GARRY NOLAN

LUE ELIZONDO

1
00:00:58,709 --> 00:00:21,240

[Music]

2
00:01:02,630 --> 00:01:00,549

hello and welcome to the show i'm martin

3
00:01:04,469 --> 00:01:02,640

willis your host and i'm really excited

4
00:01:07,270 --> 00:01:04,479

about tonight's show it's going to be a

5
00:01:10,230 --> 00:01:07,280

bon bon as they say in maine

6
00:01:13,030 --> 00:01:10,240

and i'm actually visiting down on the

7
00:01:15,990 --> 00:01:13,040

cape uh with a friend and i'm excited

8
00:01:19,270 --> 00:01:16,000

about tonight's show uh we have gary

9
00:01:21,910 --> 00:01:19,280

nolan as professor at harvard um he's

10
00:01:24,310 --> 00:01:21,920

done a lot of work over the years and i

11
00:01:26,390 --> 00:01:24,320

was just talking to him a minute ago how

12
00:01:28,950 --> 00:01:26,400

the first time i was in touch with him

13
00:01:32,630 --> 00:01:28,960

was all the way back in 2013

14
00:01:33,830 --> 00:01:32,640
and uh there was say atacama desert baby

15
00:01:34,550 --> 00:01:33,840
we're gonna be talking about that a

16
00:01:37,429 --> 00:01:34,560
little

17
00:01:38,230 --> 00:01:37,439
it was thought to be an alien child by

18
00:01:39,749 --> 00:01:38,240
some

19
00:01:42,469 --> 00:01:39,759
and uh gary did the work on that

20
00:01:44,310 --> 00:01:42,479
starting all the way back then um so the

21
00:01:46,789 --> 00:01:44,320
second part of the show is gonna be lou

22
00:01:49,270 --> 00:01:46,799
elizondo and he might be coming in he's

23
00:01:51,749 --> 00:01:49,280
gonna be coming in a little bit um early

24
00:01:53,830 --> 00:01:51,759
i would say probably hopefully you know

25
00:01:55,190 --> 00:01:53,840
maybe in half an hour 40 minutes 45

26
00:01:58,630 --> 00:01:55,200
minutes something like that from right

27
00:02:01,030 --> 00:01:58,640
now a little bit about the show i have

28
00:02:04,069 --> 00:02:01,040
five moderators in chat tonight

29
00:02:05,270 --> 00:02:04,079
and the reason is is there's a faction

30
00:02:09,029 --> 00:02:05,280
of people

31
00:02:11,029 --> 00:02:09,039
in the ufo world that has been attacking

32
00:02:13,110 --> 00:02:11,039
uh lou pretty hard

33
00:02:14,949 --> 00:02:13,120
and uh i

34
00:02:16,790 --> 00:02:14,959
you're not welcome here that's what i

35
00:02:18,309 --> 00:02:16,800
want to tell you if you think you're

36
00:02:20,309 --> 00:02:18,319
going to do that tonight you're not you

37
00:02:21,990 --> 00:02:20,319
i'm not going to take that tonight we

38
00:02:23,910 --> 00:02:22,000

are going to bump you right out of the

39

00:02:26,070 --> 00:02:23,920

chat if you do anything like that and

40

00:02:28,309 --> 00:02:26,080

there's not gonna be any calls tonight

41

00:02:29,990 --> 00:02:28,319

but i mean if you think about it um

42

00:02:32,309 --> 00:02:30,000

there's no one else that has moved the

43

00:02:35,030 --> 00:02:32,319

needle forward more than lou in my

44

00:02:35,910 --> 00:02:35,040

opinion and he deserves a lot of respect

45

00:02:41,990 --> 00:02:35,920

and

46

00:02:43,589 --> 00:02:42,000

in chat i want you to be respectful

47

00:02:46,309 --> 00:02:43,599

and if you're not i'm sorry we're gonna

48

00:02:49,030 --> 00:02:46,319

just have to uh remove you from chat

49

00:02:51,270 --> 00:02:49,040

so now that that is out of the way um i

50

00:02:53,670 --> 00:02:51,280

want to say that our blog this week is

51
00:02:56,309 --> 00:02:53,680
cars lifted up and transported by ufos

52
00:02:58,309 --> 00:02:56,319
that's by uh charles lear he forgot one

53
00:02:59,990 --> 00:02:58,319
locally or didn't find it locally i sent

54
00:03:02,149 --> 00:03:00,000
it him a link

55
00:03:05,270 --> 00:03:02,159
that supposedly happened in new

56
00:03:07,750 --> 00:03:05,280
hampshire a young couple uh way back i

57
00:03:09,030 --> 00:03:07,760
don't know maybe like 20 20 years ago or

58
00:03:11,509 --> 00:03:09,040
something like that

59
00:03:14,229 --> 00:03:11,519
it's an interesting blog as usual

60
00:03:16,309 --> 00:03:14,239
and uh i think that's about it i want to

61
00:03:17,910 --> 00:03:16,319
thank all the people that watch the show

62
00:03:19,830 --> 00:03:17,920
and listen and thank you to the

63
00:03:20,630 --> 00:03:19,840

supporters out there

64

00:03:22,149 --> 00:03:20,640

the

65

00:03:24,309 --> 00:03:22,159

information to do that is over at

66

00:03:26,229 --> 00:03:24,319

podcastufo.com

67

00:03:28,390 --> 00:03:26,239

and that's enough of me bringing in our

68

00:03:30,149 --> 00:03:28,400

guest gary welcome

69

00:03:32,710 --> 00:03:30,159

hello how are you

70

00:03:34,710 --> 00:03:32,720

i'm doing great thanks so much for being

71

00:03:36,710 --> 00:03:34,720

willing to be on this show it actually

72

00:03:38,149 --> 00:03:36,720

took a while we uh we had it back and

73

00:03:40,149 --> 00:03:38,159

forth for quite a while

74

00:03:42,470 --> 00:03:40,159

but uh i i was telling you off air

75

00:03:43,589 --> 00:03:42,480

before we started we first talked back

76

00:03:46,789 --> 00:03:43,599

in uh

77

00:03:48,789 --> 00:03:46,799

i think it was may 2013 i sent you a

78

00:03:53,110 --> 00:03:48,799

karaoke video

79

00:03:53,990 --> 00:03:53,120

of a spoof on dr grier's alien baby

80

00:03:56,149 --> 00:03:54,000

um

81

00:03:58,470 --> 00:03:56,159

i set to the tune with having my baby

82

00:04:01,030 --> 00:03:58,480

instead it was greer in his baby

83

00:04:03,110 --> 00:04:01,040

anyway the only video ever removed from

84

00:04:04,789 --> 00:04:03,120

youtube on my channel but and i have no

85

00:04:07,110 --> 00:04:04,799

idea how it happened

86

00:04:09,990 --> 00:04:07,120

trademark or something probably

87

00:04:13,270 --> 00:04:10,000

yes somehow i don't know uh but anyway

88

00:04:14,710 --> 00:04:13,280

uh your interest goes way back um i've

89

00:04:16,710 --> 00:04:14,720

listened to a couple of shows you were

90

00:04:18,150 --> 00:04:16,720

on and you you're you and a lot of

91

00:04:19,110 --> 00:04:18,160

people say this they first have an

92

00:04:21,110 --> 00:04:19,120

interest

93

00:04:24,310 --> 00:04:21,120

in uh science fiction that kind of

94

00:04:26,230 --> 00:04:24,320

trickles over into this and i think what

95

00:04:27,430 --> 00:04:26,240

science fiction does it kind of opens

96

00:04:29,510 --> 00:04:27,440

the mind a little bit to the

97

00:04:30,469 --> 00:04:29,520

possibilities of things that might

98

00:04:33,430 --> 00:04:30,479

happen

99

00:04:35,749 --> 00:04:33,440

but um you're ed you you you've got a

100

00:04:39,909 --> 00:04:35,759

wonderful education you are

101
00:04:41,909 --> 00:04:39,919
at stanford uh a wonderful school and uh

102
00:04:43,990 --> 00:04:41,919
i guess you know before we get into how

103
00:04:45,590 --> 00:04:44,000
you really got into this topic and get

104
00:04:47,350 --> 00:04:45,600
interested in doing your work and all

105
00:04:48,550 --> 00:04:47,360
that um

106
00:04:50,550 --> 00:04:48,560
how is

107
00:04:52,950 --> 00:04:50,560
your relationship with the people

108
00:04:55,350 --> 00:04:52,960
at stanford since you've kind of dove

109
00:04:57,430 --> 00:04:55,360
into this topic

110
00:04:59,990 --> 00:04:57,440
oh it's it's great i mean stanford has

111
00:05:03,830 --> 00:05:00,000
no problems i mean you know the uh when

112
00:05:06,070 --> 00:05:03,840
the atacama um issue arose for instance

113
00:05:07,749 --> 00:05:06,080

uh stanford you know there was a fair

114

00:05:10,310 --> 00:05:07,759

amount of pr

115

00:05:11,909 --> 00:05:10,320

uh that went on you know newspaper

116

00:05:12,950 --> 00:05:11,919

articles all over the world were writing

117

00:05:14,629 --> 00:05:12,960

about it

118

00:05:17,029 --> 00:05:14,639

and uh you know and then there was some

119

00:05:19,189 --> 00:05:17,039

controversy about where

120

00:05:21,749 --> 00:05:19,199

uh who was the person who actually

121

00:05:23,110 --> 00:05:21,759

originally obtained sorry

122

00:05:24,230 --> 00:05:23,120

that's fedex

123

00:05:26,150 --> 00:05:24,240

that's all right

124

00:05:26,950 --> 00:05:26,160

we love dogs on this show

125

00:05:29,909 --> 00:05:26,960

uh

126

00:05:32,870 --> 00:05:29,919

who had originally obtained the the the

127

00:05:35,189 --> 00:05:32,880

um the mummy and how it was that

128

00:05:36,469 --> 00:05:35,199

material came into my hands

129

00:05:39,670 --> 00:05:36,479

and uh

130

00:05:42,710 --> 00:05:39,680

you know uh you know leaving a lot of

131

00:05:45,189 --> 00:05:42,720

those let's say accusations aside uh

132

00:05:47,110 --> 00:05:45,199

stanford stepped in with their pr

133

00:05:48,550 --> 00:05:47,120

ability and helped me

134

00:05:50,469 --> 00:05:48,560

manage that

135

00:05:52,710 --> 00:05:50,479

uh in a way that

136

00:05:54,950 --> 00:05:52,720

you know prevented me from getting let's

137

00:05:56,629 --> 00:05:54,960

say emotional about it because there

138

00:05:59,189 --> 00:05:56,639

were a lot of unnecessary things being

139

00:06:00,710 --> 00:05:59,199

said as often happens in these kinds of

140

00:06:03,430 --> 00:06:00,720

situations so

141

00:06:04,830 --> 00:06:03,440

uh and so they've been nothing but great

142

00:06:06,150 --> 00:06:04,840

about it

143

00:06:08,309 --> 00:06:06,160

um so that's good

144

00:06:09,749 --> 00:06:08,319

and there's you know nobody

145

00:06:12,070 --> 00:06:09,759

within the school

146

00:06:13,909 --> 00:06:12,080

has an issue with me doing these

147

00:06:17,029 --> 00:06:13,919

investigations i mean they raise their

148

00:06:19,670 --> 00:06:17,039

eyebrows they snicker sometimes but

149

00:06:22,710 --> 00:06:19,680

you know as long as i maintain my

150

00:06:24,710 --> 00:06:22,720

my day job uh and i'm not on the

151

00:06:26,629 --> 00:06:24,720

you know i'm not at the school cafe

152

00:06:28,309 --> 00:06:26,639

lecturing people about this you know

153

00:06:29,590 --> 00:06:28,319

from the top of a

154

00:06:32,870 --> 00:06:29,600

picnic table

155

00:06:35,990 --> 00:06:32,880

then i'm i'm probably gonna be okay

156

00:06:38,309 --> 00:06:36,000

yeah and did you have i i think i heard

157

00:06:40,790 --> 00:06:38,319

you say that you actually had some of

158

00:06:42,870 --> 00:06:40,800

your students work on the

159

00:06:44,150 --> 00:06:42,880

that uh investigation you did on that

160

00:06:46,870 --> 00:06:44,160

particular

161

00:06:49,909 --> 00:06:46,880

oh yeah no they did it right they did it

162

00:06:52,309 --> 00:06:49,919

all i mean i you know i took the dna i

163

00:06:54,070 --> 00:06:52,319

prepared the dna from the sample

164

00:06:57,670 --> 00:06:54,080

uh personally

165

00:06:59,589 --> 00:06:57,680

um and then sent it off to sequencing

166

00:07:01,430 --> 00:06:59,599

and we actually had it sequenced twice

167

00:07:02,710 --> 00:07:01,440

because there was an inadequate amount

168

00:07:04,230 --> 00:07:02,720

in the first

169

00:07:05,830 --> 00:07:04,240

um and then

170

00:07:07,909 --> 00:07:05,840

you know i'm not an expert in the kinds

171

00:07:10,550 --> 00:07:07,919

of bioinformatics personally that can

172

00:07:11,589 --> 00:07:10,560

that need to be done on this kind of uh

173

00:07:14,309 --> 00:07:11,599

stuff

174

00:07:17,029 --> 00:07:14,319

uh so i brought in i had started a

175

00:07:20,230 --> 00:07:17,039

company with one of my former students

176

00:07:23,350 --> 00:07:20,240

uh called beena that we sold to roche

177

00:07:25,670 --> 00:07:23,360

for about i think it was 110 million

178

00:07:28,629 --> 00:07:25,680

uh it was a bioinformatics company and

179

00:07:30,550 --> 00:07:28,639

and it was it did sequencing alignment

180

00:07:32,550 --> 00:07:30,560

as it's called sorry for all the

181

00:07:35,189 --> 00:07:32,560

background stuff going on oh i love it

182

00:07:36,790 --> 00:07:35,199

yeah i love dogs so um

183

00:07:39,430 --> 00:07:36,800

yeah the uh

184

00:07:41,430 --> 00:07:39,440

and so i enlisted their help i mean

185

00:07:43,110 --> 00:07:41,440

that's now like 500 people at roche

186

00:07:45,670 --> 00:07:43,120

diagnostics and it's

187

00:07:47,350 --> 00:07:45,680

so they stepped up and helped with it

188

00:07:49,670 --> 00:07:47,360

and then several students did and two

189

00:07:52,790 --> 00:07:49,680

other stanford professors one uh a

190

00:07:54,390 --> 00:07:52,800

specialist in south american genomics

191

00:07:55,589 --> 00:07:54,400

and the other just a specialist in

192

00:07:56,790 --> 00:07:55,599

genomics

193

00:07:58,629 --> 00:07:56,800

and so

194

00:08:00,070 --> 00:07:58,639

you know the students were the ones who

195

00:08:03,270 --> 00:08:00,080

basically found

196

00:08:05,749 --> 00:08:03,280

the uh the alterations uh and then the

197

00:08:07,990 --> 00:08:05,759

professors as usual help write and

198

00:08:10,469 --> 00:08:08,000

position the paper and make sure all the

199

00:08:12,550 --> 00:08:10,479

right caveats are put in so um you know

200

00:08:14,150 --> 00:08:12,560

it was a great group effort

201

00:08:16,790 --> 00:08:14,160

i mean at the end of the day

202

00:08:18,550 --> 00:08:16,800

i personally made sure that i took the

203

00:08:21,350 --> 00:08:18,560

incoming fire

204

00:08:24,070 --> 00:08:21,360

uh and you know stand in the way of of

205

00:08:25,110 --> 00:08:24,080

all of the stuff that was happening

206

00:08:26,309 --> 00:08:25,120

um

207

00:08:28,950 --> 00:08:26,319

because you know that's the nice thing

208

00:08:32,709 --> 00:08:28,960

about tenure is that it it gives you the

209

00:08:35,350 --> 00:08:32,719

option to just speak your mind

210

00:08:38,709 --> 00:08:35,360

uh in a positive way

211

00:08:40,949 --> 00:08:38,719

yeah well i i think of dr john mack

212

00:08:42,550 --> 00:08:40,959

um you know good thing he was tenured

213

00:08:43,670 --> 00:08:42,560

but it was it was pretty close in his

214

00:08:45,030 --> 00:08:43,680

situation

215

00:08:47,269 --> 00:08:45,040

i don't know if you've ever heard of

216

00:08:49,670 --> 00:08:47,279

looking oh yeah no i know i know quite

217

00:08:53,030 --> 00:08:49,680

yeah i know the whole thing

218

00:08:55,110 --> 00:08:53,040

yeah so when this uh well i i should say

219

00:08:57,110 --> 00:08:55,120

spoiler alert everyone this is uh this

220

00:08:59,350 --> 00:08:57,120

was a human

221

00:09:01,269 --> 00:08:59,360

right i mean they're still kind i mean

222

00:09:02,790 --> 00:09:01,279

there's still people trying to peddle it

223

00:09:04,389 --> 00:09:02,800

i mean they're still talking about it

224

00:09:05,990 --> 00:09:04,399

being alien

225

00:09:11,110 --> 00:09:06,000

i mean

226

00:09:13,590 --> 00:09:11,120

where the thing is

227

00:09:14,710 --> 00:09:13,600

it's in barcelona owned by a private

228

00:09:16,870 --> 00:09:14,720

owner

229

00:09:18,630 --> 00:09:16,880

go and convince that individual to give

230

00:09:21,590 --> 00:09:18,640

you a piece of the

231

00:09:24,389 --> 00:09:21,600

material uh and uh

232

00:09:27,350 --> 00:09:24,399

and uh repeat it but frankly

233

00:09:28,710 --> 00:09:27,360

you know as i said publicly uh now that

234

00:09:29,990 --> 00:09:28,720

we know what it is and i didn't know

235

00:09:31,350 --> 00:09:30,000

what it was when i first got it i

236

00:09:34,150 --> 00:09:31,360

thought it was a monkey

237

00:09:38,150 --> 00:09:35,990

and uh now that we know it's human we

238

00:09:39,910 --> 00:09:38,160

shouldn't be you know it's just

239

00:09:43,670 --> 00:09:39,920

it just shouldn't be abused it should be

240

00:09:46,070 --> 00:09:43,680

returned and and treated like that

241

00:09:47,110 --> 00:09:46,080

yeah well along these lines you must

242

00:09:50,070 --> 00:09:47,120

have seen

243

00:09:51,269 --> 00:09:50,080

what was touted for a while as the

244

00:09:54,630 --> 00:09:51,279

roswell

245

00:09:57,110 --> 00:09:54,640

alien which was also a mummy

246

00:09:59,509 --> 00:09:57,120

did you happen to follow that

247

00:10:01,829 --> 00:09:59,519

but okay

248

00:10:02,710 --> 00:10:01,839

yeah uh yeah that was another situation

249

00:10:05,030 --> 00:10:02,720

where

250

00:10:06,630 --> 00:10:05,040

it was it was nothing that was in hand

251

00:10:09,990 --> 00:10:06,640

but it was images

252

00:10:11,910 --> 00:10:10,000

of an old cod kodak slide and it was

253

00:10:15,269 --> 00:10:11,920

basically images it was pictures that

254

00:10:17,910 --> 00:10:15,279

someone took in the 1940s in a museum

255

00:10:20,069 --> 00:10:17,920

and they were trying to sell them off i

256

00:10:23,030 --> 00:10:20,079

saw that in a glass case yeah that's

257

00:10:24,870 --> 00:10:23,040

correct yeah yeah and then also this the

258

00:10:26,150 --> 00:10:24,880

uh star child

259

00:10:28,710 --> 00:10:26,160

that's something you know a little bit

260

00:10:30,630 --> 00:10:28,720

about right exactly yeah yeah well

261

00:10:33,030 --> 00:10:30,640

that's another one

262

00:10:35,829 --> 00:10:33,040

well i i you know i i brought the owner

263

00:10:36,790 --> 00:10:35,839

of the skull out to stanford and i took

264

00:10:40,389 --> 00:10:36,800

it down

265

00:10:41,590 --> 00:10:40,399

uh to our high-end tomography um set up

266

00:10:44,230 --> 00:10:41,600

we have there's an experimental

267

00:10:47,190 --> 00:10:44,240

tomography setup not the not the normal

268

00:10:48,710 --> 00:10:47,200

medical one um and we did a high

269

00:10:51,110 --> 00:10:48,720

resolution scan i still got it on my

270

00:10:51,990 --> 00:10:51,120

computer somewhere i sent it off to them

271

00:10:53,590 --> 00:10:52,000

um

272

00:10:55,110 --> 00:10:53,600

and then i brought it to a bone

273

00:10:56,710 --> 00:10:55,120

specialist and i said is there anything

274

00:10:58,550 --> 00:10:56,720

unusual about this

275

00:11:00,069 --> 00:10:58,560

uh in terms of the

276

00:11:01,990 --> 00:11:00,079

you know the morphology he said well

277

00:11:02,710 --> 00:11:02,000

obviously it's got it's got problems but

278

00:11:06,310 --> 00:11:02,720

it's

279

00:11:09,990 --> 00:11:06,320

the other

280

00:11:11,190 --> 00:11:10,000

uh disorder that we can see clearly

281

00:11:13,829 --> 00:11:11,200

you know and then somebody brought some

282

00:11:15,190 --> 00:11:13,839

dna or showed me some dna sequence and

283

00:11:16,150 --> 00:11:15,200

the dna sequence was frankly just

284

00:11:18,550 --> 00:11:16,160

rubbish

285

00:11:22,069 --> 00:11:18,560

it was basically probably

286

00:11:25,509 --> 00:11:22,079

fungus dna contaminating the sample

287

00:11:26,870 --> 00:11:25,519

honestly oh i see yeah yeah and and does

288

00:11:28,790 --> 00:11:26,880

you have to be so careful about

289

00:11:30,710 --> 00:11:28,800

contamination right i mean it could any

290

00:11:32,630 --> 00:11:30,720

type of work you're doing it's could

291

00:11:35,430 --> 00:11:32,640

throw i mean it's such sensitive

292

00:11:36,470 --> 00:11:35,440

material overall right i mean well the i

293

00:11:38,630 --> 00:11:36,480

mean

294

00:11:40,949 --> 00:11:38,640

all of these techniques are using a

295

00:11:42,630 --> 00:11:40,959

technology at the start called dna

296

00:11:43,750 --> 00:11:42,640

amplification or polymerase chain

297

00:11:45,190 --> 00:11:43,760

reaction

298

00:11:47,269 --> 00:11:45,200

and it's something that can take a

299

00:11:49,269 --> 00:11:47,279

single molecule and make it into 10

300

00:11:52,389 --> 00:11:49,279

trillion

301
00:11:55,030 --> 00:11:52,399
copies of it and so if you have one

302
00:11:57,750 --> 00:11:55,040
piece of dna you know in your sample

303
00:11:59,829 --> 00:11:57,760
that replicates just a little bit faster

304
00:12:01,509 --> 00:11:59,839
during the amplification process and the

305
00:12:03,590 --> 00:12:01,519
stuff that you're interested in

306
00:12:05,350 --> 00:12:03,600
it will take over the sample

307
00:12:08,150 --> 00:12:05,360
it's just evolution

308
00:12:11,910 --> 00:12:08,160
but when you're tested yep

309
00:12:13,110 --> 00:12:11,920
have you heard of dr michael master's

310
00:12:15,190 --> 00:12:13,120
theory that

311
00:12:16,550 --> 00:12:15,200
what we're seeing here is possibly time

312
00:12:18,389 --> 00:12:16,560
travelers

313
00:12:21,030 --> 00:12:18,399

yeah yeah

314

00:12:23,670 --> 00:12:21,040

that's that's another fascinating

315

00:12:24,870 --> 00:12:23,680

you know uh theory out there i think

316

00:12:25,910 --> 00:12:24,880

yeah

317

00:12:28,069 --> 00:12:25,920

look there's

318

00:12:30,790 --> 00:12:28,079

lots of different things and and you

319

00:12:33,110 --> 00:12:30,800

know he he paints a very interesting

320

00:12:34,550 --> 00:12:33,120

speculative story i i can't prove or

321

00:12:37,110 --> 00:12:34,560

disprove it

322

00:12:39,030 --> 00:12:37,120

you know but i know one thing that that

323

00:12:40,629 --> 00:12:39,040

you know i've learned enough about

324

00:12:42,790 --> 00:12:40,639

jacques valet from

325

00:12:43,910 --> 00:12:42,800

constant interaction with him he lives

326

00:12:46,150 --> 00:12:43,920

nearby

327

00:12:48,790 --> 00:12:46,160

uh that his

328

00:12:50,550 --> 00:12:48,800

his uh retort would likely be something

329

00:12:52,230 --> 00:12:50,560

along the lines of or maybe it's

330

00:12:55,670 --> 00:12:52,240

something that's trying to look like

331

00:13:00,550 --> 00:12:58,150

hey not bad not bad

332

00:13:02,470 --> 00:13:00,560

so here here's a question i it's off

333

00:13:04,389 --> 00:13:02,480

topic more or less but i always want to

334

00:13:08,550 --> 00:13:04,399

ask someone like you

335

00:13:09,430 --> 00:13:08,560

the very first spark of life

336

00:13:11,269 --> 00:13:09,440

how

337

00:13:14,150 --> 00:13:11,279

does someone like you think that could

338

00:13:19,110 --> 00:13:17,670

well i i would recommend um

339

00:13:21,430 --> 00:13:19,120

uh

340

00:13:24,389 --> 00:13:21,440

people read a book by

341

00:13:26,470 --> 00:13:24,399

richard dawkins the selfish gene

342

00:13:29,590 --> 00:13:26,480

he goes into that quite a bit

343

00:13:31,030 --> 00:13:29,600

um and some old scientific american

344

00:13:33,030 --> 00:13:31,040

things about something called quasi

345

00:13:37,030 --> 00:13:33,040

species and hyper cycles

346

00:13:39,990 --> 00:13:37,040

and but the the essential notion is that

347

00:13:43,350 --> 00:13:40,000

once you have something which can let's

348

00:13:46,870 --> 00:13:43,360

say is the template for self-replication

349

00:13:49,670 --> 00:13:46,880

right something that can can bind itself

350

00:13:51,910 --> 00:13:49,680

and can then

351
00:13:54,230 --> 00:13:51,920
polymerize more copies of itself or

352
00:13:56,629 --> 00:13:54,240
enable more copies of itself

353
00:13:58,949 --> 00:13:56,639
in a unrestricted resource-free

354
00:14:00,629 --> 00:13:58,959
environment it will take over that

355
00:14:02,710 --> 00:14:00,639
environment right that's just the

356
00:14:05,350 --> 00:14:02,720
selfish gene hypothesis

357
00:14:07,189 --> 00:14:05,360
um but the problem is that you need to

358
00:14:10,389 --> 00:14:07,199
surround things

359
00:14:13,110 --> 00:14:10,399
uh with um

360
00:14:15,110 --> 00:14:13,120
walls to protect your resource from

361
00:14:17,110 --> 00:14:15,120
somebody else's resource and that was

362
00:14:18,230 --> 00:14:17,120
probably something akin to the first

363
00:14:20,790 --> 00:14:18,240

cell

364

00:14:23,350 --> 00:14:20,800

right now whether it's rna or protein or

365

00:14:25,910 --> 00:14:23,360

dna and how it all came along

366

00:14:27,430 --> 00:14:25,920

uh is you know open to interpretation

367

00:14:30,310 --> 00:14:27,440

and have been a couple of nobel prizes i

368

00:14:33,030 --> 00:14:30,320

think jack sastak got the one about the

369

00:14:33,990 --> 00:14:33,040

rna world at harvard

370

00:14:36,150 --> 00:14:34,000

um

371

00:14:37,990 --> 00:14:36,160

and uh

372

00:14:40,150 --> 00:14:38,000

you know but i think the interesting

373

00:14:40,949 --> 00:14:40,160

thing is there's a there's a paper out

374

00:14:41,990 --> 00:14:40,959

there

375

00:14:44,389 --> 00:14:42,000

um

376

00:14:47,269 --> 00:14:44,399

about when the

377

00:14:50,230 --> 00:14:47,279

life potentially began and without going

378

00:14:52,230 --> 00:14:50,240

into all the glory details of it the

379

00:14:54,150 --> 00:14:52,240

trajectory projection

380

00:14:56,870 --> 00:14:54,160

points to life beginning something

381

00:14:59,030 --> 00:14:56,880

around 10 billion years ago

382

00:15:02,310 --> 00:14:59,040

right by looking at dna code and

383

00:15:03,269 --> 00:15:02,320

assembly and how fast it changes

384

00:15:05,189 --> 00:15:03,279

uh

385

00:15:06,470 --> 00:15:05,199

there's a problem with that

386

00:15:09,750 --> 00:15:06,480

yeah

387

00:15:11,030 --> 00:15:09,760

so

388

00:15:12,870 --> 00:15:11,040

either

389

00:15:15,030 --> 00:15:12,880

the things that they were measuring

390

00:15:16,790 --> 00:15:15,040

happened very fast asymptotically and

391

00:15:18,230 --> 00:15:16,800

then curved off

392

00:15:20,310 --> 00:15:18,240

to a linear and that we're only looking

393

00:15:22,710 --> 00:15:20,320

at the linear and they were ignoring

394

00:15:24,389 --> 00:15:22,720

something that happened very quickly

395

00:15:25,750 --> 00:15:24,399

or it did go all the way back and

396

00:15:27,670 --> 00:15:25,760

panspermia

397

00:15:28,870 --> 00:15:27,680

is the right interpretation of how life

398

00:15:30,949 --> 00:15:28,880

got here and people say oh how could

399

00:15:33,509 --> 00:15:30,959

life get here well because everything in

400

00:15:35,990 --> 00:15:33,519

your molecule in your body came from an

401
00:15:36,790 --> 00:15:36,000
exploded sun somewhere supernovas yeah

402
00:15:39,910 --> 00:15:36,800
you know

403
00:15:42,230 --> 00:15:39,920
12 billion years ago so it it

404
00:15:44,870 --> 00:15:42,240
stuff happens

405
00:15:50,470 --> 00:15:46,310
kind of

406
00:15:55,509 --> 00:15:52,550
right and one of the one of the things i

407
00:15:58,470 --> 00:15:55,519
also think about is um

408
00:16:00,949 --> 00:15:58,480
how could we possibly have all this life

409
00:16:02,790 --> 00:16:00,959
starting from a single cell you know one

410
00:16:04,470 --> 00:16:02,800
the first single cell

411
00:16:05,590 --> 00:16:04,480
and then eventually out of the ocean and

412
00:16:07,749 --> 00:16:05,600
all that and

413
00:16:08,710 --> 00:16:07,759

and when it comes to the human

414

00:16:10,949 --> 00:16:08,720

you know

415

00:16:12,629 --> 00:16:10,959

it just seems like we developed awfully

416

00:16:14,710 --> 00:16:12,639

fast you know maybe

417

00:16:16,790 --> 00:16:14,720

maybe i'm totally off on that i don't

418

00:16:18,150 --> 00:16:16,800

know you know someone like you studies

419

00:16:19,590 --> 00:16:18,160

this all the time

420

00:16:21,749 --> 00:16:19,600

yeah i don't i don't have a problem with

421

00:16:23,509 --> 00:16:21,759

trump see a guy brian kelly in here no

422

00:16:25,590 --> 00:16:23,519

way there was time for such randomness

423

00:16:26,629 --> 00:16:25,600

talk about junk science you know look

424

00:16:28,069 --> 00:16:26,639

that's what if that's what you want to

425

00:16:29,749 --> 00:16:28,079

believe go ahead and believe it why

426

00:16:33,110 --> 00:16:29,759

don't you just go read a book

427

00:16:35,990 --> 00:16:33,120

uh like the selfish gene and the the

428

00:16:38,069 --> 00:16:36,000

watchmaker the uh the blind watchmaker

429

00:16:40,949 --> 00:16:38,079

uh come back to me then and if you've

430

00:16:42,870 --> 00:16:40,959

actually read that book uh then i'll in

431

00:16:45,269 --> 00:16:42,880

then i will um

432

00:16:47,189 --> 00:16:45,279

you know entertain your

433

00:16:50,470 --> 00:16:47,199

uh intelligent design

434

00:16:52,710 --> 00:16:50,480

period paragraph

435

00:16:54,150 --> 00:16:52,720

okay well uh speaking of that i will be

436

00:16:56,310 --> 00:16:54,160

taking uh

437

00:16:58,150 --> 00:16:56,320

we are we are we have moderators in

438

00:17:00,389 --> 00:16:58,160

there if there's any uh you know any

439

00:17:02,870 --> 00:17:00,399

trouble but also i will be trying to get

440

00:17:04,710 --> 00:17:02,880

some questions up i i i kind of made the

441

00:17:06,309 --> 00:17:04,720

mistake last week

442

00:17:08,069 --> 00:17:06,319

and said

443

00:17:09,510 --> 00:17:08,079

to the audience i said who's coming up

444

00:17:10,630 --> 00:17:09,520

this week and i said if you have any

445

00:17:13,270 --> 00:17:10,640

questions

446

00:17:15,909 --> 00:17:13,280

please email me i gave them my email

447

00:17:17,909 --> 00:17:15,919

address and they came in every type of

448

00:17:21,189 --> 00:17:17,919

communication that i have possible the

449

00:17:23,750 --> 00:17:21,199

questions came in so um facebook which i

450

00:17:24,630 --> 00:17:23,760

never go on and and and uh

451

00:17:25,669 --> 00:17:24,640

uh

452

00:17:27,990 --> 00:17:25,679

you know

453

00:17:29,430 --> 00:17:28,000

i was waiting for like linkedin messages

454

00:17:31,350 --> 00:17:29,440

but i didn't get those but i do have

455

00:17:33,990 --> 00:17:31,360

some questions that did come in we also

456

00:17:37,510 --> 00:17:34,000

have questions in the chat that are i i

457

00:17:39,110 --> 00:17:37,520

will try to get to reading your chat

458

00:17:41,190 --> 00:17:39,120

what's that i think i can't do two

459

00:17:43,750 --> 00:17:41,200

things at once i'm reading that's right

460

00:17:47,350 --> 00:17:43,760

and it's it's it's actually hard for me

461

00:17:49,190 --> 00:17:47,360

hey would you mind we there's lou is in

462

00:17:50,630 --> 00:17:49,200

is in do you mind if i just pull them in

463

00:17:52,870 --> 00:17:50,640

the three of us together

464

00:17:55,669 --> 00:17:52,880

sure all the way through

465

00:17:57,830 --> 00:17:55,679

here we go lou welcome to the show

466

00:17:59,590 --> 00:17:57,840

hey martin how are you gary great to see

467

00:18:00,950 --> 00:17:59,600

you again how you doing my friend

468

00:18:03,029 --> 00:18:00,960

great you probably didn't know i was

469

00:18:04,870 --> 00:18:03,039

going to bring you in this early but

470

00:18:07,110 --> 00:18:04,880

here we are no i was actually listening

471

00:18:08,789 --> 00:18:07,120

to gary you know i'm kind of like a

472

00:18:11,669 --> 00:18:08,799

closet gary fan

473

00:18:13,430 --> 00:18:11,679

uh despite uh of course i

474

00:18:14,950 --> 00:18:13,440

me knowing gary for quite some time in

475

00:18:17,029 --> 00:18:14,960

his work in atip

476

00:18:19,430 --> 00:18:17,039

um you know from from a wannabe

477

00:18:20,789 --> 00:18:19,440

immunologist like myself to you know to

478

00:18:22,870 --> 00:18:20,799

a

479

00:18:24,150 --> 00:18:22,880

nobel nominee you know he he kind of

480

00:18:26,150 --> 00:18:24,160

represents that

481

00:18:28,630 --> 00:18:26,160

that you know everything i always wanted

482

00:18:31,110 --> 00:18:28,640

to be as a microbiologist immunologist

483

00:18:33,270 --> 00:18:31,120

so uh forgive me for for

484

00:18:36,710 --> 00:18:33,280

sneaking in the back of the church but i

485

00:18:38,549 --> 00:18:36,720

wanted to uh to to hear gary uh i'm a

486

00:18:40,950 --> 00:18:38,559

pretty big fan of gary

487

00:18:42,390 --> 00:18:40,960

yeah and vice versa

488

00:18:44,150 --> 00:18:42,400

yes right well

489

00:18:45,350 --> 00:18:44,160

i think uh you know you

490

00:18:47,510 --> 00:18:45,360

both of you

491

00:18:50,630 --> 00:18:47,520

have given so much credibility to this

492

00:18:52,870 --> 00:18:50,640

topic have helped um so much and it's

493

00:18:54,789 --> 00:18:52,880

it's really you know it's been i i've

494

00:18:59,270 --> 00:18:54,799

seen such a change

495

00:19:01,590 --> 00:18:59,280

since 2017 till now i mean i i used to

496

00:19:03,350 --> 00:19:01,600

do this show and be i'm a professional

497

00:19:05,430 --> 00:19:03,360

as far as i'm a fine art appraiser and

498

00:19:07,430 --> 00:19:05,440

antiques and all that and i used to be

499

00:19:10,070 --> 00:19:07,440

scared to death to bring up this hey you

500

00:19:12,710 --> 00:19:10,080

know i do a show on ufos i'm not afraid

501
00:19:14,789 --> 00:19:12,720
at all i i bring it up quite often these

502
00:19:17,270 --> 00:19:14,799
days and i don't well bart if

503
00:19:19,350 --> 00:19:17,280
i can real part of that is is thanks to

504
00:19:21,430 --> 00:19:19,360
gary uh you know gary is one of those

505
00:19:23,990 --> 00:19:21,440
guys who who has gone

506
00:19:26,070 --> 00:19:24,000
really uh in the shadows for a long time

507
00:19:28,470 --> 00:19:26,080
and until recently most people had no

508
00:19:30,150 --> 00:19:28,480
idea publicly anyways i mean of course

509
00:19:32,549 --> 00:19:30,160
we knew who he was inside the government

510
00:19:35,029 --> 00:19:32,559
but publicly very few people knew what

511
00:19:36,070 --> 00:19:35,039
gary was really doing uh for us behind

512
00:19:38,950 --> 00:19:36,080
the scenes

513
00:19:40,310 --> 00:19:38,960

and i gotta tell you um at some point

514

00:19:42,789 --> 00:19:40,320

you know my my hope is that the world

515

00:19:43,909 --> 00:19:42,799

will get a chance to know just

516

00:19:45,029 --> 00:19:43,919

truly and i'm not saying this because

517

00:19:47,350 --> 00:19:45,039

gary's my friend i'm telling you

518

00:19:49,669 --> 00:19:47,360

honestly the guy has done more for this

519

00:19:52,870 --> 00:19:49,679

country in this topic than just about

520

00:19:55,350 --> 00:19:52,880

anybody else and um you know i certainly

521

00:19:57,990 --> 00:19:55,360

i'm humbled to to call him a colleague

522

00:19:59,990 --> 00:19:58,000

and a friend um but we we're better off

523

00:20:02,630 --> 00:20:00,000

for it and this topic is way better off

524

00:20:05,190 --> 00:20:02,640

for it and the type of rigor that he

525

00:20:07,669 --> 00:20:05,200

applies in looking at this topic has

526

00:20:09,270 --> 00:20:07,679

really helped us within the us

527

00:20:11,990 --> 00:20:09,280

government have a much better

528

00:20:13,669 --> 00:20:12,000

understanding potentially potentially

529

00:20:15,270 --> 00:20:13,679

what we're dealing with um if you ever

530

00:20:17,990 --> 00:20:15,280

had a chance to talk to gary this is a

531

00:20:19,510 --> 00:20:18,000

guy he's an obs kind of guy i mean

532

00:20:20,789 --> 00:20:19,520

zero bs

533

00:20:22,710 --> 00:20:20,799

and um

534

00:20:24,390 --> 00:20:22,720

and he's committed and he's he's a

535

00:20:26,710 --> 00:20:24,400

consummate professional

536

00:20:29,029 --> 00:20:26,720

and uh all i can say is you know we're

537

00:20:30,549 --> 00:20:29,039

we're certainly my colleagues and myself

538

00:20:33,350 --> 00:20:30,559

are certainly blessed

539

00:20:35,270 --> 00:20:33,360

to to call him uh to call him friend uh

540

00:20:36,070 --> 00:20:35,280

especially on this topic he has really

541

00:20:38,470 --> 00:20:36,080

helped

542

00:20:40,230 --> 00:20:38,480

move the needle forward and and i will

543

00:20:42,070 --> 00:20:40,240

tell you at some point the us government

544

00:20:42,789 --> 00:20:42,080

will probably come out and acknowledge

545

00:20:44,630 --> 00:20:42,799

just

546

00:20:46,230 --> 00:20:44,640

how helpful he's been but i can tell you

547

00:20:49,350 --> 00:20:46,240

until that point comes

548

00:20:50,390 --> 00:20:49,360

i'll tell you with with no uncertainty

549

00:20:53,029 --> 00:20:50,400

um

550

00:20:55,029 --> 00:20:53,039

gary is is truly a national treasure uh

551
00:20:58,149 --> 00:20:55,039
it's it's absolutely incredible what

552
00:21:00,630 --> 00:20:58,159
he's been able to do for us

553
00:21:03,190 --> 00:21:00,640
oh thank you

554
00:21:04,470 --> 00:21:03,200
there goes his head my head

555
00:21:06,950 --> 00:21:04,480
through the door

556
00:21:09,990 --> 00:21:06,960
no i'm not i'm not saying that uh just

557
00:21:10,950 --> 00:21:10,000
to say that i i i mean it um at some

558
00:21:11,990 --> 00:21:10,960
point

559
00:21:13,750 --> 00:21:12,000
um

560
00:21:16,549 --> 00:21:13,760
you know my my hope is that people can

561
00:21:18,149 --> 00:21:16,559
really get a chance to to know who gary

562
00:21:20,789 --> 00:21:18,159
is not just professionally but as a

563
00:21:23,270 --> 00:21:20,799

human being and what he's been able to

564

00:21:25,430 --> 00:21:23,280

to do for us uh and by the way it's it's

565

00:21:27,430 --> 00:21:25,440

not over um he he's still

566

00:21:30,310 --> 00:21:27,440

very forgive me for saying this but but

567

00:21:33,430 --> 00:21:30,320

he's still working for the cause um on a

568

00:21:35,909 --> 00:21:33,440

regular continuing basis and it's uh

569

00:21:38,149 --> 00:21:35,919

it's been an honor and privilege uh

570

00:21:41,430 --> 00:21:38,159

to know that he's been you know on on

571

00:21:43,909 --> 00:21:41,440

this journey with us this entire time

572

00:21:46,549 --> 00:21:43,919

well lou and i are looking forward to

573

00:21:47,830 --> 00:21:46,559

working together now in let's say some

574

00:21:50,230 --> 00:21:47,840

more formal

575

00:21:53,669 --> 00:21:50,240

manners uh that we'll be able to talk

576
00:21:55,669 --> 00:21:53,679
about um in the near future more for me

577
00:21:58,710 --> 00:21:55,679
more on the academic side

578
00:22:00,950 --> 00:21:58,720
uh lieu more on the things that he's

579
00:22:03,110 --> 00:22:00,960
been doing before but i think the

580
00:22:06,390 --> 00:22:03,120
community at large is going to

581
00:22:08,630 --> 00:22:06,400
uh really be thankful for how we're

582
00:22:11,190 --> 00:22:08,640
trying to make this more transparent and

583
00:22:13,510 --> 00:22:11,200
academic i mean the objective here and

584
00:22:15,510 --> 00:22:13,520
lou and i have had many conversations

585
00:22:16,390 --> 00:22:15,520
about this along with sean cahill and

586
00:22:20,710 --> 00:22:16,400
others

587
00:22:22,470 --> 00:22:20,720
um of how do we bring in other academics

588
00:22:24,630 --> 00:22:22,480

make it respectable

589

00:22:27,270 --> 00:22:24,640

fund some of this work

590

00:22:29,909 --> 00:22:27,280

right not fund it within the government

591

00:22:32,230 --> 00:22:29,919

fund it outside of the government

592

00:22:34,470 --> 00:22:32,240

right so that people can do what

593

00:22:37,029 --> 00:22:34,480

scientists normally do fight with each

594

00:22:37,990 --> 00:22:37,039

other about what's right

595

00:22:39,350 --> 00:22:38,000

right

596

00:22:41,669 --> 00:22:39,360

and you know

597

00:22:43,510 --> 00:22:41,679

argue over the data

598

00:22:45,669 --> 00:22:43,520

and so you know it's just it's not a

599

00:22:47,590 --> 00:22:45,679

good idea to have an executive

600

00:22:49,510 --> 00:22:47,600

or a politician

601
00:22:51,590 --> 00:22:49,520
put the data in a drawer

602
00:22:53,830 --> 00:22:51,600
or try to interpret it

603
00:22:55,750 --> 00:22:53,840
with whatever their agenda is right it's

604
00:22:57,750 --> 00:22:55,760
get it out there so that you know

605
00:22:59,510 --> 00:22:57,760
transparency does

606
00:23:02,950 --> 00:22:59,520
scare away the cockroaches and

607
00:23:05,110 --> 00:23:02,960
transparency does allow you to look at

608
00:23:07,510 --> 00:23:05,120
all sides of the issue

609
00:23:10,630 --> 00:23:07,520
and so that's really what my objective

610
00:23:13,669 --> 00:23:10,640
is and i i've told everybody that i've

611
00:23:16,230 --> 00:23:13,679
been interacting with i said

612
00:23:19,110 --> 00:23:16,240
i'm only interested in doing this if we

613
00:23:20,470 --> 00:23:19,120

get the chance to publish it

614

00:23:23,029 --> 00:23:20,480

right

615

00:23:23,990 --> 00:23:23,039

gary i agree with that

616

00:23:25,590 --> 00:23:24,000

yeah

617

00:23:27,510 --> 00:23:25,600

transparency

618

00:23:29,190 --> 00:23:27,520

it's not an uh it's not negotiable we

619

00:23:30,630 --> 00:23:29,200

got we got to be as transparent as we

620

00:23:31,990 --> 00:23:30,640

possibly can and by the way real quick

621

00:23:34,390 --> 00:23:32,000

before i know martin you got something

622

00:23:37,669 --> 00:23:34,400

to say let me just apologize for sean

623

00:23:39,510 --> 00:23:37,679

not being here uh with us today

624

00:23:43,350 --> 00:23:39,520

he's on a plane back he spent the week

625

00:23:45,990 --> 00:23:43,360

with me uh here in in wyoming he's now

626

00:23:47,669 --> 00:23:46,000

headed back uh to california but he

627

00:23:50,390 --> 00:23:47,679

wanted me to express to you and your

628

00:23:51,909 --> 00:23:50,400

audience his apologies for for not being

629

00:23:53,430 --> 00:23:51,919

here this evening with us

630

00:23:54,549 --> 00:23:53,440

yeah well thank you yeah i forgot to

631

00:23:57,029 --> 00:23:54,559

mention that at the beginning why he

632

00:24:00,789 --> 00:23:57,039

wasn't here uh gary first of all is the

633

00:24:02,149 --> 00:24:00,799

dog behind you still alive yes he is uh

634

00:24:05,750 --> 00:24:02,159

he um

635

00:24:06,549 --> 00:24:05,760

he sleeps like that he's 15 years old

636

00:24:07,430 --> 00:24:06,559

so

637

00:24:10,310 --> 00:24:07,440

um

638

00:24:12,870 --> 00:24:10,320

you know he gets tired pretty easily

639

00:24:15,590 --> 00:24:12,880

yeah okay and gary i want to say to your

640

00:24:18,710 --> 00:24:15,600

credit um someone that's in the science

641

00:24:21,830 --> 00:24:18,720

realm uh told me they contacted you

642

00:24:23,750 --> 00:24:21,840

and uh kind of um

643

00:24:27,110 --> 00:24:23,760

you know went point

644

00:24:28,070 --> 00:24:27,120

over point with uh the paper uh that you

645

00:24:30,149 --> 00:24:28,080

have

646

00:24:33,110 --> 00:24:30,159

published on the on the crash materials

647

00:24:36,470 --> 00:24:33,120

or whatever and said you were very very

648

00:24:39,430 --> 00:24:36,480

kind and uh and you didn't throw your

649

00:24:41,350 --> 00:24:39,440

ego around and that's uh what you see a

650

00:24:43,350 --> 00:24:41,360

lot of times when someone has

651
00:24:45,669 --> 00:24:43,360
something out there

652
00:24:48,310 --> 00:24:45,679
a lot of times there's an ego that

653
00:24:50,710 --> 00:24:48,320
seems to push against whatever

654
00:24:53,029 --> 00:24:50,720
but it sounds like you're very open to

655
00:24:55,590 --> 00:24:53,039
uh to the possibility of finding new

656
00:24:57,909 --> 00:24:55,600
data and wherever it leads which is yeah

657
00:24:59,430 --> 00:24:57,919
i mean you know that

658
00:25:01,190 --> 00:24:59,440
the data

659
00:25:04,149 --> 00:25:01,200
always needs to be reinterpreted and

660
00:25:06,789 --> 00:25:04,159
there's always a better person than

661
00:25:08,390 --> 00:25:06,799
you out there that might see it from

662
00:25:11,430 --> 00:25:08,400
an angle you didn't

663
00:25:13,110 --> 00:25:11,440

um or know a better analysis technique

664

00:25:15,350 --> 00:25:13,120

that should have been applied

665

00:25:16,789 --> 00:25:15,360

so i never have a problem with somebody

666

00:25:18,950 --> 00:25:16,799

saying hey you should have done this

667

00:25:20,710 --> 00:25:18,960

rather than that or oh by the way you

668

00:25:23,269 --> 00:25:20,720

missed this

669

00:25:27,110 --> 00:25:24,549

why unless you're trying to fool

670

00:25:29,909 --> 00:25:27,120

somebody why would you be afraid

671

00:25:32,070 --> 00:25:29,919

yeah that's right and like you said

672

00:25:33,110 --> 00:25:32,080

transparency i think that's the best way

673

00:25:35,190 --> 00:25:33,120

and

674

00:25:36,149 --> 00:25:35,200

speaking of that you know how do you

675

00:25:38,710 --> 00:25:36,159

think

676

00:25:40,950 --> 00:25:38,720

uh the transparency will be low i guess

677

00:25:42,230 --> 00:25:40,960

i'm gonna direct this to you uh moving

678

00:25:45,029 --> 00:25:42,240

forward with what the government is

679

00:25:46,950 --> 00:25:45,039

setting up uh do you um i hear a lot of

680

00:25:48,390 --> 00:25:46,960

controversy about that

681

00:25:50,390 --> 00:25:48,400

yeah it's it's a step in the right

682

00:25:52,310 --> 00:25:50,400

direction um

683

00:25:54,390 --> 00:25:52,320

they are uh they're taking the topic

684

00:25:56,149 --> 00:25:54,400

seriously both the i mean we forget that

685

00:25:59,669 --> 00:25:56,159

the government isn't this great big

686

00:26:01,430 --> 00:25:59,679

monolith it's composed of of three

687

00:26:03,029 --> 00:26:01,440

different if you will departments right

688

00:26:04,549 --> 00:26:03,039

your branches you have the executive

689

00:26:05,830 --> 00:26:04,559

branch the legislative branch and the

690

00:26:08,070 --> 00:26:05,840

judicial branch

691

00:26:09,909 --> 00:26:08,080

in this particular case the legislative

692

00:26:12,149 --> 00:26:09,919

branch has put sufficient amount of

693

00:26:13,990 --> 00:26:12,159

pressure on the executive branch to do

694

00:26:16,870 --> 00:26:14,000

the right thing you now have the

695

00:26:19,350 --> 00:26:16,880

establishment of the aoimsg

696

00:26:20,549 --> 00:26:19,360

office um as of today the funding bill

697

00:26:23,350 --> 00:26:20,559

was signed

698

00:26:25,669 --> 00:26:23,360

uh so there's actually funding for this

699

00:26:27,669 --> 00:26:25,679

this capability that will reside within

700

00:26:29,510 --> 00:26:27,679

my old office under the under secretary

701
00:26:32,070 --> 00:26:29,520
of defense for intelligence

702
00:26:34,950 --> 00:26:32,080
um there is some renewed commitment by

703
00:26:38,230 --> 00:26:34,960
senior leaders in the u.s government to

704
00:26:39,909 --> 00:26:38,240
continue to tackle this this topic um

705
00:26:42,549 --> 00:26:39,919
and and keep it as a priority look i

706
00:26:44,950 --> 00:26:42,559
gotta tell you a major kudos to to avril

707
00:26:46,950 --> 00:26:44,960
haynes uh our first female director of

708
00:26:49,269 --> 00:26:46,960
national intelligence she is taking this

709
00:26:51,510 --> 00:26:49,279
topic very very seriously

710
00:26:52,710 --> 00:26:51,520
and um you know she she's not looking to

711
00:26:55,510 --> 00:26:52,720
pass the buck

712
00:26:56,630 --> 00:26:55,520
uh i i think there's been some renewed

713
00:26:58,310 --> 00:26:56,640

um

714

00:27:00,950 --> 00:26:58,320

energy if you will

715

00:27:02,870 --> 00:27:00,960

within my old office the usdi my primary

716

00:27:04,310 --> 00:27:02,880

concern initially was that they were

717

00:27:06,230 --> 00:27:04,320

going to go ahead and subordinate this

718

00:27:08,070 --> 00:27:06,240

office the way they did before when when

719

00:27:11,110 --> 00:27:08,080

i was in the usdi

720

00:27:13,590 --> 00:27:11,120

uh and it looks like that may not be the

721

00:27:15,110 --> 00:27:13,600

case that those individuals that that

722

00:27:17,990 --> 00:27:15,120

had a chance to do the right thing and

723

00:27:20,230 --> 00:27:18,000

fail will not be given another chance to

724

00:27:22,549 --> 00:27:20,240

to manage this portfolio and they will

725

00:27:24,070 --> 00:27:22,559

bring in fresh blood both civilian and

726

00:27:26,389 --> 00:27:24,080

military leadership and i think that's

727

00:27:28,470 --> 00:27:26,399

fantastic that's exactly what we need we

728

00:27:30,789 --> 00:27:28,480

need uh people that will will look at

729

00:27:32,950 --> 00:27:30,799

this topic objectively

730

00:27:34,149 --> 00:27:32,960

not try to hold a grudge and say well

731

00:27:35,750 --> 00:27:34,159

you know because i didn't know about

732

00:27:37,830 --> 00:27:35,760

this before i'm not going to take it

733

00:27:40,230 --> 00:27:37,840

seriously now no you will and by the way

734

00:27:43,510 --> 00:27:40,240

it's law and and if you don't now you're

735

00:27:44,870 --> 00:27:43,520

breaking the law so i i think um

736

00:27:46,549 --> 00:27:44,880

i think we're definitely on the right

737

00:27:47,990 --> 00:27:46,559

path we have a ways to go we're

738

00:27:50,149 --> 00:27:48,000

definitely not at the finish line yet

739

00:27:51,830 --> 00:27:50,159

this is why i said a long time ago

740

00:27:54,310 --> 00:27:51,840

i tried to brace everybody look this is

741

00:27:56,470 --> 00:27:54,320

a marathon this isn't a sprint so if

742

00:27:59,590 --> 00:27:56,480

you're looking for you know some sort of

743

00:28:01,990 --> 00:27:59,600

immediate uh satisfaction to this

744

00:28:04,230 --> 00:28:02,000

that's this is not the case this this is

745

00:28:06,470 --> 00:28:04,240

going to take a while but we've come a

746

00:28:08,710 --> 00:28:06,480

really far a really long way in just

747

00:28:10,789 --> 00:28:08,720

just four years and i think gary's

748

00:28:12,870 --> 00:28:10,799

absolutely right transparency

749

00:28:14,149 --> 00:28:12,880

sunlight sometimes is the very best

750

00:28:16,149 --> 00:28:14,159

antiseptic

751

00:28:18,389 --> 00:28:16,159

and and i think that's that's what's

752

00:28:20,149 --> 00:28:18,399

needed on this topic um for far too long

753

00:28:22,710 --> 00:28:20,159

we've relegated this topic

754

00:28:25,350 --> 00:28:22,720

uh to to the air publicly to the areas

755

00:28:28,230 --> 00:28:25,360

of fringe and within the government uh

756

00:28:30,710 --> 00:28:28,240

the areas of over secrecy and it really

757

00:28:32,630 --> 00:28:30,720

hasn't done us any good not just from a

758

00:28:34,710 --> 00:28:32,640

governmental perspective but certainly

759

00:28:37,029 --> 00:28:34,720

from a public perspective so so the time

760

00:28:38,549 --> 00:28:37,039

has come and and martin's saying thanks

761

00:28:40,470 --> 00:28:38,559

to you and other people

762

00:28:41,909 --> 00:28:40,480

uh we're finally able to have this

763

00:28:43,350 --> 00:28:41,919

conversation

764

00:28:44,870 --> 00:28:43,360

um

765

00:28:46,710 --> 00:28:44,880

you know you said in the beginning here

766

00:28:47,590 --> 00:28:46,720

and i want to thank you for this for for

767

00:28:51,190 --> 00:28:47,600

not

768

00:28:52,870 --> 00:28:51,200

there's and i'm only gonna say this one

769

00:28:55,590 --> 00:28:52,880

time that i'm gonna move on there's a

770

00:28:57,350 --> 00:28:55,600

lot of people out there um that don't

771

00:28:59,510 --> 00:28:57,360

want the truth to be told

772

00:29:02,070 --> 00:28:59,520

and they will obfuscate and they will do

773

00:29:05,350 --> 00:29:02,080

whatever they can to make a lot of noise

774

00:29:06,630 --> 00:29:05,360

and and to try to detract from from

775

00:29:09,029 --> 00:29:06,640

what's happening

776

00:29:09,990 --> 00:29:09,039

in the us government and and with our

777

00:29:12,149 --> 00:29:10,000

efforts

778

00:29:14,389 --> 00:29:12,159

um the only thing i can say is the

779

00:29:16,070 --> 00:29:14,399

reason why you'll see guys like gary and

780

00:29:18,789 --> 00:29:16,080

me pulling out

781

00:29:20,389 --> 00:29:18,799

uh out of the the public spotlight to

782

00:29:21,990 --> 00:29:20,399

some degree is that

783

00:29:24,149 --> 00:29:22,000

look we're trying to be as fair and

784

00:29:26,630 --> 00:29:24,159

transparent as possible but we got a

785

00:29:28,389 --> 00:29:26,640

real job to do and and for all those

786

00:29:29,830 --> 00:29:28,399

detractors out there

787

00:29:31,590 --> 00:29:29,840

look you had a chance you had a chance

788

00:29:33,510 --> 00:29:31,600

to be part of the conversation and you

789

00:29:35,110 --> 00:29:33,520

chose not to be and so

790

00:29:36,630 --> 00:29:35,120

look rather than than being part of the

791

00:29:38,549 --> 00:29:36,640

conversation you can just wait and be

792

00:29:40,630 --> 00:29:38,559

told what to think you know and i hate

793

00:29:42,630 --> 00:29:40,640

to say that and this has not directed

794

00:29:44,230 --> 00:29:42,640

anybody anybody out there right now in

795

00:29:45,990 --> 00:29:44,240

your audience or anybody else who's been

796

00:29:47,750 --> 00:29:46,000

following this topic and really wants to

797

00:29:49,430 --> 00:29:47,760

know and they've been asking the good

798

00:29:51,269 --> 00:29:49,440

questions i've been following this topic

799

00:29:53,350 --> 00:29:51,279

for the last four years this is not

800

00:29:55,269 --> 00:29:53,360

directed at them this is directed for

801
00:29:57,669 --> 00:29:55,279
the small handful of people who've tried

802
00:30:00,230 --> 00:29:57,679
to hijack this conversation and either

803
00:30:02,470 --> 00:30:00,240
try to enrich their pockets with it or

804
00:30:03,669 --> 00:30:02,480
for whatever reason try to to control

805
00:30:05,909 --> 00:30:03,679
the narrative

806
00:30:07,590 --> 00:30:05,919
those days are over we are

807
00:30:08,389 --> 00:30:07,600
folks like gary and myself we are moving

808
00:30:13,029 --> 00:30:08,399
forward

809
00:30:14,549 --> 00:30:13,039
and i gotta i gotta tell you within

810
00:30:15,750 --> 00:30:14,559
within the next year i think people are

811
00:30:18,389 --> 00:30:15,760
gonna be

812
00:30:20,630 --> 00:30:18,399
really really surprised and and probably

813
00:30:22,710 --> 00:30:20,640

amazed on on how far we've come with

814

00:30:23,669 --> 00:30:22,720

this conversation things are happening

815

00:30:29,190 --> 00:30:23,679

every day

816

00:30:30,630 --> 00:30:29,200

information being brought up to the us

817

00:30:32,549 --> 00:30:30,640

government which will ultimately make

818

00:30:34,230 --> 00:30:32,559

its way to congress which will hopefully

819

00:30:36,870 --> 00:30:34,240

ultimately make its way to the american

820

00:30:39,190 --> 00:30:36,880

people uh we can't short circuit that

821

00:30:41,430 --> 00:30:39,200

process i can't go out and do what

822

00:30:42,630 --> 00:30:41,440

edward snowden did and certainly now

823

00:30:44,630 --> 00:30:42,640

that can gary

824

00:30:47,590 --> 00:30:44,640

but we are trying to work within the

825

00:30:49,430 --> 00:30:47,600

system and i think i think we're really

826

00:30:50,950 --> 00:30:49,440

close i think we're really close to this

827

00:30:53,110 --> 00:30:50,960

this moment that everybody's been kind

828

00:30:55,029 --> 00:30:53,120

of waiting for for the last whether it's

829

00:30:56,630 --> 00:30:55,039

four years or four decades or frankly

830

00:30:59,590 --> 00:30:56,640

the last seven decades

831

00:31:01,669 --> 00:30:59,600

i think martin we're really really close

832

00:31:03,669 --> 00:31:01,679

and we have support like we've never had

833

00:31:05,269 --> 00:31:03,679

before and we've got data like we've

834

00:31:06,230 --> 00:31:05,279

never had before

835

00:31:08,950 --> 00:31:06,240

yeah

836

00:31:12,149 --> 00:31:08,960

and and speaking of data um a lot of

837

00:31:14,389 --> 00:31:12,159

people have asked me this question why

838

00:31:17,269 --> 00:31:14,399

you know why not look at historical

839

00:31:18,950 --> 00:31:17,279

cases and i always hear back that's

840

00:31:21,110 --> 00:31:18,960

because you know they didn't have the

841

00:31:23,110 --> 00:31:21,120

recording they weren't able to record it

842

00:31:25,909 --> 00:31:23,120

with as as well as they can with the

843

00:31:28,310 --> 00:31:25,919

equipment but uh certainly

844

00:31:29,350 --> 00:31:28,320

there's been so many great cases over

845

00:31:31,430 --> 00:31:29,360

the years

846

00:31:33,350 --> 00:31:31,440

does that mean we should just ignore all

847

00:31:35,190 --> 00:31:33,360

the old cases

848

00:31:36,950 --> 00:31:35,200

no no no absolutely not that's not what

849

00:31:39,830 --> 00:31:36,960

that means what it simply means is that

850

00:31:43,350 --> 00:31:39,840

for our our officials in government

851
00:31:45,269 --> 00:31:43,360
these are folks that have very uh narrow

852
00:31:47,190 --> 00:31:45,279
bandwidth they are dealing with all

853
00:31:50,070 --> 00:31:47,200
sorts of issues right now whether it's

854
00:31:52,389 --> 00:31:50,080
economic issues or or ukraine or all

855
00:31:55,350 --> 00:31:52,399
these other issues so so what we what we

856
00:31:58,470 --> 00:31:55,360
have to try to do is deliver information

857
00:31:59,750 --> 00:31:58,480
in bite-sized pieces and if you go back

858
00:32:02,710 --> 00:31:59,760
historically

859
00:32:03,990 --> 00:32:02,720
to the 70s and the 60s and the 50s and

860
00:32:06,070 --> 00:32:04,000
the 40s

861
00:32:07,750 --> 00:32:06,080
it's it's interesting information but to

862
00:32:09,029 --> 00:32:07,760
a lot of these folks it's considered

863
00:32:10,470 --> 00:32:09,039

anecdotal

864

00:32:11,909 --> 00:32:10,480

i'm not saying it's not important what

865

00:32:14,710 --> 00:32:11,919

i'm simply saying is we don't have the

866

00:32:16,149 --> 00:32:14,720

fidelity of information and most of the

867

00:32:19,269 --> 00:32:16,159

people frankly back then aren't even

868

00:32:20,549 --> 00:32:19,279

around they're dead so you know we can

869

00:32:22,950 --> 00:32:20,559

spend our time

870

00:32:25,190 --> 00:32:22,960

focusing on some of these older events

871

00:32:26,710 --> 00:32:25,200

or we can spend our time focusing on the

872

00:32:28,630 --> 00:32:26,720

new events that are just as compelling

873

00:32:30,149 --> 00:32:28,640

but by the way we've got a lot more data

874

00:32:31,509 --> 00:32:30,159

right we've got the electro optical data

875

00:32:33,269 --> 00:32:31,519

we've got the radar data we've got the

876

00:32:35,909 --> 00:32:33,279

telemetry data we've got you know

877

00:32:38,070 --> 00:32:35,919

hyperspectral potentially and sonar and

878

00:32:40,389 --> 00:32:38,080

other stuff so again let me let me

879

00:32:42,630 --> 00:32:40,399

reiterate martin it's not that it's not

880

00:32:46,149 --> 00:32:42,640

important it is important but if you

881

00:32:47,590 --> 00:32:46,159

only have so much resource to go around

882

00:32:50,630 --> 00:32:47,600

you have to you have to choose

883

00:32:52,549 --> 00:32:50,640

priorities and those priorities are are

884

00:32:53,909 --> 00:32:52,559

in some cases based upon

885

00:32:56,549 --> 00:32:53,919

the amount of information you have

886

00:32:59,269 --> 00:32:56,559

available to you so do you want to spend

887

00:33:00,870 --> 00:32:59,279

a finite amount of resources looking at

888

00:33:02,389 --> 00:33:00,880

something that happened in the 50s or

889

00:33:04,070 --> 00:33:02,399

the 60s or do you want to spend on

890

00:33:06,470 --> 00:33:04,080

something that happened let's say

891

00:33:08,950 --> 00:33:06,480

last week with a you know a

892

00:33:10,389 --> 00:33:08,960

nuclear aircraft carrier and so that's

893

00:33:12,789 --> 00:33:10,399

where the whole racking and stacking

894

00:33:15,110 --> 00:33:12,799

comes into place so once again let me

895

00:33:16,149 --> 00:33:15,120

reiterate it's not that the old cases

896

00:33:17,830 --> 00:33:16,159

aren't interesting and they're not

897

00:33:19,430 --> 00:33:17,840

compelling and they're not they're not

898

00:33:20,950 --> 00:33:19,440

they're not informative they are

899

00:33:23,110 --> 00:33:20,960

absolutely

900

00:33:24,389 --> 00:33:23,120

but you only have enough resources to

901
00:33:26,310 --> 00:33:24,399
cover so much

902
00:33:28,389 --> 00:33:26,320
we are finally at the point where the

903
00:33:30,789 --> 00:33:28,399
american government has

904
00:33:32,950 --> 00:33:30,799
vis-a-vis the the legislators and the

905
00:33:35,830 --> 00:33:32,960
american people have now required to

906
00:33:36,710 --> 00:33:35,840
spend more money more resources on this

907
00:33:38,470 --> 00:33:36,720
topic

908
00:33:39,590 --> 00:33:38,480
so i think as time goes on we're going

909
00:33:41,750 --> 00:33:39,600
to see

910
00:33:43,269 --> 00:33:41,760
more of that historical data being

911
00:33:45,269 --> 00:33:43,279
incorporated there are several efforts i

912
00:33:47,269 --> 00:33:45,279
won't go into detail right now to

913
00:33:50,389 --> 00:33:47,279

incorporate some of that historical data

914

00:33:52,630 --> 00:33:50,399

and see if we can find similarities

915

00:33:54,389 --> 00:33:52,640

in current information trends right

916

00:33:55,509 --> 00:33:54,399

trend analysis like we call it

917

00:33:57,909 --> 00:33:55,519

intelligence

918

00:33:59,350 --> 00:33:57,919

and in so doing you know help us

919

00:34:00,630 --> 00:33:59,360

understand look

920

00:34:02,389 --> 00:34:00,640

how long have we really been dealing

921

00:34:03,909 --> 00:34:02,399

with this phenomenon right because a lot

922

00:34:05,190 --> 00:34:03,919

of people will say well

923

00:34:08,470 --> 00:34:05,200

this could be russian this could be

924

00:34:10,950 --> 00:34:08,480

chinese okay but we were seeing the same

925

00:34:12,230 --> 00:34:10,960

things in the 50s here's the radar track

926

00:34:13,829 --> 00:34:12,240

here's the telemetry here's the

927

00:34:15,510 --> 00:34:13,839

eyewitness data

928

00:34:17,190 --> 00:34:15,520

let's face it no countries in the 50s

929

00:34:19,190 --> 00:34:17,200

had this technology arguably we don't

930

00:34:21,829 --> 00:34:19,200

have this technology now but certainly

931

00:34:22,950 --> 00:34:21,839

in the 50s we didn't have it so as time

932

00:34:24,149 --> 00:34:22,960

goes on i think we're going to see more

933

00:34:27,909 --> 00:34:24,159

of that historical information

934

00:34:30,790 --> 00:34:27,919

incorporated into into current efforts

935

00:34:32,389 --> 00:34:30,800

right no no i agree that uh

936

00:34:35,589 --> 00:34:32,399

uh yeah the one thing that was a little

937

00:34:36,950 --> 00:34:35,599

frustrating was the fact that when

938

00:34:38,629 --> 00:34:36,960

people were

939

00:34:40,470 --> 00:34:38,639

out there saying oh this is just you

940

00:34:42,470 --> 00:34:40,480

know technology that we don't know about

941

00:34:44,790 --> 00:34:42,480

and you know our black project or

942

00:34:47,349 --> 00:34:44,800

something like that but the same exact

943

00:34:48,389 --> 00:34:47,359

things were seen you know 50 years ago

944

00:34:50,149 --> 00:34:48,399

and they

945

00:34:52,470 --> 00:34:50,159

they act like they're they're basically

946

00:34:53,510 --> 00:34:52,480

unaware of that gary um

947

00:34:56,470 --> 00:34:53,520

so

948

00:34:58,790 --> 00:34:56,480

how does your expertise uh what what

949

00:35:02,150 --> 00:34:58,800

type of focus would you have in in

950

00:35:04,550 --> 00:35:02,160

research um that you do when it comes to

951

00:35:06,790 --> 00:35:04,560

uh this topic i mean what do you get

952

00:35:12,870 --> 00:35:06,800

involved in besides the uh better

953

00:35:16,390 --> 00:35:15,430

up let me uh um unmute your mic gary oh

954

00:35:19,910 --> 00:35:16,400

yeah

955

00:35:22,470 --> 00:35:19,920

i think at a high level um

956

00:35:24,069 --> 00:35:22,480

the project overall needs uh a

957

00:35:25,990 --> 00:35:24,079

scientific inclination and somebody

958

00:35:28,470 --> 00:35:26,000

who's run large projects

959

00:35:30,630 --> 00:35:28,480

scientifically and knows what the

960

00:35:31,829 --> 00:35:30,640

you know what's required for a

961

00:35:33,589 --> 00:35:31,839

publication

962

00:35:36,069 --> 00:35:33,599

right how do you do it right how do you

963

00:35:37,990 --> 00:35:36,079

not go overboard how do you caveat the

964

00:35:39,829 --> 00:35:38,000

writing of it so that nobody walks away

965

00:35:42,230 --> 00:35:39,839

with the wrong interpretation

966

00:35:43,750 --> 00:35:42,240

and so at one level especially when it

967

00:35:45,910 --> 00:35:43,760

comes to like meta materials when i'm

968

00:35:47,910 --> 00:35:45,920

not a metallologist but

969

00:35:49,349 --> 00:35:47,920

i know enough to bring in the right

970

00:35:51,109 --> 00:35:49,359

kinds of people

971

00:35:53,190 --> 00:35:51,119

and to garner the kinds of

972

00:35:55,030 --> 00:35:53,200

instrumentation in one place to create a

973

00:35:57,270 --> 00:35:55,040

pipeline to do the analysis i wasn't

974

00:35:59,030 --> 00:35:57,280

able to do that before right to do it

975

00:36:00,870 --> 00:35:59,040

correctly i did it all out of my own

976

00:36:02,470 --> 00:36:00,880

pocket literally and it cost me about

977

00:36:04,390 --> 00:36:02,480

fifty thousand dollars or so out of my

978

00:36:07,430 --> 00:36:04,400

own pocket to do the stuff that went

979

00:36:11,109 --> 00:36:07,440

into that council bluffs uh paper

980

00:36:12,950 --> 00:36:11,119

um and so you know but but

981

00:36:14,310 --> 00:36:12,960

if you're talking about an actual piece

982

00:36:15,829 --> 00:36:14,320

of technology

983

00:36:17,510 --> 00:36:15,839

right that you want to understand you

984

00:36:19,670 --> 00:36:17,520

need to understand it right down to

985

00:36:21,829 --> 00:36:19,680

probably the atomic level

986

00:36:23,750 --> 00:36:21,839

so to do that we need new kinds of

987

00:36:25,510 --> 00:36:23,760

instrumentation and so the last two or

988

00:36:27,030 --> 00:36:25,520

three years i've actually been working

989

00:36:28,550 --> 00:36:27,040

on something like that

990

00:36:30,470 --> 00:36:28,560

right and i'm actually was

991

00:36:32,790 --> 00:36:30,480

i almost missed your podcast because i

992

00:36:35,270 --> 00:36:32,800

was in the middle of writing a grant

993

00:36:37,829 --> 00:36:35,280

to put together the money for the thing

994

00:36:40,390 --> 00:36:37,839

and i got so focused on it uh that i

995

00:36:42,630 --> 00:36:40,400

almost lost track of you guys

996

00:36:45,270 --> 00:36:42,640

um yeah and and so

997

00:36:48,069 --> 00:36:45,280

again i'm not a specialist in that area

998

00:36:50,310 --> 00:36:48,079

but i know enough about how to bring

999

00:36:53,510 --> 00:36:50,320

my talents for building instruments to

1000

00:36:55,030 --> 00:36:53,520

it and i'm using frankly biology and the

1001
00:36:56,550 --> 00:36:55,040
kind of biology that i want to do in

1002
00:36:59,990 --> 00:36:56,560
cancer research

1003
00:37:01,670 --> 00:37:00,000
as the as the leverage to show people

1004
00:37:02,790 --> 00:37:01,680
why it's important

1005
00:37:05,190 --> 00:37:02,800
right and then once the show is

1006
00:37:06,950 --> 00:37:05,200
important for that it'll be it's just it

1007
00:37:08,470 --> 00:37:06,960
is just as important for any kind of

1008
00:37:10,310 --> 00:37:08,480
other material

1009
00:37:11,910 --> 00:37:10,320
so you know let's say that somebody gave

1010
00:37:13,349 --> 00:37:11,920
me a piece of

1011
00:37:14,950 --> 00:37:13,359
they claim

1012
00:37:16,550 --> 00:37:14,960
body

1013
00:37:17,990 --> 00:37:16,560

of something

1014

00:37:20,829 --> 00:37:18,000

okay now there are ways that i can look

1015

00:37:22,790 --> 00:37:20,839

at it to see if it's if it's you know

1016

00:37:24,710 --> 00:37:22,800

earth-based but then if i don't know

1017

00:37:26,630 --> 00:37:24,720

what it is and i if it doesn't have dna

1018

00:37:27,990 --> 00:37:26,640

or doesn't have proteins how do i figure

1019

00:37:29,829 --> 00:37:28,000

out what it is

1020

00:37:31,270 --> 00:37:29,839

so there's like a whole slew of tests

1021

00:37:32,710 --> 00:37:31,280

that you could run but at the end of the

1022

00:37:34,150 --> 00:37:32,720

day what you really want to know is the

1023

00:37:36,550 --> 00:37:34,160

atomic structure

1024

00:37:38,710 --> 00:37:36,560

right because the atomic so there's an

1025

00:37:41,270 --> 00:37:38,720

old saying in biology

1026

00:37:43,670 --> 00:37:41,280

form equals function

1027

00:37:45,910 --> 00:37:43,680

right so if you understand structure and

1028

00:37:48,310 --> 00:37:45,920

form you can understand the function of

1029

00:37:51,109 --> 00:37:48,320

something frankly just by looking at it

1030

00:37:53,829 --> 00:37:51,119

so much of biology that we do for

1031

00:37:55,349 --> 00:37:53,839

instance is you create all of these tags

1032

00:37:56,950 --> 00:37:55,359

and you look around inside of a black

1033

00:37:58,790 --> 00:37:56,960

box and you feel around and you draw

1034

00:38:01,430 --> 00:37:58,800

what you think you're feeling

1035

00:38:02,950 --> 00:38:01,440

right why not just take the picture

1036

00:38:06,390 --> 00:38:02,960

the ultimate picture is the atomic

1037

00:38:09,349 --> 00:38:06,400

structure so i would rather spend two or

1038

00:38:11,349 --> 00:38:09,359

three years making that

1039

00:38:14,230 --> 00:38:11,359

than spending two or three years getting

1040

00:38:16,630 --> 00:38:14,240

what i know are inadequate answers

1041

00:38:19,109 --> 00:38:16,640

because in those three years i will have

1042

00:38:20,470 --> 00:38:19,119

catapulted us up to a level of

1043

00:38:22,470 --> 00:38:20,480

capability

1044

00:38:24,150 --> 00:38:22,480

that will be beneficial to everybody and

1045

00:38:25,829 --> 00:38:24,160

that's how i've always run what i'm

1046

00:38:26,950 --> 00:38:25,839

doing

1047

00:38:28,310 --> 00:38:26,960

you know one of the things that people

1048

00:38:30,710 --> 00:38:28,320

don't understand is you don't have to be

1049

00:38:31,750 --> 00:38:30,720

an expert in everything to be good at

1050

00:38:33,109 --> 00:38:31,760

something

1051

00:38:34,950 --> 00:38:33,119

you just need to understand how the

1052

00:38:36,630 --> 00:38:34,960

black box operates what goes in what

1053

00:38:38,710 --> 00:38:36,640

comes out i don't need to know what the

1054

00:38:41,190 --> 00:38:38,720

mess the sausage factory that goes on

1055

00:38:45,109 --> 00:38:43,030

no i totally get that moves and take

1056

00:38:46,870 --> 00:38:45,119

advantage of of technology that's

1057

00:38:48,950 --> 00:38:46,880

available

1058

00:38:49,750 --> 00:38:48,960

i actually get that in the way i do my

1059

00:38:51,589 --> 00:38:49,760

work

1060

00:38:52,710 --> 00:38:51,599

you know i can't specialize in

1061

00:38:55,510 --> 00:38:52,720

everything

1062

00:38:57,349 --> 00:38:55,520

but um i know how to get there you know

1063

00:39:01,109 --> 00:38:57,359

and when i'm doing my research

1064

00:39:04,470 --> 00:39:01,119

um which uh yeah i mean that's kind of a

1065

00:39:06,870 --> 00:39:04,480

a long way around but still um

1066

00:39:08,710 --> 00:39:06,880

i wha what's happening here you gary

1067

00:39:10,870 --> 00:39:08,720

you're on for this first hour and then

1068

00:39:12,870 --> 00:39:10,880

luzon because i got so many questions

1069

00:39:14,230 --> 00:39:12,880

for both of you and uh

1070

00:39:15,510 --> 00:39:14,240

some people are going to get a little

1071

00:39:18,950 --> 00:39:15,520

upset that i didn't get to their

1072

00:39:21,910 --> 00:39:18,960

questions but um for gary

1073

00:39:23,910 --> 00:39:21,920

traveling aliens so i'm happy

1074

00:39:24,630 --> 00:39:23,920

that's right

1075

00:39:26,310 --> 00:39:24,640

uh

1076
00:39:28,150 --> 00:39:26,320
yeah you know time is another one that

1077
00:39:29,430 --> 00:39:28,160
seems to come up on this this show what

1078
00:39:31,750 --> 00:39:29,440
you were talking about gary was so

1079
00:39:33,910 --> 00:39:31,760
fascinating to me i really want to look

1080
00:39:37,270 --> 00:39:33,920
into this when you start talking about

1081
00:39:39,109 --> 00:39:37,280
that that it appears that life goes back

1082
00:39:41,349 --> 00:39:39,119
10 billion years when we're only 4

1083
00:39:43,589 --> 00:39:41,359
billion years uh that that is

1084
00:39:45,430 --> 00:39:43,599
fascinating to me and i i'd like to know

1085
00:39:47,349 --> 00:39:45,440
more about that i'd like i'm going to be

1086
00:39:48,790 --> 00:39:47,359
looking into that a little bit but

1087
00:39:50,870 --> 00:39:48,800
gary um

1088
00:39:52,310 --> 00:39:50,880

what's that i'll send you the paper it's

1089

00:39:55,190 --> 00:39:52,320

fascinating oh

1090

00:39:57,750 --> 00:39:55,200

excellent excellent so uh someone wanted

1091

00:39:59,349 --> 00:39:57,760

to know gary if you had the chance and i

1092

00:40:02,230 --> 00:39:59,359

don't even know if you know about this

1093

00:40:05,750 --> 00:40:02,240

but to compare or look at the isotope

1094

00:40:07,750 --> 00:40:05,760

ratios of what roger dr roger lear these

1095

00:40:09,829 --> 00:40:07,760

are what people have

1096

00:40:11,430 --> 00:40:09,839

uh had removed from them that they were

1097

00:40:13,510 --> 00:40:11,440

calling them implants i don't know if

1098

00:40:16,550 --> 00:40:13,520

you even had heard anything about that

1099

00:40:20,630 --> 00:40:16,560

oh no i i have um

1100

00:40:22,230 --> 00:40:20,640

and my primary issue with it is that and

1101

00:40:24,630 --> 00:40:22,240

i've been given some of these materials

1102

00:40:27,829 --> 00:40:24,640

and i sent them back as soon as possible

1103

00:40:30,470 --> 00:40:27,839

um because uh they didn't come with the

1104

00:40:32,550 --> 00:40:30,480

associated consent forms

1105

00:40:35,230 --> 00:40:32,560

right that are required for any kind of

1106

00:40:36,790 --> 00:40:35,240

study with human materials they weren't

1107

00:40:39,670 --> 00:40:36,800

de-identified

1108

00:40:43,430 --> 00:40:39,680

and basically i would end up in front of

1109

00:40:45,190 --> 00:40:43,440

you know the stanford's version of the

1110

00:40:48,069 --> 00:40:45,200

of the star chamber

1111

00:40:48,950 --> 00:40:48,079

uh if i were to have analyzed those

1112

00:40:51,589 --> 00:40:48,960

things

1113

00:40:52,870 --> 00:40:51,599

um and so that doesn't mean though that

1114

00:40:54,950 --> 00:40:52,880

you can't go

1115

00:40:57,750 --> 00:40:54,960

forward with this you just need to have

1116

00:40:59,829 --> 00:40:57,760

in place the consent forms the

1117

00:41:02,069 --> 00:40:59,839

allowances the institutional review

1118

00:41:04,710 --> 00:41:02,079

board etc that allows you to do that

1119

00:41:06,309 --> 00:41:04,720

because god help it if the somebody took

1120

00:41:09,190 --> 00:41:06,319

something out and didn't send it off to

1121

00:41:10,550 --> 00:41:09,200

a pathologist it ended up being a cancer

1122

00:41:11,990 --> 00:41:10,560

and then you're basically looking at it

1123

00:41:14,870 --> 00:41:12,000

trying to prove that it's an alien

1124

00:41:17,190 --> 00:41:14,880

implant and the person dies from cancer

1125

00:41:19,270 --> 00:41:17,200

oh wow yeah a lot of liability there a

1126

00:41:21,510 --> 00:41:19,280

lot of liability i mean i mean it's not

1127

00:41:23,109 --> 00:41:21,520

just the lawyers it's just maybe i might

1128

00:41:26,069 --> 00:41:23,119

feel bad about that

1129

00:41:27,990 --> 00:41:26,079

right it's just you know just something

1130

00:41:30,309 --> 00:41:28,000

that shouldn't be done and so that's why

1131

00:41:32,390 --> 00:41:30,319

there are these processes

1132

00:41:34,309 --> 00:41:32,400

that we can put in place and

1133

00:41:35,829 --> 00:41:34,319

you know should somebody come with a

1134

00:41:38,550 --> 00:41:35,839

credible story

1135

00:41:40,150 --> 00:41:38,560

of such a thing

1136

00:41:41,990 --> 00:41:40,160

now we mentally at least have the

1137

00:41:44,069 --> 00:41:42,000

process and soon we'll have the formal

1138

00:41:45,990 --> 00:41:44,079

ability to do it

1139

00:41:49,829 --> 00:41:46,000

i see uh-huh thank you

1140

00:41:50,630 --> 00:41:49,839

uh blue uh i heard you say on

1141

00:41:56,390 --> 00:41:50,640

uh

1142

00:41:58,230 --> 00:41:56,400

this last interview but one before

1143

00:42:00,309 --> 00:41:58,240

i'm paraphrasing here

1144

00:42:02,790 --> 00:42:00,319

but something along the lines you you

1145

00:42:03,829 --> 00:42:02,800

posed a question

1146

00:42:05,270 --> 00:42:03,839

uh

1147

00:42:08,390 --> 00:42:05,280

what if there's some type of

1148

00:42:09,829 --> 00:42:08,400

intelligence a higher intelligence that

1149

00:42:11,910 --> 00:42:09,839

might be here

1150

00:42:16,390 --> 00:42:11,920

that we're not aware of

1151
00:42:21,349 --> 00:42:17,910
yeah i do

1152
00:42:23,750 --> 00:42:21,359
and can you elaborate any more on that

1153
00:42:24,870 --> 00:42:23,760
what where you're getting at

1154
00:42:26,630 --> 00:42:24,880
yeah i mean

1155
00:42:28,470 --> 00:42:26,640
i mean

1156
00:42:30,150 --> 00:42:28,480
joking aside i would argue that my dog

1157
00:42:32,870 --> 00:42:30,160
is smarter than the vast majority of

1158
00:42:34,470 --> 00:42:32,880
people out there including myself uh but

1159
00:42:35,349 --> 00:42:34,480
in reality

1160
00:42:37,430 --> 00:42:35,359
um

1161
00:42:39,510 --> 00:42:37,440
we we are we are

1162
00:42:41,589 --> 00:42:39,520
we are learning more and more about this

1163
00:42:42,550 --> 00:42:41,599

little biome we call planet earth every

1164

00:42:46,150 --> 00:42:42,560

day

1165

00:42:49,910 --> 00:42:46,160

and we continue to discover new species

1166

00:42:52,069 --> 00:42:49,920

um i said before you know there were

1167

00:42:54,550 --> 00:42:52,079

for for hundreds of years there were the

1168

00:42:57,349 --> 00:42:54,560

the three primary kingdoms of life forms

1169

00:42:58,790 --> 00:42:57,359

on this planet that was plants animals

1170

00:43:01,910 --> 00:42:58,800

and fungus

1171

00:43:03,510 --> 00:43:01,920

and lo and behold after all this time of

1172

00:43:05,990 --> 00:43:03,520

our species being here let's say a

1173

00:43:08,309 --> 00:43:06,000

hundred thousand years as homo sapien

1174

00:43:11,030 --> 00:43:08,319

sapiens it turns out in just the last

1175

00:43:12,710 --> 00:43:11,040

century alone right just just the last

1176

00:43:15,750 --> 00:43:12,720

lesson one percent of our time as a

1177

00:43:17,030 --> 00:43:15,760

species we discovered that there is a

1178

00:43:20,870 --> 00:43:17,040

another

1179

00:43:23,510 --> 00:43:20,880

been sharing this planet with us

1180

00:43:26,390 --> 00:43:23,520

uh that it's biomass if you were to take

1181

00:43:28,390 --> 00:43:26,400

all the biomass of all the animals

1182

00:43:30,069 --> 00:43:28,400

all the biomass of all the plants and

1183

00:43:31,270 --> 00:43:30,079

all the biomass of all the fungus

1184

00:43:33,910 --> 00:43:31,280

together

1185

00:43:36,150 --> 00:43:33,920

wouldn't equal up to the biomass of this

1186

00:43:37,510 --> 00:43:36,160

hidden living kingdom that we've been

1187

00:43:38,950 --> 00:43:37,520

sharing this planet with that's been

1188

00:43:41,349 --> 00:43:38,960

invisible to us

1189

00:43:43,589 --> 00:43:41,359

all along and that is the the if you

1190

00:43:46,230 --> 00:43:43,599

will and gary can elaborate on this this

1191

00:43:48,150 --> 00:43:46,240

this whole kingdom of microorganisms

1192

00:43:50,630 --> 00:43:48,160

that we've been inhabiting uh this

1193

00:43:52,470 --> 00:43:50,640

planet with for for since potentially

1194

00:43:54,630 --> 00:43:52,480

the beginning um

1195

00:43:56,390 --> 00:43:54,640

and so we you know

1196

00:43:58,710 --> 00:43:56,400

i think we have to remain humble as a

1197

00:44:00,950 --> 00:43:58,720

species we have to recognize look almost

1198

00:44:03,349 --> 00:44:00,960

every week scientists are discovering

1199

00:44:05,349 --> 00:44:03,359

new species on this planet species that

1200

00:44:07,670 --> 00:44:05,359

we thought were extinct new types of

1201
00:44:11,030 --> 00:44:07,680
extremophiles that live in the bottom of

1202
00:44:12,870 --> 00:44:11,040
the arctic ice miles below the ice or

1203
00:44:14,230 --> 00:44:12,880
below the ocean that don't even rely on

1204
00:44:17,109 --> 00:44:14,240
photosynthesis but rely on

1205
00:44:19,109 --> 00:44:17,119
chemosynthesis right

1206
00:44:20,550 --> 00:44:19,119
to some degree living things at

1207
00:44:21,710 --> 00:44:20,560
potentially living things that don't

1208
00:44:24,230 --> 00:44:21,720
even have

1209
00:44:26,550 --> 00:44:24,240
deoxyribonucleic acid dna the building

1210
00:44:29,430 --> 00:44:26,560
blocks of life that we have we have long

1211
00:44:31,670 --> 00:44:29,440
held to be part of being a a living

1212
00:44:33,670 --> 00:44:31,680
thing uh there are some things out there

1213
00:44:35,190 --> 00:44:33,680

like viruses that that survive solely

1214

00:44:37,510 --> 00:44:35,200

off of rna

1215

00:44:39,270 --> 00:44:37,520

ribonucleic acid and so

1216

00:44:40,870 --> 00:44:39,280

we're always adjusting our definition of

1217

00:44:43,990 --> 00:44:40,880

what life is

1218

00:44:46,150 --> 00:44:44,000

is it possible that in in the centuries

1219

00:44:48,230 --> 00:44:46,160

of our search for life

1220

00:44:51,109 --> 00:44:48,240

in our solar system whether it's

1221

00:44:53,190 --> 00:44:51,119

microorganisms on mars or techno

1222

00:44:54,390 --> 00:44:53,200

signatures within our milk milky way

1223

00:44:56,630 --> 00:44:54,400

galaxy

1224

00:44:58,630 --> 00:44:56,640

that during the time of our evolution of

1225

00:45:01,190 --> 00:44:58,640

our species that some sort of

1226

00:45:03,670 --> 00:45:01,200

intelligent life has found us first or

1227

00:45:05,670 --> 00:45:03,680

perhaps has cohabitated with us

1228

00:45:07,510 --> 00:45:05,680

oceans are huge and we are now seeing

1229

00:45:08,470 --> 00:45:07,520

that there is a direct correlation

1230

00:45:11,910 --> 00:45:08,480

between

1231

00:45:14,309 --> 00:45:11,920

uap or unidentified aerial phenomenon

1232

00:45:17,190 --> 00:45:14,319

potentially usos

1233

00:45:19,270 --> 00:45:17,200

these are are like ufos but underwater

1234

00:45:21,190 --> 00:45:19,280

are they the same thing have they been

1235

00:45:24,390 --> 00:45:21,200

here the entire time

1236

00:45:25,990 --> 00:45:24,400

we don't know yet but it's certainly

1237

00:45:27,349 --> 00:45:26,000

it's certainly a question we have to ask

1238

00:45:30,790 --> 00:45:27,359

ourselves if we're going to be truly

1239

00:45:33,349 --> 00:45:30,800

honest with ourselves and um

1240

00:45:35,030 --> 00:45:33,359

i think i think that's fair game um i i

1241

00:45:36,470 --> 00:45:35,040

think it's we have to be careful

1242

00:45:37,670 --> 00:45:36,480

you know we don't want to speculate too

1243

00:45:39,750 --> 00:45:37,680

much

1244

00:45:41,270 --> 00:45:39,760

but i i think we have to leave those

1245

00:45:42,309 --> 00:45:41,280

options open you know i've said this

1246

00:45:44,150 --> 00:45:42,319

before

1247

00:45:46,230 --> 00:45:44,160

all options really have to stay on the

1248

00:45:49,430 --> 00:45:46,240

table until they're no longer on the

1249

00:45:50,390 --> 00:45:49,440

table as crazy and fanciful as it may be

1250

00:45:53,829 --> 00:45:50,400

you know

1251

00:45:56,790 --> 00:45:53,839

we really have to consider all options

1252

00:45:59,030 --> 00:45:56,800

yeah thank you yeah and i i know

1253

00:46:01,349 --> 00:45:59,040

we can only we can only see so much of

1254

00:46:02,230 --> 00:46:01,359

the spectrum too you know i mean there

1255

00:46:06,069 --> 00:46:02,240

could be

1256

00:46:08,390 --> 00:46:06,079

other things non-detectable around us or

1257

00:46:11,430 --> 00:46:08,400

or forgive me if i'm wrong i mean do we

1258

00:46:13,589 --> 00:46:11,440

have all the equipment needed to detect

1259

00:46:16,150 --> 00:46:13,599

things that are around us that we can't

1260

00:46:17,589 --> 00:46:16,160

be aware of well martin we we don't know

1261

00:46:19,430 --> 00:46:17,599

we don't know and gary will tell you the

1262

00:46:21,430 --> 00:46:19,440

same thing what about dark energy and

1263

00:46:22,390 --> 00:46:21,440

dark matter though the vast majority of

1264

00:46:24,870 --> 00:46:22,400

mass

1265

00:46:26,470 --> 00:46:24,880

in in in the universe we we can't even

1266

00:46:28,870 --> 00:46:26,480

we can't even measure we can't detect it

1267

00:46:30,390 --> 00:46:28,880

we can't see it yeah so by definition

1268

00:46:31,990 --> 00:46:30,400

most of the universe still remains

1269

00:46:34,550 --> 00:46:32,000

hidden from us i mean if that's anything

1270

00:46:36,550 --> 00:46:34,560

yes if that's any consolation

1271

00:46:38,630 --> 00:46:36,560

yeah yeah

1272

00:46:40,309 --> 00:46:38,640

anything else on that gary here any

1273

00:46:42,710 --> 00:46:40,319

other comment on no i just i was

1274

00:46:44,150 --> 00:46:42,720

literally gonna say the the dark matter

1275

00:46:45,030 --> 00:46:44,160

issue and

1276

00:46:46,630 --> 00:46:45,040

um

1277

00:46:48,630 --> 00:46:46,640

you know and i was just i was reading

1278

00:46:51,910 --> 00:46:48,640

something just last night about you know

1279

00:46:53,349 --> 00:46:51,920

the the many worlds hypothesis in

1280

00:46:55,030 --> 00:46:53,359

quantum physics

1281

00:46:58,309 --> 00:46:55,040

because it relates to

1282

00:47:01,030 --> 00:46:58,319

some other serious work i'm doing um and

1283

00:47:02,870 --> 00:47:01,040

it kind of drifted off into into that

1284

00:47:05,829 --> 00:47:02,880

and you know

1285

00:47:07,750 --> 00:47:05,839

this this notion that things elsewhere

1286

00:47:09,030 --> 00:47:07,760

might influence

1287

00:47:14,230 --> 00:47:09,040

us

1288

00:47:16,470 --> 00:47:14,240

right through signals that we can't yet

1289

00:47:18,390 --> 00:47:16,480

contemplate or understand

1290

00:47:21,030 --> 00:47:18,400

right this i mean i've said this before

1291

00:47:22,790 --> 00:47:21,040

this you know you're you're just a a

1292

00:47:24,390 --> 00:47:22,800

bundle of

1293

00:47:26,069 --> 00:47:24,400

quantum waves

1294

00:47:28,230 --> 00:47:26,079

interacting with itself

1295

00:47:29,589 --> 00:47:28,240

uh and that's doing what you are but at

1296

00:47:31,670 --> 00:47:29,599

a higher level your meat brain

1297

00:47:34,549 --> 00:47:31,680

interprets you as you and me

1298

00:47:35,750 --> 00:47:34,559

uh but and we interact via quantum

1299

00:47:36,870 --> 00:47:35,760

processes

1300

00:47:38,390 --> 00:47:36,880

every day

1301

00:47:39,910 --> 00:47:38,400

we don't call them that

1302

00:47:42,630 --> 00:47:39,920

and so who's to say that there's not

1303

00:47:45,190 --> 00:47:42,640

other processes going on nearby that

1304

00:47:48,069 --> 00:47:45,200

we're just not aware of

1305

00:47:51,030 --> 00:47:48,079

right some sort of

1306

00:47:53,829 --> 00:47:51,040

energy that is in and of itself

1307

00:47:55,270 --> 00:47:53,839

self self-determining you know one of

1308

00:47:57,030 --> 00:47:55,280

the most interesting ones eric davis

1309

00:47:59,510 --> 00:47:57,040

once pointed me to i hadn't heard of it

1310

00:48:01,270 --> 00:47:59,520

before is this concept called boltzmann

1311

00:48:02,549 --> 00:48:01,280

brains

1312

00:48:04,710 --> 00:48:02,559

and um

1313

00:48:06,710 --> 00:48:04,720

so boltzmann brains this is the famous

1314

00:48:08,870 --> 00:48:06,720

physicist from the late 1800s the german

1315

00:48:10,790 --> 00:48:08,880

phys i think he was german physicist

1316

00:48:12,790 --> 00:48:10,800

where he said well at the instantiation

1317

00:48:14,630 --> 00:48:12,800

of the universe at the big bang there

1318

00:48:17,589 --> 00:48:14,640

would have been all possible

1319

00:48:19,109 --> 00:48:17,599

organization of particles in a and

1320

00:48:21,910 --> 00:48:19,119

entered end

1321

00:48:23,670 --> 00:48:21,920

particles in a confined volume which

1322

00:48:25,589 --> 00:48:23,680

meant that every organization of

1323

00:48:27,589 --> 00:48:25,599

anything that was possible was actually

1324

00:48:29,430 --> 00:48:27,599

probably there including things that

1325

00:48:32,230 --> 00:48:29,440

would have been self-aware

1326

00:48:35,349 --> 00:48:32,240

so his his basic notion was that there

1327

00:48:37,670 --> 00:48:35,359

might have been self-aware things

1328

00:48:41,430 --> 00:48:37,680

way back almost at the beginning

1329

00:48:42,790 --> 00:48:41,440

that some of which survived the big bang

1330

00:48:45,109 --> 00:48:42,800

and some of which which might have

1331

00:48:47,430 --> 00:48:45,119

learned to self-replicate

1332

00:48:50,470 --> 00:48:47,440

and so whatever that is might have been

1333

00:48:51,829 --> 00:48:50,480

around since the beginning

1334

00:48:53,910 --> 00:48:51,839

if it

1335

00:48:56,790 --> 00:48:53,920

it exists but i mean go read it you can

1336

00:48:58,549 --> 00:48:56,800

wiki it and uh absolutely fascinating

1337

00:49:00,549 --> 00:48:58,559

concepts

1338

00:49:02,230 --> 00:49:00,559

yeah yeah i mean

1339

00:49:04,790 --> 00:49:02,240

this you know dark matter and dark

1340

00:49:06,790 --> 00:49:04,800

energy is that that's another topic that

1341

00:49:08,950 --> 00:49:06,800

i find totally fascinating

1342

00:49:10,309 --> 00:49:08,960

um that we have no idea what they are

1343

00:49:11,829 --> 00:49:10,319

and that's when things like the

1344

00:49:14,390 --> 00:49:11,839

multiverse and

1345

00:49:15,990 --> 00:49:14,400

um and all that come come into play i

1346

00:49:18,309 --> 00:49:16,000

mean there's there is an answer for it

1347

00:49:19,829 --> 00:49:18,319

we just don't know what it is

1348

00:49:21,589 --> 00:49:19,839

you know i mean there has to be an

1349

00:49:24,950 --> 00:49:21,599

answer for it

1350

00:49:27,829 --> 00:49:24,960

um there's uh here's a question

1351

00:49:29,990 --> 00:49:27,839

for you uh blue are there

1352

00:49:32,309 --> 00:49:30,000

was there ever any investigations

1353

00:49:35,510 --> 00:49:32,319

outside of the u.s with what you were

1354

00:49:39,349 --> 00:49:37,030

uh

1355

00:49:41,589 --> 00:49:39,359

yes but we had to be very careful

1356

00:49:44,870 --> 00:49:41,599

because in ancip we were bound by

1357

00:49:46,710 --> 00:49:44,880

primarily title ten authorities um for i

1358

00:49:49,030 --> 00:49:46,720

don't want to get into nuances here but

1359

00:49:51,270 --> 00:49:49,040

so people understand um

1360

00:49:52,950 --> 00:49:51,280

the way the us government works

1361

00:49:54,390 --> 00:49:52,960

national security department of defense

1362

00:49:56,870 --> 00:49:54,400

operates under title ten authorities

1363

00:49:58,309 --> 00:49:56,880

national security act of 1947. that's

1364

00:49:59,510 --> 00:49:58,319

where those authorities are derived i'm

1365

00:50:01,670 --> 00:49:59,520

not going to give you a lesson here on

1366

00:50:03,750 --> 00:50:01,680

policies and laws but that's where those

1367

00:50:05,190 --> 00:50:03,760

policies are are derived from the

1368

00:50:07,270 --> 00:50:05,200

intelligence community like for example

1369

00:50:09,829 --> 00:50:07,280

director cia those are title 50

1370

00:50:12,150 --> 00:50:09,839

authorities so what that simply means is

1371

00:50:13,589 --> 00:50:12,160

that when you are in a dod organization

1372

00:50:17,589 --> 00:50:13,599

you're hamstrung

1373

00:50:19,109 --> 00:50:17,599

to to only operating within your your

1374

00:50:21,349 --> 00:50:19,119

assigned authorities in this particular

1375

00:50:22,950 --> 00:50:21,359

case title 10. so what that means is

1376

00:50:25,750 --> 00:50:22,960

that you're really relegated to talking

1377

00:50:28,630 --> 00:50:25,760

to military pilots military personnel

1378

00:50:30,950 --> 00:50:28,640

military contractors and and collecting

1379

00:50:33,230 --> 00:50:30,960

your information that way

1380

00:50:34,790 --> 00:50:33,240

that is a a

1381

00:50:37,750 --> 00:50:34,800

fundamentally

1382

00:50:40,069 --> 00:50:37,760

different approach than what you see now

1383

00:50:41,910 --> 00:50:40,079

with the gillibrand law response

1384

00:50:43,829 --> 00:50:41,920

co-sponsored by marco rubio and many

1385

00:50:46,230 --> 00:50:43,839

others which is a whole of government

1386

00:50:48,069 --> 00:50:46,240

approach now you're including faa you're

1387

00:50:49,349 --> 00:50:48,079

including dhs you're including the

1388

00:50:51,109 --> 00:50:49,359

intelligence community you're including

1389

00:50:53,190 --> 00:50:51,119

nasa you're including noaa you're

1390

00:50:55,190 --> 00:50:53,200

cleaning department of energy

1391

00:50:57,510 --> 00:50:55,200

it's it's a much bigger piece you're

1392

00:50:59,430 --> 00:50:57,520

also including state local tribal law

1393

00:51:02,069 --> 00:50:59,440

enforcement authorities so now

1394

00:51:03,829 --> 00:51:02,079

you know before where you might get some

1395

00:51:06,630 --> 00:51:03,839

civilian information coming in about a

1396

00:51:08,309 --> 00:51:06,640

ufo who would never reach it to our desk

1397

00:51:10,069 --> 00:51:08,319

because we're we're only focused on

1398

00:51:12,470 --> 00:51:10,079

military equities

1399

00:51:14,710 --> 00:51:12,480

now we have the potential to get

1400

00:51:16,710 --> 00:51:14,720

information from the the tens of

1401
00:51:18,309 --> 00:51:16,720
thousands hundreds of thousands of law

1402
00:51:20,790 --> 00:51:18,319
enforcement officers

1403
00:51:22,790 --> 00:51:20,800
in this country uh reporting on

1404
00:51:24,150 --> 00:51:22,800
incidents that will now make its way up

1405
00:51:26,230 --> 00:51:24,160
to to

1406
00:51:29,589 --> 00:51:26,240
to the u.s government and so

1407
00:51:31,910 --> 00:51:29,599
it's it's a huge huge step in the right

1408
00:51:34,069 --> 00:51:31,920
direction we didn't have that

1409
00:51:36,470 --> 00:51:34,079
that privilege when i was working in at

1410
00:51:37,990 --> 00:51:36,480
we had to be very mindful of our

1411
00:51:40,230 --> 00:51:38,000
authorities and what we had to do is

1412
00:51:41,990 --> 00:51:40,240
make sure we did not over if you would

1413
00:51:44,549 --> 00:51:42,000

step over something we call

1414

00:51:46,309 --> 00:51:44,559

intelligence oversight okay there's

1415

00:51:49,670 --> 00:51:46,319

there's something called a procedure 15

1416

00:51:51,750 --> 00:51:49,680

violation dod directed 5240.1 and one

1417

00:51:53,510 --> 00:51:51,760

are now again i won't bore you with the

1418

00:51:56,390 --> 00:51:53,520

minutia but these are the rules and

1419

00:51:58,309 --> 00:51:56,400

regulations in place so we do not step

1420

00:52:00,710 --> 00:51:58,319

on the rights and privileges of american

1421

00:52:02,710 --> 00:52:00,720

citizens u.s persons and so the

1422

00:52:05,190 --> 00:52:02,720

collection retention dissemination and

1423

00:52:07,030 --> 00:52:05,200

analysis of the u.s person's information

1424

00:52:09,349 --> 00:52:07,040

is is verboten

1425

00:52:12,069 --> 00:52:09,359

by defense equities unless there's a

1426

00:52:14,390 --> 00:52:12,079

very specific reason you need to do it

1427

00:52:17,589 --> 00:52:14,400

so we were prohibited from that that's

1428

00:52:21,030 --> 00:52:17,599

not the case anymore you now have a much

1429

00:52:22,950 --> 00:52:21,040

more robust much bigger effort underway

1430

00:52:24,950 --> 00:52:22,960

to collect this information it's it's

1431

00:52:27,829 --> 00:52:24,960

it's huge it's seismic and i

1432

00:52:28,950 --> 00:52:27,839

i cannot over state to your to your

1433

00:52:31,190 --> 00:52:28,960

audience

1434

00:52:32,950 --> 00:52:31,200

what a big deal this really is because

1435

00:52:35,589 --> 00:52:32,960

now for the first time

1436

00:52:38,390 --> 00:52:35,599

we are truly lifting the blinders off of

1437

00:52:40,790 --> 00:52:38,400

our our head and beginning to to look at

1438

00:52:43,750 --> 00:52:40,800

this topic uh a little bit more more

1439

00:52:50,470 --> 00:52:47,430

yes um the the new department that is uh

1440

00:52:53,270 --> 00:52:50,480

what was gary gone there he is oh there

1441

00:52:55,349 --> 00:52:53,280

was a dog situation okay

1442

00:52:57,190 --> 00:52:55,359

yeah your your

1443

00:52:59,349 --> 00:52:57,200

mic is muted

1444

00:53:03,030 --> 00:52:59,359

uh the question i was just going to ask

1445

00:53:05,430 --> 00:53:03,040

oh yes in the new task force lou that

1446

00:53:07,190 --> 00:53:05,440

has been set up and it's that really

1447

00:53:09,829 --> 00:53:07,200

long i can't even think of the name of

1448

00:53:11,870 --> 00:53:09,839

it it's kind of a silly name um

1449

00:53:14,549 --> 00:53:11,880

the acronym would be kind of hard

1450

00:53:17,990 --> 00:53:14,559

aoinsg we call it the aim office but

1451
00:53:20,870 --> 00:53:18,000
it's the aoimsg office uh within the

1452
00:53:23,270 --> 00:53:20,880
usdi ins correct

1453
00:53:25,190 --> 00:53:23,280
so lou you have had

1454
00:53:27,349 --> 00:53:25,200
a look at some things that you can't

1455
00:53:28,549 --> 00:53:27,359
talk about classified things

1456
00:53:30,710 --> 00:53:28,559
and

1457
00:53:33,349 --> 00:53:30,720
that i imagine that if you could talk

1458
00:53:36,069 --> 00:53:33,359
about them that they could really change

1459
00:53:38,069 --> 00:53:36,079
um the views on the whole topic out

1460
00:53:39,430 --> 00:53:38,079
there uh that's that's me just

1461
00:53:41,270 --> 00:53:39,440
speculating

1462
00:53:43,430 --> 00:53:41,280
they already have i haven't had to

1463
00:53:45,270 --> 00:53:43,440

violate my my national security off and

1464

00:53:47,589 --> 00:53:45,280

look how far we've come in four years

1465

00:53:49,190 --> 00:53:47,599

yes i mean no no no but

1466

00:53:51,430 --> 00:53:49,200

let me let me just say this the

1467

00:53:53,750 --> 00:53:51,440

classified stuff though

1468

00:53:55,910 --> 00:53:53,760

you could push it even further is what

1469

00:53:57,270 --> 00:53:55,920

i'm getting at the things that you can't

1470

00:53:59,270 --> 00:53:57,280

talk about

1471

00:54:01,190 --> 00:53:59,280

seems like you could even you if you

1472

00:54:03,510 --> 00:54:01,200

could talk about them

1473

00:54:06,549 --> 00:54:03,520

what i'm getting at is is this new task

1474

00:54:08,870 --> 00:54:06,559

force going to have going to have access

1475

00:54:11,430 --> 00:54:08,880

to that information

1476
00:54:13,270 --> 00:54:11,440
yeah absolutely it should otherwise it's

1477
00:54:14,710 --> 00:54:13,280
it's not doing its job that's exactly

1478
00:54:16,549 --> 00:54:14,720
what i'm trying to do

1479
00:54:18,950 --> 00:54:16,559
make sure the information that we had

1480
00:54:20,870 --> 00:54:18,960
access to gets into the right hands this

1481
00:54:23,270 --> 00:54:20,880
is why look

1482
00:54:25,030 --> 00:54:23,280
i i look you don't have you don't have a

1483
00:54:27,030 --> 00:54:25,040
security clearance if you're not working

1484
00:54:30,150 --> 00:54:27,040
you know alongside the government in

1485
00:54:33,030 --> 00:54:30,160
some capacity i've i've make no bones

1486
00:54:34,309 --> 00:54:33,040
about it i i hold a a security clearance

1487
00:54:36,309 --> 00:54:34,319
for a reason

1488
00:54:37,349 --> 00:54:36,319

and it's not a bad thing you know i know

1489

00:54:39,270 --> 00:54:37,359

people looking and saying oh you're

1490

00:54:41,430 --> 00:54:39,280

trying to obfuscate and keep the secrets

1491

00:54:42,950 --> 00:54:41,440

from us no i'm not i'm actually trying

1492

00:54:44,950 --> 00:54:42,960

to help you if you just shut up and sit

1493

00:54:46,549 --> 00:54:44,960

down for a second and let me do what

1494

00:54:48,230 --> 00:54:46,559

i've been trying to do you'll see that

1495

00:54:50,309 --> 00:54:48,240

it's working we're getting the

1496

00:54:53,430 --> 00:54:50,319

information out of the stovepipes and

1497

00:54:55,270 --> 00:54:53,440

the silos that it was it was stuck in

1498

00:54:57,109 --> 00:54:55,280

and getting it now into the into the

1499

00:54:58,390 --> 00:54:57,119

bigger mechanism where it belongs and

1500

00:54:59,829 --> 00:54:58,400

ultimately the congress which will

1501
00:55:01,430 --> 00:54:59,839
ultimately give it back to the american

1502
00:55:04,870 --> 00:55:01,440
people so

1503
00:55:06,950 --> 00:55:04,880
this has been the plan all along i and i

1504
00:55:09,190 --> 00:55:06,960
i find it very frustrating that people

1505
00:55:10,789 --> 00:55:09,200
don't see that i mean this isn't a

1506
00:55:12,789 --> 00:55:10,799
coincidence that now we have the aim

1507
00:55:14,309 --> 00:55:12,799
office and now we have legislation and

1508
00:55:16,789 --> 00:55:14,319
that we have briefings to congress and

1509
00:55:17,829 --> 00:55:16,799
that i'm in dc all the time i mean

1510
00:55:19,190 --> 00:55:17,839
really

1511
00:55:21,109 --> 00:55:19,200
open your eyes it's kind of obvious

1512
00:55:22,630 --> 00:55:21,119
what's happening here and it's i don't

1513
00:55:23,990 --> 00:55:22,640

think it's a bad thing

1514

00:55:25,990 --> 00:55:24,000

i think we have to be very careful to

1515

00:55:27,270 --> 00:55:26,000

throw the baby out with the bath water

1516

00:55:28,390 --> 00:55:27,280

just because someone has a security

1517

00:55:30,710 --> 00:55:28,400

clearance doesn't mean they're trying to

1518

00:55:31,990 --> 00:55:30,720

deceive you there are a lot of people

1519

00:55:33,829 --> 00:55:32,000

out there that have security clearances

1520

00:55:35,510 --> 00:55:33,839

that are patriots that are every day

1521

00:55:37,670 --> 00:55:35,520

trying to do the right thing but we have

1522

00:55:41,030 --> 00:55:37,680

to protect sources and methods we have

1523

00:55:42,390 --> 00:55:41,040

to we have to look if i violated my

1524

00:55:44,390 --> 00:55:42,400

national security earth by the way that

1525

00:55:46,710 --> 00:55:44,400

oath is with the american people

1526

00:55:47,990 --> 00:55:46,720

i can't violate oh to keep

1527

00:55:50,470 --> 00:55:48,000

i can't break a promise to keep a

1528

00:55:52,630 --> 00:55:50,480

promise it doesn't work that way and

1529

00:55:54,870 --> 00:55:52,640

right now it might be if i feel good for

1530

00:55:56,789 --> 00:55:54,880

instant gratification but at the end of

1531

00:55:59,030 --> 00:55:56,799

the day it's not going to help it's not

1532

00:56:00,789 --> 00:55:59,040

going to help solve the problem

1533

00:56:03,829 --> 00:56:00,799

and i think if people were just to take

1534

00:56:05,589 --> 00:56:03,839

a deep breath for a second and see

1535

00:56:08,150 --> 00:56:05,599

what's actually happening people would

1536

00:56:11,190 --> 00:56:08,160

realize hey you know what it's okay the

1537

00:56:13,750 --> 00:56:11,200

machine is starting to to work look

1538

00:56:16,710 --> 00:56:13,760

this is a huge the us government

1539

00:56:19,510 --> 00:56:16,720

can be a really tough thing to get

1540

00:56:20,870 --> 00:56:19,520

moving right or or worse change course

1541

00:56:23,190 --> 00:56:20,880

think of an aircraft carrier that's

1542

00:56:24,870 --> 00:56:23,200

steaming along at 20 knots you know to

1543

00:56:26,630 --> 00:56:24,880

try to turn one of these things can take

1544

00:56:28,630 --> 00:56:26,640

miles and miles and miles or better yet

1545

00:56:29,990 --> 00:56:28,640

think about a train on a train track

1546

00:56:31,030 --> 00:56:30,000

right you want to throw the lever and

1547

00:56:32,390 --> 00:56:31,040

stop it

1548

00:56:34,549 --> 00:56:32,400

it's going to take a while it doesn't

1549

00:56:35,990 --> 00:56:34,559

stop instantly you got a lot of mass a

1550

00:56:37,670 --> 00:56:36,000

lot of momentum

1551
00:56:40,069 --> 00:56:37,680
moving forward well we've got

1552
00:56:42,230 --> 00:56:40,079
potentially 70 years of that momentum

1553
00:56:44,390 --> 00:56:42,240
moving down the track in one direction

1554
00:56:46,470 --> 00:56:44,400
and now we have to turn the train around

1555
00:56:49,510 --> 00:56:46,480
and come back the other direction that

1556
00:56:52,069 --> 00:56:49,520
doesn't happen overnight it's happened

1557
00:56:54,390 --> 00:56:52,079
in four years we've come we've come so

1558
00:56:56,789 --> 00:56:54,400
far and in large part because the help

1559
00:56:58,390 --> 00:56:56,799
of gary and chris mellon and other folks

1560
00:57:00,150 --> 00:56:58,400
out there that have been working tires

1561
00:57:00,870 --> 00:57:00,160
tirelessly behind the scenes and by the

1562
00:57:02,390 --> 00:57:00,880
way

1563
00:57:05,270 --> 00:57:02,400

risking their ass to have this

1564

00:57:07,430 --> 00:57:05,280

conversation with the american people

1565

00:57:09,750 --> 00:57:07,440

this isn't an easy conversation to have

1566

00:57:12,309 --> 00:57:09,760

every word that i think word that gary

1567

00:57:14,470 --> 00:57:12,319

says someone is dissecting to make sure

1568

00:57:16,390 --> 00:57:14,480

we don't overstep our bounds

1569

00:57:17,910 --> 00:57:16,400

and that's important to know this is

1570

00:57:19,990 --> 00:57:17,920

this is

1571

00:57:22,710 --> 00:57:20,000

it's not easy and it hasn't been done

1572

00:57:24,150 --> 00:57:22,720

before i think i think we've come a long

1573

00:57:26,230 --> 00:57:24,160

way and i think if people just have a

1574

00:57:28,069 --> 00:57:26,240

little bit more patience they're going

1575

00:57:30,150 --> 00:57:28,079

to see a lot of the fruits of that labor

1576

00:57:31,430 --> 00:57:30,160

coming to fruition

1577

00:57:34,470 --> 00:57:31,440

you know i think what's interesting

1578

00:57:36,470 --> 00:57:34,480

about this community is how

1579

00:57:38,390 --> 00:57:36,480

deeply involved they are which shows you

1580

00:57:42,870 --> 00:57:38,400

that it's doing something

1581

00:57:44,470 --> 00:57:42,880

you know uh uh you know deep about their

1582

00:57:46,309 --> 00:57:44,480

i don't know their consciousness their

1583

00:57:49,109 --> 00:57:46,319

their view of the world we know it's

1584

00:57:51,270 --> 00:57:49,119

important to understand this but i i

1585

00:57:54,309 --> 00:57:51,280

would let's say compare it to

1586

00:57:57,750 --> 00:57:54,319

the work i do in cancer where we'll have

1587

00:57:59,589 --> 00:57:57,760

like a a board of scientists etc but

1588

00:58:02,549 --> 00:57:59,599

then we bring in what are called patient

1589

00:58:04,710 --> 00:58:02,559

advocates which are not scientists but

1590

00:58:06,870 --> 00:58:04,720

they're aware of the area and they're

1591

00:58:09,829 --> 00:58:06,880

there to continually to

1592

00:58:11,750 --> 00:58:09,839

keep us on track to tell us stop being

1593

00:58:14,309 --> 00:58:11,760

high-ended intellectuals

1594

00:58:15,910 --> 00:58:14,319

talking only to yourselves or and or

1595

00:58:16,950 --> 00:58:15,920

talking down to us

1596

00:58:19,510 --> 00:58:16,960

but

1597

00:58:21,910 --> 00:58:19,520

here's how it is that you can help us

1598

00:58:24,309 --> 00:58:21,920

talk to the rest of the world and here

1599

00:58:27,510 --> 00:58:24,319

are our concerns and you know just

1600

00:58:30,150 --> 00:58:27,520

reading this comments as they flash by

1601
00:58:32,789 --> 00:58:30,160
is the same thing you know when all of

1602
00:58:35,589 --> 00:58:32,799
this is formally set up we'll have to

1603
00:58:38,390 --> 00:58:35,599
have patient advocates

1604
00:58:41,109 --> 00:58:38,400
public advocates who are there who can

1605
00:58:43,510 --> 00:58:41,119
help make sure that we're not fooling

1606
00:58:45,670 --> 00:58:43,520
ourselves that we're we think we're

1607
00:58:47,589 --> 00:58:45,680
telling people what they want to hear

1608
00:58:49,190 --> 00:58:47,599
and they tell us no this you're not

1609
00:58:51,430 --> 00:58:49,200
that's no sorry that's not that's not

1610
00:58:53,589 --> 00:58:51,440
right this is what you need to do right

1611
00:58:56,390 --> 00:58:53,599
i don't mean a pr campaign

1612
00:58:59,349 --> 00:58:56,400
i mean real people who want to

1613
00:59:01,589 --> 00:58:59,359

understand and and talk at the right

1614

00:59:03,510 --> 00:59:01,599

level and that's not talking down that's

1615

00:59:04,390 --> 00:59:03,520

just using the right words to explain

1616

00:59:05,190 --> 00:59:04,400

something

1617

00:59:06,950 --> 00:59:05,200

that

1618

00:59:09,030 --> 00:59:06,960

you know scientists always say if you

1619

00:59:10,470 --> 00:59:09,040

can't explain it then you probably don't

1620

00:59:12,150 --> 00:59:10,480

understand it if you can't explain it to

1621

00:59:15,030 --> 00:59:12,160

your grandmother then you probably don't

1622

00:59:19,030 --> 00:59:17,030

interesting well um

1623

00:59:21,589 --> 00:59:19,040

i it has just been brought to my

1624

00:59:23,510 --> 00:59:21,599

attention that former united states navy

1625

00:59:25,990 --> 00:59:23,520

admiral bobby ray inman

1626
00:59:26,870 --> 00:59:26,000
is being interviewed tonight

1627
00:59:28,870 --> 00:59:26,880
uh

1628
00:59:31,030 --> 00:59:28,880
possibly about

1629
00:59:33,109 --> 00:59:31,040
uap do either one of you know about that

1630
00:59:36,390 --> 00:59:33,119
or and if so what would be the

1631
00:59:41,510 --> 00:59:38,789
i i am aware of it uh i'm certainly not

1632
00:59:43,349 --> 00:59:41,520
going to speak for the good admiral um

1633
00:59:46,309 --> 00:59:43,359
i have no idea what he's going to say

1634
00:59:49,670 --> 00:59:46,319
and i suspect whatever he says uh you

1635
00:59:51,510 --> 00:59:49,680
know is is is from his perspective um

1636
00:59:54,230 --> 00:59:51,520
you know he did he did have a very he

1637
00:59:56,150 --> 00:59:54,240
had a stellar career um so

1638
00:59:57,430 --> 00:59:56,160

you know there's there's a lot of folks

1639

00:59:59,670 --> 00:59:57,440

out there i think that are starting to

1640

01:00:01,589 --> 00:59:59,680

have have the conversation i have no

1641

01:00:03,349 --> 01:00:01,599

idea what what he's gonna say and i

1642

01:00:05,990 --> 01:00:03,359

honestly i wouldn't uh

1643

01:00:07,910 --> 01:00:06,000

i wouldn't propose to even even guess

1644

01:00:10,150 --> 01:00:07,920

he's an admiral and obviously entitled

1645

01:00:12,630 --> 01:00:10,160

to to his own opinion

1646

01:00:14,789 --> 01:00:12,640

right uh gary do you need to

1647

01:00:16,710 --> 01:00:14,799

uh i when we spoke before you said that

1648

01:00:18,710 --> 01:00:16,720

you had to run right at reddit for you

1649

01:00:20,150 --> 01:00:18,720

had another appointment is it still your

1650

01:00:21,990 --> 01:00:20,160

mics off gary

1651

01:00:23,990 --> 01:00:22,000

yeah i have until 10 after it's faculty

1652

01:00:25,990 --> 01:00:24,000

meeting and we actually get dinged

1653

01:00:26,829 --> 01:00:26,000

uh for not showing

1654

01:00:30,150 --> 01:00:26,839

yeah

1655

01:00:32,470 --> 01:00:30,160

okay well um gary i want to thank you

1656

01:00:34,230 --> 01:00:32,480

very very much it's it's been a

1657

01:00:35,829 --> 01:00:34,240

a real pleasure real honor to have you

1658

01:00:38,150 --> 01:00:35,839

on

1659

01:00:39,829 --> 01:00:38,160

it's been great thanks so much

1660

01:00:41,589 --> 01:00:39,839

gary take care my friend

1661

01:00:43,190 --> 01:00:41,599

see you soon talk to you soon all right

1662

01:00:44,150 --> 01:00:43,200

sure take care

1663

01:00:47,190 --> 01:00:44,160

all right

1664

01:00:49,750 --> 01:00:47,200

uh it's just you and me against the

1665

01:00:50,710 --> 01:00:49,760

world lou so

1666

01:00:52,470 --> 01:00:50,720

um

1667

01:00:54,549 --> 01:00:52,480

something i think we're certainly kind

1668

01:00:57,750 --> 01:00:54,559

of used to at this point i guess

1669

01:00:59,750 --> 01:00:57,760

yeah yeah so so lou now that i have you

1670

01:01:01,670 --> 01:00:59,760

one-on-one you know i have uh i have a

1671

01:01:04,230 --> 01:01:01,680

lot of questions for you but one of the

1672

01:01:05,670 --> 01:01:04,240

things um i

1673

01:01:09,750 --> 01:01:05,680

i know you're you know i've had a lot of

1674

01:01:11,829 --> 01:01:09,760

talks uh before i even talked to you uh

1675

01:01:14,230 --> 01:01:11,839

is a really good friend of mine and he

1676

01:01:16,950 --> 01:01:14,240

you and him had connected early on and

1677

01:01:18,470 --> 01:01:16,960

uh good man you know good man

1678

01:01:21,349 --> 01:01:18,480

karen good people

1679

01:01:24,309 --> 01:01:21,359

yeah yeah they're great but um

1680

01:01:26,309 --> 01:01:24,319

um you take a lot of this to heart and

1681

01:01:28,309 --> 01:01:26,319

you're being attacked a lot

1682

01:01:29,190 --> 01:01:28,319

one of the things i just want to ask you

1683

01:01:31,510 --> 01:01:29,200

is

1684

01:01:34,950 --> 01:01:31,520

do you ever feel like just throwing in

1685

01:01:37,030 --> 01:01:34,960

the towel and say screw all these people

1686

01:01:39,349 --> 01:01:37,040

i mean sure martin i'm human you know

1687

01:01:41,109 --> 01:01:39,359

look i'll share with you

1688

01:01:43,109 --> 01:01:41,119

uh

1689

01:01:46,069 --> 01:01:43,119

i've had a lot of attacks

1690

01:01:48,549 --> 01:01:46,079

after me um but in fairness in 2014 i

1691

01:01:52,069 --> 01:01:48,559

was put on the isis al-qaeda kill list

1692

01:01:53,750 --> 01:01:52,079

so uh unless you're isis or al-qaeda

1693

01:01:55,829 --> 01:01:53,760

you don't make me nervous

1694

01:01:58,230 --> 01:01:55,839

that's just the bottom line

1695

01:02:00,870 --> 01:01:58,240

it's a lot of talk and bs from people

1696

01:02:03,270 --> 01:02:00,880

out there i do what i do because

1697

01:02:04,710 --> 01:02:03,280

because i feel it's it's important and

1698

01:02:07,349 --> 01:02:04,720

i'm still committed to the american

1699

01:02:09,430 --> 01:02:07,359

people what is tough is that when my

1700

01:02:11,190 --> 01:02:09,440

wife or my children happen to see the

1701

01:02:12,630 --> 01:02:11,200

vitriol online

1702

01:02:14,549 --> 01:02:12,640

that's when it gets tough because they

1703

01:02:16,069 --> 01:02:14,559

come up to me and say but daddy these

1704

01:02:17,190 --> 01:02:16,079

people are saying this and you're not

1705

01:02:19,029 --> 01:02:17,200

that way

1706

01:02:20,630 --> 01:02:19,039

and they say why can't you defend

1707

01:02:23,430 --> 01:02:20,640

yourself i said well sweetheart because

1708

01:02:25,510 --> 01:02:23,440

i can't because that starts a cycle

1709

01:02:28,390 --> 01:02:25,520

there are some people out there that are

1710

01:02:30,870 --> 01:02:28,400

that really are they have issues deep

1711

01:02:32,789 --> 01:02:30,880

psychological issues they need help

1712

01:02:35,109 --> 01:02:32,799

and i don't want to make that issue

1713

01:02:36,470 --> 01:02:35,119

worse for them but at the same time i

1714

01:02:37,829 --> 01:02:36,480

also you know

1715

01:02:39,750 --> 01:02:37,839

i'm only going to get kicked in the

1716

01:02:41,270 --> 01:02:39,760

teeth a few you know so many times and

1717

01:02:42,549 --> 01:02:41,280

then i'm going to say look

1718

01:02:45,190 --> 01:02:42,559

you're on your own

1719

01:02:46,630 --> 01:02:45,200

and so what you see now is a

1720

01:02:48,789 --> 01:02:46,640

as i've said before and this is one of

1721

01:02:49,910 --> 01:02:48,799

my last few podcasts for a while very

1722

01:02:52,870 --> 01:02:49,920

long

1723

01:02:54,390 --> 01:02:52,880

because martin honestly i'm sorry

1724

01:02:57,670 --> 01:02:54,400

this is probably going to be one of my

1725

01:02:59,349 --> 01:02:57,680

last last interviews for for some time

1726

01:03:02,789 --> 01:02:59,359

because i've done what i can in the

1727

01:03:04,789 --> 01:03:02,799

public sector um my my talents lie

1728

01:03:07,589 --> 01:03:04,799

working within the

1729

01:03:10,309 --> 01:03:07,599

the the channels of the us government

1730

01:03:14,230 --> 01:03:10,319

and um for for me

1731

01:03:17,349 --> 01:03:14,240

um the the the vitriol and the hate that

1732

01:03:19,349 --> 01:03:17,359

i see online isn't worth it and not only

1733

01:03:21,029 --> 01:03:19,359

that they attack me but but they attack

1734

01:03:22,870 --> 01:03:21,039

other people that are trying to have

1735

01:03:24,950 --> 01:03:22,880

this conversation as well

1736

01:03:27,270 --> 01:03:24,960

uh and not only do they attack but that

1737

01:03:28,789 --> 01:03:27,280

they make things up i've got i've got

1738

01:03:30,549 --> 01:03:28,799

hacked journalists that they call

1739

01:03:32,549 --> 01:03:30,559

themselves journalists who you know

1740

01:03:34,309 --> 01:03:32,559

really aren't real journalists that are

1741

01:03:35,750 --> 01:03:34,319

literally making things up in their

1742

01:03:38,309 --> 01:03:35,760

headlines they say things that are

1743

01:03:40,309 --> 01:03:38,319

salacious because it's clickbait and we

1744

01:03:43,670 --> 01:03:40,319

now live in this this

1745

01:03:45,829 --> 01:03:43,680

this paradigm where everything is about

1746

01:03:46,870 --> 01:03:45,839

you know some sort of of splashy

1747

01:03:48,870 --> 01:03:46,880

headline

1748

01:03:51,430 --> 01:03:48,880

for a click because that equals

1749

01:03:53,270 --> 01:03:51,440

monetization it equals money right i can

1750

01:03:54,710 --> 01:03:53,280

get more money for google ads or i can

1751
01:03:57,349 --> 01:03:54,720
get more people to pay attention to my

1752
01:03:59,589 --> 01:03:57,359
thing and it's it's this becomes a

1753
01:04:01,829 --> 01:03:59,599
self-looking ice cream cone where people

1754
01:04:03,750 --> 01:04:01,839
just kind of tune in and they're not

1755
01:04:04,710 --> 01:04:03,760
really interested in real information

1756
01:04:07,670 --> 01:04:04,720
anymore

1757
01:04:08,630 --> 01:04:07,680
they they want controversy and

1758
01:04:23,670 --> 01:04:08,640
i

1759
01:04:27,270 --> 01:04:23,680
be my guest but

1760
01:04:28,789 --> 01:04:27,280
i've got other things to do and um

1761
01:04:30,870 --> 01:04:28,799
i i think

1762
01:04:32,870 --> 01:04:30,880
engaging the public is is very important

1763
01:04:34,630 --> 01:04:32,880

it's one of our our five tenant pillars

1764

01:04:36,150 --> 01:04:34,640

of engagement that we've discussed many

1765

01:04:38,950 --> 01:04:36,160

many times before

1766

01:04:40,870 --> 01:04:38,960

uh but i think there's enough people now

1767

01:04:42,150 --> 01:04:40,880

i i hate to say this but i think mission

1768

01:04:43,829 --> 01:04:42,160

accomplishment

1769

01:04:46,230 --> 01:04:43,839

look we've had this closure right you

1770

01:04:47,910 --> 01:04:46,240

had ex-directors of cia and the director

1771

01:04:50,549 --> 01:04:47,920

of national intelligence and presidents

1772

01:04:51,990 --> 01:04:50,559

now all coming out saying it's real

1773

01:04:55,109 --> 01:04:52,000

you got what you wanted you got your

1774

01:04:57,910 --> 01:04:55,119

disclosure so so anything that i need to

1775

01:05:01,430 --> 01:04:57,920

do i can still do behind the scenes

1776

01:05:03,829 --> 01:05:01,440

without having to deal with the the

1777

01:05:05,750 --> 01:05:03,839

garbage that i see now on social media a

1778

01:05:06,870 --> 01:05:05,760

couple days ago and i won't say with

1779

01:05:09,589 --> 01:05:06,880

what outlet

1780

01:05:11,589 --> 01:05:09,599

i was i was absolutely dumbfounded to

1781

01:05:12,950 --> 01:05:11,599

see the level of unprofessional

1782

01:05:14,710 --> 01:05:12,960

discussion that was occurring in the

1783

01:05:15,990 --> 01:05:14,720

chat room look you don't like me fine

1784

01:05:18,470 --> 01:05:16,000

you don't like my beard you think

1785

01:05:21,190 --> 01:05:18,480

whatever i got a funny goatee or i'm fat

1786

01:05:24,069 --> 01:05:21,200

or i'm short or whatever whatever

1787

01:05:25,029 --> 01:05:24,079

fine but when when you start when you

1788

01:05:26,549 --> 01:05:25,039

start

1789

01:05:29,190 --> 01:05:26,559

picking apart

1790

01:05:31,589 --> 01:05:29,200

people and making things up that aren't

1791

01:05:33,430 --> 01:05:31,599

real it is a distraction and it is a

1792

01:05:35,829 --> 01:05:33,440

disservice for the rest of the people in

1793

01:05:37,829 --> 01:05:35,839

the ufo community so if i can be a

1794

01:05:40,150 --> 01:05:37,839

better service by getting out of the

1795

01:05:42,470 --> 01:05:40,160

public spotlight and continuing doing

1796

01:05:44,710 --> 01:05:42,480

what i'm doing behind the scenes for the

1797

01:05:46,789 --> 01:05:44,720

purpose of disclosure i'm happy to do

1798

01:05:48,230 --> 01:05:46,799

that and i think we're at a point now

1799

01:05:51,589 --> 01:05:48,240

where maybe

1800

01:05:53,430 --> 01:05:51,599

maybe that's that's where we are um

1801
01:05:56,150 --> 01:05:53,440
you know obviously i'm very frustrated

1802
01:05:58,230 --> 01:05:56,160
by by the baseless attacks that occur

1803
01:06:00,309 --> 01:05:58,240
um you know we we have to do a better

1804
01:06:02,390 --> 01:06:00,319
job policing ourselves we really do

1805
01:06:04,470 --> 01:06:02,400
because this this topic has been

1806
01:06:05,109 --> 01:06:04,480
relegated to the shadows

1807
01:06:07,510 --> 01:06:05,119
and

1808
01:06:08,630 --> 01:06:07,520
you know relegated to tinfoil hats for a

1809
01:06:10,549 --> 01:06:08,640
reason

1810
01:06:12,950 --> 01:06:10,559
because the community hasn't done a very

1811
01:06:14,630 --> 01:06:12,960
good job at policing itself and all the

1812
01:06:16,309 --> 01:06:14,640
hucksters and fraudsters out there that

1813
01:06:18,789 --> 01:06:16,319

are charging you money to go do things

1814

01:06:20,549 --> 01:06:18,799

and have an experience right turns out

1815

01:06:24,150 --> 01:06:20,559

that you know they're paying somebody to

1816

01:06:25,829 --> 01:06:24,160

to do something illegal to defraud you

1817

01:06:27,670 --> 01:06:25,839

where's the outcry where's the outreach

1818

01:06:29,750 --> 01:06:27,680

right where where are people coming up

1819

01:06:31,430 --> 01:06:29,760

and saying that's a load of crap you're

1820

01:06:32,470 --> 01:06:31,440

taking advantage of people you're lying

1821

01:06:34,470 --> 01:06:32,480

to people

1822

01:06:36,630 --> 01:06:34,480

you know i get i get called for example

1823

01:06:37,829 --> 01:06:36,640

on a continuing basis a grifter

1824

01:06:39,510 --> 01:06:37,839

first of all to be a grifter you have to

1825

01:06:40,789 --> 01:06:39,520

take money let me ask you something

1826
01:06:42,069 --> 01:06:40,799
martin how much are you paying me to be

1827
01:06:53,029 --> 01:06:42,079
on your show

1828
01:06:57,670 --> 01:06:55,510
anyone to be on anyone's show no one i

1829
01:07:00,549 --> 01:06:57,680
don't know another podcaster i've only

1830
01:07:02,710 --> 01:07:00,559
had to pay one person

1831
01:07:04,549 --> 01:07:02,720
in 10 years and it was just because the

1832
01:07:06,309 --> 01:07:04,559
guy needed money and he didn't want to

1833
01:07:08,870 --> 01:07:06,319
be on the show you know how much i made

1834
01:07:11,029 --> 01:07:08,880
for for history channels unidentified

1835
01:07:13,430 --> 01:07:11,039
enough to buy a fancy lawnmower after

1836
01:07:14,789 --> 01:07:13,440
two years by the way of our own material

1837
01:07:16,549 --> 01:07:14,799
our own work

1838
01:07:17,349 --> 01:07:16,559

two years enough to buy a fancy lawn

1839

01:07:18,470 --> 01:07:17,359

mower

1840

01:07:21,270 --> 01:07:18,480

okay so

1841

01:07:24,150 --> 01:07:21,280

guess what yeah that's the misconception

1842

01:07:29,430 --> 01:07:26,390

for for two years had to dig my own

1843

01:07:30,549 --> 01:07:29,440

black water tank right a few feet from

1844

01:07:31,990 --> 01:07:30,559

our rv

1845

01:07:33,510 --> 01:07:32,000

to do this

1846

01:07:35,589 --> 01:07:33,520

you know i actually had a pretty damn

1847

01:07:36,870 --> 01:07:35,599

good career i was pretty senior and i

1848

01:07:38,390 --> 01:07:36,880

did it all because i thought it was

1849

01:07:40,230 --> 01:07:38,400

important for the american people and i

1850

01:07:42,789 --> 01:07:40,240

still feel that way but if i can

1851
01:07:44,630 --> 01:07:42,799
continue doing this mission without the

1852
01:07:47,349 --> 01:07:44,640
distraction of

1853
01:07:49,990 --> 01:07:47,359
the social media and and whatnot

1854
01:07:53,109 --> 01:07:50,000
i you know maybe i can do more good from

1855
01:07:54,549 --> 01:07:53,119
the shadows instead of you know on stage

1856
01:07:56,390 --> 01:07:54,559
frankly i've never been a spotlight kind

1857
01:07:58,950 --> 01:07:56,400
of guy anyways i can't stand it never

1858
01:08:01,270 --> 01:07:58,960
have like well well i hope you don't i

1859
01:08:03,750 --> 01:08:01,280
hope you don't go into the shadows i i

1860
01:08:06,630 --> 01:08:03,760
really love what you have been doing and

1861
01:08:09,430 --> 01:08:06,640
uh i i know you know what came to light

1862
01:08:10,390 --> 01:08:09,440
as uh your resignation letter was

1863
01:08:13,990 --> 01:08:10,400

brought up

1864

01:08:16,229 --> 01:08:14,000

uh recently and uh through a foyer and

1865

01:08:18,470 --> 01:08:16,239

you spell it out perfectly and the

1866

01:08:20,709 --> 01:08:18,480

reason why you resigned

1867

01:08:22,550 --> 01:08:20,719

and it's because you were frustrated

1868

01:08:24,550 --> 01:08:22,560

just like you said you were

1869

01:08:26,950 --> 01:08:24,560

um and

1870

01:08:29,110 --> 01:08:26,960

that came out and um

1871

01:08:30,709 --> 01:08:29,120

you must have felt vindicated when you

1872

01:08:32,789 --> 01:08:30,719

know these people that were saying oh

1873

01:08:35,110 --> 01:08:32,799

you know that was his resignation was a

1874

01:08:37,349 --> 01:08:35,120

bunch of hogwash or whatever and it

1875

01:08:40,309 --> 01:08:37,359

clearly shows in your resignation letter

1876

01:08:43,189 --> 01:08:40,319

why you resigned

1877

01:08:44,950 --> 01:08:43,199

well i mean yeah again you know

1878

01:08:46,470 --> 01:08:44,960

i left the damn good career behind i was

1879

01:08:48,309 --> 01:08:46,480

i parked in the same parking lot as

1880

01:08:49,829 --> 01:08:48,319

secretary of defense i walked through

1881

01:08:51,990 --> 01:08:49,839

the river entrance every single day and

1882

01:08:54,630 --> 01:08:52,000

i had armed guards saluting me because

1883

01:08:55,590 --> 01:08:54,640

of of my of my my position and what i

1884

01:08:59,189 --> 01:08:55,600

what i've

1885

01:09:01,590 --> 01:08:59,199

done for my country um but you know

1886

01:09:02,390 --> 01:09:01,600

let's not forget

1887

01:09:19,110 --> 01:09:02,400

i

1888

01:09:21,269 --> 01:09:19,120

bureaucracy

1889

01:09:23,430 --> 01:09:21,279

that needed to be addressed

1890

01:09:26,550 --> 01:09:23,440

and until that that dysfunction is

1891

01:09:28,309 --> 01:09:26,560

addressed then i've i've you know

1892

01:09:30,070 --> 01:09:28,319

i'm going to keep doing what i'm doing

1893

01:09:31,669 --> 01:09:30,080

and i think we're well on our way i

1894

01:09:34,390 --> 01:09:31,679

think a lot has happened in the last

1895

01:09:37,910 --> 01:09:34,400

four years i got to give major major

1896

01:09:39,030 --> 01:09:37,920

thanks to kudos to to our our our our

1897

01:09:40,630 --> 01:09:39,040

brave

1898

01:09:43,030 --> 01:09:40,640

people in congress that have decided to

1899

01:09:45,590 --> 01:09:43,040

pick up the torch and and force

1900

01:09:46,550 --> 01:09:45,600

necessary change we still got a ways to

1901

01:09:48,390 --> 01:09:46,560

go but

1902

01:09:49,910 --> 01:09:48,400

you know we've come pretty far but going

1903

01:09:52,070 --> 01:09:49,920

back to your question can i look back

1904

01:09:54,149 --> 01:09:52,080

and be satisfied or vindicated i haven't

1905

01:09:55,270 --> 01:09:54,159

had time for that i haven't to be honest

1906

01:09:57,110 --> 01:09:55,280

with you i haven't looked back and said

1907

01:09:58,709 --> 01:09:57,120

wow look how much i've accomplished

1908

01:10:00,310 --> 01:09:58,719

i'm not that kind of guy never happened

1909

01:10:03,030 --> 01:10:00,320

anybody who's worked with me i always

1910

01:10:04,709 --> 01:10:03,040

know i'm a mission oriented guy um i've

1911

01:10:05,669 --> 01:10:04,719

never had the privilege to just sit back

1912

01:10:07,110 --> 01:10:05,679

and say

1913

01:10:08,229 --> 01:10:07,120

wow look look what i've been able to

1914

01:10:09,590 --> 01:10:08,239

accomplish

1915

01:10:11,350 --> 01:10:09,600

simply because first of all i didn't

1916

01:10:13,669 --> 01:10:11,360

accomplish it by myself i accomplished

1917

01:10:15,910 --> 01:10:13,679

it with a lot of other people's help

1918

01:10:18,550 --> 01:10:15,920

and two the mission isn't over you know

1919

01:10:20,310 --> 01:10:18,560

maybe some point you know

1920

01:10:22,630 --> 01:10:20,320

in the future i'll have that

1921

01:10:24,229 --> 01:10:22,640

that privilege to do so but but that

1922

01:10:26,709 --> 01:10:24,239

hasn't occurred yet for me i haven't had

1923

01:10:29,510 --> 01:10:26,719

that ability that luxury to sit back on

1924

01:10:31,590 --> 01:10:29,520

on my laurels and say you know wow look

1925

01:10:33,270 --> 01:10:31,600

look what i've achieved because

1926

01:10:35,510 --> 01:10:33,280

there's you know

1927

01:10:38,630 --> 01:10:35,520

there's still another battlefield that

1928

01:10:40,550 --> 01:10:38,640

that we have to to engage in uh before

1929

01:10:42,550 --> 01:10:40,560

before that can occur

1930

01:10:43,270 --> 01:10:42,560

yeah question here someone wanted to

1931

01:10:45,430 --> 01:10:43,280

know

1932

01:10:47,110 --> 01:10:45,440

if the dod is going to classify

1933

01:10:49,830 --> 01:10:47,120

everything going forward will this

1934

01:10:51,110 --> 01:10:49,840

affect the public reports

1935

01:10:52,790 --> 01:10:51,120

yeah they're going to try but we're

1936

01:10:55,350 --> 01:10:52,800

going to make sure that doesn't happen

1937

01:10:57,110 --> 01:10:55,360

uh you know you can you can

1938

01:10:58,709 --> 01:10:57,120

you can you can do that a few times and

1939

01:11:01,270 --> 01:10:58,719

then after a while

1940

01:11:02,149 --> 01:11:01,280

um you know that that doesn't work

1941

01:11:05,030 --> 01:11:02,159

anymore

1942

01:11:06,229 --> 01:11:05,040

so we're we're working on that

1943

01:11:08,390 --> 01:11:06,239

um

1944

01:11:09,750 --> 01:11:08,400

to make sure that's not the case

1945

01:11:11,030 --> 01:11:09,760

i'm not gonna say right now what we're

1946

01:11:13,430 --> 01:11:11,040

doing to make sure that doesn't happen

1947

01:11:15,590 --> 01:11:13,440

but but i'm fairly confident that that

1948

01:11:17,669 --> 01:11:15,600

that argument is not going to stand

1949

01:11:19,430 --> 01:11:17,679

um like it did before

1950

01:11:21,990 --> 01:11:19,440

when you say that we're working on it

1951

01:11:24,550 --> 01:11:22,000

does that mean that you are working you

1952

01:11:25,510 --> 01:11:24,560

maybe and you and chris are or are

1953

01:11:27,110 --> 01:11:25,520

working

1954

01:11:29,030 --> 01:11:27,120

with

1955

01:11:32,229 --> 01:11:29,040

is there a liaison between the two of

1956

01:11:33,910 --> 01:11:32,239

you you know between the groups

1957

01:11:35,270 --> 01:11:33,920

uh yeah i mean i think it's pretty clear

1958

01:11:36,870 --> 01:11:35,280

that that

1959

01:11:39,030 --> 01:11:36,880

we're working pretty hard to champion

1960

01:11:40,470 --> 01:11:39,040

this cause and continuing the

1961

01:11:42,149 --> 01:11:40,480

transparency

1962

01:11:43,750 --> 01:11:42,159

you know chris has put out some some

1963

01:11:46,149 --> 01:11:43,760

op-eds recently that have been very very

1964

01:11:48,070 --> 01:11:46,159

appointed i have two uh we're having

1965

01:11:49,030 --> 01:11:48,080

conversations in washington dc we're

1966

01:11:51,189 --> 01:11:49,040

there

1967

01:11:53,189 --> 01:11:51,199

every every month uh i got to be back

1968

01:11:55,189 --> 01:11:53,199

there again really next week

1969

01:11:57,189 --> 01:11:55,199

that'd be great yeah

1970

01:11:58,790 --> 01:11:57,199

i'm not just sitting back in wyoming man

1971

01:12:00,950 --> 01:11:58,800

and you know

1972

01:12:03,110 --> 01:12:00,960

cooling my heels and getting on social

1973

01:12:04,950 --> 01:12:03,120

media that's that's not what we're doing

1974

01:12:06,310 --> 01:12:04,960

we're working man we're actually we're

1975

01:12:08,630 --> 01:12:06,320

actually doing this

1976

01:12:10,229 --> 01:12:08,640

full-time and it's not just dc it's

1977

01:12:12,550 --> 01:12:10,239

working with our international partners

1978

01:12:14,470 --> 01:12:12,560

and allies it's working with with other

1979

01:12:15,910 --> 01:12:14,480

organizations as gary said private

1980

01:12:17,990 --> 01:12:15,920

sector and working with the academic

1981

01:12:21,270 --> 01:12:18,000

community scientific community you know

1982

01:12:22,870 --> 01:12:21,280

on and on and on and on um it's it's

1983

01:12:24,630 --> 01:12:22,880

there's a lot to this topic if we want

1984

01:12:28,470 --> 01:12:24,640

to if we want to

1985

01:12:30,550 --> 01:12:28,480

if we want to reach the finish line

1986

01:12:33,189 --> 01:12:30,560

right um you mentioned

1987

01:12:35,669 --> 01:12:33,199

i don't know maybe i want to say it was

1988

01:12:37,910 --> 01:12:35,679

four or five months ago maybe longer

1989

01:12:41,669 --> 01:12:37,920

that there we should be looking for

1990

01:12:45,750 --> 01:12:41,679

about a 23-minute very clear video

1991

01:12:49,350 --> 01:12:47,669

yeah uh let me let me tell you what i

1992

01:12:51,510 --> 01:12:49,360

what i can tell you is that there's a

1993

01:12:53,830 --> 01:12:51,520

there's a 23-minute video that's very

1994

01:12:56,229 --> 01:12:53,840

compelling uh it's very clear it's taken

1995

01:12:58,630 --> 01:12:56,239

from a very sophisticated platform i

1996

01:13:00,870 --> 01:12:58,640

cannot say the platform or the

1997

01:13:02,630 --> 01:13:00,880

circumstances in which it was taken

1998

01:13:05,350 --> 01:13:02,640

uh because we have to protect sources

1999

01:13:07,990 --> 01:13:05,360

and methods um but the video itself

2000

01:13:09,990 --> 01:13:08,000

should at some point be able to

2001
01:13:11,590 --> 01:13:10,000
to be released now let's not forget that

2002
01:13:13,350 --> 01:13:11,600
the pentagon recently last year said

2003
01:13:15,590 --> 01:13:13,360
they deleted all my emails and all my

2004
01:13:17,270 --> 01:13:15,600
files right which is of course a load of

2005
01:13:19,030 --> 01:13:17,280
balloon because that doesn't really

2006
01:13:20,310 --> 01:13:19,040
happen in real life there's always

2007
01:13:21,510 --> 01:13:20,320
backup servers and there's more

2008
01:13:23,350 --> 01:13:21,520
information and by the way there's

2009
01:13:25,510 --> 01:13:23,360
recipients to these emails

2010
01:13:27,510 --> 01:13:25,520
which by the way some of this stuff is

2011
01:13:28,630 --> 01:13:27,520
going to be discussed in my book there's

2012
01:13:30,390 --> 01:13:28,640
there's going to be information that

2013
01:13:32,870 --> 01:13:30,400

people are going to say holy cow whoa

2014

01:13:34,950 --> 01:13:32,880

what are you kidding me you know

2015

01:13:36,950 --> 01:13:34,960

smoking gun um

2016

01:13:39,510 --> 01:13:36,960

you know

2017

01:13:40,550 --> 01:13:39,520

a lot of this is is going to be explored

2018

01:13:42,070 --> 01:13:40,560

um

2019

01:13:43,590 --> 01:13:42,080

i i want to provide people the

2020

01:13:45,990 --> 01:13:43,600

definitive proof that they're looking

2021

01:13:48,390 --> 01:13:46,000

for the problem is again i cannot

2022

01:13:50,390 --> 01:13:48,400

violate my non-disclosure agreement but

2023

01:13:52,310 --> 01:13:50,400

know that there is a 23-minute video out

2024

01:13:54,950 --> 01:13:52,320

there that's very very interesting very

2025

01:13:56,470 --> 01:13:54,960

compelling and what it shows is is an

2026

01:13:58,310 --> 01:13:56,480

object clearly that

2027

01:14:00,470 --> 01:13:58,320

isn't anything that

2028

01:14:03,110 --> 01:14:00,480

that we have it's not ours and it's

2029

01:14:04,630 --> 01:14:03,120

doing things that frankly we can't do

2030

01:14:07,270 --> 01:14:04,640

uh but that's not the only one there's a

2031

01:14:09,189 --> 01:14:07,280

lot of videos i mean there's there's

2032

01:14:12,149 --> 01:14:09,199

brother there's a lot of videos coming

2033

01:14:13,669 --> 01:14:12,159

out i mean this last year alone uh

2034

01:14:14,950 --> 01:14:13,679

you know there's some organizations in

2035

01:14:17,270 --> 01:14:14,960

the u.s government that have the

2036

01:14:18,790 --> 01:14:17,280

privilege to see some for pretty high

2037

01:14:22,390 --> 01:14:18,800

fidelity stuff

2038

01:14:24,709 --> 01:14:22,400

um you know it's not just some grainy

2039

01:14:25,510 --> 01:14:24,719

you know video that people are used to

2040

01:14:28,149 --> 01:14:25,520

seeing

2041

01:14:30,149 --> 01:14:28,159

uh but that's not for me to to to to

2042

01:14:30,950 --> 01:14:30,159

provide or reveal or discuss at this

2043

01:14:33,030 --> 01:14:30,960

point

2044

01:14:34,630 --> 01:14:33,040

um i think um

2045

01:14:36,950 --> 01:14:34,640

you know in time that's that's the job

2046

01:14:38,390 --> 01:14:36,960

of congress to make sure that look

2047

01:14:40,550 --> 01:14:38,400

congress has mandated that an

2048

01:14:42,790 --> 01:14:40,560

unclassified report

2049

01:14:45,430 --> 01:14:42,800

is due to them it's law

2050

01:14:47,669 --> 01:14:45,440

so if they don't someone is breaking the

2051

01:14:48,550 --> 01:14:47,679

law and and they will be held

2052

01:14:50,790 --> 01:14:48,560

so

2053

01:14:52,550 --> 01:14:50,800

let's see what videos are provided right

2054

01:14:54,149 --> 01:14:52,560

let's see what videos can come out and

2055

01:14:55,669 --> 01:14:54,159

what what the american people can see

2056

01:14:59,510 --> 01:14:55,679

for themselves and say

2057

01:15:01,430 --> 01:14:59,520

you're right that's uh you know that's

2058

01:15:03,910 --> 01:15:01,440

that's interesting that's unusual that's

2059

01:15:06,149 --> 01:15:03,920

that's wow holy cow

2060

01:15:07,510 --> 01:15:06,159

now there's some supposedly some very

2061

01:15:10,550 --> 01:15:07,520

very clear

2062

01:15:12,550 --> 01:15:10,560

uap images that are classified

2063

01:15:13,910 --> 01:15:12,560

um that was in a briefing

2064

01:15:15,910 --> 01:15:13,920

um

2065

01:15:20,149 --> 01:15:15,920

do you in your opinion do you think

2066

01:15:23,590 --> 01:15:20,159

people will believe in images because

2067

01:15:25,590 --> 01:15:23,600

i mean if they're so easily faked in cgi

2068

01:15:26,630 --> 01:15:25,600

and you know i mean yeah you're not

2069

01:15:28,550 --> 01:15:26,640

going to do that in the government the

2070

01:15:30,709 --> 01:15:28,560

last thing you're going to do is is take

2071

01:15:33,510 --> 01:15:30,719

take information from a you know

2072

01:15:35,750 --> 01:15:33,520

hyperspectral platform uh in the world

2073

01:15:37,750 --> 01:15:35,760

orbit and try to to spoof that and give

2074

01:15:39,590 --> 01:15:37,760

that to congress that that's that's not

2075

01:15:41,030 --> 01:15:39,600

a good idea so you're saying

2076

01:15:43,510 --> 01:15:41,040

will be all over your ass if you even

2077

01:15:45,030 --> 01:15:43,520

try to do something like that so i i

2078

01:15:47,350 --> 01:15:45,040

don't think

2079

01:15:49,270 --> 01:15:47,360

that's going to be the case um one can

2080

01:15:51,189 --> 01:15:49,280

like i said get just into one of the

2081

01:15:53,430 --> 01:15:51,199

communities of interest that we have

2082

01:15:55,750 --> 01:15:53,440

on on the classified networks and see

2083

01:15:57,030 --> 01:15:55,760

that there's a lot of analysts right now

2084

01:15:59,590 --> 01:15:57,040

that are by the way they're looking at

2085

01:16:01,510 --> 01:15:59,600

this with a really critical eye and if

2086

01:16:03,270 --> 01:16:01,520

someone tries to pull that crap you know

2087

01:16:05,590 --> 01:16:03,280

these are the first folks men and women

2088

01:16:08,229 --> 01:16:05,600

that are gonna say cry foul and say you

2089

01:16:09,669 --> 01:16:08,239

know that's that's that's fake yeah i i

2090

01:16:12,070 --> 01:16:09,679

think you misunderstood my question a

2091

01:16:13,430 --> 01:16:12,080

little bit um that uh because i

2092

01:16:16,070 --> 01:16:13,440

understand that they're going to be

2093

01:16:18,070 --> 01:16:16,080

careful about their sources but what i'm

2094

01:16:20,790 --> 01:16:18,080

what i meant by that question is with

2095

01:16:22,229 --> 01:16:20,800

the public you know the public

2096

01:16:24,470 --> 01:16:22,239

the people out there

2097

01:16:26,070 --> 01:16:24,480

uh the average public that may not look

2098

01:16:27,750 --> 01:16:26,080

into this topic really seriously

2099

01:16:28,870 --> 01:16:27,760

whatever and then they would just say oh

2100

01:16:30,790 --> 01:16:28,880

that's a fake

2101
01:16:31,750 --> 01:16:30,800
you know i mean it's they're so easy to

2102
01:16:33,270 --> 01:16:31,760
fake

2103
01:16:34,950 --> 01:16:33,280
would they believe the government i

2104
01:16:36,709 --> 01:16:34,960
guess that's uh that's the question i

2105
01:16:38,790 --> 01:16:36,719
have well look i mean

2106
01:16:39,910 --> 01:16:38,800
i i don't have to tell you most people

2107
01:16:41,510 --> 01:16:39,920
don't don't even believe their own

2108
01:16:43,030 --> 01:16:41,520
spouses right let alone the government

2109
01:16:45,510 --> 01:16:43,040
or anything else i mean

2110
01:16:47,110 --> 01:16:45,520
that's human psychology i i don't i

2111
01:16:49,110 --> 01:16:47,120
can't answer that i

2112
01:16:50,470 --> 01:16:49,120
you know all i can tell people look from

2113
01:16:53,510 --> 01:16:50,480

day one i've been always fair and honest

2114

01:16:55,270 --> 01:16:53,520

with you and and so if there's if the

2115

01:16:56,709 --> 01:16:55,280

track record's there would you believe

2116

01:16:57,910 --> 01:16:56,719

what you want to believe you're an adult

2117

01:16:58,630 --> 01:16:57,920

you can do whatever the hell you want to

2118

01:17:00,390 --> 01:16:58,640

do

2119

01:17:01,830 --> 01:17:00,400

uh but you know what it goes both ways i

2120

01:17:03,189 --> 01:17:01,840

can do whatever the hell i want to do

2121

01:17:05,750 --> 01:17:03,199

and i'm going to continue doing what i'm

2122

01:17:08,390 --> 01:17:05,760

doing and i think rational minded people

2123

01:17:10,310 --> 01:17:08,400

see that that that we're we're achieving

2124

01:17:12,870 --> 01:17:10,320

something we're we're making a

2125

01:17:15,430 --> 01:17:12,880

significant difference in this topic

2126

01:17:16,950 --> 01:17:15,440

uh that we have in the last 70 years

2127

01:17:18,390 --> 01:17:16,960

that that congress is taking it

2128

01:17:19,910 --> 01:17:18,400

seriously the intelligence community is

2129

01:17:22,470 --> 01:17:19,920

taken seriously

2130

01:17:24,470 --> 01:17:22,480

a lot of dod is taking it seriously

2131

01:17:26,149 --> 01:17:24,480

and and soon some people on your very

2132

01:17:27,430 --> 01:17:26,159

audience who may be working in some sort

2133

01:17:29,590 --> 01:17:27,440

of agency

2134

01:17:31,910 --> 01:17:29,600

outside the us government may be brought

2135

01:17:33,910 --> 01:17:31,920

into this and say holy crap you know lou

2136

01:17:35,669 --> 01:17:33,920

is right look i just got asked to look

2137

01:17:37,350 --> 01:17:35,679

at this radar data i happened to work

2138

01:17:40,149 --> 01:17:37,360

for faa and

2139

01:17:42,149 --> 01:17:40,159

there was some sort of uap encounter and

2140

01:17:45,270 --> 01:17:42,159

you know that they're actually asking me

2141

01:17:47,110 --> 01:17:45,280

my opinion on it um i think it's i think

2142

01:17:49,430 --> 01:17:47,120

it's happening i think we're

2143

01:17:51,350 --> 01:17:49,440

i i do not i cannot

2144

01:17:55,110 --> 01:17:51,360

tell you what the average american's

2145

01:17:57,189 --> 01:17:55,120

going to think um if the ufo community

2146

01:17:58,870 --> 01:17:57,199

uh is a litmus test

2147

01:18:00,310 --> 01:17:58,880

i think we're in big trouble

2148

01:18:02,229 --> 01:18:00,320

the good news is that we have some

2149

01:18:04,550 --> 01:18:02,239

people in the ufo community that are

2150

01:18:05,669 --> 01:18:04,560

that are serious um but again as i said

2151
01:18:07,510 --> 01:18:05,679
before

2152
01:18:08,870 --> 01:18:07,520
hey brother there's a lot of charlatans

2153
01:18:10,709 --> 01:18:08,880
there's a lot of hustlers out there that

2154
01:18:12,709 --> 01:18:10,719
want your money and they want it back

2155
01:18:15,750 --> 01:18:12,719
and they will do whatever they can

2156
01:18:17,189 --> 01:18:15,760
uh to to to to take it and keep this

2157
01:18:19,140 --> 01:18:17,199
conversation

2158
01:18:20,310 --> 01:18:19,150
out of the the

2159
01:18:22,470 --> 01:18:20,320
[Music]

2160
01:18:24,229 --> 01:18:22,480
mainstream they they want it french

2161
01:18:25,510 --> 01:18:24,239
because then they can control it right

2162
01:18:27,189 --> 01:18:25,520
because then they have a little echo

2163
01:18:28,709 --> 01:18:27,199

chamber and they've got a little source

2164

01:18:31,910 --> 01:18:28,719

of revenue and they continue fooling the

2165

01:18:33,270 --> 01:18:31,920

people um we're not about that we're you

2166

01:18:35,750 --> 01:18:33,280

know we're bringing this topic

2167

01:18:38,550 --> 01:18:35,760

mainstream whether people like it or not

2168

01:18:40,310 --> 01:18:38,560

and and allow the american people to

2169

01:18:42,149 --> 01:18:40,320

decide for themselves if this is going

2170

01:18:44,229 --> 01:18:42,159

to be a priority for them as far as the

2171

01:18:46,470 --> 01:18:44,239

ufo community i've said this before

2172

01:18:47,910 --> 01:18:46,480

look my target audience no no offense

2173

01:18:50,470 --> 01:18:47,920

isn't the ufo

2174

01:18:52,229 --> 01:18:50,480

it's the 99.9 of other fair rational

2175

01:18:54,149 --> 01:18:52,239

minded human beings that never even

2176

01:18:56,310 --> 01:18:54,159

really considered this topic before

2177

01:18:57,910 --> 01:18:56,320

that's who my target audience is because

2178

01:18:59,830 --> 01:18:57,920

i'm not going to convince somebody of

2179

01:19:02,390 --> 01:18:59,840

anything that has some preconceived

2180

01:19:05,430 --> 01:19:02,400

notion that the reptilians are here from

2181

01:19:06,470 --> 01:19:05,440

zeta reticulite to control our souls

2182

01:19:07,590 --> 01:19:06,480

i don't know what to do with that i mean

2183

01:19:09,350 --> 01:19:07,600

it's up to you fine you want to believe

2184

01:19:12,630 --> 01:19:09,360

that cool but

2185

01:19:15,110 --> 01:19:12,640

that's not my focus my focus is is is

2186

01:19:17,110 --> 01:19:15,120

more on the here and now nuts and bolts

2187

01:19:18,950 --> 01:19:17,120

no preconceived notion we're finally at

2188

01:19:20,550 --> 01:19:18,960

a point we've realized the reality of

2189

01:19:21,990 --> 01:19:20,560

this topic

2190

01:19:23,990 --> 01:19:22,000

let's start asking the hard questions

2191

01:19:26,470 --> 01:19:24,000

about it and and

2192

01:19:27,590 --> 01:19:26,480

again no offense to anybody out there

2193

01:19:30,470 --> 01:19:27,600

who maybe

2194

01:19:31,430 --> 01:19:30,480

you know they may feel a certain way

2195

01:19:32,950 --> 01:19:31,440

but at the end of the day it doesn't

2196

01:19:35,110 --> 01:19:32,960

matter what you feel doesn't matter what

2197

01:19:37,510 --> 01:19:35,120

i feel what matters is what we what we

2198

01:19:39,669 --> 01:19:37,520

know what does the data suggest

2199

01:19:42,470 --> 01:19:39,679

and that is what's going to finally shed

2200

01:19:45,750 --> 01:19:42,480

light on this incredible enigma that we

2201

01:19:47,910 --> 01:19:45,760

call the topic of uaps or ufos

2202

01:19:48,950 --> 01:19:47,920

and again if it was up to me

2203

01:19:50,229 --> 01:19:48,960

again

2204

01:19:51,990 --> 01:19:50,239

look i'm going to say it it's going to

2205

01:19:55,270 --> 01:19:52,000

piss people off because that to me i

2206

01:19:58,390 --> 01:19:55,280

would obliterate the you the ufo

2207

01:19:59,350 --> 01:19:58,400

community ufology into a billion billion

2208

01:20:01,350 --> 01:19:59,360

pieces

2209

01:20:03,590 --> 01:20:01,360

hoping that what comes back together is

2210

01:20:05,270 --> 01:20:03,600

a coalescence of fair-minded

2211

01:20:07,189 --> 01:20:05,280

rational-minded people that want to look

2212

01:20:08,070 --> 01:20:07,199

at this topic scientifically and really

2213

01:20:10,709 --> 01:20:08,080

really

2214

01:20:12,629 --> 01:20:10,719

figure this out without any preconceived

2215

01:20:14,870 --> 01:20:12,639

notions or narratives or any windows or

2216

01:20:17,350 --> 01:20:14,880

anything like that let's let's let's do

2217

01:20:19,910 --> 01:20:17,360

a reboot let's do a hard reboot on this

2218

01:20:22,149 --> 01:20:19,920

and let's look at this for for what it

2219

01:20:24,470 --> 01:20:22,159

is and let's try to remove

2220

01:20:27,110 --> 01:20:24,480

any type of of of

2221

01:20:29,510 --> 01:20:27,120

you know pre-narrative that we've had

2222

01:20:30,709 --> 01:20:29,520

from you know from the past

2223

01:20:32,390 --> 01:20:30,719

and by the way it may turn out that

2224

01:20:34,229 --> 01:20:32,400

they're right okay so i'm not saying

2225

01:20:35,750 --> 01:20:34,239

that it's not and it could turn out that

2226

01:20:37,350 --> 01:20:35,760

hey what these people who have this

2227

01:20:40,310 --> 01:20:37,360

theory turn out to be you know what your

2228

01:20:41,270 --> 01:20:40,320

theory happened to be right all along

2229

01:20:43,110 --> 01:20:41,280

but we've got to approach it

2230

01:20:44,790 --> 01:20:43,120

scientifically we've got to let the

2231

01:20:47,110 --> 01:20:44,800

facts speak for themselves we got to let

2232

01:20:48,310 --> 01:20:47,120

the data speak for itself stop listening

2233

01:20:50,070 --> 01:20:48,320

to a bunch of talking heads that are

2234

01:20:51,590 --> 01:20:50,080

getting up there saying i've had this

2235

01:20:53,510 --> 01:20:51,600

download i know exactly what all this is

2236

01:20:55,350 --> 01:20:53,520

about no you don't you think you do

2237

01:20:57,590 --> 01:20:55,360

that's fine i respect that but don't

2238

01:20:59,430 --> 01:20:57,600

tell me that you have the answer because

2239

01:21:01,110 --> 01:20:59,440

i'm not sure anybody has the full

2240

01:21:02,149 --> 01:21:01,120

answers right now and that may be one of

2241

01:21:03,830 --> 01:21:02,159

the reasons why the government's been

2242

01:21:05,189 --> 01:21:03,840

keeping this so secret because even the

2243

01:21:06,390 --> 01:21:05,199

government doesn't have all the answers

2244

01:21:08,390 --> 01:21:06,400

and it doesn't want to admit it doesn't

2245

01:21:10,229 --> 01:21:08,400

have all the answers so

2246

01:21:12,790 --> 01:21:10,239

you know that's that's my two cents

2247

01:21:14,470 --> 01:21:12,800

anyways maybe three cents

2248

01:21:16,870 --> 01:21:14,480

okay i have a

2249

01:21:18,709 --> 01:21:16,880

i have a kind of a a long question kind

2250

01:21:21,510 --> 01:21:18,719

of a it's hard for me to even read a

2251

01:21:23,750 --> 01:21:21,520

question like this but uh you you may

2252

01:21:26,070 --> 01:21:23,760

understand it i i don't understand it so

2253

01:21:28,229 --> 01:21:26,080

well with all these acronyms how did it

2254

01:21:29,750 --> 01:21:28,239

happen that within only a few months of

2255

01:21:32,870 --> 01:21:29,760

bigelow airspace

2256

01:21:34,390 --> 01:21:32,880

baa ss getting the

2257

01:21:38,470 --> 01:21:34,400

a swap

2258

01:21:40,870 --> 01:21:38,480

the aaw sap contract

2259

01:21:44,229 --> 01:21:40,880

um o u s d

2260

01:21:46,070 --> 01:21:44,239

slash i had become such an issue that

2261

01:21:48,950 --> 01:21:46,080

harry reid was suddenly trying to get

2262

01:21:51,110 --> 01:21:48,960

the sap established with the biggest

2263

01:21:53,669 --> 01:21:51,120

list do you understand that question i i

2264

01:21:55,350 --> 01:21:53,679

do so i i look i can't talk definitively

2265

01:21:56,950 --> 01:21:55,360

on the osap program you're referring to

2266

01:21:59,669 --> 01:21:56,960

a program that was run by

2267

01:22:01,430 --> 01:21:59,679

uh dr jim lukasky from the depart dia

2268

01:22:02,550 --> 01:22:01,440

defense intelligence agency and won the

2269

01:22:04,550 --> 01:22:02,560

client

2270

01:22:07,350 --> 01:22:04,560

bigelow aerospace won the contract for

2271

01:22:09,189 --> 01:22:07,360

the asap program uh i was brought in

2272

01:22:11,189 --> 01:22:09,199

really on the tail end of that most of

2273

01:22:13,430 --> 01:22:11,199

my focus was the a-tip advanced

2274

01:22:17,030 --> 01:22:13,440

aerospace threat identification program

2275

01:22:19,270 --> 01:22:17,040

portfolio um but there were some there

2276

01:22:23,030 --> 01:22:19,280

were some forces within

2277

01:22:26,229 --> 01:22:23,040

ousdi and dia to be fair that were

2278

01:22:27,669 --> 01:22:26,239

diametrically opposed to this topic they

2279

01:22:29,669 --> 01:22:27,679

felt that it

2280

01:22:32,629 --> 01:22:29,679

it contradicted or challenged their

2281

01:22:34,709 --> 01:22:32,639

preconceived notions of theology uh

2282

01:22:35,910 --> 01:22:34,719

there was a theological objection to

2283

01:22:38,390 --> 01:22:35,920

this i'm not going to go into detail

2284

01:22:41,669 --> 01:22:38,400

unless you want me to uh but they felt

2285

01:22:44,390 --> 01:22:41,679

that it it did not comport to their

2286

01:22:47,270 --> 01:22:44,400

ideas of judeo-christian values and

2287

01:22:49,669 --> 01:22:47,280

therefore they tried to kill it um that

2288

01:22:53,030 --> 01:22:49,679

that is an absolute matter of fact

2289

01:22:54,950 --> 01:22:53,040

um i i witnessed it i saw it i had

2290

01:22:56,550 --> 01:22:54,960

people come up to me and and have very

2291

01:23:00,790 --> 01:22:56,560

frank conversations

2292

01:23:04,149 --> 01:23:02,550

could you say whether you were the

2293

01:23:06,629 --> 01:23:04,159

person that

2294

01:23:09,350 --> 01:23:06,639

um interviewed alex dietrich back in

2295

01:23:10,950 --> 01:23:09,360

september 2017 or not can you say

2296

01:23:12,229 --> 01:23:10,960

whether you were or not

2297

01:23:14,470 --> 01:23:12,239

a lot of people interviewed alex

2298

01:23:16,149 --> 01:23:14,480

dietrich alex dietrich's american hero

2299

01:23:17,910 --> 01:23:16,159

uh i had the honor and privilege to

2300

01:23:21,030 --> 01:23:17,920

speak with her multiple times

2301

01:23:22,629 --> 01:23:21,040

i'm not going to discuss specific uh

2302

01:23:25,430 --> 01:23:22,639

efforts that i may have been involved in

2303

01:23:27,350 --> 01:23:25,440

one that was uh a us government employee

2304

01:23:30,390 --> 01:23:27,360

that would not be uh that would not be

2305

01:23:31,910 --> 01:23:30,400

prudent uh and i would let alex dietrich

2306

01:23:34,229 --> 01:23:31,920

speak for herself if she wants to answer

2307

01:23:35,669 --> 01:23:34,239

that question she certainly can um i'll

2308

01:23:37,750 --> 01:23:35,679

tell you she represents the best of the

2309

01:23:39,750 --> 01:23:37,760

best of our country she is absolutely

2310

01:23:41,510 --> 01:23:39,760

incredible uh not only is she an

2311

01:23:44,709 --> 01:23:41,520

incredible patriot and a hero she's also

2312

01:23:45,669 --> 01:23:44,719

an incredible mother and and and wife

2313

01:23:50,709 --> 01:23:45,679

and

2314

01:23:53,669 --> 01:23:50,719

are we are damn lucky to have her

2315

01:23:56,229 --> 01:23:53,679

uh on our side i'll just say that

2316

01:23:58,390 --> 01:23:56,239

i was so happy when she decided to speak

2317

01:23:59,510 --> 01:23:58,400

out because she was anonymous

2318

01:24:01,750 --> 01:23:59,520

previously

2319

01:24:04,310 --> 01:24:01,760

and then when i when she finally all we

2320

01:24:06,550 --> 01:24:04,320

knew was that it was someone like

2321

01:24:08,629 --> 01:24:06,560

one of their first runs right it wasn't

2322

01:24:10,229 --> 01:24:08,639

one of her first missions or something

2323

01:24:11,750 --> 01:24:10,239

like that when this thing happened can

2324

01:24:13,590 --> 01:24:11,760

you imagine

2325

01:24:16,550 --> 01:24:13,600

yeah and you know

2326

01:24:18,629 --> 01:24:16,560

she'll she'll tell you you know

2327

01:24:22,070 --> 01:24:18,639

verbatim i mean i it's i'm waiting for

2328

01:24:24,550 --> 01:24:22,080

somebody to ask her or dave framer or

2329

01:24:25,830 --> 01:24:24,560

you know one of the e2 hawkeye operators

2330

01:24:27,750 --> 01:24:25,840

hey you know

2331

01:24:28,629 --> 01:24:27,760

how did you first meet lou

2332

01:24:30,390 --> 01:24:28,639

uh

2333

01:24:31,510 --> 01:24:30,400

you know

2334

01:24:32,790 --> 01:24:31,520

that'd be pretty interesting someone

2335

01:24:35,030 --> 01:24:32,800

should probably ask that question at

2336

01:24:37,189 --> 01:24:35,040

some point

2337

01:24:38,470 --> 01:24:37,199

and when did you actually first hear

2338

01:24:41,030 --> 01:24:38,480

from chris

2339

01:24:42,790 --> 01:24:41,040

chris was on the show back in 2015 when

2340

01:24:45,990 --> 01:24:42,800

he first started

2341

01:24:47,430 --> 01:24:46,000

really getting into the topic

2342

01:24:51,910 --> 01:24:47,440

uh publicly

2343

01:24:57,030 --> 01:24:54,390

chris was a little sore with me

2344

01:24:59,110 --> 01:24:57,040

when uh when he first finally got right

2345

01:25:01,270 --> 01:24:59,120

on when i was uh at the pentagon we got

2346

01:25:03,189 --> 01:25:01,280

right onto the program uh

2347

01:25:04,550 --> 01:25:03,199

uh because he had spent i guess some

2348

01:25:06,790 --> 01:25:04,560

time

2349

01:25:08,709 --> 01:25:06,800

saying publicly that uh you know he

2350

01:25:10,310 --> 01:25:08,719

wasn't aware of any any ufo program

2351
01:25:11,430 --> 01:25:10,320
within the government and of course now

2352
01:25:15,110 --> 01:25:11,440
he's

2353
01:25:16,709 --> 01:25:15,120
of like well sh

2354
01:25:17,990 --> 01:25:16,719
shoot you know

2355
01:25:19,750 --> 01:25:18,000
here it is this whole time that there

2356
01:25:21,430 --> 01:25:19,760
was a program and you know now i got to

2357
01:25:23,189 --> 01:25:21,440
kind of go back and

2358
01:25:25,030 --> 01:25:23,199
figure out how to have this conversation

2359
01:25:26,709 --> 01:25:25,040
uh but it but in seriousness chris has

2360
01:25:28,870 --> 01:25:26,719
been instrumental

2361
01:25:30,470 --> 01:25:28,880
in in having this conversation where it

2362
01:25:31,350 --> 01:25:30,480
is today getting the right people to

2363
01:25:35,030 --> 01:25:31,360

listen

2364

01:25:36,709 --> 01:25:35,040

uh in congress uh we would absolutely

2365

01:25:39,030 --> 01:25:36,719

not be here today having this

2366

01:25:41,189 --> 01:25:39,040

conversation if it wasn't for chris

2367

01:25:43,030 --> 01:25:41,199

melon chris mellon is by far

2368

01:25:44,310 --> 01:25:43,040

single-handedly one of the most

2369

01:25:46,470 --> 01:25:44,320

important people

2370

01:25:47,910 --> 01:25:46,480

uh that we can greet credit to for

2371

01:25:49,430 --> 01:25:47,920

having this conversation people want to

2372

01:25:51,990 --> 01:25:49,440

say oh lou but you're the one who came

2373

01:25:55,110 --> 01:25:52,000

out but yeah but you know what

2374

01:25:58,070 --> 01:25:55,120

chris was really the one who who

2375

01:26:00,629 --> 01:25:58,080

understood how to have this conversation

2376

01:26:02,149 --> 01:26:00,639

and so if there's anybody that that

2377

01:26:04,390 --> 01:26:02,159

needs to be thanked

2378

01:26:05,750 --> 01:26:04,400

for for us being where we are today in

2379

01:26:07,830 --> 01:26:05,760

the conversation

2380

01:26:10,550 --> 01:26:07,840

it's it chris mellon is definitely at

2381

01:26:11,590 --> 01:26:10,560

the top of the list for sure

2382

01:26:13,430 --> 01:26:11,600

yeah

2383

01:26:16,310 --> 01:26:13,440

uh someone's saying you're a real hero

2384

01:26:18,390 --> 01:26:16,320

here lots of hearts and everything and

2385

01:26:35,350 --> 01:26:18,400

that you moved to the middle of nowhere

2386

01:26:38,870 --> 01:26:37,110

thought it was for privacy you know i

2387

01:26:41,189 --> 01:26:38,880

shared with you for the first time uh

2388

01:26:43,990 --> 01:26:41,199

publicly that i was i was put on a on a

2389

01:26:45,750 --> 01:26:44,000

terrorist naughty list uh some time ago

2390

01:26:47,990 --> 01:26:45,760

that's never a fun thing to be on you

2391

01:26:49,350 --> 01:26:48,000

know that's uh you never get off that

2392

01:26:50,709 --> 01:26:49,360

list you know you kind of hope that

2393

01:26:51,669 --> 01:26:50,719

someone else becomes more important than

2394

01:26:52,950 --> 01:26:51,679

you

2395

01:26:54,310 --> 01:26:52,960

um

2396

01:26:55,590 --> 01:26:54,320

so you know hopefully you move to the

2397

01:26:57,110 --> 01:26:55,600

bottom of the list

2398

01:26:59,270 --> 01:26:57,120

but uh

2399

01:27:01,430 --> 01:26:59,280

it hasn't hasn't been easy and you know

2400

01:27:03,510 --> 01:27:01,440

i've had even since now being

2401
01:27:05,590 --> 01:27:03,520
doing this i've had you know some people

2402
01:27:06,709 --> 01:27:05,600
try to try to threaten me

2403
01:27:07,590 --> 01:27:06,719
um

2404
01:27:09,110 --> 01:27:07,600
you know

2405
01:27:10,390 --> 01:27:09,120
because they don't they don't like my

2406
01:27:12,950 --> 01:27:10,400
message

2407
01:27:14,310 --> 01:27:12,960
um so we live where we live because of

2408
01:27:16,790 --> 01:27:14,320
the privacy

2409
01:27:19,030 --> 01:27:16,800
uh the people are amazing out here in

2410
01:27:20,950 --> 01:27:19,040
wyoming uh they're just

2411
01:27:22,870 --> 01:27:20,960
incredible um

2412
01:27:24,550 --> 01:27:22,880
very humble hardworking

2413
01:27:26,470 --> 01:27:24,560

uh i've lived all over the world as you

2414

01:27:29,110 --> 01:27:26,480

probably know uh metro major

2415

01:27:30,470 --> 01:27:29,120

metropolitan areas live in washington dc

2416

01:27:33,270 --> 01:27:30,480

south america and the middle east and

2417

01:27:35,430 --> 01:27:33,280

asia and everywhere else um

2418

01:27:37,189 --> 01:27:35,440

you know wyoming for me is is a place

2419

01:27:39,590 --> 01:27:37,199

that i can um

2420

01:27:40,870 --> 01:27:39,600

i can de-clutter if i'm all going to

2421

01:27:42,950 --> 01:27:40,880

continue

2422

01:27:45,910 --> 01:27:42,960

this work that i'm doing now

2423

01:27:47,510 --> 01:27:45,920

wyoming offers me some sort of refuge if

2424

01:27:50,470 --> 01:27:47,520

that makes sense

2425

01:27:52,550 --> 01:27:50,480

um where i can just be me nobody knows

2426

01:27:53,590 --> 01:27:52,560

who i am nobody give nobody cares nobody

2427

01:27:56,310 --> 01:27:53,600

gives a damn

2428

01:27:58,310 --> 01:27:56,320

um you know out there your your your

2429

01:28:00,950 --> 01:27:58,320

your respect is based on whether or not

2430

01:28:03,990 --> 01:28:00,960

you drive a diesel truck or you know a

2431

01:28:06,390 --> 01:28:04,000

4x4 um nobody really cares much beyond

2432

01:28:07,669 --> 01:28:06,400

that um of course i'm being silly but

2433

01:28:09,110 --> 01:28:07,679

but in reality it's just it's a

2434

01:28:11,350 --> 01:28:09,120

beautiful place

2435

01:28:13,350 --> 01:28:11,360

and with with a lot of the craziness

2436

01:28:15,669 --> 01:28:13,360

going on right now in the world

2437

01:28:17,830 --> 01:28:15,679

uh you know it's it's the only place

2438

01:28:19,430 --> 01:28:17,840

that that just seems sane for me right

2439

01:28:22,470 --> 01:28:19,440

now

2440

01:28:25,669 --> 01:28:22,480

i had so many questions about

2441

01:28:26,790 --> 01:28:25,679

that conflict and uh a lot of people

2442

01:28:28,950 --> 01:28:26,800

wanted to know

2443

01:28:30,470 --> 01:28:28,960

you know um questions that i normally

2444

01:28:32,550 --> 01:28:30,480

wouldn't ask but there were a lot of

2445

01:28:33,830 --> 01:28:32,560

people that were relating the conflict

2446

01:28:35,830 --> 01:28:33,840

in ukraine

2447

01:28:37,590 --> 01:28:35,840

with you know like

2448

01:28:39,990 --> 01:28:37,600

are people seeing any

2449

01:28:42,149 --> 01:28:40,000

uaps and i actually think that that in

2450

01:28:43,910 --> 01:28:42,159

particular is a good question because

2451

01:28:45,110 --> 01:28:43,920

there seems to be you know during

2452

01:28:48,950 --> 01:28:45,120

wartime

2453

01:28:50,550 --> 01:28:48,960

that there are a lot of ufos seen you

2454

01:28:52,390 --> 01:28:50,560

know it always has been

2455

01:28:53,990 --> 01:28:52,400

yeah i mean that we're certainly looking

2456

01:28:55,910 --> 01:28:54,000

at that you know we have to be careful

2457

01:28:57,110 --> 01:28:55,920

there were you know let me go back to

2458

01:28:58,550 --> 01:28:57,120

real scenarios that are doing the

2459

01:29:00,709 --> 01:28:58,560

american revolution

2460

01:29:01,430 --> 01:29:00,719

uh to keep the spirit of the troops off

2461

01:29:03,270 --> 01:29:01,440

up

2462

01:29:05,910 --> 01:29:03,280

uh later on after the american

2463

01:29:09,590 --> 01:29:05,920

revolution and into the war of 1812 and

2464

01:29:11,270 --> 01:29:09,600

whatnot there were stories of of george

2465

01:29:14,070 --> 01:29:11,280

washington's ghosts

2466

01:29:15,990 --> 01:29:14,080

coming and riding through the forest and

2467

01:29:17,110 --> 01:29:16,000

and through the snow to rally the morale

2468

01:29:19,270 --> 01:29:17,120

of the troops

2469

01:29:21,189 --> 01:29:19,280

um we have to make sure that when we're

2470

01:29:23,669 --> 01:29:21,199

talking about whether it's ukraine or

2471

01:29:26,950 --> 01:29:23,679

any other type of global conflict

2472

01:29:29,750 --> 01:29:26,960

that we recognize the difference between

2473

01:29:31,910 --> 01:29:29,760

you know a real potential uap incident

2474

01:29:33,590 --> 01:29:31,920

and something that's there as some sort

2475

01:29:35,270 --> 01:29:33,600

of propaganda and i don't mean in a bad

2476

01:29:37,430 --> 01:29:35,280

way but there's

2477

01:29:39,030 --> 01:29:37,440

some discussion recently that some sort

2478

01:29:40,629 --> 01:29:39,040

of lights occurred in the sky in the

2479

01:29:43,189 --> 01:29:40,639

clouds and the next morning a bunch of

2480

01:29:44,870 --> 01:29:43,199

russian tanks were destroyed oh yes you

2481

01:29:46,790 --> 01:29:44,880

know the question is that was that a

2482

01:29:49,189 --> 01:29:46,800

yeah right was that a uap incident was

2483

01:29:51,030 --> 01:29:49,199

it a miracle from god or was it just

2484

01:29:52,550 --> 01:29:51,040

some sort of advanced military

2485

01:29:54,470 --> 01:29:52,560

technology right

2486

01:29:56,709 --> 01:29:54,480

we don't really know and we have to be

2487

01:29:58,550 --> 01:29:56,719

really careful ascribing

2488

01:30:00,709 --> 01:29:58,560

a source to something

2489

01:30:02,870 --> 01:30:00,719

if if

2490

01:30:05,510 --> 01:30:02,880

if we're not sure um it's interesting

2491

01:30:07,830 --> 01:30:05,520

it's anecdotal but without the hard

2492

01:30:10,229 --> 01:30:07,840

evidence it's it's just that it's just

2493

01:30:12,390 --> 01:30:10,239

another story uh and again i'm not

2494

01:30:13,750 --> 01:30:12,400

saying i i'm not paying attention to it

2495

01:30:15,350 --> 01:30:13,760

because we are

2496

01:30:17,030 --> 01:30:15,360

but we have to be really careful jumping

2497

01:30:19,430 --> 01:30:17,040

to any type of conclusion we just we

2498

01:30:22,470 --> 01:30:19,440

just don't know yet

2499

01:30:25,350 --> 01:30:22,480

yes i believe i heard a ukraine soldier

2500

01:30:27,430 --> 01:30:25,360

describe and then it was um translated

2501

01:30:29,110 --> 01:30:27,440

or something with what he he said

2502

01:30:30,790 --> 01:30:29,120

lightning came down from a spaceship or

2503

01:30:32,709 --> 01:30:30,800

something like that i think he's i think

2504

01:30:34,870 --> 01:30:32,719

i saw that but i i was thinking that

2505

01:30:36,149 --> 01:30:34,880

might be something that was a hoax or

2506

01:30:38,790 --> 01:30:36,159

something i have no idea where the

2507

01:30:41,270 --> 01:30:38,800

source was i tried to find the source um

2508

01:30:42,629 --> 01:30:41,280

for that uh what about your book people

2509

01:30:44,629 --> 01:30:42,639

in ukraine go ahead

2510

01:30:46,229 --> 01:30:44,639

the people in ukraine are very desperate

2511

01:30:48,550 --> 01:30:46,239

and and right now they're looking for

2512

01:30:51,590 --> 01:30:48,560

anything to to give them a shot of

2513

01:30:53,270 --> 01:30:51,600

morale and a boost um they have been

2514

01:30:55,189 --> 01:30:53,280

left high and dry and i'm not going to

2515

01:30:59,189 --> 01:30:55,199

get political here but what's happening

2516

01:31:01,189 --> 01:30:59,199

in ukraine is is is awful just like

2517

01:31:03,430 --> 01:31:01,199

it is the way we left afghanistan again

2518

01:31:05,270 --> 01:31:03,440

not being political here but

2519

01:31:07,350 --> 01:31:05,280

but it's there are people suffering

2520

01:31:09,030 --> 01:31:07,360

right now women and children and

2521

01:31:10,070 --> 01:31:09,040

civilians

2522

01:31:11,910 --> 01:31:10,080

elderly

2523

01:31:15,430 --> 01:31:11,920

they didn't ask for this and and they're

2524

01:31:17,189 --> 01:31:15,440

being slaughtered on the streets and so

2525

01:31:19,750 --> 01:31:17,199

people are desperate for a good news

2526

01:31:22,229 --> 01:31:19,760

story they're desperate for something

2527

01:31:24,390 --> 01:31:22,239

to see the underdog finally win

2528

01:31:25,830 --> 01:31:24,400

and i get it and and

2529

01:31:27,990 --> 01:31:25,840

especially in times like this it's

2530

01:31:30,149 --> 01:31:28,000

always

2531

01:31:33,110 --> 01:31:30,159

it you know it keeps us hopeful that

2532

01:31:34,870 --> 01:31:33,120

maybe there is some sort of

2533

01:31:36,550 --> 01:31:34,880

you know divine intervention here right

2534

01:31:37,750 --> 01:31:36,560

maybe maybe yeah

2535

01:31:40,629 --> 01:31:37,760

you know and so

2536

01:31:44,709 --> 01:31:40,639

i get it uh i i i would hope that's the

2537

01:31:46,709 --> 01:31:44,719

case but i i really don't know yeah

2538

01:31:49,590 --> 01:31:46,719

if there was ever a time for one person

2539

01:31:54,070 --> 01:31:49,600

to get abducted

2540

01:31:54,080 --> 01:32:02,550

actually i have a short list

2541

01:32:06,870 --> 01:32:04,870

yeah yeah funny uh you're you were going

2542

01:32:08,629 --> 01:32:06,880

to be i i think i had you scheduled at

2543

01:32:10,550 --> 01:32:08,639

one time you were going to be i think it

2544

01:32:13,350 --> 01:32:10,560

was i want to say december 13th or

2545

01:32:16,709 --> 01:32:13,360

something like that and then um your

2546

01:32:19,030 --> 01:32:16,719

wonderful wife contacted me and said oh

2547

01:32:20,950 --> 01:32:19,040

lou's writing a book and i know you went

2548

01:32:22,870 --> 01:32:20,960

over to england and and you were over

2549

01:32:25,910 --> 01:32:22,880

there and you were really working hard

2550

01:32:27,750 --> 01:32:25,920

in the book and and then she wrote me a

2551
01:32:29,590 --> 01:32:27,760
while back says hey guess what we're

2552
01:32:31,270 --> 01:32:29,600
ready you know if you want to want lou

2553
01:32:32,950 --> 01:32:31,280
in the show so i was thrilled to have

2554
01:32:34,149 --> 01:32:32,960
you tonight but can you talk about your

2555
01:32:35,910 --> 01:32:34,159
book what what

2556
01:32:37,350 --> 01:32:35,920
what can you say about your book yeah

2557
01:32:38,629 --> 01:32:37,360
i'll keep it short because you know

2558
01:32:39,910 --> 01:32:38,639
people will accuse me of plugging my

2559
01:32:42,149 --> 01:32:39,920
book look you don't want to read it

2560
01:32:44,070 --> 01:32:42,159
don't read it no no i'm asking you you

2561
01:32:45,990 --> 01:32:44,080
never said no no understood martin yeah

2562
01:32:47,590 --> 01:32:46,000
yeah yeah but let me let me let me just

2563
01:32:49,910 --> 01:32:47,600

address the folks in the audience who

2564

01:32:51,669 --> 01:32:49,920

may think that this is some sort of cash

2565

01:32:53,590 --> 01:32:51,679

grab because it's not i'm writing the

2566

01:32:55,030 --> 01:32:53,600

book for a very specific reason and

2567

01:32:56,550 --> 01:32:55,040

there's actually two very specific

2568

01:32:57,990 --> 01:32:56,560

reasons that will become apparent when

2569

01:33:00,470 --> 01:32:58,000

the book comes out and people are going

2570

01:33:02,709 --> 01:33:00,480

to say oh man that's sly devil

2571

01:33:04,629 --> 01:33:02,719

now we get it okay and by the way it's

2572

01:33:07,110 --> 01:33:04,639

part of disclosure but it's also an

2573

01:33:09,590 --> 01:33:07,120

opportunity for me to to

2574

01:33:11,430 --> 01:33:09,600

to speak about my experiences without

2575

01:33:13,669 --> 01:33:11,440

having to do five-minute sound bites

2576

01:33:15,669 --> 01:33:13,679

right or having to here's a chance to

2577

01:33:17,830 --> 01:33:15,679

say for the record here's what happened

2578

01:33:19,189 --> 01:33:17,840

you're welcome to read it so it's it's

2579

01:33:21,189 --> 01:33:19,199

actually twofold why i'm reading the

2580

01:33:22,550 --> 01:33:21,199

book why i'm writing the book

2581

01:33:24,870 --> 01:33:22,560

again if people out there don't want to

2582

01:33:27,350 --> 01:33:24,880

read it don't read it i don't care yeah

2583

01:33:29,590 --> 01:33:27,360

i'm writing this book for me not anybody

2584

01:33:31,590 --> 01:33:29,600

else i'm writing this book so it will it

2585

01:33:34,229 --> 01:33:31,600

will be it will be a definitive

2586

01:33:37,030 --> 01:33:34,239

understanding of what the program was

2587

01:33:38,950 --> 01:33:37,040

about um and um

2588

01:33:41,590 --> 01:33:38,960

you know that's that's that's the way it

2589

01:33:43,750 --> 01:33:41,600

is um i i can i can say a lot more in a

2590

01:33:46,470 --> 01:33:43,760

book than i can in a one hour or a half

2591

01:33:49,030 --> 01:33:46,480

hour or a five minute interview um and

2592

01:33:50,950 --> 01:33:49,040

by the way my hope is that at some point

2593

01:33:52,550 --> 01:33:50,960

in in the future

2594

01:33:54,149 --> 01:33:52,560

70 years from now

2595

01:33:55,430 --> 01:33:54,159

i don't want the government going back

2596

01:33:57,030 --> 01:33:55,440

and trying to put the genie back in the

2597

01:33:59,110 --> 01:33:57,040

bottle what i want to happen is that

2598

01:34:01,750 --> 01:33:59,120

okay here's the truth here's what

2599

01:34:04,149 --> 01:34:01,760

happened here's here is the facts as we

2600

01:34:06,550 --> 01:34:04,159

know it up to today there's no going

2601
01:34:07,350 --> 01:34:06,560
back you may want to slow disclosure

2602
01:34:09,189 --> 01:34:07,360
down

2603
01:34:10,550 --> 01:34:09,199
if you're the government that's on you

2604
01:34:12,550 --> 01:34:10,560
but you'll never be able to go put the

2605
01:34:14,149 --> 01:34:12,560
genie back in the bottle because this

2606
01:34:16,629 --> 01:34:14,159
book is going to lay out

2607
01:34:17,590 --> 01:34:16,639
the facts and so you'll never be able to

2608
01:34:19,910 --> 01:34:17,600
go

2609
01:34:21,669 --> 01:34:19,920
retroactively behind that and try to

2610
01:34:23,270 --> 01:34:21,679
pretend it never happened because it did

2611
01:34:24,709 --> 01:34:23,280
happen and so

2612
01:34:25,990 --> 01:34:24,719
that's one of the main reasons why i'm

2613
01:34:27,990 --> 01:34:26,000

writing the book there's another very

2614

01:34:29,990 --> 01:34:28,000

practical reason again it will be

2615

01:34:31,510 --> 01:34:30,000

apparent once the book comes out i am

2616

01:34:34,070 --> 01:34:31,520

not going to have that conversation

2617

01:34:35,350 --> 01:34:34,080

right now because i do not want to to to

2618

01:34:38,870 --> 01:34:35,360

give that away

2619

01:34:40,709 --> 01:34:38,880

um i think i think people will be very

2620

01:34:42,070 --> 01:34:40,719

appreciative

2621

01:34:43,990 --> 01:34:42,080

when that book comes out they will

2622

01:34:46,070 --> 01:34:44,000

understand they're going to say ah okay

2623

01:34:47,510 --> 01:34:46,080

you know this is this makes sense we

2624

01:34:51,109 --> 01:34:47,520

understand

2625

01:34:53,990 --> 01:34:51,119

any idea about when it's going to be out

2626

01:34:55,910 --> 01:34:54,000

man i'm working on it like a dog

2627

01:34:57,750 --> 01:34:55,920

you know i tell people look at me i was

2628

01:35:00,870 --> 01:34:57,760

i used to be six foot four long blonde

2629

01:35:02,229 --> 01:35:00,880

hair before i started this i'm only 27.

2630

01:35:03,109 --> 01:35:02,239

look at me

2631

01:35:06,470 --> 01:35:03,119

um

2632

01:35:11,270 --> 01:35:08,149

i've made a lot of progress we'll just

2633

01:35:15,669 --> 01:35:11,280

say that i've made a lot of progress uh

2634

01:35:18,709 --> 01:35:15,679

it's um it's moving along uh on schedule

2635

01:35:21,189 --> 01:35:18,719

as as i would expect it to to go it is

2636

01:35:22,870 --> 01:35:21,199

one of my top priorities

2637

01:35:25,270 --> 01:35:22,880

you know one of the things that i've

2638

01:35:25,990 --> 01:35:25,280

never talked with you about in the past

2639

01:35:28,470 --> 01:35:26,000

is

2640

01:35:30,709 --> 01:35:28,480

um

2641

01:35:32,870 --> 01:35:30,719

have you looked at other cases for

2642

01:35:35,109 --> 01:35:32,880

instance a lot of times on this show

2643

01:35:37,510 --> 01:35:35,119

i'll i'll say what i think is the most

2644

01:35:40,229 --> 01:35:37,520

remarkable case of all is the ariel

2645

01:35:41,990 --> 01:35:40,239

school incident that happened in 1994.

2646

01:35:45,910 --> 01:35:42,000

i don't know if you've ever looked into

2647

01:35:47,910 --> 01:35:45,920

that or anything you know that yes

2648

01:35:49,990 --> 01:35:47,920

have you looked into that in particular

2649

01:35:52,149 --> 01:35:50,000

i i don't think that story is being is

2650

01:35:55,270 --> 01:35:52,159

finished being told yet i think when you

2651
01:35:57,030 --> 01:35:55,280
find out the significance of that school

2652
01:35:58,709 --> 01:35:57,040
uh

2653
01:36:01,030 --> 01:35:58,719
and the rest of the story i think people

2654
01:36:03,590 --> 01:36:01,040
are gonna say holy smokes

2655
01:36:07,030 --> 01:36:03,600
yeah well randy nickerson a friend of

2656
01:36:10,149 --> 01:36:07,040
mine uh i have not he's kind of gone

2657
01:36:12,229 --> 01:36:10,159
quiet for quite a while but he has he

2658
01:36:14,470 --> 01:36:12,239
has made a wonderful film about it and

2659
01:36:16,709 --> 01:36:14,480
he worked for i think over 10 years on

2660
01:36:18,709 --> 01:36:16,719
it the film's been in the can for about

2661
01:36:21,030 --> 01:36:18,719
a year now and we're waiting for where

2662
01:36:23,750 --> 01:36:21,040
it there was uh there was a rumor that

2663
01:36:25,910 --> 01:36:23,760

it was going out on netflix and that

2664

01:36:28,070 --> 01:36:25,920

is not going to happen so i i just have

2665

01:36:30,149 --> 01:36:28,080

no idea but when that comes out you're

2666

01:36:32,470 --> 01:36:30,159

going to see a remarkable film i will

2667

01:36:34,470 --> 01:36:32,480

tell you that whenever that comes out

2668

01:36:36,310 --> 01:36:34,480

i think you're going to be people are

2669

01:36:37,990 --> 01:36:36,320

going to there there's a piece of that

2670

01:36:41,750 --> 01:36:38,000

puzzle that hasn't come out yet and

2671

01:36:49,510 --> 01:36:42,950

yeah

2672

01:36:51,510 --> 01:36:49,520

it and i i've had about four or five

2673

01:36:54,149 --> 01:36:51,520

different uh witnesses

2674

01:36:54,950 --> 01:36:54,159

on the show that um of that and it's

2675

01:36:59,669 --> 01:36:54,960

just

2676

01:37:01,590 --> 01:36:59,679

the things that comes up a lot on these

2677

01:37:03,830 --> 01:37:01,600

shows and it's a question i often ask

2678

01:37:05,990 --> 01:37:03,840

what what is your when someone asks it

2679

01:37:08,149 --> 01:37:06,000

more or less right here when gary was

2680

01:37:10,470 --> 01:37:08,159

with us what is your best assessment on

2681

01:37:11,990 --> 01:37:10,480

what the phenomenon is

2682

01:37:13,590 --> 01:37:12,000

do you have an opinion

2683

01:37:14,950 --> 01:37:13,600

well i think we first need to figure out

2684

01:37:16,870 --> 01:37:14,960

what it isn't

2685

01:37:18,229 --> 01:37:16,880

um you know we have to be very careful

2686

01:37:21,430 --> 01:37:18,239

because there's a lot of options of what

2687

01:37:23,189 --> 01:37:21,440

it could be um and so let's let's figure

2688

01:37:25,750 --> 01:37:23,199

out what it is first

2689

01:37:27,750 --> 01:37:25,760

um i've said before it could be all

2690

01:37:29,590 --> 01:37:27,760

sorts of stuff it could be

2691

01:37:31,270 --> 01:37:29,600

uh something from uh from a different

2692

01:37:33,830 --> 01:37:31,280

place a different different planet it

2693

01:37:36,070 --> 01:37:33,840

could be something that's

2694

01:37:38,070 --> 01:37:36,080

normal as we are been from been on this

2695

01:37:39,430 --> 01:37:38,080

plane as long as we have and we're just

2696

01:37:40,790 --> 01:37:39,440

not a point where we can interact with

2697

01:37:42,870 --> 01:37:40,800

it it could be something that is not

2698

01:37:43,750 --> 01:37:42,880

even from another place

2699

01:37:50,550 --> 01:37:43,760

uh

2700

01:37:51,990 --> 01:37:50,560

using the word dimension because people

2701
01:37:53,270 --> 01:37:52,000
get all you know

2702
01:37:55,109 --> 01:37:53,280
weird about it they get old you know i

2703
01:37:57,030 --> 01:37:55,119
hate to use the term woo

2704
01:37:58,390 --> 01:37:57,040
but we now know through science there

2705
01:38:01,350 --> 01:37:58,400
are other dimensions

2706
01:38:03,910 --> 01:38:01,360
time is a dimension okay so that

2707
01:38:05,750 --> 01:38:03,920
you have three dimensional space x y z

2708
01:38:07,590 --> 01:38:05,760
and x axis and then you have time as

2709
01:38:09,750 --> 01:38:07,600
another dimension

2710
01:38:11,189 --> 01:38:09,760
but there's other dimensions as well and

2711
01:38:13,189 --> 01:38:11,199
it's hard for us to conceptualize

2712
01:38:14,149 --> 01:38:13,199
because we live in a three-dimensional

2713
01:38:16,629 --> 01:38:14,159

world

2714

01:38:19,430 --> 01:38:16,639

um but there's other demand let me let

2715

01:38:20,790 --> 01:38:19,440

me give i guess probably

2716

01:38:22,470 --> 01:38:20,800

i won't digress too long here but people

2717

01:38:24,870 --> 01:38:22,480

say well how do you envision another

2718

01:38:26,390 --> 01:38:24,880

dimension well okay i'm having this

2719

01:38:28,149 --> 01:38:26,400

conversation with you right now and i

2720

01:38:29,510 --> 01:38:28,159

have three dimensions i can operate i

2721

01:38:30,870 --> 01:38:29,520

can go forward

2722

01:38:33,510 --> 01:38:30,880

backwards

2723

01:38:34,790 --> 01:38:33,520

left or right or up and down and within

2724

01:38:36,950 --> 01:38:34,800

that i can navigate within a

2725

01:38:38,790 --> 01:38:36,960

three-dimensional space

2726
01:38:40,709 --> 01:38:38,800
but imagine if you could shrink and you

2727
01:38:42,550 --> 01:38:40,719
could get smaller and just pull in

2728
01:38:44,550 --> 01:38:42,560
you're not going up or down left to

2729
01:38:46,390 --> 01:38:44,560
right you're actually going in well

2730
01:38:48,070 --> 01:38:46,400
that's another dimension that's another

2731
01:38:49,669 --> 01:38:48,080
example of what it would be like if you

2732
01:38:51,830 --> 01:38:49,679
could go into

2733
01:38:53,910 --> 01:38:51,840
another dimension it is a dimension we

2734
01:38:55,189 --> 01:38:53,920
can't experience it because we are flesh

2735
01:38:57,350 --> 01:38:55,199
and blood and you can't really shrink

2736
01:38:59,510 --> 01:38:57,360
yourself but but that's an example right

2737
01:39:00,390 --> 01:38:59,520
getting into the very very small

2738
01:39:01,910 --> 01:39:00,400

um

2739

01:39:03,910 --> 01:39:01,920

so we know that there's

2740

01:39:05,910 --> 01:39:03,920

we see it in in

2741

01:39:08,470 --> 01:39:05,920

in physics models all the time quantum

2742

01:39:10,070 --> 01:39:08,480

physics uh string theory these other

2743

01:39:12,390 --> 01:39:10,080

these other um

2744

01:39:13,350 --> 01:39:12,400

ideas in in science

2745

01:39:15,430 --> 01:39:13,360

so

2746

01:39:17,430 --> 01:39:15,440

uh you know a lot of scientists have

2747

01:39:19,669 --> 01:39:17,440

have even discussed possibly the notion

2748

01:39:21,750 --> 01:39:19,679

of gravity the reason why it's so weak

2749

01:39:23,910 --> 01:39:21,760

is because it actually exists

2750

01:39:25,510 --> 01:39:23,920

much stronger in another dimension we're

2751

01:39:27,430 --> 01:39:25,520

getting this right

2752

01:39:29,990 --> 01:39:27,440

or bleeding effect and so

2753

01:39:31,189 --> 01:39:30,000

you know it's it's not that hard to say

2754

01:39:33,270 --> 01:39:31,199

well you know

2755

01:39:35,750 --> 01:39:33,280

it may not even be some phenomena may

2756

01:39:37,430 --> 01:39:35,760

not even be related to to another planet

2757

01:39:39,350 --> 01:39:37,440

it could be

2758

01:39:41,430 --> 01:39:39,360

another dimension of some sort and again

2759

01:39:43,109 --> 01:39:41,440

i want to be careful not to sound too

2760

01:39:45,750 --> 01:39:43,119

too woo here right now we're just having

2761

01:39:47,430 --> 01:39:45,760

a mental exercise you and i and your

2762

01:39:49,030 --> 01:39:47,440

audience but but there's a lot of

2763

01:39:50,229 --> 01:39:49,040

possibilities we got to be careful that

2764

01:39:54,149 --> 01:39:50,239

we don't just

2765

01:39:56,790 --> 01:39:54,159

artificially uh or prematurely uh negate

2766

01:39:58,229 --> 01:39:56,800

one and say well that sounds silly

2767

01:39:59,590 --> 01:39:58,239

all options really have to be on the

2768

01:40:00,550 --> 01:39:59,600

table until they're not on the table

2769

01:40:03,510 --> 01:40:00,560

anymore

2770

01:40:05,910 --> 01:40:03,520

yes um since i started the show i

2771

01:40:08,229 --> 01:40:05,920

remember i think it's even on this on my

2772

01:40:10,310 --> 01:40:08,239

website somewhere well i'll say that the

2773

01:40:11,990 --> 01:40:10,320

government probably knows more about it

2774

01:40:14,470 --> 01:40:12,000

than we do but they probably don't know

2775

01:40:17,030 --> 01:40:14,480

what it is and that i wrote that back in

2776

01:40:19,189 --> 01:40:17,040

2011.

2777

01:40:20,629 --> 01:40:19,199

i think that's a fair assessment i think

2778

01:40:22,390 --> 01:40:20,639

i think you're right

2779

01:40:23,750 --> 01:40:22,400

and that's their lies part of the rub

2780

01:40:25,990 --> 01:40:23,760

part of the problem right because we pay

2781

01:40:27,189 --> 01:40:26,000

our we pay it we pay our government to

2782

01:40:29,669 --> 01:40:27,199

have answers

2783

01:40:31,669 --> 01:40:29,679

and in some cases they

2784

01:40:33,669 --> 01:40:31,679

they don't

2785

01:40:35,030 --> 01:40:33,679

yeah here's a here's something i've

2786

01:40:37,189 --> 01:40:35,040

always i thought

2787

01:40:38,550 --> 01:40:37,199

this question came in i forget how i

2788

01:40:39,990 --> 01:40:38,560

think it was twitter

2789

01:40:41,669 --> 01:40:40,000

do you believe that there's some truth

2790

01:40:43,590 --> 01:40:41,679

in the theory that the government has

2791

01:40:46,470 --> 01:40:43,600

possibly worked with some people on

2792

01:40:49,830 --> 01:40:46,480

hollywood to inject into some movies and

2793

01:40:52,550 --> 01:40:49,840

tv some real-life ufo information to get

2794

01:40:55,830 --> 01:40:52,560

the public into a mindset uh kind of

2795

01:40:57,990 --> 01:40:55,840

accepting the future of of what we may

2796

01:40:59,270 --> 01:40:58,000

find out when it comes to ufos

2797

01:41:01,030 --> 01:40:59,280

well i think it's it's certainly a

2798

01:41:03,189 --> 01:41:01,040

possibility you know hollywood has a

2799

01:41:04,709 --> 01:41:03,199

long-standing relationship with the us

2800

01:41:06,790 --> 01:41:04,719

government always has

2801

01:41:08,310 --> 01:41:06,800

whether it's in time of war or not um

2802

01:41:10,070 --> 01:41:08,320

you will see a cooperation between

2803

01:41:11,750 --> 01:41:10,080

hollywood and the us government a lot of

2804

01:41:13,910 --> 01:41:11,760

times when people watch a movie

2805

01:41:16,310 --> 01:41:13,920

uh and they see a big aircraft carrier

2806

01:41:17,270 --> 01:41:16,320

which a big bunch of planes like top gun

2807

01:41:18,950 --> 01:41:17,280

where do you think they're getting those

2808

01:41:21,030 --> 01:41:18,960

planes from well they're getting them

2809

01:41:23,030 --> 01:41:21,040

from the us government the government is

2810

01:41:25,669 --> 01:41:23,040

allowing them to film on aircraft

2811

01:41:28,709 --> 01:41:25,679

carriers and u.s equities military

2812

01:41:30,950 --> 01:41:28,719

equities um and there's a kind of a bit

2813

01:41:32,950 --> 01:41:30,960

of a quid pro quo where they say look

2814

01:41:34,709 --> 01:41:32,960

you make a good movie and show the

2815

01:41:36,950 --> 01:41:34,719

department of defense in a bright good

2816

01:41:39,350 --> 01:41:36,960

light or the navy or the army and you

2817

01:41:42,709 --> 01:41:39,360

know we'll we'll we'll kick in some some

2818

01:41:44,629 --> 01:41:42,719

equipment for you to film and whatnot

2819

01:41:46,950 --> 01:41:44,639

that's that relationship has been around

2820

01:41:50,310 --> 01:41:46,960

a long time in fact if you go down

2821

01:41:51,430 --> 01:41:50,320

uh the e corridor of the pentagon uh you

2822

01:41:53,510 --> 01:41:51,440

go through the main entrance of the

2823

01:41:55,270 --> 01:41:53,520

pentagon where the visitors go and then

2824

01:41:57,669 --> 01:41:55,280

go down and turn right

2825

01:42:00,390 --> 01:41:57,679

uh and go down the public affairs uh

2826
01:42:02,310 --> 01:42:00,400
corridor where the pao offices you will

2827
01:42:04,310 --> 01:42:02,320
see a lot of hollywood posters up there

2828
01:42:06,950 --> 01:42:04,320
and you will see a lot of pictures with

2829
01:42:09,189 --> 01:42:06,960
hollywood stars and whatnot

2830
01:42:10,950 --> 01:42:09,199
uh the uso is a prime example where we

2831
01:42:14,149 --> 01:42:10,960
have an existing relationship with

2832
01:42:15,430 --> 01:42:14,159
hollywood where we work with it now um

2833
01:42:18,790 --> 01:42:15,440
let's go back to your question about

2834
01:42:21,750 --> 01:42:18,800
ufos or uaps in this particular case

2835
01:42:24,870 --> 01:42:21,760
i was absolutely dumbfounded the first

2836
01:42:26,310 --> 01:42:24,880
time i saw the movie uh close encounters

2837
01:42:27,430 --> 01:42:26,320
of the third kind and let me preface

2838
01:42:29,030 --> 01:42:27,440

this

2839

01:42:30,470 --> 01:42:29,040

i saw it

2840

01:42:33,030 --> 01:42:30,480

i never saw it before i got into

2841

01:42:35,430 --> 01:42:33,040

anything it was it was well well-lit in

2842

01:42:37,430 --> 01:42:35,440

fact my wife and right she's a fan of of

2843

01:42:38,790 --> 01:42:37,440

uh steven spielberg and she said you

2844

01:42:40,149 --> 01:42:38,800

need to watch this movie i'm like yeah i

2845

01:42:41,750 --> 01:42:40,159

don't watch

2846

01:42:43,669 --> 01:42:41,760

alien ufo movie that's the last thing i

2847

01:42:45,430 --> 01:42:43,679

want to do i want to relax right

2848

01:42:46,709 --> 01:42:45,440

and she's like no no you you really need

2849

01:42:49,590 --> 01:42:46,719

to see this

2850

01:42:50,870 --> 01:42:49,600

and i was dumbfounded on on some of the

2851

01:42:52,229 --> 01:42:50,880

performance characteristics and

2852

01:42:53,430 --> 01:42:52,239

descriptions of some of these crap

2853

01:42:55,669 --> 01:42:53,440

because they were like right out of an

2854

01:42:57,590 --> 01:42:55,679

atic book couldn't believe it and it

2855

01:43:01,430 --> 01:42:57,600

turns out that jacques valley and a few

2856

01:43:03,350 --> 01:43:01,440

others and alec as we know heinek um

2857

01:43:05,910 --> 01:43:03,360

were were providing

2858

01:43:09,430 --> 01:43:05,920

uh steven spielberg um

2859

01:43:11,669 --> 01:43:09,440

if you will the the the requisite or

2860

01:43:13,109 --> 01:43:11,679

necessary advice and assistance

2861

01:43:14,950 --> 01:43:13,119

to make that movie but when you see

2862

01:43:16,390 --> 01:43:14,960

these objects going up and then doing

2863

01:43:18,790 --> 01:43:16,400

right angle turns where you see them

2864

01:43:21,350 --> 01:43:18,800

splitting off into a into three three

2865

01:43:23,669 --> 01:43:21,360

different uh formation of like a like a

2866

01:43:25,669 --> 01:43:23,679

triangle um you see the descriptions of

2867

01:43:28,149 --> 01:43:25,679

the size and the shape and in some cases

2868

01:43:30,629 --> 01:43:28,159

the sound and the biological effects

2869

01:43:32,790 --> 01:43:30,639

where richard dreyfuss now has this half

2870

01:43:35,510 --> 01:43:32,800

sunburn um

2871

01:43:38,149 --> 01:43:35,520

that is really accurate you know someone

2872

01:43:40,950 --> 01:43:38,159

was talking to steven spielberg who

2873

01:43:43,430 --> 01:43:40,960

definitely had some inside information

2874

01:43:45,430 --> 01:43:43,440

on the topic for sure and beyond just an

2875

01:43:46,950 --> 01:43:45,440

enthusiast or just beyond a hobbyist

2876

01:43:48,149 --> 01:43:46,960

because there was if you know what

2877

01:43:49,430 --> 01:43:48,159

you're looking for

2878

01:43:52,390 --> 01:43:49,440

you know there were some some pretty

2879

01:43:54,709 --> 01:43:52,400

significant classified reports that were

2880

01:43:57,109 --> 01:43:54,719

substantiating what you what you see in

2881

01:43:58,390 --> 01:43:57,119

this in this hollywood movie

2882

01:44:01,189 --> 01:43:58,400

that must have been really something

2883

01:44:02,870 --> 01:44:01,199

else uh when you were watching that with

2884

01:44:04,709 --> 01:44:02,880

what you knew at the time the

2885

01:44:06,550 --> 01:44:04,719

revelations uh

2886

01:44:07,590 --> 01:44:06,560

now have you ever

2887

01:44:09,830 --> 01:44:07,600

seen

2888

01:44:12,070 --> 01:44:09,840

anything that you can talk about that

2889

01:44:14,790 --> 01:44:12,080

had anything to do with time

2890

01:44:17,270 --> 01:44:14,800

manipulation that seems to come up quite

2891

01:44:19,750 --> 01:44:17,280

a bit in people i talk to the

2892

01:44:22,470 --> 01:44:19,760

possibility of it

2893

01:44:23,910 --> 01:44:22,480

yeah we're we we're exploring that we

2894

01:44:25,990 --> 01:44:23,920

have to be very careful with that

2895

01:44:28,070 --> 01:44:26,000

because we we right now don't even

2896

01:44:30,550 --> 01:44:28,080

understand time very well

2897

01:44:33,590 --> 01:44:30,560

right um yeah and so

2898

01:44:34,870 --> 01:44:33,600

you know what what what is time uh we we

2899

01:44:36,870 --> 01:44:34,880

tend to

2900

01:44:38,950 --> 01:44:36,880

experience it in a linear fashion but in

2901

01:44:40,550 --> 01:44:38,960

reality times times a little more

2902

01:44:42,870 --> 01:44:40,560

complicated than that

2903

01:44:44,149 --> 01:44:42,880

and there have been uh i want to be

2904

01:44:45,590 --> 01:44:44,159

really careful what i say because

2905

01:44:47,669 --> 01:44:45,600

there's some individuals to protect

2906

01:44:49,350 --> 01:44:47,679

their identities but there was some very

2907

01:44:51,189 --> 01:44:49,360

compelling information that was provided

2908

01:44:53,750 --> 01:44:51,199

to us while we were in atip

2909

01:44:55,430 --> 01:44:53,760

that led us to believe that that the way

2910

01:44:58,950 --> 01:44:55,440

we perceive time

2911

01:45:00,870 --> 01:44:58,960

um may not necessarily be universal that

2912

01:45:02,950 --> 01:45:00,880

uh if you get close to a particular

2913

01:45:06,070 --> 01:45:02,960

technology

2914

01:45:08,149 --> 01:45:06,080

the way you experience time is relative

2915

01:45:09,910 --> 01:45:08,159

uh and that's about all i'm prepared to

2916

01:45:13,430 --> 01:45:09,920

go into right now

2917

01:45:14,830 --> 01:45:13,440

uh it is it is important uh it is um it

2918

01:45:18,390 --> 01:45:14,840

is certainly

2919

01:45:21,669 --> 01:45:18,400

a an aspect of this topic

2920

01:45:23,830 --> 01:45:21,679

uh that should not be ignored and and

2921

01:45:25,750 --> 01:45:23,840

people are are looking into it there's a

2922

01:45:28,790 --> 01:45:25,760

lot of theories

2923

01:45:31,189 --> 01:45:28,800

out there that explain um why people may

2924

01:45:32,790 --> 01:45:31,199

perceive time differently and experience

2925

01:45:36,550 --> 01:45:32,800

time differently

2926

01:45:38,950 --> 01:45:36,560

um but we'll just have to wait and see

2927

01:45:40,149 --> 01:45:38,960

yeah i mean that that could also be part

2928

01:45:42,950 --> 01:45:40,159

of travel

2929

01:45:44,709 --> 01:45:42,960

too i mean the space time you know

2930

01:45:45,590 --> 01:45:44,719

uh and all that uh

2931

01:45:47,510 --> 01:45:45,600

here's

2932

01:45:49,590 --> 01:45:47,520

i maybe you'll understand this one how

2933

01:45:51,510 --> 01:45:49,600

did j stratton obtain the videos

2934

01:45:54,709 --> 01:45:51,520

directly from the fleet or squadron

2935

01:45:56,830 --> 01:45:54,719

squadron then pass them along to navy

2936

01:45:58,550 --> 01:45:56,840

air or navair

2937

01:46:00,149 --> 01:45:58,560

uh i am about that question i know

2938

01:46:02,470 --> 01:46:00,159

exactly what you mean by that i i'm not

2939

01:46:04,310 --> 01:46:02,480

at liberty to discuss uh

2940

01:46:06,550 --> 01:46:04,320

anything involving mr stratton just like

2941

01:46:08,870 --> 01:46:06,560

i did not involve uh have any discussion

2942

01:46:12,470 --> 01:46:08,880

previously about uh jim lakatsky i kept

2943

01:46:14,229 --> 01:46:12,480

his his identity uh private and for for

2944

01:46:16,390 --> 01:46:14,239

a long time confidential because he

2945

01:46:18,310 --> 01:46:16,400

asked me to until he decided to come out

2946

01:46:20,070 --> 01:46:18,320

publicly i am certainly not going to

2947

01:46:21,830 --> 01:46:20,080

speak on behalf of mr stratton or what

2948

01:46:24,629 --> 01:46:21,840

his role was uh

2949

01:46:26,550 --> 01:46:24,639

uh or if any in this effort um that's

2950

01:46:28,070 --> 01:46:26,560

for him to have that conversation

2951

01:46:31,430 --> 01:46:28,080

um great question

2952

01:46:33,270 --> 01:46:31,440

but um i'm i'm not prepared to to to

2953

01:46:35,590 --> 01:46:33,280

answer that question at this time i i

2954

01:46:36,790 --> 01:46:35,600

don't i simply

2955

01:46:45,830 --> 01:46:36,800

i

2956

01:46:51,270 --> 01:46:45,840

that

2957

01:46:52,950 --> 01:46:51,280

people are asking you the question is i

2958

01:46:55,270 --> 01:46:52,960

know you mentioned or someone i think

2959

01:46:56,950 --> 01:46:55,280

you were on some news channel maybe with

2960

01:46:58,790 --> 01:46:56,960

tucker carlson or something and he was

2961

01:47:01,830 --> 01:46:58,800

trying to get out of you

2962

01:47:02,790 --> 01:47:01,840

um about crash retrieval

2963

01:47:04,870 --> 01:47:02,800

um

2964

01:47:07,189 --> 01:47:04,880

you probably all said as much as you can

2965

01:47:08,709 --> 01:47:07,199

say about that is that is that right at

2966

01:47:11,510 --> 01:47:08,719

this point

2967

01:47:14,550 --> 01:47:11,520

um that that's true i'll let me see if i

2968

01:47:18,310 --> 01:47:14,560

can be as as clear as possible

2969

01:47:19,990 --> 01:47:18,320

i am not at liberty to discuss

2970

01:47:23,990 --> 01:47:20,000

any details

2971

01:47:25,750 --> 01:47:24,000

involving alleged uh crash retrieval um

2972

01:47:27,109 --> 01:47:25,760

and i i have to honor that and i have to

2973

01:47:30,229 --> 01:47:27,119

respect that

2974

01:47:32,870 --> 01:47:30,239

sure okay um so here's a question here i

2975

01:47:34,870 --> 01:47:32,880

can actually pull this one up um if you

2976

01:47:36,550 --> 01:47:34,880

let's say you could change some type of

2977

01:47:42,070 --> 01:47:36,560

law

2978

01:47:43,189 --> 01:47:42,080

would be more effective to uh disclosure

2979

01:47:45,910 --> 01:47:43,199

process

2980

01:47:47,750 --> 01:47:45,920

i would offer immediate amnesty uh for a

2981

01:47:50,149 --> 01:47:47,760

period of six months to a year

2982

01:47:51,750 --> 01:47:50,159

to anybody involved in legacy efforts to

2983

01:47:54,709 --> 01:47:51,760

come forward and begin having this

2984

01:47:57,830 --> 01:47:54,719

conversation now in fact yesterday

2985

01:47:59,910 --> 01:47:57,840

uh with the uh with the task force uh

2986

01:48:02,470 --> 01:47:59,920

well with replacement and some of my

2987

01:48:04,310 --> 01:48:02,480

colleagues in washington and also to

2988

01:48:06,229 --> 01:48:04,320

congress members of congress i would

2989

01:48:09,109 --> 01:48:06,239

offer them some sort of amnesty to say

2990

01:48:11,430 --> 01:48:09,119

look um you have a short window

2991

01:48:13,750 --> 01:48:11,440

to to tell us what you know and what you

2992

01:48:15,109 --> 01:48:13,760

learned uh in turn we will continue to

2993

01:48:16,390 --> 01:48:15,119

protect the information we'll continue

2994

01:48:19,430 --> 01:48:16,400

to protect you

2995

01:48:21,030 --> 01:48:19,440

um but uh there's a shelf life and if a

2996

01:48:23,189 --> 01:48:21,040

year from now you don't take us up on

2997

01:48:24,950 --> 01:48:23,199

that and i find out you've been hiding

2998

01:48:26,629 --> 01:48:24,960

information

2999

01:48:29,030 --> 01:48:26,639

we're coming after you you're gonna have

3000

01:48:31,590 --> 01:48:29,040

some some some serious explaining to do

3001
01:48:32,390 --> 01:48:31,600
and potentially be prosecuted so

3002
01:48:35,830 --> 01:48:32,400
that's

3003
01:48:36,550 --> 01:48:35,840
opportunity and then maybe another thing

3004
01:48:41,750 --> 01:48:36,560
is

3005
01:48:43,510 --> 01:48:41,760
do open hearings with congress

3006
01:48:45,430 --> 01:48:43,520
let the american people know

3007
01:48:46,870 --> 01:48:45,440
bring it out and say okay all you people

3008
01:48:48,149 --> 01:48:46,880
who have non-disclosure agreements right

3009
01:48:49,270 --> 01:48:48,159
now

3010
01:48:51,030 --> 01:48:49,280
nomas

3011
01:48:53,510 --> 01:48:51,040
you are hereby allowed to have this

3012
01:48:55,109 --> 01:48:53,520
conversation with us and the american

3013
01:48:57,270 --> 01:48:55,119

people and

3014

01:48:59,270 --> 01:48:57,280

cut us loose

3015

01:49:00,950 --> 01:48:59,280

wouldn't that be something

3016

01:49:03,109 --> 01:49:00,960

that would that would certainly

3017

01:49:05,109 --> 01:49:03,119

really move forward um

3018

01:49:06,790 --> 01:49:05,119

this question also

3019

01:49:08,550 --> 01:49:06,800

uh you know you think of if there's

3020

01:49:10,950 --> 01:49:08,560

possible crash

3021

01:49:13,830 --> 01:49:10,960

data i mean again if you know something

3022

01:49:16,310 --> 01:49:13,840

about this is can i just say are there

3023

01:49:18,229 --> 01:49:16,320

rumors that there's biological data out

3024

01:49:20,550 --> 01:49:18,239

there

3025

01:49:23,589 --> 01:49:20,560

look you saw in the law right biological

3026

01:49:27,589 --> 01:49:23,599

effects uh need i say more

3027

01:49:28,790 --> 01:49:27,599

um i i cannot go into any

3028

01:49:30,629 --> 01:49:28,800

details

3029

01:49:32,070 --> 01:49:30,639

any more than i already have

3030

01:49:33,830 --> 01:49:32,080

uh but

3031

01:49:35,270 --> 01:49:33,840

you know hey look it's kind of obvious

3032

01:49:38,310 --> 01:49:35,280

right it's in law

3033

01:49:41,030 --> 01:49:38,320

biological effects uh you know

3034

01:49:43,669 --> 01:49:41,040

what does that tell you

3035

01:49:45,030 --> 01:49:43,679

yeah yeah um and also about and all by

3036

01:49:47,990 --> 01:49:45,040

the way also about

3037

01:49:50,390 --> 01:49:48,000

material right and and

3038

01:49:53,430 --> 01:49:50,400

getting a quick reaction force the qrf

3039

01:49:55,669 --> 01:49:53,440

team to to go out and and collect

3040

01:49:57,830 --> 01:49:55,679

stuff that's that's in the law so that's

3041

01:50:00,870 --> 01:49:57,840

not lou alexander telling you that's

3042

01:50:02,550 --> 01:50:00,880

that's that's that's a law

3043

01:50:04,790 --> 01:50:02,560

okay it said that you're getting really

3044

01:50:06,229 --> 01:50:04,800

really this is another question up there

3045

01:50:08,310 --> 01:50:06,239

you're getting really really close to

3046

01:50:09,830 --> 01:50:08,320

disclosure can you be more specific what

3047

01:50:11,910 --> 01:50:09,840

do you mean exactly hearings the

3048

01:50:13,430 --> 01:50:11,920

president telling the people

3049

01:50:16,310 --> 01:50:13,440

you have it you already have disclosure

3050

01:50:18,709 --> 01:50:16,320

guys it's here you have two former

3051

01:50:20,390 --> 01:50:18,719

directors of the cia a former director

3052

01:50:22,229 --> 01:50:20,400

of national intelligence ascending

3053

01:50:24,070 --> 01:50:22,239

director of national intelligence two

3054

01:50:26,550 --> 01:50:24,080

former presidents of the united states

3055

01:50:28,870 --> 01:50:26,560

and now law saying it's real

3056

01:50:30,310 --> 01:50:28,880

it's it's here you have the disclosure

3057

01:50:31,750 --> 01:50:30,320

you've been waiting for

3058

01:50:33,510 --> 01:50:31,760

if you're looking for a president to

3059

01:50:35,669 --> 01:50:33,520

come out and say it after otherwise i've

3060

01:50:37,990 --> 01:50:35,679

already said it

3061

01:50:40,550 --> 01:50:38,000

you don't need it it's it's you have it

3062

01:50:42,550 --> 01:50:40,560

so let's let's i think the time has come

3063

01:50:44,669 --> 01:50:42,560

to move on from that we we have

3064

01:50:47,350 --> 01:50:44,679

disclosure what we don't have is

3065

01:50:48,870 --> 01:50:47,360

transparency yet so i think we need to

3066

01:50:50,390 --> 01:50:48,880

start moving from

3067

01:50:52,310 --> 01:50:50,400

when is disclosure going to happen it

3068

01:50:53,830 --> 01:50:52,320

already happened it happened this last

3069

01:50:56,149 --> 01:50:53,840

year congratulations pat yourself on the

3070

01:50:56,950 --> 01:50:56,159

back you did it you got what you wanted

3071

01:50:58,790 --> 01:50:56,960

but

3072

01:51:01,510 --> 01:50:58,800

it's not enough right now now we want to

3073

01:51:04,229 --> 01:51:01,520

know more so so i think we need to now

3074

01:51:06,229 --> 01:51:04,239

move the conversation from disclosure

3075

01:51:07,189 --> 01:51:06,239

and now move it to another thing if

3076

01:51:09,109 --> 01:51:07,199

you're waiting for the present to say

3077

01:51:10,950 --> 01:51:09,119

yeah haha laughs on you actually we've

3078

01:51:12,229 --> 01:51:10,960

always known about this and here's what

3079

01:51:13,109 --> 01:51:12,239

we know you're not going to get it

3080

01:51:14,790 --> 01:51:13,119

because there's some presents that

3081

01:51:16,709 --> 01:51:14,800

weren't even informed of themselves

3082

01:51:18,790 --> 01:51:16,719

there were presidents in our own country

3083

01:51:20,229 --> 01:51:18,800

that were not brief to this topic so if

3084

01:51:21,510 --> 01:51:20,239

you're expecting a president that never

3085

01:51:23,430 --> 01:51:21,520

received a briefing on this all of a

3086

01:51:24,709 --> 01:51:23,440

sudden come out and give you a briefing

3087

01:51:25,990 --> 01:51:24,719

it's not going to happen the people

3088

01:51:27,510 --> 01:51:26,000

who've been briefed have already come

3089

01:51:29,109 --> 01:51:27,520

out and told you look i've been briefed

3090

01:51:30,629 --> 01:51:29,119

we know it's real we don't know what it

3091

01:51:32,070 --> 01:51:30,639

is so

3092

01:51:35,030 --> 01:51:32,080

now comes the hard part let's have that

3093

01:51:36,709 --> 01:51:35,040

conversation okay we got disclosure

3094

01:51:39,270 --> 01:51:36,719

but we don't yet have

3095

01:51:41,430 --> 01:51:39,280

confirmation or transparency that's what

3096

01:51:44,790 --> 01:51:41,440

we need to move towards now

3097

01:51:46,629 --> 01:51:44,800

in my opinion this this question up here

3098

01:51:48,870 --> 01:51:46,639

and i i would answer this question

3099

01:51:50,470 --> 01:51:48,880

myself and say i don't think so

3100

01:51:51,910 --> 01:51:50,480

do you personally feel that anyone

3101

01:51:53,990 --> 01:51:51,920

directly involved with the 70-year

3102

01:51:55,990 --> 01:51:54,000

cover-up will be jailed but

3103

01:51:57,510 --> 01:51:56,000

the reason i put this question

3104

01:51:59,669 --> 01:51:57,520

up there is

3105

01:52:00,870 --> 01:51:59,679

there would be a lot of explaining to do

3106

01:52:03,510 --> 01:52:00,880

wouldn't there

3107

01:52:05,189 --> 01:52:03,520

if there was a cover-up all this time

3108

01:52:07,109 --> 01:52:05,199

oh yeah

3109

01:52:08,470 --> 01:52:07,119

yeah the big question is why

3110

01:52:09,990 --> 01:52:08,480

and who gave you the authority to keep

3111

01:52:11,189 --> 01:52:10,000

it from the american people i mean

3112

01:52:13,109 --> 01:52:11,199

there's some very

3113

01:52:14,629 --> 01:52:13,119

significant reasons why i can if you

3114

01:52:16,390 --> 01:52:14,639

want me to explore anecdotally real

3115

01:52:17,589 --> 01:52:16,400

quick with you but you know i've said

3116

01:52:20,310 --> 01:52:17,599

this before

3117

01:52:22,390 --> 01:52:20,320

let me ask you this martin um

3118

01:52:25,109 --> 01:52:22,400

potential three three options right

3119

01:52:26,790 --> 01:52:25,119

they're benevolent uh they're malevolent

3120

01:52:28,229 --> 01:52:26,800

or they're like us kind of in the middle

3121

01:52:29,430 --> 01:52:28,239

can do good or bad

3122

01:52:31,350 --> 01:52:29,440

um

3123

01:52:32,629 --> 01:52:31,360

let's let's talk about benevolence right

3124

01:52:33,990 --> 01:52:32,639

oh they're here to help us and they're

3125

01:52:36,550 --> 01:52:34,000

here to stop us from from hurting

3126

01:52:39,510 --> 01:52:36,560

ourselves well

3127

01:52:40,950 --> 01:52:39,520

during 1945 we vaporized 500 000 human

3128

01:52:42,870 --> 01:52:40,960

beings off the face of this planet with

3129

01:52:45,430 --> 01:52:42,880

a dropping of two atomic bombs hiroshima

3130

01:52:47,189 --> 01:52:45,440

nagasaki nowhere did uaps stop that in

3131

01:52:49,430 --> 01:52:47,199

fact nowhere in uap stop world war ii

3132

01:52:50,629 --> 01:52:49,440

korean war vietnam or anything else they

3133

01:52:51,750 --> 01:52:50,639

haven't stopped kobe they haven't

3134

01:52:53,910 --> 01:52:51,760

stopped world hunger they haven't

3135

01:52:55,510 --> 01:52:53,920

stopped ukraine so the question is is

3136

01:52:56,709 --> 01:52:55,520

there any information to substantiate

3137

01:52:58,470 --> 01:52:56,719

that these things are here to help us

3138

01:53:00,790 --> 01:52:58,480

well right now there's not not from a

3139

01:53:02,229 --> 01:53:00,800

national security perspective anyways so

3140

01:53:03,990 --> 01:53:02,239

you know

3141

01:53:05,750 --> 01:53:04,000

say that for somebody else so the real

3142

01:53:07,830 --> 01:53:05,760

question is okay if they're not here for

3143

01:53:09,270 --> 01:53:07,840

benevolent reasons are they here to hurt

3144

01:53:11,990 --> 01:53:09,280

us or are they here kind of like us to

3145

01:53:13,750 --> 01:53:12,000

observe and maybe not interfere well

3146

01:53:15,510 --> 01:53:13,760

that's possible but from a national

3147

01:53:17,189 --> 01:53:15,520

security perspective

3148

01:53:19,030 --> 01:53:17,199

when we go into a country and we're

3149

01:53:20,709 --> 01:53:19,040

doing let's say long-range surveillance

3150

01:53:22,149 --> 01:53:20,719

right and i send an alerts team to go do

3151
01:53:24,550 --> 01:53:22,159
reconnaissance because we're going to

3152
01:53:26,709 --> 01:53:24,560
invade a country well the moment that

3153
01:53:28,229 --> 01:53:26,719
country finds out that i'm conducting

3154
01:53:31,109 --> 01:53:28,239
reconnaissance

3155
01:53:33,350 --> 01:53:31,119
into their borders the jig is up i now

3156
01:53:35,430 --> 01:53:33,360
have to go i have to invade i have to

3157
01:53:38,229 --> 01:53:35,440
attack because the element of surprise

3158
01:53:40,070 --> 01:53:38,239
is over so let's just say hypothetically

3159
01:53:41,910 --> 01:53:40,080
way just remote possibility that

3160
01:53:43,750 --> 01:53:41,920
whatever's out there is planning to come

3161
01:53:45,030 --> 01:53:43,760
here in 50 years just

3162
01:53:46,950 --> 01:53:45,040
let's just say

3163
01:53:48,709 --> 01:53:46,960

but the moment that the american people

3164

01:53:50,229 --> 01:53:48,719

find out it's real

3165

01:53:51,990 --> 01:53:50,239

and by the way the american government

3166

01:53:53,270 --> 01:53:52,000

acknowledges the world acknowledges it

3167

01:53:55,430 --> 01:53:53,280

right

3168

01:53:57,270 --> 01:53:55,440

now whatever may happen in 50 years now

3169

01:53:59,750 --> 01:53:57,280

happens it has to happen tomorrow and by

3170

01:54:03,109 --> 01:53:59,760

the way we don't have any type of way to

3171

01:54:05,669 --> 01:54:03,119

to to counteract it or to neutralize it

3172

01:54:07,750 --> 01:54:05,679

or to exploit it we don't there's not a

3173

01:54:09,750 --> 01:54:07,760

damn thing we can do about it so that's

3174

01:54:11,270 --> 01:54:09,760

not really good from a national security

3175

01:54:13,189 --> 01:54:11,280

perspective that's not really a good

3176

01:54:14,390 --> 01:54:13,199

place you want to be in

3177

01:54:16,229 --> 01:54:14,400

especially when it comes to national

3178

01:54:18,629 --> 01:54:16,239

security because the mere fact of

3179

01:54:20,149 --> 01:54:18,639

telling somebody yes they're here and we

3180

01:54:22,229 --> 01:54:20,159

don't know what what it is and we can't

3181

01:54:24,470 --> 01:54:22,239

do anything about it may actually

3182

01:54:27,270 --> 01:54:24,480

predicate an action you're not ready to

3183

01:54:29,669 --> 01:54:27,280

have yet and so in a very weird kind of

3184

01:54:32,229 --> 01:54:29,679

twisted sort of way it actually may be a

3185

01:54:34,310 --> 01:54:32,239

sense of patriotism that certain people

3186

01:54:35,030 --> 01:54:34,320

have kept this quiet for so long because

3187

01:54:38,310 --> 01:54:35,040

we

3188

01:54:39,990 --> 01:54:38,320

measure and so

3189

01:54:42,390 --> 01:54:40,000

it is the one secret that if you

3190

01:54:44,629 --> 01:54:42,400

acknowledge it exists you could force

3191

01:54:46,229 --> 01:54:44,639

the hand on someone or something to do

3192

01:54:48,310 --> 01:54:46,239

something that you're not prepared to

3193

01:54:50,149 --> 01:54:48,320

have happen yet and so

3194

01:54:51,589 --> 01:54:50,159

it's something to consider now let me

3195

01:54:54,629 --> 01:54:51,599

say for the record i don't agree with

3196

01:54:56,390 --> 01:54:54,639

that okay but i can appreciate that i

3197

01:54:58,470 --> 01:54:56,400

can understand that i can understand

3198

01:55:00,709 --> 01:54:58,480

that somebody who's very patriotic and

3199

01:55:02,550 --> 01:55:00,719

very senior says look the mere fact that

3200

01:55:04,629 --> 01:55:02,560

we have this conversation

3201

01:55:07,189 --> 01:55:04,639

could lead to something that we're we're

3202

01:55:09,510 --> 01:55:07,199

not ready to deal with yet and so

3203

01:55:11,830 --> 01:55:09,520

i get it and again i don't i'm not

3204

01:55:14,310 --> 01:55:11,840

saying i agree with it i'm simply saying

3205

01:55:16,950 --> 01:55:14,320

i can appreciate that and i understand

3206

01:55:19,430 --> 01:55:16,960

it and it's not as you know we it's

3207

01:55:23,189 --> 01:55:19,440

harder to demonize someone if that

3208

01:55:25,030 --> 01:55:23,199

really was their their their motivation

3209

01:55:27,910 --> 01:55:25,040

you know i never thought of that angle

3210

01:55:31,669 --> 01:55:27,920

and i totally i totally understand and i

3211

01:55:33,750 --> 01:55:31,679

appreciate it and glad you glad you uh

3212

01:55:35,910 --> 01:55:33,760

talked about that we are totally out of

3213

01:55:37,830 --> 01:55:35,920

time lou it's been a real pleasure as

3214

01:55:40,310 --> 01:55:37,840

always thank you so much and please

3215

01:55:42,790 --> 01:55:40,320

continue marvin thank you and thank you

3216

01:55:44,470 --> 01:55:42,800

to your wonderful audience thank you for

3217

01:55:46,310 --> 01:55:44,480

for a civil debate and civil

3218

01:55:47,669 --> 01:55:46,320

conversation here ultimately that's what

3219

01:55:49,510 --> 01:55:47,679

this is about

3220

01:55:50,870 --> 01:55:49,520

we can all agree to disagree and i want

3221

01:55:53,030 --> 01:55:50,880

to thank you very much and i also want

3222

01:55:55,030 --> 01:55:53,040

to thank your moderators for allowing

3223

01:55:56,629 --> 01:55:55,040

people to have a voice but at the same

3224

01:55:57,589 --> 01:55:56,639

time remaining respectful with one

3225

01:55:58,870 --> 01:55:57,599

another

3226

01:56:00,229 --> 01:55:58,880

because at the end of the day that's the

3227

01:56:02,070 --> 01:56:00,239

only way we're going to be able to

3228

01:56:03,350 --> 01:56:02,080

really move forward on this topic we've

3229

01:56:06,390 --> 01:56:03,360

got to learn

3230

01:56:08,550 --> 01:56:06,400

to work together and stop letting our

3231

01:56:10,790 --> 01:56:08,560

our pride and our ego

3232

01:56:11,589 --> 01:56:10,800

drive the conversation

3233

01:56:15,030 --> 01:56:11,599

right

3234

01:56:17,510 --> 01:56:15,040

thanks again sir thank you very much

3235

01:56:19,430 --> 01:56:17,520

take care all right bye now

3236

01:56:21,750 --> 01:56:19,440

all right everyone thanks so much for uh

3237

01:56:23,430 --> 01:56:21,760

your participation tonight i'm looking

3238

01:56:26,149 --> 01:56:23,440

all blurry i don't know why now but

3239

01:56:29,430 --> 01:56:26,159

anyway thanks again everyone and we'll

3240

01:56:31,430 --> 01:56:29,440

be back next week with jack brewer and

3241

01:56:34,770 --> 01:56:31,440

remember to keep your eyes to the sky

3242

01:56:44,090 --> 01:56:34,780

and see you next week
