00:00:44,470 --> 00:00:40,630

a ufo falls to the ground in yorkshire

3
00:00:46,549 --> 00:00:44,480

england by charles lear in 1957 the same

4

00:00:51,110 --> 00:00:49,280

british authorities media and citizenry

6
00:00:52,950 --> 00:00:51,120

had their attention drawn back down to

7
00:00:55,350 --> 00:00:52,960

earth as they attempted to unravel the

8
00:00:57,430 --> 00:00:55,360

mystery of a flying saucer said to have

9
00:00:59,670 --> 00:00:57,440

been found laying in a moor it was

10
00:01:01,430 --> 00:00:59,680

dismantled studied and opinions were

11
00:01:03,750 --> 00:01:01,440

divided between its having come from

12
00:01:06,230 --> 00:01:03,760

space and its having been manufactured

13
00:01:08,390 --> 00:01:06,240

right here on earth over time the saucer

14

00:01:11,830 --> 00:01:08,400

went missing but the mystery as to its

15

00:01:14,230 --> 00:01:11,840

origin remained then in 2018 pieces of

16

00:01:15,910 --> 00:01:14,240

the saucer and its mysterious contents

17

00:01:18,230 --> 00:01:15,920

19

00:01:23,830 --> 00:01:21,280

00:01:53,910 --> 00:01:51,040
as being shaped like a top weighing 35

pounds having a diameter of 18 inches

33
00:01:59,270 --> 00:01:56,479

was found inside along with a copper

copper sheets containing 2 000 words

40

00:02:17,510 --> 00:02:15,440

engraved in phonetic type symbols

41

00:02:20,430 --> 00:02:17,520

avondale got the object from the men who

42

00:02:23,270 --> 00:02:20,440

first spotted it on november 21

43

00:02:25,910 --> 00:02:23,280

1957 date from follow-up article in the

44

00:02:28,710 --> 00:02:25,920

november december 1958 flying saucer

45

00:02:31,030 --> 00:02:28,720

review frank hutton charles thomas and

46

00:02:33,350 --> 00:02:31,040

fred taylor were in a car driving along

47

00:02:35,830 --> 00:02:33,360

sofo moore they were going up a steep

48

00:02:37,830 --> 00:02:35,840

hill when the car engine quit above some

49

00:02:40,070 --> 00:02:37,840

trees they saw a glowing object that

50

00:02:42,710 --> 00:02:40,080

seemed to be falling to earth hutton a

51
00:02:45,350 --> 00:02:42,720
passenger left the car to investigate

52
00:02:47,670 --> 00:02:45,360
located the object in some bracken and

53
00:02:49,670 --> 00:02:47,680
went back to tell the others as he was

54
00:02:51,830 --> 00:02:49,680
walking he passed a man and a woman

55
00:02:54,150 --> 00:02:51,840
walking in the opposite direction on a

56
00:02:55,910 --> 00:02:54,160
little used path when hutton and the

57
00:02:58,710 --> 00:02:55,920
other men returned to the spot the

58
00:03:01,509 --> 00:02:58,720
object was gone according to the article

59
00:03:03,750 --> 00:03:01,519
after apparently making inquiries they

60
00:03:05,670 --> 00:03:03,760
got in touch with the man that mr hutton

61
00:03:07,910 --> 00:03:05,680
had seen with the woman there was quite

62
00:03:10,229 --> 00:03:07,920
a little bargaining and eventually the

63
00:03:12,309 --> 00:03:10,239

object was passed over to them for ten

64

00:03:14,390 --> 00:03:12,319
pounds hutton took the object to

65

00:03:16,869 --> 00:03:14,400
avondale thinking him to be an authority

66

00:03:18,949 --> 00:03:16,879
on flying saucers avondale agreed to

67

00:03:20,390 --> 00:03:18,959
examine it and advise hutton on whether

68

00:03:23,110 --> 00:03:20,400
or not he should turn it over to

69

00:03:25,509 --> 00:03:23,120
authorities after examining the object

70

00:03:27,670 --> 00:03:25,519
evandale spoke to the press he said the

71

00:03:29,910 --> 00:03:27,680
base was made of copper and that he cut

72

00:03:31,750 --> 00:03:29,920
out a small circle for analysis the

73

00:03:33,750 --> 00:03:31,760
upper half was covered in a white

74

00:03:36,070 --> 00:03:33,760
plastic paint he looked for army

75

00:03:37,750 --> 00:03:36,080
markings but found none evandale

76

00:03:39,509 --> 00:03:37,760

reported that he went to the moor and

77

00:03:41,509 --> 00:03:39,519

found no impression where the object was

78

00:03:43,509 --> 00:03:41,519

said to have landed but he did find

79

00:03:45,509 --> 00:03:43,519

scorched heather he said there were two

80

00:03:47,350 --> 00:03:45,519

vent holes in the top with scorch marks

81

00:03:49,350 --> 00:03:47,360

around them and that there was a shaft

82

00:03:51,190 --> 00:03:49,360

that ran through the middle according to

83

00:03:53,030 --> 00:03:51,200

avondale the hieroglyphics on the

84

00:03:55,030 --> 00:03:53,040

outside were the key to deciphering the

85

00:03:57,750 --> 00:03:55,040

message in the copper book the message

86

00:04:00,390 --> 00:03:57,760

was deciphered and transcribed by p

87

00:04:03,030 --> 00:04:00,400

longbottom who put in over 100 hours of

88

00:04:05,670 --> 00:04:03,040

work according to longbottom the message

89

00:04:08,470 --> 00:04:05,680

on the outside read friends message

90

00:04:11,589 --> 00:04:08,480

inside to be dealt with by philosophers

91

00:04:13,670 --> 00:04:11,599

not officials good wishes

92

00:04:16,390 --> 00:04:13,680

the message in the book started with

93

00:04:18,710 --> 00:04:16,400

friends my name is ullo and i write this

94

00:04:21,509 --> 00:04:18,720

message to you my friends on the planet

95

00:04:23,670 --> 00:04:21,519

you call earth it goes on to say that we

96

00:04:25,830 --> 00:04:23,680

are a fierce race that no one from

97

00:04:27,749 --> 00:04:25,840

another planet has ever landed on earth

98

00:04:30,310 --> 00:04:27,759

and that radio waves are impossible to

99

00:04:33,189 --> 00:04:30,320

receive over long distances owing to

100

00:04:35,430 --> 00:04:33,199

natural waves in space unless specific

101

00:04:37,830 --> 00:04:35,440

frequencies are used the rest of the

102

00:04:40,150 --> 00:04:37,840

message was similar to those purportedly

103

00:04:42,790 --> 00:04:40,160

given to contactees of the era from the

104

00:04:44,710 --> 00:04:42,800

likes of ashtar and orthon urging us to

105

00:04:46,950 --> 00:04:44,720

learn to live in peace and not blow

106

00:04:48,710 --> 00:04:46,960

ourselves up with atomic weapons the

107

00:04:50,790 --> 00:04:48,720

full text can be read in the above

108

00:04:53,030 --> 00:04:50,800

mentioned follow-up article which was

109

00:04:55,270 --> 00:04:53,040

written by longbottom according to the

110

00:04:57,990 --> 00:04:55,280

article in the march april issue jade

111

00:04:59,990 --> 00:04:58,000

dale a flying saucer review investigator

112

00:05:02,310 --> 00:05:00,000

and president of the manchester flying

113

00:05:04,629 --> 00:05:02,320

saucer research society journeyed to

114

00:05:06,710 --> 00:05:04,639

scarborough to inspect the saucer and it

115

00:05:09,990 --> 00:05:06,720

was understood that he believed it came

116

00:05:11,990 --> 00:05:10,000

from space mr rush another flying saucer

117

00:05:14,310 --> 00:05:12,000

review investigator a member of the

118

00:05:16,230 --> 00:05:14,320

t-side ufo research society of

119

00:05:18,790 --> 00:05:16,240

middlewood went to take a look at the

120

00:05:20,710 --> 00:05:18,800

object with members of the society and

121

00:05:22,870 --> 00:05:20,720

it was a group's opinion that the object

122

00:05:24,950 --> 00:05:22,880

was part of a hoax the saucer went

123

00:05:27,270 --> 00:05:24,960

missing after reportedly being displayed

124

00:05:29,990 --> 00:05:27,280

in a fish and chip shop but researcher

125

00:05:32,070 --> 00:05:30,000

dr david clarke stumbled upon pieces of

126

00:05:34,390 --> 00:05:32,080

it after giving a lecture at the science

127

00:05:36,310 --> 00:05:34,400

museum in 2018

128

00:05:38,950 --> 00:05:36,320

he wrote about it in his blog posting

129

00:05:42,070 --> 00:05:38,960

titled yorkshire ufo crash mystery

130

00:05:44,629 --> 00:05:42,080

solved after 60 years clark's posting

131

00:05:47,189 --> 00:05:44,639

contains new details including charles

132

00:05:49,590 --> 00:05:47,199

thomas's real name frank dickinson

133

00:05:51,590 --> 00:05:49,600

anthony avondale's real name anthony

134

00:05:54,550 --> 00:05:51,600

parker that the man who was seen on the

135

00:05:56,870 --> 00:05:54,560

path was found after he responded to an

136

00:05:59,270 --> 00:05:56,880

ad placed by dickinson and that heir

137

00:06:01,110 --> 00:05:59,280

chief marshal lord doubting had examined

138

00:06:03,189 --> 00:06:01,120

the saucer and was among those who

139

00:06:05,830 --> 00:06:03,199

believed it came from space

140

00:06:08,230 --> 00:06:05,840

according to clark papers in the science

141

00:06:10,710 --> 00:06:08,240

museum tell of the salsa remains being

142

00:06:13,029 --> 00:06:10,720

sent to the museum for examination by

143

00:06:15,270 --> 00:06:13,039

experts the remains were turned over to

144

00:06:17,749 --> 00:06:15,280

gordon clarinville a specialist in

145

00:06:20,629 --> 00:06:17,759

meteorites and explosives at the natural

146

00:06:23,189 --> 00:06:20,639

history museum claringbol was convinced

147

00:06:24,710 --> 00:06:23,199

that the saucer was of earthly origin

148

00:06:26,469 --> 00:06:24,720

clark tells the reader that he was

149

00:06:28,629 --> 00:06:26,479

giving a lecture at the science museum

150

00:06:30,469 --> 00:06:28,639

on his work for the national archives

151

00:06:33,830 --> 00:06:30,479

concerning the release of the ministry

152

00:06:35,749 --> 00:06:33,840

of defense's ufo files after the lecture

153

00:06:37,749 --> 00:06:35,759

one of the staff asked him if he was

154

00:06:39,510 --> 00:06:37,759

aware that bits of a flying saucer had

155

00:06:41,909 --> 00:06:39,520

been kept in a cigarette tin in the

156

00:06:43,909 --> 00:06:41,919

museum group store for decades when

157

00:06:45,990 --> 00:06:43,919

clark looked at the pieces it was

158

00:06:48,790 --> 00:06:46,000

obvious these were the remains of the

159

00:06:51,189 --> 00:06:48,800

missing sofa saucer clark talked to the

160

00:07:04,020 --> 00:06:51,199

press and the story of the sofa saucer
