,389 --> 00:28:19,120

prefer to say we

830

00:28:23,110 --> 00:28:22,399

us and ours uh because ultimately what i

831

00:28:25,350 --> 00:28:23,120

have to say

832

00:28:26,789 --> 00:28:25,360

isn't as important as what we

833

00:28:27,830 --> 00:28:26,799

collectively have to say about this

834

00:28:30,230 --> 00:28:27,840

topic

835

00:28:30,870 --> 00:28:30,240

um and i think that's where you can

836

00:28:33,590 --> 00:28:30,880

start

837

00:28:34,789 --> 00:28:33,600

delineating those there that are trying

838

00:28:37,990 --> 00:28:34,799

to suppress

839

00:28:39,350 --> 00:28:38,000

truth and and research because they

840

00:28:40,870 --> 00:28:39,360

what they tell you is no no you don't

841

00:28:41,830 --> 00:28:40,880

want to listen to anybody else you only

842

00:28:43,510 --> 00:28:41,840

want to listen to me

843

00:28:45,350 --> 00:28:43,520

i'm the only one with the answers

844

00:28:47,029 --> 00:28:45,360

everybody else there is a charlatan

845

00:28:48,789 --> 00:28:47,039

nobody knows what they're talking about

846

00:28:51,190 --> 00:28:48,799

listen to me give me your money

847

00:28:52,789 --> 00:28:51,200

buy my books and and you're gonna be

848

00:28:54,470 --> 00:28:52,799

okay just shut up and don't ask any

849

00:28:57,990 --> 00:28:54,480

questions and we're gonna be fine

850

00:28:59,590 --> 00:28:58,000

that that to me is um that's the danger

851

00:29:02,470 --> 00:28:59,600

that's there and lies the danger but

852

00:29:05,029 --> 00:29:02,480

also i i also realize people have to

853

00:29:06,710 --> 00:29:05,039

make make that judgment for themselves

854

00:29:08,310 --> 00:29:06,720

otherwise if i come out and say

855

00:29:09,990 --> 00:29:08,320

that person's bad that person is bad

856

00:29:12,710 --> 00:29:10,000

that person's good then i'm just as

857

00:29:15,430 --> 00:29:12,720

guilty of doing the same thing and and

858

00:29:17,190 --> 00:29:15,440

as as tempting as it may be for me to do

859

00:29:19,430 --> 00:29:17,200

that and call people out

860

00:29:21,269 --> 00:29:19,440

um it's it's ultimately at the end of

861

00:29:22,230 --> 00:29:21,279

the day it's it's counterproductive and

862

00:29:25,430 --> 00:29:22,240

it's hypocritical

863

00:29:27,750 --> 00:29:25,440

and uh i i just i prefer not to get

864

00:29:29,830 --> 00:29:27,760

engaged in that and just continue to

865

00:29:31,430 --> 00:29:29,840

to to do what i'm doing how i'm doing it

866

00:29:33,350 --> 00:29:31,440

and if people like it then

867

00:29:34,870 --> 00:29:33,360

great they can go along the ride with me

868

00:29:38,470 --> 00:29:34,880

and if they don't well you know

869

00:29:39,350 --> 00:29:38,480

tune into somebody else um i'm gonna be

870

00:29:42,389 --> 00:29:39,360

i'm gonna

871

00:29:43,350 --> 00:29:42,399

um talk about what a long time listener

872

00:29:45,909 --> 00:29:43,360

the show

873

00:29:48,070 --> 00:29:45,919

gave me for a statement about my blog

874

00:29:51,190 --> 00:29:48,080

but first before that how difficult

875

00:29:51,909 --> 00:29:51,200

is it for someone like you knowing what

876
00:29:54,310 --> 00:29:51,919
you know

877
00:29:55,110 --> 00:29:54,320
to bite your tongue a lot of times when

878
00:29:58,230 --> 00:29:55,120
you

879
00:29:59,190 --> 00:29:58,240
have this information that's so it's

880
00:30:00,710 --> 00:29:59,200
time

881
00:30:03,269 --> 00:30:00,720
i'll tell you you know there's so much

882
00:30:08,389 --> 00:30:03,279
going on right now uh

883
00:30:10,870 --> 00:30:08,399
you know if i don't tempt me please

884
00:30:12,070 --> 00:30:10,880
um you know i'll get you drunk first

885
00:30:13,110 --> 00:30:12,080
it's uh

886
00:30:15,750 --> 00:30:13,120
yeah and probably wouldn't have to get

887
00:30:17,269 --> 00:30:15,760
me too drunk um you know there's a lot

888
00:30:18,710 --> 00:30:17,279

of things happening right now

889

00:30:21,110 --> 00:30:18,720

a lot of good things and there's a lot

890

00:30:21,990 --> 00:30:21,120

of frustrating things that that i see

891

00:30:24,310 --> 00:30:22,000

and that i i get

892

00:30:25,669 --> 00:30:24,320

impacted by uh there's a lot of

893

00:30:27,350 --> 00:30:25,679

misconceptions

894

00:30:29,510 --> 00:30:27,360

and in some cases by people that that

895

00:30:32,549 --> 00:30:29,520

were very close to me um

896

00:30:35,269 --> 00:30:32,559

but i i can't

897

00:30:36,950 --> 00:30:35,279

i can't short-circuit the system if

898

00:30:38,470 --> 00:30:36,960

we're going to do this the right way we

899

00:30:40,710 --> 00:30:38,480

have to have the system

900

00:30:42,870 --> 00:30:40,720

as part of the solution and i know that

901
00:30:46,470 --> 00:30:42,880
is probably to some people

902
00:30:47,750 --> 00:30:46,480
uh probably heresy you know because

903
00:30:50,870 --> 00:30:47,760
we've been villainizing

904
00:30:53,510 --> 00:30:50,880
the quote the system the man uh for for

905
00:30:56,710 --> 00:30:53,520
years and decades if not generations

906
00:30:58,149 --> 00:30:56,720
but i i think i think ultimately we need

907
00:31:00,230 --> 00:30:58,159
the help of our government i don't think

908
00:31:01,350 --> 00:31:00,240
we need to villainize it and and yes i

909
00:31:05,190 --> 00:31:01,360
have been subject to

910
00:31:07,909 --> 00:31:05,200
to some some very nasty things

911
00:31:08,549 --> 00:31:07,919
that some elements within within the

912
00:31:11,029 --> 00:31:08,559
government

913
00:31:11,750 --> 00:31:11,039

have have have done and continued to try

914

00:31:13,990 --> 00:31:11,760

to do to me

915

00:31:15,350 --> 00:31:14,000

um to disparage me to to destroy my

916

00:31:16,870 --> 00:31:15,360

credibility to

917

00:31:18,789 --> 00:31:16,880

usurp me from from having this

918

00:31:20,549 --> 00:31:18,799

conversation um

919

00:31:22,310 --> 00:31:20,559

but i also know for every one of those

920

00:31:23,669 --> 00:31:22,320

there's 10 others that are very good

921

00:31:25,590 --> 00:31:23,679

and i still have a lot of friends in the

922

00:31:26,789 --> 00:31:25,600

department a lot of friends in the

923

00:31:28,710 --> 00:31:26,799

intelligence community

924

00:31:30,070 --> 00:31:28,720

and and they tell me privately lou you

925

00:31:32,389 --> 00:31:30,080

know we you're

926
00:31:34,310 --> 00:31:32,399
you guys are making a difference we we

927
00:31:36,230 --> 00:31:34,320
we hear you loud and clear and we're

928
00:31:38,230 --> 00:31:36,240
seeing the evidence ourselves

929
00:31:40,149 --> 00:31:38,240
uh at you know at the classified level

930
00:31:41,350 --> 00:31:40,159
and and for that reason that gives me

931
00:31:43,269 --> 00:31:41,360
the encouragement to

932
00:31:45,029 --> 00:31:43,279
to continue to have this conversation

933
00:31:46,789 --> 00:31:45,039
look the moment

934
00:31:49,590 --> 00:31:46,799
the government at large comes to me and

935
00:31:51,590 --> 00:31:49,600
says lou stand down

936
00:31:53,190 --> 00:31:51,600
i'll probably stand down but but i

937
00:31:55,350 --> 00:31:53,200
haven't been told that yet

938
00:31:56,710 --> 00:31:55,360

by my government i've been told that by

939

00:31:58,149 --> 00:31:56,720

certain people in the government but

940

00:31:59,269 --> 00:31:58,159

they don't represent the government they

941

00:32:01,350 --> 00:31:59,279

don't they don't

942

00:32:02,710 --> 00:32:01,360

they don't represent the will of the

943

00:32:04,789 --> 00:32:02,720

government and so

944

00:32:06,310 --> 00:32:04,799

um i'm just going to keep doing what i'm

945

00:32:09,750 --> 00:32:06,320

doing until

946

00:32:10,710 --> 00:32:09,760

until we until we succeed great um this

947

00:32:12,549 --> 00:32:10,720

came in from

948

00:32:14,149 --> 00:32:12,559

someone but i had a very similar

949

00:32:16,630 --> 00:32:14,159

question so

950

00:32:19,350 --> 00:32:16,640

i'm going to ask this it's basically the

951

00:32:21,269 --> 00:32:19,360

same thing or along the same lines

952

00:32:23,190 --> 00:32:21,279

so it's lou has stated in many

953

00:32:24,230 --> 00:32:23,200

interviews that he resigned from his

954

00:32:26,149 --> 00:32:24,240

position

955

00:32:27,830 --> 00:32:26,159

at the pentagon out of frustration for

956

00:32:28,470 --> 00:32:27,840

being blocked from passing along the

957

00:32:31,590 --> 00:32:28,480

troubling

958

00:32:32,149 --> 00:32:31,600

uap data to secretary of defense james

959

00:32:35,350 --> 00:32:32,159

mattis

960

00:32:37,990 --> 00:32:35,360

i hadn't heard anyone ask him whether he

961

00:32:40,549 --> 00:32:38,000

attempted to reach general mattis

962

00:32:41,990 --> 00:32:40,559

after his own resignation since they

963

00:32:45,830 --> 00:32:42,000

were both private citizens

964

00:32:46,950 --> 00:32:45,840

now uh so it's a question are you asking

965

00:32:49,990 --> 00:32:46,960

me have i spoken to

966

00:32:52,630 --> 00:32:50,000

general madison i have not um and

967

00:32:53,750 --> 00:32:52,640

nor has he reached out and you know he's

968

00:32:56,230 --> 00:32:53,760

a busy man i'm sure

969

00:32:57,269 --> 00:32:56,240

probably this is is probably one of the

970

00:32:59,509 --> 00:32:57,279

things that he's

971

00:33:00,630 --> 00:32:59,519

he's probably not focused on um he's

972

00:33:01,830 --> 00:33:00,640

probably focused on a lot of other

973

00:33:04,230 --> 00:33:01,840

things right now

974

00:33:05,430 --> 00:33:04,240

uh it's it's not like he uh he he can't

975

00:33:07,190 --> 00:33:05,440

get a job somewhere

976
00:33:09,029 --> 00:33:07,200
and probably be very and be very very

977
00:33:10,470 --> 00:33:09,039
useful uh but no

978
00:33:12,149 --> 00:33:10,480
but quite frankly i haven't reached out

979
00:33:14,070 --> 00:33:12,159
either um

980
00:33:15,430 --> 00:33:14,080
i'm not sure there's a need to he he he

981
00:33:17,110 --> 00:33:15,440
received my letter he

982
00:33:18,470 --> 00:33:17,120
he knows what the issue is and and

983
00:33:19,509 --> 00:33:18,480
there's not much he can do about it now

984
00:33:21,190 --> 00:33:19,519
because a year

985
00:33:23,509 --> 00:33:21,200
year after i resigned he did the same

986
00:33:27,269 --> 00:33:23,519
thing uh resigned in protest

987
00:33:30,549 --> 00:33:27,279
so uh there you have it

988
00:33:32,789 --> 00:33:30,559

resigned in protest he did

989

00:33:33,990 --> 00:33:32,799

he did general matters but not but not

990

00:33:35,909 --> 00:33:34,000

directly because of

991

00:33:37,190 --> 00:33:35,919

this task force that you were involved

992

00:33:38,470 --> 00:33:37,200

in well

993

00:33:40,789 --> 00:33:38,480

he resigned for many reasons i'm not

994

00:33:42,230 --> 00:33:40,799

going to speak for general mattis

995

00:33:43,669 --> 00:33:42,240

you know he's a learned man and he wrote

996

00:33:45,110 --> 00:33:43,679

a resignation memo that pretty much

997

00:33:47,350 --> 00:33:45,120

anybody can pull up now

998

00:33:48,389 --> 00:33:47,360

i'm sure on google and and ascertain for

999

00:33:51,590 --> 00:33:48,399

themselves but

1000

00:33:52,710 --> 00:33:51,600

he was uh he was frustrated just like i

1001
00:33:54,470 --> 00:33:52,720
was for

1002
00:33:55,990 --> 00:33:54,480
about certain things in the department

1003
00:33:57,430 --> 00:33:56,000
and in the government that he he

1004
00:33:59,669 --> 00:33:57,440
couldn't fix while he was inside the

1005
00:34:03,190 --> 00:33:59,679
government

1006
00:34:05,669 --> 00:34:03,200
right right um the task force that

1007
00:34:07,190 --> 00:34:05,679
we're supposed to be getting a report

1008
00:34:10,310 --> 00:34:07,200
but it's probably going to take

1009
00:34:11,669 --> 00:34:10,320
a lot longer it may or may not um has

1010
00:34:14,550 --> 00:34:11,679
anyone reached out

1011
00:34:15,909 --> 00:34:14,560
to you or chris that you're aware of in

1012
00:34:17,510 --> 00:34:15,919
regards to

1013
00:34:19,430 --> 00:34:17,520

information i mean would they even do

1014

00:34:20,950 --> 00:34:19,440

that to begin with

1015

00:34:22,869 --> 00:34:20,960

uh well you're asking me two questions

1016

00:34:25,589 --> 00:34:22,879

would they uh

1017

00:34:27,909 --> 00:34:25,599

and and did they is it a second question

1018

00:34:28,550 --> 00:34:27,919

um i i'm not gonna answer on behalf of

1019

00:34:32,869 --> 00:34:28,560

the government

1020

00:34:34,149 --> 00:34:32,879

degree they're comfortable discussing

1021

00:34:36,230 --> 00:34:34,159

their business

1022

00:34:37,589 --> 00:34:36,240

that's up to the us government certainly

1023

00:34:38,869 --> 00:34:37,599

chris and i have made ourselves

1024

00:34:42,310 --> 00:34:38,879

available

1025

00:34:45,030 --> 00:34:42,320

to to assist when and where needed

1026
00:34:47,510 --> 00:34:45,040
but the capacity in which that that

1027
00:34:50,550 --> 00:34:47,520
assistance has been rendered

1028
00:34:51,109 --> 00:34:50,560
is is not for us to discuss um and i

1029
00:34:53,589 --> 00:34:51,119
know

1030
00:34:54,389 --> 00:34:53,599
by doing that uh every time i say that

1031
00:34:55,909 --> 00:34:54,399
people foil

1032
00:34:57,670 --> 00:34:55,919
the government and elements in the

1033
00:34:59,829 --> 00:34:57,680
government say yeah he has nothing to do

1034
00:35:02,310 --> 00:34:59,839
well okay if that's if that's our

1035
00:35:05,430 --> 00:35:02,320
position then that's their position now

1036
00:35:07,430 --> 00:35:05,440
um i i respect that um i

1037
00:35:08,470 --> 00:35:07,440
you know i'm not gonna i'm not gonna

1038
00:35:10,390 --> 00:35:08,480

have an argument

1039

00:35:11,750 --> 00:35:10,400

on social media about that i think that

1040

00:35:13,990 --> 00:35:11,760

the facts are

1041

00:35:15,430 --> 00:35:14,000

are continuing to surface and the

1042

00:35:16,630 --> 00:35:15,440

american people can be a judge for

1043

00:35:18,470 --> 00:35:16,640

themselves on that

1044

00:35:19,990 --> 00:35:18,480

um sorry if you hear some banging in the

1045

00:35:23,190 --> 00:35:20,000

background that is good

1046

00:35:24,550 --> 00:35:23,200

yeah i apologize yeah i have i have some

1047

00:35:26,230 --> 00:35:24,560

construction going on here i do

1048

00:35:27,430 --> 00:35:26,240

apologize i'll try to mute my side

1049

00:35:28,790 --> 00:35:27,440

whenever i'm not talking

1050

00:35:31,030 --> 00:35:28,800

yeah you can tell them to use a screw

1051

00:35:34,230 --> 00:35:31,040

gun instead of a hammer uh

1052

00:35:35,270 --> 00:35:34,240

yeah it'll be sturdier anyway so i asked

1053

00:35:38,950 --> 00:35:35,280

a long time

1054

00:35:40,870 --> 00:35:38,960

um listener to this show he's a retired

1055

00:35:43,270 --> 00:35:40,880

scientist phil sanders

1056

00:35:45,190 --> 00:35:43,280

what he thought has been the biggest

1057

00:35:48,470 --> 00:35:45,200

change since 2000

1058

00:35:50,470 --> 00:35:48,480

um the 2017 new york times article

1059

00:35:52,390 --> 00:35:50,480

and this is what um his opinion is the

1060

00:35:54,790 --> 00:35:52,400

biggest thing for me is how the penta

1061

00:35:55,510 --> 00:35:54,800

pentagon spokespeople keep lying

1062

00:35:57,589 --> 00:35:55,520

changing their

1063

00:35:58,870 --> 00:35:57,599

story despite harry reid saying

1064

00:36:01,270 --> 00:35:58,880

unequivocally

1065

00:36:01,990 --> 00:36:01,280

that lewis did what he said he did while

1066

00:36:05,349 --> 00:36:02,000

the rhetoric

1067

00:36:07,750 --> 00:36:05,359

from mellon and elizondo

1068

00:36:08,950 --> 00:36:07,760

is ratcheting up towards ufos being

1069

00:36:10,790 --> 00:36:08,960

otherworldly

1070

00:36:12,230 --> 00:36:10,800

at least one person in the pentagon

1071

00:36:14,230 --> 00:36:12,240

claimed that lewis

1072

00:36:15,589 --> 00:36:14,240

claimed to lewis that they were demons

1073

00:36:18,230 --> 00:36:15,599

it seems that the federal government

1074

00:36:21,510 --> 00:36:18,240

does not have a unified voice

1075

00:36:22,870 --> 00:36:21,520

um any comments on that comment

1076

00:36:24,150 --> 00:36:22,880

no i think that's precisely correct they

1077

00:36:26,470 --> 00:36:24,160

don't have a unified voice and that's

1078

00:36:28,630 --> 00:36:26,480

why there's a report due to congress

1079

00:36:29,829 --> 00:36:28,640

because they want a unified voice that's

1080

00:36:31,510 --> 00:36:29,839

why there is this

1081

00:36:33,510 --> 00:36:31,520

this vulnerability assessment this

1082

00:36:35,910 --> 00:36:33,520

threat assessment that's due

1083

00:36:36,870 --> 00:36:35,920

um because there are conflicting

1084

00:36:39,750 --> 00:36:36,880

messages

1085

00:36:40,150 --> 00:36:39,760

not just about me but about atip itself

1086

00:36:41,829 --> 00:36:40,160

uh

1087

00:36:43,349 --> 00:36:41,839

and what the purpose of the program was

1088

00:36:44,950 --> 00:36:43,359

and what his findings were and what the

1089

00:36:47,910 --> 00:36:44,960

new version of atip

1090

00:36:49,589 --> 00:36:47,920

is doing now to this day um you know the

1091

00:36:52,390 --> 00:36:49,599

the pentagon does indeed have

1092

00:36:54,150 --> 00:36:52,400

a a a problem on its hands and that is

1093

00:36:55,829 --> 00:36:54,160

an inconsistent message

1094

00:36:57,990 --> 00:36:55,839

they continue to flip-flop back and

1095

00:36:58,470 --> 00:36:58,000

forth back and forth and and some of it

1096

00:37:02,950 --> 00:36:58,480

to the

1097

00:37:04,870 --> 00:37:02,960

it's laughable if it was about any other

1098

00:37:06,150 --> 00:37:04,880

topic but it's not because we're dealing

1099

00:37:08,790 --> 00:37:06,160

with about people's

1100

00:37:11,190 --> 00:37:08,800

people's livelihoods and jobs and and

1101
00:37:14,230 --> 00:37:11,200
and they take their jobs very serious

1102
00:37:17,030 --> 00:37:14,240
so it's for me it's um

1103
00:37:18,069 --> 00:37:17,040
it's sad to see but i think that uh one

1104
00:37:20,470 --> 00:37:18,079
of the one of the

1105
00:37:21,109 --> 00:37:20,480
i think positive outcomes of this is

1106
00:37:24,230 --> 00:37:21,119
that you have an

1107
00:37:26,390 --> 00:37:24,240
ig uh

1108
00:37:27,829 --> 00:37:26,400
report that will probably be coming out

1109
00:37:30,150 --> 00:37:27,839
of this as well so

1110
00:37:32,710 --> 00:37:30,160
as you see that there's the dod ig is

1111
00:37:36,150 --> 00:37:32,720
taking this very seriously particularly

1112
00:37:37,750 --> 00:37:36,160
the the inconsistent

1113
00:37:39,829 --> 00:37:37,760

messaging and how they've been handling

1114

00:37:41,510 --> 00:37:39,839

this topic so far uh

1115

00:37:43,190 --> 00:37:41,520

you know and and there's gonna be some

1116

00:37:44,630 --> 00:37:43,200

some really hard questions that are

1117

00:37:45,910 --> 00:37:44,640

gonna have to be answered by some pretty

1118

00:37:48,390 --> 00:37:45,920

senior people here

1119

00:37:49,190 --> 00:37:48,400

uh in in the coming uh weeks months and

1120

00:37:51,589 --> 00:37:49,200

and uh

1121

00:37:53,190 --> 00:37:51,599

and years because you're right there's a

1122

00:37:56,550 --> 00:37:53,200

problem um

1123

00:37:58,150 --> 00:37:56,560

someone is not doing

1124

00:37:59,829 --> 00:37:58,160

necessarily what they're supposed to be

1125

00:38:01,910 --> 00:37:59,839

doing and

1126
00:38:03,589 --> 00:38:01,920
doesn't have the information they need

1127
00:38:08,710 --> 00:38:03,599
to be interacting

1128
00:38:11,829 --> 00:38:10,390
that's a problem that is that's a big

1129
00:38:13,190 --> 00:38:11,839
problem um i think

1130
00:38:15,030 --> 00:38:13,200
ultimately this will probably lead to

1131
00:38:16,870 --> 00:38:15,040
some sort of of hearings

1132
00:38:19,030 --> 00:38:16,880
uh with congress at least i would hope

1133
00:38:22,310 --> 00:38:19,040
that's the case some open hearings

1134
00:38:26,069 --> 00:38:22,320
uh for for the public to then then

1135
00:38:27,270 --> 00:38:26,079
be part of um but with that said i think

1136
00:38:29,510 --> 00:38:27,280
i'll probably uh

1137
00:38:31,589 --> 00:38:29,520
i don't i don't think i want to to opine

1138
00:38:34,069 --> 00:38:31,599

any further

1139

00:38:36,069 --> 00:38:34,079

a lot of people were very confused by to

1140

00:38:38,950 --> 00:38:36,079

the stars academy i know

1141

00:38:39,910 --> 00:38:38,960

i know that you left um and and a few

1142

00:38:43,190 --> 00:38:39,920

others left

1143

00:38:44,310 --> 00:38:43,200

um a lot of people like i said they're

1144

00:38:46,630 --> 00:38:44,320

very very confused

1145

00:38:48,630 --> 00:38:46,640

like is it a money-making thing what is

1146

00:38:51,510 --> 00:38:48,640

this what's going on there

1147

00:38:53,430 --> 00:38:51,520

um i believe in general the intentions

1148

00:38:55,589 --> 00:38:53,440

were all good

1149

00:38:57,349 --> 00:38:55,599

um for the for the person that doesn't

1150

00:38:57,910 --> 00:38:57,359

know out there the listener that doesn't

1151

00:39:01,430 --> 00:38:57,920

know

1152

00:39:05,030 --> 00:39:01,440

uh what uh made you decide

1153

00:39:06,390 --> 00:39:05,040

uh to move on from that sure uh

1154

00:39:09,190 --> 00:39:06,400

first of all you're right the intentions

1155

00:39:12,550 --> 00:39:09,200

of tsa were good um they were to

1156

00:39:14,310 --> 00:39:12,560

to drive discussion and innovation uh on

1157

00:39:17,910 --> 00:39:14,320

a topic that was fraught

1158

00:39:20,069 --> 00:39:17,920

with uh conspiracy taboo and stigma

1159

00:39:21,990 --> 00:39:20,079

and and to a large degree it succeeded

1160

00:39:24,550 --> 00:39:22,000

in breaking down many of those barriers

1161

00:39:25,589 --> 00:39:24,560

and and in large part is because of some

1162

00:39:27,349 --> 00:39:25,599

of the people that were part of that

1163

00:39:30,230 --> 00:39:27,359

effort we had chris mellon

1164

00:39:32,069 --> 00:39:30,240

and hal pudov and steve justice and jim

1165

00:39:34,150 --> 00:39:32,079

semivan and tom

1166

00:39:35,589 --> 00:39:34,160

all with different skill sets and uh

1167

00:39:38,470 --> 00:39:35,599

these individuals

1168

00:39:38,870 --> 00:39:38,480

had a tremendous amount of expertise and

1169

00:39:40,230 --> 00:39:38,880

for

1170

00:39:42,069 --> 00:39:40,240

from from the perspective of what they

1171

00:39:44,470 --> 00:39:42,079

brought to the table and

1172

00:39:46,150 --> 00:39:44,480

it was able to accomplish uh in a very

1173

00:39:49,670 --> 00:39:46,160

short time period

1174

00:39:51,990 --> 00:39:49,680

um much of it's it's it's its major

1175

00:39:52,950 --> 00:39:52,000

goal and that was to drive disclosure

1176

00:39:55,430 --> 00:39:52,960

now

1177

00:39:57,430 --> 00:39:55,440

why did we leave um i can't speak for

1178

00:39:58,950 --> 00:39:57,440

for steve justice or hal or chris

1179

00:40:00,950 --> 00:39:58,960

or anybody else i can only speak for

1180

00:40:04,309 --> 00:40:00,960

myself but for myself

1181

00:40:06,950 --> 00:40:04,319

uh the the company was shifting towards

1182

00:40:08,230 --> 00:40:06,960

entertainment and entertainment is a

1183

00:40:10,950 --> 00:40:08,240

good way to get your

1184

00:40:13,030 --> 00:40:10,960

return on investment if you have people

1185

00:40:15,670 --> 00:40:13,040

contributing to a company

1186

00:40:17,510 --> 00:40:15,680

through stocks well you kind of are

1187

00:40:18,550 --> 00:40:17,520

obligated to to give them a return on

1188

00:40:19,829 --> 00:40:18,560

their stocks

1189

00:40:21,670 --> 00:40:19,839

that's what they expect at the end of

1190

00:40:23,750 --> 00:40:21,680

the day it was a business

1191

00:40:25,910 --> 00:40:23,760

and so as a company began to shift

1192

00:40:28,790 --> 00:40:25,920

towards entertainment as a means to

1193

00:40:30,150 --> 00:40:28,800

to i think uh address uh the

1194

00:40:33,589 --> 00:40:30,160

shareholders

1195

00:40:35,270 --> 00:40:33,599

um my

1196

00:40:37,829 --> 00:40:35,280

my position became less and less

1197

00:40:39,270 --> 00:40:37,839

relevant because i i don't have the

1198

00:40:40,309 --> 00:40:39,280

experience in entertainment i'm not an

1199

00:40:43,349 --> 00:40:40,319

entertainer

1200

00:40:45,910 --> 00:40:43,359

uh i'm not a tv star

1201
00:40:46,870 --> 00:40:45,920
movie star uh yeah i was on tv but it

1202
00:40:49,990 --> 00:40:46,880
doesn't make me

1203
00:40:53,030 --> 00:40:50,000
a tv person um i

1204
00:40:54,550 --> 00:40:53,040
i'm just lou and so my my skill sets

1205
00:40:58,550 --> 00:40:54,560
really relies and

1206
00:41:00,150 --> 00:40:58,560
uh lies in the areas of of

1207
00:41:01,750 --> 00:41:00,160
connecting the dots and getting the

1208
00:41:03,430 --> 00:41:01,760
right information to the right people at

1209
00:41:05,270 --> 00:41:03,440
the right time at the right place

1210
00:41:07,589 --> 00:41:05,280
that's that's where my skill sets come

1211
00:41:08,630 --> 00:41:07,599
in and uh there's not a big there's not

1212
00:41:11,270 --> 00:41:08,640
a big demand for that

1213
00:41:12,309 --> 00:41:11,280

in in hollywood it's just that's you

1214

00:41:14,390 --> 00:41:12,319

know hollywood is

1215

00:41:15,750 --> 00:41:14,400

is reaching out to an audience largely

1216

00:41:17,109 --> 00:41:15,760

through through

1217

00:41:19,349 --> 00:41:17,119

scripted and unscripted type

1218

00:41:19,990 --> 00:41:19,359

entertainment and that's that's not my

1219

00:41:24,470 --> 00:41:20,000

forte

1220

00:41:26,150 --> 00:41:24,480

the lines from my

1221

00:41:27,990 --> 00:41:26,160

my background and my intelligence

1222

00:41:30,630 --> 00:41:28,000

expertise which is

1223

00:41:31,270 --> 00:41:30,640

getting uh legislators to pay attention

1224

00:41:34,150 --> 00:41:31,280

ex

1225

00:41:35,109 --> 00:41:34,160

attention people in the media to pay

1226

00:41:38,309 --> 00:41:35,119

attention

1227

00:41:40,309 --> 00:41:38,319

and and

1228

00:41:41,990 --> 00:41:40,319

lastly the american people which is

1229

00:41:43,510 --> 00:41:42,000

probably the most important thing

1230

00:41:45,190 --> 00:41:43,520

that we could be doing is to get get

1231

00:41:45,990 --> 00:41:45,200

them to pay attention and that's why i'm

1232

00:41:49,030 --> 00:41:46,000

doing

1233

00:41:52,230 --> 00:41:49,040

shows like yours um just as i do

1234

00:41:53,190 --> 00:41:52,240

any other other other televised news

1235

00:41:57,030 --> 00:41:53,200

whether it's

1236

00:41:59,589 --> 00:41:57,040

a major media outlet or or or a niche

1237

00:42:00,390 --> 00:41:59,599

uh podcast because i think i think the

1238

00:42:02,870 --> 00:42:00,400

information

1239

00:42:03,829 --> 00:42:02,880

is deserved by everybody um i i don't

1240

00:42:05,990 --> 00:42:03,839

you know i'm not a

1241

00:42:07,670 --> 00:42:06,000

i'm not a media snob i don't uh i don't

1242

00:42:09,430 --> 00:42:07,680

say well unless you have a million

1243

00:42:11,829 --> 00:42:09,440

viewers i'm not going to waste my time

1244

00:42:13,030 --> 00:42:11,839

i don't care if you have one viewer

1245

00:42:14,950 --> 00:42:13,040

bottom line this conversation is

1246

00:42:18,150 --> 00:42:14,960

important and it pertains to everybody

1247

00:42:21,190 --> 00:42:18,160

and i think i am it this for me is

1248

00:42:23,349 --> 00:42:21,200

where probably i can be better used and

1249

00:42:25,670 --> 00:42:23,359

served

1250

00:42:26,790 --> 00:42:25,680

by by engagement like this vice let's

1251
00:42:30,630 --> 00:42:26,800
say some

1252
00:42:34,150 --> 00:42:30,640
uh big fancy hollywood movie production

1253
00:42:37,790 --> 00:42:34,160
uh you know that that's about about me

1254
00:42:40,390 --> 00:42:37,800
um i'm not really that guy

1255
00:42:41,030 --> 00:42:40,400
unidentified great series i really

1256
00:42:44,230 --> 00:42:41,040
enjoyed it

1257
00:42:46,950 --> 00:42:44,240
is that is that not continuing

1258
00:42:47,270 --> 00:42:46,960
i mean things the dynamics have changed

1259
00:42:48,870 --> 00:42:47,280
well

1260
00:42:50,470 --> 00:42:48,880
you know we we never intended it to go

1261
00:42:53,349 --> 00:42:50,480
beyond really two to

1262
00:42:55,190 --> 00:42:53,359
two seasons when chris nye and others

1263
00:42:56,630 --> 00:42:55,200

got into this this was a me we look

1264

00:42:57,349 --> 00:42:56,640

again we're not hollywood people we did

1265

00:42:59,349 --> 00:42:57,359

this

1266

00:43:01,349 --> 00:42:59,359

to communicate a message and to

1267

00:43:02,309 --> 00:43:01,359

demonstrate the seriousness of this

1268

00:43:05,190 --> 00:43:02,319

topic

1269

00:43:07,190 --> 00:43:05,200

um you know if at some point in the in

1270

00:43:09,109 --> 00:43:07,200

the future or near future it looks like

1271

00:43:11,030 --> 00:43:09,119

we need to engage again

1272

00:43:13,349 --> 00:43:11,040

to do something like that and bring out

1273

00:43:14,950 --> 00:43:13,359

new evidence new material and and

1274

00:43:16,870 --> 00:43:14,960

then we're we're certainly open to do

1275

00:43:18,630 --> 00:43:16,880

that um but we have to be very careful

1276

00:43:20,550 --> 00:43:18,640

because we only have so much bandwidth

1277

00:43:22,309 --> 00:43:20,560

there's only so many hours in the day

1278

00:43:23,109 --> 00:43:22,319

that i can commit to doing something

1279

00:43:24,790 --> 00:43:23,119

like this which

1280

00:43:26,309 --> 00:43:24,800

as you know doesn't pay the bills i i

1281

00:43:28,069 --> 00:43:26,319

don't i don't receive a penny

1282

00:43:29,750 --> 00:43:28,079

from anybody doing anything like this

1283

00:43:30,950 --> 00:43:29,760

you know i have a real job i have to i

1284

00:43:33,910 --> 00:43:30,960

have to do

1285

00:43:34,470 --> 00:43:33,920

um and it you know doesn't really

1286

00:43:37,430 --> 00:43:34,480

involve

1287

00:43:38,550 --> 00:43:37,440

um outreach to the public so this is on

1288

00:43:40,550 --> 00:43:38,560

my own time

1289

00:43:41,910 --> 00:43:40,560

and i spend a lot of my time doing this

1290

00:43:44,150 --> 00:43:41,920

and and at some point

1291

00:43:45,430 --> 00:43:44,160

if it turns out that we we have another

1292

00:43:47,589 --> 00:43:45,440

opportunity to

1293

00:43:49,030 --> 00:43:47,599

maybe engage the american people and the

1294

00:43:51,030 --> 00:43:49,040

world and something similar to what we

1295

00:43:53,829 --> 00:43:51,040

had with unidentified then

1296

00:43:55,270 --> 00:43:53,839

yeah you know we may we may consider

1297

00:43:56,630 --> 00:43:55,280

doing that but it'll be

1298

00:43:58,069 --> 00:43:56,640

though keep in mind you're going to be

1299

00:43:59,190 --> 00:43:58,079

filming for seven months out of the year

1300

00:44:02,630 --> 00:43:59,200

non-stop

1301
00:44:04,150 --> 00:44:02,640
it's it's at the it's at the consequence

1302
00:44:05,589 --> 00:44:04,160
of not being able to do like what i'm

1303
00:44:08,550 --> 00:44:05,599
doing with you here today so

1304
00:44:10,390 --> 00:44:08,560
either i i can do this like we're doing

1305
00:44:13,190 --> 00:44:10,400
and continue to engage the media

1306
00:44:14,150 --> 00:44:13,200
and and push forward or i can do

1307
00:44:17,510 --> 00:44:14,160
something like that

1308
00:44:19,990 --> 00:44:17,520
but it's going to cause me to be removed

1309
00:44:22,150 --> 00:44:20,000
from the from the from the trade space

1310
00:44:23,910 --> 00:44:22,160
for for a prolonged period of time

1311
00:44:25,510 --> 00:44:23,920
and of course and there's ndas and i

1312
00:44:26,309 --> 00:44:25,520
can't talk about what we're doing until

1313
00:44:27,910 --> 00:44:26,319

it comes out

1314

00:44:29,430 --> 00:44:27,920

and people start getting impatient say

1315

00:44:30,309 --> 00:44:29,440

lou where the hell are you what what are

1316

00:44:33,510 --> 00:44:30,319

you doing lately

1317

00:44:36,150 --> 00:44:33,520

you know are you alive um and that

1318

00:44:37,589 --> 00:44:36,160

that kind of stuff yeah i i know when i

1319

00:44:39,030 --> 00:44:37,599

talked to the publicist

1320

00:44:41,510 --> 00:44:39,040

um that was working with the history

1321

00:44:43,750 --> 00:44:41,520

channel and you and and others

1322

00:44:45,270 --> 00:44:43,760

um it was oh he's traveling he's

1323

00:44:46,710 --> 00:44:45,280

traveling you know he can't do anything

1324

00:44:49,990 --> 00:44:46,720

he's traveling he's traveling

1325

00:44:52,230 --> 00:44:50,000

and then covet came and she said

1326

00:44:53,910 --> 00:44:52,240

he's traveling i said during covet this

1327

00:44:56,309 --> 00:44:53,920

one was traveling

1328

00:44:57,589 --> 00:44:56,319

and you may or may not have been uh we

1329

00:44:59,190 --> 00:44:57,599

have a couple of uh

1330

00:45:01,270 --> 00:44:59,200

questions in one of them is actually

1331

00:45:02,870 --> 00:45:01,280

from bill the engineer

1332

00:45:04,390 --> 00:45:02,880

and again uh we will get to your

1333

00:45:04,950 --> 00:45:04,400

questions you know if you'd like to call

1334

00:45:06,950 --> 00:45:04,960

in

1335

00:45:08,150 --> 00:45:06,960

i will put that number up just a tad

1336

00:45:10,390 --> 00:45:08,160

early um

1337

00:45:12,230 --> 00:45:10,400

on the half of the last half of the hour

1338

00:45:15,670 --> 00:45:12,240

uh would louis appear

1339

00:45:17,829 --> 00:45:15,680

at an open or closed door hearing

1340

00:45:19,349 --> 00:45:17,839

if called upon to discuss the aerial

1341

00:45:22,230 --> 00:45:19,359

threat assessment

1342

00:45:22,790 --> 00:45:22,240

post report well i'm not sure i'd have a

1343

00:45:24,550 --> 00:45:22,800

choice

1344

00:45:26,710 --> 00:45:24,560

um you know if congress issues a

1345

00:45:29,190 --> 00:45:26,720

subpoena you you you're going

1346

00:45:31,670 --> 00:45:29,200

so uh you know let me answer that

1347

00:45:31,990 --> 00:45:31,680

succinctly yes if i'm asked to testify i

1348

00:45:37,109 --> 00:45:32,000

will

1349

00:45:38,950 --> 00:45:37,119

yeah um there's other there's a ton of

1350

00:45:40,390 --> 00:45:38,960

other questions but i wanted to tell you

1351

00:45:42,470 --> 00:45:40,400

something really interesting that

1352

00:45:44,150 --> 00:45:42,480

happened to me many years ago before i

1353

00:45:45,030 --> 00:45:44,160

was really even looking into this topic

1354

00:45:48,790 --> 00:45:45,040

at all

1355

00:45:51,910 --> 00:45:48,800

um you know i had a slight interest as a

1356

00:45:54,550 --> 00:45:51,920

kid but i had a sighting in 2006

1357

00:45:55,990 --> 00:45:54,560

um that kind of you know it's why i'm

1358

00:45:57,750 --> 00:45:56,000

doing the show today

1359

00:45:59,510 --> 00:45:57,760

but before the time i wasn't really

1360

00:45:59,990 --> 00:45:59,520

paying too much attention to anything

1361

00:46:02,150 --> 00:46:00,000

but

1362

00:46:03,990 --> 00:46:02,160

i had an insurance broker i've mentioned

1363

00:46:05,430 --> 00:46:04,000

this on this show before

1364

00:46:07,990 --> 00:46:05,440

who was at my house and we were

1365

00:46:10,309 --> 00:46:08,000

chit-chatting um he was hanging out and

1366

00:46:12,790 --> 00:46:10,319

we were talking and he talked about when

1367

00:46:15,990 --> 00:46:12,800

he was in vietnam served in vietnam

1368

00:46:16,470 --> 00:46:16,000

and then he very quietly said i was in a

1369

00:46:18,550 --> 00:46:16,480

very

1370

00:46:19,510 --> 00:46:18,560

unusual position i said well what was

1371

00:46:22,150 --> 00:46:19,520

that

1372

00:46:22,630 --> 00:46:22,160

and he said well i belonged to a task

1373

00:46:27,670 --> 00:46:22,640

force

1374

00:46:29,589 --> 00:46:27,680

in vietnam that was researching the ufo

1375

00:46:31,190 --> 00:46:29,599

uh phenomena that was happening during

1376

00:46:34,390 --> 00:46:31,200

the war

1377

00:46:35,670 --> 00:46:34,400

and uh so i asked i said

1378

00:46:37,190 --> 00:46:35,680

you know of course i asked them the

1379

00:46:38,230 --> 00:46:37,200

question well what is it what are they

1380

00:46:40,470 --> 00:46:38,240

you know i mean that's what

1381

00:46:41,990 --> 00:46:40,480

everyone kind of wants to know anyway

1382

00:46:44,630 --> 00:46:42,000

and um

1383

00:46:46,069 --> 00:46:44,640

and then um as we were talking i said

1384

00:46:49,270 --> 00:46:46,079

you know when i was in high school

1385

00:46:50,710 --> 00:46:49,280

i did i did an essay that perhaps all

1386

00:46:52,230 --> 00:46:50,720

the different racism

1387

00:46:53,910 --> 00:46:52,240

in the world were placed here from

1388

00:46:55,109 --> 00:46:53,920

different planets just just kind of a

1389

00:46:56,870 --> 00:46:55,119

fun thing

1390

00:46:58,710 --> 00:46:56,880

and i mentioned that to him and he said

1391

00:47:02,069 --> 00:46:58,720

well you know that may not be that far

1392

00:47:04,390 --> 00:47:02,079

off he said we may be a petri dish

1393

00:47:05,589 --> 00:47:04,400

and this was like in the early 1990s

1394

00:47:07,510 --> 00:47:05,599

something like that

1395

00:47:08,710 --> 00:47:07,520

and i just wondered had you ever heard

1396

00:47:10,630 --> 00:47:08,720

of any

1397

00:47:12,790 --> 00:47:10,640

like task force like that when it comes

1398

00:47:14,390 --> 00:47:12,800

to the vietnam war

1399

00:47:16,230 --> 00:47:14,400

well first of all i'll state

1400

00:47:19,430 --> 00:47:16,240

emphatically we are a petri dish

1401

00:47:20,069 --> 00:47:19,440

um you know that origins aside we we are

1402

00:47:24,069 --> 00:47:20,079

there's

1403

00:47:24,790 --> 00:47:24,079

this on this little planet that we call

1404

00:47:26,549 --> 00:47:24,800

earth

1405

00:47:28,790 --> 00:47:26,559

and it's it's it it's pervasive

1406

00:47:32,069 --> 00:47:28,800

everywhere uh it it's virtually in the

1407

00:47:33,349 --> 00:47:32,079

the highest parts of uh of our our of

1408

00:47:37,990 --> 00:47:33,359

our

1409

00:47:41,190 --> 00:47:38,000

ocean and even miles under

1410

00:47:43,190 --> 00:47:41,200

ice so so we are a bit of a petri dish

1411

00:47:44,710 --> 00:47:43,200

and and to some degree human beings are

1412

00:47:46,390 --> 00:47:44,720

a walking petri dish

1413

00:47:48,790 --> 00:47:46,400

with my background in microbiology and

1414

00:47:51,750 --> 00:47:48,800

immunology um

1415

00:47:52,549 --> 00:47:51,760

have i heard about a task force designed

1416

00:48:00,950 --> 00:47:52,559

in

1417

00:48:02,230 --> 00:48:00,960

but what i will say is that at the time

1418

00:48:05,030 --> 00:48:02,240

the height of the cold war

1419

00:48:05,990 --> 00:48:05,040

we were in the we were in the midst of

1420

00:48:08,950 --> 00:48:06,000

fighting multiple

1421

00:48:09,990 --> 00:48:08,960

proxy wars whether in central america or

1422

00:48:13,270 --> 00:48:10,000

in uh

1423

00:48:13,990 --> 00:48:13,280

in um in asia and africa and everywhere

1424

00:48:15,990 --> 00:48:14,000

else

1425

00:48:17,109 --> 00:48:16,000

um you know the stakes were high and so

1426

00:48:19,750 --> 00:48:17,119

it's

1427

00:48:21,589 --> 00:48:19,760

we had us in the soviet union were

1428

00:48:22,549 --> 00:48:21,599

constantly coming up with new innovative

1429

00:48:24,069 --> 00:48:22,559

ways to

1430

00:48:25,829 --> 00:48:24,079

to collect on each other and ultimately

1431

00:48:27,270 --> 00:48:25,839

kill each other uh and that's true not

1432

00:48:28,230 --> 00:48:27,280

just from a nuclear technology

1433

00:48:31,109 --> 00:48:28,240

perspective

1434

00:48:31,750 --> 00:48:31,119

it's true in in aerospace uh you know we

1435

00:48:34,150 --> 00:48:31,760

had

1436

00:48:35,030 --> 00:48:34,160

that was a time in the in the 60s and

1437

00:48:37,349 --> 00:48:35,040

70s that we

1438

00:48:40,069 --> 00:48:37,359

really were beginning to to develop

1439

00:48:41,910 --> 00:48:40,079

things such as the sr-71 blackbird

1440

00:48:43,910 --> 00:48:41,920

um and if you've never seen one of those

1441

00:48:45,109 --> 00:48:43,920

before in the 1960s it probably looked

1442

00:48:48,470 --> 00:48:45,119

like a spaceship

1443

00:48:50,950 --> 00:48:48,480

uh we had the x-15 russia had a bunch of

1444

00:48:52,470 --> 00:48:50,960

new technology um you know we were

1445

00:48:53,349 --> 00:48:52,480

constantly dodging surface-to-air

1446

00:48:57,109 --> 00:48:53,359

missiles

1447

00:48:59,589 --> 00:48:57,119

uh in in vietnam over the border

1448

00:49:01,430 --> 00:48:59,599

and so it was a really hot time for

1449

00:49:03,109 --> 00:49:01,440

being a cold war so to speak

1450

00:49:04,790 --> 00:49:03,119

uh it may have been a cold war by name

1451
00:49:06,549 --> 00:49:04,800
but certainly not by action

1452
00:49:07,910 --> 00:49:06,559
and so it doesn't surprise me that we

1453
00:49:10,549 --> 00:49:07,920
had a task force

1454
00:49:12,150 --> 00:49:10,559
that was uh designed to to try to

1455
00:49:13,349 --> 00:49:12,160
identify new types of innovative

1456
00:49:15,750 --> 00:49:13,359
technologies

1457
00:49:17,589 --> 00:49:15,760
from from our enemy now whether or not

1458
00:49:20,470 --> 00:49:17,599
that task force was specifically looking

1459
00:49:21,109 --> 00:49:20,480
at ufos or looking at basically any type

1460
00:49:22,870 --> 00:49:21,119
of

1461
00:49:24,309 --> 00:49:22,880
technology that we don't immediately

1462
00:49:25,750 --> 00:49:24,319
recognize uh

1463
00:49:27,430 --> 00:49:25,760

that's you know that's certainly that's

1464

00:49:29,109 --> 00:49:27,440

certainly possible um

1465

00:49:30,470 --> 00:49:29,119

you know i i wasn't aware of anything

1466

00:49:31,910 --> 00:49:30,480

when i was in atip

1467

00:49:34,150 --> 00:49:31,920

only to find out that i met an

1468

00:49:34,790 --> 00:49:34,160

individual after it took me after i left

1469

00:49:36,309 --> 00:49:34,800

atip

1470

00:49:37,670 --> 00:49:36,319

to realize there was an individual that

1471

00:49:39,190 --> 00:49:37,680

was working this project back in the

1472

00:49:42,309 --> 00:49:39,200

1980s for the navy

1473

00:49:43,109 --> 00:49:42,319

and that was for me was uh rather

1474

00:49:46,309 --> 00:49:43,119

surprising

1475

00:49:48,710 --> 00:49:46,319

um i no one had failed to mention that

1476

00:49:50,150 --> 00:49:48,720

to me when i was when i was in atip and

1477

00:49:52,309 --> 00:49:50,160

it probably would have been very useful

1478

00:49:54,630 --> 00:49:52,319

so am i surprised

1479

00:49:56,829 --> 00:49:54,640

not particularly am i aware of it no i'm

1480

00:49:59,910 --> 00:49:56,839

not aware of it

1481

00:50:01,030 --> 00:49:59,920

interesting going back uh we can go all

1482

00:50:03,430 --> 00:50:01,040

the way back to the night

1483

00:50:04,069 --> 00:50:03,440

late 1940s when we'll call it like the

1484

00:50:08,710 --> 00:50:04,079

modern

1485

00:50:11,990 --> 00:50:08,720

ufo era i guess um since about that time

1486

00:50:14,309 --> 00:50:12,000

if the air force actually admitted

1487

00:50:16,150 --> 00:50:14,319

that we have things flying around our

1488

00:50:18,309 --> 00:50:16,160

sky we don't know

1489

00:50:20,069 --> 00:50:18,319

what they are what they could or could

1490

00:50:23,030 --> 00:50:20,079

not do to us

1491

00:50:24,309 --> 00:50:23,040

and we have no control over it um

1492

00:50:27,910 --> 00:50:24,319

because that

1493

00:50:31,589 --> 00:50:27,920

seemingly what is the truth of it all

1494

00:50:32,309 --> 00:50:31,599

but um for them to uh just stay quiet

1495

00:50:35,030 --> 00:50:32,319

about that

1496

00:50:36,069 --> 00:50:35,040

um do you think that if they did admit

1497

00:50:39,270 --> 00:50:36,079

something like that

1498

00:50:41,030 --> 00:50:39,280

that there would be some type of panic

1499

00:50:43,670 --> 00:50:41,040

well think about first of all what we're

1500

00:50:45,670 --> 00:50:43,680

what we're asking the institution to do

1501
00:50:47,349 --> 00:50:45,680
and that is to admit to the american

1502
00:50:49,510 --> 00:50:47,359
people that there's something

1503
00:50:50,950 --> 00:50:49,520
in our skies again we don't know what it

1504
00:50:52,150 --> 00:50:50,960
is we don't know how it works we don't

1505
00:50:53,109 --> 00:50:52,160
know where it's from we don't know their

1506
00:50:54,950 --> 00:50:53,119
intentions

1507
00:50:57,270 --> 00:50:54,960
and there's nothing we can do about it

1508
00:51:00,390 --> 00:50:57,280
for any country to say that

1509
00:51:03,430 --> 00:51:00,400
um is is is admitting

1510
00:51:04,950 --> 00:51:03,440
that um that the government cannot do

1511
00:51:06,390 --> 00:51:04,960
one of its primary functions and that is

1512
00:51:09,510 --> 00:51:06,400
to protect the people

1513
00:51:11,109 --> 00:51:09,520

uh and and determine what a threat is

1514

00:51:13,109 --> 00:51:11,119

so that's a very bold statement at the

1515

00:51:15,030 --> 00:51:13,119

height of the cold war with the russians

1516

00:51:17,109 --> 00:51:15,040

there were several studies done that

1517

00:51:18,549 --> 00:51:17,119

actually informed the government and

1518

00:51:19,589 --> 00:51:18,559

advise the government don't have this

1519

00:51:20,950 --> 00:51:19,599

conversation

1520

00:51:22,309 --> 00:51:20,960

if these things aren't directly

1521

00:51:23,030 --> 00:51:22,319

interfering with your military

1522

00:51:24,549 --> 00:51:23,040

operations

1523

00:51:26,950 --> 00:51:24,559

ignore them and focus on the threat

1524

00:51:29,270 --> 00:51:26,960

which is russia because they have nukes

1525

00:51:31,190 --> 00:51:29,280

and they have demonstrated a capability

1526

00:51:33,910 --> 00:51:31,200

uh to to deliver those

1527

00:51:36,630 --> 00:51:33,920

should we go to war and so that was

1528

00:51:39,829 --> 00:51:36,640

where our time and attention was spent

1529

00:51:40,630 --> 00:51:39,839

and it's it's no it's it's it probably

1530

00:51:43,670 --> 00:51:40,640

would have been

1531

00:51:44,870 --> 00:51:43,680

would not have been helpful uh to the

1532

00:51:46,309 --> 00:51:44,880

american government

1533

00:51:47,990 --> 00:51:46,319

because if it turned out that these were

1534

00:51:49,910 --> 00:51:48,000

some sort of russian

1535

00:51:51,030 --> 00:51:49,920

technologies being used against us that

1536

00:51:52,710 --> 00:51:51,040

would be a really

1537

00:51:55,589 --> 00:51:52,720

difficult conversation to have with the

1538

00:51:57,589 --> 00:51:55,599

american people i mean that would be

1539

00:51:59,030 --> 00:51:57,599

that would be a very tough conversation

1540

00:52:01,109 --> 00:51:59,040

and uh so i

1541

00:52:03,109 --> 00:52:01,119

i think some folks just decided it

1542

00:52:04,630 --> 00:52:03,119

probably better off just to ignore it

1543

00:52:06,790 --> 00:52:04,640

and not pay attention to it maybe

1544

00:52:09,190 --> 00:52:06,800

minimize it as a reality

1545

00:52:11,349 --> 00:52:09,200

uh and instead focus on on the big

1546

00:52:15,670 --> 00:52:11,359

threat that we know is there and that is

1547

00:52:17,430 --> 00:52:15,680

that is the at the time the the soviets

1548

00:52:19,190 --> 00:52:17,440

right right and there's still you know i

1549

00:52:22,549 --> 00:52:19,200

mean part of this task force

1550

00:52:25,589 --> 00:52:22,559

is an exploration to you know

1551
00:52:27,349 --> 00:52:25,599
for that possibility um we are we are

1552
00:52:28,230 --> 00:52:27,359
going to head into break right now we

1553
00:52:29,670 --> 00:52:28,240
got a um

1554
00:52:31,349 --> 00:52:29,680
about a three and a half minute break

1555
00:52:33,270 --> 00:52:31,359
we're going to go into right now

1556
00:52:35,109 --> 00:52:33,280
and uh during this break i'm going to be

1557
00:52:38,470 --> 00:52:35,119
playing a

1558
00:52:41,670 --> 00:52:38,480
a song called run the shim and that's uh

1559
00:52:43,349 --> 00:52:41,680
by brandesham forest and that's by

1560
00:52:44,150 --> 00:52:43,359
johnny cobb and jerry mccooy we're going

1561
00:52:46,309 --> 00:52:44,160
to play that

1562
00:53:00,850 --> 00:52:46,319
during the break so hang in there over

1563
00:53:03,190 --> 00:53:00,860

at kgra radio we'll be right back

1564

00:53:06,230 --> 00:53:03,200

[Music]

1565

00:53:14,309 --> 00:53:06,240

just after midnight

1566

00:53:18,069 --> 00:53:14,319

late december 1980s

1567

00:53:21,980 --> 00:53:18,079

lights in the sky flowing smears

1568

00:53:28,290 --> 00:53:24,790

[Music]

1569

00:53:40,829 --> 00:53:28,300

the wolves lit up like fire

1570

00:54:08,829 --> 00:53:43,190

electricity

1571

00:54:10,530 --> 00:54:08,839

[Music]

1572

00:54:17,630 --> 00:54:10,540

a

1573

00:54:50,829 --> 00:54:17,640

[Music]

1574

00:54:50,839 --> 00:55:00,520

sure

1575

00:55:18,870 --> 00:55:12,420

[Music]

1576
00:55:25,240 --> 00:55:21,190
no

1577
00:55:25,450 --> 00:55:25,250
[Music]

1578
00:55:32,829 --> 00:55:25,460
[Applause]

1579
00:55:46,829 --> 00:55:34,460
go

1580
00:55:46,839 --> 00:56:00,829
regular

1581
00:56:06,549 --> 00:56:03,030
so

1582
00:56:10,230 --> 00:56:06,559
all right coming back in three two one

1583
00:56:12,710 --> 00:56:10,240
go all right welcome back

1584
00:56:13,430 --> 00:56:12,720
this is martin willis and my guest

1585
00:56:16,549 --> 00:56:13,440
tonight

1586
00:56:19,430 --> 00:56:16,559
is lou elizondo and uh

1587
00:56:21,829 --> 00:56:19,440
lou i'm so glad that uh i'm trying to

1588
00:56:23,910 --> 00:56:21,839

trust this three here here we go

1589

00:56:25,750 --> 00:56:23,920

so glad again that you could join us and

1590

00:56:27,349 --> 00:56:25,760

i really do appreciate

1591

00:56:29,109 --> 00:56:27,359

you know you said that you'd be on a

1592

00:56:30,069 --> 00:56:29,119

show with one listener it didn't matter

1593

00:56:31,750 --> 00:56:30,079

and i i do

1594

00:56:34,230 --> 00:56:31,760

i do believe that about you that you

1595

00:56:36,470 --> 00:56:34,240

have that uh type of dedication

1596

00:56:37,670 --> 00:56:36,480

and um as bill said during the break

1597

00:56:41,349 --> 00:56:37,680

sent me a text

1598

00:56:43,990 --> 00:56:41,359

um you are very well needed in this

1599

00:56:45,349 --> 00:56:44,000

you know i think as long as i've been

1600

00:56:46,710 --> 00:56:45,359

looking into the topic which really

1601
00:56:47,750 --> 00:56:46,720
isn't that long compared to a lot of

1602
00:56:50,870 --> 00:56:47,760
people

1603
00:56:54,390 --> 00:56:50,880
is uh it's really nice to see

1604
00:56:57,670 --> 00:56:54,400
things move forward and and move ahead

1605
00:56:59,670 --> 00:56:57,680
and going and seemingly the right

1606
00:57:00,950 --> 00:56:59,680
direction the word disclosure comes up a

1607
00:57:02,630 --> 00:57:00,960
lot i don't know

1608
00:57:04,710 --> 00:57:02,640
um how you feel about that a lot of

1609
00:57:06,309 --> 00:57:04,720
people must ask you that

1610
00:57:08,230 --> 00:57:06,319
do you think there'll be full disclosure

1611
00:57:10,390 --> 00:57:08,240
by the government you mentioned earlier

1612
00:57:12,230 --> 00:57:10,400
if they landed on the white house lawn

1613
00:57:13,990 --> 00:57:12,240

and i've said a similar thing

1614

00:57:15,270 --> 00:57:14,000

how many people in the world would

1615

00:57:17,990 --> 00:57:15,280

believe it or not believe it

1616

00:57:19,030 --> 00:57:18,000

i mean you know there's like you said

1617

00:57:22,069 --> 00:57:19,040

someone can talk

1618

00:57:24,390 --> 00:57:22,079

uh a debunk somehow uh

1619

00:57:25,349 --> 00:57:24,400

even if the president were to admit it

1620

00:57:27,030 --> 00:57:25,359

it doesn't matter

1621

00:57:28,950 --> 00:57:27,040

i mean martin no offense but there's

1622

00:57:29,589 --> 00:57:28,960

people that still believe the earth is

1623

00:57:31,349 --> 00:57:29,599

flat

1624

00:57:33,430 --> 00:57:31,359

and you know that's their prerogative

1625

00:57:34,470 --> 00:57:33,440

and and privilege if they want to they

1626

00:57:37,190 --> 00:57:34,480

want to believe that

1627

00:57:39,990 --> 00:57:37,200

despite the overwhelming evidence that

1628

00:57:40,630 --> 00:57:40,000

that's certainly not the case um you

1629

00:57:42,150 --> 00:57:40,640

know so

1630

00:57:43,670 --> 00:57:42,160

yeah there's always going to be people

1631

00:57:46,870 --> 00:57:43,680

that no matter what

1632

00:57:48,630 --> 00:57:46,880

are not going to to to believe this and

1633

00:57:49,750 --> 00:57:48,640

we i think we need to be patient because

1634

00:57:51,589 --> 00:57:49,760

this is not a

1635

00:57:53,349 --> 00:57:51,599

you know we're not a we shouldn't be

1636

00:57:55,270 --> 00:57:53,359

approaching this as a

1637

00:57:56,710 --> 00:57:55,280

see i told you we were right i told you

1638

00:57:58,390 --> 00:57:56,720

so um you know

1639

00:58:00,710 --> 00:57:58,400

and and thumbing our nose at somebody

1640

00:58:04,549 --> 00:58:00,720

that that's not what this is about

1641

00:58:08,150 --> 00:58:04,559

uh you know the once disclosure

1642

00:58:10,390 --> 00:58:08,160

actually occurs the real hard

1643

00:58:13,270 --> 00:58:10,400

conversation is going to begin

1644

00:58:15,910 --> 00:58:13,280

um you know this is you know this is not

1645

00:58:18,710 --> 00:58:15,920

necessarily a time to celebrate per se

1646

00:58:19,190 --> 00:58:18,720

um i think it's it's it's we're entering

1647

00:58:22,230 --> 00:58:19,200

into

1648

00:58:24,630 --> 00:58:22,240

to an age of acknowledgement uh but

1649

00:58:26,870 --> 00:58:24,640

but a lot more work's gonna be be needed

1650

00:58:28,470 --> 00:58:26,880

and i think what's important too is that

1651
00:58:30,390 --> 00:58:28,480
you know there's a lot about this topic

1652
00:58:33,349 --> 00:58:30,400
that really isn't up to the government

1653
00:58:34,230 --> 00:58:33,359
to disclose uh the government is only

1654
00:58:36,230 --> 00:58:34,240
gonna be looking

1655
00:58:38,069 --> 00:58:36,240
at this through a very narrow lens of

1656
00:58:41,270 --> 00:58:38,079
national security

1657
00:58:43,349 --> 00:58:41,280
um but anything beyond that that's

1658
00:58:45,349 --> 00:58:43,359
that's up to us to have that's up to us

1659
00:58:47,589 --> 00:58:45,359
to have that conversation

1660
00:58:48,710 --> 00:58:47,599
as as the people we shouldn't be relying

1661
00:58:51,430 --> 00:58:48,720
on the government

1662
00:58:53,109 --> 00:58:51,440
to to make decisions on our behalf on

1663
00:58:54,870 --> 00:58:53,119

the philosophical implications of this

1664

00:58:56,870 --> 00:58:54,880

topic this is part of our problem we've

1665

00:58:58,470 --> 00:58:56,880

become very lazy as a society

1666

00:59:00,549 --> 00:58:58,480

and we've relied too much on our

1667

00:59:02,390 --> 00:59:00,559

government this is part of the problem

1668

00:59:04,870 --> 00:59:02,400

we're relying our government to tell us

1669

00:59:06,230 --> 00:59:04,880

not only what what something is but how

1670

00:59:07,270 --> 00:59:06,240

we should feel about it and what we

1671

00:59:09,589 --> 00:59:07,280

should think about it

1672

00:59:10,390 --> 00:59:09,599

and that to me is extremely dangerous it

1673

00:59:13,829 --> 00:59:10,400

that's up to

1674

00:59:15,270 --> 00:59:13,839

that decision

1675

00:59:16,870 --> 00:59:15,280

don't put the government in the driver's

1676

00:59:17,990 --> 00:59:16,880

seat of those those philosophical

1677

00:59:19,990 --> 00:59:18,000

questions because

1678

00:59:21,990 --> 00:59:20,000

it it's not a discussion that pertains

1679

00:59:22,630 --> 00:59:22,000

them it's a discussion that belongs to

1680

00:59:24,309 --> 00:59:22,640

us

1681

00:59:25,990 --> 00:59:24,319

and ultimately i think between our

1682

00:59:28,230 --> 00:59:26,000

academics and our scientists and our

1683

00:59:30,470 --> 00:59:28,240

philosophers and our theologians and

1684

00:59:31,670 --> 00:59:30,480

everybody lady dottie maybe maybe then

1685

00:59:34,390 --> 00:59:31,680

we'll be able to

1686

00:59:35,750 --> 00:59:34,400

to figure this out but i i for one don't

1687

00:59:37,510 --> 00:59:35,760

feel comfortable

1688

00:59:38,950 --> 00:59:37,520

putting this entire topic in the hands

1689

00:59:40,230 --> 00:59:38,960

of our government i don't think it

1690

00:59:42,390 --> 00:59:40,240

should be there i think

1691

00:59:44,230 --> 00:59:42,400

portions of it should but but there's

1692

00:59:46,710 --> 00:59:44,240

portions that that should remain

1693

00:59:50,710 --> 00:59:46,720

outside government channels in my

1694

00:59:54,710 --> 00:59:52,630

right um i've heard you say in a number

1695

00:59:57,190 --> 00:59:54,720

of interviews people have brought up the

1696

00:59:58,470 --> 00:59:57,200

recovered craft

1697

01:00:00,630 --> 00:59:58,480

and you know there's a lot of people

1698

01:00:03,510 --> 01:00:00,640

that will say hey how the heck

1699

01:00:05,430 --> 01:00:03,520

can these crap you know travel the

1700

01:00:08,309 --> 01:00:05,440

universe or whatever it is they're doing

1701

01:00:09,510 --> 01:00:08,319

and get here and then somehow crash um

1702

01:00:11,510 --> 01:00:09,520

and i know you can't

1703

01:00:13,270 --> 01:00:11,520

if you know something that's classified

1704

01:00:16,870 --> 01:00:13,280

i know you can't talk about it

1705

01:00:19,990 --> 01:00:16,880

but um do you think it's possible that

1706

01:00:21,670 --> 01:00:20,000

they're somewhere there is this material

1707

01:00:24,549 --> 01:00:21,680

i think you've been asked that question

1708

01:00:28,069 --> 01:00:26,710

yeah i stated for the record what my

1709

01:00:31,510 --> 01:00:28,079

belief is and

1710

01:00:32,870 --> 01:00:31,520

uh simply put yes i believe that uh

1711

01:00:34,069 --> 01:00:32,880

there are elements within the us

1712

01:00:35,670 --> 01:00:34,079

government that are in possession of

1713

01:00:38,069 --> 01:00:35,680

some very exotic material that needs

1714

01:00:40,710 --> 01:00:38,079

further analysis and study

1715

01:00:43,030 --> 01:00:40,720

and that is my my my personal belief

1716

01:00:45,670 --> 01:00:43,040

based upon my personal observations

1717

01:00:46,069 --> 01:00:45,680

uh during my time in this program and

1718

01:00:50,789 --> 01:00:46,079

and

1719

01:00:54,150 --> 01:00:50,799

to be very careful not to

1720

01:00:54,630 --> 01:00:54,160

to state uh something that really isn't

1721

01:00:58,470 --> 01:00:54,640

up

1722

01:01:00,470 --> 01:00:58,480

to me to to to discuss

1723

01:01:01,990 --> 01:01:00,480

um if the government is in possession of

1724

01:01:02,950 --> 01:01:02,000

something it then is up to the

1725

01:01:05,510 --> 01:01:02,960

government

1726

01:01:07,349 --> 01:01:05,520

to make a determination uh how it wants

1727

01:01:08,710 --> 01:01:07,359

to let the american people know

1728

01:01:10,230 --> 01:01:08,720

and then if the american people are

1729

01:01:11,829 --> 01:01:10,240

unsatisfied with that well then you know

1730

01:01:13,829 --> 01:01:11,839

what we take it up with the government

1731

01:01:15,829 --> 01:01:13,839

and you know we get new elected leaders

1732

01:01:17,030 --> 01:01:15,839

and we put people in office that we want

1733

01:01:18,390 --> 01:01:17,040

there that are going to represent our

1734

01:01:19,990 --> 01:01:18,400

interests and make the government do

1735

01:01:22,309 --> 01:01:20,000

what we wanted to do

1736

01:01:24,150 --> 01:01:22,319

um you know again another reason why i'm

1737

01:01:26,950 --> 01:01:24,160

very very cautious

1738

01:01:28,630 --> 01:01:26,960

that that we put too much emphasis and

1739

01:01:29,990 --> 01:01:28,640

reliance upon the government to tell us

1740

01:01:32,789 --> 01:01:30,000

what we want to hear

1741

01:01:34,549 --> 01:01:32,799

um i i don't subscribe to that i think

1742

01:01:36,549 --> 01:01:34,559

that's very dangerous i think we're

1743

01:01:37,990 --> 01:01:36,559

we're giving away a lot of our our

1744

01:01:40,710 --> 01:01:38,000

rights and privileges when we do

1745

01:01:42,230 --> 01:01:40,720

that i i think i think i'm a firm

1746

01:01:43,750 --> 01:01:42,240

believer that the government

1747

01:01:45,510 --> 01:01:43,760

is there to serve the people not the

1748

01:01:47,349 --> 01:01:45,520

other way around and the government is

1749

01:01:49,270 --> 01:01:47,359

there to do what we tell it to do

1750

01:01:51,030 --> 01:01:49,280

and it's gonna it's gonna look at a

1751
01:01:52,069 --> 01:01:51,040
topic the way we think it should look at

1752
01:01:54,309 --> 01:01:52,079
a topic

1753
01:01:55,829 --> 01:01:54,319
um ultimately that's that's the

1754
01:01:57,349 --> 01:01:55,839
definition of a democracy

1755
01:01:59,430 --> 01:01:57,359
and and you have a representative

1756
01:02:00,230 --> 01:01:59,440
government that's executing the will of

1757
01:02:02,230 --> 01:02:00,240
the people

1758
01:02:04,230 --> 01:02:02,240
and i i feel very very strongly about

1759
01:02:06,789 --> 01:02:04,240
that so as far as you're talking about

1760
01:02:08,150 --> 01:02:06,799
crash retrievals et cetera

1761
01:02:09,829 --> 01:02:08,160
you know that's that's really up to the

1762
01:02:12,230 --> 01:02:09,839
government to decide to

1763
01:02:13,109 --> 01:02:12,240

to to discuss what it it has and doesn't

1764

01:02:15,589 --> 01:02:13,119

have

1765

01:02:17,029 --> 01:02:15,599

uh and that's true whether it's uh parts

1766

01:02:19,589 --> 01:02:17,039

of some sort of uh

1767

01:02:21,589 --> 01:02:19,599

um new technology from our foreign

1768

01:02:22,230 --> 01:02:21,599

adversary that we happen to collect or a

1769

01:02:24,470 --> 01:02:22,240

new

1770

01:02:25,589 --> 01:02:24,480

type of part of a satellite platform or

1771

01:02:28,630 --> 01:02:25,599

a new part of

1772

01:02:30,390 --> 01:02:28,640

a a uap ufo um

1773

01:02:32,069 --> 01:02:30,400

i i you know the government ultimately

1774

01:02:35,589 --> 01:02:32,079

is going to have to answer that

1775

01:02:38,470 --> 01:02:35,599

uh i i i suspect that there is

1776

01:02:40,069 --> 01:02:38,480

there is uh an effort underway right now

1777

01:02:43,589 --> 01:02:40,079

uh within the government to

1778

01:02:48,630 --> 01:02:43,599

to to address that but specifically how

1779

01:02:50,710 --> 01:02:48,640

and by whom i i i can't elaborate

1780

01:02:52,950 --> 01:02:50,720

i've asked this question in particular

1781

01:02:56,069 --> 01:02:52,960

to people have been on the show like an

1782

01:02:59,430 --> 01:02:56,079

astrophysicist um harvey loeb and

1783

01:03:00,150 --> 01:02:59,440

a few other astronomers this particular

1784

01:03:03,430 --> 01:03:00,160

question

1785

01:03:06,390 --> 01:03:03,440

and that is if if

1786

01:03:06,710 --> 01:03:06,400

let's just say that we are being visited

1787

01:03:08,870 --> 01:03:06,720

by

1788

01:03:11,029 --> 01:03:08,880

another intelligence and let's just say

1789

01:03:13,430 --> 01:03:11,039

that we are being visited

1790

01:03:14,150 --> 01:03:13,440

from somewhere in the universe by

1791

01:03:17,430 --> 01:03:14,160

another

1792

01:03:20,789 --> 01:03:17,440

um intelligence and there were

1793

01:03:23,589 --> 01:03:20,799

uh there there are say billions of

1794

01:03:25,510 --> 01:03:23,599

other planets out there that could house

1795

01:03:28,710 --> 01:03:25,520

intelligent life

1796

01:03:29,510 --> 01:03:28,720

um why us why would they why would we be

1797

01:03:32,950 --> 01:03:29,520

so special

1798

01:03:34,390 --> 01:03:32,960

why would they be visiting us why not us

1799

01:03:36,150 --> 01:03:34,400

same question let me put that back in

1800

01:03:37,910 --> 01:03:36,160

your lap why not us and

1801
01:03:39,430 --> 01:03:37,920
i'm not saying we're necessarily special

1802
01:03:40,549 --> 01:03:39,440
we could be completely mundane and

1803
01:03:43,990 --> 01:03:40,559
routine

1804
01:03:46,549 --> 01:03:44,000
but we we as a species spend a

1805
01:03:48,549 --> 01:03:46,559
much of our time and attention looking

1806
01:03:50,549 --> 01:03:48,559
at the routine and mundane

1807
01:03:52,069 --> 01:03:50,559
and we we spend a lot of time with

1808
01:03:53,990 --> 01:03:52,079
biologically speaking and

1809
01:03:55,990 --> 01:03:54,000
there's entire people that that dedicate

1810
01:03:56,630 --> 01:03:56,000
their lives to to the study of insects

1811
01:03:58,069 --> 01:03:56,640
right

1812
01:03:59,750 --> 01:03:58,079
most people say an insect why would you

1813
01:04:00,630 --> 01:03:59,760

do that well because it's a it's a

1814

01:04:02,390 --> 01:04:00,640

living thing

1815

01:04:04,390 --> 01:04:02,400

and it's important to the ecosystem and

1816

01:04:06,470 --> 01:04:04,400

everything has a role to play

1817

01:04:09,190 --> 01:04:06,480

and so whether you are a bovine

1818

01:04:12,870 --> 01:04:09,200

specialist or an equine specialist or

1819

01:04:13,510 --> 01:04:12,880

or a human medical doctor we spend a lot

1820

01:04:15,589 --> 01:04:13,520

of time

1821

01:04:17,430 --> 01:04:15,599

studying biological organisms from the

1822

01:04:17,990 --> 01:04:17,440

very very small to the very very large

1823

01:04:21,190 --> 01:04:18,000

and

1824

01:04:23,589 --> 01:04:21,200

if you have a a let's say a petri dish

1825

01:04:26,069 --> 01:04:23,599

as you you stated earlier this hour

1826

01:04:27,829 --> 01:04:26,079

called earth with all sorts of

1827

01:04:29,670 --> 01:04:27,839

biomarkers

1828

01:04:31,349 --> 01:04:29,680

well there's probably a pretty good zoo

1829

01:04:32,870 --> 01:04:31,359

to visit then if you want to take a look

1830

01:04:36,390 --> 01:04:32,880

at a lot of different species you know

1831

01:04:37,750 --> 01:04:36,400

all in one place so um that's

1832

01:04:39,109 --> 01:04:37,760

that's my perspective anyways but

1833

01:04:40,950 --> 01:04:39,119

ultimately look at the end of the day we

1834

01:04:42,630 --> 01:04:40,960

don't know we don't know the intent

1835

01:04:43,670 --> 01:04:42,640

we're looking at this from a humanistic

1836

01:04:45,670 --> 01:04:43,680

perspective that

1837

01:04:47,029 --> 01:04:45,680

that the the curiosity we have is going

1838

01:04:49,670 --> 01:04:47,039

to be the same thing that

1839

01:04:52,150 --> 01:04:49,680

something else has uh you know beyond

1840

01:04:53,750 --> 01:04:52,160

our our solar system when in reality

1841

01:04:55,510 --> 01:04:53,760

that may not be true you know we're

1842

01:04:56,069 --> 01:04:55,520

looking this through anthropomorphic

1843

01:04:58,789 --> 01:04:56,079

eyes

1844

01:05:00,470 --> 01:04:58,799

because we're humans uh it could be a

1845

01:05:02,390 --> 01:05:00,480

fundamentally different way of

1846

01:05:04,150 --> 01:05:02,400

thought processes that you know that

1847

01:05:05,589 --> 01:05:04,160

that drive the motivation why something

1848

01:05:07,270 --> 01:05:05,599

would want to be here

1849

01:05:09,029 --> 01:05:07,280

that's right i've said something similar

1850

01:05:11,190 --> 01:05:09,039

to that many times and

1851
01:05:12,950 --> 01:05:11,200
another thing is you know you think of

1852
01:05:14,549 --> 01:05:12,960
back on the 20th century

1853
01:05:16,710 --> 01:05:14,559
we killed more people during that

1854
01:05:19,670 --> 01:05:16,720
century than ever on record

1855
01:05:21,670 --> 01:05:19,680
and we're violent we're tribal and as uh

1856
01:05:23,589 --> 01:05:21,680
you know stanton friedman

1857
01:05:25,349 --> 01:05:23,599
would say you know we found the matches

1858
01:05:28,549 --> 01:05:25,359
when we found nuclear

1859
01:05:31,270 --> 01:05:28,559
warheads when we figured that out

1860
01:05:33,270 --> 01:05:31,280
and if this is just a speculative

1861
01:05:35,510 --> 01:05:33,280
question if you had to guess why

1862
01:05:38,390 --> 01:05:35,520
they're not making themselves being

1863
01:05:41,430 --> 01:05:40,549

again i guess i'd be asking you to think

1864

01:05:44,150 --> 01:05:41,440

in human

1865

01:05:45,829 --> 01:05:44,160

terms do you think that's why could be a

1866

01:05:48,549 --> 01:05:45,839

possibility of why they're not is

1867

01:05:50,950 --> 01:05:48,559

because we are such a violent species

1868

01:05:52,710 --> 01:05:50,960

well in human terms let's let's look at

1869

01:05:53,750 --> 01:05:52,720

let's let's go down that that road for a

1870

01:05:56,870 --> 01:05:53,760

second

1871

01:05:58,630 --> 01:05:56,880

when a biologist goes to africa uh

1872

01:06:00,309 --> 01:05:58,640

and they're studying cheetahs they don't

1873

01:06:02,549 --> 01:06:00,319

go up there with with with

1874

01:06:04,390 --> 01:06:02,559

cat food and and pet the thing you know

1875

01:06:05,510 --> 01:06:04,400

they stand back about 50 yards off they

1876

01:06:07,270 --> 01:06:05,520

might dart it

1877

01:06:08,870 --> 01:06:07,280

and tranquilize it before they go near

1878

01:06:10,950 --> 01:06:08,880

it and then before the thing wakes up

1879

01:06:14,710 --> 01:06:10,960

they're they're gone man they split

1880

01:06:17,270 --> 01:06:14,720

uh because it is a wild animal and um

1881

01:06:18,549 --> 01:06:17,280

you know it could very well be that that

1882

01:06:19,270 --> 01:06:18,559

if you again looking at this through

1883

01:06:21,270 --> 01:06:19,280

human eyes

1884

01:06:22,470 --> 01:06:21,280

and which which may not be the case we

1885

01:06:24,950 --> 01:06:22,480

don't know

1886

01:06:26,789 --> 01:06:24,960

um it could very well be that it's it's

1887

01:06:27,670 --> 01:06:26,799

just a matter of of due diligence and

1888

01:06:30,230 --> 01:06:27,680

precaution

1889

01:06:31,109 --> 01:06:30,240

you know we we behave exactly the same

1890

01:06:32,950 --> 01:06:31,119

way

1891

01:06:34,870 --> 01:06:32,960

when we're out in the wild and we're

1892

01:06:35,190 --> 01:06:34,880

tagging and tracking animals whether

1893

01:06:41,190 --> 01:06:35,200

it's

1894

01:06:43,910 --> 01:06:41,200

or uh wilder beasts that are on a great

1895

01:06:47,270 --> 01:06:43,920

migration across the serengeti so

1896

01:06:49,829 --> 01:06:47,280

i i i again to go back to from the human

1897

01:06:51,829 --> 01:06:49,839

perspective there's lots of reasons why

1898

01:06:52,950 --> 01:06:51,839

uh a species would not want to interact

1899

01:06:55,029 --> 01:06:52,960

with us directly

1900

01:06:56,230 --> 01:06:55,039

um look we're our own species and we

1901

01:06:57,270 --> 01:06:56,240

don't like to interact with each other

1902

01:06:58,630 --> 01:06:57,280

half the time

1903

01:06:59,990 --> 01:06:58,640

you know you just said to yourself we

1904

01:07:01,430 --> 01:07:00,000

come up with all these clever ways to

1905

01:07:02,309 --> 01:07:01,440

destroy each other and rip each other

1906

01:07:04,789 --> 01:07:02,319

apart

1907

01:07:06,230 --> 01:07:04,799

um you know chances are if there was a

1908

01:07:07,270 --> 01:07:06,240

another species out there that was

1909

01:07:08,710 --> 01:07:07,280

looking at us

1910

01:07:11,589 --> 01:07:08,720

you know they probably want to stay at

1911

01:07:13,349 --> 01:07:11,599

arm's length um i i get that

1912

01:07:14,870 --> 01:07:13,359

yeah yeah even though they could

1913

01:07:16,870 --> 01:07:14,880

probably destroy us

1914

01:07:19,430 --> 01:07:16,880

if they wanted to maybe that's again not

1915

01:07:22,870 --> 01:07:19,440

in their way of thinking

1916

01:07:25,829 --> 01:07:22,880

um as far as the ufo um

1917

01:07:28,630 --> 01:07:25,839

as far as uf ufos the study of ufos do

1918

01:07:30,549 --> 01:07:28,640

you think it's possible that any of our

1919

01:07:32,390 --> 01:07:30,559

adversaries may have

1920

01:07:34,150 --> 01:07:32,400

more information on what these things

1921

01:07:37,029 --> 01:07:34,160

are than we have

1922

01:07:38,150 --> 01:07:37,039

and it also makes me wonder why we don't

1923

01:07:40,630 --> 01:07:38,160

unify

1924

01:07:41,670 --> 01:07:40,640

in a situation like this martin therein

1925

01:07:44,870 --> 01:07:41,680

lies

1926

01:07:47,109 --> 01:07:44,880

the the real issue uh for me that

1927

01:07:48,710 --> 01:07:47,119

we have we have a preponderance of

1928

01:07:50,230 --> 01:07:48,720

evidence that suggests

1929

01:07:52,390 --> 01:07:50,240

other countries are looking into this

1930

01:07:54,230 --> 01:07:52,400

phenomenon and and they're they're

1931

01:07:56,230 --> 01:07:54,240

they they may even possibly have a

1932

01:07:59,510 --> 01:07:56,240

better understanding than we do

1933

01:08:02,870 --> 01:07:59,520

um if that is the case then

1934

01:08:06,309 --> 01:08:02,880

you know uh he who gets that that

1935

01:08:08,789 --> 01:08:06,319

that match first wins um that type of

1936

01:08:11,829 --> 01:08:08,799

technology in the hands of an adversary

1937

01:08:14,390 --> 01:08:11,839

uh you know could could make the the

1938

01:08:14,950 --> 01:08:14,400

the atom bomb look like a firecracker uh

1939

01:08:17,749 --> 01:08:14,960

and

1940

01:08:19,669 --> 01:08:17,759

uh you know that that concerns me

1941

01:08:21,669 --> 01:08:19,679

because we we we

1942

01:08:23,189 --> 01:08:21,679

we're sitting on our laurels and we're

1943

01:08:25,990 --> 01:08:23,199

just

1944

01:08:28,149 --> 01:08:26,000

we have a lot of stigma and taboo to to

1945

01:08:29,669 --> 01:08:28,159

paralyze the conversation

1946

01:08:31,189 --> 01:08:29,679

and while other countries are taking it

1947

01:08:33,590 --> 01:08:31,199

rather seriously

1948

01:08:35,510 --> 01:08:33,600

and that that is a concern for me and

1949

01:08:38,709 --> 01:08:35,520

now does it have the potential to unite

1950

01:08:39,910 --> 01:08:38,719

i sure hope so uh because otherwise it's

1951

01:08:41,749 --> 01:08:39,920

not going to be a very good day for

1952

01:08:43,590 --> 01:08:41,759

humanity i think

1953

01:08:45,669 --> 01:08:43,600

i think it should unite us i think we

1954

01:08:47,269 --> 01:08:45,679

should find some some commonalities here

1955

01:08:48,789 --> 01:08:47,279

and rather than focus on the

1956

01:08:50,870 --> 01:08:48,799

10 percent of differences that we have

1957

01:08:51,430 --> 01:08:50,880

with other countries uh and other

1958

01:08:54,550 --> 01:08:51,440

nations

1959

01:08:56,630 --> 01:08:54,560

maybe we instead focus on the 90

1960

01:08:58,390 --> 01:08:56,640

that we have in common and maybe this

1961

01:09:00,789 --> 01:08:58,400

can be something to help unite us

1962

01:09:02,870 --> 01:09:00,799

uh there have been times in the past

1963

01:09:03,510 --> 01:09:02,880

where you have for example climate

1964

01:09:05,030 --> 01:09:03,520

change

1965

01:09:06,789 --> 01:09:05,040

that has united great portions of the

1966

01:09:07,749 --> 01:09:06,799

world to come together for a common

1967

01:09:09,829 --> 01:09:07,759

cause now

1968

01:09:11,030 --> 01:09:09,839

uh it's not perfect and not everybody's

1969

01:09:14,070 --> 01:09:11,040

going to get on board

1970

01:09:15,910 --> 01:09:14,080

uh necessarily but but there are times

1971

01:09:17,829 --> 01:09:15,920

where we come together you know reagan

1972

01:09:20,709 --> 01:09:17,839

once said that that if there was ever

1973

01:09:21,189 --> 01:09:20,719

president ronald reagan that if a ufo

1974

01:09:22,950 --> 01:09:21,199

had

1975

01:09:24,390 --> 01:09:22,960

landed here or you know there's a big

1976

01:09:26,950 --> 01:09:24,400

asteroid coming

1977

01:09:27,990 --> 01:09:26,960

we would instantly be united as as a as

1978

01:09:31,829 --> 01:09:28,000

a world

1979

01:09:33,590 --> 01:09:31,839

um do i think that's practical possibly

1980

01:09:35,430 --> 01:09:33,600

i think it's certainly possible i think

1981

01:09:36,870 --> 01:09:35,440

when people realize there's

1982

01:09:38,550 --> 01:09:36,880

bigger issues we need to worry about

1983

01:09:40,229 --> 01:09:38,560

than our own manufactured

1984

01:09:41,749 --> 01:09:40,239

drama and traumas that we create for

1985

01:09:43,829 --> 01:09:41,759

ourselves you know

1986

01:09:45,189 --> 01:09:43,839

yeah it could be it could be a hell of a

1987

01:09:46,709 --> 01:09:45,199

motivator for us to start working

1988

01:09:50,309 --> 01:09:46,719

together

1989

01:09:54,149 --> 01:09:50,319

right yeah all good um

1990

01:09:56,870 --> 01:09:54,159

so this came in from also from

1991

01:09:58,870 --> 01:09:56,880

um someone over at the radio station

1992

01:10:01,590 --> 01:09:58,880

from your own personal perspective

1993

01:10:04,070 --> 01:10:01,600

on this issue would you endorse funding

1994

01:10:07,030 --> 01:10:04,080

to be allocated to military branches

1995

01:10:09,990 --> 01:10:07,040

and agencies to address the threat posed

1996

01:10:12,229 --> 01:10:10,000

by these unidentified aerial phenomenon

1997

01:10:13,910 --> 01:10:12,239

absolutely but i would also dedicate an

1998

01:10:15,750 --> 01:10:13,920

equal amount if not greater amount of

1999

01:10:17,189 --> 01:10:15,760

money to organizations like the national

2000

01:10:19,830 --> 01:10:17,199

science foundation

2001

01:10:20,950 --> 01:10:19,840

uh to to also work on this this effort

2002

01:10:23,110 --> 01:10:20,960

to figure out

2003

01:10:24,229 --> 01:10:23,120

uh its full implications is there a

2004

01:10:26,390 --> 01:10:24,239

national security

2005

01:10:28,390 --> 01:10:26,400

piece to this yeah absolutely there is

2006

01:10:30,390 --> 01:10:28,400

but as i said before it's not only

2007

01:10:31,189 --> 01:10:30,400

national security there's other things

2008

01:10:34,550 --> 01:10:31,199

that we could be

2009

01:10:36,550 --> 01:10:34,560

putting we could we could create a a a

2010

01:10:38,229 --> 01:10:36,560

a federal construct where we have the

2011

01:10:39,750 --> 01:10:38,239

best and the brightest from academia in

2012

01:10:43,350 --> 01:10:39,760

the scientific community

2013

01:10:44,870 --> 01:10:43,360

department of energy uh nasa faa

2014

01:10:46,709 --> 01:10:44,880

department of defense the intelligence

2015

01:10:48,630 --> 01:10:46,719

community bring everybody

2016

01:10:50,390 --> 01:10:48,640

who's got a stake in this maybe there's

2017

01:10:51,590 --> 01:10:50,400

an international organization under the

2018

01:10:53,270 --> 01:10:51,600

united nations

2019

01:10:55,110 --> 01:10:53,280

uh where we can work collectively on

2020

01:10:57,990 --> 01:10:55,120

this because this is ultimately a global

2021

01:10:58,709 --> 01:10:58,000

phenomenon not just a u.s phenomenon

2022

01:11:01,189 --> 01:10:58,719

right

2023

01:11:03,510 --> 01:11:01,199

um i wanted to uh i was trying to grab

2024

01:11:05,030 --> 01:11:03,520

this screenshot i'll try to grab it now

2025

01:11:07,350 --> 01:11:05,040

because i thought i'd give you a little

2026

01:11:10,870 --> 01:11:07,360

bit of a a stump

2027

01:11:13,750 --> 01:11:10,880

to uh to to talk about what i saw you

2028

01:11:15,669 --> 01:11:13,760

um go on twitter and announce today and

2029

01:11:19,110 --> 01:11:15,679

i'm just going to pull that up right now

2030

01:11:22,550 --> 01:11:19,120

and i'll make it a full screen so

2031

01:11:26,470 --> 01:11:22,560

um right here you said

2032

01:11:28,630 --> 01:11:26,480

i like your pledge by the way but uh

2033

01:11:30,790 --> 01:11:28,640

again and again you have to talk about

2034

01:11:33,830 --> 01:11:30,800

this um

2035

01:11:34,390 --> 01:11:33,840

that people are asking you if you were

2036

01:11:37,430 --> 01:11:34,400

involved

2037

01:11:39,750 --> 01:11:37,440

in the um what was it a a w

2038

01:11:42,070 --> 01:11:39,760

s a p and you you look a little

2039

01:11:43,990 --> 01:11:42,080

frustrated when you talk about that

2040

01:11:46,870 --> 01:11:44,000

and so if you want to go ahead and and

2041

01:11:48,950 --> 01:11:46,880

talk about that and

2042

01:11:50,630 --> 01:11:48,960

sure well there's there's people that

2043

01:11:52,390 --> 01:11:50,640

have have for whatever reason

2044

01:11:53,910 --> 01:11:52,400

and i've made it abundantly clear over

2045

01:11:55,750 --> 01:11:53,920

and over and over again and it looks

2046

01:11:58,149 --> 01:11:55,760

like i have to do it yet again

2047

01:12:00,310 --> 01:11:58,159

that think i was associated with the

2048

01:12:03,510 --> 01:12:00,320

with the ossat program when in reality

2049

01:12:04,709 --> 01:12:03,520

my my focus was atip i have i have

2050

01:12:07,510 --> 01:12:04,719

stated that for the record

2051

01:12:08,149 --> 01:12:07,520

for the last three years uh but there

2052

01:12:09,669 --> 01:12:08,159

are people

2053

01:12:11,189 --> 01:12:09,679

for some reason that are still confused

2054

01:12:13,830 --> 01:12:11,199

by that and and some of these

2055

01:12:15,750 --> 01:12:13,840

were i'll tell you were personal friends

2056

01:12:17,189 --> 01:12:15,760

so yeah it's frustrating

2057

01:12:18,870 --> 01:12:17,199

but sometimes you know you have to

2058

01:12:19,990 --> 01:12:18,880

repeat things over and over again before

2059

01:12:23,189 --> 01:12:20,000

it resonates

2060

01:12:26,310 --> 01:12:23,199

and and uh people people understand that

2061

01:12:29,110 --> 01:12:26,320

um my focus was was a tip um

2062

01:12:29,910 --> 01:12:29,120

not asap asap was run by by my

2063

01:12:32,470 --> 01:12:29,920

predecessor

2064

01:12:34,149 --> 01:12:32,480

and and a contractor who by the way did

2065

01:12:36,550 --> 01:12:34,159

it did a very good job with that

2066

01:12:38,709 --> 01:12:36,560

um why there's still confusion i don't

2067

01:12:40,709 --> 01:12:38,719

know yes it's a little frustrating

2068

01:12:42,149 --> 01:12:40,719

um it's understandable but it's

2069

01:12:45,669 --> 01:12:42,159

certainly never come from my mouth

2070

01:12:47,590 --> 01:12:45,679

and you know if if

2071

01:12:49,430 --> 01:12:47,600

if i'm doing a favor for somebody by

2072

01:12:50,870 --> 01:12:49,440

having to restate this again and again

2073

01:12:53,510 --> 01:12:50,880

i'll do it again and again

2074

01:12:54,229 --> 01:12:53,520

but there should be no confusion my my

2075

01:12:57,189 --> 01:12:54,239

focus

2076

01:12:58,470 --> 01:12:57,199

was was on atip and and not assat and

2077

01:12:59,590 --> 01:12:58,480

again you can see that i know you

2078

01:13:01,270 --> 01:12:59,600

probably know this you've heard it a

2079

01:13:02,630 --> 01:13:01,280

thousand times in other podcasts

2080

01:13:03,830 --> 01:13:02,640

but for whatever reason there are some

2081

01:13:05,669 --> 01:13:03,840

people that maybe never heard these

2082

01:13:07,750 --> 01:13:05,679

podcasts never read an article

2083

01:13:11,030 --> 01:13:07,760

uh and and for some reason still think

2084

01:13:14,709 --> 01:13:11,040

i'm i'm associated with with asap

2085

01:13:16,630 --> 01:13:14,719

very good the nimitz case i mentioned

2086

01:13:18,790 --> 01:13:16,640

um in the text that i would talk a

2087

01:13:21,430 --> 01:13:18,800

little bit about that and um

2088

01:13:22,630 --> 01:13:21,440

going back up to a i guess you'd call

2089

01:13:25,030 --> 01:13:22,640

him a skeptic or

2090

01:13:25,669 --> 01:13:25,040

debunker mick west you know mentioned

2091

01:13:28,950 --> 01:13:25,679

that

2092

01:13:32,550 --> 01:13:28,960

were observing

2093

01:13:35,110 --> 01:13:32,560

was an f 18 hornet um and

2094

01:13:35,750 --> 01:13:35,120

basically i had i had kevin day on this

2095

01:13:38,790 --> 01:13:35,760

um

2096

01:13:40,550 --> 01:13:38,800

show basically saying his side of it and

2097

01:13:42,870 --> 01:13:40,560

when i got back to mick he said yeah i

2098

01:13:44,390 --> 01:13:42,880

kind of understand why i couldn't be

2099

01:13:45,990 --> 01:13:44,400

because there are so many reasons why

2100

01:13:48,790 --> 01:13:46,000

not but i'd like

2101
01:13:49,830 --> 01:13:48,800
to talk a little bit about that case b

2102
01:13:54,630 --> 01:13:49,840
is that

2103
01:13:56,310 --> 01:13:54,640
program actually looked into deeply or

2104
01:14:01,510 --> 01:13:56,320
was it not contemporary enough that

2105
01:14:06,709 --> 01:14:01,520
happened in 2004

2106
01:14:11,430 --> 01:14:09,910
there we go sorry guys yeah uh i i

2107
01:14:13,430 --> 01:14:11,440
have these really fat fingers and i'm on

2108
01:14:15,669 --> 01:14:13,440
this little tiny keypad i'm trying to

2109
01:14:16,470 --> 01:14:15,679
disengage i'm sorry so so a tip uh i'm

2110
01:14:18,630 --> 01:14:16,480
sorry so

2111
01:14:20,390 --> 01:14:18,640
the nimitz incident occurred before the

2112
01:14:24,229 --> 01:14:20,400
a-tip program existed

2113
01:14:25,990 --> 01:14:24,239

however it was members of atip um

2114

01:14:28,390 --> 01:14:26,000

and and later to be known as atip that

2115

01:14:29,750 --> 01:14:28,400

conducted the investigation i i want to

2116

01:14:32,310 --> 01:14:29,760

be careful to not go into too much

2117

01:14:35,430 --> 01:14:32,320

detail of of who prepared that report

2118

01:14:36,550 --> 01:14:35,440

uh but uh the individuals that that

2119

01:14:40,709 --> 01:14:36,560

prepare that report

2120

01:14:43,110 --> 01:14:40,719

uh were later part of the a-tip program

2121

01:14:44,310 --> 01:14:43,120

right um this is uh you know it's a

2122

01:14:46,550 --> 01:14:44,320

rendition it's not

2123

01:14:49,110 --> 01:14:46,560

it's not actually footage but you know i

2124

01:14:51,189 --> 01:14:49,120

have uh i had someone on this program

2125

01:14:52,790 --> 01:14:51,199

that was actually on the either the

2126

01:14:55,669 --> 01:14:52,800

princeton or the nimitz

2127

01:14:56,709 --> 01:14:55,679

and they said they actually saw the hd

2128

01:14:59,830 --> 01:14:56,719

video

2129

01:15:03,189 --> 01:14:59,840

of the tic tac is that something

2130

01:15:05,750 --> 01:15:03,199

that um usually someone in your position

2131

01:15:08,070 --> 01:15:05,760

would have an availability to see

2132

01:15:10,310 --> 01:15:08,080

uh yeah martin i don't want to discuss

2133

01:15:12,149 --> 01:15:10,320

if something hasn't been released yet or

2134

01:15:14,070 --> 01:15:12,159

or is still in government possession i i

2135

01:15:17,669 --> 01:15:14,080

don't want to elaborate on that

2136

01:15:19,590 --> 01:15:17,679

uh only because um

2137

01:15:21,270 --> 01:15:19,600

i'm not supposed to uh yeah bottom line

2138

01:15:22,709 --> 01:15:21,280

is that you know the government is in

2139

01:15:25,590 --> 01:15:22,719

possession of

2140

01:15:26,470 --> 01:15:25,600

more videos more photographs i'll leave

2141

01:15:28,550 --> 01:15:26,480

it at that

2142

01:15:30,390 --> 01:15:28,560

some of them are very compelling um but

2143

01:15:31,110 --> 01:15:30,400

as to the specifics of high definition

2144

01:15:33,110 --> 01:15:31,120

video

2145

01:15:36,149 --> 01:15:33,120

uh of certain instances and things like

2146

01:15:37,669 --> 01:15:36,159

that i'm going to politely

2147

01:15:39,510 --> 01:15:37,679

abstain from answering that question

2148

01:15:42,390 --> 01:15:39,520

only because uh i

2149

01:15:43,189 --> 01:15:42,400

i don't know uh i don't know how far i

2150

01:15:45,430 --> 01:15:43,199

can go with that

2151
01:15:46,229 --> 01:15:45,440
question um so i'm just gonna politely

2152
01:15:49,270 --> 01:15:46,239
uh uh

2153
01:15:52,950 --> 01:15:49,280
sidestep that one yeah uh this one here

2154
01:15:56,229 --> 01:15:52,960
um you know it's enhanced a bit but

2155
01:15:58,950 --> 01:15:56,239
a great image and i know a lot of people

2156
01:15:59,830 --> 01:15:58,960
claim that they have you know the answer

2157
01:16:03,030 --> 01:15:59,840
to what that is

2158
01:16:05,110 --> 01:16:03,040
i'm sure you've heard it all um but

2159
01:16:06,390 --> 01:16:05,120
it would you would think and this is an

2160
01:16:07,830 --> 01:16:06,400
argument i've heard out there a number

2161
01:16:10,470 --> 01:16:07,840
of times you would think that

2162
01:16:11,350 --> 01:16:10,480
if the government has at their

2163
01:16:14,070 --> 01:16:11,360

fingertips

2164

01:16:15,669 --> 01:16:14,080

all this technology and can figure out

2165

01:16:17,430 --> 01:16:15,679

what things are

2166

01:16:18,790 --> 01:16:17,440

why would they release that saying that

2167

01:16:20,709 --> 01:16:18,800

was unidentified

2168

01:16:21,990 --> 01:16:20,719

that is currently one of the real

2169

01:16:25,030 --> 01:16:22,000

unidentified

2170

01:16:26,709 --> 01:16:25,040

videos correct yes correct yeah

2171

01:16:28,630 --> 01:16:26,719

yeah i mean they said it themselves it

2172

01:16:31,830 --> 01:16:28,640

is unidentified uh

2173

01:16:34,149 --> 01:16:31,840

and it's you know uh again you can have

2174

01:16:35,270 --> 01:16:34,159

armchair quarterbacks all day long talk

2175

01:16:36,950 --> 01:16:35,280

about you know

2176

01:16:38,870 --> 01:16:36,960

lens flare and artifacts and all that

2177

01:16:40,470 --> 01:16:38,880

stuff but in reality that's not the case

2178

01:16:42,630 --> 01:16:40,480

it's it's a real object it's doing

2179

01:16:43,590 --> 01:16:42,640

something interesting and it's remains

2180

01:16:45,830 --> 01:16:43,600

unidentified

2181

01:16:46,630 --> 01:16:45,840

and the reason why is because uh you

2182

01:16:48,390 --> 01:16:46,640

know you

2183

01:16:50,790 --> 01:16:48,400

it's important in the context of the

2184

01:16:52,550 --> 01:16:50,800

conversation to recognize

2185

01:16:53,910 --> 01:16:52,560

rarely do you just have one collection

2186

01:16:55,830 --> 01:16:53,920

sensor on site

2187

01:16:57,669 --> 01:16:55,840

usually you have all sorts of collection

2188

01:17:01,350 --> 01:16:57,679

sensors a suite if you will

2189

01:17:05,430 --> 01:17:01,360

available to you to to collect telemetry

2190

01:17:06,630 --> 01:17:05,440

and uh elent electronics emissions and

2191

01:17:09,510 --> 01:17:06,640

intelligence and

2192

01:17:09,830 --> 01:17:09,520

and measurements intelligence masens and

2193

01:17:11,669 --> 01:17:09,840

uh

2194

01:17:12,950 --> 01:17:11,679

signals intelligence and all that all

2195

01:17:14,709 --> 01:17:12,960

the different ways of collecting

2196

01:17:17,350 --> 01:17:14,719

information about something so

2197

01:17:18,070 --> 01:17:17,360

you know again it's it's um a picture

2198

01:17:21,189 --> 01:17:18,080

may be worth

2199

01:17:22,630 --> 01:17:21,199

a thousand words but uh the rest of

2200

01:17:24,149 --> 01:17:22,640

intelligence is probably worth about a

2201

01:17:25,669 --> 01:17:24,159

million words and that's why it's so

2202

01:17:27,590 --> 01:17:25,679

important because the more

2203

01:17:29,189 --> 01:17:27,600

the more capability you bring to bear on

2204

01:17:31,750 --> 01:17:29,199

a particular incident

2205

01:17:32,950 --> 01:17:31,760

the more fidelity you have of a

2206

01:17:34,709 --> 01:17:32,960

particular incident

2207

01:17:36,310 --> 01:17:34,719

and that's that's what makes that

2208

01:17:37,910 --> 01:17:36,320

equally compelling it's not just

2209

01:17:39,750 --> 01:17:37,920

necessarily a video it's

2210

01:17:42,950 --> 01:17:39,760

it's the circumstances leading up to the

2211

01:17:44,550 --> 01:17:42,960

video and what happened after as well

2212

01:17:46,229 --> 01:17:44,560

right there were so many things that

2213

01:17:47,270 --> 01:17:46,239

went on and one of the things that mick

2214

01:17:50,470 --> 01:17:47,280

west

2215

01:17:54,630 --> 01:17:50,480

um had said is that he thought it was uh

2216

01:17:55,830 --> 01:17:54,640

um the f-18 was trying to the floor was

2217

01:17:59,430 --> 01:17:55,840

trying to get a lock on

2218

01:18:01,910 --> 01:17:59,440

on the f-18 and uh you know my

2219

01:18:02,709 --> 01:18:01,920

argument or my thoughts right away were

2220

01:18:06,950 --> 01:18:02,719

that

2221

01:18:08,390 --> 01:18:06,960

would know right away as soon as there

2222

01:18:10,550 --> 01:18:08,400

was a lock on them

2223

01:18:12,070 --> 01:18:10,560

you know and and then there's the

2224

01:18:13,669 --> 01:18:12,080

transponders and there's

2225

01:18:16,070 --> 01:18:13,679

all the identification equipment

2226

01:18:19,030 --> 01:18:16,080

equipment that the um

2227

01:18:20,550 --> 01:18:19,040

that the camera uh would have uh

2228

01:18:21,430 --> 01:18:20,560

recognized right away with the other

2229

01:18:24,709 --> 01:18:21,440

sensors

2230

01:18:27,110 --> 01:18:24,719

um so anyway that is a spectacular case

2231

01:18:28,390 --> 01:18:27,120

and i'm sure you get asked this quite

2232

01:18:30,870 --> 01:18:28,400

often

2233

01:18:32,550 --> 01:18:30,880

um do you have a favorite case or one

2234

01:18:35,350 --> 01:18:32,560

that you think is the most compelling

2235

01:18:36,229 --> 01:18:35,360

that is known by the public well that's

2236

01:18:40,390 --> 01:18:36,239

like asking me if i have

2237

01:18:44,070 --> 01:18:40,400

a favorite child you know um

2238

01:18:47,590 --> 01:18:44,080

well do you have a favorite kid they uh

2239

01:18:49,270 --> 01:18:47,600

no i love my kids equally and

2240

01:18:51,110 --> 01:18:49,280

sometimes sometimes i can't stand them

2241

01:18:53,189 --> 01:18:51,120

equally too

2242

01:18:54,630 --> 01:18:53,199

that's all you know yeah no i'm kidding

2243

01:18:55,830 --> 01:18:54,640

my my my kids are the greatest

2244

01:18:59,189 --> 01:18:55,840

accomplishment of my life

2245

01:19:01,669 --> 01:18:59,199

uh you know i'll never be able to to to

2246

01:19:03,189 --> 01:19:01,679

obtain any any any uh anything greater

2247

01:19:06,229 --> 01:19:03,199

than that so i'm an

2248

01:19:09,430 --> 01:19:06,239

incredibly lucky father um as far as the

2249

01:19:12,070 --> 01:19:09,440

the my favorite case you know they're

2250

01:19:12,630 --> 01:19:12,080

they all have have have uniqueness about

2251

01:19:14,790 --> 01:19:12,640

them

2252

01:19:16,950 --> 01:19:14,800

and i think for me it's because they

2253

01:19:18,630 --> 01:19:16,960

don't all fit in a particular mold

2254

01:19:20,070 --> 01:19:18,640

why they're so interesting and

2255

01:19:21,430 --> 01:19:20,080

compelling to me because as an

2256

01:19:22,950 --> 01:19:21,440

intelligence officer

2257

01:19:24,470 --> 01:19:22,960

we're trained to find patterns we're

2258

01:19:25,270 --> 01:19:24,480

trained to find you know create this

2259

01:19:26,550 --> 01:19:25,280

mosaic

2260

01:19:28,630 --> 01:19:26,560

it's like putting together a jigsaw

2261

01:19:30,149 --> 01:19:28,640

puzzle and eventually you have enough

2262

01:19:31,669 --> 01:19:30,159

pieces on the on the

2263

01:19:33,430 --> 01:19:31,679

on the table where you can you can make

2264

01:19:35,669 --> 01:19:33,440

a picture you know what it is

2265

01:19:37,510 --> 01:19:35,679

but this is not that way this is this is

2266

01:19:37,910 --> 01:19:37,520

far more intriguing this is almost like

2267

01:19:57,669 --> 01:19:37,920

a

2268

01:19:59,350 --> 01:19:57,679

picture of of of

2269

01:20:00,870 --> 01:19:59,360

what it is we may be looking at all of a

2270

01:20:02,950 --> 01:20:00,880

sudden there's this whole other

2271

01:20:04,149 --> 01:20:02,960

dimension to the jigsaw puzzle now that

2272

01:20:05,990 --> 01:20:04,159

doesn't fit so

2273

01:20:08,149 --> 01:20:06,000

it might fit here but on the opposite

2274

01:20:11,990 --> 01:20:08,159

side now those pieces don't fit

2275

01:20:15,189 --> 01:20:12,000

um and so it's it's uh it it really is

2276

01:20:16,709 --> 01:20:15,199

it it's it's it's intriguing um it's

2277

01:20:17,510 --> 01:20:16,719

it's it's really one one hell of a

2278

01:20:18,790 --> 01:20:17,520

mystery

2279

01:20:20,310 --> 01:20:18,800

and then when you finally get to the

2280

01:20:21,669 --> 01:20:20,320

point where you do find some pieces that

2281

01:20:22,470 --> 01:20:21,679

fit and you start seeing a bit of a

2282

01:20:24,070 --> 01:20:22,480

picture

2283

01:20:25,830 --> 01:20:24,080

you know there's this realization that

2284

01:20:28,390 --> 01:20:25,840

wow you know this is this

2285

01:20:29,910 --> 01:20:28,400

really is some some pretty incredible

2286

01:20:33,030 --> 01:20:29,920

technology

2287

01:20:36,070 --> 01:20:33,040

when you were doing research at atip

2288

01:20:36,790 --> 01:20:36,080

were you able or did you have uh an

2289

01:20:39,030 --> 01:20:36,800

interest

2290

01:20:39,990 --> 01:20:39,040

in historic cases or did you have to

2291

01:20:41,830 --> 01:20:40,000

stay away from that

2292

01:20:43,270 --> 01:20:41,840

and just work on what you had the

2293

01:20:45,030 --> 01:20:43,280

freshest data on

2294

01:20:46,629 --> 01:20:45,040

yeah mark we stayed away from historical

2295

01:20:47,669 --> 01:20:46,639

cases i know people are going to be up

2296

01:20:49,750 --> 01:20:47,679

in arms and say no

2297

01:20:51,430 --> 01:20:49,760

how can you do that well because we

2298

01:20:53,110 --> 01:20:51,440

didn't have the fidelity of information

2299

01:20:54,709 --> 01:20:53,120

available to us you can't look at a case

2300

01:20:57,990 --> 01:20:54,719

from the 1950s

2301

01:21:00,390 --> 01:20:58,000

uh with with the same lens that you do

2302

01:21:03,510 --> 01:21:00,400

today's day and age because we have the

2303

01:21:06,550 --> 01:21:03,520

the the the pervasiveness of technology

2304

01:21:08,870 --> 01:21:06,560

and the and the sophistication is

2305

01:21:10,550 --> 01:21:08,880

is you know say forgive the pun light

2306

01:21:13,669 --> 01:21:10,560

years ahead of where it was

2307

01:21:16,550 --> 01:21:13,679

uh in the 50s and 60s and 70s in the 80s

2308

01:21:18,149 --> 01:21:16,560

we've come so far and so for us we had

2309

01:21:20,070 --> 01:21:18,159

enough information

2310

01:21:21,270 --> 01:21:20,080

uh where we could look at the cases

2311

01:21:23,350 --> 01:21:21,280

right here and now

2312

01:21:25,270 --> 01:21:23,360

because they they were frequent enough

2313

01:21:26,310 --> 01:21:25,280

where we were busy looking at these

2314

01:21:28,709 --> 01:21:26,320

things

2315

01:21:30,550 --> 01:21:28,719

also we had we were very we were very

2316

01:21:32,149 --> 01:21:30,560

limited we had to be focused only on the

2317

01:21:33,110 --> 01:21:32,159

military aspects we weren't really

2318

01:21:35,750 --> 01:21:33,120

focused

2319

01:21:37,590 --> 01:21:35,760

uh later on in the uh in the civilian

2320

01:21:38,470 --> 01:21:37,600

cases it was it was primarily military

2321

01:21:41,430 --> 01:21:38,480

cases

2322

01:21:43,430 --> 01:21:41,440

um and those that affecting uh you know

2323

01:21:45,990 --> 01:21:43,440

military-controlled airspace

2324

01:21:47,030 --> 01:21:46,000

so uh we were plenty busy with just just

2325

01:21:48,709 --> 01:21:47,040

that um

2326

01:21:51,350 --> 01:21:48,719

yes there were people there that knew

2327

01:21:53,110 --> 01:21:51,360

anecdotally some historical stuff but

2328

01:21:54,709 --> 01:21:53,120

but that wasn't overly helpful because i

2329

01:21:55,990 --> 01:21:54,719

couldn't go to the boss and say hey boss

2330

01:21:56,950 --> 01:21:56,000

guess what you know here's this old case

2331

01:21:58,390 --> 01:21:56,960

from 1950s

2332

01:22:00,229 --> 01:21:58,400

isn't this interesting he's going to

2333

01:22:03,350 --> 01:22:00,239

look at me he's going to say

2334

01:22:04,629 --> 01:22:03,360

okay that was 60 years ago what have you

2335

01:22:07,510 --> 01:22:04,639

done for me lately

2336

01:22:07,990 --> 01:22:07,520

so um you know it's far more when you

2337

01:22:14,550 --> 01:22:08,000

can show

2338

01:22:16,470 --> 01:22:14,560

some other uh uh data

2339

01:22:17,990 --> 01:22:16,480

that you can collect on site sometimes

2340

01:22:20,709 --> 01:22:18,000

from different platforms

2341

01:22:22,390 --> 01:22:20,719

in the area you know now you've got a a

2342

01:22:24,390 --> 01:22:22,400

pretty good triangulation of of

2343

01:22:26,149 --> 01:22:24,400

of something that is in in your airspace

2344

01:22:27,750 --> 01:22:26,159

that is behaving in a way that

2345

01:22:29,430 --> 01:22:27,760

quite frankly doesn't really make much

2346

01:22:31,990 --> 01:22:29,440

sense um that

2347

01:22:33,750 --> 01:22:32,000

that is is is more helpful when you go

2348

01:22:36,149 --> 01:22:33,760

to leadership with something like that

2349

01:22:38,629 --> 01:22:36,159

um then you know taking the cold case

2350

01:22:40,550 --> 01:22:38,639

from the 1950s that

2351

01:22:41,750 --> 01:22:40,560

really there's no there there's nothing

2352

01:22:43,030 --> 01:22:41,760

else there that you

2353

01:22:44,950 --> 01:22:43,040

the data is in front of you and that's

2354

01:22:45,830 --> 01:22:44,960

all you have you can't pull any more

2355

01:22:48,950 --> 01:22:45,840

data because

2356

01:22:52,390 --> 01:22:48,960

that data doesn't exist when you

2357

01:22:55,830 --> 01:22:52,400

left a tip was there

2358

01:22:56,870 --> 01:22:55,840

any debriefing like anything said to you

2359

01:23:00,070 --> 01:22:56,880

like you can't

2360

01:23:02,149 --> 01:23:00,080

speaking about this anything like that yeah

2361

01:23:04,149 --> 01:23:02,159

i was told i can't discuss classified

2362

01:23:05,590 --> 01:23:04,159

information you know they reminded me ad

2363

01:23:06,950 --> 01:23:05,600

nauseum about my

2364

01:23:08,950 --> 01:23:06,960

about my non-disclosure agreement with

2365

01:23:10,550 --> 01:23:08,960

the united states government uh when you

2366

01:23:11,270 --> 01:23:10,560

have a top secret security clearance

2367

01:23:13,510 --> 01:23:11,280

along with the

2368

01:23:14,550 --> 01:23:13,520

the other stuff involved with it i won't

2369

01:23:16,790 --> 01:23:14,560

go into detail

2370

01:23:18,950 --> 01:23:16,800

uh different programs and attributes you

2371

01:23:20,470 --> 01:23:18,960

know you it's a lifelong

2372

01:23:22,229 --> 01:23:20,480

commitment you've made it's like a

2373

01:23:23,830 --> 01:23:22,239

marriage you know

2374

01:23:26,149 --> 01:23:23,840

but in this case you know if you if you

2375

01:23:26,790 --> 01:23:26,159

break your vow it's not a divorce you go

2376

01:23:29,510 --> 01:23:26,800

to jail

2377

01:23:30,790 --> 01:23:29,520

so yeah you know it it's pretty serious

2378

01:23:33,110 --> 01:23:30,800

the consequences are

2379

01:23:34,870 --> 01:23:33,120

are severe for those who step out of

2380

01:23:36,229 --> 01:23:34,880

rank and and decide to divulge

2381

01:23:38,070 --> 01:23:36,239

classified information it's called an

2382

01:23:40,950 --> 01:23:38,080

unauthorized disclosure

2383

01:23:42,629 --> 01:23:40,960

so uh you know that's that's that's why

2384

01:23:45,430 --> 01:23:42,639

i'm always very careful if i say

2385

01:23:47,350 --> 01:23:45,440

one wrong word i can find myself in a

2386

01:23:48,790 --> 01:23:47,360

lot of hot water so i'm very very

2387

01:23:50,390 --> 01:23:48,800

careful to make sure that i don't you

2388

01:23:52,390 --> 01:23:50,400

know i don't cross those

2389

01:23:54,070 --> 01:23:52,400

those lines yeah but those people

2390

01:23:57,510 --> 01:23:54,080

wouldn't be watching this podcast if you

2391

01:24:00,390 --> 01:23:57,520

want to disclose anything go ahead

2392

01:24:00,950 --> 01:24:00,400

you go you're going to visit me in jail

2393

01:24:03,030 --> 01:24:00,960

i'll put

2394

01:24:05,430 --> 01:24:03,040

the hacksaw blade in the cake i'll bring

2395

01:24:06,790 --> 01:24:05,440

a cake yeah

2396

01:24:08,870 --> 01:24:06,800

i don't look good in orange i can tell

2397

01:24:11,910 --> 01:24:08,880

you so uh you know

2398

01:24:14,790 --> 01:24:11,920

i'll uh i'll i'll pass on that okay

2399

01:24:15,430 --> 01:24:14,800

all right well um you know i think i'm

2400

01:24:17,430 --> 01:24:15,440

going to

2401

01:24:20,149 --> 01:24:17,440

open the lines because people are trying

2402

01:24:23,030 --> 01:24:20,159

to call already and i want to ask

2403

01:24:25,270 --> 01:24:23,040

people that are calling to please be

2404

01:24:27,990 --> 01:24:25,280

very respectful

2405

01:24:30,070 --> 01:24:28,000

and no games or anything and if anyone

2406

01:24:32,470 --> 01:24:30,080

does play any games or anything

2407

01:24:33,990 --> 01:24:32,480

you'll get a click so i'm going to also

2408

01:24:36,629 --> 01:24:34,000

martin real quick if my

2409

01:24:38,310 --> 01:24:36,639

my bluetooth drops out i will i have

2410

01:24:39,590 --> 01:24:38,320

another emergency pair here i'll just

2411

01:24:41,990 --> 01:24:39,600

plug in directly

2412

01:24:42,790 --> 01:24:42,000

um it usually has about a two hour life

2413

01:24:44,470 --> 01:24:42,800

but

2414

01:24:46,229 --> 01:24:44,480

the more i yammer the more the more

2415

01:24:48,550 --> 01:24:46,239

battery it chews up so

2416

01:24:49,270 --> 01:24:48,560

forgive me if it goes out i'll just plug

2417

01:24:52,470 --> 01:24:49,280

and play

2418

01:24:55,510 --> 01:24:52,480

okay sure all right so that number is

2419

01:24:57,510 --> 01:24:55,520

uh oh okay that number is

2420

01:24:58,950 --> 01:24:57,520

eight five five four seven two five four

2421

01:25:00,950 --> 01:24:58,960

eight three and um

2422

01:25:03,030 --> 01:25:00,960

i'm going to also pop up see if there's

2423

01:25:03,510 --> 01:25:03,040

if anyone wants to ask a question i have

2424

01:25:05,350 --> 01:25:03,520

not

2425

01:25:07,350 --> 01:25:05,360

been paid paying attention at all of

2426

01:25:09,750 --> 01:25:07,360

chat we have a lot of people in here

2427

01:25:10,390 --> 01:25:09,760

uh right now uh watching live quite a

2428

01:25:15,910 --> 01:25:10,400

few

2429

01:25:18,950 --> 01:25:15,920

so um again that number is 855-472-5483

2430

01:25:22,229 --> 01:25:18,960

and i'll be taking your calls uh

2431

01:25:23,990 --> 01:25:22,239

for questions for lou um what's what's

2432

01:25:25,750 --> 01:25:24,000

like the number one

2433

01:25:27,030 --> 01:25:25,760

thing that people ask you when they find

2434

01:25:29,110 --> 01:25:27,040

out what you did

2435

01:25:30,790 --> 01:25:29,120

i mean is it like can you share any

2436

01:25:31,669 --> 01:25:30,800

secret is that is that the first thing

2437

01:25:32,790 --> 01:25:31,679

they ask you

2438

01:25:35,510 --> 01:25:32,800

i'm talking about like the average

2439

01:25:37,030 --> 01:25:35,520

person usually the the first

2440

01:25:38,709 --> 01:25:37,040

response is you mean you're telling me

2441

01:25:40,070 --> 01:25:38,719

it's real and then usually the second

2442

01:25:43,669 --> 01:25:40,080

response is

2443

01:25:45,430 --> 01:25:43,679

so do we have uh ufos at uh area 51

2444

01:25:46,870 --> 01:25:45,440

that's usually the second question right

2445

01:25:48,950 --> 01:25:46,880

on the heels of that one

2446

01:25:51,189 --> 01:25:48,960

yeah well that's interesting and i'm

2447

01:25:54,149 --> 01:25:51,199

sure you've heard about

2448

01:25:55,430 --> 01:25:54,159

when i think it was i can't remember his

2449

01:25:57,350 --> 01:25:55,440

name right now on him

2450

01:25:58,470 --> 01:25:57,360

it's just slipping my mind but um the

2451

01:26:00,950 --> 01:25:58,480

skunk works

2452

01:26:01,590 --> 01:26:00,960

he said that it's possible we could you

2453

01:26:03,990 --> 01:26:01,600

know uh

2454

01:26:05,990 --> 01:26:04,000

send e.t home at this point i mean do

2455

01:26:08,310 --> 01:26:06,000

you think there's any viability in

2456

01:26:10,149 --> 01:26:08,320

what the technology is you know this is

2457

01:26:11,830 --> 01:26:10,159

another speculative question

2458

01:26:15,110 --> 01:26:11,840

what our technology is that we don't

2459

01:26:18,390 --> 01:26:16,470

well we don't know what we don't know

2460

01:26:20,470 --> 01:26:18,400

right so uh

2461

01:26:21,510 --> 01:26:20,480

we can speculate all day long i think

2462

01:26:24,790 --> 01:26:21,520

one thing that we

2463

01:26:26,629 --> 01:26:24,800

we can certainly recognize is that um

2464

01:26:29,110 --> 01:26:26,639

you know science our understanding of

2465

01:26:32,229 --> 01:26:29,120

science continues to evolve and

2466

01:26:33,110 --> 01:26:32,239

and evolves quickly uh based upon

2467

01:26:34,310 --> 01:26:33,120

observations

2468

01:26:36,950 --> 01:26:34,320

and things that we thought were

2469

01:26:38,470 --> 01:26:36,960

impossible in the past we continue

2470

01:26:40,310 --> 01:26:38,480

to prove ourselves wrong there was a

2471

01:26:41,830 --> 01:26:40,320

time where where we never thought we'd

2472

01:26:43,430 --> 01:26:41,840

break the sound barrier there was a time

2473

01:26:45,189 --> 01:26:43,440

where we never thought we could

2474

01:26:47,430 --> 01:26:45,199

uh make the quarter mile run in less

2475

01:26:49,590 --> 01:26:47,440

than four seconds there was a time where

2476

01:26:51,669 --> 01:26:49,600

we thought well that four minute was

2477

01:26:54,390 --> 01:26:51,679

running i'm talking quarter mile with a

2478

01:26:55,270 --> 01:26:54,400

drag race car oh hra sure sorry i'm a

2479

01:26:58,310 --> 01:26:55,280

gearhead right

2480

01:26:59,750 --> 01:26:58,320

so my days of running are over i i only

2481

01:27:03,189 --> 01:26:59,760

run when i'm being chased

2482

01:27:04,950 --> 01:27:03,199

i prefer uh gearhead talk so i apologize

2483

01:27:06,790 --> 01:27:04,960

um but there was a time where where

2484

01:27:07,990 --> 01:27:06,800

people thought we couldn't um you know

2485

01:27:09,590 --> 01:27:08,000

all the things that we have been

2486

01:27:10,470 --> 01:27:09,600

speculated before that we would never be

2487

01:27:15,350 --> 01:27:10,480

able to do

2488

01:27:18,709 --> 01:27:15,360

ourselves wrong constantly

2489

01:27:20,790 --> 01:27:18,719

so if there is if there is uh one thing

2490

01:27:21,350 --> 01:27:20,800

that i think we can say conclusively is

2491

01:27:23,430 --> 01:27:21,360

that

2492

01:27:25,750 --> 01:27:23,440

we we definitely don't don't have all

2493

01:27:28,550 --> 01:27:25,760

the answers yet nor do we understand

2494

01:27:30,070 --> 01:27:28,560

uh physics and nature yet uh as much as

2495

01:27:32,790 --> 01:27:30,080

we would like to think we do

2496

01:27:34,470 --> 01:27:32,800

i i agree with that um our lines are

2497

01:27:35,830 --> 01:27:34,480

stacked our lines are full so we're

2498

01:27:38,310 --> 01:27:35,840

going to start out with uh

2499

01:27:40,390 --> 01:27:38,320

garcia los angeles welcome to the show

2500

01:27:42,629 --> 01:27:40,400

garcia

2501

01:27:44,550 --> 01:27:42,639

hi hi there welcome to the show you're

2502

01:27:47,910 --> 01:27:44,560

live

2503

01:27:51,270 --> 01:27:47,920

hey guys how are you uh hi luis uh

2504

01:27:54,550 --> 01:27:51,280

pleasure to be on um uh with you guys

2505

01:27:56,709 --> 01:27:54,560

um a really quick question so

2506

01:27:58,709 --> 01:27:56,719

uh i don't want to be speculative and i

2507

01:28:00,070 --> 01:27:58,719

don't want anybody to

2508

01:28:02,149 --> 01:28:00,080

think that i'm being speculative either

2509

01:28:05,830 --> 01:28:02,159

but do we louise do we

2510

01:28:09,590 --> 01:28:05,840

know whether uh these

2511

01:28:12,709 --> 01:28:09,600

uh phenomenon are from different sources

2512

01:28:13,510 --> 01:28:12,719

or have we identified one source what

2513

01:28:16,790 --> 01:28:13,520

i'm what i mean

2514

01:28:18,149 --> 01:28:16,800

is um you know are they coming from

2515

01:28:21,270 --> 01:28:18,159

different places

2516

01:28:22,950 --> 01:28:21,280

or are they just uh we know they come

2517

01:28:25,510 --> 01:28:22,960

from one place

2518

01:28:26,709 --> 01:28:25,520

good question so first garcia thank you

2519

01:28:33,669 --> 01:28:26,719

very much for tuning in

2520

01:28:37,750 --> 01:28:36,229

i think uh you know i i think it's too

2521

01:28:39,990 --> 01:28:37,760

early to tell i think there's a lot of

2522

01:28:43,110 --> 01:28:40,000

speculation in that regard

2523

01:28:45,030 --> 01:28:43,120

we are um we are very

2524

01:28:46,550 --> 01:28:45,040

cautious not to to jump to any

2525

01:28:49,110 --> 01:28:46,560

conclusions um

2526

01:28:50,390 --> 01:28:49,120

we have not begun yet to ascertain the

2527

01:28:52,550 --> 01:28:50,400

sources

2528

01:28:55,350 --> 01:28:52,560

of these things again our focus was very

2529

01:28:59,510 --> 01:28:55,360

simple what is it and how does it work

2530

01:29:01,270 --> 01:28:59,520

uh and um we we really don't know and

2531

01:29:01,750 --> 01:29:01,280

and again the possibilities are really

2532

01:29:03,830 --> 01:29:01,760

endless

2533

01:29:05,510 --> 01:29:03,840

uh you know we tend to think and think

2534

01:29:07,350 --> 01:29:05,520

in terms of binary so

2535

01:29:09,669 --> 01:29:07,360

you know it's either from earth or from

2536

01:29:10,790 --> 01:29:09,679

outer space and what we're realizing is

2537

01:29:12,629 --> 01:29:10,800

that's false logic

2538

01:29:14,149 --> 01:29:12,639

that that may not even be the case at

2539

01:29:15,910 --> 01:29:14,159

all um there's all sorts of

2540

01:29:17,510 --> 01:29:15,920

possibilities in between

2541

01:29:19,510 --> 01:29:17,520

uh where these things could be coming

2542

01:29:23,189 --> 01:29:19,520

from uh and where they are from

2543

01:29:25,510 --> 01:29:23,199

and may not just be one it might be

2544

01:29:26,870 --> 01:29:25,520

several different types or it could be

2545

01:29:28,470 --> 01:29:26,880

these vehicles are from

2546

01:29:30,229 --> 01:29:28,480

a single source but are used for a

2547

01:29:31,669 --> 01:29:30,239

different utility or used for different

2548

01:29:34,470 --> 01:29:31,679

purposes think of a

2549

01:29:35,830 --> 01:29:34,480

uh think of a sports car versus a

2550

01:29:38,950 --> 01:29:35,840

tractor-trailer truck

2551
01:29:39,669 --> 01:29:38,960
versus an aircraft carrier and it could

2552
01:29:42,870 --> 01:29:39,679
be a simple

2553
01:29:44,790 --> 01:29:42,880
uh principle of design and function so

2554
01:29:46,310 --> 01:29:44,800
to to try to answer your question as as

2555
01:29:49,030 --> 01:29:46,320
best i can

2556
01:29:49,750 --> 01:29:49,040
it's it's not an easy answer and i don't

2557
01:29:51,030 --> 01:29:49,760
think we have an

2558
01:29:53,590 --> 01:29:51,040
answer yet i think there's a lot of

2559
01:29:57,189 --> 01:29:53,600
people who speculate that we do

2560
01:30:00,390 --> 01:29:57,199
but from from from from what i've seen

2561
01:30:01,990 --> 01:30:00,400
we really don't know the origin yet

2562
01:30:05,510 --> 01:30:02,000
and so everything's all options are on

2563
01:30:07,750 --> 01:30:05,520

the table until they're no longer on the

2564

01:30:08,709 --> 01:30:07,760

that's table great question thank you

2565

01:30:12,229 --> 01:30:08,719

thank you for that

2566

01:30:16,070 --> 01:30:12,239

i appreciate that all right garcia

2567

01:30:18,070 --> 01:30:16,080

it's a pleasure yeah um

2568

01:30:19,910 --> 01:30:18,080

there the other term i've heard of shock

2569

01:30:21,990 --> 01:30:19,920

valet says they could be a number of

2570

01:30:24,310 --> 01:30:22,000

different things all at the same time

2571

01:30:25,189 --> 01:30:24,320

which is uh or beyond our understanding

2572

01:30:27,270 --> 01:30:25,199

even if

2573

01:30:29,270 --> 01:30:27,280

we were told what they were which i

2574

01:30:31,350 --> 01:30:29,280

think is interesting and uh

2575

01:30:32,550 --> 01:30:31,360

um you know what is the right question

2576

01:30:33,669 --> 01:30:32,560

to ask and all that

2577

01:30:35,830 --> 01:30:33,679

and we don't even know the right

2578

01:30:38,470 --> 01:30:35,840

question so we have rob

2579

01:30:40,950 --> 01:30:38,480

from sarasota florida welcome to the

2580

01:30:42,870 --> 01:30:40,960

show rob

2581

01:30:44,950 --> 01:30:42,880

uh martin good evening and thank you so

2582

01:30:45,590 --> 01:30:44,960

much for the opportunity and mr elizondo

2583

01:30:49,430 --> 01:30:45,600

it's

2584

01:30:53,510 --> 01:30:49,440

great to speak to you go rams right

2585

01:30:56,229 --> 01:30:53,520

yeah yeah exactly riverview

2586

01:30:57,910 --> 01:30:56,239

yes sir uh one factor i want to bring

2587

01:31:00,950 --> 01:30:57,920

your attention you know

2588

01:31:01,990 --> 01:31:00,960

the nimitz tic-tac event out there in my

2589

01:31:04,550 --> 01:31:02,000

research i found

2590

01:31:05,270 --> 01:31:04,560

something that might be a factor of why

2591

01:31:08,629 --> 01:31:05,280

those

2592

01:31:12,870 --> 01:31:08,639

you ever heard of naval

2593

01:31:14,550 --> 01:31:12,880

operation wigwam operation wigwam

2594

01:31:16,790 --> 01:31:14,560

you know i'm not familiar with wigwam

2595

01:31:17,510 --> 01:31:16,800

was that a uh is that an electronic

2596

01:31:20,070 --> 01:31:17,520

warfare

2597

01:31:21,510 --> 01:31:20,080

uh scenario uh that that's run out there

2598

01:31:23,350 --> 01:31:21,520

in the training area i'm not familiar

2599

01:31:26,550 --> 01:31:23,360

with wigwam

2600

01:31:27,590 --> 01:31:26,560

roger no it's not uh they detonated a 30

2601
01:31:31,030 --> 01:31:27,600
kiloton

2602
01:31:31,990 --> 01:31:31,040
nuclear weapon fleet feet below the

2603
01:31:34,950 --> 01:31:32,000
surface

2604
01:31:37,510 --> 01:31:34,960
400 miles southwest of san diego now the

2605
01:31:39,590 --> 01:31:37,520
tic tac was about 100 miles southwest

2606
01:31:40,790 --> 01:31:39,600
of san diego so as quickly as these

2607
01:31:43,189 --> 01:31:40,800
craft move

2608
01:31:44,709 --> 01:31:43,199
they were in that vicinity and we know

2609
01:31:46,709 --> 01:31:44,719
how these craft have had

2610
01:31:47,750 --> 01:31:46,719
such an interest in our nuclear

2611
01:31:49,750 --> 01:31:47,760
activities

2612
01:31:51,270 --> 01:31:49,760
they may have been very curious as to

2613
01:31:52,149 --> 01:31:51,280

why they're detecting underwater

2614

01:31:54,470 --> 01:31:52,159

radiation

2615

01:31:55,510 --> 01:31:54,480

from because there's radiated objects on

2616

01:31:57,350 --> 01:31:55,520

the bottom barges

2617

01:31:58,870 --> 01:31:57,360

yeah that's fascinating can you tell me

2618

01:32:00,070 --> 01:31:58,880

again one more time the yield of that of

2619

01:32:03,430 --> 01:32:00,080

the kiloton yield

2620

01:32:04,229 --> 01:32:03,440

that was part of wigwam thirty three

2621

01:32:06,790 --> 01:32:04,239

zero

2622

01:32:09,030 --> 01:32:06,800

thirty kilotons so that's roughly uh

2623

01:32:11,189 --> 01:32:09,040

four times larger than what we had on uh

2624

01:32:12,550 --> 01:32:11,199

hiroshima which was a 13 kiloton so

2625

01:32:13,990 --> 01:32:12,560

that's pretty sizable

2626

01:32:15,750 --> 01:32:14,000

do you know that again i'm going to ask

2627

01:32:17,669 --> 01:32:15,760

you a dumb question here was it was

2628

01:32:20,390 --> 01:32:17,679

do you know the approximate depth that

2629

01:32:23,990 --> 01:32:20,400

that was uh detonated

2630

01:32:27,430 --> 01:32:24,000

yes 2000 feet oh wow okay

2631

01:32:31,590 --> 01:32:29,110

yep a lot of good videos they

2632

01:32:32,870 --> 01:32:31,600

declassified a lot of the uh the film

2633

01:32:35,189 --> 01:32:32,880

from that period of time

2634

01:32:36,790 --> 01:32:35,199

it's fascinating and i'll send some

2635

01:32:37,990 --> 01:32:36,800

information to martin that he can

2636

01:32:40,229 --> 01:32:38,000

forward to you but

2637

01:32:42,149 --> 01:32:40,239

you know what i i saw the wigwam i i

2638

01:32:43,189 --> 01:32:42,159

actually ran into a veteran who was out

2639

01:32:45,110 --> 01:32:43,199

there in a ship

2640

01:32:47,110 --> 01:32:45,120

and he told me about it and then when i

2641

01:32:48,470 --> 01:32:47,120

saw the tic tac i said they're right out

2642

01:32:51,590 --> 01:32:48,480

in that vicinity because

2643

01:32:52,950 --> 01:32:51,600

yeah you know rob that's a really rob

2644

01:32:53,350 --> 01:32:52,960

that's a really interesting point one of

2645

01:32:56,870 --> 01:32:53,360

the

2646

01:33:00,470 --> 01:32:56,880

that we can say

2647

01:33:01,910 --> 01:33:00,480

uh uh almost almost definitively

2648

01:33:03,510 --> 01:33:01,920

is that there does appear to be some

2649

01:33:04,790 --> 01:33:03,520

sort of nuclear connection and if you

2650

01:33:07,110 --> 01:33:04,800

look at the nimitz uh

2651
01:33:07,990 --> 01:33:07,120
carrier strike group you're looking at a

2652
01:33:10,070 --> 01:33:08,000
at a potential

2653
01:33:11,590 --> 01:33:10,080
nuclear footprint that is that is very

2654
01:33:13,030 --> 01:33:11,600
considerable you're looking at

2655
01:33:14,629 --> 01:33:13,040
a first of all you're looking at

2656
01:33:16,950 --> 01:33:14,639
nuclear-powered aircraft

2657
01:33:19,030 --> 01:33:16,960
uh you're looking at uh potentially some

2658
01:33:20,310 --> 01:33:19,040
nuclear-powered uh vessels that are also

2659
01:33:22,149 --> 01:33:20,320
uh supporting

2660
01:33:23,590 --> 01:33:22,159
and escorting the uh the aircraft

2661
01:33:26,149 --> 01:33:23,600
carrier you're looking at nuclear

2662
01:33:28,070 --> 01:33:26,159
capable submarines uh that are not just

2663
01:33:28,470 --> 01:33:28,080

nuclear power but in some cases may have

2664

01:33:32,870 --> 01:33:28,480

uh

2665

01:33:34,790 --> 01:33:32,880

you look at that in total

2666

01:33:36,870 --> 01:33:34,800

you you know you that's a pretty

2667

01:33:39,270 --> 01:33:36,880

significant nuclear footprint

2668

01:33:40,950 --> 01:33:39,280

all concentrated in a very small tight

2669

01:33:42,870 --> 01:33:40,960

geographic area

2670

01:33:44,229 --> 01:33:42,880

and it's something that we have we have

2671

01:33:45,910 --> 01:33:44,239

considered

2672

01:33:47,510 --> 01:33:45,920

before and we continue to see that

2673

01:33:49,990 --> 01:33:47,520

pattern over and over again but

2674

01:33:53,350 --> 01:33:50,000

as far as operation wigwam i wasn't

2675

01:33:56,390 --> 01:33:53,360

familiar was that back in the 1950s

2676
01:33:57,110 --> 01:33:56,400
yes it was actually almost 66 years to

2677
01:34:00,470 --> 01:33:57,120
the day

2678
01:34:03,189 --> 01:34:00,480
may 14th 1955.

2679
01:34:04,149 --> 01:34:03,199
that makes sense interesting well i'll

2680
01:34:05,830 --> 01:34:04,159
tell you what uh

2681
01:34:07,350 --> 01:34:05,840
you always learn something new and i'm

2682
01:34:09,270 --> 01:34:07,360
gonna if you don't mind whatever

2683
01:34:11,590 --> 01:34:09,280
information you're willing to send

2684
01:34:13,350 --> 01:34:11,600
uh would be the most appreciated i'm

2685
01:34:15,030 --> 01:34:13,360
gonna i'm gonna look at that too that's

2686
01:34:17,669 --> 01:34:15,040
uh that's really neat thank you for

2687
01:34:19,990 --> 01:34:17,679
sharing that's that's that's fascinating

2688
01:34:21,350 --> 01:34:20,000

yeah you bet just very quickly you know

2689

01:34:24,070 --> 01:34:21,360

this may you know

2690

01:34:24,870 --> 01:34:24,080

this may be a clue to the vulnerability

2691

01:34:27,430 --> 01:34:24,880

of these

2692

01:34:29,110 --> 01:34:27,440

these unknowns is that you know if

2693

01:34:29,430 --> 01:34:29,120

they're running along with some kind of

2694

01:34:33,189 --> 01:34:29,440

an

2695

01:34:36,310 --> 01:34:33,199

control

2696

01:34:39,430 --> 01:34:36,320

you know a nuclear generated

2697

01:34:40,950 --> 01:34:39,440

electromagnetic pulse may interrupt

2698

01:34:42,229 --> 01:34:40,960

their control and thrust

2699

01:34:44,390 --> 01:34:42,239

and you can imagine if you're going

2700

01:34:45,830 --> 01:34:44,400

along in a bubble of your own gravity

2701

01:34:48,229 --> 01:34:45,840

and something interrupts it you could

2702

01:34:51,270 --> 01:34:48,239

end up like a bug on a windshield

2703

01:34:52,310 --> 01:34:51,280

certainly certainly what is being looked

2704

01:34:55,109 --> 01:34:52,320

at right now

2705

01:34:56,310 --> 01:34:55,119

um i'll be careful not to pontificate

2706

01:34:59,189 --> 01:34:56,320

too much but

2707

01:34:59,990 --> 01:34:59,199

uh there is definitely some some

2708

01:35:03,109 --> 01:35:00,000

speculation

2709

01:35:04,870 --> 01:35:03,119

that um any any if

2710

01:35:06,310 --> 01:35:04,880

if that is what is being used that

2711

01:35:09,030 --> 01:35:06,320

perhaps uh an

2712

01:35:09,430 --> 01:35:09,040

emp may be able to interfere with that

2713

01:35:11,189 --> 01:35:09,440

uh

2714

01:35:13,510 --> 01:35:11,199

with that technology um that's something

2715

01:35:16,070 --> 01:35:13,520

that i think is during the achilles heel

2716

01:35:17,910 --> 01:35:16,080

and and just quickly i'll close because

2717

01:35:21,030 --> 01:35:17,920

you know commander fraber said as

2718

01:35:22,550 --> 01:35:21,040

soon as they painted that object the tic

2719

01:35:24,709 --> 01:35:22,560

tac with his radar

2720

01:35:26,550 --> 01:35:24,719

it started jamming their radar he said

2721

01:35:29,189 --> 01:35:26,560

in every way you can

2722

01:35:29,590 --> 01:35:29,199

and then kevin day said at one time it

2723

01:35:32,470 --> 01:35:29,600

was

2724

01:35:33,350 --> 01:35:32,480

raining ufos which is classic radar

2725

01:35:35,270 --> 01:35:33,360

jamming so

2726

01:35:36,950 --> 01:35:35,280

they are very very concerned when they

2727

01:35:37,910 --> 01:35:36,960

get painted with radar because they know

2728

01:35:41,270 --> 01:35:37,920

we've got nuclear

2729

01:35:43,270 --> 01:35:41,280

devices yeah yeah very interesting

2730

01:35:44,950 --> 01:35:43,280

and uh rob thank you for sharing again

2731

01:35:49,270 --> 01:35:44,960

that was

2732

01:35:51,510 --> 01:35:49,280

very insightful yeah rob

2733

01:35:53,109 --> 01:35:51,520

thanks for the call yeah that was it

2734

01:35:55,510 --> 01:35:53,119

we're getting some good questions

2735

01:35:57,189 --> 01:35:55,520

and uh again the lines are all the way

2736

01:35:59,910 --> 01:35:57,199

full we have drew

2737

01:36:02,550 --> 01:35:59,920

uh from texas next welcome to the show

2738

01:36:08,149 --> 01:36:06,550

uh hi there

2739

01:36:10,709 --> 01:36:08,159

hey lou uh thanks for everything you're

2740

01:36:12,870 --> 01:36:10,719

doing and martin uh

2741

01:36:15,109 --> 01:36:12,880

great job on the show thanks for calling

2742

01:36:17,189 --> 01:36:15,119

andrew

2743

01:36:18,950 --> 01:36:17,199

yeah i just had an easy question for lou

2744

01:36:22,790 --> 01:36:18,960

i was just curious i

2745

01:36:24,550 --> 01:36:22,800

i've noticed that uh you've had a

2746

01:36:26,229 --> 01:36:24,560

quite a bit of an uptick lately in

2747

01:36:28,629 --> 01:36:26,239

interviews and i was curious what that

2748

01:36:31,189 --> 01:36:28,639

was about

2749

01:36:32,790 --> 01:36:31,199

well it's i'm not filming for tv shows

2750

01:36:34,790 --> 01:36:32,800

and i have more time to commit to

2751
01:36:36,550 --> 01:36:34,800
to the public public there's i've always

2752
01:36:39,990 --> 01:36:36,560
talked about the five pillars

2753
01:36:41,830 --> 01:36:40,000
of our uh of our emphasis and the first

2754
01:36:42,550 --> 01:36:41,840
is our legislative engagement the second

2755
01:36:44,229 --> 01:36:42,560
is our

2756
01:36:45,910 --> 01:36:44,239
uh executive level engagement working

2757
01:36:48,790 --> 01:36:45,920
with the government the the third

2758
01:36:50,310 --> 01:36:48,800
is uh engaging our foreign counterparts

2759
01:36:52,310 --> 01:36:50,320
and allies and friends

2760
01:36:53,910 --> 01:36:52,320
international engagement uh the fourth

2761
01:36:54,629 --> 01:36:53,920
pillar is engaging the media and the

2762
01:36:56,870 --> 01:36:54,639
fifth

2763
01:36:58,629 --> 01:36:56,880

is public engagement but it is actually

2764

01:36:59,510 --> 01:36:58,639

public engagement that may be the most

2765

01:37:01,990 --> 01:36:59,520

important of all

2766

01:37:03,430 --> 01:37:02,000

because let's face it uh elected

2767

01:37:06,149 --> 01:37:03,440

officials the legislators

2768

01:37:07,669 --> 01:37:06,159

will respond to the american people the

2769

01:37:09,510 --> 01:37:07,679

executive branch will respond to

2770

01:37:13,030 --> 01:37:09,520

complaints by the american people

2771

01:37:15,590 --> 01:37:13,040

uh the media will respond to um

2772

01:37:16,470 --> 01:37:15,600

viewers uh by the american people right

2773

01:37:19,189 --> 01:37:16,480

audienceship

2774

01:37:19,990 --> 01:37:19,199

and and uh look watch eyeballs on tv

2775

01:37:21,830 --> 01:37:20,000

sets

2776

01:37:24,149 --> 01:37:21,840

uh looking at the news and last but not

2777

01:37:27,189 --> 01:37:24,159

least uh the american people

2778

01:37:28,870 --> 01:37:27,199

uh at least from this perspective are

2779

01:37:29,910 --> 01:37:28,880

really probably the most fundamentally

2780

01:37:33,109 --> 01:37:29,920

important because

2781

01:37:34,149 --> 01:37:33,119

really this conversation belongs belongs

2782

01:37:38,070 --> 01:37:34,159

to you

2783

01:37:39,910 --> 01:37:38,080

um and from from from my perspective

2784

01:37:41,350 --> 01:37:39,920

this is fundamentally probably the most

2785

01:37:45,030 --> 01:37:41,360

important

2786

01:37:47,270 --> 01:37:45,040

way to to for disclosure to happen

2787

01:37:48,790 --> 01:37:47,280

um it's a very delicate dance and you

2788

01:37:49,350 --> 01:37:48,800

can't get ahead of your headlights you

2789

01:37:52,870 --> 01:37:49,360

can't

2790

01:37:54,310 --> 01:37:52,880

far ahead that the executive branch has

2791

01:37:56,229 --> 01:37:54,320

no idea what's going on

2792

01:37:59,030 --> 01:37:56,239

and vice versa and the media has to be

2793

01:38:00,550 --> 01:37:59,040

willing to to talk about this and not

2794

01:38:02,070 --> 01:38:00,560

feel that they're going to get pounded

2795

01:38:02,790 --> 01:38:02,080

by viewers and saying oh what the heck

2796

01:38:05,910 --> 01:38:02,800

are you doing

2797

01:38:09,350 --> 01:38:05,920

reporting on this nonsense uh and and

2798

01:38:10,070 --> 01:38:09,360

you need the the the public to say it's

2799

01:38:12,070 --> 01:38:10,080

okay

2800

01:38:14,390 --> 01:38:12,080

for all of them to to look at this and

2801
01:38:16,149 --> 01:38:14,400
so i think this is why it's so vital

2802
01:38:18,950 --> 01:38:16,159
this is why you see an uptick

2803
01:38:21,270 --> 01:38:18,960
and by the way good observation because

2804
01:38:22,470 --> 01:38:21,280
it's necessary because the other efforts

2805
01:38:25,109 --> 01:38:22,480
of emphasis

2806
01:38:26,950 --> 01:38:25,119
won't happen unless the american people

2807
01:38:29,669 --> 01:38:26,960
say it's okay for it to happen

2808
01:38:30,550 --> 01:38:29,679
and so this is why this is why having

2809
01:38:32,950 --> 01:38:30,560
martin and

2810
01:38:34,070 --> 01:38:32,960
folks like you have this conversation

2811
01:38:35,990 --> 01:38:34,080
collectively

2812
01:38:38,070 --> 01:38:36,000
this is where where where the work gets

2813
01:38:39,669 --> 01:38:38,080

done this is where where real meaningful

2814

01:38:42,870 --> 01:38:39,679

conversation happens

2815

01:38:44,870 --> 01:38:42,880

in my opinion thank you

2816

01:38:47,270 --> 01:38:44,880

thank you very much uh one more question

2817

01:38:49,590 --> 01:38:47,280

that ties into that uh

2818

01:38:50,470 --> 01:38:49,600

so i've watched most of your interview

2819

01:38:53,750 --> 01:38:50,480

interviews

2820

01:38:55,669 --> 01:38:53,760

and listened to them uh you said in one

2821

01:38:59,189 --> 01:38:55,679

of your recent interviews to

2822

01:39:01,510 --> 01:38:59,199

pay close attention in the month of may

2823

01:39:02,950 --> 01:39:01,520

and i was just curious if your uptick in

2824

01:39:06,070 --> 01:39:02,960

interviews

2825

01:39:07,430 --> 01:39:06,080

was uh related that or is it because of

2826

01:39:11,430 --> 01:39:07,440

the

2827

01:39:14,310 --> 01:39:11,440

going to

2828

01:39:15,750 --> 01:39:14,320

just really comment from that uh i i

2829

01:39:18,229 --> 01:39:15,760

think you're going to see

2830

01:39:20,390 --> 01:39:18,239

an elevation and an escalation of

2831

01:39:23,270 --> 01:39:20,400

mainstream reporting on this topic

2832

01:39:25,270 --> 01:39:23,280

um outlets that have typically or

2833

01:39:26,470 --> 01:39:25,280

historically stayed away from this topic

2834

01:39:30,229 --> 01:39:26,480

are beginning

2835

01:39:31,750 --> 01:39:30,239

to to have this discussion

2836

01:39:33,590 --> 01:39:31,760

with their audience and their viewers

2837

01:39:35,109 --> 01:39:33,600

and that's a that's an indicator

2838

01:39:36,790 --> 01:39:35,119

that's an indicator that the tide is

2839

01:39:39,109 --> 01:39:36,800

changing that that

2840

01:39:40,550 --> 01:39:39,119

it is it is becoming easier to have this

2841

01:39:43,750 --> 01:39:40,560

conversation

2842

01:39:45,510 --> 01:39:43,760

you have now senior academics and senior

2843

01:39:47,270 --> 01:39:45,520

scientists coming out of the shadows and

2844

01:39:48,470 --> 01:39:47,280

saying you know what

2845

01:39:49,910 --> 01:39:48,480

yeah we should be studying this we

2846

01:39:51,750 --> 01:39:49,920

should be looking at this i never wanted

2847

01:39:54,390 --> 01:39:51,760

to say anything before but but now i

2848

01:39:57,430 --> 01:39:54,400

have the courage to say something uh

2849

01:40:00,950 --> 01:39:57,440

i think this

2850

01:40:03,350 --> 01:40:00,960

pivotal for this conversation

2851

01:40:04,950 --> 01:40:03,360

uh i think it's going to become easier

2852

01:40:08,390 --> 01:40:04,960

to to talk about

2853

01:40:09,350 --> 01:40:08,400

in the coming months especially before

2854

01:40:15,510 --> 01:40:09,360

the

2855

01:40:17,109 --> 01:40:15,520

and uh i i think that's all i'll say

2856

01:40:19,510 --> 01:40:17,119

right now about it because i

2857

01:40:20,229 --> 01:40:19,520

i have to be careful not to to let too

2858

01:40:22,470 --> 01:40:20,239

much out

2859

01:40:24,070 --> 01:40:22,480

um only because you know things things

2860

01:40:25,669 --> 01:40:24,080

have to play out naturally and i don't

2861

01:40:29,109 --> 01:40:25,679

want to

2862

01:40:30,629 --> 01:40:29,119

anything prematurely but there's there's

2863

01:40:32,629 --> 01:40:30,639

a lot happening behind the scenes and if

2864

01:40:35,910 --> 01:40:32,639

there's one thing people have noticed

2865

01:40:36,470 --> 01:40:35,920

it's all terribly orchestrated well it's

2866

01:40:38,229 --> 01:40:36,480

it's it

2867

01:40:39,590 --> 01:40:38,239

i would say orchestrators it's certainly

2868

01:40:41,990 --> 01:40:39,600

being coordinated

2869

01:40:44,149 --> 01:40:42,000

uh because again what we don't want to

2870

01:40:46,390 --> 01:40:44,159

do is get to a point where

2871

01:40:48,310 --> 01:40:46,400

um the legislative branch or the

2872

01:40:49,510 --> 01:40:48,320

executive branch or international

2873

01:40:51,990 --> 01:40:49,520

partners or anybody is

2874

01:40:53,590 --> 01:40:52,000

is necessarily ahead of anybody else

2875

01:40:55,590 --> 01:40:53,600

this is a gradual conversation we need

2876

01:40:58,550 --> 01:40:55,600

to bring everybody up incrementally

2877

01:40:58,870 --> 01:40:58,560

uh to have this conversation and so it

2878

01:41:07,510 --> 01:40:58,880

is

2879

01:41:08,629 --> 01:41:07,520

um and you know it's it's a tough topic

2880

01:41:10,470 --> 01:41:08,639

it's it's

2881

01:41:11,750 --> 01:41:10,480

we've you know we really haven't done

2882

01:41:13,750 --> 01:41:11,760

this before like this

2883

01:41:15,270 --> 01:41:13,760

uh we've we've done it before in other

2884

01:41:17,430 --> 01:41:15,280

ways and arguably

2885

01:41:19,430 --> 01:41:17,440

may not have been quite as successful

2886

01:41:22,390 --> 01:41:19,440

but i think

2887

01:41:23,910 --> 01:41:22,400

you know i think i think we need to to

2888

01:41:24,870 --> 01:41:23,920

continue doing what we're doing and the

2889

01:41:26,870 --> 01:41:24,880

way we're doing it

2890

01:41:28,629 --> 01:41:26,880

it seems to be it seems to be working it

2891

01:41:30,550 --> 01:41:28,639

seems to be effective

2892

01:41:32,629 --> 01:41:30,560

we want to make sure that we get as many

2893

01:41:33,109 --> 01:41:32,639

callers in as we can so i dropped the

2894

01:41:35,350 --> 01:41:33,119

number

2895

01:41:36,629 --> 01:41:35,360

um up on the board and we have five

2896

01:41:37,990 --> 01:41:36,639

stacked up waiting

2897

01:41:39,750 --> 01:41:38,000

so we're going to try to get through but

2898

01:41:40,629 --> 01:41:39,760

i just wanted to say that uh if you

2899

01:41:42,790 --> 01:41:40,639

wanted to pass

2900

01:41:43,830 --> 01:41:42,800

information along to me i'm going to put

2901

01:41:47,270 --> 01:41:43,840

um up

2902

01:41:51,510 --> 01:41:47,280

um you'll see this in the chat is

2903

01:41:54,550 --> 01:41:51,520

the um email address for myself

2904

01:41:57,350 --> 01:41:54,560

martin podcast ufo.com and

2905

01:41:59,109 --> 01:41:57,360

uh luis alozondo i'm going to spell that

2906

01:42:02,390 --> 01:41:59,119

is

2907

01:42:06,070 --> 01:42:02,400

e l-u-i-s-e-e l z i z

2908

2909

01:42:10,470 --> 01:42:09,040

that is uh that's lou's website so

2910

01:42:12,950 --> 01:42:10,480

you're welcome to use that

2911

01:42:15,990 --> 01:42:12,960

we have joe uh on the line from michigan

2912

01:42:21,109 --> 01:42:19,189

yes hi martin uh lou i have a question

2913

01:42:22,790 --> 01:42:21,119

i have a question for you lou um i've

2914

01:42:25,270 --> 01:42:22,800

been studying this topic for

2915

01:42:27,189 --> 01:42:25,280

close to six decades and the one

2916

01:42:28,310 --> 01:42:27,199

incident that really moved me more than

2917

01:42:31,030 --> 01:42:28,320

anything else

2918

01:42:32,709 --> 01:42:31,040

uh as an aerial school encounter and i'd

2919

01:42:35,590 --> 01:42:32,719

like to hear what you have to

2920

01:42:37,750 --> 01:42:35,600

say about that lou if you would please

2921

01:42:40,229 --> 01:42:37,760

yeah i mean that's something i think

2922

01:42:41,510 --> 01:42:40,239

james fox did a really fine job uh

2923

01:42:44,070 --> 01:42:41,520

presenting the facts

2924

01:42:46,070 --> 01:42:44,080

involving the aerial school uh what most

2925

01:42:49,109 --> 01:42:46,080

people may not know is that there was

2926

01:42:52,950 --> 01:42:49,119

a uranium mine nearby um

2927

01:42:55,109 --> 01:42:52,960

coincidence wow i don't know uh

2928

01:42:55,990 --> 01:42:55,119

but you know for every one of those uh

2929

01:42:57,669 --> 01:42:56,000

incidents that have been

2930

01:42:59,270 --> 01:42:57,679

reported there are some equally

2931

01:43:00,070 --> 01:42:59,280

compelling incidents that remain below

2932

01:43:01,510 --> 01:43:00,080

the radar

2933

01:43:04,229 --> 01:43:01,520

that have occurred but nobody's really

2934

01:43:05,669 --> 01:43:04,239

wanted to talk about and i think as we

2935

01:43:07,109 --> 01:43:05,679

continue to have this conversation more

2936

01:43:07,910 --> 01:43:07,119

these incidents are going to be become

2937

01:43:11,030 --> 01:43:07,920

publicized

2938

01:43:13,109 --> 01:43:11,040

and and well known um i think what makes

2939

01:43:14,149 --> 01:43:13,119

this this incident so interesting is

2940

01:43:17,350 --> 01:43:14,159

that you have

2941

01:43:18,790 --> 01:43:17,360

uh a lot of eyewitnesses um and and just

2942

01:43:20,390 --> 01:43:18,800

like the scene of an accident the more

2943

01:43:21,910 --> 01:43:20,400

eyewitnesses you have the

2944

01:43:24,229 --> 01:43:21,920

better it is to figure out what what

2945

01:43:27,510 --> 01:43:24,239

happened how was the accident cost

2946

01:43:30,790 --> 01:43:27,520

and you also had kids who

2947

01:43:32,550 --> 01:43:30,800

don't really have the sophistication to

2948

01:43:34,229 --> 01:43:32,560

to you know when you when you are doing

2949

01:43:36,629 --> 01:43:34,239

an investigation uh

2950

01:43:38,790 --> 01:43:36,639

kids can tell you stories but for all

2951

01:43:41,990 --> 01:43:38,800

the kids to have a consistent story

2952

01:43:43,430 --> 01:43:42,000

uh even when you separate them by space

2953

01:43:45,270 --> 01:43:43,440

and time

2954

01:43:46,950 --> 01:43:45,280

and they still remain consistent with

2955

01:43:47,750 --> 01:43:46,960

each other and they're not talking to

2956

01:43:49,109 --> 01:43:47,760

each other

2957

01:43:51,030 --> 01:43:49,119

uh you know that's that's pretty

2958

01:43:52,070 --> 01:43:51,040

compelling you know now you're talking

2959

01:43:53,910 --> 01:43:52,080

about something that

2960

01:43:55,750 --> 01:43:53,920

that was experienced by multiple people

2961

01:43:57,510 --> 01:43:55,760

that that was perceived as being

2962

01:43:59,590 --> 01:43:57,520

actually a real event

2963

01:44:01,109 --> 01:43:59,600

and because of that we have to take it

2964

01:44:04,149 --> 01:44:01,119

very very seriously

2965

01:44:06,070 --> 01:44:04,159

um you know again

2966

01:44:07,669 --> 01:44:06,080

kids are people and and they're prone to

2967

01:44:09,350 --> 01:44:07,679

fabricate uh that's

2968

01:44:10,790 --> 01:44:09,360

that's you know normal kids tell fib

2969

01:44:13,830 --> 01:44:10,800

sometimes uh

2970

01:44:16,550 --> 01:44:13,840

but all the kids don't tell the same fit

2971

01:44:17,669 --> 01:44:16,560

uh that's that's that's very unusual and

2972

01:44:19,830 --> 01:44:17,679

that's why i think

2973

01:44:21,189 --> 01:44:19,840

it's so compelling you also had adults

2974

01:44:23,350 --> 01:44:21,199

and and teachers

2975

01:44:24,310 --> 01:44:23,360

uh that were also privy to to this

2976

01:44:26,629 --> 01:44:24,320

incident so i

2977

01:44:27,430 --> 01:44:26,639

you know i do think it's significant um

2978

01:44:29,189 --> 01:44:27,440

it is a

2979

01:44:30,790 --> 01:44:29,199

it's an incident that did not involve

2980

01:44:34,229 --> 01:44:30,800

the u.s military

2981

01:44:35,990 --> 01:44:34,239

so uh we in atip didn't really look at

2982

01:44:38,629 --> 01:44:36,000

it as comprehensively per se

2983

01:44:41,189 --> 01:44:38,639

as other things we were dealing with but

2984

01:44:43,750 --> 01:44:41,199

it is certainly very very interesting

2985

01:44:45,270 --> 01:44:43,760

yes thank you very much for that and i i

2986

01:44:47,990 --> 01:44:45,280

do agree with you joe and

2987

01:44:49,750 --> 01:44:48,000

also uh randall nickerson's film the

2988

01:44:51,910 --> 01:44:49,760

aerial phenomenon

2989

01:44:53,109 --> 01:44:51,920

should be coming out i keep trying to

2990

01:44:54,470 --> 01:44:53,119

reach out to him to try to figure out

2991

01:44:56,149 --> 01:44:54,480

when that date but when it comes out

2992

01:44:57,030 --> 01:44:56,159

it's going to be fantastic i will tell

2993

01:44:59,430 --> 01:44:57,040

you that

2994

01:45:01,990 --> 01:44:59,440

uh julie is next from alabama welcome to

2995

01:45:05,590 --> 01:45:02,000

the show julie

2996

01:45:08,870 --> 01:45:05,600

hi hello how are you martin

2997

01:45:11,750 --> 01:45:08,880

i'm doing well thank you for calling in

2998

01:45:15,990 --> 01:45:11,760

you have a question for our guest

2999

01:45:17,750 --> 01:45:16,000

i do lou this is jewels of the wood from

3000

01:45:21,030 --> 01:45:17,760

ufo twitter first off

3001

01:45:24,310 --> 01:45:21,040

and i'm wondering

3002

01:45:26,390 --> 01:45:24,320

what kind of data might noah have

3003

01:45:27,590 --> 01:45:26,400

considering their broad collection

3004

01:45:31,270 --> 01:45:27,600

abilities

3005

01:45:32,709 --> 01:45:31,280

and are they foiable yeah noah is is

3006

01:45:35,109 --> 01:45:32,719

intriguing

3007

01:45:36,950 --> 01:45:35,119

that's exactly what what we're trying to

3008

01:45:38,550 --> 01:45:36,960

do in creating a construct where we

3009

01:45:39,990 --> 01:45:38,560

bring everybody under the tent

3010

01:45:42,070 --> 01:45:40,000

you know noaa has some of the most

3011

01:45:42,790 --> 01:45:42,080

sophisticated doppler weather radar

3012

01:45:46,790 --> 01:45:42,800

available

3013

01:45:47,350 --> 01:45:46,800

uh they are they it is extremely precise

3014

01:45:49,750 --> 01:45:47,360

and this

3015

01:45:51,669 --> 01:45:49,760

and it's very pervasive uh across the

3016

01:45:53,590 --> 01:45:51,679

country um

3017

01:45:55,510 --> 01:45:53,600

you know they have a very good

3018

01:45:58,709 --> 01:45:55,520

comprehensive integrated network

3019

01:45:59,510 --> 01:45:58,719

of of radar capability um and and noaa

3020

01:46:01,590 --> 01:45:59,520

has

3021

01:46:03,590 --> 01:46:01,600

capabilities everything from space-based

3022

01:46:06,709 --> 01:46:03,600

platforms all the way to ground space

3023

01:46:09,430 --> 01:46:06,719

platforms to to uh

3024

01:46:11,590 --> 01:46:09,440

water-based platforms so they they

3025

01:46:14,310 --> 01:46:11,600

really do have an incredible

3026

01:46:16,470 --> 01:46:14,320

array or if you will suite of technology

3027

01:46:18,709 --> 01:46:16,480

that that can be applied towards this

3028

01:46:20,310 --> 01:46:18,719

topic and that is absolutely one of the

3029

01:46:22,790 --> 01:46:20,320

areas that we're trying to

3030

01:46:23,830 --> 01:46:22,800

to to engage it's getting noah and

3031

01:46:27,109 --> 01:46:23,840

others um

3032

01:46:27,669 --> 01:46:27,119

faa as well uh under under the under the

3033

01:46:30,390 --> 01:46:27,679

tent

3034

01:46:32,070 --> 01:46:30,400

um in this in this greater construct so

3035

01:46:34,470 --> 01:46:32,080

i i've made no secret that i

3036

01:46:36,870 --> 01:46:34,480

i don't i don't agree with the with the

3037

01:46:38,470 --> 01:46:36,880

permanent solution being a task force

3038

01:46:40,709 --> 01:46:38,480

uh i think we need a more enduring

3039

01:46:42,149 --> 01:46:40,719

capability long-term capability to look

3040

01:46:43,910 --> 01:46:42,159

at this topic and it needs to include

3041

01:46:45,109 --> 01:46:43,920

more than just dod and intelligence

3042

01:46:46,629 --> 01:46:45,119

equities

3043

01:46:47,990 --> 01:46:46,639

it needs to be a whole of government

3044

01:46:49,669 --> 01:46:48,000

approach i would include the national

3045

01:46:52,070 --> 01:46:49,679

science foundation i would include noaa

3046

01:46:53,910 --> 01:46:52,080

and faa and department of energy and

3047

01:46:56,149 --> 01:46:53,920

everybody everybody that we can we can

3048

01:46:58,629 --> 01:46:56,159

put under there uh even osha

3049

01:47:00,310 --> 01:46:58,639

uh so i would there's a lot of a lot of

3050

01:47:03,430 --> 01:47:00,320

folks there that i think that could be

3051

01:47:06,310 --> 01:47:03,440

can be part of that um effort and uh

3052

01:47:08,870 --> 01:47:06,320

those efforts you know i think the more

3053

01:47:11,590 --> 01:47:08,880

eyes you have looking at a problem

3054

01:47:12,790 --> 01:47:11,600

the more likely you are to to find some

3055

01:47:15,590 --> 01:47:12,800

solutions joules

3056

01:47:17,189 --> 01:47:15,600

in um in that data i'm trying to move

3057

01:47:19,270 --> 01:47:17,199

everyone along thank you very much

3058

01:47:20,950 --> 01:47:19,280

for the question uh i really appreciate

3059

01:47:23,350 --> 01:47:20,960

it julie we have joanie

3060

01:47:25,430 --> 01:47:23,360

from pennsylvania on the line welcome to

3061

01:47:28,870 --> 01:47:25,440

the show joni

3062

01:47:31,189 --> 01:47:28,880

hi hi i have a question what do you

3063

01:47:35,669 --> 01:47:31,199

think about the 1965

3064

01:47:38,870 --> 01:47:37,830

well i'm gonna say something that is

3065

01:47:41,109 --> 01:47:38,880

probably gonna

3066

01:47:42,390 --> 01:47:41,119

offend you ma'am but i i'm not familiar

3067

01:47:44,310 --> 01:47:42,400

with that incident now

3068

01:47:45,510 --> 01:47:44,320

i may be familiar anecdotally with it

3069

01:47:47,830 --> 01:47:45,520

but i'm not

3070

01:47:49,430 --> 01:47:47,840

i'm not at all familiar with the details

3071

01:47:49,990 --> 01:47:49,440

of it i certainly wouldn't want to speak

3072

01:47:52,709 --> 01:47:50,000

about something

3073

01:47:53,430 --> 01:47:52,719

that i that i have no idea about uh i'm

3074

01:47:54,790 --> 01:47:53,440

not

3075

01:47:56,790 --> 01:47:54,800

i wouldn't even know where to begin i'm

3076

01:47:58,709 --> 01:47:56,800

not qualified uh do you want to be more

3077

01:48:00,390 --> 01:47:58,719

specific perhaps maybe i can

3078

01:48:02,149 --> 01:48:00,400

maybe i can address something specific

3079

01:48:05,350 --> 01:48:02,159

regarding that it's

3080

01:48:06,950 --> 01:48:05,360

it's complicated um i think we're gonna

3081

01:48:08,390 --> 01:48:06,960

have to move on i'm sorry we're just

3082

01:48:11,109 --> 01:48:08,400

gonna have to move on just because we're

3083

01:48:12,709 --> 01:48:11,119

we're really running short on on time

3084

01:48:14,229 --> 01:48:12,719

and he's not familiar with it but i do

3085

01:48:16,390 --> 01:48:14,239

appreciate the call i'm sorry

3086

01:48:17,990 --> 01:48:16,400

but we're gonna move on to uh the next

3087

01:48:21,990 --> 01:48:18,000

one which is john

3088

01:48:24,709 --> 01:48:22,000

in los angeles welcome to the show john

3089

01:48:25,350 --> 01:48:24,719

thank you martin and uh thank you for

3090

01:48:28,229 --> 01:48:25,360

having

3091

01:48:30,149 --> 01:48:28,239

mr elizondo on i just wanted to thank uh

3092

01:48:31,189 --> 01:48:30,159

thank you lou for your hard work in this

3093

01:48:34,070 --> 01:48:31,199

field i've been

3094

01:48:34,709 --> 01:48:34,080

following this field since the 60s and

3095

01:48:36,629 --> 01:48:34,719

uh

3096

01:48:38,070 --> 01:48:36,639

it's so refreshing to see somebody with

3097

01:48:40,310 --> 01:48:38,080

your motivation

3098

01:48:42,550 --> 01:48:40,320

skills intelligence and and also with

3099

01:48:45,350 --> 01:48:42,560

your with your partner chris mellon

3100

01:48:46,950 --> 01:48:45,360

uh fight to have this uh issue john i

3101

01:48:48,790 --> 01:48:46,960

hate to argue with you but if you were

3102

01:48:49,270 --> 01:48:48,800

to ask my wife and kids i would probably

3103

01:48:53,189 --> 01:48:49,280

argue

3104

01:48:55,030 --> 01:48:53,199

about my intelligence and my my

3105

01:48:56,470 --> 01:48:55,040

skill in this but i do appreciate the

3106

01:48:57,669 --> 01:48:56,480

compliment thank you even though it's

3107

01:48:58,709 --> 01:48:57,679

undeserving but thank you for the

3108

01:49:01,350 --> 01:48:58,719

compliment

3109

01:49:02,790 --> 01:49:01,360

no well no seriously but thanks to you

3110

01:49:04,550 --> 01:49:02,800

my wife doesn't look at me like i'm

3111

01:49:06,790 --> 01:49:04,560

crazy when i say these things are real

3112

01:49:09,910 --> 01:49:06,800

flying around our uh

3113

01:49:12,229 --> 01:49:09,920

navy uh jets and everything but uh

3114

01:49:14,149 --> 01:49:12,239

uh i wanted to ask you and if you can't

3115

01:49:15,589 --> 01:49:14,159

say i understand but um

3116

01:49:18,310 --> 01:49:15,599

you know the navy's been pretty

3117

01:49:20,310 --> 01:49:18,320

forthright in coming forward with videos

3118

01:49:22,229 --> 01:49:20,320

and pilot testimony

3119

01:49:23,830 --> 01:49:22,239

and i always wonder why the air force is

3120

01:49:25,669 --> 01:49:23,840

so silent on this issue i

3121

01:49:27,589 --> 01:49:25,679

i you've probably probably been asked

3122

01:49:28,550 --> 01:49:27,599

this before but it seems like the air

3123

01:49:30,950 --> 01:49:28,560

force

3124

01:49:32,149 --> 01:49:30,960

is pretty quiet about everything that's

3125

01:49:33,750 --> 01:49:32,159

going on out there and they're

3126

01:49:35,750 --> 01:49:33,760

they're in charge of our skies and our

3127

01:49:37,669 --> 01:49:35,760

national security do you have any

3128

01:49:38,950 --> 01:49:37,679

you know opinion or that you can share

3129

01:49:41,109 --> 01:49:38,960

without you know obviously

3130

01:49:42,229 --> 01:49:41,119

breaking your nba yeah i mean the air

3131

01:49:44,550 --> 01:49:42,239

force is a fantastic

3132

01:49:46,390 --> 01:49:44,560

service uh they do an incredible job

3133

01:49:47,750 --> 01:49:46,400

protecting and guarding our skies

3134

01:49:49,589 --> 01:49:47,760

let's not forget though that they were

3135

01:49:51,990 --> 01:49:49,599

in charge of project blue book

3136

01:49:53,030 --> 01:49:52,000

uh and there was a lot of pressure there

3137

01:49:55,270 --> 01:49:53,040

to to

3138

01:49:56,709 --> 01:49:55,280

to close that effort out uh and and to

3139

01:49:57,430 --> 01:49:56,719

move on you know nothing to see here

3140

01:49:59,030 --> 01:49:57,440

folks

3141

01:50:00,790 --> 01:49:59,040

and item not even sure that came from

3142

01:50:01,270 --> 01:50:00,800

air force brass i think that probably

3143

01:50:03,350 --> 01:50:01,280

came

3144

01:50:05,910 --> 01:50:03,360

from from much higher up there was

3145

01:50:08,470 --> 01:50:05,920

probably a lot of political pressure to

3146

01:50:09,030 --> 01:50:08,480

to uh to close that close out that

3147

01:50:10,709 --> 01:50:09,040

effort

3148

01:50:12,070 --> 01:50:10,719

and in doing so when you make a public

3149

01:50:15,270 --> 01:50:12,080

statement that says hey

3150

01:50:17,910 --> 01:50:15,280

these things aren't aren't a concern uh

3151

01:50:19,109 --> 01:50:17,920

they're not really a real issue it's

3152

01:50:20,870 --> 01:50:19,119

hard to go back

3153

01:50:23,189 --> 01:50:20,880

on that statement like that and come

3154

01:50:25,669 --> 01:50:23,199

back and say uh actually

3155

01:50:27,430 --> 01:50:25,679

we were wrong uh now i will tell you

3156

01:50:28,709 --> 01:50:27,440

that that

3157

01:50:31,109 --> 01:50:28,719

you know this is not your father's

3158

01:50:33,270 --> 01:50:31,119

oldsmobile today today's air force is

3159

01:50:34,709 --> 01:50:33,280

not yesterday's air force uh they are

3160

01:50:35,589 --> 01:50:34,719

highly competent and they've always been

3161

01:50:38,790 --> 01:50:35,599

competent

3162

01:50:40,310 --> 01:50:38,800

but they they are true true experts and

3163

01:50:41,750 --> 01:50:40,320

professionals and i've had the honor and

3164

01:50:42,870 --> 01:50:41,760

privilege to work with them many of them

3165

01:50:46,070 --> 01:50:42,880

side by side

3166

01:50:48,229 --> 01:50:46,080

both in operations and investigations uh

3167

01:50:50,950 --> 01:50:48,239

and i think there is a recognition that

3168

01:50:52,629 --> 01:50:50,960

this is an important topic and issue

3169

01:50:54,950 --> 01:50:52,639

the problem is right now is that that oh

3170

01:50:57,189 --> 01:50:54,960

it's not a problem that the

3171

01:50:57,990 --> 01:50:57,199

the fact is that the navy's is in charge

3172

01:51:00,629 --> 01:50:58,000

of this

3173

01:51:02,629 --> 01:51:00,639

is running the task force right now and

3174

01:51:04,709 --> 01:51:02,639

this is again where chris mellon and i

3175

01:51:07,189 --> 01:51:04,719

believe that this task force shouldn't

3176

01:51:08,470 --> 01:51:07,199

be under a navy construct they're very

3177

01:51:11,589 --> 01:51:08,480

competent they're very good but

3178

01:51:14,229 --> 01:51:11,599

this isn't necessarily only a navy issue

3179

01:51:17,030 --> 01:51:14,239

um and and this is why we think there

3180

01:51:19,750 --> 01:51:17,040

needs to be a more enduring construct

3181

01:51:20,070 --> 01:51:19,760

that includes the whole of government uh

3182

01:51:23,589 --> 01:51:20,080

to

3183

01:51:25,109 --> 01:51:23,599

force and yes that includes space force

3184

01:51:27,030 --> 01:51:25,119

and yes that includes coast guard

3185

01:51:28,310 --> 01:51:27,040

and navy and army because army's seeing

3186

01:51:30,310 --> 01:51:28,320

these things as well

3187

01:51:31,830 --> 01:51:30,320

uh we know that for a fact you know so

3188

01:51:34,390 --> 01:51:31,840

why aren't they part of this

3189

01:51:35,350 --> 01:51:34,400

so i think i think you're going to see

3190

01:51:38,229 --> 01:51:35,360

that shift

3191

01:51:38,629 --> 01:51:38,239

beginning to occur you're going to see a

3192

01:51:44,790 --> 01:51:38,639

a

3193

01:51:48,390 --> 01:51:44,800

little bit more

3194

01:51:50,550 --> 01:51:48,400

comprehensive and robust

3195

01:51:52,550 --> 01:51:50,560

thank you sir i really appreciate your

3196

01:51:55,510 --> 01:51:52,560

time and thank you for uh for

3197

01:51:56,070 --> 01:51:55,520

fighting to do for for what you're doing

3198

01:51:59,669 --> 01:51:56,080

well i

3199

01:52:02,390 --> 01:51:59,679

i i appreciate you thank you

3200

01:52:03,750 --> 01:52:02,400

thanks for the call very much so i'm not

3201

01:52:05,750 --> 01:52:03,760

going to take any more calls and i'm

3202

01:52:06,310 --> 01:52:05,760

sorry uh uh joe we couldn't take your

3203

01:52:08,149 --> 01:52:06,320

call

3204

01:52:09,669 --> 01:52:08,159

about we're right right at the end of

3205

01:52:11,189 --> 01:52:09,679

the show so

3206

01:52:13,350 --> 01:52:11,199

i guess i want to ask you one last

3207

01:52:15,350 --> 01:52:13,360

question what is the

3208

01:52:16,629 --> 01:52:15,360

the strongest message that you would

3209

01:52:19,910 --> 01:52:16,639

like to get

3210

01:52:22,550 --> 01:52:19,920

out to people that are watching the show

3211

01:52:23,350 --> 01:52:22,560

wow martin uh and you only have one

3212

01:52:26,390 --> 01:52:23,360

minute

3213

01:52:28,790 --> 01:52:26,400

yeah i wish i'd prepared uh for that um

3214

01:52:30,310 --> 01:52:28,800

have the courage to ask the questions be

3215

01:52:31,589 --> 01:52:30,320

fearless in asking the questions in the

3216

01:52:32,950 --> 01:52:31,599

pursuit of the truth

3217

01:52:34,310 --> 01:52:32,960

don't let anybody tell you that the

3218

01:52:35,830 --> 01:52:34,320

questions you're asking are dumb or

3219

01:52:37,350 --> 01:52:35,840

stupid or irrelevant

3220

01:52:39,030 --> 01:52:37,360

you have the courage and the commitment

3221

01:52:41,990 --> 01:52:39,040

to ask those questions

3222

01:52:43,030 --> 01:52:42,000

um have the courage to to put your

3223

01:52:46,070 --> 01:52:43,040

government

3224

01:52:47,990 --> 01:52:46,080

uh on the spot have the courage to put

3225

01:52:51,030 --> 01:52:48,000

me on the spot have the courage to

3226

01:52:53,589 --> 01:52:51,040

to ask the hard questions uh to anybody

3227

01:52:54,629 --> 01:52:53,599

who says are committed to this effort be

3228

01:52:57,990 --> 01:52:54,639

mindful

3229

01:53:00,629 --> 01:52:58,000

of of those of those uh individuals

3230

01:53:01,189 --> 01:53:00,639

that are are charlatans or selling you a

3231

01:53:02,870 --> 01:53:01,199

narrative

3232

01:53:04,550 --> 01:53:02,880

um they probably don't have your best

3233

01:53:07,030 --> 01:53:04,560

interest at heart uh

3234

01:53:07,669 --> 01:53:07,040

and you know what have have the courage

3235

01:53:12,149 --> 01:53:07,679

to

3236

01:53:14,310 --> 01:53:12,159

opinions uh it's okay uh

3237

01:53:15,669 --> 01:53:14,320

it's it because none of us have yet all

3238

01:53:17,189 --> 01:53:15,679

the answers

3239

01:53:18,709 --> 01:53:17,199

this is exactly why we're having this

3240

01:53:20,950 --> 01:53:18,719

conversation so

3241

01:53:22,709 --> 01:53:20,960

with that uh i guess my my final

3242

01:53:24,709 --> 01:53:22,719

recommendation would be just

3243

01:53:26,870 --> 01:53:24,719

overall have have the courage to pursue

3244

01:53:28,310 --> 01:53:26,880

this topic in in any way you think you

3245

01:53:31,510 --> 01:53:28,320

need to pursue it

3246

01:53:33,270 --> 01:53:31,520

excellent um i thank you for all you do

3247

01:53:35,189 --> 01:53:33,280

for your service and everything you've

3248

01:53:35,669 --> 01:53:35,199

done for the ufo community you've helped

3249

01:53:37,830 --> 01:53:35,679

us

3250

01:53:39,510 --> 01:53:37,840

move forward and i really appreciate it

3251
01:53:40,070 --> 01:53:39,520
thank you so much for giving us the time

3252
01:53:41,750 --> 01:53:40,080
tonight

3253
01:53:43,270 --> 01:53:41,760
martin my honor and privilege thank you

3254
01:53:44,709 --> 01:53:43,280
to you and your audience it's really

3255
01:53:45,430 --> 01:53:44,719
been a pleasure of mine thank you so

3256
01:53:47,430 --> 01:53:45,440
much

3257
01:53:50,070 --> 01:53:47,440
excellent all right you take care yes

3258
01:53:52,790 --> 01:53:50,080

3259
01:53:54,470 --> 01:53:52,800
anytime all right take care yeah all

3260
01:53:56,550 --> 01:53:54,480
right everyone so that's it for the show

3261
01:53:57,589 --> 01:53:56,560
this evening thank you thank you so much

3262
01:54:00,149 --> 01:53:57,599
uh next week

3263
01:54:01,750 --> 01:54:00,159

we have damian knott on um on our

3264

01:54:04,950 --> 01:54:01,760

regular scheduled show

3265

01:54:07,109 --> 01:54:04,960

so again i want to thank everyone for uh

3266

01:54:08,550 --> 01:54:07,119

tuning in watching on youtube and

3267

01:54:10,950 --> 01:54:08,560

whichever way you watch

3268

01:54:23,250 --> 01:54:10,960

and remember everyone to keep your eyes

3269

01:54:30,010 --> 01:54:23,260

to the sky
