SHANE HURD

**CHRISTOPHER
O'BRIEN**

1
00:01:03,189 --> 00:00:25,730

[Music]

2
00:01:06,390 --> 00:01:05,030

hello and welcome to the show i'm martin

3
00:01:07,990 --> 00:01:06,400

willis your host

4
00:01:09,910 --> 00:01:08,000

and we have a great show for you this

5
00:01:11,830 --> 00:01:09,920

evening we have shane hurd i met him out

6
00:01:13,590 --> 00:01:11,840

in arizona he has a book

7
00:01:15,270 --> 00:01:13,600

basically for beginners i think that's

8
00:01:18,230 --> 00:01:15,280

very important there are always a lot of

9
00:01:21,030 --> 00:01:18,240

new people um watching this show and

10
00:01:23,510 --> 00:01:21,040

paying attention to the subject with

11
00:01:25,670 --> 00:01:23,520

everything that's been going on lately

12
00:01:28,310 --> 00:01:25,680

i may look like i'm out of breath and

13
00:01:30,069 --> 00:01:28,320

for those of you that know me well um

14

00:01:32,149 --> 00:01:30,079

you would be laughing and say yeah

15

00:01:34,149 --> 00:01:32,159

that's kind of typical but i just got

16

00:01:35,910 --> 00:01:34,159

into a hotel room i realized i wasn't

17

00:01:37,910 --> 00:01:35,920

going to make it to my destination

18

00:01:38,789 --> 00:01:37,920

booked a hotel got in hooked everything

19

00:01:41,910 --> 00:01:38,799

up

20

00:01:44,950 --> 00:01:41,920

and voila we are here we made it um so

21

00:01:46,630 --> 00:01:44,960

second our um tonight as chris o'brien i

22

00:01:49,590 --> 00:01:46,640

got to spend a little time with him also

23

00:01:51,109 --> 00:01:49,600

in arizona he's in sedona and had a fun

24

00:01:53,109 --> 00:01:51,119

visit with him he'll be on for the

25

00:01:56,310 --> 00:01:53,119

second part of the show

26

00:01:58,389 --> 00:01:56,320

this week's blog is a follow-up

27

00:02:01,510 --> 00:01:58,399

to last week's blog and that's a woman

28

00:02:03,030 --> 00:02:01,520

transported by a ufo question mark and

29

00:02:05,270 --> 00:02:03,040

so there's a follow-up that's updated

30

00:02:07,270 --> 00:02:05,280

that only happened back in november so

31

00:02:10,229 --> 00:02:07,280

that's up from charles lear on the

32

00:02:12,550 --> 00:02:10,239

website all our blogs are turned into

33

00:02:14,229 --> 00:02:12,560

audio blogs and they're on the podcast

34

00:02:16,630 --> 00:02:14,239

stream by the way you can get this

35

00:02:18,949 --> 00:02:16,640

podcast if you're watching on youtube or

36

00:02:21,190 --> 00:02:18,959

other other um places that we live

37

00:02:23,190 --> 00:02:21,200

stream on you can also get the podcasts

38

00:02:25,750 --> 00:02:23,200

on anywhere you can get your your other

39

00:02:27,670 --> 00:02:25,760

podcasts uh we should be there

40

00:02:30,229 --> 00:02:27,680

if we're not let me know so i'll get on

41

00:02:32,150 --> 00:02:30,239

a site that i i'm unaware of

42

00:02:33,670 --> 00:02:32,160

but um so i want to thank everyone that

43

00:02:35,589 --> 00:02:33,680

helps out with the show

44

00:02:37,470 --> 00:02:35,599

and uh anyone can do that all you have

45

00:02:40,470 --> 00:02:37,480

to do is go over to

46

00:02:43,910 --> 00:02:40,480

podcastufo.com there's a patreon link

47

00:02:45,509 --> 00:02:43,920

over there um i was on chris leto's show

48

00:02:48,790 --> 00:02:45,519

the other day that was a lot of fun he's

49

00:02:50,710 --> 00:02:48,800

a great guy he's the uh the uh the

50

00:02:52,309 --> 00:02:50,720

fighter pilot that was on this show

51
00:02:54,550 --> 00:02:52,319
that's doing a lot of great work with

52
00:02:58,790 --> 00:02:54,560
ufo so shout out to chris

53
00:03:01,670 --> 00:02:58,800
um and last week um we had john

54
00:03:04,070 --> 00:03:01,680
ramirez on uh that's that's given me a

55
00:03:06,309 --> 00:03:04,080
lot of emails um he's an interesting

56
00:03:07,670 --> 00:03:06,319
person to say the least

57
00:03:10,070 --> 00:03:07,680
also if you haven't checked it out

58
00:03:12,229 --> 00:03:10,080
please check out the ufo sighting that i

59
00:03:13,670 --> 00:03:12,239
have posted on my youtube stream from

60
00:03:15,509 --> 00:03:13,680
last week

61
00:03:17,430 --> 00:03:15,519
albert

62
00:03:20,309 --> 00:03:17,440
what's his last name i forgot his last

63
00:03:22,550 --> 00:03:20,319

name i'm sorry but it's a great it's a

64

00:03:25,190 --> 00:03:22,560

great uh ufo sighting one of the most

65

00:03:27,110 --> 00:03:25,200

intriguing ufo sightings i've ever heard

66

00:03:28,789 --> 00:03:27,120

actually so check that out on the

67

00:03:30,070 --> 00:03:28,799

youtube live stream a lot of people have

68

00:03:33,190 --> 00:03:30,080

already looked at it i think it's up to

69

00:03:36,550 --> 00:03:33,200

5000 something um hits already so it's

70

00:03:38,789 --> 00:03:36,560

really really interesting so i without

71

00:03:40,630 --> 00:03:38,799

further ado whatever the heck i do means

72

00:03:41,589 --> 00:03:40,640

i'm bringing in my guest how are you

73

00:03:44,229 --> 00:03:41,599

doing

74

00:03:46,949 --> 00:03:44,239

nice to see you shane

75

00:03:49,910 --> 00:03:46,959

shane great to

76

00:03:51,830 --> 00:03:49,920

yeah well you're a little blurry so this

77

00:03:54,309 --> 00:03:51,840

good thing that's an audio podcast but

78

00:03:56,309 --> 00:03:54,319

you look mysterious that way

79

00:03:57,589 --> 00:03:56,319

so that's that's a good look

80

00:03:59,429 --> 00:03:57,599

yeah

81

00:04:03,030 --> 00:03:59,439

so well that's that's what i get living

82

00:04:04,390 --> 00:04:03,040

on the outskirts of town right

83

00:04:06,710 --> 00:04:04,400

yeah that's right you're out in the

84

00:04:09,509 --> 00:04:06,720

desert right are you out in the desert

85

00:04:10,869 --> 00:04:09,519

or just the outskirts yeah

86

00:04:17,830 --> 00:04:10,879

yeah

87

00:04:19,909 --> 00:04:17,840

out there in arizona you have a a

88

00:04:21,749 --> 00:04:19,919

tremendous beard by the way

89

00:04:24,390 --> 00:04:21,759

that is one cool beard you got going

90

00:04:27,830 --> 00:04:24,400

there um but uh the show's not about

91

00:04:30,310 --> 00:04:27,840

beards however i have a podcaster that

92

00:04:33,270 --> 00:04:30,320

listens to the show that does a podcast

93

00:04:36,230 --> 00:04:33,280

on beards that's what he does uh that's

94

00:04:38,550 --> 00:04:36,240

pretty funny so anyway uh i want to find

95

00:04:40,790 --> 00:04:38,560

out what got you interested in the first

96

00:04:42,710 --> 00:04:40,800

place in the ufo topic but eventually i

97

00:04:46,150 --> 00:04:42,720

would like to talk about phoenix lights

98

00:04:52,390 --> 00:04:49,909

okay well sounds great yes i uh you know

99

00:04:53,270 --> 00:04:52,400

i'm a i'm a child of the 60s right the

100

00:04:55,590 --> 00:04:53,280

space

101
00:04:57,189 --> 00:04:55,600
race generation right so

102
00:05:00,469 --> 00:04:57,199
as a young kid i always had a

103
00:05:03,189 --> 00:05:00,479
fascination with space and astronauts

104
00:05:05,590 --> 00:05:03,199
in the whole thing and even ufos and

105
00:05:08,870 --> 00:05:05,600
this would have been the late 70s so

106
00:05:10,790 --> 00:05:08,880
ufos were in the public in the media now

107
00:05:14,150 --> 00:05:10,800
most the time it was on you know the

108
00:05:15,830 --> 00:05:14,160
national enquirer on on the newsstand

109
00:05:17,510 --> 00:05:15,840
next to the checkout line at the

110
00:05:19,670 --> 00:05:17,520
supermarket but

111
00:05:21,749 --> 00:05:19,680
uh you know so i had a mild interest but

112
00:05:24,150 --> 00:05:21,759
you know as you grow older and you you

113
00:05:26,629 --> 00:05:24,160

know start your life off got married had

114

00:05:28,870 --> 00:05:26,639

kids and you know developing a career

115

00:05:30,710 --> 00:05:28,880

that it was just kind of a you know a

116

00:05:32,230 --> 00:05:30,720

backseat option for me didn't really pay

117

00:05:33,189 --> 00:05:32,240

much attention but

118

00:05:35,110 --> 00:05:33,199

um

119

00:05:37,590 --> 00:05:35,120

as a resident of the city of phoenix and

120

00:05:39,270 --> 00:05:37,600

this ties into discussing the phoenix

121

00:05:43,510 --> 00:05:39,280

lights

122

00:05:45,670 --> 00:05:43,520

uh in in 1997 march uh you know i was

123

00:05:48,550 --> 00:05:45,680

living here and i know what i was doing

124

00:05:51,510 --> 00:05:48,560

that night i know exactly where i was at

125

00:05:54,790 --> 00:05:51,520

like many people we were viewing the

126
00:05:56,790 --> 00:05:54,800
hellbop comet we were with some friends

127
00:05:59,270 --> 00:05:56,800
at their house on the outskirts of

128
00:06:01,029 --> 00:05:59,280
scottsdale very dark and you know we're

129
00:06:01,990 --> 00:06:01,039
able to see that and that was real cool

130
00:06:04,550 --> 00:06:02,000
but

131
00:06:05,590 --> 00:06:04,560
i did not see phoenix lights

132
00:06:08,550 --> 00:06:05,600
however

133
00:06:11,909 --> 00:06:08,560
what ensued thereafter really intrigued

134
00:06:14,710 --> 00:06:11,919
me i mean it just blew up media wise

135
00:06:17,029 --> 00:06:14,720
um you know there was experts on tv in

136
00:06:19,510 --> 00:06:17,039
the news and you had national and you

137
00:06:21,749 --> 00:06:19,520
had local and just you know all of this

138
00:06:24,790 --> 00:06:21,759

stuff going on and it did capture my

139

00:06:26,629 --> 00:06:24,800

imagination but i really didn't um

140

00:06:28,870 --> 00:06:26,639

that's when i started to kind of pay

141

00:06:31,430 --> 00:06:28,880

attention to ufos and about that time

142

00:06:34,790 --> 00:06:31,440

you started having television programs

143

00:06:38,710 --> 00:06:34,800

that had you know ufo topics and things

144

00:06:40,469 --> 00:06:38,720

and i followed it that way but uh 2010

145

00:06:43,590 --> 00:06:40,479

is when i really kind of got serious

146

00:06:46,870 --> 00:06:43,600

about it and uh the first book i read

147

00:06:48,469 --> 00:06:46,880

was the day after roswell by bill burns

148

00:06:50,469 --> 00:06:48,479

and philip j corso

149

00:06:52,070 --> 00:06:50,479

when i read it you know again i hadn't

150

00:06:54,150 --> 00:06:52,080

really looked into anything

151
00:06:55,350 --> 00:06:54,160
and i thought it was a little

152
00:06:57,670 --> 00:06:55,360
you know

153
00:06:59,990 --> 00:06:57,680
questionable i guess and in fact i

154
00:07:02,070 --> 00:07:00,000
almost stopped there but

155
00:07:05,430 --> 00:07:02,080
just so happened that leslie kane's book

156
00:07:07,589 --> 00:07:05,440
came out ufos generals pilots and public

157
00:07:09,510 --> 00:07:07,599
officials go on the record when i read

158
00:07:11,830 --> 00:07:09,520
that it was clear to me this was written

159
00:07:14,790 --> 00:07:11,840
by you know a professional

160
00:07:17,350 --> 00:07:14,800
journalist investigative journalist and

161
00:07:19,749 --> 00:07:17,360
the way it was laid out the case data i

162
00:07:22,150 --> 00:07:19,759
mean it was just it really really

163
00:07:25,350 --> 00:07:22,160

gripped me i'm like okay there is

164

00:07:27,189 --> 00:07:25,360

legitimate real information here and so

165

00:07:29,350 --> 00:07:27,199

you know i started reading every book i

166

00:07:31,510 --> 00:07:29,360

could get my hands on and watching

167

00:07:33,749 --> 00:07:31,520

television shows and getting you know

168

00:07:37,110 --> 00:07:33,759

documentaries the whole thing

169

00:07:39,270 --> 00:07:37,120

and then um about 2015 or so i'm like

170

00:07:40,790 --> 00:07:39,280

well now i kind of have all this

171

00:07:43,430 --> 00:07:40,800

knowledge and stuff what am i going to

172

00:07:44,469 --> 00:07:43,440

do with it you know and i wanted to

173

00:07:46,150 --> 00:07:44,479

engage

174

00:07:48,309 --> 00:07:46,160

you know i wanted to play

175

00:07:50,869 --> 00:07:48,319

i i wanted to have my own experiences

176

00:07:53,430 --> 00:07:50,879

not just read about other people's right

177

00:07:55,350 --> 00:07:53,440

and so um i looked around i started

178

00:07:57,589 --> 00:07:55,360

getting on facebook and connecting with

179

00:07:59,350 --> 00:07:57,599

people and you know ultimately i became

180

00:08:03,189 --> 00:07:59,360

aware of mufon

181

00:08:05,589 --> 00:08:03,199

and decided well you know i've spent 25

182

00:08:07,029 --> 00:08:05,599

years in in government service myself i

183

00:08:08,550 --> 00:08:07,039

know i can function in a big

184

00:08:10,790 --> 00:08:08,560

organization

185

00:08:12,629 --> 00:08:10,800

it seems like there was a point to it

186

00:08:15,110 --> 00:08:12,639

you know i'm going to join mufon see

187

00:08:19,510 --> 00:08:15,120

what what the deal is and eventually i

188

00:08:22,710 --> 00:08:19,520

became an investigator and now um

189

00:08:26,150 --> 00:08:22,720

i'm assistant director of

190

00:08:27,350 --> 00:08:26,160

uh arizona and move funds so it's been

191

00:08:30,070 --> 00:08:27,360

you know from

192

00:08:31,909 --> 00:08:30,080

2010 till now 10 years 11 years it's

193

00:08:35,750 --> 00:08:31,919

been a wild ride it's been a lot of fun

194

00:08:37,509 --> 00:08:35,760

but that's really my path how i got here

195

00:08:41,829 --> 00:08:37,519

well you know you you bring up a good

196

00:08:44,710 --> 00:08:41,839

point where you almost turned away and

197

00:08:46,230 --> 00:08:44,720

um you know i it's funny i i've i see

198

00:08:48,150 --> 00:08:46,240

things happening

199

00:08:49,750 --> 00:08:48,160

there's a lot of strangely enough

200

00:08:51,190 --> 00:08:49,760

parallels between

201
00:08:54,550 --> 00:08:51,200
the fine art

202
00:08:57,190 --> 00:08:54,560
business and antiques and collecting

203
00:08:59,509 --> 00:08:57,200
and ufos in a way

204
00:09:01,190 --> 00:08:59,519
and this is the way it is

205
00:09:02,470 --> 00:09:01,200
you may read something

206
00:09:04,070 --> 00:09:02,480
that sounds

207
00:09:04,949 --> 00:09:04,080
not quite right

208
00:09:07,269 --> 00:09:04,959
um

209
00:09:08,710 --> 00:09:07,279
and or you watch videos

210
00:09:09,750 --> 00:09:08,720
you're really interested in the ufo

211
00:09:11,190 --> 00:09:09,760
topic

212
00:09:13,350 --> 00:09:11,200
and all of a sudden

213
00:09:15,509 --> 00:09:13,360

um you realize you've been watching fake

214

00:09:17,350 --> 00:09:15,519

fake videos and then you just you just

215

00:09:18,630 --> 00:09:17,360

go well that's it i'm done there's a

216

00:09:20,150 --> 00:09:18,640

bunch of loonies here i don't want

217

00:09:21,829 --> 00:09:20,160

anything to do with them that happens

218

00:09:23,590 --> 00:09:21,839

also in the art the antique business

219

00:09:25,590 --> 00:09:23,600

someone buys a fake they think is

220

00:09:26,790 --> 00:09:25,600

something authentic and they buy it fake

221

00:09:29,990 --> 00:09:26,800

and they say that's it i'll never

222

00:09:31,350 --> 00:09:30,000

collect again um so i caution the people

223

00:09:33,269 --> 00:09:31,360

that are new into this and we're gonna

224

00:09:36,150 --> 00:09:33,279

be talking about your book uh you know

225

00:09:38,230 --> 00:09:36,160

later on the guide a beginner's guide

226

00:09:39,910 --> 00:09:38,240

because it's really really important to

227

00:09:41,269 --> 00:09:39,920

get your information make sure you get

228

00:09:43,030 --> 00:09:41,279

your information

229

00:09:45,030 --> 00:09:43,040

from the right places nothing against

230

00:09:47,350 --> 00:09:45,040

bill burns he's a wonderful guy he was

231

00:09:51,350 --> 00:09:47,360

my second guest on this show

232

00:09:53,670 --> 00:09:51,360

um and and he's very very intelligent um

233

00:09:55,590 --> 00:09:53,680

he's welcome back on my show anytime but

234

00:09:56,949 --> 00:09:55,600

uh uh philip i've heard you know i mean

235

00:09:58,949 --> 00:09:56,959

i don't want to say

236

00:10:01,190 --> 00:09:58,959

you know poor of a person that can't

237

00:10:03,350 --> 00:10:01,200

defend himself but yeah i i have heard a

238

00:10:05,190 --> 00:10:03,360

number of people mention similar things

239

00:10:07,509 --> 00:10:05,200

that's that's all i'll put it as far as

240

00:10:09,190 --> 00:10:07,519

that goes but all right let's talk about

241

00:10:11,269 --> 00:10:09,200

the phoenix lights because you looked at

242

00:10:14,949 --> 00:10:11,279

it after you became

243

00:10:16,470 --> 00:10:14,959

um you know really into this topic right

244

00:10:22,310 --> 00:10:16,480

yeah

245

00:10:24,630 --> 00:10:22,320

resident of the city of phoenix even if

246

00:10:25,670 --> 00:10:24,640

you're not a ufo person you're pretty

247

00:10:28,470 --> 00:10:25,680

aware

248

00:10:30,310 --> 00:10:28,480

of of the phoenix lights case

249

00:10:31,430 --> 00:10:30,320

and um

250

00:10:34,470 --> 00:10:31,440

there was

251

00:10:37,110 --> 00:10:34,480

you know from my perspective now

252

00:10:39,430 --> 00:10:37,120

i understand it you know it's one of the

253

00:10:40,550 --> 00:10:39,440

is probably one of the largest mass

254

00:10:42,790 --> 00:10:40,560

sightings

255

00:10:46,150 --> 00:10:42,800

of a ufo in modern history right

256

00:10:47,670 --> 00:10:46,160

literally thousands of people saw this

257

00:10:48,470 --> 00:10:47,680

these things

258

00:10:50,870 --> 00:10:48,480

and

259

00:10:52,949 --> 00:10:50,880

um you know to recap just for anyone

260

00:10:55,910 --> 00:10:52,959

that's that's listening what happened in

261

00:10:59,030 --> 00:10:55,920

march of 1997 is a

262

00:11:01,190 --> 00:10:59,040

very large vehicle and actually reports

263

00:11:03,670 --> 00:11:01,200

of multiple vehicles

264

00:11:06,150 --> 00:11:03,680

flew from basically henderson

265

00:11:09,110 --> 00:11:06,160

uh nevada which is just outside of las

266

00:11:12,150 --> 00:11:09,120

vegas diagonally across the state of

267

00:11:14,949 --> 00:11:12,160

arizona all the way into mexico and it

268

00:11:18,069 --> 00:11:14,959

started around 7 00 pm and lasted till

269

00:11:19,509 --> 00:11:18,079

about 10 or 11 p.m

270

00:11:20,710 --> 00:11:19,519

and that

271

00:11:23,430 --> 00:11:20,720

in fact

272

00:11:25,350 --> 00:11:23,440

mufon phoenix mufon we meet in the

273

00:11:26,710 --> 00:11:25,360

arizona historical

274

00:11:27,670 --> 00:11:26,720

museum

275

00:11:30,550 --> 00:11:27,680

and

276

00:11:32,870 --> 00:11:30,560

they allowed us to create an exhibit in

277

00:11:34,949 --> 00:11:32,880

the state's history museum of the

278

00:11:36,949 --> 00:11:34,959

phoenix light incident

279

00:11:39,430 --> 00:11:36,959

and one of the things we feature is a

280

00:11:42,230 --> 00:11:39,440

map and what it maps out

281

00:11:43,269 --> 00:11:42,240

is every uh there's like a pin for every

282

00:11:45,190 --> 00:11:43,279

person

283

00:11:51,670 --> 00:11:45,200

uh in their location from where they

284

00:11:57,269 --> 00:11:53,030

and you can

285

00:11:59,829 --> 00:11:57,279

physically plot the path of these ufos

286

00:12:02,150 --> 00:11:59,839

by the phone calls and the timing and

287

00:12:04,069 --> 00:12:02,160

the reports of of those who saw it which

288

00:12:07,269 --> 00:12:04,079

i just think that's fascinating i'm a

289

00:12:09,990 --> 00:12:07,279

gis guy a mapper you know

290

00:12:11,670 --> 00:12:10,000

cartography and so you know that just

291

00:12:12,629 --> 00:12:11,680

you know for me that was really really

292

00:12:15,350 --> 00:12:12,639

cool

293

00:12:17,990 --> 00:12:15,360

uh but the date

294

00:12:20,310 --> 00:12:18,000

you know which we always are starving

295

00:12:22,150 --> 00:12:20,320

for when it comes to ufos i mean that

296

00:12:25,430 --> 00:12:22,160

data is there it's meaningful it's

297

00:12:27,590 --> 00:12:25,440

confirmed by multiple organizations

298

00:12:29,829 --> 00:12:27,600

including law enforcement so

299

00:12:31,829 --> 00:12:29,839

that's a very real thing and as that

300

00:12:34,629 --> 00:12:31,839

that craft passed over

301
00:12:36,550 --> 00:12:34,639
over the state again us phoenix is like

302
00:12:38,870 --> 00:12:36,560
the fifth largest city in the nation it

303
00:12:41,430 --> 00:12:38,880
it was a parade it was a show it was a

304
00:12:43,590 --> 00:12:41,440
demonstration you know a lot of people

305
00:12:47,190 --> 00:12:43,600
saw that and then the second piece to

306
00:12:49,269 --> 00:12:47,200
that was a series of lights um that

307
00:12:51,590 --> 00:12:49,279
appeared over a mountain range southwest

308
00:12:53,910 --> 00:12:51,600
of phoenix called the estrellas

309
00:12:55,750 --> 00:12:53,920
which in um

310
00:12:56,710 --> 00:12:55,760
the native american language which

311
00:12:59,990 --> 00:12:56,720
that's

312
00:13:02,550 --> 00:13:00,000
taken is basically star mountains right

313
00:13:05,030 --> 00:13:02,560

and star people so that's kind of an

314

00:13:07,910 --> 00:13:05,040

interesting little twist there to it but

315

00:13:09,990 --> 00:13:07,920

that's the the video that some people

316

00:13:11,590 --> 00:13:10,000

caught and that's what the television

317

00:13:14,310 --> 00:13:11,600

news program put on of course they're

318

00:13:16,310 --> 00:13:14,320

visual everyone wants to see a video

319

00:13:19,190 --> 00:13:16,320

and there were really poor quality and

320

00:13:20,990 --> 00:13:19,200

few videos of the big crafts flying over

321

00:13:23,910 --> 00:13:21,000

so that's the one that gets all the

322

00:13:26,870 --> 00:13:23,920

attention is is that

323

00:13:28,150 --> 00:13:26,880

series of uh looks like seven six seven

324

00:13:30,790 --> 00:13:28,160

eight lights

325

00:13:32,629 --> 00:13:30,800

in sort of a boomerang configuration and

326

00:13:34,949 --> 00:13:32,639

it hovered there for a period of time

327

00:13:37,190 --> 00:13:34,959

and so there's been much debate you know

328

00:13:40,470 --> 00:13:37,200

uh the the government claim yeah that

329

00:13:41,670 --> 00:13:40,480

was uh you know airplanes dropping um

330

00:13:44,069 --> 00:13:41,680

flares

331

00:13:46,150 --> 00:13:44,079

uh and some people accept that and then

332

00:13:47,750 --> 00:13:46,160

other people say no those weren't flares

333

00:13:48,870 --> 00:13:47,760

it was something different you know i'm

334

00:13:51,030 --> 00:13:48,880

not going to get caught up in the

335

00:13:55,910 --> 00:13:51,040

controversy of all that i

336

00:13:57,750 --> 00:13:55,920

but but clearly something very unusual

337

00:14:01,430 --> 00:13:57,760

occurred

338

00:14:03,269 --> 00:14:01,440

and that is confirmable by data now some

339

00:14:05,590 --> 00:14:03,279

of the other stuff isn't confirmed like

340

00:14:08,629 --> 00:14:05,600

you know luke air force base scrambled a

341

00:14:11,189 --> 00:14:08,639

couple of pilots uh f-16s they fly out

342

00:14:12,870 --> 00:14:11,199

of there and they apparently you know

343

00:14:15,110 --> 00:14:12,880

got close to this thing and were so

344

00:14:16,870 --> 00:14:15,120

upset by it that when they landed one of

345

00:14:18,710 --> 00:14:16,880

the pilots had to be helped out of the

346

00:14:21,189 --> 00:14:18,720

aircraft and you know things like that

347

00:14:23,910 --> 00:14:21,199

those are stories that aren't confirmed

348

00:14:27,110 --> 00:14:23,920

interesting so i don't like to um

349

00:14:29,590 --> 00:14:27,120

hang my hat on that but definitely

350

00:14:31,670 --> 00:14:29,600

you know it's a real event it was

351
00:14:34,230 --> 00:14:31,680
historical

352
00:14:35,110 --> 00:14:34,240
had anyone ever interviewed that pilot

353
00:14:37,350 --> 00:14:35,120
or

354
00:14:39,670 --> 00:14:37,360
they just can't talk about it i mean

355
00:14:41,829 --> 00:14:39,680
years have gone by now that's

356
00:14:43,509 --> 00:14:41,839
uh you know we're going on

357
00:14:45,350 --> 00:14:43,519
what are we coming up to we're coming up

358
00:14:47,269 --> 00:14:45,360
to the 30th

359
00:14:48,389 --> 00:14:47,279
anniversary of that you know i mean it

360
00:14:50,629 --> 00:14:48,399
seems like

361
00:14:52,150 --> 00:14:50,639
that person would be long retired but by

362
00:14:54,629 --> 00:14:52,160
the way

363
00:14:56,949 --> 00:14:54,639

a little shout out to tom king he's in

364

00:15:00,069 --> 00:14:56,959

the chat now listening to the show tom

365

00:15:03,910 --> 00:15:00,079

king uh filmed the phoenix lights

366

00:15:04,710 --> 00:15:03,920

and he's in chat right now so hello tom

367

00:15:06,790 --> 00:15:04,720

um

368

00:15:09,829 --> 00:15:06,800

but interesting there is a lot of

369

00:15:11,269 --> 00:15:09,839

controversy awesome

370

00:15:13,430 --> 00:15:11,279

for instance

371

00:15:15,350 --> 00:15:13,440

i've heard that you know some speaking

372

00:15:16,310 --> 00:15:15,360

of filming the actual filming of the

373

00:15:18,870 --> 00:15:16,320

lights

374

00:15:21,910 --> 00:15:18,880

themselves a lot of people saying you

375

00:15:24,150 --> 00:15:21,920

know there's not a lot of that it's

376

00:15:25,509 --> 00:15:24,160

mostly when they actually did shoot the

377

00:15:27,670 --> 00:15:25,519

flares off

378

00:15:30,150 --> 00:15:27,680

you know that people caught that on film

379

00:15:31,990 --> 00:15:30,160

but not so much on the

380

00:15:37,590 --> 00:15:32,000

craft itself

381

00:15:44,150 --> 00:15:39,749

yeah i do know that there are actually a

382

00:15:47,910 --> 00:15:44,160

couple videos of the craft flying over

383

00:15:50,470 --> 00:15:47,920

um again you got to remember 1997 uh the

384

00:15:52,710 --> 00:15:50,480

technology we're talking video tape

385

00:15:55,509 --> 00:15:52,720

right those are video cassettes remember

386

00:15:57,990 --> 00:15:55,519

the big ones you'd set on your shoulder

387

00:16:00,389 --> 00:15:58,000

yeah it was a technology at the time

388

00:16:02,949 --> 00:16:00,399

and at night it was pretty poor quality

389

00:16:05,430 --> 00:16:02,959

but you do see some lights flying over

390

00:16:06,629 --> 00:16:05,440

against the dark sky so you know there's

391

00:16:08,949 --> 00:16:06,639

something there

392

00:16:09,749 --> 00:16:08,959

um and i believe there might be one

393

00:16:12,069 --> 00:16:09,759

other

394

00:16:14,790 --> 00:16:12,079

but let me say this um

395

00:16:17,350 --> 00:16:14,800

you know dr lynn key tai she she has

396

00:16:20,150 --> 00:16:17,360

kept this story alive and made made a

397

00:16:23,749 --> 00:16:20,160

couple movies and and um book and so

398

00:16:27,350 --> 00:16:23,759

forth and every year she does a

399

00:16:29,350 --> 00:16:27,360

a memorial event um gather speakers

400

00:16:30,550 --> 00:16:29,360

together plays a movie and some things

401
00:16:33,189 --> 00:16:30,560
like that but

402
00:16:36,389 --> 00:16:33,199
um you know believe it or not there are

403
00:16:38,069 --> 00:16:36,399
still new witnesses coming out

404
00:16:38,949 --> 00:16:38,079
on occasion so

405
00:16:42,150 --> 00:16:38,959
last

406
00:16:45,990 --> 00:16:42,160
less so 2019 before covid i did meet a

407
00:16:48,550 --> 00:16:46,000
gentleman from sedona arizona who

408
00:16:51,269 --> 00:16:48,560
did not report it

409
00:16:54,870 --> 00:16:51,279
but came out now and he had

410
00:16:57,430 --> 00:16:54,880
good cred very good credentials um

411
00:17:00,069 --> 00:16:57,440
and as a scientist and he

412
00:17:02,790 --> 00:17:00,079
in fact saw this thing but you know

413
00:17:04,710 --> 00:17:02,800

it wasn't until he retired and was out

414

00:17:06,630 --> 00:17:04,720

uh out of that the

415

00:17:08,710 --> 00:17:06,640

that world that he felt comfortable

416

00:17:12,390 --> 00:17:08,720

coming forward so you know we may get

417

00:17:14,470 --> 00:17:12,400

some surprise uh video or something uh

418

00:17:16,630 --> 00:17:14,480

in the future or somebody's son or

419

00:17:20,150 --> 00:17:16,640

daughter might find it or whatever but

420

00:17:22,949 --> 00:17:20,160

um as far as i'm aware there's a couple

421

00:17:24,069 --> 00:17:22,959

of the videos for for the um flare

422

00:17:26,150 --> 00:17:24,079

looking

423

00:17:27,350 --> 00:17:26,160

objects lights over the estrellas and

424

00:17:28,309 --> 00:17:27,360

one or two

425

00:17:30,230 --> 00:17:28,319

um

426

00:17:33,350 --> 00:17:30,240

uh elsewhere in the state seeing the

427

00:17:35,750 --> 00:17:33,360

craft and then dr lan kitai she had

428

00:17:37,909 --> 00:17:35,760

the sighting was more than just that

429

00:17:40,310 --> 00:17:37,919

night for her she had recorded on

430

00:17:42,150 --> 00:17:40,320

multiple occasions

431

00:17:44,870 --> 00:17:42,160

some of these lights and

432

00:17:46,789 --> 00:17:44,880

some things near her home and some right

433

00:17:47,590 --> 00:17:46,799

over downtown phoenix so

434

00:17:49,110 --> 00:17:47,600

you know

435

00:17:51,430 --> 00:17:49,120

i don't think it was just a singular

436

00:17:53,909 --> 00:17:51,440

event there are other events related to

437

00:17:55,909 --> 00:17:53,919

it um and some some of these things are

438

00:17:57,990 --> 00:17:55,919

still even occurring today

439

00:18:00,710 --> 00:17:58,000

we get these reports

440

00:18:04,230 --> 00:18:00,720

of these strange

441

00:18:06,230 --> 00:18:04,240

lights you know even over downtown

442

00:18:08,230 --> 00:18:06,240

so that's that's interesting it's always

443

00:18:09,190 --> 00:18:08,240

fascinated me ever since i started doing

444

00:18:11,909 --> 00:18:09,200

the show

445

00:18:14,630 --> 00:18:11,919

and really looked into this topic how

446

00:18:16,470 --> 00:18:14,640

something seems to repeat itself

447

00:18:17,510 --> 00:18:16,480

in a location

448

00:18:19,590 --> 00:18:17,520

you know

449

00:18:22,230 --> 00:18:19,600

if if for instance

450

00:18:23,830 --> 00:18:22,240

that you know one of the theories are

451

00:18:25,110 --> 00:18:23,840

that they're extraterrestrial and they

452

00:18:27,909 --> 00:18:25,120

arrive here

453

00:18:29,990 --> 00:18:27,919

um from elsewhere and it's always

454

00:18:31,350 --> 00:18:30,000

puzzled me well the why is there a hot

455

00:18:33,590 --> 00:18:31,360

spot what is

456

00:18:37,029 --> 00:18:33,600

why would the same craft be seen over

457

00:18:38,870 --> 00:18:37,039

the same area over and over again

458

00:18:39,669 --> 00:18:38,880

it doesn't really

459

00:18:42,150 --> 00:18:39,679

make

460

00:18:44,549 --> 00:18:42,160

any sense it i mean of course i'm trying

461

00:18:47,750 --> 00:18:44,559

to think in human terms maybe they have

462

00:18:49,990 --> 00:18:47,760

a different way of thinking and you know

463

00:18:53,110 --> 00:18:50,000

i don't even you know it's crazy stuff

464

00:18:54,870 --> 00:18:53,120

though how it just keeps happening

465

00:18:56,470 --> 00:18:54,880

so

466

00:18:57,909 --> 00:18:56,480

you think it it is

467

00:18:59,830 --> 00:18:57,919

we got a little bit of a lag and i

468

00:19:01,909 --> 00:18:59,840

apologize to the listeners so when i

469

00:19:06,310 --> 00:19:01,919

stop speaking it takes a little while

470

00:19:11,510 --> 00:19:08,549

when it comes to

471

00:19:12,390 --> 00:19:11,520

you said that we may still someday

472

00:19:14,470 --> 00:19:12,400

get

473

00:19:16,070 --> 00:19:14,480

more information do you really feel that

474

00:19:17,990 --> 00:19:16,080

that could happen a lot of people will

475

00:19:20,150 --> 00:19:18,000

say why are you talking about such an

476

00:19:21,029 --> 00:19:20,160

old case you know i get those emails all

477

00:19:23,750 --> 00:19:21,039

the time

478

00:19:26,789 --> 00:19:23,760

um i think because it's one of the

479

00:19:28,789 --> 00:19:26,799

amazing mass sightings that there have

480

00:19:31,110 --> 00:19:28,799

been i mean one of the probably the

481

00:19:32,070 --> 00:19:31,120

largest mass sighting anywhere in any

482

00:19:34,470 --> 00:19:32,080

time

483

00:19:39,110 --> 00:19:34,480

um in our modern history

484

00:19:43,750 --> 00:19:41,270

yeah no i i totally agree with you and i

485

00:19:47,270 --> 00:19:43,760

think um in fact i deal with a a chapter

486

00:19:49,350 --> 00:19:47,280

in my whole book about the importance of

487

00:19:50,150 --> 00:19:49,360

um what we can

488

00:19:54,070 --> 00:19:50,160

call

489

00:19:55,669 --> 00:19:54,080

classic cases and and so

490

00:19:57,590 --> 00:19:55,679

um

491

00:20:00,789 --> 00:19:57,600

i don't think any case is ever

492

00:20:02,870 --> 00:20:00,799

completely dead you know as you just

493

00:20:12,950 --> 00:20:02,880

mentioned we think in human terms right

494

00:20:18,310 --> 00:20:16,230

but we think in human terms but yeah

495

00:20:20,390 --> 00:20:18,320

yeah we we just see everything from the

496

00:20:23,190 --> 00:20:20,400

point of view of a human and that's you

497

00:20:26,230 --> 00:20:23,200

know logical but it's limiting right

498

00:20:28,630 --> 00:20:26,240

but um you know maybe the reason they

499

00:20:31,830 --> 00:20:28,640

appear in the same places is maybe it's

500

00:20:33,029 --> 00:20:31,840

a portal maybe how they get here is in a

501
00:20:35,830 --> 00:20:33,039
fixed

502
00:20:37,669 --> 00:20:35,840
location or something i don't know but

503
00:20:40,070 --> 00:20:37,679
you know it requires us to kind of

504
00:20:42,549 --> 00:20:40,080
really think out of the box now i'm you

505
00:20:45,029 --> 00:20:42,559
know i'm a i'm a big

506
00:20:49,590 --> 00:20:45,039
evidence guy as a as

507
00:20:51,830 --> 00:20:49,600
an investigator but um

508
00:20:54,230 --> 00:20:51,840
you know i think it's really important

509
00:20:56,549 --> 00:20:54,240
when when you look at it let's say an

510
00:20:58,789 --> 00:20:56,559
old why would we still study that well a

511
00:21:00,549 --> 00:20:58,799
couple of things one maybe everything

512
00:21:02,149 --> 00:21:00,559
wasn't uncovered at the time or maybe

513
00:21:03,909 --> 00:21:02,159

somebody who thinks a little differently

514

00:21:05,990 --> 00:21:03,919

picks up something else that others

515

00:21:08,549 --> 00:21:06,000

didn't pick up at the time or a big one

516

00:21:11,029 --> 00:21:08,559

is technology is different now we have

517

00:21:13,590 --> 00:21:11,039

more resources more tools more things

518

00:21:16,549 --> 00:21:13,600

available to us to help identify you

519

00:21:18,630 --> 00:21:16,559

know things such as that so to me a case

520

00:21:20,549 --> 00:21:18,640

is never dead it's in fact when we do a

521

00:21:22,390 --> 00:21:20,559

mufon case we kind of have a disclaimer

522

00:21:24,310 --> 00:21:22,400

at the end that says you know this is

523

00:21:26,390 --> 00:21:24,320

kind of what we think now

524

00:21:29,110 --> 00:21:26,400

based on the evidence we have

525

00:21:31,190 --> 00:21:29,120

but you know new evidence could come to

526

00:21:33,029 --> 00:21:31,200

light if it does we can reopen this case

527

00:21:33,830 --> 00:21:33,039

and we can look at it in that new light

528

00:21:36,310 --> 00:21:33,840

so

529

00:21:39,990 --> 00:21:36,320

i think um and then and then the other

530

00:21:41,990 --> 00:21:40,000

thing about classic cases is

531

00:21:45,110 --> 00:21:42,000

every case has

532

00:21:47,190 --> 00:21:45,120

a certain strength or or weakness so

533

00:21:48,789 --> 00:21:47,200

what i mean by that is

534

00:21:51,430 --> 00:21:48,799

one case might be really important

535

00:21:53,430 --> 00:21:51,440

because of who reported it you know we

536

00:21:55,990 --> 00:21:53,440

we like to think you know military

537

00:21:58,630 --> 00:21:56,000

personnel or law enforcement or

538

00:22:01,270 --> 00:21:58,640

engineers you know would be really

539

00:22:03,830 --> 00:22:01,280

their pilots would be really great

540

00:22:05,990 --> 00:22:03,840

you know witnesses and so

541

00:22:07,590 --> 00:22:06,000

one case might have that as a big chunk

542

00:22:09,669 --> 00:22:07,600

of its um

543

00:22:11,990 --> 00:22:09,679

you know evidence but other ones might

544

00:22:13,909 --> 00:22:12,000

be great photographic or video evidence

545

00:22:17,669 --> 00:22:13,919

or something else may have actual trace

546

00:22:19,430 --> 00:22:17,679

evidence chemical or radiological um so

547

00:22:21,190 --> 00:22:19,440

you know there's something to be learned

548

00:22:22,950 --> 00:22:21,200

from every case

549

00:22:25,110 --> 00:22:22,960

in that they are different and have

550

00:22:26,789 --> 00:22:25,120

different strengths and weaknesses so

551

00:22:31,590 --> 00:22:26,799

that's uh that's something i think is

552

00:22:35,830 --> 00:22:33,430

yeah um

553

00:22:40,310 --> 00:22:38,950

uh one of the things i'd like to i hope

554

00:22:42,789 --> 00:22:40,320

it's all right with you i'm trying to

555

00:22:45,190 --> 00:22:42,799

get a hold of bill but um i'd like to

556

00:22:47,110 --> 00:22:45,200

invite uh tom to talk with us for a

557

00:22:50,070 --> 00:22:47,120

couple minutes you up for that

558

00:22:51,029 --> 00:22:50,080

tom king oh yeah absolutely yeah all

559

00:22:53,990 --> 00:22:51,039

right

560

00:22:56,230 --> 00:22:54,000

so uh uh tom if you're listening

561

00:22:58,390 --> 00:22:56,240

i'm trying to get bill to make sure he

562

00:23:00,950 --> 00:22:58,400

can take your call but i'm going to say

563

00:23:04,470 --> 00:23:00,960

uh go ahead and give us a ring at

564

00:23:04,480 --> 00:23:08,789

855-472-544

565

00:23:12,870 --> 00:23:10,870

tom king give us a ring

566

00:23:14,149 --> 00:23:12,880

and i didn't even mean to rhyme that but

567

00:23:15,510 --> 00:23:14,159

anyway

568

00:23:16,870 --> 00:23:15,520

uh yeah he said

569

00:23:18,789 --> 00:23:16,880

he will be in it

570

00:23:22,230 --> 00:23:18,799

so hopefully bill

571

00:23:24,310 --> 00:23:22,240

bill you're supposed to be listening

572

00:23:26,390 --> 00:23:24,320

over at kgr a radio hopefully you're

573

00:23:29,430 --> 00:23:26,400

listening bill and you'll pick up

574

00:23:31,029 --> 00:23:29,440

uh pick up the phone but um so i want to

575

00:23:32,789 --> 00:23:31,039

i want to hang in on this case just a

576
00:23:34,230 --> 00:23:32,799
little a little while longer of course

577
00:23:36,390 --> 00:23:34,240
get get tom

578
00:23:38,710 --> 00:23:36,400
in if possible but also

579
00:23:40,149 --> 00:23:38,720
you know the aspect of someone that may

580
00:23:41,510 --> 00:23:40,159
not be listening

581
00:23:43,830 --> 00:23:41,520
i mean that may be listening to this

582
00:23:44,950 --> 00:23:43,840
that may be new is they don't know the

583
00:23:47,990 --> 00:23:44,960
fact that

584
00:23:49,510 --> 00:23:48,000
the governor of arizona uh fife

585
00:23:51,830 --> 00:23:49,520
symington

586
00:23:55,110 --> 00:23:51,840
was in a park

587
00:23:59,269 --> 00:23:55,120
and uh he saw this thing fly over him

588
00:24:08,310 --> 00:24:03,510

he kept it secret right ten years

589

00:24:10,070 --> 00:24:08,320

yeah until 2007 and uh james fox was

590

00:24:11,750 --> 00:24:10,080

interviewing uh

591

00:24:12,710 --> 00:24:11,760

um

592

00:24:14,070 --> 00:24:12,720

okay

593

00:24:16,789 --> 00:24:14,080

wow

594

00:24:18,630 --> 00:24:16,799

uh yeah that's that's something and you

595

00:24:20,230 --> 00:24:18,640

know i mean

596

00:24:21,909 --> 00:24:20,240

i didn't realize that's when he came

597

00:24:24,470 --> 00:24:21,919

came out with that he actually saw it

598

00:24:26,149 --> 00:24:24,480

himself but for him to go forward and

599

00:24:28,630 --> 00:24:26,159

you know he he's tried to calm the

600

00:24:30,470 --> 00:24:28,640

public down and ridiculed you know the

601
00:24:32,310 --> 00:24:30,480
fact or made a joke of it really got a

602
00:24:33,269 --> 00:24:32,320
lot of people pretty angry when he did

603
00:24:35,269 --> 00:24:33,279
that

604
00:24:36,710 --> 00:24:35,279
um he's still not

605
00:24:39,590 --> 00:24:36,720
the last time i heard an interview of

606
00:24:41,590 --> 00:24:39,600
him he didn't seem like real apologetic

607
00:24:42,870 --> 00:24:41,600
i mean he i have seen him be a little

608
00:24:46,549 --> 00:24:42,880
apologetic

609
00:24:48,470 --> 00:24:46,559
but uh anyway we're bringing in uh we'll

610
00:24:51,190 --> 00:24:48,480
bring him in right now tom king you on

611
00:24:53,510 --> 00:24:52,470
hello

612
00:24:57,590 --> 00:24:53,520
hey tom

613
00:25:03,190 --> 00:24:59,430

how are you

614

00:25:04,870 --> 00:25:03,200

so i'm good uh my good buddy dave uh you

615

00:25:07,029 --> 00:25:04,880

know it's weird psychic thing i haven't

616

00:25:08,870 --> 00:25:07,039

talked to him about two months

617

00:25:11,510 --> 00:25:08,880

and i was thinking about touching base

618

00:25:13,430 --> 00:25:11,520

with him and then he calls and says hey

619

00:25:14,950 --> 00:25:13,440

we need your uh we need your thoughts

620

00:25:16,470 --> 00:25:14,960

over here because i lived through the

621

00:25:18,789 --> 00:25:16,480

phoenix lights

622

00:25:21,669 --> 00:25:18,799

videotaped them i was one of the

623

00:25:24,870 --> 00:25:21,679

original investigators of it

624

00:25:27,909 --> 00:25:24,880

along with bill hamilton uh the late dr

625

00:25:29,830 --> 00:25:27,919

michael tanner and jim de la tusso

626

00:25:32,950 --> 00:25:29,840

richard motzler

627

00:25:34,630 --> 00:25:32,960

and then the other debunkers that did it

628

00:25:39,669 --> 00:25:34,640

in the investigation of our

629

00:25:43,590 --> 00:25:41,430

thank you very much for calling in and i

630

00:25:45,909 --> 00:25:43,600

do want to talk about this um

631

00:25:47,909 --> 00:25:45,919

for with the three of us are you and

632

00:25:49,830 --> 00:25:47,919

shane uh you know shane's looked into it

633

00:25:50,950 --> 00:25:49,840

he was there of course i don't know if

634

00:25:52,070 --> 00:25:50,960

you heard that part of it how long

635

00:25:54,070 --> 00:25:52,080

you've been listening but he was there

636

00:25:55,990 --> 00:25:54,080

when it happened but not really into the

637

00:26:00,549 --> 00:25:56,000

topic he did more looking into it

638

00:26:02,710 --> 00:26:00,559

afterward but let's hear if we can uh

639

00:26:05,430 --> 00:26:02,720

a lot of people have that are listening

640

00:26:06,870 --> 00:26:05,440

are new to the ufo world but um and i

641

00:26:09,269 --> 00:26:06,880

don't need to repeat exactly what

642

00:26:12,070 --> 00:26:09,279

happened but if you can go into what

643

00:26:14,710 --> 00:26:12,080

your part of the investigation was and

644

00:26:16,470 --> 00:26:14,720

also you're filming and i understand by

645

00:26:18,230 --> 00:26:16,480

what you said in chat that things are

646

00:26:19,830 --> 00:26:18,240

still going on i'd love to touch on that

647

00:26:22,950 --> 00:26:19,840

too

648

00:26:25,430 --> 00:26:22,960

uh first of all i came into this maybe

649

00:26:28,149 --> 00:26:25,440

15 20 minutes ago and i listened to

650

00:26:30,149 --> 00:26:28,159

shane's breakdown about that far in

651

00:26:31,909 --> 00:26:30,159

and i have to say don't disagree with

652

00:26:34,470 --> 00:26:31,919

anything that he was saying

653

00:26:36,870 --> 00:26:34,480

uh his timeline of the the thing coming

654

00:26:39,909 --> 00:26:36,880

down the state was pretty much in line

655

00:26:41,990 --> 00:26:39,919

what i say um we can get into the fine

656

00:26:43,750 --> 00:26:42,000

details of all that too

657

00:26:46,470 --> 00:26:43,760

and then the other event that happened

658

00:26:49,750 --> 00:26:46,480

at ten o'clock that was another event

659

00:26:50,950 --> 00:26:49,760

uh the more you get into these different

660

00:26:53,430 --> 00:26:50,960

events

661

00:26:55,190 --> 00:26:53,440

the more you go down this rabbit hole of

662

00:26:57,269 --> 00:26:55,200

how crazy

663

00:27:00,070 --> 00:26:57,279

of stuff was going on that night because

664

00:27:01,669 --> 00:27:00,080

there were separate events um different

665

00:27:04,470 --> 00:27:01,679

things going on at

666

00:27:06,870 --> 00:27:04,480

10 o'clock easily

667

00:27:08,310 --> 00:27:06,880

multiple events just then

668

00:27:12,950 --> 00:27:08,320

it's

669

00:27:15,430 --> 00:27:12,960

knowing about what was going on that

670

00:27:16,710 --> 00:27:15,440

night um how many different events there

671

00:27:18,870 --> 00:27:16,720

were

672

00:27:20,870 --> 00:27:18,880

um as far as if you want to go in with

673

00:27:25,190 --> 00:27:20,880

five

674

00:27:27,110 --> 00:27:25,200

later um

675

00:27:28,310 --> 00:27:27,120

let's go back to the beginning

676

00:27:33,430 --> 00:27:28,320

um

677

00:27:34,950 --> 00:27:33,440

i think march 12

678

00:27:38,789 --> 00:27:34,960

from um

679

00:27:41,830 --> 00:27:38,799

kind of my protege uh bill hamilton

680

00:27:44,230 --> 00:27:41,840

uh who was this underground-based

681

00:27:46,870 --> 00:27:44,240

ufo researcher that lived up in paradise

682

00:27:48,870 --> 00:27:46,880

valley arizona and he had published a

683

00:27:49,669 --> 00:27:48,880

couple of books on underground bases and

684

00:27:54,710 --> 00:27:49,679

stuff

685

00:27:58,470 --> 00:27:54,720

he was like a big big time guy back in

686

00:28:00,630 --> 00:27:58,480

the ufo 90s and

687

00:28:03,590 --> 00:28:00,640

i was friends with him he was a mufon

688

00:28:05,830 --> 00:28:03,600

investigator uh he had heard on the

689

00:28:07,669 --> 00:28:05,840

internet through i think it was ufo

690

00:28:10,710 --> 00:28:07,679

updates that there was a guy here in

691

00:28:13,430 --> 00:28:10,720

town named steve blonder that was seeing

692

00:28:16,070 --> 00:28:13,440

ufos every night from his house in a

693

00:28:17,669 --> 00:28:16,080

location in kind of south phoenix called

694

00:28:20,310 --> 00:28:17,679

alatooki

695

00:28:23,029 --> 00:28:20,320

uh and he was looking for somebody to

696

00:28:25,350 --> 00:28:23,039

look into it they referred him to mufon

697

00:28:27,430 --> 00:28:25,360

which is normal

698

00:28:31,269 --> 00:28:27,440

channels right channels people in the

699

00:28:33,750 --> 00:28:31,279

mufon uh then he said okay he's seeing

700

00:28:36,549 --> 00:28:33,760

this stuff every night he says tom get

701
00:28:38,470 --> 00:28:36,559
your gear we're gonna go check this guy

702
00:28:41,669 --> 00:28:38,480
out he says there's a ufo there every

703
00:28:44,549 --> 00:28:41,679
night right this lines up what dr lee

704
00:28:47,990 --> 00:28:44,559
katai was seeing from her location where

705
00:28:49,510 --> 00:28:48,000
she was filming stuff over in this area

706
00:28:51,590 --> 00:28:49,520
periodically

707
00:28:52,710 --> 00:28:51,600
and night by night

708
00:28:53,590 --> 00:28:52,720
um

709
00:28:56,630 --> 00:28:53,600
so

710
00:28:59,190 --> 00:28:56,640
uh back then i filmed a bunch of daytime

711
00:29:01,750 --> 00:28:59,200
ufos before this

712
00:29:03,590 --> 00:29:01,760
and had done some local press but not

713
00:29:05,350 --> 00:29:03,600

too much national

714

00:29:07,110 --> 00:29:05,360

um and

715

00:29:08,789 --> 00:29:07,120

bill you know i was kind of getting a

716

00:29:10,950 --> 00:29:08,799

little name for myself around the town

717

00:29:15,110 --> 00:29:10,960

as a hardcore sky watcher

718

00:29:18,310 --> 00:29:15,120

and 25 years later here we are

719

00:29:20,070 --> 00:29:18,320

and and bill said okay get your gear uh

720

00:29:21,590 --> 00:29:20,080

and then we said oh let's meet at

721

00:29:22,470 --> 00:29:21,600

village labs

722

00:29:24,549 --> 00:29:22,480

um

723

00:29:27,190 --> 00:29:24,559

stephen greer is in town he needs to

724

00:29:30,070 --> 00:29:27,200

transfer some tapes because village labs

725

00:29:32,789 --> 00:29:30,080

had all this video transfer stuff

726

00:29:34,470 --> 00:29:32,799

and computers so anyway we went out and

727

00:29:36,630 --> 00:29:34,480

then we went over to the steve blonder's

728

00:29:38,310 --> 00:29:36,640

house and it was like a circus

729

00:29:39,990 --> 00:29:38,320

we pulled up and there were people

730

00:29:41,990 --> 00:29:40,000

running in and out of this house i'm

731

00:29:42,870 --> 00:29:42,000

like wow this is weird

732

00:29:44,630 --> 00:29:42,880

um

733

00:29:47,029 --> 00:29:44,640

we felt like this was

734

00:29:48,470 --> 00:29:47,039

the ufo version of ghostbusters or

735

00:29:49,350 --> 00:29:48,480

something you know

736

00:29:50,710 --> 00:29:49,360

like

737

00:29:52,870 --> 00:29:50,720

are worried they're here to film

738

00:29:55,110 --> 00:29:52,880

something or debunk something like tv

739

00:29:57,510 --> 00:29:55,120

show that deal but we're guaranteed

740

00:29:59,909 --> 00:29:57,520

something's going to show up

741

00:30:02,389 --> 00:29:59,919

and it did

742

00:30:04,549 --> 00:30:02,399

uh so we we come into the house me

743

00:30:06,549 --> 00:30:04,559

stevie says you missed it we're like

744

00:30:08,630 --> 00:30:06,559

what we missed it he goes yeah i

745

00:30:11,029 --> 00:30:08,640

recorded it again so we go up in this

746

00:30:12,789 --> 00:30:11,039

house we watch his footage

747

00:30:14,950 --> 00:30:12,799

almost all of its other footage it's

748

00:30:16,950 --> 00:30:14,960

online it's all linked up on my youtube

749

00:30:20,470 --> 00:30:16,960

channel it's all there historically but

750

00:30:23,269 --> 00:30:20,480

most of it's out of focus like 90 is

751

00:30:24,870 --> 00:30:23,279

uh so i'm i don't want to be an

752

00:30:27,029 --> 00:30:24,880

in this house until my shit's out of

753

00:30:29,110 --> 00:30:27,039

focus so i'm like where are you filming

754

00:30:30,549 --> 00:30:29,120

this from so he takes this out in the

755

00:30:32,950 --> 00:30:30,559

balcony

756

00:30:35,029 --> 00:30:32,960

and he's like i'm over usually over here

757

00:30:37,269 --> 00:30:35,039

and he goes there's money points it out

758

00:30:40,149 --> 00:30:37,279

and we see it me and bill go damn

759

00:30:42,630 --> 00:30:40,159

damn ain't normal what's that something

760

00:30:45,269 --> 00:30:42,640

weird and orange that don't belong

761

00:30:47,669 --> 00:30:45,279

and it's south of town right it's not on

762

00:30:51,350 --> 00:30:47,679

the military range

763

00:30:53,990 --> 00:30:51,360

the god damn things over catholic rand

764

00:30:56,230 --> 00:30:54,000

um if it whatever it was the orange

765

00:30:58,710 --> 00:30:56,240

light so i go down

766

00:31:01,190 --> 00:30:58,720

run to the trunk and get out this huge

767

00:31:02,470 --> 00:31:01,200

bag of gear and we go up telescope

768

00:31:06,789 --> 00:31:02,480

camera

769

00:31:08,630 --> 00:31:06,799

all this stuff and uh a tripod

770

00:31:10,870 --> 00:31:08,640

and anyway i got

771

00:31:14,230 --> 00:31:10,880

a system for me and a system for a buddy

772

00:31:16,310 --> 00:31:14,240

so everybody uh tries to record um i'm

773

00:31:18,310 --> 00:31:16,320

the only one to record so i record this

774

00:31:21,110 --> 00:31:18,320

or it's south of town

775

00:31:23,029 --> 00:31:21,120

bill's camera malfunctioned so we would

776

00:31:25,430 --> 00:31:23,039

have had another video that steve

777

00:31:27,190 --> 00:31:25,440

blonder's camera malfunctions or we

778

00:31:29,990 --> 00:31:27,200

would have malfunctioned

779

00:31:33,830 --> 00:31:31,509

but do you guys need to talk or am i

780

00:31:35,669 --> 00:31:33,840

talking too long no no this is good um

781

00:31:37,029 --> 00:31:35,679

the battery thing is something you hear

782

00:31:39,269 --> 00:31:37,039

all the time

783

00:31:42,870 --> 00:31:39,279

you know the battery is just right um so

784

00:31:44,549 --> 00:31:42,880

i we're gonna go like another uh another

785

00:31:46,070 --> 00:31:44,559

not more than uh 10 minutes though

786

00:31:49,269 --> 00:31:46,080

because we have we got to get into

787

00:31:50,950 --> 00:31:49,279

shane's book that he wrote so uh but

788

00:31:53,029 --> 00:31:50,960

we'll park another you know five or ten

789

00:31:55,909 --> 00:31:53,039
minutes or something like that

790

00:31:58,789 --> 00:31:55,919
okay uh i'll wrap it up uh so

791

00:32:01,590 --> 00:31:58,799
yeah we record the orb goes away

792

00:32:04,149 --> 00:32:01,600
and then i'm showing steve blonder how

793

00:32:05,830 --> 00:32:04,159
stuff's out of focus with this batman

794

00:32:07,269 --> 00:32:05,840
type of autofocus thing that was the

795

00:32:09,350 --> 00:32:07,279
thing in the day from

796

00:32:11,590 --> 00:32:09,360
the aperture and then

797

00:32:13,750 --> 00:32:11,600
this light shows up and it's this double

798

00:32:15,830 --> 00:32:13,760
light and then the whole thing springs

799

00:32:18,389 --> 00:32:15,840
in front of us and shows up and i record

800

00:32:20,470 --> 00:32:18,399
it i didn't think any we thought it was

801
00:32:23,190 --> 00:32:20,480
a pretty interesting sighting i mean

802
00:32:25,750 --> 00:32:23,200
we're adrenaline rush and freaked out

803
00:32:27,750 --> 00:32:25,760
but we didn't really think that much of

804
00:32:29,509 --> 00:32:27,760
it until the next day there our phones

805
00:32:31,509 --> 00:32:29,519
were ringing off the hook

806
00:32:33,669 --> 00:32:31,519
and there were thousands of people that

807
00:32:35,590 --> 00:32:33,679
seen something and something shook the

808
00:32:38,389 --> 00:32:35,600
state this night

809
00:32:39,430 --> 00:32:38,399
i mean it was a ufo sighting

810
00:32:42,470 --> 00:32:39,440
uh

811
00:32:46,630 --> 00:32:42,480
that place this thing this whole event

812
00:32:50,310 --> 00:32:47,509
and then

813
00:32:55,190 --> 00:32:50,320

the power five of us

814

00:32:59,830 --> 00:32:56,389

yeah

815

00:33:02,470 --> 00:32:59,840

so uh before you leave tom uh maybe i'll

816

00:33:05,029 --> 00:33:02,480

invite you back uh at another point to

817

00:33:06,710 --> 00:33:05,039

talk more about this as well but uh can

818

00:33:07,590 --> 00:33:06,720

you talk a little bit about what you

819

00:33:09,269 --> 00:33:07,600

though

820

00:33:10,950 --> 00:33:09,279

what you said you were filming something

821

00:33:13,590 --> 00:33:10,960

lately let's talk a little bit about

822

00:33:18,630 --> 00:33:16,389

uh i got out of this you know i got

823

00:33:21,590 --> 00:33:18,640

burped out of this in uh

824

00:33:23,110 --> 00:33:21,600

2003 because i filmed a bunch more stuff

825

00:33:24,389 --> 00:33:23,120

and it seemed like i was just knocking

826

00:33:28,549 --> 00:33:24,399

my head against the wall

827

00:33:31,590 --> 00:33:28,559

i came back into it um in 2016

828

00:33:33,590 --> 00:33:31,600

i got out when there was tape and got

829

00:33:37,269 --> 00:33:33,600

back in when there was a

830

00:33:39,750 --> 00:33:37,279

vhs or not vhs hd and 4k

831

00:33:41,830 --> 00:33:39,760

uh now what i'm doing is i'm running

832

00:33:44,789 --> 00:33:41,840

surveillance cameras on the top of my

833

00:33:48,950 --> 00:33:44,799

house 24 hours a day in 4k

834

00:33:51,669 --> 00:33:48,960

i also use uh the stuff like the p1000 a

835

00:33:53,750 --> 00:33:51,679

thermal camera a couple of uh night

836

00:33:57,350 --> 00:33:53,760

vision cameras and i'm sky watching out

837

00:33:59,430 --> 00:33:57,360

of the back of my yard as hard as i was

838

00:34:01,590 --> 00:33:59,440

when i was 25 years old

839

00:34:03,430 --> 00:34:01,600

and i've networked out with more people

840

00:34:05,830 --> 00:34:03,440

doing the same thing where we're

841

00:34:08,470 --> 00:34:05,840

basically

842

00:34:10,310 --> 00:34:08,480

i don't want this is a bad term poor

843

00:34:16,310 --> 00:34:10,320

man's uapx

844

00:34:18,470 --> 00:34:16,320

regular guy working on his garage doing

845

00:34:21,750 --> 00:34:18,480

his version of uapx

846

00:34:24,230 --> 00:34:21,760

as another version so when uapx comes

847

00:34:25,669 --> 00:34:24,240

out with their report and galileo comes

848

00:34:28,550 --> 00:34:25,679

out with theirs

849

00:34:30,790 --> 00:34:28,560

us different networked underground

850

00:34:33,430 --> 00:34:30,800

people in the ufo hot spots come out

851
00:34:35,430 --> 00:34:33,440
with ours

852
00:34:37,270 --> 00:34:35,440
so that's what i'm doing now that's

853
00:34:41,190 --> 00:34:37,280
where i came from from the phoenix

854
00:34:43,430 --> 00:34:41,200
lights and i've arced over to here

855
00:34:45,270 --> 00:34:43,440
excellent well hey tom i really

856
00:34:46,230 --> 00:34:45,280
appreciate you calling in that that was

857
00:34:48,230 --> 00:34:46,240
great

858
00:34:50,629 --> 00:34:48,240
it added a lot to the show and i i

859
00:34:52,389 --> 00:34:50,639
really appreciate that

860
00:34:54,790 --> 00:34:52,399
thanks for having me man i really

861
00:34:57,109 --> 00:34:54,800
appreciate it i'm uh i'm a pretty

862
00:34:58,550 --> 00:34:57,119
recluse guy i'm hard to talk to hard to

863
00:35:00,950 --> 00:34:58,560

get along with i'm kind of like bob

864

00:35:04,150 --> 00:35:00,960

lazar i talked to a few people but

865

00:35:06,950 --> 00:35:04,160

but now i keep close friends very close

866

00:35:09,510 --> 00:35:06,960

but not a lot of friends

867

00:35:11,030 --> 00:35:09,520

i get it i totally get it but you guys

868

00:35:13,109 --> 00:35:11,040

you guys look like you're doing a great

869

00:35:14,710 --> 00:35:13,119

show so i'll spectator out and thanks

870

00:35:17,750 --> 00:35:14,720

for having me

871

00:35:19,510 --> 00:35:17,760

all right tom take care

872

00:35:21,030 --> 00:35:19,520

all right i don't know if there's a if

873

00:35:23,349 --> 00:35:21,040

there's anything you want to add to that

874

00:35:24,230 --> 00:35:23,359

at all great to meet you tom

875

00:35:26,150 --> 00:35:24,240

yeah

876

00:35:28,230 --> 00:35:26,160

uh if you want to add anything to that

877

00:35:34,310 --> 00:35:28,240

shane or you want to move on to talking

878

00:35:38,790 --> 00:35:36,390

uh no no i really don't have anything to

879

00:35:40,390 --> 00:35:38,800

add other than it's very cool to to hear

880

00:35:43,430 --> 00:35:40,400

that there are other people out there

881

00:35:45,829 --> 00:35:43,440

doing that kind of a thing

882

00:35:47,510 --> 00:35:45,839

and you know the power of the grassroots

883

00:35:49,589 --> 00:35:47,520

and stuff and you know when the when

884

00:35:51,670 --> 00:35:49,599

these governments uh reports come out

885

00:35:53,910 --> 00:35:51,680

and stuff it'd be great to compare the

886

00:35:57,190 --> 00:35:53,920

data and just see you know who's being

887

00:36:01,190 --> 00:35:57,200

real truly transparent

888

00:36:03,829 --> 00:36:01,200

yeah we can be hopeful for that uh yeah

889

00:36:06,069 --> 00:36:03,839

uh that would be nice i mean there seems

890

00:36:08,710 --> 00:36:06,079

to be a lot of forward motion

891

00:36:11,349 --> 00:36:08,720

uh happening and which is kind of

892

00:36:14,150 --> 00:36:11,359

exciting so i i think it i think it

893

00:36:16,150 --> 00:36:14,160

could be um on on the right right track

894

00:36:17,670 --> 00:36:16,160

and i do understand what tom was talking

895

00:36:19,510 --> 00:36:17,680

about i i've heard about people getting

896

00:36:21,750 --> 00:36:19,520

like burnt out you know they're really

897

00:36:22,710 --> 00:36:21,760

into this and they get burned out um you

898

00:36:24,710 --> 00:36:22,720

know and

899

00:36:26,310 --> 00:36:24,720

uh the feeling of knocking your head

900

00:36:28,150 --> 00:36:26,320

against the wall maybe people are not

901
00:36:28,790 --> 00:36:28,160
paying attention and this is good stuff

902
00:36:32,710 --> 00:36:28,800
and

903
00:36:34,870 --> 00:36:32,720
ridiculed or whatever it is happening

904
00:36:41,030 --> 00:36:34,880
it's it's not an easy thing to

905
00:36:45,750 --> 00:36:43,349
so uh no and i happily appreciate you

906
00:36:47,829 --> 00:36:45,760
know standing on the shoulders of these

907
00:36:49,190 --> 00:36:47,839
kinds of guys that you know

908
00:36:51,829 --> 00:36:49,200
they're all getting older and there

909
00:36:53,750 --> 00:36:51,839
needs to be a new not that i'm young

910
00:36:56,150 --> 00:36:53,760
but you know there needs to be a new

911
00:36:58,710 --> 00:36:56,160
generation of people to come up and take

912
00:37:00,550 --> 00:36:58,720
this this kind of stuff over so i mean i

913
00:37:02,550 --> 00:37:00,560

really appreciate the likes of tom and

914

00:37:04,870 --> 00:37:02,560

others like that and you know i think

915

00:37:06,950 --> 00:37:04,880

it's incredibly valuable so i do

916

00:37:10,550 --> 00:37:06,960

appreciate that yeah

917

00:37:13,190 --> 00:37:10,560

yeah and um i know as i mentioned

918

00:37:16,550 --> 00:37:13,200

earlier there's a really big lag between

919

00:37:17,910 --> 00:37:16,560

us so um when i stop for this silence

920

00:37:19,829 --> 00:37:17,920

it's gonna be a long silence but i'm

921

00:37:22,150 --> 00:37:19,839

gonna ask you to talk about your book

922

00:37:27,670 --> 00:37:22,160

and what made you decide to write that

923

00:37:29,829 --> 00:37:29,030

absolutely

924

00:37:32,069 --> 00:37:29,839

so

925

00:37:34,310 --> 00:37:32,079

um i think the thing that triggered me

926
00:37:35,670 --> 00:37:34,320
most was i i had mentioned before you

927
00:37:37,190 --> 00:37:35,680
know i kind of had all this knowledge

928
00:37:40,310 --> 00:37:37,200
you've done all this research what am i

929
00:37:42,950 --> 00:37:40,320
gonna do with it um added to that you

930
00:37:45,750 --> 00:37:42,960
know the experiences i've had in mufon

931
00:37:48,310 --> 00:37:45,760
and you know i've investigated you know

932
00:37:50,870 --> 00:37:48,320
over a hundred cases and talked to a lot

933
00:37:51,750 --> 00:37:50,880
of people and you know done a lot of

934
00:37:53,910 --> 00:37:51,760
things

935
00:37:56,630 --> 00:37:53,920
and but the thing that triggered me to

936
00:37:59,829 --> 00:37:56,640
write the book really was

937
00:38:03,109 --> 00:37:59,839
when the tsa came out

938
00:38:04,550 --> 00:38:03,119

uh in december of 2017 and the new york

939

00:38:06,950 --> 00:38:04,560

times article

940

00:38:09,270 --> 00:38:06,960

and we know all that that's accomplished

941

00:38:10,630 --> 00:38:09,280

and and to me the most significant thing

942

00:38:12,150 --> 00:38:10,640

it's accomplished

943

00:38:16,550 --> 00:38:12,160

is uh

944

00:38:19,349 --> 00:38:16,560

it has uh diminished the ridicule factor

945

00:38:21,750 --> 00:38:19,359

uh for people who want to demonstrate an

946

00:38:23,829 --> 00:38:21,760

interest in this topic and now we've

947

00:38:26,790 --> 00:38:23,839

come to the point in four short years

948

00:38:29,190 --> 00:38:26,800

that the actual navy is admitted ufos

949

00:38:30,390 --> 00:38:29,200

are real we see a government program

950

00:38:34,550 --> 00:38:30,400

coming up

951
00:38:36,950 --> 00:38:34,560
and um my thought was look wow

952
00:38:39,349 --> 00:38:36,960
uh there's a bunch of old guys you know

953
00:38:41,750 --> 00:38:39,359
who have been involved with researching

954
00:38:43,910 --> 00:38:41,760
ufos for a long time and tough guys you

955
00:38:45,030 --> 00:38:43,920
know took the ridicule and all that but

956
00:38:47,349 --> 00:38:45,040
you know they're getting older and

957
00:38:49,829 --> 00:38:47,359
they're passing on and you know

958
00:38:52,470 --> 00:38:49,839
we need a younger generation of people

959
00:38:53,430 --> 00:38:52,480
to kind of pick up this mantle and

960
00:38:54,310 --> 00:38:53,440
and

961
00:38:55,910 --> 00:38:54,320
to me

962
00:38:58,230 --> 00:38:55,920
the release

963
00:38:59,030 --> 00:38:58,240

of that taboo

964

00:39:01,109 --> 00:38:59,040

has

965

00:39:04,710 --> 00:39:01,119

triggered uh

966

00:39:05,910 --> 00:39:04,720

uh an onslaught of newly interested

967

00:39:09,990 --> 00:39:05,920

people

968

00:39:11,589 --> 00:39:10,000

young generation my generation and yes

969

00:39:14,470 --> 00:39:11,599

it's um

970

00:39:16,310 --> 00:39:14,480

so for me i know that when i first came

971

00:39:17,670 --> 00:39:16,320

into this like my experience with the

972

00:39:20,310 --> 00:39:17,680

roswell book

973

00:39:22,790 --> 00:39:20,320

i didn't have anything to measure that

974

00:39:26,150 --> 00:39:22,800

against you know i'm saying and again

975

00:39:27,670 --> 00:39:26,160

i'm not bashing bill or corso at all i'm

976
00:39:29,829 --> 00:39:27,680
just saying

977
00:39:31,510 --> 00:39:29,839
you know it was a bare naked

978
00:39:33,510 --> 00:39:31,520
you know um

979
00:39:36,310 --> 00:39:33,520
introduction to that topic with no

980
00:39:37,990 --> 00:39:36,320
context and it kind of weirded me out

981
00:39:39,430 --> 00:39:38,000
okay but now you know i've i've got

982
00:39:42,790 --> 00:39:39,440
context so i

983
00:39:46,550 --> 00:39:42,800
look at that book differently but

984
00:39:49,910 --> 00:39:46,560
um to me what i wanted to do was help

985
00:39:52,310 --> 00:39:49,920
people that are newly interested to get

986
00:39:54,710 --> 00:39:52,320
into the topic without falling down the

987
00:39:58,310 --> 00:39:54,720
crazy rabbit holes that that can be

988
00:40:00,710 --> 00:39:58,320

there you know um i i devote a chapter

989

00:40:03,430 --> 00:40:00,720

to what i call the wheat and chaff of

990

00:40:05,270 --> 00:40:03,440

you ufology which is you know the good

991

00:40:07,430 --> 00:40:05,280

information and the bad information we

992

00:40:11,109 --> 00:40:07,440

can talk more about that but

993

00:40:11,990 --> 00:40:11,119

the the concept behind the book is is

994

00:40:14,710 --> 00:40:12,000

you know

995

00:40:16,550 --> 00:40:14,720

uh unidentified aerial phenomena and

996

00:40:19,190 --> 00:40:16,560

people are now getting familiar with

997

00:40:21,750 --> 00:40:19,200

that term instead of ufo and a

998

00:40:23,270 --> 00:40:21,760

beginner's guide to researching so the

999

00:40:26,069 --> 00:40:23,280

idea was to

1000

00:40:27,270 --> 00:40:26,079

you know gather these topics and the

1001
00:40:28,950 --> 00:40:27,280
information

1002
00:40:30,950 --> 00:40:28,960
put it in a book that a new interest

1003
00:40:33,829 --> 00:40:30,960
person could take up the book and say

1004
00:40:35,109 --> 00:40:33,839
hey look you know these are the these

1005
00:40:37,750 --> 00:40:35,119
are the

1006
00:40:39,990 --> 00:40:37,760
issues and you followed

1007
00:40:43,030 --> 00:40:40,000
this is the real stuff this is the fake

1008
00:40:46,230 --> 00:40:43,040
stuff what makes good evidence what

1009
00:40:49,030 --> 00:40:46,240
makes the good witness and

1010
00:40:51,910 --> 00:40:49,040
you know just i you know to help people

1011
00:40:55,589 --> 00:40:51,920
think critically you know we want to be

1012
00:40:58,309 --> 00:40:55,599
skeptical absolutely and i am skeptical

1013
00:41:00,950 --> 00:40:58,319

however we also want to be open-minded

1014

00:41:02,630 --> 00:41:00,960

and so for me like as an investigator i

1015

00:41:06,069 --> 00:41:02,640

i go in with no

1016

00:41:08,390 --> 00:41:06,079

you know i attempt to overcome my biases

1017

00:41:11,510 --> 00:41:08,400

and approach an investigation as

1018

00:41:13,750 --> 00:41:11,520

agnostically as i can and

1019

00:41:15,990 --> 00:41:13,760

base it on the evidence so

1020

00:41:18,150 --> 00:41:16,000

you know the it's that mentality that

1021

00:41:20,470 --> 00:41:18,160

i'm trying to encourage so just you know

1022

00:41:21,670 --> 00:41:20,480

i'll just a couple chapters of the book

1023

00:41:23,030 --> 00:41:21,680

you'll you'll kind of get what i'm

1024

00:41:25,349 --> 00:41:23,040

talking about

1025

00:41:27,510 --> 00:41:25,359

first of all what is uap

1026

00:41:28,550 --> 00:41:27,520

i go into a thorough explanation of what

1027

00:41:30,790 --> 00:41:28,560

it is

1028

00:41:34,870 --> 00:41:30,800

and the and the historical context which

1029

00:41:37,349 --> 00:41:34,880

i think is super important right ufos

1030

00:41:39,109 --> 00:41:37,359

is a dirty word or has been a dirty word

1031

00:41:40,710 --> 00:41:39,119

for 70 years

1032

00:41:43,030 --> 00:41:40,720

not so much now

1033

00:41:45,270 --> 00:41:43,040

because attitudes change but you know

1034

00:41:47,750 --> 00:41:45,280

knowing the context and the history

1035

00:41:50,309 --> 00:41:47,760

behind it to me is critically important

1036

00:41:53,589 --> 00:41:50,319

then i talk about misidentification

1037

00:41:56,550 --> 00:41:53,599

which is a very common occurrence and it

1038

00:41:58,710 --> 00:41:56,560

represents probably 80 90

1039

00:42:01,589 --> 00:41:58,720

of ufo reports

1040

00:42:04,790 --> 00:42:01,599

and then hoaxes but hoaxes are actually

1041

00:42:06,790 --> 00:42:04,800

a very minuscule part of it right but

1042

00:42:09,750 --> 00:42:06,800

yeah maybe we'll talk more about hoaxes

1043

00:42:11,430 --> 00:42:09,760

i i i recategorize there's a couple

1044

00:42:13,990 --> 00:42:11,440

categories of those

1045

00:42:16,309 --> 00:42:14,000

i talk about the scientific method uh

1046

00:42:19,430 --> 00:42:16,319

what forms of evidence are good you know

1047

00:42:21,430 --> 00:42:19,440

classic cases uh the wheat and chaff i

1048

00:42:24,150 --> 00:42:21,440

talk about the cover-up

1049

00:42:26,790 --> 00:42:24,160

uh and i i have a favorite little pet

1050

00:42:29,510 --> 00:42:26,800

topic within that is is political

1051

00:42:30,950 --> 00:42:29,520

science and ufology which is really

1052

00:42:33,750 --> 00:42:30,960

based on

1053

00:42:34,870 --> 00:42:33,760

a paper by uh alexander went and raymond

1054

00:42:36,710 --> 00:42:34,880

duvall

1055

00:42:37,750 --> 00:42:36,720

two political scientists who wrote a

1056

00:42:40,309 --> 00:42:37,760

report

1057

00:42:43,190 --> 00:42:40,319

called or a white paper called ufos and

1058

00:42:45,510 --> 00:42:43,200

sovereignty absolutely brilliant it

1059

00:42:47,190 --> 00:42:45,520

changed the way i saw everything you

1060

00:42:49,510 --> 00:42:47,200

know it was fantastic and then

1061

00:42:53,990 --> 00:42:49,520

ultimately following the evidence which

1062

00:42:57,030 --> 00:42:54,000

is what we want to be able to do and so

1063

00:42:59,109 --> 00:42:57,040

again my whole concept was to help a

1064

00:43:02,230 --> 00:42:59,119

newly interested person get acquainted

1065

00:43:04,470 --> 00:43:02,240

with the topic avoid the crazy stuff

1066

00:43:06,390 --> 00:43:04,480

and and be able to think critically on

1067

00:43:09,030 --> 00:43:06,400

their own well what you know what what

1068

00:43:12,150 --> 00:43:09,040

is good information what isn't so that's

1069

00:43:15,109 --> 00:43:12,160

really been the concept behind it that's

1070

00:43:17,109 --> 00:43:15,119

excellent and i appreciate

1071

00:43:19,670 --> 00:43:17,119

that you are doing this and there are a

1072

00:43:22,630 --> 00:43:19,680

lot of young people i was corrected uh

1073

00:43:24,870 --> 00:43:22,640

by that uh by uh dr michael masters when

1074

00:43:26,710 --> 00:43:24,880

he was on the show he said no no there's

1075

00:43:28,870 --> 00:43:26,720

a lot of young people right now

1076

00:43:31,030 --> 00:43:28,880

really looking into this topic deeply i

1077

00:43:33,589 --> 00:43:31,040

have someone coming up a young person

1078

00:43:35,430 --> 00:43:33,599

that uh christina gomez that's uh she's

1079

00:43:38,630 --> 00:43:35,440

part of the debrief i think and she's

1080

00:43:41,109 --> 00:43:38,640

coming up and uh i think

1081

00:43:43,430 --> 00:43:41,119

let's see in january but um so there are

1082

00:43:45,910 --> 00:43:43,440

a lot of a lot of young people i i think

1083

00:43:48,150 --> 00:43:45,920

it's great again you know hopefully they

1084

00:43:49,750 --> 00:43:48,160

can get the right information i'm going

1085

00:43:51,349 --> 00:43:49,760

to ask you this so

1086

00:43:53,190 --> 00:43:51,359

if you're

1087

00:43:54,950 --> 00:43:53,200

let's say someone's listening for the

1088

00:43:55,750 --> 00:43:54,960

first or second time

1089

00:43:58,069 --> 00:43:55,760

and

1090

00:44:00,069 --> 00:43:58,079

they want to know where to get

1091

00:44:01,030 --> 00:44:00,079

the real information

1092

00:44:03,270 --> 00:44:01,040

you know

1093

00:44:04,710 --> 00:44:03,280

do you tell them like leslie's book or

1094

00:44:06,630 --> 00:44:04,720

or or something like that i mean what

1095

00:44:08,470 --> 00:44:06,640

what do you tell someone you actually

1096

00:44:11,829 --> 00:44:08,480

speak to when it comes to someone

1097

00:44:17,349 --> 00:44:14,950

yeah i definitely recommend um

1098

00:44:20,069 --> 00:44:17,359

leslie's book first and foremost read

1099

00:44:22,309 --> 00:44:20,079

that absolutely that acquaints him with

1100

00:44:23,589 --> 00:44:22,319

significant cases and again is written

1101
00:44:24,870 --> 00:44:23,599
in a very

1102
00:44:26,630 --> 00:44:24,880
um

1103
00:44:30,950 --> 00:44:26,640
cogent manner

1104
00:44:33,750 --> 00:44:30,960
and it's not sensationalistic and it

1105
00:44:35,510 --> 00:44:33,760
provides evidence and all those things i

1106
00:44:37,990 --> 00:44:35,520
also recommend

1107
00:44:40,390 --> 00:44:38,000
um and this is what i did i followed up

1108
00:44:42,630 --> 00:44:40,400
those two there that book with richard

1109
00:44:45,990 --> 00:44:42,640
dolan's two volume set

1110
00:44:47,990 --> 00:44:46,000
of ufos in the national security state

1111
00:44:50,630 --> 00:44:48,000
that again profiles

1112
00:44:53,670 --> 00:44:50,640
hundreds of cases that were in blue book

1113
00:44:57,670 --> 00:44:53,680

but again provides the political

1114

00:44:58,630 --> 00:44:57,680

context around those cases and this

1115

00:45:01,190 --> 00:44:58,640

whole

1116

00:45:02,950 --> 00:45:01,200

issue of

1117

00:45:07,910 --> 00:45:02,960

intelligence

1118

00:45:09,670 --> 00:45:07,920

relationship to the to to uf ufology the

1119

00:45:11,829 --> 00:45:09,680

study of ufos

1120

00:45:13,910 --> 00:45:11,839

of course ufos himself but it goes

1121

00:45:16,069 --> 00:45:13,920

beyond that it's

1122

00:45:18,710 --> 00:45:16,079

you know like you and i

1123

00:45:21,270 --> 00:45:18,720

right here in our listeners people

1124

00:45:22,790 --> 00:45:21,280

demonstrating an interest in ufos was a

1125

00:45:25,589 --> 00:45:22,800

real

1126

00:45:28,150 --> 00:45:25,599

bur under the saddle of uh the

1127

00:45:30,309 --> 00:45:28,160

government for a long time right so

1128

00:45:32,870 --> 00:45:30,319

again just being aware of the context of

1129

00:45:34,550 --> 00:45:32,880

this kind of stuff can be really helpful

1130

00:45:36,950 --> 00:45:34,560

in interpreting the information that you

1131

00:45:39,750 --> 00:45:36,960

read but yeah i definitely say you know

1132

00:45:41,510 --> 00:45:39,760

go to go read a book like that you know

1133

00:45:42,710 --> 00:45:41,520

those books

1134

00:45:45,430 --> 00:45:42,720

um

1135

00:45:47,270 --> 00:45:45,440

i tell people stay away from

1136

00:45:50,870 --> 00:45:47,280

you know the the

1137

00:45:52,550 --> 00:45:50,880

channels that just post video and leave

1138

00:45:54,230 --> 00:45:52,560

it up to you to decide whether it's real

1139

00:45:56,550 --> 00:45:54,240

or not because

1140

00:45:59,109 --> 00:45:56,560

you know most the time it's not and

1141

00:46:00,870 --> 00:45:59,119

frankly some of them are completely open

1142

00:46:01,910 --> 00:46:00,880

about that and then others trying to

1143

00:46:05,030 --> 00:46:01,920

hide that

1144

00:46:07,589 --> 00:46:05,040

um and i i i equate that to a hoaxing

1145

00:46:09,670 --> 00:46:07,599

and i guess i better qualify it you know

1146

00:46:11,349 --> 00:46:09,680

if a channel knowingly puts up stuff

1147

00:46:13,430 --> 00:46:11,359

that they know is not a ufo but it looks

1148

00:46:16,710 --> 00:46:13,440

like it and it's cool and they want hits

1149

00:46:18,870 --> 00:46:16,720

to me that's a hoax now there there's no

1150

00:46:21,030 --> 00:46:18,880

doubt people who in earnest post things

1151
00:46:22,790 --> 00:46:21,040
that end up not being genuine but they

1152
00:46:24,790 --> 00:46:22,800
don't know that that's not to me that's

1153
00:46:26,829 --> 00:46:24,800
not a hoax that's just

1154
00:46:29,910 --> 00:46:26,839
purveying misinformation or

1155
00:46:31,829 --> 00:46:29,920
disinformation or it's just the act of

1156
00:46:35,190 --> 00:46:31,839
of you know

1157
00:46:38,630 --> 00:46:35,200
learning or not knowing and you know it

1158
00:46:41,349 --> 00:46:38,640
it's very difficult to chase down the

1159
00:46:42,470 --> 00:46:41,359
provenance of a video that's posted you

1160
00:46:44,710 --> 00:46:42,480
know on the internet

1161
00:46:46,630 --> 00:46:44,720
um even if somebody wants to take the

1162
00:46:48,710 --> 00:46:46,640
time to try and chase that down and

1163
00:46:50,390 --> 00:46:48,720

verify i mean it's very difficult to do

1164

00:46:54,069 --> 00:46:50,400

so i don't blame people for not doing

1165

00:46:56,309 --> 00:46:54,079

that but i just say you know avoid

1166

00:46:58,150 --> 00:46:56,319

those kinds of things look for look for

1167

00:46:59,510 --> 00:46:58,160

serious information from credible

1168

00:47:02,950 --> 00:46:59,520

sources so

1169

00:47:04,790 --> 00:47:02,960

sources you know um

1170

00:47:06,950 --> 00:47:04,800

and you always

1171

00:47:10,230 --> 00:47:06,960

have to take that source with a grain of

1172

00:47:13,190 --> 00:47:10,240

salt right so government there's many

1173

00:47:14,950 --> 00:47:13,200

many hundreds of wonderful documents

1174

00:47:17,670 --> 00:47:14,960

from the 40s on

1175

00:47:19,910 --> 00:47:17,680

that clearly articulate articulate the

1176

00:47:21,510 --> 00:47:19,920

reality of ufos in my mind that's

1177

00:47:22,950 --> 00:47:21,520

already been disclosed that's that's

1178

00:47:25,030 --> 00:47:22,960

nothing

1179

00:47:26,230 --> 00:47:25,040

and and some of those reports are good

1180

00:47:28,710 --> 00:47:26,240

but on the other hand you got to be

1181

00:47:30,630 --> 00:47:28,720

careful because we know that the united

1182

00:47:33,670 --> 00:47:30,640

states air force particularly with blue

1183

00:47:35,510 --> 00:47:33,680

book was a misinformation campaign and

1184

00:47:38,150 --> 00:47:35,520

so you've got to you know you just got

1185

00:47:40,390 --> 00:47:38,160

to use your common sense set your bs

1186

00:47:41,190 --> 00:47:40,400

meter i talk about in the book

1187

00:47:43,750 --> 00:47:41,200

um

1188

00:47:46,230 --> 00:47:43,760

yeah and then you know other sources so

1189

00:47:48,870 --> 00:47:46,240

um i i guess you know if it seems too

1190

00:47:51,109 --> 00:47:48,880

good to be true it probably is uh you

1191

00:47:52,870 --> 00:47:51,119

just have to be careful but again i go

1192

00:47:55,829 --> 00:47:52,880

into a lot of points there in the book

1193

00:47:57,430 --> 00:47:55,839

how to identify what's quality

1194

00:47:58,710 --> 00:47:57,440

information what

1195

00:48:00,069 --> 00:47:58,720

isn't

1196

00:48:02,230 --> 00:48:00,079

yeah and that kind of goes along with

1197

00:48:04,069 --> 00:48:02,240

sightings too by the way uh the

1198

00:48:05,190 --> 00:48:04,079

suggestion for books

1199

00:48:07,670 --> 00:48:05,200

um

1200

00:48:10,230 --> 00:48:07,680

up here also is valleys dimensions

1201
00:48:13,109 --> 00:48:10,240
confrontations and revelations passport

1202
00:48:14,950 --> 00:48:13,119
to magonia uh john keels operation

1203
00:48:18,549 --> 00:48:14,960
trojan horse those are all good books as

1204
00:48:19,430 --> 00:48:18,559
well um and thank you for that chris um

1205
00:48:21,270 --> 00:48:19,440
but

1206
00:48:24,630 --> 00:48:21,280
you know when it comes to when someone

1207
00:48:27,829 --> 00:48:24,640
has a sighting you know for instance um

1208
00:48:30,230 --> 00:48:27,839
i had a sighting a while back and i i

1209
00:48:32,790 --> 00:48:30,240
showed it to a bunch of people it's 90

1210
00:48:35,829 --> 00:48:32,800
chance it's a drone you know most likely

1211
00:48:37,349 --> 00:48:35,839
a drone but it was it was a fabulous uh

1212
00:48:38,870 --> 00:48:37,359
video i've had a lot of people look at

1213
00:48:39,750 --> 00:48:38,880

it um

1214

00:48:41,270 --> 00:48:39,760

but

1215

00:48:43,670 --> 00:48:41,280

you know i mean i didn't

1216

00:48:45,510 --> 00:48:43,680

run and say this is definitely a ufo

1217

00:48:47,589 --> 00:48:45,520

it's it's you know it's definitely you

1218

00:48:50,230 --> 00:48:47,599

know from out of this world or whatever

1219

00:48:52,470 --> 00:48:50,240

you know you you it's really good to

1220

00:48:54,870 --> 00:48:52,480

pass something that you have if you are

1221

00:48:57,109 --> 00:48:54,880

lucky enough to film it pass it along to

1222

00:48:59,430 --> 00:48:57,119

someone i i sent mine to mark deantonio

1223

00:49:01,270 --> 00:48:59,440

for one and you know he looked at it and

1224

00:49:02,870 --> 00:49:01,280

said you know it looks like a drone and

1225

00:49:04,630 --> 00:49:02,880

acts like a drone you know like looks

1226

00:49:05,430 --> 00:49:04,640

like a duck acts like a duck must be a

1227

00:49:07,990 --> 00:49:05,440

duck

1228

00:49:09,829 --> 00:49:08,000

so uh but it did some it did a couple of

1229

00:49:12,390 --> 00:49:09,839

weird things and the wind was really

1230

00:49:14,549 --> 00:49:12,400

high wind too that night so it was weird

1231

00:49:16,470 --> 00:49:14,559

that there was a drone flying around

1232

00:49:18,309 --> 00:49:16,480

but it mostly was

1233

00:49:21,190 --> 00:49:18,319

so you know i mean one of the things i

1234

00:49:23,510 --> 00:49:21,200

tell people too and it's not my advice

1235

00:49:26,309 --> 00:49:23,520

it's one i've heard from other people

1236

00:49:27,589 --> 00:49:26,319

that i respect is that if you see

1237

00:49:29,750 --> 00:49:27,599

something

1238

00:49:31,430 --> 00:49:29,760

uh immediately as quick as you can and

1239

00:49:34,069 --> 00:49:31,440

you don't have a camera or whatever

1240

00:49:36,309 --> 00:49:34,079

write down everything you can the time

1241

00:49:39,349 --> 00:49:36,319

you know what the weather was uh

1242

00:49:40,950 --> 00:49:39,359

everything what you saw draw a picture

1243

00:49:42,390 --> 00:49:40,960

you know again if you don't have a

1244

00:49:44,069 --> 00:49:42,400

camera you know draw a picture of what

1245

00:49:45,589 --> 00:49:44,079

you saw right away because your memory

1246

00:49:47,589 --> 00:49:45,599

will right you know

1247

00:49:49,829 --> 00:49:47,599

it'll change things around on you so

1248

00:49:51,829 --> 00:49:49,839

it's good to do it right away and don't

1249

00:49:52,790 --> 00:49:51,839

talk to any other witnesses just do your

1250

00:49:55,109 --> 00:49:52,800

own thing

1251
00:49:57,829 --> 00:49:55,119
um because when people start sharing

1252
00:49:59,190 --> 00:49:57,839
something it kind of blurs it as well

1253
00:50:01,349 --> 00:49:59,200
blurs your memory

1254
00:50:03,349 --> 00:50:01,359
like playing telephone

1255
00:50:05,510 --> 00:50:03,359
yeah yeah

1256
00:50:08,150 --> 00:50:05,520
so we got about five minutes left here

1257
00:50:09,910 --> 00:50:08,160
yeah and exactly so

1258
00:50:10,790 --> 00:50:09,920
yeah

1259
00:50:13,750 --> 00:50:10,800
um

1260
00:50:16,390 --> 00:50:13,760
and so i want i i guess

1261
00:50:18,549 --> 00:50:16,400
i would like to um ask you a little bit

1262
00:50:20,069 --> 00:50:18,559
about the mufon boot camp i was out

1263
00:50:22,630 --> 00:50:20,079

there and you were there that was uh

1264

00:50:24,870 --> 00:50:22,640

that was really fantastic oh yeah uh

1265

00:50:26,870 --> 00:50:24,880

and so is there one gonna is there

1266

00:50:28,470 --> 00:50:26,880

another one gonna happen in the next

1267

00:50:31,910 --> 00:50:28,480

year or so do you know when that's gonna

1268

00:50:36,230 --> 00:50:34,150

yep it's gonna be uh the first week of

1269

00:50:38,390 --> 00:50:36,240

november 2022

1270

00:50:39,270 --> 00:50:38,400

uh it will be our fourth i think our

1271

00:50:41,430 --> 00:50:39,280

fourth

1272

00:50:43,990 --> 00:50:41,440

year in a row on the boot camp glad you

1273

00:50:46,470 --> 00:50:44,000

were there that was very cool it was uh

1274

00:50:49,430 --> 00:50:46,480

um you know great to have you there as

1275

00:50:53,030 --> 00:50:49,440

well as we had some folks from vice tv

1276
00:50:55,270 --> 00:50:53,040
they came and um just posted an article

1277
00:50:56,309 --> 00:50:55,280
on that yeah the other day

1278
00:50:58,710 --> 00:50:56,319
about their

1279
00:51:01,829 --> 00:50:58,720
experience here at the boot camp and and

1280
00:51:04,950 --> 00:51:01,839
so we what we do is we offer about 40

1281
00:51:05,910 --> 00:51:04,960
seats to um anybody that would like to

1282
00:51:09,109 --> 00:51:05,920
attend

1283
00:51:10,390 --> 00:51:09,119
and uh it's over uh uh

1284
00:51:13,349 --> 00:51:10,400
a two day

1285
00:51:15,270 --> 00:51:13,359
uh weekend type thing we do a half day

1286
00:51:16,470 --> 00:51:15,280
in the classroom and then half day out

1287
00:51:19,190 --> 00:51:16,480
in the field

1288
00:51:21,990 --> 00:51:19,200

and we talk about topics like you know

1289

00:51:23,990 --> 00:51:22,000

interviewing skills which is taught

1290

00:51:26,790 --> 00:51:24,000

by two police officers

1291

00:51:29,349 --> 00:51:26,800

who are also mufon investigators uh we

1292

00:51:32,069 --> 00:51:29,359

talk about how to actually do cases and

1293

00:51:34,309 --> 00:51:32,079

go through our case management system uh

1294

00:51:37,109 --> 00:51:34,319

we talk about some extraordinary cases

1295

00:51:38,870 --> 00:51:37,119

and what makes the the the case

1296

00:51:42,069 --> 00:51:38,880

extraordinary the type of data that

1297

00:51:45,510 --> 00:51:42,079

there is we have um a mental health

1298

00:51:48,390 --> 00:51:45,520

professional uh talk about

1299

00:51:51,670 --> 00:51:48,400

you know healthy and unhealthy mental

1300

00:51:54,150 --> 00:51:51,680

states of people and things that you can

1301
00:51:56,069 --> 00:51:54,160
do to help you determine you know a

1302
00:51:57,829 --> 00:51:56,079
level of credibility of the witnesses

1303
00:51:59,910 --> 00:51:57,839
that you're talking to

1304
00:52:02,630 --> 00:51:59,920
and just you know uh

1305
00:52:05,750 --> 00:52:02,640
photo and video analysis do a wonderful

1306
00:52:08,950 --> 00:52:05,760
presentation on that and

1307
00:52:10,950 --> 00:52:08,960
the the unique character of cameras and

1308
00:52:12,710 --> 00:52:10,960
how they are are

1309
00:52:14,950 --> 00:52:12,720
you know

1310
00:52:17,430 --> 00:52:14,960
wrought with with um

1311
00:52:20,230 --> 00:52:17,440
you know frailties that can create

1312
00:52:22,150 --> 00:52:20,240
images that are confounding but you know

1313
00:52:25,750 --> 00:52:22,160

they're just camera artifacts things

1314

00:52:28,309 --> 00:52:25,760

like that but um just very useful tools

1315

00:52:30,150 --> 00:52:28,319

uh very specific stuff and then in the

1316

00:52:32,470 --> 00:52:30,160

field

1317

00:52:36,069 --> 00:52:32,480

we've had uh training by

1318

00:52:37,270 --> 00:52:36,079

two federal uh officers law enforcement

1319

00:52:39,829 --> 00:52:37,280

um

1320

00:52:42,150 --> 00:52:39,839

known as the navajo rangers

1321

00:52:45,829 --> 00:52:42,160

who have literally had thousands of

1322

00:52:47,750 --> 00:52:45,839

hours of investigation but these two

1323

00:52:50,230 --> 00:52:47,760

gentlemen are

1324

00:52:52,069 --> 00:52:50,240

some of the most awesome people you ever

1325

00:52:55,030 --> 00:52:52,079

meet and their experiences are

1326
00:52:58,069 --> 00:52:55,040
unbelievable they are actually known as

1327
00:53:02,069 --> 00:52:58,079
the paranormal rangers and it was their

1328
00:53:03,670 --> 00:53:02,079
job to investigate paranormal cases

1329
00:53:06,950 --> 00:53:03,680
within

1330
00:53:09,589 --> 00:53:06,960
the the native american community and

1331
00:53:12,549 --> 00:53:09,599
and they've got stories that just blow

1332
00:53:13,349 --> 00:53:12,559
your mind absolutely blow your mind so

1333
00:53:15,750 --> 00:53:13,359
um

1334
00:53:18,309 --> 00:53:15,760
but they also teach us how to you know

1335
00:53:20,630 --> 00:53:18,319
forensically process a crash site i mean

1336
00:53:21,990 --> 00:53:20,640
who gets that kind of training you know

1337
00:53:23,829 --> 00:53:22,000
awesome yeah

1338
00:53:25,829 --> 00:53:23,839

yeah uh speaking of that that's a good

1339

00:53:29,030 --> 00:53:25,839

segue into me saying that next week's

1340

00:53:30,870 --> 00:53:29,040

guest is john dover one of the uh

1341

00:53:32,470 --> 00:53:30,880

navajo rangers he'll be on right here

1342

00:53:34,309 --> 00:53:32,480

next week oh

1343

00:53:36,950 --> 00:53:34,319

yeah

1344

00:53:40,390 --> 00:53:36,960

excellent well i think

1345

00:53:43,190 --> 00:53:40,400

yeah that should be great he's awesome

1346

00:53:45,750 --> 00:53:43,200

um why don't you uh give the uh the name

1347

00:53:49,670 --> 00:53:45,760

of your book i did put the book in the

1348

00:53:52,549 --> 00:53:49,680

in the link uh to the text for this show

1349

00:53:57,829 --> 00:53:52,559

so the name of the book and um it's on

1350

00:54:03,190 --> 00:54:00,549

yep yep yep it's uh

1351
00:54:06,950 --> 00:54:03,200
uh unidentified aerial phenomena a

1352
00:54:09,829 --> 00:54:06,960
beginner's guide to researching ufos

1353
00:54:11,349 --> 00:54:09,839
uh with an awesome introduction my good

1354
00:54:12,309 --> 00:54:11,359
friend

1355
00:54:15,589 --> 00:54:12,319
um

1356
00:54:17,349 --> 00:54:15,599
jason mcclellan so this might be my name

1357
00:54:21,190 --> 00:54:17,359
or the name of the book and find it

1358
00:54:25,829 --> 00:54:23,270
excellent all right shane well thank you

1359
00:54:28,150 --> 00:54:25,839

1360
00:54:29,829 --> 00:54:28,160
talking to you tonight and uh well next

1361
00:54:31,349 --> 00:54:29,839
time you come on we'll have to take care

1362
00:54:33,910 --> 00:54:31,359
of that lag so we don't have that

1363
00:54:36,150 --> 00:54:33,920

anymore but anyway thanks i really

1364

00:54:38,309 --> 00:54:36,160

appreciate it

1365

00:54:41,349 --> 00:54:38,319

all right everyone so hang in there

1366

00:54:44,390 --> 00:54:41,359

1367

00:54:45,990 --> 00:54:44,400

yep thank you all right

1368

00:54:49,670 --> 00:54:46,000

all right everyone so we'll be right

1369

00:54:52,069 --> 00:54:49,680

1370

00:54:53,030 --> 00:54:52,079

for those of you watching it live live

1371

00:54:55,349 --> 00:54:53,040

stream

1372

00:55:11,600 --> 00:54:55,359

it's just music for three minutes i'll

1373

00:57:02,250 --> 00:55:35,940

[Music]

1374

00:57:20,990 --> 00:57:04,710

[Applause]

1375

00:57:57,349 --> 00:57:32,760

[Music]

1376

00:58:00,230 --> 00:57:58,870

all right

1377

00:58:02,630 --> 00:58:00,240

we are back

1378

00:58:05,750 --> 00:58:02,640

and you know just watched my guest uh

1379

00:58:06,829 --> 00:58:05,760

chris o'brien get up from the table and

1380

00:58:10,950 --> 00:58:06,839

walk

1381

00:58:12,549 --> 00:58:10,960

away so hopefully he'll be back chris if

1382

00:58:14,150 --> 00:58:12,559

you have the uh

1383

00:58:16,789 --> 00:58:14,160

if you have the speakers on in your

1384

00:58:19,750 --> 00:58:16,799

house i hope you hear me and come back

1385

00:58:21,510 --> 00:58:19,760

but anyway uh that was interesting and

1386

00:58:25,589 --> 00:58:21,520

i'm not sure what that was here he is

1387

00:58:31,589 --> 00:58:29,510

where did you go chris

1388

00:58:34,150 --> 00:58:31,599

loved the music

1389

00:58:35,750 --> 00:58:34,160

yeah yeah really like the music

1390

00:58:38,230 --> 00:58:35,760

yeah that's kerry lloyd wright house

1391

00:58:39,750 --> 00:58:38,240

white house in uh ireland he does music

1392

00:58:42,789 --> 00:58:39,760

for movies

1393

00:58:45,990 --> 00:58:42,799

so um and he gave he does all the music

1394

00:58:49,349 --> 00:58:46,000

for this for this show so great guy

1395

00:58:51,109 --> 00:58:49,359

um but anyway welcome chris we had a a

1396

00:58:52,069 --> 00:58:51,119

nice i had a nice visit with you as

1397

00:58:53,829 --> 00:58:52,079

always

1398

00:58:55,910 --> 00:58:53,839

it was a it was fun to see you out there

1399

00:58:57,430 --> 00:58:55,920

in sedona one of one of the most

1400

00:59:01,030 --> 00:58:57,440

beautiful places i think in in the

1401

00:59:06,230 --> 00:59:04,230

can you hear me now

1402

00:59:08,309 --> 00:59:06,240

i'm trying to figure out which is uh

1403

00:59:11,349 --> 00:59:08,319

better either listening to the speakers

1404

00:59:15,030 --> 00:59:11,359

on the laptop or headphones headphones

1405

00:59:16,549 --> 00:59:15,040

had about a four second delay maybe

1406

00:59:18,470 --> 00:59:16,559

you know i'm wondering if it might make

1407

00:59:20,630 --> 00:59:18,480

it really difficult

1408

00:59:22,470 --> 00:59:20,640

yeah it's possible it could be on my end

1409

00:59:24,549 --> 00:59:22,480

in the hotel i don't know i didn't get a

1410

00:59:27,109 --> 00:59:24,559

chance yeah

1411

00:59:28,309 --> 00:59:27,119

it it sounds way better coming through

1412

00:59:30,230 --> 00:59:28,319

the speaker

1413

00:59:32,470 --> 00:59:30,240

uh with the headphones for some reason

1414

00:59:34,230 --> 00:59:32,480

there's like a

1415

00:59:37,589 --> 00:59:34,240

you know um

1416

00:59:39,430 --> 00:59:37,599

i i i would have it would have

1417

00:59:41,190 --> 00:59:39,440

driven me crazy before the end of the

1418

00:59:43,270 --> 00:59:41,200

year

1419

00:59:45,589 --> 00:59:43,280

this is much better

1420

00:59:46,390 --> 00:59:45,599

yeah so chris what are you up to these

1421

00:59:49,270 --> 00:59:46,400

days

1422

00:59:51,190 --> 00:59:49,280

um but i know you're uh

1423

00:59:52,870 --> 00:59:51,200

yeah but can you talk a little bit about

1424

00:59:54,950 --> 00:59:52,880

the the film you're working on or is

1425

00:59:58,150 --> 00:59:54,960

that is that something that has to be

1426

01:00:02,710 --> 01:00:01,670

i haven't signed anything but um

1427

01:00:06,069 --> 01:00:02,720

yeah

1428

01:00:09,030 --> 01:00:06,079

let's put it this way it's uh

1429

01:00:12,150 --> 01:00:09,040

i've worked with ron james uh on and off

1430

01:00:14,470 --> 01:00:12,160

for almost 20 years uh

1431

01:00:16,549 --> 01:00:14,480

i met him here in sedona

1432

01:00:18,950 --> 01:00:16,559

which is where i'm currently

1433

01:00:21,510 --> 01:00:18,960

uh talking to you from um i met him here

1434

01:00:25,190 --> 01:00:21,520

back in in 2004

1435

01:00:28,150 --> 01:00:25,200

when he volunteered to videotape

1436

01:00:30,870 --> 01:00:28,160

a co a little mini conference uh i was

1437

01:00:33,990 --> 01:00:30,880

having uh featuring

1438

01:00:37,190 --> 01:00:34,000

barbara and dennis tedlock who

1439

01:00:38,630 --> 01:00:37,200

are eminent mayan scholars and uh dennis

1440

01:00:41,990 --> 01:00:38,640

was the one that actually did the

1441

01:00:44,549 --> 01:00:42,000

english translation of the popovu which

1442

01:00:47,510 --> 01:00:44,559

is the only surviving uh book really

1443

01:00:49,910 --> 01:00:47,520

about you know from from the maya world

1444

01:00:52,390 --> 01:00:49,920

um and anyway uh

1445

01:00:54,549 --> 01:00:52,400

he said look if you let me if you let me

1446

01:00:56,549 --> 01:00:54,559

videotape this um

1447

01:00:58,710 --> 01:00:56,559

you know you can get copies from me to

1448

01:00:59,589 --> 01:00:58,720

sell and and and then i can sell them

1449

01:01:02,789 --> 01:00:59,599

too

1450

01:01:05,990 --> 01:01:02,799

uh and and so

1451

01:01:08,870 --> 01:01:06,000

thus began the relationship and uh

1452

01:01:10,630 --> 01:01:08,880

you know back in 2012 we did a

1453

01:01:13,349 --> 01:01:10,640

a documentary called it could happen

1454

01:01:15,270 --> 01:01:13,359

tomorrow which was a compilation kind of

1455

01:01:17,109 --> 01:01:15,280

a

1456

01:01:19,589 --> 01:01:17,119

short piece uh

1457

01:01:22,069 --> 01:01:19,599

based on a four dvd set that we did

1458

01:01:24,230 --> 01:01:22,079

called the disclosure dialogues and we

1459

01:01:26,549 --> 01:01:24,240

think you know i

1460

01:01:28,950 --> 01:01:26,559

said hey we should do a standalone you

1461

01:01:30,150 --> 01:01:28,960

know 75 80 minute piece that encompasses

1462

01:01:32,230 --> 01:01:30,160

the whole thing

1463

01:01:35,510 --> 01:01:32,240

uh kind of a you know the

1464

01:01:38,789 --> 01:01:35,520

best of and and it won the eevee awards

1465

01:01:40,950 --> 01:01:38,799

for best feature film and and

1466

01:01:42,150 --> 01:01:40,960

the people's choice award i was very

1467

01:01:44,309 --> 01:01:42,160

proud of that

1468

01:01:46,789 --> 01:01:44,319

and uh once

1469

01:01:49,109 --> 01:01:46,799

he's he's he's a very good

1470

01:01:51,190 --> 01:01:49,119

filmmaker he's he's

1471

01:01:53,349 --> 01:01:51,200

hasn't really done something on this

1472

01:01:56,230 --> 01:01:53,359

level this is going to be a

1473

01:01:57,430 --> 01:01:56,240

a major platform

1474

01:01:59,670 --> 01:01:57,440

project

1475

01:02:00,870 --> 01:01:59,680

um there's some

1476

01:02:05,029 --> 01:02:00,880

you know some

1477

01:02:09,349 --> 01:02:07,829

you know behind this whole thing and uh

1478

01:02:13,910 --> 01:02:09,359

we're

1479

01:02:14,789 --> 01:02:13,920

uh working on the interviews and

1480

01:02:16,549 --> 01:02:14,799

and

1481

01:02:17,829 --> 01:02:16,559

sort of cataloging what people are

1482

01:02:20,950 --> 01:02:17,839

saying and

1483

01:02:23,349 --> 01:02:20,960

you know dividing it up into categories

1484

01:02:25,910 --> 01:02:23,359

and stuff sort of a preliminary

1485

01:02:28,150 --> 01:02:25,920

you know general rough cut work um that

1486

01:02:29,829 --> 01:02:28,160

we're working on so

1487

01:02:31,750 --> 01:02:29,839

um it's

1488

01:02:32,950 --> 01:02:31,760

it's interesting getting back into this

1489

01:02:35,910 --> 01:02:32,960

particular

1490

01:02:38,150 --> 01:02:35,920

realm which i haven't been in for seven

1491

01:02:39,190 --> 01:02:38,160

eight years um i've done you know some

1492

01:02:42,150 --> 01:02:39,200

little

1493

01:02:44,069 --> 01:02:42,160

stuff but uh and i i was involved with

1494

01:02:45,990 --> 01:02:44,079

uh james fox's

1495

01:02:47,990 --> 01:02:46,000

uh movie uh

1496

01:02:50,870 --> 01:02:48,000

that final

1497

01:02:53,829 --> 01:02:50,880

you know four or five months was was

1498

01:02:55,990 --> 01:02:53,839

was real difficult and i i'm i was very

1499

01:02:57,750 --> 01:02:56,000

uh humbled that he asked me to come in

1500

01:02:58,630 --> 01:02:57,760

and help him with that and

1501

01:03:00,390 --> 01:02:58,640

you know

1502

01:03:02,950 --> 01:03:00,400

somebody joked and said oh you're

1503

01:03:06,789 --> 01:03:02,960

working on another future

1504

01:03:10,870 --> 01:03:06,799

what are you a director whisperer

1505

01:03:12,309 --> 01:03:10,880

rick rubin of the ufo movie world

1506

01:03:14,069 --> 01:03:12,319

yeah

1507

01:03:16,549 --> 01:03:14,079

you know i do know

1508

01:03:18,470 --> 01:03:16,559

where some of the bodies are buried and

1509

01:03:20,630 --> 01:03:18,480

you know i've been

1510

01:03:22,309 --> 01:03:20,640

taking notes and

1511

01:03:24,789 --> 01:03:22,319

you know i'm

1512

01:03:27,190 --> 01:03:24,799

i might know

1513

01:03:31,430 --> 01:03:27,200

you know a good majority of the players

1514

01:03:34,870 --> 01:03:33,190

on some level or

1515

01:03:36,470 --> 01:03:34,880

another we're you know we're dealing

1516

01:03:38,630 --> 01:03:36,480

with a topic here

1517

01:03:41,349 --> 01:03:38,640

that is wide open it's like the wild

1518

01:03:43,510 --> 01:03:41,359

west and ufology uh

1519

01:03:45,829 --> 01:03:43,520

and um

1520

01:03:47,349 --> 01:03:45,839

you know there's

1521

01:03:50,069 --> 01:03:47,359

definitely

1522

01:03:52,069 --> 01:03:50,079

a need for a

1523

01:03:55,510 --> 01:03:52,079

kind of where are we now sort of

1524

01:03:58,390 --> 01:03:56,470

uh

1525

01:04:01,029 --> 01:03:58,400

no i agree i mean that that can kind of

1526

01:04:03,589 --> 01:04:01,039

be our one of our topics tonight like

1527

01:04:05,910 --> 01:04:03,599

things that have really changed a lot in

1528

01:04:07,430 --> 01:04:05,920

the last actually the last time you were

1529

01:04:09,510 --> 01:04:07,440

on the show i think you you were out to

1530

01:04:12,069 --> 01:04:09,520

visit me i i believe maybe or maybe it's

1531

01:04:16,309 --> 01:04:12,079

been since then no i think we had one

1532

01:04:17,190 --> 01:04:16,319

show a couple years ago um yeah but

1533

01:04:21,589 --> 01:04:17,200

uh

1534

01:04:24,829 --> 01:04:21,599

the

1535

01:04:29,990 --> 01:04:27,670

uh permission for those uh new york

1536

01:04:31,910 --> 01:04:30,000

times articles to go out with whatever

1537

01:04:35,990 --> 01:04:31,920

machinations went on

1538

01:04:38,230 --> 01:04:36,000

behind the scenes on that and and and

1539

01:04:41,190 --> 01:04:38,240

of course they had to eat some crow

1540

01:04:44,470 --> 01:04:41,200

because of the the erroneous attribution

1541

01:04:46,230 --> 01:04:44,480

of uh atep's responsibilities to ossep

1542

01:04:48,710 --> 01:04:46,240

and you know i mean there were some

1543

01:04:51,270 --> 01:04:48,720

problems there

1544

01:04:53,349 --> 01:04:51,280

as there are with any

1545

01:04:55,910 --> 01:04:53,359

programmed release of information this

1546

01:04:58,150 --> 01:04:55,920

is all part obviously part of a

1547

01:05:00,950 --> 01:04:58,160

um you know a program of the next

1548

01:05:03,430 --> 01:05:00,960

generation going to the cold warrior

1549

01:05:05,430 --> 01:05:03,440

uh you know daddy's hey

1550

01:05:08,230 --> 01:05:05,440

you know you've been retired now for 20

1551
01:05:10,789 --> 01:05:08,240
years you know with

1552
01:05:12,150 --> 01:05:10,799
we'll take care of it from here

1553
01:05:13,990 --> 01:05:12,160
you know and they know they've got to

1554
01:05:16,789 --> 01:05:14,000
get ahead of the issue

1555
01:05:19,430 --> 01:05:16,799
god forbid something happens somebody

1556
01:05:21,190 --> 01:05:19,440
back engineers something or

1557
01:05:23,430 --> 01:05:21,200
something

1558
01:05:26,150 --> 01:05:23,440
shows up unannounced and doesn't give

1559
01:05:27,430 --> 01:05:26,160
them any opportunity to put a spin on it

1560
01:05:29,349 --> 01:05:27,440
i mean they

1561
01:05:30,789 --> 01:05:29,359
they realize that

1562
01:05:32,630 --> 01:05:30,799
you know when you really think about it

1563
01:05:34,549 --> 01:05:32,640

they're

1564

01:05:35,750 --> 01:05:34,559

the governments of the world do not

1565

01:05:37,190 --> 01:05:35,760

appear

1566

01:05:38,470 --> 01:05:37,200

to be

1567

01:05:39,990 --> 01:05:38,480

ready

1568

01:05:42,630 --> 01:05:40,000

for

1569

01:05:44,150 --> 01:05:42,640

you know some arrival let's say or some

1570

01:05:45,109 --> 01:05:44,160

discovery

1571

01:05:47,190 --> 01:05:45,119

uh

1572

01:05:52,150 --> 01:05:47,200

an announcement about antarctica

1573

01:05:54,230 --> 01:05:52,160

something on the backside of the moon um

1574

01:05:57,029 --> 01:05:54,240

you know all these things are

1575

01:05:59,670 --> 01:05:57,039

it's all coming to a head so i i think

1576

01:06:01,670 --> 01:05:59,680

that the powers that they have a real

1577

01:06:04,230 --> 01:06:01,680

understanding of their need

1578

01:06:05,270 --> 01:06:04,240

uh to start to control the narrative a

1579

01:06:06,710 --> 01:06:05,280

little and

1580

01:06:09,109 --> 01:06:06,720

and uh you know

1581

01:06:13,910 --> 01:06:09,119

rebrand the whole thing so it's

1582

01:06:16,230 --> 01:06:13,920

palatable to you know to the surviving

1583

01:06:19,589 --> 01:06:16,240

you know baby boomer scientists and

1584

01:06:20,630 --> 01:06:19,599

stuff and government people uh uap it

1585

01:06:25,589 --> 01:06:20,640

sounds

1586

01:06:28,069 --> 01:06:25,599

nebulous there's no it's a phenomena

1587

01:06:30,710 --> 01:06:28,079

instead of an object it's a phenomenon

1588

01:06:33,589 --> 01:06:30,720

george carlin would be going nuts right

1589

01:06:35,430 --> 01:06:33,599

now yeah he was really good with i i

1590

01:06:38,710 --> 01:06:35,440

mean i could just see

1591

01:06:40,870 --> 01:06:38,720

what i could hear in my head is his his

1592

01:06:44,029 --> 01:06:40,880

routine on this and

1593

01:06:47,349 --> 01:06:44,039

you know i i've been accused of being

1594

01:06:50,470 --> 01:06:47,359

a bit droll and

1595

01:06:52,630 --> 01:06:50,480

and dismissive and mealy mouth and

1596

01:06:54,470 --> 01:06:52,640

people and things and places and

1597

01:06:55,990 --> 01:06:54,480

situations and

1598

01:06:57,430 --> 01:06:56,000

um

1599

01:06:59,270 --> 01:06:57,440

but

1600

01:07:02,069 --> 01:06:59,280

you know i feel like i'm a trickster in

1601
01:07:03,349 --> 01:07:02,079
this whole thing and i i really feel

1602
01:07:04,870 --> 01:07:03,359
again

1603
01:07:07,270 --> 01:07:04,880
that

1604
01:07:08,789 --> 01:07:07,280
what a better time for this type of

1605
01:07:11,029 --> 01:07:08,799
trickster-ish

1606
01:07:11,829 --> 01:07:11,039
atmosphere to be created

1607
01:07:13,349 --> 01:07:11,839
uh

1608
01:07:15,910 --> 01:07:13,359
then

1609
01:07:16,870 --> 01:07:15,920
you know the years around donald trump i

1610
01:07:19,190 --> 01:07:16,880
mean there's

1611
01:07:22,069 --> 01:07:19,200
is there something in the air

1612
01:07:24,950 --> 01:07:22,079
what what's going on here man uh are we

1613
01:07:32,470 --> 01:07:26,870

yeah see you mentioned that and the

1614

01:07:36,870 --> 01:07:34,950

hey uh someone posted this question here

1615

01:07:39,910 --> 01:07:36,880

are you familiar with the

1616

01:07:42,630 --> 01:07:39,920

ed the edward cigar and salida and

1617

01:07:44,309 --> 01:07:42,640

salida 1995.

1618

01:07:45,990 --> 01:07:44,319

yeah

1619

01:07:47,990 --> 01:07:46,000

is there a reason that

1620

01:07:50,710 --> 01:07:48,000

did you do work on that or something

1621

01:07:53,910 --> 01:07:50,720

i've actually uh duplicated that exact

1622

01:07:56,230 --> 01:07:53,920

effect that we saw even though

1623

01:07:58,870 --> 01:07:56,240

i was able to

1624

01:08:00,710 --> 01:07:58,880

i think i got 23 witnesses that saw

1625

01:08:04,309 --> 01:08:00,720

something that day

1626

01:08:05,990 --> 01:08:04,319

but then i've also been able to

1627

01:08:07,190 --> 01:08:06,000

duplicate that

1628

01:08:07,910 --> 01:08:07,200

uh

1629

01:08:10,950 --> 01:08:07,920

just

1630

01:08:12,630 --> 01:08:10,960

by accident i saw a spider web a long

1631

01:08:13,990 --> 01:08:12,640

spider web that was

1632

01:08:15,990 --> 01:08:14,000

slowly

1633

01:08:17,910 --> 01:08:16,000

drifting in the breeze

1634

01:08:20,709 --> 01:08:17,920

backlit by the sun

1635

01:08:22,789 --> 01:08:20,719

which was blocked by the roof edge of my

1636

01:08:23,749 --> 01:08:22,799

house just like the uh the edwards

1637

01:08:25,990 --> 01:08:23,759

footage

1638

01:08:28,070 --> 01:08:26,000

and i filmed for

1639

01:08:29,189 --> 01:08:28,080

well it wasn't six minutes

1640

01:08:32,229 --> 01:08:29,199

granted

1641

01:08:35,030 --> 01:08:32,239

uh but i filmed for you know 30 seconds

1642

01:08:37,510 --> 01:08:35,040

and it looked exactly

1643

01:08:39,749 --> 01:08:37,520

like edward's thing except mine was a

1644

01:08:42,550 --> 01:08:39,759

little bit more in focus

1645

01:08:46,390 --> 01:08:44,789

you know i think tom king one of the

1646

01:08:49,829 --> 01:08:46,400

guys that showed me

1647

01:08:50,950 --> 01:08:49,839

the phoenix lights uh incident down you

1648

01:08:54,070 --> 01:08:50,960

know

1649

01:08:57,829 --> 01:08:54,080

in phoenix i think he came up

1650

01:09:01,430 --> 01:08:57,839

pretty soon after the edwards footage uh

1651
01:09:03,430 --> 01:09:01,440
well maybe 97-98 um and he said that

1652
01:09:05,749 --> 01:09:03,440
that's what he thought it was that it

1653
01:09:09,030 --> 01:09:05,759
was uh light prisms through and

1654
01:09:10,470 --> 01:09:09,040
refracting through a a strand of uh

1655
01:09:12,630 --> 01:09:10,480
spider web

1656
01:09:15,590 --> 01:09:12,640
and uh

1657
01:09:18,709 --> 01:09:15,600
you know i i duplicated it and you can

1658
01:09:21,749 --> 01:09:18,719
go to my uh just christopher o'brien

1659
01:09:22,870 --> 01:09:21,759
san luis valley or ufo or whatever on

1660
01:09:24,789 --> 01:09:22,880
youtube

1661
01:09:29,269 --> 01:09:24,799
and you can see

1662
01:09:30,470 --> 01:09:29,279
i called it the sedona ifo or something

1663
01:09:33,110 --> 01:09:30,480

um

1664

01:09:34,950 --> 01:09:33,120

but but i think you know i but

1665

01:09:36,950 --> 01:09:34,960

we need to be intellectually honest

1666

01:09:39,829 --> 01:09:36,960

about this stuff or do we really want to

1667

01:09:41,430 --> 01:09:39,839

know what's going on or or or do you

1668

01:09:44,309 --> 01:09:41,440

know are we going to do

1669

01:09:46,229 --> 01:09:44,319

diligence and and really try to

1670

01:09:48,950 --> 01:09:46,239

get to the bottom of these things and

1671

01:09:51,590 --> 01:09:48,960

and these incidences and

1672

01:09:53,510 --> 01:09:51,600

you know apply the scientific method

1673

01:09:55,590 --> 01:09:53,520

you know i i'm i'm

1674

01:09:57,189 --> 01:09:55,600

just as willing to debunk a case or

1675

01:09:59,270 --> 01:09:57,199

explain it away

1676

01:10:01,270 --> 01:09:59,280

as i am to confirm it as being high

1677

01:10:04,070 --> 01:10:01,280

strange i mean i would love

1678

01:10:06,709 --> 01:10:04,080

that but uh you know we're talking what

1679

01:10:07,750 --> 01:10:06,719

two percent three percent of cases

1680

01:10:09,990 --> 01:10:07,760

so

1681

01:10:11,990 --> 01:10:10,000

you know we have to always

1682

01:10:14,630 --> 01:10:12,000

uh so so i'm just playing with our

1683

01:10:17,830 --> 01:10:14,640

enthusiasm

1684

01:10:19,510 --> 01:10:17,840

yeah yeah this is a of the clip of that

1685

01:10:21,830 --> 01:10:19,520

oh so it looks like

1686

01:10:23,189 --> 01:10:21,840

so there was something off of the bridge

1687

01:10:25,590 --> 01:10:23,199

or something up is that what you're

1688

01:10:27,030 --> 01:10:25,600

saying on this particular

1689

01:10:28,470 --> 01:10:27,040

video can you see

1690

01:10:29,830 --> 01:10:28,480

i i don't know i can't see what you're

1691

01:10:33,669 --> 01:10:29,840

doing oh you can't see it i'm playing

1692

01:10:35,669 --> 01:10:33,679

the edwards uh clip right now

1693

01:10:37,510 --> 01:10:35,679

i found that online so you i'm sorry you

1694

01:10:38,950 --> 01:10:37,520

can't see that but i'll i'll stop the

1695

01:10:40,229 --> 01:10:38,960

screen share it

1696

01:10:41,030 --> 01:10:40,239

hold on

1697

01:10:43,030 --> 01:10:41,040

yeah

1698

01:10:45,750 --> 01:10:43,040

no it's it's gone i took it out oh

1699

01:10:48,149 --> 01:10:45,760

seeing settings no wonder hold on

1700

01:10:50,870 --> 01:10:48,159

oh there we go i've been in my setting

1701

01:10:52,870 --> 01:10:50,880

screen the whole time sorry

1702

01:10:55,270 --> 01:10:52,880

oh oh no i can

1703

01:10:57,430 --> 01:10:55,280

grab my footage too if you want

1704

01:11:00,229 --> 01:10:57,440

yeah well it's kind of hard to do on the

1705

01:11:02,310 --> 01:11:00,239

fly here but anyway um so you think that

1706

01:11:04,870 --> 01:11:02,320

was basically did you say it was a

1707

01:11:05,830 --> 01:11:04,880

spider web

1708

01:11:08,070 --> 01:11:05,840

yeah

1709

01:11:11,350 --> 01:11:08,080

i'm pretty sure it was a long one it was

1710

01:11:13,590 --> 01:11:11,360

about 30 or 40 feet

1711

01:11:14,310 --> 01:11:13,600

it was a strand of spider web

1712

01:11:16,470 --> 01:11:14,320

yeah

1713

01:11:18,550 --> 01:11:16,480

a real long one and there was there was

1714

01:11:19,830 --> 01:11:18,560

just a slight breeze

1715

01:11:21,430 --> 01:11:19,840

uh

1716

01:11:22,950 --> 01:11:21,440

so it was

1717

01:11:29,270 --> 01:11:22,960

it wasn't whipping around and then

1718

01:11:33,750 --> 01:11:30,870

yeah get rid of your more videos well

1719

01:11:35,669 --> 01:11:33,760

you know there's a lot of things

1720

01:11:38,870 --> 01:11:35,679

yeah there's a lot of things that i

1721

01:11:44,229 --> 01:11:38,880

found i found uh interviewed 23

1722

01:11:49,350 --> 01:11:47,430

and what did the witnesses say

1723

01:11:50,870 --> 01:11:49,360

basically everybody said the same thing

1724

01:11:53,189 --> 01:11:50,880

it was like this uh

1725

01:11:55,830 --> 01:11:53,199

like candy cane looking thing in the sky

1726

01:11:57,910 --> 01:11:55,840

that they could they could see

1727

01:11:59,510 --> 01:11:57,920

red and green

1728

01:12:00,870 --> 01:11:59,520

you know prisms

1729

01:12:03,350 --> 01:12:00,880

back and forth

1730

01:12:05,669 --> 01:12:03,360

there was no rhyme or reason to it

1731

01:12:07,990 --> 01:12:05,679

you know it sounded like random uh

1732

01:12:10,630 --> 01:12:08,000

movement with light coming through

1733

01:12:12,630 --> 01:12:10,640

statically through a prism

1734

01:12:14,550 --> 01:12:12,640

which is the the type of effect that i

1735

01:12:15,910 --> 01:12:14,560

was able to duplicate

1736

01:12:17,750 --> 01:12:15,920

um

1737

01:12:20,390 --> 01:12:17,760

that's what it appeared

1738

01:12:26,390 --> 01:12:22,790

to be and these people are scattered

1739

01:12:28,950 --> 01:12:26,400
over a 50 square mile area

1740

01:12:31,669 --> 01:12:28,960
so it was definitely a big object and it

1741

01:12:33,350 --> 01:12:31,679
was way up there but

1742

01:12:35,830 --> 01:12:33,360
why does it duplicate something that

1743

01:12:37,830 --> 01:12:35,840
that that you could uh you could see

1744

01:12:40,709 --> 01:12:37,840
right there in your backyard that's only

1745

01:12:43,669 --> 01:12:40,719
50 feet from you or 40 feet from you you

1746

01:12:46,709 --> 01:12:44,870
that's where this whole thing of

1747

01:12:49,030 --> 01:12:46,719
consciousness and

1748

01:12:52,149 --> 01:12:49,040
and and

1749

01:12:55,830 --> 01:12:54,390
it's the involvement of the observer

1750

01:12:58,630 --> 01:12:55,840
it's not so much what's being

1751

01:13:01,510 --> 01:12:58,640

experienced it's important it's it's

1752

01:13:02,470 --> 01:13:01,520

the person having the experience and

1753

01:13:05,430 --> 01:13:02,480

why

1754

01:13:07,750 --> 01:13:05,440

uh

1755

01:13:08,950 --> 01:13:07,760

generates certain things within that

1756

01:13:11,430 --> 01:13:08,960

individual

1757

01:13:13,990 --> 01:13:11,440

and this you know

1758

01:13:14,790 --> 01:13:14,000

that's subject to way more complicated

1759

01:13:19,110 --> 01:13:14,800

than

1760

01:13:21,270 --> 01:13:19,120

flying around

1761

01:13:22,470 --> 01:13:21,280

you know this is something that is uh

1762

01:13:25,189 --> 01:13:22,480

infinitely

1763

01:13:31,430 --> 01:13:27,750

talented in terms of

1764

01:13:34,149 --> 01:13:31,440

unfolding their agenda effortlessly into

1765

01:13:35,510 --> 01:13:34,159

what we think is our agenda uh john

1766

01:13:37,590 --> 01:13:35,520

alexander

1767

01:13:38,470 --> 01:13:37,600

came up with the idea of

1768

01:13:45,669 --> 01:13:38,480

a

1769

01:13:47,510 --> 01:13:45,679

do before you do it

1770

01:13:48,950 --> 01:13:47,520

and when you get into those kinds of

1771

01:13:50,149 --> 01:13:48,960

realms where

1772

01:13:51,030 --> 01:13:50,159

um

1773

01:13:55,030 --> 01:13:51,040

you know

1774

01:13:57,990 --> 01:13:55,910

uh

1775

01:13:59,030 --> 01:13:58,000

it gets tricky you know

1776

01:14:01,110 --> 01:13:59,040

and

1777

01:14:03,510 --> 01:14:01,120

how does something like that chris work

1778

01:14:05,110 --> 01:14:03,520

when there's like a lot of people seeing

1779

01:14:08,390 --> 01:14:05,120

the same thing

1780

01:14:11,510 --> 01:14:08,400

you know how do how does that work

1781

01:14:14,310 --> 01:14:11,520

that's a very good question uh i've had

1782

01:14:15,590 --> 01:14:14,320

uh i had the the famous stephen grier

1783

01:14:17,590 --> 01:14:15,600

event

1784

01:14:20,630 --> 01:14:17,600

18 people were there

1785

01:14:21,430 --> 01:14:20,640

including the grier and a dear dear

1786

01:14:23,590 --> 01:14:21,440

friend

1787

01:14:26,709 --> 01:14:23,600

who was his managing director the

1788

01:14:29,189 --> 01:14:26,719

original man managing director for c

1789

01:14:30,310 --> 01:14:29,199

said he was sherry adamak a very close

1790

01:14:31,270 --> 01:14:30,320

friend of mine

1791

01:14:33,030 --> 01:14:31,280

um

1792

01:14:35,350 --> 01:14:33,040

and they were in the grotto it's the

1793

01:14:36,229 --> 01:14:35,360

potter falls there's so sacred side up

1794

01:14:39,030 --> 01:14:36,239

in the

1795

01:14:42,229 --> 01:14:39,040

songwriters in san luis valley and they

1796

01:14:45,590 --> 01:14:42,239

they were surrounded by a golden light

1797

01:14:47,590 --> 01:14:45,600

uh and and stephen and

1798

01:14:49,510 --> 01:14:47,600

sherry had stayed back in the grotto

1799

01:14:51,189 --> 01:14:49,520

everybody else was leaving

1800

01:14:52,790 --> 01:14:51,199

and so

1801

01:14:55,750 --> 01:14:52,800

the people that were closest to them

1802

01:14:57,910 --> 01:14:55,760

yeah they reported they saw a like a

1803

01:15:01,030 --> 01:14:57,920

light come down on them

1804

01:15:03,189 --> 01:15:01,040

nobody saw the alien et's that

1805

01:15:05,030 --> 01:15:03,199

all different types that were talking to

1806

01:15:06,070 --> 01:15:05,040

steve and sherry didn't

1807

01:15:07,910 --> 01:15:06,080

see that

1808

01:15:10,149 --> 01:15:07,920

she heard steven talk she could see he

1809

01:15:11,830 --> 01:15:10,159

was talking to something but she didn't

1810

01:15:14,630 --> 01:15:11,840

see what you know

1811

01:15:17,270 --> 01:15:14,640

there was nothing there according to her

1812

01:15:19,030 --> 01:15:17,280

um and then you know the rest of the

1813

01:15:23,669 --> 01:15:19,040

what

1814

01:15:25,910 --> 01:15:23,679

nine ten people that i interviewed um

1815

01:15:27,750 --> 01:15:25,920

you know it went from the people close

1816

01:15:29,350 --> 01:15:27,760

saying oh yeah people were saying

1817

01:15:30,950 --> 01:15:29,360

something was going on but i was tired i

1818

01:15:32,229 --> 01:15:30,960

wanted to get to the car

1819

01:15:34,070 --> 01:15:32,239

uh to

1820

01:15:38,550 --> 01:15:34,080

oh i don't believe that you know they

1821

01:15:39,510 --> 01:15:38,560

came down all excited and you know

1822

01:15:41,669 --> 01:15:39,520

there were

1823

01:15:44,310 --> 01:15:41,679

you know some real dubious ones at the

1824

01:15:45,990 --> 01:15:44,320

uh some of the first to leave the grotto

1825

01:15:46,950 --> 01:15:46,000

let's put it that way

1826

01:15:48,790 --> 01:15:46,960

so

1827

01:15:51,510 --> 01:15:48,800

you have an event that was seen by

1828

01:15:52,390 --> 01:15:51,520

roughly eight or nine people

1829

01:15:54,310 --> 01:15:52,400

and

1830

01:15:57,350 --> 01:15:54,320

maybe 10

1831

01:16:00,470 --> 01:15:58,950

half of them

1832

01:16:02,070 --> 01:16:00,480

support

1833

01:16:05,590 --> 01:16:02,080

to a certain degree

1834

01:16:08,390 --> 01:16:05,600

the primary witnesses account

1835

01:16:12,709 --> 01:16:08,400

but the other half were like ah you know

1836

01:16:15,750 --> 01:16:13,510

so

1837

01:16:19,030 --> 01:16:15,760

witness testimony as we know martin is

1838

01:16:21,910 --> 01:16:19,040

is probably the least reliable

1839

01:16:24,390 --> 01:16:21,920

you know give us some dna or physical

1840

01:16:25,830 --> 01:16:24,400

evidence any time uh over

1841

01:16:28,790 --> 01:16:25,840

people's uh

1842

01:16:31,350 --> 01:16:28,800

recollections however i was able to

1843

01:16:33,270 --> 01:16:31,360

interview everybody that weekend i think

1844

01:16:35,430 --> 01:16:33,280

was the day before

1845

01:16:37,510 --> 01:16:35,440

that it happened so i got everybody

1846

01:16:39,910 --> 01:16:37,520

fresh i entered

1847

01:16:41,110 --> 01:16:39,920

i interviewed 12 of the 18

1848

01:16:43,110 --> 01:16:41,120

um

1849

01:16:45,750 --> 01:16:43,120

everybody separately

1850

01:16:47,590 --> 01:16:45,760

and um

1851

01:16:49,189 --> 01:16:47,600

something happened there

1852

01:16:51,669 --> 01:16:49,199

but

1853

01:16:53,350 --> 01:16:51,679

nobody could really agree

1854

01:16:56,390 --> 01:16:53,360

or come up with a

1855

01:16:58,790 --> 01:16:56,400

a consensus that that validates what

1856

01:17:01,669 --> 01:16:58,800

greer claims happen which was the

1857

01:17:03,990 --> 01:17:01,679

communication by the et's that

1858

01:17:08,310 --> 01:17:04,000

they were under attack in their alien

1859

01:17:11,110 --> 01:17:08,320

spaceport quote-unquote in mount blanca

1860

01:17:11,120 --> 01:17:13,750

you know

1861

01:17:18,390 --> 01:17:15,830

so

1862

01:17:19,910 --> 01:17:18,400

example of a you know

1863

01:17:22,229 --> 01:17:19,920

like

1864

01:17:23,750 --> 01:17:22,239

it was an amazing everybody came in the

1865

01:17:25,510 --> 01:17:23,760

next day and they're like you won't

1866

01:17:29,270 --> 01:17:25,520

believe what happened you know and i'm

1867

01:17:32,149 --> 01:17:29,280

like okay let's take this one at a time

1868

01:17:34,070 --> 01:17:32,159

line up take a number

1869

01:17:37,189 --> 01:17:34,080

someone sent me a clip the other day of

1870

01:17:40,070 --> 01:17:37,199

uh greer uh talking about

1871

01:17:44,310 --> 01:17:40,080

going to planets he saw he went past the

1872

01:17:46,870 --> 01:17:44,320

planets and wow why not um

1873

01:17:49,110 --> 01:17:46,880

but anyway uh so just uh again watch

1874

01:17:51,270 --> 01:17:49,120

where you get your information there how

1875

01:17:53,189 --> 01:17:51,280

much is he gonna charge for that

1876

01:17:55,430 --> 01:17:53,199

yeah that's that's that's more money

1877

01:17:57,110 --> 01:17:55,440

than being in the invisible ufo and

1878

01:18:00,310 --> 01:17:57,120

getting a picture of that wow he and

1879

01:18:02,550 --> 01:18:00,320

elon musk must be uh prison buddies

1880

01:18:03,669 --> 01:18:02,560

that's right so here's a question for

1881

01:18:06,390 --> 01:18:03,679

you here

1882

01:18:07,990 --> 01:18:06,400

is the san luis valley prone to ufos due

1883

01:18:08,709 --> 01:18:08,000

to underground water flow i mean that's

1884

01:18:18,229 --> 01:18:08,719

a

1885

01:18:19,990 --> 01:18:18,239

is there like well it's not

1886

01:18:22,229 --> 01:18:20,000

one of the largest high out to two or

1887

01:18:24,550 --> 01:18:22,239

five hundreds in the world

1888

01:18:27,830 --> 01:18:24,560

it's a it's definitely the largest in in

1889

01:18:31,430 --> 01:18:27,840

north america or at least in the

1890

01:18:33,270 --> 01:18:31,440

48 contiguous states um

1891

01:18:35,350 --> 01:18:33,280

but uh

1892

01:18:37,750 --> 01:18:35,360

water flow now that's interesting

1893

01:18:40,790 --> 01:18:37,760

because the water really doesn't flow

1894

01:18:41,990 --> 01:18:40,800

it it it kind of slowly moves through

1895

01:18:44,229 --> 01:18:42,000

i'm sure

1896

01:18:45,750 --> 01:18:44,239

um the aquifer goes down tens of

1897

01:18:48,310 --> 01:18:45,760

thousands of feet

1898

01:18:50,229 --> 01:18:48,320

uh it's like america's uh water tank you

1899

01:18:52,149 --> 01:18:50,239

go into a little town they have the

1900

01:18:54,470 --> 01:18:52,159

water tank with the name of the town on

1901

01:18:57,510 --> 01:18:54,480

it yeah but that's what the san luis

1902

01:18:59,350 --> 01:18:57,520

valley is for north america in fact the

1903

01:19:00,870 --> 01:18:59,360

amount of water that's there if it's

1904

01:19:02,709 --> 01:19:00,880

properly treated

1905

01:19:03,750 --> 01:19:02,719

could supply

1906

01:19:08,630 --> 01:19:03,760

you know

1907

01:19:10,950 --> 01:19:08,640

phoenix albuquerque mexico city l.a

1908

01:19:12,550 --> 01:19:10,960

you know with the infrastructure

1909

01:19:14,950 --> 01:19:12,560

all the places that desperately need

1910

01:19:17,270 --> 01:19:14,960

water yeah exactly the entire parts the

1911

01:19:19,270 --> 01:19:17,280

southwest now that's

1912

01:19:21,750 --> 01:19:19,280

that's going on the assumption that you

1913

01:19:24,550 --> 01:19:21,760

can empty all that water out and then

1914

01:19:25,590 --> 01:19:24,560

refill it which was the grand canal

1915

01:19:27,110 --> 01:19:25,600

scheme

1916

01:19:28,709 --> 01:19:27,120

uh that was

1917

01:19:30,950 --> 01:19:28,719

maurice strong

1918

01:19:33,510 --> 01:19:30,960

wanted to convert the tip of hudson bay

1919

01:19:35,830 --> 01:19:33,520

into a fresh water uh you know salt

1920

01:19:38,149 --> 01:19:35,840

water to a fresh water

1921

01:19:41,110 --> 01:19:38,159

and then with the help of five nuclear

1922

01:19:44,070 --> 01:19:41,120

reactors divert five rivers down from

1923

01:19:47,189 --> 01:19:44,080

canada to go up to the san luis valley

1924

01:19:50,470 --> 01:19:47,199

and refill the aquifer and keep shooting

1925

01:19:52,229 --> 01:19:50,480

it downstream out of the valley but then

1926

01:19:54,709 --> 01:19:52,239

recharging it from water that's

1927

01:19:57,030 --> 01:19:54,719

naturally desalinated from canada

1928

01:19:59,669 --> 01:19:57,040

believe it or not i

1929

01:20:01,910 --> 01:19:59,679

we had maps and engineering reports and

1930

01:20:03,510 --> 01:20:01,920

stuff feasibility studies

1931

01:20:05,510 --> 01:20:03,520

that we uncovered

1932

01:20:07,270 --> 01:20:05,520

never

1933

01:20:09,030 --> 01:20:07,280

nobody ever found out about the grand

1934

01:20:11,430 --> 01:20:09,040

canal scheme it would have dwarfed the

1935

01:20:13,590 --> 01:20:11,440

great wall of china in terms of

1936

01:20:15,030 --> 01:20:13,600

man's accomplishments on the face of the

1937

01:20:18,390 --> 01:20:15,040

earth you know

1938

01:20:20,149 --> 01:20:18,400

wow well speaking of uh technology what

1939

01:20:23,510 --> 01:20:20,159

about your have you gone anywhere with

1940

01:20:25,270 --> 01:20:23,520

your the unit there that you you created

1941

01:20:29,189 --> 01:20:25,280

the ufo

1942

01:20:30,709 --> 01:20:29,199

no i didn't create any units uh ron ulch

1943

01:20:33,430 --> 01:20:30,719

my engineer

1944

01:20:34,470 --> 01:20:33,440

uh and partner he uh

1945

01:20:35,590 --> 01:20:34,480

he's

1946

01:20:40,229 --> 01:20:35,600

you know

1947

01:20:44,470 --> 01:20:42,709

uh an inventor

1948

01:20:46,070 --> 01:20:44,480

he worked for disney he's had you know

1949

01:20:47,189 --> 01:20:46,080

some really cool jobs he's very very

1950

01:20:52,310 --> 01:20:47,199

bright

1951

01:20:55,910 --> 01:20:52,320

software system that allows

1952

01:20:58,470 --> 01:20:55,920

a user with multi up to six cameras

1953

01:21:00,629 --> 01:20:58,480

or six sensors uh

1954

01:21:01,990 --> 01:21:00,639

opticals you know one

1955

01:21:04,950 --> 01:21:02,000

um

1956

01:21:06,229 --> 01:21:04,960

that it coordinates the actions of all

1957

01:21:07,430 --> 01:21:06,239

these different

1958

01:21:11,110 --> 01:21:07,440

sensors

1959

01:21:14,149 --> 01:21:11,120

so you could have three optical cameras

1960

01:21:15,990 --> 01:21:14,159

um that are operating uh talking to each

1961

01:21:18,470 --> 01:21:16,000

other over the internet

1962

01:21:20,870 --> 01:21:18,480

and the software

1963

01:21:22,550 --> 01:21:20,880

allows them to all focus their you know

1964

01:21:23,750 --> 01:21:22,560

if something happens if an event

1965

01:21:26,390 --> 01:21:23,760

triggers

1966

01:21:28,870 --> 01:21:26,400

um the software then

1967

01:21:31,350 --> 01:21:28,880

goes into record mode and

1968

01:21:34,149 --> 01:21:31,360

all the cameras will will

1969

01:21:35,910 --> 01:21:34,159

take the coordinate data that's from gps

1970

01:21:39,750 --> 01:21:35,920

from google earth

1971

01:21:42,950 --> 01:21:39,760

uh google maps and it'll

1972

01:21:45,270 --> 01:21:42,960

point the cameras at that particular

1973

01:21:47,990 --> 01:21:45,280

event they will then be able to you know

1974

01:21:49,270 --> 01:21:48,000

the closest camera will zoom in

1975

01:21:51,910 --> 01:21:49,280

uh

1976

01:21:53,030 --> 01:21:51,920

you know if you have a a multi-sensor

1977

01:21:55,669 --> 01:21:53,040

data

1978

01:22:00,189 --> 01:21:55,679

acquisition unit or msda u

1979

01:22:03,430 --> 01:22:00,199

then you can also turn on magnetometers

1980

01:22:05,830 --> 01:22:03,440

accelerometers uh gravimeters to look

1981

01:22:09,030 --> 01:22:05,840

for changes in the earth's uh

1982

01:22:10,870 --> 01:22:09,040

gravity to look for changes in the in

1983

01:22:13,110 --> 01:22:10,880

the magnetic field

1984

01:22:16,310 --> 01:22:13,120

there's a

1985

01:22:18,229 --> 01:22:16,320

full band a frequency spectrum analyzer

1986

01:22:20,390 --> 01:22:18,239

on there too that's going to be sweeping

1987

01:22:22,709 --> 01:22:20,400

through the frequencies to see what

1988

01:22:24,790 --> 01:22:22,719

what they can pick up

1989

01:22:27,189 --> 01:22:24,800

i mean ultimately we want you know

1990

01:22:29,910 --> 01:22:27,199

active radar and

1991

01:22:33,590 --> 01:22:29,920

and you know really good

1992

01:22:36,390 --> 01:22:33,600

super sophisticated pzm microphones

1993

01:22:38,790 --> 01:22:36,400

to pick up extremely low frequencies uh

1994

01:22:39,590 --> 01:22:38,800

acoustic frequencies

1995

01:22:42,070 --> 01:22:39,600

so

1996

01:22:43,990 --> 01:22:42,080

yeah you know although we've got we've

1997

01:22:46,310 --> 01:22:44,000

got customized systems that are

1998

01:22:49,510 --> 01:22:46,320

available for like you know the

1999

01:22:51,669 --> 01:22:49,520

the cost of off the shelf basically and

2000

01:22:54,310 --> 01:22:51,679

then we have the software that allows

2001

01:22:56,310 --> 01:22:54,320

you to run all this stuff and and have

2002

01:22:58,950 --> 01:22:56,320

it all work together

2003

01:23:01,590 --> 01:22:58,960

turnkey so you don't have to do anything

2004

01:23:04,629 --> 01:23:01,600

except review the files review the

2005

01:23:06,550 --> 01:23:04,639

folders you know

2006

01:23:08,390 --> 01:23:06,560

and you can go in and play with it too i

2007

01:23:10,390 --> 01:23:08,400

mean you can make the cameras do

2008

01:23:11,590 --> 01:23:10,400

whatever you want

2009

01:23:13,830 --> 01:23:11,600

uh

2010

01:23:15,990 --> 01:23:13,840

you know it's we have 12 i think 12

2011

01:23:17,669 --> 01:23:16,000

systems now are out there

2012

01:23:21,030 --> 01:23:17,679

we're in i

2013

01:23:22,629 --> 01:23:21,040

think four countries now um

2014

01:23:24,310 --> 01:23:22,639

18

2015

01:23:26,550 --> 01:23:24,320

different uh

2016

01:23:27,590 --> 01:23:26,560

versions of the software or are out

2017

01:23:30,470 --> 01:23:27,600

there

2018

01:23:33,430 --> 01:23:30,480

including the software that's helping

2019

01:23:35,750 --> 01:23:33,440

eric bard up at the skinwalker ranch uh

2020

01:23:37,030 --> 01:23:35,760

coordinator it is various sensors and

2021

01:23:39,669 --> 01:23:37,040

cameras

2022

01:23:41,590 --> 01:23:39,679

he's using the um uh

2023

01:23:43,669 --> 01:23:41,600

ron ulc

2024

01:23:48,629 --> 01:23:43,679

software

2025

01:23:50,390 --> 01:23:48,639

bounding boxes for things flying by and

2026

01:23:52,870 --> 01:23:50,400

you know it's

2027

01:23:56,390 --> 01:23:52,880

it totally maps everything out and

2028

01:23:59,910 --> 01:23:56,400

in in google maps so you have a complete

2029

01:24:03,110 --> 01:23:59,920

log of everything altitude azimuth

2030

01:24:04,629 --> 01:24:03,120

direction speed uh

2031

01:24:06,709 --> 01:24:04,639

you know just

2032

01:24:07,830 --> 01:24:06,719

you name it

2033

01:24:10,790 --> 01:24:07,840

wow

2034

01:24:14,070 --> 01:24:10,800

um so i i just found a picture i took of

2035

01:24:15,510 --> 01:24:14,080

you when we were in phoenix uh holding

2036

01:24:18,390 --> 01:24:15,520

one of these units

2037

01:24:20,470 --> 01:24:18,400

and i'm all right just uploading it

2038

01:24:23,510 --> 01:24:20,480

at the congress

2039

01:24:25,350 --> 01:24:23,520

so yeah we're have has anyone picked up

2040

01:24:28,709 --> 01:24:25,360

anything with these yet

2041

01:24:29,669 --> 01:24:28,719

well we have in the san luis valley uh

2042

01:24:31,270 --> 01:24:29,679

there's

2043

01:24:33,110 --> 01:24:31,280

you know we've had some some pretty

2044

01:24:35,030 --> 01:24:33,120

interesting things uh fly over we

2045

01:24:36,950 --> 01:24:35,040

haven't really had a chance to

2046

01:24:39,189 --> 01:24:36,960

even think about getting anything

2047

01:24:41,110 --> 01:24:39,199

analyzed we're too busy

2048

01:24:42,070 --> 01:24:41,120

too busy but just

2049

01:24:43,990 --> 01:24:42,080

man

2050

01:24:46,870 --> 01:24:44,000

getting that second unit up in the

2051
01:24:47,990 --> 01:24:46,880
valley has really become a real

2052
01:24:49,030 --> 01:24:48,000
headache

2053
01:24:51,430 --> 01:24:49,040
uh

2054
01:24:53,830 --> 01:24:51,440
as soon as people

2055
01:24:56,070 --> 01:24:53,840
think it's gonna be something big and

2056
01:24:57,990 --> 01:24:56,080
there's money then you know the shark

2057
01:24:59,270 --> 01:24:58,000
gets like blood in the water to sharks

2058
01:25:02,470 --> 01:24:59,280
that

2059
01:25:04,950 --> 01:25:02,480
yeah everybody gets all greedy and

2060
01:25:07,270 --> 01:25:04,960
you know i want to be up on a cell tower

2061
01:25:08,550 --> 01:25:07,280
martin i really do and i'm not going to

2062
01:25:11,510 --> 01:25:08,560
pay

2063
01:25:13,189 --> 01:25:11,520

36 000 a year to have a camera hanging

2064

01:25:15,030 --> 01:25:13,199

on a cell tower

2065

01:25:17,189 --> 01:25:15,040

so you know it's

2066

01:25:18,550 --> 01:25:17,199

that's the kind of money this is talking

2067

01:25:20,550 --> 01:25:18,560

yeah there's

2068

01:25:23,189 --> 01:25:20,560

there's been some interesting roadblocks

2069

01:25:26,310 --> 01:25:23,199

that have have happened

2070

01:25:28,870 --> 01:25:26,320

uh the lady that was uh you know manning

2071

01:25:31,189 --> 01:25:28,880

the bed and breakfast uh

2072

01:25:33,990 --> 01:25:31,199

upon whose roof we were

2073

01:25:35,390 --> 01:25:34,000

you know we had our camera mounted

2074

01:25:39,510 --> 01:25:35,400

um

2075

01:25:43,270 --> 01:25:39,520

inexplicably she she picked up and

2076

01:25:47,270 --> 01:25:43,280

and left and and just moved out to

2077

01:25:48,070 --> 01:25:47,280

tortuga or antigua or one of those

2078

01:25:50,629 --> 01:25:48,080

you know

2079

01:25:52,709 --> 01:25:50,639

i think it was tortuga

2080

01:25:55,990 --> 01:25:52,719

it wasn't antigua i forget it was one of

2081

01:25:58,790 --> 01:25:56,000

those two all of a sudden she moves i

2082

01:26:00,790 --> 01:25:58,800

mean she was like this

2083

01:26:02,070 --> 01:26:00,800

wow

2084

01:26:03,590 --> 01:26:02,080

i

2085

01:26:05,590 --> 01:26:03,600

yeah

2086

01:26:06,790 --> 01:26:05,600

somebody must have died in the family or

2087

01:26:09,189 --> 01:26:06,800

something

2088

01:26:11,669 --> 01:26:09,199

because she didn't tell you know the

2089

01:26:13,910 --> 01:26:11,679

judy messeline the you know the owner of

2090

01:26:16,310 --> 01:26:13,920

the ufo watchtower was her landlord and

2091

01:26:18,550 --> 01:26:16,320

she was running the bnb for her she

2092

01:26:20,950 --> 01:26:18,560

didn't even tell her she was leaving and

2093

01:26:23,590 --> 01:26:20,960

of course the internet connection

2094

01:26:25,030 --> 01:26:23,600

and the power you know it just

2095

01:26:27,110 --> 01:26:25,040

ended up

2096

01:26:29,430 --> 01:26:27,120

going off and it's like uh

2097

01:26:32,470 --> 01:26:29,440

well the camera doesn't work anymore so

2098

01:26:34,550 --> 01:26:32,480

so what do we do you know and i gotta

2099

01:26:36,550 --> 01:26:34,560

say when when i went out there earlier

2100

01:26:41,350 --> 01:26:36,560

this year in september

2101
01:26:42,470 --> 01:26:41,360
uh rex bear from the uh elite project uh

2102
01:26:44,629 --> 01:26:42,480
came through

2103
01:26:45,590 --> 01:26:44,639
you know as a knight in shining armor he

2104
01:26:49,830 --> 01:26:45,600
really

2105
01:26:51,510 --> 01:26:49,840
a big favor he

2106
01:26:54,550 --> 01:26:51,520
he's been helping him

2107
01:26:56,470 --> 01:26:54,560
just invaluable as someone on the ground

2108
01:26:58,870 --> 01:26:56,480
there that

2109
01:27:00,709 --> 01:26:58,880
is willing to you know to drive the

2110
01:27:02,709 --> 01:27:00,719
miles and and

2111
01:27:05,350 --> 01:27:02,719
and help get this thing going and we

2112
01:27:08,629 --> 01:27:05,360
finally do have the camera back up

2113
01:27:10,790 --> 01:27:08,639

however there's some weird

2114

01:27:13,030 --> 01:27:10,800

you know the driver that we were using

2115

01:27:15,910 --> 01:27:13,040

and that's the only one that we can find

2116

01:27:18,550 --> 01:27:15,920

that works has

2117

01:27:20,070 --> 01:27:18,560

all of a sudden has bugs in it so that

2118

01:27:21,669 --> 01:27:20,080

we cannot

2119

01:27:23,110 --> 01:27:21,679

uh

2120

01:27:25,430 --> 01:27:23,120

i don't want to get into too many

2121

01:27:27,430 --> 01:27:25,440

details but uh

2122

01:27:31,030 --> 01:27:27,440

it's just it's just

2123

01:27:33,510 --> 01:27:31,040

some you know niggling things that uh

2124

01:27:36,709 --> 01:27:33,520

a guy with a master's in computer

2125

01:27:39,110 --> 01:27:36,719

science is scratching this head going

2126
01:27:40,390 --> 01:27:39,120
this is

2127
01:27:42,709 --> 01:27:40,400
really right

2128
01:27:45,189 --> 01:27:43,590
yeah

2129
01:27:48,229 --> 01:27:45,199
you know i mean

2130
01:27:49,990 --> 01:27:48,239
the mind wanders sometimes uh it's just

2131
01:27:50,790 --> 01:27:50,000
been so difficult to get this whole

2132
01:27:52,149 --> 01:27:50,800
thing

2133
01:27:55,110 --> 01:27:52,159
off the ground although we're having

2134
01:27:57,350 --> 01:27:55,120
great success with people elsewhere um

2135
01:27:59,350 --> 01:27:57,360
we haven't really done a

2136
01:28:01,350 --> 01:27:59,360
sweep around yet people are still

2137
01:28:03,590 --> 01:28:01,360
getting their sea legs with this stuff i

2138
01:28:06,149 --> 01:28:03,600

mean it's it's

2139

01:28:08,470 --> 01:28:06,159

it's very sophisticated

2140

01:28:09,990 --> 01:28:08,480

you know you need to uh there is a bit

2141

01:28:11,270 --> 01:28:10,000

of a learning curve like with any

2142

01:28:13,110 --> 01:28:11,280

technology

2143

01:28:15,669 --> 01:28:13,120

uh but it's

2144

01:28:16,709 --> 01:28:15,679

about as turnkey as you can make

2145

01:28:18,709 --> 01:28:16,719

uh

2146

01:28:20,709 --> 01:28:18,719

a package you know a sensor package like

2147

01:28:23,910 --> 01:28:20,719

this it's about as turnkey as you can

2148

01:28:25,990 --> 01:28:23,920

make it so we're

2149

01:28:28,790 --> 01:28:26,000

there's

2150

01:28:30,310 --> 01:28:28,800

no dummies uh are

2151
01:28:31,830 --> 01:28:30,320
getting this gear the people that are

2152
01:28:34,070 --> 01:28:31,840
getting this gear

2153
01:28:35,830 --> 01:28:34,080
on the ball and uh

2154
01:28:37,510 --> 01:28:35,840
well it looks like something that would

2155
01:28:40,870 --> 01:28:37,520
be expensive

2156
01:28:44,310 --> 01:28:40,880
i mean that's more look but it's not no

2157
01:28:46,310 --> 01:28:44,320
no you can start for as little as 400

2158
01:28:51,910 --> 01:28:46,320
for a single camera

2159
01:28:57,830 --> 01:28:55,110
about 5 000 to

2160
01:29:00,870 --> 01:28:57,840
5200 depending on whether you get

2161
01:29:02,550 --> 01:29:00,880
the extra you know powerful antennas and

2162
01:29:04,229 --> 01:29:02,560
you know there's there's add-on things

2163
01:29:06,550 --> 01:29:04,239

that that do

2164

01:29:08,709 --> 01:29:06,560

put the cost up a little but for five

2165

01:29:11,189 --> 01:29:08,719

grand you're going to get the

2166

01:29:14,310 --> 01:29:11,199

you know a turnkey

2167

01:29:16,229 --> 01:29:14,320

system that if you got a laptop computer

2168

01:29:17,910 --> 01:29:16,239

you're going to be able to have a

2169

01:29:20,709 --> 01:29:17,920

triangulated

2170

01:29:22,709 --> 01:29:20,719

optics um and

2171

01:29:24,629 --> 01:29:22,719

the help of

2172

01:29:27,510 --> 01:29:24,639

you know the various sensors

2173

01:29:30,310 --> 01:29:27,520

magnetometer gravitometer accelerometers

2174

01:29:32,470 --> 01:29:30,320

radio frequency spectrum analyzers

2175

01:29:35,430 --> 01:29:32,480

uh you can even get a camera that has a

2176
01:29:37,669 --> 01:29:35,440
blaze grading which allows you to take

2177
01:29:38,790 --> 01:29:37,679
the light

2178
01:29:41,750 --> 01:29:38,800
that you

2179
01:29:43,430 --> 01:29:41,760
see at night from an object and you can

2180
01:29:46,070 --> 01:29:43,440
actually split

2181
01:29:49,590 --> 01:29:46,080
the light beam into its spectra so you

2182
01:29:51,270 --> 01:29:49,600
can analyze exactly uh what's producing

2183
01:29:53,189 --> 01:29:51,280
the light that you're seeing

2184
01:29:56,149 --> 01:29:53,199
because you're breaking it up into its

2185
01:29:57,830 --> 01:29:56,159
constituent elements and so

2186
01:29:59,750 --> 01:29:57,840
um

2187
01:30:01,590 --> 01:29:59,760
we're you know we have a lot of very

2188
01:30:03,189 --> 01:30:01,600

high-powered people that have been been

2189

01:30:06,470 --> 01:30:03,199

helping us uh

2190

01:30:08,629 --> 01:30:06,480

and giving us suggestions for design and

2191

01:30:10,790 --> 01:30:08,639

implementation and and

2192

01:30:13,270 --> 01:30:10,800

ron ulch is you know

2193

01:30:14,310 --> 01:30:13,280

he's fabricating everything

2194

01:30:16,229 --> 01:30:14,320

um

2195

01:30:18,070 --> 01:30:16,239

by hand

2196

01:30:19,510 --> 01:30:18,080

this is all based on an open course

2197

01:30:20,870 --> 01:30:19,520

raspberry pi

2198

01:30:22,870 --> 01:30:20,880

architecture

2199

01:30:26,470 --> 01:30:22,880

uh anybody can take it and just have

2200

01:30:28,550 --> 01:30:26,480

their way with it i mean there's no

2201
01:30:30,709 --> 01:30:28,560
you know there's nothing proprietary the

2202
01:30:33,189 --> 01:30:30,719
software you know he

2203
01:30:35,830 --> 01:30:33,199
i think he did 100 000 lines of code and

2204
01:30:38,390 --> 01:30:35,840
took seven years or something uh

2205
01:30:40,390 --> 01:30:38,400
uh the software yeah he should uh he he

2206
01:30:43,350 --> 01:30:40,400
charges ninety dollars i think for the

2207
01:30:44,870 --> 01:30:43,360
software which is nothing

2208
01:30:47,270 --> 01:30:44,880
yeah for what you're getting you're

2209
01:30:49,270 --> 01:30:47,280
getting like rudimentary targeting

2210
01:30:51,030 --> 01:30:49,280
software that you'd see with it with you

2211
01:30:52,070 --> 01:30:51,040
know the military

2212
01:30:54,550 --> 01:30:52,080
you know

2213
01:30:55,910 --> 01:30:54,560

yeah and what's the sensor

2214

01:30:57,590 --> 01:30:55,920

so what about

2215

01:30:59,830 --> 01:30:57,600

the thing that i i thought of when i

2216

01:31:02,310 --> 01:30:59,840

looked at this thing was first of all

2217

01:31:04,390 --> 01:31:02,320

that you'd have to put it away from

2218

01:31:06,629 --> 01:31:04,400

where someone would mess with it and

2219

01:31:09,350 --> 01:31:06,639

secondly how does it power how do you

2220

01:31:12,070 --> 01:31:09,360

keep the power going on that thing

2221

01:31:13,830 --> 01:31:12,080

there's actually um two ways you can do

2222

01:31:16,950 --> 01:31:13,840

it as a as a

2223

01:31:19,510 --> 01:31:16,960

charge recharge uh

2224

01:31:20,550 --> 01:31:19,520

you know with solar panels you can do

2225

01:31:22,470 --> 01:31:20,560

that

2226

01:31:24,950 --> 01:31:22,480

um but

2227

01:31:26,470 --> 01:31:24,960

oh you know you need internet okay it's

2228

01:31:30,709 --> 01:31:26,480

it's internet

2229

01:31:34,229 --> 01:31:30,719

and uh you know an ac power

2230

01:31:37,590 --> 01:31:36,310

you know there are ways to to make it

2231

01:31:40,229 --> 01:31:37,600

portable

2232

01:31:41,110 --> 01:31:40,239

you can integrate cell phones into it

2233

01:31:46,310 --> 01:31:41,120

and

2234

01:31:49,430 --> 01:31:46,320

i think for the average person unless

2235

01:31:52,149 --> 01:31:49,440

you're on a rapid response team for the

2236

01:31:53,189 --> 01:31:52,159

for the ufo tracking uh force or

2237

01:31:55,030 --> 01:31:53,199

something

2238

01:31:57,430 --> 01:31:55,040

you know you're not gonna

2239

01:31:59,669 --> 01:31:57,440

who's gonna have a satellite phone uh

2240

01:32:01,750 --> 01:31:59,679

that's going to be able to hook up to

2241

01:32:03,750 --> 01:32:01,760

the internet this thing is you know it's

2242

01:32:04,709 --> 01:32:03,760

basically reliant like i said on the

2243

01:32:07,350 --> 01:32:04,719

internet

2244

01:32:10,390 --> 01:32:07,360

and the availability of power now the

2245

01:32:12,550 --> 01:32:10,400

camera itself and the unit

2246

01:32:14,950 --> 01:32:12,560

can be supplied power over a simple

2247

01:32:16,870 --> 01:32:14,960

ethernet connection which is also going

2248

01:32:19,590 --> 01:32:16,880

to be taking the internet

2249

01:32:22,149 --> 01:32:19,600

signal and transceiving it

2250

01:32:23,350 --> 01:32:22,159

so you can do a pop

2251
01:32:24,390 --> 01:32:23,360
power

2252
01:32:26,470 --> 01:32:24,400
uh

2253
01:32:28,790 --> 01:32:26,480
arrangement so that the

2254
01:32:31,669 --> 01:32:28,800
you know don't forget these cameras have

2255
01:32:34,310 --> 01:32:31,679
air conditioners and heaters in them

2256
01:32:36,950 --> 01:32:34,320
they can survive from 120 degrees

2257
01:32:39,669 --> 01:32:36,960
fahrenheit down to 30

2258
01:32:40,470 --> 01:32:39,679
well we've had one 35 below

2259
01:32:43,910 --> 01:32:40,480
so

2260
01:32:45,110 --> 01:32:43,920
um these are very robust units they have

2261
01:32:47,189 --> 01:32:45,120
you know they have sealed the

2262
01:32:48,149 --> 01:32:47,199
environmental enclosures

2263
01:32:49,910 --> 01:32:48,159

um

2264

01:32:52,390 --> 01:32:49,920

you know all the

2265

01:32:54,550 --> 01:32:52,400

everything is is tight

2266

01:32:56,950 --> 01:32:54,560

it's got to be it's pressure you know

2267

01:32:59,030 --> 01:32:56,960

when you when you open the msda you you

2268

01:33:01,110 --> 01:32:59,040

can hear the negative pressure come out

2269

01:33:03,110 --> 01:33:01,120

it's a it's an airtight

2270

01:33:04,390 --> 01:33:03,120

environment uh

2271

01:33:05,990 --> 01:33:04,400

and

2272

01:33:07,590 --> 01:33:06,000

again uh

2273

01:33:10,470 --> 01:33:07,600

if you would

2274

01:33:12,629 --> 01:33:10,480

mark this up the way it would be retail

2275

01:33:15,510 --> 01:33:12,639

it's a ten thousand dollar system

2276

01:33:18,390 --> 01:33:15,520

basically and you can get it for five

2277

01:33:20,709 --> 01:33:18,400

which is our cost i mean he makes ninety

2278

01:33:22,709 --> 01:33:20,719

dollars on on the software

2279

01:33:25,189 --> 01:33:22,719

and everything else is just drop shipped

2280

01:33:27,430 --> 01:33:25,199

from the manufacturer except for the

2281

01:33:29,350 --> 01:33:27,440

special brackets and things that that he

2282

01:33:31,270 --> 01:33:29,360

needs to make but uh

2283

01:33:33,910 --> 01:33:31,280

you know and everything's customized to

2284

01:33:36,229 --> 01:33:33,920

the to the user's location

2285

01:33:39,350 --> 01:33:36,239

you know if you got a radio tower we can

2286

01:33:41,510 --> 01:33:39,360

help you know we've got the hardware to

2287

01:33:43,590 --> 01:33:41,520

accommodate that particular installation

2288

01:33:45,270 --> 01:33:43,600

if you have just side of a house

2289

01:33:47,350 --> 01:33:45,280

if you have a pole

2290

01:33:50,950 --> 01:33:47,360

if you want it portable we've got great

2291

01:33:53,750 --> 01:33:50,960

tripods real sturdy um you're not going

2292

01:33:54,950 --> 01:33:53,760

to get that good of gravity and readings

2293

01:33:57,910 --> 01:33:54,960

obviously

2294

01:33:59,350 --> 01:33:57,920

uh in terms of a gravitometer you need a

2295

01:34:02,229 --> 01:33:59,360

real stable

2296

01:34:06,870 --> 01:34:02,239

platform for that to even hope to have

2297

01:34:08,310 --> 01:34:06,880

anything uh scientifically viable um

2298

01:34:11,189 --> 01:34:08,320

but um

2299

01:34:15,270 --> 01:34:11,199

you know uh this is

2300

01:34:17,110 --> 01:34:15,280

this is the the next step forward in in

2301

01:34:20,070 --> 01:34:17,120

ufology uh

2302

01:34:21,830 --> 01:34:20,080

i tell people please don't call me a

2303

01:34:23,590 --> 01:34:21,840

ufologist and they say well what do you

2304

01:34:25,910 --> 01:34:23,600

mean

2305

01:34:26,870 --> 01:34:25,920

you're doing all this stuff and i said

2306

01:34:28,709 --> 01:34:26,880

look

2307

01:34:30,709 --> 01:34:28,719

you know i'm interested in a lot of

2308

01:34:33,030 --> 01:34:30,719

things okay ufology is one of them and

2309

01:34:35,430 --> 01:34:33,040

if i was a ufologist i'd be working on

2310

01:34:37,510 --> 01:34:35,440

you ufo dab

2311

01:34:38,950 --> 01:34:37,520

and since nobody else is i guess i gotta

2312

01:34:39,910 --> 01:34:38,960

do it you know

2313

01:34:41,590 --> 01:34:39,920

so

2314

01:34:45,189 --> 01:34:41,600

um

2315

01:34:49,189 --> 01:34:45,199

i'm i'm so sad that we lost our

2316

01:34:51,030 --> 01:34:49,199

our third partner wayne holland he uh

2317

01:34:53,350 --> 01:34:51,040

he was the the

2318

01:34:56,229 --> 01:34:53,360

soul behind the whole effort he he

2319

01:34:58,149 --> 01:34:56,239

really drove it through the lean years

2320

01:35:00,390 --> 01:34:58,159

he and i worked together

2321

01:35:02,550 --> 01:35:00,400

on the ufo camera project

2322

01:35:05,590 --> 01:35:02,560

for 12 years and then we

2323

01:35:08,390 --> 01:35:05,600

we we met ron and dovetailed our efforts

2324

01:35:11,030 --> 01:35:08,400

for the last five years now so this is

2325

01:35:13,189 --> 01:35:11,040

like this what

2326

01:35:16,950 --> 01:35:13,199

16-year

2327

01:35:21,910 --> 01:35:19,109

uh interesting well thank you for all

2328

01:35:23,830 --> 01:35:21,920

that uh so that question that came up is

2329

01:35:30,950 --> 01:35:23,840

the area i do want to talk about that

2330

01:35:33,910 --> 01:35:32,950

yeah there's stuff going on all the time

2331

01:35:35,750 --> 01:35:33,920

there

2332

01:35:37,590 --> 01:35:35,760

um it's just that

2333

01:35:38,709 --> 01:35:37,600

for most people it's not that big of a

2334

01:35:41,430 --> 01:35:38,719

deal

2335

01:35:43,590 --> 01:35:41,440

so because we're used to it right

2336

01:35:46,149 --> 01:35:43,600

yeah it's like it's like being in new

2337

01:35:48,390 --> 01:35:46,159

york city and almost seeing a a bicycle

2338

01:35:49,350 --> 01:35:48,400

messenger getting hit by a car it's like

2339

01:35:50,870 --> 01:35:49,360

whoa

2340

01:35:53,830 --> 01:35:50,880

check that out but you're not gonna you

2341

01:35:55,590 --> 01:35:53,840

know you're not gonna

2342

01:35:57,910 --> 01:35:55,600

go home and go honey honey you wouldn't

2343

01:35:59,990 --> 01:35:57,920

believe what i saw today a bicycle

2344

01:36:00,950 --> 01:36:00,000

messenger almost got hit by a bus you

2345

01:36:02,709 --> 01:36:00,960

know

2346

01:36:05,030 --> 01:36:02,719

you're not going to do that if you see

2347

01:36:06,070 --> 01:36:05,040

some silver thing fly by in the valley

2348

01:36:11,109 --> 01:36:06,080

it's like

2349

01:36:14,870 --> 01:36:12,070

you know

2350

01:36:18,229 --> 01:36:14,880

that's the whole database thing and

2351

01:36:19,510 --> 01:36:18,239

it doesn't work uh in areas that

2352

01:36:22,310 --> 01:36:19,520

that are uh

2353

01:36:25,030 --> 01:36:22,320

have a predominance of activity hotspot

2354

01:36:26,950 --> 01:36:25,040

areas that that people become numb to it

2355

01:36:29,270 --> 01:36:26,960

they become a nerd to it to a certain

2356

01:36:31,430 --> 01:36:29,280

degree obviously real spectacular events

2357

01:36:33,350 --> 01:36:31,440

are gonna you know like all all the

2358

01:36:35,910 --> 01:36:33,360

stuff that was going on there in the 90s

2359

01:36:39,109 --> 01:36:35,920

and the 60s and the

2360

01:36:43,990 --> 01:36:41,669

there were numerous numerous

2361

01:36:47,910 --> 01:36:44,000

newspaper articles and

2362

01:36:49,990 --> 01:36:47,920

magazine stories and regional uh

2363

01:36:52,390 --> 01:36:50,000

coverage of the events that were going

2364

01:36:54,790 --> 01:36:52,400

on there and elsewhere uh in the rocky

2365

01:36:56,390 --> 01:36:54,800

mountains and especially colorado

2366

01:36:57,830 --> 01:36:56,400

so uh

2367

01:37:01,189 --> 01:36:57,840

and they you talked about judy

2368

01:37:03,990 --> 01:37:01,199

messalin's uh ufo watch tower right is

2369

01:37:06,550 --> 01:37:04,000

that is that in that area is that right

2370

01:37:07,750 --> 01:37:06,560

there

2371

01:37:10,070 --> 01:37:07,760

people have asked me what do you think

2372

01:37:13,030 --> 01:37:10,080

of the ufo watchtower and i said well

2373

01:37:15,270 --> 01:37:13,040

it's not something that i'd build

2374

01:37:17,669 --> 01:37:15,280

but if i was gonna build one

2375

01:37:20,550 --> 01:37:17,679

i would build it right there she's got a

2376

01:37:23,030 --> 01:37:20,560

front row seat to the hottest hot spot

2377

01:37:24,070 --> 01:37:23,040

in north america

2378

01:37:26,149 --> 01:37:24,080

well you know

2379

01:37:30,070 --> 01:37:26,159

yeah do you know if that that people are

2380

01:37:33,350 --> 01:37:30,950

yeah

2381

01:37:35,350 --> 01:37:33,360

she claims about 300 people since she

2382

01:37:37,189 --> 01:37:35,360

opened i i

2383

01:37:39,350 --> 01:37:37,199

i think it's

2384

01:37:41,510 --> 01:37:39,360

it would be way more than that just

2385

01:37:43,669 --> 01:37:41,520

on that road that goes beyond north to

2386

01:37:46,070 --> 01:37:43,679

south across her uh

2387

01:37:48,709 --> 01:37:46,080

across her property uh you know it's the

2388

01:37:49,830 --> 01:37:48,719

gun barrel it's 60 miles as straight as

2389

01:37:53,510 --> 01:37:49,840

an arrow

2390

01:37:56,149 --> 01:37:53,520

um it's highway 17.

2391

01:37:57,030 --> 01:37:56,159

on that stretch of road

2392

01:37:59,510 --> 01:37:57,040

going

2393

01:38:02,709 --> 01:37:59,520

that 60 miles

2394

01:38:04,870 --> 01:38:02,719

i've got to have at least 25 30

2395

01:38:07,270 --> 01:38:04,880

sightings of my siding log

2396

01:38:08,149 --> 01:38:07,280

just just from people driving on that

2397

01:38:10,470 --> 01:38:08,159

road

2398

01:38:12,870 --> 01:38:10,480

i personally have had

2399

01:38:14,390 --> 01:38:12,880

half a dozen sightings

2400

01:38:17,669 --> 01:38:14,400

because that's the only way to get to

2401

01:38:19,109 --> 01:38:17,679

creststone if you're south and

2402

01:38:20,950 --> 01:38:19,119

you know on on the east side of the

2403

01:38:22,950 --> 01:38:20,960

valley and

2404

01:38:25,990 --> 01:38:22,960

you know i was gigging i was driving

2405

01:38:28,149 --> 01:38:26,000

around all hours of the night you know

2406

01:38:32,390 --> 01:38:28,159

coming home from gigs at 2 33 in the

2407

01:38:36,149 --> 01:38:33,669

it's just

2408

01:38:37,830 --> 01:38:36,159

i broke down once actually i had my one

2409

01:38:39,990 --> 01:38:37,840

of the most

2410

01:38:42,310 --> 01:38:40,000

riveting sighting i've ever seen

2411

01:38:45,109 --> 01:38:42,320

was when i was walking well below zero

2412

01:38:47,109 --> 01:38:45,119

on these cowboy boots and wondering if

2413

01:38:50,229 --> 01:38:47,119

i'm gonna freeze to death

2414

01:38:52,870 --> 01:38:50,239

and i heard this crackling sound and it

2415

01:38:56,229 --> 01:38:52,880

kind of felt a glow and i looked up

2416

01:38:58,950 --> 01:38:56,239

and this green fireball huge uh

2417

01:39:01,910 --> 01:38:58,960

bigger than a full moon and it was at

2418

01:39:04,709 --> 01:39:01,920

least 15 miles away because it went all

2419

01:39:06,310 --> 01:39:04,719

the way from south to north up the song

2420

01:39:09,750 --> 01:39:06,320

greater christos

2421

01:39:11,910 --> 01:39:09,760

with a short little tail and uh

2422

01:39:13,030 --> 01:39:11,920

it lit up the mountains with this kind

2423

01:39:14,709 --> 01:39:13,040

of sick

2424

01:39:16,310 --> 01:39:14,719

greenish color

2425

01:39:18,310 --> 01:39:16,320

when we're skimmed right over the

2426

01:39:21,350 --> 01:39:18,320

mountain tops and i i you know i'm

2427

01:39:23,189 --> 01:39:21,360

looking at 100 miles that it traveled

2428

01:39:25,990 --> 01:39:23,199

and uh

2429

01:39:28,390 --> 01:39:26,000

wow not very fast i mean it was doing

2430

01:39:34,790 --> 01:39:32,229

three four hundred miles an hour maybe

2431

01:39:37,510 --> 01:39:34,800

a little bit more less

2432

01:39:38,229 --> 01:39:37,520

relatively slow

2433

01:39:40,790 --> 01:39:38,239

too

2434

01:39:42,229 --> 01:39:40,800

yeah yeah but but lighting up the tops

2435

01:39:44,310 --> 01:39:42,239

you know because the mountains had snow

2436

01:39:46,229 --> 01:39:44,320

on them and so the green was

2437

01:39:48,310 --> 01:39:46,239

i mean it was turning the mountaintops

2438

01:39:49,990 --> 01:39:48,320

green as it went up i mean

2439

01:39:51,189 --> 01:39:50,000

that's it's kind of hard to argue with

2440

01:39:53,030 --> 01:39:51,199

that

2441

01:39:55,430 --> 01:39:53,040

you know if we had had youth adapt would

2442

01:39:57,990 --> 01:39:55,440

have caught the entire transit of that

2443

01:39:59,350 --> 01:39:58,000

object yeah it would have been captured

2444

01:40:01,990 --> 01:39:59,360

on those cameras

2445

01:40:04,149 --> 01:40:02,000

right right and green is one of the

2446

01:40:06,070 --> 01:40:04,159

colors you know we talked earlier about

2447

01:40:07,990 --> 01:40:06,080

orange you know the orange orbs that

2448

01:40:09,350 --> 01:40:08,000

people are singing and you know a lot of

2449

01:40:11,109 --> 01:40:09,360

orange lights and stuff like that but

2450

01:40:12,470 --> 01:40:11,119

green is another one

2451

01:40:15,030 --> 01:40:12,480

you know it's funny you don't hear or

2452

01:40:18,550 --> 01:40:15,040

whatever in the southwest yeah

2453

01:40:21,350 --> 01:40:18,560

yeah i mean uh i i was just on uh chris

2454

01:40:25,109 --> 01:40:21,360

lito's show and talked about a pilot

2455

01:40:28,790 --> 01:40:25,119

that he was uh somewhere going a long

2456

01:40:31,109 --> 01:40:28,800

haul uh in an f-16 i think it was years

2457

01:40:33,990 --> 01:40:31,119

ago and he said that a green orb

2458

01:40:36,870 --> 01:40:34,000

followed him for like 300 miles

2459

01:40:39,030 --> 01:40:36,880

you know which is pretty amazing man

2460

01:40:41,510 --> 01:40:39,040

he would not be on he was a he was a

2461

01:40:43,030 --> 01:40:41,520

deadheading captain on american airlines

2462

01:40:44,709 --> 01:40:43,040

and i couldn't get him to talk on my

2463

01:40:46,229 --> 01:40:44,719

show he said nope i said all right you

2464

01:40:48,149 --> 01:40:46,239

won't be on video

2465

01:40:49,750 --> 01:40:48,159

and you can you know you don't have to

2466

01:40:53,750 --> 01:40:49,760

say your name i just want to hear you

2467

01:40:55,109 --> 01:40:53,760

tell the story he goes nope don't do it

2468

01:40:56,470 --> 01:40:55,119

he's just afraid of his job but

2469

01:40:58,550 --> 01:40:56,480

unfortunately

2470

01:40:59,669 --> 01:40:58,560

well these guys you know it's all

2471

01:41:01,669 --> 01:40:59,679

changing

2472

01:41:02,390 --> 01:41:01,679

yeah it's not so

2473

01:41:04,629 --> 01:41:02,400

yeah

2474

01:41:06,629 --> 01:41:04,639

it doesn't have the stigma

2475

01:41:08,229 --> 01:41:06,639

last three years have really really i

2476

01:41:11,189 --> 01:41:08,239

never thought i'd

2477

01:41:13,830 --> 01:41:11,199

i knew i'd see it happen if i was lucky

2478

01:41:15,910 --> 01:41:13,840

but i never expected it you know

2479

01:41:18,229 --> 01:41:15,920

you know i always i was hoped for it but

2480

01:41:20,229 --> 01:41:18,239

uh and i kind of knew that i'd see it

2481

01:41:21,189 --> 01:41:20,239

but i i

2482

01:41:23,990 --> 01:41:21,199

you know

2483

01:41:25,510 --> 01:41:24,000

this newfound acceptance of the subject

2484

01:41:27,990 --> 01:41:25,520

is is uh

2485

01:41:29,510 --> 01:41:28,000

for a lot of i think a lot of people

2486

01:41:33,430 --> 01:41:29,520

i can

2487

01:41:35,830 --> 01:41:33,440

um you know there's a certain

2488

01:41:37,990 --> 01:41:35,840

feeling of of being redeemed a little

2489

01:41:40,470 --> 01:41:38,000

bit and being

2490

01:41:44,070 --> 01:41:40,480

you know validated because

2491

01:41:52,310 --> 01:41:47,669

ufological nerds are

2492

01:41:57,030 --> 01:41:53,830

let me tell you when i was living in

2493

01:41:59,750 --> 01:41:57,040

manhattan for 12 you know 10 years

2494

01:42:03,510 --> 01:41:59,760

new york for 12.

2495

01:42:06,870 --> 01:42:03,520

i can probably count the number of times

2496

01:42:08,470 --> 01:42:06,880

i had a conversation about this stuff uh

2497

01:42:11,270 --> 01:42:08,480

with a stranger

2498

01:42:13,350 --> 01:42:11,280

yeah uh and probably on one hand i can

2499

01:42:15,590 --> 01:42:13,360

you know of course with with my my

2500

01:42:17,750 --> 01:42:15,600

buddies they knew i was crazy i was

2501

01:42:19,990 --> 01:42:17,760

taking them on trips to try to see the

2502

01:42:22,470 --> 01:42:20,000

the hudson valley triangles and stuff

2503

01:42:24,229 --> 01:42:22,480

and i had friends that saw it and we

2504

01:42:25,590 --> 01:42:24,239

were chasing around after and every time

2505

01:42:27,430 --> 01:42:25,600

we'd go out it wouldn't be there the

2506

01:42:30,550 --> 01:42:27,440

next day they'd be there

2507

01:42:32,470 --> 01:42:30,560

oh i hated it uh and they hated it too

2508

01:42:34,390 --> 01:42:32,480

because they were you know

2509

01:42:36,149 --> 01:42:34,400

no i don't want to do that again man we

2510

01:42:37,910 --> 01:42:36,159

just sat around for three hours and

2511

01:42:40,070 --> 01:42:37,920

nothing happened

2512

01:42:43,510 --> 01:42:40,080

it's like fishing yeah

2513

01:42:44,550 --> 01:42:43,520

when you're in your early 20s that's uh

2514

01:42:48,470 --> 01:42:44,560

that's

2515

01:42:49,510 --> 01:42:48,480

yeah yeah um so i i think it's it's

2516

01:42:51,510 --> 01:42:49,520

funny when i

2517

01:42:54,070 --> 01:42:51,520

came here to the hotel i said

2518

01:42:56,470 --> 01:42:54,080

uh i said how's your internet internet

2519

01:42:59,270 --> 01:42:56,480

and the girl at the front desk said

2520

01:43:00,950 --> 01:42:59,280

um it's okay i said is there a place in

2521

01:43:03,430 --> 01:43:00,960

the hotel that's better than another and

2522

01:43:04,149 --> 01:43:03,440

she goes why do you need internet for

2523

01:43:05,830 --> 01:43:04,159

any

2524

01:43:08,709 --> 01:43:05,840

particular reason i said yeah i'm doing

2525

01:43:11,030 --> 01:43:08,719

a live show she goes oh really uh what

2526

01:43:15,030 --> 01:43:11,040

are you doing a live show on and and i

2527

01:43:16,390 --> 01:43:15,040

wasn't embarrassed to say ufos

2528

01:43:19,109 --> 01:43:16,400

that's cool

2529

01:43:21,590 --> 01:43:19,119

but uh i've been like i i've kept that

2530

01:43:23,350 --> 01:43:21,600

quiet a lot in uh you know in my

2531

01:43:25,510 --> 01:43:23,360

professional world and stuff like that

2532

01:43:27,830 --> 01:43:25,520

and but i'm not feeling that pressure

2533

01:43:30,550 --> 01:43:27,840

like i did so i think there is

2534

01:43:32,390 --> 01:43:30,560

i think that kind of frees it up for

2535

01:43:34,870 --> 01:43:32,400

it's like the the water lifting all

2536

01:43:36,390 --> 01:43:34,880

boats up as they say you know yeah

2537

01:43:39,030 --> 01:43:36,400

exactly

2538

01:43:40,390 --> 01:43:39,040

i totally agree martin i i i think it's

2539

01:43:45,189 --> 01:43:40,400

uh

2540

01:43:47,350 --> 01:43:45,199

because of the way it's unfolding

2541

01:43:49,910 --> 01:43:47,360

because you know all of a sudden

2542

01:43:53,030 --> 01:43:49,920

we we've had a an extra bonus and not

2543

01:43:55,590 --> 01:43:53,040

many people are talking about this they

2544

01:43:58,390 --> 01:43:55,600

were analyzing it

2545

01:44:00,950 --> 01:43:58,400

the fact that the reason why ossoff

2546

01:44:02,709 --> 01:44:00,960

had to spin off into atep and and why

2547

01:44:03,910 --> 01:44:02,719

ossoff really didn't

2548

01:44:07,669 --> 01:44:03,920

didn't

2549

01:44:10,390 --> 01:44:07,679

it was just ill-conceived was because

2550

01:44:13,270 --> 01:44:10,400

they got involved in in

2551

01:44:16,470 --> 01:44:13,280

you know attendant phenomena uh

2552

01:44:18,870 --> 01:44:16,480

such as the pre-sentient type phenomenon

2553

01:44:21,350 --> 01:44:18,880

skin walker ranch that john alexander

2554

01:44:24,629 --> 01:44:21,360

likes to talk about and and once you're

2555

01:44:26,870 --> 01:44:24,639

starting to go from nuts and bolts craft

2556

01:44:29,030 --> 01:44:26,880

are violating our airspace and our

2557

01:44:31,750 --> 01:44:29,040

national security issue to

2558

01:44:34,550 --> 01:44:31,760

people you know being injured by

2559

01:44:37,910 --> 01:44:34,560

uh paranormal stuff i mean

2560

01:44:39,430 --> 01:44:37,920

there was a linking there um

2561

01:44:40,229 --> 01:44:39,440

early on

2562

01:44:42,390 --> 01:44:40,239

uh

2563

01:44:44,709 --> 01:44:42,400

with the you know with the initial

2564

01:44:47,270 --> 01:44:44,719

uh with the initial conversations and

2565

01:44:50,629 --> 01:44:47,280

ideas that were

2566

01:44:53,590 --> 01:44:50,639

shared with harry reid and and bigelow

2567

01:44:55,189 --> 01:44:53,600

at least based on what i i can surmise

2568

01:44:57,430 --> 01:44:55,199

um

2569

01:44:59,669 --> 01:44:57,440

that they always were aware that there

2570

01:45:02,070 --> 01:44:59,679

was something more going on and

2571

01:45:05,510 --> 01:45:02,080

consciousness was playing a large part

2572

01:45:08,310 --> 01:45:05,520

in this and that's why bigelow was so

2573

01:45:11,669 --> 01:45:08,320

intrigued by this he's very into

2574

01:45:14,470 --> 01:45:11,679

into the idea of studying consciousness

2575

01:45:17,189 --> 01:45:14,480

and uh he's put his money where his

2576

01:45:18,870 --> 01:45:17,199

mouth is too more than anybody that i

2577

01:45:20,950 --> 01:45:18,880

that i know of uh

2578

01:45:22,550 --> 01:45:20,960

you know lawrence rockefeller put a lot

2579

01:45:23,910 --> 01:45:22,560

of money into things too but not like

2580

01:45:25,990 --> 01:45:23,920

robert bigelow

2581

01:45:27,510 --> 01:45:26,000

uh he's a man on a mission and i i

2582

01:45:29,910 --> 01:45:27,520

respect that

2583

01:45:30,690 --> 01:45:29,920

but at the same time

2584

01:45:32,390 --> 01:45:30,700

you know there's

2585

01:45:34,470 --> 01:45:32,400

[Music]

2586

01:45:36,149 --> 01:45:34,480

the way this whole thing's unfolding is

2587

01:45:38,149 --> 01:45:36,159

is

2588

01:45:40,790 --> 01:45:38,159

it's almost like it's been you know sort

2589

01:45:42,629 --> 01:45:40,800

of mapped out and pre-ordained you know

2590

01:45:44,229 --> 01:45:42,639

and i i

2591

01:45:46,070 --> 01:45:44,239

you know does that make you feel does

2592

01:45:46,870 --> 01:45:46,080

that make you feel cautious though i

2593

01:45:50,629 --> 01:45:46,880

mean

2594

01:45:53,109 --> 01:45:50,639

no because ultimately it's it's a it's a

2595

01:45:54,149 --> 01:45:53,119

you know it's a win-win scenario uh for

2596

01:45:56,390 --> 01:45:54,159

everybody

2597

01:45:58,550 --> 01:45:56,400

the only thing that i'm worried about is

2598

01:46:01,510 --> 01:45:58,560

the negation of

2599

01:46:05,830 --> 01:46:01,520

you know the rebranding of of this whole

2600

01:46:08,229 --> 01:46:05,840

mystery from from the ubiquitous ufo uh

2601
01:46:09,629 --> 01:46:08,239
to this amorphous

2602
01:46:12,950 --> 01:46:09,639
you know

2603
01:46:15,990 --> 01:46:12,960
unidentified phenomena

2604
01:46:18,629 --> 01:46:16,000
yeah yeah or phenomenon

2605
01:46:20,790 --> 01:46:18,639
yeah uh so yeah i have a problem with

2606
01:46:23,030 --> 01:46:20,800
that with that part of it what they're

2607
01:46:25,750 --> 01:46:23,040
doing is they're trying to wipe the

2608
01:46:29,350 --> 01:46:25,760
slave clean that 70

2609
01:46:32,470 --> 01:46:29,360
you know five plus year uh

2610
01:46:33,910 --> 01:46:32,480
truth embargo is even uh uh that's it

2611
01:46:35,510 --> 01:46:33,920
would say or

2612
01:46:37,870 --> 01:46:35,520
you know the uh

2613
01:46:43,750 --> 01:46:41,750

mj-12 or you know spectre

2614

01:46:46,709 --> 01:46:43,760

or you know

2615

01:46:48,550 --> 01:46:46,719

what are some of the other bad guy

2616

01:46:49,990 --> 01:46:48,560

organizations

2617

01:46:52,950 --> 01:46:50,000

dr no

2618

01:46:57,669 --> 01:46:55,669

so you know we're we're now we're

2619

01:46:59,430 --> 01:46:57,679

getting on to you know the kids of the

2620

01:47:01,430 --> 01:46:59,440

cold warriors and

2621

01:47:02,310 --> 01:47:01,440

and they realize that they can't you

2622

01:47:03,910 --> 01:47:02,320

know

2623

01:47:06,310 --> 01:47:03,920

they're not willing

2624

01:47:08,790 --> 01:47:06,320

uh to hold the secret of their fathers

2625

01:47:10,870 --> 01:47:08,800

and grandfathers uh they're saying hey

2626

01:47:12,390 --> 01:47:10,880

we've got to figure out a way to to let

2627

01:47:14,229 --> 01:47:12,400

you know people know what they want to

2628

01:47:15,910 --> 01:47:14,239

know because this is not

2629

01:47:18,149 --> 01:47:15,920

you know

2630

01:47:19,830 --> 01:47:18,159

this is going to break open somehow

2631

01:47:22,070 --> 01:47:19,840

something's going to happen

2632

01:47:23,030 --> 01:47:22,080

we're going to be behind the the eight

2633

01:47:25,750 --> 01:47:23,040

ball

2634

01:47:28,470 --> 01:47:25,760

uh as you know the government speaking

2635

01:47:30,149 --> 01:47:28,480

they their job is control if they're not

2636

01:47:32,070 --> 01:47:30,159

in control they're behind the eight ball

2637

01:47:33,990 --> 01:47:32,080

and they they need to get ahead of the

2638

01:47:34,830 --> 01:47:34,000

narrative and they need to

2639

01:47:38,310 --> 01:47:34,840

uh

2640

01:47:40,709 --> 01:47:38,320

start controlling the situation which is

2641

01:47:42,470 --> 01:47:40,719

invariably what they end up trying to do

2642

01:47:45,830 --> 01:47:42,480

so

2643

01:47:48,950 --> 01:47:45,840

even though that's the case um

2644

01:47:51,109 --> 01:47:48,960

this recent amendment uh

2645

01:47:52,790 --> 01:47:51,119

you know the kirsten gilbert

2646

01:47:54,310 --> 01:47:52,800

uh

2647

01:47:57,270 --> 01:47:54,320

amendment to the

2648

01:47:59,109 --> 01:47:57,280

national defense authorization bill

2649

01:48:01,270 --> 01:47:59,119

uh

2650

01:48:03,510 --> 01:48:01,280

i'm really disappointed that the one

2651

01:48:05,669 --> 01:48:03,520

thing i was most excited by

2652

01:48:06,950 --> 01:48:05,679

which was the inclusion of a civilian

2653

01:48:09,669 --> 01:48:06,960

advisory

2654

01:48:11,350 --> 01:48:09,679

body and it was delineated out

2655

01:48:13,830 --> 01:48:11,360

how that those uh

2656

01:48:16,070 --> 01:48:13,840

individuals would be chosen

2657

01:48:18,629 --> 01:48:16,080

including uh i think two or three from

2658

01:48:19,750 --> 01:48:18,639

the from scu the

2659

01:48:21,109 --> 01:48:19,760

scientific

2660

01:48:23,510 --> 01:48:21,119

coalition

2661

01:48:26,149 --> 01:48:23,520

for ufology or whatever robert powell's

2662

01:48:28,390 --> 01:48:26,159

group um

2663

01:48:30,790 --> 01:48:28,400

and they excise that

2664

01:48:32,709 --> 01:48:30,800

from what i understand from the language

2665

01:48:34,790 --> 01:48:32,719

of the amendment so

2666

01:48:37,750 --> 01:48:34,800

uh you know this is all going to be

2667

01:48:39,109 --> 01:48:37,760

bureaucratically monitored and

2668

01:48:41,990 --> 01:48:39,119

there's not going to be any sort of

2669

01:48:43,590 --> 01:48:42,000

civilian oversight except for the

2670

01:48:44,950 --> 01:48:43,600

committees that are going to be in

2671

01:48:47,030 --> 01:48:44,960

charge

2672

01:48:49,109 --> 01:48:47,040

of oversight but in terms of of the

2673

01:48:53,910 --> 01:48:49,119

people

2674

01:48:56,629 --> 01:48:55,430

whatever

2675

01:48:58,390 --> 01:48:56,639

you know

2676

01:49:00,070 --> 01:48:58,400

lobbyists aren't going to be coming to

2677

01:49:02,550 --> 01:49:00,080

uh you know some scientists from the

2678

01:49:03,910 --> 01:49:02,560

university of montana you know lobbyists

2679

01:49:04,629 --> 01:49:03,920

aren't going to be coming to his door

2680

01:49:08,390 --> 01:49:04,639

and

2681

01:49:10,310 --> 01:49:08,400

making him a wealthy man

2682

01:49:12,149 --> 01:49:10,320

you know the quickest way to become a

2683

01:49:14,870 --> 01:49:12,159

millionaire in america is to be elected

2684

01:49:16,470 --> 01:49:14,880

to congress i mean

2685

01:49:17,270 --> 01:49:16,480

let's get real

2686

01:49:21,270 --> 01:49:17,280

yeah

2687

01:49:22,470 --> 01:49:21,280

anyone would like to call in and that

2688

01:49:23,160 --> 01:49:22,480

number

2689

01:49:24,870 --> 01:49:23,170

all the way dude

2690

01:49:26,790 --> 01:49:24,880

[Laughter]

2691

01:49:29,350 --> 01:49:26,800

eight five five four seven two five four

2692

01:49:30,310 --> 01:49:29,360

eight three oh chris you're always fun

2693

01:49:32,470 --> 01:49:30,320

um

2694

01:49:33,830 --> 01:49:32,480

we have oh geez i didn't realize this we

2695

01:49:36,310 --> 01:49:33,840

only have about four or four minutes

2696

01:49:38,390 --> 01:49:36,320

left of the show so i i better take that

2697

01:49:41,350 --> 01:49:38,400

back unless someone calls in right away

2698

01:49:43,510 --> 01:49:41,360

uh but uh i didn't realize wow that

2699

01:49:44,390 --> 01:49:43,520

that's gone really fast so

2700

01:49:47,109 --> 01:49:44,400

um

2701

01:49:49,510 --> 01:49:47,119

we should hopefully bore you

2702

01:49:52,629 --> 01:49:49,520

oh not at all no no it always goes fast

2703

01:49:53,830 --> 01:49:52,639

when you're on and that's good um so

2704

01:49:56,149 --> 01:49:53,840

uh the

2705

01:49:58,229 --> 01:49:56,159

thing that people know you from is you

2706

01:50:00,550 --> 01:49:58,239

wrote the best book

2707

01:50:02,070 --> 01:50:00,560

um on cattle mutilations which i think

2708

01:50:03,830 --> 01:50:02,080

is fascinating i know you've talked

2709

01:50:06,070 --> 01:50:03,840

about it on my show a number of times

2710

01:50:08,870 --> 01:50:06,080

stalking the herd i have the book it's

2711

01:50:11,109 --> 01:50:08,880

huge is it like 500 it feels like 500

2712

01:50:13,270 --> 01:50:11,119

pages is it like 3 400

2713

01:50:15,350 --> 01:50:13,280

how much

2714

01:50:17,910 --> 01:50:15,360

600 pages yeah

2715

01:50:18,950 --> 01:50:17,920

it was actually 900 when i finished it

2716

01:50:21,910 --> 01:50:18,960

but

2717

01:50:23,910 --> 01:50:21,920

you know i took out all the uh

2718

01:50:27,669 --> 01:50:23,920

it took out 300 pages which is going to

2719

01:50:28,629 --> 01:50:27,679

be uh included in the follow up

2720

01:50:29,669 --> 01:50:28,639

oh you're actually going to do a

2721

01:50:32,149 --> 01:50:29,679

follow-up

2722

01:50:34,550 --> 01:50:32,159

i've been working on it six years

2723

01:50:35,430 --> 01:50:34,560

with david perkins

2724

01:50:37,510 --> 01:50:35,440

oh

2725

01:50:40,709 --> 01:50:37,520

wow we're hoping to get it out by

2726

01:50:42,070 --> 01:50:40,719

christmas 2000 uh 2022.

2727

01:50:44,470 --> 01:50:42,080

so yeah

2728

01:50:46,870 --> 01:50:44,480

well it's it's funny you know this i i

2729

01:50:50,149 --> 01:50:46,880

was listening somewhere and

2730

01:50:53,990 --> 01:50:50,159

and someone said something like there is

2731

01:50:56,550 --> 01:50:54,000

a ufo connection and then there someone

2732

01:50:57,589 --> 01:50:56,560

said there's a military connection

2733

01:51:00,070 --> 01:50:57,599

um

2734

01:51:03,750 --> 01:51:00,080

could it be all of the above or none

2735

01:51:04,790 --> 01:51:03,760

yeah just like ufos ufos could be ets

2736

01:51:06,709 --> 01:51:04,800

they could be

2737

01:51:09,510 --> 01:51:06,719

us coming back from the future they

2738

01:51:10,709 --> 01:51:09,520

could be uh ultra terrestrials that live

2739

01:51:15,270 --> 01:51:10,719

you know

2740

01:51:16,629 --> 01:51:15,280

at the deepest point on the planet or

2741

01:51:19,189 --> 01:51:16,639

they could be

2742

01:51:21,589 --> 01:51:19,199

uh living in the mantle and some sort of

2743

01:51:23,189 --> 01:51:21,599

aquatic environment there or they could

2744

01:51:26,870 --> 01:51:23,199

they could be

2745

01:51:28,709 --> 01:51:26,880

atmospheric beings uh creatures that

2746

01:51:30,709 --> 01:51:28,719

can float in and out with our

2747

01:51:31,750 --> 01:51:30,719

environment there's a ton of closed

2748

01:51:34,229 --> 01:51:31,760

system

2749

01:51:35,910 --> 01:51:34,239

uh explanations that i've i've always

2750

01:51:36,790 --> 01:51:35,920

been fascinated by

2751
01:51:39,350 --> 01:51:36,800
um

2752
01:51:41,830 --> 01:51:39,360
surviving technology from uh

2753
01:51:43,510 --> 01:51:41,840
anti-diluvian civilizations

2754
01:51:46,070 --> 01:51:43,520
i mean

2755
01:51:49,510 --> 01:51:46,080
yeah we don't know we have as much

2756
01:51:51,189 --> 01:51:49,520
evidence for any of those as we do for

2757
01:51:52,310 --> 01:51:51,199
all the others so

2758
01:51:54,149 --> 01:51:52,320
i agree

2759
01:51:56,709 --> 01:51:54,159
and you know that's what that's one of

2760
01:51:57,750 --> 01:51:56,719
the reasons that i i keep doing i love

2761
01:52:01,270 --> 01:51:57,760
this

2762
01:52:02,629 --> 01:52:01,280
subject it's because of all the ideas

2763
01:52:03,750 --> 01:52:02,639

of of what

2764

01:52:05,430 --> 01:52:03,760

they could do

2765

01:52:06,629 --> 01:52:05,440

you know

2766

01:52:08,310 --> 01:52:06,639

um

2767

01:52:10,390 --> 01:52:08,320

yeah

2768

01:52:12,149 --> 01:52:10,400

it's keeps your brain fresh you know it

2769

01:52:14,550 --> 01:52:12,159

makes you think uh

2770

01:52:16,470 --> 01:52:14,560

it's it's like uh

2771

01:52:18,390 --> 01:52:16,480

you know it's a huge puzzle and if

2772

01:52:20,470 --> 01:52:18,400

you're good at puzzles uh this is a good

2773

01:52:22,390 --> 01:52:20,480

one and if you're really good at puzzles

2774

01:52:26,310 --> 01:52:22,400

come see me because i need some help

2775

01:52:30,709 --> 01:52:28,470

yeah so um

2776

01:52:33,030 --> 01:52:30,719

in the follow-up book are you so you're

2777

01:52:35,430 --> 01:52:33,040

obviously working on recent cases too

2778

01:52:37,910 --> 01:52:35,440

then right

2779

01:52:40,310 --> 01:52:37,920

the following book is called mute speak

2780

01:52:42,830 --> 01:52:40,320

actually is a working title uh i'm

2781

01:52:45,990 --> 01:52:42,840

co-authoring it with david perkins

2782

01:52:49,430 --> 01:52:46,000

my my mentor

2783

01:52:52,149 --> 01:52:49,440

and uh it's basically an analysis it's a

2784

01:52:53,270 --> 01:52:52,159

it it's an oral analysis of stock in the

2785

01:52:55,270 --> 01:52:53,280

herd

2786

01:52:58,149 --> 01:52:55,280

i see we only got we have less than a

2787

01:52:59,750 --> 01:52:58,159

minute here so but i wanted to uh thank

2788

01:53:01,910 --> 01:52:59,760

you so much and i just wanted to tell

2789

01:53:03,910 --> 01:53:01,920

you that i i got contacted from someone

2790

01:53:06,550 --> 01:53:03,920

at canada that told me they had a horse

2791

01:53:10,629 --> 01:53:06,560

mutilation like 40 years ago

2792

01:53:12,950 --> 01:53:10,639
