KEVIN RANDLE

ALBERT WAIN

1
00:00:38,549 --> 00:00:09,660

[Music]

2
00:00:42,470 --> 00:00:40,549

hello and welcome to the show i'm martin

3
00:00:45,910 --> 00:00:42,480

willis your host and we have a great

4
00:00:47,029 --> 00:00:45,920

show for you this evening i'm actually

5
00:00:48,310 --> 00:00:47,039

not here

6
00:00:49,830 --> 00:00:48,320

uh well

7
00:00:51,670 --> 00:00:49,840

what i'm saying is this is a

8
00:00:52,549 --> 00:00:51,680

pre-recorded show

9
00:00:54,869 --> 00:00:52,559

and

10
00:00:57,990 --> 00:00:54,879

i'm not here live um

11
00:01:01,110 --> 00:00:58,000

i'm off the grid when this is airing so

12
00:01:03,510 --> 00:01:01,120

um anyway i thought i would put this up

13
00:01:06,630 --> 00:01:03,520

and do a pre-record with two great

14

00:01:09,270 --> 00:01:06,640

guests the first one coming up is kevin

15

00:01:11,990 --> 00:01:09,280

randle's been on the show many times um

16

00:01:14,310 --> 00:01:12,000

he's a prolific writer he's got a book

17

00:01:17,030 --> 00:01:14,320

coming out level end

18

00:01:18,710 --> 00:01:17,040

about a 1957 ufo encounter we're going

19

00:01:19,990 --> 00:01:18,720

to be talking about that

20

00:01:21,590 --> 00:01:20,000

in the second

21

00:01:25,510 --> 00:01:21,600

half of the show

22

00:01:28,950 --> 00:01:25,520

i invited albert wayne albert was on the

23

00:01:31,749 --> 00:01:28,960

show talked about a very unusual

24

00:01:34,870 --> 00:01:31,759

and really credible sighting that he had

25

00:01:37,510 --> 00:01:34,880

many years ago and so i invited him back

26

00:01:39,030 --> 00:01:37,520

because in our conversation off air he

27

00:01:40,870 --> 00:01:39,040

told me there's other things that have

28

00:01:41,830 --> 00:01:40,880

happened to his family and i thought his

29

00:01:42,630 --> 00:01:41,840

story

30

00:01:45,270 --> 00:01:42,640

was

31

00:01:47,749 --> 00:01:45,280

really so fascinating that i wanted to

32

00:01:50,149 --> 00:01:47,759

ask him more details so look for that in

33

00:01:52,710 --> 00:01:50,159

the second half so we'll be back live

34

00:01:54,710 --> 00:01:52,720

next week as usual for now i'm going to

35

00:01:55,910 --> 00:01:54,720

bring in my guest and what just one

36

00:01:57,510 --> 00:01:55,920

other thing thank you so much for

37

00:01:58,709 --> 00:01:57,520

supporting the show

38

00:02:01,429 --> 00:01:58,719

i don't know what the blog is going to

39

00:02:04,630 --> 00:02:01,439

be this week but it should there should

40

00:02:07,030 --> 00:02:04,640

be a new blog up there and if remember

41

00:02:08,630 --> 00:02:07,040

if you want to find out what's coming up

42

00:02:10,710 --> 00:02:08,640

every week all you have to do is go to

43

00:02:12,710 --> 00:02:10,720

podcastufo.com

44

00:02:14,470 --> 00:02:12,720

and sign up on the newsletter on the

45

00:02:17,270 --> 00:02:14,480

side and then you'll know what's going

46

00:02:20,070 --> 00:02:17,280

on so here we go with kevin welcome

47

00:02:22,390 --> 00:02:20,080

kevin it's always great to have you on

48

00:02:24,949 --> 00:02:22,400

well thank you appreciate being here

49

00:02:26,309 --> 00:02:24,959

yeah i'm there yeah

50

00:02:28,949 --> 00:02:26,319

here we're not really here but we're

51
00:02:31,110 --> 00:02:28,959
here so uh and i appreciate you uh

52
00:02:33,830 --> 00:02:31,120
accommodating this time that we can

53
00:02:36,229 --> 00:02:33,840
record so you have a great book but

54
00:02:38,630 --> 00:02:36,239
before that i've i always say when you

55
00:02:41,190 --> 00:02:38,640
come on the show that you are one of the

56
00:02:42,949 --> 00:02:41,200
real balanced people out there and i

57
00:02:45,430 --> 00:02:42,959
defer to you when i'm

58
00:02:47,270 --> 00:02:45,440
in your work when i'm looking up

59
00:02:49,750 --> 00:02:47,280
something so many times

60
00:02:51,430 --> 00:02:49,760
uh you have helped me and you don't even

61
00:02:54,070 --> 00:02:51,440
know it and that's by

62
00:02:56,869 --> 00:02:54,080
writing a real balanced blog

63
00:02:59,350 --> 00:02:56,879

and about what is happening i'm going to

64

00:03:01,110 --> 00:02:59,360

pull that up right now your blog

65

00:03:01,990 --> 00:03:01,120

a different perspective

66

00:03:04,630 --> 00:03:02,000

and

67

00:03:05,910 --> 00:03:04,640

i i just think you again you're not only

68

00:03:08,390 --> 00:03:05,920

helping me you're helping a lot of

69

00:03:10,949 --> 00:03:08,400

people just get a real clear

70

00:03:13,509 --> 00:03:10,959

perspective about what is happening

71

00:03:16,309 --> 00:03:13,519

uh on or what happened i should say in a

72

00:03:18,229 --> 00:03:16,319

ufo encounter that

73

00:03:19,670 --> 00:03:18,239

a lot of times i will look at something

74

00:03:21,030 --> 00:03:19,680

and think wow there's really something

75

00:03:23,589 --> 00:03:21,040

to that

76
00:03:25,750 --> 00:03:23,599
and then you explain the whole thing and

77
00:03:27,990 --> 00:03:25,760
why there wasn't something to that

78
00:03:29,270 --> 00:03:28,000
and so while i have this up here let's

79
00:03:31,030 --> 00:03:29,280
talk about your

80
00:03:32,390 --> 00:03:31,040
your last blog

81
00:03:33,350 --> 00:03:32,400
here

82
00:03:36,789 --> 00:03:33,360
and

83
00:03:39,670 --> 00:03:36,799
it's about the cigar ufo

84
00:03:43,110 --> 00:03:39,680
um sightings because i i have kind of a

85
00:03:43,910 --> 00:03:43,120
a story on that myself that i'd like to

86
00:03:46,789 --> 00:03:43,920
share

87
00:03:48,789 --> 00:03:46,799
but so what was what initiated you

88
00:03:51,270 --> 00:03:48,799

writing that particular blog

89

00:03:53,350 --> 00:03:51,280

i'd come across a number of um

90

00:03:54,869 --> 00:03:53,360

ufo sightings that had just been

91

00:03:55,990 --> 00:03:54,879

recently

92

00:03:57,910 --> 00:03:56,000

published

93

00:03:59,589 --> 00:03:57,920

people had talked to me about that dealt

94

00:04:01,830 --> 00:03:59,599

with cigar-shaped craft i noticed a

95

00:04:03,030 --> 00:04:01,840

triangular triangle shaped craft has

96

00:04:04,949 --> 00:04:03,040

made a

97

00:04:06,470 --> 00:04:04,959

quite a comeback right or not

98

00:04:08,070 --> 00:04:06,480

necessarily come back in appearance and

99

00:04:09,589 --> 00:04:08,080

a lot of a lot of the sightings are

100

00:04:10,789 --> 00:04:09,599

triangular shaped objects and i wonder

101
00:04:12,949 --> 00:04:10,799
if there's not some terrestrial

102
00:04:15,350 --> 00:04:12,959
explanation for them because they become

103
00:04:17,909 --> 00:04:15,360
so prevalent we know with the b-2 bomber

104
00:04:19,509 --> 00:04:17,919
and the f-111 they have a basically

105
00:04:21,189 --> 00:04:19,519
triangular shape and i wonder if the

106
00:04:23,510 --> 00:04:21,199
next generation of

107
00:04:24,950 --> 00:04:23,520
military aircraft isn't responsible for

108
00:04:27,030 --> 00:04:24,960
a great number of the triangular shaped

109
00:04:28,790 --> 00:04:27,040
objects but looking at this i also

110
00:04:30,550 --> 00:04:28,800
noticed that the a lot of people were

111
00:04:33,110 --> 00:04:30,560
talking about cigar shaped craft or what

112
00:04:36,390 --> 00:04:33,120
now i guess has become tic tacs

113
00:04:38,629 --> 00:04:36,400

they're somewhat cigar shaped so i'd uh

114

00:04:41,830 --> 00:04:38,639

found a number of instances of people

115

00:04:44,310 --> 00:04:41,840

reporting cigar shaped craft in the last

116

00:04:45,749 --> 00:04:44,320

few months so i thought i would just

117

00:04:47,189 --> 00:04:45,759

provide a little bit of information

118

00:04:48,550 --> 00:04:47,199

about that in places where people could

119

00:04:50,310 --> 00:04:48,560

go to

120

00:04:52,550 --> 00:04:50,320

discover more information about that if

121

00:04:55,430 --> 00:04:52,560

that was something that interest them

122

00:04:56,870 --> 00:04:55,440

right and also about the car sawing

123

00:04:58,310 --> 00:04:56,880

because i think that is that's

124

00:05:01,029 --> 00:04:58,320

fascinating we're going to get into that

125

00:05:04,150 --> 00:05:01,039

as well as when we talk about your book

126

00:05:07,189 --> 00:05:04,160

but um but there that is a phenomenon

127

00:05:09,749 --> 00:05:07,199

now i i love and and this this the

128

00:05:11,749 --> 00:05:09,759

second guest on the show i love to hear

129

00:05:14,150 --> 00:05:11,759

stories that i've never heard before

130

00:05:15,430 --> 00:05:14,160

that it's say the average person out

131

00:05:19,110 --> 00:05:15,440

there all of a sudden there's a

132

00:05:20,629 --> 00:05:19,120

happenstance well uh our guest albert

133

00:05:22,870 --> 00:05:20,639

happened to listen to my show because he

134

00:05:25,670 --> 00:05:22,880

had an interest because he had a ufo

135

00:05:27,830 --> 00:05:25,680

sighting so i love hearing those stories

136

00:05:29,590 --> 00:05:27,840

and i have to tell you of a situation

137

00:05:31,909 --> 00:05:29,600

that happened

138

00:05:34,310 --> 00:05:31,919

when i was visiting russia my

139

00:05:36,230 --> 00:05:34,320

ex-girlfriend's father

140

00:05:38,710 --> 00:05:36,240

was driving through a pass

141

00:05:39,909 --> 00:05:38,720

and he was describing this and she was

142

00:05:41,430 --> 00:05:39,919

translating

143

00:05:43,430 --> 00:05:41,440

driving through a pass in russia and

144

00:05:45,590 --> 00:05:43,440

then he we drove out to the past real

145

00:05:47,110 --> 00:05:45,600

busy traffic i don't know how this could

146

00:05:48,790 --> 00:05:47,120

have happened the way it did but it was

147

00:05:50,070 --> 00:05:48,800

busy when we were there maybe it was a

148

00:05:52,710 --> 00:05:50,080

time of day

149

00:05:55,510 --> 00:05:52,720

so he's driving through the pass and all

150

00:05:58,390 --> 00:05:55,520

of a sudden his car stalls and everyone

151

00:06:00,230 --> 00:05:58,400

else's car stalled around him

152

00:06:01,749 --> 00:06:00,240

they all get out

153

00:06:03,270 --> 00:06:01,759

and they're pulling up their hoods

154

00:06:04,950 --> 00:06:03,280

they're off to the side of the road

155

00:06:07,350 --> 00:06:04,960

they're pulling up their hoods trying to

156

00:06:10,870 --> 00:06:07,360

check out what's going on and just then

157

00:06:13,189 --> 00:06:10,880

this huge cigar-shaped craft

158

00:06:16,629 --> 00:06:13,199

floated through the pass

159

00:06:18,790 --> 00:06:16,639

he said he looked up it had portholes

160

00:06:20,469 --> 00:06:18,800

and floated through

161

00:06:21,590 --> 00:06:20,479

and then someone

162

00:06:23,990 --> 00:06:21,600

and then

163

00:06:25,350 --> 00:06:24,000

just really slow no noise

164

00:06:27,670 --> 00:06:25,360

and so

165

00:06:29,110 --> 00:06:27,680

someone got in their car and it started

166

00:06:31,189 --> 00:06:29,120

and they all looked at each other like

167

00:06:32,870 --> 00:06:31,199

shaking their heads all got in their car

168

00:06:36,070 --> 00:06:32,880

and drove off nobody talked to anyone

169

00:06:38,629 --> 00:06:36,080

about it i mean there's another stall

170

00:06:41,189 --> 00:06:38,639

case i mean did he did he start the car

171

00:06:43,350 --> 00:06:41,199

did it start spontaneously

172

00:06:45,029 --> 00:06:43,360

you know that's something if i get get a

173

00:06:47,510 --> 00:06:45,039

chance to ever speak to him again i

174

00:06:49,189 --> 00:06:47,520

didn't ask him that question i assumed

175

00:06:51,430 --> 00:06:49,199

everyone just turned the key

176

00:06:53,270 --> 00:06:51,440

but there are cases where things will

177

00:06:55,430 --> 00:06:53,280

just start on their own

178

00:06:57,670 --> 00:06:55,440

most of the time it takes an action by

179

00:06:59,990 --> 00:06:57,680

the driver to start the car yeah and

180

00:07:01,510 --> 00:07:00,000

it's a misconception for those of us

181

00:07:04,550 --> 00:07:01,520

studying the the

182

00:07:06,790 --> 00:07:04,560

vehicle interference cases that the cars

183

00:07:08,150 --> 00:07:06,800

start spontaneously the headlights come

184

00:07:09,589 --> 00:07:08,160

back on

185

00:07:11,270 --> 00:07:09,599

and that makes sense the condom

186

00:07:13,670 --> 00:07:11,280

committee the university of colorado

187

00:07:15,350 --> 00:07:13,680

study funded by the air force refused to

188

00:07:16,550 --> 00:07:15,360

look at the level land sightings for

189

00:07:17,589 --> 00:07:16,560

example

190

00:07:19,189 --> 00:07:17,599

or other

191

00:07:20,710 --> 00:07:19,199

really sightings about this kind of a

192

00:07:23,510 --> 00:07:20,720

phenomenon because

193

00:07:25,990 --> 00:07:23,520

they could think of no way a magnetic

194

00:07:28,070 --> 00:07:26,000

field could stall a car engine

195

00:07:30,469 --> 00:07:28,080

and then have it remove the field the

196

00:07:31,990 --> 00:07:30,479

car engine would start spontaneously

197

00:07:34,710 --> 00:07:32,000

somebody would have to take an action

198

00:07:36,469 --> 00:07:34,720

and i began looking at the cases

199

00:07:39,430 --> 00:07:36,479

mark rodinge done some

200

00:07:41,749 --> 00:07:39,440

done a preliminary study in 1985 of some

201
00:07:44,550 --> 00:07:41,759
400 cases of car

202
00:07:46,070 --> 00:07:44,560
or vehicle interference type stories and

203
00:07:48,469 --> 00:07:46,080
i got to looking through that looking to

204
00:07:50,710 --> 00:07:48,479
see if there were

205
00:07:52,550 --> 00:07:50,720
indications of what happened

206
00:07:54,710 --> 00:07:52,560
and most of the time it said

207
00:07:56,550 --> 00:07:54,720
it would say well the car started

208
00:07:58,550 --> 00:07:56,560
normally or i could start the car or

209
00:08:00,869 --> 00:07:58,560
something like that very few cases did

210
00:08:02,629 --> 00:08:00,879
they say it started spontaneously in the

211
00:08:04,309 --> 00:08:02,639
level land sightings there were people

212
00:08:05,990 --> 00:08:04,319
at many different locations

213
00:08:07,990 --> 00:08:06,000

independently reporting the craft coming

214

00:08:10,309 --> 00:08:08,000

close installing the car

215

00:08:12,710 --> 00:08:10,319

and only one of those did the guy say it

216

00:08:14,790 --> 00:08:12,720

started spontaneously and he insisted on

217

00:08:17,029 --> 00:08:14,800

that it seemed the others had to take an

218

00:08:19,350 --> 00:08:17,039

action to get their car started so when

219

00:08:21,350 --> 00:08:19,360

the content committee rejected the idea

220

00:08:23,270 --> 00:08:21,360

of these magnetic fields these

221

00:08:25,589 --> 00:08:23,280

electromagnetic effects suppressing the

222

00:08:27,510 --> 00:08:25,599

car engine and stopping it and and

223

00:08:29,589 --> 00:08:27,520

there'd be no mechanism for

224

00:08:31,510 --> 00:08:29,599

it to start spontaneously when they

225

00:08:33,750 --> 00:08:31,520

removed the field they didn't understand

226

00:08:36,310 --> 00:08:33,760

that most cases isn't that way somebody

227

00:08:37,029 --> 00:08:36,320

had to take an action to start the car

228

00:08:37,829 --> 00:08:37,039

but

229

00:08:40,630 --> 00:08:37,839

in

230

00:08:42,949 --> 00:08:40,640

radical study for example it's

231

00:08:44,710 --> 00:08:42,959

not clear exactly what happened it said

232

00:08:46,630 --> 00:08:44,720

the car started normally or something

233

00:08:48,870 --> 00:08:46,640

like that and that to me suggested that

234

00:08:50,389 --> 00:08:48,880

the they could start the engine

235

00:08:52,550 --> 00:08:50,399

with the level end cases one of the guys

236

00:08:54,070 --> 00:08:52,560

said that he tried repeatedly to start

237

00:08:55,750 --> 00:08:54,080

the car while the object was closed when

238

00:08:57,750 --> 00:08:55,760

it took off he then said that he could

239

00:08:59,829 --> 00:08:57,760

get his car started so he took the

240

00:09:02,150 --> 00:08:59,839

action to make the car start so that was

241

00:09:04,070 --> 00:09:02,160

one of the things i looked at in the the

242

00:09:06,070 --> 00:09:04,080

level land book is

243

00:09:07,829 --> 00:09:06,080

did the drivers

244

00:09:09,509 --> 00:09:07,839

have to take some sort of an action to

245

00:09:12,550 --> 00:09:09,519

get the car started

246

00:09:14,949 --> 00:09:12,560

i see okay so let's let's take a look at

247

00:09:17,750 --> 00:09:14,959

um i'm gonna pull up your your book here

248

00:09:20,310 --> 00:09:17,760

if all goes well or at least a uh a

249

00:09:24,070 --> 00:09:20,320

screenshot of it um and

250

00:09:26,230 --> 00:09:24,080

let's talk about that case 1957

251
00:09:27,990 --> 00:09:26,240
that's when that happened uh was that

252
00:09:30,949 --> 00:09:28,000
november 2nd or something like that

253
00:09:33,350 --> 00:09:30,959
november 2nd 1957 level land texas which

254
00:09:34,829 --> 00:09:33,360
is just west of lubbock if you're

255
00:09:36,949 --> 00:09:34,839
looking for it on the map look for

256
00:09:39,670 --> 00:09:36,959
lubbock uh-huh

257
00:09:41,190 --> 00:09:39,680
um oh yeah yeah i know texas is so big

258
00:09:44,470 --> 00:09:41,200
you really have to you really have to

259
00:09:46,949 --> 00:09:44,480
fill that up yeah so i love the graphics

260
00:09:49,030 --> 00:09:46,959
on this and is is that

261
00:09:51,110 --> 00:09:49,040
this egg-shaped thing

262
00:09:53,110 --> 00:09:51,120
is that sort of what uh people were

263
00:09:56,310 --> 00:09:53,120

reporting something like they described

264

00:09:58,470 --> 00:09:56,320

it a number of ways as egg-shaped or

265

00:10:00,150 --> 00:09:58,480

torpedo shaped and i'm thinking that the

266

00:10:01,829 --> 00:10:00,160

difference is not that the object was

267

00:10:04,069 --> 00:10:01,839

changing shape it just was a matter of

268

00:10:06,230 --> 00:10:04,079

perspective where you were when you

269

00:10:08,310 --> 00:10:06,240

looked at it you see those big

270

00:10:09,190 --> 00:10:08,320

propane tanks on farms as you drive

271

00:10:11,990 --> 00:10:09,200

around

272

00:10:14,310 --> 00:10:12,000

big cigar shaped things yeah if you look

273

00:10:16,069 --> 00:10:14,320

at it from the proper angle it does have

274

00:10:18,150 --> 00:10:16,079

an egg shape if you look at it straight

275

00:10:20,069 --> 00:10:18,160

on it has a

276

00:10:22,310 --> 00:10:20,079

cigar shape if you look at it from the

277

00:10:24,150 --> 00:10:22,320

end on it's got a circular shape so i'm

278

00:10:26,069 --> 00:10:24,160

thinking that the discrepancy in the

279

00:10:28,150 --> 00:10:26,079

descriptions isn't so much the object

280

00:10:30,150 --> 00:10:28,160

changing shape it's a matter of

281

00:10:32,550 --> 00:10:30,160

perspective of where the witnesses saw

282

00:10:34,710 --> 00:10:32,560

but most of them talked about a cigar

283

00:10:36,069 --> 00:10:34,720

i'm sorry an egg-shaped craft

284

00:10:38,230 --> 00:10:36,079

most of them talked about it being

285

00:10:39,829 --> 00:10:38,240

bright red or

286

00:10:41,430 --> 00:10:39,839

that color although there

287

00:10:44,150 --> 00:10:41,440

were indications some people saw

288

00:10:46,150 --> 00:10:44,160

something that was bluish in color uh

289

00:10:47,829 --> 00:10:46,160

pedro saucedo who's the first person to

290

00:10:50,949 --> 00:10:47,839

call the lubbock i'm sorry the level

291

00:10:53,350 --> 00:10:50,959

land sheriff about his sighting

292

00:10:54,949 --> 00:10:53,360

said that as it approached it and sent

293

00:10:57,430 --> 00:10:54,959

down close to his truck stalling the

294

00:10:59,190 --> 00:10:57,440

truck it was blue but it turned to a

295

00:11:01,190 --> 00:10:59,200

bright red so bright it was hard to look

296

00:11:02,550 --> 00:11:01,200

at and then it took off in the distance

297

00:11:04,069 --> 00:11:02,560

and once it was gone of course he could

298

00:11:06,710 --> 00:11:04,079

start his truck again

299

00:11:09,269 --> 00:11:06,720

wow i was looking into the the sighting

300

00:11:10,870 --> 00:11:09,279

i had that really got me interested in

301
00:11:14,470 --> 00:11:10,880
you know this topic

302
00:11:16,790 --> 00:11:14,480
and i saw where there was one

303
00:11:20,389 --> 00:11:16,800
where i saw it i mean a report i didn't

304
00:11:23,750 --> 00:11:20,399
report it this is you know back in 2007

305
00:11:25,829 --> 00:11:23,760
i didn't report it but um i looked back

306
00:11:28,230 --> 00:11:25,839
then and sure enough there was someone

307
00:11:31,269 --> 00:11:28,240
reporting one but they said it was cigar

308
00:11:33,350 --> 00:11:31,279
shape and i started thinking about it um

309
00:11:35,430 --> 00:11:33,360
because the one i saw had like a blue

310
00:11:37,430 --> 00:11:35,440
glow around it as well

311
00:11:39,350 --> 00:11:37,440
and i was thinking maybe talk about a

312
00:11:42,310 --> 00:11:39,360
perspective not talking about your blog

313
00:11:43,829 --> 00:11:42,320

but talk about perspective maybe at an

314

00:11:46,870 --> 00:11:43,839

angle

315

00:11:49,509 --> 00:11:46,880

um it could appear like a cigar shape

316

00:11:52,230 --> 00:11:49,519

you know i mean i have heard that before

317

00:11:53,990 --> 00:11:52,240

about discs now maybe i'm just trying to

318

00:11:56,790 --> 00:11:54,000

you know glorify the fact that someone

319

00:11:58,629 --> 00:11:56,800

else probably saw what i saw but

320

00:12:00,790 --> 00:11:58,639

um you know

321

00:12:03,509 --> 00:12:00,800

the angles do do change what you're

322

00:12:05,590 --> 00:12:03,519

seeing there are sightings in which the

323

00:12:07,829 --> 00:12:05,600

witness talks about the object changing

324

00:12:10,790 --> 00:12:07,839

shape and again i think if you've got a

325

00:12:13,910 --> 00:12:10,800

disc shaped object and you see it on

326

00:12:15,829 --> 00:12:13,920

edge on it may look more cigar shaped

327

00:12:17,670 --> 00:12:15,839

than this shape and if it turns a little

328

00:12:19,670 --> 00:12:17,680

bit then you get a different

329

00:12:21,269 --> 00:12:19,680

a different perspective of what it looks

330

00:12:23,030 --> 00:12:21,279

like so i'm not i'm not really sure that

331

00:12:24,949 --> 00:12:23,040

we're talking about objects changing

332

00:12:26,629 --> 00:12:24,959

shape but we're talking about the

333

00:12:28,870 --> 00:12:26,639

perspective changing and that sort of

334

00:12:31,350 --> 00:12:28,880

thing and people not being aware of how

335

00:12:33,430 --> 00:12:31,360

that can influence what they've seen

336

00:12:35,990 --> 00:12:33,440

now i saw when i was reading through

337

00:12:39,350 --> 00:12:36,000

some things that

338

00:12:40,790 --> 00:12:39,360

this case was classified at one time

339

00:12:42,629 --> 00:12:40,800

there are indications that was

340

00:12:44,069 --> 00:12:42,639

classified yes now there's a document

341

00:12:45,750 --> 00:12:44,079

that's in the book

342

00:12:48,069 --> 00:12:45,760

where you can see it says restricted at

343

00:12:50,550 --> 00:12:48,079

that time it was the lowest level of

344

00:12:53,030 --> 00:12:50,560

classification

345

00:12:54,870 --> 00:12:53,040

it was later changed to confidential and

346

00:12:56,389 --> 00:12:54,880

secret but you can see where

347

00:12:57,750 --> 00:12:56,399

if you look at the document carefully

348

00:12:59,269 --> 00:12:57,760

you can see where it was secret at one

349

00:13:00,790 --> 00:12:59,279

time and then had been downgraded to

350

00:13:02,470 --> 00:13:00,800

restrict it

351

00:13:04,550 --> 00:13:02,480

a lot of classified material is

352

00:13:05,670 --> 00:13:04,560

regularly downgraded i don't people know

353

00:13:07,350 --> 00:13:05,680

this so if you've got something

354

00:13:09,430 --> 00:13:07,360

classified secret

355

00:13:11,670 --> 00:13:09,440

one day three years later it may be

356

00:13:13,350 --> 00:13:11,680

automatically downgraded to now

357

00:13:15,190 --> 00:13:13,360

confidential and three years after that

358

00:13:16,230 --> 00:13:15,200

it becomes for official use only which

359

00:13:19,990 --> 00:13:16,240

is

360

00:13:21,670 --> 00:13:20,000

really sort of a uh

361

00:13:23,509 --> 00:13:21,680

easy way or a normal way of

362

00:13:25,509 --> 00:13:23,519

unclassifying material but keeping it

363

00:13:27,030 --> 00:13:25,519

out of the the public's hands it's you

364

00:13:28,870 --> 00:13:27,040

know for official use only as opposed to

365

00:13:30,710 --> 00:13:28,880

distribute it to the public type thing

366

00:13:32,389 --> 00:13:30,720

but there's there's nothing restricted

367

00:13:35,430 --> 00:13:32,399

really about seeing that that sort of

368

00:13:37,110 --> 00:13:35,440

thing so yeah um there's indications

369

00:13:38,629 --> 00:13:37,120

that import parts of this were

370

00:13:40,870 --> 00:13:38,639

classified there's other indications

371

00:13:42,629 --> 00:13:40,880

that not all the witnesses were

372

00:13:44,710 --> 00:13:42,639

interviewed by the

373

00:13:47,110 --> 00:13:44,720

air force investigation guy named norman

374

00:13:50,150 --> 00:13:47,120

barth a staff sergeant from air force

375

00:13:52,310 --> 00:13:50,160

base in colorado springs went to level

376

00:13:54,629 --> 00:13:52,320

land uh two or three days later he spent

377

00:13:56,389 --> 00:13:54,639

seven hours there investigating the case

378

00:13:59,030 --> 00:13:56,399

and then left having solved the whole

379

00:14:01,430 --> 00:13:59,040

thing he talked to six witnesses

380

00:14:04,310 --> 00:14:01,440

or six people who were who were involved

381

00:14:05,590 --> 00:14:04,320

in that i know for a fact that

382

00:14:08,550 --> 00:14:05,600

the sheriff

383

00:14:09,829 --> 00:14:08,560

and i hate his name it's weir clem

384

00:14:12,790 --> 00:14:09,839

i'm thinking why couldn't he be

385

00:14:13,990 --> 00:14:12,800

something like jack armstrong or

386

00:14:16,310 --> 00:14:14,000

you know

387

00:14:17,990 --> 00:14:16,320

some some good solid name but this weird

388

00:14:19,269 --> 00:14:18,000

clem is really

389

00:14:21,189 --> 00:14:19,279

out of the

390

00:14:21,910 --> 00:14:21,199

back woods i guess it's difficult but

391

00:14:24,069 --> 00:14:21,920

but

392

00:14:25,829 --> 00:14:24,079

a bright fellow nonetheless

393

00:14:27,670 --> 00:14:25,839

uh he had to be

394

00:14:32,470 --> 00:14:27,680

he told

395

00:14:35,189 --> 00:14:32,480

that when he had seen the object and he

396

00:14:36,949 --> 00:14:35,199

talked about an object a a

397

00:14:38,629 --> 00:14:36,959

football shaped or this shaped object

398

00:14:41,030 --> 00:14:38,639

that he got close enough to see the

399

00:14:42,710 --> 00:14:41,040

object but when you read the report in

400

00:14:44,949 --> 00:14:42,720

the air force file it says it was just a

401
00:14:47,750 --> 00:14:44,959
streak of light in the far distance

402
00:14:50,310 --> 00:14:47,760
and then later on don berliner who was a

403
00:14:52,470 --> 00:14:50,320
ufo investigator and written quite a bit

404
00:14:54,710 --> 00:14:52,480
of stuff about ufos in various magazines

405
00:14:57,189 --> 00:14:54,720
and done a book or two

406
00:14:59,990 --> 00:14:57,199
he interviewed the sheriff

407
00:15:02,150 --> 00:15:00,000
in the mid-1970s 1974 i think it i think

408
00:15:04,230 --> 00:15:02,160
it appeared in the 1975 issue of

409
00:15:07,590 --> 00:15:04,240
official ufo

410
00:15:09,509 --> 00:15:07,600
and in that article he the sheriff again

411
00:15:11,189 --> 00:15:09,519
mentions having seen an object as

412
00:15:12,389 --> 00:15:11,199
opposed to a streak of light so what we

413
00:15:14,230 --> 00:15:12,399

see here is

414

00:15:15,750 --> 00:15:14,240

he told reporters

415

00:15:17,189 --> 00:15:15,760

before the air force showed up that he

416

00:15:18,629 --> 00:15:17,199

had seen the object and that sort of

417

00:15:20,790 --> 00:15:18,639

thing he told

418

00:15:22,230 --> 00:15:20,800

berliner after the air force left that

419

00:15:23,670 --> 00:15:22,240

he had seen the object but the air force

420

00:15:25,269 --> 00:15:23,680

report just talks about the streak of

421

00:15:27,189 --> 00:15:25,279

light in the distance the other

422

00:15:28,389 --> 00:15:27,199

interesting thing is don berlin

423

00:15:31,269 --> 00:15:28,399

burlinson

424

00:15:33,110 --> 00:15:31,279

who lives in roswell by the way

425

00:15:35,990 --> 00:15:33,120

which is about three hours away by car

426

00:15:37,110 --> 00:15:36,000

from from level land is not a bad drive

427

00:15:38,310 --> 00:15:37,120

interviewed the sheriff and the

428

00:15:40,470 --> 00:15:38,320

sheriff's daughter the sheriff had

429

00:15:41,910 --> 00:15:40,480

passed away before burlington got there

430

00:15:43,269 --> 00:15:41,920

and they were talking about what the

431

00:15:44,389 --> 00:15:43,279

sheriff's seen

432

00:15:46,150 --> 00:15:44,399

and

433

00:15:47,749 --> 00:15:46,160

through his investigations he also found

434

00:15:50,069 --> 00:15:47,759

the former mechanic for the sheriff's

435

00:15:51,749 --> 00:15:50,079

department and the mechanic said the day

436

00:15:53,829 --> 00:15:51,759

after the sightings the sheriff brought

437

00:15:54,949 --> 00:15:53,839

the car in to see if there was anything

438

00:15:56,870 --> 00:15:54,959

wrong with it

439

00:15:59,030 --> 00:15:56,880

now the only reason i can think he would

440

00:16:01,269 --> 00:15:59,040

have done that was because his car was

441

00:16:03,269 --> 00:16:01,279

stalled as well so he got close enough

442

00:16:05,829 --> 00:16:03,279

to see an object he got close enough for

443

00:16:06,790 --> 00:16:05,839

him for his car to be stalled and then

444

00:16:09,030 --> 00:16:06,800

there's a

445

00:16:11,110 --> 00:16:09,040

another exciting part of this

446

00:16:12,310 --> 00:16:11,120

he was in a convoy with three other cars

447

00:16:14,470 --> 00:16:12,320

it was the sheriff and one of his

448

00:16:16,230 --> 00:16:14,480

deputies there was a car of state police

449

00:16:18,470 --> 00:16:16,240

i think it's the department texas

450

00:16:20,629 --> 00:16:18,480

department of public safety and in the

451
00:16:22,790 --> 00:16:20,639
third car following him were a couple of

452
00:16:24,870 --> 00:16:22,800
officers from reese air force base which

453
00:16:27,189 --> 00:16:24,880
is in lubbock so if the sheriff got

454
00:16:29,749 --> 00:16:27,199
close enough to see the object and his

455
00:16:31,509 --> 00:16:29,759
car stalled then the state police got

456
00:16:33,990 --> 00:16:31,519
close enough as did the air force but

457
00:16:36,150 --> 00:16:34,000
there's no indications that barth in his

458
00:16:38,710 --> 00:16:36,160
investigation talk to the air force

459
00:16:40,710 --> 00:16:38,720
officers and i can find no documentation

460
00:16:42,470 --> 00:16:40,720
or records of the air force officers

461
00:16:45,030 --> 00:16:42,480
having been interrogated about their

462
00:16:48,069 --> 00:16:45,040
experiences chasing down this ufo so

463
00:16:50,069 --> 00:16:48,079

that suggests more than just

464

00:16:51,430 --> 00:16:50,079

being classified secret but also part of

465

00:16:53,509 --> 00:16:51,440

a cover-up

466

00:16:56,310 --> 00:16:53,519

interesting now when something is

467

00:16:59,030 --> 00:16:56,320

classified administration use only or

468

00:16:59,910 --> 00:16:59,040

whatever you just said is it subject to

469

00:17:03,189 --> 00:16:59,920

foia

470

00:17:05,110 --> 00:17:03,199

freedom of information act

471

00:17:06,309 --> 00:17:05,120

you can request foia for anything i mean

472

00:17:08,630 --> 00:17:06,319

it doesn't have to be a classified

473

00:17:09,750 --> 00:17:08,640

document for you to use foia to request

474

00:17:12,309 --> 00:17:09,760

it but uh

475

00:17:13,990 --> 00:17:12,319

the the for official use only um just

476
00:17:15,029 --> 00:17:14,000
implies you're not handing the things

477
00:17:16,870 --> 00:17:15,039
out

478
00:17:18,549 --> 00:17:16,880
but if somebody asked for it you'd say

479
00:17:20,470 --> 00:17:18,559
yeah here it is

480
00:17:22,230 --> 00:17:20,480
um it's it's

481
00:17:24,470 --> 00:17:22,240
it's real

482
00:17:26,949 --> 00:17:24,480
classified material requires

483
00:17:29,350 --> 00:17:26,959
safeguarding it has to be in a safe

484
00:17:31,270 --> 00:17:29,360
and if it's if it's top secret it has to

485
00:17:33,190 --> 00:17:31,280
be in a vault not just a safe but in a

486
00:17:34,950 --> 00:17:33,200
vault and the the safes have to have

487
00:17:36,070 --> 00:17:34,960
certain specifications have to be really

488
00:17:39,510 --> 00:17:36,080

really heavy

489

00:17:41,990 --> 00:17:39,520

like 600 pounds so it's impossible to to

490

00:17:43,750 --> 00:17:42,000

move them easily and that sort of thing

491

00:17:45,270 --> 00:17:43,760

but when you get to foia you can leave

492

00:17:47,510 --> 00:17:45,280

it on your desk put it in your desk

493

00:17:49,110 --> 00:17:47,520

drawer it's just really not a high level

494

00:17:50,630 --> 00:17:49,120

of classification it just kind of

495

00:17:53,029 --> 00:17:50,640

restricts the circulation of the

496

00:17:54,310 --> 00:17:53,039

material as opposed to

497

00:17:56,390 --> 00:17:54,320

you know circulating it throughout the

498

00:17:58,549 --> 00:17:56,400

united states air force type thing but

499

00:18:00,470 --> 00:17:58,559

but for official use only is just not

500

00:18:02,390 --> 00:18:00,480

that highly classified it's really not a

501
00:18:05,029 --> 00:18:02,400
classification per se

502
00:18:07,590 --> 00:18:05,039
i see i see so let's go into the case

503
00:18:10,470 --> 00:18:07,600
from the very beginning

504
00:18:12,710 --> 00:18:10,480
uh on on november 2nd

505
00:18:16,310 --> 00:18:12,720
uh who was the first to report it and

506
00:18:18,549 --> 00:18:16,320
what happened the problem we run into is

507
00:18:20,789 --> 00:18:18,559
the sightings began a little bit prior

508
00:18:23,669 --> 00:18:20,799
to the activities in level land there

509
00:18:25,590 --> 00:18:23,679
was a couple up near amarillo which is

510
00:18:26,470 --> 00:18:25,600
also in the panhandle of texas by the

511
00:18:29,990 --> 00:18:26,480
way

512
00:18:31,750 --> 00:18:30,000
and they had uh they had run into a

513
00:18:33,909 --> 00:18:31,760

uh something sitting on the

514

00:18:36,310 --> 00:18:33,919

uh the road in front of them in a fog

515

00:18:38,390 --> 00:18:36,320

and it was a kind of a ufo type thing

516

00:18:39,669 --> 00:18:38,400

and it stalled their car when it left

517

00:18:41,430 --> 00:18:39,679

they couldn't get their car started

518

00:18:43,510 --> 00:18:41,440

again and had to be towed into amarillo

519

00:18:45,270 --> 00:18:43,520

and found out that the battery had fried

520

00:18:47,350 --> 00:18:45,280

and in fact prior to that at three

521

00:18:48,310 --> 00:18:47,360

o'clock in the morning of november

522

00:18:49,510 --> 00:18:48,320

second

523

00:18:51,750 --> 00:18:49,520

um

524

00:18:53,350 --> 00:18:51,760

near canadian texas there was a landing

525

00:18:55,430 --> 00:18:53,360

where the the

526

00:18:57,750 --> 00:18:55,440

object stalled the car engines of two

527

00:19:00,070 --> 00:18:57,760

separate people on opposite sides of

528

00:19:01,590 --> 00:19:00,080

where the object land installed the car

529

00:19:03,029 --> 00:19:01,600

so you have those sorts of things going

530

00:19:03,990 --> 00:19:03,039

on but they didn't draw a lot of

531

00:19:05,430 --> 00:19:04,000

attention

532

00:19:06,870 --> 00:19:05,440

the couple in amarillo went to the

533

00:19:08,150 --> 00:19:06,880

police to report on it and the police

534

00:19:09,110 --> 00:19:08,160

didn't even bother writing down their

535

00:19:10,310 --> 00:19:09,120

names

536

00:19:12,950 --> 00:19:10,320

they just you know they just didn't

537

00:19:14,549 --> 00:19:12,960

think that much about it although a

538

00:19:16,950 --> 00:19:14,559

police officer did go out to where their

539

00:19:19,510 --> 00:19:16,960

car would had stalled and couldn't find

540

00:19:21,510 --> 00:19:19,520

any evidence so now we move down into

541

00:19:23,669 --> 00:19:21,520

the the level land area there were some

542

00:19:25,590 --> 00:19:23,679

farmers near pettit texas which is a

543

00:19:29,590 --> 00:19:25,600

very small town

544

00:19:31,669 --> 00:19:29,600

this doesn't appear on all the maps um

545

00:19:34,390 --> 00:19:31,679

using their combines

546

00:19:36,150 --> 00:19:34,400

in in their in their farming

547

00:19:38,070 --> 00:19:36,160

and the engines of those stalled this

548

00:19:39,270 --> 00:19:38,080

was reported to the sheriff sometime

549

00:19:41,350 --> 00:19:39,280

later

550

00:19:43,750 --> 00:19:41,360

but it happened prior to that the first

551
00:19:46,070 --> 00:19:43,760
case that gets widespread

552
00:19:48,310 --> 00:19:46,080
circulation and attention was pedro

553
00:19:52,470 --> 00:19:48,320
saucido who was a

554
00:19:54,789 --> 00:19:52,480
he's he's labeled as a farmhand a barber

555
00:19:56,710 --> 00:19:54,799
that kind of thing he's a

556
00:19:59,350 --> 00:19:56,720
veteran of the korean war so i give him

557
00:20:01,430 --> 00:19:59,360
some props for that

558
00:20:03,350 --> 00:20:01,440
he and his friend were driving on the

559
00:20:05,190 --> 00:20:03,360
highway toward level land when the thing

560
00:20:06,630 --> 00:20:05,200
landed near them and the car his truck's

561
00:20:08,789 --> 00:20:06,640
engine stalled in fact the front cover

562
00:20:09,590 --> 00:20:08,799
that you showed that's pedro cecido and

563
00:20:11,510 --> 00:20:09,600

his

564

00:20:13,270 --> 00:20:11,520

partner seeing the ufo well when the

565

00:20:14,950 --> 00:20:13,280

thing landed cecido

566

00:20:17,029 --> 00:20:14,960

was

567

00:20:18,630 --> 00:20:17,039

installed his car cecido dived out of

568

00:20:20,230 --> 00:20:18,640

the truck and rolled underneath it for

569

00:20:21,830 --> 00:20:20,240

protection and as passengers sat there

570

00:20:24,230 --> 00:20:21,840

sort of paralyzed unable to move

571

00:20:26,630 --> 00:20:24,240

watching this brightly glowing blue

572

00:20:28,870 --> 00:20:26,640

object as it landed near them

573

00:20:32,149 --> 00:20:28,880

the car engine stalled the headlights

574

00:20:33,270 --> 00:20:32,159

failed the radio was filled with static

575

00:20:36,149 --> 00:20:33,280

once the

576

00:20:37,830 --> 00:20:36,159

object turned to bright red and took off

577

00:20:40,390 --> 00:20:37,840

saucido got back in the truck and i

578

00:20:42,710 --> 00:20:40,400

believe he started the engine then

579

00:20:44,230 --> 00:20:42,720

so uh he took an action to start the

580

00:20:45,909 --> 00:20:44,240

engine as near as i can tell by reading

581

00:20:47,669 --> 00:20:45,919

the various

582

00:20:49,350 --> 00:20:47,679

reports and he got a lot of play in the

583

00:20:51,750 --> 00:20:49,360

press as well

584

00:20:53,190 --> 00:20:51,760

that that it did not start spontaneously

585

00:20:55,029 --> 00:20:53,200

he had to start it

586

00:20:56,870 --> 00:20:55,039

but he was still so frightened by what

587

00:20:58,470 --> 00:20:56,880

he had seen he didn't continue on to

588

00:21:01,350 --> 00:20:58,480

level land he went to another town and

589

00:21:02,390 --> 00:21:01,360

called the sheriff to tell him about it

590

00:21:05,750 --> 00:21:02,400

the

591

00:21:07,110 --> 00:21:05,760

officer i think his name was fowler

592

00:21:09,350 --> 00:21:07,120

didn't think much of it thought the guys

593

00:21:11,430 --> 00:21:09,360

were drunk i mean

594

00:21:14,549 --> 00:21:11,440

a big glowing egg lands near your truck

595

00:21:15,750 --> 00:21:14,559

and stalls it yeah i believe you

596

00:21:19,190 --> 00:21:15,760

but then they started getting other

597

00:21:21,430 --> 00:21:19,200

calls from other people around the area

598

00:21:23,270 --> 00:21:21,440

uh for the next uh two hours two and a

599

00:21:25,190 --> 00:21:23,280

half hours they were getting calls from

600

00:21:30,230 --> 00:21:25,200

separate locations around the level land

601
00:21:33,990 --> 00:21:32,230
had been on installing his car others on

602
00:21:35,909 --> 00:21:34,000
that highway came across the object and

603
00:21:37,590 --> 00:21:35,919
installed their cars as well and they

604
00:21:39,669 --> 00:21:37,600
would call in and talk to the the

605
00:21:40,390 --> 00:21:39,679
sheriff about this or talk to the police

606
00:21:42,390 --> 00:21:40,400
they

607
00:21:44,710 --> 00:21:42,400
the sheriff eventually became convinced

608
00:21:45,909 --> 00:21:44,720
something was going on they

609
00:21:47,669 --> 00:21:45,919
couldn't believe it was some kind of

610
00:21:49,110 --> 00:21:47,679
massive joke and that's when he decided

611
00:21:51,270 --> 00:21:49,120
he was going to go out look for the

612
00:21:53,029 --> 00:21:51,280
object the reese air force base guys

613
00:21:55,029 --> 00:21:53,039

were already there and so that's why we

614

00:21:57,510 --> 00:21:55,039

had this three-car convoy going out

615

00:21:59,350 --> 00:21:57,520

looking for the object

616

00:22:02,070 --> 00:21:59,360

the air force report says he got within

617

00:22:03,270 --> 00:22:02,080

900 i think 900 yards of it that's quite

618

00:22:05,110 --> 00:22:03,280

a distance

619

00:22:06,789 --> 00:22:05,120

the sheriff said he got much much closer

620

00:22:08,149 --> 00:22:06,799

in the earlier audit articles and then

621

00:22:10,470 --> 00:22:08,159

the later article as well when he talked

622

00:22:12,870 --> 00:22:10,480

to don berliner

623

00:22:15,350 --> 00:22:12,880

and it's clear that that his car stalled

624

00:22:17,350 --> 00:22:15,360

as well but there were there was a uh

625

00:22:19,110 --> 00:22:17,360

ronald martin said the same thing got

626

00:22:20,710 --> 00:22:19,120

close his car stalled

627

00:22:22,549 --> 00:22:20,720

there were a number of different people

628

00:22:25,510 --> 00:22:22,559

who did that the sheriff said later in

629

00:22:27,510 --> 00:22:25,520

one of the newspaper articles that

630

00:22:29,909 --> 00:22:27,520

he'd gotten dozens of phone calls about

631

00:22:31,669 --> 00:22:29,919

this as opposed to just the uh the

632

00:22:33,590 --> 00:22:31,679

number that had been reported in the

633

00:22:34,230 --> 00:22:33,600

newspapers and the numbers reported to

634

00:22:37,430 --> 00:22:34,240

the

635

00:22:40,230 --> 00:22:37,440

interestingly

636

00:22:43,110 --> 00:22:40,240

the the air force did a brilliant job of

637

00:22:44,870 --> 00:22:43,120

of diverting the conversation

638

00:22:46,390 --> 00:22:44,880

and there's a letter in the

639

00:22:47,669 --> 00:22:46,400

project blue book files where the air

640

00:22:49,750 --> 00:22:47,679

force says we don't want to respond to

641

00:22:50,950 --> 00:22:49,760

this we want to see what nycap has to

642

00:22:53,110 --> 00:22:50,960

say first

643

00:22:55,190 --> 00:22:53,120

because it's easier to respond to them

644

00:22:57,430 --> 00:22:55,200

than it is to put out your statement

645

00:22:59,350 --> 00:22:57,440

first so they waited until

646

00:23:00,950 --> 00:22:59,360

uh don quijote nycamp put out a

647

00:23:03,430 --> 00:23:00,960

statement he talked about witnesses at

648

00:23:04,870 --> 00:23:03,440

nine locations or nine witnesses to it

649

00:23:06,310 --> 00:23:04,880

the air force came out and said no there

650

00:23:07,990 --> 00:23:06,320

was only three witnesses there only

651
00:23:09,590 --> 00:23:08,000
three people who saw an object so you

652
00:23:11,750 --> 00:23:09,600
see they've diverted the conversation

653
00:23:13,990 --> 00:23:11,760
from what happened to the number of

654
00:23:15,990 --> 00:23:14,000
witnesses and if you go through the air

655
00:23:18,070 --> 00:23:16,000
force file

656
00:23:20,310 --> 00:23:18,080
carefully i think you can find at least

657
00:23:22,390 --> 00:23:20,320
five witnesses as opposed to the three

658
00:23:23,750 --> 00:23:22,400
that the air force talked about

659
00:23:25,830 --> 00:23:23,760
and if you go through the other

660
00:23:27,909 --> 00:23:25,840
documentation the newspaper articles and

661
00:23:29,190 --> 00:23:27,919
that sort of thing you find witnesses at

662
00:23:31,270 --> 00:23:29,200
13

663
00:23:33,350 --> 00:23:31,280

locations i mean designated witnesses at

664

00:23:34,950 --> 00:23:33,360

13 separate locations

665

00:23:37,110 --> 00:23:34,960

so they're independent of one another

666

00:23:39,190 --> 00:23:37,120

calling in and there's a timeline of who

667

00:23:41,669 --> 00:23:39,200

called in at what time

668

00:23:43,669 --> 00:23:41,679

so you can see how the thing transpired

669

00:23:45,669 --> 00:23:43,679

over the evening of november 2nd into

670

00:23:48,470 --> 00:23:45,679

the morning of november 3rd

671

00:23:50,470 --> 00:23:48,480

about an hour or so after the sighting

672

00:23:52,149 --> 00:23:50,480

stopped in level land there's a site

673

00:23:54,710 --> 00:23:52,159

there's sightings in

674

00:23:57,029 --> 00:23:54,720

uh white sands missile range at the time

675

00:24:00,230 --> 00:23:57,039

it was white sands proving ground uh two

676
00:24:01,669 --> 00:24:00,240
mps on patrol up i think they were close

677
00:24:03,669 --> 00:24:01,679
to the trinity site so they're in the

678
00:24:06,870 --> 00:24:03,679
northern part of the range up just south

679
00:24:08,630 --> 00:24:06,880
of the socorro area in in that area away

680
00:24:10,149 --> 00:24:08,640
from alamogordo because white sands

681
00:24:11,990 --> 00:24:10,159
missile range covers an awful lot of

682
00:24:13,430 --> 00:24:12,000
territory

683
00:24:14,950 --> 00:24:13,440
and they were

684
00:24:16,950 --> 00:24:14,960
saw something that came down and they

685
00:24:18,870 --> 00:24:16,960
said it came

686
00:24:21,190 --> 00:24:18,880
it came lower than the the mountains

687
00:24:22,390 --> 00:24:21,200
behind it so it was you know the

688
00:24:24,230 --> 00:24:22,400

mountains were you could see the

689

00:24:25,590 --> 00:24:24,240

mountains behind the object as it sat

690

00:24:27,190 --> 00:24:25,600

close to the ground

691

00:24:28,789 --> 00:24:27,200

and then it took off the air force of

692

00:24:31,110 --> 00:24:28,799

course investigated said well these guys

693

00:24:32,630 --> 00:24:31,120

were hysterical because of the ufo

694

00:24:34,549 --> 00:24:32,640

sightings that had been

695

00:24:36,789 --> 00:24:34,559

discussed in levelland texas except of

696

00:24:38,630 --> 00:24:36,799

course this was 1957 and we didn't have

697

00:24:41,110 --> 00:24:38,640

social media and we didn't have the news

698

00:24:43,029 --> 00:24:41,120

media on a 24-hour news cycle

699

00:24:45,669 --> 00:24:43,039

and so they had no way of knowing that

700

00:24:46,870 --> 00:24:45,679

what had gone on in in level and

701
00:24:49,750 --> 00:24:46,880
which is

702
00:24:50,470 --> 00:24:49,760
much further away than roswell uh to to

703
00:24:52,630 --> 00:24:50,480
uh

704
00:24:54,310 --> 00:24:52,640
to level and

705
00:24:56,070 --> 00:24:54,320
roswell's between

706
00:24:57,669 --> 00:24:56,080
white sands and and level land is what

707
00:25:00,710 --> 00:24:57,679
i'm trying to say in a

708
00:25:03,990 --> 00:25:00,720
somewhat haphazard way i guess

709
00:25:06,390 --> 00:25:04,000
but the air force made little of uh

710
00:25:09,190 --> 00:25:06,400
dismissed it as them being young men

711
00:25:12,230 --> 00:25:09,200
easily frightened poorly trained

712
00:25:14,230 --> 00:25:12,240
i'm thinking yeah i i know because the

713
00:25:15,350 --> 00:25:14,240

they were talking about them being 20 21

714

00:25:17,269 --> 00:25:15,360
years old

715

00:25:18,710 --> 00:25:17,279
and i'm thinking let's see i was 19

716

00:25:21,510 --> 00:25:18,720
years old i was in vietnam as a

717

00:25:23,269 --> 00:25:21,520
helicopter pilot and aircraft commander

718

00:25:25,029 --> 00:25:23,279
and the guy we called pappy because he

719

00:25:25,750 --> 00:25:25,039
was the oldest pilot in the unit i mean

720

00:25:27,190 --> 00:25:25,760
the

721

00:25:28,549 --> 00:25:27,200
pilot that

722

00:25:30,549 --> 00:25:28,559
didn't have another function like

723

00:25:32,470 --> 00:25:30,559
operations officer commander

724

00:25:35,350 --> 00:25:32,480
we called him pappy because he was the

725

00:25:36,630 --> 00:25:35,360
oldest pilot he was 23.

726
00:25:39,510 --> 00:25:36,640
and so

727
00:25:41,590 --> 00:25:39,520
we have we have these youngsters such as

728
00:25:43,430 --> 00:25:41,600
myself at 19

729
00:25:45,190 --> 00:25:43,440
with very responsible jobs in the

730
00:25:47,190 --> 00:25:45,200
military i mean an aircraft commander is

731
00:25:49,110 --> 00:25:47,200
responsible for that that aircraft and

732
00:25:51,269 --> 00:25:49,120
the crew on board and and your

733
00:25:53,430 --> 00:25:51,279
passengers or whatever you're doing

734
00:25:55,190 --> 00:25:53,440
and so the air force to belittle these

735
00:25:56,950 --> 00:25:55,200
guys as being well they were just not

736
00:25:58,470 --> 00:25:56,960
well educated they just weren't well

737
00:26:00,470 --> 00:25:58,480
trained and they were hysterical it's

738
00:26:02,310 --> 00:26:00,480

just really dismissive of that whole

739

00:26:03,909 --> 00:26:02,320

part of the case i talked to one of the

740

00:26:06,390 --> 00:26:03,919

guys glenn toy

741

00:26:07,830 --> 00:26:06,400

a number of years ago and that that

742

00:26:08,950 --> 00:26:07,840

information is mentioned in the book as

743

00:26:11,590 --> 00:26:08,960

well

744

00:26:13,350 --> 00:26:11,600

and you see that they saw something

745

00:26:15,190 --> 00:26:13,360

that was truly

746

00:26:17,909 --> 00:26:15,200

uh anomalous

747

00:26:21,430 --> 00:26:17,919

uh around 12 hours later

748

00:26:23,110 --> 00:26:21,440

a second team of mps also

749

00:26:25,029 --> 00:26:23,120

youngsters like that

750

00:26:26,470 --> 00:26:25,039

had another sighting in the area i don't

751
00:26:27,830 --> 00:26:26,480
think it got as close to that they

752
00:26:29,750 --> 00:26:27,840
didn't get as close to it as the first

753
00:26:31,590 --> 00:26:29,760
group did but the air force dismissed

754
00:26:33,669 --> 00:26:31,600
the sightings as first venus and later

755
00:26:35,909 --> 00:26:33,679
the moon so

756
00:26:39,110 --> 00:26:35,919
these mps saying that basically venus

757
00:26:39,830 --> 00:26:39,120
landed out at white sands missile range

758
00:26:42,070 --> 00:26:39,840
and

759
00:26:43,830 --> 00:26:42,080
then a couple of days later on november

760
00:26:46,789 --> 00:26:43,840
6th a guy named

761
00:26:49,750 --> 00:26:46,799
stokes james stokes was driving driving

762
00:26:51,669 --> 00:26:49,760
from alamogordo to el paso and if you've

763
00:26:52,470 --> 00:26:51,679

been on that road and i have many many

764

00:26:54,789 --> 00:26:52,480

times

765

00:26:56,470 --> 00:26:54,799

there's a place called oro grande

766

00:26:57,909 --> 00:26:56,480

it's a little little

767

00:26:58,789 --> 00:26:57,919

little um

768

00:27:01,510 --> 00:26:58,799

town

769

00:27:03,350 --> 00:27:01,520

and his car engine was stalled

770

00:27:04,870 --> 00:27:03,360

but he said that as he

771

00:27:06,870 --> 00:27:04,880

coasted to a stop there were six or

772

00:27:09,029 --> 00:27:06,880

seven cars in front of them they were

773

00:27:10,470 --> 00:27:09,039

also pulled over to the side of the road

774

00:27:12,390 --> 00:27:10,480

and they were watching something in the

775

00:27:14,470 --> 00:27:12,400

sky and it was an egg-shaped craft

776

00:27:16,630 --> 00:27:14,480

swooping around in the sky

777

00:27:18,389 --> 00:27:16,640

stokes got some

778

00:27:19,990 --> 00:27:18,399

kind of a sunburn

779

00:27:21,750 --> 00:27:20,000

from staring at this thing if you

780

00:27:23,110 --> 00:27:21,760

remember close encounters of the third

781

00:27:24,710 --> 00:27:23,120

kind and richard dreyfuss getting the

782

00:27:26,789 --> 00:27:24,720

sunburn on

783

00:27:29,029 --> 00:27:26,799

his face in his arm

784

00:27:31,190 --> 00:27:29,039

that's james stokes that's what happened

785

00:27:33,029 --> 00:27:31,200

to him it was very faint

786

00:27:34,549 --> 00:27:33,039

coral lorenzen from the aerial phenomena

787

00:27:36,549 --> 00:27:34,559

research organization stokes of course

788

00:27:39,269 --> 00:27:36,559

lived in alamogordo and he knew jim

789

00:27:40,950 --> 00:27:39,279

lorenzen so once he got back from el

790

00:27:42,389 --> 00:27:40,960

paso he called

791

00:27:43,590 --> 00:27:42,399

jim lorenzen to tell him about the

792

00:27:46,630 --> 00:27:43,600

sighting

793

00:27:52,070 --> 00:27:46,640

and uh both coral and jim lorenzen saw

794

00:27:55,669 --> 00:27:53,909

the the air force dismissed his sighting

795

00:27:57,350 --> 00:27:55,679

of somebody wanting publicity and the

796

00:27:59,269 --> 00:27:57,360

first thing he did was call the news

797

00:28:00,710 --> 00:27:59,279

media well that's that's really not true

798

00:28:03,590 --> 00:28:00,720

the first thing stokes did when he got

799

00:28:05,750 --> 00:28:03,600

back was call his boss out at alamogordo

800

00:28:08,630 --> 00:28:05,760

because he was a civilian contractor at

801
00:28:10,630 --> 00:28:08,640
alamogordo or a consultant and asked if

802
00:28:13,110 --> 00:28:10,640
he could talk about his ufo sighting and

803
00:28:14,710 --> 00:28:13,120
his boss a major said go ahead

804
00:28:16,549 --> 00:28:14,720
you didn't happen on air force time we

805
00:28:18,789 --> 00:28:16,559
don't care talk about it so he called

806
00:28:21,990 --> 00:28:18,799
jim lorenzen who called the news

807
00:28:23,830 --> 00:28:22,000
the uh radio station in alamogordo and

808
00:28:26,389 --> 00:28:23,840
that's how stokes ended up at the at the

809
00:28:29,029 --> 00:28:26,399
radio station talking to it and the

810
00:28:30,389 --> 00:28:29,039
guy's name was clark that he talked to

811
00:28:32,310 --> 00:28:30,399
also saw the

812
00:28:34,310 --> 00:28:32,320
uh sunburn effect by the time the air

813
00:28:36,310 --> 00:28:34,320

force got there the involved in the

814

00:28:38,149 --> 00:28:36,320

investigation of course the sun burn had

815

00:28:38,950 --> 00:28:38,159

faded so there was no big deal about

816

00:28:41,590 --> 00:28:38,960

that

817

00:28:44,870 --> 00:28:41,600

but it's it's this whole

818

00:28:48,310 --> 00:28:44,880

group of sightings that took place in a

819

00:28:50,789 --> 00:28:48,320

very small confined area of west texas

820

00:28:53,350 --> 00:28:50,799

and new mexico southern new mexico

821

00:28:55,430 --> 00:28:53,360

on the second and third of of november

822

00:28:56,630 --> 00:28:55,440

stokes was on the sixth and then we go

823

00:28:58,310 --> 00:28:56,640

back and you look and there's other

824

00:29:00,710 --> 00:28:58,320

sightings around the country that came

825

00:29:02,230 --> 00:29:00,720

about later on after after the second

826

00:29:04,549 --> 00:29:02,240

after the news media

827

00:29:06,470 --> 00:29:04,559

got involved in it one of the witnesses

828

00:29:09,430 --> 00:29:06,480

to the level land end of the sightings

829

00:29:11,510 --> 00:29:09,440

actually heard about it and his parents

830

00:29:13,190 --> 00:29:11,520

suggested he call

831

00:29:14,710 --> 00:29:13,200

because he'd had his car style he the

832

00:29:16,149 --> 00:29:14,720

parents insisted he called the sheriff

833

00:29:18,149 --> 00:29:16,159

and let them know that that he had been

834

00:29:19,269 --> 00:29:18,159

involved in this as well so that one was

835

00:29:21,350 --> 00:29:19,279

kind of general you could say was

836

00:29:23,909 --> 00:29:21,360

generated by the the news media reports

837

00:29:27,590 --> 00:29:23,919

but that was late the next afternoon it

838

00:29:30,549 --> 00:29:27,600

wasn't wasn't that same same day

839

00:29:32,149 --> 00:29:30,559

so it's it's a a wide group of sightings

840

00:29:34,230 --> 00:29:32,159

and it's important because you have the

841

00:29:36,630 --> 00:29:34,240

ufo interacting with the environment

842

00:29:37,590 --> 00:29:36,640

meaning stalling car engines yeah

843

00:29:39,190 --> 00:29:37,600

and if

844

00:29:40,950 --> 00:29:39,200

the investigation had been conducted

845

00:29:43,269 --> 00:29:40,960

properly at that time we might have

846

00:29:45,669 --> 00:29:43,279

learned some some interesting stuff on

847

00:29:47,669 --> 00:29:45,679

november 3rd the next afternoon the

848

00:29:49,190 --> 00:29:47,679

sheriff and the provost marshal from

849

00:29:51,110 --> 00:29:49,200

reese air force base went out looking

850

00:29:52,389 --> 00:29:51,120

for landing traces

851
00:29:53,669 --> 00:29:52,399
and the newspaper said well they didn't

852
00:29:55,430 --> 00:29:53,679
find anything

853
00:29:57,029 --> 00:29:55,440
but according to

854
00:29:58,710 --> 00:29:57,039
the the widow

855
00:30:01,029 --> 00:29:58,720
and the daughter

856
00:30:02,630 --> 00:30:01,039
they did find a landing trace it was i

857
00:30:04,630 --> 00:30:02,640
think i if i remember correctly it was

858
00:30:06,149 --> 00:30:04,640
north of town on a

859
00:30:06,830 --> 00:30:06,159
ranch out there

860
00:30:09,669 --> 00:30:06,840
and

861
00:30:10,870 --> 00:30:09,679
burlington talked to the daughter of the

862
00:30:14,789 --> 00:30:10,880
the rancher

863
00:30:16,470 --> 00:30:14,799

looked at the burn area so they saw it

864

00:30:18,630 --> 00:30:16,480

and the sheriff saw it so there was a

865

00:30:19,990 --> 00:30:18,640

burned area so now we have we have it

866

00:30:21,669 --> 00:30:20,000

interacting with the environment by

867

00:30:23,510 --> 00:30:21,679

stalling the car engines we have landing

868

00:30:25,350 --> 00:30:23,520

traces we have witness independent

869

00:30:26,789 --> 00:30:25,360

witnesses reporting the same sort of

870

00:30:28,789 --> 00:30:26,799

phenomenon

871

00:30:31,190 --> 00:30:28,799

over and over again in a very limited

872

00:30:33,590 --> 00:30:31,200

space of time in a very limited area of

873

00:30:35,510 --> 00:30:33,600

level land texas now had we

874

00:30:38,310 --> 00:30:35,520

not spent seven hours investigating the

875

00:30:39,350 --> 00:30:38,320

case but done it properly

876

00:30:40,870 --> 00:30:39,360

think of the things we might have

877

00:30:42,470 --> 00:30:40,880

learned the air force finally concluded

878

00:30:44,149 --> 00:30:42,480

it was ball lightning

879

00:30:45,830 --> 00:30:44,159

that caused the level land sightings i

880

00:30:47,909 --> 00:30:45,840

know of no case in which ball lightning

881

00:30:50,389 --> 00:30:47,919

has ever stalled a car engine

882

00:30:51,669 --> 00:30:50,399

and ball lightning if you read the

883

00:30:53,669 --> 00:30:51,679

literature about it there's still a

884

00:30:56,230 --> 00:30:53,679

controversy whether well lightning even

885

00:30:58,549 --> 00:30:56,240

exists right but it's a very short life

886

00:31:01,110 --> 00:30:58,559

phenomenon and it's uh

887

00:31:03,590 --> 00:31:01,120

it's 18 inches to two feet in diameter i

888

00:31:06,070 --> 00:31:03,600

mean it's just not very big and it lasts

889

00:31:07,590 --> 00:31:06,080

for seconds yeah so we have

890

00:31:09,750 --> 00:31:07,600

one i think one of the witnesses said

891

00:31:10,630 --> 00:31:09,760

that the he watched the thing for 15

892

00:31:12,389 --> 00:31:10,640

minutes

893

00:31:14,070 --> 00:31:12,399

as it sat on the ground and once it left

894

00:31:15,750 --> 00:31:14,080

then he could start his car another one

895

00:31:17,509 --> 00:31:15,760

watched it for five minutes so they were

896

00:31:18,870 --> 00:31:17,519

watching it for

897

00:31:21,430 --> 00:31:18,880

everybody we're reporting seeing the

898

00:31:23,190 --> 00:31:21,440

thing for over a minute except for the

899

00:31:25,190 --> 00:31:23,200

sheriff in the air force report says

900

00:31:26,870 --> 00:31:25,200

well it just just for two seconds and it

901
00:31:28,630 --> 00:31:26,880
was in the distance until you talk to

902
00:31:29,909 --> 00:31:28,640
him without the influence of the air

903
00:31:31,990 --> 00:31:29,919
force and you find out that they got

904
00:31:33,269 --> 00:31:32,000
much closer and the sighting lasted much

905
00:31:35,029 --> 00:31:33,279
longer

906
00:31:37,110 --> 00:31:35,039
interesting now

907
00:31:39,110 --> 00:31:37,120
the same thing that

908
00:31:40,950 --> 00:31:39,120
could cause a sunburn you know i think

909
00:31:44,070 --> 00:31:40,960
of the first thing i think of is like

910
00:31:45,669 --> 00:31:44,080
radiation like you know the speculation

911
00:31:46,549 --> 00:31:45,679
with the um

912
00:31:47,430 --> 00:31:46,559
cash

913
00:31:49,430 --> 00:31:47,440

uh

914

00:31:52,710 --> 00:31:49,440

landrum landrum thank you cash landrum

915

00:31:53,669 --> 00:31:52,720

case you know possibly radiation

916

00:31:56,389 --> 00:31:53,679

but

917

00:31:59,190 --> 00:31:56,399

with that also what makes a car stall

918

00:32:01,269 --> 00:31:59,200

that can we make car stalls if i mean we

919

00:32:02,710 --> 00:32:01,279

probably have some type of weaponry that

920

00:32:04,710 --> 00:32:02,720

we've developed to do something like

921

00:32:07,029 --> 00:32:04,720

that right well during the world second

922

00:32:07,990 --> 00:32:07,039

world war japanese tried to

923

00:32:11,190 --> 00:32:08,000

um

924

00:32:12,230 --> 00:32:11,200

invent something a electromagnetic

925

00:32:15,029 --> 00:32:12,240

gun

926

00:32:16,470 --> 00:32:15,039

that would stall aircraft engines so if

927

00:32:18,310 --> 00:32:16,480

you could put that in your fighter

928

00:32:19,990 --> 00:32:18,320

planes and you could stall the engine of

929

00:32:22,070 --> 00:32:20,000

your enemies fighters you've got a great

930

00:32:23,669 --> 00:32:22,080

advantage over them oh i guess but they

931

00:32:26,070 --> 00:32:23,679

could only get it to work within about

932

00:32:28,710 --> 00:32:26,080

five feet

933

00:32:29,750 --> 00:32:28,720

so i didn't work and there was uh it

934

00:32:31,669 --> 00:32:29,760

could it

935

00:32:32,630 --> 00:32:31,679

generated a field that could kill as

936

00:32:35,990 --> 00:32:32,640

well

937

00:32:38,070 --> 00:32:36,000

um i think we know the uh microwave

938

00:32:39,590 --> 00:32:38,080

microwave antennas i know we had a

939

00:32:41,350 --> 00:32:39,600

couple of helicopters with microwave

940

00:32:42,950 --> 00:32:41,360

antennas and we were you know

941

00:32:45,269 --> 00:32:42,960

do not approach this antenna when the

942

00:32:47,750 --> 00:32:45,279

aircraft is operating because you could

943

00:32:49,029 --> 00:32:47,760

you could be burned by the microwave

944

00:32:50,789 --> 00:32:49,039

energy and of course we all have

945

00:32:54,950 --> 00:32:50,799

microwave ovens now so we understand

946

00:32:56,389 --> 00:32:54,960

that yeah um so yeah there is

947

00:32:59,909 --> 00:32:56,399

weaponry

948

00:33:02,549 --> 00:32:59,919

from this sort of thing we do know it

949

00:33:03,990 --> 00:33:02,559

works we do know it can suppress engines

950

00:33:05,190 --> 00:33:04,000

the problem with the condom committee

951
00:33:08,389 --> 00:33:05,200
they could think of nothing that would

952
00:33:10,310 --> 00:33:08,399
cause the engine to spontaneously

953
00:33:12,710 --> 00:33:10,320
start once you remove the

954
00:33:15,029 --> 00:33:12,720
electromagnetic field and allow the

955
00:33:16,549 --> 00:33:15,039
electrons to flow the the headlights

956
00:33:18,230 --> 00:33:16,559
would come on because that's a different

957
00:33:19,830 --> 00:33:18,240
thing but you have to do something to

958
00:33:21,350 --> 00:33:19,840
start the engine once you've once you've

959
00:33:24,230 --> 00:33:21,360
killed it using the

960
00:33:25,830 --> 00:33:24,240
electromagnetic effect there are reports

961
00:33:27,590 --> 00:33:25,840
of people saying their cars started

962
00:33:29,350 --> 00:33:27,600
spontaneously and they make a big deal

963
00:33:31,190 --> 00:33:29,360

of it i said one of the as pointed out

964

00:33:32,789 --> 00:33:31,200

one of the guys in the level on case

965

00:33:35,029 --> 00:33:32,799

just insisted that his car started

966

00:33:37,509 --> 00:33:35,039

spontaneously he took no action to start

967

00:33:40,149 --> 00:33:37,519

it everybody else seemed to have had to

968

00:33:41,590 --> 00:33:40,159

do something to get the car to start so

969

00:33:44,230 --> 00:33:41,600

that was one of the reasons the condom

970

00:33:46,230 --> 00:33:44,240

committee rejected the idea of this

971

00:33:47,110 --> 00:33:46,240

because they got hung up on this idea

972

00:33:48,310 --> 00:33:47,120

that the

973

00:33:50,230 --> 00:33:48,320

all the cars

974

00:33:51,590 --> 00:33:50,240

would restart spontaneously and they

975

00:33:53,509 --> 00:33:51,600

could think of no mechanism where that

976

00:33:55,029 --> 00:33:53,519

would happen no physical mechanism that

977

00:33:56,630 --> 00:33:55,039

would allow that

978

00:33:57,669 --> 00:33:56,640

i can't think of anything either

979

00:34:01,590 --> 00:33:57,679

actually

980

00:34:03,590 --> 00:34:01,600

again once it was stalled without

981

00:34:05,350 --> 00:34:03,600

someone turning the key

982

00:34:07,029 --> 00:34:05,360

you know over to start

983

00:34:09,589 --> 00:34:07,039

or rolling downhill and popping the

984

00:34:11,349 --> 00:34:09,599

clutch yeah something like that i mean

985

00:34:14,710 --> 00:34:11,359

it is bizarre but i i have heard of

986

00:34:16,470 --> 00:34:14,720

those cases as well which uh

987

00:34:19,510 --> 00:34:16,480

and who is the one that wrote the book

988

00:34:21,430 --> 00:34:19,520

years ago about cars stalls

989

00:34:23,349 --> 00:34:21,440

the one that i know of is mark rodinge

990

00:34:25,030 --> 00:34:23,359

has done the um

991

00:34:26,790 --> 00:34:25,040

vehicle interference survey that he

992

00:34:29,589 --> 00:34:26,800

conducted for the center field studies

993

00:34:32,069 --> 00:34:29,599

which was a great assistance in in my uh

994

00:34:34,310 --> 00:34:32,079

research the other thing is there's been

995

00:34:37,669 --> 00:34:34,320

a number of sort of ancillary studies

996

00:34:39,510 --> 00:34:37,679

done as well a guy named eric hare

997

00:34:40,790 --> 00:34:39,520

was collecting stories of compass

998

00:34:42,790 --> 00:34:40,800

interference

999

00:34:44,550 --> 00:34:42,800

and you look at um

1000

00:34:46,069 --> 00:34:44,560

the history of this sort of thing the

1001
00:34:47,589 --> 00:34:46,079
kenneth arnold sighting arnold didn't

1002
00:34:49,349 --> 00:34:47,599
have a problem with this but a farmer

1003
00:34:50,550 --> 00:34:49,359
named farmer a uh

1004
00:34:52,230 --> 00:34:50,560
prospector

1005
00:34:54,310 --> 00:34:52,240
named fred johnson

1006
00:34:57,190 --> 00:34:54,320
about 15 minutes after arnold sighting

1007
00:34:58,950 --> 00:34:57,200
ended and he's he's also in washington

1008
00:35:00,870 --> 00:34:58,960
and these things flew over his side and

1009
00:35:03,030 --> 00:35:00,880
caused his compass to spin

1010
00:35:05,109 --> 00:35:03,040
so there was that sort of suggest the

1011
00:35:07,270 --> 00:35:05,119
magnetic effect there's been a number of

1012
00:35:08,630 --> 00:35:07,280
cases like that and i think

1013
00:35:10,150 --> 00:35:08,640

um

1014

00:35:11,990 --> 00:35:10,160

eric in an

1015

00:35:14,150 --> 00:35:12,000

is it i'm not sure his friend may have

1016

00:35:15,829 --> 00:35:14,160

been frank ridge that

1017

00:35:18,790 --> 00:35:15,839

was involved in that but they collected

1018

00:35:20,150 --> 00:35:18,800

140 150 cases of

1019

00:35:21,589 --> 00:35:20,160

interference with compasses and i

1020

00:35:23,270 --> 00:35:21,599

outlined a couple of those in the book

1021

00:35:25,589 --> 00:35:23,280

as well because we're looking for other

1022

00:35:27,430 --> 00:35:25,599

aspects of this electromagnetic effect

1023

00:35:30,550 --> 00:35:27,440

there's the animals react to it

1024

00:35:32,630 --> 00:35:30,560

periodically and it suggests not all ufo

1025

00:35:34,790 --> 00:35:32,640

sightings have these

1026
00:35:37,190 --> 00:35:34,800
sort of things manifest themselves but

1027
00:35:39,829 --> 00:35:37,200
there are a great number of sightings

1028
00:35:41,910 --> 00:35:39,839
where animals react to the the close

1029
00:35:43,829 --> 00:35:41,920
approach of the ufo their the car engine

1030
00:35:47,109 --> 00:35:43,839
stall the radio stations have been

1031
00:35:49,829 --> 00:35:47,119
knocked off the air power failures

1032
00:35:51,589 --> 00:35:49,839
and there's four cases that we found

1033
00:35:52,870 --> 00:35:51,599
that kind of crack me up where the cars

1034
00:35:54,710 --> 00:35:52,880
change color

1035
00:35:55,990 --> 00:35:54,720
because of this approach of the ufo and

1036
00:35:58,550 --> 00:35:56,000
one of them

1037
00:35:59,910 --> 00:35:58,560
and talk about it in the book the guy

1038
00:36:01,430 --> 00:35:59,920

comes home and i can't remember whether

1039

00:36:02,870 --> 00:36:01,440

the car was gray and it turned green or

1040

00:36:03,990 --> 00:36:02,880

if it was green and turned gray but he

1041

00:36:05,829 --> 00:36:04,000

came home

1042

00:36:07,910 --> 00:36:05,839

after the close approach of the ufo and

1043

00:36:09,510 --> 00:36:07,920

his wife says you buy a new car because

1044

00:36:12,150 --> 00:36:09,520

it was a different color

1045

00:36:14,550 --> 00:36:12,160

we found like four cases like that where

1046

00:36:16,790 --> 00:36:14,560

there were some influence on the color

1047

00:36:18,470 --> 00:36:16,800

was there a permanent color change yeah

1048

00:36:20,870 --> 00:36:18,480

yeah it was a permanent that would that

1049

00:36:22,550 --> 00:36:20,880

would be something again it would seem

1050

00:36:24,550 --> 00:36:22,560

like a radiation or something like that

1051
00:36:27,030 --> 00:36:24,560
could cause an effect like that now they

1052
00:36:28,550 --> 00:36:27,040
have a car there's a new car coming out

1053
00:36:30,230 --> 00:36:28,560
this year that you can actually change

1054
00:36:33,430 --> 00:36:30,240
the color on

1055
00:36:35,109 --> 00:36:33,440
with a it's a it has a skin over it so

1056
00:36:37,829 --> 00:36:35,119
with the push of a button

1057
00:36:40,550 --> 00:36:37,839
you can just change the color

1058
00:36:42,550 --> 00:36:40,560
uh well and there was a number of paints

1059
00:36:44,630 --> 00:36:42,560
that came out at all a number of years

1060
00:36:46,870 --> 00:36:44,640
ago and i remember seeing a mustang that

1061
00:36:49,510 --> 00:36:46,880
was painted in this

1062
00:36:51,270 --> 00:36:49,520
really expensive paint and depending on

1063
00:36:53,190 --> 00:36:51,280

the lighting and

1064

00:36:54,710 --> 00:36:53,200

the time of day and everything it would

1065

00:36:57,349 --> 00:36:54,720

change color

1066

00:37:01,030 --> 00:36:57,359

uh yeah but it was some something that

1067

00:37:04,310 --> 00:37:03,030

paint scheme it was it was designed to

1068

00:37:05,190 --> 00:37:04,320

do that

1069

00:37:07,270 --> 00:37:05,200

but there

1070

00:37:09,190 --> 00:37:07,280

we've only found a couple of cases where

1071

00:37:11,349 --> 00:37:09,200

close approach of the ufo

1072

00:37:12,630 --> 00:37:11,359

uh causes the paint to change color but

1073

00:37:14,630 --> 00:37:12,640

the thing i'd say about the

1074

00:37:16,390 --> 00:37:14,640

electromagnetic radiation would be

1075

00:37:18,390 --> 00:37:16,400

electromagnetic radiation it is a form

1076

00:37:20,150 --> 00:37:18,400

of radiation just as light as a form of

1077

00:37:23,430 --> 00:37:20,160

radiation and heat is form of radiation

1078

00:37:25,430 --> 00:37:23,440

we're not talking about uh um

1079

00:37:27,670 --> 00:37:25,440

something in the atomic

1080

00:37:29,670 --> 00:37:27,680

uh realm that's

1081

00:37:30,950 --> 00:37:29,680

radioactive but it is a form of

1082

00:37:31,750 --> 00:37:30,960

radiation

1083

00:37:36,790 --> 00:37:31,760

yeah

1084

00:37:39,030 --> 00:37:36,800

if there was a great deal of heat

1085

00:37:41,430 --> 00:37:39,040

where he could make something like that

1086

00:37:43,349 --> 00:37:41,440

happen as well as far as i mean that

1087

00:37:46,230 --> 00:37:43,359

that's just it's again it's just

1088

00:37:47,750 --> 00:37:46,240

fascinating but um well that's a problem

1089

00:37:50,390 --> 00:37:47,760

you see we're looking we're talking

1090

00:37:53,109 --> 00:37:50,400

about cases that place a long time ago a

1091

00:37:55,349 --> 00:37:53,119

long time ago and the problem is when

1092

00:37:56,950 --> 00:37:55,359

they were investigated nobody did ask

1093

00:37:58,870 --> 00:37:56,960

the right questions

1094

00:38:01,030 --> 00:37:58,880

because i know

1095

00:38:02,790 --> 00:38:01,040

in the cases where the cars change color

1096

00:38:04,550 --> 00:38:02,800

i don't know of a great

1097

00:38:05,510 --> 00:38:04,560

deal of heat being applied

1098

00:38:07,030 --> 00:38:05,520

and that would have been a quick

1099

00:38:10,950 --> 00:38:07,040

question you know did you feel a great

1100

00:38:17,030 --> 00:38:13,670

yeah exactly

1101

00:38:18,710 --> 00:38:17,040

well you're you're frozen i'm not sure

1102

00:38:20,310 --> 00:38:18,720

what's going on you're frozen so while

1103

00:38:22,150 --> 00:38:20,320

that's happening hopefully you'll come

1104

00:38:23,190 --> 00:38:22,160

right back from this

1105

00:38:26,069 --> 00:38:23,200

yeah

1106

00:38:28,950 --> 00:38:26,079

are you froze there for a second kevin

1107

00:38:30,870 --> 00:38:28,960

um not my fault

1108

00:38:32,230 --> 00:38:30,880

it's the internet

1109

00:38:34,870 --> 00:38:32,240

since you're freezing i'm going to show

1110

00:38:36,470 --> 00:38:34,880

this here uh i i just think it's really

1111

00:38:39,829 --> 00:38:36,480

cool this is the

1112

00:38:40,710 --> 00:38:39,839

car that changes color it's bmw

1113

00:38:43,910 --> 00:38:40,720

so

1114

00:38:46,470 --> 00:38:43,920

they have this new tech technology it's

1115

00:38:47,510 --> 00:38:46,480

some type of skin or something like that

1116

00:38:48,710 --> 00:38:47,520

and uh

1117

00:38:53,349 --> 00:38:48,720

so

1118

00:38:55,910 --> 00:38:53,359

i like german cars

1119

00:38:57,349 --> 00:38:55,920

so i'm just showing this because i think

1120

00:38:59,750 --> 00:38:57,359

it's another really

1121

00:39:01,670 --> 00:38:59,760

very interesting thing and uh i'm sure

1122

00:39:03,910 --> 00:39:01,680

people are going to pay a fortune for it

1123

00:39:06,230 --> 00:39:03,920

i don't know exactly why but

1124

00:39:08,550 --> 00:39:06,240

anyway well if you have enough money it

1125

00:39:11,109 --> 00:39:08,560

probably doesn't matter that's right

1126

00:39:14,470 --> 00:39:11,119

yeah yeah for the rest of us it's wow i

1127

00:39:16,630 --> 00:39:14,480

can't afford that yeah yeah right right

1128

00:39:17,990 --> 00:39:16,640

but uh so

1129

00:39:19,990 --> 00:39:18,000

getting back to

1130

00:39:21,510 --> 00:39:20,000

what car causes a car distal

1131

00:39:23,109 --> 00:39:21,520

electromagnetic

1132

00:39:26,150 --> 00:39:23,119

now are there

1133

00:39:29,510 --> 00:39:26,160

reasons why i mean i i know that if we

1134

00:39:32,710 --> 00:39:29,520

ever had like an electromagnetic pulse a

1135

00:39:35,030 --> 00:39:32,720

real severe one like from um

1136

00:39:36,710 --> 00:39:35,040

a nuclear warhead going off in our upper

1137

00:39:39,270 --> 00:39:36,720

atmosphere or something like that it

1138

00:39:42,310 --> 00:39:39,280

would just totally knock out anything

1139

00:39:45,190 --> 00:39:42,320

through a pulse like that so would a

1140

00:39:46,870 --> 00:39:45,200

minor pulse temporarily

1141

00:39:49,670 --> 00:39:46,880

you know what what knocks out a car

1142

00:39:51,030 --> 00:39:49,680

temporarily and makes it usable after

1143

00:39:53,270 --> 00:39:51,040

that's kind of what i'm getting at do

1144

00:39:55,430 --> 00:39:53,280

you know i think the electromagnetic

1145

00:39:57,030 --> 00:39:55,440

pulse you're talking about and i and i

1146

00:39:58,310 --> 00:39:57,040

use the term electromagnetic pulse so

1147

00:40:00,230 --> 00:39:58,320

they can realize it's sort of the same

1148

00:40:02,310 --> 00:40:00,240

thing we've been talking about here

1149

00:40:04,790 --> 00:40:02,320

uh is so overwhelming it fries the

1150

00:40:07,109 --> 00:40:04,800

electronics in the cars

1151

00:40:09,109 --> 00:40:07,119

so the idea is if you had a car from the

1152

00:40:11,030 --> 00:40:09,119

1950s without all the electronics in it

1153

00:40:12,950 --> 00:40:11,040

you probably could get it to start again

1154

00:40:15,030 --> 00:40:12,960

right you may have to roll it down the

1155

00:40:16,309 --> 00:40:15,040

hill and pop the clutch yeah

1156

00:40:19,190 --> 00:40:16,319

yeah

1157

00:40:21,670 --> 00:40:19,200

and i think that i think that's it i i

1158

00:40:23,349 --> 00:40:21,680

but my impression is the

1159

00:40:25,829 --> 00:40:23,359

electromagnetic field surrounding these

1160

00:40:28,069 --> 00:40:25,839

ufos is

1161

00:40:29,510 --> 00:40:28,079

limited it's not really widespread you

1162

00:40:32,390 --> 00:40:29,520

have to get pretty close for it to

1163

00:40:35,109 --> 00:40:32,400

affect your car so it in that respect it

1164

00:40:37,270 --> 00:40:35,119

seems to be somewhat of a weaker field

1165

00:40:38,870 --> 00:40:37,280

there are cases where

1166

00:40:41,190 --> 00:40:38,880

and again talk about it in the book a

1167

00:40:43,190 --> 00:40:41,200

guy got close to one and it distorted

1168

00:40:43,990 --> 00:40:43,200

the rear window of his

1169

00:40:46,950 --> 00:40:44,000

car

1170

00:40:48,710 --> 00:40:46,960

he had a a um convertible so the rear

1171

00:40:51,589 --> 00:40:48,720

window was sort of plastic and it was

1172

00:40:55,109 --> 00:40:51,599

distorted but it also wiped out the uh

1173

00:40:57,670 --> 00:40:55,119

cassette tapes he had in his in his car

1174

00:41:00,069 --> 00:40:57,680

uh you know degassed the tapes i guess

1175

00:41:02,790 --> 00:41:00,079

you'd say yeah so we do have those kind

1176

00:41:04,710 --> 00:41:02,800

of effects reported as well so but it's

1177

00:41:06,470 --> 00:41:04,720

always it's it's limited it's not every

1178

00:41:08,630 --> 00:41:06,480

ufo sighting it's a

1179

00:41:11,829 --> 00:41:08,640

a small minority of the sightings where

1180

00:41:13,510 --> 00:41:11,839

we get this this electromagnetic effect

1181

00:41:15,710 --> 00:41:13,520

yeah and and

1182

00:41:18,390 --> 00:41:15,720

like i said i think rodingar had

1183

00:41:21,589 --> 00:41:18,400

485 cases in his book and it went to

1184

00:41:24,390 --> 00:41:21,599

1985 or something like that there's been

1185

00:41:25,829 --> 00:41:24,400

cases after that and i outlined a number

1186

00:41:28,150 --> 00:41:25,839

of those in in the book as well that

1187

00:41:29,990 --> 00:41:28,160

took place after rotaker had finished

1188

00:41:31,670 --> 00:41:30,000

his research onto it so it's an ongoing

1189

00:41:35,030 --> 00:41:31,680

phenomenon as well

1190

00:41:37,190 --> 00:41:35,040

i think um frank ridge

1191

00:41:39,270 --> 00:41:37,200

on his radar network

1192

00:41:41,750 --> 00:41:39,280

one of the things they look for is an

1193

00:41:44,150 --> 00:41:41,760

anomaly in the magnetic fields around

1194

00:41:46,790 --> 00:41:44,160

what they call the node station it's a

1195

00:41:49,430 --> 00:41:46,800

sort of a magnetometer that

1196

00:41:51,430 --> 00:41:49,440

measures the ambient

1197

00:41:53,030 --> 00:41:51,440

uh electromagnetic radiation and if

1198

00:41:54,710 --> 00:41:53,040

there's a spike in it it will trigger an

1199

00:41:56,470 --> 00:41:54,720

alert on the uh

1200

00:41:58,550 --> 00:41:56,480

on the devices it has a number of other

1201
00:42:01,030 --> 00:41:58,560
sensors that picks up other anomalies as

1202
00:42:03,030 --> 00:42:01,040
well but that's kind of the thing behind

1203
00:42:05,109 --> 00:42:03,040
the idea of a ufo detector it's looking

1204
00:42:08,150 --> 00:42:05,119
for the electromagnetic fields you can

1205
00:42:10,069 --> 00:42:08,160
go on to amazon and you can buy a

1206
00:42:11,670 --> 00:42:10,079
commercial version of a ufo detector i

1207
00:42:13,190 --> 00:42:11,680
don't know how good they are

1208
00:42:14,950 --> 00:42:13,200
i know with the radar network and i

1209
00:42:17,670 --> 00:42:14,960
think their equipment's probably much

1210
00:42:19,990 --> 00:42:17,680
more sensitive they get quite a number

1211
00:42:21,990 --> 00:42:20,000
of faults positive the detector will go

1212
00:42:24,150 --> 00:42:22,000
off but they there is no corresponding

1213
00:42:25,510 --> 00:42:24,160

siding there are cases where the

1214

00:42:27,349 --> 00:42:25,520

detector's gone off and there's a

1215

00:42:30,470 --> 00:42:27,359

corresponding siding and those are kind

1216

00:42:31,750 --> 00:42:30,480

of exciting because you've got another

1217

00:42:36,069 --> 00:42:31,760

data stream

1218

00:42:37,829 --> 00:42:36,079

yeah but but um i think that

1219

00:42:40,390 --> 00:42:37,839

the fields around the ufos are pretty

1220

00:42:42,710 --> 00:42:40,400

well localized it doesn't spread out

1221

00:42:44,950 --> 00:42:42,720

over a wide area like an electromagnetic

1222

00:42:46,390 --> 00:42:44,960

pulse from an atomic weapon would and i

1223

00:42:48,309 --> 00:42:46,400

don't think it's nearly as strong as

1224

00:42:50,630 --> 00:42:48,319

that so it doesn't necessarily fry the

1225

00:42:52,390 --> 00:42:50,640

electronics because if that was true i

1226

00:42:54,069 --> 00:42:52,400

think we'd have problems where you'd get

1227

00:42:55,750 --> 00:42:54,079

up one morning and your

1228

00:42:57,430 --> 00:42:55,760

all your electronics in your house might

1229

00:43:00,309 --> 00:42:57,440

be fried because of a close approach of

1230

00:43:03,750 --> 00:43:01,910

and i know of no cases well there's one

1231

00:43:05,750 --> 00:43:03,760

case where they they

1232

00:43:07,910 --> 00:43:05,760

there are people who've talked about

1233

00:43:09,829 --> 00:43:07,920

where the electronics in their houses

1234

00:43:12,069 --> 00:43:09,839

failed and there's no

1235

00:43:13,910 --> 00:43:12,079

external explanation for

1236

00:43:16,069 --> 00:43:13,920

and you also hear a lot of times about

1237

00:43:17,430 --> 00:43:16,079

batteries that are drained

1238

00:43:19,589 --> 00:43:17,440

like people and i don't know if that

1239

00:43:22,550 --> 00:43:19,599

could even be related in any type of way

1240

00:43:24,550 --> 00:43:22,560

to any type of magnetic situation i know

1241

00:43:27,670 --> 00:43:24,560

definitely when a tape is erased that's

1242

00:43:31,109 --> 00:43:27,680

definitely a magnetic situation but

1243

00:43:33,829 --> 00:43:31,119

that people have said video cameras of

1244

00:43:35,430 --> 00:43:33,839

cell phone cell phones the battery

1245

00:43:38,309 --> 00:43:35,440

completely drained while they're trying

1246

00:43:40,550 --> 00:43:38,319

to to film or other other failures of

1247

00:43:42,390 --> 00:43:40,560

the camera the video phone

1248

00:43:44,230 --> 00:43:42,400

the cell phone cameras that was one of

1249

00:43:45,990 --> 00:43:44,240

the things i've been looking into and my

1250

00:43:48,390 --> 00:43:46,000

next report on coast to coast may do

1251
00:43:51,190 --> 00:43:48,400
that if i can if or unless something

1252
00:43:53,510 --> 00:43:51,200
else comes up but looking at cases where

1253
00:43:55,990 --> 00:43:53,520
people have tried to video

1254
00:43:57,109 --> 00:43:56,000
using their cell phones and the camera

1255
00:43:58,950 --> 00:43:57,119
fails

1256
00:44:01,349 --> 00:43:58,960
they'll just get they'll get

1257
00:44:03,589 --> 00:44:01,359
audio but no visual um

1258
00:44:05,349 --> 00:44:03,599
the camera won't turn on there's all

1259
00:44:06,950 --> 00:44:05,359
kinds of failures related to the camera

1260
00:44:08,710 --> 00:44:06,960
once the ufo is gone then the things

1261
00:44:10,630 --> 00:44:08,720
begin to work properly again but and

1262
00:44:13,750 --> 00:44:10,640
then that's also true remember we have

1263
00:44:15,910 --> 00:44:13,760

the the the couple near amarillo whose

1264

00:44:18,710 --> 00:44:15,920

car battery was

1265

00:44:20,790 --> 00:44:18,720

drained by close approach of the ufo

1266

00:44:22,950 --> 00:44:20,800

battery didn't work anymore so yeah

1267

00:44:25,990 --> 00:44:22,960

that's another side effect of of the

1268

00:44:27,910 --> 00:44:26,000

ufos and those those sorts of um

1269

00:44:30,390 --> 00:44:27,920

cases are much much rarer than just your

1270

00:44:32,230 --> 00:44:30,400

general em effect case

1271

00:44:35,430 --> 00:44:32,240

right now what about

1272

00:44:37,750 --> 00:44:35,440

the aftermath of this of this day you

1273

00:44:38,870 --> 00:44:37,760

said this on the third

1274

00:44:40,710 --> 00:44:38,880

that

1275

00:44:42,470 --> 00:44:40,720

who was who was looking into this did

1276

00:44:44,950 --> 00:44:42,480

the air force actually look into this

1277

00:44:48,829 --> 00:44:44,960

quietly

1278

00:44:51,670 --> 00:44:48,839

and noisily and i say that i say that

1279

00:44:53,190 --> 00:44:51,680

because uh as i mentioned norman barth

1280

00:44:54,030 --> 00:44:53,200

who was a staff sergeant he was part of

1281

00:44:55,589 --> 00:44:54,040

the

1282

00:44:57,270 --> 00:44:55,599

1006

1283

00:44:59,910 --> 00:44:57,280

air intelligence service squadron and

1284

00:45:01,589 --> 00:44:59,920

they he was based in

1285

00:45:03,510 --> 00:45:01,599

colorado springs

1286

00:45:05,589 --> 00:45:03,520

which is basically

1287

00:45:06,710 --> 00:45:05,599

not all that far from level land and of

1288

00:45:08,150 --> 00:45:06,720

course

1289

00:45:09,510 --> 00:45:08,160

he would have access to air force

1290

00:45:11,190 --> 00:45:09,520

aircraft so if they had a training

1291

00:45:12,710 --> 00:45:11,200

flight going to reece air force base

1292

00:45:14,790 --> 00:45:12,720

well he just hopped on board so he got

1293

00:45:16,950 --> 00:45:14,800

down there pretty quick he spent a total

1294

00:45:18,390 --> 00:45:16,960

of seven hours in level land

1295

00:45:20,390 --> 00:45:18,400

um

1296

00:45:22,550 --> 00:45:20,400

and we don't know who all he talked we

1297

00:45:24,390 --> 00:45:22,560

we know he talked to six people we don't

1298

00:45:26,470 --> 00:45:24,400

know if he talked to anybody else he

1299

00:45:28,470 --> 00:45:26,480

disappeared for a number of hours we

1300

00:45:30,630 --> 00:45:28,480

don't know where he went he showed up at

1301

00:45:32,069 --> 00:45:30,640

the sheriff's office around 11 o'clock

1302

00:45:33,670 --> 00:45:32,079

in the morning he talked to the sheriff

1303

00:45:34,950 --> 00:45:33,680

he talked to some people he went away he

1304

00:45:37,990 --> 00:45:34,960

came back to the sheriff's office about

1305

00:45:41,349 --> 00:45:38,000

3 45 2 45 in the afternoon

1306

00:45:43,109 --> 00:45:41,359

and that was kind of it and then

1307

00:45:45,030 --> 00:45:43,119

he went back and filled out his report

1308

00:45:46,710 --> 00:45:45,040

and he had all kinds of excuses he said

1309

00:45:49,190 --> 00:45:46,720

well you know the weather was bad it was

1310

00:45:50,550 --> 00:45:49,200

drizzly and kind of stormy in the area

1311

00:45:53,270 --> 00:45:50,560

but you look at the weather records and

1312

00:45:54,870 --> 00:45:53,280

that's not true

1313

00:45:57,190 --> 00:45:54,880

he said that

1314

00:45:58,870 --> 00:45:57,200

the in that area there's a lot of

1315

00:46:02,150 --> 00:45:58,880

oil drilling going on that's part of the

1316

00:46:03,589 --> 00:46:02,160

permian basin it runs from west texas

1317

00:46:05,829 --> 00:46:03,599

actually to roswell's part of the

1318

00:46:08,150 --> 00:46:05,839

permian basin's big oil field

1319

00:46:10,069 --> 00:46:08,160

that they periodically tap and then they

1320

00:46:11,829 --> 00:46:10,079

turn it off and they turn it back on but

1321

00:46:14,790 --> 00:46:11,839

they would burn off the excess gases you

1322

00:46:16,790 --> 00:46:14,800

know at the top of the oil wells or the

1323

00:46:18,150 --> 00:46:16,800

cracking facilities they said well the

1324

00:46:19,349 --> 00:46:18,160

people who were seeing that reflected

1325

00:46:20,630 --> 00:46:19,359

off the clouds and i'm thinking yeah

1326

00:46:22,390 --> 00:46:20,640

they've lived i've lived there for 20

1327

00:46:24,790 --> 00:46:22,400

years i've never seen that happen so i'm

1328

00:46:26,390 --> 00:46:24,800

going to get confused by it

1329

00:46:28,150 --> 00:46:26,400

they came up with these excuses but in

1330

00:46:29,349 --> 00:46:28,160

the end they just said well it was ball

1331

00:46:31,510 --> 00:46:29,359

lightning and let it go with that and

1332

00:46:33,109 --> 00:46:31,520

that's still the explanation in the uh

1333

00:46:35,510 --> 00:46:33,119

official record

1334

00:46:37,190 --> 00:46:35,520

so he spent that time doing it but what

1335

00:46:38,630 --> 00:46:37,200

bothers me is we've got air force

1336

00:46:40,390 --> 00:46:38,640

officers who are involved we've got air

1337

00:46:42,069 --> 00:46:40,400

force officers the provost marshal as i

1338

00:46:43,990 --> 00:46:42,079

mentioned was out there with the sheriff

1339

00:46:45,510 --> 00:46:44,000

the next day looking we know that there

1340

00:46:47,030 --> 00:46:45,520

were air force officers with the sheriff

1341

00:46:48,950 --> 00:46:47,040

that night

1342

00:46:50,630 --> 00:46:48,960

traveling with him because i found i

1343

00:46:51,990 --> 00:46:50,640

found some documentation to support that

1344

00:46:53,670 --> 00:46:52,000

but i can find no record of an

1345

00:46:55,030 --> 00:46:53,680

inheritance of the air force officers

1346

00:46:57,190 --> 00:46:55,040

so you have to ask yourself where did

1347

00:46:58,790 --> 00:46:57,200

that go if i'm

1348

00:47:01,349 --> 00:46:58,800

conducting a

1349

00:47:03,750 --> 00:47:01,359

comprehensive

1350

00:47:05,750 --> 00:47:03,760

investigation of this sighting and i

1351

00:47:07,430 --> 00:47:05,760

know fellow air force officers are

1352

00:47:08,550 --> 00:47:07,440

involved i'm going to want to talk to

1353

00:47:10,710 --> 00:47:08,560

them

1354

00:47:12,870 --> 00:47:10,720

and exactly and i'm going to think that

1355

00:47:15,030 --> 00:47:12,880

their information is going to be much

1356

00:47:16,710 --> 00:47:15,040

better than the average civilian

1357

00:47:19,109 --> 00:47:16,720

right because

1358

00:47:20,390 --> 00:47:19,119

of their background and i would imagine

1359

00:47:21,829 --> 00:47:20,400

and i'm guessing here because i don't

1360

00:47:23,430 --> 00:47:21,839

know who they were but i would guess

1361

00:47:25,109 --> 00:47:23,440

that the operations officer would have

1362

00:47:26,630 --> 00:47:25,119

been one of those officers i'm guessing

1363

00:47:28,710 --> 00:47:26,640

one of the intelligence officers would

1364

00:47:30,150 --> 00:47:28,720

have been one of the officers out there

1365

00:47:33,510 --> 00:47:30,160

and both those men would have been

1366

00:47:35,910 --> 00:47:33,520

trained in specific things

1367

00:47:37,589 --> 00:47:35,920

the operations officer has a grounding

1368

00:47:39,589 --> 00:47:37,599

in a lot of the activities going on in

1369

00:47:41,430 --> 00:47:39,599

the base because that's kind of his job

1370

00:47:43,030 --> 00:47:41,440

to manage this stuff

1371

00:47:44,630 --> 00:47:43,040

especially the air activities and the

1372

00:47:46,390 --> 00:47:44,640

intelligence office of course would be

1373

00:47:47,750 --> 00:47:46,400

trained in gathering intelligence that's

1374

00:47:49,670 --> 00:47:47,760

what he does

1375

00:47:51,109 --> 00:47:49,680

and disseminating it to people so if i'm

1376

00:47:52,390 --> 00:47:51,119

there i want to talk to those guys

1377

00:47:53,990 --> 00:47:52,400

there's no indication they were ever

1378

00:47:56,069 --> 00:47:54,000

talked to there's no indication that

1379

00:47:57,510 --> 00:47:56,079

barth even talked to the provost marshal

1380

00:47:59,190 --> 00:47:57,520

was out there the next day with this

1381

00:48:00,950 --> 00:47:59,200

sheriff and we've got documentation

1382

00:48:02,790 --> 00:48:00,960

supporting that as well

1383

00:48:05,349 --> 00:48:02,800

so you have to wonder about the quality

1384

00:48:06,390 --> 00:48:05,359

of the investor the the investigation we

1385

00:48:07,990 --> 00:48:06,400

know about

1386

00:48:09,670 --> 00:48:08,000

and we have to wonder well didn't they

1387

00:48:10,950 --> 00:48:09,680

do something a little bit more and a

1388

00:48:12,110 --> 00:48:10,960

little bit more

1389

00:48:13,190 --> 00:48:12,120

clandestine than

1390

00:48:15,589 --> 00:48:13,200

[Music]

1391

00:48:17,349 --> 00:48:15,599

the barth showing up to kind of

1392

00:48:19,589 --> 00:48:17,359

chat up the locals and tell people not

1393

00:48:21,270 --> 00:48:19,599

to talk about it and go away and my

1394

00:48:22,790 --> 00:48:21,280

answer is yes of course they gathered

1395

00:48:24,230 --> 00:48:22,800

that information from the air force

1396

00:48:26,069 --> 00:48:24,240

officers who were involved and there may

1397

00:48:28,630 --> 00:48:26,079

have been other air force officers in

1398

00:48:30,230 --> 00:48:28,640

the area in civilian clothing gathering

1399

00:48:32,309 --> 00:48:30,240

information there's even indications the

1400

00:48:34,549 --> 00:48:32,319

fbi was involved the sheriff mentioned

1401
00:48:35,510 --> 00:48:34,559
that the fbi suggested he not talk about

1402
00:48:37,589 --> 00:48:35,520
it

1403
00:48:40,309 --> 00:48:37,599
so we've got a

1404
00:48:42,950 --> 00:48:40,319
wide range of indications of a more

1405
00:48:44,390 --> 00:48:42,960
in-depth investigation but we can't find

1406
00:48:45,829 --> 00:48:44,400
and i shouldn't say we because i don't

1407
00:48:47,910 --> 00:48:45,839
think a lot of people look for it but i

1408
00:48:48,870 --> 00:48:47,920
couldn't find anything taking me any

1409
00:48:50,710 --> 00:48:48,880
deeper

1410
00:48:53,190 --> 00:48:50,720
into it where those records would be

1411
00:48:54,069 --> 00:48:53,200
housed or how they would be stored or

1412
00:48:56,790 --> 00:48:54,079
what

1413
00:48:58,549 --> 00:48:56,800

code word i needed to to access them

1414

00:48:59,510 --> 00:48:58,559

through foia

1415

00:49:02,390 --> 00:48:59,520

yeah

1416

00:49:04,309 --> 00:49:02,400

and so that was 64 years or so ago i'm

1417

00:49:07,270 --> 00:49:04,319

sure that you know for there to be any

1418

00:49:09,030 --> 00:49:07,280

witnesses alive there's probably that

1419

00:49:11,670 --> 00:49:09,040

dashed that hope

1420

00:49:13,910 --> 00:49:11,680

um well well now as i said don burlinson

1421

00:49:15,349 --> 00:49:13,920

was there a couple of decades ago and

1422

00:49:16,790 --> 00:49:15,359

and the sheriff had passed away but his

1423

00:49:19,430 --> 00:49:16,800

wife was still alive his daughter was

1424

00:49:21,349 --> 00:49:19,440

still alive yeah and we're at the same

1425

00:49:23,349 --> 00:49:21,359

point with the roswell case which is

1426

00:49:25,510 --> 00:49:23,359

coming up on 75 years ago so you're

1427

00:49:28,950 --> 00:49:25,520

looking at people who would have been

1428

00:49:31,270 --> 00:49:28,960

uh you might have had a 20 year old

1429

00:49:35,030 --> 00:49:31,280

private or buck sergeant there in

1430

00:49:37,349 --> 00:49:35,040

roswell in 1947 he'd be 95 now yeah i

1431

00:49:38,870 --> 00:49:37,359

think the oldest guy i talked to

1432

00:49:41,190 --> 00:49:38,880

military guy he talked to in the roswell

1433

00:49:42,630 --> 00:49:41,200

case was 89 years old he was sharp as

1434

00:49:44,069 --> 00:49:42,640

attack and the only thing he really told

1435

00:49:45,829 --> 00:49:44,079

me is oh we were told not to talk about

1436

00:49:47,190 --> 00:49:45,839

it and forget everything we'd seen and i

1437

00:49:48,870 --> 00:49:47,200

thought that was kind of a hoot i got a

1438

00:49:51,510 --> 00:49:48,880

book coming out called understanding

1439

00:49:54,150 --> 00:49:51,520

roswell and there's a short segment

1440

00:49:55,990 --> 00:49:54,160

about his interaction with with that

1441

00:49:57,430 --> 00:49:56,000

sort of that sort of thing but we're

1442

00:49:58,870 --> 00:49:57,440

looking at you know we're looking at a

1443

00:50:00,390 --> 00:49:58,880

time where

1444

00:50:02,549 --> 00:50:00,400

now we're we're dealing with people who

1445

00:50:06,470 --> 00:50:02,559

are getting very old and we and we've

1446

00:50:09,190 --> 00:50:06,480

seen recently how age can diminish your

1447

00:50:10,790 --> 00:50:09,200

cognitive abilities i talked the oldest

1448

00:50:12,630 --> 00:50:10,800

guy i talked to in the roswell

1449

00:50:14,950 --> 00:50:12,640

investigation was 96 years old when i

1450

00:50:16,309 --> 00:50:14,960

talked to him and i'm just not sure how

1451

00:50:19,430 --> 00:50:16,319

sharp he was

1452

00:50:21,750 --> 00:50:19,440

i tried to be very careful in my

1453

00:50:23,349 --> 00:50:21,760

questioning and not lead him or suggest

1454

00:50:25,430 --> 00:50:23,359

where i wanted to go

1455

00:50:27,589 --> 00:50:25,440

and kind of kind of drawn what he was

1456

00:50:30,230 --> 00:50:27,599

saying to me to to find out what's going

1457

00:50:32,150 --> 00:50:30,240

on in a preliminary investigation

1458

00:50:34,230 --> 00:50:32,160

and i think he died like three or four

1459

00:50:36,150 --> 00:50:34,240

months after i talked to him his goal

1460

00:50:37,910 --> 00:50:36,160

was to reach 100 and he failed by four

1461

00:50:38,790 --> 00:50:37,920

years but

1462

00:50:41,109 --> 00:50:38,800

wow

1463

00:50:43,109 --> 00:50:41,119

but uh

1464

00:50:44,470 --> 00:50:43,119

that was

1465

00:50:46,150 --> 00:50:44,480

we've we've talked to a number of people

1466

00:50:47,670 --> 00:50:46,160

who are very old

1467

00:50:50,230 --> 00:50:47,680

and some of them were very sharp and

1468

00:50:51,349 --> 00:50:50,240

some of them were just not completely

1469

00:50:53,109 --> 00:50:51,359

there

1470

00:50:56,230 --> 00:50:53,119

now i'm going to ask you about since you

1471

00:50:57,990 --> 00:50:56,240

know so much about the the witnesses

1472

00:51:00,470 --> 00:50:58,000

are you familiar with the gerald

1473

00:51:01,829 --> 00:51:00,480

anderson interview

1474

00:51:04,470 --> 00:51:01,839

which one

1475

00:51:06,710 --> 00:51:04,480

oh just uh just any one of them i've saw

1476

00:51:10,069 --> 00:51:06,720

one there's one on the national us

1477

00:51:12,069 --> 00:51:10,079

national archives that was done in 1991

1478

00:51:13,829 --> 00:51:12,079

stanton friedman i think uh interviews

1479

00:51:15,270 --> 00:51:13,839

him yeah it shouldn't be in the national

1480

00:51:16,309 --> 00:51:15,280

archives i've tried to have those tapes

1481

00:51:17,510 --> 00:51:16,319

removed

1482

00:51:19,430 --> 00:51:17,520

because they're because they're under

1483

00:51:21,270 --> 00:51:19,440

the auspices of the air force having

1484

00:51:22,950 --> 00:51:21,280

supplied them to the national archives

1485

00:51:24,710 --> 00:51:22,960

and it gives it a level of credibility

1486

00:51:26,390 --> 00:51:24,720

they don't deserve

1487

00:51:28,870 --> 00:51:26,400

and i say that about gerald anderson who

1488

00:51:31,430 --> 00:51:28,880

is a proven liar claimed to be a

1489

00:51:33,109 --> 00:51:31,440

navy seal and the navy seals used to

1490

00:51:34,790 --> 00:51:33,119

have a thing called their hall of shame

1491

00:51:37,030 --> 00:51:34,800

where they outed guys who claimed to be

1492

00:51:38,069 --> 00:51:37,040

seals but who were not and anderson's

1493

00:51:39,510 --> 00:51:38,079

name was on there i showed the

1494

00:51:40,710 --> 00:51:39,520

information to stan but he wasn't

1495

00:51:41,990 --> 00:51:40,720

interested

1496

00:51:44,950 --> 00:51:42,000

um

1497

00:51:46,950 --> 00:51:44,960

so he's basically if you ask me you're

1498

00:51:49,589 --> 00:51:46,960

just giving me this information and

1499

00:51:52,069 --> 00:51:49,599

you're sure about all those facts then

1500

00:51:54,390 --> 00:51:52,079

he's not a credible no not at all he

1501
00:51:57,109 --> 00:51:54,400
submitted a diary that supposedly was

1502
00:51:58,549 --> 00:51:57,119
written in 1947 about his experiences

1503
00:52:01,829 --> 00:51:58,559
and when the inquest tested it was an

1504
00:52:03,270 --> 00:52:01,839
ink that was not available until 1974.

1505
00:52:06,230 --> 00:52:03,280
then he came up with another story well

1506
00:52:07,750 --> 00:52:06,240
we copied the diary the diaries you know

1507
00:52:09,750 --> 00:52:07,760
see we pass them around the family so we

1508
00:52:10,870 --> 00:52:09,760
copied them we hand copied them later

1509
00:52:12,950 --> 00:52:10,880
i'm thinking yeah you never heard of

1510
00:52:13,829 --> 00:52:12,960
xerox machine pal

1511
00:52:18,390 --> 00:52:13,839
um

1512
00:52:20,390 --> 00:52:18,400
there's things on my blog about gerald

1513
00:52:22,710 --> 00:52:20,400

anderson i've

1514

00:52:26,309 --> 00:52:22,720

uh i did an article called yeah there he

1515

00:52:28,150 --> 00:52:26,319

is i did an article called um

1516

00:52:30,309 --> 00:52:28,160

missing time

1517

00:52:32,230 --> 00:52:30,319

and the reason i called it that was uh

1518

00:52:33,589 --> 00:52:32,240

anderson and i had a conversation i was

1519

00:52:34,549 --> 00:52:33,599

the first one to talk to henderson by

1520

00:52:37,589 --> 00:52:34,559

the way

1521

00:52:39,589 --> 00:52:37,599

we talked for about 56 minutes

1522

00:52:41,270 --> 00:52:39,599

and i was not

1523

00:52:43,030 --> 00:52:41,280

impressed with his credibility we found

1524

00:52:45,030 --> 00:52:43,040

a lot of problems with his testimony and

1525

00:52:48,230 --> 00:52:45,040

how things changed and altered as he

1526

00:52:50,150 --> 00:52:48,240

gave gathered more information

1527

00:52:51,670 --> 00:52:50,160

and so he came up with a phone bill his

1528

00:52:53,670 --> 00:52:51,680

phone bill because

1529

00:52:55,270 --> 00:52:53,680

um i didn't have his i had his phone

1530

00:52:57,270 --> 00:52:55,280

number i called him i left a message he

1531

00:52:59,589 --> 00:52:57,280

called me back

1532

00:53:00,630 --> 00:52:59,599

and so i got a copy

1533

00:53:06,390 --> 00:53:00,640

the

1534

00:53:07,349 --> 00:53:06,400

sorry john carpenter interviewed him as

1535

00:53:09,670 --> 00:53:07,359

well

1536

00:53:10,950 --> 00:53:09,680

and to prove that i had lied about the

1537

00:53:13,510 --> 00:53:10,960

length of the phone call saying it was

1538

00:53:15,750 --> 00:53:13,520

54 minutes anderson prevented a phone

1539

00:53:17,829 --> 00:53:15,760

mail that said i'd spoken to him for 50

1540

00:53:19,430 --> 00:53:17,839

for 26 minutes

1541

00:53:21,589 --> 00:53:19,440

well i got a copy of the phone bill

1542

00:53:24,230 --> 00:53:21,599

directly from southwestern bell

1543

00:53:27,510 --> 00:53:24,240

and it showed the 54-minute phone call

1544

00:53:29,430 --> 00:53:27,520

so we had this missing time

1545

00:53:31,750 --> 00:53:29,440

but it was but it was obvious that

1546

00:53:33,750 --> 00:53:31,760

anderson had faked the phone bill i had

1547

00:53:35,589 --> 00:53:33,760

i had a copy of the original and we had

1548

00:53:37,430 --> 00:53:35,599

the one that he had given to carpenter

1549

00:53:39,670 --> 00:53:37,440

which was clearly faked

1550

00:53:41,109 --> 00:53:39,680

oh we found so he'd faked the phone bill

1551
00:53:42,390 --> 00:53:41,119
he later admitted he faked the phone

1552
00:53:44,309 --> 00:53:42,400
bill by the way

1553
00:53:47,750 --> 00:53:44,319
to make me look bad and i'm thinking

1554
00:53:50,560 --> 00:53:47,760
yeah it made me look real bad fella

1555
00:53:52,390 --> 00:53:50,570
kind of outed you though didn't it um he

1556
00:53:54,390 --> 00:53:52,400
[Music]

1557
00:53:56,630 --> 00:53:54,400
came up with a number of documents that

1558
00:53:59,190 --> 00:53:56,640
were clearly forged he lied about his

1559
00:54:01,670 --> 00:53:59,200
background

1560
00:54:03,750 --> 00:54:01,680
he originally said that the

1561
00:54:05,109 --> 00:54:03,760
alien creatures he saw on the plains of

1562
00:54:07,430 --> 00:54:05,119
saint augustine separating this from

1563
00:54:10,069 --> 00:54:07,440

raza on the plains of san agustin

1564

00:54:12,309 --> 00:54:10,079

were milky blue bright milky blue eyes i

1565

00:54:15,430 --> 00:54:12,319

thought i never heard that before

1566

00:54:17,109 --> 00:54:15,440

and then of course it came out that um

1567

00:54:18,950 --> 00:54:17,119

he changed the story that they were dark

1568

00:54:21,589 --> 00:54:18,960

eyes like you see in all the pictures of

1569

00:54:22,309 --> 00:54:21,599

the people who've been abducted

1570

00:54:24,870 --> 00:54:22,319

and

1571

00:54:27,589 --> 00:54:24,880

they said well the tape you misre heard

1572

00:54:30,309 --> 00:54:27,599

the tape he says murky blue on the tape

1573

00:54:32,870 --> 00:54:30,319

meaning dark dark blue almost black and

1574

00:54:35,109 --> 00:54:32,880

i said no um he says okay blue and i

1575

00:54:36,789 --> 00:54:35,119

found out where he got the milky blue if

1576

00:54:39,589 --> 00:54:36,799

you go to willie streeters book i think

1577

00:54:41,430 --> 00:54:39,599

it's um transformation

1578

00:54:43,510 --> 00:54:41,440

the hardback cover

1579

00:54:46,069 --> 00:54:43,520

has an illustration of the gray alien

1580

00:54:46,789 --> 00:54:46,079

with milky blue eyes that's where he got

1581

00:54:47,589 --> 00:54:46,799

it

1582

00:54:49,910 --> 00:54:47,599

wow

1583

00:54:51,910 --> 00:54:49,920

so you know anderson's testimony is not

1584

00:54:53,750 --> 00:54:51,920

credible whatsoever he moved the site

1585

00:54:56,309 --> 00:54:53,760

three or four times

1586

00:54:58,150 --> 00:54:56,319

um well that's that's uh that's terrible

1587

00:55:00,309 --> 00:54:58,160

i mean that

1588

00:55:01,829 --> 00:55:00,319

someone has given up you know i mean i

1589

00:55:03,750 --> 00:55:01,839

believe there's

1590

00:55:06,630 --> 00:55:03,760

i forget how many views there are let me

1591

00:55:09,430 --> 00:55:06,640

just take a look it's a lot uh 800

1592

00:55:11,670 --> 00:55:09,440

almost a million views oh and those

1593

00:55:13,510 --> 00:55:11,680

people are going to take that as serious

1594

00:55:16,309 --> 00:55:13,520

well we've gotten phillip corso's book

1595

00:55:18,470 --> 00:55:16,319

and and people i still ask me well what

1596

00:55:21,750 --> 00:55:18,480

do you think about philip corso

1597

00:55:24,710 --> 00:55:21,760

not much yeah and unfortunately and you

1598

00:55:26,630 --> 00:55:24,720

know i think it's very important for the

1599

00:55:30,069 --> 00:55:26,640

listener that takes this topic serious

1600

00:55:31,430 --> 00:55:30,079

to hear things like this um because i

1601
00:55:33,910 --> 00:55:31,440
didn't know you know when i was first

1602
00:55:35,430 --> 00:55:33,920
looking into it i heard about corso and

1603
00:55:37,270 --> 00:55:35,440
um

1604
00:55:39,190 --> 00:55:37,280
and i know that woman that works the

1605
00:55:40,549 --> 00:55:39,200
italian woman that works with him

1606
00:55:42,230 --> 00:55:40,559
um

1607
00:55:43,510 --> 00:55:42,240
you know i had her on the show i had no

1608
00:55:45,910 --> 00:55:43,520
idea that

1609
00:55:47,990 --> 00:55:45,920
his story fell apart too there's so many

1610
00:55:50,470 --> 00:55:48,000
of them and and what is it that makes

1611
00:55:52,630 --> 00:55:50,480
people do that do do they see like

1612
00:55:53,589 --> 00:55:52,640
someone getting attention and you know i

1613
00:55:54,870 --> 00:55:53,599

mean

1614

00:55:56,710 --> 00:55:54,880

makes you wonder

1615

00:55:58,309 --> 00:55:56,720

well there's people always always want

1616

00:56:00,710 --> 00:55:58,319

to find themselves in the spotlight and

1617

00:56:05,030 --> 00:56:00,720

they come up with ways of doing it um

1618

00:56:08,870 --> 00:56:06,710

make themselves seem

1619

00:56:11,470 --> 00:56:08,880

larger than life i suppose

1620

00:56:14,309 --> 00:56:11,480

there was a survey done in the mid

1621

00:56:15,349 --> 00:56:14,319

1990s about uh

1622

00:56:19,270 --> 00:56:15,359

it's

1623

00:56:21,349 --> 00:56:19,280

not really an official census but it was

1624

00:56:22,870 --> 00:56:21,359

an official survey of thing

1625

00:56:24,630 --> 00:56:22,880

and they learned that there were 13

1626
00:56:26,390 --> 00:56:24,640
million people who claimed to be vietnam

1627
00:56:28,230 --> 00:56:26,400
veterans

1628
00:56:30,150 --> 00:56:28,240
if you look at the documentation from

1629
00:56:33,829 --> 00:56:30,160
the department of defense there were

1630
00:56:35,829 --> 00:56:33,839
like 200 2 million 2.5 million vietnam

1631
00:56:37,589 --> 00:56:35,839
veterans people who actually served in

1632
00:56:40,230 --> 00:56:37,599
country

1633
00:56:42,630 --> 00:56:40,240
well now we've got what 10 million

1634
00:56:45,589 --> 00:56:42,640
people lying about their service there

1635
00:56:47,430 --> 00:56:45,599
wow and and it goes on and on some guys

1636
00:56:49,109 --> 00:56:47,440
some guys just tell these stories of

1637
00:56:50,950 --> 00:56:49,119
horrific combat and you listen to the

1638
00:56:52,309 --> 00:56:50,960

story and say yeah i saw that in a movie

1639

00:56:53,750 --> 00:56:52,319

once

1640

00:56:54,630 --> 00:56:53,760

um

1641

00:56:57,030 --> 00:56:54,640

yeah

1642

00:56:58,630 --> 00:56:57,040

you know and and david rudiak and i got

1643

00:57:00,230 --> 00:56:58,640

into a big fight over the people lying

1644

00:57:01,589 --> 00:57:00,240

about being vietnam veteran we had a

1645

00:57:02,789 --> 00:57:01,599

senator tom harkin and i really

1646

00:57:03,589 --> 00:57:02,799

shouldn't say bad things about him

1647

00:57:04,470 --> 00:57:03,599

because

1648

00:57:06,230 --> 00:57:04,480

um

1649

00:57:08,309 --> 00:57:06,240

i was awarded a bronze star medal for my

1650

00:57:10,630 --> 00:57:08,319

service in iraq and it was presented to

1651
00:57:13,030 --> 00:57:10,640
me by tom harkin

1652
00:57:15,430 --> 00:57:13,040
as one of his last official acts as a

1653
00:57:16,950 --> 00:57:15,440
united states senator but he had on his

1654
00:57:19,190 --> 00:57:16,960
senate biography he'd been a vietnam

1655
00:57:21,270 --> 00:57:19,200
veteran and he wasn't he had to change

1656
00:57:22,069 --> 00:57:21,280
it to vietnam era veteran

1657
00:57:23,430 --> 00:57:22,079
uh

1658
00:57:26,309 --> 00:57:23,440
so yeah

1659
00:57:28,549 --> 00:57:26,319
i could yeah that's something well uh

1660
00:57:30,710 --> 00:57:28,559
we're actually wrapping up on time here

1661
00:57:32,230 --> 00:57:30,720
in just in just a couple of minutes so

1662
00:57:34,710 --> 00:57:32,240
um the book

1663
00:57:37,349 --> 00:57:34,720

is out on amazon the link will be down

1664

00:57:39,750 --> 00:57:37,359

in the show notes and is that also going

1665

00:57:42,230 --> 00:57:39,760

to be available like on kindle and

1666

00:57:43,270 --> 00:57:42,240

eventually possibly audiobook

1667

00:57:44,549 --> 00:57:43,280

uh yeah

1668

00:57:46,630 --> 00:57:44,559

funny you should say that because i just

1669

00:57:47,910 --> 00:57:46,640

talked to the woman just this last week

1670

00:57:49,430 --> 00:57:47,920

who's going to be doing the reading for

1671

00:57:50,870 --> 00:57:49,440

the audiobook

1672

00:57:52,950 --> 00:57:50,880

so yes there will be an audio book

1673

00:57:55,829 --> 00:57:52,960

there's a hardback edition as well which

1674

00:57:57,670 --> 00:57:55,839

uh cost twenty seven dollars and of

1675

00:57:58,870 --> 00:57:57,680

course i got one for free so i was happy

1676
00:58:00,549 --> 00:57:58,880
with that

1677
00:58:02,470 --> 00:58:00,559
but i mean for those of you it's really

1678
00:58:04,549 --> 00:58:02,480
kind of a nice little book the the

1679
00:58:06,150 --> 00:58:04,559
regular book which i think you showed

1680
00:58:08,470 --> 00:58:06,160
here is um

1681
00:58:11,190 --> 00:58:08,480
a large format paperback

1682
00:58:13,030 --> 00:58:11,200
and the the hardback is somewhat more

1683
00:58:15,750 --> 00:58:13,040
compact but it's a nice little hardback

1684
00:58:16,710 --> 00:58:15,760
book it's it's kind of neat

1685
00:58:17,430 --> 00:58:16,720
as well

1686
00:58:21,670 --> 00:58:17,440
yeah

1687
00:58:23,829 --> 00:58:21,680
available on various e-books it's uh

1688
00:58:26,470 --> 00:58:23,839

available as a hard copy it's available

1689

00:58:29,349 --> 00:58:26,480

as a paperback and it's going to be

1690

00:58:31,510 --> 00:58:29,359

available apparently as a

1691

00:58:36,390 --> 00:58:31,520

as a audiobook and if you're real really

1692

00:58:39,910 --> 00:58:37,349

that's

1693

00:58:41,270 --> 00:58:39,920

so

1694

00:58:44,150 --> 00:58:41,280

yeah

1695

00:58:46,069 --> 00:58:44,160

all right kevin thanks so much and uh

1696

00:58:47,990 --> 00:58:46,079

we'll be talking next time that's always

1697

00:58:50,150 --> 00:58:48,000

a great pleasure to have you on the show

1698

00:58:53,670 --> 00:58:50,160

and again check out the blog i love your

1699

00:58:55,910 --> 00:58:53,680

blog it's uh it's got a it's not it's

1700

00:58:57,109 --> 00:58:55,920

blog spot is it is is that what it it's

1701

00:59:00,349 --> 00:58:57,119

it's uh

1702

00:59:02,069 --> 00:59:00,359

kevin dot blogspot.com

1703

00:59:03,990 --> 00:59:02,079

kevinrandall.blogspot.com kevin randall

1704

00:59:05,430 --> 00:59:04,000

all lowercase run together it's also

1705

00:59:06,870 --> 00:59:05,440

called a different perspective and if

1706

00:59:08,549 --> 00:59:06,880

you type in a different perspective it

1707

00:59:10,710 --> 00:59:08,559

usually comes up and some of the ufo

1708

00:59:13,030 --> 00:59:10,720

cases you might be looking for my blog

1709

00:59:14,470 --> 00:59:13,040

comes up as one of the first um places

1710

00:59:16,710 --> 00:59:14,480

that they'll send you to look for it

1711

00:59:19,030 --> 00:59:16,720

look for information on it yeah franklin

1712

00:59:20,710 --> 00:59:19,040

gerald anderson by the way

1713

00:59:23,270 --> 00:59:20,720

well i've seen that many times where i'm

1714

00:59:24,630 --> 00:59:23,280

looking i'm researching a case and there

1715

00:59:26,309 --> 00:59:24,640

it is right there

1716

00:59:27,510 --> 00:59:26,319

so um you're doing something right

1717

00:59:29,670 --> 00:59:27,520

that's for sure

1718

00:59:32,150 --> 00:59:29,680

well thank you yeah all right kevin take

1719

00:59:34,390 --> 00:59:32,160

care you too all right all right

1720

00:59:36,549 --> 00:59:34,400

everyone so we'll be right back with

1721

00:59:38,390 --> 00:59:36,559

albert wayne and

1722

00:59:47,750 --> 00:59:38,400

hold on to your seats it should be

1723

01:00:01,510 --> 00:59:57,770

[Music]

1724

01:00:05,750 --> 01:00:03,589

all right welcome back i'm excited to

1725

01:00:09,270 --> 01:00:05,760

have this guest on albert wayne who's on

1726
01:00:11,829 --> 01:00:09,280
before and just did a short video of him

1727
01:00:13,829 --> 01:00:11,839
talking about his experience that was

1728
01:00:15,589 --> 01:00:13,839
really bizarre if you haven't seen it

1729
01:00:17,190 --> 01:00:15,599
it's really incredible

1730
01:00:19,349 --> 01:00:17,200
if you haven't seen the interview i mean

1731
01:00:21,829 --> 01:00:19,359
it's really incredible and i want to

1732
01:00:24,230 --> 01:00:21,839
talk more in detail about that but there

1733
01:00:25,829 --> 01:00:24,240
are some other things that happen to him

1734
01:00:27,750 --> 01:00:25,839
and his family we're going to be talking

1735
01:00:29,430 --> 01:00:27,760
about all that as well

1736
01:00:31,829 --> 01:00:29,440
albert welcome

1737
01:00:33,030 --> 01:00:31,839
hello martin thank you for having me

1738
01:00:36,069 --> 01:00:33,040

yeah it's great to have you back and i

1739

01:00:38,870 --> 01:00:36,079

want to i know you're a very humble

1740

01:00:40,789 --> 01:00:38,880

and who i consider a credible person but

1741

01:00:42,309 --> 01:00:40,799

i want the people watching this video to

1742

01:00:44,870 --> 01:00:42,319

take a look in the background because

1743

01:00:45,829 --> 01:00:44,880

that's one of your paintings i love your

1744

01:00:49,109 --> 01:00:45,839

work

1745

01:00:50,549 --> 01:00:49,119

beautiful absolutely beautiful and

1746

01:00:52,630 --> 01:00:50,559

that's great

1747

01:00:56,069 --> 01:00:52,640

and they look like they're pretty active

1748

01:00:58,390 --> 01:00:56,079

and uh yeah it's it's a very it's it's

1749

01:00:59,510 --> 01:00:58,400

photorealistic it's very very nice work

1750

01:01:02,069 --> 01:00:59,520

i know

1751
01:01:03,430 --> 01:01:02,079
as a painter myself how much time it

1752
01:01:04,549 --> 01:01:03,440
must take you to paint a painting like

1753
01:01:07,109 --> 01:01:04,559
that

1754
01:01:09,190 --> 01:01:07,119
it takes a fair while yeah a fair bit

1755
01:01:10,630 --> 01:01:09,200
yeah yeah you pick away at these things

1756
01:01:12,870 --> 01:01:10,640
you don't just

1757
01:01:15,589 --> 01:01:12,880
do them you know you well no i just do

1758
01:01:20,470 --> 01:01:17,990
a lot of them i do i just it's fun funny

1759
01:01:22,950 --> 01:01:20,480
um sometimes i like the paintings better

1760
01:01:25,430 --> 01:01:22,960
that i can put out in 15 minutes than i

1761
01:01:27,190 --> 01:01:25,440
do the ones i spend four days on

1762
01:01:29,190 --> 01:01:27,200
so there's a lot of truth in that

1763
01:01:31,990 --> 01:01:29,200

sometimes the faster you can you can see

1764

01:01:33,030 --> 01:01:32,000

there's a lot of very quick very very

1765

01:01:35,829 --> 01:01:33,040

fast

1766

01:01:37,349 --> 01:01:35,839

brush work and palette knife work

1767

01:01:39,349 --> 01:01:37,359

that one didn't take me nearly as long

1768

01:01:42,230 --> 01:01:39,359

as the other one that you uh that you

1769

01:01:44,710 --> 01:01:42,240

were looking at yeah yeah

1770

01:01:47,829 --> 01:01:44,720

well well they're excellent so all right

1771

01:01:50,069 --> 01:01:47,839

um let's talk about you and you're

1772

01:01:52,390 --> 01:01:50,079

basically where you grew up what type of

1773

01:01:54,230 --> 01:01:52,400

background you had and all that and but

1774

01:01:56,150 --> 01:01:54,240

you were nine years old

1775

01:01:57,670 --> 01:01:56,160

when you had a sighting so let's

1776

01:01:59,670 --> 01:01:57,680

i guess we should talk about that then

1777

01:02:01,670 --> 01:01:59,680

we'll go into the into your second and

1778

01:02:03,990 --> 01:02:01,680

ask you you know more details about it

1779

01:02:06,470 --> 01:02:04,000

but let's talk about what happened first

1780

01:02:08,710 --> 01:02:06,480

when you're nine years old

1781

01:02:11,029 --> 01:02:08,720

okay well uh it was

1782

01:02:12,870 --> 01:02:11,039

you know it was fairly typical for

1783

01:02:14,470 --> 01:02:12,880

families back then to sit out on the on

1784

01:02:16,230 --> 01:02:14,480

the front porch and you know be out in

1785

01:02:18,789 --> 01:02:16,240

the evenings in the summer

1786

01:02:20,150 --> 01:02:18,799

um we were we were on a second floor and

1787

01:02:22,470 --> 01:02:20,160

there was there were two balconies on

1788

01:02:26,230 --> 01:02:22,480

the home and we were we were up there

1789

01:02:27,430 --> 01:02:26,240

my mother my father and my my uncle

1790

01:02:28,950 --> 01:02:27,440

and they were

1791

01:02:30,230 --> 01:02:28,960

they were doing what everybody did back

1792

01:02:31,990 --> 01:02:30,240

then or almost everybody they were

1793

01:02:35,349 --> 01:02:32,000

smoking cigarettes and having coffee and

1794

01:02:37,510 --> 01:02:35,359

beer i believe if i remember correctly

1795

01:02:38,549 --> 01:02:37,520

and um

1796

01:02:43,349 --> 01:02:38,559

there was a

1797

01:02:44,630 --> 01:02:43,359

from our from our house and off in the

1798

01:02:47,270 --> 01:02:44,640

distance

1799

01:02:49,910 --> 01:02:47,280

it was my mother that first noticed

1800

01:02:50,950 --> 01:02:49,920

it was a very large

1801

01:02:52,789 --> 01:02:50,960

um

1802

01:02:55,270 --> 01:02:52,799

what what we thought was a star but it

1803

01:02:56,710 --> 01:02:55,280

was it dwarfed any stars that would have

1804

01:02:58,549 --> 01:02:56,720

been out and you could

1805

01:03:00,470 --> 01:02:58,559

and it was all by itself the sun had

1806

01:03:03,190 --> 01:03:00,480

just gone down so it was still around

1807

01:03:04,950 --> 01:03:03,200

dusk and so it was way too bright to be

1808

01:03:07,109 --> 01:03:04,960

a star

1809

01:03:09,910 --> 01:03:07,119

and she pointed it out

1810

01:03:12,390 --> 01:03:09,920

and it and it changed uh

1811

01:03:13,190 --> 01:03:12,400

it changed colors now it was out there

1812

01:03:18,470 --> 01:03:13,200

for

1813

01:03:21,589 --> 01:03:18,480

we were staring at this while it changed

1814

01:03:25,270 --> 01:03:21,599

from from light red to

1815

01:03:27,990 --> 01:03:25,280

to orange to to blue to a green a

1816

01:03:29,670 --> 01:03:28,000

viridian green sort of just

1817

01:03:32,630 --> 01:03:29,680

changing color and

1818

01:03:34,309 --> 01:03:32,640

and it would also grow in size

1819

01:03:36,630 --> 01:03:34,319

to about the size of a quarter from

1820

01:03:39,029 --> 01:03:36,640

where we were sitting down to about the

1821

01:03:40,789 --> 01:03:39,039

size of a maybe a dime and it would sit

1822

01:03:42,470 --> 01:03:40,799

there and turn color then it would get

1823

01:03:44,470 --> 01:03:42,480

large again and it would phase back out

1824

01:03:47,430 --> 01:03:44,480

again

1825

01:03:49,270 --> 01:03:47,440

so i would say that that we we stared at

1826
01:03:51,829 --> 01:03:49,280
that for

1827
01:03:53,910 --> 01:03:51,839
five or six minutes you know it was 10

1828
01:03:55,750 --> 01:03:53,920
minutes possibly

1829
01:03:59,109 --> 01:03:55,760
and

1830
01:04:00,950 --> 01:03:59,119
it didn't move it didn't go you know up

1831
01:04:02,710 --> 01:04:00,960
or down east or west it just stayed

1832
01:04:05,349 --> 01:04:02,720
right where it was

1833
01:04:09,270 --> 01:04:07,510
after after 10 minutes let's say i mean

1834
01:04:11,990 --> 01:04:09,280
i was nine so i don't

1835
01:04:14,309 --> 01:04:12,000
yeah yeah so after about 10 minutes we

1836
01:04:17,990 --> 01:04:14,319
we noticed there were there were two

1837
01:04:18,789 --> 01:04:18,000
what we what we thought at the time

1838
01:04:20,950 --> 01:04:18,799

uh

1839

01:04:22,870 --> 01:04:20,960

there were two lights just

1840

01:04:25,190 --> 01:04:22,880

bright white lights we thought they were

1841

01:04:27,670 --> 01:04:25,200

just aircraft in general you know like a

1842

01:04:29,829 --> 01:04:27,680

a jetliner or something and this was

1843

01:04:31,109 --> 01:04:29,839

this was quite a ways out there so

1844

01:04:33,190 --> 01:04:31,119

it was plausible that they were just

1845

01:04:34,950 --> 01:04:33,200

jetliners and one was coming in from the

1846

01:04:37,029 --> 01:04:34,960

east

1847

01:04:38,829 --> 01:04:37,039

and one from the west

1848

01:04:42,150 --> 01:04:38,839

they were

1849

01:04:44,150 --> 01:04:42,160

uh you know the entire length of the sky

1850

01:04:46,789 --> 01:04:44,160

apart but they were they were as close

1851
01:04:49,109 --> 01:04:46,799
to us as this object was

1852
01:04:50,789 --> 01:04:49,119
they they headed straight

1853
01:04:53,109 --> 01:04:50,799
for this

1854
01:04:54,549 --> 01:04:53,119
orb if you will

1855
01:04:56,390 --> 01:04:54,559
and

1856
01:04:58,789 --> 01:04:56,400
we thought

1857
01:04:59,990 --> 01:04:58,799
for sure that if they didn't change

1858
01:05:01,589 --> 01:05:00,000
course

1859
01:05:03,029 --> 01:05:01,599
they were they were going to crash

1860
01:05:06,630 --> 01:05:03,039
because they were on a perfectly

1861
01:05:08,789 --> 01:05:06,640
straight trajectory for this orb

1862
01:05:11,109 --> 01:05:08,799
and it was when they

1863
01:05:13,910 --> 01:05:11,119

got to within you know from where we

1864

01:05:15,589 --> 01:05:13,920

were inches of the orb on both sides my

1865

01:05:17,029 --> 01:05:15,599

mother said oh my god they're going to

1866

01:05:19,829 --> 01:05:17,039

crash they're going to hit this that

1867

01:05:21,430 --> 01:05:19,839

thing whatever it is

1868

01:05:25,670 --> 01:05:21,440

they went

1869

01:05:27,270 --> 01:05:25,680

into it

1870

01:05:28,710 --> 01:05:27,280

there was no explosion of any kind

1871

01:05:31,270 --> 01:05:28,720

nothing

1872

01:05:33,349 --> 01:05:31,280

and and as soon as they entered

1873

01:05:36,069 --> 01:05:33,359

or or collided

1874

01:05:39,349 --> 01:05:36,079

in this orb

1875

01:05:40,789 --> 01:05:39,359

spark fell from the bottom of it

1876

01:05:43,990 --> 01:05:40,799

i want to say a spark but it was like a

1877

01:05:45,829 --> 01:05:44,000

white light a just a white spark

1878

01:05:48,710 --> 01:05:45,839

and it arc slightly

1879

01:05:51,829 --> 01:05:48,720

and came fell down to the ground

1880

01:05:58,470 --> 01:05:54,309

so

1881

01:06:00,150 --> 01:05:58,480

sitting there and this orb continued to

1882

01:06:02,230 --> 01:06:00,160

to change colors now the white lights

1883

01:06:03,589 --> 01:06:02,240

were gone they had disappeared into this

1884

01:06:05,270 --> 01:06:03,599

object

1885

01:06:06,630 --> 01:06:05,280

and i mean they just disappeared you

1886

01:06:08,789 --> 01:06:06,640

didn't see them come out the other side

1887

01:06:10,870 --> 01:06:08,799

or didn't come back out

1888

01:06:11,990 --> 01:06:10,880

they didn't come back out they just

1889

01:06:13,910 --> 01:06:12,000

disappeared

1890

01:06:16,230 --> 01:06:13,920

jetliners

1891

01:06:17,109 --> 01:06:16,240

yeah we ruled that out pretty quickly

1892

01:06:19,829 --> 01:06:17,119

so

1893

01:06:22,069 --> 01:06:19,839

um

1894

01:06:24,549 --> 01:06:22,079

it continued to to fluctuate in size and

1895

01:06:26,309 --> 01:06:24,559

it continued to fluctuate in color

1896

01:06:30,150 --> 01:06:26,319

and then it and then it grew very small

1897

01:06:34,549 --> 01:06:30,160

and very faint and and it just vanished

1898

01:06:36,069 --> 01:06:34,559

wow it just blipped out of existence

1899

01:06:38,069 --> 01:06:36,079

so

1900

01:06:40,549 --> 01:06:38,079

we we sat there for a bit and my uncle

1901

01:06:42,710 --> 01:06:40,559

was snapping photographs of this

1902

01:06:44,069 --> 01:06:42,720

all the while he was really yeah he had

1903

01:06:45,589 --> 01:06:44,079

his camera with him and he was taking

1904

01:06:46,870 --> 01:06:45,599

pictures

1905

01:06:48,549 --> 01:06:46,880

but i think you know what i'm going to

1906

01:06:49,510 --> 01:06:48,559

say about those pictures you didn't come

1907

01:06:52,069 --> 01:06:49,520

out

1908

01:06:53,670 --> 01:06:52,079

you didn't according to the photo of the

1909

01:06:57,109 --> 01:06:53,680

the drugstore that we brought the camera

1910

01:06:59,750 --> 01:06:57,119

to they they were just the the film was

1911

01:07:01,829 --> 01:06:59,760

tainted it was uh gray blur everything

1912

01:07:03,829 --> 01:07:01,839

was great

1913

01:07:05,829 --> 01:07:03,839

so but but the interesting thing about

1914

01:07:08,470 --> 01:07:05,839

this was we couldn't have been the only

1915

01:07:10,230 --> 01:07:08,480

uh individuals that saw this because

1916

01:07:11,270 --> 01:07:10,240

where were you exactly where where are

1917

01:07:13,349 --> 01:07:11,280

we

1918

01:07:14,789 --> 01:07:13,359

massachusetts southern massachusetts

1919

01:07:17,349 --> 01:07:14,799

down down towards the border of rhode

1920

01:07:19,589 --> 01:07:17,359

island i see yeah

1921

01:07:21,430 --> 01:07:19,599

i'm just wondering is it was it uh

1922

01:07:24,870 --> 01:07:21,440

you know is there a high population

1923

01:07:26,870 --> 01:07:24,880

there where a lot of people outside yes

1924

01:07:29,270 --> 01:07:26,880

yeah it's between north attleboro is

1925

01:07:30,870 --> 01:07:29,280

between boston and providence so it's

1926

01:07:31,670 --> 01:07:30,880

very you know where it is continuous

1927

01:07:33,190 --> 01:07:31,680

yeah

1928

01:07:35,349 --> 01:07:33,200

so

1929

01:07:37,109 --> 01:07:35,359

um within within

1930

01:07:39,829 --> 01:07:37,119

10 minutes

1931

01:07:41,589 --> 01:07:39,839

we we could hear after after this object

1932

01:07:42,950 --> 01:07:41,599

had vanished we could hear

1933

01:07:44,950 --> 01:07:42,960

uh the

1934

01:07:46,950 --> 01:07:44,960

the distant rumblings of

1935

01:07:49,430 --> 01:07:46,960

a vengeance

1936

01:07:53,270 --> 01:07:51,190

the jet fighters

1937

01:07:54,950 --> 01:07:53,280

appeared out of

1938

01:07:57,829 --> 01:07:54,960

you know out of the uh

1939

01:07:59,430 --> 01:07:57,839

out of the east

1940

01:08:01,990 --> 01:07:59,440

and for

1941

01:08:03,510 --> 01:08:02,000

for about 10 or 15 minutes they there

1942

01:08:05,990 --> 01:08:03,520

were there were four of them and they

1943

01:08:09,190 --> 01:08:06,000

were doing crisscross patterns

1944

01:08:10,390 --> 01:08:09,200

from from about where my house was

1945

01:08:12,150 --> 01:08:10,400

north

1946

01:08:13,430 --> 01:08:12,160

where the object was

1947

01:08:15,190 --> 01:08:13,440

and and i mean they were doing like

1948

01:08:17,829 --> 01:08:15,200

checker checker they would turn come

1949

01:08:20,950 --> 01:08:17,839

back checkerboard patterns so

1950

01:08:23,110 --> 01:08:20,960

some somebody or some someone or some

1951

01:08:24,870 --> 01:08:23,120

group of individuals had to have seen

1952

01:08:28,470 --> 01:08:24,880

the same thing and called otis air force

1953

01:08:31,990 --> 01:08:30,149

so we weren't the only ones that we

1954

01:08:33,510 --> 01:08:32,000

didn't call but we somebody had to have

1955

01:08:34,470 --> 01:08:33,520

called or they picked it up on radar or

1956

01:08:36,870 --> 01:08:34,480

something

1957

01:08:38,950 --> 01:08:36,880

right yeah so that was that that's that

1958

01:08:41,189 --> 01:08:38,960

story that's that's the had you ever

1959

01:08:43,749 --> 01:08:41,199

heard of any did anyone else ever talk

1960

01:08:45,669 --> 01:08:43,759

about it that you were aware of no i

1961

01:08:47,110 --> 01:08:45,679

know you were young but i mean did you

1962

01:08:49,110 --> 01:08:47,120

did the adults

1963

01:08:52,470 --> 01:08:49,120

try to do anything about it you know

1964

01:08:53,990 --> 01:08:52,480

call anyone or anything like that no i

1965

01:08:57,030 --> 01:08:54,000

think they just laid another cigarette

1966

01:08:59,269 --> 01:08:57,040

and broke open the beer

1967

01:09:01,349 --> 01:08:59,279

that was kind of crazy you know yeah

1968

01:09:03,189 --> 01:09:01,359

yeah so that was that that that's pretty

1969

01:09:04,470 --> 01:09:03,199

much the whole thing there was nothing

1970

01:09:06,950 --> 01:09:04,480

else to it

1971

01:09:08,950 --> 01:09:06,960

yeah well that's interesting that this

1972

01:09:10,229 --> 01:09:08,960

whatever it was fell

1973

01:09:12,789 --> 01:09:10,239

to the ground

1974

01:09:14,709 --> 01:09:12,799

and did it it was a kind of i know it's

1975

01:09:17,269 --> 01:09:14,719

hard to tell how far away something like

1976

01:09:18,309 --> 01:09:17,279

this was and all that really really hard

1977

01:09:20,789 --> 01:09:18,319

to tell

1978

01:09:22,470 --> 01:09:20,799

you know but i'm wondering how quickly

1979

01:09:24,470 --> 01:09:22,480

whatever it was dropped to the ground

1980

01:09:27,189 --> 01:09:24,480

dropped to the ground quickly

1981

01:09:30,149 --> 01:09:27,199

and it didn't fall straight it if it

1982

01:09:33,910 --> 01:09:30,159

fell on on a slight arc

1983

01:09:36,470 --> 01:09:33,920

wow yeah it almost almost as though if

1984

01:09:41,590 --> 01:09:36,480

okay if you took a flare and it would it

1985

01:09:46,709 --> 01:09:44,390

and you could speed it up

1986

01:09:48,630 --> 01:09:46,719

that's what it looked like

1987

01:09:50,550 --> 01:09:48,640

wow it was certainly not debris there

1988

01:09:51,749 --> 01:09:50,560

was no other debris after these two

1989

01:09:54,950 --> 01:09:51,759

lights

1990

01:09:56,790 --> 01:09:54,960

merged into the orb there was no other

1991

01:09:59,350 --> 01:09:56,800

there was no other debris of any kind

1992

01:10:01,830 --> 01:09:59,360

and it's and continued to to hang there

1993

01:10:03,910 --> 01:10:01,840

for you know several minutes and then

1994

01:10:06,390 --> 01:10:03,920

would you say that those those

1995

01:10:08,390 --> 01:10:06,400

whatever they were the orbs that merged

1996

01:10:11,110 --> 01:10:08,400

into it did they do it evenly like did

1997

01:10:14,070 --> 01:10:11,120

they both go into it about the same time

1998

01:10:16,870 --> 01:10:14,080

at exactly the same time i mean

1999

01:10:19,590 --> 01:10:16,880

precisely the same moment

2000

01:10:21,590 --> 01:10:19,600

yeah that's that's really yeah

2001

01:10:23,750 --> 01:10:21,600

that's actually quite exciting at first

2002

01:10:24,790 --> 01:10:23,760

when you started to say light in the sky

2003

01:10:26,470 --> 01:10:24,800

you know i'm thinking oh this is the

2004

01:10:27,590 --> 01:10:26,480

light in the sky story which many many

2005

01:10:28,630 --> 01:10:27,600

people have

2006

01:10:30,149 --> 01:10:28,640

yeah

2007

01:10:31,590 --> 01:10:30,159

but unless they do something really

2008

01:10:33,270 --> 01:10:31,600

spectacular and it sounds like this

2009

01:10:35,189 --> 01:10:33,280

pretty much did

2010

01:10:37,189 --> 01:10:35,199

well even at nine years old

2011

01:10:39,510 --> 01:10:37,199

you know there was definitely we're not

2012

01:10:42,149 --> 01:10:39,520

in kansas anymore you know for me it

2013

01:10:43,110 --> 01:10:42,159

changed it really changed the way i

2014

01:10:44,470 --> 01:10:43,120

saw

2015

01:10:47,270 --> 01:10:44,480

things uh

2016

01:10:48,550 --> 01:10:47,280

as far as as far as what was in the sky

2017

01:10:50,709 --> 01:10:48,560

so what did they

2018

01:10:52,550 --> 01:10:50,719

what was the conversation after that do

2019

01:10:55,110 --> 01:10:52,560

you remember anything about that or did

2020

01:10:58,070 --> 01:10:55,120

you talk to them afterwards you know

2021

01:11:00,149 --> 01:10:58,080

years or years down the road

2022

01:11:04,070 --> 01:11:00,159

to winning them about that well my my

2023

01:11:08,390 --> 01:11:06,310

i would say i was closest to

2024

01:11:09,990 --> 01:11:08,400

i'm an only child and she was very young

2025

01:11:11,350 --> 01:11:10,000

when she had me so it was like having an

2026

01:11:13,110 --> 01:11:11,360

older sister

2027

01:11:14,950 --> 01:11:13,120

um

2028

01:11:16,149 --> 01:11:14,960

my mother and i brought it up from time

2029

01:11:17,830 --> 01:11:16,159

to time

2030

01:11:19,189 --> 01:11:17,840

you know do you remember that what we

2031

01:11:21,430 --> 01:11:19,199

said you know

2032

01:11:23,669 --> 01:11:21,440

but that's but that's all

2033

01:11:24,709 --> 01:11:23,679

we're you know we're not investigators

2034

01:11:30,390 --> 01:11:24,719

we're not

2035

01:11:31,750 --> 01:11:30,400

it we you know i don't

2036

01:11:32,870 --> 01:11:31,760

yeah

2037

01:11:35,270 --> 01:11:32,880

so

2038

01:11:37,030 --> 01:11:35,280

did that when you had your your second

2039

01:11:39,030 --> 01:11:37,040

sighting that we're going to talk about

2040

01:11:40,790 --> 01:11:39,040

later

2041

01:11:41,990 --> 01:11:40,800

did you kind of feel like there was any

2042

01:11:46,709 --> 01:11:42,000

type of

2043

01:11:50,310 --> 01:11:47,590

no

2044

01:11:51,990 --> 01:11:50,320

did you because the reason i'm asking

2045

01:11:53,750 --> 01:11:52,000

that there is a reason i'm asking that

2046

01:11:54,550 --> 01:11:53,760

question and i know you do listen to my

2047

01:11:57,270 --> 01:11:54,560

show

2048

01:11:59,270 --> 01:11:57,280

um but yeah but that

2049

01:12:01,350 --> 01:11:59,280

a lot of times people will think there's

2050

01:12:02,470 --> 01:12:01,360

some type of connection between a

2051

01:12:04,310 --> 01:12:02,480

childhood

2052

01:12:06,070 --> 01:12:04,320

sighting of something they have later as

2053

01:12:06,790 --> 01:12:06,080

an adult that's the only reason i ask

2054

01:12:08,550 --> 01:12:06,800

that

2055

01:12:10,709 --> 01:12:08,560

particular question

2056

01:12:12,630 --> 01:12:10,719

oh uh do do you mean do you mean to do i

2057

01:12:14,709 --> 01:12:12,640

thought it was special for me

2058

01:12:17,270 --> 01:12:14,719

particularly i know that's something

2059

01:12:19,270 --> 01:12:17,280

that sounds weird but yes

2060

01:12:21,270 --> 01:12:19,280

no i i know

2061

01:12:23,590 --> 01:12:21,280

even though even the connecticut setting

2062

01:12:25,990 --> 01:12:23,600

i have i have absolutely

2063

01:12:28,709 --> 01:12:26,000

no belief that it was special for me and

2064

01:12:31,350 --> 01:12:28,719

in any way yeah one of the i was one of

2065

01:12:32,310 --> 01:12:31,360

a multitude because i think that i think

2066

01:12:34,550 --> 01:12:32,320

that

2067

01:12:36,630 --> 01:12:34,560

these things are seen by thousands and

2068

01:12:37,910 --> 01:12:36,640

thousands of people who never even talk

2069

01:12:39,430 --> 01:12:37,920

about it again

2070

01:12:40,790 --> 01:12:39,440

right it's not just

2071

01:12:42,149 --> 01:12:40,800

kindness

2072

01:12:44,709 --> 01:12:42,159

it kind of sounds like most of the

2073

01:12:46,550 --> 01:12:44,719

adults on the porch that night

2074

01:12:48,550 --> 01:12:46,560

really didn't

2075

01:12:50,310 --> 01:12:48,560

talk about it after

2076

01:12:51,510 --> 01:12:50,320

um now being nine years old i remember

2077

01:12:53,030 --> 01:12:51,520

what that's like

2078

01:12:55,510 --> 01:12:53,040

yeah whatever around that age i mean

2079

01:12:57,430 --> 01:12:55,520

you're inquisitive as heck at that point

2080

01:13:00,070 --> 01:12:57,440

yes you know you probably had a lot of

2081

01:13:04,229 --> 01:13:00,950

um

2082

01:13:06,149 --> 01:13:04,239

did they say the word ufo or what did

2083

01:13:07,590 --> 01:13:06,159

they try to what did the adults try to

2084

01:13:09,189 --> 01:13:07,600

explain it was do you remember any of

2085

01:13:11,350 --> 01:13:09,199

that

2086

01:13:13,189 --> 01:13:11,360

at the time yeah no

2087

01:13:15,910 --> 01:13:13,199

no they were just as they were just as

2088

01:13:18,149 --> 01:13:15,920

perplexed as i was they i remember that

2089

01:13:20,709 --> 01:13:18,159

they were um you know my mother was

2090

01:13:21,830 --> 01:13:20,719

pretty adamant that it was a ufo

2091

01:13:27,189 --> 01:13:21,840

yeah

2092

01:13:29,030 --> 01:13:27,199

it would have been in the 50s

2093

01:13:31,510 --> 01:13:29,040

my grandmother had a

2094

01:13:33,910 --> 01:13:31,520

had what i guess is termed i've heard

2095

01:13:36,390 --> 01:13:33,920

the term and description of ghost rocket

2096

01:13:38,630 --> 01:13:36,400

okay fly past her while getting out of

2097

01:13:39,669 --> 01:13:38,640

her car at a late evening shift that she

2098

01:13:42,149 --> 01:13:39,679

was working

2099

01:13:43,990 --> 01:13:42,159

it she said she turned and she looked up

2100

01:13:46,229 --> 01:13:44,000

and us and it was like a star was coming

2101
01:13:48,229 --> 01:13:46,239
down at her and it flew right by her and

2102
01:13:49,270 --> 01:13:48,239
then vanished up into the other side of

2103
01:13:54,470 --> 01:13:49,280
the

2104
01:13:56,310 --> 01:13:54,480
you know

2105
01:13:57,990 --> 01:13:56,320
and these are these are working class

2106
01:14:01,189 --> 01:13:58,000
factory

2107
01:14:02,229 --> 01:14:01,199
massachusetts salt of the earth you know

2108
01:14:04,070 --> 01:14:02,239
yeah

2109
01:14:06,149 --> 01:14:04,080
it is what it is and it's nothing more

2110
01:14:07,750 --> 01:14:06,159
that and but but when she said yeah this

2111
01:14:10,070 --> 01:14:07,760
rocket flew past me and it was in the

2112
01:14:11,830 --> 01:14:10,080
50s that that happened so that wasn't

2113
01:14:13,510 --> 01:14:11,840

that that wasn't the sighting that we're

2114

01:14:16,470 --> 01:14:13,520

going to talk about with your mother and

2115

01:14:18,870 --> 01:14:16,480

your grandmother no

2116

01:14:20,550 --> 01:14:18,880

that one for me personally is the most

2117

01:14:22,070 --> 01:14:20,560

is the most compelling and the most

2118

01:14:25,750 --> 01:14:22,080

interesting sighting okay well let's

2119

01:14:28,550 --> 01:14:25,760

finish this one sure first so i mean the

2120

01:14:30,229 --> 01:14:28,560

ghost rockets were known in 1946

2121

01:14:31,590 --> 01:14:30,239

and if anyone wants to look out there

2122

01:14:33,350 --> 01:14:31,600

mostly in

2123

01:14:34,790 --> 01:14:33,360

sweden um

2124

01:14:36,470 --> 01:14:34,800

i believe that's where they were was it

2125

01:14:38,950 --> 01:14:36,480

switzerland i always get the two mixed

2126

01:14:40,550 --> 01:14:38,960

up uh right one of them made its way

2127

01:14:42,709 --> 01:14:40,560

over to plainville massachusetts though

2128

01:14:45,910 --> 01:14:42,719

i want you to know that

2129

01:14:48,630 --> 01:14:45,920

yeah but um but just for the person that

2130

01:14:51,590 --> 01:14:48,640

you know wants to do the research

2131

01:14:53,990 --> 01:14:51,600

there the ghost rockets were known

2132

01:14:57,430 --> 01:14:54,000

um to have

2133

01:14:58,870 --> 01:14:57,440

no no wings um i don't believe they

2134

01:14:59,990 --> 01:14:58,880

talked much about

2135

01:15:02,149 --> 01:15:00,000

known

2136

01:15:04,390 --> 01:15:02,159

uh propulsion

2137

01:15:07,430 --> 01:15:04,400

uh and i guess it was finland is where

2138

01:15:10,070 --> 01:15:07,440

they were they were going back in 1946

2139

01:15:12,630 --> 01:15:10,080

there's there's only one picture that

2140

01:15:13,430 --> 01:15:12,640

someone actually took with one going

2141

01:15:15,830 --> 01:15:13,440

over

2142

01:15:17,430 --> 01:15:15,840

and they've never been explained i'm

2143

01:15:19,189 --> 01:15:17,440

gonna put the picture up here they've

2144

01:15:19,990 --> 01:15:19,199

never been explained

2145

01:15:21,030 --> 01:15:20,000

but

2146

01:15:27,590 --> 01:15:21,040

they

2147

01:15:31,510 --> 01:15:27,600

land in lakes

2148

01:15:33,510 --> 01:15:31,520

and there was some research on the lakes

2149

01:15:35,830 --> 01:15:33,520

um you know on a particular lake there's

2150

01:15:38,709 --> 01:15:35,840

a there's the only known image of one i

2151

01:15:41,430 --> 01:15:38,719

suppose but they were known to land

2152

01:15:43,270 --> 01:15:41,440

in lakes and they never found one when

2153

01:15:46,070 --> 01:15:43,280

they go to the bottom of the lake they

2154

01:15:46,870 --> 01:15:46,080

never found one and they have this not

2155

01:15:49,189 --> 01:15:46,880

just

2156

01:15:50,709 --> 01:15:49,199

1946 is when a lot of it happened but

2157

01:15:53,510 --> 01:15:50,719

there was a later one all the way back

2158

01:15:55,510 --> 01:15:53,520

in the 1980s or a very similar thing and

2159

01:15:58,470 --> 01:15:55,520

it went into a lake again

2160

01:15:59,910 --> 01:15:58,480

so it's it's bizarre but um all that

2161

01:16:01,590 --> 01:15:59,920

being said

2162

01:16:03,830 --> 01:16:01,600

i don't think you know i mean that that

2163

01:16:05,990 --> 01:16:03,840

sounds really interesting and i'm sure

2164

01:16:08,149 --> 01:16:06,000

you gave all the detail that you know

2165

01:16:09,830 --> 01:16:08,159

about that yes

2166

01:16:11,910 --> 01:16:09,840

yeah go ahead

2167

01:16:14,229 --> 01:16:11,920

no just that just that i was tying that

2168

01:16:16,870 --> 01:16:14,239

into my my mother being really adamant

2169

01:16:19,110 --> 01:16:16,880

that what we were seeing was a ufo

2170

01:16:21,830 --> 01:16:19,120

because she she couldn't she had no

2171

01:16:22,550 --> 01:16:21,840

contacts nor did my father or uncle we

2172

01:16:26,790 --> 01:16:22,560

had

2173

01:16:28,070 --> 01:16:26,800

in because

2174

01:16:30,790 --> 01:16:28,080

as far as we were concerned we were

2175

01:16:32,790 --> 01:16:30,800

watching two aircraft crash

2176

01:16:34,310 --> 01:16:32,800

yeah and and they just went into the

2177

01:16:36,870 --> 01:16:34,320

orbit and then didn't come out the other

2178

01:16:39,669 --> 01:16:36,880

side and then that spark fell so we had

2179

01:16:42,149 --> 01:16:39,679

no context to wrap our heads around on

2180

01:16:44,149 --> 01:16:42,159

that yeah so just one more just one more

2181

01:16:45,990 --> 01:16:44,159

thing about that particular one

2182

01:16:49,110 --> 01:16:46,000

would you say it was a perfectly

2183

01:16:50,870 --> 01:16:49,120

straight trajectory that those two orbs

2184

01:16:52,310 --> 01:16:50,880

and they were coming in exactly the same

2185

01:16:54,390 --> 01:16:52,320

time

2186

01:16:56,229 --> 01:16:54,400

um and was it like steady or were they

2187

01:16:57,110 --> 01:16:56,239

all over the place no there was it was

2188

01:17:00,950 --> 01:16:57,120

just

2189

01:17:02,870 --> 01:17:00,960

it was like watching a jetliner

2190

01:17:04,709 --> 01:17:02,880

in the distance

2191

01:17:06,470 --> 01:17:04,719

flying across the horizon line it was

2192

01:17:07,750 --> 01:17:06,480

just they were there was a slight arc of

2193

01:17:09,030 --> 01:17:07,760

course because of the shape of the you

2194

01:17:12,310 --> 01:17:09,040

know the earth and

2195

01:17:15,350 --> 01:17:12,320

they were they were like this

2196

01:17:20,229 --> 01:17:17,590

it wasn't straight like this it was uh

2197

01:17:22,070 --> 01:17:20,239

they are up from the horizon

2198

01:17:24,470 --> 01:17:22,080

both sides yeah and

2199

01:17:27,110 --> 01:17:24,480

entered the orb

2200

01:17:29,669 --> 01:17:27,120

wow okay so let's hear about

2201

01:17:30,790 --> 01:17:29,679

your grandmothers and mothers to get

2202

01:17:37,270 --> 01:17:30,800

your mother together with your

2203

01:17:43,750 --> 01:17:40,550

just just to let you know my mom

2204

01:17:45,910 --> 01:17:43,760

my mom passed away about three weeks ago

2205

01:17:48,550 --> 01:17:45,920

oh i'm so sorry

2206

01:17:52,870 --> 01:17:48,560

thank you i traveled back there to be

2207

01:17:57,590 --> 01:17:55,110

talk to her about it again

2208

01:17:59,270 --> 01:17:57,600

wow yeah i asked her i said

2209

01:18:01,270 --> 01:17:59,280

mom are these

2210

01:18:03,270 --> 01:18:01,280

to your to your memory are these is this

2211

01:18:05,430 --> 01:18:03,280

your recollection

2212

01:18:06,390 --> 01:18:05,440

excuse me i have fur or something

2213

01:18:09,350 --> 01:18:06,400

sometime

2214

01:18:12,790 --> 01:18:09,360

um and she she said yep that's exactly

2215

01:18:13,750 --> 01:18:12,800

yeah that's that's what happened but so

2216

01:18:19,750 --> 01:18:13,760

i was a

2217

01:18:31,590 --> 01:18:20,709

my

2218

01:18:34,470 --> 01:18:31,600

a state school she worked the 11 p.m to

2219

01:18:36,790 --> 01:18:34,480

7 a.m shift

2220

01:18:38,229 --> 01:18:36,800

so she would this is the same house that

2221

01:18:40,470 --> 01:18:38,239

we had the other side and she would go

2222

01:18:42,149 --> 01:18:40,480

downstairs my grandparents lived

2223

01:18:43,270 --> 01:18:42,159

downstairs

2224

01:18:45,030 --> 01:18:43,280

down

2225

01:18:47,030 --> 01:18:45,040

through

2226

01:18:49,830 --> 01:18:47,040

my grandmother's kitchen this was my

2227

01:18:53,510 --> 01:18:51,590

she would go through her kitchen my

2228

01:18:55,189 --> 01:18:53,520

grandmother let her out

2229

01:18:58,229 --> 01:18:55,199

and watch to make sure she got into her

2230

01:19:01,750 --> 01:18:59,990

and she would close the door lock it and

2231

01:19:03,830 --> 01:19:01,760

go to bed herself this was their this

2232

01:19:05,669 --> 01:19:03,840

was their ritual every night

2233

01:19:06,870 --> 01:19:05,679

this particular evening

2234

01:19:09,110 --> 01:19:06,880

she walked

2235

01:19:11,910 --> 01:19:09,120

they did that my mother stepped outside

2236

01:19:13,830 --> 01:19:11,920

onto the back deck and she and something

2237

01:19:16,709 --> 01:19:13,840

caught her attention

2238

01:19:19,350 --> 01:19:16,719

so she looked to the left and

2239

01:19:22,870 --> 01:19:19,360

two two house lengths away there was

2240

01:19:25,350 --> 01:19:22,880

there was a another two decker tenement

2241

01:19:26,709 --> 01:19:25,360

and my my i lived in that build in that

2242

01:19:29,270 --> 01:19:26,719

house

2243

01:19:31,590 --> 01:19:29,280

and a cousin okay

2244

01:19:32,950 --> 01:19:31,600

and my my mother

2245

01:19:35,669 --> 01:19:32,960

saw

2246

01:19:37,189 --> 01:19:35,679

sitting in in in the air behind the

2247

01:19:39,189 --> 01:19:37,199

house

2248

01:19:42,310 --> 01:19:39,199

something that she said was the size of

2249

01:19:47,910 --> 01:19:42,320

a small airliner

2250

01:19:52,709 --> 01:19:49,669

by this time my grandmother had closed

2251
01:19:55,030 --> 01:19:52,719
the door okay no no she no the door was

2252
01:19:56,550 --> 01:19:55,040
still open but she was stepping back to

2253
01:20:00,310 --> 01:19:56,560
to close the door after my mom get in

2254
01:20:03,590 --> 01:20:02,070
my mother turned back and looked in the

2255
01:20:05,510 --> 01:20:03,600
kitchen and signaled to my grandmother

2256
01:20:07,110 --> 01:20:05,520
to come out and take a look at this and

2257
01:20:09,350 --> 01:20:07,120
when she did

2258
01:20:11,430 --> 01:20:09,360
when my grandmother stepped to the door

2259
01:20:12,550 --> 01:20:11,440
she looked over my mother's shoulder

2260
01:20:14,790 --> 01:20:12,560
and she

2261
01:20:15,510 --> 01:20:14,800
threw the door shut

2262
01:20:18,709 --> 01:20:15,520
and

2263
01:20:20,229 --> 01:20:18,719

out on the kitchen floor she passed out

2264

01:20:22,629 --> 01:20:20,239

passed out

2265

01:20:25,189 --> 01:20:22,639

leaving leaving my mother standing

2266

01:20:27,590 --> 01:20:25,199

outside with the door closed and locked

2267

01:20:30,790 --> 01:20:27,600

oh my god

2268

01:20:34,790 --> 01:20:30,800

my mother turned around

2269

01:20:35,669 --> 01:20:34,800

and with it she said within arm's length

2270

01:20:42,950 --> 01:20:35,679

was the

2271

01:20:46,390 --> 01:20:45,270

and it had she the way she describes it

2272

01:20:49,669 --> 01:20:46,400

had

2273

01:20:51,669 --> 01:20:49,679

two two very large

2274

01:20:53,270 --> 01:20:51,679

she called them eyes but

2275

01:20:55,590 --> 01:20:53,280

what i think because they were she said

2276

01:20:57,270 --> 01:20:55,600

they were they were hazy

2277

01:21:00,229 --> 01:20:57,280

foggy white

2278

01:21:02,550 --> 01:21:00,239

what i believe they were were portals

2279

01:21:04,229 --> 01:21:02,560

okay she said so can can we just stop

2280

01:21:05,830 --> 01:21:04,239

here for a second yeah because i just

2281

01:21:07,430 --> 01:21:05,840

want to i want to get this right i want

2282

01:21:09,350 --> 01:21:07,440

everyone to understand

2283

01:21:11,510 --> 01:21:09,360

so

2284

01:21:13,350 --> 01:21:11,520

your grandmother looks out possibly this

2285

01:21:16,470 --> 01:21:13,360

thing was coming toward them because

2286

01:21:18,629 --> 01:21:16,480

your mother was facing toward the door

2287

01:21:20,709 --> 01:21:18,639

she signaled her signaling her to come

2288

01:21:24,709 --> 01:21:20,719

out and all of a sudden this object is

2289

01:21:27,110 --> 01:21:24,719

within arm's length and not moving

2290

01:21:28,470 --> 01:21:27,120

and not even moving it was it was behind

2291

01:21:31,110 --> 01:21:28,480

the other house

2292

01:21:32,310 --> 01:21:31,120

now i'm i'm gonna i'm gonna guesstimate

2293

01:21:37,110 --> 01:21:32,320

that it was

2294

01:21:39,750 --> 01:21:37,120

yards 100 yards

2295

01:21:42,310 --> 01:21:39,760

she started sitting behind the house she

2296

01:21:44,390 --> 01:21:42,320

turned and said and said blanche come

2297

01:21:47,270 --> 01:21:44,400

here for a minute and

2298

01:21:49,189 --> 01:21:47,280

by the time my grandmother stepped

2299

01:21:51,110 --> 01:21:49,199

around the door and got

2300

01:21:53,430 --> 01:21:51,120

in front of my mother

2301
01:21:54,629 --> 01:21:53,440
it had already parked itself behind our

2302
01:21:56,470 --> 01:21:54,639
house

2303
01:21:58,550 --> 01:21:56,480
it was sitting behind my mother

2304
01:22:00,790 --> 01:21:58,560
behind the deck of the house

2305
01:22:02,550 --> 01:22:00,800
so she didn't see it move there it just

2306
01:22:03,910 --> 01:22:02,560
it was just there it was there one

2307
01:22:08,229 --> 01:22:03,920
second and then the next second it was

2308
01:22:11,910 --> 01:22:10,390
so my grandmother passed uh is did you

2309
01:22:13,990 --> 01:22:11,920
want to ask any other questions yeah no

2310
01:22:16,709 --> 01:22:14,000
no so your grandmother stepped around

2311
01:22:19,510 --> 01:22:16,719
her slam the door and passed out leaving

2312
01:22:21,110 --> 01:22:19,520
her outside with a door locked

2313
01:22:22,070 --> 01:22:21,120

my mother screamed

2314

01:22:25,430 --> 01:22:22,080

yeah

2315

01:22:26,629 --> 01:22:25,440

a fair response and she screamed and

2316

01:22:28,149 --> 01:22:26,639

when she did

2317

01:22:29,189 --> 01:22:28,159

this object

2318

01:22:31,669 --> 01:22:29,199

and i don't think it's because she

2319

01:22:34,070 --> 01:22:31,679

scared the object but maybe it figured

2320

01:22:37,189 --> 01:22:34,080

that okay so it

2321

01:22:38,790 --> 01:22:37,199

this object took off backwards and when

2322

01:22:40,870 --> 01:22:38,800

it did

2323

01:22:42,950 --> 01:22:40,880

it it took

2324

01:22:46,070 --> 01:22:42,960

half of our weeping willow tree with it

2325

01:22:49,270 --> 01:22:46,080

it broke off a huge with the secondary

2326

01:22:51,110 --> 01:22:49,280

limb to our weeping willow tree

2327

01:22:53,590 --> 01:22:51,120

and i remember that because i woke up

2328

01:22:55,590 --> 01:22:53,600

that morning to the sound of a chainsaw

2329

01:22:57,110 --> 01:22:55,600

and it was my uncle out in the backyard

2330

01:22:59,510 --> 01:22:57,120

cutting up half of this weeping willow

2331

01:23:02,709 --> 01:22:59,520

tree which was laying on the ground

2332

01:23:06,310 --> 01:23:04,310

and she said my mother said she watched

2333

01:23:08,149 --> 01:23:06,320

it she heard a crash when it hit the

2334

01:23:10,870 --> 01:23:08,159

tree and then she watched it just

2335

01:23:14,629 --> 01:23:10,880

disappear like a like a

2336

01:23:17,189 --> 01:23:14,639

spark a whisp into into into the sky and

2337

01:23:19,669 --> 01:23:17,199

out into space just with like a white

2338

01:23:23,590 --> 01:23:22,070

that that's it that's quite quite the

2339

01:23:26,149 --> 01:23:23,600

story and

2340

01:23:28,070 --> 01:23:26,159

uh now how about your

2341

01:23:30,070 --> 01:23:28,080

what was the aftermath i mean your grand

2342

01:23:33,030 --> 01:23:30,080

grandmother was ended up being okay i'm

2343

01:23:34,229 --> 01:23:33,040

sure i mean she was okay yeah

2344

01:23:36,070 --> 01:23:34,239

she was right

2345

01:23:38,950 --> 01:23:36,080

did she let her did she wake up and then

2346

01:23:39,830 --> 01:23:38,960

let her in and they talk about it

2347

01:23:44,550 --> 01:23:39,840

yeah

2348

01:23:46,790 --> 01:23:44,560

banging on the door pretty hard after

2349

01:23:48,149 --> 01:23:46,800

after this thing had vanished

2350

01:23:50,390 --> 01:23:48,159

she was pounding on the door my

2351
01:23:52,629 --> 01:23:50,400
grandmother finally came too and let her

2352
01:23:54,870 --> 01:23:52,639
in and they they talked about it yeah

2353
01:23:55,910 --> 01:23:54,880
any other witnesses that you're aware of

2354
01:23:56,870 --> 01:23:55,920
for that one

2355
01:23:59,189 --> 01:23:56,880
no

2356
01:24:02,070 --> 01:23:59,199
so did she she said it looked like ice

2357
01:24:03,270 --> 01:24:02,080
but it was probably portals but portals

2358
01:24:06,629 --> 01:24:03,280
but

2359
01:24:09,189 --> 01:24:06,639
uh portholes pardon me

2360
01:24:11,189 --> 01:24:09,199
what else could did she describe about

2361
01:24:12,870 --> 01:24:11,199
the way it looked

2362
01:24:15,430 --> 01:24:12,880
martin i think she was i think she was

2363
01:24:17,030 --> 01:24:15,440

too frightened to take any mental notes

2364

01:24:19,590 --> 01:24:17,040

honestly

2365

01:24:21,110 --> 01:24:19,600

it was it was literally behind her an

2366

01:24:21,990 --> 01:24:21,120

arm's length away the front of it you

2367

01:24:23,110 --> 01:24:22,000

know

2368

01:24:24,790 --> 01:24:23,120

just

2369

01:24:26,870 --> 01:24:24,800

you know she never talked about the

2370

01:24:27,750 --> 01:24:26,880

shape of it in any any type of way you

2371

01:24:28,629 --> 01:24:27,760

know

2372

01:24:30,790 --> 01:24:28,639

no

2373

01:24:31,590 --> 01:24:30,800

yeah

2374

01:24:33,750 --> 01:24:31,600

wow

2375

01:24:35,990 --> 01:24:33,760

yeah that's a bizarre one and for this

2376

01:24:37,030 --> 01:24:36,000

thing to blink and be right there and

2377

01:24:39,030 --> 01:24:37,040

then

2378

01:24:41,750 --> 01:24:39,040

you know

2379

01:24:44,629 --> 01:24:41,760

it's uh yeah it's a it's an interesting

2380

01:24:45,990 --> 01:24:44,639

story and did she talk about it a lot i

2381

01:24:48,709 --> 01:24:46,000

mean did you know right away when you

2382

01:24:53,270 --> 01:24:50,870

oh i knew the day that it i knew the day

2383

01:24:55,590 --> 01:24:53,280

oh yeah because the chainsaw

2384

01:24:56,830 --> 01:24:55,600

yeah yeah yeah

2385

01:25:02,550 --> 01:24:56,840

yeah

2386

01:25:03,830 --> 01:25:02,560

one family to have all these

2387

01:25:05,110 --> 01:25:03,840

different things

2388

01:25:10,310 --> 01:25:05,120

i guess

2389

01:25:12,310 --> 01:25:10,320

all right well now i'd like to talk

2390

01:25:14,149 --> 01:25:12,320

about the one we've already talked about

2391

01:25:17,510 --> 01:25:14,159

okay and get into

2392

01:25:20,390 --> 01:25:17,520

that in in more detail so i know a lot

2393

01:25:22,390 --> 01:25:20,400

of people i mean it's like almost 9 000

2394

01:25:24,790 --> 01:25:22,400

views on this video

2395

01:25:26,709 --> 01:25:24,800

on this channel here where you discuss

2396

01:25:27,990 --> 01:25:26,719

this one particular case

2397

01:25:30,870 --> 01:25:28,000

that happened

2398

01:25:32,550 --> 01:25:30,880

um but let's let's go from the beginning

2399

01:25:34,709 --> 01:25:32,560

you're on your way

2400

01:25:36,709 --> 01:25:34,719

you're leaving you leave massachusetts

2401

01:25:38,790 --> 01:25:36,719

you're on your way driving to long

2402

01:25:41,510 --> 01:25:38,800

island i forget the club you were trying

2403

01:25:43,590 --> 01:25:41,520

to get to studio 54 that's right studio

2404

01:25:49,270 --> 01:25:43,600

54 you're on your way there

2405

01:25:55,430 --> 01:25:52,310

it would have been late summer um

2406

01:25:56,550 --> 01:25:55,440

fall possibly i i don't i don't recall

2407

01:25:58,149 --> 01:25:56,560

the exact

2408

01:26:00,709 --> 01:25:58,159

i should have taken better notes but i

2409

01:26:03,350 --> 01:26:00,719

didn't yeah and you know i thought about

2410

01:26:05,030 --> 01:26:03,360

a couple of things you're on the i-95

2411

01:26:07,510 --> 01:26:05,040

corridor

2412

01:26:09,110 --> 01:26:07,520

you're heading south toward long toward

2413

01:26:12,229 --> 01:26:09,120

long island

2414

01:26:14,390 --> 01:26:12,239

um and then if you would um i mean i'll

2415

01:26:15,990 --> 01:26:14,400

just ask you the questions as we

2416

01:26:18,709 --> 01:26:16,000

land on a couple of different parts of

2417

01:26:21,030 --> 01:26:18,719

this but if you would just uh let's hear

2418

01:26:24,229 --> 01:26:21,040

that story one more time

2419

01:26:25,830 --> 01:26:24,239

again okay yeah uh

2420

01:26:27,189 --> 01:26:25,840

let's see okay so we're getting we're

2421

01:26:28,870 --> 01:26:27,199

approaching

2422

01:26:30,070 --> 01:26:28,880

we're a few miles out from the mystic

2423

01:26:32,310 --> 01:26:30,080

connecticut

2424

01:26:33,270 --> 01:26:32,320

off ramp yeah hang on just one minute

2425

01:26:34,790 --> 01:26:33,280

i'm sorry

2426
01:26:36,870 --> 01:26:34,800
can you give it a you said you're about

2427
01:26:39,750 --> 01:26:36,880
17 if i remember right so approximately

2428
01:26:42,470 --> 01:26:39,760
what year was this 17 and a half yeah

2429
01:26:44,950 --> 01:26:42,480
1978

2430
01:26:46,310 --> 01:26:44,960
79 yeah yeah

2431
01:26:47,669 --> 01:26:46,320
you're asking me to think quickly and

2432
01:26:49,430 --> 01:26:47,679
i'm not i'm

2433
01:26:50,550 --> 01:26:49,440
i'm not good at that i didn't sit down

2434
01:26:53,350 --> 01:26:50,560
with a pencil

2435
01:26:55,510 --> 01:26:53,360
no um i i do remember i had a 67

2436
01:27:00,070 --> 01:26:55,520
thunderbird oh

2437
01:27:04,390 --> 01:27:02,950
yeah it was a great machine anyway so

2438
01:27:05,830 --> 01:27:04,400

we're going my girlfriend and i are

2439

01:27:08,390 --> 01:27:05,840

heading

2440

01:27:10,149 --> 01:27:08,400

down i-95 um

2441

01:27:13,430 --> 01:27:10,159

and it was

2442

01:27:16,830 --> 01:27:13,440

i'd say that the sun had set maybe

2443

01:27:19,430 --> 01:27:16,840

30 minutes prior to that it was very

2444

01:27:21,990 --> 01:27:19,440

windy uh

2445

01:27:24,070 --> 01:27:22,000

you could see the clouds briskly moving

2446

01:27:25,750 --> 01:27:24,080

across the horizon you can see the the

2447

01:27:29,189 --> 01:27:25,760

moonlight in the background it was

2448

01:27:31,110 --> 01:27:29,199

clouds were really briskly rushing along

2449

01:27:32,550 --> 01:27:31,120

and uh

2450

01:27:33,750 --> 01:27:32,560

as i said before

2451

01:27:36,390 --> 01:27:33,760

it

2452

01:27:38,790 --> 01:27:36,400

off to our left heading heading back

2453

01:27:40,790 --> 01:27:38,800

towards providence

2454

01:27:42,870 --> 01:27:40,800

it looked like a

2455

01:27:45,830 --> 01:27:42,880

you know any jetliner coming coming

2456

01:27:48,470 --> 01:27:45,840

through the clouds and it uh when it

2457

01:27:49,750 --> 01:27:48,480

finally broke through the clouds

2458

01:27:52,070 --> 01:27:49,760

it was

2459

01:27:54,629 --> 01:27:52,080

much it seemed much larger than a

2460

01:27:56,709 --> 01:27:54,639

jetliner and i thought that it was it

2461

01:27:58,470 --> 01:27:56,719

was too low to be flying to be honest

2462

01:28:00,870 --> 01:27:58,480

with you i thought if that plane is

2463

01:28:02,709 --> 01:28:00,880

going to green state airport it's it's

2464

01:28:04,070 --> 01:28:02,719

way too low

2465

01:28:05,430 --> 01:28:04,080

by this time to get there because it

2466

01:28:07,990 --> 01:28:05,440

looked like a jetliner that was almost

2467

01:28:10,470 --> 01:28:08,000

ready to land

2468

01:28:13,750 --> 01:28:10,480

the sky lit up the ground lit up for

2469

01:28:16,070 --> 01:28:13,760

miles on both sides of the highway

2470

01:28:17,350 --> 01:28:16,080

it it looked like uh early morning it

2471

01:28:19,590 --> 01:28:17,360

was so bright

2472

01:28:21,110 --> 01:28:19,600

now yeah it's it's at that when this

2473

01:28:24,310 --> 01:28:21,120

happened is that when you pulled over to

2474

01:28:25,350 --> 01:28:24,320

the side no not not yet no not yet not

2475

01:28:27,510 --> 01:28:25,360

by then

2476

01:28:29,510 --> 01:28:27,520

um but but everything started to

2477

01:28:32,070 --> 01:28:29,520

brighten up and and i

2478

01:28:34,629 --> 01:28:32,080

and i said to my girlfriend said i think

2479

01:28:35,350 --> 01:28:34,639

that's going to crash it's just too you

2480

01:28:38,470 --> 01:28:35,360

know

2481

01:28:43,430 --> 01:28:40,310

when i said that

2482

01:28:46,470 --> 01:28:43,440

there was a a row of

2483

01:28:49,270 --> 01:28:46,480

very old-growth pine trees i'm thinking

2484

01:28:50,950 --> 01:28:49,280

they were pine anyway

2485

01:28:53,430 --> 01:28:50,960

the the object just

2486

01:28:57,510 --> 01:28:53,440

stopped over them it froze right there

2487

01:28:59,189 --> 01:28:57,520

it's no longer flying towards us

2488

01:29:00,870 --> 01:28:59,199

and

2489

01:29:05,669 --> 01:29:00,880

as we approached

2490

01:29:08,229 --> 01:29:05,679

you could see the tops of the trees

2491

01:29:10,550 --> 01:29:08,239

literally bending over in in different

2492

01:29:12,870 --> 01:29:10,560

directions like there was a

2493

01:29:15,110 --> 01:29:12,880

it was an enormous down draft of some

2494

01:29:17,270 --> 01:29:15,120

kind or something forcing the tops of

2495

01:29:21,189 --> 01:29:17,280

the trees down as it just sat there

2496

01:29:24,390 --> 01:29:22,709

this was another thing i think i forgot

2497

01:29:25,430 --> 01:29:24,400

to mention there were no blinking lights

2498

01:29:27,510 --> 01:29:25,440

on this

2499

01:29:30,070 --> 01:29:27,520

but but there was a but it was bright

2500

01:29:32,629 --> 01:29:30,080

something was very bright

2501

01:29:34,229 --> 01:29:32,639

it was very bright yeah

2502

01:29:35,590 --> 01:29:34,239

i remember looking off to the to the

2503

01:29:37,430 --> 01:29:35,600

left and right

2504

01:29:39,750 --> 01:29:37,440

and i could see

2505

01:29:40,870 --> 01:29:39,760

the fields on both sides all the way

2506

01:29:42,709 --> 01:29:40,880

until they

2507

01:29:44,550 --> 01:29:42,719

vanished into the horizon you know on

2508

01:29:46,390 --> 01:29:44,560

both sides of the highway it was that

2509

01:29:47,669 --> 01:29:46,400

bright

2510

01:29:50,070 --> 01:29:47,679

i'm not going to say it was daylight it

2511

01:29:52,390 --> 01:29:50,080

wasn't 12 noon but it was bright enough

2512

01:29:55,590 --> 01:29:52,400

to see all the trees in the fields and

2513

01:29:56,629 --> 01:29:55,600

some details in the distance

2514

01:29:57,910 --> 01:29:56,639

so

2515

01:29:59,910 --> 01:29:57,920

um

2516

01:30:02,149 --> 01:29:59,920

at this point we're still traveling

2517

01:30:08,390 --> 01:30:02,159

towards it because now i'm i'm really

2518

01:30:11,990 --> 01:30:10,390

as other cars started to pull over i

2519

01:30:14,390 --> 01:30:12,000

decided that that's what we would do too

2520

01:30:16,550 --> 01:30:14,400

and not but we were probably

2521

01:30:17,669 --> 01:30:16,560

a quarter of a mile now from it maybe a

2522

01:30:20,870 --> 01:30:17,679

little bit less

2523

01:30:22,790 --> 01:30:20,880

so is it forward of you

2524

01:30:25,030 --> 01:30:22,800

forward and to the it was on the

2525

01:30:29,350 --> 01:30:25,040

opposite side of the northbound

2526

01:30:31,270 --> 01:30:29,360

highway to the left to the left

2527

01:30:32,830 --> 01:30:31,280

so we we pulled over along with the

2528

01:30:38,629 --> 01:30:32,840

other cars in front of

2529

01:30:42,390 --> 01:30:41,270

was we sat there briefly looking at this

2530

01:30:44,709 --> 01:30:42,400

and

2531

01:30:46,550 --> 01:30:44,719

as i said before

2532

01:30:49,270 --> 01:30:46,560

the next

2533

01:30:51,990 --> 01:30:49,280

well let me describe a little bit more

2534

01:30:53,430 --> 01:30:52,000

about the craft so so the craft had the

2535

01:30:55,189 --> 01:30:53,440

craft head

2536

01:30:57,750 --> 01:30:55,199

was shaped sort of like the the center

2537

01:30:59,669 --> 01:30:57,760

of a compass it had it had four points

2538

01:31:03,030 --> 01:30:59,679

four long arms coming off

2539

01:31:05,430 --> 01:31:03,040

it had a a segmented

2540

01:31:07,590 --> 01:31:05,440

under section it was a like a solid

2541

01:31:12,229 --> 01:31:07,600

bottom and then above that there was a

2542

01:31:14,709 --> 01:31:12,239

a row of lights of of uh amber sort of

2543

01:31:17,030 --> 01:31:14,719

yellowish orange

2544

01:31:19,030 --> 01:31:17,040

portal type lights

2545

01:31:22,070 --> 01:31:19,040

and above that was a

2546

01:31:24,070 --> 01:31:22,080

classic dome but not round sort of

2547

01:31:26,229 --> 01:31:24,080

almost squared off a little bit okay

2548

01:31:28,790 --> 01:31:26,239

almost pyramidal if you will but flat

2549

01:31:31,830 --> 01:31:28,800

and then down taper down

2550

01:31:33,830 --> 01:31:31,840

at the at the ends of

2551
01:31:36,229 --> 01:31:33,840
of the four

2552
01:31:39,590 --> 01:31:36,239
uh arms there was there were there were

2553
01:31:42,830 --> 01:31:39,600
white there were white balls

2554
01:31:44,950 --> 01:31:42,840
attached by what looked like a metal

2555
01:31:49,189 --> 01:31:44,960
rod now i

2556
01:31:53,669 --> 01:31:51,270
that the the only way that i really saw

2557
01:31:55,830 --> 01:31:53,679
that was was during the second half of

2558
01:31:59,110 --> 01:31:55,840
the

2559
01:32:01,990 --> 01:31:59,120
which

2560
01:32:04,310 --> 01:32:02,000
was when

2561
01:32:07,750 --> 01:32:04,320
we were sitting there looking at it

2562
01:32:10,390 --> 01:32:07,760
the next thing we remember i remember

2563
01:32:14,390 --> 01:32:10,400

was that we were we were then looking up

2564

01:32:16,310 --> 01:32:14,400

throughout the windshield of the vehicle

2565

01:32:17,510 --> 01:32:16,320

at the underside of the

2566

01:32:19,669 --> 01:32:17,520

so it

2567

01:32:22,229 --> 01:32:19,679

it blinked another blinking thing right

2568

01:32:23,270 --> 01:32:22,239

over you just boom

2569

01:32:25,030 --> 01:32:23,280

didn't see it

2570

01:32:26,950 --> 01:32:25,040

was this thing so big that it was over

2571

01:32:29,669 --> 01:32:26,960

other cars as well that were pulled over

2572

01:32:31,510 --> 01:32:29,679

it was enormous it was bigger than any

2573

01:32:33,110 --> 01:32:31,520

it was bigger than any jetliner

2574

01:32:34,229 --> 01:32:33,120

certainly it was

2575

01:32:34,950 --> 01:32:34,239

huge

2576

01:32:36,950 --> 01:32:34,960

yeah

2577

01:32:39,750 --> 01:32:36,960

now let me ask you this

2578

01:32:42,470 --> 01:32:39,760

because i know you're an artist

2579

01:32:44,310 --> 01:32:42,480

and but and we're pretty weird already

2580

01:32:47,910 --> 01:32:44,320

no we're we're pre-recording is there a

2581

01:32:49,750 --> 01:32:47,920

way you can do a drawing of this and uh

2582

01:32:51,750 --> 01:32:49,760

send it to me and i will put it in the

2583

01:32:53,510 --> 01:32:51,760

show notes any type of sketch you don't

2584

01:32:55,669 --> 01:32:53,520

have to be i know how your your

2585

01:32:57,990 --> 01:32:55,679

paintings are perfection but just what

2586

01:33:02,629 --> 01:32:58,000

you can remember i i tried to do a

2587

01:33:07,510 --> 01:33:05,350

it was like no that's that's not it

2588

01:33:09,110 --> 01:33:07,520

okay well if it's too difficult i

2589

01:33:11,189 --> 01:33:09,120

understand i can i can try to knock

2590

01:33:13,110 --> 01:33:11,199

something out quickly just to

2591

01:33:15,270 --> 01:33:13,120

yeah i'm not much of a i'm a terrible

2592

01:33:16,550 --> 01:33:15,280

draftsman i'm terrible at sketching and

2593

01:33:18,790 --> 01:33:16,560

i know you're supposed to be a great

2594

01:33:20,870 --> 01:33:18,800

sketcher to be a great painter but i

2595

01:33:23,189 --> 01:33:20,880

just work better with it with paint yeah

2596

01:33:25,270 --> 01:33:23,199

i'm exactly the same way so i don't know

2597

01:33:28,550 --> 01:33:25,280

what we're talking about yeah yeah

2598

01:33:30,229 --> 01:33:28,560

but uh yeah well i'll yeah i'll put do

2599

01:33:32,310 --> 01:33:30,239

something if the second one will be

2600

01:33:33,030 --> 01:33:32,320

better i promise

2601
01:33:34,470 --> 01:33:33,040
see

2602
01:33:35,430 --> 01:33:34,480
so

2603
01:33:37,030 --> 01:33:35,440
it was

2604
01:33:39,030 --> 01:33:37,040
okay so you want me to continue yeah

2605
01:33:40,870 --> 01:33:39,040
yeah so this thing was directly overhead

2606
01:33:43,270 --> 01:33:40,880
you well it was it wasn't directly it

2607
01:33:45,189 --> 01:33:43,280
was out the out the window it was a

2608
01:33:46,709 --> 01:33:45,199
little bit you know it was but it was

2609
01:33:49,189 --> 01:33:46,719
certainly

2610
01:33:50,950 --> 01:33:49,199
upon us if you will it was very close

2611
01:33:53,030 --> 01:33:50,960
off to the right now it was on the other

2612
01:33:55,830 --> 01:33:53,040
side of the highway

2613
01:33:58,070 --> 01:33:55,840

and that's when we were able to see more

2614

01:34:02,790 --> 01:33:58,080

more detail these these

2615

01:34:05,270 --> 01:34:03,750

now when

2616

01:34:06,470 --> 01:34:05,280

when you're talking about this thing

2617

01:34:08,950 --> 01:34:06,480

being over

2618

01:34:11,830 --> 01:34:08,960

to the left was there anyone on the

2619

01:34:14,709 --> 01:34:11,840

northbound side that you saw pulled over

2620

01:34:16,950 --> 01:34:14,719

i didn't see them pulling over

2621

01:34:18,870 --> 01:34:16,960

interesting i saw them just driving

2622

01:34:20,870 --> 01:34:18,880

moving away yeah

2623

01:34:22,950 --> 01:34:20,880

maybe that maybe that was what they

2624

01:34:24,709 --> 01:34:22,960

wanted to do

2625

01:34:26,709 --> 01:34:24,719

yeah yeah yeah

2626

01:34:28,550 --> 01:34:26,719

okay so getting back to this thing is

2627

01:34:30,709 --> 01:34:28,560

over you're looking up through your

2628

01:34:32,709 --> 01:34:30,719

windshield at it

2629

01:34:34,870 --> 01:34:32,719

and that and that row of and that row of

2630

01:34:36,870 --> 01:34:34,880

portals that we saw we saw

2631

01:34:39,669 --> 01:34:36,880

um

2632

01:34:40,629 --> 01:34:39,679

a a few

2633

01:34:43,350 --> 01:34:40,639

uh

2634

01:34:46,870 --> 01:34:43,360

heads and shoulders that

2635

01:34:49,109 --> 01:34:46,880

up in there and if you will i can't

2636

01:34:50,870 --> 01:34:49,119

remember how many

2637

01:34:54,470 --> 01:34:50,880

there there could have been

2638

01:34:55,990 --> 01:34:54,480

a lot of them but i don't i only focused

2639

01:34:57,830 --> 01:34:56,000

on

2640

01:34:58,790 --> 01:34:57,840

a few in in the middle towards the

2641

01:35:01,510 --> 01:34:58,800

center

2642

01:35:03,430 --> 01:35:01,520

now did you see any like sign of

2643

01:35:06,790 --> 01:35:03,440

movement of any kind or just like

2644

01:35:08,550 --> 01:35:06,800

silhouettes just silhouettes

2645

01:35:09,830 --> 01:35:08,560

yeah just silhouettes

2646

01:35:12,470 --> 01:35:09,840

and would it

2647

01:35:13,669 --> 01:35:12,480

would can you describe it at all

2648

01:35:16,070 --> 01:35:13,679

what you were

2649

01:35:17,590 --> 01:35:16,080

you know the shapes was it like a human

2650

01:35:18,629 --> 01:35:17,600

type shape

2651
01:35:21,510 --> 01:35:18,639
yeah

2652
01:35:23,510 --> 01:35:21,520
just hum you know a

2653
01:35:25,910 --> 01:35:23,520
human basic

2654
01:35:27,510 --> 01:35:25,920
facial face and shoulders

2655
01:35:34,709 --> 01:35:27,520
i would have

2656
01:35:39,430 --> 01:35:37,030
not i you know they're

2657
01:35:41,270 --> 01:35:39,440
i'm not going to associate that with it

2658
01:35:43,270 --> 01:35:41,280
was it you know was it diamond shaped

2659
01:35:45,270 --> 01:35:43,280
and did they have big eyes and

2660
01:35:47,990 --> 01:35:45,280
all i can say is they were just there

2661
01:35:49,669 --> 01:35:48,000
was just a silhouette of of individuals

2662
01:35:51,750 --> 01:35:49,679
i don't know

2663
01:35:53,590 --> 01:35:51,760

any more than that like any detail of

2664

01:35:55,510 --> 01:35:53,600

what they

2665

01:35:58,709 --> 01:35:55,520

look like from what from that distance

2666

01:36:00,870 --> 01:35:58,719

to it i guess any you could you could

2667

01:36:03,350 --> 01:36:00,880

maybe put a chimpanzee up in there and

2668

01:36:07,430 --> 01:36:03,360

it would look like a person behind a a

2669

01:36:10,070 --> 01:36:07,440

fogged out sort of glass you know

2670

01:36:11,750 --> 01:36:10,080

if it has a head and shoulders you're

2671

01:36:13,030 --> 01:36:11,760

going to say oh that's a person that's

2672

01:36:13,830 --> 01:36:13,040

an individual

2673

01:36:18,870 --> 01:36:13,840

yeah

2674

01:36:21,189 --> 01:36:18,880

so you're looking up at it they it

2675

01:36:23,270 --> 01:36:21,199

do they appear to be like

2676

01:36:25,510 --> 01:36:23,280

i mean i don't i'm trying to picture the

2677

01:36:26,709 --> 01:36:25,520

windows are they at an angle does it

2678

01:36:31,030 --> 01:36:26,719

look like they're looking they're

2679

01:36:36,070 --> 01:36:33,750

or is it a down or is it over at it's

2680

01:36:37,030 --> 01:36:36,080

almost it's it's almost just a slightly

2681

01:36:38,390 --> 01:36:37,040

above

2682

01:36:39,990 --> 01:36:38,400

and

2683

01:36:42,390 --> 01:36:40,000

they were looking down because they were

2684

01:36:45,030 --> 01:36:42,400

they well they were in the in these

2685

01:36:47,189 --> 01:36:45,040

in the air so they were looking down

2686

01:36:49,189 --> 01:36:47,199

but it was at it wasn't that a very a

2687

01:36:50,390 --> 01:36:49,199

super steep angle it was the craft was

2688

01:36:51,830 --> 01:36:50,400

quite low

2689

01:36:53,590 --> 01:36:51,840

i see

2690

01:36:55,189 --> 01:36:53,600

yeah

2691

01:36:57,270 --> 01:36:55,199

and and so

2692

01:37:00,070 --> 01:36:57,280

what what is what happens through this

2693

01:37:02,790 --> 01:37:00,080

whole thing and and can you also have an

2694

01:37:04,950 --> 01:37:02,800

idea of how long this whole

2695

01:37:07,350 --> 01:37:04,960

thing has happened so far

2696

01:37:11,590 --> 01:37:07,360

time wise was this a a minute two

2697

01:37:17,350 --> 01:37:13,830

up to this point yeah

2698

01:37:20,870 --> 01:37:20,070

three minutes is three minutes is fair i

2699

01:37:22,709 --> 01:37:20,880

think

2700

01:37:23,510 --> 01:37:22,719

three or four minutes maybe

2701

01:37:26,229 --> 01:37:23,520

yeah

2702

01:37:27,030 --> 01:37:26,239

um

2703

01:37:34,629 --> 01:37:27,040

so

2704

01:37:36,709 --> 01:37:34,639

staring straight ahead we weren't

2705

01:37:39,270 --> 01:37:36,719

talking

2706

01:37:41,830 --> 01:37:39,280

um i was we're looking up at this

2707

01:37:41,840 --> 01:37:46,550

that's when i heard in my head

2708

01:37:50,470 --> 01:37:48,149

don't be afraid we're just we're just

2709

01:37:51,990 --> 01:37:50,480

here to observe you or look at you we're

2710

01:37:53,350 --> 01:37:52,000

just looking at you

2711

01:37:54,229 --> 01:37:53,360

um

2712

01:38:13,750 --> 01:37:54,239

i

2713

01:38:16,870 --> 01:38:13,760

of

2714

01:38:18,070 --> 01:38:16,880

running around on that blue marble i

2715

01:38:20,229 --> 01:38:18,080

don't feel like we're they were there to

2716

01:38:22,310 --> 01:38:20,239

probe us in any way or get it get into

2717

01:38:25,030 --> 01:38:22,320

any more detail other than hey these are

2718

01:38:28,229 --> 01:38:25,040

cool look at those

2719

01:38:30,310 --> 01:38:28,239

you know yeah yeah so and and then uh

2720

01:38:33,910 --> 01:38:30,320

and then i

2721

01:38:39,910 --> 01:38:37,910

it it was back over the treetops again

2722

01:38:41,910 --> 01:38:39,920

exactly about exactly where it was

2723

01:38:45,189 --> 01:38:41,920

almost exactly where it was

2724

01:38:46,550 --> 01:38:45,199

yeah didn't see it go there just

2725

01:38:48,790 --> 01:38:46,560

was there and then it was back over

2726

01:38:51,350 --> 01:38:48,800

there again

2727

01:38:53,830 --> 01:38:51,360

and um that's when it's that's when it

2728

01:38:54,629 --> 01:38:53,840

just started to sort of drift slowly to

2729

01:39:01,430 --> 01:38:54,639

to

2730

01:39:04,229 --> 01:39:01,440

and then started heading

2731

01:39:05,910 --> 01:39:04,239

back in a backwards trajectory

2732

01:39:08,149 --> 01:39:05,920

until it started getting smaller and

2733

01:39:09,270 --> 01:39:08,159

smaller and then at one point it just

2734

01:39:10,470 --> 01:39:09,280

went

2735

01:39:13,030 --> 01:39:10,480

gone

2736

01:39:15,350 --> 01:39:13,040

it just accelerated out of view and it

2737

01:39:18,950 --> 01:39:15,360

was nighttime again the daylight was

2738

01:39:22,229 --> 01:39:20,790

wow that that the daylight thing is

2739

01:39:24,629 --> 01:39:22,239

really something else

2740

01:39:26,070 --> 01:39:24,639

it is because i i i rack my brains

2741

01:39:28,629 --> 01:39:26,080

trying to figure out where all of that

2742

01:39:30,790 --> 01:39:28,639

light came from because the it wasn't

2743

01:39:33,590 --> 01:39:30,800

blinding light

2744

01:39:34,709 --> 01:39:33,600

the the uh the the balls of light on the

2745

01:39:37,030 --> 01:39:34,719

ends of the

2746

01:39:39,910 --> 01:39:37,040

the craft were they were sort of soft

2747

01:39:41,510 --> 01:39:39,920

they were like soft white light bulbs

2748

01:39:42,390 --> 01:39:41,520

like spheres

2749

01:39:45,910 --> 01:39:42,400

yeah

2750

01:39:47,669 --> 01:39:45,920

was out that night in all fairness that

2751

01:39:49,109 --> 01:39:47,679

the moon was out

2752

01:39:51,189 --> 01:39:49,119

and then

2753

01:39:54,550 --> 01:39:51,199

but it still it still got too bright in

2754

01:39:58,149 --> 01:39:56,390

for the object to affirm that much light

2755

01:40:00,709 --> 01:39:58,159

in all those directions all at once it

2756

01:40:02,390 --> 01:40:00,719

just seems

2757

01:40:05,830 --> 01:40:02,400

it seems

2758

01:40:07,430 --> 01:40:05,840

unattainable for us anyway you know yeah

2759

01:40:10,149 --> 01:40:07,440

so now

2760

01:40:13,270 --> 01:40:10,159

let's uh let's see what what happens

2761

01:40:15,350 --> 01:40:13,280

after so the object goes away yeah

2762

01:40:17,830 --> 01:40:15,360

this is my favorite part of the story

2763

01:40:22,550 --> 01:40:17,840

yeah yeah it there i guess it was the

2764

01:40:24,709 --> 01:40:22,560

galactic ice cream truck so

2765

01:40:26,470 --> 01:40:24,719

as you know it got dark again and i just

2766

01:40:28,310 --> 01:40:26,480

everybody started picking up

2767

01:40:30,229 --> 01:40:28,320

speed off of the uh

2768

01:40:31,990 --> 01:40:30,239

off of the breakdown lane

2769

01:40:33,189 --> 01:40:32,000

and i looked over at my girlfriend and i

2770

01:40:34,550 --> 01:40:33,199

said

2771

01:40:36,629 --> 01:40:34,560

it's gonna be all right we'll get an ice

2772

01:40:39,270 --> 01:40:36,639

cream

2773

01:40:40,790 --> 01:40:39,280

so we headed another mile or two

2774

01:40:42,790 --> 01:40:40,800

i'm guessing it was

2775

01:40:44,550 --> 01:40:42,800

could have been three i don't know

2776

01:40:50,950 --> 01:40:44,560

uh

2777

01:40:53,109 --> 01:40:50,960

to get off at mystic and

2778

01:40:57,030 --> 01:40:53,119

every car in front of me took the exit

2779

01:41:00,390 --> 01:40:59,109

said okay you know i guess that could

2780

01:41:02,229 --> 01:41:00,400

happen and

2781

01:41:04,470 --> 01:41:02,239

we get off the exit and right across the

2782

01:41:06,470 --> 01:41:04,480

street on the opposite side of the

2783

01:41:08,149 --> 01:41:06,480

of the highway if i remember

2784

01:41:09,830 --> 01:41:08,159

properly there's there was a howard

2785

01:41:13,109 --> 01:41:09,840

johnson's and every single car went to

2786

01:41:16,070 --> 01:41:13,990

and

2787

01:41:17,669 --> 01:41:16,080

i think i mentioned before one of the

2788

01:41:19,830 --> 01:41:17,679

strangest

2789

01:41:22,229 --> 01:41:19,840

aspects of this for me

2790

01:41:24,070 --> 01:41:22,239

is still how every everyone got out of

2791

01:41:26,870 --> 01:41:24,080

their car at about the same you know we

2792

01:41:28,790 --> 01:41:26,880

all pulled into parking lots and

2793

01:41:31,590 --> 01:41:28,800

into parking spaces and everyone got out

2794

01:41:33,510 --> 01:41:31,600

and we were all just kind of like slowly

2795

01:41:35,669 --> 01:41:33,520

just kind of drifting across the parking

2796

01:41:36,550 --> 01:41:35,679

lot nobody was really talking to anybody

2797

01:41:38,790 --> 01:41:36,560

else

2798

01:41:40,790 --> 01:41:38,800

just amongst themselves either murmuring

2799

01:41:43,750 --> 01:41:40,800

going on i don't think anybody really

2800

01:41:45,270 --> 01:41:43,760

wanted to talk about it

2801

01:41:47,990 --> 01:41:45,280

you know this was a long time ago it

2802

01:41:51,189 --> 01:41:49,430

i never would have told this story a

2803

01:41:54,470 --> 01:41:51,199

long time ago ever

2804

01:41:55,669 --> 01:41:54,480

yeah this the stigma has sort of

2805

01:41:56,550 --> 01:41:55,679

been lifted

2806

01:42:02,070 --> 01:41:56,560

yeah

2807

01:42:04,070 --> 01:42:02,080

people have now said

2808

01:42:05,910 --> 01:42:04,080

not only have we seen them but it's not

2809

01:42:08,070 --> 01:42:05,920

acceptable for an ordinary mooc to come

2810

01:42:10,550 --> 01:42:08,080

out and say well here's what happened

2811

01:42:11,990 --> 01:42:10,560

so but back then we just walked across

2812

01:42:14,709 --> 01:42:12,000

we walked across the parking lot went

2813

01:42:16,390 --> 01:42:14,719

into howard johnson's

2814

01:42:18,229 --> 01:42:16,400

we sat at the counter my girl and i sat

2815

01:42:19,109 --> 01:42:18,239

at the counter on the stools and there

2816

01:42:20,790 --> 01:42:19,119

was

2817

01:42:23,430 --> 01:42:20,800

every the other people as far as i

2818

01:42:27,030 --> 01:42:23,440

remember took took tables there was a

2819

01:42:31,590 --> 01:42:29,669

uh and he had a glass of water and he

2820

01:42:32,550 --> 01:42:31,600

was just staring off into the kitchen

2821

01:42:33,910 --> 01:42:32,560

area

2822

01:42:35,510 --> 01:42:33,920

and

2823

01:42:37,990 --> 01:42:35,520

i still remember what he looks like this

2824

01:42:39,830 --> 01:42:38,000

is this is strange that i remember this

2825

01:42:41,430 --> 01:42:39,840

man so well he was

2826

01:42:45,510 --> 01:42:41,440

about 35

2827

01:42:49,430 --> 01:42:45,520

balding wearing a gray a uh like a tan

2828

01:42:51,830 --> 01:42:49,440

windbreaker just sitting there just

2829

01:42:54,070 --> 01:42:51,840

holding his water and

2830

01:42:56,310 --> 01:42:54,080

we looked we looked at each other

2831

01:42:58,629 --> 01:42:56,320

and he looked me in the eyes and he said

2832

01:43:00,870 --> 01:42:58,639

did you see them

2833

01:43:02,950 --> 01:43:00,880

exactly what he was talking about yeah

2834

01:43:04,149 --> 01:43:02,960

yeah i did

2835

01:43:08,470 --> 01:43:04,159

and uh

2836

01:43:12,229 --> 01:43:10,629

strange things that have happened in our

2837

01:43:15,109 --> 01:43:12,239

lives

2838

01:43:16,709 --> 01:43:15,119

to add to that experience

2839

01:43:18,709 --> 01:43:16,719

and that and that

2840

01:43:20,790 --> 01:43:18,719

that i'm afraid is the period on the end

2841

01:43:22,790 --> 01:43:20,800

of the sentence the the paragraph

2842

01:43:25,669 --> 01:43:22,800

because that's the story that's that's

2843

01:43:26,550 --> 01:43:25,679

all i have yeah it's a

2844

01:43:28,550 --> 01:43:26,560

well

2845

01:43:29,669 --> 01:43:28,560

there's always the personal aftermath

2846

01:43:33,030 --> 01:43:29,679

but i

2847

01:43:35,350 --> 01:43:33,040

i it is too bad that you you know you

2848

01:43:37,270 --> 01:43:35,360

did not at the time who would have ever

2849

01:43:38,709 --> 01:43:37,280

thought of this but want to talk to all

2850

01:43:41,030 --> 01:43:38,719

the people that

2851
01:43:43,030 --> 01:43:41,040
came into the howard johnson's and you

2852
01:43:45,270 --> 01:43:43,040
know share share the story what did you

2853
01:43:47,350 --> 01:43:45,280
see and what it did you see what i saw

2854
01:43:49,590 --> 01:43:47,360
and you know and all that

2855
01:43:51,030 --> 01:43:49,600
when when this this guy that you sat

2856
01:43:52,950 --> 01:43:51,040
next to

2857
01:43:54,790 --> 01:43:52,960
he didn't go into any more detail or

2858
01:43:57,189 --> 01:43:54,800
anything else about it just did you see

2859
01:43:58,950 --> 01:43:57,199
them and that was it

2860
01:44:00,149 --> 01:43:58,960
well we we talked a little bit about

2861
01:44:01,270 --> 01:44:00,159
what we saw

2862
01:44:04,629 --> 01:44:01,280
yeah

2863
01:44:06,550 --> 01:44:04,639

but then we went off onto tangents other

2864

01:44:08,229 --> 01:44:06,560

subjects you know to

2865

01:44:09,990 --> 01:44:08,239

regarding

2866

01:44:12,790 --> 01:44:10,000

the other rabbit holes that that we had

2867

01:44:17,430 --> 01:44:15,189

yeah so all right your personal

2868

01:44:19,189 --> 01:44:17,440

aftermath your girlfriend and you

2869

01:44:21,189 --> 01:44:19,199

um did you two

2870

01:44:22,550 --> 01:44:21,199

talk about it or was this one of these

2871

01:44:24,070 --> 01:44:22,560

things where

2872

01:44:25,750 --> 01:44:24,080

i think i remember you saying something

2873

01:44:28,470 --> 01:44:25,760

about you spoke to your brother or

2874

01:44:31,189 --> 01:44:28,480

something her her brother the day yeah

2875

01:44:32,709 --> 01:44:31,199

well the next day we told her brother

2876

01:44:34,950 --> 01:44:32,719

and then i've

2877

01:44:36,550 --> 01:44:34,960

i've told maybe a dozen people in

2878

01:44:37,430 --> 01:44:36,560

40-something years

2879

01:44:39,750 --> 01:44:37,440

yeah

2880

01:44:42,149 --> 01:44:39,760

and at so at the time

2881

01:44:44,310 --> 01:44:42,159

you told her brother and

2882

01:44:46,149 --> 01:44:44,320

did he think you both were not served

2883

01:44:48,709 --> 01:44:46,159

yep he did

2884

01:44:50,390 --> 01:44:48,719

first bible yeah and how about other

2885

01:44:52,790 --> 01:44:50,400

times you've told you said you've told

2886

01:44:54,870 --> 01:44:52,800

this story a dozen times over the years

2887

01:44:55,830 --> 01:44:54,880

what's your experience been like are

2888

01:45:00,229 --> 01:44:55,840

people

2889

01:45:02,229 --> 01:45:00,239

believe you

2890

01:45:05,189 --> 01:45:02,239

well yeah either that or they're being

2891

01:45:09,750 --> 01:45:05,990

yeah

2892

01:45:12,790 --> 01:45:09,760

these things

2893

01:45:13,990 --> 01:45:12,800

yeah there is always always a shadow of

2894

01:45:15,590 --> 01:45:14,000

a doubt

2895

01:45:17,109 --> 01:45:15,600

yeah

2896

01:45:19,430 --> 01:45:17,119

it doesn't matter who's telling the

2897

01:45:21,990 --> 01:45:19,440

story i i listen to uh you know

2898

01:45:23,270 --> 01:45:22,000

commander favor and i listen to

2899

01:45:25,590 --> 01:45:23,280

it doesn't matter who's telling the

2900

01:45:29,189 --> 01:45:25,600

story if you didn't have

2901

01:45:31,910 --> 01:45:29,199

the experience yourself and and sense it

2902

01:45:34,550 --> 01:45:31,920

in the only way each one of us can

2903

01:45:36,229 --> 01:45:34,560

you can't believe it a hundred percent

2904

01:45:37,830 --> 01:45:36,239

we're just

2905

01:45:39,350 --> 01:45:37,840

we're wired that way

2906

01:45:41,750 --> 01:45:39,360

yeah yeah

2907

01:45:46,149 --> 01:45:41,760

um how about your girlfriend and you did

2908

01:45:51,189 --> 01:45:47,510

no

2909

01:45:54,070 --> 01:45:51,199

speaking with her about it on the way

2910

01:45:55,510 --> 01:45:54,080

back from long island that night yeah

2911

01:45:56,629 --> 01:45:55,520

which is another thing that's not

2912

01:45:58,950 --> 01:45:56,639

unusual

2913

01:46:01,030 --> 01:45:58,960

a lot of people will say that they they

2914

01:46:03,189 --> 01:46:01,040

go through this real traumatic

2915

01:46:04,709 --> 01:46:03,199

encounter and then

2916

01:46:06,550 --> 01:46:04,719

they go to bed

2917

01:46:08,629 --> 01:46:06,560

and not talk about it you know there are

2918

01:46:10,790 --> 01:46:08,639

things like that that you hear

2919

01:46:11,910 --> 01:46:10,800

that's exactly the way it happened and

2920

01:46:13,669 --> 01:46:11,920

that's why

2921

01:46:16,310 --> 01:46:13,679

you asked me about the encounter when i

2922

01:46:17,910 --> 01:46:16,320

was nine and i saw it with my family

2923

01:46:19,510 --> 01:46:17,920

that we didn't talk about the my mother

2924

01:46:21,109 --> 01:46:19,520

was insistent that it was the ufo but we

2925

01:46:23,990 --> 01:46:21,119

didn't talk about it the next day came

2926

01:46:26,390 --> 01:46:24,000

and the day after we just went about our

2927

01:46:28,550 --> 01:46:26,400

our lives and did what we did nobody

2928

01:46:31,430 --> 01:46:28,560

brought it up anymore so this is only a

2929

01:46:34,390 --> 01:46:31,440

few years after your mother had that

2930

01:46:37,990 --> 01:46:34,400

unusual thing happened to her did you

2931

01:46:42,470 --> 01:46:39,669

because you were about 15 then you're

2932

01:46:46,149 --> 01:46:42,480

about 17 now i think i i think i told

2933

01:46:48,629 --> 01:46:46,159

her about it but i i honestly can't

2934

01:46:49,750 --> 01:46:48,639

tell you with 100

2935

01:46:51,510 --> 01:46:49,760

you know

2936

01:46:53,510 --> 01:46:51,520

conviction that that i have sat down and

2937

01:46:56,390 --> 01:46:53,520

had a discussion with her about it we've

2938

01:46:59,109 --> 01:46:56,400

just always known

2939

01:47:01,750 --> 01:46:59,119

my mother and i

2940

01:47:03,270 --> 01:47:01,760

you know we've we've just always known

2941

01:47:08,790 --> 01:47:03,280

that

2942

01:47:10,550 --> 01:47:08,800

it's a very mysterious

2943

01:47:13,030 --> 01:47:10,560

subject and

2944

01:47:14,149 --> 01:47:13,040

we didn't we just never sat down and

2945

01:47:15,910 --> 01:47:14,159

scratched our heads and said gee i

2946

01:47:18,790 --> 01:47:15,920

wonder what's going on here you know

2947

01:47:20,629 --> 01:47:18,800

just we just always accepted that it is

2948

01:47:24,390 --> 01:47:20,639

yeah yeah

2949

01:47:27,189 --> 01:47:24,400

well it's a fantastic story um i loved

2950

01:47:29,270 --> 01:47:27,199

hearing you you know tell it again it's

2951

01:47:30,790 --> 01:47:29,280

uh there's no

2952

01:47:32,470 --> 01:47:30,800

you know a lot of times people say well

2953

01:47:34,149 --> 01:47:32,480

they didn't tell the same story twice

2954

01:47:36,550 --> 01:47:34,159

but it's basically the same story with

2955

01:47:37,510 --> 01:47:36,560

just a couple of added questions that i

2956

01:47:39,750 --> 01:47:37,520

had

2957

01:47:41,830 --> 01:47:39,760

and i'm trying to remember i think i

2958

01:47:43,590 --> 01:47:41,840

might have asked you this but

2959

01:47:45,669 --> 01:47:43,600

there was no

2960

01:47:49,109 --> 01:47:45,679

you didn't notice any like time

2961

01:47:54,149 --> 01:47:51,750

uh no but if i i know

2962

01:47:55,990 --> 01:47:54,159

uh you know when when did we get back

2963

01:47:59,109 --> 01:47:56,000

versus when we left did i chart out the

2964

01:48:00,790 --> 01:47:59,119

miles try to you know configure what

2965

01:48:02,629 --> 01:48:00,800

but but i would like to

2966

01:48:04,709 --> 01:48:02,639

and i know that's not why i'm here for

2967

01:48:06,790 --> 01:48:04,719

you today but but when you say time

2968

01:48:09,270 --> 01:48:06,800

difference

2969

01:48:13,590 --> 01:48:09,280

i i just want to throw in my two cents

2970

01:48:13,600 --> 01:48:16,070

that

2971

01:48:21,189 --> 01:48:18,550

regardless of what these what what this

2972

01:48:22,470 --> 01:48:21,199

is what what these uh

2973

01:48:25,270 --> 01:48:22,480

objects are

2974

01:48:27,109 --> 01:48:25,280

what they're not you know

2975

01:48:28,870 --> 01:48:27,119

it's apparent to me that they are

2976

01:48:30,790 --> 01:48:28,880

they're in

2977

01:48:32,950 --> 01:48:30,800

absolute and complete control of the

2978

01:48:37,030 --> 01:48:32,960

narrative yes

2979

01:48:40,070 --> 01:48:37,040

whatever their objectives are yeah

2980

01:48:43,510 --> 01:48:40,080

they only we only see what they

2981

01:48:47,270 --> 01:48:43,520

want us to yes when they want us to yeah

2982

01:48:50,470 --> 01:48:47,280

and they control they control the sac

2983

01:48:51,830 --> 01:48:50,480

but beyond that they control

2984

01:48:54,470 --> 01:48:51,840

apparently

2985

01:48:56,629 --> 01:48:54,480

they control time

2986

01:48:59,750 --> 01:48:56,639

and space or at least the way we

2987

01:49:03,669 --> 01:49:01,430

because

2988

01:49:05,830 --> 01:49:03,679

i don't have any other explanation

2989

01:49:08,790 --> 01:49:05,840

for being here and then being here or my

2990

01:49:11,189 --> 01:49:08,800

mother sees it here a second later it's

2991

01:49:13,109 --> 01:49:11,199

behind her

2992

01:49:15,669 --> 01:49:13,119

so

2993

01:49:18,390 --> 01:49:15,679

yeah with no i mean to to elaborate on

2994

01:49:21,109 --> 01:49:18,400

that there's never a sonic boom

2995

01:49:23,750 --> 01:49:21,119

this happens all the time nope there's

2996

01:49:25,430 --> 01:49:23,760

there's not any like say that thing

2997

01:49:27,910 --> 01:49:25,440

showed up right next to your mother she

2998

01:49:29,430 --> 01:49:27,920

never felt a breeze or like any type of

2999

01:49:31,830 --> 01:49:29,440

object that would move that fast would

3000

01:49:33,910 --> 01:49:31,840

be you know knocking the shutters off

3001
01:49:34,950 --> 01:49:33,920
the house you know type of thing nothing

3002
01:49:38,390 --> 01:49:34,960
right

3003
01:49:41,589 --> 01:49:39,669
there was no noise with your mother

3004
01:49:43,510 --> 01:49:41,599
right or was there no there was no noise

3005
01:49:44,629 --> 01:49:43,520
no sound at all yeah

3006
01:49:46,870 --> 01:49:44,639
yeah

3007
01:49:48,709 --> 01:49:46,880
um

3008
01:49:49,910 --> 01:49:48,719
so you know

3009
01:49:57,189 --> 01:49:49,920
i

3010
01:49:59,589 --> 01:49:57,199
robots that have been assembled or

3011
01:50:00,790 --> 01:49:59,599
androids to to fly these objects to

3012
01:50:02,629 --> 01:50:00,800
explore

3013
01:50:04,149 --> 01:50:02,639

you know i i can't imagine anything

3014

01:50:06,390 --> 01:50:04,159

surviving

3015

01:50:07,189 --> 01:50:06,400

the kind of speeds that

3016

01:50:08,550 --> 01:50:07,199

yeah

3017

01:50:09,510 --> 01:50:08,560

i mean even

3018

01:50:12,310 --> 01:50:09,520

even

3019

01:50:14,229 --> 01:50:12,320

for us the only life form that has ever

3020

01:50:16,709 --> 01:50:14,239

prospered at all in space not prosper

3021

01:50:18,390 --> 01:50:16,719

but survived have been reptiles you know

3022

01:50:19,109 --> 01:50:18,400

all the experiments that have been done

3023

01:50:20,790 --> 01:50:19,119

with

3024

01:50:23,589 --> 01:50:20,800

every life form that they can get their

3025

01:50:25,910 --> 01:50:23,599

hands on to to circle the planet in

3026

01:50:28,629 --> 01:50:25,920

in their controlled laboratories only

3027

01:50:30,149 --> 01:50:28,639

reptiles have been able to endure

3028

01:50:33,030 --> 01:50:30,159

the length of time and space without

3029

01:50:34,950 --> 01:50:33,040

cell degeneration

3030

01:50:36,830 --> 01:50:34,960

yeah but you know you might have a point

3031

01:50:39,030 --> 01:50:36,840

there's a number of people

3032

01:50:40,629 --> 01:50:39,040

that think that there's some type of

3033

01:50:43,589 --> 01:50:40,639

time dilation

3034

01:50:46,470 --> 01:50:43,599

travel

3035

01:50:47,990 --> 01:50:46,480

you know of how they're able to you know

3036

01:50:49,910 --> 01:50:48,000

maybe there's something in physics we

3037

01:50:52,390 --> 01:50:49,920

haven't figured out that they have that

3038

01:50:54,390 --> 01:50:52,400

they can do this type of thing with but

3039

01:50:55,830 --> 01:50:54,400

it's you know it's really it's a

3040

01:50:58,870 --> 01:50:55,840

fascinating

3041

01:51:01,750 --> 01:50:58,880

idea and something that keeps me

3042

01:51:03,830 --> 01:51:01,760

really you know interested in this topic

3043

01:51:06,470 --> 01:51:03,840

one one other question

3044

01:51:08,550 --> 01:51:06,480

would you ever consider

3045

01:51:10,390 --> 01:51:08,560

doing any type of regression on the

3046

01:51:11,990 --> 01:51:10,400

whole thing to see if there's

3047

01:51:13,510 --> 01:51:12,000

hypnotic regression to see if there's

3048

01:51:16,149 --> 01:51:13,520

anything you may

3049

01:51:23,030 --> 01:51:16,159

recover that you're you kind of tucked

3050

01:51:26,950 --> 01:51:24,629

to be honest i've never even thought

3051
01:51:28,470 --> 01:51:26,960
about it yeah i've never even thought

3052
01:51:30,870 --> 01:51:28,480
about it yeah

3053
01:51:33,270 --> 01:51:30,880
well i'm not trusting of a lot of things

3054
01:51:35,430 --> 01:51:33,280
mine yeah can i understand well there's

3055
01:51:38,470 --> 01:51:35,440
a lot of leading going on a lot i happen

3056
01:51:40,629 --> 01:51:38,480
to know someone that's that is very very

3057
01:51:41,750 --> 01:51:40,639
cautious and she's she's a 30-year

3058
01:51:43,430 --> 01:51:41,760
professional

3059
01:51:45,510 --> 01:51:43,440
in um in

3060
01:51:47,830 --> 01:51:45,520
social work and stuff like that so she

3061
01:51:50,390 --> 01:51:47,840
really understands this totally wrong

3062
01:51:52,709 --> 01:51:50,400
ways that people have done things anyway

3063
01:51:54,950 --> 01:51:52,719

just a thought it could be interesting

3064

01:51:56,950 --> 01:51:54,960

yeah yeah either maybe

3065

01:51:59,270 --> 01:51:56,960

you know and it's not

3066

01:52:00,470 --> 01:51:59,280

it's not any magic you know that's the

3067

01:52:02,390 --> 01:52:00,480

mystery a lot of people think there's

3068

01:52:03,910 --> 01:52:02,400

some type of magic no it just helps you

3069

01:52:06,310 --> 01:52:03,920

relax and helps you

3070

01:52:07,189 --> 01:52:06,320

like understand more of something you

3071

01:52:09,189 --> 01:52:07,199

may

3072

01:52:12,629 --> 01:52:09,199

have pushed away a little that's all you

3073

01:52:16,629 --> 01:52:12,639

know but uh but anyway uh albert it's

3074

01:52:19,109 --> 01:52:16,639

been really amazing i i think this was a

3075

01:52:21,189 --> 01:52:19,119

really good idea to have you on and i

3076

01:52:23,910 --> 01:52:21,199

really appreciate

3077

01:52:24,950 --> 01:52:23,920

um a very i consider you a very credible

3078

01:52:26,870 --> 01:52:24,960

witness

3079

01:52:28,149 --> 01:52:26,880

and i i really uh and i love your

3080

01:52:30,149 --> 01:52:28,159

artwork too

3081

01:52:32,070 --> 01:52:30,159

thank you martin thank you very much for

3082

01:52:34,950 --> 01:52:32,080

having me i'm yeah i'm honored to be

3083

01:52:37,350 --> 01:52:34,960

here thank you yeah all right so you

3084

01:52:39,589 --> 01:52:37,360

take care and i'll talk to you soon okay

3085

01:52:42,550 --> 01:52:39,599

you too thank you thank you all right

3086

01:52:44,149 --> 01:52:42,560

everyone so next week we have tom king

3087

01:52:45,669 --> 01:52:44,159

coming up on he's going to be talking

3088

01:52:47,990 --> 01:52:45,679

that show will be live and he'll be

3089

01:52:49,830 --> 01:52:48,000

talking about the phoenix lights so

3090

01:52:52,629 --> 01:52:49,840

you're going to want to check that out

3091

01:52:54,709 --> 01:52:52,639

right here at uh the same time as usual

3092

01:52:57,820 --> 01:52:54,719

next week and remember to keep your eyes

3093

01:53:07,140 --> 01:52:57,830

to the sky
