11
00:01:12,070 --> 00:01:09,200

12
00:01:14,230 --> 00:01:12,080

week newsletter and i only send it out

15

00:01:20,710 --> 00:01:18,640

once a week but if there's any changes

16

00:01:23,190 --> 00:01:20,720

with the show like for instance this

17

00:01:24,870 --> 00:01:23,200

week changed the day and actually

18

00:01:26,789 --> 00:01:24,880

changed the time by one hour that was

19

00:01:28,710 --> 00:01:26,799

the a last-minute thing though but uh

20

00:01:31,830 --> 00:01:28,720

whenever there's changes uh you'll get

21

00:01:35,030 --> 00:01:31,840

this uh once a week email

22

00:01:37,429 --> 00:01:35,040

newsletter that just has the guest and

23

00:01:39,510 --> 00:01:37,439

uh blog only there's nothing else really

24

00:01:42,230 --> 00:01:39,520

there it comes out once a week on

25

00:01:43,910 --> 00:01:42,240

usually on tuesday mornings and it's

26

00:01:46,230 --> 00:01:43,920

very easy to sign up for that you know

27

00:01:48,149 --> 00:01:46,240

just go to podcastufo.com

28

00:01:49,910 --> 00:01:48,159

and over on the sidebar you'll see it'll

29

00:01:52,550 --> 00:01:49,920

say weekly newsletter just put your

30

00:01:56,069 --> 00:01:52,560

email address in that and confirm it and

31

00:01:58,310 --> 00:01:56,079

that's it um during the break today that

32

00:02:00,870 --> 00:01:58,320

is if the show will go on or at some

33

00:02:02,870 --> 00:02:00,880

point um i'm going to be playing a real

34

00:02:04,550 --> 00:02:02,880

special treat a friend of mine and long

35

00:02:06,830 --> 00:02:04,560

time listener mark stanley out in

36

00:02:10,070 --> 00:02:06,840

california beautiful voice great

37

00:02:13,030 --> 00:02:10,080

musician and uh he has a tune that he's

38

00:02:15,350 --> 00:02:13,040

done uh about roswell i think i played

39

00:02:17,430 --> 00:02:15,360

this quite a while ago at one time he

40

00:02:19,430 --> 00:02:17,440

remastered it and it's out and it's

41

00:02:21,670 --> 00:02:19,440

called out of the sky and it's a

42

00:02:23,990 --> 00:02:21,680

beautiful time a beautiful tune and that

43

00:02:27,670 --> 00:02:24,000

will be coming up at some point

44

00:02:28,949 --> 00:02:27,680

um i did mention on one of the shows a

45

00:02:31,430 --> 00:02:28,959

few shows ago

46

00:02:34,309 --> 00:02:31,440

that if anyone would like to be on a

47

00:02:35,110 --> 00:02:34,319

three-minute clip uh please email me

48

00:02:40,390 --> 00:02:35,120

at

49

00:02:41,270 --> 00:02:40,400

on a three-minute clip about your ufo

50

00:02:43,350 --> 00:02:41,280

sighting

51
00:02:44,949 --> 00:02:43,360
just let me know and so far i have

52
00:02:46,390 --> 00:02:44,959
recorded a number of those and they'll

53
00:02:48,070 --> 00:02:46,400
be coming up through

54
00:02:49,509 --> 00:02:48,080
shows in the future

55
00:02:51,670 --> 00:02:49,519
but um

56
00:02:54,869 --> 00:02:51,680
the one thing i will ask you is you just

57
00:02:57,589 --> 00:02:54,879
put the highlights of your ufo encounter

58
00:02:59,110 --> 00:02:57,599
um i i get i'm getting these emails

59
00:02:59,990 --> 00:02:59,120
still again as i mentioned a few other

60
00:03:02,630 --> 00:03:00,000
shows

61
00:03:04,790 --> 00:03:02,640
that are very very lengthy and just put

62
00:03:07,670 --> 00:03:04,800
the highlights in there and i will

63
00:03:09,910 --> 00:03:07,680

return the email um i try to return

64

00:03:12,070 --> 00:03:09,920

every single email that i get and if

65

00:03:13,430 --> 00:03:12,080

you're putting in real lengthy emails it

66

00:03:15,990 --> 00:03:13,440

makes it really tough for me to read

67

00:03:18,949 --> 00:03:16,000

through the several emails i get

68

00:03:19,910 --> 00:03:18,959

a day for this show in particular this

69

00:03:25,750 --> 00:03:19,920

week's

70

00:03:27,830 --> 00:03:25,760

is called the ufo landing at holloman

71

00:03:30,309 --> 00:03:27,840

air force base and check that out

72

00:03:32,390 --> 00:03:30,319

another very good writing by charles

73

00:03:34,470 --> 00:03:32,400

lear and over at youtube

74

00:03:37,750 --> 00:03:34,480

i have just posted a video

75

00:03:40,149 --> 00:03:37,760

um that i recorded about a year about a

76

00:03:43,350 --> 00:03:40,159

year and a half or so ago

77

00:03:45,350 --> 00:03:43,360

with uh francis uh chirimuta he was one

78

00:03:48,149 --> 00:03:45,360

of the ariel school

79

00:03:50,550 --> 00:03:48,159

witnesses and it's a seven minute clip

80

00:03:51,750 --> 00:03:50,560

it's really great he talks about his

81

00:03:55,509 --> 00:03:51,760

encounter

82

00:03:57,110 --> 00:03:55,519

uh how it changed um his life and how he

83

00:03:58,390 --> 00:03:57,120

kind of questioned his memory and

84

00:03:59,830 --> 00:03:58,400

actually went through

85

00:04:02,789 --> 00:03:59,840

uh

86

00:04:04,710 --> 00:04:02,799

hypnotism to try to you know see if

87

00:04:06,309 --> 00:04:04,720

these things really did happen and how

88

00:04:09,110 --> 00:04:06,319

we thought they happened

89

00:04:13,110 --> 00:04:09,120

and he has a very clear memory of the

90

00:04:15,670 --> 00:04:13,120

beings and a very very interesting

91

00:04:17,990 --> 00:04:15,680

uh witnessing to what happened and the

92

00:04:19,990 --> 00:04:18,000

sort of blinking in and out which

93

00:04:22,230 --> 00:04:20,000

is very fascinating to me so check that

94

00:04:24,469 --> 00:04:22,240

out that's over at our youtube channel

95

00:04:26,310 --> 00:04:24,479

so for now i still don't see our guest

96

00:04:28,310 --> 00:04:26,320

in the studio i'm not sure exactly what

97

00:04:31,270 --> 00:04:28,320

happened uh hopefully everything is all

98

00:04:32,390 --> 00:04:31,280

right but for now um he's driving

99

00:04:33,749 --> 00:04:32,400

somewhere

100

00:04:35,909 --> 00:04:33,759

in new york

101
00:04:37,510 --> 00:04:35,919
is lee spiegel lee

102
00:04:38,550 --> 00:04:37,520
uh thank you for joining me at last

103
00:04:40,469 --> 00:04:38,560
minute

104
00:04:41,510 --> 00:04:40,479
well it's it's my pleasure to always

105
00:04:43,510 --> 00:04:41,520
join you

106
00:04:45,670 --> 00:04:43,520
even if i'm driving and

107
00:04:47,350 --> 00:04:45,680
and having trailing

108
00:04:50,230 --> 00:04:47,360
multi-colored lights

109
00:04:52,070 --> 00:04:50,240
coming behind me very rapidly is it is

110
00:04:54,790 --> 00:04:52,080
it a triangle form

111
00:04:57,430 --> 00:04:54,800
like before well i can't really make out

112
00:04:58,629 --> 00:04:57,440
the shape i've always wanted to see an

113
00:05:00,629 --> 00:04:58,639

actual

114

00:05:02,230 --> 00:05:00,639

circular flying saucer with a dome on

115

00:05:04,310 --> 00:05:02,240

top yeah

116

00:05:05,909 --> 00:05:04,320

i'll take whatever i can get that's

117

00:05:08,469 --> 00:05:05,919

right that's right

118

00:05:10,390 --> 00:05:08,479

yeah um you know while we're

119

00:05:11,909 --> 00:05:10,400

and i really appreciate you filling in

120

00:05:14,950 --> 00:05:11,919

uh for now i'm not sure what's gonna

121

00:05:17,029 --> 00:05:14,960

happen with with this um but i do have

122

00:05:18,550 --> 00:05:17,039

some i asked the the uh people waiting

123

00:05:20,870 --> 00:05:18,560

in chat they waited there for a lot of

124

00:05:23,029 --> 00:05:20,880

them for over an hour and so i said hey

125

00:05:26,710 --> 00:05:23,039

can you please post some questions

126

00:05:29,029 --> 00:05:26,720

and so a few of them did and uh

127

00:05:30,150 --> 00:05:29,039

and so i they i asked them to post them

128

00:05:33,350 --> 00:05:30,160

for me

129

00:05:35,670 --> 00:05:33,360

and but still i would uh like to ask you

130

00:05:38,870 --> 00:05:35,680

this one in particular

131

00:05:41,670 --> 00:05:38,880

um because i know you did some work

132

00:05:43,670 --> 00:05:41,680

on this and it's ufos and renaissance

133

00:05:45,270 --> 00:05:43,680

paintings

134

00:05:47,590 --> 00:05:45,280

and that this person heard that it's

135

00:05:49,909 --> 00:05:47,600

symbolic of the sun and moon and what's

136

00:05:50,870 --> 00:05:49,919

your opinion of those

137

00:05:52,390 --> 00:05:50,880

well

138

00:05:54,390 --> 00:05:52,400

just in terms of

139

00:05:55,510 --> 00:05:54,400

medieval or renaissance paintings in

140

00:05:58,309 --> 00:05:55,520

general

141

00:06:01,590 --> 00:05:58,319

um i've i've always been to the uh

142

00:06:02,950 --> 00:06:01,600

the idea or the opinion that there's so

143

00:06:05,830 --> 00:06:02,960

many paintings that came out of

144

00:06:08,550 --> 00:06:05,840

different time periods

145

00:06:10,950 --> 00:06:08,560

many of these paintings depicted either

146

00:06:13,350 --> 00:06:10,960

like the virgin mary or the baby jesus

147

00:06:16,230 --> 00:06:13,360

or john the baptist and and for some

148

00:06:18,150 --> 00:06:16,240

reason many artists decided that they

149

00:06:20,790 --> 00:06:18,160

were also going to include

150

00:06:23,270 --> 00:06:20,800

something else in these paintings

151
00:06:25,510 --> 00:06:23,280
that by our standards today

152
00:06:28,469 --> 00:06:25,520
could only be interpreted as

153
00:06:30,390 --> 00:06:28,479
ufos or uaps

154
00:06:32,550 --> 00:06:30,400
and and that's always been

155
00:06:34,870 --> 00:06:32,560
a fascinating thing to me

156
00:06:37,990 --> 00:06:34,880
uh they they would they wouldn't just

157
00:06:39,270 --> 00:06:38,000
paint the sun or the moon in the sky

158
00:06:41,350 --> 00:06:39,280
above

159
00:06:44,070 --> 00:06:41,360
events that were happening they actually

160
00:06:45,270 --> 00:06:44,080
painted things that were

161
00:06:48,710 --> 00:06:45,280
primarily

162
00:06:49,830 --> 00:06:48,720
circular sometimes with a dome on it and

163
00:06:51,510 --> 00:06:49,840

emitting

164

00:06:53,510 --> 00:06:51,520

beams of light going in different

165

00:06:55,990 --> 00:06:53,520

directions like

166

00:06:58,870 --> 00:06:56,000

why why would the artist

167

00:07:01,350 --> 00:06:58,880

have included these kinds of objects

168

00:07:04,070 --> 00:07:01,360

and usually the

169

00:07:06,710 --> 00:07:04,080

the normal explanation is well it must

170

00:07:10,150 --> 00:07:06,720

be some kind of religious symbolism of

171

00:07:12,629 --> 00:07:10,160

the time really now what what possible

172

00:07:14,790 --> 00:07:12,639

religious symbolism could it be because

173

00:07:17,830 --> 00:07:14,800

in one famous painting

174

00:07:21,270 --> 00:07:17,840

which is one of my favorites uh a uh a

175

00:07:23,189 --> 00:07:21,280

ufo or something is in the sky shooting

176

00:07:24,550 --> 00:07:23,199

a beam of light down to i believe it's

177

00:07:28,469 --> 00:07:24,560

uh

178

00:07:30,309 --> 00:07:28,479

the mother mary holding a baby yes and

179

00:07:31,430 --> 00:07:30,319

to the right of the picture of the

180

00:07:32,790 --> 00:07:31,440

painting

181

00:07:35,110 --> 00:07:32,800

you can see

182

00:07:37,270 --> 00:07:35,120

in the distance a man

183

00:07:39,189 --> 00:07:37,280

and his dog

184

00:07:41,110 --> 00:07:39,199

and they're looking up at the sky

185

00:07:42,870 --> 00:07:41,120

obviously they're looking at this thing

186

00:07:45,350 --> 00:07:42,880

in the sky

187

00:07:47,589 --> 00:07:45,360

and not only is the man

188

00:07:48,950 --> 00:07:47,599

kind of excited about it but so is the

189

00:07:50,550 --> 00:07:48,960

dog

190

00:07:53,029 --> 00:07:50,560

i mean i mean

191

00:07:56,629 --> 00:07:53,039

really does that fall under the category

192

00:07:57,749 --> 00:07:56,639

of religious symbolism boy i doubt that

193

00:07:59,909 --> 00:07:57,759

martin

194

00:08:01,749 --> 00:07:59,919

yes you know i know that when i first

195

00:08:02,790 --> 00:08:01,759

started looking into this topic

196

00:08:04,150 --> 00:08:02,800

basically

197

00:08:05,830 --> 00:08:04,160

that was one of the things that really

198

00:08:07,670 --> 00:08:05,840

fascinated me and i do remember there

199

00:08:08,710 --> 00:08:07,680

was a two or three part series on

200

00:08:10,710 --> 00:08:08,720

youtube

201
00:08:13,029 --> 00:08:10,720
where there was a guy that was

202
00:08:14,710 --> 00:08:13,039
claiming he was debunking these and i

203
00:08:17,189 --> 00:08:14,720
can't remember if he said they i can't

204
00:08:20,070 --> 00:08:17,199
remember the exact symbols that he was

205
00:08:21,430 --> 00:08:20,080
saying these things uh represented but

206
00:08:23,029 --> 00:08:21,440
um

207
00:08:25,029 --> 00:08:23,039
but you know he was saying that he

208
00:08:26,950 --> 00:08:25,039
totally debunked it did you ever watch

209
00:08:28,790 --> 00:08:26,960
any of those videos

210
00:08:30,469 --> 00:08:28,800
no i i don't think i've seen those

211
00:08:33,750 --> 00:08:30,479
videos although it's possible that i've

212
00:08:36,949 --> 00:08:33,760
seen them in past thing

213
00:08:39,029 --> 00:08:36,959

when years ago when i was a writer

214

00:08:41,269 --> 00:08:39,039

for the huffington post

215

00:08:45,509 --> 00:08:41,279

i decided to do

216

00:08:46,310 --> 00:08:45,519

a story around christmas time

217

00:08:48,710 --> 00:08:46,320

and

218

00:08:49,590 --> 00:08:48,720

talking about writing about some of

219

00:08:51,110 --> 00:08:49,600

these

220

00:08:53,430 --> 00:08:51,120

actual paintings

221

00:08:54,630 --> 00:08:53,440

and i decided to interview

222

00:08:56,710 --> 00:08:54,640

someone in

223

00:08:58,710 --> 00:08:56,720

the new york um

224

00:09:01,350 --> 00:08:58,720

i believe the archdiocese

225

00:09:02,550 --> 00:09:01,360

uh he was kind of high up in the

226
00:09:05,990 --> 00:09:02,560
religious

227
00:09:08,470 --> 00:09:06,000
circle in new york city and and i wanted

228
00:09:10,550 --> 00:09:08,480
to get his sense of

229
00:09:11,990 --> 00:09:10,560
what does the church think about these

230
00:09:15,030 --> 00:09:12,000
things and

231
00:09:17,590 --> 00:09:15,040
he wasn't terribly forthcoming

232
00:09:18,790 --> 00:09:17,600
and and kept getting back to the well

233
00:09:21,910 --> 00:09:18,800
there must be

234
00:09:23,910 --> 00:09:21,920
some kind of very highly sophisticated

235
00:09:27,269 --> 00:09:23,920
uh religious symbolism

236
00:09:29,670 --> 00:09:27,279
that the painter wanted to get across

237
00:09:32,470 --> 00:09:29,680
the angels of the lord and the lord

238
00:09:35,269 --> 00:09:32,480

himself and and and

239

00:09:38,389 --> 00:09:35,279

when i kept pushing the idea

240

00:09:40,949 --> 00:09:38,399

that maybe these weren't religious

241

00:09:42,790 --> 00:09:40,959

symbolisms at all

242

00:09:44,949 --> 00:09:42,800

that maybe there was something more to

243

00:09:45,990 --> 00:09:44,959

it that has something to do with modern

244

00:09:47,269 --> 00:09:46,000

day

245

00:09:49,590 --> 00:09:47,279

ufos

246

00:09:52,150 --> 00:09:49,600

and the guy practically hung up on me

247

00:09:53,430 --> 00:09:52,160

in fact in fact when i was done with the

248

00:09:55,190 --> 00:09:53,440

interview

249

00:09:58,070 --> 00:09:55,200

and

250

00:10:00,550 --> 00:09:58,080

we we published the story

251
00:10:02,470 --> 00:10:00,560
after it came out in the huff post

252
00:10:05,750 --> 00:10:02,480
i heard from this man

253
00:10:08,310 --> 00:10:05,760
and he asked me to eliminate certain

254
00:10:10,710 --> 00:10:08,320
parts of the story that were quotes from

255
00:10:12,470 --> 00:10:10,720
him that he decided

256
00:10:13,269 --> 00:10:12,480
didn't put him in a really friendly

257
00:10:14,710 --> 00:10:13,279
light

258
00:10:16,230 --> 00:10:14,720
and i told him

259
00:10:17,670 --> 00:10:16,240
it was too late to do that he should

260
00:10:19,030 --> 00:10:17,680
have said that to me

261
00:10:20,630 --> 00:10:19,040
while we were still in the interview if

262
00:10:22,310 --> 00:10:20,640
he had some concerns

263
00:10:23,430 --> 00:10:22,320

and i didn't retract those statements

264

00:10:25,509 --> 00:10:23,440

because

265

00:10:27,509 --> 00:10:25,519

that probably wouldn't have made me look

266

00:10:30,310 --> 00:10:27,519

good to the readers

267

00:10:33,269 --> 00:10:30,320

i wanted those statements to stand as

268

00:10:35,509 --> 00:10:33,279

they were if this man if other people

269

00:10:38,710 --> 00:10:35,519

think that there's nothing to this ufo

270

00:10:42,230 --> 00:10:38,720

thing going back in time then then fine

271

00:10:43,990 --> 00:10:42,240

that's your opinion but it's my opinion

272

00:10:44,870 --> 00:10:44,000

that they're wrong

273

00:10:50,550 --> 00:10:44,880

and

274

00:10:52,310 --> 00:10:50,560

back to me

275

00:10:55,430 --> 00:10:52,320

with any kind of threats

276
00:10:57,750 --> 00:10:55,440
or lawsuits or anything like that

277
00:10:59,750 --> 00:10:57,760
and and so i felt

278
00:11:01,750 --> 00:10:59,760
in my right to do that

279
00:11:04,710 --> 00:11:01,760
all of these things my friend jacques

280
00:11:07,750 --> 00:11:04,720
raleigh astrophysicist he wrote a really

281
00:11:10,710 --> 00:11:07,760
wonderful book a few years ago called uh

282
00:11:13,430 --> 00:11:10,720
like what was it called yeah in the sky

283
00:11:14,949 --> 00:11:13,440
uh windows in the sky oh you'll hate me

284
00:11:18,150 --> 00:11:14,959
for forgetting

285
00:11:19,750 --> 00:11:18,160
the uh the title of it uh but wonders in

286
00:11:21,190 --> 00:11:19,760
the sky

287
00:11:22,949 --> 00:11:21,200
and basically

288
00:11:24,150 --> 00:11:22,959

he took

289

00:11:25,590 --> 00:11:24,160

that

290

00:11:26,870 --> 00:11:25,600

ufos

291

00:11:30,790 --> 00:11:26,880

have been around

292

00:11:32,630 --> 00:11:30,800

human humankind for a very long time

293

00:11:35,110 --> 00:11:32,640

and he wanted to

294

00:11:38,310 --> 00:11:35,120

take the idea of starting with the

295

00:11:40,710 --> 00:11:38,320

industrial revolution historically

296

00:11:43,110 --> 00:11:40,720

and moving backwards in time when there

297

00:11:46,550 --> 00:11:43,120

should not have been any kind of

298

00:11:47,829 --> 00:11:46,560

vehicles of any kind in the skies and lo

299

00:11:51,910 --> 00:11:47,839

and behold

300

00:11:54,310 --> 00:11:51,920

they found many many examples where

301

00:11:57,509 --> 00:11:54,320

not only were citizens

302

00:11:59,670 --> 00:11:57,519

seeing and reporting ufos or they

303

00:12:01,750 --> 00:11:59,680

weren't calling them ufos back in the

304

00:12:03,910 --> 00:12:01,760

days of the bible but but there were

305

00:12:07,430 --> 00:12:03,920

many many cases where

306

00:12:09,910 --> 00:12:07,440

the scientists of different periods in

307

00:12:11,509 --> 00:12:09,920

history the scientists of different

308

00:12:13,670 --> 00:12:11,519

countries

309

00:12:15,030 --> 00:12:13,680

who were considered very smart people

310

00:12:17,110 --> 00:12:15,040

they were also

311

00:12:19,990 --> 00:12:17,120

investigating these strange things in

312

00:12:22,550 --> 00:12:20,000

the skies and reporting them to the

313

00:12:25,110 --> 00:12:22,560

leaders of different countries so this

314

00:12:28,230 --> 00:12:25,120

has been going on for a long time and in

315

00:12:29,269 --> 00:12:28,240

very few cases that those scientists

316

00:12:31,190 --> 00:12:29,279

come up with

317

00:12:33,750 --> 00:12:31,200

with a reason of saying

318

00:12:35,670 --> 00:12:33,760

well it must be just religious symbolism

319

00:12:37,190 --> 00:12:35,680

this couldn't possibly be something

320

00:12:38,710 --> 00:12:37,200

that's made up of

321

00:12:40,470 --> 00:12:38,720

you know

322

00:12:41,990 --> 00:12:40,480

metal pieces and

323

00:12:43,990 --> 00:12:42,000

anything like that

324

00:12:46,870 --> 00:12:44,000

uh this has been going on a long time

325

00:12:47,990 --> 00:12:46,880

martin that the the whole idea

326

00:12:50,470 --> 00:12:48,000

of

327

00:12:53,829 --> 00:12:50,480

religious symbolism

328

00:12:54,790 --> 00:12:53,839

is i believe the kind of thing that

329

00:12:57,269 --> 00:12:54,800

uh

330

00:12:58,949 --> 00:12:57,279

really that many scientists today still

331

00:13:00,470 --> 00:12:58,959

stick with

332

00:13:01,670 --> 00:13:00,480

and it's

333

00:13:03,910 --> 00:13:01,680

it's kind of

334

00:13:05,910 --> 00:13:03,920

i think

335

00:13:07,350 --> 00:13:05,920

it's not good for the subject it's not

336

00:13:08,870 --> 00:13:07,360

good for people who've been ridiculed

337

00:13:11,910 --> 00:13:08,880

for many years

338

00:13:14,069 --> 00:13:11,920

who have reported having sightings or

339

00:13:17,110 --> 00:13:14,079

encounters with something that can't be

340

00:13:21,350 --> 00:13:17,120

explained that ridicule factor

341

00:13:23,110 --> 00:13:21,360

is almost i hope god um

342

00:13:25,350 --> 00:13:23,120

but these old paintings

343

00:13:26,870 --> 00:13:25,360

they're great and i think if any of your

344

00:13:29,030 --> 00:13:26,880

listeners martin

345

00:13:31,030 --> 00:13:29,040

really want to take a good look at them

346

00:13:32,550 --> 00:13:31,040

all you got to do is just do a simple

347

00:13:35,750 --> 00:13:32,560

google search

348

00:13:39,030 --> 00:13:35,760

for something like ufos in

349

00:13:42,230 --> 00:13:39,040

art of the renaissance or medieval ufos

350

00:13:44,790 --> 00:13:42,240

and paintings you'll find a ton of stuff

351
00:13:47,990 --> 00:13:44,800
i mean really good stuff to look at yeah

352
00:13:49,910 --> 00:13:48,000
there's a lot and and and yeah i mean

353
00:13:50,870 --> 00:13:49,920
that was one of the most fascinating

354
00:13:52,230 --> 00:13:50,880
things

355
00:13:54,870 --> 00:13:52,240
you know when i first started looking

356
00:13:56,470 --> 00:13:54,880
into this because i'm into very much

357
00:13:58,230 --> 00:13:56,480
into art and everything and i've never

358
00:14:00,389 --> 00:13:58,240
seen a painting in person

359
00:14:01,990 --> 00:14:00,399
in any place i've ever done an appraisal

360
00:14:03,829 --> 00:14:02,000
or anything like that or i've never been

361
00:14:05,910 --> 00:14:03,839
in a museum where i've seen a painting

362
00:14:08,069 --> 00:14:05,920
that hadn't had anything in the sky like

363
00:14:11,110 --> 00:14:08,079

that but when i started seeing you know

364

00:14:12,949 --> 00:14:11,120

these real paintings you know from uh

365

00:14:15,430 --> 00:14:12,959

way back then it was uh it just

366

00:14:16,629 --> 00:14:15,440

fascinated me i've got another question

367

00:14:18,949 --> 00:14:16,639

up here

368

00:14:20,710 --> 00:14:18,959

and

369

00:14:23,430 --> 00:14:20,720

uh i am commuting

370

00:14:25,350 --> 00:14:23,440

communicating with the guest and so i'm

371

00:14:27,910 --> 00:14:25,360

going to um i'm going to pose this

372

00:14:29,189 --> 00:14:27,920

question to you lee and then i i just

373

00:14:34,870 --> 00:14:29,199

have to uh

374

00:14:37,590 --> 00:14:34,880

uh uh he's not uh

375

00:14:40,310 --> 00:14:37,600

he has uh somehow even though i keep

376

00:14:42,230 --> 00:14:40,320

saying um eastern time he somehow got

377

00:14:43,590 --> 00:14:42,240

the time zone mixed up so

378

00:14:45,910 --> 00:14:43,600

um

379

00:14:48,470 --> 00:14:45,920

okay so i am going to

380

00:14:50,790 --> 00:14:48,480

uh just pop myself out but lee here's

381

00:14:53,030 --> 00:14:50,800

the question here um do changing

382

00:14:54,870 --> 00:14:53,040

descriptions of ufos and occupants by

383

00:14:57,110 --> 00:14:54,880

decade mean it's more mental than

384

00:14:58,069 --> 00:14:57,120

physical that's the question and i'm

385

00:14:59,990 --> 00:14:58,079

going to like again i'm going to pop

386

00:15:03,030 --> 00:15:00,000

myself out here for a minute

387

00:15:05,430 --> 00:15:03,040

and uh you're on your own lee on that

388

00:15:07,189 --> 00:15:05,440

do the changes of the

389

00:15:09,430 --> 00:15:07,199

descriptions be

390

00:15:10,310 --> 00:15:09,440

more mental or physical well i'm not

391

00:15:11,590 --> 00:15:10,320

sure

392

00:15:16,230 --> 00:15:11,600

yeah

393

00:15:18,870 --> 00:15:17,509

there are

394

00:15:20,069 --> 00:15:18,880

different

395

00:15:22,629 --> 00:15:20,079

shapes

396

00:15:23,670 --> 00:15:22,639

of ufos through history

397

00:15:27,269 --> 00:15:23,680

uh

398

00:15:28,629 --> 00:15:27,279

i would prefer to think that

399

00:15:30,230 --> 00:15:28,639

that perhaps

400

00:15:32,470 --> 00:15:30,240

i believe that we are being visited

401
00:15:34,310 --> 00:15:32,480
earth is being visited by something or

402
00:15:36,790 --> 00:15:34,320
someone and

403
00:15:39,110 --> 00:15:36,800
in 1968

404
00:15:42,949 --> 00:15:39,120
the united states air force

405
00:15:45,189 --> 00:15:42,959
told their air force cadet academies

406
00:15:47,269 --> 00:15:45,199
uh in a chapter called unidentified

407
00:15:50,389 --> 00:15:47,279
flying objects in one of their science

408
00:15:52,629 --> 00:15:50,399
textbooks they told their cadets this

409
00:15:55,269 --> 00:15:52,639
was not published material but they

410
00:15:57,030 --> 00:15:55,279
wanted the cadets to get a good opinion

411
00:16:00,870 --> 00:15:57,040
of what the air force

412
00:16:02,949 --> 00:16:00,880
was thinking about ufos back in 1968 and

413
00:16:03,829 --> 00:16:02,959

they said to the cadets

414

00:16:06,870 --> 00:16:03,839

that

415

00:16:09,110 --> 00:16:06,880

humans have been interacting with and

416

00:16:11,350 --> 00:16:09,120

encountering ufos

417

00:16:13,910 --> 00:16:11,360

for almost 50 000 years

418

00:16:15,430 --> 00:16:13,920

and and they said to the cadets and this

419

00:16:17,509 --> 00:16:15,440

is almost a quote

420

00:16:19,829 --> 00:16:17,519

uh we're left with the unpleasant

421

00:16:21,430 --> 00:16:19,839

possibility that

422

00:16:22,790 --> 00:16:21,440

some ufos

423

00:16:25,990 --> 00:16:22,800

could be

424

00:16:28,710 --> 00:16:26,000

intelligently controlled vehicles

425

00:16:29,990 --> 00:16:28,720

by intelligent

426
00:16:33,110 --> 00:16:30,000
groups

427
00:16:35,430 --> 00:16:33,120
of aliens or extraterrestrials perhaps

428
00:16:37,030 --> 00:16:35,440
three or four different groups of

429
00:16:40,389 --> 00:16:37,040
extraterrestrials

430
00:16:41,350 --> 00:16:40,399
at different stages of development

431
00:16:43,829 --> 00:16:41,360
wow

432
00:16:45,910 --> 00:16:43,839
and and you read something like that and

433
00:16:46,629 --> 00:16:45,920
you have to figure okay

434
00:16:51,030 --> 00:16:46,639
if

435
00:16:52,870 --> 00:16:51,040
aliens

436
00:16:54,310 --> 00:16:52,880
or extraterrestrials

437
00:16:56,069 --> 00:16:54,320
from different places at different

438
00:16:56,870 --> 00:16:56,079

stages of development

439

00:16:58,230 --> 00:16:56,880

well

440

00:16:59,990 --> 00:16:58,240

i would suspect they would have

441

00:17:01,189 --> 00:17:00,000

different kinds of vehicles

442

00:17:03,430 --> 00:17:01,199

there you go

443

00:17:04,710 --> 00:17:03,440

i mean not everybody has the same kind

444

00:17:06,069 --> 00:17:04,720

of cars

445

00:17:08,230 --> 00:17:06,079

or vehicles

446

00:17:09,909 --> 00:17:08,240

uh but imagine extraterrestrials having

447

00:17:12,710 --> 00:17:09,919

different kinds

448

00:17:13,990 --> 00:17:12,720

of craft that get them from one place to

449

00:17:15,750 --> 00:17:14,000

another

450

00:17:17,110 --> 00:17:15,760

how's that for a possible answer to the

451

00:17:18,789 --> 00:17:17,120

question

452

00:17:21,189 --> 00:17:18,799

that's very interesting here's here's

453

00:17:22,630 --> 00:17:21,199

another like side note

454

00:17:26,309 --> 00:17:22,640

to that as well

455

00:17:29,029 --> 00:17:26,319

um i wonder if it's possible that

456

00:17:30,950 --> 00:17:29,039

intelligent beings that are if that's

457

00:17:32,630 --> 00:17:30,960

what it is that's traveling here

458

00:17:34,630 --> 00:17:32,640

wherever they're coming from

459

00:17:36,230 --> 00:17:34,640

if they communicate

460

00:17:37,990 --> 00:17:36,240

between each other hey you know you

461

00:17:39,029 --> 00:17:38,000

should check out this little blue ball

462

00:17:40,150 --> 00:17:39,039

over here

463

00:17:42,710 --> 00:17:40,160

you know

464

00:17:44,950 --> 00:17:42,720

that type of thing uh lee um it looks

465

00:17:48,150 --> 00:17:44,960

like my guest has just come in

466

00:17:51,590 --> 00:17:48,160

all right so you fulfilled your duty and

467

00:17:54,310 --> 00:17:51,600

uh now you can pay attention to the road

468

00:17:55,909 --> 00:17:54,320

well and luckily it's not too late yeah

469

00:17:57,590 --> 00:17:55,919

yes right

470

00:17:59,029 --> 00:17:57,600

all right

471

00:18:00,390 --> 00:17:59,039

you bet lee it's always a pleasure

472

00:18:03,270 --> 00:18:00,400

always fun talking to whether we're

473

00:18:05,029 --> 00:18:03,280

talking online or not but always great

474

00:18:07,110 --> 00:18:05,039

right back at you thanks all right you

475

00:18:09,029 --> 00:18:07,120

take care bye

476
00:18:09,830 --> 00:18:09,039
all right here's my guest welcome to the

477
00:18:11,990 --> 00:18:09,840
show

478
00:18:13,669 --> 00:18:12,000
thank you thank you for having me yes

479
00:18:15,029 --> 00:18:13,679
and sorry i guess we got a little mix up

480
00:18:17,029 --> 00:18:15,039
on our time

481
00:18:17,750 --> 00:18:17,039
time but we're all set now so here we

482
00:18:18,630 --> 00:18:17,760
are

483
00:18:22,630 --> 00:18:18,640
okay

484
00:18:25,590 --> 00:18:22,640
and uh so uh you have quite a background

485
00:18:26,870 --> 00:18:25,600
and uh trey hudson you like james hudson

486
00:18:27,669 --> 00:18:26,880
or trey hubs

487
00:18:29,830 --> 00:18:27,679
trey

488
00:18:32,470 --> 00:18:29,840

just as good as anything else okay all

489

00:18:34,150 --> 00:18:32,480

right well anyway thank you uh for i

490

00:18:36,470 --> 00:18:34,160

know you had to scurry once you saw my

491

00:18:38,710 --> 00:18:36,480

emails

492

00:18:41,270 --> 00:18:38,720

but thank you for that and so let's hear

493

00:18:43,350 --> 00:18:41,280

a little bit about your background

494

00:18:45,190 --> 00:18:43,360

oh well you know i was

495

00:18:46,230 --> 00:18:45,200

hatched out of an egg you know and no no

496

00:18:48,230 --> 00:18:46,240

i'm kidding

497

00:18:51,430 --> 00:18:48,240

you know a traditional uh birthing

498

00:18:52,310 --> 00:18:51,440

experience for both my mother and myself

499

00:19:01,270 --> 00:18:52,320

uh

500

00:19:03,830 --> 00:19:01,280

the wonderful tv shows that dealt with

501
00:19:06,390 --> 00:19:03,840
the paranormal back in the 70s uh in

502
00:19:09,350 --> 00:19:06,400
search of which was a fantastic show

503
00:19:12,310 --> 00:19:09,360
uh with the late great leonard nimoy

504
00:19:14,470 --> 00:19:12,320
project ufo which was a cbs uh

505
00:19:16,230 --> 00:19:14,480
dramatization of some of the uh blue

506
00:19:18,390 --> 00:19:16,240
book files

507
00:19:19,750 --> 00:19:18,400
and uh you know was exposed to this

508
00:19:21,669 --> 00:19:19,760
stuff very early

509
00:19:24,230 --> 00:19:21,679
and uh

510
00:19:25,750 --> 00:19:24,240
you grew up uh became an eagle scout you

511
00:19:27,430 --> 00:19:25,760
know did a lot of stuff a lot of

512
00:19:28,710 --> 00:19:27,440
adventure stuff all over the all over

513
00:19:31,190 --> 00:19:28,720

the country

514

00:19:33,430 --> 00:19:31,200

went to school had a unique opportunity

515

00:19:35,750 --> 00:19:33,440

to study uh psychology at the university

516

00:19:38,549 --> 00:19:35,760

of west georgia who was had the the

517

00:19:40,470 --> 00:19:38,559

wonderful bill roll dr william roll was

518

00:19:42,390 --> 00:19:40,480

on staff there when i was there

519

00:19:44,710 --> 00:19:42,400

so i got to study under uh william roll

520

00:19:47,590 --> 00:19:44,720

mike aarons who was a student of abraham

521

00:19:49,350 --> 00:19:47,600

maslow and some other folks

522

00:19:50,950 --> 00:19:49,360

and uh

523

00:19:52,870 --> 00:19:50,960

and unfortunately when i graduated

524

00:19:54,789 --> 00:19:52,880

college i had the freight train of life

525

00:19:56,470 --> 00:19:54,799

staring me you know right in the face i

526

00:19:58,150 --> 00:19:56,480

was uh commissioned as a us army

527

00:19:59,430 --> 00:19:58,160

intelligence officer

528

00:20:01,270 --> 00:19:59,440

and uh

529

00:20:02,870 --> 00:20:01,280

sent to the us army reserve spent six

530

00:20:04,950 --> 00:20:02,880

months at the u.s army intelligence

531

00:20:06,630 --> 00:20:04,960

center in school and popped out at the

532

00:20:08,470 --> 00:20:06,640

end of that process as an all-source

533

00:20:10,630 --> 00:20:08,480

intelligence officer

534

00:20:12,470 --> 00:20:10,640

uh got injured early in my military

535

00:20:14,149 --> 00:20:12,480

career i'm a disabled veteran went to go

536

00:20:15,750 --> 00:20:14,159

work for the department of defense as a

537

00:20:17,110 --> 00:20:15,760

security specialist and i've been doing

538

00:20:20,149 --> 00:20:17,120

that for

539

00:20:20,159 --> 00:20:24,630

had an opportunity in 2007

540

00:20:29,669 --> 00:20:27,190

right back up 2008 to join a local

541

00:20:33,029 --> 00:20:29,679

paranormal group so i joined the oxford

542

00:20:34,630 --> 00:20:33,039

paranormal society as a investigator

543

00:20:36,549 --> 00:20:34,640

and the uh the founders of that

544

00:20:38,789 --> 00:20:36,559

organization decided to back away from

545

00:20:40,390 --> 00:20:38,799

paranormal investigation they

546

00:20:41,990 --> 00:20:40,400

had pretty much had enough of it and

547

00:20:43,669 --> 00:20:42,000

were you know a little you know wanting

548

00:20:45,750 --> 00:20:43,679

to go elsewhere in their life

549

00:20:47,590 --> 00:20:45,760

and uh they handed me this organization

550

00:20:49,190 --> 00:20:47,600

you know this taps affiliated uh

551
00:20:52,070 --> 00:20:49,200
paranormal group

552
00:20:54,310 --> 00:20:52,080
so that being the case uh i took over

553
00:20:56,310 --> 00:20:54,320
and uh it led to this uh this amazing

554
00:20:58,230 --> 00:20:56,320
discovery which resulted in the uh the

555
00:21:01,430 --> 00:20:58,240
book i wrote

556
00:21:03,909 --> 00:21:01,440
i i kind of heard i i listened to a a

557
00:21:05,990 --> 00:21:03,919
really nice podcast that's someone did

558
00:21:06,789 --> 00:21:06,000
with you and i can't remember the name

559
00:21:09,430 --> 00:21:06,799
of it

560
00:21:13,110 --> 00:21:09,440
but it was it was really well done and

561
00:21:15,430 --> 00:21:13,120
uh the it seems to me that you did this

562
00:21:17,750 --> 00:21:15,440
like this geo searching

563
00:21:19,909 --> 00:21:17,760

uh like hide-and-peek

564

00:21:21,750 --> 00:21:19,919

thing so can you explain how that that

565

00:21:22,710 --> 00:21:21,760

is fascinating and and

566

00:21:27,909 --> 00:21:22,720

yeah

567

00:21:30,630 --> 00:21:27,919

uh a game an online game where you post

568

00:21:32,470 --> 00:21:30,640

g uh geographical coordinates

569

00:21:34,470 --> 00:21:32,480

and people will search for small

570

00:21:36,950 --> 00:21:34,480

treasure boxes

571

00:21:40,630 --> 00:21:36,960

and uh so i was uh had set up one of

572

00:21:42,149 --> 00:21:40,640

these geocaches in a local uh not local

573

00:21:44,950 --> 00:21:42,159

to me but a

574

00:21:46,149 --> 00:21:44,960

nature preserve and i started noticing

575

00:21:48,789 --> 00:21:46,159

people's comments and one of the

576

00:21:50,950 --> 00:21:48,799

comments that a uh a searcher said is

577

00:21:52,870 --> 00:21:50,960

they had encountered locals

578

00:21:54,470 --> 00:21:52,880

that described to them a haunted road

579

00:21:56,230 --> 00:21:54,480

you know near where this geocache was

580

00:21:58,070 --> 00:21:56,240

and it was like you don't go down that

581

00:21:59,430 --> 00:21:58,080

haunted road them paints will get you

582

00:22:01,510 --> 00:21:59,440

you know

583

00:22:03,669 --> 00:22:01,520

and uh you don't ever be found there

584

00:22:05,510 --> 00:22:03,679

after sunset you're sure to die well you

585

00:22:07,110 --> 00:22:05,520

know of course that's like waving a red

586

00:22:10,630 --> 00:22:07,120

flag in front of me hell yeah that's

587

00:22:14,470 --> 00:22:12,950

and so i uh started you know trying to

588

00:22:17,110 --> 00:22:14,480

get a team together to research this

589

00:22:20,070 --> 00:22:17,120

haunted road and just you know as the

590

00:22:22,549 --> 00:22:20,080

way life is sometimes you stumble across

591

00:22:24,870 --> 00:22:22,559

things that you never expected to find

592

00:22:26,470 --> 00:22:24,880

and one of the uh the unique things that

593

00:22:28,950 --> 00:22:26,480

we found that had nothing to do with the

594

00:22:30,070 --> 00:22:28,960

haunted road was the meadow you know was

595

00:22:31,750 --> 00:22:30,080

the location that we've been

596

00:22:33,270 --> 00:22:31,760

investigating and researching since

597

00:22:34,950 --> 00:22:33,280

2016.

598

00:22:36,950 --> 00:22:34,960

and it was just one of those uh you know

599

00:22:38,549 --> 00:22:36,960

unique serendipitous kind of things that

600

00:22:40,789 --> 00:22:38,559

fall into your lap

601
00:22:43,270 --> 00:22:40,799
that just turns out to be uh truly

602
00:22:44,070 --> 00:22:43,280
remarkable and life-changing

603
00:22:45,190 --> 00:22:44,080
and

604
00:22:47,110 --> 00:22:45,200
um so

605
00:22:49,510 --> 00:22:47,120
i understand something happening during

606
00:22:51,669 --> 00:22:49,520
camping back at the camp you were out

607
00:22:53,669 --> 00:22:51,679
looking around or whatever and can you

608
00:22:56,230 --> 00:22:53,679
can you give those details oh yeah

609
00:22:57,909 --> 00:22:56,240
absolutely while we were researching the

610
00:22:59,750 --> 00:22:57,919
haunted road

611
00:23:01,909 --> 00:22:59,760
uh one of my team members who was

612
00:23:03,750 --> 00:23:01,919
minding camp uh had had drank a lot of

613
00:23:05,590 --> 00:23:03,760

coffee that cold february night it was

614

00:23:07,590 --> 00:23:05,600

quite drizzly and rainy and

615

00:23:08,950 --> 00:23:07,600

as happens with guys when they drink too

616

00:23:11,190 --> 00:23:08,960

much coffee when they're camping that

617

00:23:13,430 --> 00:23:11,200

coffee has to eventually go somewhere

618

00:23:15,830 --> 00:23:13,440

so he had stepped behind the uh the

619

00:23:18,149 --> 00:23:15,840

campsite to take care of this pressing a

620

00:23:20,470 --> 00:23:18,159

biological piece of business

621

00:23:23,350 --> 00:23:20,480

and and once he got done he's looking up

622

00:23:25,190 --> 00:23:23,360

in the sky and he sees the moon come out

623

00:23:28,549 --> 00:23:25,200

and as i said earlier it was a cold

624

00:23:30,870 --> 00:23:28,559

drizzly rainy this really icky night

625

00:23:32,630 --> 00:23:30,880

and uh right before the moon came out he

626

00:23:34,230 --> 00:23:32,640

saw a shaft of lightning a bolt of

627

00:23:37,110 --> 00:23:34,240

lightning which strangely enough had no

628

00:23:38,470 --> 00:23:37,120

sound very odd but he was more focused

629

00:23:39,830 --> 00:23:38,480

on the moon because he thought maybe

630

00:23:42,230 --> 00:23:39,840

this clouds are clearing off and it was

631

00:23:44,070 --> 00:23:42,240

going to be a much much nicer you know

632

00:23:46,390 --> 00:23:44,080

enjoyable evening and then the moon

633

00:23:47,830 --> 00:23:46,400

started moving sideways

634

00:23:50,149 --> 00:23:47,840

in this area the moon doesn't move

635

00:23:52,149 --> 00:23:50,159

sideways usually it uh east to west like

636

00:23:54,950 --> 00:23:52,159

it does everywhere else so moving from

637

00:23:56,870 --> 00:23:54,960

uh his right side to his left side

638

00:23:59,029 --> 00:23:56,880

was quite remarkable and while he's

639

00:24:01,430 --> 00:23:59,039

watching that the moon or this what now

640

00:24:04,230 --> 00:24:01,440

turned out to be a luminous orb stopped

641

00:24:05,909 --> 00:24:04,240

in a small pinpoint of darkness appeared

642

00:24:08,230 --> 00:24:05,919

in the middle and it grew larger and

643

00:24:11,029 --> 00:24:08,240

larger and larger until it completely

644

00:24:12,310 --> 00:24:11,039

blotted out this uh you know this orb

645

00:24:14,230 --> 00:24:12,320

and uh

646

00:24:16,549 --> 00:24:14,240

it turned out to be a remarkable uap

647

00:24:18,390 --> 00:24:16,559

sighting you know truly remarkable

648

00:24:19,830 --> 00:24:18,400

and so it's like well forget that

649

00:24:21,430 --> 00:24:19,840

haunted road business i'm not going to

650

00:24:23,510 --> 00:24:21,440

waste my time with that anymore i think

651

00:24:24,870 --> 00:24:23,520

i found somewhere really cool

652

00:24:26,870 --> 00:24:24,880

and about a

653

00:24:29,830 --> 00:24:26,880

about a quarter of a mile from our

654

00:24:31,510 --> 00:24:29,840

campsite was a field and we decided to

655

00:24:34,149 --> 00:24:31,520

start focusing our investigative and

656

00:24:36,230 --> 00:24:34,159

research on this field primarily

657

00:24:38,230 --> 00:24:36,240

because it's a wide open space anything

658

00:24:40,149 --> 00:24:38,240

that moves across it we can see the

659

00:24:42,789 --> 00:24:40,159

tracks of it like uh cryptid this area

660

00:24:44,630 --> 00:24:42,799

has a history of cryptance and bigfoot

661

00:24:46,230 --> 00:24:44,640

we can set up our teams at night with

662

00:24:48,310 --> 00:24:46,240

night vision and thermal anything moves

663

00:24:50,230 --> 00:24:48,320

across once again we can see

664

00:24:52,310 --> 00:24:50,240

and also it has a broad expanse of open

665

00:24:53,909 --> 00:24:52,320

sky so we can also watch the sky so that

666

00:24:55,909 --> 00:24:53,919

this meadow or this field became the

667

00:24:57,269 --> 00:24:55,919

focus of our research and that's where

668

00:24:58,870 --> 00:24:57,279

some of the truly remarkable things

669

00:25:00,710 --> 00:24:58,880

happened

670

00:25:03,669 --> 00:25:00,720

and we'll go through some of those uh

671

00:25:04,549 --> 00:25:03,679

remarkable things as we go along but uh

672

00:25:07,990 --> 00:25:04,559

this

673

00:25:10,789 --> 00:25:08,000

part of your book

674

00:25:12,630 --> 00:25:10,799

uh discusses you know all the odd places

675

00:25:15,750 --> 00:25:12,640

there are in the country and also

676

00:25:17,430 --> 00:25:15,760

overseas as well um like for instance we

677

00:25:19,350 --> 00:25:17,440

can always uh more people know about

678

00:25:21,350 --> 00:25:19,360

skinwalker ranch from of course it was

679

00:25:24,630 --> 00:25:21,360

on the history channels

680

00:25:27,510 --> 00:25:24,640

two seasons on that so far and

681

00:25:29,750 --> 00:25:27,520

uh so the skinwalker ranch

682

00:25:31,830 --> 00:25:29,760

all these strange things happen and you

683

00:25:33,909 --> 00:25:31,840

know i do get a lot of listeners but

684

00:25:36,149 --> 00:25:33,919

just real quickly if you could just for

685

00:25:38,710 --> 00:25:36,159

the new listener uh that may have not

686

00:25:40,630 --> 00:25:38,720

heard of skinwalker ranch i know you've

687

00:25:43,590 --> 00:25:40,640

you've looked into all these places and

688

00:25:45,590 --> 00:25:43,600

uh in a nutshell if you can give the

689

00:25:47,190 --> 00:25:45,600

the listener what goes on in that place

690

00:25:49,190 --> 00:25:47,200

i've read the book too that was a great

691

00:25:51,029 --> 00:25:49,200

book that george snapping i forget who

692

00:25:53,669 --> 00:25:51,039

the other person did together uh

693

00:25:55,750 --> 00:25:53,679

skinwalker ranch is a uh a ranch in the

694

00:25:57,350 --> 00:25:55,760

yuenta valley uh in utah outside of

695

00:25:59,830 --> 00:25:57,360

vernal utah

696

00:26:01,669 --> 00:25:59,840

and it has a history going back many

697

00:26:03,669 --> 00:26:01,679

many years all the way back to uh the

698

00:26:06,230 --> 00:26:03,679

youth tribe of being a place that was

699

00:26:08,549 --> 00:26:06,240

cursed or uh you know

700

00:26:10,310 --> 00:26:08,559

or or forbidden you know something you

701
00:26:12,390 --> 00:26:10,320
know went on there which ties back into

702
00:26:13,510 --> 00:26:12,400
their skin walker mythology you know in

703
00:26:15,830 --> 00:26:13,520
folklore

704
00:26:18,870 --> 00:26:15,840
that uh evil uh skin walkers which were

705
00:26:21,110 --> 00:26:18,880
evil shaman you know worked in that area

706
00:26:23,029 --> 00:26:21,120
and if you fast forward back to the 90s

707
00:26:25,110 --> 00:26:23,039
a family that had bought the ranch

708
00:26:26,310 --> 00:26:25,120
started noticing uh just a whole

709
00:26:29,269 --> 00:26:26,320
plethora

710
00:26:32,870 --> 00:26:29,279
of a very strange and unusual

711
00:26:34,789 --> 00:26:32,880
circumstances ufos cryptids uh what

712
00:26:36,630 --> 00:26:34,799
appeared to be portals

713
00:26:39,510 --> 00:26:36,640

boxes flying through the air you know

714

00:26:41,830 --> 00:26:39,520

strange box-shaped ufos

715

00:26:43,430 --> 00:26:41,840

uh and just this whole plethora of

716

00:26:45,350 --> 00:26:43,440

things that really don't fit into the

717

00:26:46,870 --> 00:26:45,360

you know the the cryptid or bigfoot box

718

00:26:49,029 --> 00:26:46,880

they don't really fit into the

719

00:26:50,870 --> 00:26:49,039

paranormal or ghost box

720

00:26:53,110 --> 00:26:50,880

and they also don't fit into the uh the

721

00:26:55,430 --> 00:26:53,120

traditional ufo research box was kind of

722

00:26:57,590 --> 00:26:55,440

all of these strange phenomena going on

723

00:26:59,909 --> 00:26:57,600

and what was really interesting is i was

724

00:27:01,269 --> 00:26:59,919

at a conference in

725

00:27:03,350 --> 00:27:01,279

nevada

726

00:27:05,110 --> 00:27:03,360

in june and if you remember in the

727

00:27:08,230 --> 00:27:05,120

beginning of george knapp's book he

728

00:27:09,830 --> 00:27:08,240

talks about a ranch in colorado that had

729

00:27:13,190 --> 00:27:09,840

very similar

730

00:27:16,549 --> 00:27:13,200

uh instances going on yeah if i have it

731

00:27:18,630 --> 00:27:16,559

here i was actually lucky enough

732

00:27:21,350 --> 00:27:18,640

to uh

733

00:27:23,830 --> 00:27:21,360

to find somebody that uh personally

734

00:27:25,029 --> 00:27:23,840

knows dr leo sprinkle when he was alive

735

00:27:26,789 --> 00:27:25,039

and actually had some of these

736

00:27:28,389 --> 00:27:26,799

experiences of the ranch and i got the

737

00:27:32,950 --> 00:27:28,399

report

738

00:27:35,350 --> 00:27:32,960

you know

739

00:27:37,750 --> 00:27:35,360

for that ranch and the other person that

740

00:27:39,350 --> 00:27:37,760

uh it gave me this uh sought me out and

741

00:27:41,909 --> 00:27:39,360

she said

742

00:27:42,950 --> 00:27:41,919

everything that you talk about in your

743

00:27:44,549 --> 00:27:42,960

book

744

00:27:46,310 --> 00:27:44,559

is similar to the stuff that happened at

745

00:27:47,909 --> 00:27:46,320

our ranch in colorado so we've got you

746

00:27:49,990 --> 00:27:47,919

know the ranch in colorado we've got the

747

00:27:51,029 --> 00:27:50,000

skinwalker ranch and now we have the

748

00:27:53,669 --> 00:27:51,039

meadow

749

00:27:56,070 --> 00:27:53,679

and one of the really unique things

750

00:27:58,149 --> 00:27:56,080

is boxes or cubes

751
00:28:00,310 --> 00:27:58,159
are very prevalent in these sites

752
00:28:02,630 --> 00:28:00,320
something about you know the geometrical

753
00:28:05,029 --> 00:28:02,640
shape of a box or a cube so are you

754
00:28:06,070 --> 00:28:05,039
talking about like ufo craft or whatever

755
00:28:07,269 --> 00:28:06,080
it is

756
00:28:08,470 --> 00:28:07,279
in that shape

757
00:28:11,750 --> 00:28:08,480
yes and no

758
00:28:13,190 --> 00:28:11,760
uh in our in our situation it was a a

759
00:28:15,590 --> 00:28:13,200
portal

760
00:28:16,549 --> 00:28:15,600
that thermally showed up as a box or a

761
00:28:20,870 --> 00:28:16,559
cube

762
00:28:22,789 --> 00:28:20,880
at this ranch in utah they had boxes

763
00:28:24,950 --> 00:28:22,799

that would sit on the ground and blink

764

00:28:28,310 --> 00:28:24,960

and make noise

765

00:28:29,669 --> 00:28:28,320

uh they had in in colorado a incidence

766

00:28:32,389 --> 00:28:29,679

of a

767

00:28:34,470 --> 00:28:32,399

a person reported that a a sasquatch or

768

00:28:36,389 --> 00:28:34,480

cryptid touched the box and was

769

00:28:38,389 --> 00:28:36,399

paralyzed they witnessed that

770

00:28:40,630 --> 00:28:38,399

and then you go to a skinwalker ranch

771

00:28:42,149 --> 00:28:40,640

where they had boxes flying around with

772

00:28:44,389 --> 00:28:42,159

blinking lights they call them flying

773

00:28:47,830 --> 00:28:44,399

refrigerators if you turn the page and

774

00:28:49,029 --> 00:28:47,840

go to some of the ufo response in brazil

775

00:28:50,549 --> 00:28:49,039

they had something they called the

776

00:28:52,630 --> 00:28:50,559

chupachupas

777

00:28:54,230 --> 00:28:52,640

which were flying boxes that would emit

778

00:28:55,909 --> 00:28:54,240

rays that would paralyze and

779

00:28:57,590 --> 00:28:55,919

incapacitate people

780

00:28:59,830 --> 00:28:57,600

so it's just uh it's really neat i'm

781

00:29:02,070 --> 00:28:59,840

starting to see a lot of commonalities

782

00:29:03,909 --> 00:29:02,080

uh in these sites and uh actually

783

00:29:06,389 --> 00:29:03,919

tomorrow evening i have a zoom meeting

784

00:29:07,990 --> 00:29:06,399

with with other folks in this field and

785

00:29:09,750 --> 00:29:08,000

we're gonna start comparing notes and

786

00:29:11,669 --> 00:29:09,760

see if we can start coming up with uh

787

00:29:13,750 --> 00:29:11,679

certain indicators

788

00:29:15,990 --> 00:29:13,760

that could possibly point that further

789

00:29:17,590 --> 00:29:16,000

in more unique sites that have yet to be

790

00:29:19,750 --> 00:29:17,600

discovered

791

00:29:20,630 --> 00:29:19,760

that is so fascinating i i have a friend

792

00:29:23,909 --> 00:29:20,640

who

793

00:29:25,029 --> 00:29:23,919

was at a university in massachusetts and

794

00:29:27,029 --> 00:29:25,039

he and

795

00:29:28,149 --> 00:29:27,039

some people with him all witnessed a box

796

00:29:30,470 --> 00:29:28,159

shape

797

00:29:32,230 --> 00:29:30,480

uh craft with blinking lights yeah well

798

00:29:34,070 --> 00:29:32,240

there you go exactly

799

00:29:36,870 --> 00:29:34,080

uh and i don't know if you watched the

800

00:29:38,549 --> 00:29:36,880

uh the skinwalker ranch tv show at all i

801
00:29:41,510 --> 00:29:38,559
have a little bit yeah there was

802
00:29:43,029 --> 00:29:41,520
actually a instance and i i can't

803
00:29:45,110 --> 00:29:43,039
remember exactly when but they there was

804
00:29:48,070 --> 00:29:45,120
an instance where they witnessed

805
00:29:50,230 --> 00:29:48,080
a gold rectangular box

806
00:29:53,190 --> 00:29:50,240
you know no i did not see that one once

807
00:29:54,710 --> 00:29:53,200
again here's this box yeah

808
00:29:56,149 --> 00:29:54,720
and and um

809
00:29:58,470 --> 00:29:56,159
this is something that comes up every

810
00:30:00,549 --> 00:29:58,480
now and then is the aerodynamics i don't

811
00:30:04,870 --> 00:30:00,559
think whatever it is

812
00:30:07,190 --> 00:30:04,880
that is traveling needs any aerodynamic

813
00:30:09,269 --> 00:30:07,200

at all because first of all when these

814

00:30:11,269 --> 00:30:09,279

things take off at supersonic speed

815

00:30:14,630 --> 00:30:11,279

there's never a sound barrier broken

816

00:30:16,630 --> 00:30:14,640

um or anything like that and um you know

817

00:30:17,830 --> 00:30:16,640

another thing is there are some people

818

00:30:20,830 --> 00:30:17,840

that have seen

819

00:30:23,430 --> 00:30:20,840

like triangles and other

820

00:30:25,510 --> 00:30:23,440

crafts whatever they are in that shape

821

00:30:27,430 --> 00:30:25,520

but on their side and traveling just

822

00:30:29,750 --> 00:30:27,440

fine right you know

823

00:30:31,110 --> 00:30:29,760

and if you go to the uh the dod report

824

00:30:33,110 --> 00:30:31,120

that just came out

825

00:30:34,950 --> 00:30:33,120

uh the the tic tac and some other things

826

00:30:37,269 --> 00:30:34,960

were moving in non-ballistic patterns

827

00:30:39,430 --> 00:30:37,279

you know ways you know right angles at

828

00:30:42,149 --> 00:30:39,440

extreme speeds you know things that a

829

00:30:45,430 --> 00:30:42,159

normal aircraft so our understanding of

830

00:30:46,870 --> 00:30:45,440

three-dimensional euclidean aerodynamics

831

00:30:48,389 --> 00:30:46,880

and aeronautical engineering just

832

00:30:50,470 --> 00:30:48,399

doesn't apply to these things you know

833

00:30:51,909 --> 00:30:50,480

it just it's that that thinking's right

834

00:30:55,029 --> 00:30:51,919

off the table for them

835

00:30:56,950 --> 00:30:55,039

yeah yeah that's crazy uh and

836

00:30:58,389 --> 00:30:56,960

i guess the question i i know we're

837

00:30:59,190 --> 00:30:58,399

going to get into more details and all

838

00:31:02,070 --> 00:30:59,200

that

839

00:31:03,909 --> 00:31:02,080

but it's always fascinating to me and

840

00:31:05,990 --> 00:31:03,919

has been since i very first started

841

00:31:07,830 --> 00:31:06,000

looking into this topic

842

00:31:09,750 --> 00:31:07,840

and that's why our

843

00:31:12,070 --> 00:31:09,760

why are there hot spots and what does

844

00:31:14,389 --> 00:31:12,080

that mean you know as this you mentioned

845

00:31:16,549 --> 00:31:14,399

the word portal you know is that what it

846

00:31:18,789 --> 00:31:16,559

is you know is it and these these are of

847

00:31:21,830 --> 00:31:18,799

course i'm asking you to speculate oh

848

00:31:24,389 --> 00:31:21,840

sure um are these things where

849

00:31:26,710 --> 00:31:24,399

uh possibly there's a three another

850

00:31:28,470 --> 00:31:26,720

dimension portal or you know because of

851
00:31:30,630 --> 00:31:28,480
the blinking in and out you hear about

852
00:31:32,230 --> 00:31:30,640
and all this stuff i mean

853
00:31:34,710 --> 00:31:32,240
what's your guess i guess that's what

854
00:31:37,590 --> 00:31:34,720
that's that is a great and legitimate

855
00:31:40,470 --> 00:31:37,600
question i think it's dimensional uh

856
00:31:42,630 --> 00:31:40,480
for several reasons uh one reason i

857
00:31:44,549 --> 00:31:42,640
think it is is because in our

858
00:31:45,830 --> 00:31:44,559
experiences with the portal or cubes

859
00:31:47,750 --> 00:31:45,840
that we

860
00:31:50,870 --> 00:31:47,760
we actually were able to dispatch a team

861
00:31:53,190 --> 00:31:50,880
into it you know into this cube

862
00:31:57,029 --> 00:31:53,200
and they disappeared

863
00:31:58,870 --> 00:31:57,039

what yeah they uh they they disappeared

864

00:32:01,350 --> 00:31:58,880

and we're watching them on flear on

865

00:32:03,830 --> 00:32:01,360

thermal and their heat signatures just

866

00:32:05,750 --> 00:32:03,840

completely vanish and so we had an

867

00:32:07,029 --> 00:32:05,760

after-action review or an aar that

868

00:32:08,870 --> 00:32:07,039

evening

869

00:32:10,310 --> 00:32:08,880

and i asked the team members i said you

870

00:32:12,389 --> 00:32:10,320

know what was your experience what was

871

00:32:13,990 --> 00:32:12,399

the experiential nature of your trip

872

00:32:16,310 --> 00:32:14,000

into this you know the remnants of this

873

00:32:17,269 --> 00:32:16,320

boxer cube and they said when they went

874

00:32:19,509 --> 00:32:17,279

in there

875

00:32:20,870 --> 00:32:19,519

they didn't encounter any uh

876

00:32:23,269 --> 00:32:20,880

encumbrances you know there were no

877

00:32:25,669 --> 00:32:23,279

brambles there were no brush bushes

878

00:32:27,430 --> 00:32:25,679

briars branches

879

00:32:28,950 --> 00:32:27,440

you know they just walked into where

880

00:32:30,789 --> 00:32:28,960

this thing was

881

00:32:32,549 --> 00:32:30,799

and they said it was very dark you know

882

00:32:35,029 --> 00:32:32,559

almost like stepping inside of a velvet

883

00:32:36,549 --> 00:32:35,039

bag you know just pitch black and the

884

00:32:38,070 --> 00:32:36,559

temperature had dropped which is

885

00:32:39,909 --> 00:32:38,080

interesting because we picked up the

886

00:32:41,590 --> 00:32:39,919

outline of it on our flea on our

887

00:32:43,590 --> 00:32:41,600

thermals you know we didn't actually see

888

00:32:45,909 --> 00:32:43,600

it with our naked eye we saw the

889

00:32:46,549 --> 00:32:45,919

the thermal images thermal indicators of

890

00:32:48,870 --> 00:32:46,559

it

891

00:32:51,190 --> 00:32:48,880

when they came back out

892

00:32:52,630 --> 00:32:51,200

they did encounter branches and

893

00:32:54,230 --> 00:32:52,640

briars and

894

00:32:56,950 --> 00:32:54,240

brambles and all that weren't there when

895

00:32:59,029 --> 00:32:56,960

they went in so something about that

896

00:33:01,830 --> 00:32:59,039

that geographical location that they

897

00:33:04,230 --> 00:33:01,840

occupied for that period of time had

898

00:33:06,950 --> 00:33:04,240

shifted somehow it shifted

899

00:33:08,789 --> 00:33:06,960

out of our reality just a little bit

900

00:33:10,710 --> 00:33:08,799

just enough to where it was a little bit

901
00:33:11,909 --> 00:33:10,720
colder a little bit darker and didn't

902
00:33:13,909 --> 00:33:11,919
have these uh

903
00:33:15,909 --> 00:33:13,919
these encumbrances going in

904
00:33:20,310 --> 00:33:15,919
so that makes me think at least in our

905
00:33:23,509 --> 00:33:21,990
and perhaps walker ranch colorado ranch

906
00:33:25,590 --> 00:33:23,519
another that we're actually talking

907
00:33:26,549 --> 00:33:25,600
interdimensional

908
00:33:27,350 --> 00:33:26,559
uh

909
00:33:31,509 --> 00:33:27,360
or

910
00:33:34,070 --> 00:33:31,519
multiverse kind of things that they are

911
00:33:35,990 --> 00:33:34,080
portal doorways wormholes whatever you

912
00:33:37,750 --> 00:33:36,000
want to call it that exists between

913
00:33:40,389 --> 00:33:37,760

realities and whatever that other

914

00:33:42,549 --> 00:33:40,399

reality is probably beyond our

915

00:33:44,470 --> 00:33:42,559

ability to conceive it

916

00:33:46,310 --> 00:33:44,480

and so one thing our team has been doing

917

00:33:49,029 --> 00:33:46,320

is looking for uh

918

00:33:50,870 --> 00:33:49,039

indicators or telltale signs uh spikes

919

00:33:52,789 --> 00:33:50,880

and radiation uh

920

00:33:54,389 --> 00:33:52,799

spikes and electromagnetic fields uh

921

00:33:56,630 --> 00:33:54,399

decreases in temperature things like

922

00:33:58,870 --> 00:33:56,640

that and what we're seeing is there's a

923

00:34:00,070 --> 00:33:58,880

temperature indicator or a change in

924

00:34:02,230 --> 00:34:00,080

temperature

925

00:34:03,830 --> 00:34:02,240

and there's tiny radiation spikes is

926
00:34:05,350 --> 00:34:03,840
what we've seen which is also

927
00:34:07,509 --> 00:34:05,360
interesting because they've seen some

928
00:34:09,990 --> 00:34:07,519
tiny radiation spikes also

929
00:34:11,990 --> 00:34:10,000
out in the mental valley here at

930
00:34:13,829 --> 00:34:12,000
skinwalker ranch

931
00:34:16,389 --> 00:34:13,839
all right so let's talk about so this

932
00:34:18,230 --> 00:34:16,399
team goes into

933
00:34:20,230 --> 00:34:18,240
perhaps a portal or whatever it is they

934
00:34:23,109 --> 00:34:20,240
went now you're detecting through

935
00:34:26,710 --> 00:34:23,119
infrared this cube shape

936
00:34:29,589 --> 00:34:26,720
uh possibly portal they go into it

937
00:34:30,790 --> 00:34:29,599
they experience that there's no brush or

938
00:34:31,589 --> 00:34:30,800

anything

939

00:34:33,909 --> 00:34:31,599

uh

940

00:34:35,909 --> 00:34:33,919

no encumbrances maybe a temperature

941

00:34:38,069 --> 00:34:35,919

change or something like that but what

942

00:34:39,669 --> 00:34:38,079

else i mean first of all what was their

943

00:34:41,990 --> 00:34:39,679

state of mind like

944

00:34:44,149 --> 00:34:42,000

when they went in and and

945

00:34:47,109 --> 00:34:44,159

when they disappeared

946

00:34:49,190 --> 00:34:47,119

uh did things around them disappear and

947

00:34:51,190 --> 00:34:49,200

how did they get back

948

00:34:52,710 --> 00:34:51,200

just working out yeah good point they

949

00:34:54,710 --> 00:34:52,720

just walked in and walked out it was

950

00:34:56,950 --> 00:34:54,720

like i said it was very dark

951
00:34:59,670 --> 00:34:56,960
uh so from their perspective they just

952
00:35:03,030 --> 00:34:59,680
walked into an area that appeared to be

953
00:35:03,990 --> 00:35:03,040
dark just very dark uh and a little

954
00:35:06,390 --> 00:35:04,000
colder

955
00:35:08,630 --> 00:35:06,400
didn't you know nothing very

956
00:35:09,829 --> 00:35:08,640
you know strange or spooky

957
00:35:10,950 --> 00:35:09,839
and then they turned around and walked

958
00:35:13,349 --> 00:35:10,960
out

959
00:35:15,510 --> 00:35:13,359
now on our flea we see them walk up to a

960
00:35:17,430 --> 00:35:15,520
almost a line of demarcation

961
00:35:19,030 --> 00:35:17,440
they drop off of our flea equipment no

962
00:35:20,870 --> 00:35:19,040
heat signature and then we see them

963
00:35:22,790 --> 00:35:20,880

coming back out of it

964

00:35:23,670 --> 00:35:22,800

so uh you know from their perspective it

965

00:35:26,390 --> 00:35:23,680

was

966

00:35:28,470 --> 00:35:26,400

you know not too terribly remarkable

967

00:35:31,030 --> 00:35:28,480

but you combine it with the uh the the

968

00:35:33,589 --> 00:35:31,040

footage that we had on our fleer it was

969

00:35:34,550 --> 00:35:33,599

uh as far as i know the only known film

970

00:35:36,310 --> 00:35:34,560

footage

971

00:35:37,670 --> 00:35:36,320

of this kind of phenomena that i'm aware

972

00:35:39,910 --> 00:35:37,680

of

973

00:35:40,870 --> 00:35:39,920

and is this this film footage exists

974

00:35:43,510 --> 00:35:40,880

somewhere

975

00:35:45,589 --> 00:35:43,520

you have this yes absolutely

976

00:35:48,710 --> 00:35:45,599

wow and are you sharing it

977

00:35:51,910 --> 00:35:48,720

uh it has been uh i

978

00:35:53,829 --> 00:35:51,920

have shared it at a few conferences

979

00:35:55,670 --> 00:35:53,839

and i've got some contractual

980

00:35:57,510 --> 00:35:55,680

obligations where i'm not

981

00:35:59,829 --> 00:35:57,520

really able to share it why wide

982

00:36:01,589 --> 00:35:59,839

widespread to the public quite yet

983

00:36:03,990 --> 00:36:01,599

but uh yeah i mean the people that have

984

00:36:06,069 --> 00:36:04,000

seen it uh for example jimmy church has

985

00:36:07,349 --> 00:36:06,079

seen it and he was uh you know just

986

00:36:08,870 --> 00:36:07,359

wowed by it

987

00:36:10,550 --> 00:36:08,880

uh some other folks have seen it i can

988

00:36:13,190 --> 00:36:10,560

send you a link to it

989

00:36:15,190 --> 00:36:13,200

uh here soon i won't share it i

990

00:36:16,470 --> 00:36:15,200

understand what you're talking about

991

00:36:19,670 --> 00:36:16,480

and

992

00:36:21,430 --> 00:36:19,680

it's uh just really unique so uh you

993

00:36:23,349 --> 00:36:21,440

know my background like i said primarily

994

00:36:24,470 --> 00:36:23,359

is a paranormal investigator that's kind

995

00:36:25,510 --> 00:36:24,480

of uh

996

00:36:27,589 --> 00:36:25,520

you know that's kind of where i earned

997

00:36:29,270 --> 00:36:27,599

my spurs if you will and i've since

998

00:36:30,630 --> 00:36:29,280

become a mufon field investigator

999

00:36:32,390 --> 00:36:30,640

another thing but yeah i kind of look at

1000

00:36:33,270 --> 00:36:32,400

things that paranormal

1001

00:36:34,790 --> 00:36:33,280

optic

1002

00:36:37,109 --> 00:36:34,800

so we decided we were going to do

1003

00:36:39,270 --> 00:36:37,119

something called the estes protocol

1004

00:36:41,990 --> 00:36:39,280

there in the meadow

1005

00:36:43,430 --> 00:36:42,000

and uh that's where you take a ghost box

1006

00:36:45,829 --> 00:36:43,440

and i'm sure you and your audience have

1007

00:36:47,589 --> 00:36:45,839

seen those on television you know

1008

00:36:49,349 --> 00:36:47,599

you know throughout the years

1009

00:36:50,790 --> 00:36:49,359

except we take the person and we

1010

00:36:52,710 --> 00:36:50,800

blindfold them

1011

00:36:55,430 --> 00:36:52,720

and we put earmuffs on them and the

1012

00:36:57,589 --> 00:36:55,440

ghost box audio comes into their ear

1013

00:36:59,750 --> 00:36:57,599

muffs and they can't hear anything going

1014

00:37:01,349 --> 00:36:59,760

on outside so they're blindfolded they

1015

00:37:03,670 --> 00:37:01,359

have no relationship to the their

1016

00:37:05,349 --> 00:37:03,680

outside stimuli at all and you ask

1017

00:37:06,870 --> 00:37:05,359

questions and their instructions are

1018

00:37:08,550 --> 00:37:06,880

whatever

1019

00:37:10,069 --> 00:37:08,560

intelligible word they hear come through

1020

00:37:11,670 --> 00:37:10,079

the ghost box they repeat it so if they

1021

00:37:13,349 --> 00:37:11,680

hear rutabaga

1022

00:37:14,950 --> 00:37:13,359

as silly as that sounds they just repeat

1023

00:37:18,230 --> 00:37:14,960

rutabaga

1024

00:37:20,950 --> 00:37:18,240

and uh we did that in the meadow and we

1025

00:37:23,349 --> 00:37:20,960

were able to engage what we feel like

1026
00:37:24,470 --> 00:37:23,359
was a a two-way conversation with an

1027
00:37:28,550 --> 00:37:24,480
entity

1028
00:37:30,310 --> 00:37:28,560
became quite agitated

1029
00:37:32,150 --> 00:37:30,320
when we started really drilling down to

1030
00:37:35,349 --> 00:37:32,160
the phenomenology of the portals you

1031
00:37:37,109 --> 00:37:35,359
know electromagnetic magnetism radiation

1032
00:37:39,430 --> 00:37:37,119
microgravities things like that and i

1033
00:37:41,670 --> 00:37:39,440
can send you the link to that also

1034
00:37:44,230 --> 00:37:41,680
for that video

1035
00:37:46,390 --> 00:37:44,240
wow very very interesting and i

1036
00:37:49,349 --> 00:37:46,400
understand because

1037
00:37:50,550 --> 00:37:49,359
of what we know happened to skinwalker

1038
00:37:52,790 --> 00:37:50,560

ranch

1039

00:37:54,550 --> 00:37:52,800

once a location like this

1040

00:37:56,390 --> 00:37:54,560

is identified

1041

00:37:58,230 --> 00:37:56,400

that they had to have security there

1042

00:38:00,790 --> 00:37:58,240

full time because people from all over

1043

00:38:03,270 --> 00:38:00,800

the country and other parts of the world

1044

00:38:05,829 --> 00:38:03,280

are trying to get into skinwalker ranch

1045

00:38:07,589 --> 00:38:05,839

for themselves constantly so i also

1046

00:38:08,630 --> 00:38:07,599

understand that you're not disclosing

1047

00:38:10,710 --> 00:38:08,640

this

1048

00:38:12,870 --> 00:38:10,720

location for that very purpose and to

1049

00:38:14,470 --> 00:38:12,880

keep things more on the pure side of

1050

00:38:17,990 --> 00:38:14,480

your over your work

1051
00:38:21,109 --> 00:38:18,000
but i have a a a question for you when

1052
00:38:23,109 --> 00:38:21,119
you're getting all this amazing

1053
00:38:25,109 --> 00:38:23,119
information and what i

1054
00:38:26,470 --> 00:38:25,119
sounds like evidence to me

1055
00:38:29,349 --> 00:38:26,480
um

1056
00:38:31,510 --> 00:38:29,359
what about science scientists what about

1057
00:38:33,670 --> 00:38:31,520
contacting them and saying hey look you

1058
00:38:35,589 --> 00:38:33,680
know you want to really study something

1059
00:38:38,150 --> 00:38:35,599
very very unusual

1060
00:38:39,670 --> 00:38:38,160
come study this and uh i know it's it's

1061
00:38:40,710 --> 00:38:39,680
awful hard

1062
00:38:42,470 --> 00:38:40,720
to get

1063
00:38:44,950 --> 00:38:42,480

scientists involved in anything unless

1064

00:38:46,950 --> 00:38:44,960

there's funding and and all that but i

1065

00:38:49,510 --> 00:38:46,960

mean this is this is something

1066

00:38:51,430 --> 00:38:49,520

remarkable sounding to me yeah and that

1067

00:38:53,270 --> 00:38:51,440

that's a good question and and

1068

00:38:55,510 --> 00:38:53,280

you did hit on it funding you know

1069

00:38:56,710 --> 00:38:55,520

they're a scientist especially you know

1070

00:38:58,630 --> 00:38:56,720

one that

1071

00:39:00,470 --> 00:38:58,640

you know receives various grants to do

1072

00:39:02,470 --> 00:39:00,480

research you know they they live on

1073

00:39:03,670 --> 00:39:02,480

grants i mean that's right that's how

1074

00:39:06,069 --> 00:39:03,680

they're paid

1075

00:39:08,230 --> 00:39:06,079

and uh we're self-funded you know we

1076
00:39:09,670 --> 00:39:08,240
receive no grants or you know funding

1077
00:39:11,430 --> 00:39:09,680
from any outside source and we don't

1078
00:39:12,470 --> 00:39:11,440
have a you know benefactor like robert

1079
00:39:14,310 --> 00:39:12,480
bigelow

1080
00:39:16,310 --> 00:39:14,320
you know giving us a blank check hey

1081
00:39:18,870 --> 00:39:16,320
robert if you're hearing i'll give you

1082
00:39:21,670 --> 00:39:18,880
my address to send a blank check

1083
00:39:23,270 --> 00:39:21,680
i'll send you my my paypal uh data

1084
00:39:24,710 --> 00:39:23,280
but uh

1085
00:39:27,190 --> 00:39:24,720
yeah yeah so it's a little difficult now

1086
00:39:29,990 --> 00:39:27,200
we did have a physicist on our team and

1087
00:39:32,550 --> 00:39:30,000
unfortunately he passed away last year

1088
00:39:34,150 --> 00:39:32,560

but he was our hard science guy

1089

00:39:35,990 --> 00:39:34,160

and uh he and i were working on

1090

00:39:37,910 --> 00:39:36,000

developing some experiments that had to

1091

00:39:40,150 --> 00:39:37,920

do with uh

1092

00:39:41,910 --> 00:39:40,160

microgravities and time trying to come

1093

00:39:44,630 --> 00:39:41,920

up with ways that we could develop field

1094

00:39:45,670 --> 00:39:44,640

deployable uh experiments where we could

1095

00:39:50,069 --> 00:39:45,680

measure

1096

00:39:52,790 --> 00:39:50,079

microgravities and small shifts in time

1097

00:39:56,310 --> 00:39:52,800

have you ever thought of contacting the

1098

00:39:58,790 --> 00:39:56,320

scientific coalition for uip studies scu

1099

00:40:01,190 --> 00:39:58,800

i'm a member of scu oh my goodness well

1100

00:40:02,870 --> 00:40:01,200

there goes that so uh that's exactly

1101

00:40:04,710 --> 00:40:02,880

what i was going to uh

1102

00:40:06,390 --> 00:40:04,720

i was going to talk to you about it that

1103

00:40:08,950 --> 00:40:06,400

sounds like a really good

1104

00:40:11,430 --> 00:40:08,960

a place for you to be and uh

1105

00:40:13,109 --> 00:40:11,440

for this to be taken serious and there's

1106

00:40:14,870 --> 00:40:13,119

some really good people involved in that

1107

00:40:16,390 --> 00:40:14,880

group yeah yeah

1108

00:40:17,910 --> 00:40:16,400

yeah that's great i'm glad to hear that

1109

00:40:20,230 --> 00:40:17,920

very glad to hear that there was a

1110

00:40:23,750 --> 00:40:20,240

question in chat i thought was uh pretty

1111

00:40:25,430 --> 00:40:23,760

decent oh yes when they get inside that

1112

00:40:27,030 --> 00:40:25,440

whatever it was that could have been a

1113

00:40:28,950 --> 00:40:27,040

portal or whatever it was and they shine

1114

00:40:30,630 --> 00:40:28,960

their flashlights around

1115

00:40:32,630 --> 00:40:30,640

um did they see anything this is from

1116

00:40:34,390 --> 00:40:32,640

richard thank you richard c yeah well

1117

00:40:36,150 --> 00:40:34,400

richard what it was is when they got in

1118

00:40:39,349 --> 00:40:36,160

there and we were you know running

1119

00:40:41,910 --> 00:40:39,359

headlamps uh in night vision

1120

00:40:42,950 --> 00:40:41,920

is it was just really dark and i know

1121

00:40:52,470 --> 00:40:42,960

you

1122

00:40:55,109 --> 00:40:52,480

like being inside of a black velvet bag

1123

00:40:56,470 --> 00:40:55,119

it was just very very dark

1124

00:40:58,069 --> 00:40:56,480

and uh

1125

00:40:59,349 --> 00:40:58,079

i'm going to use the word oppressive but

1126

00:41:01,589 --> 00:40:59,359

i don't mean that in a negative way it

1127

00:41:03,030 --> 00:41:01,599

was just a very heavy feeling

1128

00:41:05,190 --> 00:41:03,040

but you know that was one thing that

1129

00:41:07,109 --> 00:41:05,200

they remarked as just how dark it was

1130

00:41:09,670 --> 00:41:07,119

you know it was almost like a velvet

1131

00:41:11,670 --> 00:41:09,680

curtain had been dropped around them

1132

00:41:13,270 --> 00:41:11,680

and it was just you know just absolutely

1133

00:41:16,230 --> 00:41:13,280

pitch black

1134

00:41:19,910 --> 00:41:16,240

i wonder you know uh

1135

00:41:21,670 --> 00:41:19,920

i wonder if it's possible that these

1136

00:41:23,910 --> 00:41:21,680

people that went in there were somehow

1137

00:41:25,190 --> 00:41:23,920

observed on another side or another

1138

00:41:27,109 --> 00:41:25,200

dimension

1139

00:41:29,430 --> 00:41:27,119

that's that's uh that's always been kind

1140

00:41:31,109 --> 00:41:29,440

of the weird you know question is you

1141

00:41:32,630 --> 00:41:31,119

know do you have some other group in

1142

00:41:34,150 --> 00:41:32,640

another dimension setting up their

1143

00:41:35,910 --> 00:41:34,160

equipment and saying oh my goodness

1144

00:41:37,670 --> 00:41:35,920

these entities just you know pop out of

1145

00:41:39,270 --> 00:41:37,680

nowhere you know they're getting all

1146

00:41:40,630 --> 00:41:39,280

geeked out and you know now they're on a

1147

00:41:42,230 --> 00:41:40,640

radio show and they're to mention you

1148

00:41:44,150 --> 00:41:42,240

know it's talking about

1149

00:41:45,270 --> 00:41:44,160

you know these these geeky creatures

1150

00:41:47,430 --> 00:41:45,280

that you know popped out of their

1151

00:41:50,069 --> 00:41:47,440

dimension and wandered around and

1152

00:41:52,790 --> 00:41:50,079

and and vanished again yeah right you

1153

00:41:55,349 --> 00:41:52,800

know i had um i had a ufo

1154

00:41:58,870 --> 00:41:55,359

encounter but i also had

1155

00:42:00,950 --> 00:41:58,880

uh before that i had a very weird and i

1156

00:42:02,390 --> 00:42:00,960

was i've always been reluctant to call

1157

00:42:05,190 --> 00:42:02,400

it a ghost

1158

00:42:08,470 --> 00:42:05,200

but i had just plain unexplainable

1159

00:42:11,190 --> 00:42:08,480

things happen in a house

1160

00:42:13,430 --> 00:42:11,200

and i've always thought

1161

00:42:15,190 --> 00:42:13,440

you know is it another could it have

1162

00:42:17,190 --> 00:42:15,200

been something from another dimension or

1163

00:42:19,109 --> 00:42:17,200

something like that you know it just it

1164

00:42:20,630 --> 00:42:19,119

doesn't make any

1165

00:42:22,390 --> 00:42:20,640

any sense you know it was more like a

1166

00:42:23,510 --> 00:42:22,400

poltergeist thing so like a door

1167

00:42:26,069 --> 00:42:23,520

slamming and

1168

00:42:28,470 --> 00:42:26,079

uh that was impossible for it to happen

1169

00:42:31,190 --> 00:42:28,480

and you know things like that well yeah

1170

00:42:32,710 --> 00:42:31,200

oh sorry no no it's just it always makes

1171

00:42:33,910 --> 00:42:32,720

me wonder if

1172

00:42:36,550 --> 00:42:33,920

these things

1173

00:42:38,390 --> 00:42:36,560

you know maybe that would

1174

00:42:39,829 --> 00:42:38,400

clear up a lot of questions about when

1175

00:42:40,950 --> 00:42:39,839

people are saying they're seeing ghosts

1176

00:42:42,870 --> 00:42:40,960

i don't know

1177

00:42:45,910 --> 00:42:42,880

well yeah that's an excellent point

1178

00:42:46,710 --> 00:42:45,920

because uh you know researchers of the

1179

00:42:48,390 --> 00:42:46,720

uh

1180

00:42:50,790 --> 00:42:48,400

the paranormal and i use that as a very

1181

00:42:53,670 --> 00:42:50,800

broader paranormal outside of normal be

1182

00:42:56,710 --> 00:42:53,680

it cryptids ufos ghost or whatever

1183

00:42:58,309 --> 00:42:56,720

they they have a tendency like we all do

1184

00:43:00,710 --> 00:42:58,319

as human beings look at things to our

1185

00:43:03,030 --> 00:43:00,720

particular optics uh one of the things

1186

00:43:05,990 --> 00:43:03,040

that we also have on film are

1187

00:43:08,470 --> 00:43:06,000

heat signatures entities uh about six

1188

00:43:10,470 --> 00:43:08,480

foot tall 24 inches wide

1189

00:43:12,309 --> 00:43:10,480

they would shrink they would get larger

1190

00:43:14,550 --> 00:43:12,319

they would split turn into two entities

1191

00:43:15,750 --> 00:43:14,560

go back into one it was kind of

1192

00:43:19,109 --> 00:43:15,760

kind of weird

1193

00:43:21,430 --> 00:43:19,119

but uh so we're filming this so if i'm a

1194

00:43:24,390 --> 00:43:21,440

ufologist and i'm looking at that i'm

1195

00:43:26,230 --> 00:43:24,400

like well well those are ets you know

1196

00:43:28,150 --> 00:43:26,240

that's or a ghost researcher would look

1197

00:43:29,910 --> 00:43:28,160

at that well yeah those are ghosts

1198

00:43:31,589 --> 00:43:29,920

uh encrypted research would say well

1199

00:43:32,710 --> 00:43:31,599

that must be the heat signature of a

1200

00:43:34,630 --> 00:43:32,720

cryptid

1201
00:43:36,950 --> 00:43:34,640
well how about just saying i don't know

1202
00:43:38,630 --> 00:43:36,960
what the heck it was it was very cool

1203
00:43:41,109 --> 00:43:38,640
and very neat and i'm glad we captured

1204
00:43:43,510 --> 00:43:41,119
it on film and let's just live in the

1205
00:43:45,270 --> 00:43:43,520
experience and accept the data for what

1206
00:43:47,349 --> 00:43:45,280
it is and try to be very careful about

1207
00:43:49,430 --> 00:43:47,359
labeling it so i always wonder you know

1208
00:43:52,069 --> 00:43:49,440
people that have ghost experiences and i

1209
00:43:53,349 --> 00:43:52,079
have had things move around my house

1210
00:43:55,430 --> 00:43:53,359
since i started researching this

1211
00:43:56,470 --> 00:43:55,440
facility or this area

1212
00:43:58,150 --> 00:43:56,480
uh

1213
00:44:00,550 --> 00:43:58,160

maybe they're all facets of the same

1214

00:44:05,190 --> 00:44:00,560

diamond you know maybe they're all

1215

00:44:06,790 --> 00:44:05,200

you know different tracks on the same lp

1216

00:44:10,150 --> 00:44:06,800

very well could be yeah it's it's

1217

00:44:12,550 --> 00:44:10,160

fascinating and you know i mean

1218

00:44:15,349 --> 00:44:12,560

and it's also

1219

00:44:18,390 --> 00:44:15,359

to ponder uh you know the show is

1220

00:44:19,430 --> 00:44:18,400

basically based on ufos but to ponder

1221

00:44:21,829 --> 00:44:19,440

that

1222

00:44:23,910 --> 00:44:21,839

you know perhaps some of these these

1223

00:44:26,550 --> 00:44:23,920

things in our airspace

1224

00:44:28,630 --> 00:44:26,560

are from another dimension possibly and

1225

00:44:31,030 --> 00:44:28,640

maybe perhaps some of them are other

1226
00:44:33,910 --> 00:44:31,040
intelligence from other planets you know

1227
00:44:36,230 --> 00:44:33,920
i mean it's right it's it's uh

1228
00:44:38,550 --> 00:44:36,240
you know it could be a multiple like i i

1229
00:44:40,150 --> 00:44:38,560
think that's what uh jacques valet

1230
00:44:42,790 --> 00:44:40,160
uh claims he thinks it is like a

1231
00:44:44,230 --> 00:44:42,800
multiple of things well jacques valet uh

1232
00:44:47,109 --> 00:44:44,240
brad steiger

1233
00:44:50,069 --> 00:44:47,119
uh john keel you know john keel use the

1234
00:44:51,829 --> 00:44:50,079
term ultra-terrestrials

1235
00:44:54,069 --> 00:44:51,839
i've kind of you know gone one step

1236
00:44:55,109 --> 00:44:54,079
further i call them pair of dimensionals

1237
00:44:57,430 --> 00:44:55,119
you know they're outside of our

1238
00:44:59,190 --> 00:44:57,440

dimension they're para dimensionals

1239

00:45:01,030 --> 00:44:59,200

and i think they're all you know we're

1240

00:45:03,030 --> 00:45:01,040

all looking at you know the like the

1241

00:45:04,309 --> 00:45:03,040

blind men describing elephant one guy

1242

00:45:06,390 --> 00:45:04,319

holds a trunk and says you know it's

1243

00:45:08,150 --> 00:45:06,400

elephants like a snake the other one has

1244

00:45:09,270 --> 00:45:08,160

a leg and say you know it's like a tree

1245

00:45:10,630 --> 00:45:09,280

trunk and the

1246

00:45:12,710 --> 00:45:10,640

other one has the tail and says you know

1247

00:45:14,790 --> 00:45:12,720

it's bristly like a broom they're all

1248

00:45:16,390 --> 00:45:14,800

describing an element elephant albeit

1249

00:45:17,990 --> 00:45:16,400

from different perspectives

1250

00:45:20,470 --> 00:45:18,000

huh how about that that's that's really

1251

00:45:23,109 --> 00:45:20,480

a good way to put it um

1252

00:45:25,910 --> 00:45:23,119

so uh this question here and i believe

1253

00:45:27,670 --> 00:45:25,920

you did say yes uh you have seen the

1254

00:45:30,870 --> 00:45:27,680

question is uh from for sure have you

1255

00:45:32,710 --> 00:45:30,880

seen any weird creatures in the meadow

1256

00:45:33,829 --> 00:45:32,720

yeah absolutely my teammates no i'm

1257

00:45:34,630 --> 00:45:33,839

kidding uh

1258

00:45:40,309 --> 00:45:34,640

yeah

1259

00:45:41,589 --> 00:45:40,319

i know i mean we've seen uh we've seen

1260

00:45:42,950 --> 00:45:41,599

uh

1261

00:45:44,069 --> 00:45:42,960

entities and that's that's what's what

1262

00:45:46,470 --> 00:45:44,079

i'm gonna call them because i don't know

1263

00:45:49,990 --> 00:45:46,480

what they were they were heat signatures

1264

00:45:53,510 --> 00:45:50,000

that seem to be watching us

1265

00:45:57,430 --> 00:45:53,520

we have a flea footage of a large

1266

00:46:02,470 --> 00:45:59,109

creature of some sort which strangely

1267

00:46:04,550 --> 00:46:02,480

enough was colder than its surroundings

1268

00:46:07,190 --> 00:46:04,560

we had a

1269

00:46:09,510 --> 00:46:07,200

white humanoid

1270

00:46:12,550 --> 00:46:09,520

uh bigfoot if you will type creature

1271

00:46:14,630 --> 00:46:12,560

watching our campsite one evening

1272

00:46:15,910 --> 00:46:14,640

we have reports of shadow figures

1273

00:46:17,270 --> 00:46:15,920

running across

1274

00:46:19,829 --> 00:46:17,280

roadways

1275

00:46:21,990 --> 00:46:19,839

several instances of that so absolutely

1276
00:46:23,270 --> 00:46:22,000
we've seen all kinds of weird creatures

1277
00:46:24,470 --> 00:46:23,280
and entities

1278
00:46:27,109 --> 00:46:24,480
and this area

1279
00:46:28,550 --> 00:46:27,119
is just it has a really rich folklore

1280
00:46:29,990 --> 00:46:28,560
you know going back you know years and

1281
00:46:31,430 --> 00:46:30,000
years and years of these kind of

1282
00:46:32,390 --> 00:46:31,440
phenomena

1283
00:46:35,190 --> 00:46:32,400
now

1284
00:46:36,630 --> 00:46:35,200
is uh is do you have like a sort of a

1285
00:46:38,309 --> 00:46:36,640
square mile

1286
00:46:39,270 --> 00:46:38,319
area of where these things are happening

1287
00:46:41,589 --> 00:46:39,280
have you

1288
00:46:43,030 --> 00:46:41,599

decided

1289

00:46:45,589 --> 00:46:43,040

i don't know what that noise was that

1290

00:46:47,990 --> 00:46:45,599

was my somebody trying to call me

1291

00:46:50,230 --> 00:46:48,000

okay like i have you mapped out like you

1292

00:46:52,390 --> 00:46:50,240

said the meadow the field but i mean is

1293

00:46:53,910 --> 00:46:52,400

there things happening without within

1294

00:46:56,630 --> 00:46:53,920

the outside area of this oh yeah

1295

00:46:58,630 --> 00:46:56,640

absolutely the meadow is probably

1296

00:47:01,430 --> 00:46:58,640

four acres

1297

00:47:03,190 --> 00:47:01,440

and so we've even explored you know

1298

00:47:05,670 --> 00:47:03,200

several miles from there

1299

00:47:07,829 --> 00:47:05,680

and have had remarkable bizarre

1300

00:47:10,309 --> 00:47:07,839

experiences happen there there's a lake

1301

00:47:11,990 --> 00:47:10,319

about three miles from there uh that

1302

00:47:15,109 --> 00:47:12,000

when i started really digging down into

1303

00:47:18,230 --> 00:47:15,119

the bfro uh files for cryptids and the

1304

00:47:20,790 --> 00:47:18,240

mufon files for ufos i started finding

1305

00:47:24,470 --> 00:47:20,800

phenomena reported at this lake and we

1306

00:47:27,510 --> 00:47:24,480

videotaped ufos you know at this lake so

1307

00:47:30,150 --> 00:47:27,520

it is a very uh the region is very

1308

00:47:32,230 --> 00:47:30,160

strange very weird and about the first

1309

00:47:34,950 --> 00:47:32,240

25 of my book

1310

00:47:37,670 --> 00:47:34,960

i take it from a macro to a micro i look

1311

00:47:39,990 --> 00:47:37,680

at the the broad multi-state area

1312

00:47:42,150 --> 00:47:40,000

and i bring it into the region then i

1313

00:47:43,910 --> 00:47:42,160

bring it into the counties and i bring

1314

00:47:46,150 --> 00:47:43,920

it into this nature preserve and then i

1315

00:47:48,230 --> 00:47:46,160

drill right down to the meadow so yeah

1316

00:47:51,349 --> 00:47:48,240

there's a plenty of weirdness for

1317

00:47:53,109 --> 00:47:51,359

everybody in this region and it's also a

1318

00:47:55,109 --> 00:47:53,119

kind of a tragic area you know you've

1319

00:47:56,710 --> 00:47:55,119

had murders and

1320

00:47:59,030 --> 00:47:56,720

bodies found

1321

00:48:00,950 --> 00:47:59,040

and uh when i started really researching

1322

00:48:02,870 --> 00:48:00,960

it this is only about 50 miles from one

1323

00:48:05,589 --> 00:48:02,880

about david palladi's missing person

1324

00:48:08,950 --> 00:48:05,599

clusters which is kind of odd too

1325

00:48:09,750 --> 00:48:08,960

right wow how populated is that area and

1326
00:48:12,069 --> 00:48:09,760
like

1327
00:48:13,430 --> 00:48:12,079
from the meadow where is the nearest

1328
00:48:15,270 --> 00:48:13,440
like home

1329
00:48:16,790 --> 00:48:15,280
oh it's uh it's in a huge nature

1330
00:48:17,910 --> 00:48:16,800
preserve you know i mean it's it's

1331
00:48:21,270 --> 00:48:17,920
massive

1332
00:48:22,309 --> 00:48:21,280
so there's not a home within probably 15

1333
00:48:24,950 --> 00:48:22,319
miles

1334
00:48:26,069 --> 00:48:24,960
i see yeah thank goodness

1335
00:48:30,470 --> 00:48:26,079
yeah

1336
00:48:34,470 --> 00:48:30,480
so is

1337
00:48:36,870 --> 00:48:34,480
when you say you're in the scu uh are

1338
00:48:38,870 --> 00:48:36,880

are you in your team

1339

00:48:42,150 --> 00:48:38,880

are there people outside your team that

1340

00:48:43,829 --> 00:48:42,160

you're inviting to come study absolutely

1341

00:48:45,750 --> 00:48:43,839

absolutely uh

1342

00:48:49,270 --> 00:48:45,760

we invite uh

1343

00:48:51,109 --> 00:48:49,280

uh various researchers i had a phd from

1344

00:48:53,670 --> 00:48:51,119

uh mufon

1345

00:48:55,349 --> 00:48:53,680

um that invited to come research with us

1346

00:48:57,430 --> 00:48:55,359

i had uh and i don't know if you're

1347

00:48:58,710 --> 00:48:57,440

familiar with uh matthew delft with uh

1348

00:49:00,790 --> 00:48:58,720

mountain

1349

00:49:03,030 --> 00:49:00,800

crypt's research out of virginia he was

1350

00:49:05,349 --> 00:49:03,040

a guest researcher

1351
00:49:07,109 --> 00:49:05,359
and we do have people come down and

1352
00:49:09,670 --> 00:49:07,119
research with us

1353
00:49:11,270 --> 00:49:09,680
it's not my site it's not my story it's

1354
00:49:13,670 --> 00:49:11,280
the world story and the only thing that

1355
00:49:16,230 --> 00:49:13,680
i ask is

1356
00:49:18,950 --> 00:49:16,240
people sign a nda non-disclosure

1357
00:49:20,150 --> 00:49:18,960
agreement and the only thing that i

1358
00:49:22,630 --> 00:49:20,160
restrict

1359
00:49:24,870 --> 00:49:22,640
is the exact location

1360
00:49:27,510 --> 00:49:24,880
you know is do not give the location

1361
00:49:31,030 --> 00:49:27,520
away because like you alluded to earlier

1362
00:49:33,430 --> 00:49:31,040
with the skinwalker ranch is it got so

1363
00:49:37,190 --> 00:49:33,440

bad they had to hire uh on-site security

1364

00:49:38,710 --> 00:49:37,200

24 7. and that would absolutely ruin any

1365

00:49:40,630 --> 00:49:38,720

future research that we would hope to

1366

00:49:43,109 --> 00:49:40,640

have at this site

1367

00:49:45,030 --> 00:49:43,119

that's right i totally get that

1368

00:49:46,710 --> 00:49:45,040

i did since you mentioned mufon a couple

1369

00:49:49,829 --> 00:49:46,720

of times and that you're a field

1370

00:49:51,750 --> 00:49:49,839

investigator i wanted to announce that

1371

00:49:53,990 --> 00:49:51,760

on november

1372

00:49:55,990 --> 00:49:54,000

i think it's november 5th

1373

00:49:57,589 --> 00:49:56,000

myself and a friend are

1374

00:50:02,630 --> 00:49:57,599

going out to phoenix

1375

00:50:07,270 --> 00:50:05,270

i'm not really sure what happened

1376

00:50:09,910 --> 00:50:07,280

uh i live in a rural area it's probably

1377

00:50:12,549 --> 00:50:09,920

my stinky internet okay all right well

1378

00:50:13,910 --> 00:50:12,559

we're back uh but uh so i'll start again

1379

00:50:17,910 --> 00:50:13,920

november 5th

1380

00:50:19,670 --> 00:50:17,920

uh through the 8th um my friend and i

1381

00:50:20,790 --> 00:50:19,680

are going to

1382

00:50:24,069 --> 00:50:20,800

phoenix and we're going to be in the

1383

00:50:25,589 --> 00:50:24,079

mufon boot camp investigators boot camp

1384

00:50:27,589 --> 00:50:25,599

and i'm actually going to be filming and

1385

00:50:30,630 --> 00:50:27,599

we're going to actually do

1386

00:50:32,390 --> 00:50:30,640

a show from there i think it's uh

1387

00:50:36,470 --> 00:50:32,400

tuesday the

1388

00:50:38,630 --> 00:50:36,480

november we're going to be we're going

1389

00:50:41,030 --> 00:50:38,640

to be doing a show

1390

00:50:43,349 --> 00:50:41,040

uh wright uh from phoenix with the

1391

00:50:45,750 --> 00:50:43,359

phoenix mufon joined by matthew roberts

1392

00:50:47,910 --> 00:50:45,760

who lives there as well a past guest uh

1393

00:50:50,630 --> 00:50:47,920

that had an incredible story he's gonna

1394

00:50:52,309 --> 00:50:50,640

be joining us there as well so uh yeah

1395

00:50:53,510 --> 00:50:52,319

that'll be next month that'll be very

1396

00:50:55,510 --> 00:50:53,520

interesting a lot of fun i'm really

1397

00:50:57,270 --> 00:50:55,520

looking forward to that

1398

00:51:00,470 --> 00:50:57,280

and uh

1399

00:51:01,910 --> 00:51:00,480

so in this area where these things

1400

00:51:04,150 --> 00:51:01,920

happen

1401

00:51:08,230 --> 00:51:04,160

um would you say that

1402

00:51:11,910 --> 00:51:08,240

there's also like the old fashioned ufos

1403

00:51:14,309 --> 00:51:11,920

besides the bach box shaped ones like

1404

00:51:16,710 --> 00:51:14,319

you know discs or triangles or anything

1405

00:51:19,190 --> 00:51:16,720

are those things also cited there yeah

1406

00:51:20,829 --> 00:51:19,200

yeah there's uh there are historical

1407

00:51:24,630 --> 00:51:20,839

sightings of

1408

00:51:26,950 --> 00:51:24,640

a almost like a

1409

00:51:29,430 --> 00:51:26,960

in this area of a a craft made up of

1410

00:51:32,390 --> 00:51:29,440

like various prisms you know like a like

1411

00:51:35,829 --> 00:51:32,400

a crystalline kind of crap craft

1412

00:51:38,069 --> 00:51:35,839

uh there was uh various uh sightings of

1413

00:51:41,430 --> 00:51:38,079

you know anomalous lights you know

1414

00:51:44,470 --> 00:51:41,440

uh you know like a category one sighting

1415

00:51:47,030 --> 00:51:44,480

uh there are quite a few sightings which

1416

00:51:48,230 --> 00:51:47,040

is very odd of flashes and lights in the

1417

00:51:50,069 --> 00:51:48,240

forest

1418

00:51:53,190 --> 00:51:50,079

huh which which i've you know witnessed

1419

00:51:55,109 --> 00:51:53,200

myself uh imagine

1420

00:51:56,549 --> 00:51:55,119

somebody setting off a strobe light you

1421

00:51:58,069 --> 00:51:56,559

know deep in the forest and how it would

1422

00:51:59,990 --> 00:51:58,079

just illuminate you know the forest you

1423

00:52:02,230 --> 00:52:00,000

might not see the source of the strobe

1424

00:52:04,390 --> 00:52:02,240

but you would see the illumination i've

1425

00:52:05,349 --> 00:52:04,400

personally seen that myself

1426

00:52:08,069 --> 00:52:05,359

uh

1427

00:52:09,990 --> 00:52:08,079

seeing lights in the trees you know orbs

1428

00:52:11,750 --> 00:52:10,000

now a ghost person would say those are

1429

00:52:13,750 --> 00:52:11,760

orbs you know or spirit lights a

1430

00:52:15,190 --> 00:52:13,760

ufologist would say those are you know

1431

00:52:17,030 --> 00:52:15,200

ufos

1432

00:52:18,950 --> 00:52:17,040

uh a person who's a focal artist would

1433

00:52:20,230 --> 00:52:18,960

say those are the fey or perhaps fairy

1434

00:52:22,630 --> 00:52:20,240

so you know i think we're looking at the

1435

00:52:24,309 --> 00:52:22,640

same phenomenon so yeah this area

1436

00:52:26,790 --> 00:52:24,319

has a rich history and uh you know

1437

00:52:28,870 --> 00:52:26,800

pretty much all of that kind of stuff

1438

00:52:31,349 --> 00:52:28,880

was there ever that you're aware of was

1439

00:52:33,510 --> 00:52:31,359

there ever any native uh american

1440

00:52:35,430 --> 00:52:33,520

population there yes absolutely

1441

00:52:37,430 --> 00:52:35,440

absolutely and

1442

00:52:39,750 --> 00:52:37,440

and is there any sign of that or is

1443

00:52:41,750 --> 00:52:39,760

there any folklore or anything uh yeah

1444

00:52:43,910 --> 00:52:41,760

there's some folklore a lot of it was

1445

00:52:46,470 --> 00:52:43,920

lost they were unfortunately this area

1446

00:52:48,630 --> 00:52:46,480

is in america's southland and a lot of

1447

00:52:50,710 --> 00:52:48,640

the native american population first

1448

00:52:52,870 --> 00:52:50,720

nations population was forcibly uh

1449

00:52:54,790 --> 00:52:52,880

removed right during the trail of tears

1450

00:52:57,430 --> 00:52:54,800

so right unfortunately a lot of that

1451
00:52:59,589 --> 00:52:57,440
folklore went with them and ended up out

1452
00:53:01,270 --> 00:52:59,599
west so you have to kind of crosswalk

1453
00:53:02,390 --> 00:53:01,280
the folklore back but there are some

1454
00:53:04,470 --> 00:53:02,400
really

1455
00:53:05,910 --> 00:53:04,480
interesting uh folkloric

1456
00:53:08,870 --> 00:53:05,920
uh

1457
00:53:11,510 --> 00:53:08,880
things in this area they talk about the

1458
00:53:14,870 --> 00:53:11,520
the stone coat giants which were giants

1459
00:53:18,390 --> 00:53:14,880
that were impervious to arrows

1460
00:53:21,270 --> 00:53:18,400
much akin to sasquatch uh they there's a

1461
00:53:23,109 --> 00:53:21,280
a particularly nasty uh witch type

1462
00:53:24,549 --> 00:53:23,119
figure folk lord figure called

1463
00:53:27,430 --> 00:53:24,559

spearfinger

1464

00:53:29,190 --> 00:53:27,440

who would eat the liver of travelers and

1465

00:53:32,549 --> 00:53:29,200

kidnap children

1466

00:53:33,430 --> 00:53:32,559

and and compare her to the skinwalker

1467

00:53:36,630 --> 00:53:33,440

uh

1468

00:53:38,069 --> 00:53:36,640

shamans of of the out west so you're you

1469

00:53:40,470 --> 00:53:38,079

see a lot of similarities in the

1470

00:53:41,750 --> 00:53:40,480

folklore also

1471

00:53:42,710 --> 00:53:41,760

and

1472

00:53:44,950 --> 00:53:42,720

all right

1473

00:53:47,750 --> 00:53:44,960

if if it's not if we're not go if you

1474

00:53:48,790 --> 00:53:47,760

don't go down the

1475

00:53:51,349 --> 00:53:48,800

theory

1476

00:53:53,910 --> 00:53:51,359

path that these things are

1477

00:53:54,950 --> 00:53:53,920

i mean these areas are portals

1478

00:53:57,430 --> 00:53:54,960

um

1479

00:54:00,069 --> 00:53:57,440

then it kind of makes you wonder why

1480

00:54:02,069 --> 00:54:00,079

there is such a thing as hot spots

1481

00:54:03,990 --> 00:54:02,079

uh where things happen

1482

00:54:05,030 --> 00:54:04,000

yeah good question i actually sat down

1483

00:54:07,190 --> 00:54:05,040

and had a really interesting

1484

00:54:09,510 --> 00:54:07,200

conversation with uh the res

1485

00:54:11,109 --> 00:54:09,520

researcher james keenan

1486

00:54:13,349 --> 00:54:11,119

and he and i were talking about

1487

00:54:14,950 --> 00:54:13,359

pictographs native american pictographs

1488

00:54:16,069 --> 00:54:14,960

that uh

1489

00:54:19,349 --> 00:54:16,079

have uh

1490

00:54:20,790 --> 00:54:19,359

elements that look like portals or uh

1491

00:54:22,710 --> 00:54:20,800

gateways

1492

00:54:25,510 --> 00:54:22,720

and you start seeing these things all

1493

00:54:28,630 --> 00:54:25,520

throughout uh you know the united states

1494

00:54:31,349 --> 00:54:28,640

and other places the this particular uh

1495

00:54:33,990 --> 00:54:31,359

ideogram you know of a portal what makes

1496

00:54:36,549 --> 00:54:34,000

it interesting is there is a universal

1497

00:54:37,510 --> 00:54:36,559

symbol that's the worldwide and you

1498

00:54:39,829 --> 00:54:37,520

might have heard of it called the

1499

00:54:40,870 --> 00:54:39,839

galactic keyhole which is a keyhole

1500

00:54:43,349 --> 00:54:40,880

shaped

1501

00:54:46,309 --> 00:54:43,359

uh you know type symbol

1502

00:54:49,030 --> 00:54:46,319

that is been found in uh

1503

00:54:52,390 --> 00:54:49,040

in the middle east and various places

1504

00:54:54,390 --> 00:54:52,400

that usually corresponds with a sighting

1505

00:54:57,349 --> 00:54:54,400

or somewhere that has the folklore or

1506

00:55:01,670 --> 00:54:57,359

history of being a portal between worlds

1507

00:55:05,750 --> 00:55:03,589

went out to the meadow and there was a

1508

00:55:07,109 --> 00:55:05,760

particular very tight geographical

1509

00:55:08,870 --> 00:55:07,119

location i'm talking like maybe 10

1510

00:55:11,589 --> 00:55:08,880

square meters but we've had a lot of

1511

00:55:14,309 --> 00:55:11,599

weird stuff happen and lo and behold on

1512

00:55:16,870 --> 00:55:14,319

a small island in a creek

1513

00:55:18,870 --> 00:55:16,880

there was a 12-foot sapling

1514

00:55:21,109 --> 00:55:18,880

that had the top of the sapling bent

1515

00:55:23,510 --> 00:55:21,119

over and secured in an oval almost like

1516

00:55:27,030 --> 00:55:23,520

the top of an ankh or egyptian cross

1517

00:55:27,829 --> 00:55:27,040

which is another symbol for a portal

1518

00:55:29,349 --> 00:55:27,839

and

1519

00:55:30,710 --> 00:55:29,359

we could not figure out how that

1520

00:55:32,230 --> 00:55:30,720

particular

1521

00:55:33,990 --> 00:55:32,240

anomaly

1522

00:55:35,750 --> 00:55:34,000

was done to that sapling you couldn't

1523

00:55:37,270 --> 00:55:35,760

climb up it the sapling was only about

1524

00:55:38,710 --> 00:55:37,280

two inches in diameter it was in the

1525

00:55:41,349 --> 00:55:38,720

middle of a creek you couldn't put a

1526
00:55:42,630 --> 00:55:41,359
ladder up to it so somehow this uh

1527
00:55:45,510 --> 00:55:42,640
strange

1528
00:55:47,190 --> 00:55:45,520
symbol appeared right at a place

1529
00:55:48,390 --> 00:55:47,200
where we've had many strange things and

1530
00:55:51,510 --> 00:55:48,400
i personally

1531
00:55:53,030 --> 00:55:51,520
had an extreme case of disorientation

1532
00:55:54,549 --> 00:55:53,040
to the point where i'm almost might have

1533
00:55:56,069 --> 00:55:54,559
been lost you know it was i might have

1534
00:55:58,630 --> 00:55:56,079
ended up as one of david palladi's

1535
00:55:59,750 --> 00:55:58,640
chapters i got so disoriented

1536
00:56:03,190 --> 00:55:59,760
so uh

1537
00:56:04,390 --> 00:56:03,200
yeah symbols uh portals uh

1538
00:56:06,789 --> 00:56:04,400

you know

1539

00:56:09,750 --> 00:56:06,799

they're all over the place and

1540

00:56:12,630 --> 00:56:09,760

who knows where the next one will be

1541

00:56:13,670 --> 00:56:12,640

right right or or maybe they change from

1542

00:56:16,950 --> 00:56:13,680

one

1543

00:56:19,589 --> 00:56:16,960

locale to another you

1544

00:56:21,510 --> 00:56:19,599

uh this uh this question i think is kind

1545

00:56:23,349 --> 00:56:21,520

of a legitimate one is that your someone

1546

00:56:25,270 --> 00:56:23,359

trying to ring in on your phone there

1547

00:56:26,789 --> 00:56:25,280

yeah i'm getting like tons of messages

1548

00:56:27,589 --> 00:56:26,799

i'll throw it back there

1549

00:56:29,510 --> 00:56:27,599

okay

1550

00:56:31,510 --> 00:56:29,520

uh so mary grace kirby long time

1551

00:56:33,430 --> 00:56:31,520

listener she missed the first part she

1552

00:56:35,430 --> 00:56:33,440

wanted to know where the meadow is i'd

1553

00:56:36,390 --> 00:56:35,440

never even ask you the general location

1554

00:56:37,349 --> 00:56:36,400

because i know you don't want to give

1555

00:56:39,829 --> 00:56:37,359

the pinpoint

1556

00:56:41,910 --> 00:56:39,839

i'll give you the precise location of it

1557

00:56:43,430 --> 00:56:41,920

everybody prepare to take notes

1558

00:56:46,470 --> 00:56:43,440

it

1559

00:56:48,309 --> 00:56:46,480

mason-dixon line

1560

00:56:51,190 --> 00:56:48,319

[Laughter]

1561

00:56:52,549 --> 00:56:51,200

okay yeah all right i know that's it

1562

00:56:53,430 --> 00:56:52,559

yeah i know i

1563

00:57:03,990 --> 00:56:53,440

i

1564

00:57:06,069 --> 00:57:04,000

southland

1565

00:57:07,670 --> 00:57:06,079

uh-huh wow

1566

00:57:09,750 --> 00:57:07,680

well uh

1567

00:57:11,829 --> 00:57:09,760

and i i i do get

1568

00:57:14,150 --> 00:57:11,839

uh i do get why you're not saying the

1569

00:57:16,150 --> 00:57:14,160

exact location i'm not sure why you're

1570

00:57:17,430 --> 00:57:16,160

afraid to say the state but

1571

00:57:18,789 --> 00:57:17,440

um

1572

00:57:21,510 --> 00:57:18,799

to me that wouldn't seem like that would

1573

00:57:23,990 --> 00:57:21,520

really be giving much away but i but i

1574

00:57:26,309 --> 00:57:24,000

i'm gonna of course honor that

1575

00:57:28,950 --> 00:57:26,319

and uh not try to try to squeeze it out

1576

00:57:31,670 --> 00:57:28,960

of you but you yourself have you

1577

00:57:35,510 --> 00:57:31,680

actually camped there overnight

1578

00:57:38,309 --> 00:57:35,520

that's a good question we camped within

1579

00:57:41,109 --> 00:57:38,319

about a quarter of a mile of it and our

1580

00:57:42,789 --> 00:57:41,119

last outing which was in uh july

1581

00:57:44,470 --> 00:57:42,799

we had planned on camping there

1582

00:57:46,309 --> 00:57:44,480

overnight actually putting a team in

1583

00:57:48,549 --> 00:57:46,319

there with their equipment

1584

00:57:50,309 --> 00:57:48,559

and unfortunately the weather was so

1585

00:57:52,069 --> 00:57:50,319

nasty

1586

00:57:54,230 --> 00:57:52,079

and we were not able to put a team in

1587

00:57:55,910 --> 00:57:54,240

the field but that is on our uh is on

1588

00:57:58,230 --> 00:57:55,920

our agenda to actually put a team out

1589

00:57:59,430 --> 00:57:58,240

there overnight uh you know we've had

1590

00:58:01,910 --> 00:57:59,440

some folks experience some pretty

1591

00:58:04,710 --> 00:58:01,920

strange medical stuff

1592

00:58:06,549 --> 00:58:04,720

so there's a you know a bit of uh

1593

00:58:08,390 --> 00:58:06,559

concern about that but we think we have

1594

00:58:10,150 --> 00:58:08,400

the protocols in place

1595

00:58:13,430 --> 00:58:10,160

that would make it reasonably safe for

1596

00:58:15,829 --> 00:58:13,440

our team that's out there camping

1597

00:58:17,990 --> 00:58:15,839

right and i mean how about i don't know

1598

00:58:20,309 --> 00:58:18,000

what the road situation is there but can

1599

00:58:22,630 --> 00:58:20,319

you get a motor home in there safely oh

1600

00:58:24,710 --> 00:58:22,640

no no no no no

1601
00:58:27,030 --> 00:58:24,720
yeah we actually literally all of our

1602
00:58:28,630 --> 00:58:27,040
equipment and gear we have to hike and

1603
00:58:31,750 --> 00:58:28,640
pack it in about a quarter of a mile to

1604
00:58:34,710 --> 00:58:31,760
this site oh oh i see okay

1605
00:58:36,710 --> 00:58:34,720
it would be if you did have funding

1606
00:58:38,549 --> 00:58:36,720
like to say all of a sudden

1607
00:58:40,630 --> 00:58:38,559
uh bigelow happened to be listening to

1608
00:58:42,950 --> 00:58:40,640
this podcast which is probably about a

1609
00:58:45,990 --> 00:58:42,960
two percent chance maybe but just say he

1610
00:58:47,349 --> 00:58:46,000
was or someone pass it along to him and

1611
00:58:50,069 --> 00:58:47,359
he said hey you know i'm really

1612
00:58:51,670 --> 00:58:50,079
interested in what you're doing i'll be

1613
00:58:54,150 --> 00:58:51,680

glad to fund you

1614

00:58:56,549 --> 00:58:54,160

uh but you're going to have to get

1615

00:58:59,430 --> 00:58:56,559

you know some type of uh unit in their

1616

00:59:01,750 --> 00:58:59,440

house you know uh like trailer unit in

1617

00:59:03,510 --> 00:59:01,760

there or something i mean

1618

00:59:05,670 --> 00:59:03,520

anything is possible if you throw enough

1619

00:59:07,349 --> 00:59:05,680

money at it you know something could be

1620

00:59:08,150 --> 00:59:07,359

brought in with a helicopter and drop

1621

00:59:09,270 --> 00:59:08,160

down

1622

00:59:10,950 --> 00:59:09,280

or whatever but you would need

1623

00:59:13,109 --> 00:59:10,960

permissions right i mean do you need

1624

00:59:15,670 --> 00:59:13,119

permissions because this is a public

1625

00:59:18,870 --> 00:59:15,680

land public land yeah so that's where it

1626

00:59:20,870 --> 00:59:18,880

gets really tricky if you're yeah

1627

00:59:22,069 --> 00:59:20,880

and we can't do any destructive testing

1628

00:59:23,670 --> 00:59:22,079

that's you know that's we have to be

1629

00:59:25,109 --> 00:59:23,680

really careful and very respectful of

1630

00:59:27,829 --> 00:59:25,119

that you know we have to be good

1631

00:59:30,390 --> 00:59:27,839

stewards of this unique area

1632

00:59:33,270 --> 00:59:30,400

and so our research has to be uh

1633

00:59:35,430 --> 00:59:33,280

non-invasive non-destructive

1634

00:59:37,750 --> 00:59:35,440

and we have to also understand you know

1635

00:59:39,910 --> 00:59:37,760

albeit we're probably not going to run

1636

00:59:41,510 --> 00:59:39,920

into anybody else out there but it's

1637

00:59:43,349 --> 00:59:41,520

public land it's you know it doesn't

1638

00:59:44,630 --> 00:59:43,359

belong to us so we have to be respectful

1639

00:59:46,069 --> 00:59:44,640

of that

1640

00:59:48,309 --> 00:59:46,079

right yeah i could see where that could

1641

00:59:49,990 --> 00:59:48,319

get really tricky

1642

00:59:53,670 --> 00:59:50,000

um and

1643

00:59:57,829 --> 00:59:56,470

there there's there's no pressure

1644

01:00:00,230 --> 00:59:57,839

on you for

1645

01:00:02,390 --> 01:00:00,240

releasing your videos or anything like

1646

01:00:04,390 --> 01:00:02,400

that i mean there's you haven't heard

1647

01:00:06,549 --> 01:00:04,400

from any branch of the government as far

1648

01:00:08,950 --> 01:00:06,559

as what are you doing out on this land

1649

01:00:11,190 --> 01:00:08,960

uh or anything like that i mean

1650

01:00:11,990 --> 01:00:11,200

no i work for the government

1651

01:00:14,069 --> 01:00:12,000

okay

1652

01:00:16,950 --> 01:00:14,079

yeah i know i've asked myself that so i

1653

01:00:18,950 --> 01:00:16,960

guess no i've no no i'm kidding i mean i

1654

01:00:21,109 --> 01:00:18,960

do work for the government but uh

1655

01:00:22,789 --> 01:00:21,119

you know no not really not really which

1656

01:00:25,670 --> 01:00:22,799

is really uh i'm probably the only

1657

01:00:27,750 --> 01:00:25,680

government guy can that does not say my

1658

01:00:29,270 --> 01:00:27,760

job has had anything to do with ufos

1659

01:00:31,030 --> 01:00:29,280

absolutely nothing at all

1660

01:00:33,030 --> 01:00:31,040

you know not even remotely related to

1661

01:00:35,109 --> 01:00:33,040

that kind of stuff all of this stuff has

1662

01:00:35,910 --> 01:00:35,119

been done uh on my own diamond on my own

1663

01:00:37,910 --> 01:00:35,920

time

1664

01:00:39,589 --> 01:00:37,920

i haven't had anybody too terribly

1665

01:00:41,270 --> 01:00:39,599

interested in it which is uh kind of

1666

01:00:43,510 --> 01:00:41,280

interesting because uh

1667

01:00:45,910 --> 01:00:43,520

you know nids was partially funded by

1668

01:00:47,430 --> 01:00:45,920

you know dia and other agencies

1669

01:00:49,109 --> 01:00:47,440

right

1670

01:00:50,390 --> 01:00:49,119

so you know who knows

1671

01:00:51,750 --> 01:00:50,400

uh

1672

01:00:53,349 --> 01:00:51,760

you know what the future will bring but

1673

01:00:54,950 --> 01:00:53,359

nobody's expressed you know any real

1674

01:00:57,109 --> 01:00:54,960

interest yet

1675

01:00:59,510 --> 01:00:57,119

let's talk about some of the because i

1676

01:01:01,990 --> 01:00:59,520

know you've really looked into this

1677

01:01:04,150 --> 01:01:02,000

some of the other hot spots in this

1678

01:01:06,150 --> 01:01:04,160

country to start with besides you

1679

01:01:08,870 --> 01:01:06,160

mentioned colorado you mentioned

1680

01:01:10,789 --> 01:01:08,880

skinwalker ranch um there are others

1681

01:01:13,109 --> 01:01:10,799

though is that right yeah yeah mesa

1682

01:01:14,950 --> 01:01:13,119

verde is one in colorado

1683

01:01:17,910 --> 01:01:14,960

uh there are some experiments done that

1684

01:01:21,670 --> 01:01:17,920

shows a uh

1685

01:01:23,910 --> 01:01:21,680

a slight uh shift in time

1686

01:01:25,349 --> 01:01:23,920

and i think and i i need to contact the

1687

01:01:27,670 --> 01:01:25,359

scientist that was doing the experiment

1688

01:01:30,230 --> 01:01:27,680

i think it was involving a doppler shift

1689

01:01:32,309 --> 01:01:30,240
of lasers but there was a slight

1690

01:01:34,710 --> 01:01:32,319
difference of time and one point to

1691

01:01:37,990 --> 01:01:34,720
another time ran differently

1692

01:01:39,910 --> 01:01:38,000
that's strange yeah that was weird uh

1693

01:01:41,670 --> 01:01:39,920
you have uh

1694

01:01:43,510 --> 01:01:41,680
you know the the haunted forest in japan

1695

01:01:45,430 --> 01:01:43,520
that has a lot of rich folklore you have

1696

01:01:48,870 --> 01:01:45,440
the uh and i'm going to butcher this

1697

01:01:50,549 --> 01:01:48,880
hai ubaku forest in romania

1698

01:01:52,870 --> 01:01:50,559
uh and i actually had a chance to talk

1699

01:01:53,910 --> 01:01:52,880
to someone that went there and she was

1700

01:01:56,950 --> 01:01:53,920
telling me about some of their

1701

01:01:59,430 --> 01:01:56,960

experiences and it has a lot of the same

1702

01:02:00,390 --> 01:01:59,440

you know weird strange type of phenomena

1703

01:02:04,230 --> 01:02:00,400

too

1704

01:02:07,829 --> 01:02:06,069

are known you know i think if you follow

1705

01:02:09,829 --> 01:02:07,839

the folklore you'll you'll start to find

1706

01:02:11,910 --> 01:02:09,839

them you know if the knowledge hasn't

1707

01:02:14,230 --> 01:02:11,920

been lost throughout the ages

1708

01:02:15,990 --> 01:02:14,240

and so i think uh the cool thing is yeah

1709

01:02:18,069 --> 01:02:16,000

i'm just an average guy i'm nobody

1710

01:02:19,990 --> 01:02:18,079

special i don't have any kind of

1711

01:02:22,390 --> 01:02:20,000

you know tremendous insight i just i'm

1712

01:02:24,870 --> 01:02:22,400

inquisitive and i like to research

1713

01:02:27,029 --> 01:02:24,880

and you know if i can do the research

1714

01:02:30,789 --> 01:02:27,039

and follow the folklore and find one of

1715

01:02:32,390 --> 01:02:30,799

these areas myself

1716

01:02:33,750 --> 01:02:32,400

what's to keep your listeners from doing

1717

01:02:34,789 --> 01:02:33,760

it for themselves

1718

01:02:39,029 --> 01:02:34,799

you know

1719

01:02:40,309 --> 01:02:39,039

phenomena is more prevalent than we

1720

01:02:41,829 --> 01:02:40,319

realize

1721

01:02:43,270 --> 01:02:41,839

and these adventures are just out there

1722

01:02:45,829 --> 01:02:43,280

for the taking

1723

01:02:48,470 --> 01:02:45,839

that's right in in my area you know i'm

1724

01:02:51,270 --> 01:02:48,480

currently down in massachusetts but also

1725

01:02:54,150 --> 01:02:51,280

um live in maine but in this area

1726

01:02:56,630 --> 01:02:54,160

uh here we have the bridgewater triangle

1727

01:02:58,470 --> 01:02:56,640

oh yeah very familiar with it

1728

01:03:00,950 --> 01:02:58,480

yeah a lot of things

1729

01:03:03,430 --> 01:03:00,960

happen there but it's not

1730

01:03:04,630 --> 01:03:03,440

but the only places i've heard of this

1731

01:03:07,430 --> 01:03:04,640

sort of

1732

01:03:09,670 --> 01:03:07,440

possible portal phenomenon are

1733

01:03:12,390 --> 01:03:09,680

only what you're talking about right

1734

01:03:14,230 --> 01:03:12,400

today what you've witnessed and your

1735

01:03:16,230 --> 01:03:14,240

team has witnessed and also the

1736

01:03:17,750 --> 01:03:16,240

skinwalker ranch i can't really think of

1737

01:03:20,230 --> 01:03:17,760

any other place are you familiar with

1738

01:03:22,470 --> 01:03:20,240

any other places that claim there may be

1739

01:03:24,950 --> 01:03:22,480

some type of portal situation uh i've

1740

01:03:27,430 --> 01:03:24,960

heard talk of some in sedona

1741

01:03:29,190 --> 01:03:27,440

ah that's another place where

1742

01:03:31,430 --> 01:03:29,200

yeah a lot of stuff goes on a lot of

1743

01:03:32,789 --> 01:03:31,440

stuff goes on there uh

1744

01:03:34,549 --> 01:03:32,799

you know there's a running joke you know

1745

01:03:36,470 --> 01:03:34,559

the so don't one of the many sedona

1746

01:03:38,230 --> 01:03:36,480

portals is between the car dealership

1747

01:03:39,589 --> 01:03:38,240

and the starbucks you know

1748

01:03:42,710 --> 01:03:39,599

you know

1749

01:03:44,549 --> 01:03:42,720

sedona has a rich history of that so i

1750

01:03:47,029 --> 01:03:44,559

think there are

1751

01:03:48,470 --> 01:03:47,039

you know many of them out there

1752

01:03:51,349 --> 01:03:48,480

and

1753

01:03:52,950 --> 01:03:51,359

i think people just uh

1754

01:03:54,470 --> 01:03:52,960

you know will stumble across them you

1755

01:03:56,710 --> 01:03:54,480

know or if they really start looking at

1756

01:03:58,630 --> 01:03:56,720

some of the uh you know the folklore you

1757

01:03:59,510 --> 01:03:58,640

know they'll find themselves i was uh

1758

01:04:01,349 --> 01:03:59,520

and i

1759

01:04:04,870 --> 01:04:01,359

i cannot remember it off the top of my

1760

01:04:07,910 --> 01:04:04,880

my mind is there was a a place that's a

1761

01:04:10,829 --> 01:04:07,920

a forest near a uh subdivision

1762

01:04:13,109 --> 01:04:10,839

where people have experienced

1763

01:04:14,549 --> 01:04:13,119

strange you know things so if you start

1764

01:04:15,670 --> 01:04:14,559

really digging in and every time

1765

01:04:16,870 --> 01:04:15,680

somebody

1766

01:04:17,829 --> 01:04:16,880

you know reports they were walking

1767

01:04:19,190 --> 01:04:17,839

through the forest and they were

1768

01:04:20,390 --> 01:04:19,200

daydreaming and they don't remember how

1769

01:04:22,390 --> 01:04:20,400

they got to the end of the trail you

1770

01:04:23,829 --> 01:04:22,400

know were they daydreaming or do they

1771

01:04:25,430 --> 01:04:23,839

have missing time because they passed

1772

01:04:26,789 --> 01:04:25,440

through one of these portals so i think

1773

01:04:29,190 --> 01:04:26,799

it actually might be a bit more common

1774

01:04:32,470 --> 01:04:29,200

than we think

1775

01:04:34,069 --> 01:04:32,480

well that's interesting um we have this

1776

01:04:36,309 --> 01:04:34,079

question up here

1777

01:04:39,349 --> 01:04:36,319

um from jay allen he just wanted to know

1778

01:04:41,029 --> 01:04:39,359

if you ever had any experiences

1779

01:04:42,950 --> 01:04:41,039

during your uf

1780

01:04:45,109 --> 01:04:42,960

us air force time

1781

01:04:47,510 --> 01:04:45,119

like some of us have in other words uh

1782

01:04:48,870 --> 01:04:47,520

he must have had some type of experience

1783

01:04:50,789 --> 01:04:48,880

don't call me an air force guy i'm an

1784

01:04:53,190 --> 01:04:50,799

army guy no i'm kidding

1785

01:04:54,870 --> 01:04:53,200

yeah i am an army oh no no actually you

1786

01:04:57,589 --> 01:04:54,880

know my my my

1787

01:05:00,230 --> 01:04:57,599

official you know official life

1788

01:05:02,549 --> 01:05:00,240

no no it's been remote mostly i'm a

1789

01:05:04,950 --> 01:05:02,559

paper pusher an administrator

1790

01:05:07,270 --> 01:05:04,960

uh so you know all my really cool stuff

1791

01:05:09,029 --> 01:05:07,280

has happened to extracurricular

1792

01:05:10,309 --> 01:05:09,039

that's a great question though

1793

01:05:12,069 --> 01:05:10,319

yeah yeah

1794

01:05:14,630 --> 01:05:12,079

and uh

1795

01:05:17,270 --> 01:05:14,640

i i don't think i've ever asked you or

1796

01:05:19,510 --> 01:05:17,280

did you mention how you kept this

1797

01:05:21,109 --> 01:05:19,520

interest in particular

1798

01:05:23,270 --> 01:05:21,119

to start researching

1799

01:05:25,190 --> 01:05:23,280

yeah yeah we uh uh like i said i was

1800

01:05:26,710 --> 01:05:25,200

exposed to it you know as a young young

1801

01:05:28,710 --> 01:05:26,720

guy back in the 70s watching these

1802

01:05:29,910 --> 01:05:28,720

various tv shows

1803

01:05:32,069 --> 01:05:29,920

and uh

1804

01:05:33,270 --> 01:05:32,079

i just uh you know one of the really

1805

01:05:34,710 --> 01:05:33,280

cool things

1806

01:05:36,549 --> 01:05:34,720

that happened when i was younger is my

1807

01:05:37,670 --> 01:05:36,559

dad who traveled

1808

01:05:39,750 --> 01:05:37,680

all over the country doing our

1809

01:05:41,430 --> 01:05:39,760

construction projects

1810

01:05:42,789 --> 01:05:41,440

was listening to a late night radio show

1811

01:05:44,549 --> 01:05:42,799

and there was a gentleman talking about

1812

01:05:45,990 --> 01:05:44,559

his new book and the gentleman was named

1813

01:05:48,710 --> 01:05:46,000

brad steiger

1814

01:05:50,470 --> 01:05:48,720

yeah and brad was talking about his new

1815

01:05:52,470 --> 01:05:50,480

book the gods of aquarius

1816

01:05:53,910 --> 01:05:52,480

and it intrigued my father so he bought

1817

01:05:56,150 --> 01:05:53,920

the book you know back then there was no

1818

01:05:57,670 --> 01:05:56,160

amazon so he went to the bookstore and

1819

01:05:59,029 --> 01:05:57,680

ordered it and it finally came in and he

1820

01:06:00,870 --> 01:05:59,039

read it

1821

01:06:02,870 --> 01:06:00,880

and uh you know just being the weird

1822

01:06:05,029 --> 01:06:02,880

little maladaptive sponge that i was as

1823

01:06:06,630 --> 01:06:05,039

a youth i i read the book

1824

01:06:09,670 --> 01:06:06,640

and uh you know some of the stuff that

1825

01:06:11,910 --> 01:06:09,680

mr steiger talked about in there was the

1826

01:06:13,270 --> 01:06:11,920

the multifaceted aspect of anomalous

1827

01:06:16,789 --> 01:06:13,280

phenomena and he talked about you know

1828

01:06:18,390 --> 01:06:16,799

ufos and the the uh the tall whites you

1829

01:06:20,390 --> 01:06:18,400

know he didn't use that term but the

1830

01:06:21,589 --> 01:06:20,400

nordics and he talked about uh

1831

01:06:23,910 --> 01:06:21,599

you know uh

1832

01:06:25,829 --> 01:06:23,920

sasquatches and ufos and you know

1833

01:06:27,589 --> 01:06:25,839

angelic apparitions and marion

1834

01:06:29,829 --> 01:06:27,599

apparitions and all of this but he

1835

01:06:31,270 --> 01:06:29,839

looked at them all through the same lens

1836

01:06:32,870 --> 01:06:31,280

so i thought you know that's really kind

1837

01:06:35,349 --> 01:06:32,880

of cool you know that he's looking at

1838

01:06:37,109 --> 01:06:35,359

these various phenomena as maybe part of

1839

01:06:39,109 --> 01:06:37,119

a greater hole you know a gestalt where

1840

01:06:41,190 --> 01:06:39,119

the the hole is greater than the sum of

1841

01:06:43,750 --> 01:06:41,200

its parts so that you know that kind of

1842

01:06:44,950 --> 01:06:43,760

uh kind of primed the pump if you will

1843

01:06:48,470 --> 01:06:44,960

for my interest in this kind of

1844

01:06:51,190 --> 01:06:48,480

phenomena right uh brad was a very nice

1845

01:06:53,829 --> 01:06:51,200

man i got the chance to interview him

1846

01:06:56,950 --> 01:06:53,839

um about a year before he passed away

1847

01:06:58,789 --> 01:06:56,960

and uh uh what a what an amazing guy he

1848

01:07:00,390 --> 01:06:58,799

was how many books i forget i can't

1849

01:07:02,309 --> 01:07:00,400

remember how he told me it was

1850

01:07:04,390 --> 01:07:02,319

ridiculous like hundreds or something

1851
01:07:06,230 --> 01:07:04,400
yeah yeah it's quite amazing we're going

1852
01:07:09,349 --> 01:07:06,240
to go into a break and i'm going to

1853
01:07:11,270 --> 01:07:09,359
share my friends uh my friend's

1854
01:07:13,190 --> 01:07:11,280
song that he sent to me i think he sent

1855
01:07:16,309 --> 01:07:13,200
it to me yesterday but i had had

1856
01:07:19,270 --> 01:07:16,319
listened to it prior but uh anyway uh

1857
01:07:21,990 --> 01:07:19,280
this is about roswell and my friend's

1858
01:07:34,950 --> 01:07:22,000
name is mark stanley we'll be right back

1859
01:07:57,190 --> 01:07:53,670
[Music]

1860
01:08:00,390 --> 01:07:57,200
when the sun came up that day

1861
01:08:06,470 --> 01:08:00,400
pieces of some machine

1862
01:08:06,480 --> 01:08:12,430
and out of the sky

1863
01:08:12,440 --> 01:08:16,789

[Music]

1864

01:08:16,799 --> 01:08:21,750

out of the sky it fell

1865

01:08:28,229 --> 01:08:25,110

[Music]

1866

01:08:31,749 --> 01:08:28,239

and in the desert wind

1867

01:08:34,789 --> 01:08:31,759

as if it had never been

1868

01:08:38,390 --> 01:08:34,799

carried off somewhere

1869

01:08:44,309 --> 01:08:40,709

left behind

1870

01:08:47,110 --> 01:08:44,319

for anyone to find

1871

01:08:50,250 --> 01:08:47,120

not a single trace

1872

01:09:02,080 --> 01:08:50,260

left from this time and place

1873

01:09:12,390 --> 01:09:03,590

[Music]

1874

01:09:18,309 --> 01:09:15,639

and the secrets that they keep

1875

01:09:23,269 --> 01:09:18,319

[Music]

1876
01:09:29,910 --> 01:09:25,630
it was 60

1877
01:09:29,920 --> 01:09:37,280
still there's so much

1878
01:09:48,920 --> 01:09:46,470
[Music]

1879
01:09:52,870 --> 01:09:48,930
out of the

1880
01:09:58,580 --> 01:09:56,630
but don't ever tell

1881
01:10:06,709 --> 01:09:58,590
out of the sky

1882
01:10:50,310 --> 01:10:09,520
is

1883
01:10:55,830 --> 01:10:53,030
that's a great song by mark stanley uh

1884
01:11:00,470 --> 01:10:55,840
so i'm back and i'm with my guest trey

1885
01:11:04,950 --> 01:11:02,149
uh let's see we got you i got your mute

1886
01:11:06,550 --> 01:11:04,960
my your my commuter sorry about that so

1887
01:11:08,870 --> 01:11:06,560
uh one of the things

1888
01:11:11,270 --> 01:11:08,880

you know i was thinking about was uh the

1889

01:11:12,790 --> 01:11:11,280

rendelsham forest i mean so

1890

01:11:15,750 --> 01:11:12,800

you know we we talk

1891

01:11:18,070 --> 01:11:15,760

about the rendelshin force incident

1892

01:11:20,790 --> 01:11:18,080

but we don't talk about the other things

1893

01:11:23,669 --> 01:11:20,800

uh for instance uh there's still stuff

1894

01:11:25,910 --> 01:11:23,679

going on today from accounts of people i

1895

01:11:27,830 --> 01:11:25,920

i have someone i communicate with in

1896

01:11:29,350 --> 01:11:27,840

australia they're friends with someone

1897

01:11:31,510 --> 01:11:29,360

in that area and they're saying there's

1898

01:11:34,310 --> 01:11:31,520

crazy stuff going on there

1899

01:11:37,830 --> 01:11:34,320

even now we're talking cryptids

1900

01:11:40,149 --> 01:11:37,840

we're talking ufos and

1901

01:11:41,350 --> 01:11:40,159

bizarre stuff and speaking of that you

1902

01:11:43,750 --> 01:11:41,360

mentioned you

1903

01:11:45,590 --> 01:11:43,760

were an eagle scout so was uh colonel

1904

01:11:47,830 --> 01:11:45,600

charles hull um

1905

01:11:48,630 --> 01:11:47,840

you know and and that that really kind

1906

01:11:49,590 --> 01:11:48,640

of

1907

01:11:51,270 --> 01:11:49,600

to me

1908

01:11:53,750 --> 01:11:51,280

uh a lot of people don't really

1909

01:11:57,110 --> 01:11:53,760

understand what an eagle scout is but

1910

01:11:59,110 --> 01:11:57,120

it's you it's a major thing and you have

1911

01:11:59,990 --> 01:11:59,120

to be so dedicated you have to live and

1912

01:12:03,350 --> 01:12:00,000

breathe

1913

01:12:05,590 --> 01:12:03,360

and it's disciplinary to the max and i

1914

01:12:09,590 --> 01:12:05,600

think that kind of sets you up for the

1915

01:12:11,750 --> 01:12:09,600

rest of your life and what you do right

1916

01:12:13,350 --> 01:12:11,760

as far as you know yeah you know you've

1917

01:12:15,750 --> 01:12:13,360

got to be

1918

01:12:17,669 --> 01:12:15,760

go ahead sorry oh sorry yeah yeah it's

1919

01:12:19,910 --> 01:12:17,679

uh you know it's a discipline thing it's

1920

01:12:21,110 --> 01:12:19,920

a focus attention to detail that kind of

1921

01:12:23,110 --> 01:12:21,120

thing uh

1922

01:12:25,270 --> 01:12:23,120

so that's you know not only is the way

1923

01:12:26,950 --> 01:12:25,280

up the way i look at things uh

1924

01:12:28,790 --> 01:12:26,960

you know research-wise professionally

1925

01:12:30,470 --> 01:12:28,800

you know i'm in a type of job where it's

1926

01:12:32,709 --> 01:12:30,480

very detail-oriented

1927

01:12:34,790 --> 01:12:32,719

and uh when you go and you read uh you

1928

01:12:36,229 --> 01:12:34,800

read the book i've had some people say

1929

01:12:38,070 --> 01:12:36,239

well you know reads like a government

1930

01:12:40,310 --> 01:12:38,080

report well yeah i'm a government guy

1931

01:12:42,149 --> 01:12:40,320

that's how i write i'm sorry but it's

1932

01:12:45,750 --> 01:12:42,159

you know it's very matter of fact

1933

01:12:47,510 --> 01:12:45,760

and i you know i don't want you to

1934

01:12:49,510 --> 01:12:47,520

the reader

1935

01:12:51,669 --> 01:12:49,520

to be bullied into any kind of

1936

01:12:54,950 --> 01:12:51,679

perception you just read what happened

1937

01:13:00,709 --> 01:12:54,960

and make up your own mind you know

1938

01:13:04,390 --> 01:13:02,390

for what it is the officer being an

1939

01:13:06,550 --> 01:13:04,400

intelligence guy all of that just kind

1940

01:13:09,110 --> 01:13:06,560

of you know set the stage for me to be

1941

01:13:11,189 --> 01:13:09,120

able to capture uh and articulate and

1942

01:13:12,470 --> 01:13:11,199

eventually report some of these amazing

1943

01:13:15,590 --> 01:13:12,480

happenings

1944

01:13:16,350 --> 01:13:15,600

now speaking of your government job has

1945

01:13:18,630 --> 01:13:16,360

this

1946

01:13:19,750 --> 01:13:18,640

extracurricular activity of yours ever

1947

01:13:21,990 --> 01:13:19,760

affected

1948

01:13:24,950 --> 01:13:22,000

uh what you do

1949

01:13:29,189 --> 01:13:24,960

absolutely not uh actually

1950

01:13:32,310 --> 01:13:30,630

just say other agencies that's all i'm

1951

01:13:34,149 --> 01:13:32,320

gonna say is i work with other agencies

1952

01:13:36,310 --> 01:13:34,159

and i was talking with an agent from one

1953

01:13:37,990 --> 01:13:36,320

of those other agencies and

1954

01:13:39,189 --> 01:13:38,000

he's like oh wow that's fascinating so

1955

01:13:41,669 --> 01:13:39,199

he bought a copy of the book to be

1956

01:13:43,110 --> 01:13:41,679

autographed so uh yeah no it's uh just

1957

01:13:44,550 --> 01:13:43,120

other than people thinking it's kind of

1958

01:13:46,870 --> 01:13:44,560

interesting and cool

1959

01:13:48,229 --> 01:13:46,880

and it hasn't impacted my job at all you

1960

01:13:51,110 --> 01:13:48,239

know i still have my clearance and all

1961

01:13:53,110 --> 01:13:51,120

of that so it's all it's all good yeah

1962

01:13:54,709 --> 01:13:53,120

yeah and you know

1963

01:13:56,950 --> 01:13:54,719

i guess

1964

01:13:59,270 --> 01:13:56,960

this would probably kind of be a fitting

1965

01:14:02,470 --> 01:13:59,280

question how do you feel

1966

01:14:04,229 --> 01:14:02,480

how the government has handled

1967

01:14:05,750 --> 01:14:04,239

the ufo topic

1968

01:14:07,990 --> 01:14:05,760

that's a good question that's a fair

1969

01:14:09,430 --> 01:14:08,000

question uh

1970

01:14:10,390 --> 01:14:09,440

is

1971

01:14:12,470 --> 01:14:10,400

you know

1972

01:14:14,630 --> 01:14:12,480

part of my training has been how do you

1973

01:14:15,990 --> 01:14:14,640

handle maintain

1974

01:14:17,830 --> 01:14:16,000

and disseminate

1975

01:14:23,030 --> 01:14:17,840

classified or secured information you

1976

01:14:25,830 --> 01:14:24,950

have to be kept secret one thing that a

1977

01:14:27,510 --> 01:14:25,840

lot of people are under the

1978

01:14:29,110 --> 01:14:27,520

misconception

1979

01:14:31,189 --> 01:14:29,120

that the government can't keep a secret

1980

01:14:33,350 --> 01:14:31,199

the government can keep a secret for a

1981

01:14:34,870 --> 01:14:33,360

very very long time you know they've got

1982

01:14:37,350 --> 01:14:34,880

professional people and that's all they

1983

01:14:39,830 --> 01:14:37,360

do is maintain these secrets

1984

01:14:42,030 --> 01:14:39,840

uh i think that

1985

01:14:44,390 --> 01:14:42,040

for whatever reason the the

1986

01:14:47,270 --> 01:14:44,400

scientific worlds act world has taken

1987

01:14:49,590 --> 01:14:47,280

the whole idea of uaps and has pushed

1988

01:14:50,709 --> 01:14:49,600

them over the side in general there are

1989

01:14:53,669 --> 01:14:50,719

some very

1990

01:14:54,950 --> 01:14:53,679

specific uh agencies and groups that

1991

01:14:55,750 --> 01:14:54,960

looked into some of the more fringe

1992

01:14:57,030 --> 01:14:55,760

stuff

1993

01:14:58,790 --> 01:14:57,040

one of the things that comes to mind is

1994

01:15:01,590 --> 01:14:58,800

the us army intelligence and security

1995

01:15:02,950 --> 01:15:01,600

command back in the 80s uh funding

1996

01:15:04,550 --> 01:15:02,960

remote viewing research through the

1997

01:15:06,310 --> 01:15:04,560

stanford research institute so you know

1998

01:15:07,750 --> 01:15:06,320

there are some elements in the

1999

01:15:10,950 --> 01:15:07,760

government that are kind of you know

2000

01:15:13,030 --> 01:15:10,960

kind of digging this kind of weirdness

2001

01:15:14,790 --> 01:15:13,040

but i think for the most part

2002

01:15:16,550 --> 01:15:14,800

your hard scientists especially in the

2003

01:15:18,790 --> 01:15:16,560

areas of aeronautical engineering

2004

01:15:20,870 --> 01:15:18,800

aeronautical research push uaps over to

2005

01:15:22,229 --> 01:15:20,880

the side

2006

01:15:24,630 --> 01:15:22,239

so turn the page

2007

01:15:26,550 --> 01:15:24,640

it has become so

2008

01:15:28,630 --> 01:15:26,560

obvious

2009

01:15:30,550 --> 01:15:28,640

especially in this this information age

2010

01:15:32,790 --> 01:15:30,560

of the 21st century that this this type

2011

01:15:34,870 --> 01:15:32,800

of information cannot be

2012

01:15:37,030 --> 01:15:34,880

uh pooh-poohed anymore you know look at

2013

01:15:39,590 --> 01:15:37,040

the uh the the gimbal in the go fast

2014

01:15:42,630 --> 01:15:39,600

videos you know those are some of the

2015

01:15:44,870 --> 01:15:42,640

most advanced airframes

2016

01:15:47,750 --> 01:15:44,880

in the sky you know f-18 hornets

2017

01:15:51,110 --> 01:15:47,760

you have naval aviators who themselves

2018

01:15:52,709 --> 01:15:51,120

are aeronautical engineers

2019

01:15:54,550 --> 01:15:52,719

these airframes are equipped with some

2020

01:15:57,110 --> 01:15:54,560

of the most sophisticated

2021

01:15:58,149 --> 01:15:57,120

targeting acquisition and detection

2022

01:16:00,390 --> 01:15:58,159

equipment

2023

01:16:03,990 --> 01:16:00,400

you know be it flir radar or whatever

2024

01:16:06,870 --> 01:16:04,000

and so here we have the absolute best

2025

01:16:08,950 --> 01:16:06,880

publicly released uh video

2026

01:16:10,709 --> 01:16:08,960

and evidence of uaps

2027

01:16:12,470 --> 01:16:10,719

and i just think it's developed enough

2028

01:16:14,310 --> 01:16:12,480

inertia over the years that they can't

2029

01:16:16,310 --> 01:16:14,320

deny it anymore

2030

01:16:18,709 --> 01:16:16,320

and uh you know people are demanding are

2031

01:16:21,590 --> 01:16:18,719

these things a

2032

01:16:23,189 --> 01:16:21,600

you know from a near pier you know be a

2033

01:16:24,709 --> 01:16:23,199

china russia and whomever are they

2034

01:16:28,229 --> 01:16:24,719

terrestrial

2035

01:16:29,830 --> 01:16:28,239

are they you know we don't know what

2036

01:16:31,669 --> 01:16:29,840

they are you know are they dangerous you

2037

01:16:33,270 --> 01:16:31,679

know can we defend against them

2038

01:16:35,910 --> 01:16:33,280

and so i think we're starting to see a

2039

01:16:38,470 --> 01:16:35,920

very slow drip drip drip of disclosure

2040

01:16:40,310 --> 01:16:38,480

which i think is a very positive thing

2041

01:16:42,310 --> 01:16:40,320

and for whatever reason the people that

2042

01:16:43,510 --> 01:16:42,320

hold this information are metering it

2043

01:16:44,870 --> 01:16:43,520

out

2044

01:16:47,510 --> 01:16:44,880

very

2045

01:16:52,149 --> 01:16:49,270

people that are read into some of these

2046

01:16:54,070 --> 01:16:52,159

areas they sign very very tight binding

2047

01:16:56,229 --> 01:16:54,080

non-disclosure agreements

2048

01:16:57,350 --> 01:16:56,239

so some of the people that are coming

2049

01:16:59,270 --> 01:16:57,360

out of that world and i'm not going to

2050

01:17:00,470 --> 01:16:59,280

name names that are now discussing this

2051

01:17:01,669 --> 01:17:00,480

stuff

2052

01:17:04,229 --> 01:17:01,679

i've got to think that they've been

2053

01:17:06,070 --> 01:17:04,239

given authorization to discuss it you

2054

01:17:08,149 --> 01:17:06,080

know to to start

2055

01:17:09,350 --> 01:17:08,159

you know needling out little bits of

2056

01:17:12,310 --> 01:17:09,360

information

2057

01:17:14,870 --> 01:17:12,320

uh so i think it's a great time to be

2058

01:17:16,149 --> 01:17:14,880

alive in the area of ufo research uh

2059

01:17:18,630 --> 01:17:16,159

quite frankly i never thought i'd see it

2060

01:17:19,430 --> 01:17:18,640

in my lifetime you know yeah

2061

01:17:21,350 --> 01:17:19,440

so

2062

01:17:24,070 --> 01:17:21,360

i think it's kind of cool kind of groovy

2063

01:17:25,990 --> 01:17:24,080

yeah i mean for this to happen

2064

01:17:28,390 --> 01:17:26,000

while i'm doing this show

2065

01:17:30,709 --> 01:17:28,400

has been really uh quite amazing to see

2066

01:17:32,790 --> 01:17:30,719

the change you know in the last three

2067

01:17:36,390 --> 01:17:32,800

three or four years and

2068

01:17:39,750 --> 01:17:36,400

uh and i've also that being said uh you

2069

01:17:42,950 --> 01:17:39,760

know the audience has grown quite a bit

2070

01:17:44,709 --> 01:17:42,960

and uh and which is really nice and

2071

01:17:46,390 --> 01:17:44,719

what's really nice is there's a lot of

2072

01:17:49,189 --> 01:17:46,400

new people looking

2073

01:17:52,470 --> 01:17:49,199

into that and because of that

2074

01:17:54,630 --> 01:17:52,480

um it will i think it's will kind of get

2075

01:17:56,470 --> 01:17:54,640

into a snowball effect

2076

01:18:03,110 --> 01:17:56,480

of uh you know

2077

01:18:05,590 --> 01:18:03,990

and

2078

01:18:08,070 --> 01:18:05,600

right yeah you mentioned uh rich hoffman

2079

01:18:10,630 --> 01:18:08,080

you know and scu you're very serious

2080

01:18:12,790 --> 01:18:10,640

people you're very serious doing

2081

01:18:14,070 --> 01:18:12,800

absolute yeoman's work you know on some

2082

01:18:16,149 --> 01:18:14,080

of these incidents

2083

01:18:19,750 --> 01:18:16,159

and you know people are starting to take

2084

01:18:21,590 --> 01:18:19,760

this very serious now and it's not uh

2085

01:18:23,030 --> 01:18:21,600

you know it's not the fringe anymore you

2086

01:18:25,189 --> 01:18:23,040

know it's not

2087

01:18:27,189 --> 01:18:25,199

uh you know and i'm not i'm not

2088

01:18:28,950 --> 01:18:27,199

demeaning anybody but it's not the

2089

01:18:30,229 --> 01:18:28,960

person saying i was beamed up to zeta

2090

01:18:31,750 --> 01:18:30,239

reticuli

2091

01:18:33,910 --> 01:18:31,760

and you know and was taken aboard the

2092

01:18:35,830 --> 01:18:33,920

galactic federation mothership you know

2093

01:18:37,350 --> 01:18:35,840

and and then these people give their

2094

01:18:40,070 --> 01:18:37,360

story and they're you know they're

2095

01:18:41,990 --> 01:18:40,080

pooh-poohed and ridiculed you know uh it

2096

01:18:43,430 --> 01:18:42,000

we're past that now we're

2097

01:18:44,229 --> 01:18:43,440

we're actually starting to look at this

2098

01:18:45,910 --> 01:18:44,239

stuff

2099

01:18:48,870 --> 01:18:45,920

very seriously and people that have

2100

01:18:51,669 --> 01:18:48,880

these amazing experiences and encounters

2101
01:18:53,110 --> 01:18:51,679
are uh are really being looked at in a

2102
01:18:56,310 --> 01:18:53,120
more

2103
01:18:57,990 --> 01:18:56,320
respectful thank god you know way and

2104
01:19:00,070 --> 01:18:58,000
those of us that have been researching

2105
01:19:02,470 --> 01:19:00,080
this stuff are are taken a bit more

2106
01:19:04,310 --> 01:19:02,480
serious now you know where uh a real

2107
01:19:06,070 --> 01:19:04,320
bellwether for me personally is there

2108
01:19:08,470 --> 01:19:06,080
was a gentleman who was an engineer and

2109
01:19:10,550 --> 01:19:08,480
a scientist that i have a lot of respect

2110
01:19:12,310 --> 01:19:10,560
at work worked in another department

2111
01:19:13,590 --> 01:19:12,320
and he came over over to my office one

2112
01:19:15,669 --> 01:19:13,600
day and he said trey would you would you

2113
01:19:17,110 --> 01:19:15,679

mind stepping outside

2114

01:19:19,990 --> 01:19:17,120

i want to talk to something you know

2115

01:19:21,590 --> 01:19:20,000

talk talk about you with something

2116

01:19:23,350 --> 01:19:21,600

and we stepped outside and went to a

2117

01:19:24,229 --> 01:19:23,360

gazebo adjacent to my building where i

2118

01:19:26,390 --> 01:19:24,239

work

2119

01:19:27,350 --> 01:19:26,400

and he said talk to me about this ufo

2120

01:19:29,270 --> 01:19:27,360

stuff

2121

01:19:31,030 --> 01:19:29,280

he goes you know i'm a scientist and i

2122

01:19:32,790 --> 01:19:31,040

don't know what to think about it what's

2123

01:19:34,709 --> 01:19:32,800

your perception

2124

01:19:36,070 --> 01:19:34,719

and uh so you know he and i talked about

2125

01:19:37,189 --> 01:19:36,080

it and i laid out kind of like what i

2126

01:19:38,790 --> 01:19:37,199

did you know with

2127

01:19:40,630 --> 01:19:38,800

you know the go fast the gimbal you know

2128

01:19:42,630 --> 01:19:40,640

the tic tac videos and you know what

2129

01:19:45,189 --> 01:19:42,640

they meant and i said

2130

01:19:47,830 --> 01:19:45,199

only a fool

2131

01:19:52,550 --> 01:19:47,840

would deny that we have

2132

01:19:53,830 --> 01:19:52,560

some sort of craft you know traveling at

2133

01:19:55,669 --> 01:19:53,840

incredible speeds moving in

2134

01:19:58,149 --> 01:19:55,679

non-ballistic ways

2135

01:19:59,669 --> 01:19:58,159

that probably are beyond the abilities

2136

01:20:02,550 --> 01:19:59,679

of our near pier

2137

01:20:05,270 --> 01:20:02,560

and it near piers china russia countries

2138

01:20:07,030 --> 01:20:05,280

like that and if they were it's it's not

2139

01:20:09,430 --> 01:20:07,040

really conceivable that they would leap

2140

01:20:11,830 --> 01:20:09,440

so far of us in technology

2141

01:20:13,910 --> 01:20:11,840

that we wouldn't be prepared to at least

2142

01:20:15,669 --> 01:20:13,920

recognize it when we saw it so i said

2143

01:20:17,750 --> 01:20:15,679

you an intelligent person such as

2144

01:20:19,189 --> 01:20:17,760

yourself has to accept this there's

2145

01:20:20,950 --> 01:20:19,199

really no other

2146

01:20:22,790 --> 01:20:20,960

you know there's no other answer

2147

01:20:24,709 --> 01:20:22,800

and so for me that was a real bellwether

2148

01:20:25,830 --> 01:20:24,719

you know a scientist an engineer that i

2149

01:20:28,070 --> 01:20:25,840

respected

2150

01:20:30,870 --> 01:20:28,080

actually you know stepping back

2151

01:20:33,189 --> 01:20:30,880

uh taking a a bold tiptoe outside of his

2152

01:20:35,030 --> 01:20:33,199

comfort zone out of his box and saying

2153

01:20:36,470 --> 01:20:35,040

you know maybe there is something to

2154

01:20:38,070 --> 01:20:36,480

this

2155

01:20:40,470 --> 01:20:38,080

right and

2156

01:20:43,189 --> 01:20:40,480

you know good good for him

2157

01:20:45,590 --> 01:20:43,199

and it's also the thing you know i bring

2158

01:20:48,390 --> 01:20:45,600

up quite often too is you know whoops

2159

01:20:51,830 --> 01:20:48,400

that went up by accident is that

2160

01:20:53,990 --> 01:20:51,840

when we talk about those three videos

2161

01:20:56,229 --> 01:20:54,000

we can focus just on that but you can

2162

01:20:58,790 --> 01:20:56,239

also tell that same person

2163

01:21:01,350 --> 01:20:58,800

people have been experienced

2164

01:21:04,310 --> 01:21:01,360

experiencing craft doing this and these

2165

01:21:05,110 --> 01:21:04,320

incredible maneuvers and speeds you know

2166

01:21:08,950 --> 01:21:05,120

for

2167

01:21:11,350 --> 01:21:08,960

50 60 70 years right it's not new

2168

01:21:12,629 --> 01:21:11,360

no no it's not uh the cool thing is this

2169

01:21:15,350 --> 01:21:12,639

is

2170

01:21:17,189 --> 01:21:15,360

uh you know extraordinary claims require

2171

01:21:18,790 --> 01:21:17,199

extraordinary evidence you know this is

2172

01:21:20,870 --> 01:21:18,800

the extraordinary evidence you know this

2173

01:21:22,390 --> 01:21:20,880

is this is undisputable which just

2174

01:21:24,070 --> 01:21:22,400

really makes it cool yeah this stuff has

2175

01:21:25,270 --> 01:21:24,080

been you know reported for

2176

01:21:28,950 --> 01:21:25,280

generations

2177

01:21:31,750 --> 01:21:28,960

absolutely yeah yeah and you know i just

2178

01:21:34,390 --> 01:21:31,760

i just hope that uh when they when the

2179

01:21:35,910 --> 01:21:34,400

investigations start again you know the

2180

01:21:36,950 --> 01:21:35,920

government that they will

2181

01:21:39,910 --> 01:21:36,960

at least

2182

01:21:42,470 --> 01:21:39,920

hear some of the earlier cases

2183

01:21:44,470 --> 01:21:42,480

uh you know before 2004 there because i

2184

01:21:46,790 --> 01:21:44,480

i guess that is the claim that they're

2185

01:21:47,830 --> 01:21:46,800

only going to investigate 2004 and

2186

01:21:49,350 --> 01:21:47,840

forward

2187

01:21:51,270 --> 01:21:49,360

you know maybe maybe there's enough of

2188

01:21:53,189 --> 01:21:51,280

them to investigate and and all that but

2189

01:21:56,390 --> 01:21:53,199

they're saying that it's because of the

2190

01:21:57,750 --> 01:21:56,400

technology is better

2191

01:21:59,510 --> 01:21:57,760

so

2192

01:22:01,030 --> 01:21:59,520

i don't know if you heard that part yeah

2193

01:22:02,310 --> 01:22:01,040

i think they would be doing themselves

2194

01:22:03,910 --> 01:22:02,320

they would be doing themselves a great

2195

01:22:06,629 --> 01:22:03,920

disservice if they didn't at least take

2196

01:22:08,709 --> 01:22:06,639

a peek at some of the older cases

2197

01:22:11,750 --> 01:22:08,719

right right

2198

01:22:13,189 --> 01:22:11,760

and speaking of older you know you

2199

01:22:14,870 --> 01:22:13,199

mentioned we talked a little bit about

2200

01:22:18,229 --> 01:22:14,880

the native american

2201

01:22:20,950 --> 01:22:18,239

uh possib possibilities of of

2202

01:22:22,390 --> 01:22:20,960

like hot spots or that one in particular

2203

01:22:23,510 --> 01:22:22,400

the meadow

2204

01:22:24,470 --> 01:22:23,520

um

2205

01:22:27,830 --> 01:22:24,480

are you

2206

01:22:29,750 --> 01:22:27,840

aware

2207

01:22:32,229 --> 01:22:29,760

of i know this is kind of a bizarre

2208

01:22:34,070 --> 01:22:32,239

thing to ask but are you aware of any

2209

01:22:39,350 --> 01:22:34,080

places that used to be hot spots that

2210

01:22:42,629 --> 01:22:40,229

um

2211

01:22:43,750 --> 01:22:42,639

that's a good question uh

2212

01:22:47,669 --> 01:22:43,760

not

2213

01:22:49,510 --> 01:22:47,679

these areas are uh

2214

01:22:51,110 --> 01:22:49,520

they ebb and flow at least in my

2215

01:22:52,550 --> 01:22:51,120

experiences sometimes they're really

2216

01:22:54,950 --> 01:22:52,560

super active

2217

01:22:56,310 --> 01:22:54,960

and then other times they're not uh one

2218

01:22:57,350 --> 01:22:56,320

of the things if you go back and read

2219

01:23:00,149 --> 01:22:57,360

some of the

2220

01:23:01,590 --> 01:23:00,159

the the information you can get uh out

2221

01:23:03,030 --> 01:23:01,600

there in the public with the ned's

2222

01:23:04,470 --> 01:23:03,040

research is

2223

01:23:06,870 --> 01:23:04,480

you know when they started bringing all

2224

01:23:08,070 --> 01:23:06,880

of this technology and hard science

2225

01:23:10,149 --> 01:23:08,080

stuff to it

2226

01:23:11,270 --> 01:23:10,159

the phenomena dried up

2227

01:23:13,990 --> 01:23:11,280

uh

2228

01:23:16,709 --> 01:23:14,000

and we've discovered if we push too hard

2229

01:23:18,229 --> 01:23:16,719

on this particular site it'll dry up

2230

01:23:20,629 --> 01:23:18,239

isn't that something

2231

01:23:23,830 --> 01:23:20,639

and we've also noticed that when we

2232

01:23:26,550 --> 01:23:23,840

think we've got it nailed down

2233

01:23:28,149 --> 01:23:26,560

it'll surprise us like

2234

01:23:30,709 --> 01:23:28,159

uh some of the the most recent

2235

01:23:31,750 --> 01:23:30,719

experiences we had were

2236

01:23:33,750 --> 01:23:31,760

uh

2237

01:23:35,669 --> 01:23:33,760

vehicles locking and unlocking

2238

01:23:37,110 --> 01:23:35,679

themselves at our base camp

2239

01:23:38,470 --> 01:23:37,120

about a quarter of a mile from the

2240

01:23:40,629 --> 01:23:38,480

meadow

2241

01:23:42,550 --> 01:23:40,639

and then i had one of my researchers on

2242

01:23:44,550 --> 01:23:42,560

her way home

2243

01:23:47,110 --> 01:23:44,560

in an adjacent state so she drove you

2244

01:23:50,470 --> 01:23:47,120

know several hours to go back home

2245

01:23:52,229 --> 01:23:50,480

and her car lost all power all electrics

2246

01:23:53,270 --> 01:23:52,239

everything you know all electronics died

2247

01:23:55,350 --> 01:23:53,280

on it

2248

01:23:57,430 --> 01:23:55,360

uh so you know we look in the literature

2249

01:23:59,110 --> 01:23:57,440

where have we seen vehicles completely

2250

01:24:00,870 --> 01:23:59,120

dying before

2251
01:24:03,110 --> 01:24:00,880
so this is happening hundreds of miles

2252
01:24:04,550 --> 01:24:03,120
away from this location we've had uh

2253
01:24:06,629 --> 01:24:04,560
strange uh

2254
01:24:08,310 --> 01:24:06,639
downloads of information with some of

2255
01:24:10,709 --> 01:24:08,320
our team members i had a former air

2256
01:24:12,870 --> 01:24:10,719
force special operations guy that had a

2257
01:24:14,070 --> 01:24:12,880
very strange download of a particular

2258
01:24:17,669 --> 01:24:14,080
term

2259
01:24:19,830 --> 01:24:17,679
translated it

2260
01:24:22,149 --> 01:24:19,840
it turned out to be uh

2261
01:24:26,229 --> 01:24:23,510
latin

2262
01:24:28,229 --> 01:24:26,239
and uh old english

2263
01:24:31,590 --> 01:24:28,239

and it translated into the children of

2264

01:24:33,350 --> 01:24:31,600

the night goddess so you know

2265

01:24:34,950 --> 01:24:33,360

so water like little children that come

2266

01:24:36,390 --> 01:24:34,960

to you at night that have big heads you

2267

01:24:38,870 --> 01:24:36,400

know yeah

2268

01:24:41,270 --> 01:24:38,880

the grays you know so

2269

01:24:43,830 --> 01:24:41,280

this thing is constantly surprising us

2270

01:24:45,910 --> 01:24:43,840

with this this just rich tapestry of

2271

01:24:47,910 --> 01:24:45,920

phenomena you know and some of it just

2272

01:24:50,390 --> 01:24:47,920

completely comes out of left field uh

2273

01:24:52,470 --> 01:24:50,400

you know we did uh the ce5 protocol you

2274

01:24:53,590 --> 01:24:52,480

know dr grier's protocol didn't see

2275

01:24:55,430 --> 01:24:53,600

doodly

2276

01:24:57,750 --> 01:24:55,440

and then that night my team member gets

2277

01:24:58,790 --> 01:24:57,760

a download so

2278

01:25:00,950 --> 01:24:58,800

you know it's one of those things that

2279

01:25:03,430 --> 01:25:00,960

just keeps surprising you

2280

01:25:06,149 --> 01:25:03,440

how many people would you do you have

2281

01:25:09,270 --> 01:25:06,159

like as is your your team members ebb

2282

01:25:11,350 --> 01:25:09,280

and flow or do you have like this

2283

01:25:13,910 --> 01:25:11,360

you know a certain amount of people

2284

01:25:15,030 --> 01:25:13,920

on a team that show up there yeah we

2285

01:25:17,669 --> 01:25:15,040

have uh

2286

01:25:19,590 --> 01:25:17,679

probably about 10 team members uh and

2287

01:25:21,750 --> 01:25:19,600

you know we all have lives so you know

2288

01:25:23,990 --> 01:25:21,760

we might have you know 10 or 12 people

2289

01:25:25,590 --> 01:25:24,000

on an expedition and sometimes we might

2290

01:25:27,189 --> 01:25:25,600

only have four so you know of course the

2291

01:25:28,229 --> 01:25:27,199

the number of people we can get out in

2292

01:25:30,470 --> 01:25:28,239

the field

2293

01:25:32,550 --> 01:25:30,480

uh you know really drives our abilities

2294

01:25:34,870 --> 01:25:32,560

to research that particular outing we

2295

01:25:37,270 --> 01:25:34,880

hope to get an outing in two weeks so

2296

01:25:39,669 --> 01:25:37,280

we're trying to gear up for that

2297

01:25:41,350 --> 01:25:39,679

here's a question from mary grace again

2298

01:25:47,990 --> 01:25:41,360

are hot spots more wrapped to happen

2299

01:25:52,830 --> 01:25:51,590

i think so i think people that are more

2300

01:25:56,149 --> 01:25:52,840

attuned

2301

01:25:58,229 --> 01:25:56,159

uh or maybe more apt to recognize this

2302

01:25:59,590 --> 01:25:58,239

phenomenon versus people that aren't you

2303

01:26:01,030 --> 01:25:59,600

know if you go through life with

2304

01:26:03,030 --> 01:26:01,040

blinders on you're not going to see the

2305

01:26:04,149 --> 01:26:03,040

world but if you take the blinders off

2306

01:26:05,910 --> 01:26:04,159

you're going to start seeing a whole lot

2307

01:26:07,910 --> 01:26:05,920

of other things so yeah i think people

2308

01:26:09,270 --> 01:26:07,920

that are more aware

2309

01:26:10,790 --> 01:26:09,280

and more open will definitely start

2310

01:26:12,790 --> 01:26:10,800

having these phenomena

2311

01:26:14,070 --> 01:26:12,800

certainly

2312

01:26:15,830 --> 01:26:14,080

so

2313

01:26:17,910 --> 01:26:15,840

what about the things that you've

2314

01:26:19,350 --> 01:26:17,920

personally witnessed there can you kind

2315

01:26:22,149 --> 01:26:19,360

of go through a list of things you

2316

01:26:25,590 --> 01:26:22,159

mentioned you saw like orbs in a tree

2317

01:26:27,189 --> 01:26:25,600

and you were disorientated at one point

2318

01:26:29,669 --> 01:26:27,199

um can you well first of all can you

2319

01:26:31,990 --> 01:26:29,679

describe what you mean by disorientated

2320

01:26:33,669 --> 01:26:32,000

absolutely absolutely uh

2321

01:26:35,430 --> 01:26:33,679

yeah we talked a little bit about my

2322

01:26:37,030 --> 01:26:35,440

background i i was

2323

01:26:38,950 --> 01:26:37,040

i'm an eagle scout which means i've

2324

01:26:41,510 --> 01:26:38,960

spent a lot of time in the woods uh i've

2325

01:26:43,669 --> 01:26:41,520

earned the boy scouts uh 50 miler award

2326

01:26:45,030 --> 01:26:43,679

which you get when you do 50 miles

2327

01:26:48,070 --> 01:26:45,040

either on foot

2328

01:26:49,030 --> 01:26:48,080

or by canoe i've earned that three times

2329

01:26:51,510 --> 01:26:49,040

wow

2330

01:26:54,149 --> 01:26:51,520

i was an army intelligence officer

2331

01:26:56,229 --> 01:26:54,159

i've hunted big game in africa and all

2332

01:26:58,070 --> 01:26:56,239

over north america so

2333

01:27:00,149 --> 01:26:58,080

i'm really comfortable in the outdoors

2334

01:27:02,070 --> 01:27:00,159

you know i've lived most of my life you

2335

01:27:05,110 --> 01:27:02,080

know running around in the wilderness in

2336

01:27:07,430 --> 01:27:05,120

one state or another so all that being

2337

01:27:09,669 --> 01:27:07,440

said it's not uh you know not to

2338

01:27:10,950 --> 01:27:09,679

opine about my you know superhuman

2339

01:27:12,310 --> 01:27:10,960

outdoors abilities just saying that i'm

2340

01:27:15,110 --> 01:27:12,320

very comfortable in the outdoors and i

2341

01:27:17,030 --> 01:27:15,120

know how to navigate and stuff like that

2342

01:27:19,430 --> 01:27:17,040

uh this particular area that we've been

2343

01:27:23,030 --> 01:27:19,440

to the meadow i i've probably been to

2344

01:27:25,590 --> 01:27:23,040

the meadow 150 times

2345

01:27:27,430 --> 01:27:25,600

and it was a uh

2346

01:27:28,950 --> 01:27:27,440

it was an outing that had just a very

2347

01:27:30,790 --> 01:27:28,960

few of us we weren't able to get a

2348

01:27:32,790 --> 01:27:30,800

complete uh compliment of our team

2349

01:27:34,390 --> 01:27:32,800

members out there so one of my team

2350

01:27:35,830 --> 01:27:34,400

members and i decided that we would just

2351
01:27:39,030 --> 01:27:35,840
go and take baseline reading you know

2352
01:27:40,790 --> 01:27:39,040
radiation electromagnetic uh temperature

2353
01:27:43,270 --> 01:27:40,800
things like that during the day you know

2354
01:27:44,709 --> 01:27:43,280
just basically a nice you know a nice

2355
01:27:46,790 --> 01:27:44,719
walk out in the woods in a beautiful

2356
01:27:48,870 --> 01:27:46,800
location with a good friend

2357
01:27:50,870 --> 01:27:48,880
and we decided we were going to cross a

2358
01:27:52,790 --> 01:27:50,880
creek to the north of the meadow and

2359
01:27:54,950 --> 01:27:52,800
explore the other side of it to see kind

2360
01:27:57,270 --> 01:27:54,960
of what was over there

2361
01:28:00,310 --> 01:27:57,280
well i crossed the creek

2362
01:28:03,430 --> 01:28:00,320
and much to my surprise i found another

2363
01:28:05,350 --> 01:28:03,440

field or opening you know another meadow

2364

01:28:07,189 --> 01:28:05,360

it looked completely different it was it

2365

01:28:08,390 --> 01:28:07,199

was a new location and i was very

2366

01:28:10,229 --> 01:28:08,400

excited

2367

01:28:11,669 --> 01:28:10,239

and i you know

2368

01:28:13,110 --> 01:28:11,679

you know yelled over to my team member i

2369

01:28:15,510 --> 01:28:13,120

said hey kristen

2370

01:28:17,990 --> 01:28:15,520

i found another field another place for

2371

01:28:20,629 --> 01:28:18,000

us to research this is really cool

2372

01:28:22,390 --> 01:28:20,639

and she goes what are you talking about

2373

01:28:24,149 --> 01:28:22,400

i said no i'm standing in this other

2374

01:28:25,750 --> 01:28:24,159

field you know and it's going to be

2375

01:28:27,510 --> 01:28:25,760

really cool we just have to cross the

2376

01:28:29,830 --> 01:28:27,520

creek but you know we need to start

2377

01:28:32,149 --> 01:28:29,840

researching here she goes don't move

2378

01:28:34,629 --> 01:28:32,159

i'll be right there

2379

01:28:36,070 --> 01:28:34,639

and so i said okay so i put my boots

2380

01:28:37,910 --> 01:28:36,080

back on where i'd cross the creek and

2381

01:28:40,229 --> 01:28:37,920

i'm sitting there waiting for her and

2382

01:28:41,830 --> 01:28:40,239

she comes over and she goes

2383

01:28:43,430 --> 01:28:41,840

where are you trey and i said i'm in

2384

01:28:45,270 --> 01:28:43,440

this new field she goes no you're not

2385

01:28:47,910 --> 01:28:45,280

you're you're in the meadow that we've

2386

01:28:49,430 --> 01:28:47,920

been researching for the past few years

2387

01:28:52,310 --> 01:28:49,440

and i look around and i'm like no no

2388

01:28:54,229 --> 01:28:52,320

we're not she goes no look at it

2389

01:28:55,590 --> 01:28:54,239

you're in a place you've been

2390

01:28:57,990 --> 01:28:55,600

to

2391

01:28:59,430 --> 01:28:58,000

70 times

2392

01:29:03,270 --> 01:28:59,440

and

2393

01:29:06,149 --> 01:29:03,280

looked at the field

2394

01:29:08,470 --> 01:29:06,159

it almost changed is that my perception

2395

01:29:12,470 --> 01:29:08,480

of it completely changed

2396

01:29:14,229 --> 01:29:12,480

and i was so confused and so disoriented

2397

01:29:15,750 --> 01:29:14,239

that if i had not had a team member

2398

01:29:17,750 --> 01:29:15,760

there and we have a protocol that you

2399

01:29:20,149 --> 01:29:17,760

never go out by yourself you always have

2400

01:29:22,709 --> 01:29:20,159

radio communications with base camp you

2401

01:29:24,310 --> 01:29:22,719

always have a map compass and gps

2402

01:29:26,149 --> 01:29:24,320

so you won't get lost you always have

2403

01:29:28,070 --> 01:29:26,159

water and stuff with you

2404

01:29:30,709 --> 01:29:28,080

and if i had not been following our very

2405

01:29:32,470 --> 01:29:30,719

strict safety protocols

2406

01:29:33,910 --> 01:29:32,480

i could have been so disoriented that i

2407

01:29:35,030 --> 01:29:33,920

could have wandered off in another

2408

01:29:37,270 --> 01:29:35,040

direction

2409

01:29:39,590 --> 01:29:37,280

thinking i was heading somewhere and

2410

01:29:41,270 --> 01:29:39,600

been completely lost and disappeared

2411

01:29:43,270 --> 01:29:41,280

and so i have to wonder is that what

2412

01:29:45,350 --> 01:29:43,280

happens to people

2413

01:29:47,590 --> 01:29:45,360

that are david pilates writes about that

2414

01:29:49,590 --> 01:29:47,600

that just disappear you know they just

2415

01:29:50,950 --> 01:29:49,600

are not there anymore that they have

2416

01:29:52,550 --> 01:29:50,960

this strange

2417

01:29:54,310 --> 01:29:52,560

shift in

2418

01:29:56,629 --> 01:29:54,320

their perception of where they're at and

2419

01:29:59,430 --> 01:29:56,639

it's so incredibly

2420

01:30:01,270 --> 01:29:59,440

mind-blowingly disorientating

2421

01:30:02,709 --> 01:30:01,280

that they uh they get so confused that

2422

01:30:04,709 --> 01:30:02,719

they wander off

2423

01:30:06,950 --> 01:30:04,719

or

2424

01:30:09,189 --> 01:30:06,960

are they taken somewhere else

2425

01:30:10,870 --> 01:30:09,199

you know do they step into a portal

2426
01:30:12,629 --> 01:30:10,880
and for whatever reason they're not able

2427
01:30:14,149 --> 01:30:12,639
to walk back out

2428
01:30:16,470 --> 01:30:14,159
the weird thing is is the place where

2429
01:30:18,790 --> 01:30:16,480
this disorientation happened was the

2430
01:30:21,830 --> 01:30:18,800
same place where we saw that weird

2431
01:30:23,590 --> 01:30:21,840
keyhole shaped uh shape on the sapling

2432
01:30:24,950 --> 01:30:23,600
exact same location

2433
01:30:26,790 --> 01:30:24,960
ah

2434
01:30:29,510 --> 01:30:26,800
and and what are that's that's really

2435
01:30:31,510 --> 01:30:29,520
interesting and and what are some of the

2436
01:30:32,870 --> 01:30:31,520
other things that you personally

2437
01:30:39,030 --> 01:30:32,880
witnessed

2438
01:30:41,669 --> 01:30:39,040

these these entities of these figures

2439

01:30:44,070 --> 01:30:41,679

uh captured on flear

2440

01:30:44,950 --> 01:30:44,080

uh i have heard

2441

01:30:47,030 --> 01:30:44,960

uh

2442

01:30:49,350 --> 01:30:47,040

what can be described by some folks in

2443

01:30:52,310 --> 01:30:49,360

the uh the cryptid world

2444

01:30:54,390 --> 01:30:52,320

as samurai chatter uh ron moorhead talks

2445

01:30:57,270 --> 01:30:54,400

a lot about it in his book uh

2446

01:30:58,629 --> 01:30:57,280

the sierra sounds it's kind of a low

2447

01:31:01,189 --> 01:30:58,639

murmuring

2448

01:31:02,709 --> 01:31:01,199

uh off in the distance i've heard that

2449

01:31:06,229 --> 01:31:02,719

which uh is

2450

01:31:09,350 --> 01:31:06,239

uh has been tied by some folks uh to the

2451

01:31:12,470 --> 01:31:09,360

uh the the uh tall whites you know uh

2452

01:31:16,310 --> 01:31:12,480

entities or to uh sasquatch

2453

01:31:19,110 --> 01:31:16,320

uh i have observed uh

2454

01:31:22,709 --> 01:31:19,120

gifting like we had an incident where we

2455

01:31:25,590 --> 01:31:22,719

had a a stick woven in somebody's pack

2456

01:31:27,830 --> 01:31:25,600

straps during the night

2457

01:31:31,669 --> 01:31:27,840

while we were researching uh and there's

2458

01:31:33,510 --> 01:31:31,679

a photograph of that in the book uh

2459

01:31:37,110 --> 01:31:33,520

you know these strange cubes now you

2460

01:31:39,669 --> 01:31:37,120

know i've seen those on flear

2461

01:31:42,790 --> 01:31:39,679

we had a almost like a woman in black

2462

01:31:47,590 --> 01:31:45,910

which was very strange you know a a

2463

01:31:49,030 --> 01:31:47,600

businesswoman appearing in the middle of

2464

01:31:50,550 --> 01:31:49,040

the woods

2465

01:31:53,669 --> 01:31:50,560

you know in the wintertime you know

2466

01:31:55,350 --> 01:31:53,679

dressed in slacks loafers and a blazer

2467

01:31:57,350 --> 01:31:55,360

uh trying to get us

2468

01:31:59,510 --> 01:31:57,360

to distract us from what we were doing

2469

01:32:00,550 --> 01:31:59,520

so you know it's very typical man and

2470

01:32:01,990 --> 01:32:00,560

black

2471

01:32:03,669 --> 01:32:02,000

kind of stuff

2472

01:32:04,870 --> 01:32:03,679

uh you know i witnessed that personally

2473

01:32:10,629 --> 01:32:04,880

and i'm just looking through my list

2474

01:32:15,030 --> 01:32:13,350

the download you know i i

2475

01:32:17,430 --> 01:32:15,040

you know interviewed the guy when he had

2476

01:32:19,270 --> 01:32:17,440

the uh the download of the strange words

2477

01:32:20,790 --> 01:32:19,280

i was there at the sd session i was

2478

01:32:21,830 --> 01:32:20,800

actually the one doing the uh the

2479

01:32:24,149 --> 01:32:21,840

questioning

2480

01:32:26,709 --> 01:32:24,159

i've seen numerous vehicles

2481

01:32:28,470 --> 01:32:26,719

lock themselves unlocked themselves i've

2482

01:32:29,669 --> 01:32:28,480

seen strange lights in the trees and

2483

01:32:31,430 --> 01:32:29,679

orbs

2484

01:32:33,990 --> 01:32:31,440

uh so yeah just just a whole bunch of

2485

01:32:35,990 --> 01:32:34,000

stuff and that's just me personally

2486

01:32:37,350 --> 01:32:36,000

yeah and

2487

01:32:41,189 --> 01:32:37,360

when

2488

01:32:44,790 --> 01:32:41,199

as far as the ufos go there oh

2489

01:32:46,950 --> 01:32:44,800

i've seen those two you have yeah

2490

01:32:48,229 --> 01:32:46,960

and uh other are there quite a bit of

2491

01:32:49,590 --> 01:32:48,239

sightings there

2492

01:32:51,830 --> 01:32:49,600

you know uh

2493

01:32:55,910 --> 01:32:51,840

that's a good question uh we are just

2494

01:32:57,910 --> 01:32:55,920

now starting to expand our research to

2495

01:32:59,350 --> 01:32:57,920

do more sky watch you know that hasn't

2496

01:33:01,030 --> 01:32:59,360

been something we've been doing a whole

2497

01:33:04,070 --> 01:33:01,040

lot of in the past so

2498

01:33:06,310 --> 01:33:04,080

uh you know i do have some video of uh

2499

01:33:07,590 --> 01:33:06,320

you know some pretty neat uh

2500

01:33:09,830 --> 01:33:07,600

uaps

2501
01:33:10,790 --> 01:33:09,840
and so we hope to start trying to film

2502
01:33:13,510 --> 01:33:10,800
that

2503
01:33:15,189 --> 01:33:13,520
unfortunately

2504
01:33:17,270 --> 01:33:15,199
you start having

2505
01:33:18,310 --> 01:33:17,280
too many phenomena and too few team

2506
01:33:20,070 --> 01:33:18,320
members

2507
01:33:21,590 --> 01:33:20,080
to uh to research it so you have to kind

2508
01:33:25,990 --> 01:33:21,600
of pick and choose you know what you're

2509
01:33:30,149 --> 01:33:28,470
i see yeah

2510
01:33:32,790 --> 01:33:30,159
and one of the things you always hear

2511
01:33:35,189 --> 01:33:32,800
about is the filming you know we don't

2512
01:33:37,510 --> 01:33:35,199
really there's no real good films of

2513
01:33:39,510 --> 01:33:37,520

ufos are there are and you know some of

2514

01:33:41,189 --> 01:33:39,520

them are cgi and stuff like that do you

2515

01:33:44,070 --> 01:33:41,199

have what you consider really good

2516

01:33:45,750 --> 01:33:44,080

footage no no not really you know uh and

2517

01:33:47,669 --> 01:33:45,760

and you know uh you know just from you

2518

01:33:49,750 --> 01:33:47,679

know being in the field that

2519

01:33:52,550 --> 01:33:49,760

a lot of the film are you know films are

2520

01:33:54,790 --> 01:33:52,560

strange lights in the sky you know or

2521

01:33:56,629 --> 01:33:54,800

some sort of object in the sky

2522

01:33:58,310 --> 01:33:56,639

and so what i did is you know the film

2523

01:34:00,229 --> 01:33:58,320

that we saw which were

2524

01:34:01,510 --> 01:34:00,239

lights in the sky at night as i you know

2525

01:34:03,350 --> 01:34:01,520

put on my

2526

01:34:04,950 --> 01:34:03,360

field investigator hat

2527

01:34:06,950 --> 01:34:04,960

if fi hat and i started out you know i

2528

01:34:08,790 --> 01:34:06,960

went to flight radar 24. you know were

2529

01:34:10,550 --> 01:34:08,800

there any

2530

01:34:13,189 --> 01:34:10,560

aircraft in the vicinity you know they

2531

01:34:14,790 --> 01:34:13,199

were not you know what was the uh

2532

01:34:16,470 --> 01:34:14,800

what were the ballistics of the objects

2533

01:34:18,629 --> 01:34:16,480

they were moving from high in the sky to

2534

01:34:20,870 --> 01:34:18,639

low in the sky an aircraft coming over

2535

01:34:22,629 --> 01:34:20,880

the horizon would start low in the sky

2536

01:34:24,310 --> 01:34:22,639

and go high in the sky so it you know it

2537

01:34:25,990 --> 01:34:24,320

didn't match with an aircraft coming

2538

01:34:27,750 --> 01:34:26,000

from below the horizon

2539

01:34:29,510 --> 01:34:27,760

um you know what was a light pattern the

2540

01:34:32,870 --> 01:34:29,520

light pattern

2541

01:34:34,550 --> 01:34:32,880

of aircraft you know i didn't see the

2542

01:34:35,510 --> 01:34:34,560

anti-collision lights i didn't see the

2543

01:34:38,310 --> 01:34:35,520

red

2544

01:34:41,030 --> 01:34:38,320

in green uh navigation lights i didn't

2545

01:34:42,629 --> 01:34:41,040

see you know the the strobing red light

2546

01:34:44,390 --> 01:34:42,639

anti-collision light

2547

01:34:45,270 --> 01:34:44,400

so

2548

01:34:48,070 --> 01:34:45,280

you know

2549

01:34:51,189 --> 01:34:48,080

one of it was a uap an unidentified

2550

01:34:53,430 --> 01:34:51,199

aerial phenomenon you know what was it

2551

01:34:55,669 --> 01:34:53,440

i don't have a good solid picture of

2552

01:34:59,990 --> 01:34:55,679

what it was but it was enough to make me

2553

01:35:03,910 --> 01:35:02,629

i'd like to share something because uh

2554

01:35:06,390 --> 01:35:03,920

uh

2555

01:35:08,950 --> 01:35:06,400

i was walking home last

2556

01:35:11,590 --> 01:35:08,960

uh last friday night from a restaurant

2557

01:35:13,350 --> 01:35:11,600

up in maine in the area where i live in

2558

01:35:16,629 --> 01:35:13,360

the rockland main area

2559

01:35:18,870 --> 01:35:16,639

and uh i

2560

01:35:20,790 --> 01:35:18,880

had a sighting but

2561

01:35:23,430 --> 01:35:20,800

it was a drone

2562

01:35:26,550 --> 01:35:23,440

but also this thing was uh red and then

2563

01:35:28,470 --> 01:35:26,560

it kept really bright but i filmed it

2564

01:35:30,390 --> 01:35:28,480

and i was able to catch it on my way

2565

01:35:33,430 --> 01:35:30,400

home and i just want to

2566

01:35:35,669 --> 01:35:33,440

show this and share this now and just to

2567

01:35:38,629 --> 01:35:35,679

let everyone know this has been i had

2568

01:35:40,390 --> 01:35:38,639

mark d'antonio look at it and a few

2569

01:35:43,030 --> 01:35:40,400

other people and and it's it's

2570

01:35:44,790 --> 01:35:43,040

definitely a drone but at the time when

2571

01:35:47,030 --> 01:35:44,800

i saw it it kind of

2572

01:35:47,830 --> 01:35:47,040

i kind of thought i was seeing ufo and i

2573

01:35:49,990 --> 01:35:47,840

thought

2574

01:35:52,229 --> 01:35:50,000

wow uh because it

2575

01:35:53,669 --> 01:35:52,239

i went over to take a look where it was

2576

01:35:55,109 --> 01:35:53,679

and you know the field where i thought

2577

01:35:57,109 --> 01:35:55,119

it would have been and you know there

2578

01:36:22,830 --> 01:35:57,119

was no one over at the field but anyway

2579

01:36:33,990 --> 01:36:25,669

reflection lens reflection whatever but

2580

01:36:37,350 --> 01:36:35,910

geez

2581

01:36:39,510 --> 01:36:37,360

this is

2582

01:36:41,430 --> 01:36:39,520

unbelievable

2583

01:36:42,790 --> 01:36:41,440

those little things moving around that's

2584

01:36:44,950 --> 01:36:42,800

just the

2585

01:36:46,790 --> 01:36:44,960

street lights and the lens

2586

01:37:00,310 --> 01:36:46,800

but this red thing

2587

01:37:04,310 --> 01:37:01,910

so uh

2588

01:37:05,910 --> 01:37:04,320

anyway i just thought i'd share that uh

2589

01:37:07,910 --> 01:37:05,920

because

2590

01:37:09,430 --> 01:37:07,920

a lot of people would see that and i

2591

01:37:10,950 --> 01:37:09,440

thought for i thought i was actually

2592

01:37:12,470 --> 01:37:10,960

seeing a ufo

2593

01:37:14,310 --> 01:37:12,480

and uh

2594

01:37:17,030 --> 01:37:14,320

it's still it's still kind of a kind of

2595

01:37:19,189 --> 01:37:17,040

a wild thing to watch uh and it was

2596

01:37:21,109 --> 01:37:19,199

extremely windy you can hear it the wind

2597

01:37:22,149 --> 01:37:21,119

was blowing really really hard i'm not

2598

01:37:24,870 --> 01:37:22,159

really sure

2599

01:37:26,950 --> 01:37:24,880

uh that that would be optimal time to to

2600

01:37:29,270 --> 01:37:26,960

send a drone up or not or or why they'd

2601
01:37:31,510 --> 01:37:29,280
send it up and there's really nothing

2602
01:37:33,189 --> 01:37:31,520
going on in the area but anyway

2603
01:37:34,790 --> 01:37:33,199
i was told that was a drone but that

2604
01:37:36,709 --> 01:37:34,800
makes it tough for

2605
01:37:38,470 --> 01:37:36,719
people that are i mean someone could

2606
01:37:40,950 --> 01:37:38,480
post that on youtube which i did and

2607
01:37:43,669 --> 01:37:40,960
took it right off uh as soon as i found

2608
01:37:45,590 --> 01:37:43,679
out for sure it was a drone

2609
01:37:47,750 --> 01:37:45,600
yeah that's a that's interesting i fly

2610
01:37:49,270 --> 01:37:47,760
drones and uh

2611
01:37:51,270 --> 01:37:49,280
you know i wouldn't have a drone up you

2612
01:37:53,750 --> 01:37:51,280
know at night in that kind of wind you

2613
01:37:55,590 --> 01:37:53,760

know and that the lighting pattern

2614

01:37:57,910 --> 01:37:55,600

doesn't look terribly drone light

2615

01:38:00,950 --> 01:37:57,920

especially with the really bright white

2616

01:38:02,870 --> 01:38:00,960

light that's that's kind of odd uh

2617

01:38:04,790 --> 01:38:02,880

so i guess that's one of the things

2618

01:38:05,990 --> 01:38:04,800

that's just a you know shoulder shrug

2619

01:38:08,790 --> 01:38:06,000

you know

2620

01:38:11,510 --> 01:38:08,800

something flying around in the sky

2621

01:38:13,990 --> 01:38:11,520

yeah and uh i i that was just part of

2622

01:38:16,070 --> 01:38:14,000

the footage i i looked earlier

2623

01:38:17,109 --> 01:38:16,080

um at the full footage and there was a

2624

01:38:19,990 --> 01:38:17,119

point where it

2625

01:38:22,550 --> 01:38:20,000

get really bright really bright white

2626

01:38:24,950 --> 01:38:22,560

like that and then went back to red um

2627

01:38:26,629 --> 01:38:24,960

do drones have lighting that does things

2628

01:38:28,550 --> 01:38:26,639

you know different lights like that uh

2629

01:38:31,350 --> 01:38:28,560

yeah the ones that uh you know i fly

2630

01:38:32,709 --> 01:38:31,360

usually have some sort of uh

2631

01:38:34,629 --> 01:38:32,719

uh

2632

01:38:36,870 --> 01:38:34,639

marker lights but they're not real

2633

01:38:38,790 --> 01:38:36,880

bright they're just you know some lights

2634

01:38:40,470 --> 01:38:38,800

you know out on the four corners you

2635

01:38:42,629 --> 01:38:40,480

know where your rotors are

2636

01:38:44,629 --> 01:38:42,639

uh the white light is what i you know i

2637

01:38:47,750 --> 01:38:44,639

find kind of odd is

2638

01:38:50,070 --> 01:38:47,760

you know white light would be for what

2639

01:38:52,950 --> 01:38:50,080

purpose on a drone you know is it to

2640

01:38:55,109 --> 01:38:52,960

illuminate something for the camera

2641

01:38:56,629 --> 01:38:55,119

you know the drone camera is it like a

2642

01:38:58,629 --> 01:38:56,639

navigation light

2643

01:39:00,870 --> 01:38:58,639

uh usually you're not supposed to fly

2644

01:39:02,550 --> 01:39:00,880

drones you know at night because it's

2645

01:39:06,149 --> 01:39:02,560

you know dangerous

2646

01:39:07,430 --> 01:39:06,159

uh so that's that's interesting uh

2647

01:39:08,870 --> 01:39:07,440

unfortunately it's one of those things

2648

01:39:10,790 --> 01:39:08,880

that you you'll probably never know

2649

01:39:13,830 --> 01:39:10,800

exactly what that thing was

2650

01:39:16,070 --> 01:39:13,840

yeah yeah well i'm always careful i have

2651
01:39:18,470 --> 01:39:16,080
to be very careful because i do the show

2652
01:39:20,470 --> 01:39:18,480
and i like to have really good integrity

2653
01:39:23,350 --> 01:39:20,480
you know i don't want to say everything

2654
01:39:25,350 --> 01:39:23,360
i see is a ufo so uh right off the bat i

2655
01:39:27,590 --> 01:39:25,360
said this is probably a drone but i just

2656
01:39:30,790 --> 01:39:27,600
you know it it kind of freaked me out

2657
01:39:32,629 --> 01:39:30,800
and uh i was so glad because i've had

2658
01:39:34,470 --> 01:39:32,639
uh you know situations happen before

2659
01:39:36,229 --> 01:39:34,480
where i try to get my camera out

2660
01:39:37,990 --> 01:39:36,239
and get it going and then by the time i

2661
01:39:39,830 --> 01:39:38,000
do it with whatever it is and i'm not

2662
01:39:42,229 --> 01:39:39,840
talking about ufos but other things yeah

2663
01:39:43,590 --> 01:39:42,239

yeah it's over whatever it is

2664

01:39:45,990 --> 01:39:43,600

so i was really glad that i was able to

2665

01:39:47,990 --> 01:39:46,000

catch that but uh yeah i thought the

2666

01:39:49,990 --> 01:39:48,000

most puzzling thing of that was a bright

2667

01:39:52,390 --> 01:39:50,000

light and also that the winds were

2668

01:39:53,910 --> 01:39:52,400

extremely high that night and um i

2669

01:39:55,350 --> 01:39:53,920

wouldn't think that would i'd i've never

2670

01:39:59,189 --> 01:39:55,360

flown a drone but i wouldn't think that

2671

01:40:03,030 --> 01:40:00,870

you know yeah

2672

01:40:04,629 --> 01:40:03,040

yeah some of the higher end drones are

2673

01:40:06,390 --> 01:40:04,639

you know much more stable you know

2674

01:40:09,830 --> 01:40:06,400

during high winds but

2675

01:40:11,990 --> 01:40:09,840

yeah it can be kind of tricky yeah yeah

2676

01:40:14,470 --> 01:40:12,000

um okay so

2677

01:40:16,070 --> 01:40:14,480

i think this is going to uh well well

2678

01:40:18,550 --> 01:40:16,080

first of all did i hear you say you have

2679

01:40:19,510 --> 01:40:18,560

a you do have a book i don't remember

2680

01:40:21,109 --> 01:40:19,520

um

2681

01:40:23,669 --> 01:40:21,119

where that's available is it amazon and

2682

01:40:25,830 --> 01:40:23,679

everywhere yeah it's it's on amazon it

2683

01:40:28,229 --> 01:40:25,840

is probably the best way to find it is

2684

01:40:29,910 --> 01:40:28,239

to go to amazon to the search block and

2685

01:40:32,870 --> 01:40:29,920

just type in my name

2686

01:40:35,350 --> 01:40:32,880

you know trey hudson t r e y h u d s

2687

01:40:37,189 --> 01:40:35,360

h u d s o n common spelling

2688

01:40:39,189 --> 01:40:37,199

uh it's called the meadow project

2689

01:40:43,030 --> 01:40:39,199

explorations into the south skinwalker

2690

01:40:45,669 --> 01:40:43,040

ranch and uh cool thing is uh the e-book

2691

01:40:47,430 --> 01:40:45,679

is i think 4.99 that's you know very

2692

01:40:49,109 --> 01:40:47,440

reasonable yeah

2693

01:40:50,870 --> 01:40:49,119

you know if nothing else it's uh you

2694

01:40:53,350 --> 01:40:50,880

know worth uh you know spending a few

2695

01:40:54,870 --> 01:40:53,360

bucks to take a look at uh we also have

2696

01:40:56,149 --> 01:40:54,880

it on audiobook

2697

01:40:58,070 --> 01:40:56,159

so people want to listen to it while

2698

01:40:59,990 --> 01:40:58,080

they're driving to and from work that's

2699

01:41:02,070 --> 01:41:00,000

why we have it in soft cover and

2700

01:41:04,950 --> 01:41:02,080

hardcover so pretty much all of your uh

2701
01:41:06,229 --> 01:41:04,960
various mediums there uh it's available

2702
01:41:08,470 --> 01:41:06,239
there on amazon

2703
01:41:11,109 --> 01:41:08,480
right and uh and you did this through

2704
01:41:13,270 --> 01:41:11,119
flying disc philip mantle who uh that's

2705
01:41:15,270 --> 01:41:13,280
how we got connected i i think the world

2706
01:41:18,629 --> 01:41:15,280
of him he does a really nice job yeah

2707
01:41:20,470 --> 01:41:18,639
and uh and uh so anyway uh as he did

2708
01:41:22,870 --> 01:41:20,480
once again he he picked a really good

2709
01:41:24,629 --> 01:41:22,880
author i really appreciate uh talking to

2710
01:41:26,310 --> 01:41:24,639
you tonight well thank you thank you for

2711
01:41:27,750 --> 01:41:26,320
having me all right

2712
01:41:30,470 --> 01:41:27,760
everything worked out

2713
01:41:31,830 --> 01:41:30,480

oh yeah me too one last thing uh how

2714

01:41:33,270 --> 01:41:31,840

would people reach you if someone would

2715

01:41:35,430 --> 01:41:33,280

like to reach you

2716

01:41:37,350 --> 01:41:35,440

uh the best way to reach me is with a

2717

01:41:39,030 --> 01:41:37,360

really long stick with a hook on the end

2718

01:41:42,390 --> 01:41:39,040

no i'm kidding

2719

01:41:44,790 --> 01:41:42,400

the best way is uh on facebook is trey

2720

01:41:46,950 --> 01:41:44,800

hudson dash author

2721

01:41:49,990 --> 01:41:46,960

is you know my facebook page

2722

01:41:52,629 --> 01:41:50,000

and then also you can go to the uh

2723

01:41:55,030 --> 01:41:52,639

oxford paranormal society

2724

01:41:56,870 --> 01:41:55,040

uh group page there on facebook

2725

01:41:58,229 --> 01:41:56,880

and uh so you know i'll pop in from time

2726

01:42:00,149 --> 01:41:58,239

to time and

2727

01:42:01,750 --> 01:42:00,159

you know opine about stuff that probably

2728

01:42:03,109 --> 01:42:01,760

nobody cares about but you know that's

2729

01:42:04,070 --> 01:42:03,119

probably the best way to reach out there

2730

01:42:06,470 --> 01:42:04,080

and uh

2731

01:42:08,709 --> 01:42:06,480

and and touch base with me excellent

2732

01:42:10,790 --> 01:42:08,719

well good luck with this this meadow i'm

2733

01:42:12,709 --> 01:42:10,800

really fascinated by it and and you know

2734

01:42:14,390 --> 01:42:12,719

if if there are any breakthroughs i

2735

01:42:15,510 --> 01:42:14,400

would love to hear back from you sure

2736

01:42:16,550 --> 01:42:15,520

absolutely

2737

01:42:19,030 --> 01:42:16,560

i will

2738

01:42:21,109 --> 01:42:19,040

surely do it all right trey take care

2739

01:42:23,109 --> 01:42:21,119

thank you thank you

2740

01:42:25,109 --> 01:42:23,119

all right everyone so that's it for this

2741

01:42:26,709 --> 01:42:25,119

evening thank you so much for tuning in

2742

01:42:28,390 --> 01:42:26,719

especially with the time change and

2743

01:42:31,430 --> 01:42:28,400

everything i do appreciate that

2744

01:42:33,590 --> 01:42:31,440

next week we have neil nixon from the uk

2745

01:42:34,629 --> 01:42:33,600

he'll be on and after that i'll be

2746

01:42:36,550 --> 01:42:34,639

traveling

2747

01:42:38,470 --> 01:42:36,560

in out west on the west coast in

2748

01:42:40,310 --> 01:42:38,480

california and hopefully

2749

01:42:42,950 --> 01:42:40,320

uh tentatively

2750

01:42:44,950 --> 01:42:42,960

on october 19th i'll be sitting down um

2751

01:42:47,350 --> 01:42:44,960

at stanford with uh gary nolan that

2752

01:42:49,910 --> 01:42:47,360

2753

01:42:53,350 --> 01:42:49,920

that one and thank you so much everyone

2756

01:43:08,210 --> 01:42:58,900

sky
