#499

1
00:01:02,790 --> 00:00:25,620

[Music]

2
00:01:06,870 --> 00:01:04,549

hello and welcome to the show i'm martin

3
00:01:09,510 --> 00:01:06,880

willis your host we have a great show

4
00:01:10,550 --> 00:01:09,520

this evening for you in just a minute we

5
00:01:11,590 --> 00:01:10,560

have

6
00:01:13,750 --> 00:01:11,600

ted

7
00:01:16,149 --> 00:01:13,760

rowe this uh he's a uh

8
00:01:18,149 --> 00:01:16,159

special guest that uh kind of last

9
00:01:19,350 --> 00:01:18,159

minute and we're gonna be uh talking

10
00:01:21,109 --> 00:01:19,360

about i'm gonna make things real

11
00:01:23,030 --> 00:01:21,119

confusing for everyone tonight we're

12
00:01:24,550 --> 00:01:23,040

gonna be talking about

13
00:01:26,550 --> 00:01:24,560

narcap

14

00:01:28,310 --> 00:01:26,560

a little bit but no he's got some things

15

00:01:29,910 --> 00:01:28,320

to announce and the only reason i bring

16

00:01:32,789 --> 00:01:29,920

that up is because he's involved with

17

00:01:34,310 --> 00:01:32,799

that but tonight later on the main guest

18

00:01:36,390 --> 00:01:34,320

is jack brewer he's going to be talking

19

00:01:38,630 --> 00:01:36,400

about nycap

20

00:01:42,789 --> 00:01:38,640

and some other things as well

21

00:01:44,069 --> 00:01:42,799

so uh i know all these uh um

22

00:01:46,230 --> 00:01:44,079

all these things we have to keep track

23

00:01:49,270 --> 00:01:46,240

of what means what and all that and uh

24

00:01:50,910 --> 00:01:49,280

so our guest has a great blog called the

25

00:01:53,990 --> 00:01:50,920

ufotrail

26

00:01:55,749 --> 00:01:54,000

blogspot.com and lots of information

27

00:01:57,910 --> 00:01:55,759

over there some people call him a

28

00:01:59,670 --> 00:01:57,920

skeptic i think he's looking at

29

00:02:02,630 --> 00:01:59,680

we can call him a skeptic i'm never shy

30

00:02:04,550 --> 00:02:02,640

away from having a skeptic on the show

31

00:02:06,310 --> 00:02:04,560

i don't particularly like debunkers i

32

00:02:09,029 --> 00:02:06,320

don't call him a debunker but anyway

33

00:02:11,110 --> 00:02:09,039

jack brew is a great guy coming up and i

34

00:02:14,229 --> 00:02:11,120

want to say we have two shows this week

35

00:02:15,830 --> 00:02:14,239

thursday afternoon on youtube and

36

00:02:17,830 --> 00:02:15,840

facebook only

37

00:02:20,550 --> 00:02:17,840

is uh mark olly and he's going to be

38

00:02:22,390 --> 00:02:20,560

talking about crystal skulls which i've

39

00:02:25,670 --> 00:02:22,400

always had a fascination with

40

00:02:27,510 --> 00:02:25,680

uh i went to expo 67 you know i think it

41

00:02:31,110 --> 00:02:27,520

was about 10 years after it was still

42

00:02:32,710 --> 00:02:31,120

open up in quebec canada and i saw a

43

00:02:35,509 --> 00:02:32,720

crystal skull there and i was totally

44

00:02:39,110 --> 00:02:35,519

mesmerized by it and uh some of them

45

00:02:39,830 --> 00:02:39,120

came from mayan ruins i'm not sure um

46

00:02:45,830 --> 00:02:39,840

where

47

00:02:47,830 --> 00:02:45,840

know that there was a hoax out there at

48

00:02:49,910 --> 00:02:47,840

one time uh something supposed to be

49

00:02:52,790 --> 00:02:49,920

ancient anyway check out that's on the

50

00:02:56,550 --> 00:02:52,800

ufo uh i mean it's on our

51
00:02:59,430 --> 00:02:56,560
our uh youtube channel only and it's

52
00:03:01,190 --> 00:02:59,440
live streaming this thursday at 3 p.m

53
00:03:03,509 --> 00:03:01,200
mark ollie and if you want to get

54
00:03:04,550 --> 00:03:03,519
notifications on youtube simply just

55
00:03:06,470 --> 00:03:04,560
subscribe

56
00:03:09,030 --> 00:03:06,480
to our channel and click the

57
00:03:12,710 --> 00:03:09,040
notification bell on the side so this

58
00:03:16,070 --> 00:03:12,720
week's blog is uh taken aboard a ufo and

59
00:03:18,630 --> 00:03:16,080
turned into a mutant now this is a story

60
00:03:21,509 --> 00:03:18,640
of charles lear who does uh writes our

61
00:03:23,509 --> 00:03:21,519
blogs you know talks a lot about people

62
00:03:25,750 --> 00:03:23,519
are you know have these incredible

63
00:03:27,110 --> 00:03:25,760

stories and not always he doesn't always

64

00:03:29,270 --> 00:03:27,120

talk about things that are factual

65

00:03:32,149 --> 00:03:29,280

because of course a lot of this stuff or

66

00:03:34,309 --> 00:03:32,159

99 of it can't be proven other than

67

00:03:35,750 --> 00:03:34,319

something happening anyway it's a good

68

00:03:38,229 --> 00:03:35,760

read and check it out it's kind of a

69

00:03:41,509 --> 00:03:38,239

short blog but he also has a follow-up

70

00:03:43,589 --> 00:03:41,519

on the update of irma rick the story of

71

00:03:47,430 --> 00:03:43,599

the woman supposedly saying she was

72

00:03:49,830 --> 00:03:47,440

transported by a ufo in in uh brazil

73

00:03:53,509 --> 00:03:49,840

um i think it was bru no argentina i'm

74

00:03:55,030 --> 00:03:53,519

sorry um she was supposedly transported

75

00:03:57,429 --> 00:03:55,040

in the middle of the night 60 miles

76
00:03:58,789 --> 00:03:57,439
showed up with uh you you know where she

77
00:04:00,229 --> 00:03:58,799
couldn't have walked that far who knows

78
00:04:02,070 --> 00:04:00,239
whatever happened it's an interesting

79
00:04:03,589 --> 00:04:02,080
story and she certainly doesn't look

80
00:04:05,270 --> 00:04:03,599
like someone that could have well i

81
00:04:07,429 --> 00:04:05,280
shouldn't say it that way she would have

82
00:04:10,229 --> 00:04:07,439
a hard time walking that far anyone

83
00:04:13,190 --> 00:04:10,239
would but uh uh i'll better just leave

84
00:04:15,990 --> 00:04:13,200
it at that and uh anyway so check out

85
00:04:18,390 --> 00:04:16,000
those blogs and thank you everyone who

86
00:04:20,550 --> 00:04:18,400
supports the show i really appreciate it

87
00:04:21,670 --> 00:04:20,560
i could not do that without you i'm

88
00:04:23,430 --> 00:04:21,680

going to be on the road in a little

89

00:04:26,550 --> 00:04:23,440

while and i'm going to be doing the show

90

00:04:28,230 --> 00:04:26,560

from the road uh for a little bit and a

91

00:04:30,310 --> 00:04:28,240

lot of things coming up a lot of great

92

00:04:32,710 --> 00:04:30,320

guests coming up and all that for right

93

00:04:33,510 --> 00:04:32,720

now i'm going to bring in ted rowe he is

94

00:04:47,670 --> 00:04:33,520

in

95

00:04:49,350 --> 00:04:47,680

yeah probably um

96

00:04:52,550 --> 00:04:49,360

we've got some weather coming through

97

00:04:54,710 --> 00:04:52,560

it's uh it rains where i'm at 200 inches

98

00:04:56,469 --> 00:04:54,720

a year so yeah it's like you can count

99

00:04:58,070 --> 00:04:56,479

on the rain every day right

100

00:04:59,990 --> 00:04:58,080

every day and this is actually a dry

101
00:05:01,350 --> 00:05:00,000
moment so

102
00:05:03,749 --> 00:05:01,360
so you got it you got it right now we

103
00:05:05,670 --> 00:05:03,759
better hurry up so uh

104
00:05:07,830 --> 00:05:05,680
you send me a text i mean you have kind

105
00:05:10,070 --> 00:05:07,840
of an interesting announcement related

106
00:05:11,430 --> 00:05:10,080
to the ufo topic and

107
00:05:13,510 --> 00:05:11,440
and something you said is pretty

108
00:05:15,670 --> 00:05:13,520
incredible after 50 years or something

109
00:05:17,990 --> 00:05:15,680
like that and i'd love for you to spill

110
00:05:20,230 --> 00:05:18,000
it and tell us what's going on

111
00:05:22,390 --> 00:05:20,240
well sure um the american institute of

112
00:05:25,029 --> 00:05:22,400
aeronautics and astronautics

113
00:05:26,150 --> 00:05:25,039

contacted me right after the odni report

114

00:05:28,469 --> 00:05:26,160
was released

115

00:05:31,590 --> 00:05:28,479
last june

116

00:05:34,950 --> 00:05:31,600
and invited me to join a small group of

117

00:05:37,909 --> 00:05:34,960
speakers at their av-21 conference to

118

00:05:40,070 --> 00:05:37,919
advocate for the scientific study of uae

119

00:05:41,830 --> 00:05:40,080
and we did that and then about a month

120

00:05:43,430 --> 00:05:41,840
later they called us back

121

00:05:45,990 --> 00:05:43,440
and invited us to form into a

122

00:05:48,950 --> 00:05:46,000
development team to prepare a

123

00:05:50,150 --> 00:05:48,960
a function inside of aiaa that would

124

00:05:53,110 --> 00:05:50,160
address

125

00:05:55,350 --> 00:05:53,120
uap and aviation safety and also push

126

00:05:58,309 --> 00:05:55,360

back against the stigma that that

127

00:06:01,029 --> 00:05:58,319

inhibits scientific engagement

128

00:06:05,029 --> 00:06:02,550

yeah we spent the last six months

129

00:06:08,070 --> 00:06:05,039

working on that that program and

130

00:06:10,629 --> 00:06:08,080

and uh the back story is just that when

131

00:06:13,110 --> 00:06:10,639

i was a kid trying to resolve

132

00:06:15,110 --> 00:06:13,120

ufo experiences in my life and my

133

00:06:16,469 --> 00:06:15,120

family's life i uh

134

00:06:19,430 --> 00:06:16,479

i was looking up

135

00:06:21,990 --> 00:06:19,440

ufo in the card catalog at the library

136

00:06:23,830 --> 00:06:22,000

and of course aiaa was right at the

137

00:06:26,629 --> 00:06:23,840

front with their statement on ufos they

138

00:06:28,550 --> 00:06:26,639

had taken a counter position to

139

00:06:31,430 --> 00:06:28,560

project blue book and

140

00:06:34,710 --> 00:06:31,440

condon in their conclusions

141

00:06:36,390 --> 00:06:34,720

and advocated for further study they had

142

00:06:39,029 --> 00:06:36,400

one i think a local chapter did a

143

00:06:40,070 --> 00:06:39,039

conference on uap in los angeles or

144

00:06:41,909 --> 00:06:40,080

something

145

00:06:43,510 --> 00:06:41,919

uh shortly thereafter and then it kind

146

00:06:45,029 --> 00:06:43,520

of died on the vine

147

00:06:46,629 --> 00:06:45,039

now 50 years later i'm part of that

148

00:06:49,430 --> 00:06:46,639

story and it's

149

00:06:51,029 --> 00:06:49,440

kind of a kind of interesting you know

150

00:06:53,110 --> 00:06:51,039

from a couple of angles

151

00:06:55,749 --> 00:06:53,120

yeah that that is that is great that is

152

00:06:57,350 --> 00:06:55,759

great uh by the way uh a library is a

153

00:06:58,629 --> 00:06:57,360

place where they have books

154

00:07:00,309 --> 00:06:58,639

just for people

155

00:07:03,909 --> 00:07:00,319

and that card file is where you used to

156

00:07:07,189 --> 00:07:03,919

look up the book yeah right

157

00:07:09,110 --> 00:07:07,199

yeah yeah yeah but uh well that's that's

158

00:07:11,589 --> 00:07:09,120

pretty exciting and and so

159

00:07:14,710 --> 00:07:11,599

yeah the stigma as you know because what

160

00:07:18,230 --> 00:07:14,720

you've been involved in and with narcap

161

00:07:20,390 --> 00:07:18,240

is uh and that's national aviation re

162

00:07:23,110 --> 00:07:20,400

national aviation reporting

163

00:07:25,830 --> 00:07:23,120

yeah what's up

164

00:07:29,029 --> 00:07:25,840

phenomenon yeah somehow yeah

165

00:07:30,950 --> 00:07:29,039

yeah it is it is and um just

166

00:07:33,350 --> 00:07:30,960

for the person who's never

167

00:07:34,950 --> 00:07:33,360

um really looked into that at all can

168

00:07:37,029 --> 00:07:34,960

you explain a little bit what that

169

00:07:40,150 --> 00:07:37,039

what's involved in that

170

00:07:44,869 --> 00:07:40,160

well dr haynes and i founded narcap in

171

00:07:47,510 --> 00:07:44,879

1999 2000 uh to address uh

172

00:07:48,550 --> 00:07:47,520

uap reports that involved aviation

173

00:07:51,189 --> 00:07:48,560

safety

174

00:07:53,189 --> 00:07:51,199

and a lot of the pilot reports uh have

175

00:07:53,990 --> 00:07:53,199

safety factors involved in the report

176

00:07:57,189 --> 00:07:54,000

but

177

00:07:59,270 --> 00:07:57,199

the data moves away from the aviation

178

00:08:01,589 --> 00:07:59,280

system and the safety planners that

179

00:08:03,350 --> 00:08:01,599

could use that information

180

00:08:05,589 --> 00:08:03,360

so we spent

181

00:08:08,070 --> 00:08:05,599

the last 22 years basically uh

182

00:08:11,110 --> 00:08:08,080

advocating and collecting data on on

183

00:08:14,070 --> 00:08:11,120

these types of incidents

184

00:08:16,230 --> 00:08:14,080

and then uh the od and i report came out

185

00:08:18,230 --> 00:08:16,240

and from their own data found the same

186

00:08:19,270 --> 00:08:18,240

concerns

187

00:08:21,990 --> 00:08:19,280

and

188

00:08:25,189 --> 00:08:22,000

well well this aia

189

00:08:26,710 --> 00:08:25,199

effort is not uh derivative of narcap we

190

00:08:27,830 --> 00:08:26,720

didn't you know they're not following

191

00:08:29,749 --> 00:08:27,840

our work

192

00:08:31,430 --> 00:08:29,759

we're in parallel with them

193

00:08:34,550 --> 00:08:31,440

we both have the same concerns pretty

194

00:08:35,990 --> 00:08:34,560

much the same perspective

195

00:08:38,310 --> 00:08:36,000

now

196

00:08:39,750 --> 00:08:38,320

one thing that always comes to mind

197

00:08:41,990 --> 00:08:39,760

when i talk to someone like you and i

198

00:08:45,190 --> 00:08:42,000

don't know if i spoke to you about this

199

00:08:48,630 --> 00:08:45,200

before when you were on but um

200

00:08:51,750 --> 00:08:48,640

gate c17 back 2007

201
00:08:53,750 --> 00:08:51,760
o'hare airport was the the disc that was

202
00:08:55,750 --> 00:08:53,760
above the gate and then shot up through

203
00:08:57,190 --> 00:08:55,760
the clouds left punched a hole in it for

204
00:08:58,070 --> 00:08:57,200
those of you that are new and have not

205
00:09:00,630 --> 00:08:58,080
really

206
00:09:02,070 --> 00:09:00,640
looked at that story but one of the

207
00:09:04,389 --> 00:09:02,080
things i've said when i've talked to

208
00:09:07,430 --> 00:09:04,399
people about this well enough time that

209
00:09:09,030 --> 00:09:07,440
was 2007 so much time has gone by there

210
00:09:10,710 --> 00:09:09,040
are people that should have retired by

211
00:09:12,470 --> 00:09:10,720
now that you think would be talking

212
00:09:14,550 --> 00:09:12,480
about it and i i just wonder what your

213
00:09:16,870 --> 00:09:14,560

thoughts were on that

214

00:09:19,350 --> 00:09:16,880

it's it's entirely possible i i haven't

215

00:09:23,110 --> 00:09:19,360

done any follow-up with witnesses

216

00:09:27,110 --> 00:09:26,070

we keep seeing stories related to the

217

00:09:28,310 --> 00:09:27,120

the

218

00:09:29,990 --> 00:09:28,320

o'hare

219

00:09:31,030 --> 00:09:30,000

incursion

220

00:09:33,110 --> 00:09:31,040

but

221

00:09:35,750 --> 00:09:33,120

we only found one person that even

222

00:09:37,829 --> 00:09:35,760

said that they had taken a photograph or

223

00:09:39,829 --> 00:09:37,839

one person it was referred to as

224

00:09:41,350 --> 00:09:39,839

having taken a photograph and they never

225

00:09:43,509 --> 00:09:41,360

stepped forward i don't know if there

226

00:09:46,310 --> 00:09:43,519

was a photograph all the photographic

227

00:09:48,150 --> 00:09:46,320

evidence i've seen has been

228

00:09:49,030 --> 00:09:48,160

you know poked or fake

229

00:09:51,990 --> 00:09:49,040

uh

230

00:09:54,790 --> 00:09:52,000

yeah and at the time no cell phone

231

00:09:55,990 --> 00:09:54,800

cameras weren't that prominent you know

232

00:09:58,070 --> 00:09:56,000

and and

233

00:09:59,670 --> 00:09:58,080

you know it doesn't surprise me

234

00:10:02,069 --> 00:09:59,680

uh it's not a hill that case is not a

235

00:10:04,389 --> 00:10:02,079

hill to die on it's just an example of

236

00:10:05,590 --> 00:10:04,399

an incursion in the class b restricted

237

00:10:07,430 --> 00:10:05,600

airspace

238

00:10:09,590 --> 00:10:07,440

and and the attempts to

239

00:10:11,910 --> 00:10:09,600

mitigate those things and and again the

240

00:10:14,069 --> 00:10:11,920

data didn't go to safety planners as it

241

00:10:16,470 --> 00:10:14,079

turns out the faa doesn't take ufo

242

00:10:19,430 --> 00:10:16,480

reports hasn't for decades

243

00:10:22,150 --> 00:10:19,440

and uh so so here uh so if you've got a

244

00:10:23,350 --> 00:10:22,160

case that involves a ufo where you where

245

00:10:25,750 --> 00:10:23,360

souls were on board and you were

246

00:10:27,110 --> 00:10:25,760

concerned there's no no but nobody

247

00:10:29,110 --> 00:10:27,120

nobody cares

248

00:10:30,870 --> 00:10:29,120

well i don't i don't understand that if

249

00:10:32,790 --> 00:10:30,880

you really think about it like

250

00:10:35,110 --> 00:10:32,800

that it's a safety issue and why

251
00:10:36,310 --> 00:10:35,120
wouldn't why wouldn't they be interested

252
00:10:38,389 --> 00:10:36,320
in that

253
00:10:40,550 --> 00:10:38,399
well if you can imagine what it was like

254
00:10:43,350 --> 00:10:40,560
for the uap task force to show up at the

255
00:10:44,310 --> 00:10:43,360
faa offices and say hey show us all that

256
00:10:46,389 --> 00:10:44,320
great

257
00:10:48,550 --> 00:10:46,399
pilot ufo stuff you guys have and they

258
00:10:50,470 --> 00:10:48,560
don't have anything you know oh we

259
00:10:52,790 --> 00:10:50,480
haven't i mean if you look at the manual

260
00:10:54,310 --> 00:10:52,800
the manual says take it elsewhere

261
00:10:57,030 --> 00:10:54,320
the manual says

262
00:11:02,069 --> 00:10:57,040
if you want to report a ufo encounter

263
00:11:05,750 --> 00:11:03,590

it doesn't even make any sense to me

264

00:11:08,550 --> 00:11:05,760

because if they were flying by and there

265

00:11:10,230 --> 00:11:08,560

was a balloon or a drone or something of

266

00:11:12,310 --> 00:11:10,240

course they had reported you know

267

00:11:13,430 --> 00:11:12,320

through the faa and what is the

268

00:11:15,190 --> 00:11:13,440

difference

269

00:11:16,949 --> 00:11:15,200

that it's under well

270

00:11:19,430 --> 00:11:16,959

well it's just it's something they can't

271

00:11:22,150 --> 00:11:19,440

identify and and that that that standard

272

00:11:23,750 --> 00:11:22,160

is is unacceptable we we

273

00:11:25,910 --> 00:11:23,760

briefed the um

274

00:11:31,750 --> 00:11:25,920

aviation safety reporting system

275

00:11:34,870 --> 00:11:33,590

ames research center

276

00:11:37,509 --> 00:11:34,880

and talk to them about it and they do

277

00:11:39,750 --> 00:11:37,519

get those reports often anonymous

278

00:11:42,150 --> 00:11:39,760

but that's the only place where pilots

279

00:11:43,030 --> 00:11:42,160

could go now that now that we have the

280

00:11:47,509 --> 00:11:43,040

the

281

00:11:49,509 --> 00:11:47,519

setting up a reporting system across all

282

00:11:51,670 --> 00:11:49,519

government bureaucracies that centers in

283

00:11:53,670 --> 00:11:51,680

on their program kind of like the french

284

00:11:55,350 --> 00:11:53,680

program at japan

285

00:11:58,150 --> 00:11:55,360

right yeah

286

00:11:59,910 --> 00:11:58,160

hopefully that that data will will

287

00:12:02,069 --> 00:11:59,920

first off it'll be collected but then

288

00:12:04,310 --> 00:12:02,079

the problem is again it moves away from

289

00:12:06,470 --> 00:12:04,320

the aviation system into the defense

290

00:12:08,629 --> 00:12:06,480

establishment so aviation safety

291

00:12:10,150 --> 00:12:08,639

planners still don't have what they need

292

00:12:11,829 --> 00:12:10,160

even though the odni reports

293

00:12:13,350 --> 00:12:11,839

specifically stated that along with

294

00:12:15,350 --> 00:12:13,360

national security

295

00:12:16,150 --> 00:12:15,360

they're a threat to aviation

296

00:12:21,829 --> 00:12:16,160

so

297

00:12:22,790 --> 00:12:21,839

through aia is going to

298

00:12:26,310 --> 00:12:22,800

um

299

00:12:28,069 --> 00:12:26,320

help us you know address issues of data

300

00:12:28,949 --> 00:12:28,079

integrity and access

301
00:12:31,350 --> 00:12:28,959

yeah

302
00:12:34,230 --> 00:12:31,360

well i learned something ted um i had no

303
00:12:36,550 --> 00:12:34,240

idea that they they washed their hands

304
00:12:39,030 --> 00:12:36,560

of i just thought they didn't pass along

305
00:12:39,829 --> 00:12:39,040

any information but i had no idea that

306
00:12:47,269 --> 00:12:39,839

they

307
00:12:49,430 --> 00:12:47,279

you look at the aeronautical instruction

308
00:12:51,030 --> 00:12:49,440

manual you know the aim or you look at

309
00:12:53,430 --> 00:12:51,040

the air traffic control instruction

310
00:12:55,670 --> 00:12:53,440

manual their entries on reporting uap

311
00:12:58,710 --> 00:12:55,680

are the same and they they don't do it

312
00:13:02,629 --> 00:12:59,829

interesting

313
00:13:03,829 --> 00:13:02,639

well i hope the day comes where pilots

314

00:13:05,030 --> 00:13:03,839

are not going to worry about losing

315

00:13:06,949 --> 00:13:05,040

their jobs

316

00:13:09,030 --> 00:13:06,959

uh you know by reporting something

317

00:13:11,350 --> 00:13:09,040

because there's probably a lot more seen

318

00:13:14,550 --> 00:13:11,360

out there than ever reported

319

00:13:16,069 --> 00:13:14,560

absolutely and and i that is coming um

320

00:13:17,430 --> 00:13:16,079

because like i said now the date is

321

00:13:19,030 --> 00:13:17,440

going to be collected and it's a matter

322

00:13:20,949 --> 00:13:19,040

of us trying to get a hold of some of it

323

00:13:21,910 --> 00:13:20,959

so we can do the right thing with it in

324

00:13:24,310 --> 00:13:21,920

terms of

325

00:13:27,509 --> 00:13:24,320

making sure pilots are prepared for the

326

00:13:29,590 --> 00:13:27,519

unexpected yeah and uh

327

00:13:31,910 --> 00:13:29,600

i wrote a pilot advisory about this it's

328

00:13:34,310 --> 00:13:31,920

been read in 140 countries and it's just

329

00:13:35,350 --> 00:13:34,320

a conservative angle on how to deal with

330

00:13:36,230 --> 00:13:35,360

it so

331

00:13:39,590 --> 00:13:36,240

yeah

332

00:13:41,670 --> 00:13:39,600

um i've been um i i've told people

333

00:13:44,790 --> 00:13:41,680

before on the show that i i was a former

334

00:13:47,030 --> 00:13:44,800

for a while i was a flight attendant and

335

00:13:49,750 --> 00:13:47,040

so i got to ride up in the cockpit a

336

00:13:52,710 --> 00:13:49,760

number of times and you can just see a

337

00:13:55,110 --> 00:13:52,720

vast area i mean you can see for miles

338

00:13:57,350 --> 00:13:55,120

and miles and miles on a clear day it's

339

00:13:58,710 --> 00:13:57,360

amazing i don't know how many miles it

340

00:14:00,710 --> 00:13:58,720

seems like but seems like you can see

341

00:14:03,030 --> 00:14:00,720

easily for 100 miles

342

00:14:05,189 --> 00:14:03,040

so you know anything in the sky you

343

00:14:07,030 --> 00:14:05,199

would think that um that pilots would

344

00:14:08,629 --> 00:14:07,040

see more actually

345

00:14:10,069 --> 00:14:08,639

um with all the reports on the ground

346

00:14:11,350 --> 00:14:10,079

you'd think they'd see more than

347

00:14:13,030 --> 00:14:11,360

reported

348

00:14:15,590 --> 00:14:13,040

well they do and they're reticent to

349

00:14:17,430 --> 00:14:15,600

talk about it i i i can't tell you the

350

00:14:19,829 --> 00:14:17,440

number of times i've been somewhere and

351
00:14:21,990 --> 00:14:19,839
people know who i am and somebody pulled

352
00:14:23,829 --> 00:14:22,000
me aside and said hey you know

353
00:14:26,550 --> 00:14:23,839
what i was an air traffic controller at

354
00:14:27,670 --> 00:14:26,560
x military base or i was a i was a pilot

355
00:14:28,870 --> 00:14:27,680
flying for

356
00:14:30,389 --> 00:14:28,880
something and i want to tell you my

357
00:14:32,230 --> 00:14:30,399
story and and

358
00:14:34,230 --> 00:14:32,240
and so we get the stories there there's

359
00:14:37,430 --> 00:14:34,240
a lot more than we actually know about

360
00:14:38,470 --> 00:14:37,440
because the system's been hostile to uh

361
00:14:40,230 --> 00:14:38,480
reporting

362
00:14:41,829 --> 00:14:40,240
excellent i i think it's starting to

363
00:14:46,310 --> 00:14:41,839

rain or those insects yeah it's starting

364

00:14:51,030 --> 00:14:48,790

so anyway uh ted thank you so much it's

365

00:14:51,910 --> 00:14:51,040

always a pleasure talking to you

366

00:14:54,870 --> 00:14:51,920

pleasure

367

00:14:56,629 --> 00:14:54,880

yeah take care all right i know

368

00:14:58,790 --> 00:14:56,639

all right everyone so our guests our

369

00:15:02,150 --> 00:14:58,800

main guest tonight is coming up right

370

00:15:04,230 --> 00:15:02,160

now uh jack welcome to the show

371

00:15:06,550 --> 00:15:04,240

thank you for having me it's always

372

00:15:10,230 --> 00:15:06,560

great to be here yes i think it was up

373

00:15:14,230 --> 00:15:10,240

it was 2016 when you were on before as

374

00:15:16,069 --> 00:15:14,240

time just ticks away it sure does yeah

375

00:15:18,870 --> 00:15:16,079

and so you've been up to all kinds of

376

00:15:22,470 --> 00:15:18,880

things your your uh

377

00:15:25,509 --> 00:15:22,480

blog is called the ufo trail at blogspot

378

00:15:27,910 --> 00:15:25,519

and um my friend wrote for you

379

00:15:29,990 --> 00:15:27,920

way back in 2016 about hypnotherapy and

380

00:15:31,990 --> 00:15:30,000

i thought that was interesting um she

381

00:15:32,870 --> 00:15:32,000

remembered it and i forgot all about it

382

00:15:34,310 --> 00:15:32,880

but

383

00:15:35,749 --> 00:15:34,320

you remembered every bit about it so

384

00:15:38,790 --> 00:15:35,759

that's great

385

00:15:41,030 --> 00:15:38,800

i did remember donna your friend i

386

00:15:44,310 --> 00:15:41,040

remember that when i did your show

387

00:15:46,790 --> 00:15:44,320

before she called in and we talked and i

388

00:15:50,069 --> 00:15:46,800

was interested enough in

389

00:15:52,949 --> 00:15:50,079

uh her comments that she and i connected

390

00:15:55,189 --> 00:15:52,959

off of the show as well and i

391

00:15:58,710 --> 00:15:55,199

uh interacted with her some more by

392

00:15:59,430 --> 00:15:58,720

email and did a blog post about it and

393

00:16:02,389 --> 00:15:59,440

yeah

394

00:16:03,430 --> 00:16:02,399

i i think a lot of people have

395

00:16:07,590 --> 00:16:03,440

um

396

00:16:10,710 --> 00:16:07,600

these interactions with ufo researchers

397

00:16:12,629 --> 00:16:10,720

and and circumstances that arise

398

00:16:14,949 --> 00:16:12,639

that uh

399

00:16:17,509 --> 00:16:14,959

are worthy of hearing and giving

400

00:16:20,629 --> 00:16:17,519

attention that they're just not willing

401
00:16:23,670 --> 00:16:20,639
to try to fight to get you know on the

402
00:16:27,590 --> 00:16:23,680
airwaves or get some attention to

403
00:16:30,550 --> 00:16:27,600
uh their story because oftentimes

404
00:16:33,269 --> 00:16:30,560
they're very personal stories and they

405
00:16:35,350 --> 00:16:33,279
often involve people besides just

406
00:16:39,189 --> 00:16:35,360
ourselves as well

407
00:16:41,670 --> 00:16:39,199
and uh yeah i i certainly remember donna

408
00:16:42,550 --> 00:16:41,680
and her circumstances and i'm glad to

409
00:16:44,550 --> 00:16:42,560
hear

410
00:16:47,110 --> 00:16:44,560
uh she she

411
00:16:49,189 --> 00:16:47,120
remembered it and i hope she valued it

412
00:16:50,470 --> 00:16:49,199
and that things are going well

413
00:16:51,269 --> 00:16:50,480

yeah yeah

414

00:16:54,230 --> 00:16:51,279

so

415

00:16:56,790 --> 00:16:54,240

uh well it's always it's always great to

416

00:16:58,870 --> 00:16:56,800

have you on and uh you know i don't know

417

00:17:00,069 --> 00:16:58,880

if you if i announced you in the proper

418

00:17:01,350 --> 00:17:00,079

way but i said

419

00:17:03,030 --> 00:17:01,360

i said uh

420

00:17:04,949 --> 00:17:03,040

some people call you a skeptic would you

421

00:17:07,750 --> 00:17:04,959

say you're just looking at this

422

00:17:09,429 --> 00:17:07,760

topic um logically is what i would say

423

00:17:11,510 --> 00:17:09,439

more than you're not a debunker you

424

00:17:13,110 --> 00:17:11,520

don't bash people or anything like that

425

00:17:15,750 --> 00:17:13,120

and someone wrote in somewhere in the

426

00:17:18,630 --> 00:17:15,760

chat room i saw well he's not a debunker

427

00:17:21,669 --> 00:17:18,640

at all so um i never called you one and

428

00:17:23,909 --> 00:17:21,679

i'm um i i i like to hear

429

00:17:27,029 --> 00:17:23,919

uh the skeptical side of things because

430

00:17:28,549 --> 00:17:27,039

i think um i remember stan friedman says

431

00:17:30,150 --> 00:17:28,559

you know have an open mind but don't let

432

00:17:33,590 --> 00:17:30,160

your brain fall out

433

00:17:37,029 --> 00:17:33,600

you know yeah yeah and you know maybe

434

00:17:39,270 --> 00:17:37,039

debunking is in the eye of the beholder

435

00:17:42,150 --> 00:17:39,280

exactly yeah

436

00:17:45,590 --> 00:17:42,160

so uh you wrote about well you've

437

00:17:47,430 --> 00:17:45,600

written it um some books and one of them

438

00:17:49,909 --> 00:17:47,440

um we're going to be talking about a

439

00:17:52,470 --> 00:17:49,919

little bit later and that was called

440

00:17:54,150 --> 00:17:52,480

the grace or framed just quickly touch

441

00:17:55,110 --> 00:17:54,160

on or what's the title to that one

442

00:17:57,590 --> 00:17:55,120

exactly

443

00:17:59,110 --> 00:17:57,600

the graves have been framed

444

00:18:01,510 --> 00:17:59,120

exploitation

445

00:18:05,190 --> 00:18:01,520

in the ufo community

446

00:18:07,750 --> 00:18:05,200

and the grades have been framed was a

447

00:18:10,390 --> 00:18:07,760

phrase that that kind of got

448

00:18:12,470 --> 00:18:10,400

batted around with some people i used to

449

00:18:15,430 --> 00:18:12,480

interact with online

450

00:18:16,710 --> 00:18:15,440

and it was kind of a way

451
00:18:20,950 --> 00:18:16,720
to

452
00:18:23,590 --> 00:18:20,960
the way we think about things and the

453
00:18:27,029 --> 00:18:23,600
way that we look at things and we could

454
00:18:28,390 --> 00:18:27,039
try a number of ways to tell people

455
00:18:31,590 --> 00:18:28,400
that

456
00:18:35,270 --> 00:18:31,600
a lot of the ufo lord doesn't stand up

457
00:18:38,470 --> 00:18:35,280
to scrutiny or a lot of the claims are

458
00:18:41,270 --> 00:18:38,480
anecdotal and unsubstantiated

459
00:18:43,510 --> 00:18:41,280
and one of the phrases that that kind of

460
00:18:46,230 --> 00:18:43,520
seemed to fit that to try to get people

461
00:18:48,950 --> 00:18:46,240
to come at it from a different direction

462
00:18:51,190 --> 00:18:48,960
was just the grays have been framed man

463
00:18:56,070 --> 00:18:51,200

it's you know they they haven't done

464

00:18:59,029 --> 00:18:56,080

everything that they're accused of

465

00:19:01,750 --> 00:18:59,039

yeah um yeah um

466

00:19:03,029 --> 00:19:01,760

i i've always you know i was always on

467

00:19:05,110 --> 00:19:03,039

the fence with

468

00:19:06,789 --> 00:19:05,120

you know it's very interesting and it

469

00:19:08,950 --> 00:19:06,799

just i think it's interesting that

470

00:19:11,190 --> 00:19:08,960

people have reported

471

00:19:13,190 --> 00:19:11,200

seeing these beings that you know like

472

00:19:15,510 --> 00:19:13,200

on the whitley strieber book

473

00:19:18,390 --> 00:19:15,520

you know that look like

474

00:19:20,710 --> 00:19:18,400

look like that and um you know it's been

475

00:19:23,110 --> 00:19:20,720

mentioned over and over again and and

476

00:19:26,310 --> 00:19:23,120

you know um and then people are talk

477

00:19:28,470 --> 00:19:26,320

about characteristics of them being um

478

00:19:29,270 --> 00:19:28,480

almost you know emotionless

479

00:19:31,590 --> 00:19:29,280

and

480

00:19:34,470 --> 00:19:31,600

you know like drones doing their job or

481

00:19:35,190 --> 00:19:34,480

something like that but uh but anyway um

482

00:19:37,190 --> 00:19:35,200

yeah

483

00:19:39,350 --> 00:19:37,200

until i see when i i have to remain

484

00:19:40,470 --> 00:19:39,360

skeptic myself but it is pretty

485

00:19:42,230 --> 00:19:40,480

interesting

486

00:19:44,549 --> 00:19:42,240

it's not just here in this country

487

00:19:46,390 --> 00:19:44,559

people are reporting it all over

488

00:19:49,270 --> 00:19:46,400

some people say that it's you know pop

489

00:19:52,390 --> 00:19:49,280

culture influence uh you know all types

490

00:19:55,750 --> 00:19:52,400

of things like that so i i have no idea

491

00:19:59,510 --> 00:19:55,760

yes um mr strieber's book cover

492

00:20:03,029 --> 00:19:59,520

communion that's definitely a striking

493

00:20:04,549 --> 00:20:03,039

haunting image that influenced people

494

00:20:07,029 --> 00:20:04,559

quite a bit

495

00:20:09,510 --> 00:20:07,039

i was talking with your support staff

496

00:20:12,950 --> 00:20:09,520

before the show and

497

00:20:17,350 --> 00:20:12,960

i i think that most all of us

498

00:20:21,029 --> 00:20:17,360

many of us uh come at this topic because

499

00:20:22,630 --> 00:20:21,039

we think there's something to it and

500

00:20:26,149 --> 00:20:22,640

uh

501
00:20:28,149 --> 00:20:26,159
people that that believe in an alien

502
00:20:31,190 --> 00:20:28,159
presence or an other

503
00:20:33,510 --> 00:20:31,200
or something to that effect

504
00:20:34,470 --> 00:20:33,520
they deserve the same dignity and

505
00:20:36,070 --> 00:20:34,480
respect

506
00:20:38,390 --> 00:20:36,080
that that we

507
00:20:40,310 --> 00:20:38,400
would afford those who don't believe

508
00:20:43,110 --> 00:20:40,320
that or or

509
00:20:45,669 --> 00:20:43,120
that we would afford anyone

510
00:20:47,590 --> 00:20:45,679
and i think where some of the problems

511
00:20:49,190 --> 00:20:47,600
arise martin

512
00:20:52,669 --> 00:20:49,200
is

513
00:20:55,430 --> 00:20:52,679

we begin to argue things from a

514

00:20:57,990 --> 00:20:55,440

personalized perspective and it

515

00:21:01,750 --> 00:20:58,000

shouldn't always be that way

516

00:21:05,110 --> 00:21:01,760

uh for instance if

517

00:21:08,029 --> 00:21:05,120

challenge things that a researcher has

518

00:21:09,669 --> 00:21:08,039

asserted or if i challenge their

519

00:21:13,990 --> 00:21:09,679

methodology

520

00:21:16,549 --> 00:21:14,000

as being flawed and and not as solid as

521

00:21:19,430 --> 00:21:16,559

they purport it to be

522

00:21:20,870 --> 00:21:19,440

that is a different argument

523

00:21:24,870 --> 00:21:20,880

from

524

00:21:27,190 --> 00:21:24,880

does person a's experiences were they

525

00:21:30,950 --> 00:21:27,200

real or were they imagined

526
00:21:32,470 --> 00:21:30,960
but oftentimes an experimenter

527
00:21:34,230 --> 00:21:32,480
will

528
00:21:35,510 --> 00:21:34,240
kind of

529
00:21:37,510 --> 00:21:35,520
project

530
00:21:41,830 --> 00:21:37,520
the whole argument

531
00:21:44,950 --> 00:21:41,840
on if there's any substance to

532
00:21:46,149 --> 00:21:44,960
the ufo topic at all

533
00:21:49,029 --> 00:21:46,159
by

534
00:21:52,789 --> 00:21:49,039
questioning any one researcher or any

535
00:21:55,590 --> 00:21:52,799
one methodology or any single report

536
00:21:59,350 --> 00:21:55,600
and it it can become almost a reverse

537
00:22:03,669 --> 00:21:59,360
stigmatism that critical thinkers will

538
00:22:05,909 --> 00:22:03,679

shy away from the subject just because

539

00:22:08,070 --> 00:22:05,919

it and not because

540

00:22:10,630 --> 00:22:08,080

they're afraid of being criticized for

541

00:22:12,310 --> 00:22:10,640

looking at it but they just don't want

542

00:22:15,430 --> 00:22:12,320

to get

543

00:22:18,149 --> 00:22:15,440

publicly bashed and

544

00:22:21,270 --> 00:22:18,159

have groups of

545

00:22:24,470 --> 00:22:21,280

pro-ufo people sent after them to

546

00:22:26,789 --> 00:22:24,480

discourage them from being critical so

547

00:22:28,390 --> 00:22:26,799

it can almost become a reverse

548

00:22:31,270 --> 00:22:28,400

stigmatism

549

00:22:33,510 --> 00:22:31,280

but i i think everyone does deserve

550

00:22:35,510 --> 00:22:33,520

respect and

551
00:22:38,950 --> 00:22:35,520
uh

552
00:22:41,750 --> 00:22:38,960
tolerance about how they come to

553
00:22:43,110 --> 00:22:41,760
have the beliefs and the opinions they

554
00:22:45,750 --> 00:22:43,120
have

555
00:22:47,190 --> 00:22:45,760
that could spread across of all parts of

556
00:22:50,070 --> 00:22:47,200
our society

557
00:22:52,470 --> 00:22:50,080
today that that way of thinking

558
00:22:53,350 --> 00:22:52,480
you know uh because we

559
00:22:55,669 --> 00:22:53,360
you know

560
00:22:58,789 --> 00:22:55,679
we're very divisive these days in so

561
00:23:01,909 --> 00:22:58,799
many ways and and um you know

562
00:23:04,149 --> 00:23:01,919
if we can relax a little bit and let

563
00:23:06,549 --> 00:23:04,159

people believe what they want as long as

564

00:23:08,789 --> 00:23:06,559

they're not hurting other people

565

00:23:10,149 --> 00:23:08,799

you know what's the harm in that

566

00:23:13,830 --> 00:23:10,159

that type of thing

567

00:23:16,789 --> 00:23:13,840

but um so let's hear about uh nycap i

568

00:23:19,430 --> 00:23:16,799

think this is very interesting um that

569

00:23:21,190 --> 00:23:19,440

there may be uh an intelligence a us

570

00:23:24,870 --> 00:23:21,200

intelligence connection

571

00:23:28,149 --> 00:23:24,880

and what what led you down this path

572

00:23:35,510 --> 00:23:31,110

the short answer to that is uh there's

573

00:23:39,110 --> 00:23:35,520

certainly a us and cia intelligence

574

00:23:40,230 --> 00:23:39,120

connection with nycap

575

00:23:44,070 --> 00:23:40,240

and

576

00:23:47,269 --> 00:23:44,080

its purposes become a bit more

577

00:23:48,789 --> 00:23:47,279

up for debate what what led me down that

578

00:23:52,310 --> 00:23:48,799

path

579

00:23:55,750 --> 00:23:52,320

is the more and more i i got interested

580

00:23:59,909 --> 00:23:55,760

in this martin and after

581

00:24:03,190 --> 00:23:59,919

going to a ridiculous amount of mufon

582

00:24:06,070 --> 00:24:03,200

meetings and ufo conferences and

583

00:24:07,750 --> 00:24:06,080

reading this and listening to that

584

00:24:11,190 --> 00:24:07,760

i came to

585

00:24:14,789 --> 00:24:11,200

the conclusion that

586

00:24:16,310 --> 00:24:14,799

one really cannot solve a scientific

587

00:24:19,269 --> 00:24:16,320

question

588

00:24:22,070 --> 00:24:19,279

with a laptop and and no equipment yeah

589

00:24:25,510 --> 00:24:22,080

you know you i understand why people

590

00:24:28,870 --> 00:24:25,520

investigate ufo sightings i understand

591

00:24:29,830 --> 00:24:28,880

why they interview experiencers i i get

592

00:24:32,870 --> 00:24:29,840

that

593

00:24:36,549 --> 00:24:32,880

some people are interested in it

594

00:24:39,909 --> 00:24:36,559

but after chasing my tail long enough i

595

00:24:42,950 --> 00:24:39,919

became much less interested in

596

00:24:46,870 --> 00:24:42,960

stories that have no resolution

597

00:24:49,350 --> 00:24:46,880

and i became much more interested in the

598

00:24:50,269 --> 00:24:49,360

social circumstances

599

00:24:52,630 --> 00:24:50,279

and

600

00:24:54,549 --> 00:24:52,640

materials that

601
00:24:58,470 --> 00:24:54,559
are available through the freedom of

602
00:24:59,590 --> 00:24:58,480
information act and newspaper archives

603
00:25:02,789 --> 00:24:59,600
and

604
00:25:06,230 --> 00:25:02,799
uh various um

605
00:25:08,310 --> 00:25:06,240
material and records that are recognized

606
00:25:11,590 --> 00:25:08,320
as uh

607
00:25:13,190 --> 00:25:11,600
professional research standards

608
00:25:15,430 --> 00:25:13,200
and so

609
00:25:17,750 --> 00:25:15,440
one of the things that that i was

610
00:25:20,070 --> 00:25:17,760
interested in was where the intelligence

611
00:25:22,549 --> 00:25:20,080
community overlaps

612
00:25:26,149 --> 00:25:22,559
with the ufo community

613
00:25:30,710 --> 00:25:26,159

and so i was interested in bill moore

614

00:25:33,510 --> 00:25:30,720

and the 1990s heyday of ufology and of

615

00:25:37,029 --> 00:25:33,520

course the more recent uh

616

00:25:38,630 --> 00:25:37,039

atip story and and to the stars academy

617

00:25:42,470 --> 00:25:38,640

and that kind of thing

618

00:25:45,830 --> 00:25:42,480

but it seemed like i was overlooking

619

00:25:47,029 --> 00:25:45,840

a big a big piece of the

620

00:25:49,909 --> 00:25:47,039

ic

621

00:25:52,149 --> 00:25:49,919

ufo community connection

622

00:25:54,870 --> 00:25:52,159

with nycap and so

623

00:25:56,110 --> 00:25:54,880

i really didn't know much about the

624

00:25:58,950 --> 00:25:56,120

national

625

00:26:01,669 --> 00:25:58,960

investigations committee on aerial

626

00:26:05,430 --> 00:26:01,679

phenomena nycap

627

00:26:09,029 --> 00:26:05,440

a mid-20th century ufo group

628

00:26:12,630 --> 00:26:09,039

and when i began looking into it

629

00:26:15,750 --> 00:26:12,640

i started doing some foia requests

630

00:26:19,590 --> 00:26:15,760

and finding more and more

631

00:26:26,390 --> 00:26:23,110

high ranking members of the cia

632

00:26:27,830 --> 00:26:26,400

and there was just an undeniable

633

00:26:30,470 --> 00:26:27,840

connection

634

00:26:33,430 --> 00:26:30,480

between

635

00:26:34,230 --> 00:26:33,440

a group of people that were on

636

00:26:42,789 --> 00:26:34,240

the

637

00:26:50,870 --> 00:26:42,799

and

638

00:26:53,430 --> 00:26:50,880

directly correlated with the people that

639

00:26:56,149 --> 00:26:53,440

incorporate nycap

640

00:26:59,190 --> 00:26:56,159

and ran it initially

641

00:27:02,470 --> 00:26:59,200

and i started out doing some blog posts

642

00:27:04,830 --> 00:27:02,480

about it and was surprised how much

643

00:27:07,669 --> 00:27:04,840

material

644

00:27:10,789 --> 00:27:07,679

directly corroborated

645

00:27:12,710 --> 00:27:10,799

these circumstances so i ended up

646

00:27:16,310 --> 00:27:12,720

putting it in a book

647

00:27:21,269 --> 00:27:16,320

and am still getting more material

648

00:27:22,789 --> 00:27:21,279

as i say from newspaper archives foia

649

00:27:25,669 --> 00:27:22,799

requests

650

00:27:29,590 --> 00:27:25,679

there's a great deal of material

651
00:27:35,669 --> 00:27:33,269
archive collections at colleges letter

652
00:27:36,549 --> 00:27:35,679
letters that are saved and things like

653
00:27:42,630 --> 00:27:36,559
that

654
00:27:45,430 --> 00:27:42,640
virtually untapped resources and i hope

655
00:27:48,950 --> 00:27:45,440
to be looking into some of that

656
00:27:51,830 --> 00:27:48,960
and i can understand

657
00:27:54,549 --> 00:27:51,840
people are interested in ufos and they

658
00:27:57,830 --> 00:27:54,559
want to hear about aliens

659
00:28:00,789 --> 00:27:57,840
and so oftentimes if there's not a

660
00:28:02,470 --> 00:28:00,799
flying saucer in this story they're not

661
00:28:06,310 --> 00:28:02,480
really interested

662
00:28:09,029 --> 00:28:06,320
but i think we're really overlooking a

663
00:28:10,789 --> 00:28:09,039

big part of the cultural puzzle the

664

00:28:14,070 --> 00:28:10,799

social puzzle

665

00:28:18,870 --> 00:28:14,080

how all of this stuff came to be

666

00:28:22,070 --> 00:28:18,880

in so many of our daily lives and

667

00:28:25,110 --> 00:28:22,080

our our forward-thinking consciousness

668

00:28:27,029 --> 00:28:25,120

if we don't go back and look at how some

669

00:28:30,190 --> 00:28:27,039

of the original

670

00:28:33,269 --> 00:28:30,200

american ufo groups were formed and

671

00:28:35,750 --> 00:28:33,279

incorporated and what some of those

672

00:28:38,230 --> 00:28:35,760

initial intentions may have been that

673

00:28:40,789 --> 00:28:38,240

then it all just kind of snowballed out

674

00:28:45,110 --> 00:28:43,590

um there was a story that

675

00:28:46,230 --> 00:28:45,120

ray stanford

676
00:28:47,750 --> 00:28:46,240
told me

677
00:28:48,710 --> 00:28:47,760
are you familiar with who ray stanford

678
00:28:51,909 --> 00:28:48,720
is

679
00:28:53,669 --> 00:28:51,919
i am yeah he told me that he was

680
00:28:55,590 --> 00:28:53,679
involved in

681
00:28:56,470 --> 00:28:55,600
a conference

682
00:29:01,190 --> 00:28:56,480
and

683
00:29:03,990 --> 00:29:01,200
that all of a sudden had funds of 75 000

684
00:29:06,389 --> 00:29:04,000
and a shell company that he traced back

685
00:29:08,310 --> 00:29:06,399
to american you know like uh it was

686
00:29:10,310 --> 00:29:08,320
through the intelligence or i would have

687
00:29:12,230 --> 00:29:10,320
to talk to him more about it but

688
00:29:14,149 --> 00:29:12,240

um you know there was it was a kind of a

689

00:29:16,789 --> 00:29:14,159

big deal at the time

690

00:29:18,230 --> 00:29:16,799

and this was going back to the 1970s it

691

00:29:19,830 --> 00:29:18,240

was very expensive and all of a sudden

692

00:29:21,190 --> 00:29:19,840

it was paid for

693

00:29:22,310 --> 00:29:21,200

so

694

00:29:23,990 --> 00:29:22,320

are they

695

00:29:25,750 --> 00:29:24,000

would you say that this is they're

696

00:29:27,110 --> 00:29:25,760

possibly looking

697

00:29:31,110 --> 00:29:27,120

to get

698

00:29:34,789 --> 00:29:31,120

inside information about what's going on

699

00:29:36,789 --> 00:29:34,799

with the public or what's going on with

700

00:29:39,269 --> 00:29:36,799

you know the possibility of

701
00:29:42,070 --> 00:29:39,279
ufos and us being visited which would

702
00:29:45,590 --> 00:29:42,080
you say which would you think

703
00:29:49,110 --> 00:29:45,600
i tend to think the latter is a low

704
00:29:50,789 --> 00:29:49,120
priority i i don't think that

705
00:29:53,990 --> 00:29:50,799
uh

706
00:29:57,269 --> 00:29:54,000
director helen coder with the cia would

707
00:29:58,389 --> 00:29:57,279
have come to a civilian organization for

708
00:30:02,710 --> 00:29:58,399
instance

709
00:30:05,909 --> 00:30:02,720
to learn about ufos and and potential

710
00:30:09,430 --> 00:30:05,919
aliens that's just my opinion

711
00:30:12,630 --> 00:30:09,440
what i feel pretty confident about

712
00:30:15,029 --> 00:30:12,640
is that the purpose of the

713
00:30:19,350 --> 00:30:15,039

intelligence community involvement the

714

00:30:22,470 --> 00:30:19,360

cia involvement the dia involvement i

715

00:30:23,669 --> 00:30:22,480

think it changes from one instance to

716

00:30:33,190 --> 00:30:23,679

another

717

00:30:37,350 --> 00:30:33,200

and in nycap's uh

718

00:30:41,269 --> 00:30:37,360

instance the cold war was a big deal

719

00:30:44,470 --> 00:30:41,279

i think that things played in like

720

00:30:48,789 --> 00:30:44,480

the nycap director donald kehoe

721

00:30:52,389 --> 00:30:48,799

his signature move was getting leaks

722

00:30:55,350 --> 00:30:52,399

out of the military from pilots from

723

00:30:57,669 --> 00:30:55,360

people that would give him documents

724

00:31:01,669 --> 00:30:57,679

give him stories

725

00:31:04,710 --> 00:31:01,679

i mean let's face it the the fbi is not

726

00:31:07,509 --> 00:31:04,720

doing its job if it's not interested in

727

00:31:10,070 --> 00:31:07,519

those leaks and it doesn't have to be

728

00:31:12,149 --> 00:31:10,080

for the purpose of what the leaks are

729

00:31:13,350 --> 00:31:12,159

about

730

00:31:15,590 --> 00:31:13,360

uh

731

00:31:18,630 --> 00:31:15,600

something else the first thing that came

732

00:31:22,310 --> 00:31:18,640

to mind martin when you mention that

733

00:31:25,190 --> 00:31:22,320

uh mr stanford said the intelligence

734

00:31:28,230 --> 00:31:25,200

community had set up a conference

735

00:31:31,509 --> 00:31:28,240

it's now known that it's a it was a

736

00:31:34,549 --> 00:31:31,519

pretty common tactic at one time

737

00:31:36,230 --> 00:31:34,559

to set up academic international

738

00:31:38,789 --> 00:31:36,240

conferences

739

00:31:40,950 --> 00:31:38,799
and that that was used by foreign

740

00:31:44,310 --> 00:31:40,960
intelligence services as well as

741

00:31:48,070 --> 00:31:44,320
american intelligence services to try to

742

00:31:50,710 --> 00:31:48,080
recruit spies and it put the leaders in

743

00:31:53,190 --> 00:31:50,720
the field in physics communications

744

00:31:54,789 --> 00:31:53,200
photography whatever the conference was

745

00:31:58,630 --> 00:31:54,799
about

746

00:32:01,190 --> 00:31:58,640
at events and there were a number of spy

747

00:32:02,870 --> 00:32:01,200
techniques tried like in more recent

748

00:32:04,389 --> 00:32:02,880
times it would be

749

00:32:07,669 --> 00:32:04,399
uh here

750

00:32:10,070 --> 00:32:07,679
here's my memory stick unload my project

751
00:32:11,830 --> 00:32:10,080
into your laptop and then when you get

752
00:32:12,950 --> 00:32:11,840
the memory stick back you've got

753
00:32:15,190 --> 00:32:12,960
everything

754
00:32:17,269 --> 00:32:15,200
off of the people's laptop or you're

755
00:32:19,669 --> 00:32:17,279
planning spyware

756
00:32:23,430 --> 00:32:19,679
and and this kind of thing and

757
00:32:27,830 --> 00:32:23,440
uh the conferences were an opportunity

758
00:32:30,310 --> 00:32:27,840
for intelligence gathering and trying to

759
00:32:33,590 --> 00:32:30,320
recruit spies so

760
00:32:41,509 --> 00:32:36,630
genre context

761
00:32:44,470 --> 00:32:41,519
we've long had a lot of people in the

762
00:32:47,990 --> 00:32:44,480
defense community that take interest in

763
00:32:51,110 --> 00:32:48,000

ufos and and that's understandable

764

00:32:53,990 --> 00:32:51,120

uh you know martin marietta contractors

765

00:32:56,470 --> 00:32:54,000

people like that have a history of being

766

00:32:58,310 --> 00:32:56,480

interested in the topic and what's

767

00:33:00,950 --> 00:32:58,320

flying around

768

00:33:03,110 --> 00:33:00,960

so i could potentially see and that was

769

00:33:04,310 --> 00:33:03,120

the first thing that came to mind with

770

00:33:07,110 --> 00:33:04,320

the the

771

00:33:09,830 --> 00:33:07,120

story about mr stanford that the

772

00:33:13,269 --> 00:33:09,840

intelligence community had set up a

773

00:33:14,549 --> 00:33:13,279

conference to try to

774

00:33:17,190 --> 00:33:14,559

see who

775

00:33:19,430 --> 00:33:17,200

maybe is targeting these people that

776

00:33:23,190 --> 00:33:19,440

have security clearances in a

777

00:33:25,509 --> 00:33:23,200

professional capacity or any number of

778

00:33:27,029 --> 00:33:25,519

intelligence or counter intelligence

779

00:33:30,789 --> 00:33:27,039

opportunities

780

00:33:34,230 --> 00:33:30,799

as a matter of fact in my book i

781

00:33:36,549 --> 00:33:34,240

uh discovered that um

782

00:33:40,710 --> 00:33:36,559

dr donald menzel

783

00:33:45,830 --> 00:33:43,269

phd worked with

784

00:33:48,389 --> 00:33:45,840

the intelligence community spent his

785

00:33:49,430 --> 00:33:48,399

life basically under surveillance

786

00:33:53,990 --> 00:33:49,440

because

787

00:33:58,070 --> 00:33:54,000

of the classified projects he worked on

788

00:34:00,470 --> 00:33:58,080

after some 30 years of fbi memos about

789

00:34:03,830 --> 00:34:00,480

making sure that this guy

790

00:34:06,950 --> 00:34:03,840

is not reporting to russia isn't in bed

791

00:34:10,550 --> 00:34:06,960

with china or anything like that

792

00:34:12,950 --> 00:34:10,560

i found memos that they uh

793

00:34:16,629 --> 00:34:12,960

the washington field of or the boston

794

00:34:19,990 --> 00:34:16,639

field office for the fbi was requesting

795

00:34:24,310 --> 00:34:20,000

from director hoover permission to groom

796

00:34:27,349 --> 00:34:24,320

dr manziel as a an informant or counter

797

00:34:30,069 --> 00:34:27,359

agent because he was still at that point

798

00:34:32,869 --> 00:34:30,079

in his career traveling to china and

799

00:34:37,430 --> 00:34:32,879

going to international conferences

800

00:34:41,270 --> 00:34:37,440

so it it's really hard to separate

801
00:34:43,030 --> 00:34:41,280
uh the intelligence aspects from the ufo

802
00:34:44,069 --> 00:34:43,040
steeple chase

803
00:34:47,230 --> 00:34:44,079
and

804
00:34:49,510 --> 00:34:47,240
it's just something that most people

805
00:34:51,109 --> 00:34:49,520
understandably don't even take into

806
00:34:53,349 --> 00:34:51,119
consideration

807
00:34:56,869 --> 00:34:53,359
when they're just heading off to

808
00:34:58,950 --> 00:34:56,879
a mufon meeting or an scu meeting and

809
00:35:01,990 --> 00:34:58,960
they want to hear about

810
00:35:03,430 --> 00:35:02,000
what's the latest ufo buzz what's been

811
00:35:04,390 --> 00:35:03,440
going on

812
00:35:07,750 --> 00:35:04,400
and

813
00:35:10,710 --> 00:35:07,760

those of us like me who are not in that

814

00:35:13,109 --> 00:35:10,720

line of work have not ever been employed

815

00:35:16,470 --> 00:35:13,119

in the intelligence community

816

00:35:18,630 --> 00:35:16,480

it it's really a whole uh

817

00:35:20,550 --> 00:35:18,640

different way of looking at things to

818

00:35:22,069 --> 00:35:20,560

start seeing it through that kind of

819

00:35:24,470 --> 00:35:22,079

lens

820

00:35:25,750 --> 00:35:24,480

i remember again i just brought up stan

821

00:35:27,990 --> 00:35:25,760

friedman a little while ago and i

822

00:35:31,430 --> 00:35:28,000

remember one of the times i spoke with

823

00:35:34,310 --> 00:35:31,440

him he was talking about dr manziel from

824

00:35:37,190 --> 00:35:34,320

the harvard harvard astronomy uh i

825

00:35:39,270 --> 00:35:37,200

believe that's right and that he

826

00:35:41,270 --> 00:35:39,280

figured out in a roundabout way that he

827

00:35:43,750 --> 00:35:41,280

did have a clearance

828

00:35:44,790 --> 00:35:43,760

a security clearance and was involved in

829

00:35:46,150 --> 00:35:44,800

something

830

00:35:48,390 --> 00:35:46,160

so uh

831

00:35:50,870 --> 00:35:48,400

that's kind of a interesting tie-in you

832

00:35:53,109 --> 00:35:50,880

know basically to it

833

00:35:54,150 --> 00:35:53,119

yes it is um

834

00:35:57,190 --> 00:35:54,160

uh

835

00:35:59,190 --> 00:35:57,200

my research indicates that dr manziel

836

00:36:00,069 --> 00:35:59,200

was involved

837

00:36:01,390 --> 00:36:00,079

in

838

00:36:06,630 --> 00:36:01,400

some

839

00:36:07,670 --> 00:36:06,640

applications of astronomy to spying and

840

00:36:14,550 --> 00:36:07,680

code

841

00:36:17,589 --> 00:36:14,560

and it had to do with work he was doing

842

00:36:20,790 --> 00:36:17,599

about the most advantageous time

843

00:36:24,950 --> 00:36:20,800

to send and intercept messages

844

00:36:27,829 --> 00:36:24,960

based on atmospheric conditions and uh

845

00:36:29,430 --> 00:36:27,839

that was just one of the things he did

846

00:36:33,349 --> 00:36:29,440

and uh

847

00:36:36,230 --> 00:36:33,359

i also found some interesting archives

848

00:36:40,550 --> 00:36:36,240

where he exchanged letters with

849

00:36:45,109 --> 00:36:40,560

uh ci director cia director hillen coder

850

00:36:48,550 --> 00:36:45,119

who also served ironically as the nycap

851
00:36:51,829 --> 00:36:48,560
chairman of the board for a few years

852
00:36:56,710 --> 00:36:51,839
and uh they had a

853
00:36:58,790 --> 00:36:56,720
debate about ufos and it became apparent

854
00:37:03,270 --> 00:36:58,800
in these letters that

855
00:37:07,589 --> 00:37:03,280
helen coder was telling menzel one thing

856
00:37:11,270 --> 00:37:07,599
and then he would tell nycap director

857
00:37:14,310 --> 00:37:11,280
donald kehoe another thing and so i

858
00:37:16,550 --> 00:37:14,320
found that interesting that helen coder

859
00:37:18,630 --> 00:37:16,560
seemed to be kind of talking out of both

860
00:37:25,190 --> 00:37:18,640
sides of his mouth about what his

861
00:37:26,630 --> 00:37:25,200
position on ufos was and also um menzel

862
00:37:30,150 --> 00:37:26,640
was

863
00:37:34,870 --> 00:37:30,160

uh purported to be one of the majestic

864

00:37:37,430 --> 00:37:34,880

12 the mj 12 as was hill and coder and

865

00:37:39,990 --> 00:37:37,440

the letters between the two certainly

866

00:37:41,750 --> 00:37:40,000

put that to bed that if the two of them

867

00:37:44,550 --> 00:37:41,760

were aware of any

868

00:37:46,790 --> 00:37:44,560

uh flying saucer retrievals they were

869

00:37:48,470 --> 00:37:46,800

sure playing the long game in their

870

00:37:51,750 --> 00:37:48,480

letters so that

871

00:37:53,510 --> 00:37:51,760

60 years later when we read them we will

872

00:37:57,270 --> 00:37:53,520

think that they didn't know anything

873

00:37:59,990 --> 00:37:57,280

about flying saucers

874

00:38:01,910 --> 00:38:00,000

interesting wow uh kehoe

875

00:38:04,870 --> 00:38:01,920

uh what an interesting

876

00:38:06,470 --> 00:38:04,880

character he was uh wasn't he and he was

877

00:38:09,190 --> 00:38:06,480

in the navy was it i'm trying to

878

00:38:13,430 --> 00:38:09,200

remember what branch i believe i believe

879

00:38:16,470 --> 00:38:13,440

marines um and he was a pilot

880

00:38:17,950 --> 00:38:16,480

and he was an interesting character he

881

00:38:22,550 --> 00:38:17,960

he wrote

882

00:38:25,990 --> 00:38:22,560

extensively for pulp magazines before

883

00:38:28,790 --> 00:38:26,000

he got involved with nycap and

884

00:38:32,470 --> 00:38:28,800

uh had attracted the attention of the

885

00:38:35,589 --> 00:38:32,480

fbi um some 20 years

886

00:38:37,430 --> 00:38:35,599

prior to his nycap involvement in the

887

00:38:41,349 --> 00:38:37,440

1950s

888

00:38:44,550 --> 00:38:41,359

so as early as i think like 1935

889

00:38:46,550 --> 00:38:44,560

uh he he was attracting

890

00:38:49,190 --> 00:38:46,560

attention about

891

00:38:51,670 --> 00:38:49,200

something or other i tried to

892

00:38:54,630 --> 00:38:51,680

foil you that and find out more and they

893

00:38:57,990 --> 00:38:54,640

were unable to locate the records but

894

00:39:00,470 --> 00:38:58,000

the fbi was able to give me documents

895

00:39:01,430 --> 00:39:00,480

that demonstrate that

896

00:39:04,470 --> 00:39:01,440

um

897

00:39:07,589 --> 00:39:04,480

director hoover and his staff did not

898

00:39:09,349 --> 00:39:07,599

think highly of kehoe's writing about

899

00:39:11,190 --> 00:39:09,359

the fbi

900

00:39:14,710 --> 00:39:11,200

and felt that

901
00:39:17,670 --> 00:39:14,720
uh things that kehoe was

902
00:39:20,230 --> 00:39:17,680
promoting were irresponsible like at one

903
00:39:22,870 --> 00:39:20,240
point he had written that uh

904
00:39:25,990 --> 00:39:22,880
i think he wrote that the

905
00:39:28,230 --> 00:39:26,000
nazis had a plan to take over the

906
00:39:30,950 --> 00:39:28,240
merchant marines or something to that

907
00:39:31,990 --> 00:39:30,960
effect and that the fbi was aware of the

908
00:39:33,990 --> 00:39:32,000
plan

909
00:39:35,190 --> 00:39:34,000
and of course that's the kind of thing

910
00:39:37,510 --> 00:39:35,200
that would get

911
00:39:40,829 --> 00:39:37,520
hoover's attention and that would

912
00:39:43,829 --> 00:39:40,839
certainly get on his bad side

913
00:39:45,589 --> 00:39:43,839

hmm but i thought he was uh i thought he

914

00:39:48,710 --> 00:39:45,599

was an advocate

915

00:39:51,589 --> 00:39:48,720

you know he was really uh pushing

916

00:39:54,390 --> 00:39:51,599

for you know i mean like people do today

917

00:39:56,470 --> 00:39:54,400

you know let's let's talk about this and

918

00:39:59,910 --> 00:39:56,480

you know so that's another reason he was

919

00:40:02,710 --> 00:39:59,920

probably looked on you know down upon

920

00:40:04,630 --> 00:40:02,720

and i believe there's a mike wallace or

921

00:40:06,950 --> 00:40:04,640

some and i'm trying to remember a great

922

00:40:09,829 --> 00:40:06,960

interview with him that you can find

923

00:40:12,710 --> 00:40:09,839

right have you ever that's correct kehoe

924

00:40:15,270 --> 00:40:12,720

was definitely what we today would call

925

00:40:16,550 --> 00:40:15,280

a disclosure advocate

926
00:40:20,710 --> 00:40:16,560
he

927
00:40:23,589 --> 00:40:20,720
very much believed in a ufo presence and

928
00:40:25,870 --> 00:40:23,599
thought that it was and

929
00:40:29,030 --> 00:40:25,880
i thought that ufos represented

930
00:40:32,309 --> 00:40:29,040
interplanetary spacecraft

931
00:40:35,109 --> 00:40:32,319
one of my criticisms of nycap was that

932
00:40:38,550 --> 00:40:35,119
they promoted themselves

933
00:40:42,309 --> 00:40:38,560
as a scientific research organization

934
00:40:45,589 --> 00:40:42,319
and in many aspects they were

935
00:40:49,750 --> 00:40:45,599
but they also used it as somewhat of a

936
00:40:52,390 --> 00:40:49,760
facade to try to deflect criticism

937
00:40:55,589 --> 00:40:52,400
and they sent out a lot of things that

938
00:40:56,950 --> 00:40:55,599

that would not be a lot of material and

939

00:40:59,190 --> 00:40:56,960

literature

940

00:41:00,550 --> 00:40:59,200

that would not and should not be

941

00:41:05,270 --> 00:41:00,560

considered

942

00:41:07,190 --> 00:41:05,280

uh in line with by definition scientific

943

00:41:08,550 --> 00:41:07,200

investigation

944

00:41:10,069 --> 00:41:08,560

and

945

00:41:12,470 --> 00:41:10,079

kehoe

946

00:41:14,790 --> 00:41:12,480

at least outwardly and i tend to think

947

00:41:18,150 --> 00:41:14,800

this is correct

948

00:41:22,309 --> 00:41:18,160

became convinced that

949

00:41:24,710 --> 00:41:22,319

the fbi the cia the air force

950

00:41:27,430 --> 00:41:24,720

were hiding its

951
00:41:28,790 --> 00:41:27,440
their knowledge of an extraterrestrial

952
00:41:33,109 --> 00:41:28,800
presence

953
00:41:35,990 --> 00:41:33,119
and he felt like the key to getting this

954
00:41:39,270 --> 00:41:36,000
proof and this knowledge was through

955
00:41:42,470 --> 00:41:39,280
people leaking documents and

956
00:41:45,190 --> 00:41:42,480
through congressional hearings

957
00:41:49,030 --> 00:41:45,200
much like we're seeing today there are a

958
00:41:52,230 --> 00:41:49,040
lot of parallels between the nycap saga

959
00:41:53,750 --> 00:41:52,240
of the 1960s and today

960
00:41:57,109 --> 00:41:53,760
and

961
00:41:59,430 --> 00:41:57,119
kehoe essentially became a lobbyist

962
00:42:00,870 --> 00:41:59,440
whether he may have considered himself

963
00:42:04,630 --> 00:42:00,880

that or not

964

00:42:06,790 --> 00:42:04,640

and nycap successfully got

965

00:42:09,270 --> 00:42:06,800

congressional hearings

966

00:42:11,750 --> 00:42:09,280

that didn't turn out as they had hoped

967

00:42:12,950 --> 00:42:11,760

they would and and there's a whole you

968

00:42:15,589 --> 00:42:12,960

know

969

00:42:18,390 --> 00:42:15,599

list of different opinions on how and

970

00:42:20,950 --> 00:42:18,400

why that happened that the the bottom

971

00:42:24,390 --> 00:42:20,960

line is people that want to believe are

972

00:42:28,470 --> 00:42:24,400

always going to play the cover-up card

973

00:42:31,510 --> 00:42:28,480

and those of us that that

974

00:42:33,030 --> 00:42:31,520

might be a bit more even-handed or

975

00:42:36,630 --> 00:42:33,040

skeptical

976
00:42:39,109 --> 00:42:36,640
are going to say well maybe that's so

977
00:42:42,790 --> 00:42:39,119
but it hasn't been proven

978
00:42:44,470 --> 00:42:42,800
and if there is proof somewhere it it

979
00:42:45,589 --> 00:42:44,480
hasn't come out

980
00:42:49,109 --> 00:42:45,599
and

981
00:42:53,109 --> 00:42:49,119
pretty much every conceivable

982
00:42:54,309 --> 00:42:53,119
attempt has been made by a politician

983
00:42:57,270 --> 00:42:54,319
and

984
00:43:00,309 --> 00:42:57,280
a disclosure activist

985
00:43:02,390 --> 00:43:00,319
military intelligence people

986
00:43:07,990 --> 00:43:02,400
all of the things that we see happening

987
00:43:10,630 --> 00:43:08,000
today happen in spades with nycap that

988
00:43:13,030 --> 00:43:10,640

directors of

989

00:43:16,950 --> 00:43:13,040

intelligence agencies

990

00:43:19,349 --> 00:43:16,960

career intelligence officers cia

991

00:43:21,589 --> 00:43:19,359

officers were going on the record

992

00:43:24,950 --> 00:43:21,599

talking about

993

00:43:26,470 --> 00:43:24,960

their belief about flying saucers

994

00:43:28,950 --> 00:43:26,480

and

995

00:43:31,990 --> 00:43:28,960

were some of that sincere

996

00:43:34,390 --> 00:43:32,000

i would think so maybe most of it i

997

00:43:37,670 --> 00:43:34,400

don't think all of it was i i think

998

00:43:39,270 --> 00:43:37,680

there were there were mixed agendas

999

00:43:41,430 --> 00:43:39,280

and uh

1000

00:43:43,349 --> 00:43:41,440

i tend to think so for what i was

1001
00:43:45,750 --> 00:43:43,359
discussing earlier

1002
00:43:46,630 --> 00:43:45,760
reasons as i mentioned earlier

1003
00:43:49,910 --> 00:43:46,640
that

1004
00:43:51,510 --> 00:43:49,920
uh there was a lot of

1005
00:43:54,390 --> 00:43:51,520
obstruction

1006
00:43:56,790 --> 00:43:54,400
about the backgrounds of the people that

1007
00:43:57,910 --> 00:43:56,800
incorporated nycap

1008
00:44:00,710 --> 00:43:57,920
and

1009
00:44:03,990 --> 00:44:00,720
the same way that we know now that

1010
00:44:06,230 --> 00:44:04,000
academic conferences can be used as an

1011
00:44:08,470 --> 00:44:06,240
intelligence community tool

1012
00:44:09,670 --> 00:44:08,480
we also know now

1013
00:44:13,550 --> 00:44:09,680

that

1014

00:44:17,190 --> 00:44:13,560
nonprofit corporations 501 c 3

1015

00:44:18,150 --> 00:44:17,200
corporations such as nycap

1016

00:44:21,349 --> 00:44:18,160
were

1017

00:44:23,750 --> 00:44:21,359
commonly used by intelligence agencies

1018

00:44:27,349 --> 00:44:23,760
to distribute funds

1019

00:44:30,230 --> 00:44:27,359
and to covertly move money around and

1020

00:44:33,030 --> 00:44:30,240
uh i think that that might play into the

1021

00:44:34,870 --> 00:44:33,040
story as well i i think when

1022

00:44:37,990 --> 00:44:34,880
nycap was

1023

00:44:40,069 --> 00:44:38,000
first incorporated by intelligence

1024

00:44:42,230 --> 00:44:40,079
community assets

1025

00:44:45,670 --> 00:44:42,240
i think that they had some different

1026
00:44:48,630 --> 00:44:45,680
ideas about where it might go

1027
00:44:49,670 --> 00:44:48,640
and then that's back to how we were

1028
00:44:53,270 --> 00:44:49,680
saying

1029
00:44:55,270 --> 00:44:53,280
the the the particulars

1030
00:44:57,589 --> 00:44:55,280
change from one

1031
00:44:59,990 --> 00:44:57,599
instance to the next sometimes they

1032
00:45:02,150 --> 00:45:00,000
might be looking for leaks

1033
00:45:04,950 --> 00:45:02,160
sometimes they might be doing counter

1034
00:45:06,309 --> 00:45:04,960
intelligence and trying to find out

1035
00:45:08,870 --> 00:45:06,319
what

1036
00:45:12,470 --> 00:45:08,880
foreign adversaries are interested in

1037
00:45:14,309 --> 00:45:12,480
making connections with these leaks

1038
00:45:17,430 --> 00:45:14,319

sometimes they might be planning

1039

00:45:20,790 --> 00:45:17,440

disinformation about

1040

00:45:24,069 --> 00:45:20,800

uh fabricated weapon systems that don't

1041

00:45:26,390 --> 00:45:24,079

really exist like you might be aware or

1042

00:45:29,190 --> 00:45:26,400

your audience might be aware that james

1043

00:45:31,670 --> 00:45:29,200

carrion has done some good work

1044

00:45:32,349 --> 00:45:31,680

and uncovered

1045

00:45:38,589 --> 00:45:32,359

the

1046

00:45:41,589 --> 00:45:38,599

late 1940s that was

1047

00:45:44,950 --> 00:45:41,599

misrepresented to the press to be

1048

00:45:48,790 --> 00:45:44,960

an airborne weapon

1049

00:45:51,910 --> 00:45:48,800

as powerful as the atomic bomb and

1050

00:45:54,069 --> 00:45:51,920

uh carry on found in his research that

1051

00:45:56,069 --> 00:45:54,079

in actuality had been

1052

00:45:58,950 --> 00:45:56,079

it had been shelved and

1053

00:46:02,069 --> 00:45:58,960

uh dissolved like a year before it was

1054

00:46:04,390 --> 00:46:02,079

being misrepresented to the press and i

1055

00:46:06,790 --> 00:46:04,400

i just think you know there is

1056

00:46:10,470 --> 00:46:06,800

pick a card any card you know there's

1057

00:46:12,470 --> 00:46:10,480

just there's at least 52 reasons of why

1058

00:46:15,430 --> 00:46:12,480

the intelligence community might be

1059

00:46:18,390 --> 00:46:15,440

interested in games like that from one

1060

00:46:21,829 --> 00:46:18,400

specific instance to the next

1061

00:46:23,030 --> 00:46:21,839

now uh colonel or retired colonel joseph

1062

00:46:24,230 --> 00:46:23,040

bryan

1063

00:46:26,950 --> 00:46:24,240

1064

00:46:28,950 --> 00:46:26,960

he was a bit was he a bit controversial

1065

00:46:31,030 --> 00:46:28,960

was because there was a rumor that he

1066

00:46:33,750 --> 00:46:31,040

was definitely involved in

1067

00:46:35,589 --> 00:46:33,760

the cia or something right

1068

00:46:38,870 --> 00:46:35,599

yes uh

1069

00:46:42,069 --> 00:46:38,880

colonel bryan was virtually certainly a

1070

00:46:44,630 --> 00:46:42,079

cia officer as represented in the new

1071

00:46:46,790 --> 00:46:44,640

york times and and other

1072

00:46:48,550 --> 00:46:46,800

uh media outlets

1073

00:46:50,790 --> 00:46:48,560

and

1074

00:46:53,589 --> 00:46:50,800

a number of these people like like

1075

00:46:57,470 --> 00:46:53,599

joseph bryan is one

1076
00:46:59,430 --> 00:46:57,480
has been of great interest to

1077
00:47:02,309 --> 00:46:59,440
historians

1078
00:47:05,510 --> 00:47:02,319
over the years for reasons that have

1079
00:47:08,710 --> 00:47:05,520
nothing to do with ufos

1080
00:47:11,750 --> 00:47:08,720
and that is because colonel bryan and

1081
00:47:15,030 --> 00:47:11,760
some of the other nycat people

1082
00:47:17,510 --> 00:47:15,040
played significant roles in american and

1083
00:47:21,430 --> 00:47:17,520
global politics

1084
00:47:24,710 --> 00:47:21,440
uh nicholas de roquefort is one that

1085
00:47:27,030 --> 00:47:24,720
has been the subject of cia lawsuits to

1086
00:47:30,950 --> 00:47:27,040
try to get records on him

1087
00:47:33,750 --> 00:47:30,960
that was an original nycap organizer

1088
00:47:35,670 --> 00:47:33,760

and like colonel bryan

1089

00:47:39,190 --> 00:47:35,680

was a

1090

00:47:43,030 --> 00:47:39,200

expert in psychological warfare

1091

00:47:47,190 --> 00:47:43,040

and colonel bryan was one who was uh

1092

00:47:48,710 --> 00:47:47,200

with nycap almost its entire

1093

00:47:50,950 --> 00:47:48,720

life cycle

1094

00:47:53,190 --> 00:47:50,960

and he sat on the board

1095

00:47:55,030 --> 00:47:53,200

and uh had

1096

00:47:57,510 --> 00:47:55,040

connections in the intelligence

1097

00:47:59,109 --> 00:47:57,520

community that that go back to the early

1098

00:48:01,990 --> 00:47:59,119

1950s

1099

00:48:04,950 --> 00:48:02,000

he reportedly worked in the opposite of

1100

00:48:07,030 --> 00:48:04,960

policy coordination

1101
00:48:09,910 --> 00:48:07,040
and uh

1102
00:48:11,430 --> 00:48:09,920
as i've said my general thesis is

1103
00:48:15,270 --> 00:48:11,440
there's this group

1104
00:48:17,910 --> 00:48:15,280
that we can put directly with nycat

1105
00:48:20,390 --> 00:48:17,920
if we want to start letting me get manic

1106
00:48:22,790 --> 00:48:20,400
and sticking pins all over the wall like

1107
00:48:26,309 --> 00:48:22,800
that meme that goes around

1108
00:48:29,829 --> 00:48:26,319
this this office of policy coordination

1109
00:48:33,829 --> 00:48:29,839
just had a whole crew of people that

1110
00:48:35,430 --> 00:48:33,839
keep popping up during the 1950s

1111
00:48:38,790 --> 00:48:35,440
in

1112
00:48:42,309 --> 00:48:38,800
the cia and the ufo community

1113
00:48:43,750 --> 00:48:42,319

and had organizations linked to it that

1114

00:48:46,829 --> 00:48:43,760

were gathering

1115

00:48:51,150 --> 00:48:46,839

information for it and acting as assets

1116

00:48:53,990 --> 00:48:51,160

abroad that were directly involved in

1117

00:48:56,069 --> 00:48:54,000

incorporating and initially operating

1118

00:49:00,069 --> 00:48:56,079

nycap

1119

00:49:01,430 --> 00:49:00,079

i'm personally skeptical of the mj12 on

1120

00:49:04,870 --> 00:49:01,440

papers

1121

00:49:06,710 --> 00:49:04,880

and also the one signed by eisenhower

1122

00:49:08,790 --> 00:49:06,720

um because that's a

1123

00:49:11,030 --> 00:49:08,800

that signature i mean it

1124

00:49:13,430 --> 00:49:11,040

it just i mean it's his signature but it

1125

00:49:15,270 --> 00:49:13,440

could have so easily been floated on a

1126

00:49:17,990 --> 00:49:15,280

copy which that is it's not a it's not

1127

00:49:19,750 --> 00:49:18,000

an original but anyway being skeptical

1128

00:49:21,829 --> 00:49:19,760

of all that and also we can talk a

1129

00:49:24,390 --> 00:49:21,839

little bit about bill moore

1130

00:49:27,750 --> 00:49:24,400

um but do you think there was actually

1131

00:49:31,270 --> 00:49:27,760

some type of organization like mj 12

1132

00:49:33,910 --> 00:49:31,280

headed by these people like um

1133

00:49:37,510 --> 00:49:33,920

menzel and people like that

1134

00:49:39,430 --> 00:49:37,520

in the spirit of the question no i i do

1135

00:49:41,430 --> 00:49:39,440

not um

1136

00:49:43,349 --> 00:49:41,440

were there meetings were there

1137

00:49:46,150 --> 00:49:43,359

discussions

1138

00:49:48,950 --> 00:49:46,160

could you really try to take a square

1139

00:49:52,870 --> 00:49:48,960

peg and pound it into a round hole

1140

00:49:53,750 --> 00:49:52,880

somewhere or other probably maybe

1141

00:49:55,829 --> 00:49:53,760

but

1142

00:49:58,470 --> 00:49:55,839

in the spirit of your question do i

1143

00:49:59,349 --> 00:49:58,480

think there was something resembling

1144

00:50:02,150 --> 00:49:59,359

an

1145

00:50:04,230 --> 00:50:02,160

elite task force that

1146

00:50:05,589 --> 00:50:04,240

uh

1147

00:50:09,670 --> 00:50:05,599

that that

1148

00:50:12,309 --> 00:50:09,680

retrieved crashed alien spacecraft

1149

00:50:15,349 --> 00:50:12,319

i i just you know would have no reason

1150

00:50:17,750 --> 00:50:15,359

to believe that without further

1151
00:50:19,349 --> 00:50:17,760
documentation

1152
00:50:21,670 --> 00:50:19,359
right and

1153
00:50:25,030 --> 00:50:21,680
when this um

1154
00:50:26,630 --> 00:50:25,040
when this came out going back to

1155
00:50:28,790 --> 00:50:26,640
the papers when they came out there were

1156
00:50:30,150 --> 00:50:28,800
so many people that were really thinking

1157
00:50:32,470 --> 00:50:30,160
thinking it was

1158
00:50:33,510 --> 00:50:32,480
you know that's the smoking gun you know

1159
00:50:39,030 --> 00:50:33,520
this is

1160
00:50:42,390 --> 00:50:39,040
um you know in recent years or

1161
00:50:45,349 --> 00:50:42,400
the last year or year or two i would say

1162
00:50:47,109 --> 00:50:45,359
we have the wilson document have you

1163
00:50:49,430 --> 00:50:47,119

looked into that i mean i personally

1164

00:50:51,750 --> 00:50:49,440

think that's kind of along the same line

1165

00:50:54,230 --> 00:50:51,760

um you know supposedly eric davis was

1166

00:50:57,109 --> 00:50:54,240

involved but he won't say whether he was

1167

00:50:59,829 --> 00:50:57,119

or not and it took place in las vegas

1168

00:51:01,030 --> 00:50:59,839

and um you know it's another very

1169

00:51:02,790 --> 00:51:01,040

similar

1170

00:51:04,630 --> 00:51:02,800

it seems like another

1171

00:51:06,309 --> 00:51:04,640

similar type of situation have you

1172

00:51:10,710 --> 00:51:06,319

looked into that at all

1173

00:51:13,589 --> 00:51:10,720

i have um the the outskirts of it i

1174

00:51:16,790 --> 00:51:13,599

haven't done a deep dive and it's the

1175

00:51:18,390 --> 00:51:16,800

very type of circumstance like i touched

1176
00:51:19,510 --> 00:51:18,400
on earlier

1177
00:51:23,030 --> 00:51:19,520
that

1178
00:51:24,230 --> 00:51:23,040
i i got to where i lost interest

1179
00:51:26,309 --> 00:51:24,240
and

1180
00:51:29,030 --> 00:51:26,319
uh

1181
00:51:33,430 --> 00:51:29,040
all of these

1182
00:51:36,470 --> 00:51:33,440
narratives that rely on trusting someone

1183
00:51:39,270 --> 00:51:36,480
about what they say they saw or what

1184
00:51:40,309 --> 00:51:39,280
they say someone told them

1185
00:51:43,430 --> 00:51:40,319
and

1186
00:51:46,790 --> 00:51:43,440
uh like like i said i used to go to

1187
00:51:49,030 --> 00:51:46,800
conferences and i would uh talk to and

1188
00:51:50,710 --> 00:51:49,040

interview some of the intelligence

1189

00:51:53,910 --> 00:51:50,720

community members

1190

00:51:57,430 --> 00:51:53,920

and i learned some things from it but

1191

00:52:00,470 --> 00:51:57,440

one of those things i learned was

1192

00:52:02,710 --> 00:52:00,480

there there's never a time coming that

1193

00:52:04,950 --> 00:52:02,720

they're just gonna say well you ask the

1194

00:52:07,190 --> 00:52:04,960

question in the right way let me get out

1195

00:52:08,870 --> 00:52:07,200

my briefcase and i have those documents

1196

00:52:11,670 --> 00:52:08,880

right here to give you

1197

00:52:14,150 --> 00:52:11,680

is just not coming like like what can

1198

00:52:16,309 --> 00:52:14,160

anyone possibly say

1199

00:52:18,950 --> 00:52:16,319

that would matter you know like if

1200

00:52:21,430 --> 00:52:18,960

colonel john alexander told me

1201
00:52:24,309 --> 00:52:21,440
unequivocally i saw this that and the

1202
00:52:27,349 --> 00:52:24,319
other and it exists well all i've got is

1203
00:52:30,390 --> 00:52:27,359
a statement what difference does it make

1204
00:52:31,829 --> 00:52:30,400
so we have to get the documents and we

1205
00:52:34,150 --> 00:52:31,839
have to get

1206
00:52:37,030 --> 00:52:34,160
the supporting evidence that is

1207
00:52:40,150 --> 00:52:37,040
available for public review

1208
00:52:41,030 --> 00:52:40,160
and that qualified scientists

1209
00:52:42,870 --> 00:52:41,040
put

1210
00:52:45,430 --> 00:52:42,880
a pencil to it

1211
00:52:48,150 --> 00:52:45,440
and it passes peer review

1212
00:52:49,670 --> 00:52:48,160
and it's not under uh

1213
00:52:55,990 --> 00:52:49,680

some

1214

00:52:58,870 --> 00:52:56,000

phds like to wink and say i can't talk

1215

00:53:00,710 --> 00:52:58,880

about that i'm just not even interested

1216

00:53:03,109 --> 00:53:00,720

anymore

1217

00:53:06,150 --> 00:53:03,119

and i know we're kind of talking about

1218

00:53:09,109 --> 00:53:06,160

these subjects and this has some revel

1219

00:53:10,230 --> 00:53:09,119

uh relevance to it but bill moore he

1220

00:53:12,150 --> 00:53:10,240

came out

1221

00:53:14,150 --> 00:53:12,160

you know during her he basically came

1222

00:53:16,309 --> 00:53:14,160

out said that he was working was it for

1223

00:53:17,829 --> 00:53:16,319

the cia who is he was working for some

1224

00:53:20,470 --> 00:53:17,839

type of intelligence

1225

00:53:24,549 --> 00:53:20,480

uh he i think he believed them to be

1226

00:53:27,190 --> 00:53:24,559

connected to the cia and that the

1227

00:53:29,270 --> 00:53:27,200

air force the air force office of

1228

00:53:32,309 --> 00:53:29,280

special investigations

1229

00:53:34,230 --> 00:53:32,319

that plays pretty heavily into the nycap

1230

00:53:35,270 --> 00:53:34,240

saga as well

1231

00:53:39,270 --> 00:53:35,280

and

1232

00:53:41,270 --> 00:53:39,280

moore believed that if he played ball

1233

00:53:44,870 --> 00:53:41,280

and put some

1234

00:53:48,710 --> 00:53:44,880

stories into the ufo community

1235

00:53:51,910 --> 00:53:48,720

as he was given to put

1236

00:53:54,069 --> 00:53:51,920

that then he would get the

1237

00:53:56,230 --> 00:53:54,079

the the goodies that he would they'd

1238

00:53:58,790 --> 00:53:56,240

dance with him and reward him with the

1239

00:53:59,910 --> 00:53:58,800

kind of information he wanted

1240

00:54:03,270 --> 00:53:59,920

and

1241

00:54:06,150 --> 00:54:03,280

eventually he he decided the reward

1242

00:54:08,870 --> 00:54:06,160

wasn't coming and he came clean with the

1243

00:54:10,950 --> 00:54:08,880

whole story that he had been acting as

1244

00:54:13,990 --> 00:54:10,960

what he believed to be

1245

00:54:16,549 --> 00:54:14,000

a disinformation mouthpiece for the

1246

00:54:17,510 --> 00:54:16,559

intelligence community

1247

00:54:20,150 --> 00:54:17,520

and

1248

00:54:21,270 --> 00:54:20,160

so then we're left

1249

00:54:23,510 --> 00:54:21,280

with

1250

00:54:25,750 --> 00:54:23,520

which story do you want to believe you

1251
00:54:26,630 --> 00:54:25,760
want to believe the one that he's saying

1252
00:54:34,549 --> 00:54:26,640
he

1253
00:54:36,829 --> 00:54:34,559
uh

1254
00:54:38,789 --> 00:54:36,839
come to jesus moment and day of

1255
00:54:39,990 --> 00:54:38,799
reckoning or

1256
00:54:42,630 --> 00:54:40,000
uh

1257
00:54:45,349 --> 00:54:42,640
you know it's just tough when when

1258
00:54:48,789 --> 00:54:45,359
someone says i'm a liar and i'm being

1259
00:54:50,470 --> 00:54:48,799
honest but now listen to this

1260
00:54:54,150 --> 00:54:50,480
and uh

1261
00:54:57,349 --> 00:54:54,160
i i tend to think moore's story is is

1262
00:54:59,750 --> 00:54:57,359
corroborated enough with the

1263
00:55:02,870 --> 00:54:59,760

the paul benowitz affair and things like

1264

00:55:06,470 --> 00:55:02,880

that that it it looks pretty solid there

1265

00:55:08,630 --> 00:55:06,480

was certainly shenanigans going on it's

1266

00:55:11,109 --> 00:55:08,640

certainly a concerning story with

1267

00:55:12,789 --> 00:55:11,119

richard doty and the whole chain of

1268

00:55:14,710 --> 00:55:12,799

events

1269

00:55:17,589 --> 00:55:14,720

but uh

1270

00:55:21,109 --> 00:55:17,599

again we're just left with people made a

1271

00:55:23,910 --> 00:55:21,119

lot of statements about stuff and as my

1272

00:55:27,109 --> 00:55:23,920

uh my buddy tim benall says

1273

00:55:27,880 --> 00:55:27,119

show me the alien just show me the alien

1274

00:55:30,789 --> 00:55:27,890

you know

1275

00:55:32,710 --> 00:55:30,799

[Laughter]

1276

00:55:35,349 --> 00:55:32,720

pretty funny uh

1277

00:55:37,430 --> 00:55:35,359

yep so someone put in here let's see

1278

00:55:39,750 --> 00:55:37,440

what do you think about the halt memo

1279

00:55:42,230 --> 00:55:39,760

have you i mean that's

1280

00:55:43,910 --> 00:55:42,240

uh charles halt wrote about rendelsham

1281

00:55:46,150 --> 00:55:43,920

force

1282

00:55:48,630 --> 00:55:46,160

um you know he basically i think he

1283

00:55:50,069 --> 00:55:48,640

actually put in the wrong date something

1284

00:55:51,990 --> 00:55:50,079

like i know something like that had to

1285

00:55:54,549 --> 00:55:52,000

do with you know radar uh they were

1286

00:55:55,990 --> 00:55:54,559

looking into it but but basically this

1287

00:55:59,109 --> 00:55:56,000

was uh

1288

00:56:01,109 --> 00:55:59,119

he uh supposedly happened early morning

1289

00:56:03,670 --> 00:56:01,119

on the 27th of december

1290

00:56:06,230 --> 00:56:03,680

1980 and he talks about

1291

00:56:09,589 --> 00:56:06,240

you know the security seeing this uh

1292

00:56:11,109 --> 00:56:09,599

triangle-shaped ufo blah blah blah

1293

00:56:12,630 --> 00:56:11,119

so someone just didn't chat just wanted

1294

00:56:14,630 --> 00:56:12,640

to know what you thought about that memo

1295

00:56:18,150 --> 00:56:14,640

have you ever looked at it

1296

00:56:21,190 --> 00:56:18,160

my general opinion on rendelsham is that

1297

00:56:21,990 --> 00:56:21,200

it's a fascinating case

1298

00:56:31,670 --> 00:56:22,000

i

1299

00:56:35,349 --> 00:56:31,680

enough

1300

00:56:39,030 --> 00:56:35,359

talented uh competent people have

1301

00:56:42,549 --> 00:56:39,040

and my general opinion on it is

1302

00:56:45,589 --> 00:56:42,559

that it's another in a long line of

1303

00:56:48,789 --> 00:56:45,599

fantastic ufo stories that happen to

1304

00:56:51,670 --> 00:56:48,799

center around a bunch of military people

1305

00:56:54,390 --> 00:56:51,680

and so so we can take that to mean

1306

00:56:57,109 --> 00:56:54,400

whatever we want it to mean

1307

00:56:59,750 --> 00:56:57,119

and uh

1308

00:57:01,829 --> 00:56:59,760

again we have a story that something

1309

00:57:04,150 --> 00:57:01,839

happened and i think that's just kind of

1310

00:57:06,309 --> 00:57:04,160

the long and the short of it

1311

00:57:08,549 --> 00:57:06,319

yeah yeah it's interesting i've talked

1312

00:57:11,190 --> 00:57:08,559

to a number of people involved and

1313

00:57:13,270 --> 00:57:11,200

it is uh you know it's kind of

1314

00:57:16,069 --> 00:57:13,280
convoluted with all you know the

1315

00:57:17,750 --> 00:57:16,079
different witnesses that 1980 goes back

1316

00:57:20,470 --> 00:57:17,760
a long time now

1317

00:57:23,589 --> 00:57:20,480
and your memory is not

1318

00:57:25,829 --> 00:57:23,599
everyone's memory falters a little as

1319

00:57:28,390 --> 00:57:25,839
they rethink and retell the stories over

1320

00:57:30,150 --> 00:57:28,400
the years so yeah as time the further

1321

00:57:33,190 --> 00:57:30,160
away we get from any of these things you

1322

00:57:36,069 --> 00:57:33,200
know talking about roswell way back that

1323

00:57:37,829 --> 00:57:36,079
that's so long ago um you know i don't

1324

00:57:39,109 --> 00:57:37,839
know if we'll ever know exactly what

1325

00:57:41,109 --> 00:57:39,119
happened

1326

00:57:43,510 --> 00:57:41,119

there there's there's

1327

00:57:46,069 --> 00:57:43,520

you know uh often people will say why do

1328

00:57:48,870 --> 00:57:46,079

you even talk about that case

1329

00:57:51,430 --> 00:57:48,880

uh you know as if nothing

1330

00:57:54,710 --> 00:57:51,440

you know knew could ever come about and

1331

00:57:57,910 --> 00:57:54,720

most likely it won't at this point

1332

00:57:59,829 --> 00:57:57,920

yeah yeah i i'm definitely on the same

1333

00:58:02,309 --> 00:57:59,839

page with you there

1334

00:58:04,150 --> 00:58:02,319

and in fact i think with the whole

1335

00:58:07,349 --> 00:58:04,160

memory thing

1336

00:58:09,589 --> 00:58:07,359

um one of the criticisms i would make of

1337

00:58:12,069 --> 00:58:09,599

the ufo scene

1338

00:58:15,270 --> 00:58:12,079

is that

1339

00:58:17,109 --> 00:58:15,280

we tend to skip the basics like we were

1340

00:58:19,990 --> 00:58:17,119

saying about understanding the

1341

00:58:22,230 --> 00:58:20,000

intelligence community and want to go

1342

00:58:24,789 --> 00:58:22,240

for the good stuff you know show me the

1343

00:58:25,829 --> 00:58:24,799

alien where's the flying saucer in this

1344

00:58:28,789 --> 00:58:25,839

story

1345

00:58:29,910 --> 00:58:28,799

um just tell me you know what did

1346

00:58:31,829 --> 00:58:29,920

you see

1347

00:58:33,430 --> 00:58:31,839

that kind of stuff

1348

00:58:37,109 --> 00:58:33,440

when

1349

00:58:39,109 --> 00:58:37,119

i was interested enough in this that

1350

00:58:41,910 --> 00:58:39,119

i i

1351
00:58:44,069 --> 00:58:41,920
read arguably an inordinate amount of

1352
00:58:47,750 --> 00:58:44,079
material on

1353
00:58:51,190 --> 00:58:47,760
the peripheral topics like memory

1354
00:58:53,109 --> 00:58:51,200
and hypnosis as a memory retrieval tool

1355
00:58:54,230 --> 00:58:53,119
and things like that

1356
00:58:56,710 --> 00:58:54,240
and

1357
00:58:59,750 --> 00:58:56,720
uh you're you're absolutely just hitting

1358
00:59:04,069 --> 00:58:59,760
the nail on the head there martin that

1359
00:59:05,910 --> 00:59:04,079
um i for instance had a ufo sighting

1360
00:59:09,270 --> 00:59:05,920
many years ago

1361
00:59:11,430 --> 00:59:09,280
and from what i've read about memory

1362
00:59:13,270 --> 00:59:11,440
i'm to the point where i like really

1363
00:59:15,589 --> 00:59:13,280

don't even want to talk about it with

1364

00:59:17,670 --> 00:59:15,599

people and stuff because i probably

1365

00:59:19,510 --> 00:59:17,680

don't know what happened all right so

1366

00:59:21,109 --> 00:59:19,520

now we're going to talk about it

1367

00:59:24,630 --> 00:59:21,119

that's right

1368

00:59:28,309 --> 00:59:24,640

no you end up you end up with a memory

1369

00:59:30,069 --> 00:59:28,319

of telling the story that's exactly i've

1370

00:59:32,630 --> 00:59:30,079

been doing i've talked about this on

1371

00:59:35,910 --> 00:59:32,640

this show a few times that i myself too

1372

00:59:37,349 --> 00:59:35,920

have been looking into memory and you

1373

00:59:39,430 --> 00:59:37,359

know you you

1374

00:59:40,870 --> 00:59:39,440

you're exactly right you start piecing

1375

00:59:43,109 --> 00:59:40,880

back

1376

00:59:44,870 --> 00:59:43,119

what you each time you think of

1377

00:59:47,270 --> 00:59:44,880

something you're rebuilding it in your

1378

00:59:48,789 --> 00:59:47,280

head you're rebuilding it in your mind

1379

00:59:50,870 --> 00:59:48,799

and you're rebuilding it from what you

1380

00:59:54,470 --> 00:59:50,880

remember the last time you told it

1381

00:59:56,630 --> 00:59:54,480

you know so it's uh it is it is uh very

1382

00:59:59,270 --> 00:59:56,640

faltering you know i thought i had my

1383

01:00:02,309 --> 00:59:59,280

ufo sighting i've told on this this show

1384

01:00:03,750 --> 01:00:02,319

many times it was not real exciting but

1385

01:00:06,150 --> 01:00:03,760

i'd like to think that i have it

1386

01:00:09,030 --> 01:00:06,160

accurately but you know perhaps i don't

1387

01:00:12,390 --> 01:00:09,040

you know and uh i remember recently i

1388

01:00:13,270 --> 01:00:12,400

was thinking was that 2006 or 2007 i

1389

01:00:16,470 --> 01:00:13,280

wasn't

1390

01:00:17,670 --> 01:00:16,480

you know so but i do uh honestly even

1391

01:00:19,349 --> 01:00:17,680

though you don't want to tell it i do

1392

01:00:22,390 --> 01:00:19,359

want to hear about your ufo story if you

1393

01:00:23,670 --> 01:00:22,400

don't i i was a child in charlotte north

1394

01:00:25,670 --> 01:00:23,680

carolina

1395

01:00:28,950 --> 01:00:25,680

and i uh

1396

01:00:31,990 --> 01:00:28,960

saw something that um

1397

01:00:33,910 --> 01:00:32,000

it it's hard to describe we might

1398

01:00:38,069 --> 01:00:33,920

describe it as

1399

01:00:39,270 --> 01:00:38,079

a v or protractor shaped that was

1400

01:00:42,710 --> 01:00:39,280

spinning

1401

01:00:44,630 --> 01:00:42,720

and so as an adult i think back it was

1402

01:00:47,589 --> 01:00:44,640

night time

1403

01:00:50,230 --> 01:00:47,599

i think back and then okay i guess maybe

1404

01:00:52,390 --> 01:00:50,240

the way lights were hitting an object

1405

01:00:53,270 --> 01:00:52,400

made it look like

1406

01:00:56,950 --> 01:00:53,280

um

1407

01:00:58,950 --> 01:00:56,960

something spinning in that way uh trying

1408

01:01:00,789 --> 01:00:58,960

to you know get my mind wrapped around

1409

01:01:03,670 --> 01:01:00,799

what it might have been

1410

01:01:05,990 --> 01:01:03,680

and uh at this point in my life have

1411

01:01:08,789 --> 01:01:06,000

just kind of come to

1412

01:01:12,069 --> 01:01:08,799

the realization i don't know and i'm

1413

01:01:15,190 --> 01:01:12,079

just okay with i don't know what i saw

1414

01:01:16,069 --> 01:01:15,200

and that's just kind of how it has to be

1415

01:01:19,670 --> 01:01:16,079

and

1416

01:01:20,710 --> 01:01:19,680

um the more we talk about these things

1417

01:01:23,670 --> 01:01:20,720

then

1418

01:01:26,630 --> 01:01:23,680

the more people are entitled to want to

1419

01:01:29,430 --> 01:01:26,640

ask questions and okay well

1420

01:01:32,069 --> 01:01:29,440

what where were you what was the date

1421

01:01:34,230 --> 01:01:32,079

let's look at airplane traffic let's

1422

01:01:35,349 --> 01:01:34,240

look at weather forecast

1423

01:01:37,910 --> 01:01:35,359

and

1424

01:01:42,230 --> 01:01:37,920

then you start having people trying to

1425

01:01:44,789 --> 01:01:42,240

tell you what happened and uh

1426

01:01:47,990 --> 01:01:44,799

it should come as no surprise it often

1427

01:01:50,870 --> 01:01:48,000

tends to be what they think happened to

1428

01:01:52,549 --> 01:01:50,880

them that they start telling you it's

1429

01:01:54,870 --> 01:01:52,559

projected like

1430

01:01:58,549 --> 01:01:54,880

yeah is what you witnessed

1431

01:02:01,829 --> 01:01:58,559

and uh that's actually how i got

1432

01:02:04,829 --> 01:02:01,839

into a lot of the skeptical side of my

1433

01:02:10,309 --> 01:02:06,349

was

1434

01:02:11,270 --> 01:02:10,319

experiencing that there can be such a

1435

01:02:14,549 --> 01:02:11,280

uh

1436

01:02:18,069 --> 01:02:14,559

feeling of people pulling on each arm in

1437

01:02:21,510 --> 01:02:18,079

a different direction in the ufo genre

1438

01:02:24,309 --> 01:02:21,520

to try to get you in the alien camp or

1439

01:02:27,589 --> 01:02:24,319

the interdimensional camp or the mind

1440

01:02:28,950 --> 01:02:27,599

control camp or you know that what was

1441

01:02:30,870 --> 01:02:28,960

it that happened

1442

01:02:33,270 --> 01:02:30,880

and you know and then there's people

1443

01:02:35,510 --> 01:02:33,280

that would say i don't know you you saw

1444

01:02:38,069 --> 01:02:35,520

a weather balloon with with lights

1445

01:02:40,069 --> 01:02:38,079

bouncing off it how should i know

1446

01:02:42,950 --> 01:02:40,079

and uh

1447

01:02:45,349 --> 01:02:42,960

so kind of back to where we started i

1448

01:02:47,029 --> 01:02:45,359

really empathize with people and want to

1449

01:02:49,589 --> 01:02:47,039

give them their space

1450

01:02:51,750 --> 01:02:49,599

for their self-discovery

1451

01:02:56,549 --> 01:02:51,760

and at the same time

1452

01:02:59,029 --> 01:02:56,559

the the skeptics um have that right to

1453

01:03:01,510 --> 01:02:59,039

to to say i don't know if somebody's

1454

01:03:03,510 --> 01:03:01,520

jumping out here saying they've got

1455

01:03:05,069 --> 01:03:03,520

material from

1456

01:03:07,349 --> 01:03:05,079

a uh

1457

01:03:08,870 --> 01:03:07,359

interplanetary or interdimensional

1458

01:03:11,510 --> 01:03:08,880

spacecraft

1459

01:03:13,349 --> 01:03:11,520

that they're doing tests on

1460

01:03:15,589 --> 01:03:13,359

um

1461

01:03:18,549 --> 01:03:15,599

that requires a little more than just

1462

01:03:22,309 --> 01:03:18,559

you know anecdotal

1463

01:03:24,549 --> 01:03:22,319

personal stories you know

1464

01:03:27,270 --> 01:03:24,559

right so if you're just joining us live

1465

01:03:30,549 --> 01:03:27,280

now we're on with jack brewer and i did

1466

01:03:32,789 --> 01:03:30,559

want to announce that this is our 499th

1467

01:03:35,270 --> 01:03:32,799

show so that means next week

1468

01:03:38,390 --> 01:03:35,280

is 500 and next week's going to be a

1469

01:03:40,950 --> 01:03:38,400

call-in show so i want everyone that's

1470

01:03:43,750 --> 01:03:40,960

listening to this to get ready to call

1471

01:03:45,430 --> 01:03:43,760

in next week and uh if we bill's

1472

01:03:47,670 --> 01:03:45,440

probably gonna help me out if we don't

1473

01:03:49,990 --> 01:03:47,680

if we have some dead space but uh get

1474

01:03:52,069 --> 01:03:50,000

your questions ready for next week it's

1475

01:03:54,710 --> 01:03:52,079

a call-in show should be a lot of fun

1476

01:03:56,630 --> 01:03:54,720

speaking of that um in about 20 minutes

1477

01:03:59,910 --> 01:03:56,640

we'll be opening up the phone lines if

1478

01:04:01,349 --> 01:03:59,920

you have any uh questions for our guests

1479

01:04:04,150 --> 01:04:01,359

uh this evening

1480

01:04:05,510 --> 01:04:04,160

uh jack here's a question someone are

1481

01:04:07,109 --> 01:04:05,520

you even familiar with the term

1482

01:04:10,870 --> 01:04:07,119

hitchhiker effect

1483

01:04:15,029 --> 01:04:10,880

i am familiar yeah so someone to know uh

1484

01:04:17,109 --> 01:04:15,039

if you had anything like that um

1485

01:04:19,829 --> 01:04:17,119

with your experience i guess uh a lot of

1486

01:04:22,150 --> 01:04:19,839

people maintain that they are having

1487

01:04:25,750 --> 01:04:22,160

these things kind of follow them

1488

01:04:28,789 --> 01:04:25,760

which is kind of interesting i um

1489

01:04:30,950 --> 01:04:28,799

i think that kind of falls into a belief

1490

01:04:32,870 --> 01:04:30,960

system

1491

01:04:37,589 --> 01:04:32,880

personally i

1492

01:04:40,150 --> 01:04:37,599

do not think that i have some type of

1493

01:04:41,270 --> 01:04:40,160

phenomenon

1494

01:04:44,150 --> 01:04:41,280

um

1495

01:04:45,990 --> 01:04:44,160

any supernatural phenomenon

1496

01:04:47,750 --> 01:04:46,000

uh

1497

01:04:49,990 --> 01:04:47,760

in my life

1498

01:04:54,390 --> 01:04:50,000

i would not want to

1499

01:04:55,589 --> 01:04:54,400

to debate people that believe they do if

1500

01:04:58,630 --> 01:04:55,599

that's

1501

01:05:01,829 --> 01:04:58,640

uh what what they want to go with far be

1502

01:05:06,230 --> 01:05:01,839

it from me to argue it as long as they

1503

01:05:08,630 --> 01:05:06,240

don't want to impose that belief on me

1504

01:05:11,589 --> 01:05:08,640

i i think we're really looking at like

1505

01:05:14,230 --> 01:05:11,599

two different sets of circumstances here

1506

01:05:15,670 --> 01:05:14,240

martin and that

1507

01:05:18,309 --> 01:05:15,680

there's

1508

01:05:20,470 --> 01:05:18,319

hanging out with friends late night at

1509

01:05:22,870 --> 01:05:20,480

denny's and somebody tells you about

1510

01:05:25,829 --> 01:05:22,880

something that happened to them once and

1511

01:05:28,390 --> 01:05:25,839

you're giving them emotional support for

1512

01:05:31,589 --> 01:05:28,400

their belief system

1513

01:05:33,510 --> 01:05:31,599

then there are people that want to take

1514

01:05:37,190 --> 01:05:33,520

podiums at

1515

01:05:41,430 --> 01:05:37,200

quote conferences unquote and present

1516

01:05:45,430 --> 01:05:41,440

their material as researchers

1517

01:05:47,510 --> 01:05:45,440

and then we as researchers or an

1518

01:05:51,510 --> 01:05:47,520

interested public

1519

01:05:53,750 --> 01:05:51,520

have the right and the responsibility

1520

01:05:56,069 --> 01:05:53,760

to fact check it

1521

01:05:59,430 --> 01:05:56,079

and

1522

01:06:02,150 --> 01:05:59,440

hold them responsible for the assertions

1523

01:06:02,950 --> 01:06:02,160

they make if they're

1524

01:06:07,270 --> 01:06:02,960

uh

1525

01:06:09,349 --> 01:06:07,280

abs assertions do not hold up to the

1526

01:06:12,390 --> 01:06:09,359

evidence that like if the evidence they

1527

01:06:13,109 --> 01:06:12,400

presented is not in proportion

1528

01:06:14,470 --> 01:06:13,119

to

1529

01:06:17,750 --> 01:06:14,480

uh

1530

01:06:21,029 --> 01:06:17,760

the and and in my opinion the hitchhiker

1531

01:06:24,870 --> 01:06:21,039

effect falls into that category

1532

01:06:27,910 --> 01:06:24,880

i understand it's long been a

1533

01:06:31,029 --> 01:06:27,920

part of the ufo lore the multiple

1534

01:06:32,950 --> 01:06:31,039

abductions in families the multiple

1535

01:06:34,710 --> 01:06:32,960

experiences

1536

01:06:37,349 --> 01:06:34,720

and

1537

01:06:39,910 --> 01:06:37,359

um i wouldn't argue

1538

01:06:42,470 --> 01:06:39,920

if someone has that belief in a

1539

01:06:44,390 --> 01:06:42,480

religious or spiritual or personal

1540

01:06:47,430 --> 01:06:44,400

context

1541

01:06:50,710 --> 01:06:47,440

but if you want to present it to me as a

1542

01:06:52,309 --> 01:06:50,720

researcher happening in an objective

1543

01:06:53,109 --> 01:06:52,319

reality

1544

01:06:54,309 --> 01:06:53,119

i

1545

01:06:56,470 --> 01:06:54,319

would

1546

01:06:58,950 --> 01:06:56,480

uh want to see

1547

01:07:04,630 --> 01:07:02,390

the specific data that shows cause and

1548

01:07:06,710 --> 01:07:04,640

effect there i don't think i'm i'm

1549

01:07:09,510 --> 01:07:06,720

certain has not been

1550

01:07:11,430 --> 01:07:09,520

established yeah it seems like that

1551
01:07:13,589 --> 01:07:11,440
would be kind of a nightmare you know i

1552
01:07:16,069 --> 01:07:13,599
mean if you think about it uh you know i

1553
01:07:17,430 --> 01:07:16,079
mean just a terrible thing to

1554
01:07:20,150 --> 01:07:17,440
like think you're done with something

1555
01:07:23,670 --> 01:07:20,160
and then something keeps happening

1556
01:07:25,430 --> 01:07:23,680
and it gets really existential if we let

1557
01:07:27,510 --> 01:07:25,440
it you know like

1558
01:07:30,789 --> 01:07:27,520
um

1559
01:07:33,430 --> 01:07:30,799
i got a phone call i got in my car i

1560
01:07:36,309 --> 01:07:33,440
drove to the grocery store i got another

1561
01:07:39,029 --> 01:07:36,319
phone call well they're not related in

1562
01:07:42,710 --> 01:07:39,039
the least and in the grand scheme of

1563
01:07:45,829 --> 01:07:42,720

things everything's directly related and

1564

01:07:48,630 --> 01:07:45,839

is on a cause and effect timeline

1565

01:07:51,910 --> 01:07:48,640

so you know how how existential and

1566

01:07:54,870 --> 01:07:51,920

philosophical do we want to get or like

1567

01:07:56,390 --> 01:07:54,880

i say are we going to stick to

1568

01:07:59,270 --> 01:07:56,400

in a

1569

01:08:02,549 --> 01:07:59,280

research recognized by the professional

1570

01:08:06,390 --> 01:08:02,559

research community and those kinds of

1571

01:08:09,190 --> 01:08:06,400

standards of evidence can you show me

1572

01:08:10,549 --> 01:08:09,200

the the chain of cause and effect that

1573

01:08:13,510 --> 01:08:10,559

these circumstances

1574

01:08:15,029 --> 01:08:13,520

are directly related

1575

01:08:17,990 --> 01:08:15,039

right um

1576

01:08:21,430 --> 01:08:18,000

someone wants this is a

1577

01:08:23,030 --> 01:08:21,440

question that i often ask myself is just

1578

01:08:25,829 --> 01:08:23,040

for an opinion

1579

01:08:27,910 --> 01:08:25,839

and that is do you believe that it's

1580

01:08:31,030 --> 01:08:27,920

probably some of these ufos are

1581

01:08:33,030 --> 01:08:31,040

otherworldly devices i ask

1582

01:08:35,430 --> 01:08:33,040

i ask in general that question like what

1583

01:08:37,349 --> 01:08:35,440

do you think that people might be seeing

1584

01:08:39,829 --> 01:08:37,359

if it's not explainable

1585

01:08:42,550 --> 01:08:39,839

in our terms that if it's not

1586

01:08:46,309 --> 01:08:42,560

something that we can explain from here

1587

01:08:48,229 --> 01:08:46,319

um i i'm smiling because i uh my first

1588

01:08:51,910 --> 01:08:48,239

thought was just you know

1589

01:08:53,749 --> 01:08:51,920

well my opinion no i i don't think so

1590

01:08:56,550 --> 01:08:53,759

and then i thought and then the host

1591

01:08:58,870 --> 01:08:56,560

will go well thanks for joining us we'll

1592

01:09:01,749 --> 01:08:58,880

we'll move along to somebody else that

1593

01:09:04,149 --> 01:09:01,759

like david letterman said once maybe i

1594

01:09:07,269 --> 01:09:04,159

can come over to your house and chew gum

1595

01:09:08,229 --> 01:09:07,279

sometime i remember he said that to uh

1596

01:09:17,829 --> 01:09:08,239

uh

1597

01:09:20,390 --> 01:09:17,839

joaquin yeah yeah yeah yeah i'm in an

1598

01:09:22,390 --> 01:09:20,400

interview i remember yeah that was

1599

01:09:25,669 --> 01:09:22,400

bizarre yeah so

1600

01:09:28,390 --> 01:09:25,679

no i don't think it it's probable

1601

01:09:31,749 --> 01:09:28,400

i think there's a lot of explanations

1602

01:09:32,829 --> 01:09:31,759

for ufos i think there's a whole lot of

1603

01:09:37,550 --> 01:09:32,839

them

1604

01:09:39,950 --> 01:09:37,560

um exotic classified aircraft

1605

01:09:42,789 --> 01:09:39,960

misidentifications of

1606

01:09:44,709 --> 01:09:42,799

identifiable flying objects

1607

01:09:48,470 --> 01:09:44,719

weather phenomena

1608

01:09:50,669 --> 01:09:48,480

uh just general tricks on your eyes

1609

01:09:54,149 --> 01:09:50,679

are some of them

1610

01:09:57,030 --> 01:09:54,159

representations of some kind of yet to

1611

01:09:59,990 --> 01:09:57,040

be better understood phenomena

1612

01:10:02,149 --> 01:10:00,000

well the brown mountain lights the work

1613

01:10:03,110 --> 01:10:02,159

being done in hess dolan

1614

01:10:07,110 --> 01:10:03,120

uh

1615

01:10:09,350 --> 01:10:07,120

might lead us to think that is the case

1616

01:10:11,590 --> 01:10:09,360

i wouldn't rule it out i don't think

1617

01:10:14,550 --> 01:10:11,600

that's what critical thinking and

1618

01:10:18,790 --> 01:10:14,560

healthy skepticism is about

1619

01:10:19,910 --> 01:10:18,800

but i think it's a very small percentage

1620

01:10:23,110 --> 01:10:19,920

of

1621

01:10:25,430 --> 01:10:23,120

the the cases that that

1622

01:10:27,110 --> 01:10:25,440

we're looking at and

1623

01:10:29,590 --> 01:10:27,120

uh

1624

01:10:32,470 --> 01:10:29,600

that's just my opinion

1625

01:10:34,709 --> 01:10:32,480

well you know there are some cases

1626

01:10:36,550 --> 01:10:34,719

and i even brought this up last week you

1627

01:10:39,669 --> 01:10:36,560

know the ariel school

1628

01:10:42,149 --> 01:10:39,679

incident in south africa to me that's an

1629

01:10:44,870 --> 01:10:42,159

incredible case um then there's you know

1630

01:10:46,630 --> 01:10:44,880

the 2004 tic tac with military involved

1631

01:10:49,270 --> 01:10:46,640

once again military

1632

01:10:51,990 --> 01:10:49,280

but with a lot of data with that that

1633

01:10:54,229 --> 01:10:52,000

is very hard to explain some people

1634

01:10:56,950 --> 01:10:54,239

claim that they think it may be

1635

01:10:59,270 --> 01:10:56,960

as you said something military but that

1636

01:11:02,630 --> 01:10:59,280

doesn't really fit in the realm of what

1637

01:11:04,390 --> 01:11:02,640

happened there so yeah i think there's

1638

01:11:06,950 --> 01:11:04,400

i'm i'm never saying that i know what

1639

01:11:07,910 --> 01:11:06,960

these things are and i tell people if

1640

01:11:09,590 --> 01:11:07,920

they're

1641

01:11:11,110 --> 01:11:09,600

interested in

1642

01:11:12,870 --> 01:11:11,120

um

1643

01:11:14,630 --> 01:11:12,880

you know what paying attention to the

1644

01:11:17,830 --> 01:11:14,640

subject if someone says they know what

1645

01:11:20,470 --> 01:11:17,840

it is then run you know because uh i

1646

01:11:22,709 --> 01:11:20,480

don't think anyone has the real answer

1647

01:11:24,709 --> 01:11:22,719

you know to what it to what it really is

1648

01:11:27,110 --> 01:11:24,719

at this point for all of them some of

1649

01:11:29,910 --> 01:11:27,120

them i'm glad when things can get

1650

01:11:31,510 --> 01:11:29,920

explained as to what they are myself

1651

01:11:34,310 --> 01:11:31,520

when someone figures it out i mean i

1652

01:11:35,990 --> 01:11:34,320

myself i brought this up recently i'll

1653

01:11:38,550 --> 01:11:36,000

just put it up as just a quick little

1654

01:11:39,510 --> 01:11:38,560

clip but um i thought i was seeing a ufo

1655

01:11:42,310 --> 01:11:39,520

right here i'm going to play it right

1656

01:11:46,870 --> 01:11:44,870

and what it really is

1657

01:11:49,430 --> 01:11:46,880

if you're looking it's hard to see this

1658

01:11:51,750 --> 01:11:49,440

it looks like a disc here

1659

01:11:55,750 --> 01:11:51,760

and then all of a sudden you see it goes

1660

01:11:57,510 --> 01:11:55,760

sideways then you see two

1661

01:11:59,030 --> 01:11:57,520

and it kind of disappears and they and

1662

01:12:00,470 --> 01:11:59,040

they both come back

1663

01:12:03,189 --> 01:12:00,480

and what it was

1664

01:12:05,030 --> 01:12:03,199

as it got closer it was an airplane

1665

01:12:06,470 --> 01:12:05,040

that had a banner behind it and it was

1666

01:12:07,350 --> 01:12:06,480

turning around

1667

01:12:12,310 --> 01:12:07,360

and i

1668

01:12:14,790 --> 01:12:12,320

for sure i was seeing myself a ufo right

1669

01:12:18,390 --> 01:12:14,800

off the bat as soon as i got to where i

1670

01:12:20,310 --> 01:12:18,400

was i was like oh my god uh but uh yeah

1671

01:12:22,550 --> 01:12:20,320

it's uh i like when those things can be

1672

01:12:25,430 --> 01:12:22,560

explained i mean it would be really

1673

01:12:27,110 --> 01:12:25,440

amazing if it was unexplainable but

1674

01:12:30,870 --> 01:12:27,120

that one you know

1675

01:12:34,790 --> 01:12:30,880

yes the banner airplanes

1676

01:12:37,750 --> 01:12:34,800

are are a big one um i've seen clips

1677

01:12:39,350 --> 01:12:37,760

over the years that looked absolutely

1678

01:12:41,430 --> 01:12:39,360

fascinating

1679

01:12:44,390 --> 01:12:41,440

and then they were able to correlate it

1680

01:12:46,870 --> 01:12:44,400

with a flight pattern of a a plane with

1681

01:12:48,950 --> 01:12:46,880

a banner and then when you look at it

1682

01:12:51,990 --> 01:12:48,960

when you're told what it is you can kind

1683

01:12:55,750 --> 01:12:52,000

of see it yeah but but yeah

1684

01:12:57,430 --> 01:12:55,760

um i had a similar experience once

1685

01:13:01,189 --> 01:12:57,440

uh with

1686

01:13:03,430 --> 01:13:01,199

you've heard that people mistake birds

1687

01:13:04,470 --> 01:13:03,440

for ufos yes

1688

01:13:07,110 --> 01:13:04,480

and

1689

01:13:10,390 --> 01:13:07,120

i i remember they used to tell us that

1690

01:13:13,189 --> 01:13:10,400

at the planetarium when we were kids

1691

01:13:15,510 --> 01:13:13,199

and i was like what kind of idiot you

1692

01:13:19,270 --> 01:13:15,520

know mistakes a goose for uh the

1693

01:13:22,229 --> 01:13:19,280

mothership you know and uh yeah yeah

1694

01:13:24,870 --> 01:13:22,239

like oh i thought i saw a star cruiser

1695

01:13:26,790 --> 01:13:24,880

from another solar system my bad it's

1696

01:13:28,950 --> 01:13:26,800

just a dub you know

1697

01:13:33,110 --> 01:13:28,960

mother goose

1698

01:13:35,830 --> 01:13:33,120

yeah and then one night as they say

1699

01:13:38,470 --> 01:13:35,840

i'm walking across the parking lot and

1700

01:13:40,709 --> 01:13:38,480

out of the corner of my eye i see

1701
01:13:43,830 --> 01:13:40,719
what for all the world

1702
01:13:45,030 --> 01:13:43,840
looks like a saucer-shaped

1703
01:13:48,310 --> 01:13:45,040
craft

1704
01:13:50,470 --> 01:13:48,320
going at an incredible speed all the way

1705
01:13:53,189 --> 01:13:50,480
across the sky

1706
01:13:56,149 --> 01:13:53,199
and fortunately

1707
01:13:59,669 --> 01:13:56,159
at the angle i was standing i was able

1708
01:14:02,950 --> 01:13:59,679
to see for a brief instant

1709
01:14:05,430 --> 01:14:02,960
when the when it when this bird flew out

1710
01:14:09,030 --> 01:14:05,440
of the light that was reflecting on its

1711
01:14:11,270 --> 01:14:09,040
belly looking like a saucer shape i saw

1712
01:14:14,550 --> 01:14:11,280
for an instant as it flew through the

1713
01:14:18,390 --> 01:14:14,560

dark and then on out of sight

1714

01:14:21,430 --> 01:14:18,400
and it was only you know maybe

1715

01:14:23,910 --> 01:14:21,440
60 70 feet off the ground

1716

01:14:26,790 --> 01:14:23,920
and because and i i actually thought

1717

01:14:29,590 --> 01:14:26,800
it's kind of ironic i've spent so much

1718

01:14:34,070 --> 01:14:29,600
more time looking at

1719

01:14:37,430 --> 01:14:34,080
clips and photos of saucers that my mind

1720

01:14:40,310 --> 01:14:37,440
immediately goes to must be a saucer

1721

01:14:44,070 --> 01:14:40,320
eight miles high flying at an incredible

1722

01:14:46,470 --> 01:14:44,080
rate of speed rather than a bird 75 feet

1723

01:14:49,189 --> 01:14:46,480
at the air you know headed home with

1724

01:14:50,630 --> 01:14:49,199
some dinner or whatever it was doing

1725

01:14:51,430 --> 01:14:50,640
and uh

1726

01:14:53,110 --> 01:14:51,440

it

1727

01:14:55,669 --> 01:14:53,120

yeah i mean

1728

01:14:57,510 --> 01:14:55,679

who knows how many people like i was

1729

01:15:01,350 --> 01:14:57,520

saying you know whatever i saw when i

1730

01:15:04,310 --> 01:15:01,360

was a kid just becomes a lifelong quest

1731

01:15:05,910 --> 01:15:04,320

to find the answer to this mystery that

1732

01:15:09,510 --> 01:15:05,920

um

1733

01:15:11,910 --> 01:15:09,520

almost is like a karmic joke

1734

01:15:14,550 --> 01:15:11,920

you know a a

1735

01:15:18,070 --> 01:15:14,560

could could even be considered um a

1736

01:15:22,189 --> 01:15:18,080

cruel joke if it was just something

1737

01:15:24,390 --> 01:15:22,199

um mundane like that but again you know

1738

01:15:26,310 --> 01:15:24,400

existentialism and the grand scheme of

1739

01:15:29,830 --> 01:15:26,320

things if it helps us

1740

01:15:32,310 --> 01:15:29,840

with our own self-discovery well then

1741

01:15:34,229 --> 01:15:32,320

you know whatever it is that

1742

01:15:37,270 --> 01:15:34,239

does the trick i guess

1743

01:15:39,030 --> 01:15:37,280

right uh i was sent uh people a lot of

1744

01:15:41,990 --> 01:15:39,040

people will send me their

1745

01:15:44,790 --> 01:15:42,000

ufo video clips not really the person to

1746

01:15:47,510 --> 01:15:44,800

send that to and uh i have a friend mark

1747

01:15:49,270 --> 01:15:47,520

d'antonio that is a person to send that

1748

01:15:50,950 --> 01:15:49,280

to but he's very busy you know people

1749

01:15:53,430 --> 01:15:50,960

send him things all the time but i do

1750

01:15:56,630 --> 01:15:53,440

get a lot of clips and recently i had

1751

01:16:00,229 --> 01:15:56,640

one sent to me and i figured out that it

1752

01:16:03,350 --> 01:16:00,239

was a bird you know i mean and but the

1753

01:16:06,390 --> 01:16:03,360

person did not really want to hear that

1754

01:16:08,229 --> 01:16:06,400

you know and get seemed to get pretty

1755

01:16:10,790 --> 01:16:08,239

pretty upset at me

1756

01:16:13,669 --> 01:16:10,800

by um by calling it a bird but i could

1757

01:16:15,510 --> 01:16:13,679

clearly see after i blew it up on my i

1758

01:16:17,430 --> 01:16:15,520

have a big screen i blew it up you could

1759

01:16:18,790 --> 01:16:17,440

easily see that it was was a bird and it

1760

01:16:20,950 --> 01:16:18,800

was just the angle it was at you

1761

01:16:23,270 --> 01:16:20,960

couldn't see the wings flapping

1762

01:16:25,430 --> 01:16:23,280

you know that's it's always about angles

1763

01:16:28,630 --> 01:16:25,440

and light reflection and a lot of times

1764

01:16:30,630 --> 01:16:28,640

you'll see birds at a very high altitude

1765

01:16:33,510 --> 01:16:30,640

that are catching the sunlight from an

1766

01:16:35,830 --> 01:16:33,520

angle and they'll look like orbs

1767

01:16:37,590 --> 01:16:35,840

so there's a lot of times birds do look

1768

01:16:41,030 --> 01:16:37,600

very mysterious and

1769

01:16:42,709 --> 01:16:41,040

um so yeah we all have to be uh

1770

01:16:46,310 --> 01:16:42,719

careful what we're looking at

1771

01:16:50,030 --> 01:16:46,320

yes and what you experienced is another

1772

01:16:53,590 --> 01:16:50,040

aspect the detrimental side of ufo

1773

01:16:54,870 --> 01:16:53,600

investigation and investigating

1774

01:16:57,669 --> 01:16:54,880

uh

1775

01:17:00,630 --> 01:16:57,679

reports of what we might call high

1776

01:17:02,630 --> 01:17:00,640

strangeness alien abduction for lack of

1777

01:17:05,110 --> 01:17:02,640

a better term

1778

01:17:08,550 --> 01:17:05,990

it

1779

01:17:09,750 --> 01:17:08,560

people often don't want

1780

01:17:13,030 --> 01:17:09,760

uh

1781

01:17:16,310 --> 01:17:13,040

to to hear what it is that that we might

1782

01:17:18,550 --> 01:17:16,320

as researchers actually think happened

1783

01:17:21,750 --> 01:17:18,560

and i think as

1784

01:17:24,149 --> 01:17:21,760

witnesses we have some responsibility

1785

01:17:25,189 --> 01:17:24,159

then like how i said i really don't want

1786

01:17:28,669 --> 01:17:25,199

to talk

1787

01:17:31,430 --> 01:17:28,679

a lot about my ufo sighting i have a

1788

01:17:35,510 --> 01:17:31,440

responsibility to decide

1789

01:17:38,350 --> 01:17:35,520

am i looking for emotional support or am

1790

01:17:40,790 --> 01:17:38,360

i looking for

1791

01:17:42,950 --> 01:17:40,800

investigative support

1792

01:17:45,910 --> 01:17:42,960

what kind of support am i looking for

1793

01:17:47,550 --> 01:17:45,920

because they're completely different

1794

01:17:49,630 --> 01:17:47,560

and as

1795

01:17:52,390 --> 01:17:49,640

investigators we have the

1796

01:17:54,229 --> 01:17:52,400

responsibilities to make clear what

1797

01:17:56,950 --> 01:17:54,239

we're willing to give

1798

01:17:58,550 --> 01:17:56,960

and it's very difficult to try to be

1799

01:18:01,590 --> 01:17:58,560

someone's friend

1800

01:18:04,550 --> 01:18:01,600

and an objective investigator

1801
01:18:06,790 --> 01:18:04,560
and give them emotional support

1802
01:18:10,070 --> 01:18:06,800
and then also

1803
01:18:10,830 --> 01:18:10,080
uh be honest to them when we need to

1804
01:18:18,229 --> 01:18:10,840
that

1805
01:18:20,790 --> 01:18:18,239
things you think were all strange

1806
01:18:23,270 --> 01:18:20,800
like at least 15 of them i think you're

1807
01:18:26,229 --> 01:18:23,280
just kind of lumping in with with a

1808
01:18:28,709 --> 01:18:26,239
couple of things you know again we don't

1809
01:18:29,750 --> 01:18:28,719
know what the cause and effect is

1810
01:18:34,790 --> 01:18:29,760
and

1811
01:18:35,669 --> 01:18:34,800
both investigators

1812
01:18:38,830 --> 01:18:35,679
and

1813
01:18:41,990 --> 01:18:38,840

witnesses we have responsibilities to

1814

01:18:43,990 --> 01:18:42,000

clarify what we're looking for from a

1815

01:18:46,709 --> 01:18:44,000

person and if

1816

01:18:49,910 --> 01:18:46,719

we're able to give it or if they're able

1817

01:18:52,149 --> 01:18:49,920

to give it i think

1818

01:18:54,390 --> 01:18:52,159

here's a question from kelly kidd what

1819

01:18:56,550 --> 01:18:54,400

do you think about the skinwalker ranch

1820

01:18:59,350 --> 01:18:56,560

and this can nicely segue into something

1821

01:19:01,669 --> 01:18:59,360

you sent me earlier today

1822

01:19:04,390 --> 01:19:01,679

yes i um

1823

01:19:06,149 --> 01:19:04,400

my general thinking about the skinwalker

1824

01:19:09,350 --> 01:19:06,159

ranch is

1825

01:19:11,669 --> 01:19:09,360

i i know maybe i'm not very interested

1826

01:19:15,189 --> 01:19:11,679

but i'm predictable

1827

01:19:16,070 --> 01:19:15,199

i'm kind of a broken record about

1828

01:19:19,430 --> 01:19:16,080

uh

1829

01:19:21,189 --> 01:19:19,440

again as banal says show me the alien is

1830

01:19:22,390 --> 01:19:21,199

the short answer

1831

01:19:23,590 --> 01:19:22,400

for

1832

01:19:25,510 --> 01:19:23,600

um

1833

01:19:29,870 --> 01:19:25,520

i've heard

1834

01:19:33,350 --> 01:19:31,430

catalogued

1835

01:19:35,510 --> 01:19:33,360

for 40 years

1836

01:19:37,510 --> 01:19:35,520

and i've yet to see

1837

01:19:40,790 --> 01:19:37,520

a coherent

1838

01:19:44,470 --> 01:19:40,800

cogent representation of what any of it

1839

01:19:48,149 --> 01:19:44,480

is or what it's supposed to tell me

1840

01:19:52,310 --> 01:19:48,159

so until that time comes

1841

01:19:55,110 --> 01:19:52,320

i have really no choice but to shrug my

1842

01:19:58,149 --> 01:19:55,120

shoulders and say the best you can do is

1843

01:20:00,790 --> 01:19:58,159

suspend judgment and if people want to

1844

01:20:04,870 --> 01:20:00,800

start being cynical

1845

01:20:08,709 --> 01:20:04,880

and critical i i think they have a right

1846

01:20:11,030 --> 01:20:08,719

um what martin is alluding to that i i

1847

01:20:14,390 --> 01:20:11,040

told him about earlier

1848

01:20:16,790 --> 01:20:14,400

is just yesterday i got some

1849

01:20:21,189 --> 01:20:16,800

documents back from

1850

01:20:25,110 --> 01:20:21,199

the defense intelligence agency the dia

1851
01:20:26,870 --> 01:20:25,120
that was reportedly the

1852
01:20:29,750 --> 01:20:26,880
uh

1853
01:20:32,550 --> 01:20:29,760
the agency that contracted

1854
01:20:33,590 --> 01:20:32,560
the advanced aerospace

1855
01:20:34,750 --> 01:20:33,600
weapon

1856
01:20:37,590 --> 01:20:34,760
system

1857
01:20:40,390 --> 01:20:37,600
application program

1858
01:20:42,229 --> 01:20:40,400
which i think many of us came to know as

1859
01:20:45,669 --> 01:20:42,239
awesapp

1860
01:20:48,390 --> 01:20:45,679
it's the pentagon ufo program or at

1861
01:20:51,590 --> 01:20:48,400
least one aspect of it

1862
01:20:52,709 --> 01:20:51,600
and the dia um

1863
01:20:55,910 --> 01:20:52,719

uh

1864

01:20:56,790 --> 01:20:55,920

gave me verification through

1865

01:20:59,830 --> 01:20:56,800

some

1866

01:21:03,110 --> 01:20:59,840

foia documents that

1867

01:21:06,470 --> 01:21:03,120

bigelow aerospace did in fact

1868

01:21:09,590 --> 01:21:06,480

uh get an award for the

1869

01:21:10,709 --> 01:21:09,600

asap project and that they they got the

1870

01:21:15,430 --> 01:21:10,719

grant

1871

01:21:18,790 --> 01:21:15,440

um as reported by harry reid and uh

1872

01:21:21,910 --> 01:21:18,800

interesting aspects of the

1873

01:21:24,790 --> 01:21:21,920

foyer release that you can see you can

1874

01:21:28,390 --> 01:21:24,800

access all of the documents and and read

1875

01:21:30,229 --> 01:21:28,400

my blog post about it at my blog the ufo

1876

01:21:33,030 --> 01:21:30,239

trail

1877

01:21:34,390 --> 01:21:33,040

interesting aspects about it include

1878

01:21:36,310 --> 01:21:34,400

that

1879

01:21:38,149 --> 01:21:36,320

uh

1880

01:21:41,669 --> 01:21:38,159

there were people

1881

01:21:44,790 --> 01:21:41,679

affiliated with the project hyping it up

1882

01:21:47,910 --> 01:21:44,800

and saying how effective it was

1883

01:21:51,669 --> 01:21:47,920

at what we now know was the same time

1884

01:21:57,910 --> 01:21:54,709

funding was being resisted by the

1885

01:22:00,870 --> 01:21:57,920

department of defense the dia the

1886

01:22:03,990 --> 01:22:00,880

department of homeland security

1887

01:22:05,350 --> 01:22:04,000

and uh there's some different ways we

1888

01:22:08,149 --> 01:22:05,360

could take

1889

01:22:10,629 --> 01:22:08,159

that

1890

01:22:13,510 --> 01:22:10,639

as we mentioned earlier there's

1891

01:22:14,470 --> 01:22:13,520

certainly an aspect of it that's uh

1892

01:22:17,189 --> 01:22:14,480

among

1893

01:22:18,550 --> 01:22:17,199

what we might call a

1894

01:22:21,590 --> 01:22:18,560

um

1895

01:22:22,830 --> 01:22:21,600

credulous crowd that is always going to

1896

01:22:26,070 --> 01:22:22,840

say

1897

01:22:28,629 --> 01:22:26,080

uh they were on to something and the

1898

01:22:32,310 --> 01:22:28,639

government's hiding it and then there's

1899

01:22:33,910 --> 01:22:32,320

a skeptical crowd that that might say

1900

01:22:34,629 --> 01:22:33,920

um

1901

01:22:40,550 --> 01:22:34,639

the

1902

01:22:43,750 --> 01:22:40,560

projects

1903

01:22:50,229 --> 01:22:46,390

more difficult to convince than some of

1904

01:22:52,470 --> 01:22:50,239

the journalists that ran with the story

1905

01:22:55,110 --> 01:22:52,480

and then there are some more middle of

1906

01:22:56,310 --> 01:22:55,120

the road that might say

1907

01:22:59,110 --> 01:22:56,320

uh

1908

01:23:02,149 --> 01:22:59,120

well it got some money and it did get

1909

01:23:05,510 --> 01:23:02,159

funded bigelow did get funding

1910

01:23:08,790 --> 01:23:05,520

and we need to see if anything

1911

01:23:10,709 --> 01:23:08,800

significant came of this there there is

1912

01:23:13,910 --> 01:23:10,719

nothing in the documents that would

1913

01:23:15,430 --> 01:23:13,920

specifically indicate it was about ufos

1914

01:23:17,350 --> 01:23:15,440

or uap

1915

01:23:20,550 --> 01:23:17,360

as compared to

1916

01:23:22,070 --> 01:23:20,560

weapons applications programs

1917

01:23:24,950 --> 01:23:22,080

um the

1918

01:23:28,310 --> 01:23:24,960

the theoretical papers that have already

1919

01:23:30,470 --> 01:23:28,320

been discussed widely and another

1920

01:23:32,830 --> 01:23:30,480

interesting aspect of it something that

1921

01:23:37,030 --> 01:23:32,840

jumped out at me martin

1922

01:23:38,149 --> 01:23:37,040

was one of the contracts that the dia

1923

01:23:41,750 --> 01:23:38,159

gave me

1924

01:23:44,390 --> 01:23:41,760

says that bigelow's aerospace was to be

1925

01:23:47,350 --> 01:23:44,400

paid 10 million dollars from the

1926

01:23:50,390 --> 01:23:47,360

national security agency

1927

01:23:54,229 --> 01:23:50,400

and i don't know exactly why

1928

01:23:57,669 --> 01:23:54,239

checks would be cut from the nsa if it

1929

01:24:00,149 --> 01:23:57,679

was a dia project i'm not familiar

1930

01:24:04,070 --> 01:24:00,159

enough with their protocol and with

1931

01:24:07,030 --> 01:24:04,080

their protocol in 2009 2010

1932

01:24:07,990 --> 01:24:07,040

to know why that might be

1933

01:24:10,709 --> 01:24:08,000

um

1934

01:24:14,629 --> 01:24:10,719

i did remember though there have long

1935

01:24:16,790 --> 01:24:14,639

been rumors that the nsa was involved at

1936

01:24:20,629 --> 01:24:16,800

skinwalker ranch

1937

01:24:23,750 --> 01:24:20,639

and so i i kind of wondered if this at

1938

01:24:24,550 --> 01:24:23,760

least uh is some of the

1939

01:24:27,270 --> 01:24:24,560

uh

1940

01:24:31,110 --> 01:24:27,280

source of where some of these

1941

01:24:35,189 --> 01:24:31,120

rumors come from

1942

01:24:37,669 --> 01:24:35,199

well it it's it's all interesting and

1943

01:24:39,270 --> 01:24:37,679

do you think that there is

1944

01:24:41,110 --> 01:24:39,280

the possibility that there's some

1945

01:24:43,350 --> 01:24:41,120

documents that

1946

01:24:45,750 --> 01:24:43,360

have just not been found yet or do you

1947

01:24:50,229 --> 01:24:45,760

think that

1948

01:24:52,790 --> 01:24:50,239

yes i i anticipate that dia will be

1949

01:24:57,189 --> 01:24:52,800

giving us a significant

1950

01:25:00,629 --> 01:24:57,199

amount in a document release sometime

1951

01:25:02,390 --> 01:25:00,639

after the end of the year they continue

1952

01:25:03,990 --> 01:25:02,400

to

1953

01:25:05,910 --> 01:25:04,000

make

1954

01:25:10,070 --> 01:25:05,920

me and other

1955

01:25:13,430 --> 01:25:10,080

foia researchers aware that a number of

1956

01:25:18,310 --> 01:25:13,440

our foia requests on documents

1957

01:25:21,430 --> 01:25:18,320

uh pertaining to atip and asap and

1958

01:25:25,030 --> 01:25:21,440

general ufo program stuff like any

1959

01:25:27,510 --> 01:25:25,040

contracts they had deliverables reports

1960

01:25:31,430 --> 01:25:27,520

that were filed

1961

01:25:34,950 --> 01:25:31,440

a lot of those foias remain open and the

1962

01:25:37,590 --> 01:25:34,960

dia tells us that sometime around the

1963

01:25:40,550 --> 01:25:37,600

end of the year they plan

1964

01:25:42,550 --> 01:25:40,560

to release the material that they have

1965

01:25:45,189 --> 01:25:42,560

been reviewing

1966

01:25:48,629 --> 01:25:45,199

and at that point in time they will post

1967

01:25:52,830 --> 01:25:48,639

it the dia will post it at their

1968

01:25:55,830 --> 01:25:52,840

foia online reading room

1969

01:25:57,270 --> 01:25:55,840

interesting um and i've i've saw

1970

01:25:59,189 --> 01:25:57,280

documents

1971

01:26:01,189 --> 01:25:59,199

recently come out through john

1972

01:26:02,629 --> 01:26:01,199

greenwald's black fault does this have

1973

01:26:06,229 --> 01:26:02,639

anything to do with

1974

01:26:09,430 --> 01:26:06,239

do are they related in any type of way

1975

01:26:13,669 --> 01:26:09,440

probably so john um

1976

01:26:16,870 --> 01:26:13,679

he does has done a lot of foia work on

1977

01:26:21,270 --> 01:26:16,880

the pentagon programs so

1978

01:26:23,189 --> 01:26:21,280

um if it's dia and bigelow it probably

1979

01:26:25,669 --> 01:26:23,199

is related yes

1980

01:26:27,990 --> 01:26:25,679

yeah he's been doing such a great work

1981

01:26:30,070 --> 01:26:28,000

for so many years pretty amazing since

1982

01:26:31,350 --> 01:26:30,080

he was like young 16 years old or

1983

01:26:33,430 --> 01:26:31,360

something like that

1984

01:26:37,110 --> 01:26:33,440

right when he started which is pretty

1985

01:26:38,709 --> 01:26:37,120

amazing and uh yeah that i i think his

1986

01:26:41,669 --> 01:26:38,719

that website gets

1987

01:26:43,750 --> 01:26:41,679

i forget how many views per day but it's

1988

01:26:45,590 --> 01:26:43,760

it's amazing how how many people come to

1989

01:26:47,750 --> 01:26:45,600

that every single day and look for

1990

01:26:50,550 --> 01:26:47,760

something you know with a i don't know

1991

01:26:53,270 --> 01:26:50,560

how many documents are on there but it's

1992

01:26:57,430 --> 01:26:53,280

i've certainly used it as a source he

1993

01:27:00,149 --> 01:26:57,440

has done admirable work with the foia

1994

01:27:02,070 --> 01:27:00,159

right right and it's not an easy thing

1995

01:27:04,310 --> 01:27:02,080

to do you know from what i understand

1996

01:27:05,830 --> 01:27:04,320

you have to be very precise and there's

1997

01:27:09,189 --> 01:27:05,840

so many ways your

1998

01:27:11,030 --> 01:27:09,199

requests can be rejected and

1999

01:27:13,510 --> 01:27:11,040

and you have to be very

2000

01:27:15,590 --> 01:27:13,520

specific at what you're want wanting and

2001

01:27:18,070 --> 01:27:15,600

they can jump right over

2002

01:27:21,510 --> 01:27:18,080

the topic you want if you say it in some

2003

01:27:25,830 --> 01:27:21,520

type of unusual way or whatever yes and

2004

01:27:27,110 --> 01:27:25,840

in best case scenarios it can even take

2005

01:27:29,990 --> 01:27:27,120

years

2006

01:27:32,629 --> 01:27:30,000

sometimes not sometimes a few weeks

2007

01:27:34,709 --> 01:27:32,639

depending on what it is

2008

01:27:37,590 --> 01:27:34,719

that we ask for

2009

01:27:42,709 --> 01:27:41,110

the general way to do it is request a

2010

01:27:44,790 --> 01:27:42,719

lot of stuff

2011

01:27:46,790 --> 01:27:44,800

regularly

2012

01:27:49,430 --> 01:27:46,800

i do maybe

2013

01:27:52,629 --> 01:27:49,440

i don't know i probably average

2014

01:27:55,430 --> 01:27:52,639

two or three requests a week

2015

01:27:57,189 --> 01:27:55,440

and then over time

2016

01:28:00,149 --> 01:27:57,199

you get to where

2017

01:28:03,510 --> 01:28:00,159

uh you're getting something once a week

2018

01:28:05,189 --> 01:28:03,520

or so like after two or three years

2019

01:28:07,590 --> 01:28:05,199

you're getting something to read and

2020

01:28:10,310 --> 01:28:07,600

look at and i don't want to look for

2021

01:28:13,430 --> 01:28:10,320

just arbitrary things like i don't want

2022

01:28:17,669 --> 01:28:13,440

to just be a thorn in their side

2023

01:28:21,030 --> 01:28:17,679

so uh like nycap i probably have

2024

01:28:24,550 --> 01:28:21,040

oh gosh probably 80 different foia

2025

01:28:26,870 --> 01:28:24,560

requests on one person or another or a

2026

01:28:29,030 --> 01:28:26,880

board they were affiliated with or an

2027

01:28:32,310 --> 01:28:29,040

office of the cia

2028

01:28:33,910 --> 01:28:32,320

and so as those continue to come in i'll

2029

01:28:37,110 --> 01:28:33,920

keep posting them

2030

01:28:40,470 --> 01:28:37,120

but yeah if you just send one request

2031

01:28:43,110 --> 01:28:40,480

and wait four years to see what they say

2032

01:28:44,229 --> 01:28:43,120

it can be very uninteresting that way

2033

01:28:46,629 --> 01:28:44,239

yeah

2034

01:28:50,550 --> 01:28:46,639

okay the lines are open the phone number

2035

01:28:55,430 --> 01:28:52,149

bill is standing by if you'd like to

2036

01:28:57,830 --> 01:28:55,440

call in for our uh guest tonight and

2037

01:28:59,350 --> 01:28:57,840

don't forget next week is all calls in

2038

01:29:02,070 --> 01:28:59,360

but if you would like to call in please

2039

01:29:03,110 --> 01:29:02,080

give us a ring bill will be standing by

2040

01:29:05,430 --> 01:29:03,120

um

2041

01:29:08,229 --> 01:29:05,440

we have bounced all over the place but

2042

01:29:10,390 --> 01:29:08,239

let's talk now you can get into your

2043

01:29:11,990 --> 01:29:10,400

other book a little bit more if you'd

2044

01:29:14,229 --> 01:29:12,000

like to discuss more of what that's

2045

01:29:15,270 --> 01:29:14,239

about

2046

01:29:16,790 --> 01:29:15,280

sure

2047

01:29:20,070 --> 01:29:16,800

um

2048

01:29:21,750 --> 01:29:20,080

i mentioned a couple times that the ufo

2049

01:29:25,030 --> 01:29:21,760

community

2050

01:29:28,310 --> 01:29:25,040

may be better called the ufo subculture

2051

01:29:31,270 --> 01:29:28,320

has a tendency to to try to

2052

01:29:32,470 --> 01:29:31,280

to pull people into one camp or other

2053

01:29:35,350 --> 01:29:32,480

and

2054

01:29:38,470 --> 01:29:35,360

persuade people it can it can become a

2055

01:29:41,270 --> 01:29:38,480

lot like lobbying efforts or

2056

01:29:42,629 --> 01:29:41,280

even rooting for a favorite sports team

2057

01:29:44,669 --> 01:29:42,639

or something

2058

01:29:46,629 --> 01:29:44,679

uh where it becomes

2059

01:29:51,189 --> 01:29:46,639

ideological

2060

01:29:54,310 --> 01:29:51,199

and not so much about and often rarely

2061

01:29:57,350 --> 01:29:54,320

about credible research that meets

2062

01:29:58,390 --> 01:29:57,360

professional research standards

2063

01:30:00,629 --> 01:29:58,400

and

2064

01:30:04,229 --> 01:30:00,639

i felt like in the grades had been

2065

01:30:06,709 --> 01:30:04,239

framed that i had some things

2066

01:30:10,629 --> 01:30:06,719

to say that that

2067

01:30:14,550 --> 01:30:10,639

needed to be said about topics such as

2068

01:30:15,510 --> 01:30:14,560

hypnosis as a memory retrieval tool

2069

01:30:17,270 --> 01:30:15,520

and

2070

01:30:19,030 --> 01:30:17,280

some of the

2071

01:30:22,149 --> 01:30:19,040

uh

2072

01:30:25,430 --> 01:30:22,159

the way that researchers were put on

2073

01:30:27,750 --> 01:30:25,440

pedestals and not questioned

2074

01:30:30,950 --> 01:30:27,760

about their tactics

2075

01:30:35,350 --> 01:30:30,960

and uh can continue

2076

01:30:37,910 --> 01:30:35,360

uh by a certain segment of the community

2077

01:30:40,070 --> 01:30:37,920

that doesn't understand memory that

2078

01:30:43,510 --> 01:30:40,080

doesn't understand

2079

01:30:46,470 --> 01:30:43,520

uh the damage that can be done to people

2080

01:30:51,030 --> 01:30:46,480

that use memory retrieval techniques to

2081

01:30:53,990 --> 01:30:51,040

try to hammer at a single memory from 20

2082

01:30:55,669 --> 01:30:54,000

30 45 years ago

2083

01:30:58,550 --> 01:30:55,679

and

2084

01:30:59,430 --> 01:30:58,560

i started getting into as well in that

2085

01:31:01,510 --> 01:30:59,440

book

2086

01:31:04,950 --> 01:31:01,520

the the way that the intelligence

2087

01:31:06,390 --> 01:31:04,960

community overlaps into

2088

01:31:13,350 --> 01:31:06,400

the

2089

01:31:14,709 --> 01:31:13,360

similarity between

2090

01:31:17,270 --> 01:31:14,719

um

2091

01:31:19,750 --> 01:31:17,280

ufo hypnotism

2092

01:31:22,790 --> 01:31:19,760

and the satanic panic

2093

01:31:24,149 --> 01:31:22,800

memory retrieval and and how people were

2094

01:31:26,709 --> 01:31:24,159

accused of

2095

01:31:27,910 --> 01:31:26,719

um just terrible things that they didn't

2096

01:31:32,310 --> 01:31:27,920

do

2097

01:31:34,229 --> 01:31:32,320

and the intelligence community use of

2098

01:31:38,149 --> 01:31:34,239

hypnosis

2099

01:31:40,470 --> 01:31:38,159

as an interrogation tool and we tend to

2100

01:31:44,149 --> 01:31:40,480

think that that stopped

2101

01:31:48,229 --> 01:31:44,159

uh around the mk ultra era maybe during

2102

01:31:50,950 --> 01:31:48,239

the mid 70s but there's plenty of

2103

01:31:54,550 --> 01:31:50,960

evidence that it continues

2104

01:31:55,990 --> 01:31:54,560

to be used hypnosis as an interrogation

2105

01:31:58,790 --> 01:31:56,000

technique

2106

01:32:03,030 --> 01:31:58,800

in the uh

2107

01:32:07,590 --> 01:32:03,040

intelligence community and as a way to

2108

01:32:10,830 --> 01:32:07,600

uh try to influence people and so i i

2109

01:32:14,149 --> 01:32:10,840

explore that and i explore some specific

2110

01:32:16,790 --> 01:32:14,159

cases uh like like we mentioned earlier

2111

01:32:20,310 --> 01:32:16,800

the bill moore case but there were other

2112

01:32:21,750 --> 01:32:20,320

people during that era as well

2113

01:32:25,110 --> 01:32:21,760

that had

2114

01:32:28,149 --> 01:32:25,120

strange interactions with the air force

2115

01:32:30,790 --> 01:32:28,159

office of special investigations

2116

01:32:34,550 --> 01:32:30,800

and that seemed to have been set up to

2117

01:32:37,669 --> 01:32:34,560

some extent simone mendes is who i'm

2118

01:32:40,709 --> 01:32:37,679

talking about and i explore her case

2119

01:32:43,669 --> 01:32:40,719

and a few other cases as well

2120

01:32:45,910 --> 01:32:43,679

uh in specifics that

2121

01:32:48,550 --> 01:32:45,920

um

2122

01:32:51,590 --> 01:32:48,560

we again we just find this overlap with

2123

01:32:54,149 --> 01:32:51,600

the intelligence community that it i

2124

01:32:55,750 --> 01:32:54,159

find it hard to believe that their

2125

01:33:00,629 --> 01:32:55,760

primary

2126
01:33:01,950 --> 01:33:00,639
concern is something about uh ufos or

2127
01:33:03,990 --> 01:33:01,960
or uh

2128
01:33:08,790 --> 01:33:04,000
extraterrestrials or something of that

2129
01:33:14,310 --> 01:33:12,390
here's a question from jackson

2130
01:33:15,830 --> 01:33:14,320
jack what four-year document has made

2131
01:33:19,270 --> 01:33:15,840
the biggest impression on your work

2132
01:33:25,990 --> 01:33:21,910
that's a good question the first one

2133
01:33:29,430 --> 01:33:26,000
that comes to mind is

2134
01:33:31,910 --> 01:33:29,440
one of the things that made me say okay

2135
01:33:33,830 --> 01:33:31,920
i'm just gonna go with a book about

2136
01:33:34,950 --> 01:33:33,840
nycap

2137
01:33:38,950 --> 01:33:34,960
was

2138
01:33:42,149 --> 01:33:38,960

foia documents i got from the fbi

2139

01:33:46,790 --> 01:33:42,159

on nicholas derockford

2140

01:33:48,390 --> 01:33:46,800

who was almost certainly a cia asset

2141

01:33:50,470 --> 01:33:48,400

and

2142

01:33:51,750 --> 01:33:50,480

was heavily involved

2143

01:34:02,470 --> 01:33:51,760

in

2144

01:34:06,470 --> 01:34:02,480

highest

2145

01:34:09,550 --> 01:34:06,480

of government um

2146

01:34:11,990 --> 01:34:09,560

when the fbi was doing their

2147

01:34:14,550 --> 01:34:12,000

investigative review on him they went

2148

01:34:16,709 --> 01:34:14,560

all the way to the joint chiefs of staff

2149

01:34:18,709 --> 01:34:16,719

for statements on him because he knew

2150

01:34:21,430 --> 01:34:18,719

people there

2151
01:34:24,629 --> 01:34:21,440
and then this guy for whatever reasons

2152
01:34:27,030 --> 01:34:24,639
was a nightcap organizer and

2153
01:34:28,709 --> 01:34:27,040
uh one of the first people to work in

2154
01:34:32,310 --> 01:34:28,719
nycap

2155
01:34:35,030 --> 01:34:32,320
and the foia document that i got that i

2156
01:34:37,830 --> 01:34:35,040
thought was really interesting

2157
01:34:41,430 --> 01:34:37,840
was that while the washington field

2158
01:34:43,109 --> 01:34:41,440
office was doing an investigation on

2159
01:34:44,550 --> 01:34:43,119
roguefort

2160
01:34:48,070 --> 01:34:44,560
they sent

2161
01:34:51,430 --> 01:34:48,080
director hoover a memo that is heavily

2162
01:34:54,229 --> 01:34:51,440
red acted heavily blacked out

2163
01:34:58,709 --> 01:34:54,239

that states that they talked to a

2164

01:35:02,229 --> 01:34:58,719

confidential informant about rockford

2165

01:35:03,270 --> 01:35:02,239

and that the information was given to

2166

01:35:04,550 --> 01:35:03,280

them

2167

01:35:07,510 --> 01:35:04,560

under

2168

01:35:10,350 --> 01:35:07,520

the agreement that it was not to be

2169

01:35:12,830 --> 01:35:10,360

shared with other agencies or

2170

01:35:14,629 --> 01:35:12,840

investigators or even

2171

01:35:16,390 --> 01:35:14,639

outside of

2172

01:35:18,550 --> 01:35:16,400

hoover's office

2173

01:35:21,830 --> 01:35:18,560

and so when the

2174

01:35:25,030 --> 01:35:21,840

washington fbi man sent this to hoover

2175

01:35:28,390 --> 01:35:25,040

with his reports he sent copies of the

2176

01:35:30,950 --> 01:35:28,400

reports for the other offices but only

2177

01:35:33,669 --> 01:35:30,960

this one letter to hoover

2178

01:35:37,669 --> 01:35:33,679

and the information is blacked out that

2179

01:35:39,590 --> 01:35:37,679

the informant gave him about ropefort

2180

01:35:40,830 --> 01:35:39,600

and

2181

01:35:43,430 --> 01:35:40,840

very

2182

01:35:45,510 --> 01:35:43,440

interestingly this was

2183

01:35:46,550 --> 01:35:45,520

the month

2184

01:35:49,590 --> 01:35:46,560

after

2185

01:35:51,590 --> 01:35:49,600

nycap was incorporated it was november

2186

01:35:54,390 --> 01:35:51,600

1956

2187

01:35:56,310 --> 01:35:54,400

during the time wrote for it was working

2188

01:36:00,149 --> 01:35:56,320

with nycap

2189

01:36:01,109 --> 01:36:00,159

i requested a review of the document for

2190

01:36:04,390 --> 01:36:01,119

further

2191

01:36:06,629 --> 01:36:04,400

disclosure and the fbi conducted the

2192

01:36:07,430 --> 01:36:06,639

review but declined

2193

01:36:10,390 --> 01:36:07,440

to

2194

01:36:13,510 --> 01:36:10,400

offer any further information on it

2195

01:36:16,790 --> 01:36:13,520

and so that really intrigued me

2196

01:36:19,750 --> 01:36:16,800

and i began looking more and more into

2197

01:36:22,470 --> 01:36:19,760

rockford and his associates that were

2198

01:36:26,390 --> 01:36:22,480

involved in incorporating and launching

2199

01:36:33,590 --> 01:36:30,229

now what caused nycap to

2200

01:36:36,070 --> 01:36:33,600

basically fall apart in 1980 i saw there

2201
01:36:38,070 --> 01:36:36,080
was a lot of infighting do you think any

2202
01:36:39,990 --> 01:36:38,080
of that was related to the intelligence

2203
01:36:43,830 --> 01:36:40,000
community

2204
01:36:48,709 --> 01:36:43,840
well there were always uh people linked

2205
01:36:52,870 --> 01:36:48,719
to if not directly employed with the cia

2206
01:36:54,470 --> 01:36:52,880
in the final years of nycap

2207
01:36:56,070 --> 01:36:54,480
on its board

2208
01:36:58,550 --> 01:36:56,080
managing it

2209
01:37:00,790 --> 01:36:58,560
taking care of phone calls things like

2210
01:37:04,830 --> 01:37:00,800
that

2211
01:37:07,350 --> 01:37:04,840
the demise of nycat really started in

2212
01:37:09,030 --> 01:37:07,360
1969 when they

2213
01:37:12,070 --> 01:37:09,040

uh removed

2214

01:37:13,590 --> 01:37:12,080

donald kehoe and gordon lohr from their

2215

01:37:14,709 --> 01:37:13,600

positions

2216

01:37:18,470 --> 01:37:14,719

and

2217

01:37:22,390 --> 01:37:18,480

uh they they put some other people in

2218

01:37:24,950 --> 01:37:22,400

and morale was bad they tried to hang on

2219

01:37:28,229 --> 01:37:24,960

during the 70s and

2220

01:37:30,470 --> 01:37:28,239

uh he even did some some reasonably

2221

01:37:32,709 --> 01:37:30,480

interesting investigations

2222

01:37:34,470 --> 01:37:32,719

and printed some materials that were

2223

01:37:37,189 --> 01:37:34,480

reasonably interesting

2224

01:37:38,870 --> 01:37:37,199

but it never had the boots on the ground

2225

01:37:39,870 --> 01:37:38,880

enthusiasm

2226

01:37:42,709 --> 01:37:39,880

that the

2227

01:37:43,830 --> 01:37:42,719

mid-1960s nycap had

2228

01:37:47,430 --> 01:37:43,840

and

2229

01:37:50,310 --> 01:37:47,440

by the 1980s was little more than uh

2230

01:37:53,030 --> 01:37:50,320

just a name on paper and i think it was

2231

01:37:55,109 --> 01:37:53,040

1982 was actually

2232

01:37:58,790 --> 01:37:55,119

uh sold to

2233

01:38:00,070 --> 01:37:58,800

um the center for ufo studies and uh the

2234

01:38:03,590 --> 01:38:00,080

allen

2235

01:38:06,470 --> 01:38:03,600

but

2236

01:38:08,870 --> 01:38:06,480

even in the 1960s

2237

01:38:13,990 --> 01:38:12,310

kehoe was starting to lose his swagger

2238

01:38:15,590 --> 01:38:14,000

with nycat

2239

01:38:17,430 --> 01:38:15,600

and

2240

01:38:20,470 --> 01:38:17,440

uh when the point came that the

2241

01:38:21,750 --> 01:38:20,480

congressional hearings and a ufo study

2242

01:38:24,709 --> 01:38:21,760

conducted

2243

01:38:26,709 --> 01:38:24,719

at the university of colorado known as

2244

01:38:27,669 --> 01:38:26,719

the continent report

2245

01:38:33,189 --> 01:38:27,679

um

2246

01:38:36,310 --> 01:38:33,199

didn't go the way kehoe and nycap wanted

2247

01:38:39,270 --> 01:38:36,320

some people feel like that the cia said

2248

01:38:40,790 --> 01:38:39,280

okay now's our chance let's stop this

2249

01:38:43,189 --> 01:38:40,800

shenanigans

2250

01:38:45,910 --> 01:38:43,199

other people feel like

2251
01:38:47,669 --> 01:38:45,920
tiho kind of dug his own grave and that

2252
01:38:50,390 --> 01:38:47,679
people were tired

2253
01:38:52,149 --> 01:38:50,400
of bashing the air force bashing the

2254
01:38:54,470 --> 01:38:52,159
c.i.a

2255
01:38:58,390 --> 01:38:54,480
remember that was a point in time that

2256
01:39:01,270 --> 01:38:58,400
patriotic americans wanted to be behind

2257
01:39:03,990 --> 01:39:01,280
the fbi and the air force and

2258
01:39:05,830 --> 01:39:04,000
a much different time

2259
01:39:07,830 --> 01:39:05,840
um

2260
01:39:10,149 --> 01:39:07,840
i tend to think a little of all of

2261
01:39:13,990 --> 01:39:10,159
that's involved if

2262
01:39:17,189 --> 01:39:14,000
if the cia launched nycap which i'm

2263
01:39:19,669 --> 01:39:17,199

pretty thoroughly convinced it did

2264

01:39:22,229 --> 01:39:19,679

and i think there were people

2265

01:39:24,470 --> 01:39:22,239

working with nycap that didn't need to

2266

01:39:27,030 --> 01:39:24,480

be read into that

2267

01:39:29,510 --> 01:39:27,040

information i think donald kehoe was

2268

01:39:32,149 --> 01:39:29,520

probably one of them

2269

01:39:34,790 --> 01:39:32,159

i think gordon lohr was i i think that

2270

01:39:39,270 --> 01:39:34,800

their intentions were sincere and that

2271

01:39:43,590 --> 01:39:41,750

i just

2272

01:39:46,790 --> 01:39:43,600

feel like that

2273

01:39:49,189 --> 01:39:46,800

if the cia launched the organization

2274

01:39:52,229 --> 01:39:49,199

then it wouldn't have just thrown it to

2275

01:39:55,189 --> 01:39:52,239

the curb over the years and it was not

2276

01:39:58,070 --> 01:39:55,199

going to leave it up to chance

2277

01:40:02,070 --> 01:39:58,080

for how it played out

2278

01:40:05,510 --> 01:40:02,080

and i think that's why ci associates

2279

01:40:08,149 --> 01:40:05,520

were brought in in the 70s

2280

01:40:09,189 --> 01:40:08,159

to act as president and remain on the

2281

01:40:11,430 --> 01:40:09,199

board

2282

01:40:12,709 --> 01:40:11,440

and uh just kind of

2283

01:40:15,669 --> 01:40:12,719

keep it

2284

01:40:17,990 --> 01:40:15,679

officially open if

2285

01:40:21,189 --> 01:40:18,000

other opportunities came along that were

2286

01:40:23,590 --> 01:40:21,199

needed but at some point they just

2287

01:40:26,470 --> 01:40:23,600

dissolved the organization

2288

01:40:29,430 --> 01:40:26,480

and it might be interesting to see

2289

01:40:30,629 --> 01:40:29,440

the timeline of what was going on and

2290

01:40:32,470 --> 01:40:30,639

mufon

2291

01:40:34,070 --> 01:40:32,480

with the intelligence

2292

01:40:35,350 --> 01:40:34,080

organizations

2293

01:40:38,390 --> 01:40:35,360

and as

2294

01:40:41,590 --> 01:40:38,400

these guys aged out and they just kind

2295

01:40:44,709 --> 01:40:41,600

of shuddered nycap if then we were

2296

01:40:47,109 --> 01:40:44,719

kicking back into gear with the aviary

2297

01:40:51,430 --> 01:40:47,119

and bill moore and his crew

2298

01:40:53,669 --> 01:40:51,440

um and mufon and groups like that

2299

01:40:55,109 --> 01:40:53,679

um so someone just wrote in the chat

2300

01:40:55,910 --> 01:40:55,119

that they can't get through in the phone

2301
01:40:58,870 --> 01:40:55,920
line

2302
01:41:02,550 --> 01:40:58,880
so hopefully bill is uh listening

2303
01:41:05,590 --> 01:41:03,510
so

2304
01:41:08,470 --> 01:41:05,600
earlier you said

2305
01:41:10,709 --> 01:41:08,480
that you did not know

2306
01:41:13,350 --> 01:41:10,719
oh the line's not working okay i just

2307
01:41:15,350 --> 01:41:13,360
see the text yeah all right uh well

2308
01:41:16,790 --> 01:41:15,360
maybe it is i'm i'm not sure what's

2309
01:41:19,030 --> 01:41:16,800
going on

2310
01:41:20,390 --> 01:41:19,040
anyway um

2311
01:41:22,149 --> 01:41:20,400
you said you didn't know about a

2312
01:41:24,229 --> 01:41:22,159
specific case because you didn't throw

2313
01:41:26,950 --> 01:41:24,239

down the gauntlet on it do you have any

2314

01:41:31,270 --> 01:41:26,960

cases you've thrown the gauntlet down on

2315

01:41:32,790 --> 01:41:31,280

um somewhat i do uh nycap in general

2316

01:41:36,149 --> 01:41:32,800

would be one

2317

01:41:37,750 --> 01:41:36,159

um and the grades had been framed i went

2318

01:41:41,350 --> 01:41:37,760

pretty hard

2319

01:41:42,950 --> 01:41:41,360

into the emma woods case uh

2320

01:41:44,550 --> 01:41:42,960

i know about that one

2321

01:41:47,910 --> 01:41:44,560

yeah and

2322

01:41:51,109 --> 01:41:47,920

i dissected it pretty heavily

2323

01:41:52,470 --> 01:41:51,119

i was pretty interested in

2324

01:41:54,870 --> 01:41:52,480

uh

2325

01:41:57,830 --> 01:41:54,880

carol rainey and bud hopkins his

2326

01:41:59,270 --> 01:41:57,840

association and i went through it as

2327

01:42:02,550 --> 01:41:59,280

well

2328

01:42:03,590 --> 01:42:02,560

uh the leah hailey case was fascinating

2329

01:42:06,950 --> 01:42:03,600

to me

2330

01:42:08,390 --> 01:42:06,960

and again by this point in my research

2331

01:42:12,790 --> 01:42:08,400

the into

2332

01:42:14,950 --> 01:42:12,800

in 2000s and i i published that book in

2333

01:42:18,790 --> 01:42:14,960

2006

2334

01:42:22,070 --> 01:42:18,800

i was interested in social circumstances

2335

01:42:25,109 --> 01:42:22,080

and i wasn't expecting to find

2336

01:42:27,030 --> 01:42:25,119

a really peculiar

2337

01:42:30,310 --> 01:42:27,040

uh

2338

01:42:32,629 --> 01:42:30,320

high strangeness type of thing as much

2339

01:42:35,030 --> 01:42:32,639

as i was interested in

2340

01:42:35,910 --> 01:42:35,040

what can we

2341

01:42:37,750 --> 01:42:35,920

uh

2342

01:42:39,990 --> 01:42:37,760

establish happen

2343

01:42:42,390 --> 01:42:40,000

like like we're we're never gonna know

2344

01:42:44,790 --> 01:42:42,400

you know what someone thinks they saw or

2345

01:42:47,830 --> 01:42:44,800

or that kind of thing but we can

2346

01:42:50,310 --> 01:42:47,840

establish that this researcher called

2347

01:42:53,030 --> 01:42:50,320

this person on this date and they said

2348

01:42:55,830 --> 01:42:53,040

this and then they met with this person

2349

01:42:57,350 --> 01:42:55,840

and this intelligence community member

2350

01:42:59,910 --> 01:42:57,360

had this to say

2351
01:43:03,750 --> 01:42:59,920
and this intelligence community person

2352
01:43:07,030 --> 01:43:03,760
told the newspaper this about leah haley

2353
01:43:10,390 --> 01:43:07,040
and things like that that interested me

2354
01:43:13,270 --> 01:43:10,400
and i i took a deep dive into that and

2355
01:43:16,310 --> 01:43:13,280
thus the name of the book uh

2356
01:43:19,830 --> 01:43:16,320
the greys had been framed exploitation

2357
01:43:22,790 --> 01:43:19,840
in the ufo community is that whatever

2358
01:43:24,709 --> 01:43:22,800
the reasons that that some of these

2359
01:43:27,750 --> 01:43:24,719
people

2360
01:43:28,669 --> 01:43:27,760
did find themselves interacting

2361
01:43:32,950 --> 01:43:28,679
with

2362
01:43:35,430 --> 01:43:32,960
researchers that we question their

2363
01:43:37,430 --> 01:43:35,440

their motives or members of the

2364

01:43:42,149 --> 01:43:37,440

intelligence community

2365

01:43:45,189 --> 01:43:42,159

that their agenda is unclear

2366

01:43:48,550 --> 01:43:45,199

it's clear enough that

2367

01:43:51,189 --> 01:43:48,560

the circumstances were exploited

2368

01:43:52,950 --> 01:43:51,199

for reasons that we often

2369

01:43:54,870 --> 01:43:52,960

can't really

2370

01:43:58,470 --> 01:43:54,880

uh identify

2371

01:44:01,590 --> 01:43:58,480

sometimes it seems apparent enough

2372

01:44:02,550 --> 01:44:01,600

other times it's less so

2373

01:44:06,310 --> 01:44:02,560

and

2374

01:44:07,910 --> 01:44:06,320

we seem to almost be on this spin cycle

2375

01:44:10,390 --> 01:44:07,920

pardon the pun

2376

01:44:11,669 --> 01:44:10,400

in ufology that this just keeps

2377

01:44:12,870 --> 01:44:11,679

happening

2378

01:44:17,270 --> 01:44:12,880

that

2379

01:44:20,390 --> 01:44:17,280

uh phds intelligence community members

2380

01:44:23,990 --> 01:44:20,400

uh seemingly sincere people

2381

01:44:26,709 --> 01:44:24,000

get caught in this wave of saying

2382

01:44:30,149 --> 01:44:26,719

extraordinary things and the stuff never

2383

01:44:33,350 --> 01:44:30,159

really pans out and then at some point

2384

01:44:35,910 --> 01:44:33,360

we're just looking back at it and some

2385

01:44:38,470 --> 01:44:35,920

new group is doing it again just seems

2386

01:44:41,590 --> 01:44:38,480

to to happen over and over

2387

01:44:45,270 --> 01:44:41,600

and to me that is probably most

2388

01:44:47,510 --> 01:44:45,280

disappointing among the academics

2389

01:44:50,070 --> 01:44:47,520

because the intelligence community

2390

01:44:53,590 --> 01:44:50,080

people may be doing their jobs to some

2391

01:44:56,709 --> 01:44:53,600

extent or at least in some circumstances

2392

01:45:00,470 --> 01:44:56,719

whatever that propaganda or public

2393

01:45:03,270 --> 01:45:00,480

relations campaign or that job may be

2394

01:45:07,990 --> 01:45:03,280

the the people that see

2395

01:45:10,550 --> 01:45:08,000

the ufo genre uh as i originally did

2396

01:45:13,270 --> 01:45:10,560

through a lens of wow i wonder what

2397

01:45:15,750 --> 01:45:13,280

these flying saucers are i wonder what

2398

01:45:19,430 --> 01:45:15,760

happened to betty and barney hill and

2399

01:45:21,669 --> 01:45:19,440

things like that are understandably just

2400

01:45:23,669 --> 01:45:21,679

trying to figure out and learn more

2401
01:45:27,149 --> 01:45:23,679
about what's going on

2402
01:45:28,709 --> 01:45:27,159
so i think i hold most responsible the

2403
01:45:29,510 --> 01:45:28,719
academics

2404
01:45:32,390 --> 01:45:29,520
that

2405
01:45:35,270 --> 01:45:32,400
we're educated to know better

2406
01:45:38,310 --> 01:45:35,280
and they know the professional research

2407
01:45:41,910 --> 01:45:38,320
process and they understand

2408
01:45:43,510 --> 01:45:41,920
when they are and when they are not

2409
01:45:46,070 --> 01:45:43,520
uh

2410
01:45:47,430 --> 01:45:46,080
talking out their rear end for lack of a

2411
01:45:50,629 --> 01:45:47,440
better term

2412
01:45:53,709 --> 01:45:50,639
and so that's the people that i i think

2413
01:45:55,350 --> 01:45:53,719

i hold most responsible for it is the

2414

01:45:56,790 --> 01:45:55,360

academics

2415

01:45:59,830 --> 01:45:56,800

that don't

2416

01:46:02,310 --> 01:45:59,840

um put up or shut up but we'll keep

2417

01:46:04,390 --> 01:46:02,320

doing interviews and talking about all

2418

01:46:05,910 --> 01:46:04,400

this exciting stuff that they're hoping

2419

01:46:07,510 --> 01:46:05,920

to find

2420

01:46:10,629 --> 01:46:07,520

and

2421

01:46:12,390 --> 01:46:10,639

okay so maybe they're maybe they're just

2422

01:46:15,189 --> 01:46:12,400

uh speculating

2423

01:46:18,390 --> 01:46:15,199

and they're entitled to like anyone else

2424

01:46:20,870 --> 01:46:18,400

but a problem with that is like any

2425

01:46:23,830 --> 01:46:20,880

story

2426

01:46:25,030 --> 01:46:23,840

like that the correction doesn't get

2427

01:46:29,109 --> 01:46:25,040

near

2428

01:46:31,990 --> 01:46:29,119

the face time that the initial fantastic

2429

01:46:35,430 --> 01:46:32,000

claim does and when they come along with

2430

01:46:39,350 --> 01:46:35,440

a paper five years from now that says

2431

01:46:43,910 --> 01:46:41,750

it wasn't so fantastic

2432

01:46:45,669 --> 01:46:43,920

there are still people

2433

01:46:46,790 --> 01:46:45,679

clinging to

2434

01:46:48,790 --> 01:46:46,800

the

2435

01:46:51,669 --> 01:46:48,800

beliefs

2436

01:46:54,709 --> 01:46:51,679

that that were floated and asserted in

2437

01:46:56,310 --> 01:46:54,719

the first place

2438

01:46:59,030 --> 01:46:56,320

okay um

2439

01:47:01,350 --> 01:46:59,040

yeah so uh i apologize for to the people

2440

01:47:03,910 --> 01:47:01,360

that the phone line uh was not working

2441

01:47:05,189 --> 01:47:03,920

thanks for trying to call in um

2442

01:47:07,350 --> 01:47:05,199

and

2443

01:47:10,229 --> 01:47:07,360

someone mentioned what you thought about

2444

01:47:12,629 --> 01:47:10,239

you know the um new fork the call-in

2445

01:47:14,870 --> 01:47:12,639

center now that's not something that

2446

01:47:16,870 --> 01:47:14,880

would ever be infiltrated

2447

01:47:19,270 --> 01:47:16,880

something like that i mean

2448

01:47:22,629 --> 01:47:19,280

that's just a single guy peter davenport

2449

01:47:25,910 --> 01:47:22,639

basically taking in reports um so

2450

01:47:29,350 --> 01:47:25,920

nothing really my interactions directly

2451
01:47:31,910 --> 01:47:29,360
with mr davenport have always been good

2452
01:47:34,070 --> 01:47:31,920
he's been helpful when i've asked him

2453
01:47:35,430 --> 01:47:34,080
about reports

2454
01:47:38,790 --> 01:47:35,440
uh

2455
01:47:41,830 --> 01:47:38,800
i could say more so than the mutual ufo

2456
01:47:44,950 --> 01:47:41,840
network he's at least

2457
01:47:47,510 --> 01:47:44,960
willing to give a response for a blog

2458
01:47:51,109 --> 01:47:47,520
post he's willing to direct me

2459
01:47:55,830 --> 01:47:51,119
to reports that were filed i haven't

2460
01:48:01,590 --> 01:47:57,070
[Music]

2461
01:48:09,109 --> 01:48:05,510
assistance from other groups like mufon

2462
01:48:12,390 --> 01:48:09,119
so i i don't have anything um

2463
01:48:14,310 --> 01:48:12,400

negative to say about about new fork or

2464

01:48:17,669 --> 01:48:14,320

mr davenport

2465

01:48:18,790 --> 01:48:17,679

i can certainly understand where in his

2466

01:48:23,030 --> 01:48:18,800

day

2467

01:48:24,550 --> 01:48:23,040

that that was an idea of something to do

2468

01:48:26,149 --> 01:48:24,560

and um

2469

01:48:29,109 --> 01:48:26,159

like you were saying

2470

01:48:31,430 --> 01:48:29,119

uh about the persistence of researchers

2471

01:48:33,109 --> 01:48:31,440

he he stuck with it and he kept with it

2472

01:48:35,270 --> 01:48:33,119

for many years

2473

01:48:36,790 --> 01:48:35,280

right here's another question that came

2474

01:48:38,790 --> 01:48:36,800

come up just ignore the last part it

2475

01:48:41,669 --> 01:48:38,800

says jack what is

2476

01:48:44,229 --> 01:48:41,679

what has been your biggest takeaway for

2477

01:48:51,109 --> 01:48:44,239

today from your research on the ufo

2478

01:48:56,950 --> 01:48:54,550

that there is an undeniable element of

2479

01:49:01,669 --> 01:48:56,960

the intelligence community

2480

01:49:04,470 --> 01:49:01,679

on an ongoing basis in the ufo

2481

01:49:06,950 --> 01:49:04,480

subculture

2482

01:49:09,830 --> 01:49:06,960

as i mentioned earlier i think the

2483

01:49:11,910 --> 01:49:09,840

reasons change from one specific

2484

01:49:15,830 --> 01:49:11,920

instance to the next

2485

01:49:19,270 --> 01:49:15,840

but i think it's largely misunderstood

2486

01:49:20,390 --> 01:49:19,280

by the public at large and the people

2487

01:49:22,070 --> 01:49:20,400

uh

2488

01:49:24,310 --> 01:49:22,080

like myself

2489

01:49:27,030 --> 01:49:24,320

that come into this wanting to learn

2490

01:49:29,350 --> 01:49:27,040

more about ufos

2491

01:49:30,629 --> 01:49:29,360

i don't think that we understand the

2492

01:49:33,270 --> 01:49:30,639

extent

2493

01:49:36,629 --> 01:49:33,280

that the intelligence community is

2494

01:49:39,430 --> 01:49:36,639

involved in it and manipulating it

2495

01:49:42,790 --> 01:49:39,440

and even people that will come in and be

2496

01:49:45,750 --> 01:49:42,800

at it for a few years often don't

2497

01:49:48,470 --> 01:49:45,760

understand the extent of what happened

2498

01:49:49,830 --> 01:49:48,480

20 years ago and 30 years ago and 40

2499

01:49:53,189 --> 01:49:49,840

years ago

2500

01:49:55,589 --> 01:49:53,199

and how repetitive it is

2501
01:49:58,070 --> 01:49:55,599
and there's see there's an element as i

2502
01:50:01,030 --> 01:49:58,080
was saying about academics

2503
01:50:04,070 --> 01:50:01,040
and intelligence members there's an

2504
01:50:07,189 --> 01:50:04,080
element of deception there

2505
01:50:11,830 --> 01:50:08,790
while they

2506
01:50:15,109 --> 01:50:11,840
may not they may or may not

2507
01:50:18,070 --> 01:50:15,119
allude to it's never happened before and

2508
01:50:22,070 --> 01:50:18,080
that stuff happening now is new

2509
01:50:23,350 --> 01:50:22,080
but by not educating their following

2510
01:50:26,229 --> 01:50:23,360
about

2511
01:50:29,430 --> 01:50:26,239
what's taken place in the past there

2512
01:50:33,030 --> 01:50:29,440
there's a certain element of deception

2513
01:50:36,470 --> 01:50:33,040

and lying through omission and some

2514

01:50:39,109 --> 01:50:36,480

outright misrepresent circumstances and

2515

01:50:42,390 --> 01:50:39,119

then don't correct them and

2516

01:50:44,470 --> 01:50:42,400

uh so that would be my main takeaway

2517

01:50:47,589 --> 01:50:44,480

is um

2518

01:50:50,870 --> 01:50:47,599

i wouldn't rule out that there's some

2519

01:50:52,870 --> 01:50:50,880

unusual phenomena that is yet to be

2520

01:50:55,830 --> 01:50:52,880

better understood

2521

01:50:58,550 --> 01:50:55,840

but it is undeniable that the

2522

01:50:59,910 --> 01:50:58,560

intelligence community has had a front

2523

01:51:03,589 --> 01:50:59,920

row seat

2524

01:51:07,270 --> 01:51:03,599

in the way the topic is massaged and

2525

01:51:10,470 --> 01:51:07,280

interpreted by the public since the very

2526

01:51:13,030 --> 01:51:10,480

outset of the modern ufo phenomenon in

2527

01:51:15,109 --> 01:51:13,040

the 1940s

2528

01:51:16,550 --> 01:51:15,119

it's all very interesting we have two

2529

01:51:18,470 --> 01:51:16,560

questions we only have three minutes

2530

01:51:19,910 --> 01:51:18,480

left we'll see if you can get these

2531

01:51:23,510 --> 01:51:19,920

answered have you ever heard of the term

2532

01:51:25,510 --> 01:51:23,520

uct uncorrelated targets it's a norads

2533

01:51:26,709 --> 01:51:25,520

acronym for the phenomenon i never heard

2534

01:51:29,350 --> 01:51:26,719

that before

2535

01:51:32,229 --> 01:51:29,360

um not off the top of my head if i've

2536

01:51:34,470 --> 01:51:32,239

come across it it didn't resonate with

2537

01:51:38,470 --> 01:51:34,480

me for some reason yeah we don't need

2538

01:51:41,030 --> 01:51:38,480

other acronyms really uap and

2539

01:51:42,550 --> 01:51:41,040

the uh the new thing that congress i

2540

01:51:44,790 --> 01:51:42,560

mean that uh

2541

01:51:46,870 --> 01:51:44,800

the government has set up has so many

2542

01:51:48,149 --> 01:51:46,880

letters and we have to make up a funny

2543

01:51:50,470 --> 01:51:48,159

word for that one i don't know if you

2544

01:51:54,310 --> 01:51:50,480

saw that it's a big

2545

01:51:55,990 --> 01:51:54,320

yeah it's crazy insane yeah um here's

2546

01:51:58,390 --> 01:51:56,000

another question here are these

2547

01:52:01,030 --> 01:51:58,400

intelligence agencies responsible

2548

01:52:03,750 --> 01:52:01,040

military or civilian or both and to what

2549

01:52:04,320 --> 01:52:03,760

degree

2550

01:52:05,669 --> 01:52:04,330

um

2551

01:52:07,750 --> 01:52:05,679

[Music]

2552

01:52:09,430 --> 01:52:07,760

they're they're milit i mean they're not

2553

01:52:11,109 --> 01:52:09,440

civilian they're

2554

01:52:12,950 --> 01:52:11,119

they're government

2555

01:52:16,070 --> 01:52:12,960

right

2556

01:52:18,709 --> 01:52:16,080

yes and it would depend on specifically

2557

01:52:20,149 --> 01:52:18,719

what we're talking about um like in

2558

01:52:23,510 --> 01:52:20,159

nycap

2559

01:52:26,149 --> 01:52:23,520

uh the cia certainly had an interest in

2560

01:52:27,870 --> 01:52:26,159

the launching of the organization

2561

01:52:29,430 --> 01:52:27,880

and it had

2562

01:52:35,350 --> 01:52:29,440

relationships

2563

01:52:42,070 --> 01:52:38,070

that that one was called council

2564

01:52:43,030 --> 01:52:42,080

services and was a public relations

2565

01:52:45,669 --> 01:52:43,040

firm

2566

01:52:49,109 --> 01:52:45,679

another was a government agency called

2567

01:52:50,229 --> 01:52:49,119

the economic cooperation agency

2568

01:52:53,990 --> 01:52:50,239

that

2569

01:52:56,950 --> 01:52:54,000

acted as an asset for the cia

2570

01:53:00,550 --> 01:52:56,960

and i think that that's a really common

2571

01:53:01,910 --> 01:53:00,560

theme i know it is in the intelligence

2572

01:53:05,510 --> 01:53:01,920

community

2573

01:53:08,470 --> 01:53:05,520

bag of tools to have

2574

01:53:09,830 --> 01:53:08,480

government agencies acting on its behalf

2575

01:53:19,270 --> 01:53:09,840

and

2576

01:53:22,550 --> 01:53:19,280

all right well we made it we did the

2577

01:53:24,790 --> 01:53:22,560

whole show and i do want to apologize

2578

01:53:28,149 --> 01:53:24,800

to the uh people that were trying to

2579

01:53:30,709 --> 01:53:28,159

call in and considering next week's a

2580

01:53:33,189 --> 01:53:30,719

call-in show hopefully that will be

2581

01:53:34,550 --> 01:53:33,199

fixed but thank you so much jack it's

2582

01:53:36,950 --> 01:53:34,560

always been a pleasure i like your

2583

01:53:39,109 --> 01:53:36,960

level-headedness and and your opinions

2584

01:53:41,589 --> 01:53:39,119

uh are very good in my opinion how do

2585

01:53:44,070 --> 01:53:41,599

you like that thank you very much for

2586

01:53:46,550 --> 01:53:44,080

having me it's my pleasure and i

2587

01:53:50,229 --> 01:53:46,560

appreciate it martin all right you take

2588

01:53:51,910 --> 01:53:50,239

care now and we'll talk soon

2589

01:53:53,990 --> 01:53:51,920

all right everyone so that's it for the

2590

01:53:57,109 --> 01:53:54,000

show tonight thank you so much don't

2591

01:53:58,950 --> 01:53:57,119

forget next week uh get your

2592

01:54:01,669 --> 01:53:58,960

uh well we can talk about anything talk

2593

01:54:04,149 --> 01:54:01,679

about a ufo sighting uh you wanna uh you

2594

01:54:06,870 --> 01:54:04,159

have some questions we're taking calls

2595

01:54:10,550 --> 01:54:06,880

and it's just a call-in show only next

2596

01:54:12,709 --> 01:54:10,560

week for a 500th show thank you so much

2597

01:54:17,470 --> 01:54:12,719

and remember to keep your eyes to the
