background i can see it uh anyway just

8  
00:01:07,109 --> 00:01:04,479

made it here

9  
00:01:09,429 --> 00:01:07,119

in time stuck behind log trucks in

10  
00:01:11,429 --> 00:01:09,439

northern california

11  
00:01:13,990 --> 00:01:11,439

i got to meet with some great people out

12  
00:01:16,390 --> 00:01:14,000

here i've been having a good time uh ben

13  
00:01:19,109 --> 00:01:16,400

14

00:01:21,749 --> 00:01:19,119

i hung around together uh for several

15

00:01:22,950 --> 00:01:21,759

hours um got to hang out with alejandro

16

00:01:25,830 --> 00:01:22,960

and karen

17

00:01:28,550 --> 00:01:25,840

for a few different times and uh uh

18

00:01:30,230 --> 00:01:28,560

barbecue over at bryce zabel's house

19

00:01:31,910 --> 00:01:30,240

with david o'leary from project blue

20

00:01:35,510 --> 00:01:31,920

book it's been a blast out here i've

21

00:01:38,149 --> 00:01:35,520

been having a really good time and uh so

22

00:01:39,910 --> 00:01:38,159

next week i hope to have uh

23

00:01:41,910 --> 00:01:39,920

gary nolan down in stanford i'm just

24

00:01:43,910 --> 00:01:41,920

waiting to hear back from him to see if

25

00:01:46,950 --> 00:01:43,920

he's good to go on that if not we do

26

00:01:49,030 --> 00:01:46,960

have um a really fantastic guest that

27

00:01:50,550 --> 00:01:49,040

was part of the vietnam war

28

00:01:52,789 --> 00:01:50,560

uh he had us

29

00:01:54,469 --> 00:01:52,799

an encounter during the vietnam war so

30

00:01:56,950 --> 00:01:54,479

that should be

31

00:01:58,550 --> 00:01:56,960

really exciting either way next week and

32

00:02:01,190 --> 00:01:58,560

we'll be doing that from still from

33

00:02:02,469 --> 00:02:01,200

california out here uh just a couple

34

00:02:03,990 --> 00:02:02,479

things

35

00:02:07,030 --> 00:02:04,000

our blog this week

36

00:02:09,430 --> 00:02:07,040

is ufos over pine bush which was a place

37

00:02:11,589 --> 00:02:09,440

um i was at just uh well about a month

38

00:02:13,510 --> 00:02:11,599

ago somewhere around there and another

39

00:02:14,790 --> 00:02:13,520

great blog by charles lear thank you

40

00:02:17,830 --> 00:02:14,800

charles for that

41

00:02:19,430 --> 00:02:17,840

our guest tonight is dr bob gross i met

42

00:02:23,270 --> 00:02:19,440

him out in

43

00:02:25,990 --> 00:02:23,280

phoenix i believe was 2019 or 18 i can't

44

00:02:27,589 --> 00:02:26,000

really remember for sure a great guy um

45

00:02:28,630 --> 00:02:27,599

he's going to be talking about kind of

46

00:02:31,670 --> 00:02:28,640

how the

47

00:02:33,910 --> 00:02:31,680

the the ufo the

48

00:02:37,030 --> 00:02:33,920

things seem to be flowing forward and

49

00:02:38,949 --> 00:02:37,040

how he can with his education background

50

00:02:40,630 --> 00:02:38,959

um kind of get the word out there and a

51

00:02:42,229 --> 00:02:40,640

lot of other things we'll be

52

00:02:43,910 --> 00:02:42,239

talking on several different topics

53

00:02:45,589 --> 00:02:43,920

about that i do want to touch on

54

00:02:49,350 --> 00:02:45,599

something and

55

00:02:50,710 --> 00:02:49,360

i in no way am i trying to say that

56

00:02:52,550 --> 00:02:50,720

i'm a good

57

00:02:54,150 --> 00:02:52,560

great person and everyone should listen

58

00:02:56,390 --> 00:02:54,160

to me but i will tell you

59

00:02:57,589 --> 00:02:56,400

a situation last night i was asked to go

60

00:03:00,309 --> 00:02:57,599

on a

61

00:03:01,270 --> 00:03:00,319

radio show um i believe it was a live

62

00:03:02,149 --> 00:03:01,280

show

63

00:03:05,270 --> 00:03:02,159

and

64

00:03:07,190 --> 00:03:05,280

the topic was the three i believe three

65

00:03:10,149 --> 00:03:07,200

things that are going on on the second

66

00:03:12,630 --> 00:03:10,159

part of the american horror story uh

67

00:03:14,949 --> 00:03:12,640

which is a great series uh in its tenth

68

00:03:18,470 --> 00:03:14,959

season i was surprised to hear that

69

00:03:20,149 --> 00:03:18,480

on netflix and the second part of that

70

00:03:22,949 --> 00:03:20,159

is about

71

00:03:24,390 --> 00:03:22,959

the eisenhower ufo agreement quote

72

00:03:25,670 --> 00:03:24,400

unquote

73

00:03:29,350 --> 00:03:25,680

serpo

74

00:03:31,270 --> 00:03:29,360

and also about valiant thor

75

00:03:32,470 --> 00:03:31,280

and so

76

00:03:36,470 --> 00:03:32,480

all these stories

77

00:03:39,350 --> 00:03:36,480

uh in my mind are are major hoaxes but

78

00:03:41,190 --> 00:03:39,360

american horror story is using them for

79

00:03:43,750 --> 00:03:41,200

um their entertainment and show this

80

00:03:46,470 --> 00:03:43,760

year so basically i was asked to come on

81

00:03:49,509 --> 00:03:46,480

and talk about those things uh my the

82

00:03:51,430 --> 00:03:49,519

person with me uh we were researching

83

00:03:53,030 --> 00:03:51,440

these things while i was driving north

84

00:03:55,990 --> 00:03:53,040

in california

85

00:03:58,710 --> 00:03:56,000

and i'm kind of just laughing at at some

86

00:04:00,630 --> 00:03:58,720

of the aspects of these things and so i

87

00:04:03,670 --> 00:04:00,640

i called back the publicist and said hey

88

00:04:05,670 --> 00:04:03,680

look just so let you know that uh

89

00:04:08,470 --> 00:04:05,680

i think all these things are just bs and

90

00:04:10,789 --> 00:04:08,480

it's all hoaxes and you know i i need

91

00:04:12,390 --> 00:04:10,799

for the uh the host of the show to know

92

00:04:13,750 --> 00:04:12,400

that's the approach that i have to take

93

00:04:16,469 --> 00:04:13,760

and he says yeah well you can say

94

00:04:19,189 --> 00:04:16,479

alleged this alleged that

95

00:04:20,949 --> 00:04:19,199

anyway uh i got booted i got booted off

96

00:04:23,270 --> 00:04:20,959

the show because i wanted to

97

00:04:24,230 --> 00:04:23,280

say uh what these things really are

98

00:04:27,830 --> 00:04:24,240

which are

99

00:04:30,629 --> 00:04:27,840

all hoaxes and they're so crazy anything

100

00:04:32,469 --> 00:04:30,639

if any research is done at all in any of

101

00:04:34,469 --> 00:04:32,479

these things that totally they totally

102

00:04:35,830 --> 00:04:34,479

fall apart each and every one of them

103

00:04:38,070 --> 00:04:35,840

so um

104

00:04:40,469 --> 00:04:38,080

the point i'm getting at is

105

00:04:42,150 --> 00:04:40,479

you have to watch where you're

106

00:04:43,430 --> 00:04:42,160

you're you're getting your information

107

00:04:45,030 --> 00:04:43,440

if you're new

108

00:04:46,550 --> 00:04:45,040

in this topic and you want to understand

109

00:04:48,550 --> 00:04:46,560

what's going on

110

00:04:50,310 --> 00:04:48,560

if you listen to the person that may

111

00:04:52,710 --> 00:04:50,320

have taken my place

112

00:04:54,469 --> 00:04:52,720

they're going to be all sold on the idea

113

00:04:57,110 --> 00:04:54,479

that all these things

114

00:04:59,510 --> 00:04:57,120

that are way way out there fringy uh

115

00:05:00,550 --> 00:04:59,520

really happened and uh if you really

116

00:05:02,629 --> 00:05:00,560

want to know

117

00:05:05,110 --> 00:05:02,639

uh things that really

118

00:05:06,230 --> 00:05:05,120

do happen in the ufo field you have to

119

00:05:08,390 --> 00:05:06,240

watch where you're getting your

120

00:05:10,150 --> 00:05:08,400

information from and it's kind of too

121

00:05:11,189 --> 00:05:10,160

bad i've seen a lot of things over the

122

00:05:12,790 --> 00:05:11,199

years where

123

00:05:16,469 --> 00:05:12,800

kind of this fantasy will all of a

124

00:05:17,909 --> 00:05:16,479

sudden turn into a fact um you know so

125

00:05:20,230 --> 00:05:17,919

you just have to be careful if you're

126

00:05:22,790 --> 00:05:20,240

new in looking into this topic and

127

00:05:24,469 --> 00:05:22,800

anyway we're ready to bring in our guest

128

00:05:27,110 --> 00:05:24,479

this this evening

129

00:05:29,350 --> 00:05:27,120

uh bob welcome to the show

130

00:05:32,150 --> 00:05:29,360

thank you martin great to see you again

131

00:05:35,110 --> 00:05:32,160

that's right dr bob i should say

132

00:05:37,510 --> 00:05:35,120

yes yeah it was great i you know you you

133

00:05:39,670 --> 00:05:37,520

were on the we had a big round table do

134

00:05:41,150 --> 00:05:39,680

you recall that yes yes

135

00:05:44,870 --> 00:05:41,160

that was a blast

136

00:05:48,390 --> 00:05:44,880

2018 at the uh international ufc yes

137

00:05:51,510 --> 00:05:48,400

yeah yeah lots of fun so bob um

138

00:05:54,230 --> 00:05:51,520

you're since then you have been looking

139

00:05:56,469 --> 00:05:54,240

into what's happening in the ufo field

140

00:05:58,469 --> 00:05:56,479

and and your thoughts let's uh first of

141

00:06:01,189 --> 00:05:58,479

all before we get into any of that

142

00:06:03,189 --> 00:06:01,199

um let's hear about your background and

143

00:06:05,430 --> 00:06:03,199

what got you interested in this topic to

144

00:06:07,350 --> 00:06:05,440

begin with if you would well first of

145

00:06:10,469 --> 00:06:07,360

all i really enjoyed your introduction

146

00:06:11,670 --> 00:06:10,479

just now what you said was exactly

147

00:06:14,070 --> 00:06:11,680

on the mark

148

00:06:15,990 --> 00:06:14,080

and i hope i can you know prove that to

149

00:06:18,550 --> 00:06:16,000

you this evening with the information

150

00:06:21,430 --> 00:06:18,560

that i have for you but uh

151  
00:06:23,350 --> 00:06:21,440  
again my name is dr bob wenzel gross

152  
00:06:25,990 --> 00:06:23,360  
i'm originally from the pittsburgh

153  
00:06:27,189 --> 00:06:26,000  
pennsylvania area

154  
00:06:28,629 --> 00:06:27,199  
and

155  
00:06:30,790 --> 00:06:28,639  
by nature

156  
00:06:33,749 --> 00:06:30,800  
i'm a creative artist

157  
00:06:37,909 --> 00:06:33,759  
who selected music

158  
00:06:41,189 --> 00:06:37,919  
as my preferred medium of expression

159  
00:06:51,110 --> 00:06:42,870  
in

160  
00:06:53,749 --> 00:06:51,120  
i received a doctorate of education from

161  
00:06:57,110 --> 00:06:53,759  
penn state university

162  
00:06:59,510 --> 00:06:57,120  
and back then i was curious about things

163  
00:07:01,029 --> 00:06:59,520

like aesthetics

164

00:07:03,270 --> 00:07:01,039

acoustics

165

00:07:05,990 --> 00:07:03,280

music and research

166

00:07:08,150 --> 00:07:06,000

i mean real research and i did a lot of

167

00:07:10,150 --> 00:07:08,160

research for penn state and i went

168

00:07:11,670 --> 00:07:10,160

around the country presenting my

169

00:07:12,870 --> 00:07:11,680

research

170

00:07:14,790 --> 00:07:12,880

about

171

00:07:17,270 --> 00:07:14,800

penn state for penn state on behalf of

172

00:07:19,749 --> 00:07:17,280

penn state so

173

00:07:22,230 --> 00:07:19,759

that my research my advanced approach to

174

00:07:24,870 --> 00:07:22,240

research prompted

175

00:07:27,029 --> 00:07:24,880

penn state university's graduate school

176  
00:07:31,909 --> 00:07:27,039  
to

177  
00:07:33,990 --> 00:07:31,919  
excellent rating

178  
00:07:36,309 --> 00:07:34,000  
so that's basically

179  
00:07:38,309 --> 00:07:36,319  
how i started out there

180  
00:07:40,550 --> 00:07:38,319  
i have just just to give you a thumbnail

181  
00:07:41,749 --> 00:07:40,560  
sketch of my career

182  
00:07:45,909 --> 00:07:41,759  
because we could probably be here all

183  
00:07:50,150 --> 00:07:45,919  
night i'm like 73 years old but

184  
00:07:51,430 --> 00:07:50,160  
i i have 25 years in education

185  
00:07:54,710 --> 00:07:51,440  
as a teacher

186  
00:07:57,270 --> 00:07:54,720  
i taught at the

187  
00:08:00,070 --> 00:07:57,280  
higher education level i taught at penn

188  
00:08:03,350 --> 00:08:00,080

state university i taught at indiana

189

00:08:06,790 --> 00:08:03,360

university of pennsylvania i taught at

190

00:08:09,110 --> 00:08:06,800

uh at south texas college

191

00:08:10,950 --> 00:08:09,120

and i i taught at new mexico state

192

00:08:14,230 --> 00:08:10,960

university

193

00:08:17,110 --> 00:08:14,240

and i also taught in the public schools

194

00:08:19,350 --> 00:08:17,120

i taught in elementary schools as well

195

00:08:22,309 --> 00:08:19,360

as secondary schools

196

00:08:26,629 --> 00:08:22,319

then on top of that 25 years of teaching

197

00:08:29,510 --> 00:08:26,639

i did 17 years in administration

198

00:08:31,830 --> 00:08:29,520

so i had uh i worked for both uh

199

00:08:34,070 --> 00:08:31,840

educational institutions and i worked

200

00:08:35,990 --> 00:08:34,080

for governments

201  
00:08:37,269 --> 00:08:36,000  
i i was uh

202  
00:08:40,630 --> 00:08:37,279  
i worked for

203  
00:08:42,709 --> 00:08:40,640  
the uh at local governments

204  
00:08:44,790 --> 00:08:42,719  
for state governments and i worked for

205  
00:08:46,870 --> 00:08:44,800  
the federal governments

206  
00:08:48,630 --> 00:08:46,880  
a federal government i'm sorry federal

207  
00:08:50,330 --> 00:08:48,640  
government

208  
00:08:52,150 --> 00:08:50,340  
yes

209  
00:08:54,070 --> 00:08:52,160  
[Music]

210  
00:08:56,070 --> 00:08:54,080  
yeah i don't want to give myself away

211  
00:08:58,630 --> 00:08:56,080  
here but

212  
00:09:01,190 --> 00:08:58,640  
but i i was a uh i started out as what

213  
00:09:04,070 --> 00:09:01,200

was called a change agent

214

00:09:05,509 --> 00:09:04,080

then i became a curriculum specialist

215

00:09:07,509 --> 00:09:05,519

and then i was a

216

00:09:09,269 --> 00:09:07,519

a troubleshooter

217

00:09:10,870 --> 00:09:09,279

and a turnaround specialist for the

218

00:09:12,870 --> 00:09:10,880

government

219

00:09:16,150 --> 00:09:12,880

and i think uh

220

00:09:18,790 --> 00:09:16,160

and what got me started in uh the whole

221

00:09:20,630 --> 00:09:18,800

idea of researching uaps is that the

222

00:09:22,470 --> 00:09:20,640

best word i guess

223

00:09:25,990 --> 00:09:22,480

that's the best thing to call them right

224

00:09:27,430 --> 00:09:26,000

now but they were uh yeah i mean my my

225

00:09:29,430 --> 00:09:27,440

opinion is

226

00:09:30,870 --> 00:09:29,440

there's only a small fraction of the

227

00:09:32,070 --> 00:09:30,880

society that

228

00:09:34,870 --> 00:09:32,080

knows what they are and they're trying

229

00:09:37,110 --> 00:09:34,880

to make that an upper level word

230

00:09:39,509 --> 00:09:37,120

that's not associated with aliens right

231

00:09:42,870 --> 00:09:39,519

away or fringe or whatever the little

232

00:09:45,269 --> 00:09:42,880

green men as they say but but um

233

00:09:47,269 --> 00:09:45,279

you can say this part of the name of my

234

00:09:48,870 --> 00:09:47,279

show is podcast ufo you're welcome to

235

00:09:51,350 --> 00:09:48,880

use either word

236

00:09:52,550 --> 00:09:51,360

because sometimes i i will say uh

237

00:09:55,990 --> 00:09:52,560

uap

238

00:09:58,070 --> 00:09:56,000

formerly known as ufos there you go kind

239

00:09:59,350 --> 00:09:58,080

of like what they say about prince

240

00:10:04,710 --> 00:09:59,360

yeah

241

00:10:06,790 --> 00:10:04,720

pretty funny but uh and anyhow you know

242

00:10:09,670 --> 00:10:06,800

that's i i got interested in them

243

00:10:13,110 --> 00:10:09,680

because in 1985

244

00:10:15,670 --> 00:10:13,120

i was writing a children's musical

245

00:10:18,069 --> 00:10:15,680

and i lived in pennsylvania at that time

246

00:10:19,990 --> 00:10:18,079

and i wanted to write this children's

247

00:10:21,030 --> 00:10:20,000

musical

248

00:10:23,110 --> 00:10:21,040

about

249

00:10:26,710 --> 00:10:23,120

real

250

00:10:29,670 --> 00:10:26,720

ufo events that occurred in pennsylvania

251  
00:10:31,670 --> 00:10:29,680  
and that's when i had heard about the

252  
00:10:33,750 --> 00:10:31,680  
the group called

253  
00:10:36,310 --> 00:10:33,760  
the pennsylvania association for the

254  
00:10:38,550 --> 00:10:36,320  
study of the unexplained

255  
00:10:41,829 --> 00:10:38,560  
is that was dan gordon yes that was

256  
00:10:44,069 --> 00:10:41,839  
stan's good group stan gordon's group

257  
00:10:47,269 --> 00:10:44,079  
and i contacted him

258  
00:10:48,949 --> 00:10:47,279  
and uh i told him my background what i

259  
00:10:51,269 --> 00:10:48,959  
was going to do and i told them you know

260  
00:10:52,870 --> 00:10:51,279  
i was a researcher for penn state and

261  
00:10:55,269 --> 00:10:52,880  
you know i had the credentials and so

262  
00:10:57,430 --> 00:10:55,279  
forth and i still had to go through a

263  
00:11:00,389 --> 00:10:57,440

background check and a uh

264

00:11:03,509 --> 00:11:00,399

you know an interview and i think it was

265

00:11:06,389 --> 00:11:03,519

one of those uh baseline psychological

266

00:11:08,150 --> 00:11:06,399

tests and then they accepted me into uh

267

00:11:09,430 --> 00:11:08,160

it was called passa

268

00:11:12,870 --> 00:11:09,440

and they were they were a pretty

269

00:11:15,430 --> 00:11:12,880

reputable reputable group back in 1985

270

00:11:19,110 --> 00:11:15,440

but that's how i got started

271

00:11:22,470 --> 00:11:19,990

and

272

00:11:24,870 --> 00:11:22,480

when you were involved in that group how

273

00:11:27,030 --> 00:11:24,880

how much did you get involved in that

274

00:11:29,910 --> 00:11:27,040

like they have so many things going on

275

00:11:32,949 --> 00:11:29,920

there um according to stan there's

276

00:11:34,470 --> 00:11:32,959

all types of cryptids and i mean are you

277

00:11:36,069 --> 00:11:34,480

involved in all of it

278

00:11:39,110 --> 00:11:36,079

yes

279

00:11:41,110 --> 00:11:39,120

uh yeah i can remember the first uh i

280

00:11:42,310 --> 00:11:41,120

was a field investigator

281

00:11:44,150 --> 00:11:42,320

and we went through a little bit of

282

00:11:46,069 --> 00:11:44,160

training the group was it was i think

283

00:11:49,190 --> 00:11:46,079

about 35 members at that time and they

284

00:11:51,750 --> 00:11:49,200

had a lot of professionals in that group

285

00:11:53,910 --> 00:11:51,760

and i remember either

286

00:11:57,110 --> 00:11:53,920

he assigned me to go out and another

287

00:11:59,990 --> 00:11:57,120

person who was a movie producer we were

288

00:12:01,829 --> 00:12:00,000

going out to investigate this one

289

00:12:03,269 --> 00:12:01,839

strange things that was happening at

290

00:12:05,990 --> 00:12:03,279

this one house

291

00:12:08,389 --> 00:12:06,000

and then finally the person called me

292

00:12:09,670 --> 00:12:08,399

back and said well i was

293

00:12:11,350 --> 00:12:09,680

you know these things really didn't

294

00:12:13,509 --> 00:12:11,360

happen at my house but there were some

295

00:12:15,990 --> 00:12:13,519

really strange things going on so i was

296

00:12:17,670 --> 00:12:16,000

kind of glad that that one didn't happen

297

00:12:22,710 --> 00:12:17,680

but uh

298

00:12:26,069 --> 00:12:22,720

yeah yeah in 1987 uh pasa put together a

299

00:12:26,949 --> 00:12:26,079

like a workshop on ufos at the at the

300

00:12:27,829 --> 00:12:26,959

greens

301  
00:12:29,509 --> 00:12:27,839  
i think

302  
00:12:30,470 --> 00:12:29,519  
greensburg

303  
00:12:31,670 --> 00:12:30,480  
mall

304  
00:12:33,030 --> 00:12:31,680  
something like that outside of

305  
00:12:35,509 --> 00:12:33,040  
pittsburgh

306  
00:12:37,269 --> 00:12:35,519  
and so i went to that and he had a lot

307  
00:12:40,470 --> 00:12:37,279  
of different people there

308  
00:12:42,389 --> 00:12:40,480  
and that's when i ran into some

309  
00:12:44,949 --> 00:12:42,399  
live witnesses for the first time that

310  
00:12:47,269 --> 00:12:44,959  
came forward about the kecksburg case

311  
00:12:49,509 --> 00:12:47,279  
that happened in 1965.

312  
00:12:51,829 --> 00:12:49,519  
so that was was a pretty uh

313  
00:12:53,509 --> 00:12:51,839

interesting place and i ran into linda

314

00:12:55,430 --> 00:12:53,519

moulton's house mother

315

00:12:56,870 --> 00:12:55,440

when i was there wow

316

00:12:59,269 --> 00:12:56,880

that's that's what she said she was

317

00:13:01,430 --> 00:12:59,279

though yeah i don't know for sure

318

00:13:04,310 --> 00:13:01,440

she didn't have any identification that

319

00:13:05,350 --> 00:13:04,320

could have been an ebe too you know yes

320

00:13:09,030 --> 00:13:05,360

yeah

321

00:13:12,470 --> 00:13:09,040

i i'm guessing i'm just guessing

322

00:13:14,470 --> 00:13:12,480

yeah yeah so um you know the one case

323

00:13:16,470 --> 00:13:14,480

that you hear often hear about it in

324

00:13:18,790 --> 00:13:16,480

pennsylvania

325

00:13:21,190 --> 00:13:18,800

you know with the kexpert yes i just

326

00:13:22,790 --> 00:13:21,200

wanted you know for

327

00:13:24,949 --> 00:13:22,800

uh like i said we do have a lot of new

328

00:13:25,990 --> 00:13:24,959

listeners just in a nutshell

329

00:13:28,230 --> 00:13:26,000

um

330

00:13:30,310 --> 00:13:28,240

i i'm not i can't remember the exact

331

00:13:31,910 --> 00:13:30,320

year that this happened

332

00:13:33,910 --> 00:13:31,920

1965.

333

00:13:35,670 --> 00:13:33,920

do you want to just do a quick nutshell

334

00:13:36,629 --> 00:13:35,680

and i want to know your opinion of that

335

00:13:40,069 --> 00:13:36,639

one

336

00:13:42,069 --> 00:13:40,079

okay and uh this happened in 1965 i was

337

00:13:44,150 --> 00:13:42,079

i was just a kid back then

338

00:13:46,150 --> 00:13:44,160

and uh

339

00:13:47,189 --> 00:13:46,160

i was living i lived in the pittsburgh

340

00:13:48,710 --> 00:13:47,199

area

341

00:13:51,269 --> 00:13:48,720

and one day

342

00:13:52,949 --> 00:13:51,279

i'm taking making a long story short but

343

00:13:54,550 --> 00:13:52,959

i have a twin brother

344

00:13:56,310 --> 00:13:54,560

and we were

345

00:13:59,269 --> 00:13:56,320

sitting in the car

346

00:14:00,710 --> 00:13:59,279

it was a 1965 chevy impala if you can

347

00:14:03,030 --> 00:14:00,720

imagine that

348

00:14:04,870 --> 00:14:03,040

so we were sitting in the car and on the

349

00:14:08,150 --> 00:14:04,880

over the radio was we were listening to

350

00:14:10,870 --> 00:14:08,160

kdka and a message came over that uh

351

00:14:13,269 --> 00:14:10,880

a ufo flying saucer or no it wasn't a

352

00:14:15,990 --> 00:14:13,279

flying saucer they just said a ufo had

353

00:14:17,670 --> 00:14:16,000

been cited outside of greensburg in

354

00:14:20,790 --> 00:14:17,680

pennsylvania

355

00:14:22,470 --> 00:14:20,800

and so we drove home right away and

356

00:14:24,710 --> 00:14:22,480

asked our parents if we could drive out

357

00:14:26,629 --> 00:14:24,720

there which that was about 50 miles away

358

00:14:29,030 --> 00:14:26,639

from where we lived and they said no way

359

00:14:29,750 --> 00:14:29,040

not the way you two drive

360

00:14:32,069 --> 00:14:29,760

so

361

00:14:36,470 --> 00:14:32,079

we just i just heard the whole case

362

00:14:38,389 --> 00:14:36,480

unfold on the kdka radio and on kdka

363

00:14:41,110 --> 00:14:38,399

television when it came on the news that

364

00:14:44,069 --> 00:14:41,120

night so that's how i was exposed to it

365

00:14:47,670 --> 00:14:44,079

and then later on uh being a member of

366

00:14:51,430 --> 00:14:47,680

pasa that was kind of like their

367

00:14:54,310 --> 00:14:51,440

uh their baby you know that was the uh

368

00:14:57,750 --> 00:14:54,320

ufo incident that they had a kind of a

369

00:15:00,790 --> 00:14:57,760

select group that was investigating that

370

00:15:03,030 --> 00:15:00,800

so i i just through osmosis basically i

371

00:15:06,150 --> 00:15:03,040

learned things about that kecksburg

372

00:15:08,470 --> 00:15:06,160

incident that in 1987

373

00:15:11,269 --> 00:15:08,480

during the conference it was done in

374

00:15:13,590 --> 00:15:11,279

coordination with mufon and pasa that's

375

00:15:16,310 --> 00:15:13,600

when the first witnesses came up

376

00:15:18,629 --> 00:15:16,320

and i think i was the possibly the only

377

00:15:21,189 --> 00:15:18,639

ufo

378

00:15:23,189 --> 00:15:21,199

field investigator i was possibly the

379

00:15:25,350 --> 00:15:23,199

first one to hear witnesses talk about

380

00:15:27,189 --> 00:15:25,360

the kickstart case but that was like you

381

00:15:30,870 --> 00:15:27,199

know what 13

382

00:15:34,230 --> 00:15:30,880

years or no what 20 what 65 to

383

00:15:37,430 --> 00:15:34,240

this was 87 so 20 25

384

00:15:39,509 --> 00:15:37,440

22 years later yeah

385

00:15:41,030 --> 00:15:39,519

and yeah that's an interesting case you

386

00:15:42,310 --> 00:15:41,040

know

387

00:15:43,910 --> 00:15:42,320

there

388

00:15:45,269 --> 00:15:43,920

it seems like a little bit of feedback i

389

00:15:46,790 --> 00:15:45,279

can't really do much on this end about

390

00:15:48,790 --> 00:15:46,800

it maybe you may want to turn your

391

00:15:51,590 --> 00:15:48,800

volume down a little bit

392

00:15:53,910 --> 00:15:51,600

i i don't know that i can but okay we'll

393

00:15:55,590 --> 00:15:53,920

just go with it i'll move

394

00:15:56,710 --> 00:15:55,600

i'm going to mute your mic while i talk

395

00:15:59,670 --> 00:15:56,720

okay

396

00:16:01,990 --> 00:15:59,680

so um

397

00:16:03,990 --> 00:16:02,000

we had i think it was john ventry

398

00:16:07,110 --> 00:16:04,000

controversial figure as you know

399

00:16:08,389 --> 00:16:07,120

probably um had an idea that kecksburg

400

00:16:10,310 --> 00:16:08,399

was a

401  
00:16:11,990 --> 00:16:10,320  
satellite and

402  
00:16:13,269 --> 00:16:12,000  
he had some pretty compelling evidence i

403  
00:16:16,230 --> 00:16:13,279  
had him on

404  
00:16:17,829 --> 00:16:16,240  
basically sort of debating stan gordon

405  
00:16:19,189 --> 00:16:17,839  
about about the whole thing because it

406  
00:16:21,990 --> 00:16:19,199  
didn't quite fit there was a lot of

407  
00:16:23,509 --> 00:16:22,000  
things that didn't quite fit so uh i'll

408  
00:16:26,710 --> 00:16:23,519  
unmute your mic here and ask you what's

409  
00:16:28,870 --> 00:16:26,720  
your opinion of his theory

410  
00:16:31,350 --> 00:16:28,880  
yes in fact uh

411  
00:16:33,110 --> 00:16:31,360  
john and i talked and uh there was a

412  
00:16:34,310 --> 00:16:33,120  
another person that john was working

413  
00:16:36,949 --> 00:16:34,320

with

414

00:16:38,870 --> 00:16:36,959

oh i can't i i know

415

00:16:40,230 --> 00:16:38,880

owen

416

00:16:41,350 --> 00:16:40,240

yeah any

417

00:16:42,550 --> 00:16:41,360

uh

418

00:16:44,150 --> 00:16:42,560

i can't i

419

00:16:47,189 --> 00:16:44,160

i can't think of his name right now but

420

00:16:50,310 --> 00:16:47,199

but uh they were both working on that

421

00:16:52,710 --> 00:16:50,320

and that was the uh what was it the mark

422

00:16:54,069 --> 00:16:52,720

ii or something that they they said that

423

00:16:56,230 --> 00:16:54,079

it was

424

00:16:58,710 --> 00:16:56,240

and they did some research on it and i

425

00:17:01,030 --> 00:16:58,720

was in contact with i think his name was

426  
00:17:02,629 --> 00:17:01,040  
owen because i was doing research at the

427  
00:17:04,789 --> 00:17:02,639  
same time

428  
00:17:07,590 --> 00:17:04,799  
on the kecksberg case

429  
00:17:10,549 --> 00:17:07,600  
and i i told him you know

430  
00:17:11,990 --> 00:17:10,559  
the the object that they say

431  
00:17:13,990 --> 00:17:12,000  
landed there

432  
00:17:16,710 --> 00:17:14,000  
it didn't look anything at all like what

433  
00:17:20,870 --> 00:17:16,720  
the witnesses described

434  
00:17:23,429 --> 00:17:20,880  
and uh i had actually i had i had spoken

435  
00:17:24,710 --> 00:17:23,439  
with four witnesses who saw the

436  
00:17:27,990 --> 00:17:24,720  
kicksburg

437  
00:17:29,029 --> 00:17:28,000  
object come in for a relatively soft

438  
00:17:31,350 --> 00:17:29,039

landing

439

00:17:33,430 --> 00:17:31,360

they they were they they see they had

440

00:17:35,190 --> 00:17:33,440

seen it in the sky

441

00:17:37,510 --> 00:17:35,200

they had certain seen it they had

442

00:17:39,669 --> 00:17:37,520

watched it sorry they had watched it

443

00:17:42,549 --> 00:17:39,679

change directions and so forth right it

444

00:17:45,190 --> 00:17:42,559

was in the sky so they knew it wasn't a

445

00:17:47,029 --> 00:17:45,200

a meteor or anything like that

446

00:17:48,870 --> 00:17:47,039

but what the uh

447

00:17:51,350 --> 00:17:48,880

witnesses described that day that they

448

00:17:54,310 --> 00:17:51,360

saw on the ground was this uh it was an

449

00:17:56,070 --> 00:17:54,320

acorn-shaped gold object

450

00:17:57,190 --> 00:17:56,080

with some strange writing around the

451  
00:17:59,990 --> 00:17:57,200  
base

452  
00:18:02,150 --> 00:18:00,000  
and that's what the witnesses described

453  
00:18:04,230 --> 00:18:02,160  
and then i so i started researching and

454  
00:18:07,270 --> 00:18:04,240  
i found out you know there was a

455  
00:18:10,470 --> 00:18:07,280  
satellite uh a corona satellite that was

456  
00:18:12,310 --> 00:18:10,480  
launched from california that same

457  
00:18:16,310 --> 00:18:12,320  
morning

458  
00:18:18,789 --> 00:18:16,320  
and then it had an ob a uh a um

459  
00:18:22,070 --> 00:18:18,799  
it was a it was a type of a spy

460  
00:18:24,630 --> 00:18:22,080  
satellite inside and that the container

461  
00:18:27,590 --> 00:18:24,640  
it was called a film bucket that this

462  
00:18:29,190 --> 00:18:27,600  
the satellite was in

463  
00:18:31,270 --> 00:18:29,200

matched the description of what the

464

00:18:33,750 --> 00:18:31,280

witnesses saw to a t

465

00:18:35,270 --> 00:18:33,760

and i you know i traced

466

00:18:37,510 --> 00:18:35,280

traced it and found out why they would

467

00:18:39,830 --> 00:18:37,520

have done it and took me you know

468

00:18:42,950 --> 00:18:39,840

a couple of years to figure it out it it

469

00:18:44,870 --> 00:18:42,960

it was not that uh

470

00:18:47,350 --> 00:18:44,880

satellite that they claimed it was and

471

00:18:49,430 --> 00:18:47,360

in fact i talked to owen later and with

472

00:18:51,029 --> 00:18:49,440

all the information that i had plus i

473

00:18:52,310 --> 00:18:51,039

had additional information that they

474

00:18:54,789 --> 00:18:52,320

didn't have

475

00:18:58,470 --> 00:18:54,799

he said yum mine was the bet he agreed

476

00:19:01,909 --> 00:18:58,480

that mine was the better solution to it

477

00:19:03,750 --> 00:19:01,919

so you think that's what that was so

478

00:19:05,669 --> 00:19:03,760

you actually think that's just do you

479

00:19:06,630 --> 00:19:05,679

feel comfortable that that mystery is

480

00:19:08,630 --> 00:19:06,640

solved

481

00:19:10,630 --> 00:19:08,640

yes

482

00:19:11,669 --> 00:19:10,640

and and so here it goes back to the

483

00:19:15,029 --> 00:19:11,679

myths

484

00:19:17,190 --> 00:19:15,039

and

485

00:19:19,669 --> 00:19:17,200

how that carries on through

486

00:19:22,310 --> 00:19:19,679

generations or potentially can

487

00:19:24,470 --> 00:19:22,320

and really all you can do is get your

488

00:19:26,789 --> 00:19:24,480

side of this the story out there i just

489

00:19:29,430 --> 00:19:26,799

want to pop this up on the screen uh you

490

00:19:32,310 --> 00:19:29,440

know this person is saying hi to you

491

00:19:34,950 --> 00:19:32,320

oh that's my niece your niece is saying

492

00:19:37,270 --> 00:19:34,960

hi tammy yes i

493

00:19:38,710 --> 00:19:37,280

told her about this evening so all right

494

00:19:41,830 --> 00:19:38,720

excellent that's fine

495

00:19:44,390 --> 00:19:41,840

fun stuff what's up um so yes that was

496

00:19:47,110 --> 00:19:44,400

keksburg someone wrote up in the

497

00:19:48,669 --> 00:19:47,120

in the uh that it was uh december

498

00:19:51,669 --> 00:19:48,679

ninth 19th

499

00:19:54,150 --> 00:19:51,679

1965 oh

500

00:19:55,590 --> 00:19:54,160

i think yeah i'm pretty sure i was 65.

501  
00:19:58,150 --> 00:19:55,600  
all right well

502  
00:19:58,950 --> 00:19:58,160  
uh interesting and what is what are some

503  
00:20:00,470 --> 00:19:58,960  
other

504  
00:20:01,909 --> 00:20:00,480  
just since we're on the subject of

505  
00:20:03,750 --> 00:20:01,919  
pennsylvania

506  
00:20:04,549 --> 00:20:03,760  
what would you consider

507  
00:20:08,310 --> 00:20:04,559  
like

508  
00:20:09,590 --> 00:20:08,320  
besides kecksberg is that really the

509  
00:20:11,750 --> 00:20:09,600  
the best

510  
00:20:13,750 --> 00:20:11,760  
known ufo sighting is there any other

511  
00:20:16,390 --> 00:20:13,760  
extraordinary sightings that you can

512  
00:20:22,789 --> 00:20:20,390  
as far as ufos are concerned

513  
00:20:23,669 --> 00:20:22,799

that's about it

514

00:20:28,470 --> 00:20:23,679

now

515

00:20:30,710 --> 00:20:28,480

we would meet once a month

516

00:20:32,789 --> 00:20:30,720

and talk about other sightings

517

00:20:35,350 --> 00:20:32,799

there were quite a few sightings in

518

00:20:38,230 --> 00:20:35,360

pennsylvania

519

00:20:39,669 --> 00:20:38,240

and i i had one myself in 1989 it was a

520

00:20:42,149 --> 00:20:39,679

close encounter

521

00:20:44,070 --> 00:20:42,159

that was you know i have no idea what

522

00:20:45,750 --> 00:20:44,080

that was but

523

00:20:50,549 --> 00:20:45,760

there

524

00:20:52,789 --> 00:20:50,559

sightings in pennsylvania it was rated

525

00:20:54,870 --> 00:20:52,799

fairly high

526

00:20:56,630 --> 00:20:54,880

in in the you know as far as sightings

527

00:21:01,590 --> 00:20:56,640

goes back in the years that i lived

528

00:21:04,390 --> 00:21:02,789

but uh

529

00:21:06,390 --> 00:21:04,400

there were there was a place called the

530

00:21:07,510 --> 00:21:06,400

chestnut ridge

531

00:21:09,270 --> 00:21:07,520

right

532

00:21:12,630 --> 00:21:09,280

in pennsylvania

533

00:21:13,590 --> 00:21:12,640

and there were all kinds of strange

534

00:21:15,510 --> 00:21:13,600

events

535

00:21:17,590 --> 00:21:15,520

that happened

536

00:21:20,149 --> 00:21:17,600

along that ridge

537

00:21:21,909 --> 00:21:20,159

including the the object that i saw in

538

00:21:23,029 --> 00:21:21,919

1989

539

00:21:25,830 --> 00:21:23,039

uh

540

00:21:27,990 --> 00:21:25,840

that had been seen in different spots

541

00:21:30,950 --> 00:21:28,000

other than where i saw it in evansburg

542

00:21:32,870 --> 00:21:30,960

pennsylvania and it i drew a straight

543

00:21:35,510 --> 00:21:32,880

line one time from all the there were

544

00:21:37,909 --> 00:21:35,520

three places that that object was seen

545

00:21:41,510 --> 00:21:37,919

and it came out to be a you know

546

00:21:43,190 --> 00:21:41,520

right along the uh chestnut ridge

547

00:21:46,390 --> 00:21:43,200

yeah i remember

548

00:21:47,270 --> 00:21:46,400

that um stan talked about the chestnut

549

00:21:49,830 --> 00:21:47,280

ridge

550

00:21:51,990 --> 00:21:49,840

um quite a bit and but i do want to hear

551  
00:21:54,549 --> 00:21:52,000  
since you just brought it up

552  
00:21:56,830 --> 00:21:54,559  
i do want to hear what your ufo sighting

553  
00:22:00,390 --> 00:21:56,840  
your encounter was

554  
00:22:04,470 --> 00:22:00,400  
okay i hope i can remember all of this

555  
00:22:05,909 --> 00:22:04,480  
uh okay this happened in 1989

556  
00:22:08,470 --> 00:22:05,919  
and i'll probably try to put it a little

557  
00:22:10,950 --> 00:22:08,480  
bit in perspective

558  
00:22:14,149 --> 00:22:10,960  
back then i know you're an artist and i

559  
00:22:16,710 --> 00:22:14,159  
i was always involved in the arts

560  
00:22:18,950 --> 00:22:16,720  
and i really think that some that kind

561  
00:22:22,870 --> 00:22:18,960  
of those kind of skills that artists

562  
00:22:25,430 --> 00:22:22,880  
have are important in dealing with

563  
00:22:27,190 --> 00:22:25,440

uap slash ufos i really do and that's

564

00:22:28,310 --> 00:22:27,200

that's part of like my recent work what

565

00:22:31,990 --> 00:22:28,320

that's about

566

00:22:34,390 --> 00:22:32,000

but in 1989 i was part of a

567

00:22:35,990 --> 00:22:34,400

uh an arts festival and it was i was the

568

00:22:37,190 --> 00:22:36,000

chairman of the performing arts

569

00:22:40,870 --> 00:22:37,200

committee

570

00:22:42,630 --> 00:22:40,880

and i was to go out and audition bands

571

00:22:45,110 --> 00:22:42,640

for the arts festival that happened

572

00:22:46,230 --> 00:22:45,120

every year in the arts festival the arts

573

00:22:48,149 --> 00:22:46,240

festival

574

00:22:50,789 --> 00:22:48,159

happened in blair

575

00:22:53,029 --> 00:22:50,799

county pennsylvania every year

576

00:22:55,990 --> 00:22:53,039

so it was my job to go out and audition

577

00:22:57,990 --> 00:22:56,000

bands and then if they performed well i

578

00:22:59,909 --> 00:22:58,000

would sign a contract with them for

579

00:23:02,149 --> 00:22:59,919

their performance at the arts festival

580

00:23:05,270 --> 00:23:02,159

so i was heading out for

581

00:23:07,590 --> 00:23:05,280

uh to audition a band one night it was

582

00:23:12,630 --> 00:23:07,600

in june i don't have the paper in front

583

00:23:17,590 --> 00:23:14,710

and uh

584

00:23:20,630 --> 00:23:17,600

what was happening was i uh i lived at

585

00:23:23,029 --> 00:23:20,640

the base of the blue knob ski resort in

586

00:23:25,110 --> 00:23:23,039

a you know like a a development a

587

00:23:27,510 --> 00:23:25,120

housing development the base of the skin

588

00:23:30,230 --> 00:23:27,520

the blue knob ski resort

589

00:23:31,190 --> 00:23:30,240

and uh my neighbor and i were going to

590

00:23:35,750 --> 00:23:31,200

just

591

00:23:38,950 --> 00:23:35,760

out to this uh it was a little like road

592

00:23:40,870 --> 00:23:38,960

club in ebbingsburg pennsylvania

593

00:23:42,710 --> 00:23:40,880

we were going to drive out there i was

594

00:23:44,310 --> 00:23:42,720

going to audition the band and we're

595

00:23:46,390 --> 00:23:44,320

going to drive back to the housing

596

00:23:48,470 --> 00:23:46,400

development

597

00:23:50,310 --> 00:23:48,480

and that's all i was going to do so and

598

00:23:52,149 --> 00:23:50,320

she was just going to go up with me to

599

00:23:53,510 --> 00:23:52,159

to kill time

600

00:23:56,470 --> 00:23:53,520

and uh

601  
00:23:58,390 --> 00:23:56,480  
so we and that that time i had a car an

602  
00:24:00,070 --> 00:23:58,400  
automobile known as a

603  
00:24:02,390 --> 00:24:00,080  
a volkswagen

604  
00:24:06,710 --> 00:24:02,400  
sriracha oh yes and

605  
00:24:08,230 --> 00:24:06,720  
that car had a moon roof on it

606  
00:24:10,630 --> 00:24:08,240  
and so

607  
00:24:12,230 --> 00:24:10,640  
we drove up there it was a really pretty

608  
00:24:14,710 --> 00:24:12,240  
warm night

609  
00:24:16,789 --> 00:24:14,720  
and i had the moon roof open and we

610  
00:24:17,669 --> 00:24:16,799  
drove up it was a mountainous four-lane

611  
00:24:21,909 --> 00:24:17,679  
road

612  
00:24:23,430 --> 00:24:21,919  
so we drove up we found this little bar

613  
00:24:25,029 --> 00:24:23,440

and the group groups we'll call them

614

00:24:27,830 --> 00:24:25,039

uptown larry

615

00:24:31,190 --> 00:24:27,840

and well that's what's his name but uh

616

00:24:33,510 --> 00:24:31,200

so we drove up and auditioned the group

617

00:24:36,149 --> 00:24:33,520

and on the way back we're driving back

618

00:24:38,710 --> 00:24:36,159

in this four-lane highway and i'm

619

00:24:40,950 --> 00:24:38,720

driving my car and i'm trying to talk to

620

00:24:42,710 --> 00:24:40,960

her she's sitting next to me

621

00:24:44,950 --> 00:24:42,720

and i'm trying to tell her we're talking

622

00:24:47,510 --> 00:24:44,960

about the performance of the band that

623

00:24:50,470 --> 00:24:47,520

night when all of a sudden i was looking

624

00:24:53,909 --> 00:24:50,480

out over her to my right and i saw

625

00:24:55,269 --> 00:24:53,919

something start to move outside of the

626  
00:24:57,669 --> 00:24:55,279  
car's

627  
00:25:00,549 --> 00:24:57,679  
passenger side windshield

628  
00:25:02,149 --> 00:25:00,559  
on her side and i i kept trying to talk

629  
00:25:03,590 --> 00:25:02,159  
with her and look back to the road and i

630  
00:25:04,710 --> 00:25:03,600  
kept looking over

631  
00:25:06,549 --> 00:25:04,720  
and

632  
00:25:08,549 --> 00:25:06,559  
there was a guard rail there was a four

633  
00:25:11,669 --> 00:25:08,559  
lane high room with a guardrail and i

634  
00:25:14,549 --> 00:25:11,679  
saw something that was on the ground

635  
00:25:16,310 --> 00:25:14,559  
behind the guardrail near the bottom of

636  
00:25:17,830 --> 00:25:16,320  
a big tree

637  
00:25:19,190 --> 00:25:17,840  
and i could see something it looked like

638  
00:25:22,149 --> 00:25:19,200

it was black

639

00:25:24,870 --> 00:25:22,159

and it was moving

640

00:25:25,590 --> 00:25:24,880

and i i didn't know what it was

641

00:25:27,190 --> 00:25:25,600

so

642

00:25:31,029 --> 00:25:27,200

as we started getting closer to it it

643

00:25:33,510 --> 00:25:31,039

was about 30 yards away at that point

644

00:25:35,190 --> 00:25:33,520

i started noticing you know that

645

00:25:37,110 --> 00:25:35,200

whatever this thing was it started

646

00:25:40,149 --> 00:25:37,120

rising up

647

00:25:42,630 --> 00:25:40,159

from behind the guardrail

648

00:25:45,190 --> 00:25:42,640

so it started it was started coming up

649

00:25:46,789 --> 00:25:45,200

further and further up to under the

650

00:25:49,190 --> 00:25:46,799

branches of the tree that was behind the

651

00:25:52,230 --> 00:25:49,200

guardrail and as it was rising up you

652

00:25:53,909 --> 00:25:52,240

went from a black color to a dark gray

653

00:25:56,230 --> 00:25:53,919

color to like a

654

00:25:58,070 --> 00:25:56,240

to like an urban camouflage color that

655

00:25:59,590 --> 00:25:58,080

was gray and white and black and then

656

00:26:01,750 --> 00:25:59,600

when it got up to right underneath the

657

00:26:04,390 --> 00:26:01,760

branches of the tree it was kind of like

658

00:26:06,070 --> 00:26:04,400

an opaque white color

659

00:26:08,310 --> 00:26:06,080

and i thought that first of all you know

660

00:26:10,070 --> 00:26:08,320

this might be a great big bird but what

661

00:26:13,110 --> 00:26:10,080

is a bird doing out this time of night

662

00:26:16,310 --> 00:26:13,120

maybe maybe it was like a snowy owl

663

00:26:19,350 --> 00:26:16,320

but what's a snowy aisle doing down here

664

00:26:22,310 --> 00:26:19,360

so anyhow this object is now hovering

665

00:26:24,870 --> 00:26:22,320

under the branches of this tree

666

00:26:27,909 --> 00:26:24,880

and it turns like a translucent gray

667

00:26:31,510 --> 00:26:27,919

color and then my mind starts focusing

668

00:26:34,549 --> 00:26:31,520

on it like i notice that it's flying but

669

00:26:37,190 --> 00:26:34,559

it's not flapping its wings

670

00:26:38,390 --> 00:26:37,200

and i notice that it doesn't have any

671

00:26:40,870 --> 00:26:38,400

feathers

672

00:26:42,630 --> 00:26:40,880

it's just like a smooth skin

673

00:26:44,710 --> 00:26:42,640

on this object

674

00:26:46,630 --> 00:26:44,720

so then it's and again i'm cutting this

675

00:26:48,310 --> 00:26:46,640

whole story a little bit short but it

676  
00:26:50,789 --> 00:26:48,320  
comes floating out from underneath the

677  
00:26:53,909 --> 00:26:50,799  
branches of that tree and it's getting

678  
00:26:57,830 --> 00:26:53,919  
closer to the road that i'm traveling on

679  
00:26:59,430 --> 00:26:57,840  
and as it gets closer to me

680  
00:27:02,230 --> 00:26:59,440  
it turns

681  
00:27:04,310 --> 00:27:02,240  
colors actually i put my high beams on i

682  
00:27:06,710 --> 00:27:04,320  
clicked my high beams on so i could see

683  
00:27:09,510 --> 00:27:06,720  
it better and when i did this thing

684  
00:27:12,310 --> 00:27:09,520  
turned a color that was like a

685  
00:27:15,269 --> 00:27:12,320  
a fluorescent green watch style for a

686  
00:27:17,350 --> 00:27:15,279  
wristwatch the thing turns his totally

687  
00:27:19,590 --> 00:27:17,360  
fluorescent green color

688  
00:27:22,149 --> 00:27:19,600

and when i turned on the lights and it

689

00:27:25,510 --> 00:27:22,159

started flying over me i got a look

690

00:27:27,510 --> 00:27:25,520

underneath and it wasn't a bird at all

691

00:27:29,350 --> 00:27:27,520

it looked more like a manta ray but

692

00:27:31,830 --> 00:27:29,360

there were no feet underneath there was

693

00:27:34,630 --> 00:27:31,840

no beak there was no openings for the

694

00:27:37,029 --> 00:27:34,640

neck or the or the wings

695

00:27:40,149 --> 00:27:37,039

so it looked like it was like a smooth

696

00:27:43,590 --> 00:27:40,159

translucent color that was glowing green

697

00:27:45,110 --> 00:27:43,600

and it came and it dive bombed my car

698

00:27:46,389 --> 00:27:45,120

and when it did

699

00:27:51,669 --> 00:27:46,399

the whole car

700

00:27:54,149 --> 00:27:51,679

turned that fluorescent green inside

701  
00:27:56,310 --> 00:27:54,159  
and then it dipped and it almost hit the

702  
00:27:58,789 --> 00:27:56,320  
the pavement

703  
00:28:02,070 --> 00:27:58,799  
and then it took off like hundreds of

704  
00:28:04,389 --> 00:28:02,080  
miles an hour and it flew off you know

705  
00:28:06,230 --> 00:28:04,399  
up in the sky and it left like a trace

706  
00:28:07,190 --> 00:28:06,240  
like a tracer bullet would leave in the

707  
00:28:08,789 --> 00:28:07,200  
sky

708  
00:28:10,710 --> 00:28:08,799  
and it took about

709  
00:28:12,630 --> 00:28:10,720  
that whole thing probably lasted less

710  
00:28:14,070 --> 00:28:12,640  
than two minutes

711  
00:28:15,590 --> 00:28:14,080  
well two minutes is actually quite a

712  
00:28:16,789 --> 00:28:15,600  
long time when something like that's

713  
00:28:17,830 --> 00:28:16,799

happening

714

00:28:21,590 --> 00:28:17,840

yeah

715

00:28:23,750 --> 00:28:21,600

watching it because it i didn't know

716

00:28:26,470 --> 00:28:23,760

what it was it was behind the guardrail

717

00:28:29,110 --> 00:28:26,480

and then it just flew up and did that

718

00:28:32,549 --> 00:28:29,120

but that wasn't the strangest part

719

00:28:34,470 --> 00:28:32,559

of the event uh my friend and i we when

720

00:28:37,110 --> 00:28:34,480

we that happened we both looked at each

721

00:28:39,510 --> 00:28:37,120

other like what was that you know

722

00:28:41,909 --> 00:28:39,520

and once we looked at each other like in

723

00:28:44,630 --> 00:28:41,919

unison on cue

724

00:28:47,830 --> 00:28:44,640

we both started to hyperventilate

725

00:28:51,029 --> 00:28:47,840

really yeah really fast okay and that's

726

00:28:53,750 --> 00:28:51,039

the white circle we're both like going

727

00:28:56,310 --> 00:28:53,760

and i it got so bad

728

00:28:58,149 --> 00:28:56,320

that i had to pull off the road

729

00:29:00,549 --> 00:28:58,159

you know so i pulled off the road you

730

00:29:02,470 --> 00:29:00,559

know and it was like the the shoulder of

731

00:29:04,070 --> 00:29:02,480

the road had just gravel on it and you

732

00:29:05,750 --> 00:29:04,080

could hear the rocks hitting up

733

00:29:08,549 --> 00:29:05,760

underneath the car and everything and

734

00:29:10,870 --> 00:29:08,559

then we both got out of the car

735

00:29:12,470 --> 00:29:10,880

and i put my hands on my knees and i

736

00:29:14,470 --> 00:29:12,480

finally got my breath

737

00:29:16,630 --> 00:29:14,480

and then i just looked at her and i said

738

00:29:18,470 --> 00:29:16,640

i've got to report this

739

00:29:20,310 --> 00:29:18,480

so we got back in the car and i drove

740

00:29:22,389 --> 00:29:20,320

back to where we lived and she went to

741

00:29:24,789 --> 00:29:22,399

her house and i went in and i reported

742

00:29:27,590 --> 00:29:24,799

it to the i think it was the

743

00:29:29,669 --> 00:29:27,600

paso had a hotline

744

00:29:32,630 --> 00:29:29,679

so i reported that that it was probably

745

00:29:34,710 --> 00:29:32,640

that around oh close to one o'clock in

746

00:29:35,909 --> 00:29:34,720

the morning that time

747

00:29:38,470 --> 00:29:35,919

after that

748

00:29:40,789 --> 00:29:38,480

so i reported it and a little later i

749

00:29:42,230 --> 00:29:40,799

got a call back from the hotline

750

00:29:45,029 --> 00:29:42,240

you know because i told them how the

751

00:29:46,789 --> 00:29:45,039

whole inside of the car turned green

752

00:29:49,430 --> 00:29:46,799

and they said well maybe you should get

753

00:29:51,990 --> 00:29:49,440

the tested at the hospital to see if you

754

00:29:54,230 --> 00:29:52,000

have uh excess radiation because some of

755

00:29:57,990 --> 00:29:54,240

the things that we've been investigating

756

00:29:59,830 --> 00:29:58,000

with ufos like that people have been

757

00:30:00,630 --> 00:29:59,840

dosed with radiation

758

00:30:02,950 --> 00:30:00,640

so

759

00:30:05,350 --> 00:30:02,960

i made an appointment later on and got

760

00:30:06,830 --> 00:30:05,360

the test the hospital but they didn't

761

00:30:09,750 --> 00:30:06,840

find any excess

762

00:30:13,029 --> 00:30:09,760

radiation now you hyperventilated you

763

00:30:16,389 --> 00:30:13,039

both did would you say that you were

764

00:30:17,590 --> 00:30:16,399

that there was real fear involved or

765

00:30:19,510 --> 00:30:17,600

how did you

766

00:30:21,590 --> 00:30:19,520

what was going through the feelings when

767

00:30:23,990 --> 00:30:21,600

you were seeing this thing not there was

768

00:30:25,669 --> 00:30:24,000

no fear i mean it happened

769

00:30:27,029 --> 00:30:25,679

neither one of us expected that to

770

00:30:28,789 --> 00:30:27,039

happen

771

00:30:30,950 --> 00:30:28,799

but uh now

772

00:30:32,549 --> 00:30:30,960

neither one at least for me i could say

773

00:30:35,190 --> 00:30:32,559

there was no fear because it happened

774

00:30:38,230 --> 00:30:35,200

too fast and i was too amazed at this

775

00:30:40,230 --> 00:30:38,240

thing flying over my car

776

00:30:42,789 --> 00:30:40,240

to take it in and i didn't expect to

777

00:30:44,950 --> 00:30:42,799

start hyperventilating it just happened

778

00:30:46,950 --> 00:30:44,960

automatically

779

00:30:48,870 --> 00:30:46,960

and then that's when at the time you

780

00:30:52,389 --> 00:30:48,880

know i had been doing some research with

781

00:30:54,070 --> 00:30:52,399

penn state on aesthetic experiences and

782

00:30:56,630 --> 00:30:54,080

really what i had

783

00:30:58,870 --> 00:30:56,640

was an extremely intense aesthetic

784

00:31:00,310 --> 00:30:58,880

experience is what we had had from

785

00:31:03,990 --> 00:31:00,320

seeing that

786

00:31:05,509 --> 00:31:04,000

stimulating object fly over us and

787

00:31:07,350 --> 00:31:05,519

that's that's i mean it was i could

788

00:31:09,110 --> 00:31:07,360

still remember like it happened

789

00:31:12,710 --> 00:31:09,120

yesterday

790

00:31:15,110 --> 00:31:12,720

that is uh that is a very unique

791

00:31:18,310 --> 00:31:15,120

sighting to say the least you know yes

792

00:31:20,470 --> 00:31:18,320

and and i actually like those better

793

00:31:22,630 --> 00:31:20,480

than the typical ones like i had you

794

00:31:25,029 --> 00:31:22,640

know the saucer shape or whatever i mean

795

00:31:27,430 --> 00:31:25,039

it's just so unusual yeah well this

796

00:31:29,750 --> 00:31:27,440

actually this same object okay then that

797

00:31:30,830 --> 00:31:29,760

was in june so i went to the pass on

798

00:31:33,669 --> 00:31:30,840

meeting in

799

00:31:35,430 --> 00:31:33,679

july and passover put out like he put

800

00:31:37,509 --> 00:31:35,440

they put out like a newsletter every

801  
00:31:39,509 --> 00:31:37,519  
other month i think it was

802  
00:31:42,549 --> 00:31:39,519  
and and stan said to me i've got to show

803  
00:31:43,990 --> 00:31:42,559  
you something and here that same object

804  
00:31:44,950 --> 00:31:44,000  
was reported

805  
00:31:47,029 --> 00:31:44,960  
in

806  
00:31:54,310 --> 00:31:47,039  
uh may

807  
00:31:57,350 --> 00:31:55,269  
hello

808  
00:31:59,430 --> 00:31:57,360  
i'm sorry the same one

809  
00:32:02,630 --> 00:31:59,440  
yes except it was on the ground and it

810  
00:32:05,190 --> 00:32:02,640  
was glowing on the ground the same color

811  
00:32:07,190 --> 00:32:05,200  
and all the area around like it was near

812  
00:32:09,269 --> 00:32:07,200  
one of those uh

813  
00:32:11,750 --> 00:32:09,279

rural mailboxes

814

00:32:15,590 --> 00:32:11,760

and that whole that whole mailbox and

815

00:32:16,870 --> 00:32:15,600

everything was that same green color

816

00:32:20,310 --> 00:32:16,880

and then

817

00:32:21,990 --> 00:32:20,320

in 2004 i think it was

818

00:32:24,310 --> 00:32:22,000

the same object was seen in west

819

00:32:27,110 --> 00:32:24,320

virginia

820

00:32:28,870 --> 00:32:27,120

same exact object except it was gray and

821

00:32:31,190 --> 00:32:28,880

not green it was still

822

00:32:35,990 --> 00:32:31,200

in the gray phase

823

00:32:39,590 --> 00:32:37,750

yeah i mean your

824

00:32:41,590 --> 00:32:39,600

your best guess

825

00:32:43,110 --> 00:32:41,600

of what the heck i you know i i always

826

00:32:45,029 --> 00:32:43,120

tell people i don't know what they are

827

00:32:48,149 --> 00:32:45,039

you know whether extraterrestrial

828

00:32:50,149 --> 00:32:48,159

interdimensional time travel you name it

829

00:32:51,590 --> 00:32:50,159

what's your best guess on what you were

830

00:32:54,549 --> 00:32:51,600

looking at

831

00:32:56,710 --> 00:32:54,559

if i'd see that to if i would have if

832

00:32:58,389 --> 00:32:56,720

i'd see that today

833

00:33:01,750 --> 00:32:58,399

i'd probably say it was some type of

834

00:33:08,230 --> 00:33:04,789

just because it it looked like

835

00:33:09,990 --> 00:33:08,240

a drunk it looked like a a manta ray

836

00:33:12,149 --> 00:33:10,000

but it was you know it wasn't it wasn't

837

00:33:14,149 --> 00:33:12,159

flexible it wasn't moving

838

00:33:17,029 --> 00:33:14,159

like you know it's wings weren't

839

00:33:19,990 --> 00:33:17,039

flexible but you the thing is what got

840

00:33:21,990 --> 00:33:20,000

me was how my brain was working on it

841

00:33:23,590 --> 00:33:22,000

and it was working on me

842

00:33:24,549 --> 00:33:23,600

and then the the whole aesthetic

843

00:33:26,549 --> 00:33:24,559

experience

844

00:33:29,909 --> 00:33:26,559

like i've been have had a lot as a

845

00:33:32,070 --> 00:33:29,919

musician and artist i've had a lot of ex

846

00:33:34,549 --> 00:33:32,080

aesthetic experiences

847

00:33:37,029 --> 00:33:34,559

that was the strongest one i've ever had

848

00:33:41,430 --> 00:33:37,039

in my life and it's stuck with me ever

849

00:33:43,509 --> 00:33:41,440

since wow wow that is quite amazing um i

850

00:33:46,230 --> 00:33:43,519

just wanted to uh mention this because

851  
00:33:49,190 --> 00:33:46,240  
not everybody knows this but uh tomorrow

852  
00:33:50,950 --> 00:33:49,200  
we have a 90 year old gentleman william

853  
00:33:53,269 --> 00:33:50,960  
shatner can you believe it i mean he

854  
00:33:55,669 --> 00:33:53,279  
well there's no way he looks 90 there

855  
00:33:58,950 --> 00:33:55,679  
he's going to be up in uh blue horizon

856  
00:34:01,830 --> 00:33:58,960  
he's going to uh be going hitting space

857  
00:34:03,669 --> 00:34:01,840  
and i just saw this oh my god uh at 90

858  
00:34:05,350 --> 00:34:03,679  
years old and i just saw this i love

859  
00:34:06,950 --> 00:34:05,360  
this right here

860  
00:34:10,389 --> 00:34:06,960  
and that is uh we should all dress like

861  
00:34:12,389 --> 00:34:10,399  
this when william shatner returns

862  
00:34:15,109 --> 00:34:12,399  
those of you that are

863  
00:34:17,990 --> 00:34:15,119

only on audio that is uh plant a planet

864

00:34:21,109 --> 00:34:18,000

of the apes costume i thought that was

865

00:34:23,669 --> 00:34:21,119

super funny but uh but good for him i

866

00:34:26,069 --> 00:34:23,679

mean yes you know

867

00:34:28,149 --> 00:34:26,079

um at 90 years old

868

00:34:30,230 --> 00:34:28,159

why not try something that's really

869

00:34:31,589 --> 00:34:30,240

dangerous right

870

00:34:34,149 --> 00:34:31,599

you know why not

871

00:34:37,190 --> 00:34:34,159

yeah i mean he's got more more energy i

872

00:34:39,589 --> 00:34:37,200

had someone on that portrayed him in a

873

00:34:41,510 --> 00:34:39,599

continuing series of star trek he got to

874

00:34:43,750 --> 00:34:41,520

meet him and hang out with him and this

875

00:34:45,750 --> 00:34:43,760

was let's say 10 15 years ago and he

876

00:34:47,909 --> 00:34:45,760

said i didn't have the energy that

877

00:34:49,829 --> 00:34:47,919

william shatner had and this was a young

878

00:34:52,389 --> 00:34:49,839

guy in his like 40s

879

00:34:54,069 --> 00:34:52,399

so yeah good for him rode a motorcycle

880

00:34:55,510 --> 00:34:54,079

across country and mostly cross country

881

00:34:59,829 --> 00:34:55,520

in his 80s really

882

00:35:02,790 --> 00:34:59,839

yeah wow god just keeps going so um what

883

00:35:04,310 --> 00:35:02,800

now let's get back into this and i mean

884

00:35:06,470 --> 00:35:04,320

that was an incredible encounter thank

885

00:35:09,270 --> 00:35:06,480

you for sharing that sure

886

00:35:11,190 --> 00:35:09,280

and also looking in to see you know i do

887

00:35:13,990 --> 00:35:11,200

remember someone talking about our manta

888

00:35:16,710 --> 00:35:14,000

ray type craft but i don't remember any

889

00:35:18,550 --> 00:35:16,720

of the details of it um but so it's not

890

00:35:19,430 --> 00:35:18,560

completely unheard of

891

00:35:24,230 --> 00:35:19,440

and

892

00:35:26,470 --> 00:35:24,240

lot about i mean i had a i sat next to

893

00:35:28,950 --> 00:35:26,480

an american airlines

894

00:35:31,430 --> 00:35:28,960

pilot who when he was a fighter pilot

895

00:35:32,950 --> 00:35:31,440

years uh years ago in the military he

896

00:35:34,630 --> 00:35:32,960

had a green orb

897

00:35:36,710 --> 00:35:34,640

come up behind him and light up his

898

00:35:38,870 --> 00:35:36,720

whole cockpit and follow him for miles

899

00:35:41,349 --> 00:35:38,880

and miles and miles green is another one

900

00:35:43,109 --> 00:35:41,359

of those strange things you hear about

901  
00:35:44,390 --> 00:35:43,119  
you know the green orb and just the

902  
00:35:48,310 --> 00:35:44,400  
green color

903  
00:35:50,870 --> 00:35:48,320  
which is bizarre another bizarre twist

904  
00:35:53,910 --> 00:35:50,880  
but um so let's talk about

905  
00:35:55,750 --> 00:35:53,920  
um why you contacted me that what got

906  
00:35:56,829 --> 00:35:55,760  
you excited about

907  
00:35:59,430 --> 00:35:56,839  
current events

908  
00:36:02,230 --> 00:35:59,440  
etc well uh

909  
00:36:03,589 --> 00:36:02,240  
i'm not quite as old as william shatner

910  
00:36:04,870 --> 00:36:03,599  
is yet

911  
00:36:07,670 --> 00:36:04,880  
but uh

912  
00:36:09,990 --> 00:36:07,680  
there are some really exciting things

913  
00:36:11,030 --> 00:36:10,000

going on right now

914

00:36:13,990 --> 00:36:11,040

uh

915

00:36:16,710 --> 00:36:14,000

that's in the uap

916

00:36:18,870 --> 00:36:16,720

let's say uh

917

00:36:21,270 --> 00:36:18,880

the whole you know the whole area of

918

00:36:23,349 --> 00:36:21,280

uaps what's happening right now i find

919

00:36:24,150 --> 00:36:23,359

extremely exciting

920

00:36:26,950 --> 00:36:24,160

uh

921

00:36:30,390 --> 00:36:26,960

not only because of my background

922

00:36:33,190 --> 00:36:30,400

but also because uh i have had a career

923

00:36:36,550 --> 00:36:33,200

in education like i said for you know 40

924

00:36:39,190 --> 00:36:36,560

40 some years involved in education

925

00:36:41,990 --> 00:36:39,200

and the some of the research that i've

926  
00:36:44,550 --> 00:36:42,000  
done i'm a very serious researcher i'm

927  
00:36:46,950 --> 00:36:44,560  
very aggressive and i try to look for

928  
00:36:49,670 --> 00:36:46,960  
evidence and i'm i consider myself a

929  
00:36:52,550 --> 00:36:49,680  
scientist like i started out as a

930  
00:36:53,589 --> 00:36:52,560  
musician out of need and an artist out

931  
00:36:55,910 --> 00:36:53,599  
of need

932  
00:36:58,230 --> 00:36:55,920  
but i'm a scientist

933  
00:37:01,109 --> 00:36:58,240  
you know i'm sorry i was a musician out

934  
00:37:03,829 --> 00:37:01,119  
of nature but i'm now a scientist out of

935  
00:37:05,589 --> 00:37:03,839  
need i i just need to

936  
00:37:07,589 --> 00:37:05,599  
investigate those things

937  
00:37:09,030 --> 00:37:07,599  
but what was happening

938  
00:37:12,310 --> 00:37:09,040

is that

939

00:37:12,770 --> 00:37:12,320

recently starting back in

940

00:37:14,230 --> 00:37:12,780

june

941

00:37:16,390 --> 00:37:14,240

[Music]

942

00:37:18,870 --> 00:37:16,400

there are three events

943

00:37:20,550 --> 00:37:18,880

that really got my attention you mind if

944

00:37:22,230 --> 00:37:20,560

i i wrote this down is that okay if i

945

00:37:26,550 --> 00:37:22,240

read those to you

946

00:37:29,510 --> 00:37:28,390

and

947

00:37:31,670 --> 00:37:29,520

i think

948

00:37:35,510 --> 00:37:31,680

basically the whole

949

00:37:38,710 --> 00:37:35,520

idea of study studying uap

950

00:37:42,390 --> 00:37:38,720

has finally turned the corner

951  
00:37:48,230 --> 00:37:44,790  
more of a scientific approach to

952  
00:37:51,349 --> 00:37:48,240  
studying uap and that's going to be a a

953  
00:37:55,030 --> 00:37:51,359  
big jump i think for some people

954  
00:37:55,990 --> 00:37:55,040  
and what got me thinking this

955  
00:37:58,390 --> 00:37:56,000  
is that

956  
00:38:00,870 --> 00:37:58,400  
first of all science describes a body of

957  
00:38:03,430 --> 00:38:00,880  
information that's usually that's gained

958  
00:38:06,230 --> 00:38:03,440  
through curiosity so anybody that's

959  
00:38:09,430 --> 00:38:06,240  
still curious about things are is going

960  
00:38:11,349 --> 00:38:09,440  
to have to get involved in science

961  
00:38:14,069 --> 00:38:11,359  
but without evidence like you were

962  
00:38:15,670 --> 00:38:14,079  
saying earlier there is no science so

963  
00:38:19,829 --> 00:38:15,680

all of all of this has got to be

964

00:38:21,990 --> 00:38:19,839

scientific in nature but on june 25th

965

00:38:23,990 --> 00:38:22,000

2021 that's when the

966

00:38:26,550 --> 00:38:24,000

the office of the director of national

967

00:38:28,390 --> 00:38:26,560

intelligence that report

968

00:38:31,109 --> 00:38:28,400

that nine page report

969

00:38:34,390 --> 00:38:31,119

on unidentified aerial phenomena that's

970

00:38:37,750 --> 00:38:34,400

when it was released by the pentagon

971

00:38:41,430 --> 00:38:37,760

and it was only a nine page report

972

00:38:43,910 --> 00:38:41,440

but i started seeing some evidence that

973

00:38:46,390 --> 00:38:43,920

the government was admitting there's a

974

00:38:50,470 --> 00:38:46,400

category a catch-all category of things

975

00:38:51,349 --> 00:38:50,480

out there that they don't understand

976  
00:38:53,190 --> 00:38:51,359  
and

977  
00:38:56,150 --> 00:38:53,200  
personally over my years in my

978  
00:38:59,109 --> 00:38:56,160  
experience in my scientific research

979  
00:39:01,990 --> 00:38:59,119  
i'm finding that uaps

980  
00:39:04,790 --> 00:39:02,000  
are very complex

981  
00:39:07,750 --> 00:39:04,800  
they're very comprehensive they're very

982  
00:39:10,470 --> 00:39:07,760  
complex phenomenon they're not just

983  
00:39:12,310 --> 00:39:10,480  
things that fly in the sky

984  
00:39:14,630 --> 00:39:12,320  
so

985  
00:39:16,630 --> 00:39:14,640  
right after that release of that report

986  
00:39:19,670 --> 00:39:16,640  
there were members of the scientific

987  
00:39:22,790 --> 00:39:19,680  
community that began to propose like

988  
00:39:25,430 --> 00:39:22,800

scientifically taking a look for protect

989

00:39:26,710 --> 00:39:25,440

uh for evidence of extraterrestrial

990

00:39:29,190 --> 00:39:26,720

intelligence

991

00:39:30,950 --> 00:39:29,200

and that was you know the first time

992

00:39:33,349 --> 00:39:30,960

that i recall really the first

993

00:39:36,230 --> 00:39:33,359

scientists were starting to get on the

994

00:39:37,910 --> 00:39:36,240

bandwagon and wagon and asking for uh

995

00:39:39,910 --> 00:39:37,920

research to be done

996

00:39:42,710 --> 00:39:39,920

so then

997

00:39:47,349 --> 00:39:42,720

that that happened on july or june 25th

998

00:39:49,750 --> 00:39:47,359

on july 26 the same year 2021

999

00:39:52,550 --> 00:39:49,760

that's when

1000

00:39:55,430 --> 00:39:52,560

harvard university announced

1001  
00:40:01,030 --> 00:39:55,440  
the galileo project

1002  
00:40:03,670 --> 00:40:01,040  
time was being headed up by avi loeb and

1003  
00:40:05,270 --> 00:40:03,680  
there was another co-founder i think his

1004  
00:40:07,349 --> 00:40:05,280  
name was uh

1005  
00:40:09,030 --> 00:40:07,359  
frank

1006  
00:40:13,190 --> 00:40:09,040  
i can't think of his last name like

1007  
00:40:14,870 --> 00:40:13,200  
right now but um anyhow

1008  
00:40:16,390 --> 00:40:14,880  
they claimed that

1009  
00:40:18,550 --> 00:40:16,400  
on a through a

1010  
00:40:20,230 --> 00:40:18,560  
youtube video they claimed that

1011  
00:40:22,950 --> 00:40:20,240  
harvard was going to start looking for

1012  
00:40:25,910 --> 00:40:22,960  
evidence for extraterrestrial

1013  
00:40:27,109 --> 00:40:25,920

technological civilizations

1014

00:40:28,790 --> 00:40:27,119

so

1015

00:40:30,069 --> 00:40:28,800

that was a project that they were

1016

00:40:33,190 --> 00:40:30,079

kicking off

1017

00:40:35,030 --> 00:40:33,200

and that was in july 26th then i don't

1018

00:40:38,470 --> 00:40:35,040

know many people don't know about this

1019

00:40:39,589 --> 00:40:38,480

but on september 4th i got a letter from

1020

00:40:42,309 --> 00:40:39,599

penn state

1021

00:40:45,030 --> 00:40:42,319

and that's my alma mater

1022

00:40:46,950 --> 00:40:45,040

but they were starting to uh

1023

00:40:49,430 --> 00:40:46,960

penn state was becoming part of a

1024

00:40:50,950 --> 00:40:49,440

consortium that was going to start

1025

00:40:54,630 --> 00:40:50,960

looking for

1026  
00:40:56,390 --> 00:40:54,640  
answers about whether life exists beyond

1027  
00:40:59,589 --> 00:40:56,400  
earth

1028  
00:41:02,710 --> 00:40:59,599  
and so here's two top universities

1029  
00:41:03,829 --> 00:41:02,720  
uh the i think in my opinion the one in

1030  
00:41:07,829 --> 00:41:03,839  
penn state

1031  
00:41:08,870 --> 00:41:07,839  
little more interesting than the one at

1032  
00:41:11,430 --> 00:41:08,880  
harvard

1033  
00:41:14,309 --> 00:41:11,440  
because at penn state they've got like a

1034  
00:41:16,550 --> 00:41:14,319  
consortium of about 30

1035  
00:41:18,870 --> 00:41:16,560  
institutions research institutions that

1036  
00:41:19,670 --> 00:41:18,880  
they're going to use to start looking

1037  
00:41:22,069 --> 00:41:19,680  
for

1038  
00:41:24,230 --> 00:41:22,079

extraterrestrial life

1039

00:41:27,030 --> 00:41:24,240

once the

1040

00:41:30,710 --> 00:41:27,040

the ls stc

1041

00:41:35,750 --> 00:41:32,870

telescope is starting that in two years

1042

00:41:38,069 --> 00:41:35,760

that should be open it's the uh

1043

00:41:40,150 --> 00:41:38,079

i for i'm sorry i'm the getting a blank

1044

00:41:43,190 --> 00:41:40,160

on the name of that telescope right now

1045

00:41:44,950 --> 00:41:43,200

michael observatory reuben observatory

1046

00:41:46,470 --> 00:41:44,960

so they're going to get all this ton of

1047

00:41:50,230 --> 00:41:46,480

information

1048

00:41:51,349 --> 00:41:50,240

and uh they're going to start looking

1049

00:41:52,870 --> 00:41:51,359

for

1050

00:41:53,910 --> 00:41:52,880

evidence of

1051  
00:41:54,630 --> 00:41:53,920  
life

1052  
00:41:56,790 --> 00:41:54,640  
in

1053  
00:42:00,309 --> 00:41:56,800  
beyond earth

1054  
00:42:02,790 --> 00:42:00,319  
and uh and the penn state

1055  
00:42:04,790 --> 00:42:02,800  
project has about seven million dollars

1056  
00:42:07,270 --> 00:42:04,800  
that's been donated already and they're

1057  
00:42:09,270 --> 00:42:07,280  
working on this consortium and they're

1058  
00:42:12,470 --> 00:42:09,280  
they're trying to get young people

1059  
00:42:15,670 --> 00:42:12,480  
involved uh in this consortium younger

1060  
00:42:19,510 --> 00:42:15,680  
early career researchers they call them

1061  
00:42:20,710 --> 00:42:19,520  
so those those ideas really got me

1062  
00:42:22,309 --> 00:42:20,720  
uh

1063  
00:42:23,910 --> 00:42:22,319

you know thinking

1064

00:42:25,829 --> 00:42:23,920

well just to pause right here for a

1065

00:42:27,349 --> 00:42:25,839

second because one of the uh people in

1066

00:42:29,190 --> 00:42:27,359

chat made up

1067

00:42:31,190 --> 00:42:29,200

made a good point what about the will

1068

00:42:32,150 --> 00:42:31,200

the james webb

1069

00:42:35,030 --> 00:42:32,160

uh

1070

00:42:37,030 --> 00:42:35,040

telescope play any part in this as well

1071

00:42:38,150 --> 00:42:37,040

do you know i don't know if that it's

1072

00:42:40,069 --> 00:42:38,160

probably

1073

00:42:42,309 --> 00:42:40,079

things have to be allocated so carefully

1074

00:42:44,630 --> 00:42:42,319

because every minute they're being used

1075

00:42:46,069 --> 00:42:44,640

is spoken for but i mean i just wondered

1076

00:42:47,430 --> 00:42:46,079

if there that's any part of it that

1077

00:42:49,910 --> 00:42:47,440

you're aware of

1078

00:42:50,950 --> 00:42:49,920

i don't know no i've been in contact

1079

00:42:53,190 --> 00:42:50,960

with

1080

00:42:55,030 --> 00:42:53,200

avulobe and the uh

1081

00:42:59,030 --> 00:42:55,040

the harvard

1082

00:43:01,430 --> 00:42:59,040

project the the galileo project

1083

00:43:03,190 --> 00:43:01,440

now as of yet i haven't seen any mention

1084

00:43:06,550 --> 00:43:03,200

of that but there's not been a lot out

1085

00:43:09,829 --> 00:43:06,560

there also uh i've been in contact with

1086

00:43:10,950 --> 00:43:09,839

individuals from the penn state project

1087

00:43:14,470 --> 00:43:10,960

uh

1088

00:43:16,790 --> 00:43:14,480

i haven't noticed that

1089

00:43:18,390 --> 00:43:16,800

telescope being mentioned

1090

00:43:20,550 --> 00:43:18,400

they're

1091

00:43:22,470 --> 00:43:20,560

very concerned they want to get a lot of

1092

00:43:24,309 --> 00:43:22,480

information in and then they're going to

1093

00:43:26,630 --> 00:43:24,319

start looking at it

1094

00:43:28,309 --> 00:43:26,640

it's it's still very new yet because

1095

00:43:30,390 --> 00:43:28,319

everyone's writing me back and saying we

1096

00:43:32,309 --> 00:43:30,400

will contact you once we have more

1097

00:43:34,309 --> 00:43:32,319

information they're still getting a lot

1098

00:43:36,069 --> 00:43:34,319

of these off the ground

1099

00:43:38,950 --> 00:43:36,079

these projects

1100

00:43:43,510 --> 00:43:40,710

this this has been the most exciting

1101  
00:43:46,230 --> 00:43:43,520  
thing i've seen since i've been working

1102  
00:43:47,750 --> 00:43:46,240  
with the uap field

1103  
00:43:49,030 --> 00:43:47,760  
now the only other thing that i was

1104  
00:43:50,630 --> 00:43:49,040  
going to mention to you what what

1105  
00:43:53,109 --> 00:43:50,640  
strikes me funny

1106  
00:43:55,190 --> 00:43:53,119  
not really funny but unique

1107  
00:43:58,630 --> 00:43:55,200  
is that i

1108  
00:44:02,390 --> 00:43:58,640  
was involved in 2006

1109  
00:44:04,870 --> 00:44:02,400  
i was involved with nasa

1110  
00:44:06,829 --> 00:44:04,880  
and they had a program back then it was

1111  
00:44:11,510 --> 00:44:06,839  
called the aries

1112  
00:44:18,950 --> 00:44:15,109  
vision for the aries directorate

1113  
00:44:21,829 --> 00:44:18,960

was to find life beyond earth

1114

00:44:24,470 --> 00:44:21,839

and their mission was to search for life

1115

00:44:26,550 --> 00:44:24,480

throughout the universe

1116

00:44:28,309 --> 00:44:26,560

so i was just thinking you know i

1117

00:44:31,109 --> 00:44:28,319

thought it might be interesting to

1118

00:44:34,069 --> 00:44:31,119

contrast what's going on now with what

1119

00:44:34,829 --> 00:44:34,079

happened back in 2006

1120

00:44:37,030 --> 00:44:34,839

when

1121

00:44:38,790 --> 00:44:37,040

nasa now i don't know how many people

1122

00:44:41,670 --> 00:44:38,800

knew that but nassau did have a

1123

00:44:43,390 --> 00:44:41,680

directorate to look for life on other

1124

00:44:45,750 --> 00:44:43,400

planets back in

1125

00:44:47,510 --> 00:44:45,760

2006. at least that's when i was

1126

00:44:49,430 --> 00:44:47,520

introduced to it

1127

00:44:51,910 --> 00:44:49,440

now would this be through some type of

1128

00:44:53,990 --> 00:44:51,920

biological signature

1129

00:44:56,630 --> 00:44:54,000

um in an atmosphere or something like

1130

00:44:58,950 --> 00:44:56,640

that how how would they i mean on other

1131

00:45:01,510 --> 00:44:58,960

planets we could just barely

1132

00:45:04,630 --> 00:45:01,520

we can barely almost it's almost like a

1133

00:45:08,309 --> 00:45:04,640

theory that these planets exist you know

1134

00:45:10,550 --> 00:45:08,319

by by this by the wobble of the the sun

1135

00:45:12,710 --> 00:45:10,560

that star in particular star like that

1136

00:45:14,550 --> 00:45:12,720

the gravitational pulls

1137

00:45:15,990 --> 00:45:14,560

and i'm just wondering

1138

00:45:16,870 --> 00:45:16,000

um how

1139

00:45:20,790 --> 00:45:16,880

would

1140

00:45:21,670 --> 00:45:20,800

anyone look out there back in 2006

1141

00:45:24,550 --> 00:45:21,680

for

1142

00:45:27,030 --> 00:45:24,560

life

1143

00:45:29,829 --> 00:45:27,040

well i i can get give you my story of

1144

00:45:32,470 --> 00:45:29,839

what happened yeah to me

1145

00:45:33,589 --> 00:45:32,480

i mean i didn't find life but i i you

1146

00:45:35,190 --> 00:45:33,599

know

1147

00:45:36,710 --> 00:45:35,200

it was a character it's a very unique

1148

00:45:39,829 --> 00:45:36,720

story that's why i thought it would

1149

00:45:42,150 --> 00:45:39,839

coincide you with the uh recent current

1150

00:45:43,430 --> 00:45:42,160

events that were happening

1151  
00:45:48,230 --> 00:45:43,440  
but uh

1152  
00:45:49,670 --> 00:45:48,240  
back in uh from 2005 to 2007

1153  
00:45:51,670 --> 00:45:49,680  
i was

1154  
00:45:53,109 --> 00:45:51,680  
working for working for

1155  
00:45:55,109 --> 00:45:53,119  
the united states department of the

1156  
00:45:56,390 --> 00:45:55,119  
interior

1157  
00:45:57,670 --> 00:45:56,400  
and

1158  
00:45:59,270 --> 00:45:57,680  
i was

1159  
00:46:02,470 --> 00:45:59,280  
employed by

1160  
00:46:06,069 --> 00:46:02,480  
the department of the interior to my job

1161  
00:46:11,750 --> 00:46:06,079  
was to basically turn around all aspects

1162  
00:46:17,750 --> 00:46:15,270  
okay so that so that lasted from 2005

1163  
00:46:18,950 --> 00:46:17,760

to 2007.

1164

00:46:21,430 --> 00:46:18,960

so

1165

00:46:23,829 --> 00:46:21,440

i was uh

1166

00:46:26,069 --> 00:46:23,839

i was living in a little place up on

1167

00:46:27,349 --> 00:46:26,079

what was known as the eastern navajo

1168

00:46:30,470 --> 00:46:27,359

agency

1169

00:46:33,750 --> 00:46:30,480

and that place was called borrego

1170

00:46:37,589 --> 00:46:33,760

pass new mexico

1171

00:46:39,430 --> 00:46:37,599

and it was in a desolate area of

1172

00:46:41,190 --> 00:46:39,440

new mexico

1173

00:46:43,510 --> 00:46:41,200

so i was i had an office there and i

1174

00:46:45,270 --> 00:46:43,520

lived in a little kind of like a village

1175

00:46:46,870 --> 00:46:45,280

that they called a teacher ridge i was

1176

00:46:49,190 --> 00:46:46,880

kind of like working there and being

1177

00:46:51,750 --> 00:46:49,200

like the mayor of this teacher age i was

1178

00:46:53,270 --> 00:46:51,760

working for the government you know the

1179

00:46:55,270 --> 00:46:53,280

federal department you know the united

1180

00:46:57,829 --> 00:46:55,280

states department of education

1181

00:47:00,069 --> 00:46:57,839

and it's my job to turn the education

1182

00:47:02,390 --> 00:47:00,079

around from they had a

1183

00:47:04,150 --> 00:47:02,400

a type of education on the navajo

1184

00:47:05,750 --> 00:47:04,160

reservation that was based in the

1185

00:47:07,270 --> 00:47:05,760

western cultures

1186

00:47:10,710 --> 00:47:07,280

and they found out that wasn't working

1187

00:47:12,710 --> 00:47:10,720

so it was my job to turn around the

1188

00:47:15,670 --> 00:47:12,720

education on the navajo

1189

00:47:17,829 --> 00:47:15,680

nation to be a navajo language and

1190

00:47:20,069 --> 00:47:17,839

culture approach to education rather

1191

00:47:22,069 --> 00:47:20,079

than a western culture approach

1192

00:47:23,270 --> 00:47:22,079

so i was up there working at a little

1193

00:47:25,190 --> 00:47:23,280

office

1194

00:47:26,630 --> 00:47:25,200

and one day the phone rang

1195

00:47:28,150 --> 00:47:26,640

and that was a good day because the

1196

00:47:30,069 --> 00:47:28,160

phones were working

1197

00:47:33,750 --> 00:47:30,079

so the the phone rang

1198

00:47:35,990 --> 00:47:33,760

and the it was a call from washington dc

1199

00:47:37,109 --> 00:47:36,000

and on the other end of the line

1200

00:47:42,630 --> 00:47:37,119

was

1201  
00:47:44,549 --> 00:47:42,640  
the same david axelrod is now working

1202  
00:47:47,030 --> 00:47:44,559  
for cnn

1203  
00:47:49,349 --> 00:47:47,040  
and uh

1204  
00:47:51,510 --> 00:47:49,359  
he said you know is this dr gross and so

1205  
00:47:54,470 --> 00:47:51,520  
forth and i said yes and he went on to

1206  
00:47:56,790 --> 00:47:54,480  
tell me that he was notifying me i

1207  
00:47:58,950 --> 00:47:56,800  
thought i was in trouble first of all

1208  
00:48:00,470 --> 00:47:58,960  
but he said he was notifying me that i

1209  
00:48:03,270 --> 00:48:00,480  
had to attend

1210  
00:48:06,870 --> 00:48:03,280  
a he called it a summit meeting

1211  
00:48:09,109 --> 00:48:06,880  
in texas it was in houston texas

1212  
00:48:13,829 --> 00:48:09,119  
and he said the summit meeting was going

1213  
00:48:14,870 --> 00:48:13,839

to be held at the johnson space center

1214

00:48:16,630 --> 00:48:14,880

and he

1215

00:48:19,430 --> 00:48:16,640

that's all he would say

1216

00:48:22,549 --> 00:48:19,440

other than he said that i had to bring

1217

00:48:26,069 --> 00:48:22,559

two of my best and brightest navajo

1218

00:48:27,510 --> 00:48:26,079

teachers two teachers that were navajo

1219

00:48:29,750 --> 00:48:27,520

and that were teaching on the

1220

00:48:33,030 --> 00:48:29,760

reservation i had to bring two of those

1221

00:48:35,430 --> 00:48:33,040

teachers with me down to this meeting

1222

00:48:37,510 --> 00:48:35,440

at the johnson space center

1223

00:48:40,150 --> 00:48:37,520

in houston texas

1224

00:48:41,430 --> 00:48:40,160

and that was it other than you know he

1225

00:48:45,030 --> 00:48:41,440

said that the government was going to

1226

00:48:46,710 --> 00:48:45,040

pick up all of the expenses

1227

00:48:49,190 --> 00:48:46,720

so

1228

00:48:51,750 --> 00:48:49,200

again i'm shrinking the story up uh the

1229

00:48:54,470 --> 00:48:51,760

day we were supposed to leave for

1230

00:48:56,230 --> 00:48:54,480

the meeting this meetings to start we

1231

00:48:58,069 --> 00:48:56,240

drove out from the reservation to the

1232

00:49:00,870 --> 00:48:58,079

albuquerque airport and from the

1233

00:49:02,710 --> 00:49:00,880

albuquerque we flew to houston and then

1234

00:49:05,190 --> 00:49:02,720

at the airport

1235

00:49:06,870 --> 00:49:05,200

a uh a van picked us up and took us to

1236

00:49:10,390 --> 00:49:06,880

our hotel

1237

00:49:12,870 --> 00:49:10,400

and we got out and went into the hotel

1238

00:49:14,950 --> 00:49:12,880

and i found out that

1239

00:49:17,670 --> 00:49:14,960

there were about i'd say between 20 and

1240

00:49:19,510 --> 00:49:17,680

30 other people at that hotel

1241

00:49:21,990 --> 00:49:19,520

all of those people

1242

00:49:24,870 --> 00:49:22,000

were going to the same

1243

00:49:27,190 --> 00:49:24,880

summit meeting with us

1244

00:49:30,870 --> 00:49:27,200

at the johnson space center

1245

00:49:33,829 --> 00:49:30,880

and none of us knew why we none of us

1246

00:49:35,589 --> 00:49:33,839

knew what that meeting was about

1247

00:49:38,390 --> 00:49:35,599

none of us so

1248

00:49:40,390 --> 00:49:38,400

the next morning we get up and i i think

1249

00:49:41,349 --> 00:49:40,400

i'd estimate there was around 30 of us

1250

00:49:43,910 --> 00:49:41,359

from different

1251  
00:49:45,750 --> 00:49:43,920  
i was representing than i'm not navajo

1252  
00:49:47,829 --> 00:49:45,760  
but i was representing the navajo people

1253  
00:49:50,069 --> 00:49:47,839  
the navajo tribe i had brought two

1254  
00:49:53,510 --> 00:49:50,079  
navajos with me other people were

1255  
00:49:55,430 --> 00:49:53,520  
representing other tribes like the sioux

1256  
00:49:56,950 --> 00:49:55,440  
and the apache and so forth so there

1257  
00:49:58,710 --> 00:49:56,960  
were

1258  
00:50:00,870 --> 00:49:58,720  
several different tries being

1259  
00:50:02,549 --> 00:50:00,880  
represented there at

1260  
00:50:05,030 --> 00:50:02,559  
that hotel that was going to go out to

1261  
00:50:06,790 --> 00:50:05,040  
the summit meeting with us

1262  
00:50:09,430 --> 00:50:06,800  
so anyhow the next morning it rained

1263  
00:50:11,349 --> 00:50:09,440

really hard and it flooded in fact in

1264

00:50:13,910 --> 00:50:11,359

the parking

1265

00:50:15,670 --> 00:50:13,920

lot where the hotel was there was water

1266

00:50:19,030 --> 00:50:15,680

up to the windows

1267

00:50:20,870 --> 00:50:19,040

in the cars you know so the we waited to

1268

00:50:23,430 --> 00:50:20,880

the water to go down

1269

00:50:25,670 --> 00:50:23,440

and then a uh a charter bus came and it

1270

00:50:27,430 --> 00:50:25,680

picked us up all of us you know from

1271

00:50:28,870 --> 00:50:27,440

that hotel everybody got out and we got

1272

00:50:30,870 --> 00:50:28,880

in the bus

1273

00:50:33,910 --> 00:50:30,880

and there was a man from the johnson

1274

00:50:35,670 --> 00:50:33,920

space center uh representing

1275

00:50:36,950 --> 00:50:35,680

the johnson space center he was already

1276

00:50:38,309 --> 00:50:36,960

on the bus

1277

00:50:39,829 --> 00:50:38,319

so i said to him

1278

00:50:41,670 --> 00:50:39,839

you know what's this meeting all about

1279

00:50:44,309 --> 00:50:41,680

because none of us knew and he said

1280

00:50:45,349 --> 00:50:44,319

you'll find out when you get there

1281

00:50:47,430 --> 00:50:45,359

so

1282

00:50:49,910 --> 00:50:47,440

they drive us out to the

1283

00:50:50,870 --> 00:50:49,920

johnson space center and they stop at

1284

00:50:53,030 --> 00:50:50,880

the gate

1285

00:50:54,549 --> 00:50:53,040

and there's a man that comes out he was

1286

00:50:56,390 --> 00:50:54,559

like in a little

1287

00:50:57,430 --> 00:50:56,400

guard house type of thing at the gate he

1288

00:50:59,349 --> 00:50:57,440

comes out

1289

00:51:01,510 --> 00:50:59,359

and uh

1290

00:51:02,950 --> 00:51:01,520

he knocks on the bus door and he opens

1291

00:51:04,950 --> 00:51:02,960

the bus driver opens up the door and he

1292

00:51:07,829 --> 00:51:04,960

said i'm sorry we're closed to the

1293

00:51:09,349 --> 00:51:07,839

public until one

1294

00:51:10,470 --> 00:51:09,359

and i'm thinking what you know i thought

1295

00:51:12,390 --> 00:51:10,480

first of all i thought was because of

1296

00:51:15,589 --> 00:51:12,400

the rain they got flooded

1297

00:51:18,630 --> 00:51:15,599

and and the guy on the bus representing

1298

00:51:22,710 --> 00:51:21,430

you know this the space group said

1299

00:51:25,670 --> 00:51:22,720

what wait a minute he said what's what's

1300

00:51:27,190 --> 00:51:25,680

going on here and the guard says well

1301

00:51:29,030 --> 00:51:27,200

there's going to be a group of people

1302

00:51:31,030 --> 00:51:29,040

come up here very special people for a

1303

00:51:32,230 --> 00:51:31,040

meeting and we're shutting down the

1304

00:51:34,069 --> 00:51:32,240

space center because we don't want

1305

00:51:36,150 --> 00:51:34,079

anyone to know about what this meeting

1306

00:51:37,990 --> 00:51:36,160

is about and the guy on the bus said

1307

00:51:39,270 --> 00:51:38,000

yeah this that's us we're that group of

1308

00:51:42,150 --> 00:51:39,280

people

1309

00:51:44,230 --> 00:51:42,160

so they finally they let us in to

1310

00:51:45,990 --> 00:51:44,240

the johnson space center

1311

00:51:48,870 --> 00:51:46,000

and we get off the bus and we go into

1312

00:51:52,390 --> 00:51:48,880

this one building big building and there

1313

00:51:54,470 --> 00:51:52,400

is a uh a meeting room they take all of

1314

00:51:56,230 --> 00:51:54,480

us into the meeting room we sit down

1315

00:51:58,710 --> 00:51:56,240

we're the only people there

1316

00:52:01,829 --> 00:51:58,720

pretty soon about i'd say 12 to 15

1317

00:52:03,910 --> 00:52:01,839

people from nassau come in uh they were

1318

00:52:06,230 --> 00:52:03,920

administrators and scientists and so

1319

00:52:08,230 --> 00:52:06,240

forth and some of them were wearing the

1320

00:52:10,790 --> 00:52:08,240

the uh

1321

00:52:11,750 --> 00:52:10,800

the nassau like lab coat with a badge on

1322

00:52:13,829 --> 00:52:11,760

it

1323

00:52:15,829 --> 00:52:13,839

so that's

1324

00:52:17,910 --> 00:52:15,839

we get in there

1325

00:52:19,829 --> 00:52:17,920

and they they start giving us an

1326

00:52:21,270 --> 00:52:19,839

introduction as to why in the world

1327

00:52:23,829 --> 00:52:21,280

we're there because none of us none of

1328

00:52:26,150 --> 00:52:23,839

us knew what this was all about and they

1329

00:52:30,710 --> 00:52:26,160

started telling us that

1330

00:52:32,470 --> 00:52:30,720

nasa is involved with a directorate

1331

00:52:35,349 --> 00:52:32,480

and the directorate is

1332

00:52:38,390 --> 00:52:35,359

called the aries directorate and it's an

1333

00:52:40,790 --> 00:52:38,400

acronym it's spelled a-r-e-s

1334

00:52:43,109 --> 00:52:40,800

it stands it stood for

1335

00:52:48,309 --> 00:52:43,119

astro materials

1336

00:52:49,910 --> 00:52:48,319

research and exploration science a-r-e-s

1337

00:52:52,630 --> 00:52:49,920

so that's the first

1338

00:52:54,870 --> 00:52:52,640

we knew why we were there but i'm

1339

00:52:57,109 --> 00:52:54,880

thinking why are you telling me you know

1340

00:52:58,870 --> 00:52:57,119

i'm working to turn around the education

1341

00:53:02,069 --> 00:52:58,880

on the navajo nation

1342

00:53:03,750 --> 00:53:02,079

so then they go on to tell us that the

1343

00:53:06,230 --> 00:53:03,760

big plan

1344

00:53:08,950 --> 00:53:06,240

for nassau

1345

00:53:12,950 --> 00:53:10,390

they're going to

1346

00:53:15,030 --> 00:53:12,960

fly from the earth

1347

00:53:16,950 --> 00:53:15,040

to the moon

1348

00:53:18,390 --> 00:53:16,960

then they're going to fly from the moon

1349

00:53:24,309 --> 00:53:18,400

to mars

1350

00:53:28,309 --> 00:53:26,950

and now i had never heard of that before

1351  
00:53:30,230 --> 00:53:28,319  
but that's what they were going to do

1352  
00:53:32,069 --> 00:53:30,240  
they were going to mine

1353  
00:53:34,150 --> 00:53:32,079  
mars

1354  
00:53:35,750 --> 00:53:34,160  
and then they told us that the uh you

1355  
00:53:36,870 --> 00:53:35,760  
know that they said the vision this

1356  
00:53:38,950 --> 00:53:36,880  
aries

1357  
00:53:40,710 --> 00:53:38,960  
program he said the vision for this

1358  
00:53:43,910 --> 00:53:40,720  
program is that

1359  
00:53:46,069 --> 00:53:43,920  
nasa will eventually find life

1360  
00:53:48,790 --> 00:53:46,079  
beyond earth and he said our mission

1361  
00:53:51,829 --> 00:53:48,800  
statement is to search for life

1362  
00:53:52,790 --> 00:53:51,839  
throughout the universe

1363  
00:53:57,190 --> 00:53:52,800

that

1364

00:53:59,109 --> 00:53:57,200

quite amazing and

1365

00:54:01,990 --> 00:53:59,119

um did was when they were talking about

1366

00:54:03,589 --> 00:54:02,000

that did anyone bring up the now

1367

00:54:06,710 --> 00:54:03,599

we're going into break here in just one

1368

00:54:08,549 --> 00:54:06,720

minute but did anyone talk about the uh

1369

00:54:11,190 --> 00:54:08,559

meteor that landed on earth that came

1370

00:54:12,470 --> 00:54:11,200

from mars and there was uh there was a

1371

00:54:14,630 --> 00:54:12,480

potential

1372

00:54:17,349 --> 00:54:14,640

um organism

1373

00:54:19,190 --> 00:54:17,359

found and it wasn't quite cleared up and

1374

00:54:21,109 --> 00:54:19,200

this is i want to say in the

1375

00:54:23,349 --> 00:54:21,119

80s or maybe the 90s do you remember

1376

00:54:25,990 --> 00:54:23,359

what i'm talking about yes and that i

1377

00:54:28,790 --> 00:54:26,000

i'm i think that was in the 70s maybe

1378

00:54:31,349 --> 00:54:28,800

even but uh yeah that i mean i i know

1379

00:54:32,309 --> 00:54:31,359

about that i mean they they finally did

1380

00:54:33,990 --> 00:54:32,319

find

1381

00:54:35,190 --> 00:54:34,000

that there was some

1382

00:54:37,109 --> 00:54:35,200

uh

1383

00:54:39,430 --> 00:54:37,119

some type of um

1384

00:54:41,270 --> 00:54:39,440

remains that were from mars in that

1385

00:54:43,349 --> 00:54:41,280

media

1386

00:54:45,109 --> 00:54:43,359

but we didn't talk about that then they

1387

00:54:46,549 --> 00:54:45,119

talked about something even

1388

00:54:47,829 --> 00:54:46,559

more bizarre

1389

00:54:48,789 --> 00:54:47,839

well you know

1390

00:54:52,230 --> 00:54:48,799

we want to

1391

00:54:54,789 --> 00:54:52,240

back from the break yeah let's we can

1392

00:54:56,789 --> 00:54:54,799

wait because we we had a we they they

1393

00:54:58,630 --> 00:54:56,799

had us leave i'll talk about that after

1394

00:55:00,549 --> 00:54:58,640

the break yeah we'll tease that for

1395

00:55:03,270 --> 00:55:00,559

after so right now we do have to go on

1396

00:55:07,109 --> 00:55:03,280

the break um so hang in there for those

1397

00:55:09,910 --> 00:55:07,119

of you over at kg r a radio um but for

1398

00:55:11,430 --> 00:55:09,920

those on youtube i talked to tom warner

1399

00:55:13,510 --> 00:55:11,440

a few months ago and we're going to play

1400

00:55:19,990 --> 00:55:13,520

that clip during the break hang in there

1401

00:55:24,390 --> 00:55:22,069

do you think they're here and what do

1402

00:55:25,829 --> 00:55:24,400

you think they want

1403

00:55:27,990 --> 00:55:25,839

you know that that's a very good

1404

00:55:30,230 --> 00:55:28,000

question martin that they're here

1405

00:55:32,710 --> 00:55:30,240

because

1406

00:55:35,750 --> 00:55:32,720

i believe that they've always been here

1407

00:55:37,829 --> 00:55:35,760

so we're kind of like an experiment and

1408

00:55:40,470 --> 00:55:37,839

we're like an experiment i think that's

1409

00:55:41,829 --> 00:55:40,480

gone bad so the question is how do we

1410

00:55:43,430 --> 00:55:41,839

manifest

1411

00:55:46,549 --> 00:55:43,440

what's out there

1412

00:55:49,030 --> 00:55:46,559

do we manifest it as something good

1413

00:55:51,990 --> 00:55:49,040

or we manifest is something bad

1414

00:55:55,589 --> 00:55:52,000

do we manifest it for humanity to

1415

00:55:57,510 --> 00:55:55,599

to expand itself or destroy itself

1416

00:55:58,470 --> 00:55:57,520

and that's that's the question to your

1417

00:55:59,670 --> 00:55:58,480

question

1418

00:56:02,230 --> 00:55:59,680

and i

1419

00:56:03,589 --> 00:56:02,240

hope that you know all more people can

1420

00:56:05,670 --> 00:56:03,599

come together

1421

00:56:06,950 --> 00:56:05,680

and figure this all out in a positive

1422

00:56:07,990 --> 00:56:06,960

way

1423

00:56:09,829 --> 00:56:08,000

do you

1424

00:56:12,630 --> 00:56:09,839

think that if we started to blow

1425

00:56:15,030 --> 00:56:12,640

ourselves to smithereens no i think

1426

00:56:17,990 --> 00:56:15,040

they're going to do it for us

1427

00:56:20,390 --> 00:56:18,000

i really do i mean yeah look i mean i

1428

00:56:22,150 --> 00:56:20,400

was abducted they could have killed me

1429

00:56:23,190 --> 00:56:22,160

and any of these people that say they

1430

00:56:24,870 --> 00:56:23,200

were abducted they could have been

1431

00:56:27,190 --> 00:56:24,880

killed they could have been just

1432

00:56:29,349 --> 00:56:27,200

mutilated like the cow i believe that

1433

00:56:31,670 --> 00:56:29,359

there's good forces out there i believe

1434

00:56:33,990 --> 00:56:31,680

there's not just one

1435

00:56:35,829 --> 00:56:34,000

there's many

1436

00:56:37,030 --> 00:56:35,839

my contacts that came with me were

1437

00:56:40,870 --> 00:56:37,040

positive

1438

00:56:43,829 --> 00:56:40,880

the universe no do i think there's all

1439

00:56:45,670 --> 00:56:43,839

good people on earth

1440

00:56:47,829 --> 00:56:45,680

well here's another question along those

1441

00:56:49,190 --> 00:56:47,839

lines as far as you know

1442

00:56:51,510 --> 00:56:49,200

all the people

1443

00:56:53,430 --> 00:56:51,520

that when the berkshire incident quote

1444

00:56:55,270 --> 00:56:53,440

unquote happened

1445

00:56:57,750 --> 00:56:55,280

do you think all the people have that

1446

00:56:59,510 --> 00:56:57,760

same thought that there it was more of a

1447

00:57:01,670 --> 00:56:59,520

positive instead of a negative or do you

1448

00:57:03,990 --> 00:57:01,680

think some people think there was a name

1449

00:57:05,270 --> 00:57:04,000

some people thought it was you know

1450

00:57:07,430 --> 00:57:05,280

it's how it's

1451  
00:57:09,430 --> 00:57:07,440  
the problem with with these things is

1452  
00:57:11,750 --> 00:57:09,440  
people want

1453  
00:57:13,910 --> 00:57:11,760  
sometimes talk about things and make

1454  
00:57:16,150 --> 00:57:13,920  
them negative

1455  
00:57:18,549 --> 00:57:16,160  
but were they really negative

1456  
00:57:21,030 --> 00:57:18,559  
no one really got hurt

1457  
00:57:22,470 --> 00:57:21,040  
you know we were all put back

1458  
00:57:25,030 --> 00:57:22,480  
so i i

1459  
00:57:27,109 --> 00:57:25,040  
to me it was positive

1460  
00:57:28,950 --> 00:57:27,119  
and and the lesson that came out of that

1461  
00:57:31,030 --> 00:57:28,960  
is the lesson that i'm trying to explain

1462  
00:57:32,710 --> 00:57:31,040  
to humanity and that's that we have to

1463  
00:57:34,390 --> 00:57:32,720

take care of each other

1464

00:57:36,549 --> 00:57:34,400

and this plant because you're not

1465

00:57:38,230 --> 00:57:36,559

getting off unless we take care of this

1466

00:57:40,710 --> 00:57:38,240

plant it's that simple

1467

00:57:43,030 --> 00:57:40,720

yeah it's that simple yeah

1468

00:57:54,620 --> 00:57:43,040

well that wraps it up for our talk today

1469

00:57:54,630 --> 00:58:08,549

[Music]

1470

00:58:14,069 --> 00:58:12,230

in three two one go

1471

00:58:17,510 --> 00:58:14,079

all right welcome back

1472

00:58:20,309 --> 00:58:17,520

and my guest tonight is

1473

00:58:23,109 --> 00:58:20,319

uh dr robert gross and we're right in

1474

00:58:27,030 --> 00:58:23,119

the middle of an interesting discussion

1475

00:58:28,390 --> 00:58:27,040

about the goings-on and uh so to do

1476

00:58:29,190 --> 00:58:28,400

please continue

1477

00:58:30,789 --> 00:58:29,200

to

1478

00:58:32,390 --> 00:58:30,799

go on with what happened

1479

00:58:34,390 --> 00:58:32,400

so anyhow they had you know they had

1480

00:58:36,549 --> 00:58:34,400

told us about how they were how nasa was

1481

00:58:38,549 --> 00:58:36,559

going to go from fly to the earth from

1482

00:58:40,470 --> 00:58:38,559

the to the moon and then from the moon

1483

00:58:43,270 --> 00:58:40,480

to mars and then they were going to

1484

00:58:44,549 --> 00:58:43,280

excavate or mine mars now i had never

1485

00:58:46,309 --> 00:58:44,559

heard of that before i don't have you

1486

00:58:47,190 --> 00:58:46,319

ever heard of that

1487

00:58:52,630 --> 00:58:47,200

no

1488

00:58:54,309 --> 00:58:52,640

like the helium-3 excavating that on the

1489

00:58:56,150 --> 00:58:54,319

moon what you know the great energy

1490

00:58:59,430 --> 00:58:56,160

amount that could come out of that but i

1491

00:59:02,630 --> 00:58:59,440

never heard about mars excavation ever

1492

00:59:04,710 --> 00:59:02,640

well there's more here it's i think it's

1493

00:59:06,710 --> 00:59:04,720

related to what you're talking about too

1494

00:59:10,630 --> 00:59:06,720

so anyhow

1495

00:59:14,950 --> 00:59:12,710

they they took us out and they put us

1496

00:59:17,349 --> 00:59:14,960

back in the little buses because you

1497

00:59:19,670 --> 00:59:17,359

know that there was nobody at the space

1498

00:59:20,630 --> 00:59:19,680

center since they closed it for our

1499

00:59:23,430 --> 00:59:20,640

meeting

1500

00:59:25,430 --> 00:59:23,440

so they took us out to a hangar

1501  
00:59:27,910 --> 00:59:25,440  
and

1502  
00:59:29,270 --> 00:59:27,920  
they showed us his vehicle it was part

1503  
00:59:31,270 --> 00:59:29,280  
rocket

1504  
00:59:34,309 --> 00:59:31,280  
let's say it was it was a

1505  
00:59:36,789 --> 00:59:34,319  
it was a part like a plane slash rocket

1506  
00:59:39,510 --> 00:59:36,799  
slash glider

1507  
00:59:41,990 --> 00:59:39,520  
and they were already working on it

1508  
00:59:43,990 --> 00:59:42,000  
and it was going to

1509  
00:59:45,670 --> 00:59:44,000  
fly over mars

1510  
00:59:48,950 --> 00:59:45,680  
they were going to fly this over mars

1511  
00:59:50,390 --> 00:59:48,960  
and survey it before they started

1512  
00:59:52,150 --> 00:59:50,400  
excavating

1513  
00:59:54,069 --> 00:59:52,160

okay so then

1514

00:59:56,069 --> 00:59:54,079

they brought us back they put us in the

1515

00:59:58,230 --> 00:59:56,079

buses you know we got we got to see this

1516

01:00:02,069 --> 00:59:58,240

thing so knowing it was

1517

01:00:04,150 --> 01:00:02,079

on schedule at the east at least in 2006

1518

01:00:05,190 --> 01:00:04,160

so then they they brought us back in the

1519

01:00:07,510 --> 01:00:05,200

buses

1520

01:00:09,270 --> 01:00:07,520

and they took us to the mission control

1521

01:00:11,270 --> 01:00:09,280

center now i don't know if you've ever

1522

01:00:12,390 --> 01:00:11,280

been to the mission control center in

1523

01:00:13,349 --> 01:00:12,400

houston

1524

01:00:14,789 --> 01:00:13,359

but

1525

01:00:16,630 --> 01:00:14,799

there's a you know you know how they

1526

01:00:19,829 --> 01:00:16,640

have the big control room and it has all

1527

01:00:21,349 --> 01:00:19,839

the computer monitors yeah so we took us

1528

01:00:23,589 --> 01:00:21,359

into that room

1529

01:00:25,910 --> 01:00:23,599

and uh

1530

01:00:27,670 --> 01:00:25,920

the international space station was

1531

01:00:28,870 --> 01:00:27,680

orbiting at that time

1532

01:00:30,710 --> 01:00:28,880

so they

1533

01:00:32,710 --> 01:00:30,720

you know they just let us see what was

1534

01:00:35,030 --> 01:00:32,720

going on then

1535

01:00:37,670 --> 01:00:35,040

behind the uh

1536

01:00:41,430 --> 01:00:37,680

mission control center was like a peanut

1537

01:00:44,230 --> 01:00:41,440

gallery there was this uh like a wall of

1538

01:00:46,390 --> 01:00:44,240

glass and then behind the wall of glass

1539

01:00:47,990 --> 01:00:46,400

was this peanut gallery you know with

1540

01:00:48,870 --> 01:00:48,000

the high seats

1541

01:00:50,549 --> 01:00:48,880

and

1542

01:00:52,710 --> 01:00:50,559

it was a very nice peanut gallery you

1543

01:00:54,950 --> 01:00:52,720

know it was more like a uh

1544

01:00:56,870 --> 01:00:54,960

kind of a planetarium or a movie theater

1545

01:00:58,870 --> 01:00:56,880

it wasn't just bleachers

1546

01:01:01,109 --> 01:00:58,880

so they took us there all of us

1547

01:01:03,270 --> 01:01:01,119

representing the tribes

1548

01:01:06,789 --> 01:01:03,280

and

1549

01:01:09,270 --> 01:01:06,799

pretty soon about four astronauts came

1550

01:01:12,390 --> 01:01:09,280

out of one of the back rooms okay they

1551

01:01:14,390 --> 01:01:12,400

had a doorway and there was a back room

1552

01:01:17,750 --> 01:01:14,400

and they came out

1553

01:01:19,829 --> 01:01:17,760

and they started talking with us

1554

01:01:22,950 --> 01:01:19,839

and they told us that

1555

01:01:23,670 --> 01:01:22,960

that was when they told us that

1556

01:01:25,349 --> 01:01:23,680

the

1557

01:01:28,870 --> 01:01:25,359

space shuttle

1558

01:01:31,829 --> 01:01:28,880

had flown several top secret missions

1559

01:01:34,230 --> 01:01:31,839

that no one had ever known about

1560

01:01:36,230 --> 01:01:34,240

well the question i have and by the way

1561

01:01:38,870 --> 01:01:36,240

i made i made an error that's helium 3

1562

01:01:40,470 --> 01:01:38,880

not hydrogen 3 on the moon so let me

1563

01:01:43,030 --> 01:01:40,480

just ask you this

1564

01:01:45,670 --> 01:01:43,040

if that is the case

1565

01:01:48,630 --> 01:01:45,680

you can't just launch the space shuttle

1566

01:01:50,390 --> 01:01:48,640

without anyone knowing about it

1567

01:01:52,789 --> 01:01:50,400

that's what i was thinking too i said i

1568

01:01:53,910 --> 01:01:52,799

i thought i saw every space shuttle

1569

01:01:55,750 --> 01:01:53,920

launch

1570

01:01:57,670 --> 01:01:55,760

you know that there was

1571

01:01:59,750 --> 01:01:57,680

and now here's how they did to prove it

1572

01:02:01,349 --> 01:01:59,760

to i mean they they were serious they

1573

01:02:02,630 --> 01:02:01,359

didn't they weren't clowning around you

1574

01:02:04,710 --> 01:02:02,640

know they weren't going to give us

1575

01:02:07,029 --> 01:02:04,720

prizes or anything but when you're

1576

01:02:08,950 --> 01:02:07,039

talking about this didn't did you have a

1577

01:02:09,990 --> 01:02:08,960

a non-disclosure

1578

01:02:12,390 --> 01:02:10,000

i mean well

1579

01:02:13,910 --> 01:02:12,400

did they at the end i did yes

1580

01:02:16,549 --> 01:02:13,920

they waited until i had

1581

01:02:18,230 --> 01:02:16,559

how are you talking about this now

1582

01:02:21,270 --> 01:02:18,240

oh

1583

01:02:22,789 --> 01:02:21,280

do you remember okay in 2018 when we we

1584

01:02:24,150 --> 01:02:22,799

were at the international

1585

01:02:26,630 --> 01:02:24,160

uh yeah

1586

01:02:29,270 --> 01:02:26,640

and i they asked me to be part of a

1587

01:02:31,829 --> 01:02:29,280

panel with two astronauts

1588

01:02:32,630 --> 01:02:31,839

i missed i had had i had to leave but

1589

01:02:35,029 --> 01:02:32,640

yeah

1590

01:02:42,150 --> 01:02:39,829

at that time in 2018 i did not have

1591

01:02:44,549 --> 01:02:42,160

permission to talk about this

1592

01:02:46,549 --> 01:02:44,559

so when we when i was on that panel i

1593

01:02:48,309 --> 01:02:46,559

thought maybe you were there because i

1594

01:02:49,750 --> 01:02:48,319

started talking a little bit about this

1595

01:02:52,549 --> 01:02:49,760

on that panel

1596

01:02:54,309 --> 01:02:52,559

and the whole sound system went down

1597

01:02:56,390 --> 01:02:54,319

so i said oh oh

1598

01:02:58,710 --> 01:02:56,400

you know they found out that i was

1599

01:03:00,870 --> 01:02:58,720

talking about this so then right after

1600

01:03:03,589 --> 01:03:00,880

that when i went back from that i i did

1601  
01:03:05,510 --> 01:03:03,599  
contact people from nassau

1602  
01:03:08,710 --> 01:03:05,520  
and now nobody that i worked with in

1603  
01:03:10,549 --> 01:03:08,720  
nassau back in 2006 was there anymore

1604  
01:03:13,349 --> 01:03:10,559  
but i did get permission written

1605  
01:03:16,230 --> 01:03:13,359  
permission to talk about this especially

1606  
01:03:18,549 --> 01:03:16,240  
since the aries program ended around

1607  
01:03:20,390 --> 01:03:18,559  
2013.

1608  
01:03:23,270 --> 01:03:20,400  
now it's it's not over yet i mean this

1609  
01:03:24,710 --> 01:03:23,280  
is now they again we've got like between

1610  
01:03:27,670 --> 01:03:24,720  
20 and 30

1611  
01:03:29,750 --> 01:03:27,680  
people represented representing native

1612  
01:03:31,349 --> 01:03:29,760  
american tribes there in this room

1613  
01:03:34,309 --> 01:03:31,359

behind the

1614

01:03:36,470 --> 01:03:34,319

mission control center and these

1615

01:03:37,270 --> 01:03:36,480

i think there were four scientists came

1616

01:03:39,430 --> 01:03:37,280

out

1617

01:03:41,829 --> 01:03:39,440

and i'll add a little more to it to give

1618

01:03:43,510 --> 01:03:41,839

you an idea how they were giving us

1619

01:03:45,349 --> 01:03:43,520

proof okay

1620

01:03:47,349 --> 01:03:45,359

they were they were pushing this little

1621

01:03:49,589 --> 01:03:47,359

cart it was like a like a cart that you

1622

01:03:51,190 --> 01:03:49,599

might have coffee on or or selling

1623

01:03:52,630 --> 01:03:51,200

donuts or something it was a little

1624

01:03:56,230 --> 01:03:52,640

wheeled cart

1625

01:03:59,750 --> 01:03:56,240

and on that cart were about six plaques

1626  
01:04:01,910 --> 01:03:59,760  
wooden plaques and they they they told

1627  
01:04:04,470 --> 01:04:01,920  
us first of all about

1628  
01:04:07,990 --> 01:04:04,480  
nasa flying

1629  
01:04:10,950 --> 01:04:08,000  
several top secret

1630  
01:04:12,630 --> 01:04:10,960  
missions with the space shuttle

1631  
01:04:13,990 --> 01:04:12,640  
and they said they uncovered these

1632  
01:04:16,870 --> 01:04:14,000  
plaques

1633  
01:04:18,470 --> 01:04:16,880  
and they said that each plaque had on it

1634  
01:04:19,349 --> 01:04:18,480  
a patch

1635  
01:04:22,549 --> 01:04:19,359  
that

1636  
01:04:26,069 --> 01:04:22,559  
those astronauts on those top secret

1637  
01:04:27,829 --> 01:04:26,079  
shuttles wore on their uniforms

1638  
01:04:29,910 --> 01:04:27,839

and that was the proof that they gave

1639

01:04:31,670 --> 01:04:29,920

this that those

1640

01:04:33,589 --> 01:04:31,680

uh that there were

1641

01:04:36,870 --> 01:04:33,599

i think there were at least six

1642

01:04:39,589 --> 01:04:36,880

plaques on that uh

1643

01:04:41,510 --> 01:04:39,599

a table type of a device you know

1644

01:04:43,670 --> 01:04:41,520

that they were pushing around and they

1645

01:04:45,589 --> 01:04:43,680

said that there were that many all those

1646

01:04:48,390 --> 01:04:45,599

each plaque represented a top secret

1647

01:04:50,230 --> 01:04:48,400

mission that nava navajo right then

1648

01:04:52,470 --> 01:04:50,240

nassau flew

1649

01:04:54,789 --> 01:04:52,480

now they didn't say where

1650

01:04:56,549 --> 01:04:54,799

they went with those top secret missions

1651

01:04:59,029 --> 01:04:56,559

but they definitely said

1652

01:05:01,430 --> 01:04:59,039

that they were done

1653

01:05:02,950 --> 01:05:01,440

and i just can't imagine i can't imagine

1654

01:05:05,510 --> 01:05:02,960

something like that

1655

01:05:10,230 --> 01:05:05,520

a space shuttle being launched i mean

1656

01:05:12,069 --> 01:05:10,240

did they launch it from area 51 i mean

1657

01:05:14,150 --> 01:05:12,079

you know i know that was transported

1658

01:05:16,549 --> 01:05:14,160

once it landed in different places

1659

01:05:18,150 --> 01:05:16,559

transported back to florida i believe or

1660

01:05:21,430 --> 01:05:18,160

wherever it was launched

1661

01:05:22,470 --> 01:05:21,440

um so it's possible to move around but i

1662

01:05:25,029 --> 01:05:22,480

mean

1663

01:05:27,270 --> 01:05:25,039

if they had an unscheduled launch of the

1664

01:05:29,029 --> 01:05:27,280

space shuttle so many people would still

1665

01:05:31,750 --> 01:05:29,039

see it you know i can't imagine where

1666

01:05:34,230 --> 01:05:31,760

they could possibly launch it from

1667

01:05:37,829 --> 01:05:35,670

unless they said look up there they

1668

01:05:38,950 --> 01:05:37,839

launched it over there you know let me

1669

01:05:40,069 --> 01:05:38,960

ask you this

1670

01:05:42,870 --> 01:05:40,079

um

1671

01:05:44,870 --> 01:05:42,880

is it possible that they were out on a

1672

01:05:47,270 --> 01:05:44,880

mission and then they did something

1673

01:05:49,109 --> 01:05:47,280

separately see they they wouldn't and

1674

01:05:51,750 --> 01:05:49,119

this is the whole thing

1675

01:05:53,910 --> 01:05:51,760

uh this is why you know

1676  
01:05:55,430 --> 01:05:53,920  
i'm telling you this on this show i the

1677  
01:05:56,789 --> 01:05:55,440  
whole time

1678  
01:06:01,270 --> 01:05:56,799  
i was there

1679  
01:06:06,150 --> 01:06:03,109  
answers

1680  
01:06:07,190 --> 01:06:06,160  
but i'm pretty aggressive you know so i

1681  
01:06:14,309 --> 01:06:07,200  
was

1682  
01:06:17,029 --> 01:06:14,319  
largest uh native american tribes in the

1683  
01:06:18,710 --> 01:06:17,039  
united states and there was no way i was

1684  
01:06:21,270 --> 01:06:18,720  
going to

1685  
01:06:23,510 --> 01:06:21,280  
commit those people to this

1686  
01:06:24,710 --> 01:06:23,520  
aries project if it was going to be

1687  
01:06:26,789 --> 01:06:24,720  
dangerous

1688  
01:06:28,870 --> 01:06:26,799

and i made that clear

1689

01:06:29,829 --> 01:06:28,880

to nasa

1690

01:06:31,589 --> 01:06:29,839

but

1691

01:06:33,349 --> 01:06:31,599

you know what they were

1692

01:06:35,589 --> 01:06:33,359

when they they said i mean they that

1693

01:06:38,470 --> 01:06:35,599

shocked everybody in the room i mean i'm

1694

01:06:41,029 --> 01:06:38,480

i'm on the navajo reservation which is

1695

01:06:43,109 --> 01:06:41,039

it's it's hectic to say the least to

1696

01:06:45,270 --> 01:06:43,119

live there and i'm trying to turn around

1697

01:06:47,589 --> 01:06:45,280

the edge a whole educational system

1698

01:06:49,109 --> 01:06:47,599

and now they're telling me they want me

1699

01:06:50,950 --> 01:06:49,119

to get involved

1700

01:06:53,349 --> 01:06:50,960

with going to mars

1701

01:06:56,870 --> 01:06:53,359

you know so and it's it's and then the

1702

01:06:58,950 --> 01:06:56,880

stuff they're telling me isn't good

1703

01:07:02,470 --> 01:06:58,960

because it's not over yet i mean they

1704

01:07:05,109 --> 01:07:02,480

they they they tell us that

1705

01:07:07,029 --> 01:07:05,119

there were six yeah or they i didn't

1706

01:07:08,710 --> 01:07:07,039

they didn't say six they just said this

1707

01:07:11,510 --> 01:07:08,720

is how many and they look like six

1708

01:07:14,390 --> 01:07:11,520

plaques on the cart they said this is

1709

01:07:16,069 --> 01:07:14,400

how many top secret missions nassau has

1710

01:07:19,510 --> 01:07:16,079

flown they didn't say what they were

1711

01:07:21,029 --> 01:07:19,520

about they didn't so say what they were

1712

01:07:22,549 --> 01:07:21,039

okay

1713

01:07:24,230 --> 01:07:22,559

so then

1714

01:07:25,430 --> 01:07:24,240

uh

1715

01:07:32,870 --> 01:07:25,440

they

1716

01:07:35,990 --> 01:07:32,880

it there

1717

01:07:38,230 --> 01:07:36,000

so then we all go out to the parking lot

1718

01:07:40,230 --> 01:07:38,240

in the mission control center

1719

01:07:42,870 --> 01:07:40,240

and i'm i'm really

1720

01:07:44,470 --> 01:07:42,880

you know pretty upset because i you know

1721

01:07:46,150 --> 01:07:44,480

i don't know what's going on right now

1722

01:07:47,190 --> 01:07:46,160

or why we're there all of us are pretty

1723

01:07:48,230 --> 01:07:47,200

upset

1724

01:07:50,069 --> 01:07:48,240

so

1725

01:07:52,230 --> 01:07:50,079

there's a big crowd of people out in the

1726

01:07:54,789 --> 01:07:52,240

parking lot

1727

01:07:57,109 --> 01:07:54,799

and i start going up to the nassau

1728

01:07:59,510 --> 01:07:57,119

scientists and whoever was there trying

1729

01:08:01,510 --> 01:07:59,520

to find out more i said what's what's

1730

01:08:03,190 --> 01:08:01,520

going on

1731

01:08:06,390 --> 01:08:03,200

and uh

1732

01:08:10,549 --> 01:08:06,400

they wouldn't they wouldn't say anything

1733

01:08:13,349 --> 01:08:10,559

and then they started saying that okay

1734

01:08:16,709 --> 01:08:13,359

here's the deal

1735

01:08:18,950 --> 01:08:16,719

and it wasn't any better they said that

1736

01:08:21,749 --> 01:08:18,960

when they go from when the the current

1737

01:08:23,910 --> 01:08:21,759

astronauts in 2006 when those astronauts

1738

01:08:26,309 --> 01:08:23,920

go from the earth to the moon and then

1739

01:08:29,590 --> 01:08:26,319

they go from the moon to mars they're

1740

01:08:32,309 --> 01:08:29,600

going to find things on mars that they

1741

01:08:34,390 --> 01:08:32,319

will not be able to psychologically

1742

01:08:37,189 --> 01:08:34,400

handle

1743

01:08:40,630 --> 01:08:37,199

so when the astronauts get to

1744

01:08:43,030 --> 01:08:40,640

mars those astronauts that get the mars

1745

01:08:43,950 --> 01:08:43,040

are going to run into things that they

1746

01:08:47,110 --> 01:08:43,960

can't

1747

01:08:48,950 --> 01:08:47,120

psychologically handle

1748

01:08:50,390 --> 01:08:48,960

but let me okay

1749

01:08:52,070 --> 01:08:50,400

okay just remember where i stopped

1750

01:08:54,149 --> 01:08:52,080

because i got there's more to it yeah

1751

01:08:55,910 --> 01:08:54,159

yeah yeah all right well this this uh

1752

01:08:58,550 --> 01:08:55,920

richard makes a good point why were you

1753

01:08:59,749 --> 01:08:58,560

being told these things and second of

1754

01:09:03,110 --> 01:08:59,759

all

1755

01:09:05,349 --> 01:09:03,120

the problem and i'm not saying you're

1756

01:09:07,349 --> 01:09:05,359

lying but the problem i have with the

1757

01:09:08,229 --> 01:09:07,359

statement you just made is

1758

01:09:10,709 --> 01:09:08,239

um

1759

01:09:15,349 --> 01:09:13,030

they would have to be briefed ahead of

1760

01:09:17,590 --> 01:09:15,359

time with the possibility of what they

1761

01:09:21,269 --> 01:09:17,600

may be seeing and so how could they not

1762

01:09:23,829 --> 01:09:21,279

handle it that's why i was there

1763

01:09:25,910 --> 01:09:23,839

oh not just me that's why the native

1764

01:09:27,430 --> 01:09:25,920

americans were there i that's what uh

1765

01:09:29,829 --> 01:09:27,440

well when what he was saying he asked

1766

01:09:31,430 --> 01:09:29,839

why were i was i being told this yeah

1767

01:09:34,470 --> 01:09:31,440

why were you

1768

01:09:37,829 --> 01:09:34,480

things okay that's what i'm going to

1769

01:09:41,030 --> 01:09:37,839

cover next oh okay all right okay

1770

01:09:42,070 --> 01:09:41,040

well i could we could just end it here

1771

01:09:43,110 --> 01:09:42,080

but

1772

01:09:50,950 --> 01:09:43,120

yeah

1773

01:09:54,630 --> 01:09:50,960

come back next week no no no no

1774

01:09:56,229 --> 01:09:54,640

i i i might not be around you never know

1775

01:09:57,990 --> 01:09:56,239

but uh now this is the first time i've

1776

01:10:00,310 --> 01:09:58,000

gone through the whole story

1777

01:10:02,630 --> 01:10:00,320

since i got approval too

1778

01:10:04,950 --> 01:10:02,640

but anyhow but i had never heard any of

1779

01:10:07,189 --> 01:10:04,960

this before okay the the top secret

1780

01:10:08,390 --> 01:10:07,199

missions and all that stuff so we're out

1781

01:10:10,470 --> 01:10:08,400

in this parking lot and it's gonna look

1782

01:10:11,590 --> 01:10:10,480

like it's getting ready for a gang fight

1783

01:10:13,350 --> 01:10:11,600

and i'm getting ready to be in the

1784

01:10:16,550 --> 01:10:13,360

middle of it you know because

1785

01:10:19,510 --> 01:10:16,560

you know this this stuff is is not

1786

01:10:20,709 --> 01:10:19,520

laying with me well so what they started

1787

01:10:23,350 --> 01:10:20,719

telling us

1788

01:10:26,550 --> 01:10:23,360

okay why we were there

1789

01:10:31,030 --> 01:10:28,550

native americans

1790

01:10:33,830 --> 01:10:31,040

and i can verify this

1791

01:10:36,149 --> 01:10:33,840

these native americans think differently

1792

01:10:39,110 --> 01:10:36,159

about things

1793

01:10:40,709 --> 01:10:39,120

when i was working on the navajo nation

1794

01:10:43,430 --> 01:10:40,719

and i was in the you know this this is

1795

01:10:44,870 --> 01:10:43,440

you know navajo nation is on parts of

1796

01:10:47,590 --> 01:10:44,880

new mexico

1797

01:10:50,709 --> 01:10:47,600

parts of arizona

1798

01:10:52,229 --> 01:10:50,719

utah and there's a little part of

1799

01:10:53,830 --> 01:10:52,239

colorado nobody knows about where

1800

01:10:55,510 --> 01:10:53,840

there's a chapter house

1801

01:10:57,669 --> 01:10:55,520

okay so there's

1802

01:11:00,390 --> 01:10:57,679

they're spread all over the place it's

1803

01:11:02,630 --> 01:11:00,400

right now i think there's a uh after the

1804

01:11:03,910 --> 01:11:02,640

coven 19 thing there's about

1805

01:11:07,350 --> 01:11:03,920

uh

1806

01:11:09,030 --> 01:11:07,360

400 000 members it's

1807

01:11:11,030 --> 01:11:09,040

and martin it's it's a whole different

1808

01:11:13,750 --> 01:11:11,040

world out there they they think

1809

01:11:15,990 --> 01:11:13,760

differently i had to know federal law i

1810

01:11:17,669 --> 01:11:16,000

think state law each each one of the

1811

01:11:20,950 --> 01:11:17,679

states that they're involved in those

1812

01:11:24,229 --> 01:11:20,960

laws i had to know local laws i had no

1813

01:11:26,950 --> 01:11:24,239

uh traditional navajo law and i had no

1814

01:11:29,110 --> 01:11:26,960

uh fundamental navajo law before i could

1815

01:11:31,110 --> 01:11:29,120

even start working there it's very

1816

01:11:33,030 --> 01:11:31,120

complex they don't

1817

01:11:35,430 --> 01:11:33,040

think like us all right we could go on

1818

01:11:36,709 --> 01:11:35,440

for weeks talking about just the things

1819

01:11:39,189 --> 01:11:36,719

that happened

1820

01:11:41,030 --> 01:11:39,199

to me on the reservation that weren't

1821

01:11:42,950 --> 01:11:41,040

connected to nasa

1822

01:11:44,149 --> 01:11:42,960

so what the bottom line because you know

1823

01:11:46,470 --> 01:11:44,159

i was pretty

1824

01:11:48,550 --> 01:11:46,480

huffed up about this what i got them to

1825

01:11:51,030 --> 01:11:48,560

tell me was that

1826  
01:11:53,830 --> 01:11:51,040  
why we were there was that they nasa

1827  
01:11:55,590 --> 01:11:53,840  
finally realized

1828  
01:11:57,350 --> 01:11:55,600  
because native americans think

1829  
01:11:58,390 --> 01:11:57,360  
differently and that's mostly because

1830  
01:12:00,870 --> 01:11:58,400  
they were

1831  
01:12:03,430 --> 01:12:00,880  
raised and educated on

1832  
01:12:07,030 --> 01:12:03,440  
a a reservation

1833  
01:12:08,390 --> 01:12:07,040  
they were nasa was finding out by 2006

1834  
01:12:13,270 --> 01:12:08,400  
that most of their

1835  
01:12:15,590 --> 01:12:13,280  
astronauts were educated and raised in

1836  
01:12:17,669 --> 01:12:15,600  
the western cultures meaning the

1837  
01:12:19,910 --> 01:12:17,679  
european cultures and the culture of the

1838  
01:12:22,790 --> 01:12:19,920

united states

1839

01:12:24,630 --> 01:12:22,800

nasa felt that

1840

01:12:27,189 --> 01:12:24,640

they had to have

1841

01:12:29,270 --> 01:12:27,199

more types of input

1842

01:12:31,590 --> 01:12:29,280

in to the

1843

01:12:33,189 --> 01:12:31,600

members of the astronauts

1844

01:12:35,750 --> 01:12:33,199

okay so that they could solve the

1845

01:12:37,510 --> 01:12:35,760

problems they were going to find

1846

01:12:39,510 --> 01:12:37,520

now they were just worried about mars i

1847

01:12:41,910 --> 01:12:39,520

think at that time but they said that

1848

01:12:44,470 --> 01:12:41,920

they were going to the astronauts who

1849

01:12:47,590 --> 01:12:44,480

were currently in 2006

1850

01:12:50,070 --> 01:12:47,600

who were mostly predominantly immersed

1851  
01:12:52,950 --> 01:12:50,080  
in the western cultures were not going

1852  
01:12:54,950 --> 01:12:52,960  
to be able to address and handle

1853  
01:12:56,709 --> 01:12:54,960  
psychologically at least

1854  
01:12:59,510 --> 01:12:56,719  
the issues they were going to find on

1855  
01:13:02,310 --> 01:12:59,520  
mars now that's that's all they would

1856  
01:13:04,550 --> 01:13:02,320  
say to me at that point okay so we're

1857  
01:13:05,910 --> 01:13:04,560  
all out in this parking lot but that

1858  
01:13:07,750 --> 01:13:05,920  
that's why we were there that's the

1859  
01:13:09,830 --> 01:13:07,760  
first time we found out

1860  
01:13:11,830 --> 01:13:09,840  
we were there and it wasn't you know it

1861  
01:13:14,229 --> 01:13:11,840  
was in a parking lot it wasn't even

1862  
01:13:15,350 --> 01:13:14,239  
officially in a you know a newsletter or

1863  
01:13:17,510 --> 01:13:15,360

a meeting

1864

01:13:19,270 --> 01:13:17,520

so we're all scrambling around finally

1865

01:13:21,270 --> 01:13:19,280

the buses show up because they were

1866

01:13:23,830 --> 01:13:21,280

going to take us to i think a cafeteria

1867

01:13:26,550 --> 01:13:23,840

to meet with uh nassau

1868

01:13:28,070 --> 01:13:26,560

engineers and talk to issue with issues

1869

01:13:28,950 --> 01:13:28,080

uh to them

1870

01:13:31,350 --> 01:13:28,960

so

1871

01:13:33,750 --> 01:13:31,360

we get in the bus buses and that's those

1872

01:13:36,390 --> 01:13:33,760

little vans like again

1873

01:13:38,870 --> 01:13:36,400

and i get onto a bus that's mostly just

1874

01:13:40,709 --> 01:13:38,880

nassau so you can imagine how well that

1875

01:13:44,470 --> 01:13:40,719

went over

1876

01:13:46,950 --> 01:13:44,480

so i finally cornered this one i think

1877

01:13:49,990 --> 01:13:46,960

he was a scientist from nassau

1878

01:13:53,030 --> 01:13:50,000

and i said what kind of things

1879

01:13:55,750 --> 01:13:53,040

are you expecting the astronauts to run

1880

01:13:57,270 --> 01:13:55,760

into when they get to mars

1881

01:13:59,590 --> 01:13:57,280

because i didn't know if they had found

1882

01:14:02,470 --> 01:13:59,600

life on mars you know or if they had

1883

01:14:05,830 --> 01:14:02,480

found out what i was thinking is maybe

1884

01:14:07,669 --> 01:14:05,840

they found out that the laws of physics

1885

01:14:08,709 --> 01:14:07,679

on mars

1886

01:14:11,510 --> 01:14:08,719

don't

1887

01:14:13,030 --> 01:14:11,520

aren't the same laws of physics on earth

1888

01:14:14,390 --> 01:14:13,040

because i'm thinking what could cause

1889

01:14:17,590 --> 01:14:14,400

the astronauts

1890

01:14:18,709 --> 01:14:17,600

not to psychologically handle being on

1891

01:14:20,470 --> 01:14:18,719

mars

1892

01:14:23,430 --> 01:14:20,480

so the one guy

1893

01:14:25,270 --> 01:14:23,440

i i can't say that i intimidated them

1894

01:14:27,350 --> 01:14:25,280

but i cornered them okay the one

1895

01:14:28,870 --> 01:14:27,360

scientist and i said look

1896

01:14:30,630 --> 01:14:28,880

i'm representing one of the largest

1897

01:14:33,189 --> 01:14:30,640

tribes in the united states

1898

01:14:34,550 --> 01:14:33,199

if you don't give me a concrete answer

1899

01:14:37,110 --> 01:14:34,560

as to what kind of things they're going

1900

01:14:38,950 --> 01:14:37,120

to face on mars i'm not going to get

1901

01:14:41,350 --> 01:14:38,960

involved in the aries program and i will

1902

01:14:43,350 --> 01:14:41,360

not commit the navajos i said they've

1903

01:14:44,870 --> 01:14:43,360

been pushed around most of their lives

1904

01:14:46,149 --> 01:14:44,880

i'm not going to commit them to this

1905

01:14:48,390 --> 01:14:46,159

project

1906

01:14:51,030 --> 01:14:48,400

so he finally said okay he said okay

1907

01:14:52,790 --> 01:14:51,040

i'll give you one example

1908

01:14:54,470 --> 01:14:52,800

and i said okay one example is better

1909

01:14:58,790 --> 01:14:54,480

than no example

1910

01:15:02,950 --> 01:14:58,800

so he said okay nasa already knew

1911

01:15:05,830 --> 01:15:02,960

that on mars there was a natural gas

1912

01:15:07,669 --> 01:15:05,840

and that natural gas was extremely

1913

01:15:13,350 --> 01:15:07,679

volatile

1914

01:15:15,750 --> 01:15:13,360

and he said that

1915

01:15:17,350 --> 01:15:15,760

okay he said you've seen a space shuttle

1916

01:15:19,110 --> 01:15:17,360

and i said yes

1917

01:15:22,229 --> 01:15:19,120

he said you've seen the space shuttle

1918

01:15:25,590 --> 01:15:22,239

has a cargo area and i said yes he said

1919

01:15:27,590 --> 01:15:25,600

okay he said imagine making an

1920

01:15:31,430 --> 01:15:27,600

airtight container

1921

01:15:32,709 --> 01:15:31,440

that's the size of that cargo area

1922

01:15:36,149 --> 01:15:32,719

i said okay

1923

01:15:40,149 --> 01:15:36,159

he said now if you fill that

1924

01:15:43,350 --> 01:15:40,159

cargo area sized container up with this

1925

01:15:46,070 --> 01:15:43,360

volatile martian gas

1926

01:15:48,870 --> 01:15:46,080

that amount of gas

1927

01:15:51,350 --> 01:15:48,880

would generate enough electricity

1928

01:15:52,550 --> 01:15:51,360

to keep new york city's

1929

01:15:57,110 --> 01:15:52,560

lights

1930

01:15:59,430 --> 01:15:57,120

lit up brightly for a year and a half

1931

01:16:01,990 --> 01:15:59,440

and i said yeah that's that's pretty

1932

01:16:04,229 --> 01:16:02,000

volatile and he said well we need to

1933

01:16:08,149 --> 01:16:04,239

have people who think differently about

1934

01:16:13,430 --> 01:16:12,229

extract the gas from the martian soil

1935

01:16:16,149 --> 01:16:13,440

and then

1936

01:16:19,510 --> 01:16:16,159

transport it down to earth

1937

01:16:21,510 --> 01:16:19,520

without something terrible happening

1938

01:16:24,229 --> 01:16:21,520

and that's the only

1939

01:16:27,990 --> 01:16:24,239

example i could get him to give me or

1940

01:16:28,790 --> 01:16:28,000

them to give me at that time

1941

01:16:30,630 --> 01:16:28,800

um

1942

01:16:34,070 --> 01:16:30,640

so nasa

1943

01:16:35,990 --> 01:16:34,080

they had you in to talk about this they

1944

01:16:37,189 --> 01:16:36,000

had

1945

01:16:39,430 --> 01:16:37,199

um

1946

01:16:40,550 --> 01:16:39,440

they are looking at the native american

1947

01:16:42,070 --> 01:16:40,560

culture

1948

01:16:44,790 --> 01:16:42,080

and for you to bring your best and

1949

01:16:48,790 --> 01:16:44,800

brightest of whoever it is

1950

01:16:50,790 --> 01:16:48,800

to train them be to become astronauts

1951

01:16:53,350 --> 01:16:50,800

yes

1952

01:16:55,270 --> 01:16:53,360

go ahead um so uh

1953

01:16:57,669 --> 01:16:55,280

this project aries

1954

01:16:59,910 --> 01:16:57,679

mm-hmm did it have an end when did

1955

01:17:02,070 --> 01:16:59,920

did it expire was there an ending to it

1956

01:17:04,030 --> 01:17:02,080

or is this still something in the works

1957

01:17:06,870 --> 01:17:04,040

yes it was somewhere around

1958

01:17:08,709 --> 01:17:06,880

2013 and 2012.

1959

01:17:10,630 --> 01:17:08,719

i think they ran into some kind of

1960

01:17:14,149 --> 01:17:10,640

difficulty with booster rockets or

1961

01:17:16,390 --> 01:17:14,159

something because i it was my job

1962

01:17:20,790 --> 01:17:16,400

representing i represented the the

1963

01:17:22,310 --> 01:17:20,800

navajo tribe it was my job to screen

1964

01:17:23,830 --> 01:17:22,320

and interview

1965

01:17:26,870 --> 01:17:23,840

and nominate

1966

01:17:29,510 --> 01:17:26,880

the best and the brightest navajos to

1967

01:17:31,030 --> 01:17:29,520

nassau for their aries program

1968

01:17:32,550 --> 01:17:31,040

and that's that's

1969

01:17:34,630 --> 01:17:32,560

what i did i only i think there were

1970

01:17:36,149 --> 01:17:34,640

only one or two ceremonies

1971

01:17:38,709 --> 01:17:36,159

that uh when i still worked there

1972

01:17:42,470 --> 01:17:38,719

because i left in 2007

1973

01:17:45,189 --> 01:17:42,480

but that was my job i had to

1974

01:17:47,510 --> 01:17:45,199

screen them i had to uh you know talk

1975

01:17:48,550 --> 01:17:47,520

with them look at their scores nominate

1976

01:17:50,390 --> 01:17:48,560

them

1977

01:17:52,870 --> 01:17:50,400

into the

1978

01:17:53,830 --> 01:17:52,880

aries program

1979

01:17:56,149 --> 01:17:53,840

um

1980

01:17:57,590 --> 01:17:56,159

so the the only the the thing that i

1981

01:18:00,470 --> 01:17:57,600

find

1982

01:18:02,870 --> 01:18:00,480

very strange about this is that

1983

01:18:05,030 --> 01:18:02,880

if all indeed these things

1984

01:18:06,470 --> 01:18:05,040

and again i believe you're i'm not

1985

01:18:07,590 --> 01:18:06,480

saying i don't believe any of what

1986

01:18:08,790 --> 01:18:07,600

you're saying

1987

01:18:12,870 --> 01:18:08,800

but

1988

01:18:13,750 --> 01:18:12,880

that is so difficult for me to to grasp

1989

01:18:16,550 --> 01:18:13,760

is

1990

01:18:18,070 --> 01:18:16,560

why they would let you talk about such

1991

01:18:20,870 --> 01:18:18,080

an incredible

1992

01:18:23,110 --> 01:18:20,880

story and this in this gas do they have

1993

01:18:26,630 --> 01:18:23,120

a name for it a compound of why it's so

1994

01:18:28,870 --> 01:18:26,640

volatile and so full of energy

1995

01:18:31,030 --> 01:18:28,880

they didn't mention that to me now i

1996

01:18:32,630 --> 01:18:31,040

i've heard about the gas

1997

01:18:34,470 --> 01:18:32,640

since then

1998

01:18:36,709 --> 01:18:34,480

and uh

1999

01:18:38,630 --> 01:18:36,719

but that's that's all that they

2000

01:18:40,870 --> 01:18:38,640

mentioned they were talking kind of in

2001

01:18:43,189 --> 01:18:40,880

generalities

2002

01:18:45,030 --> 01:18:43,199

and

2003

01:18:47,030 --> 01:18:45,040

i mean there were a lot of other things

2004

01:18:49,430 --> 01:18:47,040

they they they showed us about you know

2005

01:18:51,669 --> 01:18:49,440

how far nassau was going with things

2006

01:18:54,470 --> 01:18:51,679

with robots and stuff but that was the

2007

01:18:57,030 --> 01:18:54,480

biggest issue they i mean it wasn't so

2008

01:18:59,110 --> 01:18:57,040

much i mean it seemed to me like the gas

2009

01:19:01,830 --> 01:18:59,120

was only one issue

2010

01:19:03,590 --> 01:19:01,840

and i i i'm

2011

01:19:05,590 --> 01:19:03,600

i know i've heard that those type of

2012

01:19:07,669 --> 01:19:05,600

gases exist

2013

01:19:09,910 --> 01:19:07,679

in other places but they were you know

2014

01:19:11,910 --> 01:19:09,920

they were they were concerned that

2015

01:19:15,669 --> 01:19:11,920

they needed

2016

01:19:17,669 --> 01:19:15,679

people with the culture that wasn't uh

2017

01:19:19,270 --> 01:19:17,679

the western culture that thought

2018

01:19:20,870 --> 01:19:19,280

differently about things

2019

01:19:23,750 --> 01:19:20,880

to help them solve these kind of

2020

01:19:26,870 --> 01:19:23,760

problems because nasa was running into

2021

01:19:28,550 --> 01:19:26,880

problems that they could not handle with

2022

01:19:32,149 --> 01:19:28,560

astronauts who were

2023

01:19:34,149 --> 01:19:32,159

only immersed in the western cultures

2024

01:19:35,510 --> 01:19:34,159

as far as their education and upbringing

2025

01:19:36,390 --> 01:19:35,520

went

2026

01:19:37,990 --> 01:19:36,400

okay so

2027

01:19:40,229 --> 01:19:38,000

richard has another question how would

2028

01:19:42,709 --> 01:19:40,239

the navajos think differently about

2029

01:19:45,110 --> 01:19:42,719

handling a dangerous gases or you say

2030

01:19:47,189 --> 01:19:45,120

that was only a small part of this oh

2031

01:19:48,709 --> 01:19:47,199

yeah that was only one example that he

2032

01:19:50,950 --> 01:19:48,719

would give me but okay for example in

2033

01:19:53,590 --> 01:19:50,960

the navajos

2034

01:19:56,950 --> 01:19:55,110

just how they

2035

01:19:59,030 --> 01:19:56,960

approach things

2036

01:20:02,070 --> 01:19:59,040

like getting something organized okay

2037

01:20:04,070 --> 01:20:02,080

let's say if if they had to organize

2038

01:20:05,510 --> 01:20:04,080

a project

2039

01:20:08,629 --> 01:20:05,520

they have a

2040

01:20:12,149 --> 01:20:08,639

a system whereby if you're planning a

2041

01:20:16,790 --> 01:20:14,950

you face a certain direction

2042

01:20:19,430 --> 01:20:16,800

during a certain time of the day and

2043

01:20:21,189 --> 01:20:19,440

that's when you do your planning

2044

01:20:22,950 --> 01:20:21,199

and they had you know they were they had

2045

01:20:25,430 --> 01:20:22,960

some evidence that these kind of things

2046

01:20:26,790 --> 01:20:25,440

helped the navajos plan

2047

01:20:28,709 --> 01:20:26,800

then when you were getting ready you

2048

01:20:30,470 --> 01:20:28,719

know further on down the line

2049

01:20:33,110 --> 01:20:30,480

there was another place you'd go and you

2050

01:20:35,189 --> 01:20:33,120

face a different direction

2051  
01:20:37,590 --> 01:20:35,199  
and then do that part of planning these

2052  
01:20:39,669 --> 01:20:37,600  
kind of little uh

2053  
01:20:41,910 --> 01:20:39,679  
nuances

2054  
01:20:44,070 --> 01:20:41,920  
in the navajo culture

2055  
01:20:46,629 --> 01:20:44,080  
and other other native americans have

2056  
01:20:48,550 --> 01:20:46,639  
these same type of things are what they

2057  
01:20:50,709 --> 01:20:48,560  
were looking for different approaches

2058  
01:20:52,310 --> 01:20:50,719  
like the navajo language is totally

2059  
01:20:55,990 --> 01:20:52,320  
different

2060  
01:20:57,669 --> 01:20:56,000  
it has uh it depends on what what pitch

2061  
01:20:59,430 --> 01:20:57,679  
you say the word at

2062  
01:21:00,550 --> 01:20:59,440  
it depends on how you cut the word off

2063  
01:21:02,070 --> 01:21:00,560

at the end

2064

01:21:04,390 --> 01:21:02,080

you could have two words that have two

2065

01:21:06,470 --> 01:21:04,400

different meanings depending on what

2066

01:21:08,870 --> 01:21:06,480

pitch you say it at and if it's like yet

2067

01:21:12,070 --> 01:21:08,880

to hey or get the hit

2068

01:21:14,790 --> 01:21:12,080

that all depends on how you translate

2069

01:21:15,510 --> 01:21:14,800

the word like they they might not say

2070

01:21:18,550 --> 01:21:15,520

that

2071

01:21:21,350 --> 01:21:18,560

here's my here's a green pen they might

2072

01:21:24,149 --> 01:21:21,360

say here's a pen a writing utensil

2073

01:21:26,629 --> 01:21:24,159

that's the color of grass

2074

01:21:29,350 --> 01:21:26,639

now this again this is only the navajos

2075

01:21:32,870 --> 01:21:29,360

but native americans think totally

2076

01:21:36,229 --> 01:21:32,880

different it's a whole different place

2077

01:21:38,550 --> 01:21:36,239

to live on the reservation it's amazing

2078

01:21:41,270 --> 01:21:38,560

and you you know i i was dealing with

2079

01:21:44,310 --> 01:21:41,280

shamans every day

2080

01:21:45,270 --> 01:21:44,320

so they wanted nasa and felt that they

2081

01:21:47,430 --> 01:21:45,280

needed

2082

01:21:49,590 --> 01:21:47,440

some other outside

2083

01:21:52,550 --> 01:21:49,600

source of knowledge to help them solve

2084

01:21:54,950 --> 01:21:52,560

problems that they don't even know that

2085

01:21:58,550 --> 01:21:54,960

they're going to run into now again i

2086

01:22:00,470 --> 01:21:58,560

thought my instinct was that maybe on

2087

01:22:01,750 --> 01:22:00,480

mars there are

2088

01:22:03,669 --> 01:22:01,760

different

2089

01:22:06,070 --> 01:22:03,679

laws of physics than we have on earth

2090

01:22:09,110 --> 01:22:06,080

and that might cause them you know

2091

01:22:11,350 --> 01:22:09,120

a lot of issues on how astronauts think

2092

01:22:12,390 --> 01:22:11,360

and they never mentioned anything about

2093

01:22:15,669 --> 01:22:12,400

finding

2094

01:22:18,229 --> 01:22:15,679

extraterrestrial life forms

2095

01:22:20,149 --> 01:22:18,239

yeah well you know i mean when you first

2096

01:22:22,950 --> 01:22:20,159

said that at the very beginning

2097

01:22:25,270 --> 01:22:22,960

um i was the first thing i thought of is

2098

01:22:26,709 --> 01:22:25,280

they may see signs

2099

01:22:29,189 --> 01:22:26,719

of possible

2100

01:22:31,110 --> 01:22:29,199

you know extraterrestrial life which may

2101

01:22:32,870 --> 01:22:31,120

you know kind of shake their reality a

2102

01:22:34,870 --> 01:22:32,880

little bit which i still think is a

2103

01:22:37,910 --> 01:22:34,880

possibility i mean it's still possible

2104

01:22:40,390 --> 01:22:37,920

that you know mars obviously had plenty

2105

01:22:41,910 --> 01:22:40,400

of water on it at one time yes or it

2106

01:22:43,830 --> 01:22:41,920

lost its um

2107

01:22:46,790 --> 01:22:43,840

uh what's it called

2108

01:22:49,189 --> 01:22:46,800

the magnetosphere um you know was it was

2109

01:22:52,070 --> 01:22:49,199

probably holding in uh the water and

2110

01:22:54,229 --> 01:22:52,080

holding an atmosphere to protect and to

2111

01:22:56,310 --> 01:22:54,239

develop life you know i still think it's

2112

01:22:58,790 --> 01:22:56,320

very possible that there could could be

2113

01:23:01,030 --> 01:22:58,800

signs of life found on mars yeah and the

2114

01:23:03,669 --> 01:23:01,040

life could like there there were several

2115

01:23:06,550 --> 01:23:03,679

occasions where huge objects crashed in

2116

01:23:09,750 --> 01:23:06,560

the earth when earth was populated with

2117

01:23:11,830 --> 01:23:09,760

some type of life so in our

2118

01:23:13,910 --> 01:23:11,840

uh you know our

2119

01:23:16,149 --> 01:23:13,920

the uh what's the word

2120

01:23:17,910 --> 01:23:16,159

on our galaxy but our

2121

01:23:19,510 --> 01:23:17,920

solar system

2122

01:23:21,510 --> 01:23:19,520

there could have been

2123

01:23:23,510 --> 01:23:21,520

parts of

2124

01:23:26,709 --> 01:23:23,520

life on earth that could have ended up

2125

01:23:29,030 --> 01:23:26,719

on different planets in our solar system

2126  
01:23:31,510 --> 01:23:29,040  
yeah that grew you know so there's a lot

2127  
01:23:33,430 --> 01:23:31,520  
of possibilities they just need they

2128  
01:23:35,270 --> 01:23:33,440  
needed some other ways of thinking about

2129  
01:23:36,629 --> 01:23:35,280  
things because they felt they were

2130  
01:23:38,950 --> 01:23:36,639  
limited

2131  
01:23:42,470 --> 01:23:38,960  
by using people who had been just

2132  
01:23:44,550 --> 01:23:42,480  
educated in the western cultures

2133  
01:23:46,870 --> 01:23:44,560  
now did was there

2134  
01:23:49,430 --> 01:23:46,880  
ever any point of time

2135  
01:23:51,110 --> 01:23:49,440  
where you found out more information

2136  
01:23:52,310 --> 01:23:51,120  
about what they were

2137  
01:23:55,430 --> 01:23:52,320  
hoping to

2138  
01:23:57,110 --> 01:23:55,440

find or ask excavate i mean it was this

2139

01:23:59,910 --> 01:23:57,120

totally like an

2140

01:24:01,990 --> 01:23:59,920

excavation mission in your opinion or do

2141

01:24:03,430 --> 01:24:02,000

you think that there was more to a lot

2142

01:24:06,790 --> 01:24:03,440

more to it

2143

01:24:09,270 --> 01:24:06,800

well i i think well see the uh

2144

01:24:20,950 --> 01:24:09,280

the aries

2145

01:24:25,510 --> 01:24:23,990

excuse me had nothing to do with mining

2146

01:24:27,750 --> 01:24:25,520

i see

2147

01:24:29,910 --> 01:24:27,760

oh so

2148

01:24:31,590 --> 01:24:29,920

where was the crossover to the mining

2149

01:24:33,830 --> 01:24:31,600

part of it then was this something

2150

01:24:35,030 --> 01:24:33,840

entirely different

2151  
01:24:38,149 --> 01:24:35,040  
i think so

2152  
01:24:39,750 --> 01:24:38,159  
because the the whole aries directorate

2153  
01:24:41,990 --> 01:24:39,760  
was

2154  
01:24:44,790 --> 01:24:42,000  
around finding the you know like i said

2155  
01:24:47,510 --> 01:24:44,800  
their vision statement was to

2156  
01:24:50,149 --> 01:24:47,520  
find life beyond earth but their mission

2157  
01:24:52,229 --> 01:24:50,159  
statement was to search for life

2158  
01:24:53,669 --> 01:24:52,239  
throughout the universe so that was the

2159  
01:24:55,350 --> 01:24:53,679  
big thing

2160  
01:24:57,189 --> 01:24:55,360  
that aries was all about that's why i

2161  
01:24:59,990 --> 01:24:57,199  
said there's a parallel between what was

2162  
01:25:03,830 --> 01:25:00,000  
going on in 2006 or even maybe earlier

2163  
01:25:05,430 --> 01:25:03,840

because i wasn't brought in until 2006.

2164

01:25:07,110 --> 01:25:05,440

so there was a parallel between that and

2165

01:25:08,870 --> 01:25:07,120

what's going on now

2166

01:25:10,149 --> 01:25:08,880

yeah you need to get yourself a glass of

2167

01:25:12,790 --> 01:25:10,159

water real quick

2168

01:25:13,750 --> 01:25:12,800

um let me just grab a bottle all right

2169

01:25:17,669 --> 01:25:13,760

okay

2170

01:25:20,870 --> 01:25:17,679

so um as i mentioned earlier uh we hope

2171

01:25:22,950 --> 01:25:20,880

to have gary nolan on next week so i do

2172

01:25:24,870 --> 01:25:22,960

want to tell the people uh

2173

01:25:27,990 --> 01:25:24,880

out there that all you have to do is go

2174

01:25:29,990 --> 01:25:28,000

on to [podcastufo.com](http://podcastufo.com)

2175

01:25:31,430 --> 01:25:30,000

and over on the sidebar you'll see a

2176  
01:25:33,510 --> 01:25:31,440  
mailing list

2177  
01:25:35,510 --> 01:25:33,520  
it's a once a week newsletter you just

2178  
01:25:36,470 --> 01:25:35,520  
drop your email address in there and

2179  
01:25:38,870 --> 01:25:36,480  
click

2180  
01:25:40,310 --> 01:25:38,880  
send or whatever it is or agree

2181  
01:25:42,070 --> 01:25:40,320  
and then a link will be sent to your

2182  
01:25:43,270 --> 01:25:42,080  
email address you just confirm that link

2183  
01:25:45,590 --> 01:25:43,280  
and you'll get our once a week

2184  
01:25:47,350 --> 01:25:45,600  
newsletter because a lot of times at the

2185  
01:25:49,669 --> 01:25:47,360  
very last minute

2186  
01:25:51,830 --> 01:25:49,679  
something changes and i will would

2187  
01:25:54,550 --> 01:25:51,840  
announce any changes in who's coming up

2188  
01:25:56,950 --> 01:25:54,560

and also what the blog is that's uh once

2189

01:25:59,430 --> 01:25:56,960

a week um i'm gonna be

2190

01:26:00,950 --> 01:25:59,440

opening up the lines here

2191

01:26:02,629 --> 01:26:00,960

and uh

2192

01:26:05,510 --> 01:26:02,639

just one other thing you know there's uh

2193

01:26:08,629 --> 01:26:05,520

mike adams has a uh in the chat is

2194

01:26:09,510 --> 01:26:08,639

saying why excavate mars but this sounds

2195

01:26:12,870 --> 01:26:09,520

like

2196

01:26:14,790 --> 01:26:12,880

uh to me and and correct me if i'm wrong

2197

01:26:18,390 --> 01:26:14,800

that if you can get

2198

01:26:19,990 --> 01:26:18,400

a container of gas even though it cost

2199

01:26:21,590 --> 01:26:20,000

uh

2200

01:26:23,750 --> 01:26:21,600

millions and millions and millions of

2201

01:26:26,470 --> 01:26:23,760

dollars maybe even billions of dollars

2202

01:26:28,550 --> 01:26:26,480

to get back why would that be worth it

2203

01:26:31,270 --> 01:26:28,560

to power new york for

2204

01:26:34,790 --> 01:26:31,280

so many months i mean is it really

2205

01:26:36,870 --> 01:26:34,800

enough energy to make the cost worth it

2206

01:26:38,629 --> 01:26:36,880

uh that was beyond my pay grade they

2207

01:26:39,430 --> 01:26:38,639

only uh you know i was there for one

2208

01:26:40,950 --> 01:26:39,440

more

2209

01:26:43,030 --> 01:26:40,960

day

2210

01:26:44,470 --> 01:26:43,040

uh

2211

01:26:46,550 --> 01:26:44,480

they were

2212

01:26:50,550 --> 01:26:46,560

the reason i was there

2213

01:26:51,990 --> 01:26:50,560

was to get the brain power

2214

01:26:54,149 --> 01:26:52,000

re-gearred

2215

01:26:55,910 --> 01:26:54,159

to take care of the problems that they

2216

01:26:57,189 --> 01:26:55,920

felt they would

2217

01:26:59,030 --> 01:26:57,199

run into

2218

01:27:00,790 --> 01:26:59,040

at least on mars

2219

01:27:03,510 --> 01:27:00,800

and uh knowing that you know i have no

2220

01:27:06,149 --> 01:27:03,520

idea what those six top secret missions

2221

01:27:08,470 --> 01:27:06,159

or how many there were the uh the

2222

01:27:10,229 --> 01:27:08,480

spatial top secret missions were or

2223

01:27:11,990 --> 01:27:10,239

where they went

2224

01:27:14,070 --> 01:27:12,000

but uh

2225

01:27:16,470 --> 01:27:14,080

like i said i all of us who were there

2226

01:27:19,110 --> 01:27:16,480

we had no idea why we were there

2227

01:27:22,470 --> 01:27:19,120

and when we got there the the reason we

2228

01:27:24,709 --> 01:27:22,480

found out why is we were trying to

2229

01:27:27,510 --> 01:27:24,719

mix the way of thinking of the native

2230

01:27:30,390 --> 01:27:27,520

americans in with people who had been

2231

01:27:33,030 --> 01:27:30,400

educated in the western culture and that

2232

01:27:34,629 --> 01:27:33,040

was the biggest you know that was the

2233

01:27:36,470 --> 01:27:34,639

reason we were there when we weren't

2234

01:27:38,790 --> 01:27:36,480

going to be mining or anything like that

2235

01:27:41,750 --> 01:27:38,800

for them but we were we they needed our

2236

01:27:43,669 --> 01:27:41,760

best and our brightest and that's who

2237

01:27:45,590 --> 01:27:43,679

they wanted to work with

2238

01:27:46,390 --> 01:27:45,600

but they had to be native americans who

2239

01:27:48,470 --> 01:27:46,400

were

2240

01:27:50,310 --> 01:27:48,480

basically brought up on the

2241

01:27:52,550 --> 01:27:50,320

reservation

2242

01:27:55,189 --> 01:27:52,560

i think that is that is quite

2243

01:27:57,750 --> 01:27:55,199

quite interesting that they would um

2244

01:28:01,030 --> 01:27:57,760

look for a cultural difference

2245

01:28:02,790 --> 01:28:01,040

um to to handle you know a certain

2246

01:28:05,590 --> 01:28:02,800

situation

2247

01:28:08,310 --> 01:28:05,600

and are there examples of

2248

01:28:10,070 --> 01:28:08,320

um astronauts native american astronauts

2249

01:28:11,750 --> 01:28:10,080

i don't know i don't

2250

01:28:14,709 --> 01:28:11,760

well i know that uh

2251

01:28:16,870 --> 01:28:14,719

i recommended students to the program i

2252

01:28:19,350 --> 01:28:16,880

don't know how far they got because like

2253

01:28:21,030 --> 01:28:19,360

i said i left the uh

2254

01:28:24,149 --> 01:28:21,040

working with the department of the

2255

01:28:25,910 --> 01:28:24,159

interior in 2007.

2256

01:28:29,270 --> 01:28:25,920

i see

2257

01:28:30,870 --> 01:28:29,280

i have uh i have opened the lines up and

2258

01:28:36,229 --> 01:28:30,880

we already have someone on the line and

2259

01:28:40,149 --> 01:28:38,390

we have stephen from grand rapids

2260

01:28:42,790 --> 01:28:40,159

michigan stephen welcome to the show

2261

01:28:44,310 --> 01:28:42,800

you're live on the air

2262

01:28:46,470 --> 01:28:44,320

excellent thank you martin thank you for

2263

01:28:49,030 --> 01:28:46,480

what you do and for dr robert thank you

2264

01:28:51,350 --> 01:28:49,040

for the uh conversation dr robert my

2265

01:28:53,910 --> 01:28:51,360

question is uh in regards to absolutely

2266

01:28:56,229 --> 01:28:53,920

in regards to i know that shamans

2267

01:28:58,629 --> 01:28:56,239

worldwide typically takes psychedelic

2268

01:29:00,229 --> 01:28:58,639

drugs to enter into the spiritual realm

2269

01:29:02,550 --> 01:29:00,239

i think that's been fairly well

2270

01:29:04,629 --> 01:29:02,560

documented i don't know if that is

2271

01:29:06,390 --> 01:29:04,639

uh well i know that an archetype too of

2272

01:29:08,070 --> 01:29:06,400

when you enter this realm and when you

2273

01:29:10,070 --> 01:29:08,080

take psychedelics is the ufo

2274

01:29:11,669 --> 01:29:10,080

occasionally pops up i don't know if you

2275

01:29:13,189 --> 01:29:11,679

have thoughts and maybe that's why

2276

01:29:15,189 --> 01:29:13,199

native americans in particular were

2277

01:29:18,229 --> 01:29:15,199

invited to the program or but i'd love

2278

01:29:23,189 --> 01:29:18,239

to hear your thoughts and thank you both

2279

01:29:27,750 --> 01:29:25,030

you want me to

2280

01:29:30,390 --> 01:29:27,760

say hello

2281

01:29:32,229 --> 01:29:30,400

i can't hear you martin

2282

01:29:34,790 --> 01:29:32,239

go ahead and answer his question

2283

01:29:36,470 --> 01:29:34,800

okay yeah the uh

2284

01:29:38,870 --> 01:29:36,480

i used to hang around with the medicine

2285

01:29:40,310 --> 01:29:38,880

men quite a bit when i was on the

2286

01:29:42,950 --> 01:29:40,320

reservation

2287

01:29:44,790 --> 01:29:42,960

very very interesting people

2288

01:29:47,750 --> 01:29:44,800

but they have

2289

01:29:49,510 --> 01:29:47,760

different solutions to things now they

2290

01:29:50,830 --> 01:29:49,520

um

2291

01:29:52,390 --> 01:29:50,840

there were things

2292

01:29:55,510 --> 01:29:52,400

other

2293

01:29:58,229 --> 01:29:55,520

than ufos or flying saucers

2294

01:30:00,790 --> 01:29:58,239

that they would talk to me about

2295

01:30:03,830 --> 01:30:00,800

the medicine men that is and there were

2296

01:30:05,910 --> 01:30:03,840

a lot of strange things that happened

2297

01:30:09,030 --> 01:30:05,920

up on the reservation when i was working

2298

01:30:11,270 --> 01:30:09,040

there that's what i was trying to

2299

01:30:12,070 --> 01:30:11,280

let's say clear up

2300

01:30:14,310 --> 01:30:12,080

uh

2301

01:30:17,270 --> 01:30:14,320

i'm really

2302

01:30:19,430 --> 01:30:17,280

not at liberty to discuss in detail some

2303

01:30:22,229 --> 01:30:19,440

of the things that went on there

2304

01:30:24,070 --> 01:30:22,239

it was very there were odd things going

2305

01:30:25,910 --> 01:30:24,080

on there that let's say only the

2306

01:30:27,910 --> 01:30:25,920

medicine men

2307

01:30:29,270 --> 01:30:27,920

could deal with and they definitely were

2308

01:30:31,430 --> 01:30:29,280

shamans

2309

01:30:34,470 --> 01:30:31,440

now

2310

01:30:36,870 --> 01:30:34,480

hung around with they carried like

2311

01:30:39,590 --> 01:30:36,880

little bags of like this fluorescent

2312

01:30:42,310 --> 01:30:39,600

yellow powder but i think that was more

2313

01:30:43,990 --> 01:30:42,320

of a corn and they'd sprinkle it on me

2314

01:30:46,310 --> 01:30:44,000

and i never got high or anything like

2315

01:30:48,550 --> 01:30:46,320

that from them sprinkling it on me

2316

01:30:50,390 --> 01:30:48,560

but uh

2317

01:30:52,470 --> 01:30:50,400

there were a lot of strange things

2318

01:30:55,110 --> 01:30:52,480

happening there

2319

01:30:58,950 --> 01:30:55,120

and uh

2320

01:30:59,830 --> 01:30:58,960

one of my solutions was before i left

2321

01:31:01,110 --> 01:30:59,840

i

2322

01:31:04,390 --> 01:31:01,120

uh

2323

01:31:05,750 --> 01:31:04,400

hired a shaman to come and bless the

2324

01:31:07,990 --> 01:31:05,760

area

2325

01:31:11,110 --> 01:31:08,000

where i was living and working to see if

2326

01:31:13,110 --> 01:31:11,120

maybe that would stop some of the things

2327

01:31:14,709 --> 01:31:13,120

that were going on but there were

2328

01:31:16,950 --> 01:31:14,719

strange things

2329

01:31:18,709 --> 01:31:16,960

that were hard to explain

2330

01:31:20,390 --> 01:31:18,719

you want to go let's i always love to

2331

01:31:22,310 --> 01:31:20,400

hear about strange things

2332

01:31:24,790 --> 01:31:22,320

okay let's go into a couple of details

2333

01:31:28,550 --> 01:31:24,800

of what was happening

2334

01:31:33,110 --> 01:31:30,709

okay how long ago let's see

2335

01:31:34,870 --> 01:31:33,120

all right first of all like i was hired

2336

01:31:38,149 --> 01:31:34,880

i think in june

2337

01:31:39,430 --> 01:31:38,159

of 2005 to go to work up there

2338

01:31:42,229 --> 01:31:39,440

uh by

2339

01:31:44,070 --> 01:31:42,239

a colleague of mine who was working with

2340

01:31:47,030 --> 01:31:44,080

me and new mexico state university they

2341

01:31:49,669 --> 01:31:47,040

had a a team of

2342

01:31:52,950 --> 01:31:49,679

consultants and again my job was to turn

2343

01:31:55,110 --> 01:31:52,960

the schools around that's what i do

2344

01:31:56,790 --> 01:31:55,120

well let's put it that way

2345

01:31:59,510 --> 01:31:56,800

so

2346

01:32:03,510 --> 01:31:59,520

i was hired in june

2347

01:32:05,750 --> 01:32:03,520

he committed suicide in july

2348

01:32:08,310 --> 01:32:05,760

because he couldn't handle

2349

01:32:11,189 --> 01:32:08,320

the things that were going on up there

2350

01:32:14,950 --> 01:32:11,199

uh things that i would find happening up

2351  
01:32:20,950 --> 01:32:17,430  
and i don't know exactly what they were

2352  
01:32:23,590 --> 01:32:22,310  
when i'd get up there and i first

2353  
01:32:25,510 --> 01:32:23,600  
started living up there i'd take a

2354  
01:32:26,950 --> 01:32:25,520  
shower and my body would be cherry red

2355  
01:32:30,070 --> 01:32:26,960  
afterwards

2356  
01:32:32,390 --> 01:32:30,080  
and i figured this wasn't quite normal

2357  
01:32:34,629 --> 01:32:32,400  
so i put another filter in my coffee pot

2358  
01:32:35,750 --> 01:32:34,639  
thinking that would take care of it but

2359  
01:32:39,110 --> 01:32:35,760  
it didn't

2360  
01:32:41,430 --> 01:32:39,120  
so i had i i went and i found out that

2361  
01:32:43,669 --> 01:32:41,440  
uh in the water supply that they had

2362  
01:32:45,590 --> 01:32:43,679  
been using there for years

2363  
01:32:47,350 --> 01:32:45,600

it was two and a half half two and a

2364

01:32:48,229 --> 01:32:47,360

half times the amount of uranium in the

2365

01:32:50,229 --> 01:32:48,239

water

2366

01:32:52,310 --> 01:32:50,239

and was allowable

2367

01:32:54,790 --> 01:32:52,320

wow so i had to shut down the whole

2368

01:32:57,350 --> 01:32:54,800

place and replace all the pipes and the

2369

01:32:59,510 --> 01:32:57,360

water tower and all that type of thing

2370

01:33:00,470 --> 01:32:59,520

uh there were strange things that would

2371

01:33:01,910 --> 01:33:00,480

happen

2372

01:33:04,790 --> 01:33:01,920

all the time

2373

01:33:07,110 --> 01:33:04,800

like somebody got in one time and in the

2374

01:33:09,350 --> 01:33:07,120

basement and tore out all the phone

2375

01:33:11,590 --> 01:33:09,360

wires and everything so we were cut off

2376

01:33:14,870 --> 01:33:11,600

from uh civilization

2377

01:33:17,189 --> 01:33:14,880

nobody saw it wasn't picked up on our uh

2378

01:33:19,669 --> 01:33:17,199

cameras things like that

2379

01:33:21,669 --> 01:33:19,679

so there there was and you had to

2380

01:33:24,229 --> 01:33:21,679

luckily i'm a little bit you know being

2381

01:33:27,590 --> 01:33:24,239

a musician an artist at all you know i'm

2382

01:33:29,270 --> 01:33:27,600

used to the strange things but uh

2383

01:33:31,910 --> 01:33:29,280

yeah there are two members of the team

2384

01:33:33,669 --> 01:33:31,920

that i started with one uh

2385

01:33:35,350 --> 01:33:33,679

committed suicide the other one had a

2386

01:33:39,030 --> 01:33:35,360

nervous breakdown

2387

01:33:42,550 --> 01:33:40,310

wow

2388

01:33:44,229 --> 01:33:42,560

well um

2389

01:33:46,229 --> 01:33:44,239

someone wanted to know

2390

01:33:48,390 --> 01:33:46,239

did their decision tree mostly end up at

2391

01:33:50,149 --> 01:33:48,400

mushrooms i mean did they

2392

01:33:51,910 --> 01:33:50,159

did

2393

01:33:53,590 --> 01:33:51,920

okay that's a good point

2394

01:33:55,750 --> 01:33:53,600

uh

2395

01:33:58,070 --> 01:33:55,760

my some of my staff

2396

01:33:59,189 --> 01:33:58,080

that i had working under me

2397

01:34:01,830 --> 01:33:59,199

they had

2398

01:34:02,830 --> 01:34:01,840

two cards that permitted them

2399

01:34:04,550 --> 01:34:02,840

to use

2400

01:34:05,430 --> 01:34:04,560

peyote

2401  
01:34:06,229 --> 01:34:05,440  
oh

2402  
01:34:07,510 --> 01:34:06,239  
yeah

2403  
01:34:10,070 --> 01:34:07,520  
so uh

2404  
01:34:12,149 --> 01:34:10,080  
that's cactus right or something is that

2405  
01:34:15,110 --> 01:34:12,159  
i can't i don't know i wasn't into it at

2406  
01:34:19,030 --> 01:34:15,120  
that time but uh i didn't try to buy

2407  
01:34:21,430 --> 01:34:19,040  
anything that's what they think yeah

2408  
01:34:22,390 --> 01:34:21,440  
but they they actually had cards it was

2409  
01:34:24,390 --> 01:34:22,400  
legal

2410  
01:34:25,990 --> 01:34:24,400  
back you know there

2411  
01:34:28,870 --> 01:34:26,000  
uh

2412  
01:34:31,430 --> 01:34:28,880  
there were all sorts of things that you

2413  
01:34:35,030 --> 01:34:31,440

you just couldn't imagine it's like you

2414

01:34:38,629 --> 01:34:35,040

know turning around the western culture

2415

01:34:40,470 --> 01:34:38,639

you know of 182 degrees they had places

2416

01:34:41,750 --> 01:34:40,480

up there where

2417

01:34:44,470 --> 01:34:41,760

um

2418

01:34:47,590 --> 01:34:44,480

they were safety zones where

2419

01:34:49,669 --> 01:34:47,600

let's say uh a person

2420

01:34:51,350 --> 01:34:49,679

could commit a crime

2421

01:34:54,390 --> 01:34:51,360

and then go there and they couldn't be

2422

01:34:56,310 --> 01:34:54,400

prosecuted as long as they were there

2423

01:34:59,830 --> 01:34:56,320

and like when you were dealing with

2424

01:35:03,270 --> 01:34:59,840

navajo fundamental law

2425

01:35:07,669 --> 01:35:05,350

stole something

2426

01:35:09,669 --> 01:35:07,679

or injured somebody

2427

01:35:10,629 --> 01:35:09,679

that that you might negotiate a deal

2428

01:35:12,790 --> 01:35:10,639

where

2429

01:35:15,590 --> 01:35:12,800

they could take something of yours or

2430

01:35:18,790 --> 01:35:15,600

they got to do something to a member of

2431

01:35:19,830 --> 01:35:18,800

your family that was detrimental

2432

01:35:21,669 --> 01:35:19,840

wow

2433

01:35:22,629 --> 01:35:21,679

it was it was

2434

01:35:24,229 --> 01:35:22,639

unique

2435

01:35:26,629 --> 01:35:24,239

now getting back to your water i don't

2436

01:35:28,390 --> 01:35:26,639

want to stay on that too long but it

2437

01:35:30,470 --> 01:35:28,400

sounds to me you know you hear about

2438

01:35:32,149 --> 01:35:30,480

radon in the water and

2439

01:35:34,950 --> 01:35:32,159

you know the the issues and things like

2440

01:35:36,629 --> 01:35:34,960

that health issues and it

2441

01:35:38,790 --> 01:35:36,639

what were the health issues when the

2442

01:35:39,910 --> 01:35:38,800

this was in their water supply it was

2443

01:35:40,709 --> 01:35:39,920

bad

2444

01:35:43,270 --> 01:35:40,719

i mean

2445

01:35:45,270 --> 01:35:43,280

they mean again

2446

01:35:47,350 --> 01:35:45,280

when i okay when i i had a shut down it

2447

01:35:48,790 --> 01:35:47,360

was like a little village i had to shut

2448

01:35:51,750 --> 01:35:48,800

it down

2449

01:35:53,189 --> 01:35:51,760

and uh then i had to uh that way to

2450

01:35:55,270 --> 01:35:53,199

replace the pipes and i had to bring in

2451

01:35:57,910 --> 01:35:55,280

what they call water buffalos so the

2452

01:35:59,830 --> 01:35:57,920

community could have water to drink but

2453

01:36:02,790 --> 01:35:59,840

then i ended up it was taking so much

2454

01:36:05,590 --> 01:36:02,800

time i had to move the whole community

2455

01:36:07,990 --> 01:36:05,600

to another place and it was called

2456

01:36:09,350 --> 01:36:08,000

grants new mexico so we had to

2457

01:36:10,790 --> 01:36:09,360

find a hotel and take the whole

2458

01:36:12,950 --> 01:36:10,800

community and live there until they

2459

01:36:14,470 --> 01:36:12,960

could redo the water supply

2460

01:36:17,030 --> 01:36:14,480

but um

2461

01:36:19,750 --> 01:36:17,040

the these the the people there they were

2462

01:36:22,709 --> 01:36:19,760

they were not physically in good shape

2463

01:36:25,350 --> 01:36:22,719

uh when i was on the reservation

2464

01:36:27,270 --> 01:36:25,360

uh i picked up a disease known as

2465

01:36:28,790 --> 01:36:27,280

clostridium difficile

2466

01:36:31,350 --> 01:36:28,800

or c diff

2467

01:36:32,870 --> 01:36:31,360

and when i left that and uh you know

2468

01:36:35,350 --> 01:36:32,880

when i went to the doctors i started

2469

01:36:37,350 --> 01:36:35,360

getting really sick and they said that

2470

01:36:39,669 --> 01:36:37,360

uh yeah it was definitely c diff and i

2471

01:36:41,109 --> 01:36:39,679

probably got it up on the reservation i

2472

01:36:42,950 --> 01:36:41,119

almost died

2473

01:36:44,790 --> 01:36:42,960

but there were a lot of the people who

2474

01:36:46,550 --> 01:36:44,800

worked with me because they

2475

01:36:49,669 --> 01:36:46,560

had worked at the you're in the iranian

2476

01:36:51,430 --> 01:36:49,679

uranium mines and some earlier

2477

01:36:54,390 --> 01:36:51,440

they're they were not in good shape in

2478

01:36:56,310 --> 01:36:54,400

fact when i went to a doctor because i

2479

01:36:58,790 --> 01:36:56,320

couldn't go to the same doctor that the

2480

01:37:02,149 --> 01:36:58,800

navajos went to on the reservation i had

2481

01:37:04,550 --> 01:37:02,159

to go to a a doctor that would treat

2482

01:37:06,550 --> 01:37:04,560

uh people who were non-navajos

2483

01:37:08,709 --> 01:37:06,560

and uh

2484

01:37:10,629 --> 01:37:08,719

i told her that

2485

01:37:12,550 --> 01:37:10,639

i found out that and it was the then

2486

01:37:14,709 --> 01:37:12,560

found out that it was the navajos that

2487

01:37:16,229 --> 01:37:14,719

were selling us the water that they knew

2488

01:37:18,070 --> 01:37:16,239

had the uranium in it

2489

01:37:20,470 --> 01:37:18,080

in the long run but i told her that i

2490

01:37:21,910 --> 01:37:20,480

had been drinking water and using water

2491

01:37:23,109 --> 01:37:21,920

that two and a half times the amount of

2492

01:37:24,950 --> 01:37:23,119

uranium

2493

01:37:27,109 --> 01:37:24,960

and she said actually for where you're

2494

01:37:28,149 --> 01:37:27,119

living that's not too bad

2495

01:37:30,310 --> 01:37:28,159

oh

2496

01:37:31,590 --> 01:37:30,320

geez and uh you know

2497

01:37:33,510 --> 01:37:31,600

i was worried that i was gonna start

2498

01:37:36,550 --> 01:37:33,520

glowing in the dark

2499

01:37:39,189 --> 01:37:36,560

yeah yeah it was

2500

01:37:41,430 --> 01:37:39,199

health issues i mean you just i would

2501

01:37:44,149 --> 01:37:41,440

always i was constantly i was highly

2502

01:37:45,830 --> 01:37:44,159

highly trained and educated

2503

01:37:47,430 --> 01:37:45,840

in these kind of things all the time the

2504

01:37:48,950 --> 01:37:47,440

government would you know send me to

2505

01:37:50,229 --> 01:37:48,960

training sessions

2506

01:37:52,950 --> 01:37:50,239

uh

2507

01:37:55,350 --> 01:37:52,960

people people would build houses on top

2508

01:37:57,350 --> 01:37:55,360

of uranium mines

2509

01:38:00,070 --> 01:37:57,360

a housing development and you'd go by

2510

01:38:01,109 --> 01:38:00,080

and you'd see a yellow

2511

01:38:03,350 --> 01:38:01,119

ore

2512

01:38:04,550 --> 01:38:03,360

around the basements and they they would

2513

01:38:07,990 --> 01:38:04,560

uh

2514

01:38:09,430 --> 01:38:08,000

build a wooden house but not paint it

2515

01:38:11,350 --> 01:38:09,440

i mean it was just

2516

01:38:13,109 --> 01:38:11,360

no no it was a whole different way of

2517

01:38:15,510 --> 01:38:13,119

approaching things

2518

01:38:16,790 --> 01:38:15,520

now a lot of times you hear stories

2519

01:38:18,629 --> 01:38:16,800

about

2520

01:38:21,270 --> 01:38:18,639

you know the native american culture

2521

01:38:23,590 --> 01:38:21,280

talking about sky people and things like

2522

01:38:24,550 --> 01:38:23,600

that did you happen to get any into any

2523

01:38:26,470 --> 01:38:24,560

of those

2524

01:38:27,590 --> 01:38:26,480

type of discussions at the time you were

2525

01:38:28,629 --> 01:38:27,600

there

2526

01:38:30,950 --> 01:38:28,639

uh

2527

01:38:33,189 --> 01:38:30,960

there was always some kind of discussion

2528

01:38:35,030 --> 01:38:33,199

i mean it was very interesting to me

2529

01:38:37,270 --> 01:38:35,040

that's why i stayed there as long as i

2530

01:38:39,350 --> 01:38:37,280

did it was a whole i was being

2531

01:38:40,470 --> 01:38:39,360

introduced to things

2532

01:38:41,669 --> 01:38:40,480

daily

2533

01:38:44,870 --> 01:38:41,679

uh

2534

01:38:47,350 --> 01:38:44,880

they did mention a sprites

2535

01:38:49,590 --> 01:38:47,360

they uh there was one person an elder

2536

01:38:50,950 --> 01:38:49,600

that i was hanging out with

2537

01:38:52,629 --> 01:38:50,960

that uh

2538

01:38:55,189 --> 01:38:52,639

he was getting

2539

01:38:57,430 --> 01:38:55,199

evidence he claimed and like they were

2540

01:38:59,109 --> 01:38:57,440

like sprites in the water

2541

01:39:01,430 --> 01:38:59,119

and when we go to meetings he'd bring

2542

01:39:02,709 --> 01:39:01,440

like a a handbook full of photographs

2543

01:39:05,350 --> 01:39:02,719

where he was claiming he was getting

2544

01:39:07,830 --> 01:39:05,360

better and better evidence of sprites

2545

01:39:10,629 --> 01:39:07,840

and lights and so forth and there would

2546

01:39:12,550 --> 01:39:10,639

be sounds i hear at night i have no idea

2547

01:39:15,189 --> 01:39:12,560

what those sounds were being made now i

2548

01:39:16,709 --> 01:39:15,199

thought i thought a sprite was when the

2549

01:39:17,830 --> 01:39:16,719

lightning went up

2550

01:39:19,990 --> 01:39:17,840

yeah

2551  
01:39:21,270 --> 01:39:20,000  
so yes i mean

2552  
01:39:22,870 --> 01:39:21,280  
yes

2553  
01:39:25,189 --> 01:39:22,880  
and he was he was

2554  
01:39:26,390 --> 01:39:25,199  
if i'm not mistaken i think back he he

2555  
01:39:27,669 --> 01:39:26,400  
was getting

2556  
01:39:28,550 --> 01:39:27,679  
photographs

2557  
01:39:31,270 --> 01:39:28,560  
of

2558  
01:39:33,910 --> 01:39:31,280  
they looked like lights or lightning

2559  
01:39:35,750 --> 01:39:33,920  
that uh where they were in a lake like a

2560  
01:39:38,070 --> 01:39:35,760  
it was like considered to be a like a

2561  
01:39:40,149 --> 01:39:38,080  
sacred lake

2562  
01:39:40,950 --> 01:39:40,159  
and he was showing photographs of that

2563  
01:39:44,709 --> 01:39:40,960

now

2564

01:39:46,709 --> 01:39:44,719

also like i also worked in uh washington

2565

01:39:49,430 --> 01:39:46,719

dc for what was called the tback the

2566

01:39:51,430 --> 01:39:49,440

tribal budget advisory committee so when

2567

01:39:53,590 --> 01:39:51,440

i would go to washington dc and lobby

2568

01:39:55,910 --> 01:39:53,600

for the navajos

2569

01:39:58,470 --> 01:39:55,920

i'd go up you know meet with other

2570

01:40:00,149 --> 01:39:58,480

members of tribes and everybody had

2571

01:40:01,830 --> 01:40:00,159

stories like that

2572

01:40:06,229 --> 01:40:01,840

so i mean it's like it's almost like if

2573

01:40:10,070 --> 01:40:07,990

just a reminder the line is open we have

2574

01:40:12,470 --> 01:40:10,080

bill standing by and that number is

2575

01:40:14,470 --> 01:40:12,480

eight five five four seven two

2576

01:40:16,629 --> 01:40:14,480

five four eight three colin if you have

2577

01:40:19,430 --> 01:40:16,639

a question for our guest

2578

01:40:21,590 --> 01:40:19,440

i know uh we haven't touched for a real

2579

01:40:23,990 --> 01:40:21,600

long time on the topic of what you came

2580

01:40:26,149 --> 01:40:24,000

on the show to talk about yeah this

2581

01:40:27,750 --> 01:40:26,159

whole thing if this whole thing about

2582

01:40:30,149 --> 01:40:27,760

the native american culture is

2583

01:40:32,870 --> 01:40:30,159

fascinating and uh

2584

01:40:36,550 --> 01:40:32,880

i would have never uh dreamed that they

2585

01:40:39,910 --> 01:40:36,560

would be singled out as a culture

2586

01:40:42,149 --> 01:40:39,920

um for any reason like this it's very

2587

01:40:45,270 --> 01:40:42,159

it's very it's a very unusual story it's

2588

01:40:49,430 --> 01:40:47,430

and yeah well they weren't the only it

2589

01:40:52,149 --> 01:40:49,440

wasn't it wasn't just the you know the

2590

01:40:54,709 --> 01:40:52,159

navajos they were all they had

2591

01:40:57,109 --> 01:40:54,719

there were several tribes represented

2592

01:40:58,790 --> 01:40:57,119

at that meeting

2593

01:41:01,189 --> 01:40:58,800

you know in in uh

2594

01:41:04,149 --> 01:41:01,199

the johnson space center but they were

2595

01:41:06,229 --> 01:41:04,159

definitely they the whole thing is they

2596

01:41:08,950 --> 01:41:06,239

were running into problems

2597

01:41:11,030 --> 01:41:08,960

that they needed additional help with

2598

01:41:11,990 --> 01:41:11,040

ways of thinking about it

2599

01:41:14,390 --> 01:41:12,000

i see

2600

01:41:16,229 --> 01:41:14,400

so mike wants to know what

2601  
01:41:18,070 --> 01:41:16,239  
is the most interesting story that you

2602  
01:41:21,669 --> 01:41:18,080  
heard

2603  
01:41:21,679 --> 01:41:26,149  
oh

2604  
01:41:30,709 --> 01:41:28,550  
i mean every place i would go there'd be

2605  
01:41:35,830 --> 01:41:30,719  
a different story

2606  
01:41:38,470 --> 01:41:36,870  
well look

2607  
01:41:41,270 --> 01:41:38,480  
there was once once where with with

2608  
01:41:44,390 --> 01:41:41,280  
people disappearing or people

2609  
01:41:47,590 --> 01:41:44,400  
turning into another person

2610  
01:41:49,270 --> 01:41:47,600  
that affected shape shifting in a way or

2611  
01:41:50,470 --> 01:41:49,280  
something i i guess it would call that

2612  
01:41:51,990 --> 01:41:50,480  
it was uh

2613  
01:41:54,310 --> 01:41:52,000

it was with the the company that

2614

01:41:57,590 --> 01:41:54,320

originally hired me to go up there with

2615

01:42:00,310 --> 01:41:57,600

the consultants from new mexico state

2616

01:42:02,709 --> 01:42:00,320

one of the ladies that worked there with

2617

01:42:04,550 --> 01:42:02,719

on in that company

2618

01:42:06,470 --> 01:42:04,560

told me that

2619

01:42:07,750 --> 01:42:06,480

she was she had a trailer or something

2620

01:42:10,709 --> 01:42:07,760

they were moving

2621

01:42:13,590 --> 01:42:10,719

equipment in and out of the

2622

01:42:15,830 --> 01:42:13,600

teacher ridge there on the reservation

2623

01:42:18,229 --> 01:42:15,840

and she got the trailer stuck and she

2624

01:42:19,270 --> 01:42:18,239

couldn't maneuver the trailer to get it

2625

01:42:22,709 --> 01:42:19,280

out of the

2626  
01:42:24,470 --> 01:42:22,719  
situation it was in and she said this uh

2627  
01:42:25,669 --> 01:42:24,480  
this young man

2628  
01:42:28,310 --> 01:42:25,679  
helped her

2629  
01:42:30,390 --> 01:42:28,320  
and she wanted to she got the trailer

2630  
01:42:32,709 --> 01:42:30,400  
out for her he said she did she never

2631  
01:42:35,270 --> 01:42:32,719  
saw anyone drive like that before

2632  
01:42:37,109 --> 01:42:35,280  
and she wanted to tip him and she he

2633  
01:42:39,270 --> 01:42:37,119  
wouldn't take any money

2634  
01:42:40,709 --> 01:42:39,280  
and she he said well at least tell me

2635  
01:42:42,390 --> 01:42:40,719  
your name and i'll i'll send you

2636  
01:42:43,590 --> 01:42:42,400  
something so he gave her

2637  
01:42:45,189 --> 01:42:43,600  
his name

2638  
01:42:48,390 --> 01:42:45,199

and then when she the next day or two

2639

01:42:50,709 --> 01:42:48,400

when she went to find out who this was

2640

01:42:52,229 --> 01:42:50,719

uh the person was a totally different

2641

01:42:54,070 --> 01:42:52,239

person

2642

01:42:55,510 --> 01:42:54,080

hmm

2643

01:42:57,830 --> 01:42:55,520

that sounds well i mean that's the

2644

01:42:59,430 --> 01:42:57,840

closest one that i could you know yeah

2645

01:43:02,470 --> 01:42:59,440

to give you

2646

01:43:03,910 --> 01:43:02,480

that's pretty bizarre um so originally

2647

01:43:05,030 --> 01:43:03,920

you know when we talked about you coming

2648

01:43:08,629 --> 01:43:05,040

on the show

2649

01:43:11,430 --> 01:43:08,639

you had mentioned that um you know the

2650

01:43:14,470 --> 01:43:11,440

about education when it comes to

2651  
01:43:16,550 --> 01:43:14,480  
um the potential for learning about uap

2652  
01:43:18,950 --> 01:43:16,560  
so we only have about uh looks like we

2653  
01:43:21,590 --> 01:43:18,960  
have uh 11 minutes left it's hard to

2654  
01:43:23,189 --> 01:43:21,600  
believe but uh why don't you go into

2655  
01:43:26,629 --> 01:43:23,199  
your thoughts on that

2656  
01:43:29,669 --> 01:43:26,639  
okay thank you yes i'm really encouraged

2657  
01:43:31,430 --> 01:43:29,679  
about what's starting to happen

2658  
01:43:32,870 --> 01:43:31,440  
with the uap

2659  
01:43:34,950 --> 01:43:32,880  
phenomenon

2660  
01:43:37,669 --> 01:43:34,960  
and like i've never been before and i've

2661  
01:43:41,590 --> 01:43:37,679  
been through as you can see a lot before

2662  
01:43:48,310 --> 01:43:45,750  
when in 2013 i was asked to give a

2663  
01:43:52,390 --> 01:43:48,320

powerpoint presentation at the san

2664

01:43:53,270 --> 01:43:52,400

antonio astronomical associations

2665

01:43:55,830 --> 01:43:53,280

uh

2666

01:43:56,870 --> 01:43:55,840

it was the

2667

01:44:00,629 --> 01:43:56,880

school

2668

01:44:01,510 --> 01:44:00,639

it was the uh to get students interested

2669

01:44:02,870 --> 01:44:01,520

in

2670

01:44:05,109 --> 01:44:02,880

um

2671

01:44:09,990 --> 01:44:05,119

science

2672

01:44:13,270 --> 01:44:11,669

opening did they were trying to pull

2673

01:44:14,870 --> 01:44:13,280

people in to get used to the school

2674

01:44:18,149 --> 01:44:14,880

science program

2675

01:44:20,790 --> 01:44:18,159

and they asked me to do a presentation

2676

01:44:22,790 --> 01:44:20,800

it was on this hist astronomical

2677

01:44:27,270 --> 01:44:22,800

association's group but they asked me to

2678

01:44:28,550 --> 01:44:27,280

do the presentation on ufos

2679

01:44:31,750 --> 01:44:28,560

not

2680

01:44:34,550 --> 01:44:31,760

on astronomy

2681

01:44:37,510 --> 01:44:34,560

so the what i did is i put together they

2682

01:44:39,910 --> 01:44:37,520

asked for one hour a one hour long

2683

01:44:42,229 --> 01:44:39,920

presentation on ufos

2684

01:44:43,030 --> 01:44:42,239

and they asked me to do two of them so i

2685

01:44:45,910 --> 01:44:43,040

do

2686

01:44:47,990 --> 01:44:45,920

you know i presented twice

2687

01:44:50,550 --> 01:44:48,000

and

2688

01:44:53,590 --> 01:44:50,560

when i did that they set up a situation

2689

01:44:56,470 --> 01:44:53,600

for me it was done at the the uh

2690

01:44:58,870 --> 01:44:56,480

the convention center in far texas

2691

01:45:00,950 --> 01:44:58,880

p-h-a-r-r

2692

01:45:02,390 --> 01:45:00,960

it was it was the far international

2693

01:45:05,350 --> 01:45:02,400

convention center because it was right

2694

01:45:07,030 --> 01:45:05,360

near the mexican border

2695

01:45:08,870 --> 01:45:07,040

so i did these

2696

01:45:10,310 --> 01:45:08,880

powerpoint presentations and i talked

2697

01:45:13,830 --> 01:45:10,320

about how

2698

01:45:16,870 --> 01:45:13,840

uh the title of the presentation was uh

2699

01:45:18,950 --> 01:45:16,880

using science to explore the unknown and

2700

01:45:22,870 --> 01:45:18,960

it was a presentation

2701  
01:45:25,830 --> 01:45:22,880  
of just on science and then i brought in

2702  
01:45:27,189 --> 01:45:25,840  
folded in the ufo phenomenon

2703  
01:45:28,950 --> 01:45:27,199  
and

2704  
01:45:31,109 --> 01:45:28,960  
what happened was they had people there

2705  
01:45:32,790 --> 01:45:31,119  
they had astronauts there they had

2706  
01:45:34,709 --> 01:45:32,800  
people from nasa there they had people

2707  
01:45:36,310 --> 01:45:34,719  
from the national science foundation

2708  
01:45:39,830 --> 01:45:36,320  
there they had the people from the

2709  
01:45:42,149 --> 01:45:39,840  
astronomical associations there

2710  
01:45:44,390 --> 01:45:42,159  
and my

2711  
01:45:45,510 --> 01:45:44,400  
presentation was the best attended out

2712  
01:45:47,990 --> 01:45:45,520  
of any

2713  
01:45:50,790 --> 01:45:48,000

to the point where the organizers of

2714

01:45:52,950 --> 01:45:50,800

that conference asked me to give a third

2715

01:45:55,030 --> 01:45:52,960

presentation

2716

01:45:57,430 --> 01:45:55,040

so and they they gave me just a little

2717

01:45:59,750 --> 01:45:57,440

mic you know a little microphone and a

2718

01:46:02,950 --> 01:45:59,760

guitar amp for a sound system so my

2719

01:46:04,870 --> 01:46:02,960

voice was shot by the end of the day

2720

01:46:07,109 --> 01:46:04,880

but what i found out and there were

2721

01:46:09,109 --> 01:46:07,119

every there was like elementary students

2722

01:46:11,030 --> 01:46:09,119

elementary school students there their

2723

01:46:13,109 --> 01:46:11,040

parents were there there were secondary

2724

01:46:14,950 --> 01:46:13,119

school students there there were college

2725

01:46:17,270 --> 01:46:14,960

students there there were people from

2726

01:46:18,870 --> 01:46:17,280

the science museums there there were

2727

01:46:21,109 --> 01:46:18,880

astronauts there everybody you could

2728

01:46:24,149 --> 01:46:21,119

imagine was there and they were coming

2729

01:46:28,870 --> 01:46:24,159

to my presentation

2730

01:46:31,990 --> 01:46:28,880

on ufos and how to distinguish you know

2731

01:46:34,470 --> 01:46:32,000

a genuine ufo from something that's not

2732

01:46:35,350 --> 01:46:34,480

a ufo

2733

01:46:36,709 --> 01:46:35,360

so

2734

01:46:39,030 --> 01:46:36,719

at that point

2735

01:46:41,990 --> 01:46:39,040

i realized

2736

01:46:49,189 --> 01:46:46,870

the coal concept of ufos and uaps were

2737

01:46:52,390 --> 01:46:49,199

a very strong vehicle for education in

2738

01:46:58,470 --> 01:46:56,229

so that was in in 2013

2739

01:47:00,629 --> 01:46:58,480

and from that point on i started working

2740

01:47:02,870 --> 01:47:00,639

on uh what's what i call an

2741

01:47:04,470 --> 01:47:02,880

interdisciplinary

2742

01:47:09,510 --> 01:47:04,480

approach

2743

01:47:14,310 --> 01:47:09,520

to ufo i'm sorry uap education so i came

2744

01:47:19,350 --> 01:47:17,430

it's i call it interdisciplinary uap

2745

01:47:22,229 --> 01:47:19,360

education

2746

01:47:24,310 --> 01:47:22,239

now interdisciplinary just means

2747

01:47:25,830 --> 01:47:24,320

a discipline is an area of knowledge

2748

01:47:27,669 --> 01:47:25,840

like history

2749

01:47:29,510 --> 01:47:27,679

or science

2750

01:47:33,350 --> 01:47:29,520

interdisciplinary just means that you're

2751

01:47:36,310 --> 01:47:33,360

using two or more disciplines to come up

2752

01:47:39,350 --> 01:47:36,320

with a unique educational program so

2753

01:47:40,950 --> 01:47:39,360

that's what i started working on

2754

01:47:42,070 --> 01:47:40,960

since that's what i used to do for a

2755

01:47:44,470 --> 01:47:42,080

living

2756

01:47:46,550 --> 01:47:44,480

so i started creating standards and

2757

01:47:48,149 --> 01:47:46,560

curriculum and so forth for that kind of

2758

01:47:53,590 --> 01:47:48,159

a program

2759

01:47:55,189 --> 01:47:53,600

that has first of all it has five

2760

01:47:59,109 --> 01:47:55,199

disciplines

2761

01:48:00,070 --> 01:47:59,119

my program

2762

01:48:03,669 --> 01:48:00,080

are

2763

01:48:05,270 --> 01:48:03,679

ufo or i'm sorry i keep saying ufo uap

2764

01:48:06,550 --> 01:48:05,280

history

2765

01:48:08,390 --> 01:48:06,560

uap

2766

01:48:11,030 --> 01:48:08,400

aesthetics

2767

01:48:13,189 --> 01:48:11,040

uap evaluation

2768

01:48:14,709 --> 01:48:13,199

uap synthesis

2769

01:48:18,070 --> 01:48:14,719

and then

2770

01:48:20,470 --> 01:48:18,080

uap what are called in their independent

2771

01:48:22,470 --> 01:48:20,480

performance-based assessments and what

2772

01:48:24,229 --> 01:48:22,480

that would be for uaps would be sky

2773

01:48:26,950 --> 01:48:24,239

watches

2774

01:48:29,350 --> 01:48:26,960

so those are my five disciplines i use

2775

01:48:34,070 --> 01:48:29,360

all five of those disciplines to teach

2776

01:48:36,870 --> 01:48:34,080

about uaps and it's all based on science

2777

01:48:40,310 --> 01:48:38,550

the

2778

01:48:42,950 --> 01:48:40,320

most important

2779

01:48:45,189 --> 01:48:42,960

discipline of all of those

2780

01:48:46,709 --> 01:48:45,199

is the aesthetics discipline

2781

01:48:49,189 --> 01:48:46,719

and i thought you being an artist might

2782

01:48:50,790 --> 01:48:49,199

understand you know how aesthetics works

2783

01:48:52,629 --> 01:48:50,800

and things

2784

01:48:53,990 --> 01:48:52,639

yeah that was that was my number one

2785

01:48:55,109 --> 01:48:54,000

question i was going to ask you on the

2786

01:48:57,350 --> 01:48:55,119

list

2787

01:48:58,950 --> 01:48:57,360

okay yeah

2788

01:48:59,990 --> 01:48:58,960

so well let me let me just talk since we

2789

01:49:02,870 --> 01:49:00,000

only have a few missiles let me just

2790

01:49:05,669 --> 01:49:02,880

talk about the aesthetics component

2791

01:49:09,669 --> 01:49:05,679

pretty deeply then a little deeply

2792

01:49:12,470 --> 01:49:09,679

my aesthetics discipline has

2793

01:49:15,910 --> 01:49:12,480

five components to it

2794

01:49:18,550 --> 01:49:15,920

the first component is perception

2795

01:49:19,669 --> 01:49:18,560

and that has to do with perceiving an

2796

01:49:21,030 --> 01:49:19,679

object

2797

01:49:22,950 --> 01:49:21,040

or an event

2798

01:49:24,950 --> 01:49:22,960

with your senses

2799

01:49:27,270 --> 01:49:24,960

and now some scientists they used to say

2800

01:49:28,950 --> 01:49:27,280

we had five senses now they're finding

2801  
01:49:32,550 --> 01:49:28,960  
out that we have somewhere around

2802  
01:49:33,270 --> 01:49:32,560  
between 21 and 33 senses

2803  
01:49:35,750 --> 01:49:33,280  
so

2804  
01:49:37,189 --> 01:49:35,760  
my first component of the aesthetics

2805  
01:49:39,510 --> 01:49:37,199  
discipline is

2806  
01:49:41,589 --> 01:49:39,520  
perceiving perception the second

2807  
01:49:43,189 --> 01:49:41,599  
component is focus

2808  
01:49:44,950 --> 01:49:43,199  
because once you

2809  
01:49:47,990 --> 01:49:44,960  
have realized that you have something

2810  
01:49:48,790 --> 01:49:48,000  
special like a uap that you're looking

2811  
01:49:51,830 --> 01:49:48,800  
at

2812  
01:49:53,350 --> 01:49:51,840  
you start focusing on it

2813  
01:49:56,629 --> 01:49:53,360

and

2814

01:49:58,550 --> 01:49:56,639

your brain starts kicking in so the

2815

01:50:01,030 --> 01:49:58,560

third component

2816

01:50:03,669 --> 01:50:01,040

of my

2817

01:50:06,470 --> 01:50:03,679

interdisciplinary uap education

2818

01:50:08,310 --> 01:50:06,480

program is

2819

01:50:10,629 --> 01:50:08,320

cognition

2820

01:50:12,870 --> 01:50:10,639

and this means that once you realize

2821

01:50:15,270 --> 01:50:12,880

you've got something special or unique

2822

01:50:17,910 --> 01:50:15,280

on your hands your brain starts working

2823

01:50:20,470 --> 01:50:17,920

on it you start working on it it starts

2824

01:50:22,550 --> 01:50:20,480

working on you and this is extremely

2825

01:50:24,950 --> 01:50:22,560

important probably as an artist you find

2826  
01:50:28,550 --> 01:50:24,960  
out that this is when you start picking

2827  
01:50:30,950 --> 01:50:28,560  
up the little nuances and actually

2828  
01:50:33,669 --> 01:50:30,960  
levels of nuances in something you have

2829  
01:50:36,310 --> 01:50:33,679  
to be able to do that to really pick out

2830  
01:50:39,350 --> 01:50:36,320  
a genuine uap

2831  
01:50:42,070 --> 01:50:39,360  
so then the fourth component

2832  
01:50:44,870 --> 01:50:42,080  
of this aesthetic experience

2833  
01:50:46,550 --> 01:50:44,880  
involves what's called affect

2834  
01:50:49,510 --> 01:50:46,560  
and this is when you have what's known

2835  
01:50:52,390 --> 01:50:49,520  
as a feelingful reaction

2836  
01:50:54,390 --> 01:50:52,400  
because your brain realizes you're

2837  
01:50:56,149 --> 01:50:54,400  
looking at something that's really

2838  
01:50:57,589 --> 01:50:56,159

really special

2839

01:50:59,910 --> 01:50:57,599

now those

2840

01:51:01,350 --> 01:50:59,920

feeling for reactions or affective

2841

01:51:03,910 --> 01:51:01,360

responses

2842

01:51:05,510 --> 01:51:03,920

usually come in two flavors

2843

01:51:08,470 --> 01:51:05,520

you can either get like what i had when

2844

01:51:09,669 --> 01:51:08,480

i saw that ufo fly over my car when my

2845

01:51:11,229 --> 01:51:09,679

heart started racing and

2846

01:51:16,229 --> 01:51:11,239

hyperventilating

2847

01:51:18,390 --> 01:51:16,239

heart racing heart

2848

01:51:20,149 --> 01:51:18,400

and pulse that's one thing that can

2849

01:51:22,470 --> 01:51:20,159

happen once you realize you're

2850

01:51:24,870 --> 01:51:22,480

experiencing a true uap

2851  
01:51:27,750 --> 01:51:24,880  
the second thing that happens is you get

2852  
01:51:29,430 --> 01:51:27,760  
chills that run up and down your spine

2853  
01:51:30,870 --> 01:51:29,440  
and uh

2854  
01:51:32,270 --> 01:51:30,880  
that there's a name for that actually

2855  
01:51:34,870 --> 01:51:32,280  
it's called freon

2856  
01:51:36,870 --> 01:51:34,880  
f-r-i-s-s-o-n so once

2857  
01:51:40,229 --> 01:51:36,880  
your brain realizes you're looking at

2858  
01:51:43,430 --> 01:51:40,239  
something very very special

2859  
01:51:45,750 --> 01:51:43,440  
you start having that type of experience

2860  
01:51:47,030 --> 01:51:45,760  
and then the last component of my

2861  
01:51:49,990 --> 01:51:47,040  
aesthetics

2862  
01:51:52,229 --> 01:51:50,000  
discipline has to do with cultural

2863  
01:51:54,709 --> 01:51:52,239

environment

2864

01:51:58,070 --> 01:51:54,719

none of this can happen unless you're in

2865

01:51:59,669 --> 01:51:58,080

an environment that really appreciates

2866

01:52:03,189 --> 01:51:59,679

real

2867

01:52:05,750 --> 01:52:03,199

uaps so you've got you you've got to be

2868

01:52:07,990 --> 01:52:05,760

in an environment that values the uap

2869

01:52:09,750 --> 01:52:08,000

phenomenon

2870

01:52:12,229 --> 01:52:09,760

that's basically

2871

01:52:15,350 --> 01:52:12,239

what that whole

2872

01:52:17,430 --> 01:52:15,360

program puts together

2873

01:52:19,109 --> 01:52:17,440

and i'm i'm already you know finding in

2874

01:52:21,510 --> 01:52:19,119

ways i think i think would be very

2875

01:52:24,790 --> 01:52:21,520

useful and since i've done this to start

2876

01:52:26,870 --> 01:52:24,800

putting this type of uh uap education

2877

01:52:30,550 --> 01:52:26,880

into the schools because that might be

2878

01:52:32,390 --> 01:52:30,560

the most reliable place to go you can't

2879

01:52:34,950 --> 01:52:32,400

really you know

2880

01:52:36,550 --> 01:52:34,960

lift up with the government or the uh

2881

01:52:37,910 --> 01:52:36,560

you know the

2882

01:52:41,189 --> 01:52:37,920

nonprofit

2883

01:52:42,950 --> 01:52:41,199

ufo or study groups you've you may have

2884

01:52:44,950 --> 01:52:42,960

there's enough

2885

01:52:46,629 --> 01:52:44,960

type of scrutiny that would happen if

2886

01:52:47,669 --> 01:52:46,639

you tried to put it into the educational

2887

01:52:48,790 --> 01:52:47,679

system

2888

01:52:51,589 --> 01:52:48,800

but it

2889

01:52:53,350 --> 01:52:51,599

it really works

2890

01:52:55,830 --> 01:52:53,360

excellent well thank you so much it's

2891

01:52:58,310 --> 01:52:55,840

been well let me ask you this is there a

2892

01:52:59,589 --> 01:52:58,320

way that someone could reach out to you

2893

01:53:01,750 --> 01:52:59,599

and

2894

01:53:03,109 --> 01:53:01,760

do you have a way for people to get in

2895

01:53:06,709 --> 01:53:03,119

touch with you

2896

01:53:09,510 --> 01:53:06,719

yeah if they go to my website there's a

2897

01:53:10,709 --> 01:53:09,520

a way they can get in contact with me

2898

01:53:14,350 --> 01:53:10,719

and it's i guess you would call it a

2899

01:53:16,070 --> 01:53:14,360

website it's www.ah

2900

01:53:18,310 --> 01:53:16,080

bobwenzelgross.com

2901  
01:53:19,830 --> 01:53:18,320  
wenzel w-e-n-z-e-l

2902  
01:53:20,629 --> 01:53:19,840  
right yes

2903  
01:53:22,550 --> 01:53:20,639  
yep

2904  
01:53:24,229 --> 01:53:22,560  
all right well thank you so much bob

2905  
01:53:26,629 --> 01:53:24,239  
it's been a real pleasure always fun to

2906  
01:53:27,350 --> 01:53:26,639  
talk to you same here all right thank

2907  
01:53:30,390 --> 01:53:27,360  
you

2908  
01:53:33,910 --> 01:53:32,390  
all right everyone so uh thanks for

2909  
01:53:36,149 --> 01:53:33,920  
being on the road with me we'll be back
