HABLA LA MUJER SECUESTRADA POR EL OVNI

15-5952-6434

APARECIO CON UNA MISTERIOSA MARCA EN LA CABEZA

1
00:00:37,750 --> 00:00:16,100

[Music]

2
00:00:43,030 --> 00:00:40,549

update a woman transported by a ufo in

3
00:00:45,029 --> 00:00:43,040

argentina by charles lear

4
00:00:47,029 --> 00:00:45,039

in last week's blog we looked at a

5
00:00:49,350 --> 00:00:47,039

recent report from the pompous region of

6
00:00:51,510 --> 00:00:49,360

argentina that involved a missing woman

7
00:00:54,150 --> 00:00:51,520

who was found the next day in a town

8
00:00:56,790 --> 00:00:54,160

around 65 kilometers from where she was

9
00:00:59,349 --> 00:00:56,800

last seen she reported being in her yard

10
00:01:01,270 --> 00:00:59,359

in jacinto arroyos seeing a light and

11
00:01:03,430 --> 00:01:01,280

then suddenly finding herself sitting in

12
00:01:05,910 --> 00:01:03,440

the road in the town of gettrache with

13
00:01:07,670 --> 00:01:05,920

no memory of how she got there the case

14

00:01:09,990 --> 00:01:07,680

caught the interest of a local ufo

15

00:01:12,149 --> 00:01:10,000

researcher as it bore a resemblance to

16

00:01:14,870 --> 00:01:12,159

an alien abduction case reported in the

17

00:01:16,789 --> 00:01:14,880

area in 1983 the researcher was

18

00:01:19,030 --> 00:01:16,799

interviewed in connection with the story

19

00:01:20,950 --> 00:01:19,040

in the local paper la arena and the

20

00:01:23,590 --> 00:01:20,960

woman's disappearance was presented in

21

00:01:25,749 --> 00:01:23,600

the paper with the alien angle in mind

22

00:01:27,670 --> 00:01:25,759

since the last blog was posted the woman

23

00:01:29,990 --> 00:01:27,680

has come forward and was interviewed for

24

00:01:32,710 --> 00:01:30,000

a video segment posted on the web-based

25

00:01:34,310 --> 00:01:32,720

news site chronica tv in case there

26

00:01:36,310 --> 00:01:34,320

might be any question of whether the

27

00:01:38,230 --> 00:01:36,320

presenters had any sort of bias towards

28

00:01:40,870 --> 00:01:38,240

the alien explanation for the woman's

29

00:01:44,630 --> 00:01:40,880

experience the segment is titled hablo

30

00:01:46,789 --> 00:01:44,640

la moier abducita poranovni on lapampa

31

00:01:49,350 --> 00:01:46,799

which in english according to translated

32

00:01:52,069 --> 00:01:49,360

duckduckgo is spoke the woman abducted

33

00:01:54,230 --> 00:01:52,079

by a ufo in lapampa the woman has been

34

00:01:56,149 --> 00:01:54,240

identified as irma rick and she was

35

00:01:58,709 --> 00:01:56,159

interviewed by a man in the yard outside

36

00:02:01,109 --> 00:01:58,719

her house and a man and a woman in the

37

00:02:02,550 --> 00:02:01,119

studio at this point she still had no

38

00:02:04,389 --> 00:02:02,560

memory of what had happened to her

39

00:02:06,870 --> 00:02:04,399

between seeing the light in her yard and

40

00:02:08,469 --> 00:02:06,880

finding herself in gethrache rick tells

41

00:02:10,869 --> 00:02:08,479

the interviewer that her husband had

42

00:02:12,949 --> 00:02:10,879

gone to look after another property and

43

00:02:14,869 --> 00:02:12,959

that she had gotten up that morning had

44

00:02:16,790 --> 00:02:14,879

two or three cups of mate a

45

00:02:18,630 --> 00:02:16,800

caffeine-rich drink made from ground

46

00:02:21,110 --> 00:02:18,640

yerba leaves and was playing with her

47

00:02:22,550 --> 00:02:21,120

phone her phone started acting up she

48

00:02:24,470 --> 00:02:22,560

described that there were lines

49

00:02:26,949 --> 00:02:24,480

crisscrossing it and then she heard a

50

00:02:28,949 --> 00:02:26,959

buzzing noise outside like when the wind

51
00:02:30,309 --> 00:02:28,959
whistles against the window she thought

52
00:02:32,229 --> 00:02:30,319
her husband might have forgotten

53
00:02:34,630 --> 00:02:32,239
something and was coming back so she

54
00:02:37,509 --> 00:02:34,640
went outside she then heard what sounded

55
00:02:40,070 --> 00:02:37,519
like an incredibly powerful wind and saw

56
00:02:42,070 --> 00:02:40,080
lights many lights that were so bright

57
00:02:44,070 --> 00:02:42,080
she couldn't keep her eyes open in the

58
00:02:45,750 --> 00:02:44,080
first reports rick was said to have

59
00:02:48,070 --> 00:02:45,760
woken up sitting in the middle of the

60
00:02:50,229 --> 00:02:48,080
road with her phone in her hand in her

61
00:02:51,670 --> 00:02:50,239
interview she says she found herself

62
00:02:54,150 --> 00:02:51,680
sitting on the edge of the road with

63
00:02:56,390 --> 00:02:54,160

legs outstretched her arms were on her

64

00:02:58,790 --> 00:02:56,400

legs and her phone still on was in the

65

00:03:01,509 --> 00:02:58,800

pocket of her housecoat the interviewer

66

00:03:03,830 --> 00:03:01,519

asks her when she vanished and she says

67

00:03:07,030 --> 00:03:03,840

it was around 7am the interviewer

68

00:03:10,470 --> 00:03:07,040

clarifies that this was 7am on monday

69

00:03:12,390 --> 00:03:10,480

and that she appeared at 5am on tuesday

70

00:03:14,790 --> 00:03:12,400

rick corrects him saying no i

71

00:03:17,509 --> 00:03:14,800

disappeared on a tuesday and reappeared

72

00:03:19,430 --> 00:03:17,519

on a wednesday rick says that the first

73

00:03:22,149 --> 00:03:19,440

thing she did after finding herself in

74

00:03:24,309 --> 00:03:22,159

gethrache was to call her children she

75

00:03:26,949 --> 00:03:24,319

found herself unable to speak and began

76

00:03:28,789 --> 00:03:26,959

texting the man in the studio points out

77

00:03:30,789 --> 00:03:28,799

that she was still unable to speak in

78

00:03:33,430 --> 00:03:30,799

the hospital where she was taken after

79

00:03:35,750 --> 00:03:33,440

being found by a catrache police patrol

80

00:03:37,910 --> 00:03:35,760

and rick confirms this a man in the

81

00:03:40,710 --> 00:03:37,920

studio brings up the abduction idea with

82

00:03:42,869 --> 00:03:40,720

this question irma evidently this is the

83

00:03:45,190 --> 00:03:42,879

first time you're telling your story the

84

00:03:47,430 --> 00:03:45,200

possible abduction is that how you say

85

00:03:50,070 --> 00:03:47,440

it by a ufo in the enormity of the

86

00:03:51,910 --> 00:03:50,080

province of la pampa now surely you've

87

00:03:54,149 --> 00:03:51,920

told this to your friends relatives

88

00:03:56,550 --> 00:03:54,159

acquaintances how did you say it and how

89

00:03:58,789 --> 00:03:56,560

was it received did they believe you or

90

00:04:00,550 --> 00:03:58,799

not the interviewer points out that this

91

00:04:02,470 --> 00:04:00,560

is the first time she's spoken about

92

00:04:04,470 --> 00:04:02,480

what happened to her with anyone other

93

00:04:06,869 --> 00:04:04,480

than her husband and rick corrects him

94

00:04:09,670 --> 00:04:06,879

saying she discussed it with her husband

95

00:04:11,670 --> 00:04:09,680

and her kids the man in the studio asks

96

00:04:13,830 --> 00:04:11,680

what they had to say about it and rick

97

00:04:15,910 --> 00:04:13,840

replies what were they going to say

98

00:04:17,670 --> 00:04:15,920

they're just as startled as me i would

99

00:04:19,990 --> 00:04:17,680

like to know what happened to me but i

100

00:04:22,069 --> 00:04:20,000

still don't know anything the man in the

101
00:04:24,070 --> 00:04:22,079
studio and the interviewer started

102
00:04:25,909 --> 00:04:24,080
discussion with rick about the fact that

103
00:04:28,390 --> 00:04:25,919
her clothes were clean in spite of the

104
00:04:30,390 --> 00:04:28,400
long distance she traveled she confirmed

105
00:04:33,430 --> 00:04:30,400
that her clothes were clean but that she

106
00:04:35,830 --> 00:04:33,440
was told that she was very dirty smelly

107
00:04:38,150 --> 00:04:35,840
the interviewer asks if she walked 60

108
00:04:39,990 --> 00:04:38,160
kilometers and she replies i don't think

109
00:04:42,790 --> 00:04:40,000
i could walk such a distance in that

110
00:04:45,270 --> 00:04:42,800
time the woman in the studio asks if

111
00:04:47,030 --> 00:04:45,280
rick had any marks on her body and rick

112
00:04:49,510 --> 00:04:47,040
tells her that there is a mark on her

113
00:04:51,749 --> 00:04:49,520

head the camera zooms in on a small mark

114

00:04:54,950 --> 00:04:51,759

on her scalp and the man in the studio

115

00:04:57,110 --> 00:04:54,960

says look at that cut so weird this is

116

00:04:59,189 --> 00:04:57,120

incredible marco it's a meticulous

117

00:05:01,590 --> 00:04:59,199

incision and a tough one to do am i

118

00:05:03,670 --> 00:05:01,600

right the interviewer asks if rick can

119

00:05:06,150 --> 00:05:03,680

walk with him to the spot where it

120

00:05:09,029 --> 00:05:06,160

happened and they do so she points out

121

00:05:11,270 --> 00:05:09,039

the location and the interviewer asks so

122

00:05:13,909 --> 00:05:11,280

the abduction took place right there

123

00:05:16,150 --> 00:05:13,919

rick replies i don't remember but i know

124

00:05:18,310 --> 00:05:16,160

i got that far the interviewer attempts

125

00:05:20,390 --> 00:05:18,320

to rule out a conventional vehicle being

126

00:05:22,629 --> 00:05:20,400

involved by pointing out that the road

127

00:05:24,870 --> 00:05:22,639

is about a kilometer from the house and

128

00:05:26,950 --> 00:05:24,880

says if there was a vehicle involved she

129

00:05:29,830 --> 00:05:26,960

would have noticed right irma rick

130

00:05:31,909 --> 00:05:29,840

replies yes i suppose i would have aside

131

00:05:34,230 --> 00:05:31,919

from that take a look all i could hear

132

00:05:36,310 --> 00:05:34,240

was the wind a very strong wind that

133

00:05:38,950 --> 00:05:36,320

seemed to suck you in but that's where i

134

00:05:40,710 --> 00:05:38,960

lost consciousness the man in the studio

135

00:05:42,629 --> 00:05:40,720

says that the staff is checking on the

136

00:05:45,430 --> 00:05:42,639

weather for the day in question and that

137

00:05:47,590 --> 00:05:45,440

there was no call for strong winds at

138

00:05:49,510 --> 00:05:47,600

least from what the records show the man

139

00:05:52,150 --> 00:05:49,520

in the studio brings attention to some

140

00:05:54,469 --> 00:05:52,160

indentations and asks would those be the

141

00:05:56,150 --> 00:05:54,479

mark the record of the event am i saying

142

00:05:57,909 --> 00:05:56,160

it right or not there's some

143

00:06:00,230 --> 00:05:57,919

interference and the man in the studio

144

00:06:02,070 --> 00:06:00,240

gets back to his question and asks i was

145

00:06:04,070 --> 00:06:02,080

saying that those indentations

146

00:06:05,749 --> 00:06:04,080

depressions on the soil could they be

147

00:06:08,309 --> 00:06:05,759

the record of the event could it be a

148

00:06:10,390 --> 00:06:08,319

key to this investigation he brings the

149

00:06:13,110 --> 00:06:10,400

interviewers and rick's attention to a

150

00:06:15,670 --> 00:06:13,120

specific depression and she explains

151
00:06:17,670 --> 00:06:15,680
that's something the dog does the man in

152
00:06:20,390 --> 00:06:17,680
the studio asks if rick would be willing

153
00:06:22,710 --> 00:06:20,400
to tell her story to an agency tied to

154
00:06:25,510 --> 00:06:22,720
the research in these matters she tells

155
00:06:28,070 --> 00:06:25,520
him no i didn't speak to anyone the man

156
00:06:30,950 --> 00:06:28,080
asks but would you be willing to do so

157
00:06:33,990 --> 00:06:30,960
rick replies yes yes

158
00:06:36,150 --> 00:06:34,000
ufo researcher luis burgos posted his

159
00:06:38,790 --> 00:06:36,160
take on the case in a blog titled a

160
00:06:41,909 --> 00:06:38,800
contrarian viewpoint argentina's alleged

161
00:06:45,029 --> 00:06:41,919
abduction in lapampa on the blog site in

162
00:06:47,350 --> 00:06:45,039
explacata the journal of spanish ufology

163
00:06:49,270 --> 00:06:47,360

there he presented his views on the case

164

00:06:52,230 --> 00:06:49,280

is criticism of the way in which it was

165

00:06:55,430 --> 00:06:52,240

handled by the sensationalist media and

166

00:06:57,270 --> 00:06:55,440

accused chronica tv of engaging in its

167

00:06:59,830 --> 00:06:57,280

own ufo circus

168

00:07:02,070 --> 00:06:59,840

burgos laments that no proper on-site

169

00:07:03,670 --> 00:07:02,080

investigations were done and that rick's

170

00:07:05,430 --> 00:07:03,680

phone which could have been used to

171

00:07:07,270 --> 00:07:05,440

track her location during her missing

172

00:07:09,749 --> 00:07:07,280

time was never turned over to

173

00:07:11,909 --> 00:07:09,759

authorities turning to rick burgos

174

00:07:15,110 --> 00:07:11,919

points out that she had reported another

175

00:07:16,870 --> 00:07:15,120

sighting in 2002 he considers this fact

176

00:07:19,589 --> 00:07:16,880

to be something that works against

177

00:07:23,270 --> 00:07:19,599

rick's credibility according to burgos

178

00:07:25,830 --> 00:07:23,280

rick reported that on june 19 2002 she

179

00:07:27,589 --> 00:07:25,840

was awake at around 4 30 a.m when a

180

00:07:29,749 --> 00:07:27,599

bright blueish light shone into the

181

00:07:32,629 --> 00:07:29,759

house she opened the door and saw a

182

00:07:34,870 --> 00:07:32,639

brightly lit device floating over a silo

183

00:07:37,110 --> 00:07:34,880

she said a creature descended that

184

00:07:39,510 --> 00:07:37,120

looked slender and had a sort of head in

185

00:07:42,550 --> 00:07:39,520

its upper section she said i didn't

186

00:07:44,469 --> 00:07:42,560

notice any hands feet or eyes rick

187

00:07:46,790 --> 00:07:44,479

watched as the creature hovered for

188

00:07:49,430 --> 00:07:46,800

about a minute it then dove into the

189

00:07:51,589 --> 00:07:49,440

light and went inside it rick continued

190

00:07:53,749 --> 00:07:51,599

saying the light turned off and i didn't

191

00:07:55,430 --> 00:07:53,759

see where it took off to she said that

192

00:07:57,350 --> 00:07:55,440

the police told her that the bird

193

00:07:59,430 --> 00:07:57,360

droppings on the top of the silo were

194

00:08:01,589 --> 00:07:59,440

burned while what happened to rick

195

00:08:03,589 --> 00:08:01,599

remains a mystery one thing that we can

196

00:08:05,670 --> 00:08:03,599

take away from this case is that

197

00:08:08,070 --> 00:08:05,680

investigators should be careful to

198

00:08:17,560 --> 00:08:08,080

distinguish trace evidence of a ufo
