**MATTHEW ROBERTS**

**KEVIN KNUTH, PH.D.**

1  
00:01:01,670 --> 00:00:24,190

[Music]

2  
00:01:03,830 --> 00:01:01,990

hi

3  
00:01:05,429 --> 00:01:03,840

everyone welcome to the show i'm martin

4  
00:01:07,350 --> 00:01:05,439

willis your host

5  
00:01:09,270 --> 00:01:07,360

and i think the saying is uh if you

6  
00:01:11,990 --> 00:01:09,280

could see behind the fourth wall

7  
00:01:13,109 --> 00:01:12,000

uh boy i'm telling you this uh this show

8  
00:01:15,670 --> 00:01:13,119

just

9  
00:01:16,149 --> 00:01:15,680

came together um i'm in a cabin for a

10  
00:01:19,429 --> 00:01:16,159

while

11  
00:01:21,190 --> 00:01:19,439

and i have been having a really hard

12  
00:01:23,350 --> 00:01:21,200

time getting internet here so finally i

13  
00:01:25,429 --> 00:01:23,360

sent away for what's called a jetpack

14

00:01:26,390 --> 00:01:25,439

uh it's a mobile hotspot and it's

15

00:01:28,550 --> 00:01:26,400

supposed to be

16

00:01:30,550 --> 00:01:28,560

really good in this area well it was

17

00:01:32,149 --> 00:01:30,560

falling apart just a little while ago

18

00:01:34,390 --> 00:01:32,159

but anyway i think we're going to be

19

00:01:37,590 --> 00:01:34,400

able to do the show i have a bill

20

00:01:37,990 --> 00:01:37,600

in the uh in the wings to take over if i

21

00:01:40,310 --> 00:01:38,000

drop

22

00:01:41,350 --> 00:01:40,320

out i guess from now on i'm going to

23

00:01:44,630 --> 00:01:41,360

have to rent a hotel

24

00:01:46,310 --> 00:01:44,640

until i get this uh figured out but i

25

00:01:48,310 --> 00:01:46,320

want to talk about the guests we have

26

00:01:49,670 --> 00:01:48,320

matthew roberts we're starting out with

27

00:01:51,350 --> 00:01:49,680

uh he had a

28

00:01:53,670 --> 00:01:51,360

really amazing career we're going to be

29

00:01:54,550 --> 00:01:53,680

talking about that he was on the uss

30

00:01:56,389 --> 00:01:54,560

roosevelt

31

00:01:58,310 --> 00:01:56,399

and then he was a naval intelligence

32

00:02:01,109 --> 00:01:58,320

after that for 16 years

33

00:02:01,590 --> 00:02:01,119

and he'll be coming on and and at first

34

00:02:04,469 --> 00:02:01,600

and then

35

00:02:04,870 --> 00:02:04,479

uh kevin gnuth the science uh science

36

00:02:08,229 --> 00:02:04,880

guy

37

00:02:11,270 --> 00:02:08,239

involved in the sceu and in the ufo

38

00:02:11,910 --> 00:02:11,280

world uh he just uh texted me saying

39

00:02:15,030 --> 00:02:11,920

that his

40

00:02:18,229 --> 00:02:15,040

computer battery blew up uh

41

00:02:20,869 --> 00:02:18,239

and he's scrambling like crazy trying to

42

00:02:21,510 --> 00:02:20,879

make it so he can be here on the second

43

00:02:23,910 --> 00:02:21,520

segment

44

00:02:24,949 --> 00:02:23,920

don't fret if not we're going to keep

45

00:02:27,750 --> 00:02:24,959

matthew going

46

00:02:28,550 --> 00:02:27,760

but we'll we're going to be in touch

47

00:02:31,589 --> 00:02:28,560

with

48

00:02:32,390 --> 00:02:31,599

kevin along the way and we should be

49

00:02:35,670 --> 00:02:32,400

able to

50

00:02:36,309 --> 00:02:35,680

figure that all out now the issue i have

51

00:02:39,110 --> 00:02:36,319

here

52

00:02:41,030 --> 00:02:39,120

um i can't open any windows any other

53

00:02:43,509 --> 00:02:41,040

windows or anything like that

54

00:02:45,270 --> 00:02:43,519

so uh i it's gonna be a little bit

55

00:02:48,390 --> 00:02:45,280

clunky i'll do my best

56

00:02:50,790 --> 00:02:48,400

to do as well as i can here uh the blog

57

00:02:51,830 --> 00:02:50,800

this week by charles lear is ufos over

58

00:02:53,270 --> 00:02:51,840

indonesia

59

00:02:55,030 --> 00:02:53,280

i've already gotten some feedback from

60

00:02:58,390 --> 00:02:55,040

people there that have read it

61

00:02:59,030 --> 00:02:58,400

and so check that out and he is going to

62

00:03:00,790 --> 00:02:59,040

do

63

00:03:02,149 --> 00:03:00,800

an audio blog of that and i wish him

64

00:03:03,190 --> 00:03:02,159

good luck with some of those names he

65

00:03:05,030 --> 00:03:03,200

has to pronounce

66

00:03:06,869 --> 00:03:05,040

that should be very interesting and that

67

00:03:10,710 --> 00:03:06,879

usually comes out at the end of the week

68

00:03:14,470 --> 00:03:10,720

every week so uh we have uh on

69

00:03:16,710 --> 00:03:14,480

july 6 we have we're going to have uh

70

00:03:17,670 --> 00:03:16,720

possibly most likely a three hour show a

71

00:03:21,030 --> 00:03:17,680

special

72

00:03:22,790 --> 00:03:21,040

called the berkshire ufo show

73

00:03:24,229 --> 00:03:22,800

and you'll know more about that but it's

74

00:03:26,309 --> 00:03:24,239

gonna be pretty exciting i'll talk more

75

00:03:28,710 --> 00:03:26,319

about that as we get closer to it

76

00:03:30,630 --> 00:03:28,720

so stay tuned to hear what that's about

77

00:03:31,190 --> 00:03:30,640

but for right now uh we are going to

78

00:03:33,750 --> 00:03:31,200

bring in

79

00:03:36,070 --> 00:03:33,760

our guest for the first segment uh

80

00:03:38,550 --> 00:03:36,080

matthew welcome to the show

81

00:03:40,229 --> 00:03:38,560

thanks for having me uh did i come

82

00:03:43,350 --> 00:03:40,239

through clear that whole time

83

00:03:46,470 --> 00:03:43,360

yes you did you did

84

00:03:48,470 --> 00:03:46,480

a milestone a milestone so yeah so

85

00:03:49,350 --> 00:03:48,480

matthew uh thank you so much for for

86

00:03:51,350 --> 00:03:49,360

joining us

87

00:03:52,789 --> 00:03:51,360

and uh you know i have uh some people

88

00:03:55,270 --> 00:03:52,799

have sent me a question i

89

00:03:57,270 --> 00:03:55,280

talked a little bit um off air about it

90

00:03:58,869 --> 00:03:57,280

but for now can you introduce yourself

91

00:04:01,350 --> 00:03:58,879

and tell the listeners

92

00:04:02,550 --> 00:04:01,360

of your background and uh why you're

93

00:04:05,990 --> 00:04:02,560

here tonight

94

00:04:07,910 --> 00:04:06,000

to talk yeah so uh i i you know i was in

95

00:04:11,030 --> 00:04:07,920

the navy for 16 years

96

00:04:14,229 --> 00:04:11,040

i joined in 2004.

97

00:04:17,509 --> 00:04:14,239

um i joined uh

98

00:04:19,270 --> 00:04:17,519

as a cryptologist um

99

00:04:20,710 --> 00:04:19,280

and that that's what i was the entire

100

00:04:25,749 --> 00:04:20,720

time i was in

101

00:04:31,430 --> 00:04:29,909

in two in 2015 i was on board the uss

102

00:04:32,469 --> 00:04:31,440

theodore roosevelt that's where i was

103

00:04:36,710 --> 00:04:32,479

stationed

104

00:04:40,390 --> 00:04:36,720

um for the gimbal event

105

00:04:42,950 --> 00:04:40,400

and i remember that um and after that

106

00:04:44,870 --> 00:04:42,960

i transferred to the office of naval

107

00:04:47,830 --> 00:04:44,880

intelligence where i

108

00:04:52,150 --> 00:04:47,840

ended my naval career just four years

109

00:04:55,189 --> 00:04:54,710

um and so i you know i guess i'm here

110

00:04:56,790 --> 00:04:55,199

because

111

00:04:58,629 --> 00:04:56,800

you know we got this thing going on with

112

00:05:01,909 --> 00:04:58,639

contact in the desert

113

00:05:04,469 --> 00:05:01,919

i'm going to be on a panel hosted by

114

00:05:07,510 --> 00:05:04,479

ryan sprague and i'm going to be talking

115

00:05:10,550 --> 00:05:07,520

with jason turner and gary voorhees

116

00:05:12,550 --> 00:05:10,560

of the nimitz encounter um

117

00:05:13,670 --> 00:05:12,560

and that's going to be saturday june

118

00:05:16,070 --> 00:05:13,680

26th

119

00:05:16,870 --> 00:05:16,080

so don't miss that that should be fine

120

00:05:20,070 --> 00:05:16,880

oh all right

121

00:05:22,150 --> 00:05:20,080

yeah and that's uh that's in where is

122

00:05:23,830 --> 00:05:22,160

that las vegas right

123

00:05:26,230 --> 00:05:23,840

no that so it's going to be an online

124

00:05:27,590 --> 00:05:26,240

virtual event oh that's right of course

125

00:05:28,950 --> 00:05:27,600

what am i thinking yes i'm getting

126

00:05:31,990 --> 00:05:28,960

things in the desert this year

127

00:05:35,189 --> 00:05:32,000

is virtual yeah yeah and uh

128

00:05:37,510 --> 00:05:35,199

i participated last year in uh the

129

00:05:38,550 --> 00:05:37,520

international ufo congress it was an

130

00:05:41,670 --> 00:05:38,560

online platform

131

00:05:43,110 --> 00:05:41,680

and it turned out really well and uh so

132

00:05:44,629 --> 00:05:43,120

the way things are going looks like next

133

00:05:45,590 --> 00:05:44,639

year will be live again and there's

134

00:05:47,990 --> 00:05:45,600

always a

135

00:05:48,629 --> 00:05:48,000

huge turnout with that so that should be

136

00:05:49,909 --> 00:05:48,639

really good

137

00:05:53,430 --> 00:05:49,919

and they they probably won't have

138

00:05:56,230 --> 00:05:53,440

internet issues either

139

00:05:56,790 --> 00:05:56,240

yeah so let's talk about the when was

140

00:05:59,590 --> 00:05:56,800

the first

141

00:06:00,469 --> 00:05:59,600

you heard about the uh you know the

142

00:06:03,350 --> 00:06:00,479

nimitz

143

00:06:03,909 --> 00:06:03,360

uh incident in in 2004 and and the

144

00:06:05,749 --> 00:06:03,919

videos

145

00:06:07,909 --> 00:06:05,759

that came out later when did you first

146

00:06:11,029 --> 00:06:07,919

hear about any of that stuff

147

00:06:11,510 --> 00:06:11,039

uh so i mean the gimbal footage uh the

148

00:06:13,270 --> 00:06:11,520

now

149

00:06:15,430 --> 00:06:13,280

infamous gimbal footage was something

150

00:06:16,950 --> 00:06:15,440

that i saw back in 2015

151

00:06:19,590 --> 00:06:16,960

while i was stationed on board the

152

00:06:21,749 --> 00:06:19,600

theodore roosevelt uh

153

00:06:23,189 --> 00:06:21,759

and uh a lot of people ask me oh is

154

00:06:25,430 --> 00:06:23,199

there a longer version

155

00:06:26,950 --> 00:06:25,440

did you see a longer version was it was

156

00:06:30,309 --> 00:06:26,960

it uh clearer

157

00:06:31,430 --> 00:06:30,319

and the answer to that is no i i saw the

158

00:06:34,070 --> 00:06:31,440

exact same

159

00:06:35,909 --> 00:06:34,080

footage uh that has been released that's

160

00:06:39,510 --> 00:06:35,919

what i saw back in 2015

161

00:06:42,710 --> 00:06:39,520

and that's what i see now um

162

00:06:44,150 --> 00:06:42,720

the nimitz uh footage so from the a lot

163

00:06:47,350 --> 00:06:44,160

of people get this mixed up

164

00:06:48,070 --> 00:06:47,360

uh the nimitz footage and the the gimbal

165

00:06:51,749 --> 00:06:48,080

footage

166

00:06:53,189 --> 00:06:51,759

so the theodore roosevelt uh two clips

167

00:06:55,749 --> 00:06:53,199

are from the theater roads belt that's

168

00:06:58,550 --> 00:06:55,759

the go fast and the gimbal

169

00:07:00,790 --> 00:06:58,560

and i saw those originally both back in

170

00:07:03,350 --> 00:07:00,800

2015.

171

00:07:03,990 --> 00:07:03,360

i didn't know anything about uh the

172

00:07:06,469 --> 00:07:04,000

nimitz

173

00:07:07,510 --> 00:07:06,479

encounter until the uh the new york

174

00:07:09,749 --> 00:07:07,520

times article

175

00:07:11,830 --> 00:07:09,759

came out obviously with the with the

176

00:07:16,070 --> 00:07:11,840

declassified footage

177

00:07:20,870 --> 00:07:16,080

i i was working at oni at that time

178

00:07:22,629 --> 00:07:20,880

um and so you know it was uh kind of

179

00:07:24,230 --> 00:07:22,639

you know when the article came out and i

180

00:07:25,909 --> 00:07:24,240

saw this footage and i'm watching this

181

00:07:27,909 --> 00:07:25,919

footage on my cell phone it was kind of

182

00:07:31,189 --> 00:07:27,919

immediately

183

00:07:32,950 --> 00:07:31,199

jarring to me because um

184

00:07:35,029 --> 00:07:32,960

i couldn't make sense of why i'm now

185

00:07:38,150 --> 00:07:35,039

watching on my cell phone

186

00:07:41,430 --> 00:07:38,160

something that i first saw when i was

187

00:07:45,029 --> 00:07:41,440

in a skiff you know behind closed doors

188

00:07:48,150 --> 00:07:45,039

so i wasn't sure how it got out there

189

00:07:49,670 --> 00:07:48,160

but reading the article uh in the new

190

00:07:52,550 --> 00:07:49,680

york times and seeing that you know

191

00:07:56,790 --> 00:07:52,560

people like harry reid were quoted

192

00:07:59,430 --> 00:07:56,800

they were talking uh so i

193

00:08:01,189 --> 00:07:59,440

i thought well this has got to be you

194

00:08:04,629 --> 00:08:01,199

know some kind of legitimate

195

00:08:07,589 --> 00:08:04,639

public release you know um

196

00:08:08,150 --> 00:08:07,599

and i of course you know people in my

197

00:08:11,670 --> 00:08:08,160

family

198

00:08:13,830 --> 00:08:11,680

started calling me uh

199

00:08:15,029 --> 00:08:13,840

and it was very uncomfortable i i did

200

00:08:17,110 --> 00:08:15,039

not

201  
00:08:18,550 --> 00:08:17,120  
want to have that conversation with them

202  
00:08:20,070 --> 00:08:18,560  
because uh

203  
00:08:21,909 --> 00:08:20,080  
my job was something that i never

204  
00:08:25,350 --> 00:08:21,919  
discussed with my family

205  
00:08:26,070 --> 00:08:25,360  
um so that was that was incredibly

206  
00:08:28,869 --> 00:08:26,080  
uncomfortable

207  
00:08:31,029 --> 00:08:28,879  
for me i mean i i was first alerted to

208  
00:08:34,070 --> 00:08:31,039  
the article by my brother

209  
00:08:36,070 --> 00:08:34,080  
he texted the the link to it and the

210  
00:08:37,990 --> 00:08:36,080  
link to the footage

211  
00:08:39,750 --> 00:08:38,000  
and uh he texted that to me and i knew

212  
00:08:43,110 --> 00:08:39,760  
he'd be calling me about it later

213  
00:08:45,750 --> 00:08:43,120

and sure enough he did and uh

214

00:08:47,350 --> 00:08:45,760

i just kind of choked as i was talking

215

00:08:50,870 --> 00:08:47,360

to him because it was

216

00:08:54,150 --> 00:08:50,880

it felt so wrong you know i i didn't

217

00:08:56,550 --> 00:08:54,160

i didn't want to that uh and

218

00:08:57,750 --> 00:08:56,560

did it have anything to do with your mda

219

00:09:00,470 --> 00:08:57,760

or at all or

220

00:09:02,150 --> 00:09:00,480

what made you uncomfortable about it um

221

00:09:05,750 --> 00:09:02,160

well yeah i mean

222

00:09:09,350 --> 00:09:05,760

you know being uh in in that field

223

00:09:12,070 --> 00:09:09,360

uh i sign a blanket nda

224

00:09:14,230 --> 00:09:12,080

you know that uh anything classified i'm

225

00:09:17,509 --> 00:09:14,240

not gonna talk about it

226

00:09:19,670 --> 00:09:17,519

um so you know i

227

00:09:22,070 --> 00:09:19,680

i never even discussed the nature of my

228

00:09:25,430 --> 00:09:22,080

job with my family they had no

229

00:09:28,870 --> 00:09:25,440

idea what i did um they just knew

230

00:09:30,949 --> 00:09:28,880

i couldn't talk about it um

231

00:09:33,030 --> 00:09:30,959

and actually even towards the end of my

232

00:09:34,630 --> 00:09:33,040

career i was talking to my dad about

233

00:09:36,470 --> 00:09:34,640

something very technical

234

00:09:38,310 --> 00:09:36,480

and he just kind of looked at me very

235

00:09:42,310 --> 00:09:38,320

puzzled and he's like what do you do

236

00:09:45,910 --> 00:09:42,320

all day and i said well

237

00:09:49,990 --> 00:09:45,920

you know uh kind of dodge question

238

00:09:53,750 --> 00:09:50,000

yeah stop it you stop yeah right right

239

00:09:58,389 --> 00:09:53,760

um well um so a question that

240

00:10:00,389 --> 00:09:58,399

comes up a lot of times and um is

241

00:10:01,990 --> 00:10:00,399

you probably know things that you can't

242

00:10:05,269 --> 00:10:02,000

talk about

243

00:10:08,389 --> 00:10:05,279

and i guess um but

244

00:10:11,750 --> 00:10:08,399

can i ask you if you does that involve

245

00:10:15,590 --> 00:10:14,790

um or is that something you can't even

246

00:10:22,790 --> 00:10:15,600

say

247

00:10:24,389 --> 00:10:22,800

you know there was uh

248

00:10:26,790 --> 00:10:24,399

there were there was a lot more that

249

00:10:27,829 --> 00:10:26,800

happened uh during that roosevelt

250

00:10:34,630 --> 00:10:27,839

incident that i

251  
00:10:37,750 --> 00:10:36,949  
some of that some of that is just very

252  
00:10:40,130 --> 00:10:37,760  
kind of

253  
00:10:42,069 --> 00:10:40,140  
uh boring and um

254  
00:10:45,110 --> 00:10:42,079  
[Music]

255  
00:10:47,190 --> 00:10:45,120  
and people would be very uh

256  
00:10:48,550 --> 00:10:47,200  
not amazed by it but i think it's

257  
00:10:51,670 --> 00:10:48,560  
relevant

258  
00:10:54,550 --> 00:10:51,680  
um but uh you know

259  
00:10:56,069 --> 00:10:54,560  
it's just not something i can talk about

260  
00:11:00,230 --> 00:10:56,079  
well i love your poster in the back the

261  
00:11:06,389 --> 00:11:03,269  
uh so listen when you were uh

262  
00:11:08,710 --> 00:11:06,399  
you said earlier that you have seen the

263  
00:11:11,750 --> 00:11:08,720

same video that we have all seen

264

00:11:12,550 --> 00:11:11,760

does that mean that um that's all that

265

00:11:14,150 --> 00:11:12,560

exists

266

00:11:15,990 --> 00:11:14,160

or does that mean that's all that you

267

00:11:18,710 --> 00:11:16,000

were able to see

268

00:11:20,550 --> 00:11:18,720

um that's all i saw at the time i i

269

00:11:21,030 --> 00:11:20,560

don't know if there's more footage that

270

00:11:24,230 --> 00:11:21,040

exists

271

00:11:24,630 --> 00:11:24,240

i would not be surprised if there was uh

272

00:11:27,670 --> 00:11:24,640

but i

273

00:11:28,790 --> 00:11:27,680

i can't confirm i i just don't know i

274

00:11:31,430 --> 00:11:28,800

mean i

275

00:11:32,949 --> 00:11:31,440

i i but it to me it would be very

276

00:11:36,150 --> 00:11:32,959

surprising if there wasn't

277

00:11:38,310 --> 00:11:36,160

more you know on okay on the three

278

00:11:41,350 --> 00:11:38,320

videos that were

279

00:11:41,990 --> 00:11:41,360

declassified and we're going around the

280

00:11:45,750 --> 00:11:42,000

gimbal the

281

00:11:49,430 --> 00:11:45,760

go fast and uh what was the third one

282

00:11:52,550 --> 00:11:49,440

um i'm just tic tac yeah thank you

283

00:11:54,310 --> 00:11:52,560

of course um so those three videos that

284

00:11:57,670 --> 00:11:54,320

were going around

285

00:12:01,110 --> 00:11:57,680

uh i did hear someone that was a pilot

286

00:12:04,150 --> 00:12:01,120

say that he knew that the go fast

287

00:12:07,590 --> 00:12:04,160

was a lock on a drone

288

00:12:10,710 --> 00:12:07,600

and uh have you heard people talk

289

00:12:12,949 --> 00:12:10,720

about that in particular oh i've

290

00:12:13,829 --> 00:12:12,959

i've heard people say all kinds of

291

00:12:17,590 --> 00:12:13,839

things that

292

00:12:21,670 --> 00:12:17,600

uh that it's uh a drone it's a balloon

293

00:12:25,190 --> 00:12:21,680

it's uh swamp gas i mean

294

00:12:28,550 --> 00:12:25,200

you name it i yeah i i

295

00:12:30,949 --> 00:12:28,560

the thing about this is that um

296

00:12:32,310 --> 00:12:30,959

a lot of these people that are that are

297

00:12:36,230 --> 00:12:32,320

so called

298

00:12:37,829 --> 00:12:36,240

self-proclaimed debunkers uh

299

00:12:39,509 --> 00:12:37,839

a lot of them don't know what they're

300

00:12:41,670 --> 00:12:39,519

talking about they've never spent

301

00:12:43,030 --> 00:12:41,680

a day in the navy they they don't know

302

00:12:45,110 --> 00:12:43,040

how these things work

303

00:12:46,949 --> 00:12:45,120

uh they don't know how our aircraft work

304

00:12:48,230 --> 00:12:46,959

they don't know how our radar systems

305

00:12:51,750 --> 00:12:48,240

work

306

00:12:55,670 --> 00:12:51,760

uh this was not a drone i

307

00:12:58,069 --> 00:12:55,680

in my opinion um this was not

308

00:12:59,910 --> 00:12:58,079

some kind of technology i think that

309

00:13:01,670 --> 00:12:59,920

would be easy to come by

310

00:13:03,190 --> 00:13:01,680

uh you couldn't go down to radio shack

311

00:13:07,829 --> 00:13:03,200

and buy this

312

00:13:12,069 --> 00:13:07,839

um yeah so i and and you know

313

00:13:15,190 --> 00:13:12,079

it just it really bothers me that um

314

00:13:17,190 --> 00:13:15,200

people will buy into this uh buy into

315

00:13:19,750 --> 00:13:17,200

these theories by these debunkers that

316

00:13:23,509 --> 00:13:19,760

have no idea what they're talking about

317

00:13:26,150 --> 00:13:23,519

because what it portrays is it portrays

318

00:13:27,829 --> 00:13:26,160

us in the navy as a bunch of you know

319

00:13:29,910 --> 00:13:27,839

barney feist out there

320

00:13:31,829 --> 00:13:29,920

on the water and we couldn't find our

321

00:13:34,550 --> 00:13:31,839

way out of a paper bag

322

00:13:36,389 --> 00:13:34,560

you know what i mean i and that is just

323

00:13:37,030 --> 00:13:36,399

not the case if there is something that

324

00:13:39,910 --> 00:13:37,040

is iden

325

00:13:41,350 --> 00:13:39,920

unidentified it's unidentified because

326

00:13:44,389 --> 00:13:41,360

we have exhausted

327

00:13:47,509 --> 00:13:44,399

um every avenue

328

00:13:48,150 --> 00:13:47,519

uh to explain it um you better believe

329

00:13:51,990 --> 00:13:48,160

that

330

00:13:54,629 --> 00:13:52,000

uh yeah i mean if one of the things

331

00:13:56,629 --> 00:13:54,639

go ahead i mean think about it for a

332

00:13:59,590 --> 00:13:56,639

second we've got a billion

333

00:14:01,990 --> 00:13:59,600

plus dollar asset multi billions of

334

00:14:05,110 --> 00:14:02,000

dollars worth of technology

335

00:14:08,550 --> 00:14:05,120

uh out there floating in a strike group

336

00:14:09,189 --> 00:14:08,560

and to and i guess the public maybe

337

00:14:11,350 --> 00:14:09,199

think that

338

00:14:13,750 --> 00:14:11,360

uh it's perfectly okay that there's some

339

00:14:16,870 --> 00:14:13,760

kind of unidentified

340

00:14:19,430 --> 00:14:16,880

aerial target just um

341

00:14:20,949 --> 00:14:19,440

you know flying around willy-nilly and

342

00:14:22,790 --> 00:14:20,959

that we aren't gonna try

343

00:14:24,310 --> 00:14:22,800

to do our best to get to the bottom of

344

00:14:27,189 --> 00:14:24,320

that it's just

345

00:14:29,590 --> 00:14:27,199

it's ridiculous it really is ridiculous

346

00:14:31,430 --> 00:14:29,600

uh these pilots they're trained

347

00:14:33,509 --> 00:14:31,440

uh if you're taking off the deck of an

348

00:14:35,269 --> 00:14:33,519

aircraft carrier and landing on the deck

349

00:14:36,389 --> 00:14:35,279

of an aircraft carrier this is not your

350

00:14:39,509 --> 00:14:36,399

first rodeo

351  
00:14:40,790 --> 00:14:39,519  
you know you have seen uh these things

352  
00:14:42,949 --> 00:14:40,800  
that fly in the sky

353  
00:14:44,230 --> 00:14:42,959  
whether they be balloons you know what

354  
00:14:47,269 --> 00:14:44,240  
you're looking at

355  
00:14:49,269 --> 00:14:47,279  
um or if or if you're talking about i

356  
00:14:50,069 --> 00:14:49,279  
think there was one guy who says it was

357  
00:15:05,110 --> 00:14:50,079  
a

358  
00:15:08,230 --> 00:15:05,120  
inexperience

359  
00:15:09,670 --> 00:15:08,240  
i mean i i can appreciate that they're

360  
00:15:11,509 --> 00:15:09,680  
trying to figure it out

361  
00:15:12,710 --> 00:15:11,519  
but uh if you're not going to do the

362  
00:15:15,750 --> 00:15:12,720  
research

363  
00:15:16,629 --> 00:15:15,760

and um and you're going to speak out of

364

00:15:19,509 --> 00:15:16,639

turn

365

00:15:22,389 --> 00:15:19,519

um you better be prepared prepared for

366

00:15:25,590 --> 00:15:22,399

the blowback that is coming because

367

00:15:26,069 --> 00:15:25,600

uh i mean we don't have millions of

368

00:15:28,790 --> 00:15:26,079

dollars

369

00:15:30,550 --> 00:15:28,800

worth of sensors and equipment on an

370

00:15:33,829 --> 00:15:30,560

aircraft and on

371

00:15:36,069 --> 00:15:33,839

our ships um

372

00:15:38,150 --> 00:15:36,079

you know for for no reason and nobody

373

00:15:40,629 --> 00:15:38,160

knows how to use it that's just

374

00:15:42,870 --> 00:15:40,639

that's insane i mean but that's what

375

00:15:45,430 --> 00:15:42,880

these debunkers would have you believe

376

00:15:45,910 --> 00:15:45,440

you know that's right there's a longtime

377

00:15:47,670 --> 00:15:45,920

uh

378

00:15:49,430 --> 00:15:47,680

ufo researcher that passed away a few

379

00:15:51,430 --> 00:15:49,440

years ago stanton friedman

380

00:15:52,870 --> 00:15:51,440

and he used to say you know it was by

381

00:15:55,189 --> 00:15:52,880

proclamation

382

00:15:57,509 --> 00:15:55,199

that's how they would they would uh they

383

00:15:59,189 --> 00:15:57,519

would debunk something by proclamation

384

00:16:00,710 --> 00:15:59,199

and you know uh you talk about the

385

00:16:02,710 --> 00:16:00,720

military um

386

00:16:04,629 --> 00:16:02,720

i would say in the private sector or

387

00:16:07,590 --> 00:16:04,639

however you want to term it

388

00:16:08,470 --> 00:16:07,600

we've been dealing with the debunkers uh

389

00:16:10,230 --> 00:16:08,480

all along

390

00:16:12,870 --> 00:16:10,240

you know since the what they say the

391

00:16:15,749 --> 00:16:12,880

modern ufa ufo age starting in

392

00:16:17,910 --> 00:16:15,759

the four late 40s um so there's been

393

00:16:22,230 --> 00:16:17,920

there's always been the debunkers

394

00:16:24,470 --> 00:16:22,240

and a lot of you know i think a lot of

395

00:16:25,829 --> 00:16:24,480

that has to do with that is it's a

396

00:16:28,949 --> 00:16:25,839

fear-based thing

397

00:16:30,629 --> 00:16:28,959

you know like what is this and we can't

398

00:16:33,189 --> 00:16:30,639

explain it so

399

00:16:33,990 --> 00:16:33,199

we have to do something about it so i

400

00:16:35,910 --> 00:16:34,000

think it's

401  
00:16:37,189 --> 00:16:35,920  
based in that way and i know what you're

402  
00:16:40,150 --> 00:16:37,199  
talking about

403  
00:16:41,590 --> 00:16:40,160  
um with all with all the equipment and i

404  
00:16:45,189 --> 00:16:41,600  
i had uh mick west

405  
00:16:47,749 --> 00:16:45,199  
um on talking about his thoughts

406  
00:16:48,310 --> 00:16:47,759  
on what he thought the i think it was

407  
00:16:51,509 --> 00:16:48,320  
the uh

408  
00:16:52,310 --> 00:16:51,519  
the tic tac was and then i had kevin day

409  
00:16:55,189 --> 00:16:52,320  
on

410  
00:16:57,269 --> 00:16:55,199  
to to basically tell his side why it

411  
00:17:00,069 --> 00:16:57,279  
couldn't be what mick west was saying

412  
00:17:00,949 --> 00:17:00,079  
and when he got done mick west said

413  
00:17:03,670 --> 00:17:00,959

something like

414

00:17:04,789 --> 00:17:03,680

well i can see now why it wouldn't be

415

00:17:07,189 --> 00:17:04,799

you know an f-18

416

00:17:08,309 --> 00:17:07,199

hornet um you know that type of thing

417

00:17:10,150 --> 00:17:08,319

because of course there was no

418

00:17:11,750 --> 00:17:10,160

transponders and the thing the all the

419

00:17:12,789 --> 00:17:11,760

sensing equipment would recognize what

420

00:17:14,630 --> 00:17:12,799

it was and you know

421

00:17:16,150 --> 00:17:14,640

on and on and on and on with what you're

422

00:17:17,829 --> 00:17:16,160

talking about billions of dollars worth

423

00:17:21,270 --> 00:17:17,839

of equipment is not gonna

424

00:17:23,189 --> 00:17:21,280

um get it that wrong um

425

00:17:24,710 --> 00:17:23,199

and the you know the thing you know i

426

00:17:25,510 --> 00:17:24,720

don't know if you've heard this or not

427

00:17:27,350 --> 00:17:25,520

heard this but

428

00:17:28,870 --> 00:17:27,360

these characteristics have been around

429

00:17:30,870 --> 00:17:28,880

for a long time

430

00:17:32,549 --> 00:17:30,880

and so when you talk about if it's

431

00:17:36,070 --> 00:17:32,559

military if it's russian

432

00:17:38,710 --> 00:17:36,080

uh black project or whatever or chinese

433

00:17:39,270 --> 00:17:38,720

possibly well they were doing the same

434

00:17:42,470 --> 00:17:39,280

thing

435

00:17:43,990 --> 00:17:42,480

you know 50 years ago and uh

436

00:17:46,230 --> 00:17:44,000

you know what would be the answer to

437

00:17:49,029 --> 00:17:46,240

that not being available or

438

00:17:50,070 --> 00:17:49,039

used in any you know conflict that we'd

439

00:17:53,190 --> 00:17:50,080

have

440

00:17:54,230 --> 00:17:53,200

it's right yeah it's very debatable you

441

00:17:55,909 --> 00:17:54,240

know and some of these

442

00:17:58,310 --> 00:17:55,919

uh there there are people too that

443

00:18:02,470 --> 00:17:58,320

believe that this is our technology but

444

00:18:04,870 --> 00:18:02,480

uh at least in in in the roosevelt

445

00:18:07,270 --> 00:18:04,880

incident i mean you can you can see how

446

00:18:09,270 --> 00:18:07,280

that's not the case because

447

00:18:11,110 --> 00:18:09,280

we we we first encountered these things

448

00:18:15,190 --> 00:18:11,120

when we were doing workups

449

00:18:17,430 --> 00:18:15,200

off the coast of florida right and so

450

00:18:19,909 --> 00:18:17,440

and i've been involved in tests where

451  
00:18:23,110 --> 00:18:19,919  
they're they're testing new equipment

452  
00:18:24,070 --> 00:18:23,120  
uh everyone is informed everybody knows

453  
00:18:27,990 --> 00:18:24,080  
what's happening

454  
00:18:30,470 --> 00:18:28,000  
so that there are no surprises uh

455  
00:18:31,430 --> 00:18:30,480  
and this was not the case with this

456  
00:18:34,950 --> 00:18:31,440  
incident

457  
00:18:37,669 --> 00:18:34,960  
uh nobody was told anything um

458  
00:18:39,190 --> 00:18:37,679  
and and in order to believe that this

459  
00:18:42,630 --> 00:18:39,200  
was

460  
00:18:44,789 --> 00:18:42,640  
our technology uh knowing that

461  
00:18:45,669 --> 00:18:44,799  
okay well when we were deployed they

462  
00:18:48,470 --> 00:18:45,679  
came back

463  
00:18:50,870 --> 00:18:48,480

so we were in the gulf and we

464

00:18:54,789 --> 00:18:50,880  
encountered them again

465

00:18:56,230 --> 00:18:54,799  
so amazing amazing so this is not our

466

00:18:59,990 --> 00:18:56,240  
technology we would not

467

00:19:02,950 --> 00:19:00,000  
put our own technology in

468

00:19:04,310 --> 00:19:02,960  
now a live fire scenario where you've

469

00:19:07,110 --> 00:19:04,320  
got jets taking off

470

00:19:08,630 --> 00:19:07,120  
that are armed you know that's a very

471

00:19:11,190 --> 00:19:08,640  
dangerous situation

472

00:19:11,909 --> 00:19:11,200  
and knowing the capabilities of these

473

00:19:14,950 --> 00:19:11,919  
craft

474

00:19:17,110 --> 00:19:14,960  
um if we had them we don't have many

475

00:19:18,630 --> 00:19:17,120  
uh and they would be multi-billion

476

00:19:20,230 --> 00:19:18,640

dollar assets

477

00:19:22,150 --> 00:19:20,240

and you're gonna put that in the line of

478

00:19:25,750 --> 00:19:22,160

fire that's ridiculous

479

00:19:29,190 --> 00:19:25,760

that is ridiculous it's absurd really

480

00:19:31,029 --> 00:19:29,200

so many so many arguments and uh uh uh

481

00:19:32,549 --> 00:19:31,039

we we get questions in chat i'm gonna

482

00:19:35,510 --> 00:19:32,559

pop this one up

483

00:19:35,990 --> 00:19:35,520

and uh this is from anonymous rex he did

484

00:19:38,470 --> 00:19:36,000

you

485

00:19:40,230 --> 00:19:38,480

or any other witnesses on the ship

486

00:19:42,230 --> 00:19:40,240

report having mental contact or

487

00:19:43,029 --> 00:19:42,240

repeating dreams after these events took

488

00:19:48,470 --> 00:19:43,039

place

489

00:19:54,390 --> 00:19:51,990

so report i mean that's

490

00:19:56,070 --> 00:19:54,400

that's kind of a a difficult thing

491

00:19:58,150 --> 00:19:56,080

because

492

00:19:59,190 --> 00:19:58,160

in order to report something in the

493

00:20:02,149 --> 00:19:59,200

military

494

00:20:03,029 --> 00:20:02,159

there has to be a chain um for that to

495

00:20:06,950 --> 00:20:03,039

happen

496

00:20:09,590 --> 00:20:06,960

right and there would have not

497

00:20:10,149 --> 00:20:09,600

been any chain for that to have happened

498

00:20:13,669 --> 00:20:10,159

there

499

00:20:16,390 --> 00:20:13,679

you can go to and report

500

00:20:18,070 --> 00:20:16,400

i'm having crazy dreams uh now since

501  
00:20:22,070 --> 00:20:18,080  
this incident

502  
00:20:25,110 --> 00:20:22,080  
uh or i'm having experiences now

503  
00:20:28,230 --> 00:20:25,120  
uh if there was such a person

504  
00:20:32,149 --> 00:20:28,240  
they were unknown to me you know uh

505  
00:20:33,430 --> 00:20:32,159  
and that i i i think that that kind of

506  
00:20:37,110 --> 00:20:33,440  
thing is probably

507  
00:20:38,230 --> 00:20:37,120  
uh changing now with the task force

508  
00:20:41,270 --> 00:20:38,240  
they're becoming better

509  
00:20:43,909 --> 00:20:41,280  
about having people report pilots

510  
00:20:44,710 --> 00:20:43,919  
in particular reporting when they see

511  
00:20:45,680 --> 00:20:44,720  
these things

512  
00:20:47,750 --> 00:20:45,690  
up in the air

513  
00:20:50,230 --> 00:20:47,760

[Music]

514

00:20:53,830 --> 00:20:50,240

but but back in 2015 there was there was

515

00:20:55,350 --> 00:20:53,840

no such thing that i was aware of

516

00:20:57,510 --> 00:20:55,360

and you know the the one thing you

517

00:20:59,510 --> 00:20:57,520

talked about earlier

518

00:21:01,590 --> 00:20:59,520

you were saying why would they have

519

00:21:04,710 --> 00:21:01,600

these things in the line of fire

520

00:21:06,470 --> 00:21:04,720

of such important assets what really has

521

00:21:08,149 --> 00:21:06,480

puzzled me all along and i've mentioned

522

00:21:09,350 --> 00:21:08,159

just some people have been on this show

523

00:21:13,510 --> 00:21:09,360

gary voris and

524

00:21:16,710 --> 00:21:13,520

kevin day and uh i think someone else uh

525

00:21:18,470 --> 00:21:16,720

why wasn't when this was happening i'm

526  
00:21:20,470 --> 00:21:18,480  
talking about the nimitz case of course

527  
00:21:22,310 --> 00:21:20,480  
before your time but i'm asking you to

528  
00:21:25,270 --> 00:21:22,320  
speculate why wasn't

529  
00:21:27,430 --> 00:21:25,280  
the military really interested in what

530  
00:21:29,270 --> 00:21:27,440  
these things are and tracking them down

531  
00:21:31,909 --> 00:21:29,280  
i mean why why did it just kind of go

532  
00:21:34,070 --> 00:21:31,919  
away and kind of not you know kind of

533  
00:21:35,270 --> 00:21:34,080  
like someone supposedly took the bricks

534  
00:21:38,230 --> 00:21:35,280  
away

535  
00:21:39,029 --> 00:21:38,240  
they had the data on it um from the um

536  
00:21:41,110 --> 00:21:39,039  
hawkeye

537  
00:21:43,350 --> 00:21:41,120  
but you know that type of thing but they

538  
00:21:46,950 --> 00:21:43,360

didn't want to find out what it was i

539

00:21:52,630 --> 00:21:50,149

you know i i don't know my my

540

00:21:55,510 --> 00:21:52,640

speculation would be

541

00:21:56,470 --> 00:21:55,520

uh the same reason why this happened in

542

00:21:59,590 --> 00:21:56,480

the public

543

00:22:00,149 --> 00:21:59,600

sphere you know why science has ignored

544

00:22:03,669 --> 00:22:00,159

this

545

00:22:05,750 --> 00:22:03,679

because you have to ignore it

546

00:22:07,029 --> 00:22:05,760

you have to ignore it or you have to

547

00:22:10,230 --> 00:22:07,039

change your world view

548

00:22:12,310 --> 00:22:10,240

those are your two choices

549

00:22:13,750 --> 00:22:12,320

yeah and so and so that's what's

550

00:22:16,950 --> 00:22:13,760

happening here

551  
00:22:18,870 --> 00:22:16,960  
and and you know a lot of people

552  
00:22:20,390 --> 00:22:18,880  
now are waiting for this report they

553  
00:22:22,070 --> 00:22:20,400  
think oh you know the scientific

554  
00:22:24,149 --> 00:22:22,080  
community is now gonna

555  
00:22:25,510 --> 00:22:24,159  
they're gonna come in line you know and

556  
00:22:29,029 --> 00:22:25,520  
they're

557  
00:22:32,070 --> 00:22:29,039  
don't see that happening

558  
00:22:33,990 --> 00:22:32,080  
i think i think that

559  
00:22:35,510 --> 00:22:34,000  
what people don't understand about

560  
00:22:38,710 --> 00:22:35,520  
science is that

561  
00:22:40,710 --> 00:22:38,720  
uh it is a religion um

562  
00:22:42,549 --> 00:22:40,720  
and it is a group of people that writ

563  
00:22:46,230 --> 00:22:42,559

large are practicing

564

00:22:48,070 --> 00:22:46,240

their world view um and so now you're

565

00:22:49,270 --> 00:22:48,080

going to ask them to change their world

566

00:22:50,950 --> 00:22:49,280

view

567

00:22:53,430 --> 00:22:50,960

and people are not going to be so

568

00:22:54,149 --> 00:22:53,440

willing to do that i've seen evidence of

569

00:22:56,549 --> 00:22:54,159

this in

570

00:22:59,909 --> 00:22:56,559

people who study consciousness uh

571

00:23:03,909 --> 00:22:59,919

there's one such guy who was a uh

572

00:23:07,029 --> 00:23:03,919

he was a um you know a uh

573

00:23:08,549 --> 00:23:07,039

a nobel laureate um in physics and now

574

00:23:11,590 --> 00:23:08,559

he studies consciousness

575

00:23:14,870 --> 00:23:11,600

um and there's a

576

00:23:18,310 --> 00:23:14,880

a great guy mark gober who has this uh

577

00:23:20,950 --> 00:23:18,320

podcast that's just 12 episodes that he

578

00:23:22,310 --> 00:23:20,960

went along with his book but he talks to

579

00:23:23,990 --> 00:23:22,320

scientists that are studying

580

00:23:26,549 --> 00:23:24,000

consciousness and there was one woman

581

00:23:28,470 --> 00:23:26,559

who was presenting her work at a

582

00:23:30,710 --> 00:23:28,480

scientific conference and one of her

583

00:23:32,470 --> 00:23:30,720

colleagues came up to her and said

584

00:23:34,230 --> 00:23:32,480

you know i don't care what evidence you

585

00:23:35,669 --> 00:23:34,240

produce i'm just never going to believe

586

00:23:38,710 --> 00:23:35,679

it

587

00:23:41,269 --> 00:23:38,720

and so that's this is science today

588

00:23:41,750 --> 00:23:41,279

right yeah and and this is something

589

00:23:43,669 --> 00:23:41,760

that

590

00:23:44,870 --> 00:23:43,679

you know they they like to talk about

591

00:23:48,149 --> 00:23:44,880

galileo

592

00:23:49,269 --> 00:23:48,159

you know and yeah oh we were science uh

593

00:23:51,269 --> 00:23:49,279

they ignored him

594

00:23:52,950 --> 00:23:51,279

or whatever and but they don't

595

00:23:53,750 --> 00:23:52,960

understand that they're on that side of

596

00:23:56,789 --> 00:23:53,760

the argument

597

00:23:58,870 --> 00:23:56,799

right i mean today i people like me

598

00:24:00,390 --> 00:23:58,880

and experiencers and people have seen

599

00:24:01,669 --> 00:24:00,400

these things are saying come

600

00:24:04,549 --> 00:24:01,679

you know take a look through our

601  
00:24:05,430 --> 00:24:04,559  
telescope and science writ large is

602  
00:24:06,870 --> 00:24:05,440  
saying

603  
00:24:09,110 --> 00:24:06,880  
i want nothing to do with that

604  
00:24:11,669 --> 00:24:09,120  
witchcraft you know

605  
00:24:12,870 --> 00:24:11,679  
and that's yeah i'm going to be talking

606  
00:24:15,990 --> 00:24:12,880  
our the next guest

607  
00:24:18,149 --> 00:24:16,000  
is a scientist and uh and this

608  
00:24:19,590 --> 00:24:18,159  
is basically one of the things he wants

609  
00:24:21,430 --> 00:24:19,600  
to talk about the most

610  
00:24:22,630 --> 00:24:21,440  
when he comes on this episode i mean the

611  
00:24:25,750 --> 00:24:22,640  
next episode

612  
00:24:29,029 --> 00:24:25,760  
um borrowing that his computer battery

613  
00:24:30,230 --> 00:24:29,039

is indeed replaced but uh um so i want

614

00:24:32,870 --> 00:24:30,240

to tell people that

615

00:24:34,310 --> 00:24:32,880

are in the chat if you want um i'm not

616

00:24:35,990 --> 00:24:34,320

going to be able to post a lot of it's

617

00:24:38,070 --> 00:24:36,000

it's really difficult with my internet

618

00:24:40,789 --> 00:24:38,080

but um and it says i can't participate

619

00:24:41,909 --> 00:24:40,799

in chat or anything like that but anyway

620

00:24:43,990 --> 00:24:41,919

if you want to

621

00:24:45,590 --> 00:24:44,000

post a question for our guests please

622

00:24:47,269 --> 00:24:45,600

put them in all caps

623

00:24:48,870 --> 00:24:47,279

and i'll i'll try to put them up on the

624

00:24:50,070 --> 00:24:48,880

screen if it makes sense to put up at

625

00:24:53,190 --> 00:24:50,080

the time

626  
00:24:55,110 --> 00:24:53,200  
so um i don't know what

627  
00:24:56,230 --> 00:24:55,120  
what's going to happen with this report

628  
00:24:58,549 --> 00:24:56,240  
um i i

629  
00:25:00,310 --> 00:24:58,559  
i'll tell you i got feeling you know a

630  
00:25:01,110 --> 00:25:00,320  
gut feeling is that it's going to be

631  
00:25:04,470 --> 00:25:01,120  
minimized

632  
00:25:05,590 --> 00:25:04,480  
whatever uh has found out but i don't

633  
00:25:07,110 --> 00:25:05,600  
know for sure i mean it'll be

634  
00:25:10,310 --> 00:25:07,120  
interesting

635  
00:25:11,190 --> 00:25:10,320  
well i'll say this too that uh you know

636  
00:25:14,070 --> 00:25:11,200  
a lot of people

637  
00:25:15,909 --> 00:25:14,080  
may be waiting for the government to

638  
00:25:17,750 --> 00:25:15,919

announce that it's aliens

639

00:25:19,590 --> 00:25:17,760

right but something that you have to

640

00:25:22,950 --> 00:25:19,600

understand though too is that

641

00:25:26,390 --> 00:25:22,960

uh to say that it's alien um is

642

00:25:28,950 --> 00:25:26,400

a much higher threshold to cross

643

00:25:29,750 --> 00:25:28,960

right if you if you would have to have

644

00:25:31,830 --> 00:25:29,760

evidence

645

00:25:32,950 --> 00:25:31,840

that they came here from another planet

646

00:25:36,149 --> 00:25:32,960

and how would we

647

00:25:36,870 --> 00:25:36,159

possibly have that you know i so i think

648

00:25:40,830 --> 00:25:36,880

at best

649

00:25:43,750 --> 00:25:40,840

what we could say is that it's non-human

650

00:25:44,870 --> 00:25:43,760

intelligence um and that's probably the

651  
00:25:47,350 --> 00:25:44,880  
best we could do

652  
00:25:48,230 --> 00:25:47,360  
at this point um that's a very good

653  
00:25:50,230 --> 00:25:48,240  
point

654  
00:25:51,510 --> 00:25:50,240  
yeah because otherwise the evidence we

655  
00:25:53,190 --> 00:25:51,520  
would have to have we would have to have

656  
00:25:55,190 --> 00:25:53,200  
you know maybe

657  
00:25:57,029 --> 00:25:55,200  
a picture of the surface of some planet

658  
00:25:57,750 --> 00:25:57,039  
and see these beings on the surface of

659  
00:26:00,549 --> 00:25:57,760  
it and

660  
00:26:01,990 --> 00:26:00,559  
we're not going to have that we don't

661  
00:26:05,269 --> 00:26:02,000  
have the technology

662  
00:26:06,230 --> 00:26:05,279  
that would allow us to see that so so i

663  
00:26:09,269 --> 00:26:06,240

i think

664

00:26:11,029 --> 00:26:09,279

you know hold on to the alien theory

665

00:26:12,630 --> 00:26:11,039

because that's not going to be proven

666

00:26:15,750 --> 00:26:12,640

for quite some time

667

00:26:18,149 --> 00:26:15,760

um right right hey so

668

00:26:20,789 --> 00:26:18,159

someone posted a question but before i

669

00:26:23,750 --> 00:26:20,799

post it up there i want to ask you this

670

00:26:24,230 --> 00:26:23,760

um what did you think when you first saw

671

00:26:27,590 --> 00:26:24,240

that

672

00:26:29,510 --> 00:26:27,600

video your first thought was

673

00:26:31,350 --> 00:26:29,520

right away did you say what the heck is

674

00:26:33,350 --> 00:26:31,360

this i mean and the people that was

675

00:26:33,830 --> 00:26:33,360

observing it with you at the same time

676  
00:26:36,870 --> 00:26:33,840  
what was

677  
00:26:40,390 --> 00:26:36,880  
were looking at

678  
00:26:41,430 --> 00:26:40,400  
um yeah so you know uh i first became

679  
00:26:44,630 --> 00:26:41,440  
aware of it

680  
00:26:48,390 --> 00:26:44,640  
after we had finished our workups and um

681  
00:26:49,990 --> 00:26:48,400  
a buddy of mine who kind of worked more

682  
00:26:52,390 --> 00:26:50,000  
closely with the pilots in

683  
00:26:53,510 --> 00:26:52,400  
intel came into my space and he said hey

684  
00:26:56,710 --> 00:26:53,520  
check this out

685  
00:26:57,430 --> 00:26:56,720  
and so me and all my guys we gathered

686  
00:27:00,950 --> 00:26:57,440  
around

687  
00:27:02,310 --> 00:27:00,960  
my computer and i pulled it up and we

688  
00:27:05,430 --> 00:27:02,320

watched it

689

00:27:06,710 --> 00:27:05,440

and i mean you could have heard a pin

690

00:27:10,230 --> 00:27:06,720

drop in there

691

00:27:12,549 --> 00:27:10,240

um because

692

00:27:14,390 --> 00:27:12,559

it was just to me it was the most

693

00:27:14,870 --> 00:27:14,400

amazing thing i'd ever seen in my life i

694

00:27:17,350 --> 00:27:14,880

mean i

695

00:27:18,149 --> 00:27:17,360

i could not make sense of what i was

696

00:27:19,830 --> 00:27:18,159

looking at

697

00:27:21,269 --> 00:27:19,840

in this was this the gimbal one in

698

00:27:23,110 --> 00:27:21,279

particular mm-hmm

699

00:27:24,549 --> 00:27:23,120

gimbal footage that one i think is the

700

00:27:26,870 --> 00:27:24,559

most incredible of course the

701  
00:27:27,590 --> 00:27:26,880  
the uh not to take anything away from

702  
00:27:29,190 --> 00:27:27,600  
the tic tac

703  
00:27:31,350 --> 00:27:29,200  
but on the three of them that one is

704  
00:27:34,950 --> 00:27:31,360  
really pretty amazing to me

705  
00:27:36,789 --> 00:27:34,960  
yeah yeah and you know i i

706  
00:27:38,230 --> 00:27:36,799  
personally i watched it over and over

707  
00:27:40,310 --> 00:27:38,240  
again we went on

708  
00:27:42,070 --> 00:27:40,320  
nine months if you did yeah we went on a

709  
00:27:42,630 --> 00:27:42,080  
nine month long deployment yeah there's

710  
00:28:22,549 --> 00:27:42,640  
a

711  
00:28:25,590 --> 00:28:22,559  
i left

712  
00:28:28,149 --> 00:28:25,600  
uh on i is because

713  
00:28:30,870 --> 00:28:28,159

while i was working there i began to

714

00:28:34,230 --> 00:28:30,880

have these very

715

00:28:36,470 --> 00:28:34,240

uh powerful and profound follow-on

716

00:28:39,750 --> 00:28:36,480

experiences with the phenomenon

717

00:28:43,590 --> 00:28:39,760

where i had uh

718

00:28:49,990 --> 00:28:46,950

so wow i wasn't ready for that one

719

00:28:50,630 --> 00:28:50,000

yes um yeah but um but let's hear about

720

00:29:01,590 --> 00:28:50,640

it

721

00:29:04,630 --> 00:29:01,600

changed me uh

722

00:29:06,710 --> 00:29:04,640

in every way imaginable um

723

00:29:08,950 --> 00:29:06,720

it's it's it was it was incredibly

724

00:29:12,230 --> 00:29:08,960

emotional at the time

725

00:29:14,789 --> 00:29:12,240

uh but uh one of the reasons why

726

00:29:16,070 --> 00:29:14,799

i wrote the book i wrote is because this

727

00:29:19,510 --> 00:29:16,080

is such a complex

728

00:29:21,110 --> 00:29:19,520

issue and i i wanted people to

729

00:29:24,710 --> 00:29:21,120

understand

730

00:29:28,070 --> 00:29:24,720

what i had been through um

731

00:29:29,590 --> 00:29:28,080

and if i can lend my voice of

732

00:29:32,070 --> 00:29:29,600

credibility

733

00:29:34,070 --> 00:29:32,080

to that experience or end of things and

734

00:29:37,110 --> 00:29:34,080

that's what i'm going to do

735

00:29:40,070 --> 00:29:37,120

um i

736

00:29:41,029 --> 00:29:40,080

i don't like the fact that this has been

737

00:29:44,310 --> 00:29:41,039

locked up

738

00:29:46,549 --> 00:29:44,320

and people aren't talking about it uh

739

00:29:50,950 --> 00:29:46,559

i think that we've done ourselves an

740

00:29:56,149 --> 00:29:54,549

and um i you know so for me there was no

741

00:29:57,669 --> 00:29:56,159

there was no question as to whether or

742

00:29:59,830 --> 00:29:57,679

not i was going to talk about my own

743

00:30:00,789 --> 00:29:59,840

personal experiences because i knew they

744

00:30:05,029 --> 00:30:00,799

were real

745

00:30:08,070 --> 00:30:05,039

you know and i'm not mentally ill uh

746

00:30:11,110 --> 00:30:08,080

i i mean i i have been told that i

747

00:30:12,549 --> 00:30:11,120

am the most level-headed person that a

748

00:30:13,350 --> 00:30:12,559

lot of people have ever met in their

749

00:30:17,110 --> 00:30:13,360

lives

750

00:30:20,230 --> 00:30:17,120

you know and so for me to be that

751  
00:30:23,029 --> 00:30:20,240  
and to come out and say i had

752  
00:30:24,230 --> 00:30:23,039  
non-human entities in my room at night

753  
00:30:26,710 --> 00:30:24,240  
um

754  
00:30:29,350 --> 00:30:26,720  
and not only that they were there but

755  
00:30:31,750 --> 00:30:29,360  
that they taught me things

756  
00:30:33,269 --> 00:30:31,760  
that's the most incredible part of this

757  
00:30:37,269 --> 00:30:33,279  
is what i was taught

758  
00:30:39,110 --> 00:30:37,279  
um and i will tell the scientific

759  
00:30:39,990 --> 00:30:39,120  
community right now if you were

760  
00:30:43,029 --> 00:30:40,000  
listening

761  
00:30:45,269 --> 00:30:43,039  
um this is not a joke uh

762  
00:30:48,230 --> 00:30:45,279  
i was taught things about human

763  
00:30:51,350 --> 00:30:48,240

psychology i was taught things

764

00:30:55,110 --> 00:30:51,360

about consciousness and how to

765

00:30:57,909 --> 00:30:55,120

bring that about in the psyche and

766

00:30:59,190 --> 00:30:57,919

this process that they put me through

767

00:31:01,669 --> 00:30:59,200

was the process that

768

00:31:03,669 --> 00:31:01,679

they want me to put others through right

769

00:31:07,269 --> 00:31:03,679

it is reproducible

770

00:31:11,590 --> 00:31:07,279

it is predictable you can study it

771

00:31:15,430 --> 00:31:11,600

uh so scientists if you're listening um

772

00:31:17,350 --> 00:31:15,440

i i'm ready to tell you what i know

773

00:31:19,269 --> 00:31:17,360

you know and let me ask you this was

774

00:31:21,269 --> 00:31:19,279

this a two-way street like a

775

00:31:23,909 --> 00:31:21,279

communication between

776  
00:31:24,789 --> 00:31:23,919  
you and them or were these some people

777  
00:31:26,549 --> 00:31:24,799  
have called them like

778  
00:31:27,990 --> 00:31:26,559  
downloads i've heard people say it's

779  
00:31:30,950 --> 00:31:28,000  
like a download

780  
00:31:31,590 --> 00:31:30,960  
how would you describe that experience

781  
00:31:34,710 --> 00:31:31,600  
ah

782  
00:31:36,549 --> 00:31:34,720  
so i

783  
00:31:38,470 --> 00:31:36,559  
i i'll start off by saying this so this

784  
00:31:42,149 --> 00:31:38,480  
completely changed my world view

785  
00:31:44,470 --> 00:31:42,159  
um i was not a believer in

786  
00:31:45,990 --> 00:31:44,480  
uh i never thought about consciousness

787  
00:31:50,070 --> 00:31:46,000  
it wasn't something that really ever

788  
00:31:54,549 --> 00:31:50,080

occurred to me um i did not believe

789

00:31:57,590 --> 00:31:54,559

in you know angels or

790

00:31:58,070 --> 00:31:57,600

uh spirits or ghosts or any of that

791

00:32:00,789 --> 00:31:58,080

stuff

792

00:32:02,870 --> 00:32:00,799

right i thought when you dye your worm

793

00:32:05,990 --> 00:32:02,880

food and that's all there is to it

794

00:32:09,590 --> 00:32:06,000

um but they showed me otherwise

795

00:32:12,630 --> 00:32:09,600

um i i had dreams so

796

00:32:13,190 --> 00:32:12,640

here's here's one instance i had a dream

797

00:32:17,269 --> 00:32:13,200

in which

798

00:32:20,630 --> 00:32:17,279

i was sitting across from an elderly

799

00:32:22,950 --> 00:32:20,640

gentleman during these experiences right

800

00:32:25,110 --> 00:32:22,960

and he was teaching me about human

801  
00:32:28,230 --> 00:32:25,120  
psychology

802  
00:32:30,630 --> 00:32:28,240  
uh and as i woke up that morning

803  
00:32:32,470 --> 00:32:30,640  
i mean he was telling me things like it

804  
00:32:33,990 --> 00:32:32,480  
was like a sit down it was like a

805  
00:32:36,070 --> 00:32:34,000  
classroom

806  
00:32:37,830 --> 00:32:36,080  
so he's teaching me about this uh and

807  
00:32:38,950 --> 00:32:37,840  
i'm asking him questions and he's

808  
00:32:42,310 --> 00:32:38,960  
answering me

809  
00:32:43,029 --> 00:32:42,320  
you know this was significant and

810  
00:32:44,870 --> 00:32:43,039  
profound

811  
00:32:46,710 --> 00:32:44,880  
and as i'm waking up in the morning i

812  
00:32:48,310 --> 00:32:46,720  
hear the name robert moore

813  
00:32:52,070 --> 00:32:48,320

running through my head so i wrote it

814

00:32:53,990 --> 00:32:52,080

down i had no idea who this man was

815

00:32:56,310 --> 00:32:54,000

uh i thought you know maybe he wrote

816

00:32:58,630 --> 00:32:56,320

some books or something

817

00:32:59,590 --> 00:32:58,640

so i i looked him up when i got home

818

00:33:01,509 --> 00:32:59,600

from work that day

819

00:33:03,590 --> 00:33:01,519

and found out that he was a union

820

00:33:06,630 --> 00:33:03,600

psychoanalyst

821

00:33:08,549 --> 00:33:06,640

and i was i was

822

00:33:09,669 --> 00:33:08,559

reading one of his books the book was

823

00:33:12,310 --> 00:33:09,679

called the archetype of

824

00:33:14,789 --> 00:33:12,320

initiation and that was when i first

825

00:33:16,710 --> 00:33:14,799

began to understand the totality of the

826

00:33:19,669 --> 00:33:16,720

experiences that i was having

827

00:33:21,750 --> 00:33:19,679

it was an initiation a consciousness

828

00:33:23,430 --> 00:33:21,760

initiation

829

00:33:26,310 --> 00:33:23,440

and that they have always been doing

830

00:33:26,870 --> 00:33:26,320

this uh this is this is what they do for

831

00:33:30,789 --> 00:33:26,880

us

832

00:33:33,909 --> 00:33:30,799

um and that's their job

833

00:33:35,750 --> 00:33:33,919

uh they make it their job um and these

834

00:33:38,470 --> 00:33:35,760

experiences are

835

00:33:39,029 --> 00:33:38,480

incredibly emotional they're powerful

836

00:33:45,269 --> 00:33:39,039

they are

837

00:33:46,389 --> 00:33:45,279

um and but but in the end if you do it

838

00:33:48,470 --> 00:33:46,399

correctly

839

00:33:50,789 --> 00:33:48,480

you'll understand because you will come

840

00:33:53,190 --> 00:33:50,799

into this higher consciousness

841

00:33:54,389 --> 00:33:53,200

and then it's like oh that's what all

842

00:33:57,029 --> 00:33:54,399

this is about

843

00:33:59,110 --> 00:33:57,039

right and so as i was reading archetype

844

00:34:01,190 --> 00:33:59,120

of initiation i put it down one day

845

00:34:03,029 --> 00:34:01,200

and robert moore's picture was on the

846

00:34:05,190 --> 00:34:03,039

back of the book

847

00:34:06,789 --> 00:34:05,200

and i i saw the picture and i was like

848

00:34:10,230 --> 00:34:06,799

that is the guy

849

00:34:13,430 --> 00:34:10,240

from my dream you know i was like this

850

00:34:16,389 --> 00:34:13,440

is unreal you know

851

00:34:17,190 --> 00:34:16,399

uh and i'm assuming he's not with us

852

00:34:19,829 --> 00:34:17,200

anymore

853

00:34:20,389 --> 00:34:19,839

no he he uh he passed away about a year

854

00:34:24,069 --> 00:34:20,399

before

855

00:34:25,669 --> 00:34:24,079

my experiences began but um

856

00:34:28,389 --> 00:34:25,679

and let me ask you this were you go

857

00:34:31,589 --> 00:34:28,399

ahead but he was a he was a significant

858

00:34:32,230 --> 00:34:31,599

uh i mean he had a phd he wrote several

859

00:34:35,669 --> 00:34:32,240

books

860

00:34:38,470 --> 00:34:35,679

all about this uh consciousness stuff

861

00:34:40,230 --> 00:34:38,480

um and about and about union

862

00:34:41,510 --> 00:34:40,240

psychoanalysis because that's what he

863

00:34:45,909 --> 00:34:41,520

did for a living

864

00:34:47,750 --> 00:34:45,919

um so i i mean

865

00:34:49,589 --> 00:34:47,760

that that's what he did and that that

866

00:34:52,069 --> 00:34:49,599

that's exactly what he was teaching me

867

00:34:54,710 --> 00:34:52,079

in my dreams i still remember the dream

868

00:34:55,109 --> 00:34:54,720

uh i remember the things that he told me

869

00:34:59,430 --> 00:34:55,119

um

870

00:35:02,870 --> 00:34:59,440

[Music]

871

00:35:06,630 --> 00:35:02,880

and uh it's just it's incredible

872

00:35:10,950 --> 00:35:06,640

now can you were you able to different

873

00:35:12,310 --> 00:35:10,960

uh to um actually understand whether

874

00:35:16,950 --> 00:35:12,320

you're having a dream

875

00:35:20,550 --> 00:35:16,960

or if there was actually entities yes

876

00:35:22,310 --> 00:35:20,560

yes uh so i did have dreams where there

877

00:35:24,390 --> 00:35:22,320

were entities some of the entities i had

878

00:35:28,069 --> 00:35:24,400

seen in my room

879

00:35:32,230 --> 00:35:28,079

uh beforehand um

880

00:35:35,750 --> 00:35:32,240

and and then i would see them in a dream

881

00:35:38,390 --> 00:35:35,760

uh and it was just it was

882

00:35:39,750 --> 00:35:38,400

the dreams were just bizarre i mean like

883

00:35:43,190 --> 00:35:39,760

one one dream i had

884

00:35:46,069 --> 00:35:43,200

i i saw this guy in my room

885

00:35:48,230 --> 00:35:46,079

that uh he looked like a yard gnome this

886

00:35:51,349 --> 00:35:48,240

is the only way i can describe him

887

00:35:54,470 --> 00:35:51,359

i mean he was short uh he had a

888

00:35:58,870 --> 00:35:54,480

locked curled white beard

889

00:36:01,750 --> 00:35:58,880

um and and his hair was the same way

890

00:36:03,109 --> 00:36:01,760

and he was just staring at me across my

891

00:36:06,710 --> 00:36:03,119

nightstand

892

00:36:11,349 --> 00:36:10,150

and i saw him later in a dream so i i

893

00:36:13,430 --> 00:36:11,359

you know i probably could have been

894

00:36:13,829 --> 00:36:13,440

diagnosed with something like uh what's

895

00:36:16,470 --> 00:36:13,839

that

896

00:36:18,230 --> 00:36:16,480

where you have to go to sleep um

897

00:36:19,990 --> 00:36:18,240

narcolepsy

898

00:36:21,829 --> 00:36:20,000

because i would have these episodes

899

00:36:23,030 --> 00:36:21,839

where all of the sudden i would get very

900

00:36:26,470 --> 00:36:23,040

tired

901  
00:36:28,790 --> 00:36:26,480  
and i knew i was going to go to sleep um

902  
00:36:29,750 --> 00:36:28,800  
so in one such instance i i was coming

903  
00:36:31,510 --> 00:36:29,760  
home from work

904  
00:36:33,510 --> 00:36:31,520  
and i started to feel heavy and i was

905  
00:36:34,550 --> 00:36:33,520  
like i am gonna fall asleep i need to

906  
00:36:38,470 --> 00:36:34,560  
get to a bed

907  
00:36:39,589 --> 00:36:38,480  
right now um and so i ran upstairs and i

908  
00:36:42,870 --> 00:36:39,599  
jumped in my bed

909  
00:36:45,990 --> 00:36:42,880  
and i jumped right into this dream

910  
00:36:47,190 --> 00:36:46,000  
it was me and this small man were flying

911  
00:36:50,710 --> 00:36:47,200  
through the air

912  
00:36:53,430 --> 00:36:50,720  
um and it was cloudy outside

913  
00:36:54,150 --> 00:36:53,440

uh there was a storm so there was fog

914

00:36:57,829 --> 00:36:54,160

and everything

915

00:37:00,550 --> 00:36:57,839

i mean and we landed right outside

916

00:37:02,630 --> 00:37:00,560

uh the building where i worked um where

917

00:37:03,990 --> 00:37:02,640

the flagpole was

918

00:37:06,630 --> 00:37:04,000

and he's standing there and he's

919

00:37:09,510 --> 00:37:06,640

pointing at this beetle

920

00:37:11,349 --> 00:37:09,520

on the ground it was it was bizarre

921

00:37:12,310 --> 00:37:11,359

because i i had seen that beetle by the

922

00:37:14,790 --> 00:37:12,320

flagpole

923

00:37:16,630 --> 00:37:14,800

and it was dead and it was it's like the

924

00:37:18,470 --> 00:37:16,640

size of my fist it was like the biggest

925

00:37:21,190 --> 00:37:18,480

beetle i've ever seen in my life

926

00:37:22,150 --> 00:37:21,200

right so he's standing there and he's

927

00:37:25,430 --> 00:37:22,160

pointing at it

928

00:37:28,470 --> 00:37:25,440

and looking at me uh

929

00:37:32,550 --> 00:37:28,480

and then you know we go inside

930

00:37:36,230 --> 00:37:32,560

i i meet some other entities uh

931

00:37:38,150 --> 00:37:36,240

and then we go up to my workspace and i

932

00:37:41,190 --> 00:37:38,160

assume that we're

933

00:37:45,750 --> 00:37:41,200

going to my desk for some reason

934

00:37:47,510 --> 00:37:45,760

and um so we're walking past

935

00:37:48,950 --> 00:37:47,520

one of my co-workers desks and there's

936

00:37:53,270 --> 00:37:48,960

an old woman sitting there and i knew

937

00:37:59,990 --> 00:37:56,790

and uh as we approached she jumped up

938

00:38:03,109 --> 00:38:00,000

and she said have you seen my grandson

939

00:38:03,990 --> 00:38:03,119

and i said yes yeah i've seen him and

940

00:38:07,430 --> 00:38:04,000

she's like well how

941

00:38:08,710 --> 00:38:07,440

is he you know and i said he's gonna be

942

00:38:12,230 --> 00:38:08,720

just fine

943

00:38:15,670 --> 00:38:12,240

um and i told her it's time to rest now

944

00:38:18,150 --> 00:38:15,680

and so she nodded and um she held out

945

00:38:20,390 --> 00:38:18,160

her hand tonight

946

00:38:21,270 --> 00:38:20,400

took it and i i walked her into the

947

00:38:23,109 --> 00:38:21,280

light that

948

00:38:25,670 --> 00:38:23,119

had opened up there was this wall of

949

00:38:28,710 --> 00:38:25,680

light that just opened up and i

950

00:38:31,670 --> 00:38:28,720

i walked her into it and um

951  
00:38:32,230 --> 00:38:31,680  
that was it i mean it was so they showed

952  
00:38:38,790 --> 00:38:32,240  
me

953  
00:38:39,829 --> 00:38:38,800  
you know death is not final um i i could

954  
00:38:43,270 --> 00:38:39,839  
meet these people

955  
00:38:45,510 --> 00:38:43,280  
after they had died um and you know

956  
00:38:47,349 --> 00:38:45,520  
these were things that i was resisting i

957  
00:38:49,430 --> 00:38:47,359  
they were they told me all kinds of

958  
00:38:49,829 --> 00:38:49,440  
things they played music for me that i

959  
00:38:52,470 --> 00:38:49,839  
just

960  
00:38:52,950 --> 00:38:52,480  
i was like no this that is not what this

961  
00:38:56,470 --> 00:38:52,960  
is

962  
00:38:58,310 --> 00:38:56,480  
one one of the songs was uh

963  
00:39:00,790 --> 00:38:58,320

coldplay's hymn for the weekend that

964

00:39:03,990 --> 00:39:00,800

they played very early on

965

00:39:05,270 --> 00:39:04,000

and the first lyrics talk about angels

966

00:39:08,470 --> 00:39:05,280

sent from up above

967

00:39:11,750 --> 00:39:08,480

and i was like no no you know that is

968

00:39:12,790 --> 00:39:11,760

that is not what this is um and then

969

00:39:16,630 --> 00:39:12,800

they were like well

970

00:39:21,030 --> 00:39:16,640

let's let's show you and so they did

971

00:39:25,109 --> 00:39:21,040

uh and um so you know the idea of

972

00:39:26,710 --> 00:39:25,119

angels in the bible um and i can see how

973

00:39:29,510 --> 00:39:26,720

the experience that i went through is

974

00:39:33,109 --> 00:39:29,520

what underlies all the world's religions

975

00:39:36,630 --> 00:39:33,119

and gave birth to them um that much is

976

00:39:38,390 --> 00:39:36,640

absolutely clear to me wow

977

00:39:40,550 --> 00:39:38,400

well you know i i gotta tell you i think

978

00:39:42,390 --> 00:39:40,560

you're you're you're actually very brave

979

00:39:45,030 --> 00:39:42,400

to talk about this stuff

980

00:39:45,670 --> 00:39:45,040

in a public forum but since you're

981

00:39:48,390 --> 00:39:45,680

sharing this

982

00:39:50,230 --> 00:39:48,400

i will be happy to share something that

983

00:39:51,910 --> 00:39:50,240

happened to me about my grandmother it's

984

00:39:53,589 --> 00:39:51,920

probably not related in any type of way

985

00:39:56,710 --> 00:39:53,599

but it was very interesting

986

00:39:58,790 --> 00:39:56,720

i was very close to her um

987

00:40:01,190 --> 00:39:58,800

extremely close to her and she passed

988

00:40:03,990 --> 00:40:01,200

away i was not able to go to the funeral

989

00:40:05,829 --> 00:40:04,000

she lived in georgia my father flew down

990

00:40:08,790 --> 00:40:05,839

was there and he came back

991

00:40:09,510 --> 00:40:08,800

and my father when he was back the first

992

00:40:11,349 --> 00:40:09,520

night

993

00:40:12,790 --> 00:40:11,359

i had a dream that my grandmother was

994

00:40:14,710 --> 00:40:12,800

standing there and

995

00:40:16,309 --> 00:40:14,720

it was like the most realistic dream i

996

00:40:18,630 --> 00:40:16,319

ever had yeah

997

00:40:20,069 --> 00:40:18,640

she was wearing a long pink dress now

998

00:40:22,950 --> 00:40:20,079

she always had her hair

999

00:40:23,430 --> 00:40:22,960

up always and she had her hair down and

1000

00:40:26,470 --> 00:40:23,440

she had

1001  
00:40:28,470 --> 00:40:26,480  
pearl necklace on and so i described it

1002  
00:40:31,589 --> 00:40:28,480  
to my father and he turned white he said

1003  
00:40:33,750 --> 00:40:31,599  
that's exactly how she was buried

1004  
00:40:35,589 --> 00:40:33,760  
you know and whether that means anything

1005  
00:40:37,510 --> 00:40:35,599  
or not but that's always stuck with me

1006  
00:40:38,390 --> 00:40:37,520  
because i was only like 15 or something

1007  
00:40:40,390 --> 00:40:38,400  
at the time

1008  
00:40:42,630 --> 00:40:40,400  
and whether there was anything to it it

1009  
00:40:44,950 --> 00:40:42,640  
was coincidence whatever it was

1010  
00:40:45,990 --> 00:40:44,960  
she said don't worry about me anymore

1011  
00:40:48,550 --> 00:40:46,000  
i'm okay

1012  
00:40:49,430 --> 00:40:48,560  
that's what you said to me in the dream

1013  
00:40:51,190 --> 00:40:49,440

so

1014

00:40:53,750 --> 00:40:51,200

uh and i don't know if there's anything

1015

00:40:57,030 --> 00:40:53,760

to it i know this is a show about ufos

1016

00:40:59,109 --> 00:40:57,040

right but this is still uh you know uh a

1017

00:41:01,510 --> 00:40:59,119

jag that i think is fascinating

1018

00:41:03,430 --> 00:41:01,520

well i mean so this is this is a show

1019

00:41:04,150 --> 00:41:03,440

about ufos but all of this stuff is

1020

00:41:05,670 --> 00:41:04,160

related

1021

00:41:07,589 --> 00:41:05,680

right because it all comes back to

1022

00:41:10,390 --> 00:41:07,599

consciousness and what that is

1023

00:41:12,309 --> 00:41:10,400

uh and so you can't talk about

1024

00:41:13,990 --> 00:41:12,319

consciousness without acknowledging the

1025

00:41:14,710 --> 00:41:14,000

fact that there is no such thing as

1026  
00:41:18,790 --> 00:41:14,720  
death

1027  
00:41:20,950 --> 00:41:18,800  
uh and i i know that these initiations

1028  
00:41:23,670 --> 00:41:20,960  
have been practiced

1029  
00:41:25,510 --> 00:41:23,680  
in ancient times they were what we call

1030  
00:41:27,430 --> 00:41:25,520  
the greek mysteries

1031  
00:41:29,910 --> 00:41:27,440  
there were the roman mysteries the

1032  
00:41:31,750 --> 00:41:29,920  
gnostic mysteries

1033  
00:41:33,270 --> 00:41:31,760  
they've all had their mystery schools

1034  
00:41:35,910 --> 00:41:33,280  
all these religions

1035  
00:41:37,990 --> 00:41:35,920  
and it was all about this experience and

1036  
00:41:39,349 --> 00:41:38,000  
once you finish this experience it was

1037  
00:41:40,950 --> 00:41:39,359  
said that you would come back to your

1038  
00:41:44,390 --> 00:41:40,960

family

1039

00:41:48,150 --> 00:41:44,400

and you would be unafraid of death

1040

00:41:50,150 --> 00:41:48,160

and completely changed because because

1041

00:41:51,910 --> 00:41:50,160

you'll know right because you'll have

1042

00:41:53,270 --> 00:41:51,920

experiences like you had with your

1043

00:41:56,870 --> 00:41:53,280

grandmother

1044

00:41:58,710 --> 00:41:56,880

um you'll have experiences where

1045

00:42:00,390 --> 00:41:58,720

you may be told something in a dream

1046

00:42:02,630 --> 00:42:00,400

that something is going to happen

1047

00:42:04,390 --> 00:42:02,640

and then it happens or you may be

1048

00:42:06,309 --> 00:42:04,400

introduced to some concept you didn't

1049

00:42:07,270 --> 00:42:06,319

know about in a dream and yet you can

1050

00:42:10,550 --> 00:42:07,280

wake up

1051  
00:42:13,510 --> 00:42:10,560  
in your waking life and google that and

1052  
00:42:14,950 --> 00:42:13,520  
there it is you know and and how can you

1053  
00:42:18,630 --> 00:42:14,960  
deny that

1054  
00:42:21,990 --> 00:42:18,640  
uh you can't

1055  
00:42:23,910 --> 00:42:22,000  
um at least for me it got to a point

1056  
00:42:25,750 --> 00:42:23,920  
where i i was resisting all of this

1057  
00:42:29,750 --> 00:42:25,760  
stuff and i did not want to believe it

1058  
00:42:31,589 --> 00:42:29,760  
and i after a while i i realized well

1059  
00:42:32,870 --> 00:42:31,599  
i better just believe it because

1060  
00:42:34,870 --> 00:42:32,880  
otherwise they're going to show me and

1061  
00:42:38,950 --> 00:42:34,880  
that's going to be very uncomfortable

1062  
00:42:41,829 --> 00:42:38,960  
um and because when you resist

1063  
00:42:43,589 --> 00:42:41,839

they will show you and uh it will be

1064

00:42:47,589 --> 00:42:43,599

incredibly painful

1065

00:42:50,150 --> 00:42:47,599

and uh in some cases terrifying

1066

00:42:51,829 --> 00:42:50,160

you know that you're that your world

1067

00:42:54,150 --> 00:42:51,839

view is just shattered

1068

00:42:55,750 --> 00:42:54,160

in this way you know and when you say p

1069

00:42:58,069 --> 00:42:55,760

when you say painful do you mean

1070

00:43:01,030 --> 00:42:58,079

emotionally painful

1071

00:43:03,349 --> 00:43:01,040

oh yeah yeah and you know part of this

1072

00:43:05,510 --> 00:43:03,359

so this is a natural occurrence

1073

00:43:06,710 --> 00:43:05,520

in in the human psyche and it takes

1074

00:43:10,069 --> 00:43:06,720

place in the brain

1075

00:43:13,750 --> 00:43:10,079

right and and so in my case i

1076

00:43:14,790 --> 00:43:13,760

began to enter this state of incredibly

1077

00:43:16,470 --> 00:43:14,800

deep depression

1078

00:43:17,910 --> 00:43:16,480

it was the deepest depression i have

1079

00:43:19,430 --> 00:43:17,920

ever felt in my life i

1080

00:43:21,349 --> 00:43:19,440

there were days i would come home from

1081

00:43:22,550 --> 00:43:21,359

work and all i could do was lay on the

1082

00:43:25,190 --> 00:43:22,560

floor of my bedroom

1083

00:43:26,150 --> 00:43:25,200

and cry like a baby shivering under a

1084

00:43:28,309 --> 00:43:26,160

blanket

1085

00:43:30,150 --> 00:43:28,319

and my teeth are chattering i mean

1086

00:43:33,910 --> 00:43:30,160

that's how much pain

1087

00:43:37,510 --> 00:43:33,920

i was in but in terms of science

1088

00:43:41,349 --> 00:43:37,520

you know uh depression like this will

1089

00:43:43,190 --> 00:43:41,359

increase neuroplasticity in the brain

1090

00:43:44,630 --> 00:43:43,200

and so you're forming new neural

1091

00:43:47,990 --> 00:43:44,640

connections

1092

00:43:50,550 --> 00:43:48,000

right and in doing so uh

1093

00:43:52,150 --> 00:43:50,560

you are becoming in touch with

1094

00:43:54,950 --> 00:43:52,160

consciousness the universal

1095

00:43:59,510 --> 00:43:57,670

and once you experience that uh it is

1096

00:44:02,630 --> 00:43:59,520

absolutely undeniable

1097

00:44:04,150 --> 00:44:02,640

um and and in going through this

1098

00:44:05,349 --> 00:44:04,160

experience there will be things that

1099

00:44:08,550 --> 00:44:05,359

will happen

1100

00:44:11,910 --> 00:44:08,560

that will be extreme coincidences that

1101

00:44:15,990 --> 00:44:11,920

uh will just rock your world

1102

00:44:17,990 --> 00:44:16,000

because the only way to

1103

00:44:19,030 --> 00:44:18,000

logically come to any conclusion about

1104

00:44:22,390 --> 00:44:19,040

that is that

1105

00:44:24,790 --> 00:44:22,400

everything must be purposeful um

1106

00:44:25,670 --> 00:44:24,800

there's no way this is a coincidence uh

1107

00:44:28,950 --> 00:44:25,680

you'll have

1108

00:44:34,230 --> 00:44:28,960

impossible coincidences that will happen

1109

00:44:38,230 --> 00:44:34,240

um and that will that will terrify you

1110

00:44:40,710 --> 00:44:38,240

now when was this happening

1111

00:44:42,710 --> 00:44:40,720

were you actually not in naval

1112

00:44:45,030 --> 00:44:42,720

intelligence at the time were you

1113

00:44:46,550 --> 00:44:45,040

yeah i was working at o and i when this

1114

00:44:51,349 --> 00:44:46,560

was happening to me

1115

00:44:54,230 --> 00:44:51,359

uh and did you share it with anyone

1116

00:44:54,550 --> 00:44:54,240

i'm not saying from there but in general

1117

00:45:01,910 --> 00:44:54,560

i

1118

00:45:04,710 --> 00:45:01,920

them

1119

00:45:07,829 --> 00:45:04,720

not initially initially i kept it to

1120

00:45:09,190 --> 00:45:07,839

myself until i knew what it was about

1121

00:45:11,589 --> 00:45:09,200

and you know that's one of the things

1122

00:45:12,309 --> 00:45:11,599

that i want people to understand about

1123

00:45:15,190 --> 00:45:12,319

what i did

1124

00:45:16,150 --> 00:45:15,200

i i had no preconceived notions about

1125

00:45:19,750 --> 00:45:16,160

this i didn't

1126

00:45:23,109 --> 00:45:19,760

i didn't follow ufology i

1127

00:45:25,030 --> 00:45:23,119

was not a believer in any of this uh

1128

00:45:26,630 --> 00:45:25,040

i didn't even know what was real what

1129

00:45:29,510 --> 00:45:26,640

was fact what was fiction

1130

00:45:31,190 --> 00:45:29,520

i didn't know anything you know so so

1131

00:45:31,670 --> 00:45:31,200

when i had something that was happening

1132

00:45:33,670 --> 00:45:31,680

to me

1133

00:45:34,790 --> 00:45:33,680

i would then drill down on that i'd say

1134

00:45:37,030 --> 00:45:34,800

okay

1135

00:45:38,390 --> 00:45:37,040

uh let's drill down on that and see

1136

00:45:40,309 --> 00:45:38,400

what's there

1137

00:45:42,150 --> 00:45:40,319

because that was my analytical mind i

1138

00:45:45,670 --> 00:45:42,160

was i'm a trained analyst

1139

00:45:47,030 --> 00:45:45,680

you know and so uh

1140

00:45:48,870 --> 00:45:47,040

something else would happen and then i

1141

00:45:52,470 --> 00:45:48,880

would drill down on that

1142

00:45:54,950 --> 00:45:52,480

uh and and and so i was very careful

1143

00:45:55,990 --> 00:45:54,960

about reaching conclusions with this and

1144

00:45:59,109 --> 00:45:56,000

i and i

1145

00:46:00,870 --> 00:45:59,119

i used my book to kind of walk readers

1146

00:46:02,470 --> 00:46:00,880

through that

1147

00:46:03,910 --> 00:46:02,480

through my experience so they can

1148

00:46:06,550 --> 00:46:03,920

understand

1149

00:46:07,430 --> 00:46:06,560

how i arrived at the conclusions that i

1150

00:46:11,349 --> 00:46:07,440

did

1151

00:46:13,430 --> 00:46:11,359

um and i yeah i would talk to people at

1152

00:46:16,550 --> 00:46:13,440

work about it

1153

00:46:21,109 --> 00:46:19,670

my immediate co-workers uh we would go

1154

00:46:23,910 --> 00:46:21,119

down to the cafeteria

1155

00:46:26,069 --> 00:46:23,920

and eat lunch every day but on

1156

00:46:27,589 --> 00:46:26,079

wednesdays we had what was called woke

1157

00:46:30,230 --> 00:46:27,599

wednesdays

1158

00:46:32,230 --> 00:46:30,240

and uh they would just ask me about life

1159

00:46:36,309 --> 00:46:32,240

and i would answer their questions

1160

00:46:37,829 --> 00:46:36,319

uh you know almost like i was some kind

1161

00:46:40,829 --> 00:46:37,839

of a guru or something

1162

00:46:42,630 --> 00:46:40,839

um but they they like to build my brain

1163

00:46:44,390 --> 00:46:42,640

yeah that's awesome

1164

00:46:46,870 --> 00:46:44,400

you know what i'd like to do i'm gonna

1165

00:46:48,390 --> 00:46:46,880

go uh non-conventional

1166

00:46:50,550 --> 00:46:48,400

i'm gonna put you on the spot too at the

1167

00:46:51,109 --> 00:46:50,560

same time uh do you mind hanging out

1168

00:46:54,069 --> 00:46:51,119

with us

1169

00:46:55,030 --> 00:46:54,079

you have the time to do that are you

1170

00:46:57,589 --> 00:46:55,040

willing to

1171

00:46:59,750 --> 00:46:57,599

oh yeah sure absolutely and uh and then

1172

00:47:02,309 --> 00:46:59,760

here's the second part of the question

1173

00:47:03,990 --> 00:47:02,319

i'd like to bring uh professor kevin

1174

00:47:06,069 --> 00:47:04,000

knuthen at the same time

1175

00:47:08,230 --> 00:47:06,079

okay and i'd like for him to hear what

1176

00:47:09,990 --> 00:47:08,240

you say because i would like to

1177

00:47:11,270 --> 00:47:10,000

also question you about something you

1178

00:47:14,710 --> 00:47:11,280

said earlier and

1179

00:47:17,430 --> 00:47:14,720

and i'd like for kevin to kind of maybe

1180

00:47:17,910 --> 00:47:17,440

uh comment on it so i'm going to bring

1181

00:47:21,990 --> 00:47:17,920

him in

1182

00:47:25,430 --> 00:47:22,000

right now kevin how are you

1183

00:47:26,230 --> 00:47:25,440

hello how are you good good welcome back

1184

00:47:28,069 --> 00:47:26,240

it was uh

1185

00:47:30,230 --> 00:47:28,079

thank you it's been a little while since

1186

00:47:30,790 --> 00:47:30,240

you've been on but you we were talking

1187

00:47:32,309 --> 00:47:30,800

here

1188

00:47:34,390 --> 00:47:32,319

it's been a really an amazing

1189

00:47:36,710 --> 00:47:34,400

conversation we've been having here

1190

00:47:37,990 --> 00:47:36,720

and uh one of the things that matthew

1191

00:47:40,470 --> 00:47:38,000

brought up earlier is you know

1192

00:47:41,030 --> 00:47:40,480

why isn't science you know interested in

1193

00:47:43,910 --> 00:47:41,040

this

1194

00:47:45,829 --> 00:47:43,920

and here here's the question or you know

1195

00:47:46,390 --> 00:47:45,839

have any curiosity about it and i know

1196

00:47:48,390 --> 00:47:46,400

that's

1197

00:47:50,150 --> 00:47:48,400

that really bothers you as well but

1198

00:47:52,870 --> 00:47:50,160

here's the question i'm going to ask you

1199

00:47:54,710 --> 00:47:52,880

matthew at the same time and that is and

1200

00:47:58,069 --> 00:47:54,720

and kevin we'll get to introducing you

1201

00:48:01,270 --> 00:47:58,079

here in a minute but um

1202

00:48:04,230 --> 00:48:01,280

you said earlier that um

1203

00:48:05,670 --> 00:48:04,240

you're ready for science to look at what

1204

00:48:07,750 --> 00:48:05,680

you've been going through

1205

00:48:09,990 --> 00:48:07,760

how would you how would that look to you

1206

00:48:13,589 --> 00:48:10,000

what would that look like

1207

00:48:14,790 --> 00:48:13,599

to me yes how would they study what

1208

00:48:17,750 --> 00:48:14,800

you're saying

1209

00:48:18,870 --> 00:48:17,760

so i you know something that has been

1210

00:48:21,510 --> 00:48:18,880

revealed to me that

1211

00:48:23,349 --> 00:48:21,520

by them uh and this was not a

1212

00:48:25,990 --> 00:48:23,359

coincidence was that they look for

1213

00:48:27,990 --> 00:48:26,000

certain personality types

1214

00:48:29,430 --> 00:48:28,000

because those personality types are more

1215

00:48:32,309 --> 00:48:29,440

likely

1216

00:48:33,990 --> 00:48:32,319

uh to be able to finish this process and

1217

00:48:35,990 --> 00:48:34,000

and everybody that i know

1218

00:48:38,150 --> 00:48:36,000

that has been initiated i've asked them

1219

00:48:40,630 --> 00:48:38,160

to take a personality test

1220

00:48:42,230 --> 00:48:40,640

and without fail every time they are an

1221

00:48:45,589 --> 00:48:42,240

infj

1222

00:48:46,670 --> 00:48:45,599

personality type and there is a reason

1223

00:48:47,829 --> 00:48:46,680

for that

1224

00:48:49,510 --> 00:48:47,839

[Music]

1225

00:48:51,030 --> 00:48:49,520

can you explain what that is i'm sorry

1226

00:48:55,109 --> 00:48:51,040

ins j

1227

00:48:56,870 --> 00:48:55,119

i infj so it's like uh

1228

00:48:58,710 --> 00:48:56,880

you know you you've got kind of a calm

1229

00:49:01,510 --> 00:48:58,720

personality

1230

00:49:02,630 --> 00:49:01,520

you don't uh you don't tend to work for

1231

00:49:05,990 --> 00:49:02,640

yourself

1232

00:49:09,030 --> 00:49:06,000

uh you're not selfish you you tend to

1233

00:49:10,390 --> 00:49:09,040

everything you do uh the work that you

1234

00:49:14,069 --> 00:49:10,400

do tends to be

1235

00:49:17,349 --> 00:49:14,079

for others um you're a people pleaser

1236

00:49:19,349 --> 00:49:17,359

um you you uh

1237

00:49:20,470 --> 00:49:19,359

you work for the sake of work that has

1238

00:49:22,069 --> 00:49:20,480

to be done

1239

00:49:23,510 --> 00:49:22,079

and not necessarily because you're

1240

00:49:26,710 --> 00:49:23,520

looking for some fame

1241

00:49:30,309 --> 00:49:26,720

out of it you have a strong sense of

1242

00:49:32,950 --> 00:49:30,319

you know right and wrong um

1243

00:49:34,230 --> 00:49:32,960

you're more introverted and that is that

1244

00:49:37,589 --> 00:49:34,240

is the key

1245

00:49:39,910 --> 00:49:37,599

uh that is also a huge key to this

1246

00:49:40,630 --> 00:49:39,920

um and i'm talking about introverted in

1247

00:49:43,109 --> 00:49:40,640

terms of

1248

00:49:44,630 --> 00:49:43,119

the the union psychological definition

1249

00:49:47,030 --> 00:49:44,640

of introversion

1250

00:49:47,670 --> 00:49:47,040

not i mean he coined those terms and

1251

00:49:49,850 --> 00:49:47,680

they've been

1252

00:49:51,510 --> 00:49:49,860

kind of you know uh

1253

00:49:54,309 --> 00:49:51,520

[Music]

1254

00:49:55,349 --> 00:49:54,319

they don't really hold true to what he

1255

00:49:58,950 --> 00:49:55,359

originally

1256

00:50:01,030 --> 00:49:58,960

um intended them to be uh

1257

00:50:02,950 --> 00:50:01,040

so uh they're they're looking for

1258

00:50:06,790 --> 00:50:02,960

introverts they want people who

1259

00:50:08,470 --> 00:50:06,800

are uh in tune with that internal aspect

1260

00:50:11,030 --> 00:50:08,480

of themselves

1261

00:50:12,390 --> 00:50:11,040

um there's that old saying uh know

1262

00:50:15,829 --> 00:50:12,400

thymself

1263

00:50:17,349 --> 00:50:15,839

right and and that's not just uh hocus

1264

00:50:20,870 --> 00:50:17,359

pocus

1265

00:50:24,230 --> 00:50:20,880

um you really do have to know yourself

1266

00:50:26,549 --> 00:50:24,240

to get through this process um and so

1267

00:50:29,030 --> 00:50:26,559

so this is what they look for they they

1268

00:50:32,549 --> 00:50:29,040

look for this infj

1269

00:50:35,190 --> 00:50:32,559

personality type um and even

1270

00:50:38,829 --> 00:50:35,200

even still some of them don't don't

1271

00:50:42,630 --> 00:50:40,630

um

1272

00:50:44,390 --> 00:50:42,640

sorry just a second kevin you know we

1273

00:50:46,069 --> 00:50:44,400

brought you in late i know you

1274

00:50:47,109 --> 00:50:46,079

replaced the battery on your laptop

1275

00:50:48,230 --> 00:50:47,119

thank you for doing that i don't know

1276

00:50:52,150 --> 00:50:48,240

how you did it so quickly

1277

00:50:55,270 --> 00:50:52,160

though glad you're here but um uh

1278

00:50:58,549 --> 00:50:55,280

uh matthew is an extremely balanced

1279

00:51:01,030 --> 00:50:58,559

uh guy and he's had these things happen

1280

00:51:03,109 --> 00:51:01,040

to him you know these experiences happen

1281

00:51:04,710 --> 00:51:03,119

you know he was in naval intelligence

1282

00:51:08,150 --> 00:51:04,720

i'm not sure if you read his

1283

00:51:11,270 --> 00:51:08,160

um his background um but

1284

00:51:14,069 --> 00:51:11,280

thank you yeah but um so

1285

00:51:14,790 --> 00:51:14,079

this has been happening to him what even

1286

00:51:16,309 --> 00:51:14,800

when he was in

1287

00:51:18,069 --> 00:51:16,319

naval intelligence he was on board the

1288

00:51:20,390 --> 00:51:18,079

uss roosevelt

1289

00:51:21,510 --> 00:51:20,400

and saw the original you know the gimbal

1290

00:51:23,430 --> 00:51:21,520

film and all that

1291

00:51:25,430 --> 00:51:23,440

in the beginning but he's had these

1292

00:51:27,589 --> 00:51:25,440

experiences happen

1293

00:51:28,870 --> 00:51:27,599

since then that has profoundly changed

1294

00:51:30,470 --> 00:51:28,880

his life that

1295

00:51:33,430 --> 00:51:30,480

somehow would you say they must be

1296

00:51:36,549 --> 00:51:33,440

related wouldn't you matthew

1297

00:51:39,990 --> 00:51:36,559

yeah i mean so you know at the time

1298

00:51:41,510 --> 00:51:40,000

i uh back in 2015 when i was watching

1299

00:51:44,710 --> 00:51:41,520

this footage

1300

00:51:46,630 --> 00:51:44,720

i i felt kind of sick right because not

1301  
00:51:48,549 --> 00:51:46,640  
only was this changing my world view but

1302  
00:51:52,230 --> 00:51:48,559  
i got this powerful feeling

1303  
00:51:53,829 --> 00:51:52,240  
that they were there for me um

1304  
00:51:55,270 --> 00:51:53,839  
and i thought at the time well that's

1305  
00:51:58,150 --> 00:51:55,280  
that's ridiculous

1306  
00:51:59,190 --> 00:51:58,160  
why why am i thinking that um but the

1307  
00:52:02,790 --> 00:51:59,200  
feeling was so

1308  
00:52:04,790 --> 00:52:02,800  
powerful and then i started to feel

1309  
00:52:07,589 --> 00:52:04,800  
paranoid that someone was going to find

1310  
00:52:11,190 --> 00:52:07,599  
out that they were there for me

1311  
00:52:14,230 --> 00:52:11,200  
and that that too

1312  
00:52:18,230 --> 00:52:14,240  
was unsettling and very powerful and i i

1313  
00:52:20,790 --> 00:52:18,240

couldn't explain it at the time but it

1314

00:52:23,750 --> 00:52:20,800

was disturbing to me

1315

00:52:26,069 --> 00:52:23,760

um and it wasn't something that i

1316

00:52:27,990 --> 00:52:26,079

mentioned to anyone at the time either

1317

00:52:29,829 --> 00:52:28,000

because i didn't know what it means you

1318

00:52:33,270 --> 00:52:29,839

know i i thought well this is just

1319

00:52:36,390 --> 00:52:33,280

it's crazy you know um but that that's

1320

00:52:38,470 --> 00:52:36,400

that's what i felt yeah

1321

00:52:41,349 --> 00:52:38,480

and so yes to answer your question they

1322

00:52:44,150 --> 00:52:41,359

were absolutely related

1323

00:52:45,430 --> 00:52:44,160

they were related so uh you know just to

1324

00:52:49,430 --> 00:52:45,440

just to catch you up a little bit

1325

00:52:51,270 --> 00:52:49,440

um kevin um he has

1326  
00:52:53,349 --> 00:52:51,280  
he was up on board the uss roosevelt

1327  
00:52:55,190 --> 00:52:53,359  
like i said and then he started having

1328  
00:52:57,430 --> 00:52:55,200  
these experiences with

1329  
00:52:58,870 --> 00:52:57,440  
what he considered some type of beings

1330  
00:53:02,309 --> 00:52:58,880  
actually showed up

1331  
00:53:05,510 --> 00:53:02,319  
um and uh it's profoundly

1332  
00:53:09,750 --> 00:53:05,520  
changed his his life and

1333  
00:53:12,950 --> 00:53:09,760  
he says you know he would like to be

1334  
00:53:14,950 --> 00:53:12,960  
for science to take you know it's a it

1335  
00:53:18,069 --> 00:53:14,960  
was a hard thing for him to talk about

1336  
00:53:21,190 --> 00:53:18,079  
but you know would science at least

1337  
00:53:23,990 --> 00:53:21,200  
look into this if this is happening

1338  
00:53:25,510 --> 00:53:24,000

um to someone how how would this be

1339

00:53:29,510 --> 00:53:25,520

observed or whatever how

1340

00:53:32,870 --> 00:53:29,520

how would how would that even work

1341

00:53:37,430 --> 00:53:35,829

no i don't have many ideas um more

1342

00:53:38,150 --> 00:53:37,440

questions than ideas at this point

1343

00:53:42,549 --> 00:53:38,160

really but

1344

00:53:44,950 --> 00:53:42,559

i i think that

1345

00:53:45,910 --> 00:53:44,960

there are not now that i've been looking

1346

00:53:49,190 --> 00:53:45,920

into this more

1347

00:53:51,990 --> 00:53:49,200

you know as a scientist i appreciate

1348

00:53:55,270 --> 00:53:52,000

that there are

1349

00:53:57,510 --> 00:53:55,280

many more effects

1350

00:53:58,710 --> 00:53:57,520

you know the you know high strangeness

1351  
00:53:59,030 --> 00:53:58,720  
whatever you want to call it all of

1352  
00:54:00,950 --> 00:53:59,040  
these

1353  
00:54:02,309 --> 00:54:00,960  
things that happen and are associated

1354  
00:54:05,349 --> 00:54:02,319  
with with

1355  
00:54:08,069 --> 00:54:05,359  
with uaps and ufos um

1356  
00:54:09,190 --> 00:54:08,079  
and at some point we're going to have to

1357  
00:54:11,270 --> 00:54:09,200  
come to terms with that

1358  
00:54:12,630 --> 00:54:11,280  
and i think that this is going to be

1359  
00:54:14,470 --> 00:54:12,640  
it's a

1360  
00:54:16,069 --> 00:54:14,480  
if you think about how difficult it's

1361  
00:54:19,910 --> 00:54:16,079  
been for

1362  
00:54:20,950 --> 00:54:19,920  
anybody to get either our government

1363  
00:54:23,349 --> 00:54:20,960

officials or

1364

00:54:23,990 --> 00:54:23,359

scientists interested in the fact that

1365

00:54:25,990 --> 00:54:24,000

there might be

1366

00:54:27,109 --> 00:54:26,000

a vehicle in the air that doesn't belong

1367

00:54:29,510 --> 00:54:27,119

there um

1368

00:54:31,270 --> 00:54:29,520

these things are we've got incursions at

1369

00:54:33,990 --> 00:54:31,280

nuclear weapon sites and still nobody's

1370

00:54:35,829 --> 00:54:34,000

doing anything it appears right and so

1371

00:54:37,670 --> 00:54:35,839

what it what what is it going to take to

1372

00:54:40,309 --> 00:54:37,680

get something you know somebody

1373

00:54:42,710 --> 00:54:40,319

interested um is a big that's a big

1374

00:54:46,789 --> 00:54:42,720

question and a valid question

1375

00:54:50,309 --> 00:54:46,799

and and now when you consider these

1376

00:54:52,069 --> 00:54:50,319

these other effects that clearly

1377

00:54:53,589 --> 00:54:52,079

happen to some degree i mean there's

1378

00:54:55,510 --> 00:54:53,599

something there's something going on

1379

00:54:57,510 --> 00:54:55,520

because these aren't these aren't

1380

00:54:58,870 --> 00:54:57,520

isolated events these happen to people

1381

00:55:00,470 --> 00:54:58,880

all over the world

1382

00:55:02,309 --> 00:55:00,480

and they're clearly related to this

1383

00:55:05,430 --> 00:55:02,319

phenomenon and

1384

00:55:06,230 --> 00:55:05,440

and they're much stranger than the craft

1385

00:55:07,670 --> 00:55:06,240

that we're

1386

00:55:09,589 --> 00:55:07,680

you know we're trying to understand at

1387

00:55:11,750 --> 00:55:09,599

this point so um

1388

00:55:14,630 --> 00:55:11,760

yeah it's just gonna take time it's

1389

00:55:18,069 --> 00:55:14,640

gonna take time but i have this

1390

00:55:21,910 --> 00:55:18,079

my impression is that we are

1391

00:55:25,190 --> 00:55:21,920

in for a pretty interesting ride

1392

00:55:28,630 --> 00:55:25,200

um in this century we're going to have

1393

00:55:31,750 --> 00:55:28,640

um some big discoveries happen that

1394

00:55:33,190 --> 00:55:31,760

nobody saw coming and i think this is

1395

00:55:35,349 --> 00:55:33,200

part of it

1396

00:55:37,349 --> 00:55:35,359

i think you're right i i'm hope hoping

1397

00:55:39,349 --> 00:55:37,359

i'm alive to see a lot of that

1398

00:55:40,470 --> 00:55:39,359

uh we are we are it's time for us to go

1399

00:55:41,030 --> 00:55:40,480

into break so we're going to go into

1400

00:55:44,069 --> 00:55:41,040

break

1401  
00:55:46,630 --> 00:55:44,079  
and just explain this over at kgra radio

1402  
00:55:47,589 --> 00:55:46,640  
um we will uh be playing commercials but

1403  
00:55:50,309 --> 00:55:47,599  
here

1404  
00:55:51,190 --> 00:55:50,319  
on youtube facebook etc we're going to

1405  
00:55:53,829 --> 00:55:51,200  
play

1406  
00:55:54,710 --> 00:55:53,839  
a video that i made some of you that

1407  
00:55:56,470 --> 00:55:54,720  
follow my channel

1408  
00:55:58,390 --> 00:55:56,480  
already start this week i put it up and

1409  
00:56:00,710 --> 00:55:58,400  
it happened i went into a restaurant

1410  
00:56:02,150 --> 00:56:00,720  
and i filmed a helicopter and all of a

1411  
00:56:03,670 --> 00:56:02,160  
sudden i saw a reflection on the window

1412  
00:56:05,109 --> 00:56:03,680  
so that's what this is about

1413  
00:56:07,430 --> 00:56:05,119

and i'm going to play it right now so if

1414

00:56:18,400 --> 00:56:07,440

you're over at kgr a radio

1415

00:56:32,390 --> 00:56:28,829

[Music]

1416

00:56:37,430 --> 00:56:34,950

hi everyone this is martin willis i was

1417

00:56:39,990 --> 00:56:37,440

actually in a restaurant yesterday and i

1418

00:56:43,349 --> 00:56:40,000

saw a helicopter flying around

1419

00:56:44,069 --> 00:56:43,359

so i got out my camera and i videoed it

1420

00:56:46,950 --> 00:56:44,079

i'm going to

1421

00:56:48,069 --> 00:56:46,960

show that clip in a minute and then i

1422

00:56:50,870 --> 00:56:48,079

started to thinking

1423

00:56:51,589 --> 00:56:50,880

about all of the images that are out

1424

00:56:54,870 --> 00:56:51,599

there

1425

00:57:00,150 --> 00:56:54,880

of purported ufos this one in particular

1426  
00:57:03,589 --> 00:57:00,160  
was taken in salem massachusetts in 1952

1427  
00:57:06,630 --> 00:57:03,599  
and the new york times has used it

1428  
00:57:09,990 --> 00:57:06,640  
the atlantic many very respectable

1429  
00:57:13,349 --> 00:57:10,000  
media has used it as a ufo

1430  
00:57:16,630 --> 00:57:13,359  
picture this is just a

1431  
00:57:19,910 --> 00:57:16,640  
reflection off the glass

1432  
00:57:20,470 --> 00:57:19,920  
in a diner of the hanging lamps that are

1433  
00:57:23,030 --> 00:57:20,480  
inside

1434  
00:57:23,829 --> 00:57:23,040  
the building i'm going to show other

1435  
00:57:26,870 --> 00:57:23,839  
examples

1436  
00:57:30,230 --> 00:57:26,880  
as we go along this one actually

1437  
00:57:32,789 --> 00:57:30,240  
caught my attention for a while when it

1438  
00:57:34,390 --> 00:57:32,799

first came out several years ago it

1439

00:57:37,589 --> 00:57:34,400

looked like a double ufo

1440

00:57:40,470 --> 00:57:37,599

over loch ness in scotland

1441

00:57:41,990 --> 00:57:40,480

but again what it is it's a reflection

1442

00:57:44,630 --> 00:57:42,000

of a hanging lamp

1443

00:57:46,950 --> 00:57:44,640

and it's a double pane of glass that's

1444

00:57:50,230 --> 00:57:46,960

all that is

1445

00:57:51,270 --> 00:57:50,240

here's some other examples as you can

1446

00:57:53,510 --> 00:57:51,280

see

1447

00:57:54,710 --> 00:57:53,520

each one of them do look kind of

1448

00:57:56,549 --> 00:57:54,720

suspicious

1449

00:57:59,030 --> 00:57:56,559

this one in particular is pretty

1450

00:58:01,190 --> 00:57:59,040

interesting with all of the ufos in the

1451  
00:58:03,750 --> 00:58:01,200  
sky

1452  
00:58:07,990 --> 00:58:03,760  
well here's the video clip i'm going to

1453  
00:58:08,950 --> 00:58:08,000  
let it run now it just went right

1454  
00:58:11,190 --> 00:58:08,960  
through a ufo

1455  
00:58:12,789 --> 00:58:11,200  
now it's going through another one so if

1456  
00:58:13,270 --> 00:58:12,799  
you're looking at a picture and you see

1457  
00:58:15,670 --> 00:58:13,280  
lights

1458  
00:58:18,309 --> 00:58:15,680  
in the sky always see where the picture

1459  
00:58:20,230 --> 00:58:18,319  
was taken it was taken indoors or not

1460  
00:58:22,230 --> 00:58:20,240  
a lot of these are out there so thank

1461  
00:58:23,030 --> 00:58:22,240  
you for watching and remember to keep

1462  
00:58:35,870 --> 00:58:23,040  
your eyes

1463  
00:58:43,670 --> 00:58:35,880

to the sky

1464

00:58:47,750 --> 00:58:46,789

all right welcome back uh let's see do

1465

00:58:51,430 --> 00:58:47,760

this

1466

00:58:54,150 --> 00:58:51,440

thing i

1467

00:58:55,510 --> 00:58:54,160

i forget to mention here on the show is

1468

00:58:58,630 --> 00:58:55,520

all the music that i play is

1469

00:59:00,069 --> 00:58:58,640

from uh including that and my intros and

1470

00:59:02,230 --> 00:59:00,079

everything that i play on this

1471

00:59:04,470 --> 00:59:02,240

is uh was all made by carrie lloyd

1472

00:59:07,510 --> 00:59:04,480

whitehouse um he does

1473

00:59:08,789 --> 00:59:07,520

uh music for for movies a couple of

1474

00:59:09,589 --> 00:59:08,799

really good movies out there that he's

1475

00:59:11,589 --> 00:59:09,599

done a lot of

1476

00:59:12,789 --> 00:59:11,599

music for he's in ireland so i want to

1477

00:59:14,470 --> 00:59:12,799

give him credit for

1478

00:59:16,069 --> 00:59:14,480

that tune and all the others that that

1479

00:59:19,910 --> 00:59:16,079

are here so bringing our

1480

00:59:23,349 --> 00:59:19,920

guests back in and we got matthew

1481

00:59:26,150 --> 00:59:23,359

and there's kevin so uh kevin

1482

00:59:26,470 --> 00:59:26,160

so i told you that i would have you know

1483

00:59:33,829 --> 00:59:26,480

you

1484

00:59:36,870 --> 00:59:33,839

was really

1485

00:59:38,549 --> 00:59:36,880

i'm really glad that exists and that

1486

00:59:40,549 --> 00:59:38,559

people of science that are actually

1487

00:59:42,230 --> 00:59:40,559

taking this thing seriously

1488

00:59:43,829 --> 00:59:42,240

um so anyway your background if you

1489

00:59:45,990 --> 00:59:43,839

would a little bit

1490

00:59:47,990 --> 00:59:46,000

yeah certainly um well first thanks for

1491

00:59:50,150 --> 00:59:48,000

having me i really appreciate it and

1492

00:59:53,430 --> 00:59:50,160

it's good to see you again

1493

00:59:54,470 --> 00:59:53,440

yeah um i'm an associate professor of

1494

00:59:56,630 --> 00:59:54,480

physics

1495

00:59:57,910 --> 00:59:56,640

at the university at albany in albany

1496

01:00:00,950 --> 00:59:57,920

new york

1497

01:00:04,069 --> 01:00:00,960

um i've been there

1498

01:00:07,109 --> 01:00:04,079

for 16 years and now and uh

1499

01:00:09,510 --> 01:00:07,119

previous to that i was a um

1500

01:00:10,390 --> 01:00:09,520

a computer scientist at nasa ames

1501

01:00:14,230 --> 01:00:10,400

research center

1502

01:00:17,270 --> 01:00:14,240

in california

1503

01:00:18,069 --> 01:00:17,280

and let let's see my research at here at

1504

01:00:20,710 --> 01:00:18,079

ualbany

1505

01:00:21,829 --> 01:00:20,720

mainly consists of um studying

1506

01:00:24,470 --> 01:00:21,839

exoplanets

1507

01:00:27,270 --> 01:00:24,480

so i work to detect and characterize

1508

01:00:29,349 --> 01:00:27,280

planets orbiting other stars

1509

01:00:30,470 --> 01:00:29,359

i'm using data from the kepler space

1510

01:00:33,829 --> 01:00:30,480

telescope and other

1511

01:00:36,630 --> 01:00:33,839

other sources and um

1512

01:00:37,349 --> 01:00:36,640

and i also do theoretical work in

1513

01:00:44,309 --> 01:00:37,359

quantum

1514

01:00:47,510 --> 01:00:44,319

as well as uaps now so and

1515

01:00:49,190 --> 01:00:47,520

and as you mentioned i'm a member of scu

1516

01:00:51,030 --> 01:00:49,200

which is the scientific coalition for

1517

01:00:53,990 --> 01:00:51,040

uap studies

1518

01:00:56,549 --> 01:00:54,000

so it's a group of um scientists and

1519

01:01:00,069 --> 01:00:56,559

engineers and

1520

01:01:02,230 --> 01:01:00,079

stem professionals who are interested in

1521

01:01:06,630 --> 01:01:02,240

studying ufo seriously

1522

01:01:10,150 --> 01:01:06,640

and i'm also working with uapx

1523

01:01:10,789 --> 01:01:10,160

which is a group founded by senior chief

1524

01:01:13,109 --> 01:01:10,799

kevin day

1525

01:01:14,549 --> 01:01:13,119

from the uss princeton from the nimitz

1526

01:01:17,430 --> 01:01:14,559

2004 encounters

1527

01:01:18,870 --> 01:01:17,440

and um gary voorhees is not currently

1528

01:01:22,230 --> 01:01:18,880

the president

1529

01:01:26,870 --> 01:01:22,240

and we are um working to

1530

01:01:31,829 --> 01:01:30,309

interesting stuff uh well um i know

1531

01:01:33,829 --> 01:01:31,839

you know when i had you on before i

1532

01:01:35,589 --> 01:01:33,839

believed we we spoke about

1533

01:01:37,030 --> 01:01:35,599

a paper that you had written ufo

1534

01:01:37,990 --> 01:01:37,040

characteristics i believe it was

1535

01:01:40,870 --> 01:01:38,000

something along those

1536

01:01:41,190 --> 01:01:40,880

lines and what type of feedback have you

1537

01:01:44,870 --> 01:01:41,200

had

1538

01:01:48,069 --> 01:01:47,589

um let's see i've i've gotten feedback

1539

01:01:51,270 --> 01:01:48,079

from

1540

01:01:53,349 --> 01:01:51,280

a number of scientists who yeah

1541

01:01:54,549 --> 01:01:53,359

very nice messages thanking me for

1542

01:01:57,510 --> 01:01:54,559

writing the um

1543

01:01:58,870 --> 01:01:57,520

writing the paper and that it was

1544

01:02:00,230 --> 01:01:58,880

shocking how

1545

01:02:01,910 --> 01:02:00,240

you know how high some of these

1546

01:02:05,349 --> 01:02:01,920

accelerations are and how

1547

01:02:09,750 --> 01:02:05,359

um the speeds that these craft move at

1548

01:02:13,109 --> 01:02:09,760

um there's been some criticism

1549

01:02:16,870 --> 01:02:13,119

basically from uh

1550

01:02:20,150 --> 01:02:19,670

preferring to espouse skepticism rather

1551

01:02:23,910 --> 01:02:20,160

than

1552

01:02:26,390 --> 01:02:23,920

actually looking into the problem and

1553

01:02:27,430 --> 01:02:26,400

they've compared you know my research

1554

01:02:31,109 --> 01:02:27,440

paper to

1555

01:02:33,430 --> 01:02:31,119

blogs by people on the internet who have

1556

01:02:35,029 --> 01:02:33,440

you know performed an analysis that

1557

01:02:38,630 --> 01:02:35,039

certainly wasn't peer-reviewed

1558

01:02:40,470 --> 01:02:38,640

and so so it's a little surprising to

1559

01:02:41,589 --> 01:02:40,480

see scientists comparing peer-reviewed

1560

01:02:43,990 --> 01:02:41,599

papers to

1561

01:02:46,390 --> 01:02:44,000

blog posts i think that's i mean that

1562

01:02:48,309 --> 01:02:46,400

already is unprofessional and

1563

01:02:50,309 --> 01:02:48,319

but that's what you see scientists doing

1564

01:02:51,910 --> 01:02:50,319

when they are confronted with this

1565

01:02:54,069 --> 01:02:51,920

phenomenon

1566

01:02:55,029 --> 01:02:54,079

so you know i've had to have the

1567

01:02:58,230 --> 01:02:55,039

analysis called

1568

01:02:59,589 --> 01:02:58,240

simple um in a recent new york times

1569

01:03:02,230 --> 01:02:59,599

editorial

1570

01:03:03,750 --> 01:03:02,240

and i'm going to not disagree with that

1571

01:03:06,950 --> 01:03:03,760

it wasn't very hard

1572

01:03:09,349 --> 01:03:06,960

it was we were using

1573

01:03:11,910 --> 01:03:09,359

you know physics that you learn in you

1574

01:03:15,029 --> 01:03:11,920

know first year kinematics

1575

01:03:17,670 --> 01:03:15,039

so this is something that

1576

01:03:18,230 --> 01:03:17,680

any physicists should have been able to

1577

01:03:21,990 --> 01:03:18,240

do

1578

01:03:23,750 --> 01:03:22,000

the back of a napkin in a restaurant

1579

01:03:26,150 --> 01:03:23,760

seriously we we talked about the

1580

01:03:27,589 --> 01:03:26,160

envelope calculation we call them

1581

01:03:28,870 --> 01:03:27,599

any physicists should have been able to

1582

01:03:29,990 --> 01:03:28,880

get these back to the envelope

1583

01:03:31,910 --> 01:03:30,000

calculations and

1584

01:03:33,750 --> 01:03:31,920

should have done it before they open

1585

01:03:34,150 --> 01:03:33,760

their mouth and start saying that these

1586

01:03:37,349 --> 01:03:34,160

things

1587

01:03:40,390 --> 01:03:37,359

aren't interesting um so i'm

1588

01:03:42,150 --> 01:03:40,400

really shocked by that and um

1589

01:03:44,870 --> 01:03:42,160

and the fact that it's simple isn't a

1590

01:03:46,150 --> 01:03:44,880

bad thing the fact that it's simple

1591

01:03:49,430 --> 01:03:46,160

means it's compelling

1592

01:03:52,390 --> 01:03:49,440

so um and we show that

1593

01:03:52,710 --> 01:03:52,400

you know in in several different cases

1594

01:03:55,829 --> 01:03:52,720

of

1595

01:03:59,910 --> 01:03:55,839

k

1596

01:04:03,190 --> 01:03:59,920

one of the cases we used data from radar

1597

01:04:06,150 --> 01:04:03,200

another case we used the nimitz

1598

01:04:08,069 --> 01:04:06,160

2004 nimitz video but in all of those

1599

01:04:10,829 --> 01:04:08,079

cases the accelerations were

1600

01:04:12,069 --> 01:04:10,839

higher than 75 times the acceleration of

1601  
01:04:16,630 --> 01:04:12,079  
gravity

1602  
01:04:16,640 --> 01:04:19,750  
amazing

1603  
01:04:23,109 --> 01:04:21,510  
i'm sorry and i don't i don't think

1604  
01:04:24,390 --> 01:04:23,119  
people know and i don't think people

1605  
01:04:26,470 --> 01:04:24,400  
really understand how

1606  
01:04:29,430 --> 01:04:26,480  
high those accelerations are in general

1607  
01:04:31,829 --> 01:04:29,440  
the um so

1608  
01:04:33,270 --> 01:04:31,839  
so let's say that you know your upper

1609  
01:04:34,710 --> 01:04:33,280  
half of your body i'm just going to use

1610  
01:04:36,630 --> 01:04:34,720  
nice round numbers the upper half of

1611  
01:04:39,510 --> 01:04:36,640  
your body let's say weighs 100 pounds

1612  
01:04:41,109 --> 01:04:39,520  
so so let's be i'll be kind to myself

1613  
01:04:43,029 --> 01:04:41,119

say i weigh 200 pounds total so the

1614

01:04:44,309 --> 01:04:43,039

upper half is 100 pounds

1615

01:04:47,109 --> 01:04:44,319

and so now let's say i'm going to

1616

01:04:50,630 --> 01:04:47,119

accelerate at 100 g

1617

01:04:52,549 --> 01:04:50,640

right and that means that that hundred

1618

01:04:53,670 --> 01:04:52,559

pounds is going to feel 100 times

1619

01:04:55,990 --> 01:04:53,680

heavier

1620

01:04:57,589 --> 01:04:56,000

it's gonna be feel like ten thousand

1621

01:04:59,029 --> 01:04:57,599

pounds you know what's going to happen

1622

01:05:01,270 --> 01:04:59,039

to the lower half of your body

1623

01:05:02,870 --> 01:05:01,280

there's no flight suit that can protect

1624

01:05:03,910 --> 01:05:02,880

you from that there's nothing you can do

1625

01:05:05,910 --> 01:05:03,920

about that

1626  
01:05:07,029 --> 01:05:05,920  
you are literally going to be squished

1627  
01:05:08,789 --> 01:05:07,039  
um

1628  
01:05:10,710 --> 01:05:08,799  
imagine putting ten thousand pounds on

1629  
01:05:11,910 --> 01:05:10,720  
your head and seeing what and imagine

1630  
01:05:14,069 --> 01:05:11,920  
what would happen

1631  
01:05:15,109 --> 01:05:14,079  
and that's at a hundred g acceleration

1632  
01:05:18,230 --> 01:05:15,119  
now if you

1633  
01:05:22,050 --> 01:05:18,240  
now in the from

1634  
01:05:23,349 --> 01:05:22,060  
the radar that um kevin day um

1635  
01:05:25,990 --> 01:05:23,359  
[Music]

1636  
01:05:26,470 --> 01:05:26,000  
was looking at on the uss princeton when

1637  
01:05:29,910 --> 01:05:26,480  
these

1638  
01:05:33,190 --> 01:05:29,920

feet to

1639

01:05:35,029 --> 01:05:33,200

sea level in 0.78 seconds

1640

01:05:37,029 --> 01:05:35,039

that acceleration is on the order of

1641

01:05:38,549 --> 01:05:37,039

five thousand times the acceleration of

1642

01:05:41,910 --> 01:05:38,559

gravity

1643

01:05:42,789 --> 01:05:41,920

so imagine taking that hundred pounds

1644

01:05:44,710 --> 01:05:42,799

and now accelerating

1645

01:05:46,549 --> 01:05:44,720

at a thousand g you know or five

1646

01:05:47,029 --> 01:05:46,559

thousand g that's that's a half a

1647

01:05:49,990 --> 01:05:47,039

million

1648

01:05:51,029 --> 01:05:50,000

pounds on your lower half of your body

1649

01:05:53,109 --> 01:05:51,039

equipment well

1650

01:05:54,390 --> 01:05:53,119

most machines aren't going to survive

1651

01:05:57,990 --> 01:05:54,400

things like that so

1652

01:06:00,150 --> 01:05:58,000

um much less organisms um

1653

01:06:05,510 --> 01:06:00,160

yeah anything that anything that we have

1654

01:06:09,990 --> 01:06:07,349

our best fighter jets can only handle

1655

01:06:11,029 --> 01:06:10,000

about 13 g's before the wings get ripped

1656

01:06:14,390 --> 01:06:11,039

off

1657

01:06:17,430 --> 01:06:14,400

and missiles are designed to handle

1658

01:06:18,309 --> 01:06:17,440

about 30 g's and still be able to

1659

01:06:21,510 --> 01:06:18,319

maneuver

1660

01:06:24,549 --> 01:06:21,520

um if you go above 60 g the missile

1661

01:06:27,430 --> 01:06:24,559

airframe will be destroyed so

1662

01:06:28,069 --> 01:06:27,440

so these are really crazy accelerations

1663

01:06:29,910 --> 01:06:28,079

it's not

1664

01:06:32,710 --> 01:06:29,920

you know we use the term anomalous but i

1665

01:06:35,829 --> 01:06:32,720

don't think people really appreciate how

1666

01:06:37,670 --> 01:06:35,839

anomalous it really is and and then

1667

01:06:39,829 --> 01:06:37,680

then you know and then of course you

1668

01:06:40,230 --> 01:06:39,839

know those scientists often will then

1669

01:06:43,029 --> 01:06:40,240

ask

1670

01:06:45,190 --> 01:06:43,039

why why do people jump to the conclusion

1671

01:06:48,230 --> 01:06:45,200

that these are spacecraft

1672

01:06:48,630 --> 01:06:48,240

and my answer at this point is because

1673

01:06:52,069 --> 01:06:48,640

they

1674

01:06:55,430 --> 01:06:52,079

move as fast as spacecraft do it's

1675

01:06:57,109 --> 01:06:55,440

simple this is really this isn't rocket

1676

01:07:00,230 --> 01:06:57,119

science

1677

01:07:03,270 --> 01:07:00,240

at least not yet right um so

1678

01:07:05,029 --> 01:07:03,280

but yeah so when you're dropping from 28

1679

01:07:07,349 --> 01:07:05,039

000 feet to sea level you do that in

1680

01:07:10,630 --> 01:07:07,359

0.78 seconds

1681

01:07:12,470 --> 01:07:10,640

the the minimum acceleration is 5000

1682

01:07:14,309 --> 01:07:12,480

g's now of course you can accelerate

1683

01:07:15,510 --> 01:07:14,319

higher and then just coast the rest of

1684

01:07:17,349 --> 01:07:15,520

the way down and then have a very high

1685

01:07:19,349 --> 01:07:17,359

acceleration to stop

1686

01:07:21,349 --> 01:07:19,359

but the minimum acceleration happens

1687

01:07:23,109 --> 01:07:21,359

when you accelerate halfway and then you

1688

01:07:24,710 --> 01:07:23,119

decelerate the other half

1689

01:07:26,870 --> 01:07:24,720

and that would be the 5000 g

1690

01:07:29,270 --> 01:07:26,880

acceleration and so you can compute the

1691

01:07:31,270 --> 01:07:29,280

the velocity at the midpoint at the

1692

01:07:31,910 --> 01:07:31,280

midpoint the velocity is on the order of

1693

01:07:37,109 --> 01:07:31,920

about

1694

01:07:40,549 --> 01:07:37,119

um it's around 40 000 miles an hour

1695

01:07:43,589 --> 01:07:40,559

so it's it's like mach 60 so

1696

01:07:45,990 --> 01:07:43,599

the the new horizons probe that

1697

01:07:47,029 --> 01:07:46,000

we sent to pluto currently is traveling

1698

01:07:49,510 --> 01:07:47,039

at about 35

1699

01:07:51,670 --> 01:07:49,520

000 miles an hour this tic tac was

1700

01:07:53,910 --> 01:07:51,680

observed to move faster than the new

1701

01:07:57,190 --> 01:07:53,920

horizons space probe

1702

01:07:59,829 --> 01:07:57,200

in the air without a sonic boom

1703

01:08:01,430 --> 01:07:59,839

and and got up to that speed accelerated

1704

01:08:05,670 --> 01:08:01,440

from zero to that speed

1705

01:08:08,789 --> 01:08:05,680

in about three tenths of a second

1706

01:08:10,069 --> 01:08:08,799

i'd like to update something i mean how

1707

01:08:13,109 --> 01:08:10,079

are you not curious about

1708

01:08:13,510 --> 01:08:13,119

that you know i i think that's how does

1709

01:08:17,910 --> 01:08:13,520

that

1710

01:08:20,070 --> 01:08:17,920

not interest a physicist or an engineer

1711

01:08:21,910 --> 01:08:20,080

one of the things uh you know matthew

1712

01:08:23,030 --> 01:08:21,920

you can reiterate what you said but

1713

01:08:26,070 --> 01:08:23,040

basically

1714

01:08:26,709 --> 01:08:26,080

that um these things are were flying

1715

01:08:29,669 --> 01:08:26,719

around

1716

01:08:30,390 --> 01:08:29,679

billions of dollars worth of sensory and

1717

01:08:33,510 --> 01:08:30,400

with no

1718

01:08:34,550 --> 01:08:33,520

explanation and no uh and and the thing

1719

01:08:36,630 --> 01:08:34,560

i mentioned to you is

1720

01:08:38,070 --> 01:08:36,640

you know i'm i'm surprised the military

1721

01:08:41,590 --> 01:08:38,080

isn't more curious

1722

01:08:45,269 --> 01:08:41,600

into researching these things but

1723

01:08:47,910 --> 01:08:45,279

um you know just chime in if you would

1724

01:08:50,550 --> 01:08:47,920

yeah i mean i i i think that it's it's

1725

01:08:53,510 --> 01:08:50,560

absurd for people to think that um

1726

01:08:55,269 --> 01:08:53,520

you know uh that we would we would

1727

01:08:58,950 --> 01:08:55,279

misidentify balloons

1728

01:09:02,470 --> 01:08:58,960

and uh you know

1729

01:09:04,630 --> 01:09:02,480

other types of just mundane craft

1730

01:09:06,550 --> 01:09:04,640

um and that we wouldn't know what that

1731

01:09:07,349 --> 01:09:06,560

is with the billions of dollars worth of

1732

01:09:10,309 --> 01:09:07,359

equipment

1733

01:09:11,349 --> 01:09:10,319

that are positioned within these strike

1734

01:09:15,110 --> 01:09:11,359

groups

1735

01:09:18,309 --> 01:09:15,120

um it's just it's laughable really

1736

01:09:21,189 --> 01:09:18,319

that that anyone would think that we

1737

01:09:24,550 --> 01:09:21,199

would misidentify something like that

1738

01:09:27,269 --> 01:09:24,560

um right it's just nonsense

1739

01:09:27,669 --> 01:09:27,279

uh kevin do you think when it comes to

1740

01:09:31,269 --> 01:09:27,679

this

1741

01:09:31,749 --> 01:09:31,279

type of situation that we have the best

1742

01:09:35,030 --> 01:09:31,759

bet

1743

01:09:38,149 --> 01:09:35,040

through military observation

1744

01:09:40,149 --> 01:09:38,159

of getting to what these things are

1745

01:09:41,669 --> 01:09:40,159

or do you think in the private sector

1746

01:09:42,870 --> 01:09:41,679

eventually someone's going to get

1747

01:09:45,349 --> 01:09:42,880

interested enough

1748

01:09:48,309 --> 01:09:45,359

to have really interesting equipment

1749

01:09:51,990 --> 01:09:48,319

that might work with it

1750

01:09:55,750 --> 01:09:52,000

i think that we really

1751

01:09:58,870 --> 01:09:55,760

this is this is sufficiently bizarre

1752

01:10:01,990 --> 01:09:58,880

and concerning at this point that

1753

01:10:04,149 --> 01:10:02,000

um that we need all all those

1754

01:10:05,510 --> 01:10:04,159

approaches um we're going to need you

1755

01:10:06,709 --> 01:10:05,520

know we're going to need military

1756

01:10:09,110 --> 01:10:06,719

observations because

1757

01:10:11,110 --> 01:10:09,120

we need to make sure they they're in

1758

01:10:12,790 --> 01:10:11,120

charge of national security

1759

01:10:14,950 --> 01:10:12,800

and these are you know when you get

1760

01:10:16,390 --> 01:10:14,960

incursions on race in restricted

1761

01:10:20,149 --> 01:10:16,400

airspace

1762

01:10:23,270 --> 01:10:20,159

um that that's a national security issue

1763

01:10:26,870 --> 01:10:23,280

and and what worries me

1764

01:10:29,110 --> 01:10:26,880

about the fact that you don't see

1765

01:10:30,550 --> 01:10:29,120

there doesn't seem to be any reaction to

1766

01:10:32,470 --> 01:10:30,560

these craft

1767

01:10:33,590 --> 01:10:32,480

making these incursions into restricted

1768

01:10:35,669 --> 01:10:33,600

airspace

1769

01:10:37,350 --> 01:10:35,679

i mean they basically do it unimpeded

1770

01:10:41,110 --> 01:10:37,360

and

1771

01:10:44,390 --> 01:10:41,120

it suggests to me that

1772

01:10:46,550 --> 01:10:44,400

if i made a sufficiently bizarre craft

1773

01:10:47,750 --> 01:10:46,560

i can fly it anywhere and nobody's gonna

1774

01:10:50,070 --> 01:10:47,760

do anything

1775

01:10:51,910 --> 01:10:50,080

nobody's gonna stop it so i could make a

1776

01:10:53,990 --> 01:10:51,920

really crazy drone

1777

01:10:55,350 --> 01:10:54,000

you know that shoots laser beams or you

1778

01:10:57,669 --> 01:10:55,360

know electricity you know

1779

01:10:58,950 --> 01:10:57,679

lightning bolts all over and something

1780

01:11:00,630 --> 01:10:58,960

really crazy

1781

01:11:02,149 --> 01:11:00,640

and nobody's gonna shoot it down

1782

01:11:04,229 --> 01:11:02,159

nobody's gonna report it

1783

01:11:06,310 --> 01:11:04,239

i can fly and collect any data i want

1784

01:11:06,790 --> 01:11:06,320

and leave or do any damage i want and

1785

01:11:08,709 --> 01:11:06,800

leave

1786

01:11:09,990 --> 01:11:08,719

that's really what it suggests to me

1787

01:11:11,990 --> 01:11:10,000

this is this is

1788

01:11:13,350 --> 01:11:12,000

this is you know the fact that nobody is

1789

01:11:16,470 --> 01:11:13,360

doing anything is an

1790

01:11:18,630 --> 01:11:16,480

intelligence failure and and

1791

01:11:20,630 --> 01:11:18,640

quite possibly if these things if these

1792

01:11:22,070 --> 01:11:20,640

things do turn out to be alien

1793

01:11:24,229 --> 01:11:22,080

this is probably the greatest

1794

01:11:25,910 --> 01:11:24,239

intelligence failure in human history i

1795

01:11:26,470 --> 01:11:25,920

mean we're going to be looking back at

1796

01:11:30,149 --> 01:11:26,480

this

1797

01:11:31,669 --> 01:11:30,159

really um and with a very

1798

01:11:33,830 --> 01:11:31,679

different perspective than we are

1799

01:11:36,790 --> 01:11:33,840

looking at it right now

1800

01:11:38,310 --> 01:11:36,800

um and i now forgot your original

1801  
01:11:41,750 --> 01:11:38,320  
question because i think i went

1802  
01:11:43,830 --> 01:11:41,760  
off on a bit of a tangent

1803  
01:11:45,510 --> 01:11:43,840  
no i was asking basically if if you

1804  
01:11:49,669 --> 01:11:45,520  
think that military

1805  
01:11:51,750 --> 01:11:49,679  
military yeah you know the observations

1806  
01:11:53,669 --> 01:11:51,760  
the military is going to be able to get

1807  
01:11:57,270 --> 01:11:53,679  
observations that no one else can

1808  
01:11:59,669 --> 01:11:57,280  
mainly because for a few reasons one is

1809  
01:12:00,630 --> 01:11:59,679  
these objects are interested in our

1810  
01:12:03,350 --> 01:12:00,640  
military

1811  
01:12:04,950 --> 01:12:03,360  
they they appea they hang out near our

1812  
01:12:06,950 --> 01:12:04,960  
until whenever there's military

1813  
01:12:09,189 --> 01:12:06,960

movements they they show up

1814

01:12:10,950 --> 01:12:09,199

they show up in restricted spaces they

1815

01:12:11,189 --> 01:12:10,960

show up at nuclear weapon sites they

1816

01:12:12,950 --> 01:12:11,199

know

1817

01:12:14,950 --> 01:12:12,960

show up in nuclear storage weapon

1818

01:12:17,750 --> 01:12:14,960

storage areas

1819

01:12:19,189 --> 01:12:17,760

so the military is uniquely positioned

1820

01:12:20,149 --> 01:12:19,199

to be able to collect data on these

1821

01:12:23,750 --> 01:12:20,159

things because

1822

01:12:27,510 --> 01:12:23,760

these things come to them

1823

01:12:31,189 --> 01:12:27,520

and they have military have um

1824

01:12:33,590 --> 01:12:31,199

you know cameras and sensors on uh

1825

01:12:35,510 --> 01:12:33,600

fighter jets that can move at speeds

1826  
01:12:40,550 --> 01:12:35,520  
that can respond to these things when

1827  
01:12:44,229 --> 01:12:42,709  
for the private sector to do that would

1828  
01:12:46,709 --> 01:12:44,239  
be horribly expensive

1829  
01:12:47,830 --> 01:12:46,719  
and um and you would probably need a

1830  
01:12:50,070 --> 01:12:47,840  
sensor network

1831  
01:12:51,990 --> 01:12:50,080  
you know distributed over a wide area to

1832  
01:12:52,630 --> 01:12:52,000  
be able to collect any useful data now

1833  
01:12:55,830 --> 01:12:52,640  
some of this

1834  
01:12:57,189 --> 01:12:55,840  
is probably possible you know within the

1835  
01:13:00,149 --> 01:12:57,199  
scientific community

1836  
01:13:01,910 --> 01:13:00,159  
once you get many scientists involved um

1837  
01:13:03,990 --> 01:13:01,920  
we have we already have networks like

1838  
01:13:06,950 --> 01:13:04,000

this for watching meteorites the all sky

1839

01:13:09,110 --> 01:13:06,960

network basically watches the sky for

1840

01:13:12,149 --> 01:13:09,120

meteorites and presumably

1841

01:13:13,750 --> 01:13:12,159

that network should be collecting images

1842

01:13:16,550 --> 01:13:13,760

of uaps as well

1843

01:13:18,630 --> 01:13:16,560

and they probably are just being

1844

01:13:21,189 --> 01:13:18,640

filtered out as not meteorites

1845

01:13:23,510 --> 01:13:21,199

um because that's basically how you

1846

01:13:25,110 --> 01:13:23,520

analyze that kind of data you

1847

01:13:26,630 --> 01:13:25,120

you first get rid of all the noise

1848

01:13:28,709 --> 01:13:26,640

everything you're not interested in

1849

01:13:30,470 --> 01:13:28,719

so clearly that is it made the 90 degree

1850

01:13:34,630 --> 01:13:30,480

turn clearly not a meteorite

1851

01:13:37,350 --> 01:13:34,640

so we don't focus on that um that's

1852

01:13:39,350 --> 01:13:37,360

and the same thing with it with radar in

1853

01:13:41,990 --> 01:13:39,360

you know at commercial airports

1854

01:13:44,630 --> 01:13:42,000

you that those radar systems are

1855

01:13:47,110 --> 01:13:44,640

designed to reduce clutter on the screen

1856

01:13:48,709 --> 01:13:47,120

you know for the for the um air traffic

1857

01:13:52,229 --> 01:13:48,719

control

1858

01:13:52,870 --> 01:13:52,239

and in anything that doesn't act like an

1859

01:13:55,270 --> 01:13:52,880

airplane

1860

01:13:55,910 --> 01:13:55,280

is assumed to be noise and isn't

1861

01:13:59,189 --> 01:13:55,920

displayed

1862

01:14:02,149 --> 01:13:59,199

so very often ua ufos don't show up

1863

01:14:04,149 --> 01:14:02,159

on on air traffic control screens for

1864

01:14:06,630 --> 01:14:04,159

that reason

1865

01:14:07,910 --> 01:14:06,640

i had no idea about that i've never

1866

01:14:10,070 --> 01:14:07,920

heard that before there's

1867

01:14:11,430 --> 01:14:10,080

it's when you really get into this which

1868

01:14:13,350 --> 01:14:11,440

is one reason it's

1869

01:14:15,430 --> 01:14:13,360

too bad that scientists aren't getting

1870

01:14:17,590 --> 01:14:15,440

involved because i think

1871

01:14:19,590 --> 01:14:17,600

you know i've been curious and i'm

1872

01:14:21,430 --> 01:14:19,600

even more curious all the time but

1873

01:14:23,270 --> 01:14:21,440

there's a lot of interesting stuff here

1874

01:14:24,390 --> 01:14:23,280

and you start to understand why things

1875

01:14:26,149 --> 01:14:24,400

don't happen so

1876

01:14:27,510 --> 01:14:26,159

why don't these things show up on radar

1877

01:14:30,149 --> 01:14:27,520

there's reasons

1878

01:14:31,030 --> 01:14:30,159

why are the images always blurry there's

1879

01:14:33,990 --> 01:14:31,040

reasons for that

1880

01:14:35,990 --> 01:14:34,000

too there's often these craft often have

1881

01:14:37,990 --> 01:14:36,000

plus they ionize the air around them and

1882

01:14:40,870 --> 01:14:38,000

you get a plasma sheath

1883

01:14:42,870 --> 01:14:40,880

so you've got hot air hot ionized air

1884

01:14:45,430 --> 01:14:42,880

around the object

1885

01:14:46,709 --> 01:14:45,440

and that blurs the image it'll blur a

1886

01:14:48,870 --> 01:14:46,719

visible image it'll blur

1887

01:14:51,590 --> 01:14:48,880

infrared image so there's reasons for

1888

01:14:56,709 --> 01:14:54,310

kevin how would you explain as a

1889

01:15:00,390 --> 01:14:56,719

physicist how would you explain

1890

01:15:04,950 --> 01:15:00,400

how this these movements could avoid

1891

01:15:09,030 --> 01:15:08,070

that's a big mystery um that's really

1892

01:15:12,310 --> 01:15:09,040

not clear

1893

01:15:15,430 --> 01:15:12,320

to me at all one of the assumptions

1894

01:15:18,229 --> 01:15:15,440

is that these things are

1895

01:15:18,790 --> 01:15:18,239

warping space-time in some way and that

1896

01:15:21,830 --> 01:15:18,800

somehow

1897

01:15:23,830 --> 01:15:21,840

allows them to avoid

1898

01:15:25,189 --> 01:15:23,840

you know causing problems like that so

1899

01:15:27,990 --> 01:15:25,199

basically it's a separate

1900

01:15:29,510 --> 01:15:28,000

bubble of space time moving from one

1901

01:15:30,310 --> 01:15:29,520

location to another but i don't think

1902

01:15:33,510 --> 01:15:30,320

that's happening

1903

01:15:38,229 --> 01:15:33,520

all the time uh we've

1904

01:15:42,950 --> 01:15:38,239

so the other possibility is that

1905

01:15:47,270 --> 01:15:45,990

using laser beams to um heat up the air

1906

01:15:49,350 --> 01:15:47,280

in front of the

1907

01:15:50,870 --> 01:15:49,360

in front of a hypersonic airplane you

1908

01:15:51,510 --> 01:15:50,880

create a shock wave in front of the

1909

01:15:53,350 --> 01:15:51,520

airplane

1910

01:15:55,430 --> 01:15:53,360

so that the shockwave doesn't happen at

1911

01:15:56,470 --> 01:15:55,440

the airplane so you basically fly behind

1912

01:15:58,149 --> 01:15:56,480

the shock wave

1913

01:15:59,590 --> 01:15:58,159

that allows you to go faster but in that

1914

01:16:03,669 --> 01:15:59,600

case you still have a shock wave

1915

01:16:08,229 --> 01:16:05,830

so it's really it's not obvious what's

1916

01:16:11,430 --> 01:16:08,239

happening clearly the technology is

1917

01:16:12,310 --> 01:16:11,440

sufficiently different and there's a lot

1918

01:16:14,790 --> 01:16:12,320

to be learned here

1919

01:16:16,070 --> 01:16:14,800

and i think this is a you know if you

1920

01:16:19,510 --> 01:16:16,080

were to do a

1921

01:16:21,669 --> 01:16:19,520

a cost-benefit analysis the

1922

01:16:22,870 --> 01:16:21,679

the potential benefits you know to

1923

01:16:24,709 --> 01:16:22,880

studying these things is

1924

01:16:26,790 --> 01:16:24,719

are incredibly high and i'm just talking

1925

01:16:27,910 --> 01:16:26,800

from a craft perspective i'm not talking

1926

01:16:30,630 --> 01:16:27,920

about the

1927

01:16:32,229 --> 01:16:30,640

the high strangeness and the personal

1928

01:16:34,070 --> 01:16:32,239

experiences that people have like

1929

01:16:36,390 --> 01:16:34,080

matthew was talking about

1930

01:16:37,990 --> 01:16:36,400

those are those are totally different

1931

01:16:41,030 --> 01:16:38,000

experiences that are

1932

01:16:43,590 --> 01:16:41,040

you know clearly related in some way and

1933

01:16:45,510 --> 01:16:43,600

and you know we apparently have a lot

1934

01:16:46,149 --> 01:16:45,520

more to learn about the universe than

1935

01:16:49,910 --> 01:16:46,159

we've

1936

01:16:53,189 --> 01:16:51,830

i agree and matthew any time you want to

1937

01:16:55,510 --> 01:16:53,199

ask uh kevin

1938

01:16:57,270 --> 01:16:55,520

a question you know feel free to this is

1939

01:16:58,070 --> 01:16:57,280

kind of like a round robin anything you

1940

01:17:00,950 --> 01:16:58,080

okay

1941

01:17:03,510 --> 01:17:00,960

uh related to what he was speaking about

1942

01:17:06,709 --> 01:17:03,520

yeah um you know my my question is

1943

01:17:07,750 --> 01:17:06,719

let me just ask go ahead well i i just

1944

01:17:09,990 --> 01:17:07,760

wanted to ask

1945

01:17:11,750 --> 01:17:10,000

kevin why why do you think it is that

1946

01:17:15,030 --> 01:17:11,760

this has been

1947

01:17:17,669 --> 01:17:15,040

such taboo for so long uh in the

1948

01:17:20,470 --> 01:17:17,679

scientific community and continues to be

1949

01:17:22,310 --> 01:17:20,480

i i mean even even in light of recent

1950

01:17:25,270 --> 01:17:22,320

events you have people

1951

01:17:26,950 --> 01:17:25,280

who are scientists you know well-known

1952

01:17:28,709 --> 01:17:26,960

scientists coming out and saying you

1953

01:17:31,030 --> 01:17:28,719

know this is just

1954

01:17:31,750 --> 01:17:31,040

you know nothing uh it's a nothing

1955

01:17:34,149 --> 01:17:31,760

burger

1956

01:17:35,910 --> 01:17:34,159

uh even in light of the fact that the

1957

01:17:38,310 --> 01:17:35,920

navy is saying that these things are

1958

01:17:40,149 --> 01:17:38,320

unidentified so what what do you think

1959

01:17:41,669 --> 01:17:40,159

accounts for that in the scientific

1960

01:17:45,189 --> 01:17:41,679

community

1961

01:17:48,870 --> 01:17:45,199

i i there's probably a few factors

1962

01:17:52,470 --> 01:17:51,270

i think the first reason is that we've

1963

01:17:54,550 --> 01:17:52,480

been told this

1964

01:17:56,470 --> 01:17:54,560

our whole lives at this point i mean

1965

01:17:58,590 --> 01:17:56,480

pretty much all of us who are alive this

1966

01:18:01,030 --> 01:17:58,600

you know if anybody who was born after

1967

01:18:03,350 --> 01:18:01,040

1947 has heard

1968

01:18:05,430 --> 01:18:03,360

that these things are nonsense you know

1969

01:18:08,310 --> 01:18:05,440

over and over and over again

1970

01:18:09,510 --> 01:18:08,320

um and so we've all been taught that

1971

01:18:12,070 --> 01:18:09,520

that's the case

1972

01:18:13,350 --> 01:18:12,080

and and that's hard to change that

1973

01:18:17,350 --> 01:18:13,360

perspective once

1974

01:18:20,470 --> 01:18:17,360

that's the consensus that's part of it

1975

01:18:22,950 --> 01:18:20,480

um another part is that

1976

01:18:24,870 --> 01:18:22,960

and especially in astronomy i'm having

1977

01:18:30,550 --> 01:18:24,880

taught astronomy i'm well aware of this

1978

01:18:36,709 --> 01:18:34,229

often confronted with having to

1979

01:18:38,310 --> 01:18:36,719

um when you're teaching to having to

1980

01:18:41,990 --> 01:18:38,320

dispel

1981

01:18:42,870 --> 01:18:42,000

pseudoscientific notions and astrology

1982

01:18:44,709 --> 01:18:42,880

is a big

1983

01:18:46,470 --> 01:18:44,719

component of that when you are teaching

1984

01:18:49,110 --> 01:18:46,480

astronomy so

1985

01:18:50,709 --> 01:18:49,120

um you have to you know you start

1986

01:18:52,310 --> 01:18:50,719

talking about constellations and some of

1987

01:18:53,030 --> 01:18:52,320

these are related to the astronomical

1988

01:18:57,110 --> 01:18:53,040

signs

1989

01:18:58,790 --> 01:18:57,120

mistake the words are so similar that

1990

01:19:02,470 --> 01:18:58,800

people confuse the two

1991

01:19:05,430 --> 01:19:02,480

it happens all the time yeah and so um

1992

01:19:05,750 --> 01:19:05,440

people confuse astrological signs and

1993

01:19:13,189 --> 01:19:05,760

with

1994

01:19:16,550 --> 01:19:13,199

astrology and so we are

1995

01:19:17,669 --> 01:19:16,560

almost trained as this is that's too

1996

01:19:20,550 --> 01:19:17,679

strong but

1997

01:19:21,990 --> 01:19:20,560

you really see the necessity when you're

1998

01:19:25,990 --> 01:19:22,000

teaching these classes that

1999

01:19:27,830 --> 01:19:26,000

you have to nip this in the bud early on

2000

01:19:30,149 --> 01:19:27,840

and make it clear to students that this

2001

01:19:31,350 --> 01:19:30,159

is that kind of thinking isn't nonsense

2002

01:19:38,229 --> 01:19:31,360

there's no

2003

01:19:41,510 --> 01:19:38,239

mechanisms to

2004

01:19:45,590 --> 01:19:41,520

um to explain why you know

2005

01:19:47,750 --> 01:19:45,600

why the moon is in pisces this week that

2006

01:19:51,189 --> 01:19:47,760

you're gonna meet the love of your life

2007

01:19:52,630 --> 01:19:51,199

so um everybody and one twelfth of the

2008

01:19:54,310 --> 01:19:52,640

population is going to meet the love of

2009

01:19:56,390 --> 01:19:54,320

their life that we kids

2010

01:19:57,590 --> 01:19:56,400

yeah and so it's easy to dispel those

2011

01:20:01,430 --> 01:19:57,600

notions so they're

2012

01:20:05,270 --> 01:20:01,440

those are ancient ideas and um

2013

01:20:09,510 --> 01:20:05,280

but we get into that mode where

2014

01:20:11,510 --> 01:20:09,520

you almost feel it's your job to dispel

2015

01:20:15,030 --> 01:20:11,520

these pseudo-scientific notions so i

2016

01:20:17,510 --> 01:20:15,040

think that some astronomers especially

2017

01:20:18,229 --> 01:20:17,520

when they encounter the ufo phenomenon

2018

01:20:19,669 --> 01:20:18,239

are

2019

01:20:21,750 --> 01:20:19,679

you know we've all been told our whole

2020

01:20:22,629 --> 01:20:21,760

lives that it's nonsense um there isn't

2021

01:20:26,390 --> 01:20:22,639

a lot of

2022

01:20:30,470 --> 01:20:26,400

there that's true

2023

01:20:33,669 --> 01:20:30,480

um so they're kind of stuck in this

2024

01:20:36,870 --> 01:20:33,679

um tautology where you we don't

2025

01:20:37,990 --> 01:20:36,880

we don't study ufos because um there's

2026

01:20:40,470 --> 01:20:38,000

no data on them

2027

01:20:42,149 --> 01:20:40,480

and so they're not interesting and um

2028

01:20:42,870 --> 01:20:42,159

there's no data on them because we don't

2029

01:20:44,790 --> 01:20:42,880

study them

2030

01:20:46,709 --> 01:20:44,800

so you're stuck in this logical loop

2031

01:20:49,110 --> 01:20:46,719

that when you step back it's quite

2032

01:20:51,990 --> 01:20:49,120

obvious but

2033

01:20:53,910 --> 01:20:52,000

but i think that there you know a lot of

2034

01:20:55,669 --> 01:20:53,920

scientists are trying to do

2035

01:20:57,669 --> 01:20:55,679

what they see is the right thing to do

2036

01:20:59,669 --> 01:20:57,679

which is dispel these pseudo-scientific

2037

01:21:02,629 --> 01:20:59,679

notions the problem is that it's not all

2038

01:21:04,149 --> 01:21:02,639

pseudoscience and

2039

01:21:06,550 --> 01:21:04,159

that there is something to some of these

2040

01:21:07,669 --> 01:21:06,560

phenomena and it needs to be studied

2041

01:21:10,870 --> 01:21:07,679

first

2042

01:21:12,149 --> 01:21:10,880

by scientists to be you know and then

2043

01:21:14,709 --> 01:21:12,159

determined if there's

2044

01:21:16,790 --> 01:21:14,719

something to it um that really hasn't

2045

01:21:18,950 --> 01:21:16,800

happened

2046

01:21:21,189 --> 01:21:18,960

um you know speaking of data something

2047

01:21:24,870 --> 01:21:21,199

that i i kind of want to throw out there

2048

01:21:27,669 --> 01:21:24,880

as as another thing uh

2049

01:21:29,750 --> 01:21:27,679

so a lot of people think that you know

2050

01:21:32,070 --> 01:21:29,760

well the government can just put this to

2051

01:21:35,350 --> 01:21:32,080

bed by releasing

2052

01:21:36,790 --> 01:21:35,360

um radar data stuff like that

2053

01:21:38,390 --> 01:21:36,800

but the thing is they're not going to

2054

01:21:40,390 --> 01:21:38,400

release that because

2055

01:21:42,550 --> 01:21:40,400

a lot a lot of the capabilities of these

2056

01:21:45,590 --> 01:21:42,560

radars are classified and

2057

01:21:48,790 --> 01:21:45,600

if you just release that data

2058

01:21:51,189 --> 01:21:48,800

uh you're telling all of our adversaries

2059

01:21:52,149 --> 01:21:51,199

well these are our radar capabilities

2060

01:21:54,550 --> 01:21:52,159

you know

2061

01:21:56,070 --> 01:21:54,560

uh and so i i think people need to

2062

01:21:58,790 --> 01:21:56,080

understand that that's just not

2063

01:21:59,510 --> 01:21:58,800

going to happen um they're they're not

2064

01:22:01,830 --> 01:21:59,520

going to let

2065

01:22:03,350 --> 01:22:01,840

everyone in the world just see all of

2066

01:22:06,550 --> 01:22:03,360

this radar data

2067

01:22:08,830 --> 01:22:06,560

um and so i and i i almost think it's

2068

01:22:09,990 --> 01:22:08,840

it's unreasonable to expect that you

2069

01:22:12,470 --> 01:22:10,000

would uh

2070

01:22:14,950 --> 01:22:12,480

because obviously you don't want china

2071

01:22:15,910 --> 01:22:14,960

or russia to know what our capabilities

2072

01:22:19,669 --> 01:22:15,920

are

2073

01:22:22,950 --> 01:22:19,679

and i think that's perfectly logical um

2074

01:22:24,550 --> 01:22:22,960

so i think to your point kevin there

2075

01:22:26,310 --> 01:22:24,560

are a lot of other people that are going

2076

01:22:29,350 --> 01:22:26,320

to have to pick up that slack

2077

01:22:31,270 --> 01:22:29,360

uh right you know in terms of like uh

2078

01:22:32,390 --> 01:22:31,280

these radars that they use at airports

2079

01:22:35,590 --> 01:22:32,400

like maybe let's

2080

01:22:38,550 --> 01:22:35,600

let's turn off that filter um

2081

01:22:40,070 --> 01:22:38,560

you know that that would keep uh only or

2082

01:22:43,270 --> 01:22:40,080

save the unfiltered data

2083

01:22:44,550 --> 01:22:43,280

at least yeah exactly um so that people

2084

01:22:47,430 --> 01:22:44,560

can take a look at that

2085

01:22:48,070 --> 01:22:47,440

um uh and i think that that's worth

2086

01:22:49,990 --> 01:22:48,080

doing

2087

01:22:51,430 --> 01:22:50,000

and people need to do that i think i

2088

01:22:55,350 --> 01:22:51,440

think that's a great point

2089

01:22:58,709 --> 01:22:55,360

and um and i totally agree and the

2090

01:23:02,149 --> 01:22:58,719

another example is satellite imagery um

2091

01:23:05,669 --> 01:23:02,159

it's been i think john radcliffe noted

2092

01:23:10,149 --> 01:23:05,679

that there exists satellite images of

2093

01:23:11,669 --> 01:23:10,159

uaps of ufos and um

2094

01:23:13,910 --> 01:23:11,679

and we've been working to get satellite

2095

01:23:17,189 --> 01:23:13,920

data as well at uapx

2096

01:23:18,790 --> 01:23:17,199

so um and people

2097

01:23:20,550 --> 01:23:18,800

have asked scientists have asked well if

2098

01:23:23,990 --> 01:23:20,560

there are satellites all they need to do

2099

01:23:27,030 --> 01:23:24,000

is release one satellite image of a ufo

2100

01:23:29,110 --> 01:23:27,040

and the problem with releasing a

2101  
01:23:31,430 --> 01:23:29,120  
satellite image from a spy saddle a high

2102  
01:23:34,229 --> 01:23:31,440  
resolution spy satellite is

2103  
01:23:36,070 --> 01:23:34,239  
one like you're saying you you basically

2104  
01:23:38,870 --> 01:23:36,080  
reveal your capabilities

2105  
01:23:40,310 --> 01:23:38,880  
yeah to an adversary the other problem

2106  
01:23:42,709 --> 01:23:40,320  
is that

2107  
01:23:44,310 --> 01:23:42,719  
you know you release an image of a ufo

2108  
01:23:47,990 --> 01:23:44,320  
that was seen by

2109  
01:23:51,510 --> 01:23:48,000  
by gladys in um in

2110  
01:23:55,030 --> 01:23:51,520  
you know in south dakota

2111  
01:23:57,510 --> 01:23:55,040  
at 9 30 p.m you know just out of

2112  
01:23:58,950 --> 01:23:57,520  
just outside of aberdeen or something

2113  
01:24:01,669 --> 01:23:58,960

and

2114

01:24:03,590 --> 01:24:01,679

now all of a sudden you have you have

2115

01:24:07,830 --> 01:24:03,600

the location you have the time

2116

01:24:11,189 --> 01:24:09,350

anyone who's clever enough and

2117

01:24:12,550 --> 01:24:11,199

understands how orbits work can figure

2118

01:24:14,390 --> 01:24:12,560

out the orbital elements of the

2119

01:24:18,470 --> 01:24:14,400

satellite

2120

01:24:20,390 --> 01:24:18,480

classified

2121

01:24:22,070 --> 01:24:20,400

not because of what they take pictures

2122

01:24:23,990 --> 01:24:22,080

of it's because

2123

01:24:25,510 --> 01:24:24,000

those pictures can tell you what orbit

2124

01:24:26,870 --> 01:24:25,520

the satellites in

2125

01:24:28,550 --> 01:24:26,880

and once you know what orbit the

2126

01:24:30,870 --> 01:24:28,560

satellite's in

2127

01:24:33,110 --> 01:24:30,880

that means your adversary who's trying

2128

01:24:35,270 --> 01:24:33,120

to deploy chemical weapons

2129

01:24:36,709 --> 01:24:35,280

can say oh we know that the satellite's

2130

01:24:38,229 --> 01:24:36,719

going to be flying over at five o'clock

2131

01:24:39,590 --> 01:24:38,239

so we got to get the tarps over our

2132

01:24:41,510 --> 01:24:39,600

chemical weapons

2133

01:24:43,110 --> 01:24:41,520

and then it should be passed at 5 30 and

2134

01:24:44,070 --> 01:24:43,120

we'll take the top harps off and we can

2135

01:24:46,149 --> 01:24:44,080

work again

2136

01:24:47,430 --> 01:24:46,159

so that's why they can't release

2137

01:24:50,390 --> 01:24:47,440

satellite images

2138

01:24:51,590 --> 01:24:50,400

it's not going to happen and so so we're

2139

01:24:54,709 --> 01:24:51,600

working

2140

01:24:56,629 --> 01:24:54,719

companies to try to

2141

01:24:58,229 --> 01:24:56,639

try to get satellite image for imagery

2142

01:24:59,990 --> 01:24:58,239

for that reason

2143

01:25:01,350 --> 01:25:00,000

okay well here's the answer if you look

2144

01:25:03,710 --> 01:25:01,360

up on the screen to everything right

2145

01:25:09,270 --> 01:25:06,629

[Laughter]

2146

01:25:09,669 --> 01:25:09,280

now that's the answer right there yeah

2147

01:25:13,430 --> 01:25:09,679

so

2148

01:25:16,149 --> 01:25:13,440

uh making mockery of this as as as uh

2149

01:25:16,629 --> 01:25:16,159

as we've seen as we've seen um i there's

2150

01:25:18,390 --> 01:25:16,639

a good

2151

01:25:19,830 --> 01:25:18,400

a very good point uh kevin to what

2152

01:25:21,669 --> 01:25:19,840

you're talking about earlier up in the

2153

01:25:22,709 --> 01:25:21,679

chat and i'm gonna put it up here if i

2154

01:25:25,030 --> 01:25:22,719

can

2155

01:25:26,390 --> 01:25:25,040

uh here it is right here it's by richard

2156

01:25:29,830 --> 01:25:26,400

c

2157

01:25:32,550 --> 01:25:29,840

blurriness why

2158

01:25:36,629 --> 01:25:32,560

why don't eyewitnesses report them as

2159

01:25:40,629 --> 01:25:38,629

because if you're well if you are

2160

01:25:43,830 --> 01:25:40,639

getting if you have a

2161

01:25:45,669 --> 01:25:43,840

camera image where you don't have a very

2162

01:25:46,950 --> 01:25:45,679

you don't have a powerful telephoto lens

2163

01:25:48,870 --> 01:25:46,960

you're not getting a good image in the

2164

01:25:50,149 --> 01:25:48,880

first place and so if you try to magnify

2165

01:25:52,629 --> 01:25:50,159

that you're you're

2166

01:25:53,990 --> 01:25:52,639

i mean you're not seeing you're seeing a

2167

01:25:57,030 --> 01:25:54,000

dot in the sky or something

2168

01:25:59,510 --> 01:25:57,040

very far away so

2169

01:26:00,629 --> 01:25:59,520

so in those cases i mean it's it's when

2170

01:26:02,229 --> 01:26:00,639

you get

2171

01:26:03,830 --> 01:26:02,239

when you have somebody with a telephoto

2172

01:26:05,830 --> 01:26:03,840

lens that is trying to take an image you

2173

01:26:08,310 --> 01:26:05,840

can get images of the plasma sheath and

2174

01:26:10,870 --> 01:26:08,320

you can see the craft inside of it and

2175

01:26:11,830 --> 01:26:10,880

and you can get images like that but but

2176  
01:26:13,990 --> 01:26:11,840  
very often

2177  
01:26:15,430 --> 01:26:14,000  
the cameras that are being used aren't

2178  
01:26:17,510 --> 01:26:15,440  
the best cameras for this

2179  
01:26:18,870 --> 01:26:17,520  
so i mean people are pulling out the

2180  
01:26:19,189 --> 01:26:18,880  
camera they got in their pocket or in

2181  
01:26:30,229 --> 01:26:19,199  
their

2182  
01:26:32,950 --> 01:26:31,590  
here's another question these people

2183  
01:26:34,790 --> 01:26:32,960  
aren't professional photographer

2184  
01:26:35,510 --> 01:26:34,800  
photographers i mean you've seen photos

2185  
01:26:37,990 --> 01:26:35,520  
that right

2186  
01:26:39,430 --> 01:26:38,000  
people take where you know we're here so

2187  
01:26:41,910 --> 01:26:39,440  
here's our family and they're all down

2188  
01:26:44,550 --> 01:26:41,920

here right and this happens all the time

2189

01:26:45,830 --> 01:26:44,560

you know people are not people i i i do

2190

01:26:48,310 --> 01:26:45,840

wildlife photography

2191

01:26:49,669 --> 01:26:48,320

and um people are really pretty bad at

2192

01:26:53,110 --> 01:26:49,679

taking pictures

2193

01:26:55,189 --> 01:26:53,120

in general yeah um so um

2194

01:26:56,149 --> 01:26:55,199

i i want to take calls i think this

2195

01:26:59,189 --> 01:26:56,159

would be a great

2196

01:27:01,350 --> 01:26:59,199

time to bring calls in here but um and

2197

01:27:02,830 --> 01:27:01,360

they can ask you know any of you a

2198

01:27:07,030 --> 01:27:02,840

question but

2199

01:27:10,709 --> 01:27:07,040

um uh this gentleman mid channel i guess

2200

01:27:14,390 --> 01:27:10,719

i wanted to know uh what is the geod

2201

01:27:16,310 --> 01:27:14,400

geodesic effect kevin

2202

01:27:17,590 --> 01:27:16,320

i don't know what he's referring to in

2203

01:27:19,910 --> 01:27:17,600

that case

2204

01:27:20,870 --> 01:27:19,920

oh okay so i have you ever heard of it

2205

01:27:22,390 --> 01:27:20,880

before but i don't know

2206

01:27:24,070 --> 01:27:22,400

more detail yeah i don't i don't

2207

01:27:26,070 --> 01:27:24,080

recognize the name um

2208

01:27:28,229 --> 01:27:26,080

all right well here's the here's the

2209

01:27:31,590 --> 01:27:28,239

situation if you'd like to call in

2210

01:27:34,629 --> 01:27:31,600

whoever that was that uh uh posted that

2211

01:27:35,990 --> 01:27:34,639

um you can call in and explain more and

2212

01:27:40,790 --> 01:27:36,000

the call-in line

2213

01:27:44,149 --> 01:27:40,800

is 855-472-5483 and bill is standing by

2214

01:27:45,830 --> 01:27:44,159

uh we'll screen you a call and

2215

01:27:48,149 --> 01:27:45,840

um there's another question that bill

2216

01:27:50,870 --> 01:27:48,159

actually asked is he wanted to know

2217

01:27:51,669 --> 01:27:50,880

is it possible that a device drone craft

2218

01:27:54,070 --> 01:27:51,679

etc

2219

01:27:54,790 --> 01:27:54,080

could be emitting an energy bubble which

2220

01:27:58,070 --> 01:27:54,800

would appear

2221

01:27:58,550 --> 01:27:58,080

as a seamless no fuselage etc by means

2222

01:28:04,390 --> 01:27:58,560

of

2223

01:28:06,550 --> 01:28:04,400

that's pretty heavy though yeah i don't

2224

01:28:09,590 --> 01:28:06,560

know what an energy bubble would be

2225

01:28:10,470 --> 01:28:09,600

i mean you have to energy is very

2226

01:28:13,750 --> 01:28:10,480

specific when

2227

01:28:15,430 --> 01:28:13,760

physicists use the term energy we um

2228

01:28:17,430 --> 01:28:15,440

mean it to mean very specific things so

2229

01:28:19,350 --> 01:28:17,440

what kind of energy gravitational

2230

01:28:21,430 --> 01:28:19,360

potential energy kinetic energy

2231

01:28:23,110 --> 01:28:21,440

it's not clear what an energy bubble

2232

01:28:25,510 --> 01:28:23,120

would mean so

2233

01:28:26,550 --> 01:28:25,520

okay all right so well we have uh let's

2234

01:28:29,189 --> 01:28:26,560

we have care

2235

01:28:30,070 --> 01:28:29,199

go ahead i'm sorry go ahead oh no please

2236

01:28:32,470 --> 01:28:30,080

that's that was it

2237

01:28:33,830 --> 01:28:32,480

all right all right so we have carry on

2238

01:28:37,189 --> 01:28:33,840

the line from california

2239

01:28:38,790 --> 01:28:37,199

welcome to the show carrie sure hi

2240

01:28:41,830 --> 01:28:38,800

martin hi matthew hi

2241

01:28:42,709 --> 01:28:41,840

kevin uh great to see you guys um all i

2242

01:28:44,310 --> 01:28:42,719

was going to do was

2243

01:28:45,510 --> 01:28:44,320

tell you basically i can tell you what

2244

01:28:46,550 --> 01:28:45,520

the report that's going to come out is

2245

01:28:50,070 --> 01:28:46,560

going to be

2246

01:28:51,990 --> 01:28:50,080

moment you're going to have incredible

2247

01:28:52,870 --> 01:28:52,000

observers of relatively incredible

2248

01:28:54,629 --> 01:28:52,880

things

2249

01:28:56,390 --> 01:28:54,639

and we're going to start project movies

2250

01:28:56,870 --> 01:28:56,400

with hector quintero again something

2251

01:28:59,189 --> 01:28:56,880

like that

2252

01:29:01,270 --> 01:28:59,199

you know one officer and one secretary

2253

01:29:03,189 --> 01:29:01,280

that's what we're gonna get

2254

01:29:04,709 --> 01:29:03,199

well i i think it's interesting and that

2255

01:29:05,590 --> 01:29:04,719

is one of the topics that i did want to

2256

01:29:07,510 --> 01:29:05,600

bring up

2257

01:29:09,510 --> 01:29:07,520

um today what any thoughts on that

2258

01:29:11,910 --> 01:29:09,520

either one of you

2259

01:29:12,950 --> 01:29:11,920

the lines are filling up by the way um

2260

01:29:15,030 --> 01:29:12,960

you know i i don't

2261

01:29:17,270 --> 01:29:15,040

i don't know i'm not sure i'm not sure

2262

01:29:21,189 --> 01:29:17,280

what this report is gonna say i

2263

01:29:25,310 --> 01:29:21,199

i my hope is that uh anything

2264

01:29:26,709 --> 01:29:25,320

short of uh complete transparency is

2265

01:29:29,590 --> 01:29:26,719

unacceptable

2266

01:29:30,790 --> 01:29:29,600

um to be honest with you i this these

2267

01:29:33,750 --> 01:29:30,800

are our tax payer

2268

01:29:34,709 --> 01:29:33,760

pair dollars that are being spent here

2269

01:29:39,830 --> 01:29:34,719

um

2270

01:29:42,070 --> 01:29:39,840

everyone has the right to know

2271

01:29:43,910 --> 01:29:42,080

yeah what do you think i think that i

2272

01:29:44,470 --> 01:29:43,920

think that's a good point especially if

2273

01:29:48,070 --> 01:29:44,480

they're

2274

01:29:51,590 --> 01:29:48,080

especially if it turns out that these

2275

01:29:53,750 --> 01:29:51,600

that personal interactions with with

2276

01:29:57,430 --> 01:29:53,760

you know with beings or whatever are

2277

01:29:59,990 --> 01:29:57,440

happening you know related to ufos um

2278

01:30:01,590 --> 01:30:00,000

then it would be unconscionable not to

2279

01:30:02,149 --> 01:30:01,600

let the public know this is happening

2280

01:30:04,070 --> 01:30:02,159

and not

2281

01:30:05,189 --> 01:30:04,080

come up with ways to try to protect them

2282

01:30:06,709 --> 01:30:05,199

or figure out what's hap

2283

01:30:08,709 --> 01:30:06,719

what's happening to them what's being

2284

01:30:10,709 --> 01:30:08,719

done to people and

2285

01:30:12,629 --> 01:30:10,719

and what the what the intent is intent

2286

01:30:15,750 --> 01:30:12,639

is everything right

2287

01:30:19,110 --> 01:30:15,760

here and moreover

2288

01:30:19,990 --> 01:30:19,120

if these are truly anomalous and we do

2289

01:30:21,669 --> 01:30:20,000

know other countries

2290

01:30:23,830 --> 01:30:21,679

are having problems with these china has

2291

01:30:27,270 --> 01:30:23,840

its own uap task force

2292

01:30:30,310 --> 01:30:27,280

now and this is a global problem

2293

01:30:33,189 --> 01:30:30,320

and and depending on what the

2294

01:30:35,510 --> 01:30:33,199

what's actually happening this could

2295

01:30:37,830 --> 01:30:35,520

possibly be one of the biggest global

2296

01:30:41,030 --> 01:30:37,840

problems that we face

2297

01:30:42,790 --> 01:30:41,040

um and and i think it's

2298

01:30:44,310 --> 01:30:42,800

important for this information to come

2299

01:30:48,070 --> 01:30:44,320

out we've had

2300

01:30:50,950 --> 01:30:48,080

we've had 75 years of secrecy

2301

01:30:52,629 --> 01:30:50,960

we've had 75 years of scientists not

2302

01:30:55,350 --> 01:30:52,639

interested in studying the problem

2303

01:30:57,270 --> 01:30:55,360

and at this point where we are just as

2304

01:31:01,110 --> 01:30:57,280

ignorant about what these things are

2305

01:31:04,390 --> 01:31:01,120

as we were in 1947 which is really

2306

01:31:07,430 --> 01:31:04,400

ignorance is a really bad state to be in

2307

01:31:08,950 --> 01:31:07,440

um especially when you have a potential

2308

01:31:10,950 --> 01:31:08,960

serious problem and when when it's

2309

01:31:13,430 --> 01:31:10,960

affecting people i mean so this is

2310

01:31:15,110 --> 01:31:13,440

this is causing distress in pilots it's

2311

01:31:17,590 --> 01:31:15,120

causing problems with the military it's

2312

01:31:20,550 --> 01:31:17,600

causing problems with individuals

2313

01:31:22,310 --> 01:31:20,560

and um and we need to do something about

2314

01:31:23,270 --> 01:31:22,320

this we need to figure out what's going

2315

01:31:27,189 --> 01:31:23,280

on

2316

01:31:29,669 --> 01:31:27,199

for the secrecy because

2317

01:31:31,669 --> 01:31:29,679

you know in order to acknowledge this

2318

01:31:32,870 --> 01:31:31,679

you also have to acknowledge the whole

2319

01:31:35,990 --> 01:31:32,880

aspect of

2320

01:31:37,750 --> 01:31:36,000

uh personal experiences and

2321

01:31:39,430 --> 01:31:37,760

and then the question becomes well

2322

01:31:39,830 --> 01:31:39,440

government what are you gonna do about

2323

01:31:42,310 --> 01:31:39,840

it

2324

01:31:43,990 --> 01:31:42,320

and and one of the things i say very

2325

01:31:47,590 --> 01:31:44,000

early in my book

2326

01:31:48,390 --> 01:31:47,600

is that you know it it really sunk in

2327

01:31:50,310 --> 01:31:48,400

with me

2328

01:31:51,990 --> 01:31:50,320

when i started having these experiences

2329

01:31:54,149 --> 01:31:52,000

with beings in my room at night

2330

01:31:55,030 --> 01:31:54,159

that there was nothing anybody could do

2331

01:31:58,149 --> 01:31:55,040

about that

2332

01:31:59,990 --> 01:31:58,159

uh and i knew that i i knew that

2333

01:32:01,430 --> 01:32:00,000

i couldn't go to work and say hey

2334

01:32:05,350 --> 01:32:01,440

protect me from this

2335

01:32:07,189 --> 01:32:05,360

they can't you know and and

2336

01:32:08,629 --> 01:32:07,199

so then the question becomes well what

2337

01:32:11,669 --> 01:32:08,639

are we going to do about it

2338

01:32:15,110 --> 01:32:11,679

and uh that answer is not

2339

01:32:16,709 --> 01:32:15,120

is not clear you know

2340

01:32:18,390 --> 01:32:16,719

yeah that's a good point and i think

2341

01:32:21,669 --> 01:32:18,400

people don't appreciate the

2342

01:32:23,430 --> 01:32:21,679

the the fear that

2343

01:32:25,350 --> 01:32:23,440

others feel when they have those

2344

01:32:27,189 --> 01:32:25,360

experiences and and when you realize

2345

01:32:29,030 --> 01:32:27,199

there's nothing anyone can do about it

2346

01:32:30,550 --> 01:32:29,040

you can't go for help i mean who do you

2347

01:32:33,350 --> 01:32:30,560

call for help you know i

2348

01:32:34,709 --> 01:32:33,360

you after the fact you tell the police

2349

01:32:35,910 --> 01:32:34,719

you know you tell

2350

01:32:37,350 --> 01:32:35,920

what's going to happen is you're going

2351  
01:32:38,470 --> 01:32:37,360  
to have to tell your psychologist is

2352  
01:32:41,270 --> 01:32:38,480  
what's going to happen

2353  
01:32:41,990 --> 01:32:41,280  
and that's not going to be helpful so

2354  
01:32:44,790 --> 01:32:42,000  
there

2355  
01:32:45,590 --> 01:32:44,800  
a lot of people are really really suffer

2356  
01:32:47,350 --> 01:32:45,600  
from these

2357  
01:32:49,830 --> 01:32:47,360  
these issues and it would be nice to

2358  
01:32:52,790 --> 01:32:49,840  
know what's really going on

2359  
01:32:54,310 --> 01:32:52,800  
carrie thanks so much for the call thank

2360  
01:32:57,669 --> 01:32:54,320  
you guys take care

2361  
01:33:00,310 --> 01:32:57,679  
thank you take care uh we have uh seth

2362  
01:33:03,910 --> 01:33:00,320  
from wyoming on hold and welcome to the

2363  
01:33:10,629 --> 01:33:07,669

hey there seth you there

2364

01:33:13,270 --> 01:33:10,639

yeah are you there seth yeah hi you have

2365

01:33:16,310 --> 01:33:13,280

a question for one of our guests tonight

2366

01:33:18,149 --> 01:33:16,320

you are on yeah yes i do

2367

01:33:19,910 --> 01:33:18,159

okay yes i do i got two questions if you

2368

01:33:22,390 --> 01:33:19,920

don't mind

2369

01:33:23,110 --> 01:33:22,400

fire away uh the first one being thank

2370

01:33:25,510 --> 01:33:23,120

you

2371

01:33:27,030 --> 01:33:25,520

the first one's for kevin uh i want to

2372

01:33:31,430 --> 01:33:27,040

know what he would think

2373

01:33:33,990 --> 01:33:31,440

of uh electromatic magnetic pulse

2374

01:33:35,430 --> 01:33:34,000

and its effect on these moving objects

2375

01:33:37,189 --> 01:33:35,440

not that i condone shooting something

2376

01:33:38,310 --> 01:33:37,199

down that doesn't mean us any harm

2377

01:33:41,590 --> 01:33:38,320

i just want to know what you would think

2378

01:33:43,750 --> 01:33:41,600

of the effects that's my first question

2379

01:33:45,270 --> 01:33:43,760

uh so a very strong electromagnetic

2380

01:33:47,270 --> 01:33:45,280

pulse and

2381

01:33:50,470 --> 01:33:47,280

an effect its effect on the living

2382

01:33:52,629 --> 01:33:50,480

objects or the craft or

2383

01:33:54,950 --> 01:33:52,639

right i mean it's yeah the craft i mean

2384

01:33:57,590 --> 01:33:54,960

it potentially could affect the craft

2385

01:33:58,070 --> 01:33:57,600

we it depends on how the craft operate

2386

01:34:00,390 --> 01:33:58,080

and

2387

01:34:02,149 --> 01:34:00,400

um we don't know the answer to that at

2388

01:34:04,709 --> 01:34:02,159

this point so it may have a

2389

01:34:05,270 --> 01:34:04,719

huge effect it may have no effect um

2390

01:34:08,070 --> 01:34:05,280

that

2391

01:34:08,470 --> 01:34:08,080

i think would i really can't address

2392

01:34:11,270 --> 01:34:08,480

that

2393

01:34:12,870 --> 01:34:11,280

um typically we use emp pulses to take

2394

01:34:15,189 --> 01:34:12,880

out electronics

2395

01:34:17,110 --> 01:34:15,199

so a huge electromagnetic pulse induces

2396

01:34:18,790 --> 01:34:17,120

currents into your microchips

2397

01:34:21,910 --> 01:34:18,800

basically burn them out so you can

2398

01:34:23,910 --> 01:34:21,920

destroy electronics that way

2399

01:34:25,750 --> 01:34:23,920

they might not use electronics they

2400

01:34:26,550 --> 01:34:25,760

might use photonics with fiber optic

2401  
01:34:29,030 --> 01:34:26,560  
cables

2402  
01:34:30,390 --> 01:34:29,040  
in which case an emp poles would have no

2403  
01:34:32,870 --> 01:34:30,400  
effect and their electro

2404  
01:34:34,550 --> 01:34:32,880  
on their you know photonic systems if

2405  
01:34:38,149 --> 01:34:34,560  
that's what they used

2406  
01:34:40,070 --> 01:34:38,159  
so um so it's hard to say okay

2407  
01:34:42,149 --> 01:34:40,080  
what's your next question and i guess my

2408  
01:34:45,910 --> 01:34:42,159  
second question is is how to

2409  
01:34:48,310 --> 01:34:45,920  
okay my next question is how to uh

2410  
01:34:50,790 --> 01:34:48,320  
affect the conversation moving forward

2411  
01:34:52,310 --> 01:34:50,800  
uh for instance i would love to see you

2412  
01:34:55,350 --> 01:34:52,320  
and your other guest today

2413  
01:34:57,109 --> 01:34:55,360

um have a podcast of joe rogan

2414

01:34:59,830 --> 01:34:57,119

moderating a debate between you

2415

01:35:00,950 --> 01:34:59,840

neil degrasse tyson and mick west so

2416

01:35:03,830 --> 01:35:00,960

that we can address

2417

01:35:06,149 --> 01:35:03,840

all audiences all audiences would watch

2418

01:35:08,310 --> 01:35:06,159

and

2419

01:35:10,229 --> 01:35:08,320

it'd be a way to kind of debunk a lot of

2420

01:35:16,070 --> 01:35:10,239

their uh

2421

01:35:19,510 --> 01:35:18,149

yeah i think i think really quickly i

2422

01:35:26,229 --> 01:35:19,520

think that

2423

01:35:27,830 --> 01:35:26,239

scientific paper and had it peer

2424

01:35:28,550 --> 01:35:27,840

reviewed and published i would pay some

2425

01:35:32,070 --> 01:35:28,560

attention

2426

01:35:34,390 --> 01:35:32,080

posts or youtube

2427

01:35:36,310 --> 01:35:34,400

youtube demonstrations of that this

2428

01:35:38,310 --> 01:35:36,320

stuff was nonsense i mean we we studied

2429

01:35:41,350 --> 01:35:38,320

this extensively we

2430

01:35:43,270 --> 01:35:41,360

at scu seo put out a report where

2431

01:35:44,950 --> 01:35:43,280

we looked at what happens to the

2432

01:35:46,390 --> 01:35:44,960

accelerations if the sizes were

2433

01:35:47,910 --> 01:35:46,400

different you know because we needed to

2434

01:35:48,950 --> 01:35:47,920

know the size of the object to get the

2435

01:35:53,590 --> 01:35:48,960

acceleration

2436

01:35:59,030 --> 01:35:57,030

and even if the thing was four feet long

2437

01:36:00,629 --> 01:35:59,040

then it would have accelerated at seven

2438

01:36:03,109 --> 01:36:00,639

and a half g

2439

01:36:03,910 --> 01:36:03,119

which is still surprising with no heat

2440

01:36:06,950 --> 01:36:03,920

signature

2441

01:36:10,470 --> 01:36:06,960

so you still have something anomalous so

2442

01:36:12,870 --> 01:36:10,480

so i don't you know but i i'm not

2443

01:36:14,709 --> 01:36:12,880

really i'll be honest as a scientist i'm

2444

01:36:16,790 --> 01:36:14,719

not willing to

2445

01:36:18,550 --> 01:36:16,800

we we have a saying it's not it's not

2446

01:36:21,189 --> 01:36:18,560

helpful to put out brush fires

2447

01:36:22,870 --> 01:36:21,199

and um i consider that to be a brush

2448

01:36:23,830 --> 01:36:22,880

fire if he wants to publish a peer

2449

01:36:27,189 --> 01:36:23,840

peer-reviewed paper

2450

01:36:28,950 --> 01:36:27,199

somewhere and um then i then i'd be

2451  
01:36:32,550 --> 01:36:28,960  
happy to take a look at it and really

2452  
01:36:35,189 --> 01:36:32,560  
really really dig deep kevin uh

2453  
01:36:36,870 --> 01:36:35,199  
so along those lines why do you think

2454  
01:36:39,350 --> 01:36:36,880  
the media is paying attention

2455  
01:36:41,270 --> 01:36:39,360  
to mick west they i've seen them on you

2456  
01:36:43,350 --> 01:36:41,280  
know news shows

2457  
01:36:45,270 --> 01:36:43,360  
they're they're you think they're just

2458  
01:36:46,709 --> 01:36:45,280  
someone is just researching online

2459  
01:36:49,430 --> 01:36:46,719  
and say oh this guy makes a good point

2460  
01:36:51,430 --> 01:36:49,440  
against it let's put him on

2461  
01:36:53,109 --> 01:36:51,440  
yeah i think that's it i mean the media

2462  
01:36:53,510 --> 01:36:53,119  
always has this feeling that they have

2463  
01:36:56,310 --> 01:36:53,520

to have

2464

01:36:57,510 --> 01:36:56,320

both sides represented the problem is

2465

01:37:01,669 --> 01:36:57,520

that both sides aren't

2466

01:37:03,510 --> 01:37:01,679

aren't are often not equivalent and so

2467

01:37:04,709 --> 01:37:03,520

yeah but that's how the media works the

2468

01:37:08,310 --> 01:37:04,719

media is interested in getting

2469

01:37:11,669 --> 01:37:08,320

viewership so controversy is great

2470

01:37:13,910 --> 01:37:11,679

exactly seth thanks for the call

2471

01:37:14,790 --> 01:37:13,920

hey thank you all right thank you all

2472

01:37:16,790 --> 01:37:14,800

right next

2473

01:37:20,470 --> 01:37:16,800

we have a rick calling from oklahoma

2474

01:37:23,590 --> 01:37:20,480

rick welcome to the show

2475

01:37:27,350 --> 01:37:23,600

thanks for taking my call um i i

2476

01:37:31,270 --> 01:37:27,360

i was just curious if um

2477

01:37:33,510 --> 01:37:31,280

you feel that uh the military

2478

01:37:34,550 --> 01:37:33,520

for those of us who have looked into

2479

01:37:38,550 --> 01:37:34,560

this and i've i've

2480

01:37:39,270 --> 01:37:38,560

i've been looking into this ever since i

2481

01:37:43,189 --> 01:37:39,280

was

2482

01:37:46,149 --> 01:37:43,199

a child i'm 50 years old now and

2483

01:37:47,990 --> 01:37:46,159

i've kind of seen this all come into

2484

01:37:50,149 --> 01:37:48,000

white now and i see

2485

01:37:51,750 --> 01:37:50,159

some scientists including yourself that

2486

01:37:53,430 --> 01:37:51,760

are very interested in that and i'm

2487

01:37:57,030 --> 01:37:53,440

excited about that

2488

01:38:01,270 --> 01:37:57,040

but it appears to me that there's a

2489

01:38:03,750 --> 01:38:01,280

a large amount of research that was done

2490

01:38:05,510 --> 01:38:03,760

or has been done by the military that's

2491

01:38:09,030 --> 01:38:05,520

kind of kept in the background

2492

01:38:12,470 --> 01:38:09,040

and i was wondering um do you feel like

2493

01:38:14,310 --> 01:38:12,480

that that information is

2494

01:38:18,149 --> 01:38:14,320

that maybe the military has information

2495

01:38:24,870 --> 01:38:21,109

willing to come out with it it almost

2496

01:38:30,229 --> 01:38:28,229

like the military itself is uh saying

2497

01:38:32,310 --> 01:38:30,239

we've just discovered this too with you

2498

01:38:33,510 --> 01:38:32,320

and here it is and what's all figured

2499

01:38:36,310 --> 01:38:33,520

out together and it

2500

01:38:36,950 --> 01:38:36,320

appears to me that they they know a lot

2501  
01:38:39,910 --> 01:38:36,960  
maybe

2502  
01:38:40,870 --> 01:38:39,920  
in the um in the scientific realm of

2503  
01:38:43,669 --> 01:38:40,880  
this

2504  
01:38:44,229 --> 01:38:43,679  
obviously they can't or won't disclose

2505  
01:38:46,470 --> 01:38:44,239  
um

2506  
01:38:48,390 --> 01:38:46,480  
do you feel that that that's the case

2507  
01:38:50,229 --> 01:38:48,400  
that you're playing catch up

2508  
01:38:52,550 --> 01:38:50,239  
uh that the scientific community that is

2509  
01:38:55,990 --> 01:38:52,560  
interested in is is playing catch-up and

2510  
01:38:58,390 --> 01:38:56,000  
and may not

2511  
01:39:00,229 --> 01:38:58,400  
ever get to the point there's 70 years

2512  
01:39:03,350 --> 01:39:00,239  
behind what

2513  
01:39:05,030 --> 01:39:03,360

what the military has been doing with

2514

01:39:06,870 --> 01:39:05,040

the subject

2515

01:39:08,709 --> 01:39:06,880

i'll let i'll let matthew handle this

2516

01:39:12,070 --> 01:39:08,719

one if you would matthew

2517

01:39:14,790 --> 01:39:12,080

um well i i think that you know

2518

01:39:15,669 --> 01:39:14,800

uh the military probably does have a lot

2519

01:39:19,430 --> 01:39:15,679

more

2520

01:39:21,430 --> 01:39:19,440

uh information um but they're

2521

01:39:23,669 --> 01:39:21,440

you know just like kevin said earlier

2522

01:39:24,470 --> 01:39:23,679

there are a multitude of reasons as to

2523

01:39:26,629 --> 01:39:24,480

why

2524

01:39:28,709 --> 01:39:26,639

that information cannot be released such

2525

01:39:33,189 --> 01:39:28,719

as satellite imagery

2526

01:39:35,910 --> 01:39:33,199

uh radar data and that's simply because

2527

01:39:38,470 --> 01:39:35,920

you're going to be broadcasting to all

2528

01:39:38,950 --> 01:39:38,480

of our adversaries what our capabilities

2529

01:39:41,590 --> 01:39:38,960

are

2530

01:39:43,109 --> 01:39:41,600

and and that's that's kind of and i know

2531

01:39:46,310 --> 01:39:43,119

i understand that

2532

01:39:48,310 --> 01:39:46,320

you know everybody wants that data but i

2533

01:39:49,990 --> 01:39:48,320

i don't think we're going to be able to

2534

01:39:52,470 --> 01:39:50,000

get it what we have to do

2535

01:39:53,990 --> 01:39:52,480

is uh we have to get scientists like

2536

01:39:57,510 --> 01:39:54,000

kevin on board

2537

01:40:00,070 --> 01:39:57,520

who can uh study this

2538

01:40:00,709 --> 01:40:00,080

who can use different types of sensors

2539

01:40:02,790 --> 01:40:00,719

that

2540

01:40:04,709 --> 01:40:02,800

the military doesn't have classified

2541

01:40:06,629 --> 01:40:04,719

behind closed doors

2542

01:40:07,990 --> 01:40:06,639

because those those sensors are just as

2543

01:40:11,189 --> 01:40:08,000

good at picking this stuff

2544

01:40:12,870 --> 01:40:11,199

up um and uh

2545

01:40:14,470 --> 01:40:12,880

and i think that you can study it that

2546

01:40:16,390 --> 01:40:14,480

way um

2547

01:40:18,310 --> 01:40:16,400

but i i don't think that that's gonna

2548

01:40:20,709 --> 01:40:18,320

happen until the government comes out

2549

01:40:23,270 --> 01:40:20,719

and says yes there's something there

2550

01:40:24,790 --> 01:40:23,280

you know and and that's that's the big

2551

01:40:26,149 --> 01:40:24,800

question what are they going to say in

2552

01:40:29,510 --> 01:40:26,159

this report and we

2553

01:40:30,149 --> 01:40:29,520

we just don't know yet um we don't know

2554

01:40:32,070 --> 01:40:30,159

and and

2555

01:40:34,870 --> 01:40:32,080

absolutely i think you're right i think

2556

01:40:36,470 --> 01:40:34,880

uh the scientific community is 70 years

2557

01:40:39,430 --> 01:40:36,480

behind on this

2558

01:40:40,709 --> 01:40:39,440

um and there are there are a multitude

2559

01:40:44,070 --> 01:40:40,719

of reasons for that

2560

01:40:47,189 --> 01:40:44,080

as well um but you know i

2561

01:40:48,229 --> 01:40:47,199

i i i am a big proponent of the fact

2562

01:40:51,270 --> 01:40:48,239

that okay

2563

01:40:53,990 --> 01:40:51,280

you know this happened uh people have

2564

01:40:56,709 --> 01:40:54,000

kept it a secret for 70 years

2565

01:40:57,590 --> 01:40:56,719

let's just out with it let's forget

2566

01:41:01,270 --> 01:40:57,600

about it

2567

01:41:02,229 --> 01:41:01,280

and and let's get on with figuring this

2568

01:41:05,350 --> 01:41:02,239

out

2569

01:41:06,149 --> 01:41:05,360

um we don't we don't i i don't think

2570

01:41:08,629 --> 01:41:06,159

it's helpful

2571

01:41:10,470 --> 01:41:08,639

to rehash the past in other words the

2572

01:41:12,790 --> 01:41:10,480

people who locked this up initially

2573

01:41:13,990 --> 01:41:12,800

behind closed doors 70 years ago they're

2574

01:41:16,149 --> 01:41:14,000

dead

2575

01:41:18,149 --> 01:41:16,159

you know there's not going to be any

2576

01:41:22,390 --> 01:41:18,159

accountability for that

2577

01:41:25,590 --> 01:41:22,400

uh so so why why rehash that let's just

2578

01:41:28,629 --> 01:41:25,600

let's have the real conversation now

2579

01:41:29,910 --> 01:41:28,639

uh let's figure this out and get to the

2580

01:41:32,390 --> 01:41:29,920

bottom of it

2581

01:41:33,990 --> 01:41:32,400

um and i think it's time for the

2582

01:41:36,310 --> 01:41:34,000

government to acknowledge

2583

01:41:38,149 --> 01:41:36,320

uh that there is something there even if

2584

01:41:41,510 --> 01:41:38,159

they can't come out with

2585

01:41:44,950 --> 01:41:41,520

uh radar imagery and and

2586

01:41:47,590 --> 01:41:44,960

satellite imagery i i think that's

2587

01:41:49,109 --> 01:41:47,600

okay as long as they can start to get

2588

01:41:51,270 --> 01:41:49,119

science on board

2589

01:41:54,790 --> 01:41:51,280

uh with this that's all i want to see

2590

01:41:58,390 --> 01:41:57,270

yeah i would totally agree yeah i i

2591

01:42:01,430 --> 01:41:58,400

totally agree and i

2592

01:42:04,550 --> 01:42:01,440

i think um i think that's exactly right

2593

01:42:06,709 --> 01:42:04,560

and the

2594

01:42:08,870 --> 01:42:06,719

ways that the one of the best things

2595

01:42:12,390 --> 01:42:08,880

that congress could do at this point

2596

01:42:14,310 --> 01:42:12,400

is to is to acknowledge that these

2597

01:42:16,870 --> 01:42:14,320

things are interesting to rule out

2598

01:42:18,950 --> 01:42:16,880

the hypotheses that they can rule out at

2599

01:42:22,790 --> 01:42:18,960

this point

2600

01:42:24,390 --> 01:42:22,800

and to provide funding for scientists to

2601

01:42:25,990 --> 01:42:24,400

study these things

2602

01:42:27,510 --> 01:42:26,000

i think that would be the most important

2603

01:42:27,990 --> 01:42:27,520

thing scientists aren't going to be able

2604

01:42:30,310 --> 01:42:28,000

to study

2605

01:42:31,030 --> 01:42:30,320

them without funding you will need to

2606

01:42:33,270 --> 01:42:31,040

get equipment

2607

01:42:34,629 --> 01:42:33,280

you're going to need to go you know

2608

01:42:37,750 --> 01:42:34,639

place up skywatching

2609

01:42:38,229 --> 01:42:37,760

systems and and collect data and and all

2610

01:42:41,350 --> 01:42:38,239

of this

2611

01:42:43,189 --> 01:42:41,360

and and scientists are

2612

01:42:44,709 --> 01:42:43,199

busy doing other things you know we have

2613

01:42:47,270 --> 01:42:44,719

funding to do other work

2614

01:42:48,870 --> 01:42:47,280

so why do that work and so if you really

2615

01:42:50,470 --> 01:42:48,880

want this to be studied

2616

01:42:51,990 --> 01:42:50,480

um you need to provide some kind of

2617

01:42:54,470 --> 01:42:52,000

funding and

2618

01:42:55,270 --> 01:42:54,480

you know we heard from nasa

2619

01:42:58,550 --> 01:42:55,280

administrator

2620

01:43:00,950 --> 01:42:58,560

um bill nelson that he is

2621

01:43:03,030 --> 01:43:00,960

has directed some nasa scientists to

2622

01:43:05,669 --> 01:43:03,040

study uaps now

2623

01:43:07,510 --> 01:43:05,679

that's interesting to me because when i

2624

01:43:09,189 --> 01:43:07,520

was at nasa we had

2625

01:43:11,990 --> 01:43:09,199

what was called full cost accounting

2626

01:43:14,470 --> 01:43:12,000

where you weren't allowed to do any work

2627

01:43:16,629 --> 01:43:14,480

on a topic unless you were funded to do

2628

01:43:17,830 --> 01:43:16,639

it so you had funding through nasa to do

2629

01:43:20,229 --> 01:43:17,840

this work

2630

01:43:22,470 --> 01:43:20,239

so that makes me wonder what are the

2631

01:43:24,790 --> 01:43:22,480

funding mechanisms that

2632

01:43:26,310 --> 01:43:24,800

you know their use if they if they still

2633

01:43:27,910 --> 01:43:26,320

have full cost accounting like this i

2634

01:43:31,109 --> 01:43:27,920

don't know the details anymore i haven't

2635

01:43:33,830 --> 01:43:31,119

been out of nasa for 15 years now but

2636

01:43:34,229 --> 01:43:33,840

but if if the if that's how it works

2637

01:43:36,790 --> 01:43:34,239

then

2638

01:43:38,950 --> 01:43:36,800

what how are those who are those

2639

01:43:39,510 --> 01:43:38,960

scientists that he has working on this

2640

01:43:41,669 --> 01:43:39,520

problem

2641

01:43:42,950 --> 01:43:41,679

and how are they being funded to work on

2642

01:43:44,870 --> 01:43:42,960

this and

2643

01:43:47,270 --> 01:43:44,880

you know are those funding channels open

2644

01:43:49,430 --> 01:43:47,280

to academics as well because most nasa

2645

01:43:50,149 --> 01:43:49,440

funding channels are open to both nasa

2646

01:43:53,430 --> 01:43:50,159

employees and

2647

01:43:53,910 --> 01:43:53,440

academics so yeah those are important

2648

01:43:56,070 --> 01:43:53,920

questions

2649

01:43:56,950 --> 01:43:56,080

one more point one more quick question

2650

01:44:00,149 --> 01:43:56,960

for kevin

2651

01:44:04,070 --> 01:44:00,159

have you have you taken any look

2652

01:44:05,990 --> 01:44:04,080

at the um at the videos and information

2653

01:44:09,189 --> 01:44:06,000

from mark mclandish

2654

01:44:12,310 --> 01:44:09,199

who basically gives a description of

2655

01:44:14,950 --> 01:44:12,320

a a blueprint on how to build

2656

01:44:16,790 --> 01:44:14,960

an anti-gravity machine i i don't know

2657

01:44:19,830 --> 01:44:16,800

if you've worked into that but it's

2658

01:44:21,590 --> 01:44:19,840

fairly interesting interesting

2659

01:44:22,950 --> 01:44:21,600

information and if you haven't i i

2660

01:44:24,790 --> 01:44:22,960

challenge you to take a look at it his

2661

01:44:27,350 --> 01:44:24,800

name is mark mclandish

2662

01:44:28,950 --> 01:44:27,360

and i will i will get off the phone here

2663

01:44:29,830 --> 01:44:28,960

no thank you no i haven't i haven't

2664

01:44:32,950 --> 01:44:29,840

looked at that

2665

01:44:34,070 --> 01:44:32,960

um there's another thing about

2666

01:44:36,390 --> 01:44:34,080

scientists is there

2667

01:44:37,430 --> 01:44:36,400

is a lot to study there's a lot to do

2668

01:44:41,350 --> 01:44:37,440

and um

2669

01:44:42,229 --> 01:44:41,360

we often play we often perform triage

2670

01:44:44,790 --> 01:44:42,239

much like

2671

01:44:46,629 --> 01:44:44,800

you know a somebody a medic in an

2672

01:44:49,350 --> 01:44:46,639

emergency room does you

2673

01:44:50,550 --> 01:44:49,360

you our triage is a bit different we

2674

01:44:52,709 --> 01:44:50,560

look at and see

2675

01:44:54,470 --> 01:44:52,719

is this a problem i can i feel i can

2676

01:44:56,229 --> 01:44:54,480

make some headway in would there be some

2677

01:44:57,669 --> 01:44:56,239

benefit to me for me to make headway on

2678

01:45:00,870 --> 01:44:57,679

this problem

2679

01:45:02,149 --> 01:45:00,880

and um and

2680

01:45:03,350 --> 01:45:02,159

those are the problems you choose to

2681

01:45:05,189 --> 01:45:03,360

study and that's one reason why

2682

01:45:07,189 --> 01:45:05,199

scientists don't study ufos they

2683

01:45:08,790 --> 01:45:07,199

look at and say i don't think i can make

2684

01:45:10,390 --> 01:45:08,800

much headway on this

2685

01:45:12,470 --> 01:45:10,400

i'm going to get ridiculed by my

2686

01:45:14,790 --> 01:45:12,480

colleagues i'm going to i have no idea

2687

01:45:17,189 --> 01:45:14,800

how to collect information on ufos

2688

01:45:19,590 --> 01:45:17,199

i don't know where to start so that's

2689

01:45:21,430 --> 01:45:19,600

and who would so let's fund that kevin

2690

01:45:22,709 --> 01:45:21,440

yeah kevin who would find out who could

2691

01:45:25,910 --> 01:45:22,719

fund something like that

2692

01:45:26,390 --> 01:45:25,920

well certainly um nasa could the nsf

2693

01:45:32,070 --> 01:45:26,400

could

2694

01:45:33,270 --> 01:45:32,080

if if you're looking for atmospheric

2695

01:45:35,669 --> 01:45:33,280

effects

2696

01:45:36,470 --> 01:45:35,679

um the department of the doe the

2697

01:45:38,870 --> 01:45:36,480

department of

2698

01:45:40,070 --> 01:45:38,880

energy could the navy could fund it the

2699

01:45:41,830 --> 01:45:40,080

air force could fund it

2700

01:45:43,510 --> 01:45:41,840

so there are a lot of possibilities

2701

01:45:45,030 --> 01:45:43,520

there yeah and

2702

01:45:47,590 --> 01:45:45,040

something i was just going to say too is

2703

01:45:48,709 --> 01:45:47,600

that we could we could task the task

2704

01:45:51,510 --> 01:45:48,719

force to do this

2705

01:45:52,229 --> 01:45:51,520

i mean yeah you you can have this task

2706

01:45:54,629 --> 01:45:52,239

force use

2707

01:45:56,310 --> 01:45:54,639

unclassified sensors and go out there

2708

01:45:58,470 --> 01:45:56,320

and look at these things

2709

01:46:00,149 --> 01:45:58,480

um that that's not outside the realm of

2710

01:46:02,470 --> 01:46:00,159

possibility and then hire

2711

01:46:04,470 --> 01:46:02,480

scientists you know so maybe the answer

2712

01:46:05,430 --> 01:46:04,480

is to fund the task force give them

2713

01:46:07,430 --> 01:46:05,440

money

2714

01:46:09,910 --> 01:46:07,440  
so that they can hire scientists

2715

01:46:12,790 --> 01:46:09,920  
psychologists whoever they have to

2716

01:46:13,669 --> 01:46:12,800  
um to study this um and take it

2717

01:46:15,430 --> 01:46:13,679  
seriously

2718

01:46:17,270 --> 01:46:15,440  
and then those things don't have to be

2719

01:46:20,390 --> 01:46:17,280  
classified

2720

01:46:23,590 --> 01:46:20,400  
systems

2721

01:46:25,590 --> 01:46:23,600  
oh that's a good point yeah good idea

2722

01:46:27,270 --> 01:46:25,600  
yeah i mean i you know if you really

2723

01:46:28,310 --> 01:46:27,280  
think about it and kevin i think i heard

2724

01:46:31,590 --> 01:46:28,320  
you say this

2725

01:46:34,870 --> 01:46:31,600  
you know this is most likely

2726  
01:46:36,709 --> 01:46:34,880  
would be the most the biggest thing that

2727  
01:46:38,149 --> 01:46:36,719  
was ever discovered if we could actually

2728  
01:46:39,910 --> 01:46:38,159  
figure this thing out

2729  
01:46:41,830 --> 01:46:39,920  
you know and i think a lot of people are

2730  
01:46:44,550 --> 01:46:41,840  
feeling the same way about that

2731  
01:46:45,910 --> 01:46:44,560  
now that it's so much in the news um you

2732  
01:46:47,350 --> 01:46:45,920  
know there's a lot more curiosity

2733  
01:46:50,229 --> 01:46:47,360  
there's a lot more people

2734  
01:46:51,590 --> 01:46:50,239  
that are new that are emailing me that

2735  
01:46:52,950 --> 01:46:51,600  
said hey look you know i just started

2736  
01:46:54,709 --> 01:46:52,960  
looking into this and

2737  
01:46:56,950 --> 01:46:54,719  
you know it's fascinating and you know

2738  
01:46:57,910 --> 01:46:56,960

asking me you know some questions or

2739

01:47:01,510 --> 01:46:57,920

advice or whatever

2740

01:47:04,149 --> 01:47:01,520

where to go and um but anyway

2741

01:47:05,109 --> 01:47:04,159

i i'm surprised that you know there

2742

01:47:06,629 --> 01:47:05,119

isn't

2743

01:47:08,229 --> 01:47:06,639

and i don't know who would initiate

2744

01:47:11,669 --> 01:47:08,239

something like this but

2745

01:47:13,590 --> 01:47:11,679

why isn't there you know really a big

2746

01:47:14,149 --> 01:47:13,600

push like let's figure this thing out

2747

01:47:17,750 --> 01:47:14,159

let's go

2748

01:47:20,629 --> 01:47:17,760

the task force but i mean how aggressive

2749

01:47:25,830 --> 01:47:23,270

you know i mean is it just going to be a

2750

01:47:28,550 --> 01:47:25,840

report and that's it and then

2751

01:47:30,229 --> 01:47:28,560

you know move on like we've seen i mean

2752

01:47:31,910 --> 01:47:30,239

i'm not going to say we've seen but we

2753

01:47:35,590 --> 01:47:31,920

can look in the history of this

2754

01:47:38,629 --> 01:47:35,600

phenomenon we see it happen many times

2755

01:47:41,109 --> 01:47:38,639

so yeah and and and um richard haynes

2756

01:47:42,149 --> 01:47:41,119

uh formerly of nasa has written several

2757

01:47:46,149 --> 01:47:42,159

papers on

2758

01:47:47,430 --> 01:47:46,159

the on air safety issues related to uaps

2759

01:47:49,030 --> 01:47:47,440

and we've heard you know in the last

2760

01:47:49,590 --> 01:47:49,040

year we've heard several cases where

2761

01:47:52,629 --> 01:47:49,600

you've got

2762

01:47:54,790 --> 01:47:52,639

commercial pilots with you know ufa's

2763

01:47:56,149 --> 01:47:54,800

uaps flying up to their windscreen and

2764

01:47:58,229 --> 01:47:56,159

then taking off again and

2765

01:47:59,510 --> 01:47:58,239

them having to veer off course or or

2766

01:48:01,990 --> 01:47:59,520

evade these objects

2767

01:48:03,270 --> 01:48:02,000

when you got 200 passengers in the back

2768

01:48:04,790 --> 01:48:03,280

and that should be a concern

2769

01:48:06,790 --> 01:48:04,800

i mean we should be worried about that

2770

01:48:08,149 --> 01:48:06,800

you know and of course the military

2771

01:48:08,790 --> 01:48:08,159

ought to be worried about their pilots

2772

01:48:12,550 --> 01:48:08,800

you know they

2773

01:48:15,189 --> 01:48:12,560

encountering these things too

2774

01:48:15,830 --> 01:48:15,199

um right there there should be a lot of

2775

01:48:18,310 --> 01:48:15,840

concern

2776

01:48:19,830 --> 01:48:18,320

for those who are those who are involved

2777

01:48:21,350 --> 01:48:19,840

with these things

2778

01:48:23,510 --> 01:48:21,360

right i didn't realize that we had a

2779

01:48:26,870 --> 01:48:23,520

couple of callers still remaining

2780

01:48:27,750 --> 01:48:26,880

sorry about that um yeah drew from

2781

01:48:31,189 --> 01:48:27,760

toronto

2782

01:48:36,070 --> 01:48:34,950

drew you there my the power just went

2783

01:48:38,470 --> 01:48:36,080

out quickly here and i just

2784

01:48:39,590 --> 01:48:38,480

i just heard from trump yeah it's going

2785

01:48:40,950 --> 01:48:39,600

to be men in black

2786

01:48:43,270 --> 01:48:40,960

yeah i mean they're getting us off

2787

01:48:50,550 --> 01:48:43,280

tonight

2788

01:48:54,950 --> 01:48:53,189

means for overcoming the instantaneous

2789

01:48:58,390 --> 01:48:54,960

speed scene and

2790

01:49:01,189 --> 01:48:58,400

g-forces and falls uh it seems like the

2791

01:49:02,709 --> 01:49:01,199

the major issue is overcoming inertia

2792

01:49:05,910 --> 01:49:02,719

without turning the

2793

01:49:08,070 --> 01:49:05,920

pilots into tomato paste or you know

2794

01:49:10,470 --> 01:49:08,080

tearing the object apart so i was

2795

01:49:12,629 --> 01:49:10,480

wondering if it um

2796

01:49:14,550 --> 01:49:12,639

would be with the idea of pulling

2797

01:49:17,350 --> 01:49:14,560

space-time towards the object

2798

01:49:19,030 --> 01:49:17,360

solve that problem and is that the same

2799

01:49:22,229 --> 01:49:19,040

as a work bubble

2800

01:49:24,870 --> 01:49:22,239

and um would there be a effect to a

2801  
01:49:26,310 --> 01:49:24,880  
local observer

2802  
01:49:29,189 --> 01:49:26,320  
what was the last what was the last

2803  
01:49:30,790 --> 01:49:29,199  
thing and there'd be what kind of effect

2804  
01:49:32,390 --> 01:49:30,800  
uh it would if there would be a visible

2805  
01:49:35,109 --> 01:49:32,400  
effect to a local observer

2806  
01:49:35,669 --> 01:49:35,119  
saying somebody oh i see yeah certainly

2807  
01:49:38,870 --> 01:49:35,679  
so

2808  
01:49:42,229 --> 01:49:38,880  
and that that

2809  
01:49:45,510 --> 01:49:42,239  
the the alcubierre

2810  
01:49:48,390 --> 01:49:45,520  
warp drive concept is that

2811  
01:49:49,189 --> 01:49:48,400  
you basically are pulling space-time

2812  
01:49:53,430 --> 01:49:49,199  
toward

2813  
01:49:56,470 --> 01:49:53,440

pushing it out away from the craft

2814

01:49:57,270 --> 01:49:56,480

in the back so the way that that's

2815

01:50:00,709 --> 01:49:57,280

observable

2816

01:50:04,629 --> 01:50:00,719

is is by looking for doppler shifts

2817

01:50:06,870 --> 01:50:04,639

so just as um gravity as you get as

2818

01:50:09,669 --> 01:50:06,880

light leaves a gravitational well

2819

01:50:10,149 --> 01:50:09,679

um you get what's called a redshift so

2820

01:50:16,629 --> 01:50:10,159

the

2821

01:50:17,189 --> 01:50:16,639

ship is going to create a redshift out

2822

01:50:19,109 --> 01:50:17,199

the front

2823

01:50:20,790 --> 01:50:19,119

so if you look at the light coming off

2824

01:50:22,830 --> 01:50:20,800

of the craft it'll be more red in the

2825

01:50:25,189 --> 01:50:22,840

front and more blue in the back

2826

01:50:26,950 --> 01:50:25,199

basically if it's accelerating that way

2827

01:50:27,750 --> 01:50:26,960

or if the object's hovering it ought to

2828

01:50:29,589 --> 01:50:27,760

be more

2829

01:50:31,589 --> 01:50:29,599

blue on the bottom because you're trying

2830

01:50:34,149 --> 01:50:31,599

you're repelling gravity here and

2831

01:50:36,229 --> 01:50:34,159

and pulling up here so it'll be red on

2832

01:50:38,310 --> 01:50:36,239

the top and bluish on the bottom now

2833

01:50:39,350 --> 01:50:38,320

and a regular observer probably wouldn't

2834

01:50:42,070 --> 01:50:39,360

notice this but

2835

01:50:43,270 --> 01:50:42,080

you could detect this if you had what's

2836

01:50:44,470 --> 01:50:43,280

called a spectrometer where you

2837

01:50:47,589 --> 01:50:44,480

basically break the

2838

01:50:48,629 --> 01:50:47,599

light up into its constituent colors

2839

01:50:52,070 --> 01:50:48,639

and you can actually

2840

01:50:53,990 --> 01:50:52,080

see the um the shift in the spectrum

2841

01:50:55,589 --> 01:50:54,000

you know um based on what side of the

2842

01:50:57,270 --> 01:50:55,599

craft you're looking at so there is an

2843

01:50:59,830 --> 01:50:57,280

observable effect there

2844

01:51:01,910 --> 01:50:59,840

and in fact i i discussed this with lou

2845

01:51:03,510 --> 01:51:01,920

elizondo at one point and he indicated

2846

01:51:04,470 --> 01:51:03,520

that they had actually measured the

2847

01:51:06,790 --> 01:51:04,480

spectra of

2848

01:51:07,750 --> 01:51:06,800

some objects and found that to be the

2849

01:51:09,990 --> 01:51:07,760

case

2850

01:51:12,709 --> 01:51:10,000

so they have some reason to believe that

2851  
01:51:14,390 --> 01:51:12,719  
the um

2852  
01:51:16,550 --> 01:51:14,400  
that these things are using some kind of

2853  
01:51:17,030 --> 01:51:16,560  
warp drive but it doesn't appear that

2854  
01:51:19,030 --> 01:51:17,040  
all

2855  
01:51:21,109 --> 01:51:19,040  
of the craft are or they're not always

2856  
01:51:22,470 --> 01:51:21,119  
using it so there may be other methods

2857  
01:51:25,030 --> 01:51:22,480  
of propulsion here

2858  
01:51:26,149 --> 01:51:25,040  
just like just like we have diesel

2859  
01:51:28,550 --> 01:51:26,159  
diesel trucks

2860  
01:51:30,070 --> 01:51:28,560  
you know gasoline-powered cars hybrid

2861  
01:51:32,870 --> 01:51:30,080  
cars electric cars

2862  
01:51:34,790 --> 01:51:32,880  
motorcycles we have many different means

2863  
01:51:36,229 --> 01:51:34,800

of propulsion

2864

01:51:38,310 --> 01:51:36,239

excellent well i'm going to try to get

2865

01:51:41,270 --> 01:51:38,320

this next caller and thanks so much

2866

01:51:42,790 --> 01:51:41,280

for the call and uh uh drew we're going

2867

01:51:43,350 --> 01:51:42,800

to bring in our next caller because we

2868

01:51:45,430 --> 01:51:43,360

only have

2869

01:51:47,270 --> 01:51:45,440

we have less than two minutes left so

2870

01:51:49,430 --> 01:51:47,280

john from california you got a quick one

2871

01:51:53,030 --> 01:51:49,440

for us

2872

01:51:55,270 --> 01:51:53,040

yes um i just want to ask

2873

01:51:56,629 --> 01:51:55,280

i just want to ask matthew or kevin if

2874

01:51:58,070 --> 01:51:56,639

if the report comes out

2875

01:52:00,790 --> 01:51:58,080

and let's say there's congressional

2876

01:52:03,990 --> 01:52:00,800

hearings why couldn't congress

2877

01:52:07,030 --> 01:52:04,000

give people like hal put off eric davis

2878

01:52:09,430 --> 01:52:07,040

and lou elizondo immunity from their nda

2879

01:52:10,870 --> 01:52:09,440

just to say whether or not there are

2880

01:52:13,030 --> 01:52:10,880

crash retrievals

2881

01:52:15,030 --> 01:52:13,040

without endangering the security of the

2882

01:52:17,030 --> 01:52:15,040

country could that be said yes or no

2883

01:52:19,589 --> 01:52:17,040

there's art there are crash retrievals

2884

01:52:20,070 --> 01:52:19,599

it's classified we can't talk about that

2885

01:52:22,229 --> 01:52:20,080

but

2886

01:52:24,149 --> 01:52:22,239

yes it's true and and giving them

2887

01:52:25,669 --> 01:52:24,159

immunity would then

2888

01:52:28,470 --> 01:52:25,679

you know open up the door for the

2889

01:52:30,550 --> 01:52:28,480

conversation i i understand we have okay

2890

01:52:31,669 --> 01:52:30,560

and that's fine we got we got i'm sorry

2891

01:52:34,070 --> 01:52:31,679

we have one minute left

2892

01:52:34,870 --> 01:52:34,080

so well anyone wanted to go i i don't

2893

01:52:37,990 --> 01:52:34,880

think that

2894

01:52:39,910 --> 01:52:38,000

immunity would be necessary uh and it

2895

01:52:40,950 --> 01:52:39,920

wouldn't necessarily be made public but

2896

01:52:44,470 --> 01:52:40,960

congress def

2897

01:52:47,270 --> 01:52:44,480

definitely has uh the ability to do

2898

01:52:47,830 --> 01:52:47,280

uh closed hearings so they'll have a

2899

01:52:50,629 --> 01:52:47,840

hearing

2900

01:52:52,550 --> 01:52:50,639

with congressmen that are cleared uh and

2901

01:52:54,229 --> 01:52:52,560

they will ask serious questions

2902

01:52:55,990 --> 01:52:54,239

um that may not be available to the

2903

01:52:58,229 --> 01:52:56,000

public however but i think

2904

01:52:59,510 --> 01:52:58,239

yeah yeah i i can guarantee you behind

2905

01:53:01,109 --> 01:52:59,520

closed doors that's going to be

2906

01:53:03,830 --> 01:53:01,119

happening

2907

01:53:05,270 --> 01:53:03,840

excellent well thank you uh both so much

2908

01:53:06,149 --> 01:53:05,280

it's been a real pleasure i've had a lot

2909

01:53:09,350 --> 01:53:06,159

of uh

2910

01:53:11,990 --> 01:53:09,360

fun tonight with you uh both and uh

2911

01:53:14,149 --> 01:53:12,000

again uh i mentioned earlier contact in

2912

01:53:16,950 --> 01:53:14,159

the desert is june 25th

2913

01:53:18,470 --> 01:53:16,960

um through the 29th and it's online this

2914

01:53:20,550 --> 01:53:18,480

year and you can see

2915

01:53:22,390 --> 01:53:20,560

uh matthew there and kevin thanks so

2916

01:53:23,990 --> 01:53:22,400

much for uh fixing your computer so you

2917

01:53:25,430 --> 01:53:24,000

can be on with us tonight

2918

01:53:27,109 --> 01:53:25,440

thank you very much thank you for having

2919

01:53:27,990 --> 01:53:27,119

me and that's a pleasure to meet you

2920

01:53:30,149 --> 01:53:28,000

matthew

2921

01:53:31,270 --> 01:53:30,159

thank you kevin all right to meet you

2922

01:53:32,950 --> 01:53:31,280

take care

2923

01:53:35,589 --> 01:53:32,960

all right so next week we have preston

2924

01:53:36,390 --> 01:53:35,599

dennett on and so check us out we'll be

2925

01:53:38,390 --> 01:53:36,400

back

2926

01:53:40,760 --> 01:53:38,400

and remember everyone to keep your eyes

2927

01:53:52,010 --> 01:53:40,770

to the sky thanks for watching
