

THE SECRET OF  
**SKINWALKER  
RANCH**

**BRANDON FUGAL**

**ERIK BARD**

1  
00:00:22,470 --> 00:00:20,790

[Music]

2  
00:00:25,830 --> 00:00:22,480

hello this is martin willis and welcome

3  
00:00:28,390 --> 00:00:25,840

to the everything else show i remember

4  
00:00:31,429 --> 00:00:28,400

i think it was about 10 years or so ago

5  
00:00:32,709 --> 00:00:31,439

i read the book uh hunt for the

6  
00:00:35,190 --> 00:00:32,719

skinwalker

7  
00:00:37,510 --> 00:00:35,200

uh colm kelleher and george knapp wrote

8  
00:00:38,549 --> 00:00:37,520

that and i it was a book i couldn't put

9  
00:00:41,750 --> 00:00:38,559

down

10  
00:00:43,590 --> 00:00:41,760

uh i was just totally amazed even if

11  
00:00:46,470 --> 00:00:43,600

part of it was true

12  
00:00:50,470 --> 00:00:46,480

i would think that skinwalker ranch has

13  
00:00:52,310 --> 00:00:50,480

to be the most unique place in the world

14

00:00:54,310 --> 00:00:52,320

and we're here tonight

15

00:00:55,350 --> 00:00:54,320

to talk with the

16

00:00:56,950 --> 00:00:55,360

owner

17

00:01:00,069 --> 00:00:56,960

and also the

18

00:01:02,709 --> 00:01:00,079

lead scientist or principal investigator

19

00:01:04,310 --> 00:01:02,719

i should call him so uh

20

00:01:06,710 --> 00:01:04,320

when

21

00:01:08,789 --> 00:01:06,720

the ranch sold i remember a number of

22

00:01:11,030 --> 00:01:08,799

years ago i remember hearing

23

00:01:12,789 --> 00:01:11,040

bigelow sold the ranch

24

00:01:13,830 --> 00:01:12,799

who bought it you know and that was like

25

00:01:16,310 --> 00:01:13,840

everyone

26  
00:01:17,510 --> 00:01:16,320  
that i know was asking the same question

27  
00:01:20,789 --> 00:01:17,520  
and

28  
00:01:23,190 --> 00:01:20,799  
no one knew for quite a while

29  
00:01:26,310 --> 00:01:23,200  
and all of a sudden i started hearing

30  
00:01:27,830 --> 00:01:26,320  
this name brandon fogle uh out there and

31  
00:01:28,630 --> 00:01:27,840  
like oh

32  
00:01:31,510 --> 00:01:28,640  
so

33  
00:01:33,990 --> 00:01:31,520  
that is it and

34  
00:01:37,190 --> 00:01:34,000  
anyway that's the person so

35  
00:01:40,149 --> 00:01:37,200  
i was pretty excited when i heard that

36  
00:01:42,230 --> 00:01:40,159  
the history channel was starting a

37  
00:01:43,429 --> 00:01:42,240  
series on this

38  
00:01:48,550 --> 00:01:43,439

and

39

00:01:49,590 --> 00:01:48,560

really excited to have these two

40

00:01:51,190 --> 00:01:49,600

gentlemen

41

00:01:53,270 --> 00:01:51,200

on the show

42

00:01:55,109 --> 00:01:53,280

uh i'm getting some feedback i'm just

43

00:01:58,310 --> 00:01:55,119

trying to take care of something here at

44

00:02:00,469 --> 00:01:58,320

the same time so anyway uh i am ready to

45

00:02:02,709 --> 00:02:00,479

bring in our guests this evening and

46

00:02:06,389 --> 00:02:02,719

pretty excited to welcome gentlemen

47

00:02:09,350 --> 00:02:06,399

brandon and eric welcome to both of you

48

00:02:12,070 --> 00:02:09,360

good evening so uh

49

00:02:14,790 --> 00:02:12,080

brandon you come to us from las vegas

50

00:02:16,550 --> 00:02:14,800

right in that area salt lake city

51

00:02:19,110 --> 00:02:16,560

i'm sorry salt lake city yes i'm

52

00:02:20,070 --> 00:02:19,120

currently in my office in salt lake city

53

00:02:23,830 --> 00:02:20,080

eric

54

00:02:26,150 --> 00:02:23,840

uh

55

00:02:28,070 --> 00:02:26,160

ever vigilant in the command center out

56

00:02:31,430 --> 00:02:28,080

at the ranch yeah right at the ranch

57

00:02:33,830 --> 00:02:31,440

which is pretty exciting so uh i love

58

00:02:35,670 --> 00:02:33,840

this this whole story about skinwalker

59

00:02:38,309 --> 00:02:35,680

it's such an intriguing

60

00:02:40,949 --> 00:02:38,319

place first of all and congratulations

61

00:02:42,790 --> 00:02:40,959

on season three this is exciting you're

62

00:02:43,750 --> 00:02:42,800

going into season three and i was lucky

63

00:02:46,470 --> 00:02:43,760

enough

64

00:02:49,030 --> 00:02:46,480

to be able to uh have watched the

65

00:02:50,550 --> 00:02:49,040

premiere screener so i'm going to ask a

66

00:02:53,830 --> 00:02:50,560

couple of questions i'll try not to

67

00:02:55,750 --> 00:02:53,840

spoil anything as as we go along here as

68

00:02:56,710 --> 00:02:55,760

far as because that's coming out on may

69

00:02:59,110 --> 00:02:56,720

3rd

70

00:03:01,190 --> 00:02:59,120

so uh but brandon

71

00:03:04,309 --> 00:03:01,200

first of all what made you decide to buy

72

00:03:07,350 --> 00:03:04,319

the ranch um as i said in the monologue

73

00:03:09,910 --> 00:03:07,360

you were anonymous for i think a few

74

00:03:11,910 --> 00:03:09,920

years and and so i want to know what

75

00:03:13,910 --> 00:03:11,920

made you decide to buy it and what made

76

00:03:16,470 --> 00:03:13,920

you decide to finally state that you

77

00:03:19,670 --> 00:03:16,480

were indeed the buyer of it

78

00:03:22,630 --> 00:03:19,680

good question i i had been involved with

79

00:03:23,830 --> 00:03:22,640

a an advanced physics project and

80

00:03:27,910 --> 00:03:23,840

program

81

00:03:29,670 --> 00:03:27,920

uh back in 2010 to 2013 and our science

82

00:03:32,789 --> 00:03:29,680

advisory board

83

00:03:35,110 --> 00:03:32,799

involved a couple of individuals who

84

00:03:36,550 --> 00:03:35,120

unbeknownst to me were also the science

85

00:03:39,430 --> 00:03:36,560

advisors to

86

00:03:40,550 --> 00:03:39,440

robert bigelow bigelow aerospace who of

87

00:03:43,350 --> 00:03:40,560

course is

88

00:03:47,110 --> 00:03:43,360

the previous owner of skinwalker ranch

89

00:03:47,990 --> 00:03:47,120

uh in 2015 those individuals reached out

90

00:03:49,990 --> 00:03:48,000

to me

91

00:03:51,670 --> 00:03:50,000

and asked if i would be interested in

92

00:03:54,550 --> 00:03:51,680

taking a meeting

93

00:03:58,070 --> 00:03:54,560

to discuss a potential joint venture or

94

00:03:59,910 --> 00:03:58,080

acquisition of this very enigmatic piece

95

00:04:01,030 --> 00:03:59,920

of property in northeastern utah not

96

00:04:03,030 --> 00:04:01,040

only because

97

00:04:05,589 --> 00:04:03,040

of my proximity

98

00:04:07,830 --> 00:04:05,599

to to the ranch being in salt lake city

99

00:04:10,309 --> 00:04:07,840

and in just a few hours away but also

100

00:04:13,190 --> 00:04:10,319

knowing that i had the resources

101  
00:04:16,310 --> 00:04:13,200  
to to engage and to potentially advance

102  
00:04:19,349 --> 00:04:16,320  
what had apparently been a

103  
00:04:22,950 --> 00:04:19,359  
a very active scientific investigation

104  
00:04:25,909 --> 00:04:22,960  
that between 2008 and 2013 was part of a

105  
00:04:27,189 --> 00:04:25,919  
pentagon funded black budget program

106  
00:04:45,749 --> 00:04:27,199  
i

107  
00:04:48,390 --> 00:04:45,759  
of the sort and

108  
00:04:51,189 --> 00:04:48,400  
would be acquiring the property as a as

109  
00:04:52,469 --> 00:04:51,199  
an open-minded but skeptical individual

110  
00:04:55,110 --> 00:04:52,479  
and uh

111  
00:04:58,070 --> 00:04:55,120  
in april of 2016 acquired the property

112  
00:05:00,550 --> 00:04:58,080  
with no intention of ever revealing my

113  
00:05:01,990 --> 00:05:00,560

identity as the owner in fact i i

114

00:05:04,070 --> 00:05:02,000

thought i'd go the rest of my life

115

00:05:05,830 --> 00:05:04,080

without ever

116

00:05:07,590 --> 00:05:05,840

revealing that i was the owner of the

117

00:05:10,230 --> 00:05:07,600

property simply because i didn't want it

118

00:05:13,510 --> 00:05:10,240

to conflict with or distract from my

119

00:05:15,110 --> 00:05:13,520

professional obligations as chairman of

120

00:05:17,110 --> 00:05:15,120

the largest commercial real estate firm

121

00:05:19,110 --> 00:05:17,120

in the intermountain west and also

122

00:05:20,629 --> 00:05:19,120

an entrepreneur

123

00:05:23,029 --> 00:05:20,639

associated with so many other

124

00:05:24,950 --> 00:05:23,039

enterprises and representing

125

00:05:28,310 --> 00:05:24,960

various companies and

126  
00:05:30,710 --> 00:05:28,320  
and entities and uh it wasn't until

127  
00:05:34,150 --> 00:05:30,720  
march of 2010

128  
00:05:38,310 --> 00:05:34,160  
excuse me march of 2020

129  
00:05:39,749 --> 00:05:38,320  
that i eventually came out and uh was

130  
00:05:41,670 --> 00:05:39,759  
public with

131  
00:05:44,070 --> 00:05:41,680  
the fact that i was the owner had owned

132  
00:05:45,749 --> 00:05:44,080  
the property for a number of years and

133  
00:05:47,909 --> 00:05:45,759  
agreed to

134  
00:05:51,029 --> 00:05:47,919  
enter into a deal with the history

135  
00:05:54,390 --> 00:05:51,039  
channel to document the reality of our

136  
00:05:55,670 --> 00:05:54,400  
ongoing investigation at skinwalker

137  
00:05:57,909 --> 00:05:55,680  
ranch

138  
00:05:59,670 --> 00:05:57,919

eric bard who is our principal

139

00:06:01,909 --> 00:05:59,680

investigator has been involved in this

140

00:06:03,430 --> 00:06:01,919

effort since 2016 as well and has

141

00:06:05,909 --> 00:06:03,440

quietly

142

00:06:08,469 --> 00:06:05,919

and vigilantly acted behind the scenes

143

00:06:10,710 --> 00:06:08,479

is as really the one that has designed

144

00:06:13,350 --> 00:06:10,720

the scientific platforms

145

00:06:14,150 --> 00:06:13,360

and uh and devices

146

00:06:19,430 --> 00:06:14,160

to

147

00:06:22,110 --> 00:06:19,440

the uh the phenomenon the the activity

148

00:06:24,550 --> 00:06:22,120

on skinwalker ranch so we built a robust

149

00:06:27,350 --> 00:06:24,560

multi-disciplinary team that is now

150

00:06:30,230 --> 00:06:27,360

captured on uh the history channel

151

00:06:31,990 --> 00:06:30,240

series which is an unscripted series

152

00:06:33,909 --> 00:06:32,000

uh there is not one

153

00:06:35,189 --> 00:06:33,919

bit of dialogue that is scripted they're

154

00:06:38,550 --> 00:06:35,199

just simply

155

00:06:40,710 --> 00:06:38,560

uh documenting and and recording the the

156

00:06:43,909 --> 00:06:40,720

unraveling you know the unfolding

157

00:06:45,990 --> 00:06:43,919

investigation uh that we have ongoing

158

00:06:47,830 --> 00:06:46,000

so it's it's it's been quite a journey

159

00:06:48,950 --> 00:06:47,840

and it's a privilege to join you martin

160

00:06:51,830 --> 00:06:48,960

and my

161

00:06:53,110 --> 00:06:51,840

associate and partner in discovery eric

162

00:06:55,589 --> 00:06:53,120

bart

163

00:06:58,550 --> 00:06:55,599

now when i was talking with eric um off

164

00:07:00,870 --> 00:06:58,560

air before we went live um and i think

165

00:07:03,670 --> 00:07:00,880

it's going to be okay that i say this uh

166

00:07:05,990 --> 00:07:03,680

you know he says the history channels uh

167

00:07:09,029 --> 00:07:06,000

you know what we see is only like one

168

00:07:11,350 --> 00:07:09,039

percent of what is going on and what of

169

00:07:14,550 --> 00:07:11,360

course he's you know this is uh there

170

00:07:17,510 --> 00:07:14,560

he's there uh off and on year round um

171

00:07:20,629 --> 00:07:17,520

so it's a very small percentage of what

172

00:07:21,589 --> 00:07:20,639

actually is happening going on there

173

00:07:23,270 --> 00:07:21,599

true

174

00:07:25,589 --> 00:07:23,280

yeah most of it ends up on the cutting

175

00:07:28,390 --> 00:07:25,599

room floor or you know a lot of it our

176

00:07:31,029 --> 00:07:28,400

investigation is is ongoing whether

177

00:07:32,790 --> 00:07:31,039

there are production professionals there

178

00:07:35,029 --> 00:07:32,800

to capture it or not we

179

00:07:37,830 --> 00:07:35,039

we try best to be collaborative

180

00:07:40,390 --> 00:07:37,840

and and we we use this up until this

181

00:07:42,550 --> 00:07:40,400

point as a vehicle to engage the public

182

00:07:45,670 --> 00:07:42,560

to allow the public a peek behind the

183

00:07:48,710 --> 00:07:45,680

curtain if you will uh relative to the

184

00:07:50,390 --> 00:07:48,720

reality of our investigation and the

185

00:07:51,670 --> 00:07:50,400

phenomena and

186

00:07:53,670 --> 00:07:51,680

so it's it's

187

00:07:56,390 --> 00:07:53,680

it's been an interesting journey you

188

00:07:58,710 --> 00:07:56,400

know we have a website you know www dot

189

00:08:01,110 --> 00:07:58,720

skinwalker ranch

190

00:08:03,270 --> 00:08:01,120

that we've also populated with

191

00:08:06,790 --> 00:08:03,280

with data and information that will

192

00:08:09,589 --> 00:08:06,800

actually allow the public to engage and

193

00:08:11,270 --> 00:08:09,599

provide i think some some insider access

194

00:08:15,350 --> 00:08:11,280

some behind the scenes

195

00:08:16,629 --> 00:08:15,360

uh details in the days ahead uh but the

196

00:08:19,110 --> 00:08:16,639

the history channel has been an

197

00:08:20,230 --> 00:08:19,120

incredible partner and we're very very

198

00:08:23,830 --> 00:08:20,240

pleased

199

00:08:25,990 --> 00:08:23,840

to uh to unveil really season three here

200

00:08:28,469 --> 00:08:26,000

on may 3rd that

201  
00:08:31,430 --> 00:08:28,479  
presents 10 episodes documenting

202  
00:08:32,790 --> 00:08:31,440  
a large part of

203  
00:08:35,190 --> 00:08:32,800  
some of the the highlights of our

204  
00:08:36,630 --> 00:08:35,200  
activity this last year

205  
00:08:38,829 --> 00:08:36,640  
excellent eric

206  
00:08:42,790 --> 00:08:38,839  
do you ever have any trouble sleeping

207  
00:08:47,350 --> 00:08:45,110  
uh is is it

208  
00:08:49,430 --> 00:08:47,360  
is it nerve-wracking sometimes

209  
00:08:51,910 --> 00:08:49,440  
i mean is there

210  
00:08:53,350 --> 00:08:51,920  
i've wondered that you know i mean i i

211  
00:08:55,829 --> 00:08:53,360  
look at what is what do you call the

212  
00:08:56,790 --> 00:08:55,839  
homestead three or whatever the other

213  
00:08:58,870 --> 00:08:56,800

the other

214

00:09:01,829 --> 00:08:58,880

property i mean

215

00:09:04,070 --> 00:09:01,839

i can't imagine like being out there and

216

00:09:05,590 --> 00:09:04,080

as a dare to sleep overnight in a

217

00:09:06,310 --> 00:09:05,600

sleeping bag or something like that i

218

00:09:08,389 --> 00:09:06,320

just

219

00:09:10,230 --> 00:09:08,399

you know i mean i mean what's it what's

220

00:09:13,910 --> 00:09:10,240

it like there and are you there alone a

221

00:09:16,310 --> 00:09:13,920

lot or is there other people around

222

00:09:18,470 --> 00:09:16,320

well we do have the caretakers of the

223

00:09:19,670 --> 00:09:18,480

property who are generally here but uh

224

00:09:22,470 --> 00:09:19,680

there are periods of time when they're

225

00:09:25,190 --> 00:09:22,480

absent and you know i have

226

00:09:26,150 --> 00:09:25,200

sometimes for a week or a few weeks at a

227

00:09:28,470 --> 00:09:26,160

time

228

00:09:30,389 --> 00:09:28,480

done my work more or less in isolation

229

00:09:34,949 --> 00:09:30,399

with the exception of the obviously

230

00:09:38,630 --> 00:09:36,790

so

231

00:09:40,150 --> 00:09:38,640

you know your question was whether it's

232

00:09:42,150 --> 00:09:40,160

off-putting or

233

00:09:43,509 --> 00:09:42,160

somehow daunting to be here doing this

234

00:09:45,430 --> 00:09:43,519

work yeah

235

00:09:47,590 --> 00:09:45,440

you know you you spoke of being there on

236

00:09:51,110 --> 00:09:47,600

a dare well you know

237

00:09:52,870 --> 00:09:51,120

i wouldn't come here on a dare

238

00:09:54,790 --> 00:09:52,880

i would i wouldn't i wouldn't spend any

239

00:09:56,389 --> 00:09:54,800

time out in the homesteads on a dare not

240

00:09:58,070 --> 00:09:56,399

after the things i've seen

241

00:09:59,750 --> 00:09:58,080

um you know unfortunately i'm here with

242

00:10:02,470 --> 00:09:59,760

a purpose

243

00:10:04,470 --> 00:10:02,480

yeah yeah you know um

244

00:10:07,430 --> 00:10:04,480

one of the things

245

00:10:09,509 --> 00:10:07,440

i think about is uh

246

00:10:11,509 --> 00:10:09,519

you know the way to capture things you

247

00:10:13,110 --> 00:10:11,519

know i know you have and it's you eric

248

00:10:14,949 --> 00:10:13,120

you're really involved in the the

249

00:10:19,030 --> 00:10:14,959

technical part and the equipment and

250

00:10:21,030 --> 00:10:19,040

what to have out there but is there um

251  
00:10:23,670 --> 00:10:21,040  
uh i had i had someone on my show last

252  
00:10:26,150 --> 00:10:23,680  
night that he's involved in this thing

253  
00:10:28,310 --> 00:10:26,160  
called sky360.org

254  
00:10:30,550 --> 00:10:28,320  
which is an open source situation where

255  
00:10:33,829 --> 00:10:30,560  
they have cameras they're going to try

256  
00:10:36,150 --> 00:10:33,839  
to get up to 150 000 cameras worldwide

257  
00:10:38,470 --> 00:10:36,160  
that are open source for people to see

258  
00:10:40,630 --> 00:10:38,480  
what's going on in the sky basically and

259  
00:10:42,949 --> 00:10:40,640  
it has a fisheye lens like aiming

260  
00:10:45,990 --> 00:10:42,959  
straight up you get the whole sky do you

261  
00:10:48,790 --> 00:10:46,000  
have anything at all like that aiming up

262  
00:10:51,750 --> 00:10:48,800  
yes of course um you do those are some

263  
00:10:54,230 --> 00:10:51,760

of our most useful assets as you'll see

264

00:10:56,069 --> 00:10:54,240

again no spoilers but uh

265

00:11:00,150 --> 00:10:56,079

you see it

266

00:11:02,310 --> 00:11:00,160

um so yeah and i've been aware of of uh

267

00:11:03,590 --> 00:11:02,320

a few efforts of the kind that you just

268

00:11:05,990 --> 00:11:03,600

alluded to

269

00:11:07,350 --> 00:11:06,000

um really good ideas uh you know crowd

270

00:11:10,389 --> 00:11:07,360

sourcing the

271

00:11:13,110 --> 00:11:10,399

the search for uh data coming out of the

272

00:11:16,150 --> 00:11:13,120

skies you know to try to document

273

00:11:18,310 --> 00:11:16,160

um the uap phenomenon and and see if

274

00:11:19,910 --> 00:11:18,320

there are any correlative measurements

275

00:11:22,310 --> 00:11:19,920

meaning things like you know magnetic

276

00:11:23,910 --> 00:11:22,320

fields electric fields any anything else

277

00:11:25,670 --> 00:11:23,920

that we can measure when we see these

278

00:11:26,870 --> 00:11:25,680

things in the in the field of view of

279

00:11:29,269 --> 00:11:26,880

the cameras

280

00:11:31,269 --> 00:11:29,279

and um so i've been uh i've been

281

00:11:33,430 --> 00:11:31,279

involved with a few of those at least

282

00:11:34,949 --> 00:11:33,440

had discussions with uh you know at the

283

00:11:36,069 --> 00:11:34,959

system level you know how does that work

284

00:11:37,670 --> 00:11:36,079

and uh

285

00:11:39,269 --> 00:11:37,680

uh you know is it a good match to what

286

00:11:40,069 --> 00:11:39,279

we're doing here

287

00:11:42,710 --> 00:11:40,079

well

288

00:11:45,590 --> 00:11:42,720

go ahead brandon yeah we've also had uh

289

00:11:46,630 --> 00:11:45,600

some discussion with uh dr abby lowe of

290

00:11:49,990 --> 00:11:46,640

harvard

291

00:11:51,430 --> 00:11:50,000

uh in the galileo project and have

292

00:11:53,350 --> 00:11:51,440

offered to

293

00:11:56,389 --> 00:11:53,360

to establish a

294

00:11:59,269 --> 00:11:56,399

you know a cooperative installation at

295

00:12:00,310 --> 00:11:59,279

skinwalker ranch to aid that effort

296

00:12:03,430 --> 00:12:00,320

uh

297

00:12:07,030 --> 00:12:03,440

we we're all about collaborating and the

298

00:12:09,990 --> 00:12:07,040

truth and and and being able to

299

00:12:12,870 --> 00:12:10,000

to drive the not only our investigation

300

00:12:13,829 --> 00:12:12,880

forward but also assist others relative

301  
00:12:17,350 --> 00:12:13,839  
to

302  
00:12:18,710 --> 00:12:17,360  
document and discover the nature of the

303  
00:12:20,069 --> 00:12:18,720  
phenomena

304  
00:12:22,069 --> 00:12:20,079  
that was one of my questions i was

305  
00:12:24,389 --> 00:12:22,079  
wondering since the series started

306  
00:12:26,790 --> 00:12:24,399  
brandon have you been approached by

307  
00:12:29,750 --> 00:12:26,800  
other scientists that are actually

308  
00:12:31,509 --> 00:12:29,760  
interested in doing some work there have

309  
00:12:34,710 --> 00:12:31,519  
you been approached like that

310  
00:12:38,949 --> 00:12:34,720  
numerous we've had numerous uh

311  
00:12:40,550 --> 00:12:38,959  
requests invitations to to to cooperate

312  
00:12:42,949 --> 00:12:40,560  
and i think it's important to note and

313  
00:12:44,629 --> 00:12:42,959

you see this manifest on the docu-series

314

00:12:46,150 --> 00:12:44,639

we have had some incredible

315

00:12:48,710 --> 00:12:46,160

professionals

316

00:12:52,069 --> 00:12:48,720

come on site and collaborate with the

317

00:12:53,910 --> 00:12:52,079

team uh numerous third-party experts you

318

00:12:54,870 --> 00:12:53,920

know i i would dare say the leading

319

00:12:57,990 --> 00:12:54,880

fleer

320

00:12:58,710 --> 00:12:58,000

uh and and drone photogrammetry expert

321

00:13:02,389 --> 00:12:58,720

in

322

00:13:03,990 --> 00:13:02,399

scientists

323

00:13:06,310 --> 00:13:04,000

and experts

324

00:13:07,670 --> 00:13:06,320

engage with the team as part of this

325

00:13:09,670 --> 00:13:07,680

investigation

326

00:13:11,030 --> 00:13:09,680

we had a professor from the university

327

00:13:14,389 --> 00:13:11,040

of alabama

328

00:13:15,750 --> 00:13:14,399

who uh who you know is skilled at

329

00:13:18,790 --> 00:13:15,760

weather balloon

330

00:13:20,470 --> 00:13:18,800

experiments and uh and and that was a

331

00:13:22,389 --> 00:13:20,480

key part of you know some of our

332

00:13:24,790 --> 00:13:22,399

investigation in the past and something

333

00:13:27,990 --> 00:13:24,800

that we'll be revisiting as well as

334

00:13:30,150 --> 00:13:28,000

instrumented rocketry and uh

335

00:13:31,110 --> 00:13:30,160

and and other approaches

336

00:13:33,750 --> 00:13:31,120

to

337

00:13:37,750 --> 00:13:33,760

better understand the nature of what

338

00:13:38,870 --> 00:13:37,760

we're dealing with on skinwalker ranch

339

00:13:40,310 --> 00:13:38,880

now

340

00:13:42,629 --> 00:13:40,320

i guess this would be more or less a

341

00:13:45,590 --> 00:13:42,639

question for you eric i'm not not really

342

00:13:47,110 --> 00:13:45,600

sure but um and it's just you know your

343

00:13:49,670 --> 00:13:47,120

opinion

344

00:13:53,189 --> 00:13:49,680

is it possible that the ridge there

345

00:13:55,189 --> 00:13:53,199

might have something geologically to do

346

00:13:58,310 --> 00:13:55,199

with some of the things that

347

00:14:00,230 --> 00:13:58,320

are being witnessed there

348

00:14:03,990 --> 00:14:00,240

martin you're starting in exactly the

349

00:14:06,389 --> 00:14:04,000

same place i did um you know after my

350

00:14:08,550 --> 00:14:06,399

first visit to the property i was

351  
00:14:10,790 --> 00:14:08,560  
absolutely convinced there was no doubt

352  
00:14:12,710 --> 00:14:10,800  
at all that there's something going on

353  
00:14:15,670 --> 00:14:12,720  
and of course you know my background is

354  
00:14:17,030 --> 00:14:15,680  
in physics i'm a plasma physicist uh

355  
00:14:20,230 --> 00:14:17,040  
and

356  
00:14:22,069 --> 00:14:20,240  
i am looking for the mechanism for those

357  
00:14:23,910 --> 00:14:22,079  
things that we observed

358  
00:14:26,150 --> 00:14:23,920  
and it occurs to me that there's some

359  
00:14:28,310 --> 00:14:26,160  
really interesting stuff that can that

360  
00:14:30,389 --> 00:14:28,320  
can happen geologically with geophysics

361  
00:14:33,670 --> 00:14:30,399  
and atmospheric physics i like to say

362  
00:14:35,509 --> 00:14:33,680  
nature's got talent yeah you know and

363  
00:14:38,790 --> 00:14:35,519

and uh you know people smile at me when

364

00:14:41,350 --> 00:14:38,800

i say that but i mean honestly um not to

365

00:14:43,030 --> 00:14:41,360

not to take the approach of a

366

00:14:44,629 --> 00:14:43,040

not to take a dismissive approach or the

367

00:14:46,550 --> 00:14:44,639

approach of a debunker or anything of

368

00:14:48,949 --> 00:14:46,560

that nature you know i want to start

369

00:14:51,189 --> 00:14:48,959

with with things that we can perhaps

370

00:14:53,269 --> 00:14:51,199

more easily get our heads around like

371

00:14:54,550 --> 00:14:53,279

uh any kind of processes that might be

372

00:14:56,470 --> 00:14:54,560

taking place

373

00:14:58,150 --> 00:14:56,480

in that mesa or even in the ground

374

00:14:59,189 --> 00:14:58,160

underneath the the property that could

375

00:15:02,150 --> 00:14:59,199

generate

376

00:15:04,550 --> 00:15:02,160

uh transient electromagnetic

377

00:15:06,150 --> 00:15:04,560

fields or even things like

378

00:15:07,910 --> 00:15:06,160

uh infrasonic

379

00:15:09,829 --> 00:15:07,920

bombardment of human beings you know

380

00:15:12,389 --> 00:15:09,839

that's known to create some some

381

00:15:13,829 --> 00:15:12,399

interesting sensory effects on on the

382

00:15:15,829 --> 00:15:13,839

human observer

383

00:15:16,949 --> 00:15:15,839

so your your question is right on i

384

00:15:18,550 --> 00:15:16,959

don't know if my answer was very good

385

00:15:19,430 --> 00:15:18,560

but uh your question goes right to the

386

00:15:22,150 --> 00:15:19,440

point

387

00:15:23,269 --> 00:15:22,160

yeah yeah no you know it's funny you

388

00:15:24,550 --> 00:15:23,279

mentioned this

389

00:15:25,670 --> 00:15:24,560

um

390

00:15:29,509 --> 00:15:25,680

the

391

00:15:31,269 --> 00:15:29,519

uh concept of maybe a reaction to being

392

00:15:33,509 --> 00:15:31,279

observed that type of thing and there's

393

00:15:35,509 --> 00:15:33,519

been a lot of talk a lot of people are

394

00:15:37,670 --> 00:15:35,519

uh suggesting that

395

00:15:40,069 --> 00:15:37,680

um it's like you know i'm sure you heard

396

00:15:42,310 --> 00:15:40,079

of the double slit theory where if

397

00:15:45,430 --> 00:15:42,320

there's observation it changes

398

00:15:47,430 --> 00:15:45,440

um so you you wonder if there's any

399

00:15:50,310 --> 00:15:47,440

difference because of the observation

400

00:15:52,949 --> 00:15:50,320

now i understand when nids was there

401  
00:15:54,470 --> 00:15:52,959  
years ago that things did not happen or

402  
00:15:56,550 --> 00:15:54,480  
you know a few things happened like the

403  
00:15:57,990 --> 00:15:56,560  
weird thing about the camera uh when

404  
00:16:01,030 --> 00:15:58,000  
they had all those cameras up on the

405  
00:16:04,470 --> 00:16:01,040  
poles things like that but still

406  
00:16:05,670 --> 00:16:04,480  
um there was silence it went quiet

407  
00:16:07,670 --> 00:16:05,680  
and um

408  
00:16:09,189 --> 00:16:07,680  
i don't know if anyone has ever

409  
00:16:10,629 --> 00:16:09,199  
documented

410  
00:16:12,389 --> 00:16:10,639  
like i mean that could very possibly

411  
00:16:13,749 --> 00:16:12,399  
happen again right

412  
00:16:16,150 --> 00:16:13,759  
i mean it could go quiet again

413  
00:16:18,949 --> 00:16:16,160

everything could go quiet i think the

414

00:16:21,590 --> 00:16:18,959

answer is certainly yes um you know we

415

00:16:23,350 --> 00:16:21,600

don't have the buttons to push

416

00:16:24,230 --> 00:16:23,360

for the levers to pull

417

00:16:28,790 --> 00:16:24,240

to

418

00:16:30,949 --> 00:16:28,800

manifesting in any given circumstance

419

00:16:32,710 --> 00:16:30,959

you know we've been fortunate as you see

420

00:16:34,230 --> 00:16:32,720

in the documentary series that we've

421

00:16:35,430 --> 00:16:34,240

seen some things that are correlative

422

00:16:37,910 --> 00:16:35,440

with our work

423

00:16:39,910 --> 00:16:37,920

um you know brandon and i will often

424

00:16:42,470 --> 00:16:39,920

recite a mantra to each other

425

00:16:44,150 --> 00:16:42,480

correlation is not causation

426  
00:16:45,590 --> 00:16:44,160  
and

427  
00:16:46,790 --> 00:16:45,600  
indeed

428  
00:16:48,629 --> 00:16:46,800  
it's something that we've said to one

429  
00:16:51,110 --> 00:16:48,639  
another since 2016 you know trying to

430  
00:16:52,629 --> 00:16:51,120  
get our try to maintain our grounding in

431  
00:16:54,629 --> 00:16:52,639  
the interpretation of the unusual things

432  
00:16:57,430 --> 00:16:54,639  
that happen here but going back to your

433  
00:16:58,949 --> 00:16:57,440  
original question um martin it's always

434  
00:17:00,389 --> 00:16:58,959  
possible that uh that everything could

435  
00:17:00,750 --> 00:17:00,399  
go quiet

436  
00:17:03,269 --> 00:17:00,760  
um

437  
00:17:04,309 --> 00:17:03,279  
[Music]

438  
00:17:06,549 --> 00:17:04,319

you know i think

439

00:17:07,429 --> 00:17:06,559

i i think coming into this

440

00:17:09,669 --> 00:17:07,439

um

441

00:17:11,510 --> 00:17:09,679

we took the approach of wanting to be

442

00:17:14,870 --> 00:17:11,520

minimally invasive

443

00:17:17,590 --> 00:17:14,880

uh if you will to change the crime scene

444

00:17:19,429 --> 00:17:17,600

as little as possible or none at all

445

00:17:22,230 --> 00:17:19,439

and so when we brought our uh

446

00:17:23,829 --> 00:17:22,240

observational tools things like uh

447

00:17:25,510 --> 00:17:23,839

camera assets

448

00:17:28,390 --> 00:17:25,520

you know we didn't really want to have a

449

00:17:29,909 --> 00:17:28,400

large uh electromagnetic footprint or uh

450

00:17:31,990 --> 00:17:29,919

you know scar up the earth or anything

451  
00:17:33,510 --> 00:17:32,000  
of that nature

452  
00:17:35,990 --> 00:17:33,520  
and so we've been we've been very

453  
00:17:38,310 --> 00:17:36,000  
light-handed uh i think what we see

454  
00:17:40,070 --> 00:17:38,320  
during the series uh

455  
00:17:41,590 --> 00:17:40,080  
is a bit more aggressive and a bit more

456  
00:17:44,390 --> 00:17:41,600  
proactive

457  
00:17:46,470 --> 00:17:44,400  
um but i have to tell you

458  
00:17:47,590 --> 00:17:46,480  
i'm getting interesting i'll call them

459  
00:17:50,470 --> 00:17:47,600  
events

460  
00:17:52,470 --> 00:17:50,480  
under both circumstances both when when

461  
00:17:54,630 --> 00:17:52,480  
there isn't much in the way of a human

462  
00:17:57,830 --> 00:17:54,640  
or technological presence on the ranch

463  
00:18:00,230 --> 00:17:57,840

as well as during our filming

464

00:18:01,750 --> 00:18:00,240

interesting do you think that along

465

00:18:04,070 --> 00:18:01,760

those lines

466

00:18:07,110 --> 00:18:04,080

that animals there make any difference

467

00:18:09,830 --> 00:18:07,120

like catalog cattle or domestic animals

468

00:18:11,430 --> 00:18:09,840

make any type of difference there

469

00:18:13,430 --> 00:18:11,440

i'm interested in what you mean by make

470

00:18:16,470 --> 00:18:13,440

a difference do you think there's more

471

00:18:19,830 --> 00:18:16,480

activity when there's cattle there i i

472

00:18:22,470 --> 00:18:19,840

know that uh the sherp um

473

00:18:24,230 --> 00:18:22,480

sherman's had issues with their two dogs

474

00:18:26,870 --> 00:18:24,240

which was terrible and i don't know if

475

00:18:29,110 --> 00:18:26,880

any dogs have been out there since

476  
00:18:31,029 --> 00:18:29,120  
sure

477  
00:18:33,990 --> 00:18:31,039  
go ahead

478  
00:18:37,029 --> 00:18:34,000  
okay i will we we have this this

479  
00:18:37,990 --> 00:18:37,039  
wonderful black lab uh william

480  
00:18:40,150 --> 00:18:38,000  
who

481  
00:18:43,270 --> 00:18:40,160  
um i i think i think this will go to

482  
00:18:44,710 --> 00:18:43,280  
your point um this animal has been on

483  
00:18:48,070 --> 00:18:44,720  
the ranch at least

484  
00:18:50,310 --> 00:18:48,080  
since my first visit uh when i

485  
00:18:51,990 --> 00:18:50,320  
he introduced himself to me and i have

486  
00:18:54,549 --> 00:18:52,000  
to tell you sometimes

487  
00:18:57,110 --> 00:18:54,559  
it's pretty clear that that that the dog

488  
00:18:59,430 --> 00:18:57,120

is sensing things in the environment and

489

00:19:02,310 --> 00:18:59,440

you'll see a very abrupt change in his

490

00:19:03,830 --> 00:19:02,320

demeanor and his behavior he's generally

491

00:19:05,830 --> 00:19:03,840

a very gentle natured dog but there have

492

00:19:07,190 --> 00:19:05,840

been a few times when he's become

493

00:19:08,390 --> 00:19:07,200

um

494

00:19:10,470 --> 00:19:08,400

aggressive

495

00:19:12,630 --> 00:19:10,480

at least very very loud and uh i

496

00:19:14,150 --> 00:19:12,640

wouldn't say violent but certainly

497

00:19:15,830 --> 00:19:14,160

uh i don't want to cross paths with him

498

00:19:17,190 --> 00:19:15,840

when he's acting like this and it seems

499

00:19:18,390 --> 00:19:17,200

to be in response to something in the

500

00:19:19,430 --> 00:19:18,400

environment

501  
00:19:20,470 --> 00:19:19,440  
um

502  
00:19:22,310 --> 00:19:20,480  
i realize that's kind of the

503  
00:19:24,070 --> 00:19:22,320  
complimentary answer to your question

504  
00:19:25,750 --> 00:19:24,080  
your question was whether things like

505  
00:19:27,909 --> 00:19:25,760  
cattle actually stimulate the

506  
00:19:29,510 --> 00:19:27,919  
phenomenology and i've just said well we

507  
00:19:31,590 --> 00:19:29,520  
have a dog for example that seems to

508  
00:19:33,990 --> 00:19:31,600  
respond to phenomenology

509  
00:19:34,710 --> 00:19:34,000  
well that's interesting though it's i

510  
00:19:40,789 --> 00:19:34,720  
think

511  
00:19:41,990 --> 00:19:40,799  
we've had incidents with

512  
00:19:44,150 --> 00:19:42,000  
animals

513  
00:19:46,230 --> 00:19:44,160

on the property with with

514

00:19:48,390 --> 00:19:46,240

with livestock that

515

00:19:50,070 --> 00:19:48,400

have proven

516

00:19:53,029 --> 00:19:50,080

disturbing

517

00:19:56,070 --> 00:19:53,039

and mysterious i mean you saw in in

518

00:19:59,190 --> 00:19:56,080

season two we we brought out actually

519

00:20:01,270 --> 00:19:59,200

the the utah state veterinarian the the

520

00:20:02,390 --> 00:20:01,280

veterinarian for the state of utah was

521

00:20:05,350 --> 00:20:02,400

brought out from the department of

522

00:20:06,950 --> 00:20:05,360

agriculture to inspect the site inspect

523

00:20:10,789 --> 00:20:06,960

the uh

524

00:20:11,669 --> 00:20:10,799

the remains of uh this one particular

525

00:20:15,350 --> 00:20:11,679

uh

526

00:20:18,070 --> 00:20:15,360

animal this calf and you know he he was

527

00:20:20,230 --> 00:20:18,080

very disturbed you know caught you know

528

00:20:22,870 --> 00:20:20,240

captured on camera you know with with

529

00:20:25,430 --> 00:20:22,880

his statements and he proceeded to have

530

00:20:27,190 --> 00:20:25,440

tests run on the animal to see you know

531

00:20:30,149 --> 00:20:27,200

what would explain

532

00:20:32,390 --> 00:20:30,159

the bizarre lack of

533

00:20:35,750 --> 00:20:32,400

predator activity

534

00:20:38,789 --> 00:20:35,760

uh and he they came up with zero they

535

00:20:40,630 --> 00:20:38,799

came up with no answer which is in in

536

00:20:44,470 --> 00:20:40,640

and of itself an answer

537

00:20:47,909 --> 00:20:44,480

uh and and we we continue to see some of

538

00:20:49,669 --> 00:20:47,919

this manifest as part of the puzzle

539

00:20:50,950 --> 00:20:49,679

that we are trying to put together out

540

00:20:53,909 --> 00:20:50,960

on the ranch

541

00:20:55,270 --> 00:20:53,919

if i remember right that calf was in

542

00:20:58,070 --> 00:20:55,280

perfect order

543

00:21:00,070 --> 00:20:58,080

just hours before it was found is that

544

00:21:02,549 --> 00:21:00,080

is that right correct

545

00:21:04,870 --> 00:21:02,559

yeah so that is yeah that is quite the

546

00:21:07,750 --> 00:21:04,880

mystery um a couple of times uh during

547

00:21:08,950 --> 00:21:07,760

the show i might pop up some chat uh

548

00:21:11,510 --> 00:21:08,960

questions

549

00:21:13,510 --> 00:21:11,520

and uh so those of you that want to ask

550

00:21:15,110 --> 00:21:13,520

questions please put them in caps and

551  
00:21:17,029 --> 00:21:15,120  
i'm not sure if i'm gonna be able to do

552  
00:21:20,310 --> 00:21:17,039  
too much of that but here's one here has

553  
00:21:21,590 --> 00:21:20,320  
anyone try to try communicating with

554  
00:21:29,190 --> 00:21:21,600  
them

555  
00:21:32,630 --> 00:21:30,630  
i guess there's a lot there's other

556  
00:21:34,789 --> 00:21:32,640  
questions that need to be yes before

557  
00:21:36,630 --> 00:21:34,799  
that one that's that's a good question

558  
00:21:39,510 --> 00:21:36,640  
eric uh

559  
00:21:41,430 --> 00:21:39,520  
i'll let you take it i mean you actually

560  
00:21:43,029 --> 00:21:41,440  
have had a first-hand experience with

561  
00:21:45,029 --> 00:21:43,039  
communication

562  
00:21:47,110 --> 00:21:45,039  
out there

563  
00:21:49,110 --> 00:21:47,120

yes um

564

00:21:50,870 --> 00:21:49,120

so i think we should lay the foundation

565

00:21:52,789 --> 00:21:50,880

for the answer otherwise it's going to

566

00:21:55,350 --> 00:21:52,799

make very little sense

567

00:21:58,710 --> 00:21:55,360

um uh martin you mentioned that you had

568

00:22:01,909 --> 00:21:58,720

read the the text uh that was written

569

00:22:03,830 --> 00:22:01,919

about the ranch uh by george knapp and

570

00:22:04,950 --> 00:22:03,840

i'm sorry

571

00:22:07,750 --> 00:22:04,960

um

572

00:22:10,149 --> 00:22:07,760

in that text you see

573

00:22:11,590 --> 00:22:10,159

uh some speculation on the parts of some

574

00:22:13,669 --> 00:22:11,600

who've been involved with the research

575

00:22:15,669 --> 00:22:13,679

that they were dealing with what they

576  
00:22:19,510 --> 00:22:15,679  
termed a sentient

577  
00:22:21,350 --> 00:22:19,520  
pre-cognitive non-human intelligence

578  
00:22:23,029 --> 00:22:21,360  
um

579  
00:22:24,630 --> 00:22:23,039  
it's kind of a mouthful

580  
00:22:26,549 --> 00:22:24,640  
but basically what it means is there's

581  
00:22:28,950 --> 00:22:26,559  
some kind of intelligence here that

582  
00:22:30,470 --> 00:22:28,960  
that may even know what's what you're

583  
00:22:32,870 --> 00:22:30,480  
going to do

584  
00:22:34,070 --> 00:22:32,880  
uh before you do it

585  
00:22:36,149 --> 00:22:34,080  
um

586  
00:22:38,390 --> 00:22:36,159  
look you know this this wasn't my thesis

587  
00:22:40,950 --> 00:22:38,400  
it was it was brought to us by those who

588  
00:22:42,549 --> 00:22:40,960

spent more time than i so far have on

589

00:22:45,190 --> 00:22:42,559

this property

590

00:22:46,789 --> 00:22:45,200

um and your question or the the the

591

00:22:48,710 --> 00:22:46,799

question that came into the chat was has

592

00:22:49,750 --> 00:22:48,720

anyone tried communicating well in fact

593

00:22:52,470 --> 00:22:49,760

yes

594

00:22:54,549 --> 00:22:52,480

and those efforts predate

595

00:22:55,430 --> 00:22:54,559

our presence here you know under our

596

00:22:57,830 --> 00:22:55,440

watch

597

00:23:00,870 --> 00:22:57,840

that has been less of the emphasis

598

00:23:02,710 --> 00:23:00,880

uh but it appears that

599

00:23:03,909 --> 00:23:02,720

um

600

00:23:05,830 --> 00:23:03,919

several

601  
00:23:06,950 --> 00:23:05,840  
relatively simplistic measures were

602  
00:23:09,510 --> 00:23:06,960  
taken

603  
00:23:11,669 --> 00:23:09,520  
to elicit a response and to establish

604  
00:23:14,470 --> 00:23:11,679  
some kind of line of communication

605  
00:23:16,789 --> 00:23:14,480  
um with the phenomenon on the parts of

606  
00:23:20,470 --> 00:23:16,799  
those who are here during the knits and

607  
00:23:24,549 --> 00:23:22,470  
well let me ask you this and either one

608  
00:23:26,070 --> 00:23:24,559  
of you or both of you can answer

609  
00:23:28,070 --> 00:23:26,080  
this question

610  
00:23:31,350 --> 00:23:28,080  
do you think we have an intelligence

611  
00:23:33,750 --> 00:23:31,360  
involved here or is could part of it

612  
00:23:36,549 --> 00:23:33,760  
have some type of intelligence

613  
00:23:38,149 --> 00:23:36,559

well i ca you know it's really really

614

00:23:38,480 --> 00:23:38,159

tough to uh

615

00:23:39,750 --> 00:23:38,490

to

616

00:23:42,230 --> 00:23:39,760

[Music]

617

00:23:43,990 --> 00:23:42,240

to make that case to defend it

618

00:23:46,950 --> 00:23:44,000

but i can say that

619

00:23:48,549 --> 00:23:46,960

as you know after the

620

00:23:50,390 --> 00:23:48,559

the time that i've spent

621

00:23:55,269 --> 00:23:50,400

either remotely engaging with the

622

00:23:57,590 --> 00:23:55,279

property meaning through remote access

623

00:23:59,750 --> 00:23:57,600

or being here physically

624

00:24:00,870 --> 00:23:59,760

i absolutely sympathize with the

625

00:24:03,350 --> 00:24:00,880

perspective

626  
00:24:05,029 --> 00:24:03,360  
that there is an intelligence involved

627  
00:24:06,230 --> 00:24:05,039  
there are some very

628  
00:24:09,990 --> 00:24:06,240  
correlative

629  
00:24:12,070 --> 00:24:10,000  
that have taken place

630  
00:24:13,909 --> 00:24:12,080  
and it's extremely tempting to interpret

631  
00:24:16,470 --> 00:24:13,919  
them as being

632  
00:24:17,830 --> 00:24:16,480  
set into motion by some other or the

633  
00:24:21,110 --> 00:24:17,840  
them that was referred to in the

634  
00:24:24,789 --> 00:24:23,350  
thank you yeah makes makes me makes me

635  
00:24:27,110 --> 00:24:24,799  
wonder some of the things that go on

636  
00:24:29,909 --> 00:24:27,120  
there now i'm going to try to stay away

637  
00:24:32,070 --> 00:24:29,919  
from any spoilers on the season premiere

638  
00:24:34,310 --> 00:24:32,080

but i do want to talk about one thing we

639

00:24:36,230 --> 00:24:34,320

don't have to go into a lot of detail

640

00:24:37,110 --> 00:24:36,240

but i'd like to talk about

641

00:24:42,310 --> 00:24:37,120

the

642

00:24:45,029 --> 00:24:42,320

um which is really bizarre i think one

643

00:24:46,390 --> 00:24:45,039

of the most interesting parts of the

644

00:24:48,710 --> 00:24:46,400

premiere

645

00:24:50,950 --> 00:24:48,720

uh because this is a state of being a

646

00:24:52,870 --> 00:24:50,960

very high end helicopter with

647

00:24:54,870 --> 00:24:52,880

state-of-the-art equipment

648

00:24:56,789 --> 00:24:54,880

and i believe it's your brother isn't it

649

00:24:59,110 --> 00:24:56,799

brandon that's the castle

650

00:25:01,510 --> 00:24:59,120

my brother is our our full-time pilot

651  
00:25:02,789 --> 00:25:01,520  
runs aerodynamic which is our aviation

652  
00:25:04,549 --> 00:25:02,799  
company is

653  
00:25:06,470 --> 00:25:04,559  
is arguably one of the most skilled

654  
00:25:08,950 --> 00:25:06,480  
pilots in the country

655  
00:25:10,470 --> 00:25:08,960  
and we have a relatively new airbus

656  
00:25:12,470 --> 00:25:10,480  
h-130

657  
00:25:13,590 --> 00:25:12,480  
a helicopter that is equipped with the

658  
00:25:16,789 --> 00:25:13,600  
latest

659  
00:25:19,029 --> 00:25:16,799  
you know avionics instrumentation

660  
00:25:20,310 --> 00:25:19,039  
uh and and even military grade night

661  
00:25:23,830 --> 00:25:20,320  
vision but the

662  
00:25:26,710 --> 00:25:23,840  
the radar altimeter that uh that is

663  
00:25:28,230 --> 00:25:26,720

is on the the helicopter when

664

00:25:31,029 --> 00:25:28,240

you know the men were conducting

665

00:25:33,110 --> 00:25:31,039

experiment above the triangle

666

00:25:35,990 --> 00:25:33,120

and in over the property

667

00:25:39,430 --> 00:25:36,000

registered some very disturbing

668

00:25:41,350 --> 00:25:39,440

uh readings in fact it's it's

669

00:25:42,950 --> 00:25:41,360

it's known it's a fact we documented

670

00:25:45,990 --> 00:25:42,960

that something was tracking with the

671

00:25:48,630 --> 00:25:46,000

helicopter 40 50 feet below

672

00:25:51,190 --> 00:25:48,640

the helicopter even when he was

673

00:25:54,149 --> 00:25:51,200

taking evasive action to try to to get

674

00:25:55,510 --> 00:25:54,159

away from the the area and try to either

675

00:25:57,909 --> 00:25:55,520

shake whatever

676  
00:26:00,789 --> 00:25:57,919  
was was tracking with them or

677  
00:26:02,950 --> 00:26:00,799  
or jostle the instrumentation

678  
00:26:05,350 --> 00:26:02,960  
but to no avail

679  
00:26:06,870 --> 00:26:05,360  
it was only after an extended period of

680  
00:26:08,870 --> 00:26:06,880  
time

681  
00:26:10,390 --> 00:26:08,880  
and in it becoming even more troubling

682  
00:26:12,710 --> 00:26:10,400  
and a safety

683  
00:26:15,269 --> 00:26:12,720  
concern that he called off

684  
00:26:18,470 --> 00:26:15,279  
the uh and brought up short the the

685  
00:26:19,510 --> 00:26:18,480  
flight and within seconds the

686  
00:26:21,350 --> 00:26:19,520  
the

687  
00:26:24,230 --> 00:26:21,360  
uh radar altimeter

688  
00:26:26,630 --> 00:26:24,240

uh showed that nothing was following and

689

00:26:28,710 --> 00:26:26,640

you know whatever whatever was there

690

00:26:31,750 --> 00:26:28,720

ended up disappearing and

691

00:26:33,590 --> 00:26:31,760

uh was it was ceasing its activity there

692

00:26:36,470 --> 00:26:33,600

with the helicopter but it was it was

693

00:26:39,029 --> 00:26:36,480

baffling and i think we we bring to bear

694

00:26:40,870 --> 00:26:39,039

in this opening episode of the season

695

00:26:44,149 --> 00:26:40,880

some additional data

696

00:26:45,269 --> 00:26:44,159

and evidence that's that it helps

697

00:26:47,269 --> 00:26:45,279

um

698

00:26:50,789 --> 00:26:47,279

helps us understand the gravity of what

699

00:26:53,669 --> 00:26:50,799

we're dealing with and and how real

700

00:26:55,510 --> 00:26:53,679

uh the the phenomena is that this wasn't

701  
00:26:56,630 --> 00:26:55,520  
just an equipment valve function this

702  
00:26:59,350 --> 00:26:56,640  
was something

703  
00:27:02,070 --> 00:26:59,360  
very real there was a very physical

704  
00:27:04,390 --> 00:27:02,080  
uh interaction taking place

705  
00:27:06,390 --> 00:27:04,400  
and something not oh pardon me go ahead

706  
00:27:08,710 --> 00:27:06,400  
yeah eric was on board

707  
00:27:11,269 --> 00:27:08,720  
i believe eric you and uh was it dr

708  
00:27:12,549 --> 00:27:11,279  
taylor were on board as well

709  
00:27:14,710 --> 00:27:12,559  
yes

710  
00:27:17,669 --> 00:27:14,720  
and obviously this was not something in

711  
00:27:19,350 --> 00:27:17,679  
the visible spectrum

712  
00:27:21,029 --> 00:27:19,360  
you couldn't see anything

713  
00:27:22,789 --> 00:27:21,039

no yeah

714

00:27:24,230 --> 00:27:22,799

not at the time

715

00:27:25,750 --> 00:27:24,240

you know we've reviewed surveillance

716

00:27:27,350 --> 00:27:25,760

footage and we've seen some interesting

717

00:27:31,110 --> 00:27:27,360

things which we'll

718

00:27:33,029 --> 00:27:31,120

we'll touch on in short order but uh

719

00:27:35,990 --> 00:27:33,039

yeah it's

720

00:27:38,710 --> 00:27:36,000

it's it's a continued concern

721

00:27:40,149 --> 00:27:38,720

and so eric what was that like

722

00:27:42,710 --> 00:27:40,159

well you know

723

00:27:45,190 --> 00:27:42,720

i don't know if i was more curious or or

724

00:27:47,110 --> 00:27:45,200

frankly more frightened by the uh

725

00:27:48,950 --> 00:27:47,120

the events

726

00:27:50,870 --> 00:27:48,960

look what happened is absolutely not

727

00:27:52,630 --> 00:27:50,880

what we were expecting um

728

00:27:54,789 --> 00:27:52,640

we

729

00:27:58,149 --> 00:27:54,799

came up with a flight plan of uh some

730

00:28:00,230 --> 00:27:58,159

concentric circles at various altitudes

731

00:28:02,630 --> 00:28:00,240

and the intent was simply to take some

732

00:28:04,470 --> 00:28:02,640

measurements with our spectrum analyzer

733

00:28:05,990 --> 00:28:04,480

geiger counters you know the things you

734

00:28:07,190 --> 00:28:06,000

see us using

735

00:28:09,430 --> 00:28:07,200

routinely

736

00:28:12,149 --> 00:28:09,440

and see if there was any any region of

737

00:28:14,830 --> 00:28:12,159

interest any concentration of unusual

738

00:28:17,430 --> 00:28:14,840

measurements or signals

739

00:28:20,230 --> 00:28:17,440

and not unlike so much of what we do

740

00:28:22,070 --> 00:28:20,240

here it turns out that that the intended

741

00:28:24,630 --> 00:28:22,080

experiment yielded very little in the

742

00:28:26,070 --> 00:28:24,640

way of data i for example i had the

743

00:28:27,750 --> 00:28:26,080

spectrum analyzer running in the back

744

00:28:28,870 --> 00:28:27,760

the helicopter and i didn't really see

745

00:28:30,950 --> 00:28:28,880

anything

746

00:28:32,789 --> 00:28:30,960

um

747

00:28:35,029 --> 00:28:32,799

but but again you know we're looking for

748

00:28:36,389 --> 00:28:35,039

an rf needle in an rf haystack right you

749

00:28:38,710 --> 00:28:36,399

know i don't know that i was looking in

750

00:28:40,630 --> 00:28:38,720

the right region of the spectrum uh for

751  
00:28:42,830 --> 00:28:40,640  
what could have been uh present there in

752  
00:28:45,990 --> 00:28:42,840  
that space above the ranch

753  
00:28:47,750 --> 00:28:46,000  
now you know there are two

754  
00:28:49,269 --> 00:28:47,760  
i i think anyone listening to this would

755  
00:28:50,870 --> 00:28:49,279  
will beat me to this there are two

756  
00:28:52,710 --> 00:28:50,880  
possible equally plausible

757  
00:28:54,950 --> 00:28:52,720  
interpretations here one is that we're

758  
00:28:57,350 --> 00:28:54,960  
looking at an actual return signal that

759  
00:28:59,590 --> 00:28:57,360  
there was something 39 40 feet below the

760  
00:29:01,029 --> 00:28:59,600  
helicopter tracking us the other is that

761  
00:29:01,990 --> 00:29:01,039  
there's some sort of electromagnetic

762  
00:29:04,389 --> 00:29:02,000  
assault

763  
00:29:06,149 --> 00:29:04,399

on the equipment itself uh effectively

764

00:29:07,590 --> 00:29:06,159

spoofing that that measurement either

765

00:29:13,830 --> 00:29:07,600

one of those

766

00:29:15,789 --> 00:29:13,840

germane to what we're doing out here

767

00:29:17,830 --> 00:29:15,799

and there seems to be of the

768

00:29:19,990 --> 00:29:17,840

electromagnetic thing seems to come up

769

00:29:22,950 --> 00:29:20,000

quite a bit when it comes to that place

770

00:29:24,310 --> 00:29:22,960

yeah particularly the magnetic you know

771

00:29:26,310 --> 00:29:24,320

i don't know that i've made the case

772

00:29:29,430 --> 00:29:26,320

very effectively at least in our public

773

00:29:32,549 --> 00:29:29,440

facing work but i have a very strong

774

00:29:35,510 --> 00:29:32,559

basis for um

775

00:29:36,870 --> 00:29:35,520

for the interpretation that there is a

776

00:29:39,590 --> 00:29:36,880

magnetic what i call a magnetic

777

00:29:41,110 --> 00:29:39,600

fingerprint to the phenomenology i'm not

778

00:29:43,190 --> 00:29:41,120

saying that anything magnetic is the

779

00:29:44,870 --> 00:29:43,200

root cause of it i'm just saying that um

780

00:29:47,750 --> 00:29:44,880

not unlike the wake of a ship or you

781

00:29:49,590 --> 00:29:47,760

know some secondary effect their their

782

00:29:51,190 --> 00:29:49,600

unusual events on on the property do

783

00:29:53,110 --> 00:29:51,200

seem to be attended by magnetic

784

00:29:55,110 --> 00:29:53,120

transients

785

00:29:56,870 --> 00:29:55,120

here's a question is actually i was

786

00:29:58,230 --> 00:29:56,880

going to ask a very similar question so

787

00:30:00,230 --> 00:29:58,240

i thought i'd put it up there how far

788

00:30:03,190 --> 00:30:00,240

from the ranch's property does the

789

00:30:05,510 --> 00:30:03,200

phenomenon bleed out and you know mine

790

00:30:07,430 --> 00:30:05,520

was i'm sure you know these type of

791

00:30:09,110 --> 00:30:07,440

things have no boundaries

792

00:30:11,430 --> 00:30:09,120

like property lines

793

00:30:13,750 --> 00:30:11,440

so uh yeah what are you what are you

794

00:30:16,389 --> 00:30:13,760

able to find out about how far out and

795

00:30:18,630 --> 00:30:16,399

around the area well it's interesting we

796

00:30:22,310 --> 00:30:18,640

we have the benefit of a historical

797

00:30:24,630 --> 00:30:22,320

record that uh preceded us you know a

798

00:30:26,389 --> 00:30:24,640

gentleman who passed away unfortunately

799

00:30:27,750 --> 00:30:26,399

you know recently his name is joseph

800

00:30:30,870 --> 00:30:27,760

junior hicks

801  
00:30:32,549 --> 00:30:30,880  
who is a local science teacher and uh

802  
00:30:34,230 --> 00:30:32,559  
very respected

803  
00:30:36,470 --> 00:30:34,240  
uh you know

804  
00:30:39,909 --> 00:30:36,480  
armchair historian had been

805  
00:30:42,789 --> 00:30:39,919  
documenting since 1952

806  
00:30:45,190 --> 00:30:42,799  
ufo activity and other strange events in

807  
00:30:47,350 --> 00:30:45,200  
the uinta basin within close proximity

808  
00:30:48,789 --> 00:30:47,360  
of this subject property

809  
00:30:51,990 --> 00:30:48,799  
and we're talking

810  
00:30:55,190 --> 00:30:52,000  
a a treasure trove of files and

811  
00:30:56,630 --> 00:30:55,200  
documentation going back to 1952 under

812  
00:31:00,070 --> 00:30:56,640  
his watch

813  
00:31:02,470 --> 00:31:00,080

um that that reported phenomena that of

814

00:31:05,350 --> 00:31:02,480

course was was beyond the boundaries of

815

00:31:08,470 --> 00:31:05,360

skinwalker ranch even though he attested

816

00:31:10,389 --> 00:31:08,480

to the fact that he believed there later

817

00:31:12,230 --> 00:31:10,399

in life that there was a high frequency

818

00:31:14,389 --> 00:31:12,240

for whatever reason of activity that

819

00:31:16,149 --> 00:31:14,399

seemed to be centered on the property

820

00:31:18,549 --> 00:31:16,159

it is it is

821

00:31:20,230 --> 00:31:18,559

a reality that

822

00:31:21,750 --> 00:31:20,240

people in the uintah basin especially

823

00:31:23,190 --> 00:31:21,760

those who've been there for an extended

824

00:31:25,590 --> 00:31:23,200

period of time

825

00:31:27,830 --> 00:31:25,600

have experienced and witnessed strange

826

00:31:31,509 --> 00:31:27,840

phenomena and it isn't necessarily

827

00:31:35,750 --> 00:31:34,310

uh yeah and what about the local native

828

00:31:37,909 --> 00:31:35,760

americans

829

00:31:39,990 --> 00:31:37,919

um there there there's

830

00:31:42,149 --> 00:31:40,000

you know lore of you know of course

831

00:31:45,669 --> 00:31:42,159

that's where the skinwalker you know the

832

00:31:47,430 --> 00:31:45,679

name or the term comes from so uh yeah

833

00:31:50,630 --> 00:31:47,440

what do you know about

834

00:31:52,710 --> 00:31:50,640

about them for for generations

835

00:31:54,230 --> 00:31:52,720

you know tribal leaders

836

00:31:55,909 --> 00:31:54,240

have have

837

00:31:58,870 --> 00:31:55,919

discouraged their people from even

838

00:32:01,190 --> 00:31:58,880

looking the direction of the the ranch

839

00:32:03,430 --> 00:32:01,200

due to the belief that it is in the path

840

00:32:05,350 --> 00:32:03,440

of the skinwalker and

841

00:32:06,549 --> 00:32:05,360

there's a demonic shape-shifting

842

00:32:08,630 --> 00:32:06,559

presence

843

00:32:11,029 --> 00:32:08,640

and that there was a curse placed on the

844

00:32:13,430 --> 00:32:11,039

property that's that's where

845

00:32:14,789 --> 00:32:13,440

the the name of the ranch is derived

846

00:32:16,870 --> 00:32:14,799

from and

847

00:32:18,389 --> 00:32:16,880

and i would say a good share of the

848

00:32:19,509 --> 00:32:18,399

local community

849

00:32:23,590 --> 00:32:19,519

uh

850

00:32:25,190 --> 00:32:23,600

is very serious and sober minded

851  
00:32:28,630 --> 00:32:25,200  
uh regarding

852  
00:32:29,350 --> 00:32:28,640  
that topic we try to be sensitive

853  
00:32:34,149 --> 00:32:29,360  
to

854  
00:32:36,710 --> 00:32:34,159  
stewardship we've brought native

855  
00:32:38,549 --> 00:32:36,720  
american uh leaders spiritual leaders

856  
00:32:41,430 --> 00:32:38,559  
onto the property on several occasions

857  
00:32:43,750 --> 00:32:41,440  
you've seen them on the the docu-series

858  
00:32:45,669 --> 00:32:43,760  
uh that have interacted with our team on

859  
00:32:49,430 --> 00:32:45,679  
on numerous occasions and we believe

860  
00:32:52,789 --> 00:32:49,440  
that it has been important to respect

861  
00:32:54,549 --> 00:32:52,799  
uh the the cultural traditions and and

862  
00:32:58,310 --> 00:32:54,559  
the testimony

863  
00:32:59,430 --> 00:32:58,320

and uh feelings of those neighbors

864

00:33:00,470 --> 00:32:59,440

that we

865

00:33:02,870 --> 00:33:00,480

uh

866

00:33:05,190 --> 00:33:02,880

enjoy a relationship with out there in

867

00:33:07,750 --> 00:33:05,200

the uinta basin

868

00:33:10,470 --> 00:33:07,760

uh brandon since you're up right now

869

00:33:12,789 --> 00:33:10,480

i know you've looked into this i believe

870

00:33:15,029 --> 00:33:12,799

you have anyway how long

871

00:33:16,310 --> 00:33:15,039

have things been documented

872

00:33:18,950 --> 00:33:16,320

out there

873

00:33:21,350 --> 00:33:18,960

how far back have things been

874

00:33:22,630 --> 00:33:21,360

happening there that is documented

875

00:33:25,509 --> 00:33:22,640

relative to

876  
00:33:27,269 --> 00:33:25,519  
the ranch the actual property the 512

877  
00:33:29,269 --> 00:33:27,279  
acres that we

878  
00:33:31,669 --> 00:33:29,279  
we have secure

879  
00:33:34,230 --> 00:33:31,679  
we have we have documented

880  
00:33:38,310 --> 00:33:34,240  
reports going back to about 1930 so

881  
00:33:40,230 --> 00:33:38,320  
nearly 100 years of activity uh

882  
00:33:42,630 --> 00:33:40,240  
interestingly we brought former law

883  
00:33:45,029 --> 00:33:42,640  
enforcement on the property that have

884  
00:33:48,070 --> 00:33:45,039  
have provided testimony

885  
00:33:50,470 --> 00:33:48,080  
uh regarding events that occurred to me

886  
00:33:51,350 --> 00:33:50,480  
one individual had responded to a number

887  
00:33:53,509 --> 00:33:51,360  
of

888  
00:33:56,149 --> 00:33:53,519

very disturbing events and activity that

889

00:33:58,549 --> 00:33:56,159

occurred during the 1980s long before

890

00:34:00,789 --> 00:33:58,559

the shermans acquired the property this

891

00:34:02,870 --> 00:34:00,799

was under the myers

892

00:34:05,269 --> 00:34:02,880

family ownership

893

00:34:08,389 --> 00:34:05,279

that spanned decades

894

00:34:11,349 --> 00:34:08,399

but the testimony of law enforcement you

895

00:34:13,990 --> 00:34:11,359

know former uh family or family of

896

00:34:15,109 --> 00:34:14,000

former homesteaders that inhabited the

897

00:34:17,829 --> 00:34:15,119

property

898

00:34:21,109 --> 00:34:17,839

all combined to create a historical

899

00:34:24,470 --> 00:34:21,119

record that is it's both very intriguing

900

00:34:27,190 --> 00:34:24,480

and disturbing relative to the

901  
00:34:29,030 --> 00:34:27,200  
the events that uh that now we are we

902  
00:34:31,349 --> 00:34:29,040  
are documenting

903  
00:34:34,389 --> 00:34:31,359  
so brandon in the future let's say you

904  
00:34:36,470 --> 00:34:34,399  
know i mean congratulations on on season

905  
00:34:38,069 --> 00:34:36,480  
three and you know

906  
00:34:39,430 --> 00:34:38,079  
a lot of them never make it that you

907  
00:34:41,589 --> 00:34:39,440  
know if these type of shows never make

908  
00:34:43,270 --> 00:34:41,599  
it past you know the first season never

909  
00:34:45,510 --> 00:34:43,280  
mind the second and the third so

910  
00:34:49,270 --> 00:34:45,520  
congratulations on that but let's say

911  
00:34:51,349 --> 00:34:49,280  
down the road say 10 years from now uh

912  
00:34:52,710 --> 00:34:51,359  
do you have plans

913  
00:34:55,109 --> 00:34:52,720

for the ranch

914

00:34:57,670 --> 00:34:55,119

after this whole thing is over what is

915

00:34:59,750 --> 00:34:57,680

your your thoughts at this point well

916

00:35:01,829 --> 00:34:59,760

the investigation doesn't exist because

917

00:35:03,349 --> 00:35:01,839

of the docu-series on television the

918

00:35:06,550 --> 00:35:03,359

docu-series is

919

00:35:07,670 --> 00:35:06,560

is merely a you know a vehicle that we

920

00:35:10,630 --> 00:35:07,680

have agreed

921

00:35:11,589 --> 00:35:10,640

to engage in order to inform the general

922

00:35:13,349 --> 00:35:11,599

public

923

00:35:15,109 --> 00:35:13,359

and to allow them a peek behind the

924

00:35:16,710 --> 00:35:15,119

curtain if you will

925

00:35:19,589 --> 00:35:16,720

this is an ongoing scientific

926  
00:35:21,510 --> 00:35:19,599  
investigation it spanned years under our

927  
00:35:24,630 --> 00:35:21,520  
stewardship before there was any

928  
00:35:27,349 --> 00:35:24,640  
docu-series or or production cameras and

929  
00:35:28,710 --> 00:35:27,359  
and it'll continue i suspect long

930  
00:35:32,870 --> 00:35:28,720  
long after

931  
00:35:35,109 --> 00:35:32,880  
uh we're serious about this effort and

932  
00:35:38,470 --> 00:35:35,119  
and we believe that this is uh this is a

933  
00:35:41,270 --> 00:35:38,480  
very significant scientific endeavor

934  
00:35:43,589 --> 00:35:41,280  
had did kenneth and eth myers ever talk

935  
00:35:45,510 --> 00:35:43,599  
about things going on there they did to

936  
00:35:47,829 --> 00:35:45,520  
law enforcement according to law

937  
00:35:48,870 --> 00:35:47,839  
enforcement and other witnesses

938  
00:35:50,710 --> 00:35:48,880

they uh

939

00:35:53,430 --> 00:35:50,720

they they not only

940

00:35:54,870 --> 00:35:53,440

made calls and and actually brought

941

00:35:58,069 --> 00:35:54,880

people out to

942

00:35:59,270 --> 00:35:58,079

to document and assist them but it was

943

00:36:00,870 --> 00:35:59,280

something that

944

00:36:03,270 --> 00:36:00,880

that they'd experienced i mean

945

00:36:04,230 --> 00:36:03,280

unfortunately they passed on

946

00:36:07,750 --> 00:36:04,240

uh

947

00:36:09,910 --> 00:36:07,760

decades ago and so all we have is is the

948

00:36:12,069 --> 00:36:09,920

testimony of those who interacted with

949

00:36:14,230 --> 00:36:12,079

them and were witness

950

00:36:18,630 --> 00:36:14,240

to to the events that occurred on the

951  
00:36:19,910 --> 00:36:18,640  
ranch and and and continued to persist

952  
00:36:21,990 --> 00:36:19,920  
after

953  
00:36:24,710 --> 00:36:22,000  
uh property was transferred to the

954  
00:36:26,630 --> 00:36:24,720  
shermans and ultimately to the bigelow

955  
00:36:29,270 --> 00:36:26,640  
era ownership

956  
00:36:30,230 --> 00:36:29,280  
so when terry and gwen sherman

957  
00:36:32,470 --> 00:36:30,240  
when

958  
00:36:34,230 --> 00:36:32,480  
they were there in the very beginning

959  
00:36:36,069 --> 00:36:34,240  
weren't they there with the meyers

960  
00:36:37,750 --> 00:36:36,079  
didn't they live with the myers from no

961  
00:36:39,510 --> 00:36:37,760  
no no

962  
00:36:41,190 --> 00:36:39,520  
they acquired the property through

963  
00:36:43,910 --> 00:36:41,200

errors through the essentially the

964

00:36:46,069 --> 00:36:43,920

trustee of the estate of of

965

00:36:47,670 --> 00:36:46,079

the myers that the former owners they

966

00:36:49,589 --> 00:36:47,680

they had passed

967

00:36:51,670 --> 00:36:49,599

uh and in

968

00:36:52,829 --> 00:36:51,680

in you know 19

969

00:36:56,310 --> 00:36:52,839

was it

970

00:36:58,470 --> 00:36:56,320

1994 they'd acquired the property

971

00:37:02,310 --> 00:36:58,480

uh from the heirs and and ultimately

972

00:37:04,710 --> 00:37:02,320

sold it you know by 96 to mr bigelow mr

973

00:37:05,510 --> 00:37:04,720

sherman stayed on for a period of time

974

00:37:07,430 --> 00:37:05,520

and

975

00:37:09,430 --> 00:37:07,440

with mr bigelow

976  
00:37:11,270 --> 00:37:09,440  
as part of that transition

977  
00:37:12,150 --> 00:37:11,280  
that ultimately

978  
00:37:14,550 --> 00:37:12,160  
uh

979  
00:37:16,870 --> 00:37:14,560  
ultimately moved off the property and

980  
00:37:18,550 --> 00:37:16,880  
they they

981  
00:37:20,550 --> 00:37:18,560  
i don't want to speak on their behalf i

982  
00:37:22,230 --> 00:37:20,560  
want to respect their privacy but they

983  
00:37:24,069 --> 00:37:22,240  
they have not wanted to have anything to

984  
00:37:25,109 --> 00:37:24,079  
do with the property or any

985  
00:37:27,270 --> 00:37:25,119  
uh

986  
00:37:29,430 --> 00:37:27,280  
any discussion about it i think they

987  
00:37:31,109 --> 00:37:29,440  
attribute a lot of negative

988  
00:37:32,710 --> 00:37:31,119

negative things and activity in their

989

00:37:35,990 --> 00:37:32,720

lives to their

990

00:37:38,470 --> 00:37:36,000

experience on the ranch and uh and so i

991

00:37:40,150 --> 00:37:38,480

want to be respectful of that

992

00:37:41,510 --> 00:37:40,160

yeah i sure understand that especially

993

00:37:43,510 --> 00:37:41,520

after reading

994

00:37:48,150 --> 00:37:43,520

that book but who was the one who

995

00:37:53,190 --> 00:37:50,550

the the do not dig lore well

996

00:37:54,790 --> 00:37:53,200

it goes back i mean it's somewhat

997

00:37:57,430 --> 00:37:54,800

it seemed to be at first a little bit

998

00:38:00,069 --> 00:37:57,440

apocryphal to be honest i i haven't seen

999

00:38:02,710 --> 00:38:00,079

anything in the the deeds the transfer

1000

00:38:04,630 --> 00:38:02,720

deeds that uh that i analyzed relative

1001

00:38:06,310 --> 00:38:04,640

to the property but i

1002

00:38:08,310 --> 00:38:06,320

and i think it's important to note that

1003

00:38:10,550 --> 00:38:08,320

you know we have soils tests that have

1004

00:38:12,550 --> 00:38:10,560

been conducted we've had a lot of other

1005

00:38:14,069 --> 00:38:12,560

um tests even recently in the last

1006

00:38:15,670 --> 00:38:14,079

couple of years as part of the the

1007

00:38:18,069 --> 00:38:15,680

docu-series

1008

00:38:21,670 --> 00:38:18,079

uh effort that is that has been brought

1009

00:38:24,390 --> 00:38:21,680

forward um you know analyzing the

1010

00:38:26,550 --> 00:38:24,400

the geology of the property and you know

1011

00:38:28,550 --> 00:38:26,560

what we're experiencing you can't go to

1012

00:38:30,950 --> 00:38:28,560

a spot and find radioactive material on

1013

00:38:33,589 --> 00:38:30,960

this property or any contamination

1014

00:38:34,710 --> 00:38:33,599

uh it just simply doesn't exist that

1015

00:38:37,589 --> 00:38:34,720

being said

1016

00:38:40,310 --> 00:38:37,599

we are we are recording and dealing with

1017

00:38:42,950 --> 00:38:40,320

some extreme electromagnetic

1018

00:38:45,750 --> 00:38:42,960

disturbance radioactive energy that uh

1019

00:38:48,150 --> 00:38:45,760

that is transient in nature on the

1020

00:38:50,230 --> 00:38:48,160

property and i i this is the realm of

1021

00:38:53,030 --> 00:38:50,240

eric bart so i'll shut up

1022

00:38:55,910 --> 00:38:53,040

and pass the baton to my to my principal

1023

00:38:56,710 --> 00:38:55,920

investigator all right eric you're on

1024

00:38:58,550 --> 00:38:56,720

so

1025

00:38:59,829 --> 00:38:58,560

you know to the to the question of uh

1026  
00:39:00,950 --> 00:38:59,839  
you know go back to the question of

1027  
00:39:01,910 --> 00:39:00,960  
digging

1028  
00:39:03,670 --> 00:39:01,920  
um

1029  
00:39:04,710 --> 00:39:03,680  
you know we've had a lot of really

1030  
00:39:06,630 --> 00:39:04,720  
lively

1031  
00:39:08,790 --> 00:39:06,640  
discussion and speculation about why

1032  
00:39:11,750 --> 00:39:08,800  
that might have been um

1033  
00:39:14,150 --> 00:39:11,760  
embedded in the in the narrative

1034  
00:39:16,470 --> 00:39:14,160  
what could be the reason for and of

1035  
00:39:17,430 --> 00:39:16,480  
course it's fun to speculate

1036  
00:39:19,430 --> 00:39:17,440  
um

1037  
00:39:22,630 --> 00:39:19,440  
concerning concerning whether digging

1038  
00:39:24,390 --> 00:39:22,640

poses any particular health hazard like

1039

00:39:26,150 --> 00:39:24,400

what brandon was referring to

1040

00:39:27,990 --> 00:39:26,160

any radioactive you know exposure to

1041

00:39:30,150 --> 00:39:28,000

radioactive things that might be kicked

1042

00:39:31,670 --> 00:39:30,160

up in the process of digging

1043

00:39:33,750 --> 00:39:31,680

um

1044

00:39:36,870 --> 00:39:33,760

you know we've we've had a a pretty

1045

00:39:37,670 --> 00:39:36,880

thorough survey of the property uh for

1046

00:39:39,430 --> 00:39:37,680

uh

1047

00:39:42,470 --> 00:39:39,440

that type of thing

1048

00:39:44,710 --> 00:39:42,480

and yes we've done some some drilling

1049

00:39:48,310 --> 00:39:44,720

i guess digging

1050

00:39:48,320 --> 00:39:52,069

here's the interesting part

1051  
00:39:56,390 --> 00:39:54,470  
i i don't want to spoil anything so i

1052  
00:39:58,230 --> 00:39:56,400  
have to figure out how to

1053  
00:40:00,470 --> 00:39:58,240  
so it's

1054  
00:40:03,109 --> 00:40:00,480  
sorry to interject but it's very evident

1055  
00:40:04,710 --> 00:40:03,119  
if you look at the the 18 episodes that

1056  
00:40:06,870 --> 00:40:04,720  
we presented to the public and what we

1057  
00:40:10,550 --> 00:40:06,880  
have revealed so far that

1058  
00:40:13,589 --> 00:40:10,560  
that disturbing events strange activity

1059  
00:40:15,430 --> 00:40:13,599  
appears to attend to correlate with

1060  
00:40:17,750 --> 00:40:15,440  
disturbing the earth on the property

1061  
00:40:20,470 --> 00:40:17,760  
that's a fact that isn't something that

1062  
00:40:23,670 --> 00:40:20,480  
is sensationalized or concocted nothing

1063  
00:40:25,510 --> 00:40:23,680

is scripted as much as people cry foul

1064

00:40:28,870 --> 00:40:25,520

or they think that some that this is a

1065

00:40:32,069 --> 00:40:28,880

scripted exercise or hollywood effort it

1066

00:40:34,150 --> 00:40:32,079

it isn't it isn't and we have so many

1067

00:40:35,670 --> 00:40:34,160

third-party experts that can stand

1068

00:40:38,309 --> 00:40:35,680

witness and do

1069

00:40:40,230 --> 00:40:38,319

actually publicly state you know what

1070

00:40:42,309 --> 00:40:40,240

they what they experience on the ranch

1071

00:40:45,270 --> 00:40:42,319

is part of this investigation but it

1072

00:40:47,349 --> 00:40:45,280

it's a fact that for whatever reason

1073

00:40:50,710 --> 00:40:47,359

uh disturbing the earth or conducting

1074

00:40:53,349 --> 00:40:50,720

various active experiments at times

1075

00:40:54,870 --> 00:40:53,359

seems to not only stimulate phenomena

1076

00:40:58,550 --> 00:40:54,880

but also

1077

00:41:01,109 --> 00:40:58,560

uh we've had some negative

1078

00:41:04,150 --> 00:41:01,119

uh some very negative things happen

1079

00:41:05,750 --> 00:41:04,160

that have seemed to correspond

1080

00:41:08,069 --> 00:41:05,760

with some of that activity and and i

1081

00:41:09,910 --> 00:41:08,079

think that's a that's a key part of our

1082

00:41:12,309 --> 00:41:09,920

investigation and one reason why

1083

00:41:14,950 --> 00:41:12,319

everyone who comes on this property has

1084

00:41:16,710 --> 00:41:14,960

to sign a liability waiver

1085

00:41:19,030 --> 00:41:16,720

there is danger here

1086

00:41:22,069 --> 00:41:19,040

and it's it's not only danger relative

1087

00:41:23,829 --> 00:41:22,079

to to conducting experiments or activity

1088

00:41:25,190 --> 00:41:23,839

on the property but also

1089

00:41:26,230 --> 00:41:25,200

uh that's

1090

00:41:28,309 --> 00:41:26,240

people

1091

00:41:30,230 --> 00:41:28,319

attest to the fact that

1092

00:41:30,950 --> 00:41:30,240

they've been followed you know there is

1093

00:41:52,790 --> 00:41:30,960

a

1094

00:41:56,550 --> 00:41:52,800

this property

1095

00:41:58,710 --> 00:41:56,560

uh even mr bigelow himself that refuse

1096

00:42:00,829 --> 00:41:58,720

absolutely refused to ever set foot on

1097

00:42:04,710 --> 00:42:00,839

this property ever again

1098

00:42:06,870 --> 00:42:04,720

wow and it's it's not stated lightly i

1099

00:42:09,270 --> 00:42:06,880

mean it it sometimes it's in violent

1100

00:42:11,030 --> 00:42:09,280

opposition to any

1101  
00:42:13,349 --> 00:42:11,040  
physical engagement with the property

1102  
00:42:15,750 --> 00:42:13,359  
because of

1103  
00:42:17,270 --> 00:42:15,760  
very disturbing negative things

1104  
00:42:18,790 --> 00:42:17,280  
following them

1105  
00:42:22,069 --> 00:42:18,800  
are you ever concerned about that

1106  
00:42:25,510 --> 00:42:23,589  
of course

1107  
00:42:27,190 --> 00:42:25,520  
yeah i assume

1108  
00:42:29,270 --> 00:42:27,200  
i assume you're referring to the

1109  
00:42:30,710 --> 00:42:29,280  
so-called hitchhiker effect exactly yeah

1110  
00:42:33,190 --> 00:42:30,720  
i mean i was thinking about trying to

1111  
00:42:34,950 --> 00:42:33,200  
make a visit out there if possible

1112  
00:42:36,550 --> 00:42:34,960  
yeah i don't know if i want to

1113  
00:42:38,550 --> 00:42:36,560

well i remember speaking with you about

1114

00:42:41,270 --> 00:42:38,560

that before we began yeah yeah my

1115

00:42:42,829 --> 00:42:41,280

question was and is why would you want

1116

00:42:44,870 --> 00:42:42,839

to do

1117

00:42:47,270 --> 00:42:44,880

that uh

1118

00:42:49,270 --> 00:42:47,280

i don't know why why would brandon want

1119

00:42:51,430 --> 00:42:49,280

to buy the place why would you decide to

1120

00:42:52,790 --> 00:42:51,440

do that you know it's it's interesting

1121

00:42:53,510 --> 00:42:52,800

it's interesting

1122

00:42:55,270 --> 00:42:53,520

yeah

1123

00:42:57,109 --> 00:42:55,280

so human curiosity it's the next

1124

00:42:59,030 --> 00:42:57,119

frontier i mean people

1125

00:43:00,950 --> 00:42:59,040

yeah from the beginning of time have

1126

00:43:03,430 --> 00:43:00,960

always you know it

1127

00:43:06,390 --> 00:43:03,440

have always had a sense of

1128

00:43:07,349 --> 00:43:06,400

curiosity and discovery that drives them

1129

00:43:10,069 --> 00:43:07,359

and i think

1130

00:43:13,670 --> 00:43:10,079

you know this ranch to some degree is

1131

00:43:17,190 --> 00:43:13,680

symbolic and it's also a very physical

1132

00:43:20,069 --> 00:43:17,200

place it's it's for a lot of people it's

1133

00:43:22,309 --> 00:43:20,079

it's their mecca it's a mecca for the

1134

00:43:23,750 --> 00:43:22,319

the paranormal and uh

1135

00:43:26,870 --> 00:43:23,760

it it

1136

00:43:29,270 --> 00:43:26,880

it holds a very unique position not only

1137

00:43:32,790 --> 00:43:29,280

in public consciousness but as as as

1138

00:43:34,150 --> 00:43:32,800

really a living laboratory i mean it it

1139

00:43:36,470 --> 00:43:34,160

it stands

1140

00:43:39,190 --> 00:43:36,480

that this is the the only property of

1141

00:43:40,790 --> 00:43:39,200

its kind that has been studied

1142

00:43:41,910 --> 00:43:40,800

and locked down

1143

00:43:44,550 --> 00:43:41,920

for now

1144

00:43:45,349 --> 00:43:44,560

over 25 years

1145

00:43:48,390 --> 00:43:45,359

uh

1146

00:43:51,030 --> 00:43:48,400

and and had everything from armed

1147

00:43:51,829 --> 00:43:51,040

security officers and security presence

1148

00:43:54,309 --> 00:43:51,839

to

1149

00:43:56,069 --> 00:43:54,319

scientific instrumentation and

1150

00:43:58,230 --> 00:43:56,079

surveillance

1151

00:44:00,230 --> 00:43:58,240

in service to trying to find out what is

1152

00:44:01,589 --> 00:44:00,240

really happening and and the nature of

1153

00:44:06,870 --> 00:44:01,599

it

1154

00:44:08,710 --> 00:44:06,880

i really can't you know i mean there are

1155

00:44:11,750 --> 00:44:08,720

places in the world you know the hot

1156

00:44:14,790 --> 00:44:11,760

spots so to speak uh usually

1157

00:44:17,990 --> 00:44:14,800

um pertains to ufos you hear about ufos

1158

00:44:20,550 --> 00:44:18,000

or maybe you hear about

1159

00:44:22,630 --> 00:44:20,560

bigfoot or something in the northwest

1160

00:44:24,550 --> 00:44:22,640

you know oregon and washington state or

1161

00:44:27,829 --> 00:44:24,560

something like that or pennsylvania for

1162

00:44:30,309 --> 00:44:27,839

some reason but um but you don't hear

1163

00:44:32,309 --> 00:44:30,319

about them all together

1164

00:44:34,630 --> 00:44:32,319

which is seems to be

1165

00:44:36,150 --> 00:44:34,640

you know i mean

1166

00:44:38,069 --> 00:44:36,160

just about everything you can think of

1167

00:44:39,670 --> 00:44:38,079

has happened at the skin

1168

00:44:41,589 --> 00:44:39,680

out there you know that people have

1169

00:44:42,790 --> 00:44:41,599

witnessed

1170

00:44:45,589 --> 00:44:42,800

you know

1171

00:44:48,829 --> 00:44:45,599

in many cases it's multiple witnesses

1172

00:44:52,390 --> 00:44:48,839

right i mean we multiple credible

1173

00:44:58,870 --> 00:44:56,150

scientific instrumentation registering

1174

00:45:01,589 --> 00:44:58,880

that there's something happening unusual

1175

00:45:03,510 --> 00:45:01,599

and and at times acute medical episodes

1176

00:45:05,510 --> 00:45:03,520

that appear to attend

1177

00:45:07,430 --> 00:45:05,520

some of these events when you combine

1178

00:45:10,550 --> 00:45:07,440

all of those things at once it it

1179

00:45:14,630 --> 00:45:10,560

creates a very compelling

1180

00:45:17,670 --> 00:45:14,640

record and data set to operate from

1181

00:45:19,349 --> 00:45:17,680

do would you consider it more

1182

00:45:22,550 --> 00:45:19,359

malevolent than

1183

00:45:25,430 --> 00:45:23,750

oh

1184

00:45:27,109 --> 00:45:25,440

i think we're we're definitely dealing

1185

00:45:29,109 --> 00:45:27,119

with what appears to be malevolent

1186

00:45:30,069 --> 00:45:29,119

forces as evidenced by

1187

00:45:34,069 --> 00:45:30,079

the

1188

00:45:35,510 --> 00:45:34,079

sustained that seem to be willful or

1189

00:45:37,510 --> 00:45:35,520

intentional

1190

00:45:39,270 --> 00:45:37,520

i think there have been

1191

00:45:40,710 --> 00:45:39,280

individuals

1192

00:45:42,230 --> 00:45:40,720

that have participated in the

1193

00:45:43,990 --> 00:45:42,240

investigation that have found a more

1194

00:45:46,470 --> 00:45:44,000

benevolent spirit

1195

00:45:48,630 --> 00:45:46,480

a more peaceful presence

1196

00:45:50,150 --> 00:45:48,640

and i think there's others that would

1197

00:45:52,069 --> 00:45:50,160

attest to there being a presence but of

1198

00:45:54,950 --> 00:45:52,079

being more benign

1199

00:45:57,270 --> 00:45:54,960

in nature uh so i think we're we're

1200

00:45:58,630 --> 00:45:57,280

interacting with the diversity

1201

00:46:02,150 --> 00:45:58,640

of

1202

00:46:05,270 --> 00:46:02,160

origins and agendas

1203

00:46:07,190 --> 00:46:05,280

associated with this yeah uh brandon i i

1204

00:46:08,630 --> 00:46:07,200

know you're a very successful person

1205

00:46:11,270 --> 00:46:08,640

you've done very well

1206

00:46:12,069 --> 00:46:11,280

in life but my question is

1207

00:46:14,150 --> 00:46:12,079

um

1208

00:46:16,550 --> 00:46:14,160

this for you to want to here's a

1209

00:46:18,309 --> 00:46:16,560

question up here first of all um that

1210

00:46:20,390 --> 00:46:18,319

someone's asking if you could bring in

1211

00:46:22,309 --> 00:46:20,400

more scientists stuff like that

1212

00:46:24,069 --> 00:46:22,319

these are this is money that's coming

1213

00:46:27,030 --> 00:46:24,079

out of your pocket i mean how do you is

1214

00:46:29,270 --> 00:46:27,040

this enough of a passion for you that

1215

00:46:31,910 --> 00:46:29,280

again history channel's long gone you're

1216

00:46:34,390 --> 00:46:31,920

on your own do you have thoughts of

1217

00:46:36,630 --> 00:46:34,400

continuing on to try to get more and

1218

00:46:39,829 --> 00:46:36,640

more answers as time goes on

1219

00:46:41,829 --> 00:46:39,839

sure but i mean 95 of my bandwidth of my

1220

00:46:44,390 --> 00:46:41,839

time is focused on conventional business

1221

00:46:45,910 --> 00:46:44,400

interests and very serious obligations

1222

00:46:49,349 --> 00:46:45,920

within that world

1223

00:46:50,950 --> 00:46:49,359

i am so fortunate to have eric bart as

1224

00:46:53,670 --> 00:46:50,960

our principal investigator and chief

1225

00:46:55,349 --> 00:46:53,680

scientist that that is conducting the

1226

00:46:58,069 --> 00:46:55,359

research

1227

00:46:59,990 --> 00:46:58,079

we're seeking to collaborate i mean yeah

1228

00:47:01,750 --> 00:47:00,000

that was a very fair question are we

1229

00:47:04,150 --> 00:47:01,760

going to bring additional i think you

1230

00:47:05,990 --> 00:47:04,160

see on the docu-series we've brought in

1231

00:47:07,510 --> 00:47:06,000

you know beyond dr taylor we've brought

1232

00:47:12,069 --> 00:47:07,520

in a host

1233

00:47:16,230 --> 00:47:14,150

that that are experts in their field

1234

00:47:17,309 --> 00:47:16,240

whether that be experts when it comes to

1235

00:47:21,030 --> 00:47:17,319

lidar

1236

00:47:23,589 --> 00:47:21,040

photogrammetry clear camera systems or

1237

00:47:25,190 --> 00:47:23,599

ground penetrating radar resistivity

1238

00:47:27,750 --> 00:47:25,200

studies

1239

00:47:29,910 --> 00:47:27,760

even those that come on the property to

1240

00:47:30,950 --> 00:47:29,920

to test the environmental

1241

00:47:35,109 --> 00:47:30,960

uh

1242

00:47:37,510 --> 00:47:35,119

or potential

1243

00:47:39,829 --> 00:47:37,520

aspects i mean we brought brought in a

1244

00:47:43,030 --> 00:47:39,839

wide range of experts and we'll continue

1245

00:47:44,790 --> 00:47:43,040

to do so in service to this ex this this

1246

00:47:47,190 --> 00:47:44,800

whole exercise but

1247

00:47:49,190 --> 00:47:47,200

i think it's important to note that that

1248

00:47:51,750 --> 00:47:49,200

you know this we're right now still in

1249

00:47:53,670 --> 00:47:51,760

the early stages we started off with

1250

00:47:55,990 --> 00:47:53,680

this being more of an observational

1251

00:47:58,390 --> 00:47:56,000

science enterprise

1252

00:48:00,470 --> 00:47:58,400

trying to to number one verify that

1253

00:48:03,349 --> 00:48:00,480

there really was something

1254

00:48:08,150 --> 00:48:03,359

uh going on that that did merit

1255

00:48:10,549 --> 00:48:08,160

uh the investment of not not only money

1256

00:48:11,510 --> 00:48:10,559

you know monetary resources but also

1257

00:48:14,390 --> 00:48:11,520

time

1258

00:48:16,870 --> 00:48:14,400

and personnel of course we

1259

00:48:19,190 --> 00:48:16,880

we moved past that and as as this

1260

00:48:21,109 --> 00:48:19,200

process has evolved i think

1261

00:48:22,549 --> 00:48:21,119

you know you you can continue to see

1262

00:48:25,349 --> 00:48:22,559

that we'll be

1263

00:48:26,630 --> 00:48:25,359

adding and uh strengthening our effort

1264

00:48:29,829 --> 00:48:26,640

but it's

1265

00:48:32,069 --> 00:48:29,839

you know it it's a process not an event

1266

00:48:33,270 --> 00:48:32,079

and it's it some some days it's

1267

00:48:36,069 --> 00:48:33,280

incremental

1268

00:48:38,630 --> 00:48:36,079

uh and our our stewardship

1269

00:48:39,990 --> 00:48:38,640

uh at times i think calls for a much

1270

00:48:42,069 --> 00:48:40,000

more

1271

00:48:43,589 --> 00:48:42,079

measured and methodical approach as

1272

00:48:44,950 --> 00:48:43,599

opposed to just

1273

00:48:47,430 --> 00:48:44,960

you know

1274

00:48:48,470 --> 00:48:47,440

going great guns into this i i think to

1275

00:48:49,910 --> 00:48:48,480

a degree

1276

00:48:56,790 --> 00:48:49,920

we want to

1277

00:48:58,710 --> 00:48:56,800

sensitive to what really

1278

00:49:01,589 --> 00:48:58,720

is is truly going to yield the right

1279

00:49:02,950 --> 00:49:01,599

type of data and results eric what would

1280

00:49:04,150 --> 00:49:02,960

you like to add anything to that i'm

1281

00:49:07,030 --> 00:49:04,160

sorry to

1282

00:49:09,430 --> 00:49:07,040

take up all the time here oh not at all

1283

00:49:10,549 --> 00:49:09,440

you know um

1284

00:49:13,190 --> 00:49:10,559

i uh

1285

00:49:15,750 --> 00:49:13,200

i guess it's

1286

00:49:16,710 --> 00:49:15,760

it's worth mentioning that

1287

00:49:17,829 --> 00:49:16,720

during

1288

00:49:19,670 --> 00:49:17,839

the

1289

00:49:21,510 --> 00:49:19,680

mids and bass

1290

00:49:22,790 --> 00:49:21,520

era work

1291

00:49:23,990 --> 00:49:22,800

there were

1292

00:49:26,230 --> 00:49:24,000

plenty of

1293

00:49:27,190 --> 00:49:26,240

advanced degree welding scientists

1294

00:49:30,790 --> 00:49:27,200

brought

1295

00:49:31,990 --> 00:49:30,800

contact with the

1296

00:49:34,710 --> 00:49:32,000

the data

1297

00:49:35,829 --> 00:49:34,720

coming off of the property

1298

00:49:39,030 --> 00:49:35,839

and

1299

00:49:41,109 --> 00:49:39,040

respectful but i will say this

1300

00:49:42,230 --> 00:49:41,119

concerning the handoff

1301

00:49:46,069 --> 00:49:42,240

i think you know where i'm going with

1302

00:49:48,069 --> 00:49:46,079

this brandon yep um stop me if if this

1303

00:49:49,990 --> 00:49:48,079

doesn't feel right uh

1304

00:49:51,349 --> 00:49:50,000

but at the time that brandon took over

1305

00:49:53,670 --> 00:49:51,359

the property and there was a you know

1306

00:49:56,549 --> 00:49:53,680

there was some briefing that took place

1307

00:49:58,470 --> 00:49:56,559

i have to tell you that uh the

1308

00:50:00,390 --> 00:49:58,480

the scientific or the informational

1309

00:50:01,750 --> 00:50:00,400

deliverables that came out of out of

1310

00:50:03,270 --> 00:50:01,760

that briefing

1311

00:50:04,549 --> 00:50:03,280

were sparse

1312

00:50:06,950 --> 00:50:04,559

at best

1313

00:50:10,069 --> 00:50:06,960

yeah that's what i understand yeah yeah

1314

00:50:15,349 --> 00:50:12,790

not only was it sparse but to interject

1315

00:50:17,510 --> 00:50:15,359

we didn't even have connectivity

1316

00:50:20,150 --> 00:50:17,520

uh that would support

1317

00:50:22,710 --> 00:50:20,160

the platforms that you need in order to

1318

00:50:25,349 --> 00:50:22,720

to conduct a program like this we we had

1319

00:50:27,910 --> 00:50:25,359

to run power i mean

1320

00:50:30,150 --> 00:50:27,920

just the infrastructure requirements

1321

00:50:32,790 --> 00:50:30,160

alone in order to

1322

00:50:35,430 --> 00:50:32,800

to establish the appropriate

1323

00:50:37,270 --> 00:50:35,440

uh scientific platforms and capabilities

1324

00:50:39,190 --> 00:50:37,280

on the property i think people have no

1325

00:50:40,390 --> 00:50:39,200

idea and they underestimate

1326

00:50:41,430 --> 00:50:40,400

what what

1327

00:50:44,470 --> 00:50:41,440

it has

1328

00:50:47,030 --> 00:50:44,480

required as far as financial investment

1329

00:50:48,069 --> 00:50:47,040

and also time and attention in order in

1330

00:50:50,150 --> 00:50:48,079

order to

1331

00:50:51,430 --> 00:50:50,160

lay a proper foundation because we

1332

00:50:52,950 --> 00:50:51,440

inherited

1333

00:50:55,589 --> 00:50:52,960

merely a narrative we didn't really

1334

00:50:57,589 --> 00:50:55,599

inherit a foundation or a robust

1335

00:50:58,470 --> 00:50:57,599

technology platform or a system or even

1336

00:51:00,870 --> 00:50:58,480

data

1337

00:51:02,230 --> 00:51:00,880

um i bought the property essentially as

1338

00:51:04,790 --> 00:51:02,240

is

1339

00:51:08,069 --> 00:51:04,800

with the understanding that we were we

1340

00:51:10,309 --> 00:51:08,079

were opening a new chapter and and i was

1341

00:51:13,109 --> 00:51:10,319

okay with that i accepted

1342

00:51:14,470 --> 00:51:13,119

that uh the handoff would occur without

1343

00:51:16,470 --> 00:51:14,480

the benefit

1344

00:51:18,870 --> 00:51:16,480

of that data or

1345

00:51:20,870 --> 00:51:18,880

or more robust engagement or

1346

00:51:22,390 --> 00:51:20,880

collaboration and i'm thankful for it to

1347

00:51:24,710 --> 00:51:22,400

be quite candid

1348

00:51:27,510 --> 00:51:24,720

it gave us a clean slate

1349

00:51:29,109 --> 00:51:27,520

i think allowing us to enter this as

1350

00:51:31,190 --> 00:51:29,119

healthy skeptics

1351

00:51:34,309 --> 00:51:31,200

without being front loaded

1352

00:51:36,630 --> 00:51:34,319

with you know potential you know data or

1353

00:51:38,470 --> 00:51:36,640

or information that would have would

1354

00:51:40,790 --> 00:51:38,480

have potentially distracted away from

1355

00:51:42,870 --> 00:51:40,800

what we needed to do in order to to

1356

00:51:44,790 --> 00:51:42,880

advance the program to where we are

1357

00:51:46,470 --> 00:51:44,800

today i think all of that needs to be

1358

00:51:48,710 --> 00:51:46,480

taken into account

1359

00:51:51,270 --> 00:51:48,720

i was wondering how you felt about that

1360

00:51:52,630 --> 00:51:51,280

and uh that you weren't handed off any

1361

00:51:54,950 --> 00:51:52,640

of that and i realized some of it was

1362

00:51:58,630 --> 00:51:54,960

you know government and maybe some of it

1363

00:52:00,630 --> 00:51:58,640

was even classified but but also um has

1364

00:52:01,670 --> 00:52:00,640

anyone from nids

1365

00:52:03,270 --> 00:52:01,680

um

1366

00:52:05,270 --> 00:52:03,280

ever which is

1367

00:52:07,190 --> 00:52:05,280

was stands for national institute for

1368

00:52:09,670 --> 00:52:07,200

discovery science i think

1369

00:52:12,309 --> 00:52:09,680

but has anyone from that visited the

1370

00:52:13,430 --> 00:52:12,319

ransom since you've owned it

1371

00:52:16,630 --> 00:52:13,440

you bet

1372

00:52:17,829 --> 00:52:16,640

open

1373

00:52:20,309 --> 00:52:17,839

dialogue

1374

00:52:22,230 --> 00:52:20,319

it's been somewhat one way at times but

1375

00:52:24,710 --> 00:52:22,240

uh and that's not a criticism it's just

1376  
00:52:25,990 --> 00:52:24,720  
we we're independently advancing the

1377  
00:52:27,829 --> 00:52:26,000  
program but we

1378  
00:52:30,549 --> 00:52:27,839  
we have great respect

1379  
00:52:32,950 --> 00:52:30,559  
for our predecessors and we've we've

1380  
00:52:35,190 --> 00:52:32,960  
been fortunate to have a number of them

1381  
00:52:37,510 --> 00:52:35,200  
come back to the property engage with

1382  
00:52:39,510 --> 00:52:37,520  
the team and provide thoughtful

1383  
00:52:41,750 --> 00:52:39,520  
um feedback

1384  
00:52:43,910 --> 00:52:41,760  
and perspective and we're thankful for

1385  
00:52:46,710 --> 00:52:43,920  
that i i'm thankful for robert bigelow i

1386  
00:52:49,589 --> 00:52:46,720  
have to applaud his efforts i think it

1387  
00:52:51,670 --> 00:52:49,599  
took a lot of courage for him to to to

1388  
00:52:54,710 --> 00:52:51,680

not only go public

1389

00:52:56,549 --> 00:52:54,720

with the uh with the fact that he he was

1390

00:52:58,150 --> 00:52:56,559

interested in these topics but also

1391

00:52:59,030 --> 00:52:58,160

putting his money where his mouth was

1392

00:53:04,470 --> 00:52:59,040

and

1393

00:53:07,510 --> 00:53:04,480

delving into these areas uh i i have

1394

00:53:09,430 --> 00:53:07,520

nothing but but respect and for those

1395

00:53:11,430 --> 00:53:09,440

who've gone before us and i hope that

1396

00:53:15,030 --> 00:53:11,440

our stewardship and our effort

1397

00:53:15,990 --> 00:53:15,040

is a fitting tribute and advancement

1398

00:53:16,790 --> 00:53:16,000

uh

1399

00:53:21,589 --> 00:53:16,800

to

1400

00:53:23,910 --> 00:53:21,599

you will decades ago

1401

00:53:26,549 --> 00:53:23,920

i like when you use the word stewardship

1402

00:53:29,430 --> 00:53:26,559

because that's all we really do in life

1403

00:53:31,910 --> 00:53:29,440

is you know we may own a property but

1404

00:53:34,390 --> 00:53:31,920

it's it's just a little segment of time

1405

00:53:36,790 --> 00:53:34,400

and time moves forward and yeah we are

1406

00:53:39,190 --> 00:53:36,800

taking care of these things as as it

1407

00:53:41,030 --> 00:53:39,200

moves through time well and and martin

1408

00:53:43,270 --> 00:53:41,040

we're not in control

1409

00:53:45,430 --> 00:53:43,280

let's let's just be candid i mean

1410

00:53:48,470 --> 00:53:45,440

whatever we are dealing with

1411

00:53:51,190 --> 00:53:48,480

is one two three steps ahead of us right

1412

00:53:53,589 --> 00:53:51,200

if we if we happen to get

1413

00:53:56,390 --> 00:53:53,599

even the tiniest bit full of ourselves

1414

00:53:58,069 --> 00:53:56,400

and think that we are in any way control

1415

00:53:59,990 --> 00:53:58,079

of our environment

1416

00:54:03,829 --> 00:54:00,000

and uh and

1417

00:54:06,309 --> 00:54:03,839

that's uh and and fail to recognize that

1418

00:54:08,829 --> 00:54:06,319

the magnitude of what we're dealing with

1419

00:54:11,910 --> 00:54:08,839

the advanced physics that is obviously a

1420

00:54:13,589 --> 00:54:11,920

play um i think it you know we seem to

1421

00:54:16,230 --> 00:54:13,599

be quickly reminded

1422

00:54:18,790 --> 00:54:16,240

and humbled

1423

00:54:20,470 --> 00:54:18,800

right right um i'm going to try to pop

1424

00:54:21,910 --> 00:54:20,480

up a couple of questions here we only

1425

00:54:24,069 --> 00:54:21,920

have it on

1426

00:54:26,069 --> 00:54:24,079

bring up about six minutes now i think

1427

00:54:27,829 --> 00:54:26,079

this was in season one perhaps didn't

1428

00:54:29,270 --> 00:54:27,839

you find a cave or something wasn't

1429

00:54:31,910 --> 00:54:29,280

there something they found on on the

1430

00:54:34,309 --> 00:54:31,920

right uh we found a void where we're

1431

00:54:37,109 --> 00:54:34,319

actually you'll see this this effort

1432

00:54:40,870 --> 00:54:37,119

continue to evolve where we are

1433

00:54:42,870 --> 00:54:40,880

um i think responsibly uh testing and

1434

00:54:43,910 --> 00:54:42,880

and delving into this

1435

00:54:49,510 --> 00:54:43,920

uh

1436

00:54:52,710 --> 00:54:49,520

we have any definitive conclusions of

1437

00:54:54,789 --> 00:54:52,720

you know we we have we're reserving some

1438

00:54:56,309 --> 00:54:54,799

of the key insights

1439

00:54:57,750 --> 00:54:56,319

that uh

1440

00:55:00,230 --> 00:54:57,760

that we've gained over the course the

1441

00:55:03,670 --> 00:55:00,240

last few months and uh we

1442

00:55:05,510 --> 00:55:03,680

are planning a number of additional

1443

00:55:08,069 --> 00:55:05,520

activities moving forward did that sum

1444

00:55:10,230 --> 00:55:08,079

it up eric

1445

00:55:12,549 --> 00:55:10,240

that's a good way to put it yeah sure

1446

00:55:14,390 --> 00:55:12,559

so but to the question of have we found

1447

00:55:16,549 --> 00:55:14,400

a cave

1448

00:55:17,670 --> 00:55:16,559

uh you know as brandon has indicated we

1449

00:55:21,990 --> 00:55:17,680

found

1450

00:55:24,549 --> 00:55:22,000

but nothing

1451

00:55:26,390 --> 00:55:24,559

nothing that um

1452

00:55:28,069 --> 00:55:26,400

would compare to what we think of when

1453

00:55:30,230 --> 00:55:28,079

we think of a big you know big cave like

1454

00:55:32,390 --> 00:55:30,240

you know i'm from kentucky uh you know

1455

00:55:33,589 --> 00:55:32,400

i'm not far from mammoth cave you know

1456

00:55:36,150 --> 00:55:33,599

nothing like that

1457

00:55:38,630 --> 00:55:36,160

yeah these are the the cave systems that

1458

00:55:41,030 --> 00:55:38,640

we have in the mesa uh while you can

1459

00:55:42,069 --> 00:55:41,040

climb into them and they're very real

1460

00:55:45,750 --> 00:55:42,079

are uh

1461

00:55:47,990 --> 00:55:45,760

are dangerous and uh and in some cases

1462

00:55:50,150 --> 00:55:48,000

shallow or very narrow and so we're

1463

00:55:51,030 --> 00:55:50,160

having to use instrumentation and great

1464

00:55:53,990 --> 00:55:51,040

care

1465

00:55:56,950 --> 00:55:54,000

in exploring and and and really

1466

00:55:57,910 --> 00:55:56,960

analyzing what we're dealing with so uh

1467

00:56:00,150 --> 00:55:57,920

that's

1468

00:56:02,470 --> 00:56:00,160

to be continued and we look forward to

1469

00:56:03,910 --> 00:56:02,480

revealing some key insights in the weeks

1470

00:56:05,190 --> 00:56:03,920

ahead

1471

00:56:06,630 --> 00:56:05,200

now here's uh

1472

00:56:07,750 --> 00:56:06,640

i think i know the answer to this a

1473

00:56:09,349 --> 00:56:07,760

little bit but

1474

00:56:11,510 --> 00:56:09,359

is the utah state government still

1475

00:56:13,670 --> 00:56:11,520

showing interest in this in the

1476

00:56:15,430 --> 00:56:13,680

investigation

1477

00:56:17,990 --> 00:56:15,440

well yes

1478

00:56:21,670 --> 00:56:18,000

the state utah state attorney general

1479

00:56:23,910 --> 00:56:21,680

sean reyes uh has asked repeatedly for

1480

00:56:25,910 --> 00:56:23,920

uh for a follow-up briefing and will be

1481

00:56:27,510 --> 00:56:25,920

engaging with the team i suspect in the

1482

00:56:29,910 --> 00:56:27,520

very near future

1483

00:56:31,510 --> 00:56:29,920

um i've kept him posted you know kept

1484

00:56:34,390 --> 00:56:31,520

him posted on on how things have

1485

00:56:37,270 --> 00:56:34,400

progressed um episode one on may 3rd

1486

00:56:39,190 --> 00:56:37,280

that is about to air will show that uh

1487

00:56:41,190 --> 00:56:39,200

that there really has been an elevated

1488

00:56:42,789 --> 00:56:41,200

interest from you know government

1489

00:56:44,950 --> 00:56:42,799

officials and

1490

00:56:46,710 --> 00:56:44,960

and uh i i don't want to say anything

1491

00:56:48,710 --> 00:56:46,720

further other than i think people will

1492

00:56:52,309 --> 00:56:48,720

be surprised this isn't something you

1493

00:56:54,230 --> 00:56:52,319

just conjure up or fabricate i mean this

1494

00:56:56,470 --> 00:56:54,240

property is a

1495

00:56:59,349 --> 00:56:56,480

is a place of interest and what we're

1496

00:57:02,150 --> 00:56:59,359

dealing with is is

1497

00:57:04,710 --> 00:57:02,160

is serious and it rises

1498

00:57:07,589 --> 00:57:04,720

it goes far beyond the state and it goes

1499

00:57:09,430 --> 00:57:07,599

to the federal level

1500

00:57:11,670 --> 00:57:09,440

i i may have something to add to that

1501  
00:57:13,030 --> 00:57:11,680  
brandon oh yeah go ahead

1502  
00:57:14,950 --> 00:57:13,040  
some late

1503  
00:57:16,630 --> 00:57:14,960  
late breaking news

1504  
00:57:19,910 --> 00:57:16,640  
news i suppose

1505  
00:57:20,789 --> 00:57:19,920  
um today at 12 43 p.m we had a black

1506  
00:57:22,390 --> 00:57:20,799  
hawk

1507  
00:57:24,630 --> 00:57:22,400  
flying about at about a thousand feet

1508  
00:57:26,390 --> 00:57:24,640  
above the property doing circles

1509  
00:57:28,710 --> 00:57:26,400  
um well i'll show you the data later

1510  
00:57:30,549 --> 00:57:28,720  
right who who has it registered to who

1511  
00:57:33,910 --> 00:57:30,559  
is it registered to

1512  
00:57:38,549 --> 00:57:36,789  
really now that's that's that's

1513  
00:57:40,470 --> 00:57:38,559

interesting

1514

00:57:42,870 --> 00:57:40,480

yeah yeah so so of course i've got you

1515

00:57:43,990 --> 00:57:42,880

know i've got the we've got the data

1516

00:57:45,670 --> 00:57:44,000

um

1517

00:57:47,510 --> 00:57:45,680

fortunately this is an example of an

1518

00:57:49,430 --> 00:57:47,520

aircraft that was transponding so i

1519

00:57:51,750 --> 00:57:49,440

could identify the thing and of course

1520

00:57:52,549 --> 00:57:51,760

it shows up in our surveillance footage

1521

00:57:54,470 --> 00:57:52,559

um

1522

00:57:55,829 --> 00:57:54,480

and like you know we'll we'll review it

1523

00:57:57,589 --> 00:57:55,839

brandon but uh

1524

00:57:59,670 --> 00:57:57,599

you know this goes to the question of is

1525

00:58:01,670 --> 00:57:59,680

there interest in the property well

1526

00:58:03,109 --> 00:58:01,680

you know that circle that that you see

1527

00:58:05,670 --> 00:58:03,119

on the map wasn't throughout the entire

1528

00:58:07,990 --> 00:58:05,680

basin it was right over this property i

1529

00:58:11,349 --> 00:58:08,000

love why i'd love to know why that that

1530

00:58:14,230 --> 00:58:11,359

happens that's not a that's not a first

1531

00:58:15,670 --> 00:58:14,240

um it's something that happens uh a few

1532

00:58:16,390 --> 00:58:15,680

times a year

1533

00:58:18,390 --> 00:58:16,400

yeah

1534

00:58:20,150 --> 00:58:18,400

i'd love to know what motivates it

1535

00:58:23,530 --> 00:58:20,160

there's there's a lot going on so the

1536

00:58:26,230 --> 00:58:23,540

answer simply put martin is hell yes

1537

00:58:29,349 --> 00:58:26,240

[Laughter]

1538

00:58:31,670 --> 00:58:29,359

well uh this this has been a real

1539

00:58:33,589 --> 00:58:31,680

interesting show and we have a we had a

1540

00:58:34,789 --> 00:58:33,599

lot of questions i'm sorry

1541

00:58:36,390 --> 00:58:34,799

um

1542

00:58:39,030 --> 00:58:36,400

let's see

1543

00:58:41,829 --> 00:58:39,040

uh i know people are asking different

1544

00:58:43,349 --> 00:58:41,839

things like uh bob bigelow you already

1545

00:58:45,109 --> 00:58:43,359

said he doesn't even want to step foot

1546

00:58:47,589 --> 00:58:45,119

on the property no

1547

00:58:50,549 --> 00:58:47,599

do you uh do you ever have to call him

1548

00:58:53,430 --> 00:58:50,559

about i mean i don't know it's no it's

1549

00:58:56,150 --> 00:58:53,440

completely out of the picture yeah

1550

00:58:59,030 --> 00:58:56,160

yeah yeah we we've we've kind of grown

1551  
00:59:03,030 --> 00:59:01,750  
as much as we appreciate the the efforts

1552  
00:59:05,510 --> 00:59:03,040  
of those who

1553  
00:59:07,750 --> 00:59:05,520  
came before us uh we're

1554  
00:59:10,230 --> 00:59:07,760  
we're kind of in a different level uh

1555  
00:59:11,430 --> 00:59:10,240  
relative to the

1556  
00:59:17,589 --> 00:59:11,440  
the

1557  
00:59:20,710 --> 00:59:17,599  
effort i

1558  
00:59:23,030 --> 00:59:20,720  
i i'm not troubling mr bigelow and uh

1559  
00:59:25,750 --> 00:59:23,040  
and and although i'd welcome any

1560  
00:59:27,990 --> 00:59:25,760  
collaboration i think he's he's the

1561  
00:59:28,870 --> 00:59:28,000  
reason why chuckle is he he's busy right

1562  
00:59:30,710 --> 00:59:28,880  
now

1563  
00:59:32,870 --> 00:59:30,720

positioning to be

1564

00:59:35,030 --> 00:59:32,880

the real estate developer of space and i

1565

00:59:36,230 --> 00:59:35,040

kid you not i mean robert bigelow is a

1566

00:59:38,630 --> 00:59:36,240

visionary

1567

00:59:40,390 --> 00:59:38,640

he has his b module currently up on the

1568

00:59:42,789 --> 00:59:40,400

international space station he's the

1569

00:59:45,510 --> 00:59:42,799

only entrepreneur on the planet that has

1570

00:59:47,589 --> 00:59:45,520

his own space stations in orbit he has

1571

00:59:49,829 --> 00:59:47,599

so many other things going on

1572

00:59:51,910 --> 00:59:49,839

i think he's i think he's quite pleased

1573

00:59:53,670 --> 00:59:51,920

with how we're uh

1574

00:59:55,829 --> 00:59:53,680

we're handling our stewardship of the

1575

00:59:59,430 --> 00:59:55,839

property and uh and

1576

01:00:01,589 --> 00:59:59,440

and we're excited to continue to reveal

1577

01:00:04,309 --> 01:00:01,599

what we are learning to the public which

1578

01:00:06,950 --> 01:00:04,319

is a very different

1579

01:00:09,829 --> 01:00:06,960

scenario compared to the past i don't i

1580

01:00:13,030 --> 01:00:09,839

i don't want to belabor this but

1581

01:00:15,030 --> 01:00:13,040

this we have been more transparent

1582

01:00:17,670 --> 01:00:15,040

more collaborative more engaged with the

1583

01:00:19,589 --> 01:00:17,680

public relative to the phenomena and

1584

01:00:21,589 --> 01:00:19,599

what is happening with our investigation

1585

01:00:24,950 --> 01:00:21,599

than any other investigation that i'm

1586

01:00:27,190 --> 01:00:24,960

aware of period show me another

1587

01:00:28,789 --> 01:00:27,200

show me another effort that is actually

1588

01:00:31,190 --> 01:00:28,799

opening their doors

1589

01:00:33,430 --> 01:00:31,200

and engaging the public and and another

1590

01:00:35,750 --> 01:00:33,440

individual like me or even our principal

1591

01:00:38,549 --> 01:00:35,760

investigator that has been willing to

1592

01:00:40,950 --> 01:00:38,559

put their reputations on the line and be

1593

01:00:43,589 --> 01:00:40,960

open and directly communicative with the

1594

01:00:44,470 --> 01:00:43,599

public good luck

1595

01:00:46,630 --> 01:00:44,480

yeah

1596

01:00:47,829 --> 01:00:46,640

no very good point and i was thinking

1597

01:00:49,750 --> 01:00:47,839

when you're talking about bigelow i

1598

01:00:54,549 --> 01:00:49,760

wonder what it would happen if he was

1599

01:00:58,710 --> 01:00:56,710

i think i think mr bigelow

1600

01:01:01,589 --> 01:00:58,720

could care less what the public thinks

1601

01:01:04,549 --> 01:01:01,599

and exactly over the decades he's pretty

1602

01:01:05,589 --> 01:01:04,559

much exactly as much yeah he pretty much

1603

01:01:07,510 --> 01:01:05,599

uh

1604

01:01:10,470 --> 01:01:07,520

and this isn't a criticism it's just a

1605

01:01:12,390 --> 01:01:10,480

statement of fact he he could care less

1606

01:01:14,069 --> 01:01:12,400

what people wanted everyone would cry

1607

01:01:16,549 --> 01:01:14,079

for more information and data and he

1608

01:01:18,950 --> 01:01:16,559

pretty much met that was silence

1609

01:01:20,950 --> 01:01:18,960

and i i think we're demonstrating the

1610

01:01:23,349 --> 01:01:20,960

opposite and again that's not an

1611

01:01:25,670 --> 01:01:23,359

indictment of mr bigelow i think he had

1612

01:01:28,150 --> 01:01:25,680

his reasons and i respect them and i

1613

01:01:29,109 --> 01:01:28,160

respect him immensely

1614

01:01:32,150 --> 01:01:29,119

um

1615

01:01:32,950 --> 01:01:32,160

but i but we are trying to to advance

1616

01:01:34,870 --> 01:01:32,960

this

1617

01:01:36,069 --> 01:01:34,880

in a different direction and i hope that

1618

01:01:38,789 --> 01:01:36,079

people uh

1619

01:01:41,349 --> 01:01:38,799

are uh are gaining something from it

1620

01:01:43,670 --> 01:01:41,359

yes well uh it's very enjoyable it's

1621

01:01:45,270 --> 01:01:43,680

been a real enjoyable night uh history

1622

01:01:48,309 --> 01:01:45,280

is the secret of skinwalker ranch

1623

01:01:50,150 --> 01:01:48,319

returns for season three tuesday may 3rd

1624

01:01:52,950 --> 01:01:50,160

at 10 p.m et

1625

01:01:57,510 --> 01:01:52,960

uh and before moving to its regular time

1626

01:02:00,150 --> 01:01:57,520

slot of 9 p.m et um slash pt thank you

1627

01:02:01,990 --> 01:02:00,160

so much it's been just a real pleasure

1628

01:02:03,829 --> 01:02:02,000

really enjoyed it a lot thank you
