00:00:57,830 --> 00:00:08,470

[Music]

2
00:01:01,830 --> 00:01:00,150

hello and welcome to the show i'm martin

3
00:01:04,710 --> 00:01:01,840

willis your host and we have an

4
00:01:06,630 --> 00:01:04,720

excellent show this evening i am so

5
00:01:08,310 --> 00:01:06,640

thrilled to have the three gentlemen

6
00:01:10,950 --> 00:01:08,320

that we have on

7
00:01:12,550 --> 00:01:10,960

um starting out with barry greenwood a

8
00:01:15,030 --> 00:01:12,560

longtime researcher started all the way

9
00:01:18,070 --> 00:01:15,040

back in 1964.

10
00:01:20,390 --> 00:01:18,080

jan aldrich not far behind him and dave

11
00:01:22,789 --> 00:01:20,400

marlar all at dave marlar's place i was

12
00:01:24,950 --> 00:01:22,799

supposed to be there unfortunately

13
00:01:27,429 --> 00:01:24,960

that was the

14

00:01:29,429 --> 00:01:27,439

international ufo congress went virtual

15

00:01:30,390 --> 00:01:29,439

so that kind of made my plans change for

16

00:01:33,590 --> 00:01:30,400

that one

17

00:01:35,910 --> 00:01:33,600

and but i was thrilled when david uh

18

00:01:37,510 --> 00:01:35,920

said that we could still do the show um

19

00:01:40,550 --> 00:01:37,520

the old-fashioned way the way i usually

20

00:01:42,550 --> 00:01:40,560

do anyway so they're joining us through

21

00:01:44,469 --> 00:01:42,560

the online studio

22

00:01:45,990 --> 00:01:44,479

and coming right up and we're going to

23

00:01:48,550 --> 00:01:46,000

be talking all about that i do want to

24

00:01:50,469 --> 00:01:48,560

thank everyone that does help out with

25

00:01:53,590 --> 00:01:50,479

the show behind the scenes

26
00:01:57,190 --> 00:01:53,600
uh everyone uh does a wonderful job i'm

27
00:01:58,870 --> 00:01:57,200
i'm blessed with that and also uh i want

28
00:02:01,350 --> 00:01:58,880
to thank out thank those people that

29
00:02:03,510 --> 00:02:01,360
help out with the show

30
00:02:05,990 --> 00:02:03,520
and uh the supporters of this show

31
00:02:08,630 --> 00:02:06,000
anyone can do that over at patreon

32
00:02:10,949 --> 00:02:08,640
and our uh patreon

33
00:02:13,830 --> 00:02:10,959
is right on our website the links right

34
00:02:16,710 --> 00:02:13,840
there this week uh by the way this is a

35
00:02:18,390 --> 00:02:16,720
monday night show and i do thank all

36
00:02:19,430 --> 00:02:18,400
these people that i see that are already

37
00:02:22,470 --> 00:02:19,440
joining in

38
00:02:23,910 --> 00:02:22,480

uh kind of i had to do it on today

39

00:02:26,070 --> 00:02:23,920

because tomorrow was not going to work

40

00:02:29,270 --> 00:02:26,080

out for the gentleman that we have

41

00:02:31,990 --> 00:02:29,280

so the blog this week is by charles lear

42

00:02:33,910 --> 00:02:32,000

as always airplane passenger ufo

43

00:02:35,190 --> 00:02:33,920

sightings it's a really good one you

44

00:02:38,150 --> 00:02:35,200

want to check that out over at

45

00:02:39,830 --> 00:02:38,160

podcastufo.com

46

00:02:42,470 --> 00:02:39,840

that's enough for me and i'm going to

47

00:02:43,910 --> 00:02:42,480

bring in my guests right now all three

48

00:02:46,070 --> 00:02:43,920

of them

49

00:02:49,430 --> 00:02:46,080

welcome to the show everyone

50

00:02:51,910 --> 00:02:49,440

hello hello here we go here we go and

51
00:02:53,670 --> 00:02:51,920
yes so glad to have you and um you know

52
00:02:55,910 --> 00:02:53,680
dave marlar i'm gonna put you on the

53
00:02:57,990 --> 00:02:55,920
spot right now because you probably

54
00:03:00,309 --> 00:02:58,000
forgot that i knew that it's your

55
00:03:02,309 --> 00:03:00,319
birthday uh i was hoping you would have

56
00:03:04,630 --> 00:03:02,319
forgot

57
00:03:06,949 --> 00:03:04,640
happy birthday dave thank you thank you

58
00:03:08,229 --> 00:03:06,959
very much and thanks for spending your

59
00:03:11,030 --> 00:03:08,239
special day

60
00:03:13,830 --> 00:03:11,040
with a bunch of old cartridges um and

61
00:03:15,430 --> 00:03:13,840
myself no i mean i was including myself

62
00:03:17,350 --> 00:03:15,440
i couldn't get for a better birthday

63
00:03:19,430 --> 00:03:17,360

gift uh you know two of my mentors in

64

00:03:21,509 --> 00:03:19,440
the field as well as a friend and

65

00:03:23,190 --> 00:03:21,519
colleague yourself so

66

00:03:25,509 --> 00:03:23,200
this is wonderful

67

00:03:28,550 --> 00:03:25,519
the only thing is they replace carter's

68

00:03:29,430 --> 00:03:28,560
with hunks that sounds better

69

00:03:31,030 --> 00:03:29,440
okay

70

00:03:33,430 --> 00:03:31,040
yeah

71

00:03:36,470 --> 00:03:33,440
all right that sounds good uh all right

72

00:03:38,149 --> 00:03:36,480
you hunks so uh why are you all gathered

73

00:03:40,309 --> 00:03:38,159
why are you all gathered together this

74

00:03:43,270 --> 00:03:40,319
is it well first of all i really think

75

00:03:45,190 --> 00:03:43,280
you know as i say every week and the the

76

00:03:47,350 --> 00:03:45,200

longtime listener probably gets tired of

77

00:03:49,750 --> 00:03:47,360

hearing me say it but we have new

78

00:03:51,030 --> 00:03:49,760

listeners to the show constantly because

79

00:03:52,070 --> 00:03:51,040

and i know that because i'm getting

80

00:03:54,470 --> 00:03:52,080

emails

81

00:03:56,390 --> 00:03:54,480

almost every week from someone new so

82

00:03:58,789 --> 00:03:56,400

let's uh let's do a round table as far

83

00:04:00,390 --> 00:03:58,799

as introducing ourselves we'll start uh

84

00:04:04,309 --> 00:04:00,400

we'll start with you jan since you're

85

00:04:07,270 --> 00:04:05,830

okay

86

00:04:09,350 --> 00:04:07,280

um

87

00:04:11,350 --> 00:04:09,360

i have a

88

00:04:13,270 --> 00:04:11,360

history degree from the university of

89

00:04:16,629 --> 00:04:13,280

maryland

90

00:04:18,069 --> 00:04:16,639

i spent uh 50 years stealing from the

91

00:04:20,949 --> 00:04:18,079

government

92

00:04:22,310 --> 00:04:20,959

uh 25 years in the

93

00:04:27,030 --> 00:04:22,320

army

94

00:04:32,310 --> 00:04:30,310

i've been interested in ufos since uh

95

00:04:35,110 --> 00:04:32,320

junior high

96

00:04:39,350 --> 00:04:35,120

so that's back in the uh

97

00:04:42,710 --> 00:04:40,469

and

98

00:04:45,510 --> 00:04:42,720

basically what i've been doing for 50

99

00:04:48,950 --> 00:04:45,520

years is collecting material

100

00:04:53,350 --> 00:04:48,960

and now it's time to put it all together

101
00:04:54,870 --> 00:04:53,360
and get it filed and get it scanned

102
00:04:56,710 --> 00:04:54,880
and that's kind of what you're doing

103
00:04:58,710 --> 00:04:56,720
that's part of what you're doing there

104
00:05:00,070 --> 00:04:58,720
correct that's what that's what we're

105
00:05:04,310 --> 00:05:00,080
doing here

106
00:05:08,629 --> 00:05:06,230
all right dave it's your turn

107
00:05:10,950 --> 00:05:08,639
yeah uh you know david marlar

108
00:05:12,629 --> 00:05:10,960
independent ufo researcher historian

109
00:05:14,790 --> 00:05:12,639
really following the footsteps of these

110
00:05:17,029 --> 00:05:14,800
two gentlemen who really paved the way

111
00:05:19,189 --> 00:05:17,039
along with many other great credible ufo

112
00:05:21,110 --> 00:05:19,199
researchers and historians i got

113
00:05:22,790 --> 00:05:21,120

involved in 1990

114

00:05:24,710 --> 00:05:22,800

in the subject actively had been

115

00:05:27,189 --> 00:05:24,720

interested since i was a young kid but

116

00:05:29,590 --> 00:05:27,199

uh not really till 1990 to get involved

117

00:05:31,430 --> 00:05:29,600

and really uh touching on what we're

118

00:05:33,189 --> 00:05:31,440

doing right now martin

119

00:05:34,710 --> 00:05:33,199

when i first got involved in ufos i

120

00:05:36,790 --> 00:05:34,720

rather naively thought i could go to the

121

00:05:39,909 --> 00:05:36,800

local libraries and look at books on

122

00:05:42,550 --> 00:05:39,919

ufos and much to my disappointment there

123

00:05:44,469 --> 00:05:42,560

were few if any ufo books at the local

124

00:05:45,990 --> 00:05:44,479

libraries and

125

00:05:47,590 --> 00:05:46,000

rather naively

126
00:05:50,070 --> 00:05:47,600
the the thought crossed my mind well

127
00:05:53,110 --> 00:05:50,080
i'll have to just create my own library

128
00:05:55,830 --> 00:05:53,120
little did i realize 31 years later it

129
00:05:57,510 --> 00:05:55,840
would get to this point uh and we're in

130
00:05:59,510 --> 00:05:57,520
the process of still collecting new

131
00:06:01,830 --> 00:05:59,520
material new information but

132
00:06:03,430 --> 00:06:01,840
uh to jan's point you know we're here

133
00:06:04,550 --> 00:06:03,440
really trying to organize the material

134
00:06:06,710 --> 00:06:04,560
scan it

135
00:06:09,270 --> 00:06:06,720
it's nice to have a physical archive

136
00:06:10,870 --> 00:06:09,280
wherever that may be but realistically

137
00:06:12,870 --> 00:06:10,880
we want to make sure this information is

138
00:06:14,790 --> 00:06:12,880

readily available to the worldwide ufo

139

00:06:17,430 --> 00:06:14,800

community and the ultimate goal is not

140

00:06:19,189 --> 00:06:17,440

just to amass the physical materials but

141

00:06:21,749 --> 00:06:19,199

to jan's point get to the point where

142

00:06:23,510 --> 00:06:21,759

we're now digitizing it and eventually

143

00:06:26,150 --> 00:06:23,520

making it free and available to the

144

00:06:27,749 --> 00:06:26,160

worldwide ufo community because

145

00:06:29,430 --> 00:06:27,759

with all due respect to my colleagues

146

00:06:31,270 --> 00:06:29,440

here at the table as well as myself

147

00:06:33,029 --> 00:06:31,280

there's a lot smarter people than us

148

00:06:35,270 --> 00:06:33,039

that might be able to piece together

149

00:06:37,909 --> 00:06:35,280

these disparate elements regarding the

150

00:06:40,230 --> 00:06:37,919

ufo history and the ufo subject and

151
00:06:41,990 --> 00:06:40,240
maybe begin to come closer to gleaning

152
00:06:43,430 --> 00:06:42,000
answers to what this phenomenon's all

153
00:06:44,629 --> 00:06:43,440
about

154
00:06:46,629 --> 00:06:44,639
excellent

155
00:06:48,790 --> 00:06:46,639
all right you're up barry

156
00:06:52,790 --> 00:06:48,800
yeah well i've been investigating and

157
00:06:55,029 --> 00:06:52,800
researching ufos since 1964.

158
00:06:57,270 --> 00:06:55,039
i had a long-term interest in the

159
00:06:59,909 --> 00:06:57,280
history of the subject

160
00:07:01,909 --> 00:06:59,919
i could divide what i've done in it into

161
00:07:04,550 --> 00:07:01,919
two parts the first part might be

162
00:07:07,350 --> 00:07:04,560
considered government historical

163
00:07:09,670 --> 00:07:07,360

where in the late 70s i began to use the

164

00:07:12,550 --> 00:07:09,680

freedom of information act with a few

165

00:07:15,350 --> 00:07:12,560

other researchers to

166

00:07:18,710 --> 00:07:15,360

release government papers on ufos

167

00:07:21,430 --> 00:07:18,720

project blue book had closed in 1969 but

168

00:07:23,589 --> 00:07:21,440

it was clear evidence that

169

00:07:27,029 --> 00:07:23,599

the government was still doing work on

170

00:07:28,390 --> 00:07:27,039

the subject so we use the the foia

171

00:07:32,790 --> 00:07:28,400

to

172

00:07:34,870 --> 00:07:32,800

that at least a dozen different agencies

173

00:07:36,870 --> 00:07:34,880

records on the subject and it was quite

174

00:07:39,670 --> 00:07:36,880

amazing what was coming out

175

00:07:41,670 --> 00:07:39,680

each release led to more releases

176

00:07:44,469 --> 00:07:41,680

because of the information contained in

177

00:07:47,589 --> 00:07:44,479

the in the earlier information so

178

00:07:49,749 --> 00:07:47,599

we amassed somewhere around 4 000 pages

179

00:07:52,150 --> 00:07:49,759

up to 1984

180

00:07:53,029 --> 00:07:52,160

and at that point we decided to do a

181

00:07:54,629 --> 00:07:53,039

book

182

00:07:57,430 --> 00:07:54,639

explaining

183

00:08:00,629 --> 00:07:57,440

what was coming out and i wrote it with

184

00:08:03,189 --> 00:08:00,639

lawrence faucets called clear intent

185

00:08:05,350 --> 00:08:03,199

later called the ufo cover-up

186

00:08:07,749 --> 00:08:05,360

and then uh

187

00:08:10,390 --> 00:08:07,759

the foia became more and more difficult

188

00:08:13,350 --> 00:08:10,400

to use with succeeding administrations

189

00:08:15,589 --> 00:08:13,360

and i decided to shift over into

190

00:08:18,550 --> 00:08:15,599

ufo history and

191

00:08:20,710 --> 00:08:18,560

from that archiving uh to attempt to

192

00:08:22,469 --> 00:08:20,720

preserve the historical record on the

193

00:08:24,869 --> 00:08:22,479

subject which was in

194

00:08:25,830 --> 00:08:24,879

great danger of disappearing

195

00:08:28,869 --> 00:08:25,840

due to

196

00:08:30,869 --> 00:08:28,879

neglect uh

197

00:08:33,750 --> 00:08:30,879

people passing on not leaving their

198

00:08:36,469 --> 00:08:33,760

records to others to take care of and

199

00:08:38,469 --> 00:08:36,479

and we needed a not only archiving but

200

00:08:41,430 --> 00:08:38,479

we needed a network

201

00:08:44,389 --> 00:08:41,440

to make sure that that uh

202

00:08:46,870 --> 00:08:44,399

information circulated freely i i call

203

00:08:48,470 --> 00:08:46,880

this new project uh preservation and

204

00:08:50,949 --> 00:08:48,480

dissemination

205

00:08:53,350 --> 00:08:50,959

we need to scan and preserve the records

206

00:08:55,990 --> 00:08:53,360

first and then once that's done to

207

00:08:57,350 --> 00:08:56,000

disseminate to interested parties so

208

00:09:00,070 --> 00:08:57,360

that they can see what the history of

209

00:09:02,389 --> 00:09:00,080

the subject was all about

210

00:09:04,470 --> 00:09:02,399

right and uh i don't know who wants to

211

00:09:06,389 --> 00:09:04,480

to handle this part of it but

212

00:09:09,350 --> 00:09:06,399

how do you do you feel that the

213

00:09:11,430 --> 00:09:09,360

digitizing of this is going to perhaps

214

00:09:13,590 --> 00:09:11,440

draw the younger

215

00:09:15,829 --> 00:09:13,600

enthusiast

216

00:09:17,670 --> 00:09:15,839

as interest because it's digital

217

00:09:20,230 --> 00:09:17,680

um or dave let me ask you this do you

218

00:09:22,150 --> 00:09:20,240

have any young people has there been any

219

00:09:23,829 --> 00:09:22,160

young researchers interested enough to

220

00:09:25,670 --> 00:09:23,839

actually make a trip there

221

00:09:27,990 --> 00:09:25,680

uh a few

222

00:09:29,509 --> 00:09:28,000

definitely a few but uh to your point

223

00:09:32,230 --> 00:09:29,519

you know martin we're concerned about

224

00:09:34,790 --> 00:09:32,240

the future of ufology in the sense that

225

00:09:36,710 --> 00:09:34,800

uh and and i really would uh take this

226

00:09:38,230 --> 00:09:36,720

this statement and extrapolate it with

227

00:09:40,630 --> 00:09:38,240

history in general

228

00:09:42,710 --> 00:09:40,640

most people aren't interested in history

229

00:09:45,110 --> 00:09:42,720

whether it's ufo history world war ii

230

00:09:47,509 --> 00:09:45,120

history there are those historians those

231

00:09:49,350 --> 00:09:47,519

enthusiasts but admittedly you know

232

00:09:51,670 --> 00:09:49,360

quite often i get asked at conferences

233

00:09:54,150 --> 00:09:51,680

what's the latest greatest in ufo

234

00:09:56,070 --> 00:09:54,160

research and i don't care what's new i

235

00:09:58,310 --> 00:09:56,080

care what's credible and to be quite

236

00:10:00,710 --> 00:09:58,320

honest some of the most credible cases

237

00:10:03,509 --> 00:10:00,720

are 30 40 50 years old in the

238

00:10:06,630 --> 00:10:03,519

government's own files and in the you

239

00:10:08,389 --> 00:10:06,640

know historic uh dr jl and heinekoss

240

00:10:11,509 --> 00:10:08,399

files here that we have

241

00:10:13,910 --> 00:10:11,519

and uh so i think it's incumbent upon us

242

00:10:16,310 --> 00:10:13,920

to really sift through all of this

243

00:10:17,990 --> 00:10:16,320

decades worth of material and really

244

00:10:20,389 --> 00:10:18,000

distill it down to what are the most

245

00:10:22,470 --> 00:10:20,399

credible cases uh admittedly and we

246

00:10:24,710 --> 00:10:22,480

always say this but i think we always

247

00:10:27,269 --> 00:10:24,720

have to say this the vast majority of

248

00:10:30,310 --> 00:10:27,279

ufo sightings can be easily dismissed as

249

00:10:32,870 --> 00:10:30,320

meteors and satellites and atmospheric

250

00:10:35,750 --> 00:10:32,880

conditions that that yield unusual you

251

00:10:38,470 --> 00:10:35,760

know uh visual imagery or optics or

252

00:10:40,310 --> 00:10:38,480

airplanes seen at a distance um but

253

00:10:42,630 --> 00:10:40,320

there is that small subset that

254

00:10:44,870 --> 00:10:42,640

definitely deserves to be investigated

255

00:10:47,590 --> 00:10:44,880

and i would say that since the pentagon

256

00:10:49,829 --> 00:10:47,600

report this year that we are starting to

257

00:10:52,630 --> 00:10:49,839

see mainstream scientists and scientific

258

00:10:55,509 --> 00:10:52,640

organizations take an interest dr avi

259

00:10:57,829 --> 00:10:55,519

loeb of harvard as well as nasa has even

260

00:10:59,590 --> 00:10:57,839

started looking into the subject so

261

00:11:03,110 --> 00:10:59,600

we're seeing a sea change within the

262

00:11:07,190 --> 00:11:05,430

so could i hear that yeah absolutely

263

00:11:08,150 --> 00:11:07,200

sure go right ahead

264

00:11:13,190 --> 00:11:08,160

our

265

00:11:15,190 --> 00:11:13,200

uh that's not the only one but that's

266

00:11:18,550 --> 00:11:15,200

the main one

267

00:11:20,870 --> 00:11:18,560

we are not were interested in uh hunting

268

00:11:22,630 --> 00:11:20,880

for aliens or

269

00:11:26,470 --> 00:11:22,640

um

270

00:11:28,389 --> 00:11:26,480

speculating on what's going on

271

00:11:31,350 --> 00:11:28,399

uh you you

272

00:11:34,230 --> 00:11:31,360

can't really study ufos you can study

273

00:11:35,350 --> 00:11:34,240

ufo reports

274

00:11:37,430 --> 00:11:35,360

but

275

00:11:40,230 --> 00:11:37,440

the united states air force and project

276
00:11:41,269 --> 00:11:40,240
blue book were real things that

277
00:11:46,710 --> 00:11:41,279
uh

278
00:11:48,630 --> 00:11:46,720
information

279
00:11:52,389 --> 00:11:48,640
uh

280
00:11:53,910 --> 00:11:52,399
records

281
00:11:54,870 --> 00:11:53,920
and uh

282
00:11:57,350 --> 00:11:54,880
um

283
00:12:00,069 --> 00:11:57,360
interviews that you can study

284
00:12:01,590 --> 00:12:00,079
and of course the ufo witnesses

285
00:12:03,990 --> 00:12:01,600
and other

286
00:12:07,350 --> 00:12:04,000
organizations that were interested in

287
00:12:10,949 --> 00:12:07,360
official organizations in a lot of cases

288
00:12:15,269 --> 00:12:10,959

that were interested in the subject so

289

00:12:22,550 --> 00:12:19,110

have a reservoir of ufo cases

290

00:12:24,550 --> 00:12:22,560

that hopefully somebody in the future

291

00:12:26,230 --> 00:12:24,560

and hopefully somebody with a lot of

292

00:12:27,829 --> 00:12:26,240

scientific

293

00:12:36,629 --> 00:12:27,839

uh

294

00:12:37,430 --> 00:12:36,639

is is far more competent than we are in

295

00:12:39,509 --> 00:12:37,440

play

296

00:12:41,670 --> 00:12:39,519

pacing things together

297

00:12:43,509 --> 00:12:41,680

they will have a record that they can

298

00:12:45,990 --> 00:12:43,519

call on

299

00:12:48,629 --> 00:12:46,000

right right um

300

00:12:50,069 --> 00:12:48,639

i'm gonna throw this out to you just

301
00:12:52,470 --> 00:12:50,079
because it's a little frustrating and i

302
00:12:56,150 --> 00:12:52,480
don't know who would like to handle this

303
00:12:58,550 --> 00:12:56,160
but um one of the things in the report

304
00:13:00,470 --> 00:12:58,560
i believe um i did read through it it

305
00:13:02,550 --> 00:13:00,480
was some when it first came out

306
00:13:04,949 --> 00:13:02,560
but it seemed like they were not going

307
00:13:07,350 --> 00:13:04,959
to investigate earlier cases because

308
00:13:10,310 --> 00:13:07,360
they say they didn't have the equipment

309
00:13:13,829 --> 00:13:10,320
and technology to to really um

310
00:13:16,629 --> 00:13:13,839
gain good data from that and my

311
00:13:17,430 --> 00:13:16,639
my argument with that whole thing is

312
00:13:21,509 --> 00:13:17,440
one

313
00:13:22,470 --> 00:13:21,519

amazing cases that are 30 and 40 years

314

00:13:24,389 --> 00:13:22,480

old

315

00:13:26,389 --> 00:13:24,399

and two

316

00:13:28,150 --> 00:13:26,399

they often say well

317

00:13:30,069 --> 00:13:28,160

these things that peop the pilots are

318

00:13:32,790 --> 00:13:30,079

seeing could be russian they could be

319

00:13:35,430 --> 00:13:32,800

chinese and they throw out all the old

320

00:13:38,069 --> 00:13:35,440

cases where things were doing 25 000

321

00:13:40,870 --> 00:13:38,079

miles an hour and stopping on a dime so

322

00:13:44,150 --> 00:13:40,880

i don't know if anyone wants to uh take

323

00:13:46,870 --> 00:13:44,160

you know just kind of uh elaborate on on

324

00:13:49,509 --> 00:13:46,880

what's frustrating

325

00:13:51,750 --> 00:13:49,519

i would just add to that uh that i've

326

00:13:54,550 --> 00:13:51,760

always stated in my lectures do not look

327

00:13:56,949 --> 00:13:54,560

at one ufo case in a vacuum we have

328

00:13:58,310 --> 00:13:56,959

decades worth of worldwide reports and i

329

00:14:00,389 --> 00:13:58,320

believe one of the strongest most

330

00:14:03,269 --> 00:14:00,399

compelling things we can do

331

00:14:05,030 --> 00:14:03,279

uh in absence of having hard physical

332

00:14:07,509 --> 00:14:05,040

evidence is looking for patterns in the

333

00:14:09,990 --> 00:14:07,519

data i believe patterns in the data are

334

00:14:11,670 --> 00:14:10,000

suggestive of a real phenomenon whatever

335

00:14:13,829 --> 00:14:11,680

that is uh you know it's still the

336

00:14:14,949 --> 00:14:13,839

elusive question what what are we

337

00:14:17,269 --> 00:14:14,959

dealing with

338

00:14:19,110 --> 00:14:17,279

but to your point uh there's what's in

339

00:14:21,590 --> 00:14:19,120

the pentagon report and what's not

340

00:14:22,790 --> 00:14:21,600

what's not in the report is any modicum

341

00:14:24,710 --> 00:14:22,800

of history

342

00:14:27,189 --> 00:14:24,720

if you were to read that report and you

343

00:14:30,710 --> 00:14:27,199

never heard of ufos before you would

344

00:14:32,550 --> 00:14:30,720

think that this phenomenon began in 2004

345

00:14:34,629 --> 00:14:32,560

based on the time frame of cases

346

00:14:36,389 --> 00:14:34,639

military cases that they were looking at

347

00:14:37,910 --> 00:14:36,399

and of course your audience know that's

348

00:14:40,870 --> 00:14:37,920

not the case

349

00:14:43,590 --> 00:14:40,880

there is a wealth of information as

350

00:14:45,269 --> 00:14:43,600

barry has shown with his research

351
00:14:46,710 --> 00:14:45,279
looking at the government's own records

352
00:14:48,949 --> 00:14:46,720
you don't have to look at tabloids you

353
00:14:51,030 --> 00:14:48,959
don't have to trust ufo investigators

354
00:14:52,710 --> 00:14:51,040
look at the declassified documents that

355
00:14:55,430 --> 00:14:52,720
exist through barry greenwood's efforts

356
00:14:57,350 --> 00:14:55,440
and later john greenwald's efforts in

357
00:14:59,430 --> 00:14:57,360
getting these documents released and

358
00:15:01,430 --> 00:14:59,440
made available to the general public

359
00:15:03,590 --> 00:15:01,440
they're highly compelling cases in these

360
00:15:06,230 --> 00:15:03,600
in these matters and then when we start

361
00:15:08,389 --> 00:15:06,240
collecting this data you do start to

362
00:15:10,790 --> 00:15:08,399
correlate i think as jan alluded to

363
00:15:13,430 --> 00:15:10,800

newspaper accounts with civilian ufo

364

00:15:15,990 --> 00:15:13,440

investigations with government documents

365

00:15:17,990 --> 00:15:16,000

and what i'm working on currently are

366

00:15:20,710 --> 00:15:18,000

vintage archival interview recordings

367

00:15:23,430 --> 00:15:20,720

with ufo witnesses when you synthesize

368

00:15:25,590 --> 00:15:23,440

all these disparate elements it helps

369

00:15:26,389 --> 00:15:25,600

paint a picture it adds color it adds

370

00:15:29,590 --> 00:15:26,399

depth

371

00:15:31,910 --> 00:15:29,600

to this phenomenon that we're looking at

372

00:15:34,470 --> 00:15:31,920

and i think it's somewhat ludicrous that

373

00:15:37,670 --> 00:15:34,480

they arbitrarily want to discount all

374

00:15:39,189 --> 00:15:37,680

this information prior to 2004 when they

375

00:15:40,949 --> 00:15:39,199

themselves have never even looked to see

376

00:15:41,910 --> 00:15:40,959

what data we're sitting on

377

00:15:43,829 --> 00:15:41,920

and so

378

00:15:45,590 --> 00:15:43,839

i find it you know a rather arbitrary

379

00:15:47,590 --> 00:15:45,600

way of approaching the subject i

380

00:15:49,590 --> 00:15:47,600

certainly encourage anyone to come into

381

00:15:51,829 --> 00:15:49,600

the field especially if they have that

382

00:15:53,829 --> 00:15:51,839

scientific acumen to bring to the table

383

00:15:55,910 --> 00:15:53,839

to look at this phenomenon but i think

384

00:15:57,509 --> 00:15:55,920

they're doing themselves a disservice uh

385

00:15:59,670 --> 00:15:57,519

you know at the very beginning by just

386

00:16:01,430 --> 00:15:59,680

arbitrarily ignoring the decades worth

387

00:16:03,189 --> 00:16:01,440

of information that we have

388

00:16:05,990 --> 00:16:03,199

yeah anyone else want to

389

00:16:08,870 --> 00:16:06,000

okay here is a uh

390

00:16:11,509 --> 00:16:08,880

a report from the korean war

391

00:16:13,590 --> 00:16:11,519

in uh 31

392

00:16:15,990 --> 00:16:13,600

may 1952

393

00:16:18,629 --> 00:16:16,000

they brought over the highest tech

394

00:16:21,430 --> 00:16:18,639

aircraft they could from the united

395

00:16:25,910 --> 00:16:23,509

and they didn't want the uh

396

00:16:29,030 --> 00:16:25,920

chinese or north koreans to get it so it

397

00:16:33,110 --> 00:16:29,040

was behind the lines so

398

00:16:36,629 --> 00:16:33,120

uh aerial objects that penetrated the uh

399

00:16:38,470 --> 00:16:36,639

the lines were that this these guys took

400

00:16:40,949 --> 00:16:38,480

care of it they had the

401
00:16:43,670 --> 00:16:40,959
at the time it was the highest tech that

402
00:16:45,350 --> 00:16:43,680
existed f-94

403
00:16:46,550 --> 00:16:45,360
uh

404
00:16:49,430 --> 00:16:46,560
aircraft

405
00:16:51,189 --> 00:16:49,440
uh it could go faster than others and it

406
00:16:55,030 --> 00:16:51,199
it had the uh

407
00:16:58,230 --> 00:16:55,040
uh afterburners so it it could uh

408
00:17:00,069 --> 00:16:58,240
supply more speed it had radar

409
00:17:02,069 --> 00:17:00,079
and these were the

410
00:17:02,949 --> 00:17:02,079
the best trained people they sent over

411
00:17:05,270 --> 00:17:02,959
with

412
00:17:08,710 --> 00:17:05,280
one night

413
00:17:10,390 --> 00:17:08,720

uh one f-94s

414

00:17:13,189 --> 00:17:10,400

uh

415

00:17:14,549 --> 00:17:13,199

kind and so i saw a light

416

00:17:17,270 --> 00:17:14,559

and they

417

00:17:19,270 --> 00:17:17,280

uh went to uh

418

00:17:21,909 --> 00:17:19,280

uh investigate

419

00:17:24,230 --> 00:17:21,919

and this will sound familiar if you

420

00:17:25,110 --> 00:17:24,240

listen to the

421

00:17:30,390 --> 00:17:25,120

uh

422

00:17:31,990 --> 00:17:30,400

flavor and his

423

00:17:35,029 --> 00:17:32,000

companions

424

00:17:36,950 --> 00:17:35,039

from the f-18s they started descending

425

00:17:40,070 --> 00:17:36,960

towards the light

426
00:17:42,230 --> 00:17:40,080
and the light mirrored their image

427
00:17:44,830 --> 00:17:42,240
another was coming up

428
00:17:48,150 --> 00:17:44,840
as they're going down

429
00:17:50,630 --> 00:17:48,160
uh and uh

430
00:17:52,230 --> 00:17:50,640
it was a close approach case

431
00:17:54,549 --> 00:17:52,240
it came head-on

432
00:17:56,549 --> 00:17:54,559
at them several times

433
00:17:58,310 --> 00:17:56,559
within 50 to 100

434
00:18:00,070 --> 00:17:58,320
feet

435
00:18:01,110 --> 00:18:00,080
um

436
00:18:08,150 --> 00:18:01,120
uh

437
00:18:11,110 --> 00:18:08,160
guy he said

438
00:18:12,310 --> 00:18:11,120

he after that encounter as fast as they

439

00:18:14,710 --> 00:18:12,320

were going

440

00:18:17,190 --> 00:18:14,720

and as uh

441

00:18:19,029 --> 00:18:17,200

um scared as they were

442

00:18:21,990 --> 00:18:19,039

he was sweating

443

00:18:23,909 --> 00:18:22,000

um

444

00:18:26,310 --> 00:18:23,919

they investigated they sent over

445

00:18:30,150 --> 00:18:26,320

investigators from japan who were

446

00:18:32,710 --> 00:18:30,160

intelligence people and uh

447

00:18:34,470 --> 00:18:32,720

the colonel asked him he says

448

00:18:36,150 --> 00:18:34,480

you get many of these and he says yes we

449

00:18:40,230 --> 00:18:36,160

get a lot

450

00:18:43,270 --> 00:18:40,240

and but yours is the best aircraft case

451
00:18:44,789 --> 00:18:43,280
at night because you got the closest to

452
00:18:46,549 --> 00:18:44,799
these ufos

453
00:18:48,310 --> 00:18:46,559
now

454
00:18:52,470 --> 00:18:48,320
we don't have the high tech that we have

455
00:18:54,710 --> 00:18:52,480
in 2004 but it's this case is similar

456
00:18:58,070 --> 00:18:54,720
and it was with the highest tech they

457
00:18:59,750 --> 00:18:58,080
had in 1952

458
00:19:02,150 --> 00:18:59,760
that to me

459
00:19:04,549 --> 00:19:02,160
you put the two together and you say

460
00:19:09,430 --> 00:19:06,789
yeah our technology has evolved but

461
00:19:12,390 --> 00:19:09,440
these ufos are still faster

462
00:19:14,070 --> 00:19:12,400
and more maneuverable

463
00:19:15,350 --> 00:19:14,080

absolutely

464

00:19:17,750 --> 00:19:15,360

um

465

00:19:19,190 --> 00:19:17,760

anything uh from you on that barry at

466

00:19:21,830 --> 00:19:19,200

all yeah

467

00:19:23,750 --> 00:19:21,840

the uap task force report was released

468

00:19:27,110 --> 00:19:23,760

during the summer time and

469

00:19:30,230 --> 00:19:27,120

it made what i thought were some pretty

470

00:19:32,950 --> 00:19:30,240

remarkable conclusions in saying that

471

00:19:36,549 --> 00:19:32,960

that the phenomenon was real

472

00:19:39,270 --> 00:19:36,559

and was a national security threat

473

00:19:41,830 --> 00:19:39,280

i had decided that 40 years ago when i

474

00:19:43,909 --> 00:19:41,840

wrote content with larry fawcett that

475

00:19:46,549 --> 00:19:43,919

the documents then

476
00:19:47,350 --> 00:19:46,559
alluded to national security threats and

477
00:19:52,310 --> 00:19:47,360
a

478
00:19:54,470 --> 00:19:52,320
more so uh they

479
00:19:57,350 --> 00:19:54,480
wrote a commentary

480
00:19:59,909 --> 00:19:57,360
on the task force report and

481
00:20:01,510 --> 00:19:59,919
one of the things that had been included

482
00:20:02,549 --> 00:20:01,520
at the end was

483
00:20:05,110 --> 00:20:02,559
a letter

484
00:20:08,870 --> 00:20:05,120
that was written in 1947

485
00:20:11,029 --> 00:20:08,880
and signed by general nathan twining

486
00:20:12,950 --> 00:20:11,039
for the air force and

487
00:20:14,950 --> 00:20:12,960
he was saying the phenomenon was real

488
00:20:16,470 --> 00:20:14,960

and not fictitious and there was very

489

00:20:19,110 --> 00:20:16,480

concern about it

490

00:20:21,430 --> 00:20:19,120

that was at the dawn of the modern

491

00:20:23,750 --> 00:20:21,440

flying saucer era

492

00:20:25,830 --> 00:20:23,760

it's amazing how

493

00:20:27,270 --> 00:20:25,840

70-plus years have passed and they're

494

00:20:29,029 --> 00:20:27,280

pretty much acknowledging that the

495

00:20:30,789 --> 00:20:29,039

phenomenon is doing the same thing it

496

00:20:33,669 --> 00:20:30,799

did back then

497

00:20:35,750 --> 00:20:33,679

yes i had i had

498

00:20:37,430 --> 00:20:35,760

kevin randall on right

499

00:20:39,350 --> 00:20:37,440

the day that they released that or of

500

00:20:41,669 --> 00:20:39,360

the week i should say that they

501
00:20:44,230 --> 00:20:41,679
released that he said you could almost

502
00:20:47,590 --> 00:20:44,240
go you know cut and paste from the

503
00:20:49,430 --> 00:20:47,600
twining in a lot of uh in a lot of ways

504
00:20:50,789 --> 00:20:49,440
you know it's almost like a remake of

505
00:20:52,870 --> 00:20:50,799
that uh

506
00:20:56,549 --> 00:20:52,880
just letting the listener know i have a

507
00:20:58,789 --> 00:20:56,559
very interesting guest coming up he's a

508
00:21:01,190 --> 00:20:58,799
professor emeritus of art

509
00:21:02,789 --> 00:21:01,200
in arizona his name is alfred

510
00:21:04,789 --> 00:21:02,799
i have his last name i'm not sure

511
00:21:06,390 --> 00:21:04,799
exactly how to pronounce it

512
00:21:08,470 --> 00:21:06,400
but i'll know that by the show he'll be

513
00:21:12,710 --> 00:21:08,480

on october 19th

514

00:21:14,149 --> 00:21:12,720

and uh he had two encounters in 1966

515

00:21:17,110 --> 00:21:14,159

in vietnam

516

00:21:19,110 --> 00:21:17,120

while he was aboard the uss wiederberg

517

00:21:20,549 --> 00:21:19,120

um so this is going to he's going to be

518

00:21:22,630 --> 00:21:20,559

the first time that he's speaking out

519

00:21:25,750 --> 00:21:22,640

about that that's coming up in october

520

00:21:28,310 --> 00:21:25,760

19th so there are many many military

521

00:21:30,470 --> 00:21:28,320

encounters i'm very excited to have

522

00:21:32,390 --> 00:21:30,480

someone talk that was involved in the

523

00:21:35,590 --> 00:21:32,400

vietnam war he's going to be talking

524

00:21:37,830 --> 00:21:35,600

about an encounter i can't wait for that

525

00:21:39,750 --> 00:21:37,840

so that's uh coming up in october on

526
00:21:41,350 --> 00:21:39,760
october 19th

527
00:21:43,270 --> 00:21:41,360
and so

528
00:21:45,190 --> 00:21:43,280
uh what about people

529
00:21:46,950 --> 00:21:45,200
i mentioned earlier i know you want to

530
00:21:47,990 --> 00:21:46,960
ha i know you actually have someone that

531
00:21:49,750 --> 00:21:48,000
traveled

532
00:21:51,669 --> 00:21:49,760
uh from the east coast there just

533
00:21:55,830 --> 00:21:51,679
arrived just before the show

534
00:21:57,990 --> 00:21:55,840
um and welcome i'll say jay welcome uh i

535
00:22:00,470 --> 00:21:58,000
know you're listening in so does that

536
00:22:02,789 --> 00:22:00,480
happen a lot do you get people from

537
00:22:04,710 --> 00:22:02,799
all over visiting from all over yeah

538
00:22:06,549 --> 00:22:04,720

that's one of the the wonderful things

539

00:22:08,470 --> 00:22:06,559

is not only being able to assemble all

540

00:22:10,470 --> 00:22:08,480

this material but make it available to

541

00:22:12,710 --> 00:22:10,480

researchers and interested parties as

542

00:22:15,350 --> 00:22:12,720

well as production groups and media i

543

00:22:17,990 --> 00:22:15,360

might add uh about two months ago now i

544

00:22:20,149 --> 00:22:18,000

believe it's been time flies uh we had

545

00:22:21,669 --> 00:22:20,159

ross colthardt here

546

00:22:24,310 --> 00:22:21,679

for his uh

547

00:22:26,149 --> 00:22:24,320

seven news uh spotlight uh documentary

548

00:22:27,669 --> 00:22:26,159

the phenomenon and in fact i was sitting

549

00:22:29,830 --> 00:22:27,679

right here with ross

550

00:22:31,190 --> 00:22:29,840

and uh was really it was a pleasure

551
00:22:33,590 --> 00:22:31,200
meeting him he was really a true

552
00:22:35,029 --> 00:22:33,600
gentleman true professional and was

553
00:22:36,470 --> 00:22:35,039
really happy to be part of that that

554
00:22:37,909 --> 00:22:36,480
production which i think really had high

555
00:22:40,470 --> 00:22:37,919
production value to be quite honest

556
00:22:42,870 --> 00:22:40,480
compared to most

557
00:22:45,190 --> 00:22:42,880
and ross takes the subject extremely

558
00:22:47,430 --> 00:22:45,200
seriously i i can assure you from having

559
00:22:49,110 --> 00:22:47,440
uh very lengthy private conversations

560
00:22:51,669 --> 00:22:49,120
with him but

561
00:22:52,950 --> 00:22:51,679
you know they want to be able to talk

562
00:22:54,390 --> 00:22:52,960
about the history they want to be able

563
00:22:55,990 --> 00:22:54,400

to show the history

564

00:22:58,149 --> 00:22:56,000

and you know something that i think

565

00:22:59,750 --> 00:22:58,159

barry and jan and i have discussed in

566

00:23:01,750 --> 00:22:59,760

the last week or so

567

00:23:03,590 --> 00:23:01,760

it's great that we want to digitize this

568

00:23:04,870 --> 00:23:03,600

information and by the way i want to

569

00:23:06,630 --> 00:23:04,880

mention we've also been working

570

00:23:09,350 --> 00:23:06,640

collaboratively with rod dyke up in

571

00:23:11,669 --> 00:23:09,360

seattle who has a vast ufo historical

572

00:23:15,190 --> 00:23:11,679

archive so i've kind of turned us the

573

00:23:16,950 --> 00:23:15,200

four amigos uh in this whole endeavor

574

00:23:19,350 --> 00:23:16,960

and we were just discussing with rod

575

00:23:22,789 --> 00:23:19,360

that you know it's really important to

576

00:23:24,549 --> 00:23:22,799

digitize it but for production crews

577

00:23:26,310 --> 00:23:24,559

the last thing they want to see is an

578

00:23:28,390 --> 00:23:26,320

aging researcher sitting in front of a

579

00:23:31,190 --> 00:23:28,400

computer pulling up pdfs

580

00:23:33,909 --> 00:23:31,200

uh they love to see that tattered

581

00:23:36,470 --> 00:23:33,919

government documents stamped top secret

582

00:23:39,830 --> 00:23:36,480

or confidential than crossed out and

583

00:23:42,630 --> 00:23:39,840

then have the actual blue pin signature

584

00:23:43,590 --> 00:23:42,640

and have you know the patina to that old

585

00:23:45,430 --> 00:23:43,600

paper

586

00:23:47,350 --> 00:23:45,440

that's great for production value that's

587

00:23:49,750 --> 00:23:47,360

they want those visual elements to help

588

00:23:51,350 --> 00:23:49,760

tell that story and so yes it's great

589

00:23:52,870 --> 00:23:51,360

we're digitizing but it's also important

590

00:23:55,269 --> 00:23:52,880

to have these original documents

591

00:23:56,950 --> 00:23:55,279

especially when people question

592

00:23:58,789 --> 00:23:56,960

you're saying this where did you get it

593

00:24:00,470 --> 00:23:58,799

from and it's so gratifying to pull out

594

00:24:03,669 --> 00:24:00,480

that government document the original

595

00:24:05,590 --> 00:24:03,679

from 1952 and say here it is

596

00:24:06,470 --> 00:24:05,600

i love that that's the type of thing i'm

597

00:24:08,390 --> 00:24:06,480

into

598

00:24:11,190 --> 00:24:08,400

as uh my background

599

00:24:12,870 --> 00:24:11,200

um has a lot to do with that so i'm

600

00:24:14,390 --> 00:24:12,880

gonna ask people and chat there's not

601
00:24:17,190 --> 00:24:14,400
gonna be any phone calls today we just

602
00:24:18,950 --> 00:24:17,200
don't have that capability but for

603
00:24:21,350 --> 00:24:18,960
people in chat that want to pose a

604
00:24:23,029 --> 00:24:21,360
question please put it in all caps to

605
00:24:25,430 --> 00:24:23,039
make sure that i'll catch it but here's

606
00:24:27,110 --> 00:24:25,440
one from facebook that came in

607
00:24:29,029 --> 00:24:27,120
so just why are they listed as a

608
00:24:31,990 --> 00:24:29,039
security threat when they have never

609
00:24:33,350 --> 00:24:32,000
been hostile towards the military

610
00:24:36,310 --> 00:24:33,360
anyone want to

611
00:24:38,310 --> 00:24:36,320
tackle that well they have

612
00:24:41,909 --> 00:24:38,320
when i did clear intent there are all

613
00:24:44,470 --> 00:24:41,919

sorts of indications of

614

00:24:45,350 --> 00:24:44,480

missile-based nuclear-based penetrations

615

00:24:48,070 --> 00:24:45,360

by

616

00:24:50,149 --> 00:24:48,080

lights helicopters unknown helicopters i

617

00:24:53,269 --> 00:24:50,159

should say unknown aircraft

618

00:24:56,310 --> 00:24:53,279

and at one point the government had

619

00:24:58,630 --> 00:24:56,320

declared a security option three alert

620

00:25:01,990 --> 00:24:58,640

for all of these intrusions

621

00:25:04,549 --> 00:25:02,000

and uh i had tried to find

622

00:25:06,710 --> 00:25:04,559

what was at the bottom of all of these

623

00:25:12,070 --> 00:25:06,720

uh

624

00:25:14,710 --> 00:25:12,080

military was extremely upset with it

625

00:25:17,029 --> 00:25:14,720

but uh to this day we haven't located

626
00:25:18,789 --> 00:25:17,039
any final report on it if one was

627
00:25:19,909 --> 00:25:18,799
written it's being well

628
00:25:22,070 --> 00:25:19,919
hidden

629
00:25:24,390 --> 00:25:22,080
uh and there's there are all sorts of

630
00:25:25,430 --> 00:25:24,400
incidents through history of military

631
00:25:28,310 --> 00:25:25,440
jet

632
00:25:31,430 --> 00:25:28,320
and aircraft chasing strange objects

633
00:25:33,430 --> 00:25:31,440
sometimes shooting at them

634
00:25:35,029 --> 00:25:33,440
unsuccessfully obviously or i think we

635
00:25:37,430 --> 00:25:35,039
would have had the answer to the

636
00:25:40,149 --> 00:25:37,440
phenomenon by now but still

637
00:25:42,149 --> 00:25:40,159
the national security threat has existed

638
00:25:45,190 --> 00:25:42,159

since the early days of the topic and

639

00:25:47,350 --> 00:25:45,200

it's still there according to the uap

640

00:25:49,909 --> 00:25:47,360

task force i think we need to qualify

641

00:25:52,549 --> 00:25:49,919

that though martin and we need to insert

642

00:25:54,230 --> 00:25:52,559

potential threat

643

00:25:57,029 --> 00:25:54,240

it's a it has to be viewed as a

644

00:25:59,590 --> 00:25:57,039

potential threat if you have unknown

645

00:26:01,350 --> 00:25:59,600

aerial vehicles performing exotic flight

646

00:26:03,590 --> 00:26:01,360

characteristics that can fly rings

647

00:26:06,070 --> 00:26:03,600

around your state-of-the-art aircraft

648

00:26:08,870 --> 00:26:06,080

that are violating military airspace

649

00:26:11,430 --> 00:26:08,880

commercial airspace coming dangerously

650

00:26:14,390 --> 00:26:11,440

close to military assets and

651
00:26:16,070 --> 00:26:14,400
commercial uh air traffic uh it has to

652
00:26:17,350 --> 00:26:16,080
be viewed as a potential threat until

653
00:26:18,950 --> 00:26:17,360
they have a better understanding of what

654
00:26:21,190 --> 00:26:18,960
they're dealing with

655
00:26:22,830 --> 00:26:21,200
the uh go ahead

656
00:26:24,470 --> 00:26:22,840
in uh

657
00:26:26,549 --> 00:26:24,480
1960

658
00:26:28,789 --> 00:26:26,559
uh the national investigations committee

659
00:26:31,029 --> 00:26:28,799
on aerial phenomena sent a confidential

660
00:26:33,430 --> 00:26:31,039
report to congress every congressman

661
00:26:36,149 --> 00:26:33,440
every senator got one

662
00:26:38,549 --> 00:26:36,159
one of the lead cases in there

663
00:26:39,669 --> 00:26:38,559

was about a uh

664

00:26:41,909 --> 00:26:39,679

uh

665

00:26:44,549 --> 00:26:41,919

transport aircraft a military

666

00:26:47,590 --> 00:26:44,559

transporter aircraft

667

00:26:50,230 --> 00:26:47,600

uh flying over the pacific

668

00:26:55,110 --> 00:26:53,590

it's not in blue book however

669

00:26:57,510 --> 00:26:55,120

night camp got a

670

00:26:59,029 --> 00:26:57,520

copy somewhere it was not classified

671

00:27:00,630 --> 00:26:59,039

they got a copy

672

00:27:02,070 --> 00:27:00,640

the uh

673

00:27:05,190 --> 00:27:02,080

uh it's

674

00:27:09,029 --> 00:27:05,200

in the files it's in the us

675

00:27:11,830 --> 00:27:09,039

uh intelli uh intelligence command at

676
00:27:12,950 --> 00:27:11,840
fort eustis that's where that's where we

677
00:27:15,110 --> 00:27:12,960
found that

678
00:27:17,990 --> 00:27:15,120
it's also in kyo's book because he got a

679
00:27:22,470 --> 00:27:18,000
copy of it he put it in this report

680
00:27:25,909 --> 00:27:22,480
the pilot says i felt i had been

681
00:27:31,750 --> 00:27:30,070
wow and they picked it up on radar also

682
00:27:34,830 --> 00:27:31,760
um

683
00:27:40,310 --> 00:27:34,840
so they almost had in

684
00:27:44,310 --> 00:27:41,990
hearings on that

685
00:27:46,310 --> 00:27:44,320
because one of the things is

686
00:27:49,029 --> 00:27:46,320
at the time

687
00:27:51,909 --> 00:27:49,039
the reaction time for

688
00:27:53,430 --> 00:27:51,919

you know to uh launch missiles and and

689

00:27:56,070 --> 00:27:53,440

aircraft

690

00:27:58,470 --> 00:27:56,080

was it was very low and

691

00:28:04,070 --> 00:28:01,110

as far as detecting an attack it was it

692

00:28:06,950 --> 00:28:04,080

was you didn't have that much lead time

693

00:28:10,149 --> 00:28:06,960

it's not much better now but

694

00:28:12,230 --> 00:28:10,159

the nightcap thing was a ufo could be

695

00:28:15,190 --> 00:28:12,240

mistaken

696

00:28:16,870 --> 00:28:15,200

for an attack and we could be launching

697

00:28:18,710 --> 00:28:16,880

a a

698

00:28:20,549 --> 00:28:18,720

counter strike

699

00:28:24,389 --> 00:28:20,559

uh based on

700

00:28:26,310 --> 00:28:24,399

the way these ufos act

701
00:28:28,470 --> 00:28:26,320
uh especially if they're coming over the

702
00:28:31,590 --> 00:28:28,480
polls towards

703
00:28:33,269 --> 00:28:31,600
towards the united states

704
00:28:34,950 --> 00:28:33,279
so they almost had congressional

705
00:28:36,310 --> 00:28:34,960
hearings and they had

706
00:28:40,389 --> 00:28:36,320
they had the

707
00:28:42,950 --> 00:28:40,399
armed forces subcommittee in 65

708
00:28:46,149 --> 00:28:42,960
actually do hearings and then they had a

709
00:28:47,430 --> 00:28:46,159
seminar in the astronautic science

710
00:28:52,470 --> 00:28:47,440
committee

711
00:28:57,590 --> 00:28:54,470
interesting interesting that getting

712
00:29:00,470 --> 00:28:57,600
back just quickly i i failed to mention

713
00:29:03,029 --> 00:29:00,480

that the a guest that's going to be on

714

00:29:06,310 --> 00:29:03,039

that had the encounters one of them

715

00:29:08,710 --> 00:29:06,320

the craft was right over the deck

716

00:29:10,310 --> 00:29:08,720

and they were firing they decided to

717

00:29:12,710 --> 00:29:10,320

fire upon it

718

00:29:14,630 --> 00:29:12,720

fired uh tracer bullets which were

719

00:29:16,710 --> 00:29:14,640

ricocheting and bouncing back to the

720

00:29:18,389 --> 00:29:16,720

deck and they all had to take cover

721

00:29:19,269 --> 00:29:18,399

it's going to be uh that's going to be a

722

00:29:23,029 --> 00:29:19,279

very

723

00:29:24,710 --> 00:29:23,039

interesting talk on again on the 19th so

724

00:29:26,870 --> 00:29:24,720

one of the one of the thoughts i have

725

00:29:29,909 --> 00:29:26,880

now these are just thoughts and i'd like

726
00:29:31,110 --> 00:29:29,919
to get your opinions on this this

727
00:29:34,389 --> 00:29:31,120
thought is

728
00:29:37,430 --> 00:29:34,399
that most likely in my opinion

729
00:29:39,029 --> 00:29:37,440
the military doesn't really know

730
00:29:41,269 --> 00:29:39,039
what this is and they may be a little

731
00:29:42,549 --> 00:29:41,279
bit agitated that it's getting so much

732
00:29:44,149 --> 00:29:42,559
attention

733
00:29:46,549 --> 00:29:44,159
um because

734
00:29:48,950 --> 00:29:46,559
they can't promise us that they can

735
00:29:51,350 --> 00:29:48,960
protect us from whatever it is

736
00:29:53,430 --> 00:29:51,360
and if they say we don't know and we

737
00:29:54,630 --> 00:29:53,440
can't you know we have no idea what's

738
00:29:56,310 --> 00:29:54,640

going on

739

00:29:58,230 --> 00:29:56,320

uh i just think that there's only so

740

00:30:00,549 --> 00:29:58,240

much that's going to come out

741

00:30:02,789 --> 00:30:00,559

for that reason i wondered if anyone

742

00:30:06,310 --> 00:30:02,799

would like to uh

743

00:30:08,389 --> 00:30:06,320

talk about uh your own opinion on that

744

00:30:10,149 --> 00:30:08,399

all right i'm sure that there are many

745

00:30:11,990 --> 00:30:10,159

many hidden incidents out there that

746

00:30:14,470 --> 00:30:12,000

we'll never hear about i

747

00:30:16,389 --> 00:30:14,480

i believe documents uh

748

00:30:19,510 --> 00:30:16,399

have already been destroyed relating to

749

00:30:22,789 --> 00:30:19,520

ufo reports they recall a

750

00:30:25,750 --> 00:30:22,799

reproduction of one and in in

751

00:30:27,669 --> 00:30:25,760

the publication of nycap where

752

00:30:29,830 --> 00:30:27,679

uh

753

00:30:31,750 --> 00:30:29,840

it was clearly marked

754

00:30:34,389 --> 00:30:31,760

for destruction that

755

00:30:37,990 --> 00:30:34,399

as far as i know it was never released

756

00:30:39,909 --> 00:30:38,000

other reports have been said to uh uh

757

00:30:41,430 --> 00:30:39,919

suddenly disappeared out of the files

758

00:30:43,350 --> 00:30:41,440

they can't find them anymore if you

759

00:30:46,710 --> 00:30:43,360

follow foia requests

760

00:30:49,669 --> 00:30:46,720

uh mysteriously they're gone uh their

761

00:30:51,990 --> 00:30:49,679

indications and the release files of

762

00:30:55,750 --> 00:30:52,000

numerous documents

763

00:30:57,830 --> 00:30:55,760

relating to sensitive incidents that

764

00:31:00,950 --> 00:30:57,840

haven't been released in subsequent foia

765

00:31:02,710 --> 00:31:00,960

requests specifically for them

766

00:31:06,230 --> 00:31:02,720

again they're gone whether they were

767

00:31:08,310 --> 00:31:06,240

destroyed or misplaced or

768

00:31:10,230 --> 00:31:08,320

stuffed under an auditorium stage

769

00:31:12,230 --> 00:31:10,240

somewhere in a military base it's hard

770

00:31:13,909 --> 00:31:12,240

to say but there's certainly a lot of

771

00:31:16,549 --> 00:31:13,919

information this

772

00:31:18,389 --> 00:31:16,559

i i've gone through a lot of uh ufo

773

00:31:21,750 --> 00:31:18,399

cases and

774

00:31:24,789 --> 00:31:21,760

looked at reference documents or

775

00:31:27,509 --> 00:31:24,799

things like that i have 1100

776

00:31:29,190 --> 00:31:27,519

my databases in 1100

777

00:31:32,470 --> 00:31:29,200

cases

778

00:31:34,630 --> 00:31:32,480

we also have the uh each intelligence

779

00:31:36,149 --> 00:31:34,640

report that goes through the

780

00:31:37,669 --> 00:31:36,159

pentagon

781

00:31:39,669 --> 00:31:37,679

used to be

782

00:31:41,110 --> 00:31:39,679

uh

783

00:31:41,909 --> 00:31:41,120

it still is

784

00:31:43,590 --> 00:31:41,919

uh

785

00:31:45,750 --> 00:31:43,600

serial numbered

786

00:31:47,830 --> 00:31:45,760

and they produce a reference now it's

787

00:31:49,909 --> 00:31:47,840

carried on computers so we can't get at

788

00:31:53,269 --> 00:31:49,919

it but it used to be on

789

00:31:55,029 --> 00:31:53,279

little index cards about this size

790

00:31:57,029 --> 00:31:55,039

and it had

791

00:32:00,470 --> 00:31:57,039

the serial number the

792

00:32:01,669 --> 00:32:00,480

title of the case where it came from

793

00:32:04,630 --> 00:32:01,679

um

794

00:32:08,549 --> 00:32:04,640

what classification it was who some

795

00:32:11,430 --> 00:32:08,559

places where it went to the cia got five

796

00:32:14,230 --> 00:32:11,440

copies of every case that came through

797

00:32:16,710 --> 00:32:14,240

the pentagon and then they say oh we

798

00:32:19,430 --> 00:32:16,720

only have 900 pages

799

00:32:20,389 --> 00:32:19,440

anyways the database is

800

00:32:23,509 --> 00:32:20,399

uh

801
00:32:24,389 --> 00:32:23,519
nowhere close to complete

802
00:32:28,549 --> 00:32:24,399
and

803
00:32:31,269 --> 00:32:28,559
see if there's another a reference to

804
00:32:33,669 --> 00:32:31,279
another report and the

805
00:32:34,630 --> 00:32:33,679
database if we had more people working

806
00:32:38,389 --> 00:32:34,640
on us

807
00:32:40,149 --> 00:32:38,399
the database would grow

808
00:32:41,350 --> 00:32:40,159
now i was able to go down to the

809
00:32:46,630 --> 00:32:41,360
archives

810
00:32:50,710 --> 00:32:46,640
have collections of intelligence reports

811
00:32:53,909 --> 00:32:50,720
and withdraw a number of these reports

812
00:32:55,990 --> 00:32:53,919
they uh they're not in blue book

813
00:32:56,870 --> 00:32:56,000

sometimes we find out they are in blue

814

00:33:00,310 --> 00:32:56,880

book

815

00:33:02,230 --> 00:33:00,320

um but they're mislabeled or

816

00:33:04,070 --> 00:33:02,240

the way blue book titled them is

817

00:33:05,269 --> 00:33:04,080

different than the way

818

00:33:08,549 --> 00:33:05,279

the case is

819

00:33:10,789 --> 00:33:08,559

titled on the index card so it's a it's

820

00:33:13,669 --> 00:33:10,799

a sifting thing to find these things

821

00:33:17,990 --> 00:33:13,679

sometimes we find out that

822

00:33:21,750 --> 00:33:18,000

like uh 1947 january says uh

823

00:33:26,870 --> 00:33:24,389

mystery sightings in greenland it's

824

00:33:28,710 --> 00:33:26,880

nothing about ufos you would think maybe

825

00:33:30,630 --> 00:33:28,720

it would but it doesn't contain a thing

826

00:33:32,549 --> 00:33:30,640

about ufos it's other

827

00:33:34,070 --> 00:33:32,559

it's another it's other subjects

828

00:33:36,630 --> 00:33:34,080

intelligence

829

00:33:38,789 --> 00:33:36,640

but in a lot of cases i've come up with

830

00:33:41,269 --> 00:33:38,799

new reports

831

00:33:43,110 --> 00:33:41,279

that somehow never got into blue book

832

00:33:44,710 --> 00:33:43,120

for some reason

833

00:33:46,870 --> 00:33:44,720

yeah martin i think

834

00:33:48,389 --> 00:33:46,880

i think with regard to the subject the

835

00:33:50,389 --> 00:33:48,399

fundamental question that we should all

836

00:33:52,389 --> 00:33:50,399

be asking and it's amazing how many ufo

837

00:33:54,470 --> 00:33:52,399

researchers don't even ask this question

838

00:33:55,990 --> 00:33:54,480

in light of the pentagon report

839

00:34:01,190 --> 00:33:56,000

why now

840

00:34:03,029 --> 00:34:01,200

with regard to their position regarding

841

00:34:05,269 --> 00:34:03,039

the subject that is the fundamental

842

00:34:06,789 --> 00:34:05,279

question we should all be asking and i

843

00:34:09,270 --> 00:34:06,799

think that is really at the heart of the

844

00:34:11,030 --> 00:34:09,280

matter now there's a lot of conspiracy

845

00:34:13,190 --> 00:34:11,040

theorists within the ufo community for

846

00:34:15,750 --> 00:34:13,200

those that know me i am not one of them

847

00:34:18,629 --> 00:34:15,760

uh i prefer to look for verifiable

848

00:34:20,550 --> 00:34:18,639

factual well-documented evidence and

849

00:34:23,270 --> 00:34:20,560

it's interesting the conspiracy

850

00:34:26,149 --> 00:34:23,280

theorists whether ufos or otherwise they

851
00:34:28,710 --> 00:34:26,159
always view or frame the government as

852
00:34:30,310 --> 00:34:28,720
uh in the know the government knows

853
00:34:32,550 --> 00:34:30,320
what's going on and they're keeping it

854
00:34:34,629 --> 00:34:32,560
secret the government recover the crash

855
00:34:36,149 --> 00:34:34,639
vehicle in roswell we back engineered it

856
00:34:37,829 --> 00:34:36,159
we know why they're here we're now back

857
00:34:39,750 --> 00:34:37,839
engineering ufos and that's all this

858
00:34:41,430 --> 00:34:39,760
advanced technology

859
00:34:43,349 --> 00:34:41,440
they give the government too much credit

860
00:34:44,790 --> 00:34:43,359
with all due respect all conspiracy

861
00:34:46,869 --> 00:34:44,800
theorists

862
00:34:48,629 --> 00:34:46,879
i believe the quote-unquote government

863
00:34:50,149 --> 00:34:48,639

cover-up based on 31 years of

864

00:34:51,510 --> 00:34:50,159

investigating the subject and i would

865

00:34:53,109 --> 00:34:51,520

defer to my colleagues to get their

866

00:34:56,149 --> 00:34:53,119

opinion on this

867

00:34:58,550 --> 00:34:56,159

all indicators uh point to the fact they

868

00:35:00,310 --> 00:34:58,560

don't know what they're dealing with yes

869

00:35:01,430 --> 00:35:00,320

there's something there they don't know

870

00:35:02,470 --> 00:35:01,440

what it is

871

00:35:04,230 --> 00:35:02,480

but

872

00:35:06,630 --> 00:35:04,240

going back to what i said why now are

873

00:35:08,710 --> 00:35:06,640

they having this change in attitude

874

00:35:10,310 --> 00:35:08,720

towards the subject publicly not in

875

00:35:14,150 --> 00:35:10,320

private but publicly

876

00:35:16,550 --> 00:35:14,160

i think the answer might lie in the 2019

877

00:35:18,069 --> 00:35:16,560

navy spokesman statements when they if

878

00:35:20,390 --> 00:35:18,079

you recall

879

00:35:22,550 --> 00:35:20,400

came out with a news article that stated

880

00:35:24,230 --> 00:35:22,560

they are now formulating official policy

881

00:35:26,150 --> 00:35:24,240

and procedures for naval personnel to

882

00:35:27,990 --> 00:35:26,160

report uaps

883

00:35:30,069 --> 00:35:28,000

it goes on to state in that article i

884

00:35:30,950 --> 00:35:30,079

think this might be a little glimmer

885

00:35:33,510 --> 00:35:30,960

into

886

00:35:35,910 --> 00:35:33,520

the rationale behind all of this they

887

00:35:38,310 --> 00:35:35,920

stated due to the increased frequency

888

00:35:39,589 --> 00:35:38,320

that they are seeing with regard to uap

889

00:35:42,470 --> 00:35:39,599

phenomenon

890

00:35:43,589 --> 00:35:42,480

within restricted military operations

891

00:35:45,670 --> 00:35:43,599

areas

892

00:35:47,589 --> 00:35:45,680

i'm just going to put forth this idea i

893

00:35:49,910 --> 00:35:47,599

could be completely wrong

894

00:35:52,150 --> 00:35:49,920

what if they're seeing this

895

00:35:54,150 --> 00:35:52,160

increase this ever increasing trend of

896

00:35:56,150 --> 00:35:54,160

activity around military operations

897

00:35:58,630 --> 00:35:56,160

areas and what if

898

00:36:01,750 --> 00:35:58,640

that trend continues it's going to get

899

00:36:04,150 --> 00:36:01,760

to a point if that trend continues where

900

00:36:06,470 --> 00:36:04,160

trying to dispel the subject cover up

901

00:36:08,790 --> 00:36:06,480

the subject is untenable they're not

902

00:36:10,870 --> 00:36:08,800

going to be able to do it so to use the

903

00:36:12,790 --> 00:36:10,880

old government term rather than the tail

904

00:36:15,430 --> 00:36:12,800

wag the dog i think they want to get

905

00:36:16,870 --> 00:36:15,440

ahead of the messaging and be in control

906

00:36:18,550 --> 00:36:16,880

of the messaging with regard to the

907

00:36:21,349 --> 00:36:18,560

subject yeah

908

00:36:23,589 --> 00:36:21,359

another thing too i am very curious

909

00:36:25,349 --> 00:36:23,599

about the fact that the navy is taking

910

00:36:28,390 --> 00:36:25,359

the lead on all of this

911

00:36:29,829 --> 00:36:28,400

uh what happened to the air force yeah

912

00:36:31,109 --> 00:36:29,839

yeah i thought i was wondering that

913

00:36:32,790 --> 00:36:31,119

myself

914

00:36:34,870 --> 00:36:32,800

it's very strange i thought of that

915

00:36:38,069 --> 00:36:34,880

supposed to be covering a lot more of

916

00:36:41,109 --> 00:36:38,079

the skies than than perhaps the navy

917

00:36:43,349 --> 00:36:41,119

and the army even the army was open to

918

00:36:45,190 --> 00:36:43,359

one thing the air force uh held slay

919

00:36:46,630 --> 00:36:45,200

over it for many many years and now the

920

00:36:48,230 --> 00:36:46,640

navy's in charge

921

00:36:50,790 --> 00:36:48,240

we haven't heard much of anything from

922

00:36:53,190 --> 00:36:50,800

the air force except in the task force

923

00:36:55,829 --> 00:36:53,200

report it says that they recently

924

00:36:58,550 --> 00:36:55,839

started to coordinate their information

925

00:36:59,589 --> 00:36:58,560

yeah but we haven't seen a flicker of

926
00:37:01,990 --> 00:36:59,599
that yet

927
00:37:04,069 --> 00:37:02,000
to very point martin he brings up a

928
00:37:05,750 --> 00:37:04,079
really good point because also

929
00:37:07,990 --> 00:37:05,760
it's very interesting when you look at

930
00:37:10,150 --> 00:37:08,000
the conclusions of the pentagon report

931
00:37:12,550 --> 00:37:10,160
and contrast that with the three

932
00:37:13,750 --> 00:37:12,560
conclusions that justified shutting down

933
00:37:15,430 --> 00:37:13,760
blue book

934
00:37:18,390 --> 00:37:15,440
for those that may recall one of the

935
00:37:20,550 --> 00:37:18,400
conclusions of project blue book no ufo

936
00:37:24,069 --> 00:37:20,560
has demonstrated any threat to national

937
00:37:26,630 --> 00:37:24,079
security fast forward to 2021 as barry

938
00:37:28,630 --> 00:37:26,640

alluded to earlier they stated that uaps

939

00:37:31,589 --> 00:37:28,640

may constitute a threat to national

940

00:37:33,750 --> 00:37:31,599

security and air safety

941

00:37:36,310 --> 00:37:33,760

so you have a complete contradiction the

942

00:37:37,990 --> 00:37:36,320

navy versus the air force uh they also

943

00:37:41,109 --> 00:37:38,000

go on to state in blue book one of the

944

00:37:42,630 --> 00:37:41,119

conclusions that you ufos have haven't

945

00:37:45,190 --> 00:37:42,640

demonstrated any physical

946

00:37:46,950 --> 00:37:45,200

characteristics or properties that uh

947

00:37:49,190 --> 00:37:46,960

regarding scientific principles that we

948

00:37:51,030 --> 00:37:49,200

don't understand if you read between the

949

00:37:52,550 --> 00:37:51,040

lines in the pentagon report they're

950

00:37:54,310 --> 00:37:52,560

suggesting we don't know how these

951
00:37:56,470 --> 00:37:54,320
things are operating and they clearly

952
00:37:58,710 --> 00:37:56,480
show some type of exotic

953
00:38:00,550 --> 00:37:58,720
physics that's at play as far as how

954
00:38:02,550 --> 00:38:00,560
they fly so there's yet another

955
00:38:05,270 --> 00:38:02,560
contradiction comparing the navy to the

956
00:38:06,950 --> 00:38:05,280
air force and so his i know people were

957
00:38:08,870 --> 00:38:06,960
disappointed in that there wasn't much

958
00:38:11,750 --> 00:38:08,880
meat to the report but two things we got

959
00:38:14,550 --> 00:38:11,760
to remember a it's a preliminary report

960
00:38:17,750 --> 00:38:14,560
and exactly the second point is this is

961
00:38:19,910 --> 00:38:17,760
an unclassified preliminary report uh

962
00:38:21,430 --> 00:38:19,920
those on capitol hill within the senate

963
00:38:23,349 --> 00:38:21,440

intelligence committees are certainly

964

00:38:25,589 --> 00:38:23,359

seeing more information

965

00:38:26,870 --> 00:38:25,599

um but i've always said since this

966

00:38:28,790 --> 00:38:26,880

report's come out if you were

967

00:38:31,349 --> 00:38:28,800

disappointed you had your expectations

968

00:38:33,510 --> 00:38:31,359

set too high i did a live russian

969

00:38:35,990 --> 00:38:33,520

television news back in january and they

970

00:38:37,670 --> 00:38:36,000

asked me what should we expect and i

971

00:38:39,349 --> 00:38:37,680

said in january and thank god i was

972

00:38:40,630 --> 00:38:39,359

proven right because any time you make a

973

00:38:42,150 --> 00:38:40,640

prediction usually you're going to eat

974

00:38:44,230 --> 00:38:42,160

crow later

975

00:38:47,030 --> 00:38:44,240

i stated that i think we all need to

976
00:38:49,190 --> 00:38:47,040
temper our expectations accordingly and

977
00:38:51,270 --> 00:38:49,200
and that was the the best wisdom that i

978
00:38:52,390 --> 00:38:51,280
could give people at the time but you

979
00:38:54,310 --> 00:38:52,400
know there were

980
00:38:55,910 --> 00:38:54,320
the sensationalists the pseudo

981
00:38:58,310 --> 00:38:55,920
researchers out there saying oh they're

982
00:38:59,589 --> 00:38:58,320
going to wheel out the the crashed ufo

983
00:39:01,109 --> 00:38:59,599
from roswell

984
00:39:02,390 --> 00:39:01,119
it's going to be disclosure with a

985
00:39:04,870 --> 00:39:02,400
capital d

986
00:39:06,790 --> 00:39:04,880
and i just sat back and drank my coffee

987
00:39:08,790 --> 00:39:06,800
and just tried to just

988
00:39:11,270 --> 00:39:08,800

temper my expectations accordingly and

989

00:39:12,829 --> 00:39:11,280

wait for the report and justifiably i

990

00:39:15,510 --> 00:39:12,839

think we were right in tempering those

991

00:39:18,550 --> 00:39:15,520

expectations oh the task force report

992

00:39:21,109 --> 00:39:18,560

mentioned 144 ufo incidents collected

993

00:39:22,950 --> 00:39:21,119

since 2004

994

00:39:23,670 --> 00:39:22,960

one was identified

995

00:39:25,030 --> 00:39:23,680

right

996

00:39:31,190 --> 00:39:25,040

far

997

00:39:34,310 --> 00:39:31,200

air force had is uh

998

00:39:36,310 --> 00:39:34,320

explained reports i mean uh

999

00:39:38,230 --> 00:39:36,320

the year i believe the air force's final

1000

00:39:41,750 --> 00:39:38,240

statistics were somewhere around five

1001
00:39:43,990 --> 00:39:41,760
percent unexplained yeah uh and then the

1002
00:39:47,270 --> 00:39:44,000
condon committee which was supposed to

1003
00:39:48,470 --> 00:39:47,280
wrap up the air force investigations by

1004
00:39:51,829 --> 00:39:48,480
by

1005
00:39:54,630 --> 00:39:51,839
using a scientific uh study to

1006
00:39:57,270 --> 00:39:54,640
close down project blue book

1007
00:39:58,550 --> 00:39:57,280
they did a case analysis that uh

1008
00:40:01,349 --> 00:39:58,560
revealed about

1009
00:40:02,910 --> 00:40:01,359
somewhere around 30 percent unknowns

1010
00:40:05,670 --> 00:40:02,920
now we're up to

1011
00:40:08,390 --> 00:40:05,680
99. something percent

1012
00:40:11,670 --> 00:40:08,400
of un uh that are unexplained this is to

1013
00:40:13,990 --> 00:40:11,680

me a rather serious problem

1014

00:40:16,069 --> 00:40:14,000

of course during the vietnam war uh

1015

00:40:19,430 --> 00:40:16,079

there were two uh

1016

00:40:21,750 --> 00:40:19,440

uh at least two projects in vietnam they

1017

00:40:24,069 --> 00:40:21,760

were kept from the condon committee and

1018

00:40:26,470 --> 00:40:24,079

they were kept from project blue book

1019

00:40:28,230 --> 00:40:26,480

one is called have fear

1020

00:40:30,550 --> 00:40:28,240

and they used

1021

00:40:31,750 --> 00:40:30,560

specialized sensors

1022

00:40:34,950 --> 00:40:31,760

to uh

1023

00:40:36,069 --> 00:40:34,960

detect ufos

1024

00:40:39,589 --> 00:40:36,079

and they

1025

00:40:43,190 --> 00:40:39,599

upped the standard for what was a ufo

1026

00:40:45,589 --> 00:40:43,200

and almost all of their cases

1027

00:40:48,150 --> 00:40:45,599

were reportedly

1028

00:40:50,230 --> 00:40:48,160

uh unknown

1029

00:40:52,630 --> 00:40:50,240

so this is amazing and this was hidden

1030

00:40:55,750 --> 00:40:52,640

from the people that are supposedly

1031

00:40:57,589 --> 00:40:55,760

studying ufos at the time the content

1032

00:40:59,750 --> 00:40:57,599

committee

1033

00:41:01,750 --> 00:40:59,760

interesting i i mentioned this on the

1034

00:41:02,870 --> 00:41:01,760

show probably 20 times and probably

1035

00:41:03,910 --> 00:41:02,880

boring the

1036

00:41:05,510 --> 00:41:03,920

the uh

1037

00:41:07,990 --> 00:41:05,520

the listener for every week but i did

1038

00:41:10,710 --> 00:41:08,000

have an insurance agent a broker at my

1039

00:41:12,950 --> 00:41:10,720

house back in the 1990s before i was

1040

00:41:14,790 --> 00:41:12,960

ever looking at this topic and he said

1041

00:41:17,430 --> 00:41:14,800

he was in a special

1042

00:41:20,710 --> 00:41:17,440

segment of the air force during vietnam

1043

00:41:22,230 --> 00:41:20,720

that was studying ufos and i never got

1044

00:41:24,630 --> 00:41:22,240

any details i've never been able to

1045

00:41:26,069 --> 00:41:24,640

reach him again and i'd i'd like to i

1046

00:41:28,390 --> 00:41:26,079

thought i found his name but i can't

1047

00:41:29,430 --> 00:41:28,400

find any information on him

1048

00:41:37,109 --> 00:41:29,440

uh

1049

00:41:39,750 --> 00:41:37,119

information

1050

00:41:42,230 --> 00:41:39,760

nothing in particular but i came across

1051

00:41:44,390 --> 00:41:42,240

a listing for uh

1052

00:41:46,870 --> 00:41:44,400

combat air activity reports during

1053

00:41:48,710 --> 00:41:46,880

vietnam and i always like to check that

1054

00:41:49,589 --> 00:41:48,720

out to see if there's anything unusual

1055

00:41:54,790 --> 00:41:49,599

there

1056

00:41:57,510 --> 00:41:54,800

were numerous references to graft out uh

1057

00:41:59,430 --> 00:41:57,520

reports uh some of which were called

1058

00:42:02,470 --> 00:41:59,440

ufos

1059

00:42:04,309 --> 00:42:02,480

and wait a minute uh i

1060

00:42:07,190 --> 00:42:04,319

we didn't hear much about vietnam over

1061

00:42:09,030 --> 00:42:07,200

the years a few times in the press but

1062

00:42:11,510 --> 00:42:09,040

uh here were

1063

00:42:14,390 --> 00:42:11,520

combat reports talking about it so

1064

00:42:16,550 --> 00:42:14,400

the more i looked the more we found i

1065

00:42:19,589 --> 00:42:16,560

filled two binders full of

1066

00:42:21,910 --> 00:42:19,599

document releases uh about vietnam not

1067

00:42:24,710 --> 00:42:21,920

not just in the national archives but

1068

00:42:27,910 --> 00:42:24,720

uh i checked a few academic sources who

1069

00:42:29,670 --> 00:42:27,920

that had stored old vietnam war

1070

00:42:32,069 --> 00:42:29,680

government papers and

1071

00:42:33,589 --> 00:42:32,079

and the reports are in there too

1072

00:42:35,349 --> 00:42:33,599

you know what's interesting about

1073

00:42:36,950 --> 00:42:35,359

vietnam just to kind of since we have

1074

00:42:39,030 --> 00:42:36,960

barry greenwood here there's an

1075

00:42:41,750 --> 00:42:39,040

interesting correlation between ufo

1076
00:42:43,990 --> 00:42:41,760
reports in vietnam and ufo reports

1077
00:42:46,550 --> 00:42:44,000
during the 75 overflights of the icbm

1078
00:42:48,150 --> 00:42:46,560
missile sites in both instances they

1079
00:42:50,630 --> 00:42:48,160
were referring to them as mystery

1080
00:42:52,710 --> 00:42:50,640
helicopters yeah a friend of mine was

1081
00:42:55,190 --> 00:42:52,720
was a medic in vietnam and he actually

1082
00:42:57,190 --> 00:42:55,200
talked to one of the uh one of the

1083
00:42:59,349 --> 00:42:57,200
fighter pilots and he came back and

1084
00:43:00,710 --> 00:42:59,359
described the the unusual lights that

1085
00:43:03,349 --> 00:43:00,720
they were seeing and he said we were

1086
00:43:05,589 --> 00:43:03,359
calling them mystery helicopters because

1087
00:43:07,270 --> 00:43:05,599
they had the ability to hover unlike an

1088
00:43:10,150 --> 00:43:07,280

aircraft but then they could rapidly

1089

00:43:12,069 --> 00:43:10,160

accelerate and disappear and i believe

1090

00:43:13,670 --> 00:43:12,079

i'm correct in my friends saying that

1091

00:43:15,910 --> 00:43:13,680

the viet cong didn't have any

1092

00:43:17,990 --> 00:43:15,920

helicopters yeah the the authorities

1093

00:43:19,829 --> 00:43:18,000

found it hard to believe it was north

1094

00:43:22,230 --> 00:43:19,839

vietnamese activity because of the way

1095

00:43:24,550 --> 00:43:22,240

the lights behaved yeah we had the same

1096

00:43:26,870 --> 00:43:24,560

thing in 1975

1097

00:43:28,950 --> 00:43:26,880

near the military bases where

1098

00:43:31,990 --> 00:43:28,960

helicopter-like

1099

00:43:34,870 --> 00:43:32,000

objects were seen but they they couldn't

1100

00:43:36,309 --> 00:43:34,880

be clearly identified as such

1101

00:43:38,230 --> 00:43:36,319

and uh

1102

00:43:40,790 --> 00:43:38,240

once at least at lauren air force base

1103

00:43:43,910 --> 00:43:40,800

they wanted to shine a searchlight

1104

00:43:45,990 --> 00:43:43,920

on the object that was hovering over the

1105

00:43:47,270 --> 00:43:46,000

nuclear storage uh

1106

00:43:50,870 --> 00:43:47,280

units and

1107

00:43:52,790 --> 00:43:50,880

and they were afraid to blind the pilot

1108

00:43:55,589 --> 00:43:52,800

whoever the pilot was that they might

1109

00:43:57,910 --> 00:43:55,599

crash into one of the uh the bomb igloos

1110

00:43:58,790 --> 00:43:57,920

and destroy it well what happened was

1111

00:44:03,990 --> 00:43:58,800

they

1112

00:44:05,990 --> 00:44:04,000

identify as clearly as possible what

1113

00:44:06,829 --> 00:44:06,000

these were and eventually they shot off

1114

00:44:10,230 --> 00:44:06,839

towards

1115

00:44:12,470 --> 00:44:10,240

canada uh the aircraft were in pursuit

1116

00:44:14,470 --> 00:44:12,480

they they couldn't catch up with these i

1117

00:44:15,910 --> 00:44:14,480

mean it's hard to believe that that uh

1118

00:44:17,750 --> 00:44:15,920

jet aircraft couldn't catch i think

1119

00:44:18,550 --> 00:44:17,760

those were phantom jets too weren't they

1120

00:44:21,190 --> 00:44:18,560

yes

1121

00:44:22,950 --> 00:44:21,200

yeah they were there there was a unit

1122

00:44:25,190 --> 00:44:22,960

out of plattsburgh that went after these

1123

00:44:27,109 --> 00:44:25,200

uh things and they couldn't uh identify

1124

00:44:29,670 --> 00:44:27,119

them and we never heard anything about

1125

00:44:31,589 --> 00:44:29,680

the canadian end of it uh if they shut

1126

00:44:34,390 --> 00:44:31,599

off into canada where was canada

1127

00:44:37,510 --> 00:44:34,400

security with these objects

1128

00:44:39,829 --> 00:44:37,520

it penetrated u.s military bases canada

1129

00:44:43,589 --> 00:44:39,839

should be worried but nothing is nothing

1130

00:44:48,630 --> 00:44:46,470

amazing amazing um getting back to a

1131

00:44:51,829 --> 00:44:48,640

comment you made david

1132

00:44:52,790 --> 00:44:51,839

i had uh right after december

1133

00:44:56,470 --> 00:44:52,800

um

1134

00:44:58,230 --> 00:44:56,480

16 2017 the new york times article came

1135

00:45:01,270 --> 00:44:58,240

out the following week

1136

00:45:04,870 --> 00:45:01,280

i had stan friedman on along with kathy

1137

00:45:08,150 --> 00:45:04,880

martin and i basically you know titled

1138

00:45:09,270 --> 00:45:08,160

the show stan friedman weighs in on the

1139

00:45:10,870 --> 00:45:09,280

pentagon

1140

00:45:13,510 --> 00:45:10,880

um you know release

1141

00:45:15,670 --> 00:45:13,520

of videos etc and

1142

00:45:17,750 --> 00:45:15,680

the first thing he said in that

1143

00:45:20,390 --> 00:45:17,760

interview and that's my most listened to

1144

00:45:21,670 --> 00:45:20,400

youtube video out there uh but the first

1145

00:45:24,309 --> 00:45:21,680

thing he said

1146

00:45:25,750 --> 00:45:24,319

was why now

1147

00:45:27,670 --> 00:45:25,760

why now

1148

00:45:29,670 --> 00:45:27,680

that's my number one question we need to

1149

00:45:31,589 --> 00:45:29,680

be asking that question because any

1150

00:45:33,750 --> 00:45:31,599

government they don't do things

1151
00:45:35,829 --> 00:45:33,760
arbitrarily they do things for a reason

1152
00:45:37,910 --> 00:45:35,839
they do things with intent

1153
00:45:40,710 --> 00:45:37,920
and i think that really speaks to the

1154
00:45:42,550 --> 00:45:40,720
larger overarching issue of what's going

1155
00:45:44,630 --> 00:45:42,560
on behind the scenes with regard to the

1156
00:45:46,870 --> 00:45:44,640
subject what do they know and why are

1157
00:45:48,550 --> 00:45:46,880
they suddenly having the sea change in

1158
00:45:50,630 --> 00:45:48,560
relation to how they're dealing publicly

1159
00:45:52,950 --> 00:45:50,640
with the subject

1160
00:45:55,589 --> 00:45:52,960
right um you know i've said i've said

1161
00:45:57,030 --> 00:45:55,599
oftentimes on the show many times just

1162
00:45:59,750 --> 00:45:57,040
my opinion

1163
00:46:02,230 --> 00:45:59,760

that and you you kind of echoed that uh

1164

00:46:04,550 --> 00:46:02,240

david and that's the government probably

1165

00:46:06,309 --> 00:46:04,560

doesn't know any more than we do but do

1166

00:46:07,750 --> 00:46:06,319

you think there's some argument to make

1167

00:46:10,230 --> 00:46:07,760

that they may know

1168

00:46:12,390 --> 00:46:10,240

some more or do you believe in general

1169

00:46:14,309 --> 00:46:12,400

they don't know oh i wonder yeah

1170

00:46:16,950 --> 00:46:14,319

potentially i think they know more than

1171

00:46:17,750 --> 00:46:16,960

we do uh but that doesn't necessarily

1172

00:46:19,589 --> 00:46:17,760

mean

1173

00:46:22,069 --> 00:46:19,599

where where these things are coming from

1174

00:46:24,790 --> 00:46:22,079

why they're here what's their intent i

1175

00:46:27,030 --> 00:46:24,800

mean those those those big questions may

1176

00:46:29,270 --> 00:46:27,040

still be elusive but i would like to

1177

00:46:31,510 --> 00:46:29,280

believe with as barry alluded to

1178

00:46:33,510 --> 00:46:31,520

satellite imagery that's capturing these

1179

00:46:35,349 --> 00:46:33,520

things based on radcliff's testimony as

1180

00:46:37,670 --> 00:46:35,359

well as the pentagon's own report i'm

1181

00:46:39,910 --> 00:46:37,680

not this is not supposition on my part

1182

00:46:41,510 --> 00:46:39,920

this is what the pentagon report states

1183

00:46:43,750 --> 00:46:41,520

multiple sensors have tracked these

1184

00:46:46,470 --> 00:46:43,760

things the aegis radar system with the

1185

00:46:47,750 --> 00:46:46,480

2004 nimitz incident satellite imagery

1186

00:46:49,030 --> 00:46:47,760

infrared

1187

00:46:51,430 --> 00:46:49,040

we have these things track on

1188

00:46:54,150 --> 00:46:51,440

ground-based radar airborne radar

1189

00:46:57,109 --> 00:46:54,160

ground-based visual airborne visual

1190

00:46:59,030 --> 00:46:57,119

i would i would hope that based on the

1191

00:47:01,910 --> 00:46:59,040

various sensing apparatus that they have

1192

00:47:04,470 --> 00:47:01,920

as well as uh undersea sonar buoys that

1193

00:47:06,230 --> 00:47:04,480

are detecting these usos and i know that

1194

00:47:08,710 --> 00:47:06,240

through a friend that has a friend in

1195

00:47:11,750 --> 00:47:08,720

the navy that that told me this

1196

00:47:13,510 --> 00:47:11,760

um that they have a lot of information

1197

00:47:15,430 --> 00:47:13,520

and they probably have a little bit more

1198

00:47:18,710 --> 00:47:15,440

specificity as far as what's going on

1199

00:47:21,510 --> 00:47:18,720

than we do but i do feel and again

1200

00:47:23,349 --> 00:47:21,520

speculation those larger overarching

1201
00:47:25,510 --> 00:47:23,359
questions of who are these things where

1202
00:47:26,950 --> 00:47:25,520
are they from why are they here

1203
00:47:29,190 --> 00:47:26,960
they're no closer to those answers than

1204
00:47:31,510 --> 00:47:29,200
we are yeah i i think they have more

1205
00:47:33,750 --> 00:47:31,520
detail but they don't have conclusions

1206
00:47:36,870 --> 00:47:33,760
and all that detail we haven't seen yet

1207
00:47:38,470 --> 00:47:36,880
right so uh coral lorenzen

1208
00:47:41,030 --> 00:47:38,480
the head of the

1209
00:47:42,870 --> 00:47:41,040
era phenomenal resource research

1210
00:47:44,150 --> 00:47:42,880
organization

1211
00:47:46,309 --> 00:47:44,160
uh

1212
00:47:48,150 --> 00:47:46,319
as a feminist

1213
00:47:52,150 --> 00:47:48,160

perspective

1214

00:47:53,990 --> 00:47:52,160

she said um

1215

00:47:57,030 --> 00:47:54,000

daddy won't tell

1216

00:47:57,910 --> 00:47:57,040

but daddy doesn't know

1217

00:47:59,030 --> 00:47:57,920

and

1218

00:48:01,270 --> 00:47:59,040

daddy

1219

00:48:03,349 --> 00:48:01,280

has more and better

1220

00:48:05,190 --> 00:48:03,359

information than we do but they don't

1221

00:48:07,589 --> 00:48:05,200

know

1222

00:48:09,829 --> 00:48:07,599

so uh

1223

00:48:12,470 --> 00:48:09,839

and of course she was you know she was

1224

00:48:16,470 --> 00:48:12,480

very much in the ufos she's the head of

1225

00:48:23,109 --> 00:48:19,030

many many ufo reports and

1226
00:48:26,150 --> 00:48:23,119
dr james mcdonald the physicist at the

1227
00:48:31,030 --> 00:48:26,160
university of arizona

1228
00:48:35,430 --> 00:48:33,589
and then a cover-up of the fall

1229
00:48:37,910 --> 00:48:35,440
follow-up

1230
00:48:41,270 --> 00:48:39,510
there's a book coming out called the

1231
00:48:42,790 --> 00:48:41,280
unidentified

1232
00:48:47,270 --> 00:48:42,800
and that's

1233
00:48:51,670 --> 00:48:48,790
conclusion

1234
00:48:54,390 --> 00:48:51,680
that uh this was not this was an

1235
00:48:56,309 --> 00:48:54,400
intelligence failure almost from the

1236
00:48:59,670 --> 00:48:56,319
beginning

1237
00:49:02,390 --> 00:48:59,680
um the air force wanted to claim

1238
00:49:03,829 --> 00:49:02,400

possession of this and if the cia

1239

00:49:09,910 --> 00:49:03,839

came in

1240

00:49:16,630 --> 00:49:13,510

in an interview with wendell smith

1241

00:49:18,390 --> 00:49:16,640

who was a air force intelligence

1242

00:49:21,030 --> 00:49:18,400

uh he he was

1243

00:49:23,750 --> 00:49:21,040

it was decades afterwards and he was

1244

00:49:27,430 --> 00:49:23,760

still angry about the cia

1245

00:49:29,349 --> 00:49:27,440

sticking their nose into ufos

1246

00:49:31,190 --> 00:49:29,359

he said what did they have their big

1247

00:49:33,190 --> 00:49:31,200

business on this

1248

00:49:35,510 --> 00:49:33,200

well

1249

00:49:38,069 --> 00:49:35,520

the intelligence community works best

1250

00:49:41,270 --> 00:49:38,079

when they all cooperate together

1251

00:49:43,430 --> 00:49:41,280

and this is an intelligence failure here

1252

00:49:45,670 --> 00:49:43,440

and martin if i can add to what jan just

1253

00:49:48,309 --> 00:49:45,680

said uh you know uh

1254

00:49:49,990 --> 00:49:48,319

a colleague chris mellon uh i know your

1255

00:49:51,829 --> 00:49:50,000

audience is familiar with chris he's

1256

00:49:53,270 --> 00:49:51,839

been very prominent since all of this

1257

00:49:55,030 --> 00:49:53,280

has come forward

1258

00:49:56,710 --> 00:49:55,040

chris mellon has made an interesting

1259

00:49:59,030 --> 00:49:56,720

statement publicly and in private to

1260

00:50:00,230 --> 00:49:59,040

myself with regard to the fact that and

1261

00:50:02,710 --> 00:50:00,240

i think it's rather chilling when you

1262

00:50:04,790 --> 00:50:02,720

think about it that he was frustrated

1263

00:50:06,230 --> 00:50:04,800

that within the intelligence networks

1264

00:50:08,470 --> 00:50:06,240

there was no centralization of

1265

00:50:10,150 --> 00:50:08,480

information you had disparate groups

1266

00:50:13,030 --> 00:50:10,160

within the intelligence community that

1267

00:50:15,430 --> 00:50:13,040

were sitting on ufo or uap data but

1268

00:50:17,030 --> 00:50:15,440

nobody was centralizing it and it was an

1269

00:50:19,430 --> 00:50:17,040

interesting comparison he made he said

1270

00:50:20,870 --> 00:50:19,440

it was almost akin to what i saw prior

1271

00:50:22,710 --> 00:50:20,880

to 9 11.

1272

00:50:24,710 --> 00:50:22,720

all these various groups were collecting

1273

00:50:26,309 --> 00:50:24,720

chatter but they weren't making sense

1274

00:50:28,309 --> 00:50:26,319

out of it because no one was sharing and

1275

00:50:30,950 --> 00:50:28,319

centralizing that information and to

1276

00:50:32,230 --> 00:50:30,960

jan's point i i i think that we're

1277

00:50:33,990 --> 00:50:32,240

seeing now

1278

00:50:36,230 --> 00:50:34,000

due to successive public statements and

1279

00:50:38,790 --> 00:50:36,240

documents in light of the pentagon

1280

00:50:40,390 --> 00:50:38,800

report that there are

1281

00:50:43,750 --> 00:50:40,400

efforts to now centralize this

1282

00:50:45,670 --> 00:50:43,760

information and i think we as the

1283

00:50:47,910 --> 00:50:45,680

american public should feel much safer

1284

00:50:51,030 --> 00:50:47,920

in that because at the end of the day

1285

00:50:52,790 --> 00:50:51,040

they're viewing this ufo uat subject

1286

00:50:54,950 --> 00:50:52,800

through the lens of national security

1287

00:50:56,870 --> 00:50:54,960

and the the earlier question martin by

1288

00:50:58,390 --> 00:50:56,880

one of your audience members you know

1289

00:50:59,750 --> 00:50:58,400

and i understand the question when they

1290

00:51:00,950 --> 00:50:59,760

say you know why are they doing this as

1291

00:51:03,349 --> 00:51:00,960

a threat

1292

00:51:05,750 --> 00:51:03,359

we have to understand the audience these

1293

00:51:08,549 --> 00:51:05,760

people their job is tasked with the

1294

00:51:10,150 --> 00:51:08,559

defense of this country so of course

1295

00:51:12,470 --> 00:51:10,160

they're going to view ufos through the

1296

00:51:14,710 --> 00:51:12,480

lens of national security and again as i

1297

00:51:17,589 --> 00:51:14,720

mentioned earlier view it as a potential

1298

00:51:19,670 --> 00:51:17,599

threat until they know better

1299

00:51:23,270 --> 00:51:19,680

i i need to say something i misspoke i

1300

00:51:25,270 --> 00:51:23,280

said wendell steve who was a uh who was

1301

00:51:26,630 --> 00:51:25,280

in the air force yeah

1302

00:51:28,790 --> 00:51:26,640

but uh

1303

00:51:29,990 --> 00:51:28,800

the the man that that i was talking

1304

00:51:33,910 --> 00:51:30,000

about was

1305

00:51:38,870 --> 00:51:37,190

yeah it wasn't it wasn't uh the

1306

00:51:40,950 --> 00:51:38,880

famous uh

1307

00:51:43,510 --> 00:51:40,960

uh guy with uh

1308

00:51:45,430 --> 00:51:43,520

uh ufo photographs

1309

00:51:48,230 --> 00:51:45,440

oh yes he had that big huge collection

1310

00:51:49,750 --> 00:51:48,240

out west no it wasn't him it was it was

1311

00:51:52,549 --> 00:51:49,760

somebody that was in

1312

00:51:54,630 --> 00:51:52,559

the uh the top of us

1313

00:51:56,309 --> 00:51:54,640

air force intelligence

1314

00:51:58,230 --> 00:51:56,319

well we have to take a break a quick

1315

00:52:01,270 --> 00:51:58,240

break in just like three minutes but

1316

00:52:04,870 --> 00:52:01,280

speaking of of that um

1317

00:52:08,150 --> 00:52:04,880

i know that open minds owns that

1318

00:52:08,950 --> 00:52:08,160

collection of photographs from stevens

1319

00:52:10,790 --> 00:52:08,960

and

1320

00:52:12,630 --> 00:52:10,800

i'm just wondering david have you ever

1321

00:52:15,510 --> 00:52:12,640

thought about reaching out to see if

1322

00:52:17,030 --> 00:52:15,520

they would want them in your archives i

1323

00:52:18,870 --> 00:52:17,040

haven't reached out mainly because i've

1324

00:52:19,910 --> 00:52:18,880

had enough to contend with as it is

1325

00:52:22,630 --> 00:52:19,920

currently

1326
00:52:24,790 --> 00:52:22,640
to be completely honest martin um but i

1327
00:52:25,829 --> 00:52:24,800
do believe and barry and jan might be

1328
00:52:27,670 --> 00:52:25,839
able to correct me i think some of that

1329
00:52:29,829 --> 00:52:27,680
went to the archives for ufo research

1330
00:52:31,670 --> 00:52:29,839
didn't it over in sweden uh

1331
00:52:33,349 --> 00:52:31,680
it seems like a little bit of everything

1332
00:52:35,030 --> 00:52:33,359
goes to the archives for you yeah i

1333
00:52:37,910 --> 00:52:35,040
think some of that has been dispersed

1334
00:52:39,750 --> 00:52:37,920
over time but to your point open minds

1335
00:52:41,430 --> 00:52:39,760
with the death of wendell stevens did

1336
00:52:43,990 --> 00:52:41,440
initially acquire it but i think some of

1337
00:52:46,230 --> 00:52:44,000
that has been parsed out to various

1338
00:52:47,670 --> 00:52:46,240

groups and you know it's great the work

1339

00:52:50,470 --> 00:52:47,680

we're doing here but it's also great

1340

00:52:52,390 --> 00:52:50,480

with the work of afu in sweden and all

1341

00:52:54,309 --> 00:52:52,400

of these other groups across the globe

1342

00:52:56,630 --> 00:52:54,319

because there shouldn't be one location

1343

00:52:59,109 --> 00:52:56,640

for all ufo history we should have

1344

00:53:01,510 --> 00:52:59,119

respective archives ideally in every

1345

00:53:03,510 --> 00:53:01,520

country uh because at the day it's part

1346

00:53:05,990 --> 00:53:03,520

of that country's history yeah can you

1347

00:53:08,710 --> 00:53:06,000

imagine collecting ufo history in one

1348

00:53:10,549 --> 00:53:08,720

building and suddenly a spark takes

1349

00:53:11,589 --> 00:53:10,559

effect and the whole thing goes up in

1350

00:53:13,109 --> 00:53:11,599

smoke

1351
00:53:15,190 --> 00:53:13,119
yeah that would be like that ancient

1352
00:53:16,790 --> 00:53:15,200
library that was burned right uh

1353
00:53:18,069 --> 00:53:16,800
alexandria

1354
00:53:20,630 --> 00:53:18,079
exactly that's what i was thinking of

1355
00:53:22,870 --> 00:53:20,640
yes all right so i think we're gonna go

1356
00:53:25,910 --> 00:53:22,880
into uh we do have another question in

1357
00:53:29,190 --> 00:53:25,920
chat but um this has been uh very

1358
00:53:30,630 --> 00:53:29,200
interesting so far and this is the first

1359
00:53:32,470 --> 00:53:30,640
part of the show we're going to be

1360
00:53:36,549 --> 00:53:32,480
heading into a quick break

1361
00:53:39,030 --> 00:53:36,559
and when this is over at kgra radio um

1362
00:53:44,570 --> 00:53:39,040
hang in there we'll be right back

1363
00:53:44,580 --> 00:54:09,510

[Music]

1364

00:54:13,430 --> 00:54:12,069

all right we are back and well i came

1365

00:54:15,430 --> 00:54:13,440

back from

1366

00:54:18,150 --> 00:54:15,440

germany

1367

00:54:19,270 --> 00:54:18,160

okay we are back and my guests tonight

1368

00:54:22,390 --> 00:54:19,280

are jan

1369

00:54:24,470 --> 00:54:22,400

aldrich david marlar and barry greenwood

1370

00:54:26,950 --> 00:54:24,480

we're all

1371

00:54:29,670 --> 00:54:26,960

having a very good chat about

1372

00:54:31,589 --> 00:54:29,680

basically historical ufos and all that

1373

00:54:33,910 --> 00:54:31,599

we're going to get into other subjects

1374

00:54:35,510 --> 00:54:33,920

as we go along and if you're

1375

00:54:39,109 --> 00:54:35,520

listening live

1376

00:54:42,069 --> 00:54:39,119

and in chat um please put your questions

1377

00:54:45,190 --> 00:54:42,079

in caps and i'll try to get to them

1378

00:54:48,630 --> 00:54:47,190

there you are and i just have to fix

1379

00:54:51,109 --> 00:54:48,640

things here we go

1380

00:54:54,390 --> 00:54:51,119

welcome back

1381

00:54:57,750 --> 00:54:54,400

um all right and your audio is on right

1382

00:55:00,470 --> 00:54:57,760

yes okay good good so uh we had a

1383

00:55:02,630 --> 00:55:00,480

question i wanted to pull up for you and

1384

00:55:04,309 --> 00:55:02,640

that is this one came in what is the

1385

00:55:07,270 --> 00:55:04,319

best evidence

1386

00:55:09,910 --> 00:55:07,280

you have collected um and i know your

1387

00:55:11,510 --> 00:55:09,920

collection is massive can you actually

1388

00:55:12,789 --> 00:55:11,520

could you actually point the finger at

1389

00:55:14,789 --> 00:55:12,799

one

1390

00:55:17,030 --> 00:55:14,799

and says like that has got to be the

1391

00:55:18,789 --> 00:55:17,040

best ufo evidence well i don't know if

1392

00:55:21,910 --> 00:55:18,799

we really have evidence here as such

1393

00:55:24,069 --> 00:55:21,920

rather reports of cases uh

1394

00:55:27,030 --> 00:55:24,079

very well i have a copy of joe

1395

00:55:29,190 --> 00:55:27,040

simonson's pancake from 1961. i think

1396

00:55:30,950 --> 00:55:29,200

that's pretty cool

1397

00:55:33,270 --> 00:55:30,960

that's definitely evidence you have to

1398

00:55:34,470 --> 00:55:33,280

tell the story on that one real quick

1399

00:55:36,150 --> 00:55:34,480

oh well

1400

00:55:38,510 --> 00:55:36,160

basically

1401

00:55:40,870 --> 00:55:38,520

joe simonton was in contact with

1402

00:55:42,630 --> 00:55:40,880

extraterrestrials that landed in his uh

1403

00:55:45,430 --> 00:55:42,640

yard and oh yes

1404

00:55:48,630 --> 00:55:45,440

that's an old very old case uh

1405

00:55:52,470 --> 00:55:48,640

very argued over but you know it's it's

1406

00:55:55,030 --> 00:55:52,480

it involved him uh giving some water to

1407

00:55:56,789 --> 00:55:55,040

these creatures in exchange for

1408

00:55:59,190 --> 00:55:56,799

what were

1409

00:56:02,230 --> 00:55:59,200

what seemed to be pancakes

1410

00:56:04,150 --> 00:56:02,240

and he uh he he weighed those around

1411

00:56:05,430 --> 00:56:04,160

people and showed them that he had

1412

00:56:08,150 --> 00:56:05,440

pieces of

1413

00:56:09,670 --> 00:56:08,160

extraterrestrial food apparently and

1414

00:56:12,950 --> 00:56:09,680

and

1415

00:56:15,670 --> 00:56:12,960

the organization nycap

1416

00:56:17,750 --> 00:56:15,680

as they had to do with ufo incidents

1417

00:56:19,910 --> 00:56:17,760

looked into it and you know i'm sure

1418

00:56:21,910 --> 00:56:19,920

they were skeptical about it but

1419

00:56:23,910 --> 00:56:21,920

uh they had a

1420

00:56:25,990 --> 00:56:23,920

local investigator up there obtain a

1421

00:56:28,630 --> 00:56:26,000

piece of the pancake

1422

00:56:30,549 --> 00:56:28,640

uh for analysis and they had determined

1423

00:56:32,710 --> 00:56:30,559

that it

1424

00:56:34,950 --> 00:56:32,720

seemed to be terrestrial nothing special

1425

00:56:38,390 --> 00:56:34,960

about it

1426
00:56:41,270 --> 00:56:38,400
and the piece ended up in their files

1427
00:56:43,589 --> 00:56:41,280
and many years went by

1428
00:56:46,390 --> 00:56:43,599
uh eventually

1429
00:56:50,309 --> 00:56:46,400
an investigator ted bloacher who had a

1430
00:56:52,549 --> 00:56:50,319
project to study humanity reports

1431
00:56:54,630 --> 00:56:52,559
gave his files up he was moving on to

1432
00:56:56,789 --> 00:56:54,640
other things and and he asked me if i

1433
00:56:57,670 --> 00:56:56,799
would take his humcat files as he called

1434
00:57:02,549 --> 00:56:57,680
them

1435
00:57:05,190 --> 00:57:02,559
all uh

1436
00:57:07,349 --> 00:57:05,200
and i came across this one file on on

1437
00:57:08,630 --> 00:57:07,359
eagle river wisconsin which was that

1438
00:57:10,309 --> 00:57:08,640

story and

1439

00:57:12,549 --> 00:57:10,319

i was shocked when i opened it up i

1440

00:57:14,950 --> 00:57:12,559

found an envelope and there's

1441

00:57:17,510 --> 00:57:14,960

wax paper inside

1442

00:57:20,069 --> 00:57:17,520

and wax paper wrapped up a piece of this

1443

00:57:23,430 --> 00:57:20,079

pancake that nightcap had talked about

1444

00:57:26,710 --> 00:57:23,440

and became a sort of a car celeb for

1445

00:57:28,630 --> 00:57:26,720

a lot of ufo believers but um it wasn't

1446

00:57:30,150 --> 00:57:28,640

it wasn't evidence of extraterrestrials

1447

00:57:32,710 --> 00:57:30,160

at all but it's just a really cool

1448

00:57:35,109 --> 00:57:32,720

artifact i've been tempted to taste it

1449

00:57:37,030 --> 00:57:35,119

with a little maple for it but yeah

1450

00:57:39,190 --> 00:57:37,040

probably be costing myself a lot of

1451
00:57:41,109 --> 00:57:39,200
money yeah that's right put it in the

1452
00:57:42,950 --> 00:57:41,119
microwave first and put a little batter

1453
00:57:46,069 --> 00:57:42,960
on it that's pretty hard

1454
00:57:48,230 --> 00:57:46,079
well let's go some real evidence please

1455
00:57:50,390 --> 00:57:48,240
okay

1456
00:57:53,430 --> 00:57:50,400
brett sparks and i've been looking for

1457
00:57:54,789 --> 00:57:53,440
broadcasting ufos

1458
00:57:56,789 --> 00:57:54,799
and

1459
00:57:58,870 --> 00:57:56,799
one of the first cases was all the way

1460
00:58:01,270 --> 00:57:58,880
back in 51

1461
00:58:03,589 --> 00:58:01,280
larson air force base

1462
00:58:06,230 --> 00:58:03,599
and they have uh

1463
00:58:09,190 --> 00:58:06,240

military aircraft have

1464

00:58:11,030 --> 00:58:09,200

coded recognition signals

1465

00:58:13,990 --> 00:58:11,040

so you send out a res

1466

00:58:15,349 --> 00:58:14,000

recognition signal and then the

1467

00:58:20,069 --> 00:58:15,359

uh

1468

00:58:22,870 --> 00:58:20,079

aircraft sends you back

1469

00:58:24,950 --> 00:58:22,880

using your uh computer

1470

00:58:26,150 --> 00:58:24,960

thing you it'll send you back a class

1471

00:58:27,270 --> 00:58:26,160

fight

1472

00:58:30,950 --> 00:58:27,280

uh

1473

00:58:33,750 --> 00:58:30,960

saying this is who i am

1474

00:58:36,789 --> 00:58:33,760

and so they did that with uh

1475

00:58:39,589 --> 00:58:36,799

with this case in larson air force base

1476

00:58:41,589 --> 00:58:39,599

that rupell talks about in his book but

1477

00:58:43,589 --> 00:58:41,599

he doesn't mention

1478

00:58:45,109 --> 00:58:43,599

that they send it out send out the coded

1479

00:58:48,789 --> 00:58:45,119

signal and

1480

00:58:51,750 --> 00:58:48,799

the ufo replied with a coded signal

1481

00:58:54,710 --> 00:58:51,760

so how does it have that code well one

1482

00:58:56,230 --> 00:58:54,720

might say oh it's just a uh

1483

00:58:56,950 --> 00:58:56,240

a uh

1484

00:58:57,910 --> 00:58:56,960

a

1485

00:59:00,309 --> 00:58:57,920

secret

1486

00:59:02,069 --> 00:59:00,319

mission going on that the people at

1487

00:59:04,870 --> 00:59:02,079

larsen didn't know

1488

00:59:05,750 --> 00:59:04,880

it apparently at one time this case was

1489

00:59:08,870 --> 00:59:05,760

uh

1490

00:59:11,190 --> 00:59:08,880

top secret and had been downgraded and

1491

00:59:13,670 --> 00:59:11,200

given to blue book

1492

00:59:15,910 --> 00:59:13,680

um there's a number of other cases like

1493

00:59:17,109 --> 00:59:15,920

that in the file where they're

1494

00:59:20,789 --> 00:59:17,119

receiving

1495

00:59:22,549 --> 00:59:20,799

transmissions of something

1496

00:59:24,870 --> 00:59:22,559

and they don't include enough

1497

00:59:25,829 --> 00:59:24,880

information in the report for you to do

1498

00:59:26,789 --> 00:59:25,839

something

1499

00:59:29,109 --> 00:59:26,799

but

1500

00:59:30,390 --> 00:59:29,119

it would seem to me that obviously that

1501

00:59:31,829 --> 00:59:30,400

would be something you're very

1502

00:59:33,589 --> 00:59:31,839

interested

1503

00:59:35,349 --> 00:59:33,599

and martin related to the question you

1504

00:59:37,270 --> 00:59:35,359

know regarding evidence and i wrote

1505

00:59:39,829 --> 00:59:37,280

about this in my book it really depends

1506

00:59:42,710 --> 00:59:39,839

on what you define as evidence if if

1507

00:59:44,230 --> 00:59:42,720

we're talking physical evidence of a ufo

1508

00:59:46,309 --> 00:59:44,240

or an extraterrestrial we don't have

1509

00:59:48,150 --> 00:59:46,319

that and i would challenge anyone who

1510

00:59:50,150 --> 00:59:48,160

says they have that to bring that forth

1511

00:59:52,470 --> 00:59:50,160

to the scientific community to analyze

1512

00:59:53,990 --> 00:59:52,480

but really what we do as i mentioned

1513

00:59:56,069 --> 00:59:54,000

earlier is we have

1514

00:59:58,069 --> 00:59:56,079

decades worth of military civilian

1515

01:00:00,870 --> 00:59:58,079

reports and the ones that are most

1516

01:00:03,589 --> 01:00:00,880

compelling to get to the question is

1517

01:00:06,230 --> 01:00:03,599

the cases are the cases that involve

1518

01:00:08,390 --> 01:00:06,240

radar in addition to visual sightings

1519

01:00:11,030 --> 01:00:08,400

where you have objective measures that

1520

01:00:12,230 --> 01:00:11,040

are supporting the subjective human

1521

01:00:14,710 --> 01:00:12,240

perception

1522

01:00:16,630 --> 01:00:14,720

and there's many compelling cases where

1523

01:00:19,190 --> 01:00:16,640

many of these objects have been detected

1524

01:00:21,030 --> 01:00:19,200

on multiple radar systems in addition to

1525

01:00:22,150 --> 01:00:21,040

being seen by multiple trained military

1526

01:00:24,069 --> 01:00:22,160

observers

1527

01:00:26,829 --> 01:00:24,079

the best evidence we have is the

1528

01:00:29,829 --> 01:00:26,839

evidence of it being an unexplained

1529

01:00:32,789 --> 01:00:29,839

phenomenon not not much beyond that it's

1530

01:00:34,390 --> 01:00:32,799

just a weird phenomenon that is

1531

01:00:36,630 --> 01:00:34,400

tough to define

1532

01:00:38,470 --> 01:00:36,640

there's plenty of evidence of that in

1533

01:00:40,829 --> 01:00:38,480

terms of the reports but if you're

1534

01:00:42,710 --> 01:00:40,839

talking about artifacts

1535

01:00:44,630 --> 01:00:42,720

uh

1536

01:00:46,710 --> 01:00:44,640

you can't point at any one thing and say

1537

01:00:49,030 --> 01:00:46,720

it's it's from space or

1538

01:00:51,030 --> 01:00:49,040

other dimensions or whatever it's it's

1539

01:00:54,390 --> 01:00:51,040

nothing nothing in the civilian sector

1540

01:00:56,390 --> 01:00:54,400

so we we have uh

1541

01:00:58,309 --> 01:00:56,400

uh i'm interested in close encounter

1542

01:01:02,630 --> 01:00:58,319

cases where there's

1543

01:01:04,549 --> 01:01:02,640

some kind of effect like stalling cars

1544

01:01:06,630 --> 01:01:04,559

turning out the lights

1545

01:01:08,710 --> 01:01:06,640

um

1546

01:01:11,349 --> 01:01:08,720

things like that

1547

01:01:13,270 --> 01:01:11,359

now there's there's almost 2 000 of

1548

01:01:15,190 --> 01:01:13,280

these cases

1549

01:01:17,430 --> 01:01:15,200

that we know of

1550

01:01:20,390 --> 01:01:17,440

and in almost

1551

01:01:22,549 --> 01:01:20,400

just one or two cases has the car broad

1552

01:01:25,190 --> 01:01:22,559

been brought in to be examined

1553

01:01:27,430 --> 01:01:25,200

afterwards i mean they they say oh we

1554

01:01:30,069 --> 01:01:27,440

took it to a mechanic and he said i

1555

01:01:32,390 --> 01:01:30,079

can't figure out why it would do that

1556

01:01:35,030 --> 01:01:32,400

but it hasn't actually been well

1557

01:01:37,910 --> 01:01:35,040

investigated content committee

1558

01:01:40,470 --> 01:01:37,920

uh roy craig went out and he had a

1559

01:01:43,349 --> 01:01:40,480

compass and he ran the compass over the

1560

01:01:45,190 --> 01:01:43,359

hood of the car that is not a scientific

1561

01:01:46,470 --> 01:01:45,200

investigation

1562

01:01:47,270 --> 01:01:46,480

the uh

1563

01:01:49,990 --> 01:01:47,280

uh

1564

01:01:53,829 --> 01:01:50,000

the guys in britain brought a car in and

1565

01:01:55,990 --> 01:01:53,839

they tore it apart to look at what was

1566

01:01:59,190 --> 01:01:56,000

different about it afterwards

1567

01:02:03,029 --> 01:01:59,200

in a lot of cases it burns out the fuses

1568

01:02:05,430 --> 01:02:03,039

um wow so it's

1569

01:02:07,829 --> 01:02:05,440

this is something that that somebody

1570

01:02:10,789 --> 01:02:07,839

with some scientific

1571

01:02:13,349 --> 01:02:10,799

acumen could actually examine

1572

01:02:15,910 --> 01:02:13,359

but it is seldom have

1573

01:02:17,109 --> 01:02:15,920

has been that and and to jan's point

1574

01:02:18,950 --> 01:02:17,119

getting back to what i alluded to

1575

01:02:20,390 --> 01:02:18,960

earlier martin with regard to looking at

1576

01:02:23,430 --> 01:02:20,400

patterns in the data

1577

01:02:25,349 --> 01:02:23,440

you can take the uh ground vehicle

1578

01:02:26,789 --> 01:02:25,359

interference cases and then look at

1579

01:02:29,750 --> 01:02:26,799

characteristics

1580

01:02:32,870 --> 01:02:29,760

that also match other cases one that i

1581

01:02:35,670 --> 01:02:32,880

think of is 1973 mansfield ohio the

1582

01:02:38,230 --> 01:02:35,680

colonel coin case where this military

1583

01:02:40,069 --> 01:02:38,240

helicopter was caught in this light that

1584

01:02:42,150 --> 01:02:40,079

actually pulled it up despite the fact

1585

01:02:43,349 --> 01:02:42,160

that they were in a downward trajectory

1586

01:02:44,549 --> 01:02:43,359

according to the controls in the

1587

01:02:46,950 --> 01:02:44,559

helicopter

1588

01:02:48,549 --> 01:02:46,960

but in the days weeks and months

1589

01:02:51,190 --> 01:02:48,559

following that

1590

01:02:54,150 --> 01:02:51,200

that helicopter became the hangar queen

1591

01:02:56,630 --> 01:02:54,160

they had all kinds of electronic

1592

01:02:58,150 --> 01:02:56,640

failures with that helicopter and the

1593

01:02:59,990 --> 01:02:58,160

only thing that they can tie it to was a

1594

01:03:02,630 --> 01:03:00,000

direct result of it being in the beam of

1595

01:03:04,390 --> 01:03:02,640

this ufo so to jan's point it's not just

1596

01:03:06,150 --> 01:03:04,400

ground vehicles but even airborne

1597

01:03:08,630 --> 01:03:06,160

vehicles that have sustained

1598

01:03:11,109 --> 01:03:08,640

some type of damage as a result of being

1599

01:03:13,190 --> 01:03:11,119

in close proximity these ufos

1600

01:03:14,390 --> 01:03:13,200

and what do you think you know you keep

1601
01:03:17,670 --> 01:03:14,400
hearing about

1602
01:03:20,710 --> 01:03:17,680
the meta materials the possible crash

1603
01:03:23,510 --> 01:03:20,720
um artifacts that migs may or may not

1604
01:03:25,510 --> 01:03:23,520
exist i don't know i personally

1605
01:03:27,670 --> 01:03:25,520
it's in the gray basket for me whether

1606
01:03:28,630 --> 01:03:27,680
these things even though you know some

1607
01:03:30,950 --> 01:03:28,640
pretty

1608
01:03:34,150 --> 01:03:30,960
high up there people including

1609
01:03:37,109 --> 01:03:34,160
louis uh lou elizondo kind of

1610
01:03:37,990 --> 01:03:37,119
hints to the fact that these things are

1611
01:03:40,390 --> 01:03:38,000
uh

1612
01:03:42,710 --> 01:03:40,400
are known to exist

1613
01:03:43,990 --> 01:03:42,720

and what are any comments on that from

1614

01:03:46,150 --> 01:03:44,000

any one of you and i i'm going to be

1615

01:03:47,510 --> 01:03:46,160

pulling up questions on chat uh right

1616

01:03:49,750 --> 01:03:47,520

after that

1617

01:03:51,589 --> 01:03:49,760

and as i said i don't know of any

1618

01:03:53,109 --> 01:03:51,599

artifacts that have proven to be

1619

01:03:54,309 --> 01:03:53,119

anything

1620

01:03:57,510 --> 01:03:54,319

that

1621

01:04:00,710 --> 01:03:57,520

would substantiate ufos as something

1622

01:04:03,349 --> 01:04:00,720

really exotic uh meta materials well

1623

01:04:04,630 --> 01:04:03,359

hints are okay but we're not seeing any

1624

01:04:06,549 --> 01:04:04,640

information

1625

01:04:09,270 --> 01:04:06,559

and that none of it's really come out

1626

01:04:12,230 --> 01:04:09,280

except for generalities uh in the last

1627

01:04:13,670 --> 01:04:12,240

few years since it first surfaced yeah

1628

01:04:15,589 --> 01:04:13,680

i'm like you martin i'm pretty much an

1629

01:04:17,349 --> 01:04:15,599

agnostic when it comes to that not

1630

01:04:18,870 --> 01:04:17,359

denying that they don't exist and i hope

1631

01:04:21,109 --> 01:04:18,880

they do exist because i think we all

1632

01:04:23,190 --> 01:04:21,119

want physical evidence of something

1633

01:04:24,789 --> 01:04:23,200

that is suggested that this is someone

1634

01:04:27,430 --> 01:04:24,799

else's technology

1635

01:04:29,430 --> 01:04:27,440

um but if there is physical evidence i

1636

01:04:31,589 --> 01:04:29,440

would compel you know whoever has that

1637

01:04:33,430 --> 01:04:31,599

material to bring it forth to the

1638

01:04:35,270 --> 01:04:33,440

general scientific community so it can

1639

01:04:36,950 --> 01:04:35,280

be researched and studied at multiple

1640

01:04:39,510 --> 01:04:36,960

independent laboratories because that's

1641

01:04:41,670 --> 01:04:39,520

what we do right in science we get

1642

01:04:44,230 --> 01:04:41,680

multiple groups to analyze the data and

1643

01:04:46,150 --> 01:04:44,240

then we compare the results and so

1644

01:04:47,910 --> 01:04:46,160

um it's interesting that they're talking

1645

01:04:49,750 --> 01:04:47,920

about it i just wish that they would

1646

01:04:53,270 --> 01:04:49,760

afford the general scientific community

1647

01:04:55,589 --> 01:04:53,280

the access to those materials so um yeah

1648

01:04:58,150 --> 01:04:55,599

bigelow had uh

1649

01:04:59,109 --> 01:04:58,160

certain things that were sent to him or

1650

01:05:02,470 --> 01:04:59,119

that

1651
01:05:05,270 --> 01:05:02,480
his people collected during the uh

1652
01:05:06,789 --> 01:05:05,280
uh during his uh sub contract

1653
01:05:09,349 --> 01:05:06,799
investigation

1654
01:05:11,589 --> 01:05:09,359
um the university

1655
01:05:14,309 --> 01:05:11,599
of uh

1656
01:05:16,069 --> 01:05:14,319
las vegas unlv

1657
01:05:18,470 --> 01:05:16,079
examined some of those things and they

1658
01:05:22,950 --> 01:05:18,480
were all mostly mundane

1659
01:05:23,829 --> 01:05:22,960
including a jar of muddy water

1660
01:05:25,430 --> 01:05:23,839
so

1661
01:05:27,589 --> 01:05:25,440
um

1662
01:05:29,910 --> 01:05:27,599
now they did it for free they wanted

1663
01:05:31,589 --> 01:05:29,920

bigelow to give him give them more

1664

01:05:34,950 --> 01:05:31,599

business

1665

01:05:38,230 --> 01:05:34,960

but nothing that they did in the initial

1666

01:05:42,069 --> 01:05:38,240

examination of what he had

1667

01:05:45,029 --> 01:05:42,079

submitted was was anything

1668

01:05:46,950 --> 01:05:45,039

uh that was exotic

1669

01:05:49,029 --> 01:05:46,960

um

1670

01:05:51,589 --> 01:05:49,039

and that that

1671

01:05:52,870 --> 01:05:51,599

story died really quickly because there

1672

01:05:54,549 --> 01:05:52,880

was no

1673

01:05:57,510 --> 01:05:54,559

oomph behind it

1674

01:06:00,470 --> 01:05:57,520

sure i remember the the story about arts

1675

01:06:03,190 --> 01:06:00,480

parts i think a linda moulton had them

1676

01:06:05,510 --> 01:06:03,200

as well and one of them ended up being a

1677

01:06:07,750 --> 01:06:05,520

part to a radiate a car radiator you

1678

01:06:09,430 --> 01:06:07,760

know i mean the metal i don't know if uh

1679

01:06:10,870 --> 01:06:09,440

if any of you followed any of that but

1680

01:06:12,870 --> 01:06:10,880

that was right yeah that was pretty

1681

01:06:15,510 --> 01:06:12,880

interesting so here's uh here's a

1682

01:06:18,710 --> 01:06:15,520

question directly for you david uh why

1683

01:06:19,990 --> 01:06:18,720

belgium for the late 80s 90s triangle

1684

01:06:22,309 --> 01:06:20,000

flap

1685

01:06:23,910 --> 01:06:22,319

well that's a good question i i really

1686

01:06:25,589 --> 01:06:23,920

obviously don't know and i don't think

1687

01:06:28,069 --> 01:06:25,599

the belgian air force knows after all

1688

01:06:30,789 --> 01:06:28,079

these decades but what's interesting is

1689

01:06:33,510 --> 01:06:30,799

you look at the 80s in the 90s actually

1690

01:06:35,270 --> 01:06:33,520

it was 89 to 91 really respectively that

1691

01:06:36,789 --> 01:06:35,280

that wave of sightings that they're

1692

01:06:37,990 --> 01:06:36,799

referencing

1693

01:06:40,630 --> 01:06:38,000

leading up to that and i've had

1694

01:06:41,829 --> 01:06:40,640

discussions with researchers in wales

1695

01:06:45,990 --> 01:06:41,839

and england

1696

01:06:47,990 --> 01:06:46,000

about this is starting around 1983

1697

01:06:50,549 --> 01:06:48,000

around 1986

1698

01:06:52,630 --> 01:06:50,559

in wales you were having sightings uh in

1699

01:06:54,309 --> 01:06:52,640

january of 83 specifically i'm working

1700

01:06:56,069 --> 01:06:54,319

with a group right now in wales that's

1701

01:06:58,549 --> 01:06:56,079

doing a documentary on this

1702

01:07:01,589 --> 01:06:58,559

there was a wave of triangular ufo

1703

01:07:02,950 --> 01:07:01,599

sightings over whales and when you look

1704

01:07:04,630 --> 01:07:02,960

and again this is where i talk about the

1705

01:07:06,950 --> 01:07:04,640

big picture martin looking at patterns

1706

01:07:08,870 --> 01:07:06,960

in the data you look at that and it's

1707

01:07:11,750 --> 01:07:08,880

almost as if the activity tended to

1708

01:07:14,150 --> 01:07:11,760

shift to the southeast down towards the

1709

01:07:17,190 --> 01:07:14,160

english channel you started getting all

1710

01:07:20,150 --> 01:07:17,200

of these reports in southern england

1711

01:07:22,789 --> 01:07:20,160

and then within literally weeks of the

1712

01:07:25,670 --> 01:07:22,799

belgian wave you now suddenly had that

1713

01:07:27,510 --> 01:07:25,680

activity shift to belgium apparently

1714

01:07:29,750 --> 01:07:27,520

from england despite that there were

1715

01:07:31,190 --> 01:07:29,760

still sightings going on in england

1716

01:07:33,029 --> 01:07:31,200

but when you look at the distance across

1717

01:07:33,910 --> 01:07:33,039

the english channel by air that's

1718

01:07:35,750 --> 01:07:33,920

nothing

1719

01:07:37,750 --> 01:07:35,760

and so

1720

01:07:39,510 --> 01:07:37,760

we see these patterns of activity that

1721

01:07:42,630 --> 01:07:39,520

seem to shift and so

1722

01:07:45,109 --> 01:07:42,640

again belgium wasn't isolated although

1723

01:07:47,109 --> 01:07:45,119

i would argue it wasn't the belgian ufo

1724

01:07:48,870 --> 01:07:47,119

sightings that were unique rather the

1725

01:07:51,910 --> 01:07:48,880

way that the media and the belgian

1726

01:07:53,349 --> 01:07:51,920

military uh approached it and discussed

1727

01:07:55,029 --> 01:07:53,359

it publicly

1728

01:07:58,150 --> 01:07:55,039

much different than the united states

1729

01:08:00,549 --> 01:07:58,160

air force uh take on ufo subject and

1730

01:08:03,589 --> 01:08:00,559

what about the controversial photo that

1731

01:08:04,950 --> 01:08:03,599

looked so good i know i know it's uh has

1732

01:08:06,630 --> 01:08:04,960

not been able to been

1733

01:08:09,190 --> 01:08:06,640

replicated as well it's kind of a

1734

01:08:10,870 --> 01:08:09,200

mystery yeah well i i always say this is

1735

01:08:13,109 --> 01:08:10,880

not my opinion this is the opinion of

1736

01:08:15,510 --> 01:08:13,119

the lead investigator patrick ferran a

1737

01:08:17,990 --> 01:08:15,520

friend of mine and the lead investigator

1738

01:08:20,309 --> 01:08:18,000

with sobeps now kobeps but it was called

1739

01:08:21,910 --> 01:08:20,319

sobeps at that time and they did the

1740

01:08:25,110 --> 01:08:21,920

lead investigations he knows the

1741

01:08:27,910 --> 01:08:25,120

photographer and in their opinion in

1742

01:08:30,309 --> 01:08:27,920

patrick's opinion and their experts it

1743

01:08:31,669 --> 01:08:30,319

was in fact a hoaxed photo

1744

01:08:33,910 --> 01:08:31,679

and it's interesting though because i

1745

01:08:36,630 --> 01:08:33,920

always love to use this as an example of

1746

01:08:39,030 --> 01:08:36,640

how skeptics will take one thing and

1747

01:08:41,749 --> 01:08:39,040

generalize it to a ridiculous degree

1748

01:08:43,910 --> 01:08:41,759

they'll say you see the photo the famous

1749

01:08:46,789 --> 01:08:43,920

photo was fake therefore there's no

1750

01:08:48,470 --> 01:08:46,799

validity to any of the sightings

1751

01:08:50,630 --> 01:08:48,480

which is ridiculous that's like saying i

1752

01:08:52,789 --> 01:08:50,640

have a counterfeit 20 bill therefore all

1753

01:08:55,749 --> 01:08:52,799

the 20 bills that you're holding in your

1754

01:08:57,590 --> 01:08:55,759

wallets and purses are counterfeit

1755

01:08:59,430 --> 01:08:57,600

exactly yeah that is kind of that is

1756

01:09:00,870 --> 01:08:59,440

kind of frustrating

1757

01:09:02,470 --> 01:09:00,880

well the old saying that throwing the

1758

01:09:03,430 --> 01:09:02,480

baby out with the bath water seems to

1759

01:09:05,349 --> 01:09:03,440

happen

1760

01:09:06,870 --> 01:09:05,359

quite a bit when it comes to these i'm

1761

01:09:07,669 --> 01:09:06,880

going to pull up that image as soon as i

1762

01:09:10,550 --> 01:09:07,679

can

1763

01:09:12,229 --> 01:09:10,560

um get that up uh because it really is a

1764

01:09:14,709 --> 01:09:12,239

a fascinating i mean you look at the

1765

01:09:15,669 --> 01:09:14,719

picture you really think it has to be

1766

01:09:17,990 --> 01:09:15,679

something

1767

01:09:20,789 --> 01:09:18,000

yeah it ends up it's not

1768

01:09:24,390 --> 01:09:20,799

um but also i remember speaking to

1769

01:09:26,470 --> 01:09:24,400

leslie kane about this and she said that

1770

01:09:28,870 --> 01:09:26,480

um there was

1771

01:09:31,430 --> 01:09:28,880

uh i believe

1772

01:09:33,269 --> 01:09:31,440

the person that took the photo

1773

01:09:35,910 --> 01:09:33,279

appeared to have gotten

1774

01:09:37,189 --> 01:09:35,920

um a payoff of some kind which made it

1775

01:09:39,590 --> 01:09:37,199

even more

1776

01:09:41,189 --> 01:09:39,600

unusual do you know anything

1777

01:09:42,789 --> 01:09:41,199

i don't know about a payoff but anytime

1778

01:09:44,870 --> 01:09:42,799

you enter money into the equation on

1779

01:09:47,669 --> 01:09:44,880

these situations it it certainly calls

1780

01:09:49,349 --> 01:09:47,679

into question what's the motivation

1781

01:09:50,950 --> 01:09:49,359

yeah exactly

1782

01:09:52,390 --> 01:09:50,960

uh well like everything i'm trying to

1783

01:09:54,950 --> 01:09:52,400

pull up on that photo is not coming

1784

01:09:57,669 --> 01:09:54,960

through but it really is uh uh

1785

01:10:00,790 --> 01:09:57,679

it's it's quite a convincing photo when

1786

01:10:03,350 --> 01:10:00,800

you first look at it for sure

1787

01:10:05,910 --> 01:10:03,360

and let's see i have another question

1788

01:10:08,149 --> 01:10:05,920

that uh mary grace always has some great

1789

01:10:10,709 --> 01:10:08,159

questions and i'm going to pull that up

1790

01:10:13,590 --> 01:10:10,719

here as soon as i get to it here

1791

01:10:16,229 --> 01:10:13,600

and that is are there any documents from

1792

01:10:19,990 --> 01:10:16,239

any governments in the world that claim

1793

01:10:24,630 --> 01:10:22,229

uh are you aware of any not official

1794

01:10:26,310 --> 01:10:24,640

documents that i know of there are fakes

1795

01:10:30,070 --> 01:10:26,320

running around that look like government

1796

01:10:31,430 --> 01:10:30,080

documents that surely say that yeah but

1797

01:10:34,310 --> 01:10:31,440

i've always

1798

01:10:37,110 --> 01:10:34,320

asked with government paperwork and all

1799

01:10:39,430 --> 01:10:37,120

one thing i insisted on if is if they

1800

01:10:41,350 --> 01:10:39,440

were released

1801
01:10:44,390 --> 01:10:41,360
by any government they should be

1802
01:10:46,950 --> 01:10:44,400
accompanied by a paper trail

1803
01:10:47,910 --> 01:10:46,960
provenance cover letters anything like

1804
01:10:54,229 --> 01:10:47,920
that

1805
01:10:56,149 --> 01:10:54,239
right i i can't trust them right i don't

1806
01:10:58,550 --> 01:10:56,159
know where they're coming from they came

1807
01:11:01,590 --> 01:10:58,560
from anonymous sources sometimes or they

1808
01:11:03,910 --> 01:11:01,600
went through third fourth fifth parties

1809
01:11:05,510 --> 01:11:03,920
and you can't really uh determine the

1810
01:11:08,390 --> 01:11:05,520
origin of these things right and that

1811
01:11:10,790 --> 01:11:08,400
automatically makes documents suspicious

1812
01:11:12,870 --> 01:11:10,800
well i'm glad you brought that up

1813
01:11:14,709 --> 01:11:12,880

because i would like to talk about what

1814

01:11:16,470 --> 01:11:14,719

was floating around i don't know maybe

1815

01:11:18,790 --> 01:11:16,480

two years ago and there was so much

1816

01:11:20,709 --> 01:11:18,800

hubbub about it and i didn't think it

1817

01:11:23,189 --> 01:11:20,719

had any meat to it at all when i looked

1818

01:11:25,430 --> 01:11:23,199

into it i could be wrong so i try to be

1819

01:11:29,030 --> 01:11:25,440

open-minded but the wilson document are

1820

01:11:31,830 --> 01:11:29,040

you from anyone familiar with that yes

1821

01:11:35,590 --> 01:11:31,840

and and your opinion

1822

01:11:37,189 --> 01:11:35,600

well wilson said that he wasn't there

1823

01:11:39,189 --> 01:11:37,199

he denied it

1824

01:11:41,910 --> 01:11:39,199

so

1825

01:11:44,310 --> 01:11:41,920

it's it's you know

1826
01:11:46,390 --> 01:11:44,320
one piece of evidence after another you

1827
01:11:47,750 --> 01:11:46,400
know he said she said

1828
01:11:50,630 --> 01:11:47,760
um

1829
01:11:53,510 --> 01:11:50,640
now the government is known to

1830
01:11:56,870 --> 01:11:53,520
lie about ufos everywhere

1831
01:11:59,669 --> 01:11:56,880
so but i i don't trust

1832
01:12:02,310 --> 01:11:59,679
the uh supposed

1833
01:12:04,470 --> 01:12:02,320
outcome of that what you know

1834
01:12:06,870 --> 01:12:04,480
what supposedly was discussed and things

1835
01:12:09,669 --> 01:12:06,880
like that yeah i i would ask where did

1836
01:12:10,470 --> 01:12:09,679
it come from yeah

1837
01:12:11,830 --> 01:12:10,480
right

1838
01:12:14,709 --> 01:12:11,840

and

1839

01:12:17,750 --> 01:12:14,719

uh well that act supposedly that

1840

01:12:21,030 --> 01:12:17,760

originated in a file

1841

01:12:23,669 --> 01:12:21,040

that belonged to um the astronaut who am

1842

01:12:25,430 --> 01:12:23,679

i thinking of uh

1843

01:12:27,189 --> 01:12:25,440

exactly yes

1844

01:12:30,470 --> 01:12:27,199

and i don't know if that's uh and then

1845

01:12:32,390 --> 01:12:30,480

supposedly it was taken to australia

1846

01:12:36,550 --> 01:12:32,400

and uh

1847

01:12:38,470 --> 01:12:36,560

and kind of got around from there and

1848

01:12:40,950 --> 01:12:38,480

you know if i'm wrong i'm wrong but i

1849

01:12:41,910 --> 01:12:40,960

mean that's that's that's what i yeah

1850

01:12:48,310 --> 01:12:41,920

yeah

1851

01:12:48,320 --> 01:12:51,350

uh

1852

01:12:57,189 --> 01:12:54,950

i i did a conference with edgar mitchell

1853

01:12:57,990 --> 01:12:57,199

and uh

1854

01:13:00,470 --> 01:12:58,000

uh

1855

01:13:04,870 --> 01:13:00,480

furmage

1856

01:13:09,590 --> 01:13:08,070

edgar richelle is a is an american hero

1857

01:13:11,510 --> 01:13:09,600

and he's uh

1858

01:13:14,709 --> 01:13:11,520

he's definitely uh

1859

01:13:18,790 --> 01:13:17,030

knows what he's talking about as far as

1860

01:13:20,790 --> 01:13:18,800

nasa goes but

1861

01:13:22,709 --> 01:13:20,800

i have a lot of trouble with things that

1862

01:13:24,630 --> 01:13:22,719

he says

1863

01:13:26,550 --> 01:13:24,640

um

1864

01:13:28,790 --> 01:13:26,560

and

1865

01:13:31,030 --> 01:13:28,800

it's it's kind of hard for me to believe

1866

01:13:34,229 --> 01:13:31,040

some of the things that he says

1867

01:13:36,870 --> 01:13:34,239

and he's always he always leaves himself

1868

01:13:41,669 --> 01:13:36,880

a loophole to joe bottom

1869

01:13:46,870 --> 01:13:44,390

you might say it it's interesting but

1870

01:13:48,709 --> 01:13:46,880

you know not uh

1871

01:13:51,030 --> 01:13:48,719

we don't have the complete story that

1872

01:13:52,870 --> 01:13:51,040

that's what i'd say there yeah martin i

1873

01:13:55,030 --> 01:13:52,880

would just say that the wilson documents

1874

01:13:57,430 --> 01:13:55,040

no different than the purported mj12

1875

01:14:00,390 --> 01:13:57,440

documents and others that have surfaced

1876

01:14:02,470 --> 01:14:00,400

uh if you believe that they're real it's

1877

01:14:04,790 --> 01:14:02,480

incumbent upon you to prove that they're

1878

01:14:07,110 --> 01:14:04,800

valid not on us to prove that they're

1879

01:14:09,750 --> 01:14:07,120

not valid right

1880

01:14:12,229 --> 01:14:09,760

yes so you know and i know with your

1881

01:14:15,830 --> 01:14:12,239

background and what you do provenance is

1882

01:14:17,510 --> 01:14:15,840

everything yes and so you know

1883

01:14:19,110 --> 01:14:17,520

barry greenwood wrote one of the best

1884

01:14:20,550 --> 01:14:19,120

books on the subject i just told him

1885

01:14:22,390 --> 01:14:20,560

yesterday i said you know yours is one

1886

01:14:23,990 --> 01:14:22,400

of my top 10 books i i'm not just

1887

01:14:26,070 --> 01:14:24,000

blowing sunshine up your backside when i

1888

01:14:27,669 --> 01:14:26,080

say that i have a newspaper article from

1889

01:14:29,990 --> 01:14:27,679

several years ago where i listed my top

1890

01:14:31,990 --> 01:14:30,000

10 books and his is listed on there but

1891

01:14:33,990 --> 01:14:32,000

the reason i said that is there was a

1892

01:14:36,470 --> 01:14:34,000

lot of spurious material being printed

1893

01:14:37,990 --> 01:14:36,480

at that time oh yeah yeah and the fact

1894

01:14:40,229 --> 01:14:38,000

of the matter is

1895

01:14:42,390 --> 01:14:40,239

and i know knowing barry and having seen

1896

01:14:44,870 --> 01:14:42,400

the documents that he's worked on he

1897

01:14:47,510 --> 01:14:44,880

went to the archives he went and filed

1898

01:14:49,750 --> 01:14:47,520

foia requests he can demonstrate beyond

1899

01:14:51,430 --> 01:14:49,760

a reasonable doubt these documents are

1900

01:14:53,910 --> 01:14:51,440

legitimate and this is where they came

1901

01:14:55,910 --> 01:14:53,920

from and if you don't believe me file a

1902

01:14:57,590 --> 01:14:55,920

foia request on these same documents and

1903

01:15:00,470 --> 01:14:57,600

you'll get what i got

1904

01:15:02,229 --> 01:15:00,480

here's the thing at the time uh we were

1905

01:15:05,189 --> 01:15:02,239

working on the documents

1906

01:15:06,630 --> 01:15:05,199

i i wanted to obtain credible material i

1907

01:15:08,550 --> 01:15:06,640

wanted to get them directly from the

1908

01:15:10,950 --> 01:15:08,560

agencies and all not through anonymous

1909

01:15:12,630 --> 01:15:10,960

sources that you couldn't trust

1910

01:15:15,910 --> 01:15:12,640

to make a case that there was something

1911

01:15:17,750 --> 01:15:15,920

to the ufo phenomenon and

1912

01:15:19,270 --> 01:15:17,760

we were getting all those documents and

1913

01:15:21,350 --> 01:15:19,280

that doesn't mean that because

1914

01:15:23,510 --> 01:15:21,360

something's in the government file that

1915

01:15:25,669 --> 01:15:23,520

the information in it is absolutely

1916

01:15:27,030 --> 01:15:25,679

genuine they had information about hope

1917

01:15:28,870 --> 01:15:27,040

stories

1918

01:15:31,430 --> 01:15:28,880

in government records they certainly are

1919

01:15:33,830 --> 01:15:31,440

not real but it at least you have the

1920

01:15:35,910 --> 01:15:33,840

chance to assess the information once

1921

01:15:37,510 --> 01:15:35,920

it's released officially

1922

01:15:39,590 --> 01:15:37,520

to determine where they were getting

1923

01:15:41,430 --> 01:15:39,600

their information from and how credible

1924

01:15:45,350 --> 01:15:41,440

it was so they were trying to build a

1925

01:15:47,270 --> 01:15:45,360

case that that the documents

1926

01:15:49,350 --> 01:15:47,280

proved that it was an unexplained

1927

01:15:51,590 --> 01:15:49,360

phenomenon and then suddenly

1928

01:15:54,550 --> 01:15:51,600

after that became popular that that

1929

01:15:56,950 --> 01:15:54,560

foyers were discussed in the press and

1930

01:15:59,350 --> 01:15:56,960

and the uh the over flights and other

1931

01:16:01,590 --> 01:15:59,360

military type incidents were getting

1932

01:16:03,430 --> 01:16:01,600

into the newspapers

1933

01:16:04,630 --> 01:16:03,440

people started

1934

01:16:08,390 --> 01:16:04,640

issuing

1935

01:16:10,310 --> 01:16:08,400

hoaxes fake documents from wherever

1936

01:16:11,910 --> 01:16:10,320

the distinguishing feature of them was

1937

01:16:13,270 --> 01:16:11,920

they weren't coming from official

1938

01:16:14,709 --> 01:16:13,280

sources

1939

01:16:17,990 --> 01:16:14,719

and uh

1940

01:16:20,229 --> 01:16:18,000

it was tainting the the water in this

1941

01:16:21,750 --> 01:16:20,239

whole controversy i was trying to build

1942

01:16:23,030 --> 01:16:21,760

a case and these people are trying to

1943

01:16:25,990 --> 01:16:23,040

shoot it down

1944

01:16:28,229 --> 01:16:26,000

uh for whatever self-promoting purpose

1945

01:16:29,030 --> 01:16:28,239

they had we had to spend a great deal of

1946

01:16:31,189 --> 01:16:29,040

time

1947

01:16:32,870 --> 01:16:31,199

examining these documents and pulling

1948

01:16:34,550 --> 01:16:32,880

them apart to see

1949

01:16:36,470 --> 01:16:34,560

what they were all about

1950

01:16:38,229 --> 01:16:36,480

and it was very disappointing to have to

1951

01:16:41,910 --> 01:16:38,239

do that because i wanted to spend that

1952

01:16:43,990 --> 01:16:41,920

time on legitimate serious research i

1953

01:16:46,229 --> 01:16:44,000

was forced to examine these things

1954

01:16:49,110 --> 01:16:46,239

because they were being given equal or

1955

01:16:51,110 --> 01:16:49,120

maybe more than equal treatment uh

1956

01:16:52,310 --> 01:16:51,120

by the outside world and i we have to

1957

01:16:54,550 --> 01:16:52,320

explain

1958

01:16:56,470 --> 01:16:54,560

this isn't what you think it is

1959

01:16:57,590 --> 01:16:56,480

right and martin if i could just add to

1960

01:16:58,950 --> 01:16:57,600

that brief

1961

01:17:02,070 --> 01:16:58,960

we're talking in the context of

1962

01:17:03,669 --> 01:17:02,080

documents but i would you know ask your

1963

01:17:05,510 --> 01:17:03,679

audience when you're going to ufo

1964

01:17:08,470 --> 01:17:05,520

conferences when you're listening to

1965

01:17:10,390 --> 01:17:08,480

other podcasts with different people on

1966

01:17:12,630 --> 01:17:10,400

you should be asking the same question

1967

01:17:14,149 --> 01:17:12,640

not only of documents and and their

1968

01:17:15,910 --> 01:17:14,159

origins

1969

01:17:18,229 --> 01:17:15,920

some of the ridiculous and spurious

1970

01:17:20,550 --> 01:17:18,239

claims made by pseudo researchers in the

1971

01:17:22,630 --> 01:17:20,560

field that are spouting the most

1972

01:17:24,310 --> 01:17:22,640

ridiculous minutia

1973

01:17:26,229 --> 01:17:24,320

you should be asking

1974

01:17:28,390 --> 01:17:26,239

where are you getting this information

1975

01:17:30,630 --> 01:17:28,400

you know show me where you got this

1976

01:17:32,550 --> 01:17:30,640

information because too often in this

1977

01:17:33,669 --> 01:17:32,560

field we have again i call them pseudo

1978

01:17:35,990 --> 01:17:33,679

researchers

1979

01:17:38,550 --> 01:17:36,000

that are all about sensationalism and

1980

01:17:42,229 --> 01:17:38,560

they're constantly quoting unnamed

1981

01:17:44,229 --> 01:17:42,239

sources i can't my source translated you

1982

01:17:46,470 --> 01:17:44,239

can't verify what i'm telling you i mean

1983

01:17:48,149 --> 01:17:46,480

that's how i interpret it and admittedly

1984

01:17:50,070 --> 01:17:48,159

there are sensitive people in sensitive

1985

01:17:51,669 --> 01:17:50,080

positions that have to be careful but

1986

01:17:54,229 --> 01:17:51,679

when you have researchers that are

1987

01:17:56,630 --> 01:17:54,239

consistently where it's the rule not the

1988

01:17:58,630 --> 01:17:56,640

exception saying well i got this from an

1989

01:18:00,870 --> 01:17:58,640

unnamed source

1990

01:18:02,390 --> 01:18:00,880

i have to question that and for those

1991

01:18:03,830 --> 01:18:02,400

that have attended my lectures at

1992

01:18:05,270 --> 01:18:03,840

conferences the one thing that i get

1993

01:18:07,350 --> 01:18:05,280

complimented on more than anything

1994

01:18:09,030 --> 01:18:07,360

martin and it's gratifying they say you

1995

01:18:10,149 --> 01:18:09,040

know i always love your presentations

1996

01:18:13,189 --> 01:18:10,159

because at the bottom of every

1997

01:18:14,390 --> 01:18:13,199

powerpoint slide you have your source

1998

01:18:17,750 --> 01:18:14,400

hmm

1999

01:18:19,910 --> 01:18:17,760

yes and let me ask you this how

2000

01:18:21,590 --> 01:18:19,920

much of what you were talking about

2001

01:18:24,229 --> 01:18:21,600

barry earlier

2002

01:18:26,669 --> 01:18:24,239

um how much of this would you think or

2003

01:18:28,229 --> 01:18:26,679

is any of it could possibly be

2004

01:18:30,870 --> 01:18:28,239

disinformation

2005

01:18:32,470 --> 01:18:30,880

and i know when you're mixing things in

2006

01:18:34,550 --> 01:18:32,480

you a lot of times you know the

2007

01:18:35,669 --> 01:18:34,560

disinformation works really great when

2008

01:18:37,590 --> 01:18:35,679

there's a little

2009

01:18:40,550 --> 01:18:37,600

little sliver of truth

2010

01:18:43,590 --> 01:18:40,560

uh mixed in with the batch well you know

2011

01:18:47,990 --> 01:18:43,600

mj 12 was a slight example of that

2012

01:18:53,590 --> 01:18:50,310

in that around 1980 there was an

2013

01:18:56,310 --> 01:18:53,600

incident reported in new mexico uh

2014

01:18:59,590 --> 01:18:56,320

manzano weapon storage area documents

2015

01:19:01,669 --> 01:18:59,600

were explaining how ufos were seen and

2016

01:19:04,709 --> 01:19:01,679

not very far from here right it's very

2017

01:19:07,270 --> 01:19:04,719

close to where i am

2018

01:19:09,350 --> 01:19:07,280

but but these these papers are written

2019

01:19:11,830 --> 01:19:09,360

up and there was a uh

2020

01:19:13,669 --> 01:19:11,840

a special agent who was looking into

2021

01:19:16,630 --> 01:19:13,679

them his name figured prominently in

2022

01:19:17,910 --> 01:19:16,640

these papers richard dodie who is

2023

01:19:20,310 --> 01:19:17,920

familiar now

2024

01:19:22,149 --> 01:19:20,320

uh but he um

2025

01:19:23,990 --> 01:19:22,159

he uh he

2026

01:19:25,110 --> 01:19:24,000

looked into these reports while he was

2027

01:19:27,830 --> 01:19:25,120

still uh

2028

01:19:31,669 --> 01:19:27,840

with osi

2029

01:19:33,669 --> 01:19:31,679

and uh one day i was watching television

2030

01:19:36,550 --> 01:19:33,679

and there was a documentary on i think

2031

01:19:38,950 --> 01:19:36,560

it was a san francisco program

2032

01:19:40,790 --> 01:19:38,960

called the ufo experience and and

2033

01:19:43,990 --> 01:19:40,800

towards the end of it uh

2034

01:19:45,750 --> 01:19:44,000

they they showed documents which were

2035

01:19:47,590 --> 01:19:45,760

about this very same

2036

01:19:49,830 --> 01:19:47,600

series of events

2037

01:19:52,229 --> 01:19:49,840

uh

2038

01:19:55,270 --> 01:19:52,239

they were flash for an unusual amount of

2039

01:19:57,110 --> 01:19:55,280

time i was videotaping the program and i

2040

01:19:59,590 --> 01:19:57,120

was able to freeze frame it and take

2041

01:20:00,950 --> 01:19:59,600

down some of the information

2042

01:20:03,350 --> 01:20:00,960

and uh

2043

01:20:06,149 --> 01:20:03,360

i used that information to file a foia

2044

01:20:07,510 --> 01:20:06,159

request on the documents they look

2045

01:20:09,350 --> 01:20:07,520

genuine they look like government

2046

01:20:11,430 --> 01:20:09,360

documents and all and

2047

01:20:14,870 --> 01:20:11,440

i thought maybe we could get more than

2048

01:20:16,950 --> 01:20:14,880

what were shown so a short time later i

2049

01:20:18,629 --> 01:20:16,960

did receive a four-year release from the

2050

01:20:20,870 --> 01:20:18,639

air force

2051
01:20:22,709 --> 01:20:20,880
with containing these documents but the

2052
01:20:24,709 --> 01:20:22,719
odd thing was that they looked a little

2053
01:20:27,669 --> 01:20:24,719
different they weren't the exact same

2054
01:20:29,430 --> 01:20:27,679
documents the markings were

2055
01:20:30,950 --> 01:20:29,440
different from the ones on the

2056
01:20:34,149 --> 01:20:30,960
television and all

2057
01:20:36,550 --> 01:20:34,159
and as time went along uh it

2058
01:20:38,390 --> 01:20:36,560
became evident that this this

2059
01:20:39,270 --> 01:20:38,400
dodie fellow

2060
01:20:40,870 --> 01:20:39,280
was

2061
01:20:42,950 --> 01:20:40,880
involved with the subject far more

2062
01:20:45,910 --> 01:20:42,960
deeply than anyone realized he wasn't

2063
01:20:46,790 --> 01:20:45,920

just an afosi investigator her

2064

01:20:49,590 --> 01:20:46,800

but

2065

01:20:51,350 --> 01:20:49,600

he was involved in other stories too it

2066

01:20:53,830 --> 01:20:51,360

seemed to be traceable all the way back

2067

01:20:56,310 --> 01:20:53,840

to a hoax from elgeworth air force base

2068

01:20:57,750 --> 01:20:56,320

in the late 70s

2069

01:21:00,870 --> 01:20:57,760

but

2070

01:21:02,629 --> 01:21:00,880

apparently what he was doing was he was

2071

01:21:04,390 --> 01:21:02,639

creating

2072

01:21:06,629 --> 01:21:04,400

uh

2073

01:21:09,430 --> 01:21:06,639

information about ufo sightings and

2074

01:21:12,229 --> 01:21:09,440

mixing it in with with fiction

2075

01:21:14,790 --> 01:21:12,239

and and getting the documents filed

2076

01:21:15,830 --> 01:21:14,800

officially with an osi

2077

01:21:17,750 --> 01:21:15,840

really

2078

01:21:19,590 --> 01:21:17,760

and uh

2079

01:21:21,830 --> 01:21:19,600

it was meant to be

2080

01:21:23,910 --> 01:21:21,840

shown somewhere so that someone could

2081

01:21:27,270 --> 01:21:23,920

file a request and get an official

2082

01:21:29,350 --> 01:21:27,280

release of these planted documents

2083

01:21:32,070 --> 01:21:29,360

and that's what happened in this case uh

2084

01:21:34,390 --> 01:21:32,080

i i was the unwitting dupe i think they

2085

01:21:36,470 --> 01:21:34,400

called me one time that they wanted

2086

01:21:38,629 --> 01:21:36,480

someone to file a toy request and there

2087

01:21:40,629 --> 01:21:38,639

i was doing it for them

2088

01:21:43,030 --> 01:21:40,639

i had no idea what was going on

2089

01:21:44,790 --> 01:21:43,040

obviously but that's what happened they

2090

01:21:47,110 --> 01:21:44,800

called them the useful idiot the useful

2091

01:21:49,030 --> 01:21:47,120

idiot yeah right right

2092

01:21:51,669 --> 01:21:49,040

we can all be that

2093

01:21:53,110 --> 01:21:51,679

so uh ellsworth air force base robert

2094

01:21:56,470 --> 01:21:53,120

todd

2095

01:21:57,830 --> 01:21:56,480

wrote to every unit on ellsworth air

2096

01:22:00,310 --> 01:21:57,840

force base

2097

01:22:01,910 --> 01:22:00,320

every unit and

2098

01:22:04,390 --> 01:22:01,920

their their

2099

01:22:13,910 --> 01:22:06,870

the

2100

01:22:15,350 --> 01:22:13,920

top

2101
01:22:17,990 --> 01:22:15,360
uh

2102
01:22:21,910 --> 01:22:19,830
supervisors of

2103
01:22:26,390 --> 01:22:21,920
these types of units

2104
01:22:31,990 --> 01:22:29,669
everybody at ellsworth air force base

2105
01:22:34,390 --> 01:22:32,000
said this never happened

2106
01:22:37,669 --> 01:22:34,400
including

2107
01:22:40,870 --> 01:22:37,679
uh and then the pentagon

2108
01:22:41,669 --> 01:22:40,880
information came in every supervisor of

2109
01:22:43,669 --> 01:22:41,679
this

2110
01:22:45,750 --> 01:22:43,679
you know like the missile supervisor

2111
01:22:48,149 --> 01:22:45,760
maintenance supervisors

2112
01:22:49,110 --> 01:22:48,159
the mp supervisors

2113
01:22:51,750 --> 01:22:49,120

and

2114

01:22:53,030 --> 01:22:51,760

afosi

2115

01:22:56,070 --> 01:22:53,040

of

2116

01:22:58,870 --> 01:22:56,080

special investigations all denied that

2117

01:23:00,950 --> 01:22:58,880

those documents were real

2118

01:23:02,310 --> 01:23:00,960

so it was pretty well

2119

01:23:04,830 --> 01:23:02,320

covered

2120

01:23:07,270 --> 01:23:04,840

as to whether these documents have any

2121

01:23:10,870 --> 01:23:07,280

uh um

2122

01:23:13,990 --> 01:23:12,229

provenance

2123

01:23:15,910 --> 01:23:14,000

one of the things uh

2124

01:23:17,110 --> 01:23:15,920

i think i think todd got a letter that

2125

01:23:18,870 --> 01:23:17,120

said uh

2126

01:23:21,030 --> 01:23:18,880

that we're investigating where they

2127

01:23:23,590 --> 01:23:21,040

possibly came from

2128

01:23:23,600 --> 01:23:26,550

yeah it was

2129

01:23:26,560 --> 01:23:30,149

so it's

2130

01:23:36,310 --> 01:23:33,430

you know there's people in uh

2131

01:23:38,629 --> 01:23:36,320

inside the military that are

2132

01:23:39,990 --> 01:23:38,639

misbehaved too

2133

01:23:42,790 --> 01:23:40,000

yeah sure

2134

01:23:44,229 --> 01:23:42,800

yeah i'm sure you can i'm sure you can

2135

01:23:47,510 --> 01:23:44,239

learn a lot

2136

01:23:48,550 --> 01:23:47,520

from the the disinformation i mean just

2137

01:23:51,510 --> 01:23:48,560

kind of

2138

01:23:53,750 --> 01:23:51,520

when i say learn a lot maybe you can

2139

01:23:55,990 --> 01:23:53,760

try to figure out what they're trying to

2140

01:23:59,270 --> 01:23:56,000

do and what what is the outcome they're

2141

01:24:03,830 --> 01:24:01,430

well yeah there's another thing about

2142

01:24:05,910 --> 01:24:03,840

dodie and being involved in that story

2143

01:24:08,310 --> 01:24:05,920

too

2144

01:24:11,590 --> 01:24:08,320

the motivation can be

2145

01:24:15,350 --> 01:24:11,600

different things behind it i i

2146

01:24:18,390 --> 01:24:15,360

i wrote a paper in 2007 with brad sparks

2147

01:24:20,390 --> 01:24:18,400

and we discussed that whole

2148

01:24:23,510 --> 01:24:20,400

business with the

2149

01:24:26,550 --> 01:24:23,520

dodie and and paul benowitz and

2150

01:24:30,149 --> 01:24:26,560

and later mj-12 developments and we'd

2151

01:24:32,070 --> 01:24:30,159

come to different conclusions about it

2152

01:24:34,149 --> 01:24:32,080

he thought it wasn't

2153

01:24:36,629 --> 01:24:34,159

coming down from

2154

01:24:39,110 --> 01:24:36,639

people in afosi and perhaps higher than

2155

01:24:42,310 --> 01:24:39,120

that as a disinformation campaign

2156

01:24:44,870 --> 01:24:42,320

i heard evidence uh repeatedly

2157

01:24:47,750 --> 01:24:44,880

from participants in the story not not

2158

01:24:49,910 --> 01:24:47,760

necessarily military people but uh

2159

01:24:52,070 --> 01:24:49,920

that that there was a money motivation

2160

01:24:54,790 --> 01:24:52,080

behind it what a lot of people don't

2161

01:24:57,510 --> 01:24:54,800

know is that mj 12

2162

01:25:00,070 --> 01:24:57,520

had its very very early origins in a

2163

01:25:03,110 --> 01:25:00,080

fiction novel that was written by some

2164

01:25:05,270 --> 01:25:03,120

of the participants uh dodie bill moore

2165

01:25:07,189 --> 01:25:05,280

and robert pratt

2166

01:25:09,430 --> 01:25:07,199

who was a reporter for the national

2167

01:25:11,110 --> 01:25:09,440

enquirer and he was he didn't

2168

01:25:13,430 --> 01:25:11,120

necessarily believe the story he was

2169

01:25:16,149 --> 01:25:13,440

just writing it up as fiction

2170

01:25:19,110 --> 01:25:16,159

and when

2171

01:25:21,189 --> 01:25:19,120

when word leaked out about mj 12 and all

2172

01:25:23,590 --> 01:25:21,199

he uh he was pretty adamant that there

2173

01:25:25,990 --> 01:25:23,600

was nothing to it but

2174

01:25:27,669 --> 01:25:26,000

there was this manuscript which was the

2175

01:25:29,350 --> 01:25:27,679

property of three different people and

2176

01:25:31,990 --> 01:25:29,360

they couldn't circulate

2177

01:25:34,310 --> 01:25:32,000

so it was hard to prove anything but

2178

01:25:36,310 --> 01:25:34,320

he was a writer one of the writers of it

2179

01:25:37,990 --> 01:25:36,320

and uh he asserted that

2180

01:25:40,390 --> 01:25:38,000

it was nonsense

2181

01:25:42,709 --> 01:25:40,400

so uh

2182

01:25:44,709 --> 01:25:42,719

to me it was money that was behind that

2183

01:25:46,470 --> 01:25:44,719

they wanted to cash in on a story

2184

01:25:49,110 --> 01:25:46,480

started as fiction but they turned it

2185

01:25:50,550 --> 01:25:49,120

into an alleged fact and they went

2186

01:25:52,390 --> 01:25:50,560

pretty far with it they were on

2187

01:25:55,669 --> 01:25:52,400

television and

2188

01:25:57,430 --> 01:25:55,679

you remember the ufo cover-up live show

2189

01:25:59,350 --> 01:25:57,440

that was pretty easy

2190

01:26:00,790 --> 01:25:59,360

in the strawberry ice cream and tibetan

2191

01:26:05,390 --> 01:26:00,800

music and

2192

01:26:09,350 --> 01:26:07,030

disinformation

2193

01:26:11,990 --> 01:26:09,360

that's a soviet word

2194

01:26:13,110 --> 01:26:12,000

now i i've had people tell me

2195

01:26:15,669 --> 01:26:13,120

um

2196

01:26:19,189 --> 01:26:15,679

you know this uh office symbol on

2197

01:26:22,950 --> 01:26:19,199

colonel weaver's letters that's

2198

01:26:24,629 --> 01:26:22,960

that's uh air force's dis information

2199

01:26:25,990 --> 01:26:24,639

organization

2200

01:26:27,750 --> 01:26:26,000

i said

2201

01:26:30,950 --> 01:26:27,760

you know what you're showing

2202

01:26:35,590 --> 01:26:30,960

great ignorance in disinformation is a

2203

01:26:39,350 --> 01:26:36,870

and uh

2204

01:26:41,830 --> 01:26:40,790

there is

2205

01:26:45,030 --> 01:26:41,840

you know

2206

01:26:48,790 --> 01:26:45,040

opsec where you don't tell people what's

2207

01:26:52,390 --> 01:26:48,800

going on or you give them a cover story

2208

01:26:56,629 --> 01:26:52,400

but uh the word is not

2209

01:26:59,830 --> 01:26:56,639

used in the u.s military lexicon except

2210

01:27:03,030 --> 01:26:59,840

referring to the soviets or the russians

2211

01:27:06,750 --> 01:27:03,040

or other people overseas

2212

01:27:09,430 --> 01:27:06,760

it's we don't have a department of

2213

01:27:11,590 --> 01:27:09,440

disinformation and colonel weaver who

2214

01:27:14,830 --> 01:27:11,600

was in charge of declassification at the

2215

01:27:17,350 --> 01:27:14,840

time was not a was not the head of the

2216

01:27:20,229 --> 01:27:17,360

disinformation agency

2217

01:27:22,390 --> 01:27:20,239

yeah um you know i i brought that

2218

01:27:24,229 --> 01:27:22,400

subject up and by the way for those of

2219

01:27:25,910 --> 01:27:24,239

you watching live i'll be posting your

2220

01:27:27,910 --> 01:27:25,920

questions here just starting again in

2221

01:27:30,870 --> 01:27:27,920

just a minute here but i brought that up

2222

01:27:33,030 --> 01:27:30,880

to um lou elizondo when he was on my

2223

01:27:36,390 --> 01:27:33,040

show and by the way he'll be back in

2224

01:27:37,430 --> 01:27:36,400

december as well but when he was on

2225

01:27:39,990 --> 01:27:37,440

uh

2226

01:27:41,750 --> 01:27:40,000

i i said a number of people are claiming

2227

01:27:43,510 --> 01:27:41,760

that you're a disinformation agent and

2228

01:27:47,030 --> 01:27:43,520

what do you think of that and he was he

2229

01:27:47,990 --> 01:27:47,040

was very uh passionate and

2230

01:27:50,950 --> 01:27:48,000

very

2231

01:27:53,590 --> 01:27:50,960

uh upset that there's so many people

2232

01:27:56,390 --> 01:27:53,600

claiming that that's what he is

2233

01:27:57,830 --> 01:27:56,400

um and he said he would never ever you

2234

01:27:59,189 --> 01:27:57,840

know put any

2235

01:28:01,590 --> 01:27:59,199

you know

2236

01:28:04,790 --> 01:28:01,600

for what what would be the reason he

2237

01:28:06,709 --> 01:28:04,800

would be doing that that was basically

2238

01:28:08,629 --> 01:28:06,719

uh you know what he was coming back what

2239

01:28:09,350 --> 01:28:08,639

what would be his motivation for doing

2240

01:28:11,510 --> 01:28:09,360

that

2241

01:28:13,350 --> 01:28:11,520

um so anyway questions and caps please

2242

01:28:16,390 --> 01:28:13,360

but i did catch this one what are the

2243

01:28:18,470 --> 01:28:16,400

most compelling ufo report patterns the

2244

01:28:21,669 --> 01:28:18,480

nuclear weapons connection

2245

01:28:23,910 --> 01:28:21,679

the water and oceans association

2246

01:28:25,990 --> 01:28:23,920

in parentheses may be explaining the us

2247

01:28:29,110 --> 01:28:26,000

navy initiative

2248

01:28:32,149 --> 01:28:29,120

unquote i mean on bracket the abduction

2249

01:28:34,950 --> 01:28:32,159

phenomenon what is the most compelling

2250

01:28:35,910 --> 01:28:34,960

patterns wow

2251

01:28:37,590 --> 01:28:35,920

well

2252

01:28:39,830 --> 01:28:37,600

from my point of view the nuclear

2253

01:28:40,870 --> 01:28:39,840

weapons connection i

2254

01:28:44,390 --> 01:28:40,880

again

2255

01:28:46,790 --> 01:28:44,400

for the umpteenth time i thought the 75

2256

01:28:49,830 --> 01:28:46,800

overflights were pretty dramatic as far

2257

01:28:52,550 --> 01:28:49,840

as showing interest in nuclear and

2258

01:28:56,870 --> 01:28:52,560

military facilities and testing national

2259

01:28:59,270 --> 01:28:56,880

security uh that that to me was

2260

01:29:01,750 --> 01:28:59,280

still an amazing series of

2261

01:29:04,390 --> 01:29:01,760

events i don't know what was behind it

2262

01:29:06,629 --> 01:29:04,400

all maybe not everything was

2263

01:29:08,390 --> 01:29:06,639

exotic but certainly some parts of it

2264

01:29:10,790 --> 01:29:08,400

were

2265

01:29:12,870 --> 01:29:10,800

we had a guest last week

2266

01:29:16,550 --> 01:29:12,880

that had his sighting when he was in the

2267

01:29:18,790 --> 01:29:16,560

army service and back in 1992 he was

2268

01:29:21,750 --> 01:29:18,800

stationed up in canada for military

2269

01:29:23,430 --> 01:29:21,760

training uh when he had an amazing ufo

2270

01:29:26,229 --> 01:29:23,440

encounter

2271

01:29:27,189 --> 01:29:26,239

since he went out there and talked about

2272

01:29:30,870 --> 01:29:27,199

it he

2273

01:29:31,669 --> 01:29:30,880

has been contacted by someone who's

2274

01:29:34,070 --> 01:29:31,679

um

2275

01:29:35,510 --> 01:29:34,080

an aunt says that her husband and uncle

2276

01:29:37,910 --> 01:29:35,520

long retired

2277

01:29:39,669 --> 01:29:37,920

of back in the 19 i believe he said the

2278

01:29:44,229 --> 01:29:39,679

1970s

2279

01:29:46,470 --> 01:29:44,239

had a ufo nuclear warhead uh situation

2280

01:29:48,870 --> 01:29:46,480

another a person i'm trying trying to

2281

01:29:50,629 --> 01:29:48,880

follow up with him i'd love to find out

2282

01:29:53,510 --> 01:29:50,639

uh because he's never he said he would

2283

01:29:55,430 --> 01:29:53,520

never speak about it perhaps he will

2284

01:29:57,910 --> 01:29:55,440

now feel a little more comfortable these

2285

01:29:59,990 --> 01:29:57,920

days than he would have said before the

2286

01:30:02,790 --> 01:30:00,000

last few years yeah

2287

01:30:05,590 --> 01:30:02,800

but that would be interesting

2288

01:30:08,790 --> 01:30:05,600

the nuclear business it's very hard to

2289

01:30:10,790 --> 01:30:08,800

elicit information about it in relation

2290

01:30:12,550 --> 01:30:10,800

to ufo reports because they're pretty

2291

01:30:15,990 --> 01:30:12,560

much exempt

2292

01:30:18,070 --> 01:30:16,000

uh from foia scrutiny that's obviously a

2293

01:30:20,550 --> 01:30:18,080

very sensitive topic and

2294

01:30:21,830 --> 01:30:20,560

you can't really invest most of that

2295

01:30:23,110 --> 01:30:21,840

data

2296

01:30:24,870 --> 01:30:23,120

to very

2297

01:30:26,950 --> 01:30:24,880

to barry's point though martin in

2298

01:30:29,030 --> 01:30:26,960

reference to the question uh beyond

2299

01:30:31,350 --> 01:30:29,040

nuclear weapons it's interesting to see

2300

01:30:34,550 --> 01:30:31,360

the correlation even here in new mexico

2301

01:30:36,870 --> 01:30:34,560

specifically with ufo sightings during

2302

01:30:38,390 --> 01:30:36,880

the development of the atomic bomb uh

2303

01:30:41,430 --> 01:30:38,400

during the development of the hydrogen

2304

01:30:43,590 --> 01:30:41,440

bomb at los alamos i have original front

2305

01:30:46,149 --> 01:30:43,600

page newspaper headlines citing

2306

01:30:49,189 --> 01:30:46,159

scientists and security personnel that

2307

01:30:51,430 --> 01:30:49,199

were witnessing ufos over los alamos and

2308

01:30:54,070 --> 01:30:51,440

so beyond the documents that we may not

2309

01:30:56,229 --> 01:30:54,080

have access to as very alluded to even

2310

01:30:57,910 --> 01:30:56,239

in the newspapers from that time period

2311

01:30:59,270 --> 01:30:57,920

a lot of that information leaked out to

2312

01:31:01,750 --> 01:30:59,280

the press

2313

01:31:05,110 --> 01:31:01,760

and so the work of barry and the work of

2314

01:31:07,590 --> 01:31:05,120

robert hastings has really i think shown

2315

01:31:09,990 --> 01:31:07,600

that strong correlation between nuclear

2316

01:31:12,950 --> 01:31:10,000

weapons nuclear storage nuclear

2317

01:31:15,110 --> 01:31:12,960

development and ufos

2318

01:31:18,470 --> 01:31:15,120

yeah there's absolutely

2319

01:31:20,709 --> 01:31:18,480

called ufos and nukes by robert hayes

2320

01:31:23,430 --> 01:31:20,719

so it's quite a read

2321

01:31:25,750 --> 01:31:23,440

yes and you look at it this way too

2322

01:31:28,070 --> 01:31:25,760

when you hear you know the uap task

2323

01:31:28,950 --> 01:31:28,080

force and basically you know i'm talking

2324

01:31:31,990 --> 01:31:28,960

about

2325

01:31:33,830 --> 01:31:32,000

um that there's they're only gonna study

2326

01:31:35,830 --> 01:31:33,840

cases 2004

2327

01:31:36,870 --> 01:31:35,840

forward that type of thing

2328

01:31:39,189 --> 01:31:36,880

um

2329

01:31:41,830 --> 01:31:39,199

and this is supposed to be about threats

2330

01:31:45,030 --> 01:31:41,840

wouldn't you think that nuclear warheads

2331

01:31:47,110 --> 01:31:45,040

or any type of nuclear situation and

2332

01:31:50,709 --> 01:31:47,120

interruptions disruptions of any kind

2333

01:31:52,950 --> 01:31:50,719

would be major national security and

2334

01:31:56,950 --> 01:31:52,960

they'd want to focus on finding the

2335

01:31:59,669 --> 01:31:58,390

from background let me tell you one

2336

01:32:01,830 --> 01:31:59,679

thing that's missing from the

2337

01:32:05,350 --> 01:32:01,840

preliminary report

2338

01:32:07,830 --> 01:32:05,360

they're talking about the agencies

2339

01:32:10,830 --> 01:32:07,840

and and the other associated documents

2340

01:32:13,590 --> 01:32:10,840

by but by uh assistant

2341

01:32:15,830 --> 01:32:13,600

secretary linton of the

2342

01:32:17,830 --> 01:32:15,840

dod

2343

01:32:20,229 --> 01:32:17,840

they're not addressed to the defense

2344

01:32:22,550 --> 01:32:20,239

nuclear agency

2345

01:32:24,629 --> 01:32:22,560

it says here's a list of things you know

2346

01:32:27,830 --> 01:32:24,639

here's a list of commands that should

2347

01:32:29,990 --> 01:32:27,840

respond to that

2348

01:32:32,310 --> 01:32:30,000

what about well it's not called the new

2349

01:32:35,110 --> 01:32:32,320

i forget what what it changed to it's

2350

01:32:36,550 --> 01:32:35,120

changed to something similar but the

2351

01:32:39,030 --> 01:32:36,560

uh

2352

01:32:40,950 --> 01:32:39,040

the defense nuclear agency is for

2353

01:32:42,870 --> 01:32:40,960

incidents and uh

2354

01:32:45,990 --> 01:32:42,880

one of the things that they do is

2355

01:32:48,709 --> 01:32:46,000

or they did was incidents and

2356

01:32:52,470 --> 01:32:48,719

accidents about

2357

01:32:55,910 --> 01:32:52,480

nuclear weapons why is that left off

2358

01:32:58,390 --> 01:32:55,920

it's left off in the preliminary report

2359

01:33:00,870 --> 01:32:58,400

i'm saying what what what

2360

01:33:02,629 --> 01:33:00,880

yes what what mark martin let me give

2361

01:33:04,310 --> 01:33:02,639

you an analogy this is this is how i

2362

01:33:05,990 --> 01:33:04,320

kind of view the situation with regard

2363

01:33:08,870 --> 01:33:06,000

to their their hesitancy to look at

2364

01:33:10,870 --> 01:33:08,880

anything prior to 2004 imagine you're a

2365

01:33:12,470 --> 01:33:10,880

new police investigator that's working

2366

01:33:14,070 --> 01:33:12,480

on a police department

2367

01:33:17,590 --> 01:33:14,080

and you've been informed that there's

2368

01:33:19,830 --> 01:33:17,600

been a number of burglaries in your city

2369

01:33:21,430 --> 01:33:19,840

in in various areas

2370

01:33:23,189 --> 01:33:21,440

and you come on board and you say you

2371

01:33:25,590 --> 01:33:23,199

know what i'm going to investigate these

2372

01:33:26,790 --> 01:33:25,600

burglaries moving forward but i'm not

2373

01:33:28,310 --> 01:33:26,800

going to look at the information that

2374

01:33:29,669 --> 01:33:28,320

you've gathered over the last year and a

2375

01:33:30,709 --> 01:33:29,679

half

2376

01:33:32,229 --> 01:33:30,719

even though if you look at the

2377

01:33:34,229 --> 01:33:32,239

information that's been gathered you

2378

01:33:36,149 --> 01:33:34,239

could plot and see well where are these

2379

01:33:37,669 --> 01:33:36,159

burglaries occurring which might give

2380

01:33:40,310 --> 01:33:37,679

you a better indication of where the

2381

01:33:42,629 --> 01:33:40,320

future burglaries are going to occur

2382

01:33:44,550 --> 01:33:42,639

it's it's just it's putting blinders on

2383

01:33:46,390 --> 01:33:44,560

it's it's i think institutional

2384

01:33:48,709 --> 01:33:46,400

ignorance not to take advantage of the

2385

01:33:52,390 --> 01:33:48,719

data that we have available

2386

01:33:53,669 --> 01:33:52,400

right i i agree absolutely um

2387

01:33:55,110 --> 01:33:53,679

now this was just a thought i had

2388

01:33:56,629 --> 01:33:55,120

earlier and again i'm going to be

2389

01:33:58,709 --> 01:33:56,639

posting up these questions and i do

2390

01:33:59,910 --> 01:33:58,719

appreciate in chat uh you're posting

2391

01:34:01,669 --> 01:33:59,920

those questions

2392

01:34:02,550 --> 01:34:01,679

but um

2393

01:34:09,910 --> 01:34:02,560

if

2394

01:34:12,629 --> 01:34:09,920

extraterrestrial hypothesis is not

2395

01:34:14,950 --> 01:34:12,639

would not be part of what we're seeing

2396

01:34:17,110 --> 01:34:14,960

um and this is just a speculation

2397

01:34:20,790 --> 01:34:17,120

question for anyone that wants to tackle

2398

01:34:21,830 --> 01:34:20,800

it um what would be the next possible

2399

01:34:24,229 --> 01:34:21,840

idea

2400

01:34:25,990 --> 01:34:24,239

or is it a bunch of different things

2401

01:34:27,910 --> 01:34:26,000

possibly

2402

01:34:30,149 --> 01:34:27,920

i don't speculate i'll leave it to the

2403

01:34:33,189 --> 01:34:30,159

others

2404

01:34:35,189 --> 01:34:33,199

okay good i i i'll just add and again i

2405

01:34:36,629 --> 01:34:35,199

i put this in my book several years ago

2406

01:34:38,709 --> 01:34:36,639

that if we're not dealing with the

2407

01:34:40,229 --> 01:34:38,719

extraterrestrial hypothesis

2408

01:34:42,550 --> 01:34:40,239

uh in other words something coming from

2409

01:34:43,669 --> 01:34:42,560

another star system and traveling vast

2410

01:34:46,070 --> 01:34:43,679

distances

2411

01:34:47,590 --> 01:34:46,080

and really all the all of i find

2412

01:34:50,229 --> 01:34:47,600

interesting martin all the skeptical

2413

01:34:52,390 --> 01:34:50,239

classic arguments are hinged on that

2414

01:34:53,669 --> 01:34:52,400

well what if we're dealing with string

2415

01:34:55,669 --> 01:34:53,679

theory and what if we're dealing with

2416

01:34:57,830 --> 01:34:55,679

multiverses multiple dimensions that

2417

01:35:00,550 --> 01:34:57,840

coexist all of those

2418

01:35:02,310 --> 01:35:00,560

conservative classic arguments fall by

2419

01:35:04,270 --> 01:35:02,320

the wayside because we're dealing with a

2420

01:35:07,030 --> 01:35:04,280

whole different dynamic uh the

2421

01:35:09,830 --> 01:35:07,040

interdimensional hypothesis might be

2422

01:35:11,990 --> 01:35:09,840

viable uh i know there's been some

2423

01:35:13,669 --> 01:35:12,000

mainstream scientists now looking saying

2424

01:35:14,709 --> 01:35:13,679

perhaps it's time travelers from the

2425

01:35:16,229 --> 01:35:14,719

future

2426

01:35:18,149 --> 01:35:16,239

uh you know at the end of the day

2427

01:35:20,310 --> 01:35:18,159

despite us being surrounded by all this

2428

01:35:22,070 --> 01:35:20,320

information we still don't have enough

2429

01:35:24,390 --> 01:35:22,080

information to really give us insights i

2430

01:35:25,189 --> 01:35:24,400

think definitively and to eat any one of

2431

01:35:27,830 --> 01:35:25,199

these

2432

01:35:30,149 --> 01:35:27,840

uh various theories but i think the

2433

01:35:31,910 --> 01:35:30,159

interdimensional one is is highly

2434

01:35:34,550 --> 01:35:31,920

intriguing

2435

01:35:36,310 --> 01:35:34,560

yes i do too um you know some people

2436

01:35:37,669 --> 01:35:36,320

claim that it might explain the reason

2437

01:35:44,390 --> 01:35:37,679

there's no

2438

01:35:46,310 --> 01:35:44,400

whatever with the travel involved and

2439

01:35:48,470 --> 01:35:46,320

how things you know appear and disappear

2440

01:35:50,629 --> 01:35:48,480

in different places things like that

2441

01:35:53,030 --> 01:35:50,639

it's it's all fascinating

2442

01:35:54,470 --> 01:35:53,040

and you know um it it would just be

2443

01:35:56,390 --> 01:35:54,480

interesting to know what type of

2444

01:35:58,629 --> 01:35:56,400

questions we should be thinking of when

2445

01:35:59,750 --> 01:35:58,639

we're looking into this right

2446

01:36:01,270 --> 01:35:59,760

yeah

2447

01:36:02,070 --> 01:36:01,280

all right i'm going to put up

2448

01:36:06,470 --> 01:36:02,080

this

2449

01:36:07,830 --> 01:36:06,480

the time as you know it

2450

01:36:10,390 --> 01:36:07,840

how do you

2451

01:36:13,030 --> 01:36:10,400

envision disclosure taking place if it

2452

01:36:14,629 --> 01:36:13,040

is if it ever is true anyone want to

2453

01:36:16,550 --> 01:36:14,639

tackle that one i'll just say real

2454

01:36:17,910 --> 01:36:16,560

briefly and i'll let my friends jump in

2455

01:36:20,310 --> 01:36:17,920

and i think we're already seeing it i

2456

01:36:22,950 --> 01:36:20,320

think it's playing out right now

2457

01:36:24,629 --> 01:36:22,960

uh-huh uh-huh yeah but i've heard other

2458

01:36:27,189 --> 01:36:24,639

people i've heard other people say the

2459

01:36:29,430 --> 01:36:27,199

same it's disclosure with a lowercase d

2460

01:36:31,510 --> 01:36:29,440

not an uppercase d it's not disclosure

2461

01:36:32,229 --> 01:36:31,520

as many ufo proponents have envisioned

2462

01:36:34,310 --> 01:36:32,239

it

2463

01:36:36,229 --> 01:36:34,320

uh but i think we're seeing aggression i

2464

01:36:38,550 --> 01:36:36,239

mean it's been a major change as i

2465

01:36:40,149 --> 01:36:38,560

alluded to earlier it's a 180 degree

2466

01:36:42,390 --> 01:36:40,159

turn we've made

2467

01:36:43,750 --> 01:36:42,400

in reference to denials official public

2468

01:36:45,910 --> 01:36:43,760

denials of the subject they're

2469

01:36:48,550 --> 01:36:45,920

acknowledging the phenomenon's real as

2470

01:36:51,270 --> 01:36:48,560

barry alluded to that's a huge step

2471

01:36:53,669 --> 01:36:51,280

and uh i think we're starting to see

2472

01:36:56,470 --> 01:36:53,679

the opening

2473

01:36:58,550 --> 01:36:56,480

to a new era with regard to the subject

2474

01:37:00,390 --> 01:36:58,560

and the government's attitude towards

2475

01:37:03,030 --> 01:37:00,400

the subject

2476
01:37:05,590 --> 01:37:03,040
the question is even if it is disclosure

2477
01:37:07,109 --> 01:37:05,600
with the pentagon report to what level

2478
01:37:09,270 --> 01:37:07,119
are we going to get any additional

2479
01:37:10,790 --> 01:37:09,280
information because admittedly we really

2480
01:37:13,629 --> 01:37:10,800
don't know any more than we did the day

2481
01:37:16,790 --> 01:37:13,639
the pentagon report came out

2482
01:37:18,629 --> 01:37:16,800
disclosure of

2483
01:37:20,470 --> 01:37:18,639
how would you envision that

2484
01:37:23,270 --> 01:37:20,480
to me it would be

2485
01:37:26,470 --> 01:37:23,280
credible information about the origins

2486
01:37:29,669 --> 01:37:26,480
of the phenomenon uh from multiple high

2487
01:37:32,950 --> 01:37:29,679
up government sources whose

2488
01:37:34,629 --> 01:37:32,960

credentials could not be impeached

2489

01:37:37,669 --> 01:37:34,639

what what he said

2490

01:37:38,709 --> 01:37:37,679

except to me closure is a four-letter

2491

01:37:40,470 --> 01:37:38,719

word

2492

01:37:42,790 --> 01:37:40,480

and uh

2493

01:37:46,229 --> 01:37:42,800

uh people that use it we should get the

2494

01:37:48,629 --> 01:37:46,239

tar bucket and uh

2495

01:37:51,270 --> 01:37:48,639

i am so tired of this word

2496

01:37:52,629 --> 01:37:51,280

i don't believe that anybody has

2497

01:37:55,270 --> 01:37:52,639

the answer

2498

01:37:58,070 --> 01:37:55,280

so we're not going to get disclosure

2499

01:37:59,830 --> 01:37:58,080

we're going to get more information

2500

01:38:02,790 --> 01:37:59,840

thank you yeah

2501

01:38:04,629 --> 01:38:02,800

that's what it would be if

2502

01:38:05,350 --> 01:38:04,639

good information came out it would be

2503

01:38:08,070 --> 01:38:05,360

disclosed

2504

01:38:10,070 --> 01:38:08,080

[Music]

2505

01:38:13,030 --> 01:38:10,080

yeah you know

2506

01:38:14,790 --> 01:38:13,040

yeah well you know i've i've uh

2507

01:38:16,390 --> 01:38:14,800

of course i haven't been doing this

2508

01:38:18,870 --> 01:38:16,400

anywhere near as long

2509

01:38:20,790 --> 01:38:18,880

as uh any one of you have been doing

2510

01:38:23,350 --> 01:38:20,800

this and i've heard that right from day

2511

01:38:25,430 --> 01:38:23,360

one um and but i also look back and i

2512

01:38:26,870 --> 01:38:25,440

think the 1960s and there was a

2513

01:38:28,629 --> 01:38:26,880

gentleman talking

2514

01:38:30,950 --> 01:38:28,639

he didn't use the word disclosure he

2515

01:38:33,350 --> 01:38:30,960

says i just want the government to tell

2516

01:38:35,990 --> 01:38:33,360

in my lifetime i got to know what this

2517

01:38:38,950 --> 01:38:36,000

is and of course he's long gone by now

2518

01:38:41,590 --> 01:38:38,960

um and and i don't i don't know if we'll

2519

01:38:43,510 --> 01:38:41,600

ever know you know um i don't i don't

2520

01:38:45,109 --> 01:38:43,520

know if we'll ever get the source

2521

01:38:47,189 --> 01:38:45,119

of the government just what you're

2522

01:38:49,669 --> 01:38:47,199

mentioning early earlier barry i don't

2523

01:38:51,590 --> 01:38:49,679

think i mean

2524

01:38:53,910 --> 01:38:51,600

even if that happened exactly how you

2525

01:38:56,070 --> 01:38:53,920

just said barry do you think people

2526

01:38:57,910 --> 01:38:56,080

would believe it

2527

01:38:59,830 --> 01:38:57,920

you're always going to have people

2528

01:39:01,830 --> 01:38:59,840

dissenting from that they'll build out

2529

01:39:04,070 --> 01:39:01,840

every word of it even if it's

2530

01:39:05,109 --> 01:39:04,080

entirely true it's just the nature of

2531

01:39:07,270 --> 01:39:05,119

people

2532

01:39:10,229 --> 01:39:07,280

uh you know sometimes to be agreeable

2533

01:39:12,870 --> 01:39:10,239

sometimes to be contrary

2534

01:39:14,950 --> 01:39:12,880

and then sometimes that contrariness

2535

01:39:18,070 --> 01:39:14,960

doesn't come from any reasoning it's

2536

01:39:20,310 --> 01:39:18,080

just being contrary yeah so uh

2537

01:39:22,310 --> 01:39:20,320

you'll get all sorts of opinions once

2538

01:39:24,070 --> 01:39:22,320

that happens and martin you've mentioned

2539

01:39:25,910 --> 01:39:24,080

this person from the 60s i believe you

2540

01:39:27,750 --> 01:39:25,920

said that was you know just to know the

2541

01:39:28,870 --> 01:39:27,760

truth you know before before they're

2542

01:39:30,629 --> 01:39:28,880

gone

2543

01:39:32,709 --> 01:39:30,639

what we have to and again i think this

2544

01:39:34,390 --> 01:39:32,719

is what is interesting about the

2545

01:39:36,070 --> 01:39:34,400

gentleman i'm with is looking at the

2546

01:39:37,669 --> 01:39:36,080

history looking at what was written

2547

01:39:40,550 --> 01:39:37,679

decades ago

2548

01:39:42,310 --> 01:39:40,560

disclosure is nothing new in the 50s and

2549

01:39:43,750 --> 01:39:42,320

the 60s there were rumors that the

2550

01:39:45,669 --> 01:39:43,760

government's going to release all this

2551
01:39:47,910 --> 01:39:45,679
information we're hearing rumors right

2552
01:39:50,229 --> 01:39:47,920
barry that this is all this information

2553
01:39:52,149 --> 01:39:50,239
is going to come out very very soon

2554
01:39:54,070 --> 01:39:52,159
radio shows that i've been digitizing

2555
01:39:55,830 --> 01:39:54,080
from the 60s and the 70s they were

2556
01:39:58,229 --> 01:39:55,840
saying the same thing

2557
01:39:59,990 --> 01:39:58,239
after decade after decade after decade

2558
01:40:02,629 --> 01:40:00,000
you have to have some skepticism with

2559
01:40:04,470 --> 01:40:02,639
regard to disclosure but again that

2560
01:40:06,070 --> 01:40:04,480
being said uh

2561
01:40:08,310 --> 01:40:06,080
the pentagon report

2562
01:40:10,149 --> 01:40:08,320
is here right and and they're they're

2563
01:40:13,030 --> 01:40:10,159

making new statements with regard to the

2564

01:40:14,629 --> 01:40:13,040

subject matter so i think it's a new era

2565

01:40:16,310 --> 01:40:14,639

with regard to the subject what do you

2566

01:40:17,910 --> 01:40:16,320

want to call it disclosure i mean i

2567

01:40:20,229 --> 01:40:17,920

don't want to get hung up on labels but

2568

01:40:22,870 --> 01:40:20,239

we're definitely in a new era now we've

2569

01:40:25,189 --> 01:40:22,880

been saying the things that are in the

2570

01:40:26,950 --> 01:40:25,199

task force report

2571

01:40:30,070 --> 01:40:26,960

years and years ago

2572

01:40:32,229 --> 01:40:30,080

but now the government is backing us up

2573

01:40:34,149 --> 01:40:32,239

in what we had said it's validating if

2574

01:40:35,270 --> 01:40:34,159

anything right exactly

2575

01:40:37,270 --> 01:40:35,280

so

2576

01:40:39,830 --> 01:40:37,280

the hastings had a

2577

01:40:44,229 --> 01:40:39,840

navy fighter pilot

2578

01:40:46,149 --> 01:40:44,239

uh talked to him about uh sightings over

2579

01:40:47,830 --> 01:40:46,159

the hanford

2580

01:40:50,870 --> 01:40:47,840

nuclear plant

2581

01:40:53,590 --> 01:40:50,880

in in world war ii

2582

01:40:56,629 --> 01:40:53,600

and and he was

2583

01:41:00,870 --> 01:40:56,639

the navy was reconstituting

2584

01:41:03,990 --> 01:41:00,880

uh fighter squadrons and one of their

2585

01:41:06,790 --> 01:41:04,000

missions was to investigate

2586

01:41:08,790 --> 01:41:06,800

aerial intrusions over the hanford plant

2587

01:41:10,950 --> 01:41:08,800

they moved radar in there and they moved

2588

01:41:14,070 --> 01:41:10,960

anti-aircraft in there

2589

01:41:16,470 --> 01:41:14,080

and this pilot is talking about

2590

01:41:18,790 --> 01:41:16,480

encountering these things over there

2591

01:41:19,910 --> 01:41:18,800

and to uh and then we had two other navy

2592

01:41:21,270 --> 01:41:19,920

pilots

2593

01:41:22,470 --> 01:41:21,280

had had

2594

01:41:23,669 --> 01:41:22,480

done this

2595

01:41:25,109 --> 01:41:23,679

so uh

2596

01:41:26,629 --> 01:41:25,119

barry found

2597

01:41:28,310 --> 01:41:26,639

an interview with the head of the

2598

01:41:30,390 --> 01:41:28,320

hanford plant

2599

01:41:34,629 --> 01:41:30,400

after they dropped the

2600

01:41:37,270 --> 01:41:34,639

uh bomb on uh nagasaki so the war is

2601
01:41:40,070 --> 01:41:37,280
over and he had promised the seattle

2602
01:41:42,229 --> 01:41:40,080
star i'll give you an exclusive

2603
01:41:43,350 --> 01:41:42,239
interview about what we're doing at

2604
01:41:46,229 --> 01:41:43,360
hanford

2605
01:41:48,550 --> 01:41:46,239
and what's taking place here to the

2606
01:41:50,310 --> 01:41:48,560
reporter he said the day

2607
01:41:52,070 --> 01:41:50,320
the war is over

2608
01:41:53,510 --> 01:41:52,080
and so the reporter went up there and

2609
01:41:55,030 --> 01:41:53,520
got an interview

2610
01:41:57,189 --> 01:41:55,040
and he confirmed

2611
01:41:59,109 --> 01:41:57,199
one we moved radar in there we moved

2612
01:42:01,750 --> 01:41:59,119
anti-aircraft in there and we were

2613
01:42:06,149 --> 01:42:01,760

getting aerial intrusions

2614

01:42:08,149 --> 01:42:06,159

and i uh barry found that article i sent

2615

01:42:14,310 --> 01:42:08,159

it to hastings and he said

2616

01:42:19,990 --> 01:42:16,870

this this

2617

01:42:22,070 --> 01:42:20,000

this gets me emotional

2618

01:42:25,669 --> 01:42:22,080

but

2619

01:42:27,430 --> 01:42:25,679

here is his vindication

2620

01:42:29,750 --> 01:42:27,440

hear his voice

2621

01:42:34,310 --> 01:42:29,760

he told us

2622

01:42:38,390 --> 01:42:37,270

vindicated him

2623

01:42:40,629 --> 01:42:38,400

interesting

2624

01:42:44,550 --> 01:42:40,639

and do you remember what exactly what

2625

01:42:47,590 --> 01:42:44,560

year that again that was changed in 1945

2626
01:42:49,109 --> 01:42:47,600
the war after 1945 yeah so it was going

2627
01:42:51,750 --> 01:42:49,119
on in 44

2628
01:42:53,910 --> 01:42:51,760
from january or december i think it was

2629
01:42:57,189 --> 01:42:53,920
december 44

2630
01:42:57,910 --> 01:42:57,199
up until the uh hanford club plant you

2631
01:43:00,550 --> 01:42:57,920
know

2632
01:43:03,030 --> 01:43:00,560
after the war was over

2633
01:43:05,830 --> 01:43:03,040
that's amazing i mean on my website if

2634
01:43:06,629 --> 01:43:05,840
you go to 1945

2635
01:43:08,950 --> 01:43:06,639
um

2636
01:43:11,430 --> 01:43:08,960
and there's there's a

2637
01:43:14,870 --> 01:43:11,440
the whole story about the ufos over the

2638
01:43:17,030 --> 01:43:14,880

hanford plant that we have so far is is

2639

01:43:21,350 --> 01:43:17,040

on ww

2640

01:43:22,310 --> 01:43:21,360

project 1947 all one word dot com

2641

01:43:28,790 --> 01:43:22,320

and

2642

01:43:29,750 --> 01:43:28,800

excellent here's here's another question

2643

01:43:32,870 --> 01:43:29,760

i i

2644

01:43:35,030 --> 01:43:32,880

i'm not familiar with this but maybe um

2645

01:43:36,310 --> 01:43:35,040

one of you may be familiar about the

2646

01:43:40,950 --> 01:43:36,320

file

2647

01:43:43,270 --> 01:43:40,960

inter-dimensional does it is anyone

2648

01:43:45,910 --> 01:43:43,280

aware of that yeah yeah

2649

01:43:47,510 --> 01:43:45,920

is it is it not right

2650

01:43:49,270 --> 01:43:47,520

i'm not familiar with that one more okay

2651
01:43:50,629 --> 01:43:49,280
here there's a lot of things in there

2652
01:43:52,870 --> 01:43:50,639
you know it says

2653
01:43:55,430 --> 01:43:52,880
the fbi

2654
01:43:57,669 --> 01:43:55,440
use uses their they're reporting the

2655
01:44:00,470 --> 01:43:57,679
headquarters about information they

2656
01:44:02,149 --> 01:44:00,480
heard or they got from somebody they're

2657
01:44:03,910 --> 01:44:02,159
not endorsing it

2658
01:44:04,830 --> 01:44:03,920
you know there's one in there about you

2659
01:44:06,390 --> 01:44:04,840
know

2660
01:44:08,950 --> 01:44:06,400
finding uh

2661
01:44:10,390 --> 01:44:08,960
alien bodies and things like that yeah

2662
01:44:11,590 --> 01:44:10,400
that that's a

2663
01:44:13,990 --> 01:44:11,600

a very

2664

01:44:18,470 --> 01:44:14,000

quoted thing

2665

01:44:21,750 --> 01:44:18,480

it's from some ufo guy

2666

01:44:25,430 --> 01:44:21,760

who wrote it down in in one of his

2667

01:44:28,310 --> 01:44:25,440

publications or a letter or something

2668

01:44:32,390 --> 01:44:28,320

and people quote that as if it's coming

2669

01:44:35,030 --> 01:44:32,400

from the fbi the fbi is only reporting

2670

01:44:38,070 --> 01:44:35,040

they got that document from somebody to

2671

01:44:40,470 --> 01:44:38,080

headquarters yeah that's happening

2672

01:44:42,870 --> 01:44:40,480

i can't people read

2673

01:44:44,870 --> 01:44:42,880

that's the problem the fbi couldn't draw

2674

01:44:46,390 --> 01:44:44,880

conclusions like that anyway i think

2675

01:44:47,669 --> 01:44:46,400

that would have to come from somewhere

2676

01:44:49,990 --> 01:44:47,679

else yeah

2677

01:44:52,149 --> 01:44:50,000

so you would think so yeah yeah so this

2678

01:44:54,629 --> 01:44:52,159

is this is just reporting them

2679

01:44:55,590 --> 01:44:54,639

and it says right on there we got this

2680

01:44:56,950 --> 01:44:55,600

from

2681

01:45:05,189 --> 01:44:56,960

uh

2682

01:45:10,310 --> 01:45:05,199

the

2683

01:45:12,790 --> 01:45:10,320

uh san francisco

2684

01:45:15,510 --> 01:45:12,800

uh the flying roll

2685

01:45:18,310 --> 01:45:15,520

oh uh the the uh yeah the portal and

2686

01:45:19,910 --> 01:45:18,320

science borderlands science they they

2687

01:45:21,750 --> 01:45:19,920

said we got this from somebody from

2688

01:45:24,950 --> 01:45:21,760

borderland science

2689

01:45:26,629 --> 01:45:24,960

so it's somebody else's report of what

2690

01:45:29,669 --> 01:45:26,639

they thought it happened it's not the

2691

01:45:31,270 --> 01:45:29,679

fbi's report their the fbi is quoting

2692

01:45:32,870 --> 01:45:31,280

the report

2693

01:45:35,590 --> 01:45:32,880

i see okay

2694

01:45:37,350 --> 01:45:35,600

that's a hard concept to get across some

2695

01:45:39,109 --> 01:45:37,360

people but but to jan's point in the

2696

01:45:41,189 --> 01:45:39,119

defense of those that sometimes read

2697

01:45:44,550 --> 01:45:41,199

that you're only seeing an excerpt and i

2698

01:45:46,550 --> 01:45:44,560

think context and again provenance is

2699

01:45:50,470 --> 01:45:46,560

extremely important when you're trying

2700

01:45:52,149 --> 01:45:50,480

to look at these documents sure um

2701

01:45:54,470 --> 01:45:52,159

here's a question posed to you from

2702

01:45:56,790 --> 01:45:54,480

someone that i myself

2703

01:45:59,750 --> 01:45:56,800

love to explore

2704

01:46:01,990 --> 01:45:59,760

say when i'm in a a very early new

2705

01:46:03,910 --> 01:46:02,000

england house i love to explore like

2706

01:46:06,070 --> 01:46:03,920

okay i'll find a thomas jefferson letter

2707

01:46:07,030 --> 01:46:06,080

or something like really really excited

2708

01:46:09,030 --> 01:46:07,040

um

2709

01:46:10,470 --> 01:46:09,040

when i find things in houses that

2710

01:46:13,590 --> 01:46:10,480

especially when people didn't know they

2711

01:46:15,430 --> 01:46:13,600

existed so i wanted to know if any of

2712

01:46:17,270 --> 01:46:15,440

you would like to share

2713

01:46:20,070 --> 01:46:17,280

um in your research where all of a

2714

01:46:22,149 --> 01:46:20,080

sudden you just go oh my goodness i

2715

01:46:24,550 --> 01:46:22,159

can't believe what i just found

2716

01:46:27,030 --> 01:46:24,560

and get really excited anyway

2717

01:46:29,350 --> 01:46:27,040

i've got one okay good i've got a great

2718

01:46:31,669 --> 01:46:29,360

story on that one uh

2719

01:46:34,550 --> 01:46:31,679

many people may know i uh investigated

2720

01:46:36,709 --> 01:46:34,560

and researched the 1950 uh farmington

2721

01:46:38,709 --> 01:46:36,719

new mexico flying saucer armada for

2722

01:46:41,189 --> 01:46:38,719

three full days broad daylight sightings

2723

01:46:43,510 --> 01:46:41,199

of dozens to hundreds of flying saucers

2724

01:46:45,669 --> 01:46:43,520

reported in the newspaper in government

2725

01:46:47,990 --> 01:46:45,679

documents from the time period i filed

2726

01:46:49,830 --> 01:46:48,000

foia requests in very in the very

2727

01:46:52,709 --> 01:46:49,840

greenwood tradition to get the

2728

01:46:54,629 --> 01:46:52,719

unredacted osi documents uh from their

2729

01:46:56,629 --> 01:46:54,639

investigation on this case

2730

01:46:59,270 --> 01:46:56,639

uh have tracked down two of the living

2731

01:47:02,390 --> 01:46:59,280

witnesses that are still alive uh in

2732

01:47:04,950 --> 01:47:02,400

their 70s and 90s respectively

2733

01:47:06,310 --> 01:47:04,960

and uh have really i think synthesized

2734

01:47:07,590 --> 01:47:06,320

and put all this information together to

2735

01:47:09,750 --> 01:47:07,600

really give us a good idea of what

2736

01:47:12,470 --> 01:47:09,760

transpired on what was a very early but

2737

01:47:14,390 --> 01:47:12,480

very dramatic uh case when i might add

2738

01:47:16,950 --> 01:47:14,400

there were really no civilian ufo groups

2739

01:47:19,270 --> 01:47:16,960

doing active investigations uh the only

2740

01:47:21,430 --> 01:47:19,280

really serious work that was done was by

2741

01:47:23,590 --> 01:47:21,440

dr james mcdonald decade

2742

01:47:26,149 --> 01:47:23,600

about a decade and a half later

2743

01:47:27,590 --> 01:47:26,159

when he investigated that but

2744

01:47:29,189 --> 01:47:27,600

i love this story and i love that

2745

01:47:31,030 --> 01:47:29,199

question martin because i was talking to

2746

01:47:32,629 --> 01:47:31,040

these two gentlemen on the phone one day

2747

01:47:34,950 --> 01:47:32,639

as we often do

2748

01:47:37,830 --> 01:47:34,960

and i forget if i interrupted barry or

2749

01:47:40,149 --> 01:47:37,840

jan i was going through some files while

2750

01:47:42,950 --> 01:47:40,159

i was talking i had him on speaker phone

2751
01:47:44,709 --> 01:47:42,960
and i'm looking at the october 1950

2752
01:47:47,510 --> 01:47:44,719
nightcap files

2753
01:47:50,310 --> 01:47:47,520
and i come across a document

2754
01:47:52,870 --> 01:47:50,320
and it's a nycap report form from

2755
01:47:53,830 --> 01:47:52,880
purportedly related to an october 1950

2756
01:47:57,189 --> 01:47:53,840
sighting

2757
01:47:59,109 --> 01:47:57,199
and i see the name hulon pace and that's

2758
01:48:01,590 --> 01:47:59,119
a very unusual name i've never known

2759
01:48:03,430 --> 01:48:01,600
anybody named hulon pace before so it

2760
01:48:05,350 --> 01:48:03,440
definitely stood out

2761
01:48:07,669 --> 01:48:05,360
if anybody else would have been leafing

2762
01:48:09,510 --> 01:48:07,679
through these files martin

2763
01:48:10,550 --> 01:48:09,520

it wouldn't have even been a blip on the

2764

01:48:12,390 --> 01:48:10,560

radar

2765

01:48:14,229 --> 01:48:12,400

i knew that name because that was one of

2766

01:48:16,870 --> 01:48:14,239

the additional witnesses i uncovered

2767

01:48:19,109 --> 01:48:16,880

when i got the unredacted air force osi

2768

01:48:20,550 --> 01:48:19,119

documents so i knew the name it was one

2769

01:48:21,830 --> 01:48:20,560

of the witnesses that we hadn't known

2770

01:48:23,990 --> 01:48:21,840

about before

2771

01:48:26,070 --> 01:48:24,000

i see the name hulon pace it's it's got

2772

01:48:28,070 --> 01:48:26,080

to be the same guy how many hulon pieces

2773

01:48:29,590 --> 01:48:28,080

are there out there so i pulled the

2774

01:48:31,270 --> 01:48:29,600

document out while while these two

2775

01:48:32,310 --> 01:48:31,280

gentlemen are chattering they think i'm

2776

01:48:33,510 --> 01:48:32,320

listening and i was completely

2777

01:48:35,270 --> 01:48:33,520

distracted

2778

01:48:36,470 --> 01:48:35,280

and i pulled the document out and i have

2779

01:48:39,109 --> 01:48:36,480

it here now

2780

01:48:41,830 --> 01:48:39,119

uh it's an original report form that was

2781

01:48:44,310 --> 01:48:41,840

dated from the 1960s

2782

01:48:45,669 --> 01:48:44,320

interviewing hulon pace from farmington

2783

01:48:49,270 --> 01:48:45,679

new mexico

2784

01:48:51,510 --> 01:48:49,280

describing the incident from 1950

2785

01:48:52,310 --> 01:48:51,520

but he must have erroneously remembered

2786

01:48:54,550 --> 01:48:52,320

it

2787

01:48:56,149 --> 01:48:54,560

from being from october of that year not

2788

01:48:57,669 --> 01:48:56,159

the spring of that year which often

2789

01:48:59,430 --> 01:48:57,679

happens with witnesses they'll think

2790

01:49:01,030 --> 01:48:59,440

back well i don't remember the month but

2791

01:49:03,109 --> 01:49:01,040

i remember i had a light jacket on and

2792

01:49:04,870 --> 01:49:03,119

it was kind of cool quite often people

2793

01:49:06,149 --> 01:49:04,880

remember things that they'll go or

2794

01:49:08,709 --> 01:49:06,159

remember something like that but they

2795

01:49:10,629 --> 01:49:08,719

won't remember the month sure but when

2796

01:49:12,950 --> 01:49:10,639

you read the report

2797

01:49:14,790 --> 01:49:12,960

it is a play by play of the incident

2798

01:49:17,510 --> 01:49:14,800

that occurred in farmington

2799

01:49:19,669 --> 01:49:17,520

but what was unique about this was the

2800

01:49:22,629 --> 01:49:19,679

document had two additional witness

2801

01:49:25,589 --> 01:49:22,639

names that no ufo researcher or

2802

01:49:26,709 --> 01:49:25,599

historian had ever heard of tied to this

2803

01:49:28,550 --> 01:49:26,719

case

2804

01:49:31,270 --> 01:49:28,560

even more important

2805

01:49:33,990 --> 01:49:31,280

we had for the first time ever

2806

01:49:36,790 --> 01:49:34,000

eyewitness sketches he sketched the

2807

01:49:38,310 --> 01:49:36,800

object both viewing it from below and

2808

01:49:41,669 --> 01:49:38,320

viewing it from the side it was

2809

01:49:45,589 --> 01:49:41,679

basically a a lenticular type of object

2810

01:49:47,030 --> 01:49:45,599

but to date in 70 years we never had any

2811

01:49:48,709 --> 01:49:47,040

witness sketches

2812

01:49:52,470 --> 01:49:48,719

we had verbal accounts we had

2813

01:49:54,470 --> 01:49:52,480

typewritten accounts but no sketches so

2814

01:49:57,990 --> 01:49:54,480

just by happenstance going through an

2815

01:50:00,470 --> 01:49:58,000

october 1950 file i found a new witness

2816

01:50:02,709 --> 01:50:00,480

report that mentioned two witnesses we

2817

01:50:05,510 --> 01:50:02,719

never had on historical record and for

2818

01:50:07,189 --> 01:50:05,520

the first time in almost 70 years we had

2819

01:50:10,149 --> 01:50:07,199

eyewitness sketches

2820

01:50:12,070 --> 01:50:10,159

unbelievable well we only have uh about

2821

01:50:13,910 --> 01:50:12,080

three minutes left to either either one

2822

01:50:16,149 --> 01:50:13,920

of you can you relate to

2823

01:50:18,310 --> 01:50:16,159

having you know just sifting through or

2824

01:50:19,830 --> 01:50:18,320

even if barry even if it's a foyer

2825

01:50:22,149 --> 01:50:19,840

report just getting something that makes

2826

01:50:24,310 --> 01:50:22,159

your eyes bug out very quickly i think

2827

01:50:26,070 --> 01:50:24,320

around 1992 i went to the national

2828

01:50:28,229 --> 01:50:26,080

archives to look through government

2829

01:50:30,470 --> 01:50:28,239

documents and i spent

2830

01:50:32,709 --> 01:50:30,480

all day looking and looking coming up

2831

01:50:35,109 --> 01:50:32,719

with nothing of the leads i had and at

2832

01:50:36,790 --> 01:50:35,119

the last minute i decided well

2833

01:50:38,550 --> 01:50:36,800

let me see if i can find anything about

2834

01:50:39,910 --> 01:50:38,560

the old foo fighters

2835

01:50:42,070 --> 01:50:39,920

because

2836

01:50:45,109 --> 01:50:42,080

we didn't have a great deal on a lot of

2837

01:50:46,870 --> 01:50:45,119

stories but official documents were hard

2838

01:50:48,950 --> 01:50:46,880

to come by and

2839

01:50:51,830 --> 01:50:48,960

and uh i

2840

01:50:53,830 --> 01:50:51,840

ordered one box which contained uh

2841

01:50:55,669 --> 01:50:53,840

reports of the knight fighter squadrons

2842

01:50:58,470 --> 01:50:55,679

in europe at the time they were known to

2843

01:51:00,790 --> 01:50:58,480

have been involved in these incidents so

2844

01:51:02,310 --> 01:51:00,800

uh i went through it the box is about

2845

01:51:04,550 --> 01:51:02,320

two feet long and i didn't have a great

2846

01:51:06,390 --> 01:51:04,560

deal of time left uh before they were

2847

01:51:09,030 --> 01:51:06,400

going to close and

2848

01:51:11,910 --> 01:51:09,040

i turned up 15 documents

2849

01:51:14,310 --> 01:51:11,920

which all alluded to strange funny

2850

01:51:17,510 --> 01:51:14,320

lights in the sky and the term foo

2851
01:51:29,750 --> 01:51:17,520
fighters was actually used

2852
01:51:34,550 --> 01:51:32,629
wow excellent that's great

2853
01:51:36,470 --> 01:51:34,560
what was that that's almost 40 years

2854
01:51:39,189 --> 01:51:36,480
after the end of the second world war it

2855
01:51:40,790 --> 01:51:39,199
took us that long to find yeah official

2856
01:51:42,070 --> 01:51:40,800
documents people hadn't gone through

2857
01:51:44,790 --> 01:51:42,080
them

2858
01:51:46,390 --> 01:51:44,800
yeah well excellent well we're we're out

2859
01:51:47,990 --> 01:51:46,400
of time but um

2860
01:51:50,310 --> 01:51:48,000
dave would you like to give out where

2861
01:51:52,070 --> 01:51:50,320
people can actually um

2862
01:51:54,310 --> 01:51:52,080
peruse a little bit of the archive that

2863
01:51:57,030 --> 01:51:54,320

you have online now and how

2864

01:51:58,709 --> 01:51:57,040

um anyone can get a hold of all of you i

2865

01:51:59,589 --> 01:51:58,719

know you mentioned jan your website

2866

01:52:01,189 --> 01:51:59,599

earlier

2867

01:52:03,109 --> 01:52:01,199

yeah if you go around we just got a

2868

01:52:05,270 --> 01:52:03,119

minute here sure jen has some really

2869

01:52:07,669 --> 01:52:05,280

good material on his website uh right

2870

01:52:11,229 --> 01:52:07,679

now i'm posting uh vintage recordings

2871

01:52:15,430 --> 01:52:12,870

www.davidmarlerufo.com if you go to the

2872

01:52:17,189 --> 01:52:15,440

audio archives tab you'll get a sampling

2873

01:52:18,950 --> 01:52:17,199

of some of these vintage reel-to-reel

2874

01:52:20,709 --> 01:52:18,960

recordings that quite literally may be

2875

01:52:22,950 --> 01:52:20,719

the only recordings that exist from some

2876
01:52:25,270 --> 01:52:22,960
of these old radio shows dating back to

2877
01:52:27,510 --> 01:52:25,280
the late 1950s so some really rare

2878
01:52:29,750 --> 01:52:27,520
vintage material and so i would

2879
01:52:31,510 --> 01:52:29,760
encourage people to go there yes i love

2880
01:52:33,750 --> 01:52:31,520
that by the way i've listened to some

2881
01:52:36,149 --> 01:52:33,760
they're really fascinating

2882
01:52:42,830 --> 01:52:36,159
um and jan just throw out your website

2883
01:52:47,030 --> 01:52:45,910
www.project1947.com and uh

2884
01:52:51,669 --> 01:52:47,040
what i what

2885
01:52:54,229 --> 01:52:51,679
is i i'm trying to duplicate things that

2886
01:52:58,870 --> 01:52:54,239
i've written to congress about

2887
01:53:00,550 --> 01:52:58,880
about former investigations before 2004

2888
01:53:02,070 --> 01:53:00,560

and it's just not the air force there's

2889

01:53:04,310 --> 01:53:02,080

a lot of people that

2890

01:53:07,430 --> 01:53:04,320

picked this subject up and worked with

2891

01:53:09,830 --> 01:53:07,440

it for uh uh maybe a year at a time and

2892

01:53:12,310 --> 01:53:09,840

then dropped it again so i'm trying to

2893

01:53:15,830 --> 01:53:12,320

tell them this is where this information

2894

01:53:19,189 --> 01:53:15,840

exists but we can't get at it

2895

01:53:21,990 --> 01:53:19,199

okay great uh barry real quickly can

2896

01:53:24,149 --> 01:53:22,000

people get uh can get a hold of you or i

2897

01:53:26,870 --> 01:53:24,159

see you're on twitter

2898

01:53:28,070 --> 01:53:26,880

i'm on twitter but i'm benign uh i don't

2899

01:53:29,510 --> 01:53:28,080

get it

2900

01:53:31,430 --> 01:53:29,520

i'm gonna

2901

01:53:34,149 --> 01:53:31,440

you contact either of these other two

2902

01:53:37,430 --> 01:53:34,159

gentlemen what about your archives yeah

2903

01:53:39,669 --> 01:53:37,440

that's a catalog i'm gonna be scanning

2904

01:53:42,950 --> 01:53:39,679

things and the scans are more important

2905

01:53:45,270 --> 01:53:42,960

than a name of an article right

2906

01:53:47,510 --> 01:53:45,280

right actually you can you you've got

2907

01:53:50,229 --> 01:53:47,520

your publications too

2908

01:53:53,030 --> 01:53:50,239

yeah and but that should go to

2909

01:53:55,350 --> 01:53:53,040

check out dave's or or friends i i'll be

2910

01:53:57,030 --> 01:53:55,360

shifting things over to them like that

2911

01:53:59,270 --> 01:53:57,040

and uh okay

2912

01:54:00,870 --> 01:53:59,280

in scanned images well i love how you're

2913

01:54:03,510 --> 01:54:00,880

almost arguing at the very end that's

2914

01:54:05,669 --> 01:54:03,520

good all right

2915

01:54:09,669 --> 01:54:05,679

thanks so much it's been real enjoyable

2916

01:54:12,790 --> 01:54:11,750

all you iconic people thanks so much for

2917

01:54:13,750 --> 01:54:12,800

what you do

2918

01:54:14,629 --> 01:54:13,760

thank you

2919

01:54:16,390 --> 01:54:14,639

all right

2920

01:54:19,270 --> 01:54:16,400

so thank you everyone we'll be back next

2921

01:54:20,950 --> 01:54:19,280

week with martin keller and i appreciate

2922

01:54:23,910 --> 01:54:20,960

you watching and we'll be back at the

2923

01:54:26,390 --> 01:54:23,920

regular time i should say on tuesday 6

2924

01:54:28,149 --> 01:54:26,400

to 8 pm eastern standard time take care

2925

01:54:30,890 --> 01:54:28,159

and remember to keep your eyes to the

2926

01:54:38,790 --> 01:54:30,900

sky

2927

01:54:46,970 --> 01:54:40,210

so
