

SEAN CAHILL

**TIC TAC UFO
ENCOUNTER**

#507

1
00:00:38,549 --> 00:00:09,650

[Music]

2
00:00:42,790 --> 00:00:40,310

hello and welcome to the show i'm martin

3
00:00:45,350 --> 00:00:42,800

willis your host and this show just

4
00:00:47,990 --> 00:00:45,360

happens to land on tuesday and it

5
00:00:49,990 --> 00:00:48,000

happens to land on the first on the day

6
00:00:53,910 --> 00:00:50,000

of the first congressional hearing we've

7
00:00:55,590 --> 00:00:53,920

had in 50 years on the ufo topic i hope

8
00:00:57,029 --> 00:00:55,600

uh you streamed it this morning anyone

9
00:00:59,110 --> 00:00:57,039

that missed it

10
00:01:00,630 --> 00:00:59,120

and would still like to see it it's uh

11
00:01:02,270 --> 00:01:00,640

it's actually on my

12
00:01:04,310 --> 00:01:02,280

homepage

13
00:01:06,550 --> 00:01:04,320

podcastufo.com in the show notes for

14

00:01:08,630 --> 00:01:06,560

this particular show itself uh tonight

15

00:01:12,469 --> 00:01:08,640

i'm real excited uh we have ralph

16

00:01:14,230 --> 00:01:12,479

blumenthal he was a co-writer of a piece

17

00:01:17,030 --> 00:01:14,240

that announced this in the new york

18

00:01:18,070 --> 00:01:17,040

times last week and

19

00:01:20,149 --> 00:01:18,080

we're going to be talking about the

20

00:01:22,630 --> 00:01:20,159

hearing today and then i'm going to

21

00:01:25,109 --> 00:01:22,640

continue talking on on the hearing as

22

00:01:27,749 --> 00:01:25,119

well with our main guest sean cahill i'm

23

00:01:30,870 --> 00:01:27,759

really excited to have him on and uh so

24

00:01:32,950 --> 00:01:30,880

this should be a really good show i hope

25

00:01:33,749 --> 00:01:32,960

i hope you enjoy it and

26

00:01:36,630 --> 00:01:33,759

uh

27

00:01:38,870 --> 00:01:36,640

know i

28

00:01:40,950 --> 00:01:38,880

i have so many emails since this came

29

00:01:42,230 --> 00:01:40,960

out and a lot of emails to return i will

30

00:01:44,870 --> 00:01:42,240

get to that

31

00:01:46,630 --> 00:01:44,880

i will try to answer every email

32

00:01:48,389 --> 00:01:46,640

um i thought the hearing was really

33

00:01:49,590 --> 00:01:48,399

interesting first of all i do just a

34

00:01:52,230 --> 00:01:49,600

couple of things i have to get out of

35

00:01:54,710 --> 00:01:52,240

the way uh this week's blog is a ufo

36

00:01:56,789 --> 00:01:54,720

captured by children in japan that's by

37

00:01:58,310 --> 00:01:56,799

charles lear again his book is coming

38

00:02:00,310 --> 00:01:58,320

out in a couple weeks he'll be on the

39

00:02:02,630 --> 00:02:00,320

show he's been blogging for us

40

00:02:04,630 --> 00:02:02,640

for i think about three years um he may

41

00:02:06,550 --> 00:02:04,640

correct me maybe longer than that but

42

00:02:08,469 --> 00:02:06,560

it's always a a pleasure to get his

43

00:02:11,430 --> 00:02:08,479

blogs he's very well researched and his

44

00:02:12,390 --> 00:02:11,440

book should be just great so um

45

00:02:15,350 --> 00:02:12,400

today

46

00:02:17,430 --> 00:02:15,360

at 9 00 a.m eastern

47

00:02:19,510 --> 00:02:17,440

um there was a whole bunch of people

48

00:02:21,030 --> 00:02:19,520

watching that i was getting texts from

49

00:02:22,390 --> 00:02:21,040

people and all that it was really

50

00:02:25,510 --> 00:02:22,400

exciting i mean

51
00:02:28,390 --> 00:02:25,520
i had one uh really uh close person to

52
00:02:29,350 --> 00:02:28,400
me uh text me and says said that it felt

53
00:02:32,550 --> 00:02:29,360
like

54
00:02:35,110 --> 00:02:32,560
the moon landing you know in 1969 it was

55
00:02:37,670 --> 00:02:35,120
that uh impactful um you know it was an

56
00:02:39,350 --> 00:02:37,680
hour and a half like i said um there was

57
00:02:41,990 --> 00:02:39,360
a lot of things packed in it but keep in

58
00:02:43,670 --> 00:02:42,000
mind uh for those of you out there who

59
00:02:46,229 --> 00:02:43,680
are saying well there was really nothing

60
00:02:48,150 --> 00:02:46,239
to it and all that um that this is just

61
00:02:49,910 --> 00:02:48,160
the beginning so i think it's very

62
00:02:51,750 --> 00:02:49,920
exciting and i think a lot of important

63
00:02:54,229 --> 00:02:51,760

things were talked about and for that

64

00:02:55,190 --> 00:02:54,239

i'm going to bring in our first guest

65

00:03:00,550 --> 00:02:55,200

um

66

00:03:02,550 --> 00:03:00,560

hey welcome how you doing thank you yeah

67

00:03:05,589 --> 00:03:02,560

you bet and uh thanks for the article

68

00:03:07,270 --> 00:03:05,599

you uh alerted everyone i mean i don't

69

00:03:09,509 --> 00:03:07,280

you know i'm sure the buzz would have

70

00:03:11,750 --> 00:03:09,519

gotten out there but uh

71

00:03:13,430 --> 00:03:11,760

but that article really helped and and

72

00:03:15,270 --> 00:03:13,440

and that's how i found out about it you

73

00:03:17,910 --> 00:03:15,280

know people were contacting me but

74

00:03:20,070 --> 00:03:17,920

anyway um so how did you did you just

75

00:03:22,630 --> 00:03:20,080

find out early and just jump on this

76

00:03:23,990 --> 00:03:22,640

thing and and because it wasn't too much

77

00:03:26,789 --> 00:03:24,000

notice about this

78

00:03:29,350 --> 00:03:26,799

well we had noticed leslie and i leslie

79

00:03:31,030 --> 00:03:29,360

kane uh we knew about it for some weeks

80

00:03:33,270 --> 00:03:31,040

we've been tracking this we were hoping

81

00:03:36,149 --> 00:03:33,280

it wouldn't leak

82

00:03:38,390 --> 00:03:36,159

it was all exclusive in the times

83

00:03:40,789 --> 00:03:38,400

and luckily it held we were very careful

84

00:03:43,110 --> 00:03:40,799

we didn't do a lot of

85

00:03:45,750 --> 00:03:43,120

you know noisy reporting around it

86

00:03:47,509 --> 00:03:45,760

beforehand but we did break the story we

87

00:03:49,270 --> 00:03:47,519

knew that this hearing was coming up we

88

00:03:51,670 --> 00:03:49,280

thought it was a big deal the times

89

00:03:55,030 --> 00:03:51,680

agreed i mean it's the first hearing in

90

00:03:56,710 --> 00:03:55,040

um 54 years uh when the world was really

91

00:03:57,750 --> 00:03:56,720

very different

92

00:03:59,589 --> 00:03:57,760

yes

93

00:04:01,190 --> 00:03:59,599

so um

94

00:04:02,949 --> 00:04:01,200

and you know it it's interesting you

95

00:04:04,869 --> 00:04:02,959

could you could complain that it didn't

96

00:04:07,030 --> 00:04:04,879

do this it didn't do that but

97

00:04:08,550 --> 00:04:07,040

let's focus on what it did do and we can

98

00:04:10,949 --> 00:04:08,560

talk about that but i thought it was

99

00:04:12,309 --> 00:04:10,959

quite interesting i did too and i'm

100

00:04:14,309 --> 00:04:12,319

going to start out i'm going to play i

101
00:04:16,310 --> 00:04:14,319
got a couple of clips and one is about

102
00:04:18,229 --> 00:04:16,320
one minute i'm gonna play this because

103
00:04:20,150 --> 00:04:18,239
this was uh um

104
00:04:22,069 --> 00:04:20,160
it was adam schiff and it was totally

105
00:04:23,590 --> 00:04:22,079
off the cuff and i liked some of the

106
00:04:25,430 --> 00:04:23,600
things he said and this is not about

107
00:04:27,670 --> 00:04:25,440
politics some people may like them may

108
00:04:29,030 --> 00:04:27,680
not like them this is about the topic

109
00:04:33,749 --> 00:04:29,040
and the way it's being looked at and

110
00:04:38,710 --> 00:04:36,469
i thank you gentlemen for your work and

111
00:04:39,749 --> 00:04:38,720
i'll be very interested to hear what you

112
00:04:41,670 --> 00:04:39,759
have to say

113
00:04:43,030 --> 00:04:41,680

to me among the most fascinating

114

00:04:45,670 --> 00:04:43,040

questions

115

00:04:47,590 --> 00:04:45,680

are these phenomena that we can

116

00:04:49,189 --> 00:04:47,600

measure that is

117

00:04:51,990 --> 00:04:49,199

instruments report there is something

118

00:04:54,310 --> 00:04:52,000

there it is not the human eye

119

00:04:56,070 --> 00:04:54,320

confusing objects in the sky

120

00:04:58,070 --> 00:04:56,080

there is something there measurable by

121

00:05:00,390 --> 00:04:58,080

multiple instruments and yet it seems to

122

00:05:02,870 --> 00:05:00,400

move in directions that are inconsistent

123

00:05:04,629 --> 00:05:02,880

with what we know of physics or science

124

00:05:07,670 --> 00:05:04,639

more broadly and

125

00:05:09,590 --> 00:05:07,680

uh that to me poses uh questions of of

126

00:05:11,990 --> 00:05:09,600

tremendous interest and

127

00:05:13,990 --> 00:05:12,000

as well as potential national security

128

00:05:15,430 --> 00:05:14,000

significance so we look forward to

129

00:05:16,870 --> 00:05:15,440

hearing what you're able to report to us

130

00:05:19,350 --> 00:05:16,880

today in open session and i want to

131

00:05:21,189 --> 00:05:19,360

thank chairman carson again for his

132

00:05:24,230 --> 00:05:21,199

extraordinary leadership on this issue

133

00:05:26,150 --> 00:05:24,240

and i yield back

134

00:05:27,909 --> 00:05:26,160

yeah so i thought that was a good sort

135

00:05:29,189 --> 00:05:27,919

of an opening it was right near the

136

00:05:30,710 --> 00:05:29,199

beginning

137

00:05:32,790 --> 00:05:30,720

and you know just the fact that

138

00:05:34,150 --> 00:05:32,800

everything he said there was true and

139

00:05:35,830 --> 00:05:34,160

we've been

140

00:05:38,710 --> 00:05:35,840

kind of talking that way for quite a

141

00:05:40,390 --> 00:05:38,720

while

142

00:05:42,950 --> 00:05:40,400

yeah i mean as you know martin the big

143

00:05:45,350 --> 00:05:42,960

issue here is how to destigmatize this

144

00:05:47,189 --> 00:05:45,360

phenomenon uh the last hearings when

145

00:05:49,990 --> 00:05:47,199

they were held 54 years ago was a very

146

00:05:52,629 --> 00:05:50,000

different climate um people lost their

147

00:05:55,110 --> 00:05:52,639

jobs uh for you know uh reporting a

148

00:05:57,350 --> 00:05:55,120

sighting uh people were ridiculed it

149

00:05:59,909 --> 00:05:57,360

still happens today but but less so the

150

00:06:01,830 --> 00:05:59,919

whole uh by putting it out front in a

151
00:06:04,230 --> 00:06:01,840
congressional hearing i think it went

152
00:06:06,230 --> 00:06:04,240
quite a ways in in taking the sting off

153
00:06:07,110 --> 00:06:06,240
the subject and showing that serious

154
00:06:09,430 --> 00:06:07,120
people

155
00:06:10,710 --> 00:06:09,440
can discuss it in a serious way without

156
00:06:12,150 --> 00:06:10,720
ridicule

157
00:06:14,070 --> 00:06:12,160
that's right and one of the things is

158
00:06:16,629 --> 00:06:14,080
that moultrie one of the um

159
00:06:19,350 --> 00:06:16,639
things you know i i want to talk and get

160
00:06:22,790 --> 00:06:19,360
a couple of the semi-negative things out

161
00:06:24,629 --> 00:06:22,800
of the way and and that is uh

162
00:06:27,029 --> 00:06:24,639
someone and i can't remember i had it

163
00:06:29,110 --> 00:06:27,039

written down in my notes but someone

164

00:06:31,990 --> 00:06:29,120

said right off the bat they said

165

00:06:33,430 --> 00:06:32,000

um is it true that you like science

166

00:06:35,270 --> 00:06:33,440

fiction

167

00:06:37,990 --> 00:06:35,280

and and so what was that about i mean

168

00:06:40,629 --> 00:06:38,000

did you did you well it's trying to try

169

00:06:42,950 --> 00:06:40,639

to minimize something is it i mean it it

170

00:06:46,629 --> 00:06:42,960

was a light moment i think uh in a way

171

00:06:48,870 --> 00:06:46,639

it humanized uh ronald moultrie uh show

172

00:06:50,870 --> 00:06:48,880

that under secretary of defense was

173

00:06:52,950 --> 00:06:50,880

interested in ufo conventions he didn't

174

00:06:54,710 --> 00:06:52,960

dress up he said yeah

175

00:06:57,270 --> 00:06:54,720

but or that much

176

00:06:59,909 --> 00:06:57,280

that much yeah um

177

00:07:01,670 --> 00:06:59,919

so i don't think it was nefarious as a

178

00:07:03,110 --> 00:07:01,680

way of you know taking him down i think

179

00:07:04,870 --> 00:07:03,120

it was a way of humanizing and look

180

00:07:07,270 --> 00:07:04,880

everybody knows that the issue has you

181

00:07:10,309 --> 00:07:07,280

know it's your humorous side

182

00:07:12,550 --> 00:07:10,319

yes yeah so you know okay i i like your

183

00:07:14,230 --> 00:07:12,560

take on that thank you uh but it's

184

00:07:16,230 --> 00:07:14,240

interesting and i would i want to play

185

00:07:17,510 --> 00:07:16,240

if it's all right i'll get this clip out

186

00:07:20,150 --> 00:07:17,520

of the way and be done with the clips

187

00:07:22,629 --> 00:07:20,160

because i think this is fascinating this

188

00:07:28,710 --> 00:07:22,639

is uh scott bray

189

00:07:32,150 --> 00:07:30,790

we also spent considerable efforts

190

00:07:34,070 --> 00:07:32,160

engaging directly with our naval

191

00:07:36,629 --> 00:07:34,080

aviators and building relationships to

192

00:07:38,550 --> 00:07:36,639

help destigmatize the act of reporting

193

00:07:40,309 --> 00:07:38,560

sightings or encounters

194

00:07:41,749 --> 00:07:40,319

and we work with naval aviation

195

00:07:44,550 --> 00:07:41,759

leadership to provide additional

196

00:07:46,710 --> 00:07:44,560

equipment to record any encounter navy

197

00:07:48,390 --> 00:07:46,720

and air force crews now have

198

00:07:51,510 --> 00:07:48,400

step-by-step procedures for reporting on

199

00:07:53,350 --> 00:07:51,520

the uap on their knee board uh in their

200

00:07:54,710 --> 00:07:53,360

in the cockpit and

201
00:07:57,430 --> 00:07:54,720
in their post

202
00:07:59,589 --> 00:07:57,440
flight debrief procedures

203
00:08:01,510 --> 00:07:59,599
direct result of those efforts has been

204
00:08:02,869 --> 00:08:01,520
increased reporting with increased

205
00:08:05,510 --> 00:08:02,879
opportunities to focus a number of

206
00:08:06,629 --> 00:08:05,520
sensors on any objects the message is

207
00:08:08,710 --> 00:08:06,639
now clear

208
00:08:09,510 --> 00:08:08,720
if you see something you need to report

209
00:08:11,270 --> 00:08:09,520
it

210
00:08:13,830 --> 00:08:11,280
and the message has been received in

211
00:08:15,670 --> 00:08:13,840
fact recently i received a call from a

212
00:08:17,189 --> 00:08:15,680
senior naval aviator with over 2000

213
00:08:18,629 --> 00:08:17,199

flight hours he called me personally

214

00:08:19,990 --> 00:08:18,639

from the flight line

215

00:08:21,749 --> 00:08:20,000

after landing

216

00:08:23,189 --> 00:08:21,759

to talk about

217

00:08:25,270 --> 00:08:23,199

an encounter that he had just

218

00:08:26,869 --> 00:08:25,280

experienced

219

00:08:28,309 --> 00:08:26,879

those were just the initial steps we

220

00:08:29,749 --> 00:08:28,319

also made a concerted effort to assemble

221

00:08:30,710 --> 00:08:29,759

subject matter experts from across the

222

00:08:32,389 --> 00:08:30,720

department of defense in the

223

00:08:34,070 --> 00:08:32,399

intelligence community and other us

224

00:08:35,430 --> 00:08:34,080

government agencies and departments we

225

00:08:37,190 --> 00:08:35,440

forged partnerships with the research

226
00:08:38,870 --> 00:08:37,200
development and acquisition communities

227
00:08:40,870 --> 00:08:38,880
with industry partners and with academic

228
00:08:43,029 --> 00:08:40,880
research labs and we've brought many

229
00:08:45,430 --> 00:08:43,039
allies and international partners into

230
00:08:47,350 --> 00:08:45,440
our discussions on uab

231
00:08:49,509 --> 00:08:47,360
additionally subject matter experts from

232
00:08:53,190 --> 00:08:49,519
a wide variety of fields including

233
00:08:54,389 --> 00:08:53,200
physics optics metallurgy meteorology

234
00:08:56,389 --> 00:08:54,399
just to name a few

235
00:08:58,230 --> 00:08:56,399
have been brought in to

236
00:09:00,230 --> 00:08:58,240
to expand our understanding in areas

237
00:09:01,509 --> 00:09:00,240
where we may not have organic

238
00:09:03,110 --> 00:09:01,519

expertise

239

00:09:04,870 --> 00:09:03,120

in short we've endeavored to bring an

240

00:09:06,389 --> 00:09:04,880

all hands on deck approach

241

00:09:10,070 --> 00:09:06,399

to the to better understand this

242

00:09:13,509 --> 00:09:10,080

phenomena so what have we learned so far

243

00:09:16,949 --> 00:09:13,519

any given observation may be fleeting

244

00:09:20,829 --> 00:09:16,959

or longer it may be recorded or not it

245

00:09:23,829 --> 00:09:20,839

may be observable by one or multiple

246

00:09:29,269 --> 00:09:23,839

assets in short there's rarely an easy

247

00:09:33,269 --> 00:09:31,750

and you know he went on to say that

248

00:09:35,350 --> 00:09:33,279

there's been

249

00:09:37,190 --> 00:09:35,360

over 400 reports

250

00:09:39,190 --> 00:09:37,200

um since

251
00:09:42,310 --> 00:09:39,200
it sounded like he was saying since they

252
00:09:43,670 --> 00:09:42,320
tried to destigmatize stigmatize the

253
00:09:45,750 --> 00:09:43,680
situation

254
00:09:48,070 --> 00:09:45,760
um i don't know if you caught that but

255
00:09:50,870 --> 00:09:48,080
it seems like there there's more comfort

256
00:09:53,030 --> 00:09:50,880
in reporting and i love the fact that

257
00:09:55,590 --> 00:09:53,040
this is going to be on their knee board

258
00:09:58,310 --> 00:09:55,600
you know specifics on what to do with a

259
00:09:59,829 --> 00:09:58,320
ufo encounter and in the briefing um

260
00:10:01,509 --> 00:09:59,839
that's all good that's all in the

261
00:10:05,430 --> 00:10:01,519
positive direction

262
00:10:07,030 --> 00:10:05,440
but um one thing uh i did catch there

263
00:10:08,470 --> 00:10:07,040

and i knew and you caught it because we

264

00:10:10,870 --> 00:10:08,480

talked off mike

265

00:10:14,230 --> 00:10:10,880

was uh one of the experts they're

266

00:10:17,110 --> 00:10:14,240

calling in is someone in metallurgy

267

00:10:19,590 --> 00:10:17,120

and what does that mean because they

268

00:10:22,310 --> 00:10:19,600

said uh that there's no uh there's

269

00:10:24,870 --> 00:10:22,320

nothing that can't be explained um in

270

00:10:26,470 --> 00:10:24,880

other words there's no crashed ufo i

271

00:10:27,829 --> 00:10:26,480

think they more or less said that in a

272

00:10:29,430 --> 00:10:27,839

matter of words

273

00:10:31,430 --> 00:10:29,440

so what do you think of that

274

00:10:32,710 --> 00:10:31,440

yeah he did say they don't have any

275

00:10:35,350 --> 00:10:32,720

debris

276

00:10:36,710 --> 00:10:35,360

they he i mean i don't know

277

00:10:39,990 --> 00:10:36,720

what uh

278

00:10:42,069 --> 00:10:40,000

little you know uh

279

00:10:44,630 --> 00:10:42,079

room he left you know for he doesn't

280

00:10:46,389 --> 00:10:44,640

have it maybe somebody else has it but i

281

00:10:48,150 --> 00:10:46,399

came away with the idea that he the

282

00:10:51,590 --> 00:10:48,160

government does not have according to

283

00:10:52,630 --> 00:10:51,600

him uh materials from a crashed ufo

284

00:10:54,790 --> 00:10:52,640

um

285

00:10:56,389 --> 00:10:54,800

but then what is the metallurgy

286

00:10:58,790 --> 00:10:56,399

part of it i mean who

287

00:11:00,550 --> 00:10:58,800

where what medals have been retrieved

288

00:11:02,150 --> 00:11:00,560

what metals are being looked at where

289

00:11:03,829 --> 00:11:02,160

where are they from

290

00:11:05,110 --> 00:11:03,839

i suppose you could

291

00:11:08,230 --> 00:11:05,120

theorize

292

00:11:09,990 --> 00:11:08,240

you know what kind of metallic substance

293

00:11:11,829 --> 00:11:10,000

one of these physical objects which they

294

00:11:14,069 --> 00:11:11,839

agreed were physical

295

00:11:17,910 --> 00:11:14,079

might might consist of but it was quite

296

00:11:19,750 --> 00:11:17,920

a curious um you know dissonance uh we

297

00:11:21,190 --> 00:11:19,760

don't have material but we're looking at

298

00:11:23,990 --> 00:11:21,200

the metallurgy

299

00:11:25,509 --> 00:11:24,000

so you know among the many mysteries of

300

00:11:27,190 --> 00:11:25,519

this subject

301

00:11:29,030 --> 00:11:27,200

right and there was another thing he

302

00:11:32,389 --> 00:11:29,040

said later on i'm not sure if you caught

303

00:11:33,829 --> 00:11:32,399

this either or if it means anything but

304

00:11:36,710 --> 00:11:33,839

he was saying

305

00:11:39,750 --> 00:11:36,720

what is to remain classified is if they

306

00:11:41,670 --> 00:11:39,760

find out anything about these

307

00:11:43,910 --> 00:11:41,680

uh these objects

308

00:11:45,990 --> 00:11:43,920

that they may not want their adversaries

309

00:11:48,630 --> 00:11:46,000

to know and that that you could kind of

310

00:11:50,949 --> 00:11:48,640

go off you know into a conspiracy a

311

00:11:53,269 --> 00:11:50,959

little bit and what is he saying like if

312

00:11:54,710 --> 00:11:53,279

they find out they're they're actually

313

00:11:56,790 --> 00:11:54,720

you know from another planet they're

314

00:11:57,990 --> 00:11:56,800

going to keep it from our adversaries

315

00:12:01,670 --> 00:11:58,000

which would mean that they would have to

316

00:12:03,350 --> 00:12:01,680

keep it from us as well right um i mean

317

00:12:06,310 --> 00:12:03,360

he invoked that at one point when they

318

00:12:08,230 --> 00:12:06,320

talked about underwater sightings yes uh

319

00:12:11,110 --> 00:12:08,240

so it would be very nice to know what

320

00:12:13,430 --> 00:12:11,120

came up at the classified hearing uh

321

00:12:15,269 --> 00:12:13,440

we're not supposed to know that but uh

322

00:12:16,790 --> 00:12:15,279

you know how much of that really can and

323

00:12:18,790 --> 00:12:16,800

should be kept away from them from the

324

00:12:22,069 --> 00:12:18,800

american people i suppose if it has a

325

00:12:24,550 --> 00:12:22,079

defense component security component uh

326

00:12:26,949 --> 00:12:24,560

you know it should remain uh classified

327

00:12:28,629 --> 00:12:26,959

but uh the whole history of this subject

328

00:12:29,829 --> 00:12:28,639

is that a lot of material that could

329

00:12:32,069 --> 00:12:29,839

have been shared with the american

330

00:12:33,750 --> 00:12:32,079

people uh wasn't uh for all kinds of

331

00:12:35,110 --> 00:12:33,760

reasons so

332

00:12:37,350 --> 00:12:35,120

but that was very intriguing the

333

00:12:40,310 --> 00:12:37,360

underwater thing he invoked the

334

00:12:41,750 --> 00:12:40,320

classified uh you know shield at that

335

00:12:43,430 --> 00:12:41,760

point

336

00:12:44,710 --> 00:12:43,440

do you think uh now we only have a

337

00:12:46,470 --> 00:12:44,720

couple minutes here because i know you

338

00:12:47,910 --> 00:12:46,480

have a hard 15 minutes you you're very

339

00:12:49,590 --> 00:12:47,920

busy a lot of you're in high demand

340

00:12:51,509 --> 00:12:49,600

right now so

341

00:12:53,829 --> 00:12:51,519

what was your biggest takeaway from this

342

00:12:56,150 --> 00:12:53,839

was it just that or or do you have

343

00:12:58,230 --> 00:12:56,160

something else no i mean scott bray said

344

00:13:00,310 --> 00:12:58,240

these objects uh he said it clearly

345

00:13:02,870 --> 00:13:00,320

again these objects are physical they

346

00:13:04,790 --> 00:13:02,880

are real and i can't emphasize that

347

00:13:07,110 --> 00:13:04,800

enough that came out in the uap task

348

00:13:08,870 --> 00:13:07,120

force reported last year after they went

349

00:13:09,670 --> 00:13:08,880

through all the other possibilities you

350

00:13:12,230 --> 00:13:09,680

know

351

00:13:15,509 --> 00:13:12,240

cloud formation natural phenomena uh

352

00:13:18,629 --> 00:13:15,519

reflections uh you know uh uh other uh

353

00:13:21,829 --> 00:13:18,639

aviation uh earthbound aviation and then

354

00:13:23,990 --> 00:13:21,839

there was the big other bucket um but

355

00:13:25,750 --> 00:13:24,000

they said in in you know in conjunction

356

00:13:28,790 --> 00:13:25,760

with that that these um

357

00:13:30,629 --> 00:13:28,800

objects uh many of them are real so

358

00:13:32,949 --> 00:13:30,639

we've come a long way since the last

359

00:13:35,590 --> 00:13:32,959

hearing martin uh you know 54 years ago

360

00:13:38,230 --> 00:13:35,600

when they said you know swamp gas and

361

00:13:39,990 --> 00:13:38,240

all these outlandish uh explanations so

362

00:13:41,269 --> 00:13:40,000

now we're coming around to the idea we

363

00:13:42,710 --> 00:13:41,279

don't know what they are we don't know

364

00:13:44,150 --> 00:13:42,720

where they're from we don't know how

365

00:13:47,350 --> 00:13:44,160

they can do what they can do but they're

366

00:13:48,790 --> 00:13:47,360

real now that to me is is quite a an

367

00:13:50,949 --> 00:13:48,800

admission

368

00:13:52,870 --> 00:13:50,959

it is and you know i mean someone asked

369

00:13:54,790 --> 00:13:52,880

me what i've what's the number one thing

370

00:13:58,230 --> 00:13:54,800

i've learned while doing the show for

371

00:14:00,389 --> 00:13:58,240

over 10 years and that was my answer

372

00:14:03,350 --> 00:14:00,399

that they're real i'm not saying what

373

00:14:06,150 --> 00:14:03,360

they are and um i believe somewhere in

374

00:14:08,310 --> 00:14:06,160

the talk this morning uh in the hearing

375

00:14:10,550 --> 00:14:08,320

you know someone was talking about the

376

00:14:12,870 --> 00:14:10,560

very strong possibility that

377

00:14:16,150 --> 00:14:12,880

some of these could be extraterrestrial

378

00:14:18,870 --> 00:14:16,160

it's a possibility and that uh

379

00:14:21,110 --> 00:14:18,880

there's a lot of research on that that

380

00:14:22,550 --> 00:14:21,120

possibility of it which uh

381

00:14:23,910 --> 00:14:22,560

i thought was pretty good and clearly

382

00:14:25,829 --> 00:14:23,920

though what came out of the hearing that

383

00:14:28,470 --> 00:14:25,839

these things are able to do

384

00:14:30,069 --> 00:14:28,480

uh you know aerodynamically what we

385

00:14:33,269 --> 00:14:30,079

can't duplicate what our earthly

386

00:14:35,110 --> 00:14:33,279

adversaries can't duplicate uh again he

387

00:14:37,829 --> 00:14:35,120

you know through cold water on the idea

388

00:14:39,910 --> 00:14:37,839

that uh they could be russian or chinese

389

00:14:41,350 --> 00:14:39,920

which is trotted out periodically he

390

00:14:43,430 --> 00:14:41,360

said the chinese are doing their own

391

00:14:44,870 --> 00:14:43,440

research they have their own uap task

392

00:14:47,829 --> 00:14:44,880

force equivalent

393

00:14:49,269 --> 00:14:47,839

um so that's interesting um so they're

394

00:14:51,910 --> 00:14:49,279

they're looking into the same things we

395

00:14:53,750 --> 00:14:51,920

are so um it is interesting when you go

396

00:14:55,910 --> 00:14:53,760

back you know line by line over the

397

00:14:58,470 --> 00:14:55,920

testimony there were quite some uh

398

00:15:00,870 --> 00:14:58,480

insights here that's right all right

399

00:15:02,870 --> 00:15:00,880

well thank you so much ralph i really

400

00:15:04,389 --> 00:15:02,880

appreciate it always nice to talk to you

401
00:15:06,550 --> 00:15:04,399
likewise and and you know what i'm going

402
00:15:08,069 --> 00:15:06,560
to run this thing about your book right

403
00:15:10,069 --> 00:15:08,079
now here it goes

404
00:15:12,470 --> 00:15:10,079
the believer is the chilling true story

405
00:15:14,790 --> 00:15:12,480
of dr john mack a renowned harvard

406
00:15:17,350 --> 00:15:14,800
psychiatrist and pulitzer prize winner

407
00:15:20,069 --> 00:15:17,360
this is a outreach program from the

408
00:15:22,470 --> 00:15:20,079
cosmos to the consciously impaired he

409
00:15:25,430 --> 00:15:22,480
risked it all to investigate human

410
00:15:28,069 --> 00:15:25,440
encounters with aliens the believer

411
00:15:30,310 --> 00:15:28,079
alien encounters hard science and the

412
00:15:32,230 --> 00:15:30,320
passion of john mack written by

413
00:15:34,470 --> 00:15:32,240

award-winning former new york times

414

00:15:36,550 --> 00:15:34,480

journalist and author ralph blumenthal

415

00:15:39,269 --> 00:15:36,560

now available in paperback from high

416

00:15:41,509 --> 00:15:39,279

road books

417

00:15:43,430 --> 00:15:41,519

all right wow and that is that because

418

00:15:45,509 --> 00:15:43,440

link below sean

419

00:15:47,269 --> 00:15:45,519

how are you well martin i'm really glad

420

00:15:49,910 --> 00:15:47,279

that you uh you agreed to be on this

421

00:15:52,230 --> 00:15:49,920

show and it was funny when you were uh

422

00:15:54,389 --> 00:15:52,240

visiting with uh louis elizondo you two

423

00:15:55,990 --> 00:15:54,399

are going to be on together and uh oh

424

00:15:57,910 --> 00:15:56,000

your flight you forgot to check your

425

00:15:59,350 --> 00:15:57,920

flight was leaving that day so yeah we

426

00:16:02,230 --> 00:15:59,360

got our dates wrong

427

00:16:04,310 --> 00:16:02,240

yeah yeah so how to finally be here yes

428

00:16:08,470 --> 00:16:04,320

i'm glad you are too and

429

00:16:10,069 --> 00:16:08,480

uh so what did before we go into well

430

00:16:11,910 --> 00:16:10,079

actually let's quickly say your

431

00:16:13,269 --> 00:16:11,920

background first of all and then i want

432

00:16:15,829 --> 00:16:13,279

to talk about what you thought about the

433

00:16:17,749 --> 00:16:15,839

hearing today but would you if you throw

434

00:16:19,189 --> 00:16:17,759

your background out there i think uh

435

00:16:21,030 --> 00:16:19,199

it's it's pretty interesting i know you

436

00:16:22,389 --> 00:16:21,040

were in a you were in a rock band at one

437

00:16:23,670 --> 00:16:22,399

time right weren't you

438

00:16:26,230 --> 00:16:23,680

i've been in a couple throughout the

439

00:16:28,710 --> 00:16:26,240

years nothing uh nothing notable just a

440

00:16:30,550 --> 00:16:28,720

hobby of mine but i spent uh 20 years in

441

00:16:32,230 --> 00:16:30,560

the united states navy most of that time

442

00:16:34,389 --> 00:16:32,240

as a master at arms and uh more than

443

00:16:36,629 --> 00:16:34,399

half of it as a chief master at arms

444

00:16:38,069 --> 00:16:36,639

in 2004 i was stationed on board the uss

445

00:16:40,550 --> 00:16:38,079

princeton when we encountered what's now

446

00:16:42,230 --> 00:16:40,560

infamously known as the tic tac uh over

447

00:16:43,829 --> 00:16:42,240

the course of that week i assisted kevin

448

00:16:45,590 --> 00:16:43,839

day and gary voorhees and some other

449

00:16:47,670 --> 00:16:45,600

people with ships movements and i was

450

00:16:50,230 --> 00:16:47,680

also on the bridge where i may or may

451
00:16:51,990 --> 00:16:50,240
have not witnessed five to seven

452
00:16:53,910 --> 00:16:52,000
anomalous lights in the sky that may

453
00:16:56,069 --> 00:16:53,920
have been associated with the tic tac

454
00:16:56,790 --> 00:16:56,079
we'll never know um

455
00:16:58,550 --> 00:16:56,800
but

456
00:16:59,990 --> 00:16:58,560
that's that's where i started with this

457
00:17:02,069 --> 00:17:00,000
and it was about

458
00:17:04,150 --> 00:17:02,079
nine or so years later when i met luis

459
00:17:05,829 --> 00:17:04,160
elizondo when i let him know that i was

460
00:17:07,590 --> 00:17:05,839
one of the folks that i was there and we

461
00:17:08,630 --> 00:17:07,600
struck up a friendship and i've been a

462
00:17:10,069 --> 00:17:08,640
uh

463
00:17:11,669 --> 00:17:10,079

i've been working on this subject with

464

00:17:13,909 --> 00:17:11,679

him ever since

465

00:17:15,590 --> 00:17:13,919

yeah and i've listened to another

466

00:17:17,429 --> 00:17:15,600

interview you were on and i want to talk

467

00:17:19,270 --> 00:17:17,439

to you about some of the things you said

468

00:17:22,549 --> 00:17:19,280

then but for right now

469

00:17:24,309 --> 00:17:22,559

uh what did did you uh stream the uh did

470

00:17:26,710 --> 00:17:24,319

you get to what you did and i know it

471

00:17:28,950 --> 00:17:26,720

was very early uh it was six o'clock in

472

00:17:30,950 --> 00:17:28,960

the morning your time so but anyway you

473

00:17:32,950 --> 00:17:30,960

can replay it i don't know uh so you got

474

00:17:34,950 --> 00:17:32,960

to watch it what were your what was your

475

00:17:36,390 --> 00:17:34,960

thoughts on that hearing

476

00:17:39,590 --> 00:17:36,400

you know overall if i were to give it a

477

00:17:41,990 --> 00:17:39,600

grade i'd give it a definite um a minus

478

00:17:43,909 --> 00:17:42,000

i think we really achieved something

479

00:17:47,430 --> 00:17:43,919

today i think that a lot of people

480

00:17:48,950 --> 00:17:47,440

should not let that pass them by

481

00:17:50,150 --> 00:17:48,960

now we could get into expectation

482

00:17:52,070 --> 00:17:50,160

management and we could get into the

483

00:17:53,909 --> 00:17:52,080

minutia of the pluses and minuses of it

484

00:17:56,230 --> 00:17:53,919

but overall today was a historic day we

485

00:17:59,190 --> 00:17:56,240

should be celebrating these first steps

486

00:18:02,710 --> 00:17:59,200

i i agree with you i agree with you i've

487

00:18:04,230 --> 00:18:02,720

had some email you know from

488

00:18:06,950 --> 00:18:04,240

people that listen to the show that were

489

00:18:08,710 --> 00:18:06,960

disappointed um and

490

00:18:10,310 --> 00:18:08,720

i remember speaking

491

00:18:12,710 --> 00:18:10,320

about this i believe i spoke about it

492

00:18:14,870 --> 00:18:12,720

last week saying basically you know look

493

00:18:19,430 --> 00:18:14,880

if you are expecting them to talk about

494

00:18:22,070 --> 00:18:19,440

aliens or crash ufo material um you know

495

00:18:24,150 --> 00:18:22,080

it's it is all about expectations

496

00:18:25,190 --> 00:18:24,160

you know what you're expecting to hear

497

00:18:27,270 --> 00:18:25,200

and what

498

00:18:29,350 --> 00:18:27,280

actually happens but i think i

499

00:18:30,390 --> 00:18:29,360

personally think it was a really big

500

00:18:33,029 --> 00:18:30,400

step

501
00:18:35,270 --> 00:18:33,039
and i think that um

502
00:18:37,669 --> 00:18:35,280
you know it's an exciting time

503
00:18:39,430 --> 00:18:37,679
to be looking at this topic i mean you

504
00:18:42,470 --> 00:18:39,440
know for the first uh

505
00:18:44,789 --> 00:18:42,480
many years it was still very interesting

506
00:18:47,430 --> 00:18:44,799
to me but the last few years it just

507
00:18:48,390 --> 00:18:47,440
it's like a a snowball rolling down the

508
00:18:49,990 --> 00:18:48,400
hill

509
00:18:52,470 --> 00:18:50,000
and uh you know we there's a lot of

510
00:18:55,270 --> 00:18:52,480
people to thank for that people who have

511
00:18:57,110 --> 00:18:55,280
um you know done a lot of work to make

512
00:18:59,350 --> 00:18:57,120
this happen

513
00:19:01,510 --> 00:18:59,360

you know we really can't thank enough of

514

00:19:03,270 --> 00:19:01,520

them um i recently put out an article

515

00:19:05,190 --> 00:19:03,280

thanking folks that that we worked with

516

00:19:07,830 --> 00:19:05,200

directly at skyford

517

00:19:08,950 --> 00:19:07,840

um and i was actually i was very

518

00:19:10,390 --> 00:19:08,960

surprised at the amount of

519

00:19:11,909 --> 00:19:10,400

correspondence i got from other people

520

00:19:13,750 --> 00:19:11,919

saying you didn't mention this person

521

00:19:15,830 --> 00:19:13,760

and all of these pioneers

522

00:19:17,750 --> 00:19:15,840

and i i would have been in front of my

523

00:19:20,549 --> 00:19:17,760

computer for a week listing all of the

524

00:19:22,870 --> 00:19:20,559

people that that wrote books and papers

525

00:19:25,029 --> 00:19:22,880

and and folks like john mack that we

526

00:19:27,350 --> 00:19:25,039

relied on for their for the long-term

527

00:19:29,029 --> 00:19:27,360

research value that they've provided

528

00:19:30,789 --> 00:19:29,039

um but

529

00:19:32,630 --> 00:19:30,799

it's a boundless amount of people that

530

00:19:34,789 --> 00:19:32,640

got us here today it wasn't just skyford

531

00:19:36,950 --> 00:19:34,799

it wasn't just lou elisondo and the

532

00:19:39,270 --> 00:19:36,960

handful of people that we may associate

533

00:19:42,230 --> 00:19:39,280

with um it was folks like yourself and

534

00:19:43,830 --> 00:19:42,240

mr blumenthal and leslie keane and many

535

00:19:45,990 --> 00:19:43,840

other people

536

00:19:48,470 --> 00:19:46,000

who took something from before and

537

00:19:50,789 --> 00:19:48,480

looked at it differently and elevated it

538

00:19:53,110 --> 00:19:50,799

um to a place that we had public

539

00:19:55,430 --> 00:19:53,120

hearings in congress today so

540

00:19:56,310 --> 00:19:55,440

it took all of us every single one of us

541

00:19:59,190 --> 00:19:56,320

i think

542

00:20:00,710 --> 00:19:59,200

that's right yeah and you know they

543

00:20:03,110 --> 00:20:00,720

there was one point

544

00:20:05,510 --> 00:20:03,120

that i just

545

00:20:09,270 --> 00:20:05,520

remembering right now where they talked

546

00:20:11,750 --> 00:20:09,280

about the disinformation aspect of this

547

00:20:15,190 --> 00:20:11,760

and how you know they have to be

548

00:20:17,909 --> 00:20:15,200

um really wary of that and that's why

549

00:20:20,310 --> 00:20:17,919

i'm hoping that they have

550

00:20:22,390 --> 00:20:20,320

it it seems to me well this is just my

551
00:20:25,590 --> 00:20:22,400
opinion and this is just off the cuff

552
00:20:27,909 --> 00:20:25,600
but it seems to me like if someone just

553
00:20:29,909 --> 00:20:27,919
dives into this thing like they've never

554
00:20:30,950 --> 00:20:29,919
really followed it closely and they just

555
00:20:33,430 --> 00:20:30,960
dive in

556
00:20:34,549 --> 00:20:33,440
um and i i know someone in particular

557
00:20:36,070 --> 00:20:34,559
that i can

558
00:20:38,789 --> 00:20:36,080
tell you right now

559
00:20:41,110 --> 00:20:38,799
that's very highly thought of that it's

560
00:20:42,950 --> 00:20:41,120
done a lot of things and

561
00:20:45,669 --> 00:20:42,960
been on tv programs and stuff like that

562
00:20:48,470 --> 00:20:45,679
and is doing a wonderful job but when he

563
00:20:50,870 --> 00:20:48,480

first dove into this thing um he was

564

00:20:53,750 --> 00:20:50,880

going to make a big mistake and luckily

565

00:20:55,830 --> 00:20:53,760

uh i stopped i stopped the situation

566

00:20:57,029 --> 00:20:55,840

just by conversation on the phone and

567

00:20:58,630 --> 00:20:57,039

and after i looked at what he was

568

00:21:00,230 --> 00:20:58,640

talking about and all that type of thing

569

00:21:03,350 --> 00:21:00,240

so this is what i'm talking about that

570

00:21:06,310 --> 00:21:03,360

can happen if someone is in this this

571

00:21:08,470 --> 00:21:06,320

task force if they don't have like and

572

00:21:09,750 --> 00:21:08,480

say a person that really knows this

573

00:21:11,590 --> 00:21:09,760

subject

574

00:21:13,830 --> 00:21:11,600

they can make a lot of mistakes and they

575

00:21:16,470 --> 00:21:13,840

can follow a lot of leads that are going

576
00:21:17,590 --> 00:21:16,480
to go nowhere and make fools of

577
00:21:19,430 --> 00:21:17,600
themselves

578
00:21:21,830 --> 00:21:19,440
you know there's uh there's plenty of

579
00:21:24,149 --> 00:21:21,840
opportunity to do that

580
00:21:25,830 --> 00:21:24,159
i have to say that that i feel like

581
00:21:26,950 --> 00:21:25,840
that is one thing that the task force

582
00:21:29,029 --> 00:21:26,960
got right

583
00:21:31,830 --> 00:21:29,039
um while while i would agree with a lot

584
00:21:34,230 --> 00:21:31,840
of people without being condescending

585
00:21:35,990 --> 00:21:34,240
that the task force needs some help in

586
00:21:37,830 --> 00:21:36,000
in education surrounding the greater

587
00:21:40,149 --> 00:21:37,840
zeitgeist of the subject

588
00:21:42,470 --> 00:21:40,159

at the same time i'm very happy that

589

00:21:45,029 --> 00:21:42,480

they didn't go down any rabbit holes

590

00:21:48,549 --> 00:21:45,039

um of of

591

00:21:50,230 --> 00:21:48,559

a fictionalized misinfo disinfo things

592

00:21:52,230 --> 00:21:50,240

that that are just

593

00:21:53,750 --> 00:21:52,240

that get confusing they started at the

594

00:21:56,390 --> 00:21:53,760

ground level and i know a lot of people

595

00:21:58,470 --> 00:21:56,400

wanted more impactful disclosure type

596

00:22:00,390 --> 00:21:58,480

questions being asked today

597

00:22:02,630 --> 00:22:00,400

but i'm very glad that they brought

598

00:22:04,390 --> 00:22:02,640

dignity to the subject because we're

599

00:22:06,230 --> 00:22:04,400

we're almost starting at square one in a

600

00:22:07,830 --> 00:22:06,240

lot of ways because we're just not sure

601
00:22:09,510 --> 00:22:07,840
what came before

602
00:22:12,630 --> 00:22:09,520
this moment

603
00:22:14,149 --> 00:22:12,640
was was worthwhile and what wasn't

604
00:22:16,149 --> 00:22:14,159
yeah and one one thing i have to say

605
00:22:17,590 --> 00:22:16,159
about one of the

606
00:22:20,789 --> 00:22:17,600
um

607
00:22:22,710 --> 00:22:20,799
representatives his name was gallagher

608
00:22:25,270 --> 00:22:22,720
he asked some very

609
00:22:27,350 --> 00:22:25,280
really good questions about the nukes

610
00:22:29,350 --> 00:22:27,360
and the disabling of the nukes and he

611
00:22:31,990 --> 00:22:29,360
was rather surprised that

612
00:22:34,149 --> 00:22:32,000
no one seemed to know about that and you

613
00:22:35,669 --> 00:22:34,159

know that was at and you know through

614

00:22:37,909 --> 00:22:35,679

the air force and there should be all

615

00:22:39,510 --> 00:22:37,919

types of documentation for that

616

00:22:41,990 --> 00:22:39,520

um and so i thought that was really

617

00:22:44,630 --> 00:22:42,000

really good that he did that and maybe

618

00:22:46,470 --> 00:22:44,640

they will look into it but i have to say

619

00:22:47,830 --> 00:22:46,480

and i'm probably going to get some mail

620

00:22:51,029 --> 00:22:47,840

for saying this

621

00:22:52,830 --> 00:22:51,039

uh he went into the wilson document now

622

00:22:54,390 --> 00:22:52,840

the wilson document

623

00:22:56,470 --> 00:22:54,400

is

624

00:22:57,750 --> 00:22:56,480

we don't know if it's that whole thing

625

00:22:59,750 --> 00:22:57,760

if there's really

626

00:23:01,830 --> 00:22:59,760

if it's really that credible there

627

00:23:03,350 --> 00:23:01,840

there's some issues with it and then he

628

00:23:05,590 --> 00:23:03,360

entered it

629

00:23:08,630 --> 00:23:05,600

you know and i'm thinking the whole time

630

00:23:09,909 --> 00:23:08,640

i'm cringing thinking oh he was doing so

631

00:23:12,149 --> 00:23:09,919

well

632

00:23:14,230 --> 00:23:12,159

and then and then he went there and that

633

00:23:16,230 --> 00:23:14,240

could that could potentially muddy the

634

00:23:18,950 --> 00:23:16,240

water so to speak and that could could

635

00:23:21,350 --> 00:23:18,960

be a problem in my opinion

636

00:23:22,870 --> 00:23:21,360

so if the task force is if the task

637

00:23:24,789 --> 00:23:22,880

force

638

00:23:26,630 --> 00:23:24,799

as a generalized term meaning the you

639

00:23:28,870 --> 00:23:26,640

know what goes forward from here on out

640

00:23:30,549 --> 00:23:28,880

the the authoritative oversight that

641

00:23:32,149 --> 00:23:30,559

we're all hoping for

642

00:23:33,990 --> 00:23:32,159

if they do their homework right we're

643

00:23:35,990 --> 00:23:34,000

going to get the truth out of the wilson

644

00:23:38,230 --> 00:23:36,000

document so whether it's of dubious

645

00:23:39,990 --> 00:23:38,240

origin or or whether it's laced with

646

00:23:41,909 --> 00:23:40,000

urban myth and legend

647

00:23:44,630 --> 00:23:41,919

that's something that's now in the task

648

00:23:46,310 --> 00:23:44,640

force's hands now

649

00:23:47,909 --> 00:23:46,320

i don't want to spend too much time

650

00:23:49,430 --> 00:23:47,919

going why had they never heard of the

651
00:23:51,750 --> 00:23:49,440
wilson document

652
00:23:53,029 --> 00:23:51,760
um it should have been something that

653
00:23:54,710 --> 00:23:53,039
one way or the other they would have

654
00:23:56,870 --> 00:23:54,720
been socialized to

655
00:23:58,390 --> 00:23:56,880
um there were some other things during

656
00:24:00,149 --> 00:23:58,400
the during the hearing that i found a

657
00:24:02,549 --> 00:24:00,159
little interesting um

658
00:24:03,590 --> 00:24:02,559
a lot was made of project blue book

659
00:24:07,590 --> 00:24:03,600
but

660
00:24:09,590 --> 00:24:07,600
it was almost completely unmentioned um

661
00:24:12,310 --> 00:24:09,600
they didn't mention project sign project

662
00:24:13,750 --> 00:24:12,320
grudge right condom report yes and so

663
00:24:15,510 --> 00:24:13,760

there's a lot of people watching this

664

00:24:17,269 --> 00:24:15,520

that are hearing the task force answer

665

00:24:19,830 --> 00:24:17,279

questions for example like what you

666

00:24:21,669 --> 00:24:19,840

mentioned earlier do you have

667

00:24:23,269 --> 00:24:21,679

crash material

668

00:24:25,110 --> 00:24:23,279

they said we do not have crashed

669

00:24:27,110 --> 00:24:25,120

material i wouldn't be surprised if the

670

00:24:28,070 --> 00:24:27,120

uap task force doesn't even have a water

671

00:24:30,310 --> 00:24:28,080

cooler

672

00:24:32,070 --> 00:24:30,320

um there's no offense to them but it's

673

00:24:34,950 --> 00:24:32,080

only a few people that are trying to

674

00:24:36,710 --> 00:24:34,960

reach out into a network of larger folks

675

00:24:40,070 --> 00:24:36,720

and gain information so

676
00:24:42,230 --> 00:24:40,080
they were woefully uneducated

677
00:24:43,510 --> 00:24:42,240
in a lot of what the key points might be

678
00:24:45,909 --> 00:24:43,520
and so i think that you're you're

679
00:24:50,710 --> 00:24:45,919
mentioning that they they're gonna need

680
00:24:52,310 --> 00:24:50,720
a phd level ufo expert um advising them

681
00:24:54,950 --> 00:24:52,320
and they're gonna need folks like lou

682
00:24:57,029 --> 00:24:54,960
elizondo or people like him or and and

683
00:24:58,950 --> 00:24:57,039
the pilots etc we all saw what was

684
00:25:01,269 --> 00:24:58,960
missing today so i think a lot of the

685
00:25:03,990 --> 00:25:01,279
american public especially centered in

686
00:25:05,029 --> 00:25:04,000
the ufo and science communities are

687
00:25:07,590 --> 00:25:05,039
know exactly what they're going to be

688
00:25:10,710 --> 00:25:07,600

looking for next time for sure

689

00:25:12,950 --> 00:25:10,720

does anyone i don't i haven't heard this

690

00:25:15,830 --> 00:25:12,960

in any type of way but does anyone know

691

00:25:18,070 --> 00:25:15,840

if this is going to be a regular type of

692

00:25:19,350 --> 00:25:18,080

i meant to ask ralph this

693

00:25:21,590 --> 00:25:19,360

you know if these hearings are going to

694

00:25:24,870 --> 00:25:21,600

be on a regular basis

695

00:25:26,549 --> 00:25:24,880

i i don't have a a solid um

696

00:25:28,549 --> 00:25:26,559

you know standard operating procedure or

697

00:25:30,870 --> 00:25:28,559

memo or anything to point to but but

698

00:25:32,549 --> 00:25:30,880

when we speak about it and i didn't i

699

00:25:35,269 --> 00:25:32,559

didn't have as much notice as mr

700

00:25:37,510 --> 00:25:35,279

blumenthal did certainly um but i knew

701
00:25:40,630 --> 00:25:37,520
about it a little bit ahead of time

702
00:25:42,549 --> 00:25:40,640
the the idea is that the classified

703
00:25:46,230 --> 00:25:42,559
briefings that occur

704
00:25:48,470 --> 00:25:46,240
should have unclassified public

705
00:25:50,950 --> 00:25:48,480
brethren that follow them

706
00:25:52,390 --> 00:25:50,960
and that that if if our congressional

707
00:25:54,549 --> 00:25:52,400
folks are getting briefings at this

708
00:25:55,909 --> 00:25:54,559
point moving forward on this then

709
00:25:57,909 --> 00:25:55,919
whatever they're briefed on should be

710
00:25:59,590 --> 00:25:57,919
sanitized and redacted down to the level

711
00:26:03,110 --> 00:25:59,600
where it can be publicized

712
00:26:05,750 --> 00:26:03,120
as quickly as possible so if we see

713
00:26:07,269 --> 00:26:05,760

consistently classified briefings behind

714

00:26:08,830 --> 00:26:07,279

closed doors

715

00:26:11,029 --> 00:26:08,840

that's going to get old pretty quick i

716

00:26:12,630 --> 00:26:11,039

think right

717

00:26:16,310 --> 00:26:12,640

and what did you think

718

00:26:17,430 --> 00:26:16,320

if you were listening uh when i said

719

00:26:19,029 --> 00:26:17,440

to ralph

720

00:26:20,070 --> 00:26:19,039

that if they

721

00:26:22,630 --> 00:26:20,080

are

722

00:26:24,789 --> 00:26:22,640

you know working to understand what

723

00:26:26,470 --> 00:26:24,799

these uap

724

00:26:27,750 --> 00:26:26,480

are that they want to make sure they're

725

00:26:30,149 --> 00:26:27,760

not going to share it with their

726

00:26:31,830 --> 00:26:30,159
adversaries which would mean

727

00:26:33,430 --> 00:26:31,840
obviously that they can't share it with

728

00:26:34,710 --> 00:26:33,440
the the public

729

00:26:36,549 --> 00:26:34,720
um

730

00:26:39,909 --> 00:26:36,559
am i taking that do you think i'm taking

731

00:26:41,190 --> 00:26:39,919
that in a wrong way or do you think

732

00:26:43,350 --> 00:26:41,200
does that mean that it could be

733

00:26:45,669 --> 00:26:43,360
something military is that what do you

734

00:26:47,430 --> 00:26:45,679
think they meant that type of thing

735

00:26:49,029 --> 00:26:47,440
well i think where a lot of people have

736

00:26:50,789 --> 00:26:49,039
a have a kind of

737

00:26:52,630 --> 00:26:50,799
a kind of bias that takes them one way

738

00:26:53,430 --> 00:26:52,640

or the other is when we get to what is

739

00:27:09,909 --> 00:26:53,440

it

740

00:27:11,110 --> 00:27:09,919

such

741

00:27:12,630 --> 00:27:11,120

um

742

00:27:14,710 --> 00:27:12,640

now i don't think what they were talking

743

00:27:16,470 --> 00:27:14,720

about because again we didn't talk about

744

00:27:18,710 --> 00:27:16,480

aliens today that wasn't on the table

745

00:27:20,630 --> 00:27:18,720

extraterrestrials and ideas like that

746

00:27:23,350 --> 00:27:20,640

those conclusions are very far down the

747

00:27:25,750 --> 00:27:23,360

road from we have an anomalous video and

748

00:27:27,909 --> 00:27:25,760

radar data and things like that

749

00:27:29,110 --> 00:27:27,919

however before people get too up in arms

750

00:27:30,870 --> 00:27:29,120

about that

751
00:27:33,110 --> 00:27:30,880
i think that what we're talking about

752
00:27:34,389 --> 00:27:33,120
here solely surrounds

753
00:27:36,389 --> 00:27:34,399
concepts

754
00:27:39,350 --> 00:27:36,399
technology and things surrounding

755
00:27:41,830 --> 00:27:39,360
national security in that

756
00:27:44,310 --> 00:27:41,840
if there is if there is an other

757
00:27:46,549 --> 00:27:44,320
that it that possesses advanced

758
00:27:47,750 --> 00:27:46,559
technology that might dominate a battle

759
00:27:50,070 --> 00:27:47,760
space

760
00:27:52,149 --> 00:27:50,080
if if the united states government had

761
00:27:54,389 --> 00:27:52,159
information that pointed towards that as

762
00:27:56,549 --> 00:27:54,399
an outside influence i can see where

763
00:27:58,549 --> 00:27:56,559

they would want to keep that from our

764

00:28:00,630 --> 00:27:58,559

earthly adversaries

765

00:28:03,750 --> 00:28:00,640

because they're that you can easily make

766

00:28:05,990 --> 00:28:03,760

the jump to your adversary might contact

767

00:28:08,389 --> 00:28:06,000

this thing gain the gain the upper hand

768

00:28:10,549 --> 00:28:08,399

on you etc so i think a lot of people

769

00:28:12,630 --> 00:28:10,559

don't understand this isn't just about

770

00:28:15,110 --> 00:28:12,640

figuring out what it is it's also about

771

00:28:17,029 --> 00:28:15,120

safeguarding ourselves from our earthly

772

00:28:19,750 --> 00:28:17,039

adversaries and the possibility of

773

00:28:21,669 --> 00:28:19,760

adversaries off planet or

774

00:28:23,029 --> 00:28:21,679

more esoteric if that's what it turns

775

00:28:24,950 --> 00:28:23,039

out to be

776

00:28:27,750 --> 00:28:24,960

and because it hasn't identified itself

777

00:28:28,950 --> 00:28:27,760

and the government has a role in that

778

00:28:30,630 --> 00:28:28,960

and that and part of that role is

779

00:28:32,950 --> 00:28:30,640

managing intelligence managing

780

00:28:34,950 --> 00:28:32,960

capabilities to ensure that an adversary

781

00:28:36,950 --> 00:28:34,960

doesn't leak past

782

00:28:39,190 --> 00:28:36,960

you know the the one thing

783

00:28:41,029 --> 00:28:39,200

that i i think about that is

784

00:28:42,789 --> 00:28:41,039

you know if there was all of a sudden

785

00:28:44,950 --> 00:28:42,799

there was knowledge that

786

00:28:46,149 --> 00:28:44,960

yes this is definitely an intelligence

787

00:28:48,630 --> 00:28:46,159

from

788

00:28:51,590 --> 00:28:48,640

you know an extraterrestrial uh

789

00:28:53,510 --> 00:28:51,600

intelligence uh we have figured this out

790

00:28:55,990 --> 00:28:53,520

um

791

00:28:59,269 --> 00:28:56,000

i'm not really sure

792

00:29:00,870 --> 00:28:59,279

um i i see where you're going but i also

793

00:29:02,710 --> 00:29:00,880

wonder

794

00:29:05,750 --> 00:29:02,720

what they would be

795

00:29:08,789 --> 00:29:05,760

giving up if they admitted that if they

796

00:29:10,950 --> 00:29:08,799

knew it you know would they yeah i mean

797

00:29:13,909 --> 00:29:10,960

so it's a very sticky situation because

798

00:29:16,470 --> 00:29:13,919

we we we're very much in the dark here

799

00:29:18,470 --> 00:29:16,480

um the implications and conclusions are

800

00:29:20,230 --> 00:29:18,480

astounding i think that our leadership

801
00:29:22,630 --> 00:29:20,240
if those implications and conclusions

802
00:29:24,789 --> 00:29:22,640
exist even in the most general form i

803
00:29:25,669 --> 00:29:24,799
think they're probably very frightened

804
00:29:27,830 --> 00:29:25,679
um

805
00:29:29,110 --> 00:29:27,840
you know a lot of people will blow off

806
00:29:31,750 --> 00:29:29,120
to me when i talk to them about the

807
00:29:32,870 --> 00:29:31,760
sociological and cultural impacts of

808
00:29:35,190 --> 00:29:32,880
these things

809
00:29:36,870 --> 00:29:35,200
but a lot of the people i talk to about

810
00:29:38,470 --> 00:29:36,880
this subject aren't playing chess with

811
00:29:39,909 --> 00:29:38,480
the subject they're playing checkers and

812
00:29:41,590 --> 00:29:39,919
they're just they're just thinking about

813
00:29:43,510 --> 00:29:41,600

their visceral wants and needs and the

814

00:29:45,190 --> 00:29:43,520

needs of the public and they're not

815

00:29:46,310 --> 00:29:45,200

thinking about the cascading effects

816

00:29:48,310 --> 00:29:46,320

that these are going to have throughout

817

00:29:50,870 --> 00:29:48,320

our society once they're known

818

00:29:52,950 --> 00:29:50,880

i don't again i'm not i'm not a secret

819

00:29:55,830 --> 00:29:52,960

keeper i want to know and when i know

820

00:29:57,590 --> 00:29:55,840

i'm gonna say but um

821

00:29:59,750 --> 00:29:57,600

but i can see where people would be

822

00:30:01,029 --> 00:29:59,760

reticent to to to make those decisions

823

00:30:02,389 --> 00:30:01,039

and i can see that this is gonna be a

824

00:30:04,389 --> 00:30:02,399

hard fight

825

00:30:06,630 --> 00:30:04,399

i've said a number of times on the show

826

00:30:10,149 --> 00:30:06,640

and you just have no never heard me say

827

00:30:11,269 --> 00:30:10,159

it um but um i've often

828

00:30:12,950 --> 00:30:11,279

thought and

829

00:30:15,830 --> 00:30:12,960

and said that

830

00:30:18,549 --> 00:30:15,840

i don't think that our government really

831

00:30:21,190 --> 00:30:18,559

knows that much more about

832

00:30:22,389 --> 00:30:21,200

what they are than

833

00:30:25,029 --> 00:30:22,399

anyone

834

00:30:28,149 --> 00:30:25,039

you know and um if they did they would

835

00:30:29,669 --> 00:30:28,159

have an awful lot of explaining to do if

836

00:30:31,350 --> 00:30:29,679

they've known about it for a long time

837

00:30:33,110 --> 00:30:31,360

and have you know said it's really

838

00:30:33,909 --> 00:30:33,120

nothing nothing going on here type of

839

00:30:36,310 --> 00:30:33,919

thing

840

00:30:38,310 --> 00:30:36,320

but i really believe that they probably

841

00:30:39,350 --> 00:30:38,320

don't know that much about it you know

842

00:30:41,830 --> 00:30:39,360

but

843

00:30:44,950 --> 00:30:41,840

i do believe that there is some really

844

00:30:48,070 --> 00:30:44,960

good evidence out there uh there's been

845

00:30:51,350 --> 00:30:48,080

a number of reports over the years of

846

00:30:53,110 --> 00:30:51,360

film that was taken by the government um

847

00:30:56,310 --> 00:30:53,120

and the situation we've been talking

848

00:30:58,630 --> 00:30:56,320

about um gary voorhees talks about the

849

00:31:00,070 --> 00:30:58,640

data bricks being you know absconded

850

00:31:02,950 --> 00:31:00,080

right off of

851
00:31:04,710 --> 00:31:02,960
nimitz uh you know so they they have to

852
00:31:06,230 --> 00:31:04,720
know more

853
00:31:09,830 --> 00:31:06,240
but it doesn't necessarily mean that

854
00:31:14,950 --> 00:31:12,149
i i i completely agree with you and that

855
00:31:16,549 --> 00:31:14,960
flabbergasts a lot of people um

856
00:31:18,549 --> 00:31:16,559
but i think what we saw today with the

857
00:31:19,509 --> 00:31:18,559
with the hearing shows us that there is

858
00:31:23,190 --> 00:31:19,519
not

859
00:31:24,789 --> 00:31:23,200
congress to go to to find out what has

860
00:31:27,669 --> 00:31:24,799
been done in the subject you have to go

861
00:31:29,509 --> 00:31:27,679
to ufology you have to go outside of of

862
00:31:31,509 --> 00:31:29,519
government and leadership to get a site

863
00:31:33,190 --> 00:31:31,519

picture of what's happening here and we

864

00:31:34,950 --> 00:31:33,200
even saw a task force that was

865

00:31:36,870 --> 00:31:34,960
specifically tasked with gaining as much

866

00:31:38,789 --> 00:31:36,880
information as they could in a very pro

867

00:31:40,950 --> 00:31:38,799
protracted period of time

868

00:31:43,669 --> 00:31:40,960
but they were woefully uneducated about

869

00:31:47,029 --> 00:31:43,679
what's gone on before about who their

870

00:31:48,789 --> 00:31:47,039
predecessors are and what kind of things

871

00:31:51,110 --> 00:31:48,799
have been worked on over the years and

872

00:31:53,350 --> 00:31:51,120
we have 75 years of

873

00:31:54,470 --> 00:31:53,360
at least observational reverse

874

00:31:57,269 --> 00:31:54,480
engineering

875

00:31:59,430 --> 00:31:57,279
of think of of considering ideas of

876

00:32:01,269 --> 00:31:59,440

seeing things and and

877

00:32:04,149 --> 00:32:01,279

talking about them at a certain level

878

00:32:06,789 --> 00:32:04,159

and these ideas do promulgate so none of

879

00:32:08,549 --> 00:32:06,799

these things are are absolute

880

00:32:10,710 --> 00:32:08,559

are absolutely a new subject to any of

881

00:32:12,470 --> 00:32:10,720

these folks but i think that there's the

882

00:32:14,710 --> 00:32:12,480

learning curve is going to be very steep

883

00:32:15,990 --> 00:32:14,720

going from here on out

884

00:32:17,430 --> 00:32:16,000

one of the things i believe they

885

00:32:20,389 --> 00:32:17,440

actually mentioned it today i've heard

886

00:32:22,549 --> 00:32:20,399

it before but they're not um

887

00:32:24,230 --> 00:32:22,559

they're not really going to and in the

888

00:32:25,909 --> 00:32:24,240

chat room i'll just have to say in the

889

00:32:27,990 --> 00:32:25,919

chat room i may not get to too many of

890

00:32:29,509 --> 00:32:28,000

your questions tonight i will try but if

891

00:32:31,590 --> 00:32:29,519

you'd like to send a question do please

892

00:32:33,029 --> 00:32:31,600

do put them in all caps and i'll try to

893

00:32:35,669 --> 00:32:33,039

get to them if i can

894

00:32:39,110 --> 00:32:35,679

um but you know

895

00:32:41,990 --> 00:32:39,120

they are not going to be looking back

896

00:32:44,789 --> 00:32:42,000

further really than the two thin 2000 or

897

00:32:46,789 --> 00:32:44,799

so and their answer for and it's really

898

00:32:48,710 --> 00:32:46,799

a shame because so much has happened

899

00:32:49,909 --> 00:32:48,720

over the years and decades

900

00:32:53,590 --> 00:32:49,919

um but

901
00:32:54,870 --> 00:32:53,600
their their reasoning is that the data

902
00:32:57,190 --> 00:32:54,880
collection

903
00:32:58,549 --> 00:32:57,200
is not near

904
00:32:59,669 --> 00:32:58,559
good enough to understand what these

905
00:33:01,750 --> 00:32:59,679
things are

906
00:33:06,549 --> 00:33:01,760
uh well that's what they've said

907
00:33:08,470 --> 00:33:06,559
right yeah but if i may yes

908
00:33:09,750 --> 00:33:08,480
let's raise the bs flag a little bit

909
00:33:11,669 --> 00:33:09,760
here because i don't want people to

910
00:33:13,830 --> 00:33:11,679
think that i'm an apologist for for what

911
00:33:15,509 --> 00:33:13,840
we saw today okay i think that what we

912
00:33:17,190 --> 00:33:15,519
saw was folks doing the best that they

913
00:33:18,870 --> 00:33:17,200

could with the time they were possibly

914

00:33:19,830 --> 00:33:18,880

given

915

00:33:21,750 --> 00:33:19,840

but

916

00:33:24,710 --> 00:33:21,760

representative timbershett immediately

917

00:33:27,269 --> 00:33:24,720

following and i i've seen this via an

918

00:33:29,509 --> 00:33:27,279

nbc clip from gaddy schwartz

919

00:33:30,310 --> 00:33:29,519

but he came right out and said come on

920

00:33:34,149 --> 00:33:30,320

we've

921

00:33:35,990 --> 00:33:34,159

the pilots have seen better

922

00:33:37,350 --> 00:33:36,000

we have better we need the pilots up

923

00:33:39,830 --> 00:33:37,360

here and we need to be showing the

924

00:33:41,990 --> 00:33:39,840

people you know the the more compelling

925

00:33:44,870 --> 00:33:42,000

evidence and i have to completely agree

926

00:33:46,950 --> 00:33:44,880

with him and the idea that he would

927

00:33:48,789 --> 00:33:46,960

kind of do a 180 on the status quo that

928

00:33:50,789 --> 00:33:48,799

we had seen go on before

929

00:33:52,310 --> 00:33:50,799

is very shocking to me but but i'm happy

930

00:33:53,830 --> 00:33:52,320

about it because it means that there are

931

00:33:56,149 --> 00:33:53,840

mavericks willing to push this forward

932

00:33:59,190 --> 00:33:56,159

and not let it go away

933

00:34:01,830 --> 00:33:59,200

yes um i saw and i wish i

934

00:34:04,630 --> 00:34:01,840

i wish i could bring it up uh quickly

935

00:34:08,389 --> 00:34:04,640

but i saw um someone on an someone sent

936

00:34:10,629 --> 00:34:08,399

me a news clip that was great and this

937

00:34:13,909 --> 00:34:10,639

um and i can't remember if it was a

938

00:34:15,510 --> 00:34:13,919

senator it was someone that was

939

00:34:18,149 --> 00:34:15,520

important enough to

940

00:34:20,310 --> 00:34:18,159

have his hands in on this topic maybe i

941

00:34:21,349 --> 00:34:20,320

don't think he was on the task force but

942

00:34:23,990 --> 00:34:21,359

possible

943

00:34:26,230 --> 00:34:24,000

he was and he was basically saying come

944

00:34:27,349 --> 00:34:26,240

on you know these things are come on

945

00:34:30,550 --> 00:34:27,359

everybody

946

00:34:32,790 --> 00:34:30,560

these these things are real and i i i

947

00:34:35,669 --> 00:34:32,800

wish i could find the clip easy enough i

948

00:34:37,510 --> 00:34:35,679

would probably put it up but uh he was

949

00:34:38,470 --> 00:34:37,520

like saying we really need to you know

950

00:34:39,430 --> 00:34:38,480

stop

951
00:34:41,030 --> 00:34:39,440
uh

952
00:34:44,389 --> 00:34:41,040
i believe he called it a cover-up it's

953
00:34:47,349 --> 00:34:44,399
been a cover-up now uh you can

954
00:34:48,869 --> 00:34:47,359
you can say it's a cover-up or again it

955
00:34:51,190 --> 00:34:48,879
might just go back to the fact that they

956
00:34:53,349 --> 00:34:51,200
have no idea what's going on

957
00:34:55,270 --> 00:34:53,359
i i think that again without being an

958
00:34:58,630 --> 00:34:55,280
apologist because there there have been

959
00:35:00,950 --> 00:34:58,640
cover-ups um lies of omission are part

960
00:35:03,109 --> 00:35:00,960
of cover-ups um

961
00:35:04,710 --> 00:35:03,119
some could even say that that the lack

962
00:35:06,630 --> 00:35:04,720
of understanding of the playing field

963
00:35:09,589 --> 00:35:06,640

today by some of the people could be

964

00:35:12,150 --> 00:35:09,599

perceived as a cover-up um

965

00:35:12,950 --> 00:35:12,160

but the compartmentalization

966

00:35:18,150 --> 00:35:12,960

and

967

00:35:20,550 --> 00:35:18,160

this subject is astounding um if we if

968

00:35:22,069 --> 00:35:20,560

we look at all of the different programs

969

00:35:23,910 --> 00:35:22,079

that proceeded from

970

00:35:27,109 --> 00:35:23,920

following world war ii from from blue

971

00:35:29,750 --> 00:35:27,119

book on you see that there is a constant

972

00:35:31,670 --> 00:35:29,760

eureka moment for for new generations

973

00:35:33,510 --> 00:35:31,680

and and every few years you get a group

974

00:35:35,190 --> 00:35:33,520

of people to go oh my god there's

975

00:35:37,510 --> 00:35:35,200

something here

976
00:35:39,349 --> 00:35:37,520
let's form a task force of some kind you

977
00:35:41,270 --> 00:35:39,359
know or a group or a project and put it

978
00:35:43,190 --> 00:35:41,280
together and research it

979
00:35:45,510 --> 00:35:43,200
and then at the end of it we get a very

980
00:35:47,109 --> 00:35:45,520
milk toast and whitewashed report and

981
00:35:48,550 --> 00:35:47,119
nothing to see here and it goes back

982
00:35:50,470 --> 00:35:48,560
into the black that happened over and

983
00:35:52,470 --> 00:35:50,480
over again for 75 years

984
00:35:55,190 --> 00:35:52,480
so the notion of a cover-up doesn't have

985
00:35:58,230 --> 00:35:55,200
to fall into the conspiracy realm

986
00:36:00,230 --> 00:35:58,240
um it can be a cover-up

987
00:36:01,630 --> 00:36:00,240
by default it could be a cover-up

988
00:36:03,430 --> 00:36:01,640

because of all the the the

989

00:36:04,710 --> 00:36:03,440

compartmentalization but the fact is is

990

00:36:07,589 --> 00:36:04,720

we're here

991

00:36:10,150 --> 00:36:07,599

the the oversight that we're seeing now

992

00:36:12,630 --> 00:36:10,160

cannot go away it it there there needs

993

00:36:15,910 --> 00:36:12,640

to be a decompartmentalization and a

994

00:36:18,790 --> 00:36:15,920

homogenization of this subject

995

00:36:20,870 --> 00:36:18,800

absolutely absolutely um

996

00:36:22,630 --> 00:36:20,880

well like i i asked

997

00:36:23,750 --> 00:36:22,640

ralph this question i'll ask you what

998

00:36:27,430 --> 00:36:23,760

was

999

00:36:29,990 --> 00:36:27,440

from you know the best thing you would

1000

00:36:32,470 --> 00:36:30,000

think that came out of today

1001

00:36:34,950 --> 00:36:32,480

well for me we got to

1002

00:36:36,950 --> 00:36:34,960

we got to really knock down a lot of the

1003

00:36:38,870 --> 00:36:36,960

low-hanging fruit that has been plaguing

1004

00:36:41,109 --> 00:36:38,880

us lately a tip is now a matter of

1005

00:36:44,230 --> 00:36:41,119

record without without question

1006

00:36:45,510 --> 00:36:44,240

um the wilson memo has been assumed into

1007

00:36:47,030 --> 00:36:45,520

the uh

1008

00:36:49,030 --> 00:36:47,040

into the machine so we'll finally get

1009

00:36:50,550 --> 00:36:49,040

the investigation that it deserves and

1010

00:36:52,310 --> 00:36:50,560

we'll finally start to

1011

00:36:54,310 --> 00:36:52,320

to understand that

1012

00:36:55,430 --> 00:36:54,320

um

1013

00:36:58,310 --> 00:36:55,440

i i think

1014

00:37:01,349 --> 00:36:58,320

we all saw obfuscation in place today

1015

00:37:04,069 --> 00:37:01,359

um i think congress is up for the task

1016

00:37:05,910 --> 00:37:04,079

but we we saw this

1017

00:37:08,500 --> 00:37:05,920

taken seriously and given dignity in a

1018

00:37:09,670 --> 00:37:08,510

way that it hasn't been before um

1019

00:37:11,750 --> 00:37:09,680

[Music]

1020

00:37:13,270 --> 00:37:11,760

those things are on record

1021

00:37:15,510 --> 00:37:13,280

we have the we have the follow-on

1022

00:37:17,190 --> 00:37:15,520

scheduling for the for these briefings

1023

00:37:18,630 --> 00:37:17,200

and there are unclass briefings coming

1024

00:37:20,710 --> 00:37:18,640

up again too and there's no reason why

1025

00:37:22,710 --> 00:37:20,720

we shouldn't get the the data out of

1026

00:37:24,310 --> 00:37:22,720

those unclass briefings

1027

00:37:27,349 --> 00:37:24,320

um

1028

00:37:29,589 --> 00:37:27,359

the question is is where is air force

1029

00:37:32,630 --> 00:37:29,599

um they should be taking a lead in this

1030

00:37:34,710 --> 00:37:32,640

today it was discussing this that

1031

00:37:38,150 --> 00:37:34,720

pardon me discussed again that navy has

1032

00:37:39,190 --> 00:37:38,160

lead on this where is air force in this

1033

00:37:40,069 --> 00:37:39,200

um

1034

00:37:42,790 --> 00:37:40,079

and

1035

00:37:45,270 --> 00:37:42,800

are we going to see

1036

00:37:46,150 --> 00:37:45,280

the military leadership now that's in

1037

00:37:48,630 --> 00:37:46,160

place

1038

00:37:50,310 --> 00:37:48,640

and bring in their pilots bring in their

1039

00:37:51,750 --> 00:37:50,320

their their field operators and the

1040

00:37:53,430 --> 00:37:51,760

other people that have seen these things

1041

00:37:56,790 --> 00:37:53,440

just

1042

00:37:58,710 --> 00:37:56,800

there's talk of a

1043

00:38:00,310 --> 00:37:58,720

of a uh

1044

00:38:02,550 --> 00:38:00,320

of a group of folks that were in saudi

1045

00:38:04,630 --> 00:38:02,560

arabia on combat missions

1046

00:38:06,790 --> 00:38:04,640

that were

1047

00:38:08,550 --> 00:38:06,800

specifically ordered

1048

00:38:10,470 --> 00:38:08,560

not to speak about the uap they

1049

00:38:11,670 --> 00:38:10,480

encountered while on these missions

1050

00:38:13,910 --> 00:38:11,680

um

1051
00:38:16,710 --> 00:38:13,920
that's a big question as to why those

1052
00:38:18,390 --> 00:38:16,720
folks can immediately be brought in

1053
00:38:20,790 --> 00:38:18,400
people like commander fravor if they're

1054
00:38:23,510 --> 00:38:20,800
willing to speak more um and the other

1055
00:38:25,910 --> 00:38:23,520
pilot should immediately be brought in

1056
00:38:27,670 --> 00:38:25,920
so we can if we're not going to go back

1057
00:38:29,109 --> 00:38:27,680
through 70 years worth of data and

1058
00:38:31,270 --> 00:38:29,119
figure out what that meant then let's

1059
00:38:33,349 --> 00:38:31,280
take the data that we have right now in

1060
00:38:35,270 --> 00:38:33,359
4k in some cases

1061
00:38:37,190 --> 00:38:35,280
and and let's let's figure out what that

1062
00:38:39,190 --> 00:38:37,200
data is

1063
00:38:42,230 --> 00:38:39,200

one of the things uh regarding you're

1064

00:38:44,150 --> 00:38:42,240

talking about the 70 years that they had

1065

00:38:47,670 --> 00:38:44,160

um and i wish that was brought up more

1066

00:38:49,750 --> 00:38:47,680

today and the reason why is because

1067

00:38:51,430 --> 00:38:49,760

there was a lot of question whether

1068

00:38:53,030 --> 00:38:51,440

these things could be

1069

00:38:55,510 --> 00:38:53,040

you know uh

1070

00:38:56,550 --> 00:38:55,520

say secret programs

1071

00:38:58,550 --> 00:38:56,560

or

1072

00:39:00,790 --> 00:38:58,560

possible adversaries

1073

00:39:01,990 --> 00:39:00,800

and but they never i want to say they

1074

00:39:04,710 --> 00:39:02,000

never

1075

00:39:07,510 --> 00:39:04,720

they don't talk about hey you know back

1076

00:39:08,950 --> 00:39:07,520

in 1960 this object was doing exactly

1077

00:39:10,710 --> 00:39:08,960

the same thing

1078

00:39:12,950 --> 00:39:10,720

uh so

1079

00:39:14,550 --> 00:39:12,960

how would you explain that to be you

1080

00:39:15,990 --> 00:39:14,560

know our adversaries are a secret

1081

00:39:17,510 --> 00:39:16,000

program i mean that

1082

00:39:20,310 --> 00:39:17,520

that would have been really nice if that

1083

00:39:21,990 --> 00:39:20,320

was part of the topic today because uh

1084

00:39:25,190 --> 00:39:22,000

because it discounts

1085

00:39:27,190 --> 00:39:25,200

so much if they do not bring that up i

1086

00:39:29,190 --> 00:39:27,200

mean you could relatively say about

1087

00:39:31,750 --> 00:39:29,200

anything that tic tac

1088

00:39:34,150 --> 00:39:31,760

could have been you know technology

1089

00:39:35,589 --> 00:39:34,160

and um one of the things i

1090

00:39:37,190 --> 00:39:35,599

i'm rambling a little bit here but one

1091

00:39:39,589 --> 00:39:37,200

of the things i i did

1092

00:39:41,349 --> 00:39:39,599

like i can't remember it was moultrie

1093

00:39:43,670 --> 00:39:41,359

perhaps said there is no

1094

00:39:46,150 --> 00:39:43,680

blue on blue in other words we're not

1095

00:39:48,390 --> 00:39:46,160

chasing our own tale we're not chasing

1096

00:39:50,069 --> 00:39:48,400

the technology of a secret program that

1097

00:39:52,550 --> 00:39:50,079

type of thing which i thought was

1098

00:39:54,950 --> 00:39:52,560

interesting to hear and good to hear

1099

00:39:55,829 --> 00:39:54,960

in general i i've never worried too much

1100

00:39:58,470 --> 00:39:55,839

about

1101
00:39:59,270 --> 00:39:58,480
us bumping into our own tech i came from

1102
00:40:07,430 --> 00:39:59,280
a

1103
00:40:09,430 --> 00:40:07,440
hook

1104
00:40:11,030 --> 00:40:09,440
and we experienced another one with our

1105
00:40:12,550 --> 00:40:11,040
with our training forces we had what

1106
00:40:14,870 --> 00:40:12,560
were called red cell

1107
00:40:17,349 --> 00:40:14,880
um we had um

1108
00:40:19,270 --> 00:40:17,359
special operations guys who would come

1109
00:40:21,510 --> 00:40:19,280
in and test the defenses of our own

1110
00:40:22,710 --> 00:40:21,520
assets and after a while people started

1111
00:40:25,349 --> 00:40:22,720
getting hurt

1112
00:40:27,190 --> 00:40:25,359
and we realized that that blue on blue

1113
00:40:30,230 --> 00:40:27,200

unannounced training

1114

00:40:32,470 --> 00:40:30,240

leads leads to to mishap and death and

1115

00:40:34,630 --> 00:40:32,480

and it wasn't worth it and so the us

1116

00:40:36,390 --> 00:40:34,640

navy completely stopped all blue on blue

1117

00:40:38,309 --> 00:40:36,400

unannounced training and for the

1118

00:40:40,069 --> 00:40:38,319

remainder of my career we would go to

1119

00:40:42,150 --> 00:40:40,079

great lengths to ensure that every

1120

00:40:44,230 --> 00:40:42,160

personnel with insider here every person

1121

00:40:46,710 --> 00:40:44,240

with insider hearing understood whether

1122

00:40:48,550 --> 00:40:46,720

or not we were engaged in a drill

1123

00:40:49,430 --> 00:40:48,560

or an actual event

1124

00:40:51,190 --> 00:40:49,440

um

1125

00:40:54,630 --> 00:40:51,200

so the idea that we would test this

1126
00:40:56,950 --> 00:40:54,640
technology out there amongst a nuclear

1127
00:40:58,870 --> 00:40:56,960
battle fleet that's prepping to go to

1128
00:41:01,670 --> 00:40:58,880
actual operations

1129
00:41:04,390 --> 00:41:01,680
i i think is beyond the realm of

1130
00:41:06,710 --> 00:41:04,400
ridiculousness because there's just too

1131
00:41:10,790 --> 00:41:06,720
many things that could go wrong

1132
00:41:13,829 --> 00:41:10,800
um during if there were a mishap so i i

1133
00:41:15,589 --> 00:41:13,839
don't see that as happening um

1134
00:41:17,910 --> 00:41:15,599
i think that's very i think that's

1135
00:41:20,470 --> 00:41:17,920
pardon me i think that's very important

1136
00:41:22,150 --> 00:41:20,480
very important for people to know

1137
00:41:25,990 --> 00:41:22,160
that this is

1138
00:41:28,069 --> 00:41:26,000

not it you know people like mick west

1139

00:41:31,109 --> 00:41:28,079

who um you know is

1140

00:41:33,589 --> 00:41:31,119

has come up with that type of thing uh

1141

00:41:35,030 --> 00:41:33,599

uh actually i take that back i'm not 100

1142

00:41:37,910 --> 00:41:35,040

sure if that's one of the

1143

00:41:39,430 --> 00:41:37,920

the ways that he went but uh

1144

00:41:42,230 --> 00:41:39,440

uh

1145

00:41:43,990 --> 00:41:42,240

but other people have talked about

1146

00:41:45,750 --> 00:41:44,000

the fact that they think it's and there

1147

00:41:48,069 --> 00:41:45,760

was uh someone that was saying it was a

1148

00:41:50,150 --> 00:41:48,079

hologram type of situation that was

1149

00:41:51,349 --> 00:41:50,160

being tested and all these type of

1150

00:41:53,430 --> 00:41:51,359

things but

1151

00:41:55,030 --> 00:41:53,440

uh it's really good to know that the

1152

00:41:57,109 --> 00:41:55,040

navy learned their lesson a long time

1153

00:41:58,950 --> 00:41:57,119

ago and this would not happen

1154

00:42:00,829 --> 00:41:58,960

and i i would assume that would be

1155

00:42:03,829 --> 00:42:00,839

across all branches of the

1156

00:42:05,829 --> 00:42:03,839

military it is that's that's correct we

1157

00:42:08,069 --> 00:42:05,839

we do not do um

1158

00:42:10,790 --> 00:42:08,079

unannounced uh

1159

00:42:13,510 --> 00:42:10,800

training exercises against armed locked

1160

00:42:15,190 --> 00:42:13,520

and loaded forces i i'm just i'm trying

1161

00:42:17,349 --> 00:42:15,200

to imagine the mishap that could have

1162

00:42:19,270 --> 00:42:17,359

happened with a five observables craft

1163

00:42:21,589 --> 00:42:19,280

and a nuclear aircraft carrier with a

1164

00:42:23,030 --> 00:42:21,599

fleet of aircraft and

1165

00:42:25,430 --> 00:42:23,040

guided missiles

1166

00:42:27,270 --> 00:42:25,440

in submarines and on and on ships i have

1167

00:42:29,829 --> 00:42:27,280

no idea what that how badly that could

1168

00:42:31,030 --> 00:42:29,839

have gone if if that were a training

1169

00:42:33,750 --> 00:42:31,040

exercise

1170

00:42:39,990 --> 00:42:37,589

we have a solid history of observational

1171

00:42:42,069 --> 00:42:40,000

data that says this is not a modern a

1172

00:42:43,990 --> 00:42:42,079

brand new modern problem

1173

00:42:46,390 --> 00:42:44,000

it's a 70-year investigation for a

1174

00:42:48,069 --> 00:42:46,400

reason i i think that we have to take

1175

00:42:50,790 --> 00:42:48,079

some of these benchmarks that it's a

1176

00:42:53,030 --> 00:42:50,800

it's a 75-year plus investigation that

1177

00:42:55,589 --> 00:42:53,040

numerous um

1178

00:42:57,589 --> 00:42:55,599

authorities throughout the years have

1179

00:42:59,589 --> 00:42:57,599

investigated it and then literally said

1180

00:43:01,349 --> 00:42:59,599

the same thing nothing to see here we'll

1181

00:43:02,230 --> 00:43:01,359

be over there don't call us we'll call

1182

00:43:04,950 --> 00:43:02,240

you

1183

00:43:06,630 --> 00:43:04,960

but if i can remind folks um this is

1184

00:43:08,870 --> 00:43:06,640

something not a lot of people are gonna

1185

00:43:10,230 --> 00:43:08,880

are gonna be aware of

1186

00:43:14,550 --> 00:43:10,240

just let me pull up my notes for a

1187

00:43:15,990 --> 00:43:14,560

minute um in december of 1953 the joint

1188

00:43:18,150 --> 00:43:16,000

chiefs of staff issued a letter of

1189

00:43:21,190 --> 00:43:18,160

promulgation joint army navy air force

1190

00:43:22,870 --> 00:43:21,200

regulation number 146 made it a crime

1191

00:43:25,190 --> 00:43:22,880

for military personnel to discuss

1192

00:43:27,589 --> 00:43:25,200

classified ufo reports with unauthorized

1193

00:43:29,589 --> 00:43:27,599

persons violators face up to two years

1194

00:43:31,430 --> 00:43:29,599

in prison and or finds up to ten

1195

00:43:35,270 --> 00:43:31,440

thousand dollars and again that was

1196

00:43:38,710 --> 00:43:35,280

december 1953 uh joint army navy

1197

00:43:43,510 --> 00:43:38,720

staff letter of promulgation number 146.

1198

00:43:45,109 --> 00:43:43,520

now my question is is in any realm

1199

00:43:46,950 --> 00:43:45,119

why would we need to make it illegal to

1200

00:43:48,470 --> 00:43:46,960

discuss this now i understand

1201

00:43:51,030 --> 00:43:48,480

no one needs to be reminded not to

1202

00:43:52,950 --> 00:43:51,040

discuss classified reports

1203

00:43:54,710 --> 00:43:52,960

why does everyone

1204

00:43:56,710 --> 00:43:54,720

in the service need a reminder not to

1205

00:43:57,750 --> 00:43:56,720

discuss classified ufo reports at that

1206

00:43:59,990 --> 00:43:57,760

time

1207

00:44:01,750 --> 00:44:00,000

um

1208

00:44:04,710 --> 00:44:01,760

it certainly tells us that this isn't

1209

00:44:07,270 --> 00:44:04,720

new if we needed to order sailors for

1210

00:44:09,670 --> 00:44:07,280

under 10 000 penalty back in the 60s

1211

00:44:11,829 --> 00:44:09,680

that's a big penalty in the 1960s oh my

1212

00:44:13,589 --> 00:44:11,839

god it's like a house today

1213

00:44:15,750 --> 00:44:13,599

buying a house what were we saving

1214

00:44:17,430 --> 00:44:15,760

ourselves from if if seaman timmy

1215

00:44:19,190 --> 00:44:17,440

blabbed about the flying saucer he saw

1216

00:44:21,349 --> 00:44:19,200

while out to sea

1217

00:44:23,990 --> 00:44:21,359

yeah and i i'm being flippant

1218

00:44:25,990 --> 00:44:24,000

but those are questions i'd like to see

1219

00:44:27,349 --> 00:44:26,000

answered too if we have a chance some of

1220

00:44:29,270 --> 00:44:27,359

the history of this

1221

00:44:32,390 --> 00:44:29,280

should bring up some very very big

1222

00:44:36,309 --> 00:44:34,069

since you've really looked into this

1223

00:44:38,230 --> 00:44:36,319

deeply and i i do want to there's a

1224

00:44:39,750 --> 00:44:38,240

number of things i want to ask and more

1225

00:44:43,030 --> 00:44:39,760

less in the second hour we'll go into

1226

00:44:45,750 --> 00:44:43,040

those type of things but have you looked

1227

00:44:47,670 --> 00:44:45,760

at all into what they call the usos you

1228

00:44:49,510 --> 00:44:47,680

know underwater

1229

00:44:52,150 --> 00:44:49,520

um yeah because that fascinates me and

1230

00:44:53,829 --> 00:44:52,160

you being a navy guy i would think that

1231

00:44:55,430 --> 00:44:53,839

that would kind of be an interest of

1232

00:44:57,510 --> 00:44:55,440

yours possibly

1233

00:44:59,510 --> 00:44:57,520

well the i can tell you from first hand

1234

00:45:01,430 --> 00:44:59,520

now granted it's hearsay but

1235

00:45:02,950 --> 00:45:01,440

off the record the sonar text that i was

1236

00:45:03,990 --> 00:45:02,960

with on princeton

1237

00:45:06,069 --> 00:45:04,000

they're not interested in being

1238

00:45:07,430 --> 00:45:06,079

identified i've spoken to a couple of

1239

00:45:09,670 --> 00:45:07,440

them and if they want to come forward

1240

00:45:11,990 --> 00:45:09,680

they they know how easily they could

1241

00:45:13,589 --> 00:45:12,000

but they said sean they were all over

1242

00:45:15,670 --> 00:45:13,599

the place under the water they were

1243

00:45:16,550 --> 00:45:15,680

zipping back and forth like crazy

1244

00:45:18,230 --> 00:45:16,560

and

1245

00:45:19,510 --> 00:45:18,240

that prompted me to make calls to some

1246

00:45:21,190 --> 00:45:19,520

folks that i knew that were in ballistic

1247

00:45:23,109 --> 00:45:21,200

missile submarines during the 60s and

1248

00:45:25,030 --> 00:45:23,119

70s up around the arctic circle and the

1249

00:45:26,790 --> 00:45:25,040

dew line and they told me the same thing

1250

00:45:29,510 --> 00:45:26,800

and they said that there was a culture

1251

00:45:32,470 --> 00:45:29,520

on the boat to not make those log

1252

00:45:34,550 --> 00:45:32,480

entries that they just happened and

1253

00:45:37,349 --> 00:45:34,560

you just let it happen

1254

00:45:39,829 --> 00:45:37,359

now i i'd really like to know why

1255

00:45:40,950 --> 00:45:39,839

that is quite amazing now mark d'antonio

1256

00:45:42,790 --> 00:45:40,960

who was

1257

00:45:44,870 --> 00:45:42,800

um he's an astronomer he was on my show

1258

00:45:46,630 --> 00:45:44,880

last week i've been friends with him for

1259

00:45:49,750 --> 00:45:46,640

a number of years

1260

00:45:51,670 --> 00:45:49,760

he worked for the uh as a contractor did

1261

00:45:53,910 --> 00:45:51,680

a project for the navy and he got a

1262

00:45:55,190 --> 00:45:53,920

submarine ride on a maiden voyage or

1263

00:45:58,230 --> 00:45:55,200

whatever they call it

1264

00:46:00,630 --> 00:45:58,240

and uh there was a uh what they called a

1265

00:46:03,670 --> 00:46:00,640

fast walker situation where something

1266

00:46:05,750 --> 00:46:03,680

was going 200 knots underwater

1267

00:46:08,150 --> 00:46:05,760

and the kind of the same thing i don't

1268

00:46:10,950 --> 00:46:08,160

know if it was logged or not

1269

00:46:12,230 --> 00:46:10,960

but um but that was here he is a

1270

00:46:14,230 --> 00:46:12,240

civilian

1271

00:46:16,470 --> 00:46:14,240

and he's right in there in the in the

1272

00:46:18,870 --> 00:46:16,480

mix of it and here's the whole thing

1273

00:46:20,630 --> 00:46:18,880

happening which i think is extraordinary

1274

00:46:23,190 --> 00:46:20,640

and you know he just happens to be on

1275

00:46:24,630 --> 00:46:23,200

there when that happens which makes me

1276
00:46:26,950 --> 00:46:24,640
totally believe what these people are

1277
00:46:29,910 --> 00:46:26,960
telling you that it happens all the time

1278
00:46:32,230 --> 00:46:29,920
and it's very intriguing because in in

1279
00:46:34,870 --> 00:46:32,240
in the medium of water

1280
00:46:36,710 --> 00:46:34,880
we have our own you have your own um

1281
00:46:38,390 --> 00:46:36,720
benchmarks for speed like we do in the

1282
00:46:41,109 --> 00:46:38,400
atmosphere you know when an aircraft

1283
00:46:43,510 --> 00:46:41,119
hits hits a supersonic envelope

1284
00:46:44,790 --> 00:46:43,520
there's there's action that happens and

1285
00:46:46,390 --> 00:46:44,800
when you get to a certain speed

1286
00:46:47,750 --> 00:46:46,400
underneath water you have what's called

1287
00:46:50,950 --> 00:46:47,760
cavitation

1288
00:46:52,390 --> 00:46:50,960

and these things are not cavitating

1289

00:46:53,670 --> 00:46:52,400

just like there's no sound barrier

1290

00:46:54,710 --> 00:46:53,680

breaking

1291

00:46:55,589 --> 00:46:54,720

correct

1292

00:46:57,670 --> 00:46:55,599

yeah

1293

00:46:59,910 --> 00:46:57,680

and so that that's

1294

00:47:02,150 --> 00:46:59,920

that's not our tech i mean i'll i'll say

1295

00:47:03,430 --> 00:47:02,160

that in the blanket way you know and

1296

00:47:04,950 --> 00:47:03,440

yeah it's easy for me to say because

1297

00:47:07,430 --> 00:47:04,960

nobody can prove me wrong it right now

1298

00:47:08,630 --> 00:47:07,440

but i don't think that's our tech

1299

00:47:10,230 --> 00:47:08,640

that is

1300

00:47:12,710 --> 00:47:10,240

that's what we covet at the end of the

1301
00:47:15,190 --> 00:47:12,720
rainbow for any you know for any of this

1302
00:47:17,589 --> 00:47:15,200
stuff we want to go that far that fast

1303
00:47:22,150 --> 00:47:17,599
that smooth we can't

1304
00:47:24,309 --> 00:47:22,160
how i wonder um there's probably a um

1305
00:47:26,150 --> 00:47:24,319
algorithm for how this works or a rule

1306
00:47:28,230 --> 00:47:26,160
of thumb or in physics

1307
00:47:31,109 --> 00:47:28,240
about how fast something can go under

1308
00:47:33,349 --> 00:47:31,119
water before cavitation occurs and does

1309
00:47:35,910 --> 00:47:33,359
that have to do with propulsion or just

1310
00:47:37,430 --> 00:47:35,920
the speed of it

1311
00:47:39,349 --> 00:47:37,440
um

1312
00:47:40,790 --> 00:47:39,359
i you know i i'm not an expert on this

1313
00:47:42,150 --> 00:47:40,800

but i will say what i do know about our

1314

00:47:43,910 --> 00:47:42,160

submarine fleet is that there are

1315

00:47:44,870 --> 00:47:43,920

designs that we can

1316

00:47:46,230 --> 00:47:44,880

um

1317

00:47:50,230 --> 00:47:46,240

there there are ways to design a

1318

00:47:52,390 --> 00:47:50,240

submarine ways to design torpedoes um

1319

00:47:54,790 --> 00:47:52,400

so that they can so the like we have

1320

00:47:57,750 --> 00:47:54,800

super cavitating torpedoes that go very

1321

00:47:58,870 --> 00:47:57,760

very very fast those are classified uh

1322

00:48:01,430 --> 00:47:58,880

in their

1323

00:48:04,069 --> 00:48:01,440

nomenclature but

1324

00:48:05,750 --> 00:48:04,079

a you can reduce cavitation so a

1325

00:48:08,150 --> 00:48:05,760

submarine you don't want to advertise

1326

00:48:10,870 --> 00:48:08,160

that noise so they do do certain things

1327

00:48:13,589 --> 00:48:10,880

to the design and the the way that the

1328

00:48:15,829 --> 00:48:13,599

screws work and the way that the

1329

00:48:17,430 --> 00:48:15,839

the way that it

1330

00:48:19,750 --> 00:48:17,440

it moves

1331

00:48:22,549 --> 00:48:19,760

that reduce cavitation

1332

00:48:24,230 --> 00:48:22,559

but i i i don't have the um

1333

00:48:25,990 --> 00:48:24,240

i don't i don't have the information to

1334

00:48:28,309 --> 00:48:26,000

say

1335

00:48:30,230 --> 00:48:28,319

where at whether it would be due to

1336

00:48:31,670 --> 00:48:30,240

propulsion or not i understand what

1337

00:48:35,190 --> 00:48:31,680

you're saying is it an effect of an

1338

00:48:36,150 --> 00:48:35,200

esoteric technology that's bypassing

1339

00:48:38,230 --> 00:48:36,160

um

1340

00:48:39,430 --> 00:48:38,240

what we're doing or is it is it an

1341

00:48:41,829 --> 00:48:39,440

effective

1342

00:48:43,910 --> 00:48:41,839

of structure or speed i i

1343

00:48:45,430 --> 00:48:43,920

there's a lot of questions there

1344

00:48:46,950 --> 00:48:45,440

yeah and there's a whole lot of ques i

1345

00:48:50,630 --> 00:48:46,960

mean there's a whole lot of questions

1346

00:48:51,990 --> 00:48:50,640

when it comes to usos in general like

1347

00:48:53,750 --> 00:48:52,000

what are they doing under there if

1348

00:48:55,430 --> 00:48:53,760

they're there and you know the earth is

1349

00:48:56,390 --> 00:48:55,440

i think 73

1350

00:48:58,950 --> 00:48:56,400

ocean

1351
00:49:02,549 --> 00:48:58,960
you know it's really high um so that's

1352
00:49:04,069 --> 00:49:02,559
that's such a a large part of our

1353
00:49:06,790 --> 00:49:04,079
our surface

1354
00:49:08,549 --> 00:49:06,800
and these things could certainly hide

1355
00:49:09,670 --> 00:49:08,559
under there but

1356
00:49:11,990 --> 00:49:09,680
why

1357
00:49:14,230 --> 00:49:12,000
and what would they be doing there and

1358
00:49:16,630 --> 00:49:14,240
at what end are they for me occam's

1359
00:49:19,430 --> 00:49:16,640
razor says because we're not there

1360
00:49:20,630 --> 00:49:19,440
if you take a look at google shipping

1361
00:49:23,030 --> 00:49:20,640
lanes

1362
00:49:25,030 --> 00:49:23,040
and aircraft travel

1363
00:49:26,710 --> 00:49:25,040

lanes and you will find that all of us

1364

00:49:28,870 --> 00:49:26,720
travel around the globe on a few

1365

00:49:30,470 --> 00:49:28,880
different lines and there are giant

1366

00:49:32,470 --> 00:49:30,480
swaths of ocean

1367

00:49:33,990 --> 00:49:32,480
we don't want every nose too no you

1368

00:49:36,069 --> 00:49:34,000
don't want to be there in a shipwreck

1369

00:49:37,750 --> 00:49:36,079
either you know no then in iraq we don't

1370

00:49:39,430 --> 00:49:37,760
fight we're not fighting naval battles

1371

00:49:41,990 --> 00:49:39,440
in the middle of the pacific with anyone

1372

00:49:43,829 --> 00:49:42,000
our ships are going from place to place

1373

00:49:45,430 --> 00:49:43,839
and and our goods and services and

1374

00:49:47,510 --> 00:49:45,440
cruises and everything you might have a

1375

00:49:49,270 --> 00:49:47,520
you know an oceanographic explorer

1376

00:49:50,950 --> 00:49:49,280

that's in an interesting area doing

1377

00:49:52,549 --> 00:49:50,960

placing noaa buoys or something like

1378

00:49:54,470 --> 00:49:52,559

that but

1379

00:49:56,790 --> 00:49:54,480

there are swaths the size of texas where

1380

00:49:58,390 --> 00:49:56,800

there's not a human being in right now

1381

00:50:00,950 --> 00:49:58,400

yeah yeah

1382

00:50:02,790 --> 00:50:00,960

so there's just so much

1383

00:50:03,589 --> 00:50:02,800

it's so vast

1384

00:50:05,910 --> 00:50:03,599

and

1385

00:50:08,069 --> 00:50:05,920

but another thing is you know i i'm

1386

00:50:09,109 --> 00:50:08,079

thinking like a human okay

1387

00:50:11,190 --> 00:50:09,119

so

1388

00:50:13,990 --> 00:50:11,200

i wouldn't want to stay under the water

1389

00:50:16,710 --> 00:50:14,000

you know i mean what is it there um if

1390

00:50:18,950 --> 00:50:16,720

it's if it's a structured object

1391

00:50:21,190 --> 00:50:18,960

under the water with let's say

1392

00:50:22,950 --> 00:50:21,200

some type of being in it maybe not a

1393

00:50:25,030 --> 00:50:22,960

being maybe it's

1394

00:50:27,829 --> 00:50:25,040

a drone type of situation where it would

1395

00:50:28,710 --> 00:50:27,839

be from would still be very interesting

1396

00:50:31,270 --> 00:50:28,720

but

1397

00:50:33,030 --> 00:50:31,280

uh you know i just wouldn't

1398

00:50:34,790 --> 00:50:33,040

you know you think about you go down so

1399

00:50:35,829 --> 00:50:34,800

many hundreds of feet and it's totally

1400

00:50:38,150 --> 00:50:35,839

black

1401

00:50:40,150 --> 00:50:38,160

down there you know so

1402

00:50:42,549 --> 00:50:40,160

um it's kind of like why would you want

1403

00:50:44,069 --> 00:50:42,559

to live on venus if you could

1404

00:50:48,790 --> 00:50:44,079

you know

1405

00:50:50,870 --> 00:50:48,800

can on this planet so we've you're

1406

00:50:52,630 --> 00:50:50,880

wearing a spacesuit right now and so am

1407

00:50:54,150 --> 00:50:52,640

i this was so you could leave you know

1408

00:50:55,829 --> 00:50:54,160

this is so you can leave the house and

1409

00:50:58,230 --> 00:50:55,839

not get too cold

1410

00:50:59,670 --> 00:50:58,240

i've got a slightly thicker yeah yeah

1411

00:51:02,069 --> 00:50:59,680

well yeah yeah

1412

00:51:03,829 --> 00:51:02,079

i've got some thicker spacesuits hanging

1413

00:51:05,910 --> 00:51:03,839

up over there and some some helmets and

1414

00:51:07,270 --> 00:51:05,920

things like that i'm being being cute

1415

00:51:09,829 --> 00:51:07,280

here but

1416

00:51:11,829 --> 00:51:09,839

everything that we do every tool that we

1417

00:51:13,750 --> 00:51:11,839

have that isn't a part of this body is a

1418

00:51:16,549 --> 00:51:13,760

means to get farther away from our base

1419

00:51:17,430 --> 00:51:16,559

camp and and gain more resources

1420

00:51:19,349 --> 00:51:17,440

so

1421

00:51:21,030 --> 00:51:19,359

if you have a techn in my mind if you

1422

00:51:23,670 --> 00:51:21,040

have a technology

1423

00:51:25,349 --> 00:51:23,680

that's that is able to exhibit the five

1424

00:51:26,870 --> 00:51:25,359

observables to me there there's a lot of

1425

00:51:28,390 --> 00:51:26,880

follow-on conclusions from that as to

1426
00:51:30,790 --> 00:51:28,400
what you could accomplish and it seems

1427
00:51:32,549 --> 00:51:30,800
like you're taking your here with you

1428
00:51:34,470 --> 00:51:32,559
wherever you go so

1429
00:51:36,309 --> 00:51:34,480
just like we're happy to be in the rain

1430
00:51:37,510 --> 00:51:36,319
with an umbrella they may have no

1431
00:51:39,670 --> 00:51:37,520
problem

1432
00:51:41,030 --> 00:51:39,680
uh due to the level of technology they

1433
00:51:42,230 --> 00:51:41,040
have being comfortable wherever they

1434
00:51:44,710 --> 00:51:42,240
like

1435
00:51:46,150 --> 00:51:44,720
so all right so again thinking in human

1436
00:51:47,670 --> 00:51:46,160
terms

1437
00:51:49,510 --> 00:51:47,680
which probably

1438
00:51:51,109 --> 00:51:49,520

may not make any sense at all for

1439

00:51:51,829 --> 00:51:51,119

whatever they are

1440

00:51:53,349 --> 00:51:51,839

but

1441

00:51:56,549 --> 00:51:53,359

what would you be doing

1442

00:51:59,109 --> 00:51:56,559

under the water would you be exploring

1443

00:52:00,630 --> 00:51:59,119

uh the life that's there uh

1444

00:52:02,790 --> 00:52:00,640

non-intelligent life except for

1445

00:52:04,870 --> 00:52:02,800

octopuses and dolphins and

1446

00:52:06,630 --> 00:52:04,880

some whales and things like that but i

1447

00:52:07,829 --> 00:52:06,640

mean kind of a lower you know

1448

00:52:10,069 --> 00:52:07,839

intelligence

1449

00:52:11,190 --> 00:52:10,079

uh it seems like

1450

00:52:12,870 --> 00:52:11,200

you'd be

1451
00:52:14,790 --> 00:52:12,880
i mean i just wonder

1452
00:52:17,670 --> 00:52:14,800
if they're there all the time

1453
00:52:19,750 --> 00:52:17,680
what what is uh why

1454
00:52:21,349 --> 00:52:19,760
and this is all speculation

1455
00:52:22,870 --> 00:52:21,359
and i'm happy to speculate with you to

1456
00:52:24,470 --> 00:52:22,880
me they're avoiding they're to me

1457
00:52:25,750 --> 00:52:24,480
they're avoiding us when it's not

1458
00:52:30,470 --> 00:52:25,760
advantageous

1459
00:52:31,589 --> 00:52:30,480
so um

1460
00:52:34,390 --> 00:52:31,599
they're not

1461
00:52:37,030 --> 00:52:34,400
this is the thing for me and it

1462
00:52:38,750 --> 00:52:37,040
because i face a lot of um

1463
00:52:41,589 --> 00:52:38,760

very light

1464

00:52:43,589 --> 00:52:41,599

anti-military and anti-government uh

1465

00:52:46,069 --> 00:52:43,599

venom from you know friends colleagues

1466

00:52:48,390 --> 00:52:46,079

and families people who who want to a

1467

00:52:50,069 --> 00:52:48,400

chance to rant at the machine and then

1468

00:52:51,349 --> 00:52:50,079

point at somebody for five minutes while

1469

00:52:53,430 --> 00:52:51,359

they do it

1470

00:52:55,990 --> 00:52:53,440

and i go when i when they're done i go

1471

00:52:59,510 --> 00:52:56,000

okay are you done because that wasn't me

1472

00:53:04,230 --> 00:52:59,520

and and you know what i mean like i

1473

00:53:07,670 --> 00:53:06,150

if they're avoiding us

1474

00:53:09,109 --> 00:53:07,680

they're not landing on the white house

1475

00:53:11,430 --> 00:53:09,119

lawn they didn't they're not landing at

1476

00:53:13,589 --> 00:53:11,440

the super bowl at least not yet there's

1477

00:53:14,470 --> 00:53:13,599

not a big light show in the sky over new

1478

00:53:17,829 --> 00:53:14,480

york

1479

00:53:19,750 --> 00:53:17,839

that that two million people saw you

1480

00:53:22,230 --> 00:53:19,760

know what i mean when we have flaps they

1481

00:53:23,589 --> 00:53:22,240

don't they don't seem to work like that

1482

00:53:25,990 --> 00:53:23,599

they can let us know who they are

1483

00:53:26,950 --> 00:53:26,000

anytime they want to right

1484

00:53:32,230 --> 00:53:26,960

and

1485

00:53:33,829 --> 00:53:32,240

movies that we all imagined but it seems

1486

00:53:35,270 --> 00:53:33,839

like these things are shooting in and

1487

00:53:36,230 --> 00:53:35,280

out of the ocean and coming in from

1488

00:53:38,870 --> 00:53:36,240

space

1489

00:53:40,069 --> 00:53:38,880

so again i'm not painting a picture of

1490

00:53:42,390 --> 00:53:40,079

invasion

1491

00:53:44,710 --> 00:53:42,400

okay that's not a word that i would use

1492

00:53:46,790 --> 00:53:44,720

but if you have an external source that

1493

00:53:47,910 --> 00:53:46,800

is that is coming here the first thing

1494

00:53:49,270 --> 00:53:47,920

that they're going to do is the same

1495

00:53:51,349 --> 00:53:49,280

things we're going to do if we're in the

1496

00:53:53,589 --> 00:53:51,359

same situation you're going to send

1497

00:53:55,829 --> 00:53:53,599

covert intelligence

1498

00:53:57,910 --> 00:53:55,839

military and scientists you know they're

1499

00:54:00,069 --> 00:53:57,920

going to be people there to to protect

1500

00:54:01,750 --> 00:54:00,079

the the civilians and the scientists but

1501
00:54:03,750 --> 00:54:01,760
in general you're going into hostile

1502
00:54:06,150 --> 00:54:03,760
unknown territory and if

1503
00:54:07,750 --> 00:54:06,160
if a lot of people speculate

1504
00:54:09,670 --> 00:54:07,760
as a lot of people speculate if they

1505
00:54:11,430 --> 00:54:09,680
showed up after our first detonations of

1506
00:54:12,630 --> 00:54:11,440
nuclear devices or us first splitting

1507
00:54:14,390 --> 00:54:12,640
the atom

1508
00:54:16,710 --> 00:54:14,400
i imagine they would be pretty wary of

1509
00:54:18,950 --> 00:54:16,720
us yes um we're in the national world

1510
00:54:21,589 --> 00:54:18,960
war we're in the middle of a practical

1511
00:54:23,589 --> 00:54:21,599
race war right now we're so polarized

1512
00:54:25,349 --> 00:54:23,599
right now it's ridiculous

1513
00:54:26,549 --> 00:54:25,359

and

1514

00:54:28,549 --> 00:54:26,559

i just

1515

00:54:30,790 --> 00:54:28,559

i think folks need a more realistic view

1516

00:54:33,030 --> 00:54:30,800

of who we are what we are what's going

1517

00:54:34,710 --> 00:54:33,040

on etc when they apply it to this

1518

00:54:36,470 --> 00:54:34,720

subject it's not just as simple as the

1519

00:54:38,069 --> 00:54:36,480

government knows and won't tell us how

1520

00:54:40,549 --> 00:54:38,079

about the ufos know when they won't tell

1521

00:54:43,510 --> 00:54:41,430

so

1522

00:54:47,510 --> 00:54:43,520

yeah

1523

00:54:50,309 --> 00:54:47,520

it's it's all fascinating and

1524

00:54:53,349 --> 00:54:50,319

you know uh i wonder if uh

1525

00:54:54,710 --> 00:54:53,359

this is gonna sound really silly

1526

00:54:57,270 --> 00:54:54,720

but i wonder if then

1527

00:54:58,789 --> 00:54:57,280

any of whoever it is out there that's

1528

00:55:00,390 --> 00:54:58,799

visiting us

1529

00:55:02,950 --> 00:55:00,400

knew that we had

1530

00:55:05,190 --> 00:55:02,960

this hearing today

1531

00:55:07,030 --> 00:55:05,200

or we're not are we not that important

1532

00:55:07,990 --> 00:55:07,040

you know we like the are we like the

1533

00:55:09,829 --> 00:55:08,000

ants

1534

00:55:11,190 --> 00:55:09,839

and the ant hill

1535

00:55:12,870 --> 00:55:11,200

i'm uh

1536

00:55:14,710 --> 00:55:12,880

at the risk of uh

1537

00:55:17,510 --> 00:55:14,720

sounding like like mr moultrie today i

1538

00:55:18,789 --> 00:55:17,520

am also a science fiction fan um

1539

00:55:20,950 --> 00:55:18,799

and

1540

00:55:23,109 --> 00:55:20,960

i'm really enjoying the the newest

1541

00:55:24,150 --> 00:55:23,119

iteration of star trek um strange new

1542

00:55:26,309 --> 00:55:24,160

worlds

1543

00:55:27,670 --> 00:55:26,319

and pardon me spoiler alert for anybody

1544

00:55:29,829 --> 00:55:27,680

who hasn't seen it yet because i i'm

1545

00:55:32,789 --> 00:55:29,839

gonna i'm gonna spoil the generalized

1546

00:55:35,589 --> 00:55:32,799

plot of the first episode which is

1547

00:55:37,510 --> 00:55:35,599

a reverse roswell situation essentially

1548

00:55:39,829 --> 00:55:37,520

they go to a planet that's that's

1549

00:55:41,829 --> 00:55:39,839

roughly similar to us and the enterprise

1550

00:55:43,990 --> 00:55:41,839

is the ufo and i think we've all seen

1551
00:55:45,990 --> 00:55:44,000
that in the old program before but

1552
00:55:47,349 --> 00:55:46,000
they did a modern spin on it it's it's

1553
00:55:49,430 --> 00:55:47,359
something that i think a lot of people

1554
00:55:52,150 --> 00:55:49,440
should take a look at because we're

1555
00:55:55,190 --> 00:55:52,160
seeing in that episode what is our most

1556
00:55:57,510 --> 00:55:55,200
hoped for best case scenario in a lot of

1557
00:55:58,390 --> 00:55:57,520
people's hearts that one day this

1558
00:56:01,750 --> 00:55:58,400
this

1559
00:56:03,750 --> 00:56:01,760
large unmistakable ship is going to

1560
00:56:05,430 --> 00:56:03,760
appear somewhere and we're all just

1561
00:56:06,710 --> 00:56:05,440
gonna wake up from our nonsense and go

1562
00:56:07,990 --> 00:56:06,720
oh you're right it's a bigger universe

1563
00:56:09,589 --> 00:56:08,000

we should stop fighting and everything

1564

00:56:10,950 --> 00:56:09,599

else i i would love for that to happen

1565

00:56:13,190 --> 00:56:10,960

if someone can show me where the switch

1566

00:56:15,109 --> 00:56:13,200

is to flip for that i'll i'll

1567

00:56:16,710 --> 00:56:15,119

do it in a minute yeah

1568

00:56:18,950 --> 00:56:16,720

but i don't that hasn't happened in the

1569

00:56:21,030 --> 00:56:18,960

last 70 years

1570

00:56:22,789 --> 00:56:21,040

and and it i don't

1571

00:56:23,990 --> 00:56:22,799

i don't know of any plans for that to

1572

00:56:24,950 --> 00:56:24,000

happen either

1573

00:56:27,190 --> 00:56:24,960

um

1574

00:56:29,190 --> 00:56:27,200

so again we're left holding the bag here

1575

00:56:30,309 --> 00:56:29,200

and and government looks bad because

1576

00:56:31,430 --> 00:56:30,319

they've been looking at it for longer

1577

00:56:32,789 --> 00:56:31,440

than they're talking about it but

1578

00:56:34,549 --> 00:56:32,799

there's nobody to point to to take

1579

00:56:36,309 --> 00:56:34,559

responsibility

1580

00:56:38,150 --> 00:56:36,319

that's right and it's you know it's

1581

00:56:41,910 --> 00:56:38,160

generational you know the people that

1582

00:56:44,390 --> 00:56:41,920

were there in 1947

1583

00:56:46,870 --> 00:56:44,400

are you know their long since passed and

1584

00:56:48,870 --> 00:56:46,880

generation after generation you know

1585

00:56:50,430 --> 00:56:48,880

they pass the baton or pass the

1586

00:56:52,630 --> 00:56:50,440

information or whatever

1587

00:56:55,430 --> 00:56:52,640

compartmentalized somehow

1588

00:56:57,670 --> 00:56:55,440

uh if that's how it's done if there's

1589

00:56:59,349 --> 00:56:57,680

files somewhere you know the roswell

1590

00:57:02,069 --> 00:56:59,359

file box

1591

00:57:05,589 --> 00:57:02,079

you know tucked away somewhere uh

1592

00:57:07,430 --> 00:57:05,599

it's all it's all interesting and and it

1593

00:57:09,349 --> 00:57:07,440

would be really

1594

00:57:10,470 --> 00:57:09,359

you know if only we could know what they

1595

00:57:16,710 --> 00:57:10,480

know

1596

00:57:18,870 --> 00:57:16,720

be there seems like there would be

1597

00:57:20,870 --> 00:57:18,880

more that they could share that they

1598

00:57:24,309 --> 00:57:20,880

have learned over the years that

1599

00:57:26,870 --> 00:57:24,319

wouldn't shake our society

1600

00:57:29,589 --> 00:57:26,880

and and i'm i completely agree with you

1601
00:57:31,349 --> 00:57:29,599
that that information should exist

1602
00:57:32,870 --> 00:57:31,359
um it has to

1603
00:57:34,789 --> 00:57:32,880
and and we're but we're back to the

1604
00:57:36,390 --> 00:57:34,799
who's the day we're gonna point at you

1605
00:57:37,750 --> 00:57:36,400
know now we're gonna point at the uap

1606
00:57:38,950 --> 00:57:37,760
task force and we're gonna point at the

1607
00:57:40,950 --> 00:57:38,960
folks that were in the room in the

1608
00:57:41,670 --> 00:57:40,960
congressional hearing

1609
00:57:43,510 --> 00:57:41,680
but

1610
00:57:45,750 --> 00:57:43,520
it's really unless we're going to point

1611
00:57:48,150 --> 00:57:45,760
at an edifice like air force which i

1612
00:57:50,230 --> 00:57:48,160
thought we just did with the task force

1613
00:57:52,710 --> 00:57:50,240

where is where are their submissions

1614

00:57:55,030 --> 00:57:52,720

where is this where is it where's the

1615

00:57:56,150 --> 00:57:55,040

forklifts full of data they've collected

1616

00:57:58,470 --> 00:57:56,160

yeah i'm glad you i'm glad you're

1617

00:58:00,710 --> 00:57:58,480

bringing that topic up because that has

1618

00:58:03,190 --> 00:58:00,720

that has been really curious that the

1619

00:58:04,309 --> 00:58:03,200

navy has been the one to take the lead

1620

00:58:08,309 --> 00:58:04,319

on this and i

1621

00:58:09,670 --> 00:58:08,319

i did hear uh um scott brace say today

1622

00:58:12,470 --> 00:58:09,680

that um

1623

00:58:14,069 --> 00:58:12,480

these um you know the information the

1624

00:58:16,710 --> 00:58:14,079

protocols are going to be on the knee

1625

00:58:19,349 --> 00:58:16,720

board in the cockpit and he said navy

1626

00:58:22,390 --> 00:58:19,359

and air force he did say air force

1627

00:58:24,630 --> 00:58:22,400

as well so but it's not them taking the

1628

00:58:27,270 --> 00:58:24,640

lead and uh

1629

00:58:29,190 --> 00:58:27,280

that that is a very strange situation

1630

00:58:31,829 --> 00:58:29,200

because they have you know they were

1631

00:58:34,470 --> 00:58:31,839

they were a project blue book for one

1632

00:58:36,549 --> 00:58:34,480

you know and uh and

1633

00:58:39,270 --> 00:58:36,559

why i wonder why

1634

00:58:41,109 --> 00:58:39,280

as as of right now perhaps not anymore i

1635

00:58:43,910 --> 00:58:41,119

could be over overstepping here but as

1636

00:58:46,309 --> 00:58:43,920

of the formation of of space force

1637

00:58:48,069 --> 00:58:46,319

u.s air force had

1638

00:58:50,230 --> 00:58:48,079

tactical and strategic control over our

1639

00:58:52,150 --> 00:58:50,240

air space and lower earth orbit for the

1640

00:58:56,390 --> 00:58:52,160

united states

1641

00:58:59,349 --> 00:58:58,150

it makes no sense

1642

00:59:01,349 --> 00:58:59,359

that

1643

00:59:03,109 --> 00:59:01,359

our maritime force

1644

00:59:05,190 --> 00:59:03,119

would be running this

1645

00:59:07,109 --> 00:59:05,200

now granted they have a very substantial

1646

00:59:09,750 --> 00:59:07,119

air force of their own and high-tech

1647

00:59:11,829 --> 00:59:09,760

satellites and and you know and our our

1648

00:59:13,190 --> 00:59:11,839

our ships are of some of the and

1649

00:59:14,710 --> 00:59:13,200

aircraft are some of the highest tech

1650

00:59:16,950 --> 00:59:14,720

that we have

1651
00:59:20,470 --> 00:59:16,960
but that would seem like a real blow to

1652
00:59:22,549 --> 00:59:20,480
me as as as an air force leader to have

1653
00:59:24,789 --> 00:59:22,559
a aerospace mission taken from me and

1654
00:59:26,789 --> 00:59:24,799
given to our maritime force now i'm navy

1655
00:59:28,230 --> 00:59:26,799
i'm happy about it i'm proud that we

1656
00:59:29,829 --> 00:59:28,240
i don't know why that's dumb but i'm

1657
00:59:32,069 --> 00:59:29,839
proud the navy's running it

1658
00:59:34,150 --> 00:59:32,079
um but yeah where is air force where

1659
00:59:36,630 --> 00:59:34,160
they're not even in the room

1660
00:59:38,630 --> 00:59:36,640
yes yeah and you know one thing you said

1661
00:59:41,349 --> 00:59:38,640
i heard you say just a few minutes ago

1662
00:59:43,750 --> 00:59:41,359
like if you could flip the switch of you

1663
00:59:46,549 --> 00:59:43,760

know them presenting themselves you know

1664

00:59:47,990 --> 00:59:46,559

maybe we would stop the fighting um

1665

00:59:49,670 --> 00:59:48,000

because it is kind of ridiculous it's

1666

00:59:52,630 --> 00:59:49,680

kind of like ronald reagan said several

1667

00:59:54,309 --> 00:59:52,640

times you know if if we were presented

1668

00:59:57,349 --> 00:59:54,319

with that you know we would all come

1669

00:59:59,349 --> 00:59:57,359

together as one it's it's a nice fantasy

1670

01:00:01,910 --> 00:59:59,359

to think that but

1671

01:00:04,309 --> 01:00:01,920

it also makes me think of okay this this

1672

01:00:07,430 --> 01:00:04,319

hearing happened today uh why can't it

1673

01:00:08,549 --> 01:00:07,440

be more of a worldwide

1674

01:00:11,030 --> 01:00:08,559

situation

1675

01:00:12,309 --> 01:00:11,040

i mean because there's so much data that

1676

01:00:14,470 --> 01:00:12,319

could be

1677

01:00:15,430 --> 01:00:14,480

passed back and forth through every

1678

01:00:18,069 --> 01:00:15,440

country

1679

01:00:20,630 --> 01:00:18,079

brazil's very open mind to it francis

1680

01:00:23,750 --> 01:00:20,640

uh a few others you know i mean

1681

01:00:26,870 --> 01:00:23,760

even china has an interest in it um but

1682

01:00:29,349 --> 01:00:26,880

it just seems like it would this is not

1683

01:00:30,630 --> 01:00:29,359

this is not shouldn't be confined to a

1684

01:00:33,349 --> 01:00:30,640

country

1685

01:00:35,109 --> 01:00:33,359

it's something that involves our whole

1686

01:00:37,750 --> 01:00:35,119

entire planet

1687

01:00:39,990 --> 01:00:37,760

um you know i can understand that if

1688

01:00:41,349 --> 01:00:40,000

they think if they totally think it's an

1689

01:00:43,589 --> 01:00:41,359

adversary

1690

01:00:44,950 --> 01:00:43,599

but they have to have enough data to

1691

01:00:47,349 --> 01:00:44,960

show that it's

1692

01:00:49,750 --> 01:00:47,359

you know it's outside of that most of it

1693

01:00:51,750 --> 01:00:49,760

it has to be outside of that especially

1694

01:00:54,069 --> 01:00:51,760

when their objects are displaying

1695

01:00:54,829 --> 01:00:54,079

technology that defies physics

1696

01:00:57,670 --> 01:00:54,839

and

1697

01:00:59,589 --> 01:00:57,680

science so yeah

1698

01:01:01,589 --> 01:00:59,599

i i think that that we have a long way

1699

01:01:03,510 --> 01:01:01,599

to go in

1700

01:01:11,990 --> 01:01:03,520

in

1701

01:01:13,589 --> 01:01:12,000

bottleneck but there's so much

1702

01:01:15,190 --> 01:01:13,599

information out there

1703

01:01:16,710 --> 01:01:15,200

and so many assumptions that are made

1704

01:01:19,349 --> 01:01:16,720

across the board on all of our accounts

1705

01:01:20,390 --> 01:01:19,359

for you for me for for experts for fans

1706

01:01:21,750 --> 01:01:20,400

alike

1707

01:01:25,270 --> 01:01:21,760

and

1708

01:01:26,390 --> 01:01:25,280

it nobody is has stepped up yet

1709

01:01:29,430 --> 01:01:26,400

and

1710

01:01:31,030 --> 01:01:29,440

i see i see frustration on on the faces

1711

01:01:35,670 --> 01:01:31,040

of our representatives some of them are

1712

01:01:36,710 --> 01:01:35,680

downright um downright angry frankly um

1713

01:01:38,309 --> 01:01:36,720

but

1714

01:01:39,990 --> 01:01:38,319

the question remains how long will it

1715

01:01:40,870 --> 01:01:40,000

take us to get where we're supposed to

1716

01:01:42,309 --> 01:01:40,880

be

1717

01:01:47,430 --> 01:01:42,319

and

1718

01:01:49,109 --> 01:01:47,440

will the people in government that are

1719

01:01:50,309 --> 01:01:49,119

that are doing this work for us right

1720

01:01:52,230 --> 01:01:50,319

now

1721

01:01:54,549 --> 01:01:52,240

do they feel a responsibility to help

1722

01:01:56,789 --> 01:01:54,559

shepherd us into understanding

1723

01:01:58,630 --> 01:01:56,799

or do they just feel that they need to

1724

01:02:00,870 --> 01:01:58,640

make data dumps to the american public

1725

01:02:02,390 --> 01:02:00,880

and walk away because this this is not a

1726

01:02:04,710 --> 01:02:02,400

simple subject

1727

01:02:06,870 --> 01:02:04,720

um it has been

1728

01:02:08,630 --> 01:02:06,880

tainted with misinfo and disinfo over

1729

01:02:10,390 --> 01:02:08,640

the years and people should should

1730

01:02:12,789 --> 01:02:10,400

should define what those things mean for

1731

01:02:13,510 --> 01:02:12,799

themselves they're very different things

1732

01:02:16,069 --> 01:02:13,520

but

1733

01:02:18,390 --> 01:02:16,079

the the ufology community itself for

1734

01:02:21,510 --> 01:02:18,400

years has been targeted by russian

1735

01:02:24,789 --> 01:02:21,520

disinfo they they really enjoy

1736

01:02:26,390 --> 01:02:24,799

putting conspiracy and hyperbole and

1737

01:02:29,109 --> 01:02:26,400

things like that into the american

1738

01:02:31,510 --> 01:02:29,119

zeitgeist to confuse american folks

1739

01:02:33,109 --> 01:02:31,520

um people should not be surprised about

1740

01:02:34,390 --> 01:02:33,119

that so

1741

01:02:36,230 --> 01:02:34,400

examining our

1742

01:02:40,390 --> 01:02:36,240

our

1743

01:02:43,910 --> 01:02:40,400

international confirmation bias

1744

01:02:45,510 --> 01:02:43,920

um as as to what we what we expect what

1745

01:02:48,069 --> 01:02:45,520

we can deliver

1746

01:02:50,309 --> 01:02:48,079

um and then truly asking the hard the

1747

01:02:53,029 --> 01:02:50,319

really hard questions yeah at the risk

1748

01:02:53,910 --> 01:02:53,039

of of upsetting some friends

1749

01:02:55,910 --> 01:02:53,920

um

1750

01:02:57,589 --> 01:02:55,920

i i had the opportunity today on on a

1751

01:02:59,349 --> 01:02:57,599

bbc interview

1752

01:03:02,710 --> 01:02:59,359

to ask the question why are our five

1753

01:03:04,470 --> 01:03:02,720

eyes partners in in great britain not on

1754

01:03:05,750 --> 01:03:04,480

the same page with us as to the reality

1755

01:03:08,549 --> 01:03:05,760

of this situation we're sharing

1756

01:03:09,750 --> 01:03:08,559

intelligence we're sharing we share

1757

01:03:11,510 --> 01:03:09,760

you know

1758

01:03:12,549 --> 01:03:11,520

military data and intelligence data

1759

01:03:13,750 --> 01:03:12,559

across the board because of our

1760

01:03:15,750 --> 01:03:13,760

partnerships

1761

01:03:17,029 --> 01:03:15,760

and yet the mod still says nothing to

1762

01:03:18,950 --> 01:03:17,039

see here we don't think this is an

1763

01:03:21,109 --> 01:03:18,960

important subject while the united

1764

01:03:22,870 --> 01:03:21,119

states is holding open hearings

1765

01:03:24,710 --> 01:03:22,880

so folks in the uk and in the ministry

1766

01:03:26,309 --> 01:03:24,720

of defense need to ask themselves why

1767

01:03:28,069 --> 01:03:26,319

aren't we on the same page why aren't

1768

01:03:29,270 --> 01:03:28,079

you stepping up where we are in helping

1769

01:03:32,309 --> 01:03:29,280

us out

1770

01:03:35,109 --> 01:03:32,319

hmm well you know that may be the dom

1771

01:03:37,270 --> 01:03:35,119

you know this may be a domino situation

1772

01:03:39,829 --> 01:03:37,280

you know perhaps uh

1773

01:03:42,470 --> 01:03:39,839

we'll see how this is received what i'm

1774

01:03:44,390 --> 01:03:42,480

hoping doesn't happen is that this is an

1775

01:03:47,430 --> 01:03:44,400

ephemeral thing and like everyone like

1776

01:03:49,349 --> 01:03:47,440

okay move along what's next you know of

1777

01:03:52,230 --> 01:03:49,359

course with all the crazy news going on

1778

01:03:54,309 --> 01:03:52,240

constantly it's it's is this is this is

1779

01:03:56,710 --> 01:03:54,319

going to be a blip to the average person

1780

01:03:58,069 --> 01:03:56,720

probably i don't know i don't know how

1781

01:04:00,230 --> 01:03:58,079

much this is going to be covered in the

1782

01:04:01,190 --> 01:04:00,240

news hopefully a lot

1783

01:04:04,309 --> 01:04:01,200

um

1784

01:04:09,510 --> 01:04:04,319

so

1785

01:04:12,870 --> 01:04:09,520

that is talked about a little bit and

1786

01:04:14,789 --> 01:04:12,880

then no one really cares to me uh it's

1787

01:04:16,630 --> 01:04:14,799

kind of like i feel like my friend today

1788

01:04:18,789 --> 01:04:16,640

that text me it's almost like the moon

1789

01:04:20,230 --> 01:04:18,799

landing it's it's a big deal

1790

01:04:23,349 --> 01:04:20,240

i think it is

1791

01:04:24,549 --> 01:04:23,359

i don't think it's gonna go away um

1792

01:04:27,029 --> 01:04:24,559

like uh

1793

01:04:28,470 --> 01:04:27,039

like ralph i'm i'm privy to a few things

1794

01:04:31,109 --> 01:04:28,480

a little bit ahead of when they come out

1795

01:04:33,109 --> 01:04:31,119

because i i work on the end where we try

1796

01:04:34,069 --> 01:04:33,119

to make some of these things happen

1797

01:04:35,990 --> 01:04:34,079

um

1798

01:04:37,270 --> 01:04:36,000

a lot of the things as we say behind the

1799

01:04:39,109 --> 01:04:37,280

scenes i know people are tired of

1800

01:04:40,470 --> 01:04:39,119

hearing that but a lot of the things

1801
01:04:42,950 --> 01:04:40,480
happening behind the scenes are getting

1802
01:04:44,630 --> 01:04:42,960
getting real traction uh getting real

1803
01:04:47,430 --> 01:04:44,640
support this has

1804
01:04:49,589 --> 01:04:47,440
spread out much far beyond where i think

1805
01:04:51,910 --> 01:04:49,599
a lot of people understand where it's

1806
01:04:53,670 --> 01:04:51,920
being talked about is almost everywhere

1807
01:04:54,390 --> 01:04:53,680
in in leadership and influence at this

1808
01:04:57,270 --> 01:04:54,400
point

1809
01:04:59,349 --> 01:04:57,280
um word has made its way around

1810
01:05:00,549 --> 01:04:59,359
now it's time for the people those

1811
01:05:02,470 --> 01:05:00,559
thought leaders

1812
01:05:05,109 --> 01:05:02,480
those influencers for lack of a better

1813
01:05:07,829 --> 01:05:05,119

word and even to a certain extent even

1814

01:05:09,430 --> 01:05:07,839

some of our celebrities and other folks

1815

01:05:11,190 --> 01:05:09,440

it's time for them to add dignity to

1816

01:05:12,789 --> 01:05:11,200

this the way that the hearings on the

1817

01:05:14,549 --> 01:05:12,799

hill did because that's how we

1818

01:05:17,270 --> 01:05:14,559

communicate to each other we communicate

1819

01:05:19,029 --> 01:05:17,280

via our media and we have we have people

1820

01:05:20,829 --> 01:05:19,039

in our country that we allow to do our

1821

01:05:23,029 --> 01:05:20,839

talking for us not necessarily our

1822

01:05:24,549 --> 01:05:23,039

thinking but a lot of our talking and

1823

01:05:27,190 --> 01:05:24,559

then we kind of line up with who we

1824

01:05:28,069 --> 01:05:27,200

agree with and we reshuffle the deck

1825

01:05:30,950 --> 01:05:28,079

um

1826

01:05:31,910 --> 01:05:30,960

but this is really spread out very very

1827

01:05:34,630 --> 01:05:31,920

far

1828

01:05:37,029 --> 01:05:34,640

so i would expect while you're gonna see

1829

01:05:38,710 --> 01:05:37,039

a great deal going on in the private

1830

01:05:41,430 --> 01:05:38,720

sector in an industry with people trying

1831

01:05:43,829 --> 01:05:41,440

to find ways to capitalize on on new

1832

01:05:45,190 --> 01:05:43,839

paradigms new technology new ideas and

1833

01:05:47,990 --> 01:05:45,200

things like that

1834

01:05:49,270 --> 01:05:48,000

you're also seeing people that that are

1835

01:05:50,630 --> 01:05:49,280

thought leaders

1836

01:05:53,430 --> 01:05:50,640

academics

1837

01:05:55,829 --> 01:05:53,440

um researchers who weren't

1838

01:05:57,750 --> 01:05:55,839

turned on to the reality of this

1839

01:05:59,029 --> 01:05:57,760

turning their acumen towards it so i

1840

01:06:00,309 --> 01:05:59,039

think we're going to see a huge

1841

01:06:01,829 --> 01:06:00,319

explosion

1842

01:06:03,029 --> 01:06:01,839

in um

1843

01:06:06,710 --> 01:06:03,039

in

1844

01:06:08,309 --> 01:06:06,720

gonna we're gonna get a lot more experts

1845

01:06:09,510 --> 01:06:08,319

helping us to to weed out some of the

1846

01:06:10,870 --> 01:06:09,520

nonsense

1847

01:06:12,309 --> 01:06:10,880

um and i think we're gonna come up with

1848

01:06:13,670 --> 01:06:12,319

new questions but i don't think it's

1849

01:06:15,910 --> 01:06:13,680

gonna go away

1850

01:06:18,309 --> 01:06:15,920

uh it would be a very bad optic for the

1851
01:06:20,150 --> 01:06:18,319
u.s government to have come this far and

1852
01:06:24,630 --> 01:06:20,160
to have

1853
01:06:25,750 --> 01:06:24,640
become as popular as subject as it is

1854
01:06:26,950 --> 01:06:25,760
right now

1855
01:06:28,870 --> 01:06:26,960
and then think that they're going to be

1856
01:06:31,029 --> 01:06:28,880
able to to turn out the lights and sneak

1857
01:06:34,069 --> 01:06:31,039
away without telling anybody

1858
01:06:35,029 --> 01:06:34,079
excellent point excellent point i agree

1859
01:06:35,990 --> 01:06:35,039
um

1860
01:06:38,150 --> 01:06:36,000
and

1861
01:06:41,270 --> 01:06:38,160
you know so i i do think it's it's

1862
01:06:43,430 --> 01:06:41,280
moving forward and one of the things i

1863
01:06:45,589 --> 01:06:43,440

really liked that uh

1864

01:06:46,950 --> 01:06:45,599

uh scott bray had to say

1865

01:06:50,150 --> 01:06:46,960

was that

1866

01:06:51,349 --> 01:06:50,160

all of the different areas of expertise

1867

01:06:53,510 --> 01:06:51,359

that is

1868

01:06:56,230 --> 01:06:53,520

he's getting involved in this

1869

01:06:59,109 --> 01:06:56,240

you know uh hundreds of scientists when

1870

01:07:01,589 --> 01:06:59,119

you hear that i remember when i started

1871

01:07:03,750 --> 01:07:01,599

the show uh that was something i brought

1872

01:07:06,069 --> 01:07:03,760

up a lot why doesn't science get

1873

01:07:08,309 --> 01:07:06,079

involved in this oh because they can't

1874

01:07:11,910 --> 01:07:08,319

get funding or because it's taboo it's a

1875

01:07:13,910 --> 01:07:11,920

career killer and all that is going away

1876

01:07:16,069 --> 01:07:13,920

i don't know about the funding the the

1877

01:07:18,309 --> 01:07:16,079

issue with funding for most scientists

1878

01:07:20,309 --> 01:07:18,319

is that it has to be something solvable

1879

01:07:23,829 --> 01:07:20,319

something that has an end you know that

1880

01:07:26,870 --> 01:07:23,839

they can work toward which this um you

1881

01:07:29,109 --> 01:07:26,880

can never we may never know you know

1882

01:07:30,789 --> 01:07:29,119

in another 50 years we still may not

1883

01:07:32,630 --> 01:07:30,799

really know but at least

1884

01:07:35,349 --> 01:07:32,640

it could be explored

1885

01:07:38,549 --> 01:07:35,359

and you know hints and clues of what

1886

01:07:40,950 --> 01:07:38,559

actually may be going on i mean i hope

1887

01:07:43,270 --> 01:07:40,960

that it's discovered exactly what's

1888

01:07:45,990 --> 01:07:43,280

going on but that's all i have is hope i

1889

01:07:47,510 --> 01:07:46,000

i really don't know you know we may

1890

01:07:49,510 --> 01:07:47,520

it's it's uh

1891

01:07:50,950 --> 01:07:49,520

it's not an easy thing to capture

1892

01:07:53,029 --> 01:07:50,960

whatever it is

1893

01:07:55,750 --> 01:07:53,039

we live in a very interesting and

1894

01:07:57,750 --> 01:07:55,760

dynamic universe and we we for the sake

1895

01:07:59,990 --> 01:07:57,760

of conversation we also all

1896

01:08:02,549 --> 01:08:00,000

pardon me we often default to the idea

1897

01:08:06,230 --> 01:08:02,559

of of what other people call aliens

1898

01:08:08,950 --> 01:08:06,240

and aliens being either a non-human or

1899

01:08:11,589 --> 01:08:08,960

an off-world species or something that

1900

01:08:14,470 --> 01:08:11,599

came here in a spaceship of some kind

1901

01:08:16,950 --> 01:08:14,480

but without getting too cheeky um using

1902

01:08:19,189 --> 01:08:16,960

the the marvel movies as a reference

1903

01:08:19,990 --> 01:08:19,199

which most of us have seen them now

1904

01:08:22,630 --> 01:08:20,000

um

1905

01:08:24,149 --> 01:08:22,640

the marvel movies speak of the universe

1906

01:08:27,189 --> 01:08:24,159

they talk about a universe that's

1907

01:08:29,110 --> 01:08:27,199

multifaceted and physics shows us that

1908

01:08:31,189 --> 01:08:29,120

we live in a multi-faceted universe even

1909

01:08:32,390 --> 01:08:31,199

if we're only focused on one facet at a

1910

01:08:34,630 --> 01:08:32,400

time

1911

01:08:37,269 --> 01:08:34,640

um so if we were to find out that we

1912

01:08:39,829 --> 01:08:37,279

were bumping into some aspect of the

1913

01:08:41,749 --> 01:08:39,839

multiverse or seeing echoes of another

1914

01:08:43,430 --> 01:08:41,759

earth or something like that and again

1915

01:08:46,789 --> 01:08:43,440

wild speculation

1916

01:08:48,070 --> 01:08:46,799

it would be a very different

1917

01:08:51,349 --> 01:08:48,080

thing

1918

01:08:52,630 --> 01:08:51,359

than an alien with a name in an in a

1919

01:08:54,870 --> 01:08:52,640

vehicle

1920

01:08:56,870 --> 01:08:54,880

making a trip from one rock to another

1921

01:08:58,550 --> 01:08:56,880

in a vast universe

1922

01:09:00,550 --> 01:08:58,560

um and it might be something that

1923

01:09:03,430 --> 01:09:00,560

continues

1924

01:09:04,630 --> 01:09:03,440

forever without us ever understanding it

1925

01:09:06,630 --> 01:09:04,640

um

1926

01:09:08,309 --> 01:09:06,640

and so those are that side of the coin

1927

01:09:09,829 --> 01:09:08,319

is kind of the other end of there's

1928

01:09:11,990 --> 01:09:09,839

something weird going on but it's not

1929

01:09:14,390 --> 01:09:12,000

exactly what you think those those are

1930

01:09:15,669 --> 01:09:14,400

possibilities we have to we have to take

1931

01:09:17,189 --> 01:09:15,679

into account

1932

01:09:18,870 --> 01:09:17,199

um

1933

01:09:20,630 --> 01:09:18,880

and so that that's going to require just

1934

01:09:22,149 --> 01:09:20,640

so much more science because what we're

1935

01:09:23,749 --> 01:09:22,159

talking about here is really just

1936

01:09:25,269 --> 01:09:23,759

observation we're going to we're going

1937

01:09:26,709 --> 01:09:25,279

to sit here

1938

01:09:28,950 --> 01:09:26,719

on our rock

1939

01:09:30,789 --> 01:09:28,960

and look at the universe with as much

1940

01:09:32,550 --> 01:09:30,799

ability as we can and try to gather

1941

01:09:34,390 --> 01:09:32,560

information

1942

01:09:35,829 --> 01:09:34,400

that has to be applied to this now

1943

01:09:36,870 --> 01:09:35,839

completely across the board full

1944

01:09:39,430 --> 01:09:36,880

spectrum

1945

01:09:42,149 --> 01:09:39,440

right right and i wonder

1946

01:09:44,870 --> 01:09:42,159

if let's say a person has

1947

01:09:46,709 --> 01:09:44,880

a fear or they say that

1948

01:09:47,510 --> 01:09:46,719

groups of religion or whatever have a

1949

01:09:49,590 --> 01:09:47,520

fear

1950

01:09:51,669 --> 01:09:49,600

of that there's

1951

01:09:53,829 --> 01:09:51,679

you know like if they found out aliens

1952

01:09:56,790 --> 01:09:53,839

were visiting us from another rock as

1953

01:09:58,709 --> 01:09:56,800

you say um that oh my you know what does

1954

01:10:00,149 --> 01:09:58,719

this mean and you know oh god it's

1955

01:10:00,950 --> 01:10:00,159

terrible and you know all this type of

1956

01:10:02,630 --> 01:10:00,960

thing

1957

01:10:05,030 --> 01:10:02,640

they could absolutely have the same type

1958

01:10:08,390 --> 01:10:05,040

of fear if it was from another dimension

1959

01:10:11,030 --> 01:10:08,400

or another multiverse i mean it's still

1960

01:10:13,270 --> 01:10:11,040

like you said alien to us

1961

01:10:15,270 --> 01:10:13,280

and uh it would still be very hard to

1962

01:10:17,430 --> 01:10:15,280

understand and explain

1963

01:10:18,630 --> 01:10:17,440

and what's the difference between a

1964

01:10:23,430 --> 01:10:18,640

demon

1965

01:10:25,990 --> 01:10:23,440

per per a a religious um definition

1966

01:10:28,229 --> 01:10:26,000

and an extra dimensional

1967

01:10:31,669 --> 01:10:28,239

animal that wants to take your resources

1968

01:10:34,070 --> 01:10:31,679

and exploit you i i just i don't i see

1969

01:10:36,149 --> 01:10:34,080

semantics here you know what i mean so

1970

01:10:38,229 --> 01:10:36,159

and there are people that think that uh

1971

01:10:40,149 --> 01:10:38,239

that think that that's partially if not

1972

01:10:41,189 --> 01:10:40,159

holy what we're dealing with

1973

01:10:42,950 --> 01:10:41,199

and

1974

01:10:45,110 --> 01:10:42,960

i i think it again we're back to that

1975

01:10:47,590 --> 01:10:45,120

that unity aspect of this

1976

01:10:50,149 --> 01:10:47,600

because this is not a national subject

1977

01:10:52,550 --> 01:10:50,159

this is not a partisan subject it's not

1978

01:10:54,709 --> 01:10:52,560

a regional or a continental subject it

1979

01:10:56,229 --> 01:10:54,719

is a global subject this is going to

1980

01:10:58,149 --> 01:10:56,239

affect all of us

1981

01:10:59,910 --> 01:10:58,159

and unless i'm wildly wrong i don't

1982

01:11:01,750 --> 01:10:59,920

think it's gonna it's owned by any one

1983

01:11:03,189 --> 01:11:01,760

specific religion because i think it's

1984

01:11:04,310 --> 01:11:03,199

pretty obvious to me that all of our

1985

01:11:05,430 --> 01:11:04,320

religions are

1986

01:11:07,189 --> 01:11:05,440

again

1987

01:11:09,510 --> 01:11:07,199

trying to view something from their own

1988

01:11:11,910 --> 01:11:09,520

facet and they're part of the whole

1989

01:11:13,669 --> 01:11:11,920

um i think of our religious leaders and

1990

01:11:15,590 --> 01:11:13,679

our theologians

1991

01:11:17,189 --> 01:11:15,600

did the unthinkable and came together in

1992

01:11:19,270 --> 01:11:17,199

the same room and started comparing

1993

01:11:20,950 --> 01:11:19,280

commonality of experience and things

1994

01:11:24,390 --> 01:11:20,960

like that they could be very helpful for

1995

01:11:26,390 --> 01:11:24,400

this process but if we have any group

1996

01:11:28,950 --> 01:11:26,400

any major

1997

01:11:30,950 --> 01:11:28,960

subset of humanity that tries to own

1998

01:11:32,709 --> 01:11:30,960

this without the rest of us

1999

01:11:35,030 --> 01:11:32,719

we can't let that happen this is for

2000

01:11:35,830 --> 01:11:35,040

eight billion people that's whatever it

2001

01:11:38,070 --> 01:11:35,840

is

2002

01:11:41,110 --> 01:11:38,080

um and it's incredibly important that we

2003

01:11:42,790 --> 01:11:41,120

don't allow it to go that way so

2004

01:11:44,870 --> 01:11:42,800

what i see in in

2005

01:11:47,030 --> 01:11:44,880

i'm actually pretty happy with the

2006

01:11:49,350 --> 01:11:47,040

communications i've had with with folks

2007

01:11:50,870 --> 01:11:49,360

in in for lack of a better word in the

2008

01:11:51,750 --> 01:11:50,880

religious sphere

2009

01:11:53,350 --> 01:11:51,760

um

2010

01:11:54,550 --> 01:11:53,360

the catholic church seems ready to talk

2011

01:11:54,940 --> 01:11:54,560

about this

2012

01:11:56,070 --> 01:11:54,950

um

2013

01:11:58,229 --> 01:11:56,080

[Music]

2014

01:12:01,030 --> 01:11:58,239

yes yeah the sufis have a pretty good

2015

01:12:02,950 --> 01:12:01,040

idea of they believe of what they're

2016

01:12:05,030 --> 01:12:02,960

talking about um

2017

01:12:06,390 --> 01:12:05,040

in general jewish tradition will hold

2018

01:12:08,630 --> 01:12:06,400

this up so

2019

01:12:09,990 --> 01:12:08,640

move into the eastern religions and and

2020

01:12:11,910 --> 01:12:10,000

you know the larger things surrounding

2021

01:12:13,189 --> 01:12:11,920

buddhism and hinduism they're ready too

2022

01:12:14,310 --> 01:12:13,199

they'll they'll tell you who we're

2023

01:12:17,110 --> 01:12:14,320

dealing with

2024

01:12:18,390 --> 01:12:17,120

um like a lot of other folks so

2025

01:12:19,510 --> 01:12:18,400

it

2026

01:12:23,030 --> 01:12:19,520

we need

2027

01:12:24,709 --> 01:12:23,040

that there's this this metaphor of us

2028

01:12:27,110 --> 01:12:24,719

we're all in a gymnasium and since we're

2029

01:12:29,030 --> 01:12:27,120

so polarized in this world right now i

2030

01:12:30,950 --> 01:12:29,040

think it fits you got half the team on

2031

01:12:32,470 --> 01:12:30,960

this side of the gym and the other team

2032

01:12:34,229 --> 01:12:32,480

on the other half for the gym we're all

2033

01:12:35,510 --> 01:12:34,239

trying to describe one object that's in

2034

01:12:37,189 --> 01:12:35,520

the center of the gym but we're not

2035

01:12:38,790 --> 01:12:37,199

comparing

2036

01:12:40,390 --> 01:12:38,800

i'm not asking what you see over there

2037

01:12:42,470 --> 01:12:40,400

i'm telling you what i see from over

2038

01:12:43,830 --> 01:12:42,480

here we need that group to come together

2039

01:12:45,189 --> 01:12:43,840

and kind of start walking around in a

2040

01:12:47,189 --> 01:12:45,199

circle and seeing the whole thing

2041

01:12:48,709 --> 01:12:47,199

together um not just sitting in their

2042

01:12:50,790 --> 01:12:48,719

little their little comfy spot and

2043

01:12:53,430 --> 01:12:50,800

telling the rest of us what it is

2044

01:12:56,149 --> 01:12:53,440

exactly very well said i i like the

2045

01:12:59,669 --> 01:12:56,159

metaphors it's perfect um so why don't

2046

01:13:01,350 --> 01:12:59,679

we shift gears and let's talk about

2047

01:13:02,229 --> 01:13:01,360

2004

2048

01:13:04,390 --> 01:13:02,239

and

2049

01:13:07,830 --> 01:13:04,400

that whole situation if you wouldn't

2050

01:13:09,910 --> 01:13:07,840

mind uh you know i would say that 95 of

2051

01:13:12,390 --> 01:13:09,920

the people that listen to the show

2052

01:13:14,790 --> 01:13:12,400

know quite a bit about the the whole

2053

01:13:17,669 --> 01:13:14,800

tic tac nimitz encounter but i want to

2054

01:13:19,430 --> 01:13:17,679

hear it from your perspective if you'd

2055

01:13:21,430 --> 01:13:19,440

like to share it with us

2056

01:13:22,950 --> 01:13:21,440

you know i've told it so many times now

2057

01:13:24,630 --> 01:13:22,960

that i'm going to tell it but i'm going

2058

01:13:26,790 --> 01:13:24,640

to tell it a little differently than

2059

01:13:29,910 --> 01:13:26,800

than i have in the past because

2060

01:13:31,510 --> 01:13:29,920

we've come so far now since 2004

2061

01:13:32,790 --> 01:13:31,520

and we've come so far in the last few

2062

01:13:35,430 --> 01:13:32,800

years

2063

01:13:38,070 --> 01:13:35,440

we wouldn't be here without kevin day

2064

01:13:40,149 --> 01:13:38,080

if senior chief kevin day had not been

2065

01:13:42,950 --> 01:13:40,159

paying attention

2066

01:13:44,630 --> 01:13:42,960

and had not been a science fiction fan

2067

01:13:46,630 --> 01:13:44,640

like they muddied the water with mr

2068

01:13:49,669 --> 01:13:46,640

moultrie today

2069

01:13:52,310 --> 01:13:49,679

he might not have had

2070

01:13:54,149 --> 01:13:52,320

the wherewithal to say anything

2071

01:13:56,229 --> 01:13:54,159

but he was he was a dedicated senior

2072

01:13:57,910 --> 01:13:56,239

chief petty officer he was an incredibly

2073

01:13:59,030 --> 01:13:57,920

consummate professional

2074

01:14:00,229 --> 01:13:59,040

and

2075

01:14:02,149 --> 01:14:00,239

there was no way this guy was going to

2076

01:14:04,070 --> 01:14:02,159

let it go and he didn't he faced

2077

01:14:05,990 --> 01:14:04,080

ridicule on the on the princeton even

2078

01:14:07,430 --> 01:14:06,000

from his friends we all gave him hell

2079

01:14:08,870 --> 01:14:07,440

hell over this thing even the day that

2080

01:14:10,229 --> 01:14:08,880

they finally sent the video over the

2081

01:14:11,830 --> 01:14:10,239

first thing i said to him is kevin what

2082

01:14:13,510 --> 01:14:11,840

the hell have you got me wasting my time

2083

01:14:15,030 --> 01:14:13,520

chasing up there on the bridge

2084

01:14:16,950 --> 01:14:15,040

and the night before i'd seen him in the

2085

01:14:17,990 --> 01:14:16,960

sky myself you know and i'd seen him on

2086

01:14:19,590 --> 01:14:18,000

radar

2087

01:14:22,149 --> 01:14:19,600

and everything else and even even back

2088

01:14:25,030 --> 01:14:22,159

then i was still giving him hell for it

2089

01:14:26,709 --> 01:14:25,040

um so i just wanted to come out and say

2090

01:14:28,470 --> 01:14:26,719

to kevin i wanted to say thank you so

2091

01:14:30,709 --> 01:14:28,480

much because you started the

2092

01:14:32,229 --> 01:14:30,719

ball rolling on this in a modern fashion

2093

01:14:34,229 --> 01:14:32,239

and i don't think we'd be here without

2094

01:14:36,070 --> 01:14:34,239

him i want to say before you move on

2095

01:14:38,790 --> 01:14:36,080

with kevin just real quickly because i

2096

01:14:39,990 --> 01:14:38,800

think it's interesting um i had robert

2097

01:14:43,430 --> 01:14:40,000

powell on

2098

01:14:45,669 --> 01:14:43,440

a number of years ago and kevin day was

2099

01:14:47,750 --> 01:14:45,679

watching that night

2100

01:14:50,470 --> 01:14:47,760

and he wrote a comment

2101
01:14:52,709 --> 01:14:50,480
and before that he was an unknown about

2102
01:14:54,390 --> 01:14:52,719
this whole situation and he wrote a

2103
01:14:57,030 --> 01:14:54,400
comment and

2104
01:14:58,709 --> 01:14:57,040
robert powell contacted me and said he's

2105
01:15:01,350 --> 01:14:58,719
connected with this guy that wrote a

2106
01:15:03,430 --> 01:15:01,360
comment and he looks like he's legit

2107
01:15:05,110 --> 01:15:03,440
that he has to do with the nimitz and

2108
01:15:07,270 --> 01:15:05,120
i'm not saying i had anything to do with

2109
01:15:10,310 --> 01:15:07,280
him coming out but that's how he got in

2110
01:15:13,189 --> 01:15:10,320
touch with robert uh powell and how when

2111
01:15:15,270 --> 01:15:13,199
how it kind of went from there and uh uh

2112
01:15:17,590 --> 01:15:15,280
yeah kevin's a great guy he's taken this

2113
01:15:19,510 --> 01:15:17,600

very emotionally this has been a real

2114

01:15:21,189 --> 01:15:19,520

emotional thing for him

2115

01:15:24,630 --> 01:15:21,199

and you know i

2116

01:15:27,510 --> 01:15:24,640

it kind of pains me to see how um how

2117

01:15:29,430 --> 01:15:27,520

that has affected him but um i'm really

2118

01:15:30,630 --> 01:15:29,440

glad he's he's come out and talked about

2119

01:15:31,510 --> 01:15:30,640

it

2120

01:15:34,470 --> 01:15:31,520

yeah

2121

01:15:35,990 --> 01:15:34,480

just wanted to put that i thought it was

2122

01:15:37,030 --> 01:15:36,000

kind of an interesting

2123

01:15:38,790 --> 01:15:37,040

tidbit

2124

01:15:41,910 --> 01:15:38,800

kevin's a great guy he initially

2125

01:15:43,750 --> 01:15:41,920

initiated me as a chief petty officer um

2126
01:15:45,669 --> 01:15:43,760
he he helped mold me into the leader

2127
01:15:47,270 --> 01:15:45,679
that i became and

2128
01:15:50,149 --> 01:15:47,280
this is an emotional subject for a lot

2129
01:15:51,430 --> 01:15:50,159
of folks um

2130
01:15:53,110 --> 01:15:51,440
but

2131
01:15:54,790 --> 01:15:53,120
i i don't want to get into that aspect

2132
01:15:56,149 --> 01:15:54,800
because i'm i'm i can dive down the

2133
01:15:57,590 --> 01:15:56,159
emotional rabbit hole in a minute and

2134
01:15:59,510 --> 01:15:57,600
you'll lose me for the rest of the show

2135
01:16:01,110 --> 01:15:59,520
so

2136
01:16:03,110 --> 01:16:01,120
um

2137
01:16:06,470 --> 01:16:03,120
let me say that uh

2138
01:16:07,669 --> 01:16:06,480

so so thanks kevin seriously um but and

2139

01:16:09,110 --> 01:16:07,679

beyond that i want to thank gary

2140

01:16:11,270 --> 01:16:09,120

voorhees because i'll start telling the

2141

01:16:12,870 --> 01:16:11,280

story now but in in o4 i was on board

2142

01:16:13,830 --> 01:16:12,880

the uss princeton i was the chief master

2143

01:16:15,830 --> 01:16:13,840

at arms

2144

01:16:17,350 --> 01:16:15,840

um when i first got the call that

2145

01:16:18,630 --> 01:16:17,360

anything was going on i was standing

2146

01:16:19,990 --> 01:16:18,640

watch on the bridge as the conning

2147

01:16:21,830 --> 01:16:20,000

officer and the junior officer of the

2148

01:16:23,750 --> 01:16:21,840

deck when when senior chief kevin day

2149

01:16:25,430 --> 01:16:23,760

called me on the telephone on the bridge

2150

01:16:28,149 --> 01:16:25,440

and asked me to start moving the ship on

2151
01:16:29,350 --> 01:16:28,159
certain vectors and certain courses to

2152
01:16:31,590 --> 01:16:29,360
to try to

2153
01:16:33,590 --> 01:16:31,600
help him calibrate some stuff

2154
01:16:34,870 --> 01:16:33,600
and figure out this anomaly they had in

2155
01:16:36,229 --> 01:16:34,880
the system and i wasn't paying too much

2156
01:16:38,630 --> 01:16:36,239
attention to it we just i just did what

2157
01:16:40,630 --> 01:16:38,640
he asked um after a while he asked my

2158
01:16:42,790 --> 01:16:40,640
lookouts or called me and said hey have

2159
01:16:44,870 --> 01:16:42,800
your lookouts keep an eye out on these

2160
01:16:46,149 --> 01:16:44,880
vectors for for any lights in the sky or

2161
01:16:49,110 --> 01:16:46,159
anything anomalous and i was like oh

2162
01:16:51,510 --> 01:16:49,120
that's cool okay sure and um as time

2163
01:16:52,470 --> 01:16:51,520

went by as the days progressed over this

2164

01:16:54,790 --> 01:16:52,480

week

2165

01:16:56,149 --> 01:16:54,800

um he kept calling me more then we

2166

01:16:58,149 --> 01:16:56,159

started talking about it in the chief's

2167

01:16:59,750 --> 01:16:58,159

mess and talking about it on the bridge

2168

01:17:01,430 --> 01:16:59,760

and we found out that you know gary

2169

01:17:03,110 --> 01:17:01,440

voorhees was running around rebooting

2170

01:17:05,189 --> 01:17:03,120

radars and

2171

01:17:06,870 --> 01:17:05,199

pulling tapes and and doing all this

2172

01:17:08,550 --> 01:17:06,880

stuff that i don't understand with his

2173

01:17:11,189 --> 01:17:08,560

equipment

2174

01:17:13,030 --> 01:17:11,199

and as the course of days went by this

2175

01:17:15,030 --> 01:17:13,040

got more and more interesting and kevin

2176
01:17:17,189 --> 01:17:15,040
got more and more serious about how he

2177
01:17:18,149 --> 01:17:17,199
was guiding these efforts

2178
01:17:19,669 --> 01:17:18,159
and

2179
01:17:21,110 --> 01:17:19,679
finally the night before we saw the

2180
01:17:23,189 --> 01:17:21,120
video i'm not sure

2181
01:17:24,550 --> 01:17:23,199
where in this uh commander favor was

2182
01:17:26,070 --> 01:17:24,560
sorted and commander

2183
01:17:27,110 --> 01:17:26,080
dietrich were sorted

2184
01:17:28,390 --> 01:17:27,120
um

2185
01:17:30,149 --> 01:17:28,400
because i might have been in my rack at

2186
01:17:31,189 --> 01:17:30,159
that time i was i was working the night

2187
01:17:32,950 --> 01:17:31,199
shift

2188
01:17:35,270 --> 01:17:32,960

but kevin called me up on the bridge and

2189

01:17:37,590 --> 01:17:35,280

asked me vehemently to take seriously

2190

01:17:39,350 --> 01:17:37,600

that my lookouts keep their eyes out so

2191

01:17:41,430 --> 01:17:39,360

i i really hadn't been i've been really

2192

01:17:43,430 --> 01:17:41,440

involved in the exercise more

2193

01:17:45,590 --> 01:17:43,440

so i went out and told all the all my

2194

01:17:47,350 --> 01:17:45,600

lookouts on the sound powered phones and

2195

01:17:48,790 --> 01:17:47,360

those that i could reach in person that

2196

01:17:49,910 --> 01:17:48,800

this was serious and then i started

2197

01:17:51,110 --> 01:17:49,920

looking too because i wasn't going to

2198

01:17:52,790 --> 01:17:51,120

tell them to do it and go in and drink

2199

01:17:54,229 --> 01:17:52,800

cup of coffee

2200

01:17:56,550 --> 01:17:54,239

so i grabbed some binos and started

2201

01:17:58,790 --> 01:17:56,560

looking too

2202

01:17:59,830 --> 01:17:58,800

and i was on the the port bridge wing

2203

01:18:02,229 --> 01:17:59,840

um

2204

01:18:05,030 --> 01:18:02,239

and when i started to scan from the beam

2205

01:18:07,110 --> 01:18:05,040

up towards the uh up towards the foxel

2206

01:18:08,630 --> 01:18:07,120

and up at about 45 degrees at around

2207

01:18:10,229 --> 01:18:08,640

2000 feet

2208

01:18:11,510 --> 01:18:10,239

at least that's what that's the vector

2209

01:18:13,189 --> 01:18:11,520

that it seemed to be there were about

2210

01:18:15,350 --> 01:18:13,199

five to seven

2211

01:18:17,430 --> 01:18:15,360

um lights in the sky excuse me i'm

2212

01:18:18,550 --> 01:18:17,440

reaching off camera five to seven lights

2213

01:18:20,630 --> 01:18:18,560

in the sky

2214

01:18:22,149 --> 01:18:20,640

and they were all moving

2215

01:18:23,510 --> 01:18:22,159

clockwise towards the center of this

2216

01:18:24,550 --> 01:18:23,520

formation

2217

01:18:26,229 --> 01:18:24,560

and

2218

01:18:28,790 --> 01:18:26,239

one would start moving towards it was

2219

01:18:31,270 --> 01:18:28,800

almost like it was going down

2220

01:18:32,390 --> 01:18:31,280

a funnel okay it would it would move

2221

01:18:33,910 --> 01:18:32,400

towards the center and it would

2222

01:18:35,590 --> 01:18:33,920

disappear and then the next one would

2223

01:18:37,669 --> 01:18:35,600

follow in and they all started moving

2224

01:18:40,070 --> 01:18:37,679

and they were all gone

2225

01:18:41,750 --> 01:18:40,080

and i turned to the lookout next to me

2226

01:18:43,350 --> 01:18:41,760

and using saltier language i said you

2227

01:18:45,510 --> 01:18:43,360

know did you see that and he said yes

2228

01:18:47,110 --> 01:18:45,520

chief i did we kind of both just

2229

01:18:48,550 --> 01:18:47,120

stood there looking back and forth for a

2230

01:18:50,550 --> 01:18:48,560

minute

2231

01:18:51,910 --> 01:18:50,560

and then interestingly enough i just

2232

01:18:53,910 --> 01:18:51,920

went into the bridge and kind of looked

2233

01:18:56,229 --> 01:18:53,920

around and it was late kevin wasn't on

2234

01:18:58,470 --> 01:18:56,239

watch anymore we had an exercise to do

2235

01:18:59,830 --> 01:18:58,480

so i just got back to work

2236

01:19:02,070 --> 01:18:59,840

um

2237

01:19:03,350 --> 01:19:02,080

i know people might say even even other

2238

01:19:05,189 --> 01:19:03,360

sailors might say why didn't you make a

2239

01:19:06,870 --> 01:19:05,199

log entry

2240

01:19:13,189 --> 01:19:06,880

it

2241

01:19:15,350 --> 01:19:13,199

lights in the sky in a circle pattern

2242

01:19:16,709 --> 01:19:15,360

and i know a lot of people are gonna

2243

01:19:17,990 --> 01:19:16,719

gonna say but that's your job and

2244

01:19:19,910 --> 01:19:18,000

everything else but we were very

2245

01:19:22,390 --> 01:19:19,920

stigmatized those weren't whatever those

2246

01:19:24,790 --> 01:19:22,400

were i wasn't worried about them

2247

01:19:26,390 --> 01:19:24,800

if they were either our aircraft or they

2248

01:19:27,910 --> 01:19:26,400

were supposed to be there or they were

2249

01:19:33,110 --> 01:19:27,920

something explainable i really wasn't

2250

01:19:35,510 --> 01:19:33,120

taking this idea of ufos very seriously

2251

01:19:37,030 --> 01:19:35,520

that all changed the next morning we i

2252

01:19:38,229 --> 01:19:37,040

got up in the morning and went out for

2253

01:19:40,070 --> 01:19:38,239

breakfast and

2254

01:19:42,390 --> 01:19:40,080

kevin was sitting there smiling this

2255

01:19:44,709 --> 01:19:42,400

huge huge infectious smile that he had

2256

01:19:45,510 --> 01:19:44,719

because he smiles with his whole face

2257

01:19:50,950 --> 01:19:45,520

and

2258

01:19:53,189 --> 01:19:50,960

that he worked with sitting next to him

2259

01:19:55,669 --> 01:19:53,199

was a very gruff rough sob

2260

01:19:57,270 --> 01:19:55,679

and uh he was not smiling and i i said

2261

01:19:58,709 --> 01:19:57,280

to kevin you know what are you what do

2262

01:19:59,830 --> 01:19:58,719

you got me chasing around up there on

2263

01:20:02,470 --> 01:19:59,840

the bridge i was just giving him hell it

2264

01:20:04,550 --> 01:20:02,480

was breakfast i hadn't had my coffee yet

2265

01:20:06,629 --> 01:20:04,560

and he's just smiling just

2266

01:20:08,470 --> 01:20:06,639

just sitting there like this and his the

2267

01:20:10,149 --> 01:20:08,480

other senior chief said go go check your

2268

01:20:12,149 --> 01:20:10,159

effing email

2269

01:20:14,390 --> 01:20:12,159

in the back go check the supernet and i

2270

01:20:16,470 --> 01:20:14,400

said all right so then i have a crowd of

2271

01:20:18,229 --> 01:20:16,480

about four guys around me following me

2272

01:20:20,229 --> 01:20:18,239

into the chief's lounge where i logged

2273

01:20:22,310 --> 01:20:20,239

onto the computer and just everybody

2274

01:20:25,030 --> 01:20:22,320

coffee cup in hand smiling wait can't

2275

01:20:26,470 --> 01:20:25,040

wait to see my face when i see this

2276

01:20:29,189 --> 01:20:26,480

and it was a whole it was a huge holy

2277

01:20:30,390 --> 01:20:29,199

crap moment um i immediately knew i was

2278

01:20:33,030 --> 01:20:30,400

looking at gun cam you know i was like

2279

01:20:34,390 --> 01:20:33,040

this is a flear module this is okay i'm

2280

01:20:36,310 --> 01:20:34,400

checking all the data in the corners i'm

2281

01:20:37,510 --> 01:20:36,320

like what the hell is this did we sort

2282

01:20:39,189 --> 01:20:37,520

the aircraft

2283

01:20:40,629 --> 01:20:39,199

what is it

2284

01:20:41,910 --> 01:20:40,639

what is that

2285

01:20:43,590 --> 01:20:41,920

what am i look you know i knew

2286

01:20:45,669 --> 01:20:43,600

immediately just as everybody else and

2287

01:20:49,030 --> 01:20:45,679

everybody's nodding like this

2288

01:20:50,950 --> 01:20:49,040

this wasn't an aircraft this was a tube

2289

01:20:52,229 --> 01:20:50,960

this was this was as we now call it a

2290

01:20:53,110 --> 01:20:52,239

tic tac

2291

01:20:57,110 --> 01:20:53,120

um

2292

01:20:59,590 --> 01:20:57,120

no wings no rotors no jets no retro

2293

01:21:01,110 --> 01:20:59,600

rockets no no nothing

2294

01:21:01,990 --> 01:21:01,120

and

2295

01:21:03,590 --> 01:21:02,000

you know

2296

01:21:05,430 --> 01:21:03,600

we're taking it all in at once but we're

2297

01:21:06,870 --> 01:21:05,440

watching altitude and vectoring and

2298

01:21:08,709 --> 01:21:06,880

targeting and all of this stuff and the

2299

01:21:10,390 --> 01:21:08,719

thing goes

2300

01:21:11,990 --> 01:21:10,400

and i immediately turn around i go that

2301

01:21:13,350 --> 01:21:12,000

was that the camera

2302

01:21:14,550 --> 01:21:13,360

or did that thing zorch out of there

2303

01:21:16,229 --> 01:21:14,560

like crazy

2304

01:21:18,790 --> 01:21:16,239

and kevin's just smiling he's like it

2305

01:21:20,790 --> 01:21:18,800

took off bro it took off

2306

01:21:23,110 --> 01:21:20,800

and you know we're having that kind of

2307

01:21:24,709 --> 01:21:23,120

conversation in the back

2308

01:21:26,470 --> 01:21:24,719

um

2309

01:21:28,229 --> 01:21:26,480

the the day progressed we had another

2310

01:21:30,070 --> 01:21:28,239

exercise to do but that evening we had

2311

01:21:33,189 --> 01:21:30,080

an operations and intelligence briefing

2312

01:21:35,350 --> 01:21:33,199

um scheduled not interesting

2313

01:21:36,870 --> 01:21:35,360

when doing exercises on the ship nothing

2314

01:21:38,550 --> 01:21:36,880

cool in there for the people that get

2315

01:21:40,790 --> 01:21:38,560

triggered by the word intelligence or

2316

01:21:42,149 --> 01:21:40,800

secret or stuff like that

2317

01:21:43,830 --> 01:21:42,159

really the most secret thing we were

2318

01:21:45,189 --> 01:21:43,840

going to talk about was the weather and

2319

01:21:46,470 --> 01:21:45,199

that always makes people laugh because

2320

01:21:48,390 --> 01:21:46,480

you don't want the enemy to have a

2321

01:21:50,550 --> 01:21:48,400

better look at the weather than you do

2322

01:21:51,350 --> 01:21:50,560

so that that's often classified at a low

2323

01:21:54,229 --> 01:21:51,360

level

2324

01:21:56,229 --> 01:21:54,239

um but we had our briefing that evening

2325

01:21:57,590 --> 01:21:56,239

and it was it was pretty much status quo

2326

01:22:00,229 --> 01:21:57,600

except for the fact that i had been

2327

01:22:01,990 --> 01:22:00,239

asked to post up at the front door and

2328

01:22:03,350 --> 01:22:02,000

or keep an eye at the

2329

01:22:04,709 --> 01:22:03,360

the uh

2330

01:22:07,030 --> 01:22:04,719

the petty officer that was at the front

2331

01:22:08,709 --> 01:22:07,040

door because they had a list of people's

2332

01:22:10,310 --> 01:22:08,719

current clearances

2333

01:22:13,510 --> 01:22:10,320

and whether somebody had elapsed

2334

01:22:14,709 --> 01:22:13,520

clearance or or or had the the wrong

2335

01:22:15,669 --> 01:22:14,719

clearance

2336

01:22:16,790 --> 01:22:15,679

and

2337

01:22:18,310 --> 01:22:16,800

they just wanted to make sure that if

2338

01:22:19,910 --> 01:22:18,320

anybody had beef with them or gave them

2339

01:22:21,590 --> 01:22:19,920

a hard time and you know said let me in

2340

01:22:22,790 --> 01:22:21,600

any way that the sheriff would just go

2341

01:22:25,030 --> 01:22:22,800

take care of it

2342

01:22:26,790 --> 01:22:25,040

uh we didn't have any issues but that

2343

01:22:30,310 --> 01:22:26,800

never became

2344

01:22:33,110 --> 01:22:30,320

a valid point throughout the evening

2345

01:22:35,270 --> 01:22:33,120

because we didn't address it um when the

2346

01:22:36,709 --> 01:22:35,280

the briefing started

2347

01:22:38,070 --> 01:22:36,719

the captain

2348

01:22:39,830 --> 01:22:38,080

basically the the lieutenant that

2349

01:22:42,310 --> 01:22:39,840

started hit the space bar on the old

2350

01:22:44,390 --> 01:22:42,320

2004 power points again these weren't

2351
01:22:45,910 --> 01:22:44,400
holograms and spaceships in 2004. we

2352
01:22:47,910 --> 01:22:45,920
didn't even have iphones but we i think

2353
01:22:48,790 --> 01:22:47,920
we just got your ipod

2354
01:22:51,510 --> 01:22:48,800
but

2355
01:22:53,910 --> 01:22:51,520
um very primitive

2356
01:22:55,750 --> 01:22:53,920
mars attacks type

2357
01:22:57,910 --> 01:22:55,760
saucer flies across the screen with a

2358
01:22:59,669 --> 01:22:57,920
little spooky music

2359
01:23:01,430 --> 01:22:59,679
and half the room erupts in laughter and

2360
01:23:03,110 --> 01:23:01,440
the other half turns and says what are

2361
01:23:04,550 --> 01:23:03,120
we laughing at and

2362
01:23:05,990 --> 01:23:04,560
[Music]

2363
01:23:08,550 --> 01:23:06,000

you know the chatter settles for about

2364

01:23:10,070 --> 01:23:08,560

30 seconds and the captain says well

2365

01:23:11,270 --> 01:23:10,080

we had an interesting week that was a

2366

01:23:13,669 --> 01:23:11,280

lot of fun

2367

01:23:16,629 --> 01:23:13,679

let's move on and that was it

2368

01:23:18,310 --> 01:23:16,639

wow and there was never any discussion

2369

01:23:20,310 --> 01:23:18,320

about it afterward we all still had the

2370

01:23:22,149 --> 01:23:20,320

chain of emails in our in our inbox we

2371

01:23:23,830 --> 01:23:22,159

all still had the video no one ever said

2372

01:23:25,750 --> 01:23:23,840

you can't show it you can't send it you

2373

01:23:27,350 --> 01:23:25,760

can't share it i mean it was on the

2374

01:23:28,310 --> 01:23:27,360

sipper net so you couldn't take it with

2375

01:23:30,790 --> 01:23:28,320

you

2376

01:23:33,510 --> 01:23:30,800

but we were never cautioned it just

2377

01:23:37,110 --> 01:23:33,520

never came up again now could you send a

2378

01:23:38,709 --> 01:23:37,120

an email out of that supernet to uh

2379

01:23:39,590 --> 01:23:38,719

to another email i mean to a private

2380

01:23:44,470 --> 01:23:39,600

email

2381

01:23:47,990 --> 01:23:44,480

can't it doesn't exist the lines don't

2382

01:23:50,149 --> 01:23:48,000

cross like that i got it yeah yeah wow

2383

01:23:51,910 --> 01:23:50,159

um so just a couple of things

2384

01:23:53,189 --> 01:23:51,920

about this whole situation first of all

2385

01:23:54,470 --> 01:23:53,199

when you say you went to breakfast does

2386

01:23:55,910 --> 01:23:54,480

that mean you joined him over at the

2387

01:23:57,750 --> 01:23:55,920

nimitz

2388

01:23:59,189 --> 01:23:57,760

no none of us were on the none of us

2389

01:24:00,870 --> 01:23:59,199

were on the nimitz oh i thought i

2390

01:24:02,550 --> 01:24:00,880

thought kevin

2391

01:24:04,629 --> 01:24:02,560

no we were all on the us that's right

2392

01:24:07,270 --> 01:24:04,639

yeah you're right you're right i got it

2393

01:24:10,149 --> 01:24:07,280

so the pilots and pj hughes were on the

2394

01:24:11,030 --> 01:24:10,159

minutes i got it right i i just i just

2395

01:24:14,229 --> 01:24:11,040

uh

2396

01:24:16,950 --> 01:24:14,239

misremembered that um and the video that

2397

01:24:18,629 --> 01:24:16,960

you looked at did you see video that we

2398

01:24:20,870 --> 01:24:18,639

have not seen

2399

01:24:23,430 --> 01:24:20,880

i saw exactly what we have today um

2400

01:24:24,950 --> 01:24:23,440

people may get confused because

2401

01:24:27,430 --> 01:24:24,960

i describe it a little bit differently

2402

01:24:28,790 --> 01:24:27,440

what they what they sent over to the uss

2403

01:24:29,669 --> 01:24:28,800

princeton

2404

01:24:33,510 --> 01:24:29,679

was

2405

01:24:35,270 --> 01:24:33,520

got on the princeton

2406

01:24:38,149 --> 01:24:35,280

but essentially this was what we got was

2407

01:24:40,629 --> 01:24:38,159

the greatest hits spliced together every

2408

01:24:42,390 --> 01:24:40,639

change in modality or anything that it

2409

01:24:43,590 --> 01:24:42,400

so here's three seconds of it doing this

2410

01:24:45,669 --> 01:24:43,600

three seconds of it doing that three

2411

01:24:47,189 --> 01:24:45,679

seconds anything any change

2412

01:24:48,310 --> 01:24:47,199

they clipped it down to something that

2413

01:24:49,910 --> 01:24:48,320

we could see

2414

01:24:52,149 --> 01:24:49,920

and they could squirt over on via the

2415

01:24:55,110 --> 01:24:52,159

old technology because again we i mean

2416

01:24:57,590 --> 01:24:55,120

kilobytes would take an hour to download

2417

01:24:59,590 --> 01:24:57,600

um really wow yeah it was really bad

2418

01:25:01,910 --> 01:24:59,600

back then it's nothing we're so spoiled

2419

01:25:03,830 --> 01:25:01,920

now um i i can't even explain was like

2420

01:25:05,189 --> 01:25:03,840

to leave for six months and honestly not

2421

01:25:07,910 --> 01:25:05,199

communicate with your wife and kids at

2422

01:25:08,950 --> 01:25:07,920

all um nowadays you call them every

2423

01:25:11,110 --> 01:25:08,960

night from the ship and you're on

2424

01:25:13,669 --> 01:25:11,120

facebook with them so

2425

01:25:15,590 --> 01:25:13,679

um one of the things i've heard was and

2426

01:25:17,830 --> 01:25:15,600

i had someone on this

2427

01:25:21,030 --> 01:25:17,840

show in particular that told me that he

2428

01:25:22,870 --> 01:25:21,040

actually saw a clear video not not the

2429

01:25:25,510 --> 01:25:22,880

floor foot footage

2430

01:25:26,709 --> 01:25:25,520

um so did you ever were you aware of

2431

01:25:29,669 --> 01:25:26,719

that

2432

01:25:32,149 --> 01:25:29,679

so i never heard anything about any on

2433

01:25:33,750 --> 01:25:32,159

any other vid excuse me any other video

2434

01:25:36,149 --> 01:25:33,760

the whole time i was on the ship i

2435

01:25:37,189 --> 01:25:36,159

didn't hear anything about that

2436

01:25:39,510 --> 01:25:37,199

until

2437

01:25:40,790 --> 01:25:39,520

after lou came out and after we saw the

2438

01:25:43,030 --> 01:25:40,800

other video and people have still

2439

01:25:44,709 --> 01:25:43,040

claimed that now i will say this

2440

01:25:46,470 --> 01:25:44,719

the people who have claimed to have seen

2441

01:25:49,030 --> 01:25:46,480

it claimed to have seen it in what's

2442

01:25:51,430 --> 01:25:49,040

called the cess the shipboard secure

2443

01:25:53,110 --> 01:25:51,440

shipboard signals exploitation space and

2444

01:25:54,629 --> 01:25:53,120

that was a space that was directly above

2445

01:25:55,750 --> 01:25:54,639

my office

2446

01:25:57,590 --> 01:25:55,760

it was

2447

01:25:59,430 --> 01:25:57,600

a space that i had never been all the

2448

01:26:00,950 --> 01:25:59,440

way into even as the sheriff since no

2449

01:26:02,550 --> 01:26:00,960

crime had been committed beyond the

2450

01:26:04,950 --> 01:26:02,560

black curtain in there i'd never been

2451

01:26:07,270 --> 01:26:04,960

past it and didn't need to be

2452

01:26:08,390 --> 01:26:07,280

um some folks allege they were hanging

2453

01:26:09,830 --> 01:26:08,400

out back there

2454

01:26:11,669 --> 01:26:09,840

i won't get into the fact that they

2455

01:26:13,910 --> 01:26:11,679

didn't belong in that space

2456

01:26:15,270 --> 01:26:13,920

but they claim that they saw longer

2457

01:26:17,110 --> 01:26:15,280

videos and i'm only talking about some

2458

01:26:20,550 --> 01:26:17,120

specific folks but they claim that they

2459

01:26:23,910 --> 01:26:20,560

saw longer clearer 4k videos

2460

01:26:25,669 --> 01:26:23,920

i i have not i've not been when i have

2461

01:26:27,350 --> 01:26:25,679

asked folks who

2462

01:26:29,510 --> 01:26:27,360

are in the know

2463

01:26:31,189 --> 01:26:29,520

no just the gun camera footage um i

2464

01:26:32,790 --> 01:26:31,199

think people are

2465

01:26:35,030 --> 01:26:32,800

people may be misinterpreting the

2466

01:26:36,629 --> 01:26:35,040

difference between and i know people are

2467

01:26:38,470 --> 01:26:36,639

going to think i'm really trying to make

2468

01:26:40,669 --> 01:26:38,480

an excuse here but i'm not

2469

01:26:43,189 --> 01:26:40,679

there's a big difference between a

2470

01:26:46,629 --> 01:26:43,199

450 kilobyte

2471

01:26:49,270 --> 01:26:46,639

high def for 2004 video shown on a

2472

01:26:51,990 --> 01:26:49,280

computer from 2004

2473

01:26:54,709 --> 01:26:52,000

then there is to a very low def video

2474

01:26:56,550 --> 01:26:54,719

now in 2022 being shown on a retina

2475

01:26:58,950 --> 01:26:56,560

display macintosh

2476
01:27:00,470 --> 01:26:58,960
um and your perception of what you're

2477
01:27:01,990 --> 01:27:00,480
seeing

2478
01:27:03,510 --> 01:27:02,000
is going to be very different the

2479
01:27:05,430 --> 01:27:03,520
television that i watched on black and

2480
01:27:07,750 --> 01:27:05,440
white televisions and later on tiny

2481
01:27:09,990 --> 01:27:07,760
color televisions seemed just as vibrant

2482
01:27:11,350 --> 01:27:10,000
and amazing to me as my 60-inch plasma

2483
01:27:14,790 --> 01:27:11,360
at the time

2484
01:27:17,350 --> 01:27:14,800
so i i i'm i haven't seen any evidence

2485
01:27:19,590 --> 01:27:17,360
of a of a more interesting video from o4

2486
01:27:21,189 --> 01:27:19,600
i'd love to see it if it exists i'm not

2487
01:27:23,510 --> 01:27:21,199
not trying to make that go away or make

2488
01:27:25,189 --> 01:27:23,520

excuses but i've never seen

2489

01:27:26,550 --> 01:27:25,199

or heard anything official that says

2490

01:27:30,470 --> 01:27:26,560

that there was one

2491

01:27:32,550 --> 01:27:30,480

yeah yeah well it's still with all the

2492

01:27:35,830 --> 01:27:32,560

you know like you mentioned earlier

2493

01:27:38,790 --> 01:27:35,840

david fravor and alex um

2494

01:27:40,790 --> 01:27:38,800

alex um what's her last name

2495

01:27:44,070 --> 01:27:40,800

uh

2496

01:27:45,189 --> 01:27:44,080

with her testimony of what they saw

2497

01:27:47,990 --> 01:27:45,199

it's

2498

01:27:50,390 --> 01:27:48,000

just amazing and i gotta say you know

2499

01:27:51,830 --> 01:27:50,400

commander fravor was extremely

2500

01:27:54,390 --> 01:27:51,840

convincing

2501
01:27:55,510 --> 01:27:54,400
and every time i've heard him talk about

2502
01:27:58,390 --> 01:27:55,520
it

2503
01:27:59,350 --> 01:27:58,400
because he seems like a no-nonsense type

2504
01:28:02,709 --> 01:27:59,360
of guy

2505
01:28:05,189 --> 01:28:02,719
and why you know i mean

2506
01:28:08,070 --> 01:28:05,199
it seems like for instance

2507
01:28:10,149 --> 01:28:08,080
why wouldn't the task force want to talk

2508
01:28:13,350 --> 01:28:10,159
to him directly

2509
01:28:15,990 --> 01:28:13,360
you know and ask him lots of questions

2510
01:28:18,149 --> 01:28:16,000
and along with uh dietrich

2511
01:28:20,709 --> 01:28:18,159
you know it seems like that would that's

2512
01:28:22,709 --> 01:28:20,719
a firsthand witness right there

2513
01:28:24,070 --> 01:28:22,719

i i agree with you and i i think that

2514

01:28:25,910 --> 01:28:24,080

what we have to look at there if i'm

2515

01:28:27,430 --> 01:28:25,920

being kind to the task force the task

2516

01:28:29,350 --> 01:28:27,440

force is two guys

2517

01:28:31,750 --> 01:28:29,360

um and then a you know and a

2518

01:28:34,310 --> 01:28:31,760

responsibility and a network um that

2519

01:28:35,910 --> 01:28:34,320

they're a lot that they can access

2520

01:28:37,669 --> 01:28:35,920

but

2521

01:28:39,990 --> 01:28:37,679

sorry i just had a really loud car start

2522

01:28:41,590 --> 01:28:40,000

outside um

2523

01:28:44,070 --> 01:28:41,600

what we're what we're also looking at

2524

01:28:45,910 --> 01:28:44,080

here is

2525

01:28:47,510 --> 01:28:45,920

man i'm sorry that the noise don't even

2526

01:28:51,830 --> 01:28:47,520

hear the houses don't really distract me

2527

01:28:57,110 --> 01:28:53,830

i'm sorry i think i that that kind of

2528

01:28:59,270 --> 01:28:57,120

canned my train of thought

2529

01:29:01,110 --> 01:28:59,280

as happens all right i was talking about

2530

01:29:02,070 --> 01:29:01,120

dietrich and

2531

01:29:06,550 --> 01:29:02,080

yeah

2532

01:29:09,270 --> 01:29:06,560

what i see is is i saw i saw two people

2533

01:29:10,550 --> 01:29:09,280

get an insane mission get a limited time

2534

01:29:12,709 --> 01:29:10,560

to do it

2535

01:29:14,870 --> 01:29:12,719

they weren't completely educated up to

2536

01:29:16,229 --> 01:29:14,880

the point where they they needed to be

2537

01:29:18,709 --> 01:29:16,239

they did the best they could in a short

2538

01:29:20,950 --> 01:29:18,719

amount of time i think that this these

2539

01:29:23,350 --> 01:29:20,960

this first hearing and what we've seen i

2540

01:29:24,870 --> 01:29:23,360

i think they'll get the feedback i mean

2541

01:29:26,390 --> 01:29:24,880

yeah the fact that representative

2542

01:29:27,990 --> 01:29:26,400

brichette immediately turned around and

2543

01:29:29,750 --> 01:29:28,000

kind of called you know raise the bs

2544

01:29:33,430 --> 01:29:29,760

flag was like where's where are the

2545

01:29:34,950 --> 01:29:33,440

pilots where are the better you know etc

2546

01:29:37,590 --> 01:29:34,960

now it's up to them it's up to them to

2547

01:29:39,990 --> 01:29:37,600

follow on and fix those mistakes the the

2548

01:29:41,430 --> 01:29:40,000

the task force and and the

2549

01:29:44,629 --> 01:29:41,440

the

2550

01:29:46,229 --> 01:29:44,639

hearings

2551
01:29:47,669 --> 01:29:46,239
have an ability to make this right and

2552
01:29:49,030 --> 01:29:47,679
make it right quickly in a way that's

2553
01:29:50,310 --> 01:29:49,040
going to gain them a great deal of

2554
01:29:52,149 --> 01:29:50,320
support

2555
01:29:54,470 --> 01:29:52,159
um i i think they would get a

2556
01:29:55,990 --> 01:29:54,480
groundswell of support from from perhaps

2557
01:29:57,270 --> 01:29:56,000
millions of people if they if they

2558
01:29:59,270 --> 01:29:57,280
actually produced something we could

2559
01:30:01,830 --> 01:29:59,280
work on and gave us a viable timeline

2560
01:30:03,510 --> 01:30:01,840
for for what we can expect

2561
01:30:06,310 --> 01:30:03,520
but if they leave us in the dark

2562
01:30:09,430 --> 01:30:06,320
piecemeal with these ad hoc hearings

2563
01:30:11,830 --> 01:30:09,440

that they sprinkle throughout the future

2564

01:30:14,550 --> 01:30:11,840

i don't see folks just saying okay and

2565

01:30:16,629 --> 01:30:14,560

going back to work um there's a lot

2566

01:30:17,590 --> 01:30:16,639

there's a lot of money tied up in uap

2567

01:30:19,830 --> 01:30:17,600

right now

2568

01:30:23,189 --> 01:30:19,840

um there's a lot of people that have

2569

01:30:25,430 --> 01:30:23,199

started companies and foundations and

2570

01:30:27,910 --> 01:30:25,440

and think tanks and

2571

01:30:30,709 --> 01:30:27,920

and all of this stuff it's all exciting

2572

01:30:32,830 --> 01:30:30,719

yeah it's very exciting but the question

2573

01:30:34,709 --> 01:30:32,840

is is who's gonna who's gonna get the

2574

01:30:36,709 --> 01:30:34,719

mic um

2575

01:30:39,030 --> 01:30:36,719

is a really good question and are we

2576

01:30:40,070 --> 01:30:39,040

going to see narratives put forth and

2577

01:30:41,510 --> 01:30:40,080

are those narratives going to be

2578

01:30:42,870 --> 01:30:41,520

narratives we all share and can

2579

01:30:44,790 --> 01:30:42,880

understand together or are they just

2580

01:30:46,950 --> 01:30:44,800

going to be aimed at markets that are

2581

01:30:48,470 --> 01:30:46,960

going to fill coffers because we've seen

2582

01:30:49,830 --> 01:30:48,480

that already

2583

01:30:51,990 --> 01:30:49,840

well i think you're making a very good

2584

01:30:53,990 --> 01:30:52,000

point here and why should anyone have a

2585

01:30:55,110 --> 01:30:54,000

mic in particular

2586

01:30:59,270 --> 01:30:55,120

exactly

2587

01:31:01,189 --> 01:30:59,280

if this isn't for all of us it's not

2588

01:31:04,790 --> 01:31:01,199

going to be worth it yeah i mean we

2589

01:31:06,310 --> 01:31:04,800

don't want and and uh unfortunately a

2590

01:31:08,310 --> 01:31:06,320

lot of things have to do with money and

2591

01:31:09,750 --> 01:31:08,320

if someone could cash in uh that would

2592

01:31:11,350 --> 01:31:09,760

be another thing that would happen you

2593

01:31:13,510 --> 01:31:11,360

could i could see that

2594

01:31:15,030 --> 01:31:13,520

i want to go back to your briefing so we

2595

01:31:17,270 --> 01:31:15,040

had this briefing

2596

01:31:19,669 --> 01:31:17,280

and it was basically

2597

01:31:20,709 --> 01:31:19,679

made fun of or something it was

2598

01:31:23,910 --> 01:31:20,719

how did that

2599

01:31:25,590 --> 01:31:23,920

and kevin day that actually knew

2600

01:31:28,709 --> 01:31:25,600

something was going on it was really

2601
01:31:30,790 --> 01:31:28,719
disappointing um kevin and i disagreed i

2602
01:31:33,030 --> 01:31:30,800
mean i i'm i'm saying this not as a

2603
01:31:34,550 --> 01:31:33,040
memory of of a strong memory of us

2604
01:31:36,390 --> 01:31:34,560
disagreeing but just saying that in

2605
01:31:39,030 --> 01:31:36,400
general at the time we disagreed because

2606
01:31:40,629 --> 01:31:39,040
i just went up well that's that's darpa

2607
01:31:43,350 --> 01:31:40,639
or something then

2608
01:31:45,430 --> 01:31:43,360
if we didn't care it must be ours and

2609
01:31:46,390 --> 01:31:45,440
kevin was like no way man i don't think

2610
01:31:49,270 --> 01:31:46,400
it was

2611
01:31:52,390 --> 01:31:49,280
different and i was

2612
01:31:55,110 --> 01:31:52,400
i was just as much into it as kevin was

2613
01:31:56,950 --> 01:31:55,120

but i was mad i just i was i was like we

2614

01:31:58,550 --> 01:31:56,960

really didn't care i was like what i

2615

01:32:00,629 --> 01:31:58,560

just saw on that gun camera footage

2616

01:32:02,229 --> 01:32:00,639

looks like it rivals all the stories we

2617

01:32:03,830 --> 01:32:02,239

heard about roswell this should change

2618

01:32:04,870 --> 01:32:03,840

the world

2619

01:32:08,790 --> 01:32:04,880

and

2620

01:32:10,870 --> 01:32:08,800

yeah probably not

2621

01:32:12,229 --> 01:32:10,880

and and that was it i mean i spent

2622

01:32:13,669 --> 01:32:12,239

another year and a half on that ship

2623

01:32:15,990 --> 01:32:13,679

after that

2624

01:32:17,590 --> 01:32:16,000

here really so here's another question

2625

01:32:19,990 --> 01:32:17,600

that i've asked people like kevin day

2626

01:32:21,990 --> 01:32:20,000

and all a lot of people i've had that

2627

01:32:23,110 --> 01:32:22,000

were on the nimitz have been on the show

2628

01:32:23,910 --> 01:32:23,120

and that is

2629

01:32:26,070 --> 01:32:23,920

uh

2630

01:32:27,270 --> 01:32:26,080

if they were seeing these things

2631

01:32:28,870 --> 01:32:27,280

happening

2632

01:32:30,390 --> 01:32:28,880

they and and

2633

01:32:32,790 --> 01:32:30,400

that it went to

2634

01:32:34,550 --> 01:32:32,800

and oh god i can't remember what it's

2635

01:32:36,629 --> 01:32:34,560

called

2636

01:32:38,790 --> 01:32:36,639

yes it went there which is

2637

01:32:41,350 --> 01:32:38,800

a huge mystery how it knew exactly where

2638

01:32:43,590 --> 01:32:41,360

that was

2639

01:32:46,629 --> 01:32:43,600

all this is happening why wasn't there

2640

01:32:48,790 --> 01:32:46,639

more investigation going on to what

2641

01:32:50,470 --> 01:32:48,800

these things were it seems to me wow

2642

01:32:52,149 --> 01:32:50,480

this is such a strange

2643

01:32:55,030 --> 01:32:52,159

technology

2644

01:32:56,550 --> 01:32:55,040

i don't under i've never understood

2645

01:32:58,950 --> 01:32:56,560

why

2646

01:33:01,030 --> 01:32:58,960

the jets weren't constantly sent out to

2647

01:33:03,910 --> 01:33:01,040

see what the heck is going on

2648

01:33:05,830 --> 01:33:03,920

i mean is it because the training

2649

01:33:09,189 --> 01:33:05,840

session has to be done just a certain

2650

01:33:13,030 --> 01:33:09,199

way and no matter what happens

2651
01:33:15,590 --> 01:33:13,040
or no because we did we did sortie jets

2652
01:33:17,270 --> 01:33:15,600
out to it so so the the fact that we had

2653
01:33:18,550 --> 01:33:17,280
a training exercise going on would

2654
01:33:19,990 --> 01:33:18,560
should not have let me put it this way

2655
01:33:21,910 --> 01:33:20,000
if there were a thousand of them go

2656
01:33:26,149 --> 01:33:21,920
headed towards san diego i sure as heck

2657
01:33:30,629 --> 01:33:27,990
but

2658
01:33:33,030 --> 01:33:30,639
this is where we get back to the stigma

2659
01:33:35,350 --> 01:33:33,040
and i want to say this because there's

2660
01:33:37,990 --> 01:33:35,360
there's an aspect of gaslighting

2661
01:33:39,590 --> 01:33:38,000
that that goes around the stigma

2662
01:33:42,629 --> 01:33:39,600
but i think in a lot of in a lot of

2663
01:33:45,350 --> 01:33:42,639

cases here what people see as as

2664

01:33:47,430 --> 01:33:45,360

purposeful and willful obfuscation by by

2665

01:33:49,110 --> 01:33:47,440

authority

2666

01:33:50,390 --> 01:33:49,120

you're dealing in a lot of cases with

2667

01:33:53,830 --> 01:33:50,400

people's own

2668

01:33:55,910 --> 01:33:53,840

ability to accept larger ideas

2669

01:33:58,070 --> 01:33:55,920

um people in leadership and we see it

2670

01:34:01,590 --> 01:33:58,080

going back to the 50s and 60s with the

2671

01:34:06,870 --> 01:34:04,229

their own cultural overlay their own

2672

01:34:09,750 --> 01:34:06,880

beliefs define as far as they can take

2673

01:34:11,750 --> 01:34:09,760

this subject i always call it um

2674

01:34:13,270 --> 01:34:11,760

taking an easy exit off the freeway to

2675

01:34:14,870 --> 01:34:13,280

me the freeway goes all the way to the

2676

01:34:16,390 --> 01:34:14,880

point where we can verify one of us

2677

01:34:18,550 --> 01:34:16,400

shook hands and we can tell where these

2678

01:34:19,510 --> 01:34:18,560

folks are from now and what they want

2679

01:34:21,270 --> 01:34:19,520

um

2680

01:34:23,750 --> 01:34:21,280

some people get off that freeway early

2681

01:34:25,270 --> 01:34:23,760

they say well to me this looks like ai

2682

01:34:26,470 --> 01:34:25,280

and i think i live in the matrix so i'm

2683

01:34:27,990 --> 01:34:26,480

going to get off the freeway here and

2684

01:34:30,070 --> 01:34:28,000

i'm going to camp over here and that's

2685

01:34:31,350 --> 01:34:30,080

what i'm going to talk about and work on

2686

01:34:32,709 --> 01:34:31,360

and other people are really interested

2687

01:34:34,510 --> 01:34:32,719

in consciousness and other people are

2688

01:34:36,390 --> 01:34:34,520

interested in in purely and

2689

01:34:37,669 --> 01:34:36,400

extraterrestrials from other physical

2690

01:34:39,750 --> 01:34:37,679

planets and other people that are

2691

01:34:41,590 --> 01:34:39,760

interested in multi-dimensional ideas in

2692

01:34:43,590 --> 01:34:41,600

the future and eschatology and all of

2693

01:34:48,229 --> 01:34:43,600

these things

2694

01:34:53,189 --> 01:34:50,629

and that's the most likely truth to it

2695

01:34:55,510 --> 01:34:53,199

there's probably some veneer of truth

2696

01:34:58,550 --> 01:34:55,520

underneath all of the nonsense

2697

01:35:03,189 --> 01:35:00,870

how do we own this together

2698

01:35:04,790 --> 01:35:03,199

there's so few we're not in a place yet

2699

01:35:06,790 --> 01:35:04,800

and i don't mean to sound negative but

2700

01:35:09,030 --> 01:35:06,800

we're not in a place yet where we can

2701

01:35:11,350 --> 01:35:09,040

where we all agree

2702

01:35:13,510 --> 01:35:11,360

that we're all human

2703

01:35:17,030 --> 01:35:13,520

or that we're all equal or that we

2704

01:35:18,870 --> 01:35:17,040

deserve the same equity and and equality

2705

01:35:20,550 --> 01:35:18,880

and so we're looking to something that

2706

01:35:22,070 --> 01:35:20,560

we feel is larger to us and we're

2707

01:35:24,470 --> 01:35:22,080

looking to others to answer those

2708

01:35:26,830 --> 01:35:24,480

questions but we don't face the big

2709

01:35:29,910 --> 01:35:26,840

questions in our own lives

2710

01:35:31,510 --> 01:35:29,920

and in general i think that keeps people

2711

01:35:33,109 --> 01:35:31,520

from getting to the end of the rainbow

2712

01:35:35,350 --> 01:35:33,119

where they need to get with this where

2713

01:35:36,790 --> 01:35:35,360

we can make true and real progress

2714

01:35:39,270 --> 01:35:36,800

because people are waiting to hear what

2715

01:35:40,629 --> 01:35:39,280

they want to hear as opposed to what it

2716

01:35:43,669 --> 01:35:40,639

is

2717

01:35:44,950 --> 01:35:43,679

yes yeah i i agree and

2718

01:35:46,550 --> 01:35:44,960

you know it's

2719

01:35:48,950 --> 01:35:46,560

i i think

2720

01:35:50,470 --> 01:35:48,960

as you just mentioned i think that's why

2721

01:35:53,510 --> 01:35:50,480

a number of people were a little bit

2722

01:35:55,750 --> 01:35:53,520

disappointed i mean just from the amount

2723

01:35:58,709 --> 01:35:55,760

i i don't know how many email i got

2724

01:36:00,149 --> 01:35:58,719

today i i have to go through them but

2725

01:36:01,030 --> 01:36:00,159

it was a lot

2726

01:36:07,030 --> 01:36:01,040

and

2727

01:36:08,629 --> 01:36:07,040

had time to to read them all but i just

2728

01:36:09,910 --> 01:36:08,639

haven't yet but there was there's

2729

01:36:11,109 --> 01:36:09,920

probably some really good points in it

2730

01:36:12,550 --> 01:36:11,119

because

2731

01:36:14,070 --> 01:36:12,560

you know you have all these different

2732

01:36:15,830 --> 01:36:14,080

eyes looking at what's going on and

2733

01:36:17,350 --> 01:36:15,840

everyone has a different take or

2734

01:36:19,030 --> 01:36:17,360

everyone's you know may see something

2735

01:36:22,070 --> 01:36:19,040

that someone else didn't

2736

01:36:24,870 --> 01:36:22,080

and uh you know which i think is is is

2737

01:36:27,109 --> 01:36:24,880

fascinating and it's been uh really you

2738

01:36:29,990 --> 01:36:27,119

know very interesting talking to you

2739

01:36:32,229 --> 01:36:30,000

today and because of your

2740

01:36:34,149 --> 01:36:32,239

uh you know inside knowledge of not

2741

01:36:35,270 --> 01:36:34,159

inside knowledge but experience of what

2742

01:36:36,229 --> 01:36:35,280

happened to you

2743

01:36:38,149 --> 01:36:36,239

and

2744

01:36:41,030 --> 01:36:38,159

i heard you say on this other interview

2745

01:36:42,870 --> 01:36:41,040

that i listened to that and i i would

2746

01:36:44,709 --> 01:36:42,880

not be afraid to talk about this at all

2747

01:36:46,709 --> 01:36:44,719

that you think it may muddy the waters a

2748

01:36:49,109 --> 01:36:46,719

little bit to talk about you've had

2749

01:36:51,910 --> 01:36:49,119

other experiences in your life

2750

01:36:53,750 --> 01:36:51,920

and uh this is a show about ufos you're

2751

01:36:55,030 --> 01:36:53,760

you're safe here safe here to talk about

2752

01:36:56,390 --> 01:36:55,040

it

2753

01:36:57,750 --> 01:36:56,400

i was going to say i'm not going to let

2754

01:37:00,709 --> 01:36:57,760

you down on this one because your show

2755

01:37:05,350 --> 01:37:00,719

is called podcast ufo anyways come on

2756

01:37:10,709 --> 01:37:06,870

well the intro

2757

01:37:12,950 --> 01:37:10,719

and uh and by the way the intro is uh

2758

01:37:15,669 --> 01:37:12,960

um

2759

01:37:18,390 --> 01:37:15,679

it was made someone sent that to me and

2760

01:37:20,790 --> 01:37:18,400

i am i am looking for another intro if

2761

01:37:22,390 --> 01:37:20,800

anyone does that type of work so i mean

2762

01:37:23,910 --> 01:37:22,400

i like that one a little bit i've

2763

01:37:26,149 --> 01:37:23,920

changed my tune a little bit i used to

2764

01:37:29,350 --> 01:37:26,159

be really hard on what i called nonsense

2765

01:37:30,629 --> 01:37:29,360

iconography and things like that but as

2766

01:37:33,109 --> 01:37:30,639

as we get

2767

01:37:34,550 --> 01:37:33,119

farther along i think it's okay because

2768

01:37:35,590 --> 01:37:34,560

things like that are okay i had a friend

2769

01:37:36,950 --> 01:37:35,600

of mine that was putting together an

2770

01:37:38,629 --> 01:37:36,960

intro for a video he was doing he said

2771

01:37:40,629 --> 01:37:38,639

do you think this is too much

2772

01:37:42,709 --> 01:37:40,639

and i said as long as we all understand

2773

01:37:44,870 --> 01:37:42,719

you're not presenting that as fact

2774

01:37:47,350 --> 01:37:44,880

you know as if you're trying to show

2775

01:37:48,790 --> 01:37:47,360

people a you know a baseline hey here's

2776

01:37:50,310 --> 01:37:48,800

what folks say they look like this is

2777

01:37:52,470 --> 01:37:50,320

just the intro to the show you know what

2778

01:37:54,070 --> 01:37:52,480

i mean like like cut him some slack so

2779

01:37:55,270 --> 01:37:54,080

i've i've kind of eased off on that a

2780

01:37:57,510 --> 01:37:55,280

little bit

2781

01:38:03,830 --> 01:37:57,520

um

2782

01:38:09,430 --> 01:38:06,229

i see some i see

2783

01:38:13,590 --> 01:38:11,189

i see a change coming down the road for

2784

01:38:15,910 --> 01:38:13,600

the way that that experiencers

2785

01:38:18,229 --> 01:38:15,920

i'm not a giant fan of that word but the

2786

01:38:20,390 --> 01:38:18,239

way that experiencers and witnesses

2787

01:38:22,790 --> 01:38:20,400

can come forth and share their stories

2788

01:38:23,910 --> 01:38:22,800

and and be taken seriously and be

2789

01:38:27,350 --> 01:38:23,920

listened to

2790

01:38:29,590 --> 01:38:27,360

and add add more information to the

2791

01:38:31,270 --> 01:38:29,600

observational pool because

2792

01:38:32,629 --> 01:38:31,280

honestly the first line is well what

2793

01:38:34,149 --> 01:38:32,639

what's our take away from these

2794

01:38:36,229 --> 01:38:34,159

experiences there's a lot of people that

2795

01:38:37,590 --> 01:38:36,239

are having these experiences and then

2796

01:38:38,790 --> 01:38:37,600

and then taking things away so i want to

2797

01:38:41,109 --> 01:38:38,800

say first of all i think that we're

2798

01:38:44,629 --> 01:38:41,119

seeing a more a more mature

2799

01:38:46,790 --> 01:38:44,639

ecosystem for all of us to come out but

2800

01:38:48,950 --> 01:38:46,800

let me get to it because this is a ufo

2801
01:38:50,709 --> 01:38:48,960
show and we should talk about ufos

2802
01:38:53,109 --> 01:38:50,719
um

2803
01:38:55,350 --> 01:38:53,119
with at the re at the risk of sounding

2804
01:38:57,669 --> 01:38:55,360
uh hyperbolic i've been i've been

2805
01:38:59,430 --> 01:38:57,679
experiencing what we call a phenomena in

2806
01:39:01,350 --> 01:38:59,440
one way shape or form for most of my

2807
01:39:04,870 --> 01:39:01,360
life

2808
01:39:09,109 --> 01:39:04,880
whether it was sightings in childhood

2809
01:39:12,149 --> 01:39:09,119
being at the 04 tic tac event

2810
01:39:14,149 --> 01:39:12,159
and things that have happened since then

2811
01:39:17,109 --> 01:39:14,159
uh it's been

2812
01:39:18,950 --> 01:39:17,119
a wide spectrum of things um i've

2813
01:39:21,189 --> 01:39:18,960

experienced the negative i've

2814

01:39:23,669 --> 01:39:21,199

experienced things that

2815

01:39:25,669 --> 01:39:23,679

seemed overwhelmingly positive

2816

01:39:27,510 --> 01:39:25,679

and things that seemed like it didn't

2817

01:39:27,950 --> 01:39:27,520

even know i existed

2818

01:39:29,590 --> 01:39:27,960

um

2819

01:39:32,629 --> 01:39:29,600

[Music]

2820

01:39:36,950 --> 01:39:32,639

i had a black triangle incident

2821

01:39:39,510 --> 01:39:36,960

here in san diego at here at my home

2822

01:39:41,669 --> 01:39:39,520

it was at least two thousand feet across

2823

01:39:43,270 --> 01:39:41,679

was moving incredibly slow it had no

2824

01:39:44,709 --> 01:39:43,280

lights

2825

01:39:47,270 --> 01:39:44,719

and i could

2826
01:39:50,070 --> 01:39:47,280
hear the wind whistling over it and then

2827
01:39:52,149 --> 01:39:50,080
i watched it go overhead and tip on its

2828
01:39:53,030 --> 01:39:52,159
side and move away at a velocity that

2829
01:39:54,790 --> 01:39:53,040
was

2830
01:39:55,910 --> 01:39:54,800
absolutely ridiculous and i have to tell

2831
01:39:58,470 --> 01:39:55,920
you that i live

2832
01:40:01,189 --> 01:39:58,480
a mile north of a helicopter base three

2833
01:40:02,470 --> 01:40:01,199
miles south of of socom

2834
01:40:04,310 --> 01:40:02,480
six miles away from the fleet

2835
01:40:05,830 --> 01:40:04,320
concentration center and i'm surrounded

2836
01:40:07,510 --> 01:40:05,840
by five airports three of them

2837
01:40:08,709 --> 01:40:07,520
international

2838
01:40:10,550 --> 01:40:08,719

i'm in one of the biggest flight

2839

01:40:12,229 --> 01:40:10,560

corridors in the world and i've got

2840

01:40:13,990 --> 01:40:12,239

three of them that come over my house so

2841

01:40:15,189 --> 01:40:14,000

every type of aircraft you can think of

2842

01:40:17,270 --> 01:40:15,199

i've seen it

2843

01:40:18,550 --> 01:40:17,280

i've guarded a b2

2844

01:40:20,229 --> 01:40:18,560

i've stood under them when they're

2845

01:40:21,590 --> 01:40:20,239

flying at low altitude and landing i

2846

01:40:22,790 --> 01:40:21,600

know exactly what they look like and

2847

01:40:24,310 --> 01:40:22,800

sound like

2848

01:40:27,590 --> 01:40:24,320

this was not a conventional aircraft

2849

01:40:29,109 --> 01:40:27,600

whatever it was it didn't work normal

2850

01:40:30,870 --> 01:40:29,119

um

2851

01:40:33,510 --> 01:40:30,880

as far as lights in the sky and

2852

01:40:35,189 --> 01:40:33,520

anomalous events even in and around the

2853

01:40:36,550 --> 01:40:35,199

house and the family we've experienced

2854

01:40:38,470 --> 01:40:36,560

those things too

2855

01:40:39,910 --> 01:40:38,480

now is this all in the san diego area

2856

01:40:43,510 --> 01:40:39,920

where you live

2857

01:40:44,470 --> 01:40:43,520

yeah i've been here since uh 1998.

2858

01:40:47,990 --> 01:40:44,480

yeah

2859

01:40:49,430 --> 01:40:48,000

and so the majority of those things

2860

01:40:51,669 --> 01:40:49,440

well no i wouldn't say the majority of

2861

01:40:53,270 --> 01:40:51,679

them were the triangle the tic tac and

2862

01:40:56,229 --> 01:40:53,280

and most of the things i've seen in the

2863

01:40:57,990 --> 01:40:56,239

last 20 years or so were here um

2864

01:41:00,550 --> 01:40:58,000

others were in northern california

2865

01:41:02,550 --> 01:41:00,560

around san francisco and in florida

2866

01:41:04,070 --> 01:41:02,560

um

2867

01:41:09,030 --> 01:41:04,080

it's

2868

01:41:11,189 --> 01:41:09,040

and i know this surprises a lot of

2869

01:41:13,030 --> 01:41:11,199

people when they find out

2870

01:41:14,310 --> 01:41:13,040

but i don't i've been seeing this stuff

2871

01:41:15,109 --> 01:41:14,320

my whole life and i don't know what it

2872

01:41:16,950 --> 01:41:15,119

is

2873

01:41:18,709 --> 01:41:16,960

and that's why i don't

2874

01:41:20,310 --> 01:41:18,719

that's why i'm not so heavy on turn into

2875

01:41:22,149 --> 01:41:20,320

the government going tell us what this

2876
01:41:23,350 --> 01:41:22,159
is because i think you can keep seeing

2877
01:41:24,310 --> 01:41:23,360
it

2878
01:41:26,390 --> 01:41:24,320
and not

2879
01:41:27,669 --> 01:41:26,400
know what it is and so

2880
01:41:29,109 --> 01:41:27,679
when there's people in the community

2881
01:41:30,950 --> 01:41:29,119
that come to me and they want to tell me

2882
01:41:33,910 --> 01:41:30,960
that they're from here here's their

2883
01:41:35,590 --> 01:41:33,920
message here's their mission

2884
01:41:37,910 --> 01:41:35,600
you know they get real specific with it

2885
01:41:38,870 --> 01:41:37,920
i'm not having that experience

2886
01:41:42,229 --> 01:41:38,880
um

2887
01:41:44,390 --> 01:41:42,239
i have never met an alien that i can say

2888
01:41:47,510 --> 01:41:44,400

or spoken to one now i have really

2889

01:41:50,149 --> 01:41:47,520

interesting memories

2890

01:41:53,109 --> 01:41:50,159

of events but for me those events are

2891

01:41:54,550 --> 01:41:53,119

always punctuated by a sleep period

2892

01:42:01,030 --> 01:41:54,560

so

2893

01:42:02,870 --> 01:42:01,040

as an experience

2894

01:42:04,390 --> 01:42:02,880

um i'm still not exactly sure what i'm

2895

01:42:05,830 --> 01:42:04,400

looking at and i mean since we already

2896

01:42:07,350 --> 01:42:05,840

went there with the marvel universe

2897

01:42:09,189 --> 01:42:07,360

stuff

2898

01:42:11,030 --> 01:42:09,199

you know the doctor strange flick just

2899

01:42:13,990 --> 01:42:11,040

came out could i be dreaming another

2900

01:42:15,030 --> 01:42:14,000

sean who's cooler somewhere else maybe

2901
01:42:17,030 --> 01:42:15,040
um

2902
01:42:19,430 --> 01:42:17,040
and i have to accept that i

2903
01:42:21,430 --> 01:42:19,440
don't know that i was away

2904
01:42:22,629 --> 01:42:21,440
with with the aliens last night doing

2905
01:42:24,310 --> 01:42:22,639
cool stuff

2906
01:42:25,510 --> 01:42:24,320
um that might have been a different me

2907
01:42:26,790 --> 01:42:25,520
somewhere and i still got to get up in

2908
01:42:29,109 --> 01:42:26,800
the morning do the dishes and clean up

2909
01:42:31,590 --> 01:42:29,119
the dog mess so

2910
01:42:33,510 --> 01:42:31,600
i really don't know um and i'm not

2911
01:42:35,030 --> 01:42:33,520
discounting anybody else's experience

2912
01:42:36,790 --> 01:42:35,040
somebody who wakes up and has physical

2913
01:42:38,229 --> 01:42:36,800

marks and has trauma and things like

2914

01:42:40,709 --> 01:42:38,239

that i'm just saying that's not my

2915

01:42:43,189 --> 01:42:40,719

experience so

2916

01:42:44,229 --> 01:42:43,199

i know there's something going on

2917

01:42:46,709 --> 01:42:44,239

um

2918

01:42:48,390 --> 01:42:46,719

i even went to therapy

2919

01:42:51,109 --> 01:42:48,400

after i retired i had a hard time taking

2920

01:42:53,030 --> 01:42:51,119

my uniform off there was a uh

2921

01:42:54,870 --> 01:42:53,040

i i left something

2922

01:42:56,790 --> 01:42:54,880

in that uniform and it was my courage

2923

01:42:58,310 --> 01:42:56,800

and my wherewithal and my you know my

2924

01:42:59,189 --> 01:42:58,320

get up and go and i had to figure that

2925

01:43:02,310 --> 01:42:59,199

out

2926

01:43:03,590 --> 01:43:02,320

but that happened in the middle of me

2927

01:43:06,229 --> 01:43:03,600

meeting lou

2928

01:43:07,590 --> 01:43:06,239

and getting involved with this and so

2929

01:43:09,750 --> 01:43:07,600

i was lucky enough to have an

2930

01:43:11,109 --> 01:43:09,760

open-minded therapist who's kind of a

2931

01:43:12,629 --> 01:43:11,119

hippie but she helped me through all

2932

01:43:14,070 --> 01:43:12,639

this and she's like

2933

01:43:15,910 --> 01:43:14,080

is it you know how much does it bother

2934

01:43:17,990 --> 01:43:15,920

you how much does it scare you is it and

2935

01:43:18,709 --> 01:43:18,000

she helped me realize that you're having

2936

01:43:27,430 --> 01:43:18,719

an

2937

01:43:30,790 --> 01:43:27,440

i decided at that point not to let it

2938

01:43:33,189 --> 01:43:30,800

drive me batty anymore um i decided not

2939

01:43:34,950 --> 01:43:33,199

to be scared of it anymore i decided for

2940

01:43:36,709 --> 01:43:34,960

a while there i was i mean it's gonna

2941

01:43:37,990 --> 01:43:36,719

sound silly as a guy who was a cop but i

2942

01:43:40,310 --> 01:43:38,000

was walking around with at least a

2943

01:43:41,750 --> 01:43:40,320

pocket knife for a while and i

2944

01:43:43,510 --> 01:43:41,760

my wife asked me one day she's like who

2945

01:43:45,510 --> 01:43:43,520

are you gonna stab

2946

01:43:47,030 --> 01:43:45,520

a little a little gray dude you know

2947

01:43:48,550 --> 01:43:47,040

like is that like

2948

01:43:50,070 --> 01:43:48,560

like what are you gonna do i was like

2949

01:43:52,950 --> 01:43:50,080

you're right you're right what am i

2950

01:43:56,229 --> 01:43:52,960

doing here i'm like i'm just afraid

2951

01:43:59,270 --> 01:43:57,750

without people are going to probably

2952

01:44:01,669 --> 01:43:59,280

want me to talk about this more but when

2953

01:44:04,229 --> 01:44:01,679

i stop being afraid scary stuff stop

2954

01:44:04,239 --> 01:44:07,750

so

2955

01:44:11,109 --> 01:44:09,510

what do you do with that you know i know

2956

01:44:12,310 --> 01:44:11,119

we all have i of cour i could talk for

2957

01:44:13,830 --> 01:44:12,320

an hour with you on a different show

2958

01:44:15,990 --> 01:44:13,840

about frequency and vibration and

2959

01:44:17,430 --> 01:44:16,000

meditation and fear and all that stuff

2960

01:44:19,350 --> 01:44:17,440

but since we're being kind of you know

2961

01:44:21,750 --> 01:44:19,360

general in this and talking on a day

2962

01:44:23,430 --> 01:44:21,760

that was that was very pragmatic i don't

2963

01:44:25,590 --> 01:44:23,440

want to go go too

2964

01:44:28,310 --> 01:44:25,600

into the weird but

2965

01:44:30,229 --> 01:44:28,320

there's a lot to this there's it's not

2966

01:44:32,149 --> 01:44:30,239

just

2967

01:44:33,830 --> 01:44:32,159

vehicles in the sky from somewhere else

2968

01:44:36,070 --> 01:44:33,840

with cool dudes in it

2969

01:44:38,310 --> 01:44:36,080

there's aspects of psychotronics there's

2970

01:44:41,669 --> 01:44:38,320

aspects of non-linguistic programming

2971

01:44:45,270 --> 01:44:41,679

there's aspects of of control

2972

01:44:47,030 --> 01:44:45,280

around this subject that are frightening

2973

01:44:48,950 --> 01:44:47,040

and no those aren't ready for the hill

2974

01:44:50,870 --> 01:44:48,960

today you don't start with those you

2975

01:44:53,030 --> 01:44:50,880

know um but we're gonna have to get

2976

01:44:55,430 --> 01:44:53,040

there someday

2977

01:44:56,709 --> 01:44:55,440

have you ever have you ever this is

2978

01:44:58,950 --> 01:44:56,719

fascinating

2979

01:45:00,629 --> 01:44:58,960

have you ever looked into or heard about

2980

01:45:03,750 --> 01:45:00,639

the ariel

2981

01:45:06,070 --> 01:45:03,760

school incident i have um

2982

01:45:08,870 --> 01:45:06,080

i i have actually kind of

2983

01:45:09,990 --> 01:45:08,880

kept the aerial incident over here as if

2984

01:45:11,830 --> 01:45:10,000

it's a

2985

01:45:13,750 --> 01:45:11,840

a prize that i don't want to know

2986

01:45:15,189 --> 01:45:13,760

everything about because i enjoy it so

2987

01:45:17,109 --> 01:45:15,199

much you know what i mean like sometimes

2988

01:45:20,070 --> 01:45:17,119

you you really dig into it and it loses

2989

01:45:21,830 --> 01:45:20,080

all it loses its gloss it's still

2990

01:45:24,149 --> 01:45:21,840

something i want to know more about that

2991

01:45:25,109 --> 01:45:24,159

i want to hear more from the witnesses

2992

01:45:27,430 --> 01:45:25,119

um

2993

01:45:30,470 --> 01:45:27,440

well the the aerial phenomenon is coming

2994

01:45:32,790 --> 01:45:30,480

out may 20th it's on it's on my website

2995

01:45:35,910 --> 01:45:32,800

and i i got to watch the screener on it

2996

01:45:38,950 --> 01:45:35,920

and it is my favorite movie on this

2997

01:45:41,990 --> 01:45:38,960

topic really it's really really good

2998

01:45:43,910 --> 01:45:42,000

because it it's uh it shows john mack

2999

01:45:44,950 --> 01:45:43,920

did a wonderful job interviewing these

3000

01:45:46,629 --> 01:45:44,960

children

3001

01:45:49,669 --> 01:45:46,639

really wonderful job he was stellar at

3002

01:45:51,750 --> 01:45:49,679

what he did and got so much information

3003

01:45:54,790 --> 01:45:51,760

out of them at the right time

3004

01:45:56,550 --> 01:45:54,800

and then it follows them 20 years later

3005

01:46:00,229 --> 01:45:56,560

when they're in their 20s

3006

01:46:01,590 --> 01:46:00,239

and what that how it impacted their life

3007

01:46:02,390 --> 01:46:01,600

and uh

3008

01:46:03,270 --> 01:46:02,400

and

3009

01:46:07,750 --> 01:46:03,280

it's

3010

01:46:10,149 --> 01:46:07,760

great great

3011

01:46:10,870 --> 01:46:10,159

video i i suggest anyone listening to

3012

01:46:11,750 --> 01:46:10,880

this

3013

01:46:16,149 --> 01:46:11,760

um

3014

01:46:17,430 --> 01:46:16,159

yeah that's that's incredible and and

3015

01:46:19,590 --> 01:46:17,440

what i was getting at when i first

3016

01:46:21,270 --> 01:46:19,600

brought it up was um

3017

01:46:24,310 --> 01:46:21,280

you know there's there's talk about

3018

01:46:26,229 --> 01:46:24,320

telepathic you talked about non-verbal

3019

01:46:28,310 --> 01:46:26,239

communication or something like that and

3020

01:46:30,149 --> 01:46:28,320

i think that's kind of what you meant

3021

01:46:32,149 --> 01:46:30,159

which is all all fascinating and i

3022

01:46:33,430 --> 01:46:32,159

remember asking

3023

01:46:35,750 --> 01:46:33,440

um

3024

01:46:37,350 --> 01:46:35,760

i remember asking emily trim who was one

3025

01:46:40,550 --> 01:46:37,360

of the people in that

3026

01:46:41,990 --> 01:46:40,560

um what what was it like what was it

3027

01:46:44,470 --> 01:46:42,000

like for her

3028

01:46:47,109 --> 01:46:44,480

and she said it was like sending a link

3029

01:46:48,149 --> 01:46:47,119

a neural link like she could see like

3030

01:46:49,669 --> 01:46:48,159

pictures

3031

01:46:51,590 --> 01:46:49,679

that type of thing and that's how she

3032

01:46:52,950 --> 01:46:51,600

got the communication

3033

01:46:55,750 --> 01:46:52,960

which wasn't

3034

01:46:57,830 --> 01:46:55,760

all that good because it was about um

3035

01:46:59,990 --> 01:46:57,840

we're destroying our planet

3036

01:47:01,750 --> 01:47:00,000

not exactly how to

3037

01:47:03,910 --> 01:47:01,760

um

3038

01:47:05,990 --> 01:47:03,920

do anything to fix it but just the fact

3039

01:47:08,470 --> 01:47:06,000

that we are

3040

01:47:10,790 --> 01:47:08,480

you know and this is 1994.

3041

01:47:13,109 --> 01:47:10,800

yeah still we're still doing it

3042

01:47:14,790 --> 01:47:13,119

i find it fascinating because it's i

3043

01:47:18,790 --> 01:47:14,800

think there's something about the

3044

01:47:21,030 --> 01:47:18,800

phenomenon especially in these more um

3045

01:47:22,629 --> 01:47:21,040

famous or impactful or or perhaps

3046

01:47:24,070 --> 01:47:22,639

understandable cases the ones where we

3047

01:47:25,669 --> 01:47:24,080

can at least see something we think we

3048

01:47:26,790 --> 01:47:25,679

recognize

3049

01:47:28,310 --> 01:47:26,800

um

3050

01:47:29,590 --> 01:47:28,320

there's a lot of personal choice it

3051

01:47:31,510 --> 01:47:29,600

seems to be

3052

01:47:34,149 --> 01:47:31,520

and i have to say that i've had people

3053

01:47:35,430 --> 01:47:34,159

try to paint my experience in because of

3054

01:47:36,870 --> 01:47:35,440

who i am now

3055

01:47:38,550 --> 01:47:36,880

because of the way that i present myself

3056

01:47:41,510 --> 01:47:38,560

they make an assumption that i had a

3057

01:47:44,149 --> 01:47:41,520

spiritual awakening in 2004 and i didn't

3058

01:47:46,870 --> 01:47:44,159

um this step the the

3059

01:47:48,629 --> 01:47:46,880

the tic tac st stepped on the air supply

3060

01:47:52,149 --> 01:47:48,639

of my spirituality

3061

01:47:55,270 --> 01:47:52,159

um me seeing it as a as a possible

3062

01:47:57,990 --> 01:47:55,280

government program or darpa or our tech

3063

01:48:00,390 --> 01:47:58,000

and the way we reacted kind of popped my

3064

01:48:02,070 --> 01:48:00,400

my mystical bubble at the time and i had

3065

01:48:04,870 --> 01:48:02,080

it i was done

3066

01:48:06,070 --> 01:48:04,880

um i wasn't gonna wonder and dream and

3067

01:48:08,629 --> 01:48:06,080

look up and

3068

01:48:10,870 --> 01:48:08,639

and think anymore and in fact

3069

01:48:12,470 --> 01:48:10,880

uh being completely honest my daughter

3070

01:48:13,990 --> 01:48:12,480

suffered over the years because that was

3071

01:48:15,990 --> 01:48:14,000

during the harry potter craze and i was

3072

01:48:18,470 --> 01:48:16,000

like harry potter's nonsense there's no

3073

01:48:20,070 --> 01:48:18,480

magic um it's really i'm really sad

3074

01:48:21,350 --> 01:48:20,080

about it looking back because i feel i

3075

01:48:24,470 --> 01:48:21,360

told her i said i feel like i stole

3076

01:48:26,470 --> 01:48:24,480

something from your childhood by not

3077

01:48:28,550 --> 01:48:26,480

being there with you for that stuff

3078

01:48:30,550 --> 01:48:28,560

and what made you what made you more or

3079

01:48:33,990 --> 01:48:30,560

less bitter about it was the fact that

3080

01:48:36,070 --> 01:48:34,000

it was like being made little of

3081

01:48:37,669 --> 01:48:36,080

i've learned about myself over the years

3082

01:48:39,750 --> 01:48:37,679

that i don't like i don't like being

3083

01:48:41,750 --> 01:48:39,760

told we're having ice cream after dinner

3084

01:48:44,229 --> 01:48:41,760

and then we're having pie i get really

3085

01:48:46,550 --> 01:48:44,239

angry i'm not happy with the pie i want

3086

01:48:48,470 --> 01:48:46,560

anything you said that i was gonna have

3087

01:48:50,070 --> 01:48:48,480

and so i know that looking back i think

3088

01:48:51,430 --> 01:48:50,080

what happened was i got my hopes up

3089

01:48:53,830 --> 01:48:51,440

really really big and then nothing

3090

01:48:55,109 --> 01:48:53,840

happened and so i stumped i took my ball

3091

01:48:57,270 --> 01:48:55,119

and went home

3092

01:48:59,590 --> 01:48:57,280

um in a lot of ways

3093

01:49:01,750 --> 01:48:59,600

and that almost killed me i mean that

3094

01:49:03,189 --> 01:49:01,760

that paradigm shift in my thinking led

3095

01:49:05,350 --> 01:49:03,199

to my heart attack

3096

01:49:06,390 --> 01:49:05,360

at 37 a few years later

3097

01:49:07,270 --> 01:49:06,400

geez

3098

01:49:08,310 --> 01:49:07,280

and

3099

01:49:10,550 --> 01:49:08,320

that

3100

01:49:13,510 --> 01:49:10,560

material look at the you know i became a

3101

01:49:16,310 --> 01:49:13,520

materialist very quickly

3102

01:49:19,430 --> 01:49:16,320

and it was bad it was bad news um since

3103

01:49:21,990 --> 01:49:19,440

then no i'm in my private life i'm i'm

3104

01:49:24,790 --> 01:49:22,000

the woo-woo guy over in the corner

3105

01:49:26,709 --> 01:49:24,800

um i'm the hippie wearing probably only

3106

01:49:28,550 --> 01:49:26,719

a pair of shorts or a sarong or

3107

01:49:30,310 --> 01:49:28,560

something like that

3108

01:49:35,109 --> 01:49:30,320

but

3109

01:49:36,870 --> 01:49:35,119

this is the most fascinating subject and

3110

01:49:38,390 --> 01:49:36,880

spectrum of ideas that i've encountered

3111

01:49:40,870 --> 01:49:38,400

in my entire life

3112

01:49:44,229 --> 01:49:40,880

yeah and i i feel very fortunate to have

3113

01:49:45,910 --> 01:49:44,239

had almost every flavor of it so far up

3114

01:49:48,390 --> 01:49:45,920

into this point and i don't know that if

3115

01:49:49,990 --> 01:49:48,400

i i could be here with my thoughts and

3116

01:49:52,070 --> 01:49:50,000

feelings

3117

01:49:53,910 --> 01:49:52,080

etc as i am

3118

01:49:56,070 --> 01:49:53,920

if not for having experienced the bad

3119

01:49:59,030 --> 01:49:56,080

and the good

3120

01:50:01,109 --> 01:49:59,040

yeah yeah you gotta you gotta experience

3121

01:50:04,470 --> 01:50:01,119

it all to understand

3122

01:50:07,350 --> 01:50:04,480

the the polar opposites really yeah yeah

3123

01:50:09,669 --> 01:50:07,360

well i i gotta tell you this has been um

3124

01:50:12,310 --> 01:50:09,679

we only have a couple minutes left but

3125

01:50:13,830 --> 01:50:12,320

uh you're an amazing guest and i just

3126
01:50:14,870 --> 01:50:13,840
want to say that

3127
01:50:24,550 --> 01:50:14,880
you're

3128
01:50:26,149 --> 01:50:24,560
to you ask really good questions i love

3129
01:50:27,990 --> 01:50:26,159
watching your show i can't i couldn't

3130
01:50:29,430 --> 01:50:28,000
commit to every week but i would love to

3131
01:50:30,709 --> 01:50:29,440
come back and talk to you again most

3132
01:50:33,910 --> 01:50:30,719
definitely it was really a pleasure to

3133
01:50:35,589 --> 01:50:33,920
speak to you great great and um so what

3134
01:50:37,910 --> 01:50:35,599
where do you think uh like i said we got

3135
01:50:39,910 --> 01:50:37,920
we got about three minutes so yeah what

3136
01:50:41,189 --> 01:50:39,920
do you think um

3137
01:50:42,470 --> 01:50:41,199
what do you think you're going to be

3138
01:50:44,629 --> 01:50:42,480

doing in the future when it comes to

3139

01:50:47,430 --> 01:50:44,639

this topic

3140

01:50:49,669 --> 01:50:47,440

well we um we decided to to dissolve the

3141

01:50:52,790 --> 01:50:49,679

llc of our business uh we had considered

3142

01:50:54,390 --> 01:50:52,800

for for a period of time um entering

3143

01:50:55,669 --> 01:50:54,400

into the the you know the business

3144

01:50:57,350 --> 01:50:55,679

portion of this

3145

01:51:01,030 --> 01:50:57,360

because let's be real you can only get

3146

01:51:02,470 --> 01:51:01,040

so far um you know being pro bono

3147

01:51:04,070 --> 01:51:02,480

um

3148

01:51:06,550 --> 01:51:04,080

but with the dissolving of the business

3149

01:51:09,510 --> 01:51:06,560

i've decided that i'm just going to kind

3150

01:51:11,510 --> 01:51:09,520

of wing it um i've got a few

3151

01:51:12,870 --> 01:51:11,520

irons in the fire as people like to say

3152

01:51:15,109 --> 01:51:12,880

as far as helping communicate this

3153

01:51:16,709 --> 01:51:15,119

subject in a different manner i've been

3154

01:51:18,550 --> 01:51:16,719

approached by um

3155

01:51:20,149 --> 01:51:18,560

after now after a couple of years that

3156

01:51:21,350 --> 01:51:20,159

some there have been some offers come in

3157

01:51:23,669 --> 01:51:21,360

that look like they would be very

3158

01:51:25,589 --> 01:51:23,679

helpful to the community not just

3159

01:51:26,709 --> 01:51:25,599

helpful to me and my family

3160

01:51:28,950 --> 01:51:26,719

um

3161

01:51:30,470 --> 01:51:28,960

may i make a suggestion yes i would love

3162

01:51:32,550 --> 01:51:30,480

to make a suggestion

3163

01:51:33,669 --> 01:51:32,560

to you um are you familiar with stanton

3164

01:51:36,550 --> 01:51:33,679

friedman

3165

01:51:39,270 --> 01:51:36,560

i am yes now stan freeman went around

3166

01:51:42,310 --> 01:51:39,280

all these colleges and places like that

3167

01:51:44,229 --> 01:51:42,320

and and spoke about this topic i think

3168

01:51:47,189 --> 01:51:44,239

you would be perfect at that

3169

01:51:48,870 --> 01:51:47,199

thank you thank you very much and um i

3170

01:51:50,149 --> 01:51:48,880

just think you would the way you present

3171

01:51:53,350 --> 01:51:50,159

yourself

3172

01:51:54,390 --> 01:51:53,360

your authenticity the whole deal

3173

01:51:57,030 --> 01:51:54,400

um

3174

01:51:58,629 --> 01:51:57,040

it would really be great but uh

3175

01:51:59,750 --> 01:51:58,639

uh and someone just wrote thank you for

3176

01:52:02,149 --> 01:51:59,760

your service

3177

01:52:04,149 --> 01:52:02,159

yes thank you oh that was my pleasure

3178

01:52:05,270 --> 01:52:04,159

that and and i i appreciate it when

3179

01:52:07,030 --> 01:52:05,280

people thank me for that but i

3180

01:52:08,629 --> 01:52:07,040

volunteered each time and that that was

3181

01:52:10,550 --> 01:52:08,639

it was my pleasure to serve alongside

3182

01:52:12,550 --> 01:52:10,560

the folks that i did so it was not a

3183

01:52:14,149 --> 01:52:12,560

sacrifice to it was a sacrifice for my

3184

01:52:17,589 --> 01:52:14,159

family but for me it was a pleasure for

3185

01:52:19,109 --> 01:52:17,599

20 years wow sean where can someone

3186

01:52:22,229 --> 01:52:19,119

reach you do you want people to reach

3187

01:52:25,350 --> 01:52:24,629

that's a tough question um i've beco

3188

01:52:30,870 --> 01:52:25,360

i've

3189

01:52:32,229 --> 01:52:30,880

unless i was in trouble um and so at

3190

01:52:34,550 --> 01:52:32,239

this moment

3191

01:52:36,870 --> 01:52:34,560

i i'm on about a three-day turnaround to

3192

01:52:38,709 --> 01:52:36,880

even answer friends and family um

3193

01:52:40,390 --> 01:52:38,719

because i'm so overwhelmed but i do want

3194

01:52:42,950 --> 01:52:40,400

people to reach out they can find me at

3195

01:52:45,189 --> 01:52:42,960

um at mintyhyperspace.com i have some of

3196

01:52:47,189 --> 01:52:45,199

my older interviews archived there some

3197

01:52:50,229 --> 01:52:47,199

articles and other things but they can

3198

01:52:52,950 --> 01:52:50,239

write me directly at [minty hyperspace](http://mintyhyperspace.com)

3199

01:52:54,390 --> 01:52:52,960

[gmail.com](mailto:) and that's two words minty and

3200

01:52:57,109 --> 01:52:54,400

[hyperspace](http://)

3201

01:52:58,790 --> 01:52:57,119

uh in case i i muddled it up but i would

3202

01:53:00,629 --> 01:52:58,800

i would love for people to reach out to

3203

01:53:03,270 --> 01:53:00,639

me if i'm slow turning around i try to

3204

01:53:04,550 --> 01:53:03,280

answer everybody i don't get to

3205

01:53:06,629 --> 01:53:04,560

um

3206

01:53:07,910 --> 01:53:06,639

but it's been incredible the last three

3207

01:53:09,589 --> 01:53:07,920

years the amount of support that we've

3208

01:53:10,870 --> 01:53:09,599

gotten has been incredibly overwhelming

3209

01:53:17,270 --> 01:53:10,880

i've never

3210

01:53:19,750 --> 01:53:17,280

and support in in any way in my life and

3211

01:53:21,990 --> 01:53:19,760

between you and me we may spend time

3212

01:53:23,990 --> 01:53:22,000

complaining about the trolls and and

3213

01:53:25,750 --> 01:53:24,000

those who want to you know

3214

01:53:27,430 --> 01:53:25,760

jump from detail to detail hoping to

3215

01:53:29,189 --> 01:53:27,440

make a name for themselves but the fact

3216

01:53:31,270 --> 01:53:29,199

is is the community has been

3217

01:53:33,589 --> 01:53:31,280

overwhelmingly supportive

3218

01:53:35,189 --> 01:53:33,599

and i i have not been able to find a way

3219

01:53:36,390 --> 01:53:35,199

to say thanks properly for the amount of

3220

01:53:38,310 --> 01:53:36,400

support we've got

3221

01:53:41,030 --> 01:53:38,320

well you just did tonight

3222

01:53:42,790 --> 01:53:41,040

so thank you so much sean it's been my

3223

01:53:44,550 --> 01:53:42,800

absolute pleasure to talk to you thank

3224

01:53:45,910 --> 01:53:44,560

you martin it was very very cool all

3225

01:53:47,510 --> 01:53:45,920

right take care

3226

01:53:50,070 --> 01:53:47,520

all right everyone so we'll be back next

3227

01:53:52,390 --> 01:53:50,080

week with mario woods and i think he had

3228

01:53:56,390 --> 01:53:52,400

to do with rendelsham forest um thank

3229

01:53:58,790 --> 01:53:56,400

you so much for uh staying tuned tonight

3230

01:54:01,640 --> 01:53:58,800

and remember to keep your eyes to the

3231

01:54:10,770 --> 01:54:01,650

sky
