

A portrait of Tom King, a man with glasses, wearing a dark suit jacket over a white t-shirt. The background is a dark, blue-tinted outdoor scene with a body of water and some structures. The text 'TOM KING' is overlaid in large yellow letters on the left side of the image.

00:01:03,670 --> 00:00:26,220

[Music]

2
00:01:07,590 --> 00:01:05,189

hey everyone welcome to the show i'm

3
00:01:09,510 --> 00:01:07,600

martin willis your host

4
00:01:11,830 --> 00:01:09,520

and we have a great show for you this

5
00:01:12,870 --> 00:01:11,840

evening we have tom king out in phoenix

6
00:01:15,749 --> 00:01:12,880

he's going to be talking about the

7
00:01:18,630 --> 00:01:15,759

phoenix lights and a lot more he started

8
00:01:20,469 --> 00:01:18,640

doing sky watches just a year before the

9
00:01:22,310 --> 00:01:20,479

phoenix lights events happened he was

10
00:01:24,550 --> 00:01:22,320

there he witnessed it

11
00:01:26,390 --> 00:01:24,560

and there's still a lot going on

12
00:01:28,710 --> 00:01:26,400

he's very interesting he was on the show

13
00:01:31,190 --> 00:01:28,720

he called in on the show once and after

14

00:01:33,830 --> 00:01:31,200

i had him on the show for a little while

15

00:01:35,429 --> 00:01:33,840

i said that guy needs to come on the

16

00:01:36,230 --> 00:01:35,439

show and here he is

17

00:01:38,310 --> 00:01:36,240

and

18

00:01:39,749 --> 00:01:38,320

also i want to say happy uh

19

00:01:42,550 --> 00:01:39,759

international women's day to all the

20

00:01:43,590 --> 00:01:42,560

women out there every march 8th so

21

00:01:46,310 --> 00:01:43,600

um

22

00:01:49,270 --> 00:01:46,320

we uh we adore you women and thank you

23

00:01:51,270 --> 00:01:49,280

for all you do every day of the year uh

24

00:01:53,030 --> 00:01:51,280

the conflict in ukraine of course is

25

00:01:56,469 --> 00:01:53,040

crushing i did a show

26

00:01:58,950 --> 00:01:56,479

on that with a russian gentleman that i

27

00:02:00,550 --> 00:01:58,960

know a great guy that's up on youtube if

28

00:02:02,389 --> 00:02:00,560

you haven't caught it yet i also put the

29

00:02:05,190 --> 00:02:02,399

audio in the audio feed because i think

30

00:02:06,789 --> 00:02:05,200

it's an important show there's nothing

31

00:02:08,630 --> 00:02:06,799

that we can really have against the

32

00:02:12,070 --> 00:02:08,640

russian people it's not them it's one

33

00:02:14,949 --> 00:02:12,080

person and that's what we go into

34

00:02:16,790 --> 00:02:14,959

on this and um i love the russian people

35

00:02:18,550 --> 00:02:16,800

i've been there four times with my

36

00:02:21,510 --> 00:02:18,560

ex-girlfriend

37

00:02:23,270 --> 00:02:21,520

and most of the russian people are good

38

00:02:25,750 --> 00:02:23,280

um i'm not going to say anything about

39

00:02:29,990 --> 00:02:25,760

my ex-girlfriend did i say that out loud

40

00:02:31,589 --> 00:02:30,000

no anyway so uh next week i'm proud and

41

00:02:33,670 --> 00:02:31,599

happy to announce

42

00:02:34,710 --> 00:02:33,680

that on the 15th of march we have gary

43

00:02:36,150 --> 00:02:34,720

nolan

44

00:02:38,470 --> 00:02:36,160

he's going to be on for the first hour

45

00:02:40,630 --> 00:02:38,480

and joining him in the first hour is

46

00:02:41,509 --> 00:02:40,640

going to be lou elizondo

47

00:02:44,070 --> 00:02:41,519

and

48

00:02:46,229 --> 00:02:44,080

sean cahill so that should be one heck

49

00:02:48,470 --> 00:02:46,239

of a show next week don't miss that one

50

00:02:51,030 --> 00:02:48,480

and start sending me questions if you'd

51
00:02:52,630 --> 00:02:51,040
like last time i had luan i kind of got

52
00:02:55,589 --> 00:02:52,640
flooded with questions but i don't mind

53
00:02:58,309 --> 00:02:55,599
a lot of times i can take one question

54
00:03:00,229 --> 00:02:58,319
out of a bunch of them and make sense of

55
00:03:01,229 --> 00:03:00,239
it and make a really good question so

56
00:03:03,509 --> 00:03:01,239
martin at

57
00:03:05,270 --> 00:03:03,519
podcastufo.com if you want to email me

58
00:03:08,630 --> 00:03:05,280
your questions ahead of time for either

59
00:03:10,149 --> 00:03:08,640
one of them um so i saw today

60
00:03:13,350 --> 00:03:10,159
through someone

61
00:03:15,910 --> 00:03:13,360
showed me that uh john greenwald has

62
00:03:20,390 --> 00:03:15,920
gotten the uh resignation letter of lou

63
00:03:22,070 --> 00:03:20,400

elizondo back in october and 2017

64

00:03:24,229 --> 00:03:22,080

pretty much spells out

65

00:03:25,110 --> 00:03:24,239

his frustration in the

66

00:03:26,630 --> 00:03:25,120

letter

67

00:03:28,949 --> 00:03:26,640

uh with what was happening to the

68

00:03:30,470 --> 00:03:28,959

project and it's very legitimate with

69

00:03:34,550 --> 00:03:30,480

the reason why he

70

00:03:35,990 --> 00:03:34,560

uh the um uaps were the frustration he

71

00:03:37,830 --> 00:03:36,000

had with

72

00:03:40,390 --> 00:03:37,840

uh the people he was working with not

73

00:03:42,550 --> 00:03:40,400

taking seriously he clearly says in the

74

00:03:45,350 --> 00:03:42,560

document that's the reason why he left

75

00:03:46,390 --> 00:03:45,360

so it's very interesting and the blog

76

00:03:49,670 --> 00:03:46,400

this week

77

00:03:52,630 --> 00:03:49,680

is uh ufos strange creatures

78

00:03:54,949 --> 00:03:52,640

in hurrah washington so uh check that

79

00:03:57,990 --> 00:03:54,959

out that's by charles lee or as usual

80

00:04:00,229 --> 00:03:58,000

and uh great blog as always and i'm

81

00:04:01,670 --> 00:04:00,239

bringing in our guest welcome to the

82

00:04:03,670 --> 00:04:01,680

show tom

83

00:04:05,509 --> 00:04:03,680

thanks for having me martin

84

00:04:06,869 --> 00:04:05,519

so tom just keep it up

85

00:04:08,309 --> 00:04:06,879

yeah just keep in mind the mic you want

86

00:04:10,309 --> 00:04:08,319

to make sure you're right up near that

87

00:04:11,910 --> 00:04:10,319

if you would and uh you can see some

88

00:04:14,789 --> 00:04:11,920

cool things for those of you watching

89

00:04:16,069 --> 00:04:14,799

this on video he's got like an r2d2 type

90

00:04:18,629 --> 00:04:16,079

of thing in the background and all kinds

91

00:04:22,230 --> 00:04:18,639

of fun stuff but uh

92

00:04:25,590 --> 00:04:23,030

and

93

00:04:27,749 --> 00:04:25,600

she has finally

94

00:04:29,270 --> 00:04:27,759

shut up yeah yeah she doesn't the robot

95

00:04:31,110 --> 00:04:29,280

will run her over

96

00:04:33,749 --> 00:04:31,120

yeah there you go okay i knew there was

97

00:04:35,110 --> 00:04:33,759

a reason you had that so anyway but not

98

00:04:36,629 --> 00:04:35,120

hurt her though right just you know

99

00:04:38,310 --> 00:04:36,639

quiet her down that's all she's just but

100

00:04:39,590 --> 00:04:38,320

anyway

101
00:04:42,469 --> 00:04:39,600
yeah yeah

102
00:04:44,469 --> 00:04:42,479
thanks for thanks for joining us tom uh

103
00:04:46,550 --> 00:04:44,479
would you please give your background

104
00:04:48,950 --> 00:04:46,560
and you know talk about

105
00:04:50,950 --> 00:04:48,960
what made you interested in doing these

106
00:04:52,390 --> 00:04:50,960
sky watches in the beginning and all

107
00:04:53,270 --> 00:04:52,400
that

108
00:04:55,749 --> 00:04:53,280
well

109
00:04:57,350 --> 00:04:55,759
uh the first ufo sighting i had i was

110
00:04:58,629 --> 00:04:57,360
probably six or seven years old it was

111
00:05:00,870 --> 00:04:58,639
in the 70s

112
00:05:03,029 --> 00:05:00,880
um my dad had me and my brothers out

113
00:05:05,990 --> 00:05:03,039

night fishing at a dam

114

00:05:07,749 --> 00:05:06,000
and all of a sudden the sky lit up

115

00:05:08,830 --> 00:05:07,759
at night turned into day and we looked

116

00:05:11,749 --> 00:05:08,840
up and there was

117

00:05:14,230 --> 00:05:11,759
this boom we heard this like sonic boom

118

00:05:16,469 --> 00:05:14,240
in there and something was glowing above

119

00:05:19,510 --> 00:05:16,479
us five six hundred feet

120

00:05:22,550 --> 00:05:19,520
wow this was a close encounter

121

00:05:24,310 --> 00:05:22,560
we were scared um the object then landed

122

00:05:25,430 --> 00:05:24,320
about a thousand feet away behind some

123

00:05:27,830 --> 00:05:25,440
trees

124

00:05:30,150 --> 00:05:27,840
and then started shooting up red green

125

00:05:31,990 --> 00:05:30,160
purple different colored orbs would come

126

00:05:33,909 --> 00:05:32,000

up above the tree line and they would go

127

00:05:36,310 --> 00:05:33,919

down my dad i didn't know what this

128

00:05:37,270 --> 00:05:36,320

stuff was but i know it wasn't normal

129

00:05:38,950 --> 00:05:37,280

um

130

00:05:40,710 --> 00:05:38,960

so my dad said let's get in the car and

131

00:05:42,230 --> 00:05:40,720

get the hell out of here he was scared

132

00:05:43,990 --> 00:05:42,240

and when we were driving home we came to

133

00:05:45,590 --> 00:05:44,000

the stop sign he goes do you kids want

134

00:05:47,749 --> 00:05:45,600

to go down there take a right go down

135

00:05:50,070 --> 00:05:47,759

that road see where that what that thing

136

00:05:52,629 --> 00:05:50,080

is my brother said yeah yeah yeah and i

137

00:05:53,990 --> 00:05:52,639

was crying in the floorboards no no no

138

00:05:55,430 --> 00:05:54,000

no if we go down there we're never

139

00:05:57,110 --> 00:05:55,440

coming back

140

00:05:58,230 --> 00:05:57,120

so that was kind of my introduction to

141

00:06:00,309 --> 00:05:58,240

this

142

00:06:02,230 --> 00:06:00,319

so i know that's a great skeptic i grew

143

00:06:03,990 --> 00:06:02,240

up that's an anchor

144

00:06:05,350 --> 00:06:04,000

yeah well that's an incredible sighting

145

00:06:08,950 --> 00:06:05,360

i mean that

146

00:06:11,110 --> 00:06:08,960

that's major i mean holy mackerel wow so

147

00:06:12,150 --> 00:06:11,120

yeah back the next day in the daytime

148

00:06:15,350 --> 00:06:12,160

with the

149

00:06:17,430 --> 00:06:15,360

data 22 rifle and there was a big nine

150

00:06:19,430 --> 00:06:17,440

foot circle scorched into the ground and

151

00:06:23,749 --> 00:06:19,440

a couple of dead cows

152

00:06:26,390 --> 00:06:23,759

oh my god wow so that was the first

153

00:06:27,830 --> 00:06:26,400

i guess introduction to this phenomenon

154

00:06:29,270 --> 00:06:27,840

um

155

00:06:31,270 --> 00:06:29,280

then i had a bunch of weird things

156

00:06:33,909 --> 00:06:31,280

happen to me when i was in my 20s i

157

00:06:35,909 --> 00:06:33,919

don't really like to talk about that um

158

00:06:38,309 --> 00:06:35,919

i ended up going to northern state

159

00:06:39,670 --> 00:06:38,319

college in aberdeen south dakota where i

160

00:06:41,670 --> 00:06:39,680

grew up

161

00:06:45,110 --> 00:06:41,680

lived in california for a while

162

00:06:48,309 --> 00:06:46,790

and then i knew that we had to move to

163

00:06:49,909 --> 00:06:48,319

phoenix

164

00:06:51,350 --> 00:06:49,919

that's kind of long story but i knew

165

00:06:52,469 --> 00:06:51,360

there was something we have to go to

166

00:06:53,830 --> 00:06:52,479

phoenix for

167

00:06:56,550 --> 00:06:53,840

so the whole family moved down here in

168

00:06:57,990 --> 00:06:56,560

95. um didn't have much money because we

169

00:07:01,029 --> 00:06:58,000

spent it on the move

170

00:07:03,270 --> 00:07:01,039

i would rent video vhs i'd rent vhs

171

00:07:05,350 --> 00:07:03,280

cameras put them on tripods and do blind

172

00:07:07,749 --> 00:07:05,360

sky watching and just say does anything

173

00:07:09,909 --> 00:07:07,759

show up or fly across and if it does

174

00:07:12,469 --> 00:07:09,919

then go out and track it you know you

175

00:07:14,870 --> 00:07:12,479

you build one step at a time

176
00:07:15,990 --> 00:07:14,880
um so in 95 i started filming these

177
00:07:18,230 --> 00:07:16,000
things

178
00:07:20,150 --> 00:07:18,240
jose escamilla really inspired me

179
00:07:21,749 --> 00:07:20,160
because he was filming the stuff in our

180
00:07:24,550 --> 00:07:21,759
neighbor uh state

181
00:07:27,670 --> 00:07:24,560
new mexico so i figured well if there's

182
00:07:30,870 --> 00:07:27,680
ufos in new mexico and that 1992 wave

183
00:07:32,950 --> 00:07:30,880
was going down in mexico at jaime mason

184
00:07:35,430 --> 00:07:32,960
and the elders we're tracking i figured

185
00:07:37,909 --> 00:07:35,440
well they drank ufos aren't going to pay

186
00:07:39,990 --> 00:07:37,919
attention to any geographical borders

187
00:07:42,550 --> 00:07:40,000
they'll be in arizona too so it didn't

188
00:07:45,830 --> 00:07:42,560

take long and i started filming those

189

00:07:46,629 --> 00:07:45,840

mexico city hockey puck um style ufos

190

00:07:56,710 --> 00:07:46,639

filmed

191

00:07:59,749 --> 00:07:56,720

dropping down from space and just

192

00:08:01,830 --> 00:07:59,759

materializing it i've seen i've i've

193

00:08:04,469 --> 00:08:01,840

seen those through binoculars

194

00:08:07,110 --> 00:08:04,479

and it looked like um the color of uh it

195

00:08:09,350 --> 00:08:07,120

was a disk with a small dome over it it

196

00:08:10,469 --> 00:08:09,360

was color of a spoon like a dull

197

00:08:12,390 --> 00:08:10,479

aluminum

198

00:08:15,350 --> 00:08:12,400

um so i started

199

00:08:17,670 --> 00:08:15,360

you know uh i met uh jim dilla tesla who

200

00:08:19,830 --> 00:08:17,680

was the president of village labs

201
00:08:21,189 --> 00:08:19,840
uh when i moved here i seen him on tv

202
00:08:23,830 --> 00:08:21,199
from south dakota and then when i moved

203
00:08:25,749 --> 00:08:23,840
here i happened to live

204
00:08:26,950 --> 00:08:25,759
two miles away really close so i would

205
00:08:28,710 --> 00:08:26,960
go over there

206
00:08:29,830 --> 00:08:28,720
maybe a hundred times down that lab i'd

207
00:08:31,749 --> 00:08:29,840
run down there with my footage what do

208
00:08:32,870 --> 00:08:31,759
you think jim what do you think jim

209
00:08:34,149 --> 00:08:32,880
um

210
00:08:35,589 --> 00:08:34,159
and then

211
00:08:36,389 --> 00:08:35,599
i went he said you want to go on the

212
00:08:41,750 --> 00:08:36,399
news

213
00:08:44,070 --> 00:08:41,760

think at the end of 96 and

214

00:08:46,070 --> 00:08:44,080

i i said you know nasa is looking in the

215

00:08:49,509 --> 00:08:46,080

wrong spot they're trying to find life

216

00:08:51,910 --> 00:08:49,519

on mars microbes come on listen to

217

00:08:54,949 --> 00:08:51,920

it's right over town

218

00:08:56,389 --> 00:08:54,959

just look up this is a hot spot

219

00:08:59,269 --> 00:08:56,399

a few months later phoenix lights

220

00:09:02,230 --> 00:08:59,279

happened and i was there to film that

221

00:09:04,389 --> 00:09:02,240

uh what happened was

222

00:09:06,550 --> 00:09:04,399

uh there was a website called ufo

223

00:09:09,750 --> 00:09:06,560

updates it was like a mailing list back

224

00:09:10,870 --> 00:09:09,760

in the 90s and it was like it was the

225

00:09:13,190 --> 00:09:10,880

thing that was where everybody

226

00:09:15,110 --> 00:09:13,200

communicated and there was a guy now a

227

00:09:17,509 --> 00:09:15,120

took named steve blonder who was seeing

228

00:09:19,829 --> 00:09:17,519

these ufos every night

229

00:09:22,949 --> 00:09:19,839

um monday tuesday wednesday this was

230

00:09:24,630 --> 00:09:22,959

march i think uh 10th 11th and 12th and

231

00:09:27,269 --> 00:09:24,640

he said can somebody come over here and

232

00:09:29,910 --> 00:09:27,279

tell us what these are i don't know

233

00:09:31,670 --> 00:09:29,920

so bill said hey tom get your gear we're

234

00:09:34,550 --> 00:09:31,680

going going over this guy's house you

235

00:09:36,710 --> 00:09:34,560

see in ufos every night from 8 10.

236

00:09:39,269 --> 00:09:36,720

that's cool that sounds like a sheer

237

00:09:42,949 --> 00:09:39,279

deal there you know so i bought a super

238

00:09:45,430 --> 00:09:42,959

vhs camera tripod uh six inch telescope

239

00:09:47,590 --> 00:09:45,440

and a spotting scope

240

00:09:48,550 --> 00:09:47,600

and by the time we got to steve's house

241

00:09:49,350 --> 00:09:48,560

around

242

00:09:51,430 --> 00:09:49,360

just

243

00:09:52,870 --> 00:09:51,440

after 9 9 30.

244

00:09:54,949 --> 00:09:52,880

he goes you're late you missed it you're

245

00:09:58,070 --> 00:09:54,959

late you missed it so he had filmed an

246

00:09:59,910 --> 00:09:58,080

orb or something like that so orange orb

247

00:10:01,990 --> 00:09:59,920

so we go up in and

248

00:10:03,430 --> 00:10:02,000

we watch his videos

249

00:10:05,829 --> 00:10:03,440

and i'm looking at bill and he's looking

250

00:10:07,750 --> 00:10:05,839

at me and we're thinking god 95 of his

251

00:10:10,150 --> 00:10:07,760

stuff's out of focus but he is getting

252

00:10:12,790 --> 00:10:10,160

something he's getting something he just

253

00:10:14,230 --> 00:10:12,800

needs to shoot this in manual focus

254

00:10:15,990 --> 00:10:14,240

so i say steve where are you shooting

255

00:10:17,590 --> 00:10:16,000

this stuff from because he had just got

256

00:10:19,750 --> 00:10:17,600

one that night and we go out on his

257

00:10:21,590 --> 00:10:19,760

balcony and a few minutes later goes

258

00:10:23,509 --> 00:10:21,600

there's one and

259

00:10:25,350 --> 00:10:23,519

i look and me and bill look i'm like

260

00:10:27,350 --> 00:10:25,360

okay that isn't normal that's not

261

00:10:29,269 --> 00:10:27,360

aircraft whatever that orange light is

262

00:10:31,509 --> 00:10:29,279

is one orange light shouldn't be there

263

00:10:33,350 --> 00:10:31,519

and we're looking directly south we

264

00:10:34,470 --> 00:10:33,360

weren't looking over at that military

265

00:10:36,870 --> 00:10:34,480

range

266

00:10:39,750 --> 00:10:36,880

um so i ran down trump got on my camera

267

00:10:42,310 --> 00:10:39,760

got all my stuff ran up the object was

268

00:10:44,150 --> 00:10:42,320

still there and i captured that option

269

00:10:46,550 --> 00:10:44,160

so there were multiple there were five

270

00:10:48,710 --> 00:10:46,560

events or four to five

271

00:10:50,470 --> 00:10:48,720

orbs or flares whichever you prefer to

272

00:10:52,790 --> 00:10:50,480

call them happened

273

00:10:55,509 --> 00:10:52,800

from steve blonder's location

274

00:10:58,790 --> 00:10:55,519

so a question i get a lot

275

00:11:00,389 --> 00:10:58,800

is did the military set off flares at 10

276

00:11:02,630 --> 00:11:00,399

to make a diversion

277

00:11:04,550 --> 00:11:02,640

for what flew over at 8 30. that's a

278

00:11:05,910 --> 00:11:04,560

great question uh i looked into that for

279

00:11:06,790 --> 00:11:05,920

a couple of years

280

00:11:08,630 --> 00:11:06,800

no

281

00:11:10,790 --> 00:11:08,640

those players or whatever we're going to

282

00:11:11,990 --> 00:11:10,800

go off anyway they were going off at 9

283

00:11:16,150 --> 00:11:12,000

15

284

00:11:18,069 --> 00:11:16,160

9 30 9 45 9 50 and 10. so it wasn't just

285

00:11:20,550 --> 00:11:18,079

one launch at 10 saying hey put a bunch

286

00:11:23,190 --> 00:11:20,560

of stuff in the sky so later we can

287

00:11:25,430 --> 00:11:23,200

blame it on that

288

00:11:27,509 --> 00:11:25,440

we learned us investigators that no

289

00:11:29,190 --> 00:11:27,519

one's protecting this country

290

00:11:30,870 --> 00:11:29,200

the air force none of these people

291

00:11:33,750 --> 00:11:30,880

aren't so that's just a myth they put

292

00:11:35,990 --> 00:11:33,760

out there these things flew over

293

00:11:37,590 --> 00:11:36,000

on march 13th and they didn't know what

294

00:11:39,190 --> 00:11:37,600

it was these could have been russian

295

00:11:42,630 --> 00:11:39,200

bombers i mean this could have been

296

00:11:44,150 --> 00:11:42,640

anybody and they're just oh yeah it's

297

00:11:46,069 --> 00:11:44,160

your job to figure this out and then

298

00:11:47,509 --> 00:11:46,079

later on 9 11 we saw again no one's

299

00:11:47,509 --> 00:11:49,590

really protecting this country the way

300

00:11:55,269 --> 00:11:51,990

so yeah so then so there were those

301
00:11:57,509 --> 00:11:55,279
objects going on at 10 you know 9 15 9

302
00:11:59,990 --> 00:11:57,519
five now forty nine fifty so there were

303
00:12:01,670 --> 00:12:00,000
and they were take two by me and two by

304
00:12:04,150 --> 00:12:01,680
steve

305
00:12:05,910 --> 00:12:04,160
so they did not put those orange things

306
00:12:07,269 --> 00:12:05,920
up as a diversion that's a great

307
00:12:09,590 --> 00:12:07,279
question

308
00:12:12,790 --> 00:12:09,600
yeah they were gonna happen so let's say

309
00:12:13,910 --> 00:12:12,800
the boomerang never flew down the state

310
00:12:15,110 --> 00:12:13,920
um

311
00:12:17,030 --> 00:12:15,120
we still would have been on the news

312
00:12:18,790 --> 00:12:17,040
with those five videos it just wouldn't

313
00:12:20,550 --> 00:12:18,800

have been the boomerang so when the

314

00:12:23,030 --> 00:12:20,560

boomerang came and then we had that

315

00:12:25,670 --> 00:12:23,040

thing happen at 10 we had two mass

316

00:12:28,949 --> 00:12:25,680

sightings and the same night

317

00:12:29,670 --> 00:12:28,959

that became a rare super sighting

318

00:12:34,150 --> 00:12:29,680

so

319

00:12:39,829 --> 00:12:37,750

just one second yeah i do hear the robot

320

00:12:45,269 --> 00:12:39,839

yeah

321

00:12:46,150 --> 00:12:45,279

flares as you just heard

322

00:12:48,550 --> 00:12:46,160

uh

323

00:12:50,870 --> 00:12:48,560

i've always had that question about the

324

00:12:53,509 --> 00:12:50,880

flares thinking that they were a

325

00:12:54,949 --> 00:12:53,519

diversion but so i'm glad you answered

326

00:12:56,710 --> 00:12:54,959

that question that they were just going

327

00:12:58,870 --> 00:12:56,720

to they were already planned they were

328

00:12:59,990 --> 00:12:58,880

going to happen regardless of what was

329

00:13:03,030 --> 00:13:00,000

going on

330

00:13:04,629 --> 00:13:03,040

but the thing that i have to ask you now

331

00:13:05,590 --> 00:13:04,639

that you mentioned that

332

00:13:11,509 --> 00:13:05,600

is

333

00:13:13,910 --> 00:13:11,519

find out what was happening stop

334

00:13:15,910 --> 00:13:13,920

whatever they're doing and find out what

335

00:13:19,509 --> 00:13:15,920

is going on with this it had to be on

336

00:13:21,910 --> 00:13:19,519

their radar and there is there is a

337

00:13:24,710 --> 00:13:21,920

what i've heard in the past was that

338

00:13:27,350 --> 00:13:24,720

there was a fighter jet or at least one

339

00:13:30,230 --> 00:13:27,360

that um when the pilot landed he was

340

00:13:32,310 --> 00:13:30,240

shaken you know and i don't know yeah is

341

00:13:33,990 --> 00:13:32,320

there can you explain

342

00:13:35,910 --> 00:13:34,000

basically and you know what i just

343

00:13:38,470 --> 00:13:35,920

thought of too is i have not a lot of

344

00:13:40,550 --> 00:13:38,480

new listeners maybe

345

00:13:42,550 --> 00:13:40,560

and i hate to go into it with all the

346

00:13:44,870 --> 00:13:42,560

people i've heard it so many times but

347

00:13:46,949 --> 00:13:44,880

maybe we should just go into it a little

348

00:13:49,590 --> 00:13:46,959

bit more for the new listener with the

349

00:13:50,949 --> 00:13:49,600

px lights let's back up

350

00:13:52,389 --> 00:13:50,959

yeah

351

00:13:54,150 --> 00:13:52,399

now i'm going to tell you some stuff

352

00:13:55,590 --> 00:13:54,160

i've never told anybody people probably

353

00:13:57,030 --> 00:13:55,600

never heard before

354

00:13:58,150 --> 00:13:57,040

this should have been the las vegas

355

00:14:02,389 --> 00:13:58,160

lights

356

00:14:04,790 --> 00:14:02,399

the entire state of phoenix

357

00:14:06,870 --> 00:14:04,800

but it didn't start in phoenix

358

00:14:09,750 --> 00:14:06,880

you mean arizona you mean yeah in in

359

00:14:11,910 --> 00:14:09,760

arizona it started in los in las vegas

360

00:14:13,990 --> 00:14:11,920

and it didn't start on march 13th it

361

00:14:15,829 --> 00:14:14,000

started the night before

362

00:14:18,550 --> 00:14:15,839

um what you can do is you can go to the

363

00:14:21,750 --> 00:14:18,560

ufo reporting center and you click on

364

00:14:24,870 --> 00:14:21,760

view by date okay and then go scroll way

365

00:14:27,189 --> 00:14:24,880

down to 1997 in march what you're going

366

00:14:29,350 --> 00:14:27,199

to find is this boomerang was the

367

00:14:31,030 --> 00:14:29,360

primary thing being called in before the

368

00:14:32,470 --> 00:14:31,040

phoenix lights it was spotted i think it

369

00:14:33,910 --> 00:14:32,480

was idaho

370

00:14:36,470 --> 00:14:33,920

uh they were seeing this boomerang

371

00:14:39,110 --> 00:14:36,480

around so it was the military i think

372

00:14:40,629 --> 00:14:39,120

had a bolo out to be on the lookout for

373

00:14:42,389 --> 00:14:40,639

this thing

374

00:14:44,310 --> 00:14:42,399

because they acted really weird about

375

00:14:47,430 --> 00:14:44,320

what they did

376

00:14:48,949 --> 00:14:47,440

so what happened is on march 12th

377

00:14:51,189 --> 00:14:48,959

if you look through the national ufo

378

00:14:54,629 --> 00:14:51,199

reporting center a guy saw

379

00:14:57,590 --> 00:14:54,639

a huge boomerang says 1.5 miles long

380

00:14:59,750 --> 00:14:57,600

that just flew over las vegas so

381

00:15:02,629 --> 00:14:59,760

the cover-up was going to end

382

00:15:04,550 --> 00:15:02,639

25 years ago these things were flying

383

00:15:07,350 --> 00:15:04,560

around to say here we are

384

00:15:10,710 --> 00:15:07,360

videotape us get us

385

00:15:14,150 --> 00:15:10,720

and almost no one did so this flew over

386

00:15:16,550 --> 00:15:14,160

las vegas on march 12 1997 and it was

387

00:15:18,310 --> 00:15:16,560

heading i think west east

388

00:15:20,629 --> 00:15:18,320

then the next night

389

00:15:23,269 --> 00:15:20,639

it did it again and the witnesses

390

00:15:26,069 --> 00:15:23,279

described two huge

391

00:15:26,949 --> 00:15:26,079

uh triangular craft they had no lights

392

00:15:29,030 --> 00:15:26,959

on them

393

00:15:31,269 --> 00:15:29,040

but they could see the belly lit up from

394

00:15:33,269 --> 00:15:31,279

the las vegas light pollution lighting

395

00:15:36,710 --> 00:15:33,279

up these dark silhouettes and they were

396

00:15:39,030 --> 00:15:36,720

heading south towards arizona so

397

00:15:41,749 --> 00:15:39,040

las vegas had their opportunity to make

398

00:15:43,269 --> 00:15:41,759

this a mass sighting and for some reason

399

00:15:45,829 --> 00:15:43,279

it didn't happen

400

00:15:48,310 --> 00:15:45,839

all those people in las vegas

401
00:15:50,069 --> 00:15:48,320
no one's seen it but then the the next

402
00:15:51,910 --> 00:15:50,079
night march 13th

403
00:15:54,629 --> 00:15:51,920
this thing i think was first spotted in

404
00:15:56,629 --> 00:15:54,639
henderson nevada around 6 55. oh let's

405
00:15:59,430 --> 00:15:56,639
back up a little bit further spot in the

406
00:16:03,110 --> 00:15:59,440
daytime the first sighting of the

407
00:16:04,150 --> 00:16:03,120
boomerang was in crown king arizona at 5

408
00:16:06,470 --> 00:16:04,160
30.

409
00:16:08,150 --> 00:16:06,480
it was over a lake and the witness said

410
00:16:10,949 --> 00:16:08,160
that there were three boomerangs in the

411
00:16:12,230 --> 00:16:10,959
and they basically were just stacked

412
00:16:13,269 --> 00:16:12,240
and then they

413
00:16:16,310 --> 00:16:13,279

merged

414

00:16:18,150 --> 00:16:16,320
the three into one the light shrank

415

00:16:20,310 --> 00:16:18,160
and it disappeared

416

00:16:22,790 --> 00:16:20,320
doesn't make any sense to us

417

00:16:24,389 --> 00:16:22,800
but that's what the person reported so

418

00:16:26,230 --> 00:16:24,399
then the object would have had to move

419

00:16:28,150 --> 00:16:26,240
back north up to

420

00:16:30,790 --> 00:16:28,160
start in arizona then go up to henderson

421

00:16:33,269 --> 00:16:30,800
then fly back down i-17

422

00:16:35,189 --> 00:16:33,279
um when it came down the first caller i

423

00:16:37,430 --> 00:16:35,199
believe his name was dennis they called

424

00:16:39,350 --> 00:16:37,440
in the national ufo reporting center and

425

00:16:40,470 --> 00:16:39,360
he was a retired police officer leaving

426
00:16:42,870 --> 00:16:40,480
his house

427
00:16:45,670 --> 00:16:42,880
uh he saw this object he said the lights

428
00:16:46,710 --> 00:16:45,680
were orange the same color as the 10 pm

429
00:16:49,670 --> 00:16:46,720
of it

430
00:16:52,069 --> 00:16:49,680
and he actually drove home and got it

431
00:16:53,509 --> 00:16:52,079
got his binoculars and looked at it uh

432
00:16:54,790 --> 00:16:53,519
he said they moved around the speed of

433
00:16:57,670 --> 00:16:54,800
helicopters

434
00:16:58,470 --> 00:16:57,680
uh there was a a trailing light behind

435
00:17:00,069 --> 00:16:58,480
it

436
00:17:03,189 --> 00:17:00,079
which is very interesting that trailing

437
00:17:06,230 --> 00:17:03,199
light um so he saw that for a few

438
00:17:08,710 --> 00:17:06,240

minutes and then um the the next person

439

00:17:11,189 --> 00:17:08,720

um i believe he was in dewey

440

00:17:12,949 --> 00:17:11,199

um so as soon as one person saw it the

441

00:17:15,350 --> 00:17:12,959

next witness picked it up and it's

442

00:17:16,949 --> 00:17:15,360

literally a chain of this thing going

443

00:17:18,710 --> 00:17:16,959

down this the state

444

00:17:20,069 --> 00:17:18,720

uh there's a witness who saw this come

445

00:17:23,909 --> 00:17:20,079

into paulden

446

00:17:24,870 --> 00:17:23,919

and he said it was the size of a safeway

447

00:17:27,669 --> 00:17:24,880

uh

448

00:17:29,510 --> 00:17:27,679

the multiplayer store yeah yeah a store

449

00:17:31,990 --> 00:17:29,520

and he said it just basically just

450

00:17:34,470 --> 00:17:32,000

glided but everybody said it went too

451

00:17:37,110 --> 00:17:34,480

slow it would fall out of the sky

452

00:17:39,430 --> 00:17:37,120

so we're talking a speed of about 35

453

00:17:41,430 --> 00:17:39,440

miles an hour right okay and you know

454

00:17:43,190 --> 00:17:41,440

stall speed on like an airbus you know

455

00:17:44,150 --> 00:17:43,200

it's like 90 so

456

00:17:45,590 --> 00:17:44,160

right

457

00:17:47,750 --> 00:17:45,600

unconventional

458

00:17:50,710 --> 00:17:47,760

uh so then when it got

459

00:17:54,549 --> 00:17:50,720

when it got to the paulden arizona

460

00:17:58,230 --> 00:17:54,559

then it shot off to prescott

461

00:18:00,950 --> 00:17:58,240

and peter davenport got a call at 8 15

462

00:18:04,150 --> 00:18:00,960

from paulden and then one of 816 from

463

00:18:06,390 --> 00:18:04,160

prescott in one minute it went 30 miles

464

00:18:07,430 --> 00:18:06,400

it went 1800 miles an hour and it

465

00:18:11,190 --> 00:18:07,440

stopped

466

00:18:14,150 --> 00:18:11,200

to the hover speed it did the same thing

467

00:18:16,070 --> 00:18:14,160

over prescott it did a banking turn and

468

00:18:18,150 --> 00:18:16,080

then it started shooting towards phoenix

469

00:18:20,150 --> 00:18:18,160

so this object went

470

00:18:21,750 --> 00:18:20,160

from northern arizona all the way down

471

00:18:23,990 --> 00:18:21,760

to tucson

472

00:18:26,470 --> 00:18:24,000

by 9 30. it traveled throughout the

473

00:18:29,909 --> 00:18:26,480

whole state and it just said hey

474

00:18:32,549 --> 00:18:29,919

anything goes baby just taped me and we

475

00:18:33,830 --> 00:18:32,559

failed as as people you know people

476
00:18:36,789 --> 00:18:33,840
should have got out their cameras and

477
00:18:38,870 --> 00:18:36,799
taped this but there was this oh my god

478
00:18:40,470 --> 00:18:38,880
you i talked to so many witnesses they

479
00:18:42,870 --> 00:18:40,480
were frozen

480
00:18:44,950 --> 00:18:42,880
they they said either i watch this or i

481
00:18:46,870 --> 00:18:44,960
go fumble around inside for some old

482
00:18:49,270 --> 00:18:46,880
video camera in the closet and almost

483
00:18:51,909 --> 00:18:49,280
everybody chose to watch it

484
00:18:53,430 --> 00:18:51,919
and interesting we pay as a society

485
00:18:55,590 --> 00:18:53,440
because this could have ended the

486
00:18:57,350 --> 00:18:55,600
cover-up 25 years ago

487
00:18:59,510 --> 00:18:57,360
they rolled the ball

488
00:19:01,029 --> 00:18:59,520

and it didn't happen so

489

00:19:03,510 --> 00:19:01,039
by 8 30

490

00:19:07,750 --> 00:19:03,520
the boomerang had moved into town it was

491

00:19:12,630 --> 00:19:10,470
the lee family and they were the closest

492

00:19:13,909 --> 00:19:12,640
people to it because it went right over

493

00:19:16,710 --> 00:19:13,919
their head

494

00:19:18,150 --> 00:19:16,720
and the size that they were talking it

495

00:19:19,110 --> 00:19:18,160
was one big

496

00:19:21,350 --> 00:19:19,120
um

497

00:19:23,430 --> 00:19:21,360
like carpenter square that was black and

498

00:19:25,190 --> 00:19:23,440
it had these five objects in it there

499

00:19:26,310 --> 00:19:25,200
are five lights

500

00:19:27,990 --> 00:19:26,320
uh

501
00:19:29,590 --> 00:19:28,000
they got the closest look they think

502
00:19:31,750 --> 00:19:29,600
they were at least within it was a

503
00:19:34,390 --> 00:19:31,760
hundred feet over their head it was so

504
00:19:35,350 --> 00:19:34,400
low that it went in between peak

505
00:19:37,750 --> 00:19:35,360
and

506
00:19:39,430 --> 00:19:37,760
you can measure that area on google maps

507
00:19:43,270 --> 00:19:39,440
and say well if it went in between this

508
00:19:44,870 --> 00:19:43,280
p it can't be bigger than x it has to be

509
00:19:46,710 --> 00:19:44,880
within that distance

510
00:19:48,470 --> 00:19:46,720
so it went in between these two

511
00:19:51,669 --> 00:19:48,480
mountains

512
00:19:54,470 --> 00:19:51,679
so the this one they're saying was about

513
00:19:57,110 --> 00:19:54,480

700 feet long that's that's kind of what

514

00:19:57,909 --> 00:19:57,120

i've settled in as that one is about 700

515

00:20:01,750 --> 00:19:57,919

feet

516

00:20:03,110 --> 00:20:01,760

uh people say that it was a mile long

517

00:20:05,190 --> 00:20:03,120

um

518

00:20:06,630 --> 00:20:05,200

different perspectives on so anyway when

519

00:20:08,710 --> 00:20:06,640

the boomerang got to phoenix after it

520

00:20:09,669 --> 00:20:08,720

flew over it went down seventh at indian

521

00:20:11,029 --> 00:20:09,679

school

522

00:20:12,710 --> 00:20:11,039

uh then it

523

00:20:14,870 --> 00:20:12,720

by then there was a lady named sue

524

00:20:16,710 --> 00:20:14,880

watson and she was

525

00:20:18,149 --> 00:20:16,720

over off camelback she was watching this

526

00:20:19,590 --> 00:20:18,159

with her kids

527

00:20:22,149 --> 00:20:19,600

and they were just freaked out this was

528

00:20:24,789 --> 00:20:22,159

happening this thing was coming in and

529

00:20:27,990 --> 00:20:24,799

when it got up to them she said it

530

00:20:30,149 --> 00:20:28,000

shot a red laser down into the ground

531

00:20:32,070 --> 00:20:30,159

and just at that time

532

00:20:35,270 --> 00:20:32,080

the jets were coming in from luke

533

00:20:37,669 --> 00:20:35,280

because luke launched jets to intercept

534

00:20:39,029 --> 00:20:37,679

at like 8 27.

535

00:20:41,029 --> 00:20:39,039

what happened is when they got to

536

00:20:42,230 --> 00:20:41,039

paulden when they were up a little

537

00:20:44,390 --> 00:20:42,240

farther north

538

00:20:47,669 --> 00:20:44,400

somebody called luke air force base and

539

00:20:49,430 --> 00:20:47,679

said we had a near miss with the cessna

540

00:20:51,430 --> 00:20:49,440

so this is when they said okay we're

541

00:20:53,430 --> 00:20:51,440

launching planes now

542

00:20:55,909 --> 00:20:53,440

air force bases don't launch planes over

543

00:20:57,590 --> 00:20:55,919

a ufo report if you think about that

544

00:20:59,750 --> 00:20:57,600

they must have known that thing was in

545

00:21:01,270 --> 00:20:59,760

las vegas the night before and they want

546

00:21:03,750 --> 00:21:01,280

to get it

547

00:21:04,870 --> 00:21:03,760

uh so and you heard of that guy kirk

548

00:21:05,830 --> 00:21:04,880

russell

549

00:21:07,029 --> 00:21:05,840

yeah

550

00:21:09,350 --> 00:21:07,039

i know

551
00:21:11,430 --> 00:21:09,360
he was this is a great clip yeah well

552
00:21:13,909 --> 00:21:11,440
there's a couple of them the thing is we

553
00:21:16,230 --> 00:21:13,919
can't get nailed down was he in prescott

554
00:21:18,870 --> 00:21:16,240
or was he landing in phoenix we don't

555
00:21:20,470 --> 00:21:18,880
know which city was in so was he the guy

556
00:21:23,190 --> 00:21:20,480
who called in

557
00:21:26,149 --> 00:21:23,200
that started the chain reaction that

558
00:21:27,669 --> 00:21:26,159
then said luke's gonna launch some jets

559
00:21:29,909 --> 00:21:27,679
so anyway when they did launch those

560
00:21:31,110 --> 00:21:29,919
jets over phoenix they were coming up

561
00:21:33,190 --> 00:21:31,120
over them

562
00:21:34,789 --> 00:21:33,200
uh and the lights dimmed out and the

563
00:21:37,830 --> 00:21:34,799

things shot away and then the lights

564

00:21:41,909 --> 00:21:37,840

came back on so the the the motive of

565

00:21:43,830 --> 00:21:41,919

this thing was to go over city slow down

566

00:21:46,710 --> 00:21:43,840

and then when you get to the end of the

567

00:21:50,070 --> 00:21:46,720

city speed up to the next one

568

00:21:51,430 --> 00:21:50,080

so that was the first event

569

00:21:53,110 --> 00:21:51,440

after that event

570

00:21:55,990 --> 00:21:53,120

at nine o'clock

571

00:21:57,590 --> 00:21:56,000

a huge triangle flew over the town going

572

00:21:59,590 --> 00:21:57,600

from north to south in a different

573

00:22:00,710 --> 00:21:59,600

flight path this was seen by different

574

00:22:02,870 --> 00:22:00,720

people

575

00:22:04,390 --> 00:22:02,880

uh i remember when we were

576
00:22:06,149 --> 00:22:04,400
down at village labs and we'd have

577
00:22:08,310 --> 00:22:06,159
witnesses come in and they'd go in this

578
00:22:09,190 --> 00:22:08,320
huge this big room that they had down

579
00:22:11,430 --> 00:22:09,200
there

580
00:22:13,669 --> 00:22:11,440
and we just talked to them and this this

581
00:22:15,669 --> 00:22:13,679
lady she came up from the tucson area

582
00:22:17,669 --> 00:22:15,679
she saw the triangle

583
00:22:19,750 --> 00:22:17,679
and we said what does this look like we

584
00:22:21,750 --> 00:22:19,760
get sketches from them and she was

585
00:22:23,909 --> 00:22:21,760
saying that there was plated steel on

586
00:22:26,310 --> 00:22:23,919
the bottom of the belly

587
00:22:27,430 --> 00:22:26,320
she she said this this looked like the

588
00:22:29,669 --> 00:22:27,440

boar

589

00:22:32,630 --> 00:22:29,679

and me and bill just looked at each

590

00:22:34,789 --> 00:22:32,640

other like jesus she doesn't know that

591

00:22:36,870 --> 00:22:34,799

we just talked to these other guys and

592

00:22:39,029 --> 00:22:36,880

they said the same thing how are these

593

00:22:42,390 --> 00:22:39,039

people all describing this

594

00:22:43,190 --> 00:22:42,400

and so she saw that triangle and

595

00:22:49,110 --> 00:22:43,200

we

596

00:22:51,270 --> 00:22:49,120

dr michael tanner uh when the the

597

00:22:53,909 --> 00:22:51,280

object one and object to the 700 foot

598

00:22:56,470 --> 00:22:53,919

boomerang and the one one mile long um

599

00:22:58,470 --> 00:22:56,480

triangle got to an area called picacho

600

00:22:59,830 --> 00:22:58,480

peak which is halfway between phoenix

601
00:23:01,750 --> 00:22:59,840
and tucson

602
00:23:03,909 --> 00:23:01,760
he believes the objects docked and

603
00:23:07,270 --> 00:23:03,919
merged together

604
00:23:09,590 --> 00:23:07,280
really yeah we don't have any of this so

605
00:23:11,669 --> 00:23:09,600
so so many new things that i haven't

606
00:23:12,470 --> 00:23:11,679
heard this is really fascinating okay so

607
00:23:17,430 --> 00:23:12,480
that's

608
00:23:19,990 --> 00:23:17,440
and then i'm involved with 9 50 and 10

609
00:23:21,990 --> 00:23:20,000
o'clock okay at 10 o'clock

610
00:23:23,830 --> 00:23:22,000
multiple events were happening i was

611
00:23:25,990 --> 00:23:23,840
filming those lights that were pointed

612
00:23:27,909 --> 00:23:26,000
towards military base

613
00:23:29,430 --> 00:23:27,919

uh at the same time there were other

614

00:23:31,190 --> 00:23:29,440

people filming that

615

00:23:33,029 --> 00:23:31,200

and while this happened you might have

616

00:23:35,669 --> 00:23:33,039

heard uh there was a truck driver named

617

00:23:37,270 --> 00:23:35,679

bill griner who was driving down i-17 he

618

00:23:39,830 --> 00:23:37,280

didn't see any of this didn't see what i

619

00:23:43,029 --> 00:23:39,840

saw which we always like how did you not

620

00:23:46,310 --> 00:23:43,039

see what we were filming he saw these

621

00:23:48,070 --> 00:23:46,320

two huge orbs with a red ring around him

622

00:23:51,029 --> 00:23:48,080

he said where the size of the hot air

623

00:23:53,750 --> 00:23:51,039

balloons they were big and they were

624

00:23:55,590 --> 00:23:53,760

glowing within and he said luke launched

625

00:23:57,190 --> 00:23:55,600

jets after those and they shot straight

626
00:23:59,750 --> 00:23:57,200
up in the air so that's another event at

627
00:24:01,990 --> 00:23:59,760
10. then we have pilot trigg johnson who

628
00:24:05,190 --> 00:24:02,000
is a captain for southwest something

629
00:24:08,789 --> 00:24:05,200
like 13 000 hours flying in the air him

630
00:24:11,830 --> 00:24:08,799
and his two sons saw this big chevron

631
00:24:16,390 --> 00:24:11,840
shaped object at 10 o'clock not 9 30 or

632
00:24:19,190 --> 00:24:16,400
8 30 or 9 10 going down scott still road

633
00:24:20,310 --> 00:24:19,200
so that's three events at ted

634
00:24:23,510 --> 00:24:20,320
then

635
00:24:25,350 --> 00:24:23,520
we got the supposed ufo crash

636
00:24:27,990 --> 00:24:25,360
another person go

637
00:24:29,990 --> 00:24:28,000
look it up on the ufo reporting center

638
00:24:33,110 --> 00:24:30,000

said that the object had crashed in the

639

00:24:35,909 --> 00:24:33,120

white tank mountains and it was glowing

640

00:24:37,510 --> 00:24:35,919

at the top of the mountain and he's they

641

00:24:39,990 --> 00:24:37,520

said his husband and wife said it looks

642

00:24:43,350 --> 00:24:40,000

like the military was going to retrieve

643

00:24:47,990 --> 00:24:46,390

so all this is like so so far out of the

644

00:24:48,789 --> 00:24:48,000

scope of the things i've heard about

645

00:24:49,830 --> 00:24:48,799

this

646

00:24:51,909 --> 00:24:49,840

it's

647

00:24:54,070 --> 00:24:51,919

this is pretty amazing so the a report

648

00:24:56,549 --> 00:24:54,080

was made at that time

649

00:24:59,430 --> 00:24:56,559

yeah uh pr these some of these reports

650

00:25:02,630 --> 00:24:59,440

would would come in over over time

651
00:25:04,230 --> 00:25:02,640
uh computer um what what really needs to

652
00:25:06,390 --> 00:25:04,240
be done is we need to get these reports

653
00:25:08,230 --> 00:25:06,400
live so when someone reports something

654
00:25:09,510 --> 00:25:08,240
we can immediately know there's activity

655
00:25:12,390 --> 00:25:09,520
in the area instead of waiting three

656
00:25:14,470 --> 00:25:12,400
months later for a a file done

657
00:25:15,669 --> 00:25:14,480
yeah well that's a very good a very good

658
00:25:17,029 --> 00:25:15,679
point

659
00:25:19,830 --> 00:25:17,039
so

660
00:25:21,909 --> 00:25:19,840
i asked myself after all these years

661
00:25:23,269 --> 00:25:21,919
why did this happen

662
00:25:25,350 --> 00:25:23,279
or

663
00:25:27,510 --> 00:25:25,360

i mean they whoever's flying these

664

00:25:29,430 --> 00:25:27,520

things they could the whole world could

665

00:25:31,510 --> 00:25:29,440

have changed if we just everybody just

666

00:25:33,590 --> 00:25:31,520

recorded if we all had cell phones like

667

00:25:35,510 --> 00:25:33,600

today uh the world would be different

668

00:25:37,990 --> 00:25:35,520

we'd have a different conversation we'd

669

00:25:39,669 --> 00:25:38,000

be living in a different reality

670

00:25:40,549 --> 00:25:39,679

uh why didn't they come back and do that

671

00:25:43,029 --> 00:25:40,559

again

672

00:25:44,070 --> 00:25:43,039

if they're if if the if the the reason

673

00:25:46,310 --> 00:25:44,080

why

674

00:25:48,070 --> 00:25:46,320

was to stop the cover up and for the the

675

00:25:50,070 --> 00:25:48,080

things in these vehicles to say

676
00:25:51,750 --> 00:25:50,080
government deal with this explain all

677
00:25:53,350 --> 00:25:51,760
this that we just done

678
00:25:56,870 --> 00:25:53,360
if they failed why not come back the

679
00:25:58,710 --> 00:25:56,880
next night again until or another city

680
00:26:00,789 --> 00:25:58,720
oh or why did

681
00:26:03,909 --> 00:26:00,799
did a really a ufo crash in the white

682
00:26:05,110 --> 00:26:03,919
tank mountains and this was a

683
00:26:07,909 --> 00:26:05,120
something where they're coming in to

684
00:26:09,269 --> 00:26:07,919
retrieve it one of their own ships

685
00:26:14,149 --> 00:26:09,279
i don't know

686
00:26:17,510 --> 00:26:14,159
has anyone ever claimed to have gone to

687
00:26:22,549 --> 00:26:19,590
that you're aware of not that i'm aware

688
00:26:23,350 --> 00:26:22,559

of uh the i only seen one report of the

689

00:26:25,750 --> 00:26:23,360

um

690

00:26:27,909 --> 00:26:25,760

the ufo crap they're saying a ufo crash

691

00:26:29,350 --> 00:26:27,919

in white tank uh but peter davenport

692

00:26:31,269 --> 00:26:29,360

would have like the call records and the

693

00:26:33,990 --> 00:26:31,279

phone numbers for all these people so i

694

00:26:35,110 --> 00:26:34,000

don't know if like

695

00:26:36,870 --> 00:26:35,120

i don't know if

696

00:26:39,350 --> 00:26:36,880

anybody was ever dispatched to go

697

00:26:42,149 --> 00:26:39,360

investigate that guy i mean these are

698

00:26:43,669 --> 00:26:42,159

this is now a ufo cold case

699

00:26:45,669 --> 00:26:43,679

where you're lucky to find if any of

700

00:26:47,990 --> 00:26:45,679

these people are still live or living in

701
00:26:50,950 --> 00:26:48,000
the same spot have any interest

702
00:26:52,470 --> 00:26:50,960
and to get any you know good data out of

703
00:26:54,789 --> 00:26:52,480
it

704
00:26:57,029 --> 00:26:54,799
right right you know the first people

705
00:26:59,430 --> 00:26:57,039
you mentioned that saw this

706
00:27:00,870 --> 00:26:59,440
is this depiction basically what they

707
00:27:01,669 --> 00:27:00,880
were claiming they were seeing in this

708
00:27:02,870 --> 00:27:01,679
uh

709
00:27:05,590 --> 00:27:02,880
in this

710
00:27:08,390 --> 00:27:05,600
newspaper article at that time

711
00:27:09,830 --> 00:27:08,400
yeah that was uh that's a computer um

712
00:27:12,710 --> 00:27:09,840
kim lee did that

713
00:27:14,470 --> 00:27:12,720

uh he's a graphic artist um and he made

714

00:27:15,430 --> 00:27:14,480

that to show this is what it looked like

715

00:27:17,669 --> 00:27:15,440

to us

716

00:27:19,190 --> 00:27:17,679

uh a lot of people when they talk about

717

00:27:20,710 --> 00:27:19,200

this they're saying are they just lights

718

00:27:23,590 --> 00:27:20,720

and formation

719

00:27:25,750 --> 00:27:23,600

or is there actual structure and

720

00:27:27,750 --> 00:27:25,760

i pretty was settled on this is an

721

00:27:29,990 --> 00:27:27,760

actual ship that uh

722

00:27:31,590 --> 00:27:30,000

the lights along it are actually

723

00:27:33,269 --> 00:27:31,600

individual craft

724

00:27:35,269 --> 00:27:33,279

they're not lights

725

00:27:36,630 --> 00:27:35,279

the witnesses said that the the five

726

00:27:38,710 --> 00:27:36,640

main lights

727

00:27:41,110 --> 00:27:38,720

if you could see real carefully there

728

00:27:42,549 --> 00:27:41,120

were smaller lights going down the rim

729

00:27:44,870 --> 00:27:42,559

hundreds of them

730

00:27:47,590 --> 00:27:44,880

and those five main lights can

731

00:27:50,149 --> 00:27:47,600

interchange so the first light can move

732

00:27:50,870 --> 00:27:50,159

back to the back position they or they

733

00:27:53,029 --> 00:27:50,880

could

734

00:27:54,789 --> 00:27:53,039

basically they're like led like sliding

735

00:27:57,510 --> 00:27:54,799

up and down a rail

736

00:27:59,750 --> 00:27:57,520

and they were seen undocking flying

737

00:28:01,350 --> 00:27:59,760

around and then re-docking into that

738

00:28:03,590 --> 00:28:01,360

ship

739

00:28:06,870 --> 00:28:03,600

i don't think that's ours if we couldn't

740

00:28:07,830 --> 00:28:06,880

build the tic-tac we couldn't build this

741

00:28:12,950 --> 00:28:07,840

yeah

742

00:28:15,190 --> 00:28:12,960

it's it's really fascinating thank you

743

00:28:16,470 --> 00:28:15,200

for for going over that i i do want to

744

00:28:18,149 --> 00:28:16,480

say

745

00:28:19,510 --> 00:28:18,159

that i have a friend

746

00:28:20,549 --> 00:28:19,520

who

747

00:28:23,669 --> 00:28:20,559

um

748

00:28:25,590 --> 00:28:23,679

she was involved in a tv show in regards

749

00:28:28,070 --> 00:28:25,600

to estate sales and it was on you know

750

00:28:31,430 --> 00:28:28,080

hg or i can't remember their channel was

751

00:28:32,950 --> 00:28:31,440

on but for several years and i got a

752

00:28:35,190 --> 00:28:32,960

call from her

753

00:28:37,269 --> 00:28:35,200

one day uh we i we had done a lot of

754

00:28:39,029 --> 00:28:37,279

antique things together and i got a call

755

00:28:41,269 --> 00:28:39,039

from her one day she goes oh my god i

756

00:28:42,870 --> 00:28:41,279

didn't know you were into ufos i have a

757

00:28:44,870 --> 00:28:42,880

story for you and i've been paying

758

00:28:47,190 --> 00:28:44,880

attention to it ever since this happened

759

00:28:49,430 --> 00:28:47,200

and she said in the late 90s i was in a

760

00:28:51,190 --> 00:28:49,440

hotel room in las vegas

761

00:28:52,950 --> 00:28:51,200

and she said and i saw this huge

762

00:28:55,350 --> 00:28:52,960

triangle

763

00:28:57,590 --> 00:28:55,360

so i never heard anyone else talk about

764

00:29:00,470 --> 00:28:57,600

las vegas until right now

765

00:29:01,990 --> 00:29:00,480

and uh tonight after we do the show i'm

766

00:29:04,230 --> 00:29:02,000

going to get in touch with her and try

767

00:29:06,149 --> 00:29:04,240

to get her to nail down the date of when

768

00:29:08,149 --> 00:29:06,159

when she saw that because she said the

769

00:29:10,070 --> 00:29:08,159

late 90s

770

00:29:12,230 --> 00:29:10,080

very well could be she very well could

771

00:29:14,870 --> 00:29:12,240

be a witness to it the uh the second

772

00:29:17,269 --> 00:29:14,880

object the huge triangle that uh

773

00:29:20,630 --> 00:29:17,279

max harris and his wife saw they were

774

00:29:22,470 --> 00:29:20,640

real estate um developers or sellers in

775

00:29:24,789 --> 00:29:22,480

care for arizona which is kind of like

776

00:29:26,389 --> 00:29:24,799

the beverly hills of phoenix

777

00:29:29,110 --> 00:29:26,399

uh so they were selling million dollar

778

00:29:30,549 --> 00:29:29,120

homes and they saw the triangle go over

779

00:29:32,710 --> 00:29:30,559

and his wife

780

00:29:34,789 --> 00:29:32,720

saw windows going down the side of the

781

00:29:36,549 --> 00:29:34,799

rim and said somebody was looking out

782

00:29:38,710 --> 00:29:36,559

the window at them they were looking

783

00:29:41,669 --> 00:29:38,720

down there was people looking out of the

784

00:29:43,269 --> 00:29:41,679

ship or whatever they were

785

00:29:45,510 --> 00:29:43,279

um and this

786

00:29:47,190 --> 00:29:45,520

they said this was chilling just to see

787

00:29:49,830 --> 00:29:47,200

this they said this would they said this

788

00:29:51,430 --> 00:29:49,840

was 2.2 miles long was their estimate

789

00:29:54,149 --> 00:29:51,440

because they said it was the size of the

790

00:29:55,990 --> 00:29:54,159

lot they're selling so they stayed out

791

00:29:57,110 --> 00:29:56,000

they saw the nine o'clock event and then

792

00:29:59,830 --> 00:29:57,120

they saw

793

00:30:02,070 --> 00:29:59,840

the 10 p.m lights that i filmed and me

794

00:30:03,430 --> 00:30:02,080

and max became pretty good friends for a

795

00:30:05,830 --> 00:30:03,440

while after that

796

00:30:08,310 --> 00:30:05,840

and he thinks that what i filmed was the

797

00:30:10,470 --> 00:30:08,320

triangle coming back he thinks he said

798

00:30:11,990 --> 00:30:10,480

it looks just like it

799

00:30:13,430 --> 00:30:12,000

so so but

800

00:30:15,190 --> 00:30:13,440

who knows who knows

801
00:30:16,710 --> 00:30:15,200
yeah i'd like to i'm going to play this

802
00:30:18,710 --> 00:30:16,720
clip um

803
00:30:21,190 --> 00:30:18,720
right now while we're talking about this

804
00:30:22,630 --> 00:30:21,200
this is kurt kurt russell talking about

805
00:30:24,070 --> 00:30:22,640
they'd be able to help me in this future

806
00:30:25,750 --> 00:30:24,080
who knows because this is an

807
00:30:27,110 --> 00:30:25,760
international story because of you both

808
00:30:29,029 --> 00:30:27,120
being here i looked into the

809
00:30:30,549 --> 00:30:29,039
international files not covered by our

810
00:30:33,990 --> 00:30:30,559
ministry of defense but may be covered

811
00:30:35,909 --> 00:30:34,000
by yours this took place in arizona an

812
00:30:37,909 --> 00:30:35,919
unidentified pilot according to the

813
00:30:41,029 --> 00:30:37,919

press cuttings flying near an airport in

814

00:30:43,190 --> 00:30:41,039

arizona with his son when he spotted six

815

00:30:45,029 --> 00:30:43,200

lights in the night sky

816

00:30:47,190 --> 00:30:45,039

so he called from the airplane to air

817

00:30:49,990 --> 00:30:47,200

traffic control to say i'm seeing these

818

00:30:51,669 --> 00:30:50,000

lights here i wasn't expecting any other

819

00:30:53,510 --> 00:30:51,679

planes they're not supposed to be on my

820

00:30:55,750 --> 00:30:53,520

landing path can you tell me what's

821

00:30:59,110 --> 00:30:55,760

going on they said there are no other

822

00:31:02,230 --> 00:30:59,120

planes he said i'm seeing six bright

823

00:31:03,509 --> 00:31:02,240

lights coming towards me mystery

824

00:31:04,549 --> 00:31:03,519

unresolved

825

00:31:06,389 --> 00:31:04,559

except

826

00:31:07,990 --> 00:31:06,399

oh tail

827

00:31:10,149 --> 00:31:08,000

number for that plane was bonanza two

828

00:31:12,870 --> 00:31:10,159

tango sierra and i was the pilot

829

00:31:14,310 --> 00:31:12,880

no way

830

00:31:23,029 --> 00:31:14,320

oliver and i

831

00:31:25,909 --> 00:31:24,630

i was flying him to go see his

832

00:31:28,230 --> 00:31:25,919

girlfriend

833

00:31:29,669 --> 00:31:28,240

and uh we were on approach

834

00:31:32,389 --> 00:31:29,679

and i

835

00:31:35,029 --> 00:31:32,399

i saw six lights over the airport an

836

00:31:35,830 --> 00:31:35,039

absolute uniform in a v shape

837

00:31:37,509 --> 00:31:35,840

and i

838

00:31:38,950 --> 00:31:37,519

and oliver said to me i was just looking

839

00:31:41,509 --> 00:31:38,960

at him and i was coming in we're maybe a

840

00:31:43,430 --> 00:31:41,519

half a mile out and oliver said paw do

841

00:31:45,110 --> 00:31:43,440

you what are those lights and i and i

842

00:31:47,029 --> 00:31:45,120

then it kind of like came out of my

843

00:31:48,310 --> 00:31:47,039

reverie and and i said i don't know what

844

00:31:49,750 --> 00:31:48,320

they are i said

845

00:31:51,110 --> 00:31:49,760

he said are we okay here and i said yeah

846

00:31:52,630 --> 00:31:51,120

i'm gonna i'm gonna call him and i

847

00:31:53,669 --> 00:31:52,640

reported it

848

00:31:55,029 --> 00:31:53,679

and they said we're not painting

849

00:31:58,070 --> 00:31:55,039

anything we don't show anything i said

850

00:31:59,990 --> 00:31:58,080

well okay i'm i'm gonna declare it's

851
00:32:01,830 --> 00:32:00,000
unidentified it's flying and it's six

852
00:32:03,990 --> 00:32:01,840
objects

853
00:32:06,710 --> 00:32:04,000
we landed

854
00:32:10,070 --> 00:32:06,720
i taxied dropped him off

855
00:32:12,149 --> 00:32:10,080
took off went back to la

856
00:32:13,830 --> 00:32:12,159
never said a word he never said a word i

857
00:32:16,549 --> 00:32:13,840
never thought of it two years later

858
00:32:18,549 --> 00:32:16,559
goldie is watching a television show

859
00:32:21,750 --> 00:32:18,559
when i came home

860
00:32:23,190 --> 00:32:21,760
and the show is on ufos but as i'm i

861
00:32:24,870 --> 00:32:23,200
came home hey honey how's it going and

862
00:32:26,389 --> 00:32:24,880
i'm kind of hearing this the tv going

863
00:32:27,509 --> 00:32:26,399

like stopped and i started watching and

864

00:32:30,470 --> 00:32:27,519

it was on

865

00:32:32,789 --> 00:32:30,480

that event now that was the most um

866

00:32:35,029 --> 00:32:32,799

that was the most viewed ufo event over

867

00:32:36,470 --> 00:32:35,039

20 000 people saw that

868

00:32:38,310 --> 00:32:36,480

and i'm watching this

869

00:32:40,549 --> 00:32:38,320

and i i'm feeling like

870

00:32:43,350 --> 00:32:40,559

uh richard dreyfuss

871

00:32:47,750 --> 00:32:45,750

why do i know this you know what and

872

00:32:49,190 --> 00:32:47,760

it's not clear to me

873

00:32:50,470 --> 00:32:49,200

and

874

00:32:52,710 --> 00:32:50,480

finally i said

875

00:32:54,310 --> 00:32:52,720

then they said the pilot reported it a

876

00:32:55,509 --> 00:32:54,320

general aviation pilot reported on

877

00:32:57,430 --> 00:32:55,519

landing

878

00:32:58,549 --> 00:32:57,440

i'd never thought of it since then and i

879

00:32:59,590 --> 00:32:58,559

said

880

00:33:05,669 --> 00:32:59,600

i

881

00:33:09,750 --> 00:33:05,679

logbooks

882

00:33:11,269 --> 00:33:09,760

the flight at that time and i didn't

883

00:33:13,590 --> 00:33:11,279

mention anything about the ufo the

884

00:33:16,149 --> 00:33:13,600

fascinating part of that to me is that

885

00:33:19,669 --> 00:33:16,159

it would just went literally out of my

886

00:33:21,110 --> 00:33:19,679

head yeah and oliver never mentioned it

887

00:33:22,470 --> 00:33:21,120

and had i not seen that show i'd have

888

00:33:24,710 --> 00:33:22,480

never thought of it again

889

00:33:29,830 --> 00:33:24,720

that to me was the weird part

890

00:33:33,590 --> 00:33:31,669

it's just unidentified it's flying and

891

00:33:34,950 --> 00:33:33,600

it's and it's an object it's an object

892

00:33:38,389 --> 00:33:34,960

yeah all right moving towards you at

893

00:33:39,430 --> 00:33:38,399

this we need to move on

894

00:33:40,549 --> 00:33:39,440

now i just

895

00:33:42,389 --> 00:33:40,559

i thought that was a great clip i

896

00:33:43,669 --> 00:33:42,399

happened to find that no you just love

897

00:33:45,350 --> 00:33:43,679

that guy

898

00:33:50,230 --> 00:33:45,360

oh i love kurt russell

899

00:33:54,070 --> 00:33:52,470

well you know what here he is he's

900

00:33:57,269 --> 00:33:54,080

saying something that i've heard time

901
00:33:59,190 --> 00:33:57,279
and time over and that is he would have

902
00:34:00,630 --> 00:33:59,200
never thought about it again if he

903
00:34:02,230 --> 00:34:00,640
didn't hear that

904
00:34:04,549 --> 00:34:02,240
uh if he didn't if goldie wasn't

905
00:34:06,310 --> 00:34:04,559
watching he happened to come in and

906
00:34:07,269 --> 00:34:06,320
happen to catch it and all of a sudden

907
00:34:10,069 --> 00:34:07,279
bam

908
00:34:11,990 --> 00:34:10,079
uh so many people have said that they

909
00:34:16,310 --> 00:34:12,000
completely forgot about

910
00:34:18,869 --> 00:34:16,320
a ufo uh i find it so bizarre and almost

911
00:34:20,790 --> 00:34:18,879
unbelievable that someone could forget

912
00:34:23,829 --> 00:34:20,800
about an event like that he was flying a

913
00:34:25,829 --> 00:34:23,839

plane well martin we're just small fish

914

00:34:28,069 --> 00:34:25,839

out here in this pond this is kirk

915

00:34:30,950 --> 00:34:28,079

freaking russell he escaped from new

916

00:34:32,790 --> 00:34:30,960

york he's a legend so for stuff like for

917

00:34:35,190 --> 00:34:32,800

something like oh yeah alien crap big

918

00:34:36,629 --> 00:34:35,200

yeah i gotta shoot a movie tomorrow a

919

00:34:39,349 --> 00:34:36,639

tango and cash or something yeah i

920

00:34:41,909 --> 00:34:39,359

suppose i suppose yes he's got so much

921

00:34:43,589 --> 00:34:41,919

going on i it's probably just a small

922

00:34:45,750 --> 00:34:43,599

blip on his radar

923

00:34:48,869 --> 00:34:45,760

we i've been you know behind the scenes

924

00:34:51,109 --> 00:34:48,879

working with some tv shows um that want

925

00:34:54,069 --> 00:34:51,119

to talk about this and i try to steer

926
00:34:55,909 --> 00:34:54,079
them to all the good people like kirk we

927
00:34:57,030 --> 00:34:55,919
need to find out were you landing in

928
00:34:58,950 --> 00:34:57,040
prescott

929
00:35:00,230 --> 00:34:58,960
or was it phoenix

930
00:35:01,829 --> 00:35:00,240
because if you were the guy from

931
00:35:02,790 --> 00:35:01,839
prescott then you were the guy who

932
00:35:05,190 --> 00:35:02,800
triggered

933
00:35:07,910 --> 00:35:05,200
um the intercept of of when they

934
00:35:09,670 --> 00:35:07,920
launched the f-15s at it and

935
00:35:11,589 --> 00:35:09,680
i know you've talked about that before

936
00:35:14,310 --> 00:35:11,599
where um they basically

937
00:35:17,670 --> 00:35:14,320
they did a loop they flew out um it

938
00:35:19,910 --> 00:35:17,680

takes two minutes to fly from um luke

939

00:35:22,069 --> 00:35:19,920

air force base to where they intercepted

940

00:35:23,109 --> 00:35:22,079

it with your afterburners on

941

00:35:26,550 --> 00:35:23,119

uh

942

00:35:28,069 --> 00:35:26,560

so they also had floor pods on both of

943

00:35:31,030 --> 00:35:28,079

these craft

944

00:35:33,270 --> 00:35:31,040

where's that footage uh

945

00:35:34,950 --> 00:35:33,280

so they'd have you know basically

946

00:35:37,109 --> 00:35:34,960

the same thing that we get with like the

947

00:35:40,550 --> 00:35:37,119

nimitz case we get some videos of this

948

00:35:41,910 --> 00:35:40,560

um they also shot um

949

00:35:43,990 --> 00:35:41,920

they also

950

00:35:45,430 --> 00:35:44,000

shot their radar at it and it jammed the

951
00:35:47,270 --> 00:35:45,440
radar they said they were getting white

952
00:35:50,550 --> 00:35:47,280
noise back so this is also like the

953
00:35:52,790 --> 00:35:50,560
nimitz where if you try to direct your

954
00:35:54,390 --> 00:35:52,800
sensors on this it just scrambles you

955
00:35:56,470 --> 00:35:54,400
and gives you crap back you're not going

956
00:35:58,950 --> 00:35:56,480
to get anything off that there was

957
00:36:01,510 --> 00:35:58,960
apache helicopters that were up

958
00:36:04,390 --> 00:36:01,520
that night um and they did see what i

959
00:36:06,230 --> 00:36:04,400
filmed on um their uh fleur

960
00:36:08,950 --> 00:36:06,240
pods they admitted that

961
00:36:11,349 --> 00:36:08,960
uh unfortunately nobody got any of that

962
00:36:13,270 --> 00:36:11,359
stuff we we did a bunch of foias back

963
00:36:17,030 --> 00:36:13,280

then to try and get as much data as we

964

00:36:19,990 --> 00:36:17,040

could my wife was for foia in um the

965

00:36:21,670 --> 00:36:20,000

tower radar communications and the tapes

966

00:36:24,150 --> 00:36:21,680

uh we got a letter back that they were

967

00:36:26,870 --> 00:36:24,160

recycled because the government can only

968

00:36:28,390 --> 00:36:26,880

store their records for three weeks

969

00:36:31,430 --> 00:36:28,400

but they will store

970

00:36:33,750 --> 00:36:31,440

your entire digital life

971

00:36:35,990 --> 00:36:33,760

in that place in utah in the nsa they'll

972

00:36:37,829 --> 00:36:36,000

store all your conversations all your

973

00:36:40,310 --> 00:36:37,839

photos everything that they suck off

974

00:36:42,870 --> 00:36:40,320

like snowden told us they're recording

975

00:36:44,069 --> 00:36:42,880

everything you know in real time through

976

00:36:46,150 --> 00:36:44,079

these fiber

977

00:36:47,829 --> 00:36:46,160

areas uh cables

978

00:36:49,510 --> 00:36:47,839

but they don't have enough paperwork to

979

00:36:52,950 --> 00:36:49,520

store any of these tapes i find that

980

00:36:54,870 --> 00:36:52,960

really strange we did get a foia um

981

00:36:57,270 --> 00:36:54,880

back and this was from the air force it

982

00:36:59,109 --> 00:36:57,280

was filed by bill hamilton um this is

983

00:37:01,430 --> 00:36:59,119

gonna put that up against uh put that

984

00:37:04,150 --> 00:37:01,440

toward the camera a little better

985

00:37:05,990 --> 00:37:04,160

yeah can't yeah and so basically let us

986

00:37:08,630 --> 00:37:06,000

know what the gist is of that

987

00:37:10,710 --> 00:37:08,640

uh basically he wanted to know

988

00:37:12,310 --> 00:37:10,720

i said this is uh your response to

989

00:37:15,190 --> 00:37:12,320

undated freedom of information act for

990

00:37:17,589 --> 00:37:15,200

copies of the tower log the approach log

991

00:37:20,550 --> 00:37:17,599

control departure log control and any

992

00:37:23,910 --> 00:37:20,560

flights that logged by base operations

993

00:37:25,990 --> 00:37:23,920

on march 13th from 7 p.m to 11 p.m the

994

00:37:28,630 --> 00:37:26,000

copy is attached here

995

00:37:29,800 --> 00:37:28,640

and then what it does is we get some

996

00:37:31,670 --> 00:37:29,810

breakfast

997

00:37:33,670 --> 00:37:31,680

[Music]

998

00:37:35,270 --> 00:37:33,680

which i don't know it's i don't know how

999

00:37:37,670 --> 00:37:35,280

to read that really it's you got to be

1000

00:37:39,030 --> 00:37:37,680

like military military coder and then we

1001

00:37:41,430 --> 00:37:39,040

have signatures

1002

00:37:44,630 --> 00:37:41,440

of all the pilots that landed that davis

1003

00:37:48,950 --> 00:37:46,550

um somebody in the chat mentioned

1004

00:37:52,310 --> 00:37:48,960

mentioned something about um

1005

00:37:54,790 --> 00:37:53,589

see it right on the screen is that what

1006

00:37:57,030 --> 00:37:54,800

you mean yeah

1007

00:38:01,190 --> 00:37:57,040

yeah

1008

00:38:02,950 --> 00:38:01,200

they're similar um

1009

00:38:05,190 --> 00:38:02,960

like these big sightings the the air

1010

00:38:07,829 --> 00:38:05,200

force goes out they shoot their sensors

1011

00:38:10,069 --> 00:38:07,839

on them the ufo jams them the ufo turns

1012

00:38:12,069 --> 00:38:10,079

out their lights uh they they kick their

1013

00:38:13,349 --> 00:38:12,079

ass in the military leaves

1014

00:38:15,670 --> 00:38:13,359

uh

1015

00:38:17,510 --> 00:38:15,680

what what i find interesting is you know

1016

00:38:19,510 --> 00:38:17,520

when you hear commander fraver talk

1017

00:38:21,750 --> 00:38:19,520

about you know he went to

1018

00:38:24,230 --> 00:38:21,760

mano domano fight one of these things in

1019

00:38:26,470 --> 00:38:24,240

a fire flight

1020

00:38:29,430 --> 00:38:26,480

who are these pilots in phoenix that

1021

00:38:31,190 --> 00:38:29,440

turned around and landed i mean

1022

00:38:33,109 --> 00:38:31,200

they flew out

1023

00:38:35,109 --> 00:38:33,119

and the lights all went off at the same

1024

00:38:37,270 --> 00:38:35,119

time on this boomerang

1025

00:38:40,069 --> 00:38:37,280

they said that's it turn around head to

1026

00:38:41,589 --> 00:38:40,079

base but was it their orders i mean are

1027

00:38:43,829 --> 00:38:41,599

these people i don't think

1028

00:38:45,990 --> 00:38:43,839

commander fravor would turn around and

1029

00:38:47,430 --> 00:38:46,000

land at luke air force base he would

1030

00:38:49,670 --> 00:38:47,440

stay on that

1031

00:38:51,990 --> 00:38:49,680

and then probably say hey we got apaches

1032

00:38:54,310 --> 00:38:52,000

in the sky do you guys see this

1033

00:38:56,150 --> 00:38:54,320

what's going on who else do we got what

1034

00:38:58,550 --> 00:38:56,160

what activities they got to be able to

1035

00:39:00,870 --> 00:38:58,560

communicate instantly from luke down to

1036

00:39:03,670 --> 00:39:00,880

davis mauthan of who's in the sky

1037

00:39:05,829 --> 00:39:03,680

because they fly black down there if you

1038

00:39:07,589 --> 00:39:05,839

go down and watch the military operating

1039

00:39:08,790 --> 00:39:07,599

areas like i have they turn all their

1040

00:39:11,190 --> 00:39:08,800

lights off

1041

00:39:13,270 --> 00:39:11,200

on the the all the fa light they fly

1042

00:39:15,990 --> 00:39:13,280

black they start dropping bombs and

1043

00:39:17,589 --> 00:39:16,000

shooting missiles out is nuts

1044

00:39:19,030 --> 00:39:17,599

watching that stuff and you don't know

1045

00:39:21,510 --> 00:39:19,040

if you're watching the military or

1046

00:39:23,109 --> 00:39:21,520

you're watching uap down there

1047

00:39:24,790 --> 00:39:23,119

wow amazing now

1048

00:39:26,950 --> 00:39:24,800

uh

1049

00:39:29,109 --> 00:39:26,960

i always wondered about that that one

1050

00:39:30,790 --> 00:39:29,119

you know this was just a rumor just

1051

00:39:32,470 --> 00:39:30,800

hearsay i should say

1052

00:39:34,310 --> 00:39:32,480

was that there was one that was there

1053

00:39:35,510 --> 00:39:34,320

was a pilot that was so shaken that he

1054

00:39:37,109 --> 00:39:35,520

had to have

1055

00:39:39,430 --> 00:39:37,119

uh tranquilizers or had to be

1056

00:39:42,550 --> 00:39:39,440

hospitalized or something like that uh

1057

00:39:44,230 --> 00:39:42,560

what did what did you exactly have you

1058

00:39:46,950 --> 00:39:44,240

been able to

1059

00:39:49,349 --> 00:39:46,960

find out about that or is it just not

1060

00:39:51,349 --> 00:39:49,359

nobody can find out much about all that

1061

00:39:53,349 --> 00:39:51,359

a lot of that comes from peter davenport

1062

00:39:54,790 --> 00:39:53,359

because he had phone conversations but

1063

00:39:57,589 --> 00:39:54,800

from my memory

1064

00:39:59,510 --> 00:39:57,599

um the guy wouldn't get out of the

1065

00:40:03,030 --> 00:39:59,520

the the jets landed

1066

00:40:04,790 --> 00:40:03,040

and one of the guys said it wasn't ours

1067

00:40:06,550 --> 00:40:04,800

and maybe that's why they turned around

1068

00:40:08,309 --> 00:40:06,560

they got scared i mean

1069

00:40:10,390 --> 00:40:08,319

i'd be scared flying

1070

00:40:13,030 --> 00:40:10,400

after one of those if it's superior

1071

00:40:15,349 --> 00:40:13,040

to you and especially if it's the size

1072

00:40:17,349 --> 00:40:15,359

the size of it you know the the the tic

1073

00:40:19,109 --> 00:40:17,359

tac you were talking about fravor before

1074

00:40:21,349 --> 00:40:19,119

is probably about 40 feet they're

1075

00:40:22,150 --> 00:40:21,359

judging and this thing you know like you

1076

00:40:23,589 --> 00:40:22,160

said

1077

00:40:25,270 --> 00:40:23,599

some people are saying up to a mile and

1078

00:40:27,670 --> 00:40:25,280

a half wide some people saying the size

1079

00:40:29,270 --> 00:40:27,680

of a you know a grocery a big grocery

1080

00:40:32,950 --> 00:40:29,280

store or whatever safeway whatever you

1081

00:40:36,550 --> 00:40:32,960

said uh but anyway uh it was huge

1082

00:40:38,550 --> 00:40:36,560

and it was uh unknown 1997 we certainly

1083

00:40:40,390 --> 00:40:38,560

didn't have something like that flying

1084

00:40:43,109 --> 00:40:40,400

around in the sky not even in a

1085

00:40:45,589 --> 00:40:43,119

generation above what we know as far as

1086

00:40:47,589 --> 00:40:45,599

you know black projects go there was no

1087

00:40:50,470 --> 00:40:47,599

way that would we would know about it

1088

00:40:52,710 --> 00:40:50,480

long ago if that was something that we

1089

00:40:55,270 --> 00:40:52,720

developed or someone else did

1090

00:40:58,230 --> 00:40:55,280

that's an excellent point because

1091

00:41:00,550 --> 00:40:58,240

if this was one of ours why was that guy

1092

00:41:03,190 --> 00:41:00,560

scared why wasn't he flying you know

1093

00:41:05,829 --> 00:41:03,200

exactly i mean see this brings up

1094

00:41:09,190 --> 00:41:05,839

the myth of that we have two air forces

1095

00:41:11,990 --> 00:41:09,200

and two nasa's like fraver was in those

1096

00:41:15,190 --> 00:41:12,000

f-18s and they were brands fake and new

1097

00:41:17,510 --> 00:41:15,200

had the new f-18s paint smell on them

1098

00:41:19,349 --> 00:41:17,520

and they're breaking the engines in

1099

00:41:22,230 --> 00:41:19,359

getting these things broken that's the

1100

00:41:24,630 --> 00:41:22,240

best he's the best but if there's a tic

1101

00:41:26,550 --> 00:41:24,640

tac out there and that's us

1102

00:41:29,109 --> 00:41:26,560

then that's better than his

1103

00:41:31,589 --> 00:41:29,119

so that means he has the fake best

1104

00:41:33,430 --> 00:41:31,599

and there's really a better flavor and a

1105

00:41:35,430 --> 00:41:33,440

better ship out there and that's just

1106

00:41:37,910 --> 00:41:35,440

for shell and nasa

1107

00:41:40,630 --> 00:41:37,920

have sends these rockets up that it puts

1108

00:41:42,870 --> 00:41:40,640

so much co2 in the atmosphere and they

1109

00:41:44,710 --> 00:41:42,880

land throw them away in the ocean and

1110

00:41:47,270 --> 00:41:44,720

that's their best no that's their fake

1111

00:41:49,510 --> 00:41:47,280

best and then they have this ufo flea i

1112

00:41:52,230 --> 00:41:49,520

don't buy it this stuff's from somewhere

1113

00:41:54,309 --> 00:41:52,240

else made by somebody else not us

1114

00:41:55,349 --> 00:41:54,319

yeah but yeah they were saying what i

1115

00:41:57,349 --> 00:41:55,359

heard is

1116

00:41:59,190 --> 00:41:57,359

uh they had to pull him out of the

1117

00:42:01,510 --> 00:41:59,200

cockpit he was just frozen in there he

1118

00:42:03,030 --> 00:42:01,520

must have just saw his life flash before

1119

00:42:05,589 --> 00:42:03,040

his eyes so

1120

00:42:07,270 --> 00:42:05,599

it would be kirk russell triggered

1121

00:42:09,349 --> 00:42:07,280

the event that happened with them

1122

00:42:11,430 --> 00:42:09,359

intercepting it and then we heard the

1123

00:42:12,550 --> 00:42:11,440

the base got locked down they turned the

1124

00:42:14,309 --> 00:42:12,560

lights off

1125

00:42:15,829 --> 00:42:14,319

and then what they went up because

1126

00:42:18,550 --> 00:42:15,839

they're right the luke air force base is

1127

00:42:20,309 --> 00:42:18,560

right next to adjacent to uh white tank

1128

00:42:22,870 --> 00:42:20,319

mountains so did they send a crew up

1129

00:42:25,109 --> 00:42:22,880

there to go get some downed ufo or

1130

00:42:27,670 --> 00:42:25,119

did that even happen did the ufos come

1131

00:42:30,710 --> 00:42:27,680

in and get their ship back

1132

00:42:33,109 --> 00:42:30,720

i mean no way the military is going to

1133

00:42:35,030 --> 00:42:33,119

take experimental stuff like this and

1134

00:42:37,750 --> 00:42:35,040

then parade it down some big city of

1135

00:42:40,630 --> 00:42:37,760

roll the dice and classified ship now

1136

00:42:42,710 --> 00:42:40,640

becomes unclassified based on joe

1137

00:42:45,430 --> 00:42:42,720

six-pack filming it

1138

00:42:47,829 --> 00:42:45,440

yeah like the nimitz no good case would

1139

00:42:50,150 --> 00:42:47,839

be good without the men in black

1140

00:42:52,309 --> 00:42:50,160

so we we had a guy

1141

00:42:54,230 --> 00:42:52,319

who called village labs it says i have

1142

00:42:56,390 --> 00:42:54,240

video of the ship and you can see it's

1143

00:42:58,710 --> 00:42:56,400

one big ship and you can see the city

1144

00:43:00,790 --> 00:42:58,720

lights reflecting off the belly his name

1145

00:43:03,750 --> 00:43:00,800

was richard curtis

1146

00:43:05,910 --> 00:43:03,760

all right he called francis emma barwood

1147

00:43:09,190 --> 00:43:05,920

so she says sure i'd like to see the

1148

00:43:11,430 --> 00:43:09,200

tape somebody knocks on his door

1149

00:43:14,150 --> 00:43:11,440

some guys in some suits

1150

00:43:15,510 --> 00:43:14,160

you here for the tape

1151
00:43:17,109 --> 00:43:15,520
here

1152
00:43:18,390 --> 00:43:17,119
gives them the tape i think it was super

1153
00:43:20,390 --> 00:43:18,400
vhs

1154
00:43:21,430 --> 00:43:20,400
didn't make a copy

1155
00:43:24,069 --> 00:43:21,440
gone

1156
00:43:26,150 --> 00:43:24,079
god well how do these people know i mean

1157
00:43:28,230 --> 00:43:26,160
if these people are the fbi how come

1158
00:43:31,109 --> 00:43:28,240
there's two people dressed up at the

1159
00:43:32,790 --> 00:43:31,119
ready to go at any moment anywhere like

1160
00:43:35,270 --> 00:43:32,800
the nimitz is the weird one how the hell

1161
00:43:36,950 --> 00:43:35,280
do you get out on that ship

1162
00:43:38,309 --> 00:43:36,960
i mean it i could see somebody flying

1163
00:43:39,589 --> 00:43:38,319

into phoenix they're calling the fbi and

1164

00:43:40,470 --> 00:43:39,599

feeds they go this house and get this

1165

00:43:41,750 --> 00:43:40,480

tape

1166

00:43:42,950 --> 00:43:41,760

how you get those people in like the

1167

00:43:44,630 --> 00:43:42,960

nimitz

1168

00:43:47,270 --> 00:43:44,640

whenever there's really really good

1169

00:43:49,109 --> 00:43:47,280

information this other phenomenon the

1170

00:43:51,349 --> 00:43:49,119

men and blacks show up

1171

00:43:54,069 --> 00:43:51,359

yeah i don't know who that was that was

1172

00:43:55,349 --> 00:43:54,079

on the nimitz but i know that they took

1173

00:43:56,470 --> 00:43:55,359

it was either the nimitz or the

1174

00:43:57,990 --> 00:43:56,480

princeton

1175

00:43:59,750 --> 00:43:58,000

they took the data bricks what you're

1176

00:44:00,710 --> 00:43:59,760

talking about right yeah

1177

00:44:06,230 --> 00:44:00,720

yeah

1178

00:44:08,390 --> 00:44:06,240

showed up and so did they think did he

1179

00:44:09,750 --> 00:44:08,400

think that francis barwood

1180

00:44:11,270 --> 00:44:09,760

sent

1181

00:44:13,430 --> 00:44:11,280

those people over to pick that up is

1182

00:44:15,910 --> 00:44:13,440

that what is that what yeah that's well

1183

00:44:19,190 --> 00:44:15,920

it's pretty obvious that the fbi or

1184

00:44:21,109 --> 00:44:19,200

somebody was had her phone bugged

1185

00:44:23,670 --> 00:44:21,119

they were watching she was a dangerous

1186

00:44:24,870 --> 00:44:23,680

politician because she just simply said

1187

00:44:27,270 --> 00:44:24,880

what is it

1188

00:44:28,790 --> 00:44:27,280

everybody else is like hey that's taboo

1189

00:44:29,829 --> 00:44:28,800

oh don't ask that you'll ruin your

1190

00:44:31,910 --> 00:44:29,839

career

1191

00:44:33,349 --> 00:44:31,920

uh don't even harry reid he had his

1192

00:44:35,349 --> 00:44:33,359

people saying man don't go down his

1193

00:44:38,630 --> 00:44:35,359

rabbit hole harry and he went down that

1194

00:44:40,470 --> 00:44:38,640

rabbit hole anyway for all of us

1195

00:44:43,270 --> 00:44:40,480

um so yeah then then we heard what

1196

00:44:45,589 --> 00:44:43,280

happened is everybody got separated so

1197

00:44:47,990 --> 00:44:45,599

those pilots we heard one of them got

1198

00:44:49,910 --> 00:44:48,000

reassigned to iceland and another guy

1199

00:44:51,829 --> 00:44:49,920

got reassigned to another military base

1200

00:44:53,430 --> 00:44:51,839

somewhere else in the world so they

1201

00:44:54,950 --> 00:44:53,440

wouldn't be able to sit down and have

1202

00:44:58,309 --> 00:44:54,960

lunch and say what the hell happened

1203

00:45:01,349 --> 00:44:59,030

so

1204

00:45:03,109 --> 00:45:01,359

yeah 25 years later

1205

00:45:05,589 --> 00:45:03,119

where are these people

1206

00:45:07,829 --> 00:45:05,599

i mean they got to be retired by now why

1207

00:45:10,550 --> 00:45:07,839

aren't you talking i mean

1208

00:45:13,349 --> 00:45:10,560

everybody everybody watching wants to

1209

00:45:14,870 --> 00:45:13,359

hear what these pilots that or anybody

1210

00:45:16,710 --> 00:45:14,880

that was stationed at luke had to say

1211

00:45:18,630 --> 00:45:16,720

about that night where's the apache

1212

00:45:22,230 --> 00:45:18,640

helicopter guys where's the guys who

1213

00:45:23,190 --> 00:45:22,240

dropped the flares or the 10 pm uh any

1214

00:45:25,430 --> 00:45:23,200

of them

1215

00:45:27,510 --> 00:45:25,440

nobody is coming forward and that's

1216

00:45:30,390 --> 00:45:27,520

that's really weird too

1217

00:45:32,870 --> 00:45:30,400

and it's this conspiracy of silence it

1218

00:45:36,309 --> 00:45:32,880

just needs to end we we want to know

1219

00:45:38,870 --> 00:45:36,319

what's going on and it wasn't a one-off

1220

00:45:39,670 --> 00:45:38,880

that ship is still flying around it was

1221

00:45:42,550 --> 00:45:39,680

seen

1222

00:45:44,550 --> 00:45:42,560

one week ago in ireland

1223

00:45:46,790 --> 00:45:44,560

yeah let's talk about that what is

1224

00:45:48,710 --> 00:45:46,800

uh we we're a little bit off

1225

00:45:51,670 --> 00:45:48,720

off air when you were talking about that

1226

00:45:53,510 --> 00:45:51,680

but by the way i i think i had francis

1227

00:45:54,470 --> 00:45:53,520

on for a very short while she's very

1228

00:45:56,630 --> 00:45:54,480

nice

1229

00:45:59,349 --> 00:45:56,640

um oh yeah she's she's a very

1230

00:46:02,309 --> 00:45:59,359

intelligent lady very nice yeah yeah so

1231

00:46:04,950 --> 00:46:02,319

what what what what happened in ireland

1232

00:46:06,790 --> 00:46:04,960

well it sounds like something like what

1233

00:46:09,109 --> 00:46:06,800

happened here um

1234

00:46:11,990 --> 00:46:09,119

five lights fly over it's it's lower

1235

00:46:14,390 --> 00:46:12,000

than commercial air traffic it's huge

1236

00:46:16,630 --> 00:46:14,400

uh makes no sound

1237

00:46:18,950 --> 00:46:16,640

uh they don't know what it is

1238

00:46:20,309 --> 00:46:18,960

nobody gets any video i mean whether

1239

00:46:21,589 --> 00:46:20,319

this is the cell phone engine they

1240

00:46:23,430 --> 00:46:21,599

didn't get one

1241

00:46:25,670 --> 00:46:23,440

even a selfie

1242

00:46:28,150 --> 00:46:25,680

these people disappoint me i'm just used

1243

00:46:29,990 --> 00:46:28,160

to taping stuff that's it's like weird

1244

00:46:31,670 --> 00:46:30,000

not to like why aren't you getting the

1245

00:46:33,589 --> 00:46:31,680

camera for me it's just second nature

1246

00:46:34,950 --> 00:46:33,599

just to record what's what's going on in

1247

00:46:36,790 --> 00:46:34,960

front yeah but

1248

00:46:38,630 --> 00:46:36,800

you know i want you to continue talking

1249

00:46:39,510 --> 00:46:38,640

but i just i don't mean to interrupt you

1250

00:46:43,190 --> 00:46:39,520

but

1251

00:46:45,430 --> 00:46:43,200

i totally get that someone doesn't

1252

00:46:47,349 --> 00:46:45,440

pick up their camera because

1253

00:46:48,870 --> 00:46:47,359

if i had a camera next to me when i had

1254

00:46:49,990 --> 00:46:48,880

a ufo sighting i would have never i

1255

00:46:52,309 --> 00:46:50,000

would now

1256

00:46:54,309 --> 00:46:52,319

i think of it now but at the time my

1257

00:46:56,870 --> 00:46:54,319

very first time i saw something there's

1258

00:46:58,870 --> 00:46:56,880

no way i'd think to pick up my camera

1259

00:47:01,430 --> 00:46:58,880

i was i was in the moment i was saying

1260

00:47:03,670 --> 00:47:01,440

what the heck am i seeing but um anyway

1261

00:47:06,470 --> 00:47:03,680

continue a lot of witnesses

1262

00:47:07,270 --> 00:47:06,480

the same same deal it's either i watch

1263

00:47:09,990 --> 00:47:07,280

this

1264

00:47:12,309 --> 00:47:10,000

or i go fumble around in some closet dig

1265

00:47:13,829 --> 00:47:12,319

out the kids home video i mean people

1266

00:47:15,349 --> 00:47:13,839

have cameras usually because they'd have

1267

00:47:17,430 --> 00:47:15,359

a baby and they tape them when they're

1268

00:47:19,270 --> 00:47:17,440

babies and then they stop after a couple

1269

00:47:21,270 --> 00:47:19,280

years and put them somewhere else uh

1270

00:47:23,829 --> 00:47:21,280

yeah like mike fortin the witness uh

1271

00:47:26,230 --> 00:47:23,839

lived in chandler he he saw this object

1272

00:47:27,670 --> 00:47:26,240

at uh 8 30. i worked with him i became

1273

00:47:30,470 --> 00:47:27,680

good friends with him

1274

00:47:32,150 --> 00:47:30,480

i worked with him over time to do a

1275

00:47:36,230 --> 00:47:32,160

computer simulation

1276

00:47:39,030 --> 00:47:36,240

uh in maya 4 of what he saw and he said

1277

00:47:40,390 --> 00:47:39,040

arms wide like this he said it was like

1278

00:47:42,470 --> 00:47:40,400

a train

1279

00:47:44,870 --> 00:47:42,480

slowly moving and he said it had a

1280

00:47:47,190 --> 00:47:44,880

trailing light behind it

1281

00:47:49,510 --> 00:47:47,200

now that trailing light

1282

00:47:52,470 --> 00:47:49,520

is the one that kind of freaks me out

1283

00:47:55,430 --> 00:47:52,480

uh that trailing light is a thing the

1284

00:47:58,309 --> 00:47:55,440

the four lights and one off to the side

1285

00:48:00,630 --> 00:47:58,319

is a ufo formation it's a thing if you

1286

00:48:02,710 --> 00:48:00,640

study black triangles and stuff you'll

1287

00:48:04,710 --> 00:48:02,720

pick up on that why is this one over

1288

00:48:07,190 --> 00:48:04,720

here like it's just sitting behind

1289

00:48:10,150 --> 00:48:07,200

watchy i don't know but on my video that

1290

00:48:11,750 --> 00:48:10,160

i shot at 10 it starts with this double

1291

00:48:13,670 --> 00:48:11,760

light over on the side

1292

00:48:16,390 --> 00:48:13,680

and then these lights just kind of fill

1293

00:48:18,549 --> 00:48:16,400

in into this arc that was straight but

1294

00:48:20,870 --> 00:48:18,559

this double light on the side

1295

00:48:23,670 --> 00:48:20,880

that's the one that gets me i mean

1296

00:48:26,230 --> 00:48:23,680

i would go all in that i shot flares at

1297

00:48:28,309 --> 00:48:26,240

that double again how did they know

1298

00:48:30,309 --> 00:48:28,319

to get that double because

1299

00:48:33,990 --> 00:48:30,319

that there was a trailing object that

1300

00:48:35,829 --> 00:48:34,000

was going behind the 830 event and it

1301
00:48:37,750 --> 00:48:35,839
was undocking and sometimes it would

1302
00:48:41,030 --> 00:48:37,760
join the group sometimes to go back how

1303
00:48:45,270 --> 00:48:41,040
the hell did the flare thing or whatever

1304
00:48:50,790 --> 00:48:47,750
i kind of go back and forth on my video

1305
00:48:53,270 --> 00:48:50,800
about 95 percent sure it was most likely

1306
00:48:55,670 --> 00:48:53,280
flares at 10 um that this was just a

1307
00:48:57,990 --> 00:48:55,680
military exercise going on

1308
00:48:59,430 --> 00:48:58,000
um but then more evidence comes out

1309
00:49:04,309 --> 00:48:59,440
there's um

1310
00:49:07,030 --> 00:49:04,319
a lady named shannar c uh she shot what

1311
00:49:09,270 --> 00:49:07,040
looks just like my video

1312
00:49:11,670 --> 00:49:09,280
and i think 2019

1313
00:49:14,710 --> 00:49:11,680

and it's coming right at it

1314

00:49:16,390 --> 00:49:14,720

and it's like a 12 minute maybe 15

1315

00:49:18,230 --> 00:49:16,400

minute long video

1316

00:49:20,390 --> 00:49:18,240

and it looks just like with mine with

1317

00:49:22,870 --> 00:49:20,400

four of them and one off to the side and

1318

00:49:24,790 --> 00:49:22,880

then they line up eventually and then

1319

00:49:27,430 --> 00:49:24,800

they start doing this creepy light

1320

00:49:29,430 --> 00:49:27,440

flickering and they go over the town

1321

00:49:30,390 --> 00:49:29,440

like i was telling you off earlier

1322

00:49:32,470 --> 00:49:30,400

martin

1323

00:49:35,270 --> 00:49:32,480

these things are so low that if they tip

1324

00:49:36,950 --> 00:49:35,280

the wing hits the damn ground

1325

00:49:38,230 --> 00:49:36,960

and that video freaked me out when i saw

1326

00:49:40,309 --> 00:49:38,240

it go

1327

00:49:43,510 --> 00:49:40,319

maybe i didn't shoot flares damn i could

1328

00:49:45,990 --> 00:49:43,520

never decide on this it's it's hard

1329

00:49:48,390 --> 00:49:46,000

uh so that boomerang does fly around to

1330

00:49:51,589 --> 00:49:48,400

other cities and it has this magical

1331

00:49:53,510 --> 00:49:51,599

ability to memorize or mesmerize people

1332

00:49:55,349 --> 00:49:53,520

so they freeze and they don't do

1333

00:49:57,990 --> 00:49:55,359

anything it's like oh my god this is

1334

00:49:59,589 --> 00:49:58,000

i've been waiting for this my whole life

1335

00:50:01,750 --> 00:49:59,599

and even today with cell phones they

1336

00:50:03,750 --> 00:50:01,760

don't do much

1337

00:50:06,069 --> 00:50:03,760

they don't record it i mean there are

1338

00:50:08,549 --> 00:50:06,079

videos of this phenomena uh i own the

1339

00:50:10,630 --> 00:50:08,559

website ufo video dot com

1340

00:50:12,710 --> 00:50:10,640

and i don't post there very often i only

1341

00:50:14,150 --> 00:50:12,720

post stuff that looks

1342

00:50:16,309 --> 00:50:14,160

pretty good

1343

00:50:18,069 --> 00:50:16,319

uh that has you know somebody some

1344

00:50:20,630 --> 00:50:18,079

original audio somebody to put their

1345

00:50:22,150 --> 00:50:20,640

face and name behind it most of the time

1346

00:50:24,150 --> 00:50:22,160

um and i've been tracking these black

1347

00:50:26,790 --> 00:50:24,160

triangles and they're huge

1348

00:50:29,990 --> 00:50:26,800

and they are recorded but

1349

00:50:31,670 --> 00:50:30,000

still you can't see one big outline of

1350

00:50:33,750 --> 00:50:31,680

the ship

1351
00:50:34,950 --> 00:50:33,760
because it's night time i mean you

1352
00:50:36,470 --> 00:50:34,960
you're gonna need

1353
00:50:38,950 --> 00:50:36,480
uh thermo

1354
00:50:41,190 --> 00:50:38,960
or military grade night vision you know

1355
00:50:42,790 --> 00:50:41,200
night shot on the camera doesn't cut it

1356
00:50:44,150 --> 00:50:42,800
if you want to see the outline of that

1357
00:50:45,510 --> 00:50:44,160
big thing

1358
00:50:47,030 --> 00:50:45,520
it's there for the taking if you're

1359
00:50:48,230 --> 00:50:47,040
lucky enough to ever see one of those

1360
00:50:50,069 --> 00:50:48,240
but you're going to have to have the

1361
00:50:52,390 --> 00:50:50,079
gear you're going to have to just have

1362
00:50:54,790 --> 00:50:52,400
that muscle memory to record right now

1363
00:50:57,910 --> 00:50:54,800

don't even think about it right i want

1364

00:50:59,510 --> 00:50:57,920

to show this video that i took last week

1365

00:51:02,549 --> 00:50:59,520

i was out of town

1366

00:51:05,349 --> 00:51:02,559

and i saw what i thought

1367

00:51:06,790 --> 00:51:05,359

incredibly was a ufo and i'm just going

1368

00:51:09,109 --> 00:51:06,800

to play it right now

1369

00:51:12,390 --> 00:51:09,119

and um you'll see this is the city of

1370

00:51:14,630 --> 00:51:12,400

miami and you'll see that see the object

1371

00:51:17,510 --> 00:51:14,640

about the center of the screen

1372

00:51:20,549 --> 00:51:17,520

and uh so and then all of a sudden it

1373

00:51:23,030 --> 00:51:20,559

here it it disappears

1374

00:51:24,630 --> 00:51:23,040

and i'm looking at i can't believe

1375

00:51:27,190 --> 00:51:24,640

i just got here

1376

00:51:29,510 --> 00:51:27,200

and here it appears again and then for a

1377

00:51:31,910 --> 00:51:29,520

minute there you can see two

1378

00:51:36,309 --> 00:51:31,920

so i'm all excited thinking this is

1379

00:51:38,870 --> 00:51:36,319

crazy i just got here and i'm seeing

1380

00:51:40,950 --> 00:51:38,880

seeing this crazy ufo

1381

00:51:43,510 --> 00:51:40,960

and then um so

1382

00:51:47,190 --> 00:51:43,520

caution to all people out there always

1383

00:51:49,589 --> 00:51:47,200

check something and thoroughly so i i

1384

00:51:51,829 --> 00:51:49,599

look i have one of those the big iphones

1385

00:51:54,790 --> 00:51:51,839

or the max or whatever they're called so

1386

00:51:56,950 --> 00:51:54,800

i expanded the little dot in the middle

1387

00:51:59,430 --> 00:51:56,960

as far as i could and you know what

1388

00:52:02,150 --> 00:51:59,440

it was a banner for an airplane being

1389

00:52:03,510 --> 00:52:02,160

pulled by an airplane and when it turned

1390

00:52:05,670 --> 00:52:03,520

when it was doing a loop and turned

1391

00:52:07,589 --> 00:52:05,680

sideways when it disappeared it must

1392

00:52:09,589 --> 00:52:07,599

have been at an angle

1393

00:52:11,030 --> 00:52:09,599

away from me and then it came back and

1394

00:52:14,069 --> 00:52:11,040

when i saw two with what i thought was

1395

00:52:15,510 --> 00:52:14,079

two ufos one of them was the plane

1396

00:52:19,030 --> 00:52:15,520

so

1397

00:52:20,710 --> 00:52:19,040

that video

1398

00:52:22,150 --> 00:52:20,720

to someone and

1399

00:52:24,870 --> 00:52:22,160

convince them

1400

00:52:27,510 --> 00:52:24,880

that it was ufo if you wanted to do that

1401
00:52:30,390 --> 00:52:27,520
because it sure had me going for a while

1402
00:52:34,230 --> 00:52:30,400
and uh um you know i really have to you

1403
00:52:37,430 --> 00:52:34,240
know i really uh base my credibility uh

1404
00:52:39,430 --> 00:52:37,440
is very i want it to stay very high so i

1405
00:52:40,309 --> 00:52:39,440
don't want to ever show a video

1406
00:52:44,470 --> 00:52:40,319
that i

1407
00:52:46,870 --> 00:52:44,480
something you know that can't be

1408
00:52:48,630 --> 00:52:46,880
explained and i'm i'd like to explain

1409
00:52:50,630 --> 00:52:48,640
them actually

1410
00:52:51,829 --> 00:52:50,640
let me ask you this i know you filmed a

1411
00:52:53,990 --> 00:52:51,839
lot

1412
00:52:57,430 --> 00:52:54,000
um what percentage would you say you've

1413
00:53:01,750 --> 00:52:58,829

a good deal

1414

00:53:03,829 --> 00:53:01,760

um maybe half

1415

00:53:05,349 --> 00:53:03,839

yeah i mean some things you never know

1416

00:53:08,069 --> 00:53:05,359

what's amazing i've been doing this so

1417

00:53:10,069 --> 00:53:08,079

long that technology eventually gets

1418

00:53:12,150 --> 00:53:10,079

invented and later you can go back and

1419

00:53:13,030 --> 00:53:12,160

figure out something from years ago i

1420

00:53:15,109 --> 00:53:13,040

mean

1421

00:53:17,750 --> 00:53:15,119

back in the day when i started there was

1422

00:53:19,910 --> 00:53:17,760

no adobe after effects uh

1423

00:53:23,510 --> 00:53:19,920

there was no taking the camera shake out

1424

00:53:25,750 --> 00:53:23,520

of handheld stuff and stabilizing yeah i

1425

00:53:27,349 --> 00:53:25,760

mean that's like magic today and you can

1426

00:53:29,510 --> 00:53:27,359

use that to find

1427

00:53:32,950 --> 00:53:29,520

hidden things in videos like how does it

1428

00:53:33,829 --> 00:53:32,960

fly or does it actually drop now you can

1429

00:53:36,069 --> 00:53:33,839

try

1430

00:53:38,309 --> 00:53:36,079

old videos with after effects if there's

1431

00:53:40,230 --> 00:53:38,319

good enough data to stabilize

1432

00:53:42,950 --> 00:53:40,240

so sometimes and then sometimes you need

1433

00:53:43,990 --> 00:53:42,960

more experience like you i i filmed

1434

00:53:47,430 --> 00:53:44,000

something

1435

00:53:50,069 --> 00:53:47,440

in 95 that was a green triangle and it

1436

00:53:52,549 --> 00:53:50,079

was a chartouse triangle it had three

1437

00:53:54,630 --> 00:53:52,559

balls and filmed it for 20 minutes

1438

00:53:56,870 --> 00:53:54,640

i know what the hell that was it wasn't

1439

00:53:59,430 --> 00:53:56,880

until maybe five ten years later with

1440

00:54:01,349 --> 00:53:59,440

more experience that i figured out okay

1441

00:54:03,589 --> 00:54:01,359

i know what this was this was some

1442

00:54:05,030 --> 00:54:03,599

balloons attached together that kept

1443

00:54:06,230 --> 00:54:05,040

trying to break away and the strings

1444

00:54:08,549 --> 00:54:06,240

were pulling them back and it was

1445

00:54:11,270 --> 00:54:08,559

undulating so i figured out that the

1446

00:54:13,109 --> 00:54:11,280

undulation movement of this object is a

1447

00:54:15,030 --> 00:54:13,119

characteristic of a bunch of balloons

1448

00:54:17,990 --> 00:54:15,040

trying to come apart and be pulled back

1449

00:54:20,710 --> 00:54:18,000

together so then that flight path was

1450

00:54:23,910 --> 00:54:20,720

that characteristic now you can use to

1451
00:54:26,790 --> 00:54:23,920
examine other videos does it do that if

1452
00:54:29,030 --> 00:54:26,800
it does likely blows i get more

1453
00:54:31,270 --> 00:54:29,040
skeptical as i go on

1454
00:54:34,150 --> 00:54:31,280
um we're all looking for that five

1455
00:54:35,349 --> 00:54:34,160
percent you know 95 of this stuff is

1456
00:54:37,510 --> 00:54:35,359
just

1457
00:54:39,829 --> 00:54:37,520
whatever it should be there it should be

1458
00:54:42,069 --> 00:54:39,839
like in the sky or balloons or grocery

1459
00:54:44,150 --> 00:54:42,079
bags debris i heard

1460
00:54:45,670 --> 00:54:44,160
yeah i heard you talk about grocery bags

1461
00:54:48,069 --> 00:54:45,680
there seems to be a lot of them floating

1462
00:54:51,829 --> 00:54:48,079
around unfortunately the plastic bags um

1463
00:54:53,670 --> 00:54:51,839

here's here's a a speculative question

1464

00:54:55,910 --> 00:54:53,680

if the ship was seen in las vegas going

1465

00:54:58,470 --> 00:54:55,920

back to that is it possible it came from

1466

00:55:00,870 --> 00:54:58,480

area 51. you know to that i would

1467

00:55:03,190 --> 00:55:00,880

personally say you know anything is

1468

00:55:05,030 --> 00:55:03,200

possible but how would we ever know at

1469

00:55:06,470 --> 00:55:05,040

this point yeah how would you rule that

1470

00:55:07,510 --> 00:55:06,480

in or out

1471

00:55:08,470 --> 00:55:07,520

um

1472

00:55:11,829 --> 00:55:08,480

just

1473

00:55:13,589 --> 00:55:11,839

doesn't really mean it comes from there

1474

00:55:15,829 --> 00:55:13,599

i mean if you look at google maps at

1475

00:55:17,589 --> 00:55:15,839

that big hanger the biggest hangar they

1476

00:55:18,470 --> 00:55:17,599

have there this thing wouldn't fit in

1477

00:55:20,470 --> 00:55:18,480

there

1478

00:55:23,190 --> 00:55:20,480

it wouldn't fit inside yeah and neither

1479

00:55:25,109 --> 00:55:23,200

would that two mile um that two mile

1480

00:55:26,470 --> 00:55:25,119

long triangle where's that fit where's

1481

00:55:28,069 --> 00:55:26,480

that sword

1482

00:55:30,309 --> 00:55:28,079

yeah i've always wondered about that you

1483

00:55:31,589 --> 00:55:30,319

know that's a very good that's a very

1484

00:55:33,430 --> 00:55:31,599

good argument

1485

00:55:34,950 --> 00:55:33,440

to say how did they have this type of

1486

00:55:36,789 --> 00:55:34,960

anti-gravity

1487

00:55:39,510 --> 00:55:36,799

whatever it is because it's it's going

1488

00:55:41,990 --> 00:55:39,520

so slow how did they possibly have that

1489

00:55:43,349 --> 00:55:42,000

for so long hidden away and then again

1490

00:55:45,750 --> 00:55:43,359

just what you're saying i've said many

1491

00:55:48,390 --> 00:55:45,760

times how could they have these huge

1492

00:55:51,349 --> 00:55:48,400

huge crafts under a hanger that a hanger

1493

00:55:54,150 --> 00:55:51,359

doesn't exist wide enough um that they

1494

00:55:55,750 --> 00:55:54,160

could possibly build even um without

1495

00:55:56,950 --> 00:55:55,760

supports in the center

1496

00:55:58,710 --> 00:55:56,960

for and there's

1497

00:56:01,030 --> 00:55:58,720

there's the whole infrastructure to

1498

00:56:03,430 --> 00:56:01,040

support that too you have to have an

1499

00:56:05,589 --> 00:56:03,440

assembly line like north rope or one of

1500

00:56:07,589 --> 00:56:05,599

the military industrial complex people

1501
00:56:08,950 --> 00:56:07,599
they'd have to have a hanger big enough

1502
00:56:11,270 --> 00:56:08,960
to complete

1503
00:56:13,270 --> 00:56:11,280
the ship let's say it's just 700 feet

1504
00:56:15,030 --> 00:56:13,280
not a mile that's still damn big and

1505
00:56:17,270 --> 00:56:15,040
then you have to have support you have

1506
00:56:19,829 --> 00:56:17,280
to have all the crew i mean look at like

1507
00:56:22,950 --> 00:56:19,839
when an f-18 lands how many people have

1508
00:56:25,829 --> 00:56:22,960
to now go do maintenance on that thing

1509
00:56:28,390 --> 00:56:25,839
that's huge and and then that's a lot of

1510
00:56:29,990 --> 00:56:28,400
money and a lot of people and for like

1511
00:56:32,870 --> 00:56:30,000
you have the b-2 bomber that's

1512
00:56:35,589 --> 00:56:32,880
comparable but a smaller version of this

1513
00:56:37,829 --> 00:56:35,599

it costs two billion dollars each

1514

00:56:39,750 --> 00:56:37,839

so if this thing is bigger

1515

00:56:42,230 --> 00:56:39,760

what does this cost half a trillion

1516

00:56:43,750 --> 00:56:42,240

dollars to make something like this

1517

00:56:46,470 --> 00:56:43,760

i mean i could see we'd be in a war

1518

00:56:48,549 --> 00:56:46,480

saying we can't win this war because the

1519

00:56:50,710 --> 00:56:48,559

government spent all the money on these

1520

00:56:52,870 --> 00:56:50,720

huge ships we never use

1521

00:56:55,589 --> 00:56:52,880

we got to stick with that fake military

1522

00:56:56,630 --> 00:56:55,599

and the f-18s the good stuff's hidden in

1523

00:56:58,150 --> 00:56:56,640

the back

1524

00:57:00,069 --> 00:56:58,160

that's right

1525

00:57:02,309 --> 00:57:00,079

yeah here's a here's something i think

1526

00:57:03,829 --> 00:57:02,319

you already addressed um this is by

1527

00:57:05,589 --> 00:57:03,839

stephen

1528

00:57:07,910 --> 00:57:05,599

how can you not see the flares were

1529

00:57:09,829 --> 00:57:07,920

deliberate meant to confuse the issue

1530

00:57:11,589 --> 00:57:09,839

didn't you say that you

1531

00:57:13,829 --> 00:57:11,599

researched it and you found out that

1532

00:57:15,670 --> 00:57:13,839

they were already scheduled ahead of

1533

00:57:17,109 --> 00:57:15,680

time well this was going on for three

1534

00:57:18,789 --> 00:57:17,119

months martin

1535

00:57:20,870 --> 00:57:18,799

uh night after see there were three

1536

00:57:24,069 --> 00:57:20,880

different people recording this there

1537

00:57:26,710 --> 00:57:24,079

was steve blonder terry proctor up

1538

00:57:28,309 --> 00:57:26,720

in carefree and then we had dr lincoln

1539

00:57:29,670 --> 00:57:28,319

they were recording

1540

00:57:31,349 --> 00:57:29,680

they were lookings out towards the

1541

00:57:32,950 --> 00:57:31,359

gunnery range and they were recording

1542

00:57:34,390 --> 00:57:32,960

flares every night

1543

00:57:36,630 --> 00:57:34,400

from monday through thursday because

1544

00:57:39,270 --> 00:57:36,640

military doesn't work friday or weekends

1545

00:57:41,190 --> 00:57:39,280

not here and they were launching them

1546

00:57:43,109 --> 00:57:41,200

between eight and ten so all you had to

1547

00:57:45,109 --> 00:57:43,119

do was get in your car and go down to

1548

00:57:47,990 --> 00:57:45,119

casa grande set up a tripod you could

1549

00:57:50,069 --> 00:57:48,000

record it's usually one or two flares

1550

00:57:50,870 --> 00:57:50,079

they don't like the sky up the way they

1551

00:57:52,950 --> 00:57:50,880

did

1552

00:57:55,829 --> 00:57:52,960

on march 13th you don't see anything

1553

00:57:58,390 --> 00:57:55,839

like that you will see a couple but they

1554

00:58:01,430 --> 00:57:58,400

ended operation snowbird in 2019 an

1555

00:58:03,750 --> 00:58:01,440

operation snowbird was basically other

1556

00:58:05,430 --> 00:58:03,760

states that have snow

1557

00:58:07,030 --> 00:58:05,440

their their pilots get to come to

1558

00:58:09,190 --> 00:58:07,040

arizona where we don't have snow and

1559

00:58:11,270 --> 00:58:09,200

train so that they're doing basically

1560

00:58:13,030 --> 00:58:11,280

sort of work ups out in our desert

1561

00:58:14,630 --> 00:58:13,040

practicing then they go back to their

1562

00:58:17,270 --> 00:58:14,640

states and they're you know certified or

1563

00:58:19,270 --> 00:58:17,280

whatever that they can run this

1564

00:58:21,190 --> 00:58:19,280

uh somebody brought up in the chat uh

1565

00:58:23,829 --> 00:58:21,200

the governor we need to talk about this

1566

00:58:25,589 --> 00:58:23,839

guy a fife symington

1567

00:58:26,630 --> 00:58:25,599

this guy bombed up

1568

00:58:28,390 --> 00:58:26,640

uh

1569

00:58:30,069 --> 00:58:28,400

when he was our governor

1570

00:58:33,190 --> 00:58:30,079

uh he

1571

00:58:35,190 --> 00:58:33,200

was an embarrassment to the state um

1572

00:58:37,670 --> 00:58:35,200

as as long as i lived here most of our

1573

00:58:39,030 --> 00:58:37,680

governors leave office um because

1574

00:58:40,710 --> 00:58:39,040

they're kicked out

1575

00:58:42,230 --> 00:58:40,720

we have just corrupt governor there was

1576

00:58:44,549 --> 00:58:42,240

a corrupt one before him and a corrupt

1577

00:58:46,710 --> 00:58:44,559

one before that guy they usually don't

1578

00:58:48,470 --> 00:58:46,720

you know finish office

1579

00:58:50,309 --> 00:58:48,480

without you know some corruption charges

1580

00:58:52,309 --> 00:58:50,319

or something i wonder why that is now i

1581

00:58:53,910 --> 00:58:52,319

did hear about the charge i can't

1582

00:58:55,030 --> 00:58:53,920

remember what it was about but there was

1583

00:58:59,510 --> 00:58:55,040

some type of

1584

00:59:02,230 --> 00:58:59,520

it or what what was it he was involved

1585

00:59:05,510 --> 00:59:02,240

with a bunch of banking and loan stuff

1586

00:59:08,230 --> 00:59:05,520

um so it was like white-collar crime

1587

00:59:10,390 --> 00:59:08,240

um and he was i think he

1588

00:59:11,670 --> 00:59:10,400

got convicted of several felonies it's

1589

00:59:14,630 --> 00:59:11,680

on his wiki

1590

00:59:17,349 --> 00:59:14,640

um and he later you know got him erased

1591

00:59:19,990 --> 00:59:17,359

um you know by

1592

00:59:22,950 --> 00:59:20,000

finally more more appeals but he

1593

00:59:25,030 --> 00:59:22,960

basically left office in disgrace and he

1594

00:59:27,030 --> 00:59:25,040

was a disgrace as our governor that's

1595

00:59:30,069 --> 00:59:27,040

all that guy was he got on tv with the

1596

00:59:32,470 --> 00:59:30,079

alien mask and and did what he did and

1597

00:59:34,630 --> 00:59:32,480

man there were people mad i i was

1598

00:59:35,430 --> 00:59:34,640

yelling at the tv and cussing that he

1599

00:59:37,349 --> 00:59:35,440

was

1600

00:59:39,750 --> 00:59:37,359

like everybody else that seen his press

1601
00:59:42,230 --> 00:59:39,760
conference he had the ability to blow

1602
00:59:45,109 --> 00:59:42,240
this wide open and he blew it

1603
00:59:48,470 --> 00:59:45,119
you blew it fife if you're watching this

1604
00:59:51,270 --> 00:59:48,480
yeah uh but then later

1605
00:59:54,069 --> 00:59:51,280
he tries to change his legacy and say no

1606
00:59:56,789 --> 00:59:54,079
i saw it i'm also a witness in a park

1607
00:59:59,109 --> 00:59:56,799
some parking yeah yeah so if you ever

1608
01:00:00,950 --> 00:59:59,119
meet eight thirty witnesses they

1609
01:00:02,870 --> 01:00:00,960
wouldn't come out and ridicule their own

1610
01:00:05,589 --> 01:00:02,880
sighting that this changed their life

1611
01:00:07,349 --> 01:00:05,599
they saw this and oh my god i got to see

1612
01:00:10,470 --> 01:00:07,359
the hand of god

1613
01:00:11,750 --> 01:00:10,480

something that is very different and

1614

01:00:14,789 --> 01:00:11,760

then they come out say i'm going to take

1615

01:00:15,750 --> 01:00:14,799

a dump on that nobody would do that

1616

01:00:17,270 --> 01:00:15,760

and

1617

01:00:19,349 --> 01:00:17,280

he he says

1618

01:00:21,910 --> 01:00:19,359

he made up this myth that he sought he

1619

01:00:24,069 --> 01:00:21,920

and he he only does big shows uh i also

1620

01:00:27,270 --> 01:00:24,079

tried to get some shows to ask him

1621

01:00:29,829 --> 01:00:27,280

specific questions to to nail down his

1622

01:00:32,870 --> 01:00:29,839

story and he won't do hardly any shows

1623

01:00:35,030 --> 01:00:32,880

unless they're real big ones and um

1624

01:00:36,950 --> 01:00:35,040

there's no way he saw the phoenix lights

1625

01:00:38,150 --> 01:00:36,960

okay out of all the people who saw the

1626

01:00:39,510 --> 01:00:38,160

phoenix lights

1627

01:00:41,589 --> 01:00:39,520

this guy

1628

01:00:43,750 --> 01:00:41,599

is the only person who said he saw it on

1629

01:00:47,030 --> 01:00:43,760

tv and then went out looked at it

1630

01:00:49,430 --> 01:00:47,040

only one nobody else saw that well see

1631

01:00:52,309 --> 01:00:49,440

that never happened because it was not

1632

01:00:54,470 --> 01:00:52,319

on tv he lied he made that up it wasn't

1633

01:00:56,789 --> 01:00:54,480

on tv until the next day

1634

01:01:00,470 --> 01:00:56,799

the first person who even talked about

1635

01:01:02,309 --> 01:01:00,480

this was art bell at midnight march 14th

1636

01:01:04,710 --> 01:01:02,319

he got peter davenport on the phone and

1637

01:01:07,030 --> 01:01:04,720

said our phones are burning up

1638

01:01:08,390 --> 01:01:07,040

so it was reported the next day i talked

1639

01:01:10,950 --> 01:01:08,400
to the reporters that came along

1640

01:01:11,829 --> 01:01:10,960
collected my footage and

1641

01:01:13,750 --> 01:01:11,839
uh

1642

01:01:15,510 --> 01:01:13,760
it was four o'clock i think on march

1643

01:01:16,390 --> 01:01:15,520
14th when they first started this on the

1644

01:01:19,910 --> 01:01:16,400
news

1645

01:01:22,390 --> 01:01:19,920
so he says he saw the object at uh 8 30

1646

01:01:25,670 --> 01:01:22,400
that he was watching television and they

1647

01:01:27,750 --> 01:01:25,680
were had some hubla about a ufo so he's

1648

01:01:29,990 --> 01:01:27,760
going to go see what it's all about and

1649

01:01:32,710 --> 01:01:30,000
he ditched his uh

1650

01:01:35,030 --> 01:01:32,720
as uh cops that are protected to protect

1651
01:01:37,270 --> 01:01:35,040
the governor somehow he got rid of them

1652
01:01:39,109 --> 01:01:37,280
that's also weird the governors just

1653
01:01:42,390 --> 01:01:39,119
ditched their security detail because

1654
01:01:43,990 --> 01:01:42,400
the boogeyman's in the sky okay so

1655
01:01:46,230 --> 01:01:44,000
here's how we can debunk him the

1656
01:01:48,069 --> 01:01:46,240
timeline is burnt in on this we know it

1657
01:01:50,630 --> 01:01:48,079
went over appalled and we know when it

1658
01:01:53,109 --> 01:01:50,640
went over prescott we know they called

1659
01:01:55,029 --> 01:01:53,119
luke air force base so in order for him

1660
01:01:57,270 --> 01:01:55,039
to get in his car

1661
01:02:00,309 --> 01:01:57,280
find a park and get out wait

1662
01:02:02,470 --> 01:02:00,319
that would have been on tv around 8 20

1663
01:02:04,309 --> 01:02:02,480

and the object flew over at 8 30 to give

1664

01:02:06,870 --> 01:02:04,319

him enough time to drive

1665

01:02:09,670 --> 01:02:06,880

okay so how is the television

1666

01:02:11,430 --> 01:02:09,680

channels gonna report a ufo that's not

1667

01:02:13,829 --> 01:02:11,440

even in town yet

1668

01:02:15,109 --> 01:02:13,839

it's still got the prescott

1669

01:02:18,549 --> 01:02:15,119

um

1670

01:02:20,549 --> 01:02:18,559

peter davenport gets his first call from

1671

01:02:23,109 --> 01:02:20,559

dennis the retired guy

1672

01:02:25,910 --> 01:02:23,119

and 140 miles north and then the news is

1673

01:02:27,589 --> 01:02:25,920

reporting this instantly ah they don't

1674

01:02:30,150 --> 01:02:27,599

interrupt prime time you're not gonna

1675

01:02:32,150 --> 01:02:30,160

have uh we we're gonna interrupt this

1676

01:02:33,829 --> 01:02:32,160

episode of friends because ladies and

1677

01:02:36,549 --> 01:02:33,839

gentlemen there's a ufo heading into

1678

01:02:38,710 --> 01:02:36,559

town go out in your f-150 and go find it

1679

01:02:41,190 --> 01:02:38,720

now back to friends that didn't happen

1680

01:02:42,870 --> 01:02:41,200

but that's the myth that fife symington

1681

01:02:46,150 --> 01:02:42,880

wants you to believe

1682

01:02:48,150 --> 01:02:46,160

that he's interested him alone seen that

1683

01:02:51,430 --> 01:02:48,160

yeah i know there's a lot of people very

1684

01:02:52,549 --> 01:02:51,440

angry at him um you know i mean i think

1685

01:02:56,630 --> 01:02:52,559

he was

1686

01:02:57,829 --> 01:02:56,640

was he in james fox video

1687

01:02:59,270 --> 01:02:57,839

uh i think

1688

01:03:00,870 --> 01:02:59,280

it was the guy who interviewed him he

1689

01:03:03,109 --> 01:03:00,880

was interviewed locally here by john

1690

01:03:05,430 --> 01:03:03,119

hook on channel 10. uh he was on the

1691

01:03:07,190 --> 01:03:05,440

showtime uh no i mean

1692

01:03:08,789 --> 01:03:07,200

i'm sorry in the movie the phenomenon

1693

01:03:11,029 --> 01:03:08,799

was he in that

1694

01:03:12,470 --> 01:03:11,039

i i can't remember he might i haven't

1695

01:03:14,309 --> 01:03:12,480

seen out of the blue he might have been

1696

01:03:16,390 --> 01:03:14,319

in that one or i know what i saw

1697

01:03:19,910 --> 01:03:16,400

i i know he was in one of those but but

1698

01:03:21,990 --> 01:03:19,920

anyway um oh by the way uh james fox is

1699

01:03:24,870 --> 01:03:22,000

where i'm going to be over at his i'm

1700

01:03:27,589 --> 01:03:24,880

going to be at his house uh coming up um

1701

01:03:29,829 --> 01:03:27,599

in the next month or two

1702

01:03:32,710 --> 01:03:29,839

and actually gonna sit down with him at

1703

01:03:35,670 --> 01:03:32,720

his house and and film a show live right

1704

01:03:37,829 --> 01:03:35,680

from his his new um i don't know if he

1705

01:03:38,870 --> 01:03:37,839

can announce where he is now or not but

1706

01:03:41,430 --> 01:03:38,880

i'm just going to say i'm going to be

1707

01:03:43,589 --> 01:03:41,440

there live uh coming up that should be

1708

01:03:45,589 --> 01:03:43,599

good uh should be a lot of fun and he's

1709

01:03:47,510 --> 01:03:45,599

he's a was talking to him the other day

1710

01:03:49,589 --> 01:03:47,520

he's pretty funny um

1711

01:03:51,510 --> 01:03:49,599

i want to pose a couple of questions if

1712

01:03:52,870 --> 01:03:51,520

i can in chat that came up so this one

1713

01:03:54,390 --> 01:03:52,880

right here

1714

01:03:56,230 --> 01:03:54,400

um why

1715

01:03:59,109 --> 01:03:56,240

are there trained observers not being

1716

01:04:01,670 --> 01:03:59,119

this is by jay allen are not being asked

1717

01:04:03,670 --> 01:04:01,680

about the phoenix data

1718

01:04:06,309 --> 01:04:03,680

does the typical civilian believe that

1719

01:04:08,789 --> 01:04:06,319

the flares are visible and stationary

1720

01:04:11,029 --> 01:04:08,799

for over an hour

1721

01:04:13,430 --> 01:04:11,039

the flares that they launch um have a

1722

01:04:14,950 --> 01:04:13,440

burn time of about three and a half to

1723

01:04:16,870 --> 01:04:14,960

four and a half minutes so you really

1724

01:04:18,150 --> 01:04:16,880

don't see anything after that

1725

01:04:19,990 --> 01:04:18,160

um

1726

01:04:22,230 --> 01:04:20,000

there were some sightings after this in

1727

01:04:23,910 --> 01:04:22,240

1998

1728

01:04:25,349 --> 01:04:23,920

and most of the same people recorded

1729

01:04:27,589 --> 01:04:25,359

those too

1730

01:04:29,349 --> 01:04:27,599

and they were all over the south valley

1731

01:04:31,589 --> 01:04:29,359

one of the reasons i think the military

1732

01:04:33,270 --> 01:04:31,599

shuts up about this is because they're

1733

01:04:34,789 --> 01:04:33,280

not launching the flares where they're

1734

01:04:36,470 --> 01:04:34,799

supposed to they're launching them over

1735

01:04:38,309 --> 01:04:36,480

people's houses

1736

01:04:40,630 --> 01:04:38,319

but i don't know what kind of technology

1737

01:04:42,390 --> 01:04:40,640

those a-10s had back then i mean now

1738

01:04:44,470 --> 01:04:42,400

they could maybe have retrofitted with

1739

01:04:46,870 --> 01:04:44,480

gps so they know exactly where they're

1740

01:04:48,549 --> 01:04:46,880

hitting the button but this stuff was

1741

01:04:51,750 --> 01:04:48,559

just it was launched over the town of

1742

01:04:54,950 --> 01:04:51,760

maricopa all over the place and

1743

01:04:57,430 --> 01:04:54,960

they're up so high that they're able to

1744

01:04:59,109 --> 01:04:57,440

put the flare in the exact same spot so

1745

01:05:00,950 --> 01:04:59,119

that flare can sit there and when it

1746

01:05:03,190 --> 01:05:00,960

burns out another one to reappears and

1747

01:05:04,470 --> 01:05:03,200

reignites in the same spot over and over

1748

01:05:06,549 --> 01:05:04,480

and over

1749

01:05:09,349 --> 01:05:06,559

military people i talked to said that

1750

01:05:10,470 --> 01:05:09,359

can only be done if you motor them up in

1751

01:05:12,549 --> 01:05:10,480

the sky

1752

01:05:15,510 --> 01:05:12,559

you can't really have an aircraft keep

1753

01:05:18,630 --> 01:05:15,520

dropping it not back then and that same

1754

01:05:20,870 --> 01:05:18,640

you know x y and z spot

1755

01:05:21,510 --> 01:05:20,880

wow amazing oh by the way

1756

01:05:22,470 --> 01:05:21,520

there's

1757

01:05:23,829 --> 01:05:22,480

i guess

1758

01:05:25,910 --> 01:05:23,839

oh are they yeah we're going to be

1759

01:05:27,270 --> 01:05:25,920

taking calls in about a half an hour all

1760

01:05:29,190 --> 01:05:27,280

these people that are posting i got a

1761

01:05:31,109 --> 01:05:29,200

video to uh show the people if you want

1762

01:05:33,430 --> 01:05:31,119

to go into that yeah let's do that let's

1763

01:05:35,349 --> 01:05:33,440

share that on that screen and also is

1764

01:05:36,870 --> 01:05:35,359

your video that you took that night

1765

01:05:39,430 --> 01:05:36,880

available to show

1766

01:05:41,349 --> 01:05:39,440

uh i can get it uh i got a a couple

1767

01:05:43,430 --> 01:05:41,359

boomerang videos here though

1768

01:05:45,190 --> 01:05:43,440

yeah let's do that first so he is

1769

01:05:48,069 --> 01:05:45,200

sharing his screen once that comes up i

1770

01:05:50,390 --> 01:05:48,079

will put it up on on the screen and uh

1771

01:05:53,270 --> 01:05:50,400

for those of you that are listening to

1772

01:05:56,230 --> 01:05:53,280

this audio um you may want to pop over

1773

01:05:59,270 --> 01:05:56,240

to the youtube and i'll mark this up i

1774

01:06:01,589 --> 01:05:59,280

don't have the exact time right here for

1775

01:06:03,829 --> 01:06:01,599

some yeah it's uh how far in the video

1776

01:06:06,230 --> 01:06:03,839

but it's about an hour we're about an

1777

01:06:07,910 --> 01:06:06,240

hour and uh five minutes or so into the

1778

01:06:09,750 --> 01:06:07,920

video at this point but i'm gonna add

1779

01:06:11,910 --> 01:06:09,760

this to the stream right now

1780

01:06:14,630 --> 01:06:11,920

and uh there you go let me make that a

1781

01:06:17,270 --> 01:06:14,640

full screen all right and go go ahead

1782

01:06:19,430 --> 01:06:17,280

and uh run no oh yeah okay go ahead and

1783

01:06:21,670 --> 01:06:19,440

run that now now this is a boomerang

1784

01:06:25,670 --> 01:06:21,680

video shot 1992

1785

01:06:27,990 --> 01:06:25,680

over awatooki arizona in november 27th

1786

01:06:30,230 --> 01:06:28,000

is this something you did no this is a

1787

01:06:32,069 --> 01:06:30,240

video that they came in to village labs

1788

01:06:36,870 --> 01:06:32,079

and they said look at this so they're

1789

01:06:40,549 --> 01:06:38,789

and so this is where gym works right

1790

01:06:42,549 --> 01:06:40,559

right

1791

01:06:44,789 --> 01:06:42,559

yeah so what's going on is they're

1792

01:06:47,750 --> 01:06:44,799

filming a boomerang with about 12 lights

1793

01:06:49,029 --> 01:06:47,760

going down it there's a trailing light

1794

01:06:53,270 --> 01:06:49,039

behind it

1795

01:06:55,829 --> 01:06:53,280

they travel in twos

1796

01:07:00,390 --> 01:06:57,910

there's two planes now

1797

01:07:02,549 --> 01:07:00,400

now you have like the stabilization just

1798

01:07:04,390 --> 01:07:02,559

if we have as many lights okay let's i'm

1799

01:07:06,309 --> 01:07:04,400

going to stay quiet and you can go ahead

1800

01:07:09,510 --> 01:07:06,319

and narrate if you need to this is in

1801
01:07:11,910 --> 01:07:09,520
1992 this was done yeah so this didn't

1802
01:07:14,710 --> 01:07:11,920
trigger a mass sighting but two objects

1803
01:07:18,870 --> 01:07:14,720
flew over this big boomerang and a huge

1804
01:07:21,670 --> 01:07:18,880
triangle behind it i hear something now

1805
01:07:23,829 --> 01:07:21,680
and and where was this exactly this was

1806
01:07:26,470 --> 01:07:23,839
shot now with tukey arizona it was shot

1807
01:07:30,069 --> 01:07:26,480
in the same town that i filmed my stuff

1808
01:07:32,710 --> 01:07:30,079
so i see we don't know what this is um

1809
01:07:33,750 --> 01:07:32,720
it's not a refu fueling operation

1810
01:07:36,549 --> 01:07:33,760
it's

1811
01:07:38,390 --> 01:07:36,559
two big v's flying by

1812
01:07:40,789 --> 01:07:38,400
uh

1813
01:07:43,190 --> 01:07:40,799

no idea but if somebody recorded the

1814

01:07:45,510 --> 01:07:43,200

phoenix lights in 97 it would look like

1815

01:07:49,589 --> 01:07:47,670

and they travel in twos and this is one

1816

01:07:51,829 --> 01:07:49,599

of the reasons i think dr michael tanner

1817

01:07:54,069 --> 01:07:51,839

thinks that they docked that they they

1818

01:07:56,069 --> 01:07:54,079

fly close together so one of them

1819

01:07:57,109 --> 01:07:56,079

basically springs off the front of the

1820

01:07:58,870 --> 01:07:57,119

bigger one

1821

01:08:00,789 --> 01:07:58,880

goes out does whatever it does and then

1822

01:08:02,309 --> 01:08:00,799

it can just re-dock and they join into

1823

01:08:04,069 --> 01:08:02,319

one

1824

01:08:05,829 --> 01:08:04,079

you know i'm seeing like a strobe like

1825

01:08:08,069 --> 01:08:05,839

you do see on some planes yeah there is

1826

01:08:10,950 --> 01:08:08,079

a strobe following it but none of these

1827

01:08:11,990 --> 01:08:10,960

are making any sounds

1828

01:08:14,069 --> 01:08:12,000

hmm

1829

01:08:15,990 --> 01:08:14,079

i yeah and

1830

01:08:16,950 --> 01:08:16,000

did i hear him say though a minute ago

1831

01:08:19,510 --> 01:08:16,960

that he

1832

01:08:22,550 --> 01:08:19,520

he heard a sound or not yeah they heard

1833

01:08:24,870 --> 01:08:22,560

a very very faint sound

1834

01:08:26,149 --> 01:08:24,880

of that

1835

01:08:27,349 --> 01:08:26,159

i don't know if there's another one you

1836

01:08:29,510 --> 01:08:27,359

you feel like putting up there but

1837

01:08:32,789 --> 01:08:29,520

you're welcome to okay let's uh here's

1838

01:08:36,950 --> 01:08:34,870

and feel free to near right narrate

1839

01:08:39,669 --> 01:08:36,960

right over them okay this is going to be

1840

01:08:40,789 --> 01:08:39,679

a 10 p.m video

1841

01:08:43,189 --> 01:08:40,799

all right

1842

01:08:45,669 --> 01:08:43,199

this was shot in apache junction by

1843

01:08:48,070 --> 01:08:45,679

chuck riordan

1844

01:08:49,189 --> 01:08:48,080

uh there's no sound on this

1845

01:08:51,110 --> 01:08:49,199

um

1846

01:08:53,590 --> 01:08:51,120

what's going on is i took out the camera

1847

01:08:57,110 --> 01:08:53,600

shake with adobe after effects

1848

01:08:59,430 --> 01:08:57,120

and as the video plays you can see

1849

01:09:00,950 --> 01:08:59,440

the lights slowly go out of alignment

1850

01:09:02,709 --> 01:09:00,960

the the four

1851
01:09:04,390 --> 01:09:02,719
kind of you can see the one on the that

1852
01:09:07,269 --> 01:09:04,400
i'm referring to the trailing light is

1853
01:09:09,110 --> 01:09:07,279
the one on the far left that's lower

1854
01:09:10,789 --> 01:09:09,120
so like if these are flares how did the

1855
01:09:13,030 --> 01:09:10,799
military know to put a trailing light

1856
01:09:14,149 --> 01:09:13,040
behind a boomerang in the sky

1857
01:09:16,630 --> 01:09:14,159
unless

1858
01:09:18,470 --> 01:09:16,640
they were a lot smarter and they were

1859
01:09:22,709 --> 01:09:18,480
already being on the lookout for this

1860
01:09:27,189 --> 01:09:25,269
so that was oh that's that right there

1861
01:09:28,870 --> 01:09:27,199
is uh

1862
01:09:30,709 --> 01:09:28,880
is the date of the phoenix so this is

1863
01:09:32,789 --> 01:09:30,719

the date of the phoenix lights okay yeah

1864

01:09:36,709 --> 01:09:32,799

this is one of the five videos

1865

01:09:42,070 --> 01:09:39,590

and so we don't know for sure

1866

01:09:44,390 --> 01:09:42,080

uh because i i remember talking to my

1867

01:09:47,430 --> 01:09:44,400

friend alejandro rojas

1868

01:09:48,709 --> 01:09:47,440

him saying that there's probably only

1869

01:09:51,110 --> 01:09:48,719

one

1870

01:09:53,189 --> 01:09:51,120

real video of the the what people were

1871

01:09:55,910 --> 01:09:53,199

seeing and the rest of them were flares

1872

01:09:58,630 --> 01:09:55,920

uh that was his his thought

1873

01:10:01,270 --> 01:09:58,640

uh he's pretty much on there uh there

1874

01:10:03,910 --> 01:10:01,280

are five videos well there's four

1875

01:10:05,830 --> 01:10:03,920

confirmed videos from 10 and then nobody

1876
01:10:07,750 --> 01:10:05,840
really knows what the doctor has because

1877
01:10:09,030 --> 01:10:07,760
she won't share her stuff

1878
01:10:10,310 --> 01:10:09,040
um

1879
01:10:12,390 --> 01:10:10,320
doctor lynn

1880
01:10:14,630 --> 01:10:12,400
yeah i've never

1881
01:10:16,390 --> 01:10:14,640
nobody has any like we don't have a

1882
01:10:18,229 --> 01:10:16,400
complete copy of her video

1883
01:10:21,110 --> 01:10:18,239
like with the whole audio and everything

1884
01:10:22,870 --> 01:10:21,120
all she did was release like 10 seconds

1885
01:10:25,910 --> 01:10:22,880
of something

1886
01:10:27,910 --> 01:10:25,920
but we don't know when it was shot or

1887
01:10:29,430 --> 01:10:27,920
or or what um

1888
01:10:31,669 --> 01:10:29,440

and then there's another video i could

1889

01:10:33,430 --> 01:10:31,679

show you that um that's of the actual

1890

01:10:35,669 --> 01:10:33,440

march 13th boomerang that was flying

1891

01:10:37,350 --> 01:10:35,679

into town but it might be hard to see

1892

01:10:39,510 --> 01:10:37,360

but let me queue that up

1893

01:10:41,350 --> 01:10:39,520

yeah yeah go ahead and do that that's

1894

01:10:42,790 --> 01:10:41,360

is this the one that you filmed actually

1895

01:10:44,550 --> 01:10:42,800

or

1896

01:10:45,350 --> 01:10:44,560

no i'm going to get that one here

1897

01:10:46,630 --> 01:10:45,360

yeah

1898

01:10:49,030 --> 01:10:46,640

so eventually

1899

01:10:51,030 --> 01:10:49,040

so i'm having fun

1900

01:10:53,189 --> 01:10:51,040

i hope the audience is and i will get to

1901

01:10:54,709 --> 01:10:53,199

your questions and we will again we're

1902

01:10:56,830 --> 01:10:54,719

going to be taking calls in about 20

1903

01:10:59,830 --> 01:10:56,840

minutes or

1904

01:11:02,070 --> 01:10:59,840

so so uh

1905

01:11:05,270 --> 01:11:02,080

there are some there are some questions

1906

01:11:07,110 --> 01:11:05,280

in chat i will try to get to if i can

1907

01:11:09,270 --> 01:11:07,120

and i do appreciate the people out there

1908

01:11:11,590 --> 01:11:09,280

putting them in caps so i actually can

1909

01:11:12,790 --> 01:11:11,600

see them otherwise uh it's hard to field

1910

01:11:15,030 --> 01:11:12,800

them

1911

01:11:16,870 --> 01:11:15,040

okay here's the actual march 13th

1912

01:11:18,310 --> 01:11:16,880

boomerang that flew over the terry

1913

01:11:20,550 --> 01:11:18,320

proctor video

1914

01:11:24,390 --> 01:11:20,560

okay and can you make expand that please

1915

01:11:26,229 --> 01:11:24,400

there you go well there you go okay

1916

01:11:28,229 --> 01:11:26,239

so i can

1917

01:11:30,149 --> 01:11:28,239

yeah you could see five fade lights this

1918

01:11:31,830 --> 01:11:30,159

will probably cycle through a filter or

1919

01:11:33,990 --> 01:11:31,840

two

1920

01:11:36,310 --> 01:11:34,000

yeah yeah i can definitely see it in the

1921

01:11:37,669 --> 01:11:36,320

formation again if you're listening to

1922

01:11:39,350 --> 01:11:37,679

this audio

1923

01:11:41,430 --> 01:11:39,360

and you want to check this out you want

1924

01:11:44,070 --> 01:11:41,440

to go to our youtube

1925

01:11:44,910 --> 01:11:44,080

video which is always in the show notes

1926

01:11:46,470 --> 01:11:44,920

on

1927

01:11:49,750 --> 01:11:46,480

podcastufo.com

1928

01:11:53,270 --> 01:11:49,760

and this is about an hour and 10 minutes

1929

01:11:54,790 --> 01:11:53,280

into the audio where we are

1930

01:11:57,990 --> 01:11:54,800

where you want to go on the youtube

1931

01:11:59,669 --> 01:11:58,000

channel maybe i'll put some time stamps

1932

01:12:02,390 --> 01:11:59,679

yeah what is this right here is this

1933

01:12:04,550 --> 01:12:02,400

this is the same video but it's um it's

1934

01:12:06,550 --> 01:12:04,560

been filtered by richard mossler to kind

1935

01:12:09,270 --> 01:12:06,560

of bring the lights out you can kind of

1936

01:12:11,910 --> 01:12:09,280

see that one light on the top

1937

01:12:14,390 --> 01:12:11,920

um is kind of trailing back from the

1938

01:12:16,229 --> 01:12:14,400

main group

1939

01:12:17,990 --> 01:12:16,239

so a lot of people said that the first

1940

01:12:20,790 --> 01:12:18,000

three lights were tight

1941

01:12:22,310 --> 01:12:20,800

and the other two lights were back aways

1942

01:12:25,110 --> 01:12:22,320

so they weren't really proportionately

1943

01:12:27,510 --> 01:12:25,120

spaced that the first three lights were

1944

01:12:29,430 --> 01:12:27,520

up closer but they moved around and they

1945

01:12:31,350 --> 01:12:29,440

docked i mean i don't believe these are

1946

01:12:33,510 --> 01:12:31,360

actual lights i think these lights are

1947

01:12:35,590 --> 01:12:33,520

actual just craft that are just embedded

1948

01:12:37,669 --> 01:12:35,600

in the side of the ship

1949

01:12:39,189 --> 01:12:37,679

kind of like how um

1950

01:12:40,950 --> 01:12:39,199

kind of like how a battleship's going to

1951

01:12:42,470 --> 01:12:40,960

have remote control helicopters and

1952

01:12:43,750 --> 01:12:42,480

planes and other things that take off

1953

01:12:45,590 --> 01:12:43,760

from it

1954

01:12:47,590 --> 01:12:45,600

if that makes sense

1955

01:12:48,830 --> 01:12:47,600

yeah well nothing makes any sense when

1956

01:12:51,189 --> 01:12:48,840

it comes to this

1957

01:12:52,790 --> 01:12:51,199

so that's what i like about it it's all

1958

01:12:54,070 --> 01:12:52,800

a mystery uh

1959

01:12:56,709 --> 01:12:54,080

i'm gonna

1960

01:12:58,709 --> 01:12:56,719

show you another screen here if people

1961

01:13:02,550 --> 01:12:58,719

want to look stuff up

1962

01:13:05,270 --> 01:13:02,560

uh we can link them to this i have 104

1963

01:13:07,669 --> 01:13:05,280

videos on here yeah we have that linked

1964

01:13:09,270 --> 01:13:07,679
right in the show notes okay so

1965

01:13:10,310 --> 01:13:09,280
this is the actual

1966

01:13:12,070 --> 01:13:10,320
research

1967

01:13:14,790 --> 01:13:12,080
of different videos some of them are

1968

01:13:16,149 --> 01:13:14,800
hours long and a lot of them are rare

1969

01:13:18,149 --> 01:13:16,159
because they're out of my collection and

1970

01:13:20,070 --> 01:13:18,159
i'm the only one who has them but you

1971

01:13:22,709 --> 01:13:20,080
could spend three weeks

1972

01:13:24,149 --> 01:13:22,719
going through this stuff

1973

01:13:25,910 --> 01:13:24,159
i mean this is

1974

01:13:29,350 --> 01:13:25,920
ever i mean yeah

1975

01:13:31,110 --> 01:13:29,360
this is what showtime used for part one

1976

01:13:32,950 --> 01:13:31,120

of their show that just came out last

1977

01:13:35,590 --> 01:13:32,960

summer

1978

01:13:37,189 --> 01:13:35,600

is that right so they they you gave them

1979

01:13:39,270 --> 01:13:37,199

license or whatever it is i didn't give

1980

01:13:42,149 --> 01:13:39,280

them anything they just came in and took

1981

01:13:43,510 --> 01:13:42,159

it was it was a jj abraham smash and

1982

01:13:45,669 --> 01:13:43,520

grab

1983

01:13:49,430 --> 01:13:45,679

oh yes i remember when that came out

1984

01:13:51,189 --> 01:13:49,440

okay so this is the actual video i shot

1985

01:13:53,030 --> 01:13:51,199

okay this is what you shot of the

1986

01:13:54,070 --> 01:13:53,040

phoenix lights

1987

01:13:55,590 --> 01:13:54,080

let me see

1988

01:13:56,870 --> 01:13:55,600

well that's an orb right there what

1989

01:14:02,950 --> 01:13:56,880

we're seeing

1990

01:14:06,950 --> 01:14:04,870

yeah if these are flares why is there a

1991

01:14:08,470 --> 01:14:06,960

trailer so yellow

1992

01:14:09,750 --> 01:14:08,480

there's the two of them oh this is the

1993

01:14:11,430 --> 01:14:09,760

location

1994

01:14:24,390 --> 01:14:11,440

this is steve right here

1995

01:14:24,400 --> 01:14:32,950

so this is march 13th 1997.

1996

01:14:35,990 --> 01:14:34,070

this is

1997

01:14:38,070 --> 01:14:36,000

slightly different there's another one

1998

01:14:39,430 --> 01:14:38,080

oh look one two three

1999

01:14:49,570 --> 01:14:39,440

wait where

2000

01:14:49,580 --> 01:14:55,110

[Applause]

2001

01:14:59,590 --> 01:14:57,590

i got the third one popping that girl is

2002

01:15:01,350 --> 01:14:59,600

really excited

2003

01:15:03,430 --> 01:15:01,360

i got four of them

2004

01:15:05,590 --> 01:15:03,440

major sighting here

2005

01:15:07,350 --> 01:15:05,600

how are you remember that

2006

01:15:09,510 --> 01:15:07,360

another one just showed up

2007

01:15:10,950 --> 01:15:09,520

whoa maybe somebody's setting up lights

2008

01:15:13,669 --> 01:15:10,960

when i saw this

2009

01:15:15,590 --> 01:15:13,679

we had something here

2010

01:15:21,590 --> 01:15:15,600

it was just amazing to watch

2011

01:15:24,950 --> 01:15:23,030

no

2012

01:15:28,310 --> 01:15:24,960

that's weird they're lined up in in a

2013

01:15:29,590 --> 01:15:28,320

pattern man there's geometry behind this

2014

01:15:31,910 --> 01:15:29,600

i can't even get them

2015

01:15:32,630 --> 01:15:31,920

i've never seen it look at that man this

2016

01:15:34,470 --> 01:15:32,640

is

2017

01:15:36,790 --> 01:15:34,480

just let's see oh there's three of them

2018

01:15:49,669 --> 01:15:36,800

all lined up

2019

01:15:54,709 --> 01:15:53,030

what does it look like bill

2020

01:15:57,189 --> 01:15:54,719

if you wanted to come you can't look i

2021

01:15:59,830 --> 01:15:57,199

saw the triangle max harrison said this

2022

01:16:01,189 --> 01:15:59,840

he thinks this was the same thing to

2023

01:16:03,189 --> 01:16:01,199

pick triangle

2024

01:16:05,590 --> 01:16:03,199

before yeah that's the spheres now

2025

01:16:07,350 --> 01:16:05,600

anybody watching this complete

2026

01:16:09,990 --> 01:16:07,360

yeah they just transformed into circles

2027

01:16:11,510 --> 01:16:10,000

right now right as you were talking

2028

01:16:15,430 --> 01:16:11,520

now they're tr they're now they're not

2029

01:16:18,950 --> 01:16:17,110

hey steven greer missed out didn't he

2030

01:16:20,870 --> 01:16:18,960

bill

2031

01:16:22,149 --> 01:16:20,880

we invited stephen greer to come and he

2032

01:16:24,390 --> 01:16:22,159

declined

2033

01:16:27,189 --> 01:16:24,400

he was in town that night nope this

2034

01:16:29,110 --> 01:16:27,199

isn't first for me

2035

01:16:31,990 --> 01:16:29,120

i have similar video of this from other

2036

01:16:32,000 --> 01:16:46,950

that one that one's

2037

01:16:49,510 --> 01:16:48,709

actually if you wanted to i mean i think

2038

01:16:51,590 --> 01:16:49,520

what

2039

01:16:52,709 --> 01:16:51,600

everyone is saying is really interesting

2040

01:16:53,990 --> 01:16:52,719

uh but

2041

01:16:55,510 --> 01:16:54,000

um

2042

01:16:57,189 --> 01:16:55,520

you think

2043

01:16:59,270 --> 01:16:57,199

when you look back at this and you look

2044

01:17:01,350 --> 01:16:59,280

it over now you're thinking it's

2045

01:17:03,910 --> 01:17:01,360

possible that what you were looking at

2046

01:17:07,910 --> 01:17:03,920

was flares or not

2047

01:17:10,870 --> 01:17:07,920

i came to that conclusion in 99

2048

01:17:13,350 --> 01:17:10,880

what i what i was doing was i was

2049

01:17:15,750 --> 01:17:13,360

working with the four videos

2050

01:17:18,390 --> 01:17:15,760

and something hit me that

2051
01:17:20,470 --> 01:17:18,400
there was a theory that village labs had

2052
01:17:22,070 --> 01:17:20,480
that there were two events at 10 that i

2053
01:17:23,910 --> 01:17:22,080
had filmed one here

2054
01:17:25,669 --> 01:17:23,920
and you guys probably heard this and

2055
01:17:27,910 --> 01:17:25,679
then the crap moved in front of south

2056
01:17:30,470 --> 01:17:27,920
mountain and that's when uh mike

2057
01:17:33,590 --> 01:17:30,480
christian filmed his then there was this

2058
01:17:35,750 --> 01:17:33,600
big controversy with that video is that

2059
01:17:37,510 --> 01:17:35,760
in front of south mountain or is that

2060
01:17:39,189 --> 01:17:37,520
above south mountain because if it's

2061
01:17:41,750 --> 01:17:39,199
above south mountain that makes some

2062
01:17:43,270 --> 01:17:41,760
flares if they're in front

2063
01:17:45,110 --> 01:17:43,280

that's not a flare drop because

2064

01:17:45,910 --> 01:17:45,120

everybody in the south phoenix would see

2065

01:17:47,270 --> 01:17:45,920

that

2066

01:17:49,750 --> 01:17:47,280

um

2067

01:17:51,430 --> 01:17:49,760

jim screwed up his analysis he got those

2068

01:17:52,870 --> 01:17:51,440

lights wrong he just kind of put him

2069

01:17:56,550 --> 01:17:52,880

where he thought they would go he didn't

2070

01:17:59,430 --> 01:17:56,560

actually use any staging thing right

2071

01:18:01,830 --> 01:17:59,440

uh with that so what i did is i'm like

2072

01:18:04,229 --> 01:18:01,840

well if this moved i filmed it and then

2073

01:18:06,550 --> 01:18:04,239

it lit up again how come i just couldn't

2074

01:18:08,070 --> 01:18:06,560

look to the right and film it

2075

01:18:10,310 --> 01:18:08,080

i should have seen it right it's in my

2076

01:18:12,470 --> 01:18:10,320

line of sight so what i did was i put

2077

01:18:13,750 --> 01:18:12,480

the four videos together mine

2078

01:18:16,790 --> 01:18:13,760

uh

2079

01:18:18,950 --> 01:18:16,800

chuck raritans cherry proctors

2080

01:18:21,189 --> 01:18:18,960

and by christians and i figured out how

2081

01:18:22,790 --> 01:18:21,199

to start and stop them with four videos

2082

01:18:24,709 --> 01:18:22,800

so you have mine one coin it's on my

2083

01:18:27,270 --> 01:18:24,719

site you have one in one corner it's a

2084

01:18:30,149 --> 01:18:27,280

split screen video so when i pause

2085

01:18:32,470 --> 01:18:30,159

recording the video stops and when i hit

2086

01:18:34,550 --> 01:18:32,480

record again it sinks in so all four

2087

01:18:37,590 --> 01:18:34,560

videos play in real time

2088

01:18:40,310 --> 01:18:37,600

when you watch this you go oh

2089

01:18:41,430 --> 01:18:40,320

we were recording all one event this did

2090

01:18:43,030 --> 01:18:41,440

not move

2091

01:18:45,189 --> 01:18:43,040

in front of any mountains like mike

2092

01:18:47,189 --> 01:18:45,199

christian says because when mike

2093

01:18:48,709 --> 01:18:47,199

christian's video ends

2094

01:18:50,390 --> 01:18:48,719

the guy behind him who filmed the

2095

01:18:52,630 --> 01:18:50,400

boomerang we just watched he's still

2096

01:18:54,550 --> 01:18:52,640

filming those 10 p.m lights

2097

01:18:56,070 --> 01:18:54,560

how is he doing that because they fell

2098

01:18:58,470 --> 01:18:56,080

below the mountains and mike can't see

2099

01:19:00,390 --> 01:18:58,480

him anymore but terry proctor lives

2100

01:19:02,950 --> 01:19:00,400

hundreds of feet above him in elevation

2101

01:19:03,910 --> 01:19:02,960

he could still see him

2102

01:19:05,669 --> 01:19:03,920

hmm

2103

01:19:06,870 --> 01:19:05,679

so you think they there were flares that

2104

01:19:09,830 --> 01:19:06,880

were dropping is that what you're

2105

01:19:12,310 --> 01:19:09,840

getting at yeah i mean i i'm about 95

2106

01:19:13,990 --> 01:19:12,320

sure i mean that trailing light like i

2107

01:19:15,669 --> 01:19:14,000

said kind of thrills me and then

2108

01:19:17,750 --> 01:19:15,679

charnell's video

2109

01:19:19,270 --> 01:19:17,760

uh it's just it looks just like my video

2110

01:19:20,550 --> 01:19:19,280

but it's moving at you and it's like 13

2111

01:19:23,189 --> 01:19:20,560

minutes long

2112

01:19:25,590 --> 01:19:23,199

yeah but let's let's get one thing very

2113

01:19:27,430 --> 01:19:25,600

straight here for the listener and

2114

01:19:28,709 --> 01:19:27,440

people that just watch that

2115

01:19:29,990 --> 01:19:28,719

there was

2116

01:19:31,990 --> 01:19:30,000

events

2117

01:19:34,390 --> 01:19:32,000

that people actually witnessed there

2118

01:19:36,310 --> 01:19:34,400

were the lights that people talked about

2119

01:19:38,709 --> 01:19:36,320

there were people that were seeing the

2120

01:19:42,229 --> 01:19:38,719

sky blackout above them in a triangular

2121

01:19:43,669 --> 01:19:42,239

or boomerang as you say uh formation

2122

01:19:45,910 --> 01:19:43,679

um that

2123

01:19:48,470 --> 01:19:45,920

they could see like a ripple of water i

2124

01:19:52,229 --> 01:19:48,480

remember someone that said uh it was

2125

01:19:54,149 --> 01:19:52,239

like a a kid at the time in 1997. i

2126

01:19:56,550 --> 01:19:54,159

think he said it was like when you look

2127

01:19:58,790 --> 01:19:56,560

at a road on a really hot summer day and

2128

01:20:00,310 --> 01:19:58,800

it ripples you know that's that's what

2129

01:20:01,990 --> 01:20:00,320

he could see the stars were like

2130

01:20:05,189 --> 01:20:02,000

rippling through when this thing went

2131

01:20:07,830 --> 01:20:05,199

over yeah that would be tim lee's son

2132

01:20:09,910 --> 01:20:07,840

yeah that was his testimony um mike

2133

01:20:12,070 --> 01:20:09,920

fortune said the same thing he said when

2134

01:20:13,430 --> 01:20:12,080

he saw it go by there was the moon there

2135

01:20:14,390 --> 01:20:13,440

and the thing went kind of through the

2136

01:20:17,189 --> 01:20:14,400

moon

2137

01:20:19,430 --> 01:20:17,199

so he could see like the outline of the

2138

01:20:20,390 --> 01:20:19,440

the ship and he said that's when he saw

2139

01:20:22,229 --> 01:20:20,400

just like

2140

01:20:23,510 --> 01:20:22,239

match that other that was a wavery

2141

01:20:25,910 --> 01:20:23,520

yellow

2142

01:20:28,070 --> 01:20:25,920

uh but there was it was it's semi

2143

01:20:30,070 --> 01:20:28,080

invisible so i think what happens is

2144

01:20:31,350 --> 01:20:30,080

when you see that black triangle

2145

01:20:33,030 --> 01:20:31,360

it can become

2146

01:20:35,270 --> 01:20:33,040

totally invisible

2147

01:20:37,990 --> 01:20:35,280

i i guess stealth or it could just turn

2148

01:20:40,709 --> 01:20:38,000

it off and you see it

2149

01:20:42,310 --> 01:20:40,719

yeah it's very very very weird any other

2150

01:20:44,629 --> 01:20:42,320

questions anybody wants yeah there's

2151

01:20:46,870 --> 01:20:44,639

questions that are coming up here uh

2152

01:20:50,470 --> 01:20:46,880

here's one right here from richard maybe

2153

01:20:53,350 --> 01:20:50,480

we can learn what they quote unquote uh

2154

01:20:56,709 --> 01:20:53,360

wanted to accomplish by looking at

2155

01:20:59,510 --> 01:20:56,719

what actually changed after the event

2156

01:21:01,750 --> 01:20:59,520

did the event change our ideas

2157

01:21:03,110 --> 01:21:01,760

about ets etc

2158

01:21:05,430 --> 01:21:03,120

i'm not sure you know that was a that

2159

01:21:06,709 --> 01:21:05,440

was one of the biggest mass sightings

2160

01:21:08,950 --> 01:21:06,719

ever

2161

01:21:11,910 --> 01:21:08,960

do you think it changed people's minds

2162

01:21:16,629 --> 01:21:11,920

in at least arizona or that area

2163

01:21:20,870 --> 01:21:19,030

the people that most people saw the

2164

01:21:23,110 --> 01:21:20,880

first event they didn't see the 10

2165

01:21:25,189 --> 01:21:23,120

o'clock event um

2166

01:21:27,669 --> 01:21:25,199

90 of the witnesses saw the boomerang

2167

01:21:29,910 --> 01:21:27,679

not the 10 pm event the 10 p.m event a

2168

01:21:31,990 --> 01:21:29,920

lot of people were in bed and if you

2169

01:21:34,149 --> 01:21:32,000

look at all the videos the reason that

2170

01:21:35,990 --> 01:21:34,159

these videos are recorded is because the

2171

01:21:37,590 --> 01:21:36,000

people lived in basically million dollar

2172

01:21:39,350 --> 01:21:37,600

homes that had a hell of a view of the

2173

01:21:41,270 --> 01:21:39,360

valley so if you're on the floor of the

2174

01:21:43,350 --> 01:21:41,280

valley you're not seeing what happened

2175

01:21:44,870 --> 01:21:43,360

at ten it's impossible

2176

01:21:47,830 --> 01:21:44,880

uh the people that saw what that

2177

01:21:49,430 --> 01:21:47,840

happened at 8 30 this changed most of

2178

01:21:50,629 --> 01:21:49,440

their lives they were never the same

2179

01:21:53,430 --> 01:21:50,639

afterwards

2180

01:21:55,189 --> 01:21:53,440

they were like i i got to see it into

2181

01:21:57,590 --> 01:21:55,199

another world that there's something

2182

01:21:59,350 --> 01:21:57,600

bigger than all of us here

2183

01:22:01,590 --> 01:21:59,360

almost everyone i talked to said this is

2184

01:22:03,350 --> 01:22:01,600

some e.t ship they don't know who it is

2185

01:22:05,189 --> 01:22:03,360

or where it came from but sure the hell

2186

01:22:07,590 --> 01:22:05,199

wasn't made here

2187

01:22:09,430 --> 01:22:07,600

and we're not using this thing at war

2188

01:22:12,390 --> 01:22:09,440

we're using i guess that fake military

2189

01:22:14,629 --> 01:22:12,400

with the f-18s and the f-35s and when we

2190

01:22:16,870 --> 01:22:14,639

really got ufos sitting in these hangers

2191

01:22:19,510 --> 01:22:16,880

we don't use like the uh secret space

2192

01:22:22,149 --> 01:22:19,520

program too right yeah i think that's

2193

01:22:24,149 --> 01:22:22,159

what they call it uh so thomas is saying

2194

01:22:26,629 --> 01:22:24,159

they were trying to light up the object

2195

01:22:28,950 --> 01:22:26,639

maryland a tens do you know what they

2196

01:22:30,709 --> 01:22:28,960

are though uh maryland national guard

2197

01:22:34,629 --> 01:22:30,719

was visiting at the time they're the

2198

01:22:36,550 --> 01:22:34,639

ones that are in this foia paperwork um

2199

01:22:38,629 --> 01:22:36,560

they were they were

2200

01:22:39,910 --> 01:22:38,639

uh they said with the reason there's so

2201

01:22:41,830 --> 01:22:39,920

many stories

2202

01:22:43,750 --> 01:22:41,840

that the military gave us they said that

2203

01:22:45,669 --> 01:22:43,760

the reason they ejected these flares is

2204

01:22:47,510 --> 01:22:45,679

because you can't land with them or the

2205

01:22:49,750 --> 01:22:47,520

plane will blow up

2206

01:22:51,510 --> 01:22:49,760

that they're extremely volatile and

2207

01:22:53,510 --> 01:22:51,520

they'll hit if the plane doesn't land

2208

01:22:57,030 --> 01:22:53,520

right fuel tank hits or something the

2209

01:22:59,430 --> 01:22:57,040

flares and i'm like come on it's bs

2210

01:23:01,430 --> 01:22:59,440

planes land with with lethal ordnance

2211

01:23:03,669 --> 01:23:01,440

all the time you don't have a plane that

2212

01:23:05,510 --> 01:23:03,679

goes up and says hey we can't land with

2213

01:23:07,270 --> 01:23:05,520

these sidewinders and these bombs so

2214

01:23:09,030 --> 01:23:07,280

just shoot them hell

2215

01:23:11,510 --> 01:23:09,040

yeah the only thing you ever hear about

2216

01:23:13,189 --> 01:23:11,520

a plane doing is they'll dump their fuel

2217

01:23:14,149 --> 01:23:13,199

because they'll be too heavy to land but

2218

01:23:16,310 --> 01:23:14,159

that's it

2219

01:23:18,870 --> 01:23:16,320

i've talked throughout i've ever heard i

2220

01:23:21,990 --> 01:23:18,880

talked to i think a lieutenant in

2221

01:23:24,629 --> 01:23:22,000

tucson um and he told me that they never

2222

01:23:27,430 --> 01:23:24,639

ever refuel over any cities like for

2223

01:23:29,030 --> 01:23:27,440

instance the video we just saw from 1992

2224

01:23:31,430 --> 01:23:29,040

of those two boomerangs

2225

01:23:33,430 --> 01:23:31,440

yeah okay that if that was let's say a

2226

01:23:35,669 --> 01:23:33,440

refueling operation they didn't refuel

2227

01:23:37,430 --> 01:23:35,679

here they they said they refuel over the

2228

01:23:39,350 --> 01:23:37,440

mountains around kingman

2229

01:23:41,669 --> 01:23:39,360

in flagstaff where there's

2230

01:23:43,189 --> 01:23:41,679

very sparse populations so they just

2231

01:23:45,590 --> 01:23:43,199

they dump on those people that own

2232

01:23:46,709 --> 01:23:45,600

cabins up there

2233

01:23:49,510 --> 01:23:46,719

yeah

2234

01:23:51,030 --> 01:23:49,520

so i've heard of the proctor video so

2235

01:23:52,550 --> 01:23:51,040

someone uh stephen is saying what about

2236

01:23:54,870 --> 01:23:52,560

the proctor video

2237

01:23:57,110 --> 01:23:54,880

of the phoenix lights

2238

01:23:59,270 --> 01:23:57,120

that's the one we just watched

2239

01:24:01,830 --> 01:23:59,280

oh okay it was the real grainy one with

2240

01:24:05,189 --> 01:24:01,840

the five said

2241

01:24:07,110 --> 01:24:05,199

terry proctor uh or terry mclaren

2242

01:24:09,750 --> 01:24:07,120

depends on his alias

2243

01:24:12,470 --> 01:24:09,760

all these guys had aliases is very weird

2244

01:24:14,709 --> 01:24:12,480

um he shot the 8 30 event and the 10

2245

01:24:17,669 --> 01:24:14,719

o'clock event and then he turned around

2246

01:24:19,669 --> 01:24:17,679

and he gave the tape to mufon and said i

2247

01:24:21,110 --> 01:24:19,679

don't want nothing to do with this

2248

01:24:23,669 --> 01:24:21,120

i'm giving it to you you own the

2249

01:24:25,350 --> 01:24:23,679

copyright everything he said the 10 pm

2250

01:24:26,390 --> 01:24:25,360

event was flares they've been doing this

2251

01:24:28,550 --> 01:24:26,400

for months

2252

01:24:30,629 --> 01:24:28,560

he goes i see this every night he's one

2253

01:24:32,149 --> 01:24:30,639

two and then when he they lit the sky up

2254

01:24:34,790 --> 01:24:32,159

then he's like oh my god they're really

2255

01:24:36,950 --> 01:24:34,800

going you know to the wall tonight

2256

01:24:38,229 --> 01:24:36,960

so that guy immediately he was one of

2257

01:24:40,310 --> 01:24:38,239

the three i mentioned that was just

2258

01:24:42,709 --> 01:24:40,320

watching these players over and over and

2259

01:24:44,709 --> 01:24:42,719

over so it goes back to the first thing

2260

01:24:47,510 --> 01:24:44,719

i was saying that no the 10 pm event

2261

01:24:49,110 --> 01:24:47,520

wasn't players dropped to debunk the 8

2262

01:24:51,350 --> 01:24:49,120

30 event because they were going to do

2263

01:24:53,189 --> 01:24:51,360

this anyway whether the boomerang showed

2264

01:24:54,550 --> 01:24:53,199

up or not those players are going to get

2265

01:24:56,470 --> 01:24:54,560

fired

2266

01:24:58,629 --> 01:24:56,480

it was just two mass sightings that

2267

01:25:00,310 --> 01:24:58,639

happened at the same time it made this a

2268

01:25:01,910 --> 01:25:00,320

super sighting and that's why so many

2269

01:25:03,910 --> 01:25:01,920

people seen it

2270

01:25:05,430 --> 01:25:03,920

if the flares didn't happen

2271

01:25:06,629 --> 01:25:05,440

the boomerang thing still would have

2272

01:25:08,229 --> 01:25:06,639

took place

2273

01:25:10,149 --> 01:25:08,239

it would have been a small blip on the

2274

01:25:11,669 --> 01:25:10,159

news because the video hardly anybody

2275

01:25:12,470 --> 01:25:11,679

has any video and it would have went

2276

01:25:14,709 --> 01:25:12,480

away

2277

01:25:17,510 --> 01:25:14,719

but the 10 p.m videos kept the story

2278

01:25:20,790 --> 01:25:19,189

wow well okay we have we're going to be

2279

01:25:23,750 --> 01:25:20,800

having calls here in just a minute i'll

2280

01:25:25,750 --> 01:25:23,760

put the number up um so jay allen says

2281

01:25:27,030 --> 01:25:25,760

honestly our test aircraft out in

2282

01:25:29,590 --> 01:25:27,040

arizona

2283

01:25:33,350 --> 01:25:29,600

we almost always have a chase aircraft

2284

01:25:36,070 --> 01:25:33,360

following gathering video telemetry uh

2285

01:25:37,430 --> 01:25:36,080

tel telemetry not saying this is the

2286

01:25:40,550 --> 01:25:37,440

explanation

2287

01:25:43,189 --> 01:25:40,560

but uh differentiate differentiate now

2288

01:25:44,629 --> 01:25:43,199

isn't that chase aircraft armed most of

2289

01:25:47,510 --> 01:25:44,639

the time

2290

01:25:49,510 --> 01:25:47,520

because uh from from what i was told

2291

01:25:51,350 --> 01:25:49,520

that chase aircraft is to make sure that

2292

01:25:53,910 --> 01:25:51,360

their experimental aircraft doesn't

2293

01:25:55,510 --> 01:25:53,920

defect if that guy thinks he's taking

2294

01:25:57,990 --> 01:25:55,520

off with this

2295

01:25:59,910 --> 01:25:58,000

and say go into iran a chase aircraft

2296

01:26:01,270 --> 01:25:59,920

will shoot him down crash into them or

2297

01:26:03,750 --> 01:26:01,280

blow him up

2298

01:26:05,590 --> 01:26:03,760

i think it's yeah they're for for safety

2299

01:26:07,750 --> 01:26:05,600

reasons and insurance reasons to make

2300

01:26:09,350 --> 01:26:07,760

sure we don't lose this because there

2301

01:26:10,790 --> 01:26:09,360

has been you know times in the past

2302

01:26:12,390 --> 01:26:10,800

where russians have landed with the

2303

01:26:15,590 --> 01:26:12,400

megan say i defect here it's yours

2304

01:26:19,590 --> 01:26:17,590

yeah yeah i'm going to open the phone

2305

01:26:23,990 --> 01:26:19,600

lines now we we have certainly enough

2306

01:26:26,070 --> 01:26:24,000

people in here um and now i i do i know

2307

01:26:28,070 --> 01:26:26,080

i had francis barwood on for a short

2308

01:26:30,470 --> 01:26:28,080

time but um

2309

01:26:32,070 --> 01:26:30,480

does she still take heat from from this

2310

01:26:34,229 --> 01:26:32,080

after all this time

2311

01:26:37,590 --> 01:26:34,239

uh she has been

2312

01:26:39,350 --> 01:26:37,600

probably more quiet than me uh in 2003 i

2313

01:26:40,709 --> 01:26:39,360

got burnt out and just walked away from

2314

01:26:42,950 --> 01:26:40,719

all this um

2315

01:26:45,189 --> 01:26:42,960

and i understand that i told you i i

2316

01:26:47,270 --> 01:26:45,199

gave it everything i had to figure this

2317

01:26:50,790 --> 01:26:47,280

out um

2318

01:26:52,390 --> 01:26:50,800

so and then 2015 my daughter urged me to

2319

01:26:53,910 --> 01:26:52,400

she's like hey was my friends always

2320

01:26:55,350 --> 01:26:53,920

talk about that thing you were involved

2321

01:26:56,950 --> 01:26:55,360

in a long time ago why don't you get

2322

01:26:59,830 --> 01:26:56,960

back in it so

2323

01:27:01,830 --> 01:26:59,840

i i put my toe back in the water and

2324

01:27:03,669 --> 01:27:01,840

then i fell in deep now i can't get i'm

2325

01:27:06,950 --> 01:27:03,679

hooked on this damn thing again i

2326

01:27:08,550 --> 01:27:06,960

successfully quit for 12 years went into

2327

01:27:11,350 --> 01:27:08,560

hiding nobody can get a hold of me

2328

01:27:13,590 --> 01:27:11,360

nothing and now i'm back uh now i'm

2329

01:27:15,189 --> 01:27:13,600

using 4k thermal whatever i can get

2330

01:27:17,990 --> 01:27:15,199

before get my hands on

2331

01:27:20,950 --> 01:27:18,000

yeah that happens i had um chris uh i

2332

01:27:22,950 --> 01:27:20,960

can't think of his name right now on um

2333

01:27:24,550 --> 01:27:22,960

ufo historian

2334

01:27:26,149 --> 01:27:24,560

in massachusetts

2335

01:27:28,390 --> 01:27:26,159

or not no chris o'brien's been on a

2336

01:27:30,629 --> 01:27:28,400

million times i'm trying to think of uh

2337

01:27:31,830 --> 01:27:30,639

great guy i'm gonna be doing some things

2338

01:27:33,669 --> 01:27:31,840

with them in the future i just can't

2339

01:27:35,350 --> 01:27:33,679

think of his name i'll think of it but

2340

01:27:37,750 --> 01:27:35,360

here's uh here's another question again

2341

01:27:39,830 --> 01:27:37,760

the lines are open eight five five four

2342

01:27:42,229 --> 01:27:39,840

seven two five four eight three

2343

01:27:43,270 --> 01:27:42,239

and that number will be up on the on the

2344

01:27:45,669 --> 01:27:43,280

screen

2345

01:27:46,870 --> 01:27:45,679

um did anyone report failing cameras or

2346

01:27:48,470 --> 01:27:46,880

electronics

2347

01:27:50,390 --> 01:27:48,480

in presence of these triangles that

2348

01:27:52,310 --> 01:27:50,400

happens a lot

2349

01:27:53,270 --> 01:27:52,320

absolutely

2350

01:27:56,149 --> 01:27:53,280

um

2351

01:27:59,110 --> 01:27:56,159

in this case that i know of uh

2352

01:28:01,510 --> 01:27:59,120

it was when i was shooting so

2353

01:28:03,350 --> 01:28:01,520

when the video we just watched

2354

01:28:05,750 --> 01:28:03,360

there's a party going on there a bunch

2355

01:28:07,750 --> 01:28:05,760

of people on this balcony this

2356

01:28:10,390 --> 01:28:07,760

the the thing the string of lights was

2357

01:28:12,470 --> 01:28:10,400

so low that i really couldn't see it on

2358

01:28:14,470 --> 01:28:12,480

the second story balcony and i didn't

2359

01:28:15,590 --> 01:28:14,480

know this guy steve blonder but i

2360

01:28:17,270 --> 01:28:15,600

thought

2361

01:28:18,950 --> 01:28:17,280

i've been asked to come here to record

2362

01:28:20,470 --> 01:28:18,960

this or whatever's going to happen and

2363

01:28:23,030 --> 01:28:20,480

i'm going to do it

2364

01:28:25,350 --> 01:28:23,040

and i threw manners out the window and i

2365

01:28:27,910 --> 01:28:25,360

jumped up on his balcony rail which is

2366

01:28:30,149 --> 01:28:27,920

just this cement thing about this wide

2367

01:28:32,390 --> 01:28:30,159

and i'm standing there filming like this

2368

01:28:34,470 --> 01:28:32,400

and i have a tv pop-up tv so everyone

2369

01:28:37,510 --> 01:28:34,480

can see what i'm doing and i'm trying to

2370

01:28:40,229 --> 01:28:37,520

balance like you know and film and shoot

2371

01:28:42,470 --> 01:28:40,239

this as it unfolds

2372

01:28:43,990 --> 01:28:42,480

bill's camera malfunction bill hamilton

2373

01:28:45,110 --> 01:28:44,000

he's a guy who did under on base

2374

01:28:47,270 --> 01:28:45,120

research

2375

01:28:48,870 --> 01:28:47,280

his camp battery died and he charged it

2376
01:28:50,709 --> 01:28:48,880
before we went because we know we're

2377
01:28:52,790 --> 01:28:50,719
hunting ufos at night

2378
01:28:54,550 --> 01:28:52,800
steve blonder's battery died for some

2379
01:28:56,070 --> 01:28:54,560
reason he didn't even like he lived

2380
01:28:57,750 --> 01:28:56,080
there he didn't even get in the charger

2381
01:28:59,750 --> 01:28:57,760
and turn it on or there would have been

2382
01:29:00,629 --> 01:28:59,760
three videos from this location

2383
01:29:01,910 --> 01:29:00,639
so

2384
01:29:03,830 --> 01:29:01,920
possibly

2385
01:29:05,430 --> 01:29:03,840
they did it but then if you think the 10

2386
01:29:07,910 --> 01:29:05,440
p.m or flares how the hell did players

2387
01:29:10,149 --> 01:29:07,920
knock out his battery

2388
01:29:12,790 --> 01:29:10,159

yeah there you go um so i want to know

2389

01:29:15,270 --> 01:29:12,800

what this uh person uh beautiful spirit

2390

01:29:17,270 --> 01:29:15,280

willis sold out so you have uh uh if

2391

01:29:19,350 --> 01:29:17,280

you'd like to call in i'm wondering what

2392

01:29:22,229 --> 01:29:19,360

they are talking or what this one person

2393

01:29:24,629 --> 01:29:22,239

is talking about but it it it it doesn't

2394

01:29:26,629 --> 01:29:24,639

matter you know i i have people will

2395

01:29:28,390 --> 01:29:26,639

write me nasty things and say nasty

2396

01:29:30,310 --> 01:29:28,400

things and you know what

2397

01:29:32,950 --> 01:29:30,320

have have a ball um because i really

2398

01:29:33,910 --> 01:29:32,960

don't care i'm happy with what i do and

2399

01:29:35,750 --> 01:29:33,920

uh

2400

01:29:37,350 --> 01:29:35,760

and i and i'm trying to steer a clear

2401
01:29:41,110 --> 01:29:37,360
course and try to be actual as much as

2402
01:29:44,430 --> 01:29:41,120
possible so whatever um have fun

2403
01:29:47,110 --> 01:29:44,440
um so the lines are open again that's

2404
01:29:51,430 --> 01:29:47,120
855-472-5483 i was looking for

2405
01:29:56,390 --> 01:29:53,350
anyway uh there were some people that

2406
01:29:58,790 --> 01:29:56,400
saw the boomerang that felt

2407
01:30:00,950 --> 01:29:58,800
a peaceful connection with it so i don't

2408
01:30:04,149 --> 01:30:00,960
know if that's a thing um i didn't see

2409
01:30:06,390 --> 01:30:04,159
the boomerang i saw the 10 pm deal

2410
01:30:09,030 --> 01:30:06,400
but just meeting these people that they

2411
01:30:10,709 --> 01:30:09,040
weren't the same i mean i think most of

2412
01:30:13,270 --> 01:30:10,719
the people had post-traumatic stress

2413
01:30:13,990 --> 01:30:13,280

disorder that they were just shocked i

2414

01:30:16,470 --> 01:30:14,000

mean

2415

01:30:17,750 --> 01:30:16,480

how the hell do you go back to work on

2416

01:30:19,669 --> 01:30:17,760

friday

2417

01:30:22,070 --> 01:30:19,679

when last night you seen an alien ship

2418

01:30:24,070 --> 01:30:22,080

fly over and today you're packing boxes

2419

01:30:26,390 --> 01:30:24,080

or whatever the hell your job is

2420

01:30:28,229 --> 01:30:26,400

i remember when i got home from work

2421

01:30:30,229 --> 01:30:28,239

i was playing i mean we were out till

2422

01:30:32,709 --> 01:30:30,239

midnight and i worked construction so

2423

01:30:34,149 --> 01:30:32,719

i'd get up at like 4 30. i was playing

2424

01:30:36,149 --> 01:30:34,159

that tape till three o'clock in the

2425

01:30:38,229 --> 01:30:36,159

morning rewinding it going what the hell

2426

01:30:40,310 --> 01:30:38,239

just took place and then i couldn't i

2427

01:30:42,390 --> 01:30:40,320

would i'd be doing it be doing the same

2428

01:30:43,990 --> 01:30:42,400

thing and then i went to work next day

2429

01:30:46,390 --> 01:30:44,000

it's tired going

2430

01:30:48,550 --> 01:30:46,400

alien ships last night it's gonna be on

2431

01:30:50,470 --> 01:30:48,560

the new and then i get home from work

2432

01:30:52,310 --> 01:30:50,480

and i think okay i gotta i gotta get

2433

01:30:54,390 --> 01:30:52,320

with bill and get bill a copy of the

2434

01:30:56,070 --> 01:30:54,400

tape get steve blonder go back to his

2435

01:30:58,149 --> 01:30:56,080

house where i recorded get him a copy of

2436

01:30:59,430 --> 01:30:58,159

the tape and i get home my answering

2437

01:31:01,270 --> 01:30:59,440

machine is full i don't know if people

2438

01:31:02,790 --> 01:31:01,280

knew what answering machines

2439

01:31:05,030 --> 01:31:02,800

they were this thing with a tape and

2440

01:31:06,470 --> 01:31:05,040

they'd record like 12 calls it was full

2441

01:31:08,790 --> 01:31:06,480

tv reporters

2442

01:31:10,149 --> 01:31:08,800

and bill bill goes tom

2443

01:31:14,149 --> 01:31:10,159

we missed it

2444

01:31:16,149 --> 01:31:14,159

something huge happened last night and

2445

01:31:18,149 --> 01:31:16,159

we saw like a small section of it but

2446

01:31:20,310 --> 01:31:18,159

there was something amazing calling me

2447

01:31:22,550 --> 01:31:20,320

and that's when we found out that all

2448

01:31:25,110 --> 01:31:22,560

hell broke loose that's right i mean we

2449

01:31:27,110 --> 01:31:25,120

we know if this was an alien invasion

2450

01:31:28,950 --> 01:31:27,120

we we definitely felt the the

2451

01:31:31,510 --> 01:31:28,960

investigators that this was a show of

2452

01:31:32,790 --> 01:31:31,520

force this was basically saying don't

2453

01:31:34,790 --> 01:31:32,800

screw with us

2454

01:31:36,550 --> 01:31:34,800

i mean we can turn off your nukes look

2455

01:31:38,870 --> 01:31:36,560

at the size of these ships they're the

2456

01:31:41,270 --> 01:31:38,880

size of your town

2457

01:31:42,629 --> 01:31:41,280

yeah and if one of those let's say you

2458

01:31:45,189 --> 01:31:42,639

know people say

2459

01:31:47,669 --> 01:31:45,199

those are out of area 51 and then again

2460

01:31:49,430 --> 01:31:47,679

with that we never use it we just fly

2461

01:31:50,629 --> 01:31:49,440

him around on joy rides

2462

01:31:53,030 --> 01:31:50,639

uh

2463

01:31:55,189 --> 01:31:53,040

if that thing crashed

2464

01:31:56,629 --> 01:31:55,199

it would have took out tempe i mean it

2465

01:31:59,030 --> 01:31:56,639

would have took out hundreds and

2466

01:32:01,510 --> 01:31:59,040

hundreds of homes and you just don't do

2467

01:32:04,550 --> 01:32:01,520

that with experimental technology that's

2468

01:32:06,310 --> 01:32:04,560

new and just cruise over down the strip

2469

01:32:08,550 --> 01:32:06,320

in las vegas bring it back the next

2470

01:32:10,550 --> 01:32:08,560

night and nobody still record it then

2471

01:32:12,390 --> 01:32:10,560

fly down phoenix

2472

01:32:13,830 --> 01:32:12,400

we're due for another one of these and

2473

01:32:15,030 --> 01:32:13,840

next time

2474

01:32:16,470 --> 01:32:15,040

it's going to be different because

2475

01:32:18,709 --> 01:32:16,480

people are going to record it with their

2476
01:32:20,310 --> 01:32:18,719
phones the government's more open and

2477
01:32:21,030 --> 01:32:20,320
you off awoke

2478
01:32:22,790 --> 01:32:21,040
uh

2479
01:32:24,950 --> 01:32:22,800
hopefully we'll be alive when this

2480
01:32:27,110 --> 01:32:24,960
happens because it is going to happen it

2481
01:32:29,830 --> 01:32:27,120
just happened again in ireland

2482
01:32:31,990 --> 01:32:29,840
and it's just the lottery shot when this

2483
01:32:34,070 --> 01:32:32,000
thing's gonna fly over town with its

2484
01:32:36,550 --> 01:32:34,080
mile-long buddies

2485
01:32:38,629 --> 01:32:36,560
right right we have uh we have a couple

2486
01:32:40,550 --> 01:32:38,639
of phone calls here uh we're gonna take

2487
01:32:43,030 --> 01:32:40,560
the first one we have steve

2488
01:32:45,510 --> 01:32:43,040

uh from oregon steve you are live and on

2489

01:32:47,669 --> 01:32:45,520

the air welcome to the show

2490

01:32:49,910 --> 01:32:47,679

hello hey guys can you hear me okay

2491

01:32:52,870 --> 01:32:49,920

yeah we can hear you

2492

01:32:55,270 --> 01:32:52,880

okay um so my i have a comment

2493

01:32:57,430 --> 01:32:55,280

just on your video that you captured at

2494

01:32:58,870 --> 01:32:57,440

10 o'clock in the flares

2495

01:33:00,950 --> 01:32:58,880

i just think you're greatly

2496

01:33:02,950 --> 01:33:00,960

underestimating

2497

01:33:04,070 --> 01:33:02,960

the value of that video

2498

01:33:06,709 --> 01:33:04,080

because

2499

01:33:09,669 --> 01:33:06,719

that video and the videos like it got

2500

01:33:11,510 --> 01:33:09,679

played on all the local news stations

2501

01:33:14,310 --> 01:33:11,520

all day the next day

2502

01:33:16,550 --> 01:33:14,320

yes it did it's very clear that

2503

01:33:18,310 --> 01:33:16,560

very clear that nothing

2504

01:33:21,110 --> 01:33:18,320

like that had been happening in the

2505

01:33:23,590 --> 01:33:21,120

prior months nothing even close to that

2506

01:33:25,110 --> 01:33:23,600

so it's a pretty clear indicator that

2507

01:33:28,629 --> 01:33:25,120

that was

2508

01:33:31,270 --> 01:33:28,639

orchestrated to cover the 8 30 event

2509

01:33:33,430 --> 01:33:31,280

and to confuse all the reportings about

2510

01:33:35,430 --> 01:33:33,440

the 8 30 event

2511

01:33:37,910 --> 01:33:35,440

and i don't you know for the guys

2512

01:33:39,830 --> 01:33:37,920

running around saying

2513

01:33:41,510 --> 01:33:39,840

the flare drops happen all the time over

2514

01:33:43,990 --> 01:33:41,520

the military range

2515

01:33:45,510 --> 01:33:44,000

that there's no way flare drops that

2516

01:33:47,189 --> 01:33:45,520

happened all the time would have made it

2517

01:33:49,430 --> 01:33:47,199

on local news

2518

01:33:50,870 --> 01:33:49,440

on all the stations the next day got

2519

01:33:53,590 --> 01:33:50,880

getting played

2520

01:33:56,229 --> 01:33:53,600

i mean that was an orchestrated event

2521

01:33:58,709 --> 01:33:56,239

to confuse the population about what

2522

01:34:00,149 --> 01:33:58,719

happened at 8 30. it was pretty clear i

2523

01:34:02,310 --> 01:34:00,159

mean like you said

2524

01:34:03,110 --> 01:34:02,320

reports were coming into from paulden

2525

01:34:04,709 --> 01:34:03,120

from

2526

01:34:07,590 --> 01:34:04,719

you know clear across the state there's

2527

01:34:09,270 --> 01:34:07,600

also reports from prescott

2528

01:34:10,950 --> 01:34:09,280

so i just i think

2529

01:34:13,270 --> 01:34:10,960

the video that you have is very

2530

01:34:15,270 --> 01:34:13,280

important because it documents

2531

01:34:16,229 --> 01:34:15,280

the government's attempt to obfuscate

2532

01:34:17,750 --> 01:34:16,239

the whole

2533

01:34:20,950 --> 01:34:17,760

event

2534

01:34:22,229 --> 01:34:20,960

and i that's just my comment about

2535

01:34:24,470 --> 01:34:22,239

what you have there

2536

01:34:26,070 --> 01:34:24,480

well thanks for calling in i appreciate

2537

01:34:28,310 --> 01:34:26,080

your comment um

2538

01:34:30,470 --> 01:34:28,320

i was totally on board

2539

01:34:32,229 --> 01:34:30,480

with that the deeper i fell into this

2540

01:34:34,229 --> 01:34:32,239

rabbit hole the more i realized that

2541

01:34:36,550 --> 01:34:34,239

they were just shooting these flares off

2542

01:34:38,950 --> 01:34:36,560

anyway not in a mass thing where they're

2543

01:34:40,709 --> 01:34:38,960

shooting off nine like that the they

2544

01:34:43,030 --> 01:34:40,719

said that they discharged these at about

2545

01:34:44,870 --> 01:34:43,040

a 7 500 feet

2546

01:34:46,550 --> 01:34:44,880

and then we have three mountain or two

2547

01:34:49,109 --> 01:34:46,560

mountain ranges the estrellas in south

2548

01:34:50,709 --> 01:34:49,119

mountain about 3 500 feet so they have

2549

01:34:52,390 --> 01:34:50,719

to clear that

2550

01:34:54,950 --> 01:34:52,400

in order to be seen

2551
01:34:57,590 --> 01:34:54,960
but here's here's my point if this was a

2552
01:34:59,430 --> 01:34:57,600
distraction how come only a few people

2553
01:35:02,149 --> 01:34:59,440
saw it i mean

2554
01:35:04,470 --> 01:35:02,159
the the five videos were shot by

2555
01:35:06,870 --> 01:35:04,480
basically people had really nice houses

2556
01:35:09,189 --> 01:35:06,880
but the people on the valley floor

2557
01:35:10,310 --> 01:35:09,199
didn't see what happened at 10 because

2558
01:35:12,550 --> 01:35:10,320
you can't

2559
01:35:15,669 --> 01:35:12,560
most of those saw the 8 30 event so if

2560
01:35:17,350 --> 01:35:15,679
this was a cover-up for 8 30 they failed

2561
01:35:21,030 --> 01:35:17,360
because most of the people weren't able

2562
01:35:22,709 --> 01:35:21,040
to see it it did get recorded

2563
01:35:24,149 --> 01:35:22,719

what you're saying can't be ruled out at

2564

01:35:25,910 --> 01:35:24,159

all

2565

01:35:27,430 --> 01:35:25,920

not a hundred percent

2566

01:35:28,790 --> 01:35:27,440

i just don't believe our government's

2567

01:35:32,870 --> 01:35:28,800

that good

2568

01:35:35,750 --> 01:35:32,880

uh everybody our government sucks i mean

2569

01:35:37,750 --> 01:35:35,760

we saw in horror on 9 11 basically just

2570

01:35:39,830 --> 01:35:37,760

people toying with us for hours until

2571

01:35:42,950 --> 01:35:39,840

our government got their crap together

2572

01:35:45,109 --> 01:35:42,960

and that was a a shocking new experience

2573

01:35:46,550 --> 01:35:45,119

for everybody but for us people in the

2574

01:35:48,550 --> 01:35:46,560

phoenix lights were like there's more

2575

01:35:50,470 --> 01:35:48,560

government and confidence again

2576

01:35:52,950 --> 01:35:50,480

people can fly anywhere they want they

2577

01:35:55,030 --> 01:35:52,960

could fly over malibu and bomb

2578

01:35:57,350 --> 01:35:55,040

caitlyn jenner's house and get away with

2579

01:35:58,870 --> 01:35:57,360

it no you'll know what happened

2580

01:36:00,390 --> 01:35:58,880

it's just an illusion that their

2581

01:36:01,510 --> 01:36:00,400

government has its crap together in

2582

01:36:03,350 --> 01:36:01,520

their production

2583

01:36:05,990 --> 01:36:03,360

at all

2584

01:36:08,070 --> 01:36:06,000

we can hear you now yeah go ahead okay

2585

01:36:09,750 --> 01:36:08,080

sorry about that but the problem with

2586

01:36:11,669 --> 01:36:09,760

that is

2587

01:36:13,109 --> 01:36:11,679

if if it was happening all along there's

2588

01:36:14,709 --> 01:36:13,119

no way that would have made it on the

2589

01:36:16,709 --> 01:36:14,719

local news

2590

01:36:18,550 --> 01:36:16,719

on all these local stations you can go

2591

01:36:20,870 --> 01:36:18,560

on youtube right now

2592

01:36:23,669 --> 01:36:20,880

and find the local news coverage and you

2593

01:36:27,189 --> 01:36:23,679

say nobody saw that everybody around the

2594

01:36:30,390 --> 01:36:27,199

world has seen that a million times

2595

01:36:33,510 --> 01:36:30,400

he meant he meant lives

2596

01:36:34,629 --> 01:36:33,520

he meant contemporaries contemporary to

2597

01:36:36,470 --> 01:36:34,639

the moment

2598

01:36:39,189 --> 01:36:36,480

that only the people that were in higher

2599

01:36:41,270 --> 01:36:39,199

elevations we're able to see it so what

2600

01:36:43,430 --> 01:36:41,280

i'm getting at correct me if i'm wrong

2601
01:36:46,629 --> 01:36:43,440
tom but what i'm what he was saying

2602
01:36:49,350 --> 01:36:46,639
there is that um if they were going to

2603
01:36:50,470 --> 01:36:49,360
cover up cover-ups or try to cover up

2604
01:36:54,709 --> 01:36:50,480
they would

2605
01:36:57,270 --> 01:36:54,719
elevations where people did see you know

2606
01:36:59,350 --> 01:36:57,280
the boomerang and not way up above where

2607
01:37:01,990 --> 01:36:59,360
only a few houses uh that are in the

2608
01:37:04,149 --> 01:37:02,000
higher elevations will see this

2609
01:37:06,709 --> 01:37:04,159
well if they if they launched it up

2610
01:37:09,350 --> 01:37:06,719
higher

2611
01:37:11,510 --> 01:37:09,360
hang on i i'm sorry i had to mute you uh

2612
01:37:13,350 --> 01:37:11,520
uh steve go ahead i mean i'm yeah steve

2613
01:37:15,430 --> 01:37:13,360

i had to mute you go ahead tom quick if

2614

01:37:17,750 --> 01:37:15,440

they launched that 10 000 feet up higher

2615

01:37:20,790 --> 01:37:17,760

it would have been seen by everybody

2616

01:37:22,229 --> 01:37:20,800

okay but 7 500 feet was barely in the

2617

01:37:23,910 --> 01:37:22,239

context i think of what he's saying is

2618

01:37:25,750 --> 01:37:23,920

millions of people have seen the

2619

01:37:27,750 --> 01:37:25,760

aftermath of this and yeah it was on

2620

01:37:30,149 --> 01:37:27,760

local news the next day but in the

2621

01:37:32,070 --> 01:37:30,159

context of living through that in real

2622

01:37:34,390 --> 01:37:32,080

time the government denied all

2623

01:37:36,550 --> 01:37:34,400

responsibility for the 10 pm right after

2624

01:37:38,470 --> 01:37:36,560

that they didn't just step up and go yep

2625

01:37:41,590 --> 01:37:38,480

those were our flares man that's all

2626

01:37:43,750 --> 01:37:41,600

there is to it it took three months uh

2627

01:37:45,430 --> 01:37:43,760

until eileen benz

2628

01:37:48,550 --> 01:37:45,440

dug deep she was

2629

01:37:49,430 --> 01:37:48,560

i believe uh air force officer here

2630

01:37:51,430 --> 01:37:49,440

and

2631

01:37:54,310 --> 01:37:51,440

it's funny she found my stray cat i went

2632

01:37:56,790 --> 01:37:54,320

missing it's a weird world um

2633

01:37:58,550 --> 01:37:56,800

she dug in and i think was 90 days later

2634

01:38:01,030 --> 01:37:58,560

all of a sudden the military reversed

2635

01:38:03,270 --> 01:38:01,040

and said okay we're taking credit for

2636

01:38:04,870 --> 01:38:03,280

the 10 p.m we don't know what happened

2637

01:38:05,669 --> 01:38:04,880

at 8 30. so

2638

01:38:08,629 --> 01:38:05,679

up

2639

01:38:11,030 --> 01:38:08,639

obscure yeah but they didn't come

2640

01:38:12,790 --> 01:38:11,040

forward if this was a cover-up how come

2641

01:38:15,350 --> 01:38:12,800

nobody came forward said yeah those are

2642

01:38:17,590 --> 01:38:15,360

flares immediately they gave off so many

2643

01:38:20,229 --> 01:38:17,600

stories i called luke air force base and

2644

01:38:22,950 --> 01:38:20,239

they said that uh one night they said we

2645

01:38:24,950 --> 01:38:22,960

think that was a an ultralight pilot

2646

01:38:25,990 --> 01:38:24,960

that was flying christmas lights behind

2647

01:38:27,669 --> 01:38:26,000

it

2648

01:38:29,590 --> 01:38:27,679

and then i called the next night and i

2649

01:38:31,109 --> 01:38:29,600

talked to a different person and i said

2650

01:38:32,629 --> 01:38:31,119

what do you think about the theory that

2651

01:38:34,709 --> 01:38:32,639

this was an ultralight with christmas

2652

01:38:36,390 --> 01:38:34,719

lights and they said that's preposterous

2653

01:38:38,149 --> 01:38:36,400

they said well your co-worker told me

2654

01:38:40,310 --> 01:38:38,159

that last night you guys really need to

2655

01:38:41,590 --> 01:38:40,320

get your act together the dealing with

2656

01:38:44,470 --> 01:38:41,600

the military

2657

01:38:47,030 --> 01:38:44,480

uh and there are spokespeople from luke

2658

01:38:50,070 --> 01:38:47,040

all over it was it was a mess i mean

2659

01:38:51,669 --> 01:38:50,080

they put out no consistent messaging if

2660

01:38:53,750 --> 01:38:51,679

they were gonna cover up they would have

2661

01:38:55,750 --> 01:38:53,760

this is our point we're driving that

2662

01:38:57,189 --> 01:38:55,760

talking point home they had nothing they

2663

01:38:58,790 --> 01:38:57,199

were all over the map they didn't know

2664

01:38:59,830 --> 01:38:58,800

what i think that they were just

2665

01:39:02,709 --> 01:38:59,840

basically

2666

01:39:03,750 --> 01:39:02,719

calling their pants down this night

2667

01:39:05,350 --> 01:39:03,760

yeah

2668

01:39:06,790 --> 01:39:05,360

all right steve well hey thank you for

2669

01:39:08,550 --> 01:39:06,800

the call we have someone else holding

2670

01:39:10,229 --> 01:39:08,560

thank you steve

2671

01:39:12,070 --> 01:39:10,239

thank you now

2672

01:39:13,990 --> 01:39:12,080

all right we have rob calling from

2673

01:39:16,950 --> 01:39:14,000

florida rob you are live on the air

2674

01:39:21,510 --> 01:39:19,590

martin good evening to you and uh i i

2675

01:39:24,070 --> 01:39:21,520

was the one that sent you that email the

2676

01:39:27,750 --> 01:39:24,080

other day uh about my theory about why

2677

01:39:30,310 --> 01:39:27,760

cars stall you know when yes

2678

01:39:32,870 --> 01:39:30,320

yeah i was um i was out i was off the

2679

01:39:34,629 --> 01:39:32,880

grid for a while i'm not even sure i

2680

01:39:36,310 --> 01:39:34,639

remember seeing the email but i don't

2681

01:39:39,590 --> 01:39:36,320

even remember if i responded to you if i

2682

01:39:42,149 --> 01:39:39,600

didn't eventually i'll try to

2683

01:39:44,629 --> 01:39:42,159

no you you did it it was uh i'm on the

2684

01:39:45,750 --> 01:39:44,639

road and i'll get back with you totally

2685

01:39:47,590 --> 01:39:45,760

understand

2686

01:39:49,189 --> 01:39:47,600

we're just pulled into baton rouge on

2687

01:39:51,430 --> 01:39:49,199

our way to roswell we're going to be a

2688

01:39:53,510 --> 01:39:51,440

week in roswell week in tucson two weeks

2689

01:39:55,430 --> 01:39:53,520

in phoenix and two weeks in albuquerque

2690

01:39:57,350 --> 01:39:55,440

and i hope to do some research at the

2691

01:39:59,430 --> 01:39:57,360

david marlar facility when i'm out there

2692

01:40:03,590 --> 01:39:59,440

but great show tonight this you know

2693

01:40:06,070 --> 01:40:03,600

steve phoenix lights is such a damn good

2694

01:40:08,149 --> 01:40:06,080

case because yeah you got the videos

2695

01:40:10,310 --> 01:40:08,159

which are looked at when i saw it look

2696

01:40:11,990 --> 01:40:10,320

like flares you know slowly filtering

2697

01:40:14,470 --> 01:40:12,000

down but it's the veracity of the

2698

01:40:18,149 --> 01:40:14,480

witnesses of the large you know uh

2699

01:40:20,950 --> 01:40:18,159

boomerang shape and my question is

2700

01:40:23,669 --> 01:40:20,960

do you think this translucent effect of

2701

01:40:25,830 --> 01:40:23,679

these objects is this the light being

2702

01:40:28,470 --> 01:40:25,840

bent around these things by some kind of

2703

01:40:30,470 --> 01:40:28,480

an anti-gravity effect or is it an act

2704

01:40:31,830 --> 01:40:30,480

of camouflage which i don't think is the

2705

01:40:33,590 --> 01:40:31,840

active camouflage because why would you

2706

01:40:35,430 --> 01:40:33,600

burn big old lights if you're trying to

2707

01:40:37,109 --> 01:40:35,440

hide behind active camouflage but what

2708

01:40:39,990 --> 01:40:37,119

are your thoughts about that as far as

2709

01:40:41,990 --> 01:40:40,000

the translucence of this object

2710

01:40:45,270 --> 01:40:42,000

good question

2711

01:40:46,550 --> 01:40:45,280

i think that is just their technology to

2712

01:40:48,709 --> 01:40:46,560

decide

2713

01:40:50,790 --> 01:40:48,719

who is going to see it from what angle i

2714

01:40:53,109 --> 01:40:50,800

mean can they make it a hundred percent

2715

01:40:55,189 --> 01:40:53,119

camouflaged or they can like

2716

01:40:57,109 --> 01:40:55,199

camouflage it from a certain degree so

2717

01:40:59,030 --> 01:40:57,119

people over here can see it there are

2718

01:41:01,350 --> 01:40:59,040

people that would see one event and they

2719

01:41:02,790 --> 01:41:01,360

wouldn't see another one like me i

2720

01:41:04,470 --> 01:41:02,800

should have saw more than one event at

2721

01:41:06,790 --> 01:41:04,480

ten o'clock and i just saw

2722

01:41:09,030 --> 01:41:06,800

what i saw but

2723

01:41:11,350 --> 01:41:09,040

we don't really know i mean we can't

2724

01:41:13,830 --> 01:41:11,360

ever really understand this technology

2725

01:41:16,310 --> 01:41:13,840

if it was not never built on this planet

2726
01:41:17,590 --> 01:41:16,320
to begin with or around here this thing

2727
01:41:20,070 --> 01:41:17,600
seems to be

2728
01:41:22,790 --> 01:41:20,080
maybe at least a couple of 100 years

2729
01:41:25,430 --> 01:41:22,800
more advanced than anything we have this

2730
01:41:27,189 --> 01:41:25,440
boomerang is like a flying aircraft

2731
01:41:28,950 --> 01:41:27,199
carrier that has those lights that

2732
01:41:33,270 --> 01:41:28,960
undock that it can

2733
01:41:34,950 --> 01:41:33,280
shoot around uh f15 intercepted it

2734
01:41:36,790 --> 01:41:34,960
scared the hell out of them they

2735
01:41:39,030 --> 01:41:36,800
couldn't even scan it they couldn't you

2736
01:41:40,550 --> 01:41:39,040
know get a radar lock on it they

2737
01:41:41,990 --> 01:41:40,560
probably have flare footage of it

2738
01:41:45,430 --> 01:41:42,000

because i don't think you can jam a

2739

01:41:47,109 --> 01:41:45,440

floor pod thank god so there must be a

2740

01:41:50,070 --> 01:41:47,119

collection within the intelligence

2741

01:41:52,790 --> 01:41:50,080

agency of just what this is

2742

01:41:54,550 --> 01:41:52,800

oh don't you know the amount of sensors

2743

01:41:56,709 --> 01:41:54,560

they have i mean you you can only

2744

01:41:58,229 --> 01:41:56,719

imagine the data they actually have

2745

01:42:00,229 --> 01:41:58,239

which is why i think they're so quiet

2746

01:42:02,229 --> 01:42:00,239

about because it's just an enormous

2747

01:42:04,550 --> 01:42:02,239

amount of data and they've been silent

2748

01:42:07,750 --> 01:42:04,560

so long and be hard to just open the

2749

01:42:09,910 --> 01:42:07,760

door say okay here it is boys you know

2750

01:42:11,750 --> 01:42:09,920

i yeah i think we have everything we

2751

01:42:14,629 --> 01:42:11,760

need but it's locked up in the

2752

01:42:16,629 --> 01:42:14,639

government um and it's classified the

2753

01:42:18,629 --> 01:42:16,639

truth is classified

2754

01:42:19,830 --> 01:42:18,639

what what what i'd like to see is people

2755

01:42:22,229 --> 01:42:19,840

like avi

2756

01:42:24,070 --> 01:42:22,239

uh loeb and the galileo project get

2757

01:42:25,990 --> 01:42:24,080

security clearances for like him and

2758

01:42:27,910 --> 01:42:26,000

kevin newth and some of these scientists

2759

01:42:29,350 --> 01:42:27,920

do background checks security clearances

2760

01:42:31,510 --> 01:42:29,360

and then say now you can go look at the

2761

01:42:33,270 --> 01:42:31,520

sensor data you look at the radar stuff

2762

01:42:36,870 --> 01:42:33,280

you can look at the air force is hiding

2763

01:42:40,550 --> 01:42:38,950

they'd probably make them sign an nda

2764

01:42:41,990 --> 01:42:40,560

that they couldn't you know if it's

2765

01:42:44,149 --> 01:42:42,000

classified of course they wouldn't let

2766

01:42:45,350 --> 01:42:44,159

them expose any of it you know but it

2767

01:42:49,350 --> 01:42:45,360

would be nice

2768

01:42:53,109 --> 01:42:49,360

mean one of the things of course i'll

2769

01:42:54,629 --> 01:42:53,119

ask lou elizondo next week is uh you

2770

01:42:56,390 --> 01:42:54,639

know uh

2771

01:42:58,790 --> 01:42:56,400

if you could talk about everything you

2772

01:43:01,590 --> 01:42:58,800

know that's classified would that change

2773

01:43:03,669 --> 01:43:01,600

the world you know that and you know i i

2774

01:43:04,870 --> 01:43:03,679

know you can ask questions like that but

2775

01:43:07,270 --> 01:43:04,880

uh i don't know what he's going to

2776

01:43:09,189 --> 01:43:07,280

answer or not answer hey rob that was a

2777

01:43:11,590 --> 01:43:09,199

great question thank you for the call

2778

01:43:12,950 --> 01:43:11,600

thank you rob ah my pleasure always

2779

01:43:14,709 --> 01:43:12,960

enjoy it

2780

01:43:17,189 --> 01:43:14,719

thank you all right martin i think we're

2781

01:43:19,669 --> 01:43:17,199

at the point where we need basically

2782

01:43:21,430 --> 01:43:19,679

just another snowden guy just to say you

2783

01:43:23,189 --> 01:43:21,440

know what i'm gonna throw it all away

2784

01:43:25,669 --> 01:43:23,199

put me in jail this is what happened

2785

01:43:27,750 --> 01:43:25,679

here's the tapes here's the data uh i

2786

01:43:30,709 --> 01:43:27,760

put it out there on so many you know all

2787

01:43:33,510 --> 01:43:30,719

over the internet it's out there now uh

2788

01:43:35,030 --> 01:43:33,520

lock me up because if i that's why i'd

2789

01:43:38,709 --> 01:43:35,040

never get into one of these government

2790

01:43:40,310 --> 01:43:38,719

jobs because i would be that guy

2791

01:43:41,430 --> 01:43:40,320

yeah nobody trusts me with that

2792

01:43:44,470 --> 01:43:41,440

information

2793

01:43:47,030 --> 01:43:44,480

right um someone asked uh marcus

2794

01:43:49,270 --> 01:43:47,040

what did any i i know there's some mass

2795

01:43:52,149 --> 01:43:49,280

sighting so i doubt this would happen

2796

01:43:54,790 --> 01:43:52,159

because so many people saw it but there

2797

01:43:56,870 --> 01:43:54,800

was the separate sightings of separate

2798

01:44:00,229 --> 01:43:56,880

objects

2799

01:44:02,790 --> 01:44:00,239

did anyone report any missing time

2800

01:44:05,109 --> 01:44:02,800

there's a report on the national ufo

2801
01:44:06,709 --> 01:44:05,119
reporting center of a person in tucson

2802
01:44:08,790 --> 01:44:06,719
that encountered a creature in his house

2803
01:44:11,109 --> 01:44:08,800
that night i don't know if it's related

2804
01:44:12,550 --> 01:44:11,119
to the sighting or not it just happened

2805
01:44:16,070 --> 01:44:12,560
on the same date

2806
01:44:18,070 --> 01:44:16,080
uh there's also a mystery of four hikers

2807
01:44:19,189 --> 01:44:18,080
that disappeared that are presumed dead

2808
01:44:21,189 --> 01:44:19,199
uh

2809
01:44:23,189 --> 01:44:21,199
i don't know if that's real i i looked

2810
01:44:24,629 --> 01:44:23,199
into that a bit um apparently there were

2811
01:44:26,470 --> 01:44:24,639
four people hiking by the estrella

2812
01:44:28,629 --> 01:44:26,480
mountains and that's where my video

2813
01:44:31,270 --> 01:44:28,639

would have been or in that neighborhood

2814

01:44:33,510 --> 01:44:31,280

and they're saying they just disappeared

2815

01:44:36,070 --> 01:44:33,520

and were kidnapped abducted but i don't

2816

01:44:38,870 --> 01:44:36,080

know but you were never able to document

2817

01:44:41,270 --> 01:44:38,880

that uh no i i looked at i looked that

2818

01:44:43,189 --> 01:44:41,280

was when i was in my obi wan years while

2819

01:44:45,830 --> 01:44:43,199

i was wandering the desert for 12 years

2820

01:44:47,910 --> 01:44:45,840

hiding and then i read i i wasn't in

2821

01:44:50,550 --> 01:44:47,920

ufology at that point but i was keeping

2822

01:44:52,149 --> 01:44:50,560

tabs on it and then watching some stuff

2823

01:44:54,870 --> 01:44:52,159

yeah that's why you won't see me in out

2824

01:44:57,189 --> 01:44:54,880

of the blue or the other james fox one

2825

01:44:58,390 --> 01:44:57,199

because i i just at that point was

2826

01:45:01,270 --> 01:44:58,400

walked away

2827

01:45:02,390 --> 01:45:01,280

yeah the person i was mentioning before

2828

01:45:05,750 --> 01:45:02,400

that's chris

2829

01:45:08,390 --> 01:45:05,760

pittman from massachusetts he um he does

2830

01:45:11,350 --> 01:45:08,400

great work and and has and he had to he

2831

01:45:12,790 --> 01:45:11,360

had to walk away from it for a while

2832

01:45:15,750 --> 01:45:12,800

there's a video i'd like to share show

2833

01:45:17,590 --> 01:45:15,760

and here's why yeah absolutely yeah sure

2834

01:45:20,709 --> 01:45:17,600

yeah we still got we still have about

2835

01:45:22,390 --> 01:45:20,719

nine minutes left right now all right

2836

01:45:23,830 --> 01:45:22,400

so this is probably a two minute long

2837

01:45:27,109 --> 01:45:23,840

video

2838

01:45:29,510 --> 01:45:27,119

yeah this is uh this is what i do now um

2839

01:45:31,910 --> 01:45:29,520

i have 4k camera surrounding my house

2840

01:45:34,470 --> 01:45:31,920

i've most of chandler and some of tempe

2841

01:45:37,030 --> 01:45:34,480

under 24-hour surveillance so if the

2842

01:45:39,189 --> 01:45:37,040

boomerang lingers back and i hear about

2843

01:45:41,990 --> 01:45:39,199

it i'll have it saved on the dvr

2844

01:45:43,590 --> 01:45:42,000

uh right now i'm recording uh ufos from

2845

01:45:44,709 --> 01:45:43,600

time to time that are flying over

2846

01:45:47,109 --> 01:45:44,719

phoenix

2847

01:45:48,229 --> 01:45:47,119

um sometimes they're fast sometimes

2848

01:45:49,750 --> 01:45:48,239

they're slow

2849

01:45:51,669 --> 01:45:49,760

uh i'm going to show you a couple of tic

2850

01:45:53,109 --> 01:45:51,679

tacs here

2851
01:45:55,750 --> 01:45:53,119
whoa

2852
01:45:57,510 --> 01:45:55,760
okay bring on the tic tacs

2853
01:46:00,229 --> 01:45:57,520
on this episode

2854
01:46:02,229 --> 01:46:00,239
of 4k sky watching

2855
01:46:05,430 --> 01:46:02,239
the surveillance system picked up two

2856
01:46:08,790 --> 01:46:05,440
tic tac type objects up at 15 000 feet

2857
01:46:13,270 --> 01:46:11,430
my system picked up this white object uh

2858
01:46:15,270 --> 01:46:13,280
just under the clouds

2859
01:46:16,390 --> 01:46:15,280
going between two to three hundred miles

2860
01:46:19,189 --> 01:46:16,400
per hour

2861
01:46:21,030 --> 01:46:19,199
it's heading against the wind

2862
01:46:22,790 --> 01:46:21,040
and at first i thought maybe this is a

2863
01:46:24,310 --> 01:46:22,800

plane because it looks like something

2864

01:46:26,629 --> 01:46:24,320

similar to that but there's no wings

2865

01:46:28,390 --> 01:46:26,639

there's nothing

2866

01:46:30,870 --> 01:46:28,400

the footage is

2867

01:46:33,030 --> 01:46:30,880

not quite in focus i can't get this

2868

01:46:36,070 --> 01:46:33,040

surveillance camera to focus to infinity

2869

01:46:38,830 --> 01:46:36,080

so it kind of pulses in and out

2870

01:46:41,830 --> 01:46:38,840

going to a wide angle to uh try and find

2871

01:46:43,910 --> 01:46:41,840

it and a small plane flies over

2872

01:46:45,830 --> 01:46:43,920

you can see whatever this is it's way

2873

01:46:47,189 --> 01:46:45,840

the heck up there i mean you could not

2874

01:46:49,510 --> 01:46:47,199

even see this from the ground with the

2875

01:46:51,350 --> 01:46:49,520

naked eye these tic tacs are up there so

2876
01:46:53,910 --> 01:46:51,360
high that you can't see them uh from the

2877
01:46:56,550 --> 01:46:53,920
ground without binoculars so this object

2878
01:46:59,750 --> 01:46:56,560
is cruising at a pretty good consistent

2879
01:47:01,189 --> 01:46:59,760
pace going from the left to the right

2880
01:47:03,109 --> 01:47:01,199
this is when the second object comes

2881
01:47:04,870 --> 01:47:03,119
into play um keep your eyes on the

2882
01:47:06,550 --> 01:47:04,880
bottom part of the screen

2883
01:47:08,629 --> 01:47:06,560
another one just like this is going to

2884
01:47:10,070 --> 01:47:08,639
come up and it's going to be moving uh

2885
01:47:11,750 --> 01:47:10,080
same speed hopefully people can see

2886
01:47:13,590 --> 01:47:11,760
different direction it's entered the

2887
01:47:15,510 --> 01:47:13,600
scene now it's moving up

2888
01:47:18,229 --> 01:47:15,520

at this point i decided to switch from

2889

01:47:20,629 --> 01:47:18,239

the 40-inch tv to the 55-inch so i can

2890

01:47:21,669 --> 01:47:20,639

monitor this more carefully when this

2891

01:47:22,950 --> 01:47:21,679

happened

2892

01:47:25,270 --> 01:47:22,960

uh i didn't even know there were two

2893

01:47:27,030 --> 01:47:25,280

uaps at this point

2894

01:47:28,950 --> 01:47:27,040

i didn't know that until i played the

2895

01:47:30,870 --> 01:47:28,960

footage back and found out i got

2896

01:47:32,470 --> 01:47:30,880

confused so i end up losing the one

2897

01:47:34,390 --> 01:47:32,480

that's going to the right

2898

01:47:37,430 --> 01:47:34,400

and i'm focusing on

2899

01:47:39,750 --> 01:47:37,440

this one that's moving up

2900

01:47:42,470 --> 01:47:39,760

now keep watching

2901

01:47:45,350 --> 01:47:42,480

this thing's going to stop

2902

01:47:47,109 --> 01:47:45,360

so what happens is i i stumbled upon

2903

01:47:56,229 --> 01:47:47,119

the bottom of your screen and one of

2904

01:47:59,910 --> 01:47:58,470

or to get one that stops and then takes

2905

01:48:02,229 --> 01:47:59,920

off

2906

01:48:04,550 --> 01:48:02,239

repositioning the camera right now i'm

2907

01:48:06,790 --> 01:48:04,560

not going to touch the camera controls

2908

01:48:08,950 --> 01:48:06,800

i'm going to leave it so all the object

2909

01:48:10,550 --> 01:48:08,960

movement you see is is from the object

2910

01:48:11,510 --> 01:48:10,560

so the camera's locked down and not

2911

01:48:15,990 --> 01:48:11,520

moving

2912

01:48:17,510 --> 01:48:16,000

it came to a complete stop

2913

01:48:20,149 --> 01:48:17,520

now it's just kind of hovering around

2914

01:48:22,950 --> 01:48:20,159

and it's starting to drop down

2915

01:48:25,590 --> 01:48:22,960

so you know i'm not i'm not seeing this

2916

01:48:28,229 --> 01:48:25,600

but i have a very small screen if uh if

2917

01:48:33,510 --> 01:48:28,239

someone has a big can expand this on the

2918

01:48:38,229 --> 01:48:35,430

this is pretty much when i lose track of

2919

01:48:39,830 --> 01:48:38,239

it now if these were balloons

2920

01:48:42,229 --> 01:48:39,840

balloons don't ditch me like these

2921

01:48:43,910 --> 01:48:42,239

things do balloons usually just slowly

2922

01:48:46,310 --> 01:48:43,920

move the same direction i tape them for

2923

01:48:48,870 --> 01:48:46,320

10 to 20 minutes and get bored with them

2924

01:48:50,790 --> 01:48:48,880

i couldn't find this thing it lost me

2925

01:48:52,870 --> 01:48:50,800

i go into a wide angle and you'll see

2926

01:48:54,550 --> 01:48:52,880

this thing so high up you couldn't even

2927

01:48:56,310 --> 01:48:54,560

see this from the ground

2928

01:48:58,149 --> 01:48:56,320

uaps are back they're up there to be

2929

01:48:59,910 --> 01:48:58,159

found

2930

01:49:01,750 --> 01:48:59,920

what you're going to need a system and

2931

01:49:03,189 --> 01:49:01,760

persistence to watch that a plane right

2932

01:49:06,470 --> 01:49:03,199

there yeah

2933

01:49:08,070 --> 01:49:06,480

so what do you think leave your comment

2934

01:49:10,229 --> 01:49:08,080

yeah so

2935

01:49:11,590 --> 01:49:10,239

so i have uh what we may have someone

2936

01:49:13,430 --> 01:49:11,600

else let me just take a look oh yeah no

2937

01:49:15,750 --> 01:49:13,440

we have uh we have about five minutes

2938

01:49:17,750 --> 01:49:15,760

left so

2939

01:49:19,109 --> 01:49:17,760

why do you think here's i'll end with

2940

01:49:21,510 --> 01:49:19,119

this question

2941

01:49:23,270 --> 01:49:21,520

and you know i'm sorry i i couldn't see

2942

01:49:25,430 --> 01:49:23,280

much in that particular video yeah

2943

01:49:28,070 --> 01:49:25,440

you'll need a bigger one

2944

01:49:31,109 --> 01:49:28,080

yeah but i i want to end with this

2945

01:49:34,390 --> 01:49:31,119

question and why do you suppose

2946

01:49:36,390 --> 01:49:34,400

um they want to be seen or not want to

2947

01:49:37,750 --> 01:49:36,400

be seen i mean obviously

2948

01:49:39,270 --> 01:49:37,760

you know people have written me well

2949

01:49:40,629 --> 01:49:39,280

obviously they want to be seen they have

2950

01:49:42,629 --> 01:49:40,639

lights they don't need lights if they're

2951
01:49:44,070 --> 01:49:42,639
going to travel from wherever they are

2952
01:49:46,870 --> 01:49:44,080
to get here

2953
01:49:48,790 --> 01:49:46,880
so obviously they want to be seen

2954
01:49:50,709 --> 01:49:48,800
so it's kind of like a

2955
01:49:52,070 --> 01:49:50,719
you know i'm asking for your opinion on

2956
01:49:54,149 --> 01:49:52,080
this

2957
01:49:56,229 --> 01:49:54,159
there's a few things in play here um

2958
01:49:57,589 --> 01:49:56,239
some people most people see these just

2959
01:49:59,750 --> 01:49:57,599
not a dumb luck

2960
01:50:01,189 --> 01:49:59,760
they they just ha there's so many people

2961
01:50:02,310 --> 01:50:01,199
that see uaps because they're walking

2962
01:50:04,629 --> 01:50:02,320
their dog

2963
01:50:06,149 --> 01:50:04,639

it's so many people seeing phoenix

2964

01:50:08,390 --> 01:50:06,159

lights because they're what's nice here

2965

01:50:10,310 --> 01:50:08,400

they go outside to walk their dog

2966

01:50:12,550 --> 01:50:10,320

or they're smoking yeah or they're

2967

01:50:13,750 --> 01:50:12,560

smoking they got to go outside um and

2968

01:50:16,470 --> 01:50:13,760

then you got

2969

01:50:19,669 --> 01:50:16,480

fanatics like me that i got you know a

2970

01:50:21,830 --> 01:50:19,679

good chunk of of investment into this

2971

01:50:23,990 --> 01:50:21,840

i just cameras all over my house i'm

2972

01:50:26,149 --> 01:50:24,000

looking and i'm looking hard and i'm

2973

01:50:28,229 --> 01:50:26,159

looking harder than other people

2974

01:50:30,390 --> 01:50:28,239

that's probably why i get

2975

01:50:33,750 --> 01:50:30,400

to see more uaps and i just get small

2976

01:50:35,669 --> 01:50:33,760

slices and chunks of this and that

2977

01:50:41,750 --> 01:50:35,679

and then i think some of us were chosen

2978

01:50:44,709 --> 01:50:42,629

so

2979

01:50:46,790 --> 01:50:44,719

you know this thing that marjorie just

2980

01:50:49,030 --> 01:50:46,800

put out there just observing like us

2981

01:50:50,709 --> 01:50:49,040

studying animals here uh you know i

2982

01:50:52,390 --> 01:50:50,719

don't doubt that in a way you know

2983

01:50:55,030 --> 01:50:52,400

perhaps they're trying you know if

2984

01:50:58,550 --> 01:50:55,040

that's that is uh the comment that a lot

2985

01:51:00,229 --> 01:50:58,560

of people uh claim they either have

2986

01:51:02,390 --> 01:51:00,239

you know through telepathy or whatever

2987

01:51:04,629 --> 01:51:02,400

you know i mean people are saying that

2988

01:51:06,790 --> 01:51:04,639

it's observation you know maybe maybe

2989

01:51:08,950 --> 01:51:06,800

that's what it is and maybe uh if

2990

01:51:11,109 --> 01:51:08,960

they're above us maybe they're

2991

01:51:12,790 --> 01:51:11,119

i don't know i'm just speculating too i

2992

01:51:14,709 --> 01:51:12,800

think one i'm throughout maybe they're

2993

01:51:16,149 --> 01:51:14,719

just going to work

2994

01:51:18,229 --> 01:51:16,159

we're just

2995

01:51:19,910 --> 01:51:18,239

seeing them go from point a to b there's

2996

01:51:22,310 --> 01:51:19,920

a couple patterns i see with the white

2997

01:51:24,709 --> 01:51:22,320

uap tic tac type things they're either

2998

01:51:26,229 --> 01:51:24,719

moving really slow like 35 miles an hour

2999

01:51:27,830 --> 01:51:26,239

and they're blending in

3000

01:51:30,550 --> 01:51:27,840

or they're moving a couple hundred miles

3001
01:51:32,550 --> 01:51:30,560
an hour going from point a to point b we

3002
01:51:35,109 --> 01:51:32,560
don't know where point a came from and

3003
01:51:37,350 --> 01:51:35,119
we don't know where point b is

3004
01:51:39,510 --> 01:51:37,360
why are they moving around why are we

3005
01:51:42,229 --> 01:51:39,520
getting to see them it's like they slip

3006
01:51:44,550 --> 01:51:42,239
in and slip out of our reality and yeah

3007
01:51:46,790 --> 01:51:44,560
you gotta move real fast and to get them

3008
01:51:49,189 --> 01:51:46,800
on tape you gotta you gotta hustle

3009
01:51:51,990 --> 01:51:49,199
it's not easy to do what i'm doing

3010
01:51:53,270 --> 01:51:52,000
i don't believe that uh you know the the

3011
01:51:56,149 --> 01:51:53,280
theories

3012
01:51:57,830 --> 01:51:56,159
of uh maybe a interdimensional type of

3013
01:52:00,070 --> 01:51:57,840

thing should be off the table either i

3014

01:52:02,470 --> 01:52:00,080

mean who knows i mean it could be part

3015

01:52:04,470 --> 01:52:02,480

of it if not you know i'm not saying

3016

01:52:06,390 --> 01:52:04,480

it's all of it but it certainly could be

3017

01:52:08,070 --> 01:52:06,400

part of it especially when something is

3018

01:52:10,629 --> 01:52:08,080

going in and out of

3019

01:52:12,390 --> 01:52:10,639

what many people have seen

3020

01:52:13,910 --> 01:52:12,400

objects you know

3021

01:52:16,470 --> 01:52:13,920

going in and out of

3022

01:52:20,070 --> 01:52:16,480

our reality more or less would you

3023

01:52:21,830 --> 01:52:20,080

believe in destiny or choice

3024

01:52:24,229 --> 01:52:21,840

destiny or choice

3025

01:52:26,870 --> 01:52:24,239

i guess i'm a destiny i'm a destiny type

3026

01:52:29,109 --> 01:52:26,880

guy like you were destined to do this

3027

01:52:31,189 --> 01:52:29,119

this no matter what this was going like

3028

01:52:32,870 --> 01:52:31,199

no matter what happened to me i was

3029

01:52:34,310 --> 01:52:32,880

gonna end up being somehow involved in

3030

01:52:35,830 --> 01:52:34,320

the phoenix lights

3031

01:52:38,070 --> 01:52:35,840

well i think

3032

01:52:40,790 --> 01:52:38,080

yeah i i think you're right i mean i

3033

01:52:43,030 --> 01:52:40,800

feel as though something really great in

3034

01:52:45,510 --> 01:52:43,040

my life has happened

3035

01:52:48,709 --> 01:52:45,520

because i was sitting outside in a hot

3036

01:52:51,910 --> 01:52:48,719

tub back in 2007 and saw something fly

3037

01:52:54,390 --> 01:52:51,920

over me and here i am now and my life is

3038

01:52:57,350 --> 01:52:54,400

pretty darn good and uh with some things

3039

01:52:59,990 --> 01:52:57,360

that have happened um and meeting a

3040

01:53:02,390 --> 01:53:00,000

certain person and all that um

3041

01:53:03,589 --> 01:53:02,400

you know i have no regrets at all it's

3042

01:53:06,070 --> 01:53:03,599

been wonderful

3043

01:53:08,149 --> 01:53:06,080

so thank you so much and it's been a

3044

01:53:10,310 --> 01:53:08,159

real pleasure talking to you tonight tom

3045

01:53:12,950 --> 01:53:10,320

i'm so glad you called in back there um

3046

01:53:15,350 --> 01:53:12,960

and we and i first got the initial uh

3047

01:53:17,430 --> 01:53:15,360

call from you and was able to talk um

3048

01:53:19,589 --> 01:53:17,440

that's dave altman

3049

01:53:22,149 --> 01:53:19,599

that's right dave altman thank you

3050

01:53:23,830 --> 01:53:22,159

love that guy yeah yeah and and also

3051
01:53:24,790 --> 01:53:23,840
thanks for stepping your toe back into

3052
01:53:26,229 --> 01:53:24,800
this and

3053
01:53:27,510 --> 01:53:26,239
as you call it going down the rabbit

3054
01:53:29,669 --> 01:53:27,520
hole whatever it is thank you yeah i'm

3055
01:53:31,109 --> 01:53:29,679
just swimming and you followed you along

3056
01:53:33,270 --> 01:53:31,119
with the rest of you now trying to

3057
01:53:35,030 --> 01:53:33,280
figure out a piece by piece we're all

3058
01:53:38,390 --> 01:53:35,040
going to try and push this ball down the

3059
01:53:40,070 --> 01:53:38,400
field as far as we can but man lewis

3060
01:53:42,310 --> 01:53:40,080
pushed him and chris millen had pushed

3061
01:53:45,430 --> 01:53:42,320
this bar farther ball farther than

3062
01:53:46,629 --> 01:53:45,440
anybody so i'm very appreciative of

3063
01:53:49,189 --> 01:53:46,639

those two

3064

01:53:51,030 --> 01:53:49,199

right all right you take care

3065

01:53:53,830 --> 01:53:51,040

thanks all right talk soon all right

3066

01:53:55,189 --> 01:53:53,840

everyone so don't forget next week we

3067

01:53:56,870 --> 01:53:55,199

have uh

3068

01:53:59,030 --> 01:53:56,880

gary nolan

3069

01:54:01,350 --> 01:53:59,040

lou elizondo

3070

01:54:03,189 --> 01:54:01,360

and sean cahill it's going to be a great

3071

01:54:05,750 --> 01:54:03,199

show and please send me your questions

3072

01:54:08,470 --> 01:54:05,760

for that and thanks so much for watching

3073

01:54:12,350 --> 01:54:08,480

tonight and remember everyone to keep

3074

01:54:21,670 --> 01:54:12,360

your eyes to the sky
