

1
00:00:34,470 --> 00:00:16,100

[Music]

2
00:00:40,549 --> 00:00:37,510

cars lifted up and transported by ufos

3
00:00:42,709 --> 00:00:40,559

by charles lear in the 1950s the first

4
00:00:45,190 --> 00:00:42,719

reports of cars shutting down in the

5
00:00:47,910 --> 00:00:45,200

proximity of ufos started hitting the

6
00:00:50,069 --> 00:00:47,920

news most memorably those from leveling

7
00:00:52,950 --> 00:00:50,079

texas in 1957

8
00:00:55,990 --> 00:00:52,960

then in the 1960s there were reports of

9
00:00:58,470 --> 00:00:56,000

ufos chasing cars sometimes hitting them

10
00:01:00,150 --> 00:00:58,480

and in fair turnabout reports of cars

11
00:01:02,950 --> 00:01:00,160

chasing ufos

12
00:01:05,109 --> 00:01:02,960

things didn't escalate until 1978 when

13
00:01:07,350 --> 00:01:05,119

the first reports came out of ufos

14

00:01:09,270 --> 00:01:07,360

lifting cars up in the air carrying them

15

00:01:11,270 --> 00:01:09,280

for various distances and periods of

16

00:01:14,390 --> 00:01:11,280

time and then returning them to the

17

00:01:16,149 --> 00:01:14,400

ground in 1978 alone there were four

18

00:01:18,550 --> 00:01:16,159

reports that this writer was able to

19

00:01:20,630 --> 00:01:18,560

find the first of these occurred in july

20

00:01:22,630 --> 00:01:20,640

of that year and is described on the

21

00:01:24,789 --> 00:01:22,640

website of the missouri investigators

22

00:01:27,270 --> 00:01:24,799

group according to the report there was

23

00:01:30,710 --> 00:01:27,280

a ufo flap in ellsbury missouri at the

24

00:01:32,310 --> 00:01:30,720

time on july 27th mrs clara wincher was

25

00:01:34,469 --> 00:01:32,320

driving towards her home in arnold

26

00:01:37,190 --> 00:01:34,479

missouri after visiting her brother in

27

00:01:39,190 --> 00:01:37,200

beaufort at around 12 30 a.m she was

28

00:01:40,469 --> 00:01:39,200

coming out of union missouri when she

29

00:01:42,630 --> 00:01:40,479

saw what she thought was a

30

00:01:45,030 --> 00:01:42,640

tractor-trailer coming straight at her

31

00:01:47,350 --> 00:01:45,040

as she braced for impact her car filled

32

00:01:49,670 --> 00:01:47,360

up with white light then the rear of her

33

00:01:51,590 --> 00:01:49,680

car was lifted up and she found herself

34

00:01:53,749 --> 00:01:51,600

looking down at the pavement which was

35

00:01:56,469 --> 00:01:53,759

brightly lit the interior of the car

36

00:01:58,389 --> 00:01:56,479

heated up and the windows fogged as this

37

00:02:00,550 --> 00:01:58,399

was happening the car shook violently

38

00:02:02,230 --> 00:02:00,560

and swayed wincher did what she could to

39

00:02:04,310 --> 00:02:02,240

control it and saw that she was

40

00:02:06,389 --> 00:02:04,320

approaching a steel bridge she pressed

41

00:02:08,469 --> 00:02:06,399

down on the accelerator but this of

42

00:02:10,630 --> 00:02:08,479

course only led to her rear wheel

43

00:02:12,550 --> 00:02:10,640

spinning in the air all she could do was

44

00:02:14,869 --> 00:02:12,560

steer towards the center of the bridge

45

00:02:17,430 --> 00:02:14,879

and hope for the best just as she came

46

00:02:19,030 --> 00:02:17,440

to the bridge the car was released she

47

00:02:21,110 --> 00:02:19,040

crossed the bridge and pulled over to

48

00:02:22,949 --> 00:02:21,120

the side to see what sort of damage

49

00:02:24,790 --> 00:02:22,959

might have been done to the car there

50

00:02:27,510 --> 00:02:24,800

seemed to have been no damage but the

51
00:02:29,830 --> 00:02:27,520
next day an examination revealed two

52
00:02:32,070 --> 00:02:29,840
indentations in the trunk lid what was

53
00:02:34,790 --> 00:02:32,080
odd was that there was no cracking in

54
00:02:36,949 --> 00:02:34,800
the paint in or around the indentations

55
00:02:39,190 --> 00:02:36,959
winter drove onto arnold and stopped in

56
00:02:41,190 --> 00:02:39,200
at the police department there to report

57
00:02:43,430 --> 00:02:41,200
what had happened to her the next day

58
00:02:45,509 --> 00:02:43,440
she and her husband drove back to union

59
00:02:47,910 --> 00:02:45,519
to give a report to the union police

60
00:02:51,110 --> 00:02:47,920
department the story was reported in the

61
00:02:53,670 --> 00:02:51,120
july 29 30 st louis missouri globe

62
00:02:55,990 --> 00:02:53,680
democrat in september of that year there

63
00:02:59,350 --> 00:02:56,000

was a case reported in the september

64

00:03:02,229 --> 00:02:59,360

25th 1978 edition of the argentinian

65

00:03:04,550 --> 00:03:02,239

newspaper cronica the case was also

66

00:03:06,869 --> 00:03:04,560

looked into by the institute of hispanic

67

00:03:09,430 --> 00:03:06,879

ufology and is described on the

68

00:03:12,550 --> 00:03:09,440

inexplicata website according to the

69

00:03:15,430 --> 00:03:12,560

inexplica account two chileans carlos

70

00:03:17,670 --> 00:03:15,440

acevedo and miguel angel moya were

71

00:03:20,550 --> 00:03:17,680

participating in the rally de america

72

00:03:22,949 --> 00:03:20,560

del sur when they encountered a ufo

73

00:03:25,270 --> 00:03:22,959

acevedo was at the wheel of their citron

74

00:03:27,830 --> 00:03:25,280

at around 3 a.m they were on their way

75

00:03:31,030 --> 00:03:27,840

to bahaya blanca argentina and as they

76
00:03:33,270 --> 00:03:31,040
reached the area near salitra de agurabo

77
00:03:35,750 --> 00:03:33,280
they saw a bright light coming up behind

78
00:03:37,830 --> 00:03:35,760
them at high speed the inside of the car

79
00:03:40,550 --> 00:03:37,840
was filled with a purple shaded cloudy

80
00:03:42,550 --> 00:03:40,560
yellow light acevedo then realized that

81
00:03:45,350 --> 00:03:42,560
the car was about two meters up in the

82
00:03:47,750 --> 00:03:45,360
air after a few nervous seconds the car

83
00:03:49,750 --> 00:03:47,760
was set back down and the light inside

84
00:03:51,990 --> 00:03:49,760
faded according to the account in

85
00:03:54,470 --> 00:03:52,000
chronica they were set down on the side

86
00:03:56,550 --> 00:03:54,480
of the road the men then watched as what

87
00:03:59,190 --> 00:03:56,560
they described as a truncated cone of

88
00:04:01,429 --> 00:03:59,200

yellow light moved away to the west they

89

00:04:03,589 --> 00:04:01,439

drove on and reached a gas station 15

90

00:04:05,670 --> 00:04:03,599

minutes later in the town of pedro

91

00:04:07,990 --> 00:04:05,680

laurel and asked the attendant for

92

00:04:10,070 --> 00:04:08,000

directions to the local police station

93

00:04:11,190 --> 00:04:10,080

they then looked at their odometer which

94

00:04:14,229 --> 00:04:11,200

should have showed that they had

95

00:04:16,789 --> 00:04:14,239

traveled 127 kilometers but instead

96

00:04:19,990 --> 00:04:16,799

indicated that they had only traveled 52

97

00:04:21,830 --> 00:04:20,000

kilometers also strange was that it took

98

00:04:24,469 --> 00:04:21,840

them just under two and a half hours to

99

00:04:26,710 --> 00:04:24,479

travel the 127 kilometers when it should

100

00:04:28,950 --> 00:04:26,720

have taken them about 1 hour and 15

101

00:04:31,189 --> 00:04:28,960

minutes and the reserve tank which

102

00:04:33,430 --> 00:04:31,199

should have been full was empty in the

103

00:04:35,990 --> 00:04:33,440

chronica account it is mentioned that a

104

00:04:37,510 --> 00:04:36,000

man living near pedro loro went to check

105

00:04:39,749 --> 00:04:37,520

out the spot where the men said their

106

00:04:42,150 --> 00:04:39,759

car had been put down and he saw tracks

107

00:04:44,390 --> 00:04:42,160

leaving the spot but none entering it

108

00:04:47,030 --> 00:04:44,400

one of the most famous cases where a car

109

00:04:48,629 --> 00:04:47,040

was reportedly lifted comes from italy

110

00:04:52,070 --> 00:04:48,639

and was written about by italian

111

00:04:54,870 --> 00:04:52,080

journalist reno di stefano in his 1984

112

00:04:58,070 --> 00:04:54,880

book the semfrata case according to di

113

00:05:00,469 --> 00:04:58,080

stefano in december 1978 pierre

114

00:05:02,230 --> 00:05:00,479

fortunato zanfreda an italian night

115

00:05:04,189 --> 00:05:02,240

watchman who served with the italian

116

00:05:06,950 --> 00:05:04,199

national police force known as the

117

00:05:09,430 --> 00:05:06,960

carabinieri started to report encounters

118

00:05:11,830 --> 00:05:09,440

with strange creatures under hypnosis he

119

00:05:14,230 --> 00:05:11,840

described them this way they are green

120

00:05:16,469 --> 00:05:14,240

with triangular yellow eyes with big

121

00:05:18,469 --> 00:05:16,479

thorns they have green flesh and their

122

00:05:20,390 --> 00:05:18,479

skin is full of wrinkles as if they were

123

00:05:22,310 --> 00:05:20,400

old their mouths look like they're made

124

00:05:24,629 --> 00:05:22,320

of iron they have red veins on their

125

00:05:27,270 --> 00:05:24,639

heads pointed ears and arms with

126
00:05:29,830 --> 00:05:27,280
fingernails with round things they come

127
00:05:32,310 --> 00:05:29,840
from the third galaxy he also reported

128
00:05:34,710 --> 00:05:32,320
that his car was lifted with him in it

129
00:05:37,110 --> 00:05:34,720
up into a spaceship as fantastic as

130
00:05:39,909 --> 00:05:37,120
zenfreda's claims might seem his fellow

131
00:05:41,749 --> 00:05:39,919
carabinieri were repeatedly obligated to

132
00:05:43,830 --> 00:05:41,759
come to his rescue over the next two

133
00:05:46,390 --> 00:05:43,840
years and would find him in a terrified

134
00:05:48,469 --> 00:05:46,400
state in remote areas zemfreda's head

135
00:05:50,790 --> 00:05:48,479
was reported to be hot even when they

136
00:05:52,950 --> 00:05:50,800
found him outside on cold nights the

137
00:05:55,189 --> 00:05:52,960
inside of his car was described as being

138
00:05:56,710 --> 00:05:55,199

like an oven by one officer who drove it

139

00:05:58,550 --> 00:05:56,720

back to the station

140

00:06:01,110 --> 00:05:58,560

to test the validity of zamfreda's

141

00:06:04,550 --> 00:06:01,120

claims two technicians secretly prepared

142

00:06:06,390 --> 00:06:04,560

his assigned car a fiat 127. they hid a

143

00:06:08,629 --> 00:06:06,400

thermometer that would record the

144

00:06:10,710 --> 00:06:08,639

highest temperature and rigged the axles

145

00:06:12,950 --> 00:06:10,720

with cables that would break if the car

146

00:06:15,270 --> 00:06:12,960

was lifted up it wasn't long before

147

00:06:17,110 --> 00:06:15,280

zenfreda had another episode and he was

148

00:06:19,189 --> 00:06:17,120

found on a freezing cold night on the

149

00:06:21,350 --> 00:06:19,199

edge of a gorge when the car was back at

150

00:06:23,830 --> 00:06:21,360

the station the technicians checked the

151
00:06:26,909 --> 00:06:23,840
thermometer and saw it had recorded a

152
00:06:29,430 --> 00:06:26,919
temperature of 43 degrees celsius

153
00:06:31,590 --> 00:06:29,440
109.4 degrees fahrenheit when they

154
00:06:33,350 --> 00:06:31,600
checked the cables they found that all

155
00:06:36,150 --> 00:06:33,360
four of them were broken

156
00:06:39,430 --> 00:06:36,160
finally in the august 31st and september

157
00:06:41,590 --> 00:06:39,440
1st 1978 editions of chronica there is

158
00:06:43,670 --> 00:06:41,600
the story of two men who reported being

159
00:06:46,550 --> 00:06:43,680
lifted up and transported to a strange

160
00:06:49,110 --> 00:06:46,560
city while in their car francisco nunez

161
00:06:52,070 --> 00:06:49,120
and his son also francisco were driving

162
00:06:54,070 --> 00:06:52,080
in argentina from mendoza to loya de

163
00:06:56,550 --> 00:06:54,080

coyo when they were amazed to find

164

00:06:59,029 --> 00:06:56,560

themselves ascending according to them

165

00:07:01,350 --> 00:06:59,039

the ascent was serene the car engine

166

00:07:03,589 --> 00:07:01,360

stopped but the radio continued playing

167

00:07:05,990 --> 00:07:03,599

music they then felt cold and saw a

168

00:07:07,990 --> 00:07:06,000

number of bright red lights soon they

169

00:07:10,230 --> 00:07:08,000

saw a strange reddish city in front of

170

00:07:12,629 --> 00:07:10,240

them with tall joined buildings and a

171

00:07:15,110 --> 00:07:12,639

wide illuminated avenue they saw no

172

00:07:17,510 --> 00:07:15,120

signs of life according to them their

173

00:07:19,990 --> 00:07:17,520

car moved along at a high speed until

174

00:07:22,150 --> 00:07:20,000

the city disappeared from view they then

175

00:07:24,230 --> 00:07:22,160

found themselves back on the road nine

176

00:07:26,629 --> 00:07:24,240

kilometers further on and their engine

177

00:07:28,950 --> 00:07:26,639

restarted they said they felt no fear

178

00:07:31,189 --> 00:07:28,960

during the entire episode according to

179

00:07:33,749 --> 00:07:31,199

the september chronicle when they got

180

00:07:35,909 --> 00:07:33,759

home the senior francisco felt compelled

181

00:07:38,710 --> 00:07:35,919

to wash the car and take a bath because

182

00:07:41,430 --> 00:07:38,720

of old sayings relating to spirits and

183

00:07:51,200 --> 00:07:41,440

the younger francisco didn't bathe as he
