

RENDLESHAM FOREST INCIDENT

MONROE NEUELS

#490

1
00:00:58,709 --> 00:00:20,690

[Music]

2
00:01:02,790 --> 00:01:00,630

hello everyone and welcome to the show

3
00:01:04,710 --> 00:01:02,800

martin willis your host sorry for the

4
00:01:07,510 --> 00:01:04,720

delay start here

5
00:01:09,830 --> 00:01:07,520

if you could only see behind the scenes

6
00:01:10,710 --> 00:01:09,840

you'll see uh sometimes the struggles of

7
00:01:13,429 --> 00:01:10,720

doing

8
00:01:16,149 --> 00:01:13,439

a live show that uh we were tried

9
00:01:18,789 --> 00:01:16,159

for relentlessly for the last over the

10
00:01:21,109 --> 00:01:18,799

last half hour to get um

11
00:01:23,030 --> 00:01:21,119

monroe neville's our guest

12
00:01:25,109 --> 00:01:23,040

uh through

13
00:01:26,390 --> 00:01:25,119

on the internet and it didn't work he's

14

00:01:28,630 --> 00:01:26,400

going to be on the phone

15

00:01:32,230 --> 00:01:28,640

uh so we we do have him

16

00:01:34,230 --> 00:01:32,240

he's uh waiting um in the wings and

17

00:01:34,870 --> 00:01:34,240

rendel shim forest i always say is one

18

00:01:36,469 --> 00:01:34,880

of

19

00:01:38,950 --> 00:01:36,479

the most interesting

20

00:01:42,389 --> 00:01:38,960

ufo encounters it involved a military

21

00:01:45,270 --> 00:01:42,399

base in england an american

22

00:01:46,310 --> 00:01:45,280

military base in england it happened in

23

00:01:49,830 --> 00:01:46,320

december

24

00:01:51,270 --> 00:01:49,840

of 1980 and for those of you who are new

25

00:01:53,910 --> 00:01:51,280

you should hear a lot about the story

26

00:01:55,990 --> 00:01:53,920

tonight but i did post a link in the

27

00:01:58,550 --> 00:01:56,000

show notes and it's also in the text

28

00:02:01,030 --> 00:01:58,560

down below and youtube facebook all that

29

00:02:03,030 --> 00:02:01,040

um so you can read up on that it's a uh

30

00:02:05,350 --> 00:02:03,040

it's a very interesting encounter

31

00:02:07,910 --> 00:02:05,360

happened over a number of days i think

32

00:02:08,869 --> 00:02:07,920

it was december 26 through the 28th i

33

00:02:10,790 --> 00:02:08,879

believe

34

00:02:13,030 --> 00:02:10,800

and our guest was with uh colonel

35

00:02:16,949 --> 00:02:13,040

charles halt at the time

36

00:02:17,830 --> 00:02:16,959

uh when he saw some things some amazing

37

00:02:19,830 --> 00:02:17,840

things

38

00:02:23,510 --> 00:02:19,840

and uh one thing i got to tell you right

39

00:02:26,390 --> 00:02:23,520

now i really like about um monroe

40

00:02:28,229 --> 00:02:26,400

and after doing a bit of research and by

41

00:02:30,070 --> 00:02:28,239

the way jim peniston

42

00:02:31,030 --> 00:02:30,080

is the one who actually connected me

43

00:02:34,630 --> 00:02:31,040

with him

44

00:02:37,190 --> 00:02:34,640

and um he throws no punches there's no

45

00:02:39,190 --> 00:02:37,200

flights of fancy that you could kind of

46

00:02:40,229 --> 00:02:39,200

make a ufo joke out of that somehow but

47

00:02:43,110 --> 00:02:40,239

anyway

48

00:02:44,229 --> 00:02:43,120

it's he says he says things the way they

49

00:02:47,030 --> 00:02:44,239

are

50

00:02:49,350 --> 00:02:47,040

he does not embellish it all um i've

51
00:02:52,790 --> 00:02:49,360
talked to him and he's a great witness

52
00:02:55,350 --> 00:02:52,800
to this uh very unusual event

53
00:02:59,350 --> 00:02:55,360
and i'm really lucky to uh have him on

54
00:03:01,910 --> 00:02:59,360
this show tonight um we have a

55
00:03:05,990 --> 00:03:01,920
blog as usual this week from charles

56
00:03:08,229 --> 00:03:06,000
lear and it is called the ufo news

57
00:03:09,509 --> 00:03:08,239
clipping service an interesting blog

58
00:03:12,149 --> 00:03:09,519
check that out

59
00:03:13,830 --> 00:03:12,159
our blog is always made into audio blogs

60
00:03:15,750 --> 00:03:13,840
uh we're a little late on this one this

61
00:03:17,670 --> 00:03:15,760
week had to do with the cold weather

62
00:03:20,550 --> 00:03:17,680
believe it or not it's not too bad right

63
00:03:21,589 --> 00:03:20,560

now and a hello to a friend down in

64

00:03:23,670 --> 00:03:21,599

florida

65

00:03:25,030 --> 00:03:23,680

and i think we're about ready to get

66

00:03:27,270 --> 00:03:25,040

started i do want to thank everyone that

67

00:03:28,789 --> 00:03:27,280

listens to the show and everyone that

68

00:03:30,789 --> 00:03:28,799

supports the show

69

00:03:32,470 --> 00:03:30,799

i really appreciate it and we are ready

70

00:03:34,869 --> 00:03:32,480

to roll here we go

71

00:03:36,630 --> 00:03:34,879

hello there monroe

72

00:03:38,309 --> 00:03:36,640

hello how are you doing

73

00:03:39,830 --> 00:03:38,319

good well we gave it a good try didn't

74

00:03:45,190 --> 00:03:39,840

we

75

00:03:48,630 --> 00:03:45,200

not up to date on it like most people

76

00:03:50,470 --> 00:03:48,640

are yeah well we made it

77

00:03:52,550 --> 00:03:50,480

yeah well thank goodness for phones

78

00:03:57,030 --> 00:03:52,560

anyway right

79

00:04:00,390 --> 00:03:57,040

exactly yeah um so monroe uh

80

00:04:01,990 --> 00:04:00,400

you were there uh you you were there at

81

00:04:04,869 --> 00:04:02,000

uh bent waters

82

00:04:07,429 --> 00:04:04,879

um at reynolds in the rendelsham force

83

00:04:10,229 --> 00:04:07,439

and you had quite an experience and if

84

00:04:11,350 --> 00:04:10,239

you would uh first of all a few people

85

00:04:13,750 --> 00:04:11,360

have asked me

86

00:04:15,429 --> 00:04:13,760

um why they haven't heard that much from

87

00:04:16,550 --> 00:04:15,439

you over the years i know you were in a

88

00:04:18,789 --> 00:04:16,560

few different

89

00:04:20,949 --> 00:04:18,799

movies documentaries stuff like that but

90

00:04:23,830 --> 00:04:20,959

uh have you kind of kept quiet about

91

00:04:26,950 --> 00:04:23,840

this situation over the years

92

00:04:29,749 --> 00:04:26,960

no sir what happened is that uh when

93

00:04:31,270 --> 00:04:29,759

they start by originally the way it

94

00:04:34,310 --> 00:04:31,280

happened was that

95

00:04:37,590 --> 00:04:34,320

my name that last name is nev

96

00:04:40,469 --> 00:04:37,600

and british spell my name is me

97

00:04:44,070 --> 00:04:40,479

v-i-l-l-e

98

00:04:46,870 --> 00:04:44,080

and it's actually supposed to be in e

99

00:04:48,909 --> 00:04:46,880

v e l s

100

00:04:50,790 --> 00:04:48,919

and so up until

101
00:04:53,030 --> 00:04:50,800
2003

102
00:04:56,710 --> 00:04:53,040
no one had ever been able to get a hold

103
00:04:59,909 --> 00:04:56,720
from here and they had tried supposedly

104
00:05:03,749 --> 00:04:59,919
and i finally got uh brian gumbel

105
00:05:06,550 --> 00:05:03,759
finally got hold of me in 2003

106
00:05:09,350 --> 00:05:06,560
and that was when we started finally

107
00:05:10,629 --> 00:05:09,360
connecting and getting things out into

108
00:05:12,390 --> 00:05:10,639
the public

109
00:05:14,870 --> 00:05:12,400
uh i

110
00:05:16,390 --> 00:05:14,880
for one have was in disaster

111
00:05:20,629 --> 00:05:16,400
preparedness

112
00:05:24,070 --> 00:05:20,639
and i had a lot of major contact with

113
00:05:26,950 --> 00:05:24,080

the basement commander all the time and

114

00:05:29,590 --> 00:05:26,960

the reason i had the contact was my

115

00:05:33,110 --> 00:05:29,600

background as a marine

116

00:05:35,749 --> 00:05:33,120

uh having uh skills that was different

117

00:05:37,270 --> 00:05:35,759

from what i had from the air force

118

00:05:39,990 --> 00:05:37,280

and so

119

00:05:42,710 --> 00:05:40,000

you know i was able to

120

00:05:44,870 --> 00:05:42,720

help connect the cold war with nuclear

121

00:05:46,310 --> 00:05:44,880

biological and chemical explain

122

00:05:49,189 --> 00:05:46,320

experiences

123

00:05:50,629 --> 00:05:49,199

and my experience was a trainer or on an

124

00:05:53,990 --> 00:05:50,639

instructor

125

00:05:57,189 --> 00:05:54,000

and i trained teams that went out well

126
00:05:59,189 --> 00:05:57,199
for observations when we had exercises

127
00:06:01,749 --> 00:05:59,199
for the real thing

128
00:06:03,990 --> 00:06:01,759
and so i stayed visited mainly with the

129
00:06:06,469 --> 00:06:04,000
base commander and the wing commander

130
00:06:08,950 --> 00:06:06,479
both soccer and conrad

131
00:06:11,270 --> 00:06:08,960
as the base commander and colonel

132
00:06:15,430 --> 00:06:11,280
williams as the wing commander

133
00:06:18,629 --> 00:06:15,440
and they signed off on my aprs i am a

134
00:06:21,430 --> 00:06:18,639
performance report so i direct i was in

135
00:06:24,550 --> 00:06:21,440
direct contact with an officer

136
00:06:26,870 --> 00:06:24,560
captain sue jones that was my boss

137
00:06:29,590 --> 00:06:26,880
and she was brought in

138
00:06:31,749 --> 00:06:29,600

specifically by third air force

139

00:06:34,950 --> 00:06:31,759

and that was how i connected with the

140

00:06:37,430 --> 00:06:34,960

base and the wing commander and as a

141

00:06:38,469 --> 00:06:37,440

photographer i had practical appearance

142

00:06:40,870 --> 00:06:38,479

anyway

143

00:06:43,350 --> 00:06:40,880

and as a top taker i could go anywhere

144

00:06:44,629 --> 00:06:43,360

on the base i wanted to go and shoot

145

00:06:45,510 --> 00:06:44,639

photos

146

00:06:47,909 --> 00:06:45,520

and

147

00:06:50,629 --> 00:06:47,919

it was expressed one time i know by

148

00:06:53,430 --> 00:06:50,639

colonel hall in his latest book

149

00:06:55,189 --> 00:06:53,440

of uh some of the negative

150

00:06:56,469 --> 00:06:55,199

things he put in

151
00:06:58,469 --> 00:06:56,479
about me

152
00:07:00,309 --> 00:06:58,479
and that i had

153
00:07:03,990 --> 00:07:00,319
you know

154
00:07:06,469 --> 00:07:04,000
wandered off into and got uh taken down

155
00:07:09,110 --> 00:07:06,479
by the security police because i was in

156
00:07:11,670 --> 00:07:09,120
in a uh secure area

157
00:07:13,589 --> 00:07:11,680
and when they were told to call the wing

158
00:07:15,749 --> 00:07:13,599
commander he straightened them out on

159
00:07:18,390 --> 00:07:15,759
that idea real quick

160
00:07:19,990 --> 00:07:18,400
and so i had freedom running around the

161
00:07:22,309 --> 00:07:20,000
face with him

162
00:07:24,309 --> 00:07:22,319
and the base commander because i could

163
00:07:26,550 --> 00:07:24,319

communicate with them better than i

164

00:07:29,110 --> 00:07:26,560

could with some of the other people

165

00:07:31,029 --> 00:07:29,120

and that was how i got started with

166

00:07:34,150 --> 00:07:31,039

and on the

167

00:07:36,469 --> 00:07:34,160

the way i got started uh with the went

168

00:07:38,790 --> 00:07:36,479

render from uh event

169

00:07:42,830 --> 00:07:38,800

is i had done several

170

00:07:46,070 --> 00:07:42,840

i guess about five or six different uh

171

00:07:48,710 --> 00:07:46,080

uh programs uh and

172

00:07:51,350 --> 00:07:48,720

special assignment by

173

00:07:52,469 --> 00:07:51,360

base commander from conrad

174

00:07:55,350 --> 00:07:52,479

and

175

00:07:58,390 --> 00:07:55,360

on the 27th of

176

00:08:00,950 --> 00:07:58,400

december of 80.

177

00:08:04,390 --> 00:08:00,960

about three o'clock in the afternoon

178

00:08:06,309 --> 00:08:04,400

uh the command based commander uh sent

179

00:08:07,990 --> 00:08:06,319

security police from

180

00:08:10,790 --> 00:08:08,000

lieutenant england

181

00:08:12,309 --> 00:08:10,800

out to my house and base housing over on

182

00:08:15,909 --> 00:08:12,319

woodbridge

183

00:08:18,790 --> 00:08:15,919

and he stated they were very adamant

184

00:08:21,430 --> 00:08:18,800

about going through the house

185

00:08:23,990 --> 00:08:21,440

to check and see if anybody was in the

186

00:08:27,510 --> 00:08:24,000

room in the house where they could hear

187

00:08:30,390 --> 00:08:27,520

what was being said and consequently

188

00:08:33,110 --> 00:08:30,400

what happened was that he

189

00:08:36,389 --> 00:08:33,120
made the statement to me that

190

00:08:37,829 --> 00:08:36,399
uh cronk conrad had sent him out to pick

191

00:08:40,870 --> 00:08:37,839
me up

192

00:08:42,070 --> 00:08:40,880
who put me on a special assignment and

193

00:08:44,870 --> 00:08:42,080
said that

194

00:08:47,269 --> 00:08:44,880
uh you know he's a different top secret

195

00:08:49,829 --> 00:08:47,279
friend he's uh top secret he said you're

196

00:08:51,590 --> 00:08:49,839
not discussing with anybody

197

00:08:54,230 --> 00:08:51,600
uh at all

198

00:08:57,110 --> 00:08:54,240
and he said he wants you to go out there

199

00:08:59,430 --> 00:08:57,120
and make your own observation

200

00:09:01,590 --> 00:08:59,440
because he said this is the only you're

201
00:09:03,030 --> 00:09:01,600
the only one he can plug

202
00:09:04,150 --> 00:09:03,040
to go out to

203
00:09:06,470 --> 00:09:04,160
the fight

204
00:09:09,269 --> 00:09:06,480
and make an observation and come back

205
00:09:12,470 --> 00:09:09,279
and give him an honest answer

206
00:09:14,710 --> 00:09:12,480
and that was how it all got started

207
00:09:17,829 --> 00:09:14,720
and you know that that was that was the

208
00:09:20,630 --> 00:09:17,839
beginning of the event and then fourth

209
00:09:24,070 --> 00:09:20,640
on further night

210
00:09:26,630 --> 00:09:24,080
right and can you um for

211
00:09:28,550 --> 00:09:26,640
i think it's always important

212
00:09:31,590 --> 00:09:28,560
for you know people that

213
00:09:33,509 --> 00:09:31,600

are unfamiliar you know i as i mentioned

214

00:09:35,670 --> 00:09:33,519

in the beginning i i did put a link down

215

00:09:38,389 --> 00:09:35,680

below just so you know people that are

216

00:09:39,430 --> 00:09:38,399

new want to research but kind of a recap

217

00:09:40,389 --> 00:09:39,440

um

218

00:09:46,870 --> 00:09:40,399

you

219

00:09:48,870 --> 00:09:46,880

jim and john burroughs they saw what

220

00:09:50,870 --> 00:09:48,880

they saw on the 26th

221

00:09:53,750 --> 00:09:50,880

so if you can kind of just

222

00:09:56,070 --> 00:09:53,760

um in a nutshell uh talk about the

223

00:09:58,389 --> 00:09:56,080

events that you know of and and first of

224

00:10:00,150 --> 00:09:58,399

all did you hear about this before you

225

00:10:03,269 --> 00:10:00,160

were contacted

226

00:10:05,190 --> 00:10:03,279

um to go out that particular night

227

00:10:08,870 --> 00:10:05,200

no sir

228

00:10:12,310 --> 00:10:08,880

i was not for now i wasn't in contact

229

00:10:15,590 --> 00:10:12,320

uh the commander base commander uh pearl

230

00:10:19,509 --> 00:10:15,600

conrad and i communicated quite a bit

231

00:10:22,310 --> 00:10:19,519

and nothing had been said and

232

00:10:23,990 --> 00:10:22,320

there's a lot of this uh what i call

233

00:10:26,150 --> 00:10:24,000

disparity

234

00:10:27,590 --> 00:10:26,160

about this whole thing

235

00:10:29,829 --> 00:10:27,600

uh colonel

236

00:10:31,750 --> 00:10:29,839

hoff i have nothing i want to make a

237

00:10:33,350 --> 00:10:31,760

statement right now

238

00:10:38,150 --> 00:10:33,360

i do not

239

00:10:40,949 --> 00:10:38,160

uh any

240

00:10:43,030 --> 00:10:40,959

anger bitterness or anything for conor

241

00:10:45,190 --> 00:10:43,040

connor i'll come home

242

00:10:49,910 --> 00:10:45,200

however

243

00:10:51,269 --> 00:10:49,920

he has put out a lot of information

244

00:10:54,550 --> 00:10:51,279

about me

245

00:10:56,790 --> 00:10:54,560

and tried to discredit me but i have a

246

00:10:59,110 --> 00:10:56,800

statement that i learned a long time ago

247

00:11:02,710 --> 00:10:59,120

not only from colonel williams

248

00:11:04,949 --> 00:11:02,720

but uh the wayne commander but others it

249

00:11:06,710 --> 00:11:04,959

said monroe said if you'll always tell

250

00:11:08,389 --> 00:11:06,720

the truth

251
00:11:11,030 --> 00:11:08,399
from the beginning

252
00:11:13,110 --> 00:11:11,040
you'll never have to go back

253
00:11:15,430 --> 00:11:13,120
and change your story

254
00:11:17,910 --> 00:11:15,440
and that's exactly what i've done i've

255
00:11:20,949 --> 00:11:17,920
told the crew from day one

256
00:11:22,870 --> 00:11:20,959
and i'll tell the day to the day i die

257
00:11:26,949 --> 00:11:22,880
it'll be the same sword and never

258
00:11:31,350 --> 00:11:29,590
with that in mind what happened was that

259
00:11:33,430 --> 00:11:31,360
crown conrad

260
00:11:36,069 --> 00:11:33,440
wanted me to go out

261
00:11:38,069 --> 00:11:36,079
with my observation skills he had had

262
00:11:39,190 --> 00:11:38,079
experience with me

263
00:11:41,430 --> 00:11:39,200

uh

264

00:11:43,590 --> 00:11:41,440

even getting a flying

265

00:11:46,310 --> 00:11:43,600

there and going around and doing tone to

266

00:11:48,389 --> 00:11:46,320

what we call tone down back then

267

00:11:50,949 --> 00:11:48,399

which was camouflaged

268

00:11:53,430 --> 00:11:50,959

and of course my background as a marine

269

00:11:57,269 --> 00:11:53,440

was much different than the air force

270

00:12:00,230 --> 00:11:57,279

and i was trained as a combat marine

271

00:12:01,590 --> 00:12:00,240

i was also a helicopter mechanic

272

00:12:03,910 --> 00:12:01,600

i was also

273

00:12:06,230 --> 00:12:03,920

in nuclear biological chemical and i

274

00:12:08,870 --> 00:12:06,240

went to the best schools that were

275

00:12:11,829 --> 00:12:08,880

available at the time

276

00:12:13,829 --> 00:12:11,839

and i was able to witness

277

00:12:17,350 --> 00:12:13,839

uh much more

278

00:12:18,470 --> 00:12:17,360

uh things that uh other people never got

279

00:12:20,150 --> 00:12:18,480

to see

280

00:12:23,350 --> 00:12:20,160

uh you know with all the different

281

00:12:26,150 --> 00:12:23,360

chemicals and radiation etc

282

00:12:29,509 --> 00:12:26,160

and i was trained to fly

283

00:12:31,430 --> 00:12:29,519

at 100 feet up

284

00:12:33,509 --> 00:12:31,440

with the

285

00:12:36,829 --> 00:12:33,519

radioactive instrument and be able to

286

00:12:40,949 --> 00:12:36,839

detect radiation on the ground from 100

287

00:12:44,150 --> 00:12:40,959

feet and while the aircraft was flying

288

00:12:46,790 --> 00:12:44,160

so i had that experience and i had the

289

00:12:48,949 --> 00:12:46,800

knowledge on how to put this together

290

00:12:52,150 --> 00:12:48,959

so colonel hall i've been lieutenant

291

00:12:54,150 --> 00:12:52,160

england came out and told me that uh

292

00:12:55,590 --> 00:12:54,160

colonel i mean current cromwell had

293

00:12:59,030 --> 00:12:55,600

wanted me to go

294

00:13:01,350 --> 00:12:59,040

uh out and do my own research

295

00:13:04,710 --> 00:13:01,360

and come back and give him an honest

296

00:13:08,389 --> 00:13:04,720

answer and he would be at the club

297

00:13:11,030 --> 00:13:08,399

so we did we went out i had to take my

298

00:13:14,069 --> 00:13:11,040

uh my daughter you know to

299

00:13:14,870 --> 00:13:14,079

up the chapel on book bent waters

300

00:13:16,870 --> 00:13:14,880

and

301

00:13:21,350 --> 00:13:16,880

leave her with my

302

00:13:24,949 --> 00:13:21,360

wife she was three years old at the time

303

00:13:27,269 --> 00:13:24,959

so we did that but before we did that uh

304

00:13:29,670 --> 00:13:27,279

from um in lieutenant names i'm not

305

00:13:30,629 --> 00:13:29,680

getting a mix lieutenant england

306

00:13:33,829 --> 00:13:30,639

uh

307

00:13:36,870 --> 00:13:33,839

proceeded to tell me what had happened

308

00:13:38,710 --> 00:13:36,880

and he said that there shortly after

309

00:13:42,870 --> 00:13:38,720

midnight on the

310

00:13:46,470 --> 00:13:42,880

25th i guess it'd be now the 26th

311

00:13:48,629 --> 00:13:46,480

but between 25 and 26

312

00:13:52,550 --> 00:13:48,639

that uh

313

00:13:56,470 --> 00:13:52,560

finishing and uh burrows had been out

314

00:13:58,949 --> 00:13:56,480

and they had observed the ufo incident

315

00:13:59,750 --> 00:13:58,959

but he did not want to take his word for

316

00:14:02,230 --> 00:13:59,760

it

317

00:14:03,990 --> 00:14:02,240

because he really i don't think believed

318

00:14:05,910 --> 00:14:04,000

it was there or

319

00:14:08,790 --> 00:14:05,920

or whatever least

320

00:14:11,269 --> 00:14:08,800

but he wanted me to go out and and come

321

00:14:13,189 --> 00:14:11,279

back and give him a report

322

00:14:16,790 --> 00:14:13,199

so we did we

323

00:14:19,670 --> 00:14:16,800

talked about it and he said that

324

00:14:22,629 --> 00:14:19,680

the rumor had been that

325

00:14:24,710 --> 00:14:22,639

someone was uh

326

00:14:27,430 --> 00:14:24,720

taken aboard the

327

00:14:29,189 --> 00:14:27,440

aircraft and he didn't believe you know

328

00:14:32,629 --> 00:14:29,199

he said they just wanted me to go out

329

00:14:35,430 --> 00:14:32,639

and make my own observation so i did

330

00:14:37,750 --> 00:14:35,440

so we went out proceeded to go and he

331

00:14:39,750 --> 00:14:37,760

was telling me some of the things that

332

00:14:40,790 --> 00:14:39,760

they had deserved

333

00:14:44,550 --> 00:14:40,800

and

334

00:14:47,269 --> 00:14:44,560

we got out there about probably

335

00:14:49,030 --> 00:14:47,279

about three about four o'clock i'd say

336

00:14:50,550 --> 00:14:49,040

in the afternoon because he came out

337

00:14:53,430 --> 00:14:50,560

about three

338

00:14:56,629 --> 00:14:53,440

and he took me out there and he started

339

00:14:58,230 --> 00:14:56,639

talking i said uh

340

00:14:59,430 --> 00:14:58,240

respectfully

341

00:15:01,509 --> 00:14:59,440

said uh

342

00:15:03,590 --> 00:15:01,519

after i told lieutenant england i said

343

00:15:06,310 --> 00:15:03,600

that please

344

00:15:07,750 --> 00:15:06,320

let me look around let me make my own

345

00:15:10,470 --> 00:15:07,760

observation

346

00:15:13,670 --> 00:15:10,480

and you know and do what the commander

347

00:15:16,470 --> 00:15:13,680

wants me to do and i didn't want him to

348

00:15:18,470 --> 00:15:16,480

put any interjection or anything into it

349

00:15:21,110 --> 00:15:18,480

just let me look

350

00:15:22,629 --> 00:15:21,120

and i was framed to do that so that's

351
00:15:26,550 --> 00:15:22,639
what i did

352
00:15:27,910 --> 00:15:26,560
and as we looked he showed me the marks

353
00:15:30,310 --> 00:15:27,920
on the ground

354
00:15:33,749 --> 00:15:30,320
there were three parts where this

355
00:15:34,870 --> 00:15:33,759
aircraft or whatever had sat down

356
00:15:39,430 --> 00:15:34,880
and

357
00:15:42,470 --> 00:15:39,440
was told that

358
00:15:43,749 --> 00:15:42,480
the forestry service had said

359
00:15:46,790 --> 00:15:43,759
that the

360
00:15:47,590 --> 00:15:46,800
uh they did a dense autumnal reading on

361
00:15:51,990 --> 00:15:47,600
the

362
00:15:54,150 --> 00:15:52,000
had sat down

363
00:15:55,670 --> 00:15:54,160

and i'll call it an aircraft probably

364

00:15:57,590 --> 00:15:55,680

three years will be the problem to

365

00:16:01,030 --> 00:15:57,600

communicate that way

366

00:16:03,990 --> 00:16:01,040

and anyway he said when it sat down

367

00:16:07,670 --> 00:16:04,000

that the impact on the ground or the

368

00:16:11,189 --> 00:16:07,680

indians on the ground were all different

369

00:16:13,749 --> 00:16:11,199

and the same proclaimed density

370

00:16:15,829 --> 00:16:13,759

well what that meant was that there was

371

00:16:18,790 --> 00:16:15,839

uneven ground

372

00:16:21,829 --> 00:16:18,800

and over the years as i thought about

373

00:16:23,990 --> 00:16:21,839

all this i put it together in my own

374

00:16:26,069 --> 00:16:24,000

observation that

375

00:16:28,069 --> 00:16:26,079

obviously it looked like it was

376

00:16:30,310 --> 00:16:28,079

controlled maybe it's a violent

377

00:16:31,990 --> 00:16:30,320

gyroscope you know kind of like a pop

378

00:16:35,430 --> 00:16:32,000

spinning around

379

00:16:37,269 --> 00:16:35,440

and what was happening was that when it

380

00:16:38,389 --> 00:16:37,279

i figured it must have

381

00:16:41,110 --> 00:16:38,399

hovered

382

00:16:44,550 --> 00:16:41,120

and then dropped the legs down and just

383

00:16:47,590 --> 00:16:44,560

set them down but it fades even

384

00:16:50,069 --> 00:16:47,600

and then in doing so that would compress

385

00:16:52,710 --> 00:16:50,079

the ground in those three spots at the

386

00:16:56,150 --> 00:16:52,720

frame you know the same thickness

387

00:16:59,350 --> 00:16:56,160

so as i looked around and saw that uh

388

00:17:01,430 --> 00:16:59,360

you know i found a free indent

389

00:17:03,509 --> 00:17:01,440
on three different levels

390

00:17:06,470 --> 00:17:03,519
and if you take a tripod like from a

391

00:17:09,829 --> 00:17:06,480
camera you take a trial tripod

392

00:17:12,789 --> 00:17:09,839
and hold it by the head and drop the leg

393

00:17:13,750 --> 00:17:12,799
it'll all that'll match up and even out

394

00:17:17,429 --> 00:17:13,760
with

395

00:17:20,069 --> 00:17:17,439
frame level

396

00:17:21,829 --> 00:17:20,079
so we did that anyway i checked that and

397

00:17:24,150 --> 00:17:21,839
i noticed that the

398

00:17:26,549 --> 00:17:24,160
cruise had been

399

00:17:28,390 --> 00:17:26,559
marked down in some areas

400

00:17:31,110 --> 00:17:28,400
but i was told

401
00:17:33,990 --> 00:17:31,120
uh again by lieutenant england

402
00:17:36,470 --> 00:17:34,000
that when this uh took off

403
00:17:38,789 --> 00:17:36,480
that it went through the trees a hundred

404
00:17:41,830 --> 00:17:38,799
feet up went through the trees and

405
00:17:44,070 --> 00:17:41,840
didn't knock off any lamp

406
00:17:46,310 --> 00:17:44,080
and it just went through it

407
00:17:47,909 --> 00:17:46,320
and so i looked up and you know and

408
00:17:48,950 --> 00:17:47,919
checked this out

409
00:17:52,870 --> 00:17:48,960
and

410
00:17:56,230 --> 00:17:52,880
looking around i could not see anything

411
00:17:57,990 --> 00:17:56,240
uh supernatural or anything like that at

412
00:18:00,630 --> 00:17:58,000
the time because

413
00:18:01,270 --> 00:18:00,640

all i was doing was making an official

414

00:18:03,669 --> 00:18:01,280

of

415

00:18:07,430 --> 00:18:03,679

observation for the commander

416

00:18:09,830 --> 00:18:07,440

and as i looked i saw uh several things

417

00:18:12,150 --> 00:18:09,840

you know like the trees and

418

00:18:15,190 --> 00:18:12,160

looking around the ground and looking at

419

00:18:16,710 --> 00:18:15,200

uh and i didn't see anything out there

420

00:18:17,990 --> 00:18:16,720

that was uh

421

00:18:19,110 --> 00:18:18,000

anything

422

00:18:20,789 --> 00:18:19,120

major

423

00:18:21,590 --> 00:18:20,799

at the time

424

00:18:24,390 --> 00:18:21,600

but

425

00:18:27,510 --> 00:18:24,400

when i went about we started back

426

00:18:30,150 --> 00:18:27,520

and as i forget when we started out to

427

00:18:32,390 --> 00:18:30,160

go back out the gate to go back and see

428

00:18:33,990 --> 00:18:32,400

the commander at the club

429

00:18:35,990 --> 00:18:34,000

all of a sudden there was a lot of

430

00:18:41,029 --> 00:18:36,000

static electricity

431

00:18:43,590 --> 00:18:41,039

guess was it was so strong that the

432

00:18:45,110 --> 00:18:43,600

hairs on my arm and my neck were

433

00:18:48,630 --> 00:18:45,120

sticking out

434

00:18:51,430 --> 00:18:48,640

and i couldn't believe it and i told the

435

00:18:54,310 --> 00:18:51,440

asked the lieutenant to stop

436

00:18:55,430 --> 00:18:54,320

and it was starting to get dark and we

437

00:18:57,750 --> 00:18:55,440

had

438

00:18:59,029 --> 00:18:57,760

night vision i guess night vision

439

00:19:02,549 --> 00:18:59,039

startled

440

00:19:05,110 --> 00:19:02,559

and i was uh stepped out of uh jesus i

441

00:19:07,430 --> 00:19:05,120

told him to stop and he stopped it deep

442

00:19:09,990 --> 00:19:07,440

and on the left-hand side

443

00:19:12,549 --> 00:19:10,000

of us going out the gate on the same

444

00:19:15,669 --> 00:19:12,559

side where the craft that landed

445

00:19:18,310 --> 00:19:15,679

was it looked like a an eyeball

446

00:19:21,029 --> 00:19:18,320

and i say an eyeball because

447

00:19:22,710 --> 00:19:21,039

if you look through uh night fishing

448

00:19:24,390 --> 00:19:22,720

goggles or

449

00:19:27,190 --> 00:19:24,400

that we have now

450

00:19:29,590 --> 00:19:27,200

uh you know it's picked up by heat and

451
00:19:30,710 --> 00:19:29,600
the sweet you know the site is black and

452
00:19:33,909 --> 00:19:30,720
green

453
00:19:36,710 --> 00:19:33,919
and it just looks like it was winky

454
00:19:37,510 --> 00:19:36,720
and i observed and i thought okay if

455
00:19:41,590 --> 00:19:37,520
it's

456
00:19:43,830 --> 00:19:41,600
that's running on and off

457
00:19:47,990 --> 00:19:43,840
and i kept watching it

458
00:19:50,470 --> 00:19:48,000
and i was just kind of uh

459
00:19:52,390 --> 00:19:50,480
agitated with bluetooth england at the

460
00:19:54,789 --> 00:19:52,400
time because he wanted me to get in the

461
00:19:57,669 --> 00:19:54,799
teeth he was kind of scared

462
00:20:00,070 --> 00:19:57,679
and i said well her let me know bird so

463
00:20:02,310 --> 00:20:00,080

i looked i went around and got in the

464

00:20:03,270 --> 00:20:02,320

deep and it calmed down

465

00:20:05,190 --> 00:20:03,280

the light

466

00:20:07,909 --> 00:20:05,200

stopped

467

00:20:09,669 --> 00:20:07,919

then i got out and when i got out it

468

00:20:11,990 --> 00:20:09,679

started up again

469

00:20:15,110 --> 00:20:12,000

and i got back in the jeep and stopped

470

00:20:17,669 --> 00:20:15,120

and i got back out one more time

471

00:20:18,470 --> 00:20:17,679

and i and he kept saying let's go let's

472

00:20:21,029 --> 00:20:18,480

go

473

00:20:23,830 --> 00:20:21,039

i said guard please with all due respect

474

00:20:25,029 --> 00:20:23,840

let me do what commander has sent me out

475

00:20:28,470 --> 00:20:25,039

to do

476

00:20:30,870 --> 00:20:28,480

and so i kept watching see what happened

477

00:20:31,990 --> 00:20:30,880

and i got back to you and i said okay we

478

00:20:35,190 --> 00:20:32,000

can go

479

00:20:37,190 --> 00:20:35,200

so we went to the club who uh we had was

480

00:20:39,029 --> 00:20:37,200

all scruffy and we went to the club and

481

00:20:41,430 --> 00:20:39,039

i said man we don't look good he said

482

00:20:43,669 --> 00:20:41,440

here he said i'm ordered to go straight

483

00:20:46,310 --> 00:20:43,679

back on the comrade

484

00:20:48,390 --> 00:20:46,320

i got back and

485

00:20:51,430 --> 00:20:48,400

i walked we walked up to the major day

486

00:20:54,230 --> 00:20:51,440

in the later d said uh just a minute and

487

00:20:55,830 --> 00:20:54,240

he stepped in and and told from conrad

488

00:20:58,390 --> 00:20:55,840

that i was out there

489

00:21:00,390 --> 00:20:58,400

and he come out the door and he didn't

490

00:21:03,830 --> 00:21:00,400

look at lieutenant england he looked at

491

00:21:06,230 --> 00:21:03,840

me and he said lord neville do you think

492

00:21:07,750 --> 00:21:06,240

uh what do you think i told him and he

493

00:21:09,909 --> 00:21:07,760

said well do you think

494

00:21:12,070 --> 00:21:09,919

uh there's a reason we ought to go back

495

00:21:14,630 --> 00:21:12,080

out and check it out and further

496

00:21:18,630 --> 00:21:14,640

observation i said yes sir he said come

497

00:21:20,870 --> 00:21:18,640

with me and we stepped in the room

498

00:21:23,029 --> 00:21:20,880

and i honestly

499

00:21:24,549 --> 00:21:23,039

didn't see more than maybe eight or ten

500

00:21:27,190 --> 00:21:24,559

people in there

501
00:21:28,070 --> 00:21:27,200
but i wasn't paying any attention

502
00:21:30,390 --> 00:21:28,080
so

503
00:21:32,230 --> 00:21:30,400
anyway the commander asked me to give a

504
00:21:34,950 --> 00:21:32,240
free opinion i did

505
00:21:37,110 --> 00:21:34,960
and then he asked me a question he said

506
00:21:38,630 --> 00:21:37,120
uh are you ready to go back out and i

507
00:21:39,990 --> 00:21:38,640
said yes sir

508
00:21:42,630 --> 00:21:40,000
so

509
00:21:43,669 --> 00:21:42,640
he turned to the rest of the folks in

510
00:21:47,830 --> 00:21:43,679
there

511
00:21:50,149 --> 00:21:47,840
you know security police and uh

512
00:21:53,350 --> 00:21:50,159
civil engineers etc

513
00:21:55,909 --> 00:21:53,360

and told them to go with me

514

00:21:58,710 --> 00:21:55,919

well at the time i did not know what was

515

00:22:01,110 --> 00:21:58,720

going on with the chrome crawl

516

00:22:03,510 --> 00:22:01,120

turner hall came down to the where i was

517

00:22:06,789 --> 00:22:03,520

sitting at the table as they were going

518

00:22:08,870 --> 00:22:06,799

out the door and they said the car never

519

00:22:10,230 --> 00:22:08,880

uh you think it'd be okay if i went out

520

00:22:12,230 --> 00:22:10,240

there with you

521

00:22:15,029 --> 00:22:12,240

and i you know at the time i said what

522

00:22:17,669 --> 00:22:15,039

the blue colonel tell asking me of the

523

00:22:20,390 --> 00:22:17,679

platform if he can go out there

524

00:22:23,510 --> 00:22:20,400

well later on over the years trump

525

00:22:26,630 --> 00:22:23,520

conrad told me that he ordered

526

00:22:29,510 --> 00:22:26,640

con chrono not to go out there

527

00:22:31,350 --> 00:22:29,520

and i didn't know why but he told me

528

00:22:33,190 --> 00:22:31,360

and he said i told him not to go out

529

00:22:35,029 --> 00:22:33,200

there and he did it anyway i told him

530

00:22:37,029 --> 00:22:35,039

not to write the memo and he did it

531

00:22:38,230 --> 00:22:37,039

anyway i told him and then etcetera

532

00:22:39,270 --> 00:22:38,240

etcetera

533

00:22:42,950 --> 00:22:39,280

and

534

00:22:45,909 --> 00:22:42,960

back in uh i think it was old

535

00:22:47,750 --> 00:22:45,919

age or somewhere around that time frame

536

00:22:52,549 --> 00:22:47,760

uh

537

00:22:53,990 --> 00:22:52,559

met with colonel conrad and his wife

538

00:22:57,270 --> 00:22:54,000

king

539

00:23:00,149 --> 00:22:57,280
up in san angelo where they live

540

00:23:01,270 --> 00:23:00,159
about 85 miles from where i live

541

00:23:03,669 --> 00:23:01,280
and

542

00:23:06,789 --> 00:23:03,679
he told me up there then

543

00:23:09,350 --> 00:23:06,799
all the things that he had said and done

544

00:23:12,230 --> 00:23:09,360
well over the years

545

00:23:15,029 --> 00:23:12,240
because of what i had to say

546

00:23:16,950 --> 00:23:15,039
i started being shot down by

547

00:23:20,549 --> 00:23:16,960
tong hall

548

00:23:21,430 --> 00:23:20,559
and conan halton i had been up to that

549

00:23:23,590 --> 00:23:21,440
time

550

00:23:25,510 --> 00:23:23,600
you know pretty good buddies as far as

551
00:23:26,630 --> 00:23:25,520
we went around doing photography

552
00:23:29,669 --> 00:23:26,640
together

553
00:23:30,870 --> 00:23:29,679
and i'll do things for him taking photos

554
00:23:32,710 --> 00:23:30,880
and stuff

555
00:23:35,830 --> 00:23:32,720
and i did that

556
00:23:39,029 --> 00:23:35,840
but somehow his story didn't match up

557
00:23:41,110 --> 00:23:39,039
with my story and that's where all the

558
00:23:43,990 --> 00:23:41,120
disparity came from

559
00:23:46,310 --> 00:23:44,000
but over the last 41 years i've never

560
00:23:48,870 --> 00:23:46,320
changed my story and i will not change

561
00:23:51,669 --> 00:23:48,880
it this is what happened

562
00:23:54,870 --> 00:23:51,679
so we go through uh it was suggested

563
00:23:57,029 --> 00:23:54,880

that we go to the base and pick up uh

564

00:23:59,269 --> 00:23:57,039

you know a radioactive instrument

565

00:24:02,549 --> 00:23:59,279

so we went over to the disaster target's

566

00:24:05,510 --> 00:24:02,559

office by now it's getting dark and late

567

00:24:06,950 --> 00:24:05,520

and i went over and picked up uh

568

00:24:09,029 --> 00:24:06,960

two instruments

569

00:24:12,070 --> 00:24:09,039

an ampdr27

570

00:24:14,870 --> 00:24:12,080

and an a and pdr43

571

00:24:17,830 --> 00:24:14,880

and i was checking those out i'll see

572

00:24:18,870 --> 00:24:17,840

which would be the best i didn't have to

573

00:24:21,029 --> 00:24:18,880

uh

574

00:24:23,190 --> 00:24:21,039

check for batteries or check for

575

00:24:25,830 --> 00:24:23,200

recharge or anything cause that was my

576

00:24:27,350 --> 00:24:25,840

job i did that every week i teleported

577

00:24:29,909 --> 00:24:27,360

them every week

578

00:24:32,230 --> 00:24:29,919

and so i went in there and

579

00:24:35,110 --> 00:24:32,240

uh got picked out the one i wanted to

580

00:24:37,190 --> 00:24:35,120

bring with me and come on out the door

581

00:24:40,070 --> 00:24:37,200

and why i did not pick up the

582

00:24:43,669 --> 00:24:40,080

densitometer i don't know an estimate

583

00:24:45,590 --> 00:24:43,679

that records how much radiation you get

584

00:24:48,390 --> 00:24:45,600

so anyway we

585

00:24:51,269 --> 00:24:48,400

proceeded to go back out to the site

586

00:24:54,230 --> 00:24:51,279

and by that time colonel a halt and a

587

00:24:55,990 --> 00:24:54,240

few others were out there uh already

588

00:24:58,710 --> 00:24:56,000

getting light off

589

00:25:00,789 --> 00:24:58,720

and everything trying to crank them up

590

00:25:02,549 --> 00:25:00,799

well see those white light off for

591

00:25:04,310 --> 00:25:02,559

gasoline power

592

00:25:06,230 --> 00:25:04,320

uh they were

593

00:25:08,870 --> 00:25:06,240

uh individual they didn't connect

594

00:25:09,830 --> 00:25:08,880

anything it's all battery operated

595

00:25:13,029 --> 00:25:09,840

and

596

00:25:15,269 --> 00:25:13,039

everybody was kind of in a state of

597

00:25:16,630 --> 00:25:15,279

anxiety or trying to find out what was

598

00:25:19,669 --> 00:25:16,640

going on

599

00:25:20,950 --> 00:25:19,679

and in the process the uh

600

00:25:23,430 --> 00:25:20,960

uh

601
00:25:25,269 --> 00:25:23,440
lighthouse were having difficulty

602
00:25:26,390 --> 00:25:25,279
getting started they just would not

603
00:25:28,789 --> 00:25:26,400
start

604
00:25:29,990 --> 00:25:28,799
and they already had difficulty with

605
00:25:33,029 --> 00:25:30,000
them but they

606
00:25:35,190 --> 00:25:33,039
would not start so there was a lot of uh

607
00:25:37,590 --> 00:25:35,200
i'd say disparity

608
00:25:39,590 --> 00:25:37,600
uh among everybody trying to get it

609
00:25:41,990 --> 00:25:39,600
straightened out

610
00:25:44,070 --> 00:25:42,000
and you know and finally they got the

611
00:25:45,590 --> 00:25:44,080
light off going so they could light up

612
00:25:47,830 --> 00:25:45,600
the area

613
00:25:50,310 --> 00:25:47,840

but in the meantime while they were

614

00:25:51,430 --> 00:25:50,320

doing that i was over looking at the

615

00:25:55,190 --> 00:25:51,440

site

616

00:25:58,070 --> 00:25:55,200

and lieutenant name was my escort

617

00:25:59,909 --> 00:25:58,080

and it didn't happen the way hawk said

618

00:26:02,870 --> 00:25:59,919

it did it was

619

00:26:03,590 --> 00:26:02,880

uh the way it happened was that chrome

620

00:26:06,789 --> 00:26:03,600

uh

621

00:26:08,789 --> 00:26:06,799

lieutenant england was my escort and he

622

00:26:11,269 --> 00:26:08,799

was being carried around carrying me

623

00:26:12,149 --> 00:26:11,279

around probably the commander

624

00:26:14,630 --> 00:26:12,159

so

625

00:26:17,190 --> 00:26:14,640

when we got there

626

00:26:19,190 --> 00:26:17,200

checked it out i started looking at the

627

00:26:21,269 --> 00:26:19,200

holes from the ground where the you know

628

00:26:23,909 --> 00:26:21,279

where the pads stepped down

629

00:26:26,230 --> 00:26:23,919

and they were all the same so i was i

630

00:26:28,549 --> 00:26:26,240

took a fight during reading then i went

631

00:26:31,350 --> 00:26:28,559

from the background reading

632

00:26:32,630 --> 00:26:31,360

to see what it was and compare that with

633

00:26:36,310 --> 00:26:32,640

the spike

634

00:26:40,710 --> 00:26:37,110

pad

635

00:26:43,909 --> 00:26:40,720

uh location but it sat down

636

00:26:47,110 --> 00:26:43,919

it blazed a little bit not much but it

637

00:26:49,750 --> 00:26:47,120

did uh raise some radiation

638

00:26:52,630 --> 00:26:49,760

and that was going to gamma

639

00:26:55,110 --> 00:26:52,640

and i couldn't find any camera lane you

640

00:26:56,870 --> 00:26:55,120

know not enough to be a big uh

641

00:26:57,830 --> 00:26:56,880

significant

642

00:27:00,070 --> 00:26:57,840

and

643

00:27:02,549 --> 00:27:00,080

as we kept looking i went all around

644

00:27:04,870 --> 00:27:02,559

some of the other sites and was checking

645

00:27:07,269 --> 00:27:04,880

checking it out and i think it was kind

646

00:27:08,870 --> 00:27:07,279

kong hall that could come about looking

647

00:27:11,909 --> 00:27:08,880

at trees

648

00:27:14,230 --> 00:27:11,919

and uh we got up and looked at uh boo

649

00:27:16,230 --> 00:27:14,240

from where i was up the street but the

650

00:27:18,070 --> 00:27:16,240

problem was

651
00:27:21,029 --> 00:27:18,080
it was so cold

652
00:27:22,870 --> 00:27:21,039
and batteries do not last long in the

653
00:27:25,269 --> 00:27:22,880
cold weather anyway

654
00:27:28,149 --> 00:27:25,279
and these batteries are already probably

655
00:27:29,350 --> 00:27:28,159
25 30 years old so it was an old

656
00:27:31,590 --> 00:27:29,360
instrument

657
00:27:33,269 --> 00:27:31,600
but we used it because that's all we had

658
00:27:35,909 --> 00:27:33,279
at the time

659
00:27:38,230 --> 00:27:35,919
and that was what we called it i called

660
00:27:40,630 --> 00:27:38,240
we called them radiation but they were

661
00:27:41,590 --> 00:27:40,640
got their counters in the fence

662
00:27:45,029 --> 00:27:41,600
and

663
00:27:46,470 --> 00:27:45,039

anyway i ever suggested i'd go to beta

664

00:27:49,750 --> 00:27:46,480

and try that

665

00:27:51,269 --> 00:27:49,760

and when i went to beta it blew up and

666

00:27:54,070 --> 00:27:51,279

it went from

667

00:27:56,070 --> 00:27:54,080

the first bill that was the lowest to

668

00:27:59,350 --> 00:27:56,080

above 0.5

669

00:28:00,789 --> 00:27:59,360

and on the 4.5 scale it went all the way

670

00:28:02,549 --> 00:28:00,799

and picked out

671

00:28:07,190 --> 00:28:02,559

so i went to the

672

00:28:08,549 --> 00:28:07,200

next level of five like five uh

673

00:28:09,669 --> 00:28:08,559

uh

674

00:28:11,269 --> 00:28:09,679

lincoln

675

00:28:13,830 --> 00:28:11,279

and as i

676
00:28:16,470 --> 00:28:13,840
thought watch that it started kicking in

677
00:28:20,149 --> 00:28:16,480
and it was clipping big time

678
00:28:22,789 --> 00:28:20,159
and it was like uh kind of like a

679
00:28:24,389 --> 00:28:22,799
clicker that was you know just running

680
00:28:27,669 --> 00:28:24,399
running crazy

681
00:28:30,310 --> 00:28:27,679
and so we got on got up to around seven

682
00:28:31,350 --> 00:28:30,320
i guess around seven rankin

683
00:28:33,590 --> 00:28:31,360
and

684
00:28:36,230 --> 00:28:33,600
by that time it was already getting

685
00:28:38,630 --> 00:28:36,240
stronger in beta radiation

686
00:28:41,909 --> 00:28:38,640
now let me make a comment on the

687
00:28:47,830 --> 00:28:44,789
beta radiation or we'll go for mouth

688
00:28:50,149 --> 00:28:47,840

you've got alpha beta uh gamma

689

00:28:52,389 --> 00:28:50,159

gamma is like an x-ray

690

00:28:53,190 --> 00:28:52,399

so that was out that was no that wasn't

691

00:28:55,750 --> 00:28:53,200

there

692

00:28:58,950 --> 00:28:55,760

well we went to the

693

00:29:00,470 --> 00:28:58,960

alpha radiation which is only

694

00:29:02,389 --> 00:29:00,480

uh

695

00:29:04,470 --> 00:29:02,399

reach out a few inches

696

00:29:06,789 --> 00:29:04,480

and the only way that can hurt you is if

697

00:29:09,190 --> 00:29:06,799

you inhale it or

698

00:29:11,350 --> 00:29:09,200

if it gets on the burn mark let's say

699

00:29:14,789 --> 00:29:11,360

for example you got to cut on your your

700

00:29:16,870 --> 00:29:14,799

hand and you get it in there it'll burn

701
00:29:19,190 --> 00:29:16,880
well then i went to vader and when i

702
00:29:22,549 --> 00:29:19,200
went to veda that was where it was

703
00:29:24,389 --> 00:29:22,559
kicking in all the time and so vader

704
00:29:26,389 --> 00:29:24,399
will kick out maybe

705
00:29:30,470 --> 00:29:26,399
five or six feet

706
00:29:33,510 --> 00:29:30,480
and it is more dangerous only when you

707
00:29:35,750 --> 00:29:33,520
inhale it again or get it on your skin

708
00:29:37,510 --> 00:29:35,760
with a burn mark or a cut mark or

709
00:29:40,789 --> 00:29:37,520
something like that

710
00:29:42,230 --> 00:29:40,799
and i've heard that uh

711
00:29:46,230 --> 00:29:42,240
uh

712
00:29:47,669 --> 00:29:46,240
girls

713
00:29:49,590 --> 00:29:47,679

uh

714

00:29:51,590 --> 00:29:49,600

inhaled it now he was going around

715

00:29:54,789 --> 00:29:51,600

saying that he had all these medical

716

00:29:57,430 --> 00:29:54,799

problems i personally do not think that

717

00:29:58,630 --> 00:29:57,440

was the case unless he got up to the

718

00:30:03,990 --> 00:29:58,640

tree and

719

00:30:07,110 --> 00:30:04,000

breathed in you know kept inhaling it

720

00:30:09,669 --> 00:30:07,120

then yes it would it would hurt him but

721

00:30:11,029 --> 00:30:09,679

otherwise i didn't have any effect that

722

00:30:13,190 --> 00:30:11,039

i know of

723

00:30:14,789 --> 00:30:13,200

and no one else seemed to have any

724

00:30:15,669 --> 00:30:14,799

problems either

725

00:30:19,269 --> 00:30:15,679

so

726

00:30:21,590 --> 00:30:19,279

that's the story that it got out

727

00:30:23,830 --> 00:30:21,600

but that's just the way yet

728

00:30:26,710 --> 00:30:23,840

you know and found out what was going on

729

00:30:28,149 --> 00:30:26,720

then we searched around and did our

730

00:30:29,909 --> 00:30:28,159

research and

731

00:30:31,750 --> 00:30:29,919

across the field

732

00:30:33,269 --> 00:30:31,760

uh over there by what was called the

733

00:30:35,830 --> 00:30:33,279

farmer's field

734

00:30:37,590 --> 00:30:35,840

there was a the building over there and

735

00:30:39,669 --> 00:30:37,600

it looked like

736

00:30:43,350 --> 00:30:39,679

something was on the ground

737

00:30:44,549 --> 00:30:43,360

and it looked like uh as i called it uh

738

00:30:47,350 --> 00:30:44,559

like a

739

00:30:50,630 --> 00:30:47,360

boiling pot with uh

740

00:30:53,110 --> 00:30:50,640

liquid that was liquefied steel

741

00:30:55,750 --> 00:30:53,120

that was melted and burning and popping

742

00:30:59,830 --> 00:30:55,760

off and it looked like sparks might be

743

00:31:02,149 --> 00:30:59,840

coming from the you know from the vessel

744

00:31:03,350 --> 00:31:02,159

and as we watched it

745

00:31:05,029 --> 00:31:03,360

it would

746

00:31:07,269 --> 00:31:05,039

appear to get

747

00:31:10,549 --> 00:31:07,279

warmer and colder and warmer and colder

748

00:31:11,830 --> 00:31:10,559

i was like a blinking uh

749

00:31:14,470 --> 00:31:11,840

area

750

00:31:17,590 --> 00:31:14,480

so as it blinked we

751

00:31:20,789 --> 00:31:17,600

uh currently our home made

752

00:31:22,950 --> 00:31:20,799

decision for us to go over the fence and

753

00:31:28,630 --> 00:31:22,960

see what we could find

754

00:31:31,590 --> 00:31:28,640

as we started over that fence of course

755

00:31:33,909 --> 00:31:31,600

then it got brighter and it disappeared

756

00:31:36,389 --> 00:31:33,919

and we couldn't find it

757

00:31:39,430 --> 00:31:36,399

and i kept looking up and well we were

758

00:31:40,870 --> 00:31:39,440

all looking up and i saw three

759

00:31:44,950 --> 00:31:40,880

uh

760

00:31:47,430 --> 00:31:44,960

will

761

00:31:50,149 --> 00:31:47,440

same thing from that pod in other words

762

00:31:51,750 --> 00:31:50,159

you got the three pods here i see the

763

00:31:54,549 --> 00:31:51,760

three discs and i

764

00:31:57,190 --> 00:31:54,559

connected them together in my mind

765

00:31:59,590 --> 00:31:57,200

as we watched them one was more

766

00:32:02,070 --> 00:31:59,600

independent of the other two

767

00:32:04,870 --> 00:32:02,080

and if we called it then we called it

768

00:32:05,990 --> 00:32:04,880

the lead vessel for lack of anything

769

00:32:09,269 --> 00:32:06,000

else

770

00:32:10,950 --> 00:32:09,279

and the crazy thing was

771

00:32:13,029 --> 00:32:10,960

and i said i told

772

00:32:15,029 --> 00:32:13,039

it was so cold out there but i've laid

773

00:32:17,110 --> 00:32:15,039

down on the ground i told current hearts

774

00:32:19,909 --> 00:32:17,120

i was gonna lay down on the ground

775

00:32:21,430 --> 00:32:19,919

on my back with my elbow to the ground

776

00:32:23,110 --> 00:32:21,440

and my camera

777

00:32:26,470 --> 00:32:23,120

laid in my eye

778

00:32:28,630 --> 00:32:26,480

so that i could uh hold steady and see

779

00:32:31,509 --> 00:32:28,640

if they were moving because at night

780

00:32:34,549 --> 00:32:31,519

your eyes are going to play tricks on it

781

00:32:37,029 --> 00:32:34,559

so i laid down on my back briefly

782

00:32:37,830 --> 00:32:37,039

and looked up what i saw

783

00:32:39,669 --> 00:32:37,840

and

784

00:32:42,549 --> 00:32:39,679

yes they were moving

785

00:32:44,549 --> 00:32:42,559

and the one in the front was moving more

786

00:32:48,630 --> 00:32:44,559

so than the rest of them

787

00:32:50,070 --> 00:32:48,640

and the quake it would blink like it was

788

00:32:51,830 --> 00:32:50,080

disappeared

789

00:32:53,990 --> 00:32:51,840

and then what was happening is it would

790

00:32:55,750 --> 00:32:54,000

disappear it would be on the other brace

791

00:32:57,990 --> 00:32:55,760

to be on bent water

792

00:33:01,110 --> 00:32:58,000

and what they call out on the radio and

793

00:33:03,029 --> 00:33:01,120

then go crazy and then it disappears man

794

00:33:04,870 --> 00:33:03,039

beat back on woodbridge

795

00:33:07,029 --> 00:33:04,880

and that was going back and forth

796

00:33:09,190 --> 00:33:07,039

throughout the whole time

797

00:33:13,190 --> 00:33:09,200

and the reason we had the

798

00:33:14,070 --> 00:33:13,200

difficulty on the radio was the twofold

799

00:33:16,630 --> 00:33:14,080

one

800

00:33:19,669 --> 00:33:16,640

everything had to be classified

801
00:33:20,870 --> 00:33:19,679
number two the radios were not working

802
00:33:22,870 --> 00:33:20,880
properly

803
00:33:25,110 --> 00:33:22,880
and they had three different channels

804
00:33:27,029 --> 00:33:25,120
and they had to go from the clan net to

805
00:33:28,389 --> 00:33:27,039
the security police net and the fire

806
00:33:29,830 --> 00:33:28,399
dance

807
00:33:31,590 --> 00:33:29,840
i guess over

808
00:33:34,789 --> 00:33:31,600
uh

809
00:33:37,350 --> 00:33:34,799
not the finance but the command post

810
00:33:39,430 --> 00:33:37,360
so those three radios

811
00:33:40,789 --> 00:33:39,440
uh channels were being used and there

812
00:33:42,549 --> 00:33:40,799
were a relay

813
00:33:45,350 --> 00:33:42,559

one would call the other one the other

814

00:33:47,750 --> 00:33:45,360

one called the next one but so they got

815

00:33:49,269 --> 00:33:47,760

everything you know recorded

816

00:33:52,470 --> 00:33:49,279

and that was the way everything was

817

00:33:53,350 --> 00:33:52,480

going on and it was hectic for a while

818

00:33:56,149 --> 00:33:53,360

but

819

00:33:58,389 --> 00:33:56,159

back to the the uh

820

00:34:01,110 --> 00:33:58,399

uh aerial

821

00:34:03,029 --> 00:34:01,120

hog fair chronogram hall

822

00:34:05,909 --> 00:34:03,039

has been going around saying that they

823

00:34:09,030 --> 00:34:05,919

were down on the ground that's not true

824

00:34:10,950 --> 00:34:09,040

there was only one light that came down

825

00:34:12,389 --> 00:34:10,960

from the vessel and it was coming down

826
00:34:15,190 --> 00:34:12,399
straight down

827
00:34:17,190 --> 00:34:15,200
and what we now know as a

828
00:34:20,069 --> 00:34:17,200
uh laser thing

829
00:34:22,149 --> 00:34:20,079
is what came down there it came down one

830
00:34:24,389 --> 00:34:22,159
down in one area

831
00:34:26,950 --> 00:34:24,399
and it was straight down it was not

832
00:34:29,190 --> 00:34:26,960
doing what we could i could see anything

833
00:34:31,909 --> 00:34:29,200
that looked like a grid surge

834
00:34:35,510 --> 00:34:31,919
i could not see anything coming down to

835
00:34:38,790 --> 00:34:35,520
our feet as he added on to later

836
00:34:42,069 --> 00:34:38,800
the original tape that colonel hall had

837
00:34:44,389 --> 00:34:42,079
was only good for about 15 minutes

838
00:34:47,030 --> 00:34:44,399

he used that tape to call many tape

839

00:34:49,589 --> 00:34:47,040

recoil to go around on the base

840

00:34:51,270 --> 00:34:49,599

uh he would record things so that he

841

00:34:52,550 --> 00:34:51,280

could turn it over to the secretary and

842

00:34:55,349 --> 00:34:52,560

let her

843

00:34:57,109 --> 00:34:55,359

uh type out you know what the events of

844

00:34:59,510 --> 00:34:57,119

the day or whatever

845

00:35:00,950 --> 00:34:59,520

so he didn't know how much tape he had

846

00:35:03,430 --> 00:35:00,960

left on there

847

00:35:04,950 --> 00:35:03,440

so he would start it and say something

848

00:35:07,030 --> 00:35:04,960

and turn it off

849

00:35:08,550 --> 00:35:07,040

turn it back on turn it off turn it back

850

00:35:09,670 --> 00:35:08,560

on turn it off

851
00:35:12,230 --> 00:35:09,680
so

852
00:35:13,589 --> 00:35:12,240
how that turned from a

853
00:35:17,270 --> 00:35:13,599
uh

854
00:35:19,270 --> 00:35:17,280
maybe a 10 or 12 minute tape into a 26

855
00:35:22,230 --> 00:35:19,280
minute tape or later

856
00:35:24,550 --> 00:35:22,240
is to be heard i don't know

857
00:35:25,910 --> 00:35:24,560
but it was a lot of stuff had it on that

858
00:35:26,950 --> 00:35:25,920
was not

859
00:35:28,150 --> 00:35:26,960
and

860
00:35:31,030 --> 00:35:28,160
that's where

861
00:35:33,589 --> 00:35:31,040
the problem comes up you know you hear

862
00:35:36,230 --> 00:35:33,599
too many things about too many people

863
00:35:39,349 --> 00:35:36,240

wanting too many things they all saw

864

00:35:41,750 --> 00:35:39,359

everything and nobody saw anything

865

00:35:42,710 --> 00:35:41,760

and you know that's what i always called

866

00:35:45,670 --> 00:35:42,720

it

867

00:35:47,349 --> 00:35:45,680

but you know that that's the problem we

868

00:35:51,990 --> 00:35:47,359

have is a lot of

869

00:35:55,670 --> 00:35:52,000

infamous information that that distorts

870

00:35:59,030 --> 00:35:55,680

the real truth about what went on

871

00:36:01,910 --> 00:35:59,040

hmm well uh the story is certainly

872

00:36:03,670 --> 00:36:01,920

spectacular enough uh a couple things

873

00:36:07,349 --> 00:36:03,680

since you just mentioned that the tape

874

00:36:09,030 --> 00:36:07,359

why don't i uh address that uh

875

00:36:10,310 --> 00:36:09,040

i'm just trying to understand because

876
00:36:12,069 --> 00:36:10,320
the tape

877
00:36:14,790 --> 00:36:12,079
was

878
00:36:15,990 --> 00:36:14,800
supposedly released without his

879
00:36:18,630 --> 00:36:16,000
permission

880
00:36:21,430 --> 00:36:18,640
and so that makes me wonder why it would

881
00:36:23,349 --> 00:36:21,440
be added onto if he wasn't

882
00:36:24,630 --> 00:36:23,359
you know planning on that ever to be

883
00:36:27,589 --> 00:36:24,640
released

884
00:36:29,750 --> 00:36:27,599
what do you think about that

885
00:36:32,150 --> 00:36:29,760
well i don't believe that

886
00:36:35,510 --> 00:36:32,160
i mean krung hart was

887
00:36:36,470 --> 00:36:35,520
yeah my my knowledge for tong hall back

888
00:36:41,030 --> 00:36:36,480

then

889

00:36:43,190 --> 00:36:41,040
was that he was he was very uh

890

00:36:45,829 --> 00:36:43,200
to try to thank the word for

891

00:36:48,069 --> 00:36:45,839
he was very interesting

892

00:36:49,589 --> 00:36:48,079
and he was always looking for a new

893

00:36:52,870 --> 00:36:49,599
adventure

894

00:36:55,829 --> 00:36:52,880
and he had i called him i had a little

895

00:36:58,710 --> 00:36:55,839
nickname for him called him mark one

896

00:37:01,510 --> 00:36:58,720
and reason i called mark warner because

897

00:37:03,670 --> 00:37:01,520
he was always ahead of everything he was

898

00:37:05,750 --> 00:37:03,680
you know he wanted to get out and if he

899

00:37:09,349 --> 00:37:05,760
saw something that was interested he was

900

00:37:11,430 --> 00:37:09,359
ready to go explore it and uh

901
00:37:12,310 --> 00:37:11,440
we all was kidding about it

902
00:37:14,230 --> 00:37:12,320
but

903
00:37:16,710 --> 00:37:14,240
on that that day

904
00:37:19,349 --> 00:37:16,720
that he took that

905
00:37:21,349 --> 00:37:19,359
if he did not want it released it would

906
00:37:23,270 --> 00:37:21,359
be called according to

907
00:37:25,829 --> 00:37:23,280
tom comrade

908
00:37:28,710 --> 00:37:25,839
and congress let me make a note on clone

909
00:37:31,430 --> 00:37:28,720
conrad he and i are still good friends

910
00:37:32,710 --> 00:37:31,440
we meet we talk at least once a month

911
00:37:35,270 --> 00:37:32,720
every month

912
00:37:38,230 --> 00:37:35,280
and we have been for some time now ever

913
00:37:40,950 --> 00:37:38,240

since i've met him with with burlesque

914

00:37:43,190 --> 00:37:40,960

and so i stay in touch with him and uh

915

00:37:45,670 --> 00:37:43,200

he stays in touch with me

916

00:37:48,150 --> 00:37:45,680

and you know and they he tells me

917

00:37:50,950 --> 00:37:48,160

lobster several times he said

918

00:37:52,950 --> 00:37:50,960

that he thanked me because he said i

919

00:37:55,430 --> 00:37:52,960

sure faced his butt

920

00:37:57,510 --> 00:37:55,440

over you know time and kept him out of

921

00:37:59,750 --> 00:37:57,520

trouble with some of the things

922

00:38:01,190 --> 00:37:59,760

and that was because i had a working

923

00:38:03,270 --> 00:38:01,200

relationship

924

00:38:05,990 --> 00:38:03,280

with conor pascoe

925

00:38:08,950 --> 00:38:06,000

i had a relationship with colonel

926

00:38:11,270 --> 00:38:08,960

williams had a colonel conrad

927

00:38:14,230 --> 00:38:11,280

coming home and i had all them you know

928

00:38:16,230 --> 00:38:14,240

the officers respected me because

929

00:38:19,270 --> 00:38:16,240

i treated them the same way i expect

930

00:38:20,790 --> 00:38:19,280

them to treat me and that was my marine

931

00:38:23,589 --> 00:38:20,800

corps training and

932

00:38:25,589 --> 00:38:23,599

as i say my first girl instructor was my

933

00:38:28,310 --> 00:38:25,599

grandmother

934

00:38:31,030 --> 00:38:28,320

so i learned how to respect people

935

00:38:33,750 --> 00:38:31,040

and so i never tried to back talk or

936

00:38:35,990 --> 00:38:33,760

anything you know with that

937

00:38:37,030 --> 00:38:36,000

and so you know through the through the

938

00:38:38,790 --> 00:38:37,040

years

939

00:38:40,790 --> 00:38:38,800

uh you know if you

940

00:38:43,030 --> 00:38:40,800

let me i've never said anything

941

00:38:45,589 --> 00:38:43,040

different but if you

942

00:38:48,069 --> 00:38:45,599

say one thing now and then you go back

943

00:38:50,950 --> 00:38:48,079

and you add a little bit more to it you

944

00:38:52,710 --> 00:38:50,960

may as well take a piece of

945

00:38:54,950 --> 00:38:52,720

if you take a

946

00:38:57,589 --> 00:38:54,960

water that's pure and then you drop

947

00:39:00,950 --> 00:38:57,599

something in there one time then you've

948

00:39:03,750 --> 00:39:00,960

already contaminated the water so from

949

00:39:06,550 --> 00:39:03,760

then on you no longer have the purity

950

00:39:09,670 --> 00:39:06,560

out of it and i try to keep the purity

951
00:39:12,550 --> 00:39:09,680
on to it and not add any more not

952
00:39:15,270 --> 00:39:12,560
contract anymore and if you ask me i'll

953
00:39:17,190 --> 00:39:15,280
tell you the truth and if not then

954
00:39:18,950 --> 00:39:17,200
i keep my mouth shut

955
00:39:20,150 --> 00:39:18,960
and i'm just not going to fantasize

956
00:39:22,150 --> 00:39:20,160
about it

957
00:39:25,670 --> 00:39:22,160
and if that's what

958
00:39:28,069 --> 00:39:25,680
i know that after all this happened i i

959
00:39:31,190 --> 00:39:28,079
was ordered to report back to coming

960
00:39:32,069 --> 00:39:31,200
comrade and i did and he asked me what i

961
00:39:34,550 --> 00:39:32,079
thought

962
00:39:35,750 --> 00:39:34,560
and i said well sir i'll tell you what i

963
00:39:37,349 --> 00:39:35,760

think

964

00:39:40,069 --> 00:39:37,359

i said i'm uh

965

00:39:41,270 --> 00:39:40,079

uh i'm the server and study of soviet

966

00:39:47,349 --> 00:39:41,280

union

967

00:39:49,109 --> 00:39:47,359

satellite that is about 400 miles two to

968

00:39:51,829 --> 00:39:49,119

four hundred miles up

969

00:39:53,910 --> 00:39:51,839

and i said that satellite can go down on

970

00:39:56,790 --> 00:39:53,920

a beach in california

971

00:39:59,430 --> 00:39:56,800

and beam down on a woman in a bay in a

972

00:40:01,589 --> 00:39:59,440

bikini and tell you what kind of

973

00:40:03,990 --> 00:40:01,599

material it is just about

974

00:40:04,950 --> 00:40:04,000

what kind of texture it's got what color

975

00:40:07,829 --> 00:40:04,960

it is

976
00:40:09,270 --> 00:40:07,839
and etcetera etcetera so i said if they

977
00:40:11,430 --> 00:40:09,280
can do that

978
00:40:12,870 --> 00:40:11,440
they have the capability of doing other

979
00:40:14,550 --> 00:40:12,880
things

980
00:40:17,430 --> 00:40:14,560
and i said that's

981
00:40:20,230 --> 00:40:17,440
what i see i said i can't prove that but

982
00:40:22,470 --> 00:40:20,240
i can i said i can i can

983
00:40:24,950 --> 00:40:22,480
see the reality of

984
00:40:26,870 --> 00:40:24,960
and he said well he said i'll tell you

985
00:40:28,870 --> 00:40:26,880
what he said will you keep an eye out

986
00:40:31,990 --> 00:40:28,880
for me and let me know if you see

987
00:40:34,630 --> 00:40:32,000
anything different i said yes so i will

988
00:40:36,550 --> 00:40:34,640

the next day or the day after i think it

989

00:40:38,390 --> 00:40:36,560

was a sunday

990

00:40:41,030 --> 00:40:38,400

uh we were out

991

00:40:43,910 --> 00:40:41,040

uh my wife was falling back from base

992

00:40:46,630 --> 00:40:43,920

and as we were going back to woodbridge

993

00:40:49,270 --> 00:40:46,640

i saw uh some lights

994

00:40:51,270 --> 00:40:49,280

up front of us from the road

995

00:40:52,390 --> 00:40:51,280

and the road at that time was pretty

996

00:40:55,270 --> 00:40:52,400

straight

997

00:40:56,870 --> 00:40:55,280

and as we started back there was a very

998

00:40:59,910 --> 00:40:56,880

high speed

999

00:41:01,750 --> 00:40:59,920

uh it looked more like a formation of

1000

00:41:03,190 --> 00:41:01,760

the jet engine you know the with the

1001

00:41:04,390 --> 00:41:03,200

wings on the

1002

00:41:07,430 --> 00:41:04,400

engines on

1003

00:41:08,790 --> 00:41:07,440

each wing but it came through there at a

1004

00:41:10,390 --> 00:41:08,800

super high

1005

00:41:12,069 --> 00:41:10,400

fast speed

1006

00:41:14,870 --> 00:41:12,079

with no sound

1007

00:41:16,870 --> 00:41:14,880

so i knew it was not anything that we

1008

00:41:19,430 --> 00:41:16,880

had that i knew of

1009

00:41:21,430 --> 00:41:19,440

and it flew over we never got a chance

1010

00:41:22,630 --> 00:41:21,440

to see it again it disappeared that was

1011

00:41:24,790 --> 00:41:22,640

this

1012

00:41:25,910 --> 00:41:24,800

and other than that that's been really

1013

00:41:27,030 --> 00:41:25,920

about it

1014

00:41:29,910 --> 00:41:27,040

uh

1015

00:41:31,910 --> 00:41:29,920

the experience that

1016

00:41:34,150 --> 00:41:31,920

everybody encountered

1017

00:41:35,910 --> 00:41:34,160

uh i always tell a little story about

1018

00:41:37,990 --> 00:41:35,920

the elephant you know

1019

00:41:40,150 --> 00:41:38,000

you got six blind men that look at the

1020

00:41:41,670 --> 00:41:40,160

elephant he's gonna see something

1021

00:41:43,109 --> 00:41:41,680

different

1022

00:41:46,069 --> 00:41:43,119

in their brain

1023

00:41:50,230 --> 00:41:46,079

and that's what happens out there

1024

00:41:52,870 --> 00:41:50,240

but the facts stand for themselves and

1025

00:41:54,950 --> 00:41:52,880

that i try to try to keep uh keep

1026
00:41:56,309 --> 00:41:54,960
straight with you

1027
00:41:58,150 --> 00:41:56,319
right um

1028
00:42:00,950 --> 00:41:58,160
i understand that uh

1029
00:42:02,950 --> 00:42:00,960
when it comes to your thoughts

1030
00:42:04,630 --> 00:42:02,960
do you still stand by that thought that

1031
00:42:06,950 --> 00:42:04,640
you think it might have been a foreign

1032
00:42:09,430 --> 00:42:06,960
technology even though there were so

1033
00:42:10,390 --> 00:42:09,440
many other things witnessed uh for

1034
00:42:12,470 --> 00:42:10,400
instance

1035
00:42:13,750 --> 00:42:12,480
uh you know the the craft i know you

1036
00:42:16,069 --> 00:42:13,760
didn't see the crap but you saw the

1037
00:42:17,829 --> 00:42:16,079
impressions on the ground

1038
00:42:20,710 --> 00:42:17,839

so is that still your thoughts that it

1039

00:42:22,950 --> 00:42:20,720

could have been technology and if so uh

1040

00:42:26,309 --> 00:42:22,960

why haven't we seen it

1041

00:42:29,589 --> 00:42:26,319

since by our adversaries

1042

00:42:31,829 --> 00:42:29,599

okay let me say this

1043

00:42:34,390 --> 00:42:31,839

the

1044

00:42:37,589 --> 00:42:34,400

ufo phenomenon

1045

00:42:40,470 --> 00:42:37,599

has been carried for the years you know

1046

00:42:41,990 --> 00:42:40,480

many many many years and you know

1047

00:42:45,670 --> 00:42:42,000

we hear about

1048

00:42:46,510 --> 00:42:45,680

the stories of you know the ancient uh

1049

00:42:49,510 --> 00:42:46,520

uh

1050

00:42:50,750 --> 00:42:49,520

civilizations etc etc

1051
00:42:52,950 --> 00:42:50,760
but

1052
00:42:55,829 --> 00:42:52,960
1947 when the

1053
00:42:58,390 --> 00:42:55,839
event at roswell happened

1054
00:43:00,150 --> 00:42:58,400
of course it was covered up

1055
00:43:01,910 --> 00:43:00,160
people started talking about seeing

1056
00:43:04,710 --> 00:43:01,920
flying saucers

1057
00:43:07,430 --> 00:43:04,720
and what happened the u.s air force

1058
00:43:09,990 --> 00:43:07,440
developed a flying saucer

1059
00:43:12,950 --> 00:43:10,000
that was actually able to take off the

1060
00:43:13,990 --> 00:43:12,960
ground and was able to

1061
00:43:16,710 --> 00:43:14,000
hover

1062
00:43:19,670 --> 00:43:16,720
for a little while and then that from

1063
00:43:22,630 --> 00:43:19,680

then on he never heard any more about it

1064

00:43:23,829 --> 00:43:22,640

and the air force was

1065

00:43:26,870 --> 00:43:23,839

always

1066

00:43:29,349 --> 00:43:26,880

trying to cover it up just as everybody

1067

00:43:30,309 --> 00:43:29,359

else was trying to open it up

1068

00:43:36,470 --> 00:43:30,319

and

1069

00:43:39,829 --> 00:43:36,480

etc has to be secret it has to be

1070

00:43:42,630 --> 00:43:39,839

classified because if you don't then you

1071

00:43:43,829 --> 00:43:42,640

know the old saying in world war ii was

1072

00:43:45,270 --> 00:43:43,839

this lift

1073

00:43:48,470 --> 00:43:45,280

think shift

1074

00:43:51,270 --> 00:43:48,480

and you know you might start passing out

1075

00:43:53,589 --> 00:43:51,280

secrets and they disappear on you and we

1076

00:43:54,870 --> 00:43:53,599

see that daily now

1077

00:43:56,710 --> 00:43:54,880

but

1078

00:43:58,390 --> 00:43:56,720

the idea

1079

00:44:02,150 --> 00:43:58,400

that i had

1080

00:44:03,349 --> 00:44:02,160

was that someone was uh some i i you

1081

00:44:05,270 --> 00:44:03,359

know

1082

00:44:07,829 --> 00:44:05,280

linda mulchin howe

1083

00:44:08,950 --> 00:44:07,839

tried to get me that same time frame

1084

00:44:11,829 --> 00:44:08,960

when uh

1085

00:44:13,750 --> 00:44:11,839

uh boys and her were together with me

1086

00:44:17,430 --> 00:44:13,760

she tried to get me to say it was an

1087

00:44:20,150 --> 00:44:17,440

extra cholesterol uh and i said ma'am i

1088

00:44:23,109 --> 00:44:20,160

don't even know what a terrestrial is so

1089

00:44:25,589 --> 00:44:23,119

how can i say that it's extra

1090

00:44:28,550 --> 00:44:25,599

and i said that because kept trying to

1091

00:44:31,589 --> 00:44:28,560

push me to make me say that it was an

1092

00:44:34,470 --> 00:44:31,599

extraordinary crowd i said i don't see

1093

00:44:37,109 --> 00:44:34,480

that i don't see it

1094

00:44:40,069 --> 00:44:37,119

and later over the years i thought well

1095

00:44:43,109 --> 00:44:40,079

let's see now somebody takes off from

1096

00:44:45,750 --> 00:44:43,119

mars and comes here comes to the state

1097

00:44:47,990 --> 00:44:45,760

and stops at mcdonald's for some place

1098

00:44:49,430 --> 00:44:48,000

and gets caught and get some sandwich

1099

00:44:51,349 --> 00:44:49,440

and goes back

1100

00:44:53,910 --> 00:44:51,359

i said that don't even make sense to

1101
00:44:54,790 --> 00:44:53,920
come from something to come here and

1102
00:44:56,470 --> 00:44:54,800
just

1103
00:44:58,790 --> 00:44:56,480
explore up

1104
00:45:01,589 --> 00:44:58,800
and there's no evidence

1105
00:45:05,270 --> 00:45:01,599
and i said yes but where is all of our

1106
00:45:08,390 --> 00:45:05,280
technology coming from and there's a

1107
00:45:13,109 --> 00:45:08,400
book out that i picked up at the one of

1108
00:45:14,069 --> 00:45:13,119
the old bookstores about uh area 51

1109
00:45:14,870 --> 00:45:14,079
and

1110
00:45:25,829 --> 00:45:14,880
the

1111
00:45:28,790 --> 00:45:25,839
uh techniques

1112
00:45:32,710 --> 00:45:28,800
and it all makes sense it makes sense to

1113
00:45:37,030 --> 00:45:32,720

me that yes i could very well be yet and

1114

00:45:42,589 --> 00:45:37,040

i think that over time

1115

00:45:47,109 --> 00:45:44,230

confessionalized

1116

00:45:49,990 --> 00:45:47,119

it's been pushed through well that was a

1117

00:45:52,150 --> 00:45:50,000

ufo is nothing more than an unidentified

1118

00:45:55,349 --> 00:45:52,160

flying object that can be a shoot flying

1119

00:45:57,990 --> 00:45:55,359

across the room it can be an airplane it

1120

00:46:00,150 --> 00:45:58,000

can be a ship if you can't identify it

1121

00:46:03,349 --> 00:46:00,160

then you've got my identified flying

1122

00:46:06,550 --> 00:46:03,359

object or not other than five objects

1123

00:46:09,030 --> 00:46:06,560

and my brain tells me and my sponsor

1124

00:46:11,030 --> 00:46:09,040

experiences over the last

1125

00:46:11,990 --> 00:46:11,040

50 or 60 years

1126
00:46:13,510 --> 00:46:12,000
says

1127
00:46:15,910 --> 00:46:13,520
that you know

1128
00:46:18,870 --> 00:46:15,920
there's rational for everything

1129
00:46:19,829 --> 00:46:18,880
and just because it looks like it could

1130
00:46:25,349 --> 00:46:19,839
be

1131
00:46:26,710 --> 00:46:25,359
and so i look at it from the technology

1132
00:46:29,430 --> 00:46:26,720
side and say

1133
00:46:32,470 --> 00:46:29,440
where are we today as a result of what

1134
00:46:35,190 --> 00:46:32,480
happened 40 50 years ago

1135
00:46:37,270 --> 00:46:35,200
and you know it all makes sense the

1136
00:46:40,190 --> 00:46:37,280
gyroscope

1137
00:46:43,990 --> 00:46:40,200
idea came about because of the way the

1138
00:46:46,550 --> 00:46:44,000

stabilization was uh spinning top that i

1139

00:46:48,390 --> 00:46:46,560

talked about comes around from the fact

1140

00:46:51,430 --> 00:46:48,400

that it was probably spinning to

1141

00:46:53,430 --> 00:46:51,440

stabilize it and the legs come down to

1142

00:46:55,349 --> 00:46:53,440

set it down on the ground

1143

00:46:56,390 --> 00:46:55,359

and what do we have today do we have

1144

00:46:58,309 --> 00:46:56,400

drones

1145

00:47:00,470 --> 00:46:58,319

that do the same thing

1146

00:47:03,430 --> 00:47:00,480

yes we do where do they come from where

1147

00:47:07,910 --> 00:47:03,440

the idea comes from whether some of the

1148

00:47:09,190 --> 00:47:07,920

airplanes like the sr-71 or the b1 or b2

1149

00:47:11,030 --> 00:47:09,200

or

1150

00:47:13,190 --> 00:47:11,040

now where did that come that kind of

1151
00:47:15,109 --> 00:47:13,200
technology come from

1152
00:47:16,950 --> 00:47:15,119
well it could have come from any kind of

1153
00:47:18,710 --> 00:47:16,960
source i don't know

1154
00:47:22,390 --> 00:47:18,720
but i do know

1155
00:47:25,030 --> 00:47:22,400
that you know my my experiences

1156
00:47:27,109 --> 00:47:25,040
i don't i don't associate it necessarily

1157
00:47:29,750 --> 00:47:27,119
with all of the the

1158
00:47:31,510 --> 00:47:29,760
i call it who's law that's not

1159
00:47:34,549 --> 00:47:31,520
a good word for it

1160
00:47:37,030 --> 00:47:34,559
but all of the ideas that come well

1161
00:47:40,390 --> 00:47:37,040
everybody sees something

1162
00:47:41,990 --> 00:47:40,400
and that's like i can't i can't picture

1163
00:47:45,910 --> 00:47:42,000

that myself

1164

00:47:48,470 --> 00:47:45,920

it's just not enough evidence to verify

1165

00:47:51,030 --> 00:47:48,480

anything different

1166

00:47:53,349 --> 00:47:51,040

well okay i i'm going to when we come

1167

00:47:55,750 --> 00:47:53,359

back i'm going to ask you

1168

00:47:56,549 --> 00:47:55,760

some more questions that i have ready to

1169

00:48:00,150 --> 00:47:56,559

go

1170

00:48:02,630 --> 00:48:00,160

um as far as what you saw i want to also

1171

00:48:05,349 --> 00:48:02,640

talk about what you think that

1172

00:48:08,309 --> 00:48:05,359

jim penniston mike peniston might have

1173

00:48:09,510 --> 00:48:08,319

walked up to uh just uh just thoughts

1174

00:48:10,950 --> 00:48:09,520

now right now i'm going to play a

1175

00:48:13,589 --> 00:48:10,960

three-minute clip so you can take a

1176

00:48:17,430 --> 00:48:13,599

quick break uh this clip is actually

1177

00:48:19,670 --> 00:48:17,440

with uh military personnel um shannon

1178

00:48:22,309 --> 00:48:19,680

and he's going to be talking about not

1179

00:48:24,069 --> 00:48:22,319

something he witnessed but uh he is

1180

00:48:27,430 --> 00:48:24,079

going to be talking about

1181

00:48:29,990 --> 00:48:27,440

uh the uh john f kennedy uss john f

1182

00:48:35,349 --> 00:48:30,000

kennedy incident and here it is

1183

00:48:39,190 --> 00:48:37,349

it brings me great pleasure

1184

00:48:40,710 --> 00:48:39,200

to speak to shannon this morning good

1185

00:48:43,270 --> 00:48:40,720

morning shannon we're having our coffee

1186

00:48:45,750 --> 00:48:43,280

together how about that

1187

00:48:47,910 --> 00:48:45,760

good morning willis good morning

1188

00:48:49,430 --> 00:48:47,920

so uh thank you for contacting me and

1189

00:48:51,910 --> 00:48:49,440

you made a beautiful artwork i'm gonna

1190

00:48:54,150 --> 00:48:51,920

show that artwork at some point um uh

1191

00:48:56,390 --> 00:48:54,160

that involved lou alizondo and i'm gonna

1192

00:48:59,510 --> 00:48:56,400

he's thrilled he's so excited to get it

1193

00:49:02,230 --> 00:48:59,520

um so i uh i will be showing that once i

1194

00:49:04,549 --> 00:49:02,240

get it um you're sending me a copy and i

1195

00:49:07,270 --> 00:49:04,559

really appreciate that but i'd like to

1196

00:49:10,150 --> 00:49:07,280

i'd like for you to talk about

1197

00:49:12,790 --> 00:49:10,160

the ufo the military ufo incident and

1198

00:49:13,750 --> 00:49:12,800

just go if you would into

1199

00:49:15,589 --> 00:49:13,760

uh

1200

00:49:18,549 --> 00:49:15,599

what you knew about it and first heard

1201

00:49:22,069 --> 00:49:18,559

about it uh so back in 1998 when i was

1202

00:49:23,670 --> 00:49:22,079

on board the uss john f kennedy i uh

1203

00:49:25,670 --> 00:49:23,680

i got i got

1204

00:49:27,589 --> 00:49:25,680

i heard something

1205

00:49:29,349 --> 00:49:27,599

and

1206

00:49:30,870 --> 00:49:29,359

it stuck with me but i'm not going to

1207

00:49:32,230 --> 00:49:30,880

tell you the story because i don't want

1208

00:49:32,950 --> 00:49:32,240

to tell it twice

1209

00:49:35,990 --> 00:49:32,960

so

1210

00:49:37,510 --> 00:49:36,000

i was on the john f kennedy from 1998 to

1211

00:49:39,349 --> 00:49:37,520

2001

1212

00:49:41,349 --> 00:49:39,359

um then i went

1213

00:49:43,270 --> 00:49:41,359

to a couple other commands and then i

1214

00:49:45,670 --> 00:49:43,280

was luckily

1215

00:49:47,430 --> 00:49:45,680

i got lucky and i was able to come back

1216

00:49:50,470 --> 00:49:47,440

to the john f kennedy

1217

00:49:52,549 --> 00:49:50,480

um in 2007 right up

1218

00:49:54,150 --> 00:49:52,559

until it's decommissioning

1219

00:49:57,190 --> 00:49:54,160

wow um

1220

00:49:59,430 --> 00:49:57,200

during that time i was the lpo

1221

00:50:02,470 --> 00:49:59,440

for security and we're talking probably

1222

00:50:03,990 --> 00:50:02,480

around 80 personnel i was in charge of a

1223

00:50:06,150 --> 00:50:04,000

security

1224

00:50:08,950 --> 00:50:06,160

and

1225

00:50:12,870 --> 00:50:08,960

the story that i heard both times

1226

00:50:14,390 --> 00:50:12,880

exactly was that in the early 70s the

1227

00:50:15,829 --> 00:50:14,400

john f kennedy

1228

00:50:18,390 --> 00:50:15,839

while doing

1229

00:50:20,950 --> 00:50:18,400

rough trade exercises um

1230

00:50:23,270 --> 00:50:20,960

in the caribbean off the coast of

1231

00:50:24,309 --> 00:50:23,280

like guantanamo bays where we have rough

1232

00:50:27,670 --> 00:50:24,319

tray

1233

00:50:29,910 --> 00:50:27,680

um a glowing spear was above

1234

00:50:33,670 --> 00:50:29,920

the flight deck of the ship

1235

00:50:36,309 --> 00:50:33,680

the the ship went into general quarters

1236

00:50:38,870 --> 00:50:37,349

what does that mean it went out

1237

00:50:41,109 --> 00:50:38,880

apparently what do we what does that

1238

00:50:43,510 --> 00:50:41,119

mean general quarters general quarters

1239

00:50:46,950 --> 00:50:43,520

is basically where everyone needs to be

1240

00:50:50,390 --> 00:50:46,960

in order to fight the ship against

1241

00:50:53,510 --> 00:50:50,400

um enemies yeah or it could be

1242

00:50:54,870 --> 00:50:53,520

we go into general quarters

1243

00:50:58,710 --> 00:50:54,880

um

1244

00:51:00,470 --> 00:50:58,720

for training or general quarters for

1245

00:51:02,069 --> 00:51:00,480

um let's see a fire

1246

00:51:03,510 --> 00:51:02,079

yeah you know we have a huge fire

1247

00:51:05,829 --> 00:51:03,520

everybody has to go

1248

00:51:07,750 --> 00:51:05,839

and fight the ship in order for

1249

00:51:11,030 --> 00:51:07,760

us to survive because we can't call

1250

00:51:12,150 --> 00:51:11,040

9-1-1 in the middle of the ocean yeah

1251
00:51:14,710 --> 00:51:12,160
yeah

1252
00:51:17,109 --> 00:51:14,720
so so what happened was uh

1253
00:51:20,950 --> 00:51:17,119
both times that i heard this

1254
00:51:23,829 --> 00:51:20,960
um there was a um a sailor a lookout

1255
00:51:26,470 --> 00:51:23,839
um who saw this fear

1256
00:51:27,270 --> 00:51:26,480
and apparently he freaked out and he had

1257
00:51:38,309 --> 00:51:27,280
to be

1258
00:51:40,549 --> 00:51:38,319
just like in a couple hours from

1259
00:51:43,670 --> 00:51:40,559
when this uh video

1260
00:51:47,589 --> 00:51:43,680
ends so you can watch he goes in to tell

1261
00:51:49,910 --> 00:51:47,599
more about it and actually he he saw in

1262
00:51:52,150 --> 00:51:49,920
on a video a first-hand witness talk

1263
00:51:54,870 --> 00:51:52,160

about the same exact thing but he was

1264

00:51:57,430 --> 00:51:54,880

not a witness i just he did um hear it

1265

00:51:58,710 --> 00:51:57,440

and the story never changed anyway uh

1266

00:52:01,190 --> 00:51:58,720

welcome back

1267

00:52:04,309 --> 00:52:01,200

um to you s

1268

00:52:07,829 --> 00:52:04,319

sergeant monroe neville's retired thank

1269

00:52:09,990 --> 00:52:07,839

you for being on the show today

1270

00:52:12,790 --> 00:52:10,000

can you hear me okay

1271

00:52:14,309 --> 00:52:12,800

yeah i got you i got you good uh so a

1272

00:52:15,750 --> 00:52:14,319

couple of questions come to mind first

1273

00:52:17,829 --> 00:52:15,760

of all going back

1274

00:52:20,150 --> 00:52:17,839

to where you mentioned

1275

00:52:22,790 --> 00:52:20,160

that above the impressions you didn't

1276

00:52:25,510 --> 00:52:22,800

see any broken branches i thought

1277

00:52:27,829 --> 00:52:25,520

i thought there was actually pictures

1278

00:52:29,750 --> 00:52:27,839

somewhere that i saw at one time and

1279

00:52:31,750 --> 00:52:29,760

other people talking about broken

1280

00:52:34,069 --> 00:52:31,760

branches did you not see any at all

1281

00:52:36,549 --> 00:52:34,079

anywhere

1282

00:52:39,430 --> 00:52:36,559

there may have been you know that again

1283

00:52:42,309 --> 00:52:39,440

that that was a uh

1284

00:52:43,990 --> 00:52:42,319

a statement that i had heard uh because

1285

00:52:46,950 --> 00:52:44,000

you know if you you walk through the

1286

00:52:48,150 --> 00:52:46,960

forest you can't always tell

1287

00:52:50,790 --> 00:52:48,160

uh

1288

00:52:52,630 --> 00:52:50,800

what is fresh fallen or

1289

00:52:53,990 --> 00:52:52,640

fallen previous

1290

00:52:57,109 --> 00:52:54,000

and

1291

00:52:59,030 --> 00:52:57,119

i heard uh two or three stories that

1292

00:53:01,109 --> 00:52:59,040

well what was happening that was

1293

00:53:02,150 --> 00:53:01,119

lieutenant england had been filling me

1294

00:53:06,630 --> 00:53:02,160

in

1295

00:53:08,950 --> 00:53:06,640

the house before we left

1296

00:53:11,109 --> 00:53:08,960

and he said that you know the forces

1297

00:53:12,630 --> 00:53:11,119

service checked the densitometer and

1298

00:53:16,230 --> 00:53:12,640

that was what he told me and then he

1299

00:53:18,710 --> 00:53:16,240

said the crazy thing was is that the

1300

00:53:20,950 --> 00:53:18,720

uh crab went up through the trees and

1301

00:53:23,670 --> 00:53:20,960

didn't knock any limbs down

1302

00:53:25,109 --> 00:53:23,680

so that's the only verification that i

1303

00:53:26,470 --> 00:53:25,119

have with that

1304

00:53:29,270 --> 00:53:26,480

the

1305

00:53:33,430 --> 00:53:29,280

i mean i would think that it would

1306

00:53:37,030 --> 00:53:33,440

uh but you know again uh that's fiercely

1307

00:53:38,150 --> 00:53:37,040

so i don't know uh honestly whether it

1308

00:53:39,990 --> 00:53:38,160

was

1309

00:53:42,870 --> 00:53:40,000

trees on the ground that fallen

1310

00:53:44,309 --> 00:53:42,880

previously or they were already there

1311

00:53:47,750 --> 00:53:44,319

or whatever

1312

00:53:49,990 --> 00:53:47,760

but it makes sense that it would anyway

1313

00:53:51,829 --> 00:53:50,000

and uh you know that they would be some

1314

00:53:52,790 --> 00:53:51,839

limb crown

1315

00:53:57,910 --> 00:53:52,800

uh

1316

00:54:00,069 --> 00:53:57,920

there were some on the ground so

1317

00:54:02,150 --> 00:54:00,079

they were there first so i would think

1318

00:54:05,589 --> 00:54:02,160

that if they said that that would be the

1319

00:54:08,150 --> 00:54:05,599

accurate uh accurate picture

1320

00:54:10,710 --> 00:54:08,160

all right and uh charles hull has been

1321

00:54:13,829 --> 00:54:10,720

on this show a few different times and

1322

00:54:15,430 --> 00:54:13,839

he has described seeing this thing well

1323

00:54:18,549 --> 00:54:15,440

it's sort of like what you said if you

1324

00:54:20,710 --> 00:54:18,559

know a little while back uh and the

1325

00:54:22,790 --> 00:54:20,720

eyeball thing he he says something

1326
00:54:24,710 --> 00:54:22,800
looked sort of like an eyeball and

1327
00:54:26,630 --> 00:54:24,720
looked like molten

1328
00:54:28,870 --> 00:54:26,640
like uh

1329
00:54:31,190 --> 00:54:28,880
iron or something was dripping from it

1330
00:54:33,750 --> 00:54:31,200
and sort of like bouncing through the

1331
00:54:36,309 --> 00:54:33,760
forest is that a different thing than

1332
00:54:38,630 --> 00:54:36,319
what you were describing

1333
00:54:41,990 --> 00:54:38,640
actually what i described is what he

1334
00:54:43,990 --> 00:54:42,000
later described uh i said i told him i

1335
00:54:47,030 --> 00:54:44,000
said it looked like a

1336
00:54:48,309 --> 00:54:47,040
melting pot out there you know it looked

1337
00:54:49,430 --> 00:54:48,319
like it had

1338
00:54:52,789 --> 00:54:49,440

uh

1339

00:54:56,150 --> 00:54:52,799

milk and field in it and it was hot and

1340

00:54:59,030 --> 00:54:56,160

bubbly and popping because

1341

00:55:01,829 --> 00:54:59,040

let me say this at nighttime

1342

00:55:03,670 --> 00:55:01,839

and you see heat out there

1343

00:55:06,230 --> 00:55:03,680

in the woods

1344

00:55:08,390 --> 00:55:06,240

yeah i was playing tricks on you and you

1345

00:55:11,190 --> 00:55:08,400

think they're moving and they may not be

1346

00:55:14,470 --> 00:55:11,200

moving or you know in other words like

1347

00:55:15,829 --> 00:55:14,480

uh from 200 yards out which i think it

1348

00:55:17,589 --> 00:55:15,839

was about

1349

00:55:19,829 --> 00:55:17,599

i'd say at least the length of a

1350

00:55:22,710 --> 00:55:19,839

football field and probably a little a

1351
00:55:24,390 --> 00:55:22,720
little bit further than that maybe 125

1352
00:55:26,470 --> 00:55:24,400
150 yards

1353
00:55:28,549 --> 00:55:26,480
is what it looked like from where we

1354
00:55:31,349 --> 00:55:28,559
were at the fence

1355
00:55:34,309 --> 00:55:31,359
and when we started over the fence

1356
00:55:37,190 --> 00:55:34,319
lieutenant hall uh and myself looking

1357
00:55:39,589 --> 00:55:37,200
come on myself and england

1358
00:55:41,829 --> 00:55:39,599
stepped over the fence and when we did

1359
00:55:43,589 --> 00:55:41,839
it started getting real bright and it

1360
00:55:44,549 --> 00:55:43,599
started pumping like it was getting

1361
00:55:45,589 --> 00:55:44,559
hotter

1362
00:55:48,150 --> 00:55:45,599
so

1363
00:55:50,390 --> 00:55:48,160

i think out of more shock than anything

1364

00:55:52,630 --> 00:55:50,400

else we all jumped back over the fence

1365

00:55:55,510 --> 00:55:52,640

and got on back the other side

1366

00:55:57,910 --> 00:55:55,520

and then all of a sudden it disappeared

1367

00:56:00,230 --> 00:55:57,920

and then when it disappeared it was

1368

00:56:02,789 --> 00:56:00,240

three objects up in the air

1369

00:56:04,710 --> 00:56:02,799

i all said it was five but i never saw

1370

00:56:05,829 --> 00:56:04,720

five i saw three

1371

00:56:07,430 --> 00:56:05,839

and

1372

00:56:10,390 --> 00:56:07,440

always been three

1373

00:56:13,030 --> 00:56:10,400

and they had one one two in the back and

1374

00:56:16,870 --> 00:56:13,040

they were kind of scary

1375

00:56:18,789 --> 00:56:16,880

and relatively close together and he

1376

00:56:20,950 --> 00:56:18,799

said that they were being founded for

1377

00:56:22,390 --> 00:56:20,960

one of us that would not be in front of

1378

00:56:24,309 --> 00:56:22,400

us never

1379

00:56:26,390 --> 00:56:24,319

and i was right there with it the whole

1380

00:56:29,430 --> 00:56:26,400

time so i know

1381

00:56:33,030 --> 00:56:29,440

and the only thing we saw come down was

1382

00:56:35,190 --> 00:56:33,040

one that was over and again

1383

00:56:36,710 --> 00:56:35,200

uh someone i believe it might have been

1384

00:56:39,670 --> 00:56:36,720

luke in england

1385

00:56:40,630 --> 00:56:39,680

that said it supposedly burned a hole in

1386

00:56:42,630 --> 00:56:40,640

the

1387

00:56:43,510 --> 00:56:42,640

weapon storage area

1388

00:56:45,589 --> 00:56:43,520

and

1389

00:56:47,270 --> 00:56:45,599

i don't think that was him or what but

1390

00:56:50,309 --> 00:56:47,280

that's what it was said

1391

00:56:52,309 --> 00:56:50,319

i did not witness that because from the

1392

00:56:53,270 --> 00:56:52,319

distance and the cold and

1393

00:56:56,549 --> 00:56:53,280

dark

1394

00:56:58,950 --> 00:56:56,559

i couldn't tell what was what out there

1395

00:57:00,630 --> 00:56:58,960

right so you know those again from

1396

00:57:03,349 --> 00:57:00,640

somebody else

1397

00:57:05,109 --> 00:57:03,359

right yeah i had heard accounts of that

1398

00:57:07,190 --> 00:57:05,119

there were multiple beams

1399

00:57:09,510 --> 00:57:07,200

going down on the weapon storage area

1400

00:57:11,670 --> 00:57:09,520

never heard before about the whole burn

1401
00:57:12,470 --> 00:57:11,680
that's that's interesting

1402
00:57:16,630 --> 00:57:12,480
and

1403
00:57:17,990 --> 00:57:16,640
not come down

1404
00:57:22,630 --> 00:57:18,000
toward

1405
00:57:26,950 --> 00:57:22,640
halt mentions it

1406
00:57:28,950 --> 00:57:26,960
no sir it did not i repeated say it did

1407
00:57:30,390 --> 00:57:28,960
not

1408
00:57:32,150 --> 00:57:30,400
okay and

1409
00:57:34,950 --> 00:57:32,160
i would have

1410
00:57:37,510 --> 00:57:34,960
go ahead because i was i was observing

1411
00:57:40,470 --> 00:57:37,520
everything that was going on out there i

1412
00:57:42,150 --> 00:57:40,480
was listening to security police i was

1413
00:57:44,309 --> 00:57:42,160

listening to the colonel

1414

00:57:46,390 --> 00:57:44,319

i was listening to england i was

1415

00:57:49,030 --> 00:57:46,400

listening to all of them

1416

00:57:51,270 --> 00:57:49,040

and i was putting everything together

1417

00:57:53,589 --> 00:57:51,280

putting my mind to it see what i could

1418

00:57:55,670 --> 00:57:53,599

find out so i could make my report back

1419

00:57:58,309 --> 00:57:55,680

to the commander

1420

00:58:02,470 --> 00:58:00,710

the beam itself

1421

00:58:05,430 --> 00:58:02,480

was relatively

1422

00:58:07,829 --> 00:58:05,440

thin you could not hardly

1423

00:58:10,309 --> 00:58:07,839

see it you had to look uh you had the

1424

00:58:13,190 --> 00:58:10,319

string to look at the beam

1425

00:58:15,990 --> 00:58:13,200

and it was like

1426

00:58:17,270 --> 00:58:16,000

what we now would call the laser

1427

00:58:19,349 --> 00:58:17,280

like beam

1428

00:58:21,750 --> 00:58:19,359

where it came straight down

1429

00:58:24,789 --> 00:58:21,760

and i made the comment contaminated i

1430

00:58:26,390 --> 00:58:24,799

mean colonel doctor i said it's not a

1431

00:58:28,309 --> 00:58:26,400

regular light

1432

00:58:30,470 --> 00:58:28,319

we didn't know what it sold up in the

1433

00:58:32,710 --> 00:58:30,480

laser beam was back then

1434

00:58:35,670 --> 00:58:32,720

and i said it looks like i said it's a

1435

00:58:38,390 --> 00:58:35,680

direct light coming down from there and

1436

00:58:39,670 --> 00:58:38,400

it's not spreading like a normal light

1437

00:58:42,630 --> 00:58:39,680

bulb or

1438

00:58:45,589 --> 00:58:42,640

uh something like that so i said i don't

1439

00:58:47,349 --> 00:58:45,599

know what that is but it's very faint

1440

00:58:49,829 --> 00:58:47,359

and it came down

1441

00:58:51,270 --> 00:58:49,839

and i think it when

1442

00:58:53,589 --> 00:58:51,280

object moved

1443

00:58:54,309 --> 00:58:53,599

it may have taken that one beam with it

1444

00:58:55,829 --> 00:58:54,319

but

1445

00:58:57,430 --> 00:58:55,839

it would be kind of like if you were

1446

00:58:58,470 --> 00:58:57,440

looking down through

1447

00:58:59,670 --> 00:58:58,480

a

1448

00:59:02,230 --> 00:58:59,680

funnel

1449

00:59:04,549 --> 00:59:02,240

and you were looking down at the ground

1450

00:59:06,789 --> 00:59:04,559

that you might be trying to keep your

1451

00:59:08,470 --> 00:59:06,799

eye on whatever you could see down there

1452

00:59:10,150 --> 00:59:08,480

on the ground

1453

00:59:12,309 --> 00:59:10,160

and i don't know

1454

00:59:14,950 --> 00:59:12,319

uh what they were looking at i don't

1455

00:59:16,829 --> 00:59:14,960

even i couldn't verify whether it was

1456

00:59:20,309 --> 00:59:16,839

weapon storage area

1457

00:59:22,309 --> 00:59:20,319

or some other area our

1458

00:59:23,349 --> 00:59:22,319

perspective was

1459

00:59:26,470 --> 00:59:23,359

why

1460

00:59:29,430 --> 00:59:26,480

because if that was

1461

00:59:31,670 --> 00:59:29,440

the case over the years that

1462

00:59:32,789 --> 00:59:31,680

several people had made the comment

1463

00:59:33,910 --> 00:59:32,799

about

1464

00:59:37,349 --> 00:59:33,920

uh

1465

00:59:39,349 --> 00:59:37,359

you know speed and nuclear and all this

1466

00:59:42,069 --> 00:59:39,359

and they said why would you

1467

00:59:44,870 --> 00:59:42,079

be looking in nuclear bunker well

1468

00:59:47,430 --> 00:59:44,880

uh my knowledge says that

1469

00:59:50,630 --> 00:59:47,440

might be looking for nuclear fuel

1470

00:59:51,670 --> 00:59:50,640

suppose it was something from a long

1471

00:59:54,789 --> 00:59:51,680

distance

1472

00:59:56,789 --> 00:59:54,799

and they put checking out the fuel or

1473

00:59:59,510 --> 00:59:56,799

could they be checking out the base to

1474

01:00:01,589 --> 00:59:59,520

see if there was a

1475

01:00:03,990 --> 01:00:01,599

weapon storage there had anything that

1476

01:00:05,109 --> 01:00:04,000

uh they might be interested in getting

1477

01:00:08,150 --> 01:00:05,119

such as

1478

01:00:11,270 --> 01:00:08,160

soviet union or china or

1479

01:00:13,430 --> 01:00:11,280

uh anywhere you know in the uk

1480

01:00:15,589 --> 01:00:13,440

that were checking the bases out to see

1481

01:00:16,390 --> 01:00:15,599

if they could find anything if they

1482

01:00:18,150 --> 01:00:16,400

could

1483

01:00:19,910 --> 01:00:18,160

maybe they had instruments to check to

1484

01:00:22,470 --> 01:00:19,920

see if they could test it and see if

1485

01:00:24,309 --> 01:00:22,480

they were they could detect

1486

01:00:25,670 --> 01:00:24,319

there's all kind of theories that come

1487

01:00:26,789 --> 01:00:25,680

out with that

1488

01:00:30,630 --> 01:00:26,799

and

1489

01:00:33,030 --> 01:00:30,640

my my background over the years

1490

01:00:34,870 --> 01:00:33,040

i was in charge i was

1491

01:00:36,710 --> 01:00:34,880

the chairman of the local emergency

1492

01:00:40,710 --> 01:00:36,720

management committee

1493

01:00:43,430 --> 01:00:40,720

uh here in abilene texas for two years

1494

01:00:46,069 --> 01:00:43,440

i've been involved with it for several

1495

01:00:47,750 --> 01:00:46,079

and then i was a vice chair for about

1496

01:00:48,950 --> 01:00:47,760

about eight years

1497

01:00:51,430 --> 01:00:48,960

and

1498

01:00:54,150 --> 01:00:51,440

i was always the one that was the go-to

1499

01:00:56,630 --> 01:00:54,160

when anything came up for nuclear

1500

01:00:59,430 --> 01:00:56,640

and our base you know

1501

01:01:02,230 --> 01:00:59,440

right next to dyess air force base and

1502

01:01:04,630 --> 01:01:02,240

i'm telling myself you know if we are

1503

01:01:07,910 --> 01:01:04,640

our base is the number one

1504

01:01:10,789 --> 01:01:07,920

target area because of our aircraft

1505

01:01:13,109 --> 01:01:10,799

and i said well you need to be prepared

1506

01:01:15,430 --> 01:01:13,119

for it of course nobody wants to be you

1507

01:01:16,470 --> 01:01:15,440

know it's always it'll never happen to

1508

01:01:18,470 --> 01:01:16,480

us

1509

01:01:21,109 --> 01:01:18,480

and they back off from it

1510

01:01:24,950 --> 01:01:21,119

but i was always to go between

1511

01:01:26,230 --> 01:01:24,960

with the state and uh with the uh

1512

01:01:29,109 --> 01:01:26,240

local

1513

01:01:30,950 --> 01:01:29,119

and so i kept up on all that stuff

1514

01:01:33,349 --> 01:01:30,960

and there are

1515

01:01:34,390 --> 01:01:33,359

instances where people are still trying

1516

01:01:36,150 --> 01:01:34,400

to feel

1517

01:01:39,750 --> 01:01:36,160

our information

1518

01:01:42,950 --> 01:01:39,760

and china is one number one country that

1519

01:01:45,109 --> 01:01:42,960

deals our technology all the time

1520

01:01:47,030 --> 01:01:45,119

and you know and then of course russia

1521

01:01:48,309 --> 01:01:47,040

closes feel it and

1522

01:01:51,349 --> 01:01:48,319

uh

1523

01:01:53,990 --> 01:01:51,359

you know iran collaborate

1524

01:01:56,309 --> 01:01:54,000

and for what reason because we have from

1525

01:01:57,270 --> 01:01:56,319

the top scientists that do the work on

1526

01:01:59,510 --> 01:01:57,280

it

1527

01:02:02,309 --> 01:01:59,520

and uh you know that's that's where all

1528

01:02:03,349 --> 01:02:02,319

that comes from so my theory is that

1529

01:02:05,190 --> 01:02:03,359

maybe

1530

01:02:07,270 --> 01:02:05,200

perhaps that's what was going on out

1531

01:02:09,670 --> 01:02:07,280

there at that time

1532

01:02:11,589 --> 01:02:09,680

i don't look at it as being

1533

01:02:14,549 --> 01:02:11,599

out of this world because i have no

1534

01:02:15,990 --> 01:02:14,559

evidence to prove it

1535

01:02:19,430 --> 01:02:16,000

i understand that i'm going to talk

1536

01:02:21,109 --> 01:02:19,440

about that in just a minute here

1537

01:02:23,270 --> 01:02:21,119

someone asked in the chat room they

1538

01:02:26,789 --> 01:02:23,280

wanted to know what color the beam was

1539

01:02:28,710 --> 01:02:26,799

that came down from what you saw

1540

01:02:29,829 --> 01:02:28,720

there was a lightest

1541

01:02:32,390 --> 01:02:29,839

uh

1542

01:02:34,549 --> 01:02:32,400

lightest faint gray

1543

01:02:37,029 --> 01:02:34,559

it was kind of like uh

1544

01:02:42,069 --> 01:02:38,950

i guess that'd be the best way to say

1545

01:02:45,510 --> 01:02:42,079

this kind of like a light grey

1546

01:02:46,789 --> 01:02:45,520

and it was pinpointed

1547

01:02:47,750 --> 01:02:46,799

downward

1548

01:02:49,109 --> 01:02:47,760

and

1549

01:02:51,430 --> 01:02:49,119

it was not

1550

01:02:52,630 --> 01:02:51,440

moving in different directions and all

1551
01:02:55,029 --> 01:02:52,640
that it was

1552
01:02:58,150 --> 01:02:55,039
it was coming down to the ground and it

1553
01:03:00,390 --> 01:02:58,160
stayed there wherever that vessel moved

1554
01:03:04,069 --> 01:03:00,400
uh that's where it stayed but it was

1555
01:03:04,950 --> 01:03:04,079
always pointed directly to the ground

1556
01:03:10,230 --> 01:03:04,960
and

1557
01:03:13,670 --> 01:03:10,240
grid search

1558
01:03:15,829 --> 01:03:13,680
i don't see that oh i didn't see that

1559
01:03:19,589 --> 01:03:15,839
out there

1560
01:03:21,670 --> 01:03:19,599
i saw was it coming around period

1561
01:03:23,109 --> 01:03:21,680
and then it would disappear

1562
01:03:24,870 --> 01:03:23,119
on the other base

1563
01:03:27,270 --> 01:03:24,880

then it disappeared from that face and

1564

01:03:29,670 --> 01:03:27,280

building our base immediately

1565

01:03:36,150 --> 01:03:29,680

and those were the instances if i saw

1566

01:03:39,910 --> 01:03:38,390

how many miles

1567

01:03:42,150 --> 01:03:39,920

about six

1568

01:03:44,630 --> 01:03:42,160

six miles uh

1569

01:03:46,710 --> 01:03:44,640

event water and wood bush were

1570

01:03:48,390 --> 01:03:46,720

uh if you went around the base if you

1571

01:03:52,230 --> 01:03:48,400

had to go around the road it was about

1572

01:03:54,789 --> 01:03:52,240

six miles but you were literally

1573

01:03:57,589 --> 01:03:54,799

across the runway you know we had a long

1574

01:03:58,390 --> 01:03:57,599

runway that uh all the aircraft landed

1575

01:03:59,910 --> 01:03:58,400

home

1576

01:04:01,430 --> 01:03:59,920

and you had wood bricks and then they

1577

01:04:02,950 --> 01:04:01,440

had dent waters

1578

01:04:06,309 --> 01:04:02,960

and see i was

1579

01:04:08,870 --> 01:04:06,319

uh i i did all the uh

1580

01:04:11,029 --> 01:04:08,880

disaster preparedness construction

1581

01:04:12,630 --> 01:04:11,039

and i taught all of the people on the

1582

01:04:15,029 --> 01:04:12,640

base when they come on

1583

01:04:16,390 --> 01:04:15,039

come in i did the newcomer what we call

1584

01:04:18,470 --> 01:04:16,400

newcomers

1585

01:04:21,510 --> 01:04:18,480

and i would beat them on what was going

1586

01:04:23,190 --> 01:04:21,520

on give them a loud boosters and all

1587

01:04:25,270 --> 01:04:23,200

kind of things like that you know to

1588

01:04:27,910 --> 01:04:25,280

kind of keep people going

1589

01:04:29,750 --> 01:04:27,920

and i'd go out on flight line and i

1590

01:04:32,549 --> 01:04:29,760

could go across and it'd probably take

1591

01:04:35,109 --> 01:04:32,559

me maybe five minutes to get across five

1592

01:04:37,589 --> 01:04:35,119

or ten minutes gonna get across there

1593

01:04:39,829 --> 01:04:37,599

so that's just an estimate on time i'm

1594

01:04:42,150 --> 01:04:39,839

in distance i don't know

1595

01:04:44,150 --> 01:04:42,160

know exactly how far it was i didn't say

1596

01:04:46,150 --> 01:04:44,160

two runways

1597

01:04:47,589 --> 01:04:46,160

you know and that

1598

01:04:51,029 --> 01:04:47,599

covers it

1599

01:04:52,230 --> 01:04:51,039

yeah yeah um i know i understand

1600

01:04:55,190 --> 01:04:52,240

um

1601
01:04:56,950 --> 01:04:55,200
with your background and your

1602
01:04:59,910 --> 01:04:56,960
military history

1603
01:05:02,309 --> 01:04:59,920
that you've looked into and um

1604
01:05:04,230 --> 01:05:02,319
aircraft identification etc whatever it

1605
01:05:06,710 --> 01:05:04,240
is the background that you have and then

1606
01:05:09,430 --> 01:05:06,720
also knowing the threats of russia and

1607
01:05:12,069 --> 01:05:09,440
china that that would be the first

1608
01:05:15,029 --> 01:05:12,079
place you would go i totally understand

1609
01:05:17,990 --> 01:05:15,039
that as far as uh what these things

1610
01:05:19,109 --> 01:05:18,000
could be from uh but i would like to

1611
01:05:20,549 --> 01:05:19,119
just ask

1612
01:05:23,430 --> 01:05:20,559
you what

1613
01:05:26,390 --> 01:05:23,440

your thoughts would be if something

1614

01:05:28,150 --> 01:05:26,400

looked like it was dripping molten or

1615

01:05:31,029 --> 01:05:28,160

sparks or whatever it is

1616

01:05:34,390 --> 01:05:31,039

how could why would you think that

1617

01:05:37,270 --> 01:05:34,400

a craft from either russia or

1618

01:05:40,069 --> 01:05:37,280

uh or china would have

1619

01:05:42,309 --> 01:05:40,079

something like that happening and also

1620

01:05:44,710 --> 01:05:42,319

uh jem peniston what he

1621

01:05:46,789 --> 01:05:44,720

saw when he walked up and uh john

1622

01:05:49,190 --> 01:05:46,799

burroughs both saw as well and jim

1623

01:05:50,789 --> 01:05:49,200

walked up to it and and touched it and

1624

01:05:52,710 --> 01:05:50,799

all that uh

1625

01:05:54,710 --> 01:05:52,720

would you still think this could be a

1626

01:05:55,430 --> 01:05:54,720

craft at that time

1627

01:05:58,230 --> 01:05:55,440

that

1628

01:06:00,710 --> 01:05:58,240

did what it did

1629

01:06:02,829 --> 01:06:00,720

i sure could because

1630

01:06:06,789 --> 01:06:02,839

okay and the

1631

01:06:07,750 --> 01:06:06,799

heat that he generates

1632

01:06:09,750 --> 01:06:07,760

uh

1633

01:06:12,630 --> 01:06:09,760

various colors

1634

01:06:14,950 --> 01:06:12,640

okay now the hotter it is

1635

01:06:17,109 --> 01:06:14,960

the yellow it is or you know the

1636

01:06:18,549 --> 01:06:17,119

different colors changing

1637

01:06:21,510 --> 01:06:18,559

and

1638

01:06:23,109 --> 01:06:21,520

if let's say that vehicle was flying at

1639

01:06:26,150 --> 01:06:23,119

a high speed

1640

01:06:27,270 --> 01:06:26,160

high speed rate yes that would generate

1641

01:06:29,910 --> 01:06:27,280

heat

1642

01:06:32,950 --> 01:06:29,920

and even like an aircraft when it flies

1643

01:06:33,670 --> 01:06:32,960

it gets a static electricity around it

1644

01:06:36,710 --> 01:06:33,680

so

1645

01:06:39,910 --> 01:06:36,720

what i would i was thinking at the time

1646

01:06:42,230 --> 01:06:39,920

when it was my observation were

1647

01:06:44,230 --> 01:06:42,240

was that it was sitting out there and

1648

01:06:47,349 --> 01:06:44,240

the heat wave

1649

01:06:50,630 --> 01:06:47,359

that come off of it could have been

1650

01:06:52,950 --> 01:06:50,640

the deceptor it could have made it look

1651
01:06:55,270 --> 01:06:52,960
like they were

1652
01:06:58,390 --> 01:06:55,280
multi-level molten

1653
01:07:01,670 --> 01:06:58,400
material no evidence was ever found that

1654
01:07:03,910 --> 01:07:01,680
i know of that happening of it actually

1655
01:07:05,349 --> 01:07:03,920
having multiple i said it was

1656
01:07:07,750 --> 01:07:05,359
like

1657
01:07:08,789 --> 01:07:07,760
molten

1658
01:07:11,190 --> 01:07:08,799
metal

1659
01:07:12,549 --> 01:07:11,200
because i could see what looked like

1660
01:07:15,910 --> 01:07:12,559
appeared to be

1661
01:07:17,270 --> 01:07:15,920
sparks but it also looked like it was

1662
01:07:21,270 --> 01:07:17,280
movement

1663
01:07:24,309 --> 01:07:21,280

waves that were

1664

01:07:26,309 --> 01:07:24,319

uh generated over over the

1665

01:07:29,430 --> 01:07:26,319

the width of the craft

1666

01:07:30,870 --> 01:07:29,440

an airplane when it flies in the air it

1667

01:07:32,230 --> 01:07:30,880

develops a

1668

01:07:35,750 --> 01:07:32,240

high rate of

1669

01:07:40,230 --> 01:07:35,760

a high velocity of static electricity

1670

01:07:43,270 --> 01:07:40,240

and if you did not have these uh

1671

01:07:44,950 --> 01:07:43,280

little of strips on the end of it you

1672

01:07:46,630 --> 01:07:44,960

could touch the aircraft and you could

1673

01:07:50,390 --> 01:07:46,640

get killed because of the static

1674

01:07:52,789 --> 01:07:50,400

electricity so those strips on the wings

1675

01:07:55,589 --> 01:07:52,799

are designed so that the static

1676

01:07:56,710 --> 01:07:55,599

electricity blowing over the wings can

1677

01:08:01,270 --> 01:07:56,720

uh

1678

01:08:02,309 --> 01:08:01,280

electricity so you don't get harmed from

1679

01:08:03,270 --> 01:08:02,319

it

1680

01:08:05,109 --> 01:08:03,280

and

1681

01:08:06,470 --> 01:08:05,119

those are the things that see that i

1682

01:08:09,029 --> 01:08:06,480

think some

1683

01:08:11,270 --> 01:08:09,039

and i look at all of the all of the

1684

01:08:13,109 --> 01:08:11,280

different things that that i could

1685

01:08:14,870 --> 01:08:13,119

observe then

1686

01:08:16,870 --> 01:08:14,880

and then go back through my mind and

1687

01:08:19,430 --> 01:08:16,880

then evaluate

1688

01:08:20,229 --> 01:08:19,440

over the last 41 years

1689

01:08:24,630 --> 01:08:20,239

and

1690

01:08:24,640 --> 01:08:27,559

you there

1691

01:08:32,390 --> 01:08:29,590

[Laughter]

1692

01:08:33,349 --> 01:08:32,400

uh well supposedly his phone was plugged

1693

01:08:34,470 --> 01:08:33,359

in

1694

01:08:36,390 --> 01:08:34,480

but uh

1695

01:08:39,430 --> 01:08:36,400

we may have just lost him

1696

01:08:42,870 --> 01:08:39,440

uh billy there

1697

01:08:45,910 --> 01:08:42,880

no that was my teeth my teeth touched

1698

01:08:46,870 --> 01:08:45,920

the phone that's what it was oh okay

1699

01:08:51,110 --> 01:08:46,880

all right

1700

01:08:53,910 --> 01:08:51,120

so do you remember what you're in the

1701

01:08:57,749 --> 01:08:55,829

uh uh well i was in the middle of

1702

01:09:00,229 --> 01:08:57,759

describing that he you were talking

1703

01:09:03,430 --> 01:09:02,470

that and what i was trying to say was

1704

01:09:05,510 --> 01:09:03,440

that

1705

01:09:07,189 --> 01:09:05,520

uh you know at night

1706

01:09:08,149 --> 01:09:07,199

the heat waves

1707

01:09:13,910 --> 01:09:08,159

can be

1708

01:09:15,990 --> 01:09:13,920

and static electricity on an aircraft uh

1709

01:09:18,870 --> 01:09:16,000

as i was saying

1710

01:09:20,870 --> 01:09:18,880

is strong enough and and sufficient

1711

01:09:22,229 --> 01:09:20,880

enough to kill a person

1712

01:09:24,630 --> 01:09:22,239

if you

1713

01:09:27,349 --> 01:09:24,640

touch an aircraft or let's say something

1714

01:09:30,309 --> 01:09:27,359

like that without flown for a while

1715

01:09:31,749 --> 01:09:30,319

and it lands and if it didn't have the

1716

01:09:35,030 --> 01:09:31,759

sprints on it

1717

01:09:37,269 --> 01:09:35,040

to dissipate the static electricity

1718

01:09:39,829 --> 01:09:37,279

it can be a metal static in there that

1719

01:09:40,870 --> 01:09:39,839

you touch the metal and it could kill

1720

01:09:43,669 --> 01:09:40,880

you

1721

01:09:45,749 --> 01:09:43,679

and so the aircraft has these little

1722

01:09:47,590 --> 01:09:45,759

strips on the ends of the wings and if

1723

01:09:50,229 --> 01:09:47,600

you ever fly

1724

01:09:52,229 --> 01:09:50,239

on a commercial aircraft you look out

1725

01:09:53,189 --> 01:09:52,239

you can see those little splits on the

1726

01:09:55,030 --> 01:09:53,199

end

1727

01:09:57,830 --> 01:09:55,040

and what that's doing is letting that

1728

01:10:00,709 --> 01:09:57,840

electricity go out through those strips

1729

01:10:02,950 --> 01:10:00,719

and into the air so that when it lands

1730

01:10:04,390 --> 01:10:02,960

it does not have that accumulated

1731

01:10:06,709 --> 01:10:04,400

culture

1732

01:10:09,270 --> 01:10:06,719

and a lot of people don't realize that

1733

01:10:11,350 --> 01:10:09,280

but that's exactly what happened

1734

01:10:13,030 --> 01:10:11,360

and so you know we'd have to have that

1735

01:10:14,550 --> 01:10:13,040

because i was an aircraft structural

1736

01:10:16,550 --> 01:10:14,560

mechanic

1737

01:10:19,350 --> 01:10:16,560

in wrinkles first

1738

01:10:21,110 --> 01:10:19,360

and i worked on helicopters all the time

1739

01:10:23,430 --> 01:10:21,120

on the structure of the body and

1740

01:10:25,350 --> 01:10:23,440

everything and i had to go out and check

1741

01:10:28,149 --> 01:10:25,360

those trips and make sure they were in

1742

01:10:30,149 --> 01:10:28,159

good shape before it took off again

1743

01:10:32,950 --> 01:10:30,159

and so you know you got all these little

1744

01:10:35,110 --> 01:10:32,960

things that that accumulate and then

1745

01:10:36,950 --> 01:10:35,120

your knowledge that you gain from what

1746

01:10:37,750 --> 01:10:36,960

your experiences are

1747

01:10:40,310 --> 01:10:37,760

to

1748

01:10:42,070 --> 01:10:40,320

feel like and that's what i do i

1749

01:10:44,870 --> 01:10:42,080

theorize and see

1750

01:10:47,110 --> 01:10:44,880

what could cause instead of hey maybe

1751

01:10:51,510 --> 01:10:47,120

this man that much i don't do that i

1752

01:10:55,189 --> 01:10:52,390

so

1753

01:10:57,030 --> 01:10:55,199

if if you i'm not trying to get you to

1754

01:10:58,790 --> 01:10:57,040

say they're extraterrestrial believe me

1755

01:11:01,030 --> 01:10:58,800

because um

1756

01:11:02,550 --> 01:11:01,040

but i i just am

1757

01:11:04,790 --> 01:11:02,560

curious

1758

01:11:06,790 --> 01:11:04,800

i'm just asking you questions

1759

01:11:09,430 --> 01:11:06,800

along the lines of

1760

01:11:10,390 --> 01:11:09,440

um something being explainable and that

1761

01:11:20,709 --> 01:11:10,400

is

1762

01:11:23,189 --> 01:11:20,719

like a one-time thing and then

1763

01:11:25,590 --> 01:11:23,199

that's basically it it's not we don't we

1764

01:11:29,750 --> 01:11:25,600

never see the technology

1765

01:11:35,910 --> 01:11:31,669

well i don't know

1766

01:11:38,390 --> 01:11:35,920

i i you know maybe not at them waters

1767

01:11:41,830 --> 01:11:38,400

but lake in the milden hall and all

1768

01:11:43,990 --> 01:11:41,840

these other bases that were in the uk

1769

01:11:45,590 --> 01:11:44,000

were always

1770

01:11:48,950 --> 01:11:45,600

coming up with

1771

01:11:49,910 --> 01:11:48,960

ufos uh notices and everything coming

1772

01:11:52,390 --> 01:11:49,920

out

1773

01:11:55,350 --> 01:11:52,400

and that's why i say i don't know

1774

01:11:56,630 --> 01:11:55,360

what i've my question is that that keeps

1775

01:11:58,470 --> 01:11:56,640

coming up

1776

01:11:59,270 --> 01:11:58,480

to me

1777

01:12:00,709 --> 01:11:59,280

is

1778

01:12:01,910 --> 01:12:00,719

why

1779

01:12:04,470 --> 01:12:01,920

are these

1780

01:12:07,830 --> 01:12:04,480

so-called ufos

1781

01:12:10,229 --> 01:12:07,840

only going to military bases why are

1782

01:12:13,350 --> 01:12:10,239

they going to bases with

1783

01:12:15,430 --> 01:12:13,360

uh quote-unquote nuclear operations or

1784

01:12:17,510 --> 01:12:15,440

nuclear weapons on board

1785

01:12:19,750 --> 01:12:17,520

why do they go to that why do they go to

1786

01:12:22,229 --> 01:12:19,760

navy ships that have

1787

01:12:24,229 --> 01:12:22,239

possibly nuclear why do they go it's

1788

01:12:25,030 --> 01:12:24,239

always nuclear

1789

01:12:27,110 --> 01:12:25,040

and

1790

01:12:28,709 --> 01:12:27,120

for the most part

1791

01:12:31,910 --> 01:12:28,719

every weapon

1792

01:12:34,070 --> 01:12:31,920

in every every encounter that we've had

1793

01:12:37,510 --> 01:12:34,080

has always been around

1794

01:12:41,110 --> 01:12:37,520

roswell been around uh you know all

1795

01:12:43,910 --> 01:12:41,120

these bases that happened where

1796

01:12:45,750 --> 01:12:43,920

this technology was available

1797

01:12:47,830 --> 01:12:45,760

and why

1798

01:12:49,189 --> 01:12:47,840

would they do that in the first place i

1799

01:12:51,189 --> 01:12:49,199

don't know

1800

01:12:52,550 --> 01:12:51,199

that that's a question that remains

1801
01:12:53,669 --> 01:12:52,560
unknown

1802
01:12:54,950 --> 01:12:53,679
your

1803
01:13:00,470 --> 01:12:54,960
top secret

1804
01:13:02,550 --> 01:13:00,480
are supposed to be maintained so

1805
01:13:03,830 --> 01:13:02,560
nobody would ever know

1806
01:13:05,830 --> 01:13:03,840
and of course you know it's been

1807
01:13:07,430 --> 01:13:05,840
declassified over a year that's why i

1808
01:13:08,229 --> 01:13:07,440
can talk about it

1809
01:13:10,790 --> 01:13:08,239
but

1810
01:13:12,550 --> 01:13:10,800
after that at that time i wasn't i

1811
01:13:15,110 --> 01:13:12,560
wasn't able to talk to anybody i

1812
01:13:17,189 --> 01:13:15,120
couldn't do it because

1813
01:13:19,430 --> 01:13:17,199

uh i've been

1814

01:13:21,910 --> 01:13:19,440

testing very quickly

1815

01:13:23,350 --> 01:13:21,920

had i did had i released information

1816

01:13:24,950 --> 01:13:23,360

back then

1817

01:13:27,270 --> 01:13:24,960

and i didn't say a certain thing to

1818

01:13:29,030 --> 01:13:27,280

anybody until i was told it was no

1819

01:13:30,950 --> 01:13:29,040

longer classified

1820

01:13:32,950 --> 01:13:30,960

and then that's when i started speaking

1821

01:13:34,870 --> 01:13:32,960

up

1822

01:13:37,990 --> 01:13:34,880

now i remember reading somewhere that

1823

01:13:40,149 --> 01:13:38,000

the mod had a large file

1824

01:13:42,229 --> 01:13:40,159

on this particular case

1825

01:13:45,990 --> 01:13:42,239

have you yourself

1826

01:13:47,590 --> 01:13:46,000

done any personal research into this you

1827

01:13:50,390 --> 01:13:47,600

know in in

1828

01:13:52,149 --> 01:13:50,400

looking into things like that or

1829

01:13:53,910 --> 01:13:52,159

have you looked into

1830

01:13:56,870 --> 01:13:53,920

this say since the internet has come

1831

01:13:58,630 --> 01:13:56,880

along have you really like dug into this

1832

01:14:02,310 --> 01:13:58,640

or are you just

1833

01:14:04,630 --> 01:14:02,320

plain only interested in your own story

1834

01:14:07,990 --> 01:14:04,640

no sir i'm not interested in just my own

1835

01:14:10,390 --> 01:14:08,000

story i look at everything i see nobody

1836

01:14:12,390 --> 01:14:10,400

face everything on my my knowledge and

1837

01:14:14,070 --> 01:14:12,400

my experience

1838

01:14:15,990 --> 01:14:14,080

then that's all i'll ever have i'll

1839

01:14:18,310 --> 01:14:16,000

never have anything else

1840

01:14:19,669 --> 01:14:18,320

so i have an open mind that i'm willing

1841

01:14:21,350 --> 01:14:19,679

to listen to

1842

01:14:23,189 --> 01:14:21,360

and i'm willing to

1843

01:14:26,390 --> 01:14:23,199

uh apply

1844

01:14:28,790 --> 01:14:26,400

i just don't take uh you know the lies

1845

01:14:32,390 --> 01:14:28,800

it was supposedly said

1846

01:14:34,870 --> 01:14:32,400

and uh make facts of it i don't do that

1847

01:14:37,030 --> 01:14:34,880

what i do is i take what i know what i

1848

01:14:39,030 --> 01:14:37,040

look at i've looked it up on the

1849

01:14:42,070 --> 01:14:39,040

computer i've done

1850

01:14:44,390 --> 01:14:42,080

research on how for beta gamma

1851
01:14:46,310 --> 01:14:44,400
constantly stay and stay in touch with

1852
01:14:49,189 --> 01:14:46,320
what i what i read

1853
01:14:51,189 --> 01:14:49,199
i had a scientist that came out here

1854
01:14:52,950 --> 01:14:51,199
from alabama

1855
01:14:55,990 --> 01:14:52,960
a couple of years ago

1856
01:14:58,630 --> 01:14:56,000
and she brought with her uh some

1857
01:15:01,430 --> 01:14:58,640
contaminated rocks

1858
01:15:03,270 --> 01:15:01,440
from uh that she got from lab

1859
01:15:05,350 --> 01:15:03,280
and a geyser counter

1860
01:15:06,870 --> 01:15:05,360
and she went through

1861
01:15:08,630 --> 01:15:06,880
the garden counter

1862
01:15:12,149 --> 01:15:08,640
encounter with me

1863
01:15:13,110 --> 01:15:12,159

on hers and then translated that over

1864

01:15:17,350 --> 01:15:13,120

the

1865

01:15:18,870 --> 01:15:17,360

went back back in

1866

01:15:21,990 --> 01:15:18,880

1980

1867

01:15:22,950 --> 01:15:22,000

and she confirmed and i have it in

1868

01:15:25,350 --> 01:15:22,960

writing

1869

01:15:27,910 --> 01:15:25,360

that my readings were accurate that they

1870

01:15:29,110 --> 01:15:27,920

were considered around southern middle

1871

01:15:31,910 --> 01:15:29,120

lincoln

1872

01:15:33,110 --> 01:15:31,920

that was about 25 times higher than the

1873

01:15:35,830 --> 01:15:33,120

normal

1874

01:15:38,470 --> 01:15:35,840

and why that is there i don't know but

1875

01:15:40,070 --> 01:15:38,480

that's what i detected on the on the uh

1876

01:15:41,990 --> 01:15:40,080

instrument

1877

01:15:43,430 --> 01:15:42,000

and there's been a question over the

1878

01:15:46,870 --> 01:15:43,440

years why

1879

01:15:49,830 --> 01:15:46,880

uh you say one time 27 and in the 43

1880

01:15:53,510 --> 01:15:49,840

well the difference between the two is

1881

01:15:54,310 --> 01:15:53,520

did the a anpdr 27

1882

01:15:55,430 --> 01:15:54,320

has

1883

01:15:59,990 --> 01:15:55,440

yellow

1884

01:16:02,390 --> 01:16:00,000

pinkish red

1885

01:16:09,189 --> 01:16:05,030

blue readings on the scales

1886

01:16:10,950 --> 01:16:09,199

and the 20 and the 43 only has white

1887

01:16:12,470 --> 01:16:10,960

that's the only difference between those

1888

01:16:15,270 --> 01:16:12,480

two instruments they're both about the

1889

01:16:18,470 --> 01:16:15,280

same and they're both antiques and i've

1890

01:16:21,110 --> 01:16:18,480

got two of them 27s at home

1891

01:16:24,550 --> 01:16:21,120

and i could take pictures of them and

1892

01:16:29,830 --> 01:16:26,550

as far as uh

1893

01:16:31,990 --> 01:16:29,840

i i think that if someone like is uh has

1894

01:16:32,950 --> 01:16:32,000

a open cut or something like that then

1895

01:16:34,709 --> 01:16:32,960

they can

1896

01:16:36,310 --> 01:16:34,719

it can be dangerous but other than that

1897

01:16:38,470 --> 01:16:36,320

that's not really that dangerous unless

1898

01:16:39,990 --> 01:16:38,480

you're breathing in for a long time at

1899

01:16:42,229 --> 01:16:40,000

that level is that

1900

01:16:45,030 --> 01:16:42,239

is that correct

1901
01:16:46,550 --> 01:16:45,040
well it would you would if you breathed

1902
01:16:48,950 --> 01:16:46,560
it in

1903
01:16:50,310 --> 01:16:48,960
you raised beta radiation into your

1904
01:16:53,030 --> 01:16:50,320
lungs

1905
01:16:54,630 --> 01:16:53,040
it can go into your body

1906
01:16:58,870 --> 01:16:54,640
and it uh

1907
01:17:00,870 --> 01:16:58,880
it burns and it can affect the

1908
01:17:04,149 --> 01:17:00,880
internal organs

1909
01:17:06,470 --> 01:17:04,159
now can do the same thing but alpha

1910
01:17:07,590 --> 01:17:06,480
uh let's say for example alpha might

1911
01:17:09,350 --> 01:17:07,600
make you

1912
01:17:11,830 --> 01:17:09,360
slightly sick

1913
01:17:14,310 --> 01:17:11,840

beta would make you

1914

01:17:15,669 --> 01:17:14,320

uh i would say pretty

1915

01:17:17,750 --> 01:17:15,679

very well but

1916

01:17:19,510 --> 01:17:17,760

you know make you sick in other words it

1917

01:17:22,790 --> 01:17:19,520

make you you know it

1918

01:17:24,950 --> 01:17:22,800

and it would affect your lungs and uh

1919

01:17:27,189 --> 01:17:24,960

i don't want your lungs i'd say lungs it

1920

01:17:29,030 --> 01:17:27,199

makes it it affects your internal body

1921

01:17:31,110 --> 01:17:29,040

parts anyway

1922

01:17:33,350 --> 01:17:31,120

and it burns and what it does

1923

01:17:34,790 --> 01:17:33,360

essentially it just burns the

1924

01:17:37,669 --> 01:17:34,800

tissue

1925

01:17:39,189 --> 01:17:37,679

and it doesn't give you any long-lasting

1926

01:17:41,830 --> 01:17:39,199

radiation

1927

01:17:45,110 --> 01:17:41,840

because it dies but it

1928

01:17:47,110 --> 01:17:45,120

does cause you to have uh

1929

01:17:49,830 --> 01:17:47,120

you know some effect

1930

01:17:53,590 --> 01:17:49,840

and i i i questioned some of the things

1931

01:17:56,470 --> 01:17:53,600

that that borrowed claims he had

1932

01:17:59,270 --> 01:17:56,480

to get money from the va and all that

1933

01:18:00,070 --> 01:17:59,280

and you know that could happen i don't

1934

01:18:01,990 --> 01:18:00,080

know

1935

01:18:04,390 --> 01:18:02,000

and i'm not going to be the one to say

1936

01:18:07,830 --> 01:18:04,400

that yes it did no it didn't

1937

01:18:11,669 --> 01:18:07,840

i don't suspect it did because there was

1938

01:18:13,750 --> 01:18:11,679

not enough contamination out there but

1939

01:18:15,590 --> 01:18:13,760

that's his story and i'll let him teach

1940

01:18:17,350 --> 01:18:15,600

that story

1941

01:18:20,870 --> 01:18:17,360

all right another thing

1942

01:18:22,229 --> 01:18:20,880

you hear or i have heard over the years

1943

01:18:24,149 --> 01:18:22,239

that

1944

01:18:26,470 --> 01:18:24,159

during the debriefing some of the

1945

01:18:27,910 --> 01:18:26,480

soldiers were drugged

1946

01:18:31,110 --> 01:18:27,920

um

1947

01:18:33,270 --> 01:18:31,120

what are your what's your take on that

1948

01:18:34,790 --> 01:18:33,280

well there were no soldiers out there

1949

01:18:38,229 --> 01:18:34,800

they would have been

1950

01:18:41,189 --> 01:18:38,239

well airmen all right airmen pardon me

1951

01:18:43,110 --> 01:18:41,199

i don't i don't think well the police

1952

01:18:46,470 --> 01:18:43,120

say they call themselves but i

1953

01:18:51,030 --> 01:18:46,480

understand but uh anyway uh

1954

01:18:54,630 --> 01:18:51,040

i don't know that they were or not uh

1955

01:18:56,550 --> 01:18:54,640

the uh intelligence community within the

1956

01:18:58,149 --> 01:18:56,560

air force

1957

01:19:00,149 --> 01:18:58,159

you know they

1958

01:19:02,390 --> 01:19:00,159

have their own technique of trying to

1959

01:19:05,830 --> 01:19:02,400

get you to do things

1960

01:19:07,669 --> 01:19:05,840

and i know i have had commanders try to

1961

01:19:10,149 --> 01:19:07,679

get me to say something and i wouldn't

1962

01:19:11,110 --> 01:19:10,159

do it because it wasn't right

1963

01:19:14,709 --> 01:19:11,120

and

1964

01:19:16,550 --> 01:19:14,719

i i'm not talented a general i'd be a

1965

01:19:19,430 --> 01:19:16,560

battle staff guardian

1966

01:19:21,590 --> 01:19:19,440

e5 i'd stand up to general just as much

1967

01:19:23,189 --> 01:19:21,600

as he i could he put his pants on the

1968

01:19:25,350 --> 01:19:23,199

same way i did

1969

01:19:27,669 --> 01:19:25,360

and i said uh you know you're a man i'm

1970

01:19:29,830 --> 01:19:27,679

a man i'm going to tell you like it is i

1971

01:19:32,790 --> 01:19:29,840

said my job is not to tell you how to

1972

01:19:34,630 --> 01:19:32,800

die my job to keep you alive and i said

1973

01:19:36,229 --> 01:19:34,640

i'm going to keep you alive like combat

1974

01:19:37,189 --> 01:19:36,239

marine i'm not going to keep you alive

1975

01:19:41,590 --> 01:19:37,199

like

1976

01:19:42,390 --> 01:19:41,600

and that was my philosophy

1977

01:19:44,470 --> 01:19:42,400

and

1978

01:19:45,430 --> 01:19:44,480

so you know the things that happened out

1979

01:19:47,030 --> 01:19:45,440

there

1980

01:19:48,630 --> 01:19:47,040

are the

1981

01:19:54,550 --> 01:19:48,640

radiation

1982

01:19:57,110 --> 01:19:54,560

level was about at least between 25 and

1983

01:19:58,550 --> 01:19:57,120

100 times more than normal

1984

01:19:59,990 --> 01:19:58,560

uh but

1985

01:20:02,229 --> 01:20:00,000

then again

1986

01:20:05,270 --> 01:20:02,239

that wasn't enough to make everybody

1987

01:20:07,830 --> 01:20:05,280

sick and anybody goes in and said they

1988

01:20:09,189 --> 01:20:07,840

get sick from it i can't see it because

1989

01:20:11,510 --> 01:20:09,199

i never did

1990

01:20:14,310 --> 01:20:11,520

if i got sick i sure didn't know about

1991

01:20:19,189 --> 01:20:16,470

what was the general

1992

01:20:22,550 --> 01:20:19,199

reaction to what you were seeing with

1993

01:20:27,030 --> 01:20:24,709

normal reaction was everybody was out

1994

01:20:29,270 --> 01:20:27,040

there trying to do the job more there

1995

01:20:30,950 --> 01:20:29,280

was more hype on the other side than it

1996

01:20:33,270 --> 01:20:30,960

was on mine

1997

01:20:35,430 --> 01:20:33,280

see i went out with no idea i didn't

1998

01:20:36,870 --> 01:20:35,440

look at it being hyped i didn't i didn't

1999

01:20:39,430 --> 01:20:36,880

i just

2000

01:20:41,669 --> 01:20:39,440

my my philosophy was back bro you know

2001

01:20:44,470 --> 01:20:41,679

when i went out to do a job

2002

01:20:47,270 --> 01:20:44,480

if the commander sent me out

2003

01:20:48,950 --> 01:20:47,280

the way i was trained as a marine

2004

01:20:52,070 --> 01:20:48,960

is i went out there

2005

01:20:53,990 --> 01:20:52,080

i did the job if it meant my life that

2006

01:20:56,310 --> 01:20:54,000

was part of the job

2007

01:20:59,510 --> 01:20:56,320

if it meant that i went out there to get

2008

01:21:01,830 --> 01:20:59,520

the facts that was part of my job

2009

01:21:04,390 --> 01:21:01,840

and i was selected by the comrade marine

2010

01:21:05,189 --> 01:21:04,400

corps to go on embassy duty so i think i

2011

01:21:06,550 --> 01:21:05,199

had

2012

01:21:09,430 --> 01:21:06,560

a pretty good

2013

01:21:10,870 --> 01:21:09,440

knowledge about what was going on i made

2014

01:21:12,470 --> 01:21:10,880

e5 in

2015

01:21:14,470 --> 01:21:12,480

less than

2016

01:21:17,990 --> 01:21:14,480

about 12 months

2017

01:21:20,550 --> 01:21:18,000

and that was unheard of i made 25

2018

01:21:24,470 --> 01:21:20,560

in uh

2019

01:21:27,669 --> 01:21:24,480

about 13 let's see i guess it was about

2020

01:21:30,070 --> 01:21:27,679

two years and about four or five months

2021

01:21:31,750 --> 01:21:30,080

when i went air force it took me five

2022

01:21:34,390 --> 01:21:31,760

years and 11 months to get that one

2023

01:21:36,629 --> 01:21:34,400

grade back that they took away from

2024

01:21:40,310 --> 01:21:36,639

so that's the difference

2025

01:21:42,790 --> 01:21:40,320

but my knowledge was there and i trained

2026

01:21:46,310 --> 01:21:42,800

my people the same way

2027

01:21:47,910 --> 01:21:46,320

and you know so there's just a lot of

2028

01:21:51,270 --> 01:21:47,920

disparity

2029

01:21:53,990 --> 01:21:51,280

i believe that there was something there

2030

01:21:56,629 --> 01:21:54,000

i believe that uh

2031

01:21:57,910 --> 01:21:56,639

pennington he and i are very good

2032

01:22:00,470 --> 01:21:57,920

friends we

2033

01:22:03,030 --> 01:22:00,480

uh we communicate and talk about this

2034

01:22:05,110 --> 01:22:03,040

whole situation all the time and we're

2035

01:22:06,550 --> 01:22:05,120

both theorizing trying to figure out

2036

01:22:09,270 --> 01:22:06,560

what could it be

2037

01:22:11,510 --> 01:22:09,280

what would it be and that's what you

2038

01:22:14,229 --> 01:22:11,520

have to do otherwise if you don't then

2039

01:22:16,870 --> 01:22:14,239

you just forget it and leave it alone

2040

01:22:18,229 --> 01:22:16,880

and uh so we're always talking about it

2041

01:22:19,830 --> 01:22:18,239

and talking about

2042

01:22:21,350 --> 01:22:19,840

uh some of the things that have been

2043

01:22:22,629 --> 01:22:21,360

said and some of the things that haven't

2044

01:22:25,750 --> 01:22:22,639

been said

2045

01:22:29,030 --> 01:22:25,760

and kind of go from there

2046

01:22:30,870 --> 01:22:29,040

right uh going back to the debriefing i

2047

01:22:33,910 --> 01:22:30,880

i can't remember the gentleman's name

2048

01:22:37,030 --> 01:22:33,920

you spoke with conroy or something like

2049

01:22:39,189 --> 01:22:37,040

that um but is that was that the extent

2050

01:22:41,350 --> 01:22:39,199

of your debriefing on the whole

2051
01:22:43,590 --> 01:22:41,360
situation

2052
01:22:45,910 --> 01:22:43,600
no sir we talked about it over time

2053
01:22:48,149 --> 01:22:45,920
period several times

2054
01:22:50,470 --> 01:22:48,159
and you know he would always tell me you

2055
01:22:52,390 --> 01:22:50,480
know he said tell me you know sean

2056
01:22:54,470 --> 01:22:52,400
miller

2057
01:22:55,669 --> 01:22:54,480
i can't do it your way and i'd say well

2058
01:22:58,550 --> 01:22:55,679
sir

2059
01:23:01,110 --> 01:22:58,560
if we can't do it my way i mean

2060
01:23:02,070 --> 01:23:01,120
i can't do a joy i don't know how to do

2061
01:23:04,870 --> 01:23:02,080
it

2062
01:23:06,709 --> 01:23:04,880
and i said you're gonna have to trust me

2063
01:23:08,629 --> 01:23:06,719

i said if you can trust me to go out

2064

01:23:10,709 --> 01:23:08,639

there and do whatever i got to do for

2065

01:23:12,950 --> 01:23:10,719

you i'll go out and do it and then i'll

2066

01:23:15,270 --> 01:23:12,960

come back and give you the answer on it

2067

01:23:17,830 --> 01:23:15,280

and that was our basic understanding i

2068

01:23:20,390 --> 01:23:17,840

did about six projects one of them was

2069

01:23:21,430 --> 01:23:20,400

realigning of all the base uh chemical

2070

01:23:24,229 --> 01:23:21,440

foods

2071

01:23:25,030 --> 01:23:24,239

about 66 parts feed food

2072

01:23:32,229 --> 01:23:25,040

and

2073

01:23:34,470 --> 01:23:32,239

got accommodation

2074

01:23:35,910 --> 01:23:34,480

and you know i worked with him because

2075

01:23:37,910 --> 01:23:35,920

he could trust me

2076

01:23:39,910 --> 01:23:37,920

and i could talk to him just like

2077

01:23:41,189 --> 01:23:39,920

anybody else and we'd get along real

2078

01:23:44,390 --> 01:23:41,199

good about it

2079

01:23:47,990 --> 01:23:44,400

and so when pearls and i went to

2080

01:23:51,350 --> 01:23:48,000

team colonel conrad and jamie we talked

2081

01:23:52,629 --> 01:23:51,360

about it and he said constantly that he

2082

01:23:54,709 --> 01:23:52,639

did not

2083

01:23:57,590 --> 01:23:54,719

see anything at the time or he didn't

2084

01:23:59,189 --> 01:23:57,600

believe anything at the time and he had

2085

01:24:01,990 --> 01:23:59,199

to trust me

2086

01:24:04,950 --> 01:24:02,000

and he trusted me from my observation

2087

01:24:07,430 --> 01:24:04,960

and that's where we took it

2088

01:24:09,830 --> 01:24:07,440

i see i am putting the phone number up

2089

01:24:11,590 --> 01:24:09,840

here now i do not have a screener this

2090

01:24:15,189 --> 01:24:11,600

you are on the only line we have for

2091

01:24:16,790 --> 01:24:15,199

collins um so this is my uh my show

2092

01:24:19,750 --> 01:24:16,800

number that i have

2093

01:24:21,990 --> 01:24:19,760

here uh again i cannot screen the call

2094

01:24:23,189 --> 01:24:22,000

i'd really like for jen penniston i know

2095

01:24:24,550 --> 01:24:23,199

he's listening

2096

01:24:26,310 --> 01:24:24,560

jim if you want to give a call and i'd

2097

01:24:28,950 --> 01:24:26,320

love to hear from you that number is up

2098

01:24:31,430 --> 01:24:28,960

on the screen 207

2099

01:24:33,350 --> 01:24:31,440

zero 482-05 five six

2100

01:24:35,270 --> 01:24:33,360

um so

2101

01:24:37,750 --> 01:24:35,280

i know that you're you're keeping to

2102

01:24:40,550 --> 01:24:37,760

your story i do appreciate that and i

2103

01:24:41,750 --> 01:24:40,560

always think and i often say

2104

01:24:45,830 --> 01:24:41,760

um

2105

01:24:48,070 --> 01:24:45,840

i'm not sure if this gemini we'll see

2106

01:24:50,229 --> 01:24:48,080

hello this is martin

2107

01:24:52,310 --> 01:24:50,239

hi martin this is john i had a question

2108

01:24:53,830 --> 01:24:52,320

for sergeant neville yes go right ahead

2109

01:24:56,310 --> 01:24:53,840

john

2110

01:24:59,430 --> 01:24:56,320

hi uh sergeant thanks for coming on

2111

01:25:02,149 --> 01:24:59,440

martin's show um i've read three books

2112

01:25:03,590 --> 01:25:02,159

on random stem it's a fascinating case

2113

01:25:06,310 --> 01:25:03,600

can you tell me

2114

01:25:09,430 --> 01:25:06,320

weren't you with uh colonel halt

2115

01:25:11,830 --> 01:25:09,440

when he was out and he saw the

2116

01:25:14,149 --> 01:25:11,840

unidentified object

2117

01:25:15,430 --> 01:25:14,159

close to you and aim a beam of light a

2118

01:25:17,510 --> 01:25:15,440

very narrow

2119

01:25:19,510 --> 01:25:17,520

laser-like beam of light down on the

2120

01:25:21,430 --> 01:25:19,520

ground did you witness that

2121

01:25:24,830 --> 01:25:21,440

we've already we've been talk he's been

2122

01:25:27,990 --> 01:25:24,840

talking about that but uh go ahead

2123

01:25:29,669 --> 01:25:28,000

i didn't know you covered that i'm sorry

2124

01:25:31,189 --> 01:25:29,679

so uh well i'll let you go on to

2125

01:25:32,790 --> 01:25:31,199

somebody else i must have missed it i

2126
01:25:35,189 --> 01:25:32,800
missed some of the show sorry all right

2127
01:25:40,629 --> 01:25:35,199
no problem no problem thank you

2128
01:25:42,790 --> 01:25:40,639
so that number's up um again 207 482-055

2129
01:25:45,910 --> 01:25:42,800
just just on a side note here

2130
01:25:48,070 --> 01:25:45,920
i've been getting a lot of emails a lot

2131
01:25:49,990 --> 01:25:48,080
of people are sending me ufos

2132
01:25:52,390 --> 01:25:50,000
sightings and things that they have

2133
01:25:54,149 --> 01:25:52,400
i do try to return all the emails but do

2134
01:25:57,669 --> 01:25:54,159
keep in mind if you do email me please

2135
01:25:59,110 --> 01:25:57,679
keep it brief because i get so many

2136
01:26:01,110 --> 01:25:59,120
um and

2137
01:26:02,470 --> 01:26:01,120
again i'll try to get back to you i had

2138
01:26:04,310 --> 01:26:02,480

several even

2139

01:26:07,030 --> 01:26:04,320

later to you know right right up against

2140

01:26:11,270 --> 01:26:07,040

the show a number of of emails so that

2141

01:26:16,070 --> 01:26:13,750

and uh we'd like to hear from you

2142

01:26:17,669 --> 01:26:16,080

and this is i'm actually using my

2143

01:26:19,189 --> 01:26:17,679

phone and putting it on top of my

2144

01:26:20,390 --> 01:26:19,199

microphone it seemed like it worked

2145

01:26:21,830 --> 01:26:20,400

pretty good there

2146

01:26:22,709 --> 01:26:21,840

um

2147

01:26:25,910 --> 01:26:22,719

so

2148

01:26:28,070 --> 01:26:25,920

uh as i was saying before the call

2149

01:26:30,149 --> 01:26:28,080

you're a person that likes to stick to

2150

01:26:33,830 --> 01:26:30,159

the facts and and i do

2151
01:26:36,070 --> 01:26:33,840
i do appreciate that um but i'm sure and

2152
01:26:39,669 --> 01:26:36,080
you talked about i think your term was

2153
01:26:42,550 --> 01:26:39,679
everyone sees an elephant differently

2154
01:26:45,430 --> 01:26:42,560
do you think that some of the accounts

2155
01:26:47,430 --> 01:26:45,440
that you hear out there are are pretty

2156
01:26:48,310 --> 01:26:47,440
close to yours or do you think they're

2157
01:26:52,629 --> 01:26:48,320
all

2158
01:26:55,110 --> 01:26:52,639
very variable from person to person

2159
01:26:58,310 --> 01:26:55,120
i think they're variable

2160
01:26:59,350 --> 01:26:58,320
no one comes up i'm not heard in any

2161
01:27:03,110 --> 01:26:59,360
time

2162
01:27:07,430 --> 01:27:03,120
uh over the 41 years i'm not urged

2163
01:27:09,510 --> 01:27:07,440

uh anyone with the same or similar

2164

01:27:10,950 --> 01:27:09,520

instances that happened

2165

01:27:12,229 --> 01:27:10,960

at bendwater

2166

01:27:13,430 --> 01:27:12,239

in woodbridge

2167

01:27:14,390 --> 01:27:13,440

you know

2168

01:27:17,030 --> 01:27:14,400

the

2169

01:27:18,390 --> 01:27:17,040

reason being is i was able to witness

2170

01:27:19,669 --> 01:27:18,400

the

2171

01:27:23,910 --> 01:27:19,679

radiation

2172

01:27:25,270 --> 01:27:23,920

able to describe

2173

01:27:29,430 --> 01:27:25,280

what went on

2174

01:27:30,709 --> 01:27:29,440

and a lot of your ufo sightings

2175

01:27:33,430 --> 01:27:30,719

per se

2176
01:27:35,189 --> 01:27:33,440
are i think some of them they sound like

2177
01:27:37,350 --> 01:27:35,199
they're off the wall

2178
01:27:38,629 --> 01:27:37,360
and you know you come up with all kinds

2179
01:27:41,830 --> 01:27:38,639
of theories

2180
01:27:43,669 --> 01:27:41,840
but i'm not despairing anybody from

2181
01:27:45,750 --> 01:27:43,679
saying what they saw

2182
01:27:47,030 --> 01:27:45,760
some of them some

2183
01:27:51,030 --> 01:27:47,040
legitimate

2184
01:27:53,430 --> 01:27:51,040
and

2185
01:27:54,709 --> 01:27:53,440
you know it's one of those things where

2186
01:27:57,350 --> 01:27:54,719
this time

2187
01:27:58,550 --> 01:27:57,360
the difference was that that our

2188
01:28:00,870 --> 01:27:58,560

encounter

2189

01:28:03,590 --> 01:28:00,880

was witnessed by so many people at the

2190

01:28:05,030 --> 01:28:03,600

same time and so many of us had

2191

01:28:08,950 --> 01:28:05,040

credibility

2192

01:28:11,830 --> 01:28:08,960

that we didn't exaggerate from the truth

2193

01:28:14,870 --> 01:28:11,840

and that's what you have to have

2194

01:28:16,390 --> 01:28:14,880

if you can keep if you can keep

2195

01:28:18,629 --> 01:28:16,400

your story

2196

01:28:21,510 --> 01:28:18,639

in line with truth

2197

01:28:25,270 --> 01:28:21,520

then you can evaluate and you can go

2198

01:28:28,149 --> 01:28:25,280

back over it over and over over again

2199

01:28:31,110 --> 01:28:28,159

and theorize and come up with a reason

2200

01:28:33,110 --> 01:28:31,120

but if you change your story today

2201
01:28:35,669 --> 01:28:33,120
you do it today and then tomorrow you

2202
01:28:36,390 --> 01:28:35,679
come up and you add just a little bit to

2203
01:28:39,110 --> 01:28:36,400
it

2204
01:28:40,950 --> 01:28:39,120
you've already contaminated the story

2205
01:28:42,629 --> 01:28:40,960
then you add a little bit more a little

2206
01:28:44,550 --> 01:28:42,639
bit more than a little bit more than

2207
01:28:47,270 --> 01:28:44,560
over 41 years

2208
01:28:50,070 --> 01:28:47,280
you got a bunch of garbage out there

2209
01:28:53,750 --> 01:28:50,080
and that's the one thing that i have i

2210
01:28:56,229 --> 01:28:53,760
made about myself a long time ago

2211
01:28:57,350 --> 01:28:56,239
more than 41 years ago when i became a

2212
01:28:59,350 --> 01:28:57,360
marine

2213
01:29:01,110 --> 01:28:59,360

i would be the best i could be and do

2214

01:29:03,669 --> 01:29:01,120

the best i could do

2215

01:29:04,870 --> 01:29:03,679

air force tried to stop me and try to

2216

01:29:06,550 --> 01:29:04,880

try to

2217

01:29:09,189 --> 01:29:06,560

discredit me

2218

01:29:10,790 --> 01:29:09,199

with some of the co-call i called them

2219

01:29:12,629 --> 01:29:10,800

uh

2220

01:29:15,510 --> 01:29:12,639

jealous hypocrites that were running

2221

01:29:18,310 --> 01:29:15,520

around the football trying to destroy me

2222

01:29:21,669 --> 01:29:18,320

and the third air force and captain coop

2223

01:29:24,790 --> 01:29:21,679

johnston would be my my boss

2224

01:29:27,510 --> 01:29:24,800

and she was the one that wrote my my

2225

01:29:29,669 --> 01:29:27,520

performance support and i was always on

2226

01:29:33,110 --> 01:29:29,679

nine talking again

2227

01:29:35,350 --> 01:29:33,120

and goku comes on lead they were nine

2228

01:29:36,550 --> 01:29:35,360

and signed by colonel williams they were

2229

01:29:38,950 --> 01:29:36,560

number nine

2230

01:29:41,110 --> 01:29:38,960

so i didn't have anything to hide i kept

2231

01:29:42,950 --> 01:29:41,120

spraying

2232

01:29:45,590 --> 01:29:42,960

and you know and my

2233

01:29:48,550 --> 01:29:45,600

my integrity has stood strong over the

2234

01:29:52,390 --> 01:29:50,310

i'm trying to understand this question

2235

01:29:54,470 --> 01:29:52,400

in chat um

2236

01:29:56,790 --> 01:29:54,480

they want me to ask you

2237

01:29:59,430 --> 01:29:56,800

about the others during that night

2238

01:30:01,270 --> 01:29:59,440

are their views do they agree with you

2239

01:30:02,229 --> 01:30:01,280

or do they agree with halt he's talking

2240

01:30:04,310 --> 01:30:02,239

about

2241

01:30:06,470 --> 01:30:04,320

boston zana but i don't know how to

2242

01:30:08,310 --> 01:30:06,480

pronounce that name england ball

2243

01:30:09,830 --> 01:30:08,320

um

2244

01:30:11,510 --> 01:30:09,840

are there people that i mean are we

2245

01:30:13,590 --> 01:30:11,520

talking about people taking sides with

2246

01:30:14,470 --> 01:30:13,600

oh yeah you're you're more accurate than

2247

01:30:15,669 --> 01:30:14,480

i mean

2248

01:30:18,950 --> 01:30:15,679

i i'm

2249

01:30:21,189 --> 01:30:18,960

trying to understand the question in

2250

01:30:24,390 --> 01:30:21,199

let me particular it this way it doesn't

2251

01:30:26,390 --> 01:30:24,400

bother me which side you take you know i

2252

01:30:29,430 --> 01:30:26,400

guess that way it don't bother me

2253

01:30:31,910 --> 01:30:29,440

because no matter what no my what is fed

2254

01:30:35,270 --> 01:30:31,920

and what is believed the truth will

2255

01:30:37,510 --> 01:30:35,280

always stand above alive and if i tell

2256

01:30:40,550 --> 01:30:37,520

you today that it's red

2257

01:30:42,470 --> 01:30:40,560

tomorrow i go back in there and i say

2258

01:30:45,030 --> 01:30:42,480

well it was red and it had a little bit

2259

01:30:47,590 --> 01:30:45,040

of green in it and then i go back next

2260

01:30:49,590 --> 01:30:47,600

time and then i add some yellow to it

2261

01:30:51,910 --> 01:30:49,600

and then by the time it's all finished

2262

01:30:55,510 --> 01:30:51,920

no covers match up

2263

01:30:56,550 --> 01:30:55,520

and micro my colors span uh my storage

2264

01:30:58,950 --> 01:30:56,560

stand

2265

01:31:00,390 --> 01:30:58,960

proof and i just don't change it i'm not

2266

01:31:01,189 --> 01:31:00,400

gonna change it

2267

01:31:03,510 --> 01:31:01,199

so

2268

01:31:05,350 --> 01:31:03,520

if you take what everybody else has said

2269

01:31:08,149 --> 01:31:05,360

and compare it

2270

01:31:09,830 --> 01:31:08,159

then you can make your own judgment and

2271

01:31:12,470 --> 01:31:09,840

your if you go back

2272

01:31:15,110 --> 01:31:12,480

you'll find that over over the years my

2273

01:31:17,669 --> 01:31:15,120

story very changed very little

2274

01:31:20,470 --> 01:31:17,679

and it and and the others on the other

2275

01:31:22,229 --> 01:31:20,480

hand he's had to and keep adding and

2276

01:31:23,910 --> 01:31:22,239

colonel does

2277

01:31:25,910 --> 01:31:23,920

you know he says one thing and the next

2278

01:31:27,669 --> 01:31:25,920

thing comes up says nothing i don't have

2279

01:31:29,030 --> 01:31:27,679

anything that's colonel hall but he gets

2280

01:31:31,510 --> 01:31:29,040

mad at me

2281

01:31:33,750 --> 01:31:31,520

and he just wrote another book with the

2282

01:31:36,550 --> 01:31:33,760

answer of john hanson

2283

01:31:38,470 --> 01:31:36,560

and he's trying to tear me down

2284

01:31:41,030 --> 01:31:38,480

because i stood for the truth and i

2285

01:31:41,990 --> 01:31:41,040

don't care it don't hurt me it hurts

2286

01:31:42,790 --> 01:31:42,000

them

2287

01:31:45,189 --> 01:31:42,800

and

2288

01:31:47,750 --> 01:31:45,199

if anybody wants to lie about what i say

2289

01:31:50,790 --> 01:31:47,760
they don't hurt me it hurts them

2290

01:31:52,550 --> 01:31:50,800
and i just want change and

2291

01:31:54,550 --> 01:31:52,560
maybe i'm stubborn

2292

01:31:57,910 --> 01:31:54,560
but my grandma was my first real

2293

01:32:00,310 --> 01:31:57,920
instructor and she taught me well

2294

01:32:02,229 --> 01:32:00,320
truth all the time don't ever change it

2295

01:32:02,950 --> 01:32:02,239
and i said okay thank you

2296

01:32:06,709 --> 01:32:02,960
and

2297

01:32:09,270 --> 01:32:06,719
at 73 years old it did pretty good

2298

01:32:10,629 --> 01:32:09,280
uh mark twain had a saying that if you

2299

01:32:12,390 --> 01:32:10,639
tell the truth you don't have to

2300

01:32:13,350 --> 01:32:12,400
remember

2301

01:32:15,510 --> 01:32:13,360

that's it

2302

01:32:18,790 --> 01:32:15,520

yeah

2303

01:32:21,350 --> 01:32:18,800

i always thought that was a good one

2304

01:32:24,709 --> 01:32:21,360

yeah so the line is open

2305

01:32:26,390 --> 01:32:24,719

and that number is 207 482

2306

01:32:27,270 --> 01:32:26,400

0 five five

2307

01:32:28,709 --> 01:32:27,280

six

2308

01:32:31,590 --> 01:32:28,719

um

2309

01:32:34,149 --> 01:32:31,600

if that if this story didn't come out of

2310

01:32:36,390 --> 01:32:34,159

course i would i'd imagine a man of your

2311

01:32:38,229 --> 01:32:36,400

integrity would just have never talked

2312

01:32:40,629 --> 01:32:38,239

about it but hang on just a minute we

2313

01:32:42,790 --> 01:32:40,639

have another caller coming in looks like

2314

01:32:44,470 --> 01:32:42,800

from the

2315

01:32:46,470 --> 01:32:44,480

looks like from east bay california

2316

01:32:50,310 --> 01:32:46,480

hello you're live on the air

2317

01:32:54,950 --> 01:32:51,830

hang on just a second try that again

2318

01:32:56,950 --> 01:32:54,960

your name again yeah uh elton e-l-t-o-n

2319

01:32:57,990 --> 01:32:56,960

oh yeah elton how are you i've talked to

2320

01:32:59,590 --> 01:32:58,000

you before

2321

01:33:02,790 --> 01:32:59,600

hi

2322

01:33:04,229 --> 01:33:02,800

you got a question for our guest alton

2323

01:33:06,790 --> 01:33:04,239

you're gonna have to do you're gonna

2324

01:33:08,790 --> 01:33:06,800

have to mute your mute your computer

2325

01:33:10,310 --> 01:33:08,800

your radio if anyone calls in you're

2326

01:33:12,790 --> 01:33:10,320

going to have to mute your

2327

01:33:16,149 --> 01:33:12,800

your what you're listening on hi martin

2328

01:33:18,950 --> 01:33:16,159

hey elton got a question for our guest

2329

01:33:22,229 --> 01:33:18,960

yes uh i would like to know if he is

2330

01:33:25,030 --> 01:33:22,239

aware of a book called left at eastgate

2331

01:33:27,669 --> 01:33:25,040

written by larry warren he claims to

2332

01:33:29,350 --> 01:33:27,679

have been there it was on the 28th of

2333

01:33:31,750 --> 01:33:29,360

december

2334

01:33:34,070 --> 01:33:31,760

and uh i wonder if he's aware of it and

2335

01:33:36,470 --> 01:33:34,080

what he has to say about that because he

2336

01:33:39,350 --> 01:33:36,480

actually claimed to see

2337

01:33:41,189 --> 01:33:39,360

aliens that look like children so

2338

01:33:43,030 --> 01:33:41,199

yeah i've got something to say about

2339

01:33:45,110 --> 01:33:43,040

that if our guest doesn't

2340

01:33:49,030 --> 01:33:45,120

go ahead

2341

01:33:53,510 --> 01:33:50,950

i cannot believe

2342

01:33:57,030 --> 01:33:53,520

i do not believe that larry warren had

2343

01:33:59,110 --> 01:33:57,040

anything to do with anything out there

2344

01:34:01,830 --> 01:33:59,120

he told too many lies

2345

01:34:04,070 --> 01:34:01,840

stories too many uh

2346

01:34:07,110 --> 01:34:04,080

things that in his all the books have

2347

01:34:08,790 --> 01:34:07,120

been written by bruno and

2348

01:34:10,709 --> 01:34:08,800

you know everybody else

2349

01:34:14,149 --> 01:34:10,719

all of those people that have written

2350

01:34:16,870 --> 01:34:14,159

the books and his story changes so much

2351
01:34:19,350 --> 01:34:16,880
on the internet and everywhere he goes

2352
01:34:20,709 --> 01:34:19,360
and i didn't know it's out there i

2353
01:34:23,189 --> 01:34:20,719
didn't see him

2354
01:34:25,110 --> 01:34:23,199
and you know and

2355
01:34:27,110 --> 01:34:25,120
nobody else seems to have recognized and

2356
01:34:30,070 --> 01:34:27,120
hasn't been out there either

2357
01:34:31,590 --> 01:34:30,080
so i would say that all it is is just a

2358
01:34:35,189 --> 01:34:31,600
ballroom or

2359
01:34:36,390 --> 01:34:35,199
a pub uh pub talk right there you don't

2360
01:34:37,750 --> 01:34:36,400
want to

2361
01:34:40,310 --> 01:34:37,760
sit there and

2362
01:34:41,910 --> 01:34:40,320
add on and take away and

2363
01:34:43,109 --> 01:34:41,920

now that's why that that's the way he

2364

01:34:46,870 --> 01:34:43,119

appears

2365

01:34:48,709 --> 01:34:46,880

and i will not verify him at all yeah i

2366

01:34:50,470 --> 01:34:48,719

think it's uh um elton you're probably

2367

01:34:53,189 --> 01:34:50,480

not aware of this because you had that

2368

01:34:55,590 --> 01:34:53,199

question but it's pretty much

2369

01:34:56,629 --> 01:34:55,600

a given that larry warren

2370

01:34:58,149 --> 01:34:56,639

um

2371

01:35:00,470 --> 01:34:58,159

was using

2372

01:35:02,870 --> 01:35:00,480

second-hand knowledge when he wrote that

2373

01:35:04,790 --> 01:35:02,880

book and he was not there on site it's

2374

01:35:06,790 --> 01:35:04,800

pretty much uh knowledge i do believe it

2375

01:35:08,470 --> 01:35:06,800

was larry warren that first broke the

2376

01:35:10,870 --> 01:35:08,480

story is that right though do you know

2377

01:35:15,590 --> 01:35:12,709

no sir

2378

01:35:17,350 --> 01:35:15,600

how did that first get out then

2379

01:35:21,030 --> 01:35:17,360

well it got out

2380

01:35:22,229 --> 01:35:21,040

i think largely because uh

2381

01:35:24,870 --> 01:35:22,239

uh

2382

01:35:26,629 --> 01:35:24,880

borough was trying to

2383

01:35:30,310 --> 01:35:26,639

get the air force

2384

01:35:31,910 --> 01:35:30,320

or the va to give him uh

2385

01:35:34,870 --> 01:35:31,920

disability

2386

01:35:36,229 --> 01:35:34,880

because he was pushing pushing the story

2387

01:35:39,109 --> 01:35:36,239

very hard

2388

01:35:42,149 --> 01:35:39,119

from the very beginning him and uh

2389

01:35:43,830 --> 01:35:42,159

i think bob benningston and

2390

01:35:46,229 --> 01:35:43,840

colonel hall and all of them they were

2391

01:35:50,790 --> 01:35:46,239

trying to go through the

2392

01:35:55,030 --> 01:35:52,790

classified information

2393

01:35:56,629 --> 01:35:55,040

and they were trying to get get the

2394

01:35:58,950 --> 01:35:56,639

answers for it

2395

01:36:00,629 --> 01:35:58,960

and you know because again a lot of

2396

01:36:03,590 --> 01:36:00,639

disparity there

2397

01:36:05,830 --> 01:36:03,600

but i believe that burl may have been i

2398

01:36:06,870 --> 01:36:05,840

don't know that he was i can't prove

2399

01:36:11,350 --> 01:36:06,880

that

2400

01:36:13,910 --> 01:36:11,360

his uh

2401

01:36:17,510 --> 01:36:13,920

stories that he did come through i did

2402

01:36:20,790 --> 01:36:17,520

my first story on 2003

2403

01:36:23,189 --> 01:36:20,800

and it had been out far to that

2404

01:36:25,910 --> 01:36:23,199

so i don't know you know i really i

2405

01:36:29,109 --> 01:36:27,590

all right well then the other thought i

2406

01:36:31,270 --> 01:36:29,119

had

2407

01:36:33,270 --> 01:36:31,280

when this thing happened

2408

01:36:36,470 --> 01:36:33,280

was it something that

2409

01:36:39,990 --> 01:36:36,480

was very puzzling that you thought about

2410

01:36:41,910 --> 01:36:40,000

over the years before the story came out

2411

01:36:44,149 --> 01:36:41,920

it was by me i thought about it and

2412

01:36:46,070 --> 01:36:44,159

talked about it all about everything for

2413

01:36:48,629 --> 01:36:46,080

the last 41 years

2414

01:36:52,229 --> 01:36:48,639

i was a bartender in the uh

2415

01:36:53,590 --> 01:36:52,239

nco clubs and all those clubs and army

2416

01:36:56,229 --> 01:36:53,600

navy

2417

01:36:57,510 --> 01:36:56,239

army in the air force and uh

2418

01:36:59,910 --> 01:36:57,520

you know so i

2419

01:37:02,390 --> 01:36:59,920

i talked you know as bartender

2420

01:37:03,830 --> 01:37:02,400

and i'd get in with you all especially

2421

01:37:05,750 --> 01:37:03,840

with the officers

2422

01:37:07,910 --> 01:37:05,760

and you know pilots and stuff and we

2423

01:37:10,950 --> 01:37:07,920

were always talking about

2424

01:37:12,470 --> 01:37:10,960

uh experiences that we had seen you know

2425

01:37:15,669 --> 01:37:12,480

flying and

2426

01:37:18,629 --> 01:37:15,679

uh things of that nature so it was easy

2427

01:37:19,669 --> 01:37:18,639

for me to communicate and always have it

2428

01:37:20,790 --> 01:37:19,679

back

2429

01:37:23,350 --> 01:37:20,800

listening

2430

01:37:25,030 --> 01:37:23,360

but you know in eight

2431

01:37:29,030 --> 01:37:25,040

i mean uh

2432

01:37:31,109 --> 01:37:29,040

was 83 i believe it was

2433

01:37:34,149 --> 01:37:31,119

when they first started doing my my

2434

01:37:37,350 --> 01:37:34,159

recording i did one with find gumbel i

2435

01:37:39,830 --> 01:37:37,360

think it was or invasion that renders

2436

01:37:41,830 --> 01:37:39,840

from forest something like that i still

2437

01:37:45,350 --> 01:37:41,840

have a vhf

2438

01:37:50,550 --> 01:37:48,310

what about the um i was told by i can't

2439

01:37:53,830 --> 01:37:50,560

remember if it was john burroughs or

2440

01:37:56,790 --> 01:37:53,840

john i mean our or charles halt

2441

01:37:59,030 --> 01:37:56,800

or chuck as he likes to be called um

2442

01:38:00,870 --> 01:37:59,040

they s one of those twos told me that

2443

01:38:03,350 --> 01:38:00,880

they thought the

2444

01:38:05,350 --> 01:38:03,360

the original unsolved mysteries was very

2445

01:38:08,709 --> 01:38:05,360

accurate what did you think about that

2446

01:38:12,950 --> 01:38:10,390

um maybe

2447

01:38:14,470 --> 01:38:12,960

the original unsolved mysteries when was

2448

01:38:17,189 --> 01:38:14,480

that recorded

2449

01:38:19,189 --> 01:38:17,199

um it was fairly early because they're

2450

01:38:21,590 --> 01:38:19,199

pretty young looking looks like i have

2451

01:38:23,750 --> 01:38:21,600

another call coming in so we'll hold

2452

01:38:26,149 --> 01:38:23,760

that thought for right now

2453

01:38:28,950 --> 01:38:26,159

uh caller you are on the air live

2454

01:38:31,830 --> 01:38:28,960

welcome to the show your first name

2455

01:38:33,189 --> 01:38:31,840

joanie hi how are you where are you

2456

01:38:35,350 --> 01:38:33,199

calling from

2457

01:38:37,030 --> 01:38:35,360

yeah

2458

01:38:38,550 --> 01:38:37,040

oh okay you have a question for our

2459

01:38:40,629 --> 01:38:38,560

guest tonight

2460

01:38:42,709 --> 01:38:40,639

yes i do have he ever discussed this

2461

01:38:46,149 --> 01:38:42,719

with linda lolden

2462

01:38:47,270 --> 01:38:46,159

yeah he talked about that earlier yes

2463

01:38:49,030 --> 01:38:47,280

sorry

2464

01:38:55,669 --> 01:38:49,040

well has he ever

2465

01:38:59,270 --> 01:38:57,669

about what have you talked with nick

2466

01:39:00,629 --> 01:38:59,280

pope about this do you do you know who

2467

01:39:04,870 --> 01:39:00,639

nick pope is

2468

01:39:08,470 --> 01:39:04,880

yeah yes nick pope nick pope and uh

2469

01:39:12,629 --> 01:39:10,950

nick pope and paranormal witness i

2470

01:39:13,750 --> 01:39:12,639

believe it was

2471

01:39:17,750 --> 01:39:13,760

did a

2472

01:39:20,950 --> 01:39:17,760

film on me and if you look on uh

2473

01:39:22,070 --> 01:39:20,960

i think it's on uh let me think history

2474

01:39:25,590 --> 01:39:22,080

channel

2475

01:39:26,950 --> 01:39:25,600

and it's called uh left let's say what

2476

01:39:28,870 --> 01:39:26,960

was it it was

2477

01:39:29,669 --> 01:39:28,880

nukes and

2478

01:39:32,709 --> 01:39:29,679

uh

2479

01:39:35,350 --> 01:39:32,719

ufos and nukes or something like that

2480

01:39:36,470 --> 01:39:35,360

and if you go on to uh

2481

01:39:46,870 --> 01:39:36,480

uh

2482

01:39:48,390 --> 01:39:46,880

was done

2483

01:39:51,350 --> 01:39:48,400

uh again

2484

01:39:53,750 --> 01:39:51,360

and those are reported but uh nick pope

2485

01:39:54,629 --> 01:39:53,760

did the entire interview with me for the

2486

01:39:56,709 --> 01:39:54,639

uh

2487

01:39:58,229 --> 01:39:56,719

the last one that i did

2488

01:40:01,270 --> 01:39:58,239

and uh

2489

01:40:02,870 --> 01:40:01,280

he did that story on nukes and radiation

2490

01:40:04,149 --> 01:40:02,880

so i'm on there

2491

01:40:06,390 --> 01:40:04,159

briefly

2492

01:40:08,709 --> 01:40:06,400

and uh that was when he talked but he

2493

01:40:11,030 --> 01:40:08,719

did the entire interview with me

2494

01:40:14,950 --> 01:40:11,040

i don't think could uh folks like what i

2495

01:40:16,149 --> 01:40:14,960

had to say sometimes but that was okay

2496

01:40:18,310 --> 01:40:16,159

you know

2497

01:40:19,189 --> 01:40:18,320

that's what that's the way it goes you

2498

01:40:20,830 --> 01:40:19,199

know

2499

01:40:24,470 --> 01:40:20,840

he asked me off

2500

01:40:26,709 --> 01:40:24,480

off scene you know off the show what i

2501

01:40:29,750 --> 01:40:26,719

thought and i told him and uh

2502

01:40:31,189 --> 01:40:29,760

it didn't line up with the narrative and

2503

01:40:32,950 --> 01:40:31,199

uh so

2504

01:40:35,030 --> 01:40:32,960

we left it at that

2505

01:40:37,270 --> 01:40:35,040

but i did go out to

2506

01:40:40,870 --> 01:40:37,280

los angeles california

2507

01:40:43,270 --> 01:40:40,880

and uh did a show out there twice

2508

01:40:44,390 --> 01:40:43,280

one with pope and one with another

2509

01:40:49,189 --> 01:40:44,400

company

2510

01:40:51,430 --> 01:40:49,199

they

2511

01:40:53,270 --> 01:40:51,440

put a lot of uh

2512

01:40:55,430 --> 01:40:53,280

uh

2513

01:40:57,189 --> 01:40:55,440

fiction in their nonfiction you know put

2514

01:40:59,109 --> 01:40:57,199

it in there where in other words it

2515

01:41:01,990 --> 01:40:59,119

wasn't what i said it was

2516

01:41:04,629 --> 01:41:02,000

made it look like i was just the you

2517

01:41:06,870 --> 01:41:04,639

know the wrong person on there

2518

01:41:09,189 --> 01:41:06,880

and uh it wasn't accurate

2519

01:41:11,990 --> 01:41:09,199

but that was okay

2520

01:41:14,390 --> 01:41:12,000

and uh they cried to faith and come all

2521

01:41:17,430 --> 01:41:14,400

called me up on the last one

2522

01:41:19,910 --> 01:41:17,440

and asked me if i said that

2523

01:41:21,990 --> 01:41:19,920

uh that a beam came down and burned a

2524

01:41:24,950 --> 01:41:22,000

hole in the uh

2525

01:41:27,830 --> 01:41:24,960

uh bunker and i told him no

2526

01:41:30,310 --> 01:41:27,840

and he said well boy they should try to

2527

01:41:32,390 --> 01:41:30,320

make you say that it did

2528

01:41:36,310 --> 01:41:32,400

and i said well

2529

01:41:39,350 --> 01:41:36,320

what they told me was uh what they did

2530

01:41:40,629 --> 01:41:39,360

is they took out the i heard part of it

2531

01:41:42,950 --> 01:41:40,639

and left it

2532

01:41:45,270 --> 01:41:42,960

and said that i had said that there was

2533

01:41:46,229 --> 01:41:45,280

a whole burn and made nuclear weapons

2534

01:41:48,149 --> 01:41:46,239

board

2535

01:41:49,830 --> 01:41:48,159

and i didn't say that i

2536

01:41:52,709 --> 01:41:49,840

heard that before

2537

01:41:55,270 --> 01:41:52,719

yeah so that's how that got out yeah

2538

01:41:57,270 --> 01:41:55,280

that happens a lot unfortunately uh on

2539

01:41:58,470 --> 01:41:57,280

the cutting room floor as they say

2540

01:42:03,590 --> 01:41:58,480

things change

2541

01:42:05,270 --> 01:42:03,600

um so when this this was um

2542

01:42:07,189 --> 01:42:05,280

uh happening

2543

01:42:09,030 --> 01:42:07,199

um oh wait a minute i wanted to finish

2544

01:42:12,470 --> 01:42:09,040

up the thought about uh unsolved

2545

01:42:14,870 --> 01:42:12,480

mysteries that was back in 1991

2546

01:42:17,830 --> 01:42:14,880

and when that when that came out with uh

2547

01:42:19,590 --> 01:42:17,840

with stack um as the host

2548

01:42:21,270 --> 01:42:19,600

do you think anything that you've

2549

01:42:22,709 --> 01:42:21,280

watched over the years

2550

01:42:24,470 --> 01:42:22,719

i guess i'll put it that way and the

2551
01:42:26,310 --> 01:42:24,480
reason i'm asking this is for someone

2552
01:42:28,790 --> 01:42:26,320
that's listening to the show if there's

2553
01:42:30,629 --> 01:42:28,800
an account out there that you think is

2554
01:42:32,950 --> 01:42:30,639
pretty darn good is there any in

2555
01:42:35,910 --> 01:42:32,960
particular you can recommend someone

2556
01:42:40,950 --> 01:42:37,910
not as uh

2557
01:42:43,270 --> 01:42:40,960
per say that's what i would recommend

2558
01:42:44,390 --> 01:42:43,280
and i i feel this is the best thing you

2559
01:42:49,109 --> 01:42:44,400
can do

2560
01:42:51,109 --> 01:42:49,119
is the book that jim bennington or rose

2561
01:42:53,590 --> 01:42:51,119
and render from enigma

2562
01:42:54,870 --> 01:42:53,600
is the most accurate

2563
01:42:57,109 --> 01:42:54,880

of all

2564

01:42:59,669 --> 01:42:57,119

books that have been written his is both

2565

01:43:01,990 --> 01:42:59,679

accurate and the most thorough

2566

01:43:04,550 --> 01:43:02,000

of the whole encounter

2567

01:43:07,030 --> 01:43:04,560

and if you read that you can listen to

2568

01:43:09,030 --> 01:43:07,040

that and you can hear what he is saying

2569

01:43:10,870 --> 01:43:09,040

and with an open mind you can see what

2570

01:43:13,750 --> 01:43:10,880

he's talking about

2571

01:43:15,430 --> 01:43:13,760

and that is a disparity of what some

2572

01:43:17,350 --> 01:43:15,440

people have said

2573

01:43:20,149 --> 01:43:17,360

but uh

2574

01:43:21,109 --> 01:43:20,159

you know that uh that book was written

2575

01:43:24,550 --> 01:43:21,119

very

2576

01:43:25,990 --> 01:43:24,560

you know gary uh wrote and uh tim

2577

01:43:28,470 --> 01:43:26,000

fenningson wrote

2578

01:43:29,910 --> 01:43:28,480

though that was the the best that i've

2579

01:43:32,629 --> 01:43:29,920

seen

2580

01:43:35,590 --> 01:43:32,639

yes i i did want to mention that that's

2581

01:43:39,430 --> 01:43:35,600

also in the show notes as well as on the

2582

01:43:42,470 --> 01:43:39,440

text of uh of uh this

2583

01:43:44,470 --> 01:43:42,480

youtube etc so if someone wants to uh

2584

01:43:46,870 --> 01:43:44,480

get that book i've got one coming in the

2585

01:43:49,750 --> 01:43:46,880

mail i'm pretty excited about uh i can't

2586

01:43:54,870 --> 01:43:49,760

wait to read it so we have about four

2587

01:43:57,030 --> 01:43:54,880

minutes or so left and so um

2588

01:43:59,990 --> 01:43:57,040

as i was i was kind of hinting around i

2589

01:44:01,990 --> 01:44:00,000

think we got a break from a call but if

2590

01:44:04,709 --> 01:44:02,000

this had never

2591

01:44:05,669 --> 01:44:04,719

come out um at all

2592

01:44:07,669 --> 01:44:05,679

and

2593

01:44:08,870 --> 01:44:07,679

do you think you have just plain kept it

2594

01:44:11,030 --> 01:44:08,880

to yourself

2595

01:44:13,669 --> 01:44:11,040

and just think that it wasn't that big

2596

01:44:15,750 --> 01:44:13,679

of a deal or when you saw it you know so

2597

01:44:17,830 --> 01:44:15,760

sensationalized did you think it was

2598

01:44:21,350 --> 01:44:17,840

over the top what was your thoughts as

2599

01:44:23,510 --> 01:44:21,360

you as you went along um

2600

01:44:25,430 --> 01:44:23,520

on how this story progressed in

2601

01:44:28,149 --> 01:44:25,440

different ways

2602

01:44:30,790 --> 01:44:28,159

well i never kept it to myself you know

2603

01:44:34,950 --> 01:44:30,800

after i found out it was declassified

2604

01:44:36,550 --> 01:44:34,960

yeah and was no no longer top secret i

2605

01:44:37,669 --> 01:44:36,560

spoke out

2606

01:44:40,070 --> 01:44:37,679

you know

2607

01:44:41,590 --> 01:44:40,080

and you have a cell clearance if you if

2608

01:44:42,870 --> 01:44:41,600

you go out and

2609

01:44:44,790 --> 01:44:42,880

uh

2610

01:44:46,550 --> 01:44:44,800

leak out a little bit here and a little

2611

01:44:48,629 --> 01:44:46,560

bit there and a little bit more over

2612

01:44:50,550 --> 01:44:48,639

there eventually it's watered down and

2613

01:44:52,870 --> 01:44:50,560

everybody knows everything

2614

01:44:54,310 --> 01:44:52,880

but when it was declassified that's when

2615

01:44:56,390 --> 01:44:54,320

i spoke out

2616

01:44:59,350 --> 01:44:56,400

and but i've always

2617

01:45:01,430 --> 01:44:59,360

encountered not the full details but i

2618

01:45:04,070 --> 01:45:01,440

would tell them what i've seen well you

2619

01:45:06,790 --> 01:45:04,080

know all of them how they're transpired

2620

01:45:09,510 --> 01:45:06,800

how i got out there et cetera et cetera

2621

01:45:10,950 --> 01:45:09,520

with my supervisors and and things that

2622

01:45:12,390 --> 01:45:10,960

i had done

2623

01:45:15,350 --> 01:45:12,400

and uh

2624

01:45:18,310 --> 01:45:15,360

then when it once it was released then

2625

01:45:20,950 --> 01:45:18,320

yes i started speaking of it more

2626

01:45:22,790 --> 01:45:20,960

and you know we're glad to talk to

2627

01:45:25,109 --> 01:45:22,800

anybody about it and

2628

01:45:27,270 --> 01:45:25,119

people that know me over the years have

2629

01:45:28,550 --> 01:45:27,280

come to me and asked me

2630

01:45:30,870 --> 01:45:28,560

what my

2631

01:45:33,189 --> 01:45:30,880

encounter was what i thought and what i

2632

01:45:35,590 --> 01:45:33,199

did in court tell them

2633

01:45:37,430 --> 01:45:35,600

and but it never changed it was always

2634

01:45:40,149 --> 01:45:37,440

the same thing

2635

01:45:41,430 --> 01:45:40,159

yeah yeah and are you do you keep in

2636

01:45:44,310 --> 01:45:41,440

touch with

2637

01:45:45,750 --> 01:45:44,320

almost everyone or are there some people

2638

01:45:47,430 --> 01:45:45,760

that you've heard talk that you never

2639

01:45:49,189 --> 01:45:47,440

want to even talk

2640

01:45:52,470 --> 01:45:49,199

uh talk to uh

2641

01:45:55,750 --> 01:45:52,480

for their story because of their stories

2642

01:45:59,030 --> 01:45:55,760

i will talk to anybody and i will answer

2643

01:46:01,350 --> 01:45:59,040

the emails to anybody and you know it

2644

01:46:02,550 --> 01:46:01,360

don't bother me because

2645

01:46:04,390 --> 01:46:02,560

i mean

2646

01:46:07,030 --> 01:46:04,400

if you don't talk about it then nobody

2647

01:46:09,109 --> 01:46:07,040

knows anything and then if you tell the

2648

01:46:10,629 --> 01:46:09,119

proof and you keep telling the truth and

2649

01:46:12,629 --> 01:46:10,639

keep coming through the venture

2650

01:46:16,229 --> 01:46:12,639

somebody's to believe it

2651
01:46:19,669 --> 01:46:16,239
and that's the way i do and i hope

2652
01:46:23,030 --> 01:46:19,679
that what i am when i talk about it

2653
01:46:26,310 --> 01:46:23,040
my main my main concern is hey

2654
01:46:28,390 --> 01:46:26,320
this did happen you can hypothesize and

2655
01:46:29,990 --> 01:46:28,400
say what you want to about what you

2656
01:46:31,030 --> 01:46:30,000
think it is

2657
01:46:35,350 --> 01:46:31,040
but

2658
01:46:38,550 --> 01:46:35,360
themselves and then

2659
01:46:40,550 --> 01:46:38,560
go from there and see what you could

2660
01:46:44,470 --> 01:46:40,560
figure out could have

2661
01:46:46,310 --> 01:46:44,480
happened but keep the facts straight

2662
01:46:49,910 --> 01:46:46,320
i appreciate that very much it's been a

2663
01:46:51,350 --> 01:46:49,920

real pleasure talking to you tonight

2664

01:46:54,950 --> 01:46:51,360
