[Music]

2  
00:00:58,150 --> 00:00:52,040

so

3  
00:01:02,229 --> 00:00:59,910

hello and welcome to the show i'm martin

4  
00:01:04,310 --> 00:01:02,239

willis your host and we have a great one

5  
00:01:06,469 --> 00:01:04,320

lined up for you tonight i have help

6  
00:01:09,590 --> 00:01:06,479

tonight from my friend mac maloney he's

7  
00:01:11,590 --> 00:01:09,600

an author he runs a show usually he's

8  
00:01:13,270 --> 00:01:11,600

recording his show exactly the same time

9  
00:01:14,870 --> 00:01:13,280

my show's up but he's got a couple weeks

10  
00:01:17,109 --> 00:01:14,880

off so i yanked him in here he's going

11  
00:01:19,030 --> 00:01:17,119

to help me co-host through this show he

12  
00:01:22,070 --> 00:01:19,040

also had a book wartime

13  
00:01:23,830 --> 00:01:22,080

um ufos of wartime something like that

14

00:01:26,950 --> 00:01:23,840

mac i'm probably destroying the title to

15

00:01:30,630 --> 00:01:26,960

that our guest tonight is graham rendell

16

00:01:33,990 --> 00:01:30,640

and he randall and he has um a book out

17

00:01:34,870 --> 00:01:34,000

about the foo fighters uh ufos uh prior

18

00:01:36,310 --> 00:01:34,880

to

19

00:01:39,109 --> 00:01:36,320

roswell's basically what we're gonna be

20

00:01:41,429 --> 00:01:39,119

talking about and uh great guest from

21

00:01:43,830 --> 00:01:41,439

england is staying up late for the show

22

00:01:47,910 --> 00:01:43,840

our blog this week

23

00:01:50,230 --> 00:01:47,920

is a ufo and humanoid in space and you

24

00:01:51,910 --> 00:01:50,240

know it's kind it's for fun okay it's

25

00:01:52,710 --> 00:01:51,920

it's like a christmas

26

00:01:57,429 --> 00:01:52,720

uh

27

00:02:00,469 --> 00:01:57,439

i don't want to give a spoiler but it's

28

00:02:02,630 --> 00:02:00,479

a small short blog this week uh charles

29

00:02:05,910 --> 00:02:02,640

does a great job always like everything

30

00:02:07,670 --> 00:02:05,920

that he writes and every blog is turned

31

00:02:10,790 --> 00:02:07,680

into a audio blog i don't know about

32

00:02:11,830 --> 00:02:10,800

this one in particular but anyway um

33

00:02:14,070 --> 00:02:11,840

these

34

00:02:15,670 --> 00:02:14,080

shows that i'm running at break seem to

35

00:02:18,150 --> 00:02:15,680

be very popular when people are talking

36

00:02:20,470 --> 00:02:18,160

about their ufo encounters so if you'd

37

00:02:23,190 --> 00:02:20,480

like to if you had like a really

38

00:02:25,990 --> 00:02:23,200

interesting ufo encounter and you'd like

39

00:02:27,910 --> 00:02:26,000

to record like a three minute session uh

40

00:02:30,229 --> 00:02:27,920

feel free to reach out to me at martin

41

00:02:32,390 --> 00:02:30,239

at podcastufo.com

42

00:02:35,030 --> 00:02:32,400

i will tell you this i'm getting a lot

43

00:02:37,509 --> 00:02:35,040

of email and i will caution you it's

44

00:02:39,430 --> 00:02:37,519

much easier if you write kind of a short

45

00:02:40,309 --> 00:02:39,440

email sometimes i get them four pages

46

00:02:42,630 --> 00:02:40,319

long

47

00:02:44,150 --> 00:02:42,640

and i just cannot uh

48

00:02:46,229 --> 00:02:44,160

i just have too much to read to get

49

00:02:49,030 --> 00:02:46,239

through all those emails so

50

00:02:50,470 --> 00:02:49,040

i will try to answer every single email

51

00:02:52,550 --> 00:02:50,480

that i get

52

00:02:54,869 --> 00:02:52,560

i have uh someone that is uh coming

53

00:02:56,550 --> 00:02:54,879

forward for from the first

54

00:02:58,550 --> 00:02:56,560

uh he may have been on another show but

55

00:03:00,149 --> 00:02:58,560

he's he's coming forward uh who was

56

00:03:02,470 --> 00:03:00,159

actually uh one of the witnesses at

57

00:03:05,190 --> 00:03:02,480

rendelsham forest he's coming up on the

58

00:03:07,270 --> 00:03:05,200

18th of january just to let you know uh

59

00:03:09,430 --> 00:03:07,280

gary nolan i mentioned was coming up

60

00:03:12,149 --> 00:03:09,440

he's going to be uh he can't be on the

61

00:03:15,350 --> 00:03:12,159

show until march and lou elizondo will

62

00:03:18,949 --> 00:03:15,360

be on in march as well at some point

63

00:03:21,990 --> 00:03:18,959

so i yesterday i ran one of my first

64

00:03:24,789 --> 00:03:22,000

well my first everything else show since

65

00:03:27,670 --> 00:03:24,799

i think was 2016 when i used to run them

66

00:03:28,949 --> 00:03:27,680

and uh it was inside russia with a

67

00:03:31,350 --> 00:03:28,959

gentleman called

68

00:03:33,509 --> 00:03:31,360

named constantine very nice guy

69

00:03:35,350 --> 00:03:33,519

and he was very brave at some of the

70

00:03:36,789 --> 00:03:35,360

things he said about russia i worry a

71

00:03:39,350 --> 00:03:36,799

little bit about with some of the things

72

00:03:41,030 --> 00:03:39,360

that he said that's on our

73

00:03:43,030 --> 00:03:41,040

youtube channel only that's not going to

74

00:03:44,869 --> 00:03:43,040

be made into a podcast those are coming

75

00:03:46,710 --> 00:03:44,879

up randomly

76

00:03:48,869 --> 00:03:46,720

but it's kind of funny it's like all

77

00:03:51,350 --> 00:03:48,879

these people started posting comments oh

78

00:03:53,429 --> 00:03:51,360

this isn't ufos what's going on everyone

79

00:03:54,390 --> 00:03:53,439

wants to know about ufos so i put in the

80

00:03:57,110 --> 00:03:54,400

title

81

00:03:59,190 --> 00:03:57,120

not ufos well constantine

82

00:04:01,030 --> 00:03:59,200

uh saw that this morning

83

00:04:04,390 --> 00:04:01,040

and emailed me says do you want to talk

84

00:04:07,509 --> 00:04:04,400

about ufos and russia because his family

85

00:04:09,910 --> 00:04:07,519

and himself he uh he has had some

86

00:04:12,070 --> 00:04:09,920

encounters so i'll bring him back he's a

87

00:04:14,470 --> 00:04:12,080

great guy and so if you want to watch

88

00:04:16,069 --> 00:04:14,480

that that's on our youtube channel and

89

00:04:18,150 --> 00:04:16,079

if you want to get notifications for

90

00:04:20,390 --> 00:04:18,160

when we do those shows i'll try to put

91

00:04:21,749 --> 00:04:20,400

them in the newsletters if i can

92

00:04:23,270 --> 00:04:21,759

but if i can't

93

00:04:25,270 --> 00:04:23,280

all you have to do is subscribe to the

94

00:04:27,670 --> 00:04:25,280

channel and click the little bell and

95

00:04:30,310 --> 00:04:27,680

that'll send you email notifications

96

00:04:32,310 --> 00:04:30,320

anytime that we have um shows that will

97

00:04:35,590 --> 00:04:32,320

pop up that otherwise you would not know

98

00:04:36,710 --> 00:04:35,600

about so uh and those are random days

99

00:04:38,150 --> 00:04:36,720

random

100

00:04:40,710 --> 00:04:38,160

hopefully most of them will be in the

101  
00:04:41,990 --> 00:04:40,720  
evenings but um so i never know exactly

102  
00:04:44,870 --> 00:04:42,000  
what day it's going to be a day that's

103  
00:04:45,990 --> 00:04:44,880  
convenient for myself and convenient for

104  
00:04:47,749 --> 00:04:46,000  
a guest

105  
00:04:49,510 --> 00:04:47,759  
and hopefully we'll have all kinds of

106  
00:04:51,749 --> 00:04:49,520  
interesting shows i do have a lot of

107  
00:04:54,150 --> 00:04:51,759  
ideas i have a couple of emails out to

108  
00:04:56,310 --> 00:04:54,160  
people and hopefully we'll get again

109  
00:04:59,510 --> 00:04:56,320  
maybe a show a week or one every few

110  
00:05:01,189 --> 00:04:59,520  
weeks again it's random and uh i don't

111  
00:05:02,629 --> 00:05:01,199  
really want to start a mailing list i

112  
00:05:05,110 --> 00:05:02,639  
really don't want to do podcasts for

113  
00:05:07,510 --> 00:05:05,120

that just for the youtube channel only

114

00:05:09,110 --> 00:05:07,520

so i think that's enough of me babbling

115

00:05:11,990 --> 00:05:09,120

first of all i'd like to bring in my

116

00:05:14,629 --> 00:05:12,000

good friend mac maloney welcome back

117

00:05:17,830 --> 00:05:14,639

hi martin thanks for having me yeah it's

118

00:05:19,430 --> 00:05:17,840

it's always fun to have you on um and

119

00:05:21,749 --> 00:05:19,440

you're you're usually recording your

120

00:05:24,310 --> 00:05:21,759

show now and who knows you know if this

121

00:05:27,029 --> 00:05:24,320

thing that we're going through ever

122

00:05:31,110 --> 00:05:27,039

changes uh you know we'll do those in

123

00:05:33,189 --> 00:05:31,120

studio live shows again that was a blast

124

00:05:35,749 --> 00:05:33,199

we had a lot of fun uh doing uh the live

125

00:05:37,110 --> 00:05:35,759

show at wxex

126  
00:05:39,430 --> 00:05:37,120  
in uh

127  
00:05:40,950 --> 00:05:39,440  
to new hampshire a lot of fun right yeah

128  
00:05:43,270 --> 00:05:40,960  
yeah it was a lot of fun so hopefully

129  
00:05:44,950 --> 00:05:43,280  
we'll get to do that more mac um before

130  
00:05:46,790 --> 00:05:44,960  
i bring graham in what was the name of

131  
00:05:48,070 --> 00:05:46,800  
the that i think i butchered the title

132  
00:05:51,590 --> 00:05:48,080  
of your book

133  
00:05:53,749 --> 00:05:51,600  
what what what is it called uh ufos in

134  
00:05:56,230 --> 00:05:53,759  
i i think i sort of got it maybe you

135  
00:05:58,150 --> 00:05:56,240  
have it yeah i got it okay i did and now

136  
00:06:00,629 --> 00:05:58,160  
i would like to bring in our guests all

137  
00:06:03,270 --> 00:06:00,639  
the way from the uk graham rendell

138  
00:06:04,230 --> 00:06:03,280

randall welcome to the show hello how

139

00:06:06,550 --> 00:06:04,240

are you both

140

00:06:08,950 --> 00:06:06,560

we're doing great uh really good to see

141

00:06:11,510 --> 00:06:08,960

you thank you for your willingness uh

142

00:06:13,029 --> 00:06:11,520

first of all uh graham before we get

143

00:06:14,550 --> 00:06:13,039

going on

144

00:06:15,909 --> 00:06:14,560

you know your book in general can you

145

00:06:17,029 --> 00:06:15,919

tell us a little something about

146

00:06:18,710 --> 00:06:17,039

yourself

147

00:06:20,469 --> 00:06:18,720

you know what got you interested in the

148

00:06:23,189 --> 00:06:20,479

topic to begin with

149

00:06:25,990 --> 00:06:23,199

yeah sure um from about the age of four

150

00:06:29,110 --> 00:06:26,000

year old i was given model aircraft kits

151  
00:06:31,510 --> 00:06:29,120  
to to keep myself quiet um by my mother

152  
00:06:33,029 --> 00:06:31,520  
and the model kits had apart from the

153  
00:06:34,950 --> 00:06:33,039  
instructions had sort of little

154  
00:06:37,110 --> 00:06:34,960  
histories of the aircraft involved so i

155  
00:06:39,350 --> 00:06:37,120  
got into aviation sort of history that

156  
00:06:40,870 --> 00:06:39,360  
way by talking learning about the old

157  
00:06:42,390 --> 00:06:40,880  
aircraft like spitfire's measurements

158  
00:06:44,710 --> 00:06:42,400  
all this kind of thing and that

159  
00:06:46,629 --> 00:06:44,720  
developed into a history of world war ii

160  
00:06:48,550 --> 00:06:46,639  
and about five years later when i was

161  
00:06:50,390 --> 00:06:48,560  
eight or nine years old um i was already

162  
00:06:52,629 --> 00:06:50,400  
reading science fiction books by about

163  
00:06:54,629 --> 00:06:52,639

that time uh isaac asimov those those

164

00:06:56,390 --> 00:06:54,639

kind of novels i was quite a quick study

165

00:06:59,510 --> 00:06:56,400

i was i was reading quite well by then

166

00:07:02,070 --> 00:06:59,520

and my mother got better um thought she

167

00:07:04,070 --> 00:07:02,080

was doing me a favor by buying me a book

168

00:07:06,230 --> 00:07:04,080

which looked like one of the isaac

169

00:07:08,710 --> 00:07:06,240

asimov covers which was this

170

00:07:10,309 --> 00:07:08,720

which was um a book by

171

00:07:11,909 --> 00:07:10,319

brunswick trench because it had a

172

00:07:13,430 --> 00:07:11,919

spacecraft on the front of it she

173

00:07:16,230 --> 00:07:13,440

thought that was one of those it turned

174

00:07:18,070 --> 00:07:16,240

out to be a book on ufos so that's where

175

00:07:20,070 --> 00:07:18,080

my interest started from that book's

176

00:07:23,029 --> 00:07:20,080

quite dated um a lot of the stuff in

177

00:07:24,550 --> 00:07:23,039

there actually is a bit suspect but you

178

00:07:25,909 --> 00:07:24,560

know that's where it all started so i

179

00:07:27,510 --> 00:07:25,919

started reading everything i could find

180

00:07:29,670 --> 00:07:27,520

on those as well

181

00:07:31,510 --> 00:07:29,680

and basically just kicked off from there

182

00:07:33,749 --> 00:07:31,520

and of course the foo fighters is where

183

00:07:35,909 --> 00:07:33,759

everything comes together so my interest

184

00:07:38,390 --> 00:07:35,919

in aviation in german secret weapons

185

00:07:39,990 --> 00:07:38,400

from the wall and also from ufos all

186

00:07:42,870 --> 00:07:40,000

combines

187

00:07:45,189 --> 00:07:42,880

so you know the foo fighters

188

00:07:47,510 --> 00:07:45,199

you know were were early on you know i

189

00:07:50,309 --> 00:07:47,520

guess the typical thing

190

00:07:52,710 --> 00:07:50,319

that i think a lot of us do

191

00:07:55,150 --> 00:07:52,720

in when we're looking at ufos we pretend

192

00:07:58,230 --> 00:07:55,160

like nothing happened before

193

00:07:59,029 --> 00:07:58,240

1947. you know it's kind of kind of like

194

00:08:01,510 --> 00:07:59,039

that

195

00:08:03,110 --> 00:08:01,520

when in fact you know there was even uh

196

00:08:05,110 --> 00:08:03,120

you know i've talked to dave marlar

197

00:08:06,950 --> 00:08:05,120

there's been triangle sightings even you

198

00:08:09,589 --> 00:08:06,960

know the turn of the century and you

199

00:08:12,550 --> 00:08:09,599

know um so there goes that that theory

200

00:08:14,309 --> 00:08:12,560

of them being military aircraft you know

201  
00:08:17,749 --> 00:08:14,319  
possibly some of them are today who

202  
00:08:19,670 --> 00:08:17,759  
knows but um but anyway um so we think

203  
00:08:21,670 --> 00:08:19,680  
of ufos

204  
00:08:23,909 --> 00:08:21,680  
as the modern era i guess that's the

205  
00:08:26,469 --> 00:08:23,919  
best way to put it and you know i've

206  
00:08:29,350 --> 00:08:26,479  
talked to people like astrophysicists

207  
00:08:31,670 --> 00:08:29,360  
and they say things like you know for

208  
00:08:33,990 --> 00:08:31,680  
civilizations to line up

209  
00:08:36,709 --> 00:08:34,000  
in in their technology and things like

210  
00:08:38,149 --> 00:08:36,719  
that it's like you know a million to one

211  
00:08:41,190 --> 00:08:38,159  
type of thing so they could have been

212  
00:08:44,149 --> 00:08:41,200  
visiting for a million years or you know

213  
00:08:44,870 --> 00:08:44,159

whatever so or long before people were

214

00:08:46,310 --> 00:08:44,880

ever

215

00:08:48,550 --> 00:08:46,320

here

216

00:08:49,990 --> 00:08:48,560

these possibilities whoever it is that's

217

00:08:50,870 --> 00:08:50,000

visiting us

218

00:08:52,870 --> 00:08:50,880

again

219

00:08:53,670 --> 00:08:52,880

uh i always say this i don't know who it

220

00:08:56,470 --> 00:08:53,680

is

221

00:08:59,670 --> 00:08:56,480

that they're driving these uh crafts but

222

00:09:01,110 --> 00:08:59,680

uh but anyway so um

223

00:09:03,350 --> 00:09:01,120

aviation is that something you've been

224

00:09:05,030 --> 00:09:03,360

interested in all your life yeah i used

225

00:09:07,829 --> 00:09:05,040

to write for innovation magazine some

226

00:09:09,670 --> 00:09:07,839

time ago um i dropped out of ufos a bit

227

00:09:11,750 --> 00:09:09,680

towards the end of the 1990s and through

228

00:09:14,230 --> 00:09:11,760

the early 2000s because it was going a

229

00:09:15,990 --> 00:09:14,240

bit stale as far as i was concerned the

230

00:09:17,509 --> 00:09:16,000

the kind of excitement was going out of

231

00:09:19,750 --> 00:09:17,519

it for me like a lot of people you know

232

00:09:21,350 --> 00:09:19,760

your interests come and go um so i was

233

00:09:23,190 --> 00:09:21,360

more into the sort of writing on

234

00:09:25,750 --> 00:09:23,200

aviation matters and i was about looking

235

00:09:28,710 --> 00:09:25,760

and researching ufos um but that came

236

00:09:30,630 --> 00:09:28,720

back in 2017 like a lot of people came

237

00:09:32,790 --> 00:09:30,640

back with the three videos i was already

238

00:09:35,030 --> 00:09:32,800

sort of gravitating back into the into

239

00:09:37,509 --> 00:09:35,040

the interest anyway but that really

240

00:09:39,509 --> 00:09:37,519

galvanized me and to try and do more um

241

00:09:42,150 --> 00:09:39,519

and also it's a bit it's a different

242

00:09:43,990 --> 00:09:42,160

ballgame nowadays to be able to research

243

00:09:45,829 --> 00:09:44,000

and to write than it was when i was a

244

00:09:48,550 --> 00:09:45,839

youngster when i was first getting into

245

00:09:49,829 --> 00:09:48,560

ufos um you know back then i only had

246

00:09:51,990 --> 00:09:49,839

well you didn't have the internet when i

247

00:09:54,550 --> 00:09:52,000

first got into this i only had my local

248

00:09:56,389 --> 00:09:54,560

library as a resource nowadays you know

249

00:09:58,150 --> 00:09:56,399

the world's your oyster um there's so

250

00:10:00,550 --> 00:09:58,160

much stuff online that you can you can

251  
00:10:01,910 --> 00:10:00,560  
actually research even with covid going

252  
00:10:03,110 --> 00:10:01,920  
on last year when i

253  
00:10:05,670 --> 00:10:03,120  
earlier this year rather when i wrote

254  
00:10:08,470 --> 00:10:05,680  
the book the the amount of information i

255  
00:10:10,949 --> 00:10:08,480  
could find in terms of official records

256  
00:10:13,670 --> 00:10:10,959  
and raf records royal air force records

257  
00:10:16,310 --> 00:10:13,680  
was astounding um and you know it just

258  
00:10:17,990 --> 00:10:16,320  
went from there so it was and being able

259  
00:10:20,630 --> 00:10:18,000  
to find information from your side of

260  
00:10:22,790 --> 00:10:20,640  
the the atlantic as well was quite easy

261  
00:10:25,430 --> 00:10:22,800  
uh just by using the internet so finding

262  
00:10:27,509 --> 00:10:25,440  
source documentation which i didn't want

263  
00:10:28,949 --> 00:10:27,519

to write a book where it was just me

264

00:10:30,710 --> 00:10:28,959

throwing a whole load of theories out

265

00:10:31,990 --> 00:10:30,720

there and just seeing what would stick

266

00:10:33,590 --> 00:10:32,000

again you know if i throw them against

267

00:10:34,949 --> 00:10:33,600

the wall and see what would stick i

268

00:10:37,350 --> 00:10:34,959

wanted to actually go back to source

269

00:10:39,430 --> 00:10:37,360

documentation and find out what the you

270

00:10:40,630 --> 00:10:39,440

know the people back then were seeing

271

00:10:42,389 --> 00:10:40,640

and what they were talking about what

272

00:10:44,230 --> 00:10:42,399

they were describing and what they were

273

00:10:47,110 --> 00:10:44,240

thinking rather than me coming out with

274

00:10:50,069 --> 00:10:47,120

that so the book's quite heavy on um

275

00:10:52,069 --> 00:10:50,079

information it's not very it's quite

276

00:10:54,230 --> 00:10:52,079

light on me trying to say what they are

277

00:10:55,509 --> 00:10:54,240

because i don't know and if anybody buys

278

00:10:57,590 --> 00:10:55,519

my book

279

00:10:59,269 --> 00:10:57,600

expecting to find the answers as to what

280

00:11:00,710 --> 00:10:59,279

these things were i'm afraid they're

281

00:11:02,150 --> 00:11:00,720

going to be disappointed but they are

282

00:11:03,590 --> 00:11:02,160

hopefully going to be a hell of a lot

283

00:11:05,030 --> 00:11:03,600

more informed than they were before they

284

00:11:07,110 --> 00:11:05,040

started reading it

285

00:11:08,949 --> 00:11:07,120

yeah mac just let you know mack you can

286

00:11:11,030 --> 00:11:08,959

jump in anytime you have a

287

00:11:12,870 --> 00:11:11,040

question i was just going to say that um

288

00:11:15,269 --> 00:11:12,880

i like um

289

00:11:16,870 --> 00:11:15,279

to hear that graham because um

290

00:11:18,790 --> 00:11:16,880

i agree with you anyone who says they

291

00:11:20,310 --> 00:11:18,800

know what ufos are

292

00:11:23,430 --> 00:11:20,320

where they're from

293

00:11:24,870 --> 00:11:23,440

uh they're uh they're not being truthful

294

00:11:26,630 --> 00:11:24,880

because no one knows

295

00:11:29,350 --> 00:11:26,640

i don't think the uh america i don't

296

00:11:31,030 --> 00:11:29,360

think any military on earth knows i know

297

00:11:32,150 --> 00:11:31,040

that they have plenty of proof that they

298

00:11:33,990 --> 00:11:32,160

exist

299

00:11:36,310 --> 00:11:34,000

it looks like the u.s government now is

300

00:11:38,630 --> 00:11:36,320

actually kind of making an effort to

301  
00:11:39,910 --> 00:11:38,640  
figure out what these things are

302  
00:11:42,069 --> 00:11:39,920  
but

303  
00:11:44,389 --> 00:11:42,079  
if anyone in this world knew what ufos

304  
00:11:45,750 --> 00:11:44,399  
were where they came from we'd be living

305  
00:11:46,790 --> 00:11:45,760  
in a different world

306  
00:11:49,829 --> 00:11:46,800  
sure

307  
00:11:51,430 --> 00:11:49,839  
yeah um just you know we we get chat

308  
00:11:54,470 --> 00:11:51,440  
messages up here and

309  
00:11:57,110 --> 00:11:54,480  
uh this this one popped in uh it wasn't

310  
00:11:59,350 --> 00:11:57,120  
uh the the question is from joni wasn't

311  
00:12:01,470 --> 00:11:59,360  
there one in missouri before roswell new

312  
00:12:04,790 --> 00:12:01,480  
mexico about 10 years earlier

313  
00:12:06,470 --> 00:12:04,800

1941 cape girardeau i believe in

314

00:12:08,389 --> 00:12:06,480

missouri i believe that's what you're

315

00:12:10,949 --> 00:12:08,399

talking about that one i did actually

316

00:12:13,590 --> 00:12:10,959

have a guest the granddaughter of uh the

317

00:12:16,069 --> 00:12:13,600

gentleman supposedly saw the bodies or

318

00:12:19,590 --> 00:12:16,079

whatever they were um on this show so

319

00:12:21,590 --> 00:12:19,600

yes um but you you are focusing mostly

320

00:12:23,750 --> 00:12:21,600

on the wartime

321

00:12:25,910 --> 00:12:23,760

right do i have that right you do so the

322

00:12:29,430 --> 00:12:25,920

title of the book is ufos before roswell

323

00:12:31,750 --> 00:12:29,440

european foo fighters in 1940 to 1945

324

00:12:34,470 --> 00:12:31,760

and i picked the dates because they are

325

00:12:37,030 --> 00:12:34,480

where the foo fighters or things that

326

00:12:38,710 --> 00:12:37,040

resembled them other objects as well

327

00:12:40,230 --> 00:12:38,720

that's the time frame that you look at

328

00:12:41,910 --> 00:12:40,240

that i was looking at and i was only

329

00:12:43,829 --> 00:12:41,920

looking at europe because i could feel a

330

00:12:45,350 --> 00:12:43,839

book with the stuff from europe

331

00:12:47,430 --> 00:12:45,360

things happened in the pacific war as

332

00:12:49,670 --> 00:12:47,440

well but i was focusing more on what i

333

00:12:51,269 --> 00:12:49,680

knew more about than than from the other

334

00:12:52,949 --> 00:12:51,279

side of the world

335

00:12:55,269 --> 00:12:52,959

you mentioned before sorry you mentioned

336

00:12:58,470 --> 00:12:55,279

before about you know how the

337

00:13:00,710 --> 00:12:58,480

modern ufology started in 1947 and it's

338

00:13:03,110 --> 00:13:00,720

true um when i was growing up and i was

339

00:13:06,069 --> 00:13:03,120

reading books about ufos there was a big

340

00:13:07,829 --> 00:13:06,079

gap in terms of the war um the books i

341

00:13:09,350 --> 00:13:07,839

read the one i just quoted before there

342

00:13:11,269 --> 00:13:09,360

but other ones i was reading back in the

343

00:13:12,470 --> 00:13:11,279

70s and 1980s

344

00:13:14,470 --> 00:13:12,480

they would talk about the mystery

345

00:13:16,389 --> 00:13:14,480

airships in the in the late 1800s and

346

00:13:18,829 --> 00:13:16,399

the early 1900s they would talk about

347

00:13:21,190 --> 00:13:18,839

the ghost aircraft from the 1920s and

348

00:13:22,870 --> 00:13:21,200

1930s then then they would skip over the

349

00:13:25,269 --> 00:13:22,880

wall and go straight to the ghost

350

00:13:27,509 --> 00:13:25,279

rockets in 1946 and then to kenneth

351

00:13:29,269 --> 00:13:27,519

arnold and to roswell

352

00:13:31,030 --> 00:13:29,279

if obviously wrestle that came along in

353

00:13:33,269 --> 00:13:31,040

1978 but the books beforehand just

354

00:13:35,910 --> 00:13:33,279

skipped that as well but world war ii

355

00:13:37,990 --> 00:13:35,920

was just it just didn't exist as far as

356

00:13:39,430 --> 00:13:38,000

ufology was concerned and

357

00:13:41,990 --> 00:13:39,440

even when i was young i thought that was

358

00:13:43,509 --> 00:13:42,000

quite odd that the because

359

00:13:45,110 --> 00:13:43,519

when you think about it

360

00:13:47,030 --> 00:13:45,120

the amount of people who were flying

361

00:13:48,550 --> 00:13:47,040

around in world war ii and the amount of

362

00:13:50,629 --> 00:13:48,560

people on the ground who were specially

363

00:13:52,710 --> 00:13:50,639

trained to look at the skies to make

364

00:13:55,350 --> 00:13:52,720

sure no enemy aircraft were coming their

365

00:13:57,030 --> 00:13:55,360

way you know you have tens of thousands

366

00:13:59,189 --> 00:13:57,040

somewhat hundreds of thousands of

367

00:14:01,189 --> 00:13:59,199

trained observers and very highly

368

00:14:03,030 --> 00:14:01,199

trained in aircraft recognition and all

369

00:14:05,110 --> 00:14:03,040

this kind of thing looking at the skies

370

00:14:07,670 --> 00:14:05,120

every night every day and yet what no

371

00:14:08,470 --> 00:14:07,680

reports that that didn't make sense to

372

00:14:10,870 --> 00:14:08,480

me

373

00:14:13,110 --> 00:14:10,880

so for years i thought there was more to

374

00:14:15,110 --> 00:14:13,120

it and i did come across some references

375

00:14:17,750 --> 00:14:15,120

to foo fighters and other objects in

376

00:14:19,269 --> 00:14:17,760

world war ii there was um

377

00:14:21,269 --> 00:14:19,279

you know there was actually a report

378

00:14:23,189 --> 00:14:21,279

that uh one of the intelligence officers

379

00:14:25,269 --> 00:14:23,199

from the 415th knight fighter squadron

380

00:14:28,550 --> 00:14:25,279

he compiled a list of 14 different

381

00:14:30,069 --> 00:14:28,560

sightings over the winter of 4445 and

382

00:14:32,150 --> 00:14:30,079

that got passed up the chain of command

383

00:14:34,550 --> 00:14:32,160

now that actually ended up in a magazine

384

00:14:36,790 --> 00:14:34,560

article that a a chap called um uh

385

00:14:39,590 --> 00:14:36,800

lieutenant colonel chamberlain he wrote

386

00:14:42,310 --> 00:14:39,600

in the december 1945 uh issue of an

387

00:14:43,750 --> 00:14:42,320

american forces magazine um and that had

388

00:14:46,230 --> 00:14:43,760

some of the sightings about half a dozen

389

00:14:47,829 --> 00:14:46,240

of those from that list in it now that

390

00:14:49,269 --> 00:14:47,839

was pretty much all the information that

391

00:14:51,670 --> 00:14:49,279

people had to go on for about the next

392

00:14:53,430 --> 00:14:51,680

50 years with a few other exceptions but

393

00:14:56,150 --> 00:14:53,440

not many you're looking at about maybe a

394

00:14:58,069 --> 00:14:56,160

dozen cases in total in total and that's

395

00:14:59,110 --> 00:14:58,079

where most of the ufo authors in the

396

00:15:01,430 --> 00:14:59,120

sort of

397

00:15:03,189 --> 00:15:01,440

the 50s and 60s and the 70s got their

398

00:15:04,949 --> 00:15:03,199

information from so you saw the same

399

00:15:06,710 --> 00:15:04,959

information regurgitated you know time

400

00:15:08,550 --> 00:15:06,720

and time again but there was nothing

401  
00:15:10,629 --> 00:15:08,560  
really new coming out apart from a

402  
00:15:12,629 --> 00:15:10,639  
trickle of information

403  
00:15:15,269 --> 00:15:12,639  
of course i looked at max book back in

404  
00:15:16,949 --> 00:15:15,279  
here years ago uh ufos in wartime was a

405  
00:15:19,910 --> 00:15:16,959  
copy behind me there on the shelf and

406  
00:15:21,750 --> 00:15:19,920  
also keith chester's um strange company

407  
00:15:23,670 --> 00:15:21,760  
and they had many more

408  
00:15:25,829 --> 00:15:23,680  
many more sightings but it was still an

409  
00:15:27,750 --> 00:15:25,839  
incomplete picture because it was still

410  
00:15:29,430 --> 00:15:27,760  
focused on the american side of things

411  
00:15:31,430 --> 00:15:29,440  
now naturally because the auth you know

412  
00:15:34,310 --> 00:15:31,440  
the two authors there mac and and keith

413  
00:15:35,910 --> 00:15:34,320

were american that's not surprising but

414

00:15:38,150 --> 00:15:35,920

i i thought there must have been like a

415

00:15:39,509 --> 00:15:38,160

whole raft of raf sightings to look at

416

00:15:41,110 --> 00:15:39,519

as well and maybe from other parts of

417

00:15:42,150 --> 00:15:41,120

europe so that's where the book came

418

00:15:44,230 --> 00:15:42,160

from

419

00:15:46,790 --> 00:15:44,240

but this kind of gap didn't make any

420

00:15:48,790 --> 00:15:46,800

sense to me so i knew there must be more

421

00:15:50,629 --> 00:15:48,800

uh and it turns out yes there was a hell

422

00:15:52,790 --> 00:15:50,639

of a lot more

423

00:15:54,949 --> 00:15:52,800

right yes yes i was just going to jump

424

00:15:57,910 --> 00:15:54,959

in just basically say the same thing is

425

00:16:00,150 --> 00:15:57,920

that um that's that's how ufos and what

426  
00:16:01,829 --> 00:16:00,160  
time actually became a book because i

427  
00:16:04,069 --> 00:16:01,839  
was um

428  
00:16:05,829 --> 00:16:04,079  
out the lunch of my editor and and i

429  
00:16:07,590 --> 00:16:05,839  
happened to mention to him because it's

430  
00:16:09,430 --> 00:16:07,600  
something that kind of was on my mind

431  
00:16:11,189 --> 00:16:09,440  
too as a young kid like you know why

432  
00:16:12,550 --> 00:16:11,199  
does it seem like there's more ufos in

433  
00:16:14,870 --> 00:16:12,560  
wartime

434  
00:16:16,550 --> 00:16:14,880  
than in peacetime and and we that's what

435  
00:16:17,990 --> 00:16:16,560  
we talked about is that you got so many

436  
00:16:20,230 --> 00:16:18,000  
other people

437  
00:16:21,910 --> 00:16:20,240  
literally looking up into the sky

438  
00:16:24,470 --> 00:16:21,920

day and night and so many other

439

00:16:26,470 --> 00:16:24,480

airplanes flying so many more airplanes

440

00:16:29,350 --> 00:16:26,480

flying around there's just

441

00:16:30,710 --> 00:16:29,360

more eyewitnesses on hand during war

442

00:16:33,430 --> 00:16:30,720

because you know a lot of people are

443

00:16:35,590 --> 00:16:33,440

looking up and they see these things and

444

00:16:36,949 --> 00:16:35,600

um so yeah that's cool i want to read

445

00:16:39,509 --> 00:16:36,959

you a book graham i'm not kidding you

446

00:16:41,990 --> 00:16:39,519

because i i found that you know when we

447

00:16:44,310 --> 00:16:42,000

were doing ufos in wartime it's a it's a

448

00:16:46,389 --> 00:16:44,320

large chapter in the book but it's um

449

00:16:48,790 --> 00:16:46,399

it's it's it's a subject that could take

450

00:16:51,910 --> 00:16:48,800

several books you know basically if you

451  
00:16:53,269 --> 00:16:51,920  
really get into it and and and the the

452  
00:16:55,110 --> 00:16:53,279  
just in closing

453  
00:16:58,150 --> 00:16:55,120  
you know the only conclusion we came to

454  
00:16:59,990 --> 00:16:58,160  
is at the end of the war

455  
00:17:02,310 --> 00:17:00,000  
german generals and american generals

456  
00:17:04,069 --> 00:17:02,320  
got together and they basically said um

457  
00:17:05,590 --> 00:17:04,079  
we thought they were your secret weapons

458  
00:17:07,110 --> 00:17:05,600  
and they said we thought they were your

459  
00:17:09,029 --> 00:17:07,120  
secret weapons so

460  
00:17:11,669 --> 00:17:09,039  
our conclusion was that no one knew what

461  
00:17:13,990 --> 00:17:11,679  
these were same thing with the japanese

462  
00:17:15,750 --> 00:17:14,000  
um everyone saw them everyone assumed

463  
00:17:17,590 --> 00:17:15,760

there were other people's the other side

464

00:17:19,429 --> 00:17:17,600

secret weapons

465

00:17:20,870 --> 00:17:19,439

that way it kind of went into a bin like

466

00:17:22,309 --> 00:17:20,880

we'll look into this later we have a

467

00:17:24,309 --> 00:17:22,319

water wind

468

00:17:26,549 --> 00:17:24,319

and then when the wall was over it all

469

00:17:29,510 --> 00:17:26,559

kind of you know went away

470

00:17:31,590 --> 00:17:29,520

yeah so there are a lot of new listeners

471

00:17:32,470 --> 00:17:31,600

that are just getting into this topic in

472

00:17:33,190 --> 00:17:32,480

general

473

00:17:40,950 --> 00:17:33,200

i

474

00:17:43,909 --> 00:17:40,960

know a lot of people know the foo

475

00:17:46,230 --> 00:17:43,919

fighters is a band a rock band but um if

476

00:17:47,830 --> 00:17:46,240

you can explain to the new listener that

477

00:17:50,230 --> 00:17:47,840

has no idea what we're talking about

478

00:17:51,990 --> 00:17:50,240

sure what these things were um i don't

479

00:17:53,750 --> 00:17:52,000

know where that name came from you may

480

00:17:55,590 --> 00:17:53,760

know that but um also the

481

00:17:56,710 --> 00:17:55,600

characteristics of uh

482

00:17:58,710 --> 00:17:56,720

okay they're all different

483

00:18:00,150 --> 00:17:58,720

characteristics or were there a lot of

484

00:18:01,990 --> 00:18:00,160

where they're similar characteristics so

485

00:18:03,430 --> 00:18:02,000

i'll explain where the name comes from

486

00:18:04,950 --> 00:18:03,440

and it's actually quite late in the war

487

00:18:07,110 --> 00:18:04,960

when it was coined

488

00:18:09,029 --> 00:18:07,120

but i'll also explain the kind of the

489

00:18:11,190 --> 00:18:09,039

full range of things that were seen

490

00:18:12,630 --> 00:18:11,200

during the war so the actual name foo

491

00:18:14,230 --> 00:18:12,640

fighters and actually there was a swear

492

00:18:15,270 --> 00:18:14,240

word before that that's how the name was

493

00:18:19,350 --> 00:18:15,280

originally

494

00:18:21,190 --> 00:18:19,360

literally coined it was made up by a

495

00:18:22,470 --> 00:18:21,200

crew member from the 415th knight fight

496

00:18:24,870 --> 00:18:22,480

squadron who were based in eastern

497

00:18:26,789 --> 00:18:24,880

france during the winter of 4445 at a

498

00:18:27,669 --> 00:18:26,799

place called near nancy

499

00:18:28,390 --> 00:18:27,679

and

500

00:18:31,110 --> 00:18:28,400

for

501  
00:18:32,549 --> 00:18:31,120  
from about september onwards in 1944

502  
00:18:34,549 --> 00:18:32,559  
some of the crews and it was more and

503  
00:18:37,750 --> 00:18:34,559  
more as the months went on towards

504  
00:18:39,590 --> 00:18:37,760  
christmas they were seeing these red and

505  
00:18:40,870 --> 00:18:39,600  
other sometimes other colored lights

506  
00:18:42,470 --> 00:18:40,880  
that were either following their

507  
00:18:43,830 --> 00:18:42,480  
aircraft at night or they were sitting

508  
00:18:45,270 --> 00:18:43,840  
off their wingtip or they were seeing

509  
00:18:46,950 --> 00:18:45,280  
the distance

510  
00:18:48,390 --> 00:18:46,960  
and it was night after night it got the

511  
00:18:50,470 --> 00:18:48,400  
point where it was pretty much every

512  
00:18:52,789 --> 00:18:50,480  
night that one or more crews from this

513  
00:18:54,789 --> 00:18:52,799

unit who were flying um

514

00:18:57,029 --> 00:18:54,799

bristol bow fighter aircraft which the

515

00:18:58,710 --> 00:18:57,039

raf had supplied to the americans uh in

516

00:19:00,549 --> 00:18:58,720

1943 because they didn't have knight

517

00:19:01,750 --> 00:19:00,559

fighters of their own at that time and

518

00:19:05,270 --> 00:19:01,760

they were operating this this

519

00:19:07,430 --> 00:19:05,280

twin-engined twin seater aircraft over

520

00:19:09,430 --> 00:19:07,440

uh western western germany during the

521

00:19:10,630 --> 00:19:09,440

night trying to shoot down luffa bombers

522

00:19:12,630 --> 00:19:10,640

and training aircraft and all this kind

523

00:19:15,270 --> 00:19:12,640

of thing or targets on the ground

524

00:19:17,029 --> 00:19:15,280

and these lights kept appearing um and

525

00:19:17,990 --> 00:19:17,039

of course they were quite scared because

526

00:19:19,909 --> 00:19:18,000

first of all they thought they were

527

00:19:22,150 --> 00:19:19,919

german either german aircraft german

528

00:19:23,990 --> 00:19:22,160

knight fighters or secret weapons but

529

00:19:25,430 --> 00:19:24,000

they couldn't shift them so they got

530

00:19:27,750 --> 00:19:25,440

these lights got onto the aircraft's

531

00:19:29,430 --> 00:19:27,760

tail and it didn't matter what the pilot

532

00:19:31,190 --> 00:19:29,440

did throwing the aircraft around the sky

533

00:19:33,029 --> 00:19:31,200

tried to lose them they just stayed

534

00:19:35,350 --> 00:19:33,039

there and then after a while they just

535

00:19:39,430 --> 00:19:35,360

shot off in the distance now this went

536

00:19:41,669 --> 00:19:39,440

on actually beyond the winter of 44 45

537

00:19:44,549 --> 00:19:41,679

and right into the spring but as the war

538

00:19:45,990 --> 00:19:44,559

got to a close the number of sightings

539

00:19:46,950 --> 00:19:46,000

dropped off the cliff it went down to

540

00:19:49,110 --> 00:19:46,960

zero

541

00:19:50,710 --> 00:19:49,120

so there was a an idea that well there

542

00:19:52,230 --> 00:19:50,720

must be german suited weapons because as

543

00:19:53,750 --> 00:19:52,240

they're taking more and more germany and

544

00:19:56,070 --> 00:19:53,760

the you know they're reducing their

545

00:19:56,950 --> 00:19:56,080

their ability to fight then

546

00:19:58,070 --> 00:19:56,960

it must

547

00:19:59,430 --> 00:19:58,080

that must be the reason because they've

548

00:20:01,590 --> 00:19:59,440

got them no they're having any of these

549

00:20:03,669 --> 00:20:01,600

weapons left but actually

550

00:20:05,830 --> 00:20:03,679

it wasn't as easy as that because these

551  
00:20:07,510 --> 00:20:05,840  
things have been seen and things like

552  
00:20:08,870 --> 00:20:07,520  
them have been seen right as early as

553  
00:20:10,870 --> 00:20:08,880  
1940

554  
00:20:11,909 --> 00:20:10,880  
so some of the first reports that you

555  
00:20:14,070 --> 00:20:11,919  
read

556  
00:20:16,390 --> 00:20:14,080  
and you can find are from then and in

557  
00:20:18,789 --> 00:20:16,400  
terms of air force reports

558  
00:20:21,750 --> 00:20:18,799  
definite sightings the first one i could

559  
00:20:23,430 --> 00:20:21,760  
find was dated march 1942

560  
00:20:24,710 --> 00:20:23,440  
um and the cover of the book which is

561  
00:20:25,510 --> 00:20:24,720  
actually sitting on the shelf behind me

562  
00:20:28,310 --> 00:20:25,520  
there

563  
00:20:30,149 --> 00:20:28,320

is a representation of an event and

564

00:20:31,430 --> 00:20:30,159

michael know the one i'm i'm talking

565

00:20:32,789 --> 00:20:31,440

about because he features in his book as

566

00:20:35,190 --> 00:20:32,799

well

567

00:20:36,630 --> 00:20:35,200

and it was a polish squadron uh a polish

568

00:20:37,590 --> 00:20:36,640

unit who were fighting on behalf of the

569

00:20:39,430 --> 00:20:37,600

british

570

00:20:41,270 --> 00:20:39,440

and it was 301 squadron they were based

571

00:20:43,350 --> 00:20:41,280

in lincolnshire in england and they flew

572

00:20:45,430 --> 00:20:43,360

wellington bombers and one night they

573

00:20:47,270 --> 00:20:45,440

were this aircraft from this squadron

574

00:20:48,230 --> 00:20:47,280

was coming back from essen in germany in

575

00:20:51,270 --> 00:20:48,240

the rura

576  
00:20:53,270 --> 00:20:51,280  
and this luminous orange copper-colored

577  
00:20:54,950 --> 00:20:53,280  
disk was seen coming up behind the

578  
00:20:57,430 --> 00:20:54,960  
aircraft

579  
00:20:59,190 --> 00:20:57,440  
and the pilot told the rear gunner that

580  
00:21:00,950 --> 00:20:59,200  
if it got close enough to open fire on

581  
00:21:03,909 --> 00:21:00,960  
it which he did

582  
00:21:05,830 --> 00:21:03,919  
now the bullets went into the light

583  
00:21:09,270 --> 00:21:05,840  
and nothing happened

584  
00:21:10,710 --> 00:21:09,280  
kept kept shooting at this this light

585  
00:21:12,549 --> 00:21:10,720  
thinking it was a night fighter i think

586  
00:21:13,750 --> 00:21:12,559  
it was a german night fighter and

587  
00:21:16,390 --> 00:21:13,760  
nothing happened now if you're shooting

588  
00:21:17,590 --> 00:21:16,400

that many bullets into it and you know

589

00:21:19,190 --> 00:21:17,600

you would knock it down or you would

590

00:21:20,789 --> 00:21:19,200

disable it or you'd destroy it or damage

591

00:21:21,590 --> 00:21:20,799

it whatever but the light just stopped

592

00:21:23,590 --> 00:21:21,600

there

593

00:21:26,070 --> 00:21:23,600

and then after a period of time it moved

594

00:21:28,070 --> 00:21:26,080

around to the wing tip of the aircraft

595

00:21:29,590 --> 00:21:28,080

and sat off the wingtip for a bit

596

00:21:30,950 --> 00:21:29,600

and it got the point where it was

597

00:21:33,990 --> 00:21:30,960

positioned enough so that the actual

598

00:21:35,830 --> 00:21:34,000

tail gun and the nose gun turrets could

599

00:21:37,990 --> 00:21:35,840

open fire at the same time

600

00:21:39,669 --> 00:21:38,000

and that is theoretically possible if

601  
00:21:41,750 --> 00:21:39,679  
the light was off a certain distance off

602  
00:21:43,669 --> 00:21:41,760  
the wing tip and they were both opening

603  
00:21:45,510 --> 00:21:43,679  
fires and then it moved around to the

604  
00:21:47,590 --> 00:21:45,520  
front of the aircraft and the nose

605  
00:21:49,110 --> 00:21:47,600  
gunner was starting to fire it as well

606  
00:21:51,669 --> 00:21:49,120  
and after a while it then shot off into

607  
00:21:54,070 --> 00:21:51,679  
the distance and disappeared now that

608  
00:21:56,230 --> 00:21:54,080  
clearly rattled the crew because well

609  
00:21:58,470 --> 00:21:56,240  
what what flies around like that and can

610  
00:22:00,070 --> 00:21:58,480  
be shot at but nothing's done to it you

611  
00:22:02,230 --> 00:22:00,080  
know it's not damaged it's not shut down

612  
00:22:04,549 --> 00:22:02,240  
et cetera now this had happened to an

613  
00:22:07,029 --> 00:22:04,559

aircraft directly behind that wellington

614

00:22:08,870 --> 00:22:07,039

as well but they didn't report it now

615

00:22:11,590 --> 00:22:08,880

neither did the polish crew they did

616

00:22:12,870 --> 00:22:11,600

talk to the intelligence crew offices on

617

00:22:15,190 --> 00:22:12,880

the ground when they landed after the

618

00:22:18,470 --> 00:22:15,200

raid but nothing seems to have happened

619

00:22:22,070 --> 00:22:18,480

officially however the pilot did talk to

620

00:22:24,070 --> 00:22:22,080

a vancouver-based ufo researcher in 1962

621

00:22:26,230 --> 00:22:24,080

and that's where the story comes from uh

622

00:22:28,789 --> 00:22:26,240

it ended up in flying saucer review um

623

00:22:30,310 --> 00:22:28,799

in the magazine like in the 1960s

624

00:22:31,909 --> 00:22:30,320

and there are other stories from back

625

00:22:33,350 --> 00:22:31,919

then now that one doesn't appear in the

626

00:22:35,669 --> 00:22:33,360

official records but there are others

627

00:22:38,549 --> 00:22:35,679

that do there are ones that appear in

628

00:22:40,950 --> 00:22:38,559

august 1942 and in november 1942 there's

629

00:22:43,990 --> 00:22:40,960

a story of a lancaster bomber which is

630

00:22:46,310 --> 00:22:44,000

over northern italy uh from 61 squadron

631

00:22:47,750 --> 00:22:46,320

and the pilot and the crew see what they

632

00:22:50,470 --> 00:22:47,760

described as a 200 foot long

633

00:22:51,750 --> 00:22:50,480

torpedo-shaped object with two rows of

634

00:22:53,510 --> 00:22:51,760

what they thought were the lights or

635

00:22:55,190 --> 00:22:53,520

windows along it

636

00:22:58,070 --> 00:22:55,200

and they saw it twice during the same

637

00:22:59,830 --> 00:22:58,080

raid over the alps of the italian alps

638

00:23:02,070 --> 00:22:59,840

and the second time it was flying along

639

00:23:04,149 --> 00:23:02,080

a mountain valley along you know down

640

00:23:05,909 --> 00:23:04,159

below them now

641

00:23:07,270 --> 00:23:05,919

you might think that was an airship a

642

00:23:09,590 --> 00:23:07,280

zeppelin but what the hell was the

643

00:23:11,270 --> 00:23:09,600

zeppelin doing flying around in 1942

644

00:23:13,270 --> 00:23:11,280

that had long been retired by them that

645

00:23:14,950 --> 00:23:13,280

weren't being used by the germans and

646

00:23:16,630 --> 00:23:14,960

you wouldn't fly one in a dangerous part

647

00:23:18,950 --> 00:23:16,640

of the world such as a mountain range so

648

00:23:20,390 --> 00:23:18,960

it didn't none of this made sense and of

649

00:23:22,870 --> 00:23:20,400

course there were other sightings around

650

00:23:24,789 --> 00:23:22,880

this time as well but different things

651

00:23:27,029 --> 00:23:24,799

so they were calling them lights to

652

00:23:28,310 --> 00:23:27,039

start with because the raf the royal air

653

00:23:29,750 --> 00:23:28,320

force didn't know what they were looking

654

00:23:32,470 --> 00:23:29,760

at again they thought they were german

655

00:23:34,310 --> 00:23:32,480

secret weapons but then the name changed

656

00:23:35,990 --> 00:23:34,320

so rather than call them lights they

657

00:23:37,990 --> 00:23:36,000

then started calling them rockets in the

658

00:23:39,750 --> 00:23:38,000

official reports when they started

659

00:23:41,590 --> 00:23:39,760

recording them and the intelligence

660

00:23:43,750 --> 00:23:41,600

reports where you can find them if you

661

00:23:45,909 --> 00:23:43,760

look hard enough they mentioned these

662

00:23:47,350 --> 00:23:45,919

mystery rockets long before the germans

663

00:23:49,830 --> 00:23:47,360

actually started feeling rockets like

664

00:23:51,269 --> 00:23:49,840

the v2 and other service-to-air missiles

665

00:23:53,510 --> 00:23:51,279

and all this kind of thing

666

00:23:55,029 --> 00:23:53,520

um and then they started the pilots had

667

00:23:57,510 --> 00:23:55,039

their own nickname for him they'll call

668

00:23:59,750 --> 00:23:57,520

them the thing and there is a docker uh

669

00:24:02,390 --> 00:23:59,760

a logbook entry from a pilot who was

670

00:24:05,269 --> 00:24:02,400

based in in southern italy in 90 at the

671

00:24:06,549 --> 00:24:05,279

end of 1943 and he mentions a dog fight

672

00:24:08,950 --> 00:24:06,559

with a light

673

00:24:11,590 --> 00:24:08,960

and him he was in a bow fighter night

674

00:24:13,669 --> 00:24:11,600

fighter him and his radar observer

675

00:24:15,750 --> 00:24:13,679

basically had a sort of a dogfight going

676

00:24:17,990 --> 00:24:15,760

round round circles with a mysterious

677

00:24:19,590 --> 00:24:18,000

light that they couldn't couldn't uh

678

00:24:21,110 --> 00:24:19,600

chase what they were chasing it but they

679

00:24:23,029 --> 00:24:21,120

couldn't catch up with it and it just

680

00:24:24,630 --> 00:24:23,039

latched on their tail and then it shot

681

00:24:26,470 --> 00:24:24,640

off in a distance now that wasn't the

682

00:24:28,549 --> 00:24:26,480

only story from 43 there'd been a

683

00:24:31,029 --> 00:24:28,559

hurricane pilot over north africa in the

684

00:24:33,990 --> 00:24:31,039

spring of 43 he was a new zealander from

685

00:24:36,070 --> 00:24:34,000

73 squadron and he'd had a an orange

686

00:24:37,909 --> 00:24:36,080

light attached himself to

687

00:24:39,029 --> 00:24:37,919

almost off his wingtip and sat there

688

00:24:41,669 --> 00:24:39,039

didn't matter what he did with the

689

00:24:42,950 --> 00:24:41,679

aircraft it just sat there and after a

690

00:24:44,710 --> 00:24:42,960

period of time he managed to turn the

691

00:24:46,390 --> 00:24:44,720

aircraft enough so he could get onto its

692

00:24:48,230 --> 00:24:46,400

well

693

00:24:49,750 --> 00:24:48,240

figuratively tail didn't have a tail it

694

00:24:51,669 --> 00:24:49,760

was just a light but he managed to get

695

00:24:53,350 --> 00:24:51,679

behind it and you opened up it with 20

696

00:24:54,630 --> 00:24:53,360

millimeter cannon

697

00:24:56,310 --> 00:24:54,640

nothing happened

698

00:24:58,149 --> 00:24:56,320

it just and then just sat off his wing

699

00:25:00,310 --> 00:24:58,159

again so there's all these strange

700

00:25:01,750 --> 00:25:00,320

stories about some things being fired at

701

00:25:04,630 --> 00:25:01,760

but nothing happened

702

00:25:06,390 --> 00:25:04,640

so you've got lights of different colors

703

00:25:09,110 --> 00:25:06,400

you've got these big objects you have

704

00:25:12,230 --> 00:25:09,120

smaller objects there was a battle in

705

00:25:13,830 --> 00:25:12,240

russia in that in february 1943 a place

706

00:25:16,630 --> 00:25:13,840

called crazy boar which was near

707

00:25:18,070 --> 00:25:16,640

leningrad and it was a spanish division

708

00:25:20,789 --> 00:25:18,080

fighting on behalf of the germans the

709

00:25:22,710 --> 00:25:20,799

250th infantry division and four

710

00:25:25,190 --> 00:25:22,720

soldiers from that unit saw what they

711

00:25:27,430 --> 00:25:25,200

described as an upturned bathtub sitting

712

00:25:28,630 --> 00:25:27,440

above a battle and there were aircraft

713

00:25:29,990 --> 00:25:28,640

from the russians the germans they were

714

00:25:31,510 --> 00:25:30,000

fighting they were they were shooting

715

00:25:33,430 --> 00:25:31,520

each other down and there was a battle

716

00:25:34,630 --> 00:25:33,440

going on the ground below then and this

717

00:25:36,310 --> 00:25:34,640

thing was sitting above everything

718

00:25:38,549 --> 00:25:36,320

watching what was going on

719

00:25:40,230 --> 00:25:38,559

so there's stories all over the place

720

00:25:41,510 --> 00:25:40,240

about these kind of strange things there

721

00:25:42,549 --> 00:25:41,520

were other stories from eastern europe

722

00:25:44,710 --> 00:25:42,559

as well

723

00:25:46,630 --> 00:25:44,720

stories from occupied france stories

724

00:25:48,789 --> 00:25:46,640

from italy you name it there were

725

00:25:51,110 --> 00:25:48,799

stories there's even a story from the

726  
00:25:52,789 --> 00:25:51,120  
north the north cape and norway which i

727  
00:25:53,750 --> 00:25:52,799  
actually haven't don't i don't happen to

728  
00:25:56,310 --> 00:25:53,760  
believe

729  
00:25:58,390 --> 00:25:56,320  
for various uh reasons which is too long

730  
00:26:00,310 --> 00:25:58,400  
to go into here but there are stories

731  
00:26:02,710 --> 00:26:00,320  
from all over europe

732  
00:26:04,070 --> 00:26:02,720  
let me ask you this uh graham

733  
00:26:06,470 --> 00:26:04,080  
were there

734  
00:26:08,549 --> 00:26:06,480  
sightings from civilians or is it just

735  
00:26:11,750 --> 00:26:08,559  
military

736  
00:26:13,350 --> 00:26:11,760  
no button the um the 1940 stories that i

737  
00:26:15,510 --> 00:26:13,360  
managed to find

738  
00:26:17,190 --> 00:26:15,520

are from belgium and from france now

739

00:26:18,630 --> 00:26:17,200

they're from civilians

740

00:26:20,470 --> 00:26:18,640

and this is just when the german

741

00:26:22,549 --> 00:26:20,480

invasion started uh there's a couple of

742

00:26:25,029 --> 00:26:22,559

ambulance drivers in in um

743

00:26:26,310 --> 00:26:25,039

in belgium sort of strange object over i

744

00:26:28,390 --> 00:26:26,320

believe it might have been liege i can't

745

00:26:29,750 --> 00:26:28,400

remember exactly where it was now

746

00:26:31,190 --> 00:26:29,760

but uh there was things like that being

747

00:26:33,350 --> 00:26:31,200

seen then now you've got to remember

748

00:26:35,029 --> 00:26:33,360

that in occupied europe when the germans

749

00:26:36,710 --> 00:26:35,039

were in control the last thing that the

750

00:26:38,950 --> 00:26:36,720

civilian would do would be report

751

00:26:41,190 --> 00:26:38,960

strange aircraft to the military

752

00:26:43,190 --> 00:26:41,200

authorities because you get hold away

753

00:26:44,789 --> 00:26:43,200

and put in the prison camp or worse

754

00:26:46,070 --> 00:26:44,799

because you know the germans would

755

00:26:49,190 --> 00:26:46,080

probably immediately assume that they'd

756

00:26:51,350 --> 00:26:49,200

seen one of their secret aircraft um so

757

00:26:53,269 --> 00:26:51,360

you don't get that many civilian reports

758

00:26:55,350 --> 00:26:53,279

they came out after the war

759

00:26:57,430 --> 00:26:55,360

um and there are quite a few of them

760

00:26:59,590 --> 00:26:57,440

there are ones from poland there are

761

00:27:01,510 --> 00:26:59,600

ones from czechoslovakia uh you know so

762

00:27:03,190 --> 00:27:01,520

there's different countries involved

763

00:27:04,870 --> 00:27:03,200

there are the ones from romania as well

764

00:27:06,870 --> 00:27:04,880

and these are civilians on the ground

765

00:27:08,950 --> 00:27:06,880

which saw strange objects

766

00:27:11,029 --> 00:27:08,960

and they range from zeppelin shaped

767

00:27:12,470 --> 00:27:11,039

objects through to lights in the sky and

768

00:27:14,310 --> 00:27:12,480

you know you name it everything in

769

00:27:16,710 --> 00:27:14,320

between there's even a story of black

770

00:27:19,190 --> 00:27:16,720

triangles uh in my neck of the woods in

771

00:27:21,830 --> 00:27:19,200

northumberland in england where four was

772

00:27:24,070 --> 00:27:21,840

seen by a spitfire pilot flying at uh

773

00:27:26,149 --> 00:27:24,080

quite high altitude over in nearby town

774

00:27:28,549 --> 00:27:26,159

about 12 miles from where i live and he

775

00:27:31,590 --> 00:27:28,559

saw four black triangles so you know you

776

00:27:33,350 --> 00:27:31,600

name it it's in world war ii

777

00:27:35,190 --> 00:27:33,360

right now hey martin if i could just

778

00:27:37,590 --> 00:27:35,200

yeah yeah jump in here real quick yeah

779

00:27:39,029 --> 00:27:37,600

um there's also a story um graham

780

00:27:39,909 --> 00:27:39,039

probably has heard of it it's in our

781

00:27:41,110 --> 00:27:39,919

book

782

00:27:43,430 --> 00:27:41,120

where

783

00:27:45,430 --> 00:27:43,440

uh right after the war it was a story

784

00:27:47,830 --> 00:27:45,440

that um

785

00:27:51,590 --> 00:27:47,840

winston churchill was given a photo that

786

00:27:52,470 --> 00:27:51,600

was taken from a lancast obama recon

787

00:27:54,950 --> 00:27:52,480

plane

788

00:27:57,830 --> 00:27:54,960

um taken from the rear gunner's position

789

00:27:59,029 --> 00:27:57,840

of this saucer-like craft following this

790

00:28:00,549 --> 00:27:59,039

airplane

791

00:28:04,149 --> 00:28:00,559

in broad daylight

792

00:28:05,830 --> 00:28:04,159

and um as the story went uh churchill

793

00:28:08,470 --> 00:28:05,840

looked at it and realized that you know

794

00:28:11,430 --> 00:28:08,480

this is this isn't something

795

00:28:13,350 --> 00:28:11,440

from this earth and uh he mandated that

796

00:28:14,710 --> 00:28:13,360

the picture had not been seen for 50

797

00:28:17,909 --> 00:28:14,720

years

798

00:28:19,990 --> 00:28:17,919

the reason being he said uh this will uh

799

00:28:22,389 --> 00:28:20,000

basically destroy every religion on

800

00:28:24,870 --> 00:28:22,399

earth because all of a sudden here's

801  
00:28:26,710 --> 00:28:24,880  
proof that we're not the only ones

802  
00:28:28,630 --> 00:28:26,720  
in the universe let's say

803  
00:28:30,230 --> 00:28:28,640  
and um and then later on apparently

804  
00:28:31,430 --> 00:28:30,240  
after he died again this is how the

805  
00:28:34,549 --> 00:28:31,440  
story goes

806  
00:28:36,870 --> 00:28:34,559  
um they destroyed the photo but uh to

807  
00:28:38,870 --> 00:28:36,880  
graham's point uh

808  
00:28:41,190 --> 00:28:38,880  
i think probably you know just the way

809  
00:28:43,269 --> 00:28:41,200  
that i read some of the raf reports and

810  
00:28:46,149 --> 00:28:43,279  
some of the army air force

811  
00:28:49,110 --> 00:28:46,159  
air force reports um and there are a lot

812  
00:28:51,990 --> 00:28:49,120  
in um the pacific as well that the navy

813  
00:28:52,710 --> 00:28:52,000

really hasn't been forthcoming with um

814

00:28:55,269 --> 00:28:52,720

but

815

00:28:57,029 --> 00:28:55,279

i think that maybe just the way that you

816

00:28:58,870 --> 00:28:57,039

we might look at i bet you there's

817

00:29:00,950 --> 00:28:58,880

probably only about

818

00:29:02,149 --> 00:29:00,960

a third to a half of the actual

819

00:29:04,070 --> 00:29:02,159

sightings

820

00:29:06,789 --> 00:29:04,080

um that were made during the war that

821

00:29:08,470 --> 00:29:06,799

were documented and lost

822

00:29:10,710 --> 00:29:08,480

maybe somehow buried in classified

823

00:29:12,470 --> 00:29:10,720

information or whatever but basically

824

00:29:14,070 --> 00:29:12,480

people were seeing these things

825

00:29:15,990 --> 00:29:14,080

on a regular basis

826

00:29:17,669 --> 00:29:16,000

all over the war zone

827

00:29:19,269 --> 00:29:17,679

for the good four or five years of the

828

00:29:21,029 --> 00:29:19,279

european war

829

00:29:23,510 --> 00:29:21,039

so can i go back to what you said there

830

00:29:25,510 --> 00:29:23,520

mark about the churchill story um that i

831

00:29:27,750 --> 00:29:25,520

believe that actually comes from a

832

00:29:28,950 --> 00:29:27,760

revelation from a scientist from a few

833

00:29:30,950 --> 00:29:28,960

years ago and it was it made the

834

00:29:33,830 --> 00:29:30,960

newspapers here in england as well

835

00:29:35,269 --> 00:29:33,840

and he his grandfather was a bodyguard

836

00:29:36,389 --> 00:29:35,279

to winston churchill it's actually

837

00:29:39,750 --> 00:29:36,399

chapter

838

00:29:41,590 --> 00:29:39,760

before my book um and the story is that

839

00:29:43,669 --> 00:29:41,600

this bodyguard was in a meeting with

840

00:29:46,789 --> 00:29:43,679

churchill and eisenhower one day it's

841

00:29:49,430 --> 00:29:46,799

supposed to have happened um yeah 44 and

842

00:29:51,590 --> 00:29:49,440

a mosquito coming back from germany is

843

00:29:52,630 --> 00:29:51,600

supposed to have had been followed by an

844

00:29:55,110 --> 00:29:52,640

object

845

00:29:56,630 --> 00:29:55,120

um and that's where that story comes

846

00:29:58,789 --> 00:29:56,640

from however

847

00:29:59,909 --> 00:29:58,799

the providence of the story is the

848

00:30:02,710 --> 00:29:59,919

grandson

849

00:30:04,470 --> 00:30:02,720

and it was passed on by the mother

850

00:30:06,230 --> 00:30:04,480

uh by this this chap's mother he was a

851  
00:30:08,789 --> 00:30:06,240  
scientist and he wouldn't give his name

852  
00:30:12,070 --> 00:30:08,799  
uh it's in the emoji records the letter

853  
00:30:13,830 --> 00:30:12,080  
that he put that he sent to the mod um

854  
00:30:15,830 --> 00:30:13,840  
but he doesn't give many details because

855  
00:30:17,350 --> 00:30:15,840  
his mother didn't know them either and

856  
00:30:19,430 --> 00:30:17,360  
his grandfather wouldn't give any

857  
00:30:20,950 --> 00:30:19,440  
details away either so

858  
00:30:22,789 --> 00:30:20,960  
it's

859  
00:30:24,950 --> 00:30:22,799  
i'm loathe to say that the story is

860  
00:30:27,669 --> 00:30:24,960  
false but there's not enough information

861  
00:30:29,190 --> 00:30:27,679  
to go on um and also

862  
00:30:30,870 --> 00:30:29,200  
that late in the war

863  
00:30:32,950 --> 00:30:30,880

churchill would have heard a lot more

864

00:30:34,870 --> 00:30:32,960

stories because there'd been lots of

865

00:30:36,389 --> 00:30:34,880

instances before then

866

00:30:37,669 --> 00:30:36,399

of these kind of things and this is why

867

00:30:38,789 --> 00:30:37,679

i don't think this story is actually

868

00:30:40,310 --> 00:30:38,799

true

869

00:30:41,990 --> 00:30:40,320

right yeah not least the fact that this

870

00:30:43,990 --> 00:30:42,000

scientist never came forward afterwards

871

00:30:45,669 --> 00:30:44,000

to actually talk about it you never came

872

00:30:47,110 --> 00:30:45,679

out in the open you never get any any

873

00:30:48,950 --> 00:30:47,120

further information

874

00:30:50,149 --> 00:30:48,960

and this is why i don't think it's

875

00:30:51,909 --> 00:30:50,159

actually it's actually i think it's a

876

00:30:53,669 --> 00:30:51,919

bit of a bogus story you know but

877

00:30:56,310 --> 00:30:53,679

they've been being the po they've been

878

00:30:57,909 --> 00:30:56,320

the polish incident where a light had

879

00:31:00,149 --> 00:30:57,919

been fired out and nothing happened

880

00:31:03,909 --> 00:31:00,159

there'd been two other instances during

881

00:31:06,230 --> 00:31:03,919

1943 where fighter aircraft had shot at

882

00:31:08,230 --> 00:31:06,240

ufos but if when you read my book you

883

00:31:12,630 --> 00:31:08,240

will find that the same thing happened

884

00:31:14,389 --> 00:31:12,640

throughout 1944 from bombers um in

885

00:31:15,990 --> 00:31:14,399

flying over germany from britain but

886

00:31:18,389 --> 00:31:16,000

also ones who were based in italy flying

887

00:31:20,230 --> 00:31:18,399

over the balkans they were seeing things

888

00:31:22,149 --> 00:31:20,240

nearly every night and they were they

889

00:31:25,110 --> 00:31:22,159

were opening fire at these things as

890

00:31:26,630 --> 00:31:25,120

well and then if you got into 1944 this

891

00:31:28,389 --> 00:31:26,640

is actually just to quickly answer a

892

00:31:30,470 --> 00:31:28,399

question that was in the chat by john uh

893

00:31:32,310 --> 00:31:30,480

who actually i know on twitter um he was

894

00:31:35,110 --> 00:31:32,320

mentioning about the measurement 262 the

895

00:31:37,590 --> 00:31:35,120

jet fighter um now even before that was

896

00:31:39,909 --> 00:31:37,600

actually introduced as a proper weapon

897

00:31:42,310 --> 00:31:39,919

uh in january 1945

898

00:31:43,509 --> 00:31:42,320

the raf were seeing these things flying

899

00:31:45,750 --> 00:31:43,519

around and they were reporting them

900

00:31:47,430 --> 00:31:45,760

seeing them at night in october and even

901  
00:31:49,190 --> 00:31:47,440  
earlier and they were shooting they said

902  
00:31:50,710 --> 00:31:49,200  
they were shooting at them as well so

903  
00:31:52,070 --> 00:31:50,720  
there was all these stories about these

904  
00:31:53,269 --> 00:31:52,080  
strange lights and things that were

905  
00:31:55,830 --> 00:31:53,279  
being fired at

906  
00:31:58,070 --> 00:31:55,840  
and churchill that he would have known

907  
00:31:59,590 --> 00:31:58,080  
at some stage if that had been the case

908  
00:32:01,909 --> 00:31:59,600  
because reports would have been passed

909  
00:32:03,669 --> 00:32:01,919  
to him so i don't quite believe that

910  
00:32:05,110 --> 00:32:03,679  
something as late as that in the war

911  
00:32:08,149 --> 00:32:05,120  
would have grabbed his attention in the

912  
00:32:09,669 --> 00:32:08,159  
way that this story suggests that he did

913  
00:32:11,350 --> 00:32:09,679

um i think that if that had been the

914

00:32:13,110 --> 00:32:11,360

case he would have come up with this

915

00:32:14,710 --> 00:32:13,120

kind of action much earlier in the war

916

00:32:16,549 --> 00:32:14,720

because it was already known that there

917

00:32:18,710 --> 00:32:16,559

were strange things flying around not

918

00:32:20,149 --> 00:32:18,720

only did the raf intelligence people

919

00:32:22,230 --> 00:32:20,159

knew there were odd things that they

920

00:32:25,190 --> 00:32:22,240

couldn't explain but also that as you

921

00:32:27,909 --> 00:32:25,200

said the us army f uh army air force had

922

00:32:29,350 --> 00:32:27,919

the same problem not just in the night

923

00:32:31,269 --> 00:32:29,360

time but also in the daytime they were

924

00:32:33,110 --> 00:32:31,279

seeing some really odd things which

925

00:32:34,549 --> 00:32:33,120

again in the records now a lot of these

926  
00:32:36,310 --> 00:32:34,559  
things were actually getting past the m

927  
00:32:38,389 --> 00:32:36,320  
industry because it was it was a free

928  
00:32:40,310 --> 00:32:38,399  
flow of information between the services

929  
00:32:41,830 --> 00:32:40,320  
and you can see all these reports where

930  
00:32:43,509 --> 00:32:41,840  
especially from the rf side that i've

931  
00:32:45,029 --> 00:32:43,519  
read but also for the american ones

932  
00:32:47,350 --> 00:32:45,039  
where you see the other side you know

933  
00:32:49,509 --> 00:32:47,360  
the other air force's information as

934  
00:32:51,430 --> 00:32:49,519  
well so and this information got passed

935  
00:32:53,350 --> 00:32:51,440  
up the chain so if it was if it was

936  
00:32:55,110 --> 00:32:53,360  
interesting enough and it was dangerous

937  
00:32:57,029 --> 00:32:55,120  
enough you know the germans because

938  
00:32:59,029 --> 00:32:57,039

everything was lent towards the germans

939

00:33:00,789 --> 00:32:59,039

have these these are german weapons

940

00:33:02,789 --> 00:33:00,799

right didn't you think about aliens they

941

00:33:04,789 --> 00:33:02,799

didn't think about ufos right wasn't in

942

00:33:06,870 --> 00:33:04,799

their lexicon these must have been

943

00:33:08,310 --> 00:33:06,880

german secret weapons and that would

944

00:33:09,990 --> 00:33:08,320

have got church's attention because

945

00:33:12,230 --> 00:33:10,000

everything else along that line the

946

00:33:14,230 --> 00:33:12,240

rockets the v1 everything else along

947

00:33:15,669 --> 00:33:14,240

those lines did get his attention and he

948

00:33:17,509 --> 00:33:15,679

spent hours and hours and hours with

949

00:33:19,750 --> 00:33:17,519

these experts and he scientists trying

950

00:33:21,029 --> 00:33:19,760

to work out ways to defeat them so

951  
00:33:23,269 --> 00:33:21,039  
there's reasons why i don't think that

952  
00:33:25,350 --> 00:33:23,279  
story is actually true and nothing ever

953  
00:33:27,669 --> 00:33:25,360  
has ever come out against uh about it

954  
00:33:29,830 --> 00:33:27,679  
afterwards so i think it's a bit of a

955  
00:33:31,830 --> 00:33:29,840  
kind of a red herring but yeah it does

956  
00:33:34,630 --> 00:33:31,840  
appear everywhere and people ask me all

957  
00:33:36,630 --> 00:33:34,640  
the time about it but i'm a bit sort of

958  
00:33:38,630 --> 00:33:36,640  
um i'm a bit sort of you know about it

959  
00:33:40,470 --> 00:33:38,640  
i'm afraid the thing i like about the

960  
00:33:42,310 --> 00:33:40,480  
story though was um

961  
00:33:43,990 --> 00:33:42,320  
that he um

962  
00:33:46,389 --> 00:33:44,000  
uh whoever made it up

963  
00:33:48,950 --> 00:33:46,399

uh he thought that

964

00:33:50,710 --> 00:33:48,960

you know spotting a a a really good

965

00:33:53,350 --> 00:33:50,720

picture of something that was not on

966

00:33:55,509 --> 00:33:53,360

this earth it would affect all our

967

00:33:57,190 --> 00:33:55,519

religions you know um

968

00:33:59,190 --> 00:33:57,200

that's quite a leap but you know it's

969

00:34:01,509 --> 00:33:59,200

it's it's probably true

970

00:34:03,029 --> 00:34:01,519

yeah at that time you know at that time

971

00:34:05,110 --> 00:34:03,039

it could have been yeah

972

00:34:06,870 --> 00:34:05,120

i mean uh you know these days you know

973

00:34:09,109 --> 00:34:06,880

who knows what would happen but

974

00:34:11,510 --> 00:34:09,119

um you know i thought that was just as

975

00:34:14,550 --> 00:34:11,520

it was an unusual place for someone to

976

00:34:16,629 --> 00:34:14,560

go to you know that to that kind of leap

977

00:34:17,589 --> 00:34:16,639

so uh when we did the book ufos and what

978

00:34:18,950 --> 00:34:17,599

time

979

00:34:22,069 --> 00:34:18,960

there's probably about 300 different

980

00:34:24,470 --> 00:34:22,079

stories in there and we got to about

981

00:34:26,069 --> 00:34:24,480

20 of them where you know we're just

982

00:34:27,829 --> 00:34:26,079

thinking like graham you know has this

983

00:34:29,589 --> 00:34:27,839

really happened to this but they're just

984

00:34:31,430 --> 00:34:29,599

too good not to put in there you know

985

00:34:33,270 --> 00:34:31,440

and that was one of them i'll certainly

986

00:34:35,669 --> 00:34:33,280

mention it in the book um i do go at

987

00:34:37,909 --> 00:34:35,679

length and i do quote from the official

988

00:34:39,990 --> 00:34:37,919

ministry of defense uh archives about

989

00:34:41,909 --> 00:34:40,000

the letter that he wrote uh this this

990

00:34:44,230 --> 00:34:41,919

grandson uh and all the things that it

991

00:34:47,030 --> 00:34:44,240

entails so if people read my book they

992

00:34:48,470 --> 00:34:47,040

can see the whole story as it's laid out

993

00:34:50,790 --> 00:34:48,480

in terms of photographs let me talk

994

00:34:53,030 --> 00:34:50,800

about photographs mac um there's not

995

00:34:55,030 --> 00:34:53,040

many um from world war ii that stand any

996

00:34:56,869 --> 00:34:55,040

kind of strict scrutiny whatsoever even

997

00:34:58,390 --> 00:34:56,879

the japanese are on in the pacific wall

998

00:35:00,069 --> 00:34:58,400

all the ones that are online that one

999

00:35:02,310 --> 00:35:00,079

you showed before is actually a model

1000

00:35:03,750 --> 00:35:02,320

because mustangs never never carried

1001

00:35:06,390 --> 00:35:03,760

never accompanied weapons like that they

1002

00:35:09,430 --> 00:35:06,400

look like bazookas um for one thing that

1003

00:35:11,430 --> 00:35:09,440

that's a complete mock-up um but the the

1004

00:35:13,109 --> 00:35:11,440

photographs that appear

1005

00:35:14,470 --> 00:35:13,119

you know they've got no provenance

1006

00:35:16,069 --> 00:35:14,480

they've got no dates behind them they've

1007

00:35:17,750 --> 00:35:16,079

got no locations they've gotten sure

1008

00:35:19,750 --> 00:35:17,760

nothing about it you can't work out

1009

00:35:21,109 --> 00:35:19,760

where they were taken in what context

1010

00:35:23,030 --> 00:35:21,119

and to me

1011

00:35:24,790 --> 00:35:23,040

uh even though i've written a book about

1012

00:35:26,710 --> 00:35:24,800

why i believe there was something to

1013

00:35:28,470 --> 00:35:26,720

this i don't necessarily believe that

1014

00:35:31,190 --> 00:35:28,480

any of the photographs actually do show

1015

00:35:33,430 --> 00:35:31,200

anything because they could well be you

1016

00:35:35,990 --> 00:35:33,440

know photographic defects or problems in

1017

00:35:37,430 --> 00:35:36,000

developing or just like flak bursts or

1018

00:35:39,270 --> 00:35:37,440

anything like that there's a whole lot

1019

00:35:41,030 --> 00:35:39,280

of things that could be i don't i've

1020

00:35:42,230 --> 00:35:41,040

never come across anything that to me

1021

00:35:44,630 --> 00:35:42,240

looks yeah

1022

00:35:46,870 --> 00:35:44,640

that i can't explain there are however

1023

00:35:48,630 --> 00:35:46,880

stories of photographs being taken but

1024

00:35:50,710 --> 00:35:48,640

the photographs have never surfaced i'll

1025

00:35:51,990 --> 00:35:50,720

just give you one story about that if

1026

00:35:53,589 --> 00:35:52,000

you don't mind there was an

1027

00:35:56,310 --> 00:35:53,599

anti-submarine aircraft over the bay

1028

00:35:58,150 --> 00:35:56,320

biscay and this was november 1942

1029

00:36:00,069 --> 00:35:58,160

this is just after the americans had

1030

00:36:01,030 --> 00:36:00,079

sent aircraft to britain to get involved

1031

00:36:03,750 --> 00:36:01,040

in the war

1032

00:36:05,589 --> 00:36:03,760

um and it was actually us army air air

1033

00:36:07,829 --> 00:36:05,599

force aircraft rather than us navy

1034

00:36:09,270 --> 00:36:07,839

aircraft were involved in this operation

1035

00:36:10,630 --> 00:36:09,280

uh the us navy hadn't actually got their

1036

00:36:12,550 --> 00:36:10,640

act together in terms of aircraft at

1037

00:36:15,030 --> 00:36:12,560

that time in europe

1038

00:36:16,870 --> 00:36:15,040

um so this b-24 bomber and it was it was

1039

00:36:18,790 --> 00:36:16,880

an army air force bomber was flying over

1040

00:36:20,790 --> 00:36:18,800

the bay of biscay with a crew on board

1041

00:36:24,550 --> 00:36:20,800

and looking for german submarines off

1042

00:36:25,910 --> 00:36:24,560

the coast of france and again an object

1043

00:36:27,109 --> 00:36:25,920

start training their aircraft and this

1044

00:36:28,230 --> 00:36:27,119

time was an object because it was in the

1045

00:36:29,990 --> 00:36:28,240

daytime

1046

00:36:31,910 --> 00:36:30,000

and a tech sergeant on board the

1047

00:36:34,310 --> 00:36:31,920

aircraft took a picture or you took six

1048

00:36:36,150 --> 00:36:34,320

pictures of this object apparently one

1049

00:36:38,230 --> 00:36:36,160

was supposed to be a really good one but

1050

00:36:39,910 --> 00:36:38,240

that picture has never come out it's

1051

00:36:42,150 --> 00:36:39,920

never ever appeared anywhere

1052

00:36:43,589 --> 00:36:42,160

unfortunately the the tech sergeant

1053

00:36:46,069 --> 00:36:43,599

actually died in a raid about three

1054

00:36:47,109 --> 00:36:46,079

weeks later three months later so nobody

1055

00:36:49,270 --> 00:36:47,119

after the war could question him he

1056

00:36:51,270 --> 00:36:49,280

never came forward but that story you

1057

00:36:52,950 --> 00:36:51,280

know exists uh it was the first time

1058

00:36:55,589 --> 00:36:52,960

anti-submarine squad and it was called

1059

00:36:57,030 --> 00:36:55,599

or the 361 bomb group i believe

1060

00:36:59,750 --> 00:36:57,040

but that's a that's a that's a story

1061

00:37:01,349 --> 00:36:59,760

that can be chased down um the the the

1062

00:37:03,109 --> 00:37:01,359

witness came forward the only other

1063

00:37:04,870 --> 00:37:03,119

gives initials he lived in the new york

1064

00:37:07,510 --> 00:37:04,880

area the tech sergeant came from the

1065

00:37:09,510 --> 00:37:07,520

pittsburgh area um but that's really all

1066

00:37:10,950 --> 00:37:09,520

that's known about this story this i've

1067

00:37:13,190 --> 00:37:10,960

tried to find the official records from

1068

00:37:14,870 --> 00:37:13,200

the squadron but the they're not located

1069

00:37:16,950 --> 00:37:14,880

in the archives in america i've never

1070

00:37:18,790 --> 00:37:16,960

been able to trace them

1071

00:37:20,470 --> 00:37:18,800

and let me i'll just jump in real quick

1072

00:37:21,990 --> 00:37:20,480

again is that well we're talking about

1073

00:37:23,990 --> 00:37:22,000

this we should just talk about a little

1074

00:37:25,109 --> 00:37:24,000

bit about what was happening in the

1075

00:37:27,270 --> 00:37:25,119

pacific

1076

00:37:29,589 --> 00:37:27,280

now basically

1077

00:37:32,710 --> 00:37:29,599

the way it goes is that the european

1078

00:37:35,589 --> 00:37:32,720

theater of world war ii was an army show

1079

00:37:38,069 --> 00:37:35,599

and the pacific theater was more of a

1080

00:37:38,950 --> 00:37:38,079

navy show more of a ocean-going kind of

1081

00:37:41,430 --> 00:37:38,960

war

1082

00:37:44,870 --> 00:37:41,440

and um even though at the end of world

1083

00:37:46,710 --> 00:37:44,880

war ii the um air force

1084

00:37:48,790 --> 00:37:46,720

kind of released you know what they had

1085

00:37:51,829 --> 00:37:48,800

you know on basically you know just

1086

00:37:54,310 --> 00:37:51,839

lights and suspected chicken weapons

1087

00:37:57,190 --> 00:37:54,320

whatever the navy never released their

1088

00:37:58,630 --> 00:37:57,200

files on this to this day now i know

1089

00:38:00,230 --> 00:37:58,640

this from our mutual friend keith

1090

00:38:03,589 --> 00:38:00,240

chester's book

1091

00:38:05,670 --> 00:38:03,599

and which makes it but but people saw

1092

00:38:07,430 --> 00:38:05,680

you know strange things in the sky over

1093

00:38:09,430 --> 00:38:07,440

the pacific war just as much as they did

1094

00:38:12,230 --> 00:38:09,440

in europe but it's just that they never

1095

00:38:14,630 --> 00:38:12,240

had that kind of foundation of uh the

1096

00:38:16,150 --> 00:38:14,640

navy release and its files which makes

1097

00:38:18,710 --> 00:38:16,160

it kind of interesting these days

1098

00:38:21,030 --> 00:38:18,720

because what's going on with the tic tac

1099

00:38:22,950 --> 00:38:21,040

uh videos and everything

1100

00:38:24,150 --> 00:38:22,960

it seems like the navy has been on the

1101

00:38:26,150 --> 00:38:24,160

forefront

1102

00:38:28,550 --> 00:38:26,160

of getting this whole idea that hey now

1103

00:38:31,109 --> 00:38:28,560

we're going to look into these things

1104

00:38:34,630 --> 00:38:31,119

you know past congress you know the navy

1105

00:38:36,630 --> 00:38:34,640

has always kind of taken a back seat and

1106

00:38:38,390 --> 00:38:36,640

not been involved as much as the air

1107

00:38:40,790 --> 00:38:38,400

force has in in

1108

00:38:43,589 --> 00:38:40,800

american ufo history if i can use that

1109

00:38:45,109 --> 00:38:43,599

term um so once again i think it's odd

1110

00:38:47,190 --> 00:38:45,119

that now all of a sudden they're the

1111

00:38:49,670 --> 00:38:47,200

ones they're the ones in the they're the

1112

00:38:52,150 --> 00:38:49,680

tip of the arrow trying to

1113

00:38:54,710 --> 00:38:52,160

get congress to spend money to find out

1114

00:38:56,550 --> 00:38:54,720

what these tic tac videos were and and

1115

00:38:58,150 --> 00:38:56,560

and they succeeded you know so now

1116

00:39:00,470 --> 00:38:58,160

they're going to they've opened an

1117

00:39:03,109 --> 00:39:00,480

office to look into this congress has

1118

00:39:06,390 --> 00:39:03,119

funded the money it's the it's the only

1119

00:39:09,349 --> 00:39:06,400

like bipartisan bill passed you know for

1120

00:39:11,910 --> 00:39:09,359

in two years or something um so it might

1121

00:39:14,950 --> 00:39:11,920

be interesting and if something happens

1122

00:39:17,030 --> 00:39:14,960

we get the navy to thank yeah i want to

1123

00:39:19,670 --> 00:39:17,040

just expand a little bit on that you

1124

00:39:22,950 --> 00:39:19,680

know lieutenant or ex-lieutenant retired

1125

00:39:25,349 --> 00:39:22,960

uh i believe he's retired ryan graves

1126

00:39:27,030 --> 00:39:25,359

um you know he mentions that

1127

00:39:30,390 --> 00:39:27,040

they're out there you know since like

1128

00:39:31,589 --> 00:39:30,400

2015 he's a navy pilot f18

1129

00:39:34,550 --> 00:39:31,599

and he's saying that they're seeing

1130

00:39:36,870 --> 00:39:34,560

these things every day all the time

1131

00:39:38,069 --> 00:39:36,880

um you know which is is quite amazing

1132

00:39:40,630 --> 00:39:38,079

and

1133

00:39:42,630 --> 00:39:40,640

so that being said you know the number

1134

00:39:44,390 --> 00:39:42,640

one thing it goes all the way back to

1135

00:39:46,150 --> 00:39:44,400

the foo fighters like

1136

00:39:49,190 --> 00:39:46,160

what is it this

1137

00:39:51,430 --> 00:39:49,200

whose technology is this it's just it's

1138

00:39:53,670 --> 00:39:51,440

kind of surprising that it hasn't been

1139

00:39:55,589 --> 00:39:53,680

like on the forefront all the way along

1140

00:39:58,630 --> 00:39:55,599

all the way back since foo fighters you

1141

00:40:01,030 --> 00:39:58,640

know it's kind of like tucked away

1142

00:40:03,349 --> 00:40:01,040

it's so the people like here yeah

1143

00:40:05,349 --> 00:40:03,359

the whole idea of ufos from foo fighters

1144

00:40:08,230 --> 00:40:05,359

up till present

1145

00:40:09,990 --> 00:40:08,240

when you really think about it if um

1146

00:40:11,990 --> 00:40:10,000

you know someone discovers that what

1147

00:40:14,230 --> 00:40:12,000

these things are and obviously that it's

1148

00:40:15,589 --> 00:40:14,240

not going to be some kind of very simple

1149

00:40:17,190 --> 00:40:15,599

explanation

1150

00:40:18,710 --> 00:40:17,200

um it's going to be

1151  
00:40:20,309 --> 00:40:18,720  
earth shattering it's going to be one of

1152  
00:40:22,550 --> 00:40:20,319  
the greatest

1153  
00:40:24,309 --> 00:40:22,560  
revelations in human history

1154  
00:40:26,309 --> 00:40:24,319  
um you know if we find out these things

1155  
00:40:27,670 --> 00:40:26,319  
are from outer space or another time or

1156  
00:40:29,990 --> 00:40:27,680  
different dimension who knows what

1157  
00:40:32,309 --> 00:40:30,000  
something we maybe can't even understand

1158  
00:40:34,710 --> 00:40:32,319  
so play on ufos like

1159  
00:40:37,349 --> 00:40:34,720  
the number one story on cnn every day

1160  
00:40:39,910 --> 00:40:37,359  
why is it on or you know why is this

1161  
00:40:41,589 --> 00:40:39,920  
ridicule factor is still in place it's

1162  
00:40:42,550 --> 00:40:41,599  
it's you know people laugh at these

1163  
00:40:43,990 --> 00:40:42,560

things

1164

00:40:45,190 --> 00:40:44,000

especially

1165

00:40:47,030 --> 00:40:45,200

it's easy to stick your head in the

1166

00:40:49,270 --> 00:40:47,040

sound and just pretend it doesn't happen

1167

00:40:51,430 --> 00:40:49,280

i guess but to me because i used to work

1168

00:40:53,109 --> 00:40:51,440

in the media you have to think there's

1169

00:40:55,750 --> 00:40:53,119

so many people who are interested in

1170

00:40:57,910 --> 00:40:55,760

ufos if you had a ufo story on the front

1171

00:41:00,790 --> 00:40:57,920

page of the you know new york times

1172

00:41:03,589 --> 00:41:00,800

every day or if you had a ufo five

1173

00:41:06,230 --> 00:41:03,599

minutes every day on cnn it would be

1174

00:41:08,470 --> 00:41:06,240

huge it'd be huge i i don't understand

1175

00:41:10,150 --> 00:41:08,480

why it isn't a bigger story though these

1176

00:41:11,109 --> 00:41:10,160

tic-tac videos

1177

00:41:14,710 --> 00:41:11,119

you know

1178

00:41:16,950 --> 00:41:14,720

but the day that i saw that just real

1179

00:41:20,710 --> 00:41:16,960

quick the day that i actually saw the

1180

00:41:22,550 --> 00:41:20,720

tic tac videos was on abc morning news

1181

00:41:24,870 --> 00:41:22,560

good morning america

1182

00:41:27,030 --> 00:41:24,880

and they showed it and they come back

1183

00:41:29,430 --> 00:41:27,040

and and and i hate to use this phrase

1184

00:41:31,349 --> 00:41:29,440

but the bubble-headed news chick goes oh

1185

00:41:34,470 --> 00:41:31,359

i think i saw the millennium falcon and

1186

00:41:35,829 --> 00:41:34,480

everyone laughs okay and and you don't

1187

00:41:39,030 --> 00:41:35,839

realize hey you might be looking at like

1188

00:41:41,430 --> 00:41:39,040

the greatest discovery in humankind here

1189

00:41:43,109 --> 00:41:41,440

and then it turns out that abc is owned

1190

00:41:44,710 --> 00:41:43,119

by walt disney and there was a stock

1191

00:41:47,030 --> 00:41:44,720

track movie came out that week and it

1192

00:41:48,309 --> 00:41:47,040

might have been tied in who knows but i

1193

00:41:49,510 --> 00:41:48,319

think it's easy i think it's easier

1194

00:41:52,150 --> 00:41:49,520

sometimes when you don't understand

1195

00:41:53,750 --> 00:41:52,160

what's going on to laugh it off

1196

00:41:55,589 --> 00:41:53,760

that's an instinctive reaction but you

1197

00:41:56,870 --> 00:41:55,599

have to remember back in 47 even when

1198

00:41:57,670 --> 00:41:56,880

everything kicked off again after the

1199

00:42:00,470 --> 00:41:57,680

war

1200

00:42:02,069 --> 00:42:00,480

the same you know the official the

1201

00:42:03,990 --> 00:42:02,079

united states air force officials who

1202

00:42:06,470 --> 00:42:04,000

are in charge of looking at stuff and

1203

00:42:07,829 --> 00:42:06,480

the even see in more senior offices with

1204

00:42:09,829 --> 00:42:07,839

us pretty much the same people who have

1205

00:42:11,910 --> 00:42:09,839

been in charge at the end of world war

1206

00:42:13,109 --> 00:42:11,920

ii you know with a few exceptions so

1207

00:42:15,030 --> 00:42:13,119

they were going through the same thing

1208

00:42:17,829 --> 00:42:15,040

again because they'd already gone

1209

00:42:19,270 --> 00:42:17,839

through this um thing where um

1210

00:42:21,510 --> 00:42:19,280

information about the foo fighters and

1211

00:42:23,190 --> 00:42:21,520

other associated phenomenon was going up

1212

00:42:26,069 --> 00:42:23,200

the chain of command is to say you know

1213

00:42:28,630 --> 00:42:26,079

what's going on um so i go back to that

1214

00:42:30,550 --> 00:42:28,640

list of um sightings that uh the the

1215

00:42:32,150 --> 00:42:30,560

intelligence officer from the 415th

1216

00:42:33,910 --> 00:42:32,160

night fighter squadron passed up the

1217

00:42:36,390 --> 00:42:33,920

chain of command he actually passed it

1218

00:42:38,550 --> 00:42:36,400

to his uh to his senior his commanders

1219

00:42:40,630 --> 00:42:38,560

at the 64th fighter wing they didn't

1220

00:42:41,829 --> 00:42:40,640

know what to do with it uh

1221

00:42:43,670 --> 00:42:41,839

they basically said well you're gonna

1222

00:42:46,150 --> 00:42:43,680

have to give us more information so it

1223

00:42:47,589 --> 00:42:46,160

ended up him bypassing um that

1224

00:42:49,670 --> 00:42:47,599

intermediate chain of command and he

1225

00:42:51,270 --> 00:42:49,680

went straight to 12th tactical uh air

1226

00:42:53,589 --> 00:42:51,280

command which was the next one of the

1227

00:42:55,030 --> 00:42:53,599

chain and that's when that they started

1228

00:42:56,790 --> 00:42:55,040

talking to each other but even they

1229

00:42:57,829 --> 00:42:56,800

didn't have a clue and they kept saying

1230

00:42:59,430 --> 00:42:57,839

well you're gonna have to provide more

1231

00:43:00,870 --> 00:42:59,440

information again so it was backwards

1232

00:43:03,030 --> 00:43:00,880

and forward over the course of about two

1233

00:43:04,870 --> 00:43:03,040

months sure over so the end of january

1234

00:43:07,270 --> 00:43:04,880

began to all through february and even

1235

00:43:09,270 --> 00:43:07,280

into march 1945 there was this touring

1236

00:43:10,630 --> 00:43:09,280

and throwing of letters and memos going

1237

00:43:13,430 --> 00:43:10,640

backwards and forwards between the

1238

00:43:14,630 --> 00:43:13,440

squadron and two links up the chain

1239

00:43:16,630 --> 00:43:14,640

trying to work out what the hell was

1240

00:43:18,790 --> 00:43:16,640

going on we got the point where 12th

1241

00:43:19,990 --> 00:43:18,800

tactical air command just washed their

1242

00:43:20,950 --> 00:43:20,000

hands of it and said we're going to give

1243

00:43:22,550 --> 00:43:20,960

it we're going to give it to the air

1244

00:43:23,829 --> 00:43:22,560

ministry in london that's to us the

1245

00:43:26,390 --> 00:43:23,839

brits

1246

00:43:28,630 --> 00:43:26,400

because they didn't have a clue and the

1247

00:43:30,470 --> 00:43:28,640

the air ministry um looked at it and

1248

00:43:31,910 --> 00:43:30,480

they consulted various officials and you

1249

00:43:33,990 --> 00:43:31,920

can see the the

1250

00:43:36,069 --> 00:43:34,000

uh in my book i've got a i've got a copy

1251

00:43:38,309 --> 00:43:36,079

of the letter i've got the transcript of

1252

00:43:40,150 --> 00:43:38,319

the letter and it basically says in

1253

00:43:41,510 --> 00:43:40,160

essence we don't know what's going on

1254

00:43:43,910 --> 00:43:41,520

they're just probably measured to make

1255

00:43:45,589 --> 00:43:43,920

two jet fighters which is a an aircraft

1256

00:43:47,270 --> 00:43:45,599

that the germans sure

1257

00:43:48,309 --> 00:43:47,280

the germans failed it

1258

00:43:49,670 --> 00:43:48,319

um

1259

00:43:50,950 --> 00:43:49,680

and that's and that was effectively

1260

00:43:51,910 --> 00:43:50,960

washing the hands of it you know it's we

1261

00:43:53,510 --> 00:43:51,920

don't know

1262

00:43:56,150 --> 00:43:53,520

it's not really doing much damage

1263

00:43:58,230 --> 00:43:56,160

nobody's getting shot down by them

1264

00:44:01,430 --> 00:43:58,240

it's not losing the war for us so let's

1265

00:44:04,550 --> 00:44:01,440

just bury it yep yeah so did they did

1266

00:44:05,990 --> 00:44:04,560

they display extraordinary

1267

00:44:08,870 --> 00:44:06,000

you know

1268

00:44:10,710 --> 00:44:08,880

navigation like they did like they

1269

00:44:12,309 --> 00:44:10,720

didn't show up on radar first of all

1270

00:44:14,309 --> 00:44:12,319

because these things were sitting off

1271

00:44:16,550 --> 00:44:14,319

the wing tips of air of night fighters

1272

00:44:18,790 --> 00:44:16,560

which were equipped with the best and

1273

00:44:20,550 --> 00:44:18,800

aired airborne intercept radar that the

1274

00:44:22,710 --> 00:44:20,560

allies could field at that time it's

1275

00:44:25,430 --> 00:44:22,720

actually better than the german stuff um

1276

00:44:26,790 --> 00:44:25,440

so the the p-61 black widows and the

1277

00:44:28,950 --> 00:44:26,800

bristol bow fighters that the two

1278

00:44:30,870 --> 00:44:28,960

american night fighter units in in

1279

00:44:32,790 --> 00:44:30,880

france and belgium and also the two that

1280

00:44:34,630 --> 00:44:32,800

were based in italy they all have the

1281

00:44:35,910 --> 00:44:34,640

same sort of aircraft and that was a

1282

00:44:38,069 --> 00:44:35,920

pretty good radar system it was actually

1283

00:44:40,790 --> 00:44:38,079

a copy of a british one but never mind

1284

00:44:42,790 --> 00:44:40,800

uh but it was it was really good and we

1285

00:44:44,550 --> 00:44:42,800

had we had mosquito night fighters we

1286

00:44:45,750 --> 00:44:44,560

had uh bowfight and knife fighters as

1287

00:44:47,190 --> 00:44:45,760

well and they were coming up with the

1288

00:44:48,630 --> 00:44:47,200

same problem these things were sitting

1289

00:44:51,109 --> 00:44:48,640  
off wingtips or being seen in the

1290

00:44:52,870 --> 00:44:51,119  
distance but and the radar on board the

1291

00:44:54,550 --> 00:44:52,880  
aircraft had a range of about five to

1292

00:44:56,470 --> 00:44:54,560  
eight miles it just wasn't seeing them

1293

00:44:58,309 --> 00:44:56,480  
at all and there's one story of one of

1294

00:45:00,470 --> 00:44:58,319  
the american knight fighter pilots after

1295

00:45:02,710 --> 00:45:00,480  
an encounter with one of these lights

1296

00:45:05,270 --> 00:45:02,720  
you radioed one the ground radar station

1297

00:45:07,349 --> 00:45:05,280  
to say have you got it and the the reply

1298

00:45:08,870 --> 00:45:07,359  
was it's just you up there

1299

00:45:10,790 --> 00:45:08,880  
you know so

1300

00:45:12,630 --> 00:45:10,800  
this is what happened so they they had

1301

00:45:13,910 --> 00:45:12,640

some kind of anti-radar property but

1302

00:45:16,150 --> 00:45:13,920

they were extremely fast when they

1303

00:45:17,430 --> 00:45:16,160

wanted to be they were very maneuverable

1304

00:45:18,950 --> 00:45:17,440

and

1305

00:45:20,470 --> 00:45:18,960

everything that you read about now you

1306

00:45:22,150 --> 00:45:20,480

know about what they can do they did

1307

00:45:24,390 --> 00:45:22,160

back then so

1308

00:45:26,309 --> 00:45:24,400

it's just uh this kind of lit yo extra

1309

00:45:28,470 --> 00:45:26,319

leaping technology that they displayed

1310

00:45:29,910 --> 00:45:28,480

was much better than even the best jets

1311

00:45:32,230 --> 00:45:29,920

and the rocket fighters and all the rest

1312

00:45:33,670 --> 00:45:32,240

of it from the wall whereas nowadays

1313

00:45:35,829 --> 00:45:33,680

they're better than the best aircraft we

1314

00:45:38,950 --> 00:45:35,839

can put up so you know there's this kind

1315

00:45:41,670 --> 00:45:38,960

of step change in what they display um

1316

00:45:43,030 --> 00:45:41,680

of course back then as i said before

1317

00:45:44,950 --> 00:45:43,040

the allies thought these things were

1318

00:45:46,069 --> 00:45:44,960

german serial weapons now there is this

1319

00:45:48,150 --> 00:45:46,079

kind of school of thought that the

1320

00:45:50,069 --> 00:45:48,160

germans thought the same thing now it's

1321

00:45:52,230 --> 00:45:50,079

all great saying that but trying to

1322

00:45:54,309 --> 00:45:52,240

prove it is a different matter entirely

1323

00:45:57,349 --> 00:45:54,319

and then yet to come across official

1324

00:45:58,390 --> 00:45:57,359

german documents that say that is the

1325

00:46:00,390 --> 00:45:58,400

case

1326

00:46:03,190 --> 00:46:00,400

there's a lot of anecdotal evidence to

1327

00:46:06,230 --> 00:46:03,200

say germans saw these but finding german

1328

00:46:07,990 --> 00:46:06,240

cases and german pilots who saw them you

1329

00:46:09,990 --> 00:46:08,000

know there's one chapter in my book but

1330

00:46:12,710 --> 00:46:10,000

it's not very big it's only what 20

1331

00:46:14,470 --> 00:46:12,720

pages maybe 30 pages and i've it's got

1332

00:46:16,309 --> 00:46:14,480

all the stories i can find and i've gone

1333

00:46:18,470 --> 00:46:16,319

through some fairly obscure german and

1334

00:46:21,109 --> 00:46:18,480

austrian publications to try and find

1335

00:46:23,510 --> 00:46:21,119

those um but they do exist but they're

1336

00:46:24,790 --> 00:46:23,520

not many of them and in most cases

1337

00:46:27,190 --> 00:46:24,800

there's not much information that you

1338

00:46:28,710 --> 00:46:27,200

can check out and i do and i used to i

1339

00:46:30,470 --> 00:46:28,720

would do that i would look at the units

1340

00:46:31,750 --> 00:46:30,480

involved find out where they were based

1341

00:46:34,069 --> 00:46:31,760

and you don't even get that information

1342

00:46:36,550 --> 00:46:34,079

with a lot of these so even then some of

1343

00:46:38,150 --> 00:46:36,560

these stories are a little bit suspect

1344

00:46:41,030 --> 00:46:38,160

a lot of them come out of french authors

1345

00:46:42,950 --> 00:46:41,040

from the 1960s and 1970s a lot of books

1346

00:46:45,430 --> 00:46:42,960

back then published these things and

1347

00:46:46,150 --> 00:46:45,440

actually one of the authors made a story

1348

00:46:48,950 --> 00:46:46,160

up

1349

00:46:51,270 --> 00:46:48,960

about a german research program

1350

00:46:52,309 --> 00:46:51,280

about ufos in the war was called

1351

00:46:55,670 --> 00:46:52,319

13.

1352

00:46:57,910 --> 00:46:55,680

he made that story up in the 1970s and

1353

00:46:59,910 --> 00:46:57,920

90 actually in a book he wrote in 1970

1354

00:47:01,510 --> 00:46:59,920

called the black book of flying sources

1355

00:47:03,190 --> 00:47:01,520

because he wanted to expose people who

1356

00:47:05,349 --> 00:47:03,200

have plagued your eyes and his work she

1357

00:47:07,430 --> 00:47:05,359

also he also made up another story about

1358

00:47:09,910 --> 00:47:07,440

ufos in the same book to try and catch

1359

00:47:11,829 --> 00:47:09,920

them out now people believe those and

1360

00:47:13,349 --> 00:47:11,839

you still see it today

1361

00:47:15,030 --> 00:47:13,359

so there are stories you've got to

1362

00:47:16,550 --> 00:47:15,040

you've got to take with a pinch of salt

1363

00:47:18,630 --> 00:47:16,560

they might be in my book i better go

1364

00:47:19,349 --> 00:47:18,640

back and check

1365

00:47:21,270 --> 00:47:19,359

well

1366

00:47:23,589 --> 00:47:21,280

you know a lot of these things like

1367

00:47:24,710 --> 00:47:23,599

you're talking about graham they almost

1368

00:47:25,829 --> 00:47:24,720

become

1369

00:47:27,510 --> 00:47:25,839

like

1370

00:47:29,910 --> 00:47:27,520

considered a fact

1371

00:47:33,190 --> 00:47:29,920

for instance alexander the great they're

1372

00:47:35,990 --> 00:47:33,200

you know everyone says oh alexander

1373

00:47:38,230 --> 00:47:36,000

but that came out in a 1955

1374

00:47:40,950 --> 00:47:38,240

uh book and there's no you can't go back

1375

00:47:43,990 --> 00:47:40,960

any further than that so that's true in

1376

00:47:46,870 --> 00:47:45,109

you know

1377

00:47:47,910 --> 00:47:46,880

yeah they become established facts even

1378

00:47:49,030 --> 00:47:47,920

though they're nothing in the world

1379

00:47:50,870 --> 00:47:49,040

right

1380

00:47:52,230 --> 00:47:50,880

with these most of these cases i've gone

1381

00:47:53,750 --> 00:47:52,240

back as far as i can to try and find

1382

00:47:55,589 --> 00:47:53,760

where the original the origin of the

1383

00:47:57,270 --> 00:47:55,599

actual the cases are when they're not in

1384

00:47:59,270 --> 00:47:57,280

official records because there are some

1385

00:48:00,630 --> 00:47:59,280

which lie outside the official records

1386

00:48:03,510 --> 00:48:00,640

and you do trace them back to the same

1387

00:48:05,109 --> 00:48:03,520

with sources so um you know part of the

1388

00:48:06,790 --> 00:48:05,119

book i talk about the german flying

1389

00:48:09,670 --> 00:48:06,800

discs they'll talk about um the flak

1390

00:48:11,670 --> 00:48:09,680

mines that renato pesco uh made up

1391

00:48:13,750 --> 00:48:11,680

effectively but both of those things are

1392

00:48:15,270 --> 00:48:13,760

now established fact but again there's

1393

00:48:16,870 --> 00:48:15,280

nothing there's no truth in any of them

1394

00:48:18,470 --> 00:48:16,880

because when you boil them back to the

1395

00:48:21,190 --> 00:48:18,480

start of the origins

1396

00:48:23,109 --> 00:48:21,200

the discs start with a whole load of

1397

00:48:24,790 --> 00:48:23,119

well about four or five different people

1398

00:48:26,549 --> 00:48:24,800

who started putting things in newspapers

1399

00:48:27,829 --> 00:48:26,559

in the early 1950s

1400

00:48:30,309 --> 00:48:27,839

and you can't go any further back than

1401  
00:48:32,069 --> 00:48:30,319  
that now they say they were engineers or

1402  
00:48:33,990 --> 00:48:32,079  
they say they worked for albus spares

1403  
00:48:35,349 --> 00:48:34,000  
ministry of armaments but you can't

1404  
00:48:37,510 --> 00:48:35,359  
check that anywhere because there's no

1405  
00:48:39,750 --> 00:48:37,520  
documentation to say they ever existed

1406  
00:48:41,510 --> 00:48:39,760  
uh never mind you know in terms of what

1407  
00:48:43,430 --> 00:48:41,520  
they did never mind that they built

1408  
00:48:44,710 --> 00:48:43,440  
disks so you know and there would have

1409  
00:48:46,150 --> 00:48:44,720  
been a paper trail for this kind of

1410  
00:48:48,230 --> 00:48:46,160  
thing they were you know the germans

1411  
00:48:49,990 --> 00:48:48,240  
were very good at bureaucracy they had

1412  
00:48:52,470 --> 00:48:50,000  
paper trails for everything you were

1413  
00:48:54,630 --> 00:48:52,480

getting materials getting a manpower

1414

00:48:56,549 --> 00:48:54,640

getting research facilities all this

1415

00:48:58,230 --> 00:48:56,559

kind of stuff there would have been

1416

00:49:00,230 --> 00:48:58,240

evidence they wouldn't have destroyed

1417

00:49:01,750 --> 00:49:00,240

everything it wasn't that simple even

1418

00:49:04,549 --> 00:49:01,760

the things they tried to destroy during

1419

00:49:06,870 --> 00:49:04,559

the war still survived so i can't

1420

00:49:09,190 --> 00:49:06,880

believe that this project would ever

1421

00:49:10,630 --> 00:49:09,200

have been subject to the same kind of

1422

00:49:12,630 --> 00:49:10,640

you know scrutiny and would have been

1423

00:49:15,670 --> 00:49:12,640

this extra level of secrecy and all the

1424

00:49:17,510 --> 00:49:15,680

rest of it yada yada um so that i just

1425

00:49:19,030 --> 00:49:17,520

don't believe it and i go into quite

1426

00:49:21,430 --> 00:49:19,040

like there's three chapters in the book

1427

00:49:23,670 --> 00:49:21,440

about the discs and about these things

1428

00:49:26,230 --> 00:49:23,680

uh there's one called fireball and one

1429

00:49:28,549 --> 00:49:26,240

called kugelblitz that this this italian

1430

00:49:29,910 --> 00:49:28,559

author called renato vesco came up with

1431

00:49:32,150 --> 00:49:29,920

he came up with in the 50s but he

1432

00:49:33,190 --> 00:49:32,160

published his book in the end of 1968 i

1433

00:49:35,750 --> 00:49:33,200

think it was

1434

00:49:36,950 --> 00:49:35,760

um and it was called intercept and shoot

1435

00:49:39,030 --> 00:49:36,960

and he

1436

00:49:42,549 --> 00:49:39,040

postulated it or he actually stated

1437

00:49:45,109 --> 00:49:42,559

rather that these two um unmanned that

1438

00:49:47,829 --> 00:49:45,119

were like kind of spheres and they would

1439

00:49:49,670 --> 00:49:47,839

be attracted by the um exhaust

1440

00:49:51,510 --> 00:49:49,680

signatures from allied bombers and they

1441

00:49:53,670 --> 00:49:51,520

would either like interfere with the

1442

00:49:55,589 --> 00:49:53,680

engines um you know and shoot them down

1443

00:49:56,390 --> 00:49:55,599

that way but these things never existed

1444

00:49:58,710 --> 00:49:56,400

because

1445

00:50:00,470 --> 00:49:58,720

his when his footnotes and his books

1446

00:50:01,670 --> 00:50:00,480

talk about a lot of things in the wall

1447

00:50:03,510 --> 00:50:01,680

and they're great in the things that

1448

00:50:05,270 --> 00:50:03,520

everybody understands and knows about

1449

00:50:06,230 --> 00:50:05,280

when he talks about these particular

1450

00:50:08,150 --> 00:50:06,240

weapons

1451

00:50:09,670 --> 00:50:08,160

all these sources run dry

1452

00:50:11,109 --> 00:50:09,680

you can't find anywhere where he talks

1453

00:50:13,109 --> 00:50:11,119

about them he says he got them from

1454

00:50:14,549 --> 00:50:13,119

allied reports and he mentions the

1455

00:50:16,549 --> 00:50:14,559

reports that he says he got them from

1456

00:50:18,309 --> 00:50:16,559

now i've looked at those reports i can't

1457

00:50:20,230 --> 00:50:18,319

find anything so

1458

00:50:21,990 --> 00:50:20,240

again that's something else that you

1459

00:50:23,430 --> 00:50:22,000

know i don't believe in but if you look

1460

00:50:25,349 --> 00:50:23,440

across the internet and you look and you

1461

00:50:27,109 --> 00:50:25,359

put in to put a search in for the foo

1462

00:50:29,589 --> 00:50:27,119

fighters sooner or later you'll come

1463

00:50:32,470 --> 00:50:29,599

across cool blitz or fireball or the

1464

00:50:34,950 --> 00:50:32,480

german discs or both and

1465

00:50:36,470 --> 00:50:34,960

none of them are true you know right or

1466

00:50:38,069 --> 00:50:36,480

or if they are

1467

00:50:39,510 --> 00:50:38,079

i've yet to see the evidence for them

1468

00:50:42,150 --> 00:50:39,520

see that's the problem i think that

1469

00:50:44,470 --> 00:50:42,160

that's the problem with um ufo books

1470

00:50:46,230 --> 00:50:44,480

across the board but especially

1471

00:50:48,470 --> 00:50:46,240

these books that people come out with

1472

00:50:50,630 --> 00:50:48,480

who um we're talking off here martin

1473

00:50:53,349 --> 00:50:50,640

about this how uh you know the germans

1474

00:50:55,030 --> 00:50:53,359

had uh help from aliens and uh you know

1475

00:50:56,790 --> 00:50:55,040

they had a base on the moon and they had

1476

00:50:59,430 --> 00:50:56,800

a base in antarctica

1477

00:51:02,069 --> 00:50:59,440

and the jumping bell right

1478

00:51:07,109 --> 00:51:04,150

and you see what the problem with that

1479

00:51:10,549 --> 00:51:07,119

is is that you know in my opinion

1480

00:51:12,470 --> 00:51:10,559

is that um it furthers this idea that

1481

00:51:14,790 --> 00:51:12,480

the nazis were supermen

1482

00:51:17,030 --> 00:51:14,800

and um you know that's just not a good

1483

00:51:19,670 --> 00:51:17,040

uh you know train of thought these days

1484

00:51:21,589 --> 00:51:19,680

okay and you have to

1485

00:51:23,190 --> 00:51:21,599

ask yourself if you choose to believe

1486

00:51:25,349 --> 00:51:23,200

this if you choose to believe that they

1487

00:51:27,910 --> 00:51:25,359

had a base on the moon that they were

1488

00:51:29,670 --> 00:51:27,920

you know in touch with the planet 40 uh

1489

00:51:31,190 --> 00:51:29,680

light years from earth and they're

1490

00:51:32,549 --> 00:51:31,200

helping them with their secret weapons

1491

00:51:35,030 --> 00:51:32,559

and so on

1492

00:51:37,270 --> 00:51:35,040

uh why did they lose the war exactly you

1493

00:51:39,270 --> 00:51:37,280

know i mean just just ask yourself that

1494

00:51:41,270 --> 00:51:39,280

question with all this unbelievable

1495

00:51:42,710 --> 00:51:41,280

extraterrestrial help

1496

00:51:46,950 --> 00:51:42,720

why would they lose the war why were

1497

00:51:48,069 --> 00:51:46,960

they building their me 262 jet fighters

1498

00:51:49,270 --> 00:51:48,079

with um

1499

00:51:51,030 --> 00:51:49,280

plywood

1500

00:51:52,470 --> 00:51:51,040

cockpits because they didn't have enough

1501  
00:51:55,589 --> 00:51:52,480  
metal

1502  
00:51:58,150 --> 00:51:55,599  
you know does this sound like a a super

1503  
00:52:00,630 --> 00:51:58,160  
army of supermen who are getting help

1504  
00:52:02,630 --> 00:52:00,640  
from aliens and so on because the allies

1505  
00:52:03,990 --> 00:52:02,640  
thought that the germans were were

1506  
00:52:05,990 --> 00:52:04,000  
not quite superman but they thought they

1507  
00:52:07,190 --> 00:52:06,000  
had advanced weapons which they did but

1508  
00:52:09,190 --> 00:52:07,200  
all the way through the intelligence

1509  
00:52:10,950 --> 00:52:09,200  
reports not just on the rf side but also

1510  
00:52:12,230 --> 00:52:10,960  
on the american side you see these

1511  
00:52:13,990 --> 00:52:12,240  
references to

1512  
00:52:15,910 --> 00:52:14,000  
you know what weapons are these what

1513  
00:52:18,309 --> 00:52:15,920

german weapons are these

1514

00:52:20,150 --> 00:52:18,319

now right rock the german and they

1515

00:52:22,549 --> 00:52:20,160

attribute them to early types of

1516

00:52:25,030 --> 00:52:22,559

service-to-air missile or to

1517

00:52:26,150 --> 00:52:25,040

the jets that max just referred to but

1518

00:52:27,190 --> 00:52:26,160

actually when you look at the history

1519

00:52:29,430 --> 00:52:27,200

and this is something i used to be

1520

00:52:31,910 --> 00:52:29,440

really interested in so i can speak with

1521

00:52:33,670 --> 00:52:31,920

some authority on the on the issue um

1522

00:52:36,230 --> 00:52:33,680

the missile projects

1523

00:52:37,589 --> 00:52:36,240

they started developing in 1943 but they

1524

00:52:39,430 --> 00:52:37,599

had problems with the guidance systems

1525

00:52:41,430 --> 00:52:39,440

they had problems with the rocket motors

1526  
00:52:43,109 --> 00:52:41,440  
and everything in between and they never

1527  
00:52:44,710 --> 00:52:43,119  
managed to field an operational

1528  
00:52:45,990 --> 00:52:44,720  
service-to-air missile

1529  
00:52:47,990 --> 00:52:46,000  
even at the end of the war they had

1530  
00:52:50,150 --> 00:52:48,000  
plans to put one in into production but

1531  
00:52:51,829 --> 00:52:50,160  
it never it never went ahead but yet

1532  
00:52:54,470 --> 00:52:51,839  
these things were being seen as early as

1533  
00:52:56,470 --> 00:52:54,480  
as 1942 they were calling them rockets

1534  
00:52:57,589 --> 00:52:56,480  
so and the germans had about 50

1535  
00:52:59,510 --> 00:52:57,599  
different types of missile and

1536  
00:53:00,470 --> 00:52:59,520  
development during the war right but

1537  
00:53:03,349 --> 00:53:00,480  
there was only one or two they're

1538  
00:53:06,710 --> 00:53:04,950

there was a couple of those a couple of

1539

00:53:09,030 --> 00:53:06,720

uh air-to-air missiles that nearly got

1540

00:53:11,829 --> 00:53:09,040

into into service so and there's a few

1541

00:53:13,510 --> 00:53:11,839

air service missiles as well um but they

1542

00:53:15,670 --> 00:53:13,520

were and you see in the intelligence

1543

00:53:17,430 --> 00:53:15,680

records some of these are mentioned but

1544

00:53:19,349 --> 00:53:17,440

none of them could have done the kind of

1545

00:53:21,270 --> 00:53:19,359

maneuvers or the performance that the

1546

00:53:23,190 --> 00:53:21,280

the foo fighters and these other objects

1547

00:53:25,030 --> 00:53:23,200

that were being seen on a regular basis

1548

00:53:26,630 --> 00:53:25,040

could have carried out

1549

00:53:27,990 --> 00:53:26,640

and then you talk about the jets and

1550

00:53:31,109 --> 00:53:28,000

also the rocket aircraft that the

1551  
00:53:33,510 --> 00:53:31,119  
germans had now the the germans fielded

1552  
00:53:35,109 --> 00:53:33,520  
both the measurement 163 comet the the

1553  
00:53:37,510 --> 00:53:35,119  
the rocket fighter and also the

1554  
00:53:39,349 --> 00:53:37,520  
magistrate 262 the jet fighter in the

1555  
00:53:41,829 --> 00:53:39,359  
summer in 1944

1556  
00:53:43,349 --> 00:53:41,839  
now as far as night time was concerned

1557  
00:53:45,270 --> 00:53:43,359  
the comet never flew at night because it

1558  
00:53:48,069 --> 00:53:45,280  
was too dangerous to fly in the day

1559  
00:53:50,150 --> 00:53:48,079  
and the 262 only came into service in

1560  
00:53:51,910 --> 00:53:50,160  
january and the first two seaters the

1561  
00:53:53,750 --> 00:53:51,920  
proper knight fighter at the end of

1562  
00:53:55,910 --> 00:53:53,760  
march 1945 right before the end of the

1563  
00:53:57,109 --> 00:53:55,920

war and yet the allies were seeing these

1564

00:53:58,790 --> 00:53:57,119

aircraft all they said they were

1565

00:54:01,589 --> 00:53:58,800

reporting seeing them as early as

1566

00:54:03,109 --> 00:54:01,599

september and october 1944 at night

1567

00:54:04,390 --> 00:54:03,119

and they are and there's actually bits

1568

00:54:07,270 --> 00:54:04,400

in the archives when you can see through

1569

00:54:08,950 --> 00:54:07,280

their squadron reports you'll see um

1570

00:54:11,829 --> 00:54:08,960

reports of gunners saying they shot

1571

00:54:13,270 --> 00:54:11,839

these down so there's all these reports

1572

00:54:14,549 --> 00:54:13,280

that what actually were they shot it was

1573

00:54:16,150 --> 00:54:14,559

shooting down then because they weren't

1574

00:54:18,630 --> 00:54:16,160

night fighters and yet these things were

1575

00:54:21,030 --> 00:54:18,640

basically just described as really quick

1576  
00:54:23,750 --> 00:54:21,040  
moving lights very fast moving lights

1577  
00:54:26,230 --> 00:54:23,760  
with very little form behind them so

1578  
00:54:28,390 --> 00:54:26,240  
interesting okay well it's time for us

1579  
00:54:30,790 --> 00:54:28,400  
to go into break we have a three minute

1580  
00:54:33,910 --> 00:54:30,800  
music break so hang in there we'll be

1581  
00:54:36,069 --> 00:54:33,920  
right back um over at kgr a radio we'll

1582  
00:54:38,710 --> 00:54:36,079  
be right back right after these messages

1583  
00:55:02,780 --> 00:54:38,720  
and hang in on youtube for the music

1584  
00:56:53,440 --> 00:55:27,130  
[Music]

1585  
00:56:53,450 --> 00:57:23,950  
[Applause]

1586  
00:57:23,960 --> 00:57:37,910  
[Music]

1587  
00:57:43,510 --> 00:57:40,950  
all right welcome back to the show uh my

1588  
00:57:44,390 --> 00:57:43,520

guest tonight is graham uh randall and i

1589

00:57:47,349 --> 00:57:44,400

have

1590

00:57:50,710 --> 00:57:47,359

mac maloney helping me out i love facts

1591

00:57:52,870 --> 00:57:50,720

uh this guy is really good um he has his

1592

00:57:54,789 --> 00:57:52,880

facts down and i'm really enjoying the

1593

00:57:55,670 --> 00:57:54,799

show a lot i hope you are too

1594

00:57:58,230 --> 00:57:55,680

and

1595

00:57:59,589 --> 00:57:58,240

bringing mac back in

1596

00:58:01,829 --> 00:57:59,599

graham uh

1597

00:58:03,589 --> 00:58:01,839

i'm really enjoying this so far so we

1598

00:58:05,270 --> 00:58:03,599

have about just to let you know about

1599

00:58:06,549 --> 00:58:05,280

half half hour in we're going to be

1600

00:58:08,549 --> 00:58:06,559

popping up the

1601  
00:58:10,069 --> 00:58:08,559  
phone number and people can call in if

1602  
00:58:10,870 --> 00:58:10,079  
they'd like to but before we get right

1603  
00:58:11,829 --> 00:58:10,880  
back

1604  
00:58:15,270 --> 00:58:11,839  
into

1605  
00:58:16,870 --> 00:58:15,280  
this this uh question came up early on

1606  
00:58:19,109 --> 00:58:16,880  
and uh

1607  
00:58:21,430 --> 00:58:19,119  
uh david wanted to know did you see this

1608  
00:58:22,870 --> 00:58:21,440  
has to do with aviation that's the only

1609  
00:58:24,870 --> 00:58:22,880  
reason he was asking this question

1610  
00:58:27,190 --> 00:58:24,880  
because he knows you like aviation so

1611  
00:58:28,950 --> 00:58:27,200  
you didn't see this particularly sorry

1612  
00:58:32,309 --> 00:58:28,960  
i didn't i didn't catch up with that

1613  
00:58:34,069 --> 00:58:32,319

yep no problem um so i know there are

1614

00:58:36,230 --> 00:58:34,079

some other there are some other

1615

00:58:38,150 --> 00:58:36,240

questions here and please if you are

1616

00:58:42,069 --> 00:58:38,160

going to post questions in chat please

1617

00:58:43,829 --> 00:58:42,079

use all caps so i don't i don't miss it

1618

00:58:45,190 --> 00:58:43,839

and i don't even know where we were

1619

00:58:46,390 --> 00:58:45,200

exactly

1620

00:58:48,870 --> 00:58:46,400

um

1621

00:58:52,789 --> 00:58:48,880

you know what i'll talk about the what i

1622

00:58:58,710 --> 00:58:55,990

because there was a big uh push um even

1623

00:59:00,470 --> 00:58:58,720

before the allies invaded europe

1624

00:59:01,910 --> 00:59:00,480

they had they'd already organized a

1625

00:59:03,750 --> 00:59:01,920

system where they were going to look

1626  
00:59:05,109 --> 00:59:03,760  
through whatever they captured in

1627  
00:59:07,030 --> 00:59:05,119  
germany when they finally defeated

1628  
00:59:09,190 --> 00:59:07,040  
germany to what they would find in terms

1629  
00:59:11,430 --> 00:59:09,200  
of technology because also they knew

1630  
00:59:13,829 --> 00:59:11,440  
they had jet fighters rocket fighters

1631  
00:59:15,109 --> 00:59:13,839  
you know rockets and other types of

1632  
00:59:17,349 --> 00:59:15,119  
things well because

1633  
00:59:19,270 --> 00:59:17,359  
there were advances in dentistry in in

1634  
00:59:21,910 --> 00:59:19,280  
pharmaceuticals everything they were

1635  
00:59:23,589 --> 00:59:21,920  
going to exploit so they had this system

1636  
00:59:26,069 --> 00:59:23,599  
called well science for the british side

1637  
00:59:27,910 --> 00:59:26,079  
and a bias for the british side and

1638  
00:59:29,829 --> 00:59:27,920

science for the for the american side

1639

00:59:31,670 --> 00:59:29,839

and it was a combined intelligence

1640

00:59:34,230 --> 00:59:31,680

objectives subcommittee that was what

1641

00:59:36,630 --> 00:59:34,240

science stood for so and they had

1642

00:59:37,910 --> 00:59:36,640

regular meetings before d-day uh to say

1643

00:59:39,510 --> 00:59:37,920

what they were going to do and then when

1644

00:59:41,030 --> 00:59:39,520

we started going through europe and

1645

00:59:43,910 --> 00:59:41,040

started going through france and belgium

1646

00:59:46,230 --> 00:59:43,920

and holland and into germany they knew

1647

00:59:47,270 --> 00:59:46,240

where things were they knew facilities

1648

00:59:49,190 --> 00:59:47,280

they knew

1649

00:59:51,430 --> 00:59:49,200

factories that they would target and

1650

00:59:53,990 --> 00:59:51,440

people out to start with to grab them to

1651  
00:59:55,990 --> 00:59:54,000  
seize them to stop them being destroyed

1652  
00:59:57,990 --> 00:59:56,000  
to hold on to scientists and other

1653  
01:00:00,390 --> 00:59:58,000  
people to get paperwork all this kind of

1654  
01:00:02,870 --> 01:00:00,400  
thing so there was teams of people

1655  
01:00:05,030 --> 01:00:02,880  
fanning out all over germany um at the

1656  
01:00:07,190 --> 01:00:05,040  
end of the war british american they

1657  
01:00:08,390 --> 01:00:07,200  
were looking for technology

1658  
01:00:10,230 --> 01:00:08,400  
aircraft

1659  
01:00:12,390 --> 01:00:10,240  
weapons rockets

1660  
01:00:15,670 --> 01:00:12,400  
anything you name it yep

1661  
01:00:17,670 --> 01:00:15,680  
now these the the actual um update and

1662  
01:00:20,630 --> 01:00:17,680  
the progress reports from these teams

1663  
01:00:22,230 --> 01:00:20,640

and from this work is in the records you

1664

01:00:24,150 --> 01:00:22,240

can find it you can actually search in

1665

01:00:26,230 --> 01:00:24,160

the air force

1666

01:00:28,390 --> 01:00:26,240

historic records agency in maxwell air

1667

01:00:29,910 --> 01:00:28,400

force base in alabama you can you know

1668

01:00:32,230 --> 01:00:29,920

you can get their information through

1669

01:00:33,510 --> 01:00:32,240

them that's where i got mine from and

1670

01:00:35,270 --> 01:00:33,520

you can look through all these science

1671

01:00:37,349 --> 01:00:35,280

and bios reports to see what they were

1672

01:00:38,630 --> 01:00:37,359

looking at then the wall and you know

1673

01:00:40,309 --> 01:00:38,640

there's hundreds and thousands of pages

1674

01:00:40,950 --> 01:00:40,319

of it all but i've gone through a lot of

1675

01:00:43,270 --> 01:00:40,960

it

1676

01:00:44,789 --> 01:00:43,280

and and you can see the kind of

1677

01:00:46,390 --> 01:00:44,799

developments that the germans were doing

1678

01:00:48,150 --> 01:00:46,400

now at the time they were saying they

1679

01:00:50,309 --> 01:00:48,160

were going through the rubble of german

1680

01:00:51,829 --> 01:00:50,319

aviation industry and the weapons plants

1681

01:00:54,710 --> 01:00:51,839

and all the rest of it and they didn't

1682

01:00:56,549 --> 01:00:54,720

find anything that remotely resembled

1683

01:00:58,950 --> 01:00:56,559

what these things were doing during the

1684

01:01:00,309 --> 01:00:58,960

war not just the lights in the nighttime

1685

01:01:01,430 --> 01:01:00,319

but the objects that were seeing in the

1686

01:01:03,270 --> 01:01:01,440

daytime as well because they weren't

1687

01:01:05,589 --> 01:01:03,280

just lights at night they were seeing

1688

01:01:08,150 --> 01:01:05,599

structured craft and things were a bit

1689

01:01:10,470 --> 01:01:08,160

more ephemeral as well during the day

1690

01:01:12,150 --> 01:01:10,480

but nothing ever came of

1691

01:01:14,309 --> 01:01:12,160

what they were looking for

1692

01:01:16,230 --> 01:01:14,319

and the russians did presumably the

1693

01:01:18,150 --> 01:01:16,240

russians had their own of you know they

1694

01:01:20,069 --> 01:01:18,160

had a name for their teams and they were

1695

01:01:21,510 --> 01:01:20,079

doing exactly the same in this here but

1696

01:01:23,430 --> 01:01:21,520

they never found anything at all no one

1697

01:01:27,589 --> 01:01:23,440

found anything i mean the germans did

1698

01:01:29,750 --> 01:01:27,599

have a tv guided bomb okay now

1699

01:01:31,829 --> 01:01:29,760

you know and and and think about that

1700

01:01:34,390 --> 01:01:31,839

that this is in the mid 40s or you know

1701

01:01:35,829 --> 01:01:34,400

44 or so it tank at least one ship in

1702

01:01:37,910 --> 01:01:35,839

the mediterranean now just think about

1703

01:01:40,150 --> 01:01:37,920

that for a second they actually had a tv

1704

01:01:42,630 --> 01:01:40,160

camera in the nose of a bomb and they it

1705

01:01:45,109 --> 01:01:42,640

was launched from an aircraft and they

1706

01:01:47,349 --> 01:01:45,119

you know they guided it to its target on

1707

01:01:49,109 --> 01:01:47,359

the ground they didn't work all the time

1708

01:01:51,030 --> 01:01:49,119

it was very kind of hard to work with

1709

01:01:53,510 --> 01:01:51,040

obviously it was

1710

01:01:54,470 --> 01:01:53,520

kind of primitive technology but hey you

1711

01:01:57,029 --> 01:01:54,480

know it's still good when you think

1712

01:01:59,190 --> 01:01:57,039

about technology-wise in the 47 the tv

1713

01:02:01,109 --> 01:01:59,200

guided bomb but that that was almost

1714

01:02:03,349 --> 01:02:01,119

like the peak of you know their

1715

01:02:05,510 --> 01:02:03,359

technology that was that was really

1716

01:02:07,589 --> 01:02:05,520

really up there okay to

1717

01:02:09,750 --> 01:02:07,599

to you know fall for these stories that

1718

01:02:11,910 --> 01:02:09,760

you know people saw flying saucers

1719

01:02:14,870 --> 01:02:11,920

shooting down b-17s during the raids on

1720

01:02:17,829 --> 01:02:14,880

shine foot and stuff like that and

1721

01:02:21,109 --> 01:02:17,839

yeah that's an interesting story

1722

01:02:24,390 --> 01:02:22,789

who write these things and who go out

1723

01:02:25,750 --> 01:02:24,400

and lecture about them and make movies

1724

01:02:27,990 --> 01:02:25,760

about them i think they should be

1725

01:02:30,630 --> 01:02:28,000

ashamed of themselves it's a disgrace to

1726

01:02:32,870 --> 01:02:30,640

trying to you know try to you know keep

1727

01:02:34,470 --> 01:02:32,880

fomenting this as graham said you know

1728

01:02:37,109 --> 01:02:34,480

just look down

1729

01:02:38,630 --> 01:02:37,119

the line how many sources you know uh

1730

01:02:40,710 --> 01:02:38,640

were involved in these things and they

1731

01:02:43,029 --> 01:02:40,720

always proved to be dead ends yeah um

1732

01:02:45,190 --> 01:02:43,039

and that's just like my personal bugaboo

1733

01:02:46,950 --> 01:02:45,200

i really don't like this whole idea that

1734

01:02:48,390 --> 01:02:46,960

uh you know the nazis had all these

1735

01:02:50,309 --> 01:02:48,400

great weapons

1736

01:02:52,230 --> 01:02:50,319

and mentioned little black discs

1737

01:02:54,150 --> 01:02:52,240

and that that definitely existed in

1738

01:02:57,349 --> 01:02:54,160

terms of a report that definitely exists

1739

01:02:59,029 --> 01:02:57,359

in the 384th bomb group archives um and

1740

01:03:01,829 --> 01:02:59,039

they were like kind of hockey poker

1741

01:03:04,710 --> 01:03:01,839

sized uh black objects that fell on a

1742

01:03:06,630 --> 01:03:04,720

raid of bombers um and supposed to have

1743

01:03:07,510 --> 01:03:06,640

maybe burned the wing of one of them so

1744

01:03:08,789 --> 01:03:07,520

there may have been some kind of

1745

01:03:10,150 --> 01:03:08,799

incendiary weapon that was dropped by

1746

01:03:11,750 --> 01:03:10,160

german aircraft there were certainly

1747

01:03:13,910 --> 01:03:11,760

experiments that came with cable

1748

01:03:14,950 --> 01:03:13,920

attached bombs and also other things

1749

01:03:16,789 --> 01:03:14,960

this is probably some kind of field

1750

01:03:19,029 --> 01:03:16,799

modification but that's sort of gone

1751

01:03:21,670 --> 01:03:19,039

into the lore of ufos and and foo

1752

01:03:23,109 --> 01:03:21,680

fighters as well um but some of the more

1753

01:03:25,589 --> 01:03:23,119

esoteric things like you know the

1754

01:03:27,029 --> 01:03:25,599

zeppelin type size objects that were

1755

01:03:29,190 --> 01:03:27,039

seen and they were seen in eastern

1756

01:03:30,710 --> 01:03:29,200

europa as well um over the russian

1757

01:03:33,029 --> 01:03:30,720

battlefields that were seen in romania

1758

01:03:34,630 --> 01:03:33,039

and some other places right so yeah you

1759

01:03:35,750 --> 01:03:34,640

can't really account for those because

1760

01:03:38,069 --> 01:03:35,760

they're huge

1761

01:03:39,910 --> 01:03:38,079

um but also the black triangles as well

1762

01:03:42,309 --> 01:03:39,920

over over northumberland and england

1763

01:03:43,670 --> 01:03:42,319

can't account for them so easily and

1764

01:03:45,670 --> 01:03:43,680

there's a whole load of other things as

1765

01:03:48,069 --> 01:03:45,680

well um and even these things that look

1766

01:03:49,589 --> 01:03:48,079

like jets but weren't actually jets uh

1767

01:03:51,910 --> 01:03:49,599

they were they were displaying the kind

1768

01:03:53,430 --> 01:03:51,920

of jet characteristics but were flying

1769

01:03:54,470 --> 01:03:53,440

long before the germans managed to field

1770

01:03:55,589 --> 01:03:54,480

them at night

1771

01:03:57,750 --> 01:03:55,599

you know those are something else that

1772

01:03:59,589 --> 01:03:57,760

can't be explained so there's a whole

1773

01:04:01,270 --> 01:03:59,599

load of things going on in the war and

1774

01:04:04,470 --> 01:04:01,280

actually if you go earlier back so you

1775

01:04:06,309 --> 01:04:04,480

go to 41 42 43 and the reports from back

1776

01:04:07,910 --> 01:04:06,319

then they definitely can't be jets and

1777

01:04:09,589 --> 01:04:07,920

rocket aircraft because the germans were

1778

01:04:11,430 --> 01:04:09,599

still trying to perfect them at that

1779

01:04:13,510 --> 01:04:11,440

time and they wouldn't have even been

1780

01:04:15,670 --> 01:04:13,520

able to fly them at night so you can't

1781

01:04:17,750 --> 01:04:15,680

readily write off a lot of things as to

1782

01:04:19,190 --> 01:04:17,760

be german suit or weapons um i'd just

1783

01:04:21,109 --> 01:04:19,200

like to make a plea before i go any

1784

01:04:23,109 --> 01:04:21,119

further don't mind if anybody out there

1785

01:04:25,670 --> 01:04:23,119

does have any documentation from the

1786

01:04:28,069 --> 01:04:25,680

german side about what you know what

1787

01:04:30,230 --> 01:04:28,079

they were seeing then i'd love to see it

1788

01:04:33,109 --> 01:04:30,240

and the ground yeah

1789

01:04:34,549 --> 01:04:33,119

please i'd love to see it um but you

1790

01:04:37,829 --> 01:04:34,559

know that that's the side of things that

1791

01:04:39,589 --> 01:04:37,839

is a bit weak um is is the access side

1792

01:04:41,349 --> 01:04:39,599

is the italian air force is the german

1793

01:04:42,870 --> 01:04:41,359

air force and even to a certain extent

1794

01:04:43,829 --> 01:04:42,880

the russians as well

1795

01:04:46,470 --> 01:04:43,839

obviously the russians are really

1796

01:04:48,710 --> 01:04:46,480

secretive even after the war as well for

1797

01:04:50,309 --> 01:04:48,720

obvious reasons so their documents are

1798

01:04:51,750 --> 01:04:50,319

few and far between when you look at

1799

01:04:54,390 --> 01:04:51,760

their reports from the war the things

1800

01:04:55,829 --> 01:04:54,400

they said they saw there's a lot

1801

01:04:58,150 --> 01:04:55,839

leads you know left to be desired in

1802

01:04:59,750 --> 01:04:58,160

terms of the reporting in terms of units

1803

01:05:02,549 --> 01:04:59,760

that just don't exist you can't find out

1804

01:05:04,470 --> 01:05:02,559

which units these airmen belong to um

1805

01:05:06,789 --> 01:05:04,480

the aircraft they were flying on when

1806

01:05:09,029 --> 01:05:06,799

they saw these craft again you know

1807

01:05:10,150 --> 01:05:09,039

that's a bit suspect so you have to take

1808

01:05:11,109 --> 01:05:10,160

them with a pitch assault as well i'm

1809

01:05:13,109 --> 01:05:11,119

afraid

1810

01:05:17,270 --> 01:05:13,119

you know the the story about the raider

1811

01:05:20,789 --> 01:05:17,280

in los angeles in early 1942

1812

01:05:23,510 --> 01:05:20,799

um in february 42 they made 1941 was a

1813

01:05:25,109 --> 01:05:23,520

1942 was a movie that was made by um

1814

01:05:27,750 --> 01:05:25,119

stephen spielberg but this actually

1815

01:05:30,390 --> 01:05:27,760

happened in the middle of february um a

1816

01:05:33,990 --> 01:05:30,400

couple months after pearl harbor um

1817

01:05:36,710 --> 01:05:34,000

people you know saw on radar uh alex

1818

01:05:40,069 --> 01:05:36,720

military and also less press saw this

1819

01:05:42,630 --> 01:05:40,079

large formation of your lights uh going

1820

01:05:45,109 --> 01:05:42,640

over los angeles uh licensed at the time

1821

01:05:47,430 --> 01:05:45,119

was a weapon center especially burbank

1822

01:05:48,630 --> 01:05:47,440

so they had anti-aircraft

1823

01:05:50,950 --> 01:05:48,640

batteries there

1824

01:05:53,430 --> 01:05:50,960

shot at these things for hours so much

1825

01:05:54,630 --> 01:05:53,440

uh shrapnel came down that six people

1826

01:05:56,470 --> 01:05:54,640

were killed on

1827

01:05:58,630 --> 01:05:56,480

on the ground well some of them were

1828

01:06:00,710 --> 01:05:58,640

heart attacks or heart attacks too as

1829

01:06:03,349 --> 01:06:00,720

well and there's there's a picture that

1830

01:06:05,109 --> 01:06:03,359

was taken by the los angeles times i

1831

01:06:07,430 --> 01:06:05,119

know that because they charged me 500

1832

01:06:10,150 --> 01:06:07,440

bucks to put in my book but you know

1833

01:06:12,950 --> 01:06:10,160

that thing it looks like a flying saucer

1834

01:06:14,309 --> 01:06:12,960

that's an actual photograph and um they

1835

01:06:17,510 --> 01:06:14,319

determined that this thing might be two

1836

01:06:19,829 --> 01:06:17,520

to three hundred feet in length um

1837

01:06:21,430 --> 01:06:19,839

it in and at the time everyone just

1838

01:06:23,029 --> 01:06:21,440

assumed oh this is

1839

01:06:25,349 --> 01:06:23,039

japanese launching these things off

1840

01:06:26,710 --> 01:06:25,359

aircraft carriers whatever you know once

1841

01:06:28,390 --> 01:06:26,720

again there's one of these anecdotal

1842

01:06:31,190 --> 01:06:28,400

stories at the end of the war that the

1843

01:06:33,029 --> 01:06:31,200

japanese admiral said you know

1844

01:06:34,870 --> 01:06:33,039

it wasn't us whoever was doing it wasn't

1845

01:06:37,349 --> 01:06:34,880

us you might have thought it was us but

1846

01:06:38,710 --> 01:06:37,359

even if that is not true

1847

01:06:40,789 --> 01:06:38,720

we just know for a fact that the

1848

01:06:43,510 --> 01:06:40,799

japanese did not have the technology to

1849

01:06:45,670 --> 01:06:43,520

to sail aircraft carrier past hawaii

1850

01:06:47,029 --> 01:06:45,680

never mind have one off the coast of

1851

01:06:48,710 --> 01:06:47,039

california

1852

01:06:50,150 --> 01:06:48,720

david muller does a good presentation

1853

01:06:52,069 --> 01:06:50,160

there's a what is a good presentation he

1854

01:06:53,990 --> 01:06:52,079

did on youtube and you can find it if

1855

01:06:55,589 --> 01:06:54,000

you look hard in the first about the the

1856

01:06:57,589 --> 01:06:55,599

battle of los angeles the thing about

1857

01:06:59,829 --> 01:06:57,599

the craft that craft it's the same as

1858

01:07:01,750 --> 01:06:59,839

about the the the polish wellington that

1859

01:07:02,950 --> 01:07:01,760

uh tried to shoot that light if that had

1860

01:07:05,829 --> 01:07:02,960

been some kind of craft it would have

1861

01:07:08,309 --> 01:07:05,839

been shot down they fired 1400 rounds of

1862

01:07:09,910 --> 01:07:08,319

anti-aircraft shells at it you know so

1863

01:07:11,190 --> 01:07:09,920

you you would have done some damage to

1864

01:07:13,190 --> 01:07:11,200

it at least it would have been brought

1865

01:07:15,270 --> 01:07:13,200

down if it had been anything uh you know

1866

01:07:16,630 --> 01:07:15,280

man-made so what the hell was it it

1867

01:07:18,630 --> 01:07:16,640

wasn't a balloon because it would be too

1868

01:07:20,789 --> 01:07:18,640

flimsy right that kind of firepower

1869

01:07:23,349 --> 01:07:20,799

wouldn't have been an aircraft either um

1870

01:07:26,069 --> 01:07:23,359

so you know nobody really knows what the

1871

01:07:27,589 --> 01:07:26,079

what that particular object was but

1872

01:07:28,950 --> 01:07:27,599

again that's just a precursor to what

1873

01:07:31,829 --> 01:07:28,960

happened afterwards the polish

1874

01:07:33,270 --> 01:07:31,839

wellington um the incident that's on the

1875

01:07:35,190 --> 01:07:33,280

book i've got behind me there that

1876

01:07:37,190 --> 01:07:35,200

happened exactly a month later but

1877

01:07:39,270 --> 01:07:37,200

they've been other things um there's

1878

01:07:41,029 --> 01:07:39,280

hints in the intelligence records that

1879

01:07:44,069 --> 01:07:41,039

i've looked at and i'm still looking at

1880

01:07:46,470 --> 01:07:44,079

at the moment um which talk about

1881

01:07:49,430 --> 01:07:46,480

things following bombers throughout late

1882

01:07:51,029 --> 01:07:49,440

1940 into 1941 and this is the raf i'm

1883

01:07:53,109 --> 01:07:51,039

talking about here and they've got this

1884

01:07:54,630 --> 01:07:53,119

detailed analysis where they see these

1885

01:07:56,630 --> 01:07:54,640

lights that are following them and they

1886

01:07:57,910 --> 01:07:56,640

think they're night fighters but then

1887

01:07:59,670 --> 01:07:57,920

they can't work out what type of

1888

01:08:02,069 --> 01:07:59,680

aircraft's involved which is quite

1889

01:08:04,470 --> 01:08:02,079

strange but also some of the aircraft

1890

01:08:06,309 --> 01:08:04,480

have fallen for 250 miles

1891

01:08:07,910 --> 01:08:06,319

and they'll fall towards their targets

1892

01:08:09,510 --> 01:08:07,920

now i can almost understand why you

1893

01:08:10,870 --> 01:08:09,520

might want to follow an aircraft back to

1894

01:08:12,390 --> 01:08:10,880

its base

1895

01:08:13,910 --> 01:08:12,400

right and the germans would know that

1896

01:08:15,270 --> 01:08:13,920

anyway they had pretty good intelligence

1897

01:08:17,349 --> 01:08:15,280

they were photographing our airfields

1898

01:08:19,510 --> 01:08:17,359

before the war um

1899

01:08:21,189 --> 01:08:19,520

but also the idea was that you'd shoot

1900

01:08:22,870 --> 01:08:21,199

an aircraft down before it bombed your

1901

01:08:25,030 --> 01:08:22,880

cities and that was the whole idea of

1902

01:08:27,349 --> 01:08:25,040

the german platform so why were these

1903

01:08:29,189 --> 01:08:27,359

things following but even better still

1904

01:08:30,870 --> 01:08:29,199

why the hell do they have lights on you

1905

01:08:32,709 --> 01:08:30,880

know the idea if you're a night fighter

1906

01:08:34,950 --> 01:08:32,719

pilot the last thing you want to do is

1907

01:08:36,950 --> 01:08:34,960

have something that says here i am shut

1908

01:08:39,430 --> 01:08:36,960

me down you know

1909

01:08:41,829 --> 01:08:39,440

it just didn't make any sense whatsoever

1910

01:08:43,430 --> 01:08:41,839

but the raf well they call it the

1911

01:08:44,870 --> 01:08:43,440

operational research section it was part

1912

01:08:47,189 --> 01:08:44,880

of bomber command it was now part of

1913

01:08:50,590 --> 01:08:47,199

their intelligence analysis and they

1914

01:08:53,430 --> 01:08:50,600

looked at this problem for months in

1915

01:08:55,669 --> 01:08:53,440

1941 and early 1942

1916

01:08:57,189 --> 01:08:55,679

um and they did

1917

01:08:58,789 --> 01:08:57,199

you say these reports month after month

1918

01:09:00,870 --> 01:08:58,799

they have these tables of numbers of

1919

01:09:02,789 --> 01:09:00,880

aircraft involved and whether there was

1920

01:09:04,470 --> 01:09:02,799

lights following them or it was unknown

1921

01:09:06,309 --> 01:09:04,480

aircraft all this kind of stuff and they

1922

01:09:07,910 --> 01:09:06,319

never got the bottom of this they just

1923

01:09:10,390 --> 01:09:07,920

couldn't fathom it out and they got to a

1924

01:09:12,229 --> 01:09:10,400

point in sort of mid to late 1942 when

1925

01:09:13,590 --> 01:09:12,239

they went enough's enough we spent all

1926

01:09:14,789 --> 01:09:13,600

this time on trying to work it out and

1927

01:09:17,430 --> 01:09:14,799

we can't

1928

01:09:19,030 --> 01:09:17,440

um so we're stopping this but about two

1929

01:09:20,870 --> 01:09:19,040

or three months later they kicked it off

1930

01:09:21,910 --> 01:09:20,880

again because it was still going on and

1931

01:09:23,189 --> 01:09:21,920

they spent about another couple of

1932

01:09:24,709 --> 01:09:23,199

months and you can steal the reports for

1933

01:09:26,550 --> 01:09:24,719

those as well and then they finally just

1934

01:09:28,229 --> 01:09:26,560

called it a day because they weren't

1935

01:09:29,829 --> 01:09:28,239

getting anywhere these lights weren't

1936

01:09:31,990 --> 01:09:29,839

doing anything hostile they weren't

1937

01:09:33,590 --> 01:09:32,000

shooting the bombers down they weren't

1938

01:09:35,430 --> 01:09:33,600

they couldn't work out what they were

1939

01:09:37,030 --> 01:09:35,440

they had no purpose

1940

01:09:38,229 --> 01:09:37,040

and yet they were still happening but

1941

01:09:40,789 --> 01:09:38,239

they've been fighter pilots have been

1942

01:09:43,990 --> 01:09:40,799

for um followed back from cross-channel

1943

01:09:45,990 --> 01:09:44,000

raids as well um in 1942 which had

1944

01:09:47,590 --> 01:09:46,000

lights following them as well so the you

1945

01:09:49,990 --> 01:09:47,600

know it wasn't just the bombers um you

1946

01:09:51,749 --> 01:09:50,000

know intruder fighter pilots were having

1947

01:09:53,110 --> 01:09:51,759

the same problems as well there's lots

1948

01:09:53,829 --> 01:09:53,120

of different stories

1949

01:09:56,310 --> 01:09:53,839

right

1950

01:09:57,750 --> 01:09:56,320

contemporary to the time you know during

1951

01:09:58,550 --> 01:09:57,760

that time

1952

01:10:01,990 --> 01:09:58,560

um

1953

01:10:04,229 --> 01:10:02,000

was there ever a suggestion that they

1954

01:10:06,870 --> 01:10:04,239

could be something

1955

01:10:08,630 --> 01:10:06,880

not from this world somehow never yeah

1956

01:10:10,229 --> 01:10:08,640

it was never on the lexicon so

1957

01:10:11,669 --> 01:10:10,239

everything was couched in the terms of

1958

01:10:13,350 --> 01:10:11,679

german certain weapons you have to

1959

01:10:15,030 --> 01:10:13,360

remember back then there was only if you

1960

01:10:16,550 --> 01:10:15,040

know not many people were interested in

1961

01:10:17,830 --> 01:10:16,560

science fiction yes there were

1962

01:10:19,669 --> 01:10:17,840

publications yet there were pulp

1963

01:10:21,590 --> 01:10:19,679

magazines there were novels but it

1964

01:10:24,149 --> 01:10:21,600

wasn't as big as it would become in the

1965

01:10:26,870 --> 01:10:24,159

golden age of the 50s so you know there

1966

01:10:28,550 --> 01:10:26,880

was only a few people uh everybody just

1967

01:10:30,709 --> 01:10:28,560

left to the conclusion that they must be

1968

01:10:32,630 --> 01:10:30,719

german secret weapons i can't speak for

1969

01:10:35,590 --> 01:10:32,640

the access reaction because again we're

1970

01:10:37,910 --> 01:10:35,600

hampered by the lack of documentation

1971

01:10:40,470 --> 01:10:37,920

and actual reports the germans obviously

1972

01:10:42,790 --> 01:10:40,480

for for good reason didn't want to talk

1973

01:10:44,630 --> 01:10:42,800

about the war straight after the war

1974

01:10:46,229 --> 01:10:44,640

so that's why you don't have the number

1975

01:10:48,630 --> 01:10:46,239

of people who came forward to talk about

1976

01:10:50,310 --> 01:10:48,640

their experiences um and i've yet to

1977

01:10:53,030 --> 01:10:50,320

actually come across any proper pilot

1978

01:10:55,189 --> 01:10:53,040

reports you know uh that bear any kind

1979

01:10:56,070 --> 01:10:55,199

of scrutiny so what happened from that

1980

01:10:58,470 --> 01:10:56,080

side

1981

01:11:00,390 --> 01:10:58,480

again it's all anecdotal but in terms of

1982

01:11:02,149 --> 01:11:00,400

the raf experience and the in the united

1983

01:11:04,390 --> 01:11:02,159

states army air force experience yeah

1984

01:11:06,470 --> 01:11:04,400

they they saw things but they just wrote

1985

01:11:07,350 --> 01:11:06,480

them off as being german super weapons

1986

01:11:08,630 --> 01:11:07,360

that's

1987

01:11:10,070 --> 01:11:08,640

definitely true of the intelligence

1988

01:11:12,390 --> 01:11:10,080

reporting and that's in black and white

1989

01:11:14,229 --> 01:11:12,400

you can read that for yourself

1990

01:11:15,990 --> 01:11:14,239

did they ever destroy did the germans

1991

01:11:18,790 --> 01:11:16,000

ever destroy any of their wartime

1992

01:11:20,870 --> 01:11:18,800

documents oh yeah they they they had a

1993

01:11:21,990 --> 01:11:20,880

big policy of destroying stuff there's a

1994

01:11:24,229 --> 01:11:22,000

whole there's a whole year of

1995

01:11:25,669 --> 01:11:24,239

information that went um when they had a

1996

01:11:26,550 --> 01:11:25,679

big purge on it just before the end of

1997

01:11:28,149 --> 01:11:26,560

the war they were trying to destroy

1998

01:11:30,070 --> 01:11:28,159

things left right and center they tried

1999

01:11:32,149 --> 01:11:30,080

to destroy prototypes of aircraft they

2000

01:11:34,149 --> 01:11:32,159

were quite successful in some respects

2001  
01:11:35,350 --> 01:11:34,159  
but there was always something left that

2002  
01:11:38,070 --> 01:11:35,360  
there was aircraft that they tried to

2003  
01:11:39,270 --> 01:11:38,080  
destroy by burying them in tunnels um or

2004  
01:11:41,030 --> 01:11:39,280  
just like getting rid of them but

2005  
01:11:43,189 --> 01:11:41,040  
actually the allies still found them or

2006  
01:11:44,630 --> 01:11:43,199  
found documentation on them um some of

2007  
01:11:45,910 --> 01:11:44,640  
the really weird and wonderful stuff

2008  
01:11:48,550 --> 01:11:45,920  
like the vertical takeoff rocket

2009  
01:11:50,790 --> 01:11:48,560  
interceptor called the the nutter um

2010  
01:11:52,630 --> 01:11:50,800  
it's got fully it's fully documented

2011  
01:11:54,630 --> 01:11:52,640  
there's actually pictures there's video

2012  
01:11:56,229 --> 01:11:54,640  
there's everything uh not videos film

2013  
01:11:58,229 --> 01:11:56,239

that there's everything about it even

2014

01:11:59,830 --> 01:11:58,239

the the designer you know is on record

2015

01:12:01,510 --> 01:11:59,840

about talking about it so a lot of these

2016

01:12:03,510 --> 01:12:01,520

things are really hard to actually kill

2017

01:12:05,750 --> 01:12:03,520

off in terms of getting rid of every

2018

01:12:07,030 --> 01:12:05,760

scrap of knowledge about them um so

2019

01:12:09,189 --> 01:12:07,040

that's why i find it very hard to

2020

01:12:11,510 --> 01:12:09,199

believe that esoteric stuff like the

2021

01:12:13,669 --> 01:12:11,520

discs or these aerial flak mines ever

2022

01:12:15,189 --> 01:12:13,679

existed and the germans certainly didn't

2023

01:12:17,750 --> 01:12:15,199

build the foo fighters it was nothing to

2024

01:12:19,189 --> 01:12:17,760

do with them at all right if it had been

2025

01:12:20,630 --> 01:12:19,199

it was definitely been found after the

2026

01:12:22,470 --> 01:12:20,640

war there would have been something that

2027

01:12:24,470 --> 01:12:22,480

would have led the allies to believe

2028

01:12:26,070 --> 01:12:24,480

that they had it they questioned a lot

2029

01:12:27,830 --> 01:12:26,080

of german scientists i've got that in my

2030

01:12:30,070 --> 01:12:27,840

book about the questioning that happened

2031

01:12:32,229 --> 01:12:30,080

um and the form of words they used and

2032

01:12:33,910 --> 01:12:32,239

the people they spoke to and some very

2033

01:12:35,510 --> 01:12:33,920

very prominent german

2034

01:12:37,669 --> 01:12:35,520

aeronautic engineers and other

2035

01:12:39,990 --> 01:12:37,679

scientists et cetera et cetera and and

2036

01:12:41,270 --> 01:12:40,000

this went on throughout 1945 but they

2037

01:12:42,870 --> 01:12:41,280

got nowhere with that as well because

2038

01:12:44,470 --> 01:12:42,880

the germans just said we don't know

2039

01:12:46,310 --> 01:12:44,480

anything about this

2040

01:12:48,470 --> 01:12:46,320

and it's um i mean the the nazi

2041

01:12:50,390 --> 01:12:48,480

scientists put the united states on the

2042

01:12:52,550 --> 01:12:50,400

moon i mean a lot of the scientists that

2043

01:12:54,070 --> 01:12:52,560

they picked up in operation paperclip

2044

01:12:55,510 --> 01:12:54,080

werniver and braun

2045

01:12:57,030 --> 01:12:55,520

you know probably the most famous one of

2046

01:12:57,830 --> 01:12:57,040

them all now when you think about that

2047

01:13:07,750 --> 01:12:57,840

he

2048

01:13:09,189 --> 01:13:07,760

ufos

2049

01:13:12,630 --> 01:13:09,199

why would you go down that route you

2050

01:13:15,669 --> 01:13:13,669

right of course we were talking about

2051

01:13:16,790 --> 01:13:15,679

the flying wings as well so there was it

2052

01:13:18,390 --> 01:13:16,800

was a company called there's a couple of

2053

01:13:19,910 --> 01:13:18,400

brothers called horton

2054

01:13:21,590 --> 01:13:19,920

and they built flying wing aircraft

2055

01:13:23,030 --> 01:13:21,600

before the war but they also flocked

2056

01:13:24,709 --> 01:13:23,040

they built them during the war and they

2057

01:13:26,470 --> 01:13:24,719

came up with a jet fighter or jet

2058

01:13:29,350 --> 01:13:26,480

fighter bomber actually called the it

2059

01:13:31,030 --> 01:13:29,360

was called the horton nine um and

2060

01:13:32,630 --> 01:13:31,040

there's stories around the internet that

2061

01:13:34,470 --> 01:13:32,640

this is the basis of the flying wings

2062

01:13:35,750 --> 01:13:34,480

and the thing that kenneth arnold saw

2063

01:13:36,630 --> 01:13:35,760

but actually that's a bit off as well

2064

01:13:38,550 --> 01:13:36,640

because

2065

01:13:39,830 --> 01:13:38,560

there's also reports that the russians

2066

01:13:42,070 --> 01:13:39,840

built fleets of these things as night

2067

01:13:44,790 --> 01:13:42,080

fighters and that's an official cia

2068

01:13:45,990 --> 01:13:44,800

reports but it's all rubbish as well so

2069

01:13:47,750 --> 01:13:46,000

you know there was a lot of schools of

2070

01:13:49,669 --> 01:13:47,760

thought straight after the war saying oh

2071

01:13:51,270 --> 01:13:49,679

the russians must have got a hold of

2072

01:13:52,709 --> 01:13:51,280

this technology and they must be

2073

01:13:54,870 --> 01:13:52,719

developing it and this is what we're

2074

01:13:57,430 --> 01:13:54,880

seeing now but again that's all just

2075

01:13:59,590 --> 01:13:57,440

rubbish um and also the fact that and

2076

01:14:01,910 --> 01:13:59,600

people suggest that nother

2077

01:14:03,189 --> 01:14:01,920

uh jack nothrop looked at these things

2078

01:14:06,470 --> 01:14:03,199

as well well he certainly had people

2079

01:14:09,030 --> 01:14:06,480

examine the uh the the v3 prototype of

2080

01:14:10,709 --> 01:14:09,040

the of the horton uh jet bomber that uh

2081

01:14:12,709 --> 01:14:10,719

the jet fighter bomb rather they brought

2082

01:14:14,709 --> 01:14:12,719

across to america after the wall that he

2083

01:14:16,070 --> 01:14:14,719

certainly had engineers look at it but

2084

01:14:18,470 --> 01:14:16,080

they didn't do anything else with it

2085

01:14:20,550 --> 01:14:18,480

because well it never appeared anywhere

2086

01:14:22,310 --> 01:14:20,560

and he continued to build flying wings

2087

01:14:24,149 --> 01:14:22,320

afterwards but he never built anything

2088

01:14:25,750 --> 01:14:24,159

that looked like that so

2089

01:14:28,390 --> 01:14:25,760

these people who think these were the

2090

01:14:29,910 --> 01:14:28,400

basis of ufos i think that sort of

2091

01:14:31,430 --> 01:14:29,920

barking at the wrong tree the only

2092

01:14:33,990 --> 01:14:31,440

strange thing about the hortons that

2093

01:14:36,630 --> 01:14:34,000

we're talking about is real quick is um

2094

01:14:38,870 --> 01:14:36,640

what kenneth arnold saw that day

2095

01:14:39,990 --> 01:14:38,880

uh which started the whole flying saucer

2096

01:14:42,470 --> 01:14:40,000

craze

2097

01:14:44,310 --> 01:14:42,480

i mean if if you put together the this

2098

01:14:47,510 --> 01:14:44,320

horton prototype that we're just talking

2099

01:14:49,110 --> 01:14:47,520

about and what he described they look

2100

01:14:50,950 --> 01:14:49,120

kind of the same you know it's got a

2101  
01:14:53,590 --> 01:14:50,960  
loose it's got a loose resemblance but

2102  
01:14:54,870 --> 01:14:53,600  
if you remember i believe it was only

2103  
01:14:56,870 --> 01:14:54,880  
one of them looked like that all the

2104  
01:14:59,110 --> 01:14:56,880  
rest were heel-shaped oh yeah okay he

2105  
01:15:00,950 --> 01:14:59,120  
talks about that so

2106  
01:15:01,750 --> 01:15:00,960  
again it's one of these things where

2107  
01:15:04,149 --> 01:15:01,760  
these

2108  
01:15:05,590 --> 01:15:04,159  
facts are sort of propagated into yeah

2109  
01:15:07,430 --> 01:15:05,600  
this definitely happened but actually

2110  
01:15:09,830 --> 01:15:07,440  
when you dig a bit deeper i think you

2111  
01:15:10,950 --> 01:15:09,840  
find that the truth is slightly blurred

2112  
01:15:12,070 --> 01:15:10,960  
um but

2113  
01:15:13,350 --> 01:15:12,080

that's the same with you followed you

2114

01:15:14,950 --> 01:15:13,360

all over this is what we have to deal

2115

01:15:16,070 --> 01:15:14,960

with don't we

2116

01:15:17,590 --> 01:15:16,080

i'll tell you graeme you do your

2117

01:15:19,750 --> 01:15:17,600

homework there brother

2118

01:15:21,669 --> 01:15:19,760

um well i certainly didn't hopefully do

2119

01:15:23,350 --> 01:15:21,679

better at this than i do that's for sure

2120

01:15:25,110 --> 01:15:23,360

i mean i'm not i don't blow my own

2121

01:15:26,630 --> 01:15:25,120

treatment here but there's 1100

2122

01:15:28,709 --> 01:15:26,640

footnotes in that book

2123

01:15:30,950 --> 01:15:28,719

so that's where the that's where the

2124

01:15:32,790 --> 01:15:30,960

information comes from i didn't want

2125

01:15:34,950 --> 01:15:32,800

anybody like five years down the line to

2126

01:15:36,550 --> 01:15:34,960

say graeme you just made this up i've

2127

01:15:38,550 --> 01:15:36,560

seen i've read too much i've read too

2128

01:15:40,149 --> 01:15:38,560

many books where i've not been able to

2129

01:15:41,830 --> 01:15:40,159

work out where the author got the

2130

01:15:43,110 --> 01:15:41,840

information from right and i didn't want

2131

01:15:43,910 --> 01:15:43,120

to be one of those

2132

01:15:45,510 --> 01:15:43,920

so

2133

01:15:47,430 --> 01:15:45,520

when i set out writing it i thought you

2134

01:15:49,270 --> 01:15:47,440

know everything i find out i'm going to

2135

01:15:50,950 --> 01:15:49,280

let people know so they can do their own

2136

01:15:52,470 --> 01:15:50,960

research so if somebody wants to go

2137

01:15:54,550 --> 01:15:52,480

through my book and find look i want to

2138

01:15:56,550 --> 01:15:54,560

check graham's sources i want to check

2139

01:15:58,630 --> 01:15:56,560

his facts then they're quite welcome to

2140

01:16:00,149 --> 01:15:58,640

do that and if they that uses if that's

2141

01:16:01,510 --> 01:16:00,159

a springboard for them to find out other

2142

01:16:03,350 --> 01:16:01,520

information that i haven't managed to

2143

01:16:05,669 --> 01:16:03,360

find that's great yeah that's the whole

2144

01:16:11,510 --> 01:16:05,679

yeah that's the um the horton 229 or

2145

01:16:14,390 --> 01:16:13,030

yeah

2146

01:16:17,110 --> 01:16:14,400

something similar

2147

01:16:19,030 --> 01:16:17,120

but but yeah yeah i'm really really

2148

01:16:21,750 --> 01:16:19,040

enjoying the show so

2149

01:16:24,870 --> 01:16:21,760

did any of these foo fighters ever

2150

01:16:27,270 --> 01:16:24,880

display anything that seemed like it

2151

01:16:28,950 --> 01:16:27,280

could have been a threat

2152

01:16:30,630 --> 01:16:28,960

there was certainly

2153

01:16:31,990 --> 01:16:30,640

well it depends on what you call a

2154

01:16:33,510 --> 01:16:32,000

threat

2155

01:16:35,189 --> 01:16:33,520

anything that was flying around in the

2156

01:16:37,110 --> 01:16:35,199

skies following aircraft was going to be

2157

01:16:39,590 --> 01:16:37,120

trapped as a threat so that was just

2158

01:16:42,310 --> 01:16:39,600

standard practice and they were fired at

2159

01:16:44,470 --> 01:16:42,320

but in terms of retaliation then nothing

2160

01:16:46,229 --> 01:16:44,480

that we know about that doesn't mean

2161

01:16:48,870 --> 01:16:46,239

something was shot down that we don't

2162

01:16:51,350 --> 01:16:48,880

know about and they all died but there's

2163

01:16:52,870 --> 01:16:51,360

no stories of you know sort of attacks

2164

01:16:55,189 --> 01:16:52,880

on anything like that

2165

01:16:58,149 --> 01:16:55,199

um the nearest you've got are things on

2166

01:17:00,390 --> 01:16:58,159

collision courses um things that

2167

01:17:02,870 --> 01:17:00,400

may or may not have

2168

01:17:04,470 --> 01:17:02,880

sort of collided with aircraft or or hit

2169

01:17:05,910 --> 01:17:04,480

them or things like that and that

2170

01:17:07,110 --> 01:17:05,920

shoulder black discs that mike was

2171

01:17:09,510 --> 01:17:07,120

talking about earlier it's actually a

2172

01:17:11,350 --> 01:17:09,520

stuttgart rate in 1943 but also there's

2173

01:17:12,950 --> 01:17:11,360

cases in italy as well where the same

2174

01:17:14,709 --> 01:17:12,960

phenomenon was seen

2175

01:17:17,510 --> 01:17:14,719

and this was probably some kind of

2176

01:17:19,750 --> 01:17:17,520

german aerial weapon probably like a an

2177

01:17:21,270 --> 01:17:19,760

aerial bomb with fragments coming out of

2178

01:17:22,870 --> 01:17:21,280

it that was designed to like just

2179

01:17:25,189 --> 01:17:22,880

interfere with aircraft by falling on

2180

01:17:26,390 --> 01:17:25,199

them um so i'm not entirely sure that's

2181

01:17:27,830 --> 01:17:26,400

got anything to do with this particular

2182

01:17:30,630 --> 01:17:27,840

subject i've covered in the book at

2183

01:17:32,070 --> 01:17:30,640

length uh just so people are aware of it

2184

01:17:33,110 --> 01:17:32,080

but i think that's probably the nearest

2185

01:17:35,030 --> 01:17:33,120

you're going to get to any kind of

2186

01:17:36,470 --> 01:17:35,040

proper threat

2187

01:17:38,470 --> 01:17:36,480

but who knows what happened in other

2188

01:17:40,709 --> 01:17:38,480

countries and who knows about the people

2189

01:17:43,030 --> 01:17:40,719

who say didn't come back from raids so

2190

01:17:45,110 --> 01:17:43,040

it's possible but we don't know about it

2191

01:17:46,790 --> 01:17:45,120

yeah there's no doubt i mean the little

2192

01:17:48,149 --> 01:17:46,800

bit that you know we looked into the foo

2193

01:17:50,550 --> 01:17:48,159

fighters there was never we could never

2194

01:17:52,070 --> 01:17:50,560

find anything that had foo fighters

2195

01:17:54,310 --> 01:17:52,080

firing back

2196

01:17:55,430 --> 01:17:54,320

at you know our planes or anything it

2197

01:17:56,709 --> 01:17:55,440

just seemed to me like they were

2198

01:18:01,030 --> 01:17:56,719

observing

2199

01:18:02,310 --> 01:18:01,040

know uh one of the things we do

2200

01:18:03,910 --> 01:18:02,320

in our book is

2201

01:18:05,430 --> 01:18:03,920

that they might have been time travelers

2202

01:18:07,270 --> 01:18:05,440

from the future coming back and seeing

2203

01:18:08,070 --> 01:18:07,280

history being made

2204

01:18:09,990 --> 01:18:08,080

well

2205

01:18:12,709 --> 01:18:10,000

you know because they didn't seem to be

2206

01:18:14,950 --> 01:18:12,719

observing you know looking in on us for

2207

01:18:16,550 --> 01:18:14,960

some reason yeah

2208

01:18:19,750 --> 01:18:16,560

yeah i mean

2209

01:18:20,870 --> 01:18:19,760

that's actually not a bad theory really

2210

01:18:24,470 --> 01:18:20,880

you know

2211

01:18:26,390 --> 01:18:24,480

i mean it i mean i if you were if you

2212

01:18:30,070 --> 01:18:26,400

were to speculate i mean if someone was

2213

01:18:32,229 --> 01:18:30,080

to speculate what they possibly could be

2214

01:18:34,790 --> 01:18:32,239

it's not an outrageous theory i mean you

2215

01:18:37,270 --> 01:18:34,800

can have uh and mac i like what you said

2216

01:18:39,510 --> 01:18:37,280

earlier you said maybe we don't even

2217

01:18:40,709 --> 01:18:39,520

understand or we don't even know

2218

01:18:41,750 --> 01:18:40,719

um

2219

01:18:44,229 --> 01:18:41,760

you know

2220

01:18:46,470 --> 01:18:44,239

what if we if we if it was explained to

2221

01:18:48,630 --> 01:18:46,480

us we may not be going to understand

2222

01:18:50,470 --> 01:18:48,640

what the explanation is right sure

2223

01:18:52,550 --> 01:18:50,480

that's the thing

2224

01:18:54,550 --> 01:18:52,560

we um you know i use this example

2225

01:18:55,830 --> 01:18:54,560

sometimes where you know when you see

2226

01:18:58,310 --> 01:18:55,840

these um

2227

01:19:00,550 --> 01:18:58,320

tv shows like um national geographic

2228

01:19:02,149 --> 01:19:00,560

where out in the serengeti or whatever

2229

01:19:04,070 --> 01:19:02,159

you know the the lions are eating the

2230

01:19:05,830 --> 01:19:04,080

antelopes and you know

2231

01:19:07,030 --> 01:19:05,840

killing stuff right things killing

2232

01:19:09,270 --> 01:19:07,040

things now

2233

01:19:11,270 --> 01:19:09,280

you know the film crew is out there

2234

01:19:13,750 --> 01:19:11,280

watching the lions eat the gazelles and

2235

01:19:16,709 --> 01:19:13,760

stuff okay the the the lions are so used

2236

01:19:18,070 --> 01:19:16,719

to these trucks and safari trucks that

2237

01:19:20,390 --> 01:19:18,080

you know they just walk by them like

2238

01:19:22,149 --> 01:19:20,400

they're just something else but see the

2239

01:19:23,669 --> 01:19:22,159

hawaiians are the gazelles they can

2240

01:19:25,590 --> 01:19:23,679

never understand you know what those

2241

01:19:27,430 --> 01:19:25,600

trucks are about what humans are about

2242

01:19:28,550 --> 01:19:27,440

what cameras are about you know they

2243

01:19:30,950 --> 01:19:28,560

don't have

2244

01:19:33,110 --> 01:19:30,960

the intelligence to understand what is

2245

01:19:34,790 --> 01:19:33,120

going on well maybe we

2246

01:19:36,870 --> 01:19:34,800

we're just a little bit down further

2247

01:19:39,110 --> 01:19:36,880

down in the lab than we think we are and

2248

01:19:40,950 --> 01:19:39,120

the explanation is something we can't

2249

01:19:42,310 --> 01:19:40,960

understand just as long just

2250

01:19:45,430 --> 01:19:42,320

just as well as our mind can't

2251

01:19:47,669 --> 01:19:45,440

understand what a camera is you know

2252

01:19:48,950 --> 01:19:47,679

you know it's a possibility because only

2253

01:19:50,630 --> 01:19:48,960

because these things have been around

2254

01:19:52,390 --> 01:19:50,640

for years we've you know we're talking

2255

01:19:53,669 --> 01:19:52,400

about you know the last century but

2256

01:19:56,709 --> 01:19:53,679

let's face it they've been seen for

2257

01:19:59,430 --> 01:19:56,719

years and years and years okay but but

2258

01:20:01,830 --> 01:19:59,440

no one nowhere has ever really come up

2259

01:20:02,630 --> 01:20:01,840

with okay this is the explanation this

2260

01:20:07,189 --> 01:20:02,640

is

2261

01:20:09,590 --> 01:20:07,199

sense uh that if anybody if anybody says

2262

01:20:11,350 --> 01:20:09,600

they're an expert on ufos run like hell

2263

01:20:13,990 --> 01:20:11,360

yeah right there's no such a thing you

2264

01:20:15,669 --> 01:20:14,000

know it's a big mystery and

2265

01:20:17,270 --> 01:20:15,679

you know i'm hoping that we find out

2266

01:20:19,590 --> 01:20:17,280

someday um

2267

01:20:21,110 --> 01:20:19,600

but you know again maybe we just aren't

2268

01:20:23,510 --> 01:20:21,120

smart enough to

2269

01:20:26,310 --> 01:20:23,520

comprehend it yeah

2270

01:20:28,870 --> 01:20:26,320

yeah this is uh i'm not sure what this

2271

01:20:30,550 --> 01:20:28,880

is this was sent to me yesterday i'm

2272

01:20:32,470 --> 01:20:30,560

trying to i've been trying to text

2273

01:20:35,270 --> 01:20:32,480

someone one whatever italy

2274

01:20:36,870 --> 01:20:35,280

what's that it's over italy i believe

2275

01:20:38,470 --> 01:20:36,880

oh you know you know this particularly

2276

01:20:39,910 --> 01:20:38,480

sure i've seen a picture before i think

2277

01:20:42,470 --> 01:20:39,920

it's over italy but i can't remember

2278

01:20:44,629 --> 01:20:42,480

exactly where and when yeah i was trying

2279

01:20:46,870 --> 01:20:44,639

to find that out um i had seen that

2280

01:20:49,189 --> 01:20:46,880

image before too but i

2281

01:20:52,229 --> 01:20:49,199

it looks it looks old but you know prior

2282

01:20:53,110 --> 01:20:52,239

to the 1940s i have no idea no i think

2283

01:20:57,430 --> 01:20:53,120

it's more

2284

01:20:59,110 --> 01:20:57,440

can't see i can't remember exactly the

2285

01:21:00,870 --> 01:20:59,120

circumstances where it was taken but i

2286

01:21:03,030 --> 01:21:00,880

think it's italian air force and i think

2287

01:21:05,669 --> 01:21:03,040

it's in the 60s or maybe the 70s

2288

01:21:07,270 --> 01:21:05,679

i i see i see um

2289

01:21:09,350 --> 01:21:07,280

as far as

2290

01:21:11,990 --> 01:21:09,360

um you know the the germans going back

2291

01:21:14,310 --> 01:21:12,000

to them because that fascinates me i

2292

01:21:16,550 --> 01:21:14,320

i think i mean do i have this right were

2293

01:21:20,310 --> 01:21:16,560

they the first ones to develop something

2294

01:21:22,229 --> 01:21:20,320

like the jet engine or was that um

2295

01:21:24,070 --> 01:21:22,239

depends the certain people mucking about

2296

01:21:25,750 --> 01:21:24,080

with jet engines in the 1930s so you had

2297

01:21:27,510 --> 01:21:25,760

the italians they had a kind of a

2298

01:21:30,149 --> 01:21:27,520

strange contraption was part jet engine

2299

01:21:31,990 --> 01:21:30,159

park piston engine uh the the the

2300

01:21:34,390 --> 01:21:32,000

germans did invent and they had actually

2301

01:21:36,070 --> 01:21:34,400

a jet engine aircraft flying just before

2302

01:21:39,430 --> 01:21:36,080

the start of the second world war in

2303

01:21:41,110 --> 01:21:39,440

august 1939 where the brits also were

2304

01:21:44,950 --> 01:21:41,120

fiddling about with jet engines as early

2305

01:21:46,070 --> 01:21:44,960

as 1935 1936 so they did actually have

2306

01:21:47,830 --> 01:21:46,080

them and but the germans were the

2307

01:21:50,709 --> 01:21:47,840

quickest to exploit them in terms of

2308

01:21:52,950 --> 01:21:50,719

having an operational weapon so they had

2309

01:21:53,990 --> 01:21:52,960

a jet aircraft

2310

01:21:55,910 --> 01:21:54,000

in terms of something that could have

2311

01:21:58,629 --> 01:21:55,920

been used as a weapon flying in about

2312

01:22:00,310 --> 01:21:58,639

1941 but it took a while to it was

2313

01:22:02,390 --> 01:22:00,320

protracted in terms of development

2314

01:22:04,390 --> 01:22:02,400

because in 1941 the germans thought

2315

01:22:06,709 --> 01:22:04,400

they'd won the war already so they'd

2316

01:22:10,229 --> 01:22:06,719

scale back a lot of their long-term

2317

01:22:11,990 --> 01:22:10,239

research into things so it slowed down

2318

01:22:13,270 --> 01:22:12,000

and by the time that you know they had

2319

01:22:16,229 --> 01:22:13,280

to sort of speed up again it was a bit

2320

01:22:18,149 --> 01:22:16,239

too late um and also hitler um decided

2321

01:22:20,390 --> 01:22:18,159

that the measurement 262 which was the

2322

01:22:22,790 --> 01:22:20,400

the best candidate for feeling a

2323

01:22:24,709 --> 01:22:22,800

jet aircraft had to be a bomber rather

2324

01:22:26,629 --> 01:22:24,719

than a fighter he couldn't understand

2325

01:22:28,229 --> 01:22:26,639

why you know it was better more suited

2326

01:22:30,149 --> 01:22:28,239

as a fighter so they had to put bomb

2327

01:22:31,910 --> 01:22:30,159

racks on it and which slowed it down

2328

01:22:33,110 --> 01:22:31,920

which wasn't really suited for but it

2329

01:22:35,270 --> 01:22:33,120

was a really good airframe it just

2330

01:22:37,110 --> 01:22:35,280

didn't have very good engines um they

2331

01:22:39,350 --> 01:22:37,120

only last maybe 30 hours and then they

2332

01:22:41,510 --> 01:22:39,360

would either break or had to be so hard

2333

01:22:42,790 --> 01:22:41,520

to be serviced so they were very crude

2334

01:22:44,709 --> 01:22:42,800

and if you actually open the throttles

2335

01:22:48,390 --> 01:22:44,719

up too hard too quickly they would catch

2336

01:22:51,110 --> 01:22:48,400

fire so they were very very unsafe but

2337

01:22:54,550 --> 01:22:51,120

after the rocket engine aircraft that

2338

01:22:56,070 --> 01:22:54,560

the 163 comet which again people say was

2339

01:22:58,070 --> 01:22:56,080

an explanation for the food fights which

2340

01:22:59,590 --> 01:22:58,080

couldn't have been but that was even

2341

01:23:01,590 --> 01:22:59,600

dangerous to fly in the daytime it had

2342

01:23:02,790 --> 01:23:01,600

no it had no undercarriage it was

2343

01:23:05,430 --> 01:23:02,800

launched off a dolly which was

2344

01:23:07,510 --> 01:23:05,440

jettisoned after takeoff the the rocket

2345

01:23:08,790 --> 01:23:07,520

fuel only lasted about seven minutes

2346

01:23:11,590 --> 01:23:08,800

then it became the world's fastest

2347

01:23:14,629 --> 01:23:11,600

glider it could nearly touch mach 1 in a

2348

01:23:16,149 --> 01:23:14,639

dive and so quick but when it landed

2349

01:23:18,550 --> 01:23:16,159

there was still the fuel on board and it

2350

01:23:20,310 --> 01:23:18,560

was two really volatile fuels one of

2351  
01:23:22,070 --> 01:23:20,320  
which would actually burst into flames

2352  
01:23:23,990 --> 01:23:22,080  
of church anything organic which

2353  
01:23:27,030 --> 01:23:24,000  
included the pilot

2354  
01:23:28,870 --> 01:23:27,040  
oh god t staff and staff

2355  
01:23:30,709 --> 01:23:28,880  
yeah and they were um they were so

2356  
01:23:32,149 --> 01:23:30,719  
volatile when they were put together

2357  
01:23:34,310 --> 01:23:32,159  
that's what created the chemical

2358  
01:23:35,669 --> 01:23:34,320  
reaction that make the rocket go but

2359  
01:23:37,830 --> 01:23:35,679  
when they they would store them at

2360  
01:23:39,830 --> 01:23:37,840  
opposite ends of the airfields because

2361  
01:23:42,310 --> 01:23:39,840  
they just had to prevent these two

2362  
01:23:44,629 --> 01:23:42,320  
things the tankers had big cheese and

2363  
01:23:46,790 --> 01:23:44,639

seas painted on them so nobody would

2364

01:23:49,030 --> 01:23:46,800

spook them because if you put one drop

2365

01:23:51,669 --> 01:23:49,040

of one on the other it would explode

2366

01:23:54,229 --> 01:23:51,679

exploding yeah yeah it's crazy

2367

01:23:55,590 --> 01:23:54,239

that that sounds that sounds frightening

2368

01:23:57,110 --> 01:23:55,600

but they never flew those aircraft at

2369

01:23:59,830 --> 01:23:57,120

night and this is the thing that i i do

2370

01:24:01,669 --> 01:23:59,840

try to get pains to explain in the book

2371

01:24:04,229 --> 01:24:01,679

that a lot of these aircraft were never

2372

01:24:05,750 --> 01:24:04,239

fielded at the times they were seen or

2373

01:24:07,110 --> 01:24:05,760

at all so they couldn't have been

2374

01:24:09,510 --> 01:24:07,120

explanations even though they were put

2375

01:24:11,830 --> 01:24:09,520

up as explanations both in the war and

2376

01:24:12,709 --> 01:24:11,840

afterwards and even the rockets and the

2377

01:24:14,470 --> 01:24:12,719

missiles that they were trying to

2378

01:24:16,149 --> 01:24:14,480

develop as well these were things that

2379

01:24:18,229 --> 01:24:16,159

were put forward as possible

2380

01:24:20,310 --> 01:24:18,239

explanations by the intelligence people

2381

01:24:22,390 --> 01:24:20,320

and by the pilots and the air crew but

2382

01:24:24,870 --> 01:24:22,400

again you know the non-starters for the

2383

01:24:27,830 --> 01:24:24,880

reasons i go into much more length in

2384

01:24:29,110 --> 01:24:27,840

the book but um yeah it's it's it's a

2385

01:24:30,950 --> 01:24:29,120

crazy time

2386

01:24:32,709 --> 01:24:30,960

but the good thing is this is the first

2387

01:24:35,189 --> 01:24:32,719

time there was a lot of documentation

2388

01:24:37,270 --> 01:24:35,199

that you can look at so even like 80

2389

01:24:39,590 --> 01:24:37,280

years ahead you know ahead now we can

2390

01:24:41,189 --> 01:24:39,600

look back and actually see the reports

2391

01:24:43,590 --> 01:24:41,199

that they were writing about what they

2392

01:24:45,430 --> 01:24:43,600

were seeing it's not just verbal reports

2393

01:24:48,070 --> 01:24:45,440

in in in

2394

01:24:51,110 --> 01:24:48,080

dusty documents and and books and handed

2395

01:24:52,550 --> 01:24:51,120

down by you know by verbal account

2396

01:24:53,990 --> 01:24:52,560

these are actually things in records

2397

01:24:56,629 --> 01:24:54,000

that you can touch you can feel you can

2398

01:24:58,470 --> 01:24:56,639

read and it's the first time it happened

2399

01:24:59,750 --> 01:24:58,480

but they must have it must have been a

2400

01:25:01,430 --> 01:24:59,760

bit of a stigma really because they

2401  
01:25:03,430 --> 01:25:01,440  
didn't work out what they were and then

2402  
01:25:05,830 --> 01:25:03,440  
two or three years later the whole thing

2403  
01:25:07,350 --> 01:25:05,840  
kicked off again with the flying saucers

2404  
01:25:08,870 --> 01:25:07,360  
and you know they must have just been

2405  
01:25:09,990 --> 01:25:08,880  
scratching the head thing we're going

2406  
01:25:11,270 --> 01:25:10,000  
through this again you know what

2407  
01:25:13,350 --> 01:25:11,280  
happened right you didn't have an answer

2408  
01:25:14,790 --> 01:25:13,360  
last time and it was the same people um

2409  
01:25:17,830 --> 01:25:14,800  
general stanford you know the the guy

2410  
01:25:20,070 --> 01:25:17,840  
who um was at that 1952 um you know the

2411  
01:25:21,750 --> 01:25:20,080  
press conference after the washington um

2412  
01:25:23,990 --> 01:25:21,760  
flying the the source and the radar

2413  
01:25:25,910 --> 01:25:24,000

contacts when he stood when he sat in

2414

01:25:27,750 --> 01:25:25,920

and said there's no such thing he'd been

2415

01:25:30,229 --> 01:25:27,760

a deputy commander of the eighth air

2416

01:25:32,070 --> 01:25:30,239

force so he was well aware what was

2417

01:25:34,310 --> 01:25:32,080

going on back then and then you've got

2418

01:25:35,990 --> 01:25:34,320

the guy who effectively wrote the memo

2419

01:25:38,790 --> 01:25:36,000

that shot shut down

2420

01:25:40,950 --> 01:25:38,800

uh project blue book uh in 1969 the

2421

01:25:43,030 --> 01:25:40,960

bollinger memo now he was actually the

2422

01:25:45,430 --> 01:25:43,040

ceo of one of the night fighter units in

2423

01:25:48,870 --> 01:25:45,440

italy that saw these things and he saw

2424

01:25:51,750 --> 01:25:48,880

his own sighting in 1944 so you know

2425

01:25:53,590 --> 01:25:51,760

there's links there as well

2426

01:25:55,430 --> 01:25:53,600

yeah the question is why did they keep

2427

01:25:57,270 --> 01:25:55,440

it why did they choose to lie about it

2428

01:25:58,870 --> 01:25:57,280

you know

2429

01:26:00,870 --> 01:25:58,880

i mean you always hear very well they

2430

01:26:02,070 --> 01:26:00,880

have no way of combating it i think

2431

01:26:03,990 --> 01:26:02,080

there's no way you're not adding

2432

01:26:05,750 --> 01:26:04,000

anything

2433

01:26:07,189 --> 01:26:05,760

they've got no defense against them

2434

01:26:09,990 --> 01:26:07,199

they've got nothing there's nothing they

2435

01:26:11,590 --> 01:26:10,000

can do some things never change yeah

2436

01:26:12,709 --> 01:26:11,600

exactly exactly

2437

01:26:14,790 --> 01:26:12,719

the way it is

2438

01:26:16,870 --> 01:26:14,800

in the wheel isn't it yeah exactly right

2439

01:26:19,590 --> 01:26:16,880

yeah yeah i mean some of the things you

2440

01:26:21,430 --> 01:26:19,600

read from all the way back then are ex

2441

01:26:25,910 --> 01:26:21,440

very similar to the things that are

2442

01:26:28,870 --> 01:26:27,510

what the what the navy's doing i mean

2443

01:26:30,470 --> 01:26:28,880

it's interesting what the congress is

2444

01:26:32,070 --> 01:26:30,480

doing because they the first time you

2445

01:26:33,189 --> 01:26:32,080

know in september they did come out and

2446

01:26:34,950 --> 01:26:33,199

they admitted

2447

01:26:36,709 --> 01:26:34,960

we don't know what these things are and

2448

01:26:38,470 --> 01:26:36,719

we actually view them as

2449

01:26:40,310 --> 01:26:38,480

kind of safety problems that was another

2450

01:26:43,510 --> 01:26:40,320

thing they kind of dragged that air

2451  
01:26:47,030 --> 01:26:43,520  
safety idea uh into uh you know that six

2452  
01:26:48,870 --> 01:26:47,040  
page report that they came out with uh

2453  
01:26:50,390 --> 01:26:48,880  
they they admitted we don't know what

2454  
01:26:51,350 --> 01:26:50,400  
these things are they've never done that

2455  
01:26:53,430 --> 01:26:51,360  
before

2456  
01:26:56,310 --> 01:26:53,440  
and and that's a little you know that's

2457  
01:26:58,550 --> 01:26:56,320  
a little um puzzling i think

2458  
01:27:00,790 --> 01:26:58,560  
yeah yeah just to let you know the lines

2459  
01:27:02,149 --> 01:27:00,800  
are open um

2460  
01:27:05,189 --> 01:27:02,159  
if you look over to the side you'll see

2461  
01:27:07,270 --> 01:27:05,199  
a private chat and that will let us know

2462  
01:27:09,990 --> 01:27:07,280  
when someone comes in so if you are

2463  
01:27:11,910 --> 01:27:10,000

calling in for a question for our guest

2464

01:27:12,709 --> 01:27:11,920

just make sure that you you know turn

2465

01:27:14,550 --> 01:27:12,719

your

2466

01:27:16,470 --> 01:27:14,560

whatever you're listening to off once uh

2467

01:27:18,149 --> 01:27:16,480

bill answers he'll tell you that anyway

2468

01:27:24,310 --> 01:27:18,159

but bill standing by to screen your

2469

01:27:27,750 --> 01:27:26,709

again bill is standing by uh what are

2470

01:27:28,790 --> 01:27:27,760

those

2471

01:27:31,910 --> 01:27:28,800

basic

2472

01:27:33,910 --> 01:27:31,920

um sizes that you know the diversity of

2473

01:27:36,470 --> 01:27:33,920

these things that are seen and also i

2474

01:27:38,550 --> 01:27:36,480

want to know about the colors of i

2475

01:27:41,030 --> 01:27:38,560

talked to a guy that was flying in i

2476

01:27:42,390 --> 01:27:41,040

think it was an f-16 an older model

2477

01:27:44,790 --> 01:27:42,400

whatever they were

2478

01:27:47,030 --> 01:27:44,800

and said that he had a a green orb

2479

01:27:50,550 --> 01:27:47,040

following him for 300 miles in the air

2480

01:27:53,430 --> 01:27:50,560

force um so what uh what are what are

2481

01:27:56,470 --> 01:27:53,440

some of the colors and sizes red orange

2482

01:27:58,870 --> 01:27:56,480

yellow white green blue different colors

2483

01:28:01,510 --> 01:27:58,880

lots of different colors um you name it

2484

01:28:05,430 --> 01:28:01,520

they saw it in terms of shapes yeah

2485

01:28:07,270 --> 01:28:05,440

triangles circles ovals bathtubs uh long

2486

01:28:09,750 --> 01:28:07,280

torpedo shaped objects

2487

01:28:11,110 --> 01:28:09,760

some that just defy description so um

2488

01:28:13,830 --> 01:28:11,120

there was a craft that's supposed to

2489

01:28:16,550 --> 01:28:13,840

have landed in northern poland in july

2490

01:28:18,790 --> 01:28:16,560

1943 and it was made of like two kind of

2491

01:28:20,470 --> 01:28:18,800

halves with a kind of certainly a a

2492

01:28:22,390 --> 01:28:20,480

middle bit that rotated

2493

01:28:23,910 --> 01:28:22,400

um but there's very few stories of

2494

01:28:26,070 --> 01:28:23,920

actually things landing during the war

2495

01:28:28,950 --> 01:28:26,080

that's one of the few uh there's a story

2496

01:28:31,030 --> 01:28:28,960

in 1941 of a strange looking cloud where

2497

01:28:32,229 --> 01:28:31,040

luftwaffe aircraft were flying around it

2498

01:28:34,070 --> 01:28:32,239

and they were getting to the top of this

2499

01:28:35,510 --> 01:28:34,080

cloud and their engines were failing and

2500

01:28:37,669 --> 01:28:35,520

they were dropping down again and then

2501

01:28:39,110 --> 01:28:37,679

they were flying up again so there's all

2502

01:28:41,910 --> 01:28:39,120

sorts of weird and wonderful things that

2503

01:28:43,750 --> 01:28:41,920

were seen during the war um

2504

01:28:45,430 --> 01:28:43,760

there's some really weird stories out

2505

01:28:46,709 --> 01:28:45,440

there and they're all covered in the

2506

01:28:48,149 --> 01:28:46,719

book but

2507

01:28:50,550 --> 01:28:48,159

you know it's almost the case if it's

2508

01:28:53,270 --> 01:28:50,560

like a microcosm of what came out the

2509

01:28:55,030 --> 01:28:53,280

next sort of 80 years it was all packed

2510

01:28:56,709 --> 01:28:55,040

into those you know four or five years

2511

01:28:59,030 --> 01:28:56,719

of the wall

2512

01:29:01,510 --> 01:28:59,040

oh this i meant i meant to put this up

2513

01:29:03,189 --> 01:29:01,520

again uh this came up earlier do you see

2514

01:29:05,430 --> 01:29:03,199

a direct link between the foo fighters

2515

01:29:08,070 --> 01:29:05,440

in any modern ufo sightings

2516

01:29:09,830 --> 01:29:08,080

in terms of the disparity between what

2517

01:29:12,149 --> 01:29:09,840

we have and what well it's called for

2518

01:29:14,470 --> 01:29:12,159

better word they have then yes there's

2519

01:29:16,070 --> 01:29:14,480

that kind of gap but also there's the

2520

01:29:17,590 --> 01:29:16,080

the dog fighting and you might as well

2521

01:29:19,910 --> 01:29:17,600

call it that where they're almost

2522

01:29:22,629 --> 01:29:19,920

playing with our um sort of you know

2523

01:29:24,709 --> 01:29:22,639

best type of technology um and of course

2524

01:29:26,550 --> 01:29:24,719

we're still no further forward so

2525

01:29:29,030 --> 01:29:26,560

there's definitely links between what

2526

01:29:31,110 --> 01:29:29,040

was seen then and what we're seeing now

2527

01:29:33,030 --> 01:29:31,120

and in terms of the investigations we're

2528

01:29:34,870 --> 01:29:33,040

still at the same level we probably know

2529

01:29:37,270 --> 01:29:34,880

very little more about what we you know

2530

01:29:39,110 --> 01:29:37,280

about what's going on than we did then

2531

01:29:41,350 --> 01:29:39,120

um and the certain the same questions

2532

01:29:43,830 --> 01:29:41,360

are being asked now as what they were

2533

01:29:45,350 --> 01:29:43,840

back then as well so yeah it it there's

2534

01:29:48,870 --> 01:29:45,360

nothing changed

2535

01:29:50,310 --> 01:29:48,880

wow and okay and this question seems to

2536

01:29:52,870 --> 01:29:50,320

come up quite a bit i don't know if you

2537

01:29:56,950 --> 01:29:52,880

know anything about this at all zero

2538

01:30:00,950 --> 01:29:59,270

pardon me for the audio podcast um i

2539

01:30:02,390 --> 01:30:00,960

just have to say what the question is

2540

01:30:03,830 --> 01:30:02,400

michael asks what are the facts

2541

01:30:05,910 --> 01:30:03,840

regarding germany's interests in

2542

01:30:07,830 --> 01:30:05,920

antarctica before the war the germans

2543

01:30:09,350 --> 01:30:07,840

sent a ship down to antarctica um

2544

01:30:10,390 --> 01:30:09,360

because they called a bit of it it was

2545

01:30:13,030 --> 01:30:10,400

queen maudland they called it

2546

01:30:15,030 --> 01:30:13,040

neuschwabenland and they had a seaplane

2547

01:30:16,470 --> 01:30:15,040

fly from the from the ship and it

2548

01:30:18,629 --> 01:30:16,480

dropped some little swastika flags on

2549

01:30:20,550 --> 01:30:18,639

the ice and that was basically the sum

2550

01:30:22,709 --> 01:30:20,560

total of their their kind of involvement

2551

01:30:24,310 --> 01:30:22,719

in antarctica uh the stories about

2552

01:30:25,830 --> 01:30:24,320

u-boats going down there during the war

2553

01:30:28,550 --> 01:30:25,840

right at the end of the war never

2554

01:30:30,790 --> 01:30:28,560

happened uh the story is about base 211

2555

01:30:33,030 --> 01:30:30,800

which is that supposedly the nazi super

2556

01:30:34,470 --> 01:30:33,040

secret base on antarctica

2557

01:30:36,229 --> 01:30:34,480

said well that give me proof because i

2558

01:30:38,229 --> 01:30:36,239

just don't believe it and then of course

2559

01:30:40,790 --> 01:30:38,239

you've got admiral byrd's ill-fated

2560

01:30:43,669 --> 01:30:40,800

exploration uh later in the in the late

2561

01:30:45,910 --> 01:30:43,679

1940s where there was a task for a fleet

2562

01:30:47,910 --> 01:30:45,920

went down there with a lot of soldiers

2563

01:30:49,430 --> 01:30:47,920

and they tried to see if they could work

2564

01:30:51,350 --> 01:30:49,440

out to fight a war down there if they

2565

01:30:53,110 --> 01:30:51,360

ever needed to but because it was bad

2566

01:30:55,510 --> 01:30:53,120

weather and it was it was you know

2567

01:30:57,830 --> 01:30:55,520

winter for god's sake they they had

2568

01:31:00,149 --> 01:30:57,840

battering in terms of wind and waves and

2569

01:31:02,149 --> 01:31:00,159

they had to had to leave quite early

2570

01:31:03,750 --> 01:31:02,159

because it just wasn't working for them

2571

01:31:05,669 --> 01:31:03,760

but of course it's now blown into a

2572

01:31:07,430 --> 01:31:05,679

story about oh well they met a fleet of

2573

01:31:09,669 --> 01:31:07,440

german flying sources which attacked

2574

01:31:11,030 --> 01:31:09,679

them so they had to run that's the story

2575

01:31:13,110 --> 01:31:11,040

that's the narrative that's been built

2576

01:31:16,390 --> 01:31:13,120

up again if anybody's got any proof of

2577

01:31:18,149 --> 01:31:16,400

that great but so far there's none

2578

01:31:18,950 --> 01:31:18,159

we have we have a couple people on the

2579

01:31:21,750 --> 01:31:18,960

line

2580

01:31:23,990 --> 01:31:21,760

our first uh our first guest is earl

2581

01:31:26,790 --> 01:31:24,000

from washington state earl welcome to

2582

01:31:28,070 --> 01:31:26,800

the show you're live on the air

2583

01:31:30,950 --> 01:31:28,080

how you doing

2584

01:31:33,030 --> 01:31:30,960

um

2585

01:31:34,390 --> 01:31:33,040

good i like your style but i want to ask

2586

01:31:35,910 --> 01:31:34,400

you a serious question with the

2587

01:31:38,550 --> 01:31:35,920

conditions that we find ourselves in

2588

01:31:40,229 --> 01:31:38,560

today with this pandemic and all the

2589

01:31:43,189 --> 01:31:40,239

pictures that are popping up all around

2590

01:31:44,550 --> 01:31:43,199

the planet of these ufos spraying gases

2591

01:31:45,910 --> 01:31:44,560

out the back of their

2592

01:31:49,270 --> 01:31:45,920

ships

2593

01:31:51,430 --> 01:31:49,280

and knowing that we're in a petri dish

2594

01:31:53,590 --> 01:31:51,440

what is the why no i haven't heard

2595

01:31:56,229 --> 01:31:53,600

anybody even come up with the theory

2596

01:31:58,149 --> 01:31:56,239

that we're being poisoned

2597

01:32:00,229 --> 01:31:58,159

why would they do it why would they do

2598

01:32:01,910 --> 01:32:00,239

it

2599

01:32:03,830 --> 01:32:01,920

well you know there's been other people

2600

01:32:05,510 --> 01:32:03,840

that have been in you know disclosing

2601  
01:32:07,189 --> 01:32:05,520  
information about ufos over the years

2602  
01:32:08,709 --> 01:32:07,199  
and i've heard the one guy that went

2603  
01:32:10,149 --> 01:32:08,719  
down in the tunnel and got his fingers

2604  
01:32:12,229 --> 01:32:10,159  
blown off and then they found him dead

2605  
01:32:14,149 --> 01:32:12,239  
in portland years ago i heard him

2606  
01:32:16,070 --> 01:32:14,159  
mention that there was a certain amount

2607  
01:32:18,149 --> 01:32:16,080  
of people that they wanted dead on this

2608  
01:32:20,070 --> 01:32:18,159  
planet by a certain amount of time and

2609  
01:32:22,629 --> 01:32:20,080  
you're right why would they tell us

2610  
01:32:24,870 --> 01:32:22,639  
but what i'm getting at is that why why

2611  
01:32:26,390 --> 01:32:24,880  
the experts that you know i see the same

2612  
01:32:28,149 --> 01:32:26,400  
things that you see

2613  
01:32:30,790 --> 01:32:28,159

and and i've heard the same thing that

2614

01:32:33,030 --> 01:32:30,800

you've heard over the years and it's

2615

01:32:34,310 --> 01:32:33,040

just it just makes sense to me i mean

2616

01:32:35,830 --> 01:32:34,320

and then when you think about it why

2617

01:32:37,669 --> 01:32:35,840

would the chinese start knocking off

2618

01:32:39,830 --> 01:32:37,679

their own people with this thing we know

2619

01:32:41,750 --> 01:32:39,840

fauci did this and did that in the other

2620

01:32:43,350 --> 01:32:41,760

but you saw

2621

01:32:45,350 --> 01:32:43,360

and i know if you've seen it or not but

2622

01:32:46,790 --> 01:32:45,360

it was one of the astronauts that went

2623

01:32:48,790 --> 01:32:46,800

up on the moon he's one that was into

2624

01:32:51,270 --> 01:32:48,800

the crater and then the the the

2625

01:32:53,830 --> 01:32:51,280

reptilians were surrounding him in the

2626

01:32:55,750 --> 01:32:53,840

crater and he's the one one of the uh

2627

01:32:57,510 --> 01:32:55,760

youtube shows i saw

2628

01:33:00,950 --> 01:32:57,520

and he was there was a woman that said i

2629

01:33:03,350 --> 01:33:00,960

got one i got one and she had a picture

2630

01:33:05,510 --> 01:33:03,360

of them that wasn't cloaked this one was

2631

01:33:08,149 --> 01:33:05,520

not cloaked there was two of them and

2632

01:33:10,229 --> 01:33:08,159

they were spraying gases out the back of

2633

01:33:13,030 --> 01:33:10,239

them in california

2634

01:33:15,750 --> 01:33:13,040

and now i mean listen one minute you got

2635

01:33:17,830 --> 01:33:15,760

something popping up over in uh in south

2636

01:33:19,910 --> 01:33:17,840

africa the next minute it's here within

2637

01:33:22,229 --> 01:33:19,920

two days i mean it's spraying all over

2638

01:33:25,030 --> 01:33:22,239

the planet and i've seen it in south

2639

01:33:25,830 --> 01:33:25,040

africa yeah i've seen it everywhere

2640

01:33:30,149 --> 01:33:25,840

well

2641

01:33:31,590 --> 01:33:30,159

any of this as far as you know what the

2642

01:33:33,750 --> 01:33:31,600

facts are i don't know if anyone wants

2643

01:33:35,510 --> 01:33:33,760

to comment on this i would just say um

2644

01:33:37,590 --> 01:33:35,520

you know if they're looking to kill

2645

01:33:39,189 --> 01:33:37,600

certain people on earth why are they

2646

01:33:41,110 --> 01:33:39,199

trying to kill everybody on earth they

2647

01:33:43,510 --> 01:33:41,120

should have the technology to hunt out

2648

01:33:46,470 --> 01:33:43,520

the people that they want to whack and

2649

01:33:49,270 --> 01:33:46,480

just go in and do it you know um

2650

01:33:51,189 --> 01:33:49,280

ufos are not spraying the uh covet virus

2651

01:33:53,510 --> 01:33:51,199

over us there's no such thing as

2652

01:33:55,189 --> 01:33:53,520

chemtrails um you know if you believe

2653

01:33:58,629 --> 01:33:55,199

that stuff you know i i think you should

2654

01:34:00,709 --> 01:33:58,639

get a hobby or a girlfriend or something

2655

01:34:02,149 --> 01:34:00,719

all right well i don't i don't buy i

2656

01:34:04,629 --> 01:34:02,159

don't buy the chemtrails either i'm

2657

01:34:06,790 --> 01:34:04,639

afraid i've um

2658

01:34:09,350 --> 01:34:06,800

the 1990s and just wrote it off back

2659

01:34:10,770 --> 01:34:09,360

then as well and so yeah

2660

01:34:12,629 --> 01:34:10,780

no offense earl but um

2661

01:34:15,030 --> 01:34:12,639

[Music]

2662

01:34:17,830 --> 01:34:15,040

this panel anyway who's on here right

2663

01:34:19,030 --> 01:34:17,840

now we don't buy um a lot of that stuff

2664

01:34:23,110 --> 01:34:19,040

maybe

2665

01:34:25,590 --> 01:34:23,120

information from but anyway we have uh

2666

01:34:28,070 --> 01:34:25,600

patrick now coming up on

2667

01:34:30,229 --> 01:34:28,080

from florida patrick welcome to the show

2668

01:34:32,629 --> 01:34:30,239

you're live

2669

01:34:37,590 --> 01:34:32,639

thank you my question is

2670

01:34:41,350 --> 01:34:37,600

uh prior to the trinity crash in 1945

2671

01:34:43,669 --> 01:34:41,360

did the american military have any

2672

01:34:46,709 --> 01:34:43,679

knowledge that these craft were

2673

01:34:52,390 --> 01:34:49,430

as far as we're aware no um so there's

2674

01:34:54,390 --> 01:34:52,400

no mention of aliens or or

2675

01:34:56,470 --> 01:34:54,400

extraterrestrials or anything like that

2676

01:34:59,030 --> 01:34:56,480

in the records now what they were

2677

01:35:00,950 --> 01:34:59,040

talking about privately i can't say

2678

01:35:02,229 --> 01:35:00,960

but in terms of things you can look at

2679

01:35:04,629 --> 01:35:02,239

and you can see and you can read for

2680

01:35:06,149 --> 01:35:04,639

yourself then no in terms of you

2681

01:35:07,910 --> 01:35:06,159

mentioned trinity so you're talking

2682

01:35:09,510 --> 01:35:07,920

about a nuclear connection there there

2683

01:35:13,669 --> 01:35:09,520

were certainly aircraft that was seen

2684

01:35:16,149 --> 01:35:13,679

over atomic research plants in 1945 um

2685

01:35:16,950 --> 01:35:16,159

but whether that's a link or not i can't

2686

01:35:19,750 --> 01:35:16,960

say

2687

01:35:21,109 --> 01:35:19,760

um but yes you know in terms of

2688

01:35:22,950 --> 01:35:21,119

are there

2689

01:35:25,189 --> 01:35:22,960

records that say we're looking at an

2690

01:35:26,870 --> 01:35:25,199

extraterrestrial threat or weapons or

2691

01:35:29,910 --> 01:35:26,880

anything like that i'm afraid not

2692

01:35:32,070 --> 01:35:29,920

there's nothing like that patrick sorry

2693

01:35:36,709 --> 01:35:32,080

patrick

2694

01:35:39,390 --> 01:35:36,719

are open if uh you want to make the call

2695

01:35:41,430 --> 01:35:39,400

that number is up there

2696

01:35:43,750 --> 01:35:41,440

855-472-5483 i just heard patrick's

2697

01:35:45,270 --> 01:35:43,760

feedback so if you are calling in make

2698

01:35:46,629 --> 01:35:45,280

sure you mute

2699

01:35:47,990 --> 01:35:46,639

mute your computer or whatever you're

2700

01:35:50,550 --> 01:35:48,000

listening to for

2701

01:35:52,950 --> 01:35:50,560

the the whole idea uh that that these

2702

01:35:54,709 --> 01:35:52,960

things might be extraterrestrial really

2703

01:35:57,350 --> 01:35:54,719

really didn't start until the flying

2704

01:35:59,430 --> 01:35:57,360

saucer craze um you know it just seems

2705

01:36:00,950 --> 01:35:59,440

that way because you know during the war

2706

01:36:02,790 --> 01:36:00,960

as we've been saying all night it was

2707

01:36:04,790 --> 01:36:02,800

just a blanket like oh there must be

2708

01:36:06,870 --> 01:36:04,800

someone else's secret weapons we have a

2709

01:36:08,229 --> 01:36:06,880

water wind it's kind of on the back

2710

01:36:10,149 --> 01:36:08,239

burner you know if we win the wall we'll

2711

01:36:13,030 --> 01:36:10,159

find out and that's basically what they

2712

01:36:14,950 --> 01:36:13,040

did but you know back and then in 1947

2713

01:36:16,950 --> 01:36:14,960

for some reason we're a little bit yeah

2714

01:36:18,310 --> 01:36:16,960

just edging up to the space race that

2715

01:36:19,910 --> 01:36:18,320

type of thing science fiction was a

2716

01:36:22,470 --> 01:36:19,920

little more popular

2717

01:36:24,390 --> 01:36:22,480

um you know who knows why and and and

2718

01:36:25,990 --> 01:36:24,400

the country was bored you know

2719

01:36:27,910 --> 01:36:26,000

and all of a sudden hey these things

2720

01:36:29,350 --> 01:36:27,920

might be from outer space

2721

01:36:31,030 --> 01:36:29,360

and you're seeing little green men from

2722

01:36:32,550 --> 01:36:31,040

mars um

2723

01:36:35,030 --> 01:36:32,560

but before that

2724

01:36:36,550 --> 01:36:35,040

i don't think anyone way back when uh

2725

01:36:38,070 --> 01:36:36,560

you know that churchill's story

2726

01:36:39,830 --> 01:36:38,080

notwithstanding

2727

01:36:41,109 --> 01:36:39,840

thought that hey these things are from

2728

01:36:42,950 --> 01:36:41,119

some places

2729

01:36:44,709 --> 01:36:42,960

and even in 47 you can still see in the

2730

01:36:46,709 --> 01:36:44,719

official records the from different

2731

01:36:48,470 --> 01:36:46,719

places that they weren't entirely sure

2732

01:36:49,910 --> 01:36:48,480

that were russian as well right they

2733

01:36:52,709 --> 01:36:49,920

couldn't get that quite out of their

2734

01:36:54,470 --> 01:36:52,719

system so the old habits die hard the

2735

01:36:56,790 --> 01:36:54,480

things that were still still the same

2736

01:36:57,750 --> 01:36:56,800

people that were in charge from the war

2737

01:36:59,350 --> 01:36:57,760

and they were still thinking well there

2738

01:37:01,270 --> 01:36:59,360

must be the other sides so they were

2739

01:37:03,109 --> 01:37:01,280

still thinking that they're not aliens

2740

01:37:05,030 --> 01:37:03,119

we can't believe that too much are they

2741

01:37:07,109 --> 01:37:05,040

russian so you know there were there was

2742

01:37:09,270 --> 01:37:07,119

a lot of that going on as well but yes

2743

01:37:11,830 --> 01:37:09,280

the alien angle came along at 47 as max

2744

01:37:14,550 --> 01:37:11,840

says we got a couple more callers right

2745

01:37:16,950 --> 01:37:14,560

now we have jeff from indiana jeff

2746

01:37:18,470 --> 01:37:16,960

you're live on the air

2747

01:37:20,550 --> 01:37:18,480

yeah hello good evening

2748

01:37:22,550 --> 01:37:20,560

i just want

2749

01:37:24,070 --> 01:37:22,560

the um

2750

01:37:26,229 --> 01:37:24,080

if either one of your guests there would

2751

01:37:31,350 --> 01:37:26,239

know

2752

01:37:33,270 --> 01:37:31,360

that was ahead of skunk work

2753

01:37:34,629 --> 01:37:33,280

he said we could take e.t home and all

2754

01:37:38,149 --> 01:37:34,639

this stuff as if

2755

01:37:40,310 --> 01:37:38,159

these were the uh industrial complex

2756

01:37:41,189 --> 01:37:40,320

these people at like skunk works you

2757

01:37:43,030 --> 01:37:41,199

know that

2758

01:37:45,189 --> 01:37:43,040

that were handed to stuff

2759

01:37:47,350 --> 01:37:45,199

that were not subject to

2760

01:37:49,350 --> 01:37:47,360

uh the freedom of information act

2761

01:37:52,709 --> 01:37:49,360

uh the pentagon is but the private

2762

01:37:55,189 --> 01:37:52,719

industry is it but he seemed to

2763

01:37:57,270 --> 01:37:55,199

talk like he knew more

2764

01:38:00,390 --> 01:37:57,280

and i was just wondering if

2765

01:38:03,669 --> 01:38:00,400

if if these fellows or anybody

2766

01:38:05,189 --> 01:38:03,679

if there's anyone that knows more than

2767

01:38:07,109 --> 01:38:05,199

than we can possibly even get the

2768

01:38:09,030 --> 01:38:07,119

information about like

2769

01:38:10,629 --> 01:38:09,040

our deepest darkest projects in the

2770

01:38:11,430 --> 01:38:10,639

united states you know that's working on

2771

01:38:15,430 --> 01:38:11,440

the

2772

01:38:19,270 --> 01:38:15,440

uh bizarre

2773

01:38:21,990 --> 01:38:20,550

go ahead ben

2774

01:38:24,310 --> 01:38:22,000

yeah i think if you look at what the

2775

01:38:26,070 --> 01:38:24,320

history of of revelations about secret

2776

01:38:28,070 --> 01:38:26,080

technology i mean let's go for the the

2777

01:38:29,430 --> 01:38:28,080

stealth fight and the stealth bomber

2778

01:38:31,750 --> 01:38:29,440

the

2779

01:38:34,149 --> 01:38:31,760

lead time of what 20 maybe sometimes 25

2780

01:38:36,070 --> 01:38:34,159

years between these things being first

2781

01:38:38,870 --> 01:38:36,080

flown or developed and then being

2782

01:38:42,550 --> 01:38:38,880

unveiled to the public and really in the

2783

01:38:44,470 --> 01:38:42,560

19 late 1940s or early 1950s if the u.s

2784

01:38:46,550 --> 01:38:44,480

government or something like that that

2785

01:38:48,070 --> 01:38:46,560

had some kind of secret technology that

2786

01:38:50,550 --> 01:38:48,080

they were mucking about with or they're

2787

01:38:52,229 --> 01:38:50,560

developing it would have been out by now

2788

01:38:54,149 --> 01:38:52,239

and that would that would go for even

2789

01:38:57,510 --> 01:38:54,159

stuff in the late 50s and even to the

2790

01:39:00,550 --> 01:38:57,520

1960s we would have seen evidence of

2791

01:39:02,470 --> 01:39:00,560

this technology by now somehow whether

2792

01:39:04,550 --> 01:39:02,480

it was something that slipped out

2793

01:39:06,070 --> 01:39:04,560

somewhere um or it was a picture that

2794

01:39:08,470 --> 01:39:06,080

was a proper picture that you could say

2795

01:39:09,350 --> 01:39:08,480

yeah that's definitely something

2796

01:39:10,790 --> 01:39:09,360

you know

2797

01:39:12,950 --> 01:39:10,800

or they just came out with and said yeah

2798

01:39:15,350 --> 01:39:12,960

we've got this like they did with the

2799

01:39:16,950 --> 01:39:15,360

f117 like they did with the b2

2800

01:39:20,229 --> 01:39:16,960

right nothing like that's ever happened

2801  
01:39:22,550 --> 01:39:20,239  
and even to a certain extent aurora that

2802  
01:39:23,350 --> 01:39:22,560  
mythical weapon system that's never been

2803  
01:39:24,629 --> 01:39:23,360  
seen

2804  
01:39:26,390 --> 01:39:24,639  
there's been people who have said

2805  
01:39:27,990 --> 01:39:26,400  
they've seen it there's been

2806  
01:39:30,149 --> 01:39:28,000  
drawings of it there's been you know all

2807  
01:39:31,830 --> 01:39:30,159  
this kind of stuff but it's never been

2808  
01:39:33,990 --> 01:39:31,840  
so yeah okay we've got it you know this

2809  
01:39:36,550 --> 01:39:34,000  
is it and there was there was a the

2810  
01:39:39,430 --> 01:39:36,560  
thing called the av-6 the astra project

2811  
01:39:42,629 --> 01:39:39,440  
it nearly crashed into place in england

2812  
01:39:44,470 --> 01:39:42,639  
uh in 1994 it crashed on the runway it

2813  
01:39:45,990 --> 01:39:44,480

had an undercarriage malfunction and

2814

01:39:47,350 --> 01:39:46,000

that had put it under a tarpaulin put

2815

01:39:48,950 --> 01:39:47,360

into a hangar and then flew it out to

2816

01:39:51,189 --> 01:39:48,960

palmdale the next day

2817

01:39:53,669 --> 01:39:51,199

but they've never unveiled that either

2818

01:39:56,149 --> 01:39:53,679

and um a defense journalist in the uk a

2819

01:39:57,830 --> 01:39:56,159

guy called niku um i've been in i've

2820

01:40:01,030 --> 01:39:57,840

spoke to him before he was actually

2821

01:40:03,830 --> 01:40:01,040

taken on a tour of uh part of the

2822

01:40:06,470 --> 01:40:03,840

lockheed facilities and he saw reference

2823

01:40:07,830 --> 01:40:06,480

to it on a poster in a room uh and then

2824

01:40:10,629 --> 01:40:07,840

he was hurried out when he mentioned

2825

01:40:12,229 --> 01:40:10,639

about it so um you know they probably do

2826

01:40:13,510 --> 01:40:12,239

have something like that but for some

2827

01:40:15,109 --> 01:40:13,520

reason they've never said oh yeah it

2828

01:40:16,870 --> 01:40:15,119

exists but whether or not that's

2829

01:40:18,550 --> 01:40:16,880

actually something exotic or whether

2830

01:40:20,550 --> 01:40:18,560

it's just a little follow-on from a

2831

01:40:22,149 --> 01:40:20,560

stealth fighter is anybody's guess

2832

01:40:25,990 --> 01:40:22,159

really

2833

01:40:28,070 --> 01:40:26,000

um

2834

01:40:29,750 --> 01:40:28,080

another good example is this and and you

2835

01:40:31,109 --> 01:40:29,760

know we talk about this on the show is

2836

01:40:33,669 --> 01:40:31,119

that

2837

01:40:36,070 --> 01:40:33,679

you know if the us government had some

2838

01:40:38,390 --> 01:40:36,080

kind of you know reverse engineered ufo

2839

01:40:39,830 --> 01:40:38,400

technology whatever

2840

01:40:41,750 --> 01:40:39,840

why would they go through this whole

2841

01:40:43,910 --> 01:40:41,760

facade of um you know launching the

2842

01:40:46,149 --> 01:40:43,920

space shuttle now the space shuttle was

2843

01:40:48,310 --> 01:40:46,159

like shooting a dump truck into orbit

2844

01:40:49,990 --> 01:40:48,320

okay it was expensive

2845

01:40:52,709 --> 01:40:50,000

you know it wasn't it wasn't very

2846

01:40:55,669 --> 01:40:52,719

efficient um it was the most uh the most

2847

01:40:57,830 --> 01:40:55,679

complicated machine ever built by man

2848

01:41:00,149 --> 01:40:57,840

why would you do that if you had the

2849

01:41:02,070 --> 01:41:00,159

secret of you know anti-grav or

2850

01:41:03,750 --> 01:41:02,080

something like that

2851

01:41:05,350 --> 01:41:03,760

and you've been sitting on it for

2852

01:41:06,950 --> 01:41:05,360

decades first of all why would you sit

2853

01:41:07,669 --> 01:41:06,960

on it you know why wouldn't you exploit

2854

01:41:09,030 --> 01:41:07,679

it

2855

01:41:11,350 --> 01:41:09,040

number two why would you go through all

2856

01:41:12,870 --> 01:41:11,360

that or any of the any of the moon shots

2857

01:41:14,390 --> 01:41:12,880

or anything they were all ballistically

2858

01:41:16,470 --> 01:41:14,400

shot into orbit

2859

01:41:19,669 --> 01:41:16,480

you know you you the the satin five

2860

01:41:21,910 --> 01:41:19,679

would burn up all of its fuel just to

2861

01:41:23,910 --> 01:41:21,920

get a capsule into orbit basically you

2862

01:41:26,470 --> 01:41:23,920

know why would you go through all that

2863

01:41:29,350 --> 01:41:26,480

if you had some kind of secret you know

2864

01:41:31,990 --> 01:41:29,360

from my reverse engineered ufos they

2865

01:41:33,270 --> 01:41:32,000

don't we'd live in a different world if

2866

01:41:34,950 --> 01:41:33,280

they did yeah and there's some

2867

01:41:37,830 --> 01:41:34,960

proponents of this so-called secret

2868

01:41:39,270 --> 01:41:37,840

space force right space program but i

2869

01:41:40,950 --> 01:41:39,280

don't believe that either

2870

01:41:42,790 --> 01:41:40,960

again the people who sort of spoke this

2871

01:41:44,550 --> 01:41:42,800

stuff they never have any proof it's all

2872

01:41:46,470 --> 01:41:44,560

kind of smoke and mirrors

2873

01:41:48,870 --> 01:41:46,480

so really you know i deal with facts

2874

01:41:50,950 --> 01:41:48,880

like books about facts yes i don't go in

2875

01:41:52,390 --> 01:41:50,960

for speculation speculation is all well

2876

01:41:54,310 --> 01:41:52,400

and good and it's great to talk about

2877

01:41:55,830 --> 01:41:54,320

stuff i don't mind talking about it but

2878

01:41:57,590 --> 01:41:55,840

if you're going to sort of throw it out

2879

01:41:59,030 --> 01:41:57,600

there as a fact i want something a bit

2880

01:42:01,669 --> 01:41:59,040

more than just somebody saying they did

2881

01:42:03,189 --> 01:42:01,679

something um you know i i need something

2882

01:42:05,189 --> 01:42:03,199

i can get my teeth into that i can see

2883

01:42:07,270 --> 01:42:05,199

that i can read that and touch and if

2884

01:42:09,990 --> 01:42:07,280

that doesn't exist then i'm afraid i'm a

2885

01:42:12,070 --> 01:42:10,000

bit sort of yeah okay i'll i'll you know

2886

01:42:13,990 --> 01:42:12,080

i'll just back off now thank you

2887

01:42:16,310 --> 01:42:14,000

yeah a little uh yeah we have a couple

2888

01:42:18,470 --> 01:42:16,320

more people on the line and just

2889

01:42:20,709 --> 01:42:18,480

something i i'll say that i never really

2890

01:42:22,070 --> 01:42:20,719

talk about uh because it's behind

2891

01:42:24,629 --> 01:42:22,080

you know the fourth wall as they say

2892

01:42:26,550 --> 01:42:24,639

whatever but i do get contacted by

2893

01:42:29,750 --> 01:42:26,560

a lot of people that want to be on my

2894

01:42:31,990 --> 01:42:29,760

show and um and all the time the secret

2895

01:42:34,790 --> 01:42:32,000

space program type people want to come

2896

01:42:37,830 --> 01:42:34,800

on my show and talk about it and no

2897

01:42:40,310 --> 01:42:37,840

so i'm just i'm just not up for i i like

2898

01:42:42,950 --> 01:42:40,320

the facts the facts people and this has

2899

01:42:44,950 --> 01:42:42,960

been a really good show uh in my opinion

2900

01:42:47,910 --> 01:42:44,960

uh we have

2901

01:42:49,830 --> 01:42:47,920

i just want to say could i say something

2902

01:42:51,189 --> 01:42:49,840

you're still there jeff

2903

01:42:54,550 --> 01:42:51,199

yeah i'm still here i just want to say

2904

01:42:57,430 --> 01:42:54,560

that i thought that what ben rich said

2905

01:42:59,270 --> 01:42:57,440

if that was correct he said that he we

2906

01:43:01,189 --> 01:42:59,280

can take e.t home

2907

01:43:03,030 --> 01:43:01,199

he even stated that anything you saw on

2908

01:43:04,870 --> 01:43:03,040

star trek we've done been there tonight

2909

01:43:06,550 --> 01:43:04,880

why haven't we done it already jeff

2910

01:43:08,229 --> 01:43:06,560

that's the question do you think he was

2911

01:43:09,669 --> 01:43:08,239

pulling that leg or was he lying about

2912

01:43:12,310 --> 01:43:09,679

that because that's pretty extreme

2913

01:43:13,990 --> 01:43:12,320

technology yeah teleportation

2914

01:43:16,070 --> 01:43:14,000

yeah why haven't why haven't we done it

2915

01:43:16,790 --> 01:43:16,080

already is the question then why would

2916

01:43:18,470 --> 01:43:16,800

you

2917

01:43:20,149 --> 01:43:18,480

got the capability why can't we do it

2918

01:43:21,990 --> 01:43:20,159

now yeah thank you

2919

01:43:24,229 --> 01:43:22,000

why do i have to sit in england why

2920

01:43:26,709 --> 01:43:24,239

can't i just teleport myself across to

2921

01:43:29,990 --> 01:43:26,719

to martin's house and do the show there

2922

01:43:32,310 --> 01:43:30,000

do the show live yeah exactly yeah

2923

01:43:34,470 --> 01:43:32,320

all right well anyway thank you thank

2924

01:43:38,870 --> 01:43:34,480

you for the call jeff jeff's a frequent

2925

01:43:41,430 --> 01:43:38,880

flyer um calls a lot we have elton now

2926

01:43:43,350 --> 01:43:41,440

elton is uh i actually elton's been on

2927

01:43:46,390 --> 01:43:43,360

the show talked about his ufo sighting

2928

01:43:49,830 --> 01:43:46,400

if it has to be him right ellen elton is

2929

01:43:52,870 --> 01:43:49,840

that you from oakland area california

2930

01:43:55,030 --> 01:43:52,880

yes sir yes yes martin that's me

2931

01:43:57,910 --> 01:43:55,040

hi welcome to the show you have a you

2932

01:44:00,229 --> 01:43:57,920

have a question for our guest

2933

01:44:02,790 --> 01:44:00,239

yeah i heard graham mentioned something

2934

01:44:05,510 --> 01:44:02,800

about fireballs he has such a wide

2935

01:44:08,070 --> 01:44:05,520

knowledge of different phenomenon and uh

2936

01:44:11,109 --> 01:44:08,080

i've never mentioned this to you

2937

01:44:13,350 --> 01:44:11,119

uh martin but early uh just before cove

2938

01:44:14,870 --> 01:44:13,360

had struck in 2020 in march i was

2939

01:44:17,109 --> 01:44:14,880

driving home

2940

01:44:19,189 --> 01:44:17,119

and this fireball

2941

01:44:21,430 --> 01:44:19,199

came down at about a 30 degree angle

2942

01:44:22,629 --> 01:44:21,440

about 20 feet diameter

2943

01:44:23,910 --> 01:44:22,639

but just

2944

01:44:26,870 --> 01:44:23,920

recently i

2945

01:44:29,270 --> 01:44:26,880

i didn't really consider it to be a ufo

2946

01:44:32,550 --> 01:44:29,280

so i'm kind of confused

2947

01:44:35,910 --> 01:44:32,560

because this i expected it to blow up

2948

01:44:37,270 --> 01:44:35,920

when it passed me on the freeway

2949

01:44:39,030 --> 01:44:37,280

and it didn't

2950

01:44:41,270 --> 01:44:39,040

i heard nothing

2951  
01:44:42,950 --> 01:44:41,280  
so i was just wondering to see what you

2952  
01:44:44,790 --> 01:44:42,960  
guys

2953  
01:44:47,109 --> 01:44:44,800  
if you don't mind now if you don't mind

2954  
01:44:48,629 --> 01:44:47,119  
i'll take that one to begin with

2955  
01:44:50,229 --> 01:44:48,639  
um i

2956  
01:44:53,430 --> 01:44:50,239  
i had a

2957  
01:44:56,070 --> 01:44:53,440  
the much more incredible than the ufo

2958  
01:44:59,910 --> 01:44:56,080  
was a fireball sighting back in the late

2959  
01:45:01,750 --> 01:44:59,920  
1980s this thing to me it was huge it

2960  
01:45:04,229 --> 01:45:01,760  
looked

2961  
01:45:07,109 --> 01:45:04,239  
what's that

2962  
01:45:10,149 --> 01:45:07,119  
it looked it looked perfectly round it

2963  
01:45:12,310 --> 01:45:10,159

was rotating it had cracks in it there

2964

01:45:14,070 --> 01:45:12,320

were sparks flying off of it and i

2965

01:45:16,310 --> 01:45:14,080

thought this thing was going to land

2966

01:45:17,830 --> 01:45:16,320

like a few miles out into the ocean i

2967

01:45:19,430 --> 01:45:17,840

lived about three miles away from the

2968

01:45:22,950 --> 01:45:19,440

atlantic ocean

2969

01:45:23,830 --> 01:45:22,960

and supposedly something landed in china

2970

01:45:25,910 --> 01:45:23,840

so

2971

01:45:28,709 --> 01:45:25,920

uh you know it looks like it's going to

2972

01:45:30,310 --> 01:45:28,719

land but that doesn't mean that that's

2973

01:45:31,910 --> 01:45:30,320

just the perspective that you're seeing

2974

01:45:34,310 --> 01:45:31,920

it at right now

2975

01:45:36,070 --> 01:45:34,320

i saw a green fireball in 2016 about two

2976

01:45:37,830 --> 01:45:36,080

or three miles from where i live i was

2977

01:45:40,149 --> 01:45:37,840

driving home one night about 11 o'clock

2978

01:45:42,870 --> 01:45:40,159

and it flew over the car heading

2979

01:45:44,390 --> 01:45:42,880

northbound and it looked close and it

2980

01:45:46,629 --> 01:45:44,400

was large but

2981

01:45:48,470 --> 01:45:46,639

it actually when the next day when i i

2982

01:45:49,750 --> 01:45:48,480

investigated a bit more it turned out

2983

01:45:50,870 --> 01:45:49,760

that other people have seen it in

2984

01:45:52,790 --> 01:45:50,880

scotland

2985

01:45:54,149 --> 01:45:52,800

so yeah yeah

2986

01:45:55,510 --> 01:45:54,159

i mean i do live in northern england i'm

2987

01:45:56,870 --> 01:45:55,520

actually next to the border of scotland

2988

01:45:58,550 --> 01:45:56,880

but people have seen it in far north

2989

01:46:00,229 --> 01:45:58,560

scotland as well and had been seen at

2990

01:46:02,149 --> 01:46:00,239

the in the south of england so it had

2991

01:46:04,310 --> 01:46:02,159

flown quite a way and people were just

2992

01:46:06,870 --> 01:46:04,320

seeing it different places but to me you

2993

01:46:08,709 --> 01:46:06,880

know it looked huge and it was leaving a

2994

01:46:10,310 --> 01:46:08,719

bit of a green trail behind it as you

2995

01:46:12,950 --> 01:46:10,320

say with sparks and things coming out of

2996

01:46:15,270 --> 01:46:12,960

it but i sort of knew straight away

2997

01:46:17,109 --> 01:46:15,280

that's that's a meteor fragment um and

2998

01:46:18,229 --> 01:46:17,119

it's going to burn up at some stage

2999

01:46:20,149 --> 01:46:18,239

because i'd heard about these things

3000

01:46:21,910 --> 01:46:20,159

before but i've never seen one until

3001

01:46:23,350 --> 01:46:21,920

lame but it was really impressive and

3002

01:46:24,790 --> 01:46:23,360

then you have to stop the car and just

3003

01:46:26,870 --> 01:46:24,800

go wow

3004

01:46:29,189 --> 01:46:26,880

yeah it looked unreal we saw one uh on

3005

01:46:30,870 --> 01:46:29,199

our honeymoon to the truth over the

3006

01:46:32,790 --> 01:46:30,880

beach in block island

3007

01:46:35,189 --> 01:46:32,800

and it looks unreal it looks like a

3008

01:46:39,109 --> 01:46:35,199

cartoon or something it just it just

3009

01:46:40,870 --> 01:46:39,119

looks unreal you know and and huge and

3010

01:46:41,910 --> 01:46:40,880

and then you don't realize that people

3011

01:46:44,390 --> 01:46:41,920

are probably the other side of the

3012

01:46:46,149 --> 01:46:44,400

atlantic seeing the same thing

3013

01:46:47,990 --> 01:46:46,159

all right hey elton good to hear from

3014

01:46:50,229 --> 01:46:48,000

you

3015

01:46:52,870 --> 01:46:50,239

it was directly

3016

01:46:54,390 --> 01:46:52,880

flew directly over the car

3017

01:46:55,910 --> 01:46:54,400

over the freeway

3018

01:46:58,390 --> 01:46:55,920

and it was right

3019

01:47:00,629 --> 01:46:58,400

50 75 feet in front of my windshield and

3020

01:47:03,430 --> 01:47:00,639

i really got a good look at it it looked

3021

01:47:04,870 --> 01:47:03,440

just like the one you described martin

3022

01:47:08,550 --> 01:47:04,880

elton can i ask you a question how do

3023

01:47:10,390 --> 01:47:08,560

you know how big it was

3024

01:47:11,510 --> 01:47:10,400

well i mean it was right in front of me

3025

01:47:12,629 --> 01:47:11,520

it was bigger

3026

01:47:14,390 --> 01:47:12,639

but it's something that you don't know

3027

01:47:16,149 --> 01:47:14,400

what it is how do you know how big it

3028

01:47:17,590 --> 01:47:16,159

was because this is the thing about i

3029

01:47:20,149 --> 01:47:17,600

mean i say this all the time with people

3030

01:47:22,070 --> 01:47:20,159

estimating sizes and distances if you

3031

01:47:24,790 --> 01:47:22,080

don't know how big something it is you

3032

01:47:26,550 --> 01:47:24,800

can't tell how far away it is

3033

01:47:29,430 --> 01:47:26,560

i understand what you're saying the

3034

01:47:31,910 --> 01:47:29,440

center core was molten lava-like and

3035

01:47:33,030 --> 01:47:31,920

then around the perimeter it was like

3036

01:47:35,750 --> 01:47:33,040

fire

3037

01:47:38,070 --> 01:47:35,760

uh around the edges of it i mean it was

3038

01:47:39,910 --> 01:47:38,080

it was pretty sizable okay because the

3039

01:47:41,350 --> 01:47:39,920

thing i saw from the car look i could

3040

01:47:42,790 --> 01:47:41,360

have it looked at one point it was all

3041

01:47:45,430 --> 01:47:42,800

kind of if you put my hand up and touch

3042

01:47:47,350 --> 01:47:45,440

it but actually it was because it it was

3043

01:47:48,790 --> 01:47:47,360

quite it was quite fast and it was also

3044

01:47:50,470 --> 01:47:48,800

quite large but it was still quite

3045

01:47:52,470 --> 01:47:50,480

distance away but i couldn't tell you

3046

01:47:54,550 --> 01:47:52,480

how big it was nor can i really tell you

3047

01:47:55,990 --> 01:47:54,560

how far away it was because things like

3048

01:47:57,510 --> 01:47:56,000

this and this is the whole thing about

3049

01:47:59,430 --> 01:47:57,520

ufology about people estimating

3050

01:48:01,030 --> 01:47:59,440

distances and sizes when you've got

3051  
01:48:02,870 --> 01:48:01,040  
something you don't know what it is you

3052  
01:48:04,790 --> 01:48:02,880  
can't tell how big it is so therefore

3053  
01:48:06,950 --> 01:48:04,800  
you can't really tell her

3054  
01:48:09,270 --> 01:48:06,960  
and vice versa if you see what i mean

3055  
01:48:10,310 --> 01:48:09,280  
but yeah you probably saw something like

3056  
01:48:12,310 --> 01:48:10,320  
what mac

3057  
01:48:14,070 --> 01:48:12,320  
martin and i saw it'd be just a it would

3058  
01:48:16,070 --> 01:48:14,080  
be a meteor fragment

3059  
01:48:17,430 --> 01:48:16,080  
yeah hey thanks for the call out and we

3060  
01:48:21,350 --> 01:48:17,440  
have another caller to get to i

3061  
01:48:23,109 --> 01:48:21,360  
appreciate it and and talk to you soon

3062  
01:48:24,709 --> 01:48:23,119  
all right we have our last call for the

3063  
01:48:26,310 --> 01:48:24,719

night ken i can't remember where you're

3064

01:48:27,669 --> 01:48:26,320

from ken you're live in the air where

3065

01:48:29,350 --> 01:48:27,679

are you from

3066

01:48:30,950 --> 01:48:29,360

yeah

3067

01:48:32,709 --> 01:48:30,960

i'm from los angeles

3068

01:48:35,109 --> 01:48:32,719

hi ken welcome to the show you have a

3069

01:48:37,189 --> 01:48:35,119

question for our guest

3070

01:48:38,470 --> 01:48:37,199

uh yeah well actually i have a um

3071

01:48:42,070 --> 01:48:38,480

something i want to talk about lou

3072

01:48:44,229 --> 01:48:42,080

elizondo was recently on a um some

3073

01:48:46,709 --> 01:48:44,239

presentation and he was talking about

3074

01:48:48,310 --> 01:48:46,719

how he had read documents that were

3075

01:48:50,629 --> 01:48:48,320

written in latin

3076

01:48:53,590 --> 01:48:50,639

of soldiers talking about you know

3077

01:48:55,510 --> 01:48:53,600

seeing these shiny objects in the sky

3078

01:48:58,390 --> 01:48:55,520

we also know that there are cave

3079

01:49:00,629 --> 01:48:58,400

paintings of ufos and you know all

3080

01:49:03,990 --> 01:49:00,639

throughout history we've heard about

3081

01:49:05,430 --> 01:49:04,000

these crafts flying around in our skies

3082

01:49:08,149 --> 01:49:05,440

right we're not we're not talking about

3083

01:49:10,390 --> 01:49:08,159

these crafts flying around other planets

3084

01:49:13,510 --> 01:49:10,400

well lou elizondo was also talking about

3085

01:49:15,589 --> 01:49:13,520

how we recently became aware of a of a

3086

01:49:17,430 --> 01:49:15,599

new kingdom you know the mycelium

3087

01:49:19,910 --> 01:49:17,440

kingdom right we thought it was just the

3088

01:49:22,070 --> 01:49:19,920

plant kingdom and the animal kingdom but

3089

01:49:23,910 --> 01:49:22,080

then you know 150 years ago we realized

3090

01:49:26,390 --> 01:49:23,920

that there was a mycelium kingdom which

3091

01:49:27,430 --> 01:49:26,400

is even bigger and he alluded to the

3092

01:49:29,589 --> 01:49:27,440

fact that

3093

01:49:32,629 --> 01:49:29,599

we are going to come to a point where we

3094

01:49:34,870 --> 01:49:32,639

realize that there is another life form

3095

01:49:37,510 --> 01:49:34,880

or another intelligence sharing the

3096

01:49:40,470 --> 01:49:37,520

planet with us yes i heard that i heard

3097

01:49:42,550 --> 01:49:40,480

that interview that was fascinating

3098

01:49:44,709 --> 01:49:42,560

to me and uh

3099

01:49:46,390 --> 01:49:44,719

and yeah that kind of gave me the chills

3100

01:49:47,589 --> 01:49:46,400

when i heard him talk about that can we

3101

01:49:50,629 --> 01:49:47,599

blame them

3102

01:49:53,830 --> 01:49:52,149

right maybe we're not the top of the

3103

01:49:57,270 --> 01:49:53,840

food chain maybe we're not the top of

3104

01:49:59,990 --> 01:49:57,280

the intelligence that's already here

3105

01:50:00,950 --> 01:50:00,000

more about that and

3106

01:50:02,229 --> 01:50:00,960

sorry

3107

01:50:05,109 --> 01:50:02,239

all i can tell you is i'm going to be

3108

01:50:06,950 --> 01:50:05,119

interviewing um lou in march and you

3109

01:50:08,390 --> 01:50:06,960

know that's definitely a topic i'm

3110

01:50:11,270 --> 01:50:08,400

really going to try to get more

3111

01:50:13,589 --> 01:50:11,280

information from him about

3112

01:50:14,950 --> 01:50:13,599

lu's a very interesting guy i i was

3113

01:50:17,669 --> 01:50:14,960

fortunate to meet him at the end of

3114

01:50:21,109 --> 01:50:17,679

october this uh this year uh in london

3115

01:50:24,310 --> 01:50:21,119

um and he you know what he knows who

3116

01:50:25,990 --> 01:50:24,320

knows what he knows uh is what i'll say

3117

01:50:27,830 --> 01:50:26,000

um but he comes out with some very

3118

01:50:29,030 --> 01:50:27,840

interesting things he's certainly worth

3119

01:50:31,350 --> 01:50:29,040

listening to

3120

01:50:33,430 --> 01:50:31,360

um and i think you have to like maybe

3121

01:50:34,870 --> 01:50:33,440

listen again to what he says every time

3122

01:50:37,189 --> 01:50:34,880

because you might be leaving little

3123

01:50:39,669 --> 01:50:37,199

breadcrumbs here and there but yeah he's

3124

01:50:41,350 --> 01:50:39,679

definitely worth listening to yeah

3125

01:50:43,189 --> 01:50:41,360

yeah but i thought you know just not

3126

01:50:46,310 --> 01:50:43,199

listen to him i can also just you know

3127

01:50:47,910 --> 01:50:46,320

use my own intellect and deduce that

3128

01:50:49,910 --> 01:50:47,920

all of these sightings that people are

3129

01:50:51,830 --> 01:50:49,920

having that you know we people have been

3130

01:50:53,589 --> 01:50:51,840

seeing crafts under the water for

3131

01:50:55,510 --> 01:50:53,599

literally thousands of years people have

3132

01:50:58,310 --> 01:50:55,520

been seeing crafts coming in and out of

3133

01:51:01,350 --> 01:50:58,320

our oceans in and out of our volcanoes

3134

01:51:03,589 --> 01:51:01,360

so we are not the only species on this

3135

01:51:05,109 --> 01:51:03,599

planet it's kind of obvious that

3136

01:51:09,109 --> 01:51:05,119

that there are these i call them

3137

01:51:14,070 --> 01:51:11,830

monitor our um our military our military

3138

01:51:16,149 --> 01:51:14,080

facilities the russians know that if

3139

01:51:18,149 --> 01:51:16,159

they want to want to get the these

3140

01:51:20,470 --> 01:51:18,159

crashes show up all they have to do is

3141

01:51:22,550 --> 01:51:20,480

amass their military um

3142

01:51:24,870 --> 01:51:22,560

or weapons and things or military gear

3143

01:51:26,470 --> 01:51:24,880

around and the ufos show up you know

3144

01:51:28,310 --> 01:51:26,480

they're not again they're not showing up

3145

01:51:30,229 --> 01:51:28,320

from another planet they're not showing

3146

01:51:32,790 --> 01:51:30,239

up from another dimension or from the

3147

01:51:36,790 --> 01:51:32,800

from the future right they're popping up

3148

01:51:39,189 --> 01:51:36,800

out of out of this ocean in this time

3149

01:51:41,430 --> 01:51:39,199

and that's what i would say all right

3150

01:51:42,950 --> 01:51:41,440

well i appreciate the call ken

3151

01:51:45,109 --> 01:51:42,960

thank you ken

3152

01:51:47,510 --> 01:51:45,119

thank you yeah i mean that is that is

3153

01:51:49,510 --> 01:51:47,520

interesting you know the the uh

3154

01:51:51,030 --> 01:51:49,520

for instance you know the usos is a

3155

01:51:55,990 --> 01:51:51,040

whole nother

3156

01:51:58,229 --> 01:51:56,000

has been seen forever

3157

01:52:01,189 --> 01:51:58,239

by military as well suppose you know i

3158

01:52:02,390 --> 01:52:01,199

mean i talked to mark d'antonio who saw

3159

01:52:03,830 --> 01:52:02,400

firsthand

3160

01:52:06,550 --> 01:52:03,840

on a submarine

3161

01:52:08,950 --> 01:52:06,560

test run he was on you know where this

3162

01:52:10,790 --> 01:52:08,960

fast mover going several hundred knots

3163

01:52:13,589 --> 01:52:10,800

underwater

3164

01:52:16,229 --> 01:52:13,599

nothing can explain in our technology

3165

01:52:17,830 --> 01:52:16,239

especially you know 20 years ago there's

3166

01:52:19,510 --> 01:52:17,840

nothing that we had as far as i know

3167

01:52:20,310 --> 01:52:19,520

that would ever go that type of speed

3168

01:52:23,030 --> 01:52:20,320

right

3169

01:52:24,629 --> 01:52:23,040

so a really good mystery

3170

01:52:26,070 --> 01:52:24,639

another one

3171

01:52:27,910 --> 01:52:26,080

so um

3172

01:52:29,750 --> 01:52:27,920

i would like to ask you graham we only

3173

01:52:32,149 --> 01:52:29,760

have we only have two minutes left it's

3174

01:52:35,109 --> 01:52:32,159

just we have to we have to wrap right up

3175

01:52:37,270 --> 01:52:35,119

in two minutes but um someone like you

3176  
01:52:40,149 --> 01:52:37,280  
writing this type of book i want to read

3177  
01:52:42,390 --> 01:52:40,159  
stuff that you write i want to read so i

3178  
01:52:45,109 --> 01:52:42,400  
want you to write more

3179  
01:52:46,629 --> 01:52:45,119  
and i'm planning to don't worry yeah so

3180  
01:52:48,149 --> 01:52:46,639  
let's uh let's hear what you have

3181  
01:52:49,430 --> 01:52:48,159  
something in mind

3182  
01:52:51,270 --> 01:52:49,440  
so i'm working on something at the

3183  
01:52:52,629 --> 01:52:51,280  
moment which i'm not uh sort of a little

3184  
01:52:54,629 --> 01:52:52,639  
bit to discuss at the moment but it'll

3185  
01:52:56,310 --> 01:52:54,639  
probably be out sometime in the new year

3186  
01:52:57,350 --> 01:52:56,320  
um i mean in terms of the book if you

3187  
01:52:59,030 --> 01:52:57,360  
want to read this i don't know if you

3188  
01:53:01,109 --> 01:52:59,040

haven't already martin but there's

3189

01:53:03,589 --> 01:53:01,119

there's the book so that's uh ufos

3190

01:53:05,109 --> 01:53:03,599

before roswell and it's got the uh it's

3191

01:53:06,950 --> 01:53:05,119

got a picture on the front of the the

3192

01:53:08,229 --> 01:53:06,960

wellington encounter that was done by a

3193

01:53:10,629 --> 01:53:08,239

couple of good friends of mine dan

3194

01:53:12,950 --> 01:53:10,639

zetastrom and olaf rockner uh who comes

3195

01:53:15,030 --> 01:53:12,960

from sweden um so they came up with us

3196

01:53:17,189 --> 01:53:15,040

and if you see the forward is by sean

3197

01:53:21,430 --> 01:53:17,199

cahill who was one of the witnesses to

3198

01:53:23,430 --> 01:53:21,440

the 2004 nimitz encounters oh wow and so

3199

01:53:26,390 --> 01:53:23,440

he was on print he was there he was on

3200

01:53:27,910 --> 01:53:26,400

princeton at the time so um he was good

3201

01:53:29,830 --> 01:53:27,920

enough to do the forward for me so the

3202

01:53:31,669 --> 01:53:29,840

books are available on amazon um i've

3203

01:53:33,750 --> 01:53:31,679

got other books which are available with

3204

01:53:35,669 --> 01:53:33,760

aircraft which are on there as well but

3205
