Fraser
2020

1
00:00:05,220 --> 00:00:19,349

[Music]

2
00:00:23,590 --> 00:00:21,830

so ryan what what uh can you tell tell

3
00:00:25,109 --> 00:00:23,600

me about your sighting one more time so

4
00:00:26,870 --> 00:00:25,119

i was at the university of maine i was a

5
00:00:28,630 --> 00:00:26,880

student there and i was walking at night

6
00:00:30,310 --> 00:00:28,640

uh it was probably around midnight with

7
00:00:31,269 --> 00:00:30,320

one of my friends probably between 11 at

8
00:00:32,950 --> 00:00:31,279

midnight

9
00:00:35,910 --> 00:00:32,960

um

10
00:00:37,590 --> 00:00:35,920

and we were walking down by it's like

11
00:00:40,709 --> 00:00:37,600

pine street elm street i was an area

12
00:00:42,549 --> 00:00:40,719

where i lived and i was walking her home

13
00:00:44,630 --> 00:00:42,559

and we're probably about 500 feet from

14

00:00:46,630 --> 00:00:44,640

where there's the the river that uh

15

00:00:48,510 --> 00:00:46,640

moves around where the university is

16

00:00:51,830 --> 00:00:48,520

and a large

17

00:00:53,189 --> 00:00:51,840

triangle-shaped uh craft with many

18

00:00:55,910 --> 00:00:53,199

lights on it

19

00:00:58,389 --> 00:00:55,920

uh it almost like appeared it was as if

20

00:00:59,670 --> 00:00:58,399

we didn't see it before or that it came

21

00:01:01,750 --> 00:00:59,680

in quick and then but it was moving

22

00:01:02,869 --> 00:01:01,760

extremely slow

23

00:01:04,549 --> 00:01:02,879

uh

24

00:01:06,710 --> 00:01:04,559

and neither of us really know what knew

25

00:01:09,109 --> 00:01:06,720

what to do but it was very close to

26
00:01:10,149 --> 00:01:09,119
where there were other houses i mean

27
00:01:11,270 --> 00:01:10,159
within

28
00:01:13,590 --> 00:01:11,280
i don't know a thousand feet two

29
00:01:15,590 --> 00:01:13,600
thousand feet of of quite a few people

30
00:01:17,030 --> 00:01:15,600
and it moved along the river and then it

31
00:01:18,789 --> 00:01:17,040
it's just started to take off when we

32
00:01:21,030 --> 00:01:18,799
lost sight of it above the tree line and

33
00:01:22,149 --> 00:01:21,040
then it was that was it it was gone any

34
00:01:24,390 --> 00:01:22,159
sound

35
00:01:25,990 --> 00:01:24,400
no no no

36
00:01:27,109 --> 00:01:26,000
would you say this was a big object i

37
00:01:28,550 --> 00:01:27,119
would say it was a yeah it was quite a

38
00:01:30,710 --> 00:01:28,560

big object it was hard to say from the

39

00:01:32,310 --> 00:01:30,720

perspective that we had

40

00:01:33,990 --> 00:01:32,320

but

41

00:01:36,789 --> 00:01:34,000

i don't know i mean half the size of a

42

00:01:38,149 --> 00:01:36,799

football field it was huge it was huge

43

00:01:44,950 --> 00:01:38,159

and

44

00:01:46,310 --> 00:01:44,960

you know joking about it but at the same

45

00:01:48,389 --> 00:01:46,320

time i mean it's like you don't know and

46

00:01:50,389 --> 00:01:48,399

then it just happened and then you

47

00:01:52,310 --> 00:01:50,399

as many people do you tell some people

48

00:01:54,310 --> 00:01:52,320

and then after that you don't talk about

49

00:02:06,150 --> 00:01:54,320

it or think about it for a while and
